# GOVERNOR TOM MCCALL ADMINISTRATION

Administrative Correspondence 1962-1975 Record Descriptions

## Summary of Records

The records of the Office of Governor McCall consist of: administrative correspondence; appointments; audio tapes and film; boards and commissions records; clemency records; Conflict of Interest Committee records; Consumer Protection and Land Sales Development Committee records; Economic Development correspondence and reports; executive memorandums; Forest Resources Commission records; Judicial Reform Committee records; Legal Counsel office records and legislative materials; migrant workers correspondence; Ombudsman office records; photographs; reports and studies; tax plan records; and welfare reform records.

Core records are the administrative correspondence, which covers years 1962-1975 and spans not only his two terms as governor but his term as Secretary of State. The correspondence (which comprises approximately 75% of the McCall administration's records in the Archives) contains incoming and outgoing correspondence and covers a range of correspondents and policy issues. Primary correspondents include: state agencies; the state legislature; federal agencies; local governments; the Board of Control; and constituents. Topics include: environmental quality legislation and concerns; economic issues, including tax reform and economic development; education; public welfare; prison and corrections operations; nerve gas shipment issues; highways and transportation; Vietnam; regional and national governors' conferences; courtesies; and more.

Legal Counsel activities are reflected prominently in the McCall records, and include material relating to appointments; commutations and pardons; budget recommendations; court opinions; and legislative materials.

Most record series (including the entire administrative correspondence series) feature detailed container listings to assist the researcher in locating material.

## *ADMINISTRATIVE CORRESPONDENCE, 1962-1975*

331 cubic feet

This record series contains incoming and outgoing correspondence by Governor McCall and his assistants. Correspondents include the public; state, local and federal government agencies and officials; national and regional organizations; and others. Topics are wide and varied in scope, and include: budget and finance matters; labor and employment; pollution and environmental quality; state agency operations; public health and safety; government organization and reorganization; conferences and meetings; education; land use planning; traffic and transportation; taxes and revenue; federal affairs; crime and corrections; courtesy correspondence; and many others.

This record series is comprised of the following sub-series:
