Oregon Secretary of State
Elections Division

Dear Oregon Voter,

This year's elections are full of dynamic contests that will determine our next President, members of Congress, state legislators, and more. Your vote matters.

Oregonians are voters. In 2022, we had the highest voter turnout in the country. For more than 20 years, we've held accurate and secure elections through our modern vote-by-mail system. Our democracy works because Oregonians of all political stripes – Republican, Democrat, and Independent – came together to build the best voting system in the country.

However, we are not immune to false information designed to undermine trust in this system. In 2024, it's more important than ever to get your information from official sources.

Get the facts and get your questions answered at these trusted sources of information.

**[Oregonvotes.gov](https://oregonvotes.gov) | [Facebook.com/OregonElections](https://facebook.com/OregonElections) | [Twitter.com/OregonElections](https://twitter.com/OregonElections)
Find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties)**

Here's what you need to know about the May 21 primary election.

- **Oregon holds closed primaries:** Both major political parties – Republican and Democrat – have chosen to hold closed primary elections in Oregon. That means unless you're a registered member of a major political party, you won't see their candidates on your May ballot. You can check to see if you're registered with a political party at [Oregonvotes.gov](https://oregonvotes.gov).
- **Register to vote by April 30.** Register online or check your registration information at [Oregonvotes.gov](https://oregonvotes.gov). Ballots will be mailed out beginning on **May 1. Election Day is May 21, 2024.**
- **Ballots must be received or mailed with a valid postmark by 8 p.m. Election Day.** You may also choose to drop your ballot at one of dozens of official drop boxes. Visit [Oregonvotes.gov/Dropbox](https://oregonvotes.gov/Dropbox) to find the drop box nearest you.
- **Don't be fooled by false information:** False information is often emotionally charged, polarizing, and designed to spread easily online. Get the facts from official sources like [Oregonvotes.gov](https://oregonvotes.gov) or by calling your county elections office. You can find your county elections office at [Oregonvotes.gov/Counties](https://oregonvotes.gov/Counties).

Sincerely,

Voters' Pamphlet Translations

Making Voting Accessible

ORS 251.026, 251.167, 251.170, 251.173 & 251.315

In 2021, the Oregon Legislature passed the Voter Language Access Bill (HB 3021) requiring the Secretary of State to translate portions of state and county voters' pamphlets into Oregon's most spoken languages. The law seeks to remove barriers to voting for those who are not fully proficient in English.

To help in this effort, the Translation Advisory Council was created. The Council is made up of volunteer community members who represent the ethnic, linguistic, and cultural diversity of Oregon voters. Council members make sure translations are accurate and retain the original tone and meaning in a culturally appropriate manner.

Selected portions of this state voters' pamphlets are available in Arabic, Simplified Chinese, French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

These translations can be found online at oregonvotes.gov/voterspamphlet.

Where do I vote?

In Oregon, we vote by mail. You can vote anywhere you choose.

If you're registered to vote by **April 30**, your ballot will be mailed between **May 1** and **May 7**. Your county elections office will mail it to the address in your voter registration record.

If you don't receive your ballot by **May 10**, call your county elections office.

What if I've moved?

Ballots cannot be forwarded. To receive your ballot, update your voter registration information at oregonvotes.gov/myvote.

If Election Day is less than 5 days away, call your county elections office for instructions on how to get your ballot.

How can I get my ballot early?

If you will be away from your home on Election Day, update your voter registration information at oregonvotes.gov/myvote.

To request an absentee ballot, enter your absentee mailing address and how long you will be there.

Is the voters' pamphlet translated into other languages?

Yes. Portions of the voters' pamphlet are available online in:

Arabic, Chinese (Simplified), French, German, Japanese, Korean, Marshallese, Russian, Spanish, Tagalog, Thai, Ukrainian, and Vietnamese.

You can find these translations online at: oregonvotes.gov/voterspamphlet.

How do I complete my ballot?

Your ballot packet will include instructions on how to complete and return your ballot. Follow the instructions!

What if my dog eats my ballot?

If your ballot is lost, destroyed, or damaged in a way that stops you from voting, call your county elections office and ask for a replacement ballot.

Do I have to vote on everything?

No. Your ballot will still be counted, even if you don't vote for every contest or measure on it.

Can I change how I voted?

If you have mailed or dropped off your ballot, your vote cannot be changed. If you still have your ballot, follow the instructions that were sent with your ballot.

How do I return my ballot?

You can return your ballot by mail, no stamp needed. If you mail your ballot, it must have a USPS postmark dated on or before **8 pm** on **May 21**.

Or return your ballot to any county elections office or official drop box. You can find the nearest drop box, along with a map of how to get there, at oregonvotes.gov/dropbox or by contacting your county elections office.

County elections offices are open Election Day from 7 am to 8 pm.

Is the secrecy sleeve required?

If you received a secrecy sleeve, you don't have to use it unless you want to.

If you didn't receive a secrecy sleeve, your county is one of the many that have incorporated additional security features approved by the Secretary of State's Office into the ballot return envelope and therefore no longer need the sleeve.

Do I have to sign my ballot return envelope?

Yes. Your signature is a security measure used to verify your identity. You're the only person who can sign your ballot return envelope. Power of Attorney documents do not apply to voting.

If you cannot sign your name, contact your county elections office for more information.

Your ballot is only counted if the signature on the ballot return envelope matches signatures in your voter registration record.

If your signature does not match or you forget to sign the envelope, the county will notify you. You will have until 21 days after the election to prove you were the one who signed the envelope.

If my name is on the ballot return envelope, is my vote really secret?

Yes. After signature verification, your ballot is separated from the ballot return envelope before it is unfolded and reviewed.

Was my ballot counted?

As a registered voter, you may view updated ballot information at oregonvotes.gov/myvote. You can see when a ballot is sent, received, or if it was returned as undeliverable.

When will election results be known?

Initial results are released beginning at **8 pm, May 21** and will continue to be updated through election night and the days following.

Between election night and the date the election results are certified, the unofficial results reported on oregonvotes.gov will change.

This change represents ballots that were postmarked by 8 pm on election night, being received and counted.

Final results, especially for close contests, may not be known until the election is certified and the official abstract of votes is published. Final certified results will be available 37 days after the election.

Do I need a provisional ballot?

If your eligibility to vote can't be determined you will be issued a provisional ballot.

To obtain a provisional ballot, go to your county elections office in person and fill out a Provisional Ballot Request Form.

Your provisional ballot will only be counted if you are determined to be eligible to vote.

How do I file a complaint?

If you believe Oregon election law has been broken, and are an Oregon registered voter, you can ask the Elections Division to investigate. Anonymous requests will not be investigated.

You can find more information and submit a complaint for Elections Division investigation at oregonvotes.gov under the "get involved" section.

Political Party Statements

At the Primary Election, a statewide political party that intends to nominate candidates for the general election may file a voters' pamphlet statement about the party's principles and its candidates. The party's statement may also oppose the principles and candidates of other political parties or organizations.

The following political parties did not submit a statement for the **2024 Primary Election**:

→ No Labels Party of Oregon

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2024 Primary Election** is:

E, U, X, Z, P, I, D, Q, B, O, F, A, C, T, L, G, W, R, N, Y, H, S, V, K, J, M

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidates are further separated by political parties.

Statements are arranged in the following manner:

- Republican candidates by position, in ballot order
- Democratic candidates by position, in ballot order
- nonpartisan candidates by position, in ballot order

Candidates pay a fee or submit signatures in lieu of paying the fee for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Duties and Responsibilities of Precinct Committeepersons

Precinct Committeepersons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs.

Each precinct is allotted a number of PCPs based on the count of registered voters in the precinct. Individuals can only file for (or serve in) one precinct at a time. However, PCP candidates can choose whether they want to file to serve in the precinct they live in or a related one.

The Constitution Party of Oregon

The Constitution Party of Oregon offers a unique platform rooted in constitutional principles, aiming to preserve individual freedoms, limit government intervention, and uphold traditional values.

Joining the party provides a voice for those who seek a return to the original intent of the U.S. Constitution, advocating for limited government, fiscal responsibility, and the protection of civil liberties.

By joining, individuals contribute to a movement dedicated to promoting family values, defending the sanctity of life, and safeguarding First and Second Amendment rights.

Additionally, membership in the Constitution Party of Oregon offers an alternative to the mainstream political landscape, providing a platform for those who feel disenfranchised by the two-party system and seek a principled, conservative alternative.

All party members are encouraged to attend our convention on 25 May 2024 (time and place to be announced on our website) to make nominations, vote for Presidential and other candidates, and by so doing, to Honor God, Defend the Family, and Restore the Republic.

(This information furnished by The Constitution Party of Oregon.)

Democratic Party of Oregon

The Democratic Party of Oregon is working for progress and helping to elect Democrats in all corners of Oregon.

The Democratic Party believes that our nation's greatness is rooted in its diversity and ability to move forward together. We invite all Oregonians, wherever they may be, to join us in our determination to move Oregon forward as a beacon of opportunity, acceptance and freedom. **In the face of far-right attacks on our freedoms, we will continue to defend our democracy, right to privacy, reproductive rights, civil rights, and the freedom of ALL Americans to live and love as they see fit.**

We are a Party of almost **one million Oregonians**, coming from all walks of life, from all kinds of backgrounds and communities, and from all regions of our great state. Democrats believe that **we're greater together than we are on our own** – that this country succeeds when everyone gets a **fair shot**, everyone does their **fair share**, and everyone **plays by the same rules**. Our party is focused on building an economy that **lifts up all Americans**, not just those at the top.

Democrats have a strong record of accomplishments, including:

- raising the minimum wage to improve life for more than 100,000 workers and their families,
- reducing student loan debt,
- allowing Medicare to negotiate lower prescription drug prices,
- passing paid family and medical leave,
- the largest clean energy investment in U.S. history and moving Oregon to 100% clean energy by 2030, and
- ensuring our schools have the resources to help every student find success.

Oregon Democrats stand united in our belief in:

- Housing as a human right
- A right to health care for all
- Quality public schools
- Protection for labor unions and workers' rights
- Action to respond to climate change
- Humane immigration reform policies
- Racial and gender equity
- Protecting Social Security and expanding access to pensions
- Growing good jobs for Oregonians
- Criminal justice reform
- LGBTQ+ rights
- Gun safety measures
- Campaign finance reform
- Voting rights for all
- Civil rights for those living with disabilities
- Reproductive freedom

We invite all Oregonians to join us in affirming our determination that Oregon continue to become a beacon of economic opportunity, tolerance, and freedom.

Independent Party of Oregon

INDEPENDENT PARTY MEMBERS: Vote now in our issues survey and election of members to the IPO Caucus. Vote May 1 - May 21 at www.indparty.com **NOT A MEMBER? JOIN US (register HERE) AND THEN VOTE!**

**Are you tired of extremism and polarization?
And being manipulated by politicians who say one thing to get your vote and then do another?**

If so, then maybe the Independent Party of Oregon is for you.

A 2023 Gallup poll found that 63% of Americans want a viable third party and that the Democratic and Republican parties “do such a poor job representing the American people that a third major party is needed.” (bit.ly/3rdpartysupport2023) The only way to build a third party is to join one and get involved.

The Independent Party of Oregon (IPO) believes in fiscally and environmentally responsible policies to restore our middle class and address the real problems we face.

Government reform: Since 2007 we have been in the [Honest Elections Oregon](#) coalition that effectively compelled the Oregon Legislature in its short 2024 session to enact limits on campaign contributions and requirements that the true sources of campaign funds be disclosed and be featured in political ads (“taglines”). In its 165-year history, the Oregon Legislature had never adopted campaign contribution limits. Because the Honest Elections Oregon coalition had already gathered over 100,000 signatures on its initiative petition to reform campaign finance in Oregon, the Legislature finally acted.

People centered policies: We work on policies that bring us together, like reducing the high cost of living (especially for housing), homelessness, addiction, and the causes and effects of fire and extreme weather on our communities.

Facts:

- We are the fastest growing party in Oregon, adding over 142,000 members since 2007 (4.7% of Oregon’s registered voters).
- About 6.5% of all local office holders (city council members, commissioners, mayors) are IPO members.
- We’re highly informed, rational, non-tribal, non-extremist voters.
- Our platform is fiscally responsible, socially compassionate, and environmentally protective.
- We fight to keep big money from buying government policy at all levels of government.

Today, government policies in Oregon are crafted by and for powerful corporations, large unions, and the wealthy. Government is not accountable to regular people. There is not enough problem-solving. We stand against extremism, crisis entrepreneurs, and those who seek to curtail individual rights.

We work to:

- Oppose spending on inefficient government programs and bailouts.
- Increase transparency in government, especially on how tax dollars are spent.
- Improve education and job training opportunities.
- Protect the environment and the climate effectively (reducing diesel emissions is a priority).
- Protect Oregon consumers from ripoffs and abuse, including medical billing.
- Provide incentives for business creation and expansion in Oregon, if the incentives return greater public benefit than they cost.

PLATFORM

Our party platform (indparty.com/platform) is based on our member issue surveys. See our past Voters’ Pamphlet statements at indparty.com/vp.

COMMUNITY BASED CANDIDATES

We support candidates backed and trusted by their local communities, not the special interests that dominate Republican and Democratic agendas. These special interests accounted for nearly all of the \$153 million spent on Oregon political campaigns in 2022 and most of the \$52 million spent in 2023 on lobbying in Oregon. Regular voters can’t match those big dollars. But we can fight them with our voting power.

WE ARE HAVING AN IMPACT

We have worked on several policies to protect taxpayers, consumers, and our environment over the years, but our main focus has been to restore power to ordinary citizens. This year, our co-chair negotiated Oregon’s first meaningful campaign finance legislation. The coalition also brought campaign finance reform to Portland in 2018 and Multnomah County in 2016.

Libertarian Party of Oregon

Fighting the Two-Party Duopoly & Reforming A Rigged System

Founded in 1971, based on the **principles of non-aggression, voluntary cooperation, and maximum personal liberty**, the **Libertarian Party** has become America's largest third-party.

For decades, the **Libertarian Party of Oregon (LPO)** has been stridently fighting for the rights of all Oregonians from intrusive, oppressive, and overtaxing government which has been exploited by both Democrats and Republicans to prop up their preferred special interests and political constituencies at the expense of the average citizen.

While the LPO's efforts have mostly been represented by uncoordinated, but spirited protest candidacies in years past, **the new leadership that assumed control of the LPO in 2023 has made a marked change**, deciding to adopt a comprehensive campaign strategy focused on the most politically viable districts across Oregon, and targeting incumbent politicians, regardless of party affiliation, whose policies have proven repugnant to the values of our members.

However, we are not ignorant to the fact the electoral system is rigged to benefit the special interest, corporate, and big labor financed Democratic and Republican parties and that electoral success will be difficult, but certainly not impossible, until reforms are made to the electoral process, such as:

- I. **Proportional Representation** of seats in the State House and Senate.
- II. **Ranked Choice Voting** in all elections.
- III. Allowing Voters to choose **"None of the Above"** for any office on the ballot.

Waging Peace by Rejecting Entangling Foreign Alliances

The Libertarian Party has long rejected unneeded foreign entanglements such as the NATO, the IMF, and the WHO that only push our nation and the world ever closer to nuclear war, poverty, and ill health. International relations should be based on situational politics and the self-interest of the United States, it is in that vein that **the LPO firmly opposes:**

- A. Providing further military support to Ukraine in its regional dispute with Russia, which has **fed inflation, fueled global economic distress, and greatly increased the threat of nuclear war** for the first time in generations.
- B. The United States government continuing as chief arms supplier for the world, which has facilitated and made our government complicit in countless humanitarian tragedies, such as the **ongoing massacre of the civilian population of Gaza by Israeli Defense Forces, which many experts in international law consider to be a genocide.**
- C. Providing economic or military subsidy to **any** foreign government.
- D. Efforts by the government to silence whistle blowers and journalists like **Edward Snowden and Julian Assange, who should be considered heroes rather than enemies of the state.**

Operation Warhawk Removal

Earlier this year, the LPO's Public Policy Board adopted a resolution supporting "Operation Warhawk Removal," a program to defeat incumbent members of Congress who support belligerent policies such as supplying Ukraine and Israel with arms and operational funding in their conflicts with Russia and Hamas, initiatives which have no direct impact on the lives of our citizens, but which, by way of our government's involvement, negatively effects our national security and economy as a whole. Of Oregon's congressional delegation, the worst of these offenders are:

Lori Chavez-DeRemer (Republican, Congressional District 5)

Val Hoyle (Democrat, Congressional District 4)

Andrea Salinas (Democrat, Congressional District 6)

These incumbents have continually shown their willingness to put the interests of their constituents second to that of foreign powers and the arms industry, proving their unworthiness to hold office. **The LPO is actively recruiting candidates for THESE and ALL OTHER races** across our state and encourages ANY interested persons to **contact us at campaigns@lporegon.org**.

Take a Stand and Get Involved

If these principles appeal to you, we invite you to switch your voter registration to "Libertarian." Libertarians are not right or left, we stand on principle and champion your freedom to do what you want with your life, your money, and your body within an ethical framework. We would be honored if you would join us!

Pacific Green Party

Dear Oregonians,

In a world fraught with challenges, the Pacific Green Party stands as a beacon of hope and progressive change. Rooted in the principles of ecological wisdom, social justice, grassroots democracy, and nonviolence, we offer pragmatic solutions to the pressing issues of our time.

Protecting Our Planet, Securing Our Future: We advocate for urgent action to combat climate change by transitioning away from fossil fuels and embracing renewable energy sources. We believe that by investing in sustainable infrastructure, promoting biodiversity, and adopting eco-friendly practices, we can safeguard our planet for future generations.

Empowering Communities, Ensuring Equity: We believe in economic and social justice for all. It's time to prioritize the well-being of individuals and families by implementing a living wage, guaranteeing access to affordable housing, and providing comprehensive healthcare, including mental health services and dental care, for everyone. We stand against systemic injustices and advocate for the rights of marginalized communities.

Revitalizing Democracy, Restoring Trust: Our democracy is in need of reform. We support campaign finance reform, public financing of elections, and the implementation of ranked-choice voting to ensure fair and representative governance. By decentralizing power, encouraging grassroots participation, and promoting community-based economics, we can create a more inclusive and responsive political system.

Promoting Peace, Rejecting Militarization: War is not the answer. We advocate for a significant reduction in military spending and the dismantling of the military-industrial complex. By prioritizing diplomacy, conflict resolution, and international cooperation, we can build a more peaceful and secure world for all.

Standing for Diversity, Respecting Rights: We celebrate diversity and champion the rights of all individuals, regardless of race, gender, religion, or sexual orientation. We reject discrimination in all its forms and strive to create a society where everyone feels valued, respected, and empowered to thrive.

Join Us in Building a Better Future: The Pacific Green Party invites you to be part of the solution. Together, we can create a more just, sustainable, and compassionate society. Change starts with us, and by working together, we can build a brighter tomorrow for Oregon and beyond.

Oregon Progressive Party

Fighting for Honest Elections, Economic Opportunity, Human Rights, Environmental Protection, and Grassroots Democracy.

WE SUPPORT: Medicare for All, elimination of student debt, a national or state wealth tax, equal rights (including same-sex marriage and for transpeople), reproductive choice, and minimum wage of \$24 that keeps up with the cost of living.

WE OPPOSE: corruption of elections by big money, the proposed Safeway-Kroger merger, bloated military spending, corporate personhood, and “free trade” deals that let corporations override labor, consumer protection, and environmental policies.

Progressive Party Platform Table

Real Campaign Finance Reform

Oregon candidate spending skyrocketed from \$4 million in 1996 to \$153 million in 2022, when the campaigns for Governor spent over \$80 million (double the record set in 2018). Candidates in one race for the Oregon Senate spent \$5 million, over \$80 per vote.

After 165 years of not limiting campaign contributions, the Oregon Legislature in March 2024 was forced to act, because the Honest Elections Oregon coalition had gathered over 100,000 signatures to put real campaign finance reform—Initiative Petition 9—on the November 2024 ballot.

The Oregon Progressive Party is a founding member of the Honest Elections Oregon coalition. The new contribution limits are not perfect; more work is needed.

Oregon Progressive Party members also wrote the campaign finance charter amendment adopted by Multnomah County voters in 2016 and copied into the City of Portland measure passed in 2018.

Invest in Oregon

Oregon’s \$140 billion of state investment funds should be invested in public works and jobs for Oregonians, instead of corporations almost entirely outside of Oregon. The State pays over \$1 billion in fees every year (mostly undisclosed) to vulture capitalists, corporate raiders and leveraged buyout artists who invest Oregon funds in fossil fuels and makers of spyware used to oppress activists worldwide (search NSO, Pegasus, Oregon).

Oregon local governments borrow about \$4 billion per year, mostly for infrastructure improvements, and pay around \$200 million per year in fees to issue bonds and high bond interest rates.

Let’s cut out the Wall Street middle men. Local governments should borrow the needed funds from an Oregon State Bank. The Bank of North Dakota funds local infrastructure improvements at interest of 2%. If an Oregon State Bank charged local governments 3% interest, they would save \$40 million per year in interest as well as avoid the \$200 million per year in fees.

Military Spending

The bloated U.S. military budget (\$886 billion in 2024) should be cut by \$250 billion. The U.S. has active duty U.S. troops in 178 countries and 750 foreign military bases.

Grassroots Democracy

Oregonians need to be able to effectively use the initiative process, including secure electronic signatures to allow wider participation. We support STAR Voting and Ranked Choice Voting to break the 2-party domination and the “spoiler effect.”

Human Rights

We believe that all human beings are fundamentally worthy of respect and dignity. We support equal rights for all, including same-sex marriage. We support the rights of trans kids and adults to participate without discrimination in all aspects of life. We support Medicare for All comprehensive health care. We oppose cuts in Social Security & Medicare benefits.

Environmental Protection and Justice

We support an Oregon Green New Deal and taxing emissions that cause climate change and the diesel and other pollution that harm human health. We oppose offshore oil & gas drilling and importing/exporting fossil fuels from Oregon ports. Genetically engineered food should be labeled as such. We oppose aerial spraying of pesticides/insecticides in the management of forests and the foreign export of logs from all forests in Oregon.

Fair Taxation

Oregon’s income tax kicker should be converted to a Workers’ Kicker that refunds the same to every taxpayer. We oppose government promotion of gambling, which is a hidden regressive tax. We support removing the mortgage interest deduction on vacation homes.

Oregon Republican Party

Since 1854 when the Republican Party united for the purpose of eliminating the scourge of slavery from these United States, Republicans have stood for the foundational Constitutional principles of liberty and justice for all. We believe in the common-sense values of limited government, individual liberty coupled with personal responsibility, and the rule of law.

Republicans believe that limited government makes good sense.

- The most efficient and most effective government is bottom-up, beginning with self-government, and moving outward to family, community, city, county, state, and finally the distant federal government.
- Bloated government infringes unnecessarily on personal liberty.
- Bloated government strangles citizens with excessive taxation and regulation, fueling inflation and the cost of groceries, homes, fuel, and other necessities.
- Bloated government hamstringing small businesses with over-regulation and soaring costs, often driving them away to business-friendly states or forcing them to sell to corporate conglomerates.
- Bloated government is vulnerable to pay-to-play corruption and lack of accountability, problems all too familiar to Oregonians.

Republicans believe that individual liberty makes good sense.

- Individual liberty is essential to peace and harmony in a society rich with diverse cultures and traditions. We live better together when we are free.
- Individual liberty guards against tyranny and suppression of minority groups and minority voices.
- Individual private property rights are the well-spring of economic prosperity.
- Individual liberty cultivates a rich diversity of freely-expressed ideas, leading to innovation and collaborative problem-solving. We're stronger when we work through disagreements rather than squelch dissent.
- Republicans believe in individual liberty and personal responsibility, but we also believe in generosity. Generosity, like government, is most effective and least corruptible at close range. Personal generosity, unlike government largesse, nurtures human bonds that tie communities together.

Republicans believe that the rule of law, equally applied to all with due process, makes good sense.

- Laws exist for the protection of society and the preservation of both individual rights and personal accountability.
- The U.S. Constitution and the Oregon Constitution are the highest laws of the land, and all other laws must be consistent with them.
- Our military, law enforcement officers, and courts are charged with the task of maintaining order and keeping our communities safe.
- Public officials, including district attorneys, have a sworn duty to equally enforce the law and safeguard individual constitutional rights.
- Secure national borders and the enforcement of federal immigration laws in all jurisdictions is essential to national security. Republicans welcome legal immigrants into our communities.

These principles—limited government, individual liberty and personal responsibility, and the rule of law—shape our priorities:

- Unwavering preservation of all Constitutional rights for all citizens
- Restraint in government spending
- Lower taxation and preservation of the Oregon kicker
- Reduction of development charges driving up housing costs
- Elimination of burdensome over-regulation subjecting Oregon's small farms and businesses to corporate takeovers and foreign ownership of land and of the means of production
- Production of affordable, reliable, domestic energy from diverse sources, including hydropower from Oregon dams
- The right to choose consumer products—vehicles, appliances, home heating, etc.—without undue government interference
- Elimination of perpetual government subsidies to artificially advantage specific energy segments
- Healthy forest management including post-fire harvest and regeneration to minimize the risk of catastrophic wildfires
- Secure, transparent elections, with voter rolls consisting only of all eligible Oregon voters
- Steadfast support for our military and veterans
- School choice for all parents and children, not just the wealthy. We cannot sacrifice this generation of children to closed schools, walkouts, cultural battles, and falling academic standards

Join with your Republican friends and neighbors as we face the future with determined optimism, acknowledging and learning from both the errors and the virtues of the past, while working diligently to build a stronger Oregon and a better future for all Oregonians.

Working Families Party

What is the Oregon Working Families Party?

The Oregon Working Families Party is about building an Oregon that works for all of us, not just the wealthy and well connected.

How do we build political power for working people?

The Oregon Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote.

What does it mean when you see “Working Families” next to a candidate’s name?

It means you know that they have our seal of approval -- and you can vote for them with the confidence that they will do the best job of fighting for working people.

What do we stand for?

THE OREGON WORKING FAMILIES PARTY PLATFORM

A Democracy that Works for the many, not the few.

We vigorously fight any efforts to suppress voters. We must eliminate the ability of wealthy donors and corporations to buy politicians and protect the integrity of our voting system from all threats, foreign and domestic.

Building Worker Power

We demand fair rules and legislation that strengthen unions and create fair working conditions for everyone. We encourage all workers to form or join unions and bargain collectively to determine their terms and conditions of employment.

Health Care and Housing for Everyone

Health care and quality housing are human rights. Society has an obligation to be certain that everyone has a decent place to live, access to health care, clean air, clean water, and a healthy climate. Make healthcare free and universal and guarantee home and community based services for everyone, including mental health care.

Eliminate restrictive local zoning rules that keep housing and schools segregated by race and class. Aid Black families, and other people of color harmed by redlining in buying homes.

Respect the sovereignty of Indigenous Peoples and Tribal Nations.

Quality, Free Education

Quality education is the backbone of any society. We must make public pre-K- 12 a priority again and eliminate schemes that siphon public funds from the public system. From universal preschool to higher education -- including trade schools, public colleges, and universities – all must be tuition free.

Fixing our Broken Criminal Justice System

We demand an end to mass incarceration and the for-profit prison system. We oppose minimum sentencing requirements that have resulted in the world’s largest prison population. We also must end forced arbitration schemes used to shield the abuse of corporations.

Comprehensive Immigration Reform

Our party stands for fair comprehensive immigration reform that realigns legal immigration standards to reflect today’s conditions, a system not based on race. The two decades old experiment called ICE has failed; it’s time to eliminate ICE.

Creating a State Bank

We don’t need billionaire bankers. We need a state owned bank to support small businesses and family farms and keep Oregon’s money in Oregon.

Fair Trade, Fair Economy

We need trade rules that build strong economies among all trading partners, that enable enforcement of domestic labor and environmental laws, and that regulate and tax global capital. We fight for a just transition away from the global fossil fuel economy that guarantees working families sustainable livelihoods for generations to come.

Tax the Rich

It’s high time that wealthy individuals and corporations pay their fair share of taxes. Their greed impacts every aspect of our lives. We must reestablish the tax rates of the 1950’s and 60’s when our country built a strong middle class and the infrastructure necessary for a strong economy.

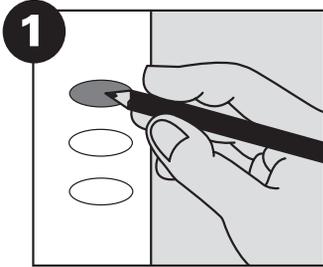

The Oregon Working Families Party will leave no one behind. Join us!

We are working to create a party that represents all working people of all identities. Vote for OWFP-nominated candidates and help us build an organization that can truly represent working people in Oregon politics. www.OWFP.org

"Dennis is the perfect leader to ensure voter integrity, oversee corporate registrations, and audit state agencies." –Senator Brian Boquist

Oregonians cherish individual liberty, finding equal appeal in the charms of farm-to-table roadside stands and the convenience of mega-store and mall shopping. This affinity reflects a profound **appreciation for free markets, fiscal conservatism, limited government intervention, benevolence and dignity.**

These principles form the core of the MAGA movement—intuitive, sensible and well-founded.

The **failure to uphold these foundational principles** burdens Salem's executive machinery, drowning it in **wastefulness and extravagance.** Deficiencies in the Secretary of State's office further **amplify these problems.**

Headlines continually report about the **shortcomings in Oregon's executive offices**, and this negative press highlights the urgency for comprehensive accountability, transparency, and ethics reform.

Therefore, Dennis pledges to:

- **Restore** election integrity and promote diligent custodial ownership of election records
- **Safeguard** the accessibility and integrity of every Oregonian's vote
- **Demand** rigorous government audit accountability
- **Conduct** meticulous executive agency and department level audits
- **Cultivate** and promote realistic resource development goals

Dennis has seasoned experience and unwavering determination. With strategic awareness and understanding, Dennis commits to restoring accountability in Salem. This will **stop the careless waste of taxpayer dollars and curb** executive agency and departmental overreach.

Dennis will champion the rights of individual Oregonians.

Dennis will fiercely defend your right to pursue opportunities and elevate our communities toward greater prosperity. Oregon's wealth and resources—timber, water, farmland, ranch land, minerals, technology, and recreation—**combined with the resilience and spirit of our people, constitutes a winning strategy.**

“I’m an independent minded constitutional republican. I believe supporting Oregon families, small business prosperity, protecting property rights, defending our borders, respecting senior retirees, and less state government results in ‘life, liberty and the pursuit of happiness.’”

For far too long, the Attorney General has not been adequately or equitably, serving and representing the people of Oregon. ALL Oregonians should feel safe in their homes, work, school and places of worship.

I have been privileged to live in Oregon most of my life. What I see coming is very disturbing. If we do not turn our once beautiful state around, the damage will be irreversible.

Human Trafficking, homelessness, the Fentanyl crisis, shoplifting, violent personal crimes are at historically high levels. Forcible Rape is up 60%, Assaults against women are up 40%.

This needs to stop!

Oregon needs a strong Attorney General:

- A good Attorney General is an advocate, of the people and for the people. Too many elected officials, in this role, forget that they are representing the people of the state of Oregon, not the Governor or other authorities.
- I am that Attorney General. A staunch and tireless advocate for all. I will be a check on the balance of power, that for far too long, has not protected the people of Oregon according to the constitution.
- If you have an issue with the state, an agency, employee or any elected individual; the Attorney General's office should be your first call, if you are unable to resolve the matter on your own.
- I will work to lower your insurance premiums. Credit reports should not determine your insurance rates! Bank fees are incredibly high. Annoying ROBOcalls need to stop.
- We need our lives, jobs and our state back.
- **We need peace, tranquility and safety in our neighborhoods again!** We can AND will accomplish this.

Occupational Background: President of the United States (2021-present); Vice President of the United States (2009-2017); and United States

Senator from Delaware (1973-2009)

Educational Background: Syracuse University College of Law (J.D.); University of Delaware (B.A.)

Prior Governmental Experience: See above.

President Biden and Vice President Harris are running for reelection because they believe every generation has a moment to stand up for democracy and fundamental freedoms – and this is ours.

During President Biden and Vice President Harris' first term, they have helped create nearly 15 million jobs, passed legislation to lower costs for working people while making corporations pay their fair share, took the strongest action on climate in our nation's history, and restored American leadership on the world stage.

When President Biden ran in 2020, he said we were in a battle for the soul of America – and we still are. The question now is whether we'll have more freedoms or fewer in the years ahead.

President Biden and Vice President Harris know there is still so much left to be done. They lowered prescription drug prices and capped insulin at \$35 for seniors – they plan to finish the job to lower prescription drug costs for all Americans. President Biden has signed three executive orders to strengthen access to reproductive health care, and they are fighting for federal legislation to restore the protections of *Roe v. Wade* so people in every state have access to the care they need. They prioritized addressing the existential climate crisis by making the largest ever investment in clean energy and climate action, and they will continue to keep us on a path to cut carbon pollution in half by 2030. They made the tax code more fair by increasing taxes for big corporations – they will keep fighting to ensure that billionaires and corporations pay their fair share. They are running for reelection to finish the job.

I stand for Oregonians **thriving together**; that means putting the well-being of our communities first. We're often forgotten in rural Oregon. I will make sure that no matter how far from Salem or DC you live, you can have a job, family, and meaning. Our path forward is built on innovative approaches to critical barriers in our region.

Thriving begins with **education**. Too many students in our district don't have the resources they need. Many Oregonians seek a better life for their families but can't gain the new skills needed to command higher wages while working full-time. In congress I will work on legislation to fund Career and Technical Education, expand broadband access for hybrid programs, and provide new options for flexible learning. By strengthening our educational infrastructure we can provide everyone better opportunities to achieve individual potential.

We face a major **housing** crisis. The dream of homeownership is unrealistic for many families due to skyrocketing costs and lack of availability. I will work to secure federal investments for innovative housing projects and promote policy that encourages development of sustainable, low-cost housing options. Everyone deserves a safe and affordable place to call home.

Since the last election, Oregonians were devastated by a global pandemic and regional wildfires. Our **behavioral health** has plummeted. Oregon ranks near last nationally for youth and adult mental health and access to care, according to Mental Health America. I will work with local leaders to create treatment options, transitional housing, and a stronger workforce of providers. With comprehensive and equitable programs, we can *thrive together*.

Secretary of State**James Jim Crary**

Democrat

Occupation: Retired**Occupational Background:** Attorney; Supply Chain Management**Educational Background:** BBA-Pacific Lutheran University; J.D.

University of San Diego

Prior Governmental Experience: Greensprings Rural Fire District; Pinehurst School District; Army 1972-73**"I'm not asking you to vote for me, vote for yourself."** (Harry Truman)

Let me explain that.

Many voters dislike political campaigns because too many candidates:

- Just throw mud at their opponents instead of offering solutions for problems.
- Strive hard to not answer direct questions and instead pivot to some canned talking point.
- Love to talk in broad platitudes (which sound great but mean nothing).

I am offering a real, viable solution to combat evasiveness and platitudes while engaging voters.

People running for office are effectively applying for a job.

What I propose is that just like every other job applicant, candidates should be interviewed by their prospective employers, the voters. To conduct such an interview, I would **add a new tab on the SOS's website that would allow any registered voter to ask questions of any or all of the candidates that the voter can vote for.**

With the new tab:

- Voters could ask candidate(s) questions 24/7/365 from any smartphone, laptop, or desktop.
- The questions and answers would be in writing and open for everyone to see, 24/7/365.
- After the election, all questions and answers would be archived and kept for future review, access, and accountability.
- Voters would make their decision on who to vote for based, not upon negative T.V. or radio ads, but instead upon who had the best answers to the voter's questions!
- Candidates would be forced to run campaigns that are:
 1. Responsive/interactive
 2. informative/educational
 3. substantive; and
 4. something that voters feel empowered about.

If voters voted for people who had the best answers to their questions, we would finally get elected officials who would actually address the problems we face!

Questions/comments; call me at 541-531-2912 (Good luck getting ahold of the other candidates).

Vote for yourself, by voting for me!

Secretary of State**Paul Damian Wells**

Democrat

Occupation: Retired**Occupational Background:**
Electrical Engineer**Educational Background:** BSEE
Purdue 1984**Prior Governmental****Experience:** Voting Rights Advocate since 1992**Ranked Choice Voting (RCV)**

I support HB2004 (on the November ballot). RCV ensures fair elections and is decades overdue.

Presidential Primaries:

I support proposed initiative 2026-025 that establishes a "Lincoln Primary" and "Final Five Voting" for the U.S. Presidential election. Oregonians should have a meaningful opportunity to participate in - and affect the outcome of - the presidential race.

Oregon's closed presidential primaries will be replaced by one six-month-long tracking poll. (Lincoln Primary) Beginning February 1st and continuing through July, voters can go online and endorse a presidential candidate. At any time during the poll, voters can go back online and change their endorsements. (A tracking poll works like a caucus to consolidate support behind the best candidates.) On August 1st, the top five candidates qualify for the general election ballot.

LincolnPrimary.org (Initiative 2026-025 website)**The Electoral College:**

Initiative 2026-025 also gives each Oregon Electoral College delegate the authority to vote for the winner of the nationwide popular vote. Trump lost in 2016 but was still elected. How many more elections will be stolen? The "National Popular Vote Interstate Compact" is worthless.

Free and Fair Elections:

I'm not a Democrat. I'm independent. I would run as an independent candidate, but this requires collecting 23,744 signatures. I qualified for this election as a Democrat by paying \$100. I didn't collect any signatures and wasn't required to hold an assembly of 1000 electors.

None of the Above (N.O.T.A.)

In the 2016 race for Secretary of State, a Republican was elected because a small group of progressive voters rejected a Democrat who didn't genuinely support free and fair elections. This November, I'll "write-in" N.O.T.A for each federal office on my ballot. (Upping the ante) After 32 years of asking politely, it's obvious that too many Democrats will not support equal voting rights - until forced to do so.

Dave W Stauffer

Democrat

Occupation: Former Securities Analyst, State of Oregon, Div. of Finance and Corp. Securities. Retired Attorney and Accounting Professor.

Occupational Background: Taught business and account-

ing courses; retired attorney.

Educational Background: B.A. Univ. of Chicago, MBA Univ. of Portland, JD Northwestern School of Law at Lewis & Clark College.

Prior Governmental Experience: Former Securities Analyst, State of Oregon.

1. Dave Stauffer's first environment-saving invention is his Submerged Waterpipe to take the clean water that normally flows into the Pacific Ocean and is wasted and send it to drought-stricken areas that need fresh water for agriculture, drinking, and fighting wildfires. Dave's submerged pipelines will also include thousands of in-pipe, pollution-free electricity generators. Also, the submerged pipelines will push water down the river at a faster pace in order to avoid river flooding. Videos on Dave's invention are at:

2. Dave Stauffer's second invention, when installed on every house in America and throughout the world, will greatly decrease every household's use and cost for heating their house, air conditioning their house, heating water in every house, generating pollution-free electricity in every house so it will drastically reduce the air pollution that is caused by burning coal, fuel oil, and natural gas to heat, air condition, heat water, and provide electricity to houses and buildings. Info on Dave's "Zero-Fossil-Fuel-Using Heating and Cooling Apparatus for Residences and Buildings" is at:

www.facebook.com/Staufent11/videos/2812893908778011

3. Dave Stauffer's third invention is his Mass Transit Rush Hour Traffic Bottleneck Un-Corker which can greatly reduce the hour-long traffic jams in the morning rush hour and in the evening rush hour in virtually all cities in Oregon, which will prevent millions of tons of carbon dioxide pollution from going into the air from thousands of cars idling in bumper to bumper traffic during those extensive "rush" hours. Also, it will greatly speed up the commuter trips from the suburbs to the inner city and back to the suburbs.

4. Another invention will generate pollution-free electricity from ocean waves.

Supporting Middle Class Families

- Replace the Legislature’s unfair tolling scheme with a more equitable plan.
- Defend prevailing-wage standards for public projects.
- Reinvest kicker funds in jobs and infrastructure.
- End tax giveaways that benefit land speculators and limit housing.

Jeff is the only candidate who hasn’t voted to slash public employee pensions.

Protecting Oregon’s Climate Legacy

- Form a broad coalition of institutional investors and use combined corporate governance votes to develop and champion post-carbon business plans.
- Better disclosure around climate-related risks on bond issuances and investments.
- Create real transparency around our public investment decisions.

Jeff is the only candidate for Treasurer to pledge NOT to accept fossil fuel money.

Strengthening Schools

- Stretch school bonds further through administrative efficiencies, so that more money goes to classroom improvements, instead of interest payments.

Judge of the Court of Appeals, Position 2

Megan L Jacquot

Nonpartisan

Occupation: Appeals Court Judge

Occupational Background: Circuit Court Judge (Coos County), Municipal Court Judge, Attorney in private practice, public defender.

Educational Background: Tulane Law School, JD, Pacific Lutheran University, BA, Klamath Union High School

Prior Governmental Experience: Circuit Court Judge, Reedsport Municipal Judge, North Bend School Board, Oregon Commission for Women, Governor's Child Foster Care Advisory Committee.

I'm a lifelong Oregonian who spent most of my life in Klamath Falls and Coos County. Our courts is one of the busiest appeals courts in the country, and I'm proud to be serving at a time when we're improving access to the court and increasing the number of written opinions issued.

Contact with the courts should provide a fair, understandable and respectful experience for Oregonians. I often tell my five kids that the best way to improve the government is to change it from within. I continue to serve on the Oregon Supreme Court Council on Inclusion and Fairness, the Judicial Leadership and Education Committee, the Juvenile Court Improvement Program Advisory Committee, and the Foster Care Advisory Commission. As a citizen of the Choctaw Nation and through experiences in juvenile court, I know that cooperation between state courts and tribal nations is important and want to help improve collaboration statewide. I'm the only judge on the court from outside the I-5 corridor.

Last week, I participated in our first hybrid argument, with one lawyer remote from Bend and one Salem lawyer in the courtroom. I commuted for arguments for nine years, and know how much this means to rural parties. We'll soon host our first arguments for people without lawyers. We are setting up remote argument opportunities for prisoners.

I have been told that my perspectives are valuable to the court and ask for your vote to continue to serve.

My "Lake County story" starts with my father and grandfather. My grandfather drove the Red Ball Express delivering mail to Lakeview on the weekends in the 1950's. My father would also come over from Klamath Falls when Klamath Union would play Lakeview. I lived in Lakeview when I first started my career as a Deputy District Attorney.

I am honored to present my candidacy for District Attorney. I'm committed to upholding justice, integrity, and the safety of our community. I have dedicated my career to serving the public, advocating for victim's rights, and ensuring the scales of justice are balanced for all.

As your District Attorney, my priorities will be clear: to reduce crime through proactive intervention strategies, support victims and their families with compassion and respect, and foster a culture of accountability in the community. I believe in a justice system that not only punishes crimes but also address the root causes of criminal behavior.

My commitment to community engagement is unwavering, a District Attorney should be part of the community, not set apart from it. I pledge to work with local law enforcement and other community stake holders along with residents to ensure that our justice system in Lake County reflects the values and needs of our community.

I am fully aware of the challenges ahead but remain resolute in my belief that together, we can make a significant difference for the people of Lake County. I ask for your support in this election, not just for me, for for the promise of a safer community for all.

Experience and Approach Matter

I'm running for County Judge because I care deeply about Grant County and know this position offers one of the best ways to do good things for the county.

A County Judge provides leadership and ensures that county government is financially responsible, provides quality services, and pursues opportunities that make the county a better place to live and raise families. During my first term as County Judge, working in partnership with other elected officials, department heads, state and federal agencies, organizations, and county residents, we:

- Stabilized the county's budget despite significant drops in revenues.
- Consistently increased the Road Department's Reserve Fund.
- Increased the quality and scope of mental health and addiction services.
- Built the new airport and joint-use facility.
- Ensured the ground for Bates State Park was purchased and developed.
- Brought in millions of dollars to improve public forest and rangeland health, reduce wildfire risk, and support our natural resource industries.
- Paid for the airport and Bates State Park, increased active management on public lands, and created jobs, all with outside funding and little to no impact on the county's general fund.

I pledge to provide the leadership and pursue the opportunities that will make Grant County a stronger, more resilient, and better place to live.

We should no longer be satisfied with the status quo. It's imperative that we take steps now to guarantee the future of our way of life.

Educational Background: A.A. Applied Science, Water/Wastewater Technologies, Linn-Benton Community College (1997 – 2000)

Prior Governmental Experience: John Day Rural Fire Protection District (2015 – present)

Eric was born in Oregon and raised to value and appreciate hard work and a strong work ethic no matter the task at hand. He entered military service and spent his time involved in disaster response. These experiences led Eric toward a career focused on environmental resources. Eric's work experience has taught him the value of properly utilizing the resources we all own, enjoy, and rely upon. Eric honed the administrative skills necessary in his career to manage the Upper John Day River system which encompasses thousands of acres of irrigated land, several thousand water rights and countless individuals.

The stability of our local governments and municipalities is paramount to providing our citizens with high quality services they need and should expect from their governing bodies. Stability can only be achieved if there are collaborative efforts made to keep our economies strong and growing all while remaining fiscally responsible. Eric believes strongly in efficiency, honesty and integrity. He is committed to the historical commitment of "You are a public servant; you work for all the people." In Eric's career he has watched the costs for local government to do business rise while at the same time income from taxes has remained relatively fixed. This trend has resulted in economic instability for everyone. A change is needed. The change required is to become more efficient, and to utilize forward thinking ideas to manage available resources and options. This type of approach benefits all the citizens of Grant County. To accomplish Eric's vision you need a County Judge who knows how to manage workload, coordinate ideas, and cooperate with people and agencies who control our resources that our economies depend on.

As a generational son of this region, I would be honored to serve as Commissioner. My wife and I have lived in Harney County for more than a decade, and it's where we have chosen to live, work, and raise our children.

By working together, we can better manage county and taxpayer dollars, improve our local economy, manage our natural resources, and advance our education system.

I will partner with business owners, families, community members and stakeholders to encourage success in our industries and expand them to **secure economic stability**. By attracting new industries, we will directly influence the resources available to our kids and schools, increase investments into our local economy, and create good-paying jobs.

We must properly manage the county budget to save for a rainy day, fully fund public service needs, and create opportunities for citizens and businesses to flourish. Better local management means reduced government intervention and regulatory red tape.

Our top priority needs to be protecting and strengthening our sustainable agricultural positions while looking for additional business opportunities and economic development.

Managing and enhancing our natural resources is a direct line to a stronger economy which is a direct line to better schools, better jobs, and a better future for all of us.

Educational Background: Bachelor of Science in General Agriculture Oregon State University, 1991

Prior Governmental Experience: Currently serving four year term as County Commissioner Beginning January 2, 2021 to present

Hello, my name is Barry Shullanberger and I am running for re-election as Lake County Commissioner. Now entering my fourth year as your commissioner, I am very humbled and honored to serve the people of Lake County. I enjoy coming to work every day to help solve issues, fight for values that are consistent with our hard-working constituents and striving to improve our economy. I am also advocating for long term solutions that will protect Lake County from being overrun by unnecessary rules and regulations.

Many natural resource issues have confronted Lake County over the last few years: wildfire, drought which has led to weed infestations, water rights issues, and "best" practices on federal lands. Currently a member of the Partnership for Lake Abert and the Chewaucan, I am supporting our local landowners; I also hope to help others better understand how the Chewaucan water system currently works for both landowners and wildlife habitat who utilize the water in many ways and different times of the year. I am also an active participant on the Tri-Corner Collaborative which is primarily focused on the land between Hart Mountain and Sheldon National Wildlife Refuges. I am actively working on many other projects and committees. I hope to continue representing Lake County in the next four years as I assimilate new ideas, meet and work with diverse constituents, and continue to work hard for Lake County. I would appreciate your vote.
