## In An AIR RAID

THIS BULLETIN APPROVED BY CIVILIAN DEFENSE COUNCIL

CALL BEACON 7396 FOR FURTHER INFORMATION

If an attack should come there will be a signal of 2 minutes duration consisting of either a fluctuating or warbling signal.

The all-clear signal will be a long, continuous signal of 2 minutes duration.

Do not become panicky. Panicstricken people impede the firemen, policemen and other authorities who are trying to protect them.

Avoid use of telephone. Keep wires clear for official messages.

Park your car and seek shelter indoors. Get out of buses and street cars.

Get indoors and stay there.

If there is no shelter, lie down and protect the back of your head. Pick a protected spot.

Put out all lights visible from the outside.

Pull down all shades over blacked-out windows.

Turn off stove burners which are burning, but do not turn off pilot lights. It is not necessary to shut off other gas appliances during an alarm.

Stay away from windows and outside walls.

Avoid open spaces, streets and parks.

Keep radio on for emergency bulletins and instructions ahead of blackout.

Use cellars only in well-constructed buildings.

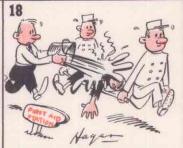

If a magnesium bomb falls in your house fight bomb with spray of water and control other fire with solid stream. Use a Stirrup Pump.

If a bomb falls in your house and water spray is not available remove bomb from house in a bucket of sand.

If a magnesium bomb falls in street keep eyes covered and drop a sand bag or a bucket of sand on bomb.

In case of phosphorous burns, keep burns saturated with water and rush to first aid station.

Your duties as civilians in carrying out instructions are as vital to the country's welfare as are those of the armed forces. Your safety as well as that of your family, neighbors and fellow workers may depend on how you act.

Follow instructions issued by the City of Portland and Multnomah County Defense Council.

Mayor EARL RILEY,

Director.

EDWARD L. BOATRIGHT.
Coordinator.
