ARTICLE X. OFFENSES INVOLVING FIREARMS AND DEADLY WEAPONS

Preliminary Draft No. 3; May 1970

INTRODUCTORY COMMENTARY:

Article 28 proposes a statutory scheme for permissive gun control combined with a number of substantive offenses involving misuse of firearms and deadly weapons. The gun control provisions are designed to achieve two primary aims: (1) to limit the possession of firearms to the more reliable segments of the population, and (2) to keep track of handguns owned by legitimate gun users by means of registration and transfer notice provisions. The statutory device used to implement these aims includes a requirement that each gun owner obtain a firearm permit and register his handguns with the State Police. Certain classes of persons, whose background evidences a lack of restraint or maturity, will be prohibited from possessing firearms. The theory behind this approach is to keep guns away from irresponsible people rather than to try to influence behavior of persons who already have guns.

Some new substantive offenses are proposed, including sections designed to encourage compliance with the gun control requirements and a section outlawing "destructive devices," a term used to describe certain military-type weapons.

The many derivative sources consulted in drafting the gun control sections are acknowledged on page 5. The directive from the Commission was unique in requiring both licensing of individual gun owners and registration of all handguns; no model bill or act was found in the United States that combined these two features. A significant portion of the gun control material is therefore the creation of the subcommittee and staff. Where the style or substance of a section was wholly or in part taken from a derivative source, credit is given.

Section 1 contains 25 definitions essential to a clear understanding of the 30 sections in the Article. A significant feature of the section is the term "Department," defined to mean the Department of State Police. The "Department" is granted substantial statutory authority to administer and enforce the gun control provisions of Article 28. Section 1 is derived, in part, from the following sources: Michigan Revised Criminal Code ss. 5701 and 5715; New York Revised Penal Law s. 265.00; Michigan Laws Ann., Title 28, s. 28.91; Gun Control Act of 1968, Ch. 44, s. 921; Illinois Stat. Ann., s. 83-1.1; ORS 166.210 (2).

Section 2 exempts a number of persons and entities from the firearm permit and handgun registration requirements, e.g., law enforcement and military personnel. Section 2 is derived, in part, from Illinois Stat. Ann., s. 83-2; Mass. Law Ann., s. 129C; and ORS 166.460 and 166.260.

Section 3 contains a general statement of the key prohibitory effect of the gun control provisions. It further provides for a 180 day grace period before persons possessing firearms on the effective date of the Article are required to obtain firearm permits. Section 3 is derived from House Bill 1546, ss. 3 and 4, 1969 Legislative Assembly.

Section 4 contains the procedural requirements for firearm permit applications. It is derived from House Bill 1546, s. 9.

Section 5 determines when a firearm permit is issuable. Two important provisions should be noted: a firearm permit once issued is valid permanently unless suspended, revoked or rendered void by the occurrence of a statutory disability, and the number of firearms a permit holder may possess is not restricted. Section 5 is derived, in part, from House Bill 1546, ss. 6 and 13.

Section 6, a central element of permissive gun control legislation, determines what classes of persons are ineligible to obtain a firearm permit; ineligibility, in effect, prohibits persons subject to the disability from possessing any kind of firearm within the state. Section 6 is derived, in part, from the following sources: HB 1546, s. 7; Toledo, Ohio Municipal Code, s. 17-19-4; N. J. Stats. Ann. 2A:151-33.

Section 7 modifies section 6 to the extent of authorizing issuance of restricted firearm permits to certain persons otherwise prohibited from possessing firearms by section 6; a restricted firearm permit authorizes the holder to possess rifles or shotguns only. Section 7 is derived, in part, from Mass. Laws Ann., s. 129B; Toledo, Ohio Municipal Code s. 17-19-4; and ORS 168.015 (4) (c).

Section 8 provides an appeal procedure for persons aggrieved by the denial of a permit application or the suspension or revocation of an existing permit. The section is derived from HB 1546, s. 12.

Section 9 sets forth the requirements for registration of all handguns presently possessed within the state, as well as requirements for the reregistration of handguns upon transfer after the effective date of the Article. Section 9 is the heart of the handgun registration law, designed to regulate traffic in pistols and revolvers within Oregon. Section 9 is derived, in part, from the following sources: Mich. Laws Ann., Title 28, s. 28.92; HB 1546, s. 14; New York City Municipal Code s. 436-6.6.

Section 10 requires compliance with specified reporting procedures in the event a handgun, permit or handgun registration certificate is lost or stolen. The section is derived from Toledo, Ohio Municipal Code section 17-19-13 and Section V (1) of a model Firearms Registration and Permit Ordinance promulgated by the National League of Cities and U. S. Conference of Mayors (1968).

Section 11 is a restatement of existing law on required maintenance by dealers of a firearms transfer register. Requirements have been broadened to include long guns as well as handguns, with daily reports to be sent to the State Police. Section 11 is a restatement of ORS 166.420.

Section 12 is a grant of authority to local municipalities for conditional licensing of retail firearm dealers. The section restates ORS 166.430 and 166.470.

Section 13 restates present law governing licenses to carry a concealed weapon, except that licensing authority is vested solely in the State Police. Section 13 is taken from ORS 166.290.

Section 14, third degree illegal possession of a deadly weapon, the Article's first substantive offense, punishes failure to comply with the permit and handgun registration provisions of the preceding sections.

Section 15, second degree illegal possession of a deadly weapon, involves two separate violations. The first involves possession of certain outlawed deadly weapons, e.g., blackjacks. The second penalizes possession of a firearm by persons ineligible to obtain a firearm permit. Subsection (a) of section 15 is derived from Michigan Revised Criminal Code s. 5705.

Section 16, first degree illegal possession of a deadly weapon, prohibits possession of a machine gun or sawed-off shotgun, and the possession of a handgun by a person ineligible to obtain a firearm permit. Subsection (a) of section 16 is derived from Michigan Revised Criminal Code s. 5705.

Section 17 prohibits carrying a concealed knife and is derived from Michigan Revised Criminal Code s. 5715.

Section 18 prohibits carrying a concealed handgun and is derived from Michigan Revised Criminal Code s. 5715.

Section 19 prohibits the transfer of firearms in violation of the gun control provisions, and the transfer of certain deadly weapons to persons who may not lawfully possess them.

Section 20 penalizes the reckless or criminally negligent use of firearms and deadly weapons and includes a provision for suspension of hunting privileges upon conviction. Section 20 is derived from Michigan Revised Criminal Code s. 5740 and ORS 163.320, 166.630 and 166.320.

Section 21, which is intended to deter noncompliance with the gun control provisions, lists seven offenses premised upon a failure to comply with firearm permit and handgun registration requirements.

Section 22 creates a new offense by prohibiting possession of or trafficking in "destructive devices," military-type weapons with no legitimate sport utility. Persons presently in lawful possession of such devices would have 60 days to dispose of them before becoming subject to criminal sanction. Section 22 is derived from California Penal Code, Ch. 2.5, ss. 12301 to 12307.

Section 23 prohibits defacing the identification or serial number on a handgun or machine gun. The section is derived from Michigan Revised Criminal Code ss. 5710 and 5735, and ORS 166.450.

Section 24 prohibits furnishing explosives to a person less than 18 years old without the consent of his parent or guardian. The section is taken from Michigan Laws Ann., Title 28, s. 28.559 (1) and ORS 166.480.

Section 25 categorizes a number of defenses to the sections on illegal possession of deadly weapons, dealing in destructive devices and carrying a concealed weapon, e.g., law enforcement and military personnel. Section 25 is derived from Michigan Revised Criminal Code s. 5715 (2) and ORS 166.260 (2), 166.240 (2) and 166.460.

Section 26 provides for judicial forfeiture of firearms, deadly weapons and destructive devices upon conviction of a crime involving their unlawful use, transfer or possession. Section 26 is taken from Toledo, Ohio Municipal Code s. 17-19-3 and ORS 166.280.

Section 27 restates ORS 166.490 which authorizes the purchase of firearms by Oregon residents in contiguous states. The IRS has construed the Gun Control Act of 1968 as requiring affirmative legislation by the individual states before such sales may lawfully be made. Section 27 fulfills that requirement.

Section 28 requires the State Police to maintain a central filing system for all records related to the administration of this Article. It also limits the disclosure of information to state and federal law enforcement officers engaged in official duty.

Section 29 establishes a State Police Firearms Account in the General Fund of the State Treasury. The section is derived from HB 1546, s. 17.

Section 30 appropriates money to fund the State Police Firearms Account. It is derived from HB 1546, s. 18.

The following derivative sources were reviewed, digested and used extensively in drafting the 30 sections in Article 28:

- Gun Control Act of 1968, 18 U.S.C., Ch. 44, ss. 921 to 928
- New York City Municipal Penal Code, ss. 436-5.0 to 436-6.13
- Chicago, Illinois, Municipal Criminal Code, ss. 11.1-4 to 11.1-16
- House Bill 1546, Oregon Legislative Assembly (1969)
- Illinois Firearms Owners Identification Law, ss. 83-1 to 83-15
- Toledo, Ohio Municipal Code, Article XIX, Ch. 17, ss. 17-19-1 to 17-19-15
- Michigan Comp. Laws Ann., Title 28, ss. 28.91 to 28.559 (1)
- (Sample) Firearms Registration and Permit Ordinance, Prepared by National League of Cities and U. S. Conference of Mayors (7/10/68)
- Senate Bill 977, 91st Congress, 1st Session
- New Jersey Stats. Ann., Title 2A, ss. 2A:151-32 to 2A:151-47
- Massachusetts Gen. Laws Ann., Ch. 140, ss. 121 to 131H
- California Penal Code, Ch. 2.5, ss. 12301 to 12307

Second and Fifth Amendment problems raised by gun control legislation were extensively discussed and analyzed by subcommittee members. In their judgment the Second Amendment raises no legal barrier to state firearms legislation. The Fifth Amendment, however, could be invoked against enforcement of such laws. (See *Marchetti v. U.S.*, 390 US 39 (1968); *Grosso v. U.S.*, 390 US 62 (1968); *Haynes v. U.S.*, 390 US 85 (1968)). For the present the most realistic approach is to assume that Fifth Amendment objections to gun control statutes will be sustained when raised by those persons whom the statutes require to furnish information that might incriminate them under state or federal law. One response to this apparent paradox is found in Firearms and Violence in American Life, A Staff Report to the National Commission on the Causes and Prevention of Violence (1969):

"Registration, however, is only one aspect of a total system of firearms control. Provisions making it illegal for ineligible persons to possess a firearm are all that is needed to send the illegal possessor to jail when he is discovered. Registration contributes to firearms control not by pointing the finger at illegal possessors but by reducing the flow of guns from legitimate to illegitimate users. Given this limited function, making registration applicable only to all legitimate gun owners is not paradoxical but is a consistent part of a larger system of firearms control."

Section 5. Firearm permits; when issuable; term; number of firearms authorized. (1) Upon application for a firearm permit, the Department shall proceed to investigate the applicant to determine if he is subject to one of the unrelieved disabilities set forth in section 6 of this Article. (1) Has been convicted of a felony in any state or federal jurisdiction;

(2) Has been convicted of a crime involving the use or threatened use of force, violence or a dangerous or deadly weapon, or the negligent or reckless use of a firearm, in any state or federal jurisdiction;

(4) Has been confined in a hospital or mental institution for the treatment of drug use or addiction, alcoholism or mental illness, unless the applicant produces a certificate executed by a physician attesting that he no longer suffers from the disability to a degree that would interfere with or handicap him in the handling of firearms;

(5) Is less than 18 years of age;

(6) Uses a fictitious name or makes a material misrepresentation in his application for a firearm permit. A person whose firearm permit is denied, revoked or suspended under authority of this subsection shall not be eligible to reapply for a firearm permit for three years from date of the denial, revocation or suspension.

Section 7. Persons eligible for restricted firearm permit. (1)

Notwithstanding the provisions of section 6 of this Article, a restricted firearm permit may be issued to:

(a) A person convicted of a felony who, at least seven years before his application, was finally and unconditionally discharged from all imprisonment, probation or parole resulting from such conviction, and who has suffered no other disability since that discharge that would render him ineligible;

(b) A person whose felony conviction did not involve the use of force or violence, the use or attempted use of a dangerous or deadly weapon or the negligent or reckless use of a firearm;

(c) A person who has been convicted of a misdemeanor of the type defined in subsection (2) of section 6, and whose conviction occurred more than two years before the date of the application;

(d) A person who is 15 years of age or older, but less than 18, if his application is accompanied by a certification from his parent or lawful guardian granting him permission to apply for a restricted firearm permit.

(2) A restricted firearm permit shall not allow the holder to own or possess a handgun. A notice of such restriction shall be prominently displayed on each restricted firearm permit issued under authority of this section.

Section 8. Firearm permits; denial; suspension; revocation.

(1) The Department may deny an application for a permit or suspend or revoke an existing permit upon any of the grounds set forth in section 6 of this Article.

(2) When a permit application is denied or an existing permit suspended or revoked, the Department shall prepare a written order and written findings of fact and law. A copy of the order and findings shall be delivered or mailed to the aggrieved party before the 11th day after the day the order is issued. The aggrieved party may appeal the Department's order in the manner set forth in ORS 183.480 for appeal from the final decision of an agency in a contested case. Except as provided in this section, ORS 183.310 to 183.510 does not apply to a refusal to issue, suspension or revocation of a permit.

(3) When a permit application is denied or an existing permit suspended or revoked, the aggrieved party shall, within 10 days of receipt of the order from the Department, transfer all firearms then in his possession, provided however, that if the order of the Department is appealed pursuant to subsection (2) of this section, the aggrieved party shall not be required to transfer firearms in his possession until 10 days after a final decision is rendered against him.

(4) When a permit is suspended or revoked upon grounds that would otherwise entitle the holder to a restricted permit, he may, after such suspension or revocation, apply for a restricted permit. If the application for a restricted permit is submitted to the Department within 10 days of receipt of the suspension or revocation order, the applicant

shall be required to transfer his handguns only; he may, unless his application for a restricted permit is denied, retain possession of his other firearms.

(5) A permit holder who suffers any of the disabilities set forth in section 6 of this Article shall, within 10 days of its occurrence, report such disability to the Department.

(6) "Aggrieved party", as used in this section, means a permit applicant or permit holder whose application is denied, or whose permit is suspended or revoked.

Section 9. Handgun registration certificates; requirements; fee.

(1) A handgun registration certificate shall be obtained for each handgun owned or possessed by an applicant at the time of his application for a permit. An application for a handgun registration certificate filed in conjunction with the firearm permit application shall be in form prescribed by the Department and shall include the applicant's firearm permit application number, date of application, the handgun manufacturer's name and address, serial and identification number, caliber or gauge, type of action, model and barrel length, and the signature of the applicant. The handgun registration certificate application shall be in duplicate, the original to be retained by the Department, the copy, by the applicant. The copy retained by the applicant shall serve as proof of application for handgun registration until the original handgun registration certificate is issued by the Department. If a firearm permit is issued to the applicant, the Department shall simultaneously issue handgun registration certificates for each handgun claimed. Only a single application for handgun registration certificates shall be required for all handguns owned or possessed by a person on the effective date of this Article, provided that each handgun is separately identified in the application.

(2) An application for the transfer of the handgun registration certificate shall be completed by the seller and purchaser each time a handgun is transferred after the effective date of this Article. An application to transfer a handgun registration certificate shall be in triplicate and shall be signed by both seller and purchaser. The

application shall be in form prescribed by the Department and shall contain a description of the handgun to be transferred, including the handgun information set forth in subsection (1) of this section, the purchaser's name, firearm permit number, home address, residence phone, occupation, business phone, social security number, business address, sex, age, date of birth, place of birth, height, weight, color of eyes, color of hair, a certification by the seller that he holds a firearm permit, that he has examined the firearm permit of the purchaser and believes it to be valid, that the description on the application correctly describes the handgun to be transferred and that the handgun to be transferred is currently registered in the seller's name. The application shall also include the seller's firearm permit number, the handgun registration certificate number, the seller's name, address, age, residence phone, social security number and his signature. The original shall be forwarded to the Department by the seller within five days of the handgun's transfer; one copy shall be retained by the seller, another by the purchaser. The seller shall attach to the original the handgun registration certificate for the handgun transferred. Pending receipt of the registration certificate, but in no event for any longer than 14 days from date of transfer, the copy of the application to transfer handgun registration certificate shall serve in lieu of the purchaser's certificate of registration.

(3) The applications to transfer handgun registration certificates shall be prepared by the Department and made available to each firearm

dealer, the head of the police department of each city in this state, each county sheriff's office, and upon request, to any other person.

(4) If the seller is a licensed dealer, he shall, at the time of the sale, issue a certificate of registration to the purchaser provided to the dealer for that purpose by the Department. The certificate of registration shall include the same information set forth in subsection (5) of this section. The dealer shall forward to the Department a duplicate thereto, together with the report of the handgun transfer.

(5) If the seller is not a licensed dealer, the Department shall, if the seller and purchaser have valid firearm permits, and if both comply with the provisions of subsection (2) of this section, issue the certificate of registration within 10 days of the receipt by the Department of the report of transfer. The handgun registration certificate shall be in form prescribed by the Department and shall include a certificate number, date registered, description of the handgun registered, including the handgun information set forth in subsection (1) of this section, the registrant's name, firearm permit number, address, sex, age, date of birth, height, weight, a certification that the described handgun has been duly registered in the name of the described registrant, the signature of an authorized Department official and the signature of the certificate holder.
