128 RICHARD REEDAL, Pharmacist/Chair, Legislative Committee, Oregon Hospice
Association: Speaking IN SUPPORT OF SB 1112.

134 KENNEMER: Comments about his amendments to SB 671 and how he considers
it to be a companion bill to SB 1112.

139 DUKES: My office is looking at what's being done in a number of other
states. This is an issue that's getting a lot of conversation today.

149 CHAIR BUNN: I'd like to express, as Chair of this committee, that this
is an area that I'm definitely interested in seeing our committee doing
something on and I guess that would be a signal to all of the parties,
those opposed as well as in favor, to do collaborative work to see if we
can come to some kind of consensus on this legislation.

154 ART WILKINSON, Committee Administrator: Asks Dukes to comment about -3
Amendments.

158 DUKES: Outlines the -3 Amendments.

175 WILKINSON: Hands out written testimony of Leigh Dolin, Oregon Medical

Systems: Speaking IN OPPOSITION TO SB 1090. [EXHIBIT L]

263 CHAIR BUNN: Closes PUBLIC HEARING on SB 1090

Opens PUBLIC HEARING on SB 993

274 KEITH PUTMAN: Outlines SB 993 on behalf of Senator Hamby, the bill's chief sponsor.

303 CHAIR BUNN: This is a bill that has to go to Ways and Means, and it would be my thought, depending on the committee's disposition, that we move it to Ways and Means after today's hearing on it.

313 STEVE MINNICH, Adult and Family Services: Speaking IN OPPOSITION TO SB 993. We have spoken with Senator Hamby about this bill, and after that conversation our hope is that what we see as the worthwhile parts of SB 993

can be incorporated as amendments into Chair Bunn's bill, SB 1117. I have informed Senator Hamby of this, and she is aware of our opposition at this time to SB 993.

333 CHAIR BUNN: In view of those comments, I think that it's a good idea to do a bit more work on this bill.

339 MCCOY: Question to Minnich: What are the areas of this bill that are of concern to you?

340 MINNICH: I think the proposition that we brought forward in the Oregon Options is a much more timely proposition. As you can see in Section 1, these are almost one-sentence descriptions of things that are asked of us to begin working on. I think we've gone past this stage in both SB 1117 and

in the Oregon Options. To set us back on the task to keep doing that again is really a redundancy.

352 MCCOY: And in Section 2?

353 MINNICH: We already have several advisory boards in Adult & Family Services. This, I think, is designed in anticipation of redesigning the welfare system if the Congress would block grant it. There's another section here that says the Governor would call a special session. I don't think we know enough yet about the block grant to commit to a special session in law. The Governor and the leadership can always call that session if it's complicated enough, but I really believe we're far enough along on this redesign to accommodate a new welfare system.

303 DIBBLEE: No, I am a clinically certified Perfusionist (CCP), which is a national designation. (Continues testimony.)

326 KENNEMER: How many Perfusionists do you think there are in the state?

327 DIBBLEE: There are thirty-six.

331 KENNEMER: Are they mostly nationally certified already?

332 DIBBLEE: For the most part, they are. I'm not sure of the exact figures.

338 DAVID GERMAN, Perfusionist, Cardiovascular Surgical Associates, P.C.: Speaking IN OPPOSITION TO SB 713. [EXHIBIT U]

389 KENNEMER: Who is responsible if you make an error?

390 GERMAN: Ultimately, the operating cardiac surgeon.

399 MCCOY: What is going to cause the increase in costs?

400 GERMAN: In the future, we would have to hire separate people to be Physician's Assistants and Perfusionists. Now, we use people who are both Physician's Assistants and Perfusionists. We would be paying extra salaries.

TAPE 63, B

483 DANA GRAY, Licensed Physician's Assistant/Perfusionist: Speaking IN SUPPORT OF SB 713.

505 CHAIR BUNN: It's my understanding that you'll be bringing back some compromise language to us in a few days. (Gray responds affirmatively.)

566 JOHN SATTENSPIEL, Oregon Academy of Family Physicians: Speaking IN OPPOSITION TO SB 1028. [EXHIBIT X]

599 CHAIR BUNN leaves temporarily to testify before another committee; SEN.

MCCOY will Chair the committee until his return.

616 KENNEMER: Would your organization support SB 814?

617 SATTENSPIEL: We have discussed that, and our organization is neither supportive of that nor opposed to it. We feel that's an economic issue that's between the patients and their insurers. We don't have a position on SB 814.

710 DR. MICHAEL COLLINS, American College of Obstetricians and Gynecologists: Speaking IN SUPPORT OF SB 1028. [EXHIBIT Y]

747 DR. PAUL KIRK, Oregon Health Sciences University: Speaking IN SUPPORT OF SB 1028.

793 KENNEMER: If I understood your remarks, you said that the bill would require gynecologists and obstetricians to be competent as family practice physicians. Unless I've missed it, I see nothing in the bill that requires that. I see simply an indication that, for insurance purposes, you are reimbursable as primary care physicians.

802 KIRK: The purpose of the bill is to require that physicians working for managed care organizations are given the opportunity to work as primary care physicians in addition to their specialty.

262 STATE SENATOR RANDY LEONARD, Dist. #9: Speaking IN SUPPORT OF SB 937.

339 KENNEMER: One of the things that was helpful to me in understanding some of the conflict that's gone on, is that there was testimony, and this may be where the correction needs to be, that the statutes are not specific as to whether or not the complaint must be job-related. So, there may need to be some refining in terms of the statutes if you want to create a more narrow window, because as I understand it, the level of inquiry is appropriate given the statutory authority.

350 LEONARD: Responds.

397 CHAIR BUNN: Calls last witness.

TAPE 65, B

477 LARRY BLUMENSTEIN, Fire Fighter/Past President, Oregon Fire Medical Administrators Association: Speaking IN OPPOSITION TO SB 937. [EXHIBIT KK]

530 CHAIR BUNN: Let me suggest a direction that I think is fruitful in dealing with this particular piece of legislation. First, I think that there has been a very positive contribution made by all of those who have testified today. The clear and concise statements were helpful. This bill has the sponsorship of two very highly respected members of this committee.

That makes it clear that any one of the other three members in support of this bill, passes the bill. That should not be lost on anyone. I'm going to

suggest that Senator Leonard work with the Health Division and attempt to have a dialogue, and see if we're able to move something that might satisfy

this situation, perhaps short of a bill. (Senator Leonard and the representatives from the Health Division agree to this.) Please attempt to do that over the next week or week and a half, and get a report back to me.

WRITTEN TESTIMONY OF SHEILA EARLY (LANE COMMUNITY COLLEGE) IN OPPOSITION TO SB 937: [EXHIBIT LL]

565 Calls brief recess.

565 Re-convenes at 7:16 P.M.

566 KEITH PUTMAN: Addresses the committee re: SB 1115. Hands out proposed amendments [EXHIBIT MM] and Memo from Lewis Littlehales of DCBS [EXHIBIT NN].

TAPE WAS NOT RUNNING FOR APPROXIMATELY FIVE MINUTES DUE TO TECHNICAL DIFFICULTY.

656 PUTMAN: Continues comments.

672 KENNEMER leaves (7:27 P.M.)

679 CHAIR BUNN: Asks Gerry Thompson to come forward in case the committee needs to ask her questions. Putman asks Lisa Joyce to come forward.

KENNEMER returns.

708 PUTMAN: Continues comments.

826 CHAIR BUNN: Which amendments do we need to adopt?

827 PUTMAN: I think you need to adopt the document that was distributed two weeks ago; SB 1115-2, as amended, with these proposed Amendments dated 4-12-95.

838 MOTION: SEN. KENNEMER: Moves that the 4-12-95 proposed Amendments be incorporated into the SB 1115-2 Amendments.

849 VOTE: CHAIR BUNN: Hearing no objection, motion CARRIES. SEN. LEONARD and SEN. HANNON are EXCUSED.

WRITTEN TESTIMONY OF EUGENE ORGAN (OREGON DISABILITIES COMMISSION) IN OPPOSITION TO SB 1115: [EXHIBIT OO]

490 MCCOY: With the design of a new policy like this, what are we talking about in the way of cost?

491 GERRY THOMPSON: We really don't know. It has not been costed, but do remember that the partnership policy is separate from the regular long-term care insurance.

496 PUTMAN: Isn't it true that policies very similar to what we're calling for here are already being marketed in New York, California, Illinois and Massachusetts?

498 THOMPSON: You're right, except that each state has a different approach.

501 PUTMAN: Responds to Sen. Kennemer regarding who has been involved in the Work Group.

515 CHAIR BUNN: Adjourns at 7:44 P.M.
