Mr Lynn F Cronemiller,
State Forester
Salem, Ore.

Dear Mr. Cronemiller;-

I would appreciate very much your briefly outlining the various acts passed at the last session of your legislature that had to do with forestry. I want to publish such a summary in the April issue of West Coast Lumberman. You are no doubt thoroughly familiar with everything the legislature did that affects the forest situation in your state.

Trusting that I shall have the pleasure of hearing from you in the near future, I am

Yours cordially
