Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Voters' Pamphlet Translations

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. [Follow the instructions!](#)

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

- No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose **"None of the Above"** for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Andrea Salinas (Democrat, Congressional District 6)

These incumbents have continually shown their willingness to put the interests of their constituents second to that of foreign powers and the arms industry, proving their unworthiness to hold office. **The LPO is actively recruiting candidates for THESE and ALL OTHER races** across our state and encourages ANY interested persons to **contact us at campaigns@lporegon.org**.

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

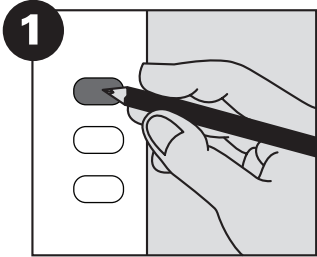

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

US Representative, 6th District

Mike Erickson

Republican

Occupation: Tigard Small Business Owner; Supply Chain and Logistics

Occupational Background: Transportation & Logistics Management

Educational Background: B.S., Business, Portland State University

Prior Governmental Experience: None

Why Oregon Needs Mike Erickson's Experience in Congress

Mike Erickson is a Tigard businessman who started his business out of his garage and grew it to one of Oregon's fastest-growing companies. Working two jobs, he put himself through college. He was the first in his family to graduate. Mike's wife is a healthcare nurse.

Mike understands how to run a successful business and stay within a budget. He is an everyday problem solver who helps companies save money. Mike will work across party lines to find solutions.

As the son of a 30-year police officer, Mike understands law enforcement and keeping **our community safe. Mike will work to fully fund the police and stop the legalization of dangerous drugs.** This includes increasing border security and the influx of human trafficking and drugs.

"Mike Erickson is a strong and proven conservative business leader. Congress needs someone like Mike whose business background is badly needed." - Kevin Cameron, Marion County Commissioner

Securing Our Southern Border

Mike Erickson wants our southern border secured, now. Allowing 8 million illegal immigrants to pass through our borders without going through proper channels is unthinkable. The pressure on our States and cities with the massive influx of fentanyl is compromising our communities, stressing our healthcare system, and costing millions. It must stop.

Fighting Inflation & Growing our Economy

Let's say what inflation is: a tax on America's families. Incompetence by politicians and out-of-control spending policies have led to record inflation. Families are seeing massive price increases at the grocery store and gas pumps.

"Mike is the one candidate who will fight to support our hard-working police officers." - David Bishop, Former Beaverton and Newberg Police Chief

God

The Constitution

You

These are my highest priorities.

I am an America First Servant Leader, Patriot Warrior

and I am asking for your vote.

You voting and being an informed voter are much more important to me than who you vote for. This important decision should not be taken lightly. PLEASE research the candidates thoroughly before voting. If you just vote for the person who bought the most radio/TV ads and filled your mail box with the most garbage you could be making a big mistake. A good place to start is the candidate's website. Mine is RussIsForUS.com. Instead of cramming a bunch of "triggering" bullet points into this pamphlet statement I direct you to my website for the whole story. RussIsForUS.com has my stance on nearly everything, and you will be able to contact me directly.

Thomas Sowell said, "If you want to help people, tell them the Truth. If you want something from them, tell them what they want to hear." I am committed to telling you the truth and restoring the Constitution for The United States of America.

I will always act in your best interest in Washington DC and not be subject to bribery or blackmail. You can believe this because I:

- 1) am accountable to God when I leave this world
- 2) do not have a multi-million dollar business that I am afraid of losing or want favors for, and
- 3) do not have huge donors, or people that appointed me to office, that I fear losing support from.

I am not elite and I will fight to the death for you and the USA. In these times of upside-down morality, how many people will tell you that?

Vote for Freedom, Liberty and Local Control.

Vote for Russ, he's for US.

"Dennis is the perfect leader to ensure voter integrity, oversee corporate registrations, and audit state agencies." –Senator Brian Boquist

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

"Dennis will bring Integrity, Accountability and Transparency..." – Senator Kim Thatcher

Character, leadership and real experience matters!

"I'm an independent minded constitutional republican. I believe supporting Oregon families, small business prosperity, protecting property rights, defending our borders, respecting senior retirees, and less state government results in 'life, liberty and the pursuit of happiness.'"

Brian says stop the globalist sellout driving up your grocery, fuel, and utility bills ... invest in Oregon not New York.

Brian says prosecute criminals, enforce existing laws, support the Constitution to keep investments in Oregon. Stop business closures and flight.

Brian says the State Land Board should manage our state forests, natural resources, environment, and make energy & food affordable for all Oregonians.

Brian says honor seniors by safeguarding their retirements. Maximize investments!

Brian says government overregulates small businesses and property owners which stifles Oregon investments.

Brian says Oregon needs local jobs not government gimmicks.

Brian says Veteran businesses in Oregon are a good investment.

"Oregon needs to support families and small businesses with Oregon investments. Oregon needs homes built not government bureaucracy. Oregon needs affordable local health care not rationed care. For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shop-lifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

"I'm running to serve our state, things that we all took as given that defined Oregon have been eroding. Our politicians have let us down, making decisions whose consequences are now being felt by all Oregonians.

It is time for citizens of the state to step forward and use our experience in creating jobs, making tough responsible decisions, crafting intelligent compromises, and most importantly providing a focus on the areas that government that help our people most." -Brian Pierson

Solutions

- Using years of non-governmental experience bringing solutions to problems. Prioritize what we need to do, ensure that we can afford it and make sure that we spend is well spent.
- Re-focusing government on the issues that improve life for all of us. Education, safety and community well-being are fundamental concerns that require our undivided attention.
- Crafting a strong state economy and making changes to our laws that address our expanding homeless and drug crisis. Changes to our laws that have made the situation worse not better.
Job 1 is repealing those laws. We have somehow lost focus on "*actions have consequences*" and we need to bring that fundamental principle back to law-making.
- Leveraging my experience as an educator to help restructure our failing public school programs. Adding an emphasis to our high schools and community colleges on vocational skills. Crafting a skilled next generation workforce.
- Helping government make the choices to incentivize businesses to come to Oregon, creating the higher paying jobs needed to help break the chain of poverty. Crafting legislation that makes it easier to do business in Oregon.
- My sole purpose is to use my experience to serve the people of Oregon.

Community Involvement: Beaverton Community Emergency Response Team reserve member; Crisis Response Team (Portland Police Bureau); local church and non-profit organization volunteer activities

When I was a candidate two years ago, you told me your major concerns. This year, you're saying things are only worse.

We need change.

Solve Homelessness:

- Replace "Housing First" with "Shelter First."
- Fund organizations with proven records of reducing homelessness (e.g. Bybee Lakes Hope Center).
- Enforce public health and safety laws.
- Recriminalize the sale and possession of hard drugs.
- Ensure compliance with rehabilitation mandates.

Improve Education:

- Care for teachers and students by reducing state mandates that restrict local control.
- Empower all parents to choose the educational setting that is best for their children by allowing "dollars to follow the scholars" to their preferred educational setting. (See <https://educationfreedomfororegon.com/>)

Strengthen the Economy:

- Reduce excessive taxes, red tape, and fees on individuals and businesses.
- Increase tax credits for charitable giving.
- Reform land use laws and building codes to increase housing availability.
- Consider opening a state gold and silver depository for an alternative, state-based, constitutional monetary system, available for all to fight inflation, de-dollarization, and a dangerous Central Bank Digital Currency. (See <https://transactionalgold.com/>)

Restore Election Integrity:

- Combat legalized vote compromise and lack of transparency, fairness, and security.
- Restore single-day, in-person voting with valid photo ID, manual same-day counting and validation at the precinct level--with limited exceptions.
- Reject ranked choice voting.

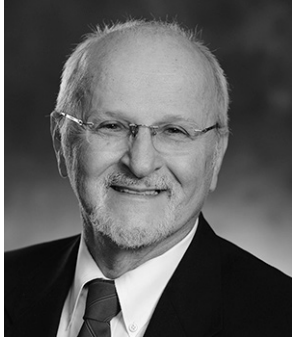

Repair Moral/Spiritual Brokenness: A loving God has given us liberty, as individuals and communities, to choose to follow His moral laws and flourish--or to ignore them and suffer the consequences.

Please choose leaders who will help our communities flourish.

I WILL FIGHT TO REIGN IN CRIME

The highest purpose of our police is to secure the life, property, and rights of the people. Like the rest of us, Police must obey the law and be held accountable when they don't. At the same time, police must be able to vigorously enforce the law confident we have their backs. We need to adequately fund, train, and honor the vast majority of police who serve with honor and heroism. Enough of this crime wave – let's take our streets back.

I WILL FIGHT TO REIGN IN HOMELESSNESS

Like you, I want to help and show compassion to people struggling to survive. But widespread homelessness and aggressive panhandling is no answer. Both threaten our health and safety. It's time to shut down homeless camps and tent communities. At the same time, we need to work with our churches, communities, and networks of shelters and services to make alternatives of homelessness safer and more accessible. Facilitating job creation, instead of chasing employers away, will also reduce homelessness.

I WILL FIGHT TO EMPOWER PARENTS

Schools and teachers are important, but PARENTS should be the primary directors of their childrens' education - not government officials. School curriculum, teaching methods, board policies, and other such things must fully transparent and easily accessible to parents. Money should follow students into any accredited public, private, charter, or home school chosen by parents because poor, working, and middle class parents should have more of the same choices that rich parents have. Our schools should be as diverse as our children are.

"We know what works. We just need to do it."

As a **lifelong Northwestern Oregonian**, I am deeply rooted in our communities and have dedicated my life to serving others. As State Representative, I will listen to your priorities and work alongside you to put Oregon back on the right track.

Supporting public safety is critical. Our police departments, district attorneys, and first responders **need to be fully funded** and given the resources necessary to keep our communities safe and livable.

We must fully overturn Measure 110 and overhaul our approach to the addiction and drug epidemic wreaking havoc on our loved ones and ruining lives.

I have worked in housing for over a decade and members of my family have experienced homelessness. Believe me when I say homelessness is a complex problem without a simple solution—**but we have to try harder and do better**. It's inhumane to allow people to live on the streets, and it's unsafe for those individuals and our communities.

District 31 relies heavily on tax revenue and jobs from natural resources. **We need to strengthen and protect** farming, fishing, and timber, while expanding into new, innovative opportunities in economic development like high-tech and software industries. This leads to more jobs, stronger schools, and better services.

Out-of-touch politicians are passing never-ending tax and fee increases, making it more difficult to afford basic needs like groceries, gas, medicine, and electricity. **I will oppose new taxes, support the Kicker, and protect your hard-earned tax dollars.**

I am **proudly pro-life and firmly support our second amendment rights.**

With your support, I will bring the commonsense solutions and conservative values we need to Salem.

I Will Fight for Smaller Government, Lower Taxes

Historically, more government creates more problems than it solves. Every dollar government takes starves the creation of wealth in our economy. I will consistently fight for smaller government and lower taxes.

I Will Fight to Create More Family-Wage Jobs

A revitalized economy featuring lower taxes and less government intrusiveness will result in economic expansion and more family-wage jobs. It is time for Oregon to attract investment and wealth instead of scaring it away.

I Will Fight to Reign In Homelessness

Homelessness is out of control. Like you, I have compassion for people struggling to survive. Still, we tend to get more of anything we subsidize including homelessness. It's time to shut down homeless camps and tent communities on health grounds while working with our churches, communities, and networks of shelters and services to make alternatives of homelessness safer and more accessible.

I Will Fight for Public Safety and Against Theft

Although police must accountably operate within the law observing the rights of citizens, it is time to stop demonizing them. Our police and first responders are heroes. We need to let them know that we have their backs and will have everything they need to do their jobs. A central role of government, after all, is to protect our lives and our property.

My parents migrated to America when I was two years old. They came here with very little and, brick by brick, they worked to create a life full of opportunities for themselves and our family. Their hard work, dedication, honor, integrity, and faith paid off.

I'm running to be your State Representative because, after 40 years of thriving in Washington County, I fear the American Dream is at risk. As a minority, a proud American, a husband, and a father, I feel a deep sense of duty to preserve the American Dream in Oregon for future generations.

I believe that freedom, liberty and self-reliance holds the keys to success. As your next State Representative, I'll:

- Reform education: restoring parents' rights, returning to local control of curriculum, restoring basic education standards, and supporting school choice where the money follows the child.
- Give local law enforcement the resources they need to reduce crime, homelessness, drug and human trafficking and cut the red tape preventing access to addiction and mental health treatment in Oregon.
- Create an economic environment where small businesses and average families can thrive; by eliminating the CAT and other taxes needlessly making Oregon one of the most expensive states in the nation to live in.
- Protect the dream of home ownership in Oregon by reducing unnecessary fees, taxes and creating new pathways to increase opportunities for home ownership.

As your Representative, nothing is more important to me than upholding my oath to defend the Constitution. Since 2020 I've fought the establishment to stop the massive corruption behind the DEI, homeless, drug, housing and climate scams defrauding millions of taxpayers in Oregon. As government swindles us out of our property rights, parental rights, gun rights, speech rights and voting rights, our children are cheated of their innocence, education, safety and fair competition. For too long we've stood on the sidelines as progressives wreak havoc on our communities and, for too long, we've allowed legislative Republicans to vote right alongside them.

IT'S TIME FOR A NEW REPUBLICAN ESTABLISHMENT IN SALEM.

I'm leading the next generation of **America First** Republican politicians with zero tolerance for corruption and progressive communism in Oregon. You have my *solemn promise* that I will continue to protect our children from Gender Theory and DEI indoctrination fueling the division, violence and failure in our schools. I'll protect women's rights; affordable energy and I'll stand against the Chinese globalist agenda tearing at the fabric of our economy. I'll defend our borders, eliminate immigration sanctuary status and reduce human and drug trafficking throughout Oregon. I'll eliminate computerized ballot counting and allow public inspection of election records without interference.

As your State Representative, I'll protect the rights and ability of local law enforcement to keep our communities safe and free from rampant drug use, homelessness and crime. I'll continue to fight for the soul of our state and do everything in my power to change our future course. So, help me God.

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of *Roe v. Wade* so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

Suzanne worked her way through community college, university, and law school, so she knows what it's like to struggle to make ends meet. She worked at Legal Aid and as a consumer protection attorney. Her experience volunteering in public schools inspired her to run for office; now she's a national leader on the Education & Workforce Committee.

Suzanne is Building an Economy that Works for Everyone by:

- Delivering federal dollars to end homelessness, expand mental health care, address addiction, and build more affordable housing in cities and rural communities.
- Passing a bipartisan infrastructure bill that's lowering costs and bringing \$4.9 billion to Oregon for roads, bridges, public transit, renewable energy, and broadband.
- Supporting universal health care and passing legislation to reduce prescription drug costs, including capping insulin at \$35/month for seniors. She will always protect Medicare and Social Security.
- Bringing \$52.3 million to NW Oregon this Congress, including \$6.25 million to add more than 300 units of affordable housing.
- Leading the fight for more investments in affordable child care, public education, and paid leave.

Suzanne is Leading with Oregon Values by:

- Fighting for access to abortion care and contraception; decisions patients should make with their health care provider, not the government.
- Championing LGBTQI+ rights and gun violence prevention, and protecting voting rights and democracy.
- Serving as a leader on the Science Committee and helping pass the largest bill to combat climate change in history. The law supports an equitable transition to renewable energy and creates good jobs in emerging industries.

Democrat

Occupation: Engineer**Occupational Background:** Intel Corporation**Educational Background:** B.S. Mechanical Engineering, Louisiana State University,

2000; M.S. Mechanical Engineering, Georgia Institute of Technology, 2005

Prior Governmental Experience: None**Summary**

I am running for Congress because I believe military aid to Israel violates the U.S. Constitution's separation of church and state. Some of my positions are below, while more details are at www.JamilAhmadForCongress.com.

Foreign Policy**Israel**

Israel is a self-declared religious state. For example, Israel's common law of 2018 states:

The right to exercise national self-determination in the State of Israel is unique to the Jewish people.

The first amendment of the U.S. Constitution requires separation of church and state:

Congress shall make no law respecting an establishment of religion

I interpret this to mean that Congress cannot pass bills which provide military aid to religious states, such as Israel.

Suzanne Bonamici acknowledged that Israel is a religious state by voting for two bills describing Israel as a "Jewish State". Yet, she has voted for eleven bills providing Israel with over \$34.4 billion in military aid. I will vote against any bill providing military aid to a religious state.

Domestic Policy**Budget**

During Suzanne Bonamici's tenure, the debt-to-GDP ratio has increased from 96% (Q4 2011) to 120% (Q3 2023). This trend is not sustainable. I will vote against any budget increase until our debt-to-GDP ratio returns to 96% or lower.

Tax Code

I will vote against any bill that makes the tax code more complex. Instead, we should strive to simplify the tax code. If taxes are to be reduced, we should consider eliminating the alternative minimum tax or the tax on social security benefits. If taxes are to be increased, we should consider eliminating section 199A credits.

Student Loans

Tuition often costs more than loan recipients can afford to repay. Schools associated with low rates of loan repayment should be removed from the federal student loan program. Separately, the online student loan application requires some improvements.

Educational Background: West Point Graduate

Prior Governmental Experience: Enlisted Soldier, United States Army Officer

As a single father, Army Veteran, West Point graduate, and a businessman I've faced many challenges. At 13, I took on the responsibility of caring for my disabled brother while we lived in a trailer. Despite the hardships, we persevered.

My journey took a turn at 25 when I was injured, ending my military career. However, I didn't let that stop me. I built successful businesses and dedicated myself to mentoring disadvantaged youth in my community. I'm self funding my campaign without relying on support from unions, corporations, or special interests. I firmly believe that my allegiance should be to the people of Oregon, not rich men in Washington DC.

Our nation stands at a critical juncture. We can either follow the same old politicians or opt for fresh voices with new ideas.

In Washington, my priorities are clear:

- **Confronting the homelessness crisis head-on by funding effective programs while demanding accountability from those we're trying to help. The hands off approach of our current leaders has failed.**
- **Ensuring everyone has access to high-quality, affordable healthcare. I propose opening Medicare to all who wish to enroll.**
- **Making substantial investments in our future economy. While we may not immediately transition away from fossil fuels, we can invest in the necessary infrastructure and technology to ensure that the United States remains the center of innovation.**

I take pride in serving my country and community.

It would be my honor to earn your vote and serve you.

Educational Background:

Prior Governmental Experience: Oregon State Representative, Oregon Complete Count Committee, PEBB Member, Oregon Commission on Hispanic Affairs

As the daughter of a Mexican immigrant who worked in the fields before serving our community in the military and as a police officer, Andrea knows change can happen in a generation through hard work. As a mom and a member of Congress, Andrea's driven by a commitment to create opportunities for all Oregonians and build a stronger future for her daughter's generation.

Andrea's delivering results for Oregon through:

INVESTING IN AFFORDABLE HOUSING – Andrea knows we must tackle our housing affordability crisis head on. In Congress, she secured federal funding for affordable housing initiatives in Tigard and Newberg. She also supported legislation that would pave the way for two million affordable homes to be built in the next two years.

IMPROVING ACCESS TO MENTAL HEALTH CARE – Andrea's a leading advocate in Congress for improving access to mental health services. She founded the Bipartisan Rural Health Caucus and introduced legislation to improve mental health support for firefighters, rural Americans, Medicare and Medicaid recipients, and others that face disproportionate barriers to care.

TACKLING THE FENTANYL CRISIS – The health and safety of our community is a priority for Andrea. She meets regularly with law enforcement and local stakeholders to find solutions to the national fentanyl crisis. She secured two federal grants for Oregon's rural communities that will help to get fentanyl off the streets and improve public safety.

FIGHTING FOR REPRODUCTIVE RIGHTS – Here in Oregon, Andrea helped pass the nation's strongest reproductive rights law so Oregon women have the right to choose no matter what. As your Congresswoman, Andrea will continue to fight to protect access to abortion.

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

Secretary of State

Tobias Read

Democrat

Occupation: State Treasurer

Occupational Background: Oregon Treasurer; Oregon State Representative; Product Developer, NIKE

Educational Background: University of Washington, MBA; Willamette University, BA

Prior Governmental Experience: State Treasurer, 2017-present; State Representative, 2007-2016

**Tobias Read for Secretary of State
Delivering on our Values**

As a legislator and State Treasurer, Tobias:

- Responsibly invested billions of dollars in Oregon’s pension fund to ensure a secure retirement for hundreds of thousands of workers, and created OregonSaves, so Oregonians without a pension plan can save for retirement.
- Helped lead the effort for full-day kindergarten, so a good educational start doesn’t depend on income or zip code; increased options for families to save for college; and passed Open Oregon, which has saved 1.5 million students over \$152 million on textbooks.
- Protected our environment by saving the Elliott Forest and creating the plan to bring Oregon’s pension fund to net zero carbon emissions.

Tobias Read is the only candidate for Secretary of State with successful managerial experience running a statewide agency.

The Right Priorities for Secretary of State

- Defend election integrity by fighting misinformation and by making it easier to vote.
- Protect Oregon’s election workers by strengthening security against threats and intimidation.
- As “auditor-in-chief,” use audits to make sure our tax dollars aren’t wasted, have the impact we need, and are free from political interference.

“Tobias’ experience, skills, record, and values make him my clear choice for Secretary of State.”

Dave W Stauffer

Democrat

Occupation: Former Securities Analyst, State of Oregon, Div. of Finance and Corp. Securities. Retired Attorney and Accounting Professor.

Occupational Background: Taught business and accounting courses; retired attorney.

Educational Background: B.A. Univ. of Chicago, MBA Univ. of Portland, JD Northwestern School of Law at Lewis & Clark College.

Prior Governmental Experience: Former Securities Analyst, State of Oregon.

1. Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. Also, the submerged pipelines will push water down the river at a faster pace in order to avoid river flooding. Videos on Dave's invention are at:

Facebook <https://www.facebook.com/Staufent11/videos/527860141260379>

2. Dave Stauffer's second invention, when installed on every house in America and throughout the world, will greatly decrease every household's use and cost for heating their house, air conditioning their house, heating water in every house, generating pollution-free electricity in every house so it will drastically reduce the air pollution that is caused by burning coal, fuel oil, and natural gas to heat, air condition, heat water, and provide electricity to houses and buildings. Info on Dave's "Zero-Fossil-Fuel-Using Heating and Cooling Apparatus for Residences and Buildings" is at:

www.facebook.com/Staufent11/videos/2812893908778011

3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4, Another invention will generate pollution-free electricity from ocean waves.

- Reinvest kicker funds in jobs and infrastructure.
- End tax giveaways that benefit land speculators and limit housing.

Jeff is the only candidate who hasn’t voted to slash public employee pensions.

Protecting Oregon’s Climate Legacy

- Form a broad coalition of institutional investors and use combined corporate governance votes to develop and champion post-carbon business plans.
- Better disclosure around climate-related risks on bond issuances and investments.

Since elected in 2014, I have sought to be a steward of the state and a thoughtful voice for Beaverton and SW Portland. I would be honored to continue that work.

Community Safety - While working to treat addiction and substance abuse, we must also focus on public safety. Our parks, playgrounds, streets and neighborhoods must be safe for our children, seniors and all community members.

Housing - Houselessness is a tragedy. Beaverton is working hard to increase housing, but much more is needed. Preventing houselessness is also critical, particularly for seniors, youth and families in danger of losing their homes.

Education - It is a hard truth that our kids have not yet caught up from school time they missed during the pandemic. I have supported K-12 budgets that help bridge this learning gap and am a strong advocate for mental and behavior health programs that are fundamental to our children's learning environment.

Economic Prosperity - Oregon's economy is slowly improving, but we must be vigilant in protecting workers' ability to work. This includes supporting child care, family leave, sick leave and sound transportation to get to and from our jobs.

Climate Resilience - Climate impacts have become very unpredictable, with extreme heat domes, ice storms, flooding and more. Helping Oregonians become more climate resilient is a top priority for me, including fighting hard to improve drought preparedness.

As a state representative, I am committed to expanding economic opportunities for all Oregonians and protecting people’s rights.

Helping Working Families: I grew up in poverty and experienced the struggles that many people are enduring. We have to invest in affordable housing for low and middle-income families, accessible childcare, and jobs that pay a living wage. In 2023, I co-sponsored a bill to encourage the growth of high-wage microchip manufacturing jobs in Hillsboro. In 2024, I championed the Family Financial Protection Act to overhaul our debt collection laws and protect those who are struggling to pay medical debt.

Addressing Housing and Homelessness: My family has experienced the burden of ever-rising rents and the feeling that home ownership is out of reach. We must keep rental rates reasonable, promote homeownership, and help the homeless transition quickly into long-term housing.

Assisting Students and Teachers: As past president of the Hillsboro Schools Foundation, I’m committed to giving students and teachers the resources to succeed. We should prioritize career readiness in K-12, college affordability, and apprenticeship programs. In 2024, I chief-sponsored a bill to help create a framework for youth apprenticeship programs throughout Oregon.

Supporting Small Businesses: As an ambassador with the WashCo Chamber, I’ve helped small businesses prosper. We should increase micro-lending and expand eligibility for start-up cost assistance. In 2023 and 2024, I chief-sponsored a bill to encourage entrepreneurs from disadvantaged backgrounds.

Prior Governmental Experience: None

Jordan Gutierrez: Taking A Stand for Working Families

Neighbors, Crooked politicians and moneyed special interests are turning our State into a drug addled, crime ridden, overpriced and over-taxed, homeless camp. Despite claims the economy is “strong”, it is clear to most everyone paying attention that it is not.

Food prices, rents, healthcare, and energy costs are surging far beyond what citizens can afford, and the economy is running on fumes with anemic wage growth despite “low” unemployment!

This economic uncertainty has been made more noticeable by a stark decrease in livability across our State. Many citizens, having been faced in recent years with record lawlessness, homelessness, and drug abuse have chosen to give up and leave our State altogether.

We deserve better than this!

It’s time for new ideas, new perspectives, and a new generation to join Oregon’s legislature to provide the people of our district with a **real choice**, not empty promises.

I would be humbled to earn your vote. -Jordan Gutierrez

As your next Representative, I will:

- **Bring youth, energy, and new perspectives to our State Legislature.**
- **Introduce legislation to expand Oregon Health Plan eligibility to EVERY Oregonian** and require insurance companies to fully cover prescription drugs, mental health, vision, dental, long-term care, and chiropractic.
- **Fight efforts by Wall Street Hedge Funds and Portland Slumlords** to expand Urban Sprawl, and the problems that come with it, to our productive, sustainable agricultural lands in Washington/ Columbia Counties.
- **Work to reform the broken tax system** by bringing back lost working-class tax deductions and ending marriage tax discrimination.
- **Support increased funding for Jail Beds and Rehabilitation,** So Judges have the tools to get crime and drug addiction under control.
- **Stand against ANY effort** to weaken the rights of workers!

FINDING A CURE REQUIRES THE RIGHT DIAGNOSIS

We Must Get Portland Back On Track

As a lifelong Portlander, Brian sees the worsening problems in our community. Urgent action is needed on housing affordability and homelessness. We must also address intersectional challenges, most of which connect directly to health care: access to mental health and substance abuse treatment, shortages of hospital beds and staff, and skyrocketing costs. These are harming our community and preventing us from addressing homelessness.

Brian Is A Proven Problem Solver

Using over a decade of experience making health systems more accessible and equitable, Brian will bring an evidence-based approach to help our neighbors and neighborhoods thrive again. We can count on him to make sustained progress on systemic challenges.

Governor John Kitzhaber: "As a doctor and surgeon, Brian knows what it means to deliver results when people's lives and wellbeing are on the line. He will get to work to make our community a place we are proud of."

AS OUR LEGISLATOR, BRIAN WILL:

Prevent and reduce **homelessness** through more **affordable housing** and emergency **rental assistance**, more **shelter beds** and **supportive housing**.

Dear Neighbor,

I was raised in District 37. I've watched our lawmakers fail to keep our community safe, livable, and affordable.

CORPORATE DEMOCRATS

The ones who vote for big business.

They allowed:

- PGE to raise our rates by 18.5% this year
- OHA to tax health care
- Big Pharma and Corporate Medicine drive up healthcare costs
- Billions in tax dollars to large and out-of-state corporations Harm to small farmers and excessive food price increases

I've watched **Corporate Democrats GIVE BILLIONS of DOLLARS** to big businesses, leaving small businesses and families behind. **Nike and Intel pay a lower rate** than working families.

FAKE ENVIRONMENTALISTS

They passed laws to shred our urban growth boundary and let developers **PACK THOUSANDS of HOUSES INTO STAFFORD** – increasing traffic and decreasing quality of life.

As a prior board member of Oregon Wild, I've worked to protect and conserve our environment!

Good bills Democrats killed in Salem recently include:

- A bill to cut income taxes to 4% for WORKING FAMILIES (Oregonians pay up to 9.9% - BIG CORPORATIONS PAY LESS);
- A tax deduction for people renting homes (while Landlords got a 10% rent increase); A bill to allow families to deduct student loans from income taxes;
- A bill to FREEZE SENIOR PROPERTY TAXES;
- A bill to LET VOTERS VOTE on FREEWAY TOLLS;
- A bill to RESTORE the OREGON PROMISE to kids who missed out on free college tuition because of Covid lockdowns;
- A bill to let parents help their addicted teens into drug treatment; and
- Many more laws that would've helped PEOPLE, Not Big Corporations & Corporate Medicine.

Who are Democrats in Salem really representing?**NOT US.**

I'd like to fix that.

Sincerely,

Brian Maguire

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

As a pro tempore judge serving Washington County neighbors, I have ruled on nearly 600 cases that impact our community, and importantly, working to ensure people's individual and constitutional rights are protected. The Oregon Court of Appeals upheld a First Amendment free speech rights opinion I wrote.

Advocating for Clients & Helping People in Need

While clerking for Birkland & Houze, I had the opportunity to work on a number of high-profile felony cases, and serve a wide range of clients to help bring their legal matters to justice.

Since 1993, I have practiced family law which covers numerous areas of law including property, contracts, taxation, business matters, inheritance issues, adoptions, and guardianships.

One of my top priorities through out my career as an attorney and judge has been helping clients/victims of domestic violence.

Clients have also needed my help with administrative, estate, consumer protection, personal and business tax matters, bankruptcy, personal injury, worker's compensation claims, social security and disability claims, immigration, and other areas of law.

Impacting Legislation

My legal practice work resulted in my support with the drafting of 20 bills that became state law and allowed me to serve several times on Oregon Law Commission workgroups.

"It's been my privilege serving Washington County residents as a pro-tem judge. I would be honored to earn your vote to serve as a full-time member of the Circuit Court's bench."
