Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

- No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

(This information furnished by The Constitution Party of Oregon.)

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

VOTE. THINK. BE. INDEPENDENT.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose "**None of the Above**" for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Andrea Salinas (Democrat, Congressional District 6)

These incumbents have continually shown their willingness to put the interests of their constituents second to that of foreign powers and the arms industry, proving their unworthiness to hold office. **The LPO is actively recruiting candidates for THESE and ALL OTHER races** across our state and encourages ANY interested persons to **contact us at campaigns@lporegon.org**.

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

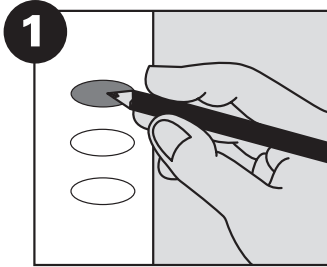

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

Deploy Monique for Bold Commonsense Leadership

Monique is running for Congress because we need a fighter in Washington who will deliver real results for Oregonians. Career politicians have proven they are all talk, no action, while problems facing Oregonians continue to grow exponentially. **Monique is an outsider challenging the status quo.** She vows to deliver commonsense policies on public safety, the economy, inflation, and government accountability.

National Security, Public Safety, Crime

Monique’s twin sons are her inspiration to step up to run for Congress and demand our federal government do its job in solving the issues facing Oregon. Our open border, combined with decades of Democrat rule is draining resources and fueling disastrous conditions: **Rampant homelessness, untreated addiction, unchecked crime, record trafficking of humans, deadly drugs, and weapons.** Monique will work with anyone in Congress willing to pass common sense policies addressing these issues directly.

Prosperous Economy

Monique is a single mom who knows the challenges of working parents while career politicians have forgotten us and are out of touch with our daily hardships. Oregonians need a healthy economy, affordable housing, childcare, quality education focused on core basics, law enforcement, and a justice system that protects victims, not just criminals. **Oregon will no longer be forgotten because Monique will fight for commonsense policies** that finally prioritize Oregon’s infrastructure and unleash economic development and jobs.

Government Transparency & Accountability

As a veteran, **Monique’s oath to support and defend our U.S. Constitution, the supreme law of this land, remains her promise.** Monique’s goal, as your Congresswoman, is to serve and protect the constituents and future generations of Congressional District 4.

Congress needs strong leadership against socialist policies and political corruption. We must demand accountability holding lawmakers and bureaucrat's feet to the fire while upholding our constitutional rights! "Dennis is the perfect leader to ensure voter integrity, oversee corporate registrations, and audit state agencies." –Senator Brian Boquist

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

"Dennis will bring Integrity, Accountability and Transparency..." – Senator Kim Thatcher

For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shoplifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

ANDERSON - DELIVERING FOR THE COAST

I promised not to leave the coast behind and I delivered. Working side by side with my Representatives, we were able to secure millions in funding for a large number of projects - bringing dollars to the coast.

DELIVERING FOR HOUSING ON ALL FRONTS

As the Housing lead for Senate Republicans, I worked to initiate real change across Oregon. We passed landmark legislation to open up housing projects for low income, medium income and workforce housing across the state. I will continue my leadership role to focus on the need for increased production to match community needs.

ADVOCATING FOR MORE CHILDCARE OPTIONS

With my leadership, we passed an innovative childcare program in Oregon to allow for more childcare options for the 1-5-year-old kids. Opening up more childcare centers is critical to the workforce in our rural communities. I am proud to lead this effort.

FUNDING FOR MENTAL HEALTH AND ADDICTION SERVICES

State funding for mental health in rural Oregon continues to be inadequate. We pushed and pushed for more funding for our counties' mental and addiction needs and won some. I keep our smaller communities in mind as mental health and addiction issues are everywhere.

PUSHING FOR MORE ACCESS TO HEALTH CARE

Our hospitals and health care facilities in Senate District 5 are struggling. Getting doctors, dentists, optometrists and other health care providers to work in our communities is critical to a healthy economy. You should not have to drive to the valley to see a doctor.

Prior Governmental Experience: USMC, US-Army, Washington state dept of Corrections/union shop steward.

Oregon is at a crossroads, we are facing numerous crisis and our government has turned a deaf ear, towards its citizens. Instead, it pushes an agenda through powerful bureaucracies that work against us, in short, top down government.

Our communities have become havens for drug trafficking, gangs and cartel members while state amnesty policies create a haven for criminal activity.

Our educational system is at the bottom of our national standard, due to the political influence of the teachers union. A union that pushed back against academic standards for graduation, has instead pushed political, social ideologies, into the classroom that focus on identity politics.

Economically, families are struggling, while the state attacks industries that provide family supporting wages and tax revenues. The states solution? a desire to take over property taxes to shift the tax burden onto home owners.

These are the issues facing Oregon families but there is good news. Public awareness is growing, citizens are getting more involved and pushing back. We know how to fix these issues, we have already succeeded in these endeavors in our past. It wont be easy but we have no choice if we are to returned to a citizen controled government. The power should always remain in the hands of the people. Working together we can turn our state around and make it work for us. Please give me the opportunity to represent you in the 32nd district. Together, we can turn the tide, against top down government.

Effective, Accountable Leadership

Living and working on the North Coast for over a decade, I am deeply committed to its prosperity. This is the best place to live, run a small business, and raise a family. I will fight every day to preserve our home!

I’ve had the honor of serving District 32 for the past year and a half. I’m a rural Republican elected during a time when Democrats have complete control over the Oregon Legislature and Governor’s office. Every day I’ve sought to make sure North Coast voices are heard in Salem. Despite the far-left agenda being prioritized in the capitol, we’ve been able to make real progress. I would be honored to keep serving you so we can build on our success.

Accomplishments to Protect the North Coast

- Spearheaded reforms to Measure 110, focusing on serious action against fentanyl possession; advocating for law enforcement enhancements
- Led the fight against the radical environmentalist's extreme Habitat Conservation Plan, which is already cutting local jobs and will defund rural police and schools
- Strengthened laws for stalking victims and implemented measures to keep predators from our schools
- Proposed vital school safety legislation, including School Resource Officers and prompt parental notifications of threats
- Successfully passed legislation to boost housing availability and affordability
- Reformed coverage for high-cost prescription drugs to make medications more affordable
- Enhanced the flexibility of federal funding usage for rural broadband, connecting our communities more effectively

Senator from Delaware (1973-2009)

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of *Roe v. Wade* so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

Occupational Background: Consumer Protection Attorney

Educational Background: Lane Community College, AS;

Strong Leadership, Oregon Values, a Better Future

Suzanne worked her way through community college, university, and law school, so she knows what it's like to struggle to make ends meet. She worked at Legal Aid and as a consumer protection attorney. Her experience volunteering in public schools inspired her to run for office; now she's a national leader on the Education & Workforce Committee.

Suzanne is Building an Economy that Works for Everyone by:

- Delivering federal dollars to end homelessness, expand mental health care, address addiction, and build more affordable housing in cities and rural communities.
- Passing a bipartisan infrastructure bill that's lowering costs and bringing \$4.9 billion to Oregon for roads, bridges, public transit, renewable energy, and broadband.
- Supporting universal health care and passing legislation to reduce prescription drug costs, including capping insulin at \$35/month for seniors. She will always protect Medicare and Social Security.
- Bringing \$52.3 million to NW Oregon this Congress, including \$6.25 million to add more than 300 units of affordable housing.
- Leading the fight for more investments in affordable child care, public education, and paid leave.

Suzanne is Leading with Oregon Values by:

- Fighting for access to abortion care and contraception; decisions patients should make with their health care provider, not the government.
- Championing LGBTQI+ rights and gun violence prevention, and protecting voting rights and democracy.
- Serving as a leader on the Science Committee and helping pass the largest bill to combat climate change in history. The law supports an equitable transition to renewable energy and creates good jobs in emerging industries.
- Supporting well-rounded public education, apprenticeships, debt-free higher education, and career and technical education.

Summary

I am running for Congress because I believe military aid to Israel violates the U.S. Constitution's separation of church and state. Some of my positions are below, while more details are at www.JamilAhmadForCongress.com.

Foreign Policy

Israel

Israel is a self-declared religious state. For example, Israel's common law of 2018 states:

The right to exercise national self-determination in the State of Israel is unique to the Jewish people.

The first amendment of the U.S. Constitution requires separation of church and state:

Congress shall make no law respecting an establishment of religion

I interpret this to mean that Congress cannot pass bills which provide military aid to religious states, such as Israel.

Suzanne Bonamici acknowledged that Israel is a religious state by voting for two bills describing Israel as a "Jewish State". Yet, she has voted for eleven bills providing Israel with over \$34.4 billion in military aid. I will vote against any bill providing military aid to a religious state.

Domestic Policy

Budget

During Suzanne Bonamici's tenure, the debt-to-GDP ratio has increased from 96% (Q4 2011) to 120% (Q3 2023). This trend is not sustainable. I will vote against any budget increase until our debt-to-GDP ratio returns to 96% or lower.

Tax Code

I will vote against any bill that makes the tax code more complex. Instead, we should strive to simplify the tax code. If taxes are to be reduced, we should consider eliminating the alternative minimum tax or the tax on social security benefits. If taxes are to be increased, we should consider eliminating section 199A credits.

Student Loans

Tuition often costs more than loan recipients can afford to repay. Schools associated with low rates of loan repayment should be removed from the federal student loan program. Separately, the online student loan application requires some improvements.

A PROVEN FIGHTER FOR US

"It's my greatest honor to serve you in Congress. My husband and I moved here over two decades ago to raise our children. It's the best decision we ever made. I've built my career fighting for working families, and with your support, I'll keep fighting for Oregonians in Congress."

— Val Hoyle

Fighting for Reproductive Health Care

Women are losing access to abortion, birth control, and reproductive care. I will stand up to GOP attempts to institute a national ban on abortion, birth control, and IVF treatments.

Fighting for a Strong Economy

We need to prepare our workforce for the future by investing in green infrastructure, expanding apprenticeship and pre-apprenticeship programs, and supporting the small businesses that are the backbone of our economy.

Fighting for Democracy

Faith in our elections and democracy are under attack. I support the John Lewis Voting Rights Act to ensure that every eligible citizen who wants to vote can.

Fighting for Social Security and Medicare

In Congress, my first bill vowed to protect and expand Social Security and Medicare. These are not entitlements. They have been earned and we need to preserve them into the future.

Fighting for Workers

In Oregon, I expanded job training, increased the minimum wage, and secured paid sick leave. As a third-generation union member, I will always fight for working people and family-wage jobs.

Secretary of State**James Jim Crary**

Democrat

Occupation: Retired**Occupational Background:** Attorney; Supply Chain Management**Educational Background:** BBA-Pacific Lutheran University; J.D.

University of San Diego

Prior Governmental Experience: Greensprings Rural Fire District; Pinehurst School District; Army 1972-73**"I'm not asking you to vote for me, vote for yourself."** (Harry Truman)

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

Questions/comments; call me at 541-531-2912 (Good luck getting ahold of the other candidates).

Vote for yourself, by voting for me!

Jim

*(This information furnished by James A. Crary.)***Secretary of State****Paul Damian Wells**

Democrat

Occupation: Retired**Occupational Background:** Electrical Engineer**Educational Background:** BSEE Purdue 1984**Prior Governmental****Experience:** Voting Rights Advocate since 1992**Ranked Choice Voting (RCV)**

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

Delivering on our Values**

As a legislator and State Treasurer, Tobias:

- Responsibly invested billions of dollars in Oregon’s pension fund to ensure a secure retirement for hundreds of thousands of workers, and created OregonSaves, so Oregonians without a pension plan can save for retirement.
- Helped lead the effort for full-day kindergarten, so a good educational start doesn’t depend on income or zip code; increased options for families to save for college; and passed Open Oregon, which has saved 1.5 million students over \$152 million on textbooks.
- Protected our environment by saving the Elliott Forest and creating the plan to bring Oregon’s pension fund to net zero carbon emissions.

Tobias Read is the only candidate for Secretary of State with successful managerial experience running a statewide agency.

The Right Priorities for Secretary of State

- Defend election integrity by fighting misinformation and by making it easier to vote.
- Protect Oregon’s election workers by strengthening security against threats and intimidation.
- As “auditor-in-chief,” use audits to make sure our tax dollars aren’t wasted, have the impact we need, and are free from political interference.

Occupational Background: Taught business and accounting courses; retired attorney.

Educational Background: B.A. Univ. of Chicago, MBA Univ. of Portland, JD Northwestern School of Law at Lewis & Clark College.

Prior Governmental Experience: Former Securities Analyst, State of Oregon.

1. Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. Also, the submerged pipelines will push water down the river at a faster pace in order to avoid river flooding. Videos on Dave's invention are at:

Facebook <https://www.facebook.com/Staufent11/videos/527860141260379>

2. Dave Stauffer's second invention, when installed on every house in America and throughout the world, will greatly decrease every household's use and cost for heating their house, air conditioning their house, heating water in every house, generating pollution-free electricity in every house so it will drastically reduce the air pollution that is caused by burning coal, fuel oil, and natural gas to heat, air condition, heat water, and provide electricity to houses and buildings. Info on Dave's "Zero-Fossil-Fuel-Using Heating and Cooling Apparatus for Residences and Buildings" is at:

www.facebook.com/Staufent11/videos/2812893908778011

3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4. Another invention will generate pollution-free electricity from ocean waves.

Politicians love to talk. As a **local leader, small business champion, and working mother**, Jo Beaudreau prefers to roll up her sleeves and get to work.

Our community works hard. Whether it's the fisherman who sets out each day before sunrise, the pulp worker who always tucks her children into bed, or the small business owner striving to keep the doors open for another month - the South & Central coast has been forged by grit, determination, and a passion for this spectacular place we call home.

Too many politicians have forgotten what makes Oregon special, but not Jo.
She lives it every single day.

In Salem, we can count on Jo to put Coastal Oregonians first by:

- Creating good paying jobs & supporting small businesses

FIGHTING FOR US**

I started a business on the coast, and Susan and I retired here. Salem doesn't always represent small communities well. That's why I've fought for commonsense solutions to local challenges.

- **Wildfires:** When my neighbors lost their homes, I took action, to **reduce taxes, expand insurance, and lower rebuilding costs.**

Judge of the Court of Appeals, Position 2

Megan L Jacquot

Occupational Background: Circuit Court Judge (Coos County), Municipal Court Judge, Attorney in private practice, public defender.

Educational Background: Tulane Law School, JD, Pacific Lutheran University, BA, Klamath Union High School

Prior Governmental Experience: Circuit Court Judge, Reedsport Municipal Judge, North Bend School Board, Oregon Commission for Women, Governor's Child Foster Care Advisory Committee.

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

Prior Governmental Experience: I was a prosecutor for the City of Newport, Municipal Court\

Aside from attending Oregon State University and the University of Oregon law school, I have been a life-long resident of Lincoln County. I graduated from Newport High School. Occupational Background: Deputy District Attorney; Law Clerk, Washington County DA's Office

Educational Background: University of Oregon School of Law, J.D.; Northwest Christian University, B.A.

Prior Governmental Experience: Deputy District Attorney: Lincoln County, Lane County, Coos County

I am running for Lincoln County District Attorney because I believe in the importance of seeking justice and accountability, not only for community safety, but also for rehabilitation. Justice is not black and white; it is not one size fits all. Justice requires a thoughtful review and a decisive approach to each and every set of facts. Justice may come in the form of a dismissal, a diversion, participation in a treatment court, probation or a prison sentence. The elected District Attorney must have the experience, judgment, integrity and wisdom to assess each case and seek a resolution that is fair and equitable. I understand that the purpose of the District Attorney's Office is to seek the truth, not just a conviction.

As a Deputy District Attorney for Lincoln County, I have had the privilege of contributing to the safety of our community by successfully prosecuting the county's most serious crimes, including child abuse, assault, domestic violence, sexual assault, and homicide. I believe in the criminal justice system, and as your elected District Attorney I will do everything within my authority to seek justice for all citizens of Lincoln County.

As a career prosecutor, I recognize the immense power delegated to the District Attorney by the Oregon Constitution to not only protect the innocent but to prosecute the guilty. One of the most rewarding aspects of my career has been the opportunity to fiercely advocate for crime victims. During the past decade, I have repeatedly applied the principles of justice to make nuanced assessments to thousands of individual cases, and I would be honored to continue to do so as your elected District Attorney.

County Commissioner, Tillamook County, Position 2

Paul Fournier

Nonpartisan

Occupation: Deputy Sheriff, Small Business Owner

Occupational Background: Retired Deputy Sheriff - Detective, EMT/Firefighter, Newspaper Editor, filmmaker/photographer, as well as a

construction worker, truck driver and food/beverage service employee.

Educational Background: Southern New Hampshire University - BA, New York University - Film Studies, Mt. Wachusett Community College - AS

Prior Governmental Experience: Employed by Tillamook County for more than 20 years.

I believe that Tillamook County is at a crossroads and needs leadership with a fresh perspective - someone with the vision, courage and local experience required to help guide our community. As your County Commissioner, my priorities will be to:

- Identify and create stable alternative revenue sources to help end the "boom or bust" economy our county has been struggling with for decades - therefore ensuring a balanced budget year after year.
- Increase support to our county law enforcement agencies and other public safety partners.
- Invest in roads and other vital county infrastructure, and the personnel that perform those important duties.
- Focus on creating/incentivizing more desperately needed workforce and middle-income housing for our teachers, service providers, first responders, and other workers.
- Develop partnerships to address the lack of affordable and available childcare in order to assist our working families.
- Ensure that visitors are paying their fair share to help mitigate any increased impacts to our county infrastructure, services or livability.
- Increase community partnerships to identify solutions to the homelessness issue, not only the impacts it has on those experiencing being homeless, but also the negative effects homelessness has on the community at-large.

Tillamook County is facing many additional issues that threaten our quality of life — FEMA's BiOp flood mitigation plan, Oregon Department of Forestry's recently approved Habitat Conservation Plan, recent assaults on recreational immunity, and impacts from increased visitors, just to name a few.

As your County Commissioner, I will strive to keep Tillamook County one of the best places to live, work and visit.
