Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Voters' Pamphlet Translations

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

- No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose **"None of the Above"** for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Andrea Salinas (Democrat, Congressional District 6)

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

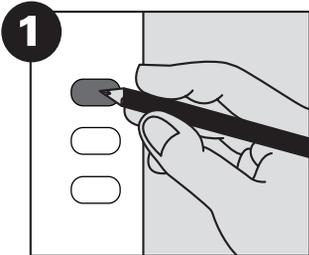

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

Deploy Monique for Bold Commonsense Leadership

Monique is running for Congress because we need a fighter in Washington who will deliver real results for Oregonians. Career politicians have proven they are all talk, no action, while problems facing Oregonians continue to grow exponentially. **Monique is an outsider challenging the status quo.** She vows to deliver commonsense policies on public safety, the economy, inflation, and government accountability.

National Security, Public Safety, Crime

Monique’s twin sons are her inspiration to step up to run for Congress and demand our federal government do its job in solving the issues facing Oregon. Our open border, combined with decades of Democrat rule is draining resources and fueling disastrous conditions: **Rampant homelessness, untreated addiction, unchecked crime, record trafficking of humans, deadly drugs, and weapons.** Monique will work with anyone in Congress willing to pass common sense policies addressing these issues directly.

Prosperous Economy

Monique is a single mom who knows the challenges of working parents while career politicians have forgotten us and are out of touch with our daily hardships. Oregonians need a healthy economy, affordable housing, childcare, quality education focused on core basics, law enforcement, and a justice system that protects victims, not just criminals. **Oregon will no longer be forgotten because Monique will fight for commonsense policies** that finally prioritize Oregon’s infrastructure and unleash economic development and jobs.

Government Transparency & Accountability

As a veteran, **Monique’s oath to support and defend our U.S. Constitution, the supreme law of this land, remains her promise.** Monique’s goal, as your Congresswoman, is to serve and protect the constituents and future generations of Congressional District 4.

Congress needs strong leadership against socialist policies and political corruption. We must demand accountability holding lawmakers and bureaucrat's feet to the fire while upholding our constitutional rights! "Dennis is the perfect leader to ensure voter integrity, oversee corporate registrations, and audit state agencies." –Senator Brian Boquist

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

ANDERSON - DELIVERING FOR THE COAST

I promised not to leave the coast behind and I delivered. Working side by side with my Representatives, we were able to secure millions in funding for a large number of projects - bringing dollars to the coast.

DELIVERING FOR HOUSING ON ALL FRONTS

As the Housing lead for Senate Republicans, I worked to initiate real change across Oregon. We passed landmark legislation to open up housing projects for low income, medium income and workforce housing across the state. I will continue my leadership role to focus on the need for increased production to match community needs.

ADVOCATING FOR MORE CHILDCARE OPTIONS

With my leadership, we passed an innovative childcare program in Oregon to allow for more childcare options for the 1-5-year-old kids. Opening up more childcare centers is critical to the workforce in our rural communities. I am proud to lead this effort.

FUNDING FOR MENTAL HEALTH AND ADDICTION SERVICES

State funding for mental health in rural Oregon continues to be inadequate. We pushed and pushed for more funding for our counties' mental and addiction needs and won some. I keep our smaller communities in mind as mental health and addiction issues are everywhere.

PUSHING FOR MORE ACCESS TO HEALTH CARE

Our hospitals and health care facilities in Senate District 5 are struggling. Getting doctors, dentists, optometrists and other health care providers to work in our communities is critical to a healthy economy. You should not have to drive to the valley to see a doctor.

Attorney General

Michael Cross

Republican

Occupation: CEO, Software Designer, Small Business Owner

Educational Background: U.S. Air Force Technical Training, Leadership School, Realtors School, Business, Law Education

Prior Governmental Experience: United States Military, USPS

For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shoplifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

Connecting the Dots for Springfield

I am a people person devoted to making our community thrive. I have fresh ideas to lead Oregon in a successful direction, and will help connect the dots between Springfield's serious challenges and its bright future.

Working Families First

I first moved to Lane County before the 2008 recession for a union low voltage job, only to be laid off months later. Like many, I've experienced the stress of living paycheck to paycheck to provide for my family. We've endured bankruptcy while raising three beautiful children. Without the support of our community, I wouldn't have been able to run a business, raise a family, or give back.

Homelessness and Drug Abuse

As a pastor, I've supported people in overcoming daunting obstacles. As State Representative, I plan to do the same by empowering local communities to support their neighbors by stopping the flow of dangerous drugs, keeping violent criminals behind bars, and no longer enabling permanent homelessness.

Protecting Life

My mother was pressured to abort me by her boyfriend. She chose my life over his ultimatum. I live life every day grateful for her decision to give me a chance.

Compassionate Leadership

The political class has lost touch with everyday Oregonians who are struggling and ultimately living with the consequences of that disconnection: high taxes, eroding rights, and divisive politicians.

SECURING WINS FOR OUR COASTAL COMMUNITIES

I've worked to secure funding for the Port of Coos Bay, SWOCC, Little Theatre on the Bay, North Bend Pool, Mapleton Water System, Lakeside Wastewater System, and the City of Florence.

PUSHING BACK AGAINST OFFSHORE WIND

I've remained a vocal opponent of the offshore wind proposals. Our community has not received adequate answers regarding the impact on our local fisheries, the environment, or tourism. I will continue to make your voice heard.

ADVOCATING FOR OREGON'S STUDENTS

Oregon is the only state in the nation that has failed to recover from learning losses since the pandemic. I will continue to push for a return to academic fundamentals, not extreme agendas. School choice should be a fundamental right, not an exception.

OPPOSING NEW TAXES & LOWERING THE COST OF LIVING

At a time when families are struggling to make ends meet, Oregonians are faced with the second-highest income tax in the nation. In Salem, I will continue to fight to lower taxes and limit regulatory burdens impacting our small businesses.

ADDRESSING OREGON'S DRUG CRISIS

Recently, I voted for legislation that took the first step in addressing Oregon's drug crisis. I will continue to advocate for reform to Measure 110, which decriminalized hard drug use. This includes reinstating mandatory treatment for those facing addiction.

I WILL CONTINUE TO FIGHT FOR YOU

Serving as your State Representative has been one of the greatest honors of my life. This is where I grew up, spent my career, and chose to raise my family. While I'm proud of the work we've accomplished, there is much to be done. It has never been more important to keep coastal common sense in Salem.

Darin Harbick: Conservative Leadership for Oregon

I am a native Oregonian raised by parents who instilled Christian values, modeled a strong work ethic, and taught the value of family, friends, and community.

I married my high school sweetheart, Kail, at the age of 19 and together we raised three kids and now enjoy four grandchildren. I have been involved in this community for decades as a small business owner, school board member, and coach.

Our communities need real, conservative leadership. We don't need another Republican who votes with Democrats over 86% of the time. I'm ready to stand up for your values and I would be honored to have your vote!

Charlie Conrad is Out of Touch with Rural Lane County

"Rural Lane County desperately needs new representation. I was outraged when Rep. Charlie Conrad voted for HB 2002, the most anti-parent bill in U.S. history, allowing abortions and transgender procedures on very young minors without parents having any knowledge! Sadly, this is just one of Rep. Conrad's many failures. Darin Harbick shares our values and will protect our families."

Sami Jo Endicott – Mom, Walterville

"I support Darin Harbick 100%."

John Umenhofer – Retired 30 Year Springfield Police Sergeant

Darin Harbick's Conservative Priorities

The issues plaguing our city and state are the exact same as they were two years ago.

Our students are under-performing. Two years ago we were ranker 44th in the nation. Today we rank 46th. Our children deserve so much better. What is the Democratic Plan? A race to 51st? I would consider an overhaul or abolition of the Oregon Department of Education since it has failed miserably in its mission for decades.

Mentally ill and often drug addicted people are sleeping and defecating in our public spaces. We must give the tools to law enforcement needed to incarcerate the dangerous addicts roaming our streets. The slow rollback of Ballot Measure 110 is not enough. It must be repealed.

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of Roe v. Wade so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

Fighting for Reproductive Health Care

Women are losing access to abortion, birth control, and reproductive care. I will stand up to GOP attempts to institute a national ban on abortion, birth control, and IVF treatments.

Fighting for a Strong Economy

We need to prepare our workforce for the future by investing in green infrastructure, expanding apprenticeship and pre-apprenticeship programs, and supporting the small businesses that are the backbone of our economy.

Fighting for Democracy

Faith in our elections and democracy are under attack. I support the John Lewis Voting Rights Act to ensure that every eligible citizen who wants to vote can.

Fighting for Social Security and Medicare

In Congress, my first bill vowed to protect and expand Social Security and Medicare. These are not entitlements. They have been earned and we need to preserve them into the future.

Fighting for Workers

In Oregon, I expanded job training, increased the minimum wage, and secured paid sick leave. As a third-generation union member, I will always fight for working people and family-wage jobs.

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

Questions/comments; call me at 541-531-2912 (Good luck getting ahold of the other candidates).

Vote for yourself, by voting for me!

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

- Responsibly invested billions of dollars in Oregon’s pension fund to ensure a secure retirement for hundreds of thousands of workers, and created OregonSaves, so Oregonians without a pension plan can save for retirement.
- Helped lead the effort for full-day kindergarten, so a good educational start doesn’t depend on income or zip code; increased options for families to save for college; and passed Open Oregon, which has saved 1.5 million students over \$152 million on textbooks.
- Protected our environment by saving the Elliott Forest and creating the plan to bring Oregon’s pension fund to net zero carbon emissions.

Tobias Read is the only candidate for Secretary of State with successful managerial experience running a statewide agency.

The Right Priorities for Secretary of State

- Defend election integrity by fighting misinformation and by making it easier to vote.
- Protect Oregon’s election workers by strengthening security against threats and intimidation.

Educational Background: B.A. Univ. of Chicago, MBA Univ. of Portland, JD Northwestern School of Law at Lewis & Clark College.

Prior Governmental Experience: Former Securities Analyst, State of Oregon.

1. Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. Also, the submerged pipelines will push water down the river at a faster pace in order to avoid river flooding. Videos on Dave's invention are at:

2. Dave Stauffer's second invention, when installed on every house in America and throughout the world, will greatly decrease every household's use and cost for heating their house, air conditioning their house, heating water in every house, generating pollution-free electricity in every house so it will drastically reduce the air pollution that is caused by burning coal, fuel oil, and natural gas to heat, air condition, heat water, and provide electricity to houses and buildings. Info on Dave's "Zero-Fossil-Fuel-Using Heating and Cooling Apparatus for Residences and Buildings" is at:

www.facebook.com/Staufent11/videos/2812893908778011

3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4. Another invention will generate pollution-free electricity from ocean waves.

Supporting Middle Class Families

- Replace the Legislature’s unfair tolling scheme with a more equitable plan.
- Defend prevailing-wage standards for public projects.
- Reinvest kicker funds in jobs and infrastructure.
- End tax giveaways that benefit land speculators and limit housing.

Jeff is the only candidate who hasn’t voted to slash public employee pensions.

Protecting Oregon’s Climate Legacy

- Form a broad coalition of institutional investors and use combined corporate governance votes to develop and champion post-carbon business plans.
- Better disclosure around climate-related risks on bond issuances and investments.
- Create real transparency around our public investment decisions.

Jeff is the only candidate for Treasurer to pledge NOT to accept fossil fuel money.

Strengthening Schools

- Stretch school bonds further through administrative efficiencies, so that more money goes to classroom improvements, instead of interest payments.
- Implement criteria for the State’s XI-P matching funds for school districts so smaller communities aren’t left behind.

Elizabeth has dedicated her career to making Oregon the healthiest state in the nation. As a family physician, mom of 3, and one of Oregon’s chief budget writers, she’s seen firsthand how investing in preventive care, education, and prioritizing our tax dollars can make all the difference for hard-working families.

In the State Senate, Elizabeth has fought for more **affordable housing, resources for our schools, health insurance for every Oregon child, and helped create Paid Family and Medical Leave** so Oregonians can take paid time off to care for themselves or loved ones.

“Having worked with Elizabeth Steiner on health care and budgetary policy for years, I am confident that she is the right choice to help Oregonians achieve financial security.” - U.S. Senator Ron Wyden

As Treasurer she’ll help Oregonians build financial stability and live healthier lives by:

- **Protecting Retirement:** Ensuring that PERS money is invested according to our values and protecting the retirement Oregonians worked hard for.
- **Expanding Savings Programs:** Expanding the Oregon Saves retirement program, developing a mobile app, and creating a voluntary savings program to help Oregonians prepare for emergencies.
- **Expanding Investment Opportunities for Oregonians:** Increasing the use of 529 plans for the vast majority of Oregon children to save for post-secondary education.
- **Smart Investments:** Continuing to move Oregon’s investment portfolio to net-zero carbon emissions while maintaining fiduciary responsibility.

Politicians love to talk. As a **local leader, small business champion, and working mother**, Jo Beaudreau prefers to roll up her sleeves and get to work.

Our community works hard. Whether it's the fisherman who sets out each day before sunrise, the pulp worker who always tucks her children into bed, or the small business owner striving to keep the doors open for another month - the South & Central coast has been forged by grit, determination, and a passion for this spectacular place we call home.

Too many politicians have forgotten what makes Oregon special, but not Jo.
She lives it every single day.

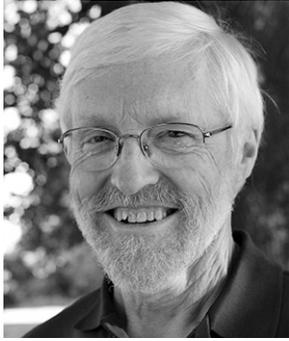

In Salem, we can count on Jo to put Coastal Oregonians first by:

- Creating good paying jobs & supporting small businesses
- Investing in infrastructure and emergency preparedness
- Honoring your tax dollars by fighting against reckless spending
- Reducing homelessness to improve public safety & get people off the streets and onto a better life
- Investing in local schools to improve graduation rates and create real opportunity for our children
- Taking on the special interests and Salem politicians whenever they overlook the needs of rural Oregon

When it comes to standing up for the South & Central Coast:
No one will fight harder for us than Jo.

Having grown up in Wallowa Oregon, I know there's no one-size-fits-all approach to policy in our state. **I believe in local control, because what works for other cities doesn't always work for Springfield.**

During this year's legislative session, my committee work focused on higher education, gambling regulation, infrastructure, economic development and supporting small business. In addition I continued to serve on the Road User Fee Task Force and the Oregon Cultural Trust Board.

I supported bi-partisan breakthroughs in key areas:

- Boosting homebuilding and investing in residential utility infrastructure
- Giving law enforcement the tools they need to **stop public drug use**
- Funding **mental health and addiction services**
- **Campaign finance limits** to fight big money's influence in politics

While I am proud to have worked closely with my colleagues to support these efforts, I know there's more work to do to tackle Oregon's big challenges. My priorities remain supporting local government control, building housing and reducing homelessness, and investing in behavioral health and drug addiction treatment.

Going forward, I'm committed to:

- Training and educating our local workforce for well-paying jobs
- Funding quality K-12 education and ensuring kids enter school ready to learn
- Lowering prescription drugs cost
- Investing in a wide range of housing options
- Holding state government accountable and getting the most out of every state tax dollar
- Supporting Oregonian's right to make their own personal health care decisions

I'm running to be the representative of the 7th district so I can properly represent the people of Oregon. Below are the policies of my platform that I believe would improve the lives of all Oregonians.

- Implement universal healthcare for all as well as universal education, including trade school.
- Regulate rent prices so they're actually affordable while also increasing the number of housing units and stop businesses from price gouging on groceries.
- Implement a 32 hour workweek and a minimum wage equivalent to \$40,000 per year and in the meantime raise it to \$20 an hour and set it to increase with inflation.
- Create a universal jobs program so that all Oregonians have employment opportunities and require employers to provide 1 month of paid vacation per year.
- Improve infrastructure and public transportation systems so they're fast, frequent, and high quality so we can make our communities safer and more walkable.
- Get corporate and big money out of politics.
- Restore the natural lands that have been lost and have Oregon use 100% green energy.
- Create an early childcare program.

Occupational Background: U.S. Coast Guard Senior Chief Petty Officer

Educational Background: Diploma, West Albany High School

Prior Governmental Experience: None

I am a 6th generation Oregonian, special needs parent, and military veteran. I have always felt a calling to public service and have spent most of my life in that pursuit. With over 22 years in the US Coast Guard, I have worked with diverse people from all walks of life. After completing my service, my family came to the south coast where I have strong family ties. Our area is special and deserves support and investment from Salem. I will work with all stakeholders to ensure our communities have the resources we need to improve our quality of life.

Erik's priorities:

Medical Care: As the parent of a special needs child, I am acutely aware of the difficulties finding medical care in our area. We need to attract quality medical providers and keep them in our communities.

Housing: Finding safe, affordable housing is becoming more and more difficult. I will work with all stakeholders to find ways to increase housing availability and make it more affordable for families.

Mental Health: The lack of mental health facilities and resources in our coastal communities is having a detrimental effect. I will work to provide resources to those in crisis and get them the help they need and deserve.

Drug Treatment: The opioid epidemic in our country has had an outsized impact on our area, hurt families, and cost countless lives. I will work to increase treatment in our community.

Public Safety: I am a strong supporter of public safety professionals. I will focus on ensuring our law enforcement officers have the tools and training to do their jobs safely and professionally. I will address funding issues to attract quality candidates to the profession.

AN EFFECTIVE INDEPENDENT LEADER

FIGHTING FOR US

I started a business on the coast, and Susan and I retired here. Salem doesn't always represent small communities well. That's why I've fought for commonsense solutions to local challenges.

- **Wildfires:** When my neighbors lost their homes, I took action, to **reduce taxes, expand insurance, and lower rebuilding costs.**
- **Infrastructure:** Small towns can't afford big projects **I've brought millions home for our ports, parks, cultural centers, colleges, and water systems.**
- **Housing:** I was named a **Housing Champion** for funding affordable housing and homelessness solutions.
- **Crime:** I'm tackling the **fantanyl crisis**, funding police to protect our communities and make us safer.

"David fights for us. He even stood up to his own party, **reversing Kate Brown's cuts for veterans' services.**" – Roger Roberson, Army Veteran

"David sponsored the nation's strongest protections for reproductive rights. I trust him to **protect the rights of all women to make their own personal healthcare decisions.**" – Cynthia Jacobi, Central Oregon Coast NOW

"David has been a **real champion on housing and homelessness.** He secured critical dollars for our small towns, not just big cities." – Chas Jones, Mayor of Philomath

"David is one of the best **Champions of Seniors** in the Oregon Legislature." – Jim Davis, Oregon State Council for Retired Citizens

David brings people together and bridges political divides. David shows up. David communicates. No one works harder to reach every corner of our sprawling district, to listen, and help.

We need an active, vocal, effective advocate for our part of Oregon. When so many in Salem prioritize Portland interests, David stands up for us.

Occupational Background: Library program manager
Educational Background: University of Oregon, BS 1975

Prior Governmental Experience: Eugene City Council, 1993-2005; Eugene Planning Commission, 1987-1993; Lane Council of Governments Board

A Leader In Salem Achieving Results

Nancy works hard to get Salem’s priorities straight and maintain fiscal responsibility for state government. She set clear priorities for K-12 and higher education, job skills training, and mental health treatment. She focuses on the most urgent needs: homelessness, child care, safe communities, resilience to climate change and wildfire, and an economy that works for everyone.

Nancy has helped create **good-paying jobs** by promoting community improvements supporting a healthy economy, advocating for local priorities including child care facilities, YMCA, Civic Park, and affordable housing production.

Nancy puts people first: expanding access to **affordable health care** and services for **veterans**. She passed legislation to stop runaway fees on college student debit cards and increase protections for seniors in residential care. She led efforts to protect renters and mobile home residents and championed safe sleep sites and “tiny homes” to reduce homelessness.

Nancy focuses on making government more efficient and accountable. She passed bills to help Relief Nurseries hire a talented **workforce**, increase **accountability** for public contracts, and bring transparency to campaign spending. She’s fighting unfair prescription drug pricing and excessive testing for K-12 students.

Nancy championed increased funding for addiction and recovery treatment and school health clinics. Her recent legislation will help reshape access to urgent health care. She led efforts to add wildfire cameras for early fire detection and establish a cybersecurity center to protect Oregonians.

Promoting Oregon’s economic rebound, Nancy focuses on our strengths: helping **small businesses**, investing in schools, advancing **job skills training**, and fostering research for new industries and energy technologies.

A proven track record for common sense and success.

Nancy has received awards and endorsements for her work in affordable housing, telecommunications, environmental protection, and women’s health. See more at

JULIE FAHEY: Fighting for Our Community

Fighting for Affordable Housing and Solutions to Homelessness

Julie supports a comprehensive, coordinated response to homelessness through improved access to supportive housing, mental health care, substance abuse programs, and social services. In the legislature she’s led the development of major homelessness and housing policies that are helping to connect unhoused people with shelter and critical services, keep Oregonians in their homes, and build more affordable homes.

Fighting to Solve Oregon’s Addiction Crisis

Julie has worked to expand access to addiction and mental health treatment through building more facilities and training more workers. In the 2024 legislative session, she supported the legislature’s work to invest in prevention, crack down on drug dealers, restrict public drug use, and move people into addiction treatment.

Fighting for a Fair Economy

Julie has the right experience and priorities to build an economy that works for working families and small businesses, not just the wealthiest individuals and largest corporations. She has 20 years of private sector experience helping businesses pay their workers fairly and making companies better places to work.

Fighting for High-Quality, Well-Funded Public Schools

As the daughter of a public school teacher, Julie knows that education is the key to opportunity. As a legislator, she’s fought to ensure schools and teachers have the resources, support, and staffing they need to be successful.

Fighting to Protect Access to Reproductive Health Care

Julie championed Oregon’s Reproductive Health Equity Act to ensure that every Oregonian has the right to a safe and legal abortion.

Judge of the Court of Appeals, Position 2

Occupation: Appeals Court Judge

Occupational Background: Circuit Court Judge (Coos County), Municipal Court Judge, Attorney in private practice, public defender.

Educational Background: Tulane Law School, JD, Pacific Lutheran University, BA, Klamath Union High School

Prior Governmental Experience: Circuit Court Judge, Reedsport Municipal Judge, North Bend School Board, Oregon Commission for Women, Governor's Child Foster Care Advisory Committee.

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

I'm running for DA as an independent progressive to improve accountability, fairness, and effectiveness in our criminal justice system. For decades, the Lane County DA has been hand-picked by their predecessor and run unopposed. It's time to break this cycle of nepotism. I support **alternatives to mass incarceration, increasing funding for mental health & drug addiction treatment services to reduce recidivism, and bringing trust and transparency back** to the DA's office.

As an attorney, city administrator, police officer, police reform advocate, and former whistle-blower, I'm uniquely qualified to challenge the status-quo, reshape the DA's office to reflect our community's values, and mend strained relationships with law enforcement, community groups, and elected officials.

TRUST & TRANSPARENCY:

I support transparency and will restore public trust by ceasing the nepotism that has plagued Lane County government for decades, expanding access to public records requests, releasing videos and press statements immediately after major incidents, creating a citizens advisory committee at the DA's office, releasing demographic data on prosecutions, and supporting bipartisan reforms of the justice system.

FAIRNESS:

All Lane County citizens deserve the same services, regardless of who they are or where they live.

REFORM:

- Success should be measured by low recidivism rates, not the length of costly prison terms.
- Create a separate trauma-informed sexual assault clinic for survivors.
- Increase funding for drug and mental health treatment programs.

GRACE WIDDICOMBE, PROUD DEMOCRAT FOR SOUTH EUGENE COUNTY COMMISSIONER

“Why run for office? I love Eugene! My family moved here over 20 years ago. However, I am increasingly frustrated by our toxic political climate with name-calling among our elected officials is far too common. This divisiveness not only hampers effective governance but also undermines the very fabric of our community. We need our leaders to embrace a more collaborative and constructive approach. That is what I will do as your Commissioner.”

-Grace Widdicombe

PRIORITIES AS COUNTY COMMISSIONER:

HELP OUR HOUSING CRISIS: Governor Tina Kotek has set ambitious goals for housing production, yet our commission has failed to participate in the housing reforms necessary to reach them. For years, Grace has worked to create more affordable housing for our neighbors. We must have equitable housing access to build strong, vibrant communities.

“Grace has been working tirelessly to help me and my neighbors find suitable, safe homes where we can work and raise a family.”

-Sherrlyn Borkgren

COLLABORATE WITH OTHERS TO MAKE A STRONGER COMMUNITY:

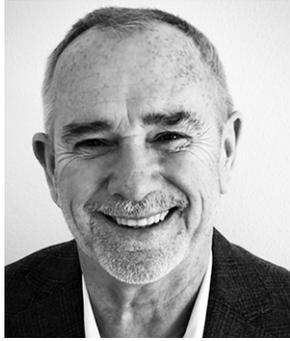

- Build a group to look strategically at our fairgrounds, keep the Eugene Emeralds, and revitalize the area.
- Work with our cities, haulers, and recycling processors to increase our waste diversion and recycling, without raising garbage rates exponentially for the benefit of a for-profit corporation.
- Work with our community health care providers to bring back much-needed Emergency Room services to Eugene.
- Collaborate with education to create more vocational education opportunities for our youth.
- Work with partners to provide solutions for homelessness, addiction, and mental health to ease the burden on first responders.

Eugene is a tale of two cities, with pockets of wealth on one side and the highest homelessness rate in the nation and people living paycheck to paycheck on the other.

For too long conservative commissioners have chased after jobs of the past instead of investing in the jobs of the future. Eugene has all the tools it needs to build the vibrant economy of tomorrow we all want with good jobs, affordable housing, and clean air and water for all.

I work for the non-profit Beyond Toxics helping pass City policies to regulate toxic polluters like JH Baxter and connect Low-Income families with energy efficient appliances.

As County Commissioner, I will regulate toxic polluters like JH Baxter, work with City and State Government and private industry to build more housing, and invest in 21st century infrastructure like fiber internet and a new hospital to attract and retain good jobs.

I would like to take this opportunity to provide an update on public safety in Lane County.

As your Sheriff, I would like to express my sincere gratitude to our community for their continued support of the Sheriff's Office. Most recently, Lane County voters passed for the third time the Jail Levy with nearly 80% support. This allows us to hold violent and Measure 11 offenders accountable while continuing to provide a mental health wellness program to those in custody.

Jail Levy Quick Facts

- Since the levy took effect in 2013, no violent felony or Measure 11 offenders have been released pretrial due to lack of space.
- The Jail is the largest Mental Health provider in the County.
- The levy provides 56 percent of jail operations funding.
- Levy funding provides 8 of 16 youth detention beds and 8 of 15 youth treatment beds.

Moving Forward

The Lane County Board of Commissioners established a Public Safety Funding Taskforce to explore long term funding solutions for our public safety system. I encourage residents to get involved and have their voices heard throughout this process by connecting with their county commissioners, attending the public sessions, providing public comment, attending the task force meetings (either in person or via zoom) or simply following the process and staying informed.

Lane County is continuing the work on a **Crisis Stabilization Center for jail diversion for those experiencing a mental health crisis. This will be an important and integral part of the public safety system.**

Leadership for a Change

"Ted listens to the concerns of others, engages in meaningful dialogue, and works collaboratively to find practical solutions." Dr. Gulrhk Rizvi, M.D., Eugene Family Medicine

Community

Eugene's vibrant neighborhoods are the heart of our community. Residents deserve a real voice in decisions impacting where they live. I strongly support our neighborhood associations as foundational to local democracy.

Housing

Destroying existing affordable housing and neighborhoods enriches a few without creating affordable homes. Instead, build inventory from the bottom up. I worked with Homes for Good and other allies to create Ollie Court, 80 affordable housing units in Ward 1.

Homelessness

The city, county, and state must work together to address homelessness. I continue to advocate for expanded managed campsites, effective services, and permanent supportive housing while progressively restricting street camping.

Community Safety

Everyone deserves to feel safe wherever they live. Enforcing boundaries and meaningful consequences are how we regain control of neighborhoods, streets, and open spaces.

Climate

Eugene must safeguard trees, crucial climate assets, and prioritize high-return strategies such as home weatherization and repairing leaky gas infrastructure.

Eugene deserves a city council that does more than just talk about our challenges – we need focused leadership willing to take action to actually overcome those challenges and make our community better. We've been approaching big-city problems with small-town-style governance, and it's standing in our way. I will prioritize investments in systems that are already working, and I'll engage the entire community to find new solutions that drive us toward the bright future I know we can achieve.

- **Housing:** I will work with developers, low-income advocates, and everyone in between to create accessible housing, through both increasing supply and improving economic mobility for Eugeneans.
- **Safe & Accessible Public Spaces:** Compassion is important, but we also have to maintain our beautiful public spaces. It's a crucial part of a liveable and thriving community for people who want to build a career, raise a family, or start a business.
- **A Strong & Responsible Economy:** We can have both a strong economy and protections for our environment and future generations - they are not mutually exclusive. We can and must strive for both as our population and challenges continue to exceed those of a small town. A thriving economy creates opportunities for everyone to reach above and beyond their potential. And it generates the revenue to fund programs that provide the first steps for some toward economic mobility.

Our community, and our neighbors, include advocates, business owners, renters and homeowners. It includes our partners in public service at the county and state. I will engage with all of these groups and others in good faith to meet our challenges and be a Eugene we can be proud of, without exceptions.

Ward 1 deserves a City Councilor who has the experience to help Eugene navigate the complex challenges we are facing. With almost twenty years of non-profit and public sector management experience and ten years volunteer service to Eugene I have what it takes to hit the ground running.

- **Homelessness:** Prioritize programs to prevent homelessness and reduce its impacts across the community
- **Climate:** Implement the changes we need to confront the climate crisis and reduce fossil fuel usage
- **Economic Sustainability:** Find solutions to the budget shortfall that preserve funding for community priorities

Living in the Ward for 44 years, much of my volunteer work has been devoted to protecting parks and wild lands and ensuring that our neighborhoods are welcoming and healthy for all ages, incomes, and **diversity** of households. With my leadership Southeast neighbors successfully protected 40 acres of mature forest from development. This section of the Amazon Creek headwaters is now a beautiful addition to Eugene's **parks and open space**.

I will build on former Eugene City Councilor Betty Taylor's legacy of representing constituent values and interests, rather than pursuing a political career.

I will fight to preserve existing **affordable housing** and support accountable efforts to increase the housing supply as rapidly as possible. Our unhoused neighbors also deserve a safe place to sleep until they have permanent housing.

My commitment to Ward 2 voters is to adequately fund essential services while insisting on **more transparency in the city budget**. This may require the services of an independent auditor. I do not support tax breaks to high-end property developers. Eugene taxpayers shouldn't subsidize a sports stadium when the City is telling residents there is not enough in the budget for critical services.

"Lisa has demonstrated strong leadership in environmental and neighborhood work for many years.

I support Lisa because I believe she has the right values to represent the residents of Eugene."

 Matt banned fireworks and prevented the closure of a fire station. He is proudly endorsed by the **Lane Professional Firefighters Local 851**.
- **PUBLIC SAFETY**
 Matt protected access to our schools and library by prohibiting camping within 1000 feet of those facilities in Eugene. Simultaneously, he stabilized funding for **Community Supported Shelters**, connecting unhoused residents to vital housing support services.

Issues:

Affordable Housing

Matt strongly supports lowering housing costs, reducing barriers to housing, building up—not out—especially along transportation routes, and preventing sprawl.

Mental Health

Matt is an ardent advocate for CAHOOTS and establishing a behavioral health stabilization center.

Traffic Safety

As an avid E-cyclist, Matt is fully committed to reducing traffic-related injuries, calming vehicular speed, and saving lives.

Climate Action

Expanding Eugene's tree canopy, decarbonization, and preserving our natural spaces are paramount. Matt is honored to have the support of **Sunrise Eugene**, the **Oregon League of Conservation Voters** and **Sierra Club**.

Focusing on Springfield's Future

Livable Neighborhoods & Strong Communities

Reliable services and good infrastructure are critical to family and local economic success. Having served our city and utility budget committees--including during the challenging pandemic, Kori knows the resources we have to meet community needs, and works to ensure our taxpayer dollars go as far as possible.

Affordable, Available Housing

Kori believes everyone should have access to affordable housing. She has worked to help create housing at every level in Springfield and is excited at both our newest neighborhoods in Ward 3, and affordable housing being built through partnerships and creativity. She encouraged the city to start a land banking program--buying land to help jumpstart affordable, workforce housing.

Supporting Small Businesses, Workers, and Family Wage Jobs

Small businesses bring innovation and family wage jobs to our community. We need more home-grown employers who trust they have a fair shot at success here in Springfield. Kori respects what it takes to start and run a business, and she will encourage economic growth, new industries, and equity. She has been a strong voice for workers, including her work as part of the ESF Fire Governance Board and supporting medical workers at McKenzie Willamette and PeaceHealth hospitals.

I am truly proud to live in Springfield, especially when watching neighbors help each other during the January ice storm. As your city counselor, I will focus on:

Supporting First Responders

Our police and fire are crucial for our citizens' safety and wellbeing. We must support the key team members that make Springfield a uniquely safe city for raising a family.

Staying Open for Business

Springfield will support jobs and local businesses. We need to see steady economic growth in all sectors for a robust local economy.

Taking a Hard Line Against Drugs

The reversal of Measure 110 is a sign of hope that we can push back against an epidemic of fentanyl and other hard drugs that harm our families and children.

Focusing on Achievable Goals

Small, achievable projects, like cleaning up blackberries or filling potholes, make everyone's life better without having to wait for state or federal funding.
