Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Voters' Pamphlet Translations

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. [Follow the instructions!](#)

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

→ No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose **"None of the Above"** for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

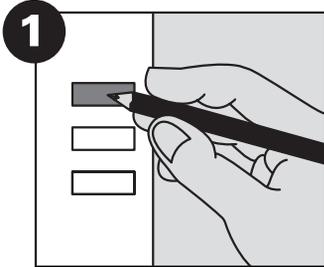

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

Achieving the American Dream

Lori grew up in a farm community and **became the first in her family to graduate from college.** She settled in Happy Valley with her husband, Shawn, where they raised twin daughters. Together, they founded an anesthesia management company and several mental health clinics throughout the Pacific Northwest. In 2023, Lori became the first Republican Latina to represent Oregon in Congress.

Occupation: Tigard Small Business Owner; Supply Chain and Logistics

Occupational Background: Transportation & Logistics Management

Educational Background: B.S., Business, Portland State University

Why Oregon Needs Mike Erickson's Experience in Congress

Mike Erickson is a Tigard businessman who started his business out of his garage and grew it to one of Oregon's fastest-growing companies. Working two jobs, he put himself through college. He was the first in his family to graduate. Mike's wife is a healthcare nurse.

Mike understands how to run a successful business and stay within a budget. He is an everyday problem solver who helps companies save money. Mike will work across party lines to find solutions.

As the son of a 30-year police officer, Mike understands law enforcement and keeping **our community safe. Mike will work to fully fund the police and stop the legalization of dangerous drugs.** This includes increasing border security and the influx of human trafficking and drugs.

"Mike Erickson is a strong and proven conservative business leader. Congress needs someone like Mike whose business background is badly needed." - Kevin Cameron, Marion County Commissioner

Securing Our Southern Border

Mike Erickson wants our southern border secured, now. Allowing 8 million illegal immigrants to pass through our borders without going through proper channels is unthinkable. The pressure on our States and cities with the massive influx of fentanyl is compromising our communities, stressing our healthcare system, and costing millions. It must stop.

Fighting Inflation & Growing our Economy

Let's say what inflation is: a tax on America's families. Incompetence by politicians and out-of-control spending policies have led to record inflation. Families are seeing massive price increases at the grocery store and gas pumps.

"Mike is the one candidate who will fight to support our hard-working police officers." - David Bishop, Former Beaverton and Newberg Police Chief

The Constitution

You

These are my highest priorities.

I am an America First Servant Leader, Patriot Warrior

and I am asking for your vote.

You voting and being an informed voter are much more important to me than who you vote for. This important decision should not be taken lightly. PLEASE research the candidates thoroughly before voting. If you just vote for the person who bought the most radio/TV ads and filled your mail box with the most garbage you could be making a big mistake. A good place to start is the candidate's website. Mine is RussIsForUS.com. Instead of cramming a bunch of "triggering" bullet points into this pamphlet statement I direct you to my website for the whole story. RussIsForUS.com has my stance on nearly everything, and you will be able to contact me directly.

Thomas Sowell said, "If you want to help people, tell them the Truth. If you want something from them, tell them what they want to hear." I am committed to telling you the truth and restoring the Constitution for The United States of America.

I will always act in your best interest in Washington DC and not be subject to bribery or blackmail. You can believe this because I:

- 1) am accountable to God when I leave this world
- 2) do not have a multi-million dollar business that I am afraid of losing or want favors for, and
- 3) do not have huge donors, or people that appointed me to office, that I fear losing support from.

I am not elite and I will fight to the death for you and the USA. In these times of upside-down morality, how many people will tell you that?

Vote for Freedom, Liberty and Local Control.

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

Communications, President Super Green Fuels; a Company developing Alternative Energy, Biodiesel, Biomass Waste to Energy.

Educational Background: U.S. Air Force Technical Training, Leadership School, Realtors School, Business, Law Education

Prior Governmental Experience: United States Military, USPS

For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shop-lifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

State Senator, 29th District

Jim E Doherty

Occupation: Cattle Rancher

Occupational Background: Ranch Owner, Ranch Manager, Crops Manager

Educational Background: Associate degree in Production

Agriculture, Bachelor of Arts in Business and History

Prior Governmental Experience: President of the Association of Oregon Counties; Morrow County Commissioner, Governors Alcohol & Drug Policy Commission, Jefferson County SWCD chair, Morrow County SWCD, NACo Representative

Jim Doherty: Proven Leadership. Delivering Results.

I deeply value the residents of Senate District 29. Instead of just pledging my dedication to their needs, I seek to actively listen and work with them through compassionate conservatism. My goal is to engage directly with our diverse communities in policymaking and serve as a reliable bridge, bringing the voices and concerns of District 29 to Salem, ensuring that Eastern Oregonians have a significant role in decisions impacting our robust rural communities.

"Jim's leadership capabilities have been tested and proven time and time again. He is the right person to represent Senate District 29 in Salem" – **Sheriff Brad Lohrey, Sherman County**

Illegal Immigration

I support legislation that was introduced in the recent legislative session which would immediately notify federal authorities when an illegal immigrant is arrested for delivery or manufacture of fentanyl in Oregon. The person would not be eligible for release, except as provided by the Oregon Constitution. We must protect our communities.

Inflation and Increased Taxes

Under the Biden Administration's policies, everything has skyrocketed in cost: gas, utilities, groceries, cars, rent, and more. Oregon must be a leader in cutting costs for Oregonians, we can't have Portland and Washington DC policies dictating how we live here in Eastern Oregon.

Protecting Our Gun Rights

Our 2nd Amendment rights are quickly being eroded. We have more than enough gun laws on the books. In fact, some need to be repealed. Protecting our 2nd Amendment rights is a priority for me.

Office of Rural Policy

I will bring legislation that will ensure we are once again heard in Salem.

Wash. (1996-98)

Educational Background: Doctorate of Optometry, Pacific University; Bachelor's Degree, Central Washington University; Associate Degree, Yakima Valley Community College

Small Business Owner

As a small business owner, Dave has experienced firsthand how policies in Salem affect working families trying to make ends meet. Dave knows how to balance a budget and meet a payroll, and he will work to lower taxes and allow employers to invest more in their workers. Communities thrive when businesses are allowed to succeed.

Protecting Conservative Eastern Oregon Values

Our constitutionally protected Second Amendment rights are being eroded, and the sanctity of life is being undermined and disregarded. Dave will stand firm in his support for lower taxes, safer communities, the right to life, and defending our Second Amendment.

Fiscal Responsibility

Inflation and ill-advised tax policies are hurting our families and businesses. State government continues to spend more and offer one-size-fits-all solutions that don't work for rural Oregon. Dave believes state government must be accountable for every dollar it spends and will fight for a transparent process, making the best use of available revenue and not putting additional tax burdens on families and businesses already struggling to afford everyday expenses.

Eastern Oregon is a great place to live, yet we are facing challenges that require experienced leadership in natural resources, economic development, and our community. As Senator, I will preserve our way of life and ensure your voice and priorities are represented in Salem.

I believe we are entitled to our Constitutional rights, individual choices, and personal freedoms. **I am 100% pro-life and pro-second amendment.** I support local control and decision-making and believe in reducing government overreach.

Addressing public safety is paramount. **We must fully fund** our police, first responders, and public safety professionals to combat increasing crime rates in our communities.

Inflation and Salem's tax-and-spend policies are making it harder to provide for our families. **I will oppose tax increases and vote to protect your Kicker** so your hard-earned money stays with you.

We need to prioritize natural resources and agricultural opportunities. **These industries are key to our economies**, and need support from our state leadership. **We need to bolster businesses**, putting money in our local economy, creating job opportunities, and increasing resources for public safety, schools, housing, and essential services.

ABOUT JAMI CATE

The current Republican State Representative for House District 11, a grass seed farmer from Lebanon, life-long Christian, long-time community volunteer, mountain climber and lover of all things rural Oregon.

Endorsed By:

State Senator Fred Girod

“Representative Cate is a proven champion for Linn and Marion Counties, and an essential member of our fight for conservative values in Salem—unwavering in her conviction to push back against the extreme liberal agenda of Portland Democrats.”

STANDING STRONG FOR LAW AND ORDER

Democrats in Salem lack the backbone necessary to stand up for law enforcement and restore a tough on crime ideology for our state. They want to take our guns, allow criminals to keep wrecking our communities, and throw endless tax dollars at empty “fixes.” Jami won’t compromise in her fight to keep our communities safe.

Endorsed By:

Linn County Sheriff Michelle Duncan

“Representative Cate has been an advocate for the Linn County Sheriff’s Office and doesn’t hesitate to push back against the laws compromising our ability to keep citizens safe. She is a true supporter of law enforcement, and the partner we need fighting on our behalf in Salem.”

“Shelly is a reliable and effective voice for Linn County. She’s willing to roll up her sleeves, get into the details, and find solutions. She not only listens but actively seeks input from our community.”

Chris Reese, CEO, Mid-Willamette Valley YMCA

OREGON NEEDS CHANGE

Since you first elected me in 2018, I have worked hard to bring balance to Salem by helping elect common-sense people to the Legislature, and Republicans have gained seats ever since. We must continue that work to turn the tide against a decade of Majority Party failures.

A COMMONSENSE CONSERVATIVE

Too many politicians in Salem have forgotten where they came from. They don’t remember the time when they didn’t control the levers of power in our state government. But I promise to never forget my roots. I am Linn County through and through. It’s where I grew up, where I chose to raise a family, and build a business. I believe government functions best when regular people get involved.

In Salem, I have fought for our values by:

- Standing up for parental rights and school choice.
- Fighting for the repeal of Measure 110.
- Defending the 2nd Amendment.
- Supporting law enforcement.
- Sponsoring legislation to make it easier to do business in Oregon and cut taxes for working families.

FIGHTING FOR AN OREGON THAT WORKS FOR EVERYONE

For too long Oregon has been led by one-party rule, with devastating impacts on our streets, our schools, and our pocketbooks. It's beyond time to restore balance in the legislature, to get back to the basics of good governance, to represent the real people of Oregon and not the extreme special interests. That's what I'm all about, and why I am honored to serve House District 17.

Back to Basics

- **Reduce homelessness and addiction:** recriminalize hard drugs and require treatment; compassionate accountability
- **Make Oregon affordable:** oppose new taxes, invest in infrastructure, protect the kicker
- **Hold government accountable:** revamp our budgeting process, measure results
- **Promote low cost, reliable energy:** eliminate legislative mandates that are driving utility prices sky high
- **Lower regulatory burden:** eliminate regulation that stifles innovation, reduces competition, and increases costs
- **Healthy forests and farms:** reverse misguided policies that are devastating rural communities
- **Protect parental rights:** parents have the fundamental right to direct the care and upbringing of their children
- **School choice:** promote Education Savings Accounts so each child gets the education that works best for them
- **Respect the inherent dignity of human life:** promote a culture of life and help those unable to help themselves
- **Protect and defend our 2nd Amendment rights**
- **Support law enforcement**

Service. Community. Results.

I have lived in South Salem for 45 years. After serving honorably in the U.S. Navy, I came back to Salem because it is a fantastic place to live and raise a family. Nothing gives me more joy and more concern for the future of Oregon than our precious new grandson. The next generations are the reason I knew I had to step up to run for office.

As your State Representative, I will advocate for:

RESTORING PUBLIC SAFETY

- Lock up drug dealers & invest in mandatory treatment for addicted persons
- Stop the early release of violent criminals perpetuated by my opponent
- Invest in, support, and train police

QUALITY AND SAFE SCHOOLS

- Reinstate graduation standards
- Increase teacher pay & hire School Resource Officers
- Expand alternative school options for parents

PUT WORKING FAMILIES FIRST

- Prevent cities from implementing payroll taxes
- Protect the environment without costly government regulations
- Reverse the over 80% South Salem housing price jump since my opponent was elected

When we look back at the last 10 years, we need to ask ourselves; what has gotten better? Has Education improved? Has the cost of living become more affordable? Have we made big progress on addressing homelessness, drug addiction, and overdoses? Has rent stabilized? Have our roads gotten better? Are we handling wildfires better? Is our Infrastructure ready for an earthquake, are there emergency services ready for an earthquake?

Because from what I see, the progress we've made is backward. This is despite the Majority Party passing large bills and increases in taxes to address these issues.

Were these bad bills, or was the implementation of those bills done poorly? Either way, those elected and put in charge have failed to make progress in this state. We need people in the Legislature who will hold our government accountable, with genuine authentic accountability. We don't need people in office giving free passes to the Executive Branch. Rather we need someone who sees the problems and holds the Executive Branch accountable.

That's why I'm running to represent you. I'm running to bring True Authentic Accountability to the Legislature. So we can make forward progress; not go backwards.

Faith. Family. Community.

I was born and raised in this community and grew up working for my parents' business as a farmhand. I played softball, basketball, and track for Gervais High. My father was a logger, truck driver, and ordained minister who taught me to take a hands-on approach to helping others. That strong work ethic and deep faith have directed my life ever since.

I've met payroll and balanced budgets. Over the past year and a half, I've worked to use that experience to help Oregonians recover from years of the Democrats' unaffordable and dangerous agenda.

It has been an honor to serve, and I am asking for your vote for a second term to continue the work we've started!

Taking on the Political Establishment

During my first term, I've worked as a minority party member against complete Democrat control. Despite that, we've been able to move the ball forward on some of my key priorities:

- Voted to repeal Measure 110
- Passed a bill to expand housing that will lower the cost of living and reduce homelessness
- Sponsored numerous bills to increase school safety, including funding for School Resource Officers (police on campuses) and requiring electronic notification to parents of security threats
- Passed legislation to increase access to Career and Technical Education for Marion County students
- Led the fight for comprehensive school choice reforms and transparency in curriculum for parents
- Pushed back against further cutting of school graduation standards
- Exposed wasteful spending by state agencies to make sure taxpayers keep more of their hard-earned money
- Helped secure funding for Woodburn's Community Center

President

Joseph R Biden Jr

Democrat

Occupation: President of the United States

Occupational Background: President of the United States (2021-present); Vice President of the United States (2009-2017); and United States

Senator from Delaware (1973-2009)

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of *Roe v. Wade* so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

I stand for Oregonians **thriving together**; that means putting the well-being of our communities first. We're often forgotten in rural Oregon. I will make sure that no matter how far from Salem or DC you live, you can have a job, family, and meaning. Our path forward is built on innovative approaches to critical barriers in our region.

Thriving begins with **education**. Too many students in our district don't have the resources they need. Many Oregonians seek a better life for their families but can't gain the new skills needed to command higher wages while working full-time. In congress I will work on legislation to fund Career and Technical Education, expand broadband access for hybrid programs, and provide new options for flexible learning. By strengthening our educational infrastructure we can provide everyone better opportunities to achieve individual potential.

We face a major **housing** crisis. The dream of homeownership is unrealistic for many families due to skyrocketing costs and lack of availability. I will work to secure federal investments for innovative housing projects and promote policy that encourages development of sustainable, low-cost housing options. Everyone deserves a safe and affordable place to call home.

Since the last election, Oregonians were devastated by a global pandemic and regional wildfires. Our **behavioral health** has plummeted. Oregon ranks near last nationally for youth and adult mental health and access to care, according to Mental Health America. I will work with local leaders to create treatment options, transitional housing, and a stronger workforce of providers. With comprehensive and equitable programs, we can *thrive together*.

The daughter of teachers, working mother of four, small business owner and our state representative since 2016, Janelle has been a champion for our community and is standing strong against MAGA extremists threatening to pass a national abortion ban and take away our voting rights.

Janelle's beaten Republican Lori Chavez DeRemer twice. She'll do it again and fight for equality and justice for all Oregonians.

- **Our rights and freedoms have never been under greater threat.** Janelle believes a woman's health decisions are between herself, her family and her doctor. She will lead the fight to restore women's right to abortion nationally.
- Janelle sees how hard things are for Oregon's families. **She has a track record of fighting for lower costs, higher wages, paid leave, and equal pay.** In Congress, she'll go after price gouging corporate CEOs and lower housing and grocery costs.
- **Janelle's making health care affordable and accessible,** voting to cap insulin costs. Janelle will stop MAGA extremists from repealing Obamacare so Oregonians don't have to worry about losing lifesaving coverage.

Cody Reynolds

Occupation: Business Owner

Occupational Background: Owner, Investor, Advisor, and Soldier

Educational Background: West Point Graduate

Prior Governmental Experience: Enlisted Soldier, United States Army Officer

As a single father, Army Veteran, West Point graduate, and a businessman I've faced many challenges. At 13, I took on the responsibility of caring for my disabled brother while we lived in a trailer. Despite the hardships, we persevered.

My journey took a turn at 25 when I was injured, ending my military career. However, I didn't let that stop me. I built successful businesses and dedicated myself to mentoring disadvantaged youth in my community. I'm self funding my campaign without relying on support from unions, corporations, or special interests. I firmly believe that my allegiance should be to the people of Oregon, not rich men in Washington DC.

Our nation stands at a critical juncture. We can either follow the same old politicians or opt for fresh voices with new ideas.

In Washington, my priorities are clear:

- **Confronting the homelessness crisis head-on by funding effective programs while demanding accountability from those we're trying to help. The hands off approach of our current leaders has failed.**
- **Ensuring everyone has access to high-quality, affordable healthcare. I propose opening Medicare to all who wish to enroll.**
- **Making substantial investments in our future economy. While we may not immediately transition away from fossil fuels, we can invest in the necessary infrastructure and technology to ensure that the United States remains the center of innovation.**

I take pride in serving my country and community.

It would be my honor to earn your vote and serve you.

Andrea Salinas

Democrat

Occupation: US Congresswoman

Occupational Background: Environmental, Health Care Advocate

Educational Background:

University of California, Berkeley, BA

Prior Governmental Experience: Oregon State Representative, Oregon Complete Count Committee, PEBB Member, Oregon Commission on Hispanic Affairs

As the daughter of a Mexican immigrant who worked in the fields before serving our community in the military and as a police officer, Andrea knows change can happen in a generation through hard work. As a mom and a member of Congress, Andrea's driven by a commitment to create opportunities for all Oregonians and build a stronger future for her daughter's generation.

Andrea's delivering results for Oregon through:

INVESTING IN AFFORDABLE HOUSING – Andrea knows we must tackle our housing affordability crisis head on. In Congress, she secured federal funding for affordable housing initiatives in Tigard and Newberg. She also supported legislation that would pave the way for two million affordable homes to be built in the next two years.

IMPROVING ACCESS TO MENTAL HEALTH CARE – Andrea's a leading advocate in Congress for improving access to mental health services. She founded the Bipartisan Rural Health Caucus and introduced legislation to improve mental health support for firefighters, rural Americans, Medicare and Medicaid recipients, and others that face disproportionate barriers to care.

TACKLING THE FENTANYL CRISIS – The health and safety of our community is a priority for Andrea. She meets regularly with law enforcement and local stakeholders to find solutions to the national fentanyl crisis. She secured two federal grants for Oregon's rural communities that will help to get fentanyl off the streets and improve public safety.

FIGHTING FOR REPRODUCTIVE RIGHTS – Here in Oregon, Andrea helped pass the nation's strongest reproductive rights law so Oregon women have the right to choose no matter what. As your Congresswoman, Andrea will continue to fight to protect access to abortion.

Prior Governmental Experience: Greensprings Rural Fire District; Pinehurst School District; Army 1972-73**"I'm not asking you to vote for me, vote for yourself."** (Harry Truman)

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

Questions/comments; call me at 541-531-2912 (Good luck getting ahold of the other candidates).

Vote for yourself, by voting for me!

*(This information furnished by James A. Crary.)***Secretary of State****Paul Damian Wells**

Democrat

Occupation: Retired**Occupational Background:** Electrical Engineer**Educational Background:** BSEE Purdue 1984**Prior Governmental****Experience:** Voting Rights Advocate since 1992**Ranked Choice Voting (RCV)**

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

**Tobias Read for Secretary of State
Delivering on our Values**

As a legislator and State Treasurer, Tobias:

- Responsibly invested billions of dollars in Oregon’s pension fund to ensure a secure retirement for hundreds of thousands of workers, and created OregonSaves, so Oregonians without a pension plan can save for retirement.
- Helped lead the effort for full-day kindergarten, so a good educational start doesn’t depend on income or zip code; increased options for families to save for college; and passed Open Oregon, which has saved 1.5 million students over \$152 million on textbooks.
- Protected our environment by saving the Elliott Forest and creating the plan to bring Oregon’s pension fund to net zero carbon emissions.

Tobias Read is the only candidate for Secretary of State with successful managerial experience running a statewide agency.

The Right Priorities for Secretary of State

- Defend election integrity by fighting misinformation and by making it easier to vote.
- Protect Oregon’s election workers by strengthening security against threats and intimidation.
- As “auditor-in-chief,” use audits to make sure our tax dollars aren’t wasted, have the impact we need, and are free from political interference.

ing courses; retired attorney.

Educational Background: B.A. Univ. of Chicago, MBA Univ. of Portland, JD Northwestern School of Law at Lewis & Clark College.

Prior Governmental Experience: Former Securities Analyst, State of Oregon.

1. Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. Also, the submerged pipelines will push water down the river at a faster pace in order to avoid river flooding. Videos on Dave's invention are at:

Facebook <https://www.facebook.com/Staufent11/videos/527860141260379>

2. Dave Stauffer's second invention, when installed on every house in America and throughout the world, will greatly decrease every household's use and cost for heating their house, air conditioning their house, heating water in every house, generating pollution-free electricity in every house so it will drastically reduce the air pollution that is caused by burning coal, fuel oil, and natural gas to heat, air condition, heat water, and provide electricity to houses and buildings. Info on Dave's "Zero-Fossil-Fuel-Using Heating and Cooling Apparatus for Residences and Buildings" is at:

www.facebook.com/Staufent11/videos/2812893908778011

3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4, Another invention will generate pollution-free electricity from ocean waves.

Supporting Middle Class Families

- Replace the Legislature’s unfair tolling scheme with a more equitable plan.
- Defend prevailing-wage standards for public projects.
- Reinvest kicker funds in jobs and infrastructure.
- End tax giveaways that benefit land speculators and limit housing.

Jeff is the only candidate who hasn’t voted to slash public employee pensions.

Protecting Oregon’s Climate Legacy

- Form a broad coalition of institutional investors and use combined corporate governance votes to develop and champion post-carbon business plans.
- Better disclosure around climate-related risks on bond issuances and investments.
- Create real transparency around our public investment decisions.

Jeff is the only candidate for Treasurer to pledge NOT to accept fossil fuel money.

Strengthening Schools

- Stretch school bonds further through administrative efficiencies, so that more money goes to classroom improvements, instead of interest payments.
- Implement criteria for the State’s XI-P matching funds for school districts so smaller communities aren’t left behind.

The Legislature’s so-called “record” K-12 funding in 2023 was actually a CUT after accounting for student growth and inflation! Oregon’s Treasurer should be up-front and direct about our K-12 finances.

Monmouth City Council (1989–1992).

Dear Neighbor,

Together we navigated the trials of a global economic melt-
down, a multi-year pandemic, and historic wildfires. The past
two years have been a time for recovery – a time for rebuild-
ing – a time for rethinking how to govern in the 21st Century.

As your voice in the Oregon Legislature, I have worked across
the aisle to secure significant investments in behavioral health
care, housing production, improving indigent defense deliv-
ery, restructuring workforce development, and strengthening
our statewide resilience posture.

We made childcare for working families more affordable,
expanded veterans' services, improved healthcare access,
kept unemployment low, tempered the unanticipated conse-
quences of Ballot Measure 110, and returned more than \$5.6
Billion to taxpayers.

Closer to home, I have led the fight for community infrastruc-
ture projects, establishment of a regional transit program,
improved emergency preparedness, and critical university
priorities.

This election is about a choice. It is a choice between the
community we want and the community we have. It is time for
reimagining Oregon. It is time for reimagining energy sustain-
ability, public schools, statewide infrastructure, and the tools
needed for strengthening small businesses and preparing our
workforce.

Together we can reclaim Oregon's Promise, but only together.
Our best days are ahead of us if we approach the future in
common cause.

Hard working Oregonians are struggling with high taxes, low wages and inflation. These problems are driven by career politicians, beholden to their large campaign donors rather than the voters who elect them. Instead of helping working class families, these unscrupulous officials subsidize wealthy developers and big businesses, then try to increase our taxes to pay for basic services. But it doesn't have to be this way.

As your representative my priorities will be:

- Lowering state income tax for Oregonians making less than \$180,000 annually (like HB3504, 2023)
- Lifting the state's ban on local rent control measures so our cities and counties can adopt policies to make our communities more affordable and reduce homelessness
- Implementing a universal healthcare system so that no one ever goes broke, into debt or dies because their healthcare is too expensive
- Expanding workers' rights, especially union rights, to advance equality and grow the middle class (like HB3505, 2023)
- Raising the minimum wage to a living wage, at least \$20 per hour statewide
- Reducing air, water, and soil pollution to keep our children and environment healthy
- Transitioning away from fossil fuels while creating good union jobs building new infrastructure like high-speed rail and renewable power
- Getting money out of politics by offering election coverage to candidates free-of-charge

I don't have big money donors and that's the way I want it. I pledge to accept no more than \$1,000 from any donor (total, per biennium). I've served my state and country honorably. If you elect me, I pledge to always serve you, the people of Keizer and Salem.

Educational Background: Tulane Law School, JD, Pacific Lutheran University, BA, Klamath Union High School

Prior Governmental Experience: Circuit Court Judge, Reedsport Municipal Judge, North Bend School Board, Oregon Commission for Women, Governor's Child Foster Care Advisory Committee.

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

Daniel Wren

Nonpartisan

Occupation: Circuit Court Judge

Occupational Background: Judge, Lawyer, Small Business Owner

Educational Background:

Willamette University BS; Willamette University College of Law JD

Prior Governmental Experience: Judge, Hearings Referee

I am honored to serve as a Circuit Court Judge in Marion County. I ran for this position and was elected in the 2018 General election. I view my time on the bench as an opportunity to give back to the community I call home. It is my obligation and duty to make decisions thoughtfully and in accord with the law, while also ensuring everyone who appears in my courtroom receives respect and has an opportunity to be heard.

In addition to presiding over criminal and civil trials, hearing motions, conducting judicial settlement conferences and determining custody/parenting time agreements, I have the privilege of presiding over the Marion County Veterans Treatment Court. The mission of Veterans Treatment Court is to identify veterans within the criminal justice system and honor their sacrifice and service by providing an alternative, judicially supervised, program with the goal of enhancing public safety by stabilizing and reintegrating veterans back into our community. Working with various community partners, this court uses a collaborative team approach to assist veteran-defendants who are willing to make changes in their life.

During COVID my office was open. I came to work every day to continue the necessary and essential services the court provides to this community. My office would collaborate with all involved parties to reach creative solutions, ultimately allowing the court to hold court hearings and even conduct trials over the telephone or via video conferencing.

Thank you for the opportunity to continuing serving the people of Marion County as a Circuit Court Judge.

"For thirty years I have represented people in Marion County with their legal needs. I've met thousands of people who all want the same thing from their judge- listen to them, treat them with the respect they deserve, and apply the law fairly and transparently. It would be my privilege to continue representing people in Marion County but as their judge." David L. Carlson

Experience Matters

- David L. Carlson has been representing every-day people in Marion County for thirty years including protecting the elderly and children from abuse, contract issues, divorces, business matters, and property disputes.
- David knows that 60% of the cases in the courthouse are civil and 40% are criminal. But only 25% of our current judges are primarily experienced in civil cases and David is the only candidate to bring this extensive civil experience to the position. Balance and experience are important on the bench- we need more than just criminal law specialists. We need lawyers who have represented people in all walks of life with all types of issues because these are the cases that truly touch our lives.
- David L. Carlson has the experience needed in today's courts. We need to elect judges who are well versed and prepared to deal with the issues we *know* will be important to everyone now and in the future.

David L. Carlson is the right person for that job. Please vote for David L. Carlson for Judge.
