Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Voters' Pamphlet Translations

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. [Follow the instructions!](#)

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

→ No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

(This information furnished by The Constitution Party of Oregon.)

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Read more about the Democratic Party, what we stand for, and how to get involved at www.dpo.org, on Facebook at www.facebook.com/ORDems, on Twitter at @ORDems, and on Instagram at @OregonDems.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose "**None of the Above**" for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Andrea Salinas (Democrat, Congressional District 6)

These incumbents have continually shown their willingness to put the interests of their constituents second to that of foreign powers and the arms industry, proving their unworthiness to hold office. **The LPO is actively recruiting candidates for THESE and ALL OTHER races** across our state and encourages ANY interested persons to **contact us at campaigns@lporegon.org**.

Take a Stand and Get Involved

We would be honored if you would join us!

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

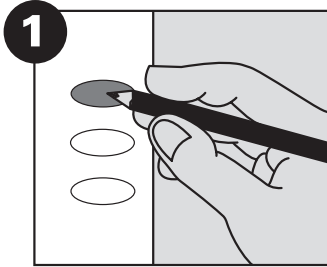

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

"Dennis is the perfect leader to ensure voter integrity, oversee corporate registrations, and audit state agencies." –Senator Brian Boquist

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

Leadership That Counts - Boquist for State Treasurer

Attorney General

Michael Cross

Republican

Occupation: CEO, Software Designer, Small Business Owner

Occupational Background: Past United States Air Force, Bio & Green Fuels Developer, President Global

Communications, President Super Green Fuels; a Company developing Alternative Energy, Biodiesel, Biomass Waste to Energy.

Educational Background: U.S. Air Force Technical Training, Leadership School, Realtors School, Business, Law Education

Prior Governmental Experience: United States Military, USPS

For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shoplifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

State Senator, 29th District

Jim E Doherty

Republican

Occupation: Cattle Rancher

Occupational Background: Ranch Owner, Ranch Manager, Crops Manager

Educational Background: Associate degree in Production

Agriculture, Bachelor of Arts in Business and History

Prior Governmental Experience: President of the Association of Oregon Counties; Morrow County Commissioner, Governors Alcohol & Drug Policy Commission, Jefferson County SWCD chair, Morrow County SWCD, NACo Representative

Jim Doherty: Proven Leadership. Delivering Results.

I deeply value the residents of Senate District 29. Instead of just pledging my dedication to their needs, I seek to actively listen and work with them through compassionate conservatism. My goal is to engage directly with our diverse communities in policymaking and serve as a reliable bridge, bringing the voices and concerns of District 29 to Salem, ensuring that Eastern Oregonians have a significant role in decisions impacting our robust rural communities.

"Jim's leadership capabilities have been tested and proven time and time again. He is the right person to represent Senate District 29 in Salem" – Sheriff Brad Lohrey, Sherman County

Illegal Immigration

I support legislation that was introduced in the recent legislative session which would immediately notify federal authorities when an illegal immigrant is arrested for delivery or manufacture of fentanyl in Oregon. The person would not be eligible for release, except as provided by the Oregon Constitution. We must protect our communities.

Inflation and Increased Taxes

Under the Biden Administration's policies, everything has skyrocketed in cost: gas, utilities, groceries, cars, rent, and more. Oregon must be a leader in cutting costs for Oregonians, we can't have Portland and Washington DC policies dictating how we live here in Eastern Oregon.

Protecting Our Gun Rights

Our 2nd Amendment rights are quickly being eroded. We have more than enough gun laws on the books. In fact, some need to be repealed. Protecting our 2nd Amendment rights is a priority for me.

Office of Rural Policy

I will bring legislation that will ensure we are once again heard in Salem.

State Senator, 29th District

Dave Drotzmann

Republican

Occupation: Optometric physician, business owner

Occupational Background: Owner/optometrist, Lifetime Vision Source, Hermiston (1998-present); optometrist, Apple Valley Eye Care, Yakima, Wash. (1996-98)

Educational Background: Doctorate of Optometry, Pacific University; Bachelor's Degree, Central Washington University; Associate Degree, Yakima Valley Community College

Prior Governmental Experience: Hermiston Mayor (2012-present); Hermiston School District Board of Directors (2002-10); League of Oregon Cities Board of Directors (President, 2024; President-elect, 2023; Treasurer, 2022; Tax & Finance Policy Committee, 2018, 2020, 2022)

Small Business Owner

As a small business owner, Dave has experienced firsthand how policies in Salem affect working families trying to make ends meet. Dave knows how to balance a budget and meet a payroll, and he will work to lower taxes and allow employers to invest more in their workers. Communities thrive when businesses are allowed to succeed.

Protecting Conservative Eastern Oregon Values

Our constitutionally protected Second Amendment rights are being eroded, and the sanctity of life is being undermined and disregarded. Dave will stand firm in his support for lower taxes, safer communities, the right to life, and defending our Second Amendment.

Fiscal Responsibility

Inflation and ill-advised tax policies are hurting our families and businesses. State government continues to spend more and offer one-size-fits-all solutions that don't work for rural Oregon. Dave believes state government must be accountable for every dollar it spends and will fight for a transparent process, making the best use of available revenue and not putting additional tax burdens on families and businesses already struggling to afford everyday expenses.

Congressman Cliff Bentz

Eastern Oregon is a great place to live, yet we are facing challenges that require experienced leadership in natural resources, economic development, and our community. As Senator, I will preserve our way of life and ensure your voice and priorities are represented in Salem.

I believe we are entitled to our Constitutional rights, individual choices, and personal freedoms. **I am 100% pro-life and pro-second amendment.** I support local control and decision-making and believe in reducing government overreach.

Addressing public safety is paramount. **We must fully fund** our police, first responders, and public safety professionals to combat increasing crime rates in our communities.

Inflation and Salem's tax-and-spend policies are making it harder to provide for our families. **I will oppose tax increases and vote to protect your Kicker** so your hard-earned money stays with you.

We need to prioritize natural resources and agricultural opportunities. **These industries are key to our economies**, and need support from our state leadership. **We need to bolster businesses**, putting money in our local economy, creating job opportunities, and increasing resources for public safety, schools, housing, and essential services.

Occupational Background: President of the United States (2021-present); Vice President of the United States (2009-2017); and United States

Senator from Delaware (1973-2009)

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of *Roe v. Wade* so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

I stand for Oregonians **thriving together**; that means putting the well-being of our communities first. We're often forgotten in rural Oregon. I will make sure that no matter how far from Salem or DC you live, you can have a job, family, and meaning. Our path forward is built on innovative approaches to critical barriers in our region.

Thriving begins with **education**. Too many students in our district don't have the resources they need. Many Oregonians seek a better life for their families but can't gain the new skills needed to command higher wages while working full-time. In congress I will work on legislation to fund Career and Technical Education, expand broadband access for hybrid programs, and provide new options for flexible learning. By strengthening our educational infrastructure we can provide everyone better opportunities to achieve individual potential.

We face a major **housing** crisis. The dream of homeownership is unrealistic for many families due to skyrocketing costs and lack of availability. I will work to secure federal investments for innovative housing projects and promote policy that encourages development of sustainable, low-cost housing options. Everyone deserves a safe and affordable place to call home.

Since the last election, Oregonians were devastated by a global pandemic and regional wildfires. Our **behavioral health** has plummeted. Oregon ranks near last nationally for youth and adult mental health and access to care, according to Mental Health America. I will work with local leaders to create treatment options, transitional housing, and a stronger workforce of providers. With comprehensive and equitable programs, we can *thrive together*.

"I'm not asking you to vote for me, vote for yourself." (Harry Truman)

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would **add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.**

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

Questions/comments; call me at 541-531-2912 (Good luck getting ahold of the other candidates).

Vote for yourself, by voting for me!

Jim

Secretary of State**Paul Damian Wells**

Democrat

Occupation: Retired**Occupational Background:**
Electrical Engineer**Educational Background:** BSEE
Purdue 1984**Prior Governmental****Experience:** Voting Rights Advocate since 1992**Ranked Choice Voting (RCV)**

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. 3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4. Another invention will generate pollution-free electricity from ocean waves.

Educational Background: Tulane Law School, JD, Pacific Lutheran University, BA, Klamath Union High School

Prior Governmental Experience: Circuit Court Judge, Reedsport Municipal Judge, North Bend School Board, Oregon Commission for Women, Governor's Child Foster Care Advisory Committee.

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

Educational Background: Pendleton High School 1969.

Centre College of Kentucky BA Government, 1973; John Marshall Law School Chicago, Illinois, JD, 1981.,

Prior Governmental Experience: Pro Tem Municipal Court Judge, 18 years.

My wife Donna and I returned to Pendleton where we were both raised, so our children would share that wonderful experience and grow up in close proximity to grandparents and extended family. As Pendleton natives, we valued small town life, and brought our family home.

My law practice included family law, criminal law, real estate, landlord and tenant law, advising small businesses, as well as estate planning and probate law. Over my legal career I donated legal services to assist numerous organizations, including the Pendleton Arts Council, the Brogiotti Animal Rescue, Tonya's House, Kick N Cancer and the Cancer Renewal Project, the Pendleton Rotary Foundation, and the Pendleton Swim Association. I have always felt it important to give back as I can to the communities we share.

I have served my community by volunteering with numerous organizations, including the Board of Directors of the local Housing Authority for 11 years; Rotary Club of Pendleton for the past 42 years, serving as President in the year 2009-2010, and selected as Rotarian of the Year in 2011. I have also served on the Red Cross Board of Directors, the Pendleton Swim Association Board of Directors, and 8 years as Indians Director of the Pendleton Round-Up Association from 2011 through 2008. I have served Umatilla and Morrow counties as a Circuit Court Judge since 2008. I have done my best to follow the law and make fair and well-informed decisions for my fellow citizens of the counties I serve. I believe I have proved myself to be diligent, well-informed on the law, and successful in honoring my commitment to fairness while serving the citizens of Umatilla and Morrow Counties.

defender.

Educational Background: Pennsylvania State University, Wilkes University (B.A. History and Sociology), Lewis and Clark Law School (J.D., Law)

Prior Governmental Experience: Municipal judge, city attorney, public defense

I am standing for election as a circuit court judge for a number of reasons:

First, in a democracy parties to elected offices should not run unopposed. Voters should have a choice whenever possible, and I can provide the voters of Umatilla and Morrow Counties that choice. As a retired attorney I have more freedom to run for judicial office than other attorneys might, as I do not have to attend to an active practice.

Secondly, I can improve the court. I was once asked by a thoughtful editor about what changes I would make, because, "If you have no plans for change, then you're just running for yourself." One important necessary change is to issue clear, concise, and most especially timely orders. Attorneys and parties should not have to wait for months to obtain urgent orders, nor receive orders that two attorneys cannot figure out without going back to the court yet again and again.

Finally, I do not view my election as a stepping stone to higher office, nor as a placeholder for others to fill later, nor is it intended as only a partial term prior to mandatory retirement. If elected, I would serve out my term, as decided by the voters of Umatilla and Morrow counties rather than have it filled by officials in Salem.

Educational Background: JD University of North Dakota

Prior Governmental Experience: Hermiston Municipal Court, pro tem judge; Devil's Lake Reservation prosecutor

I have been a family and criminal law attorney in Hermiston for the last 25 years serving Umatilla and Morrow Counties. It has been my pleasure to help individuals and families through their various legal problems and proceedings. During my 27 years as an attorney I have fought to protect the legal and Constitutional rights of people in areas such as children's rights and the protection and restoration of firearm rights. As a trial lawyer I have tried numerous complex criminal and family law cases.

As a circuit court judge I will continue to protect the Constitution to my fullest abilities and ensure timely justice for every individual who appears before me. As a circuit court judge I would ensure that all parties are treated with courtesy and respect, while providing them with a full and fair opportunity to be heard. My experience as a pro tem judge in the Hermiston Municipal Court has been a valuable confirmation of the value of such treatment for parties appearing before me.

Finally, as an attorney who chose to practice law in Hermiston for the last 25 years I have had the opportunity to live and work in an exemplary Eastern Oregon community, successfully raising my daughter while providing quality legal service to the people of Umatilla and Morrow counties, as well as the surrounding areas.

I believe that my background, experience, and qualifications clearly show me as an individual who can be the sort of judge who has a strong understanding of the requirements of the position, as well as a long established member of the community.

I would appreciate your vote in the upcoming election.

I was born to a ranching family in Idaho. Although I did not grow up on the family ranch, I was raised with the values that come from ranching - integrity, honesty, and humility. When I arrived in Umatilla County in 2010, I brought those values with me as I began a career serving this community.

It is now time for me to find another way to serve the citizens of Umatilla and Morrow Counties and to put my exprience, skills, and values to the challege of being your judge.

You deserve a judge who is objective and decisive. You deserve a judge who believes in accountability and the rule of law. And you deserve a judge who understands this population and is dedicated to being mindful of its unique character. I am that person.

I arrived in Pendleton to begin a career - I found a community and the roots I have missed throughout much of my life.

I hope you will allow me the honor of continuing to serve my adopted home area as your judge.

Prior Governmental Experience: Circuit Court Judge 2017-present

I am honored to have served as a Circuit Court Judge and as the Presiding Judge for Union and Wallowa Counties for the past seven years. I am proud that during those seven years this Judicial District:

Implemented a pre-trial release and supervision program that is a model for other courts in Oregon, and is being adopted by rural courts across the country.

Maintained Drug Treatment Courts in Union and Wallowa Counties and a Behavioral Health Court in Union County that improve public safety by dramatically reducing recidivism, while helping participants rebuild lives shattered by substance abuse and mental illness.

Kept the courts open and serving the community during the COVID-19 pandemic, providing access to justice and essential legal services while protecting the health and safety of court staff and those coming to our courts.

Increased the availability of remote appearances and other technologies to make it easier for people to use the court systems and lowering barriers to court services.

Avoided the criminal public defense "crisis" that has paralyzed courts in other jurisdictions, by working closely with local public defense lawyers, the statewide public defense agency, and the local district attorneys to effectively manage our criminal cases.

These and other successes are the result of working together with law enforcement, city and county leaders, district attorneys, criminal defense lawyers, the local bar, local service agencies, and mental health and substance abuse treatment providers. Our amazing court staff are the heroes behind the scenes that make this all happen.

I look forward to your support, and ask for your vote to build on these accomplishments through the next six years.

Occupation: Self Employed Attorney

Occupational Background: Union County Senior Deputy District Attorney 2008-2015.

Educational Background:

University of Idaho - Political Science; Willamette University - J.D.

Prior Governmental Experience: Senior Deputy District Attorney.

I have spent my entire 16 year career practicing law in the 10th Judicial District covering Union and Wallowa County. I am the only candidate in this election who has been a prosecutor. I am also the only candidate who has been a public defender and handled privately retained cases, so I understand how money can affect the choices available for people in the system.

This election could not be more critical. The disruptive impact of having a judge who cannot hear criminal cases, as we currently have, cannot be understated. The Circuit Court currently has significant backlog getting cases resolved. This will continue to grow with upcoming changes to the law recriminalizing drugs unless we have a change in this election.

Our community deserves better than having to pay extra taxpayer dollars to bring in visiting judges to handle the most important cases.

Our community deserves a full time judge with the experience and knowledge to hear, understand, and most importantly to be fair to all sides of every cases being filed.

Our legal and law enforcement professionals currently working in Union and Wallowa are overwhelmingly in support of a change in judge.

I encourage voters to reach out to anyone they know currently working in the legal system in our community and ask if we need change. I am confident they will encourage you to vote for me in this election.

I am very proud to be endorsed by the last four Presiding Judges of the 10th Judicial District - The Honorable Thomas Powers, Brian Dretke, Russell West, and Eric Valentine.

The judges that have overseen our judicial district since 1992 have put their trust in me to direct the future of our courts. I hope that the voters will do the same.

Constitutional rights

For 27 years, I have protected the Constitutional rights of Eastern Oregonians. First, as an attorney, I protected people's rights in a wide variety of civil and criminal matters. Now, as judge, I ensure the rights of all citizens are protected.

"Judge Wes Williams has served Union and Wallowa Counties faithfully for the last five years. His intellect, judicial demeanor and dedication to the law are testaments to his quality as an excellent judge." Robert Raschio, Harney and Grant County Presiding Judge.

Judicial demeanor and record

In my court, people can trust they will be listened to and treated fairly. I show everyone patience and respect.

I issue correct legal decisions. Of the thousands of decisions I have made as judge in criminal and civil cases, I have been affirmed every time except once, when I gave a criminal defendant too much community service.

"This sterling record is a credit to Judge Williams' legal acumen and devotion to equality under the law." Jeff Wallace, former Morrow County District Attorney and retired judge.

Community

I love the people and places of Union and Wallowa Counties. I raised my family and practiced law here and am committed to keeping it a great place to live. I am endorsed by community leaders, small business owners, farmers, ranchers, retired district attorneys and other citizens throughout Union and Wallowa Counties.

County Commissioner, Morrow County, Position 1

Gus Peterson

Occupation: Farmer

Occupational Background:

Educational Background:

Prior Governmental Experience: None

Dear Residents of Morrow County,
I am honored to present myself as a candidate for the position of County Commissioner.

I grew up on a farm just south of Lone, attended school in Morrow County, and came back after college with degrees in agricultural science and political science with two goals in mind: to farm and to make my community a better place. My deep roots (I am a fifth generation farmer) and education give me the perspective and the skills required to address the challenges facing our county. My approach is rooted in collaboration, community engagement, and practical solutions.

Our county is facing a diverse array of issues, from nitrates in groundwater, a crisis with our healthcare department, and a rapidly changing local economy.

These issues all boil down to a culture where words have been valued more than action, where political "victories" have been valued more than doing what is right, and where gaining over our neighbor has been valued over creating gains for our neighbor.

It will not be so with me. I am dedicated to doing the right thing, in all things, that the issues we face may not be mere points of argument but opportunities to improve and ensure that we as a county grow together, for a better today and a better tomorrow.

I am committed to improving infrastructure, enhancing educational opportunities, and promoting economic development. My vision for Morrow County includes creating a supportive environment for small businesses, investing in education to empower our youth, and maintaining the infrastructure necessary for our community to thrive.

Let's work together to build a Morrow County that we are all proud to call home.

Vote for a sustainable future, a prosperous economy, and a connected community. Vote Gus Peterson for Morrow County Commissioner.

Thank you for your trust and support.

Sincerely,
Gus Peterson

Elect Kelly Doherty - Time To Choose Our Own Future.

Time to break barriers and rebuild for the many, not the few. Manage the future, for the future, and empower the people, for the people. I have the courage to enact public policy that benefits the public, our communities and our environment. I want to see strong resilient communities grow and prosper from every corner of Morrow County. I have but three campaign promises to make: I'll bring honesty to our conversations, integrity to the table and transparency to every issue.

Family: I was raised in a small family, on a small family farm. However, I married into a large Irish family filled with traditions and warmth. I have one son and daughter in law that have made Morrow County their home too. I have two mischievously cute grandbabies that fill my heart everyday with joy. I cherish the values that surround all things family.

County: I will work to invest in people and infrastructure that will lead to long term profits and yet still build an equitable future for all. I will tackle the water quality and quantity issues that face our county with doggedness. Water is life. A thriving economy, depends on a thriving environment. Well planned and effective resource management will be put in place to meet objectives and outcomes for our people, our industries, small business and region.

My office door will always be open or I'm just a phone call away.

We are Union County, and we like who we are!

I have lived in Union County for 27 years; it's my home. I've invested my leadership and my voice locally to make things better for Union County. My relevant, recent experiences have given me the opportunity to build relationships from a diverse set of backgrounds here in Union County. This will guide me in representing everyone.

The "Choke Points" I see for Union County

1. We need **commercial air travel** in/out of Union County. People want to move here, but they need to be able to fly to get to other destinations.
2. We have to find ways of **rescuing the youth of our community who are falling between the cracks**. Covid, Measure 110, and the Mental Health crisis has been a perfect storm that has crippled many people. "We can't do nothing" are the words that boil up in me when I feel the helplessness around these issues. I will do something!
3. **The housing crisis affects many communities, and ours is no exception. We have to have land available for professionals who want to relocate to Union County to build and thrive.** We have to break through the barriers to make this happen.

The people that know me know that **I don't settle for hearing the word "NO" in these situations. I will push to understand the "HOW".** We will move forward.

I love Union County, and I love who we are. Let's make US better for tomorrow while holding onto everything we love about this great place where we get to live!

I have deep roots in our Union County communities. I am a second-generation Union County resident, born in Baker and raised in La Grande. Growing up, I was heavily involved in FFA and 4-H organizations and am passionate about helping young kids in our community explore their interests and excel.

As Commissioner, I will protect our unique way of life and prioritize issues such as:

Public Safety: Our fire department and sheriff's office require funding to adequately get the training, equipment, and resources needed to deal with scenarios that could arise in our county. For far too long, they haven't had the support they've needed from our government.

Homelessness: We need to help the homeless population transition away from our streets and their addictions by offering mental health resources and cracking down on drugs in our county. We can't allow our neighbors to live on the streets, it's inhumane and a public safety concern.

Agriculture: We need to protect our agricultural lands, maintain and encourage sustainable agricultural production, and encourage innovative marketing strategies that highlight the incredible local goods we produce.

Local Economy: Agriculture is a big part of our local and national economies, but so are the manufacturing jobs that have been here for decades, and our local small businesses run by generations of Oregonians. We need to support current businesses and incentivize new opportunities to grow our local economy.

With your support and vote, we will make Union County stronger than ever before.

For every point of view on every topic there is an opposing point of view. Good decision making relies on understanding the many sides of an issue, then finding a solution that best represents all sides. Not everyone will get everything they want, but most should get some of what they want. The Address Confidentiality Program (ACP) provides participants with a legal substitute address and a mail-forwarding service. Survivors of domestic violence, sexual assault, stalking, or human trafficking are provided with a substitute address to use on public records instead of their real address.

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General. For more information or to find an Application Assistant near you call **888-559-9090** or visit www.doj.state.or.us/acp.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.
