"More than just dental care."
I am very pleased with how good my teeth look now. Not only
does that I appreciate the steps taken to improve my sleep and
the quality of my breathing. Since leaving here to breathe
though my nose most of the time rather than my mouth, I have
not had that before. I am looking forward to the next visit.

"Emergency visit!"
This was an emergency visit. The team fixed my broken
denture, referred to my dentist and treated the cause,
explaining the issues very clearly. As a result, the clinic was the
very best.

Restful Sleep & Better Breathing

Sleep troubles can start right in your mouth. Our Portland dental clinic offers cutting-edge solutions for sleep apnea and waking with
heavy snoring, gasping, and choking. These approaches help make your sleeping time more restful and more restful nights.
Your sleep allows your whole body and our new tools you feel. We look at the connections between your teeth positioning, air
alignment, and these risks might be able to prevent or reduce.

Say Goodbye to Jaw Pain: TMJ Relief That Works

That clicking sound when you open your mouth? The headaches that won't quit? Your jaw might be telling you something. TMJ
problems involve the jaw muscle and the joint between the upper and lower teeth. The good news is that you can find relief. We work with
you to find the right solution. Many patients who suffer from TMJ find relief from our comprehensive care. We use the latest
technology to fix issues from tooth decay to tooth loss while keeping your natural appearance.

Smile Transformations!

Your smile shows the world who you are. Bad breath, stained teeth, or gaps between teeth—these small things can make you hesitate to
smile. Cosmetic dentistry options like veneers and crowns help boost your confidence without denting any teeth. We use the latest
technology to fix issues from tooth decay to tooth loss while keeping your natural appearance.

General Dental Care for Every Age

Good dental hygiene prevents problems before they start. Our comprehensive dental services include regular cleanings, dental exams for kids,
and early detection of disease. Your mouth health connects directly to your overall health, and we help you maintain both. The
availability of regular checkups makes catching small issues before they become painful or expensive problems so much easier. Our
Portland dental office creates comfortable experiences that help kids and adults alike develop positive associations with dental care.

Beyond Basic Care: Advanced Treatments for Complex Needs

Some mouth issues need more than the basics. Our clinic offers treatment to help correct tongue and facial muscle position, loose
periodontal ligament for gum disease, and orthodontic procedures when needed. These treatments address the root causes of many
oral health challenges. We look at the whole picture of your oral health and create plans that solve today's problems while preventing
tomorrow's.

Visit a Dental Team That Feels Like Family

At Aesthetic Smiles, our Portland, OR, dentists work with you to improve your oral health and
being back the confident smile you deserve. We believe in creating dental experiences that feel
personal and positive. It's never too late for dental care, so give us a call today.
