RULE TITLE: State List of Endangered and Threatened Species

NOTICE FILED DATE: 02/27/2024

RULE SUMMARY: Following a thorough review of six plant species (*Castilleja mendocinensis*, *Lasthenia ornduffii*, *Lomatium bentonitum*, *Penstemon hesperius*, *Pyrrocoma scaberula*, and *Rorippa columbiae*), all warrant state listing (as defined in OAR 603-073-0030) and are therefore added in the amended rule. One additional species (*Lupinus cusickii*) is being removed as it was duplicated on the list (current name: *Lupinus lepidus* var. *cusickii*), and one additional species name (*Eriogonum crosbyae*) is being updated to reflect the current taxonomy (*E. crosbyae* var. *crosbyae*).
