NEED FOR THE RULE(S):

The Oregon Department of Forestry is currently leading efforts to suppress fires in the area affected by this temporary rule. Evacuation orders have already been issued to some residents. The fire suppression crews have indicated that boaters in the vicinity of the fires are making transportation of water from the river to the fires difficult. This temporary rule is necessary so that the fire suppression crews are able to work effectively and so that boaters are not endangered by the suppression activities.

JUSTIFICATION OF TEMPORARY FILING:

(1) Without this temporary rule, fire crews may be less efficient in their work to mitigate the impacts of these fires, which may lead to additional destruction of forest and to private and public property. If boaters are allowed to continue to occupy this stretch of river, they may risk being in harm's way due to fire suppression activities. By temporarily restricting boating, boaters will be protected and fire crews can proceed with their work unhindered.

DOCUMENTS RELIED UPON, AND WHERE THEY ARE AVAILABLE:

Emails between the Lane County Sheriff's Office and OSMB dated 8/31/20.

Rulemaking documents are available for public inspection at the State Marine Board, Director's Office, between 8:30 am - 4:00 pm on regular work days, Monday-Friday.
