(a) affirming, recognizing or limiting the rights or claims of any other tribe within the geographic scope of that Agreement;

(b) limiting the Department from entering into separate agreements with other tribes addressing the authority to take

species within the geographic scope of that Agreement; or

(c) establishing, expanding, adjudicating, waiving, limiting or otherwise affecting the ancestral, aboriginal, treaty, statutory, equitable, or other rights of the Tribe.

MEMORANDUM OF AGREEMENT FOR OFF-RESERVATION AND NON-TRUST LAND HUNTING, FISHING, TRAPPING AND GATHERING

between the

CONFEDERATED TRIBES OF THE GRAND RONDE COMMUNITY OF OREGON

and the

STATE OF OREGON, through the Oregon Department of Fish and Wildlife

RECITALS

WHEREAS, the Confederated Tribes of the Grand Ronde Community of Oregon ("Grand Ronde" or "Tribe") is a federally recognized Indian tribe that has a superior record of managing wildlife on the Grand Ronde Reservation and other Tribal lands; and

WHEREAS, the Oregon Department of Fish and Wildlife ("ODFW"), pursuant to Oregon Revised Statute ("ORS") 496.012 and ORS 496.146, has the obligation and authority to manage fish and wildlife for the benefit of Oregon's citizens; and

WHEREAS, the Oregon Fish and Wildlife Commission, by adopting Oregon Administrative Rule ("OAR") 635-043-0130, delegated the management of fish and wildlife resources on the Grand Ronde Reservation and Tribal trust lands to the Tribe for the purposes of accomplishing the goals of the "Confederated Tribes of Grand Ronde Wildlife Management Plan" ("Grand Ronde Management Plan") dated September 5, 2014; and

WHEREAS, the ancestors of today's Tribal members hunted, fished, trapped, and gathered throughout western Oregon; and

WHEREAS, the Tribe and State of Oregon ("State") desire to provide for regulation of off-reservation and non-trust land ("State regulated lands") hunting, fishing, trapping, and gathering in western Oregon for the benefit of both the Tribe and State (which may be referred to in this agreement individually as a "Party" and collectively as the "Parties") in accordance with sound wildlife management principles.

NOW THEREFORE, the Parties agree that:

AGREEMENT

1. Authority

This agreement for hunting, fishing, trapping and gathering to be exercised by Grand Ronde and its members, and for cooperative management of natural resources between the Tribe and the State of Oregon, is entered into between the Tribe and the

State of Oregon by and through ODFW.

a. ODFW has authority to enter into this Agreement pursuant to ORS 190.110 and ORS 496.146(11).

b. Grand Ronde has authority to enter into this Agreement pursuant to the Grand Ronde Constitution, Article III, Section 1.

2. Overview

The intent of this Agreement is to describe how the Tribe and its members will hunt, fish, trap, and gather species over which ODFW has management authority in areas not governed by the Grand Ronde Management Plan.

This Agreement sets out the framework for cooperative management of fish and wildlife populations between the Parties within the geographic scope of this Agreement. It also establishes a procedure for harvesting fish and wildlife within specified geographic areas by the Tribe's members, established in a process agreed to by ODFW and the Tribe, and based upon scientifically established and projected numbers for each resource.

This Agreement does not define the specific rights possessed by Grand Ronde, nor the specific amount or number of fish and wildlife resources that may be harvested by the Tribe's members at any particular time. Instead, this Agreement provides agreed-upon standards for the Tribe to exercise such harvest and to determine Tribal harvest levels in cooperation with ODFW.

This Agreement also sets out a framework for coordination of enhancement and management of the habitat, watershed, ecosystem and other resources that influence fish and wildlife populations.

3. Tribal Harvest of Natural Resources

a. Wildlife Covered by Agreement. The Tribe's hunting, fishing, trapping and gathering exercised under this Agreement covers all animal species managed and regulated by ODFW. "Hunting" and "Trapping" covers all mammalian and avian species managed by ODFW. "Fishing" includes all finfish, lamprey, shellfish, crustaceans, and other aquatic animals managed by ODFW. The Parties understand that harvest of animals, plants and other resources not managed by ODFW may be harvested or gathered for ceremonial or subsistence use by the Tribe pursuant to its own ordinances, regulations, and policies and under the authority of any relevant regulatory entity.

b. Developing Annual or Seasonal Harvest Areas and Limits. **Except as provided in Section 3.d. below for harvest in the mainstem Columbia River,** the limits and areas of the Tribe's ceremonial and subsistence harvest will be set annually or

seasonally by mutual agreement of the Parties based on the best available scientific data of estimated availability, escapement goals, Tribal needs, and conservation necessity. The Tribe will initiate annual or seasonal harvest agreement negotiations by providing ODFW with a written proposal for species, areas, and numbers it desires to harvest for ceremonial and subsistence purposes. The Parties will voluntarily and fully share all biological or technical data, analyses, and information of any nature each possesses relevant to evaluate the Tribe's annual or seasonal harvest proposal. The Parties shall meet as often as necessary to discuss and negotiate such annual or seasonal Tribal harvest numbers.

Any disagreement regarding Tribal ceremonial or subsistence requests will be resolved pursuant to the dispute resolution provisions of this Agreement. Upon reaching agreement on the limits and areas of the Tribe's ceremonial and subsistence harvest pursuant to this section, ODFW will issue the Tribe an annual implementing permit consistent with this Agreement, which is incorporated into the Tribally issued licenses and tags that authorize Tribal harvest of fish and wildlife.

c. Tribal Regulation of Agreed Harvests. After mutual agreement on harvest numbers, the method and time of such ceremonial or subsistence harvest shall be subject to the exclusive decision and regulation of the Tribe, subject to any documented conservation necessity concerns. Any such ceremonial and subsistence harvest shall be authorized by Tribal permit or license. All harvest shall be consistent with tribal law and regulation and with this Agreement.

d. Fishing in Mainstem Columbia River. Tribal members may utilize tribally-issued licenses, tags or other permits to harvest fish in the mainstem Columbia River downstream of Bonneville and within the geographic scope of this agreement only during state-adopted recreational fishing seasons (open area, dates, time) and following applicable state regulations, including but not limited to reporting, gear and bag limits. Tribal members are restricted to one daily bag limit for all fish species from the Columbia River even if they possess tribal and state-issued licenses. By participating in the Columbia River fishery, tribal members agree to participate in state-sampling programs, including by allowing state samplers access to inspect and sample the catch and responding to questions about fishing effort. The Tribe is on notice that fishing regulations change frequently and that tribal members are responsible to know current regulations.

e. Tribal Regulation of Harvest Consistent with Oregon Revised Statutes. The Tribe agrees to adopt harvest regulations consistent with Oregon Revised Statutes, including the Oregon Revised Statutes identified in Attachment A.

f. Ceremonial and Subsistence Harvest Only. This Agreement is limited to ceremonial and subsistence harvest of fish and wildlife by enrolled members of Grand Ronde within the geographic area identified in this Agreement. Commercial harvest by the

Tribe or Tribal members is not permitted or authorized under this Agreement. Enrolled Tribal members may exchange (gift, trade, or barter) wildlife or wildlife parts lawfully harvested for ceremonial or subsistence purposes with other enrolled members of Grand Ronde or other federally recognized Indian tribes. All other commercial activity must be consistent with the Oregon Revised Statute and Oregon Administrative Rule.

g. Potential Future Commercial Harvest. The Parties agree to limit this Agreement to ceremonial and subsistence harvest. If the Tribe presents ODFW with a proposal for harvesting wildlife resources primarily for commercial use, ODFW will consider the proposal for consistency with applicable state and federal law, the ability of the fish or wildlife resource to sustain the proposed commercial harvest consistent with its biological requirements and conservation necessity, and the factors of the Wildlife Policy in ORS 496.012. This Agreement may be amended in the future to incorporate such a proposal if it is accepted by ODFW.

h. Tribal Licensing and Tagging. Licensing and tagging for all harvest activities authorized and permitted under this Agreement shall be subject to Tribal regulation and management. In order to aid the Parties' mutual goal of avoiding enforcement confusion, Tribal members harvesting pursuant to this Agreement will carry Tribal identification and Tribally authorized licenses, tags, or other permits showing that the Tribe has authorized harvesting of that species and will present the same to law enforcement officers, peace officers, and ODFW personnel upon request.

i. Coordination with Other Tribes. In the event that ODFW enters into a comparable cooperative management agreement with another tribe regarding the taking of fish and wildlife within all or part of the geographic scope of this Agreement, and such agreement includes obligations substantially identical to this Section 3(h), Grand Ronde will meet annually with that tribe to discuss issues of mutual concern, including harvest areas, limits, and cooperative management of natural resources.

4. Cooperative Management of Natural Resources

a. Definition of Cooperative Management of Natural Resources. "Cooperative management of natural resources" is defined as a collaborative effort established through a voluntary agreement in which two or more sovereigns mutually negotiate, define, and allocate amongst themselves management functions and responsibilities for a given territory, area, or set of natural resources. This cooperative management authority may be non-exclusive between the Parties and relative management responsibilities shall take into account the resources that will be committed by each Party.

The Parties will coordinate the use of their respective authorities, expertise, and influence as regulatory or voluntary opportunities are presented to protect, enhance, and restore fish and wildlife habitat in the geographic scope of this Agreement.

b. Annual State and Tribal Cooperative Management Meetings. ODFW and Tribal natural resource managers shall meet on an annual basis to discuss management activities within the geographic area established under this Agreement for the upcoming calendar year or years. "Management activities" includes harvest management as well as watershed and habitat protection, restoration, enhancement actions, non-lethal and lethal removal of species preying upon species of management concern, and other management activities that the Parties will seek across the geographic area.

Nothing in this Agreement shall alter or modify ODFW's responsibility and authority to manage the State's resources pursuant to Oregon law. The sole effect of this Section 4 is that ODFW agrees to coordinate with the Tribe and accept cooperative Tribal management of defined activities and resources within the defined area that will enhance and add to ODFW's management activities involving fish and wildlife resources.

The Parties agree to coordinate their management activities within the defined area to achieve the best results for fish and wildlife resources in that area.

If the annual cooperative management meeting is not held, for any reason, the rights, and obligations of the Parties under this Agreement are unaffected.

c. Coordination of Funding. The Parties will coordinate applying for, seeking, and obtaining third party funding through grants, appropriations, or other means to enhance financial resources available to carry out resource management activities, including but not limited to applying for funding as an intergovernmental partnership. This provision does not prohibit each Party from also applying for such funding on its own.

d. Mutual Commitment to Affirmative Support and Implementation. The Parties intend to implement this Agreement in a cooperative and positive manner. The Parties intend to assist each other affirmatively and proactively in the implementation of this Agreement and to exchange all necessary and relevant information and documentation needed to fully carry out and implement this Agreement at any and all times that this Agreement remains in force. The Parties will annually share data and information related to the harvest of natural resources under this agreement, as well as data and information regarding management, population health, and habitat conditions.

5. Geographic Scope of Agreement

a. Geographic Area. The geographic area covered by this Agreement shall be as follows:
   i. The non-reservation and non-trust lands and waters in ODFW Wildlife Management Units 12 (Wilson), 14 (Trask), 15 (Willamette) excluding state-owned lands at Willamette Falls, 17 (Stott Mountain), and 16 (Santiam)

excluding:

a. any area on the Columbia River upriver of Bonneville Dam
b. the summit of the Cascades
c. any area east of the summit of the Cascades
d. any property held in trust for another federally-recognized Indian tribe.

ii. Oregon waters of the Columbia River.
iii. All lands in Oregon owned in fee by Grand Ronde.
iv. Where applicable, the Marine Zone adjacent to the aforementioned geographic area.

b. Private Lands. The Tribe agrees that harvest activities on privately owned lands within the geographic scope described in Section 5(a) above is permitted only with permission of the owner of those private lands.

c. Publicly Owned and Managed Lands or Waters. The Parties understand that there are lands and waters within the geographic scope of Section 5(a) that are owned or managed by ODFW, or by other state or federal agencies or local governments, and that are closed to harvest or subject to other regulatory constraints on harvest related activities. The Tribe agrees that it will adopt Tribal regulations consistent with these harvest closures and other regulatory constraints on harvest related activities, unless the land owning or managing entity specifically agrees to the inconsistency.

The ODFW owned or managed lands and waters that are closed to harvest or subject to other regulatory constraints on harvest related activities, and references to statutory or administrative regulations for each, are identified in Attachment B. The Parties agree that the Tribe may request access and opportunity for Tribal members, or changes to other aspects of the regulations, for hunting, fishing, trapping or gathering activities on any of these lands and waters that deviate from currently applicable regulation through the Tribe's annual harvest proposal. ODFW commits to consider such proposals with the goal of providing the requested access and opportunity while preserving the conservation, management and safety objectives of the regulations applicable to the area(s).

6. Dispute Resolution

a. Dispute Resolution Principles. The Parties enter into this Agreement to enhance government-to-government relations, to increase and coordinate resources for the benefit of all citizens of Oregon and enrolled members of Grand Ronde, and to avoid litigation about the nature and extent of the Tribe's treaty rights or other inherent or sovereign legal rights to hunt, fish, trap or gather specified natural resources within the geographic areas covered under this Agreement. Any disputes that arise under this Agreement regarding (i) cooperative management, (ii) the Tribe's exercise of agreed upon hunting, fishing, trapping or gathering rights within any specific

geographic area, (iii) the agreed upon extent of the Tribe's subsistence or ceremonial harvest in general or in any particular year or area, shall be resolved pursuant to this Section 6.

b. Mediation. Where possible, disputes under this Agreement shall be resolved pursuant to mediation, with the mediator or mediators selected jointly by the Parties. If possible, the Parties will agree to a mediator or mediation firm in advance, so any mediation under this Agreement can be initiated in a timely fashion.

Any such agreement can be revisited by the Parties at any appropriate time, and a replacement mediator appointed. Any such mediation shall be governed by mediation standards followed by or acceptable to the State. Any such mediation shall seek to reach a conclusion within 90 days.

c. Governing Law. The laws of Oregon (without giving effect to its conflicts of law principles) govern all matters arising out of or relating to this Agreement, including, without limitation, its validity, interpretation, construction, performance, and enforcement.

d. Designation of Forum and Consent to Jurisdiction. Any Party bringing a legal action or proceeding against any other Party arising out of or relating to this Agreement shall bring the legal action or proceeding in the Circuit Court of the State of Oregon for Marion County. Each Party hereby consents to the exclusive jurisdiction of such court, waives any objection to venue, and waives any claim that such forum is an inconvenient forum. Notwithstanding the foregoing, if a claim must be brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for the District of Oregon. This section applies to a claim brought against the State only to the extent Congress has appropriately abrogated Oregon's sovereign immunity. This section is not consent by Oregon to be sued in federal court. This section is also not a waiver by Oregon of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

e. Limited Waiver of Sovereign Immunity. The Parties agree to a limited waiver of sovereign immunity only for purposes of this Agreement, and only for the benefit of the other Party. This limited waiver of sovereign immunity confers no rights or benefits on any third party. This waiver is limited to nonmonetary declaratory and nonmonetary injunctive relief and does not authorize any award for punitive or indirect or any other form of damages.

i. *State Waiver of Sovereign Immunity.* The Oregon legislature has waived the State's sovereign immunity to suit in State court as provided in ORS 30.320. The Parties agree that this Agreement is a contract within the scope of ORS 30.320.

ii. *Limited Tribal Waiver of Sovereign Immunity.* The Tribe hereby waives its immunity to suit in State court for the sole purpose of enforcing this Agreement

according to the terms of Section 6 of this Agreement. A copy of the resolution approving the waiver of sovereign immunity in this Agreement by the Grand Ronde Tribal Council shall be provided to ODFW within 30 days of execution of this Agreement by the Tribe.

f. Exclusion. Nothing in this Agreement shall be construed to establish, expand, adjudicate, diminish, waive, limit or otherwise affect ancestral, aboriginal, treaty, statutory, equitable or other rights of any tribe. Nothing in this Agreement shall prohibit the Tribe from litigating or determining its legal rights under any treaty, executive order, federal statute or any other source of legal authority in any appropriate independent legal action, in an appropriate forum, at any time. If such litigation or determination takes place, the final results of any such litigation or determination shall be incorporated into this Agreement.

8. Miscellaneous

The United States of America is not a party to this Agreement, and its interests or rights are not involved or affected by this Agreement. The Parties acknowledge that this Memorandum of Agreement does not in any way, replace, amend or otherwise modify the 'Agreement among the State of Oregon, the United States of America and the Confederated Tribes of the Grand Ronde Community of Oregon to permanently define tribal hunting, fishing, trapping, and animal gathering rights of the Tribe and its members' signed by the Parties and dated November 29, 1986.

9. Tribal Member Harvest Rights under State Law Not Affected

Nothing herein shall waive or otherwise limit the rights of any Tribal member to engage in wildlife harvest activities pursuant to State, Tribal or other applicable law, including any current agreements between the Parties, except that tribal members are

restricted to one daily bag limit for all fish species from the Columbia River even if they possess tribal and state-issued license.

Nothing in this Agreement shall affect the Tribe's rights under other state authorizations, including any OARs, agreements, registrations or permits related to hunting, fishing, trapping, or gathering by Grand Ronde and its members.

10. Prosecution Referral Agreement

The Parties understand that Tribal members engaged in harvest related activities under this Agreement may be cited by either State or Tribal enforcement authorities for alleged violations of State or Tribal law. The goal of the Parties is that members of the Tribe be subject primarily to Tribal prosecution authority. Therefore, ODFW commits to working with the Tribe to (1) seek to secure referral agreements with the District Attorneys in the counties within the geographic scope of the Agreement whereby alleged violations in their jurisdiction are referred to the Tribe for review and potential prosecution, and (2) work with State and Tribal enforcement authorities, including the Oregon State Police, to attempt to establish an enforcement coordination mechanism whereby Tribal members allegedly violating State or Tribal wildlife laws are summoned initially to Grand Ronde Tribal Court.

11. Equity in Cooperative Management Agreements

The Parties understand that ODFW may enter into cooperative management agreements with other federally recognized tribes that address issues or matters similar to those addressed herein. In the event that any other such ODFW/tribal cooperative management agreement includes terms that the Tribe believes are more favorable than those initially agreed to herein, the Parties agree that this Agreement may be renegotiated at the request of the Tribe to include any such terms.

12. Term

The Parties' intention upon entering into this Agreement is that it is perpetual. So long as this Agreement remains effective, the Parties agree to review it on every fifth anniversary after its execution.

13. Effective Date

This Agreement shall become effective when both the Oregon Fish and Wildlife Commission and Grand Ronde have adopted the necessary implementing rules and resolutions and all Parties have executed the Agreement, and shall remain so as long as both the implementing rules and resolutions remain effective. At least 90 days prior to any Party repealing their respective implementing rules or resolutions, that Party shall serve written notice to the other Party's contact listed in Section 7 above.

14. Amendments/Termination

a. This Agreement can be amended or terminated in writing by mutual consent of the Parties.

b. Either party may unilaterally terminate this Agreement for any reason by using the procedures of this Section 14. A Party proposing unilateral termination must first serve written notice to the other Party's contact. The Parties shall thereafter initiate meetings within 60 days in an effort to identify and resolve the issues(s). The Parties shall make good faith and diligent efforts to resolve the issue(s). Depending on the complexity and significance of the issue(s), the Parties acknowledge that resolution could take substantial time and multiple meetings. In the event the issue(s) is/are not resolved after such mutual good faith and diligent efforts, either Party may terminate this Agreement by both (i) providing 90 days advance written notice to the other Party of its intent to rescind the implementing rule or resolutions; and (ii) rescinding the implementing rule or resolution.

15. **Available Funding and Continued Authority**

ODFW's obligation to perform its duties under this Agreement is conditioned upon the continuation of ODFW's authority to enter and maintain this Agreement, and upon ODFW receiving funding, appropriations, limitations, allotments, or other expenditure authority sufficient to allow ODFW, in the exercise of its reasonable administrative discretion, to meet its obligations under this Agreement. Nothing in this Agreement may be construed as permitting any violation of Article XI, Section 7 of the Oregon Constitution or any law limiting the activities, liabilities, or monetary obligations of ODFW. The scope of cooperative management activities under this Agreement shall conform to any expansion of ODFW authority.

This Agreement is entered into as of this 24 day of August, 2023.

State of Oregon, by and through its Oregon Department of Fish and Wildlife:

Curt Melcher
Director

Confederated Tribes of Grand Ronde:

Cheryle A. Kennedy
Tribal Council Chair
