INFORMATION AND PUBLICATION SCHEDULE

General Information

The Administrative Rules Unit, Archives Division, Secretary of State publishes the *Oregon Administrative Rules Compilation* and the on-line *Oregon Bulletin*. The *Oregon Administrative Rules Compilation* is an annual print publication containing the complete text of Oregon Administrative Rules (OARs) filed during the previous year through November 15, or the last workday before that if the 15th falls on a weekend or holiday. The *Oregon Bulletin* is a monthly on-line supplement that contains rule text amended after publication of the print *Compilation*, as well as proposed rulemaking and rulemaking hearing notices. The *Bulletin* also publishes certain non-OAR items such as Executive Orders of the Governor, Opinions of the Attorney General, and Department of Environmental Quality cleanup notices.

Background on Oregon Administrative Rules

ORS 183.310(9) defines “rule” as “any agency directive, standard, regulation or statement of general applicability that implements, interprets or prescribes law or policy, or describes the procedure or practice requirements of any agency.” Agencies may adopt, amend, repeal or renumber rules, permanently or temporarily (up to 180 days), using the procedures outlined in the *Oregon Attorney General’s Administrative Law Manual*. The Administrative Rules Unit assists agencies with the notification, filing and publication requirements of the administrative rulemaking process.

How to Cite

Every administrative rule uses the same numbering sequence of a three-digit chapter number followed by a three-digit division number and a four-digit rule number (000-000-0000). Example: Oregon Administrative Rules, chapter 166, division 500, rule 0020 (short form: OAR 166-500-0020).

Understanding an Administrative Rule’s “History”

State agencies operate in a dynamic environment of ever-changing laws, public concerns and legislative mandates which necessitate ongoing rulemaking. To track changes to individual rules and organize the rule filing forms for permanent retention, the Administrative Rules Unit has developed for each rule a “history” which is located at the end of the rule text. An administrative rule “history” outlines the statutory authority, statutes implemented and dates of each authorized modification to the rule text. Changes are listed in chronological order and identify in abbreviated form the agency, filing number, year, filing date and effective date. For example: “OSA 4-1993, f. & cert. ef. 11-10-93” documents a rule change made by the Oregon State Archives (OSA). The history notes this was the 4th filing from the Archives in 1993, it was filed on November 10, 1993 and the rule changes became effective on the same date. The most recent change to each rule is listed at the end of the “history.”

Locating the Most Recent Version of an Administrative Rule

The on-line *OAR Compilation* is updated on the first of each month to include all rule actions filed with the Administrative Rules Unit, Secretary of State’s office by the 15th of the previous month, or by the last workday before the 15th if that date falls on a weekend or holiday. The annual printed *OAR Compilation* contains the full text of all rules filed during the previous year through November 15, or the last workday before that if the 15th falls on a weekend or holiday. Subsequent changes to individual administrative rules are listed by rule number in the OAR Revision Cumulative Index which is published monthly in the on-line *Oregon Bulletin*. These listings include the effective date, the specific rulemaking action, and the

issue of the *Bulletin* that contains the full text of the amended rule. The *Bulletin* contains the full text of permanent and temporary rules filed for publication.

Locating Administrative Rules Unit Publications

The *Oregon Administrative Rules Compilation* and the *Oregon Bulletin* are available on-line through the Oregon State Archives web site at <<http://arcweb.sos.state.or.us>>. Printed volumes of the *Compilation* are deposited in Oregon’s Public Documents Depository Libraries listed in OAR 543-070-0000. Complete sets and individual volumes of the *Compilation* may be ordered by contacting: Administrative Rules Unit, Archives Division, 800 Summer Street NE, Salem, OR 97310, (503) 373-0701, Julie.A.Yamaka@state.or.us

2009–2010 Oregon Bulletin Publication Schedule

The Administrative Rules Unit accepts proposed rulemaking notices and administrative rule filings Monday through Friday, 8:00 am to 5:00 pm, at the Oregon State Archives, 800 Summer Street NE, Salem, Oregon 97310. To expedite the rulemaking process agencies are encouraged file a Notice of Proposed Rulemaking Hearing specifying hearing date, time and location, and submit their filings early in the submission period to meet the following deadlines:

Submission Deadline — Publishing Date

December 15, 2009	January 1, 2010
January 15, 2010	February 1, 2010
February 12, 2010	March 1, 2010
March 15, 2010	April 1, 2010
April 15, 2010	May 1, 2010
May 14, 2010	June 1, 2010
June 15, 2010	July 1, 2010
July 15, 2010	August 1, 2010
August 13, 2010	September 1, 2010
September 15, 2010	October 1, 2010
October 15, 2010	November 1, 2010
November 15, 2010	December 1, 2010

Reminder for Agency Rules Coordinators

Each agency that engages in rulemaking must appoint a rules coordinator and file an “Appointment of Agency Rules Coordinator” form, ARC 910-2003, with the Administrative Rules Unit, Archives Division, Secretary of State. Agencies which delegate rulemaking authority to an officer or employee within the agency must also file a “Delegation of Rulemaking Authority” form, ARC 915-2005. It is the agency’s responsibility to monitor the rulemaking authority of selected employees and to keep the appropriate forms updated. The Administrative Rules Unit does not verify agency signatures as part of the rulemaking process. Forms are available from the Administrative Rules Unit, Archives Division, 800 Summer Street NE, Salem, Oregon 97301, (503) 373-0701, or are downloadable at <<http://arcweb.sos.state.or.us/banners/rules.htm>>

Publication Authority

The *Oregon Bulletin* is published pursuant to ORS 183.360(3). Copies of the original Administrative Orders may be obtained from the Archives Division, 800 Summer Street, Salem, Oregon, 97310; (503) 373-0701. The Archives Division charges for such copies.

DEQ SEEKS COMMENTS ON PROPOSED APPROVAL OF CLEANUP AT FORMER NW ALUMINUM SECTION 2 PARCEL

COMMENTS DUE: 5 p.m., Tuesday, Aug. 31

PROJECT LOCATION: River Road, The Dalles

PROPOSAL: Based on site investigations, the Oregon Department of Environmental Quality proposes a No Further Action determination following cleanup of contaminated soil in a swale formerly used for discharge of wastewater from the Northwest Aluminum plant on the Section 2 parcel

HIGHLIGHTS: The Section 2 parcel is a 13-acre property formerly owned by Northwest Aluminum Company. It consists of tax lots 100 and 400, and extends from River Road to the Columbia River. The remedial work involved excavation of contaminated soil from drainage channels that were previously associated with Northwest Aluminum's permitted wastewater discharge. The wastewater contained polynuclear aromatic hydrocarbons and arsenic, which were found in high concentrations in the drainage sediment.

During this phase of work, approximately 3,600 tons of contaminated soil were taken to Columbia Ridge Landfill near Arlington, Oregon for disposal. Excavation and removal work ran from September 22 to October 21, 2009.

This work followed a previous cleanup conducted in the fall of 2007. Toward the end of the 2007 work, contamination was found to extend further north on the property than anticipated. Because of time and weather constraints, this phase of work was delayed until 2009.

Sampling following soil removal indicated that contamination had been reduced to safe levels.

HOW TO COMMENT: Send written comments by 5 p.m., Tuesday, August 31, on the proposed remedial action to DEQ Project Manager Bob Schwarz by email, phone or fax. Email: Schwarz.bob@deq.state.or.us; phone 541-298-7255, ext. 230, or 800-452-4011, fax: 541-298-7330.

For more information about the site go to: <http://www.deq.state.or.us/lq/ECSI/ecsi.htm>.

Select "Search Complete ECSI Database". Enter the site ID number where indicated. For this site, the ECSI number is 4557. Hit Submit. On the page that appears, click on the site ID number.

To schedule an appointment to review or to obtain a copy of the staff report, please contact Mr. Schwarz.

THE NEXT STEP: Once the public comment period has closed DEQ will consider all comments before approval of the remedial action. DEQ will hold a meeting to receive comments about this site if requested by 10 or more people or by a group with a membership of 10 or more.

ACCESSIBILITY INFORMATION: DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications & Outreach (503) 229-5696 or toll free in Oregon at (800) 452-4011; fax to 503-229-6762; or e-mail to deqinfo@deq.state.or.us. People with hearing impairments may call 711.

OPPORTUNITY FOR PUBLIC COMMENT RECORD OF DECISION PACIFIC CREST FEDERAL CREDIT UNION (FORMER METLER BROTHERS SITE, TAX LOT 800)

COMMENT DUE: August 31, 2010

PROJECT LOCATION: 3540 South 6th Street, Klamath Falls, Oregon

PROPOSAL: The Department of Environmental Quality (DEQ) extends an opportunity for the public to comment on the DEQ's Record-of-Decision (ROD) for the former Metler Brothers facility (Tax Lot 800), which is located at 3540 South 6th Street in Klamath Falls, Oregon.

The former Metler Brothers (Tax Lot 800) ROD describes relevant information related to site investigations and interprets this infor-

mation for the purpose of selection of the preferred remedial action alternative for the facility. The DEQ's Bend, Oregon office is the repository for the draft ROD.

The administrative file for this facility can be reviewed by contacting Mr. Cliff Walkey, DEQ's project manager located in Bend, Oregon at (541) 388-6146 extension 2003.

HOW TO COMMENT: A public comment period will extend from August 1 through August 31, 2010. Please address all comments and/or inquiries to Mr. Walkey at the following address:

Cliff Walkey
Department of Environmental Quality
475 NE Bellevue Drive, Suite 110
Bend, Oregon 97701-7415
(541) 388-6146, ext. 2003
walkey.cliff@deq.state.or.us

Upon written request by ten or more persons or by a group with a membership of 10 or more, a public meeting will be held to receive verbal comments.

THE NEXT STEP: DEQ will consider all public comments received before making a final decision regarding the selection of a preferred remedial action for the facility.

Request for Comments

DEQ SEEKS COMMENTS ON PROPOSED NO FURTHER ACTION DETERMINATION FOR UIC CLOSURE AT ODOT MAINTENANCE STATION IN MCKENZIE BRIDGE

COMMENTS DUE: 5 p.m., Tuesday, Aug. 31

PROJECT LOCATION: 56377 North Bank Road, McKenzie Bridge, Oregon

PROPOSAL: Based on site investigations, the Oregon Department of Environmental Quality proposes a No Further Action determination following removal of contaminated soil and underground injection control (UIC) structures at ODOT's maintenance yard in McKenzie Bridge.

HIGHLIGHTS: The cleanup work, conducted in September 2006, included removal and offsite disposal of the UIC well, oil/water separator, transfer piping, and associated petroleum-contaminated soil and groundwater. The UIC well consisted of a large-diameter concrete culvert filled with gravel and river rock to a depth of 10 feet below ground surface. The final excavation volume was approximately 15 feet by 15 feet by 12 feet deep.

Approximately 300 gallons of water and sludge were pumped from the oil/water separator. An additional 1,700 gallons of water were removed from the open excavation. These liquid were taken to a recycling facility in Portland run by Thermo Fluids, where it was processed in a separation tower. The oil/product was skimmed and the remaining water then passed through activated carbon before being releasing to the sanitary sewer.

Approximately 91 tons of petroleum-contaminated soil, including the UIC well and oil/water separator debris and sediment, were disposed of at the Short Mountain Landfill in Eugene, Oregon.

The UIC well was replaced with a new water holding tank and water treatment system. Floor drains from the maintenance shop and the vehicle wash pad discharge piping were reconnected to the new replacement storage tank. The roof drains now drain to the ground surface.

Several rounds of groundwater monitoring conducted since the cleanup indicate that residual contamination is below safe levels.

HOW TO COMMENT: Send written comments by 5 p.m., Tuesday, August 31, on the proposed remedial action to DEQ Project Manager Bob Schwarz by email, phone or fax. Email: Schwarz.bob@deq.state.or.us; phone 541-298-7255, ext. 230, or 800-452-4011, fax: 541-298-7330.

For more information about the site go to: <http://www.deq.state.or.us/lq/ECSI/ecsi.htm>. Select "Search Complete ECSI Database.. Enter the site ID number where indicated. For this site, the ECSI number is 5145. Hit Submit. On the page that appears, click on the site ID number.

OTHER NOTICES

To schedule an appointment to review or to obtain a copy of the staff report, please contact Mr. Schwarz.

THE NEXT STEP: Once the public comment period has closed, DEQ will consider all comments before approving the remedial action. DEQ will hold a meeting to receive comments about this site if requested by 10 or more people or by a group with a membership of 10 or more.

People with hearing impairments may call 711.

REQUEST FOR COMMENTS PROPOSED REMEDIAL ACTION AT SUNRIVER OWNERS ASSOCIATION AMPHITHEATER SITE

COMMENTS DUE: 5 p.m. on September 1, 2010

PROJECT LOCATION: Beaver Drive, Sunriver, Oregon

PROPOSAL: The Oregon Department of Environmental Quality proposes to recommend a remedial action to address the presence of asbestos containing material in soil at the Sunriver Owners Association Amphitheater Site. DEQ has determined that the recommended remedial action meets state requirements to protect human health and the environment.

HIGHLIGHTS: The recommended remedial action consists of capping the asbestos containing material in-place with clean soil, asphalt, or concrete, and institutional controls to maintain and monitor the cap.

HOW TO COMMENT: The project file may be reviewed by appointment at DEQ's Bend Office, 475 NE Bellevue Drive, Suite 110, Bend, Oregon 97701. To schedule an appointment to review the file or ask questions, please contact Marcy Kirk at 541-633-2009. To access site summary information and the staff report in DEQ's Environmental Cleanup Site Information (ECSI) database on the Internet, go to <http://www.deq.state.or.us/lq/ECSI/ecsiquery.asp>, then enter 4179 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled 4179 in the Site ID/Info column. Send written comments by 5 p.m., September 1, 2010 to Marcy Kirk, Project Manager at the above address or to kirk.marcy@deq.state.or.us.

THE NEXT STEP: DEQ will consider all public comments received by the close of the comment period before making a final decision regarding the recommended remedial action.

ACCESSIBILITY INFORMATION: DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications and Outreach (503) 229-5696 or toll free in Oregon at (800) 452-4011; fax to 503-229-6762; or e-mail to deqinfo@deq.state.or.us.

People with hearing impairments may call the Oregon Telecommunications Relay Service at 1-800-735-2900. Give the phone number (541-633-2009).

PUBLIC NOTICE PROPOSED REMEDIAL ACTION FOR FORMER NEW BEATTY STORE, BEATTY, OR

COMMENTS DUE: August 30, 2010

PROJECT LOCATION: Beatty, Klamath County

PROPOSAL: The Department of Environmental Quality (DEQ) is proposing to issue a Conditional No Further Action decision regarding cleanup activities at the above referenced site based upon an approval of work done to date and a proposed Risk-Based Corrective Action Plan.

HIGHLIGHTS: The former New Beatty Store site consists of approximately 0.9 acres and contains one building currently operated as a restaurant. Petroleum contamination was discovered in both soil and groundwater in May 1999 when four underground storage tanks (USTs) were decommissioned by removal. Initial cleanup efforts included the excavation and treatment on-site of approximately 90 cubic yards of petroleum contaminated soil (PCS). Subsequent site investigations performed by DEQ Eastern Region Cleanup staff and the consultant Hart-Crowser, determined the full nature, magnitude, and extent of contamination both on and off-site.

Based upon the information obtained from the site investigations, a conceptual site model was developed and a risk-based assessment performed by the consultant Hart-Crowser, which recommended that deed restrictions be placed on the extraction and use of shallow groundwater within the impacted areas of the site.

If implemented as proposed, this risk-based corrective action plan will achieve protective conditions at the site as defined in OAR 340-122-0040.

COMMENT: All documents and reports pertaining to the recommendation of acceptance of the proposed remedial action may be reviewed by appointment, at DEQ's office in Bend, 475 NE Bellevue Drive, Suite 110, Bend, OR 97701. To schedule an appointment or make inquiries, please contact the project manager, Joe Klemz at (541)633-2015.

Written comments should be sent to the attention of Mr. Klemz at the address listed above and must be received by August 30, 2010. Questions or comments may also be directed to Mr. Klemz via email at klemz.joe@deq.state.or.us or fax (541)388-8283.

NEXT STEP: DEQ will consider all comments received. A final decision concerning the proposed remedial actions will be made after consideration of public comments.

REQUEST FOR COMMENT PROPOSED CLEANUP ACTIONS REFORESTATION SERVICES, INC., SALEM, OREGON

COMMENTS DUE: August 30, 2010

PROJECT LOCATION: 5669 Commercial St SE, Salem, Oregon
Proposal: The Department of Environmental Quality (DEQ) is proposing a series of measures to address contamination present at the Reforestation Services, Inc (RSI) property. The proposed cleanup actions include focused excavation and off-site disposal of contaminated soil and solid wastes buried in trenches at the site, and engineering controls (e.g., well abandonment) to prevent human contact with groundwater containing low levels of solvents.

HIGHLIGHTS: RSI has been in the business of vegetation management since the 1950s using helicopters on forestlands and hi-rail tankers and off-track trucks on railroad right-of-way property. During the 1970s, RSI hired an excavation company to dig two disposal trenches on site to crush and dispose of various materials including discarded pesticide containers. Allegedly, chemicals had been present in some of these containers and may have been released when they were crushed.

A draft staff report outlining DEQ's Recommended Remedial Action is posted in DEQ's Environmental Cleanup Site Information (ECSI) database as explained below.

HOW TO COMMENT: The project file may be reviewed by appointment at DEQ's Eugene office at 165 E 7th Ave, Ste 100, Eugene, OR 97401. To schedule an appointment to review the file or to ask questions, please contact Bill Mason at (541) 687-7427. Summary information and a copy of the document referenced above is available in DEQ's ECSI database on the Internet. To review this material, go to <http://www.deq.state.or.us/lq/ECSI/ecsiquery.asp>, then enter 4928 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled 4928 in the Site ID/Info column. To be considered, written comments should be sent to Bill Mason, Project Manager, at the address listed above or by email at mason.bill@deq.state.or.us, and must be received by 5:00 PM on Monday, August 30, 2010. A public meeting will be held upon written request by ten or more persons or by a group with a membership of 10 or more.

OTHER NOTICES

THE NEXT STEP: DEQ will consider all public comments received by the date and time stated above before making a final decision regarding the proposed remedial actions taken at the site. A public notice of DEQ's final decision will be issued in this publication. **ACCESSIBILITY INFORMATION:** DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications & Outreach (503) 229-5696 or toll free in Oregon at (800) 452-4011; fax to 503-229-6762; or e-mail to deqinfo@deq.state.or.us. People with hearing impairments may call DEQ's TTY number, (800) 735-2900 or 711.

OPPORTUNITY TO COMMENT PROPOSED CONDITIONAL NO FURTHER ACTION MADARIAGA CHEVRON SERVICE STATION JORDAN VALLEY, OREGON

COMMENT DUE: August 31, 2010

PROJECT LOCATION: 607 Main Street, Jordan Valley

PROPOSAL: Pursuant to Oregon Revised Statute (ORS) 465.315, the Oregon Department of Environmental Quality (DEQ) is proposing to issue a Conditional No Further Action (NFA) determination for Madariaga Chevron Service Station site located at 607 Main Street in Jordan Valley, Oregon. The site was an operating petroleum service station.

The Leaking Underground Storage Tank (LUST) Program has reviewed site assessment and remedial activities performed at the site. The site is proposed for a risk-based closure and issuance of a Conditional No Further Action determination. All of the potential exposure concerns were addressed during the development of the site-specific conceptual site model or through institutional controls in the form of an Easement and Equitable Servitude (E&ES).

The E&ES will include the following restrictions: no beneficial use of groundwater; no residential use; and the placement of a vapor barrier beneath any buildings constructed on the property. A Contaminant Media Management Plan has been provided to the city and the property owners within the impacted area.

Additional information concerning site-specific investigations and remedial actions is available in DEQ's LUST database located on the web at <http://www.deq.state.or.us/lq/tanks/lust/LustPublicLookup.asp> under LUST Number 23-89-0003.

Site specific information is also available by contacting Katie Robertson, DEQ's project manager for this site. The Administrative File for this facility is located at DEQ's Pendleton office, and can be reviewed in person by contacting project manager at the number below to arrange for an appointment.

HOW TO COMMENT: The public comment period will extend from August 1 to 31, 2010. Please address all comments and/or inquiries to the following address:

Katie Robertson
Department of Environmental Quality
700 SE Emigrant, Suite 330, Pendleton, OR 97801
(541) 278-4620
robertson.katie@deq.state.or.us

Upon written request by ten or more persons or by a group with a membership of 10 or more, a public meeting will be held to receive verbal comments.

THE NEXT STEP: DEQ will consider all public comments received before making a final decision regarding the "Conditional No Further Action" determination.

CHANCE TO COMMENT ON... PROPOSED CONDITIONAL NO FURTHER ACTION DECISION FOR THE JOEL OLSON TRUCKING SITE

COMMENTS DUE: August 31, 2010, 5 pm

PROJECT LOCATION: The site is located at 17905 Beaver Falls Road, Clatskanie, Oregon.

PROPOSAL: Pursuant to Oregon Revised Statute, ORS 465.320, and Oregon Administrative Rules, OAR 340-122-100, the Department of Environmental Quality (DEQ) invites public comment on its proposal for a "Conditional No Further Action" determination for the Joel Olson Trucking site and termination of the existing Letter Agreement.

HIGHLIGHTS: The 1.7 acre Joel Olson Trucking site is located in Clatskanie adjacent to the Beaver Slough and Clatskanie River flood plain. Previous site uses included a machine shop and a commercial dairy. The site is mostly unpaved with one large building in the center of the site. Sources of contamination to stormwater runoff include leaks and spills from truck repair/washing and underground and above ground storage tanks. A heating oil tank, likely used during dairy operations, was discovered during a 2007 soil removal.

JOT entered into a Letter Agreement with DEQ in 2004 and conducted a site investigation of potential sources of contamination to soil and groundwater. Investigation results indicate the presence of total petroleum hydrocarbons, polynuclear aromatic hydrocarbons, volatile organic chemicals and metals in surface and subsurface soil, and at lower concentrations in groundwater. Risk assessment results indicate that TPH and PAHs are present in subsurface soil at concentrations that exceed the TPH soil matrix concentration of 100 mg/kg, risk based criteria for direct contact for occupational workers, and 10,000 mg/kg for combined diesel and oil concentrations, in the northwest truck wash area located at the current stormwater outfall. Concentrations of PAHs and lead in soil also exceed ecological screening criteria.

The Expanded Preliminary Assessment Report recommended a soil removal at the northwest truck wash area. The removal action was completed in August 2007 and involved excavation and offsite disposal of 190 tons of TPH and PAH contaminated soil, 300 gallons of oil removed from a discovered underground boiler fuel tank and piping, and the oil tank and piping and associated backfill soil. An estimated 130 cubic yards of inaccessible contaminated subsurface soil exceeding human health and ecological risk screening criteria remains in the removal area, below the water table and adjacent to the foundation of the onsite building. The residual contamination is present at depth and is not expected to migrate to surface water or present a threat to site occupational workers or ecological receptors if left in place and properly managed with a soil management plan.

DEQ has concluded that no further actions are warranted for the JOT site because risk based cleanup criteria for human and ecological receptors are not exceeded at ground surface or in groundwater. In addition, a soil management plan has been developed and approved by DEQ to provide guidance for future site development that may be conducted in the vicinity of the soil removal or that may encounter other areas of unanticipated contamination that may pose a risk to human or ecological receptors. All work under the existing Letter Agreement has been completed and, with no further action required at the site, the Agreement will be terminated upon final payment of DEQ oversight costs.

HOW TO COMMENT: You can review the administrative record for the proposed CNFA at DEQ's Northwest Region east side office located at 1550 NW Eastman Parkway, Suite 290, Gresham, Oregon. For an appointment to review the files call (503)667-8414, extension 55026; toll free at (800)452-4011; or TTY at (503)229-5471. Please send written comments to Bruce Gilles, Cleanup Program Manager, DEQ Northwest Region East Side Office, 1550 NW Eastman Parkway, Suite 290, Gresham, Oregon, 97030 or via email at: gilles.bruce@deq.state.or.us. DEQ must receive written comments by 5:00 p.m. on August 31, 2010. This notice will also be published in the local newspaper The Clatskanie Chief.

DEQ will hold a public meeting to receive verbal comments if 10 or more persons, or a group with membership of 10 or more requests such a meeting. Interest in holding a public meeting must be submitted in writing to DEQ. If a public meeting is held, a separate public notice announcing the date, time, and location of any public meeting would be published in this publication.

DEQ is committed to accommodating people with disabilities at our hearings. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or

OTHER NOTICES

another format. To make these arrangements, contact DEQ Communications and Outreach at (503) 229-5696 or toll free in Oregon at (800) 452-4011. People with hearing impairments may call DEQ's TTY number, (503)229-5471.

THE NEXT STEP: DEQ will consider all public comments received by the deadline. In the absence of comments, DEQ will issue the Conditional No Further Action.

NOTICE FOR COMMENT ON PROPOSED DELISTING ICN PHARMACEUTICALS SITE

COMMENTS DUE: August 31, 2010

PROJECT LOCATION: 6060 NE 112th Ave, Portland, OR

PROPOSAL: As required by OAR 340.122.0078, the Department of Environmental Quality (DEQ) invites public comment on the proposal to remove the ICN Pharmaceuticals site from the Confirmed Release List and Inventory of sites requiring further action to address environmental issues.

HIGHLIGHTS: Between 1961 and 1980 United Medical Laboratory and subsequently ICN used the property at 6060 NE 112th Ave. as a mail-order clinical laboratory. ICN Pharmaceuticals shut down the laboratory in 1980 and demolished buildings during 1993 and 1994. DEQ investigations at the site revealed high concentrations of volatile organic contaminants such as trichloroethene, dichloroethene, vinyl chloride, benzene and toluene in groundwater in the vicinity of a former dry well located on the property.

Cleanup of contaminated groundwater at the site using a six-phase electrical resistive heating and vapor extraction process was conducted between May 2000 and November 2001. The existing treatment system vents and wells were then used to inject air into the groundwater with the intent of improving conditions for biodegradation of the remaining contaminants.

Groundwater monitoring data collected during and after cleanup indicated that the cleanup technologies were successful in reducing groundwater contamination to levels protective of human health and the environment and, in October 2005, DEQ issued a No Further Action determination with the exception of long-term monitoring to ensure contaminant concentrations remained stable or declined. In the Fall 2009, ICN completed 5 years of post remediation monitoring. Data collected documents stable or decreasing trends in groundwater contamination. DEQ has therefore concluded that no additional monitoring is required and the site can be removed from the confirmed release list and cleanup site Inventory.

HOW TO COMMENT: Site files supporting the decision to remove the site from the Inventory are available for public review at DEQ's Northwest Region Office in Portland. To schedule an appointment to review files in call (503) 229-6729. The DEQ Project Manager is Jennifer Sutter, (503) 229-6148. Written comments should be sent to the Project Manager at the DEQ, Northwest Region, 2020 SW 4th Ave., Portland, OR 97201 or sutter.jennifer@deq.state.or.us by August 31, 2010.

THE NEXT STEP: DEQ will consider all public comments and the Regional Administrator will make and publish the final decision after consideration of these comments.

REQUEST FOR COMMENTS PROPOSED CLEANUP APPROACH FOR PACIFICORP YOUNGS BAY UPLAND AREA

COMMENTS DUE: 5 p.m., August 31, 2010

PROJECT LOCATION: 1224 West Marine Drive Astoria, OR

PROPOSAL: The Department of Environmental Quality invites public comment on the proposed cleanup approach for contaminated soil at the PacifiCorp property located on the north side of Youngs Bay. In February 2005, DEQ issued a record of decision for a removal action that addressed shoreline and off-shore contamination associated with the site. The subject proposal addresses residual contamination and previously capped contamination in the upland portion of the site. DEQ proposes that contaminated soil outside the existing capped area be excavated and contained onsite in an exten-

sion of the existing cap. A small portion of this material meeting regulatory hot-spot criteria would be transported off-site for disposal in a permitted landfill.

HIGHLIGHTS: The PacifiCorp-Youngs Bay site consists of an upland area that is approximately 4.5 to 5 acres in size, a shoreline slope that separates the upland from the intertidal area, and an off-shore zone of intertidal mudflats that extends southward several hundred feet into Youngs Bay. In the summer of 2005 PacifiCorp removed a portion of the off-shore tar and capped the remaining tar as described in the DEQ record of decision. Maintenance of the in-water cap continues today.

Investigation of the site began in 1984 when PacifiCorp employees observed oily materials emerging through an asphalt surface in the site's southeast corner. Elevated concentrations of polycyclic aromatic hydrocarbons, benzene, metals, and PCBs were detected in site soils. In 1987, PacifiCorp demolished the majority of site structures and placed this material in the southeastern portion of the site. This area was then covered with clean fill and the entire site was fenced. In 2000, DEQ re-evaluated the site information and recommended additional investigation. Additional soil sampling revealed that residual polycyclic aromatic hydrocarbons were present at concentrations that posed a potential risk exceeding DEQ's protective standards for commercial/industrial site use. More detailed characterization conducted in 2009 provided sufficient data to define areas of soil contamination that would need to be remediated to reduce risks to protective levels.

DEQ is proposing that the most contaminated soil be excavated and material meeting hot spot criteria disposed of at a permitted landfill. Remaining contaminated soil would be contained onsite in an extension of the existing capped area. Excavated areas would be backfilled with clean sand and soil and hydro seeded. Soil would be excavated to the extent that remaining concentrations would be low enough to be safe for commercial/industrial site use.

The proposed remedy is considered to be consistent with Oregon rule and statute and, if properly implemented, protective of public health and the environment.

HOW TO COMMENT: A DEQ staff report outlining the proposed cleanup approach will be available for public review at the Astoria Public Library (450 10th St., Astoria), DEQ's North Coast Branch Office in Warrenton (65 N. Highway 101, Suite G), and DEQ's Northwest Region Office in Portland beginning August 2, 2010. To schedule an appointment to review files in DEQ's Northwest Region office, call (503) 229-6729. The DEQ Project Manager is Jennifer Sutter, (503) 229-6148. Written comments should be sent to the Project Manager at the DEQ, Northwest Region, 2020 SW 4th Ave., Portland, OR 97201 or sutter.jennifer@deq.state.or.us by August 31, 2010. For more information contact Jennifer at (503) 229-6148.

THE NEXT STEP: DEQ will consider all public comments and the Regional Administrator will make and publish the final decision after consideration of these comments.

ACCESSIBILITY INFORMATION: DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications & Outreach (503) 229-5696 or toll free in Oregon at (800) 452-4011; fax to 503-229-6762; or e-mail to deqinfo@deq.state.or.us.

People with hearing impairments may call DEQ's 711.

PUBLIC NOTICE DEQ SELECTS CLEANUP ACTIONS FOR POST OFFICE DISTRIBUTION CENTER IN DOWNTOWN PORTLAND

PROJECT LOCATION: 715 NW Hoyt St., Portland, OR

PROPOSAL: The Oregon Department of Environmental Quality has selected cleanup actions to address soil and groundwater contamination at the United States Postal Service Processing and Distribution Center in downtown Portland. Cleanup actions required by DEQ are presented in the July 2010 record of decision for the site available at DEQ or on DEQ's website.

OTHER NOTICES

HIGHLIGHTS: The approximately 13-acre post office property is located in an area of mixed commercial and residential development in downtown Portland. All outgoing mail for the State of Oregon is processed through the facility. The site contains three buildings (processing and distribution center, vehicle maintenance facility, and parking garage) with the remainder covered by paving. Postal operations began on the site in the early 1960s. From the late 1800s to 1950s, the site was used as a rail yard. A gas manufacturing plant operated in the northwest site corner from approximately 1893 to the 1930s. Multiple phases of site investigation have been completed on-site. Since 1999, DEQ Voluntary Cleanup Program has been overseeing the investigations. Investigation has identified wide-spread contamination of shallow soil with arsenic, and lesser contamination by other metals and organic contaminants. In the northwest site corner, there is deeper soil and groundwater contamination associated with former gas plant. Risk assessment work (finalized 2008) has identified two 'use' scenarios for the site, each of which poses different risks.

Under continued post office operation, risk is limited to utility workers provided that site buildings and paving remain intact. If the site is redeveloped, there is a greater risk posed to potential site occupants including commercial workers and urban residents. Possible cleanup options for the site were evaluated in the 2008 Focused Feasibility Study completed for DEQ.

Based on this document, and an independent analysis of site conditions and risk, DEQ has selected the following remedial actions to address contamination at the site: a) for existing site use and continuation of that site use by the U.S. Postal Service, maintenance of site buildings and paving to prevent post office worker exposure to contaminated soil, and use of a notification plan and protective equipment to prevent on-site utility workers from exposure to soil and groundwater contamination; b) for the hypothetical redevelopment of the site, removal of high concentration (hot spot) soil, installation of barriers to prevent vapor migration (as needed), capping of the site to prevent contact with contaminated soil, and use of a notification plan and personal protective equipment to prevent utility and construction worker exposure to site contamination. The selected remedy is considered to be consistent with Oregon rule and statute and protective of human health.

FOR MORE INFORMATION: The project file may be reviewed by appointment at DEQ's Northwest Region office at 2020 SW Fourth Avenue, Suite #400, Portland, OR 97201. To schedule an appointment to review the file or to ask questions, please contact Dawn Weinberger at (503) 229-6729. Summary information and a copy of DEQ's Record of Decision are available at <http://www.deq.state.or.us/Webdocs/Forms/Output/FPCcontroller.aspx?SourceId=2183&SourceIdType=11>

ACCESSIBILITY INFORMATION: DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications & Outreach (503) 229-5696 or toll free in Oregon at (800) 452-4011; fax to 503-229-6762; or e-mail to deqinfo@deq.state.or.us.

People with hearing impairments may call 711.

REQUEST FOR COMMENTS PROPOSED CONDITIONAL NO FURTHER ACTION DETERMINATION REGARDING JH BAXTER EASTERN YARD, EUGENE, LANE COUNTY

COMMENTS DUE: August 30, 2010

LOCATION OF CONTAMINATION: The site is located at located at 85 Baxter Street, Eugene, Oregon.

HIGHLIGHTS: Historical wood treating activities contaminated shallow soil and groundwater at the JH Baxter site with arsenic and pentachlorophenol. The eastern 11 acres of the site are only contaminated with arsenic, which is tightly bound up in the soils and does not leach to groundwater at the site. Arsenic contaminated soil at the site poses an unacceptable risk to site workers by direct exposure. In 2007, Baxter installed a cap over the eastern 11 acres of the

site. The cap consisted of geotextile fabric overlain by a foot of clean gravel. This cap eliminates the risk posed by the contaminated soil on this portion of the site. However, in order to be an effective remedy for the problem, the cap will require regular inspection and maintenance under a deed restriction.

PROPOSAL: The Oregon Department of Environmental Quality (DEQ) has concluded that there is no current unacceptable risk to site workers or nearby residents from contaminated soils beneath the eastern 11 acres of the site. DEQ proposes to prepare a deed restriction requiring Baxter or other future owners to maintain the cap indefinitely. The deed restriction will also require that the area be fenced off from the rest of the site to prevent re-contaminating it. Once this remedy is in place, DEQ proposes preparing a conditional no further action determination for the eastern portion of the site, requiring long term maintenance of the cap and recording of the deed restriction. On August 1 through August 30, 2010, DEQ is accepting comments from the public on the proposed determination. It is important to understand that this determination only applies to the eastern 11 acres of the site and not to the central area of the site where the wood treatment or storage currently occurs.

HOW TO COMMENT: A staff report describing the proposed determination is available at DEQ's Western Region Office, at 165 E 7th, Suite 100, Eugene, Oregon 97401, or electronically by request to brown.geoff@deq.state.or.us. To review files at DEQ's office, please contact DEQ's file review coordinator at (541) 686-7819 to make an appointment. Written comments may be submitted to Geoff Brown, DEQ Cleanup Project Manager, by email at brown.geoff@deq.state.or.us; by mail at DEQ, 167 E 7th, Suite 100, Eugene, Oregon 97401; or by fax at 541-686-7551. Comments must be submitted in writing not later than August 30, 2010. Upon written request by 10 or more persons or by a group having 10 or more members submitted by August 30, 2010, DEQ will conduct a public meeting for the purpose of receiving verbal comments regarding the proposed settlement.

THE NEXT STEP: DEQ will review and consider all comments received during the comment period. After considering public comments, DEQ will accept, modify, or reject the proposed remedy for the site. If DEQ accepts the proposed remedy, the next step will be to prepare a letter of No Further Action for the site.

REQUEST FOR COMMENTS PROPOSED NO FURTHER ACTION DETERMINATION REGARDING THE RAVIA PROPERTY HEATING OIL RELEASE, DAYTON, YAMHILL COUNTY

COMMENTS DUE: August 30, 2010

LOCATION OF CONTAMINATION: The site is located at located at 1700 Wallace Road, Dayton, Oregon.

HIGHLIGHTS: An underground heating oil tank at the property leaked, causing contamination to soil and groundwater, which was discovered in 2006. After excavation of contaminated soils in 2007, remaining soil impact and shallow groundwater were treated using chemical oxidants. Post-cleanup conditions at the site do not pose a risk to future residents or ecological receptors.

PROPOSAL: The Oregon Department of Environmental Quality (DEQ) has concluded that there is no unacceptable risk to current or future site users and no further action is required for the property. On August 1 through August 30, 2010, DEQ is accepting comments from the public on the proposed determination.

HOW TO COMMENT: A staff report describing the proposed determination is available at DEQ's Western Region Office, at 165 E 7th, Suite 100, Eugene, Oregon 97401, or electronically by request to brown.geoff@deq.state.or.us. To review files at DEQ's office, please contact DEQ's file review coordinator at (541) 686-7819 to make an appointment. Written comments may be submitted to Geoff Brown, DEQ Cleanup Project Manager, by email at brown.geoff@deq.state.or.us; by mail at DEQ, 167 E 7th, Suite 100, Eugene, Oregon 97401; or by fax at 541-686-7551. Comments must be submitted in writing not later than August 30, 2010. Upon written request by 10 or more persons or by a group having 10 or more members submitted by August 30, 2010, DEQ will conduct a pub-

OTHER NOTICES

lic meeting for the purpose of receiving verbal comments regarding the proposed settlement.

THE NEXT STEP: DEQ will review and consider all comments received during the comment period. After considering public comments, DEQ will accept, modify, or reject the proposed remedy for the site. If DEQ accepts the proposed remedy, the next step will be to prepare a letter of No Further Action for the site.

PROPOSED CONDITIONAL NO FURTHER ACTION GEM STOP #50 & #52, LA GRANDE, OREGON

COMMENT DUE: August 31, 2010

PROJECT LOCATION: 2706 & 2614 Island Avenue, La Grande
PROPOSAL: Pursuant to Oregon Revised Statute (ORS) 465.315, the Oregon Department of Environmental Quality (DEQ) is proposing to issue a Conditional No Further Action (NFA) determination for the Gem Stop site that consists of two gasoline service stations located at 2706 Island Avenue (Gem Stop 50) and 2614 Island Avenue (Gem Stop 52) in La Grande, Oregon. These sites are operating petroleum service stations.

The Voluntary Cleanup Program has reviewed site assessment and remedial activities performed at the site. The site is proposed for a risk-based closure and issuance of a Conditional No Further Action determination. All of the potential exposure concerns were addressed during the development of the site-specific conceptual site model or will be addressed through institutional controls in the form of deed

notices in the form of a Notice of Environmental Contamination on impacted off-site properties and in the form of Easement and Equitable Servitudes (E&ES) on the two on-site properties. The E&ES will prohibit beneficial use of groundwater.

Additional information concerning site-specific investigations and remedial actions is available through DEQ's Environmental Cleanup Site Information (ECSI) database located at <http://www.deq.state.or.us/lq/ecsi/ecsi.htm> under Site ID 3886.

Site specific information is also available by contacting Katie Robertson, DEQ's project manager for this site. The Administrative File for this facility is located at DEQ's Pendleton office, and can be reviewed in person by contacting project manager at the number below to arrange for an appointment.

HOW TO COMMENT: The public comment period will extend from August 1 to 31, 2010. Please address all comments and/or inquiries to the following address:

Katie Robertson
Department of Environmental Quality
700 SE Emigrant, Suite 330, Pendleton, OR 97801
(541) 278-4620
robertson.katie@deq.state.or.us

Upon written request by ten or more persons or by a group with a membership of 10 or more, a public meeting will be held to receive verbal comments.

THE NEXT STEP: DEQ will consider all public comments received before making a final decision regarding the "Conditional No Further Action" determination.

NOTICES OF PROPOSED RULEMAKING

Notices of Proposed Rulemaking and Proposed Rulemaking Hearings

The following agencies provide Notice of Proposed Rulemaking to offer interested parties reasonable opportunity to submit data or views on proposed rulemaking activity. To expedite the rulemaking process, many agencies have set the time and place for a hearing in the notice. Copies of rulemaking materials may be obtained from the Rules Coordinator at the address and telephone number indicated.

Public comment may be submitted in writing directly to an agency or presented orally or in writing at the rulemaking hearing. Written comment must be submitted to an agency by 5:00 p.m. on the Last Day for Comment listed, unless a different time of day is specified. Written and oral comments may be submitted at the appropriate time during a rulemaking hearing as outlined in OAR 137-001-0030.

Agencies providing notice request public comment on whether other options should be considered for achieving a proposed administrative rule's substantive goals while reducing negative economic impact of the rule on business.

In Notices of Proposed Rulemaking where no hearing has been set, a hearing may be requested by 10 or more people or by an association with 10 or more members. Agencies must receive requests for a public rulemaking hearing in writing within 21 days following notice publication in the *Oregon Bulletin* or 28 days from the date notice was sent to people on the agency mailing list, whichever is later. If sufficient hearing requests are received by an agency, notice of the date and time of the rulemaking hearing must be published in the *Oregon Bulletin* at least 14 days before the hearing.

*Auxiliary aids for persons with disabilities are available upon advance request. Contact the agency Rules Coordinator listed in the notice information.

Proposed Adoptions: 877-001-0006, 877-001-0015, 877-001-0025, 877-005-0101, 877-015-0105, 877-015-0108, 877-015-0131, 877-015-0136, 877-015-0146, 877-015-0155, 877-040-0018

Proposed Amendments: 877-001-0005, 877-010-0005, 877-010-0010, 877-010-0015, 877-010-0020, 877-010-0025, 877-010-0030, 877-010-0040, 877-010-0045, 877-020-0000, 877-020-0005, 877-020-0008, 877-020-0010, 877-020-0016, 877-020-0046, 877-020-0055, 877-022-0005, 877-025-0001, 877-025-0006, 877-025-0011, 877-025-0016, 877-025-0021, 877-030-0025 through 877-030-0100, 877-040-0000, 877-040-0003, 877-040-0010, 877-040-0050

Proposed Repeals: 877-020-0015, 877-020-0020, 877-020-0030, 877-030-0050, 877-035-0000 – 877-035-0015

Last Date for Comment: 9-21-10, 10 a.m.

Summary: Implements Senate Bill 177 (2009) provisions that become law on January 1, 2011, including requirements for application and renewal for new non-clinical licensing options that become available then: registered Bachelors of Social Work – RBSW, and Licensed Masters of Social Work – LMSW. Moves all licenses issued by the Board, except Clinical Social Work Associates, to 2-year licensure. Defines certain terms used in the definition of clinical social work in ORS 675510(2). Adopts rule exempting MSW students engaging in clinical social work from the mandatory licensure

requirement for clinical social work. Consolidates mandatory reporting requirements, including those required by House Bill 2059 (2009), into one section of the Board's Ethics Code. Applies the Board's Ethics Code to all regulated social workers. Adopts the temporary rule to implement House Bill 2345, which eliminates the Board's Impaired Professional's Program. Adopts the definition of impairment required by HB 2345, and related changes to the complaint management rules.

Last Date for Comment: 8-17-10, 11 a.m.

NOTICES OF PROPOSED RULEMAKING

Summary: • 812-002-0390 is adopted to add a general definition for the term “key employee” to the definition section of the rules, Division 2.

• 812-003-0175 is amended to provide for greater protection when a residential general or residential specialty contractor with unpaid construction debts attempts to relicense as a residential limited contractor and thereby avoid the increased bond requirements.

• 812-003-0290 is amended to conform to ORS 701.063(4).

• 812-003-0330, 812-004-0260, and 812-004-0400, are amended to change the process the CCB uses to handle untimely complaints. Rather than issue an order of dismissal subject to contested case review, the agency will close the complaints. The result will be an order in other than a contested case. As such, review is by the circuit court.

• 812-004-0550 is amended to eliminate dismissal for untimely filing from agency proposed default orders. Those orders are subject to contested case hearings. This is part of other changes to treat untimely claims as closures, subject to review as orders in other than contested cases.

• 812-005-0210 is amended to provide for greater protection when a residential general or residential specialty contractor with unpaid construction debts attempts to re-license as a residential limited contractor and thereby avoid the increased bond requirements.

• 812-007-0020 has the following amendments: 812-007-0020(2) is amended to separate the treatment of training providers for LBP activities from those for LBP renovation. The former are limited to providers accredited by the Health Division. The latter may include those accredited by the EPA. 812-007-0020 is amended to add new definition for the terms: “certified renovator”, “component or building component”, and “recognized test kit”. These definitions parallel those used by the EPA in 40 CFR §745.83 and the DHS rules in 333-070-0085. The definitions are necessary because the terms are used in CCB’s new rule, OAR 812-007-0302. OAR 812-007-0020 formerly (5) is amended to correct an error and is renumbered (6). Child-occupied facilities are those used by children “under age six” not “six years of age or under.” The correct standard is taken from the federal regulation, 40 CFR §745.83, and is used in the Oregon Health Division’s definition rule, OAR 333-070-0085(9). The correct language is also used in other parts of CCB’s own rules (e.g., the remainder of the definition contains the language “under age six.”).

• 812-007-0302 is adopted to parallel a similar rule in the EPA regulations, 40 CFR § 745.82, and the DHS rules, OAR 333-070-0075(3). The rule provides for two significant exceptions from compliance with the LBP renovation rules. The first is where a lead assessor lead inspector determines, in writing, that components affected by a renovation do not contain (except as allowed) lead-based paint. The second is where a certified renovator, using an approved test kit, determines that components affected by a renovation do not contain (except as allowed) lead-based paint.

• 812-008-0074 is amended revise the education provider requirements. If an education provider is “doing business” (for profit) in Oregon and is a business entity from another state (e.g., foreign corporation or LLC), it must file an application for authority with the Corporation Division to do business. All businesses need to register their ABNs. These rules require businesses follow these basic laws and demonstrate their compliance on the application form.

• 812-020-0055 is adopted to remove the definition of “key employee” from the chapter on commercial contractor continuing education. The definition should be inclusive for all laws and rules relating to commercial contractor key employees. See 812-002-0390.

• 812-021-0016 is adopted to “establish reasonable fees for courses and instruction provided by the board” as authorized in ORS 701.126(1). CCB has determined that \$35/hour is a reasonable fee. For persons that purchase three or more one-hour courses, CCB will reduce the fee to \$33/hour. CCB may charge for processing, shipping and handling

• 812-021-0025 is amended to require that BEST providers would post a \$20,000 surety bond as a requirement for becoming an

approved provider. It was not contemplated that the bonding requirement would cover providers of training in building codes or “green” building practices. CCB proposes to amend the rule to reflect this intent.

Last Date for Comment: 8-17-10, 5 p.m.

Summary: In 1977, the Oregon Legislature passed the “Products of Disabled Individuals” act or Qualified Rehabilitation Facility (QRF) law. The QRF law obliges all state and local governments, school districts and other tax supported political bodies in Oregon, to purchase goods and services from QRFs when the product or service meets their requirements. The Rules interpreting these statutes were revised in 2003. A QRF Advisory Council of diverse stakeholders was convened in the fall of 2007. This Advisory Council acted as the Administrative Rules Advisory Committee and met until early summer of 2009. During this period they reviewed the QRF rules for accountability and transparency. That Advisory Committee made rule revision recommendations to DAS.

Summary: These proposed rules are part of a comprehensive package to adopt Oregon's first Solar Installation Specialty Code (OSISC). The proposed rules adopt the 2010 OSISC in accordance with the administrative procedures in ORS 183. The proposed rules amend sections of the National Electrical Code (NEC) that relate to

NOTICES OF PROPOSED RULEMAKING

solar electrical installations. The proposed amendments to the NEC will become part of the Oregon Electrical Specialty Code (OESC).

The proposed rules also adopt a methodology to standardize the method used by jurisdictions to value structural permits for solar installations. The proposed rules include clarifications of electrical and structural fee methodology and plan review requirements for renewable energy permits. The proposed rules create a streamlined process for solar installations across the state, reducing costs for installers and encouraging renewable energy use in Oregon.

The agency proposes to amend OAR chapter 436 to improve organization, clarity and consistency, and to eliminate redundancy. More specifically:

The agency proposes to amend OAR chapter 436, division 110, "Preferred Worker Program." These proposed rules address: Definitions of "date of eligibility" and "date of hire," clarifying eligibility for preferred worker program incentives; amendment of required

notices to employers; timeframes for employers to request premium exemption from their insurers.

The agency proposes to amend OAR chapter 436, division 120, "Vocational Assistance to Injured Workers." These proposed rules address: The definition of "authorized return to work plan"; amendment of required notices to workers as well as reorganization/clarification of notice requirements; reasons for ending vocational eligibility; criteria for reimbursement of training costs and payment of temporary disability if a worker begins training before eligibility determination; requirements for vocational counselors and interns to obtain training on the vocational assistance and reemployment assistance rules; eliminating the direct experience requirement for interns; standards of conduct for registered vocational assistance providers and certified individuals.

The agency proposes to amend OAR chapter 436, division 160, "Electronic Data Interchange; Medical Bill Data." These proposed rules address: Medical bill data reporting, including: time frames for moving from testing to production; time frames to submit corrected bill data; required (matching) data for cancel and replace transactions; accepted, disabling claim volume thresholds for insurers to become subject to reporting requirement or eligible for exemption from continued reporting; time frames to correct and resubmit rejected transactions; reporting of corrections when specific bill data changes; reporting of DRG codes; timeliness and accuracy expectations for medical bill data reporting and penalties for non-compliance. The agency also proposes to move rules related to electronic reporting of proof of coverage data from division 160 to a new division within chapter 436, division 162.

The agency proposes to adopt OAR chapter 436, division 162, "Electronic Data Interchange; Proof of Coverage." Most of the rule text has either been copied or moved from OAR 436-160, so requirements for proof of-coverage and medical data reporting will be in separate rule divisions. These proposed rules do not change any existing reporting requirement for proof of coverage.

Address questions to: Fred Bruyns, Rules Coordinator; phone 503-947-7717; fax 503-947-7514; e-mail fred.h.bruyns@state.or.us. Department of Corrections Chapter 291

Rule Caption: Volunteers and Student Interns for the Department of Corrections.

Stat. Auth.: ORS 179.040, 423.020, 423.030 & 423.075

Stats. Implemented: ORS 179.040, 423.020, 423.030 & 423.075

Proposed Amendments: 291-015-0100 – 291-015-0125, 291-015-0135

Proposed Repeals: 291-015-0130, 291-015-0140 – 291-015-0150

Last Date for Comment: 10-15-10

Summary: These rule modifications are necessary to update the organizational and structural changes within the department's volunteer program, and place the procedural detail in a department policy. The operational procedures are better placed in department policy rather than administrative rule because they direct the internal management of the program.

Summary: These rules are intended to implement the process and criteria for certifying biomass Producer or Collector Tax Credits and establishing the minimum discount value for transferred credits. The rules provide clear guidelines related to the application and qualification criteria. These rules implement legislation from the 2009 session that requires tax credits to be certified, allows the Department of Energy to establish additional criteria used to determine the amount of credit certified, allows the Department of Energy to establish a fee to cover the cost of certification, allows the Department of Energy to define criteria to determine additional characteristics of biomass, and allows the Department of Energy to determine a minimum discount value for the transfer of these tax credits.

Rules Coordinator: Kathy Stuttaford

Last Date for Comment: 9-16-10, 5 p.m.

Summary: These rules implement the provisions of HB 3680 (2010) which went into effect on May 27, 2010. These rules:

- Implement the monetary cap for renewable energy facility pre-certification established in HB 3680.
- Create a system to prioritize renewable energy projects based on criteria and factors to consider.
 - Define renewable energy storage device.
 - Update eligible cost for wind powered devices above 10MW and electric vehicle manufacturing.
 - Create deadlines for applications prior to program sunsets revised in HB 3680.
 - Amend standards used when considering what constitutes a single facility, including phasing, expansions or additions to renewable energy manufacturing facilities.
 - Clarify when final certification may be issued for efficient truck technology.

- Add clarity to existing policies for applicants.
- Update calculations used for determining discounted value of tax credits transferred under ORS 469.206.

Stat. Auth.: ORS 468.020, 468.068 & 468B.047

Stats. Implemented: ORS 468B.047

Proposed Amendments: 340-048-0055

Last Date for Comment: 9-10-10, 5 p.m.

Summary: The Oregon Department of Environmental Quality (DEQ) is proposing to increase fees for certifying that activities requiring federal licenses and permits comply with water quality requirements and standards. DEQ certifies compliance as authorized by Section 401 of the federal Clean Water Act. The proposed fees apply to most removal, fill and other activities, except hydroelectric, requiring 401 certification

This rulemaking is intended to increase 401 certification fees so that revenue is sufficient for program costs and to provide additional staff to expedite review/approval and to enhance technical assistance/program implementation.

The proposed changes will apply to most persons or organizations that require federal permits or licenses for removal, fill or other activities (except hydroelectric projects) that may result in discharges to navigable waters of Oregon. This includes individuals, small and large businesses, local governments, state and federal agencies and other entities.

To request additional information regarding this rulemaking, please contact: Palmer Mason at the Department of Environmental

Proposed Ren. & Amends: 410-120-1505 to 407-120-1505

Last Date for Comment: 8-25-10, 5 p.m.

Summary: OAR 410-120-1505 is being renumbered to 407-120-1505 and amended to bring policies up to date and to align the administrative rules with the Department of Human Services' (Department) policy and practice. These proposed amendments are needed to clarify provider audits, appeals, and post payment recovery processes. The rule specifies timeframes for review and the comment period for the preliminary audit report; timeframes for appeal requests on decisions outlined in the final audit report, when a case is considered closed; and protocols for electronic record-keeping systems, overpayments, administrative reviews and contested case hearings. With the creation of Oregon Health Authority and federal health care reform, the rule changes are necessary to ensure clarity of the Department's Office of Payment Accuracy and Recovery's (OPAR) authority to perform federally required responsibilities, current policies and procedures, and provider compliance with audit requirements.

Proposed rules are available on the DHS Website: <http://www.oregon.gov/DHS/admin/dwssrules/index.shtml>

Last Date for Comment: 8-26-10, 5 p.m.

Summary: OAR 461-110-0370 about filing group (the individuals from the household group whose circumstances are considered in the eligibility determination process) composition in the Supplemental Nutrition Assistance Program is being amended to restate the monthly countable income standards.

OAR 461-110-0430 about which individuals make up a filing group (the individuals whose circumstances are considered in the eligibility determination process) in the Refugee Assistance (REF) and Refugee Assistance Medical (REFM) programs is being amended to restate when a separate filing group may be formed within a household consisting of only newly arriving refugees.

OAR 461-115-0530 about OHP certification periods is being amended to include policy about the Healthy KidsConnect (HKC) program certification period and to clarify that HKC program subsidy amounts are not reduced or eliminated during an HKC program certification period. A certification period is the period for which a client is certified eligible for a program. This rule also is being amended to make permanent the temporary rule changes made effective July 1, 2010.

OAR 461-115-0705 about the verification requirements for the Department's medical programs is being amended to indicate the verification requirements for the Extended Medical Assistance (EXT) program. These amendments also state the verification requirements for social security numbers, alien status, and pregnancy in the Breast and Cervical Cancer Medical Program (BCCM), Healthy KidsConnect (HKC), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), and Medical Coverage for Children in Substitute or Adoptive Care (SAC) programs. These amendments also state the income verification requirements for the HKC, MAA, MAF, OHP, and SAC programs. This rule is also being amended to specify the EXT, MAA, and MAF programs must verify the premium amount for cost-effective employer sponsored insurance. This rule also is being amended to make permanent the temporary rule changes made effective on May 28, 2010 and July 1, 2010.

OAR 461-135-0150 about the specific eligibility requirements in the Substitute and Adoptive Care (SAC) program is being amended in response to recent legislation (2010 Or. Laws ch. 73 (HB 3664)) to state the eligibility requirements for extending medical coverage for a child who had been in foster care immediately prior to reaching 18 years of age and who has not yet reached 21 years of age. This rule also is being amended to make permanent the temporary rule changes effective May 1, 2010.

OAR 461-135-0835 about the limits on claims against an estate the Department may make in the Breast and Cervical Cancer Medical (BCCM), General Assistance (GA), General Assistance Medical (GAM), Oregon Health Plan (OHP), Oregon Supplemental Income Program (OSIP), Oregon Supplemental Income Program Medical (OSIPM), and Qualified Medicare Beneficiaries (QMB) programs is being amended to correct a drafting error made in an April 1, 2010 amendment to this rule. State law (ORS 411.708, 411.795, and 416.350) requires the Department to seek reimbursement for specific types of public assistance from the estate of a deceased individual who received public assistance. If the husband or wife of the recipient is still alive, the Department must wait until after the spouse dies and then seek reimbursement from the estate of the spouse of the recipient. The temporary rule deletes a mistaken reference to a

“recipient’s spouse” and replaces it with “recipient” to correct the rule and make it consistent with ORS 411.708, 411.795, and 416.350. This rule also is being amended to make the May 27, 2010 temporary changes to this rule permanent.

OAR 461-135-0900 about specific eligibility requirements in the Refugee Assistance (REF) and Refugee Assistance Medical (REFM) programs is being amended in response to recent federal legislation — Department of Defense Appropriations Act, 2010 (Section 8120 of Pub. L. No. 111-118 (123 Stat. 3409)) — to remove the eight month limitation on the length of time that an Iraqi or Afghan alien who is a Refugee Case Services Project (RCSP) program client may receive New Arrival Employment Services (NAES) program services. The Department also is making these rule changes to make temporary rule changes made May 17, 2010 permanent.

OAR 461-135-1100 about the specific eligibility requirements for an individual to receive Oregon Health Plan (OHP) program benefits is being amended to state that coverage under the Kaiser Transition Program is not included in the definition of private major medical health insurance. This rule is also being amended to make permanent the temporary rule changes made April 21, 2010 and July 1, 2010.

OAR 461-135-1102 about when the Department classifies an applicant to the Oregon Health Plan - Adults (OHP-OPU) program to be a new applicant is being amended to restate the conditions under which the Department considers an individual not to be a new applicant for OHP-OPU program eligibility determinations.

OAR 461-135-1110 about when a student enrolled in higher education is eligible or ineligible for the Oregon Health Plan - Adults program (OHP-OPU, which provides coverage for adults who qualify under the 100 percent income standard) is being amended in response to a recent change in federal guidelines to revise the definition for the term “meets the requirements for a Pell grant”. This rule also is being amended to make permanent the temporary rule changes made effective July 1, 2010.

OAR 461-135-1125 about how the Department determines which individuals included on the Oregon Health Plan - Adults (OHP-OPU) program Standard Reservation List are selected to apply for the OHP-OPU program is being amended to restate the definition of an “OHP Standard Reservation List Applicant”. This rule also is being amended to make permanent the rule changes made temporarily effective on April 21, 2010.

OAR 461-140-0296 about the length of disqualification due to a disqualifying asset transfer (transfer of an asset for less than its fair market value to become eligible for program benefits) in the General Assistance (GA), General Assistance Medical (GAM), Oregon Supplemental Income Program (OSIP), and Oregon Supplemental Income Program Medical (OSIPM) programs is being amended to update the amount used to calculate the number of months of ineligibility due to a disqualifying transfer of assets. This amount is calculated by using the average monthly cost to a private patient of nursing facility services in Oregon. The rule also is being amended to state that for disqualifying transfers that occur on or after July 1, 2006, the date the disqualification begins regardless of whether the transfer of the asset is disclosed at application or is discovered after the client becomes a recipient of GA, GAM, OSIP, or OSIPM program benefits.

OAR 461-145-0130 about the treatment of earned income in the eligibility process is being amended to disregard the JOBS Plus earned income of TANF recipients when determining initial and ongoing eligibility for the Medical Assistance Assumed (MAA) and Refugee Medical (REFM) programs. This amendment allows JOBS Plus participants to continue to receive medical assistance as other TANF clients in accordance with ORS 411.892(9). This amendment makes permanent changes adopted by temporary rule on May 19, 2010.

OAR 461-145-0140 about how the Department treats tax credits received by a client when making eligibility and benefit level determinations is being amended to state an Earned Income Tax Credit is

NOTICES OF PROPOSED RULEMAKING

excluded from assets (income and resources). This rule also is being amended in response to recent federal legislation (The American Recovery and Reinvestment Act of 2009 (123 Stat. 309-312)) to state when the Department, while making eligibility and benefit level determinations for the client, excludes a Making Work Pay (MWP) tax credit received by a client from the client's assets and when a General Assistance (GA), General Assistance Medical (GAM), Healthy KidsConnect (HKC), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), Oregon Supplemental Income Program Medical (OSIPM), or Qualified Medicare Beneficiaries (QMB) program client who has received an MWP tax credit qualifies for a \$33 earned income exclusion per month. This rule also is being amended to make the temporary rule changes made effective April 22, 2010 permanent.

OAR 461-145-0143 about economic recovery payments is being amended to remove its statements about the \$33 earned income exclusion because this topic is now covered in OAR 461-145-0140, and there is potential confusion when the topic is covered in two rules. This rule also is being amended to make the temporary rule changes made effective July 1, 2010 permanent.

OAR 461-145-0360 about how the Department treats the value of motor vehicles when determining a client's eligibility (the decision as to whether an individual qualifies, under financial and nonfinancial requirements, to receive program benefits) and benefit level is being amended for the Qualified Medicare Beneficiary (QMB) and Oregon Supplemental Income Program Medical (OSIPM) programs to restate how the Department treats the value of motor vehicles. This rule also is being amended to remove a provision of the rule for which no remaining Oregon Supplemental Income Program (OSIP) and Oregon Supplemental Income Program Medical (OSIPM) program clients meet the criteria and to remove unnecessary references to the OSIP program.

OAR 461-145-0930 about how the Department treats self-employment income when determining a client's countable income is being amended to state how the Healthy KidsConnect (HKC) and Oregon Health Plan (OHP) programs treat self-employment income.

OAR 461-150-0030 about how the Department used retrospective eligibility (the decision as to whether an individual qualifies, under financial and nonfinancial requirements, to receive program benefits) and budgeting (the process of calculating the benefit level) in all programs except the Employment Related Day Care and Oregon Health Plan programs, OAR 461-170-0100 about when a filing group (the individuals from the household group whose circumstances are considered in the eligibility determination process) was subject to the requirements of the Monthly Reporting System (MRS), and OAR 461-170-0110 about when the Department considered a Monthly Change Report from a client complete are being repealed; and OAR 461-150-0050 about when the Department uses prospective eligibility and budgeting in the General Assistance (GA), General Assistance Medical (GAM), Oregon Supplemental Income Program (OSIP), Oregon Supplemental Income Program Medical (OSIPM), and Qualified Medicare Beneficiaries (QMB) programs, OAR 461-165-0100 about the date the Department issues (makes available) benefits to a client, OAR 461-170-0010 about the requirement that a client report changes in accordance with the reporting system to which the Department assigns the client, OAR 461-170-0011 about which changes in circumstances that a client must report and how the client must report the changes, OAR 461-175-0210 about the notice the Department sends to a client when a client has moved out of state or the client's whereabouts are unknown, OAR 461-175-0240 about the notice the Department sends to a client when a financial group (the individuals whose income and resources count in determining eligibility) receives lump-sum income that will make the financial group ineligible or cause a reduction in benefits, OAR 461-175-0270 about the notice the Department sends to a client when the Department reduces or closes benefits based on a client's changed circumstances, OAR 461-175-0280 about the notice the Department sends to a client when the Department reduces or closes benefits

because the client in the Simplified Reporting System (SRS) fails to return the Interim Change Report or a client in the Employment Related Day Care program fails to return a reapplication form, OAR 461-175-0305 about the notice the Department sends to a client when the Department removes an individual from a benefit group (the individuals who receive benefits) or a need group (the individuals whose basic and special needs are used in determining eligibility and benefit levels), OAR 461-180-0020 about how the Department determines the effective date for an increase in benefits resulting from a client's changed income or income deductions for all Department programs except the ERDC program, OAR 461-180-0030 about how the Department determines the effective date for a reduction in benefits resulting from a client's changed income or income deductions for all clients except for those assigned to SRS or Transitional Benefit Alternative (TBA), and OAR 461-180-0120 about how the Department determines the effective date for removing an individual from a benefit group are being amended to remove references to the Monthly Reporting System (MRS) and retrospective eligibility and budgeting as the Department no longer assigns clients to MRS and does not utilize retrospective eligibility or budgeting for any Department clients.

OAR 461-155-0150 about the eligibility standards, payment rates, and copayments that apply to child care benefits under the Employment Related Day Care (ERDC), Job Opportunity and Basic Skills (JOBS), JOBS Plus, and Temporary Assistance for Needy Families (TANF) programs is being amended to restate the maximum number of total payable child care hours in the ERDC and TANF programs; state that certain provisions of this rule apply only to ERDC, JOBS, JOBS Plus, and TANF program child care benefits; state the 2007 federal poverty level standards used to determine certain client copayment amounts in the ERDC program; and state the special circumstances allowing a client to have the Department make child care payments beyond the otherwise allowable monthly rate. This rule also is being amended to reorganize its provisions to improve the rule's understandability and application.

OAR 461-155-0190 about the countable and adjusted income and Thrifty Food Plan payment standards in the Supplemental Nutrition Assistance Program is being amended to restate these income and payment standards.

OAR 461-155-0693 about Transportation Services Payments in the Oregon Supplemental Income Program Medical (OSIPM) is being amended to expand the allowed payments to include reimbursement of mileage for some non-commercial transportation. This rule also is being amended to make permanent the temporary rule changes effective July 1, 2010.

OAR 461-160-0040 about when the Department deducts dependent care costs from a client's income when making eligibility (the decision as to whether an individual qualifies, under financial and nonfinancial requirements, to receive program benefits) and benefit level determinations and when the Department may pay for child care for a client is being amended to state that in the Employment Related Day Care (ERDC), Refugee Assistance (REF), and Temporary Assistance for Needy Families (TANF) programs the Department may pay the cost of dependent child care when the child care is necessary for the working client to perform his or her job duties. This rule also is being amended to remove language stating certain provisions of this rule apply to the Extended Medical Assistance (EXT) program.

OAR 461-160-0400 about how the Department treats a financial group's (the individuals whose income and resources count in determining benefits) countable income (the non-excluded income used to determine eligibility) and adjusted income (countable income less income deductions) when determining the group's Supplemental Nutrition Assistance Program (SNAP) program eligibility (the decision as to whether an individual qualifies, under financial and nonfinancial requirements, to receive program benefits) and benefit levels is being amended to restate which filing groups (the individuals whose circumstances are considered in the eligibility determination

NOTICES OF PROPOSED RULEMAKING

process) remain eligible for SNAP program benefits when the financial group's income is over the applicable income standard in compliance with federal law.

OAR 461-160-0420 about how to calculate a client's shelter cost in the Supplemental Nutrition Assistance Program is being amended to restate the amounts for the utility allowances, used to offset the utility costs clients incur. This rule also is being amended to restate when the unreimbursed costs of repairing a client's home substantially damaged by a natural disaster may be counted as a cost of housing.

OAR 461-160-0430 about deductions from countable income made to determine adjusted income for the Supplemental Nutrition Assistance Program is being amended to restate the deduction amounts.

OAR 461-160-0540 about how the Department determines financial eligibility (the decision as to whether an individual qualifies, under financial requirements, to receive program benefits) for Qualified Medicare Beneficiaries (QMB) and Oregon Supplemental Income Program Medical (OSIPM), except Oregon Supplemental Income Program Medical - Employed Persons with Disabilities (OSIPM-EPD), program clients who live in the community, do not receive Supplemental Security Income (SSI) benefits, and do not receive Title XIX waived services is being amended to state how the Department determines financial eligibility for non-waivered services clients.

OAR 461-160-0610 about the payment a client in the Oregon Supplemental Income Program Medical (OSIPM), except Oregon Supplemental Income Program Medical - Employed Persons with Disabilities (OSIPM-EPD) program who receives long-term care services must make to remain eligible for the program is being amended to state a client with developmental disabilities receiving services through a support services waiver under OAR 411-340-0100 and 411-340-0130 is not required to make a payment for the waived services and to bring the rule into compliance with the state waiver regarding non-compliance with 42 USC 1915(c).

OAR 461-160-0855 about how the Department treats Qualified Partnership Policy (a type of a long term care insurance policy) payments a client receives when determining countable resources for an applicant in the Oregon Supplemental Income Program Medical (OSIPM) program is being amended to state that these payments are not excluded from countable resources when the Qualified Partnership Policy was purchased in a state that did not elect to participate in reciprocity regarding these policies under Medicaid.

OAR 461-165-0060 about how the Department determines the minimum initial and ongoing month benefit levels in the Refugee Assistance (REF), Supplemental Nutrition Assistance Program (SNAP), and Temporary Assistance for Needy Families (TANF) programs is being amended to restate the minimum initial and ongoing SNAP program monthly benefit levels for the different types of SNAP program benefit groups (the individuals who receive benefits) in compliance with federal law.

OAR 461-165-0160 about how the Department makes payments to child care providers is being amended to state that in the Employment Related Day Care (ERDC) and Temporary Assistance for Needy Families (TANF) programs the Department may make a payment only to an eligible provider during a month for which child care is being provided to meet an unexpected need of the provider related to the care of the covered child.

OAR 461-165-0180 about how the Department determines if a child care provider is eligible to receive payments from the Department for child care provided on behalf of Department clients is being amended to require a child care provider and each subject individual connected to that provider to complete the Department's background check process and be approved by the Department for the provider to be eligible for payment or authorization for payment from the Department. This rule also is being amended to require a child care provider not required to be certified or registered with the Child Care Division (CCD) of the Employment Department to complete

the Department's background check process and be approved by the Department to be eligible for payment or authorization for payment from the Department. This rule also is being amended to state the Department must withhold authorization for payment to a provider until all the Department required background checks are complete. The rule also is being amended to state that a child care provider not subject to certification or registration with the Oregon Employment Department, Child Care Division (CCD) must complete an orientation provided by the Department or a Child Care Resource and Referral agency within 90 days of being approved by the Department if the provider begins providing child care services after June 30, 2010, or resumes providing child care services, after a break of more than one year that began after June 30, 2010.

OAR 461-165-0190 about the circumstances under which the Department may make payments for child care directly to an Employment Related Day Care (ERDC), Job Opportunity and Basic Skills (JOBS), or Temporary Assistance for Needy Families (TANF) program client is being amended to allow the Department to make payments for child care directly to the client only for short term (up to 30 consecutive days) child care when the Department notifies the client that the client's approved child care provider is no longer eligible for a child care payment from the Department.

OAR 461-180-0090 about effective dates for the initial month of medical benefits is being amended to state that except for children who qualify for Oregon Supplemental Income Program Medical (OSIPM) long term care services, the effective date of medical eligibility for clients transitioning from the Healthy KidsConnect (HKC) program to the Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), OSIPM or Medical Coverage for Children in Substitute or Adoptive Care (SAC) medical programs is the first of the month following the month an eligibility determination is made. This rule also is being amended to make permanent the temporary rule changes made effective July 1, 2010.

OAR 461-180-0097 about the effective date on which a premium payment for a client in the Oregon Health Plan - Adults (OHP-OPU) program starts or ends is being amended to state the effective date that an OHP-OPU program client is required to start paying the premium is the first of the month following the month the Department determines eligibility (the decision as to whether an individual qualifies, under financial and nonfinancial requirements, to receive program benefits) for a new client and the first month of the new certification period for a client found eligible at a redetermination.

OAR 461-190-0211 about the payments the Department provides to clients for support services (child care, housing, transportation, and other needs) to help a client successfully comply with the activities in the client's case plan is being amended to state the Department may pay the cost of dependent child care when the child care is necessary for the working client to perform his or her job duties. The amended rule places additional limits on paying for child care for training and continuing education.

OAR 461-193-0240 about the clients exempt from participating in New Arrival Employment Services (NAES) program activities is being amended in response to recent federal legislation — Department of Defense Appropriations Act, 2010 (Section 8120 of Pub. L. No. 111-118 (123 Stat. 3409)) — to remove the eight month limitation on the length of time that an Iraqi or Afghan alien who is a Refugee Case Services Project (RCSP) program client and was granted special immigrant status under section 101(a)(27) of the Immigration and Nationality Act was eligible for the NAES program. The Department also is making these rule changes to make temporary rule changes made May 17, 2010 permanent.

OAR 461-193-1380 about the payments the Department provides to New Arrival Employment Services (NAES) program clients for support services (child care, housing, transportation, and other needs) to help a client successfully comply with the activities in the client's case plan is being amended to state the Department may pay the cost of dependent child care when the child care is necessary for the work-

NOTICES OF PROPOSED RULEMAKING

ing client to perform his or her job duties. The amended rule places additional limits on paying for child care for training and continuing education.

In addition, the above rules may also be changed to reflect new Department terminology and to correct formatting and punctuation.

Written comments may be submitted until August 26, 2010 at 5:00 p.m. Written comments may be e-mailed to Annette.Tesch@state.or.us, faxed to 503-373-7032, or mailed to Annette Tesch, Rules Coordinator, DHS - Children, Adults, and Families Division, 500 Summer Street NE, E-48, Salem, Oregon, 97301. The Department provides the same consideration to written comment as it does to any oral or written testimony provided at the public hearing.

Proposed Amendments: 410-130-0595

Last Date for Comment: 8-20-10

Summary: The Medical-Surgical Services program administrative rules govern the Division's payment for services to certain clients. Rule 410-130-0595 was temporarily and retroactively amended on 4/15/2010. With this Notice, the Division will permanently and retroactively amend 410-130-0595 to repeal language that restricts the place of service for maternity case management visits to the home setting, unless extenuating circumstances are documented. Permanently removing this language retroactive to July 1, 2009 is necessary to assure payment for claims submitted since July 1, 2009 and ongoing and to ensure future access to maternity case management visits for clients in counties where such visits cannot be provided in a home setting.

Proposed Amendments: 410-120-0030

Last Date for Comment: 8-20-10

Summary: The General rules program administrative rules govern the Division of Medical Assistance Programs (Division) payments for services provided to clients. The Division will amend 410-120-0030 to disallow the expansion of the pilot program to add Lane County as a participating County. The Division agreed to add Lane County as a participating County effective July 1, 2010, (contingent upon CMS approval) and processed the rule revision to reflect that authorization, however following the permanent rule filing, Lane

County informed the Division that they are not in a position to be an active participating provider and requested they not be added at this time. Therefore, the Division will amend this rule retroactive to July 1, 2010, to disallow the addition of Lane County.

Last Date for Comment: 8-20-10

Summary: The Oregon Health Plan Program administrative rules govern the Division's payments for services provided to certain clients. Having temporarily amended this rule retroactive to January 1, 2010, DMAP needs to permanently amend to reference Oregon Health Plan Benefit Package of Covered Services that reflects payments for services provided to clients to coincide with Office for Oregon health Policy and Research changes to the Oregon Health Services Commission's Prioritized List of Health Services (Prioritized List), effective January 1, 2010.

Summary: The Department of Human Services, Public Health Division is proposing to permanently amend administrative rules in chapter 333, divisions 49 and 50 relating to the ALERT Immunization Information System and School Immunization Law.

Major changes proposed by these amendments include: requiring pharmacists to report immunizations given to the Oregon ALERT Immunization Information System; modifying the Primary Review Summary report that schools and children's facilities complete annually; adding clarification about exclusion from certain sites; and clarifying acceptable documentation of immunization dates for children's facilities, schools, colleges, and community colleges. Wording changes have been made and text has been moved to clarify these rules.

Last Date for Comment: 8-25-10, 5 p.m.

Summary: The Department of Human Services (DHS), Seniors and People with Disabilities Division (SPD) is proposing to repeal OAR 411-057-0000 to 411-057-0060 and adopt OAR 411-057-0100 to 411-057-0190 relating to memory care communities (formerly known as Alzheimer's care units). SPD plans to implement these rules on October 1, 2010.

The proposed rules:

- Update language by changing the term "Alzheimer's care unit" to "memory care community";
- Encourage endorsed memory care communities to provide supports to individuals with dementia in a person directed manner, focusing on their daily routines, their preferences as well as needs as to how personal care is provided, and the activities that they engage in;
 - Require applicants to demonstrate their capacity to operate a memory care community;
 - Address the relinquishment of an endorsement and provide a process for when a memory care community wishes to relinquish their endorsement;
 - Clarify that non-endorsed memory care communities may not advertise or imply that they have an endorsement. Requires SPD to send notice to cease advertising;
 - Provide responsibilities of administration that requires specific training for Administrators, a memory care community disclosure statement, and policies and procedures specific to memory care communities;
 - Allow for emergency staffing situations when required trained staff are unavailable;
 - Enhance training requirements for staff when they are hired, yet allow for more flexibility for ongoing in-service training;
 - Include a section that outlines the minimal services that are to be provided to residents in a memory care community; and
 - Enhance the physical plant requirements for new or remodeled facilities to better ensure resident safety and quality of life.

Last Date for Comment: 8-23-10

Summary: DMV is using the American Association of Motor Vehicle Administrators' Commercial Skills Testing Information Management System (CSTIMS), a web-based test scheduling and reporting system. CSTIMS provides DMV with an effective new approach to fraud risk mitigation and deterrence, program oversight and controls, and improved safety for commercial motor vehicles by keeping unqualified drivers from obtaining a CDL.

DMV needs to revise the Division 60 rules because CSTIMS eliminates paper logs for reporting testing activity. DMV will require all testers and examiners to report scheduled tests and completed test results, including test failures, to DMV. These proposed rule amendments also:

(1) Define and describe the responsibilities of a designated CDL Tester Representative and require a CDL Tester Representative to complete DMV administrative training, including training on the use of CSTIMS.;

(2) Adds penalties for CDL testers and CDL examiners who attempt or commit fraud in the testing process; and

(3) Require that the Oregon Department of Education provide DMV approved testing and appointment of one or more CDL Tester Representatives who must comply with the applicable requirements and receive the DMV administrative training.

Other proposed amendments are made for clarity.

Stats. Implemented: ORS 807.110

Proposed Amendments: 735-062-0120

Last Date for Comment: 8-23-10

Summary: DMV recently amended OAR 735-062-0016 regarding the requirements of the driver license photograph. One way that a person proves his or her identity is through submitting to the collection of biometric data. The facial recognition technology used by DMV requires that the photograph be full faced with removal of eye glasses, clothing or other similar material that cover or distort the person's eyes or any other part of the face. Oregon law authorizes DMV to issue a driver license without a photograph if a person's religious beliefs prevent the person from removing clothing or other similar material that cover the person's eyes or face in order to have his or her photograph taken. DMV proposes to amend OAR 735-062-0120 — Standards for Issuance of a Driver License without a Photograph — to allow the issuance of a driver license without a photograph under these circumstances.

Rule Caption: Restoration of Driving Privileges for Habitual Offenders.

Stat. Auth.: ORS 184.616, 184.619, 802.010 & 809.660

Stats. Implemented: ORS 807.110, 807.160 & 807.400

Proposed Amendments: 735-070-0160

Last Date for Comment: 8-23-10

Summary: OAR 735-070-0160 establishes that a person whose driving privileges have been revoked for a minimum of five years as a habitual offender under ORS 809.600 may apply to DMV for restoration of driving privileges. DMV currently requires that a person revoked as a habitual offender must meet all requirements for an original driver license or instruction permit. One requirement is that the person pass all required tests, including a driving test and a knowledge test. Under the Driver License Compact, another state will not issue a driver license to a person whose driving privileges are revoked in Oregon. If a person no longer is a resident of Oregon, DMV will accept test scores from another state's licensing agency to meet this requirement for restoration of the person's revoked Oregon driving privileges. If all the requirements are satisfied, the person's Oregon driving record will show the person is eligible for driving privileges. But many states refuse to test a driver who is not eligible for driving privileges, so the person is unable to satisfy this requirement unless the person returns to Oregon. Also, even if another state does test the driver, it may be difficult or impossible to obtain documentation from the other state that the person has passed the tests. This creates a very time consuming and costly catch-22, both for the person and for DMV.

Therefore, DMV proposes to amend OAR 735-070-0160 to allow a person who resides out-of-state and who otherwise qualifies for restoration of revoked driving privileges to voluntarily surrender his or her Oregon driving privileges in lieu of taking the required tests in another state. DMV will note the surrender of all privileges on the person's Oregon driving record. If the person does not have any other suspension or revocation actions, the person's Oregon driving record, as reported to another state through the National Driver Register/Problem Driver Pointer System, will show the person as eligible to apply for driving privileges. To be issued a license in another state,

the person must meet the licensing requirements of that state. Pursuant to OAR 735-062-0135, should the person want to be licensed again in Oregon, he or she will be required to pass all of Oregon's tests.

Other changes are made for clarity.

Proposed Amendments: 660-027-0010, 660-027-0040, 660-027-0070

Last Date for Comment: 9-2-10

Summary: The proposed amendments would modify rules under OAR 660, division 27, that currently prohibit counties and Metro from amending the current designations of urban or rural reserves, and from amending the counties' comprehensive plans to allow new uses that were not allowed at the time of the reserves designations. The proposed rule amendments may expand the limited exceptions to these prohibitions to allow:

(1) certain additional types of transportation facilities that are normally only allowed in urban areas; (2) other comprehensive plan amendments to allow new uses, including amendments that require an exception to a statewide planning goal; (3) plan amendments to allow new uses that are authorized by future judicial decisions, statutory changes, or rule changes. In addition, the proposed rules would amend OAR 660-027-0040 to clarify that the rule addresses future changes to the Metro urban growth boundary and to the Metro and county reserve designations, rather than other plan amendments.

Summary: The Criminal Justice Commission (CJC) is required under ORS 137.667 to review all legislation creating new crimes or modifying existing crimes, and to adopt by rule necessary changes to the crime seriousness scale. The Oregon Legislature passed SB 1087 on February 22, 2008. The legislature referred SB 1087 to a vote of the people at the general election of November 4, 2008 through Ballot Measure 57. Ballot Measure 57 was passed by a majority of the voters at the general election. Section 10 of SB 1087 (2008 Oregon Laws chapter 14) changed the crime of Mail Theft or Receipt of Stolen Mail under ORS 164.162 from a Class A misdemeanor to a Class C felony. The Oregon Legislature voted to suspend implementation of portions of Measure 57 in HB 3508 (2009). Following HB 3508 (2009), Mail Theft or Receipt of Stolen Mail under ORS 164.162 is classified as a felony for sentences imposed prior to February 15, 2010 and for sentences imposed for crimes committed on or after January 1, 2012. During the intervening time period, that portion of Measure 57 that classified Mail Theft or Receipt of Stolen Mail under ORS 164.162 as a felony is suspended and that crime becomes a Class A misdemeanor. CJC amended the sentencing guidelines to incorporate that change. The amendment contained a typographical error, in which the date "January 1, 2010" was referenced instead of the date "January 1, 2012." A temporary rule is in place correcting that error. This rule amendment makes permanent that temporary change.

Rule Caption: Updates and clarifies rules relating to private career school licenses.

Date:	Time:	Location:
8-25-10	1 p.m.	255 Capitol St. NE, Rm. 251 Salem, OR

Hearing Officer: Cindy Hunt

Stat. Auth.: ORS 345.020

Stats. Implemented: ORS 345.010–345.450

Proposed Amendments: 581-045-0009, 581-045-0014, 581-045-0018, 581-045-0019, 581-045-0032, 581-045-0062

Last Date for Comment: 8-25-10, 5 p.m.

Summary: The rule amendments would do the following:

581-045-0009 Instructional Programs – Provides clarity regarding the components and level of detail required for those components for instructional programs in private career schools.

581-045-0014 Exceptions for Schools with Programs also Regulated by Another State Agency – Clarifies intent of this rule by using more specific language; to provide a cross-reference to exceptions granted in another rule to facilitate more accurate updates to the rules in the future.

581-045-0018 Record Keeping and 581-045-0019 School Catalogs – Brings rule requirements into closer alignment with the requirements of accrediting bodies and other federal programs and to provide clarity to the components and level of detail required in student records and school catalogs.

581-045-0032 Standards for Financial Reporting – Updates financial thresholds for specific report types, to adjust language to reflect current industry practice, and clarifies reporting requirements and allow for alternative forms of financial reports

581-045-0062 Application for Private Career School License Renewal – Updates the rule regarding the information required for renewal of a license; to clarify consequences for failure to submit an adequate and timely application; to fix a statutory conflict in the rule.

Proposed Adoptions: 845-005-0322, 845-006-0495

Proposed Amendments: 845-005-0321, 845-006-0460, 845-006-0461, 845-006-0490

Last Date for Comment: 9-7-10

Summary: The 2010 special session of the legislature passed Senate Bill (SB) 1039 with an emergency clause, effective June 2, 2010. Senate Bill 1039 amended ORS 471.001 & ORS 471.175 allowing the Commission to issue a full on-premises sales license to a for-profit private club. Staff is proposing this package of rule amendments in order to implement the statutory changes. This rule package includes two new rules for adoption: OAR 845-005-0322, which will describe the licensing criteria for a for-profit private club; and OAR 845-006-0495, which will describe the compliance requirements for a for-profit private club. Additionally, staff proposes amendment of the current food service rule for Full Commercial (F-COM) licensees (OAR 845-006-0460) in order to make the rule language parallel to the new statutory definition of "commercial establishment" in ORS 471.001. Staff also proposes amending three existing private club rules in order to clarify that these private club rules apply to nonprofit private clubs, to bring rule language into alignment with the new statutory definition of "nonprofit private club" in ORS 471.175, and to lower the minimum membership requirement to match that proposed for for-profit private clubs.

Stats. Implemented: ORS 192.440

Proposed Amendments: 845-004-0020

Last Date for Comment: 8-31-10

Summary: This rule outlines the various fees charged to the public, licensees, and the alcohol industry for certain services, including fulfilling records requests. Staff proposes to amend this rule to bring the language up to date with the Commission's current practices regarding providing various license and compliance records. For example, the current language outlines various lists available for a fee which are now available on-line. While in rulemaking, staff also proposes to take the opportunity to streamline and add clarifying language regarding public records request fees in general. There are no proposed changes to existing records request fulfillment processes or fee amounts other than updating the hourly rate for staff time to reflect inflation since its last amendment in 2001 and the addition of a nominal fee for sending records via fax.

Summary: This rulemaking proposes changes necessary to implement a new, online filing and payment system for the reporting and payment of the Oregon Universal Service surcharge by subject companies. The proposed changes to the rule impact due dates for filing reports and submitting payments, create a new de minimis provision for contributions owing that are less than ten dollars, and provide guidelines for reimbursing a company that has overpaid.

The Commission encourages participants to file written comments as early as practicable in the proceeding so that other participants have the opportunity to consider and respond to the comments before the deadline. Please reference "AR 543" on comments and file them by e-mail to the Commission's Filing Center at PUC.FilingCenter@state.or.us and also send a signed hard copy to the Filing Center at PO Box 2148, Salem, Oregon 97308-2418. For more information about the Commission's Filing Center, please see <http://apps.puc.state.or.us/edockets/center.htm>. Interested persons may review all filings online at <http://apps.puc.state.or.us/edockets/docket.asp?DocketID=16317>

Rules Suspended: 877-035-0000, 877-035-0010, 877-035-0012, 877-035-0013, 877-035-0015

Subject: Implements House Bill 2345 by repealing all rules governing the Impaired Professionals Program of the Board (Division 35). Consolidates conduct reporting requirements, including those related to impairment, in one section of the ethics code. This includes addition of the statutory text relating to reporting requirements contained in ORS 675.583 (House Bill 2059) to the Board's Code of Ethics. Repeals previous definition of impairment and adopts in rule impairment definitions mandated by OR 676.185. Updates consumer protection committee rules to address impairment-related investigations, including adoption of a procedure for investigation of alleged impairment.

Rules Coordinator: Martin Pittioni—(503) 373-1163

877-030-0040

Conduct and Reporting Requirements of Regulated Social Workers

(1) Conduct: The following minimum standards of professional conduct apply to regulated social workers:

(a) Private conduct of regulated social workers is a personal matter to the same extent as with any other person, except when that conduct compromises the fulfillment of professional responsibilities.

(b) Regulated social workers may not participate in, condone, or be associated with dishonesty, fraud, deceit, or misrepresentation.

(c) Regulated social workers may not misrepresent their professional qualifications, education, experience, or affiliations.

(2) Reporting Requirements:

(a) Regulated social workers must report the following to the Board as soon as practicable, but not later than 10 days after:

(A) Being convicted of a misdemeanor or felony;

(B) Being arrested for a felony crime;

(C) Receiving notice of a civil lawsuit that names the regulated social worker as a defendant and makes allegations related to the regulated social worker's practice of clinical social work or the regulated social worker's license or certificate;

(D) Becoming an in-patient in a psychiatric hospital or psychiatric day treatment facility; or

(E) Receiving notice of a regulatory action related to the regulated social worker's license or certificate.

(b) Regulated social workers must report child and elderly abuse as required by ORS 419B.005 to 419B.050 and 124.050 to 124.095.

(c) Unless state or federal laws relating to confidentiality or the protection of health information prohibit disclosure, a regulated social worker is required to report to the board any information the regulated social worker has that appears to show that a regulated social worker is or may be an impaired professional or may have engaged in unprofessional conduct according to the guidelines of the code of ethics, to the extent that disclosure does not conflict with the requirements of ORS 675.580. A regulated social worker is an impaired professional if the regulated social worker is unable to practice with professional skill and safety by reason of habitual or excessive use or abuse of drugs, alcohol or other substances that impair ability or by reason of a mental health disorder.

(d) Unless state or federal laws relating to confidentiality or the protection of health information prohibit disclosure, a regulated social worker licensee who has reasonable cause to believe that a licensee has engaged in prohibited or unprofessional conduct is required to report the conduct to the board responsible for the licensee who is believed to have engaged in the conduct. The reporting regulated social worker must report the conduct without undue delay, but in no event later than 10 working days after the reporting regulated social worker learns of the conduct. In this section:

(i) "Licensee" means a health professional licensed or certified by or registered with a board.

(ii) "Board" has the meaning given that term in ORS 676.150.

(iii) "Prohibited conduct" means conduct by a licensee that:

(I) Constitutes a criminal act against a patient or client; or

(II) Constitutes a criminal act that creates a risk of harm to a patient or client.

(iv) "Unprofessional conduct" means conduct unbecoming a licensee or detrimental to the best interests of the public, including conduct contrary to recognized standards of ethics of the licensee's profession or conduct that endangers the health, safety or welfare of a patient or client.

877-035-0000

Establishment of Program for Impaired Clinical Social Workers

(1) The board is required by ORS 675.600(1)(c) to: "Establish a program for impaired clinical social workers to assist licensed clinical social workers to regain or retain their certification or licensure and impose the requirement of participation as a condition to reissuance or retention of the certificate or license;" The board's program is described in this division of rules.

(2) *Impaired clinical social worker* is defined in ORS 675.510(4) as "a person unable to perform the practice of clinical social work by reason of mental illness, physical illness or alcohol or other drug abuse."

Identification and Rehabilitation

(1) A Licensed Clinical Social Worker or Clinical Social Work Associate knowing of a Licensed Clinical Social Worker or a Clinical Social Work Associate whose behavior or practice fails to meet professional standards for the level at which the social worker is certified or licensed, must report the social worker to the person in the work setting who has authority to institute corrective action. In the event that the Licensed Clinical Social Worker has no direct supervisor, this report must be made to the Board of Clinical Social Workers.

(2) Any Licensed Clinical Social Worker or Clinical Social Work Associate who has knowledge or concern that the Licensed Clinical Social Worker or Clinical Social Work Associate's behavior or practice presents potential for or actual danger to the public health, safety, and welfare, must

ADMINISTRATIVE RULES

report or cause a report to be made to the Board of Clinical Social Workers. Failure of any Licensed Clinical Social Worker or Clinical Social Work Associate to comply with this reporting requirement may in itself constitute a violation of clinical social work standards.

Confidentiality of Information Supplied to the Board

The records and proceedings compiled by the board in regard to an impaired clinical social worker, including the record of treatment received by the clinical social worker, are confidential and shall not be disclosed to the public as required by ORS 676.175 and other applicable law; provided, however, all such information may be disclosed when the disclosure is made consistently with 676.175, 676.177, and other applicable law.

877-035-0013

Criteria which Disqualify People from Program

Criteria which disqualify Licensed Clinical Social Workers or Clinical Social Work Associates from involvement in the Impaired Professional Program are:

- (1) Criminal history involving injury/endorsement;
- (2) Sale or manufacture of illegal substances;
- (3) Sexual offenders;
- (4) Three previous disciplines from the board.

877-035-0015

Procedure for Evaluation of Possible Impairment

(1) On its own motion or upon complaint by any person the board may require a person licensed or certificated under ORS 675.510 et seq. to undergo evaluation to determine if the person is an impaired clinical social worker.

(2) In order to determine whether a clinical social worker is impaired, the board may require the person:

- (a) To cooperate with an evaluation ordered by the board.
- (b) To enter a rehabilitation program or ongoing monitoring recognized by the board.
- (c) To sign a release allowing the board to fully communicate with the rehabilitation program regarding the clinical social worker's progress or lack thereof.
- (d) To complete a rehabilitation program or participate in monitoring required by the board.

(3) The evaluation referred to in section (1) of this rule will be performed by a drug and evaluation center or professional of the board's choosing. The evaluator shall have access to all material regarding the clinical social worker in the board's files and will have additional authority to contact all persons who have previously communicated to the board regarding the alleged impaired status of the Clinical Social Work Associate or Licensed Clinical Social Worker.

Management of Complaints

(1) The board intends to provide fair, expeditious response to complaints.

(2) A board member who is unable to render an impartial, objective decision regarding a complaint must abstain from participating in the preparation, hearing, deliberation and disposition of the complaint. An abstention is effective at the time a board member announces a decision not to participate.

(3) A board member who is a complainant or respondent in a complaint is disqualified from participating in the preparation, hearing, deliberation and disposition of the complaint.

(4) The board may initiate a complaint.

(5) The Consumer Protection Committee oversees investigations of complaints received by the board. The committee may conduct investigations, prepare reports, require evaluations, and negotiate proposed agreements and may perform other duties prescribed by the board. In carrying out these duties, the committee may assign to the board's staff the duties of conducting investigations and preparing reports. Subject to the approval of the committee, the board Administrator may assist in negotiating a proposed agreement with a respondent.

(6) If the complainant is a client or former client of the respondent, the complainant must sign a waiver of confidentiality granting the board and its counsel access to records and other materials that are the ethical and legal responsibility of the respondent. Refusal by a complainant to comply with this requirement may result in the dismissal of the complaint.

Definitions

The following definitions apply in this division of rules:

(1) "Complainant" – A person or group of persons who files a complaint or the Board for Board-initiated complaints.

(2) "Complaint" – A mandatory report or an allegation that a person regulated by the board has committed an act that would subject the person to discipline under ORS 675.540, or is impaired. A complaint should specifically describe the conduct complained of to the best of the ability of the complainant

(3) "Consumer Protection Committee" – A committee of one or more board members assigned by the board to fulfill specified functions related to complaints. There may be more than one Consumer Protection Committee.

(4) "Impairment" – an inability to practice with reasonable competence and safety due to the habitual or excessive use of drugs or alcohol, other chemical dependency or a mental health condition.

(5) "Respondent" – A person regulated by the board against whom a complaint is filed.

(6) "Social work" in ORS 675.540(1)(c) and (1)(d) means "clinical social work" as defined in ORS 675.510(2).

Procedure for Investigation of Alleged Impairment

(1) On its own motion or upon complaint by any person the board may require a regulated social worker to undergo evaluation to determine if the person has an impairment.

(2) In order to determine whether a regulated social worker has an impairment, the board may require the person:

- (a) To cooperate with an evaluation ordered by the board.
- (b) To sign a release allowing the board to fully communicate with any treatment program or evaluator to obtain any evaluation respondent has undergone prior to or during the investigation by the board of the alleged impairment.

Board of Nursing
Chapter 851

Rule Caption: Rules for Board of Nursing under the "Health Professionals' Services Program" as required by HB 2345 (Enrolled 2009 Session).

ADMINISTRATIVE RULES

Adm. Order No.: BN 6-2010(Temp)

Filed with Sec. of State: 6-23-2010

Certified to be Effective: 7-1-10 thru 12-28-10

Notice Publication Date:

Rules Adopted: 851-070-0000, 851-070-0005, 851-070-0010, 851-070-0020, 851-070-0030, 851-070-0040, 851-070-0050, 851-070-0060, 851-070-0070, 851-070-0080, 851-070-0090, 851-070-0100

Rules Suspended: 851-046-0000, 851-046-0005, 851-046-0010, 851-046-0020, 851-046-0030, 851-046-0040

Subject: These rules cover the newly established “Health Professionals’ Services Program (HPSP) and are specific to the Oregon State Board of Nursing. This program is being established by the Addictions & Mental Health (AMH) Division of the Department of Human Services as required by House Bill 2345 (Enrolled, 2009 Session). The Nurse Monitoring Program (OAR 851-046) is being eliminated. These rules will have a permanent rule hearing on September 16, 2010.

Rules Coordinator: KC Cotton—(971) 673-0638

851-046-0000

Statement of Purpose and Intent

(1) The Oregon Board of Nursing recognizes that alcoholism and drug addiction are primary, progressive, chronic diseases.

(2) The Board recognizes that problems resulting from the diseases of substance dependence or abuse, psychiatric or physical disorders may impair the nurse’s ability to safely practice nursing.

(3) The Board believes that nurses who develop these diseases can, with appropriate treatment, be assisted with recovery and return to the practice of nursing.

(4) It is the intent of the Board that nurses who have the diseases of substance dependence/abuse and psychiatric or physical disorders be given the opportunity to seek treatment and return to or continue the practice of nursing in a manner which benefits the public health, safety and welfare, as well as benefits the nurse’s recovery.

(5) It is the intent of the Board to fully cooperate with employers of these nurses in order to facilitate the nurse’s return to nursing practice. It is also the intent of the Board to closely monitor the nurse’s ability to practice safely.

(6) It is the intent of the Board that any nurse with no disciplinary action taken by the Board shall have the opportunity to enter the Nurse Monitoring Program regardless of the number of treatment programs the nurse has attended.

(7) Any nurse with three or less disciplinary actions for substance dependence/abuse in Oregon or in any state is eligible for the Nurse Monitoring Program provided the nurse has not been previously enrolled in the program and discharged for non-compliance.

(8) It is the intent of the Board that all information related to treatment for substance dependence/abuse, psychiatric, or physical disorders and monitoring of these nurses be kept confidential. The Board may disclose general information regarding the nurse’s participation in treatment and in the Nurse Monitoring Program only to those in the employment setting who are in a position of direct or general supervision of the nurse and need to know to ensure adequate monitoring, with the consent of the nurse. Information regarding the nurse’s participation in treatment and in the Nurse Monitoring Program may be disclosed only with the nurse’s written consent. The Board expects the employer to protect the confidentiality of information supplied by the Board regarding participants in the Nurse Monitoring Program.

(9) The Board of Nursing supports a voluntary Nurse Monitoring Program for nurses who would otherwise be charged with violating the Nurse Practice Act due to substance dependence/abuse, psychiatric or physical disorders.

(10) It is the intent of the Board that any nurse with the disease of substance dependence/abuse, a psychiatric disorder or a physical disorder may have the opportunity to enter the voluntary Nurse Monitoring Program. The nurse will not have the opportunity to enter into the Nurse Monitoring Program if the nurse’s circumstances disqualify him or her as outlined in OAR 851-046-0005.

(11) The Nurse Monitoring Program is an alternative to formal disciplinary action against the nurse’s license but is not a treatment program. The purpose of the Nurse Monitoring Program is to monitor the nurse’s compliance with treatment and ability to safely practice nursing. Investigation for possible disciplinary action will be initiated when the

nurse fails to comply with the requirements of the Nurse Monitoring Program.

(12) Participation in the Nurse Monitoring Program does not shield the participant from formal disciplinary action not related to the participant’s substance dependence/abuse, psychiatric disorder or physical disorder.

851-046-0005

Criteria which Disqualify Nurses from Admission to or Continuation in the Nurse Monitoring Program

(1) Persons with criminal histories which involve injury or endangerment to others.

(2) Persons diagnosed as requiring treatment because of sexual offenses/misconduct.

(3) Persons previously enrolled in the Nurse Monitoring Program and referred to the Board for disciplinary action, including voluntary surrender of their nursing license due to noncompliance with the Nurse Monitoring Program. However, a person may be re-admitted for a condition other than the condition for which the person had previously been enrolled in the Nurse Monitoring Program.

851-046-0010

Definitions

For the purpose of the rules in division 46, the following definitions apply:

(1) “Abstinence” means the avoidance of alcohol, mind-altering, or potentially addictive drugs.

(2) “Approved Treatment Program” means an organized program that meets the Board’s standards, in an inpatient, outpatient, or residential setting whose primary function is the evaluation and treatment of clients with substance dependence/abuse, psychiatric or physical disorders. The treatment program shall meet the following criteria:

(a) Employ staff qualified by education and experience to treat the client’s disorder;

(b) Have a formalized plan of care which includes:

(A) Assessment and diagnosis;

(B) Treatment goals including establishing and evaluating treatment outcomes;

(C) Discharge criteria;

(D) Guidelines for continuing recovery; and

(c) Provide a written report addressing all parts of the plan of care.

(3) “Body Fluid Testing” means the collection of blood, urine, or by other means utilized for the purpose of evaluating the presence of prescription or non-prescription drugs and alcohol. The collection and testing shall be performed by a preapproved laboratory, in a manner which preserves the integrity of the specimen.

(4) “Confidentiality of Records” means that no information pertaining to the nurse’s participation in the monitoring program is subject to discovery, subpoena, or public disclosure.

(5) Confidentiality of records may be waived by a written release signed by the nurse on a Board of Nursing approved form. The signed release must specify what information and to whom the information will be disclosed. Treatment records shall not be redisclosed.

(6) “Contract” means an individualized written agreement between the nurse and the Nurse Monitoring Program. The contract shall include the criteria for entrance and the terms and conditions for successful completion of the Nurse Monitoring Program.

(7) “Intake Evaluation” means an assessment of the nurse’s disorder by a qualified health care professional for the purpose of treatment recommendations and referral.

(8) “Nurse Monitoring Program” means a program administered by the Board which allows nurses with substance dependence/abuse, psychiatric or physical disorders to voluntarily seek treatment and participate in monitored practice without formal disciplinary action by the Board for such substance dependence/abuse, psychiatric or physical disorder.

(9) “Qualified Health Care Professional” means an individual who has specialized education/training to diagnose and treat the condition for which the nurse is seeking an assessment.

ADMINISTRATIVE RULES

(10) "Relapse" means the use of alcohol, mind-altering, or potentially addictive drugs for non-therapeutic reasons after sobriety has been demonstrated.

(11) "Relapse behavior" means a series of events that point towards a potential return to inappropriate use of substances. Examples include, but are not limited to, failure to follow the terms and conditions of the Nurse Monitoring Program contract; mood swings, unpredictability or changes in behavior in the employment setting; decreased participation in recovery activities; and avoiding contact with treatment personnel or the Nurse Monitoring Program coordinator.

(12) "Substance" means alcohol and other depressants, cannabis, cocaine and other stimulants, opiates, hallucinogens, inhalants and abuseable gases, and over-the-counter drugs with a potential for abuse.

(13) "Substance abuse" means a pattern of substance use leading to clinically significant impairment or distress as manifested by one or more of the following within a 12-month period:

(a) Recurrent substance use resulting in failure to fulfill obligations at work, school or home.

(b) Recurrent substance use when such use is physically hazardous;

(c) Recurrent substance-related legal problems; or

(d) Continued substance use despite recurrent consequences socially or interpersonally. Substance abuse, if left untreated, may progress to substance dependence.

(14) "Substance dependence" means a pattern of substance use leading to clinically significant impairment or distress as manifested by three or more of the following, occurring at any time in the same 12-month period:

(a) Increased tolerance to the substance;

(b) Withdrawal symptoms when not using the substance;

(c) Increased use of the substance;

(d) Unsuccessful efforts to decrease or eliminate use;

(e) Increased time spent either obtaining the substance or recovering from its' effects;

(f) Decreased social, occupational or recreational activities because of substance use; or

(g) Continued use of substances despite evidence of physical or psychological harm or consequences.

(15) "Substance Dependence/Abuse Specialist" means a health care professional who has specialized education in the evaluation and treatment of substance dependence/abuse and other addictive disorders. They may include, but are not limited to:

(a) Certified alcohol and drug counselor;

(b) Nurse Practitioner;

(c) Physician;

(d) Psychologist.

(16) "Support Group" means an organized meeting of individuals with similar disorders for the purpose of encouraging wellness and continued recovery.

(17) "Voluntary Participation" means that the nurse requests admission to the Nurse Monitoring Program or agrees to enter the Nurse Monitoring Program upon identification of a substance abuse, substance dependence, psychiatric, or physical disorder.

851-046-0020

Criteria for Admission and Completion of the Nurse Monitoring Program for Nurses with Substance Dependence and/or Substance Abuse

(1) A registered nurse or licensed practical nurse may seek admission to the Nurse Monitoring Program in one of the following ways:

(a) By self-referral or admission to the addiction to alcohol or prescription drugs, the diversion and use of unauthorized drugs, or the abuse of other potentially addicting substances;

(b) By identification of substance dependence/abuse in conjunction with a complaint filed against the licensee;

(c) By referral from a family member, friend, nurse peer, or employer.

(2) Upon identification of a problem of substance dependence/abuse, and the nurse's admission to the same, the nurse shall:

(a) Obtain an intake evaluation from a substance dependence/abuse specialist;

(b) Enter an approved treatment program specific for substance dependence/abuse.

(3) The nurse shall enter into a contract with the Nurse Monitoring Program which shall include, but is not limited to:

(a) Successful completion of an approved treatment program and continuing care or approved alternative for a period of one year;

(b) Continued abstinence from mind-altering or potentially addictive drugs, including both over-the-counter and prescription drugs;

(c) The Board may require an additional evaluation from a substance dependence/abuse specialist or other qualified health care professional if the nurse continues to use prescription drugs from a valid prescription to determine whether the prescribed drug is the treatment of choice for the nurse's condition, for a relapse, or if there is evidence of relapse behavior.

(d) Random body fluid testing. The Board may require that urine collection be witnessed;

(e) Attendance at support groups, e.g., 12-Step groups and nurse support groups;

(f) Notification of all his/her health care providers of the nature of the nurse's addiction;

(g) Agreement to cease nursing practice if necessary, and not return to practice until the Nurse Monitoring Program, in consultation with the substance dependence/abuse specialist, determines that the nurse is able to safely return to practice;

(h) Notification to the current employers and to a school of nursing, if applicable, of participation in the Nurse Monitoring Program and of any practice restrictions in the nurse's contract with the Nurse Monitoring Program;

(i) Disclosure to a prospective employer of participation in the Nurse Monitoring Program once a job offer has been made or to a school of nursing upon acceptance into the program;

(j) Notification to the Nurse Monitoring Program if the nurse is hospitalized or must undergo any surgical procedure;

(k) Notification to the Nurse Monitoring Program of relapse, use of prescribed drugs or use of over-the-counter drugs that may affect recovery (within 24 hours);

(l) Regular contact with the Nurse Monitoring Program;

(m) A signed release of information with treatment and aftercare providers or counselors so the Nurse Monitoring Program may receive and provide information;

(n) Notification to the Nurse Monitoring Program if the nurse applies for endorsement to any state;

(o) Notification to all states of current licensure of participation in the Nurse Monitoring Program;

(p) Disclosure of participation in the Nurse Monitoring Program when the nurse applies for licensure in any other state either by endorsement or renewal.

(q) Agreement that the nurse will cease practice for failure to comply with the terms and conditions of the contract pending further action by the Board or following the third relapse.

(4) The Board shall enter into a separate contract with the nurse's employer to address conditions of the workplace, confidentiality of information, reporting requirements and other conditions necessary for the nurse to successfully complete his/her participation in the Nurse Monitoring Program. For a nurse who is enrolled in a nursing education program, the Board shall enter into a contract with the school of nursing to address conditions of clinical experience, confidentiality of information, reporting requirements and other conditions necessary for successful completion of the Nurse Monitoring Program. The contract shall address the following issues:

(a) Access to narcotics;

(b) Level of supervision;

(c) Worksite and working conditions;

(d) Immediate notification to the Nurse Monitoring Program by the employer regarding any change in employment status, e.g., resignation, termination or change in position/responsibility. In addition to the contract, the Board will supply the employee or school of nursing with a summary of the nurse's history and reasons he/she is in the Nurse Monitoring Program to assist the employer or school of nursing in their supervision of the nurse.

(5) The nurse is financially responsible for all costs of participation in the Nurse Monitoring Program, including the cost of random body fluid testing and the cost of treatment.

(6) The length of time in the Nurse Monitoring Program shall be a minimum of five (5) years with a yearly review of the content of the nurse's contract with the Nurse Monitoring Program. Of the five (5) years, at least three (3) years must include monitored nursing practice. Participation in a

ADMINISTRATIVE RULES

monitoring program in another state may be credited towards the five (5) year period in Oregon.

(7) Participants in the Nurse Monitoring Program and their records may be referred to an investigator for the Board for investigation and possible disciplinary action under the following conditions:

- (a) Failure to comply with the terms and conditions of the contract;
- (b) Failure to correct deficiencies in the nurse's recovery program which lead to relapse;
- (c) The occurrence of a third relapse after receiving treatment specific for substance dependence/abuse.

(8) Successful completion of the Nurse Monitoring Program is contingent on a minimum of five (5) years participation, of which three (3) years must be monitored nursing practice and compliance with all terms and conditions of the contract. If a nurse does not practice nursing during the five (5) year period, participation in the Nurse Monitoring Program will resume upon entrance into a re-entry program and/or employment in nursing.

(9) Relapse during the final year of participation in the Nurse Monitoring Program will extend the period of participation in the program for a minimum of an additional year.

(10) Any exception to the minimum of five (5) years of participation in the Nurse Monitoring Program shall be considered on an individual basis and may be granted by the Nurse Monitoring Program under one or more of the following conditions:

- (a) The nurse has successfully completed a minimum of three (3) years of monitored nursing practice;
- (b) The public health, safety and welfare is not compromised by early release from the Nurse Monitoring Program.

(11) A graduate of the Nurse Monitoring Program who has a relapse may be readmitted to the Nurse Monitoring Program for a minimum of one (1) year. A nurse will be permitted a maximum of three admissions to the Nurse Monitoring Program.

Criteria for Admission and Completion of the Nurse Monitoring Program for Nurses with Physical Disabilities

(1) A registered nurse or licensed practical nurse may seek admission to the Nurse Monitoring Program in one of the following ways:

- (a) By self-referral or admission to a physical disorder which prevents the nurse from safely practicing nursing;
- (b) By identification of a physical disorder which prevents safe practice in conjunction with a complaint filed against the licensee;
- (c) By referral from a family member, friend, nurse peer, or employer.

(2) Upon identification of a physical disorder which prevents safe practice, the nurse shall obtain an evaluation from a health care professional who is qualified to evaluate the nurse's physical disorder and make recommendations for treatment of the disorder.

(3) The nurse shall enter into a contract with the Nurse Monitoring Program which shall include, but it is not limited to:

- (a) Compliance with treatment recommendations including medication management;
- (b) Agreement to cease nursing practice if necessary, and not return to practice until the Nurse Monitoring Program, in consultation with the nurse's primary health care provider, determines that the nurse is able to safely return to the practice of nursing;
- (c) Random body fluid testing for compliance with medical management, if appropriate;
- (d) Notification to the current employers or to a school of nursing, if applicable, of participation in the Nurse Monitoring Program and of any practice restrictions in the nurse's contract with the Nurse Monitoring Program;
- (e) Disclosure to a prospective employer of participation in the Nurse Monitoring Program once a job offer has been made or to a school of nursing upon acceptance into the program.
- (f) Regular contact with the Nurse Monitoring Program;
- (g) A signed release of information with the primary health care provider or other health care professional so the Nurse Monitoring Program may receive and provide information;
- (h) Notification to the Nurse Monitoring Program if the nurse applies for endorsement or renewal of licensure to any state;

(i) Disclosure of participation in the Nurse Monitoring Program when the nurse applies for licensure in any other state;

(j) Notification to all states of current licensure of participation in the Nurse Monitoring Program.

(k) Agreement that the nurse will cease practice for failure to comply with terms and conditions of the contract pending further action by the Board.

(4) The Board shall enter into a separate contract with the nurse's employer to address conditions of the workplace, confidentiality of information, reporting requirements and other conditions necessary for the nurse to successfully complete his/her participation in the Nurse Monitoring Program. For a nurse who is enrolled in a nursing education program, the Board shall enter into a contract with the school of nursing to address conditions of clinical experience, confidentiality of information, reporting requirements and other conditions necessary for successful completion of the Nurse Monitoring Program. The contract shall address the following issues:

- (a) Level of supervision;
- (b) Worksite and working conditions;

(c) Immediate notification to the Nurse Monitoring Program by the employer regarding any change in employment status, e.g., resignation, termination or change in position responsibility. In addition to the contract, the Board will provide the employer or school of nursing a summary of the nurse's history and reasons for entrance into the Nurse Monitoring Program to assist in supervision of the nurse.

(5) The nurse is financially responsible for all costs of participating in the Nurse Monitoring Program, including the cost of random body fluid testing and treatment.

(6) The length of time in the Nurse Monitoring Program shall be a minimum of five (5) years, of which three (3) years must be monitored nursing practice, with a yearly review of the content of the nurse's contract with the Nurse Monitoring Program.

(7) Participants in the Nurse Monitoring Program and their records may be referred to an investigator for the Board for investigation and possible disciplinary action if the nurse fails to comply with the terms and conditions of the contract.

(8) Successful completion of the Nurse Monitoring Program is contingent on a minimum of five (5) years participation, three (3) years of monitored nursing practice and compliance with all terms and conditions of the contract.

(9) Any exception to the minimum of five (5) years of participation in the Nurse Monitoring Program shall be considered on an individual basis and may be granted if the public health, safety and welfare is not compromised by early release from the Nurse Monitoring Program.

Criteria for Admission and Completion of the Nurse Monitoring Program for Nurses with Psychiatric Disorders

(1) A registered nurse or licensed practical nurse may seek admission to the Nurse Monitoring Program in one of the following ways:

- (a) By self-referral or admission of a psychiatric disorder which prevents the nurse's ability to safely practice nursing;
- (b) By identification of the psychiatric disorder in conjunction with a complaint filed against the licensee;
- (c) By referral from a family member, friend, nurse peer, or employer.

(2) Upon identification of a psychiatric disorder which prevents safe practice, the nurse shall:

- (a) Obtain an evaluation from a health care professional qualified to evaluate psychiatric disorders and make treatment recommendations;
- (b) Participate in a treatment program specific for the psychiatric disorder.

(3) The nurse shall enter into a contract with the Nurse Monitoring Program which shall include, but is not limited to:

- (a) Compliance with the treatment program recommendations, including medication management;
- (b) Random body fluid testing for compliance with medication management, if appropriate;
- (c) Agreement to cease nursing practice if necessary, and not return to practice until the Nurse Monitoring Program, in consultation with the nurse's mental health treatment provider, determines that the nurse is able to safely return to the practice of nursing;

ADMINISTRATIVE RULES

(d) Notification to the current employer and to a school of nursing, if applicable, of participation in the Nurse Monitoring Program and of any practice restrictions in the nurse's contract with the Nurse Monitoring Program;

(e) Disclosure to a prospective employer of participation in the Nurse Monitoring Program once a job offer has been made or school of nursing upon acceptance into the program.

(f) Regular contact with the Nurse Monitoring Program;

(g) A signed release of information with the mental health treatment providers so the Nurse Monitoring Program may receive information upon request;

(h) Notification of the Nurse Monitoring Program if the nurse applies for endorsement or renewal of licensure to any state;

(i) Disclosure of participation in the Nurse Monitoring Program when the nurse applies for licensure in any other state;

(j) Notification of all states of current licensure of participation in the Nurse Monitoring Program.

(k) Agreement that the nurse will cease practice for failure to comply with the terms and conditions of the contract pending further action by the Board.

(4) The Board shall enter into a separate contract with the nurse's employer to address conditions of the workplace, confidentiality of information, reporting requirements and other conditions necessary for the nurse to successfully complete his/her participation in the Nurse Monitoring Program. For a nurse who is enrolled in a nursing education program, the Board shall enter into a contract with the school of nursing to address conditions of clinical experience, confidentiality of information, reporting requirements and other conditions necessary for successful completion of the Nurse Monitoring Program. The contract shall address the following issues:

(a) Level of supervision;

(b) Worksite and working conditions;

(c) Immediate notification to the Nurse Monitoring Program by the employer regarding any change in employment status, e.g., resignation, termination or change in position responsibility. In addition to the contract, the Board will provide the employer or school of nursing a summary of the nurse's history and reasons for entrance into the Nurse Monitoring Program to assist in supervision of the nurse.

(5) The nurse is financially responsible for all costs of participation in the Nurse Monitoring Program, including the costs of random body fluid testing and the cost of mental health treatment.

(6) The length of time in the Nurse Monitoring Program shall be a minimum of five (5) years, of which three (3) years must be monitored nursing practice, with a yearly review of the content of the nurse's contract with the Nurse Monitoring Program.

(7) Participants in the Nurse Monitoring Program and their records may be referred to an investigator for the Board for investigation and possible disciplinary action if the nurse fails to comply with the terms and conditions of the contract.

(8) Successful completion of the Nurse Monitoring Program is contingent on a minimum of five (5) years participation, three (3) years of monitored nursing practice and compliance with all terms and conditions of the contract.

(9) Any exception to the minimum of five (5) years of participation in the Nurse Monitoring Program shall be considered on an individual basis and may be granted if the public health, safety and welfare is not compromised by early release from the Nurse Monitoring Program.

Purpose, Intent and Scope

The Board believes that licensees who develop substance use disorders, mental health disorders, or both disorders can, with appropriate treatment, be assisted with recovery and return to the practice of nursing. It is the intent of the Board that a licensee with a substance use disorder, a mental health disorder or both types of disorders may have the opportunity to enter the Health Professionals' Services Program (HPSP). Participation in the Health Professionals Services Program does not shield the licensee from disciplinary action.

Definitions

The following definitions apply to OAR chapter 851, division 070, except as otherwise stated in the definition:

(1) "Abstinence" means the avoidance of all intoxicating substances, including but not limited to prescription or over-the-counter drugs with a potential for abuse or dependence;

(2) "Assessment or evaluation" means the process an independent third-party evaluator uses to diagnose the licensee and to recommend treatment options for the licensee.

(3) "Board" means the Oregon State Board of Nursing.

(4) "Business day" means Monday through Friday, except legal holidays as defined in ORS 187.010 (or ORS 187.020).

(5) "Diagnosis" means the principal mental health or substance use diagnosis listed in the DSM. The diagnosis is determined through the assessment and any examinations, tests or consultations suggested by the assessment and is the medically appropriate

(6) "Division" means the Department of Human Services, Addictions and Mental Health Division.

(7) "DSM" means the Diagnostic and Statistical Manual of Mental Disorders, commonly referred to as DSM-IV-TR published by the American Psychiatric Association.

(8) "Federal regulations" means:

(a) As used in ORS 676.190(1)(f)(D), a "positive toxicology test result as determined by federal regulations pertaining to drug testing" means test results meet or exceed the cutoff concentrations shown in 49 CFR § 40.87 (2009) must be reported as substantial non-compliance, but positive toxicology results for other drugs and for alcohol may also constitute and may be reported as substantial non-compliance.

(b) As used in ORS 676.190(4)(i), requiring a "licensee to submit to random drug or alcohol testing in accordance with federal regulations" means licensees are selected for random testing by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with licensees' unique identification numbers or other comparable identifying numbers. Under the selection process used, each covered licensee shall have an equal chance of being tested each time selections are made, as described in 40 CFR § 199.105(c)(5) (2009). Random drug tests must be unannounced and the dates for administering random tests must be spread reasonably throughout the calendar year, as described in 40 CFR § 199.105(c)(7) (2009).

(9) "Fitness to practice evaluation" means the process a qualified, independent third-party evaluator uses to determine if the licensee can safely perform the essential functions of the licensee's health practice.

(10) "Final enrollment" means a self-referred licensee has provided all documentation required by OAR 851-070-0040 and has met all eligibility requirements to participate in the HPSP.

(11) "Independent third-party evaluator" means an individual who is approved by a licensee's Board to evaluate, diagnose, and offer treatment options for substance use disorders, mental health disorders or co-occurring disorders.

(12) "Individual service record" means the official permanent HPSP documentation, written or electronic, for each licensee, which contains all information required by these rules and maintained by the HPSP to demonstrate compliance with these rules.

(13) "Licensee" means a licensed practical nurse, registered nurse, or advanced practice registered nurse who is licensed or certified by the Oregon State Board of Nursing.

(14) "Mental health disorder" means a clinically significant behavioral or psychological syndrome or pattern that occurs in an individual and that is associated with present distress or disability or with a significantly increased risk of suffering death, pain, disability, or an important loss of freedom that is identified in the DSM. "Mental health disorder" includes gambling disorders.

(15) "Monitoring agreement" means an individualized agreement between a licensee and the vendor that meets the requirements for a diversion agreement set by ORS 676.190.

(16) "Monitoring Entity" means an independent third-party that monitors licensees' HPSP enrollment status and monitoring agreement compliance.

(17) "Non-treatment compliance monitoring" means the non-medical, non-therapeutic services employed by the vendor to track and report the licensee's compliance with the monitoring agreement.

(18) "Nurse Monitoring Program" (NMP) refers to the alternative to the Board of Nursing's discipline program prior to July 1, 2010.

ADMINISTRATIVE RULES

(19) "Self-referred licensee" means a licensee who seeks to participate in the program without a referral from the board

(20) "Peer" means another licensee currently enrolled in the program.

(21) "Provisional enrollment" means temporary enrollment, pending verification that a self-referred licensee meets all HPSP eligibility criteria.

(22) "Substance use disorder" means a disorder related to the taking of a drug of abuse (including alcohol); to the side effects of a medication; and to a toxin exposure, including: substance use disorders (substance dependence and substance abuse) and substance-induced disorders (including but not limited to substance intoxication, withdrawal, delirium, and dementia, as well as substance induced psychotic disorders and mood disorders), as defined in DSM criteria.

(23) "Substantial non-compliance" means that a licensee is in violation of the terms of his or her monitoring agreement in a way that gives rise to concerns about the licensee's ability or willingness to participate in the HPSP. Substantial non-compliance and non-compliance include, but are not limited to, the factors listed in ORS 676.190(1)(f). Conduct that occurred before a licensee entered into a monitoring agreement does not violate the terms of that monitoring agreement.

(24) "Successful completion" means that for the period of service deemed necessary by the vendor or by the licensee's Board by rule, the licensee has complied with the licensee's monitoring agreement to the satisfaction of the HPSP.

(25) "Toxicology testing" means urine testing or alternative chemical monitoring including blood, saliva, breath or hair as conducted by a laboratory certified, accredited or licensed and approved for toxicology testing.

(26) "Treatment" means the planned, specific, individualized health and behavioral health procedures, activities, services and supports that a treatment provider uses to remediate symptoms of a substance use disorder, mental health disorder or both types of disorders.

(27) "Vendor" means the entity that has contracted with the Division to conduct the HPSP.

Participation in Health Professionals' Services Program

Effective July 1, 2010, the Board shall participate in the Health Professionals' Services Program and may refer eligible nurses to the HPSP in lieu of or in addition to public discipline. Only licensed practical nurses, registered nurses, and advanced practice registered nurses who meet the eligibility criteria may be referred by the Board to the Health Professionals' Services Program.

Eligibility in Health Professionals Services Program

(1) Licensee must be evaluated by an independent, third-party evaluator approved by the Board. The evaluation must include a diagnosis of a substance use disorder, mental health disorder, or both types of disorders with the appropriate diagnostic code from the DSM, and treatment options.

(2) Licensee must provide a written statement agreeing to enter the HPSP in lieu of or in addition to discipline and agreeing to abide by all terms and conditions established by the Board.

(3) Licensee must enter into the "HPSP Monitoring Agreement."

(4) Licensees who have successfully graduated from either the NMP or HPSP programs and who have had a relapse may be permitted a maximum of one additional admittance into the HPSP.

Procedure for Board Referrals

(1) When a complaint is received involving a licensee who may have a substance use disorder, a mental disorder, or both types of disorders, the Board staff will investigate and complete a report to be presented at a Board meeting.

(2) The Board will review the report and determine if the licensee meets the eligibility criteria for the HPSP.

(3) If licensee meets eligibility criteria and the board approves entry into the HPSP, the Board will provide a written referral. The referral must include:

(a) A copy of the report from the independent, third-party evaluator who diagnosed the Licensee;

(b) The treatment options developed by the independent third-party evaluator;

(c) A statement that the Board has investigated the licensee's professional practice and conduct, and has determined whether the licensee's professional practice, while impaired, presents or has presented a danger to the public;

(d) A description of any restrictions recommended or imposed by the Board on the licensee's professional practice; including those specific to prescribing and dispensing medications (for licensees with prescriptive authority).

(e) A written statement from the licensee agreeing to enter the HPSP in lieu of or in addition to discipline and agreeing to abide by all terms and conditions established by the vendor; and

(f) A statement that the licensee has agreed to report any arrest for or conviction of a misdemeanor or felony crime to the board within three business days after the licensee is arrested or convicted.

(4) A Board-referred licensee is enrolled in the program effective on the date the licensee signs the consents and the monitoring agreement required by ORS 676.190.

(5) Upon enrollment into the program, the vendor (or monitoring entity) will notify the Board and the Board will dismiss without prejudice the pending complaint at the next Board meeting.

851-070-0040

Procedure for Self- Referred Licensees

Self-referred licensees may participate in the HPSP as permitted by ORS 676.190(5).

(1) Provisional Enrollment. To be provisionally enrolled in the program, a self-referred licensee must:

(a) Sign a written consent allowing disclosure and exchange of information between the vendor, the monitoring entity, the licensee's employer, independent third-party evaluators, and treatment providers, including other health care providers;

(b) Sign a written consent allowing disclosure and exchange of information between the vendor, the Board, the monitoring entity, the licensee's employer, independent third-party evaluators and treatment providers in the event the vendor determines the licensee to be in substantial non-compliance with his or her monitoring agreement as defined in OAR 851-070-0090. The purpose of the disclosure is to permit the vendor and the monitoring entity to notify the Board if the vendor determines the licensee to be in substantial non-compliance with his or her monitoring agreement;

(c) Attest that the licensee is not, to the best of the licensee's knowledge, under investigation by his or her Board; and

(d) Agree to and sign a monitoring agreement.

(2) Upon provisional enrollment, the vendor shall send to the monitoring entity copies of the signed consents and the monitoring agreement, described in section one of this rule.

(3) Final Enrollment: To move from provisional enrollment to final enrollment in the program, a self-referred licensee must:

(a) Obtain at the licensee's own expense and provide to the vendor, an independent third-party evaluator's written evaluation containing a DSM diagnosis and diagnostic code and treatment recommendations;

(b) Agree to cooperate with the vendor's investigation to determine whether the licensee's practice while impaired presents or has presented a danger to the public; and

(c) Enter into an amended monitoring agreement, if required by the vendor.

(4) Once a self-referred licensee seeks enrollment in the HPSP, failure to complete final enrollment may constitute substantial non-compliance and may be reported to the Board.

(5) Upon final enrollment of a self-referred licensee, the vendor shall send to the monitoring entity a copy of the written evaluation by the independent third-party evaluator and a copy of the amended monitoring agreement, if any.

Disqualification Criteria

Licensees, either Board-referred or self-referred, may be disqualified from entering the HPSP for factors including, but not limited to:

(1) Licensee's disciplinary history;

(2) Severity and duration of the licensee's impairment;

ADMINISTRATIVE RULES

- (3) Extent to which licensee's practice can be limited or managed to eliminate danger to the public;
- (4) Likelihood that licensee's impairment can be managed with treatment;
- (5) Evidence of criminal history that involves injury or endangerment to others;
- (6) A diagnosis requiring treatment because of sexual offenses or sexual misconduct;
- (7) Evidence of non-compliance with a monitoring program from other state;
- (8) Pending investigations with the Board or boards from other states;
- (9) Previous Board investigations with findings of substantiated abuse or neglect; and
- (10) Prior enrollment in, but failure to successfully complete, either the Nurse Monitoring Program or HPSP.

Approval of Independent Third-Party Evaluators

- (1) To be approved by the Board as an independent third-party evaluator, an evaluator must:
 - (a) Be licensed as required by the jurisdiction in which the evaluator works;
 - (b) Have a minimum of a Master's Degree in a mental health discipline;
 - (c) Provide evidence of additional education and experience as shown by one of the following:
 - (i) Department of Transportation Substance Abuse Professional qualification;
 - (ii) Certified Alcohol and Drug Counselor II or III;
 - (iii) Board Certified in Addiction Medicine by either ASAM or American Board of Psychiatry and Neurology.
 - (d) Provide evidence of assessments at the licensure level of the licensee being evaluated
 - (e) The Board will not accept an evaluator as independent in a particular case if, in the Board's judgment, the evaluator's judgment is likely to be influenced by a personal or professional relationship with a licensee.

Approval of Treatment Providers

- (1) To be approved by the Board as a treatment provider, a provider must be:
 - (a) Licensed as required by the jurisdiction in which the provider works;
 - (b) Able to provide appropriate treatment considering licensee's diagnosis, degree of impairment, level of licensure, and treatment options proposed by the independent third-party evaluator; and
 - (c) Able to obtain a urinalysis of the licensee at intake.
- (2) The Board will not accept a provider as a treatment provider in a particular case if, in the Board's judgment, the provider's judgment is likely to be influenced by a personal or professional relationship with a licensee.

Licensee Responsibilities

- (1) All licensees must:
 - (a) Agree to report any arrest for or conviction of a misdemeanor or felony crime to the vendor and the Board within three business days after the licensee is arrested or convicted of the crime; and
 - (b) Comply continuously with his or her monitoring agreement, including any restrictions on his or her practice, for at least two years or longer, as specified by the Board by rule or order;
 - (c) Abstain from mind-altering or intoxicating substances or potentially addictive drugs, unless the drug is approved by the HPSP and prescribed for a documented medical condition by a person authorized by law to prescribe the drug to the licensee;
 - (d) Report use of mind-altering or intoxicating substances or potentially addictive drugs within 24 hours;
 - (e) Participate in a treatment plan approved by a third party;
 - (f) Limit practice as required by the HPSP;

- (g) Cooperate with supervised monitoring of practice;
- (h) Participate in a follow-up evaluation, when necessary, of licensee's fitness to practice;
- (i) Submit to random drug or alcohol testing;
- (j) Report at least weekly to the HPSP regarding the licensee's compliance with the monitoring agreement;
- (k) Report at least weekly to the HPSP regarding the licensee's compliance with the agreement;
- (l) Report any arrest for or conviction of a misdemeanor or felony crime to the HPSP within three business days after the licensee is arrested or convicted;
- (m) Report applications for licensure in other states, changes in employment and changes in practice setting;
- (n) Agree to be responsible for the cost of evaluations, toxicology testing and treatment;
- (o) Report to the HPSP any investigations or disciplinary action by any state or state agency, including Oregon;
- (p) Participate in required meetings according to the treatment plan; and
- (q) Maintain current license status.

- (2) In addition to the requirements listed in section one of this rule, self-referred licensees must also provide to the HPSP a copy of a report of the licensee's criminal history, at least once per calendar quarter or more often if required by the HPSP.

Completion Requirements

- (1) To successfully complete the Health Professionals' Services Program, licensees with a substance use disorder, or with a mental health disorder and a substance use disorder, must have worked for at least two years in a monitored practice. Licensees must complete the required two years of monitored practice within four years of entering the Health Professionals' Services Program.
- (2) To successfully complete the Health Professionals' Services Program, licensees with a mental health disorder, but no substance use disorder, must have worked for at least one year in a monitored practice. Licensees must complete the required year of monitored practice within two years of entering the Health Professionals' Services Program.
- (3) The Board may extend by one year the time within which a licensee must complete the monitored practice if the licensee has remained compliant with the program.
- (4) A licensee who does not complete the required term of monitored practice will be discharged from the Health Professionals' Services Program and may be subject to discipline.
- (5) The time spent working in a monitored practice before transferring from the Nurse Monitoring Program to the Health Professionals' Services Program effective July 1, 2010, will be counted toward the required term of monitored practice.

Substantial Non-Compliance Criteria

- (1) The HPSP or the monitoring entity will report substantial non-compliance with the diversion agreement within one business day after the HPSP learns of non-compliance, including but not limited to information that a licensee:
 - (a) Engaged in criminal behavior;
 - (b) Engaged in conduct that caused injury, death or harm to the public, including engaging in sexual impropriety with a patient;
 - (c) Was impaired in a health care setting in the course of the licensee's employment;
 - (d) Received a positive toxicology test result as determined by federal regulations pertaining to drug testing;
 - (e) Violated a restriction on the licensee's practice imposed by the HPSP or the licensee's Board;
 - (f) Was admitted to the hospital for mental illness or adjudged to be mentally incompetent;
 - (g) Entered into a diversion agreement, but failed to participate in the HPSP;
 - (h) Was referred to the HPSP, but failed to enroll in the HPSP;
 - (i) Forged, tampered with, or modified a prescription;
 - (j) Violated any rules of prescriptive/dispensing authority;

ADMINISTRATIVE RULES

(k) Violated any provisions of OAR 851-070-0080;
(l) Violated any terms of the diversion agreement; or
(m) Failed to complete the monitored practice requirements as stated in OAR 851-070-0090.

(2) The Board, upon being notified of a licensee's substantial non-compliance will investigate and determine the appropriate sanction, which may include a limitation of licensee's practice and any other sanction, up to and including termination from the HPSP and formal discipline.

Retired Oregon Nurse Status

(1) A nurse currently or previously licensed in good standing in Oregon is eligible to apply for Retired Nurse status if the nurse held an unencumbered Oregon nursing license.

(2) All licenses shall be retired simultaneously.

(3) To receive Retired Nurse status a nurse shall:

(a) Hold a current unencumbered license to practice nursing in Oregon; or

(b) Have been licensed in good standing in Oregon; and

(c) Indicate an intent to retire from nursing practice; and

(d) Apply using forms and instructions provided by the Board; and

(e) Sign a disclaimer acknowledging that Retired Nurse status is not an authorization to practice nursing; and

(4) A nurse with Retired Nurse Status must indicate "Retired" when using the title nurse. (e.g. RN, Retired, LPN, Retired, NP, Retired, CNS, Retired, CRNA, Retired).

ADMINISTRATIVE RULES

851-062-0010

Definitions

(1) "Application" means a request for certification including all information identified on a form supplied by the Board and payment of required fee.

(2) "Approved Nursing Program" means a pre-licensure educational program approved by the Board for registered or practical nurse scope of practice, or an educational program in another state or jurisdiction approved by the licensing board for nurses or other appropriate accrediting agency for that state.

(3) "Certificate of Completion" means a document meeting the standards set in OAR 851-061-0100(3)(a)-(i) and awarded upon successfully meeting all requirements of a nursing assistant or medication aide training program.

(4) "Certified Medication Aide (CMA)" means a Certified Nursing Assistant who has had additional training in administration of noninjectable medication and holds a current unencumbered Oregon CMA Certificate.

(5) "Certified Nursing Assistant (CNA)" means a person who holds a current Oregon CNA certificate by meeting the requirements specified in these rules; whose name is listed on the CNA Registry; and who assists licensed nursing personnel in the provision of nursing care. The phrase Certified Nursing Assistant and the acronym CNA are generic and may refer to CNA 1, CNA 2 or all CNAs.

(6) "Certified Nursing Assistant 1 (CNA1)" means a person who holds a current Oregon CNA 1 certificate and who assists licensed nursing personnel in the provision of nursing care.

(7) "Certified Nursing Assistant 2 (CNA 2)" means a person who holds a current, unencumbered CNA 1 certificate and has met requirements specified in these rules for one or more of the CNA 2 categories.

(8) "Client" means the individual who is provided care by the CNA or CMA including a person who may be referred to as "patient" or "resident" in some settings.

(9) "CNA Registry" means the listing of Oregon Certified Nursing Assistants maintained by the Board.

(10) "Competency evaluation" means the Board-approved process for determining competency.

(11) "Completed Application" means a signed application, paid application fee and submission of all supporting documents related to certification requirements.

(12) "Completed Application Process" means a completed application, a Law Enforcement Data System (LEDS) check including any subsequent investigation; successful competency examination, if required; and final review for issue or denial.

(13) "Endorsement" means the process of certification for an applicant who is trained and certified as a CNA in another state or jurisdiction.

(14) "Enrolled" means making progress toward completion of a RN or LPN nursing program, whether or not registered in the current quarter or semester, as verified by the director or dean of the program.

(15) Examinations:

(a) "Competency Examination" means the Board-approved examination administered to determine minimum competency for CNA 1 authorized duties. The competency examination consists of a written examination and a manual skills examination. The examination is administered in English.

(b) "Medication Aide Examination" means the Board-approved examination administered to determine minimum competency for CMA authorized duties. The examination is administered in English.

(16) "Full-time" means at least 32 hours of regularly scheduled work each week.

(17) "Licensed Nursing Facility" means a licensed nursing home or a Medicare or Medicaid certified long term care facility.

(18) "Monitoring" means that a Registered Nurse assesses and plans for care of the client, assigns duties to the nursing assistant according to the nursing care plan, and evaluates client outcomes as an indicator of CNA/CMA competency.

(19) "Nurse Aide Registry" means the listing of Certified Nursing Assistants maintained by the appropriate state agency in another state or jurisdiction of the United States.

(20) "OBRA" means the Omnibus Budget Reconciliation Act of 1987, successor legislation and written directives from the Center for Medicare and Medicaid Services (CMS).

(21) "Qualifying Disability" means a diagnosed physical or mental impairment which substantially limits one or more major life activities, and is subject to the protection of the Americans with Disabilities Act (ADA).

(22) "Reactivation" is the process of renewing certification after the certificate is expired.

(23) "Reinstatement" is the process of activating a certificate after it has been subject to disciplinary sanction by the Board.

(24) "Supervision" means that the licensed nurse is physically present and accessible in the immediate client care area, is available to intervene if necessary, and periodically observes and evaluates the skills and abilities of the CNA/CMA to perform authorized duties.

(25) "Unlicensed Persons" means individuals who are not necessarily licensed or certified by this Board or another Oregon health regulatory agency but who are engaged in the care of clients.

851-062-0020

Certification of Nursing Assistants Required

(1) A CNA must have a current, valid Oregon CNA 1 certificate and be listed on the Oregon CNA Registry prior to performing CNA 1 authorized duties. Nursing assistants who perform CNA 1 authorized duties as an employee of a licensed nursing facility in the State of Oregon must obtain Oregon CNA 1 certification, according to these rules, no later than four months after the date of hire.

(2) A nursing assistant who is enrolled in an approved nursing assistant level 1 training program that meets the standards set forth in OAR 851-061-0010 through OAR 851-061-0130 may perform nursing assistant duties with appropriate supervision.

(3) Unlicensed persons who are performing tasks that have been delegated to them by a Registered Nurse according to OAR 851-047-0000 through OAR 851-047-0040 may be certified or may be exempted from the requirement for certification.

(4) Successful completion of a Board-approved training program, alone, does not result in the granting of a CNA certificate. The training program is one element of certification requirements. All requirements must be met before the Board grants certification.

(5) A RN, LPN, student nurse or unlicensed graduate of a school of nursing is required to have current CNA 1 certification before assuming a CNA position and identifying himself or herself as a CNA. The RN or LPN employed as a CNA must not perform duties outside of the CNA authorized duties.

851-062-0050

CNA Certification

(1) An applicant for CNA 1 certification must submit a completed application using forms and instructions provided by the Board and pay fees established by the Board. CNA 1 certification may be obtained in one of the following ways:

(a) Training and Competency Examination:

(A) Complete an approved nursing assistant level 1 training program.

(B) Pass the competency examination within two years of the date of completion of the training program and within three attempts.

(b) Military corpsman or medic training and experience and competency examination:

(A) Complete a training course equal in content to OBRA curriculum for nursing assistants; and

(B) Document evidence of at least 400 hours of paid employment in a nursing related capacity within the last two years; and

(C) Pass the competency examination within two years of application and within three attempts.

(c) RN or LPN licensure:

(A) Hold a current unencumbered RN or LPN license in any U.S. state or jurisdiction.

(B) Provide verification of current unencumbered licensure.

ADMINISTRATIVE RULES

(C) A nurse in any U.S. state or jurisdiction who has had disciplinary action taken against the license will be considered on an individual basis to determine whether the individual is able to safely perform CNA 1 authorized duties.

(d) Enrollment in an approved nursing education program in the United States:

(A) Provide verification of enrollment in an approved nursing program; and

(B) Complete required course work equivalent to a Board-approved nursing assistant level 1 training program documented by:

(i) An official transcript from the nursing program; or

(ii) Written verification of completion of equivalent coursework from the nursing program director or dean.

(e) Graduation from an approved nursing program in the United States:

(A) Within one year after graduation, submit an official transcript documenting graduation from an approved nursing program.

(B) Between one and three years after graduation:

(i) Submit an official transcript documenting graduation from an approved nursing program; and

(ii) Pass the competency examination within two years and three attempts.

(C) Three or more years after graduation. The individual shall meet requirements for initial CNA 1 certification by training and competency examination.

(f) Graduation from a nursing program outside of the United States and competency examination:

(A) Submit a transcript or other documentation, in English, of nursing education which includes nursing knowledge and skills necessary to perform the CNA 1 authorized duties; and

(B) Pass the competency examination; or

(C) Complete the training and competency examination as provided in OAR 851-062-0050(1).

(g) Nursing assistant training outside of the United States. Complete training and competency examination as provided in OAR 851-062-0050(1).

(h) Endorsement:

(A) Provide documentation of successful completion of a nursing assistant training program that met OBRA standards.

(i) Certificate of completion meeting the standards set in OAR 851-061-0100(3)(a-i); or

(ii) Letter from facility where training was completed, on letterhead, indicating the date that program was completed and the number of classroom and clinical hours; or

(iii) Information from the appropriate state agency attesting to program completion.

(B) Supply evidence of at least 400 hours of paid employment within CNA 1 authorized duties under the supervision of a nurse in another state where the individual held current certification in the two years immediately preceding application for endorsement. A CNA who has graduated from a nursing assistant training program within the previous two years has satisfied this requirement.

(C) Submit verification of current certification by the state agency in which CNA certification is held.

(D) An individual who cannot satisfy these requirements may be eligible for CNA 1 certification by training and competency examination as provided in OAR 851-062-0050(1).

(2) CNA Testing Eligibility:

(a) An applicant who has completed a nursing assistant training program in Oregon or another of the United States, that met OBRA standards shall be eligible for examination for two years from the date of completion of the nursing assistant training program.

(b) An applicant who is eligible for the competency examination as provided in OAR 851-062-0050(1)(b)(c)(f) shall be eligible for examination for two years from the date of application.

(c) A completed application shall be valid for the period of eligibility to test.

(d) An incomplete application becomes void in one year.

(e) An applicant who fails to pass the competency examination within two years of eligibility and within three attempts shall not be eligible to reapply for the examination except that the applicant may regain eligibility enrolling in and successfully completing a Board-approved nursing assistant program.

(3) CNA 2 certification may be obtained in one of the following ways:

(a) Training and Competency Examination:

(A) Obtain CNA 1 certification;

(B) Complete an approved CNA 2 training program; and

(C) Pass the corresponding competency evaluation.

(b) RN or LPN licensure:

(A) Hold a current unencumbered RN or LPN license in any U.S. state or jurisdiction.

(B) Provide verification of current unencumbered licensure.

(C) A nurse in any U.S. state or jurisdiction who has had disciplinary action taken against the license will be considered on an individual basis to determine whether the individual is able to safely perform CNA 2 authorized duties.

(c) Enrollment in an approved nursing education program in the United States:

(A) Provide verification of enrollment in an approved nursing program; and

(B) Complete required course work equivalent to a Board-approved CNA 2 training program documented by:

(i) An official transcript from the nursing program; and

(ii) Written verification of completion of equivalent coursework from the nursing program director or dean.

Competency Examination Accommodations, Controls, Results, Reexamination

(1) An applicant for the competency examination must be able to perform nursing assistant duties safely, without risk to his/her own health and safety or to the health and safety of others.

(a) An applicant with a qualifying disability, who requires accommodation at the test site, shall:

(A) Submit a Request for Accommodation; and

(B) Submit documentation from the provider who rendered the diagnosis including:

(i) Specific diagnosis and testing limitations; and

(ii) Specific recommendation for accommodations;

(iii) Printed name, signature and business telephone number of the health care provider or professional; and

(iv) Signed release necessary to speak to provider about the condition as it relates to test taking.

(b) An applicant who has been ill or had a prescription from a health care provider or professional for temporary restriction of activities must present a medical release for full return to normal activity prior to taking the manual skills portion of the exam.

(c) English as a second language does not qualify for special testing accommodation.

(2) Controls:

(a) Reference materials, including dictionaries, are prohibited at the test site.

(b) Translators, unless as an approved accommodation for a qualifying disability, are prohibited at the test site. This includes written materials or documents used for translating one language to another and electronic devices used for translation purposes.

(3) Examination results shall be mailed to the applicant at the applicant's address of record and shall not be released by telephone.

(4) Re-examination:

(a) An applicant who fails and is eligible to retake the competency examination shall submit the appropriate application and examination fee.

(b) An applicant who fails the competency examination three times must complete another Board-approved nursing assistant level 1 training program prior to re-examination.

(5) Failure to take the examination or to reschedule the examination in advance will result in re-examination fees unless the absence has been excused by the testing service.

(6) Current certification may be verified using the Board's internet verification system.

851-062-0070

Renewal or Reactivation of Certification

(1) The expiration date of a CNA certificate occurs biennially the midnight before the individual's birthdate:

ADMINISTRATIVE RULES

(a) For individuals born in odd numbered years the certificate expires in odd numbered years.

(b) For individuals born in even numbered years the certificate expires in even numbered years.

(c) Persons whose birthdate falls on February 29 shall be treated as if the birthdate were March 1 for purpose of establishing the expiration date.

(2) The certificate shall automatically expire if the CNA fails to renew by the expiration date.

(a) A CNA may not work as a CNA with an expired certificate.

(b) Failure to receive the application for renewal shall not relieve the CNA of the responsibility of renewing the certificate by the expiration date.

(3) To renew certification a CNA must, prior to the certificate expiration date:

(a) Submit a completed application using forms and instructions provided by the Board;

(b) Pay renewal fees established by the Board;

(c) Document paid employment:

(A) Document at least 400 hours of paid employment as a CNA within the CNA or CMA authorized duties, under supervision or monitoring by a nurse, in the two years immediately preceding the certificate expiration date.

(B) A CNA who has been certified for less than two years is exempt from the requirement in OAR 851-062-0070(3)(c)(A).

(d) A nursing assistant who cannot meet all the practice requirements for renewal in OAR 851-062-0070(3)(c)(A) may renew certification upon passing the competency examination.

(A) A nursing assistant has three attempts within two years of the expiration date on the certificate to pass the competency examination.

(B) A nursing assistant who fails to pass the competency examination in three attempts or within two years of the expiration date on the certificate may become certified by completing a Board-approved nursing assistant training program and then passing the competency examination.

(4) To reactivate certification, within two years after the certificate expiration date:

(a) Submit a completed application using forms and instructions provided by the Board;

(b) Pay the fees established by the Board; and

(c) Document at least 400 hours of paid employment as a CNA under supervision or monitoring by a nurse, or the successful completion of the competency exam, within two years immediately preceding receipt of application.

(d) A nursing assistant who cannot meet all the requirements for reactivation in OAR 851-062-0070(4)(c) must apply for and pass the competency examination within three attempts and within two years of the expiration date on the certificate.

(e) A nursing assistant who fails to pass the competency examination in three attempts or within two years of the expiration date on the certificate may become certified by completing a Board-approved training program and then passing the competency examination.

(f) Individuals whose CNA 2 has been expired for less than two years may reactivate their CNA 2 once their CNA 1 is current.

(5) Individuals whose CNA 1 certificate has been expired for more than two years are required to take a Board-approved nursing assistant training program and pass the competency examination according to OAR 851-062-0050(1) to reactivate certification.

(6) Individuals whose CNA 2 category designation has been expired for more than two years are required to take a Board-approved CNA 2 training program and pass the competency examination to reactivate the CNA 2.

(7) A current licensed RN or LPN may use their RN or LPN practice hours within the last two years as part or all of the required 400 hours of paid employment for their CNA renewal.

(8) An enrolled nursing student may renew without documentation of paid employment.

(9) A former nursing student may use clinical practice hours in the nursing program within the last two years as part or all of the required 400 hours in lieu of paid employment.

(10) Information provided to the Board to establish eligibility for renewal is subject to audit. Falsification of an application is grounds for disciplinary action.

(11) An applicant for renewal must answer all mandatory questions on the application form, including those about employment and education.

CMA Examination

(1) The medication aide examination shall be administered and evaluated only by the Board or by a Board-approved entity.

(2) Examination sites and dates shall be determined by the Board or a Board-approved entity.

(3) An applicant shall be eligible for examination for one year from the date of completion of the medication aide training program.

(4) An application shall be valid for the period of eligibility to test.

(5) An applicant who fails to pass the Board-administered medication aide examination within one year of completion of the training program and within three attempts shall not be eligible to re-apply for the examination except that the applicant may re-enroll and successfully complete a Board-approved medication training program.

CMA Renewal and Continuing Education

Renewal of the CMA certificate is concurrent with the renewal of CNA 1 as described in these rules.

(1) The CMA is required to:

(a) Participate in at least eight hours of medication related continuing education in the 24 months immediately prior to expiration of certificate and to submit documentation of attendance with the application for Renewal of CMA Certification.

(A) The following are acceptable methods of meeting the medication aide continuing education requirement:

(i) Facility-based classes dealing with the medications used at that facility;

(ii) Medication classes taught by a licensed nurse, pharmacist or representative of a pharmaceutical company;

(iii) Repeating classes offered for medication aide students;

(iv) Video material when used as part of a presentation by an instructor;

(v) Infection control classes when the content is medication related;

(vi) Noninjectable medication related continuing education in recognized nursing journals; or

(vii) Individual tutoring sessions by a nurse or pharmacist.

(B) The following are not acceptable toward meeting the medication aide continuing education requirement:

(i) TV programs;

(ii) Reading articles in non-nursing magazines;

(iii) CPR classes;

(iv) Classes dealing with injectable medications or IV medications; or

(v) Job orientation.

(C) A CMA who is enrolled in a basic nursing education program has satisfied the requirement for medication related continuing education.

(b) Perform at least 400 hours of authorized medication aide duties under supervision or monitoring by a nurse in the 24 months immediately prior to expiration of certification.

(c) Affirm and document paid employment as a CMA under supervision or monitoring by a nurse and completion of continuing education.

(d) For a CMA who has been certified less than two years:

(A) The continuing education requirement will be prorated; and

(B) The paid employment requirement is waived.

(2) A CMA who has not performed at least 400 hours of authorized medication aide duties under the supervision or monitoring by a nurse or has not completed the eight hours of medication related continuing education in the 24 months immediately prior to expiration of certification must successfully complete the medication aide examination as a condition of renewing CMA certification. A CMA is eligible to renew by examination only if the individual has completed a CMA training program that was at least 80 hours in length.

(3) Employment and continuing education are subject to audit by the Board. Falsification of employment or continuing education is grounds for disciplinary action.

Rule Caption: Rules Revised Relating to Standards and Authorized Duties for Nursing Assistants and Medication Aides.

ADMINISTRATIVE RULES

Adm. Order No.: BN 11-2010

Filed with Sec. of State: 6-25-2010

Certified to be Effective: 6-25-10

Notice Publication Date: 5-1-2010

Rules Amended: 851-063-0020, 851-063-0030, 851-063-0035

Rules Repealed: 851-063-0040, 851-063-0050, 851-063-0060

Subject: These rules cover the standards and authorized duties for Certified Nursing Assistants and Certified Medication Aides. The rule amendments establish CNA 2 core authorized duties, remove language related to additional tasks, and reorganize the authorized duties to match the curriculum domains in the Board of Nursing's curriculum policies to make it easier to navigate the two documents.

Rules Coordinator: KC Cotton—(971) 673-0638

851-063-0020

Definitions

(1) "Activities of Daily Living" means self-care activities which a person performs independently, when able, to sustain personal needs and/or to participate in society.

(2) "Assessment" means the systematic collection of data about an individual client for the purpose of judging that person's health/illness status and actual or potential health care needs.

(3) "Certified Medication Aide (CMA)" means a Certified Nursing Assistant who has had additional training in administration of noninjectable medication and holds a current Oregon CMA Certificate.

(4) "Certified Nursing Assistant (CNA)" means a person who holds a current Oregon CNA certificate by meeting the requirements specified in these rules; whose name is listed on the CNA Registry; and who assists licensed nursing personnel in the provision of nursing care. The phrase Certified Nursing Assistant and the acronym CNA are generic and may refer to CNA 1, CNA 2 or all CNAs.

(5) "Certified Nursing Assistant 1 (CNA 1)" means a person who holds a current Oregon CNA certificate and who assists licensed nursing personnel in the provision of nursing care.

(6) "Certified Nursing Assistant 2 (CNA 2)" means a CNA 1 who has met requirements specified in these rules for one or more of the CNA 2 categories.

(7) "Client" means the individual who is provided care by the CNA or CMA including a person who may be referred to as "patient" or "resident" in some settings.

(8) "CNA Registry" means the listing of Oregon Certified Nursing Assistants maintained by the Board.

(9) "Hand Hygiene" means those measures recommended by the Centers for Disease Control (CDC) and used by the CNA or CMA to protect themselves and others from infection. Hand hygiene includes hand-washing with soap and water, use of alcohol-based hand rubs and proper use of disposable gloves.

(10) "Monitoring" means that a Registered Nurse assesses and plans for the care of the client, delegates duties to the nursing assistant according to OAR 851-047-0000 through 851-047-0040 and monitors client outcomes as an indicator of CNA/CMA competency.

(11) "Nursing Assistant" means a person who assists licensed nursing personnel in the provision of nursing care. ORS 678.440(45)

(12) "Periodic Assessment and Evaluation" means that the RN, at regular intervals, assesses and evaluates the condition of the client and reviews, and modifies if necessary, the procedures and directions established for the provision of care. The interval shall be determined by the RN based on the condition of the client and the nature of the nursing care task(s) being performed.

(13) "PRN" means as necessary.

(14) "Site" means the specific geographic location of the facility or institution.

(15) "Site specific" means that the CNA may perform the additional task(s) of nursing care only at the site at which the task was learned or validated.

(16) "Stable/Predictable Condition" means a situation where the client's clinical and behavioral state is known, not characterized by rapid changes, and does not require frequent reassessment and evaluation. This includes clients whose deteriorating condition is predictable.

(17) "Supervision" means that the licensed nurse periodically observes and evaluates the skills and abilities of the CNA/CMA to perform authorized duties.

851-063-0030

Authorized Duties and Standards for Certified Nursing Assistants

(1) Under the supervision of a licensed nurse, the CNA may provide care and assist clients with the following tasks:

(a) Tasks associated with infection control and Standard or Transmission Based Precautions:

- (A) Bedmaking and handling of linen;
- (B) Caring for the client's environment;
- (C) Handling and disposal of hazardous wastes;
- (D) Handling of contaminated materials;
- (E) Handwashing and hand hygiene;
- (F) Maintaining client cleanliness and grooming; and
- (G) Utilizing personal protective equipment.

(b) Tasks associated with safety and emergency procedures:

- (A) Moving and transferring clients;
- (B) Transporting clients in wheelchairs and specialized chairs;
- (C) Turning and positioning clients;
- (D) Using lifts and safe client handling devices;
- (E) Turning oxygen on and off or transferring oxygen between wall and tank at pre-established flow rate for stable clients;

(F) Managing hazards in the workplace;

- (G) Preventing burns;
- (H) Preventing falls; and
- (I) Performing cardiopulmonary resuscitation.

(c) Tasks associated with activities of daily living (ADL):

(A) Assisting with nutrition and hydration:

- (i) Assisting with feeding;
- (ii) Measuring and recording height and weight;
- (iii) Measuring and recording intake and output;
- (iv) Positioning clients for nutritional and fluid intake;
- (v) Preventing choking and aspiration; and
- (vi) Preventing hydration.

(B) Assisting with elimination:

(i) Administering bowel evacuation suppositories that are available without a prescription;

- (ii) Administering enemas;
- (iii) Assisting with the use of bedpan and urinal;
- (iv) Assisting with toileting;
- (v) Collecting specimens: sputum, stool, and urine including clean catch urine specimens;

(vi) Providing catheter care including the application of and removal of external urinary catheters;

(vii) Providing ostomy care for established, healthy ostomy including cleaning the ostomy site and emptying the ostomy bag or changing the ostomy bag which does not adhere to the skin; and

(viii) Providing perineal and incontinence care.

(C) Assisting with personal care:

- (i) Bathing;
- (ii) Providing comfort care;
- (iii) Dressing and undressing;
- (iv) Grooming to include: application and care of dentures, eye glasses, and hearing aides.

(v) Nail care;

- (vi) Oral hygiene;
- (vii) Shampooing and caring for hair;
- (viii) Shaving; and

(ix) Skin Care to include: application of non-prescription pediculicides; application of topical, non-prescription barrier creams and ointments for prophylactic skin care; maintenance of skin integrity; prevention of pressure, friction, and shearing; and use of anti-pressure devices.

(D) Assisting with positioning devices and restraints;

(E) Assisting with restorative care:

- (i) Ambulating;
- (ii) Assisting with and encouraging the use of self-help devices for eating, grooming and other personal care tasks;
- (iii) Assisting with bowel and bladder training;

(iv) Assisting with feeding and ADL programs;

(v) Assisting with the use of crutches, walkers, or wheelchairs;

(vi) Caring for, applying, and removing antiembolus stockings, braces, orthotic devices, and prosthetic devices.

(vii) Elevating extremities;

(viii) Maintaining alignment;

(ix) Performing range of motion exercises;

ADMINISTRATIVE RULES

(x) Using footboards; and
(xi) Utilizing and assisting clients with devices for transferring, ambulation, and alignment.

(d) Tasks associated with observation and reporting:

(A) Assisting with coughing and deep breathing;

(B) Observing and reporting changes of condition to licensed nurse; and

(C) Measuring and recording:

(i) Temperature, apical and radial pulse, respiration and blood pressure (manual and electronic-upper arm only and orthostatic blood pressure readings);

(ii) Emesis;

(iii) Liquid stool;

(iv) Pain level using a facility approved pain scale;

(v) Pulse oximetry; and

(vi) Urinary output, both voided and from urinary drainage systems.

(e) Tasks associated with documentation.

(f) Tasks associated with end of life care.

(2) The CNA may, as an unlicensed person, provide care as delegated or assigned by a nurse pursuant to the terms and conditions in OAR 851-047-0000 through OAR 851-047-0040.

(3) ORS 678.440(5) defines the term "nursing assistant" as a person who assists licensed nursing personnel in the provision of nursing care. Consistent with that definition, a CNA must either:

(a) Be regularly supervised by a licensed nurse; or

(b) Work in a community-based care setting or other setting where there is no regularly scheduled presence of a licensed nurse provided there is periodic supervision and evaluation of clients under the provisions of OAR 851-047-0000 through 851-047-0040.

(4) Under no circumstance shall a CNA work independently without supervision or monitoring by a licensed nurse who provides assessment of clients as described in OAR 851-063-0030(3)(a)(b).

(5) A CNA may accept verbal or telephone orders for medication from a licensed health care professional who is authorized to independently diagnose and treat only when working in the following settings under the specified administrative rule:

(a) When working in Adult Foster Homes, as permitted under OAR chapter 411, division 050;

(b) When working in Residential Care Facilities, as permitted under OAR chapter 411, division 054; and

(c) When working in Assisted Living Facilities, as permitted under OAR chapter 411, division 054.

(6) Standards of Care for Certified Nursing Assistants. In the process of client care the CNA shall consistently:

(a) Apply standard precautions according to the Centers for Disease Control and Prevention guidelines;

(b) Use hand hygiene between episodes of care;

(c) Use appropriate body mechanics to prevent injury to self and client;

(d) Follow the care plan as directed by the licensed nurse;

(e) Use appropriate communication with client, client's family and friends, and coworkers;

(f) Use alternatives to physical restraints, or apply physical restraints as directed by the licensed nurse;

(g) Determine absence of pulse and/or respiration, and initiate an emergency response;

(h) Report to the licensed nurse any recognized abnormality in client's signs and symptoms;

(i) Record observations and measurements, tasks completed, and client statements about condition or care;

(j) Apply safety concepts in the workplace;

(k) Report signs of abuse, neglect, mistreatment, misappropriation or exploitation;

(l) Demonstrate respect for rights and property of clients and coworkers; and

(m) Maintain client confidentiality.

851-063-0035

Authorized Duties and Standards for CNA 2 Categories of Care

(1) Under the supervision of a licensed nurse, a CNA 2 may provide care and assist clients with the following:

(a) Tasks associated with interpersonal skills and communication;

(b) Tasks associated with observation and reporting:

(A) Observing and collecting pain responses;

(B) Relieving pain:

(i) Assisting with complementary therapies such as using pre-recorded audio/visuals for guided imagery; deep relaxation.

(ii) Planning activities in relation to pain;

(iii) Providing comfort measures;

(iv) Reporting to the nurse;

(v) Repositioning; and

(vi) Using touch to massage non-diseased tissue.

(c) Tasks associated with technical skills:

(A) Adding fluid to established post pyloric, jejunostomy and gastrostomy tube feedings;

(B) Applying sequential compression devices;

(C) Assisting with warm and cold therapies;

(D) Bladder scanning;

(E) Changing established tube feeding bags;

(F) Fingerstick capillary blood testing;

(G) Interrupting and re-establishing nasogastric (NG) suction;

(H) Reinforcing use of an incentive spirometer;

(I) Suctioning oral pharynx;

(J) Taking vital signs:

(i) Pulse- electronic; and

(ii) Blood Pressure- manual and electronic: forearm, upper arm, thigh, and lower leg pressures;

(K) Testing stool for occult blood; and

(L) Urine dip stick testing.

(d) Tasks associated with infection control:

(A) Changing dressing or ostomy appliance or bag which adheres to the skin;

(B) Obtaining sterile urine specimen from port of catheter;

(C) Discontinuing Foley catheters;

(D) Measuring, recording and/or emptying output from drainage devices and closed drainage systems; and

(E) Performing clean intermittent straight urinary catheterization for chronic conditions.

(2) In addition to 851-063-0035(1), under the supervision of a licensed nurse, the CNA 2 - Acute Care may provide care and assist clients with the following:

(a) Tasks associated with observation and reporting:

(b) Tasks associated with technical skills:

(A) Assisting patients in and out of Continuous Passive Motion machines;

(B) Obtaining rectal swab;

(C) Placing electrodes/leads and running electrocardiogram (EKG);

(D) Placing electrodes/leads for telemetry;

(E) Removing cast in non-emergent situations;

(F) Screening newborn hearing;

(G) Setting up traction equipment; and

(H) Testing gastric contents for occult blood or pH.

(c) Tasks associated with documentation.

(3) In addition to 851-063-0035(1), under the supervision of a licensed nurse, the CNA 2 - Dementia Care may provide care and assist clients with the following:

(a) Tasks associated with person-directed care;

(A) Adjust care to meet individual preferences and unique needs; and
(B) Gather information on specific strengths, abilities, and preferences of a person with dementia.

(b) Tasks associated with observation and reporting:

(A) Identify findings, patterns, habits, and behaviors that deviate from usual in a person with dementia;

(B) Recognize changes in persons with dementia that should be reported to the licensed nurse;

(C) Observe person's response to medications and notify licensed nurse when necessary;

(D) Observe and collect response to pain for the person with dementia; and

(E) Provide input to licensed nurse on person with dementia's response to interventions for problems and care plan approaches.

(c) Tasks associated with interpersonal skills/communication;

(A) Protect person with dementia and self in a crisis situation; and

(B) Use communication techniques to enhance the quality of life for a person with dementia.

(d) Tasks associated with activities of daily living (ADL);

ADMINISTRATIVE RULES

- (A) Utilize techniques to encourage self care for the person with dementia; and
 - (B) Coordinate ADL approaches with the person with dementia's own patterns/habits.
 - (e) Tasks associated with activities;
 - (A) Make meaningful moments for the person with dementia; and
 - (B) Support individual preferences and habits.
 - (f) Tasks associated with safety;
 - (A) Identify safety risks for a person with dementia; and
 - (B) Apply preventive/supportive/protective strategies or devices when working with a person with dementia.
 - (g) Tasks associated with environment including contributing to a safe, calm, stable, home-like environment for a person with dementia.
 - (h) Tasks associated with end of life care; and
 - (A) Recognize symptoms for a person reaching the end-of-life; and
 - (B) Provide compassionate end-of-life care.
 - (i) Tasks associated with documentation.
 - (4) In addition to 851-063-0035(1), under the supervision of a licensed nurse, the CNA 2- Restorative Care may provide care and assist clients with the following:
 - (a) Tasks associated with activities of daily living:
 - (A) Promoting and maintaining optimal independence and function;
 - (B) Segmenting tasks; and
 - (C) Using adaptive, assistive, and therapeutic equipment.
 - (b) Tasks associated with promoting nutrition and hydration;
 - (c) Tasks associated with promoting mobility:
 - (A) Applying therapeutic positioning techniques;
 - (B) Assisting patients in and out of Continuous Passive Motion machines;
 - (C) Providing range of motion on clients with complex medical problems; and
 - (D) Using adaptive, assistive, and therapeutic equipment;
 - (d) Tasks associated with promoting functional abilities; and
 - (e) Tasks associated with documentation.
 - (5) Standards of Care for CNA 2. In the process of client care the CNA 2 shall consistently apply standards set for CNA 1s and:
 - (a) Establish competency as a CNA 2;
 - (b) Maintain competency as a CNA 2;
 - (c) Perform within authorized duties of each CNA 2 category in which the CNA has established competency.

Board of Parole and Post-Prison Supervision Chapter 255

Rule Caption: Amends definitions to update language.
Adm. Order No.: PAR 4-2010(Temp)
Filed with Sec. of State: 7-2-2010
Certified to be Effective: 7-6-10 thru 1-1-11
Notice Publication Date:
Rules Amended: 255-005-0005
Subject: Amends definitions of a victim to update new language adopted by the Board.
Rules Coordinator: Michelle Mooney—(503) 945-0914

255-005-0005

Definitions

- (1) "Abscond": Unauthorized absence from parole or post-prison supervision.
- (2) "Active Community Supervision": A period of supervision in the community, requiring the supervising officer's regular contact and monitoring to assure that the supervisee complies with the conditions of parole or post-prison supervision, has committed no new crimes and has paid restitution, attorney fees, and compensatory fines, if required.
- (3) "Active Supervision": Supervision requiring the supervising officer's regular contact and monitoring to assure continued compliance with the general and special conditions of parole or post-prison supervision. "Active Supervision" shall not include:
 - (a) The period of confinement in a local, state, or federal correctional facility while serving on parole or post-prison supervision;
 - (b) The period of time between the suspension of parole or post-prison supervision and the date parole or post-prison supervision is continued;

- (c) Inactive parole or inactive post-prison supervision;
- (d) Involuntary commitment to a state or federal psychiatric facility.
- (4) "Administrative Sanction": Local, structured, or intermediate sanctions as those terms used in OAR 291-058-0010 etal, and may include periods of local confinement in jails, restitution centers, treatment facilities, or similar facilities.
- (5) "Aggravation": The factors or elements surrounding the crime which appear to increase the seriousness of the criminal episode or reflect on the character of the offender pursuant to Exhibit E-1 and E-3.
- (6) "BAF": A Board order after a decision called a "Board Action Form".
- (7) "Base Range": The range for each crime category reflected in Exhibit C under the "excellent" column.
- (8) "Board": Board of Parole and Post-Prison Supervision.
- (9) "Board Review Packet": The information the Board shall consider at the inmate's hearing. Each of the Divisions which establishes a hearing shall list the contents of the packet.
- (10) "Compensatory Fines": A court-imposed penalty for the commission of a crime resulting in injury for which the person injured has a remedy by civil action (unless the issue of punitive damages has been previously decided on a civil case arising out of the same act and transaction). The court may award compensatory fines in addition to restitution.
- (11) "Correctional Facility": Any place used for the confinement of persons charged with or convicted of a crime or otherwise confined under a court order. Correctional Facility includes a juvenile facility, if the juvenile is confined for a felony charge or conviction, and applies to a state hospital only as to persons detained therein after acquittal of a crime by reason of mental disease or defect or after a finding of guilty except for insanity.
- (12) "Crime Severity Rating": A classification for crimes committed prior to November 1, 1989, from a low of one (1) to a high of seven (7) assigned to each crime, based on the seriousness of the crime pursuant to Exhibits A-I, A-II, and A-III.
- (13) "Crime Spree": A set of criminal activities congruent in time or actually overlapping that are so joined by place and circumstances as to be the product of a continuous disposition or intent.
- (14) "Date of Return": The date another in-state or out-of-state jurisdiction physically returns the inmate to the Department of Corrections' custody following a hold.
- (15) "De Novo Hearing": A new initial prison term hearing, required when a court orders additional consecutive sentences for crimes which occurred prior to the first prison term hearing.
- (16) "Escape":
 - (a) The unlawful or unauthorized departure from custody, a correctional facility or any form of temporary release or transitional leave;
 - (b) Includes the unauthorized departure or absence from this state or failure to return to this state by a person who is under the jurisdiction of the Psychiatric Security Review Board;
 - (c) Does not include failure to comply with provisions of a conditional or security release as in ORS 135.245.
- (17) "Future Disposition Hearing": A hearing the Board may set at its discretion for purposes of deciding whether to deny or grant re-release for a violation of parole or post-prison supervision when authorized by law.
- (18) "Gang Member": A person who associates with a group which identifies itself through the use of a name, unique appearance, language (including hand signs), the claiming of geographical territory, or the espousing of a distinctive belief system and one of the purposes of the group is criminal activity.
- (19) "Gang-Related Activity": Crime committed by a gang member:
 - (a) With other known gang members;
 - (b) Against other known gang members; or
 - (c) Against a person who is not a gang member; in order to further the purposes of the gang or impress other gang members.
- (20) "History/Risk Score": A rating from a high of eleven (11) to a low of zero (0) points, reflecting the prisoner's prior record and other factors which predict the likelihood of success on parole pursuant to Exhibit B, Part I and Part II.
- (21) "Inactive Parole and "Inactive Post-Prison Supervision": The offender remains under supervision however;
 - (a) There is no direct supervision by a supervising officer and no requirement of regular reporting;
 - (b) There are no additional supervision fees; and
 - (c) The offender remains subject to arrest by a supervising officer for violation of conditions of supervision and return to active supervision at any time until expiration of the sentence or post-prison supervision term as outlined in Division 94; and

ADMINISTRATIVE RULES

(d) (b) and (c) do not apply to those offenders being supervised in another state via Interstate Compact. Those offenders remain on active parole or post-prison supervision.

(22) "In Camera Hearing": The inspection of a document by the Hearings Officer in private before the document may be introduced as evidence.

(23) "Initial Parole Release Date": The date, by month, day and year, assigned to a prisoner for parole release based on the prisoner's matrix range, aggravation, mitigation, and judicially imposed minimum sentence(s).

(24) "Inmate": Any person under the supervision of the Department of Corrections or a local supervisory authority who is not on parole, post-prison supervision or probation status (also referred to as prisoner).

(25) "Inoperative Time": Time spent on abscond, escape, or unauthorized departure from custody, leave, parole or post-prison supervision, which does not count toward service of the sentence.

(26) "Intensive Supervision": means enhanced level of supervision exceeding a county's high risk level supervision standards. Intensive supervision may include, but not be limited to, electronic monitoring, house arrest, curfew, day reporting, supervised housing, multiple supervising officers, adjunct surveillance by law enforcement or other specialists, increased face-to-face offender contacts in the community, increased collateral contacts (such as with family, therapist and employer), community notification, geographic restrictions, offender mileage logs, medication monitoring (such as depo provera, psychotropics, antabuse), intensive outpatient or residential treatment programming, urinalysis, and polygraph.

(27) "Less Than the Sum of the Terms": An action by the Board whereby one or more of the consecutive ranges are treated as if they are concurrent.

(28) "Mail Date" or "Mailed on Date": Is the date from which the Board calculates the timelines of receipt of Administrative Review Requests and other time sensitive responses. The date is computer generated and scheduled to insure actual mailing occurred on or before the listed date.

(29) "Matrix Ranges": Ranges of months within which the Board has the discretion to set a prison term. The ranges are based on crime severity ratings and history/risk scores.

(30) "The Matrix": A table which displays the matrix ranges by showing the intersection of the crime severity rating and the history/risk score pursuant to Exhibit C.

(31) "Mitigation": The factors or elements surrounding the crime which appear to decrease the seriousness of the criminal episode or reflect on the character of the prisoner pursuant to Exhibit E-2 and E-3.

(32) "Offender": Any person under the supervision of the Department of Corrections or a local supervisory authority who is not presently in the custody of a correctional facility, including persons on probation, parole or post-prison supervision.

(33) "Parole": Applies to offenders whose crime(s) were committed before November 1, 1989. A Board authorized conditional release from a state correctional facility into the community or to a detainer.

(34) "Particularly Violent or Otherwise Dangerous Criminal Conduct": Conduct which is not merely unpleasant or offensive, but which is indifferent to the value of human safety or property.

(35) "Parole Board Record": The file the Board maintains for each inmate/offender containing the information listed in ORS 144.185.

(36) "Period Under Review": Under Division 40, the time already served on the prison term, normally the three (3) or (5) year period prior to the personal review hearing.

(37) "Post-Prison Supervision": Applies to crimes committed on or after November 1, 1989. A term, as set by statute or the court under the supervision of the Department of Corrections or a correctional agency designated by the Department or a local supervisory authority.

(38) "Principal Range": The range of months for the crime holding the highest crime severity rating. When the ranges are the same, the Board shall designate one range as the principal range.

(39) "Preponderance": Evidence which is of greater weight or more convincing than the evidence offered in opposition to it.

(40) "Probable Cause": A substantial objective basis for believing that more likely than not an offense or violation has been committed and the person to be arrested has committed it.

(41) "Prison Term": The Board established time the inmate must serve before the initial parole release date, in accordance with applicable laws and the Board's Administrative Rules.

(42) "Prison Term Hearing": The hearing at which the Board establishes an inmate's prison term and initial parole release date.

(43) "Revocation": An action by a Sanction Authority to terminate an offender's parole or post-prison supervision. Sanction Authority may resume an offender's parole or post-prison supervision following the act of revocation.

(44) "Revocation Hearing": A hearing to determine whether a violation of conditions of parole or post-prison supervision occurred and whether the Hearings Officer should recommend that the parolee or offender return to custody or continue on parole or post-prison supervision with additional conditions. (Commonly known as a Morrissey Hearing)

(45) "Sanction Authority": Means the Board for felony offenders sentenced by the court for crimes occurring before November 1, 1989, or sentenced to more than 12 months in the custody of the Department of Corrections or sentenced to 12 months or less and have additional sentences of greater than 12 months; and the Local Supervisory Authority for felony offenders sentenced by the court to 12 months or less.

(46) "Sexually Violent Dangerous Offender": means an inmate/offender who has psychopathic personality features, sexually deviant arousal patterns or interests and a history of sexual assault, and who the Board or Local Supervisory Authority finds presents a substantial probability of committing an offense listed in OAR 255-060-0008(6). "History of sexual assault" means that an inmate/offender has engaged in unlawful sexual conduct that is not revealed to the crime for which the inmate/offender is currently on parole or post-prison supervision and seriously endangered the life or safety of another person or involved a victim under twelve (12) years of age.

(47) "Serious Physical Injury": Any physical injury which creates a substantial risk of death, or which causes serious and protracted disfigurement, or impairment of health or protracted loss or impairment of the function of any bodily organ.

(48) "Stranger": A person who is either unknown to a victim or with whom the victim has a superficial acquaintance or acquaintance of short duration or infrequent contact.

(49) "Subcategory": The criteria for rating criminal conduct within the crime categories based on the seriousness of the offense (Exhibit A).

(50) "Subordinate Range": Any range less than or equal to the principal range.

(51) "Subpoena Duces Tecum": A subpoena requiring the party to appear at a hearing with a document or piece of evidence to be examined at the hearing.

(52) "Summing the Ranges": Adding ranges of consecutive sentences to produce a unified range pursuant to OAR 255-035-0021.

(53) "Supervising Officer": Parole and post-prison supervision officer.

(54) "Supervisory Authority": The state or local corrections agency or official designated in each county by that county's Board of County Commissioners or County Court to operate correction supervision services, custodial facilities, or both (per ORS 144.087(1)).

(55) "Unauthorized Absence": Time spent outside a state correctional facility without Department of Corrections' or local supervisory authority's authorization, whether it is an escape or an unauthorized departure.

(56) "Unified Range": The total range computed under OAR 255-035-0021 for consecutive sentences.

(57) "Unsum the Ranges": To establish a matrix range at less than the unified range. The effect of unsumming is treatment of one or more ranges as if concurrent.

(58) "Variations": The time periods which the Board may use to set a prison term above or below the matrix range pursuant to Exhibit D.

(59) "Victim": Any person determined by the prosecuting attorney, the court or the Board to have suffered direct financial, psychological, or physical harm as a result of a crime that is the subject of a proceeding conducted by the State Board of Parole and Post Prison Supervision

[ED. NOTE: Exhibits referenced are available from the Board.]

255-030-0027

Victim, District Attorney and Inmate Statements

(1) During the hearing, the victim(s), personally, by counsel, or by representative, and the District Attorney from the committing jurisdiction may make statements not to exceed 15 minutes. The presiding Board member may grant the witness additional time upon a finding that further testimony is likely to be relevant to the Board's decision. The presiding Board member may exclude or limit irrelevant, immaterial, or unduly repetitious testimony and evidence.

(2) Following the victim(s) and the District Attorney statements, the person accompanying the inmate may make a statement not to exceed 15 minutes. The presiding Board member may grant the witness additional time upon a finding that further testimony is likely to be relevant to the Board's decision. The presiding Board member may exclude or limit irrelevant, immaterial, or unduly repetitious testimony and evidence.

Adm. Order No.: PAR 6-2010(Temp)

Filed with Sec. of State: 7-2-2010

Certified to be Effective: 7-6-10 thru 1-1-11

Notice Publication Date:

Rules Adopted: 255-062-0006, 255-062-0011, 255-062-0016, 255-062-0021, 255-062-0026, 255-062-0031

Subject: Division 62 rules put in place procedures for implementing statutory changes that prohibit the Board from holding a subsequent hearing after the Board denies a petition for a change in terms of confinement of an inmate convicted of aggravated murder or murder, and that prohibit the Board from granting a release date in less than two years, or more than 10 years, after the Board denies a firm parole or post-prison supervision release date for certain inmates.

Rules Coordinator: Michelle Mooney—(503) 945-0914

255-062-0006

When Parole Deferral Periods May Occur

(1) After the Board denies a petition for change in terms of confinement of an inmate convicted of aggravated murder or murder, the Board may not hold a subsequent hearing that is less than two years, or more than 10 years, from date petition is denied.

(2) After the Board denies a firm parole or post-prison supervision release date for certain inmates, the Board may not hold a subsequent hearing to consider granting a release date in less than two years, or more than 10 years, from date on which release on parole or post-prison supervision is denied.

(3) Upon finding that it is not reasonable to expect that the inmate would be granted a change in the terms of confinement or would be granted a firm release date following two years, the Board will deliberate and select a deferral date of between two and 10 years from the date of the decision.

Hist.: PAR 6-2010(Temp), f. 7-2-10, cert. ef. 7-6-10 thru 1-1-11

255-062-0011

Type of Hearing Eligible for a Deferral of More than Two Years;

OAR 255-062-0005 applies to the following hearings:

(1) *Murder Review Hearing:* If the State Board of Parole and Post-Prison Supervision denies a petition for a change in the terms of confinement filed by an inmate under ORS 163.105 or ORS 163.115, the Board

may not grant the inmate a subsequent hearing that is less than two years, or more than 10 years, from the date the petition is denied.

(2) *Exit Interview Hearing: Crime Commitment Date prior to 05/19/1988 — but on or after 10/4/1977:* If the State Board of Parole and Post-Prison Supervision concludes that an inmate suffers from a present severe emotional disturbance such as to constitute a danger to the health or safety of the community, the Board may not defer the projected parole release date for less than two years, or more than 10 years, from the date of inmate's current projected parole release date.

(3) *Exit Interview Hearing: Crime Commitment Date on or after 05/19/1988 — but before 11/1/1989:* If the State Board of Parole and Post-Prison Supervision determines that the psychological evaluation does constitute a finding that an inmate suffers from a present severe emotional disturbance such as to constitute a danger to the health or safety of the community (and after considering the psychological evaluation and all of the other evidence in the record), the Board may not defer the projected parole release date for less than two years, or more than 10 years, from the date of inmate's current projected parole release date.

(4) *Exit Interview Hearing: Crime Commitment Date on or between 1/29/1977 and 10/3/1977:* If the State Board of Parole and Post-Prison Supervision finds, based on the doctor's report and diagnosis, coupled with all the information that the Board is considering, and applying OAR 254-50-015 (1977), ORS 144.180, and pursuant to ORS 144.175 (1) (2), that deferral of the inmate's projected parole release date is necessary, the Board may not defer the projected parole release date for less than two years, or more than 10 years, from the date of inmate's current projected parole release date.

(5) *Parole Consideration Hearing:* If the State Board of Parole and Post-Prison Supervision finds that an inmate has a mental or emotional disturbance, deficiency, condition, or disorder predisposing the inmate to the commission of any crime to a degree rendering him or her a danger to the health or safety of others, and that therefore, the condition that made the inmate dangerous is not in remission and the inmate continues to remain a danger, and that the inmate cannot be adequately controlled with supervision and mental health treatment which are available in the community, the Board will conduct the next review hearing no less than two years, or more than 10 years, from the current parole consideration date.

(6) *Parole Hearing: Crime Commitment Date before 1/29/1977:* If the State Board of Parole and Post-Prison Supervision finds that there is not a reasonable probability that an inmate will, after parole, remain outside the institution without violating the law, and that the inmate's parole release is not compatible with the welfare of society, the Board may not grant the inmate a subsequent hearing that is less than two years, or more than 10 years, from the date the petition is denied.

Factors to be Considered in Establishing a Deferral Period Longer Than Two Years

Following an interview and consideration of all the information presented at the hearing, the Board may find by unanimous vote of the members participating in the hearing, that it is not reasonable to expect that the inmate would be granted a change in the terms of confinement, or it is not reasonable to expect that the inmate would be granted a firm release date following two years, based on any of the following non-exclusive factors:

(1) A determination by the Board, based on the psychological evaluation and all the information available at the hearing, that the inmate has a mental or emotional disturbance, deficiency, condition, or disorder predisposing him/her to the commission of any crime to a degree rendering the inmate a danger to the health or safety of others;

(2) Infractions of institutional rules and discipline;

(3) Commission of crimes subsequent to the crime of conviction;

(4) Inmate's failure to demonstrate understanding of the factors that led to his/her criminal offense(s);

(5) Inmate's demonstrated lack of effort to address criminal risk factors of psychological or emotional problems;

(6) Inmate's demonstrated lack of effort to address criminal risk factors of substance abuse problems;

(7) Failure to seek and maintain appropriate work or training;

(8) Inmate's failure to seek out and benefit from programming including but not limited to sex offender treatment, batterers intervention programs, anger management, cognitive therapy, and victim impact panels where available;

ADMINISTRATIVE RULES

(9) Inmate's inability to experience or demonstrate remorse or empathy, including but not limited to any registered victims;

(10) Demonstrated poor planning and foresight;

(11) Demonstrated impulsivity; or

(12) Demonstrated lack of concern for others, including but not limited to any registered victims.

Request for Interim Hearing

(1) When the Board defers the inmate's next hearing for more than two years from the date a petition is denied or from the current projected parole release date, current parole consideration date, or current parole hearing date, the inmate may submit a request for an interim hearing not earlier than the date that is two years from the date the petition is denied or from the current projected parole release date, current parole consideration date, or current parole hearing date, and at intervals of not less than two years thereafter. Such petitions must conform to the following format:

(a) Petitions must be legible and double spaced. Handwritten petitions will be accepted, although typed documents are preferred;

(b) In no more than one page, a summary outlining how the inmate qualifies for an interim hearing;

(c) From the date of the last hearing to the petition date, a current copy of the following documents:

(A) Oregon Corrections Plan;

(B) Earned time computation form;

(C) Spending Account;

(D) Disciplinary Report.

(d) In no more than 10 pages, any supporting facts, information or documents relevant to the criteria outlined in section (3) or other factors specific to how the inmate has demonstrated a significant change or progression;

(e) Although reference to rules, codes, or laws may be appropriate, the Board will not accept or consider additional pages or exhibits including copies of codebooks, manuals, other manuscripts, certificates, news articles, legal opinions, or other materials not directly related to the inmate's case.

(2) The Board shall consider the request for an interim hearing by file pass.

(3) At its discretion, the Board may request additional information from the inmate.

(4) If a petition is denied, the inmate may petition again no earlier than two years from the date of the denial.

255-062-0026

Interim Hearing Finding

If the Board finds, based upon a properly-submitted request for an interim hearing, that there is reasonable cause to believe that the inmate may be granted a change in the terms of confinement or a firm release date, the Board shall conduct a hearing as soon as is reasonably convenient. An interim hearing may be granted by a majority of the Board, except in cases where a full Board is required by ORS 144.054.

255-062-0031

Final Orders

(1) When the Board grants an inmate a hearing that is more than two years from the date a petition is denied or from the current projected parole release date, current parole consideration date, or current parole hearing date, and when the Board denies a petition for an interim hearing, the Board shall issue a final order.

(2)(a) The order shall be accompanied by findings of fact and conclusions of law.

(b) The findings of fact shall consist of a concise statement of the underlying facts supporting the findings as to each contested issue of fact and as to each ultimate fact required to support the board's order.

Board of Pharmacy Chapter 855

Rule Caption: Adopt rules for Charitable Pharmacies; amend definitions, fees, and rules for pharmacists and pharmacy technicians.

Adm. Order No.: BP 6-2010

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 6-29-10

Notice Publication Date: 5-1-2010

Rules Adopted: 855-019-0205, 855-044-0001, 855-044-0005, 855-044-0010, 855-044-0020, 855-044-0030, 855-044-0040, 855-044-0050, 855-044-0060, 855-044-0070, 855-044-0080, 855-044-0090

Rules Amended: 855-006-0005, 855-019-0100, 855-019-0200, 855-019-0240, 855-019-0250, 855-019-0300, 855-019-0310, 855-025-0020, 855-025-0050, 855-110-0005, 855-110-0007

Rules Repealed: 855-110-0005(T)

Subject: Amendments in Divisions 6, 19 and 25 implement OL 2009, Chapters 536 and 756 that add new requirements for licensees to report unprofessional conduct and criminal offences. Amendments to Division 19 also revise requirements for out-of-state pharmacists and add rules for Medication Therapy Management. Division 110 is amended to add a Workforce Data Collection Fee and a fee for Charitable Pharmacies, and to change the Intern license term to two years. The new rules in Div 44 implement ORS 689.774 and create a structure for the donation, storage and distribution of donated prescription drugs to needy individuals through a Charitable Prescription Drug Program.

Rules Coordinator: Karen MacLean—(971) 673-0001

855-006-0005

Definitions

As used in OAR chapter 855:

(1) "Certified Pharmacy Technician" means a person licensed by the State Board of Pharmacy who assists the pharmacist in the practice of pharmacy pursuant to rules of the Board and has completed the specialized education program pursuant to OAR 855-025-0005. Persons used solely for clerical duties, such as recordkeeping, cashing, bookkeeping and delivery of medications released by the pharmacist are not considered pharmacy technicians.

(2) "Collaborative Drug Therapy Management" means the participation by a pharmacist in the management of drug therapy pursuant to a written protocol that includes information specific to the dosage, frequency, duration and route of administration of the drug, authorized by a practitioner and initiated upon a prescription order for an individual patient and:

(a) Is agreed to by one pharmacist and one practitioner; or

(b) Is agreed to by one or more pharmacists at a single pharmacy registered by the board and one or more practitioners in a single organized medical group, such as a hospital medical staff, clinic or group practice, including but not limited to organized medical groups using a pharmacy and therapeutics committee.

(3) "Compounding" means the preparation, mixing, assembling, packaging, or labeling of a drug or device:

(a) As the result of a practitioner's prescription drug order, or initiative based on the relationship between the practitioner, the pharmacist and the patient, in the course of professional practice; or

(b) For the purpose of, or as an incident to, research, teaching, or chemical analysis and not for sale or dispensing; or

(c) The preparation of drugs or devices in anticipation of prescription drug orders based on routine, regularly observed prescribing patterns; or

(d) As a component of a Shared Pharmacy Service agreement as defined in section (21) of this rule.

(4) "Confidential Information" means any patient information obtained by a pharmacist or pharmacy.

(5) "Consulting Pharmacist" means a pharmacist that provides a consulting service regarding a patient medication, therapy management, drug storage and management, security, education, or any other pharmaceutical service.

(6) The "Container" is the device that holds the drug and that is or may be in direct contact with the drug.

(7) "Dispensing" means the preparation and delivery of a prescription drug pursuant to a lawful order of a practitioner in a suitable container

ADMINISTRATIVE RULES

appropriately labeled for subsequent administration to or use by a patient or other individual entitled to receive the prescription drug.

(8) "Interpretation and evaluation of prescription orders" means the review of the order for therapeutic and legal correctness. Therapeutic review includes identification of the prescription drug ordered, its applicability and its relationship to the other known medications used by the patient and determination of whether or not the dose and time interval of administration are within accepted limits of safety. The legal review for correctness of the prescription order includes a determination that the order is valid and has not been altered, is not a forgery, is prescribed for a legitimate medical purpose, contains all information required by federal and state law, and is within the practitioner's scope of practice.

(9) "Labeling" means the process of preparing and affixing of a label to any drug container exclusive, however, of the labeling by a manufacturer, packer or distributor of anon-prescription drug or commercially packaged legend drug or device.

(10) "Monitoring of therapeutic response or adverse effect of drug therapy" means the follow up of the therapeutic or adverse effect of medication upon a patient, including direct consultation with the patient or his agent and review of patient records, as to result and side effect, and the analysis of possible interactions with other medications that may be in the medication regimen of the patient. This section shall not be construed to prohibit monitoring by practitioners or their agents.

(11) "Medication Therapy Management (MTM)" means a distinct service or group of services that is intended to optimize therapeutic outcomes for individual patients. Medication Therapy Management services are independent of, but can occur in conjunction with, the provision of a medication product.

(12) "Nationally Certified Exam" means an exam that is approved by the Board which demonstrates successful completion of a Specialized Education Program. The exam must be reliable, psychometrically sound, legally defensible and valid.

(13) "Non-legend drug" means a drug which does not require dispensing by prescription and which is not restricted to use by practitioners only.

(14) "Offering or performing of those acts, services, operations or transactions necessary in the conduct, operation, management and control of pharmacy" means, among other things:

(a) The creation and retention of accurate and complete patient records;

(b) Assuming authority and responsibility for product selection of drugs and devices;

(c) Developing and maintaining a safe practice setting for the pharmacist, for pharmacy staff and for the general public;

(d) Maintaining confidentiality of patient information.

(15) "Oral Counseling" means an oral communication process between a pharmacist and a patient or a patient's agent in which the pharmacist obtains information from the patient (or agent) and the patient's pharmacy records, assesses that information and provides the patient (or agent) with professional advice regarding the safe and effective use of the prescription drug for the purpose of assuring therapeutic appropriateness.

(16) Participation in Drug Selection and Drug Utilization Review:

(a) "Participation in drug selection" means the consultation with the practitioner in the selection of the best possible drug for a particular patient.

(b) "Drug utilization review" means evaluating prescription drug order in light of the information currently provided to the pharmacist by the patient or the patient's agent and in light of the information contained in the patient's record for the purpose of promoting therapeutic appropriateness by identifying potential problems and consulting with the prescriber, when appropriate. Problems subject to identification during drug utilization review include, but are not limited to:

(A) Over-utilization or under-utilization;

(B) Therapeutic duplication;

(C) Drug-disease contraindications;

(D) Drug-drug interactions;

(E) Incorrect drug dosage;

(F) Incorrect duration of treatment;

(G) Drug-allergy interactions; and

(H) Clinical drug abuse or misuse.

(17) "Pharmaceutical Care" means the responsible provision of drug therapy for the purpose of achieving definite outcomes that improve a patient's quality of life. These outcomes include:

(a) Cure of a disease;

(b) Elimination or reduction of a patient's symptomatology;

(c) Arrest or slowing of a disease process; or

(d) Prevention of a disease or symptomatology.

(18) "Pharmacy Technician" means a person licensed by the State Board of Pharmacy who assists the pharmacist in the practice of pharmacy pursuant to rules of the Board but has not completed the specialized education program pursuant to OAR855-025-0010.

(19) "Prescription released by the pharmacist" means, a prescription which has been reviewed by the pharmacist that does not require further pharmacist intervention such as reconstitution or counseling.

(20) "Prohibited conduct" means conduct by a licensee that:

(a) Constitutes a criminal act against a patient or client; or

(b) Constitutes a criminal act that creates a risk of harm to a patient or client.

(21) "Proper and safe storage of drugs and devices and maintenance of proper records therefore" means housing drugs and devices under conditions and circumstances that:

(a) Assure retention of their purity and potency;

(b) Avoid confusion due to similarity of appearance, packaging, labeling or for any other reason;

(c) Assure security and minimize the risk of their loss through accident or theft;

(d) Accurately account for and record their receipt, retention, dispensing, distribution or destruction;

(e) Protect the health, safety and welfare of the pharmacist, pharmacy staff and the general public from harmful exposure to hazardous substances.

(22) "Responsibility for advising, when necessary or when regulated, of therapeutic values, content, hazards and use of drugs and devices" means advice directly to the patient, either verbally or in writing as required by these rules or federal regulation, of the possible therapeutic response to the medication, the names of the chemicals in the medication, the possible side effects of major importance, and the methods of use or administration of a medication.

(23) "Shared Pharmacy Service" means a written agreement, that has been approved in writing by the board, that exists for the processing by a pharmacy of a request from another pharmacy or a practitioner licensed to prescribe the drug, to fill or refill a prescription or a drug order, or to perform processing functions including but not limited to:

(a) Dispensing;

(b) Drug utilization review;

(c) Claims adjudication;

(d) Refill authorizations;

(e) Compounding; and

(f) Therapeutic interventions.

(24) "Specialized Education Program" means:

(a) A program providing education for persons desiring licensure as pharmacy technicians that is approved by the board and offered by an accredited college or university that grants a two-year degree upon successful completion of the program; or

(b) A structured program approved by the board and designed to educate pharmacy technicians in one or more specific issues of patient health and safety that is offered by:

(A) An organization recognized by the board as representing pharmacists or pharmacy technicians;

(B) An employer recognized by the board as representing pharmacists or pharmacy technicians; or

(C) A trade association recognized by the board as representing pharmacists.

(25) "Supervision by a pharmacist" means being stationed within the same work area as the pharmacy technician or certified pharmacy technician being supervised, coupled with the ability to control and be responsible for the pharmacy technician or certified pharmacy technician's action.

(26) "Therapeutic substitution" means the act of dispensing a drug product with a different chemical structure for the drug product prescribed under circumstances where the prescriber has not given clear and conscious direction for substitution of the particular drug for the one which may later be ordered.

(27) "Unprofessional conduct" means conduct unbecoming a licensee or detrimental to the best interests of the public, including conduct contrary to recognized standards of ethics of pharmacy or conduct that endangers the health, safety or welfare of a patient or client. Unprofessional conduct includes but is not limited to:

(a) Fraud or misrepresentation in dealings relating to pharmacy practice with:

(A) Customers, patients or the public;

ADMINISTRATIVE RULES

- (B) Practitioners authorized to prescribe drugs, medications or devices;
- (C) Insurance companies;
- (D) Wholesalers, manufacturers or distributors of drugs, medications or devices;
- (E) Health care facilities;
- (F) Government agencies; or
- (G) Drug outlets.
- (b) Illegal use of drugs, medications or devices without a practitioner's prescription, or otherwise contrary to federal or state law or regulation;
- (c) Any use of intoxicants, drugs or controlled substances that endangers or could endanger the licensee or others;
- (d) Theft of drugs, medications or devices, or theft of any other property or services under circumstances which bear a demonstrable relationship to the practice of pharmacy;
- (e) Dispensing a drug, medication or device where the pharmacist knows or should know due to the apparent circumstances that the purported prescription is bogus or that the prescription is issued for other than a legitimate medical purpose, including circumstances such as:
 - (A) Type of drug prescribed;
 - (B) Amount prescribed; or
 - (C) When prescribed out of context of dose.
- (f) Any act or practice relating to the practice of pharmacy that is prohibited by state or federal law or regulation;
- (g) The disclosure of confidential information in violation of Board rule;
- (h) Engaging in collaborative drug therapy management in violation of ORS Chapter 689 and the rules of the Board;
- (i) Authorizing or permitting any person to practice pharmacy in violation of the Oregon Pharmacy Act or the rules of the Board;
- (j) Any conduct or practice by a licensee or registrant which the Board determines is contrary to accepted standards of practice; or
- (k) Failure to cooperate with the Board pursuant to OAR 855-001-0035.

(28) "Verification" means the confirmation by the pharmacist of the correctness, exactness, accuracy and completeness of the acts, tasks, or functions performed by an intern or a pharmacy technician or a certified pharmacy technician.

Application

(1) These rules apply to any pharmacist who is licensed to practice pharmacy in Oregon including any pharmacist located in another state who is consulting, or providing any other pharmacist service, for a patient, pharmacy or healthcare facility in Oregon.

(2) Where so indicated, these rules also apply to an intern who is licensed in Oregon.

(3) Any pharmacist who engages in the practice of pharmacy in Oregon must be licensed by the Board in accordance with the following rules.

(4) A pharmacist who is located in another state and who engages in the practice of pharmacy for a patient, drug outlet or healthcare facility in Oregon, must be licensed by the Board in accordance with the following rules, except that a pharmacist working in an out-of-state pharmacy, who only performs the professional tasks of interpretation, evaluation, DUR, counseling and verification associated with their dispensing of a drug to a patient in Oregon, is not required to be licensed by the Board unless they are the pharmacist-in-charge (PIC).

(5) The Board may waive any requirement of this rule if, in the Board's judgment, a waiver will further public health or safety. A waiver granted under this section shall only be effective when issued in writing.

855-019-0200

General Responsibilities of a Pharmacist

ORS 689.025 states that "the practice of pharmacy in the State of Oregon is declared a health care professional practice affecting the public health, safety and welfare". Pharmacy practice is a dynamic patient-oriented health service that applies a scientific body of knowledge to improve and

promote patient health by means of appropriate drug use, drug-related therapy, and communication for clinical and consultative purposes. A pharmacist licensed to practice pharmacy by the Board has the duty to use that degree of care, skill, diligence and professional judgment that is exercised by an ordinarily careful pharmacist in the same or similar circumstances.

(1) A pharmacist while on duty must ensure that the pharmacy complies with all state and federal laws and rules governing the practice of pharmacy.

(2) A pharmacist shall perform the duties of a pharmacist that include, but are not limited to, DUR, counseling, and final verification of the work performed by those under their supervision.

(3) A pharmacist may not delegate any task that requires the professional judgment of a pharmacist. Such tasks include but are not limited to:

- (a) Counseling to a patient or patient's agent, or other healthcare provider;
- (b) Verification;
- (c) Performing DUR;
- (d) Providing a CDTM, DRR, or MTM service;
- (e) Ordering, interpreting and monitoring of a laboratory test; and
- (f) Oral receipt or transfer of a prescription; except that
- (g) An intern under the supervision of a pharmacist may perform all the duties of a technician and the following:

- (A) Counseling;
- (B) Performing DUR;
- (C) Oral receipt or transfer of a prescription,
- (D) Immunizations if appropriately trained, and supervised by an immunization qualified pharmacist;
- (E) Other activities approved in writing by the Board.

(4) A pharmacist who is supervising an intern is responsible for the actions of that intern, however, this does not absolve the intern from responsibility for their own actions.

(5) A pharmacist on duty is responsible for supervising all pharmacy personnel, and ensuring that pharmacy personnel only work within the scope of duties allowed by the Board.

(6) A pharmacist may not permit non-pharmacist personnel to perform any duty they are not licensed and trained to perform.

(7) A pharmacist while on duty is responsible for the security of the pharmacy area including:

- (a) Providing adequate safeguards against theft or diversion of prescription drugs, and records for such drugs;
- (b) Ensuring that all records and inventories are maintained in accordance with state and federal laws and rules;
- (c) Ensuring that only a pharmacist has access to the pharmacy when the pharmacy is closed.

855-019-0205

Duty to Report

(1) Failure to answer completely, accurately and honestly, all questions on the application form for licensure or renewal of licensure is grounds for discipline.

(2) Failure to disclose any arrest for a felony or misdemeanor, or any indictment for a felony may result in denial of the application.

(3) A pharmacist must report to the Board within 10 days if they:

- (a) Are convicted of a misdemeanor or a felony; or
- (b) If they are arrested for a felony.

(4) A pharmacist who has reasonable cause to believe that another licensee (of the Board or any other Health Professional Regulatory Board) has engaged in prohibited or unprofessional conduct as these terms are defined in OAR 855-006-0005, must report that conduct to the board responsible for the licensee who is believed to have engaged in the conduct. The reporting pharmacist shall report the conduct without undue delay, but in no event later than 10 working days after the pharmacist learns of the conduct unless federal laws relating to confidentiality or the protection of health information prohibit disclosure.

(5) A pharmacist who reports to a board in good faith as required by section (4) of this rule is immune from civil liability for making the report.

(6) A pharmacist who has reasonable grounds to believe that prescription drugs or records have been lost or stolen, or any violation of these rules has occurred, must notify the Board within 10 days.

(7) A pharmacist must notify the Board in writing, within 15 days, of any change in employment location or residence address.

Consulting Pharmacist Practice

(1) Subject to the provisions of OAR 855-019-0100(4), a consulting pharmacist who provides services to any person or facility located in Oregon, must be an Oregon licensed pharmacist.

(2) A consulting pharmacist for an Oregon licensed healthcare facility must perform all duties and functions required by the healthcare facility's licensure as well as by any relevant federal and state laws and rules.

(3) A consulting pharmacist must maintain appropriate records of their consulting activities for three years, and make them available to the Board for inspection.

(4) A consulting pharmacist is responsible for the safe custody and security of all their records and must comply with all relevant federal and state laws and regulations concerning the security and privacy of patient information.

(5) A consulting pharmacist for a facility that is required by the Board to have a consultant pharmacist but which does not have additional consulting requirements under the terms of its licensure with any other state agency, shall provide services that include but are not limited to the following:

(a) Provide the facility with policies and procedure relating to security, storage and distribution of drugs within the facility;

(b) Provide guidance on the proper documentation of drug administration or dispensing;

(c) Provide educational materials or programs as requested.

Medication Therapy Management

(1) Medication Therapy Management (MTM) is a distinct service or group of services that is intended to optimize the therapeutic outcomes of a patient. Medication Therapy Management can be an independent service provided by a pharmacist or can be in conjunction with the provision of a medication product with the objectives of:

(a) Enhancing appropriate medication use;

(b) Improving medication adherence;

(c) Increasing detection of adverse drug events;

(d) Improving collaboration between practitioner and pharmacist; and

(e) Improving outcomes.

(2) A pharmacist that provides MTM services shall ensure that they are provided according to the individual needs of the patient and may include but are not limited to the following:

(a) Performing or otherwise obtaining the patient's health status assessment;

(b) Developing a medication treatment plan for monitoring and evaluating the patient's response to therapy;

(c) Monitoring the safety and effectiveness of the medication therapy;

(d) Selecting, initiating, modifying or administering medication therapy in consultation with the practitioner where appropriate;

(e) Performing a medication review to identify, prevent or resolve medication related problems;

(f) Monitoring the patient for adverse drug events;

(g) Providing education and training to the patient or the patient's agent on the use or administration of the medication;

(h) Documenting the delivery of care, communications with other involved healthcare providers and other appropriate documentation and records as required. Such records shall:

(A) Provide accountability and an audit trail; and

(B) Be preserved for at least three years and be made available to the Board upon request except that when records are maintained by an outside contractor, the contract must specify that the records be retained by the contractor and made available to the Board for at least three years.

(i) Providing necessary services to enhance the patient's adherence with the therapeutic regimen;

(j) Integrating the medication therapy management services within the overall health management plan for the patient; and

(k) Providing for the safe custody and security of all records and compliance with all relevant federal and state laws and regulations concerning the security and privacy of patient information.

855-019-0300

Duties of a Pharmacist-in-Charge

(1) In accordance with Division 41 of this chapter of rules, a pharmacy must, at all times have one Pharmacist-in-Charge (PIC) employed on a regular basis.

(2) In order to be a PIC, a pharmacist must have:

(a) Completed at least one year of pharmacy practice; or

(b) Completed a Board approved PIC training course either before the appointment or within 30 days after the appointment. With the approval of the Board, this course may be employer provided and may qualify for continuing education credit.

(3) A pharmacist may not be designated PIC of more than two pharmacies without prior written approval by the Board. If such approval is given, the pharmacist must comply with the requirements in sub-section (4)(e) of this rule.

(4) The PIC must perform the following the duties and responsibilities:

(a) When a change of PIC occurs, both outgoing and incoming PICs must report the change to the Board within 15 days of the occurrence, on a form provided by the Board;

(b) The new PIC must complete an inspection on the PIC Annual Self-Inspection Form, within 15 days of becoming PIC;

(c) The PIC may not authorize non-pharmacist employees to have unsupervised access to the pharmacy, except in the case of hospitals that do not have a 24-hour pharmacy where access may be granted as specified in OAR 855-041-0120;

(d) In a hospital only, the PIC is responsible for providing education and training to the nurse supervisor who has been designated to have access to the pharmacy department in the absence of a pharmacist;

(e) A pharmacist designated as PIC for more than one pharmacy shall personally conduct and document a quarterly compliance audit at each location. This audit shall be on the Quarterly PIC Compliance Audit Form provided by the Board;

(f) If a discrepancy is noted on a Board inspection, the PIC must submit a plan of correction within 30 days of receiving notice.

(g) The records and forms required by this section must be filed in the pharmacy, made available to the Board for inspection upon request, and must be retained for three years.

(5) The PIC is responsible for ensuring that the following activities are correctly completed:

(a) An inventory of all controlled substances must be taken within 15 days before or after the effective date of change of PIC, and must be dated and signed by the new PIC. This inventory must be maintained in the pharmacy for three years and in accordance with all federal laws and regulations;

(b) Verifying, on employment and as appropriate, but not less than annually, the licensure of all pharmacy personnel who are required to be licensed by the Board;

(c) Conducting an annual inspection of the pharmacy using the PIC Annual Self-Inspection Form provided by the Board, by February 1 each year. The completed self-inspection forms must be signed and dated by the PIC and maintained for three years from the date of completion;

(d) Conducting an annual inventory of all controlled drugs as required by OAR 855-080;

(e) Performing a quarterly inventory reconciliation of all Schedule II controlled drugs.

(f) Ensuring that all pharmacy staff have been trained appropriately for the practice site. Such training should include an annual review of the PIC Self-Inspection Report;

(g) Implementing a quality assurance plan for the pharmacy.

(h) The records and forms required by this section must be filed in the pharmacy, made available to the Board for inspection upon request, and must be retained for three years.

(6) The PIC, along with other licensed pharmacy personnel, must ensure that the pharmacy is in compliance with all state and federal laws and rules governing the practice of pharmacy and that all controlled substance records and inventories are maintained in accordance with all state and federal laws and rules.

ADMINISTRATIVE RULES

855-019-0310

Grounds for Discipline

The State Board of Pharmacy may suspend, revoke, or restrict the license of a pharmacist or intern or may impose a civil penalty upon the pharmacist or intern upon the following grounds:

- (1) Unprofessional conduct as defined in OAR 855-006-0005;
- (2) Repeated or gross negligence;
- (3) Impairment, which means an inability to practice with reasonable competence and safety due to the habitual or excessive use of drugs or alcohol, other chemical dependency or a mental health condition;
- (4) Being found guilty by the Board of a violation of the pharmacy or drug laws of this state or rules pertaining thereto or of statutes, rules or regulations of any other state or of the federal government;
- (5) Being found guilty by a court of competent jurisdiction of a felony as defined by the laws of this state;
- (6) Being found guilty by a court of competent jurisdiction of a violation of the pharmacy or drug laws of this state or rules pertaining thereto or of statutes, rules or regulations of any other state or of the federal government;
- (7) Fraud or intentional misrepresentation in securing or attempting to secure the issuance or renewal of a license to practice pharmacy or a drug outlet registration;
- (8) Permitting an individual to engage in the practice of pharmacy without a license or falsely using the title of pharmacist;
- (9) Aiding and abetting an individual to engage in the practice of pharmacy without a license or falsely using the title of pharmacist;
- (10) Being found by the Board to be in violation of any violation of any of the provisions of ORS 435.010 to 435.130, 453.025, 453.045, 475.035 to 475.190, 475.805 to 475.995 or 689.005 to 689.995 or the rules adopted pursuant thereto; or
- (11) Failure to perform appropriately the duties of a pharmacist while engaging in the practice of pharmacy as defined in ORS 689.005.

855-044-0001

Purpose

The purpose of the program is to provide a process to make donated prescription drugs available to needy or uninsured individuals and those with limited access to pharmaceuticals. Under the rules in this Division, a Charitable Pharmacy that is registered with the Oregon Board of Pharmacy (Board) may accept donated drugs for distribution when the pharmacist can reasonably be assured of the purity and integrity of the drug. The program may not include categories of drugs specified by the Board as excluded from the program.

855-044-0010

Registration

(1) A facility may not operate as a charitable pharmacy unless it is registered as such with the Board and has paid the fee specified in Division 110 of these rules.

(2) The application for registration must be on a form provided by the Board and must include proposed policies and procedures and a description of the organization.

(3) Each location must be registered separately.

(4) An applicant for registration as a charitable pharmacy must name a point-of-contact for each registered location.

Stat. Auth.: ORS 689.205
Stats. Implemented: ORS 689.774
Hist.: BP 6-2010, f. & cert. ef. 6-29-10

855-044-0020

Personnel

(1) A charitable pharmacy must have a licensed pharmacist. The pharmacist may also be the Point-of-Contact.

(2) A charitable pharmacy that is co-located with an existing registered pharmacy may name a pharmacist employed by the existing pharmacy as its pharmacist.

(3) A charitable pharmacy that is not co-located with an existing registered pharmacy and does not have a pharmacist on staff must employ a consultant pharmacist.

(4) The pharmacist must develop policies and procedures for:

- (a) Receiving donated drugs;
- (b) Security;
- (c) Drug storage;
- (d) Distribution of drugs;
- (e) Record keeping;
- (f) Disposal of unusable drugs; and
- (g) Staff training.

(5) The pharmacist must conduct a visual inspection of each donated drug to ensure that the drug has not expired, been adulterated or misbranded and is in its original, sealed packaging, and that based on this inspection and on the accuracy of the Donor's Form, the drug is safe to distribute.

Drug Donation

(1) A charitable pharmacy may not accept:

(a) Any controlled substance or any kit, package or blister pack that contains any controlled substance;

(b) A non-prescription drug;

(c) A drug in a container or package that does not contain a product identification label (PIL), except that a drug in a manufacturer's original container or a manufacturer's blister pack does not need to bear a PIL.

(2) A charitable pharmacy may accept:

(a) A prescription drug received in original, sealed, tamper-evident packaging that displays the lot number and expiration date of the drug; and

(b) Sealed single unit dose packages received in opened packages containing multiple single unit doses.

(3) The following are examples of acceptable packaging:

- (a) Manufacturer's original container;
- (b) Single-dose blister packs in sealed outer package;
- (c) Single-dose blister packs in opened outer package;
- (d) Tamper-evident hospice kit containing manufacturer's original containers.

(4) Donated drugs that do not meet the above criteria or are judged by the pharmacist to be unsafe for re-dispensing must be stored separately from the drug supply until they can be destroyed.

(5) A charitable pharmacy may accept a drug from:

- (a) An individual;
- (b) A long-term care facility;
- (c) A pharmacy;
- (d) A practitioner who has been given dispensing privileges by their licensing board and is acting within their scope of practice;
- (e) Another registered charitable pharmacy;
- (f) A medical clinic;

(g) A drug manufacturer or wholesaler;

(h) A Medication Assistance Program (MAP) such as those supported by drug manufacturers.

(6) The donor must certify on a Donor Form provided by the Board that the donated drug has been properly stored, in accordance with manufacturer's recommendations, and has never been opened, used, adulterated or misbranded.

(7) Upon written request, the Board may waive any of the requirements of this rule if a waiver will further public health and safety. A waiver granted under this section shall only be effective when it is issued in writing.

Hist.: BP 6-2010, f. & cert. ef. 6-29-10

855-044-0040

Storage and Security

(1) A charitable pharmacy must store all donated drugs securely and physically separate from any existing inventory.

(2) All charitable pharmacy records must be secured to comply with HIPAA and all state and federal regulations.

(3) Outdated and unusable drugs intended for destruction must be quarantined and stored securely.

(4) A charitable pharmacy co-located with an existing pharmacy must use storage and record keeping procedures that maintain separation of charitable pharmacy records and drugs from other pharmacy records and inventory.

855-044-0050

Drug Distribution

(1) A charitable pharmacy may not distribute a donated prescription drug that:

- (a) Fails to meet the requirements of the program;
- (b) Has not been stored in accordance with manufacturer's recommendations;
- (c) Has been repackaged, except that a drug that has been repackaged for a long-term care pharmacy may be distributed;
- (d) Bears an expiration date that is less than nine months from the date the drug is donated;
- (e) Is adulterated or misbranded;
- (f) Is a controlled substance;
- (g) Is a drug that requires a special registration for dispensing;
- (h) Is an over-the-counter drug;
- (i) Requires specialty storage or handling;
- (j) Requires refrigeration;
- (k) Is a compounded drug; or
- (L) In the pharmacist's professional judgment, may be unfit for dispensing.

(2) A charitable pharmacy may only dispense a drug to a person who:

- (a) Has a valid prescription for the drug; and
- (b) Is a resident of Oregon; and
- (c) Is underinsured or does not have adequate health insurance coverage for the prescription drug requested; or
- (d) Is enrolled in a program of public assistance as defined in ORS 411.010;

(3) A drug may only be dispensed by a pharmacist or by a practitioner who has been given dispensing privileges by their licensing board and is acting within their scope of practice, or by a registered nurse subject to the following:

(a) A registered nurse who is an employee of a charitable pharmacy may dispense a drug to a client of the charitable pharmacy; and

(b) Such dispensing by a registered nurse shall be pursuant to the order of a person authorized to prescribe the drug.

(4) The dispensing practitioner must provide the patient with appropriate counseling on the use of the drug and any potential side effects, and may provide written drug information;

(5) A recipient of a drug under this program must sign a Recipient Form, provided by the Board, that attests that the recipient has been notified that:

- (a) The prescription drug was donated to the program;
- (b) A visual inspection was conducted by a pharmacist to ensure that the drug has not expired, been adulterated or misbranded, and is in its original, sealed packaging;

ADMINISTRATIVE RULES

(c) A pharmacist has determined that the drug is safe to distribute based on the accuracy of the Donor's Form and the visual inspection by the pharmacist;

(d) Participants in the program are immune from liability as provided in ORS 689.780; and

(e) That they are qualified to receive the drug as specified in section (2) of this rule.

(6) Upon written request the Board may waive any of the requirements of this rule if a waiver will further public health and safety. A waiver granted under this section shall only be effective when it is issued in writing.

Labeling

(1) The label on a drug dispensed or distributed from a charitable pharmacy must meet all federal rules and laws and must contain:

- (a) The name, address and telephone number of the pharmacy;
 - (b) The name of the prescribing practitioner;
 - (c) The initials of the dispensing practitioner;
 - (d) Date dispensed;
 - (e) The name of the patient;
 - (f) Name and manufacturer of drug, drug strength, the quantity dispensed;
 - (g) Direction for use;
 - (i) The expiration date;
 - (j) A unique identifier; and
 - (k) Any further cautionary information required for patient safety.
- (2) All original patient identification must be removed.

855-044-0070

Records

(1) A charitable pharmacy must maintain a donation record of all drugs received that includes:

- (a) Donor's name and address;
- (b) Drug manufacturer, lot number, name and strength;
- (c) Drug quantity;
- (d) Expiration date of the drug;
- (e) Date donated; and
- (f) The unique identifier.

(2) A charitable pharmacy must maintain a distribution and dispensing record that includes:

- (a) Drug name and strength;
- (b) Quantity distributed;
- (c) Name of manufacturer;
- (d) Lot number and expiration date;
- (e) Date of distribution or dispensing;
- (f) Name and address of recipient.

(3) A charitable pharmacy must maintain a record of all drugs that are destroyed.

(4) In addition to the above records, a charitable pharmacy must cross-reference the donation record and the distribution and dispensing record with the appropriate donor and recipient forms.

(5) A charitable pharmacy must make an annual report to the Board by completing a form provided by the Board and submitting it with their application for renewal of registration.

(6) All records required by these rules must be retained for three years and made available to the Board upon request.

Licensing Fees

(1) Pharmacist license examination (NAPLEX) and re-examination fee — \$50.

(2) Pharmacist jurisprudence (MPJE) re-examination fee — \$25.

(3) Pharmacist licensing by reciprocity fee — \$200.

(4) Pharmacist licensing by score transfer fee — \$200.

(5) Intern license fee. Expires November 30 every two years — \$30.

(6) Pharmacist:

(a) License fee. Expires June 30 annually — \$120. Delinquent renewal fee, (postmarked after May 31) — \$50.

(b) Electronic Prescription Monitoring Fund fee. Due by June 30 annually — \$25. (This is a mandatory fee, required by Chapter 799 Oregon Laws 2009 that must be paid with the pharmacist license renewal fee).

(c) Workforce Data Collection fee. Due by June 30 biennially — \$5. (This is a mandatory fee, required by Chapter 595 Oregon Laws 2009 that must be paid with the pharmacist license renewal fee every two years commencing 2011).

(7) Certification of approved provider of continuing education course fee, none at this time.

(8) Pharmacy Technician license fee. Expires September 30 annually — \$35. Delinquent renewal fee, (postmarked after August 31) — \$20.

(9) Certified Pharmacy Technician:

(a) License fee. Expires September 30 annually — \$35. Delinquent renewal fee, (postmarked after August 31) — \$20.

(b) Workforce Data Collection fee. Due by September 30 biennially — \$5. (This is a mandatory fee, required by Chapter 595 Oregon Laws 2009 that must be paid with the Certified Pharmacy Technician license renewal fee every two years commencing 2010).

Rule Caption: Rules for agency participation in the Impaired Health Professional Program established by the Oregon Health Authority.

Adm. Order No.: BP 7-2010(Temp)

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 6-29-10 thru 12-24-10

Notice Publication Date:

Rules Adopted: 855-011-0005, 855-011-0020, 855-011-0030, 855-011-0040, 855-011-0050

Subject: The Health Professional's Service Program is the impaired health professional program established by the Oregon Health Authority pursuant to ORS 676.190. These rules provide a framework for the Board of Pharmacy's participation in the Program and establish a procedure for the Board to refer licensees to the program. The rules also specify a process for the Board to approve an independent evaluator and set requirements that must be met by participants.

Rules Coordinator: Karen MacLean—(971) 673-0001

855-011-0005

Definitions

When used in this division of rules:

(1) "Health Professional's Service Program (the Program)" means the impaired health professional program established by the Oregon Health Authority pursuant to authority granted by ORS 676.190.

(2) "Impaired" means that the licensee is unable to practice with professional skill and safety by reason of habitual or excessive use or abuse of drugs, alcohol or other substances or by reason of a mental health disorder.

(3) "Mental-health disorder" means a clinically significant behavioral or psychological syndrome or pattern that occurs in an individual and that is associated with present distress or disability or with a significantly increased risk of suffering death, pain, disability, or an important loss of freedom that is identified in the DSM-IV-TR, (published by the American Psychiatric Association). "Mental-health disorder" includes gambling disorders.

(4) "Non-treatment compliance monitoring," means the non-medical, non-therapeutic services employed by the vendor to track and report the licensee's compliance with the monitoring agreement.

(5) "Substance Abuse Disorder" means a disorder related to the taking of a drug of abuse including alcohol, to the side effects of a medication, and to a toxin exposure. The disorders include: substance abuse disorders such as substance dependence and substance abuse, and substance-induced disorders, including substance intoxication, withdrawal, delirium, and dementia, as well as substance induced psychotic disorder, mood disorder, etc, as defined in DSM-IV-TR, (published by the American Psychiatric Association) criteria.

855-011-0020

Participation in Health Professional's Service Program

(1) Effective July 1, 2010, the Oregon Board of Pharmacy (Board) will participate in the Program.

(2) The Board may only refer licensees of the Board to the Program if they meet the referral criteria established by the Board.

(3) The Board may refer a licensee to the Program in lieu of or in addition to public discipline.

(4) A licensee who has not been referred to the Program by the Board may participate in the Program as permitted by ORS 676.190(5). Licensees may not refer themselves to the Program unless they certify that, to the best of their knowledge, they are not currently under investigation by the Board.

855-011-0030

Procedure to refer Board licensees to the Program

(1) When the Board has information that a licensee may be impaired by alcohol or a substance abuse disorder or dependency, or a mental-health disorder, the Board may consider referring the licensee to the Program.

(2) Before the Board refers a licensee to the Program, the Board shall:

(a) Obtain a copy of a written report that diagnoses the licensee with alcohol or a substance abuse disorder or dependency, or a mental-health disorder and provides treatment options;

(b) Investigate to determine whether the licensee's professional practice while impaired has presented or presents a danger to the public;

(c) Obtain the licensee's written agreement to report any arrest for or conviction of a misdemeanor or felony to the Board within three business days after the licensee is arrested or convicted;

(d) Obtain the licensee's written agreement to pay the costs of participation in the Program, including the cost of laboratory or toxicology tests, treatment, consultation group meetings and evaluations; and

(e) Obtain the licensee's written consent allowing disclosure and exchange of information between the Program, the Board, the monitoring entity, the licensee's employers, and evaluators and treatment entities.

(3) The report referred to in subsection (2)(a) of this rule must be prepared by an independent evaluator approved by the Board under OAR 855-011-0040 to evaluate alcohol or a substance abuse disorder or dependency, and mental-health disorders.

(4) The Board may only refer to the Program a licensee who has been diagnosed with alcohol or a substance abuse disorder or dependency, or a mental health disorder.

(5) The Board will consider all relevant factors before determining whether to refer a licensee to the Program. Relevant factors shall include but are not limited to:

(a) Licensee's disciplinary history;

(b) The severity and duration of the licensee's impairment;

(c) The extent to which licensee's practice can be limited or managed to eliminate danger to the public;

(d) The likelihood that licensee's impairment can be managed with treatment; and

(e) The likelihood that the licensee will follow the conditions of the program.

855-011-0040

Approval by the Board of an Independent Evaluator

(1) The Board may approve a person to act as an evaluator provided that the person:

(a) Is licensed as required by the jurisdiction in which they work;

(b) Possesses a masters degree or a doctorate in a mental health discipline;

(c) Can document training and experience in one of the following:

(A) US Department of Transportation, Substance Abuse Professional Qualification training;

(B) Certification by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission as a Certified Alcohol and Drug Abuse Counselor (CADC) level II or III; or

(C) Board certification in Addiction Medicine by either the American Society of Addiction Medicine or American Board of Psychiatry and Neurology.

(d) Is able to provide a multi-disciplinary assessment and written report describing a licensee's diagnosis, degree of impairment and treatment options; and

(e) Certifies that, if required, they are willing to defend their evaluation in a court of law.

ADMINISTRATIVE RULES

(2) The Board may not approve an evaluator in a case if, in the Board's judgment, the evaluator's judgment is likely to be influenced by a personal or professional relationship with a licensee.

(3) The Board shall maintain a list of approved independent evaluators on the Board's website or the Board may approve a list of evaluators that meet the above criteria that is approved and published by the Program contractor.

Additional requirements for licensees referred to the Program

(1) In addition to the requirements established by ORS 676.185 to 676.200, a licensee who participates in the Program must:

(a) Participate in the Program for as long as specified in the disciplinary order but not less than two years, except that a licensee who has been enrolled in a prior Board approved program for at least two years may count up to one year of that program towards this requirement;

(b) Meet all conditions of probation specified in the disciplinary order; and

(c) Pay all costs of attendance at non-treatment compliance monitoring group meetings.

(2) A licensee may petition the Board for early removal from the Program if:

- (a) They are in good standing with the Program;
- (b) They have been in the Program for at least two years; and
- (c) They have complied with all conditions of their Board disciplinary order.

Rule Caption: Reschedule methamphetamine in Controlled Substance Schedule I and marijuana in Controlled Substance Schedule II.

Adm. Order No.: BP 8-2010

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 6-29-10

Notice Publication Date: 5-1-2010

Rules Amended: 855-080-0020, 855-080-0021, 855-080-0022, 855-080-0028, 855-080-0055, 855-080-0085, 855-080-0105

Subject: ORS 475.059 requires the Board to reschedule marijuana from Controlled Substance Schedule I to Schedule II, III, IV or V. In accordance with ORS 475.035, the Board has reviewed a spectrum of the scientific knowledge available regarding marijuana with specific reference to its pharmacological effects, the patterns of use and misuse, and the potential consequences of abuse. The Board reviewed an extensive collection of scientific and sociological material relating to marijuana, as well as comments from members of the public, some of whom have extensive training and experience with marijuana. The Board decided that Schedule II is the most appropriate schedule. Under ORS 475.065, the Board is also required to reschedule methamphetamine, except for accepted medical use, as a Schedule I drug. The other amendments correct errors and update rules in accordance with changes in federal regulations.

Rules Coordinator: Karen MacLean—(971) 673-0001

855-080-0020

Schedules

Pursuant to ORS 475.005(6) those drugs and their immediate precursors classified in Schedules I through V under the Federal Controlled Substances Act, 21 U.S.C. Sections 811 to 812 and as amended by the Board pursuant to ORS 475.035 are the controlled substances for purposes of regulation and control under the Act. Those schedules are set out in OAR 855-080-0021 through 855-080-0026.

Schedule I

(1) Schedule I consists of the drugs and other substances, by whatever official, common, usual, chemical, or brand name designated, listed in 21 CFR part 1308.11, and unless specifically excepted or unless listed in another schedule, any quantity of the following substances, including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers, whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

- (a) Benzylfentanyl;
- (b) Thenylfentanyl;
- (c) N-Benzylpiperazine (BZP);
- (d) 1,4-butanediol.
- (e) Methamphetamine, except as listed in OAR 855-080-0022.

(2) Exceptions. The following are exceptions to subsection (1) of this rule:

(a) 1, 4-butanediol and gamma-butyrolactone when in the possession of a person for the purpose of its sale to a legitimate manufacturer of industrial products and the person is in compliance with the Drug Enforcement Administration requirements for List I Chemicals.

(b) 1,4-butanediol and gamma-butyrolactone when in the possession of a person for the purpose of the legitimate manufacture of industrial products.

(c) Marijuana.

Schedule II

Schedule II consists of the drugs and other substances by whatever official, common, usual, chemical, or brand name designated, listed in 21 CFR part 1308.12 and any quantity of the following substances:

- (1) Marijuana;
- (2) Methamphetamine, when in the form of an FDA approved product containing methamphetamine, its salts, isomers and salts of its isomers as an active ingredient for the purposes of currently accepted medical use.

Separate Registration for Independent Activities

The manufacturing and distributing of controlled substances are deemed activities independent of each other. A separate registration is required for each activity; however, a person registered to manufacture may distribute or dispense any controlled substance which they are registered to manufacture, provided that, unless specifically exempted, they comply with all requirements and duties prescribed by statute and rules for persons registered to distribute or dispense as applicable.

ADMINISTRATIVE RULES

855-080-0085

Prescription Requirements

(1) Except as provided in sections (2) and (3) of this rule, the provisions of 21 CFR 1306.01 through 1306.27 and 1304.03(d) shall be complied with by the registrants, practitioners and pharmacists as specified therein in the issuance, preparation, labeling dispensing, recordkeeping and filing of prescriptions for controlled substances. An electronic prescription is permitted for any substance listed in OAR 855-080-0022 through 855-080-0026 when so permitted by federal regulations.

(2) The provisions of 21 CFR 1306.11(a) under section (1) of this rule are amended by deleting "which is a prescription drug as determined under the Federal Food, Drug, and Cosmetic Act."

(3) The provisions of 21 CFR 1306.21 through 1306.27 under section (1) of this rule shall be deemed to apply also to controlled substances listed in Schedule V.

(4) Controlled substances in Schedules III, IV, and V which are prescription drugs determined by the Board pursuant to ORS 475.185(3) are those prescription drugs as determined under the Federal Food, Drug, and Cosmetic Act. Such drugs are "Legend Drugs" and bear the legend "Caution: Federal law prohibits dispensing without a prescription", or an equivalent legend. In addition, any preparation containing any amount of codeine or its salts, opium, or paregoric in Schedules III, IV, or V is a prescription drug as determined by the Board pursuant to ORS 475.185(3).

(5) "Emergency Situations" as referred to in ORS 475.185(2) mean the same as specified in 21 CFR 290.10.

855-080-0105

Disposal of Drugs

(1) Drugs that are outdated, damaged, deteriorated, misbranded, or adulterated shall be quarantined and physically separated from other drugs until they are destroyed or returned to their supplier.

(2) Controlled substances which are expired, deteriorated or unwanted shall be disposed of in conformance with **21 CFR 1307.21**.

(3) Expired, deteriorated, discontinued, or unwanted controlled substances in a long-term care facility shall be destroyed and the destruction jointly witnessed on the premises by any two of the following:

- The consultant pharmacist or registered nurse designee.
- The Director of Nursing Services or supervising nurse designee
- The administrator of the facility or an administrative designee
- A Registered Nurse employed by the facility

(4) The destruction shall be documented and signed by the witnesses and the document retained at the facility for a period of at least three years. Copies of the document shall be sent to the consultant pharmacist. Any destruction of controlled substances deviating from this procedure must be approved by the Board prior to implementation.

(5) Upon written request, the Board may waive any of the requirements of this rule if a waiver will further public health or safety or the health and safety of a patient. A waiver granted under this section shall only be effective when it is issued by the Board in writing.

Rule Caption: Establishes application procedures for remotely supervised pharmacy facilities.

Adm. Order No.: BP 9-2010(Temp)

Filed with Sec. of State: 7-9-2010

Certified to be Effective: 7-9-10 thru 12-24-10

Notice Publication Date:

Rules Adopted: 855-041-0640

Rules Amended: 855-041-0600

Subject: This rule establishes a procedure and criteria that a pharmacy must follow if it wishes to apply to operate a satellite facility where remote supervision from the parent pharmacy would be accomplished using audio-visual technology.

Rules Coordinator: Karen MacLean—(971) 673-0001

855-041-0600

Definitions

(1) "Automated Pharmacy System" (APS) means a mechanical system that performs operations or activities, including but not limited to, those related to the storage, packaging, dispensing, or distribution of medications, but not including compounding or administration, and that collects, controls, and maintains all transaction information.

(2) "Remote Dispensing Facility" (RDF) means a facility where drugs are prepared for administration and where requisite pharmacist supervision is provided remotely as approved by the Board.

(3) "Remote Dispensing Machine" (RDM) means a component of an Automated Pharmacy System that contains prepackaged drugs for dispensing.

(4) "Responsible Pharmacy" means the licensed pharmacy that is responsible for the APS, and RDM.

855-041-0640

Remote Dispensing Facility (RDF)

(1) A pharmacy physically located in Oregon may make written application to operate an RDF.

(2) At its discretion, the Board may approve an application for registration as an RDF, which includes the following:

- An operation plan;
- Policies and Procedures;
- A training plan;

(d) A quality assurance plan for ensuring that there is a planned and systematic process for the monitoring and evaluation of the quality and appropriateness of pharmacy services and for identifying and resolving problems; and

(e) The fee specified in OAR 855-110-0007(14).

(3) Notwithstanding the definition of "supervision by a pharmacist" in OAR 855-006-0005, supervision in an RDF may be accomplished by a pharmacist via an audio-visual technology from the applying pharmacy.

(4) Notwithstanding rules in this division and in division 019, a Certified Pharmacy Technician who works in an RDF may have access to the facility without the physical presence of a pharmacist, but may only perform Board approved functions when under the supervision of a pharmacist.

Bureau of Labor and Industries

Chapter 839

Rule Caption: Amends the prevailing rates of wage for the period beginning April 1, 2010.

Adm. Order No.: BLI 17-2010

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 7-1-10

Notice Publication Date:

Rules Amended: 839-025-0700

Subject: The amended rule amends the prevailing rates of wage as determined by the Commissioner of the Bureau of Labor and Industries for the period beginning April 1, 2010.

Rules Coordinator: Marcia Ohlemiller—(971) 673-0784

839-025-0700

Prevailing Wage Rate Determination/Amendments to Determination

(1) Pursuant to ORS 279C.815, the Commissioner of the Bureau of Labor and Industries has determined that the wage rates stated in publications of the Bureau of Labor and Industries entitled *Prevailing Wage Rates on Public Works Contracts in Oregon and Prevailing Wage Rates for Public Works Contracts in Oregon subject to BOTH the state PWR and federal Davis-Bacon Act* dated July 1, 2010, are the prevailing rates of wage for workers upon public works in each trade or occupation in the locality where work is performed for the period beginning July 1, 2010, and the effective dates of the applicable special wage determination and rates amendments:

(2) Copies of *Prevailing Wage Rates on Public Works Contracts in Oregon and Prevailing Wage Rates for Public Works Contracts in Oregon subject to BOTH the state PWR and federal Davis-Bacon Act* dated July 1, 2010, are available from any office of the Wage and Hour Division of the

ADMINISTRATIVE RULES

Bureau of Labor and Industries. The offices are located in Eugene, Portland and Salem and are listed in the blue pages of the phone book. Copies are also available on the bureau's webpage at www.oregon.gov/boli or may be obtained from the Prevailing Wage Rate Coordinator, Prevailing Wage Rate Unit, Wage and Hour Division, Bureau of Labor and Industries, 800 NE Oregon Street #1045, Portland, Oregon 97232; (971) 673-0839.

Construction Contractors Board Chapter 812

Rule Caption: Amends: refunds/NSF checks, definitions: complaint and substantial completion, attorney fees, correct cite references, shorten time, exception forms.

Adm. Order No.: CCB 12-2010

Filed with Sec. of State: 6-24-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 6-1-2010

Rules Amended: 812-001-0180, 812-002-0140, 812-002-0740, 812-004-0250, 812-004-0320, 812-004-0400, 812-004-0550, 812-009-0430

Subject: • 812-001-0180 is amended to delete the requirement that CCB only refunds overpayments: 1) when requested to do so; and 2) within three years of the overpayment. In addition, CCB proposes to eliminate the \$20 "threshold" in the rule below which it made no refunds. These amendments comply with Oregon law and simplify CCB's bookkeeping.

• 812-002-0140 is amended to clarify the definition of a construction lien complaint in section (1). The amendment clarifies that

the CCB dispute resolution process does not include a lien filed by the prime against the owner.

• 812-0020740 is amended to clarify the definition of substantial completion and provide specific application of the rule for fact situations that frequently arise in complaints.

• 812-004-0250 is amended to allow CCB to order respondent to pay complainant's attorney fees, costs, interest and other fees anytime the agency orders complainant to file the complaint in court. Under existing law, we can only do this if we send the complainant to court because of the nature or complexity of the case. But there are a few cases where we require complainant to file in court where nature or complexity is not an issue. One is where the construction contract requires that the dispute be resolved in court. The complainant in these cases should be allowed to recover attorney fees and other costs.

• 812-004-0320 is amended to correct the cite reference conform section (4)(a)(B) to ORS 701.131(2)(c)(B) regarding who may file a complaint.

• 812-004-0400 is amended to shorten the time for payment of the complaint processing fee from 60 days to 30 days. The Board's streamlining program proposed reducing the time CCB allows a complainant to send in the processing fee.

• 812-004-0550 is amended to correct the cite references.

• 812-009-0430 is amended to require that the agency may provide forms to be used in filing exceptions and require the use of those forms.

Rules Coordinator: Catherine Dixon—(503) 378-4621, ext. 4077

812-001-0180

Refunds; NSF Check Charge

(1) The agency shall refund a fee or civil penalty paid to it in excess of the amount legally due if the agency, within three years of the date of payment, determines that it received excessive payment.

(2) After three years, the agency may refund a fee or civil penalty paid to it in excess of the amount legally due, if requested to do so by the person who made the excessive payment.

(3) If the agency receives payment of any fees or penalty by check and the check is returned to the agency as an NSF check, the payer of the fees will be assessed an NSF charge of \$25 in addition to the required payment of the fees or penalty.

812-002-0140

Complaint

"Complaint," as used in OAR chapter 812, means a complaint filed and processed under ORS 701.131–701.180. Complaints are classified by type as follows:

(1) "Construction lien complaint" is a complaint filed by an owner against a primary contractor to discharge or to recoup funds expended in discharging a construction lien filed by an employee, supplier or subcontractor because the primary contractor did not pay the employee, supplier or subcontractor.

(2) "Employee complaint" is a complaint for unpaid wages or benefits filed by an employee of a licensee or by the State of Oregon Bureau of Labor and Industries to collect unpaid wages from a licensee for work done by the employee relating to the licensee's operation as a contractor under ORS Chapter 701.

(3) "Employee trust complaint" is a complaint for unpaid payments for employee benefits filed by a trustee with authority to manage and control a fund that receives the employee benefit payments.

(4) "Material complaint" is a complaint filed by a supplier who has not been paid for materials sold to a licensee to be used and installed in a specific structure located within the boundaries of the State of Oregon, or for the rental of equipment to a licensee to be used in the performance of the work of a contractor in connection with such a structure.

(5) "Owner complaint" is a complaint filed by an owner for breach of contract, or for negligent or improper work subject to ORS Chapter 701, or a construction lien complaint.

(6) "Primary contractor complaint" is a complaint by a primary contractor against a licensed subcontractor.

ADMINISTRATIVE RULES

(7) "Subcontractor complaint" is a complaint filed by a subcontractor arising out of a contract between the subcontractor and a primary contractor for unpaid labor or materials furnished under the contract.

812-002-0740

Substantial Completion

(1) For purposes of ORS 701.143, "Substantial completion" occurs when a person in the position of the owner would reasonably conclude that the contractor had fulfilled its obligations under the contract and that final payment was due.

(2) In the absence of evidence to the contrary, the agency may find that substantial completion occurred at the time of the first occurring of any of the following events: final inspection is completed, certificate of occupancy is issued, the structure or portion of structure is in a habitable or usable condition, or most or all of payment is made if all of the payment was not advanced before work was complete.

(3) Work under a warranty provision of a contract or repair to already completed work does not extend the date of substantial completion, except that removal and replacement of completed work may extend the date of substantial completion to the date the replacement work was substantially complete for purposes of a complaint arising from the replacement work only.

812-004-0250

Award of Complaint-Processing Fee, Attorney Fees, Interest and Other Costs

(1) Except as provided in section (2) of this rule and subject to OAR 812-010-0420, an order or arbitration award of the board awarding monetary damages in a complaint that are payable from respondent's bond, letter of credit or cash deposit required under ORS 701.085 (2005), 701.068 or 701.088, including, but not limited to an order of the board arising from a judgment, award or decision by a court, arbitrator or other entity may not include an award for:

- (a) Attorney fees;
- (b) Court costs;
- (c) Interest;
- (d) Costs to pursue litigation or the complaint;
- (e) Service charges or fees; or
- (f) Other damages not directly related to negligent or improper work under the contract or breach of the contract that is the basis of the complaint.

(2) An order or arbitration award by the board awarding monetary damages that are payable from respondent's bond, letter of credit or cash deposit required under ORS 701.085 (2005), 701.068 or 701.088 may include an award for attorney fees, costs, interest or other costs as follows:

(a) An order in a construction lien complaint may include attorney fees, court costs, interest and service charges allowed under OAR 812-004-0530(5).

(b) An order or arbitration award in an owner complaint may include interest expressly allowed as damages under a contract that is the basis of the complaint.

(c) An order or arbitration award awarding monetary damages or issued under OAR 812-004-0540(6) may include an award of a complaint processing fee paid by the complainant under OAR 812-004-0110.

(d) An order or arbitration award may include attorney fees, court costs, other costs and interest included in an order or award of a court, arbitrator or other entity that are related to the portion of the order or award of the court, arbitrator or other entity that is within the jurisdiction of the board if the order or award of the court, arbitrator or other entity arises from litigation, arbitration or other proceedings authorized by law or the parties to effect a resolution to the dispute:

- (A) That was initiated by the respondent; or
- (B) That the agency required the complainant to initiate under ORS 701.145.

(3) This rule does not apply to a complaint filed and processed under ORS 701.146.

812-004-0320

Jurisdictional Requirements

(1) A complaint must be of a type described under ORS 701.140.

(2) A complaint must be filed with the agency within the time allowed under ORS 701.143.

(3) A complaint will be processed only against a licensed entity. Whether a respondent is licensed for purposes of this section must be determined as follows:

(a) For an owner, primary contractor or subcontractor complaint, the respondent will be considered licensed if the respondent was licensed during all or part of the work period.

(b) For a material complaint, the respondent will be considered licensed if one or more invoices involve material delivered while the respondent was licensed. Damages will be awarded only for material delivered within the period of time that the respondent was licensed.

(c) For an employee or employee trust complaint, the respondent will be considered licensed if the respondent was licensed on one or more days that the complainant or the employee that is the subject of the trust performed work that was not paid for. Damages will be awarded only for unpaid wages or benefits provided on days on which the respondent was licensed.

(4)(a) The complainant must have been properly licensed at the time the bid was made or the contract was entered into and must have remained licensed continuously throughout the work period if:

(A) The work at issue in the complaint requires that the complainant be licensed under ORS 701.026 in order to perform the work; and

(B) The complaint does not arise from defects, deficiencies or inadequate performance of construction work.

(b) As used in section (4) of this rule, "properly licensed" means the complainant:

(A) Had a current valid license issued by the agency and was not on inactive status;

(B) Was licensed for the type of work at issue in the complaint;

(C) Complied with the requirements of ORS 701.035 and OAR 812-003-0250 as they applied to the complainant's license status as an "exempt" or "nonexempt" contractor; and

(D) Complied with any other requirements and restrictions on the complainant's license.

(5) Complaints will be accepted only when one or more of the following relationships exist between the complainant and the respondent:

(a) A direct contractual relationship based on a contract entered into by the complainant and the respondent, or their agents;

(b) An employment relationship or assigned relationship arising from a Bureau of Labor and Industries employee claim;

(c) A contract between the complainant and the respondent providing that the complainant is a trustee authorized to receive employee benefit payments from the respondent for employees of the respondent; or

(d) A real estate purchase conditioned upon repairs made by the respondent.

(6) Complaints will be accepted only for work performed within the boundaries of the State of Oregon or for materials or equipment supplied or rented for fabrication into or use upon structures located within the boundaries of the State of Oregon.

(7) The agency may refuse to process a complaint or any portion of a complaint that includes an allegation of a breach of contract, negligent or improper work or any other act or omission within the scope of ORS 701.140 that is the same as an allegation contained in a complaint previously filed by the same complainant against the same respondent, except that the agency may process a complaint that would otherwise be dismissed under this section (7) if the previously filed complaint was:

(a) Withdrawn before the on-site meeting;

(b) Closed without a determination on the merits before the on-site meeting;

(c) Closed because the complainant failed to pay the complaint processing fee required under OAR 812-004-0110.

(d) Closed or dismissed with an explicit provision allowing the subsequent filing of a complaint containing the same allegations as the closed or dismissed complaint; or

(e) Closed or withdrawn because the respondent filed bankruptcy.

ADMINISTRATIVE RULES

(8) Nothing in section (7) of this rule extends the time limitation for filing a complaint under ORS 701.143.

(9) A complaint by a person furnishing material, or renting or supplying equipment to a contractor may not include a complaint for non-payment for tools sold to a licensee, for equipment sold to a licensee and not fabricated into a structure, for interest or service charges on an account, or for materials purchased as stock items.

(10) Complaints by a contractor or by persons furnishing material, or renting or supplying equipment to a contractor will not be processed unless they are at least \$150 in amount, not including the processing fee required by 812-004-0110.

(11) The agency may process a complaint against a licensed contractor whose license was inactive under OAR 812-003-0330, 812-003-0340, 812-003-0350, 812-003-0360 and 812-003-0370 during the work period.

812-004-0400

Initial Administrative Processing of Complaints; Collection of Fee

(1) Upon receipt of a complaint, the agency must:

(a) Send a copy of the complaint to the respondent;

(b) Verify that the complainant has provided information required under OAR 812-004-0340 and request additional information from the complainant if necessary;

(c) Make a preliminary determination that the board has or lacks jurisdiction over the complaint based on the information provided by the complainant;

(d) If the agency makes a preliminary determination that it has jurisdiction over the complaint and the agency does not waive the complaint processing fee required under OAR 812-004-0110, the agency must request payment of the complaint processing fee. Except as provided in section (2) of this rule, the agency may suspend processing of the complaint until complainant pays this fee.

(e) If the agency determines that the complaint should be dismissed based on the information submitted by complainant, the agency must issue a proposed order to dismiss under OAR 812-004-0550. If the complainant requests a hearing on the dismissal and the agency does not waive the complaint processing fee required under OAR 812-004-0110, the agency must request payment of the complaint processing fee and may not transmit the complaint to the Office of Administrative Hearings for a hearing until the fee is paid.

(f) If the complainant does not pay the fee required under OAR 812-004-0110 within 30 days of written notification that the fee is due, the agency may close the complaint. The request for payment and closure must comply with OAR 812-004-0260. The agency may extend the time for payment of the fee upon a showing of good cause by the complainant.

(2) The agency may initiate an investigation to determine the validity of the complaint. The investigation may include an investigation conducted at an on-site meeting. At the agency's discretion, the agency may investigate a complaint even though the fee required under OAR 812-004-0110 has not been paid if the agency believes the public will benefit from continuing to investigate the complaint.

812-004-0550

Proposed Default Order to Dismiss, Other Resolution of Complaint by Proposed Default Order

(1) The agency may issue a proposed default order proposing dismissal of a complaint if the evidence in the complaint record persuades the agency that one of the following grounds for dismissal exists:

(a) The complaint is not the type of complaint that the agency has jurisdiction to determine under ORS 701.140.

(b) The complaint was not filed within the time limit specified under ORS 701.143.

(c) The complainant did not permit the respondent to comply with agency recommendations under ORS 701.145(3)(d).

(d) The complaint must be dismissed for lack of jurisdiction under OAR 812-004-0320(4) or (5).

(e) The respondent breached a contract or performed work negligently or improperly, but the monetary value of damages sustained by the complainant is less than an amount due to the respondent from the complainant under the terms of the contract.

(f) The complainant contends that the respondent did not fulfill the terms of a settlement that resolved the complaint but the agency finds that the respondent fulfilled the respondent's obligation under the settlement agreement.

(2) The agency may issue a proposed default order proposing dismissal of a complaint if the agency investigates the complaint and finds that the record of the complaint supports dismissal under OAR 812-004-0535.

(3) If the complainant makes a timely request for a hearing after the agency issued a proposed default order under section (1) or (2) of this rule, the agency may:

(a) Refer the complaint for an arbitration or contested case hearing solely to determine whether the dismissal was proper; or

(b) Require that the complainant file a statement of damages stating an amount the complainant alleges the respondent owes the complainant and refer the complaint for arbitration or a contested case hearing to determine if the complaint should be dismissed and if not, the validity of the complaint and whether the amount alleged, or some lesser amount is proper.

(4) The provisions of OAR 812-004-0560 apply to a proposed default order or a referral to the Office of Administrative Hearings issued under this rule.

Form of Exceptions to Agency Order in a Complaint

(1) Exceptions to an agency order filed by a party to a complaint under OAR 812-009-0400 or a respondent under 812-009-0420 must conform to the following requirements:

(a) Exceptions must be typed or legibly printed on 8-1/2 by 11" sheets of paper.

(b) The first page of the exceptions must be titled "Exceptions to Proposed Order." If the exceptions are filed in a complaint, the first page must show the file number, the names of the parties to the complaint and the party submitting the exceptions at the top of the page. If the exceptions are filed in an enforcement action, the first page must show the name of the respondent at the top of the page.

(c) Each page of the exceptions must be numbered at the bottom of the page.

(d) For each finding of fact in the proposed order that the party alleges is not supported by the evidence in the record the following information must be included in the exceptions:

(A) The pages on which the finding of fact appear and the number, if any, of the finding of fact;

(B) The text of the finding of fact; and

(C) An explanation or argument supporting the party's contention that the finding of fact is not supported by the evidence in the record.

(e) For each conclusion in the proposed order that the party alleges is based on an erroneous interpretation or application of a statute or administrative rule or is contrary to an appellate court decision the following information must be included in the exceptions:

(A) The pages on which the conclusion and the opinion that supports it appear;

(B) The text of the conclusion; and

(C) An explanation or argument supporting the party's contention that the conclusion is based on an erroneous interpretation or application of a statute or administrative rule or is contrary to an appellate court decision.

(f) For each procedural error committed by the administrative law judge that the party contends directly affected the decision in the proposed order in a manner prejudicial to the party the following information must be included in the exceptions:

(A) A description of the procedural error; and

(B) An explanation or argument supporting the party's contention that the procedural error affected the decision and was prejudicial to the party filing the exceptions.

ADMINISTRATIVE RULES

(g) If the party intends to rely on oral testimony at the hearing, a notification that the party intends to rely on oral testimony must be included in the exceptions.

(h) The party submitting the exceptions must sign and date the exceptions.

(2) If the agency provides forms to a party that comply with the requirements of section (1) of this rule, the agency may require that the party use the forms provided or forms that substantially match the forms provided if the party submits exceptions.

(3) The Appeal Committee may refuse to consider exceptions that do not substantially meet the requirements of sections (1) and (2) of this rule.

Adm. Order No.: CCB 13-2010(Temp)

Filed with Sec. of State: 7-7-2010

Certified to be Effective: 7-7-10 thru 1-2-11

Notice Publication Date:

Rules Amended: 812-005-0800

Subject: 812-005-0800 is amended to set forth the sanctions for violating the locksmith statutes and rules. These rules implement the provisions of ORS 701.475-701.490 (HB 3127, Oregon Laws 2009, chapter 781), regarding certification of locksmiths, enforcement of which becomes effective July 1, 2010. CCB certifies individuals who advertise or work as a locksmith. The individual must pass a test demonstrating competency. A business that offers locksmith services must be a licensed contractor and employ certified locksmiths. The certified locksmith must comply with the standards of professional conduct (OAR 812-030-0300).

Rules Coordinator: Catherine Dixon—(503) 378-4621, ext. 4077

812-005-0800

Schedule of Penalties

The agency may assess penalties, not to exceed the amounts shown in the following guidelines:

(1) \$600 for advertising or submitting a bid to do work as a contractor in violation of ORS 701.026 and OAR 812-003-0120, which may be reduced to \$200 if the respondent becomes licensed or to \$50 if the advertisement or bid is withdrawn immediately upon notification from the agency that a violation has occurred and no work was accepted as a result of the advertisement or bid; and

(2) \$700 per offense without possibility of reduction for advertising or submitting a bid to do work as a contractor in violation of ORS 701.026 and OAR 812-003-0120, when one or more previous violations have occurred, or when an inactive, lapsed, invalid, or misleading license number has been used; and

(3) \$1,000 per offense for performing work as a contractor in violation of ORS 701.026 when the Board has no evidence that the person has worked previously without having a license and no consumer has suffered damages from the work, which may be reduced to \$700 if the respondent becomes licensed within a specified time; and

(4) \$5,000 per offense for performing work as a contractor in violation of ORS 701.026, when an owner has filed a complaint for damages caused by performance of that work, which may be reduced to \$700 if the contractor becomes licensed within a specified time and settles or makes reasonable attempts to settle with the owner.

(a) A “complaint for damages” as used in section (4) of this rule includes, but is not limited to:

(A) A Construction Contractors Board Dispute Resolution Services (DRS) complaint; or

(B) A letter to Construction Contractors Board indicating that a citizen has been damaged by the contractor; and

(5) \$5,000 per offense for performing work as a contractor in violation of ORS 701.026, when one or more violations have occurred, or when an inactive, lapsed, invalid, or misleading license number has been used; and

(6) \$500 per offense for failure to respond to the agency’s request for the list of subcontractors required in ORS 701.345; and

(7) \$1,000 per offense for hiring an unlicensed subcontractor; and

(8) For failing to provide an “Information Notice to Owners about Construction Liens” as provided in ORS 87.093, when no lien has been filed, \$200 for the first offense, \$400 for the second offense, \$600 for the third offense, \$1,000 for each subsequent offense. Any time a lien has been filed upon the improvement, \$1,000.

(9) Failure to include license number in advertising or on contracts, in violation of OAR 812-003-0120: First offense \$100, second offense \$200, subsequent offenses \$400.

(10) Failure to list with the Construction Contractors Board a business name under which business as a contractor is conducted in violation of OAR 812-003-0260: First offense \$50, second offense \$100, subsequent offenses \$200.

(11) Failure to notify the Construction Contractors Board of a new or additional business name or personal surname (for sole proprietors) under which business as a contractor is conducted, in violation of OAR 812-003-0320: First offense warning, second offense \$50, subsequent offenses \$200.

(12) Failing to use a written contract as required by ORS 701.305: \$500 for the first offense; \$1,000 for the second offense; and \$5,000 for subsequent offenses.

(13) Violation of OAR 812-012-0130(1), failure to provide a Consumer Notification form; \$100 first offense; \$500 second offense; \$1,000 third offense; and \$5,000 for subsequent offenses. Civil penalties shall not be reduced unless the agency determines from clear and convincing evidence that compelling circumstances require a suspension of a portion of the penalty in the interest of justice. In no event shall a civil penalty for this offense be reduced below \$100.

(14) Failure to conform to information provided on the application in violation of ORS 701.046(4), issuance of a \$5,000 civil penalty, and suspension of the license until the contractor provides the agency with proof of conformance with the application and the terms of the application.

(a) If the violator is a limited contractor or residential limited contractor working in violation of the conditions established pursuant to OAR 812-003-0130 or 812-003-0131, the licensee shall be permanently barred from licensure in the limited contractor category or residential limited contractor endorsement.

(b) If the violator is a licensed developer, residential developer or commercial developer working in violation of the conditions established pursuant to ORS 701.005(3), (6) or (13) or 701.042, the licensee shall be permanently barred from licensure in the licensed developer category or residential developer or commercial developer endorsement.

(15) Knowingly assisting an unlicensed contractor to act in violation of ORS chapter 701, \$1,000.

(16) Failure to comply with any part of ORS chapters 316, 656, or 657, 701.035, 701.046 or 701.091, as authorized by ORS 701.106, \$1,000 and suspension of the license until the contractor provides the agency with proof of compliance with the statute.

(17) Violating an order to stop work as authorized by ORS 701.225(3), \$1,000 per day.

(18) Working without a construction permit in violation of ORS 701.098, \$1,000 for the first offense; \$2,000 and suspension of CCB license for three (3) months for the second offense; \$5,000 and permanent revocation of CCB license for the third and subsequent offenses.

(19) Failure to comply with an investigatory order issued by the Board, \$500 and suspension of the license until the contractor complies with the order.

(20) Violation of ORS 701.098(1)(k) by engaging in conduct as a contractor that is dishonest or fraudulent and injurious to the welfare of the public: first offense, \$1,000, suspension of the license or both; second and subsequent offenses, \$5,000, per violation, revocation or suspension of the license until the fraudulent conduct is mitigated in a manner satisfactory to the agency or both.

(21) Engaging in conduct as a contractor that is dishonest or fraudulent and injurious to the welfare of the public by:

(a) Not paying prevailing wage on a public works job; or

(b) Violating the federal Davis-Bacon Act; or

(c) Failing to pay minimum wages or overtime wages as required under state and federal law; or

(d) Failing to comply with the payroll certification requirements of ORS 279C.845; or

(e) Failing to comply with the posting requirements of ORS 279C.840: \$1,000 and suspension of the license until the money required as wages for employees is paid in full and the contractor is in compliance with the appropriate state and federal laws.

(22) Violation of ORS 701.098(1)(k) by engaging in conduct as a contractor that is dishonest or fraudulent and injurious to the welfare of the

ADMINISTRATIVE RULES

public, as described in subparagraphs (19) or (20), where more than two violations have occurred: \$5,000 and revocation of the license.

(23) When, as set forth in ORS 701.098(1)(g), the number of licensed contractors working together on the same task on the same job site, where one of the contractors is licensed exempt under ORS 701.035(2)(b), exceeded two sole proprietors, one partnership, or one limited liability company, penalties shall be imposed on each of the persons to whom the contract is awarded and each of the persons who award the contract, as follows: \$1,000 for the first offense, \$2,000 for the second offense, six month suspension of the license for the third offense, and three-year revocation of license for a fourth offense.

(24) Performing home inspections without being an Oregon certified home inspector in violation of OAR 812-008-0030(1): \$5,000.

(25) Using the title Oregon certified home inspector in advertising, bidding or otherwise holding out as a home inspector in violation of OAR 812-008-0030(3): \$5,000.

(26) Failure to conform to the Standards of Practice in violation of OAR 812-008-0202 through 812-008-0214: \$750 per offense.

(27) Failure to conform to the Standards of Behavior in OAR 812-008-0201(2)-(8): \$750 per offense.

(28) Offering to undertake, bidding to undertake or undertaking repairs on a structure inspected by an owner or employee of the business entity within 12 months following the inspection in violation of ORS 701.355: \$5,000 per offense.

(29) Failure to include certification number in all written reports, bids, contracts, and an individual's business cards in violation of OAR 812-008-0201(4): \$400 per offense.

(30) Violation of work practice standards for lead-based paint (LBP) activity pursuant to OAR 812-007-0140 or 812-007-0240 first offense, \$1,000; second offense, \$3,000; and third offense, \$5,000 plus suspension of license for up to one year. The civil penalty is payable to the Construction Contractors Board LBP Activities Fund as provided in ORS 701.995 and OAR 812-007-0025.

(31) Violation of work practice standards for LBP renovation pursuant to OAR 812-007-0340 or violation of recordkeeping and reporting requirements pursuant to OAR 333-070-0110: first offense, \$1,000; second offense, \$3,000; and third offense, \$5,000 and suspension of the certified LBP renovation contractor license for up to one year. The civil penalty is payable to the Construction Contractors Board LBP Activities Fund as provided in ORS 701.995 and OAR 812-007-0025.

(32) Violation of OAR 812-007-0100, 812-007-0200 or 812-007-0300: first offense, \$1,000; second offense, \$3,000; and third offense, \$5,000. The civil penalty is payable to the Construction Contractors Board Lead-Based Paint (LBP) Activities Fund as provided in ORS 701.995 and OAR 812-007-0025.

(33) Violation of ORS 279C.590:

(a) Imposition of a civil penalty on the contractor of up to ten percent of the amount of the subcontract bid submitted by the complaining subcontractor to the contractor or \$15,000, whichever is less; and

(b) Imposition of a civil penalty on the contractor of up to \$1,000; and

(c) Placement of the contractor on a list of contractors not eligible to bid on public contracts established to ORS 701.227(4), for a period of up to six months for a second offense if the offense occurs within three years of the first offense.

(d) Placement of the contractor on a list of contractors not eligible to bid on public contracts established to ORS 701.227(4), for a period of up to one year for a third or subsequent offense if the offense occurs within three years of the first offense.

(34) Violation of ORS 701.315, inclusion of provisions in a contract that preclude a homeowner from filing a breach of contract complaint with the Board: \$1,000 for the first offense, \$2,000 for the second offense, and \$5,000 for the third and subsequent offenses.

(35) Violation of ORS 701.345, failure to maintain the list of subcontractors: \$1,000 for the first offense; \$2,000 for the second offense, and \$5,000 for the third and subsequent offenses.

(36) Violation of 701.098(1)(e), knowingly providing false information to the Board: \$1,000 and suspension of the license for up to three months for the first offense; \$2,000 and suspension of the license for up to one year for the second offense; and \$5,000 and permanent revocation of license for the third offense.

(37) Failing to provide a written contract with the contractual terms provided by ORS 701.305 or OAR 812-012-0110: \$200 for the first offense; \$500 for the second offense; and \$1,000 for subsequent offenses.

(38) Working while the license is suspended if the licensee was required to provide an increased bond under ORS 701.068(5), 701.068(6), or OAR 812-003-0175: revocation.

(39) Working while the license is suspended for any violation of ORS 701.098(4)(a)(A) or 701.098(4)(a)(B): \$5,000 for first offense, and revocation for second or subsequent offense.

(40) Working while the license is suspended for any reason except as otherwise provided for by this rule: revocation.

(41) Failure to comply with ORS 701.106(1)(a); \$1,000 for the first offense, \$5,000 for the second offense; \$5,000 and permanent revocation of CCB license for the third offense.

(42) Failure to deliver as required by ORS 701.109(2) a copy of a final judgment; \$200 first offense, \$400 second offense; \$600 for the third offense; \$1,000 for each subsequent offense.

(43) Failure to maintain insurance as required under ORS 701.073 or to provide proof of insurance as required under OAR 812-003-0200, where there is no claim of loss submitted to the insurance company: first offense, \$500; second offense, \$1,000; third and subsequent offenses, \$5,000.

(44) Failure to maintain insurance as required under ORS 701.073 or to provide proof of insurance as required under OAR 812-003-0200, where there is a claim of loss submitted to the insurance company: first offense, \$2,000; second and subsequent offenses, \$5,000.

(45) Undertaking, offering to undertake, or submitting a bid to work as a locksmith when an individual is not certified as a locksmith or otherwise exempt under ORS 701.490: first offense, \$1,000; second offense, \$3,000; third offense, \$5,000.

(46) Undertaking, offering to undertake, or submitting a bid to provide locksmith services when a business is not a licensed construction contractor or otherwise exempt under ORS 701.490: first offense, \$1,000; second offense, \$3,000; third offense, \$5,000.

(47) Using the title of locksmith, locksmith professional, commercial locksmith, lock installer or any title using a form of the word "locksmith" that indicates or tends to indicate that the individual is a locksmith, unless an individual is certified as a locksmith or otherwise exempt under ORS 701.490: first offense, \$1,000; second offense, \$3,000; third offense, \$5,000.

(48) Using the title of locksmith, locksmith professional, commercial locksmith, lock installer or any title using a form of the word "locksmith" that indicates or tends to indicate that the business providing locksmith services, unless a business a) is a licensed construction contractor, and b) is owned by or employs a certified locksmith or is otherwise exempt under ORS 701.490: first offense, \$1,000; second offense, \$3,000; third offense, \$5,000.

(49) Violating any applicable provision of the rules in division 30, including violating any standard of professional conduct other than OAR 812-030-0300(4): first offense, \$1,000; second offense, \$3,000; third offense, \$5,000 and revocation of the certificate.

(50) Violating OAR 812-030-0300(4): first offense, \$200; second offense, \$500; third offense, \$1,000.

ADMINISTRATIVE RULES

Department of Administrative Services Chapter 125

Rule Caption: Allow state employees to conduct external reviews of other agency internal audit functions.

Adm. Order No.: DAS 1-2010(Temp)

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 6-29-10 thru 12-26-10

Notice Publication Date:

Rules Amended: 125-700-0015, 125-700-0055

Subject: Originally, the Administrative Rule required state agency internal audit functions to procure an external party to perform a peer review, required to maintain compliance with professional auditing standards and the OAR. This modification will allow the state to incorporate a "swap" program (an industry common practice) where internal auditors from other agencies can provide these reviews of compliance with professional auditing standards across agencies with general oversight from the Department of Administrative Services.

Rules Coordinator: Yvonne Hanna—(503) 378-2349, ext. 325

125-700-0015

Definitions

(1) Audit: The examination of documents, records, reports, systems of internal control, accounting and financial procedures, and other evidence for one or more of the following purposes:

(a) To ascertain whether the financial statements present fairly the financial position and the results of financial operations of the fund types and account groups in accordance with Generally Accepted Accounting Principles and federal and state rules and regulations;

(b) To determine compliance with applicable laws, rules, regulations and contract provisions;

(c) To review the efficiency and economy with which operations are carried out; and

(d) To review effectiveness in achieving results.

(2) Chief Audit Executive: An employee designated by the agency to manage the internal audit function.

(3) External Review: A review conducted by an outside provider or a team of qualified auditors to determine compliance with Professional Auditing Standards.

(4) Internal audit function: Staff employed or contractors hired to conduct audits and risk assessments in accordance with professional auditing standards within a state agency.

(5) Internal Auditing: Internal auditing is an independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management control, and governance processes.

(6) Professional Auditing Standards: Standards for internal audits that are consistent with and incorporate commonly recognized industry standards and practices.

(7) Risk: The possibility that an event will occur and adversely effect the achievement of objectives. Risk is measured in terms of impact (the effect) and probability (the likelihood the event will occur).

(8) Risk Assessment: A process of identifying, analyzing and prioritizing risks to activities of an agency.

(9) Risk Management: A process to identify, assess, manage, and control potential events or situations, to provide reasonable assurance regarding the achievement of the organization's objectives.

125-700-0055

External Peer Review

(1) State internal audit functions must have an external review to determine whether the function is operating in accordance with professional auditing standards. This review must result in an issued report.

(2) A copy of the external review report will be provided to the Internal Audit Section of the Oregon Department of Administrative Services with the internal audit function's annual report.

(3) State internal audit functions may have the review performed by an external provider, or may participate in a coordinated effort through the Department of Administrative Services to have a review performed by internal audit staff from other state agencies.

(a) Reviews performed under this coordinated effort must be performed by at least two auditors, and led by an auditor with formal training or experience performing external reviews.

(b) State internal audit functions who choose to participate in the coordinated effort must also volunteer time to perform reviews at other agencies.

Notice Publication Date:

Rules Adopted: 122-060-0030

Subject: The Department of Administrative Services (Department) has determined that probably receipts from taxes and other revenue sources for the 2009–11 General Fund appropriations will be less than anticipated by the Legislative Assembly when it enacted the state's budget for the 2009–11 biennium and made adjustments to that budget in the special session held during the 2010 calendar year. Consequently, the amount of General Fund revenue available for appropriations for the remainder of the 2009–11 biennium will be less than the amounts estimated or allotted therefore. Pursuant to ORS 291.261, acting on this determination and with the Governor's approval, and following notice to the agencies affected, the Department is reducing the allotment amounts for the remainder of the 2009–11 biennium to balance the state's budget and prevent state government from incurring a deficit in violation of Article XI, Section 7, of the Oregon Constitution.

Rules Coordinator: Yvonne Hanna—(503) 378-2349, ext. 325

122-060-0030

Allotment Reductions to Balance Budget and Prevent Deficit

(1)(a) The Department of Administrative Services (Department) has determined that probable receipts from taxes and other revenue sources for the 2009-11 General Fund appropriations will be less than anticipated by the Legislative Assembly when it enacted the state's budget for the 2009-11 biennium and made adjustments to that budget in the special session held during the 2010 calendar year. Consequently, the amount of General Fund revenue available for appropriations for the remainder of the 2009-11 biennium will be less than the amounts estimated or allotted therefore. Pursuant to ORS 291.261, acting on this determination and with the Governor's approval, and following notice to the agencies affected, the Department is reducing allotment amounts for the remainder of the 2009-11 biennium to balance the state's budget and prevent state government from incurring a deficit in violation of Article XI, Section 7, of the Oregon Constitution.

(b) The reductions in moneys allotted specified in Section 2 of this rule take effect on the date on which the Department files the rule with the Archives Division, Secretary of State.

(c) If one or more individual allotment reductions made under Section 2 of this rule is for any reason held to be invalid or unlawful, the remaining reductions shall not be affected but shall remain in full force and effect in accordance with the terms of this rule, and to this end the reductions made by this rule are severable.

(2) Moneys allotted for the final four quarters of the 2009-11 biennium are reduced by 4.6282 percent.

(3) On a schedule to be established by the Department, each agency for which allotments are reduced under this rule must submit to the Department estimates for the remaining allotment periods of the 2009-11 biennium that are consistent with the reductions.

(4) Notwithstanding section 2 above, the Department shall make no reductions in moneys allotted for payment on debt obligations incurred by the state prior to the effective date of this rule.

ADMINISTRATIVE RULES

Department of Agriculture Chapter 603

Rule Caption: Increase charges related to Official Seed Sampling and Verification services.

Adm. Order No.: DOA 11-2010

Filed with Sec. of State: 7-12-2010

Certified to be Effective: 7-12-10

Notice Publication Date: 6-1-2010

Rules Amended: 603-056-0305

Subject: The proposed amendments would increase the fees for performing official seed sampling and verifications. The revenue generated by the existing fee schedule no longer provides sufficient funds to cover the costs of the official sampling program. The ODA proposes a revised fee schedule as follows: set a minimum hourly charge of \$48; raise the fee for the first sample from \$26 to \$36; increase the fee for the following three subsequent samples from \$4 to \$6; set a fee for inaccessible lots at \$50.

Rules Coordinator: Sue Gooch—(503) 986-4583

603-056-0305

Regular Fees and Charges for Seed Sampling and Inspection

The following fees and charges are established for the services indicated. For Official Verification services, including but not limited to: fumigation, seed treatment, check-weighing and check loading, a charge of \$48 per hour shall apply. Chargeable time shall be computed to the nearest one-half hour, but shall not include travel time from the Department office to an inspection point.

For Official Sampling services, a charge of \$36 minimum shall apply for each call:

(1) \$36 for the first lot sampled;

(2) \$6 for each additional lot sampled;

(3) In instances where the first lot sampled and subsequent additional lots sampled equal an amount less than \$48 per hour; an hourly charge of \$48 per hour shall apply. Chargeable time shall be computed to the nearest one-half hour, but shall not include travel time from the Department office to an inspection point.

(4) The Department shall charge a fee of \$50, for each occurrence, when services are requested and the seed lot is inaccessible.

Rules Repealed: 603-077-0125

Subject: The rules govern the operation and enforcement of field burning in the Willamette Valley. The rules are necessary for the Department of Agriculture to operate the field-burning program mandated by SB 528 passed by the 2009 Oregon Legislative Assembly, including the enforcement function under ORS 468A.585 and the terms of the Memorandum of Understanding with the Environmental Quality Commission.

Rules Coordinator: Sue Gooch—(503) 986-4583

603-077-0101

Introduction

(1) This Division applies to the open field burning, propane flaming, and stack burning of all perennial and annual grass seed and cereal grain crops, and associated residue within Multnomah, Washington, Clackamas, Marion, Polk, Yamhill, Linn, Benton and Lane Counties, herein referred to as the Willamette Valley. It also includes rules pertaining only to fees for

open field burning of perennial and annual grass seed crops in the counties outside the Willamette Valley. The open burning of all other agricultural waste material is governed by OAR chapter 340, division 264, Rules for Open Burning.

(2) Organization of rules:

(a) OAR 603-077-0103 is the policy statement of the Oregon Department of Agriculture setting forth the goals of this Division;

(b) OAR 603-077-0105 contains definitions of terms which have specialized meanings within the context of this Division;

(c) OAR 603-077-0110 lists general provisions and requirements pertaining to all open field burning, propane flaming, and stack burning with particular emphasis on the duties and responsibilities of the grower registrant;

(d) OAR 603-077-0112 lists procedures and requirements for registration of acreage, issuance of permits, collection of fees, and keeping of records, with particular emphasis on the duties and responsibilities of the local permit issuing agencies;

(e) OAR 603-077-0113 establishes acreage limits and methods of determining acreage allocations;

(f) OAR 603-077-0115 establishes criteria for authorization of open field burning, propane flaming, and stack burning pursuant to the administration of a daily smoke management control program;

(g) OAR 603-077-0119 establishes special provisions pertaining to areas where field burning is either prohibited or restricted.

(h) OAR 603-077-0131 establishes special provisions pertaining to field burning by public agencies for official purposes, such as "training fires";

(i) OAR 603-077-0133 establishes special provisions pertaining to "preparatory burning";

(j) OAR 603-077-0135 establishes special provisions pertaining to open field burning for experimental purposes;

(k) OAR 603-077-0137 establishes special provisions pertaining to burning fees outside the Willamette Valley;

(l) OAR 603-077-0139 establishes special provisions pertaining to emergency open burning;

(m) OAR 603-077-0140 establishes special provisions and procedures pertaining to emergency cessation of burning;

(n) OAR 603-077-0145 establishes provisions pertaining to propane flaming;

(o) OAR 603-077-0155 establishes provisions pertaining to "stack burning."

(p) OAR 603-077-0165 thru 603-077-0195 establish provisions pertaining to enforcement procedures and civil penalties.

Stat. Auth.: ORS 561.190

603-077-0103

Policy

In the interest of public health and welfare, it is the declared public policy of the State of Oregon to reduce the practice of open field burning while developing and providing alternative methods of field sanitation and alternative methods of utilizing and marketing grass seed and cereal grain straw residues and to control, reduce, and prevent air pollution from open field burning, propane flaming, and stack burning by smoke management. In developing and carrying out a smoke management control program it is the policy of the Department:

(1) To allow for field burning based on the limits specified in state law while protecting health and welfare, recognizing:

(a) The importance of flexibility and judgment in the daily decision-making process, within established and necessary limits;

(b) The need for operational efficiency within and between each organizational level;

(c) The need for effective compliance with all regulations and restrictions.

(2) To study, develop and encourage the use of reasonable and economically feasible alternatives to the practice of open field burning.

(3) To increase the degree of public safety by preventing unwanted wild fires and smoke from open field burning, propane flaming, and stack burning near highways and freeways within the State of Oregon. The Department hereby adopts by reference, as rules of the Department OAR 837-110-0005 through 837-110-0155, the rules of the State Fire Marshal filed with the Secretary of State on November 13, 2009. These rules shall apply to that area west of the Cascade Range and south to the Douglas/Lane County lines.

603-077-0105

Definitions

As used in this Division:

(1) "Actively Extinguish" means the direct application of water or other fire retardant to an open field fire.

(2) "Permit" or "Burn Permit" or "Burning Permit" means a permit issued by the Department pursuant to ORS 468A.575.

(3) "Candidate Fields" means all grass seed or cereal grain fields being considered for open field burning or propane flaming.

(4) "Commission" means the Environmental Quality Commission.

(5) "Critical Nonburn Area" means the area of a grass seed or cereal grain field where burning is prohibited, such as underneath power transmission lines, or near a school, airport, or hospital pursuant to OAR 603-077-0119. This prohibition may be permanent or for a limited period of time, as provided in these rules.

(6) "Crop" means cultivated agricultural plants such as grain.

(7) "Cumulative Hours of Smoke Intrusion in the Eugene-Springfield Area means the average of the totals of cumulative hours of smoke intrusion recorded, for the Eugene site and the Springfield site, where it has been determined by the Department that open field burning, propane flaming, or stack burning was a significant contributor to the smoke intrusion:

(a) The Department shall record one hour of intrusion for each hour the nephelometer hourly reading exceeds a background level by 1.8 x 10-4 b-scat units or more but less than the applicable value in subsection (b) of this section;

(b) The Department shall record two hours of intrusion for each hour the nephelometer hourly reading exceeds a background level by 5.0 x 10-4 b-scat units:

(c) The background level shall be the average of the three hourly readings immediately prior to the intrusion.

(8) "Department" means the Oregon Department of Agriculture.

(9) "Director" means the Director of the Department or delegated employee representative.

(10) "Director of Agriculture" means the Director of the Oregon Department of Agriculture.

(11) "Drying Day" means a 24-hour period during which the relative humidity reached a minimum less than 50 percent and no rainfall was recorded at the nearest reliable measuring site.

(12) "Effective Mixing Height" means either the actual height of plume rise as determined by ODA field staff or the calculated or estimated mixing height as determined by the Department.

(13) "Emergency Open Burning" is defined in Oregon Administrative Rule by the Oregon Department of Environmental Quality; OAR 340-266-0030.

(14) "Field-by-Field Burning" means burning on a limited or restricted basis in which the amount, rate, and area authorized for burning is closely controlled and monitored. Included under this definition are experimental open field burning emergency burning, and burning within priority areas.

(15) "Field Reference Code" means a unique four-part code which identifies a particular registered field for mapping purposes. The first part of the code shall indicate the grower registration (form) number, the second part the line number of the field as listed on the registration form, the third part the crop type, and the fourth part the size (acreage) of the field (e.g., a 35 acre perennial (Chewings Fescue) field registered on Line 2 of registration form number 1953 would be 1953-2-P-CF-35).

(16) "Field Specific Burn Plan" means an individual burn plan designed for a field or acreage that has been approved under OAR 340-266-0065 for emergency burning, which identifies specific criteria, conditions, precautions, and requirements that need to be followed when burning in order to ensure the smoke does not endanger public health and safety.

(17) "Fire District" or "District" or "Fire Protection District" means a fire permit issuing agency.

(18) "Fire Permit" means a permit issued by a local fire permit issuing agency pursuant to ORS 477.515, 476.380, or 478.960.

(19) "Fires-Out Time" means the time announced by the Department when all flames and major smoke sources associated with open field burning should be out and prohibition conditions are scheduled to be imposed.

(20) "Fluffing" means an approved mechanical method of stirring or tending crop residues for enhanced aeration and drying of the full fuel load, thereby improving the field's combustion characteristics.

(21) "Grower" means a person that cultivates perennial or annual grass seed or cereal grain.

(22) "Grower Allocation" means the amount of acreage sub-allocated annually to the grower registrant, based on the grower registrant's pro rata share of the maximum annual acreage limitation, representing the maximum amount for which burning permits may be issued, subject to local authorization. Grower allocation is defined by the following identity:

$$\text{Grower Allocation} = (\text{Maximum annual acreage limit}) \times ((\text{Total acreage registered by the grower registrant}) / (\text{Total acreage registered in the valley}))$$

(23) "Grower Registrant" means any person who registers acreage with the Department for purposes of open field burning, propane flaming, or receives a permit to stack burn.

(24) "Identified Species" means a grass seed field consisting of Creeping Red Fescue, Chewings Fescue, or Highland Bentgrass, or as identified by the Director of Agriculture.

(25) "Marginal Conditions" means atmospheric conditions such that smoke and particulate matter escape into the upper atmosphere with some difficulty but not such that limited additional smoke and particulate matter would constitute a danger to the public health and safety.

(26) "Marginal Day" means a day on which marginal conditions exist.

(27) "Nephelometer" means an instrument for measuring ambient smoke concentrations.

(28) "Northerly Winds" means winds coming from directions between 270° to 90° in the north part of the compass, averaged through the effective mixing height.

(29) "Open Field Burning" means burning of any grass seed or cereal grain crops, or associated residue, including steep terrain and species identified by the Director of Agriculture, or any "emergency" or "experimental" burning, as identified in these rules.

(30) "Open Field Burning Permit" means a permit issued by the Department pursuant to ORS 468A.575.

(31) "Permit Agent" means the person under contract or otherwise authorized by the department to administer registration of acreage, issue burn permits, collect fees, and keep records for open field burning, propane flaming, or stack burning within their permit jurisdictions pursuant to ORS 468A.550 et seq.

(32) "Permit Issuing Agency" means the county court or board of county commissioners, or fire chief or a rural fire protection district or other person authorized to issue fire permits pursuant to ORS 477.515, 476.380, or 478.960.

(33) "Person" means, but is not limited to, individuals, corporations, associations, firms, partnerships, joint stock companies, public and municipal corporations, political subdivisions, states and their agencies, and the Federal Government and its agencies.

(34) "Preparatory Burning" means controlled burning of portions of selected fields for the specific purpose of reducing the fire hazard potential or other conditions which would otherwise inhibit rapid ignition burning when the field is subsequently open burned.

(35) "Priority Acreage" means acreage located within a priority area.

(36) "Priority Areas" means certain areas in the Willamette Valley where burning is restricted, such as near population centers, airports, Interstate I-5, and other highways, as specified in 603-077-0119(1).

(37) "Problem Field" means a field where special precautions need to be taken by the grower because of potential fire hazard or proximity to a sensitive area, as specified in OAR 603-077-0119(4).

(38) "Prohibition Conditions" means conditions under which open field burning is not allowed except for individual burns specifically authorized by the Department pursuant to OAR 603-077-0115(2).

(39) "Propane Flaming" means the flame sanitization of a grass seed or cereal grain field using a mobile flamer device which meets the following design specifications and utilizes an auxiliary fuel such that combustion is nearly complete and emissions are significantly reduced:

(a) Flamer nozzles shall not be more than 15 inches apart;

(b) A heat deflecting hood is required and shall extend a minimum of three feet beyond the last row of nozzles.

(40) "Propane Flaming Permit" means a permit issued by the Department pursuant to ORS 468A.575 and consisting of a validation number and specifying the conditions and acreage specifically registered and allocated for propane flaming.

(41) "Quota" means an amount of acreage established by the Department for each fire district for use in authorizing daily burning limits in a manner to provide, as reasonably as practicable, an equitable opportunity for burning in each area.

(42) "Rapid Ignition Techniques" means a method of burning in which all sides of the field are ignited as rapidly as practicable to maximize

ADMINISTRATIVE RULES

plume rise. When using this method, little or no preparatory backfire burning shall be done.

(43) "Released Allocation" means that part of a grower's allocation, by registration form, that is unused and voluntarily released to the Department for first come-first serve dispersal to other grower registrants.

(44) "Residue" means straw, stubble, screenings and associated crop material generated in the production of grass seed and cereal grain crops.

(45) "Responsible Person" means each person who is in ownership, control, or custody of the real property on which open field burning occurs, including any tenant thereof, or who is in ownership, control or custody of the material which is burned, or the grower registrant. Each person who causes or allows open field burning, propane flaming, or stack burning to be maintained shall also be considered a responsible person.

(46) "Screenings" means organic waste materials resulting from the seed cleaning process of grass seed and cereal grain.

(47) "Small-Seeded Seed Crops Requiring Flame Sanitation" means small-seeded grass, legume, and vegetable crops, or other types approved by the Department, which are planted in early autumn, are grown specifically for seed production, and which require flame sanitation for proper cultivation. For purposes of this Division, clover and sugar beets are specifically included. Cereal grains, hairy vetch, or field peas are specifically not included.

(48) "Smoke Management" means a system for the daily or hourly control of open field burning, propane flaming, or stack burning through authorization of the times, locations, amounts and other restrictions on burning, so as to provide for suitable atmospheric dispersion of smoke particulate and to minimize impact on the public.

(49) "Southerly Winds" means winds coming from directions between 90° to 270° in the south part of the compass, averaged through the effective mixing height.

(50) "Stack Burning" means the open burning of bound, baled, collected, gathered, accumulated, piled or stacked straw residue from perennial or annual grass seed or cereal grain crops.

(51) "Stack Burning Permit" means a permit issued by the Department pursuant to ORS 468A.575 that identifies the responsible person, date of permit issuance, and specifies the acreage and location authorized for stack burning.

(52) "State Fire Marshal Fire Safety Buffer Zone" means an area within 1/4 mile of Interstate I-5, and 1/8 mile of major highways, that is required to have a noncombustible ground surface, as defined in the State Fire Marshal rules in OAR 837 Division 110.

(53) "Steep Terrain" means a grass seed or cereal grain field defined by Revised Universal Soil Loss Equation (RUSLE) and percent slope, as identified by the Director of Agriculture.

(54) "Test Fires" means individual field burns specifically authorized by the Department for the purpose of determining or monitoring atmospheric dispersion conditions.

(55) "Training Fires" means individual field burns set by or for a public agency for the official purpose of training personnel in fire-fighting techniques.

(56) "Unusually High Evaporative Weather Conditions" means a combination of meteorological conditions following periods of rain that result in sufficiently high rates of evaporation, as determined by the Department, where fuel (residue) moisture content would be expected to approach about 12 percent or less.

(57) "Validation Number" is used interchangeably with "Burn Permit" and means:

(a) For open field burning a unique five-part number issued by the Department or its delegate identifying a specific field and acreage allowed to be open field burned and the date and time the permit was issued (e.g., a validation number issued August 26 at 2:30 p.m. for a 70-acre burn for a field registered on Line 2 of registration form number 1953 would be 1953-2-0826-1430-070);

(b) For propane flaming and stack burning a unique five part alphanumeric, issued by the Department or its delegate, identifying a specific field and acreage allowed to be propane flamed or stack burned, the date and time the permit was issued, and the burn type

(e.g., a validation number issued on July 15 for a 100 acre field to be propane flamed registered on Line 4 of registration form 9999 would be 9999-4-0715-P-100).

(58) "Ventilation Index (VI)" means a calculated value used as a criterion of atmospheric ventilation capabilities. The Ventilation Index as used in this Division is defined by the following identity:

$$VI = (\text{Effective mixing height (feet)}) / 1,000 \times (\text{Average wind speed through the effective mixing height (knots)})$$

(59) "Wildfire" means an uncontrollable fire started due to a breakdown of equipment, an accident, caused by human error or negligence or any other cause, including an intentional act.

(60) "Willamette Valley" means, for the purposes of these rules, Benton, Clackamas, Lane, Linn, Marion, Multnomah, Polk, Washington, and Yamhill counties.

603-077-0110

General Requirements

(1) No person shall cause or allow open field burning or propane flaming on any acreage unless said acreage has first been registered and mapped pursuant to OAR 603-077-0112(1), the registration fee has been paid, and the registration (permit application) has been approved by the Department.

(2) No person shall cause or allow open field burning, propane flaming, or stack burning without first obtaining and being able to readily demonstrate a valid burning permit and fire permit from the appropriate permit issuing agent pursuant to OAR 603-077-0112(2). On the specific day of and prior to open field burning, propane flaming, or stack burning of any grass seed or cereal grain crop or associated residue the grower registrant shall obtain, in person or by telephone, a valid burning permit and fire permit from the appropriate permit issuing agent pursuant to OAR 603-077-0112.

(3) The Department may prohibit any person from registering acreage for open field burning or propane flaming and may deny burn permits for open field burning, propane flaming, and stack burning until all delinquent registration fees, late fees, burn permit fees, and adjudicated penalties from previous seasons are paid. The Department may also institute appropriate legal action to collect the delinquent fees.

(4) No person shall open field burn cereal grain acreage unless that person first issues to the Department a signed statement, and then acts to ensure, that said acreage will be planted in the following growing season to a small-seeded seed crop requiring flame sanitation for proper cultivation, as defined in OAR 603-077-0105(2).

(5) No person shall cause or allow open field burning, propane flaming, or stack burning which is contrary to the Department's announced burning schedule specifying the times, locations and amounts of burning permitted, or to any other provision announced or set forth by the Department or this Division.

(6) Each responsible person open field burning or propane flaming shall have an operating radio receiver, or other monitoring device approved by the Department, and shall directly monitor the Department's burn schedule announcements at all times while open field burning or propane flaming.

(7) Each responsible person open field burning or propane flaming shall actively extinguish all flames and major smoke sources when prohibition conditions are imposed by the Department or when instructed to do so by an agent or employee of the Department.

(8) Each responsible person open field burning shall make every reasonable effort to expedite and promote efficient burning and prevent excessive emissions of smoke by:

(a) Meeting all of the State Fire Marshal requirements specified in OAR 837-110-0040 through 837-110-0080;

(b) Ensuring field residues are evenly distributed, dry, and in good burning condition;

(c) Employing rapid ignition techniques on all acreage where there are no imminent fire hazards or public safety concerns.

(9) In the event of a "wildfire" and a grower is unable to comply with all of the requirements of this Division, the grower shall:

(a) Immediately take action to stop, contain, and correct the problem.

(b) As soon as practicable notify the designated permit agent. If the permit agent is unavailable, the grower must contact the department.

(A) Notification must be by phone, fax, email, in person, or other method as technology allows, and is approved by the Department.

(B) If a grower is unable to contact his/her designated permit agent or the department, then a detailed message must be left with the Department and the permit agent explaining the problem, the solution, the field information, and grower information.

(10) Open field burning, propane flaming, or stack burning in compliance with this Division does not exempt any person from any civil or criminal liability for consequences or damages resulting from such burning, nor does it exempt any person from complying with any other applicable

ADMINISTRATIVE RULES

law, ordinance, regulation, rule, permit, order or decree of the Department, Commission or any other government entity having jurisdiction.

(1) Open field burning shall be regulated in a manner consistent with the requirements of the Oregon Visibility Protection Plan for Class I Areas (Section 5.2 of the State of Oregon Clean Air Act Implementation Plan adopted under OAR 340-200-0040).

603-077-0112

Registration, Permits, Fees, Records

In administering a field burning smoke management program, the Department may contract with counties or fire districts or any other responsible individual to administer registration of acreage, issuance of permits, collection of fees, and keeping of records for open field burning, propane flaming, or stack burning within their permit jurisdictions. The Department shall pay said authority for these services in accordance with the payment schedule provided for in ORS 468A.615. Three-quarters of said payment shall be made prior to July 1 of each year and the remainder shall be paid within ten days after completion of the end of season reconciliation:

(1) Registration of acreage:

(a) On or before April 1 of each year, each grower intending to open burn or propane flame under this Division shall register the total acreage to be open burned or propane flamed. Said acreage shall be registered with the Department or its authorized permit agent on the registration forms provided. Candidate fields for open field burning or propane flaming shall be listed on the registration form and shall also be delineated on specially provided registration map materials and identified using a unique field reference code. Each candidate field listed state if the field is located in a priority area, contains a critical non-burn area, is a problem field or is being requested for emergency burning. Registration, listing of fields, and mapping shall be completed according to the established procedures of the Department. Fields to be registered for burning must be planted in crops that can be open burned or propane flamed in the same year that they are registered, and must be owned or under the control of the registrant. At the time of registration, a non-refundable registration fee of \$4 shall be paid for each acre registered for open field burning and \$2 shall be paid for each acre registered for propane flaming. A complete registration (permit application) shall consist of a fully executed registration form, map and fee. Acreage registered by April 1 may be issued a burn permit if:

(A) Allocation is available; and

(B) The initial registration fee account has a sufficient balance.

(b) Registration for stack burning will occur twice annually. Each grower intending to stack burn under this Division during the first stack burn period, February 5 through May 31, must register between January 2 through January 31.

(c) Each grower intending to stack burn under this Division during the second stack burn period, October 5 through December 31, must register between September 1 and September 30.

(d) Registration of open field burning and propane flaming acreage after April 1 of each year shall require the prior approval of the Department and an additional \$2 per acre late registration fee. The late registration fee shall not be charged if the late registration is not due to the fault of the registrant or one under the registrant's control;

(e) Copies of all registration forms and fees shall be forwarded to the Department promptly by the permit agent. Registration map materials shall be made available to the Department at all times for inspection and reproduction;

(f) The Department shall act on any registration application within 60 days of receipt of a completed application. The Department may deny or revoke any registration application which is incomplete, false or contrary to state law or this Division;

(g) The grower registrant shall insure the information presented on the registration form and map is complete and accurate.

(2) Permits:

(a) Permits for open field burning, propane flaming, or stack burning shall be issued by the Department, or its authorized permit agent, to the grower registrant in accordance with the established procedures of the Department, and the times, locations, amounts and other restrictions set forth by the Department or this Division;

(b) A fire permit from the designated fire permit issuing agency is also required for all open field burning pursuant to ORS 477.515, 476.380, 478.960;

(c) A valid open field burning permit shall consist of:

(A) An open field burning permit issued by the Department which specifies the permit conditions in effect at all times while burning and which identifies the acreage specifically registered and annually allocated for burning;

(B) A validation number issued by the designated permit agent on the day of the burn identifying the specific acreage allowed for burning and the date and time the permit was issued.

(d) A valid propane flaming permit shall consist of:

(A) A propane flaming registration form issued by the Department which specifies the permit conditions in effect at all times while flaming and which identifies the acreage specifically registered and annually allocated for propane flaming;

(B) A validation number issued by the designated permit agent identifying the specific acreage allowed for propane flaming and the date and time the permit was issued.

(e) A valid stack burning permit shall consist of the name of the responsible person and date the permit was issued, and shall specify the acreage and location authorized;

(f) Each responsible person open field burning, propane flaming, or stack burning shall pay a per acre burn fee within ten days of the date the permit was issued. The fee shall be:

(A) \$16 per acre sanitized by open field burning;

(B) \$4 per acre sanitized by propane flaming;

(C) \$10 per acre burned in stacks.

(D) For grass seed and cereal grain residue from previous seasons, broken bales, or fields where a portion of straw was removed using usual or standard baling methods, the acreage actually burned shall be estimated and the same per acre fee as imposed in paragraph (C) of this subsection shall be charged. The estimated acreage shall be rounded to the nearest whole acre.

(g) Burning permits shall at all times be limited by and subject to the burn schedule and other requirements or conditions announced or set forth by the Department;

(h) No person shall issue burning permits for open field burning, propane flaming, or stack burning of:

(A) More acreage than the amount sub-allocated annually to the grower by the Department pursuant to OAR 603-077-0113(2);

(B)(i) Priority or fire safety buffer zone acreage located on the upwind side of any city, airport, Interstate freeway or highway within the same priority area or buffer zone.

(ii) It is the responsibility of each designated permit agent to establish and implement a system for distributing open field burning, propane flaming, or stack burning permits to individual grower registrants when burning is authorized, provided that such system is fair, orderly and consistent with state law, this Division and any other provisions set forth by the Department.

(3) Fees:

(a) Permit agents shall collect, properly document, and promptly forward all required registration fees, late registration fees, and burn fees to the Department;

(b) All fees shall be deposited in the State Treasury to the credit of the Department of Agriculture Service Fund.

(4) Records:

(a) Permit agents shall at all times keep proper and accurate records of all transactions pertaining to registrations, permits, fees, allocations, and other matters specified by the Department. Such records shall be kept by the permit agent for a period of at least five years and made available for inspection by the appropriate authorities;

(b) Permit agents shall submit to the Department on specially provided forms weekly reports of all acreage burned in their permit jurisdictions. These reports shall cover the weekly period of Monday through Sunday, and shall be returned to the Department no later than the first working day of the following week.

Acreage Limitations, Allocations

(1) Limitation of Acreage:

(a) Except for acreage and residue open field burned pursuant to OAR 603-077-0135, 603-077-0139, 603-077-0140, 603-077-0145, and 603-077-0155, the maximum acreage to be open field burned annually in the

ADMINISTRATIVE RULES

Hist.: DOA 2-1998, f. & cert. ef. 3-3-98; DOA 10-2009(Temp), f. & cert. ef. 7-15-09 thru 12-1-09; Administrative correction 12-23-09; DOA 12-2010, f. & cert. ef. 7-12-10

Willamette Valley under this Division shall not exceed 15,000 acres of steep terrain and "identified species" as defined in OAR 603-077-0105.

(b) Steep terrain and identified species burning is prohibited in Benton and Lane Counties, and in Linn County, except for portions of northeast Linn County that are east of the North Santiam River and North of Jefferson-Scio Drive and Robinson Drive to the west boundary of the city of Scio and north of Highway 226, and portions of northeast Linn County that are east of Richardson Gap Road and north of Fish Hatchery Drive.

(c) The Commission may by order permit emergency open field burning, propane flaming, or stack burning of up to 2,000 acres annually, in addition to the limitations on acreage specified in this section. Requirements for emergency burning are specified in OAR 603-077-0139.

(d) The maximum acreage to be propane flamed annually in the Willamette Valley under this Division shall not exceed 500 acres for the years 2009, 2010, 2011, and 2012. For the year 2013 and thereafter all propane flaming is prohibited.

(e) The maximum acreage to be stack burned annually in the Willamette Valley under this Division shall not exceed 1000 acres for the years 2009, 2010, 2011, 2012. For the year 2013 and thereafter all stack burning is prohibited.

(f) Other limitations on acreage allowed to be open field burned are specified in OAR 603-077-0115(7), 603-077-0119, 603-077-0133(1), and 603-077-0135(1), 603-007-0139.

(2) Allocation of Acreage:

(a) In the event that total open field burning and propane flaming registration as of April 1 is less than or equal to the maximum acreage allowed to be open field burned or propane flamed annually, pursuant to subsection (1)(a), and (c) of this rule, the Department shall sub-allocate to each grower registrant and each district (subject to daily burn authorization) 100 percent of their respective registered acreage;

(b) In the event that total open field burning and propane flaming registration as of April 1 exceeds the maximum acreage allowed to be open field burned or propane flamed annually, pursuant to subsection (1)(a), and (c), of this rule, the Department may sub-allocate to growers on a pro rata share basis not more than 100 percent of the maximum acreage limit, referred to as "grower allocation."

(c) Transfer of allocations for farm management purposes may be made within and between fire districts and between grower registrants on a one-in/one-out basis under the supervision of the Department. The Department may assist grower registrants by administering a reserve of released allocation for first come-first served utilization.

(d) In the event that total stack burning registration at the close of the first registration period of January 2 through January 31 is less than or equal to the maximum of 250 acres out of the 1000 acre annual allocation pursuant to subsection (1)(e) of this rule, for the first stack burn period of February 5 through May 31, the Department shall sub-allocate to each grower registrant (subject to daily burn authorization) 100 percent of their respective registered acreage.

(e) In the event that total stack burning registration at the close of the first registration period of January 2 through January 31 exceeds the maximum of 250 acres out of the 1000 acre annual allocation pursuant to subsection (1)(e) of this rule, for the first stack burn period of February 5 through May 31, the Department may sub-allocate to each grower registrant on a pro rata basis not more than 100 percent of the maximum acreage limit, referred to as "grower allocation." If any acreage remains unburned at the end of this first stack burn period, this acreage will be added to the maximum acreage allowed to be burned during the second burn period pursuant to subsections (2)(f)(g)

(f) In the event that total stack burning registration at the close of the second registration period of September 1 through September 30 is less than or equal to the maximum of 750 acres allowed to be burned for the second stack burn period of October 5 through December 31 pursuant to subsection (1)(e) of this rule, the Department shall sub-allocate to each grower registrant (subject to daily burn authorization) 100 percent of their respective registered acreage;

(g) In the event that total stack burning registration at the close of the second registration period of September 1 through September 30 exceeds the maximum of 750 acres out of the 1000 acre annual allocation pursuant to subsection (1)(e) of this rule, for the second stack burn period of October 5 through December 31, the Department may sub-allocate to each grower registrant on a pro rata basis not more than 100 percent of the maximum acreage limit, referred to as "grower allocation."

Stats. Implemented: ORS 468A.585

603-077-0115

Daily Burning Authorization Criteria

As part of the Smoke Management Program provided for in ORS 468A.590, the Department shall set forth the types and extent of open field burning, propane flaming, and stack burning to be allowed each day according to the provisions established in this section and this Division:

(1) During the active burning season and on an as needed basis, the Department shall announce the burning schedule over the burning radio network, or other communication technology method as approved by the Department, and operated specifically for this purpose or by other appropriate means. The schedule shall specify the times, locations, amounts and other restrictions in effect for open field burning, propane flaming, and stack burning. The Department shall notify Oregon Emergency Management of the burning schedule for dissemination to appropriate Willamette Valley agencies.

(2) Prohibition conditions:

(a) Prohibition conditions shall be in effect at all times unless specifically determined and announced otherwise by the Department;

(b) Under prohibition conditions, no permits shall be issued and no open field burning shall be conducted in any area except for individual burns specifically authorized by the Department on a limited extent basis. Such limited burning may include field-by-field burning, preparatory burning, or burning of test fires, except that:

(A) No open field burning shall be allowed:

(i) In any area subject to a ventilation index of less than 10.0;

(ii) In any area upwind, or in the immediate vicinity, of any area in which, based upon real-time monitoring, a violation of federal or state air quality standards is projected to occur.

(B) Only test-fire burning may be allowed:

(i) In any area subject to a ventilation index of between 10.0 and 15.0, inclusive, except for experimental burning specifically authorized by the Department pursuant to OAR 603-077-0135;

(ii) When relative humidity at the nearest reliable measuring station exceeds 50 percent under forecast northerly winds or 65 percent under forecast southerly winds.

(3) Marginal conditions:

(a) The Department shall announce that marginal conditions are in effect and open field burning is allowed when, in its best judgment and within the established limits of this Division, the prevailing atmospheric dispersion and burning conditions are suitable for satisfactory smoke dispersal with minimal impact on the public, provided that the minimum conditions set forth in paragraphs (2)(b)(A) and (B) of this rule are satisfied;

(b) Under marginal conditions, permits may be issued and open field burning may be conducted in accordance with the times, locations, amounts, and other restrictions set forth by the Department and this Division.

(4) Hours of burning:

(a) Burning hours shall be limited to those specifically authorized by the Department each day and may be changed at any time when necessary to attain and maintain air quality;

(b) Burning hours may be reduced by the fire chief or his deputy, and burning may be prohibited by the State Fire Marshal, when necessary to prevent danger to life or property from fire, pursuant to ORS 478.960.

(5) Locations of burning:

(a) Locations of burning shall at all times be limited to those areas specifically authorized by the Department; except for areas where burning is restricted or prohibited, as specified in OAR 603-077-0119.

(6) Amounts of burning:

(a) To provide for an efficient and equitable distribution of burning, daily authorizations of acreages shall be issued by the Department in terms of single or multiple fire district quotas. The Department shall establish quotas for each fire district and may adjust the quotas of any district when conditions in its judgment warrant such action;

(b) Unless otherwise specifically announced by the Department, a one quota limit shall be considered in effect for each district authorized for burning;

(c) The Department may issue more restrictive limitations on the amount, density or frequency of burning in any area or on the basis of crop type, when conditions in its judgment warrant such action.

(7) Limitations on burning based on air quality:

(a) Should smoke intrusions occur in the Eugene-Springfield area from the burning of identified species, steep terrain, propane flaming, or stack burning, pursuant to OAR 603-077-0113, that are in excess of the

ADMINISTRATIVE RULES

cumulative hours identified below, the minimum allowable effective mixing height for any additional open field burning for the remainder of the year shall be as follows:

Cumulative Hours in the — Minimum Effective
Eugene-Springfield Area — Mixing Height (feet)
0-14 hours — No minimum
15-19 hours — 4,000
20-14 hours — 4,500
25 and greater — 5,500

(b) The effective mixing height restrictions in paragraph (a) of this subsection shall not apply to emergency burning or experimental burning, pursuant to OAR 603-077-0135 or 603-077-0139.

(8) Limitations on burning based on rainfall:

(a) Open field burning and propane flaming shall be prohibited in any area for one drying day (up to a maximum of four consecutive drying days) for each 0.10 inch increment of rainfall received per day at the nearest reliable measuring station;

(b) The Department may waive the restrictions of subsection (a) of this section when dry fields are available as a result of special field preparation or condition, irregular rainfall patterns, or unusually high evaporative weather condition.

(9) Other discretionary provisions and restrictions:

(a) The Department may require special field preparations before burning, such as, but not limited to, mechanical fluffing of residues, when conditions in its judgment warrant such action;

(b) The Department may designate specified periods following permit issuance within which time active field ignition must be initiated and/or all flames must be actively extinguished before said permit is automatically rendered invalid;

(c) The Department may designate additional areas as priority areas when conditions in its judgment warrant such action.

603-077-0119

Burning Restrictions and Prohibitions.

The following identifies smoke management requirements for Priority Areas, Critical Non-Burn Areas, Fire Marshal Buffer Zones, and Problem Fields, where burning is either restricted or prohibited, in order to further protect public health and safety from smoke impacts and potential fire hazards:

(1) Priority Areas:

(a) The following are priority areas where open field burning, propane flaming, and stack burning are restricted by the Department. No priority area acreage shall be burned upwind of any city, airport, Interstate freeway within the same priority area. Any burning within a priority area is subject to field by field authorization of the department.

(A) Within three miles of the city limits of incorporated cities having populations of 10,000 or greater;

(B) Within three miles of the city limits of the City of Lebanon;

(C) Within one mile of airports servicing regularly scheduled airline flights;

(D) Areas on the west and east side of and within 1/2 mile of Interstate I-5, from Portland to the Douglas/Lane County lines;

(E) Areas on the west and east side of and within 1/4 mile of these highways: 99, 99E, and 99W. Areas on the south and north side of and within 1/4 mile of U.S. Highway 20 between Albany and Lebanon, Oregon Highway 34 between Lebanon and Corvallis, Oregon Highway 228 from its junction south of Brownsville to its rail crossing at the community of Tulsa.

(b) Parts of the Interstate I-5 and highway priority areas identified above are subject to the State Fire Marshal rules for fire safety buffer zones, which require a noncombustible area be established. See subsection (3) of these rules.

(c) Each responsible person open field burning, propane flaming, or stack or pile burning within a priority area shall refrain from burning and promptly extinguish any burning if it is likely that the resulting smoke would noticeably affect the priority area.

(2) Critical Non-Burn Areas:

(a) Burning is prohibited in critical non-burn areas. No person shall cause or allow any open field burning, propane flaming, or stack burning in the following critical non-burn areas, except as provided in these rules:

(A) Any part of a field that is underneath a power transmission line of 230kV rating or greater, extending 75 feet on either side of the center line of the power transmission line.

(B) Any part of a field within 500 feet of a hospital

(C) Any part of a field within 500 feet of a school, when the school is in session. A school shall be considered not in session during the following time periods:

(i) During the regular summer closure period, ending 7 days prior to the first day of regular fall classes. The Department will determine the end of the regular summer closure period by reviewing each effected schools regularly published school-year calendar;

(ii) 2 hours after the time the school day is officially over. The official end of the school day will be determined by the Department as published in each effected schools regular school-day calendar;

(D) Any part of a field within 500 feet of any airport servicing regularly scheduled airline flights. In cases where an airport does not have regularly scheduled flights, field by field burning may be authorized by the Department, in accordance with the requirements in subsection (4) that apply to problem fields.

(b) It shall be the responsibility of the grower to ensure the critical non-burn area does not burn. It is recommended that the field stubble either be flail-chopped, mowed, or otherwise cut close to the ground, and the loose straw removed so that the field will not sustain an open fire. Application of water to the critical non-burn area to ensure there is no combustion is also recommended. Should any open fire occur, all flame and smoke sources shall be immediately and actively extinguished.

(c) Any person conducting open field burning, propane flaming, or stack burning adjacent to a critical non-burn area shall take appropriate steps to ensure that the critical non-burn area remains unburned.

(d) Field by field burning may be authorized by the Department with 500 feet of a school that is not in session, subject to the following restrictions:

(A) No burning is allowed upwind of the school;

(B) The responsible person burning the field makes a visual observation to first confirm that there are no children or other persons present on the school grounds.

(e) When burning near a school or hospital critical non-burn area, or beyond 500 feet of a school that is not in session, the Department shall take special precautions to ensure that the prevailing winds do not cause smoke to impact the school or hospital.

(f) Any field that is intersected by a power transmission line of 230kV rating or greater shall be registered and burned as two separate fields to minimize the potential of smoke coming into direct contact with the power transmission line.

(3) State Fire Marshal Safety Buffer Zones:

(a) State Fire Marshal Rules for fire safety buffer zones, as specified in OAR 837, division 110, establish a 1/2 mile buffer zone for Interstate I-5 and the highways listed below in this subsection. No person shall cause or allow any open field burning, propane flaming, or stack burning in the following portions of the State Fire Marshal fire safety buffer zones:

(A) Within 1/4 mile of either side of Interstate I-5, from Portland to the Douglas/Lane County lines.

(B) Within 1/8 mile of either side of the designated roadways listed below, as specified in the State Fire Marshal Rules in OAR 837, division 110:

(i) ORE 99 — The section from Junction City to Eugene;

(ii) ORE 99E — The sections from Oregon City to Salem and from Albany to Junction City;

(iii) ORE 99W — The entire section from Portland to Junction City;

(iv) US 20 — The section from Philomath to Lebanon;

(v) ORE 22 — The section from ORE 18 to Mehama;

(vi) US 26 — The section from ORE 47 interchange to Portland;

(vii) ORE 34 — The section from Corvallis to Lebanon.

(b) The 1/4 and 1/8 mile safety buffer zone distances identified above must be a noncombustible area, as defined in the State Fire Marshal Rules. For all requirements related to the State Fire Marshal Fire Safety Buffer Zones, see OAR 837, division 110. Nothing in the Departments' rules regarding fire safety buffer zones replaces or substitutes for meeting all the requirements in the State Fire Marshal Rules.

(c) The area beyond the 1/4 and 1/8 mile noncombustible area in the fire safety buffer zone represents the area that is considered a priority area as described above in subsection (1)(a)(D) and (E), Burning in this part of the fire safety buffer zone is subject to the restrictions for priority areas in subsection (1) of these rules.

(4) Problem Fields:

(a) No problem fields shall be burned without first contacting the Department to determine what specific weather conditions and smoke management criteria need to be followed when burning the field, in order pro-

ADMINISTRATIVE RULES

tect any school, hospital, airport, or other sensitive area, in proximity to the field.

Burning by Public Agencies (Training Fires)

In order to promote public safety through the training of firefighting personnel, open field burning on grass seed or cereal grain acreage by a fire department or rural fire protection district is subject to the following conditions:

(1) Such burning shall be deemed necessary by the official local fire authority having jurisdiction, and shall be conducted in a manner consistent with the primary purpose of providing training to fire fighting personnel in accordance with ORS 468A.020(e)

(2) Such burning shall be limited to the minimum number of acres and occasions reasonably needed to ensure adequate fire fighting personnel training.

(3) Consultation with the Department by the fire department or rural fire protection district is required in order to identify the appropriate atmospheric dispersion and burning conditions for optimum smoke dispersal to protect the public from smoke impacts.

(4) No training fires shall be allowed on any acreage that is in a critical non-burn area, State Fire Marshal safety buffer zone, Priority Area, or on a Problem Field, and shall comply with the requirements in subsection (3) of these rules.

603-077-0133

Preparatory Burning

The Department encourages the preparatory burning of portions of selected fields to reduce or eliminate potential fire hazards and safety problems and to expedite the subsequent burning of the field. Such burning shall be consistent with smoke management considerations and subject to the following conditions:

(1) Each responsible person shall limit the acres burned to the minimum necessary to eliminate potential fire hazards or safety problems but in no case exceed five acres for each burn unless specifically authorized by the Department.

(2) Each responsible person conducting preparatory burning shall employ backfiring burning techniques.

(3) Each responsible person conducting preparatory burning shall comply with the provisions of OAR 603-077-0110 through 603-077-0113 and 837-110-010 through 837-110-090.

Experimental Burning

The Department in conjunction with the Department of Environmental Quality may allow open field burning for demonstration or experimental purposes pursuant to the provisions of ORS 468A.620, consistent with smoke management considerations and subject to the following conditions:

(1) Acreage experimentally open field burned, propane flamed, or stack burned shall not exceed 1,000 acres annually.

(2) Acreage experimentally burned shall not apply to the district allocation or to the maximum annual acreage limit specified in OAR 603-077-0113(1)(a), (c), or (d).

(3) Such burning is exempt from the provisions of OAR 603-077-0115 but must comply with the provisions of 603-077-0110 and 603-077-0112, except that the Department may elect to waive all or part of the per acre open field burning or propane flaming fee.

Propane Flaming

(1) The use of propane flammers, mobile field sanitizing devices, and other field sanitation methods specifically approved by the Department are subject to the following conditions:

(a) The field shall first be prepared as follows:

(A) Either the field must have previously been open burned and the appropriate fees paid; or

(B) The field stubble must be flail-chopped, mowed, or otherwise cut close to the ground and the loose straw removed so the remaining stubble will not sustain an open fire.

(b) Propane flaming operations shall comply with the following criteria:

(A) Unless otherwise specifically restricted by the Department propane flaming may be conducted only between the hours of 9 a.m. and sunset between June 1 and August 31 of each year and 9 a.m. to 1/2 hour before sunset between September 1 and October 14 of each year;

(B) Propane flammers shall be operated in overlapping strips, crosswise to the prevailing wind, beginning along the downwind edge of the field;

(C) No person shall cause or allow propane flaming which results in sustained open fire. Should sustained open fire create excessive smoke all flame and smoke sources shall be immediately and actively extinguished;

(D) No person shall cause or allow any propane flaming which results in visibility impairment on any Interstate highways or roadways specified in OAR 837-110-0080(1) and (2). Should visibility impairment occur, all flame and smoke sources shall be immediately and actively extinguished;

(E) The acreage must be registered and permits obtained pursuant to OAR 603-077-0112;

(F) No person shall cause or allow propane flaming when either the relative humidity at the nearest reliable measuring station exceeds 65 percent or the surface winds exceed 15 miles per hour;

(G) All regrowth over eight inches in height shall be mowed or cut close to the ground and removed.

(c) All propane flaming operations shall be conducted in accordance with the State Fire Marshal's safety requirements specified in OAR 837-110-0100 through 837-110-0155;

(d) No person shall cause or allow to be initiated or maintained any propane flaming or other mobile fire sanitation methods not certified by the Department on any day or at any time if the Department has determined and notified the State Fire Marshal that propane flaming is prohibited because of adverse meteorological or air quality conditions.

(2) The Department may issue restrictive limitations on the amount, density or frequency of propane flaming or other mobile fire sanitation methods in any area when meteorological conditions are unsuitable for adequate smoke dispersion, or deterioration of ambient air quality occurs.

ADMINISTRATIVE RULES

603-077-0155

Stack Burning

The open burning of piled or stacked residue from perennial or annual grass seed or cereal grain crops used for seed production is allowed subject to the following conditions:

(1) No person shall cause or allow to be initiated or maintained any stack burning on any day or at any time if the Department has notified Oregon Emergency Management that such burning is prohibited because of meteorological or air quality conditions.

(2) No person shall cause or allow stack burning of any grass seed or cereal grain residue unless said residue is dry and free of all other combustible and non-combustible material.

(3) Each responsible person shall make every reasonable effort to promote efficient burning, minimize smoke emissions, and extinguish any stack burning which is in violation of any rule of the Commission.

(4) No stack burning shall be conducted within any State Fire Marshal buffer zone "non-combustible ground surface" area (e.g., within 1/4 mile of Interstate I-5, or 1/8 mile of any designated roadway), as specified in OAR 837-110-0080.

(5) The acreage must be registered and permitted pursuant to OAR 603-077-0112.

(6) Unless otherwise specifically agreed by the parties, after the straw is removed from the fields of the grower, the responsibility for the further disposition of the straw, including burning or disposal, and payment of the appropriate fees, shall be upon the person who bales, removes, controls, or is in possession of the straw.

603-077-0177

Civil Penalty Schedule Matrices

In addition to any liability, duty, or other penalty provided by law, the Director may assess a civil penalty for any violation relating to field burning pertaining to statutes, rules, permits or orders by service of a written notice of assessment of civil penalty upon the Respondent. The amount of any civil penalty shall be determined through the use of the following matrix in conjunction with the formula contained in OAR 603-077-0180:

Civil penalty matrix

Magnitude of Violation — Major — Moderate — Minor

Class I — \$6,000 — \$3,000 — \$1,500

Class II — \$3,000 — \$1,500 — \$750

Class III — \$500 — \$250 — \$10

No civil penalty issued by the Director pursuant to this matrix shall be less than fifty dollars (\$50) or more than ten thousand dollars (\$10,000) for each day of each violation. This matrix shall apply to the following: Any violation related to field burning statutes, rules, permits or orders.

Rules Coordinator: Pete Kent—(503) 229-5033

617-010-0085

Reports to be Filed and Assessments to be Paid to the Commission by First Processors of Milk

(1) For the purposes of this rule:

(a) "Dairy Products" shall have the meaning set forth in ORS 621.152(3);

(b) "First Processor" means a person who, in the first instance, engages in the processing or manufacturing of dairy products in this state;

(c) "Processing" or "Manufacturing" means the heating, drying, mixing, churning, separating, extracting, freezing, combining or otherwise creating dairy products.

(2) First processors must submit completed and signed assessment reports on commission-approved forms. Assessment reports shall include all dairy products processed or manufactured in Oregon in the previous month. Assessment reports are due in the commission office by 5:00 pm on the last day of each month.

(3) At the time that reports are due the Commission from the first processor as required in section (1) of this rule, the first processor shall attach and forward payment to the Commission for the assessment due as set forth in each report. The forms shall be signed by the first processor and filled in with the required data as shown on such forms, including, but not limited to, the month in which the milk was processed, the gross hundred-weight, and the total assessment deducted and withheld.

(4) The assessment to be withheld and paid by first processors is one-fourth of a cent per pound of butterfat.

Rules Amended: 658-040-0005

Subject: Sets per diem stipend to \$65 per day for commission members who are not eligible in full-time public service. The stipend compensation is for each day which a member is engaged in performance of official commission duties.

Rules Coordinator: Jennifer Fletcher—(503) 731-3300

658-040-0005

Per Diem Compensation

(1) Subject to the availability of funds in the budget of the commission, the Oregon Potato Commission must pay any member of the commission, other than a member who is employed in full-time public service, compensation for each day or portion thereof during which the member is actually engaged in the performance of official commission duties.

(2) The rate of compensation is \$65 per day.

(3) In order to receive compensation, a member must submit to the Oregon Potato Commission a written claim for compensation by the 20th day of the calendar month following the month for which the member seeks compensation. The member must specify the amount of time the member spent on official commission duties as well as the nature of the duties performed for any day or portion thereof for which the member claims compensation.

Subject: The amendments to section 10 allow the Administrator to waive any penalty under \$1,000.00 for good cause. In the past, the Commission has received requests for penalties to be waived due to

ADMINISTRATIVE RULES

illness. This would allow the Administrator the flexibility to do that where appropriate.

The amendments and adoptions to OAR 678 section 30 are needed as clarification following the passage of revisions to ORS 578 in 2009. The proposed changes detail Commissioner qualifications bringing OWC administrative rules into alignment with statute, allowing commissioner s to expense reimbursement forms on a quarterly basis and eliminating the two, four ear term restriction on Commissioner service.

Rules Coordinator: Tana Simpson—(503) 229-6665

678-010-0050

Penalties

(1) Any first purchaser or other person who delays transmittal of funds beyond the time set by the commission shall pay ten percent of the amount due for the first month of delay and one and one half percent of the amount due for each month of delay thereafter.

(2) The commission may by majority vote waive the penalties described in subsection (1) for good cause. The administrator may waive the penalties described in subsection (1) if the amount of the penalty is \$1,000 or less, if the penalty was incurred due to illness or other good cause, and if the administrator is an employee of the commission. Penalties of \$1,000 or less may be waived by the Administrator for illness or good cause. The Administrator shall report all waived penalties to the commission on a quarterly basis.

(3) If any first purchaser or other person responsible for transmittal of the assessment monies to the commission willfully refuses to turn over assessment monies to be collected, the first purchaser or other person shall pay an additional penalty equal to twice the amount of the assessment monies so withheld.

(4) The penalties described in subsections (1) and (3) are in addition to the penalties prescribed in ORS 578.990.

678-030-0010

Reimbursement of Travel and Other Expenses

(1) Subject to sections (2)-(5) of this rule, a member of the Oregon Wheat Commission, including a member employed in full-time public service, may receive actual and necessary travel and other expenses actually incurred in the performance of the member's official duties.

(2) In order to receive reimbursement of actual and necessary travel and other expenses, a member must submit to the Oregon Wheat Commission a written itemized claim for reimbursement supported by receipts, invoices or other appropriate documentation for travel and other expenses by the 20th day of the third calendar month following the month in which the member incurred the expense. The claim for reimbursement must include the following information for each expense:

- Date on which the member incurred the expense; and
- Nature of the expense; and
- Amount of the expense.

(3) An expense that exceeds \$500.00 must be authorized by the Oregon Wheat Commission before a member incurs the expense.

(4) For the purposes of this rule, "travel and other expenses" are limited to reasonable expenses. An expense is reasonable if:

(a) It is an actual expense incurred by a member in carrying out official commission business, which is within the member's scope of responsibilities; and

(b) The expense is necessary to enable the member to carry out official commission business.

Number and Qualifications of Voting Commissioners

(1) The Oregon Wheat Commission will include six voting commissioners appointed by the Director of the Oregon Department of Agriculture.

(2) Voting commissioners will have the following qualifications throughout their terms of office:

(a) All voting commissioners must be United States citizens residing in the state of Oregon.

(b) Five voting commissioners must be grower members.

(A) Not fewer than three of the five grower members must be engaged in growing wheat in the area comprised of Umatilla, Morrow, Gilliam, Sherman, Wasco and Jefferson Counties.

(B) Not fewer than one of the five grower members must be engaged in growing wheat in the area of the state of Oregon that lies east of the summit of the Cascade Mountains and that is not within Umatilla, Morrow, Gilliam, Sherman, Wasco or Jefferson Counties.

(C) Not fewer than one of the five grower members must be engaged in growing wheat in the area of the state of Oregon lying west of the summit of the Cascade Mountains.

(D) One voting commissioners must be a public member.

ADMINISTRATIVE RULES

Department of Consumer and Business Services, Building Codes Division Chapter 918

Rule Caption: Rule updates definition of “pattern of violation” used in enforcement penalty matrix.

Adm. Order No.: BCD 9-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 9-30-10

Notice Publication Date:

Rules Amended: 918-001-0036

Subject: This rule updates the definition of a “pattern of violation” that is used by the different advisory boards of the State Building Codes Division in applying the civil penalty matrix for enforcement cases. The civil penalty imposed for a violation is increased where there is a pattern of violation. The amended rule changes the definition of “pattern of violation” to a five year period for all violations.

Rules Coordinator: Dolores Wagner—(503) 373-1258

918-001-0036

Guidelines for Civil Penalties

(1) Scope and Authority. This rule sets guidelines for assessing a civil penalty under ORS 446.995 & 455.895.

(2) Definitions. For the purposes of this rule:

(a) “Continuing offense” or “continuing violation” means violation of a code, rule or law on one or more additional days after having been notified of the violation or ordered to correct the act, or the failure to act. A continuing violation is subject to a civil penalty each day the violation continues after notification.

(b) A “directive” includes, but is not limited to, a notice or warning, citation, order, consent decree or settlement agreement, rule, law, code requirement, or agency interpretation.

(c) “Pattern of violation” means two or more prior violations during a five-year period of any provision of ORS Chapter 446, 447, 455, 460, 479, 480, or 693, or the state building code as defined in ORS 455.010, whether or not a penalty was assessed. A pattern of violation is calculated within a five-year period from the date of the latest violation.

(3) A licensed person or contractor who performs an act resulting in an unsafe installation or a health and safety hazard, structural or financial damage, performs or allows another to perform work requiring a license without an appropriate license, violates a previous directive, or exhibits a pattern of violation may have their license, registration or certificate conditioned, suspended, or revoked.

(4) Civil penalties may be assessed by a board, the Director, or a board’s designee acting as agent for a board. A board or the Director may take into account any appropriate factors, including previous directives, in determining the penalty amount or conditions within an order. The statutorily defined maximum penalty may only be assessed upon a finding of a pattern of violation.

(5) Civil penalties may be assessed in addition to, or in lieu of, the conditioning, suspension, or revocation of a license, certificate of competency, or similar authority issued by the Director.

(6) The Director may, subject to approval of a board, develop a penalty matrix for the board’s use to promote equity and uniformity in proposing the amount and terms of civil penalties and conditions under which the penalties may be modified based on the circumstances in individual cases.

(7) If a dispute concerning the application of the state building code as defined in ORS 455.010 is appealed to a local appeals board, to a board under ORS 455.690 or to the program chief under ORS 455.475:

(a) A civil penalty that is being appealed, may be stayed until after resolution of the appeal or interpretation. If corrections are necessary, a civil penalty may be stayed for 30 calendar days or the time frame established in the appeal or in the interpretation process.

(b) An administrative appeal will not stay civil penalties when they were assessed for failure to obtain a permit unless the appeal involves determining whether a permit was necessary.

(c) The person seeking the appeal or interpretation has the obligation to notify the Director of the appeal for the purpose of granting a stay of the civil penalty.

(8) Violations of ORS Chapters 446, 447, and 479 and ORS 455.020(2) and 455.610, wherein defects are noted by an inspector in an element of assembly or construction, shall not be considered a violation for the purposes of this section if the violation is corrected and an inspection

request made in 20 calendar days unless extended in writing by the building official.

(9) The Building Codes Division shall forward a copy of final orders to the Construction Contractors Board.

Electrical Specialty Code Inspector Certification

(1) Scope: An Electrical Specialty Code inspector:

(a) Inspects electrical installations regulated by the **Oregon Electrical Specialty Code**;

(b) Inspects electrical installations regulated by the **Oregon Residential Specialty Code**; and

(c) May do electrical plan reviews as provided in OAR 918-311-0040.

(2) Qualifications: To qualify for the certification, the individual must have the following training or experience or both:

(a) Four years experience as a licensed general journeyman electrician and a valid Oregon general supervising electrician license;

(b) A four-year Bachelor of Science degree in electrical engineering, plus three years approved experience in design, inspection, or supervision of installations covered by the National Electrical Code or **Oregon Electrical Specialty Code**; or

(c) Equivalent experience or qualifications approved by the board.

(3) Application for Certification: A person seeking certification under this rule must apply for an Oregon Code Certification as provided in OAR 918-098-1025.

(4) All applicants must pass a board-approved examination with a minimum grade of 75 percent covering:

(a) The **Oregon Electrical Specialty Code** and electrical provisions of the **Oregon Residential Specialty Code**; and

(b) Electrical theory, design, installation, and materials.

(5) A person who is certified under this rule must also possess a valid Oregon Inspector Certification issued under OAR 918-098-1025 prior to performing electrical inspections or plan reviews.

(6) Persons qualifying under subsection (2)(b) or (c) of this rule must pass the Oregon general supervising electrician license examination with a minimum grade of 75 percent. An Oregon general supervising electrician license may not be issued to applicants under these subsections.

(7) For purposes of this rule, one year of experience equals 2,000 hours.

[Publications: Publications referenced are available from the agency.]

Rules Establishing Certification for Plumbing Inspectors

(1) Scope. To promote effective and uniform enforcement of the **Oregon Plumbing Specialty Code** by improving the competence of the

ADMINISTRATIVE RULES

plumbing inspectors, this rule establishes minimum training and experience qualifications to make inspections for compliance with the **Oregon Plumbing Specialty Code**.

(2) A plumbing inspector:

(a) Inspects plumbing installations regulated by the Oregon Plumbing Specialty Code;

(b) Inspects plumbing installations regulated by the Oregon Residential Specialty Code; and

(c) May do plumbing plan reviews as provided in OAR 918-780-0040.

(3) **Limits on Municipalities.** Nothing in the rules prohibits a local government from establishing additional requirements in the selection and hiring of plumbing inspectors. Nothing in OAR chapter 918, divisions 750 to 785 is intended to dictate the internal administrative organization of a city or county or to limit or otherwise affect the authority of a municipality to dismiss or suspend an inspector.

(4) Plumbing inspectors must meet continuing education requirements established by the division under OAR 918-098-1450.

(5) **Application for Certification.** A person seeking certification under this rule must apply for an Oregon Code Certification as provided in OAR 918-098-1025.

(6) **Qualifications.** An applicant will be certified as a plumbing inspector under this rule if the following minimum qualifications are met:

(a) Experience and Training:

(A) 3 years of employment and experience as a Journeyman Plumber, with an Oregon Journeyman Plumber's license or its equivalent;

(B) A degree in mechanical engineering or certified professional registration with 2 years of work experience in plumbing design, installation, or inspection;

(C) 4 years of work experience in the inspection of plumbing installations of which at least 2 years is of commercial, industrial, and multi-family structures, or if the 4 years of work experience is in the inspection of residential installations, the completion of a division-approved plumbing inspector training program; or

(D) Experience and training equivalent to paragraphs (A), (B), and (C) of this subsection; or

(E) Persons certified as Oregon one and two family dwelling plumbing inspectors as of April 1, 1998 and completing five years of plumbing inspection experience are considered qualified to sit for examinations as a plumbing inspector.

(b) **Examination:** Passing a board-approved examination on the **Oregon Plumbing Specialty Code** covering plumbing theory, inspection techniques, communication skills, public relations, design, installation, statutory rules, authority, and materials.

(7) **Training:**

(a) Upon application, the division may examine and evaluate any program or facility established by a municipality or educational institution for the training of plumbing inspectors.

(b) If the division finds that a training program meets the minimum requirements established pursuant to this rule, the division shall, in writing, certify the training program as qualified for such time and conditions as the division may prescribe. An individual complies with any minimum requirement for plumbing inspector established pursuant to classification and requirements in this rule after satisfactorily completing a training program certified under this rule.

(8) A person issued a plumbing inspector certification or a limited plumbing inspector building sewers certification under this rule must also possess a valid Oregon Inspector Certification issued under OAR 918-098-1025 prior to performing plumbing inspections or plan reviews.

(9) **Special Certification:**

(a) **Limited Certification.** The division, with board approval, may issue a limited certification for special types of inspections. Such limited certification will only be issued after the applicant passes an appropriate test of knowledge and ability;

(b) **Limited Plumbing Inspector — Building Sewers.** Limited certification for plumbing inspection of building sewers from five feet outside the building to the disposal terminal or connection with a main sewer line may be issued. To be certified, an applicant must have the following qualifications:

(A) A Journeyman Plumber License;

(B) Two years' experience in sewer design, installation, or inspection; or

(C) Experience and training equivalent to paragraph (A) or (B) of this subsection approved by the board; and

(D) Passing a board-approved examination on code, materials, and installation practices for building sewers and sewers.

(10) For purposes of this rule, one year of experience is equal to 2,000 hours.

Department of Consumer and Business Services, Division of Finance and Corporate Securities Chapter 441

Rule Caption: Biennial Adjustment to Securities Fees; IARD Licensing Investment Advisers.

Adm. Order No.: FCS 8-2010

Filed with Sec. of State: 6-22-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 5-1-2010

Rules Amended: 441-049-1001, 441-175-0002, 441-175-0100, 441-175-0165

Subject: Based on analysis of securities fees in other states, the amendments to these rules impact the filing fees for unit investment trusts, broker-dealers, and broker-dealer salespersons. For unit investment trusts, the initial notice fee increases from \$350 to \$500 per portfolio, and the renewal fee increases from \$350 to \$500 per portfolio. For a broker-dealer, the renewal license fee increases from \$200 to \$250. For a broker-dealer salesperson, the initial license fee increases from \$50 to \$55. Oregon law allows the Director of Consumer and Business Services to establish procedures for licensing investment advisers and to coordinate licensing with any national registration, licensing or notice filing system. The amendment to the application procedures for licensing state investment advisers streamlines the licensing process by requiring applicants to apply for an Oregon license through the Investment Adviser Registration Depository (IARD), an online database that the Financial Industry Regulatory Authority ("FINRA") administers and eliminates paper filing. **Rules Coordinator:** Shelley Greiner—(503) 947-7484

441-049-1001

Fees for Federal Covered Securities Notice Filings

Pursuant to ORS 59.049, for new filings received on or after July 1, 2010 or renewal filings effective on or after July 1, 2010, the Director sets the following fees for notice filings for federal covered securities:

(1) For an investment company, other than a unit investment trust, an initial and renewal notice filing fee of \$500 per portfolio. Issuers may submit filings containing multiple portfolios, provided the portfolios are identified in the Form NF and correct fees are paid.

(2) For a unit investment trust notice filing, an initial fee of \$500 per portfolio and a renewal fee of \$500 per portfolio. Issuers may submit filings containing multiple portfolios, provided the portfolios are identified in the Form NF and correct fees are paid.

(3) For a notice filing for offerings to qualified purchasers, or of federally exempt securities or federally exempt transactions pursuant to section 18(b)(3) or (4), other than section 18(b)(4)(D), of the Securities Act of 1933, as amended, a fee of \$200. No renewal notice filing or fee is required.

(4) For a Regulation D Rule 506 offering notice filing, a fee of \$250. No renewal notice filing or fee is required.

Fees for Licensing or Notice Filing of Firms and Individuals

Pursuant to ORS 59.175, the Director sets the following fees for licensing or notice filing of firms and individuals:

(1) For a broker-dealer, an initial license fee of \$250 and a renewal license fee of \$250;

ADMINISTRATIVE RULES

(2) For a state investment adviser, an initial license fee of \$200 and a renewal license fee of \$200;

(3) For a federal covered investment adviser, an initial notice filing fee of \$200 and a renewal notice filing fee of \$200;

(4) For a broker-dealer salesperson, an initial license fee of \$55 and a renewal license fee of \$50;

(5) For an investment adviser representative, an initial license fee of \$50 and a renewal license fee of \$50;

(6) For an agent of an issuer, an initial license fee of \$50 and a renewal license fee of \$50; and

(7) For a filing for use of a trade name or an assumed business name, a one time fee of \$50.

441-175-0100

Applications for Licensing of Investment Advisers

(1) An applicant for licensing as a state investment adviser must apply through IARD.

(2) An applicant must submit:

(a) To the IARD:

(A) A completed Form ADV, including Parts 1 and 2 of Form ADV;

(B) An investment adviser licensing fee as required by OAR 441-175-0002;

(C) At least one completed Form U-4 (Uniform Application for Securities Industry Registration or Transfer available from the Securities Section). All licensed state investment advisers must have at least one representative licensed continuously throughout the licensing period of the investment adviser; and

(D) A licensing fee for each investment adviser representative as required by OAR 441-175-0002.

(b) To the Director:

(A) A surety bond or letter of credit pursuant to OAR 441-175-0110 if the person is an Oregon based state investment adviser applicant;

(B) The name of the person or persons designated as supervisors for purposes of OAR 441-205-0210. When a new supervisor is designated, this change must be filed with the Director within 30 days following the change;

(C) A copy of any proposed client contracts if the applicant is an Oregon based state investment adviser; and

(D) Any form or portion of any form which cannot be submitted through IARD.

(3) An Oregon based investment adviser applicant who has custody or possession of a client's funds or securities or requires payment of advisory fees six months or more in advance and in excess of \$500 per client must file with the Director financial statements as defined in OAR 441-011-0040 and prepared by an "independent accountant" as defined in OAR 441-175-0010(6) as follows:

(a) If the applicant has been in operation for more than two years, and the application is made less than 90 days after the end of the applicant's fiscal year, the applicant must provide financial statement for the two most recent fiscal years, not including the most recently completed fiscal year.

(b) If the applicant has been in operation for less than two years, the applicant must provide financial statements for the periods of operation.

(c) If the year-end financial statements are dated more than 90 days from the date of the completed application, the applicant must provide interim financial statements that were completed within 90 days of the application.

(4) All applicants must comply with the provisions of OAR 441-175-0070.

441-175-0165

Renewal of the Licenses of Non-NASD Broker-Dealers or State Investment Advisers, and Their Salespersons or Investment Adviser Representatives

(1) Effective Date of Licenses. The licenses of a non-FINRA broker-dealer or state investment adviser (employer), and the licenses of their salespersons or investment adviser representatives, expire 12 months following the date of original licensing or last renewal of the license of the

employer unless otherwise renewed pursuant to this rule. Provided, however, that any license of a state investment adviser or investment adviser representative who has filed an application through IARD will expire on December 31 of each year unless renewed through IARD.

(2) Timely Application. In order to prevent automatic expiration of an order of licensing or renewal, an applicant for renewal should file a complete application no less than 30 days prior to the expiration date of the current order of licensing or renewal. Applications not timely filed will be processed, but no assurance can be given that an order of renewal will be issued prior to expiration of a previous order.

(3) Incomplete Applications. Incomplete applications will not be processed.

(4) IARD License Renewal. To renew a license, a state or federal covered investment adviser which has previously licensed through IARD must submit the following items to the IARD, to the extent the IARD is capable of accepting those items, and otherwise to the Director:

(a) An employer renewal fee as set in OAR 441-175-0002;

(b) A renewal fee as set in OAR 441-175-0002 for each licensed investment adviser representative;

(c) Any amendments to Form ADV or Form U-4, pursuant to OAR 441-175-0105, which have not previously been submitted.

(5) Non-FINRA License Renewal. To renew a license, a non-FINRA broker-dealer must submit the following items to the Director:

(a) A non-FINRA broker-dealer renewal form;

(b) An amended Form BD or ADV, pursuant to OAR 441-175-0105, if there have been material changes since the most recent filing of the appropriate form;

(c) The name of the person who is the supervisor of the employer's operations. When a new supervisor is appointed, the employer must file the change with the Director;

(d) A salesperson renewal form for each salesperson to be renewed, signed by both the salesperson and the employer;

(e) An employer renewal fee as set in OAR 441-175-0002, except as provided in section (7) of this rule;

(f) A salesperson renewal fee as set in OAR 441-175-0002 for each salesperson to be renewed, except as provided in section (7) of this rule; and

(6) Financial Information. If the applicant for renewal is an Oregon based state investment adviser, the renewal applicant must submit the following financial information:

(a) If the investment adviser has or will have custody of client funds or securities, or will require payment of advisory fees six months or more in advance and in excess of \$500 per client, the latest annual balance sheet which must be audited by an "independent accountant," as defined pursuant to OAR 441-175-0010(6);

(b) For all other investment advisers, the latest annual balance sheet which may be audited, reviewed or compiled, prepared by an "independent accountant," as defined pursuant to OAR 441-175-0010(6); and

(c) If the latest annual balance sheet and statement of income or operations is not current within 90 days of renewal, an interim balance sheet must be submitted.

(7) Prorated Renewal Fee. Any federal or state investment adviser transitioning onto IARD shall pay a prorated renewal fee for the employer and any previously licensed investment adviser representative in the year of the transition calculated from the month the existing notice filing or license expires, as shown in the following table: [Table not included. See ED. NOTE.]

[ED. NOTE: Table referenced are available from the agency.]

Department of Consumer and Business Services, Oregon Occupational Safety and Health Division Chapter 437

Rule Caption: Adopt changes in Division 4, Agriculture.

Adm. Order No.: OSHA 4-2010

Filed with Sec. of State: 7-8-2010

Certified to be Effective: 1-1-11

Notice Publication Date: 3-1-2010

Rules Adopted: 437-004-0251

Rules Amended: 437-004-0002, 437-004-0003, 437-004-0099, 437-004-0240, 437-004-1305

ADMINISTRATIVE RULES

Rules Repealed: 437-004-0004, 437-004-0250

Subject: These changes result from legislation, input from the regulated community and input from Oregon OSHA staff.

Changes to **Subdivision 4/A, Agriculture/General Subjects**, at OAR 437-004-0002, Scope, cross-reference and clarify the SIC and NAICS codes to which the Division 4 rules apply. One note specifies the criteria for classification of an employer under SIC 0723/NAICS 115114 (Crop Preparation Services for Market) as an agricultural employer (Division 4) or a general industry employer (Division 2). Another note, with SIC 0831/NAICS 113210 clarifies when “tree farms” are agricultural employers as opposed to Division 7/Forest Activities employers. A duplicate rule for adoption of the Worker Protection Standard (OAR 437-004-0004) was eliminated. In OAR 437-004-0099, General Standards, a requirement at (1)(b) was rewritten in plain language to read: “Keep all safeguards or devices operating properly and fully effective at providing the protection originally intended.” At (3), rules for inspecting workplaces, and at (4)(a), rules for investigating time-loss injuries and illnesses were cross-referenced with the numbering changes in 4/C Safety Committees and Safety Meetings. Current contact information is provided for the Wage and Hour Division of the Bureau of Labor and Industries in a note about “Employment of Minors.”

Changes in **Subdivision 4/C, Safety Awareness**, fulfill Oregon OSHA’s responsibility under a recent legislative mandate to require all Oregon employers, regardless of size, to have either a safety committee or to hold safety meetings.

The former safety committee rule, OAR 437-004-0250 is repealed on the effective date, January 1, 2011, and is being replaced with OAR 437-004-0251, Safety Committees and Safety Meetings, incorporating the changes required by the legislative mandate. At (1), the scope of the rule is defined as all agricultural employers with workers, excluding seasonal workers. All employers with workers can have a safety committee. The number of (nonseasonal) workers, both full-time and part-time, per location determine whether the employer also has the option of holding monthly safety meetings instead of having a safety committee. The General Requirements are found at (2); requirements for Safety Committees are listed within (3); and requirements for Safety Meetings are found within (4).

The special needs of agricultural employers are addressed by maintaining separate safety orientation requirements for employers of seasonal workers, as outlined in OAR 437-004-0240, Safety Orientation for Seasonal Workers. The March, 2010 proposal included a change to the definition of “seasonal worker” that would have limited the period of time that a worker could be considered “seasonal” to “three or fewer months in a calendar year.” The majority of commenters who expressed an opinion, either in writing during the comment period or in testimony at one of the two hearings, were opposed to revising the definition for a variety of reasons. The original definition was maintained in the final rule: Seasonal workers are “employed in a job tied to a certain time of year by an event or pattern and for not more than 10 months in a calendar year.” Additional notes were added to this section to cross reference and explain the minimum training and orientation requirements for seasonal workers who perform only “hand labor operations” as defined in the rule.

The March, 2010 proposal also included a requirement in OAR 437-004-0240 that the “provider of this basic safety awareness information must be able to understand and respond to worker’s questions.” Commenters at both hearings noted that this would have the effect of requiring all employers to have persons fluent in all the languages of all their employees as trainers. They felt that this would create a logistical problem, a financial hardship, and a potential legal liability. This language was removed from the final version.

The Division 4/C rules for employers of both seasonal and non-seasonal workers now specifically state – at OAR 437-004-0240(2)(b) and 437-004-0251(2)(b) – that safety awareness information must be communicated “in a manner that workers can understand.” Employers with employees who have language barriers must “include content that is either translated into the language

used to hire and supervise these employees or that is otherwise effectively conveyed, such as through visual media.” Commenters at both hearings recognized the importance of providing effective training but commented that it would take time and resources to put together effective multi-language or visual training materials.

Changes in **Subdivision 4/K, Agriculture/ Medical and First Aid**, at OAR 437-004-1305, are mostly stylistic, putting the existing requirements for first aid, emergency medical treatment, the emergency medical plan, and emergency eyewash and safety showers into clearer language. At (3) Medical treatment and services, the March, 2010 proposal included a requirement for employers to: (a) “assure the availability of emergency medical services for injured or sick employees” and (b) “promptly call the emergency services to provide treatment.” This revision concerned some commenters because it could be interpreted to mean that the employer must “call an ambulance” even for minor injuries. The final rule returns to the original wording: “Emergency medical services for injured or sick employees must be available and summoned in time to give appropriate treatment for the circumstances.” The original definition of “emergency medical service” is also restored in the final rule: “Emergency medical service is care by a medically trained person such as in a hospital, clinic, ambulance or rescue vehicle.”

The March, 2010 proposal to (5), Emergency eyewash and shower facilities, are rewritten for the final rule to address concerns by commenters. The final rule clarifies when eyewash, shower equipment, or both are required and defines the minimum standards for both plumbed (potable) and self-contained systems. In the final rule, employers must provide employees with an emergency eyewash, shower equipment, or both to decontaminate themselves, based on the hazard, when: “(A) Employees use a chemical substance that can cause corrosion or permanent tissue damage to the eyes or when the body may be exposed to quantities of materials which are either corrosive or toxic by skin absorption; or (B) Employees handle pesticide products labeled with the signal words “Danger” or “Danger/Poison” and with a first-aid section on the label that requires rinsing for 15–20 minutes for eye or skin exposure.”

Most of those commenting on this section focused on the use of pesticide products, and used the phrase “the label is the law” to express their belief that no additional requirements are necessary. Oregon OSHA has chosen to clarify when our eyewash and shower equipment requirements apply both in more general terms that apply to all chemical substances that may be present in the workplace and, for these types of products, based on what the pesticide label requires.

Decontamination systems are no longer linked to a fixed or mobile site but is related to the hazard. The employer may determine which type of equipment to use, whether plumbed, potable water systems or self-contained units, but each must meet the requirements in 437-004-1305(5)(b).

Based on comments received, Oregon OSHA is delaying the effective date to January 1, 2011, for all changes in this rulemaking.

Please visit OR-OSHA’s web site at www.orosha.org

Rules Coordinator: Sue C. Joye—(503) 947-7449

437-004-0002

Scope

Standard Industrial Classifications — division 004, Agriculture, applies only to employers with the following Standard Industrial Classifications (SIC) or North American Industrial Classification system (NAICS) codes.

NOTE: If you don’t know your code, contact your Workers’ Compensation Insurance carrier.

SIC NAICS

01 111 — All Groups.

02 112 — All Groups.

0711 115112 — Soil Preparation Services.

0721 115112 — Crop Planting, Cultivating, and Protection.

0722 115113 — Crop Harvesting, Primarily by Machine.

0723 115114 — Crop Preparation Services for Market: Except Cotton Ginning.

NOTE: SIC 0723 (NAICS 115114), Division 4, Agriculture covers growers who:

(1) Buy farm products for resale to the general public. These products may be cleaned, sorted, graded, dried whole, bagged or packaged, but are not processed. Examples of processing include cutting, canning, freezing, pasteurizing and homogenizing.

ADMINISTRATIVE RULES

(2) Grow 51 percent or more of the sold crops themselves, but also buy farm products for resale to anyone other than the general public. These products may be cleaned, sorted, graded, dried whole, bagged, or packaged, but are not processed. Examples of processing include cutting, canning, freezing, pasteurizing and homogenizing.

0761 115115 — Farm Labor Contractors and Crew Leaders.

0762 115116 — Farm Management Services.

0811 111421 — Christmas Tree Growing and Harvest.

0831 113210 — Forest Nurseries and Gathering of Forest Products.

NOTE: Division 4, Agriculture, covers forest nursery employers growing:

(1) Seedlings for reforestation.

(2) Trees for purposes other than lumber, pulp, or other wood products.

Division 7, Forest Activities, covers employers:

(1) Growing trees for lumber, pulp, or other wood products.

(2) Gathering seeds, needles, bark, and other secondary forest products.

437-004-0003

Exclusive Coverage

Division 4, Agriculture, and parts of division 1, General Administrative Rules, are the only Oregon OSHA standards that apply to employers in 437-004-0002. Employers in 437-004-0002 will not be cited from standards in division 2 or division 3, Construction, unless division 4 states they are applicable.

(1) The following parts of division 1 DO NOT apply to Agriculture. This division has language covering their subjects.

(2) 437-001-0760 Rules for all Workplaces. 437-004-0099 General Standards applies instead.

(3) 437-001-0765 Safety Committees and Safety Meetings. 437-004-0251 Safety Committees and Safety Meetings applies instead.

NOTE: ORS 654 (The Oregon Safe Employment Act) and specifically 654.010, commonly referred to as the General Duty Clause, applies to all places of employment in Oregon.

Stats. Implemented: ORS 654.001 - 654.295

Hist.: OSHA 4-1998, f. 8-28-98, cert. ef. 10-1-98; OSHA 4-2010, f. 7-8-10, cert. ef. 1-1-11

437-004-0099

General Standards

(1) Miscellaneous.

(a) Conspicuously post warning signs, danger signs, warning flags, warning lights, or similar devices where hazards not otherwise adequately guarded warrant their use.

(b) Keep all safeguards or devices operating properly and fully effective at providing the protection originally intended.

(c) Erect protective barriers or suitable guards when covers over openings are removed or excavations made in places accessible to workers or vehicles.

(d) Do not allow the use of intoxicating liquor or drugs on the job. Do not allow anyone to work with impaired ability to work safely.

(e) Do not allow horseplay, scuffling, practical jokes or any other similar activity.

(2) Supervision and competency.

(a) Require employees to demonstrate their ability to work safely.

(b) Provide enough supervision over employees to ensure and enforce compliance with safe operating procedures and practices.

NOTE: It is not the meaning of this rule to require a supervisor on every part of any operation, nor to prohibit workers from working alone.

(c) Take all reasonable means to require employees:

(A) To work and act in a safe and healthful manner;

(B) To work in compliance with all applicable safety and health rules;

(C) To use all means and methods, including but not limited to, ladders, scaffolds, guardrails, machine guards, safety belts and lifelines, necessary to work safely where employees are exposed to a hazard;

(D) Not to remove, displace, damage, destroy or carry off any safety device, guard, notice or warning provided for use in any employment or place of employment where safety and health rules require such use.

(d) Use a procedure, appropriate for the work, to check on the well-being of workers whose duties require them to work alone or in isolation. Instruct all workers about the procedure.

NOTE: A two-way system of signals, thoroughly understood by both parties or other form of two-way communication is acceptable. Motor noise is not acceptable as contact or as an indication of well-being.

(e) Employers must provide all health hazard control measures necessary to protect the employees' health from harmful or hazardous conditions and must maintain those control measures in good working order and assure their use.

(f) Employers must inform their employees about the known health hazards to which they are exposed, the measures taken for the prevention

and control of those hazards, and the proper methods for using the control measures.

(3) Inspections. A competent person or persons must inspect every place of employment at least quarterly. OAR 437-004-0251 has other requirements related to these inspections.

(4) Investigations.

(a) The employer must investigate every work-related lost time injury. The object of the investigation is to determine how to prevent recurrence. OAR 437-004-0251 has other requirements related to these investigations.

NOTE: As mentioned above, "lost time injury" is the same as the ORS 656.005(7)(c) definition of "disabling compensable injury." That is: an injury that entitles the worker to compensation for disability or death. To fall into this category the employee must miss three consecutive calendar days beginning with the day the worker first loses time or wages from work as a result of the compensable injury. This includes week-ends and holidays when they might normally be off.

(b) At the request of authorized OR-OSHA representatives, you or your superintendents, supervisors and employees must furnish all evidence and names of known witnesses to an accident.

(c) Employees in charge of work are agents of the employer in the discharge of their authorized duties, and are always responsible for:

(A) The safe performance of the work under their supervision; and

(B) The safe conduct of the crew under their supervision; and

(C) The safety of all workers under their supervision.

(5) Extraordinary hazards. When conditions arise that cause unusual or extraordinary hazards to workers, take additional means and precautions to protect workers or to control the hazardous exposure. If you cannot make the operation reasonably safe, stop work while the abnormal conditions exist or until the work is safe.

(6) Signals and signal systems.

(a) Give control signals by only one person at a time.

(A) When given, make signals clear and distinct.

(B) The person receiving the signals must understand their meaning before taking action.

(b) Act immediately on emergency stop signals from whatever source.

(c) Do not throw any type of material that can produce injury, such as rocks, wooden or metal objects, etc., as a signal.

(d) Do not give signals for the movement of materials or equipment until all persons who might be in danger by the movement are in the clear. Employment of Minors.

NOTE: Information on current regulations about the employment of minors is available from the local office of the Oregon Bureau of Labor and Industries, or by writing to: Wage and Hour Division, Oregon Bureau of Labor, 800 NE Oregon Street, Suite 1045, Portland, OR 97232. Phone: 971-673-0761. Fax: 971-673-0769.

437-004-0240

Safety Orientation for Seasonal Workers

Definitions:

(1) Hand-labor operations, (as defined in OAR 437-004-1110(3) and reprinted here for ease of the reader) means agricultural activities or agricultural operations performed by hand or with hand tools, including:

(a) Hand-cultivation, hand-weeding, hand-planting, and hand-harvesting of vegetables, nuts, fruits, seedlings, or other crops (including mushrooms);

(b) Hand packing or sorting, whether done on the ground, on a moving machine, or in a temporary packing shed in the field.

(2) Seasonal workers are employed in a job tied to a certain time of year by an event or pattern and for not more than 10 months in a calendar year.

NOTE: The following are only minimum requirements. Other parts of the agriculture standard require training for certain types of work in addition to these general orientation requirements.

(3) Application: This applies to agricultural employers with seasonal workers.

(4) Basic Safety Awareness Requirements.

(a) You must provide seasonal workers with at least the following information:

At their orientation meeting before beginning work for the first time, and; When work conditions or locations change in a way that could reasonably affect their safety or health.

(A) Safety and health rules for their work.

(B) Procedures for workers to contact supervisors or managers in case of accident, illness, or problems related to safety or health.

(C) Procedures for treating injured or sick workers and for summoning emergency assistance.

(D) The location of posted safety and health information.

ADMINISTRATIVE RULES

(b) If you have employees with language barriers, you must communicate safety awareness information in a manner that workers can understand. Include content that is either translated into the language used to hire and supervise these employees or that is otherwise effectively conveyed, such as through visual media.

NOTE: Division 4/Z, Hazard Communication, OAR 437-004-9800(7)(d), requires employers to give a copy of the Oregon OSHA's *Safe Practices When Working Around Hazardous Agricultural Chemicals* (#1951) to every employee. This publication provides an outline of the information that agricultural employers must provide during the initial training for workers under both the hazard communication rules and the pesticide worker protection standard (WPS) as covered in Division 4/W, 170.130(c). Contact Oregon OSHA for copies of this publication and information about available language formats.

(5) You must provide the initial WPS training if pesticide products labeled with "agricultural use requirements" have been used at the place of employment during the 30 days prior to the worker's first day of employment or will be used during the worker's period of employment. Additional WPS training requirements apply on the sixth day of employment, and in other work situations that fall under the definition of "pesticide handler." See Division 4/W for these additional training requirements.

(6) For seasonal workers doing hand-labor operations only, you must provide all of the following to meet the initial training requirements under the WPS, this safety awareness orientation rule, and the hazard communication rule.

The training outlined in *Safe Practices When Working Around Hazardous Agricultural Chemicals* publication.

The basic safety awareness requirements information in OAR 437-004-0240.

Access to material safety data sheet information for the hazardous chemicals to which they reasonably may be exposed.

437-004-0251

Safety Committees and Safety Meetings

Definitions:

Management — includes all supervisors and persons who regularly exercise direction and control over workers.

Workers — for the purposes of determining the need for a safety committee, include both full and part-time employees.

(1) Purpose. The purpose of safety committees and safety meetings is to bring workers and management together in a non-adversarial, cooperative effort to promote safety and health in each workplace. A safety committee assists the employer by establishing procedures, performing inspections, evaluating safety and health programs, and recommending changes in workplace conditions and practices. By participating in safety meetings, workers and management work together to recognize hazards and to make safety and health improvements at the workplace.

(2) Application: This applies to agriculture employers with workers other than seasonal workers covered in OAR 437-004-0240.

(3) General Requirements.

(a) You must either have an effective safety committee or hold effective safety meetings. (See Table 1.)

(b) If you have employees with language barriers, you must communicate safety awareness information in a manner that workers can understand. Include content that is either translated into the language used to hire and supervise these employees or that is otherwise effectively conveyed, such as through visual media.

(c) If you are a labor contractor, you must have a committee or meetings based on the number of employees that you direct and control.

NOTE: Nothing in these rules prevents you from having seasonal workers attend safety meetings.

Table 1

IF:	You can have a safety committee	You can have safety meetings instead of a committee
You have 10 or fewer workers at a location:	Yes	Yes
You have more than 10 workers at a location:	Yes	No
You have satellite or auxiliary worksites with 10 or fewer workers at each location:	Yes	Yes

(4) Safety Committees.

(a) Management's Duties.

(A) Pay members at their regular rate of pay for attending the meetings, trainings, inspections, and other functions required by this rule.

(B) Provide committee members with timely access to these rules (OAR 437-004-0251) and to all Oregon OSHA standards that apply to their work.

(C) Respond to safety committee recommendations within a reasonable time.

(b) Effective Safety Committees. You must ensure that the committee produces at least the following results:

(A) Employees are aware of the committee, who is on it, when it meets and how information is shared between management and workers.

(B) Employees are aware of their right to have their safety and health concerns heard by the committee.

(C) Employees know the employer's method or system for reporting safety and health concerns, incidents, and accidents.

(c) Centralized Safety Committee. You may choose a centralized safety committee if all of the following apply:

(A) You have more than one geographic employment location.

(B) The locations are close enough to ensure that a joint committee meets the requirements in OAR 437-004-0251(2)(b), Effective Safety Committees.

(C) The joint committee represents the safety and health concerns of all employees at all locations.

(d) Membership and Training.

(A) Have at least two members on your committee if you have 20 or fewer workers. Have at least four members if you have more than 20 workers. Members should represent the major activities of your business.

(B) Have an equal number of employer-selected members and worker-elected or volunteer members. If both parties agree, the committee may have more worker-elected or volunteer members.

NOTE: Management can select a supervisor or other employee to represent them.

Workers can volunteer or elect any peer as a representative.

(C) Provide training on the purpose and operation of the safety committee, in hazard identification, and in the principles of accident investigation.

NOTE: Oregon OSHA provides no-cost, safety committee-related training available through the web site at www.orosha.org/education.html.

(D) Have members serve a minimum of one year, when possible.

(E) Have a majority agree on a chairperson.

(e) Safety Committee Functions. Ensure that the committee does all of the following:

(A) Meets at least monthly, except in those months when quarterly inspections occur.

(B) Establishes procedures for doing the quarterly safety and health inspections required by OAR 437-004-0099(3). Persons performing inspections must be trained in hazard identification.

(C) Reviews all quarterly safety and health inspection reports and makes recommendations to eliminate identified hazards.

(D) Works with management to establish procedures for investigating all safety incidents, accidents, work-related illnesses, and fatalities. Persons investigating these events must be trained in the principles of accident investigation.

NOTE: OAR 437-004-0099(4) requires agriculture employers to investigate every work-related lost-time injury.

(E) Evaluates all investigation reports and makes recommendations for ways to prevent recurrence.

(F) Sets guidelines for the training of safety committee members.

(G) Evaluates the accident and illness prevention programs at the workplace.

(f) Safety Committee Records.

(A) Ensure that records have at least the following information.

(i) Meeting date.

(ii) Names of those attending.

(iii) All reports, inspections, evaluations, recommendations, management responses, and other safety and health-related items brought before the committee.

(iv) The date that management agrees to respond to specific recommendations.

(B) Make these records available to all employees and to Oregon OSHA representatives, upon request.

(C) Maintain these records for at least three years.

(5) Safety Meetings

(a) Effective Safety Meetings. You must ensure that safety meetings produce at least the following results:

(A) Employees are aware of safety meetings, when and where they are held, and how information is shared between management and workers.

(B) Employees know that they have a right to have their safety and health concerns heard and questions answered at safety meetings.

(C) Employees know the employer's method or system for reporting safety and health concerns, incidents, and accidents.

(b) Meeting Requirements. Safety meetings must have all of the following characteristics:

(A) Include all available employees.

(B) Include at least one employer representative.

ADMINISTRATIVE RULES

(C) Be on company time with attendees paid at their regular rate of pay.

NOTE: If you have questions about this, contact the Oregon Bureau of Labor and Industries.

(D) Occur at least monthly.

(c) Meeting content. Safety meetings must include the following:

(A) Information about safety and health issues relevant to the workplace.

(B) Reports from quarterly workplace safety inspections and from investigations of any work-related, time-lost injuries, including suggested corrective measures.

NOTE: OAR 437-004-0099(3) requires a competent person to inspect the agricultural workplace at least quarterly. OAR 437-004-0099(4) requires agricultural employers to investigate every work-related lost-time injury. See Division 4/A for details.

(C) Opportunities for employees to ask questions, bring up safety and health concerns, and make suggestions.

(D) Information that is presented in a manner that can be understood by all employees.

(d) Meeting Records.

(A) Meeting notes must include the following information:

(i) Meeting date.

(ii) Names of those attending.

(iii) Topics discussed.

(B) Keep the records for at least 3 years.

(C) Make the records available to your employees and to Oregon

OSHA representatives, upon request.

NOTE: If all your employees attend a safety meeting, you are only required to record the meeting date and a list of the employees attending.

Hist.: OSHA 4-2010, f. 7-8-10, cert. ef. 1-1-11

437-004-1305

Medical Services and First Aid

(1) Definitions.

Emergency medical service is care by a medically trained person such as in a hospital, clinic, ambulance or rescue vehicle.

Qualified first aid person has evidence to show valid first-aid and CPR training within the last two years.

(2) First aid supplies.

(a) Provide first-aid supplies based on the types of injuries that could occur at the place of employment. The first-aid supplies must be immediately available to all workers on all shifts when needed. Do not lock up or otherwise restrict access to first-aid supplies.

(b) Protect first-aid supplies from damage, deterioration, or contamination. Clearly mark containers. First-aid containers may be sealed to protect the contents from contamination.

NOTE: Supplies such as nitrile gloves and a mouth barrier device are personal protective equipment covered by Division 4/I, Personal Protective Equipment.

(3) Medical treatment and services. Emergency medical services for injured or sick employees must be available and summoned in time to give appropriate treatment for the circumstances.

NOTE: These services can be by outside sources such as the local 911 response system or by employees who are qualified first-aid persons.

(4) Emergency medical plan.

(a) Determine the appropriate type of medical service for each place of employment. You must do a survey and develop an emergency medical plan. You must evaluate these areas:

(A) Determine the types of injuries and illnesses that are likely to occur at the worksite.

(B) Contact the local emergency response system and get information about their ability to handle these types of emergencies and their response time. Consider things such as nearness of the responding teams, traffic, equipment, average response times, and whether the system is staffed by volunteers or full-time people.

(C) Based on this information, decide whether the local response system can handle your situation or whether you need your own qualified first-aid persons.

(D) Train all employees about the medical plan and their responsibilities during an emergency.

(b) If the local response system is adequate, then the minimum emergency medical plan must contain the emergency phone number and emergency action instructions for employees in case of an injury or illness. Post this emergency medical plan where employees gather or are most likely to read it.

(c) If the response system is not adequate to handle your potential injuries or illnesses, then your plan must also contain clear and specific emergency action instructions for employees in case of injury or illness. The plan of action must have:

(A) The names, locations, and phone numbers of people trained and authorized to give first aid and other treatment.

(B) Any special instructions about communications like two-way radios, telephones or other provisions for emergency communication to contact the emergency medical services.

(C) A plan for transportation to the ambulance or nearest suitable medical facility.

(5) Emergency eyewash, shower equipment, or both.

(a) Based on the hazard, provide employees with an emergency eyewash, shower, or both to decontaminate themselves when one of the following applies:

(A) Employees use a chemical substance that can cause corrosion or permanent tissue damage to the eyes or when areas of the body may be exposed to quantities of materials that are either corrosive or toxic by skin absorption.

(B) Employees handle pesticide products labeled Danger or Danger/Poison, and with a first-aid section on the label that requires rinsing for 15-20 minutes for eye or skin exposure.

NOTE: OAR 437-004-1305(5) does not apply to eye flushing supplies required for early entry workers covered under 170.112(c)(8) or agriculture field workers covered under 170.150 of the pesticide Worker Protection Standard in Division 4, Subdivision W.

(b) Emergency eyewashes or showers, whether plumbed potable water systems or self-contained units, must meet the following requirements:

(A) Locate it so exposed employees can reach it and begin treatment in 10 seconds or less. The path must be unobstructed and cannot require the opening of doors or passage through obstacles unless other employees are always present to help the exposed employee.

(B) Install the equipment according to the manufacturer's instructions.

(C) Valves must stay open once activated, without the use of hands.

(D) Follow manufacturer's instructions for use and inspection.

(E) Fluid quality and temperature must be appropriate for the anticipated types of decontamination treatment.

(F) Flow and pressure must provide the needed treatment without risking injury to the employee.

(G) If the eyewash or shower could freeze, take protective measures to prevent this from occurring.

(c) If the product label or material safety data sheet requires specific decontaminants or procedures, you must provide them in addition to the eyewash or shower. Certain substances like acids, chlorine and anhydrous ammonia require special treatment.

NOTE: ANSI Z358 has information about the performance requirements for eyewashes and showers.

Department of Corrections Chapter 291

Rule Caption: Volunteers and Student Interns for the Department of Corrections.

Adm. Order No.: DOC 8-2010(Temp)

Filed with Sec. of State: 7-14-2010

Certified to be Effective: 7-14-10 thru 1-10-11

Notice Publication Date:

Rules Amended: 291-015-0100, 291-015-0105, 291-015-0110, 291-015-0115, 291-015-0120, 291-015-0125, 291-015-0135

Rules Suspended: 291-015-0130, 291-015-0140, 291-015-0145, 291-015-0150

Subject: These temporary rule modifications are necessary to update the organizational and structural changes within the department's volunteer program, and place the procedural detail in a department policy. The operational procedures are better placed in department policy rather than administrative rule because they direct the internal management of the program.

Rules Coordinator: Janet R. Worley—(503) 945-0933

291-015-0100

Authority, Purpose, and Policy

(1) Authority: The authority for this rule is granted to the Director of the Department of Corrections in accordance with ORS 179.040, 423.020, 423.030, and 423.075

ADMINISTRATIVE RULES

(2) Purpose: The purpose of this rule is to establish policy that will help the department fulfill its volunteer goals:

(a) To foster a respected and recognized volunteer community of appropriate size and quality that is capable of serving the rehabilitative, religious/spiritual, and other correctional needs of inmates from incarceration to reentry back to the community; and

(b) Provide support to staff in furtherance of the mission of the department.

(3) Policy:

(a) It is the policy of the Department of Corrections to utilize volunteers and student interns with appropriate training, guidance, and supervision as a means to enhance programs and further the mission of the department.

(b) Volunteers serve at the pleasure of the department and are not considered employees.

Stat. Auth.: ORS 179.040, 423.020, 423.030 & 423.075

Stats. Implemented: ORS 179.040, 423.020, 423.030 & 423.075

Hist.: DOC 7-2004, f. & cert. ef. 8-9-04; DOC 8-2010(Temp), f. & cert. ef. 7-14-10 thru 1-10-11

291-015-0105

Definitions

(1) Affiliation: An organization; such as a school, college, university, agency, faith group, spiritual group, 12-step program, non-profit corporation or foundation, or similar type organizations, that has defined structure and recognition as a legitimate organization in the community.

(2) Department Supervisor: A Department of Corrections employee who is responsible for the activities and programs provided by volunteers.

(3) Endorser: An official of the volunteer's affiliation who has the authority to certify that the volunteer is endorsed by that group to provide services for inmates. If the volunteer is the endorser for his/her affiliation, another official of the affiliation must provide the endorsement.

(4) Functional Unit: Any organizational component within the department responsible for the delivery of services or coordination of programs.

(5) Functional Unit Manager: Any person within the Department of Corrections who reports to the Director, Deputy Director, an Assistant Director, or administrator and has responsibility for the delivery of services or coordination of program operations.

(6) LEADS: Law Enforcement Data System.

(7) Local State Director: A person with the Department of Corrections who reports to the Chief of Community Corrections and has responsibility for managing a state community corrections office with a particular county.

(8) Programs: Activities such as religious services, education classes, self-help meetings, treatment programs, and clubs (if any) that are established solely at the discretion of the department to meet its needs and those of the inmates.

(9) Program Manager: A Religious Services management employee assigned to oversee, manage, and conduct the volunteer program of the department.

(10) Student Intern/Practicum: An approved student in a college or university who, as part of an academic program, donates time and effort to enhance the mission, activities and programs of the department and to further his/her professional development. Student interns may be stipend or non-stipend. For purposes of these rules, wherever the term "volunteer" is used, it shall also apply to student interns.

(11) Volunteer: An approved person who donates time, knowledge, skills, and effort to enhance the mission, activities and programs of the department.

Stat. Auth.: ORS 179.040, 423.020, 423.030 & 423.075

291-015-0110

Program Supervision

(1) Religious Services is responsible for the establishment, development and management of the overall structure and operation of the volunteer program for volunteers working inside department facilities or assisting with transition from prison to the community.

(2) The local state director or designee will designate a volunteer coordinator to oversee volunteers and student interns for Community Corrections.

Stat. Auth.: ORS 179.040, 423.020, 423.030 & 423.075

Stats. Implemented: ORS 179.040, 423.020, 423.030 & 423.075

291-015-0115

Recruitment

(1) Prospective volunteers who best meet program needs will be recruited from all ethnic, cultural, gender and economic segments of the community.

(2) Recruitment will be based on the needs of inmates, offenders, functional units, and the availability of staff to supervise volunteers.

Stat. Auth.: ORS 179.040, 423.020, 423.030 & 423.075

Stats. Implemented: ORS 179.040, 423.020, 423.030 & 423.075

291-015-0120

Selection

(1) A prospective volunteer must complete an application and undergo a background check. The department holds the ultimate authority to approve or deny a volunteer application. A volunteer must be:

(a) A USA citizen, legal resident, or in the country on a valid visa.

(b) At least 18 years old, unless there will be no interaction between the volunteer and inmates.

(2) Security Clearance: The purpose of clearance is to ensure not only the safety and security of department facilities, but also to ensure that volunteers are appropriate role models for inmates and offenders. To become a volunteer, an individual must clear the following criteria:

(a) LEADS: To clear LEADS, the volunteer must have:

(A) No outstanding warrants or pending criminal charges.

(B) No misdemeanor convictions in the past two years. No felony convictions or incarcerations in the past five years, or two years for certain volunteer programs. The functional unit manager may on a case-by-case basis approve an individual with no felony convictions or incarcerations in the past three years.

(C) No convictions for introduction or supplying contraband as defined in ORS 162.185; or possession, control or delivery of an explosive device or substance; or assisting an inmate to escape or unlawful departure from a correctional facility, including attempt or conspiracy of any of the above.

(D) Current (less than a year old) LEADS clearance is required for all volunteers.

(b) Driving record: The volunteer may not have been convicted of Driving Under the Influence of Intoxicants (DUI) in the past two years or Driving While Suspended (DWS) in the last year. The number and type of other driving offenses or convictions may be considered in determining if the volunteer is a good role model for inmates and offenders.

(c) Persons with Prior Criminal Convictions: Prospective volunteers with prior felony or misdemeanor convictions who meet the above listed criteria may be approved when the following additional criteria have been met:

(A) May be under supervision, but must have no parole or probation violations in the past two years, or one year for certain volunteer programs, and approval of his/her parole officer.

(B) A prospective volunteer with a prior criminal conviction who performs services inside a correctional facility must have the approval of the facility functional unit manager at each facility where the service will be provided.

(d) Additional requirements may be established by department policy.

(3) Prospective volunteers must disclose on their volunteer application any connection to department inmates such as friends, neighbors, co-defendant, and relatives. If the prospective volunteer is a crime victim, he/she must disclose the name of the inmate or offender who committed the crime.

(4) A prospective volunteer must complete a volunteer/intern application. Failure to provide all requested information or sign all forms included in the application will result in volunteer status being denied.

(5) Employees, ex-employees not terminated for cause, retired employees, other agency staff, and contractors may serve as volunteers with the concurrence of the facility functional unit manager where the volunteer is to provide services. The employee's volunteer activities must be substantially different from the employee's job responsibilities. The differentiation must be noted in the position description.

(6) A prospective volunteer recommended to the department from an endorser will be interviewed by the department supervisor. A prospective volunteer who does not have an affiliation or endorser may be granted volunteer status with the approval of the program manager or designee.

(7) A student intern shall be recommended to the department by the appropriate official of the school, training program, mentorship, apprenticeship, college, or university where the intern is enrolled.

291-015-0130

General

(1) Carded-volunteers may be approved to access more than one facility. Access must be in compliance with the department's rule on Facility Access (OAR 291-016). If a volunteer is assigned to more than one facility, the volunteer must complete a facility orientation at each facility. The volunteer's facility supervisors will notify the superintendent or designee that the volunteer will be serving at that facility before the volunteer begins service. The superintendent has final authority over who may enter the facility.

(2) Volunteer ID Card:

(a) Within 60 calendar days of a volunteer being approved to continue volunteering past non-carded status, the volunteer's facility or functional unit supervisor will arrange with the facility volunteer coordinator for fingerprinting and facility orientation and will submit to the volunteer program manager or designee an ID card request form. The volunteer program manager or designee must approve exceptions.

(b) Carded-volunteers may enter authorized facilities only at their scheduled time and go unescorted from the place of check-in to the place where their program is held within the facility unless the superintendent requires that some or all volunteers be escorted and in that case, the facility will provide staff to escort the volunteers.

(c) When a volunteer's services are ended, the ID card must be returned to the department.

(d) If a volunteer does not enter a department facility to do volunteer work at least three times in a calendar year, a review must be conducted by the volunteer program to determine if the volunteer should be returned to non-carded status.

Utilization

(1) Volunteers shall not be placed in positions of authority over department employees or contractors.

(2) Volunteers shall not perform professional services requiring certification or licensing unless the volunteer program manager or designee verifies the validity of the license.

(3) Volunteers shall be treated with the same respect as staff and recognized as having unique roles that differ from, but are complimentary to staff roles.

(4) Volunteers shall follow department rules and policies.

Issuance and Use of Motor Vehicles

(1) A volunteer may use an official state vehicle while engaged in the performance of official state business on behalf of the department with written authorization by the functional unit manager.

(2) A volunteer shall comply with the provision of the department's policy on Vehicle Use and Reporting of Accidents.

(3) The functional unit manager may approve mileage reimbursement of a private vehicle where a special service is being performed. In these cases, the volunteer must provide the functional unit manager with proof of insurance coverage on his/her private vehicle.

291-015-0145

Rule Violations and Unsafe Practices

(1) If a volunteer is arrested or convicted of a criminal offense (felony or misdemeanor) or if there is a recurrence of alcohol/drug abuse, the volunteer shall report this in a timely manner to their department supervisor and the volunteer program manager or designee. A review will be conducted to determine if the volunteer may continue to serve.

(2) When it is suspected that a volunteer may have violated a department rule, policy, procedure, or a state or federal law, or a volunteer has engaged in an act that endangers the safe and orderly operation of a facility or threatens the rehabilitative nature of the department's mission, the volunteer may be suspended pending a review by the volunteer program manager or designee in consultation with the functional unit manager or designee.

(a) After reviewing the facts of the situation, the volunteer program manager or designee will present the findings and make a recommendation to the volunteer's department supervisor and the functional unit manager.

(b) The functional unit manager will, in consultation with the volunteer program manager or designee and the volunteer's department supervisor, decide the appropriate course of action. When appropriate, preference will be given to additional training and supervision over termination of a volunteer's service.

Stat. Auth.: ORS 179.040, 423.020, 423.030 & 423.075

291-015-0150

Ending of Volunteer Service and Reinstatement

(1) A volunteer's service may be ended:

- (a) For violation of department rules or policies;
- (b) When there is no longer a need for the volunteer's services;
- (c) When the volunteer has not provided services to the department in a year;

- (d) When the volunteer requests it;
- (e) When the volunteer fails to respond to a department inquiry;
- (f) When the volunteer's supervisor, the volunteer program manager, and the functional unit manager or their designees deem it in the best interest of the department and/or the volunteer.

(2) Termination for cause:

(a) The volunteer program manager will confirm the termination in a letter to the volunteer;

(b) Appropriate documentation will be maintained by the volunteer program manager in accordance with departmental standard for archiving records;

(c) The volunteer program manager will send a memo to the superintendents, department ID card coordinator, and other interested parties giving notice of the action taken;

(d) The volunteer's endorser and affiliation will be notified when applicable;

(e) If termination is based on an inappropriate relationship with an inmate(s), the volunteer will be denied access to that inmate(s) including as an inmate visitor;

(f) If a student intern's service is terminated for cause, the college or university will be notified.

(3) Reinstatement after termination for cause:

(a) A volunteer who was terminated for cause may apply for reinstatement after a waiting period of not less than a year. The request for reinstatement shall be reviewed by the volunteer program manager, superintendent or designee or functional unit manager or designee, and the volunteer's previous supervisor. After the review is completed, the superintendent and/or functional unit manager shall make the final decision. If reinstatement is denied, the volunteer must wait at least another year before seeking reinstatement;

(b) If reinstatement is granted, the individual making the request shall fill out a new volunteer application and attend the training required of a new volunteer. The volunteer's affiliation will be verified. If the volunteer is endorsed, the endorser must be contacted and consent to the reinstatement;

(c) The reinstated volunteer will serve a one-year probationary period during which his/her supervisor will monitor the volunteer's activities regularly;

(d) The reinstatement may be made conditional on other remedial activities as well.

Rule Caption: Amends administrative rules for earned time credits for inmates in light of 2009 and 2010 legislative enactments.

Adm. Order No.: DOC 9-2010

Filed with Sec. of State: 7-14-2010

Certified to be Effective: 7-14-10

Notice Publication Date: 5-1-2010

Rules Amended: 291-097-0005, 291-097-0010, 291-097-0015, 291-097-0020, 291-097-0023, 291-097-0025, 291-097-0030, 291-097-0040

Rules Repealed: 291-097-0005(T), 291-097-0010(T), 291-097-0015(T), 291-097-0020(T), 291-097-0023(T), 291-097-0025(T), 291-097-0030(T), 291-097-0040(T)

Subject: These rule amendments are needed to implement House Bill 2623 (2009), Senate Bill 1007 (2010), and other housekeeping issues.

HB 2623 (2009) authorizes inmates to be eligible for earned time credits, not to exceed 60 days, for obtaining a high school diploma, General Educational Development (GED) certificate, or a certificate or degree from a post-secondary education institution as defined in ORS 337.511 or a journey level certification from a registered apprenticeship program as defined in ORS 660.010. HB 2623 applies to inmates who obtain a diploma, certificate or degree on or after January 1, 2010.

SB 1007 (2010) amended Oregon Laws 2009, chapter 660 (HB 3508) by restricting the number of inmates who were eligible for an increase in earned time credits under HB 3508. Specifically, SB 1007 limited the increase in earned time to 30 percent to only those inmates who are sentenced for otherwise eligible crimes on or after July 1, 2009 for crimes committed before February 17, 2010. Second, SB 1007 further amended HB 3508 by removing the possibility of an increase in earned time to 30 percent if a sentencing court had not entered a supplemental judgment authorizing an increase in earned time to 30 percent before February 17, 2010.

Additionally, the Department's current administrative rules do not adequately address how earned time credits will be applied toward inmates' sentences following violations of the conditions of transitional leave, second look conditional release, and escape situations. The Department needs to amend its administrative rules in order to address these potential "gaps" in its administrative rules.

Rules Coordinator: Janet R. Worley — (503) 945-0933

291-097-0005

Authority, Purpose, and Policy

(1) Authority: The authority for this rule is granted to the Director of the Department of Corrections in accordance with ORS 137.635, 144.108, 144.110, 161.610, 179.040, 421.120, 421.121, 421.122, 423.020, 423.030 and 423.075.

(2) The purpose of this rule is to establish procedures for calculating, applying, retracting, and restoring earned time, statutory good time and extra good time credits, and for recommending modifications of parole release dates to the Board of Parole and Post-Prison Supervision, for inmates sentenced for crimes committed on or after November 1, 1989 (sentencing guidelines), and for inmates sentenced for crimes committed prior to November 1, 1989 (matrix sentences).

(3) Policy:

(a) It is the policy of the Department of Corrections that inmates serving sentences for crimes committed on or after November 1, 1989 (sentencing guidelines), may be considered for a reduction in their term of incarceration pursuant to ORS 421.121, as set forth in these rules.

(A) Inmates sentenced under sentencing guidelines may be eligible to earn sentence reduction credits (earned time credits) up to a maximum of 20 percent of each sentencing guidelines sentence. Inmates sentenced under sentencing guidelines on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced under the sentencing guidelines prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department of Corrections to consider the inmate eligible for additional earned time credits, may be eligible to

earn sentence reduction credits (earned time credits) up to a maximum of 30 percent of each sentencing guidelines sentence.

(i) For inmates sentenced on or after November 1, 1989 and who obtained a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 prior to January 1, 2010, the earned time credits received by the inmate are dependent on institution conduct and compliance with his/her Oregon Corrections Plan.

(ii) For inmates sentenced on or after November 1, 1989 and who obtain a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010, the earned time credits received by the inmate are dependent on institution conduct, compliance with his/her Oregon Corrections Plan, and the inmate having obtained a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010.

(B) Earned time credits are designed to provide a minimum amount of time credits necessary to serve as adequate incentive for appropriate institutional behavior, program participation, and for certain inmates, obtaining a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010.

(b) It is the policy of the Department of Corrections that inmates serving sentences for crimes committed prior to November 1, 1989 (pre-sentencing guidelines sentences), may be eligible for prison term reduction credits (statutory good time and extra good time credits) pursuant to ORS 421.120, as set forth in these rules.

(c) It is the policy of the Department of Corrections that inmates sentenced for crimes committed prior to November 1, 1989 (pre-sentencing guidelines sentences), may be eligible to receive a recommendation from the Department to the Board of Parole and Post-Prison Supervision that the inmate receive prison term reduction credits for an earlier date, as set forth in these rules.

(d) It is the policy of the Department of Corrections to develop Oregon Corrections plans on all inmates assigned to a Department of Corrections facility.

(e) It is the policy of the Department of Corrections to not calculate earned time for boarders from another state or those inmates serving only pre-sentencing guidelines sentences or sentences of death, life without the possibility of parole or life with the possibility of parole.

291-097-0010

Definitions

(1) Certificate or Degree from a Post-Secondary Education Institution: A certificate or degree awarded by a post-secondary education institution as defined in ORS 337.511 for satisfactory completion of a course of study, which has been approved by the State Board of Education.

(2) Earned Time Credits: Sentence reduction credits (days), up to 30 percent of the sentence imposed, that can be earned by an inmate sentenced under sentencing guidelines, pursuant to ORS 421.121, and these rules. The inmate earns the reductions by compliance with his/her Oregon Corrections Plan and institution conduct.

(a) An inmate who obtains a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 prior to January 1, 2010, earns the reductions by compliance with his/her Oregon Corrections Plan and institution conduct.

(b) An inmate who obtains a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a jour-

ADMINISTRATIVE RULES

ney level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010, earns the reductions by institutional conduct, compliance with his/her Oregon Corrections Plan, and obtaining a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010.

(3) **Earned Time Release Date:** The release date that has been achieved by an inmate, calculated by subtracting the earned time credits accrued from the maximum date.

(4) **Extra Good Time Credits:** Sentence reduction credits (days) that can be earned by an inmate sentenced for crimes committed prior to November 1, 1989 (pre-sentencing guidelines), for satisfactory work assignment or participation in an educational program, pursuant to ORS 421.120(1)(c), (d) and (e) and 421.122, and these rules. Days earned reduce the statutory good time date. Methods of computation are delineated in OAR 291-097-0070.

(5) **Final Review Period:** An increment of at least four months prior to an inmate's projected release date.

(6) **Functional Unit:** Any organizational component within the Department of Corrections responsible for the delivery of services or coordination of programs.

(7) **Functional Unit Manager:** Any person within the Department of Corrections who reports to either the Director, Deputy Director, or an Assistant Director and has responsibility for the delivery of program services or coordination of program operations.

(8) **Judgment:** Document issued by the court that commits an inmate to the legal and physical custody of the Department of Corrections, and reflects the inmate's term of incarceration, term of post-prison supervision, and court-ordered supervision conditions, if any.

(9) **Inmate:** Any person under the supervision of the Department of Corrections who is not on parole, post-prison supervision or probation status.

(10) **Offender:** Any person under the supervision of the Department of Corrections, local supervisory authority or community corrections who is on probation, parole or post-prison supervision status.

(11) **Offender Information & Sentence Computation Unit (OISC):** The functional unit charged to administrate applicable statutes pertaining to sentencing; develop, implement and revise applicable processes for inmate and offender sentence computation; respond to public information requests with regard to inmates and offenders; certify an inmate's release date; and provide supportive services to Department facilities with regard to inmate sentencing.

(12) **Oregon Corrections Plan (OCP):** An automated case management tool incorporated into the Corrections Information System that serves as the primary tool for tracking an inmate's progress in working to mitigate the identified risk factors.

(13) **Parole Release Date:** The date on which an inmate is ordered to be released from an indeterminate prison sentence(s) to parole by the Board of Parole and Post-Prison Supervision. Parole release may be to the community, detainer or to another Department of Corrections sentence.

(14) **Post-Secondary Education Institution:** An education institution as defined in ORS 337.511.

(15) **Pre-Sentence:** That period of time a defendant spends in physical custody or incarceration from the point of arrest to the date of delivery to the Department to serve that sentence.

(16) **Prison Term:**

(a) **Sentencing Guidelines Sentences:** The length of incarceration time within a Department of Corrections facility as established by the court in the judgment for each crime of conviction.

(b) **Pre-Sentencing Guidelines Sentences:** The length of required incarceration time within a Department of Corrections facility as established by the order of the Board of Parole and Post-Prison Supervision setting of a parole release date.

(17) **Prison Term Analyst:** The staff person from OISC responsible for calculating inmates' sentences, applying sentence reduction credits and establishing release dates pursuant to applicable rules and statutes.

(18) **Projected Release Date:** The date upon which an inmate is anticipated to complete service of the prison term.

(19) **Restoration of Earned Time, Statutory Good Time, Extra Good Time Credits:** Where previously retracted earned time, statutory good time, extra good time and previously forfeited statutory good time and extra good time for parole violators are granted and applied back to the inmate's sentence.

(20) **Retraction:** Where previously granted earned time, statutory good time or extra good time credits are forfeited by an inmate as a result of a significant negative action on the part of the inmate, in accordance with the rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105), or forfeiture of program earned time credits granted following the effective date of this rule for inmates identified for residential alcohol and drug treatment (SCF 25) who fail to satisfactorily complete the prescribed program during their term of incarceration.

(21) **Review Period:** A six-month increment, beginning with an inmate's admission date, used to determine an inmate's compliance with institution behavior and his/her OCP.

(22) **Short-Term Transitional/Non-Prison Leave:** A leave for a period not to exceed 90 days preceding an established release date that allows an inmate opportunity to secure appropriate transitional support when necessary for successful reintegration into the community. Short-term transitional leave/non-prison leave is granted in accordance with ORS 421.510 and the Department's rule on Short-Term Transitional Leave, Emergency Leaves, and Supervised Trips (OAR 291-063).

(23) **Special Case Factor 25:** An inmate identified as both highly criminal and highly involved with drugs or alcohol through intake screening or subsequent assessment who is required to participate and complete a residential alcohol and drug program if available prior to the inmate's release.

(24) **Statutory Good Time Credits:** Prison term reduction credits (days) applicable to sentences for crimes committed prior to November 1, 1989 (matrix sentences) consisting of a reduction of one day for every two days served, pursuant to ORS 421.120(1)(a) and (b), and these rules. The application of statutory good time days establishes the initial statutory good time date and is re-calculated upon parole revocation based on the length of the remaining sentence.

(25) **Supplemental Judgment:** The form of judgment prepared by and transmitted to a sentencing court pursuant to Oregon Laws 2009, Chapter 660, §18 (House Bill 3508) which authorizes the Department to consider the inmate for a reduction in the term of incarceration under ORS 421.121 that may not exceed 30 percent of the total term of incarceration in a DOC facility.

291-097-0015

Earned Time Credits

(1) Pursuant to ORS 421.121, inmates sentenced under sentencing guidelines may earn sentence reduction credits up to 20 percent of the total sentencing guidelines prison term imposed for acceptable participation in OCP requirements and for maintaining appropriate institution conduct, except inmates:

- Serving a sentence subject to ORS 137.635;
- Serving presumptive sentences or required incarceration terms under ORS 161.737;
- Serving statutory minimum sentences under ORS 137.700 or 137.707;
- Serving a presumptive sentence under ORS 137.719;
- Subject to ORS 137.750 and whose judgment does not state that the inmate may be considered for sentence reductions;
- Serving time as a sanction for violation of conditions of post prison supervision; or
- Subject to any other Oregon statutes restricting earned time credits.

(2) Pursuant to ORS 421.121, inmates sentenced under sentencing guidelines on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced under the sentencing guidelines prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department of Corrections to consider the inmate eligible for additional earned time credits, may earn sentence reduction credits up to 30 percent of the total sentencing guidelines prison term imposed for acceptable participation in OCP requirements and for maintaining appropriate institution conduct, except inmates:

- Serving a sentence subject to ORS 137.635;
- Serving presumptive sentences or required incarceration terms under ORS 161.737;

ADMINISTRATIVE RULES

(c) Serving statutory minimum sentences under ORS 137.700 or 137.707;

(d) Serving a presumptive sentence under ORS 137.719;

(e) Subject to ORS 137.750 and whose judgment does not state that the inmate may be considered for sentence reductions;

(f) Serving time as a sanction for violation of conditions of post prison supervision;

(g) Subject to any other Oregon statutes restricting earned time credits;

(h) Released onto short-term transitional leave on or prior to August 30, 2009, the operative date of Oregon Laws 2009, Chapter 660, § 18 (House Bill 3508);

(i) Released onto conditional release (Second Look) on or prior to August 30, 2009, the operative date of Oregon Laws 2009, Chapter 660, § 18 (House Bill 3508);

(j) Released onto short-term transitional leave/non-prison leave on or prior to August 30, 2009, the operative date of Oregon Laws 2009, Chapter 660, § 18 (House Bill 3508) as part of an Alternative Incarceration Program as provided by the Department's rule on Alternative Incarceration Programs (OAR 291-062);

(k) Whose prison term reached its earned time release date prior to or on August 31, 2009;

(l) Whose prison term reached its earned time release date prior to the date the sentencing court enters a supplemental judgment; or

(m) Whose supplemental judgment approving a reduction in the term of incarceration under ORS 421.121 that may not exceed 30 percent is:

(A) Dated after February 17, 2010 at 10 a.m.; or

(B) Dated on or after February 17, 2010, and the court made the order on the record in open court after February 17, 2010, at 10 a.m.; or

(n) Serving a sentence for the following crimes:

(A) Rape in the Third Degree under ORS 163.355;

(B) Sodomy in the Third Degree under ORS 163.385;

(C) Sexual Abuse in the Second Degree under ORS 163.425;

(D) Criminally Negligent Homicide under ORS 163.145;

(E) Assault in the Third Degree under ORS 163.165;

(F) Assault in the Fourth Degree under ORS 163.160(3);

(G) A crime listed in ORS 137.700; or

(H) An attempt to commit a crime described in this subsection.

291-097-0020

Calculation and Application of Earned Time Credits

(1) For inmates sentenced on or after November 1, 1989, the maximum amount of earned time credits is 20 percent of the total sentencing guidelines sentence.

(a) In determining whether an inmate will receive earned time credits for the review period under consideration, inmate performance will be evaluated in two areas: 10 percent for compliance with the Oregon Corrections Plan and 10 percent for maintaining appropriate institution conduct. The only possible determination for each area is noncompliance or compliance.

(b) Pursuant to Oregon Laws 2009, chapter 623 and section (4) of this rule, consideration for earned time credit may also be given for an inmate who obtains a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010.

(2) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department of Corrections to consider the inmate eligible for additional earned time credits, the maximum amount of earned time credits is 30 percent of the total sentencing guidelines sentence.

(a) In determining whether an inmate will receive earned time credits for the review period under consideration, inmate performance will be evaluated in two areas: 15 percent for compliance with the Oregon Corrections Plan and 15 percent for maintaining appropriate institution conduct. The only possible determination for each area is noncompliance or compliance.

(b) Pursuant to Oregon Laws 2009, chapter 623 and section (4) of this rule, consideration for earned time credit may also be given for an inmate who obtains a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010.

(3) Earned Time Review Periods:

(a) Oregon Corrections Plan compliance is defined as acceptable participation in work and self-improvement programs required within the OCP. The required activities within the OCP are determined by ongoing assessment and evaluation, which begins at the inception of the inmate prison term.

(A) An inmate will be considered to be compliant if he/she was not failed from the required program activity(ies) during the review period under consideration, nor did the inmate refuse to participate in required programming during the review period under consideration.

(i) As needed, the counselor will communicate with the treatment or program providers as well as work crew supervisors to evaluate an inmate's compliance with the required program activity(ies).

(ii) If the inmate's counselor determines the inmate is non-compliant with the OCP, he/she will approve a program failure for documentation in the inmate's computer record.

(B) Inmates Needing Residential Alcohol and Drug Treatment:

(i) Inmates identified as needing Residential Alcohol and Drug treatment (SCF 25), and who are not within the timeframes for the program will not be responsible for entering or completing that specific program activity, but will be held responsible for completing all other available required activities identified within the OCP.

(ii) However, any program earned time previously applied, and any earned time credits as a result of the inmate obtaining a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010, will be retracted during the final review period if it is determined the inmate has refused to enter, or failed to complete a residential alcohol and drug program prior to release.

(b) Institution conduct compliance is defined as maintaining Level I or Level II major misconduct-free behavior during the review period. Major misconduct is documented in accordance with the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105). Any finding of a Level I or Level II major misconduct violation during the review period will be considered as noncompliance. The date of the adjudication, not of the incident, will be used for the date of the violation.

(c) At the end of each review period, the prison term analyst will review the inmate's computer records for information reflecting the inmate's compliance with the current Oregon Corrections Plan and institution conduct. Based on the information contained in the inmate's computer records, the prison term analyst will apply either:

(A) An effective 0, 10, or 20 percent reduction to the sentencing guidelines sentence proportional for the review period under consideration for inmates sentenced on or after November 1, 1989, or

(B) An effective 0, 15, or 30 percent reduction to the sentencing guidelines sentence proportional for the review period under consideration for inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010 or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits.

(d) For inmates housed in non-Oregon Department of Corrections facilities, the designated counselor will review the inmate's institution file including any reports received from the housing facility to determine compliance with the current OCP and institution conduct.

(A) OCP compliance will be determined by the inmate's reported compliance with requirements as determined by Department staff or the housing facility staff.

(B) Due process comparable to the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105) shall be applied. Institution conduct non-compliance will be determined by substituting the rule(s) of prohibited conduct, for the rule(s) violated at the housing facility, with the most equivalent charges as defined in the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105). The functional unit manager or

ADMINISTRATIVE RULES

designee may impose sanctions, in addition to that imposed by the housing facility, related to sentence reductions.

(e) For each review period under consideration for inmates housed in Oregon Department of Corrections facilities, the prison term analyst will list the reasons for applying or not applying earned time credits and record the corresponding percentage of earned time applied to the inmate's sentence on the Earned Time Computation Form (CD 1154D).

(f) For inmates housed in non-Oregon Department of Corrections facilities, the designated counselor will list the reasons for applying or not applying earned time credits and record the corresponding percentage of earned time applied on the Earned Time Computation Form (CD 1154D).

(g) Upon the prison term analyst's or counselor's application of earned time credits toward an inmate's sentence for the review period under consideration, the OISC Unit will recompute the inmate's new earned time release date, file the Earned Time Computation Form (CD 1154D) in the institution file, and provide a copy of the determination to the inmate.

(4) Determination of Earned Time Credits for Education or Apprenticeship Certifications:

(a) Inmates who obtain a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 prior to January 1, 2010 are not eligible to be considered for earned time credits for education or apprenticeship certifications.

(b) Subject to OAR 291-097-0025 (Retraction of Earned Time Credits), 291-097-0030 (Restoration of Earned Time Credits), and 291-097-0040 (Determination of Earned Time Credits During Final Review Period for Sentencing Guidelines Sentences), at the time an inmate obtains a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010, the prison term analyst will apply the amount of earned time credits, not to exceed 60 days, to the amount of earned time credits actually received by the inmate for either maintaining appropriate institution conduct or compliance with his/her Oregon Corrections Plan, in order to bring the inmate's total earned time credits up to the amount of earned time credits the inmate would have received if the inmate maintained appropriate institution conduct and was in full compliance with his/her Oregon Corrections Plan as of the date the inmate obtained the education or apprenticeship certification.

(A) The Department may apply up to 60 days earned time credits for education or apprenticeship certifications toward prior earned time not credited to the sentence due to adjudicated misconduct during the presentence incarceration or while an inmate is incarcerated in an Oregon county jail prior to the inmate's return to a Department of Corrections facility following an escape, revocation of second look conditional release, or violation of non-AIP or AIP short-term transitional leave, or toward non-compliance with institutional conduct or the Oregon Corrections Plan, and toward earned time previously retracted during the service of the sentence.

(B) In no event will an inmate be credited with more earned time credits than the amount of earned time credits the inmate would have received toward the sentence if the inmate maintained appropriate institutional behavior and was in full compliance with his/her Oregon Corrections Plan as of the date the inmate obtained a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in 660.010.

(C) The earned time credits for education or apprenticeship certifications may not be applied to a sentence whose prison term reached its earned time release date prior to the date the inmate obtained a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in 660.010.

(D) An inmate may be credited with multiple education or apprenticeship certifications as long as no individual sentence receives more than 60 days total earned time credit for obtaining a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in 660.010.

(5) Determination of Earned Time Credits During Presentence Incarceration: For crimes committed on or after November 1, 1989, earned

time credits will be computed for the period in which an inmate is in custody in a non-Department of Corrections facility prior to sentencing and admission to the Department of Corrections, based solely on the inmate's conduct in the facility.

(a) Conduct compliance will be assumed, unless the Department receives documentation of adjudicated misconduct from the facility.

(A) For inmates sentenced on or after November 1, 1989, the inmate will be granted an effective 0 or 20 percent reduction toward the sentencing guidelines sentence proportional for the length of presentence incarceration.

(B) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits, the inmate will be granted an effective 0 or 30 percent reduction toward the sentencing guidelines sentence proportional for the length of presentence incarceration.

(b) Any verified major misconduct equivalent to a Level 1 or Level 2 major misconduct violation as defined in the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105) during any of the presentence incarceration credits applied to the sentence will result in an effective 0 percent reduction toward the sentencing guidelines sentence proportional for the total length of presentence incarceration.

(A) For inmates sentenced on or after November 1, 1989, conduct compliance will result in an effective 20 percent reduction in the sentencing guidelines prison term proportional for the length of presentence incarceration.

(B) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits, conduct compliance will result in an effective 30 percent reduction in the sentencing guidelines prison term proportional for the length of presentence incarceration.

(6) If the inmate escapes, the prison term analyst will close out the current earned time review period, changing the current review period to end the day after escape. An inmate that is returned from an escape to a Department of Corrections facility will have the starting date of the new earned time credit cycle begin with the date of return. The escape will constitute a program failure for the period up to the escape.

(7) Alternative Incarceration Program:

(a) If, during any review period, the inmate is assigned to an Alternative Incarceration Program and for sufficient justification as determined by the functional unit manager's committee to be unsuccessful, the inmate will be considered a program failure as provided by the Department's rule on Alternative Incarceration Programs (OAR 291-062).

(b) If the inmate fails to successfully complete the short-term transitional leave (non-prison leave) granted through the Alternative Incarceration Program, the inmate will be considered a program failure and non-compliant with institution conduct for the length of the inmate's short-term transitional leave. The failure to successfully complete the short-term transitional leave (non-prison leave) will not result in a retraction of the portion of earned time credits for program compliance advanced at the beginning of the final review period as outlined in OAR 291-097-0025(3).

(8) Determination of earned time credits for inmates on non-AIP transitional leave:

(a) Earned time credits will be computed for the period in which an inmate is serving the remainder of his/her sentencing guidelines term of incarceration on short-term transitional leave (OAR 291-063).

(A) Institution conduct and Oregon Corrections Plan compliance will be assumed while an inmate is released on short-term transitional leave.

(B) Earned time credits for the period on transitional leave will be applied at a rate of 20 percent or 30 percent, in accordance with the applicable rate for the sentence at the time of release onto short-term transitional leave.

(b) A revocation of an inmate's short-term transitional leave is deemed non-compliance with the inmate's Oregon Corrections Plan and non-compliance with institution conduct. Upon revocation of short-term transitional leave, an inmate will receive an effective 0 percent reduction for OCP compliance and 0 percent reduction toward the sentencing guidelines sentence for institutional conduct proportional for the length of the inmate's short-term transitional leave.

(c) The failure to successfully complete the short-term transitional leave will not result in a retraction of the portion of earned time credits for

ADMINISTRATIVE RULES

program compliance advanced at the beginning of the final review period as outlined in OAR 291-097-0025(3).

(9) If all of an inmate's sentence(s) is vacated, reversed and remanded for new trial, or conviction affirmed and remanded for resentencing, the prison term analyst will close out the current earned time review period to end the day after release to the sentencing court. An inmate that is returned on a resentencing will start a new review period, effective the date of return to a Department of Corrections facility. The new earned time credit cycle date will be reflected on the inmate's facesheet.

(10) Determination of earned time credits for inmates serving the remainder of a sentencing guidelines sentence on conditional release (Second Look):

(a) Earned time credits will be computed for the period in which an inmate is serving the remainder of his/her sentencing guidelines term of incarceration in the community on conditional release, based solely on the inmate's compliance with his/her conditional release plan.

(b) Earned time credits for the period on conditional release (Second Look) will be applied at a rate of 20 percent or 30 percent, in accordance with the applicable rate for the sentence at the time of release onto conditional release (Second Look).

(c) Conduct compliance will be assumed, unless the inmate's conditional release is revoked by the sentencing court.

(d) Any revocation of an inmate's conditional release prior to the inmate reaching his/her projected earned time date will result in an effective 0 percent reduction in the sentencing guidelines prison term for the length of the inmate's sentence being served in the community on conditional release.

(11) If an inmate is incarcerated in an Oregon county jail prior to the inmate's return to a Department of Corrections facility following an escape, revocation of second look conditional release, or violation of non-AIP or AIP short-term transitional leave, earned time credits will be computed for the period in which the inmate is in custody based solely on the inmate's conduct in the county jail.

(a) Conduct compliance will be assumed, unless the Department receives documentation of adjudicated misconduct from the facility.

(A) For inmates sentenced on or after November 1, 1989, the inmate will be granted an effective 0 or 20 percent reduction toward the sentencing guidelines sentence proportional for the length of incarceration.

(B) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits, the inmate will be granted an effective 0 or 30 percent reduction toward the sentencing guidelines sentence proportional for the length of incarceration.

(b) Any verified major misconduct equivalent to a Level 1 or Level 2 major misconduct violation as defined in the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105) during the incarceration will result in an effective 0 percent reduction toward the sentencing guidelines sentence proportional for the length of incarceration.

(A) For inmates sentenced on or after November 1, 1989, conduct compliance will result in an effective 20 percent reduction in the sentencing guidelines prison term proportional for the length of incarceration.

(B) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits, conduct compliance will result in an effective 30 percent reduction in the sentencing guidelines prison term proportional for the length of incarceration.

291-097-0023

Court Notification of Inmate Eligibility for Increase in Earned Time Credits

Pursuant to Oregon Laws 2009, Chapter 660 § 18 (House Bill 3508), for inmates with sentencing guidelines sentences imposed prior to July 1, 2009 for crimes committed on or after November 1, 1989:

(1) Upon identifying an inmate who is eligible for earned time credits that exceed 20 percent, the Department will send written notification to the inmate, as well as the presiding judge, trial court administrator, and the district attorney of the county in which the inmate was sentenced, of the particular sentences for which the Department has determined that the inmate is eligible for an increase in earned time credits. The Department will also provide a supplemental judgment to the presiding judge and trial court administrator of the county in which the inmate was sentenced that lists the particular sentences for which the Department has determined that the inmate is eligible for an increase in earned time credits.

(2) The Department will not send a written notification or supplemental judgment for any sentence in which an inmate has completed his/her prison term prior to or on August 31, 2009.

(3) The Department will not send a written notification or supplemental judgment for any inmate on or after February 17, 2010.

Stat. Auth.: ORS 137.635, 144.108, 144.110, 161.610, 179.040, 421.120 - 421.122, 423.020, 423.030, 423.075, OL 2009 Ch 660 (HB 3508), Or Laws 2010 Ch 2 (SB1007)

291-097-0025

Retraction of Earned Time Credits

Time credits previously earned or applied will be retracted as follows:

(1) The inmate is found guilty of a major rule violation after a formal disciplinary hearing or upon waiver of the inmate's right to a hearing, and the disciplinary order directs that earned time credits earned or applied be forfeited in accordance with the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291 105).

(a) A recommendation for retraction of earned time shall be within the range corresponding to the violation level as set forth in Table 1.

(b) A recommendation for retraction of earned time credits may not exceed the amount previously applied, including any amount credited to the inmate for obtaining a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010 on or after January 1, 2010.

(2) Inmates identified as needing residential alcohol and drug treatment (SCF 25) who have not completed the prescribed program by their final review period will have all previously applied earned time for program compliance, as well as any amount credited to the inmate for obtaining a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in 660.010 on or after January 1, 2010, retracted from the first full review period following September 1, 1996. Retraction of program earned time may not exceed the amount previously applied.

(a) If earned time is retracted during or after the final review period in which a final release date is calculated, the release date will be adjusted by the OISC Unit. After such a retraction, the new release date will remain as established by the OISC Unit and that inmate shall be ineligible for any future earned time credit.

(b) The prison term analyst will contact the counselor for confirmation of whether an SCF 25 inmate requires a retraction at the time of the final review. SCF 25 retractions will be documented in writing by the counselor.

(3) Failure to comply with the OCP during the final review period will result in a retraction of the portion of the earned time credits for program compliance advanced at the beginning of the final review period. The prison term analyst will document the retraction on the Earned Time Computation form (CD 1154D).

Restoration of Earned Time Credits

(1) Time credits that have been retracted may be restored upon recommendation of staff and approval of the functional unit manager or designee only for an inmate who has been involved in saving a life or through the Adjustments to final order process outlined in the Department's rule on Prohibited Inmate Conduct and Processing Disciplinary Actions (OAR 291-105). Time credits restored may not exceed those previously retracted.

(2) Restoration of time credits must be approved in writing by the functional unit manager or designee.

291-097-0040

Determination of Earned Time Credits During Final Review Period for Sentencing Guideline Sentences

(1)(a) Four months prior to an inmate's projected release date, prison term analysts (or the designated counselor for inmates housed in non-Oregon Department of Corrections facilities) will conduct a final review of inmates' earned time compliance. Final reviews will be conducted only for inmates serving a sentencing guidelines sentence. Prison term analysts will advance and apply earned time credits for the final review period as follows:

(b) Advancement and application of earned time credits for the final review period:

(A) Except for residential alcohol and drug treatment (SCF 25) inmates, an inmate's full compliance with the OCP and institutional behavior will be assumed during the final review period.

(i) For inmates sentenced on or after November 1, 1989, the prison term analyst will apply an effective 20 percent reduction in sentence for the final review period and the OISC Unit will recompute the inmate's new earned time release date.

(ii) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits, the prison term analyst will apply an effective 30 percent reduction in sentence for the final review period and the OISC Unit will recompute the inmate's new earned time release date.

(B) For residential alcohol and drug treatment (SCF 25) inmates, only institutional behavior compliance will be assumed during the final review period unless the inmate has successfully complied with his/her Oregon Corrections Plan at the time of the final review.

(i) For inmates sentenced on or after November 1, 1989, if the inmate has successfully complied with his/her Oregon Corrections Plan at the time of the final review, the prison term analyst will apply an effective 20 percent reduction in sentence for the final review period and the OISC Unit will recompute the inmate's new earned time release date.

(ii) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department of Corrections to consider the inmate eligible for additional earned time credits, if the inmate has successfully complied with his/her Oregon Corrections Plan at the time of the final review, the prison term analyst will apply an effective 30 percent reduction in sentence for the final review period and the OISC Unit will recompute the inmate's new earned time release date.

(iii) For inmates sentenced on or after November 1, 1989, if the inmate has not successfully complied with his/her Oregon Corrections Plan at the time of the final review, the prison term analyst will apply an effective 10 percent reduction in sentence for the final review period and the OISC Unit will recompute the inmate's new earned time release date.

(iv) For inmates with eligible crimes sentenced on or after July 1, 2009 for a crime committed prior to February 17, 2010, or inmates sentenced prior to July 1, 2009 and for whom the sentencing court has issued a supplemental judgment authorizing the Department to consider the inmate eligible for additional earned time credits, if the inmate has not successfully complied with his/her Oregon Corrections Plan at the time of the final review, the prison term analyst will apply an effective 15 percent

reduction in sentence for the final review period and the OISC Unit will recompute the inmate's new earned time release date.

(2) If, after the completion of a final review and advancement of earned time credits for the final review period, the inmate's prison term is extended as a result of a new sentence or an adjustment in presentence time, the prison term analyst will delete the final review and any earned time credits advanced for the final review period. The prison term analyst will complete a new Earned Time Computation form (CD 1154D) to assure that the extended prison term is reviewed in accordance with these rules.

(3) If, after the completion of a final review and advancement of earned time credits for the final review period, the inmate's prison term is reduced, the OISC Unit will adjust the final review period and any earned time credits advanced for the final review period provided the inmate was in full compliance with his/her Oregon Corrections Plan and institutional behavior at the time of the final review.

(a) If the inmate was in partial compliance with his/her Oregon Corrections Plan or institutional behavior at the time of the final review, the prison term analyst will delete the final review and any earned time credits advanced for the final review period.

(b) The prison term analyst will complete a new Earned Time Computation form (CD 1154D) to assure that the reduced prison term is reviewed in accordance with these rules.

(4) If, after the completion of a final review and advancement of earned time credits for the final review period, the inmate obtains a high school diploma, General Educational Development (GED) certificate, a certificate or degree from a post-secondary education institution as defined in ORS 337.511, or a journey level certification from a registered apprenticeship program as defined in ORS 660.010, the OISC Unit will adjust the final review period and any earned time credits advanced for the final review period in accordance with OAR 291-097-0020(4).

Department of Energy Chapter 330

Rule Caption: Establishes procedural and other requirements including timeframes for assessing energy resource suppliers.

Adm. Order No.: DOE 5-2010

Filed with Sec. of State: 6-16-2010

Certified to be Effective: 6-16-10

Notice Publication Date: 4-1-2010

Rules Amended: 330-075-0005, 330-075-0015, 330-075-0025, 330-075-0035

Rules Repealed: 330-075-0010, 330-075-0005(T), 330-075-0015(T), 330-075-0025(T), 330-075-0035(T)

Subject: The 2009 legislature, HB 2626, changed the definition of Energy Suppliers. The change added generation, transmission and distribution to the definition of activities eligible for inclusion under the energy supplier assessment. To implement this change and remain consistent with statute the ESA rules require amendment.

Rules Coordinator: Kathy Stuttaford—(503) 373-2127

330-075-0005

Purpose

These rules specify the form and content of information regarding Oregon gross operating revenues and energy sales to be submitted to the Department of Energy by energy resource suppliers. Such submittals are pursuant to ORS 469.421 as amended by **Oregon Laws 2009, Chapter 753**. The information will be used to calculate annual assessments on energy resource suppliers.

ADMINISTRATIVE RULES

330-075-0015

Definitions

For the purposes of OAR division 330, division 75, unless otherwise specified, the following definitions shall apply:

- (1) "Department" means the Oregon Department of Energy.
 - (2) "Director" means the Director of the Oregon Department of Energy.
 - (3) "Electric Utility" has the meaning given that term in ORS 469.300.
 - (4) "Energy Resource Supplier" has the meaning given that term in ORS 469.421.
 - (5) "Gross Operating Revenue" has the meaning given that term in ORS 469.421.
 - (6) "Imported" relates to natural gas and petroleum products and includes those products not produced or salvaged from the earth or waters of the State of Oregon.
 - (7) "Natural Gas Utility" means a person engaged in or authorized to engage in the business of supply, transmission or distribution of natural or synthetic gas.
 - (8) "Petroleum Products" means those petroleum products subject to assessments under Section 3(4) and Section 5(4) of Oregon Laws 1981, Chapter 792. These products include:
 - (a) Crude petroleum;
 - (b) Fuel oil (distillate and residual);
 - (c) Kerosene;
 - (d) Liquefied petroleum gases;
 - (e) Motor vehicle fuel (when used as fuel for agricultural purposes);and
 - (f) Petroleum coke (when used as fuel in metal processing)."Petroleum products" does not include fuels subject to the requirements of Section 3 of Article IX of the Oregon Constitution, ORS 319.020 relating to aircraft and motor vehicle fuel, and ORS 319.530.
 - (9) "Petroleum Supplier" has the meaning given that term in ORS 469.421.
 - (10) "Person" has the meaning given that term in ORS 469.300.
 - (11) "Proprietary Information" means information in which its owner has an important, established financial or competitive interest and value. Proprietary information shall be determined by these indicators:
 - (a) Whether the information is treated as confidential by its owner;
 - (b) Whether its owner has made the information available to others, and the reason for such disclosure;
 - (c) The potential for competitive advantage that the information provides;
 - (d) The cost of developing the information;
 - (e) The potential for financial or competitive loss to its owner if the information is disclosed;
 - (f) Whether the information legally is protected by patents or copyrights, etc.
 - (12) "Retail Sales" means sales to the ultimate consumer.
 - (13) "Synthetic Gas" means a gas or gas mixture that is produced or collected for use as fuel. Synthetic Gas includes landfill gas, digester gas, biogas and biomethane.
 - (14) "Ultimate Consumer" means a customer who purchases energy for his own use and not for resale.
 - (15) "Utility" has the meaning given that term in ORS 469.300.
 - (16) "Wholesale sales" means sales of electricity, natural gas or petroleum products for subsequent resale.
- Stat. Auth.: ORS 183 & 469
Stats. Implemented: ORS 469.421
Hist.: DOE 3-1981(Temp), f. & ef. 8-26-81; DOE 4-1981(Temp), f. & ef. 9-14-81; DOE 5-1981(Temp), f. & ef. 11-2-81; DOE 7-1982, f. & ef. 5-3-82; DOE 6-1984, f. & ef. 5-10-84; DOE 3-2009(Temp), f. & cert. ef. 12-21-09 thru 6-17-10; DOE 5-2010, f. & cert. ef. 6-16-10

330-075-0025

Energy Resource Suppliers Gross Operating Revenue Reporting Requirements

- (1) Energy resource suppliers with one or more locations or service areas in Oregon shall complete and submit the appropriate Department-supplied form or forms based on the suppliers energy type. The information provided on the forms shall when appropriate:
 - (a) Contain information relating to total gross operating revenue derived from the energy resource supplier's operations within Oregon during the most recently completed calendar year. Energy resource suppliers whose energy generation, transmission or distribution activities within Oregon are undertaken to directly supply the suppliers operations at the same location and not for the primary purpose of distribution or sale, shall

report only gross operating revenue from supplying, transmitting or distributing energy to another person. Energy resource suppliers who receive revenue from multiple business activities shall report only the gross operating revenue from supplying, generating, transmitting or distributing energy; and

(b) Contain gross operating revenues relating to wholesale and retail sales by the petroleum supplier of distillate fuel oil within Oregon during the most recently completed calendar year.

(2) Except as provided in OAR 330-075-0035, every energy resource supplier with one or more locations in Oregon shall submit a completed Department-supplied form on or before May 1 of each year. Forms shall be considered submitted as of the post mark date or receipt at the Department, whichever is earlier.

[Forms: Forms referenced are available from the agency.]

330-075-0035

Extension of Submission Deadline

(1) Any energy resource supplier which finds it cannot meet the deadline set forth in OAR 330-075-0025 may apply to the Director for an extension of time. The written application shall include the following:

- (a) The reasons why the deadline cannot be met;
- (b) The measures being taken to comply with the deadline; and
- (c) The date on which the energy resource supplier intends to submit the required form(s).

(2) A petition for extension of time must be submitted no later than 15 days before the deadline from which an extension is sought.

(3) The Director may grant an extension of not more than fifteen days if:

- (a) The energy supplier makes a showing of hardship caused by the deadline;
- (b) The energy supplier provides reasonable assurance that the energy supplier can comply with the revised deadline; and
- (c) The extension of time does not prevent the department from fulfilling its statutory responsibilities.

Rule Caption: Adopt rules establishing a voluntary building energy rating system.

Adm. Order No.: DOE 6-2010

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 6-1-2010

Rules Adopted: 330-063-0000, 330-063-0010, 330-063-0020, 330-063-0030, 330-063-0040

Subject: Senate Bill 79 creates the Task Force on Energy Performance ("Task Force"). One of the Task Force's duties is to develop recommendations for a voluntary energy performance scoring system for use in new and existing commercial and residential buildings. Senate Bill 79 directs the Oregon Department of Energy ("Department") to provide staff support to the Task Force and to adopt the Task Force's recommendations for a voluntary energy performance scoring system by July 1, 2010. These rules reflect the Task Force's recommendations.

Rules Coordinator: Kathy Stuttaford—(503) 373-2127

330-063-0000

Purpose and Scope

- (1) These rules establish a voluntary building energy rating system.
- (2) The building energy rating system shall be available for voluntary evaluation of energy use in new and existing commercial and residential buildings in Oregon and shall follow the standards established in these rules.

Stat. Auth.: 2009 OL Ch. 750

Hist.: DOE 6-2010, f. & cert. ef. 7-1-10

ADMINISTRATIVE RULES

330-063-0010

Definitions

For the purposes of these rules, unless otherwise specified, the following definitions shall apply unless the context requires otherwise:

(1) "Asset rating" means the building energy use rating generated by modeling under standardized weather and occupancy conditions, adjusted to account for variances in energy consumption.

(2) "Building" means any enclosed structure created for permanent use as a residence, a place of business, or any other activities whether commercial or noncommercial in character.

(3) "Building envelope" is that element of a building which encloses conditioned spaces through which thermal energy may be transmitted to or from the exterior or to or from unconditioned spaces.

(4) "Commercial building" means a structure of which more than 50 percent of usable square footage is used or intended for use in connection with:

- (a) The exchange, sale, or storage of goods; or
- (b) The provision of services.
- (c) A residential building with more than five dwelling units is a commercial building for the purposes of these rules.

(5) "Energy audit" means an assessment of a building's energy use and efficiency in order to determine the building's energy performance.

(6) "Operational rating" means a building energy use rating generated by measuring actual energy consumption taking into consideration all physical systems and their operation.

(7) "Physical systems" means any energy consuming equipment integrated in the building design, function or operation.

(8) "Residential building" as defined in ORS 701.005.

Stat. Auth.: 2009 OL Ch. 750
Stats. Implemented: 2009 OL Ch. 750
Hist.: DOE 6-2010, f. & cert. ef. 7-1-10

330-063-0020

Evaluation of Energy Performance

(1) Persons producing energy performance scores shall have training in the software program used to produce the rating.

(2) Building energy ratings must meet the following requirements:

(a) Building energy audit software used to produce building energy ratings shall be approved by the U.S. Department of Energy.

(b) The rating for new buildings shall be an asset rating based upon the projected energy consumption of the building and may include a physical inspection of the building.

(c) Ratings shall be readily available and understandable to an actual or potential building purchaser, lessee, renter or other occupant and shall include an explanation of the rating, the assumptions, the baseline, the date of the rating, and the name of the rater or rating organization.

(3) Building energy rating systems shall include the following:

(a) The estimated total annual energy consumption by fuel type.

(b) Acceptable benchmarks include, but are not limited to:

(A) A similar building built to state building code standards

(B) Oregon or national averages

(C) A comparable-sized building in square footage

(4) Building ratings may include the estimated amount of carbon dioxide emissions per housing unit, as a calculation of the carbon intensity for each fuel source used in the unit. The score should be calculated by aggregating the following estimates:

(a) The number of lbs CO₂/kWh of electricity consumed annually should be based on the eGRID sub-region NWPP data and adjusted annually. This is currently 0.902 lbs CO₂/kWh.

(b) 11.64 lbs CO₂/therm of natural gas consumed annually.

(c) 22.29 lbs CO₂/gallon of fuel oil consumed annually.

(d) 12.76 lbs CO₂/gallon of propane consumed annually.

Stat. Auth.: 2009 OL Ch. 750
Stats. Implemented: 2009 OL Ch. 750
Hist.: DOE 6-2010, f. & cert. ef. 7-1-10

330-063-0030

Specific Energy Performance Scoring Standards for Residential Buildings

(1) Building energy ratings systems for residential buildings shall meet the following additional requirements:

(a) Include the estimated total annual energy cost.

(b) The rating for existing residential buildings shall be an asset rating based upon the projected energy performance of the building and may include a physical inspection of the building.

(2) Residential energy use shall be displayed in annual Mbtu as determined by approved energy modeling methods, using standard inputs to represent a typical household. The annual energy consumption of each fuel (electricity, natural gas, oil, propane, etc) shall be displayed in retail units (kWh, therms, gallons, etc) and estimated annual customer cost based on an Oregon average. Local labeling strategies are encouraged to add local pricing data.

Stat. Auth.: 2009 OL Ch. 750
Stats. Implemented: 2009 OL Ch. 750
Hist.: DOE 6-2010, f. & cert. ef. 7-1-10

330-063-0040

Specific Energy Performance Scoring Standards for Commercial Buildings

(1) Building energy ratings systems for existing commercial buildings shall be an operational rating based upon the actual energy usage of the building and shall utilize utility data.

(2) Commercial energy use shall be displayed in annual btu per square foot as determined by approved energy modeling methods, using standard occupancy profiles for the building type. The annual energy consumption of each fuel (electricity, natural gas, oil, propane, etc) shall be displayed in retail units.

Rule Caption: Modifies the eligibility criteria for residential alternative energy devices and the calculation of net costs.

Adm. Order No.: DOE 7-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 12-28-10

Notice Publication Date:

Rules Amended: 330-070-0010, 330-070-0013, 330-070-0022

Subject: The rule amendments clarify that eligible costs of alternative energy devices eligible for the residential energy tax credit will be determined net of any other incentives, including federal tax credits; change the definitions of eligible alternative fuel vehicles; and extend the period during which a residence that has received tax credits for certain alternative energy devices will be ineligible for additional credits.

Rules Coordinator: Kathy Stuttaford—(503) 373-2127

330-070-0010

Purpose

(1) ORS 469.160 through 469.180 offer tax credits for Alternate Energy Devices (AEDs).

(2) These rules are OAR 330-070-0010 through 330-070-0097. They govern the way tax credits for AEDs will be granted or denied. None of these rules replace any building code requirements.

(3) Effective Date: July 1, 2010. All decisions made by the Oregon Department of Energy (ODOE) regarding AED eligibility, issuance of tax-credit technician certification, complaints regarding performance of tax-credit certified technician, revocation of technician tax-credit certification and other matters relating to the administration of this program after the effective date of these rules will be made consistent with the criteria and standards contained in these rules.

(4) These rules apply to tax years beginning on or after January 1, 2008. For all prior tax years, the law and rules applicable to those years remain in full force.

(5) ODOE grants or denies AED tax credits. By granting a tax credit, neither ODOE nor the state implies that the AED will save more money than it will cost. Meeting standards in these rules does not assure that an AED is safe or reliable.

330-070-0013

Definitions

As used in OAR 330-070-0010 through 330-070-0097:

(1) "AED" – Alternative Energy Device.

ADMINISTRATIVE RULES

(2) "Active Solar Heating" – A solar system that uses air or water that is moved by pumps or fans to collect, store and distribute the sun's energy to a dwelling or part of a dwelling.

(3) "AFUE" (Annual Fuel Utilization Efficiency) – The efficiency rating for furnaces and boilers expressed as the ratio of the energy output to the energy (fuel) input, including part load and cycling effects, but not including fan or pump electrical energy use.

(4) "Alternative Energy Device" ("AED") – A device or system that reduces the amount of conventional energy used by a dwelling. AEDs include, but are not limited to, systems that collect and use solar energy; ground source heat pump systems; energy efficient appliances, energy efficient heating, ventilating and air conditioning systems; premium efficiency biomass combustion devices, fuel cell systems; alternative fuel vehicles and related alternative fuel devices or wind devices that supply, offset or supplement electricity used for a dwelling or that supply electricity to a utility.

(5) "Alternative Fuel" – Electricity, natural gas, ethanol, methanol, propane, and any other fuel approved by the Director of ODOE.

(6) "Alternative Fuel Vehicle" – An alternative fuel vehicle, equipment necessary to convert a vehicle to use an alternative fuel, or a fueling system necessary to operate an alternative fuel vehicle.

(7) "Applicant" – A person who applies for a residential alternative energy device tax credit under this section.

(a) A person who files an Oregon tax return and applies for a residential alternative energy device tax credit under this section, or

(b) An Oregon Investor Owned Utility (IOU) as defined in ORS 757.005 or its subsidiaries and affiliated interests as defined in 757.015 that is designated by an applicant under OAR 330-070-0013(7)(a) to receive the residential tax credit certificate for a qualifying alternative fuel device on behalf of the designated applicant.

(c) Any other entity qualified to receive the residential tax credit certificate for a qualifying alternative fuel device on behalf of the designated applicant, as determined by ODOE.

(d) An individual or business that provides the tax credit pass-through amount to the eligible AED owner, and is assigned the tax credit by the AED owner.

(8) "ARI" – Air Conditioning and Refrigeration Institute.

(9) "ASHRAE" – American Society of Heating, Refrigerating and Air Conditioning Engineers.

(10) "AWEA" – American Wind Energy Association.

(11) "Btu" – British Thermal Unit.

(12) "CEF" – Energy Factor for Combined Systems. A non-dimensional descriptor of efficiency for combined space and water heating systems during operation in the water-heating mode only. This part of the three-part rating (space heating efficiency and combined efficiency being the other two) takes into account the standby losses from the storage tank, if any. A higher energy factor denotes better efficiency. Testing is accomplished using the ANSI/ASHRAE 124 test method.

(13) "CAFUE" – Annual Fuel Utilization Efficiency for Combined Systems. A descriptor of efficiency for combined space and water heating systems during operation in the space heating mode only. This part of the three-part rating (water heating efficiency and combined efficiency being the other two) does not count any standby losses from the storage tank, if any. A higher AFUE denotes better efficiency. Testing is accomplished using the ANSI/ASHRAE 124 test method.

(14) "Consumer Disclosure" – A form approved and provided by ODOE describing some AEDs. The technician fills this form out and gives it to the buyer of an AED. It shows estimated energy savings of the AED, required conservation items, required maintenance, freeze protection information and other data required by ODOE. Exclusions: energy efficient appliances and alternative fuel devices.

(15) "COP" – Coefficient of Performance. The ratio calculated by dividing the usable output energy by the electrical input energy. Both energy values must be expressed in equivalent units.

(16) "Department", "Energy Office", or "Office" – The Oregon Department of Energy.

(17) "Director" – Director of ODOE or the Director's representative.

(18) "Domestic Water Heating" – The heating of water used in a dwelling for bathing, clothes washing, dishwashing and other related functions.

(19) "Ductless Mini-split Heat Pump" – means an air-source heat pump consisting of an outdoor unit connected directly to one or more indoor units where the refrigerant is condensed and conditioned air is delivered directly to the room or zone of a home rather than through a central air handler.

(20) "Dwelling" – means real or personal property inhabited as a principal or secondary residence and located within this state. "Dwelling" includes, but is not limited to, an individual unit within multiple unit residential housing.

(a) Principal residence – The dwelling owned by the applicant who on the date of the application has legal title to a dwelling, including the mortgagor under a duly recorded mortgage of real property, the trust or under a duly recorded deed of trust or a purchaser under a duly recorded contract for the purchase of real property, and who inhabits the dwelling for no fewer than 14 days in the calendar year for which the credit is claimed;

(b) Secondary residence – Vacation property owned by the applicant; and

(c) Not qualifying – Primary or secondary residences do not include motor homes or recreational vehicles as defined in ORS 446.003.

(21) "EER" (Energy Efficiency Ratio) – A measure of a cooling system's instantaneous efficiency (cooling capacity divided by the power consumption), at DOE "A" test conditions, expressed in Btu/hr per watt.

(22) "Electric Load" – Appliance and lighting exclusive of any water or space heating use.

(23) "Energy Efficient Appliance" – A clothes washer, clothes dryer, water heater, refrigerator, freezer, dishwasher, space conditioning system, solar electric alternating current (AC) module, or any other major household appliance that has been certified by ODOE to have premium energy efficiency characteristics. Lists of certified energy efficient appliances are available from ODOE.

(24) "Energy Factor"(EF) – The non-dimensional efficiency rating for water heaters. It can be loosely translated as a percentage (e.g. EF 0.93 = 93 percent). A higher energy factor denotes better efficiency.

(25) "Energy Yield Chart" – Chart developed by ODOE showing first year energy yield of an AED.

(26) "Energy Recovery Ventilator" (ERV) – A device or system designed and installed to provide balanced fresh air ventilation for homes with the ability to transfer energy from the outgoing air stream to the incoming air stream that is also capable of at least 30 percent Latent Recovery/Moisture Transfer (LRMT) at 32 degrees F when operating at the lowest fan speed.

(27) "EUI(FURNACE)" – The Energy Use Index for a furnace, used to determine its electric efficiency, and calculated by the following formula, with inputs derived from the appropriate values in the Gas Appliance Manufacturers Association (GAMA) Directory of Certified Efficiency Ratings for Heating and Water Heating Equipment: $3.412 \times \text{EAE} / (3.412 \times \text{EAE} + 1,000 \times \text{EF}) = 2.0$ percent.

(28) "EUI(HERV)" – The Energy Use Index for an HRV or ERV, used to determine its electric efficiency, and calculated by dividing a model's power consumption, in watts, by the net supply air delivered, in cubic feet per minute (cfm), while the unit is operating in the lowest speed for which performance data is provided in the Home Ventilating Institute (HVI) Directory.

(29) "FERC" – Federal Energy Regulatory Commission.

(30) "First Year Energy Yield" – Usable energy produced under average conditions by an AED in one year. Expressed in kWh, usable energy is the gross energy contribution minus any parasitic energy used to operate the system.

(31) "Fuel Cell Stack" – The portion of a fuel cell system where the electrochemical reactions take place, generally consisting of an anode, an electrolyte, and a cathode and supporting systems bringing fuel to the stack and carrying away the electricity, electrochemical products and thermal energy generated.

(32) "Fuel Cell System" – A system for producing electricity electrochemically and non-reversibly, using a hydrogen rich fuel and oxygen, and producing an electric current, water, and thermal energy. Systems using reformed fossil fuels will also produce carbon dioxide.

(33) "Ground Source Heat Pump" – A heating, ventilating and air-conditioning system, also known as a ground water heat pump, earth-coupled heat pump, geothermal heat pump or ground loop AED, that utilizes a subsurface closed loop heat exchanger to extract or reject heat to the earth.

(34) "Heating Season" – September 1 through March 31.

(35) "Heat Recovery Ventilator" (HRV) – A device or system designed and installed to provide balanced fresh air ventilation for homes with the ability to transfer energy from the outgoing air stream to the incoming air stream.

(36) "HSPF" (Heating Season Performance Factor) – A measure of the heating efficiency of a heat pump system over the entire heating season (heating accomplished divided by power used), expressed as a ratio of Btu per watt-hour.

ADMINISTRATIVE RULES

- (37) "HUD" – U.S. Department of Housing and Urban Development.
- (38) "Hybrid Vehicle" – An alternative fuel vehicle which draws propulsion energy from on-board sources of stored energy which include both an internal combustion or heat engine and a rechargeable energy storage system.
- (39) "Hydronic Space Heating System" – A system that uses hot or warm water to deliver heat from a boiler or water heater to the living spaces in a home.
- (40) "IREC" – Interstate Renewable Energy Council.
- (41) "kWh" – kilowatt-hour; 1 kWh = 3413 BTUs for purposes of ODOE calculations.
- (42) "Latent Recovery Moisture Transfer" (LRMT) – In an HRV or ERV, moisture recovered to the ventilation supply air stream divided by moisture being exhausted, corrected for cross leakage, if any. LRMT = 0 would indicate that no exhausting moisture is recovered for the incoming supply air stream. LRMT = 1 would indicate that all exhausting moisture is transferred.
- (43) "MCFC" – Molten carbonate fuel cell.
- (44) "Modified Energy Factor" (MEF) – The non-dimensional efficiency rating for clothes washers. This measure, unlike the EF, takes into account the moisture removed from the wash load in the spin cycle, thereby changing energy use in the drying cycle. A higher MEF denotes a more efficient clothes washer.
- (45) "MM" – Million.
- (46) "Net Cost" – What the applicant paid to design, acquire, build and install the AED. Net cost includes permit and inspection fees. Net cost must include the value of federal tax credits or utility incentives. Net cost does not include service contracts, rebates, discounts or refunds.
- (47) "Net Generation" – The gross kWh produced minus internal losses and parasitic loads. The net generation is the amount available to serve dwelling loads, to provide to the utility, or both.
- (48) "OG" – Operating guidelines developed by the Solar Rating and Certification Corporation (SRCC) including system performance or component characteristics defined by SRCC in its directory. Operating guidelines shall be from the directory in effect at the date the rules are adopted.
- (49) "ODOE" – Oregon Department of Energy.
- (50) "Owner-Built" – An AED that is assembled and installed on an owner's personal property and with an owner's labor only.
- (51) "Parasitic Power" – The electrical energy the system uses to operate.
- (52) "Passive" – A solar AED that relies on heated liquid or air rising to collect, store and move heat without mechanical devices.
- (53) "Passive Solar Space Heating" – This refers to a system or building design that collects and stores solar energy received directly through south facing windows. The system/design is without powered moving parts and includes provisions to collect, store and distribute the sun's energy using only convection, radiation and conduction of energy. See section 330-070-0062 for details.
- (54) "Pass-Through Amount" – The minimum amount required to be passed through to an eligible AED owner in exchange for the right to claim the tax credit. The pass-through amount shall be determined on an annual basis by the Director.
- (55) "Pass-Through Provider" – An individual or business that pays the pass-through amount to an eligible system owner and applies for the tax credit in place of the system owner.
- (56) "Pass-Through Verification" – Information collected by ODOE verifying that the approved pass-through amount has been provided, that the AED owner has relinquished his or her claim to a tax credit and has assigned the credit to the pass-through provider.
- (57) "Peak Power Ratio" – In the case of a hybrid vehicle, the maximum power available from the electric motor providing propulsion energy when powered by the rechargeable energy storage system, divided by the total of such maximum power and the SAE net power of the internal combustion or heat engine.
- (58) "Performance Checked Duct System" – A forced air duct system whose premium efficiency characteristics are that it has been tested for duct leakage by a tax credit certified technician using ODOE-approved testing procedures, and that it has been repaired or constructed using ODOE-approved materials to reduce duct air leakage. For purposes of the tax credit, performance checked ducts are considered energy efficient appliances.
- (59) "Performance Checked Heat Pumps and Air Conditioners" – A heat pump or air conditioner whose premium efficiency characteristics are that it has been tested using approved procedures and repaired or serviced as needed by a tax-credit certified technician to assure that refrigerant charge and system air flow are within ranges recommended by the equipment manufacturer. For purposes of the tax credit, performance tested heat pumps and air conditioners are considered energy efficient appliances.
- (60) "Placed in Service" – The date when an AED is ready and available to produce usable energy.
- (61) "Premium Efficiency Biomass Combustion Device" – is any device that burns wood, compressed wood or other non-gaseous or non-liquid solid fuels of 100 percent organic origin for aesthetic or space-heating purposes.
- (62) "PV System" – A complete solar electric power system capable of delivering power to either the main or sub-panel in a residence. Necessary components include: solar electric modules, inverter, mounting system, and disconnection equipment.
- (63) "SEER" (Seasonal Energy Efficiency Ratio) – a measure of the efficiency of a cooling system over the entire cooling season (cooling accomplished divided by power used), expressed in Btu/kWh.
- (64) "Solar Attic Fan" – A device that uses photovoltaics to power a fan that pulls hot air out of an attic or roof space. Such a device may either be a complete, all-in-one unit or be comprised of a small photovoltaic panel and a DC powered attic fan designed to be run by photovoltaic panel.
- (65) "Solar Domestic Water Heating System" – A configuration of solar collectors, pump, heat exchanger and storage tank designed to heat water. System types include forced circulation, integral collector storage, thermosyphon, and self-pumping. For the purpose of determining system yields, a configuration of components is considered a new system if changes occur in any of the following: type or size of collectors, heat exchanger type or effectiveness, size of storage tank, or system type.
- (66) "Solar Electric AC Module" – A solar photovoltaic module coupled with a utility interactive inverter. The combined system must be Underwriters Laboratory (UL) listed and meet all current Institute of Electronic and Electrical Engineers (IEEE) 929 requirements.
- (67) "SRCC" – Solar Rating and Certification Corporation.
- (68) "Sensible Recovery Efficiency" (SRE) – In an HRV or ERV, the sensible (measurable) energy recovered to the ventilation supply air stream minus supply fan and preheat coil energy use divided by the total sensible energy being exhausted plus exhaust fan energy. This measure of efficiency accounts for the effects of cross leakage between air streams, purchased energy for fan controls, and defrost system energy use.
- (69) "STC" – Standard Test Conditions, which are 25 degrees Celsius cell temperature and 1000 watts per square meter.
- (70) "Sunchart" – A chart or form issued or approved by ODOE showing the plotted path of the sun and any objects which block the sun from the AED. This shall include plant life and structures. The viewpoint shall be from the center of the lower edge of the collector. It shall show whether the plant life is made up of evergreen or leafy trees. If there is no shading on the AED, technicians shall indicate this in writing on the chart and shall include their signature and the date of the analysis.
- (71) "System Certification" – Certification that an AED as described in the application meets criteria for the tax credit.
- (72) "System Owner" – A person who owns the AED.
- (73) "Tax-Credit Certified Technician" – A technician who has been approved by ODOE as sufficiently knowledgeable about the tax credit program. A tax-credit certified technician is responsible for assuring that the system installed is according to ODOE rules and verifying system installation quality and performance. A tax-credit certified technician must ensure that the applicant or system owner is knowledgeable about ODOE's AED rules.
- (74) "Tax-Credit Listed Company" – A company that employs at least one tax-credit certified technician.
- (75) "Total Solar Resource Fraction" – the fraction of usable solar energy that is received by the solar panel/collector throughout the year. This accounts for impacts due to external shading, collector tilt and collector orientation.
- (76) "Unheated Spaces" – Attics, garages, and any space with an average ambient temperature of 50 degrees Fahrenheit or below during the heating season.
- (77) "Used Equipment" – Any product or any piece of equipment not under current manufacturers' warranty or which has not had a previous owner or user.
- (78) "Wastewater Heat Recovery Device" – A device designed to recover thermal energy from household wastewater streams for the purpose of returning a portion of this energy to the dwelling's hot water supply system.
- (79) "Water Factor" (WF) – The measure of water efficiency in clothes washers. Measured in gallons per cubic foot of tub capacity, per cycle (gal/ft³/cycle).

ADMINISTRATIVE RULES

(80) "Wind AED" – A wind alternative energy device. A qualifying wind energy conversion system that uses wind to produce mechanical or electrical power or energy. This includes turbines, towers and their associated components needed to form a complete system.

330-070-0022

Amount of Credit

(1) The amount of the AED tax credit is based on the first-year energy yield of an eligible AED. The energy yield basis for a solar tax credit may be adjusted by ODOE to account for less than optimal solar access.

(2) The amount of the AED tax credit shall not exceed the lesser of:

(a) \$1,500 or the first-year energy yield of the AED in kWh multiplied by 60 cents for AEDs used for solar or geothermal space heating, cooling, electrical energy production or domestic water heating for tax years beginning on or after January 1, 1998. The amount of the credit may not exceed 100 percent of the cost of the system components and their installation. Only one tax credit for ground source heat pump systems will be issued per year per residence.

(b) For an alternative energy device used for swimming pool, spa or hot tub heating, the credit allowed must be based upon 50 percent of the cost of the device or the first year's energy yield in kilowatt hours per year multiplied by 15 cents, whichever is lower, up to maximum credit amounts set in subsections (a) through (c) of this section.

(c)(A) For each alternative fuel device, the credit allowed is 25 percent of the eligible cost of the alternative fuel device, not to exceed \$750 for devices placed in service on or after January 1, 1998. Individual credit may be claimed for both an alternative fuel vehicle and an alternative fuel fueling system.

(B) Eligible cost is the difference in the cost between the conventional fueled vehicles of similar size with similar features and the cost of an alternative fuel vehicle and its charging or fueling systems.

(i) Conventional fuel vehicles manufactured by the same manufacturer with the same seating capacity and/or cab cubic volume or weight difference which are less than 20 percent, may be used to define eligible costs, provided that other features (upholstery, audio, suspension, body appointment) are similar.

(ii) Low-speed vehicles, as defined under 801.331 Oregon Vehicle Code (2009), and alternative fuel vehicles capable of using E-85 and gasoline (flex-fuel vehicles) are not eligible for a tax credit.

(d) For fuel cell systems placed in service on or after January 1, 2007, one tax credit can be issued per year per residence based on the first-year energy yield of the AED in kWh multiplied by 60 cents, not to exceed \$6,000 and not to exceed 50 percent of the cost of the system. The maximum credit claimed per year will not exceed \$1,500.

(e) For photovoltaic systems installed on or after November 4, 2005, one \$6,000 tax credit per year per residence for four years (\$1,500 per year) not to exceed 50 percent of the cost of the system.

(f) For wind AEDs installed on or after January 1, 2007, one tax credit can be issued per year per residence based on the first-year energy yield of the AED in kWh multiplied by \$2.00, not to exceed \$6,000 and not to exceed 50 percent of the cost of the system. The maximum credit claimed per year will not exceed \$1,500.

(3) For an energy efficient appliance, the credit allowed under this section shall equal:

(a) 40 cents per kilowatt hour saved, or the equivalent for other fuel saved. The total for each appliance is not to exceed 25 percent of the cost of the appliance.

(b) \$50 per 6,000 Btu/hr of rated capacity, up to \$400 or 25 percent of the cost, whichever is less, if the energy efficient appliance is a very high efficiency air source ductless heat pump.

(4) For photovoltaic systems installed on or after November 4, 2005, the credit allowed under this section shall equal: \$3 per watt of the installed capacity measure in watts of direct current at industry standard test conditions. A maximum of one credit valued at \$6,000 shall be issued per residence per year for the year in which it was installed in annual increments up to \$1,500 over a four-year period. The total credit shall not exceed 50 percent of the cost of the system. All photovoltaic systems installed at a residence within a 5 year period shall be considered a single device.

(5) For premium efficiency biomass combustion devices, the credit allowed under this section shall be up to \$300 or 25 percent of the cost of the device, whichever is less, based upon the efficiency and the first year energy yield of the AED in kilowatt hours multiplied by 40 cents as determined by Oregon Department of Energy.

(6) The amount of the tax credit must not exceed the net cost of the AED to the applicant.

(7) For purposes of the tax credit, the cost of the AED must:

(a) Comply with OAR 330-070-0060 through 330-070-0097, as those rules apply;

(b) Be the net cost of acquiring the system.

(A) AEDs using an alternative energy source for only a part of their energy output or savings will have net cost prorated. Net cost must be based on that part of the AED's energy output or savings that is due to the alternative source;

(B) ODOE may find an AED to be too large for a dwelling. In such case net cost must be prorated. Net cost must be based on the largest useful size of an AED for the dwelling. ODOE must determine largest useful size based on the energy needs of the building; and

(C) The amount of credit for the original system and an addition may not exceed \$1,500 per year.

(8) For purposes of the tax credit, the net eligible cost of the AED is only those costs necessary for the system to yield energy savings and must not include:

(a) Unpaid labor including the applicant's labor;

(b) Operating and maintenance costs;

(c) Land costs;

(d) Legal and court costs;

(e) Patent search fees;

(f) Fees for use permits or variances;

(g) Loan interest;

(h) Amounts from vendors of an AED that reduce its cost. These include rebates, discounts and refunds;

(i) Service contracts;

(j) Cost of moving a used AED from one site to another;

(k) Cost of repair or resale of a system;

(l) Any part of the purchase price which is optional, such as an extended warranty; and

(m) Delivery fees.

Rule Caption: Establishes procedures, criteria and fees for the implementation of the EEAST Loan Program pilots.

Adm. Order No.: DOE 8-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 12-28-10

Notice Publication Date:

Rules Adopted: 330-112-0000, 330-112-0010, 330-112-0020, 330-112-0030, 330-112-0040, 330-112-0050, 330-112-0060, 330-112-0070, 330-112-0080, 330-112-0090, 330-112-0100

Subject: The department is required to initiate pilot programs to implement the EEAST loan program. These rules enable the department to implement the pilot loan program by establishing procedures and criteria for, and fees to fund the administration of, the EEAST loan program. The required reporting submitted by participants in the pilots program will provide additional information for the permanent rulemaking process.

Rules Coordinator: Kathy Stuttaford—(503) 373-2127

330-112-0000

Purpose and Objectives

These rules carry out provisions of ORS Chapter 470 as they pertain to the administration by the Oregon Department of Energy of the Energy Efficiency and Sustainable Technology Act of 2009. Oregon Administrative Rule, Chapter 330, Division 112 sets out the rules governing the Department's energy efficiency and sustainable technology loan program. The purpose of the program is to provide financing for energy efficiency upgrades of residential and commercial buildings in the State of Oregon.

Stat. Auth.: ORS 470.500 - 47.0715, 2009 OL Ch. 753 & HB 3675 (2010)

Stats. Implemented: ORS 470.500 - 470.715, 2009 OL Ch. 753 & HB 3675 (2010)

ADMINISTRATIVE RULES

330-112-0010

Definitions

As used in ORS Chapter 470 and in Oregon Administrative Rule, chapter 330, division 112, the following terms have the definitions set forth below unless the context requires otherwise:

- (1) "Act" means ORS 470.500 through 470.715.
- (2) "Base efficiency package" has the meaning given that term in ORS 470.050(3).
- (3) "Department" means the Oregon Department of Energy.
- (4) "Director" means the director of the Oregon Department of Energy.
- (5) "EEAST" means the energy efficiency and sustainable technology loan program.
- (6) "Eligible entities" means those parties that meet Department underwriting criteria to service SELP loans.
- (7) "Estimated economic benefit" means the amount by which the average estimated monthly energy savings of a project exceed the project repayment costs.
- (8) "Measure" means building shell and energy efficiency equipment improvements via materials and products that reduce energy use by an existing building.
- (9) "Nontraditional technology" means technology applicable to renewable energy sources (such as, biomass, geothermal, solar, wave, and wind), smart grid, and alternative fuels.
- (10) "Optional package" has the meaning given that term in ORS 470.050(21).
- (11) "PPFA" means Public Purpose Fund Administrator
- (12) "Program" or "EEAST program" means the energy efficiency and sustainable technology loan program.
- (13) "Project" means a small scale local energy project, as defined by ORS 470.050(27), being funded by the EEAST program.
- (14) "Project Manager" means a sustainable energy project manager.
- (15) "Property" means the property benefited by a project.
- (16) "Territory" or "sustainable energy territory" means the geographic service area that a sustainable energy project manager serves.
- (17) "Useful life" means the number of years that a project or project component can likely function without major repair or replacement.

Stat. Auth.: ORS 470.500 - 47.0715, 2009 OL Ch. 753 & HB 3675 (2010)
Stats. Implemented: ORS 470.500 - 470.715, 2009 OL Ch. 753 & HB 3675 (2010)
Hist.: DOE 8-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

330-112-0020

Sustainable Energy Project Managers

- (1) The PPFA shall be the project manager for the investor-owned utility service territory, and shall be the acting project manager in any other territory that is not served by an existing project manager. The PPFA and consumer-owned utilities are not subject to the requirements of this section.
- (2) Qualifying entities may apply to be project manager for a territory: where the 5 year term of a project manager is within 1 year of expiry; or where the PPFA is acting project manager.
- (3) Each entity applying to be a sustainable energy project manager shall submit to the director the following:
 - (a) Completed application on a form approved by the director,
 - (b) Proof of its status as a city, county, metropolitan service district, local government, nonprofit, for-profit, tribal or state entity;
 - (c) A description of the sustainable energy territory of the proposed sustainable energy project manager;
 - (d) A proposed business plan that demonstrates how the entity will provide the following services for the program within the proposed sustainable energy territory:
 - (A) Promotion and outreach;
 - (B) Technical support;
 - (C) Financial support including loan applicant support
 - (D) Energy project verification;
 - (E) Monitoring of program effectiveness;
 - (F) Cooperation and coordination of outreach and promotional efforts with local utilities and other stakeholders;
 - (G) Use of customer contacts, resources and capacity of utilities to engage and inform utility customers about the program;
 - (H) Coordination with gas utilities regarding any changes to a gas pipeline or the installation of appliances used for space heating, water heating and compressed natural gas refueling;
 - (I) Coordination with electric utilities regarding electric charging or any changes to electrical connections that are external to a structure;
 - (J) Differentiation between certified contractors, who provide health insurance benefits, when providing information to program participants;

(K) Referral of applicants with household incomes that may qualify them for a weatherization program to the Housing and Community Services Department;

(L) Provision of the following information to the Department on a monthly basis:

- (i) The total amount of energy efficiency and sustainable technology loans issued;
 - (ii) The types of projects being funded by the loans;
 - (iii) The characteristics of the loan recipients; and
 - (iv) The number of applications denied, and the reasons for denial;
- (M) Maintenance of records that document the receipt and disbursement of funds provided through the program;
- (N) Maintenance of records that document both approved and denied applications for loans; and
- (O) The underwriting criteria used to determine loan eligibility
- (e) A detailed breakdown of the cost of implementation of its business plan, in particular the elements of its business plan listed in OAR 330-112-0020(3)(d)(A) through (D); and
- (f) Background information about the applicant including, but not limited to, the qualifications, relevant experience, financial status and staff of the applicant.

(4) The Department may request verification that a project manager continues to meet the required qualifications and provide the required services at any time.

(5) The director may terminate the certification of a project manager for:

- (a) Failure to adequately implement an applicable energy efficiency and sustainable technology loan program plan;
- (b) Noncompliance with the regulatory or statutory requirements of the energy efficiency and sustainable technology loan program;
- (c) Failure to meet any project manager criteria established by the director; or
- (d) Failure to perform other certification conditions.

If the director terminates the certification of a project manager, the PPFA shall become acting project manager.

(6) The Department shall monitor reports to determine compliance with program requirements, monitor fiscal patterns and chart program progresses. The Department may conduct a review of a project manager to include:

- (a) Financial records of the project manager;
 - (b) Loan files;
 - (c) Work completed by the program manager, including training and technical assistance provided; and
 - (d) Post-installation inspections conducted by the program manager.
- (7) When reviewing an applicant, the Department may consider:

(a) The organizational experience of the applicant and the capacity of the applicant to successfully implement the energy efficiency and sustainable technology loan program goals and requirements;

(b) The strength of the applicant's proposed plan for implementing the goals and requirements of the energy efficiency and sustainable technology loan program;

(c) The cost at which the applicant can conduct outreach, promotion, loan applicant support and project verification services necessary to implement the energy efficiency and sustainable technology loan program;

(d) Any fiduciary or other obligation of the program manager that creates an actual or apparent conflict of interest that may interfere with achieving the goals of the energy efficiency and sustainable technology loan program; and

(e) The approval of the utility or utilities within whose service territory the applicant is requesting certification.

(8) The director may negotiate any feature of the applicant's proposed plan, or place such conditions on the certification, as necessary to ensure that the applicant will meet the goals and requirements of the energy efficiency and sustainable technology loan program.

(9) Pilot program project managers in consumer-owned utility service areas shall provide information to the Department, in a form approved by the director, to meet the requirements of Oregon Laws 2009, Chapter 753, Section 44.

(10) A project manager that wishes to contract with a qualified third party to assist in providing services within its territory must provide a copy of the proposed contract to the Department and obtain the approval of the director prior to execution.

ADMINISTRATIVE RULES

330-112-0030

Sustainable Energy Territories

Territory boundaries shall follow the following hierarchy:

(1) The sustainable energy territory served by the PPFA shall be the service territory of investor-owned electric utilities.

(2) The sustainable energy territory served by the PPFA shall also include the service territory of investor-owned gas utilities, unless those utilities choose to act as project manager. The sustainable energy territory of an investor-owned gas-utility shall be the service territory of that investor-owned gas utility, other than those areas assigned above.

(3) The sustainable energy territory of local electric utility shall be its service territory, subject to adjustment by the director pursuant to ORS 470.530(3).

(4) If a consumer-owned local electric utility elects not to be the project manager and the consumer-owned local gas utility elects to be the project manager and the service territories of both overlap, the sustainable energy territory shall be the service territory of the local gas utility, subject to adjustment by the director pursuant to ORS 470.530(3).

(5) Territory boundaries not delineated above may be set by the department as necessary to accomplish the goals of the program.

330-112-0040

Form of Loan Assistance

The following apply to EEAST program:

(1) The Department may make loans to eligible entities under the terms of written commitments.

(2) Loans shall be made directly with proceeds from bonds issued pursuant to ORS 470.610 or other available funds obtained by the Department. The Department may establish such fees, charges, premiums, interest rates, and repayment terms, as the Department considers appropriate or necessary to provide sufficient funds to:

(a) Pay for the cost of borrowing through bond issuance; and

(b) Carry out the EEAST program;

(c) Further, the Department may include in the loan documentation such covenants, performance criteria and reporting requirements as the Department considers appropriate or necessary for the type, use and amount of loan provided, and such other provisions as the Department considers appropriate or necessary, to provide sufficient safeguards to protect the financial interest of the state. The Energy Loan Program Advisory Committee may assist the Department in the advising on such matters.

(3) The borrower shall comply with the provisions of the program rules and the Act. If the borrower does not comply, the Department may revoke its commitment or approval, demand repayment of all or a portion of the loan funds advanced, or exercise any remedy available to it at law or in equity.

(4) If the Department receives loan applications in an amount greater than the amount of funds available, the Department shall select those applications which, in the judgment of the Department, best achieve the purposes of the program rules and the Act. The Department may seek assistance from the Energy Loan Program Advisory Committee.

330-112-0050

Loan evaluation, processing and collection

(1) Projects and EEAST loans may be delivered through a project manager. The PPFA and consumer-owned utilities that participate in the EEAST program will be the initial project managers within their territories.

(2) The Department will make loans to eligible entities that will use the funds to provide EEAST loans.

(3) To help the Department or a project manager evaluate the financial strength of an applicant, the applicant shall submit any documents, credit reports and financial statements requested by the Department or project manager as is consistent with the provisions of the Equal Credit Opportunity Act as it relates to the Department. The Department or the project manager may request an applicant's social security number in accordance with provisions of the Privacy Act of 1974.

(4) The Department or project manager will review all applications of eligible entities. An applicant may be required to submit further documentation to determine whether a loan should be approved. If the Department or project manager fails to receive any items requested within fourteen days after making its request to the applicant, the loan application may be denied. If a loan application is denied, the applicant must submit a new

application and again pay any fees and charges applicable to loan applications if such applicant chooses to reapply.

(5) The Director or project manager may deny a loan to any applicant that restricts membership, sales, or services on the basis of any of the protected classes listed in ORS 659A.003.

(6) The final maturity of a loan shall not exceed the lesser of (a) 20 years from the date of its making, and (b) the dollar-weighted average of the useful life of the project components.

(7) The Director may limit the term and amount of any loan. The Director may deny any loan request or set such terms and conditions as needed to assure a sound loan or to protect the program funds and the Department.

(8) All loans made by the Department shall meet the following criteria:

(a) Proposed loan amount and existing debt secured by liens on the property shall not exceed 90% of the value of the subject property after the project improvements are made.

(b) Applicants must be current on all debt secured by the property.

(c) Applicants must obtain written approval from holders of existing liens on the property for financing that exceeds 50% of the applicant's equity in the property.

Certification Standards for Contractors

These standards apply to contractors participating in the construction of projects financed through the program, but not including home energy auditors. Contractors must obtain certification under ORS 701.119 from the Construction Contractors Board to participate. To obtain certification the contractor must:

(1) Prove that the contractor has sufficient skill to ensure that the contractor can successfully install energy efficiency, renewable energy or weatherization projects with a high degree of quality and customer satisfaction, such skills to be demonstrated by one of the following:

(a) Oregon Home Performance with ENERGY STAR Building Performance Institute (BPI) certified

(b) Residential Energy Analyst Program (REAP) certified through the Oregon Energy Coordinators Association.

(c) Completion by employees of training based on curriculum developed by an accredited organization to meet the United States Department of Energy standards and any additional specifications and standards designated by the Department and PPFA.

(2) Not be a contractor listed by the Commissioner of the Bureau of Labor and Industries under ORS 279C.860 as ineligible to receive a contract or subcontract for public works.

(3) Be an equal opportunity employer or small business or be a minority or women business enterprise or disadvantaged business enterprise as those terms are defined in ORS 200.005.

(4) Demonstrate a history of compliance with the rules and other requirements of the Construction Contractors Board and of the Workers Compensation Division and the Occupational Safety and Health Division of the Department of Consumer and Business Services.

(5) Employ at least 80 percent of employees used for energy efficiency and sustainable technology loan program projects from the local work force, if a sufficient supply of skilled workers is available locally.

(6) Demonstrate a history of compliance with federal and state wage and hour laws.

(7) Pay wages to employees used for projects at a rate equal to at least 180 percent of the state minimum wage, unless federal prevailing wages for residential weatherization and energy efficiency retrofit work is higher, in which case the higher wage requirement will apply.

(8) Pay wages to employees used for commercial structures at the prevailing wage rate for each trade or occupation employed.

(9) Certified contractors that provide the department proof that they provide employees with health insurance benefits shall be identified as preferred service providers by the Department and project managers. This information must be provided annually on the anniversary of certification by the Construction Contractors Board.

ADMINISTRATIVE RULES

330-112-0070

Standards for Contractors during Pilot Programs

Contractors without certification may work on projects under pilot programs if no certified contractor is available, and the PPFA or project manager has approved the contractor. The contractor must pay wages to employees used for pilot projects at a rate equal to at least 180 percent of the state minimum wage or, if the project is for a commercial structure or is subject to prevailing wage laws, the prevailing wage for each trade or occupation employed.

330-112-0080

Energy Audits

(1) Proposed measures shall be ranked in order of energy cost savings per dollar of measure cost before incentives, with less effective measures including in their energy savings calculations any reductions in energy use available from more effective measures.

(2) The estimated costs and energy savings calculations for each measure in the energy audit shall clearly and separately note all eligible rebates, tax credits or other incentives for the measure.

Stat. Auth.: ORS 470.500 - 47.0715, 2009 OL Ch. 753 & HB 3675 (2010)
Stats. Implemented: ORS 470.500 - 470.715, 2009 OL Ch. 753 & HB 3675 (2010)
Hist.: DOE 8-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

330-112-0090

Base Efficiency Package and Optional Packages Content

(1) The base efficiency package and any recommended optional packages for a property shall be compiled from the results of the energy audit. Any measure that is anticipated by the audit results to produce energy savings equal to or greater than the loan payment amount for that measure shall be included in the base efficiency package. Any other measures that the project manager believes to be feasible for the property shall be part of one or more optional packages. A measure that does not during its useful life produce anticipated energy savings of at least 25 percent of the cost of the measure is not eligible for a loan under this program; but this restriction does not apply to nontraditional technologies approved by the Department.

(2)(a) Notwithstanding (1), the base efficiency package for a residential dwelling served by a single meter shall include an insulation package in accordance with installation standards to at least the following, as applicable:

(b) Building Envelope.

(A) Attic/Ceiling: insulate to R-38;

(B) Floor: if currently R-11 or less, insulate to R-30 or full cavity thickness;

(C) Wall: if currently R-4 or less, insulate to R-11 or fill wall cavity; and

(D) Air Leakage: whole-house air sealing measures in accordance with installation standards.

(3) Any measure identified in an audit that produces energy savings equal to 95 percent or more of the loan payment amount for that measure may also be included in the base efficiency package if there are sufficient loan offset grant funds available to offset measure costs to the point where energy savings and loan costs for the base efficiency package are equal.

(4) All base efficiency package measures, if any, shall be included in the project before a project may include any optional packages.

(5) Optional package measures may be added to a project in order of energy savings per dollar of measure cost. More efficient measures must be included in a project before less efficient measures can be considered.

Stat. Auth.: ORS 470.500 - 47.0715, 2009 OL Ch. 753 & HB 3675 (2010)

330-112-0100

Fees

(1) Base Efficiency Package Fee: A base efficiency package which produces an estimated economic benefit shall not be eligible for loan offset grant funds and shall include a base efficiency package fee of 10 percent of the estimated economic benefit associated with the base efficiency package. Prepayment calculations for loans that include a base efficiency package fee shall include the amount of the base efficiency package fee for the term of the loan.

(2) Project Initiation Fee: The department hereby establishes the project initiation fee for all EEAST loans at three percent of the application loan amount.

Rule Caption: Establishes procedures, criteria and fees for the implementation of the biomass producer or collector credit.

Adm. Order No.: DOE 9-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 12-28-10

Notice Publication Date:

Rules Adopted: 330-170-0010, 330-170-0020, 330-170-0030, 330-170-0040, 330-170-0050, 330-170-0060, 330-170-0070

Subject: House Bill (HB) 2078 (2009), Section 49, amended Oregon Revised Statute (ORS) 315.141 to allow a tax credit for agricultural producers or collectors of biomass that is used in Oregon as biofuel or to produce biofuel. ORS 315.141 allows the tax credits in the year the producer or collector transfers the biomass to a biofuel producer. In addition, HB 2078 authorizes ODOE to establish by rule the criteria to determine additional characteristics of biomass and for determining the amount of the tax credit to be certified, and to charge and collect a fee from taxpayers for certification of those credits. Non-profit and government agencies are not eligible for the tax credits.

Rules Coordinator: Kathy Stuttaford—(503) 373-2127

330-170-0010

Purpose and Scope

(1) OAR chapter 330, division 170 establishes the procedure and criteria for certifying tax credits under ORS 315.141 and ORS 469.790.

(2) These rules apply to applications for certification received on or after July 1, 2010, for tax years beginning January 1, 2010.

Stat. Auth.: ORS 351.141 & 469.791

330-170-0020

Definitions

For the purposes of OAR chapter 330, division 170 the definitions in ORS 315.141 apply and in addition the following definitions shall apply:

(1) "Certificate" means a document issued by the department representing the right to claim a tax credit described in ORS 315.141 for the amount described on the certificate.

(2) "Department" means the Oregon Department of Energy.

(3) "Director" means the Director of the Oregon Department of Energy.

(4) "Engine-Generator Set Electrical Efficiency" means the value derived from the following calculation — Electrical energy generated (kWh)/Biogas consumed by engine (ft³ or Btu's)

(5) "Overall Thermal Conversion Efficiency" means the value derived from the following equation — output of electricity (MMBtu) + net usable heat (MMBtu)/Fuel Input (MMBtu)

(6) "Applicant" or "taxpayer" means an individual or a legal entity (including but not limited to any domestic or foreign corporation, trust, partnership, cooperative, or limited liability company), but does not include a nonprofit organization or a government entity.

Stat. Auth.: ORS 351.141 & 469.791

Hist.: DOE 9-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

330-170-0030

Applicant Eligibility

To be eligible for certification, the applicant must:

(1) Be an Agricultural Producer or Biomass Collector, including a Biofuel Producer that is also an Agricultural Producer or Biomass Collector;

(2) Have title to the biomass at the time the biomass is delivered to the Biofuel Producer;

(3) Produce or collect, directly or indirectly, and including through agents or employees, the biomass in Oregon; and

(4) Deliver or facilitate the delivery of the biomass to be:

(a) Used as Biofuel in Oregon; or

(b) Used to produce Biofuel in Oregon.

Stat. Auth.: ORS 351.141 & 469.791

330-170-0040

Biomass Eligibility

(1) Biomass does not include:

ADMINISTRATIVE RULES

(a) Woody material used to produce split cord wood, firewood, or charcoal briquettes.

(b) Municipal solid waste.

(c) Sawdust or other residual wood waste from mill operations.

(d) Algae.

(2) The biomass must be converted into biofuel or used as biofuel in Oregon.

(3) The biomass must meet the definition in these rules and be listed in ORS 469.790.

(4) Biomass that is converted to biogas and utilized for energy production must be converted at a facility with a minimum engine-generator set electrical efficiency of 25%.

(5) Biomass that is converted to heat and/or electric energy through combustion must be converted at a facility with a minimum overall thermal conversion efficiency of 40%.

(6) Waste grease that is not dewatered prior to delivery to a biofuel producer will be assumed to have an eligible biomass content of 20% of the delivered weight of the oil and water mixture, unless the applicant can demonstrate additional measurement.

(7) Only one taxpayer may receive a certified credit for each unit of biomass.

Stat. Auth.: ORS 351.141 & 469.791

330-170-0050

Application Process

(1) A complete application must be received by the department no later than 45 days following the end of the tax year for which the tax credit certification is being requested. Applicants may submit the application via e-mail or mail to the address listed on the department's website.

(a) The application must include:

(A) A complete application, on a form provided by the department;

(B) Proof that the Biomass Collector held title to the biomass at the time the biomass was delivered;

(C) Documentation indicating the physical address, township, range, section, and quarter/quarter section, or other specific geographic indicator of the origination of the biomass;

(D) A summary or settlement sheet indicating each shipment that was received by the Biofuel Producer. Each summary or settlement sheet must include the following:

(i) The date of delivery for each shipment of biomass;

(ii) The type of biomass included in each shipment and applicable tax credit rate for each shipment;

(iii) The amount of biomass delivered in each shipment;

(iv) The weight ticket number or a similar unique identifier;

(v) The name and address of the Biofuel Producer to which the biomass was delivered.

(E) Receipts or certification from the Biofuel Producer(s) indicating the amount of biomass delivered to it by the Agricultural Producer or Biomass Collector and a statement from the Biofuel Producer indicating the amount of biomass that was used or is to be used as Biofuel or to produce Biofuel in Oregon;

(F) Documentation, from the Biofuel Producer indicating adherence to any additional criteria provided in 330-170-0040 that apply to the biomass; and

(G) All calculations used to convert the measure of the biomass to another measure and source references for the calculations and all variables.

(H) An application fee equal to \$0.007 multiplied by the total amount of tax credits requested or \$50, whichever is greater.

(b) If it is not practicable to provide weight tickets or receipts from the Biofuel Producer for animal manure, Biomass Collectors that collect animal manure must include the following information with the application:

(A) Documentation demonstrating the following methodology to determine the amount of animal manure eligible for a tax credit:

(i) The log of animal numbers: [Average number of animals on the farm, by classification, (conduct a separate calculation for milkers, dry cows, heifers, calves)] multiplied by [the average lbs./1,000] = number of 1,000 pound animal units.

(ii) The amount of manure generated: [the number of 1,000 pound animal units] multiplied by [the average manure production value from the Natural Resources Conservation Service Agricultural Waste Management Field Handbook] multiplied by [the number of days in the period], divided by [2,000 pounds]; and

(B) Documentation indicating the manure was used or is to be used as Biofuel or to produce Biofuel in Oregon.

(c) If it is not practicable to provide weight tickets or receipts from the Biofuel Producer, Agricultural Producers that produce oil seed crops, grain crops, grass, wheat, straw or other vegetative biomass that is used to produce virgin oil or alcohol; and that complete the crushing or processing of the biomass into virgin oil, alcohol or other Biofuel, must include the following records with their application::

(A) Documentation demonstrating the quantity of biomass produced, which must include one or more of the following:

(i) Acreage report(s) or yield data submitted to the United States Department of Agriculture;

(ii) Crop insurance records of acreage planted and quantity harvested of biofuel crop; or

(iii) Additional documentation showing the actual yields of the biomass crop.

(B) Documentation indicating the biomass was used or is to be used to produce virgin oil or alcohol, as Biofuel, or to produce any other type of Biofuel may be submitted in place of receipts from the Biofuel Producer.

(d) Applicants that physically transfer biomass to be processed into biofuel or used as biofuel in a manner that does not allow for weighing of the biomass, and is not detailed above, must supply documentation indicating the amount of biomass as measured by metering equipment or a similar device.

(A) Applicants must provide documentation, including manufacturer's specifications which indicate the measurements are accurate and reliable.

(B) Metering equipment or similar device must be calibrated according to the manufacturer's specifications and the calibration records must be maintained for a period of no less than five years.

(2) The Department may require the applicant to provide further information as needed to complete a review of the application and verify compliance with statute and these rules.

(3) The Department may refund up to 75 percent of the application fee if an applicant withdraws their application prior to review by Department. Only refunds that are \$50 or greater will be issued.

(4) The Department may require the applicant to pay reasonable costs, not to exceed actual costs, incurred in connection with reviewing the application that exceed the original application fee and which the Director determines are incurred solely in connection with processing the application. The Department shall advise the applicant of any additional costs the applicant must pay before the Department incurs the costs.

(5) The applicant must maintain records of the application and any supporting documentation for a period of not less than five years from the date of application.

Certification and Denial

(1) If the Department approves an application, the Director will issue a Certificate to the applicant identifying the name of the Certificate holder, the biomass, and the amount of the tax credit certified.

(2) If the Department does not approve an application, the Director will provide written notice of denial, including a statement of the findings and reasons for the denial, by mail. The Department may deny the application if:

(a) The application does not comply with applicable statutory provisions and rules.

(b) The applicant does not provide information requested by the Department within a reasonable time;

(3) The applicant may request reconsideration in writing no later than 60 days after the Director issues a decision denying an application.

ADMINISTRATIVE RULES

Department of Environmental Quality Chapter 340

Rule Caption: Rules establishing Plan Initiation levels for Pollutants on the Priority Persistent Pollutant List.

Adm. Order No.: DEQ 6-2010

Filed with Sec. of State: 7-6-2010

Certified to be Effective: 7-6-10

Notice Publication Date: 1-1-2010

Rules Adopted: 340-045-0100

Subject: Senate Bill 737, adopted during the 2007 legislative session, requires municipal permittees prepare reduction plans for persistent pollutants in their wastewater that exceed Maximum Contaminant Levels. The law authorizes the EQC to adopt rules to identify the pollutants a persistent pollutant reduction plan must address for priority persistent pollutants without an established Maximum Contaminant Level. The rule establishes the levels of persistent pollutants in municipal wastewater that trigger the requirement to prepare a persistent pollutant reduction plan if exceeded.

Rules Coordinator: Maggie Vandehey—(503) 229-6878

340-045-0100

Initiation Level Rule

(1) Definitions. The definitions in ORS 468B.138 are adopted by reference. In addition, for purposes of this rule, the following definitions apply:

(a) "Persistent Pollutants" are substances that are toxic and that either persist in the environment or accumulate in the tissues of humans, fish, wildlife or plants, and are listed in Column 2 of Table A.

(b) "Permittee" means a municipality in possession of a National Pollutant Discharge Elimination System or water pollution control facility permit issued by the DEQ pursuant to ORS 468B.050 for a sewage treatment facility that has a dry weather design flow capacity of one million gallons per day or more.

(c) "Initiation level" is the concentration of a persistent pollutant in a permittee's effluent that, if exceeded, necessitates the preparation of a persistent pollutant reduction plan under ORS 468B.140.

(2) Initiation levels.

(a) Initiation levels for persistent pollutants are those values contained in Table A, or the analytical quantitation limit (concentration at which quantitative results can be reported with a high degree of confidence), whichever is higher.

(b) Initiation levels are not standards of quality and purity for the waters of this state for the purposes of ORS 468B.048 or the federal Clean Water Act.

(c) Except as specified in subsection (f), each permittee must measure the concentration of the persistent pollutants listed in Table A in its effluent, compare the results of these measurements to the initiation levels, determine whether any persistent pollutant exceeds its initiation level, and document this proposed determination in a report to the Department. For existing permittees, the report must be filed no later than 60 calendar days after receipt of laboratory results. For permittees that first become subject to this rule after its effective date, the report must be filed within 18 months after the permittee becomes subject to the rule.

(d) The Department will review this report to verify that the proposed determination is based on reliable information. If the Department finds that the proposed determination is not based on reliable information, the Department will make an independent determination of whether a initiation level has been exceeded.

(e) Each permittee must prepare and submit to the Department a written persistent pollutant reduction plan in accordance with ORS 468B.140(1)(a) addressing persistent pollutants that exceed the initiation level. For existing permittees, the plan must be submitted no later than July 1, 2011. For permittees that first become subject to this rule after the effective date of this rule, the plan must be submitted to the Department within six months after the report is submitted, or, if the Department makes an independent determination, six months from the date of the Department's independent determination or within a timeframe established by the Department.

(f) The Department may suspend, by written order, the requirement to measure or develop a persistent pollutant reduction plan for a listed persistent pollutant if the Department determines it is not technically practicable to measure the pollutant in effluent or if the Department removes a pollutant from the Priority Persistent Pollutant List. If, based on additional

monitoring done pursuant to a persistent pollutant reduction plan, the Department determines that it is unlikely that a pollutant exists in a permittee's effluent, the Department may allow the permittee to withdraw the pollutant from inclusion in the persistent pollutant reduction plan.

Department of Fish and Wildlife Chapter 635

Rule Caption: Bag Limit for Adipose Fin-Clipped Steelhead Increased On the Clackamas and Sandy Rivers.

Adm. Order No.: DFW 84-2010(Temp)

Filed with Sec. of State: 6-17-2010

Certified to be Effective: 6-18-10 thru 10-31-10

Notice Publication Date:

Rules Amended: 635-017-0090

Rules Suspended: 635-017-0090(T)

Subject: This amended rule is needed to allow recreational fishers increased opportunities to harvest the excess hatchery summer steelhead that are returning to the Clackamas Fish Hatchery on the Clackamas River and the Sandy Hatchery on the Sandy River. These increased opportunities in the Clackamas and Sandy rivers will begin June 18 and extend through October 31, 2010.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-017-0090

Inclusions and Modifications

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Willamette Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) Pacific Lamprey Harvest:

(a) Pursuant to OAR 635-044-0130(1)(b), authorization from the Oregon Fish and Wildlife Commission must be in possession by individuals collecting or possessing Pacific lamprey for personal use. Permits are available from ODFW, 17330 SE Evelyn Street, Clackamas, OR 97015;

(b) Open fishing period is June 1 through July 31 from 7:00 A.M. to 6:00 P.M.; personal use harvest is permitted Friday through Monday each week. All harvest is prohibited Tuesday through Thursday;

(c) Open fishing area is the Willamette River at Willamette Falls on the east side of the falls only, excluding Horseshoe Area at the peak of the falls;

(d) Gear is restricted to hand or hand-powered tools only;

(e) Catch must be recorded daily on a harvest record card prior to leaving the open fishing area. Harvest record cards will be provided by ODFW. All harvest record cards must be returned to the ODFW Clackamas office by August 31 to report catch. Permit holders who do not return the harvest record cards by August 31 will be ineligible to receive a permit in the following year.

(f) Harvesters must allow sampling or enumeration of catches by ODFW personnel.

(3) The Tualatin River (Clackamas/Washington Co.):

(a) From the mouth upstream to the Highway 210 Bridge at Scholls: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; use of bait allowed May 22 through October 31. Open for coho salmon August 1 through October 31.

(b) From Highway 210 Bridge at Scholls upstream to Highway 47 Bridge at Gaston: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(c) Tualatin River and tributaries upstream from Highway 47 Bridge and Tualatin River Basin tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(d) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(4) Yamhill River (Yamhill Co.):

(a) From the mouth upstream to the confluence of North and South forks of the Yamhill River: Open to angling for warmwater game fish March 1 through October 31; Open for trout May 22 through October 31;

ADMINISTRATIVE RULES

2 trout per day; 8-inch minimum length; Use of bait allowed March 1 through October 31. Open for coho salmon August 1 through October 31.

(b) South Yamhill River from the confluence with North Yamhill River upstream to the mouth of Rock Creek near the town of Grande Ronde: Open for trout May 22 through October 31; limit 5 trout per day, of which no more than 2 may be non fin-clipped trout; 8-inch minimum length for all trout; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(c) South Yamhill River above Rock Creek and all Yamhill, South Yamhill, and North Yamhill rivers tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(d) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(5) Gales Creek (Tualatin River tributary, Washington Co.):

(a) From the mouth upstream to NW Clapshaw Hill Road in Gales Creek: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(b) Upstream of NW Clapshaw Hill Road and tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(c) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(6) Clackamas, Sandy, and Lower Willamette (below the falls) rivers:

(a) Effective June 18, through October 31, 2010 the daily bag limit for adult fin-clipped salmon or adult fin-clipped steelhead is 2 per day, 20 per year; 5 jacks per day, 2 daily jack limits in possession, with the exception that in the Clackamas, Sandy, and Lower Willamette rivers one additional adipose fin-clipped steelhead may be retained for a total aggregate of three fish harvested daily.

(b) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

Rule Caption: Amend Rocky Mountain goat hunt table to reflect 2010 hunts.

Adm. Order No.: DFW 85-2010(Temp)

Filed with Sec. of State: 6-21-2010

Certified to be Effective: 6-21-10 thru 12-17-10

Notice Publication Date:

Rules Amended: 635-067-0000

Subject: Establish 2010 controlled hunt tag numbers for the hunting of Rocky Mountain goat.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-067-0000

Purpose and General Information

(1) The purpose of these rules is to establish season dates, bag limits, areas, methods, and other restrictions for hunting pronghorn antelope, cougar, bighorn sheep, and Rocky Mountain goat pursuant to ORS Chapter 496.

(2) OAR chapter 635, division 067 incorporates, by reference, the requirements for hunting pronghorn antelope, cougar, bighorn sheep, and Rocky Mountain goat set out in the document entitled "2010 Oregon Big Game Regulations," into Oregon Administrative Rules. Therefore, persons must consult the "2010 Oregon Big Game Regulations" in addition to OAR chapter 635, to determine all applicable requirements for hunting pronghorn antelope, cougar, bighorn sheep, and Rocky Mountain goat. The annual Oregon Big Game Regulations are available at authorized license agents and regional, district and headquarters offices of the Oregon Department of Fish and Wildlife.

(3) Controlled hunt tags shall be issued by a controlled hunt drawing following the procedures established in OAR chapter 635, division 060. Permitted arms and ammunition are established in OAR chapter 635, division 065. Controlled hunt tag numbers for 2010 are listed in Tables 1, 2, and 3 and are adopted and incorporated into OAR chapter 635, division 067 by reference.

Subject: Amended rule allows the sport harvest of fall Chinook salmon in the Lower Deschutes River starting July 1, 2010.

Rules Coordinator: Therese Kucera—(503) 947-6033

ADMINISTRATIVE RULES

635-018-0090

Inclusions and Modifications

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Central Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The Deschutes River from the mouth at the I-84 Bridge upstream to Sherars Falls is open to angling for trout, steelhead, and adipose fin-clipped Chinook salmon from April 1 through July 31, 2010.

(a) The catch limit is two adult adipose fin-clipped salmon and five adipose fin-clipped jack salmon per day. All non-adipose fin-clipped Chinook salmon must be released unharmed.

(b) It is unlawful to continue angling from Sherars Falls downstream to the upper railroad trestle after taking a daily bag limit of two adult Chinook salmon.

(3) The Hood River from the mouth to Powerdale Dam is open to angling for adipose fin-clipped Chinook salmon from April 15 through June 30, 2010.

(a) The catch limit for Chinook salmon is two adipose fin-clipped adults and five adipose fin-clipped jacks per day. All salmon that have not been adipose fin-clipped must be released unharmed.

(b) All other catch limits and restrictions remain unchanged from those listed for Hood River in the 2010 Oregon Sport Fishing Regulations.

(4) The Metolius River mainstem including Spring Creek, upstream from the Allingham Bridge and also in Spring Creek, is open to angling from May 22 through October 31, 2010. All other General, Statewide and Central Zone Regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(5) The Deschutes River from the mouth at the I-84 Bridge upstream to Sherars Falls is open to angling for trout, steelhead, and Chinook salmon from August 1 to October 31, 2010. The catch limit for Chinook salmon is two adults and five jacks per day. Catch limits and restrictions applying to trout, steelhead, and coho remain unchanged from those listed in the 2010 Oregon Sport Fishing Regulations for Area 1 of the Deschutes River.

Rule Caption: Columbia River Treaty Tribes Summer Salmon Gillnet Fisheries Above Bonneville Dam.

Adm. Order No.: DFW 87-2010(Temp)

Filed with Sec. of State: 6-25-2010

Certified to be Effective: 6-29-10 thru 7-31-10

Notice Publication Date:

Rules Amended: 635-041-0076

Rules Suspended: 635-041-0076(T)

Subject: This amended rule allows the sales of fish caught in the Columbia River summer Treaty Indian gillnet fisheries above and Bonneville Dam. Two 60-hour (2.5 days) fishing periods were authorized for the commercial gillnet season in all of Zone 6. These periods are from 6:00 a.m. Tuesday, June 29 through 6:00 p.m. Thursday, July 1, 2010; and from 6:00 a.m. Tuesday, July 6 through 6:00 p.m. Thursday, July 8, 2010. Allowable sales include: Chinook, coho, and sockeye salmon; steelhead; walleye; carp; yellow perch; catfish; bass; and shad. White sturgeon may be kept for subsistence in all fisheries except the platform and hook-and-line fisheries conducted below Bonneville Dam where sturgeon may not be retained. Revisions are consistent with action taken by the Columbia River Compact agencies of Oregon and Washington, in cooperation with the Yakama Nation, Warm Springs Tribes, and Umatilla Tribes on June 24, 2010.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-041-0076

Summer Salmon Season

(1) The commercial platform and hook-and-line fisheries and the Yakama, Warm Springs and Umatilla tribal subsistence fisheries downstream of Bonneville Dam (bank fishing only) conducted under agreements with the states of Oregon and Washington open 6:00 a.m. Wednesday, June 16, 2010. The commercial platform and hook-and-line fisheries above Bonneville Dam (Zone 6) open 6:00 a.m. Wednesday, June 16, 2010.

(a) Allowable sales include Chinook, steelhead, sockeye, coho, walleye, shad, yellow perch, bass and carp. Sturgeon caught in the tribal fisheries below Bonneville Dam may not be retained or sold. However, white sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool may be kept for subsistence use. Fish may NOT be sold on USACE Property below Bonneville Dam, but may be caught and transported off USACE property for sale.

(b) Gear is restricted to subsistence fishing gear:

(A) In Zone 6: hoopnets, dipnets and rod and reel with hook-and-line are allowed; and

(B) Below Bonneville Dam: hoopnets, dipnets, spears, gaffs, clubs, fouling hooks and rod and reel with hook-and-line are allowed.

(c) Salmon, steelhead, walleye, shad, carp, bass and yellow perch landed during an open commercial fishing period may be sold at any time.

(d) Closed areas in Zone 6, except the Spring Creek sanctuary, are as set forth in OAR 635-041-0045 and remain in effect. Closed areas downstream of Bonneville Dam, are as set forth in OAR 635-041-0015 and remain in effect.

(2) Commercial sales of gill net caught fish from Zone 6 of the mainstem Columbia River is allowed beginning 6:00 a.m. Tuesday, June 29 through 6:00 p.m. Thursday, July 1, 2010 (2.5 days) and 6:00 a.m. Tuesday, July 6 through 6:00 p.m. Thursday, July 8, 2010 (2.5 days).

(a) No minimum mesh size restriction is in effect.

(b) Allowable sales include Chinook, steelhead, sockeye, walleye, shad, yellow perch, bass and carp.

(c) Sturgeon may not be sold. However, white sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool may be kept for subsistence use.

(d) Salmon, steelhead, walleye, shad, carp, bass and yellow perch landed during an open commercial fishing period may be sold at any time.

(e) All standard river mouth and dam sanctuaries in Zone 6, except the Spring Creek sanctuary, as set forth in OAR 635-041-0045 remain in effect.

(3) Sales of salmon, steelhead, walleye, shad, carp, bass and yellow perch caught in Yakama Nation tributary fisheries in the Wind River, Big White Salmon River, Klickitat River, and Icicle Creek during those days and hours when the tributaries are open under lawfully enacted tribal fishing periods are allowed.

(4) Until further notice, sales of adipose fin-clipped Chinook salmon, caught in Nez Perce tributary fisheries in the Snake River Basin Tributary Treaty Area, including treaty spring fisheries in the Imnaha and Grande

ADMINISTRATIVE RULES

Ronde subbasins, may be sold during those days and hours when the tributaries are open under lawfully enacted tribal fishing periods.

Rules Amended: 635-023-0095, 635-023-0128

Rules Suspended: 635-023-0095(T), 635-023-0125(T)

Subject: This amended rule extends the date until which white sturgeon may be retained in the Columbia River from the Wauna powerlines (River Mile 40) downstream to the mouth at Buoy 10, including Youngs Bay, from June 26 to July 11. And, rule modifications also allow the retention of sockeye salmon in the mainstem Columbia River from the Astoria-Megler Bridge upstream to Priest Rapids Dam effective June 26 through July 31, 2010. Revisions are consistent with action taken June 24, 2010 by the Columbia River Compact agencies of Oregon and Washington.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-023-0095

Sturgeon Season

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The mainstem Columbia River from Wauna powerlines (River Mile 40) upstream to Bonneville Dam, excluding the lower Willamette River upstream to Willamette Falls and Multnomah Channel, is open to the retention of white sturgeon with a fork length of 38-54 inches, three days per week, Thursdays through Saturdays, during the following periods:

(a) January 1 through July 31; and

(b) October 1 through December 31.

(3) The retention of white sturgeon in the area identified in section (2) of this rule is prohibited August 1 through September 30.

(4) The Columbia River from Wauna powerlines (River Mile 40) downstream to the mouth at Buoy 10, including Youngs Bay is open to the retention of white sturgeon seven days per week during the following periods:

(a) January 1 through April 30;

(b) May 22 through June 26; and

(c) June 27 through July 11 (or until guideline is met).

(5) The retention of white sturgeon in the area identified in section (4) of this rule is prohibited May 1 through May 21, and from July 12 through December 31.

(6) During the fishing period as identified in subsection (4)(a) of this rule, only white sturgeon with a fork length of 38–54 inches may be retained.

(7) During the fishing period as identified in subsections (4)(b) and (4)(c) of this rule, only white sturgeon with a fork length of 41–54 inches may be retained.

(8) The Columbia River upstream from Bonneville Dam:

(a) Effective 12:01 a.m. Sunday, February 21, 2010 the retention of white sturgeon in the Bonneville Pool is prohibited.

(b) Effective 12:01 a.m. Monday, March 1, 2010 the retention of white sturgeon in John Day Pool is prohibited.

(c) Effective 12:01 a.m. Thursday, May 6, 2010 the retention of white sturgeon in The Dalles Pool is prohibited.

(9) Angling for sturgeon is prohibited from:

(a) Between the upper and lower ends of Sand Island and corresponding markers on the Oregon shoreline (slough at Rooster Rock State Park) from April 29 through July 31, 2010;

(b) Bonneville Dam downstream to a line crossing the Columbia River from Navigation Marker 82 on the Oregon shore through the upstream exposed end of Skamania Island, continuing in a straight line to the Washington shore during May 1 through August 31;

(c) From Highway 395 Bridge upstream to McNary Dam May 1 through July 31; and

(d) From the west end of the grain silo at Rufus upstream to John Day Dam during May 1 through July 31.

(10) Retention of green sturgeon is prohibited all year in all areas.

635-023-0128

Summer Sport Fishery

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) Notwithstanding all other specifications and restrictions in the **2010 Oregon Sport Fishing Regulations**:

(a) Effective June 16 through July 31 the mainstem Columbia River is open to the retention of adipose fin-clipped steelhead, adipose fin-clipped jack and adipose fin-clipped adult Chinook salmon from the Astoria-Megler Bridge upstream to the Oregon/Washington border.

(b) The combined daily bag limit for adult salmon and steelhead is two fish. Only adipose fin-clipped fish may be retained.

(3) The following restrictions apply to the season(s) described in section 2(a):

(a) Effective April 29 through July 31, 2010 the area between the upper and lower ends of Sand Island adjacent to Rooster Rock State Park and corresponding markers on the Oregon shoreline is closed to angling for all species.

(b) Effective 12:01 a.m. Saturday, May 8, 2010, the Youngs Bay, Deep River, and Blind Slough/Knapa Slough Select Area fishing areas, as described in the 2010 Oregon Sport Fishing Regulations pamphlet, will reopen to angling for salmon and steelhead.

(c) Effective 12:01 a.m. Saturday June 26 through 11:59 p.m. Saturday July 31, 2010 in the mainstem Columbia River from the Astoria-Megler Bridge upstream to the Oregon/Washington border the retention of sockeye salmon is allowed. All sockeye are considered adults and included

ADMINISTRATIVE RULES

in the daily bag limit for adults. The combined daily bag limit is two adults and five jacks.

(d) All non-adipose fin-clipped Chinook salmon and non-adipose fin-clipped steelhead must be released immediately unharmed.

Rule Caption: Three Rivers Closure Delayed From July 1 Until July 12, 2010.

Adm. Order No.: DFW 89-2010(Temp)

Filed with Sec. of State: 6-28-2010

Certified to be Effective: 7-1-10 thru 9-30-10

Notice Publication Date:

Rules Amended: 635-014-0090

Rules Suspended: 635-014-0090(T)

Subject: This amended rule delays the closure of Three Rivers from the mouth upstream to the hatchery weir deadline from July 1 until July 12, 2010. Angling for spring Chinook in the Nestucca River system, and in the Three Rivers, has been good so far this year. All signs are pointing to a robust return of hatchery spring Chinook into the Nestucca basin. In order to allow anglers this opportunity to harvest hatchery spring Chinook, we need to extend the angling season in Three Rivers.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-014-0090

Inclusions and Modifications

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Northwest Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The US Forest Service is scheduled to close access to Hebo Lake at 6:00 p.m. on Sunday May 2, 2010, so the lake may be drained and deepened as part of a project to make improvements to the lake. Access to the Lake is expected to re-open sometime in September 2010.

(a) Beginning Sunday, April 25 through Sunday, May 2, 2010 there are no length requirements or daily possession limits for trout in Hebo Lake.

(b) All other General Statewide and Northwest Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(3) The Trask River will be closed from Gold Creek, at the hatchery, 200 feet upstream and 900 feet downstream June 16 through November 30, 2010

(4) Three Rivers (Nestucca Basin) mainstem, from the mouth upstream to hatchery weir deadline, remains open through July 11, then closed from July 12 through September 30, 2010.

Rule Caption: Recreational Sturgeon Fisheries in Multnomah Channel and the Gilbert River.

Adm. Order No.: DFW 90-2010(Temp)

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 7-5-10 thru 12-31-10

Notice Publication Date:

Rules Amended: 635-017-0095

Subject: Rule modifications allow inclusion of the Multnomah Channel and Gilbert River into the recreational white sturgeon season of the Willamette River in the area downstream from Willamette Falls. Revisions are consistent with action taken June 29, 2010 by the State of Oregon.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-017-0095

Sturgeon Season

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Willamette Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The Willamette River downstream of Willamette Falls (including Multnomah Channel and the Gilbert River) is open to the retention of white sturgeon three days per week, Thursday, Friday, and Saturday during the following periods:

(a) January 1 through March 31; and

(b) November 1 through December 31.

(3) The retention of white sturgeon in the areas identified in section (2) of this rule is prohibited April 1 through October 31.

(4) Bank angling is prohibited from the east shore of the Willamette River the entire year in the area beginning west of Highway 99E, at the northern-most extent of the parking area near the intersection of 8th Street and Highway 99E in Oregon City, approximately 290 feet downstream of the Oregon City/West Linn bridge (Hwy 43) and extending upstream approximately 1715 feet to the retaining wall extending into the Willamette River at the NW corner of the Blue Heron Paper Mill.

(5) Only white sturgeon with a fork length of 38-54 inches may be retained. Retention of green sturgeon is prohibited all year in all areas.

(6) Angling for sturgeon, including catch-and-release, is prohibited seven days per week during May 1 through August 31 from Willamette Falls downstream to the I-205 Bridge.

Rule Caption: Recreational Sturgeon Fisheries In the Columbia River Mainstem Above Bonneville Dam.

Adm. Order No.: DFW 91-2010(Temp)

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 8-1-10 thru 12-31-10

Notice Publication Date:

Rules Amended: 635-023-0095

Rules Suspended: 635-023-0095(T)

Subject: This amended rule prohibits retention of white sturgeon in the Columbia River from McNary Dam upstream to the Oregon/Washington border beginning August 1 through December 31, 2010. These rule modifications make Oregon's rules concurrent with the State of Washington's. Revisions are consistent with action taken June 29, 2010 by the State of Oregon.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-023-0095

Sturgeon Season

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The mainstem Columbia River from Wauna powerlines (River Mile 40) upstream to Bonneville Dam, excluding the lower Willamette River upstream to Willamette Falls and Multnomah Channel, is open to the retention of white sturgeon with a fork length of 38–54 inches, three days per week, Thursdays through Saturdays, during the following periods:

- (a) January 1 through July 31; and
- (b) October 1 through December 31.

(3) The retention of white sturgeon in the area identified in section (2) of this rule is prohibited August 1 through September 30.

(4) The Columbia River from Wauna powerlines (River Mile 40) downstream to the mouth at Buoy 10, including Youngs Bay is open to the retention of white sturgeon seven days per week during the following periods:

- (a) January 1 through April 30;
 - (b) May 22 through June 26; and
 - (c) June 27 through July 11 (or until guideline is met).
- (5) The retention of white sturgeon in the area identified in section (4) of this rule is prohibited May 1 through May 21, and from July 12 through December 31.

(6) During the fishing period as identified in subsection (4)(a) of this rule, only white sturgeon with a fork length of 38-54 inches may be retained.

(7) During the fishing period as identified in subsections (4)(b) and (4)(c) of this rule, only white sturgeon with a fork length of 41-54 inches may be retained.

(8) The Columbia River upstream from Bonneville Dam:

(a) Effective 12:01 a.m. Sunday, February 21, 2010 the retention of white sturgeon in the Bonneville Pool is prohibited.

(b) Effective 12:01 a.m. Monday, March 1, 2010 the retention of white sturgeon in John Day Pool is prohibited.

(c) Effective 12:01 a.m. Thursday, May 6, 2010 the retention of white sturgeon in The Dalles Pool is prohibited.

(d) Effective 12:01 a.m. Sunday, August 1, 2010 the retention of white sturgeon is prohibited from McNary Dam upstream to the Oregon/Washington Border.

(9) Angling for sturgeon is prohibited from:

(a) Between the upper and lower ends of Sand Island and corresponding markers on the Oregon shoreline (slough at Rooster Rock State Park) from April 29 through July 31, 2010;

(b) Bonneville Dam downstream to a line crossing the Columbia River from Navigation Marker 82 on the Oregon shore through the upstream exposed end of Skamania Island, continuing in a straight line to the Washington shore during May 1 through August 31;

(c) From Highway 395 Bridge upstream to McNary Dam May 1 through July 31; and

(d) From the west end of the grain silo at Rufus upstream to John Day Dam during May 1 through July 31.

(10) Retention of green sturgeon is prohibited all year in all areas.

Rule Caption: Amend rule regarding lethal take of wolves to deal with depredation.

Adm. Order No.: DFW 92-2010(Temp)

Filed with Sec. of State: 6-29-2010

Certified to be Effective: 6-29-10 thru 12-25-10

Notice Publication Date:

Rules Amended: 635-110-0010

Subject: This rule describes the harassment and take of wolves allowed during the Phase I (Conservation) of the Oregon Wolf Conservation and Management Plan.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-110-0010

Harassment and Take of Wolves during Phase I (Conservation)

NOTE: As of February 11, 2005, these rules are pre-empted by the endangered status of the gray wolf under the federal Endangered Species Act. Once federal protections are reduced to a level below that of Oregon law, these rules will govern harassment and take of wolves in Oregon.

(1) This rule describes the types of harassment and take of wolves allowed by persons outside ODFW (or ODFW or Wildlife Services acting as their agent) during Phase I — (Conservation: 0–4 breeding pairs) as called for in chapter III of the Oregon Wolf Conservation and Management Plan. Other chapters of the Plan authorize ODFW to take wolves for other specified wildlife management purposes. For OAR 635-110-0010, 635-110-0020 and 635-110-0030, “livestock” means raites, psittacine, horses, jackasses, cattle, llamas, alpacas, sheep, goats, swine, domesticated fowl, any fur-bearing animal bred and maintained (commercially or otherwise) within pens, cages and hutches, bison and working dogs. “Working dogs” means guarding dogs and herding dogs.

(2) Non-injurious harassment.

(a) Subject to the conditions specified in paragraph (c), the following persons may use non-injurious harassment against wolves without a permit:

(A) Landowners (or their agents) on their own land; or

(B) Grazing permittees legally using public land under valid livestock grazing allotments.

(b) Non-injurious harassment means scaring off a wolf (or wolves) without doing bodily harm, and includes (but is not limited to) firing shots in the air, making loud noises or otherwise confronting the wolf (or wolves).

(c) Non-injurious harassment is allowed without a permit under this rule only if:

(A) The wolf (or wolves) is in the act of testing or chasing livestock, is attempting to test or chase livestock or is in close proximity of livestock;

(B) The person encounters the wolf (or wolves) unintentionally (i.e., the person is not stalking or searching for wolves);

(C) The harassment in fact does not result in injury to the wolf (or wolves); and

ADMINISTRATIVE RULES

(D) The harassment is reported to ODFW within 48 hours.
(d) Any non-injurious harassment that does not meet each requirement of this rule requires a permit in advance from ODFW.

(3) Non-lethal injurious harassment.

(a) Subject to the conditions specified in paragraph (c), in addition to state or state authorized agents, the following persons may use non-lethal injurious harassment against wolves by permit:

(A) Landowners (or their designated agents) on their own land;

(B) Grazing permittees legally using public land under valid livestock grazing allotments.

(b) Non-lethal injurious harassment means scaring off a wolf (or wolves) without killing but with some injury to the wolf. Wolves may be pursued (unintentional encounters are not required).

(c) Non-lethal injurious harassment is allowed by permit from ODFW only if:

(A) ODFW confirms persistent wolf activity or wolf depredation on livestock in the area. "Persistent wolf activity" means loitering, testing, worrying, or otherwise disrupting livestock during a 48 hour period;

(B) The applicant confers with ODFW to determine the most effective harassment method;

(C) ODFW considers the location of known den sites;

(D) The harassment in fact does not result in the death of a wolf;

(E) No unreasonable circumstances exist that attract wolf/livestock conflict; and

(E) The harassment is reported to ODFW within 48 hours.

(d) Permits for non-lethal injurious harassment remain valid for the livestock grazing season in which issued, provided the livestock operator complies with all applicable laws, including permit conditions. The agency shall inform harassment permit holders of non-lethal methods for minimizing wolf-livestock conflict and provide assistance upon request. Receiving future lethal control permits is contingent upon documentation of efforts to use non-lethal methods.

(4) Relocation. ODFW will authorize relocation by state personnel when a wolf (or wolves) becomes inadvertently involved in a situation, or is present in an area, that could result in conflict with humans or harm to the wolf. The relocation will be designed to prevent conflict with humans or reduce the possibility of harm to the wolf. The wolf (or wolves) would be relocated to the nearest wilderness area at the direction of ODFW.

(5) Lethal take of wolves in the act of attacking livestock.

(a) Subject to the conditions specified in paragraph (c) and with a permit from ODFW, the following persons may use lethal force against wolves in the act of attacking livestock:

(A) Landowners (or their agents) on their own land; or

(B) Grazing permittees using public land.

(b) A wolf is "in the act of attacking livestock" if it is biting, wounding or killing livestock.

(c) Lethal force is allowed by permit from ODFW only if:

(A) ODFW confirms that wolves previously have wounded or killed livestock in the area and efforts to resolve the problem have been deemed ineffective;

(B) The wolf is seen in the act of attacking, not testing or scavenging;

(C) There is fresh evidence of the attack (e.g., visible wounds, tracks demonstrating a chase occurred);

(D) The wolf carcass is not removed or disturbed;

(E) The use of lethal force is reported to ODFW or Wildlife Services within 24 hours;

(F) No unreasonable circumstances exist that attract wolf/livestock conflict; and

(G) Either ODFW or Wildlife Services confirms that the wound was caused by a wolf (or wolves).

NOTE: The Oregon Wolf Conservation and Management Plan calls for allowing lethal take of wolves in this situation *without a permit on private land*. However, the Plan recognizes that because current statute requires a permit, implementing this portion of the Plan depends upon amendment of the statute by the 2005 legislature. Should the legislature make that statutory change, the Commission will amend this rule to allow for take without permit.

(6) Lethal take to deal with chronic depredation.

(a) ODFW may authorize its personnel, authorized agents, or Wildlife Services, to use lethal force on wolves at a property owner or permittee's request if:

(A) ODFW confirms either:

(i) Two confirmed depredations by wolves on livestock in the area; or

(ii) One confirmed depredation followed by an attempted depredation (testing or stalking) in the area ;

(B) The requester documents unsuccessful attempts to solve the situation through non-lethal means;

(C) No unreasonable conditions exist to cause the wolf-livestock conflict; and

(D) The requester has complied with applicable laws and the conditions of any harassment or take permit.

(b) When authorized, lethal take under this paragraph will be taken only by ODFW, authorized ODFW agents, or Wildlife Services personnel.

Rule Caption: Adopt Temporary Rules Governing Confidentiality and Inadmissibility of Mediation Communications in Subsequent Adjudicatory Proceedings.

Adm. Order No.: DFW 93-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 12-26-10

Notice Publication Date:

Rules Adopted: 635-001-0410

Subject: This rule is identical to the rule on confidentiality of mediation communications, developed by the Attorney General pursuant to ORS 36.224(2). The rule covers all mediations involving the Oregon Fish and Wildlife Commission, except those express exclusions. The rule limits information that the mediator may disclose and allows the parties to agree in writing to limit what may be disclosed or used in a subsequent Adjudicatory proceeding.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-001-0410

Confidentiality and Inadmissibility of Mediation Communications

(1) The words and phrases used in this rule have the same meaning as given to them in ORS 36.110 and 36.234.

(2) Nothing in this rule affects any confidentiality created by other law. Nothing in this rule relieves a public body from complying with the Public Meetings Law, ORS 192.610 to 192.690. Whether or not they are confidential under this or other rules of the agency, mediation communications are exempt from disclosure under the Public Records Law to the extent provided in ORS 192.410 to 192.505.

(3) This rule applies only to mediations in which the agency is a party or is mediating a dispute as to which the agency has regulatory authority. This rule does not apply when the agency is acting as the "mediator" in a matter in which the agency also is a party as defined in ORS 36.234.

(4) To the extent mediation communications would otherwise be compromise negotiations under ORS 40.190 (OEC Rule 408), those mediation communications are not admissible as provided in ORS 40.190 (OEC Rule 408), notwithstanding any provisions to the contrary in section (9) of this rule.

(5) Mediations Excluded. Sections (6)–(10) of this rule do not apply to:

(a) Mediation of workplace interpersonal disputes involving the interpersonal relationships between this agency's employees, officials or employees and officials, unless a formal grievance under a labor contract, a tort claim notice or a lawsuit has been filed; or

(b) Mediation in which the person acting as the mediator will also act as the hearings officer in a contested case involving some or all of the same matters;

(c) Mediation in which the only parties are public bodies;

(d) Mediation involving two or more public bodies and a private party if the laws, rule or policies governing mediation confidentiality for at least one of the public bodies provide that mediation communications in the mediation are not confidential;

(e) Mediation involving 15 or more parties if the agency has designated that another mediation confidentiality rule adopted by the agency may apply to that mediation.

(6) Disclosures by Mediator. A mediator may not disclose or be compelled to disclose mediation communications in a mediation and, if disclosed, such communications may not be introduced into evidence in any subsequent administrative, judicial or arbitration proceeding unless

(a) All the parties to the mediation and the mediator agree in writing to the disclosure; or

(b) The mediation communication may be disclosed or introduced into evidence in a subsequent proceeding as provided in subsections (c)–(d), (j)–(l) or (o)–(p) of section (9) of this rule.

ADMINISTRATIVE RULES

(7) Confidentiality and Inadmissibility of Mediation Communications. Except as provided in sections (8)–(9) of this rule, mediation communications are confidential and may not be disclosed to any other person, are not admissible in any subsequent administrative, judicial or arbitration proceeding and may not be disclosed during testimony in, or during any discovery conducted as part of a subsequent proceeding, or introduced as evidence by the parties or the mediator in any subsequent proceeding.

(8) Written Agreement. Section (7) of this rule does not apply to a mediation unless the parties to the mediation agree in writing, as provided in this section, that the mediation communications in the mediation will be confidential and/or nondiscoverable and inadmissible. If the mediator is the employee of and acting on behalf of a state agency, the mediator or an authorized agency representative must also sign the agreement. The parties' agreement to participate in a confidential mediation must be in substantially the following form. This form may be used separately or incorporated into an "agreement to mediate."

Agreement to Participate in a Confidential Mediation

The agency and the parties to the mediation agree to participate in a mediation in which the mediation communications are confidential and/or nondiscoverable and inadmissible to the extent authorized by OAR 635-001-0410(7) and this agreement. This agreement relates to the following mediation:

- a) _____
(Identify the mediation to which this agreement applies.)
- b) To the extent authorized by OAR 635-001-0410(7), mediation communications in this mediation are: (check one or more)

_____ confidential and may not be disclosed to any other person not admissible in any subsequent administrative proceeding and may not be disclosed during testimony in, or during any discovery conducted as part of a subsequent administrative proceeding, or introduced as evidence by the parties or the mediator in any subsequent administrative proceeding

_____ not admissible in any subsequent administrative, judicial or arbitration proceeding and may not be disclosed during testimony in, or during any discovery conducted as part of a subsequent administrative, judicial or arbitration proceeding, or introduced as evidence by the parties or the mediator in any subsequent administrative, judicial or arbitration proceeding

c) _____
Name of Agency

Signature of Agency's authorized representative Date
(when agency is a party) or Agency employee
acting as the mediator (when Agency is mediating the dispute)

d) _____
Name of party to the mediation

Signature of party's authorized representative Date

e) _____
Name of party to the mediation

Signature of party's authorized representative Date

(9) Exceptions to confidentiality and inadmissibility.

(a) Any statements, memoranda, work products, documents and other materials, otherwise subject to discovery that were not prepared specifically for use in the mediation are not confidential and may be disclosed or introduced into evidence in a subsequent proceeding.

(b) Any mediation communications that are public records, as defined in ORS 192.410(4), and were not specifically prepared for use in the mediation are not confidential and may be disclosed or introduced into evidence in a subsequent proceeding unless the substance of the communication is confidential or privileged under state or federal law.

(c) A mediation communication is not confidential and may be disclosed by any person receiving the communication to the extent that person reasonably believes that disclosing the communication is necessary to prevent the commission of a crime that is likely to result in death or bodily injury to any person. A mediation communication is not confidential and may be disclosed in a subsequent proceeding to the extent its disclosure may further the investigation or prosecution of a felony crime involving physical violence to a person.

(d) Any mediation communication related to the conduct of a licensed professional that is made to or in the presence of a person who, as a condition of his or her professional license, is obligated to report such communication by law or court rule is not confidential and may be disclosed to the extent necessary to make such a report.

(e) The parties to the mediation may agree in writing that all or part of the mediation communications are not confidential or that all or part of

the mediation communications may be disclosed and may be introduced into evidence in a subsequent proceeding unless the substance of the communication is confidential, privileged or otherwise prohibited from disclosure under state or federal law.

(f) A party to the mediation may disclose confidential mediation communications to a person if the party's communication with that person is privileged under ORS chapter 40 or other provision of law. A party to the mediation may disclose confidential mediation communications to a person for the purpose of obtaining advice concerning the subject matter of the mediation, if all the parties agree.

(g) An employee of the agency may disclose confidential mediation communications to another agency employee so long as the disclosure is necessary to conduct authorized activities of the agency. An employee receiving a confidential mediation communication under this subsection is bound by the same confidentiality requirements as apply to the parties to the mediation.

(h) A written mediation communication may be disclosed or introduced as evidence in a subsequent proceeding at the discretion of the party who prepared the communication so long as the communication is not otherwise confidential under state or federal law and does not contain confidential information from the mediator or another party who does not agree to the disclosure.

(i) In any proceeding to enforce, modify or set aside a mediation agreement, a party to the mediation may disclose mediation communications and such communications may be introduced as evidence to the extent necessary to prosecute or defend the matter. At the request of a party, the court may seal any part of the record of the proceeding to prevent further disclosure of mediation communications or agreements to persons other than the parties to the agreement.

(j) In an action for damages or other relief between a party to the mediation and a mediator or mediation program, mediation communications are not confidential and may be disclosed and may be introduced as evidence to the extent necessary to prosecute or defend the matter. At the request of a party, the court may seal any part of the record of the proceeding to prevent further disclosure of the mediation communications or agreements.

(k) When a mediation is conducted as part of the negotiation of a collective bargaining agreement, the following mediation communications are not confidential and such communications may be introduced into evidence in a subsequent administrative, judicial or arbitration proceeding:

(A) A request for mediation, or

(B) A communication from the Employment Relations Board Conciliation Service establishing the time and place of mediation, or

(C) A final offer submitted by the parties to the mediator pursuant to ORS 243.712, or

(D) A strike notice submitted to the Employment Relations Board.

(l) To the extent a mediation communication contains information the substance of which is required to be disclosed by Oregon statute, other than ORS 192.410 to 192.505, that portion of the communication may be disclosed as required by statute.

(m) Written mediation communications prepared by or for the agency or its attorney are not confidential and may be disclosed and may be introduced as evidence in any subsequent administrative, judicial or arbitration proceeding to the extent the communication does not contain confidential information from the mediator or another party, except for those written mediation communications that are:

(A) attorney client privileged communications so long as they have been disclosed to no one other than the mediator in the course of the mediation or to persons as to whom disclosure of the communication would not waive the privilege, or

(B) Attorney work product prepared in anticipation of litigation or for trial, or

(C) Prepared exclusively for the mediator or in a caucus session and not given to another party in the mediation other than a state agency, or

(D) Prepared in response to the written request of the mediator for specific documents or information and given to another party in the mediation, or

(E) Settlement concepts or proposals, shared with the mediator or other parties.

(n) A mediation communication made to the agency may be disclosed and may be admitted into evidence to the extent the director determines that disclosure of the communication is necessary to prevent or mitigate a serious danger to the public's health or safety, and the communication is not otherwise confidential or privileged under state or federal law.

ADMINISTRATIVE RULES

(o) The terms of any mediation agreement are not confidential and may be introduced as evidence in a subsequent proceeding, except to the extent the terms of the agreement are exempt from disclosure under ORS 192.410 to 192.505, a court has ordered the terms to be confidential under ORS 30.402 or state or federal law requires the terms to be confidential.

(p) The mediator may report the disposition of a mediation to the agency at the conclusion of the mediation so long as the report does not disclose specific confidential mediation communications. The agency or the mediator may use or disclose confidential mediation communications for research, training or educational purposes, subject to the provisions of ORS 36.232(4).

(10) When a mediation is subject to section (7) of this rule, the agency will provide to all parties to the mediation and the mediator a copy of this rule or a citation to the rule and an explanation of where a copy of the rule may be obtained. Violation of this provision does not waive confidentiality or inadmissibility.

Rule Caption: Additional Opportunity for Personal Use Harvest of Pacific Lamprey at Willamette Falls Allowed.

Adm. Order No.: DFW 94-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 10-31-10

Notice Publication Date:

Rules Amended: 635-017-0090

Rules Suspended: 635-017-0090(T)

Subject: This amended rule allows for one additional day for personal use harvest of Pacific lamprey by individuals with the required permit. The season modifications provide opportunity for harvest of lamprey that may become stranded due to the scheduled installation of water flow devices at Willamette Falls.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-017-0090

Inclusions and Modifications

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Willamette Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) Pacific Lamprey Harvest:

(a) Pursuant to OAR 635-044-0130(1)(b), authorization from the Oregon Fish and Wildlife Commission must be in possession by individuals collecting or possessing Pacific lamprey for personal use. Permits are available from ODFW, 17330 SE Evelyn Street, Clackamas, OR 97015;

(b) Open fishing period is June 1 through July 31 from 7:00 A.M. to 6:00 P.M.; personal use harvest is permitted Friday through Monday each week. All harvest is prohibited Tuesday through Thursday; except personal use harvest is permitted on Tuesday, July 6, 2010 from 7:00 a.m. to 6:00 p.m.;

(c) Open fishing area is the Willamette River at Willamette Falls on the east side of the falls only, excluding Horseshoe Area at the peak of the falls;

(d) Gear is restricted to hand or hand-powered tools only;

(e) Catch must be recorded daily on a harvest record card prior to leaving the open fishing area. Harvest record cards will be provided by ODFW. All harvest record cards must be returned to the ODFW Clackamas office by August 31 to report catch. Permit holders who do not return the harvest record cards by August 31 will be ineligible to receive a permit in the following year.

(f) Harvesters must allow sampling or enumeration of catches by ODFW personnel.

(3) The Tualatin River (Clackamas/Washington Co.):

(a) From the mouth upstream to the Highway 210 Bridge at Scholls: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; use of bait allowed May 22 through October 31. Open for coho salmon August 1 through October 31.

(b) From Highway 210 Bridge at Scholls upstream to Highway 47 Bridge at Gaston: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(c) Tualatin River and tributaries upstream from Highway 47 Bridge and Tualatin River Basin tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(d) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(4) Yamhill River (Yamhill Co.):

(a) From the mouth upstream to the confluence of North and South forks of the Yamhill River: Open to angling for warmwater game fish March 1 through October 31; Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; Use of bait allowed March 1 through October 31. Open for coho salmon August 1 through October 31.

(b) South Yamhill River from the confluence with North Yamhill River upstream to the mouth of Rock Creek near the town of Grande Ronde: Open for trout May 22 through October 31; limit 5 trout per day, of which no more than 2 may be non fin-clipped trout; 8-inch minimum length for all trout; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(c) South Yamhill River above Rock Creek and all Yamhill, South Yamhill, and North Yamhill rivers tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(d) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(5) Gales Creek (Tualatin River tributary, Washington Co.):

(a) From the mouth upstream to NW Clapshaw Hill Road in Gales Creek: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(b) Upstream of NW Clapshaw Hill Road and tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(c) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(6) Clackamas, Sandy, and Lower Willamette (below the falls) rivers:

(a) Effective June 18, through October 31, 2010 the daily bag limit for adult fin-clipped salmon or adult fin-clipped steelhead is 2 per day, 20 per year; 5 jacks per day, 2 daily jack limits in possession, with the exception that in the Clackamas, Sandy, and Lower Willamette rivers one additional adipose fin-clipped steelhead may be retained for a total aggregate of three fish harvested daily.

(b) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

Rule Caption: Sport Chinook Fisheries on the Imnaha and Wallowa Rivers Extended.

Adm. Order No.: DFW 95-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-11-10 thru 9-1-10

Notice Publication Date:

Rules Amended: 635-019-0090

Rules Suspended: 635-019-0090(T)

Subject: This amended rule extends until further notice, the opportunity for sport anglers to harvest adipose fin-clipped adult and jack Chinook salmon which are in excess of the Department's hatchery production needs, in the Imnaha and Wallowa rivers. The original ending date for this fishery was Sunday, July 11, 2010.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-019-0090

Inclusions and Modifications

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Northeast Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The Imnaha River from the mouth to Summit Creek Bridge (River Mile 45) is open to angling for adipose fin-clipped adult Chinook salmon from May 22 until further notice.

(a) The daily bag limit is two (2) adipose fin-clipped adult Chinook and five (5) adipose fin-clipped jacks; two daily limits in possession. It is illegal to continue fishing for jack Chinook once the adult bag limit is met.

(b) All other General, Statewide and Northeast Zone Regulations, as provided in the **2010 Oregon Sport Fishing Regulations**, remain in effect.

(3) The Wallowa River from a deadline at the lower end of Minam State Park upstream to the confluence with the Lostine River is open to angling for adipose fin-clipped adult Chinook salmon from May 22 until further notice.

(a) The daily bag limit is two (2) adipose fin-clipped adult Chinook and five (5) adipose fin-clipped jacks; two daily limits in possession. It is illegal to continue fishing for jack Chinook once the adult bag limit is met.

(b) All other General, Statewide and Northeast Zone Regulations, as provided in the **2010 Oregon Sport Fishing Regulations**, remain in effect.

Rule Caption: Additional Opportunity for Personal Use Harvest of Pacific Lamprey at Willamette Falls Allowed.

Adm. Order No.: DFW 96-2010(Temp)

Filed with Sec. of State: 7-7-2010

Certified to be Effective: 7-8-10 thru 10-31-10

Notice Publication Date:

Rules Amended: 635-017-0090

Rules Suspended: 635-017-0090(T)

Subject: This amended rule allows for one additional day, Thursday July 8, 2010, for personal use harvest of Pacific lamprey by individuals with the required permit. The season modifications provide opportunity for harvest of lamprey that may become stranded due to the scheduled installation of water flow devices at Willamette Falls.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-017-0090

Inclusions and Modifications

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Willamette Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) Pacific Lamprey Harvest:

(a) Pursuant to OAR 635-044-0130(1)(b), authorization from the Oregon Fish and Wildlife Commission must be in possession by individuals collecting or possessing Pacific lamprey for personal use. Permits are available from ODFW, 17330 SE Evelyn Street, Clackamas, OR 97015;

(b) Open fishing period is June 1 through July 31 from 7:00 A.M. to 6:00 P.M.; personal use harvest is permitted Friday through Monday each week. All harvest is prohibited Tuesday through Thursday; except personal use harvest is permitted on Tuesday, July 6, 2010 and Thursday, July 8, 2010 from 7:00 a.m. to 6:00 p.m.;

(c) Open fishing area is the Willamette River at Willamette Falls on the east side of the falls only, excluding Horseshoe Area at the peak of the falls;

(d) Gear is restricted to hand or hand-powered tools only;

(e) Catch must be recorded daily on a harvest record card prior to leaving the open fishing area. Harvest record cards will be provided by ODFW. All harvest record cards must be returned to the ODFW Clackamas office by August 31 to report catch. Permit holders who do not return the harvest record cards by August 31 will be ineligible to receive a permit in the following year.

(f) Harvesters must allow sampling or enumeration of catches by ODFW personnel.

(3) The Tualatin River (Clackamas/Washington Co.):

(a) From the mouth upstream to the Highway 210 Bridge at Scholls: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; use of bait allowed May 22 through October 31. Open for coho salmon August 1 through October 31.

ADMINISTRATIVE RULES

(b) From Highway 210 Bridge at Scholls upstream to Highway 47 Bridge at Gaston: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(c) Tualatin River and tributaries upstream from Highway 47 Bridge and Tualatin River Basin tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(d) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(4) Yamhill River (Yamhill Co.):

(a) From the mouth upstream to the confluence of North and South forks of the Yamhill River: Open to angling for warmwater game fish March 1 through October 31; Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; Use of bait allowed March 1 through October 31. Open for coho salmon August 1 through October 31.

(b) South Yamhill River from the confluence with North Yamhill River upstream to the mouth of Rock Creek near the town of Grande Ronde: Open for trout May 22 through October 31; limit 5 trout per day, of which no more than 2 may be non fin-clipped trout; 8-inch minimum length for all trout; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(c) South Yamhill River above Rock Creek and all Yamhill, South Yamhill, and North Yamhill rivers tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(d) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(5) Gales Creek (Tualatin River tributary, Washington Co.):

(a) From the mouth upstream to NW Clapshaw Hill Road in Gales Creek: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures. Open for coho salmon August 1 through October 31.

(b) Upstream of NW Clapshaw Hill Road and tributaries not listed in the 2010 Oregon Sport Fishing Regulations: Open for trout May 22 through October 31; 2 trout per day; 8-inch minimum length; angling restricted to artificial flies and lures.

(c) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

(6) Clackamas, Sandy, and Lower Willamette (below the falls) rivers:

(a) Effective June 18, through October 31, 2010 the daily bag limit for adult fin-clipped salmon or adult fin-clipped steelhead is 2 per day, 20 per year; 5 jacks per day, 2 daily jack limits in possession, with the exception that in the Clackamas, Sandy, and Lower Willamette rivers one additional adipose fin-clipped steelhead may be retained for a total aggregate of three fish harvested daily.

(b) All other General Statewide and Willamette Zone regulations, as provided in the 2010 Oregon Sport Fishing Regulations, remain in effect.

Rule Caption: Columbia River Treaty Tribes Summer Salmon Gillnet Fisheries Above Bonneville Dam Continued.

Adm. Order No.: DFW 97-2010(Temp)

Filed with Sec. of State: 7-8-2010

Certified to be Effective: 7-13-10 thru 7-31-10

Notice Publication Date:

Rules Amended: 635-041-0076

Rules Suspended: 635-041-0076(T)

Subject: This amended rule continues the allowed sales of fish caught in the Columbia River summer Treaty Indian gillnet fisheries above and Bonneville Dam. One 60-hour (2.5 days) fishing period was authorized for the commercial gillnet season in all of Zone 6. This period is from 6:00 a.m. Tuesday, July 13 through 6:00 p.m. Thursday, July 15, 2010. Allowable sales include: Chinook and sockeye salmon; steelhead; walleye; carp; yellow perch; bass; and shad. White sturgeon may be kept for subsistence in all fisheries except the platform and hook-and-line fisheries conducted below Bonneville Dam where sturgeon may not be retained. Revisions are consistent with action taken by the Columbia River Compact agencies of Oregon and Washington, in cooperation with the Columbia River Treaty Tribes on July 8, 2010.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-041-0076

Summer Salmon Season

(1) The commercial platform and hook-and-line fisheries and the Yakama, Warm Springs and Umatilla tribal subsistence fisheries downstream of Bonneville Dam (bank fishing only) conducted under agreements with the states of Oregon and Washington open 6:00 a.m. Wednesday, June 16, 2010. The commercial platform and hook-and-line fisheries above Bonneville Dam (Zone 6) open 6:00 a.m. Wednesday, June 16, 2010.

(a) Allowable sales include Chinook, steelhead, sockeye, coho, walleye, shad, yellow perch, bass and carp. Sturgeon caught in the tribal fisheries below Bonneville Dam may not be retained or sold. However, white sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool may be kept for subsistence use. Fish may NOT be sold on USACE Property below Bonneville Dam, but may be caught and transported off USACE property for sale.

(b) Gear is restricted to subsistence fishing gear:

(A) In Zone 6: hoopnets, dipnets and rod and reel with hook-and-line are allowed; and

(B) Below Bonneville Dam: hoopnets, dipnets, spears, gaffs, clubs, fouling hooks and rod and reel with hook-and-line are allowed.

ADMINISTRATIVE RULES

(c) Salmon, steelhead, walleye, shad, carp, bass and yellow perch landed during an open commercial fishing period may be sold at any time.

(d) Closed areas in Zone 6, except the Spring Creek sanctuary, are as set forth in OAR 635-041-0045 and remain in effect. Closed areas downstream of Bonneville Dam, are as set forth in OAR 635-041-0015 and remain in effect.

(2) Commercial sales of gill net caught fish from Zone 6 of the mainstem Columbia River is allowed beginning 6:00 a.m. Tuesday, June 29 through 6:00 p.m. Thursday, July 1, 2010 (2.5 days); 6:00 a.m. Tuesday, July 6 through 6:00 p.m. Thursday, July 8, 2010 (2.5 days); and 6:00 a.m. Tuesday, July 13 through 6:00 p.m. Thursday, July 15, 2010 (2.5 days).

(a) No minimum mesh size restriction is in effect.

(b) Allowable sales include Chinook, steelhead, sockeye, walleye, shad, yellow perch, bass and carp.

(c) Sturgeon may not be sold. However, white sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool may be kept for subsistence use.

(d) Salmon, steelhead, walleye, shad, carp, bass and yellow perch landed during an open commercial fishing period may be sold at any time.

(e) All standard river mouth and dam sanctuaries in Zone 6, except the Spring Creek sanctuary, as set forth in OAR 635-041-0045 remain in effect.

(3) Sales of salmon, steelhead, walleye, shad, carp, bass and yellow perch caught in Yakama Nation tributary fisheries in the Wind River, Big White Salmon River, Klickitat River, and Icicle Creek during those days and hours when the tributaries are open under lawfully enacted tribal fishing periods are allowed.

(4) Until further notice, sales of adipose fin-clipped Chinook salmon, caught in Nez Perce tributary fisheries in the Snake River Basin Tributary Treaty Area, including treaty spring fisheries in the Imnaha and Grande Ronde subbasins, may be sold during those days and hours when the tributaries are open under lawfully enacted tribal fishing periods.

Rule Caption: Amend rule regarding the authority to take or harass wildlife.

Adm. Order No.: DFW 98-2010(Temp)

Filed with Sec. of State: 7-9-2010

Certified to be Effective: 7-9-10 thru 1-3-11

Notice Publication Date:

Rules Amended: 635-043-0051

Rules Suspended: 635-043-0051(T)

Subject: This temporary rule clarifies sworn law enforcement officers' authority to take or harass wildlife for law enforcement activities.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-043-0051

Authority to Take or Harass Wildlife

(1) In accordance with ORS 496.012, 496.162, 497.298, 498.002, and 498.006, Department staff or their agents may take or harass wildlife in the times, places and manners necessary for:

- Scientific purposes pursuant to Department programs;
- Protection against a threat to human safety;
- Protection of land or property from damage;

(d) Wildlife management purposes pursuant to Department programs;

(e) Education and display purposes;

(f) Rehabilitation of sick, injured or orphaned wildlife; and

(g) Law enforcement activities by sworn law enforcement officers.

(2) Harassment means acts that frighten or chase but do not kill wildlife.

(3) ORS 498.126(1) provides that a person may not hunt game mammals or game birds from or with the aid of an aircraft, nor transmit from an aircraft to a person not in the aircraft information regarding the location of any game mammals or game birds. ORS 498.126(4) provides an exception for the Department of Fish and Wildlife, and its agents, when conducting wildlife management activities necessary for scientific research or, in emergency situations, protecting human safety, wildlife species or property. ORS 498.126(4)(b) requires definition of "emergency situation" and "necessary" by rule.

(a) "Emergency situation" means that the Department has determined that prompt action is required to implement a provision of a species management plan or administrative rule adopted by the Fish and Wildlife Commission.

(b) "Necessary" means that the Department has determined that the use of aircraft in a particular instance is the most efficient method of implementing a provision of a species management plan or administrative rule adopted by the Fish and Wildlife Commission.

Rule Caption: Recreational Sturgeon Fishery In the Columbia River Mainstem Below Wauna Powerlines.

Adm. Order No.: DFW 99-2010(Temp)

Filed with Sec. of State: 7-13-2010

Certified to be Effective: 7-15-10 thru 12-31-10

Notice Publication Date:

Rules Amended: 635-023-0095

Rules Suspended: 635-023-0095(T)

Subject: This amended rule allows the recreational harvest of white sturgeon, seven days per week from Thursday, July 15 through Sunday, August 1, 2010, in the Columbia River from the Wauna powerlines downstream to the mouth at Buoy 10, including Youngs Bay and all adjacent Washington tributaries. These rule modifications are consistent with action taken July 13, 2010 by the Columbia River Compact agencies of Oregon and Washington.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-023-0095

Sturgeon Season

(1) The **2010 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2010 Oregon Sport Fishing Regulations**.

(2) The mainstem Columbia River from Wauna powerlines (River Mile 40) upstream to Bonneville Dam, excluding the lower Willamette River upstream to Willamette Falls and Multnomah Channel, is open to the retention of white sturgeon with a fork length of 38-54 inches, three days per week, Thursdays through Saturdays, during the following periods:

(a) January 1 through July 31; and

(b) October 1 through December 31.

(3) The retention of white sturgeon in the area identified in section (2) of this rule is prohibited August 1 through September 30.

(4) The Columbia River from Wauna powerlines (River Mile 40) downstream to the mouth at Buoy 10, including Youngs Bay is open to the retention of white sturgeon seven days per week during the following periods:

(a) January 1 through April 30;

(b) May 22 through June 26;

(c) June 27 through July 11; and

(d) July 15 through August 1 (or until guideline is met).

(5) The retention of white sturgeon in the area identified in section (4) of this rule is prohibited May 1 through May 21, July 12 through July 14, and from August 2 through December 31.

ADMINISTRATIVE RULES

(6) During the fishing period as identified in subsection (4)(a) of this rule, only white sturgeon with a fork length of 38–54 inches may be retained.

(7) During the fishing period as identified in subsections (4)(b) through (4)(d) of this rule, only white sturgeon with a fork length of 41–54 inches may be retained.

(8) The Columbia River upstream from Bonneville Dam:

(a) Effective 12:01 a.m. Sunday, February 21, 2010 the retention of white sturgeon in the Bonneville Pool is prohibited.

(b) Effective 12:01 a.m. Monday, March 1, 2010 the retention of white sturgeon in John Day Pool is prohibited.

(c) Effective 12:01 a.m. Thursday, May 6, 2010 the retention of white sturgeon in The Dalles Pool is prohibited.

(d) Effective 12:01 a.m. Sunday, August 1, 2010 the retention of white sturgeon is prohibited from McNary Dam upstream to the Oregon/Washington Border.

(9) Angling for sturgeon is prohibited from:

(a) Between the upper and lower ends of Sand Island and corresponding markers on the Oregon shoreline (slough at Rooster Rock State Park) from April 29 through July 31, 2010;

(b) Bonneville Dam downstream to a line crossing the Columbia River from Navigation Marker 82 on the Oregon shore through the upstream exposed end of Skamania Island, continuing in a straight line to the Washington shore during May 1 through August 31;

(c) From Highway 395 Bridge upstream to McNary Dam May 1 through July 31; and

(d) From the west end of the grain silo at Rufus upstream to John Day Dam during May 1 through July 31.

(10) Retention of green sturgeon is prohibited all year in all areas.

Rule Caption: Ocean Sport Pacific Halibut Nearshore Fishery Closed from Cape Falcon to Humbug Mountain.

Adm. Order No.: DFW 100-2010(Temp)

Filed with Sec. of State: 7-15-2010

Certified to be Effective: 7-17-10 thru 10-31-10

Notice Publication Date:

Rules Amended: 635-039-0085

Subject: This amended rule closes the nearshore (inside 40 fathoms) sport fishery for Pacific halibut, in the area between Cape Falcon and Humbug Mountain, at 11:59 p.m. on Saturday, July 17, 2010 when the nearshore quota of 12,284 pounds is projected to have been met. This rule is consistent with regulations that have been implemented by the federal government and the International Pacific Halibut Commission for the 2010 Oregon recreational fishery for Pacific halibut.

Rules Coordinator: Therese Kucera—(503) 947-6033

635-039-0085

Halibut Seasons

(1) The Pacific halibut sport fishery in Oregon is regulated by the federal government and the International Pacific Halibut Commission (IPHC). OAR chapter 635, division 039 incorporates into Oregon Administrative Rules, by reference, modifications or additions to provisions determined by the IPHC and included in the International Pacific Halibut Commission's News Release dated February 1, 2010 and the Oregon Department of Fish and Wildlife's "Staff recommended 2010 PACIFIC HALIBUT SPORT REGULATIONS" dated February 10, 2010 and to the extent they are consistent with **Title 50 of the Code of Federal Regulations, Part 300, Subpart E (61FR35550, July 5, 1996) Vol. 75, No. 52**, dated March 18, 2010 as amended by Federal Regulations. Therefore, persons must consult the Federal Regulations in addition to Division 039 rules to determine applicable halibut fishing seasons.

(2) Effective 11:59 p.m., Saturday, July 17, 2010 the Central Oregon (Cape Falcon to Humbug Mountain) nearshore season is closed to the retention of Pacific halibut.

Department of Forestry

Chapter 629

Rule Caption: The adoption of revised Northwest and Southwest Oregon State Forest Management Plans.

Adm. Order No.: DOF 2-2010

Filed with Sec. of State: 6-22-2010

Certified to be Effective: 6-22-10

Notice Publication Date: 1-1-2010

Rules Amended: 629-035-0105

Subject: The amended 629-035-0105 will adopt northwest and southwest Oregon State Forest Management Plans revised April 2010 as administrative rules, as required by OAR 629-035-0030(6)(a). Due to the voluminous nature of the forest management plans, the rule adopts these plans by reference. Copies of the revised forest management plans may be viewed on the Oregon Department of Forestry's website at: <http://egov.oregon.gov/ODF/>, or at the office of the State Forester, and are available upon request.

Rules Coordinator: Sabrina Perez—(503) 945-7210

629-035-0105

Adopted Forest Management Plan Documents

(1) The following forest management plan documents have been adopted and incorporated by reference into this division:

(a) Northwest Oregon State Forests Management Plan, Revised Plan, April 2010;

(b) Southwest Oregon State Forest Management Plan, Revised Plan, April 2010;

(2) The forest management plan documents which have been incorporated by reference into this division are maintained by the State Forester at the Oregon Department of Forestry's headquarters in Salem, Oregon.

ADMINISTRATIVE RULES

Department of Geology and Mineral Industries Chapter 632

Rule Caption: Implement portions of SB 190 (2009), clarify definitions, and housekeeping.

Adm. Order No.: DGMI 1-2010

Filed with Sec. of State: 6-22-2010

Certified to be Effective: 6-22-10

Notice Publication Date: 3-1-2010

Rules Amended: 632-020-0005, 632-020-0010, 632-020-0015, 632-020-0020, 632-020-0030, 632-020-0031, 632-020-0040, 632-020-0045, 632-020-0055, 632-020-0060, 632-020-0065, 632-020-0070, 632-020-0090, 632-020-0095, 632-020-0100, 632-020-0105, 632-020-0110, 632-020-0115, 632-020-0117, 632-020-0120, 632-020-0125, 632-020-0130, 632-020-0135, 632-020-0138, 632-020-0145, 632-020-0150, 632-020-0151, 632-020-0154, 632-020-0155, 632-020-0156, 632-020-0157, 632-020-0158, 632-020-0170, 632-020-0175, 632-020-0180

Subject: This is the first phase of a two-phase rulemaking. Changes proposed at this time are intended to address amendments to ORS Chapter 522 made by 1009 Oregon Laws Chapter 794 (SB 190) and to correct typographical and grammatical errors in existing rule text. The second phase of rulemaking, not proposed at this time, will improve the text of rules, develop administrative enforcement tools, and clarify and improve unit management tools.

Rules Coordinator: Gary W. Lynch—(541) 967-2039, ext. 23

632-020-0005

Jurisdiction and Authority

(1) ORS chapter 522 authorizes the Department of Geology and Mineral Industries to control the drilling, re-drilling, and deepening of wells for the discovery and production of geothermal resources so that such wells will be constructed, operated, maintained, and abandoned in the manner necessary to safeguard the life, health, property, and welfare of the people of this state and to encourage the maximum economic recovery of geothermal resources therefrom. The Act also gives the department responsibility for regulating re-injection of geothermal fluids into underground reservoirs within prescribed limits of ORS 522.019(2) in a manner which will not be detrimental to beneficial use of waters of the state.

(2) The permittee shall, in addition to complying with ORS chapter 522 and these rules, comply with applicable laws and regulations of the Water Resources Department, Department of Environmental Quality, and any other agency having jurisdiction and control in the field of natural resources within the State of Oregon.

632-020-0010

Definitions

(1) "Abandonment" means the failure to properly plug and decommission a prospect or geothermal well in accordance with the rules in this division.

(2) "Artesian" means the response of water or fluid under natural pressure whereby it rises above the level where it was originally encountered.

(3) "Blow-Out" means an uncontrolled escape of fluids, such as from a drilling well when high formation pressure is encountered.

(4) "Board" means Governing Board of the State Department of Geology and Mineral Industries.

(5) "By-Products" means any mineral or minerals, exclusive of helium or oil, hydrocarbon gas, or other hydrocarbon substances that (i) are found in solution or in association with geothermal resources and have a value of less than 75 percent of the value of the geothermal resource or (ii) are not, because of quantity, quality, or technical difficulties in extraction and production, of sufficient value to warrant extraction and production by themselves.

(6) "Contamination" means any alteration of the physical, chemical, or biological properties of surface or groundwaters of the state; such alteration may not prevent the beneficial use of such waters.

(7) "Department" means the State Department of Geology and Mineral Industries.

(8) "Fresh Water" means water that is used, or could be used, for irrigation or domestic purposes.

(9) "Geothermal Area" means any parcel of land that is, or reasonably appears to be, underlain by Geothermal Resources.

(10) "Geothermal Injection Well" means any well or converted well constructed to dispose of geothermal fluids derived from geothermal resources into an underground reservoir.

(11) "Geothermal well" includes any well drilled to explore for or produce geothermal resources from any depth other than a prospect well as defined in section (18) and any geothermal injection well as defined in section (10) of this rule.

(12) "Observation Status" means that the department has authorized a geothermal well or prospect well to remain unplugged for a specified and extended period to allow the well to be used to collect information about subsurface conditions.

(13) "Operator" means the person:

(a) Who possesses the legal right to drill a geothermal well or prospect well, or

(b) Who has obtained a drilling permit pursuant to ORS 522.135, or

(c) Who possesses the legal right to operate a completed geothermal well as described by ORS 522.185.

(14) "Owner" means the person who has the right to drill geothermal wells or prospect wells, or to appropriate the production from a completed geothermal well, either for himself or for himself and others.

(15) "Permittee" means owner or operator.

(16) "Person" means any individual, corporation, company, association of individuals, joint venture, partnership, receiver, trustee, guardian, executor, administrator, personal representative; or a state, federal, or local agency that is the subject of legal rights and duties under these regulations.

(17) "Pollution" means contamination or other alteration of the physical, chemical, or biological properties of any waters of the state, including change in temperature, taste, color, turbidity, silt, or odor of the waters, or such radioactive or other substance into any waters of the state that either by itself or in connection with any other substance present, will or can reasonably be expected to create a public nuisance or render such waters harmful, detrimental, or injurious to public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses or to livestock, wildlife, fish or other aquatic life, or the habitat thereof.

(18) "Prospect Well" means any well or hole drilled as a geophysical test well, seismic shot hole, mineral exploration drilling, core drilling, or temperature gradient test well, and drilled in prospecting for geothermal resources. "Prospect Well" does not include a geothermal well as defined in section (11) of this rule.

(19) "Reservoir" means an aquifer or combination of aquifers or zones containing a common geothermal or groundwater resource.

(20) "Royalty Interest" means a right or interest in geothermal resources produced from land or in the proceeds of the first sale of those resources.

(21) "State Geologist" means the director of the Department of Geology and Mineral Industries.

(22) "Unit Agreement" means an agreement or plan of development and operation under the provisions of ORS 308.370, 522.015, 522.405 to 522.545, 522.815, 522.990 and this division of OAR 632 for the production and/or use of geothermal resources in separately owned interests as a single consolidated unit that provides for the allocation of costs and benefits.

(23) "Unit Operator" means the person designated in the unit agreement to manage and conduct the unit agreement.

(24) "Waste" means any physical waste, deleterious effects on surface and groundwater, including but not limited to underground waste resulting from the inefficient, excessive, or improper use or dissipation of reservoir energy, or resulting from the location, spacing, drilling, equipping, operation, or production of a geothermal resource well or prospect well in such manner that reduces or tends to reduce the ultimate economic recovery of the geothermal resources within a reservoir; and surface waste resulting from the location, spacing, drilling, equipping, operation, or production of a geothermal resource well or prospect well in such a manner that causes or tends to cause the unnecessary or excessive surface loss or destruction of geothermal resources released from the reservoir.

Application and Permit to Drill, Redrill, Deepen, or Alter Casing

(1) Before commencing the drilling, redrilling, deepening, or altering of casing of any geothermal well or prospect well, the owner or operator of any geothermal well or prospect well must file with the department a written application for a permit to drill, redrill, deepen, or alter casing accompanied by a nonrefundable fee in accordance with ORS 522.055 or 522.155. The application must include, but is not limited to:

(a) The location(s) and ground elevation(s) of the proposed well(s). The location includes the township, range, and section, and the footage measurement from a section or quarter section corner. For prospect wells, a map may replace the footage measurements;

(b) An identifying name or number for each well, approved by the department;

(c) The proposed geologic objectives and proposed well depth for each well; and

(d) Other pertinent data as the department may require in a form acceptable to the department. The information on the permit application is not confidential, with the exception of prospect well locations.

(2) The department will circulate an application to drill pursuant to ORS 522.125(1) for geothermal wells or ORS 522.065 for prospect wells.

(3) Upon receipt of the application, the fee, the bond required under OAR 632-020-0035, and after the comment period provided for by ORS 522.125 for geothermal wells and 522.065 for prospect wells, the department will make a determination and issue a permit to drill, unless the drilling of the geothermal well or prospect well is contrary to law, rule, or order of the board. The drilling, redrilling, deepening, or altering of casing of a geothermal well or prospect well is prohibited until a permit is obtained. If the permit is disallowed, the department will immediately notify the person in writing giving the reasons.

(4) The issuance of a permit is not a finding of compliance with the Statewide Planning Goals (ORS 197.225) or compatibility with the acknowledged comprehensive plan. The applicant must receive land-use approval from the affected local government supported by written findings as provided in OAR 632-001-0015(5)(b)(A) before the use can commence.

(5) After completion, suspension, or decommissioning of any well, the provisions of this section also apply to the deepening, redrilling, or altering casing of the well.

Active Permits

The permittee of any geothermal well or prospect well permit under which a well has been drilled and not decommissioned, must provide an annual nonrefundable fee in accordance with ORS 522.115 for geothermal wells or ORS 522.055 for prospect wells on or before the anniversary of the issuance date of each active permit issued by the department. As a courtesy, the department may notify the permittee with a notice prior to the anniversary date.

Assignment, Transfers of Ownership

The owner or operator of an existing and/or proposed geothermal or prospect well must notify the department in writing, in a form acceptable to the department, of the sale, assignment, transfer, conveyance, or exchange of such well and/or a change in the lessor of the land upon which such well is situated within five days thereof. Each notice shall contain the following:

(1) The name and address of the person to whom the well or mineral rights was sold, assigned, transferred, conveyed, or exchanged;

(2) The name and location of the well; and

(3) The date of sale, assignment, transfer, conveyance, or exchange.

Notice of Change in Ownership

Every person who acquires the ownership or the right of operation of a well or proposed well as described by OAR 632-020-0040 must, within five days after acquiring such well or proposed well, notify the department in writing of the newly acquired ownership or right of operation. Each notice must contain the following:

(1) The name and address of the person from whom the well or proposed well was acquired,

(2) The name and location of the well, and

(3) The date of the acquisition.

632-020-0055

Proper Completion and Abandonment

(1) A geothermal well or prospect well is properly completed for the purposes of this chapter when it is demonstrated that the well is capable of production, flow testing, monitoring temperature, pressure or other subsurface conditions, injecting fluids, or other approved purpose, and the person engaged in drilling, redrilling, deepening, or altering casing of the well has shown to the satisfaction of the department that the manner of conducting these activities is satisfactory.

(2) A well is considered properly plugged and decommissioned, for the purpose of this chapter, when the conditions of ORS 522.005 to 522.990 and these rules are fulfilled and the person drilling, redrilling, deepening, or altering casing of such well has shown to the satisfaction of the State Geologist that all proper steps have been taken to protect groundwater and surface water from pollution resulting from the decommissioned well and to prevent the escape of all fluids to the surface.

(3) Proper completion and decommissioning requires adequate protection of the environment and of aesthetic qualities of the surface in the area of operation.

632-020-0060

Filing of Well Records, Confidentiality

(1) The operator of a geothermal well must keep copies of well records and related information as provided in ORS 522.355 and 522.365. In addition, the operator must:

(a) Record the amount, size, and weight of casing used; and the size, type and depths of perforations; and

(b) File with the department, within 60 days after completion, suspension, or decommissioning of a well, all logs, samples, history, surveys, and other required data.

(2) The operator of a prospect well must keep and provide the department with records including a log describing the type of rocks penetrated, depths of water-bearing formations, bottom hole temperature, and well location.

(3) Records filed with the department pursuant to ORS 522.365 and sections (1) and (2) above will not be disclosed to the public for four years from the date of completion, suspension, or abandonment of the well, whichever occurs first. After four years, the records shall be available for public inspection under the provisions of ORS 192.410 to 192.505. If an operator claims that any record continues to be exempt from disclosure as a trade secret under ORS 192.501, the operator must notify the department

ADMINISTRATIVE RULES

and explain the basis for its claim at least 30 days before the end of the four-year period.

Sundry Applications and Reports

(1) A written application for a permit to do work or to change plans previously approved must be filed with the department unless otherwise directed, and must be approved by the department before work is begun. Approval or denial must be given within 15 days by the department. If, in case of emergency, an application is submitted orally or by email, and approval is obtained, the transaction must be confirmed in writing. A subsequent report of the work performed must also be filed with the department.

(2) Before the repairing or performance of work to permanently alter the casing of a well, an application setting forth in detail the proposed work must be filed with, and approved by, the department. A detailed report of the work accomplished and the methods employed, including all dates and the results of such work, must be filed within 60 days after completion of the work.

632-020-0095

Casing Requirements

(1) The owner or operator of any geothermal well or prospect well must properly case the well with adequate grade casing and cement the casing where necessary to provide adequate anchor for blow-out preventers. Casing design must take into account stress imposed by the maximum expected temperature and the physical effects of produced fluids and gases on casing durability. Surface casing for any well with a proposed depth of more than 500 feet must be set at a depth of at least ten percent of the proposed total depth of the well, or at least 25 feet into consolidated, competent rock, whichever is deeper, unless otherwise approved by the department. In areas with no nearby drilling history, surface casing must be set to a minimum of 300 feet, unless otherwise approved by the department.

(2) The owner or operator of a geothermal or prospect well must shut out pollution from strata containing water used for irrigation or domestic purposes and from surface water used for these purposes. The operator of a geothermal or prospect well that penetrates a usable fresh water aquifer shall be required to set casing or tubing through this formation and cement such casing or tubing from bottom to top unless the department approves a different program.

(3) Casing and casing seals used for prospect wells, where the temperature of groundwater does not exceed 250°F, must comply with the gen-

eral standards for the construction and maintenance of water wells set by the State Water Resources Department.

(4) Each fluid-bearing zone above the producing horizon in a geothermal resources well must be cased and sealed off to prevent the migration of formation fluids to other areas. Such casing and sealing off must be completed and tested the methods and means prescribed by the department.

(5) Cements used in cementing casing and sealing formations must be of a grade and type best suited for expected reservoir temperature, formation water chemistry and bonding properties. Cements acceptable for use in high-temperature holes include Modified Type A or G, Alumina Silica Flour, Phosphate Bonded Glass, or other equivalent high-temperature design cement.

632-020-0105

Directional Drilling

(1) The maximum point at which a well penetrates the producing formation must not vary from the vertical drawn from the center of the hole at the surface by more than 5 degrees. Deviation is permitted without special permission for short distances to straighten the hole, sidetrack junk, or to correct other mechanical difficulties.

(2) Except for the purposes of straightening the hole, sidetracking junk, or correcting mechanical difficulties as provided in this rule, no well shall be intentionally deviated from the vertical unless the operator first files an application and obtains a permit from the department. If drilling is in progress, the operator must notify the department immediately of the deviation of the hole or of the intention to deviate the hole. When an operator follows this procedure, an application must be filed as soon as possible.

Serving Orders

When the department gives any written direction concerning the drilling, testing, or other operations conducted with respect to any geothermal well or prospect well drilled, in the process of being drilled, redrilled, deepened, altered, or in the process of being decommissioned, and the operator, owner, or designated agent of either, serves written notice, either personally or by mail, addressed to the department, requesting that a definite order be made upon such subject, the department shall, within a reasonable time after receipt of the notice, deliver a final written order on the subject matter. Any such final written order of the department may be appealed to the board and further redress may be sought in the manner provided in ORS Chapter 183 for appeals from final orders in contested cases.

632-020-0125

Abandonment

(1) Before beginning any operation to plug and decommission any prospect or geothermal well, the owner or operator must apply to the department for approval to decommission the well on a form acceptable to the department. An application for decommissioning a well must include a proposed decommission plan that describes the well and the proposed method of plugging the well and restoring the well site and the fee required under ORS 522.115.

(a) The department will review the decommissioning plan to determine whether it is adequate to protect land, water, and geothermal resources.

(b) If the department determines the plan is adequate, it will approve the plan and notify the applicant. If the department determines the plan is inadequate, it may order the plan to be revised to include whatever additional provisions are needed to protect land, water, and geothermal resources.

(c) The owner or operator must notify the department at least 24 hours before the proposed date for the commencement of decommissioning operations. Notification may be made by phone, but must be followed by written application. A representative of the department may be present during any decommissioning.

(d) The owner or operator of such well shall furnish the department with a written report of the decommissioning as provided in ORS 522.225(2).

(2) Geothermal resource, environment, and water resources to be protected:

(a) Before any prospect or geothermal well or any producing horizon encountered therein is decommissioned, the owner or operator must use such means, methods, and procedures as may be necessary to prevent water from entering any geothermal resources bearing formation, and to protect any underground or surface water.

(b) Prior to approving the decommissioning of any prospect or geothermal well, the department shall determine that the site has been restored to as near its original state as possible.

(3) Observation status. Suspension, Unlawful Abandonment, Removal of Equipment:

(a) At the time of permit issuance, the department may grant provisional observation status to prospect or geothermal wells if the wells are designed to be constructed and maintained as information gathering wells for an extended period. After drilling activities for such a well is completed, the board may grant observation status for a stated period.

(b) The board may authorize a permittee to suspend operations or remove equipment from a well for the period stated in the Board's written authorization, given upon written application of the permittee and his or its affidavit showing good cause. The period of suspension may be extended by the board, upon written application made before expiration of the previously authorized suspension, accompanied by affidavit of the permittee showing good cause for granting of such extension.

(c) After operations on or at a well have been suspended with the approval of the board pursuant to subsection (a) of this section, if operations are not resumed within six months from the date specified in such approval of suspension, an intention to abandon and unlawful abandonment shall be presumed unless the permittee has obtained from the Board an

extension of time of such suspension, upon his or its written application and affidavit showing good cause for the granting of such extension.

(d) Whenever operations on or at any well have been suspended for a period of six months without compliance with these regulations, the well will be presumed unlawfully abandoned.

(e) A well will be deemed unlawfully abandoned if, without notice given to the board as required by these rules, any drilling or producing equipment is removed.

(f) If the department determines that a prospect or geothermal well as been abandoned in violation of ORS chapter 522 or these rules, the department shall notify the board or notify or attempt to notify the permittee and before making a claim against the permittee's surety.

(g) All decommissioned wells must be plugged as provided in section (4) of this rule unless an alternative plugging is specifically approved by the department.

(4) Plugging Methods and Procedure, Geothermal Wells or Prospect Wells 2,000 Feet or More in Depth:

(a) The well must be filled with mud-laden fluid from bottom to top consisting of mud weighing 9.0 pounds per gallon of not less than 36 viscosity (API Full Funnel Method), with the exception of intervals required to be plugged with cement. Other fluids may be used upon approval of the department.

(b) At the top of each producing formation, or fluid zone at greater than hydrostatic pressure, a cement plug must be placed which extends either from the bottom of the well or from a point 50 feet below the top of each such producing formation or zone to a point at least 50 feet above each producing formation or zone.

(c) If a well is uncased through a freshwater zone, a cement plug must extend from 50 feet below the bottom of the water-bearing zone to at least 50 feet above the water zone.

(d) If the surface string of casing is set below the deepest freshwater-bearing formation, and the well is uncased below this point, a cement plug must be placed in the well extending from a point at least 50 feet below the base of the surface casing and 50 feet into the bottom of the casing.

(e) The top of all casing strings must be cut off at least 4 feet below ground surface, and casing and all annuli must be plugged with cement to a depth of at least ten feet.

(f) The operator has the option as to the method of placing cement in the well:

(A) Pumping through tubing; or

(B) Pump and plug displacement; or

(C) Other method approved by the department.

(5) Plugging Methods and Procedure, Prospect Wells Less than 2,000 Feet in Depth. Before decommissioning any prospect well less than 2,000 feet deep, that penetrates a usable fresh-water horizon, it is the duty of the owner or operator to plug the well in such a manner as to protect all freshwater-bearing formations. Within 60 days after plugging, the permittee must file an affidavit with the department, setting forth the location of the prospect well and the method used to protect water-bearing formations, if any were penetrated. Plugging consists of the following procedures unless a different method is approved by the department. These procedures may be done in open hole if the well is being decommissioned, or in the annulus around the tubing if the well is being completed as a temperature gradient well:

(a) In wells where water is not encountered, the hole is to be filled with heavy mud-laden fluid or with drill cuttings and a 10-foot cement plug placed at the top of the hole, buried at least two feet in such a manner as not to interfere with soil cultivation.

(b) In wells where groundwater is encountered, but is not under artesian pressure, the hole must be filled with cement to a point at least 50 feet above the water zone, or if the top of the zone is less than 50 feet from the ground surface, the cement must extend to the ground surface. If a well penetrates below a freshwater zone, a cement plug must extend from 50 feet below the bottom of the zone to at least 50 feet above the zone.

(c) In wells where artesian water is encountered, the well must be plugged with cement from bottom to top.

(6) Report on Completion. Within 45 days after the completion of the plugging and decommissioning of a geothermal well or prospect well, the owner or operator must file a report with the department setting forth in detail the method used in plugging the well or wells. The report must be in a form acceptable to the department.

(7) Wells Used for Fresh Water:

(a) When the well to be decommissioned may safely be used as a freshwater well and this use is desired by the land owner, the well need not be filled above the required sealing plug set below fresh water provided

ADMINISTRATIVE RULES

authorization for use of any such well is obtained from the Water Resources Department;

(b) Application for leaving the well partially unplugged as a fresh water well must be made to the department by the land owner, accompanied by his affidavit as to his need of water and the intended use of the well, together with a copy of the Water Resources Department's order or permit authorizing such use; and

(c) The operator must leave the fresh water well in a condition approved by the department.

Well Spacing

The board shall approve proposed well-spacing programs for geothermal wells in a field or prescribe such modifications to the programs as it determines necessary for proper development. The board may do this by rule or order. In determining well spacing, the board shall consider such factors as:

- (1) Topographic characteristics of the area;
- (2) Hydrologic and geologic conditions in the reservoir;
- (3) Minimum number of wells required for adequate development;

and

- (4) Protection of the environment.

632-020-0138

Unit Agreements

(1) When voluntary unitization occurs under ORS 522.405 to 522.545, the operator of the unit must pay a fee to the department for the administration of the unit. The amount of the fee will be determined by the board on a case-by-case basis. The unit operator shall collect equitable shares of this fee from all persons, or state or local governing bodies, special districts, or agencies with a royalty interest in the unitized development.

(2) When the board requires the development of a unit agreement under ORS 522.405 to 522.545, the operator of the unit must pay a fee to the department for the creation and administration of the unit. The amount of the fee will be determined by the board on a case-by-case basis, for creation and administration of the unit. The unit operator shall collect equitable shares of this fee from all persons, or state or local governing bodies, special districts, or agencies with a royalty interest in the unitized development.

(3) The State Geologist shall review voluntary unit agreements governing production of geothermal resources to ensure compliance with the provisions of ORS 522.405 to 522.545.

(4) The operator or person proposing a board-initiated unit agreement shall make application to the board.

(5) The State Geologist shall enforce, when necessary, board-approved or initiated unit agreements.

(6) The board may change or approve proposed changes in the boundaries of a unit area upon application by the unit operator or interested person. Such changes shall not jeopardize pre-existing contractual relationships between participating parties.

(7) The board may levy fees upon any operator, person, state or local governing body, special district, or agency that holds a royalty interest in a unit area to cover reasonable costs associated with the development and administration of a unit agreement. If such a fee is not paid when due, the

board may require the fee to be paid from proceeds of the sale of the unit production.

Pits or Sumps

(1) Materials and fluids necessary for the drilling, production, or other operations by the permittee may be discharged or placed in pits and sumps only with the approval of the department and the Department of Environmental Quality. The operator must provide pits and sumps of adequate capacity and design to retain all materials. In no event shall the contents of a pit or sump be allowed to:

(a) Contaminate streams, artificial canals or waterways, groundwater, lakes, or rivers;

(b) Adversely affect the environment, persons, plants, fish, and wildlife and their populations; or

(c) Damage the aesthetic values of the property or adjacent properties.

(2) When no longer needed, pits and sumps are to be filled and covered and the premises restored to a near natural state.

632-020-0150

Disposal of Solid and Liquid Wastes

Injection of geothermal fluids shall not pollute waters of the state, create a public nuisance, impair beneficial uses of waters, or degrade the biologic habitat of aquatic life and domestic and wild animals. Permits for prospect and geothermal wells will be issued in accordance with ORS 522.019, 522.025, and 522.135. The department will coordinate with the Department of Environmental Quality and the Department of Water Resources to ensure that permit conditions are consistent and protective of natural resources and the environment.

632-020-0151

Handling of Test Fluids

Prior to conducting formation and production tests, the operator must provide adequate storage for anticipated volumes of formation fluids and drilling mud. Arrangements for ultimate disposal of waste fluids must be made with the department and the Department of Environmental Quality.

Stat. Auth.: ORS 522

632-020-0154

Injection and Conservation

Injection is the preferred method for handling geothermal fluids derived from geothermal resources to conserve natural heat energy and to maintain reservoir temperature and pressure. This rule applies to fluids derived from geothermal wells as defined in ORS 522.005(12) that are subject to departmental regulation under ORS 522.025.

Stat. Auth.: ORS 522

Stats. Implemented: ORS 522.305

632-020-0155

Application to Drill Injection Well

(1) The provisions of this rule apply to applications for geothermal wells intended for the injection of geothermal fluids, and are in addition to the requirements of OAR 632.030.

(2) An application for a permit to inject geothermal fluid into any underground reservoir must include, but is not limited to, the following:

(a) A plan of injection explaining the proposed system including facilities other than the injection well necessary to conduct the operations;

(b) A map of adequate scale (preferably 1:24,000, but not less than 1:62,500 or 1" = 1 mile) to show all existing and proposed wells, pipelines, and other surface facilities. All wells must be distinguished by type;

(c) The injection fluid characteristics such as quality, quantity, source, chemical analysis, chemical reactivity, toxicity, temperature, etc.;

ADMINISTRATIVE RULES

(d) The characteristics of the proposed injection zone including: volume capacity of the zone, geologic formation and structure, porosity, permeability, chemical analysis of zonal water, static formation pressures and temperatures, anticipated zonal fluid reactivity to the injected fluids, any previous history of injection operations into the same or similar formations, any injectivity tests which may have been conducted, and other pertinent data;

(e) Hydrology of the surrounding area, including groundwater quality, quantities, and analyses, and the predicted effects of contamination by injected fluids on the existing surface and groundwater;

(f) Subsurface maps and cross sections of the producing and injecting zone structure and lithology and any available logs or histories of a well or other wells penetrating the injection zone that have not been previously submitted. Discuss the effects of injection on such factors as potable water, seismicity, and local tectonic conditions;

(g) Representative injection well drilling program;

(h) Proposed downhole and surface injection equipment and metering facilities with capacity, design capabilities, and design safety factors in sufficient detail to enable adequate environmental analysis. Construction and engineering design plans should be included; and

(i) Proposed injectivity surveys and other means to monitor injection performance.

Stat. Auth.: ORS 522

Stats. Implemented: ORS 522.019 & 522.305

Hist.: GMI 4, f. 7-20-72, ef. 8-1-72; GMI 4-1980, f. & ef. 10-2-80; GMI 2-1995, f. & cert. ef. 3-10-95; DGMI 1-2010, f. & cert. ef. 6-22-10

632-020-0156

Permit for Injection

(1) The department may issue the permit after finding that issuance thereof is consistent with the purposes set forth in ORS 468A.010, 468B.015, 468B.030, 537.525, and ORS 522.

(2) Appropriate approval must be obtained from the Department of Environmental Quality before re-injection is commenced. Issuance of a geothermal well permit allowing for reinjection does not relieve any person from any obligation to register or to obtain a permit under ORS 468B.050 or ORS 468B.195 to 468B.197 (Department of Environmental Quality).

(3) The department shall not issue a permit for injection of geothermal fluids until the operator has posted a bond in compliance with OAR 632-020-0035.

632-020-0157

Construction of Injection Wells

(1) Injection wells must be constructed in compliance with the standards required in OAR 632-020-0095 and 632-020-0125.

(2) Special standards may be required by the department to allow for corrosive effects of injected fluids, precipitation of dissolved minerals, more extensive cementing of casings, specifications for tubing packers and casing packers, or other construction practices generally accepted by the industry.

(3) All wells for injection of produced fluids must be tested for mechanical integrity at least once every five years to determine that there is no leak in the casing and that there is no fluid movement into an underground source of water other than that from which the fluid was produced, unless otherwise approved by the department. Acceptable tests include pressure build-up profiles, pressure testing, and casing thickness logs to demonstrate integrity of the casing. The department may, on a case-by-case basis, approve tracer surveys, noise logs, temperature logs, spinner surveys, or other methods to detect water movement adjacent to the wellbore. The department must be notified to witness mechanical integrity tests, and the results must be submitted as required by OAR 632-020-0060.

632-020-0158

Wellhead Equipment, Injection Wells

Adequate wellhead equipment must be installed to control expected pressures. Where underground conditions are unknown, the same equipment must be used as required for exploration holes.

Stat. Auth.: ORS 522

Stats. Implemented: ORS 522.305

Hist.: GMI 4-1980, f. & ef. 10-2-80; GMI 2-1995, f. & cert. ef. 3-10-95; DGMI 1-2010, f. & cert. ef. 6-22-10

632-020-0170

Environmental Protection

The permittee shall conduct operations under this chapter so as not to pollute land, water or air, pollute streams, damage the surface or pollute the underground water. The operator must comply with federal and state air and water quality standards. Plans for disposal of well effluents must take into account the effect on groundwater, streams, plants, fish and wildlife and their populations, atmosphere, or any other effects that may cause or contribute to pollution. Plans must be approved by the department before action is taken under them.

632-020-0175

Blowout Prevention for Geothermal Wells and Prospect Wells 2,000 Feet or More in Depth

(1) Cementing of Casing. The conductor and surface casing strings must be cemented with a quantity of cement sufficient to fill the annular space back to the surface. The intermediate casing string must be cemented to fill the annular space back to the surface unless otherwise approved by the department. Production casing must be cemented with a high temperature resistant cement, unless waived by the department and must be cemented in a manner necessary to exclude, isolate, or segregate overlying formation fluids from the geothermal resources zone and to prevent the movement of fluids into possible fresh water zones. Production casing must be cemented back to the surface or, if lapped, to the top of the lap. A temperature or cement bond log may be required by the department after setting and cementing the production casing and after all primary cementing operations if an unsatisfactory cementing job is indicated. Proposed well cementing techniques differing from the requirements of this paragraph will be considered by the department on an individual well basis.

(2) Pressure Testing:

(a) Prior to drilling out the casing shoe after cementing, all surface casing strings must be pressure tested to a minimum pressure of 1,000 psi, or 1.5 psi per foot of casing, or to the working pressure of the casing, whichever is less. A higher test pressure may be specified in permit stipulations for casing strings set to greater than 1,000 feet. Exceptions to these minimum pressures may be allowed with the specific prior permission of the department. Such test must not exceed the rated working pressure of the casing or the blowout preventer stack assembly, whichever is lesser.

(b) In the event of casing failure during the test, the casing must be repaired or recemented until a satisfactory test is obtained. A pressure decline of 10 percent or less in 30 minutes is considered satisfactory. The department may require an affidavit signed by the operator or contractor conducting the pressure test certifying that a satisfactory pressure test has been obtained.

(c) Casing test results must be recorded in the driller's log and reported to the department within 60 days after completion. The casing and lap test reports must give a detailed description of the test including mud and cement volumes, lapse of time between running and cementing casing and testing, method of testing, and test results.

(3) Blowout Prevention Equipment and Procedures. All necessary precautions must keep all wells under control at all times, utilize trained and competent personnel, and utilize properly maintained equipment and materials. Blow-out preventers and related well control equipment must be installed, tested immediately after installation using water, and maintained ready for use until drilling operations are completed. Certain components, such as packing elements and ram rubbers, must be of high-temperature resistant material as necessary. All kill lines, blowdown lines, manifolds, and fittings must be steel and have a temperature derated minimum working pressure rating equivalent to the maximum anticipated wellhead surface pressure. Subject to subsections (a) and (b) of this section, blowout prevention equipment must have hydraulic actuating systems and accumulators of sufficient capacity to close all of the hydraulically operated equipment and have a minimum pressure of 1,000 psi remaining on the accumulator. The department may approve manually operated blow-out preventers. Dual control stations must be installed with a high-pressure backup system. One control panel must be located on the ground at least 50 feet away from the wellhead or rotary table. Air or other gaseous fluid drilling systems must have blow-out prevention assemblies. Such assemblies may include, but are not limited to, a rotating head, a double ram blow-out preventer or equivalent, a banjo-box or an approved substitute therefor and a blind ram blow-out preventer or gate valve, below the banjo-box. Exceptions to the requirements of this paragraph will be considered by the department only for

ADMINISTRATIVE RULES

certain geologic and well conditions such as stable surface areas with known low subsurface formation pressures and temperatures:

(a) Conductor Casing. In certain instances a remotely controlled hydraulically operated expansion type preventer or an acceptable alternative, approved by the department, including a drilling spool with side outlets or equivalent may be required by the department in areas where shallow thermal zones are indicated.

(b) Surface, Intermediate, and Production Casing. Before drilling below any of these strings, the blowout prevention equipment shall include a minimum of the following, unless otherwise approved by the department:

(A) One expansion-type preventer and accumulator or rotating head;

(B) A manual and remotely controlled hydraulically operated double ram blowout preventer or equivalent having a temperature derated minimum working pressure rating that exceeds the maximum anticipated surface pressure at the anticipated reservoir fluid temperature;

(C) A drilling spool with side outlets or equivalent;

(D) A kill line equipped with at least one valve; and

(E) A blowdown line equipped with at least two valves and securely anchored at all bends and at the end. At least one valve must be adjustable and one must be a complete shut off.

(c) Testing and Maintenance:

(A) Ram type blowout preventers and auxiliary equipment must be tested to a minimum of 1,000 psi, 1.5 psi per foot of casing, or to the working pressure of the casing or assembly, whichever is the lesser. Expansion type blowout preventers must be tested to 70 percent of the above pressure testing requirements. The blowout prevention equipment must be pressure tested:

(i) When installed;

(ii) Prior to drilling out plugs and/or casing shoes; and

(iii) Following repairs that require disconnecting a pressure seal in the assembly.

(B) During drilling operations, blowout prevention equipment must be actuated to test proper functioning as follows: once each trip for blind and pipe rams but not less than once each day for pipe rams; and at least once each week on the drill pipe for expansion type preventers.

(C) All flange bolts must be inspected at least weekly and retightened as necessary during drilling operations. The auxiliary control systems must be inspected daily to check the mechanical condition and effectiveness and to insure personnel's acquaintance with the method of operation. Blowout prevention and auxiliary control equipment must be cleaned, inspected, and repaired, if necessary, prior to installation to assure proper functioning. Blowout prevention controls must be plainly labeled, and all crew members must be instructed on the function and operation of the equipment. A blowout prevention drill must be conducted weekly for each drilling crew. All blow-out prevention tests and crew drills must be recorded on the driller's log.

(4) Related Well Control Equipment. A full opening drill string safety valve in the open position must be maintained on the rig floor at all times while drilling operations are being conducted. A kelly cock must be installed between the kelly and the swivel.

(5) Drilling Fluid. The properties, use, and testing of drilling fluids and the conduct of related drilling procedures shall be such as are necessary to prevent the blow-out of any well. Sufficient drilling fluid materials to ensure well control must be maintained in the field area readily accessible for use at all times.

(6) Drilling Fluid Control. Before pulling drill pipe, the drilling fluid must be properly conditioned or displaced. The hole shall be kept reasonably full at all times; however, in no event shall the annular mud level be deeper than 100 feet from the rotary table when coming out of the hole with drill pipe. Mud cooling techniques shall be utilized when necessary to maintain mud characteristics for proper well control and hole conditioning. The department may require the use of mud cooling equipment.

(7) Drilling Fluid Testing:

(a) Mud testing and treatment consistent with good operating practice must be performed daily or more frequently as conditions warrant. Mud testing equipment must be maintained on the drilling rig at all times;

(b) The following drilling fluid system monitoring or recording devices must be installed and operated continuously during drilling operations, with mud, occurring below the shoe of the conductor casing. No exceptions to these requirements will be allowed without the specific prior approval of the department:

(A) High-low level mud pit indicator including a visual and audio-warning device;

(B) Degassers, desilters, and desanders;

(C) A mechanical, electrical, or manual surface drilling fluid temperature monitoring device. The temperature of the drilling fluid going into and coming out of the hole must be monitored, read, and recorded on the driller's or mud log for a minimum of every 30 feet of hole drilled below the conductor casing; and

(D) A hydrogen sulfide indicator and alarm must be installed in areas suspected or known to contain hydrogen sulfide gas that may reach levels considered dangerous to the health and safety of personnel in the area.

(8) Well-head Equipment and Testing:

(a) Completions. All wellhead connections must be fluid pressure tested to the API or ASA working pressure rating. Cold water is required as the testing fluid, unless otherwise approved by the department at the time of permitting. Welding of wellhead connections must be performed by a certified welder using materials in conformance with ASTM specifications;

(b) Well-head Equipment. All completed wells must be equipped with a minimum of one casinghead with side outlets, one master valve, and one production valve, unless otherwise approved by the department. All casing-heads, Christmas trees, fittings, and connections must have a temperature derated working pressure equal to or greater than the surface shut-in pressure of the well at reservoir temperature. Packing, sealing mediums, and lubricants must consist of materials or substances that function effectively at, and are resistant to, high temperatures. Wellhead equipment, valves, flanges, and fittings must meet minimum ASA standards or minimum API Standard 6A specifications. Casinghead connections must be made such that fluid can be pumped between casing strings.

(9) Supervision. From the time drilling operations are initiated and until the well is completed or decommissioned, a member of the drilling crew or the toolpusher must monitor the rig floor at all times for surveillance purposes, unless the well is secured with blowout preventers or cement plugs.

632-020-0180

Blowout Prevention Rules for Prospect Wells

All prospect wells drilled below a depth of 500 feet must have adequate casing and wellhead controls installed, unless otherwise approved by the department. The casing must extend from the surface to at least ten percent of the proposed total depth of the well and be cemented back to the surface. Wellhead controls must consist of an annular preventer or double ram preventer or pipe rams and gate valve. Controls may be manual or hydraulic.

(1) If hot water or flowing steam at 65° C. (150° F.) or greater is encountered, further drilling must stop immediately, the operator must notify the department, and the hole will be either:

(a) Completed as an observation hole using steel tubing cemented from total depth to surface; or

(b) Abandoned by plugging with cement from total depth to surface; or

(c) Deepened only after a review of the adequacy of wellhead control equipment and approval from the department. If the prospect well is deepened as described in this section, it must be completed as described in subsections (a) and (b) of this section.

(2) If cold flowing artesian water is encountered, the hole will be completed as in subsection (1)(a) or (b) of this rule, except that plastic tubing may be used.

(3) Locations proposed in natural thermal areas within a 1,000 foot radius of hot springs, fumaroles, or other surface geothermal indicators, or in areas of known artesian water flow, will require a detailed drilling program for each hole approved by the department. The department may require special drilling and completion techniques (such as cemented surface casing and simple expansion type blowout preventers) to safely control formations containing geothermal or other resources that may be penetrated.

(4) A supply of mud and lost circulation material must be kept on hand while drilling to control abnormal pressure if rotary equipment is used.

ADMINISTRATIVE RULES

Department of Human Services, Addictions and Mental Health Division: Addiction Services Chapter 415

Rule Caption: Establish the “Health Professionals Program” as required by HB 2345 (Enrolled 2009 Session).

Adm. Order No.: ADS 3-2010

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 6-1-2010

Rules Adopted: 415-065-0005, 415-065-0010, 415-065-0015, 415-065-0020, 415-065-0025, 415-065-0030, 415-065-0035, 415-065-0040, 415-065-0045, 415-065-0050, 415-065-0055, 415-065-0060, 415-065-0065, 415-065-0070

Subject: The Addictions and Mental Health (AMH) Division is adopting these new rules in order to establish a “Health Professionals Program” as required by HB 2345 (Enrolled, 2009 Session). The title of the new rule division is the “Health Professionals’ Service Program.”

Rules Coordinator: Richard Luthe—(503) 947-1186

415-065-0005

Purpose, Intent and Scope

The purpose of these rules is to establish a consolidated, statewide health professionals’ monitoring program for licensees of participating health licensing boards, as required by ORS 676.190, who are unable to practice with professional skill and safety due to substance use disorders, mental health disorders, or both types of disorders. The program shall provide non-treatment compliance monitoring and reporting services.

Stat. Auth.: ORS 409.050 & ORS 676.190
Stats. Implemented: ORS 676.185 to 676.200
Hist.: ADS 3-2010, f. & cert. ef. 7-1-10

415-065-0010

Definitions

The following terms mean:

(1) “Admitted to the hospital for mental illness” for purposes of ORS 676.190 means admitted to the hospital for treatment of a mental health disorder that gives rise to concerns about the licensee’s ability or willingness to participate in the program. Admission for evaluation or diagnosis does not constitute being admitted to the hospital for mental illness.

(2) “Assessment or evaluation” means the process an independent third-party evaluator uses to diagnose the licensee and to recommend treatment options for the licensee.

(3) “Board” means a health professional regulatory board as defined in ORS 676.160 or the Oregon Health Licensing Agency for a board, council or program listed in 676.606.

(4) “Business day” means Monday through Friday, 8:00 a.m. to 5:00 p.m. Pacific Time, except legal holidays as defined in ORS 187.010 or 187.020.

(5) “Diagnosis” means the principal mental health or substance use diagnosis listed in the DSM. The diagnosis is determined through the assessment and any examinations, tests or consultations suggested by the assessment and is the medically appropriate reason for services.

(6) “Division” means the Department of Human Services, Addictions and Mental Health Division.

(7) “DSM” means the *Diagnostic and Statistical Manual of Mental Disorders-IV-R*, published by the American Psychiatric Association.

(8) “Family” means any natural, formal, or informal support persons identified as important by the licensee.

(9) “Federal regulations” means:

(a) As used in ORS 676.190(1)(f)(D), a “positive toxicology test result as determined by federal regulations pertaining to drug testing” means test results meet or exceed the cutoff concentrations shown in 49 CFR § 40.87 (2009) for the substances listed there.

(b) As used in ORS 676.190(4)(i), requiring a “licensee to submit to random drug or alcohol testing in accordance with federal regulations” means licensees are selected for random testing by a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with licensees’ unique identification numbers or other comparable identifying numbers. Under the selection process used, each covered licensee shall have an equal chance of being tested each time selections are made, as described in 49 CFR § 199.105(c)(5)(2009). Random drug tests must be unannounced and the dates for administering

random tests must be spread reasonably throughout the calendar year, as described in 49 CFR § 199.105(c)(7)(2009).

(10) “Fitness to practice evaluation” means the process a qualified, independent third-party evaluator uses to determine if the licensee can safely perform the essential functions of the licensee’s health practice.

(11) “Independent third-party evaluator” means an individual who is approved by a licensee’s board to evaluate, diagnose, and offer treatment options for substance use disorders, mental health disorders, or co-occurring disorders.

(12) “Individual service record” means the official permanent program documentation, written or electronic, for each licensee, which contains all information required by these rules and maintained by the program to demonstrate compliance with these rules

(13) “Licensee” means a health professional who is licensed or certified by or registered with a board and the professional is receiving services in the program under these rules.

(14) “Mental health disorder” means a clinically significant behavioral or psychological syndrome or pattern that occurs in an individual and that is associated with present distress or disability or with a significantly increased risk of suffering death, pain, disability, or an important loss of freedom that is identified in the DSM. “Mental health disorder” includes gambling disorders.

(15) “Monitoring agreement” means an individualized agreement between a licensee and the vendor that meets the requirements for a diversion agreement set by ORS 676.190.

(16) “Monitoring Entity” means an independent third-party that monitors licensees’ program enrollment status and monitoring agreement compliance.

(17) “Non-treatment compliance monitoring” means the non-medical, non-therapeutic services employed by the vendor to track and report the licensee’s compliance with the monitoring agreement.

(18) “Peer” means another licensee currently enrolled in the program.

(19) “Provisional enrollment” means temporary enrollment, pending verification that a self-referred licensee meets all program eligibility criteria.

(20) “Self-referred licensee” means a licensee who seeks to participate in the program without a referral from the board.

(21) “Substance Use Disorders” means disorders related to the taking of a drug of abuse including alcohol, to the side effects of a medication, and to a toxin exposure. The disorders include substance use disorders such as substance dependence and substance abuse, and substance-induced disorders, including substance intoxication, withdrawal, delirium, and dementia, as well as substance induced psychotic disorder, mood disorder and other disorders, as defined in DSM criteria.

(22) “Substantial non-compliance” means that a licensee is in violation of the terms of his or her monitoring agreement in a way that gives rise to concerns about the licensee’s ability or willingness to participate in the program. Substantial non-compliance and non-compliance include, but are not limited to, the factors listed in ORS 676.190(1)(f). Conduct that occurred before a licensee entered into a monitoring agreement does not violate the terms of that monitoring agreement.

(23) “Successful completion” means that for the period of service deemed necessary by the vendor or by the licensee’s board by rule, the licensee has complied with the licensee’s monitoring agreement to the satisfaction of the program, and has met the terms of the fee agreement between the program and the licensee.

(24) “Toxicology testing” means urine testing or alternative chemical monitoring including but not limited to blood, saliva, or breath.

(25) “Treatment” means the planned, specific, individualized health and behavioral-health procedures, activities, services and supports that a treatment provider uses to remediate symptoms of a substance use disorder, mental health disorder or both types of disorders.

(26) “Vendor” means the entity that has contracted with the Division to conduct the program.

Clinical Council

(1) The Division, in collaboration with the boards, shall establish a Clinical Council that provides clinical guidance and advice to the vendor, in light of evidenced-based research and data about substance use disorders, mental health disorders or both types of disorders.

ADMINISTRATIVE RULES

(2) The Clinical Council shall consist of eight members. The Division shall appoint one member and the boards, in consultation with the Division, shall appoint seven members.

(3) The Clinical Council shall select a chairperson from among its members.

(4) To be eligible for appointment to the Clinical Council, an individual must be a resident of Oregon and must have expertise in the recognition, intervention, assessment and treatment of persons who have a substance use disorders, mental health disorders or both types of disorders.

(5) In recruiting and selecting members for the Clinical Council, the Division and the boards shall seek members who have expertise with a range of culturally appropriate treatment options for people with substance use disorders, mental health disorders or both types of disorders.

Record Maintenance and Disposition

(1) If the vendor discontinues operations, the vendor shall transfer the individual service records and the program service records to the Division.

(2) The Division shall identify a records administrator, who is responsible for:

(a) Assuring compliance with 42 CFR §2.19 and other applicable state and federal regulations;

(b) Keeping the transferred individual service records consistent with the applicable records retention schedule; and

(c) With a licensee's written consent, transferring individual service records to another vendor.

415-065-0035

Board Referrals

(1) A board that refers a licensee to the program must make the referral in writing. The referral must include:

(a) A copy of a report from an independent third-party evaluator who diagnosed the licensee with a substance use disorder, a mental health disorder or both types of disorder, stating the diagnosis and the applicable diagnostic code from the DSM;

(b) The treatment options developed by the independent third-party evaluator;

(c) A statement that the board has investigated the licensee's professional practice and has determined whether the licensee's professional practice, while impaired, presents or has presented a danger to the public;

(d) A description of any restrictions imposed by the board or recommended by the board on the licensee's professional practice;

(e) A statement that the licensee has agreed to report any arrest for or conviction of a misdemeanor or felony crime to the board within three business days after the licensee is arrested or convicted; and

(f) A written statement from the licensee agreeing to enter the program and agreeing to abide by all terms and conditions established by the vendor.

(2) A board-referred licensee is enrolled in the program effective on the date the licensee signs the consents and the monitoring agreement required by ORS 676.190.

(3) Upon the licensee's enrollment in the program, the vendor shall send to the monitoring entity a copy of the licensee's monitoring agreement and the consents required by ORS 676.190.

415-065-0040

Self-Referrals

(1) Provisional Enrollment. To be provisionally enrolled in the program, a self-referred licensee must:

(a) Sign a written consent allowing disclosure and exchange of information between the vendor, the monitoring entity, the licensee's employer, independent third-party evaluators, and treatment providers;

(b) Sign a written consent allowing disclosure and exchange of information between the vendor, the board, the monitoring entity, the licensee's employer, independent third-party evaluators and treatment providers in the event the vendor determines the licensee to be in substantial noncompliance with his or her monitoring agreement. The purpose of the disclosure is to permit the vendor and the monitoring entity to notify the board if the vendor determines the licensee to be in substantial non-compliance with his or her monitoring agreement;

(c) Sign a written statement that the licensee has agreed to report any arrest for or conviction of a misdemeanor or felony crime to the vendor within three business days after the licensee is arrested or convicted;

(d) Attest that the licensee is not, to the best of the licensee's knowledge, under investigation by his or her board; and

(e) Agree to and sign a monitoring agreement.

(2) Upon provisional enrollment, the vendor shall send to the monitoring entity copies of the signed consents and the monitoring agreement, described in section (1) of this rule.

(3) Enrollment: To move from provisional enrollment to enrollment in the program, a self-referred licensee must:

(a) Obtain at the licensee's own expense and provide to the vendor, an independent third-party evaluator's written evaluation containing a DSM diagnosis and diagnostic code and treatment recommendations;

(b) Agree to cooperate with the vendor's investigation to determine whether the licensee's practice while impaired presents or has presented a danger to the public; and

(c) Enter into an amended monitoring agreement, if required by the vendor.

(4) Once a self-referred licensee is provisionally enrolled in the program, failure to complete enrollment may constitute substantial non-compliance and may be reported to the board.

(5) Upon enrollment of a self-referred licensee, the vendor shall send to the monitoring entity a copy of the written evaluation by the independent third-party evaluator and a copy of the amended monitoring agreement, if any.

Licensee Responsibilities

(1) Board-referred licensees must:

(a) Comply continuously with his or her monitoring agreement, including any restrictions on his or her practice, for at least two years or longer, as specified by the board by rule or order; and

(b) Be responsible for the cost of evaluations, toxicology testing and treatment.

(2) Self-referred licensees must:

(a) Provide to the vendor a copy of a report of the licensee's criminal history periodically, as required by the vendor;

(b) Comply continuously with his or her monitoring agreement, including any restrictions on his or her practice, for at least two years or longer, as specified by the board by rule or order; and

(c) Be responsible for the cost of evaluations, toxicology testing and treatment.

ADMINISTRATIVE RULES

415-065-0050

Unique Identification Number

(1) The vendor shall assign a unique licensee identification number to each licensee the vendor enrolls in the program:

(a) The vendor, the monitoring entity, and the Division shall use the same number and shall include the number in any communications or data exchanges involving the licensee;

(b) The vendor shall not assign the identification number to any other licensee enrolled in the program;

(c) The vendor shall retire the number when the licensee is no longer enrolled in the program; and

(d) The vendor shall reassign the number to the licensee if the vendor reenrolls the licensee at a later date.

(2) The vendor may not use all or a portion of a licensee's social security number as the unique identification number.

415-065-0055

Program Requirements

The vendor shall:

(1) Inform the licensee about the program services, requirements, benefits, risks, and confidentiality limitations and ensure that the licensee has signed a consent for services. The consent for services explains:

(a) Information the vendor will give to the board or to the monitoring entity and under what circumstances;

(b) Information the monitoring entity will give to the board and under what circumstances; and

(c) That the board may take action to suspend, restrict, modify, or revoke the licensee's license or end the licensee's participation in the program based on information from the vendor or the monitoring entity.

(2) Enter into a monitoring agreement with the licensee;

(3) Assess the licensee's compliance with his or her monitoring agreement;

(4) Assess the ability of the licensee's employer, when an employer exists to supervise the licensee, and require the employer to establish minimum training requirements for the licensee's supervisor;

(5) Report the licensee's substantial noncompliance with his or her monitoring agreement to the monitoring entity within one business day after the vendor learns of any substantial noncompliance; and

(6) At least weekly, submit a list to the monitoring entity of licensees who are enrolled in the program and a list of licensees who successfully completed the program.

415-065-0060

Reports of Substantial Noncompliance

(1) Unless otherwise prohibited by law, when the vendor reports a licensee's substantial noncompliance to the monitoring entity, the report shall include:

(a) A description of the noncompliance;

(b) A copy of the report from the independent third-party evaluator who diagnosed the licensee stating the licensee's diagnosis;

(c) A copy of the licensee's monitoring agreement; and

(d) The licensee's practice or employment status.

(2) In addition to reporting substantial noncompliance to the monitoring entity, the vendor may report substantial noncompliance directly to the licensee's board.

(3) The vendor and the licensee's board may also exchange information in the absence of substantial noncompliance, consistent with the licensee's consent to disclose information.

(4) A positive toxicology result as determined by 49 CFR § 40.87 (2009) must be reported as substantial non-compliance, but positive toxicology results for other drugs and for alcohol may also constitute and may be reported as substantial non-compliance

415-065-0065

Program Services

The vendor shall provide the following services:

(1) Safe Practice Investigations of Self-referred Licensees:

(a) The vendor shall conduct a focused safe-practice investigation of a self-referred licensee to determine whether the licensee's practice while

impaired presents or has presented a danger to the public. The investigation may include vendor interviews with the licensee's employer, supervisor, co-workers, family, or significant others.

(b) The vendor shall complete the investigation within 10 business days of the licensee's provisional enrollment in the program.

(2) Monitoring Agreements:

(a) The vendor shall develop and the licensee shall sign an individualized, written monitoring agreement that is based on the vendor's comprehensive review of the independent third-party's evaluation and treatment recommendations and any other relevant and appropriate information, which may include information from employers, supervisors, co-workers, family, and significant others.

(b) The vendor shall amend the monitoring agreement as necessary to respond to changes in the licensee's situation, with the goal of protecting the public.

(c) The vendor shall give the licensee and their employer, when an employer exists, a copy of the licensee's monitoring agreement, including any amendments, and shall immediately place a copy of the monitoring agreement, including any amendments, in the licensee's individual service record.

(d) The monitoring agreement shall:

(A) Require the licensee to participate in the program for at least two years or longer, as specified by board rule or order;

(B) Require the licensee to participate in a treatment provider's treatment plan;

(C) Outline the limits on the licensee's health profession practice by the vendor and the board;

(D) Notify the licensee that the program, in its discretion, may require the licensee to obtain an evaluation of the licensee's fitness to practice before the program removes limits on the licensee's health profession practice;

(E) Outline methods for the licensee's employer to monitor and report on the licensee's safe practice;

(F) Based on the independent third-party evaluator's evaluation, require the licensee to abstain from all mind-altering or intoxicating substances or potentially addictive drugs, unless the program approves the licensee to use a particular drug prescribed for the licensee by a person authorized by law to prescribe for the licensee's documented medical condition;

(G) Require the licensee to report to the program the licensee's use of mind-altering or intoxicating substances or potentially addictive drugs within 24 hours of the licensee's use of the substances or drugs;

(H) Require the licensee to submit to random toxicology testing, per an individualized schedule;

(I) Require the licensee to report his or her arrest for or conviction of a misdemeanor or felony crime to the vendor within three business days if the licensee is arrested or convicted;

(J) Require the licensee to report to the vendor any of the licensee's applications for licensure in other states, changes in employment, changes in practice setting, and changes in residence;

(K) Require the licensee to report at least weekly to the program regarding the licensee's compliance with the agreement; and

(L) Require the licensee to attend compliance consultation group meetings on an individualized schedule based on the vendor's assessment of the licensee's need for additional accountability and structure and based on board's monitoring requirements.

(e) Boards may provide other requirements by rule, including allowing for practice supervision of sole practice licensees or other licensees not in an employment setting.

(3) Compliance Consultation Group Meetings. If required by a board's rules, a licensee identified by the board must attend compliance consultation group meetings. Any board-referred or self-referred licensee may elect to attend the meetings. There may be a fee for the meetings.

(a) The vendor shall conduct or arrange for non-treatment compliance consultation group meetings in which a monitoring consultant meets face-to-face, either directly or by televideo, with licensees identified by a board to determine the licensee's overall compliance with his or her monitoring agreement and for the licensee to gain peer support for his or her compliance efforts.

(b) A monitoring consultant shall conduct each compliance consultation group meeting.

(c) The monitoring consultants shall assess the licensee's progress with his or her monitoring agreement and provide holistic progress reports to the vendor regarding the licensee's status in relation to, but not limited to, his or her: compliance with the monitoring agreement, compliance with

ADMINISTRATIVE RULES

the treatment provider's treatment plan, recovery activities, emotional and physical health, work-place dynamics, and relationship and boundary concerns.

(d) The licensee's board may elect to pay for the licensee's participation in the compliance consultation group meetings or the board may require the licensee to pay for the service.

(4) Toxicology Testing. The vendor shall ensure that:

(a) The licensee receives a baseline toxicology test within five business days of the date the vendor enrolls the licensee in the program;

(b) The licensee receives a final toxicology test before the licensee is deemed to successfully complete the program;

(c) All monitoring agreements contain provisions requiring three types of toxicology testing:

(A) Testing customized to the licensee's circumstances, including where appropriate requiring expanded toxicology testing drug panels and long-acting alcohol consumption toxicology testing;

(B) Random testing; and

(C) Testing that is required when the vendor has reason to believe that the licensee may have used alcohol or other drugs in violation of the licensee's monitoring agreement.

(d) The vendor's toxicology testing laboratory is certified by the Substance Abuse and Mental Health Services Administration and accredited through the College of American Pathologists Forensic Drug Testing Accreditation Program.

(e) In addition, the laboratory shall perform testing in compliance with OAR 333-024-0305 through OAR 333-024-0350.

(f) Urinalysis specimens are collected in a way that preserves the integrity of the specimen. Unless otherwise provided by the licensee's board by rule, the person collecting the sample must be able to see the licensee void.

(g) If the vendor suspects that the licensee has used alcohol or other drugs in violation of the licensee's monitoring agreement or suspects that the licensee has attempted to provide a false or dilute urine sample, the licensee may be required to provide a directly observed urine specimen under the procedures described in 49 CFR 40.67(g) through (k), including:

(A) A person of the same gender as the licensee must ask the licensee to raise his or her shirt, blouse, or dress/skirt, as appropriate, above the waist, and lower clothing and underpants to demonstrate, by turning around, that the licensee does not have a prosthetic device to dispense urine; and

(B) A person of the same gender as the licensee must watch the urine go from the licensee's body into the specimen collection container.

415-065-0070

Monitoring Entity

(1) The monitoring entity shall perform its services in cooperation with the program, the Division, the boards and an independent party that will audit the monitoring entity to ensure compliance with program guidelines.

(2) Board referrals. When a board refers a licensee to the program, the monitoring entity shall:

(a) Compare the weekly lists of licensees submitted by the program; and

(b)(A) Report to the licensee's board when the monitoring entity receives information from the program that indicates that:

(B) A licensee is substantially noncompliant with the licensee's monitoring agreement or is no longer participating in the program, but has not successfully completed the program.

(3) Self-referred licensees. When a licensee is self-referred to the program, the monitoring entity:

(a) May not report to the board the licensee's enrollment, participation in the program or successful completion of the program;

(b) Shall compare the weekly lists of licensees submitted by the program; and

(c) Shall report to the licensee's board when the monitoring entity receives information that indicates that a licensee is substantially noncompliant with the licensee's monitoring agreement or is no longer participating in the program, but has not successfully completed the program.

(4) The monitoring entity's reports of licensee substantial non-compliance or failure to complete the program shall include:

(a) A description of the noncompliance;

(b) The independent third-party evaluator's DSM diagnosis and diagnostic code;

(c) A copy of the licensee's monitoring agreement; and

(d) A description of the licensee's employment status.

(5) The monitoring entity shall perform its services in compliance with applicable federal and state confidentiality laws and regulations.

Rule Caption: Standards for payments to Residential Programs.

Adm. Order No.: MHS 9-2010

Filed with Sec. of State: 6-30-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 5-1-2010

Rules Adopted: 309-011-0105, 309-011-0110, 309-011-0115

Subject: These all new rules prescribe standards for occupancy payments in residential facilities.

Rules Coordinator: Richard Luthe—(503) 947-1186

309-011-0105

Purpose

(1) The purpose of OAR 309-011-0105 to 309-011-0115 is to establish the standards by which the Addictions and Mental Health (AMH) Division and its designees approve payments to licensed residential programs, funded by the Division or its designee, for adult consumers of mental health services.

(2) OAR 309-011-0105 to 309-011-0115 will facilitate a system of residential services and supports driven by individual needs promoting recovery and wellness.

309-011-0110

Definitions

(1) "Adult" means a person 18 years of age or older, an emancipated minor and individuals in the Young Adults in Transition (YAT) programs as designated in contract.

(2) "Community Mental Health Program" (CMHP) means an entity that is responsible for planning and delivery of services for individuals with substance use disorders or mental health diagnoses, operated in a specific geographic area of the state under an intergovernmental agreement or direct contract with the Addictions and Mental Health Division.

(3) "Division" means the Addictions and Mental Health (AMH) Division of the Department.

(4) "Individual Services and Support Plan" (ISSP) means a comprehensive plan for services and supports coordinated for an individual and his or her family, as applicable, that is reflective of the assessment and the intended outcomes of services.

(5) "Occupied" means a specific individual is actively residing in a designated program living space and is receiving services as defined in OAR 309-016-0600 to OAR 309-016-0755.

(6) "Occupancy Rate" means the calculated minimum rate of occupancy in a residential program's Operating Budget that reflects the percentage of occupancy needed to meet expenses.

(7) "Operating Budget" means a division approved budget utilizing division prescribed forms for the purpose of setting rates in residential programs.

(8) "Population Designation" means any term used to describe an individual in terms of their legal status or other category, to include but not limited to those who are civilly committed, admitted voluntarily or under the jurisdiction of the Psychiatric Security Review Board (PSRB).

(9) "Provider" means an organizational entity, or qualified person who is contractually affiliated with a Community Mental Health Program (CMHP) or contracted directly with the Division for the delivery of mental health services to individuals.

(10) "Residential Program" means all licensed Secure Residential Treatment Facilities, Residential Treatment Facilities and Residential Treatment Homes funded by the Addictions and Mental Health (AMH) Division or its designee, to provide services for mental health individuals approved by the Division or its designee.

ADMINISTRATIVE RULES

(11) "Services" means those activities and treatments described in the Individual Services and Support Plan (ISSP) that are intended to assist the individual to transition to recovery from a substance use disorder, problem gambling disorder or mental health condition.

(12) "Supervision" means the observation and monitoring of individuals by program staff, at intervals necessary in order to maintain safety and an awareness of the individual's personal interaction and use of time.

(13) "Vacancy Rate" means the vacancy percentage calculated in a residential program's Operating Budget that reflects the vacant days available per month without impact on funding.

(14) "Wellness" means an approach to healthcare and lifestyle that emphasizes optimal and holistic physical and mental health and which encourages optimal quality of life while preventing illness and prolonging life.

Stat. Auth.: ORS 409.010, 409.050 & 443.450

309-011-0115

Provider Compensation

(1) Residential program providers will be compensated for services as defined in OAR 309-016-0600 to 309-016-0755.

(2) Only one provider may be compensated for each day. Individuals absent from the residential program on activities under the supervision of the program staff shall be considered as occupying their designated living space.

(3) The Division may make a Reserved Service Capacity Payment due to an acute care/respite admission or based on an Order of Revocation issued by the Psychiatric Security Review Board. In order to receive such funding the provider must:

(a) Notify the Division within 48 hours by submitting a Reserved Service Capacity Payment form via email to: car.amh@state.or.us. The Division will approve/deny the request within 2 business days of receiving the request.

(b) Receive approval from the Division prior to receiving such payment.

(c) For payment request, submit a contract amendment request and the approved Reserved Service Capacity Payment Request Form with the Client Status portion completed, at the end of each approval period.

(d) Use policies, procedures and forms prescribed by the Division for the notification and request for payment.

(4) All residential program living spaces funded by the Division or its designee will be available to any consumer approved by the Division or its designee without regard to their population designation or County of Responsibility.

407-045-0260

Definitions

As used in OAR 407-045-0250 to 407-045-0370, the following definitions apply:

(1) "Abuse of an adult with developmental disabilities" means:

(a) "Abandonment" including desertion or willful forsaking by a person who has assumed responsibility for providing care, when that desertion or forsaking results in harm or places the adult at risk of serious harm.

(b) Death of an adult caused by other than accidental or natural means or occurring in unusual circumstances.

(c) "Financial exploitation" including:

(A) Wrongfully taking the assets, funds, or property belonging to or intended for the use of an adult.

(B) Alarming an adult by conveying a threat to wrongfully take or appropriate money or property of the adult if the adult would reasonably believe that the threat conveyed would be carried out.

(C) Misappropriating, misusing, or transferring without authorization any money from any account held jointly or singly by an adult.

(D) Failing to use the income or assets of an adult effectively for the support and maintenance of the adult. "Effectively" means use of income or assets for the benefit of the adult.

(d) "Involuntary seclusion" means the involuntary seclusion of an adult for the convenience of a caregiver or to discipline the adult. Involuntary seclusion may include placing restrictions on an adult's freedom of movement by restriction to his or her room or a specific area, or restriction from access to ordinarily accessible areas of the facility, residence, or program, unless agreed to by the Individual Support Plan (ISP) team included in an approved Behavior Support Plan (BSP) or included in a brokerage plan's specialized support. Restriction may be permitted on an emergency or short term basis when an adult's presence would pose a risk to health or safety.

(e) "Neglect" including:

(A) Active or passive failure to provide the care, supervision, or services necessary to maintain the physical and mental health of an adult that creates a risk of significant harm or results in actual harm to an adult. Services include but are not limited to the provision of food, clothing, medicine, housing, medical services, assistance with bathing or personal hygiene, or any other services essential to the well-being of the adult

(B) Failure of a caregiver to make a reasonable effort to protect an adult from abuse.

(f) "Physical abuse" means:

(A) Any physical injury by other than accidental means or that appears to be at variance with the explanation given for the injury.

(B) Willful infliction of physical pain or injury.

(C) Physical abuse is presumed to cause physical injury, including pain, to adults otherwise incapable of expressing pain.

(g) "Sexual abuse" including:

(A) Sexual contact with a nonconsenting adult or with an adult considered incapable of consenting to a sexual act under ORS 163.315.

(B) Sexual harassment, sexual exploitation, or inappropriate exposure to sexually explicit material or language including requests for sexual

ADMINISTRATIVE RULES

favours. Sexual harassment or exploitation includes but is not limited to any sexual contact or failure to discourage sexual contact between an employee of a community facility or community program, provider, or other caregiver and an adult. For situations other than those involving an employee, provider, or other caregiver and an adult, sexual harassment or exploitation means unwelcome physical sexual contact and other physical conduct directed toward an adult.

(C) Any sexual contact between an employee of a facility or paid caregiver and an adult served by the facility or caregiver. Sexual abuse does not mean consensual sexual contact between an adult and a paid caregiver who is the spouse or partner of the adult.

(D) Any sexual contact that is achieved through force, trickery, threat, or coercion.

(E) Any sexual contact between an adult with a developmental disability and a relative of the person with a developmental disability other than a spouse or partner. "Relative" means a parent, grandparent, children, brother, sister, uncle, aunt, niece, nephew, half brother, half sister, stepparent, or stepchild.

(F) As defined in ORS 163.305, "sexual contact" means any touching of the sexual or other intimate parts of a person or causing such person to touch the sexual or other intimate parts of the actor for the purpose of arousing or gratifying the sexual desire of either party.

(h) "Wrongful restraint" means:

(A) A wrongful use of a physical or chemical restraint, excluding an act of restraint prescribed by a licensed physician, by any adult support team approved plan, or in connection with a court order.

(B) "Wrongful restraint" does not include physical emergency restraint to prevent immediate injury to an adult who is in danger of physically harming himself or herself or others, provided only that the degree of force reasonably necessary for protection is used for the least amount of time necessary.

(i) "Verbal abuse" includes threatening significant physical harm or causing emotional harm to an adult through the use of:

(A) Derogatory or inappropriate names, insults, verbal assaults, profanity, or ridicule.

(B) Harassment, coercion, punishment, deprivation, threats, implied threats, intimidation, humiliation, mental cruelty, or inappropriate sexual comments.

(C) A threat to withhold services or supports, including an implied or direct threat of termination of services. "Services" include but are not limited to the provision of food, clothing, medicine, housing, medical services, assistance with bathing or personal hygiene, or any other services essential to the well-being of an adult.

(D) For purposes of this section, verbal conduct includes but is not limited to the use of oral, written, or gestured communication that is directed to an adult or within their hearing distance, or sight if gestured, regardless of their ability to comprehend. In this circumstance the assessment of the conduct is based on a reasonable person standard.

(E) The emotional harm that can result from verbal abuse may include but is not limited to anguish, distress, or fear.

(j) An adult who in good faith is voluntarily under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner shall for this reason alone not be considered subjected to abuse.

(2) "Abuse of an adult with mental illness" means:

(a) Death of an adult caused by other than accidental or natural means or occurring in unusual circumstances.

(b) "Neglect" including:

(A) Active or passive failure to provide the care, supervision, or services necessary to maintain the physical and mental health of an adult that results in actual harm or significant mental injury to an adult. "Services" include but are not limited to the provision of food, clothing, medicine, housing, medical services, assistance with bathing or personal hygiene, or any other services essential to the well-being of the adult.

(B) Failure of a caregiver to make a reasonable effort to protect an adult from abuse.

(c) "Physical abuse" means:

(A) Any physical injury by other than accidental means or that appears to be at variance with the explanation given for the injury.

(B) Willful infliction of physical pain or injury.

(C) Physical abuse is presumed to cause physical injury, including pain, to adults otherwise incapable of expressing pain.

(d) "Sexual abuse" including:

(A) Sexual contact with a nonconsenting adult or with an adult considered incapable of consenting to a sexual act under ORS 163.315.

(B) Sexual harassment, sexual exploitation, or inappropriate exposure to sexually explicit material or language including requests for sexual favours. Sexual harassment or exploitation includes but is not limited to any sexual contact or failure to discourage sexual contact between an employee of a community facility or community program, provider, or other caregiver and an adult. For situations other than those involving an employee, provider, or other caregiver and an adult, sexual harassment or exploitation means unwelcome physical sexual contact including requests for sexual favours and other physical conduct directed toward an adult.

(C) Any sexual contact between an employee of a facility or paid caregiver and an adult served by the facility or caregiver. Sexual abuse does not mean consensual sexual contact between an adult and a paid caregiver who is the spouse or partner of the adult.

(D) Any sexual contact that is achieved through force, trickery, threat, or coercion.

(E) As defined in ORS 163.305, "sexual contact" means any touching of sexual or other intimate parts of a person or causing such person to touch sexual or other intimate parts of the actor for the purpose of arousing or gratifying the sexual desire of either party.

(e) For the purpose of section (2) of this rule, the following definitions apply:

(A) "Employee" means an individual who provides a program service or who takes part in a program service and who receives wages, a salary, or is otherwise paid by the program for providing the service.

(B) "Program staff" means an employee or individual who, by contract with the program, provides a service and who has the applicable competencies, qualifications, and certification, required by the Integrated Services and Supports Rule (ISSR) (OAR 309-032-1500 to 309-032-1565) to provide the service.

(C) "Provider" means a qualified individual or an organizational entity operated by or contractually affiliated with a community mental health program, or contracted directly with the Department of Human Services' (Department) Addictions and Mental Health Division (AMH) for the direct delivery of mental health services and supports.

(D) "Volunteer" means an individual who provides a program service or who takes part in a program service and who is not an employee of the program and is not paid for services. The services must be non-clinical unless the individual has the required credentials to provide a clinical service.

(E) In addition to the definitions of abuse in section (2)(a) through (d), abuse also has the following meanings for employees, program staff, providers, and volunteers:

(i) "Abandonment" including desertion or willful forsaking by an individual who has assumed responsibility for providing care when the desertion or forsaking results in harm or places the adult at a risk of serious harm.

(ii) "Financial exploitation" including:

(I) Wrongfully taking the assets, funds, or property belonging to or intended for the use of an adult.

(II) Alarming an adult by conveying a threat to wrongfully take or appropriate money or property of the adult if the adult would reasonably believe that the threat conveyed would be carried out.

(III) Misappropriating, misusing, or transferring without authorization any money from any account held jointly or singly by an adult.

(IV) Failing to use the income or assets of an adult effectively for the support and maintenance of the adult. "Effectively" means use of income or assets for the benefit of the adult.

(iii) "Involuntary Seclusion" means the involuntary seclusion of an adult for the convenience of a caregiver or to discipline the adult. Involuntary seclusion may include placing restrictions on an adult's freedom of movement by restriction to his or her room or a specific area or restriction from access to ordinarily accessible areas of the facility, residence, or program unless agreed to by the treatment plan. Restriction may be permitted on an emergency or short term basis when an adult's presence would pose a risk to health or safety.

(iv) "Neglect" including active or passive failure to provide the care, supervision, or services necessary to maintain the physical and mental health of an adult that creates a significant risk of harm to an adult or results in actual harm or significant mental injury to an adult. Services include but are not limited to the provision of food, clothing, medicine, housing, medical services, assistance with bathing or personal hygiene, or any other services essential to the well-being of the adult.

(v) "Verbal abuse" includes threatening significant physical harm or causing emotional harm to an adult through the use of:

ADMINISTRATIVE RULES

(I) Derogatory or inappropriate names, insults, verbal assaults, profanity, or ridicule.

(II) Harassment, coercion, punishment, deprivation, threats, implied threats, intimidation, humiliation, mental cruelty, or inappropriate sexual comments.

(III) A threat to withhold services or supports, including an implied or direct threat of termination of services. "Services" include but are not limited to the provision of food, clothing, medicine, housing, medical services, assistance with bathing or personal hygiene, or any other services essential to the well-being of an adult.

(IV) For purposes of this section, verbal conduct includes but is not limited to the use of oral, written, or gestured communication that is directed to an adult or within their hearing distance or sight, regardless of their ability to comprehend. In this circumstance the assessment of the conduct is based on a reasonable person standard.

(V) The emotional harm that can result from verbal abuse may include but is not limited to anguish, distress, or fear.

(vi) "Wrongful restraint" means:

(I) A wrongful use of a physical or chemical restraint excluding an act of restraint prescribed by a licensed physician pursuant to OAR 309-033-0730.

(II) Abuse does not include physical emergency restraint to prevent immediate injury to an adult who is in danger of physically harming himself or herself or others, provided that only the degree of force reasonably necessary for protection is used for the least amount of time necessary.

(f) An adult who in good faith is voluntarily under treatment solely by spiritual means through prayer in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner shall for this reason alone not be considered subjected to abuse.

(3) "Abuse Investigation and Protective Services Report" means a completed report.

(4) "Adult" means an adult who is 18 years of age or older who:

(a) Has a developmental disability and is currently receiving services from a community program or facility or was previously determined eligible for services as an adult by a community program or facility; or

(b) Has a mental illness and is receiving services from a community program or facility.

(c) Receives services from a community program or facility or care provider which is licensed or certified by or contracts with the Department; and

(d) Is the alleged abuse victim.

(5) "Adult protective services" means the necessary actions taken to prevent abuse or exploitation of an adult, to prevent self-destructive acts, and to safeguard an allegedly abused adult's person, property, or funds.

(6) "Brokerage" or "Support service brokerage" means an entity, or distinct operating unit within an existing entity, that performs the functions listed in OAR 411-340-0120(1)(a) to (g) associated with planning for and implementation of support services for an adult with developmental disabilities.

(7) "Caregiver" means an individual or facility that has assumed responsibility for all or a portion of the care of an adult as a result of a contract or agreement.

(8) "Community facility" means a community residential treatment home or facility, community residential facility, adult foster home, community residential training home or facility, or a facility approved by AMH for acute care services or crisis respite.

(9) "Community program" means the community mental health or developmental disabilities program as established in ORS 430.610 to 430.695.

(10) "Designee" means the community program.

(11) "Department" means the Department of Human Services.

(12) "Inconclusive" means there is insufficient evidence to conclude the alleged abuse occurred or did not occur by a preponderance of the evidence. The inconclusive determination may be used only in the following circumstances:

(a) After diligent efforts have been made, the protective services investigator is unable to locate the person alleged to have committed the abuse, or cannot locate the alleged victim or another individual who might have information critical to the investigation; or

(b) Relevant records or documents are unavailable, or there is conflicting or inconsistent information from witnesses, documents, or records with the result that after the investigation is complete, there is insufficient evidence to support a substantiated or not substantiated conclusion.

(13) "Law enforcement agency" means any city or municipal police department, county sheriff's office, the Oregon State Police, or any district attorney.

(14) "Mandatory reporter" means any public or private official who, while acting in an official capacity, comes in contact with and has reasonable cause to believe that an adult has suffered abuse, or that any individual with whom the official comes in contact while acting in an official capacity has abused an adult. Pursuant to ORS 430.765(2), psychiatrists, psychologists, clergy, and attorneys are not mandatory reporters with regard to information received through communications that are privileged under ORS 40.225 to 20.295.

(15) "Not substantiated" means the preponderance of evidence establishes the alleged abuse did not occur.

(16) "OIT" means the Department's Office of Investigations and Training.

(17) "Provider agency" means an entity licensed or certified to provide services, or which is responsible for the management of services to clients.

(18) "Public or private official" means:

(a) Physician, naturopathic physician, osteopathic physician, psychologist, chiropractor, or podiatrist, including any intern or resident;

(b) Licensed practical nurse, registered nurse, nurse's aide, home health aide, or employee of an in-home health services organization;

(c) Employee of the Department, county health department, community mental health or developmental disabilities program, or private agency contracting with a public body to provide any community mental health services;

(d) Peace officer;

(e) Member of the clergy;

(f) Licensed clinical social worker;

(g) Physical, speech, or occupational therapist;

(h) Information and referral, outreach, or crisis worker;

(i) Attorney;

(j) Firefighter or emergency medical technician; or

(k) Any public official who comes in contact with adults in the performance of the official's duties.

(19) "Substantiated" means that the preponderance of evidence establishes the abuse occurred.

(20) "Unbiased investigation" means an investigation that is conducted by a community program that does not have an actual or potential conflict of interest with the outcome of the investigation.

Training for Adults Investigating Reports of Alleged Abuse

(1) The Department shall provide sufficient and timely training and consultation to community programs to ensure that the community program is able to conduct a thorough and unbiased investigation and reach a conclusion about the abuse. Training shall include initial and continuing education of any individual designated to conduct protective services investigations.

(2) The training shall address the cultural and social diversity of the State of Oregon.

407-045-0290

General Duties of the Community Program and Initial Action on Report of Alleged Abuse

(1) For the purpose of carrying out these rules, community programs are Department designees.

(2) If mandatory reporters have reasonable cause to believe abuse has occurred, the reporter must report the abuse to the community program and to a local law enforcement agency when the reporter believes a crime may have been committed.

(3) Each community program shall designate at least one employee to conduct protective services investigations. Community programs shall require their designated protective services investigators to participate in training and to demonstrate an understanding of investigative core competencies.

ADMINISTRATIVE RULES

(4) If the Department or community program has reasonable cause to believe abuse occurred, it must immediately notify the appropriate public licensing or certifying agency and provide a copy of the abuse investigation and completed protective services report.

(5) If the Department or community program has reasonable cause to believe that an individual licensed or certified by any state agency to provide care has committed abuse, it must immediately notify the appropriate state licensing or certifying agency and provide that agency with a copy of the abuse investigation and completed protective services report.

(6) The Department or community program may share information prior to the completion of the abuse investigation and protective services report if the information is necessary for:

- (a) The provision of protective services; or
- (b) The function of licensing and certifying agencies or law enforcement agencies.

(7) Each community program must establish an after hours reporting system.

(8) Upon receipt of any report of alleged abuse or upon receipt of a report of a death that may have been caused by other than accidental or natural means, the community program must begin:

(a) Investigation into the nature and cause of the alleged abuse within one working day of receipt of the report to determine if abuse occurred or whether a death was caused by abuse;

- (b) Assessment of the need for protective services; and
- (c) Provision of protective services, if protective services are needed.

(9) The community program receiving a report alleging abuse must document the information required by ORS 430.743(1) and any additional reported information. The community program must attempt to elicit the following information from the individual making a report:

- (a) The name, age, and present location of the adult;
- (b) The names and addresses of the adult's programs or facilities responsible for the adult's care;

(c) The nature and extent of the alleged abuse, including any evidence of previous abuse of the adult or evidence of previous abuse by the person alleged to have committed the abuse;

(d) Any information that led the individual making the report to suspect abuse had occurred;

(e) Any information that the individual believes might be helpful in establishing the cause of the abuse and the identity of the person alleged to have committed the abuse; and

- (f) The date of the incident.

(10) The community program shall maintain all reports of abuse in a confidential location.

(11) If there is reason to believe a crime has been committed, the community program must contact the law enforcement agency with jurisdiction in the county where the report is made.

(12) If there is reasonable cause to believe that abuse has occurred, the community program must determine if the adult is in danger or in need of immediate protective services and shall provide those services immediately. Under these circumstances, the community program must also advise the provider agency, brokerage, or guardian about the allegation, and must include any information appropriate or necessary for the health, safety, and best interests of the adult in need of protection.

(13) The community program shall immediately, but no later than one working day, notify the Department it has received a report of abuse, in the format provided by the Department.

(14) If the community program determines from the report that there is no reasonable cause to believe abuse occurred, the community program shall notify the provider agency or brokerage within five working days that a protective services investigation shall not commence and explain the reasons for that decision. The community program shall document the notice and maintain a record of all notices.

(15) If the community program determines that a report will be assigned for investigation, the community program must notify the provider agency, brokerage, guardian, and any other individual with responsibility for providing services and protection, unless doing so would compromise the safety, health, or best interests of the adult in need of protection, or would compromise the integrity of the abuse investigation or a criminal investigation. The notice shall include information that the case shall be assigned for investigation, identify the investigator, and provide information regarding how the assigned investigator may be contacted. The notice must be provided within five working days from the date the report was received.

(16) The community program or law enforcement agency shall notify the appropriate medical examiner in cases where the community program

or law enforcement agency finds reasonable cause to believe that an adult has died as a result of abuse or where the death occurred under suspicious or unknown circumstances.

Stat. Authority: ORS 179.040 & 409.050

Stats. Implemented: ORS 430.735-430.765, 443.400-443.460, 443.705-443.825

Investigation of Alleged Abuse

(1) Investigation of abuse shall be thorough and unbiased. Community programs may not investigate allegations of abuse made against employees of the community program. Investigations of community program staff shall be conducted by the Department or other community programs not subject to an actual or potential conflict of interest.

(2) In conducting an abuse investigation, the investigator must:

- (a) Make in-person contact with the adult;
- (b) Interview the adult, witnesses, the person alleged to have committed the abuse, and other individuals who may have knowledge of the facts of the abuse allegation or related circumstances. Interviews must be conducted in-person where practicable. The investigator must attempt to elicit the date of birth for each individual interviewed and shall obtain the date of birth of any person alleged to have committed the alleged abuse;
- (c) Review all evidence relevant and material to the complaint; and
- (d) Photograph the adult consistent with forensic guidelines, or arrange for the adult to be photographed, to preserve evidence of the alleged abuse and of the adult's physical condition at the time of investigation, unless the adult knowingly refuses.

(3) All records necessary for the investigation shall be available to the community program for inspection and copying. A community facility shall provide community programs access to employees, the adult, and the premises for investigation purposes.

(4) When a law enforcement agency is conducting a criminal investigation of the alleged abuse, the community program shall also perform its own investigation as long as it does not interfere with the law enforcement agency investigation under the following circumstances:

- (a) There is potential for action by a licensing or certifying agency;
- (b) Timely investigation by law enforcement is not probable; or
- (c) The law enforcement agency does not complete a criminal investigation.

(5) When a law enforcement agency is conducting an investigation of the alleged abuse, the community program must communicate and cooperate with the law enforcement agency.

Assessment for and Provision of Protective Services to the Adult

The community program shall ensure that appropriate and necessary protective services are provided to the adult to prevent further abuse and must be undertaken in a manner that is least intrusive to the adult and provide for the greatest degree of independence available within existing resources. Assessment for the provision of protective services may include:

- (1) Arranging for the immediate protection of the adult;
- (2) Contacting the adult to assess his or her ability to protect his or her own interest or give informed consent;
- (3) Determining the ability of the adult to understand the nature of the protective service and his or her willingness to accept services;
- (4) Coordinating evaluations to determine or verify the adult's physical and mental status, if necessary;
- (5) Assisting in and arranging for appropriate services and alternative living arrangements;
- (6) Assisting in or arranging the medical, legal, financial, or other necessary services to prevent further abuse;
- (7) Providing advocacy to assure the adult's rights and entitlements are protected; and

(8) Consulting with the community facility, program, brokerage, or others as appropriate in developing recommendations or requirements to prevent further abuse.

Stat. Authority: ORS 179.040 & 409.050

Abuse Investigation and Protective Services Report

(1) The Department shall provide abuse investigation and protective services report formats.

(2) Upon completion of the investigation and within 45 calendar days of the date the community program determines a report alleging abuse shall be assigned for investigation, the community programs shall prepare an abuse investigation and protective services report. This 45-day time period does not include an additional five-working day period allowing OIT to review and approve the report. The protective services report shall include:

(a) A statement of the allegations being investigated, including the date, location, and time;

(b) A list of protective services provided to the adult;

(c) An outline of steps taken in the investigation, a list of all witnesses interviewed, and a summary of the information provided by each witness;

(d) A summary of findings and conclusion concerning the allegation of abuse;

(e) A specific finding of “substantiated,” “inconclusive,” or “not substantiated”;

(f) A plan of action necessary to prevent further abuse of the adult;

(g) Any additional corrective action required by the community program and deadlines for completing these actions;

(h) A list of any notices made to licensing or certifying agencies;

(i) The name and title of the individual completing the report; and

(j) The date the report is written.

(3) In cases where, for good cause shown, the protective services investigator cannot complete the report within 45 days, the investigator shall submit a request for time extension to OIT.

(a) An extension may be granted for good cause shown which includes but is not limited to:

(A) When law enforcement is conducting an investigation;

(B) A material party or witness is temporarily unavailable;

(C) New evidence is discovered;

(D) The investigation is complex (e.g. large numbers of witnesses need to be interviewed taking into account scheduling difficulties and limitations, consultation with experts, or a detailed review of records over an extended period of time is required); or

(E) For some other mitigating reason.

(b) When granting an extension, OIT shall consult with the program about the need for an extension and determine the length of the extension as necessary.

(c) The community program shall notify the provider agency, brokerage, and guardian when an extension is granted and advise them of the new report due date.

(4) A copy of the final abuse investigation and protective services report shall be provided to the Department within five working days of the report’s completion and approval by OIT.

(5) The community program must provide notice of the outcome of the investigation, or assure that notice is provided to the alleged victim, guardian, provider agency and brokerage, accused person, and to any law enforcement agency which previously received notice of the initial report. Notice of outcome shall be provided to a reporter upon the reporter’s request. Notice of outcome must be made within five working days after the date the case is completed and approved by OIT. The community program must document how the notice was provided.

(6) A centralized record of all abuse investigation and protective services reports shall be maintained by community programs for all abuse investigations conducted in their county, and by the Department for all abuse investigations in the state.

Disclosure of the Abuse Investigation and Protective Services Report and Related Documents

(1) Portions of the abuse investigation and protective services report and underlying investigatory documents are confidential and are not available for public inspection. Pursuant to ORS 430.763, names of abuse reporters, witnesses, and the alleged abuse victim are confidential and shall

not be available for public inspection. Investigatory documents, including portions of the abuse investigation and protective services report that contains “individually identifiable health information,” as that term is defined under ORS 192.519 and 45 CFR 160.103, are confidential under federal Health Insurance Portability and Accountability Act (HIPAA) privacy rules, 45 CFR Parts 160 and 164, and ORS 192.520 and 179.505-179.509.

(2) Notwithstanding section (1) of this rule, the Department shall make confidential information available, including any photographs if appropriate, to any law enforcement agency, public agency that licenses or certifies facilities or licenses or certifies the individuals practicing therein, and any public agency providing protective services for the adult. The Department shall make the protective services report and underlying investigatory materials available to any private agency providing protective services for the adult and to the protection and advocacy system designated pursuant to ORS 192.517(1).

(3) Individuals or entities receiving confidential information pursuant to this rule shall maintain the confidentiality of the information and shall not redisclose the confidential information to unauthorized individuals or entities, as required by state or federal law.

(4) The community program shall prepare a redacted version of the final completed abuse investigation report within 10 days after the date of the final report. The redacted report shall not contain any confidential information which is prohibited from disclosure pursuant to state or federal law. The redacted report shall be submitted to the provider agency and brokerage.

(5) The community program shall provide a redacted version of the written report to the public for inspection upon written request.

(6) When the abuse investigation and protective services report is conducted by a community program as the Department’s designee, the protective services investigation may be disclosed pursuant to this rule either by the community program or the Department.

Prohibition Against Retaliation

(1) A community facility, community program, or individual shall not retaliate against any individual who reports suspected abuse in good faith, including the adult.

(2) Any community facility, community program, or individual that retaliates against any individual because of a report of suspected abuse shall be liable, according to ORS 430.755, in a private action to that individual for actual damages and, in addition, a civil penalty up to \$1,000, notwithstanding any other remedy provided by law.

(3) Any adverse action creates a presumption of retaliation if taken within 90 days of a report of abuse. For purposes of this subsection, “adverse action” means any action taken by a community facility, community program, or individual involved in a report against the individual making the report or against the adult because of the report and includes but is not limited to:

(a) Discharge or transfer from the community facility, except for clinical reasons;

(b) Termination of employment;

(c) Demotion or reduction in remuneration for services; or

(d) Restriction or prohibition of access to the community facility or its residents.

(4) Adverse action may also be evidence of retaliation after 90 days even though the presumption no longer applies.

407-045-0350

Immunity of Individuals Making Reports in Good Faith

(1) Any individual who makes a good faith report and who had reasonable grounds for making the report shall have immunity from civil liability with respect to having made the report.

(2) The reporter shall have the same immunity in any judicial proceeding resulting from the report as may be available in that proceeding.

(3) An individual who has personal knowledge that an employee or former employee of the adult was found to have committed abuse is

ADMINISTRATIVE RULES

immune from civil liability for the disclosure to a prospective employer of the employee of known facts concerning the abuse.

Department Investigation of Alleged Abuse

(1) If determined necessary or appropriate, the Department may conduct an investigation rather than allow the community program to investigate the alleged abuse or in addition to the investigation by the community program. Under such circumstances, the community program must receive authorization from the Department before conducting any separate investigation.

(2) The community program shall make all records necessary for the investigation available to the Department for inspection and copying. The community facilities and community programs must provide the Department access to employees, the adult, and the premises for investigation purposes.

407-045-0370

County Multidisciplinary Teams

(1) The community program must participate in its county Multidisciplinary Team (MDT) to coordinate and collaborate on protective services for the abuse of adults with developmental disabilities or mental illness or both.

(2) All confidential information protected by state and federal law that is shared or obtained by MDT members in the exercise of their duties on the MDT is confidential and may not be further disclosed except as permitted by law.

(3) The community program or OIT shall provide an annual report to the MDT reporting the number of investigated and substantiated allegations of abuse of adults and the number referred to law enforcement in the county.

Rule Caption: Abuse Reporting and Protective Services in Children's Care Provider (CCP) Settings.

Adm. Order No.: DHSD 5-2010

Filed with Sec. of State: 6-30-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 6-1-2010

Rules Amended: 407-045-0800, 407-045-0810, 407-045-0820, 407-045-0830, 407-045-0850, 407-045-0860, 407-045-0870, 407-045-0880, 407-045-0890, 407-045-0900, 407-045-0910, 407-045-0920, 407-045-0930, 407-045-0940, 407-045-0950, 407-045-0960, 407-045-0970, 407-045-0980

Subject: These rules are being amended to provide additional clarification for definitions; to provide for a right of review for provider agencies substantiated for abuse, to permit accused persons to have peer support during abuse investigation interviews, to clarify the time frame for completion of abuse investigations, and to describe the membership on the substantiation review panel.

Rules Coordinator: Jennifer Bittel—(503) 947-5250

407-045-0800

Scope

These rules (OAR 407-045-0800 to 407-045-0980) prescribe standards and procedures for investigating, assessing, and providing protective services in certain therapeutic or treatment programs, when abuse or neglect of a child is reported to have occurred. Specifically, these rules govern children's residential care agencies, day treatment programs, therapeutic boarding schools, foster care agencies, and outdoor youth programs (hereafter, "children's care providers" or "CCPs"). These rules also set forth the nature and content of the abuse investigation, the protective services report, and review rights and procedure.

407-045-0810

General Policy and Applicability

(1) Every child deserves safe, respectful, and dignified treatment provided in a caring environment. All CCPs governed by these rules, and their staff, shall conduct themselves in such a manner that children are free from abuse.

(2) In these rules, the term "abuse" is defined in some detail because of the unique vulnerabilities of children served by CCPs and the nature of the settings where abuse may occur. All forms of abuse are prohibited. CCPs and their staff must always be aware of the potential for abuse in interactions with children.

(3) These rules govern reports of abuse or neglect in which the CCP, or its staff, is reported to be responsible. All such reports shall be investigated by the Department of Human Services's (Department) Office of Investigations and Training (OIT).

(4) OIT shall evaluate each case based on available facts and on the individual circumstances of the child, including the child's particular vulnerabilities.

(5) Nothing in these rules relieves any mandatory reporter, including a CCP, from reporting abuse or neglect alleged to have been caused by other individuals, including but not limited to family members. Those reports shall continue to be investigated by the Department's Children, Adults and Families Division (CAF) or by law enforcement.

Stat. Auth.: ORS 409.050, 418.005 & 418.189

407-045-0820

Definitions

The following definitions apply to OAR 407-045-0800 through 407-045-0980:

(1) "Abuse" includes but is not limited to:

(a) Any assault, as defined in ORS Chapter 163, of a child and any physical injury to a child which has been caused by other than accidental means, including any injury which appears to be at variance with the explanation given of the injury.

(b) Any mental injury to a child, which shall include only observable and substantial impairment of the child's mental or psychological ability to function caused by cruelty to the child, with due regard to the culture of the child.

(c) Rape of a child, which includes but is not limited to rape, sodomy, unlawful sexual penetration, and incest, as defined in ORS chapter 163.

(d) Sexual abuse, as defined in ORS Chapter 163.

(e) Sexual exploitation which includes but is not limited to:

(A) Contributing to the sexual delinquency of a minor, as defined in ORS chapter 163, and any other conduct which allows, employs, authorizes, permits, induces, or encourages a child to engage in the performing for people to observe or the photographing, filming, tape recording, or other exhibition which, in whole or in part, depicts sexual conduct or contact, as defined in ORS 167.002 or described in ORS 163.665 and 163.670;

(B) Sexual abuse involving a child or rape of a child, but not including any conduct which is part of any investigation conducted pursuant to ORS 419B.020 or which is designed to serve educational or other legitimate purposes; or

(C) Allowing, permitting, encouraging, or hiring a child to engage in prostitution, as defined in ORS chapter 167.

(f) Negligent treatment or maltreatment of a child which includes but is not limited to failure to provide adequate food, clothing, shelter, or medical care that is likely to endanger the child's health or welfare.

(g) Threatened harm to a child, which means subjecting a child to a substantial risk of harm to the child's health or welfare.

(h) Buying or selling an individual under 18 years of age, as described in ORS 163.537.

(i) Permitting an individual under 18 years of age to enter or remain in or upon premises where methamphetamines are being manufactured.

(j) Unlawful exposure to a controlled substance, as defined in ORS 475.005, that subjects a child to a substantial risk of harm to the child's health or safety.

(2) "Child" means an unmarried individual under 18 years of age.

(3) "Children's care provider (CCP)" means a licensed residential care agency, day treatment program, foster care agency, therapeutic boarding school, or outdoor youth program that has assumed responsibility for all

ADMINISTRATIVE RULES

or a portion of the care of a child. The term includes the CCP's employees, agents, contractors and their employees, and volunteers.

(4) "Day treatment program" means a licensed CCP that provides day treatment services.

(5) "Day treatment services" means comprehensive, interdisciplinary, nonresidential, community based, psychiatric treatment, family treatment, and therapeutic activities integrated with an accredited education program provided to children with emotional disturbances.

(6) "Department" means the Department of Human Services.

(7) "Designated medical professional" means a medical professional as defined in ORS 418.747 who has been trained to conduct child abuse medical assessments pursuant to ORS 418.782.

(8) "Foster care agency" means a licensed child-caring agency that offers to place children by taking physical custody of and then placing the children in homes certified by that agency.

(9) "Inconclusive" means a preponderance of evidence is not available to determine whether the alleged abuse did or did not occur. Evidence may be inconclusive because relevant witnesses, documents, or records are unavailable, or because there is conflicting or inconsistent information from witnesses, documents, or records, with the result that at the conclusion of the investigation there is insufficient evidence to support a "substantiated" or a "not substantiated" conclusion.

(10) "Legal finding" means a court or administrative finding, judgment, order, stipulation, plea, or verdict that determines who was responsible for the child abuse that is the subject of an OIT substantiation.

(11) "Likely to endanger the health or welfare of the child" means negligent treatment or maltreatment that is likely to result in harm to the child, based on the available facts, and on the individual child's particular physical, emotional, behavioral, or mental health needs, circumstances, or vulnerabilities.

(12) "Maltreatment" means any action toward a child which carries a risk of harm to the child's physical, emotional, behavioral, or mental health or welfare. Examples of staff behaviors that must be reported as potential abuse by maltreatment include but are not limited to the willful infliction of pain or injury (e.g. hitting, kicking, pushing, arm twisting, head twisting, etc.); exposure to domestic violence; inappropriate or excessive force during a containment hold or restraint; or other physical contact with the child inconsistent with prescribed treatment or care. All injuries during a restraint or hold must be reported, including minor injuries. Other behaviors that must be reported include the use of derogatory names, phrases, profanity, ridicule, harassment, intimidation, or coercion. While such behaviors do not automatically mean abuse has occurred, such actions may be abuse if the investigation determines the actions were likely to endanger the child's health or welfare.

(13) "Mandatory reporter" means an individual or entity having a duty to report as defined in ORS 419B.005 to 419B.050.

(14) "Negligent treatment" means failure to perform duties or failure to take action required to protect the child's health or welfare. Examples of staff behaviors that must be reported as potential abuse by negligent treatment include but are not limited to failure to supervise a child or failure to intervene when a child needs assistance or care. While such failures do not automatically mean abuse has occurred, such actions may be abuse if the investigation determines the failures were likely to endanger the child's health or welfare.

(15) "Not substantiated" means the allegation is unfounded because the investigator concludes there is no reasonable cause to believe abuse occurred based on the available evidence.

(16) "OIT" means the Department's Office of Investigations and Training.

(17) "OIT investigator" means an employee of the Department's OIT who is authorized and trained to investigate reports of child abuse or neglect under these rules.

(18) "OIT Substantiation Review Committee (OSRC)" means a group of three Department employees selected by the Department's Deputy Director or designee, none of whom was involved in any part of the investigation that resulted in the OIT substantiation under review. The committee must consist of Department employees who are knowledgeable about the dynamics of child abuse and neglect, including the assessment or investigation of child abuse and neglect, and Department employees with knowledge of abuse investigations, especially where abuse is alleged to have occurred in out-of-home settings.

(19) "Outdoor youth program" means a licensed program that provides, in an outdoor living setting, services to youth who are enrolled in the program because they have behavioral or mental problems, or problems with abuse of alcohol or drugs. "Outdoor youth program" does not include

any program, facility, or activity operated by a governmental entity, operated or affiliated with the Oregon Youth Conservation Corps, or licensed by the Department as a child-caring agency under other Department authority. It does not include outdoor activities for youth designed to be primarily recreational such as YMCA, Outward Bound, Boy Scouts, Girl Scouts, Campfire, church groups, or other similar activities.

(20) "Person" means the person OIT has reasonable cause to believe is responsible for child abuse in a substantiated OIT report, and about whom a substantiated finding has been made.

(21) "Protective action" means a set of services or activities undertaken to address and meet a child's safety needs after a report of abuse has been received by OIT.

(22) "Residential care agency" means a licensed child-caring agency that provides services to children 24 hours a day.

(23) "Substantiated" means that a preponderance of evidence establishes the alleged abuse occurred.

(24) "Suspicious physical injury" is defined in ORS 419B.005 and includes but is not limited to burns or scalds; extensive bruising or abrasions on any part of the body; bruising, swelling, or abrasions on the head, neck, or face; fractures of any bone in a child under the age of three; multiple fractures in a child of any age; dislocations, soft tissue swelling, or moderate to severe cuts; loss of the ability to walk or move normally according to the child's developmental ability; unconsciousness or difficulty maintaining consciousness; multiple injuries of different types; injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ; or any other injury that threatens the physical well-being of the child.

(25) "Therapeutic boarding school" means a licensed organization or a program in an organization that:

- (a) Is primarily a school and not a residential care agency;
- (b) Provides educational services and care to children 24 hours a day; and

(c) Holds itself out as serving children with emotional or behavioral problems, providing therapeutic services, or ensuring that children receive therapeutic services.

407-045-0850

Responsibilities of the CCP

(1) CCPs and their staff are mandatory reporters governed by ORS 419B.005 to 419B.050. Mandatory reporters must immediately report when they have reasonable cause to believe any child with whom they have come in contact has suffered abuse or that any person with whom they have come in contact has abused a child. For purposes of reporting, the belief need only be a reasonable suspicion, and does not need to rise to the level of probable cause. All reports must be made verbally or in writing to the Department or to a law enforcement agency within the county where the individual making the report is located at the time of the contact.

(2) Concurrent with reporting the suspected abuse or neglect of a child, CCPs shall immediately assess the safety of the child and take any action necessary to remove the child from danger and keep the child safe. CCPs shall cooperate with OIT in establishing a safety plan for the child who is the subject of the report, and for other children who may be at risk of abuse or neglect. In establishing a safety plan, CCPs may not take any actions beyond determining:

- (a) Whether the alleged victim is in danger or in need of immediate protective services, in light of the nature of the report; and
- (b) Whether any immediate personnel action needs to be taken.

(c) When taking protective action as described in section (2) above, the CCP may not conduct an internal investigation without prior authorization from OIT. For purposes of this section, a prohibited internal investigation includes:

ADMINISTRATIVE RULES

(A) Interviews with the alleged victim, witnesses, the accused person, or any other individual or witness who may have knowledge of the facts of the abuse allegation or related circumstances that include questions beyond those necessary for immediate protection of the child or other children; or

(B) Review of relevant evidence, other than the initial report or other documents necessary for immediate protection of the child or other children.

(3) CCPs shall document all reports of suspected abuse or neglect of a child including, to the extent possible, the following information:

- (a) The name, age, and present location of the child;
- (b) The names and addresses of individuals, programs, or facilities responsible for the child's care;
- (c) The nature and extent of the alleged abuse;
- (d) Any information that led the individual making the report to suspect abuse had occurred;
- (e) Any information that the individual believes might aid in establishing the cause of the abuse and the identity of the individual alleged to be responsible for the abuse; and
- (f) The date of the incident.

(4) Every CCP shall cooperate fully with OIT under these rules. Cooperation includes but is not limited to:

- (a) Providing the investigator with access to the child, the facility, and to all potential witnesses; and
- (b) Producing all records and reports requested, including but not limited to medical, psychiatric and psychological records and reports, and individual service or behavioral support plans for the child.

Stat. Auth.: ORS 409.050 & 418.005

Stats. Implemented: ORS 419B.010-419B.015

Hist.: DHSD 12-2007(Temp), f. & cert. ef.12-3-07 thru 5-30-08; DHSD 4-2008, f. & cert. ef. 5-30-08; DHSD 5-2010, f. 6-30-10, cert. ef. 7-1-10

407-045-0860

Responsibilities of the Office of Investigations and Training

(1) When OIT receives a report of abuse, OIT shall notify a law enforcement agency within the county where the report was made. If the abuse is reported to have occurred in a different county, OIT must also cross-report to the law enforcement agency in the county where the reported abuse occurred.

(2) OIT shall cross-report to law enforcement on the same day the OIT screener determines the report requires an immediate or a 24-hour response.

(a) Required same day cross-reports include but are not limited to reports of moderate to severe physical abuse, visible injuries to a child, sexual abuse, or the suspicious or unexpected death of a child. Same day reports may be cross-reported verbally, by electronic transmission, or by hand delivery.

(b) When a cross-report is verbal and OIT and law enforcement do not respond to the report together, OIT must send a completed screening report to law enforcement.

(3) All other reports, including those investigated at screening but closed, must be cross-reported to law enforcement no later than ten days after the Department receives the report. The cross-report may be made by electronic transmission, hand delivery, or regular mail.

(4) When OIT receives a report of alleged abuse or neglect, OIT shall notify the child's parent or legal guardian that an allegation has been made, unless notice is prohibited by law or court order or would compromise the child's safety or a criminal investigation. If the child is in the legal custody of the Department, OIT shall notify the child's assigned Department caseworker, if notice has not already been provided. If the child has been placed at the CCP through the Oregon Youth Authority (OYA), OIT shall notify OYA. If OIT has reason to believe the child is an Indian child, OIT shall notify the tribe within 24 hours from the time the report was received by the Department. In cases in which OIT finds reasonable cause to believe that a child has died as a result of abuse or where the death occurred under suspicious or unknown circumstances, OIT shall notify the appropriate law enforcement agency.

407-045-0870

Office of Investigations and Training Screening Decision Time Frames

(1) When the information received constitutes a report of abuse in which a child may be unsafe, OIT shall interview the child, conduct a site visit, or coordinate with CCP staff to assure that the child is safe within 24 hours after the report is received. If OIT plans to interview the child, OIT

must notify the child's parent or legal guardian, unless notification is prohibited by law or court order or would compromise the child's safety or a criminal investigation.

(2) When it has not been reported that the child is unsafe and there are no other indicators the child is unsafe, OIT may decide to open the case for investigation or to close it at screening. OIT must make the decision to open or close the case within five calendar days from the date the report is received by the Department. The OIT screener may request approval for an extension of time beyond five days if extenuating circumstances exist. Extensions may only be granted by the OIT Director or the Director's designee.

(3) OIT shall screen all reports to identify the nature and cause of the reported abuse.

(a) In all cases, the screener shall evaluate whether the child is safe or unsafe, assess the need for protective action, request that protective action be taken and necessary services provided, and assess the need for further investigation.

(b) In conducting the screening process, OIT may:

(A) Coordinate in-person or by telephone with any CCP staff authorized to take protective action on behalf of the child;

(B) Conduct a site visit at the CCP;

(C) Interview the child or other witnesses;

(i) Prior to interviewing a child victim or child witness, OIT shall give notice of its intent to interview to the child's legal guardian, unless notice is prohibited by law or court order, or would compromise the child's safety or a criminal investigation.

(ii) If OIT determines contact with the child should occur at the child's school, OIT shall comply with the requirements of ORS 419B.045.

(D) Gather and secure physical evidence as necessary;

(E) Take photographs of the child and obtain a medical assessment, as necessary, consistent with OAR 407-045-0880(2)(d) and (e) of this rule;

(F) Take photographs of the facility as necessary or appropriate; and

(G) Receive, review, or copy records pertaining to the child or the incident, including but not limited to incident reports, evaluations, treatment or support plans, treatment notes or progress records, or other documents concerning the welfare of the child.

(4) If OIT decides the information received does not constitute a report of child abuse or neglect as defined in these rules, the report shall be closed at screening. If the report is closed at screening, the screener shall document the information supporting the decision to close. If the child is in the legal custody of the Department, OIT shall notify the child's assigned caseworker of the decision to close the case. If the child has been placed in the CCP by OYA, OIT shall notify OYA. OIT shall notify the CCP and the individual who made the report that the report has been closed. All notices of the decision to close shall be made within three days of the decision.

(5) If, after screening, OIT determines that the information constitutes a report of child abuse or neglect under these rules, it shall open the case for investigation. If OIT decides to investigate, OIT shall immediately notify the child's legal guardian, unless notification is prohibited by law or by court order, or could compromise the child's safety or a criminal investigation. OIT shall also notify the child's caseworker if the child is in the legal custody of the Department and shall notify OYA or the child's tribe, as applicable.

(6) Whenever an OIT investigator takes photographs of physical injuries to a child who is in the custody of the Department, the investigator shall promptly forward copies of the photographs to the CAF caseworker assigned to the child. When conducting screenings or investigations in foster home settings, the investigator shall ascertain whether any other children living in the foster home are in the custody of the Department and if so, shall notify each child's caseworker that a report of abuse or neglect in the foster home is being investigated or screened, and the nature of the investigation.

OIT Investigative Process in Cases Opened for Investigation

(1) OIT shall conduct thorough and unbiased investigations of abuse allegations.

(2) In conducting abuse investigations, the OIT investigator shall:

(a) Make in-person contact with the child;

(b) Interview the child, any witnesses, the accused person, and other individuals who may have knowledge of the facts of the abuse allegation or related circumstances;

ADMINISTRATIVE RULES

(c) Review all relevant and material evidence;

(d) Take photographs as appropriate or necessary. If the investigator observes a child who has suffered a suspicious physical injury and the investigator has a reasonable suspicion that the injury may be the result of abuse, the investigator must immediately photograph or have photographed the suspicious physical injury, pursuant to ORS 418.747; and

(e) If the investigator observes a child who has suffered a suspicious physical injury and the investigator has a reasonable suspicion that the injury may be the result of abuse, the investigator must, pursuant to ORS 418.747, ensure that a designated medical professional conducts a medical assessment within 48 hours of the observation, or sooner if dictated by the child's medical needs. If a designated medical professional is not available, the investigator must ensure that an available physician conducts the medical assessment. The investigator must document the efforts made to locate the designated medical professional.

(3) A person accused of abuse may have a peer consultant present during the OIT interview. Any individual providing peer support shall be obligated to maintain the confidentiality of information declared to be confidential under state or federal law. Peer supporters shall not be involved in the investigation as witnesses or potential witnesses. CCP certification or human resources staff shall not serve as peer supporters. An accused person wishing to have a peer supporter present during the interview shall notify the OIT investigator in advance of the scheduled interview and shall provide the investigator with the peer's name and job title.

(4) When a law enforcement agency is conducting an investigation of the alleged abuse, the OIT investigator shall cooperate with the law enforcement agency. When a law enforcement agency is conducting a criminal investigation of the alleged abuse, OIT may also conduct its own investigation, as long as it does not interfere with the law enforcement agency investigation, when:

- (a) There is potential for action by a licensing agency;
- (b) Timely investigation by law enforcement is not likely; or
- (c) When the law enforcement agency does not complete a criminal investigation.

(5) During the investigation, if the investigator knows or has reason to believe the child is an Indian child, the investigator must give notice to the child's tribe within 24 hours that an investigation is being conducted, if the tribe has not already been notified.

407-045-0890

Abuse Investigation and Protective Services Report

(1) When the investigation is complete, OIT shall issue a final decision stating whether the allegation is substantiated, not substantiated, or inconclusive, and shall prepare a written report which must include:

(a) A description of the allegation being investigated, including the date, location and time;

(b) An outline of steps taken in the investigation, a list of all witnesses interviewed, and a summary of the information provided by each witness;

(c) A summary of findings and conclusion concerning the allegation of abuse;

(d) A specific finding of substantiated, not substantiated, or inconclusive;

(e) A list of protective services provided to the child at the date of the report;

(f) A plan of action necessary to prevent further abuse of the child;

(g) Any additional corrective action required by the CCP and deadlines for completing the action;

(h) A list of any notices made to licensing or certifying agencies; and

(i) The name and title of the individual completing the report.

(2) The report must be completed within 30 business days from the date the case was opened for investigation. The OIT Director or designee may authorize an extension of time for good cause shown.

(3) The report and underlying investigatory documents are confidential and not available for public inspection. Except as provided in ORS 419B.035, names of witnesses and the alleged abuse victim are confidential unless the provisions of ORS 419B.035(1)(h) and (2)(a) apply. The names and identifying information about a reporter are confidential and may not be disclosed. Investigatory documents, including portions of the abuse investigation and protective services report that contain "individually identifiable health information," as that term is defined in ORS 192.519 and 45 CFR 160.103, are confidential under HIPAA privacy rules, 45 CFR Part 160

and 164, and ORS 192.520 and 179.505 to 179.509. Disclosure of substance abuse treatment records are governed by 42 U.S.C. 290dd-2 and 42 CFR Part 2. The Department shall make otherwise confidential records available to individuals identified in ORS 419B.035(1), and may release records if permitted by ORS 419B.035(3) and other federal and state confidentiality laws.

(4) Except as provided in section (3) of this rule, the Department shall make the confidential information, including any photographs, available, if appropriate, to any law enforcement agency, to any public agency that licenses or certifies facilities, and to any public agency providing protective services for the child.

(5) Subject to ORS 419B.035(3), the Department may make the protective services report or relevant materials, in redacted form, available to the CCP, any public agency that licenses or certifies the individuals working in a CCP, or to any person who was alleged to have abused or neglected the child. The Department may not disclose confidential information which is prohibited by state or federal law.

(6) Individuals or entities receiving confidential information pursuant to this rule shall maintain the confidentiality of the information and may not re-disclose the confidential information to unauthorized individuals or entities, if disclosure is prohibited by state or federal law.

Right to Request Review of a Substantiated Finding of Abuse

(1) When OIT has substantiated that abuse of a child has occurred, the person against whom the finding has been made, or a CCP against whom the finding has been made, has the right to request an administrative review of the OIT decision following the procedure set forth in OAR 407-045-0940.

(2) When OIT issues a substantiated abuse report, OIT shall also include written notice of the right to request an administrative review.

Providing Notice of an OIT Substantiation

OIT must deliver a notice of an OIT substantiation of abuse or neglect to the person identified as the person substantiated in the OIT report or to a substantiated CCP. The notice must be delivered:

(1) By certified mail, restricted delivery, return receipt requested to the last known address of the person or CCP; or

(2) By hand delivery to the person or CCP. If hand delivered, the notice must be addressed to the person or to the OIT contact on record for a CCP and a copy of the notice must be signed and dated by the person or CCP representative acknowledging receipt and also signed by the person delivering the notice.

407-045-0920

Claim of Lack of Notice

(1) If a person or CCP believes they are entitled to a notice of OIT substantiation but has not received one, the person or CCP may contact OIT to inquire about a review of the disposition.

(2) OIT must determine whether a notice of OIT substantiation was delivered to the person or CCP or if the person or CCP refused delivery of the notice, as evidenced by the returned receipt.

(3) If a notice was delivered to the person or CCP or if the person or CCP refused delivery of the notice, as evidenced by a returned receipt, and the time for requesting review has expired, OIT must:

(a) Prepare and deliver a notice of waived rights for review; or

(b) Inform the person or CCP by telephone of the information required in the notice of waived rights for review. OIT must document the telephone call.

(4) If no return receipt exists or if it appears that notice was not properly provided, OIT must deliver a notice of OIT substantiation as provided in these rules.

ADMINISTRATIVE RULES

407-045-0930

Information Included in the Notice of an OIT Substantiation

The notice of an OIT substantiation must include the following:

- (1) The case number assigned to the investigation that resulted in the OIT substantiation;
- (2) The full name of the person or CCP who has been identified as responsible for the child abuse as recorded in the OIT report;
- (3) A statement that the OIT investigation resulted in a substantiation, including a description of the type of child abuse or neglect identified;
- (4) A description of the OIT investigation, including a summary of findings and conclusions;
- (5) A statement that the person or CCP has a right to request a review;
- (6) Instructions for making a request for review, including the requirement that the person or CCP provide a full explanation why the person believes the OIT substantiation is wrong;
- (7) A statement that the Department may not review an OIT substantiation if a legal proceeding is pending and that the person or CCP may request a review within 30 calendar days of the resolution of the pending legal proceeding unless the proceeding results in a legal finding that is consistent with the OIT substantiation;
- (8) A statement that the person waives the right to request a review if the request for review is not received by OIT within 30 calendar days from the date of the notice of OIT substantiation, as documented by a returned receipt.
- (9) A statement that the OSRC shall consider relevant documentary information, including the OIT report and accompanying exhibits, and information submitted with the request for review by the person or CCP requesting review.
- (10) A statement that the OSRC may not re-interview the victim; interview or meet with the person or CCP, with others associated with the person or CCP, or with others mentioned in the report; or conduct a field assessment of the allegation of child abuse; and

(11) A statement that OIT shall send the person or CCP a notice of OSRC decision within 60 calendar days of receiving a request for review.

407-045-0940

Requesting Review of an OIT Substantiation

A person or CCP requesting a review must use information contained in the notice of OIT substantiation to prepare a written request for review. The written request for review must be received by OIT within 30 calendar days of the receipt of the notice of OIT substantiation. If the request is submitted by mail, it must be postmarked within 30 calendar days. The request must include the following:

- (1) Date the request for review is written;
- (2) Case number found on the notice of OIT substantiation;
- (3) Full name of the person or CCP;
- (4) The person's or CCP's current name (if it has changed from the name noted in section (3) of this rule);
- (5) A full explanation, responsive to the information provided in the Department's notice, explaining why the person or CCP believes the OIT substantiation is wrong and any additional information and documents the person or CCP wants considered during the review;
- (6) The person's or CCP's current street address and telephone number; and
- (7) The person's signature or the signature of a CCP employee authorized to sign on behalf of the organization.

407-045-0950

When Legal Findings Precludes Right to Request a Review and Providing Notice of Legal Proceeding

- (1) If OIT has knowledge of a pending legal proceeding, the OSRC may not review the disposition until the legal proceeding is completed.
- (2) If OIT has knowledge of a pending legal proceeding, OIT must prepare and deliver a notice of legal proceeding within 30 calendar days after receipt of a request for review informing the person or CCP that the Department may not review the substantiation until the legal proceeding is completed and may not take further action on the request.
- (3) If the completed legal proceeding results in a legal finding consistent with the OIT substantiation, the Department may not conduct a review.

In that case, OIT shall provide a notice of legal finding to the person or CCP.

(4) If the completed legal proceeding results in a legal finding which is inconsistent with the OIT substantiation, the person or CCP may, at the conclusion of the legal proceeding, re-submit a request for review within 30 calendar days from the date of resolution of legal proceeding.

407-045-0960

OIT Responsibilities Related to Notices and Reviews

(1) If a person or CCP asks to review Department records for the purpose of reviewing an OIT substantiation, state and federal confidentiality laws, including OAR 413-010-0000 to 413-010-0075 and 413-350-0000 to 413-350-0090, govern the inspection and copying of records.

(2) OIT must maintain records to demonstrate the following, when applicable:

- (a) Whether the Department delivered a notice of OIT substantiation;
 - (b) Whether the notice of OIT substantiation was received by the addressee, as evidenced by a returned receipt documenting that the notice was received, refused, or not received; and
 - (c) The date a request for review was received by OIT.
- (3) The OIT Director or designee must maintain a comprehensive record of completed OIT substantiation reviews.

407-045-0970

OSRC Review

(1) The OSRC shall conduct a review and issue a notice of OSRC decision within 60 calendar days from the date OIT receives a request for review.

(2) The OSRC shall operate as follows:

(a) The OSRC shall consider relevant documentary information contained in the OIT investigation file, investigative report and exhibits, and information provided by the person.

(b) The OSRC may not re-interview the victim; interview or meet with the person or CCP staff, with others associated with the person or CCP, or with others mentioned in the report; or conduct a field assessment of the allegation of child abuse or neglect.

(c) All OSRC decisions must be decided by majority vote of the three participating committee members, all of whom must be present.

(d) The OSRC shall make a determination as to:

(A) Whether there is reasonable cause to believe that child abuse or neglect occurred; and

(B) Whether there is reasonable cause to believe that the person or CCP is responsible for the child abuse or neglect.

(e) The OSRC shall decide to either uphold the OIT substantiation, or change that conclusion to not substantiated or inconclusive.

(3) Within 60 calendar days from the date the OSRC receives the request for review, the OSRC shall prepare and send to the requestor by certified mail or restricted delivery, with return receipt requested, a notice of OSRC decision that includes the following:

(a) Whether there is reasonable cause to believe that child abuse occurred;

(b) Whether there is reasonable cause to believe that the person or CCP was responsible for the child abuse;

(c) Whether the OSRC is changing the OIT substantiation;

(d) If the OIT substantiation is changed, whether the changed conclusion is being changed to "not substantiated" or "inconclusive;" and

(e) A summary of the information used by the OSRC and its reasoning in reaching its decision.

(4) OSRC shall send the notice of OSRC decision to the person or CCP, CAF, the OIT investigator who conducted the investigation, applicable public agencies, other entities or individuals who received notice of the original substantiation, and the OIT Director.

Certified to be Effective: 7-12-10 thru 1-8-11

Notice Publication Date:

Rules Amended: 407-045-0820

Subject: This rule is being temporarily amended to correct a scrivener's error in the definition of the term "Not Substantiated" in OAR 407-045-0820(15). The current rule (effective 7/1/10) states the standard of evidence as no reasonable cause to believe abuse occurred based on the available evidence. The correct legal standard is a preponderance of the evidence establishes the alleged abuse did not occur.

Temporary rules are available on the DHS website: <http://www.oregon.gov/DHS/admin/dwssrules/index.shtml>

For hardcopy requests, call: (503) 947-5250.

Rules Coordinator: Jennifer Bittel—(503) 947-5250

407-045-0820

Definitions

The following definitions apply to OAR 407-045-0800 through 407-045-0980:

(1) "Abuse" includes but is not limited to:

(a) Any assault, as defined in ORS chapter 163, of a child and any physical injury to a child which has been caused by other than accidental means, including any injury which appears to be at variance with the explanation given of the injury.

(b) Any mental injury to a child, which shall include only observable and substantial impairment of the child's mental or psychological ability to function caused by cruelty to the child, with due regard to the culture of the child.

(c) Rape of a child, which includes but is not limited to rape, sodomy, unlawful sexual penetration, and incest, as defined in ORS chapter 163.

(d) Sexual abuse, as defined in ORS chapter 163.

(e) Sexual exploitation which includes but is not limited to:

(A) Contributing to the sexual delinquency of a minor, as defined in ORS chapter 163, and any other conduct which allows, employs, authorizes, permits, induces, or encourages a child to engage in the performing for people to observe or the photographing, filming, tape recording, or other exhibition which, in whole or in part, depicts sexual conduct or contact, as defined in ORS 167.002 or described in ORS 163.665 and 163.670;

(B) Sexual abuse involving a child or rape of a child, but not including any conduct which is part of any investigation conducted pursuant to ORS 419B.020 or which is designed to serve educational or other legitimate purposes; or

(C) Allowing, permitting, encouraging, or hiring a child to engage in prostitution, as defined in ORS chapter 167.

(f) Negligent treatment or maltreatment of a child which includes but is not limited to failure to provide adequate food, clothing, shelter, or medical care that is likely to endanger the child's health or welfare.

(g) Threatened harm to a child, which means subjecting a child to a substantial risk of harm to the child's health or welfare.

(h) Buying or selling an individual under 18 years of age, as described in ORS 163.537.

(i) Permitting an individual under 18 years of age to enter or remain in or upon premises where methamphetamines are being manufactured.

(j) Unlawful exposure to a controlled substance, as defined in ORS 475.005, that subjects a child to a substantial risk of harm to the child's health or safety.

(2) "Child" means an unmarried individual under 18 years of age.

(3) "Children's care provider (CCP)" means a licensed residential care agency, day treatment program, foster care agency, therapeutic boarding school, or outdoor youth program that has assumed responsibility for all

or a portion of the care of a child. The term includes the CCP's employees, agents, contractors and their employees, and volunteers.

(4) "Day treatment program" means a licensed CCP that provides day treatment services.

(5) "Day treatment services" means comprehensive, interdisciplinary, nonresidential, community based, psychiatric treatment, family treatment, and therapeutic activities integrated with an accredited education program provided to children with emotional disturbances.

(6) "Department" means the Department of Human Services.

(7) "Designated medical professional" means a medical professional as defined in ORS 418.747 who has been trained to conduct child abuse medical assessments pursuant to ORS 418.782.

(8) "Foster care agency" means a licensed child-caring agency that offers to place children by taking physical custody of and then placing the children in homes certified by that agency.

(9) "Inconclusive" means a preponderance of evidence is not available to determine whether the alleged abuse did or did not occur. Evidence may be inconclusive because relevant witnesses, documents, or records are unavailable, or because there is conflicting or inconsistent information from witnesses, documents, or records, with the result that at the conclusion of the investigation there is insufficient evidence to support a "substantiated" or a "not substantiated" conclusion.

(10) "Legal finding" means a court or administrative finding, judgment, order, stipulation, plea, or verdict that determines who was responsible for the child abuse that is the subject of an OIT substantiation.

(11) "Likely to endanger the health or welfare of the child" means negligent treatment or maltreatment that is likely to result in harm to the child, based on the available facts, and on the individual child's particular physical, emotional, behavioral, or mental health needs, circumstances, or vulnerabilities.

(12) "Maltreatment" means any action toward a child which carries a risk of harm to the child's physical, emotional, behavioral, or mental health or welfare. Examples of staff behaviors that must be reported as potential abuse by maltreatment include but are not limited to the willful infliction of pain or injury (e.g. hitting, kicking, pushing, arm twisting, head twisting, etc.); exposure to domestic violence; inappropriate or excessive force during a containment hold or restraint; or other physical contact with the child inconsistent with prescribed treatment or care. All injuries during a restraint or hold must be reported, including minor injuries. Other behaviors that must be reported include the use of derogatory names, phrases, profanity, ridicule, harassment, intimidation, or coercion. While such behaviors do not automatically mean abuse has occurred, such actions may be abuse if the investigation determines the actions were likely to endanger the child's health or welfare.

(13) "Mandatory reporter" means an individual or entity having a duty to report as defined in ORS 419B.005 to 419B.050.

(14) "Negligent treatment" means failure to perform duties or failure to take action required to protect the child's health or welfare. Examples of staff behaviors that must be reported as potential abuse by negligent treatment include but are not limited to failure to supervise a child or failure to intervene when a child needs assistance or care. While such failures do not automatically mean abuse has occurred, such actions may be abuse if the investigation determines the failures were likely to endanger the child's health or welfare.

(15) "Not substantiated" means the preponderance of evidence establishes the alleged abuse did not occur.

(16) "OIT" means the Department's Office of Investigations and Training.

(17) "OIT investigator" means an employee of the Department's OIT who is authorized and trained to investigate reports of child abuse or neglect under these rules.

(18) "OIT Substantiation Review Committee (OSRC)" means a group of three Department employees selected by the Department's Deputy Director or designee, none of whom was involved in any part of the investigation that resulted in the OIT substantiation under review. The committee must consist of Department employees who are knowledgeable about the dynamics of child abuse and neglect, including the assessment or investigation of child abuse and neglect, and Department employees with knowledge of abuse investigations, especially where abuse is alleged to have occurred in out-of-home settings.

(19) "Outdoor youth program" means a licensed program that provides, in an outdoor living setting, services to youth who are enrolled in the program because they have behavioral or mental problems, or problems with abuse of alcohol or drugs. "Outdoor youth program" does not include any program, facility, or activity operated by a governmental entity, operat-

ADMINISTRATIVE RULES

ed or affiliated with the Oregon Youth Conservation Corps, or licensed by the Department as a child-caring agency under other Department authority. It does not include outdoor activities for youth designed to be primarily recreational such as YMCA, Outward Bound, Boy Scouts, Girl Scouts, Campfire, church groups, or other similar activities.

(20) "Person" means the person OIT has reasonable cause to believe is responsible for child abuse in a substantiated OIT report, and about whom a substantiated finding has been made.

(21) "Protective action" means a set of services or activities undertaken to address and meet a child's safety needs after a report of abuse has been received by OIT.

(22) "Residential care agency" means a licensed child-caring agency that provides services to children 24 hours a day.

(23) "Substantiated" means that a preponderance of evidence establishes the alleged abuse occurred.

(24) "Suspicious physical injury" is defined in ORS 419B.005 and includes but is not limited to burns or scalds; extensive bruising or abrasions on any part of the body; bruising, swelling, or abrasions on the head, neck, or face; fractures of any bone in a child under the age of three; multiple fractures in a child of any age; dislocations, soft tissue swelling, or moderate to severe cuts; loss of the ability to walk or move normally according to the child's developmental ability; unconsciousness or difficulty maintaining consciousness; multiple injuries of different types; injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ; or any other injury that threatens the physical well-being of the child.

(25) "Therapeutic boarding school" means a licensed organization or a program in an organization that:

- (a) Is primarily a school and not a residential care agency;
- (b) Provides educational services and care to children 24 hours a day;

and

(c) Holds itself out as serving children with emotional or behavioral problems, providing therapeutic services, or ensuring that children receive therapeutic services.

Filed with Sec. of State: 6-30-2010

Certified to be Effective: 6-30-10

Notice Publication Date: 4-1-2010

Rules Amended: 413-070-0400, 413-070-0410, 413-070-0430, 413-070-0450, 413-070-0470, 413-070-0480, 413-070-0490

Rules Repealed: 413-070-0440

Subject: OAR 413-070-0400 about the purpose of the Department's rules (OAR 413-070-0400 to 413-070-0490) regarding the prescribing and administering of psychotropic medications to a child or young adult placed with a substitute caregiver; OAR 413-070-0410 about the definitions used in the Department's rules regarding the prescribing and administering of psychotropic medications to a child or young adult placed with a substitute caregiver; OAR 413-070-0430 about the Department's retention of the medical and mental health records of children and young adults in substitute care, the types of consents and notifications required before a new psychotropic medication prescription can be filled, the assessment required before administering of a new psychotropic medication prescription, and the circumstances under which the Department conducts reviews of psychotropic medication administration; OAR 413-070-0450 about when the Department must disclose to parents the medical or mental health care obtained by a child 14 years of age or older or a young adult; OAR 413-070-0470 about the responsibilities, including notification and record keeping requirements, of the substitute caregiver when a child or young adult obtains, fills, or is administered a psychotropic medication; OAR 413-070-0480 about

the requirements that apply to Department notices concerning a child or young adult's psychotropic medications, including when notice is required, timing, and to whom notice must be provided; and OAR 413-070-0490 about the content requirements for a notice provided under OAR 413-070-0480 are being amended; and OAR 413-070-0440 about who could authorize the administration of a psychotropic medication prescription in an emergency situation is being repealed in response to recent legislation (HB 3114 (2009)) to clarify the Department's rules regarding the prescribing and administering of psychotropic medications to a child or young adult placed with a substitute caregiver (OAR 413-070-0400 to 413-070-0490), accurately reflect Department policy, include the definitions for key terms used in these rules, and reflect current Department terminology.

Rules Coordinator: Annette Tesch—(503) 945-6067

413-070-0400

Purpose

These rules, OAR 413-070-0400 to 413-070-0490, describe the responsibilities of the substitute caregiver and the Department when a child or young adult placed in substitute care by the Department is prescribed or administered psychotropic medication.

Stat. Auth.: ORS 109.675, 418.005, 418.517

Stats. Implemented: ORS 109.675, 418.005, 418.517

Hist.: SCF 3-1995, f. & cert. ef. 9-15-95; SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; CWP 8-2007, f. & cert. ef. 5-1-07; CWP 7-2010, f. & cert. ef. 6-30-10

413-070-0410

Definitions

The following definitions apply to OAR 413-070-0400 to 413-070-0490:

(1) "Antipsychotic medication" means a medication, specified in class 28:16:08 by the American Hospital Formulary Service, used to treat psychosis and other conditions.

(2) "Assessment" means the determination of a child or young adult's need for mental health services through interviewing the child or young adult and obtaining all pertinent medical and psychosocial history information from the individual, family, and collateral sources. The assessment:

- (a) Addresses the current complaint or condition presented by the child or young adult;
- (b) Determines a diagnosis; and
- (c) Provides treatment direction and individualized services and supports.

(3) "Child" means a person under 18 years of age.

(4) "Department" means the Department of Human Services, Child Welfare.

(5) "Designee" means a person whom the designator directly and immediately supervises or a person with equal or greater management responsibility than the designator.

(6) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(7) "Licensed medical professional" means an individual who meets the criteria of both of the following subsections:

(a) The individual holds at least one of the following valid licensures or certifications:

(A) Physician licensed to practice in the State of Oregon;

(B) Nurse Practitioner certified by the Oregon State Board of Nursing under ORS 678.375; or

(C) Physician's Assistant licensed to practice in the State of Oregon.

(b) Is an individual whose training, experience, and competence demonstrate expertise in children's mental health, the ability to conduct a mental health assessment, and the ability to provide psychotropic medication management for children and young adults.

(8) "Medically accepted indication" means any use for a covered outpatient drug that is approved under the Federal Food, Drug and Cosmetic Act, recommended by the Drug Use Review Board, or the use of which is supported by one or more citations included or approved for inclusion in any of the following compendia:

(a) American Hospital Formulary Services drug information;

(b) United States Pharmacopoeia drug information or any successor publication;

(c) The DRUGDEX Information System; or

(d) Peer-reviewed medical literature.

(9) "Provider" means a person approved by a licensed private child-caring agency to provide care for a child or young adult, or an employee of

ADMINISTRATIVE RULES

a licensed private child-caring agency approved to provide care for a child or young adult.

(10) "Psychotropic medication" means medication, the prescribed intent of which is to affect or alter thought processes, mood, or behavior, including, but not limited to antipsychotic, antidepressant, and anxiolytic medication and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed because it may have many different effects.

(11) "Qualified mental health professional" means an individual who meets the requirements of both of the following subsections:

(a) Holds at least one of the following educational degrees:

- (A) Graduate degree in psychology;
- (B) Bachelor's degree in nursing and licensed by the State of Oregon;
- (C) Graduate degree in social work;
- (D) Graduate degree in a behavioral science field;
- (E) Graduate degree in recreational, art, or music therapy; or
- (F) Bachelor's degree in occupational therapy and is licensed by the State of Oregon.

(b) Whose education and experience demonstrates the competencies to:

- (A) Identify precipitating events;
- (B) Gather histories of mental and physical disabilities, alcohol and drug use, past mental health services, and criminal justice contacts;
- (C) Assess family, social, and work relationships;
- (D) Conduct a mental status examination;
- (E) Document a multiaxial DSM diagnosis;
- (F) Develop and supervise a treatment plan;
- (G) Conduct a mental health assessment; and
- (H) Provide individual, family, or group therapy within the scope of his or her practice.

(12) "Relative caregiver" means a person who operates a home that has been approved by the Department to provide care for a related child or young adult who is placed in the home by the Department.

(13) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(14) "Substitute caregiver" means a relative caregiver, foster parent, or provider who is authorized to provide care to a child or young adult who is in the legal or physical custody of the Department.

(15) "Urgent medical need" means the onset of psychiatric symptoms requiring professional attention within 48 hours to prevent a serious deterioration in a child or young adult's mental or physical condition.

(16) "Young adult" means a person aged 18 through 20 years who remains in the care and custody of the Department, and lives in substitute care or lives independently through the Department's Independent Living Subsidy Program.

413-070-0430

Department Records, Medication Review, and Documentation Requirements

(1) The Department must keep the medical and mental health records of any child or young adult in substitute care. As used in this section, "medical and mental health care records" includes a child or young adult's records of medical and mental health care, including but not limited to the names of former and current health providers, medical services and diagnoses, evaluations, immunizations, and prescribed medications.

(2) The caseworker must support timely exchange of medical and mental health care information for a child or young adult in substitute care unless:

(a) A child or young adult has the authority to consent to his or her own health and mental health care; or

(b) The child or young adult's parent or legal guardian retains authority to consent to health care decisions through a Voluntary Custody Agreement or Voluntary Placement Agreement.

(3) The caseworker must:

(a) Provide records of previous mental health assessments and assessment updates, including multi-axial DSM diagnosis and treatment recommendations, and progress records from mental health treatment services to the licensed medical professional prior to the medical appointment or no later than the time at which the licensed medical professional examines the child when a child or young adult may be receiving a prescription for a psychotropic medication.

(b) Document and timely inform the substitute caregiver of the child or young adult's known health information, including information regarding any prescribed and administered psychotropic medication:

(A) At the time of placement; and

(B) When new or updated health information becomes known to the Department.

(4) To keep accurate medical records and documentation for a child or young adult's medical and mental health history record, the caseworker must:

(a) Retain copies of all medical and mental health records received by the Department in the medical section of the case file of the child or young adult in substitute care.

(b) Document and update records of known health conditions, services, and supports of the child or young adult in substitute care when developing the case plan and at each case plan review.

(c) Receive and review monthly the medication log of the child or young adult in substitute care and file a copy in the medical section of the case record of the child or young adult.

(d) Document the medical information of the child or young adult in the Department's information system.

(5) The Department must inform the substitute caregiver of the child or young adult that written consent, as set forth in the following subsections, is required prior to filling a prescription for a new psychotropic medication unless there is an urgent medical need, in which case prior written consent is not required.

(a) Unless an exception in subsection (d) of this section applies, the Child Welfare Program Manager or designee must provide written consent prior to the administration of any new prescription of psychotropic medication to a child or young adult in substitute care when the requirements of at least one of the following paragraphs applies:

(A) The Department is the legal guardian of the child;

(B) Parental rights have been terminated and the court has ordered permanent commitment of the child and placed the child in legal custody and guardianship of the Department; or

(C) A child's parents have signed a Release or Surrender Agreement giving the Department guardianship and control over the child.

(b) When the authority to provide consent to psychotropic medication is not given to the Department in the Voluntary Placement Agreement or Voluntary Custody Agreement, the Department must obtain the written consent of a child's parent or legal guardian for the administration of psychotropic medication.

(c) A child, 14 years of age or older or a young adult may provide written consent for psychotropic medication under ORS 109.675.

(d) Written consent of the Child Welfare Program Manager or designee is not required prior to the administration of any new prescription of psychotropic medication to a child or young adult in substitute care when the requirements of at least one of the following paragraphs applies:

(A) A change in the delivery system of a previously prescribed medication;

(B) A change in the dosage of a previously prescribed medication;

(C) A change in medication within the same drug classification;

(D) A one-time medication given prior to a medical procedure; or

(E) An anti-epileptic medication prescribed for a seizure disorder.

(6) After the caseworker has obtained the written consent for psychotropic medication required under section (5) of this rule, the caseworker must:

(a) Complete the notifications required under OAR 413-070-0480 and 413-070-0490.

(b) Ensure a report has been made to the prescribing licensed medical professional when the condition of the child or young adult in substitute care is not improving, is deteriorating, or when the child or young adult, caseworker, substitute caregiver, or other individual has observed suspected side-effects of the medication.

(c) Request and receive updated health information about the child or young adult in substitute care and the effects of the prescribed psychotropic medication therapy from the substitute caregiver during the 30 day contact with the substitute caregiver required under OAR 413-080-0059.

(7) Prior to administration of a new prescription for more than one psychotropic medication or any antipsychotic medication, the Department must ensure a child or young adult in substitute care has received an assessment from a qualified mental health professional or licensed medical professional unless:

(a) A medication was prescribed for an urgent need; or

(b) The prescription is described in paragraphs (5)(d)(A) to (E) of this rule.

ADMINISTRATIVE RULES

(8) The assessment required under section (7) of this rule either must:

- (a) Have been completed within the three months prior to the prescription for psychotropic medication; or

- (b) Be an update of a prior assessment, which focuses on a new or acute problem, and information from the assessment must be communicated to the licensed medical professional prior to the issuance of a prescription for psychotropic medication.

(9) The Department must ensure the requirements of both of the following subsections are met:

- (a) An annual review of psychotropic medications, by an individual other than the prescriber when:

- (A) A child or young adult has more than two prescriptions for psychotropic medications; or

- (B) A child is under six years of age.

- (b) The annual review required under subsection (a) of this section must be conducted by one of the following:

- (A) A licensed medical professional;

- (B) A qualified mental health professional with the authority to prescribe drugs; or

- (C) A licensed pharmacist with the Drug Use Review Program under OAR 410-121-0100.

413-070-0450

Disclosure Requirements for the Department Regarding a Child 14 Years of Age and Older and a Young Adult in Substitute Care

Pursuant to ORS 109.675, a child 14 years of age or older or a young adult in substitute care may obtain, without parental knowledge or consent, outpatient diagnosis or treatment of a mental or emotional disorder, or a chemical dependency, excluding methadone maintenance, by a physician, licensed psychologist, nurse practitioner, licensed clinical social worker, or a community mental health and developmental disabilities program established and operated pursuant to ORS 430.620. However, when a child 14 years of age or older or a young adult is in substitute care, and the substitute caregiver or the Department has knowledge of that prescription, the notification requirements of OAR 413-070-0470, 413-070-0480, and 413-070-0490 apply.

Stat. Auth.: ORS 109.675, 418.005, 418.517

413-070-0470

Substitute Caregiver Responsibilities

(1) The substitute caregiver must:

- (a) Notify the Department within one business day after receiving a new prescription or knowledge of a new prescription for psychotropic medication for a child or young adult; and

- (b) Obtain consent from the Department prior to filling a prescription for and administering a new psychotropic medication.

(2) The substitute caregiver must provide written or verbal notification to the caseworker or caseworker's supervisor within one business day when a licensed medical professional prescribes a change in dosage, suspension, or discontinuation of the current psychotropic medication.

(3) The substitute caregiver must keep current medical and mental health care records and medication logs of a child or young adult in the care or custody of the Department. The records must include:

- (a) Medical and mental health appointments for the child or young adult in substitute care.

- (b) Medical and mental health appointment follow-up reports provided to the substitute caregiver.

- (c) Any record of any immunization obtained while in the care of the substitute caregiver.

- (d) A record of all prescribed medications administered to the child or young adult in substitute care.

(4) A substitute caregiver certified by the Department must keep a current medication log on a form approved by the Department. A provider must keep a current medication log either on the form approved by the Department or on a form provided by the private child-caring agency. The medication log record must include all medications administered to the child or young adult in substitute care and must include:

- (a) The name of the child or young adult in substitute care.

- (b) The brand or generic name of the medication, including the prescribed dosage and prescribed dosage administration schedule.

- (c) Times and dates of administration or monitored self-administration of the medication.

- (d) The name or initials of the substitute caregiver administering the medication or monitoring the self-administration.

(5) The substitute caregiver must provide completed medication logs and any medication records obtained during medical visits and records of appointments to the Department at the end of each month. This must include logs of all medication administered to the child or young adult at school or in settings other than the home of the substitute caregiver.

(6) The substitute caregiver must keep all psychotropic medications properly stored and must:

- (a) Ensure the psychotropic medication specifies the dosage and prescribed dosage administration schedule of the licensed medical professional for the psychotropic medication; and

- (b) Ensure the psychotropic medication is kept in locked storage and stored as prescribed. Psychotropic medication requiring refrigeration must be kept under refrigeration in a locked box.

(7) The substitute caregiver may not discontinue, change, or otherwise alter the prescribed administration of a psychotropic medication for a child or young adult in substitute care without direction from the licensed medical professional.

(8) The substitute caregiver may not use alternative medications intended to alter or affect mood or behavior, such as herbals or homeopathic remedies, without direction and supervision of a licensed medical professional and must notify the Department when any such alternative medication is directed.

Stat. Auth.: ORS 109.675, 418.005, 418.517

413-070-0480

Notification Timelines for Psychotropic Medication Therapy

(1) The Department must provide written notification to the parties identified in section (2) of this rule within a timely manner, not to exceed ten business days of:

- (a) The Department receiving notice that a psychotropic medication has been prescribed for a child or young adult in substitute care; or

- (b) Either of the following changes occur in the treatment of a child or young adult in substitute care:

- (A) The prescribed dosage of a psychotropic medication; or

- (B) Discontinuation of existing psychotropic medication therapy.

(2) When a child or young adult is in substitute care, written notification is provided to:

- (a) The parent or legal guardian unless a parent has relinquished parental rights or had parental rights terminated;

- (b) The attorney of the parent or legal guardian;

- (c) The attorney of the child or young adult;

- (d) The court appointed special advocate of the child or young adult, if one has been appointed;

- (e) Any other legal parties to the case; and

- (f) The substitute caregiver.

413-070-0490

Notification Content for Psychotropic Medication Therapy

The notification described in OAR 413-070-0480 must contain:

- (1) The name and contact information of the prescribing licensed medical professional;

- (2) The diagnosed condition of the child or young adult for which the medication was prescribed;

- (3) The name of the prescribed psychotropic medication;

- (4) The prescribed dosage;

- (5) The dosage recommended pursuant to a medically accepted indication;

- (6) The reason the medication was prescribed;

- (7) The expected benefit of the medication;

- (8) The side-effects of the medication; and

- (9) Notice of the right to petition the juvenile court for a hearing if there is an objection to the use of the prescribed medication or prescribed dosage.

Subject: OAR 413-120-0900 about the purpose of the Department's rules (OAR 413-120-0900 to 413-120-0980) when an adoption case is subject to the requirements of the Hague Convention on Protection of Children and Cooperation in Respect of Intercountry Adoption (Convention) and the Intercountry Adoption Act of 2000, 42 USC 14901 to 14954 or when the Department will consider and pursue special immigrant juvenile status for a child; OAR 413-120-0905 about the definitions used in these rules (OAR 413-120-0900 to 413-120-0980); OAR 413-120-0910 about the Convention adoption case information the Department must provide to the U. S. State Department; OAR 413-120-0920 about incoming Convention adoptions (the adoption of a child immigrating to the United States); OAR 413-120-0925 about outgoing Convention adoptions (the adoption of a child emigrating from the United States); OAR 413-120-0930 about the Department's responsibilities for transition, travel, placement, and registration during an outgoing Convention adoption; OAR 413-120-0940 about when the Department may consent to an outgoing Convention adoption and the Department's responsibilities for post-placement supervision during an outgoing Convention adoption; OAR 413-120-0945 about the Department's finalization and post-finalization responsibilities during an outgoing Convention adoption; OAR 413-120-0950 about a child's eligibility for adoption assistance benefits when the child is the subject of a Convention adoption; OAR 413-120-0960 about the information the Department must provide to the prospective adoptive parents in an outgoing Convention adoption; OAR 413-120-0970 about when the Department must obtain a Hague custody declaration and when the Hague custody declaration must accompany the child leaving the country; and OAR 413-120-0980 about when the Department may apply for special immigrant juvenile status (the legal process to obtain lawful permanent resident status for a child who does not have lawful permanent resident status because he or she entered the United States without inspection) for a child in the legal and physical custody of the Department are being adopted in response to recent legislation, Senate Bill 10 (2009) codified as ORS 417.262 and House Bill 3471 (2009) codified as ORS 417.265, to comply with changes in the Hague Convention on Protection of Children and Cooperation in Respect of Intercountry Adoption and federal law, The Intercountry Adoption Act of 2000 (42 USC 14901 to 14954).

Rules Coordinator: Annette Tesch—(503) 945-6067

413-120-0900

Purpose

These rules, OAR 413-120-0900 to 413-120-0980, describe:

(1) The Department's responsibilities in cases that are subject to the requirements of the Hague Convention on Protection of Children and Cooperation in Respect of Intercountry Adoption (Convention) and the Intercountry Adoption Act of 2000, 42 USC 14901 to 14954 (IAA). The Convention and IAA apply to any case where a child who is a habitual resident of one Convention country has been, is being, or will be moved to another Convention country for the purpose of adoption. The Convention and IAA are intended to protect the rights of and prevent abuses against children, birth families, and adoptive parents involved in any adoption that is subject to the Convention and IAA and to ensure that such adoptions are in the best interests of the child.

(2) The duty of the Department to enter into a formal agreement with the foreign authorized entity of the receiving Convention country for an outgoing Convention adoption to assure that the prospective adoptive parents are suitable and willing to adopt the child, support child safety, and assure the provision of needed services during the period of post-placement supervision prior to finalization of the adoption.

(3) When the Department will consider and pursue special immigrant juvenile status for a child who was brought to the United States by a parent or legal guardian not for the purpose of adoption, does not have lawful permanent resident status (entered without inspection), cannot be returned safely to a parent or placed in the child's country of origin, and should remain in the United States pending finalization of a permanent plan other than return to parent.

Stat. Auth.: ORS 417.262, 417.265, 418.005

Stats. Implemented: ORS 417.262, 417.265, 418.005

413-120-0905

Definitions

The following definitions apply to OAR 413-120-0900 to 413-120-0980

(1) "Adoption" means a legal or administrative process that establishes a permanent legal parent-child relationship between a child and an adult who is not already the child's legal parent and terminates the legal parent-child relationship between the adopted child and any former parent.

(2) "Central authority" means the entity designated as such by a Convention country that is authorized to discharge the duties imposed on Convention countries.

(3) "Central authority functions" means any duty required to be carried out by a central authority or foreign authorized entity under the Convention.

(4) "Convention" means the Convention on the Protection of Children and Co-operation in Respect of Intercountry Adoptions, concluded at The Hague, the Netherlands, on May 29, 1993, which went into effect in the United States on April 1, 2008.

(5) "Convention adoption" means an adoption of a child who is a habitual resident in a Convention country by an individual in another Convention country when the child has been, is being, or will be moved between the two Convention countries for the purpose of adoption.

(6) "Convention country" means a country that is a party to the Convention.

(7) "Department" means the Department of Human Services, Child Welfare.

(8) "Foreign authorized entity" means a foreign central authority or an accredited entity authorized by the foreign country to perform central authority functions in Convention adoption cases.

(9) "Hague adoption certificate" means a certificate issued by the Secretary in an outgoing Convention adoption certifying that the child has been adopted in the United States in conformity with the Convention and IAA.

(10) "Hague custody declaration" means a declaration issued by the Secretary in an outgoing Convention adoption declaring that custody of the child for purposes of adoption has been granted in the United States in conformity with the Convention and IAA.

(11) "IAA" means the Intercountry Adoption Act of 2000, Public Law 106-279, 42 USC 14901 to 14954.

(12) "Incoming Convention adoption" means a case in which a child who is a resident of another Convention country has been, is being, or will be moved to the United States for placement and adoption.

(13) "Outgoing Convention adoption" means a case in which a child in the United States has been, is being, or will be moved to another Convention country for placement and adoption.

(14) "Prospective adoptive parents" means the parents, family members, or other people who reside in the residence, or the physical home location of the family, who have been studied and approved by a foreign authorized entity to adopt a child in the legal and physical custody of the Department and with whom the Department has made an official decision to place the child in the family home for the purpose of adoption.

(15) "Receiving Convention country" means a Convention country in which a child who is the subject of an outgoing adoption will be placed for purposes of adoption.

(16) "Relative" has the meaning given that term in OAR 413-070-0063.

(17) "Secretary of State" means the Secretary of the United States Department of State, the central authority for the United States.

(18) "Special immigrant juvenile status" means the legal process to obtain lawful permanent resident status for a child who does not have lawful permanent resident status because he or she entered the United States without inspection.

(19) "U.S. State Department" means the United States Department of State.

ADMINISTRATIVE RULES

413-120-0910

Duty to Provide Information to Convention Case Registry

(1) Notwithstanding any other Department rule regarding the disclosure of information related to adoptions, the Department must provide all information to the U. S. State Department that is required for registry reporting. This includes, but is not limited to, information on each of the following actions for a Convention adoption, either incoming or outgoing, pending or finalized by the Department:

- (a) A child immigrating to the United States for the purpose of adoption;
- (b) A child emigrating from the United States for the purpose of adoption;
- (c) Number of disruptions;
- (d) Number of dissolutions; and
- (e) Average length of time to finalization.

(2) The Department must maintain a database of all Oregon, licensed, private agency adoption placements, disruptions, finalizations, and dissolutions. This information must be reported to the U.S. Department of Health and Human Services Administration for Children, Youth, and Families Children's Bureau.

413-120-0920

Adoption of a Child Immigrating to the United States (Incoming Convention Adoption)

(1) An incoming Convention adoption can involve a child who:

- (a) Holds or is eligible for dual United States and foreign citizenship; or
- (b) Is undocumented, but the foreign authorized entity of the child's birth country has determined that the Convention applies to the adoption.

(2) The Department will cooperate with each applicable foreign authorized entity and comply with the requirements of the Convention and IAA with respect to each incoming Convention adoption.

Stat. Auth.: ORS 417.262, 417.265, 418.005
Stats. Implemented: ORS 417.262, 417.265, 418.005

413-120-0925

Adoption of a Child Emigrating from the United States (Outgoing Convention Adoption)

(1) The Department may pursue an outgoing Convention adoption provided that:

- (a) It is in the best interest of the child;
- (b) The child has not been abducted, sold, or trafficked in connection with the adoption; and
- (c) The prospective adoptive parent:
 - (A) Is a relative;
 - (B) Has been assessed, approved and trained; and
 - (C) Has been determined able and willing to permanently provide for the safety, well-being, and special needs of the child.

(2) An outgoing Convention adoption may involve a child who meets the requirements of one of the following subsections:

- (a) The child is, or is eligible to become, a:
 - (A) United States citizen;
 - (B) Legal United States resident; or
 - (C) Dual United States and foreign citizen.
- (b) The child is undocumented, but the foreign authorized entity of the child's birth country has determined that the Convention applies to the adoption.

(3) Adoption planning for a child that may be the subject of an outgoing Convention adoption must comply with other Department rules, including Child Welfare policies: I-F.2 "Determining the Appropriateness of Adoption as a Permanency Plan for a Child", OAR 413-110-0300 to 413-110-0360; I-E.1.1 "Working with Relatives Toward Placement of Children", OAR 413-070-0060 to 413-070-0087; I-F.6 "Sibling Placement Planning in Adoption", OAR 413-110-0100 to 413-110-0140; I-G.1.5 "Adoption Placement Selection", OAR 413-120-0000 to 413-120-0080; and I-G.3.2 "Post Legal Adoption Services", OAR 413-130-0150 to 413-130-0180.

(4) Before a child may be placed in a prospective adoptive home in another Convention country the Department must meet the requirements of each of the following subsections:

- (a) Make a written determination that the child is eligible for adoption, that an outgoing Convention adoption is in the child's best interests,

and that placement with the prospective adoptive parents is in the best interests of the child.

(b) Complete or obtain a written child background study that includes information about the child's identity; upbringing; adoptability; ethnic, religious, and cultural background; social environment; family history; personal medical history; family medical history; and special needs.

(c) Determine that the prospective adoptive parents meet the definition of relative and document that determination.

(d) Work with the foreign authorized entity in the receiving Convention country to determine whether the prospective adoptive parents are suitable, qualified, and eligible to adopt the child. To do so the Department must meet the requirements in each of following paragraphs:

(A) Provide a copy of the child's background study to the foreign authorized entity in the receiving Convention country.

(B) Obtain from the foreign authorized entity a comprehensive home study on the prospective adoptive parents that is prepared in accordance with the laws of the receiving country; meets the standards established by the Department using the Department's Hague Home Study template; addresses the capacity of the prospective adoptive parents to meet the child's safety, permanency and well-being needs; and includes all of the following:

(i) Information on the prospective adoptive parents, including: identity, eligibility and suitability to adopt, background, family and medical history, social environment, reasons for adoption, ability to undertake an inter-country adoption, and the characteristics of a child for whom they would be qualified to care;

(ii) Confirmation that a foreign authorized entity has determined that the prospective adoptive parents are eligible and suitable to adopt and has ensured that the prospective adoptive parents have been counseled as necessary;

(iii) The results of a criminal background check; and

(iv) Information from competent references for the prospective adoptive parents.

(C) Obtain written confirmation from the foreign authorized entity that the prospective adoptive parents have completed a minimum of 10 hours of approved training that includes training on all of the following:

(i) The effects of physical, emotional, and sexual abuse and neglect on a child;

(ii) The effects of drugs and alcohol on a child;

(iii) The effects of relocating a child and transition issues;

(iv) The significance of the birth family, include grief and loss issues;

(v) Openness in adoption;

(vi) Attachment process and attachment difficulties;

(vii) Positive behavior management; and

(viii) The specific needs of the child to be adopted by the prospective adoptive parents.

(D) Provide notice to the foreign authorized entity studying the prospective adoptive family and providing required training to the prospective adoptive parents that the Department does not condone the use of corporal punishment.

(E) Obtain from the foreign authorized entity a written, signed Supervision Agreement using the approved Department form that describes the responsibilities of the Department and foreign authorized entity with regard to the child's placement with the prospective adoptive parents and includes each of the following:

(i) Minimum requirements regarding face-to-face visits with the child, the prospective adoptive parents, other individuals living in the home of the prospective adoptive parents, and other individuals who may have information about the child's adoptive placement.

(ii) Minimum standards for written reports on contacts with the child, prospective adoptive family, other family members, and collateral contacts.

(iii) Confirmation that the child will be authorized to enter and reside in the receiving country permanently or on the same basis as the prospective adoptive parents.

(iv) Confirmation that the foreign authorized entity consents to the adoption of the child by the prospective adoptive family.

(v) Confirmation that the foreign authorized entity agrees that the child's adoption by the prospective adoptive family may proceed.

(e) After the child is fully-free for adoption establish proof of citizenship for the child and apply for applicable passports.

(f) Submit to the foreign authorized entity written confirmation of the reasons the Department determined that the proposed adoptive placement is in the best interests of the child.

ADMINISTRATIVE RULES

(g) Establish a direct means for the child's collateral contacts in the receiving Convention country to communicate any health or safety concerns about the child to the Department.

(h) Counsel and inform the child, as appropriate in light of the child's age and maturity, of the effects of the adoption, consider the child's views regarding the adoption, and document the discussion and how the child's views were considered.

(i) If the child's consent to the adoption is required, counsel and inform the child about the effects of granting consent, obtain written consent from the child in a manner that assures the consent is given freely and without any inducement by compensation of any kind, and document the discussion.

(j) Determine whether the receiving Convention country requires a Hague custody declaration prior to placement of the child in the home of the prospective adoptive parents, and, if required, apply for and obtain a Hague custody declaration from the U.S. State Department, as provided in 413-120-0945.

(k) Assure that the child's move to the receiving Convention country will be made under secure and appropriate circumstances and document the arrangements that have been made.

(5) Following completion of all of requirements in section (4) of this rule and prior to the child traveling to the receiving Convention country for placement with the prospective adoptive parents the Department must obtain an order from the court making findings in support of an application for an Hague adoption certificate and allowing international travel for placement in the prospective adoptive home, finds that the prospective adoptive placement is in the best interests of the child, authorizes the child to travel to the foreign country for placement with the prospective adoptive parents, and authorizes release of the court order for purposes of affecting the child's placement.

413-120-0930

Transition, Travel, Placement, and Registration Requirements

For an outgoing Convention adoption:

(1) The Department is responsible for assuring that the child is fully prepared for transition to a new home, community, and country.

(2) A component of transition is establishing that the region the child will travel to and reside in is approved as a safe place to travel by the U.S. State Department. The International Affairs and Diversity Program office serves as the liaison with U.S. State Department and the applicable Consular office and makes the determination about travel safety.

(3) The child's move to the receiving Convention country must be made under secure and appropriate circumstances or in the company of the child's prospective adoptive parents.

(4) The child must carry a regular passport from all countries in which the child is a citizen.

(5) If the receiving Convention country requires a Hague custody declaration, the individual accompanying the child during travel must carry a copy of the Hague custody declaration.

(6) After a child is placed in another country for the purpose of adoption, the Department must register the child with U.S. State Department as a United States citizen living abroad.

Stat. Auth.: ORS 417.262, 417.265, 418.005
Stats. Implemented: ORS 417.262, 417.265, 418.005

413-120-0940

Post-Placement Supervision

(1) Notwithstanding the provisions of OAR 413-120-0830 the Department may not consent to an outgoing Convention adoption until at least 6 months after the child has been placed with the prospective adoptive parents. This post-placement supervision period may not be waived.

(2) The Department must keep the foreign authorized entity fully informed about the adoption process and the steps taken to complete the adoption.

(3) The Department must comply with the requirements of each of the following subsections:

(a) Monitor the child's adoption placement by reviewing the 90-day written progress reports received from the foreign authorized entity.

(b) Assess, based on the information in the 90-day reports, whether the child is adjusting to and being integrated into the prospective adoptive family's household.

(c) Complete all necessary steps related to the adoption assistance process, if applicable.

Stat. Auth.: ORS 417.262, 417.265, 418.005
Stats. Implemented: ORS 417.262, 417.265, 418.005

413-120-0945

Finalization and Post-Finalization Duties

(1) After the post-placement supervision period has expired and before finalization of an outgoing Convention adoption the Department must submit to the foreign authorized entity proof of the Department's consent to the child's adoption.

(2) An outgoing Convention adoption must be finalized in Oregon pursuant to ORS 419B.529.

(3) Concurrent with finalization of the outgoing Convention adoption the Department must request an order from the court making all of the necessary findings required by the Convention and IAA to support an application for a Hague adoption certificate.

(4) After finalization of the outgoing Convention adoption the Department must apply for a Hague adoption certificate. To apply for a Hague adoption certificate the Department must submit all of the following to the Secretary of State:

(a) A completed Hague adoption certificate application on the form prescribed by the Secretary;

(b) A certified copy of the court's order finding that the child is eligible for adoption, that the adoption is in the child's best interest, granting the adoption, and verifying that the requirements of 22 C.F.R. 97.3 have been met; and

(c) Any other additional documentation and information required by the Secretary of State.

(5) For an outgoing Convention adoption, the Department must request two original Hague adoption certificates. The Department provides one original Hague adoption certificate to the adoptive parents and enters one original Hague adoption certificate into the sealed adoption record.

Stat. Auth.: ORS 417.262, 417.265, 418.005
Stats. Implemented: ORS 417.262, 417.265, 418.005, 419B.529

Hist.: CWP 8-2010(Temp), f. & cert. ef. 6-30-10 thru 12-27-10

413-120-0970

Hague Custody Declarations

(1) When a child will be placed for adoption in a Convention country the Secretary of State may issue a Hague custody declaration acknowledging that legal custody of the child has been granted to prospective adoptive parents for the purpose of immigration and adoption in another Convention country. If the receiving Convention country requires a Hague custody declaration for placement of a child for adoption in the receiving Convention country, the Department must apply for and obtain a Hague custody declaration by completing the U.S. State Department's application and submitting the application with a court order with the proper findings supporting the application.

(2) The Hague custody declaration must accompany the child when the child leaves the United States and travels to the other Convention country.

Stat. Auth.: ORS 417.262, 417.265, 418.005

ADMINISTRATIVE RULES

413-120-0980

Special Immigrant Juvenile Status

(1) The Department may apply for special immigrant juvenile status for a child in the legal and physical custody of the Department if all of the following requirements are met:

(a) The juvenile court has determined that the child is a dependent ward and eligible for long term foster care;

(b) The child is a minor;

(c) The Department has determined that:

(A) The child cannot return to a parent due to abuse, neglect, abandonment, or similar circumstances; and

(B) It is not in the child's best interests to return to the child's country of nationality or the country of nationality of the child's parents;

(d) The permanency plan for the child has been changed by the court from return to parent to another permanent plan; and

(e) The child is not a United States citizen and does not have lawful permanent resident status.

(2) Department staff must consult with and obtain approval from the Children, Adults and Families Diversity and International Affairs Program Manager before applying for special immigrant juvenile status for a child in the legal and physical custody of the Department.

(3) To apply for special immigrant juvenile status the Department must:

(a) Obtain a court order before the child's eighteenth birthday that makes the necessary findings to support an application for special immigrant juvenile status;

(b) Complete and submit all necessary U.S. Citizenship and Immigration Service forms and applications for special immigrant juvenile status.

413-010-0310

Definition

The following definitions apply to OAR 413-010-0300 to 413-010-0340:

(1) "Child" means a person under 18 years of age.

(2) "Department" means the Department of Human Services, Child Welfare.

(3) "Designee" means a person who the designator directly and immediately supervises, or a person with equal or greater management responsibility than the designator.

(4) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(5) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, 416.400 to 416.465, or by a juvenile court. In a case involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally associated with parenthood, unless a court finds that the putative father is not the legal father.

(6) "Registered domestic partner" means an individual joined in a domestic partnership that has been registered by a county clerk in accordance with ORS 106.300 to 106.340.

(7) "Relative" means:

(a) An individual with one of the following relationships to the child or young adult through the child or young adult's parent:

(A) Any blood relative of preceding generations denoted by the prefixes of grand, great, or great-great.

(B) Any half-blood relative of preceding generations denoted by the prefixes of grand, great, or great-great (individuals with one common biological parent are half-blood relatives).

(C) A sibling, also to include an individual with a sibling relationship to the child or young adult through a putative father.

(D) An aunt, uncle, nephew, niece, first cousin, and first cousin once removed.

(E) A spouse of anyone listed in paragraphs (A) to (D) of this subsection, even if a petition for annulment, dissolution, or separation has been filed or the marriage is terminated by divorce or death. To be considered a relative under this paragraph, the child or young adult must have had a relationship with the spouse prior to the child or young adult entering substitute care.

(F) For the purposes of an international adoption, relative means an individual described in paragraphs (A) to (D) of this subsection.

(b) An individual with one of the following relationships to the child or young adult:

(A) An individual defined as a relative by the law or custom of the child or young adult's tribe if the child or young adult is an Indian child under the Indian Child Welfare Act or in the legal custody of a tribe.

(B) An individual defined as a relative of a refugee child or young adult under Child Welfare Policy I-E.2.2, "Placement of Refugee Children" OAR 413-070-0300 to 413-070-0380.

(C) A stepparent described in OAR 413-100-0020(27)(c) or former stepparent if the child or young adult had a relationship with the former stepparent prior to entering substitute care; a stepbrother; or a stepsister.

(D) The registered domestic partner of the child or young adult's parent or a former registered domestic partner of the child or young adult's parent if the child or young adult had a relationship with the former domestic partner prior to the child or young adult entering substitute care.

(E) The adoptive parent of a child or young adult's sibling.

ADMINISTRATIVE RULES

(F) The unrelated legal or biological father or mother of a child or young adult's half-sibling when the child or young adult's half-sibling is living with the unrelated legal or biological father or mother.

(c) An individual identified by the child or young adult or the child or young adult's family, or an individual who self-identifies, related to the child or young adult through the child or young adult's parent by blood, adoption, or marriage to a degree other than an individual specified as a relative in paragraphs (A) to (D) of subsection (a) of this section.

(d) An individual, although not related by blood, adoption, or marriage identified as:

(A) A member of the family by the child or young adult or the child or young adult's family; and

(B) An individual who had an emotionally significant relationship with the child or young adult or the child or young adult's family prior to time the Department placed the child in substitute care.

(e) For the purposes of eligibility for the Guardianship Assistance program:

(A) A stepparent is considered a parent and is not a relative under these rules unless a petition for annulment, dissolution, or separation has been filed, or the marriage to the child's adoptive or biological parent has been terminated by divorce or death.

(B) A foster parent may be considered for Guardianship Assistance when:

(i) There is a compelling reason why adoption is not an achievable permanency plan;

(ii) The foster parent is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of guardianship;

(iii) The foster parent has cared for the child for at least the past 12 consecutive months; and

(iv) A Permanency Committee has recommended the foster parent for consideration as a guardian.

(8) "Relative caregiver" means an individual who operates a home that has been approved by the Department to provide care for a related child or young adult placed in the home by the Department.

(9) "Safety service provider" means a participant in a protective action or ongoing safety plan whose actions, assistance, or supervision help a family in managing a child's safety.

(10) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the children or young adults' legal or biological parent.

(11) "Young adult" means a person aged 18 through 20 years who remains in the care and custody of the Department, and lives in substitute care or lives independently through the Department's Independent Living Subsidy Program.

413-010-0320

Relative Involvement in Case Planning and Court Hearings

(1) The Department may involve a relative as a safety service provider after the assessment that determines the individual is a safe and appropriate resource for involvement in managing a child's safety as required under Child Welfare Policy I-AB.7, "Assessment of Individuals as Safety Service Providers" OAR 413-015-1200 to 413-015-1230.

(2) The Department must consider a family decision-making meeting as described in ORS 417.365 and when the family decision-making meeting is held, the Department may include any family member as defined in ORS 417.371(4)(a) or relative in this meeting under OAR 413-040-0008.

(3) The Department must provide notice of a court hearing to each party described in the following subsections when:

(a) A relative is currently providing substitute care for a child in the legal custody of the Department pursuant to juvenile court jurisdiction as set forth in ORS 419B.875(6); and

(b) A legal grandparent requests notice in writing and provides a mailing address per ORS 419B.875(7).

(4) A relative who expresses to the Department an interest in a child has a right to provide information about the child's background and to provide input on the safety, attachment, and permanency needs of the child.

(5) Unless an exception to contact is provided by the child welfare program manager or designee under OAR 413-070-0072(1) or an order of

a court, under 42 USC 471(a)(20) the Department must provide notice, within 30 calendar days after the removal of a child from the custody of the parent or parents of the child, to all grandparents and other adult relatives of the child known to the Department, that complies with all of the following subsections:

(a) Specifies that the child has been or is being removed from the custody of the parent or parents of the child;

(b) Explains options under federal and state law to participate in the care and placement of the child;

(c) Describes the requirements the individual must meet to become a relative caregiver and the services and supports available for a child placed with a relative caregiver under federal and state law; and

(d) Describes the eligibility criteria for and availability of Guardianship Assistance benefits when all Guardianship Assistance eligibility criteria are met.

Communication and Visitation

A *relative* has the right to communicate and visit with a child or young adult in the Department's legal custody when such communication or contact is set forth in:

(1) The child or young adult's visitation plan developed under Child Welfare Policy I-E.3.5, "Visits and Other Types of Child and Family Contact" OAR 413-070-0800 to 413-070-0880;

(2) The opportunities for ongoing connection and support developed under Child Welfare Policy I-E.3.3.1, "Search for and Engagement of Relatives" OAR 413-070-0060 to 413-070-0087 and approved by the caseworker; or

(3) An order of a court.

413-010-0340

Department Responsibility to Make Diligent Efforts to Place a Child or Young Adult with Relatives

The Department must:

(1) Make diligent efforts to place a child or young adult in substitute care with a relative or person who has a caregiver relationship, as defined in ORS 419B.116, to the child pursuant to ORS 419B.192(1).

(2) Make diligent efforts to place a child or young adult in substitute care with his or her siblings so long as placement with the siblings is in the best interests of the child or young adult and the child or young adult's siblings pursuant to ORS 419B.192(2).

(3) In making the diligent efforts described in sections (2) and (3) of this rule, the Department must consider the factors set forth in ORS 419B.192(3) and follow the assessment process described in Child Welfare Policies I-E.3.3.1, "Search for and Engagement of Relatives" OAR 413-070-0060 to 413-070-0087 and II-B.1.1, "Responsibilities for Certification and Supervision of Relative Caregivers, Foster Parents, and Pre-adoptive Parents" OAR 413-200-0270 to 413-200-0296.

413-015-1200

Purpose

(1) The purpose of these rules, OAR 413-015-1200 to 413-015-1230, is to describe the Department's responsibility to assess an individual for consideration as a safety service provider and to determine whether the individual is suitable as a *safety service provider*.

(2) An individual employed by an agency providing services to a family through a current contract with the Department is not covered under these rules.

(3) Requirements for the assessment of an individual for the purpose of ongoing connection and support with a child or certification as a relative caregiver or foster parent are not covered under these rules.

413-015-1210

Definitions

The following definitions apply to OAR 413-015-1200 to 413-015-1230:

ADMINISTRATIVE RULES

(1) "Caseworker" means a Child Welfare employee assigned primary responsibility for a child or young adult served by Child Welfare.

(2) "Child" means a person under 18 years of age.

(3) "CPS worker" means a Child Protective Services (CPS) worker who is an employee of Child Welfare and has completed the mandatory Department training for child protective service workers.

(4) "Department" means the Department of Human Services, Child Welfare.

(5) "Foster parent" means an individual who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(6) "LEDS" means Law Enforcement Data System, the computerized criminal history information system maintained by the Oregon State Police.

(7) "Ongoing safety plan" means a documented set of actions or interventions that manage a child's safety after the Department has identified one or more safety threats to which the child is vulnerable and determined the parent or caregiver is unable or unwilling to protect the child. An ongoing safety plan can be in-home or out-of-home and is adjusted when necessary to provide the least intrusive interventions.

(8) "Protective action" means an immediate, same day, short-term plan sufficient to protect a child from a safety threat in order to allow completion of the CPS assessment.

(9) "Relative caregiver" means an individual who operates a home that has been approved by the Department to provide care for a related child or young adult placed in the home by the Department.

(10) "Safety service provider" means a participant in a protective action or ongoing safety plan whose actions, assistance, or supervision help a family in managing a child's safety.

(11) "Safety threat" means family behavior, conditions, or circumstances that could result in harm to a child.

413-015-1220

Assessment of an Individual's Involvement in Safety Management

(1) To assess an individual as a safety service provider for a specific family in a protective action or an ongoing safety plan, a CPS worker or caseworker must take all of the following actions:

(a) Identify and contact an individual who is a prospective safety service provider.

(b) Gather information from the individual regarding his or her:

(A) Relationship with the child and the child's family; and

(B) Willingness and ability to fulfill the specific role and responsibilities of a safety service provider for the identified family.

(c) Provide the individual with information regarding the specific role and responsibility of the individual to assist in managing a child's safety.

(d) Search the Department's information system and review any historic information regarding the individual that may be useful in assessing the individual's ability to be a safety service provider.

(e) Conduct a criminal records check on the individual, provide notice as described in Child Welfare Policy I-AB.6, "Access to Law Enforcement Data System in Local Child Welfare Offices" OAR 413-015-1100 to 413-015-1125, and review the individual's criminal history to assess the individual's ability to be a safety service provider.

(2) After the CPS worker or caseworker has considered all the information gathered pursuant to section (1) of this rule, the CPS worker or caseworker must determine the individual's suitability as a safety service provider. In making this determination, the worker must consider whether the individual is willing and able to:

(a) Assist in managing the safety of the child;

(b) Cooperate with any restrictions on contact between the child and others;

(c) Support, verbally and through actions, the protective action and ongoing safety plan; and

(d) Fulfill the identified role and responsibilities required of the individual in a protective action or an ongoing safety plan.

(3) A CPS worker or caseworker must consult with and receive approval from a supervisor prior to engaging an individual as a safety service provider whenever the individual's past circumstances, conditions, or behaviors include one of the items listed in the subsections of this section so long as those circumstances, conditions, or behaviors do not impact negatively the individual's ability to fulfill the specific role and responsibilities in managing a child's safety:

(a) A record of child abuse or neglect;

(b) A criminal history; or

(c) A history of drug or alcohol abuse.

(4) The CPS worker or caseworker must document in the Department's information system:

(a) The basis for the determination regarding whether an individual is suitable as a safety service provider; and

(b) The supervisor who provided the approval required in section (3) of this rule.

Stats. Implemented: ORS 418.005

Hist.: CWP 9-2010, f. & cert. ef. 7-1-10

413-015-1230

Safety Service Provider Approval

(1) The CPS worker or caseworker must inform an individual who has been considered and selected as a safety service provider that the individual has been approved as a safety service provider. The CPS worker or caseworker must further inform an approved safety service provider that the role of a safety service provider:

(a) Is temporary; and

(b) The role or responsibilities may change if the Department obtains new information that changes the determination that the individual is suitable to manage a child's safety, prevents the individual from fulfilling the role identified in assisting to manage a child's safety, or a safety threat changes, is eliminated, or can be managed by a child's parent or guardian.

(2) The CPS worker or caseworker must inform an individual who has been considered but has not been selected as a safety service provider that the individual has not been approved to be a safety service provider.

(3) When an individual has been informed that the individual is approved or not approved as a safety service provider or the determination that an individual is approved changes, if the status change results in a change in the protective action or ongoing safety plan, the CPS worker or caseworker must refer to OAR 413-015-0435 and 413-015-0450.

Rules Repealed: 413-070-0090, 413-070-0092, 413-070-0093

Subject: OAR 413-070-0060 about the purpose of the Department's rules concerning the search for and engagement of relatives and persons with a caregiver relationship for a child or young adult when managing the child or young adult's safety, substitute care, permanent placement, or other needs; OAR 413-070-0063 about the definitions used in the search for and engagement of relatives and persons with a caregiver relationship rules; OAR 413-070-0066 about the Department's responsibilities when conducting a search for a child or young adult's relatives; OAR 413-070-0069 about the Department's responsibilities regarding when and how it identifies relatives and persons with a caregiver relationship; OAR 413-070-0072 about the Department's responsibilities concerning who it contacts when seeking to locate or engage a child or young adult's relatives or persons with a caregiver relationship and when it contacts those identified; OAR 413-070-0075 about how the Department assesses a child or young adult's relative for possible involvement in safety management; OAR 413-070-0078 about how the Department evaluates a child or young adult's relative or person with a caregiver relationship as a possible substitute care provider; OAR 413-070-0081 about when and how the Department reviews its effort to place a child or young adult with a relative or person with a caregiver relationship; and OAR 413-070-0087 about how the Department provides relatives and persons with a caregiver relationship the opportunity for ongoing connection and support with a child or young adult are being amended — and OAR 413-070-0090 about the Department's procedures in concluding that relative was not a suitable resource, OAR 413-070-0092 about how the Department developed

ADMINISTRATIVE RULES

an alternative permanency plan for a child, and OAR 413-070-0093 about the actions the Department took when it concluded a relative was a potential placement resource are being repealed — to clarify the rules concerning the search for and engagement of relatives and persons with a caregiver relationship for a child or young adult when managing the child or young adult's safety, substitute care, permanent placement, or other needs; reflect current Department terminology; and bring the search for and engagement of relatives and persons with a caregiver relationship rules into compliance with federal requirements.

Rules Coordinator: Annette Tesch—(503) 945-6067

413-070-0060

Purpose

The purpose of these rules, OAR 413-070-0060 to 413-070-0087, is to describe the Department's responsibility to search for and engage a child or young adult's relatives and persons with a *caregiver relationship*. The Department seeks to identify a child or young adult's relatives and persons with a caregiver relationship for one or more of the following purposes:

- (1) To engage in managing the child or young adult's safety;
- (2) To provide a substitute care resource;
- (3) To provide a permanent placement resource;
- (4) To develop and maintain family relationships and cultural connections with the child or young adult in substitute care; and
- (5) To gather family information and family history to plan for meeting the child or young adult's needs.

413-070-0063

Definitions

The following definitions apply to OAR 413-070-0060 to 413-070-0093:

(1) "Caregiver relationship" means a relationship between a person and a child that meets the requirements of the following subsections:

(a) The relationship has existed for the 12 months immediately preceding the initiation of a dependency proceeding, at least six months during a dependency proceeding, or half of the child's life if the child is less than six months of age.

(b) The person had physical custody of the child or resided in the same household as the child and provided the child on a daily basis with the love, nurturing, and other necessities required to meet the child's psychological and physical needs.

(c) The child depended on the relationship to meet the child's needs.

(d) A caregiver relationship does not include a relationship between a child and a person who is the unrelated foster parent of the child unless the relationship continued for a period of at least twelve consecutive months.

(2) "Certificate of approval" means a document that the Department issues to approve the operation of a child-specific relative caregiver home, child-specific foster home, pre-adoptive home, or a regular foster home.

(3) "Child" means a person under 18 years of age.

(4) "Department" means the Department of Human Services, Child Welfare.

(5) "Designee" means a person who the designator directly and immediately supervises or a person with equal or greater management responsibility than the designator.

(6) "Foster parent" means an individual who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(7) "Indian child" is any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(8) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally associated with parenthood, unless a court finds that the putative father is not the legal father.

(9) "Registered domestic partner" means an individual joined in a domestic partnership that has been registered by a county clerk in accordance with ORS 106.300 to 106.340.

(10) "Relative" means:

(a) An individual with one of the following relationships to the child or young adult through the child or young adult's parent:

(A) Any blood relative of preceding generations denoted by the prefixes of grand, great, or great-great.

(B) Any half-blood relative of preceding generations denoted by the prefixes of grand, great, or great-great (individuals with one common biological parent are half-blood relatives).

(C) A sibling, also to include an individual with a sibling relationship to the child or young adult through a putative father.

(D) An aunt, uncle, nephew, niece, first cousin, and first cousin once removed.

(E) A spouse of anyone listed in paragraphs (A) to (D) of this subsection, even if a petition for annulment, dissolution, or separation has been filed or the marriage is terminated by divorce or death. To be considered a relative under this paragraph, the child or young adult must have had a relationship with the spouse prior to the child or young adult entering substitute care.

(F) For the purposes of an international adoption, relative means an individual described in paragraphs (A) to (D) of this subsection.

(b) An individual with one of the following relationships to the child or young adult:

(A) An individual defined as a relative by the law or custom of the child or young adult's tribe if the child or young adult is an Indian child under the Indian Child Welfare Act or in the legal custody of a tribe.

(B) An individual defined as a relative of a refugee child or young adult under Child Welfare Policy I-E.2.2, "Placement of Refugee Children" OAR 413-070-0300 to 413-070-0380.

(C) A stepparent described in OAR 413-100-0020(27)(c) or former stepparent if the child or young adult had a relationship with the former stepparent prior to the child or young adult entering substitute care; a stepbrother; or a stepsister.

(D) The registered domestic partner of the child or young adult's parent or a former registered domestic partner of the child or young adult's parent if the child or young adult had a relationship with the former domestic partner prior to entering substitute care.

(E) The adoptive parent of a child or young adult's sibling.

(F) The unrelated legal or biological father or mother of a child or young adult's half-sibling when the child or young adult's half-sibling is living with the unrelated legal or biological father or mother.

(c) An individual identified by the child or young adult or the child or young adult's family, or an individual who self-identifies, related to the child or young adult through the child or young adult's parent by blood, adoption, or marriage to a degree other than an individual specified as a relative in paragraphs (A) to (D) of subsection (a) of this section.

(d) An individual, although not related by blood, adoption, or marriage identified as:

(A) A member of the family by the child or young adult or the child or young adult's family; and

(B) An individual who had an emotionally significant relationship with the child or young adult or the child or young adult's family prior to time the Department placed the child in substitute care.

(e) For the purposes of eligibility for the Guardianship Assistance program:

(A) A stepparent is considered a parent and is not a relative under these rules unless a petition for annulment, dissolution, or separation has been filed, or the marriage to the child's adoptive or biological parent has been terminated by divorce or death.

(B) A foster parent may be considered for Guardianship Assistance when:

(i) There is a compelling reason why adoption is not an achievable permanency plan;

(ii) The foster parent is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of guardianship;

(iii) The foster parent has cared for the child for at least the past 12 consecutive months; and

(iv) A Permanency Committee has recommended the foster parent for consideration as a guardian.

(11) "Relative caregiver" means an individual who operates a home that has been approved by the Department to provide care for a related child or young adult placed in the home by the Department.

ADMINISTRATIVE RULES

(12) "Relative search" means the efforts of the Department to identify, locate, and document the contact with a child or young adult's relatives.

(13) "Safety service provider" means a participant in a protective action or ongoing safety plan whose actions, assistance, or supervision help a family in managing a child's safety.

(14) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children or young adult's legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the children or young adults' legal or biological parent.

(15) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(16) "Young adult" means a person aged 18 through 20 years who remains in the care and custody of the Department, and lives in substitute care or lives independently through the Department's Independent Living Subsidy Program.

Legal Obligations Regarding Placement Preference

(1) The Department must conduct a search for a child or young adult's relatives:

(a) To assess the relatives' availability as a placement resource;

(b) To make diligent efforts to place a child or young adult with a relative or person with a caregiver relationship as the substitute care placement resource;

(c) To place the child or young adult with siblings who are also in substitute care, unless placement of the siblings together is not in the best interest of either the child or young adult or the child or young adult's sibling; and

(d) When necessary to place a child or young adult with a relative or person with a caregiver relationship as a permanent placement resource.

(2) When a child or young adult must be placed in substitute care and the Department is unable to place the child or young adult with a relative at the time of initial placement, the Department must determine the substitute care placement in order of preference using the placement matching criteria set forth in Child Welfare Policy I-E.3.1, "Placement Matching" OAR 413-070-0600 to 413-070-0645.

413-070-0069

Responsibilities to Identify Relatives and Persons with a Caregiver Relationship

(1) The Department must begin the search for relatives or persons with a caregiver relationship:

(a) During a CPS assessment when the Department has determined that a child is unsafe and an individual other than the parent or guardian is required to manage a child's safety; or

(b) When a parent or guardian:

(A) Is requesting the voluntary placement of the child; or

(B) Is voluntarily giving custody of the child to the Department.

(2) The Department must communicate with the following individuals to identify the child or young adult's relatives or persons with a caregiver relationship:

(a) The child or young adult's parents or legal guardians;

(b) The child or young adult, whenever possible;

(c) When the child or young adult is a refugee, other individuals identified in Child Welfare Policy I-E.2.2, "Placement of Refugee Children" OAR 413-070-0300 to 413-070-0380; and

(d) When the child or young adult is an Indian child, the tribe, pursuant to Child Welfare Policy I-E-E.2.1, "Placement of Indian Children" OAR 413-070-0100 to 413-070-0260.

(3) The Department may use, but is not limited to using, the following resources to identify or locate a child or young adult's relatives or persons with a caregiver relationship:

(a) An individual identified as a relative by the child or young adult or the child or young adult's family;

(b) An individual thought or known by the Department to be a relative of the child or young adult;

(c) Oregon data information systems available to the Department;

(d) The internet;

(e) Collateral contacts; and

(f) Other community resources available to search for the identity and contact information of relatives or persons with a caregiver relationship.

413-070-0072

Contact with Relatives or Persons with a Caregiver Relationship

(1) Unless a child welfare program manager or designee approves not contacting or a court orders no contact with an identified individual because the contact may compromise a child or young adult's or another individual's safety, the Department must make diligent efforts to contact each individual identified under OAR 413-070-0069 as soon as reasonably possible and no later than 30 calendar days after a child's initial:

(a) Removal from the custody of a parent or guardian; or

(b) Placement in substitute care through a voluntary placement agreement or voluntary custody agreement.

(2) During the contact required under section (1) of this rule, the Department must:

(a) Provide each grandparent and adult relative with notice in the individual's primary language that specifies:

(A) Whether the child or young adult has been removed from the custody of a parent or guardian to manage child safety or has been placed in substitute care through a voluntary placement agreement or voluntary custody agreement;

(B) Whether the child or young adult is currently residing with a relative;

(C) The opportunities and requirements associated with being assessed as a safe and appropriate safety service provider;

(D) The opportunities and requirements associated with being assessed to become a relative caregiver; and

(E) The rights of relatives set forth in Child Welfare Policy I-A.4.5, "Rights of Relatives" OAR 413-010-0300 to 413-010-0340, and the statutes governing intervention, limited participation, and post-adoption communication agreements.

(b) Request the names of other relatives not previously identified.

(3) The Department must document in the Department's information system:

(a) The approval not to contact an individual under section (1) of this rule;

(b) The name of each individual with whom the Department attempted or made contact;

(c) The individual's relationship to the child or young adult;

(d) The type of contact;

(e) Each individual's response to the notice required in subsection

(2)(a) of this rule when a response is received; and

(f) The individual's contact information.

(4) The Department may make a decision to engage an individual as a safety service provider or may place a child in substitute care with a relative prior to contacting all known relatives.

(5) The Department must respond to inquiries from a relative in person or by telephone as soon as reasonably possible and no later than within 15 business days, if a contact telephone number has been provided or discovered, or, when a telephone number has not been provided, contact the individual by other means, including by mail or electronic mail if no other means of contact was identified by the relative.

(6) The caseworker may utilize any meeting or other contact with the family to identify and engage relatives for the purposes set forth in OAR 413-070-0060.

(7) Whenever the Department is provided the name of a relative or person with a caregiver relationship previously unknown to the Department through the diligent search efforts, the Department must:

(a) Document the name and contact information in the Department's information system;

(b) Attempt to contact the individual as soon as reasonably possible and no later than within 15 business days; and

(c) Provide notice as set forth in the requirements and limitations of sections (1) and (2) of this rule.

ADMINISTRATIVE RULES

(8) When the Department is unable to locate contact information for an identified relative or person with a caregiver relationship, the Department must document the efforts to obtain contact information in the Department's information system.

Assessment of a Relative or Person with a Caregiver Relationship for Involvement in Safety Management

(1) The Department must assess an individual identified as a child or young adult's relative or person with a caregiver relationship prior to engaging the individual to assist in safety management as a safety service provider under Child Welfare Policy I-AB.7, "Assessment of an Individual as a Safety Service Provider" OAR 413-015-1200 to OAR 413-015-1230.

(2) The Department must document each decision regarding the involvement of a relative or person with a caregiver relationship as a safety service provider in the Department's information system.

413-070-0078

Consideration of a Relative or Person with a Caregiver Relationship as a Substitute Caregiver

(1) The Department is responsible for the selection of and placement with a substitute caregiver who best meets the safety, permanency, and well-being needs of the child or young adult.

(2) Whenever possible, the Department must seek the input of the child or young adult and the child or young adult's parents or guardians regarding their preferences of which relatives to assess for the purposes of placement.

(3) When a relative or person with a caregiver relationship has been identified for consideration as a substitute caregiver, the Department must consider:

(a) The individual's ability to provide safety for the child or young adult, including the individual's willingness to cooperate with restrictions on contact between the child or young adult and others and to prevent anyone from influencing the child or young adult on the allegations of the case;

(b) The individual's ability to meet the child or young adult's physical, emotional, and educational needs, including the need to continue in the same school or educational placement;

(c) The individual's ability to support the Department's implementation of the permanent plan;

(d) When more than one individual requests to have the child or young adult placed with them, which individual has the closest existing relationship with the child or young adult; and

(e) When a child or young adult's siblings are also in need of substitute care or continuation in substitute care, the individual's ability to provide substitute care for the child or young adult's siblings.

(4) The Department considers as a substitute care resource an individual described in OAR 413-070-0063(10)(a)-(c) prior to considering an individual described in OAR 413-070-0063(10)(d).

(5) The Department may use the expedited certification process under Child Welfare Policy II-B.1.1, "Responsibilities for Certification and Supervision of Relative Caregivers, Foster Parents, and Pre-adoptive Parents" OAR 413-200-0270 to 413-200-0296 to place the child or young adult with a relative or person with a caregiver relationship prior to contacting all known relatives or persons with a caregiver relationship.

(6) To begin the assessment of a relative or person with a caregiver relationship for the purpose of placement, the Department must complete each of the following actions:

(a) Explain to the relative or person with a caregiver relationship the requirements of certification, the certification process, and the Department's responsibility to select a substitute care resource best able to meet the child or young adult's needs for safety, permanency and well-being.

(b) Search the Department's information system and review any historic information regarding the individual that may be useful in assessing the individual's ability to provide substitute care.

(c) When the relative or person with a caregiver relationship has an interest in providing substitute care, obtain from the individual a signed

application for a certificate of approval and a signed consent for a fingerprint-based criminal offender records check of national crime information and complete the requirements of each of the following paragraphs:

(A) Conduct a review of the applicant's records in the Department's information system for any record of child abuse or neglect, and criminal history as required in OAR 413-200-0274(2)(i) and (j); and

(B) Assess the applicant's ability to meet the Department's certification standards as described in Child Welfare Policy II-B.1, "Certification Standards for Foster Parents, Relative Caregivers, and Pre-Adoptive Parents" OAR 413-200-0301 to 413-200-0396, unless, based on the analysis of the information gathered from the applicant's criminal history or child abuse and neglect history, the Department has made a decision to deny a certificate of approval based on the applicant's criminal history or child abuse or neglect history because:

(i) The applicant has committed a crime for which approval may not be granted as described in OAR 413-120-0450(4);

(ii) An exception, as described in OAR 413-120-0450(7), to the applicant's criminal history will not be granted; or

(iii) Based on the applicant's child abuse and neglect history, the Department has made the decision the applicant is not an appropriate placement resource for the child or young adult.

(7) Prior to preparing a notice of intent to deny a certificate of approval under OAR 413-200-0296, contact and inform the applicant of the Department's decision. After the applicant receives the Department's decision and the reasons for the decision:

(a) When the applicant elects to withdraw the application, the certifier must document in the Department's information system that the applicant has withdrawn and the reasons for the Department's decision not to continue with further assessment for the purposes of certification.

(b) When the applicant elects not to withdraw the application, the Department must issue a notice of intent to deny a certificate of approval under OAR 413-200-0296.

(8) The Department must continue efforts to contact other individuals identified in the search efforts described in OAR 413-070-0004 for the purposes of assessment as a substitute caregiver when the initial efforts described in this rule did not result in the identification and certification of a relative caregiver for the child or young adult.

(9) When the Department is considering placement with an individual who lives in a state other than Oregon, Child Welfare Policy I-B.3.4.2, "Interstate Compact on the Placement of Children" OAR 413-040-0200 to 413-040-0330 applies.

(10) At each court hearing, the Department must report to the court the diligent efforts the Department has made to place a child or young adult with relatives and to place siblings together.

413-070-0081

Review of a Child or Young Adult's Substitute Care Placement

(1) As set forth in section (2) of this rule, the Department must review the diligent efforts to place a child or young adult with a relative or person with a caregiver relationship and determine:

(a) Whether the child or young adult and his or her siblings, if the siblings are also in substitute care, have been placed with a relative or person with a caregiver relationship;

(b) If placement has not occurred already, the current efforts to identify a relative or person with a caregiver relationship able and willing to provide substitute care; and

(c) The additional contact with and assessment of identified relatives necessary to achieve placement with a relative.

(2) The Department must review the efforts to place a child or young adult with a relative or person with a caregiver relationship:

(a) No more than 30 calendar days from the date of the child or young adult's initial placement in substitute care;

(b) When the child or young adult's family, through a family meeting, has recommended substitute care, permanency, or concurrent permanency relative resources other than the current substitute caregiver and those relative resources have not yet been assessed;

(c) When it appears that a child or young adult likely is to experience or experiences a change in substitute caregiver;

(d) When the child or young adult's substitute caregiver does not meet the child or young adult's needs for safety, permanency, and well-being;

ADMINISTRATIVE RULES

(e) During every regular case review described in Child Welfare Policy I-B.3.1, "Developing and Managing the Case Plan" OAR 413-040-0000 to 413-040-0032; and

(f) No more than 30 calendar days prior to a court or administrative review hearing.

(3) When a child or young adult is placed with a relative or person with a caregiver relationship, The Department reviews whether the substitute caregiver is able to best meet the child or young adult's needs for safety and well-being as described in Child Welfare Policy I-E.3.1, "Placement Matching" OAR 413-070-0613 to 413-070-0640.

(4) The caseworker must document in the Department's information system:

(a) The date of the review required under section (1) of this rule;

(b) The names of each individual who participated in the review;

(c) Whether and how a child or young adult's placement with a relative or person with a caregiver relationship has been met and whether siblings have been placed together;

(d) Recommended actions; and

(e) Any additional actions the Department will take to place a child or young adult, and his or her siblings, if the siblings are also in substitute care, with a relative or person with a caregiver relationship in a placement resource that meets the child's needs for safety, permanency, and well-being.

413-070-0087

Opportunity for Ongoing Connection and Support

(1) The caseworker must assess a relative's interest and appropriateness in maintaining family relationships and cultural connections with a child or young adult when the relative is not a placement resource, based on the relative's ability to:

(a) Meet the safety, permanency, and well-being needs of the child or young adult; and

(b) Provide appropriate ongoing support.

(2) When a relative or person with a caregiver relationship meets the criteria described in section (1) of this rule, the caseworker must provide the child or young adult's relative, including a relative who resides outside the state of Oregon, with ongoing opportunities to develop and maintain family relationships and cultural connections with the child or young adult that support the child or young adult's safety and well-being while the child or young adult remains in substitute care.

(3) The parameters of a relative's contact with and support of the child are documented in the Department's information system.

413-070-0067

Foster Care Providers as Temporary Resources

Although some foster parents become permanent resources for children, at placement it is the responsibility of the worker to inform the foster parent that planning for the child does not necessarily include permanent placement with the foster parents. SOSCF workers shall discuss with foster parents that the foster parent role is that of a transitional resource. The worker shall keep the foster parent informed of the primary permanent and alternative permanent planning for the child. If the foster parents become interested in the permanent placement of a child in their home, procedures outlined in SOSCF Policy I-G.1.1, Current Caretaker Adoption Planning, apply.

Rules Suspended: 413-010-0084, 413-110-0120

Subject: These rules about permanency plans, adoptive placement selection, and placement decisions for children in the care and custody of the Department, are being changed because the Department is redesigning the structure by which it makes these decisions. These rules set the requirements and responsibilities for the Department around changing a child's permanency plan, consideration of adoption as a permanency option, consideration and selection of prospective adoptive resources, the selection decision and review process for an adoption placement selection, and post adoptive selection placement and support for the adoptive child and family. These rules are also being amended, adopted, and suspended to bring the Department into compliance with the Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949 - 3981) and ORS 419B.192 which direct that during the placement of a child consideration of the child's relatives and placement of siblings together are the first preference for permanency. These rules are also being amended, adopted, and suspended to explain the Department's responsibility for decision-making in permanency planning and adoption placement selection.

OAR 413-010-0081 about the purpose of the Department's rules (OAR 413-010-0081 to 413-010-0086) regarding the Department's responsibilities when releasing an adoption home study during the process to select an adoptive resource for a child and the responsibilities of an individual receiving a copy of the adoption home study, OAR 413-010-0082 about the definitions of key terms used in these rules (OAR 413-010-0081 to 413-010-0086), OAR 413-010-0083 about to whom and under which circumstances an adoption home study may be released, OAR 413-010-0085 about who may determine the release of an adoption home study is inappropriate and the truncated version of the adoption home study the Department may

ADMINISTRATIVE RULES

release, and OAR 413-010-0086 about which individuals may request, how they may request, and their responsibilities once they receive a copy of an adoption home study are being amended; and OAR 413-010-0084 about the redaction of information in an adoption home study before the study is released is being suspended to clarify the Department's policy for releasing an adoption home study for the purpose of selecting an adoptive resource for a child, include definitions used throughout these rules (OAR 413-010-0081 to 413-010-0086), and reflect current Department terminology, policy, and practices. OAR 413-010-0082 about the definitions used in OAR 413-010-0081 to 413-010-0086 also is being amended to add current and remove outdated definitions of terms used throughout these rules. OAR 413-010-0083 also is being amended to state the circumstances under which an adoption home study may be released to a member of the Refugee Child Welfare Advisory Committee (RCWAC) or adoption committee or a court for purposes of approving an adoption, and to restate language about when a public or private agency or a subject family may review an adoption home study. OAR 413-010-0085 also is being amended to explain the circumstances under which the Department may release a redacted or summary adoption home study report. OAR 413-010-0086 also is being amended to state the circumstances under which the Department may release an adoption home study report to a child's CASA, an Indian child's tribal representative, a RCWAC representative, or a child's attorney.

OAR 413-070-0520 about the purpose of the Department's Another Planned Permanent Living Arrangement (APPLA) rules (OAR 413-070-0520 to 413-070-0565), OAR 413-070-0524 about the definitions used in these rules, OAR 413-070-0540 about how the Department determines an APPLA is the appropriate permanency plan for a child, and OAR 413-070-0550 about how the Department reviews and approves an APPLA permanency plan are being amended to clarify the Department's policy for APPLA permanency plans, include definitions used throughout the APPLA rules, OAR 413-070-0520 to 413-070-0565, and reflect current Department policy, practice, and terminology. OAR 413-070-0520 also is being amended to clarify the purpose of OAR 413-070-050 to 413-070-0565. OAR 413-070-0524 also is being amended to add current and remove outdated definitions of terms used throughout these rules. OAR 413-070-0536 about when APPLA may be considered is being amended to correctly identify defined terms. OAR 413-070-0540 also is being amended to include individuals required to be a part a child's permanency planning when an APPLA is being considered. OAR 413-070-0550 also is being amended to state the Department methodology, practice, and decision-making when APPLA is considered as a permanency plan.

OAR 413-110-0100 about the purpose of the Department's sibling permanency placement planning rules (OAR 413-110-0100 to 413-110-0150), OAR 413-110-0110 about the definitions used in these rules, OAR 413-110-0130 about the Department's priorities when developing a permanency plan for siblings, and OAR 413-110-0140 about how the Department reviews and the notice the Department provides regarding a permanency committee recommendation regarding permanent separation of siblings are being amended; OAR 413-110-0120 about the values the Department considered when developing a permanency plan for siblings is being suspended; and OAR 413-110-0132 about how the Department considers and determines whether to adopt a permanency plan recommending permanent separation of siblings and OAR 413-110-0150 about the Department's recruitment efforts to identify a potential guardian or adoptive resource who can initiate and maintain connections between siblings when separation of siblings has occurred as a result of a Department action or decision are being adopted to clarify the Department's policy regarding permanency plans resulting in separation of siblings, include definitions used throughout these rules, OAR 413-110-0100 to 413-110-0150, and reflect current Department policy, practice, and terminology.

Rules Coordinator: Annette Tesch—(503) 945-6067

413-010-0081

Purpose

These rules, OAR 413-010-0081 to 413-010-0086, describe the responsibilities of the Department when releasing an adoption home study for the purpose of selecting an adoptive resource for a child and the responsibilities of an individual receiving a copy of the adoption home study.

Stat. Auth.: ORS 409.050, 418.005

Definitions

The following definitions apply to OAR 413-010-0081 to 413-010-0086:

(1) "Adoption agency" means an organization providing any of the following services:

(a) Identifying a child for adoption and arranging an adoption;

(b) Securing the necessary consent for relinquishment of parental rights and to adoption;

(c) Performing a background study on a child or a home study on a prospective adoptive parent and reporting on such a study;

(d) Making determinations of the best interests of a child and the appropriateness of adoption placement for the child;

(e) Monitoring a case after placement until final adoption;

(f) When necessary because of disruption before final adoption, assuming custody and providing childcare or other social services for the child pending an alternative placement.

(2) "Adoption committee" means either a central office adoption committee or a local adoption committee.

(3) "Adoption home study" means a document which includes an assessment of a potential adoptive resource to determine the suitability of the potential adoptive resource to make a lifelong, permanent commitment to adopt a child in the Department's custody, in the custody of a public welfare agency in another state, or under the jurisdiction of a juvenile court in another state.

(4) "Adoptive Resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(5) "CASA" means Court Appointed Special Advocate, a volunteer who is appointed by the court, is a party to the juvenile proceeding, and is an advocate for the child pursuant to ORS 419A.170.

(6) "Child" means a person under 18 years of age.

(7) "Department" means the Department of Human Services, Child Welfare.

(8) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(9) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(10) "RCWAC" means the Refugee Child Welfare Advisory Committee.

Release and Review of Adoption Home Study Reports

(1) An adoption home study of a potential adoptive resource for a child in the legal custody of the Department is released only to:

(a) A child's CASA, a child's attorney, an Indian child's tribe, a representative of the RCWAC, and members of the adoption committee when the potential adoptive resource has been selected by an adoption committee to be considered as an adoptive resource or has been selected by a case-worker as the adoptive resource;

(b) A public or private adoption agency upon the written request and authorization for release from each individual who is a subject of the adoption home study;

(c) The court for purposes of approving an adoption.

(2) When an adoption home study previously has not been provided to individuals who are the subject of the adoption home study, the adoption home study may be provided to the individuals upon written request. Prior to releasing the adoption home study, the Department must redact the

ADMINISTRATIVE RULES

names and identifying information of individuals who have provided information for the adoption home study prior to release.

(3) An adoption home study released under these rules, OAR 413-120-0081 to 413-120-0086, must have a signed valid release of information from the potential adoptive resource and must be kept confidential as described in OAR 413-120-0033.

Stat. Auth.: ORS 409.050, 409.225, 418.005, 419B.035

413-010-0084

Pre-Release Redaction of Adoption Home Study Report

(1) Before releasing an adoption home study report to a child's CASA, child's tribe, or child's attorney, and before releasing a report to a public or private adoption agency without an authorization signed by family members who are the subject of the report, the Department shall redact from the report information that is confidential by federal or state law. Information that must be redacted under this provision includes:

- (a) Protected health information;
- (b) Mental health information;
- (c) Substance abuse information;
- (d) Criminal record check information; and
- (e) Social security numbers.

(2) Before releasing an adoption home study report to a child's CASA, child's tribe, or child's attorney, or releasing a report to a public or private adoption agency without an authorization signed by family members who are the subject of the report, the Department may redact information from the report to ensure that the prospective adoptive family cannot be identified as a result of the release of the report. Personal information about the prospective family, the disclosure of which would be unreasonable, will not be disclosed and sensitive information provided by others will be protected. Information that may be redacted under this provision includes:

- (a) The identity of references for the prospective adoptive family;
- (b) Information obtained from adult children of the prospective adoptive family;
- (c) Names of schools, businesses, or other places or things that could help identify a person named in the report or who provided third party information for the report;
- (d) Dates of birth;
- (e) Last names of persons;
- (f) Addresses;
- (g) Personal identification numbers;
- (h) Telephone numbers;
- (i) Personal information that would likely embarrass members of the prospective adoptive family if the identity of the family became known; and
- (j) Other information that could be used to identify a person, such as a job title, nickname, ceremonial title, a well known achievement or subject of notoriety.

413-010-0086

Release of Adoption Home Study Report to CASA, Child's Tribe, RCWAC representative, and Child's Attorney

When the child's CASA, an Indian child's tribal representative, a RCWAC representative, or the child's attorney has been notified of a scheduled adoption committee and declined to participate as an adoption committee member pursuant to OAR 413-120-0050, he or she:

- (1) May request a copy of the adoption home studies for the potential adoptive resources selected for consideration by the adoption committee at least seven business days prior to the scheduled adoption committee;
- (2) May provide input for the adoption committee's consideration; and

(3) Must return all written information to the Department no later than the date of the scheduled adoption committee.

413-070-0520

Purpose

The Department must develop, document, and implement a permanency plan for every child placed in the Department's *legal custody* for *substitute care* placement. The Department has four permanency plans from which to choose for a child. The four permanency plans, in order of preference, are: reunification with a parent; adoption, including adoption by a child's relative; legal guardianship, including guardianship with a child's relative; and APPLA. The purpose of these rules, OAR 413-070-0520 to 413-070-0565, is to describe the responsibilities of the Department in case planning for the appropriate use of APPLA.

Stat. Auth.: ORS 418.005
Stats Implemented: ORS 418.005

413-070-0524

Definitions

The following definitions apply to these rules, OAR 413-070-0520 to 413-070-0565:

(1) "APPLA" means Another Planned Permanent Living Arrangement, a permanency plan for a stable secure living arrangement for a child that includes building relationships with significant people in the child's life that may continue after substitute care. APPLA is the least preferred permanency plan of the four permanency plan options for a child and is appropriate only in very limited circumstances.

(a) "Planned" means the arrangement is intended, designed, and deliberate.

(b) "Permanent" means enduring and stable.

(2) "Caregiver relationship" means a relationship between a person and a child that meets the requirements of all of the following subsections:

(a) The relationship has existed for the 12 months immediately preceding the initiation of a dependency proceeding, for at least six months during a dependency proceeding, or for half of the child's life if the child is less than six months of age.

(b) The person had physical custody of the child or resided in the same household as the child and provided the child on a daily basis with the love, nurturing, and other necessities required to meet the child's psychological and physical needs.

(c) The child depended on the relationship to meet the child's needs.

(d) A caregiver relationship does not include a relationship between a child and a person who is an unrelated foster parent of the child unless the relationship continued for a period of at least twelve consecutive months.

(3) "Case plan" means a written, goal oriented, time limited individualized plan for the child and the child's family, developed by the Department and the parents or legal guardians, to achieve the child's safety, permanency, and well being.

(4) "Certifier" means a Department employee who conducts assessments of applicants interested in providing relative or foster care to a child or young adult in the care or custody of the Department, determines whether to recommend approval of the operation of a relative care or foster home, and monitors the compliance of a relative care or foster care home with Child Welfare certification standards.

(5) "Child" means a person under 18 years of age.

(6) "Committee facilitator" means a Department staff member appointed to facilitate a permanency or adoption committee meeting. The facilitator is a member of the committee and is responsible for ensuring all of the following:

(a) The meeting is held according to the requirements of Oregon Administrative Rules.

(b) Individuals who are not committee members and are invited to and attend the meeting are:

(A) Informed of the responsibilities of the committee and the confidentiality of information presented during the meeting;

(B) Allowed to present information appropriate for consideration in the permanency or adoption recommendation for the child and his or her siblings; and

(C) Excused in a timely manner.

(c) Thorough and accurate documentation of the committee recommendations.

ADMINISTRATIVE RULES

(7) "Compelling reason" means a convincing and persuasive justification why an action or decision would not be in a child's best interests.

(8) "Department" means the Department of Human Services, Child Welfare.

(9) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(10) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for unrelated children or young adults who are placed in the home by the Department.

(11) "Independent living housing subsidy" means a payment to assist in covering the cost of room, board, or other monthly expenses made to an eligible individual who is in the care and custody of the Department and living independently.

(12) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(13) "Legal custody" means a legal relationship between a person, agency, or institution and a child that imposes on the person, agency, or institution the duties and authority of the child's legal custodian.

(14) "Legal guardian" means a person or agency that has the duties and authority of a parent with legal custody to make decisions concerning a child, including but not limited to the following:

(a) Authorize surgery and other extraordinary treatment for the child;

(b) Authorize the child to enlist in the armed forces of the United States;

(c) Consent to the adoption of the child; and

(d) Make other decisions of substantial legal significance concerning the child, but a guardian is not a conservator of the child's property or estate.

(15) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally associated with parenthood unless a court finds that the putative father is not the legal father.

(16) "Permanency committee" means a group of at least three individuals, who are responsible for making a recommendation regarding a child's permanency plan when the child likely is not returning to his or her parent.

(a) A permanency committee must include three individuals, approved by the child welfare program manager or designee, none of whom has a current personal or professional relationship to the child or potential placement resource. These approved committee members:

(A) Must include at least one individual who is a Department staff member;

(B) Must include a Department staff member appointed as the committee facilitator; and

(C) May include one or two individuals who are community partners.

(b) Each of the three permanency committee members approved under subsection (a) of this section must meet the requirements of all of the following paragraphs:

(A) Be knowledgeable about adoption and permanency issues;

(B) Be knowledgeable of the importance of lifelong family attachment and cultural connections; and

(C) Must represent more than one local child welfare office when there are two or more Department staff members on the permanency committee.

(17) "Permanency plan" means a written course of action for achieving safe and lasting family resources for the child. Although the plan may change as more information becomes available, the goal is to develop safe and permanent family resources with the parents, relatives, or other people who will assume legal responsibility for the child during the remaining years of dependency and be accessible and supportive to the child in adulthood.

(18) "Permanent foster care" means the out of home placement of a child in which there is a long-term foster care contract between each substitute caregiver and the Department approved by the juvenile court under which the substitute caregiver commits to raise a child in substitute care until the age of majority and be accessible to and supportive of the child

into adulthood, until the court determines that APPLA - permanent foster care is no longer the appropriate permanency plan for the child.

(19) "RCWAC" means the Refugee Child Welfare Advisory Committee.

(20) "Refugee child" means, as defined under ORS 418.925, a person under 18 years of age who has entered the United States and is unwilling or unable to return to the person's country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group, or political opinion, or whose parents entered the United States within the preceding 10 years and are or were unwilling or unable to return to their country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group, or political opinion.

(a) As used in this section, "persecution" means that harm or suffering will be inflicted upon the person to punish the person for possessing a particular belief or characteristic. "Persecution" does not include harm and suffering that is inflicted on persons generally by reason of civil or military strife in a country.

(b) As used in this section, "fear of persecution" means an apprehension or awareness, based on external objective facts, that the person will suffer persecution upon return to the person's country.

(21) "Relative caregiver" means a person who operates a Department approved home providing care for a related child or young adult placed into the home by the Department.

(22) "Substitute care" means the out-of-home placement of a child who is in the legal or physical custody and care of the Department.

(23) "Substitute caregiver" means a relative caregiver, foster parent, or provider authorized to provide care to a child or young adult in the legal or physical custody of the Department.

(24) "Young adult" means a person 18 to 20 years of age who remains in the care and custody of the Department, and lives in substitute care or lives independently through the Department's Independent Living Subsidy Program.

When APPLA May Be Considered

(1) The Department may consider APPLA as a permanency plan for a child or young adult only if the Department has determined that there is a compelling reason that it is not in the best interests of the child to implement one of the following preferred permanency plans, listed in order of preference:

(a) Placement with a parent;

(b) Placement in an adoptive home which includes permanent placement with a fit and willing relative through the adoption; or

(c) Placement with a legal guardian which includes permanent placement with a fit and willing relative as a guardian.

(2) The Department considers and must develop a permanency plan based on the individual safety, well-being, and permanency needs of a child.

(3) For purposes of implementing an APPLA permanency plan, the Department must document and submit to the court the compelling reason that it is not in the best interests of the child to implement a more preferred permanency plan in circumstances that include, but are not limited to the following:

(a) The child is an older teen, who has had an explanation and understands the permanency plan prior to rejecting all of the more preferred permanency plans.

(b) The child's tribe has identified an APPLA as the preferred plan for an Indian child.

(c) The adult with whom the child has formed a permanent attachment currently is unable or unwilling to adopt the child or become the child's guardian.

(d) A child 14 years of age or older is unwilling to consent to adoption.

(4) The examples provided in section (3) of this rule are not intended to eliminate from consideration any more preferred permanency plan for a child in substitute care. Each child's permanency plan is based on the best interests and individual needs and circumstances of the child and determined on an individual basis. A child's age or disability is never a disqualifier for a more preferred permanency plan.

413-070-0540

Consideration of APPLA as a Child's Permanency Plan

The Department determines that an APPLA is the permanency plan for a child or young adult when all of the following requirements are met:

(1) The caseworker and supervisor review the APPLA plan and document:

(a) The compelling reason why each of the more preferred permanency plans is not in the child or young adult's best interests; and

(b) The basis that an APPLA plan is the most appropriate permanency plan for the child or young adult.

(2) The caseworker must convene a team of individuals, knowledgeable about the child or young adult's needs, to consider an APPLA permanency plan for the child or young adult when it appears that the child or young adult cannot be reunified with a parent, placed for adoption, or placed with a legal guardian.

(a) The team must include:

(A) The child or young adult, unless the child or young adult refuses or is unable to participate in planning;

(B) The court appointed special advocate, if one has been appointed;

(C) A child or young adult's attorney;

(D) A tribal representative, if the child is an ICWA child; and

(E) A member of the RCWAC, if the child is a refugee child.

(b) In addition the team may include, but is not limited to:

(A) The child or young adult's parents (unless their parental rights have been terminated or their participation in the meeting would be harmful to the child or young adult);

(B) The child or young adult's substitute caregiver;

(C) The substitute caregiver's certifier;

(D) Relatives;

(E) Persons with a caregiver relationship; and

(F) Other persons with significant involvement in the child or young adult's life.

(3) The team must:

(a) Identify and consider how an APPLA permanency plan meets the child or young adult's needs and best interests and the requirements of OAR 413-070-0536(1);

(b) Provide the child or young adult and the child or young adult's parents an opportunity to identify available permanency resources;

(c) Consider the parents' acceptance of APPLA as a permanency plan and their desire for continued contact with the child or young adult;

(d) Consider how the child or young adult's substitute caregiver is able to meet the child or young adult's needs, and establish and continue cultural connections; and

(e) Consider each of the more preferred permanency plans described in OAR 413-070-0536(1).

(4) After the team has complied with section (3) of this rule, and when APPLA is the recommended permanency plan the team must document the recommended permanency plan and how the plan assures the safety and well-being of the child or young adult, achieves permanency for the child or young adult, and provides the child or young adult with support in adulthood. The recommended permanency plan may be one of the two APPLA permanency plans only when the plan is the most appropriate permanency plan for the child or young adult, and addresses the child or young adult's permanency, safety, and well being needs.

(5) When APPLA — permanent foster care is recommended as the most appropriate permanency plan for a child or young adult, the caseworker must meet separately with the substitute caregiver and the child to:

(a) Assess interest in and commitment to a permanent foster care agreement with each substitute caregiver as long as APPLA - permanent foster care is the permanency plan for the child; and

(b) Review the requirements, responsibilities, and approval process for the permanent foster care agreement with each substitute caregiver.

Stat. Auth.: ORS 418.005, 419.937, 419.941, 419A.004(17)

413-070-0550

Review and Approval of an APPLA Permanency Plan

(1) The caseworker must schedule a permanency committee within 30 days of the recommendation of the team described in OAR 413-070-0540(2).

(2) When a permanency committee has been scheduled, the Department must notify and invite all of the following individuals to present information to the permanency committee:

(a) The caseworker and caseworker's supervisor;

(b) The child or young adult's attorney;

(c) The court appointed special advocate (CASA) for the child;

(d) A tribal representative if the child is an Indian child; and

(e) A member of the RCWAC if the child is a refugee child.

(3) The individuals in section (2) may provide the Department names of other individuals who have significant information regarding the child's needs and request that the Department invite the other individuals to present information to the permanency committee.

(4) Information may be presented by any person invited to the permanency committee in person, by telephone, through other electronic communication, or in writing.

(5) The permanency committee may seek clarifying and request additional information during the presentations.

(6) When presentations are completed, the child's attorney, CASA, the tribal representative, the member of the RCWAC, and any other individual invited under section (3) of this rule, are excused from the permanency committee. The child's caseworker and the caseworker's supervisor remain for the completion of the permanency committee but do not participate in making the committee recommendation.

(7) The permanency committee must review all information presented to the permanency committee and make a recommendation regarding a permanency plan of APPLA for the child.

(8) After the permanency committee, the committee facilitator must provide written documentation of the permanency committee's recommendation to the child welfare program manager or designee within three business days of the scheduled permanency committee.

(9) The child welfare program manager or designee responsible for making the decision on behalf of the Department may attend the committee meeting, listen, and ask for clarifying or additional information, but may not have been a participating member of the committee.

(10) The child welfare program manager or designee must:

(a) Consider the recommendations of the permanency committee;

(b) Within 3 business days, make a decision whether a permanency plan of APPLA is appropriate for the child and, if the plan is APPLA-Permanent Foster Care, whether the substitute caregiver is appropriate; and

(c) Provide notice of the decision to the caseworker within one business day following a decision under subsection (b) of this section.

(11) The caseworker must notify all of the following individuals within one business day following receipt of the notice received under subsection (9)(c) of this rule:

(a) The child or young adult,

(b) The child or young adult's substitute caregiver;

(c) The child or young adult's attorney;

(d) The child or young adult's CASA;

(e) The tribal representative, when the child is an Indian child; and

(f) The member of the RCWAC, when the child is a refugee child.

(12) Any individual receiving notice under section (9) of this rule, as well as the caseworker and caseworker's supervisor, may request a review of the decision made by the child welfare program manager or designee by submitting a written request to the District Manager within seven calendar days of the notification required under section (10) of this rule.

(13) Within 14 calendar days of the notification required under section (10) of this rule, the District Manager must review the decision of the child welfare program manager or designee.

(14) In conducting the review under section (12) of this rule, the District Manager may consider the information submitted to the child welfare program manager or designee from the permanency committee, and may consider additional relevant information. Upon completing the review, the District Manager must provide written notice to the caseworker of the child or young adult, the caseworker's supervisor, and any other party who requested the review, that either:

(a) The child welfare program manager or designee's decision is affirmed, and the caseworker is directed to reconvene the team described in OAR 413-070-0540(2) to reconsider the child or young adult's permanency options; or

(b) The child welfare program manager or designee's decision is reversed, the APPLA plan is recommended, and the caseworker is directed to proceed with the APPLA plan.

(15) After any review has been completed, within 30 days of the decision to approve an APPLA permanency plan under section (9) of this rule, or when a decision made under section (9) of this rule was subject to review

ADMINISTRATIVE RULES

and the decision to approve an APPLA permanency plan under section (13) of this rule has been made, the caseworker must request a permanency hearing before the court, requesting the court to consider and approve the APPLA plan. At the court hearing the caseworker must:

(a) Recommend that the court issue an order approving the APPLA plan;

(b) Set forth the compelling reasons why it would not be in the best interests of the child or young adult to return home, be placed for adoption, or be placed with a guardian;

(c) Set forth a timetable for the child or young adult's placement in another planned permanent living arrangement;

(d) Set forth the reasonable services the Department may offer each parent to meet the best interests of the child or young adult until a more preferred permanency plan is achieved, the child reaches the age of majority, reaches independence, or the juvenile court relieves the Department of legal custody of the child or young adult; and

(e) Set forth the type and amount of parent-child and child-sibling contact and involvement until a more preferred permanency plan is achieved, the child reaches age of majority, reaches independence, or the juvenile court relieves the Department of legal custody of the child or young adult.

(f) When the court previously has ordered or the Department recommends that no contact be allowed between parent and child or child and sibling, the caseworker must request that the court issue a standing protective order, including the reasons why no contact is allowed.

(16) When the APPLA plan does not receive approval at any time during the process described in this rule, within 30 days the caseworker must:

(a) Inform the child or young adult, the child or young adult's substitute caregivers, the child or young adult's parents, the child or young adult's attorney, the child's court appointed special advocate, and other persons with significant involvement in the child or young adult's life; and

(b) Reconvene the team described in OAR 413-070-0540(2) to reconsider the child or young adult's other permanency options.

413-110-0100

Purpose

These administrative rules, OAR 413-110-0100 to 413-110-0150, describe the Department's case planning responsibility to maintain and support lifelong sibling relationships for a child in the legal custody of the Department whose permanency plan is guardianship or adoption.

Stat. Auth.: ORS 418.005, 419B.192

Stats. Implemented: ORS 418.005, 419B.192

413-110-0110

Definitions

The following definitions apply to these rules, OAR 413-110-0100 to 413-110-0150:

(1) "Adoptive Resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(2) "Child" means a person under 18 years of age.

(3) "CASA" means a court appointed special advocate, a volunteer who is appointed by the court, is a party to the juvenile proceeding, and advocates for the child pursuant to ORS 419A.170.

(4) "Committee facilitator" means a Department staff member appointed to facilitate a permanency or adoption committee meeting. The facilitator is a member of the committee and is responsible for ensuring all of the following:

(a) The meeting is held according to the requirements of Oregon Administrative Rules;

(b) Individuals who are not committee members and are invited to and attend the meeting are:

(A) Informed of the responsibilities of the committee and the confidentiality of information presented during the meeting;

(B) Allowed to present information appropriate for consideration in the permanency or adoption recommendation for the child and his or her siblings; and

(C) Excused in a timely manner.

(c) Thorough and accurate documentation of the committee recommendations.

(5) "Department" means the Department of Human Services, Child Welfare.

(6) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(7) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(8) "Permanency committee" means a group of at least three individuals, who are responsible for making a recommendation regarding a child's permanency plan when the child likely is not returning to his or her parent.

(a) A permanency committee must include three individuals, approved by the child welfare program manager or designee, none of whom has a current personal or professional relationship to the child or potential placement resource. These approved committee members ---

(A) Must include at least one individual who is a Department staff member;

(B) Must include a Department staff member appointed as the Committee Facilitator; and

(C) May include one or two individuals who are community partners.

(b) Each of the three permanency committee members approved under subsection (a) of this section must meet the requirements of all of the following paragraphs:

(A) Be knowledgeable about adoption and permanency issues;

(B) Be knowledgeable of the importance of lifelong family attachment and cultural connections; and

(C) Must represent more than one local child welfare office when there are two or more Department staff members on the permanency committee.

(9) "RCWAC" means the Refugee Child Welfare Advisory Committee.

(10) "Refugee child" means, as defined under ORS 418.925, a person under 18 years of age who has entered the United States and is unwilling or unable to return to the person's country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group or political opinion, or whose parents entered the United States within the preceding 10 years and are or were unwilling or unable to return to their country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, or membership in a particular group or political opinion.

(a) As used in this section, "persecution" means that harm or suffering will be inflicted upon the person in order to punish the person for possessing a particular belief or characteristic. "Persecution" does not include harm and suffering that is inflicted on persons generally by reason of civil or military strife in a country.

(b) As used in this section, "fear of persecution" means an apprehension or awareness, based on external objective facts, that the person will suffer persecution upon return to the person's country.

(11) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children's or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the child's legal or biological parent.

413-110-0120

Values

(1) The Department values the preservation of the relationships of *siblings* (defined in OAR 413-110-0110) when in the best interests of the children, recognizing these relationships as the family relationships that can be the longest lasting.

(2) The Department values the placement of *siblings* with the same substitute care provider or adoptive family whenever possible and when it is in the best interests of the children to do so.

(3) If separation of *siblings* occurs in foster care, the Department views the separation as temporary and will work to reunite separated *siblings* when it is in the best interests of the children to do so.

413-110-0130

Consideration of Sibling Placement

The Department's first priorities for placement of a child in the legal custody of the Department are placement with relatives and with siblings.

(1) When any child in the legal custody of the Department is separated from one or more siblings in substitute care, the Department must make diligent efforts to place the siblings together in substitute care, so long as it is in the child's best interests, regardless of each child's permanency plan.

(a) The caseworker must document the efforts to place siblings together in substitute care in the Department's information system.

(b) If siblings are placed separately in substitute care, the Department must ensure that the children have the opportunity for continuing contact unless contact is not in the best interest of the child or one or more of the siblings.

(2) When a caseworker, in consultation with the caseworker's supervisor, is considering the permanent separation of siblings for whom adoption or guardianship is the permanency plan, the caseworker must schedule a permanency committee.

Stat. Auth.: ORS 418.005, 419B.192

Stats. Implemented: ORS 418.005, 419B.192

Hist.: SCF 6-1996, f. & cert. ef. 9-17-96; SOSCF 19-2001, f. 6-29-01, cert. ef. 7-1-01; CWP 48-2003, f. 12-31-03, cert. ef. 1-1-04; CWP 8-2006, f. & cert. ef. 5-1-06; CWP 13-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

413-110-0132

Consideration of Sibling Separation

(1) When a permanency committee has been scheduled under OAR 413-100-0130, the Department must notify and invite all of the following individuals to present information to the permanency committee.

(a) The caseworker for the child and for each sibling;

(b) The caseworker's supervisor for the child and for each sibling;

(c) The attorney for the child and for each sibling;

(d) The CASA for the child and for each sibling;

(e) When a child is an Indian child, a tribal representative; and

(f) When a child is a refugee child, a member of the RCWAC.

(2) The individuals in section (1) may provide the Department names of other individuals who have significant information regarding the child's or a sibling's needs and request that the Department invite the other individual to present information to the permanency committee.

(3) Information may be presented by any individual invited to the permanency committee in person, by telephone, through other electronic communication, or in writing.

(4) The permanency committee may seek clarifying and request additional information during the presentations.

(5) When presentations are completed, the children's attorneys, each CASA, the tribal representative, the member of the RCWAC, and any other individual invited under section (2) of this rule, are excused from the permanency committee. The caseworker and caseworker's supervisor for the child and each sibling remain for the completion of the permanency committee but do not participate in making the committee recommendation.

(6) The permanency committee must review all information presented to the permanency committee and consider all of the following:

(a) The current and lifelong needs of the child and of each sibling;

(b) The existence of the child's significant emotional ties to each sibling;

(c) The child's and each sibling's needs for all of the following:

(A) Physical and emotional safety;

(B) Ability to develop and maintain current and lifelong connections with the child's family;

(C) Continuity and familiarity;

(D) Appropriate educational, developmental, emotional, and physical support;

(E) Stability; and

(F) Maintaining his or her identity and cultural and religious heritage.

(7) After completing the review under section (6) of this rule, the permanency committee makes one of the following recommendations regarding placement of siblings:

(a) Separation of the child from one or more siblings is not in the best interest of the child and the caseworker must continue to make efforts to place the child with siblings for the purpose of adoption or guardianship; or

(b) Separation of the child from one or more siblings for the purpose of adoption or guardianship is in the best interests of the child.

(8) After the permanency committee, the committee facilitator must provide written documentation of the permanency committee's recommendation to the child welfare program manager or designee within three business days of the scheduled permanency committee.

(9) The child welfare program manager or designee responsible for making the decision on behalf of the Department may attend the committee meeting, listen, and ask for clarifying or additional information, but may not have been a participating member of the committee.

413-110-0140

Decision, Notification, and Review of a Sibling Placement Decision

(1) The child welfare program manager or designee must:

(a) Consider the recommendations of the permanency committee;

(b) Within 3 business days, make a decision whether permanent separation of siblings for the purposes of guardianship or adoption is appropriate for the child and the identified siblings; and

(c) Provide notice of the decision to the caseworker within one business day following the decision made under subsection (b) of this section.

(2) The caseworker must notify the following individuals within one business day following receipt of the notice received under subsection (1)(c) of this rule:

(a) The attorney for the child and for each sibling;

(b) The CASA for the child and for each sibling;

(c) When the child is an Indian child, a tribal representative; and

(d) When the child is a refugee child, a member of the RCWAC.

(3) Any individual receiving notice under section (2) of this rule, as well as the caseworker and caseworker's supervisor, may request a review of the decision made by the child welfare program manager or designee by submitting a written request to the District Manager within seven calendar days of the notification required in section (2) of this rule.

(4) Within 14 calendar days of notification required in section (2) of this rule, the District Manager must review the decision of the child welfare program manager.

(5) In conducting the review, the District Manager may consider the information submitted to the child welfare program manager from the permanency committee, and may consider additional, relevant information. Upon completing the review, the District Manager must provide written notice to each child's caseworker, supervisor, and any other party who requested the review that either:

(a) The child welfare program manager or designee's decision is affirmed; or

(b) The child welfare program manager or designee's decision is reversed and directing the caseworker's further actions to be taken regarding sibling placement planning.

413-110-0150

Sibling Placement and Permanency Planning

(1) When separation of siblings has occurred as a result of a Department action or decision pursuant to OAR 413-110-0140(1)(b) or 413-110-0140(5), the Department's efforts to identify a potential guardian or identify and recruit a potential adoptive resource must include recruitment efforts to identify a potential guardian or adoptive resource who can initiate and maintain connections between the child and one or more siblings, unless such a connection is not in the best interests of the child or one or more siblings.

(2) When one or more of the following circumstances exists, and it is in the best interest of the child, the caseworker must make efforts to identify a potential guardian or identify and recruit an adoptive resource that also may be able to become the guardian of or adoptive resource for the child's siblings:

(a) The child's mother is pregnant.

(b) The child's siblings, who are also in substitute care, do not yet have a permanency plan of adoption.

ADMINISTRATIVE RULES

Rule Caption: Changing OARs affecting Child Welfare programs.

Adm. Order No.: CWP 14-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 12-28-10

Notice Publication Date:

Rules Adopted: 413-120-0840, 413-120-0850, 413-120-0860, 413-120-0870

Rules Amended: 413-120-0800, 413-120-0810, 413-120-0830

Rules Suspended: 413-120-0820, 413-130-0150, 413-130-0160, 413-130-0170, 413-130-0180

Subject: These rules about permanency plans, adoptive placement selection, and placement decisions for children in the care and custody of the Department, are being changed because the Department is redesigning the structure by which it makes these decisions. These rules set the requirements and responsibilities for the Department around changing a child's permanency plan, consideration of adoption as a permanency option, consideration and selection of prospective adoptive resources, the selection decision and review process for an adoption placement selection, and post adoptive selection placement and support for the adoptive child and family. These rules are also being amended, adopted, and suspended to bring the Department into compliance with the Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949 - 3981) and ORS 419B.192 which direct that during the placement of a child consideration of the child's relatives and placement of siblings together are the first preference for permanency. These rules are also being amended, adopted, and suspended to explain the Department's responsibility for decision-making in permanency planning and adoption placement selection.

OAR 413-120-0800 about the purpose of the Department's rules (OAR 413-120-0800 to 413-120-0880) for adoption placement, supervision, and support when a child in the custody of the Department is placed in the home of an adoptive resource, OAR 413-120-0810 about the definitions used in OAR 413-120-0800 to 413-120-0880, and OAR 413-120-0830 about the actions the Department takes prior to placing a child with an adoptive resource are being amended; OAR 413-120-0820 about the values the Department followed when making adoptive placement decisions is being suspended; OAR 413-120-0835 about when the transition of a child into an adoptive home may begin is being amended and renumbered from OAR 413-120-0075; OAR 413-120-0840 about when an exception to the timeline for the child's placement with an adoptive resource may occur, OAR 413-120-0850 about the signed agreement required when an adoption is considered a legal risk adoption, OAR 413-120-0860 about the supervision the Department must provide after a child is placed with an adoptive resource, and OAR 413-120-0870 about the Department's actions when a child's placement into an adoptive home is disrupted are being adopted; and OAR 413-120-0880 about the circumstances under which the Department may not delay the placement of a child for adoption is being amended and renumbered from OAR 413-120-0045 to clarify the Department's policy for making an adoption placement selection for a child in the custody of the Department when that child has a permanency plan of adoption, include definitions used throughout these rules (OAR 413-120-0800 to 413-120-0880), and reflect current Department terminology, policy, and practices. OAR 413-120-0810 about the definitions used in OAR 413-120-0800 to 413-120-0880 also is being amended to add current and remove outdated definitions of terms used throughout these rules. OAR 413-120-0830 also is being amended to describe the circumstances under which the Department reconsiders other adoptive resources and the policies the Department must comply with when a child is placed with an adoptive resource outside of Oregon. OAR 413-120-0835 also is being amended and renumbered to state when the transition of a child into an adoptive may begin and how the Department makes an exception to delay the start of the transition. OAR 413-120-0840 also is being adopted to state how the Department makes an exception to the start of the transition of a child into an adoptive home sooner than allowed under

OAR 413-120-0835. OAR 413-120-0850 also is being adopted to state when the Department and the adoptive resource must sign a Legal Risk Agreement and what that agreement must include. OAR 413-120-0860 also is being adopted to state when the Department must engage in post-placement supervision of a child and adoptive home and what that supervision must encompass. OAR 413-120-0870 also is being adopted to explain when the disruption of an adoption may occur and the actions the Department takes in response to such a disruption. OAR 413-120-0880 also is being amended and renumbered to state the criteria under which the Department may not delay an adoptive placement and how the adoptive resource may file a complaint about a delayed placement.

OAR 413-130-0150, 413-130-0160, 413-130-0170, and 413-130-0180 about an adoptive family's eligibility for post adoption services when the adoptive family adopted a child through the Department are being suspended because their relevant provisions have been incorporated into other Department administrative rules, policies, and procedures and their other provisions do not properly belong in administrative rule.

Rules Coordinator: Annette Tesch—(503) 945-6067

413-120-0800

Purpose

These rules, OAR 413-120-0800 to 413-120-0880, describe the responsibilities of the Department for adoption placement, supervision, and support when a child in the custody of the Department is placed in the home of an adoptive resource. For a case involving the international adoption of a child in the custody of the Department, Child Welfare Policy I-G.1.14, "International Adoption and Special Immigrant Juvenile Status" OAR 413-120-0900 to 413-120-0980 may also apply.

Stat. Auth.: ORS 418.005

Stats. Implemented: ORS 418.005

Hist.: SCF 6-1996, f. & cert. ef. 9-17-96; CWP 14-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

413-120-0810

Definitions

The following definitions apply to OAR 413-120-0800 to 413-120-0880:

(1) "Adoption agency" means an organization providing the services under any one of the following subsections:

(a) Identifying a child for adoption and arranging an adoption.

(b) Securing the necessary consent to relinquishment of parental rights and to adoption.

(c) Performing a background study on a child or a home study on a prospective adoptive parent and reporting on such a study.

(d) Making determinations of the best interests of a child and the appropriateness of adoption placement for the child.

(e) Monitoring a case after placement until final adoption.

(f) When necessary because of disruption before final adoption, assuming custody and providing childcare or other social services for the child pending an alternative placement.

(2) "Adoption placement selection" means a decision made by the Department that an individual or individuals have been identified as the adoptive family for the child.

(3) "Adoptive resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(4) "Child" means a person under 18 years of age.

(5) "Department" means the Department of Human Services, Child Welfare.

(6) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(7) "Disruption" means a decision that the adoptive resource will not proceed with the legalization of the adoption.

(8) "Legal risk adoptive placement" means a placement with a substitute caregiver designated by the Adoption Program as the child's adoptive resource after the Department has made a formal decision:

(a) To legally free the child for adoption; and

(b) To finalize the adoption with the adoptive resource when the child becomes legally free.

ADMINISTRATIVE RULES

(9) "Permanency committee" means a group of at least three individuals, who are responsible for making a recommendation regarding a child's permanency plan when the child likely is not returning to his or her parent.

(a) A permanency committee must include three individuals, approved by the child welfare program manager or designee, none of whom has a current personal or professional relationship to the child or potential placement resource. These approved committee members:

(A) Must include at least one individual who is a Department staff member;

(B) Must include a Department staff member appointed as the committee facilitator; and

(C) May include one or two individuals who are community partners.

(b) Each of the three permanency committee members approved under subsection (a) of this section must meet the requirements of all of the following paragraphs:

(A) Be knowledgeable about adoption and permanency issues;

(B) Be knowledgeable of the importance of lifelong family attachment and cultural connections; and

(C) Must represent more than one local child welfare office when there are two or more Department staff members on the permanency committee.

(10) "Post-placement supervision" means the supervision of a child following placement with an adoptive resource.

(11) "Relative" has the meaning given that term in OAR 413-070-0063.

(12) "Substitute caregiver" means a relative caregiver, foster parent, or provider who is authorized to provide care to a child or young adult who is in the legal or physical custody of the Department.

413-120-0820

Values

(1) The Department should seek the active participation of adoptive families in decision-making for the children placed in their homes for adoption.

(2) Creating legal relationships in a timely manner is important in achieving permanency for a child.

(3) During the supervision period, the Department or its contracted agents will monitor safety standards and a child's physical, mental, and emotional needs.

(4) The Department should complete all activities necessary to achieve finalization of the adoption plan in the most timely way possible.

413-120-0830

Department Actions Prior to Placement

(1) When circumstances occur or conditions are made known to the Department after the adoption selection but prior to placement with an adoptive resource that give the local child welfare office reason to believe the adoptive resource is no longer appropriate for the child or his or her siblings, the local child welfare office must request approval from the Adoption Program Manager to reconsider the selection and to direct consideration toward other potential adoptive resources.

(2) Post-placement supervision and medical coverage for the child must be arranged prior to placement of the child in the home of the adoptive resource.

(3) When the adoptive resource is located in a state other than Oregon, the court and the receiving state must agree to the adoptive placement prior to the physical placement of the child. The conditions of both of the following subsections also must be met prior to a placement in a state other than Oregon:

(a) Approval as required by Child Welfare Policy I-B.3.4.2, "Interstate Compact on the Placement of Children" OAR 413-040-0200 to 413-040-0330 has been received; and

(b) The Department must contract with a private adoption agency willing to accept payment as authorized by the Department for supervision of the placement.

(4) When the adoptive resource is located out of country, the requirements of Child Welfare Policy I-G.1.14, "International Adoption and Special Immigrant Juvenile Status" OAR 413-120-0900 to 413-120-0980 may also apply.

413-120-0840

Early Transition

(1) The child's caseworker, with supervisory approval, may request an exception to the timeline for the child's placement with the adoptive resource described in section (1) of this rule when the requirements in all of the following subsections are met:

(a) It is in the best interests of the child;

(b) There are no indications that the adoption placement selection will be contested or that a review will be requested; and

(c) If the child is to be placed outside of Oregon, the requirements regarding a placement in a state other than Oregon under OAR 413-120-0830 have been met.

(2) Upon approval of the child welfare program manager, a written request for early transition must be sent to the Adoption Program Manager or designee who makes the final decision.

(3) The decision whether to approve early transition must be documented in the child's case plan.

Legal Risk Adoptive Placement

When the Department determines a placement is a legal risk adoptive placement, the Department and the adoptive resource must sign a Legal Risk Agreement which indicates all of the following:

(1) The Department cannot guarantee the child will become legally freed for adoption.

(2) The Department actively is pursuing a plan to legally free the child for adoption.

(3) The adoptive resource agrees to provide temporary care to the child with the understanding that the child may be removed from the home if the child does not become legally free for adoption.

Hist.: CWP 14-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

413-120-0860

Placement and Post-placement Supervision

(1) The child's transition to and placement with the adoptive resource may begin following the review period outlined in OAR 413-120-0060, unless approval has been obtained for an early transition in accordance with 413-120-0840.

(2) Post placement supervision must include all of the following:

(a) Face to face contact with the child in accordance with OAR 413-080-0067;

(b) Assessment of the child's safety and well being in accordance with OAR 413-080-0059;

(c) Providing services and support to ensure adoptive resource's ability to meet the adoption home standards described in OAR 413-120-0246.

(d) Providing support to the adoptive resource in the process of the completion and submission of the adoption assistance application; and

(e) Documentation from the supervising worker which includes the supervision reports and the recommendation for finalization of the adoption.

(3) When the child is placed through an in-state private agency, the Department must provide supervision of the placement and, when applicable, must coordinate support services with the in-state private agency.

(4) When it becomes known to the Department that there are significant changes to the adoptive resource's situation, including changes in the family structure, the Department may require an updated adoption home study prior to making a determination to proceed with finalization of the adoption.

(5) The standard length of supervision of an adoptive placement is six months, and can include the time the adoptive resource was the child's substitute caregiver. If it is in the child's best interests to proceed with finalization, this time period can be waived upon approval of all of the following individuals:

(a) The child's caseworker;

(b) The supervising worker if other than the caseworker;

(c) The supervisor of each worker; and

(d) The Adoption Program Manager or designee.

ADMINISTRATIVE RULES

(6) Prior to finalization of the adoption the Department must ensure that the adoptive resource is made aware of both of the following:

(a) Available post-legal services; and

(b) The ability to seek voluntary supportive services through the Department to stabilize an adoption and promote lifelong permanency for children.

413-120-0870

Disruption

(1) Prior to finalization of the adoption, when the local child welfare office determines the adoptive resource is no longer appropriate for the child or his or her siblings, approval must be obtained from the Adoption Program Manager for a disruption.

(2) A disruption may occur at the request of the adoptive resource. In this case, the Department must make efforts to offer services to prevent a disruption if it determines that it is in the best interests of the child.

(3) After the disruption of a child's placement in the home of an adoptive resource, the child's caseworker must consult with his or her supervisor, the child's team, and individuals with significant adoption experience to staff the case and gain a comprehensive understanding of the issues leading to the disruption.

413-130-0170

Values

(1) Freeing a special needs child for adoption through SOSCF presupposes a commitment by the agency to the child until the child reaches the age of 18 years or emancipation, whichever comes first. SOSCF assumes an obligation to the child, the adoptive parent(s) and to the family as a whole to maintain the placement through the delivery of adoption preservation services.

(2) Families who adopt special needs children are often challenged by the exceptional current and future needs of their children, and may require specialized services after the adoption is legalized.

(3) SOSCF's response to adoptive families (who adopted through SOSCF) returning to the agency for support shall be provided in a way that is sensitive to the issues unique to adoption.

(4) Any child who is unable to grow up safely in his or her own home should be assured the opportunity to become a valued and permanent member of another safe family that understands and responds to his or her needs.

413-130-0180

Procedures

Except where OAR 413-030-0100 through 413-030-0130, (Child Protective Services Eligibility administrative rules) apply, SOSCF shall not determine eligibility for post legal adoption services to families who have adopted a child through SOSCF on the basis of risk assessment factors or

the vulnerability scale, but shall base it on the needs of the adoptive child and family. Post legal adoptive services will be determined by the availability of SOSCF and community resources.

(1) Prior to the finalization of an adoption, the child's SOSCF worker shall inform the approved family of the existence of post adoptive resources including the Oregon Post Adoption Resource Center (ORPARC) and the availability of services directly from the SOSCF branch, and document this on the Statement of Verification of the Voluntary Adoption Registry.

(2) Case responsibility for post-legal adoptive services shall be determined through branch administration.

(3) Adoptive families eligible to receive SOSCF services shall sign the CF 304, "Service Application," to access SOSCF services. SOSCF services and other community services may include, but are not limited to referrals to SOSCF contracted services or other agency or community services, (such as ORPARC, counseling, adoptive parent's support group, family resource or unity meeting, respite care, temporary out-of-home care or residential treatment).

(4) SOSCF may process post adoption applications for adoption assistance or renegotiated agreements through the adoption assistance coordinator without the need for casework services.

(5) SOSCF shall refer members of the adoption triad (adult adoptee, adoptive family and birth family) seeking non-identifying or identifying information to the adoption registry and assisted search programs through the State Office for Services to Children and Families.

Subject: These rules about permanency plans, adoptive placement selection, and placement decisions for children in the care and custody of the Department, are being changed because the Department is redesigning the structure by which it makes these decisions. These rules set the requirements and responsibilities for the Department around changing a child's permanency plan, consideration of adoption as a permanency option, consideration and selection of prospective adoptive resources, the selection decision and review process for an adoption placement selection, and post adoptive selection placement and support for the adoptive child and family. These rules are also being amended, adopted, and suspended to bring the Department into compliance with the Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949 - 3981) and ORS 419B.192 which direct that during the placement of a child consideration of the child's relatives and placement of siblings together are the first preference for permanency. These rules are also being amended, adopted, and suspended to explain the Department's responsibility for decision-making in permanency planning and adoption placement selection.

OAR 413-120-0190 about the purpose of the Department rules regarding adoption applications and standards for adoptions (OAR 413-120-0190 to 413-120-0246), OAR 413-120-0195 about the definitions used in these rules, OAR 413-120-0220 about the application process for an adoption home study, and OAR 413-120-0240 about when and how the Department notifies an applicant who has submitted an adoption application packet are being amended; OAR 413-120-0200 about how the Department processed adoption applications, OAR 413-120-0210 about how the Department worked with applicants who had an adoption certification with a non-contracted

ADMINISTRATIVE RULES

public or private adoption agency, and OAR 413-120-0230 about how the Department reviewed and determined whether to approve an adoption application are being suspended; OAR 413-120-0225 about the conditions that require the Department to undertake a special staffing, suspension, or termination of the Department's adoption home study application process; OAR 413-120-0243 about how the Department prioritizes adoption home studies; and OAR 413-120-0246 about the standards the home of an adoptive applicant must meet are being adopted to clarify the Department's policy for how an individual applies for and receives a home study to adopt a child in the legal custody of the Department, and the standards for an adoptive home, include definitions used throughout these rules (OAR 413-120-0190 to 413-120-0246), and reflect current Department terminology, policy, and practices. OAR 413-120-0190 also is being amended to more accurately reflect the purpose of these rules. OAR 413-120-0195 also is being amended to provide current definitions for terms used in these rules. OAR 413-120-0220 also is being amended to state the application requirements for an individual applying for an adoption home study. OAR 413-120-0225 also is being adopted to explain conditions under which the Department may staff, suspend, or terminate the adoption home study application process. OAR 413-120-0240 also is being amended to state when the Department must send written notice of the status of an adoption home study application. OAR 413-120-0243 also is being adopted to describe the Department's prioritization of adoption home studies to comply with state law (ORS 419B.192). OAR 413-120-0246 also is being adopted to state the Department's standards for home studies and the additional information required for an individual wishing to adopt a child in the custody of the Department.

OAR 413-120-0250 about the procedures by which Department and partner agency employees could obtain adoptive home studies, OAR 413-120-0255 about Department values, OAR 413-120-0260 about the definitions used in these rules (OAR 413-120-0250 to 413-120-0290), OAR 413-120-0265 about which adoptive home studies the Department could prepare, OAR 413-120-0270 about adoptive home studies prepared by Oregon private licensed adoption agencies who were members of a coalition, OAR 413-120-0275 about which children Department employees could be considered as adoptive resources for, OAR 413-120-0280 about the adoption placement selection process, OAR 413-120-0285 about the training required for adoptive resource applicants, and OAR 413-120-0290 about the confidentiality of adoptive home studies are being suspended as their relevant provisions have been moved to other Department rules and their other provisions more properly belong in Department procedural documents, need not appear in administrative rules, or no longer accurately reflect Department terminology, policy, or practice.

OAR 413-120-0300 and 413-120-0310 about the minimum standards for adoptive homes in Oregon are being suspended as their relevant provisions have been moved to other Department rules and their other provisions more properly belong in Department procedural, need not appear in administrative rules, or no longer accurately reflect Department terminology, policy, or practice.

Rules Coordinator: Annette Tesch — (503) 945-6067

413-120-0190

Purpose

These rules, OAR 413-120-0190 to 413-120-0246, describe the Department's requirements for an individual to apply for and to receive a home study to adopt a child in the legal custody of the Department, and the standards for an adoptive home. These rules do not apply to the Department's requirements for an international adoption of a child in the legal custody of the Department.

413-120-0195

Definitions

The following definitions apply to OAR 413-120-0190 to 413-120-0246:

(1) "Adoption agency" means an organization providing the services under any one of the following subsections:

(a) Identifying a child for adoption and arranging an adoption.

(b) Securing the necessary consent to relinquishment of parental rights and to adoption.

(c) Performing a background study on a child or a home study on a prospective adoptive parent and reporting on such a study.

(d) Making determinations of the best interests of a child and the appropriateness of adoption placement for the child.

(e) Monitoring a case after placement until final adoption.

(f) When necessary because of disruption before final adoption, assuming custody and providing childcare or other social services for the child pending an alternative placement.

(2) "Adoption home study" means a document which includes an assessment of a potential adoptive resource to determine the suitability of the potential adoptive resource to make a lifelong, permanent commitment to adopt a child in the Department's custody, in the custody of a public welfare agency in another state, or under the jurisdiction of a juvenile court in another state.

(3) "Adoptive resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(4) "Child" means a person under 18 years of age.

(5) "Current caretaker" means a foster parent who:

(a) Is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of adoption;

(b) Has cared for the child for at least the past 12 consecutive months; and

(c) Has been approved by the Department for consideration as a potential adoptive resource for the child and when appropriate, the child's siblings who are also in substitute care but have not lived with the foster parent for 12 consecutive months.

(6) "Department" means the Department of Human Services, Child Welfare.

(7) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(8) "Emotionally significant relationship" means a child's connection to a parent or other caregiver that endures over time, establishes an interpersonal connection, and aids in the development of a sense of self.

(9) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for unrelated children or young adults who are placed in the home by the Department.

(10) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(11) "Relative" has the meaning given that term in OAR 413-070-0063.

(12) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children's or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the child's legal or biological parent.

(13) "SNAC" means special needs adoption coalition, a coalition of private licensed adoption agencies who recruit and screen adoptive applicants, prepare adoption home studies, and counsel families who want to adopt a child.

(14) "SNAC adoption agency" means a special needs adoption coalition agency licensed by the Department.

413-120-0200

Adoption Home Study Application Process

(1) The Department places a child in its care for the purposes of adoption. The Department will refer an individual who is not interested in adopting a child in the custody of the Department to a contracted private agency. An applicant to adopt a child from the Department must satisfy the requirements of each of the following subsections. The applicant must:

ADMINISTRATIVE RULES

(a) Be at least 21 years of age, unless a Department program manager or designee has approved an applicant between the ages of 18 through 20 years, to become a relative caregiver. An applicant who is an "Indian" (as defined by the Indian Child Welfare Act and Department Policy I-E.2.1, Placement of Indian Children (OAR 413-070-0100 through 413-070-0260)) may be 18 years of age or above.

(b) Meet the adoptive home approval requirements in Department Policy II-B.1, Certification Standards for Foster Parents, Relative Caregivers, and Pre-Adoptive Parents (OAR 413-200-0301 through 413-200-0396).

(c) As well as all adult members of the applicant's household, consent to a criminal offender information records check and be found suitable for adoption approval pursuant to OAR 413-120-0400 through 413-120-0470.

(d) Be able to provide for the safety of the child, including protection from all individuals and situations that brought the child into the care of the Department. The Department must assess the applicant for safety by means including, but not limited to, a criminal records check in accordance with OAR 413-120-0200 to 413-120-0470 and a family history, including a child abuse and domestic violence history.

(e) Be able to acknowledge and meet the individual special needs of the child;

(f) Provide evidence of the capacity to accept and raise an adopted child as the applicant's own child to maturity.

(g) Successfully complete Foundations training provided by the Department or an equivalent training from a licensed child-caring agency approved by the Department. This training prepares the applicant for adoption by covering the topics in paragraphs (A) through (G) of this subsection. With supervisory approval, the adoption worker may develop an individual training plan with the applicant based on an assessment of the previous training or experience of the applicant.

(A) The effects of abuse (physical, sexual, emotional) and neglect on a child;

(B) The effects of drugs and alcohol on a child;

(C) The effects of moves and transition on a child;

(D) The significance of the birth family, including grief and loss issues;

(E) Openness in adoption;

(F) The attachment process and attachment difficulties; and

(G) Positive behavior management.

(2) The Department or a contracted private agency must accept applications from couples (married or unmarried) or an individual (married or unmarried).

(3) The Department must refer an applicant who is a current or former employee of DHS or a partner agency to a contracted private agency to obtain an adoptive home study. A contracted private agency may not study its own employee or board member, but must refer the applicant to another contracted private agency.

(4) An applicant must submit an application to the Department or a contracted private agency on the Application for Approval to Care for a Child in DHS Custody Form, CF 1260A.

(5) If the applicant has lost permanent custody of a child through relinquishment or termination of parental rights, the adoption worker and supervisor must staff the case with the Department program manager to determine whether to proceed with the application.

(6) The Adoption Home Study packet consists of the following materials:

(a) Application for Approval to Care for a Child in DHS Custody, CF 1260A;

(b) Adoptive Family Information and Placement Preference, CF 1266;

(c) Family Financial Report, CF 1291;

(d) Medical Report A, CF 1257A;

(e) Medical Report B, CF 1257B;

(f) Mental Health Information, CF 1258 (if applicable);

(g) Consent for Criminal Records and Fingerprint Check, CF 1011F;

(h) Five applicant references, using CF 1255;

(i) Progressive Family Assessment, CF 1269, or Progressive Family Assessment Current Caretaker Adoption Study, CF 1269A;

(j) Progressive Family Assessment Confidential & Third Party Information, CF 1269B; and

Applicants who have Adoption Certification with a Non-Contracted Public or Private Adoption Agency

(1) The Department or a contracted private agency may conduct a home study for any individual who has submitted an application for consideration or is currently under the supervision of another public or private adoption agency. The applicant must:

(a) Meet all adoptive home certification requirements specified in OAR 413-120-0200;

(b) Sign a release of information allowing ongoing communication with the other public or private adoption agency; and

(c) Sign a release of information allowing the Department to obtain a copy of the adoption file of the individual.

(2) The Department may consider an applicant's previous denial, revocation, suspension, or relinquishment of a license or certificate to provide services to children, the elderly, or individuals with disabilities as sufficient reason not to continue with the application process or home study.

(3) The Department or a contracted private agency may not conduct home studies for any individual who does not meet the requirements of Certification Approval by the Department as defined in OAR 413-200-0314.

(4) At any time during the application, training, and home study process with the Department or contracted private agency, when the applicant comes under active consideration for a potential adoptive placement by another public or non-contracted private agency, his or her application with the Department or contracted private agency may be placed on hold for up to two years.

(5) When an applicant is identified as a potential adoptive placement for a child in the care of the Department, the Department must provide placement supervision and support for the purposes of monitoring child safety.

(6) If the applicant receives placement supervision and support services from a contracted private agency, the applicant is responsible for any and all fees that may be applied by that agency.

Home Studies by the Department

The Department may prioritize applications according to the types of homes most needed for children who are eligible for adoption or becoming eligible for adoption, and may give priority to completing home studies for applicants who are:

(1) A relative applying to adopt a specific child;

(2) A current caregiver applying to adopt a specific child; or

(3) An applicant interested in adopting a child with a special need for whom there are few or no available approved homes.

Conditions that Require Special Staffing, Suspension, or Termination of the Department's Adoption Home Study Application Process

The Department may require a special staffing, suspension, or termination of the adoption home study application process when the conditions in any one of the following sections are met:

(1) When an individual who has lost permanent custody of a child has submitted an application packet, unless the District Manager or designee has approved proceeding with the adoption application.

(2) If, at any time during the application, training and home study process, the applicant is considered as an adoptive resource by another public or non-contracted private agency, the Department may discontinue the application process for up to two years.

(3) The Department may terminate the application process and deny an application at any time when one or more of the following subsections applies:

(a) Information regarding the applicant is sufficient to determine the applicant cannot meet adoption home standards described in OAR 413-120-0200;

(b) An applicant's license or certificate to provide services to children, the elderly or individuals with disabilities has previously been denied, revoked, or suspended;

ADMINISTRATIVE RULES

- (c) The applicant falsifies or omits information;
- (d) The applicant does not respond to the inquiries and requests for information within the timelines established by the Department, but in no case to exceed 90 days from the date of application; or
- (e) When the applicant does not authorize a signed, valid release of information for the purpose of consideration as an adoptive resource.

The Department Application And Approval Process

- (1) The Department must review received applications.
- (2) When the Department has completed the entire application and home study process, the Department (based on an evaluation of the application and home study information according to the requirements of OAR 413-120-0200(1)) may either approve the home with a positive recommendation, or decline to present the study at an adoption committee and deny the request of the applicant to be an adoptive resource.

(a) The adoption worker may not present a study at adoption committee without a positive recommendation.

(b) If the adoption worker has produced a study without a positive recommendation, and the Department program manager determines the worker should present the study to the adoption committee, the Department program manager may request the Adoptions program manager make an exception to the requirement for a positive recommendation.

(3) If an applicant does not provide timely and appropriate response to the inquiries and requests for information from the Department, the Department may terminate the process and deny the request to be an adoptive resource. An applicant who applies to adopt a specific child must provide documentation and information requested by the Department according to time lines established by the Department, but in no case to exceed 90 days from the date of application.

413-120-0240

Application Status Notification

The Department must send written notice of the status of the application to an individual who has submitted an adoption application packet when the requirements of any one of the following sections are met:

(1) The adoption home study is not initiated within 180 calendar days from the date the application is signed;

(2) The Department has terminated the application process;

(3) The Department determines whether an adoption home study has been approved or disapproved; or

(4) An approved adoption home study is removed from the pool of available homes.

413-120-0243

Prioritization of an Adoption Study

(1) The Department gives priority to considering a child's relatives as a potential adoptive resource and to keeping siblings together.

(2) For the purposes of keeping siblings together in adoption, the Department may give priority to the relative, guardian, or adoptive resource of a child's sibling when the sibling currently is living in the home of the relative, guardian, or adoptive resource.

(3) The Department must make diligent efforts to search for individuals identified in sections (1) and (2) of this rule to identify each adoptive resource that can sustain a child's lifelong connections to his or her extended family and culture.

(4) When the Department is not assessing an individual described in section (1) or (2) of this rule, the Department may complete an adoption home study for an applicant meeting the conditions of at least one of the following subsections:

(a) A current caretaker;

(b) An applicant interested in adopting a specific child when the Department determines it is in the best interest of the child to consider the applicant;

(c) An applicant interested in a child with unique needs for whom an adoptive resource is needed; or

(d) An applicant who the Department has determined has an emotionally significant relationship to the child as described in OAR 413-120-0760.

413-120-0246

Standards for an Adoptive Home

To be approved to adopt a child in the legal custody of the Department, an adoptive applicant must:

(1) Have a home study written, amended, or updated within the 12 months prior to the adoption selection that recommends the adoptive applicant as a potential adoptive resource. The home study demonstrates that the applicant and home meet the requirements of at least one of the following subsections:

(a) When the home study is prepared by the Department, Child Welfare Policy II-B.1, "Certification Standards for Foster Parents, Relative Caregivers and Pre-Adoptive Parents" OAR 413-200-0301 to 413-200-0396;

(b) When the home study is prepared by a private agency for an Oregon resident, Child Welfare Policy II-C.1.3, "Licensing Adoption Agencies" OAR 413-215-0401 to 413-215-0481; or

(c) When the home study is prepared by an out-of-state agency, Child Welfare Policy I-B.3.4.2, "Interstate Compact on the Placement of Children" OAR 413-040-0200 to 413-040-0330. In addition, the Department:

(A) When the home study is prepared by another state's agency, may request additional information.

(B) Must contract with a private adoption agency willing to accept payment as authorized by the Department for supervision of the placement.

(2) Demonstrate the knowledge, skills, and ability to meet, without agency oversight, the current and lifelong needs of the child and his or her siblings for all of the following:

(a) Physical and emotional safety;

(b) Developing and maintaining connections to the child's family;

(c) Continuity and familiarity;

(d) Appropriate educational, developmental, emotional and physical support;

(e) Integration into the family;

(f) Stability and permanency; and

(g) Maintaining his or her identity and cultural and religious heritage.

(3) Provide evidence of successful completion of a training program approved by the Department, unless the Adoption Program Manager has approved an exception.

413-120-0250

Purpose

The purpose of these rules is to establish procedures by which employees of SOSCF and employees of partner agencies may obtain adoptive home studies. If SOSCF is in the process of preparing an employee's home study or has a completed home study on the effective date of these rules, SOSCF shall continue to provide adoption services until the next update is due. SOSCF shall refer the applicant to SNAC for the update.

413-120-0265

Adoptive Home Studies: SOSCF

(1) SOSCF shall not prepare adoptive home studies for SOSCF employees, or employees of partner agencies.

(2) SOSCF may prepare adoptive home studies for temporary employees or contracted individuals of SOSCF, or partner agencies.

(a) An adoption worker from a branch office other than the office of the SOSCF or partner agency employee shall prepare such studies.

(b) If, prior to placement of a child with a temporary employee or contracted individual of SOSCF or a partner agency on a legal risk or regular adoptive placement, the temporary employee or contracted individual is hired by SOSCF or the partner agency into a permanent position, SOSCF shall contract with a SNAC private agency of the employee's choosing to prepare or complete the employee's home study.

413-120-0270

Adoptive Home Studies: SNAC

(1) SOSCF shall refer an SOSCF or partner agency employee seeking adoption of a child/ren in SOSCF custody to the headquarters of the Special Needs Adoption Coalition (SNAC) who shall supply the employee with a current list of SNAC agencies, the services they provide, and their geographic coverage.

(2) If the worker and supervisor are unable to determine whether a non-SOSCF agency meets the definition of “partner agency” they shall refer the matter to the branch manager. The branch manager shall consult with the manager of the Adoptions Services Unit if the branch manager needs assistance in determining whether the non-SOSCF agency is a “partner agency.”

(3) After the employee selects a SNAC agency to prepare his or her adoptive home study, the employee and the selected SNAC agency shall notify the Office Manager of the Adoption Services Unit of the selection so that the office manager can arrange for a contract for the SNAC adoption agency to provide adoption services to the employee.

(4) Upon receipt of a signed contract from the selected SNAC agency agreeing to provide adoption services to the employee, SOSCF shall pay the SNAC agency an adoption application fee of up to \$150 and the current established home study fee per fee schedule noted in OAR 413-140-0020(1)(a)(B) (SOSCF Policy I-G.4, Independent Adoptions).

(5) The SNAC agency may charge the employee for reasonable travel expenses, for example commercial carrier fares; parking and garage fees; necessary taxi, airport shuttle or bus fares; private car mileage allowances not to exceed the standard state-approved mileage rate; and actual and necessary expenses for lodging and meals. The employee shall reimburse travel expenses directly to the SNAC agency performing the service. The employee may request reimbursement of travel expenses through the Adoption Assistance Program, per OAR 413-130-0080(1) through (4) as Non-Recurring Payment for Adoption Expenses.

(6) If the SNAC agency does not approve the employee as an adoptive resource, the SNAC agency shall submit an abbreviated home study report outlining the reasons for its conclusion to the SOSCF Adoption Services Unit Manager.

413-120-0275

Branch Considerations

(1) SOSCF shall not consider any employee, as defined in OAR 413-120-0260(3) as an adoptive resource for a child served by the branch in

which the SOSCF employee works or Partner Agency employee is associated, in order to avoid a conflict of interest, or the appearance of a conflict of interest, except under the following conditions:

(a) The child is a relative of the employee;

(b) The employee has been providing foster care to the child; or

(c) By approval of the SOSCF Adoption Services Unit Manager.

(A) The employee shall inform the branch manager that he/she wants an exception;

(B) The branch manager shall refer this request to the Adoption Services Unit Manager;

(C) After consultation with the branch manager, the Adoption Services Unit Manager shall decide whether the exception is warranted, based on criteria that includes, but is not limited to, the nature of the employee's relationship to the child. The Adoption Services Unit Manager shall inform the employee and branch manager of the decision.

(2) For any child specific study, the SNAC agency shall contact the child's SOSCF worker for information on the strengths and needs of the child. The child's worker shall provide the SNAC agency with a strengths and needs based assessment, including the type of adoptive family most likely to be able to meet the child's needs.

413-120-0280

Adoption Placement Selection Process

(1) The SNAC agency that completed the employee's adoption home study shall present the employee's study at a sensitive issue adoption committee meeting.

(2) If the SOSCF sensitive issue adoption committee selects the employee as the adoptive resource for the child, SOSCF shall contract with the SNAC agency for placement, supervision, finalization, and disruption services.

413-120-0285

Training

SNAC shall require the employee applicant(s) to participate in pre-service training provided or approved by SOSCF to cover topics (1) through (7) of this rule to prepare applicant(s) for adoption. Exceptions to this requirement shall be rare. If the applicant wants to request an exception, the applicant shall request an exception from the SNAC agency that prepared the home study. The request for exception shall demonstrate why the applicant believes he or she has sufficient knowledge of the issues addressed in pre-service training topics (1) through (7) of this rule. If the SNAC agency concurs, the SNAC agency shall request an exception from the SOSCF Adoption Services Unit Manager. The SOSCF Adoption Services Unit Manager may make an exception to the pre-service training requirement based on an assessment of the applicant's previous training or experience, if additional training is not necessary because the applicant has demonstrated sufficient knowledge of the issues addressed in pre-service training.

(1) The effects of abuse (physical, sexual, emotional) and neglect on children.

(2) The effects of drugs and alcohol on children.

(3) The effects of moves and transition on children.

(4) The significance of the birth family, including grief and loss issues.

(5) Openness in adoption.

(6) The attachment process and attachment difficulties; and

(7) Positive behavior management.

413-120-0290

Confidentiality

(1) The SNAC agency shall submit the employee's home study to SOSCF Central Adoption Services Unit. Central Adoption Services Unit shall treat the employee home study as a “Sensitive Case” and highly confidential, retain the original home study, and provide copies to adoption committee members for consideration as an adoptive resource in accord

ADMINISTRATIVE RULES

with OAR 413-120-0000 through 413-120-0080 (SOSCF Policy I-G.1.5, Adoption Placement Selection).

(2) When a child's SOSCF worker reviews a copy of the home study and does not select the employee for Adoption Committee consideration, the SOSCF worker shall have his or her copy shredded.

(3) An adoption committee member who has the home study of an employee who was considered but not selected by an Adoption Committee, shall have his or her copy of the home study shredded.

(4) The SNAC agency preparing the home study may review the study with the employee for accuracy and completeness of those portions of the study that do not contain confidential information, such as information from third parties. If the employee requests a copy of the home study, the SNAC agency shall refer the employee to the SOSCF Adoption Services Unit Manager or designee.

413-120-0300

Purpose

The purpose of these rules is to establish minimum standards for adoptive homes in Oregon. An adoptive home study, completed or approved by a licensed Oregon adoption agency or the State Office for Services to Children and Families, shall assess the potential adoptive parent's compliance with each of the minimum standards set out in OAR 413-120-0310. Nothing in these rules precludes SOSCF or a licensed Oregon adoption agency from utilizing additional standards for adoptions for which the agency provides the legal consent to adopt. In addition to the minimum standards set forth in these rules, SOSCF adoption applications and home studies should refer to SOSCF policy II-B.1, Certification Standards for Foster, Adoptive and Family Group Homes.

413-120-0310

Minimum Standards for Adoptive Homes

Basic professional home study investigation requirements and minimum standards for adoptive applicants have been established for the purpose of ensuring to the court that prospective adoptive parents meet minimum standards for adoptive homes as set forth in these rules.

(1) A proposed adoptive home shall have living conditions that promote the health, safety and well-being of an adoptive child or children:

(a) There shall be an on-site observation of the prospective home to verify living, health and safety conditions;

(b) The home site to be evaluated shall be identified with a detailed physical description and a full legal address;

(c) The total number of children to be adopted by prospective adoptive parents shall not exceed their capacity to adequately care for and parent the children:

(A) The director of the licensed Oregon adoption agency working with the applicants, or in the case of a proposed SOSCF adoption home study, the SOSCF branch manager of the county where the potential adoptive parents reside, shall convene a committee to review and approve the adoption application of parents who provide full time physical care for eight or more children under the age of eighteen. The findings and recommendations of the review committee shall be included in the home study report;

(B) Adoptive applicants, including stepparents and relatives, who provide full time physical care for eight or more children under the age of eighteen shall not be eligible for waiver of a home study.

(d) Relationship of all members of the household to an adoptive child shall be evaluated.

(2) Proposed adoptive parents and other members of the household shall maintain a lifestyle and have a personal history, that demonstrates the capacity to meet emotional and physical needs of adoptive children:

(a) Married or unmarried prospective adoptive parents should have a relationship of sufficient duration to give evidence of stability, and will be evaluated for their ability to parent adoptive children;

(b) Each adoptive applicant who requests an adoption home study under ORS 109.304(1) and 109.309(5)(a)(C) shall consent to a check of the State Office for Services to Children and Families Child Protection records and a criminal records check. Criminal records information shall also be requested and must be provided for other household members who are over eighteen years old. Criminal record information shall be furnished accord-

ing to administrative rules adopted by the State Office for Services to Children and Families to implement ORS 181.537 and 181.525.

(c) There shall be financial ability within the household to ensure the stability and financial security of the family and to meet the needs of children to be adopted;

(d) Prospective adoptive parents must demonstrate an understanding of adoption issues and a preparedness for adoptive parenting.

(3) Prospective adoptive parents must evidence that their physical and mental health is sufficient to be able to undertake and follow through with responsibilities of parenthood of adoptive children.

(a) A complete physical and mental health history, and proof of a physical examination performed within one year of date of the request for a home study, shall be required;

(b) Health history will include review of alcohol and other substance abuse;

(c) The applicant will provide medical releases to the adoption agency necessary to obtain medical information.

Rules Amended: 413-120-0000, 413-120-0010, 413-120-0020, 413-120-0033, 413-120-0035, 413-120-0040, 413-120-0060, 413-120-0500, 413-120-0510

Rules Suspended: 413-120-0015, 413-120-0030, 413-120-0080, 413-120-0520, 413-120-0530, 413-120-0540

Rules Ren. & Amend: 413-120-0045 to 413-120-0880, 413-120-0075 to 413-120-0835, 413-120-0550 to 413-120-0580

Subject: These rules about permanency plans, adoptive placement selection, and placement decisions for children in the care and custody of the Department, are being changed because the Department is redesigning the structure by which it makes these decisions. These rules set the requirements and responsibilities for the Department around changing a child's permanency plan, consideration of adoption as a permanency option, consideration and selection of prospective adoptive resources, the selection decision and review process for an adoption placement selection, and post adoptive selection placement and support for the adoptive child and family. These rules are also being amended, adopted, and suspended to bring the Department into compliance with the Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949 – 3981) and ORS 419B.192 which direct that during the placement of a child consideration of the child's relatives and placement of siblings together are the first preference for permanency. These rules are also being amended, adopted, and suspended to explain the Department's responsibility for decision-making in permanency planning and adoption placement selection.

OAR 413-120-0000 about the purpose of the rules (OAR 413-120-0000 to 413-120-0060) regarding the Department's responsibilities when making an adoption placement selection for a child in the custody of the Department with a permanency plan of adoption, OAR 413-120-0010 about the definitions used in these rules (OAR 413-120-0000 to 413-120-006), OAR 413-120-0020 about how the Department determines the adoptive placement options for a child in the Department's custody with a permanency plan of adoption, OAR 413-120-0033 about the release of information documents potential adoptive resources must provide the Department and the confidentiality of information provided to adoption committees, OAR 413-120-0035 about who is invited to attend an adoption committee meeting and who may attend the meeting, OAR 413-120-0040

ADMINISTRATIVE RULES

about the Department's responsibilities when considering and selecting potential adoptive resources, and OAR 413-120-0060 about who may request review of the Department's adoption selection decision and how the Department conducts such a review are being amended; OAR 413-120-0015 about the values the Department considers when making adoptive placement selections, OAR 413-120-0030 about the two types of committees the Department utilized to review cases and identify placement selections, and OAR 413-120-0080 about who may provide legal consent for an adoption of a child in Department custody are being suspended; OAR 413-120-0045 about the efforts the Department must make to find an adoptive home for a child in the custody of the Department with a permanency plan of adoption is being amended and renumbered to OAR 413-120-0880; OAR 413-120-0050 about how the individuals invited to attend an adoption committee can indicate they will attend the meeting and the information the Department provides to committee attendees and participants, OAR 413-120-0053 about the responsibilities of the individuals attending or participating in an adoption committee, and OAR 413-120-0057 about how the Department makes an adoption selection and what notifications the Department provides about that selection are being adopted; and OAR 413-120-0075 about the Department's responsibilities when transitioning a child into an adoptive home is being amended and renumbered to OAR 413-120-0835 to clarify the Department's policy for making an adoption placement selection for a child in the custody of the Department when that child has a permanency plan of adoption, include definitions used throughout these rules (OAR 413-120-0000 to 413-120-0060), and reflect current Department terminology, policy, and practices. OAR 413-120-0010 about the definitions used in OAR 413-120-0000 to 413-120-0060 also is being amended to add current and remove outdated definitions of terms used throughout these rules. OAR 413-120-0020 also is being amended to describe how the Department determines the adoptive placement options for a child in the Department's custody with a permanency plan of adoption. OAR 413-120-0033 also is being amended to state which release of information documents potential adoptive resources must provide the Department and how the confidentiality of information provided to adoption committees is maintained. OAR 413-120-0035 also is being amended to describe who the Department invites to attend an adoption committee meeting and how they may participate in the meeting. OAR 413-120-0040 also is being amended to state the Department's responsibilities when considering and selecting potential adoptive resources. OAR 413-120-0050 also is being amended to explain how the individuals invited to attend an adoption committee can indicate they will attend the meeting and the information the Department provides to committee attendees and participants. OAR 413-120-0053 also is being amended to state the responsibilities of the individuals attending or participating in an adoption committee. OAR 413-120-0057 also is being amended to state how the Department makes an adoption selection and to whom the Department provides notifications about the adoption selection and what those notices must contain. OAR 413-120-0060 also is being amended to explain who may request review of the Department's adoption selection decision and how the Department conducts such a review.

OAR 413-120-0500 about the purpose of the search for relatives of a child to be adopted rules (OAR 413-120-0500 to 413-120-0595) and OAR 413-120-0510 about the definitions used in these rules are being amended; OAR 413-120-0520 about the values the Department considered when placing children in adoptive homes, OAR 413-120-0530 about when the Department determines that a diligent search for relatives of a child to be adopted has been completed, and OAR 413-120-0540 about how the Department scheduled, arranged and staffed a committee to consider the current caretaker's interest in being the adoptive resource for the child are being suspended; OAR 413-120-0521 about substitute care being intended as a temporary placement resource for a child, OAR 413-120-0541 about when a foster parent can request consideration as a potential adoptive resource, OAR 413-120-0551 about how a Department caseworker

assesses foster parents under consideration to be classified as current caretakers, OAR 413-120-0560 about the actions the Department caseworker may take once an assessment of foster parents as potential current caretakers is completed, OAR 413-120-0570 about how the Department schedules and conducts a permanency committee to consider whether a foster parent is a potential adoptive resource, OAR 413-120-0590 about how the Department proceeds when a relative is identified for consideration as a potential adoptive resource after a foster parent has been considered and designated as a current caretaker, and OAR 413-120-0595 about when the Department may consider a foster parent as a potential adoptive resource are being adopted; and OAR 413-120-0550 about which individuals may request review of a child welfare program manager's decision not to consider a foster parent as a current caretaker for a child is being amended and renumbered to OAR 413-120-0580 to clarify the Department's policy for when a foster parent requests consideration as a current caretaker for the purpose of consideration as a potential adoptive resource as a part of case planning for a child with a permanency plan of adoption, include definitions used throughout these rules (OAR 413-120-0500 to 413-120-0595), and reflect current Department terminology, policy, and practices. OAR 413-120-0510 about the definitions used in these rules (OAR 413-120-0500 to 413-120-0595) also is being amended to add current and remove outdated definitions of terms used throughout these rules. OAR 413-120-0541 also is being adopted to explain the circumstances under which a foster parent may be considered as a potential adoptive resource and what actions the Department must undertake when making this consideration. OAR 413-120-0550 also is being amended and renumbered to OAR 413-120-0580 to state the timelines for requesting review of decision regarding a foster parent being considered as a potential adoptive resource, who may request the review, and what the request for review must contain. OAR 413-120-0551 also is being adopted to state what elements the Department caseworker must assess when considering a foster parent as a potential adoptive resource and the timeline for completing the assessment. OAR 413-120-0560 also is being adopted to explain the conclusions the Department caseworker may make upon completing an assessment of a foster parent as a potential adoptive resource, the notifications the caseworker must make, and how the foster parent may request review of the caseworker's decision. OAR 413-120-0570 also is being adopted to explain who the Department invites to a permanency committee to consider whether a foster parent is a potential adoptive resource, how information may be presented to the committee, who may remain present after presentations regarding potential adoptive resources are complete, when and how the committee may request additional information, what recommendations the committee may make, when and how the committee facilitator must present recommendations to the child welfare program manager, the timeline for the child welfare program manager to make a decision and the actions the manager must take once the decision is made, and the notifications the Department caseworker must make once the manager has made the decision. OAR 413-120-0580 also is being adopted to explain when and how the Department reviews a child welfare program manager's decision regarding the consideration of a foster parent as a potential adoptive resource, and the notifications the Department must provide when the review is complete. OAR 413-120-0590 also is being adopted to state when the child welfare program manager decides whether to proceed with a foster parent's request for consideration. OAR 413-120-0595 also is being adopted to state the circumstances under which a foster parent may be considered as a potential adoptive resource.

OAR 413-120-0700, 413-120-0710, 413-120-0720, 413-120-0730, 413-120-0740, 413-120-0745, 413-120-0750, and 413-120-0760 about the Department's responsibilities in identifying potential adoptive resources and establishing the priority in which potential adoptive resources will be assessed and considered for a child or identified sibling group for whom adoption is the permanency plan are being adopted to reflect current Department terminology,

ADMINISTRATIVE RULES

policy, and practices. OAR 413-120-0710 about the definitions used in OAR 413-120-0700 to 413-120-0760 also is being adopted to state current definitions of terms used throughout these rules. OAR 413-120-0720 also is being adopted to state how the Department prioritizes potential placements for the purposes of adoption. OAR 413-120-0730 also is being adopted to state when the Department may consider a foster parent as an adoptive resource. OAR 413-120-0740 also is being adopted to describe how the Department determines whether an emotionally significant relationship exists between a child and an individual other than a relative. OAR 413-120-0745 also is being adopted to explain how a Department decision regarding an individual with an emotionally significant relationship to be considered alone as the potential adoptive resource for a child and his or her siblings may be reviewed, including who may request review, who conducts the review, and the potential outcomes of the review. OAR 413-120-0750 also is being adopted to state the Department methodology and considerations when identifying and recruiting potential adoptive resources for a child. OAR 413-120-0760 also is being adopted to state what a Department caseworker must do and may do when identifying and selecting potential adoptive resources for a child.

Rules Coordinator: Annette Tesch—(503) 945-6067

413-120-0000

Purpose

These rules, OAR 413-120-0000 to 413-120-0060, describe the Department's responsibilities when making an adoption placement selection for a child in the custody of the Department when that child has a permanency plan of adoption.

Stat. Auth.: ORS 418.005, 418.280, 418.285

413-120-0010

Definitions

The following definitions apply to OAR 413-120-0000 to 413-120-0060:

(1) "Adoption committee" means either a Central Office adoption committee or a Local adoption committee.

(2) "ADS" means an Adoption Decision Specialist, who is a Department employee appointed by the Adoption Program Manager to attend an adoption committee and to select an adoptive resource for a child and, when the child has a sibling, the child's siblings. The ADS must meet the requirements of each of the following subsections:

(a) Have significant expertise in the areas of adoption and permanency issues;

(b) Have experience with adoption placement planning;

(c) Be knowledgeable of the importance of lifelong family and cultural connections;

(d) Have no current personal or professional relationship to the child and his or her siblings or potential adoptive resource; and

(e) Have no prior involvement in permanency planning decisions for the child and any sibling considered for adoption.

(3) "Adoption home study" means a document which includes an assessment of a potential adoptive resource to determine the suitability of the potential adoptive resource to make a lifelong permanent commitment to adopt a child in the Department's custody, in the custody of a public welfare agency in another state, or under the jurisdiction of a juvenile court in another state.

(4) "Adoption placement selection" means a decision made by the Department that an individual or individuals have been identified as the adoptive family for the child.

(5) "Adoptive resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(6) "Adoption worker" means an individual assigned by the Department or another public or private agency to complete an adoption home study and represent the family in the adoption selection process.

(7) "Central office adoption committee" means a group of individuals convened by central office staff to make recommendations to an ADS

regarding adoptive resources for a child. The adoption committee must be composed of at least three individuals.

(a) A central office adoption committee must include:

(A) Three individuals, appointed by the Adoption Program Manager or designee, none of whom has any current personal or professional relationship to the child or potential adoptive resource.

(B) The three individuals:

(i) Must include individuals who are Department staff members, one of whom has been appointed as a committee facilitator; and

(ii) May include one or two individuals who are community partners.

(b) The three central office adoption committee members approved under subsection (a) of this section must meet the requirements of each of the following paragraphs:

(A) Be knowledgeable of adoption and permanency issues;

(B) Be knowledgeable of the importance of a lifelong family attachment and cultural connections; and

(C) When there are two or more Department staff members on the central office adoption committee members, the staff members must represent more than one local child welfare office.

(c) A central office adoption committee also includes all of the following members:

(A) The child's caseworker; and

(B) Each of the following individuals when the individual gives notice to the Department of their intent to attend as a member of the adoption committee:

(i) The child's CASA, if one has been appointed;

(ii) The child's attorney, if one is representing the child;

(iii) When the child is identified as an Indian child, a tribal representative; and

(iv) When the child is identified as a refugee child, a member of the RCWAC.

(8) "Child" means a person under 18 years of age.

(9) "Committee facilitator" means a Department staff member appointed to facilitate a permanency or adoption committee meeting. The facilitator is a member of the committee and is responsible for ensuring all of the following:

(a) That the meeting is held according to the requirements of Oregon Administrative Rules;

(b) Individuals who are not committee members and are invited to and attend the meeting are:

(A) Informed of the responsibilities of the committee and the confidentiality of information presented during the meeting;

(B) Allowed to present information appropriate for consideration in the permanency or adoption recommendation for the child and the child's siblings; and

(C) Excused in a timely manner.

(c) Thorough and accurate documentation of the committee recommendations.

(10) "CASA" means a court appointed special advocate, a volunteer who is appointed by the court, is a party to the juvenile proceeding, and advocates for the child pursuant to ORS 419A.170.

(11) "Current Caretaker" means a foster parent who:

(a) Is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of adoption;

(b) Has cared for the child for at least the past 12 consecutive months; and

(c) Has been approved for consideration by the Department as a potential adoptive resource for the child and when appropriate, the child's siblings who are also in substitute care but have not lived with the foster parent for 12 consecutive months.

(12) "Department" means the Department of Human Services, Child Welfare.

(13) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(14) "DHS Staff Member" means any individual who is an employee, volunteer, trainee, or intern of any division within the Department of Human Services.

(15) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for unrelated children or young adults who are placed in the home by the Department.

(16) "General applicant" means an individual:

ADMINISTRATIVE RULES

(a) Who is not a relative or current caretaker or a sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is currently living; and

(b) Has submitted a completed application to adopt a child.

(17) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(18) "Local adoption committee" means a group of individuals convened by local child welfare office staff to make recommendations to an ADS regarding adoptive resources for a child. The local adoption committee must be composed of at least three individuals.

(a) A local adoption committee must include:

(A) Three individuals, appointed by the child welfare program manager or designee, none of whom has any current personal or professional relationship to the child or potential placement resource.

(B) The three individuals:

(i) Must include individuals who are Department staff members, one of whom has been appointed as the committee facilitator; and

(ii) May include one or two individuals who are community partners.

(b) The three local adoption committee members approved under subsection (a) of this section must meet the requirements of each of the following paragraphs:

(A) Be knowledgeable of adoption and permanency issues;

(B) Be knowledgeable of the importance of a lifelong family attachment and cultural connections; and

(C) When there are two or more Department staff members on the local adoption committee, must represent more than one local child welfare office.

(c) A local adoption committee also includes each of the following:

(A) The child's caseworker; and

(B) Each of the following individuals when the individual gives notice to the Department of the intent to attend as a member of the local adoption committee:

(i) The child's CASA, if one has been appointed;

(ii) The child's attorney, if is representing the child;

(iii) When the child is identified as an Indian child, a tribal representative; and

(iv) When the child is identified as a refugee child, a member of the RCWAC.

(19) "RCWAC" means the Refugee Child Welfare Advisory Committee.

(20) "Refugee child" means, as defined under ORS 418.925, a person under 18 years of age who has entered the United States and is unwilling or unable to return to the person's country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group, or political opinion, or whose parents entered the United States within the preceding 10 years and are or were unwilling or unable to return to their country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group, or political opinion.

(a) As used in this section, "persecution" means that harm or suffering will be inflicted upon the person in order to punish the person for possessing a particular belief or characteristic. "Persecution" does not include harm and suffering that is inflicted on persons generally by reason of civil or military strife in a country.

(b) As used in this section, "fear of persecution" means an apprehension or awareness, based on external objective facts, that the person will suffer persecution upon return to the person's country.

(21) "Relative" has the meaning given that term in OAR 413-070-0063.

(22) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children's or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the child's legal or biological parent.

(23) "Substitute caregiver" means a relative caregiver, foster parent, or provider who is authorized to provide care to a child or young adult who is in the legal or physical custody of the Department.

413-120-0020

Placement Selection Options

(1) When the child has a permanency plan of adoption, the caseworker, in consultation with the supervisor and the child's team, may make the adoption placement selection for a child as part of case-planning when the requirements of at least one of the following subsections is met:

(a) The child is identified as an Indian child and the adoption placement selection complies with Child Welfare Policy I-E.2.1, "Placement of Indian Children" OAR 413-070-0100 to 413-070-0260.

(b) The child is identified as a refugee child and the adoption placement selection complies with Child Welfare Policy I-E.2.2, "Placement of Refugee Children" OAR 413-070-0300 to 413-070-0380.

(c) A relative is being considered alone as the potential adoptive resource for a child or identified sibling group, unless subsections (3)(e) and (f) of this rule apply.

(d) When the potential adoptive resource for the child or children is a sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is currently living and is being considered alone.

(e) The Department has conducted a diligent search but has not found any relative or sibling resource as described in subsection (d) of this section available as a potential adoptive resource, and unless subsections (3)(e) and (f) of this rule apply the requirements of one of the following paragraphs is met:

(A) A current caretaker is being considered alone for a child who has been recommended by a permanency committee; or

(B) The child is under six years of age and each potential adoptive resource is a general applicant, unless subsection (2)(c) of this rule applies.

(2) The child's caseworker refers the child to a local adoption committee, unless subsections (3)(e) and (f) of this rule apply, when at least one of the following subsections applies:

(a) The child is six years of age or older;

(b) The child has one or more siblings also being adopted and the potential adoptive resource is not a relative, current caretaker, or sibling resource as described in subsection (1)(d) of this rule;

(c) The identified potential adoptive resources include the child's current foster parent being considered as a general applicant along with other general applicants; or

(d) The caseworker wishes to have the benefit of added expertise in assessing the appropriateness of one or more potential adoptive resources based on the unique needs of the child or identified sibling group.

(3) The child's caseworker refers the child to a central office adoption committee when the requirements of at least one of the following subsections are met:

(a) The potential adoptive resources include more than one relative or other sibling placement resource as described in subsection (1)(d) of this rule.

(b) The potential adoptive resources include:

(A) A relative or a sibling placement resource; and

(B) A current caretaker.

(c) The potential adoptive resources include more than one current caretaker being considered for a sibling group.

(d) The local child welfare office wishes to have the benefit of added expertise in assessing the appropriateness of one or more potential adoptive resources based on the unique needs of the child or identified sibling group.

(e) The potential adoptive resources include a DHS staff member and the requirements of the DHS-060-002, "Conflict of Interest Policy" and the "Conflict of Interest Policy Addendum for CAF Employees" apply.

(f) The potential adoptive resources include a non-DHS staff member with a potential conflict of interest with the Department.

(4) The caseworker may request that the adoption placement selection be made through the use of a local adoption committee rather than by the caseworker, or at a central office adoption committee rather than a local adoption committee after consultation with the supervisor. The request must be approved by both of the following:

ADMINISTRATIVE RULES

(a) The Child Welfare Program Manager or designee for the use of a local adoption committee; and

(b) The Adoption Program Manager or Adoption Program Assistant Manager or designee for the use of a central office adoption committee.

(5) When an adoption committee is not required, the selection made under section (1) of this rule must be documented and all of the following notifications must occur by the end of the next business day following the adoption placement selection.

(a) The child's caseworker must notify all of the following individuals of the adoption placement selection:

(A) The child's attorney;

(B) The CASA;

(C) When the child is an Indian child, the child's tribe;

(D) When the child is identified as a refugee child, a member of the RCWAC;

(E) The adoption worker or workers; and

(F) The central office Adoption Program.

(b) The adoption workers must notify the potential adoptive resources whether the resource was selected or not.

Adoption Committees

(1) Two types of adoption committees review cases and identify placement selections:

(a) Local or District Permanency/Adoption Committees.

(A) Local offices or Permanency/Adoption Councils shall be responsible for establishing adoption committees. Department staff shall follow any written procedures established by Permanency/Adoption Councils or central office Adoption Services Unit regarding the composition and operation of the Local or District Permanency/Adoption Committees.

(B) If the Local office does not have established procedures for the Local Permanency/Adoption Committee, the Child Welfare program manager or designee shall designate three committee members not involved in the cases to act as the adoption committee. If the Permanency/Adoption Council does not have established procedures for the District Permanency/Adoption Committee, the chair of the Council shall designate three committee members not involved in the cases to act as the District Permanency/Adoption Committee.

(C) The chairperson of the adoption committee shall assure that committee meetings are promptly scheduled and that committee concerns and recommendations are recorded on the CF 0250, "Adoption Selection Report," and sent to the central office Adoption Services Unit within three working days of the committee date.

(b) Central Adoption Committees. The central office Adoption Services Unit shall select staff from the Department, licensed adoption agencies, or knowledgeable community partners to serve on central adoption committees. The central office Adoption Services Unit is responsible for the staff work associated with the operation of central adoption committees. The chairperson will communicate in writing on the CF 250, "Adoption Selection Report," any committee concerns or recommendations to the central office Adoption Services Unit within three working days of the committee date.

(2) The child's worker shall refer the child and potential adoptive homes to the appropriate adoption committee based on the following criteria:

(a) The Department shall refer children who are being considered for placement with a relative family or families as defined in OAR 413-070-0069 to the appropriate adoption committee as required in Child Welfare Policy I-E.1.1, "Working with Relatives Toward Placement of Children", OAR 413-070-0093(2).

(b) Children under six with minimum special needs being placed without siblings will be referred to the Local Permanency/Adoption Council or a District Permanency/Adoption Council committee.

(c) Children six years of age or older, children part of a sibling group, and children with significant special needs will be referred to a central adoption committee.

(d) When a current caretaker is being considered along with other resources for a child, the case will be staffed per Child Welfare Policy I-G.1.1, "Current Caretaker Adoption Planning", OAR 413-120-0540.

(e) Per Employee Home Study rules (Child Welfare Policy I-G.1.3.1, "CAF and Partner Agency Employee Adoption Home Studies", OAR 413-120-0250 to 413-120-0290, employees who are being considered as general applicants or current caretakers shall be referred to the Central Adoption Committee.

Confidentiality

(1) To be considered as a potential adoptive resource, each individual must provide a release of information regarding the potential adoptive resource's adoption home study and all identified supporting protected information to be considered by the Department or an adoption committee during the adoption selection.

(2) Each adoption committee member who receives confidential information for consideration and each individual who attends an adoption committee is bound by Oregon statutes regarding confidentiality and Child Welfare Policies I-A.3.2, "Confidentiality of Client Information" OAR 413-010-0000 to 413-010-0075 and I-A.3.3, "Release of Adoption Home Study" OAR 413-010-0081 to 413-010-0086.

413-120-0035

Invitation and Attendance at Adoption Committee

(1) The Department must schedule and notify all of the following individuals of the date, time, and location of an adoption committee:

(a) The child's caseworker;

(b) The child's CASA;

(c) The child's attorney;

(d) A tribal representative when the child is an Indian child;

(e) A member of the RCWAC when the child is a Refugee child;

(f) The adoption committee members;

(g) The ADS; and

(h) Individuals invited to present information at an adoption committee.

(2) The Department may invite the following individuals, who may attend and present information regarding the child's current and lifelong needs, to an adoption committee:

(a) The child, on a case by case basis, when the child's caseworker determines attendance by the child is appropriate;

(b) The child's current or previous substitute caregiver, unless the individual is being considered as a potential adoptive resource for the child; or

(c) Any other individual identified by the child's team who has significant information about the current and lifelong needs of the child.

(3) The Department must provide the committee facilitator with the names of each individual invited to the adoption committee.

(4) A potential adoptive resource may provide additional information through the adoption worker regarding the potential adoptive resource's ability to meet the child's current and lifelong needs. The potential adoptive resource or his or her legal or personal advocate may not attend an adoption committee.

(5) Any individual invited to provide information related to the child's needs may present that information to the adoption committee in person, by telephone, through electronic communication, or in writing.

(6) Each adoption worker presenting a potential adoptive resource and the child's caseworker must attend the full adoption committee. When an adoption worker or a caseworker is unavailable, the worker's supervisor or a designated co-worker must present the potential adoptive resource or the child to prevent delay of the adoption committee. When an out-of-state relative is being presented, the local child welfare office determines who presents information regarding the relative.

(7) After presentation of information about the child and his or her siblings to the adoption committee:

(a) All of the following individuals remain at the adoption committee:

(A) The adoption committee members;

(B) The ADS;

ADMINISTRATIVE RULES

(C) Each CASA, attorney, tribal representative, or member of the RCWAC, whether or not these individuals are participating as committee members; and

(D) Each adoption worker or other individual attending to present information regarding the potential adoptive resource.

(b) All other individuals are excused from the adoption committee.

413-120-0040

Department Responsibility Regarding Potential Adoptive Resources

(1) The child's caseworker must do all of the following:

(a) Receive and review adoption home studies;

(b) Identify potential adoptive resources with the capacity to meet the current and lifelong needs of a child or identified sibling group as described in Child Welfare Policy I-G.1.2, "Identification and Consideration of Potential Adoption Resources" OAR 413-120-0700 to 413-120-0760; and

(c) Notify the adoption worker whether a potential adoptive resource:

(A) Has been identified for consideration by an adoption committee;

or

(B) Has been selected by the caseworker as an adoptive resource under OAR 413-120-0020(1).

(2) The adoption worker must do all of the following:

(a) Inform the potential adoptive resource whether the potential adoptive resource has been identified for consideration by an adoption committee or selection by a caseworker;

(b) Provide the potential adoptive resource with information regarding the adoption placement selection process; and

(c) Obtain all appropriate releases of information.

Response to Invitation, Notification to the Department, and Distribution and Review of Written Materials

(1) Any individual other than a Department staff member invited to participate as an adoption committee member under OAR 413-120-0035, must notify the Department at least 10 business days prior to the adoption committee whether the individual will participate as an adoption committee member.

(2) At least 7 business days prior to the scheduled adoption committee, the Department will send each participating adoption committee member and the ADS written information, for review at the scheduled adoption committee, regarding all of the following:

(a) The child, and his or her siblings, if any; and

(b) The potential adoptive resources.

(3) Any exception to the timelines in sections (1) and (2) of the rule must be agreed upon by the adoption committee.

(4) Each adoption committee member who receives the confidential written information prior to the scheduled adoption committee is responsible for thorough review of all the information.

(5) All confidential written information provided to an adoption committee member under section (2) of this rule will be retained by the Department at the conclusion of the scheduled adoption committee.

413-120-0053

The Adoption Committee

(1) Individuals invited under OAR 413-120-0035(2) to participate in an adoption committee are expected to comply the requirements of all of the following subsections:

(a) Present written or oral information regarding a child during the adoption committee;

(b) Respond to clarifying questions from adoption committee members; and

(c) Be excused from the adoption committee prior to the presentation of the potential adoptive resources.

(2) Individuals who have been invited to participate as adoption committee members but fail to provide the notification required in OAR 413-120-0050(1) may attend the full adoption committee but may not participate in deliberations or recommendations regarding the adoption placement selection to the ADS.

(3) Adoption committee members must comply with the requirements of all of the following subsections:

(a) The adoption committee members must consider the information in the presentations regarding the current and lifelong needs of each child and each potential adoptive resource.

(b) The adoption committee members must deliberate based on all of the information provided to them and make a recommendation to the ADS regarding the adoptive resource that is likely to permanently and fully integrate the child into the family and meet the current and lifelong needs of the child and each of his or her siblings.

(A) When adoption committee members agree, the adoption committee may make one or more of the following recommendations:

(i) State which single adoptive resource is the most appropriate;

(ii) State one or more potential adoptive resources are equally appropriate;

(iii) State an order of preference of appropriate adoptive resources; or

(iv) State one or more potential adoptive resource is not appropriate and should not be considered.

(B) When the adoption committee cannot reach agreement, each adoption committee member makes his or her respective recommendations to the committee facilitator.

(c) At the conclusion of the adoption committee, the committee facilitator must do all of the following:

(A) Present the adoption committee recommendations to the ADS; and

(B) Document in writing each of the following:

(i) The results of the adoption committee's deliberations;

(ii) The rationale supporting the adoption committee's recommendation; and

(iii) Submit the written documentation to the ADS within 3 business days following the adoption committee.

(4) The ADS is not a member of the adoption committee and participation by the ADS during the adoption committee is limited to asking questions to clarify or seek further information. Questions from the ADS are reserved for the end of each presentation and prior to the deliberations.

Stat. Auth.: ORS 418.005, 418.280, 418.285

413-120-0057

The Adoption Selection and Notification

(1) The ADS must do all of the following:

(a) Make the adoption placement selection in compliance with both of the following:

(A) Based upon the information gathered through the adoption committee process; and

(B) When the ADS relies on additional information not available to the adoption committee at the time the adoption committee deliberates, document the additional information in the written decision.

(b) Make the decision by the end of the next business day following the adoption committee.

(2) Notification of the Adoption Placement Selection.

(a) The ADS must notify the child's caseworker, the adoption workers, and the committee facilitator of the adoption placement selection by the end of the next business day following the scheduled adoption committee.

(b) By the end of the next business day after the notification in subsection (a) of this section:

(A) The adoption workers must notify each family presented at the adoption committee that an adoption placement selection has been made. When the adoption worker is not available, a local child welfare office supervisor or private agency supervisor is responsible for ensuring notifications are made in accordance with this subsection.

(B) The child's caseworker must notify the child's attorney, CASA, tribal representative and a member of the RCWAC. When the child's caseworker is not available, a local child welfare office supervisor is responsible for ensuring notifications are made in accordance with this subsection.

(3) The ADS must send written documentation of the adoption placement selection to the central office Adoption Program within four business days following the adoption committee.

ADMINISTRATIVE RULES

413-120-0060

Review of the Adoption Selection

(1) When requested by someone other than the DHS Assistant Director of CAF, the scope of the review is limited to the selection process and the decisions made by the caseworker or ADS.

(2) The following individuals may submit a written request for the review under section (1) of this rule.

- (a) The child;
- (b) The child's attorney;
- (c) The child's caseworker, with the approval of the caseworker's supervisor and the Child Welfare Program Manager or designee;
- (d) The CASA;
- (e) A tribal representative;
- (f) A member of the RCWAC;
- (g) A relative who was considered as the adoptive resource but was not selected;
- (h) The sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is currently living; or
- (i) A current caretaker who was considered as an adoptive resource but was not selected.

(3) A written request for review must be received by the Adoption Program Manager or designee within seven calendar days of the notification of the adoption placement selection under OAR 413-120-0020(5) or OAR 413-120-0053(3).

(4) The DHS Assistant Director for CAF or designee must decide whether to grant a review of the adoption placement selection within 14 calendar days after the notice of the adoption placement selection under OAR 413-120-0020(5) or 413-120-0057(3).

(5) The DHS Assistant Director for CAF or designee must provide written notice of the decision whether to review the adoption placement selection to the requestor, with copies to the child's caseworker, caseworker's supervisor, the adoption worker, the local Child Welfare Program Manager, and the Adoption Program Manager. This written notice required under this section may be provided outside of the 14 day period described in section (4) of this rule.

(6) The DHS Assistant Director for CAF or designee may also, on his or her initiative and without a request for a review, give notice of intent to review the adoption placement selection when the requirements of both of the following subsections are met:

(a) The decision to review is made within seven calendar days after the date of the notice of the adoption placement selection in OAR 413-120-0057(2).

(b) Upon making a decision to review, the DHS Assistant Director for CAF or designee gives notice of intent to review to the child's caseworker, caseworker's supervisor, the adoption worker, the local Child Welfare Program Manager, and the Adoption Program Manager.

(7) When the DHS Assistant Director for CAF or designee gives notice of intent to review, he or she may take the actions in at least one of the following subsections:

(a) Personally conduct a review of information considered when making the adoption placement selection, and may consider additional, relevant information. The DHS Assistant Director for CAF must issue a decision affirming or changing the original adoption placement selection.

(b) Remand an adoption placement selection to an adoption committee to make an adoption placement recommendation.

(A) The adoption committee reviews information considered when making the adoption placement selection.

(B) The adoption committee may issue a recommendation supporting or not supporting the adoption placement selection of the caseworker or the ADS; and

(C) Make adoption placement recommendations to the DHS Assistant Director for CAF or designee.

(D) The DHS Assistant Director for CAF or designee makes the final adoption placement selection.

(c) Appoint another individual to conduct a review of information considered when making the adoption placement selection, to include consideration of additional relevant information.

(A) The individual makes a recommendation affirming the original adoption selection decision or a new adoption selection decision.

(B) The DHS Assistant Director for CAF or designee will make the final adoption placement selection.

(8) The decision made by the DHS Assistant Director for CAF or designee as a result of a review under this rule is final.

(9) Notwithstanding sections (1) through (8) of this rule, the DHS Assistant Director for CAF may reconsider a decision and require the

actions in subsections (7)(a) to (c) of this rule to occur when the following conditions exist:

(a) The time to request review of an adoption placement selection under section (3) of this rule has expired;

(b) There is no request for review pending; and

(c) The deadline set by statute for a person entitled to seek judicial review of an adoption placement selection entered under sections (1) to (8) of this rule has not expired.

413-120-0510

Definitions

The following definitions apply to OAR 413-120-0500 to 413-120-0595:

(1) "Adoptive Resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(2) "CASA" means a court appointed special advocate, a volunteer who is appointed by the court, is a party to the juvenile proceeding, and advocates for the child pursuant to ORS 419A.170.

(3) "Child" means a person under 18 years of age.

(4) "Committee facilitator" means a Department staff member appointed to facilitate a permanency or adoption committee meeting. The facilitator is a member of the committee and is responsible for ensuring:

(a) The meeting is held according to the requirements of Oregon Administrative Rules;

(b) Individuals who are not committee members and are invited to and attend the meeting are:

(A) Informed of the responsibilities of the committee and the confidentiality of information presented during the meeting;

(B) Allowed to present information appropriate for consideration in the permanency or adoption recommendation for the child and his or her siblings; and

(C) Excused in a timely manner.

(c) Thorough and accurate documentation of the committee recommendations.

(5) "Current caretaker" means a foster parent who:

(a) Is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of adoption;

(b) Has cared for the child for at least the past 12 consecutive months; and

(c) Has been identified by the Department as a potential adoptive resource for the child and when appropriate, his or her siblings who are also in substitute care but have not lived with the foster parent for 12 consecutive months.

ADMINISTRATIVE RULES

(6) "Department" means the Department of Human Services, Child Welfare.

(7) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for unrelated children or young adults who are placed in the home by the Department.

(8) "General applicant" means an individual:

(a) Who is not a relative, current caretaker, or a sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is current living; and

(b) Has submitted a completed application to adopt a child.

(9) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(10) "Permanency committee" means a group of at least three individuals, who are responsible for making a recommendation regarding a child's permanency plan when the child likely is not returning to his or her parent.

(a) A permanency committee must include three individuals, approved by the child welfare program manager or designee, none of whom has a current personal or professional relationship to the child or potential placement resource. These approved committee members:

(A) Must include at least one individual who is a Department staff member;

(B) Must include a Department staff member appointed as the Committee Facilitator; and

(C) May include one or two individuals who are community partners.

(b) Each of the three permanency committee members approved under subsection (a) of this section must meet the requirements of all of the following paragraphs:

(A) Be knowledgeable about adoption and permanency issues;

(B) Be knowledgeable of the importance of lifelong family attachment and cultural connections; and

(C) Must represent more than one local child welfare office when there are two or more Department staff members on the permanency committee.

(11) "RCWAC" means the Refugee Child Welfare Advisory Committee.

(12) "Refugee child" means, as defined by ORS 418.925, a person under 18 years of age who has entered the United States and is unwilling or unable to return to the person's country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group, or political opinion, or whose parents entered the United States within the preceding 10 years and are or were unwilling or unable to return to their country because of persecution or a well-founded fear of persecution on account of race, religion, sex, sexual orientation, nationality, membership in a particular group, or political opinion.

(a) As used in this section, "persecution" means that harm or suffering will be inflicted upon the person in order to punish the person for possessing a particular belief or characteristic. "Persecution" does not include harm and suffering that is inflicted on persons generally by reason of civil or military strife in a country.

(b) As used in this section, "fear of persecution" means an apprehension or awareness, based on external objective facts, that the person will suffer persecution upon return to the person's country.

(13) "Relative" has the meaning given that term in OAR 413-070-0063.

(14) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children's or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the child's legal or biological parent.

(15) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

Values

(1) Every child has a right to a permanent family.

(2) Decision making for a child should be guided by the child's best interests and an understanding of the child's current and future needs.

(3) The psychological and emotional attachments of a child to the current caretaker are of vital consideration in determining the best interests of the child.

(4) The best adoption placement selection decisions are always made as the result of a collaborative process.

Substitute Care is a Temporary Resource

(1) At initial placement, the caseworker must inform the foster parent that substitute care is intended as a temporary placement resource.

(2) In limited circumstances, as described in these rules, a foster parent may become an adoptive resource for a child.

(3) The child's caseworker must keep the foster parent informed of both the child's primary permanency and concurrent permanency plan.

Determine that Diligent Search Completed

Once the Department makes a formal decision, approved by a legal assistance specialist in the Adoption Services Unit, to proceed to free a child for adoption, or if a petition to terminate parental rights is filed by the child's attorney, and if a current caretaker expresses interest in being a permanent placement resource for the child in his or her care, the Department determines whether a diligent search for the relatives of the child (see OAR 413-070-0060 to 413-070-0075) has been completed.

413-120-0540

Scheduling, Arranging, and Staffing the Current Caretaker Committee

(1) Once a diligent search for relatives has been completed, the child's caseworker schedules a current caretaker committee. The purpose of the committee is to consider the current caretaker's interest in being the adoptive resource for the child.

(2) The committee must be scheduled within 30 days of the child's worker's request, unless the SDA Manager or designee determines that there is good cause to extend the deadline.

(3) Except as provided in subsection (a), (b), and (c) of this section, the committee must consist of at least three persons, the SDA manager or designee, a supervisor, and one other staff person from the local office who is knowledgeable about permanency and adoptive planning. Other compositions of the committee are required in the following situations:

(a) If the office responsible for the child is not the office serving the county in which the current caretaker resides, the committee must consist of one person approved by the child's local office, one person approved by the current caretaker's local office, and a third person agreed upon by the SDA managers or designees from the two offices.

(b) If the current caretaker is a Department employee or an employee of a partner agency, the current caretaker committee must be scheduled as a Central Office adoption committee.

(c) The child's caseworker, with the approval of his or her SDA Manager or designee, may schedule the current caretaker committee with a permanency/adoption council committee serving the child's local office.

(4) The child's caseworker must notify the child's attorney and the Court Appointed Special Advocate (CASA) of the time and location of the current caretaker committee and invite them to the child-presentation portion of the committee. The child's caseworker must notify the child's tribe, if ICWA applies to the child, of the time and location of the current caretaker committee and invite them to the committee. The child's attorney, CASA, and tribe may present information to the committee in person, in writing, or by phone. The child's attorney, the CASA, and the tribe may provide the caseworker with the names of other individuals who may have

ADMINISTRATIVE RULES

significant information regarding the child's needs. These persons may provide information in writing to the committee.

(5) At the committee, the child's worker presents information regarding the child and the current caretaker, and the foster home certifier presents information about the current caretaker. The committee considers information presented to it in person, by telephone, and in writing.

(6) If a current caretaker who has not previously requested consideration as a resource asks to be considered after the Department has requested but has not received approval of an adoptive home study on a relative resource, if recruitment has begun for general applicants, or if the date of the adoption committee has been set, the Department may consider the current caretaker if it is in the best interests of the child to do so. In making this decision, the Department will consider:

(a) The child's individual needs, including the child's attachment to the current caretaker;

(b) The potential of the current caretaker to meet the child's current and lifelong needs; and

(c) The effect on the child of the delay in permanency that may occur as a result of the new consideration process.

(7) The committee may make only one of the following recommendations:

(a) That an adoptive study of the current caretaker be completed or updated within 90 days of the date of the current caretaker staffing. An exception to this deadline must be approved in writing by the SDA manager or designee. The completed adoption home study must address all concerns identified in the staffing. If the current caretaker has a current comprehensive foster or kinship home study on file, the adoption study may be abbreviated, addressing issues of concern raised in the designated committee and current and future child-specific issues of permanency and well being.

(A) The Department will consider a current caretaker as the adoptive resource for the child, and a current caretaker restaffing is not necessary. Final approval of this recommendation is delegated to the family's adoption worker, the child's worker, and a designated member of the field office's management staff. Any of these three persons may request a restaffing by the designated branch committee.

(B) The Department will consider the current caretaker's completed adoptive home study at the current caretaker committee restaffing.

(C) A central adoption committee will consider the current caretaker as well as studied non-related adoptive families except when the current caretaker is a relative. Only other relative families may be considered with the current caretaker relative.

(D) The Department will consider a non-relative or related current caretaker with studied relative families. If the non-current caretaker relative elects not to be considered, or the Department is unable to consider the non-current caretaker relative, the current caretaker will be considered alone. A current caretaker restaffing is not necessary. Final approval of this recommendation is delegated to the family's adoption worker, the child's worker, and a designated member of the field office's management staff. Any of these three persons may request a restaffing by the designated field office committee.

(E) The Department will consider a non-relative or relative current caretaker with studied relative families. If the non-current caretaker relative elects not to be considered, or the Department is unable to consider the non-current caretaker relative, the Department will consider the current caretaker's completed adoptive home study at the current caretaker committee restaffing.

(F) The Department will consider a non-relative current caretaker with studied relative families. If the relative elects not to be considered, or the Department is unable to consider the relative, the current caretaker will be presented at a central adoption committee with the other recruited non-related adoptive families.

(b) That the committee does not find that the current caretaker is likely to be able to meet the individual needs of the child over time and cannot recommend the current caretaker as the adoptive resource for this child. In this case, no study will be undertaken by the Department. The reasons for this decision must be documented using the form CF 251. The completed form is available to any Department adoption committee that considers the current caretaker. The child's caseworker must immediately notify the current caretaker of the decision, and the Department provides to the current caretaker, in a letter, the decision and the reasons supporting it within three calendar days of the committee meeting.

(8) A current caretaker not approved as an adoptive resource by the committee may be presented to a central adoption committee upon request of the current caretaker in accordance with the following procedures:

(a) In order to be presented, the current caretaker must provide a letter of request to the child's worker within 10 days of the written notification of the local office's decision.

(b) The local office has the discretion to determine by whom and in what form information about the family will be presented to a central adoption committee. For example, the family's certifier may attend and may use the certification home study.

(c) At the discretion of the local office, the current caretaker may obtain, at no cost to the Department, an adoption home study by a state-licensed private adoption agency holding a contract with the Department for the completion of special needs adoption home studies and may be represented before the committee by the agency. In this case, the caretaker must inform the child's worker by letter within 10 days of the written notification of the committee's decision. To be considered by the committee, the approved adoption home study must be completed and made available to the committee within time lines established by the local office.

When a Foster Parent Can Request Consideration as a Potential Adoptive Resource

A foster parent may request consideration as a current caretaker for a child in the legal custody of the Department when the requirements of all of the following sections are met:

(1) Adoption is the child's identified permanency or concurrent permanency plan and the Department determines it is in the best interest of the child to proceed with identifying potential adoptive resources;

(2) The child has been in the physical custody of the foster parent for the most recent 12 consecutive months;

(3) The foster parent is willing to be considered as the adoptive resource for the child's siblings currently in substitute care who also have adoption as an identified permanency or concurrent permanency plan; and

(4) The caseworker and the caseworker's supervisor have complied with the requirements of both of the following subsections:

(a) Reviewed the Department's diligent efforts to identify, contact, and place a child with relatives and to place siblings together as required under both Child Welfare Policy I-E.1.1, "Search for and Engagement of a Child's Relatives" OAR 413-070-0060 to 413-070-0087 and Child Welfare Policy I-G.1.2, "Identification and Consideration of Potential Adoption Resources" OAR 413-120-0700 to 413-120-0760; and

(b) Have confirmed there are no pending Department actions to

(A) Identify a child's relatives or a sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is currently living; and

(B) Assess a relative who has either expressed an interest in and needs to be or currently is being assessed as a permanency resource.

Caseworker Assessment of Foster Parents as Current Caretaker

When considering a foster parent's request for consideration as an adoptive resource under OAR 413-120-0541, within 60 calendar days, and in consultation with the child's team, the supervisor, and the foster parent's certifier, the caseworker must assess all of the following:

(1) The existence of significant emotional ties between the child and the foster parent;

(2) Whether any conditions or circumstances exist that may impact the foster parent's ability to meet the standards of an adoptive home described in OAR 413-120-0200; and

(3) The foster parent's ability to meet the placement needs of the child and his or her siblings under each of the categories described in OAR 413-070-0630 by reviewing the foster parent's knowledge, skills, and abilities in meeting the child's current and lifelong needs for all of the following:

(a) Physical and emotional safety;

(b) Ability to develop and maintain connections to the child's family;

(c) Continuity and familiarity;

(d) Appropriate educational, developmental, emotional, and physical support;

(e) Integrate the child into the family;

(f) Stability and permanency; and

(g) Maintaining his or her identity and cultural and religious heritage.

Caseworker Decision of Foster Parents as Current Caretaker

(1) When the assessment activities under OAR 413-120-0551 have been completed, the caseworker makes a decision under one of the following subsections:

(a) The foster parent may be further reviewed for consideration as a potential adoptive resource and schedules a permanency committee; or

(b) The foster parent may not have further consideration as a potential adoptive resource.

(2) The caseworker must notify the foster parent of the decision made under section (1) of this rule within one business day following the decision and document the decision in the Department's information system.

(3) Following a decision made under subsection (1)(b) of this rule, the foster parent may request a review of the caseworker's decision by meeting the requirements of all of the following subsections:

(a) Submit a written request for a review of the decision made under subsection (1)(b) within seven calendar days of the notice of the decision.

(b) The foster parent must submit the written request to the District Manager.

(c) The written request must include the reasons why the foster parent is requesting a review.

(4) Within 14 calendar days of receiving a written request submitted under section (3) of this rule, the District Manager must do all of the following:

(a) Review the written request of the foster parent, and any information requested and received from the caseworker;

(b) Determine whether the foster parent will be considered a potential adoptive resource as a current caretaker; and

(c) Notify the foster parent and the caseworker of the decision within one business day following the decision.

413-120-0570

Permanency Committee Consideration of Current Caretaker

(1) When a permanency committee has been scheduled to consider whether a foster parent is a potential adoptive resource, the Department must notify and invite all of the following individuals to provide information to the permanency committee.

(a) The caseworker for the child and for each sibling;

(b) The supervisor of the caseworker for the child and for each sibling;

(c) The foster parent's certifier;

(d) The attorney for the child and for each sibling;

(e) The CASA for the child and for each sibling;

(f) A tribal representative when a child is an Indian child; and

(g) A member of the RCWAC when a child is a refugee child.

(2) The individuals invited to attend the permanency committee under section (1) of this rule may provide the Department with the names of other individuals who have significant information related to the child's needs and request that the Department invite the individuals to present information to the permanency committee.

(3) Any individual invited to provide information related to the child's needs may present that information to the permanency committee in person, by telephone, through electronic communication, or in writing.

(4) The permanency committee members may seek additional or clarifying information during the presentations.

(5) When the presentations are completed, the child's attorney, CASA, tribal representative, member of the RCWAC, and any other individuals invited to provide information are excused from the permanency committee. The each caseworker for the child and each of his or her siblings, each supervisor of a caseworker, and the foster parent's certifier remain for the completion of the permanency committee but do not participate in making the committee recommendation.

(6) The permanency committee must review all of the information presented to the committee and consider the extent to which the foster parent meets the factors assessed under OAR 413-120-0551.

(7) The permanency committee, after review and consideration of all the information presented during the committee meeting, may request further information as needed prior to making a recommendation. When the committee requests additional information prior to making a recommendation, the committee must document all of the following:

(a) What additional information is needed;

(b) A timeline for gathering the additional information; and

(c) The date and time when the permanency committee will reconvene to consider the additional information.

(8) When the permanency committee has considered all the information, the permanency committee makes one of the following recommendations:

(a) The foster parent demonstrates the characteristics needed to meet the current and lifelong safety, permanency, and well being needs of the child and his or her siblings; is considered a current caretaker; and whether the current caretaker will be considered alone or with general applicants in the adoption selection; or

(b) The foster parent is not recommended as a current caretaker because it has been determined the foster parent does not demonstrate the characteristics needed to meet the current and lifelong safety, permanency, and well being needs of the child and his or her siblings.

(9) The committee facilitator must provide written documentation of the recommendation of the permanency committee to the child welfare program manager or designee within three business days of the permanency committee recommendation.

(a) When the permanency committee recommends the foster parent is able to meet the permanency needs of the child and his or her siblings, if any, and may be considered a current caretaker, the committee must document the reasons for the recommendation.

(b) When the permanency committee does not recommend the foster parent as a current caretaker because it determined the foster parent does not demonstrate the characteristics needed to meet the current and lifelong safety, permanency, and well being needs of the child and his or her siblings, the permanency committee must document each reason an affirmative recommendation was not made.

(10) The child welfare program manager or designee responsible for making the decision on behalf of the Department may attend the permanency committee meeting, listen and ask for clarifying or additional information, but may not have been a participating member of the committee.

(11) The child welfare program manager or designee must consider the recommendations of the permanency committee and make a decision within three business days of receiving the permanency committee recommendation.

(a) When the child welfare program manager or designee determines the foster parent is considered a current caretaker, the child welfare program manager or designee must do all of the following:

(A) Provide notice of the decision to the caseworker for the child and any siblings involved in the decision and supervisor of the caseworkers;

(B) Direct whether the current caretaker will be considered alone or with general applicants in the adoption selection process; and

(C) Direct the certifier or an adoption worker to complete a home study update within 90 calendar days of the permanency committee recommendation.

(b) When the child welfare program manager or designee determines the foster parent is not considered a current caretaker, the child welfare program manager or designee provides notice of the decision to the caseworker and supervisor.

(12) Upon receipt of the child welfare program manager or designee's decision, within one business day, the child's caseworker notifies each of the following:

(a) The child's foster parent.

(b) The CASA for the child and for each sibling, if any.

(c) The attorney for the child and for each sibling, if any.

(d) The tribal representative, when the child is an Indian child.

(e) The member of the RCWAC when the child is a refugee child.

Review of the Child Welfare Program Manager's Decision

(1) Any of the following individuals may request a review of the child welfare program manager or designee's decision not to consider the foster parent as a current caretaker for the child and his or her siblings. A request for a review must be submitted in writing to the District Manager within seven calendar days of the notification required under OAR 413-120-0570(11):

(a) The caseworker for the child and for each sibling, if any;

(b) The supervisor of the caseworker for the child and for each sibling, if any;

(c) The attorney for the child and for each sibling, if any;

ADMINISTRATIVE RULES

- (d) The CASA for the child and for each sibling, if any;
- (e) When the child is an Indian child, the tribal representative;
- (f) When the child is a refugee child, the member of the RCWAC; and
- (g) The child's foster parent.

(2) Within 14 calendar days of the notification required under OAR 413-120-0570(11), the District Manager must review the written request, and all written materials submitted to the child welfare program manager or designee. The District Manager may request additional relevant information for consideration during the review.

(3) Upon completing the review, the District Manager must provide written notice to the individuals identified in section (1) of this rule and the notice must state one of the following:

(a) The child welfare program manager or designee's decision not to recommend the foster parent for consideration as a current caretaker is affirmed, and there will be no further consideration of the foster parent as a current caretaker; or

(b) The child welfare program manager or designee's decision not to recommend the foster parent for consideration as a current caretaker is reversed, and the caseworker is directed to consider the foster parent as a current caretaker. The District Manager also determines whether or not the adoption selection process will include general applicants.

(4) The District Manager must document the decision and how the decision is based on the best interests of the child.

(5) The decision of the District Manager is final.

Foster Parent Determined as Current Caretaker before July 1, 2010

(1) A foster parent may be considered a current caretaker under these rules, OAR 413-120-0500 to 413-120-0595, and may be considered as a potential adoptive resource when all of the following requirements have been met:

(a) The foster parent has had physical custody of a child in the legal custody of the Department during the six consecutive months prior to July 1, 2010;

(b) The foster parent has expressed interest in becoming a potential adoptive resource;

(c) The Department has determined the diligent search for relatives had been completed; and

(d) Prior to July 1, 2010, a preliminary current caretaker or permanency committee has been scheduled to review the foster parent as a potential adoptive resource.

(2) When a foster parent had been recommended for consideration as a potential adoptive resource through a preliminary current caretaker committee held prior to July 1, 2010, the decisions made by the Department remain in effect.

(3) When a permanency committee recommends the current caretaker for consideration as a potential adoptive placement resource for a child, the current caretaker may be considered as described in Child Welfare Policy I-G.1.5, "Adoption Placement Selection" OAR 413-120-0000 to 413-120-0060.

Purpose

These rules, OAR 413-120-0700 to 413-120-0760, describe the responsibilities of the Department to:

(1) Identify potential adoptive resources to be considered for a child or identified sibling group for whom adoption is the permanency plan; and

(2) Establish the priority in which the potential adoptive resources will be assessed and considered.

Definitions

The following definitions apply to these rules, OAR 413-120-0700 to 413-120-0760:

(1) "Adoption Committee" means either a Central Office Adoption Committee or a Local Adoption Committee.

(2) "Adoption home study" means a document which includes an assessment of a potential adoptive resource to determine the suitability of the potential adoptive resource to make a lifelong permanent commitment to adopt a child in the Department's custody, in the custody of a public welfare agency in another state, or under the jurisdiction of a juvenile court in another state.

(3) "Adoption worker" means an individual assigned by the Department or another public or private agency to complete an adoption home study and represent the family in the adoption selection process.

(4) "Adoptive resource" means an individual or individuals selected as the adoptive family for a child and the selection has not been subject to an administrative review, or if subject to a review, has been sustained by that review.

(5) "CASA" means a court appointed special advocate, a volunteer who is appointed by the court, is a party to the juvenile proceeding, and advocates for the child pursuant to ORS 419A.170.

(6) "Child" means a person under 18 years of age.

(7) "Current Caretaker" means a foster parent who:

(a) Is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of adoption;

(b) Has cared for the child for at least the past 12 consecutive months; and

(c) Has been approved for consideration by the Department as a potential adoptive resource for the child and when appropriate, his or her siblings who are also in substitute care but have not lived with the foster parent for 12 consecutive months.

(8) "Department" means the Department of Human Services, Child Welfare.

(9) "Designee" means an individual whom the designator directly and immediately supervises, or an individual with equal or greater management responsibility than the designator.

(10) "Emotionally significant relationship" means a child's connection to a parent or other caregiver that endures over time, establishes an interpersonal connection, and aids in the development of a sense of self.

(11) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for unrelated children or young adults who are placed in the home by the Department.

(12) "General applicant" means an individual who ---
(a) Is not a relative, current caretaker or a sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is current living; and

(b) Has submitted a complete application to adopt a child.

(13) "Indian child" means any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(14) "Legal assistance specialist" means a Central Office Adoption Program staff member who provides consultation on the technical and legal processes to achieve a permanency plan for a child in the legal custody of the Department.

(15) "Permanency committee" means a group of at least three individuals, who are responsible for making a recommendation regarding a child's permanency plan when the child likely is not returning to his or her parent.

(a) A permanency committee must include three individuals, approved by the child welfare program manager or designee, who have no current personal or professional relationship to the child or potential placement resource. The three individuals:

(A) Must include individuals who are Department Staff, one of whom has been appointed as a Committee Facilitator; and

(B) May include one or two individuals who are community partners.

(b) The three permanency committee members approved under subsection (a) of this section must:

(A) Be knowledgeable of adoption and permanency issues;

(B) Be knowledgeable of the importance of lifelong family attachment and cultural connections; and

(C) Must represent more than one local child welfare office when there are two or more Department staff members.

ADMINISTRATIVE RULES

(16) "RCWAC" means the Refugee Child Welfare Advisory Committee.

(17) "Recruitment" means the actions and activities of the Department to identify an appropriate adoptive resource for a child.

(18) "Relative" has the meaning given that term in OAR 413-070-0063.

(19) "Sibling" means one of two or more children or young adults related:

- (a) By blood or adoption through a common legal parent;
- (b) Through the marriage of the children's or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the child's legal or biological parent.

413-120-0720

Preference for Adoptive Resources

(1) The Department's first priority for placement for the purposes of adoption is placement with relatives and siblings.

(2) The Department makes diligent efforts to give preference to place with relatives and to place siblings together. This priority takes precedence over the placement with a current caretaker or any other potential adoptive resource.

(3) To be considered as the adoptive placement for a child the potential adoptive resource must be willing to adopt an identified sibling group, unless separation of siblings has been approved by the Department as described in Child Welfare Policy I-F.6, "Sibling Permanency Placement Planning" OAR 413-110-0100 to 413-110-0150.

(4) When pursuing each potential adoptive resource, the Department must comply with both Child Welfare Policy I-E.1.1, "Search for and Engagement of a Child's Relatives" OAR 413-070-0060 to 413-070-0087 and Child Welfare Policy I-F.6, "Sibling Permanency Placement Planning" OAR 413-110-0100 to 413-110-0150.

(5) To keep siblings together, a sibling's guardian, relative, current caretaker, or adoptive resource with whom the sibling is currently living may be considered as potential adoptive placements along with relatives of the child, even if the potential adoptive placement is not a relative of the child.

(6) When more than one relative or sibling resource as described in section (5) of this rule is interested in being an adoptive resource, the Department must seek the input of those interested to facilitate agreement on potential adoptive resources.

(a) If agreement cannot be reached, the Department selects up to three families, including maternal and paternal family members and sibling resources, when available, for adoption home studies to be conducted by either the Department or another public or private agency.

(b) When a relative or sibling resource selected for an adoption home study is not approved or withdraws as a potential adoptive resource, the child welfare program manager or designee decides whether the Department will initiate adoptive home studies with additional relatives or sibling resources and must consider both of the following:

- (A) The best interests of the child; and
- (B) The impact on achieving permanency when pursuing additional studies.

(7) Prior to pursuing a non-relative or non-sibling resource as described in section (5) of this rule for the purpose of adoption, the caseworker and caseworker's supervisor must review the Department's diligent efforts to identify, contact, and place a child with relatives and to place siblings together as described in section (4) of this rule and have determined there are no pending Department actions to identify or assess a child's relatives or sibling resources.

413-120-0730

Foster Parents as an Adoptive Resource

(1) When a child cannot be placed with a relative or sibling, the Department may consider a foster parent as an adoptive resource as described in Child Welfare Policy I-G.1.1, "Foster Parent Request for Consideration as a Current Caretaker" OAR 413-120-0500 to 413-120-0595.

(2) On a case by case basis, when a foster parent does not meet the time requirement necessary for consideration as a current caretaker, the fos-

ter parent may be eligible for sole consideration as an individual with an emotionally significant relationship as described in OAR 413-120-0740.

Stat. Auth.: ORS 109.309, 418.005, 418.285, 419B.090, 419B.192
Stats. Implemented: ORS 109.309, 418.005, 418.285, 419B.090, 419B.192
Hist.: CWP 16-2010(Temp), f. & cert. ef. 7-1-10 thru 12-28-10

413-120-0740

Determination of an Emotionally Significant Relationship

(1) When the child or child's family determines an individual has an emotionally significant relationship as described in Child Welfare Policy I-E.1.1, "Search for and Engagement of Relatives" OAR 413-070-0060 to 413-070-0087, the individual is considered a relative. For all other individuals, the Department determines whether an emotionally significant relationship exists as described in this rule, however the determination does not result in a relative relationship.

(2) In making this determination, the Department must consider the unique current and lifelong needs of the child that would best be met by an adoptive resource who has a relationship with the child. Furthermore, this benefit must outweigh the benefit that exists from general recruitment which allows for an expansion of the pool of potential adoptive resources considered for a child.

(3) When the individual being considered is a current foster parent who does not meet the time requirement necessary for consideration as a current caretaker, the time caring for a child and the subsequent relationship that develops is not by itself an emotionally significant relationship. When determining whether a foster parent will be considered as an adoptive resource the Department must consider and document the reasons described in section (2) of this rule.

(4) Upon the approval by the Assistant Adoption Program Manager or designee, the caseworker must schedule a permanency committee to consider the recommendation that the individual with an emotionally significant relationship will be considered alone and it is not in the best interests of the child to pursue general recruitment.

(5) Prior to scheduling the permanency committee, caseworker and the caseworker's supervisor must do both of the following:

(a) Review the Department's diligent efforts to identify, contact, and place a child with relatives and to place siblings together as required under Child Welfare Policies I-E.1.1, "Search for and Engagement of Relatives" OAR 413-070-0060 to 413-070-0087 and these rules, OAR 413-120-0700 to 413-120-0760.

(b) Confirm that the following Department actions are not pending:

(A) Identification of a child's relatives or a sibling's current guardian, relative, current caretaker or adoptive resource with whom the sibling is current living; and

(B) Assessment of a relative who has either expressed an interest in and needs to be or is currently being assessed as a permanency resource; or

(6) When a permanency committee has been scheduled to consider an individual as a person with an emotionally significant relationship, the Department must notify and invite the following individuals to provide information to the permanency committee.

(a) The caseworker for the child and for each sibling;

(b) The supervisor of the caseworker for the child and for each sibling;

(c) The individual's certifier, if applicable;

(d) The attorney for the child and for each sibling;

(e) The CASA for the child and for each sibling;

(f) When a child is an Indian child, a tribal representative; and

(g) When a child is a refugee child, a member of the RCWAC.

(7) The individuals invited under section (6) of this rule may provide the Department with the names of other individuals who have significant information related to the child's needs and request that the Department invite the other individuals to present information to the permanency committee.

(8) Any individual invited to provide information related to the child's needs may present that information to the permanency committee in person, by telephone, through electronic communication, or in writing.

(9) The permanency committee members may seek additional or clarifying information during the presentations.

(10) When presentations are completed, the child's attorneys, each CASA, the tribal representative, the member of the RCWAC, and any other individuals invited to provide information are excused from the permanency committee. The caseworkers for the child and each of his or her siblings, caseworkers' supervisors, and other Department staff members remain for the completion of the permanency committee but do not participate in making the committee recommendation.

ADMINISTRATIVE RULES

(11) The permanency committee must review all of the information presented to the committee and consider all of the following:

- (a) The requirements under section (2) of this rule;
- (b) Whether any conditions or circumstances exist that may impact the individual's ability to meet the standards of an adoptive home as described in OAR 413-120-0246; and
- (c) The individual's ability to meet the placement needs of the child and his or her siblings under each of the categories described in OAR 413-070-0630 by reviewing the information available regarding the individual's knowledge, skills, and abilities in meeting the child's current and lifelong needs for all of the following:
 - (A) Physical and emotional safety;
 - (B) Ability to develop and maintain connections to the child's family;
 - (C) Continuity and familiarity;
 - (D) Appropriate educational, developmental, emotional, and physical support;
 - (E) Integrate the child into the family;
 - (F) Stability and permanency; and
 - (G) Maintaining his or her identity and cultural and religious heritage.

(12) The permanency committee, after review and consideration of all information presented during the committee meeting, may request further information is needed prior to a recommendation. When the permanency committee requests additional information is needed prior to making a recommendation, the committee must document all of the following:

- (a) What additional information is needed;
- (b) A timeline for gathering the additional information; and
- (c) The date and time when the permanency committee will reconvene to consider the additional information.

(13) When the permanency committee has considered all the information, the permanency committee makes one of the following recommendations:

(a) The unique needs of the child and his or her siblings would best be met by an adoptive resource who has a relationship with the child, this benefit outweighs the benefit that exists from general recruitment, and the individual is recommended as a person with an emotionally significant relationship to be considered as the sole potential adoptive resource; or

(b) It is in the best interest of the child and his or her siblings for general recruitment to occur for the pool of potential adoptive resources to be expanded, and the individual will not be recommended to be considered as the sole potential adoptive resource.

(14) The committee facilitator must provide written documentation of the recommendation of the permanency committee to the child welfare program manager or designee within three business days of the permanency committee.

(15) The child welfare program manager or designee responsible for making the decision on behalf of the Department may attend the permanency committee meeting, listen and ask for clarifying or additional information, but may not have been a participating member of the committee.

(16) The child welfare program manager or designee must consider the recommendation of the permanency committee and make a decision within three business days of receiving the recommendation from the permanency committee.

(17) Upon receipt of the child welfare program manager or designee's decision, within one business day, the child's caseworker notifies:

- (a) The individual considered as having the emotionally significant relationship;
- (b) The CASA for the child and for each sibling, if any;
- (c) The attorney for the child and for each sibling, if any;
- (d) When the child is an Indian child, the tribal representative; and
- (e) When the child is a refugee child, the member of the RCWAC when the child is a refugee child.

413-120-0745

Review of the Child Welfare Program Manager's Decision

(1) Any of the following individuals may request a review of a child welfare program manager or designee's decision regarding an individual as a person with an emotionally significant relationship to be considered alone as the potential adoptive resource for a child and his or her siblings.

- (a) The caseworker for the child and for each sibling, if any;
- (b) The caseworker's supervisor for the child and for each sibling, if any;
- (c) The attorney for the child and for each sibling, if any;
- (d) The CASA for the child and for each sibling, if any;

- (e) When the child is an Indian child, the tribal representative; and
- (f) When the child is a refugee child, the member of the RCWAC.

(2) A request for a review must be submitted in writing to the District Manager within seven calendar days of the notification required in 413-120-0740(17)

(3) Within 14 calendar days of the notification required in 413-120-0740(17), the District Manager must review the written request, and all written materials submitted to the child welfare program manager. The District Manager may request additional relevant information for consideration during the review.

(4) Upon completing the review, the District Manager must provide written notice to the individuals identified in section (1) of this rule. The notice must state that either the child welfare program manager's decision is affirmed or reversed.

(5) The District Manager must document the decision and how the decision is based on the best interests of the child and the criteria described in OAR 413-120-0740(2).

(6) The decision of the District Manager is final.

413-120-0750

Recruitment Efforts

(1) The Department's recruitment efforts may not consider the race, color, or national origin of a potential adoptive resource. Except as described in section (2) of this rule, consideration of the cultural heritage of a potential adoptive resource may not be used as a substitute for race.

(2) When recruiting potential adoptive resources for an Indian child, the Department may consider the cultural heritage of a potential adoptive resource. Identification of a potential adoptive resource for an Indian child is described in Child Welfare Policy I-E.2.1, "Placement of Indian Children" OAR 413-070-0100 to 413-070-0260.

(3) Prior to recruitment for general applicants, the legal assistance specialist must:

(a) Determine when recruitment may begin if a child is not fully free for adoption;

(b) When a child has unique current and lifelong needs, determine whether recruitment can begin before the Department initiates the process to free the child for adoption; and

(c) Notify the caseworker to begin recruitment efforts.

(4) When recruitment for general applicants is required, the following must occur:

(a) The Department must begin recruitment for the child in a timely manner that is appropriate to the child's permanency and concurrent permanency plans; and

(b) The child's caseworker must conduct recruitment activities for at least 30 days prior to identifying the potential adoptive resources to be considered in the adoption selection process.

(5) Recruitment for general applicants is not required when the child or identified sibling group will be adopted by one of the following:

(a) A relative or a sibling's current guardian, relative, current caretaker, or adoptive resource with whom the sibling is current living;

(b) A current caretaker; or

(c) An individual with an emotionally significant relationship to the child or any member of the identified sibling group.

(6) The following must be documented in the Department's information system:

(a) The Department's recruitment efforts for a child or identified sibling group.

(b) When recruitment is not in the best interest of the child or identified sibling group, the basis for a Department decision not to recruit.

413-120-0760

Identification of a Child's Potential Adoptive Resources

(1) The child's caseworker must comply with the requirements of all of the following subsections:

(a) Identify adoption home studies for consideration based upon the potential adoptive resource's ability to meet the current and lifelong needs of the child and his or her siblings under each of the following categories:

(A) Physical and emotional safety;

(B) Ability to develop and maintain connections to the child's family;

(C) Continuity and familiarity;

ADMINISTRATIVE RULES

(D) Appropriate educational, developmental, emotional, and physical support;

(E) Ability of the family to permanently integrate the child into the family;

(F) Stability and permanency; and

(G) Maintaining the child's identity and cultural and religious heritage.

(b) Identify potential adoptive resources that can meet the standards for an adoptive home under OAR 413-120-0246 and can meet the current and lifelong individual needs of the child or identified sibling group.

(c) Select up to three potential adoptive resources for consideration at an Adoption Committee when an Adoption Committee recommendation is required. When one or two potential adoptive resources are available and appear to have the ability to meet the current and lifelong needs of a child, the caseworker may not delay the Adoption Committee to allow for consideration of three potential adoptive resources.

(d) Make reasonable efforts to identify and place the child with an adoptive resource in a timely manner.

(e) Document the efforts made under this section in the Department's information system.

(2) The child's caseworker may:

(a) In consultation with his or her supervisor, involve the birth parent or parents in the selection of each potential adoptive resource, determined on a case-by-case basis; and

(b) Provide the birth parent or parents with non-identifying information from the home study of a potential adoptive resource, when a potential adoptive resource is a general applicant.

413-120-0835

Transition to an Adoptive Home

(1) The transition of a child into an adoptive placement, including sharing of family information with the child, may not begin until the time period for the written request for review as described in OAR 413-120-0060 has expired, or, in the event the DHS Assistant Director of CAF or designee gives notice of the intent to review, until that review is complete.

(2) An exception to section (1) of this rule may be approved by the Adoption Program Manager under either of the following circumstances:

(a) The child attended the adoption committee and an early transition is in the child's best interest; or

(b) When an early transition under OAR 413-120-0840 has been approved.

No Delay in Placement

(1) When an adoptive resource has been identified, the Department may not delay placement of a child for adoption based on any criteria listed in the following subsections:

(a) On the basis of geographic location; nor

(b) On the basis of the race, color, or national origin of the child or the adoptive resource.

(2) When the child's adoptive resource believes that the Department violated the prohibition under section (1) of this rule, the adoptive resource may file a civil rights complaint and request a review under Child Welfare Policy I-A.1, "Client Rights".

Rules Repealed: 461-135-0570(T), 461-135-1175(T), 461-175-0200(T)

Subject: OAR 461-101-0010, about the program acronyms the Department uses in the chapter 461 rules is being amended to include the acronym for Healthy KidsConnect (HKC) and to revise the acronym for Continuous Eligibility for OHP-CHP pregnant women (CEC). This rule also is being amended to remove references to the Senior Prescription Drug Assistance Program to comply with Senate Bill 154 (2009 Or. Laws ch. 263) ending the program and repealing its statutory authority.

OAR 461-110-0210 about how the Department determines the composition of a household group (the individuals who live together with or without benefit of a dwelling) is being amended to state the circumstances under which an individual absent from a Healthy KidsConnect (HKC) program household group (the individuals who live together with or without benefit of a dwelling) for 30 days still is considered to be in the household group.

OAR 461-110-0400 about how the Department determines the composition of a filing group (the individuals whose circumstances are considered in the eligibility determination process) is being amended to state which members of the household group (the individuals who live together with or without benefit of a dwelling) are included in a filing group in the Healthy KidsConnect (HKC) program.

OAR 461-110-0530 about how the Department determines the composition of a financial group (the members of the filing group whose income and resources count in determining eligibility and benefits; the filing group being the individuals whose circumstances are considered in the eligibility determination process) is being amended to state which filing group members are included in a financial group in the Healthy KidsConnect (HKC) program. This rule also is being amended to state that in the Extended Medical Assistance (EXT), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Refugee Assistance (REF), Refugee Assistance Medical - Basic (REFM), Medical Coverage for Children in Substitute or Adoptive Care (SAC), and Temporary Assistance for Needy Families (TANF) programs an individual must be eligible for and receive an SSI cash payment to be excluded from the financial group.

OAR 461-110-0630 about how the Department determines the composition of a need group (the individuals whose basic and special needs are used in determining eligibility and benefit level) is being amended to state who is included in a need group in the Healthy KidsConnect (HKC) program.

OAR 461-115-0030 about how the Department determines the date of request used in the eligibility process is being amended to state how the date of request is determined in the Healthy KidsConnect (HKC) program.

OAR 461-115-0050 about when a client must file an application to receive benefits from a Department program is being amended to restate when no new application is required to add an individual to

ADMINISTRATIVE RULES

a benefit group (the individuals who receive benefits) in the Department's medical assistance programs.

OAR 461-115-0230 about the circumstances that lead the Department to schedule an interview with a client during the process of determining the client's eligibility or for other reasons related to a program is being amended to indicate policies that do not apply in the Healthy KidsConnect (HKC) program. This rule also is being amended to restate that a Supplemental Nutrition Assistance Program (SNAP) applicant who fails to attend a scheduled interview must contact the Department within 30 days of the application filing date to be eligible for benefits. This rule is also being amended to state additional hardship conditions allowing a client to forgo an interview, including: age, disability, and transportation difficulties due to financial hardship.

OAR 461-115-0430 about when the Department periodically re-determines a client's eligibility for benefits is being amended to state the Department re-determines eligibility every 12 months for clients in the Healthy KidsConnect (HKC) program.

OAR 461-115-0705 about the required verifications for eligibility in the Department's medical assistance programs is being amended to state what verifications are required from a client in the Healthy KidsConnect (HKC) program. This rule also is being amended to remove language exempting Oregon Health Plan - Persons Under 19 (OHP-CHP) program clients from the U.S. citizenship verification requirements and to state that a client must verify his or her alien status at each Oregon Health Plan (OHP) program certification. In addition, this rule is being amended to state how a client's earned income is verified during a recertification in the OHP program.

OAR 461-120-0010 about the Oregon residency requirements for an individual to be eligible to receive benefits is being amended to state the residency requirements for a client in the Healthy KidsConnect (HKC) program.

OAR 461-120-0125 about how the Department determines a client's alien status in all of the Department's programs except the Refugee Assistance (REF) and Refugee Assistance Medical (REFM) programs is being amended to state when a qualified non-citizen in the Healthy KidsConnect (HKC) program meets the alien status requirements and to state when a non-citizen in the Department's medical assistance programs meets the alien status requirements. This rule also is being amended to comply with a change in federal guidelines by removing the eight-month limitation on eligibility for Afghan and Iraqi aliens granted Special Immigration Status (SIV) under section 101(a)(27) of the Immigration and Nationality Act and to state that these aliens are qualified non-citizens in all of the Department's programs except the REF and REFM programs. This rule also is being amended to remove references to the Oregon Supplemental Income Program (OSIP) as regular payments under the OSIP program were discontinued effective January 1, 2010 in response to HB 3065 (2009 Or. Laws ch. 849).

OAR 461-120-0210 about when a client is required to provide or apply for a social security number to be eligible for Department programs is being amended to state when a Healthy KidsConnect (HKC) program client is not required to provide or apply for a social security number.

OAR 461-135-1100 about the specific eligibility requirements in the Oregon Health Plan (OHP) program is being amended to state that the definition of private major medical health insurance applies to OAR 461-135-1101 (a new rule about the specific eligibility requirements in the Healthy KidsConnect program for ensuring children have access to affordable health insurance). This rule also is being amended to restate when an Oregon Health Plan - Persons Under 19 (OHP-CHP) program client may have the two-month waiting period waived.

OAR 461-135-1101 is being adopted to state the specific eligibility requirements for the Healthy KidsConnect (HKC) program including: how income is treated, how budgeting is determined, the countable income standard, the citizenship and alien status requirements, that an eligible child is referred to the Office of Private Health Part-

nerships (OPHP), that OPHP enrolls the eligible child in the appropriate category of the HKC program, that the HKC program eligibility period is 12 months, and under what circumstances a child becomes ineligible for the HKC program.

OAR 461-135-1149 about the specific eligibility requirements in the Continuous Eligibility for OHP-CHP pregnant women (CEC) and Continuous Eligibility for Medicaid (CEM) programs, and how continuous eligibility applies to non-Citizen/Alien-Waived Emergent Medical program children is being amended to state that to be eligible for the CEC or CEM program a non-citizen client must meet the alien status requirements of OAR 461-120-0125(4).

OAR 461-145-0143 about how the Department treats federal economic recovery payments when determining a client's eligibility for Department program benefits is being amended to state that \$33 per month are excluded from earned income for clients in the Healthy KidsConnect (HKC) program.

OAR 461-160-0015 about resource limits in eligibility determinations for the Department's programs is being amended to state there is no resource limit for a client in the Healthy KidsConnect (HKC) program. This rule also is being amended in response to federal legislation (The Medicare Improvements for Patients and Providers Act of 2008 (122 Stat. 2503)) to restate the resource limits for clients of the Qualified Medicare Beneficiaries (QMB) program and to state that the resource limit is amended in January of each year based on the low income subsidy for Medicare Part D as published by the Health Resources and Services Administration of the U.S. Department of Health and Human Services.

OAR 461-165-0030 about when a client is prohibited from receiving duplicate or concurrent payments from more than one of the Department's programs is being amended to state that a client may not receive benefits from the Continuous Eligibility for OHP-CHP pregnant women (CEC) and Continuous Eligibility for Medicaid (CEM) programs while receiving a subsidy through the Family Health Insurance Assistance Program (FHIAP) established by ORS 735.720 to 735.740. This rule also is being amended to state that a client may not receive benefits from the CEC, CEM, Extended Medical (EXT), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), Oregon Supplemental Income Program Medical (OSIPM), Refugee Assistance Medical (REFM), or Medical Coverage for Children in Substitute or Adoptive Care (SAC) programs while receiving health insurance coverage subsidized through the Office of Private Health Partnerships (OPHP) in accordance with ORS 414.826, 414.831, and 414.839.

OAR 461-170-0011 about the changes a client must report is being amended to state the changes a client in the Healthy KidsConnect (HKC) program must report and the deadline for reporting the changes.

OAR 461-180-0090 about the effective date for starting medical benefits for an eligible client is being amended to state that in the Healthy KidsConnect (HKC) program, the Office of Private Health Partnerships (OPHP) determines the effective date for enrolling an eligible child in one of the HKC program categories of coverage. This rule also is being amended to comply with federal law by restating how the Department determines the effective date for starting the Medicare Savings Program (MSP) benefits.

The 21 rule changes described above to implement the recent Healthy Kids legislation (2009 Or. Laws ch. 867, House Bill 2116). The legislation required the Department to put new programs into place effective January 1, 2010 to ensure children in Oregon have affordable health insurance coverage available. Effective January 1, 2010 the Department implemented the Healthy KidsConnect (HKC) program to expand health insurance coverage for children. Eligibility is determined by the Department, and enrollment for HKC is through the Office of Private Health Partnerships (OPHP). The Department also is making these rule changes to make temporary

ADMINISTRATIVE RULES

rule changes made January 1, 2010, January 26, 2010, and April 1, 2010 permanent.

OAR 461-135-0400 about the specific eligibility requirements for child care payments and the Employment Related Day Care (ERDC) program is being amended to restate when a filing group (the individuals whose circumstances are considered in the eligibility determination process) is not eligible for program benefits.

OAR 461-135-0415 about the requirement for a client in the Employment Related Day Care (ERDC) program to make a copayment to the primary provider of child care is being amended to state how the Department determines the amount of the copayment due from the client to the provider.

OAR 461-135-0570 about how the Department determines if a student is eligible or ineligible for Supplemental Nutrition Assistance Program (SNAP) benefits is being amended in response to a recent change in the Food and Nutrition Service interpretation of federal SNAP law to state that an individual 18 years of age or older and under 50 years of age, enrolled at least half time in higher education, and receiving Training Unemployment Insurance (TUI) benefits from the Oregon Employment Department is eligible for SNAP benefits. This rule also is being amended to make permanent the temporary changes to this rule made effective February 5, 2010.

OAR 461-135-1175 about the Senior Farm Direct Nutrition Program (SFDNP) is being amended to restate the countable income eligibility requirement for the program, state that the Department processes applications for the program in the order in which the applications are received, and state that the program remains open each year until the funding for the program runs out. This rule also is being amended to make permanent the temporary changes to this rule made effective April 1, 2010.

OAR 461-145-0040 about how the Department treats burial arrangements and burial funds when calculating a client's assets is being amended to state how, in the General Assistance (GA), General Assistance Medical (GAM), Oregon Supplemental Income Program (OSIP), Oregon Supplemental Income Program Medical (OSIPM), and Qualified Medicare Beneficiaries (QMB) programs, the Department treats the amount of an irrevocable arrangement to cover burial costs.

OAR 461-145-0320 about how the Department treats the value of life and burial insurance policies when determining a client's eligibility and benefit level is being amended to define key terms related to life and burial insurance policies and state how the Department treats the value of life and burial insurance policies in the General Assistance (GA), Oregon Supplemental Income Program Medical (OSIPM), and Qualified Medicare Beneficiary (QMB) programs. This rule also is being amended to state how the Department treats a dividend accumulation when determining a client's eligibility. This rule also is being amended to remove unnecessary references to grandfathered Oregon Supplemental Income Program (OSIP) and OSIPM program clients and the OSIP program.

OAR 461-145-0820 about how the Department determines the value of the assets (income and resources) of a sponsor it deems to a sponsored noncitizen is being amended to restate how the Department calculates the value of the resources deemed available to a noncitizen client of the Oregon Supplemental Income Program Medical (OSIPM) program.

OAR 461-145-0830 about when the Department deems assets (income and resources) of a sponsor to the sponsored noncitizen and how the Department deems the income of a sponsor to the sponsored noncitizen is being amended to restate how a sponsored noncitizen establishes indigence in all programs except the Medical Assistance Assumed (MAA), Oregon Health Plan (OHP), Supplemental Nutrition Assistance Program (SNAP), and Temporary Assistance for Needy Families (TANF) programs. This rule also is being amended to state how long the deeming period lasts and the effective date of the end of deeming for a noncitizen client of the Oregon Supplemental Income Program Medical (OSIPM) program. This rule also is being amended to state that the process used to determine the

amount of income considered available to the noncitizen from the noncitizen's sponsor and the spouse of the sponsor is not applicable to clients in the Employment Related Day Care (ERDC), OSIPM, Refugee Assistance (REF), Refugee Assistance Medical - Basic (REFM), and SNAP programs. This rule also is being amended to state when the income of the sponsor or the sponsor's spouse is not considered available to the sponsored noncitizen and what deductions are made if the income is considered available.

OAR 461-155-0270 about the room and board standard for Oregon Supplemental Income Program Medical (OSIPM) program clients living in a waived community based care setting is being amended to state the standard for a client residing in a community based care facility and restate that the client must pay room and board. This rule also is being amended to remove references to the Oregon Supplemental Income Program (OSIP) and the personal needs standard as use of the personal needs standard was discontinued effective January 1, 2010 in response to House Bill 3065 (2009 Or. Laws ch. 849). This rule also is being amended to make permanent the temporary rule changes effective January 1, 2010.

OAR 461-155-0500 about special needs payments is being amended in response to recent legislation, HB 3065 (2009 Or. Laws ch. 849), to restate the types of ongoing special needs payments the Department may make. This rule also is being amended to remove unnecessary language about types of payments and the basic standard in the General Assistance (GA), General Assistance Medical (GAM), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Supplemental Income Program (OSIP) and Oregon Supplemental Income Program Medical (OSIPM), Refugee Assistance (REF), Refugee Assistance Medical (REFM), and Temporary Assistance for Needy Families (TANF) programs.

OAR 461-155-0693 about the transportation services special need payment for Oregon Supplemental Income Program Medical (OSIPM) program clients is being amended to correctly state the income standard used to determine eligibility for this payment.

OAR 461-160-0620 about the income deductions allowed in and the calculation of an Oregon Supplemental Income Program Medical (OSIPM) client's liability when the client is receiving long-term care or waived services is being amended to remove the reference to the OSIP program maintenance standard and replace it with a reference to the OSIPM maintenance standard as use of the OSIP program standard was discontinued effective January 1, 2010 in response to House Bill 3065 (2009 Or. Laws ch. 849).

OAR 461-165-0100 about the date the Department issues benefits to eligible clients is being amended to remove references to the Oregon Supplemental Income Program (OSIP) and the OSIP program supplemental income payment as the payments were discontinued effective January 1, 2010 in response to HB 3065 (2009).

OAR 461-165-0180 about how the Department determines if a child care provider is eligible to receive payments from the Department is being amended in response to House Bill 2868 (2009 Or. Laws ch. 319) to state when a child care provider must attend a training provided by the Department or a Child Care Resource and Referral agency.

OAR 461-175-0200 which provides general information about the decision notices the Department sends to clients is being amended to remove the requirement that the Department send clients in the Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Refugee Assistance (REF), and Refugee Assistance Medical - Basic (REFM) programs an approval notice informing the client of the opportunity to volunteer for JOBS participation and of the procedure for Job Opportunity and Basic Skills (JOBS) program entry within one month following an eligibility determination. The Department also is amending this rule to implement the recent Healthy Kids legislation (2009 Oregon Laws Chapter 867, House Bill 2116). The legislation required the Department to put new programs into place effective January 1, 2010 to ensure children in Oregon have affordable health insurance coverage available. Effective January 1, 2010 the Department implemented the Healthy Kid-

ADMINISTRATIVE RULES

sConnect (HKC) program to expand health insurance coverage for children. Eligibility is determined by the Department, and enrollment for HKC is through the Office of Private Health Partnerships (OPHP). OAR 461-175-0200 which provides general information about the decision notices the Department sends to clients is being amended to remove its statement about when the Department need not send a decision notice to a client in the prenatal expansion program. A decision notice is a written notice of a decision by the Department regarding an individual's eligibility for benefits in a program. This rule also is being amended to make temporary rule changes made effective February 23, 2010 permanent.

OAR 461-175-0300 about the requirements for when the Department must provide an additional decision notice (a written notice of a decision by the Department regarding an individual's eligibility for benefits) at the time of changes in a program to a client's benefits when the Department previously has sent the client notice is being amended to revise the situations in which no additional decision notice may be sent as well as the situations in which a decision notice may be sent but not a timely decision notice.

OAR 461-180-0050 about the effective dates for closing or suspending benefits in the Department's programs and OAR 461-180-0120 about the effective dates for removing an individual from a benefit group (the individuals who receive benefits) are being amended to state when program benefits end or are reduced in the event that an individual in the benefit group dies. OAR 461-180-0050 also is being amended to remove references to effective dates for closing or suspending benefits when prospective budgeting is used.

Rules Coordinator: Annette Tesch—(503) 945-6067

461-101-0010

Program Acronyms and Overview

(1) Acronyms are frequently used when referring to a program. There is an acronym for each umbrella program (for instance, OSIP) and acronyms for each subprogram (for instance, OSIP-AB, OSIP-AD, and OSIP-OAA).

(2) When no program acronym appears in a rule in Chapter 461 of these rules, the rule with no program acronym applies to all programs listed in this rule. If a rule does not apply to all programs, the rule uses program acronyms to identify the programs to which the rule applies.

(3) Wherever an umbrella acronym appears, that means the rule covers all the subprograms under that code (for instance, OSIP means OSIP-AB, OSIP-AD, and OSIP-OAA).

(4) ADC; Aid to Dependent Children. Financial aid to low-income families when children are deprived of parental support because of continued absence, death, incapacity, or unemployment. When used alone, ADC refers to all ADC programs. Use of the acronym, ADC, which stands for Aid to Dependent Children, and use of the phrase, Aid to Dependent Children, refer to the state's Temporary Assistance for Needy Families Program, and its acronym, TANF. The following codes are used for ADC subprograms:

(a) ADC-BAS; Aid to Dependent Children - Basic (includes eligibility based on continued absence, death, incapacity, or unemployment). ADC with deprivation based on unemployment is also denoted by ADC-BAS/UN.

(b) EA; Aid to Dependent Children - Emergency Assistance. Emergency cash to families without the resources to meet emergent needs.

(5) ADCM; Aid to Dependent Children Medical. Medical aid to low-income families when children are deprived of parental support, as for ADC. Use of the acronym ADCM, which stands for Aid to Dependent Children Medical, and use of the phrase Aid to Dependent Children Medical refer to EXT, MAA, MAF, and SAC programs. When used alone, ADCM refers to all ADC-related medical programs. The following codes are used for ADCM subprograms:

(a) ADCM-BAS; Aid to Dependent Children Medical - Basic.

(b) ADCM-EXT; Aid to Dependent Children Medical - Extended. ADCM-EXT provides extended medical benefits to families after their ADC benefits end.

(c) ADCM-SAC; Aid to Dependent Children Medical - Substitute or Adoptive Care. ADCM-SAC gives medical coverage to children in substitute or adoptive care.

(6) The Assessment Program (see the Pre-TANF program in this rule).

(7) BCCM; Breast and Cervical Cancer Medical program.

(8) CAWEM; Citizen/Alien-Waived Emergent Medical. Medicaid coverage of emergent medical needs for clients who are not eligible for other medical programs solely because they do not meet citizenship and alien status requirements.

(9) CEC; Continuous Eligibility for OHP-CHP pregnant women. Title XXI medical assistance for a pregnant non-CAWEM child found eligible for the OHP-CHP program who, for a reason other than moving out of state or becoming a recipient of private major medical health insurance, otherwise would lose her eligibility. The pregnant individual is deemed eligible for OHP-CHP through the last day of the month in which the pregnancy ends.

(10) CEM; Continuous Eligibility for Medicaid. Title XIX medical assistance for a non-CAWEM child found eligible for Medicaid who loses his or her eligibility for a reason other than turning 19 years of age or moving out of state. The child is deemed eligible for Medicaid for the remainder of the 12 month eligibility period.

(11) DSNAP; Disaster Supplemental Nutrition Assistance Program. Following a presidential declaration of a major disaster in Oregon, DSNAP provides emergency DSNAP program benefits to victims. OAR 461-135-0491 to 461-135-0497 cover DSNAP eligibility and benefits.

(12) ERDC or ERDC-BAS; Employment Related Day Care-Basic. Helps low-income working families pay the cost of child care.

(13) EXT; Extended Medical Assistance. The Extended Medical Assistance program provides medical assistance for a period of time after a family loses its eligibility for the MAA, MAF, or Pre-TANF program due to an increase in their child support or earned income.

(14) FS; Food Stamps. Helps low-income households maintain proper nutrition by giving them the means to purchase food. Any reference to Food Stamps or FS also includes the Supplemental Nutrition Assistance Program or SNAP.

(15) GA; General Assistance. Cash assistance to low-income individuals with disabilities who do not have dependent children.

(16) GAM; General Assistance Medical. Medical assistance to clients who are eligible for the GA program but have not been found eligible for OSIPM benefits.

(17) HKC; Healthy KidsConnect. A program administered by the Office of Private Health Partnerships (OPHP) providing access to health care for children not eligible for any of the Department's other medical assistance programs. The Department determines eligibility and OPHP manages enrollment.

(18) HSP; Housing Stabilization Program. A program that helps low-income families obtain stable housing. The program is operated through the Housing and Community Services Department through community-based, service-provider agencies. The Department's rules for the program (OAR 461-135-1305 to 461-135-1335) were repealed July 1, 2001.

(19) JOBS; Job Opportunity and Basic Skills. An employment program for REF, REFM, and TANF clients. JOBS helps these clients attain self-sufficiency through training and employment. The program is part of Welfare Reform.

(20) JOBS Plus. Provides subsidized jobs rather than SNAP or TANF benefits. For TANF clients, JOBS Plus is a component of the JOBS Program; for SNAP clients and noncustodial parents of children receiving TANF, it is a separate employment program. Eligibility for TANF clients, SNAP clients, and noncustodial parents of children receiving TANF is determined by the Department. Eligibility for UI recipients is determined by the Oregon State Employment Department. When used alone, JOBS Plus includes only clients whose JOBS Plus program participation is through the Department of Human Services. JOBS Plus administered through the Oregon State Employment Department is known in chapter 461 of the Oregon Administrative Rules as Oregon Employment Department UI JOBS Plus. The following acronyms are used for specific categories:

(a) ADC-PLS; Clients eligible for JOBS Plus based on TANF.

(b) SNAP-PLS; Clients eligible for JOBS Plus based on SNAP.

(c) NCP-PLS; Noncustodial parents of children receiving TANF.

(21) LIS; Low-Income Subsidy. The Low-Income Subsidy program is a federal assistance program for Medicare clients who are eligible for extra help meeting their Medicare Part D prescription drug costs.

(22) MAA; Medical Assistance Assumed. The Medical Assistance Assumed program provides medical assistance to people who are eligible for the Pre-TANF program or ongoing TANF benefits.

(23) MAF; Medical Assistance to Families. The Medical Assistance to Families program provides medical assistance to people who are ineligible for MAA but are eligible for Medicaid using ADC program standards and methodologies that were in effect as of July 16, 1996.

ADMINISTRATIVE RULES

(24) OFSET. The Oregon Food Stamp Employment Transition Program, which helps SNAP program benefit recipients find employment. This program is mandatory for some SNAP program benefit recipients.

(25) OHP; Oregon Health Plan. The Oregon Health Plan Program provides medical assistance to many low-income individuals and families. The program includes five categories of people who may qualify for benefits. The acronyms for these categories are:

(a) OHP-OPU; Adults. OHP coverage for adults who qualify under the 100 percent income standard. A person eligible under OHP-OPU is referred to as a health plan new/noncategorical (HPN) client.

(b) OHP-OPC; Children. OHP coverage for children who qualify under the 100 percent income standard.

(c) OHP-OP6; Children Under 6. OHP coverage for children under age 6 who qualify under the 133 percent income standard.

(d) OHP-OPP; Pregnant Females and their newborn children. OHP coverage for pregnant females who qualify under the 185 percent income standard and their newborn children.

(e) OHP-CHP; Persons Under 19. OHP coverage for persons under age 19 who qualify under the 185 percent income standard for medical assistance authorized by the Children's Health Insurance Program (CHIP) provision of the 1997 Balanced Budget Act.

(26) OSIP; Oregon Supplemental Income Program. Cash supplements and special need payments to persons who are blind, disabled, or 65 years of age or older. When used alone, OSIP refers to all OSIP programs. The following acronyms are used for OSIP subprograms:

(a) OSIP-AB; Oregon Supplemental Income Program - Aid to the Blind.

(b) OSIP-AD; Oregon Supplemental Income Program - Aid to the Disabled.

(c) OSIP-EPD; Oregon Supplemental Income Program - Employed Persons with Disabilities program. This program provides Medicaid coverage for employed persons with disabilities with adjusted income less than 250 percent of the Federal Poverty Level.

(d) OSIP-OAA; Oregon Supplemental Income Program — Old Age Assistance.

(27) OSIPM; Oregon Supplemental Income Program Medical. Medical coverage for elderly and disabled individuals. When used alone, OSIPM refers to all OSIP-related medical programs. The following codes are used for OSIPM subprograms:

(a) OSIPM-AB; Oregon Supplemental Income Program Medical — Aid to the Blind.

(b) OSIPM-AD; Oregon Supplemental Income Program Medical - Aid to the Disabled.

(c) OSIPM-EPD; Oregon Supplemental Income Program Medical — Employed Persons with Disabilities program. This program provides Medicaid coverage for employed persons with disabilities with adjusted income less than 250 percent of the Federal Poverty Level.

(d) OSIPM-OAA; Oregon Supplemental Income Program Medical — Old Age Assistance.

(e) OSIPM-IC; Oregon Supplemental Income Program Medical — Independent Choices

(28) The Post-TANF program provides a monthly transitional payment to employed clients who are no longer eligible for the Pre-TANF or TANF programs due to earnings, and meet the other eligibility requirements.

(29) The Pre-TANF program is an up-front assessment and resource-search program for TANF applicant families. The intent of the program is to assess the individual's employment potential; determine any barriers to employment or family stability; develop an individualized case plan that promotes family stability and financial independence; help individuals find employment or other alternatives; and provide basic living expenses immediately to families in need.

(30) QMB; Qualified Medicare Beneficiaries. Programs providing payment of Medicare premiums and one program also providing additional medical coverage for Medicare recipients. Each of these programs also is considered to be a Medicare Savings Program (MSP). When used alone in a rule, QMB refers to all MSP. The following codes are used for QMB subprograms:

(a) QMB-BAS; Qualified Medicare Beneficiaries — Basic. The basic QMB program.

(b) QMB-DW; Qualified Medicare Beneficiaries — Disabled Worker. Payment of the Medicare Part A premium for people under age 65 who have lost eligibility for Social Security disability benefits because they have become substantially gainfully employed.

(c) QMB-SMB; Qualified Medicare Beneficiaries - Specified Limited Medicare Beneficiary. Payment of the Medicare Part B premium only. There are no medical benefits available through QMB-SMB.

(d) QMB-SMF; Qualified Medicare Beneficiaries — Qualified Individuals. Payment of the Medicare Part B premium only. There are no medical benefits available through QMB-SMF. This program has a 100-percent federal match, but also has an allocation that, if reached, results in the closure of the program.

(31) REF; Refugee Assistance. Cash assistance to low-income refugee singles or married couples without children.

(32) REFM or REFM-BAS; Refugee Assistance Medical - Basic. Medical coverage for low-income refugees.

(33) The Repatriate Program helps Americans resettle in the United States if they have left a foreign land because of an emergency situation.

(34) SAC; Medical Coverage for Children in Substitute or Adoptive Care.

(35) SFDNP; Senior Farm Direct Nutrition Program. Food vouchers for low income seniors. Funded by a grant from the United States Department of Agriculture.

(36) SFPSS; State Family Pre-SSI/SSDI Program. A voluntary program providing cash assistance and case management services to families when at least one TANF eligible adult in the household has an impairment (see OAR 461-125-0260) and is or will be applying for Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI).

(37) SNAP; Supplemental Nutrition Assistance Program. Helps low-income households maintain proper nutrition by giving them the means to purchase food. SNAP used to be known as FS or Food Stamps, any reference to SNAP also includes FS and Food Stamps.

(38) TA-DVS; Temporary Assistance for Domestic Violence Survivors. Addresses the needs of clients threatened by domestic violence.

(39) TANF; Temporary Assistance for Needy Families. Cash assistance for families when children in those families are deprived of parental support because of continued absence, death, incapacity, or unemployment. Cash assistance used to be known as ADC.

461-110-0210

Household Group

(1) The household group consists of the individuals who live together with or without benefit of a dwelling. For homeless people, the household group consists of the individuals who consider themselves living together.

(2) A separate household group is established for all the individuals who live in a dwelling. A separate dwelling is not recognized for the purpose of determining the members of a household group unless the living space has — separate from other dwellings — an access to the outside that does not pass through another dwelling, a sleeping area, a bathroom, and a kitchen facility.

(3) For all programs except the SNAP program, a separate household group is established for individuals who live in the same dwelling as another household group, if all the following are true:

(a) There is a landlord-tenant relationship between the two groups in which the tenant is billed by the landlord at fair market value (see OAR 461-001-0000) for housing.

(b) The tenant lives independently from the landlord.

(c) The tenant:

ADMINISTRATIVE RULES

(A) Has and uses sleeping, bathroom, and kitchen facilities separate from the landlord; or

(B) Shares bathroom or kitchen facilities with the landlord, but the facilities are in a commercial establishment that provides room or board or both for compensation at fair market value.

(4) Individuals who live with more than one household group during a calendar month are members of the household group in which they spend more than half of their time, except as follows:

(a) In the ERDC program, if a child (see OAR 461-001-0000) lives with different caretakers during the month, the child is considered a member of both household groups.

(b) In the MAA, MAF, and TANF programs:

(A) If a parent (see OAR 461-001-0000) sleeps at least 30 percent of the time during the calendar month in the home of the dependent child (see OAR 461-001-0000), the parent is in the same household group as the dependent child.

(B) A dependent child is included in the group with the caretaker relative (see OAR 461-001-0000), who usually has the major responsibility for care and control of the dependent child, if the dependent child lives with two household groups in the same calendar month for at least one of the following reasons:

(i) Education.

(ii) The usual caretaker relative is gone from the household for part of the month because of illness.

(iii) A family emergency.

(c) In the SNAP program:

(A) The individual is a member of the household group that provides the individual more than half of his or her 21 weekly meals. If the individual is a child, the child is a member of the household group credited with providing the child more than half of his or her 21 weekly meals. A household group is credited with providing breakfast and lunch for each day the child departs that group's home for school, even if the child eats no breakfast or lunch at that home.

(B) During the month in which a resident of a domestic violence shelter (see OAR 461-001-0000) enters the shelter, the resident may be included both in the household he or she left and in a household group in the shelter.

(5) In the OSIPM program, individuals receiving waived care or nursing facility care are each an individual household group.

(6) In the QMB program, the household group consists of the client and the client's spouse (see OAR 461-001-0000), even if the spouse does not meet all nonfinancial eligibility requirements.

(7) The individuals in the household group who apply for benefits are called applicants. The household group and applicants form the basis for determining who is in the remaining eligibility groups.

(8) Individuals absent from the household for 30 days or more are no longer part of the household, except for the following:

(a) In all programs except the SNAP program, individuals in a general hospital for 30 days or more remain in the household group unless they go into long-term care. In the SNAP program, these individuals are no longer in the household group.

(b) In the CEC, CEM, ERDC, EXT, HKC, MAA, MAF, OHP, REF, REFM, SAC, and TANF programs:

(A) A caretaker relative who is absent for up to 90 days while in a residential alcohol or drug treatment facility is in the household group.

(B) A child who is absent for 30 days or more is in the household group if the child is:

(i) Absent for illness (unless the child is in a long-term care Title XIX facility), social service, or educational reasons;

(ii) In foster care, but expected to return to the household within the next 30 days; or

(iii) For OHP only, in a residential alcohol or drug treatment facility. If the household of the child is ineligible because of income, the child is a separate household.

(c) In the ERDC, HKC, and OHP programs, an individual who is absent because of education, training, or employment, including long-haul truck driving, fishing, and active duty in the U.S. armed forces.

(d) In the MAA, MAF, REF, REFM, and TANF programs, a parent who is absent for 30 days or more is in the household group if:

(A) The parent is absent because of education, training or employment — including absence while working or looking for work outside the area of their residence, such as long-haul truck driving, fishing and active duty in the U.S. armed forces; and

(B) The other parent remains in the home.

(9) In the OSIP-EPD and OSIPM-EPD programs, the household group consists only of the individual applying for or receiving benefits.

Filing Group; HKC, OHP

In the HKC and OHP programs, filing groups are formed from the household group as follows:

(1) A person constitutes a filing group if not required by this rule to be in a filing group with another person.

(2) The following people must be in the same filing group, even if they are not applicants or do not meet all nonfinancial eligibility requirements:

(a) People married to each other and each child of either spouse.

(b) With respect to a child or unborn, the parents of the child or unborn and the children of each parent.

(c) Siblings under 19 years of age.

(3) A child whose caretaker relative is not the child's parent may constitute a separate filing group or may be in a group with the caretaker relative, at the option of the caretaker relative.

Stat. Auth.: ORS 411.060, 411.070, 411.404, 414.025, 414.231, 414.826, 414.831

461-110-0530

Financial Group

(1) Except as provided in section (5) of this rule, "financial group" means the *filing group* members whose income and resources count in determining eligibility (see OAR 461-001-0000) and benefits.

(2) In the EXT, MAA, MAF, REF, REFM, and SAC programs, the financial group consists of each individual in the filing group, except the following:

(a) A caretaker relative (see OAR 461-001-0000) other than a parent (see OAR 461-001-0000) who chooses not to be included in the need group (see OAR 461-110-0630); and

(b) An individual who is eligible for and receives an SSI cash payment.

(3) In the HKC and OHP programs, the financial group consists of each individual in the filing group (including those receiving SSI benefits), except a caretaker relative (other than a parent) who chooses not to be included in the need group.

(4) In the OSIP program:

(a) When an individual lives in a standard living arrangement (see OAR 461-001-0000), each member of the filing group (see OAR 461-110-0410) is in the financial group.

(b) When an individual lives in a nonstandard living arrangement (see OAR 461-001-0000), the financial group is determined under subsection (5)(c) of this rule.

(5) In the OSIPM program:

(a) For the purposes of this section of this rule, "ineligible" means an individual not eligible to receive either SSI or TANF program benefits.

(b) When an individual lives in a standard living arrangement:

(A) Except as provided in paragraph (B) of this subsection, each member of the filing group is in the financial group.

(B) When an individual is not assumed eligible (see OAR 461-135-0010) for OSIPM:

(i) The individual's spouse who is ineligible and in the filing group is not in the financial group if the individual's adjusted income (see OAR 461-001-0000) using the deductions allowed under OAR 461-160-0550(3) is greater than the OSIPM program adjusted income standard for a need group of one under OAR 461-155-0250. The financial group consists only of the individual.

(ii) If the ineligible spouse's remaining income after allocation (see OAR 461-160-0551) to each ineligible child is equal to or less than the dif-

ADMINISTRATIVE RULES

ference between the couple and the individual SSI standards: the spouse who is ineligible is not considered to be in the financial group when determining income eligibility; however, the spouse is considered to be in the financial group when determining resource eligibility.

(c) When an individual lives in a nonstandard living arrangement, the financial group consists only of the individual applying for benefits, except that the community spouse (see OAR 461-001-0030) is included in the financial group to determine initial eligibility. At initial eligibility, the resources of the community spouse are considered and the provisions of OAR 461-160-0580 apply. The income of the community spouse is not considered in determining initial eligibility, and the community spouse is not included in any other eligibility group.

(6) In the TANF program, the financial group consists of each individual in the filing group except the following:

(a) A caretaker relative, other than a parent, who chooses not to be included in the need group and has income less than the non-needy countable income limit standard (see OAR 461-155-0030) for the filing group of the caretaker relative;

(b) The spouse (see OAR 461-001-0000) of a caretaker relative, when the caretaker relative meets the requirements under subsection (a) of this section;

(c) A dependent child of a caretaker relative when the caretaker relative meets the requirements under subsection (a) of this section;

(d) An individual in the filing group solely due to the requirements of OAR 461-110-0310(1)(b); and

(e) An individual who is eligible for and receives an SSI cash payment.

(7) For all programs other than EXT, HKC, MAA, MAF, OHP, OSIP, OSIPM, REF, REFM, SAC, and TANF, the financial group consists of each individual in the filing group.

Stat. Auth.: ORS 411.060, 411.070, 411.404, 411.704, 411.706, 411.816, 412.006, 412.049, 412.064, 412.124, 414.025, 414.231, 414.712, 414.826, 414.831, 414.839

461-110-0630 Need Group

(1) The need group consists of the individuals whose basic and special needs are used in determining eligibility and benefit level.

(2) In the EA, REF, and REFM programs, the need group consists of the members of the financial group (see OAR 461-110-0530) who meet all nonfinancial eligibility requirements, except that members disqualified for an intentional program violation are not in the need group.

(3) In the ERDC, OSIP-EPD, OSIPM-EPD, QMB, and SAC programs, the need group consists of each member of the financial group.

(4) In the EXT program, the need group consists of each member of the financial group except an individual excluded from the need group for not complying with social security number requirements under OAR 461-120-0210.

(5) In the SNAP program, the need group consists of the members of the financial group who meet all nonfinancial eligibility requirements, except the following people are not in the need group:

(a) A member disqualified for an intentional program violation.

(b) A fleeing felon under OAR 461-135-0560.

(c) An individual violating a condition of state or federal parole, probation, or post-prison supervision under OAR 461-135-0560.

(6) In the GA and GAM programs, the need group consists of each member of the financial group except that the following individuals may not be in the need group:

(a) A fleeing felon under OAR 461-135-0560.

(b) An individual in violation of a condition of state or federal parole, probation, or post-prison supervision under OAR 461-135-0560.

(c) An individual not complying with social security number requirements under OAR 461-120-0210.

(7) In the MAA and TANF programs, the need group is formed as follows:

(a) Except as provided in subsection (b) of this section, the need group consists of the members of the financial group who meet all nonfinancial eligibility requirements other than the citizenship and alien status

requirements of OAR 461-120-0110 or the citizenship documentation requirements of OAR 461-115-0705.

(b) The need group cannot include:

(A) A parent who is in foster care and for whom foster care payments are being made.

(B) An unborn child.

(C) In the TANF program:

(i) An individual who cannot be in the need group because of a disqualification penalty.

(ii) An individual who cannot be in the need group because the individual has exceeded the 60-month time limit and does not meet any of the exceptions listed in OAR 461-135-0075.

(iii) A fleeing felon under OAR 461-135-0560.

(iv) An individual violating a condition of state or federal parole, probation, or post-prison supervision under OAR 461-135-0560.

(8) In the MAF program, the need group consists of the members of the financial group who meet all nonfinancial eligibility requirements other than the citizen and alien status requirements of OAR 461-120-0110 or the citizenship documentation requirements of OAR 461-115-0705, except for the following individuals:

(a) A parent who is in foster care and for whom foster care payments are being made.

(b) The father of an unborn child who has no eligible dependent children.

(9) In the HKC and OHP programs:

(a) An unborn child of a pregnant female is included in the need group.

(b) The need group consists of each member of the financial group except an individual excluded from the need group for not complying with social security number requirements under OAR 461-120-0210.

(10) In the OSIP (except OSIP-EPD) and OSIPM (except OSIPM-EPD) programs:

(a) If a child is applying, the need group consists of the child.

(b) In all other situations, the need group consists of each member of the financial group.

Date of Request

(1) For all programs covered by Chapter 461 of the Oregon Administrative Rules, the client or someone authorized to act on behalf of the client must contact the Department or use another appropriate method to request benefits (see OAR 461-115-0150). The request may be oral or in writing. The request starts the application process.

(2) The date of request is one of the following:

(a) In the EA, ERDC, GA, OSIP, REF, and TANF programs and for support service payments in the JOBS program authorized by OAR 461-190-0211, the date of request is the day the request for benefits is received by the Department.

(b) In the SNAP program, this section does not apply. See OAR 461-115-0040.

(c) In the GAM, HKC, MAA, MAF, OHP, OSIPM, REFM, and SAC programs, the date of request is determined as follows:

(A) For a new applicant:

(i) The day the request for medical benefits is received by a Department representative, except as described in subparagraphs (ii) and (iii) of this paragraph.

(ii) If the request for medical benefits is received by a Department representative no later than the next business day after medical services are received, the date of request is the day these medical services were received.

ADMINISTRATIVE RULES

(iii) An individual's request to be placed on the OHP Standard Reservation List (see OAR 461-135-1125) does not establish a date of request for medical benefits.

(B) For a current recipient, the date of request is one of the following:

(i) The date the client reports a change requiring a redetermination of eligibility.

(ii) The date the Department initiates a review, except that the automatic mailing of an application does not constitute a Department-initiated review.

(iii) The date the client establishes a date of request by contacting the Department orally or in writing or by submitting an application.

(d) In the SFPSS program:

(A) Except as provided in paragraph (B) of this subsection, the date of request is the day the client signs the program's Interim Assistance Agreement.

(B) The date of request for support service payments is the day the request for benefits is received by the Department.

461-115-0050

When an Application Must Be Filed

(1) A client must file an application, or may amend a completed application, as a prerequisite to receiving benefits as follows:

(a) A client may apply for the TA-DVS program as provided in OAR 461-135-1220.

(b) In all programs except the TA-DVS program:

(A) Except as provided otherwise in this rule, a client wishing to apply for program benefits must submit a complete application on a form approved by the Department.

(B) An application is complete if all of the following requirements are met:

(i) All information necessary to determine the individual's eligibility and benefit amount is provided on the application for each individual in the filing group.

(ii) The applicant, even if homeless, provides a mailing address.

(iii) The application is signed. An individual required but unable to sign the application may sign with a mark, witnessed by another individual.

(iv) The application is received by the Department, except an electronic application (see OAR 461-001-0000) meets the requirements of this paragraph only when submitted to and received by the Department with an electronic signature.

(2) A new application is not required in the following situations:

(a) In the SNAP program, when a single application can be used both to determine a client is ineligible in the month of application and to determine the client is eligible the next month. This can be done when--

(A) Anticipated changes make the filing group (see OAR 461-110-0370) eligible the second month; or

(B) The filing group provides verification between 30 and 60 days following the filing date (see OAR 461-115-0040), under OAR 461-180-0080.

(b) In all programs except the SNAP program, when a single application can be used both to determine a client is ineligible on the date of request (see OAR 461-115-0030) and to determine the client is eligible when anticipated changes make the filing group eligible within 45 days from the date of request.

(c) When the case is closed and reopened during the same calendar month.

(d) When benefits were suspended for one month because of the level of income, and the case is reopened the month following the month of suspension.

(e) When reinstating medical benefits for a pregnant woman covered by OAR 461-135-0950.

(f) When the Department determines a child under the age of 19 years with a date of request from July 1, 2009 through December 31, 2009 is not eligible for EXT, MAA, MAF, OHP, OSIPM, QMB, or SAC program ben-

efits for a reason other than failure to complete the application requirements under OAR 461-115-0020, and the Department chooses to redetermine the child's eligibility for EXT, MAA, MAF, OHP, OSIPM, QMB, and SAC program benefits under the administrative rules in effect on October 1, 2009 and January 1, 2010.

(3) When a client establishes a new date of request (see OAR 461-115-0030) prior to the end of the month following the month of case closure, unless the Department determines a new application is required, a new application is not required in the following situations:

(a) In the OSIPM program, when the client's case closed due to failure to make a liability payment required under OAR 461-160-0610.

(b) In the OSIPM-EPD program, when the client's case closed due to failure to make a participant fee payment required under OAR 461-160-0800.

(4) A new application is required to add a newborn child to a benefit group (see OAR 461-110-0750) according to the following requirements:

(a) For the REF and TANF programs:

(A) A new application is not required if the child is listed on the application as "unborn" and there is sufficient information about the child to establish its eligibility.

(B) A new application is required if the child is not included on the application as "unborn."

(b) In the CEC, CEM, EXT, HKC, MAA, MAF, OHP, and REFM programs, no additional application is required to add a newborn to a benefit group receiving benefits from one of the listed programs if eligibility can be determined without submission of a new application.

(c) In the CEC, CEM, EXT, GAM, HKC, MAA, MAF, OHP, OSIPM, QMB, REFM, and SAC programs, no additional application is required to add an assumed eligible newborn to a benefit group currently receiving Department medical program benefits.

(d) In the ERDC and SNAP programs, an application is not required to add the child to the benefit group.

(e) In all programs other than CEC, CEM, ERDC, EXT, GAM, HKC, MAA, MAF, OHP, QMB, REF, REFM, SAC, SNAP, and TANF, an application is required.

(5) A new application is required to add an individual, other than a newborn child, to a benefit group according to the following requirements:

(a) In the ERDC and SNAP programs, a new application is not required.

(b) In the EXT, HKC, MAA, MAF, OHP, REF, REFM, SAC, and TANF programs, an individual may be added by amending a current application if the information is sufficient to determine eligibility; otherwise a new application is required.

(c) In all programs other than the ERDC, EXT, HKC, MAA, MAF, OHP, REF, REFM, SAC, SNAP, and TANF programs, a new application is required.

(6) A client whose TANF grant is closing may request ERDC orally or in writing.

(7) Except for an applicant for the SNAP program, a client may change between programs administered by the Department using the current application if the following conditions are met:

(a) The client makes an oral or written request for the change.

(b) The Department has sufficient evidence to determine eligibility and benefit level for the new program without a new application.

(c) The program change can be effected while the client is eligible for the first program.

(8) In the CEC, CEM, EXT, HKC, MAA, MAF, OHP, OSIP, OSIPM, and QMB programs, a new application is not required to redetermine eligibility if the following conditions are met:

(a) The client currently is receiving benefits from one of these programs; and

(b) The Department has sufficient evidence to redetermine eligibility for the same program or determine eligibility for the new program without a new application or by amending the current application.

461-115-0230

Interviews

(1) In all programs except the BCCM, HKC, MAA, MAF, OHP, and SAC programs, the Department may conduct a required face-to-face interview by telephone or home visit if an authorized representative (see OAR 461-115-0090) has not been appointed and participating in a face-to-face interview is a hardship (see section (3) of this rule) for the household.

(2) In the SNAP program:

(a) When a household meets the expedited services criteria, an interview may be postponed in accordance with OAR 461-115-0690.

(b) An interview must be scheduled so that the household has at least ten days to provide any needed verification before the deadline under OAR 461-115-0210.

(c) A face-to-face interview must be granted at the applicant's request.

(d) When an applicant misses the first scheduled interview appointment, the Department must inform the applicant by regular mail of the missed interview.

(e) An applicant who fails to attend a scheduled interview must contact the Department no later than 30 days following the filing date (OAR 461-115-0040) to be eligible for benefits.

(f) Each client is interviewed face-to-face prior to initial certification and at least once every 12 months, except under the following circumstances:

(A) When a current hardship condition (see section (3) of this rule) is identified.

(B) The household meets either of the following criteria at recertification:

(i) Each adult member is elderly or meets the SNAP program definition of an individual with a disability (see OAR 461-001-0015), and there is no earned income; or

(ii) Each member of the SNAP program filing group (see OAR 461-110-0370) is receiving TANF or SFPSS program cash benefits.

(3) For the purposes of this rule, hardship conditions include, but are not limited to:

(a) Care of a household member;

(b) A client's age, disability, or illness;

(c) A commute of more than two hours from the client's residence to the nearest branch office (see OAR 461-001-0000);

(d) A conflict between the client's work or training schedule and the business hours of the branch office; and

(e) Transportation difficulties due to prolonged severe weather or financial hardship.

461-115-0430

Periodic Redeterminations; Not EA, ERDC, EXT, OHP, REF, REFM, SNAP, or TA-DVS

The Department periodically redetermines the eligibility of clients for benefits and assigns a *redetermination date* by which the next determination is required. The Department selects the redetermination date based on the client's circumstances and according to the following requirements:

(1) In the BCCM, GA, GAM, and HKC programs, the Department determines eligibility each 12 months.

(2) In the MAA, MAF, and SAC programs, the Department redetermines eligibility at least once every 12 months.

(3) In the OSIP and OSIPM programs, the Department determines eligibility each 12 months for clients who are not eligible for SSI. No redetermination is required for clients who are eligible for SSI.

(4) In the QMB program, the Department determines eligibility each 12 months for clients who are not eligible for SSI. For QMB recipients who are also eligible for MAA, MAF or OSIPM, a redetermination for QMB is completed with the redetermination of the other program.

(5) In the SFPSS program, the Department redetermines eligibility at least once every 12 months. The Department redetermines program eligibility by redetermining eligibility for the TANF program.

(6) In the TANF program, the Department redetermines eligibility according to the following schedule:

(a) For a client not participating in the JOBS program — at least once every six months.

(b) For a client participating in the JOBS program — at least once every 12 months.

Required Verification; BCCM, HKC, MAA, MAF, OHP, SAC

(1) This rule establishes verification requirements for the BCCM, HKC, MAA, MAF, OHP, and SAC programs in addition to the requirements of OAR 461-115-0610.

(2) Except as provided in section (3) of this rule, each client declaring U.S. citizenship must provide acceptable documentation of citizenship and identity. For purposes of this rule, acceptable documentation consists of any of the documents permitted under section 1903(x) of the Social Security Act (42 U.S.C. 1396b).

(a) A new applicant must provide acceptable documentation as a condition of eligibility (see OAR 461-001-0000). Except for an applicant whose medical benefits previously were closed after March 31, 2009 for not providing acceptable documentation, an applicant's medical assistance may not be delayed for citizenship documentation while the eligibility decision is pending if all other medical assistance eligibility requirements have been met.

(b) A current recipient who has not already provided acceptable documentation must provide acceptable documentation as a condition of eligibility when requested by the Department.

(c) A client who already has provided acceptable documentation is not required to provide additional evidence during a subsequent application for benefits or redetermination of eligibility.

(3) Each of the following clients is exempt from the requirements of section (2) of this rule, a client who is:

(a) Assumed eligible under OAR 461-135-0010(5);

(b) Eligible for or receiving Medicare;

(c) Presumptively eligible for the BCCM program;

(d) Receiving Social Security Disability Income (SSDI); or

(e) Receiving Title IV-E benefits.

(4) In the OHP program:

(a) At initial application and at any other time it affects the client, the following must be verified:

(A) The requirement in OAR 461-120-0210 to have or apply for a social security number.

(B) Alien status for an applicant who indicates he or she is not a U.S. citizen, and for a client who meets the alien status requirement under OAR 461-120-0125(4)(b) the client's alien status must be verified at each certification.

(C) The OHP-OPU program premium exemption allowed because a client is:

(i) A member of a federally recognized Indian tribe, band, or group;

(ii) An Eskimo, Aleut, or other Alaska native enrolled by the Secretary of the Interior pursuant to the Alaska Native Claims Settlement Act; or

(iii) An individual eligible for benefits through an Indian Health Program.

(D) Income from the month prior to the budget month and income already received in the budget month. If income cannot be verified, the client's statement is accepted.

(b) At recertification, the following must be verified, except that if income cannot be verified, the client's statement is accepted:

(A) Unearned income if it has changed since the last certification.

ADMINISTRATIVE RULES

(B) Earned income from the budget month and month prior to the budget month. If income has not been received at the time the application initially is processed, income must be anticipated.

(c) A client enrolled full time in higher education must provide verification, at application and recertification, that the client meets the requirements of OAR 461 135 1110.

(d) The following must be verified when it is first reported or changed:

(A) Pregnancy of the client, which must be verified by a medical practitioner, health department, clinic, or crisis pregnancy center or like facility.

(B) Amount of the premium for cost-effective employer-sponsored health insurance.

(e) A client must provide verification for any eligibility requirement questioned by the Department.

Residency Requirements

(1) To be eligible for benefits, an individual must be a resident of Oregon.

(2) An individual is a resident of Oregon if the individual lives in Oregon.

(3) There is no minimum amount of time an individual must live in Oregon to be a resident. However, he or she must intend to remain in Oregon except in the following situations:

(a) EA may be issued to help a client return to a former state of residence.

(b) SNAP does not require intent to remain to establish residency.

(c) In the HKC, MAA, MAF, OHP, SAC, and TANF programs, an individual is considered a resident if he or she entered Oregon with a job commitment or looking for work, and is not receiving benefits from another state.

(4) In the SAC program, Oregon is the state of residence for a child who is living in Oregon and receiving Title IV-E substitute care, even though all or part of his or her maintenance costs are paid by a public agency in another state.

(5) An individual is not a resident if he or she is in Oregon solely for a vacation.

(6) An individual continues to be a resident of Oregon during a temporary period of absence if he or she intends to return when the purpose of the absence is completed.

461-120-0125

Alien Status; Not REF or REFM

In all programs except the REF and REFM programs:

(1) For purposes of this chapter of rules, an individual is a “qualified non-citizen” if he or she is any of the following:

(a) A non-citizen who is lawfully admitted for permanent residence under the Immigration and Nationality Act (INA) (8 U.S.C. 1101 et seq).

(b) A refugee who is admitted to the United States as a refugee under section 207 of the INA (8 U.S.C. 1157).

(c) A non-citizen who is granted asylum under section 208 of the INA (8 U.S.C. 1158).

(d) A non-citizen whose deportation is being withheld under section 243(h) of the INA (8 U.S.C. 1253(h)) (as in effect immediately before April 1, 1997) or section 241(b)(3) of the INA (8 U.S.C. 251(b)(3)) (as amended by section 305(a) of division C of the Omnibus Consolidated Appropriations Act of 1997, Pub. L. No. 104-208, 110 Stat. 3009-597 (1996)).

(e) A non-citizen who is paroled into the United States under section 212(d)(5) of the INA (8 U.S.C. 1182(d)(5)) for a period of at least one year.

(f) A non-citizen who is granted conditional entry pursuant to section 203(a)(7) of the INA (8 U.S.C. 1153(a)(7)) as in effect prior to April 1, 1980.

(g) A non-citizen who is a “Cuban and Haitian entrant” (as defined in section 501(3) of the Refugee Education Assistance Act of 1980).

(h) An Afghan or Iraqi alien granted Special Immigration Status (SIV) under section 101(a)(27) of the INA.

(i) In all programs except the SNAP program--a battered spouse or dependent child who meets the requirements of 8 U.S.C. 1641(c) and is in the United States on a conditional resident status, as determined by the U.S. Citizenship and Immigration Services.

(j) In the SNAP program--a non-citizen who has been battered or subjected to extreme cruelty in the United States by a spouse or parent or by a member of the spouse or parent’s family residing in the same household as the non-citizen at the time of the abuse; a non-citizen whose child has been battered or subjected to battery or cruelty; or a non-citizen child whose parent has been battered.

(2) An individual meets the alien status requirements if he or she is one of the following:

(a) An American Indian born in Canada to whom the provisions of section 289 of the INA (8 U.S.C. 1359) apply.

(b) A member of an Indian tribe, as defined in section 4(e) of the Indian Self-Determination and Education Act (25 U.S.C. 450b(e)).

(3) In the ERDC and TANF programs, an individual meets the alien status requirements if he or she is one of the following:

(a) An individual who is a qualified non-citizen.

(b) A non-citizen who is currently a victim of domestic violence or who is at risk of becoming a victim of domestic violence.

(c) A “victim of a severe form of trafficking in persons” certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(d) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(4) In the BCCM, CEC, CEM, EXT, HKC, MAA, MAF, OHP, OSIPM, QMB, and SAC programs:

(a) A qualified non-citizen meets the alien status requirements if he or she satisfies one of the following situations:

(A) Effective October 1, 2009, is an individual under 19 years of age.

(B) Was a qualified non-citizen before August 22, 1996.

(C) Physically entered the United States before August 22, 1996, and was continuously present in the United States between August 22, 1996, and the date qualified non-citizen status was obtained. An individual is not continuously present in the United States if he or she is absent from the United States for more than 30 consecutive days or a total of more than 90 days between August 22, 1996 and the date qualified non-citizen status was obtained.

(D) Is an individual granted any of the following alien statuses:

(i) Refugee — under section 207 of the INA.

(ii) Asylum — under section 208 of the INA.

(iii) Deportation being withheld under section 243(h) of the INA.

(iv) Cubans and Haitians who are either public interest or humanitarian parolees.

(v) An individual granted immigration status under section 584(a) of the Foreign Operations, Export Financing and Related Program Appropriations Act of 1988.

(vi) A “victim of a severe form of trafficking in persons” certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(vii) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(viii) An Iraqi or Afghan alien granted special immigrant status (SIV) under section 101(a)(27) of the INA.

(E) Meets the alien status requirements in section (2), (6), or (7) of this rule.

(F) In the OSIPM program, is receiving SSI benefits.

(G) In the QMB program, is receiving SSI and Medicare Part A benefits.

(b) A non-citizen meets the alien status requirements if he or she is under the age of 19 and is one of the following:

(A) A citizen of a Compact of Free Association State (i.e., Federated States of Micronesia, Republic of the Marshall Islands, and the Republic of

ADMINISTRATIVE RULES

Palau) who has been admitted to the U.S. as a non-immigrant and is permitted by the Department of Homeland Security to reside permanently or indefinitely in the U.S.

(B) An individual described in 8 CFR section 103.12(a)(4) who belongs to one of the following classes of aliens permitted to remain in the United States because the Attorney General has decided for humanitarian or other public policy reasons not to initiate deportation or exclusion proceedings or enforce departure:

(i) An alien currently in temporary resident status pursuant to section 210 or 245A of the INA (8 USC 1160 and 1255a);

(ii) An alien currently under Temporary Protected Status (TPS) pursuant to section 244 of the INA (8 USC 1229b);

(iii) Cuban-Haitian entrants, as defined in section 202(b) Pub. L. 99-603 (8 USC 1255a), as amended;

(iv) Family Unity beneficiaries pursuant to section 301 of Pub. L. 101-649 (8 USC 1255a), as amended;

(v) An alien currently under Deferred Enforced Departure (DED) pursuant to a decision made by the President;

(vi) An alien currently in deferred action status pursuant to Department of Homeland Security Operating Instruction OI 242.1(a)(22); or

(vii) An alien who is the spouse or child of a United States citizen whose visa petition has been approved and who has a pending application for adjustment of status.

(C) An individual in non-immigrant classifications under the INA who is permitted to remain in the U.S. for an indefinite period, including those individuals as specified in section 101(a)(15) of the INA (8 USC 1101).

(5) In the GA and GAM programs, an individual meets the alien status requirement if he or she is one of the following:

(a) An individual who is blind or has a disability was lawfully residing in the United States on August 22, 1996, and is now a qualified non-citizen.

(b) An individual granted one of the following statuses, but only for seven years following the date the status is granted:

(A) Refugee — under section 207 of the INA.

(B) Asylum — under section 208 of the INA.

(C) Deportation being withheld under section 243(h) of the INA.

(D) An individual granted immigration status under section 584(a) of the Foreign Operations, Export Financing and Related Program Appropriations Act of 1988.

(E) Cubans and Haitians who are either public interest or humanitarian parolees.

(F) A “victim of a severe form of trafficking in persons” certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(G) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(c) An individual who meets one of the alien status requirements in section (2) or (6) of this rule.

(d) An Iraqi or Afghan alien granted special immigrant status (SIV) under section 101(a)(27) of the INA.

(6) In all programs except the ERDC and TANF programs, a qualified non-citizen meets the alien status requirement if he or she is:

(a) A veteran of the United States Armed Forces who was honorably discharged for reasons other than alien status and who fulfilled the minimum active-duty service requirements described in 38 U.S.C. 5303A(d).

(b) A member of the United States Armed Forces on active duty (other than active duty for training).

(c) The spouse or a dependent child of an individual described in subsection (a) or (b) of this section.

(d) In the SNAP program, a qualified non-citizen who meets the requirement in section (9) of this rule.

(7) Except as provided in section (2), subsections (3)(e) and (4)(a), and sections (5) and (6) of this rule, a non-citizen who entered the United States or was given qualified non-citizen status on or after August 22, 1996:

(a) Is ineligible for the BCCM, MAA, MAF, OHP, OSIPM, QMB, and SAC programs for five years beginning on the date the non-citizen received his or her qualified non-citizen status.

(b) Meets the alien status requirement following the five-year period.

(8) In the SNAP program, an individual meets the alien status requirement if he or she is one of the following:

(a) An individual granted any of the following alien statuses--

(A) Refugee — under section 207 of the INA.

(B) Asylum — under section 208 of the INA.

(C) Deportation being withheld under section 243(h) of the INA.

(D) Cubans and Haitians who are either public interest or humanitarian parolees.

(E) An individual granted immigration status under section 584(a) of the Foreign Operations, Export Financing and Related Program Appropriations Act of 1988.

(F) A “victim of a severe form of trafficking in persons” certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(G) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(H) An Iraqi or Afghan alien granted special immigrant status (SIV) under section 101(a)(27) of the INA.

(b) A qualified non-citizen under 18 years of age.

(c) A non-citizen who has been residing in the United States for at least five years while a qualified non-citizen.

(d) A non-citizen who is lawfully residing in the United States and who was a member of a Hmong or Highland Laotian tribe at the time that the tribe rendered assistance to United States personnel by taking part in a military or rescue operation during the Vietnam era (as defined in 38 U.S.C. 101).

(e) The spouse, the un-remarried surviving spouse, or an unmarried dependent child, of an individual described in subsection (d) of this section.

(f) A qualified non-citizen who has a disability, as defined in OAR 461-001-0015.

(9) A client who is lawfully admitted to the United States for permanent residence under the INA and has worked 40 qualifying quarters of coverage as defined under title II of the Social Security Act, or can be credited with such qualifying quarters as provided under 8 U.S.C. 1645, meets the alien status requirements for the SNAP program, subject to the following provisions:

(a) No quarter beginning after December 31, 1996, is a qualifying quarter if the client received any federal, means-tested benefit during the quarter. Federal means tested benefits include SNAP, TANF, and Medicaid (except emergency medical).

(b) For the purpose of determining the number of qualifying quarters of coverage, a client is credited with all of the quarters of coverage worked by a parent of the client while the client was under the age of 18 and all of the qualifying quarters worked by a spouse of the client during their marriage, during the time the client remains married to such spouse or such spouse is deceased.

(c) A lawful permanent resident who would meet the alien status requirement, except for a determination by the Social Security Administration (SSA) that he or she has fewer than 40 quarters of coverage, may be provisionally certified for SNAP program benefits while SSA investigates the number of quarters creditable to the client. A client provisionally certified under this section who is found by SSA, in its final administrative decision after investigation, not to have 40 qualifying quarters is not eligible for SNAP program benefits received while provisionally certified. The provisional certification is effective according to the rule on effective dates for opening benefits, OAR 461-180-0080. The provisional certification cannot run more than six months from the date of original determination by SSA that the client does not have sufficient quarters.

ADMINISTRATIVE RULES

461-120-0210

Requirement to Provide or Apply for SSN

(1) In the CAWEM, ERDC, REF, and REFM programs, a member of a *need group* (see OAR 461-110-0630) or a benefit group (see OAR 461-110-0750) is not required to provide or apply for a social security number (SSN). In these programs, the Department may request that a member of the filing or need group provide an SSN on a voluntary basis.

(2) In the EA and TA-DVS programs, an individual must provide his or her SSN if the individual can.

(3) Except as provided in section (5) of this rule, in the OSIP, OSIPM, and QMB programs, to be included in the benefit group, an individual must:

(a) Provide a valid SSN for the individual; or

(b) Apply for a number if the individual does not have a valid one and provide the SSN when it is received.

(4) Except as provided in sections (5) to (7) of this rule, in all programs not covered by sections (1) to (3) of this rule, to be included in the need group, an individual (other than an unborn) must:

(a) Provide a valid SSN for the individual; or

(b) Apply for a number if the individual does not have one and provide the SSN when it is received.

(5) In the BCCM, CEC, CEM, EXT, GA, GAM, HKC, MAA, MAF, OHP, OSIP, OSIPM, QMB, SAC, and SNAP programs, an individual is not required to apply for or provide an SSN if the individual is:

(a) A member of religious sect or division of a religious sect that has continuously existed since December 31, 1950; and

(b) Adheres to its tenets or teachings that prohibit applying for or using an SSN.

(6) The requirement to apply for or provide the SSN is delayed as follows:

(a) In the BCCM, CEC, CEM, EXT, MAA, MAF, OHP, and SAC programs, a newborn who is assumed eligible based on the eligibility of the mother of the newborn may receive benefits until one year of age without meeting the SSN requirements of section (4) of this rule.

(b) In the SNAP program:

(A) An applicant eligible for expedited services may receive his or her first full month's allotment without meeting the SSN requirement but must meet the requirement before receiving a second full month's allotment.

(B) Before applying for or providing an SSN, a newborn may be added to an existing benefit group (see OAR 461-110-0750) for six months following the date the baby is born or until the group's next recertification, whichever is later.

(7) In the SNAP program:

(a) An individual who refuses or fails without good cause to provide or apply for an SSN when required by this rule is ineligible to participate. This period of ineligibility continues until the individual provides the SSN to the Department.

(b) An individual may participate in SNAP for one month in addition to the month of application, if the individual can show good cause why the application for an SSN has not been completed. To continue to participate, the individual must continue to show good cause each month until the application for an SSN is complete with Social Security Administration.

(c) An individual meets the good cause requirement in subsections (a) and (b) of this section if the individual provides evidence or collateral information that the individual applied for or made every effort to supply the Social Security Administration with the necessary information to complete the application process. Delays due to illness not associated with a disability (see OAR 461-001-0015), lack of transportation, or temporary absence do not qualify as good cause under this rule.

(8) This rule authorizes or requires the collection of an SSN for each of the following purposes.

(a) The determination of eligibility for benefits. The SSN is used to verify income and other assets, and match with other state and federal records such as the Internal Revenue Service (IRS), Medicaid, child support, Social Security benefits, and unemployment benefits.

(b) The preparation of aggregate information and reports requested by funding sources for the program providing benefits.

(c) The operation of the program applied for or providing benefits.

(d) Conducting quality assessment and improvement activities.

(e) Verifying the correct amount of payments, recovering overpaid benefits, and identifying any individual receiving benefits in more than one household.

461-135-0400

Specific Requirements; ERDC

(1) The Department makes payments for child care, including care covered by the ERDC program, subject to the provisions of division 165 of this chapter of rules.

(2) To be eligible for ERDC, a *filing group* (see OAR 461-110-0350) must meet the requirements of all of the following subsections:

(a) At least one caretaker (see OAR 461-001-0000) must receive income from employment (other than self-employment, see OAR 461-145-0910), including employment through a work study program.

(b) The filing group must include a child who needs child care.

(c) The filing group must have an allowable child care need as described in OAR 461 160 0040. If there are two adults required to be in the filing group, and one of the adults is unemployed or self-employed, the unemployed or self-employed adult is considered available to provide child care, making the filing group ineligible, except in the following situations:

(A) The unemployed adult is physically or mentally unable to provide adequate child care.

(B) The unemployed adult is unavailable to provide child care while participating in the requirements of a case plan (see OAR 461-001-0025) other than requirements associated with post-secondary education.

(d) The filing group must use a child care provider who meets the requirements in OAR 461-165-0160 and 461-165-0180.

(e) The child needing child care must meet the citizenship or alien status requirements of OAR 461-120-0110.

(3) A filing group is not eligible for a child care payment for more than six calendar months if the filing group is unwilling to obtain a Certificate of Immunization Status for the child.

(4) The child care must be necessary to enable the caretaker to remain employed (other than self-employed).

(5) A *filing group* is not eligible for child care when the caretaker or parent in the filing group receives a grant for child care from the Oregon Student Assistance Commission for any month the grant is intended to cover, regardless of when the grant is received.

461-135-0415

Requirement to Make Copay or Satisfactory Arrangements; ERDC

In the ERDC program:

(1) The caretaker is responsible for paying the copayment to the primary provider of child care unless the ERDC filing group received TANF benefits the previous month and the Child Care Billing form was sent to the provider showing no copayment.

(2) If the client has only one provider during a month, that provider is the primary provider. If the client uses more than one provider, the client must designate one as the primary provider. Notwithstanding any designation by the client, the Department considers a provider having the copayment amount (not to exceed the client's established copayment amount) deducted from its valid billing statement the primary provider for that period.

(3) If the copayment exceeds the amount billed by the primary provider, the Department may treat a different provider as the primary provider or split the copayment among the providers who bill for care.

(4) The copayment amount due from the caretaker to the provider is the lesser of:

(a) The copayment amount determined by the Department based on family size and income.

(b) The total amount allowed by the Department on a provider claim.

(5) A client who fails to pay a copayment to or to make satisfactory arrangements with the primary provider is ineligible for ERDC if the

ADMINISTRATIVE RULES

provider notifies the Department of an overdue copayment within 60 days after the Department issues payment for the month at issue. The period of ineligibility ends under any of the following circumstances:

(a) On the first day of the month in which the client makes the copayment or makes satisfactory arrangements with the provider.

(b) On the first day of the month after three years have lapsed from the date the client failed to make the copayment.

(c) On the first day of the month in which the client provides verification that the copayment debt was discharged by a bankruptcy filing.

(6) The Department will make the payment to a provider if a Child Care Billing form is mailed to the provider prior to the notification described in section (5) of this rule.

461-135-0570

Eligible and Ineligible Students; SNAP

In the SNAP program:

(1) For the purposes of this rule and OAR 461-001-0015, higher education includes the following:

(a) Public and private universities and colleges and community colleges that offer degree programs regardless of whether a high school diploma is required for the program. However, GED, ABE, ESL and high school equivalency programs at those institutions are not considered higher education.

(b) Vocational, technical, business, and trade schools that normally require a high school diploma or equivalency certificate for enrollment in the curriculum or in a particular program at the institution. However, programs at those institutions that do not require the diploma or certificate are not considered higher education.

(2) An individual 18 years of age or older, but under the age of 50 years, who is enrolled at least half time in higher education is ineligible to receive SNAP program benefits, unless one of the following is true:

(a) The student is:

(A) A paid employee (see OAR 461-001-0015) working an average of 20 hours or more per week except as excluded by section (5) of this rule; or

(B) Self-employed for a minimum of 20 hours per week and receives weekly earnings at least equal to the federal minimum wage multiplied by 20 hours.

(b) The student is participating in a state or federally funded work-study program, is assigned to a work-study position, and will perform work in a work-study job in the current term or semester. The period of eligibility for a student eligible because of this subsection:

(A) Begins with the month in which school begins or with the month that work study is approved, whichever is later.

(B) Continues for the duration of the term or semester, unless the student refuses a work-study job.

(C) Continues through breaks of less than a month. For breaks of a month or longer, eligibility continues only if the student performs work in a work-study job during the break.

(c) The student is responsible for the care of a child in the filing group (see OAR 461-110-0370), and the child is--

(A) Under six years of age; or

(B) Six years of age or older, but under the age of 12 years, and adequate child care is not available to enable the student to both attend class and meet the employment requirements of sub-section (a) of this section or the work-study requirements of sub-section (b) of this section.

(d) The student is enrolled full time in higher education and is a single parent (meaning there is only one parent in the filing group) or a single adult who has parental control, with the responsibility of caring for a child under 12 years of age.

(e) The student is in a TANF benefit group (see OAR 461-110-0750).

(f) The student is physically or mentally unfit for employment.

(g) The student is in job training classes under the Workforce Investment Act of 1998 (Pub. L. 105-220).

(h) The student is in a program serving displaced workers under Section 236 of the Trade Act of 1974, 19 U.S.C. 2296.

(i) The student is receiving Oregon Employment Department Training Unemployment Insurance (TUI) benefits.

(j) The student is enrolled as a result of participation in the higher education component of the JOBS program.

(k) The student is enrolled as a result of employer-sponsored on-the-job training.

(3) A student's enrollment status continues during school vacation and breaks. A student's enrollment status ends when the student graduates, drops out (as verified by the student disenrolling), is suspended or expelled, or does not intend to register for the next school term (excluding summer term).

(4) A student residing in a dormitory or other living situation with meal plans is ineligible for SNAP program benefits.

(5) The following situations do not earn the student hours toward the 20 hours per week requirement in section (2) of this rule:

(a) Income that is considered educational income under OAR 461-145-0150, including income from work in the following:

(A) An externship (see OAR 461-001-0015);

(B) A graduate assistantship (see OAR 461-001-0015);

(C) A graduate fellowship (see OAR 461-001-0015); or

(D) An internship (see OAR 461-001-0015).

(b) Receiving in-kind payments in lieu of actual wages.

461-135-1100

Specific Requirements; OHP

In addition to eligibility requirements applicable to the OHP program in other rules in chapter 461 of the Oregon Administrative Rules, this rule sets out specific eligibility requirements for the OHP program.

(1) For purposes of this rule, OAR 461-135-1101, and 461-135-1149, the term private major medical health insurance refers to health insurance coverage that provides medical care for physician and hospital services, including major illnesses, with a limit of not less than \$10,000 for each covered individual. This term does not include coverage under the Kaiser Child Health Program.

(2) To be eligible for OHP, a person cannot:

(a) Be receiving, or deemed to be receiving, SSI benefits;

(b) Be eligible for Medicare, except that this requirement does not apply to OHP OPP;

(c) Be receiving Medicaid through another program; or

(d) Be enrolled in a health insurance plan subsidized by the Family Health Insurance Assistance program (FHIAP, see ORS 735.720 to 735.740).

(3) To be eligible for the OHP-OPU program, a person must be 19 years of age or older and may not be pregnant. A person eligible for OHP-OPU is referred to as a health plan new/noncategorical (HPN) client. In addition to all other OHP eligibility requirements, an HPN client:

(a) May not be covered by private major medical health insurance and may not have been covered by private major medical health insurance during the six months preceding the effective date for starting medical benefits. The six-month waiting period is waived if--

(A) The person has a condition that, without treatment, would be life-threatening or would cause permanent loss of function or disability;

(B) The person's private health insurance premium was reimbursed under the provisions of OAR 461-135-0990;

(C) The person's private health insurance premium was subsidized through FHIAP; or

(D) A member of the person's filing group was a victim of domestic violence.

(b) Must meet the following eligibility requirements:

(A) The resource limit provided in OAR 461-160-0015.

(B) The higher education student requirements provided in OAR 461 135 1110.

(C) Payment of premiums determined in accordance with OAR 461-155-0235 and paid in accordance with OAR 461-135-1120.

(D) Selection of a medical, dental and mental health managed health care plan (MHCP) or primary care case manager (PCCM) if available, unless the HPN client is exempted by OAR 410-141-0060.

ADMINISTRATIVE RULES

(E) The requirements in OAR 461-120-0345 related to obtaining medical coverage for members of the benefit group through the Family Health Insurance Assistance Program (FHIAP), if applicable.

(4) To be eligible for the OHP-OPC program, a person must be less than 19 years of age.

(5) To be eligible for the OHP-OP6 program, a child must be less than six years of age and not eligible for OHP-OPC.

(6) To be eligible for the OHP-OPP program, a person must be pregnant or must be a newborn assumed eligible under OAR 461-135-0010(4).

(7) To be eligible for the OHP-CHP program, a person must be under 19 years of age and must:

(a) Not be eligible for OHP-OPC, OHP-OPP, or OHP-OP6;

(b) Meet budgeting requirements of OAR 461-160-0700;

(c) Select a medical, dental and mental health managed health care plan (MHCP) or primary care case manager (PCCM) if available, unless the client is exempted by OAR 410-141-0060; and

(d) Not be covered by private major medical health insurance or by any private major medical health insurance during the preceding two months. The two-month waiting period is waived if--

(A) The person has a condition that, without treatment, would be life threatening or cause permanent loss of function or disability;

(B) The loss of health insurance was due to the loss of or a change in employment;

(C) The person's private health insurance premium was reimbursed under OAR 461 135 0990;

(D) The person's private health insurance premium was through FHIAP or the Office of Private Health Partnerships (OPHP) in accordance with ORS 414.231, 414.826, 414.831, and 414.839; or

(E) A member of the person's filing group was a victim of domestic violence.

(8) A child who becomes ineligible for OHP because of age while receiving in patient medical services remains eligible until the end of the month in which he or she no longer receives those services if he or she is receiving in patient medical services on the last day of the month in which the age requirement is no longer met.

461-135-1101

Specific Requirements; Healthy KidsConnect (HKC)

In addition to the eligibility requirements applicable to the HKC program in other rules in chapter 461 of the Oregon Administrative Rules, this rule sets out specific eligibility requirements for the HKC program.

(1) To be eligible for HKC, an individual must be under 19 years of age and may not be covered by private major medical health insurance (see OAR 461-135-1100) or by any private major medical health insurance during the preceding two months. The two-month waiting period is waived if:

(a) The individual has a condition that, without treatment, would be life-threatening or cause permanent loss of function or disability;

(b) The loss of health insurance was due to a change in employment;

(c) The individual's private health insurance premium was reimbursed under OAR 461-135-0990;

(d) The individual's private health insurance premium was subsidized by FHIAP or by the Office of Private Health Partnerships (OPHP); or

(e) A member of the individual's filing group was a victim of domestic violence.

(2) Income treatment and availability of income requirements used for determining HKC program eligibility are the same as used for the OHP-CHP program in this chapter of the administrative rules.

(3) Budgeting for HKC program eligibility follows the same methodologies as those used for the OHP-CHP program under OAR 461-150-0055.

(4) The countable income standard for the HKC program is at or above 201 percent of the federal poverty limit, in accordance with ORS 414.231 and 414.826.

(5) To be eligible for the HKC program, a child must be a U.S. citizen or meet the alien status requirements as provided in OAR 461-120-0125.

(6) Once approved for the HKC program, the child is referred to OPHP in accordance with ORS 414.231, 414.826, 414.831, and 414.839. OPHP may enroll the child in one of the following program categories:

(a) Healthy KidsConnect Employer Sponsored Insurance (ESI);

(b) Healthy KidsConnect subsidy; or

(c) Healthy KidsConnect full pay.

(7) The eligibility period for the HKC program is a 12-month period. Once a child is approved as eligible for the HKC program, the child is referred to OPHP for enrollment. The enrollment period begins on the date OPHP enrolls the child and may continue through the remainder of the 12-month eligibility period.

(8) A child found eligible for the HKC program under this rule becomes ineligible if any of the following occur:

(a) The child reaches 19 years of age.

(b) The child begins coverage under private major medical health insurance and the insurance is not provided through a contract with OPHP.

(c) The child becomes a resident of a state other than Oregon.

(d) The child's share of the HKC program insurance premium is not paid.

(e) OPHP determines the child no longer qualifies for enrollment through OPHP.

(f) The Department determines the child does not meet the requirements for eligibility, including but not limited to the child's failure to re-enroll in the HKC program before the end of the HKC program eligibility period.

461-135-1149

Specific Requirements; Continuous Eligibility for Non-CAWEM Children; CEC

(1) "Continuous eligibility for non-CAWEM children" means a non-CAWEM child under 19 years of age the Department determines is eligible for Medicaid or OHP-CHP is deemed to be eligible for a total of 12 months regardless of any change in circumstances, other than:

(a) Moving out of state;

(b) Turning 19 years of age, however a pregnant individual who turns 19 years of age remains eligible for OHP-CHP through the last day of the month during which the pregnancy ends; or

(c) In the OHP-CHP program, receipt of private major medical health insurance.

(2) When a pregnant non-CAWEM child is eligible for and receiving OHP-CHP program benefits loses this eligibility, her medical assistance continues through the CEC program through the last day of the month in which the pregnancy ends as long as she is not a recipient of private major medical health insurance (see OAR 461-135-1100).

(3) To be eligible for the CEC program, a client must meet the requirements of all of the following subsections:

(a) Be a U.S. citizen or meet the requirements in OAR 461-120-0125(4);

(b) Be under 20 years of age;

(c) Lose eligibility for OHP-CHP program medical benefits while pregnant; and

(d) Not be a recipient of private major medical health insurance.

(4) CEC program eligibility ends:

(a) The last day of the month in which the pregnancy ends;

(b) When the client moves out of state;

(c) When the client voluntarily ends OHP-CHP program benefits;

(d) When the client becomes a recipient of private major medical health insurance; or

(e) If the client becomes eligible for Child Welfare (CW) medical, EXT, MAA, MAF, OHP, OSIPM, or SAC program benefits.

(5) When a non-CAWEM child who is eligible for and receiving CW medical, EXT, MAA, MAF, OHP (except OHP-CHP), OSIPM, or SAC program benefits loses this eligibility with time remaining in the 12-month continuous eligibility period, the child's medical assistance continues for the remainder of the 12-month eligibility period through the CEM program.

(6) The CEM program eligibility period is based on the most recent CW medical, EXT, MAA, MAF, OHP (except OHP-CHP), OSIPM, or SAC program approval date. A child losing eligibility for CW medical, EXT, MAA, MAF, OHP (except OHP-CHP), OSIPM, or SAC program

ADMINISTRATIVE RULES

benefits less than 12 months after having been approved for benefits qualifies for CEM program benefits for the balance of the 12 month period following that approval.

(7) To be eligible for the CEM program, a client must meet the requirements of all of the following subsections:

(a) Be a U.S. citizen or meet the requirements in OAR 461-120-0125(4);

(b) Be eligible for and receiving CW medical, EXT, MAA, MAF, OHP (except OHP-CHP), OSIPM, or SAC program medical benefits;

(c) Be under 19 years of age; and

(d) Lose eligibility for CW medical, EXT, MAA, MAF, OHP (except OHP-CHP), OSIPM or SAC program medical benefits less than 12 months after having been approved for benefits, including approvals resulting from redeterminations.

(8) CEM program eligibility ends when the client --

(a) Becomes 19 years of age;

(b) Moves out of state;

(c) Voluntarily ends benefits; or

(d) Becomes eligible for CW medical, EXT, MAA, MAF, OHP, OSIPM, or SAC program benefits.

Senior Farm Direct Nutrition Program

(1) The Senior Farm Direct Nutrition Program (SFDNP) provides farm direct checks to low income individuals.

(2) An individual is eligible for SFDNP if the individual meets all of the following eligibility criteria on April 1 of the calendar year in which benefits are sought:

(a) Has countable income (see OAR 461-001-0000) less than 135 percent of the Federal Poverty Level as listed in OAR 461-155-0295.

(b) Receives Medicaid or SNAP benefits.

(c) Is homeless or resides in their own home or rental property.

(d) Is age 60 or older.

(3) SFDNP is funded by a grant from the United States Department of Agriculture (USDA). The Department determines the allotment amount and number of eligible individuals on an annual basis, based on the grant allocation received from the USDA.

(4) The Department may not issue more than one SFDNP allotment per participant, per year.

(5) SFDNP begins June 1 each year and ends on October 31 each year. In order to qualify for the program, the Department must receive the applicant's letter of interest by September 15 of the year in question.

(6) The Department processes applicants' letters of interest in the order in which the letters are received at the Department's central office.

(7) When the grant allocation received from the USDA is expended in its entirety, the Department closes SFDNP for the year in question.

(8) The Department determines the treatment of SFDNP benefits during the eligibility process for other programs in accordance with OAR 461-145-0190.

461-145-0040

Burial Arrangements and Burial Fund

(1) The following definitions apply to this rule:

(a) A burial arrangement is an agreement with an entity — such as a funeral agreement (which means an arrangement made with a licensed funeral provider), burial insurance, or a burial trust designating a funeral director as the beneficiary — that makes allowance for burial costs. A burial arrangement does not include a burial space, which is covered in OAR 461-145-0050, or a burial fund.

(b) A burial fund is an identifiable fund set aside for a client's burial costs. A burial fund does not include a burial space, which is covered in OAR 461-145-0050, or a burial arrangement.

(2) Except as provided in subsection (e) of this section, a burial arrangement is treated as follows:

(a) In the ERDC, MAA, MAF, OHP, REF, REFM, SAC, SNAP, and TANF programs, the equity value (defined in OAR 461-001-0000) of one

prepaid burial arrangement for each member of the filing group is excluded.

(b) For grandfathered OSIP and OSIPM clients (see OAR 461-125-0330(2), 461-125-0370(1)(b), and 461-135-0771), up to \$1,000 in combined equity value of each burial arrangement with a licensed funeral director (plus accrued interest) and life insurance policies are excluded. The amount of combined cash and equity value of all life insurance and burial arrangements that is over \$1,000 is counted as a resource.

(c) In the GA, GAM, OSIP, OSIPM, and QMB programs, the amount in an irrevocable burial trust or any other irrevocable arrangement to cover burial costs is excluded.

(d) In all programs not listed in subsection (a) of this section and for OSIP and OSIPM clients not covered by subsection (b) of this section, a burial arrangement is treated in the manner as the program treats a burial fund under section (3) of this rule.

(e) Burial insurance that has cash surrender value is considered life insurance and is treated in accordance with OAR 461-145-0320 and, as applicable, subsection (b) of this section.

(3) A burial fund is treated as follows:

(a) In the GA, GAM, OSIP, OSIPM, and QMB programs:

(A) A burial fund may be established only from financial means such as cash, burial contracts, bank accounts, stocks, bonds or life insurance policies.

(B) A burial fund is counted as a resource if it is commingled with assets unrelated to a burial. The amount set aside for burial must be in a separate account to be excluded from resource consideration.

(C) A burial fund may be established if the countable resources of a client exceed allowable limits. A burial fund is excluded from the resource calculation to the extent allowed in paragraph (D) of this subsection.

(D) The following calculation determines the exclusion for a burial fund:

(i) Up to \$1,500 of a burial fund may be excluded from resources for each of the following:

(I) The client.

(II) The client's spouse.

(ii) The amount in subparagraph (i) of this paragraph is reduced by the total of the following amounts:

(I) The face value of life insurance policies owned by the client that have already been excluded from resources.

(II) The amount in an irrevocable burial trust or any other irrevocable arrangement to cover burial costs.

(E) All interest earned on an excluded burial fund or increases in the value of an excluded burial arrangement if left in the fund is excluded from income.

(b) In all programs not listed in subsection (a) of this section, a burial fund is counted as a resource.

(4) There is no overpayment for the time period during which the burial arrangement or burial fund existed if a client:

(a) Cancels an excluded burial arrangement; or

(b) Uses an excluded burial fund for any purpose other than burial costs.

(5) If an asset originally used as a burial arrangement or burial fund is converted to other uses, the asset is treated under the other applicable rules.

ADMINISTRATIVE RULES

461-145-0320

Life Insurance

(1) Benefits paid on a life insurance policy are counted as unearned income in the month received and a resource if retained into the following month. The Department counts benefits as received when the insured individual dies or when the insured individual is eligible for and receives accelerated payments before death, such as when the insured individual has a terminal illness. When the payment is a lump sum due to the death of the insured individual a deduction is allowed, not to exceed \$1,500, for the cost of the deceased individual's last illness and burial if these costs were not otherwise insured.

(2) Burial insurance that has cash surrender value is treated in the same manner that this rule treats life insurance.

(3) The value of a life insurance policy is treated as follows:

(a) All term insurance that has no cash surrender value is excluded.

(b) In all programs except GA, GAM, OSIP, OSIPM, and QMB, the cash surrender value of the life insurance policy is excluded.

(c) In the GA, GAM, OSIPM, and QMB programs:

(A) For the purposes of this subsection, the following definitions apply:

(i) "Cash surrender value" means the equity that the policy acquires over time.

(ii) "Dividend" means a payment of surplus company earnings from the insurer.

(iii) "Dividend accumulation" means a dividend left with the insurer to accumulate interest that may be withdrawn without affecting the policy's face value or cash surrender value.

(iv) "Dividend addition" means the amount of insurance purchased with a dividend that increases the policy's death benefit and cash surrender value.

(v) "Face value" means the amount of the death benefit contracted for at the time the policy was purchased and does not include a dividend addition added after purchase of the policy.

(vi) "Viatical settlement" means an agreement allowing a third party to acquire a life insurance policy from a terminally ill individual at an agreed upon percentage of the life insurance policy's face value.

(B) The cash surrender value of life insurance policies owned by the financial group (see 461-110-0530) is excluded if the total face value of all policies for the insured individual is less than or equal to \$1,500. If the total face value of all policies for the insured individual is more than \$1,500, the entire cash surrender value is counted as a resource to the owner of the policy. The total face value does not include any dividend addition. A dividend accumulation must count as a resource even if the face value of the policy that generated the dividend accumulation is excluded.

(C) The cash surrender value of a policy acquired through a viatical settlement is excluded.

461-145-0820

Deemed Assets; Noncitizen's Sponsor

(1) An individual or organization may sponsor the admission of a noncitizen under section 204 of the Immigration and Nationality Act (8 U.S.C. 1154).

(2) An affidavit of support (USCIS Form I-864) is the agreement between the sponsor and the United States Citizenship and Immigration Services in which the sponsor agrees to provide financial support for the noncitizen so that the noncitizen will not become a public charge.

(3) In all programs except the ERDC, REF, and REFM programs, the countable assets of an individual sponsor and the spouse of the sponsor are considered countable assets of the noncitizen as provided in this section and OAR 461-145-0810 to 461-145-0870. The sponsor's assets are considered available to the noncitizen whether or not the sponsor lives in the same household as the noncitizen. The assets of the sponsor's spouse are considered available only when the spouse lives in the sponsor's household.

(4) OAR 461-145-0830 sets out situations in which the assets of the sponsor and the spouse of the sponsor are not counted, as well as how the income deemed available to the noncitizen is calculated.

(5) The value of the resources deemed available to each noncitizen is determined as follows:

(a) In all programs except the OSIPM and SNAP programs, the total value of the countable resources is deemed to each sponsored noncitizen according to the rules of the program for which the noncitizen applies.

(b) In the OSIPM program, an amount equal to the OSIPM (not OSIPM-EPD) program resource standard is deducted from the total amount of resources deemed to the noncitizen (see OAR 461-160-0015). If the sponsor lives with a spouse, the two-person standard is deducted.

(c) In the SNAP program only, \$1,500 is deducted from the value. The remaining value is divided by the number of noncitizens sponsored by the individual or couple. The result is the value of the resources deemed available to the noncitizen.

461-145-0830

When to Deem the Assets of a Sponsor of a Noncitizen

(1) In the ERDC, REF, and REFM programs, the assets of a sponsor and of a sponsor's spouse are not deemed to the sponsored noncitizen.

(2) In all programs except the ERDC, REF, and REFM programs, the assets of a sponsor and the spouse of the sponsor are considered the assets of the sponsored noncitizen unless at least one of the following subsections applies:

(a) The sponsor has not signed a legally binding affidavit of support, for instance USCIS Form I-864 or I-864A;

(b) The sponsor receives SNAP, SSI, or TANF benefits;

(c) The sponsor is deceased. The estate of a deceased sponsor is not responsible for the noncitizen;

(d) The sponsored noncitizen establishes indigence. A sponsored noncitizen establishes indigence if the total income of the household including in-kind income plus any cash, food, housing, or other assistance provided by other individuals including the sponsor is:

(A) In the MAA, OHP, and TANF programs, under the countable (see OAR 461-001-0000) income standard.

(B) In the SNAP program, under 130 percent of the federal poverty level.

(C) In all programs except the MAA, OHP, SNAP, and TANF programs, not enough for the noncitizen to obtain food and shelter without program benefits.

(i) If the noncitizen is living with the sponsor, the indigence exception may not apply and deeming does apply.

(ii) If the noncitizen is living apart from the sponsor, the indigence exception applies if the noncitizen meets all of the following requirements:

(I) The total income (of all kinds and from all sources, even excluded income) the noncitizen receives is less than the OSIPM standard for a one-person need group;

(II) The noncitizen does not receive free room and board; and

(III) The resources (even excluded resources) available to the noncitizen are under the applicable resource limit.

(D) Each indigence determination under this subsection is effective for 12 months and may be renewed for additional 12-month periods.

(e) The sponsored noncitizen is a battered immigrant spouse, battered immigrant child, immigrant parent of a battered child or an immigrant child of a battered parent, as long as the battered noncitizen does not live in the same household as the person responsible for the battery;

(f) The sponsored noncitizen does not meet the alien status requirement for the program for which he or she applies;

(g) The sponsored noncitizen becomes a naturalized citizen;

(h) The sponsored noncitizen can be credited with 40 qualifying quarters of work; or

(i) The sponsored noncitizen is under 18 years of age.

(3) In the OSIPM program, the deeming period is three years after the date of admission, which is the date the U.S. Bureau of Citizenship and Immigration Services establishes as the date the noncitizen was admitted for permanent residence. Deeming ends on the last day of the month that is three years after the date of admission.

(4) In all programs except the ERDC, OSIPM, REF, REFM, and SNAP programs, the following process is used to determine the amount of income considered available to the noncitizen from the noncitizen's spon-

ADMINISTRATIVE RULES

sor and the spouse of the sponsor. The unearned income of the sponsor and the sponsor's spouse is added to their countable earned income (see OAR 461-140-0010) minus earned income deductions.

(5) In the OSIPM program:

(a) The income of the sponsor or the sponsor's spouse is not counted if any one of the following provisions applies:

(A) The individual is a refugee admitted to the United States under section 207 of the Immigration and Nationality Act (INA) (8 USC 1157);

(B) The individual has been granted asylum under section 208 of the INA (8 USC 1158); or

(C) The individual has become blind or disabled after admission to the United States.

(b) An amount equal to the OSIPM (not OSIPM-EPD) program income standard is deducted from the total amount of income deemed to the noncitizen (see OAR 461-160-0015). If the sponsor lives with a spouse, the two-person standard is deducted.

(6) In the SNAP program, each sponsored noncitizen is considered to have the income calculated according to section (4) of this rule divided by the number of the sponsor's --

(a) Current sponsored noncitizens;

(b) Household members who receive support from the sponsor; and

(c) Dependents.

461-155-0500

Special Needs; Overview

(1) Ongoing special needs are needs that last several months at a consistent cost. Examples are special diets and accommodation allowances. OAR 461-155-0010 is used to determine how special needs are considered for each program.

(2) To be eligible for a special need item, a client may not have any other available resources in the community or natural support system to meet the need, excluding resources used in determining eligibility.

(3) To be eligible for a special need item, a client may not be eligible for the item through Medicare, Medicaid, or any other medical coverage.

(4) A client may be eligible for an ongoing special need item if providing the ongoing special need item is authorized in lieu of additional provider service hours pursuant to OAR 411-030-0002 to 411-030-0090 and is more cost-effective.

(5) The Department may authorize payment for one-time and ongoing special needs for the following, in accordance with OAR 461-155-0510 to 461-155-0710:

(a) One-time needs for the following:

(A) Community based facility room and board (see OAR 461-155-0630).

(B) Community transition services (see OAR 461-155-0526).

(C) Diversion and transition services (see OAR 461-155-0710).

(D) Home adaptations to accommodate a client's physical condition (see OAR 461-155-0551).

(E) Home repairs (see OAR 461-155-0600).

(F) Moving costs (see OAR 461-155-0610).

(G) Property taxes (see OAR 461-155-0620).

(b) Ongoing needs for the following:

(A) Accommodation allowances (see OAR 461-155-0660).

(B) Food for guide dogs and special assistance animals (see OAR 461-155-0530).

(C) Laundry allowances (see OAR 461-155-0580).

(D) Personal incidentals and room and board allowance (see OAR 461-155-0700).

(E) Restaurant meals (see OAR 461-155-0640).

(F) Special diet allowances (see OAR 461-155-0670).

(G) Telephone allowances (see OAR 461-155-0680).

(H) Prescription drug co-pay coverage (see OAR 461-155-0688).

(I) Transportation services payment (see OAR 461-155-0693).

Special Need; Transportation Services Payment; OSIPM

In the OSIPM program:

(1) The following individuals may be eligible for a transportation services payment:

(a) A client who receives SSI as his or her only income; or

(b) A client who the Department determines meets the requirements of OAR 461-125-0370(1)(c) and has adjusted income less than the SSI standard.

(2) These services are for transportation to non-medical and non-waivered activities and resources approved by the Department. Examples of such transportation services include, but are not limited to: transportation provided by common carriers, taxicab, or bus; and assistance with purchase of a pass for public transportation.

(3) Transportation services do not include purchase of a vehicle, vehicle maintenance or repair, reimbursement for travel expenses, or transportation services that may be obtained through other means, such as the State Medicaid Plan, waiver, or other public or private resources available to the individual, including natural supports.

(4) Payment for services authorized by this rule may not exceed \$25 per month.

(5) Service costs must be verified annually or when questionable.

461-160-0015

Resource Limits

(1) In the EA program, all countable (see OAR 461-001-0000) resources must be used to meet the emergent need.

(2) In the ERDC, EXT, HKC, and REFM programs, and for an individual whose eligibility is determined under the OHP-CHP, OHP-OPC, OHP-OP6, or OHP-OPP programs there is no resource limit.

(3) In the GA, GAM, OSIP, and OSIPM programs, the resource limit is as follows:

(a) \$2,000 for a one-person need group (see OAR 461-110-0630) and \$3,000 for a two-person need group.

(b) \$1,000 for an OSIP need group eligible under OAR 461 135 0771. The total cash resources may not exceed \$500 for a one-person need group or \$1,000 for a two-person need group.

(c) \$5,000 is the limit for the OSIP-EPD and OSIPM-EPD programs (see OAR 461-001-0035 and 461-145-0025 for funds that may be excluded as approved accounts).

(4) In the MAA, MAF, REF, SAC, and TANF programs, the resource limit is:

(a) \$10,000 for a need group with at least one JOBS participant who is progressing in a case plan.

(b) \$10,000 for a need group with at least one member who is working under a JOBS Plus agreement.

(c) \$2,500 for all other need groups, including all TANF applicants.

(5) In the OHP program, the resource limit for an individual whose eligibility is determined under the OHP-OPU program is \$2,000.

(6) In the QMB program, the resource limit is amended in January of each year based on the low income subsidy for Medicare Part D as published by the Health Resources and Services Administration of the U.S. Department of Health and Human Services. Effective January 1, 2010 the

ADMINISTRATIVE RULES

resource limit is \$6,600 for a one-person need group and \$9,910 for a need group containing two or more individuals.

(7) In the SNAP program, the resource limit is:

(a) \$3,000 for a financial group (see OAR 461-110-0530) with at least one member who is elderly (see OAR 461-001-0015) or an individual with a disability (see OAR 461-001-0015).

(b) \$2,000 for all other financial groups.

461-160-0620

Income Deductions and Client Liability; Long-Term Care Services or Waivered Services; OSIPM

In the OSIPM program:

(1) Deductions from income are made for a client residing in or entering a long-term care facility or receiving Title XIX waived services as explained in subsections (3)(a) to (3)(h) of this rule.

(2) Except as provided otherwise in OAR 461-160-0610, the liability of the client is determined according to subsection (3)(i) of this rule.

(3) Deductions are made in the following order:

(a) One standard earned income deduction of \$65 is made from the earned income in the OSIPM-AD and OSIPM-OAA programs. The deduction is \$85 in the OSIPM-AB program.

(b) The deductions under the plan for self-support as allowed by OAR 461-145-0405.

(c) One of the following need standards:

(A) A \$30 personal needs allowance for a client receiving long-term care services.

(B) A \$90 personal needs allowance for a client receiving long-term care services who is eligible for VA benefits based on unreimbursed medical expenses. The \$90 allowance is allowed only when the VA benefit has been reduced to \$90.

(C) The OSIPM maintenance standard for a client who receives waived services.

(d) A community spouse monthly income allowance is deducted from the income of the institutionalized spouse to the extent that the income is made available to or for the benefit of the community spouse, using the following calculation.

(A) Step 1 — Determine the maintenance needs allowance. \$1,822 is added to the amount over \$547 that is needed to pay monthly shelter expenses for the principal residence of the couple. This sum or \$2,739 whichever is less, is the maintenance needs allowance. For the purpose of this calculation, shelter expenses are the rent or home mortgage payment (principal and interest), taxes, insurance, required maintenance charges for a condominium or cooperative, and the full standard utility allowance for the SNAP program (see OAR 461-160-0420).

(B) Step 2 — Compare maintenance needs allowance with community spouse's countable income. The countable income of the community spouse is subtracted from the maintenance needs allowance determined in step 1. The difference is the income allowance unless the allowance described in step 3 is greater.

(C) Step 3 — If a spousal support order or exceptional circumstances resulting in significant financial distress require a greater income allowance than that calculated in step 2, the greater amount is the allowance.

(e) A dependent income allowance as follows:

(A) For a case with a community spouse, a deduction is permitted only if the monthly income of the eligible dependent is below \$1,822. To determine the income allowance of each eligible dependent:

(i) The monthly income of the eligible dependent is deducted from \$1,822.

(ii) One-third of the amount remaining after the subtraction in paragraph (A) of this subsection is the income allowance of the eligible dependent.

(B) For a case with no community spouse:

(i) The allowance is the TANF adjusted income standard for the client and eligible dependents.

(ii) The TANF standard is not reduced by the income of the dependent.

(f) Costs for maintaining a home if the client meets the criteria in OAR 461-160-0630.

(g) Medical deductions allowed by OAR 461-160-0030 and 461-160-0055 are made for costs not covered under the state plan. This includes the public and private health insurance premiums of the community spouse and the client's dependent.

(h) After taking all the deductions allowed by this rule, the remaining balance is the adjusted income.

(i) The client liability is determined as follows:

(A) For a client receiving waived services (except a client identified in OAR 461-160-0610(4)), the liability is the actual cost of the waived service or the adjusted income of the client, whichever is less. This amount must be paid to the Department each month as a condition of being eligible for waived services. In OSIPM-IC, the liability is subtracted from the gross monthly benefit.

(B) For a client who resides in a nursing facility, a state psychiatric hospital, an Intermediate Care Facility for the Mentally Retarded, or a non-waivered mental health facility, there is a liability as described at OAR 461-160-0610.

(4) The deduction used to determine adjusted income for a GA and GAM client receiving long-term care services or waived services is as follows:

(a) One standard earned income deduction of \$65 is made from the earned income for a client who is not blind; or

(b) One standard earned income deduction of \$85 is made from the earned income for a client who is blind.

461-165-0030

Concurrent and Duplicate Program Benefits

(1) An individual may not receive benefits from the Department of the same type (that is, cash, medical, or SNAP benefits) for the same period as a member of two or more different benefit groups (see OAR 461-110-0750) or from two or more separate programs, except as noted in this rule. This provision includes a prohibition against an individual receiving TANF concurrently with another cash assistance program funded under Title IV-E of the Social Security Act.

(a) A client may receive EA, HSP, and TA-DVS benefits and cash payments from other programs for the same time period.

(b) If a GA client becomes eligible for the TANF program, the client's benefits are supplemented during the first month of eligibility for TANF to the TANF payment standards.

(c) An REF or TANF recipient may receive ERDC for a child (see OAR 461-001-0000) in the household group (see OAR 461-110-0210), but who may not be included in the REF or TANF filing group.

(d) A child who is a member of an ERDC benefit group may also be a member of one of the following benefit groups:

(A) An OSIP-AB benefit group.

(B) A TANF benefit group when living with a nonneedy caretaker relative (see OAR 461-001-0000), if the caretaker relative is not the child's parent.

ADMINISTRATIVE RULES

(C) A TANF benefit group when living with a needy caretaker relative receiving SSI.

(e) A client in the SNAP program who leaves a filing group (see OAR 461-110-0370) that includes an individual who abused them and enters a domestic violence shelter (see OAR 461-001-0000) or safe home (see OAR 461-001-0000) for victims of domestic violence (see OAR 461-001-0000) may receive SNAP benefits twice during the month the client enters the domestic violence shelter or safe home.

(f) A QMB client may also receive medical benefits from EXT, MAA, MAF, OSIPM, REFM, or SAC.

(2) An individual may not receive benefits of the same type (that is, cash, medical, or SNAP benefits) for the same period from both Oregon and another state or tribal food distribution program, except as follows:

(a) Medical benefits may be authorized for an eligible client if the client's provider refuses to submit a bill to the Medicaid agency of another state and the client would not otherwise receive medical care.

(b) Cash benefits may not be authorized for a client in the Pre-TANF program if benefits from another state will end by the last day of the month in which the client applied for TANF.

(3) In the SNAP program, each individual who has been included as a member of the filing group in Oregon or another state is subject to all of the restrictions in section (2) of this rule.

(4) An individual may not receive benefits from the CEC, CEM, EXT, MAA, MAF, OHP, OSIPM, REFM, or SAC programs while receiving a subsidy through the Family Health Insurance Assistance Program (FHIAP) established by ORS 735.720 to 735.740 or while receiving a subsidy through the Office of Private Health Partnerships (OPHP) in accordance with ORS 414.826, 414.831, and 414.839.

461-165-0100

Issuance Date of Benefit

(1) For all programs except the EA and SNAP programs:

(a) An authorized cash payment check is dated on the first day of the payment period or as soon as practicable thereafter.

(b) Checks and medical cards are mailed so they can be delivered to the client on the first day of each month except in the following cases:

(A) Initial month benefits for cases that are new, reopened, or restored.

(B) Cases in the monthly reporting system.

(C) If the first day of the month falls on Sunday or a holiday, the check is mailed in time for the client to receive it on Saturday or the mail day preceding the holiday.

(D) Checks redirected to the branch office may be released during the last workday preceding a weekend or holiday.

(c) Benefits issued by EBT will be available on the first day of each month, except for the following:

(A) Initial month benefits for cases that are new, reopened, or restored.

(B) Cases in the monthly reporting system.

(C) Benefits held by the branch office.

(2) EA clients must receive their checks, either direct or vendor, in time to meet their emergent needs.

(3) SNAP benefits are available as follows:

(a) SNAP benefits issued by EBT are available in the EBT account on the day of the month corresponding to the last digit of the client's case number except for the following:

(A) The benefits for the initial month of eligibility for a new or reopened case.

(B) The benefits for the seventh month of the certification period for a case in the semi-annual reporting system.

(b) SNAP benefits issued through the SNAP cash-out are available as follows:

(A) Benefits accessed through an EBT account are available on the first day of the month.

(B) Checks are mailed on the first day of the month.

(C) Direct-deposit funds are available on the third working day of the month.

(4) For SNAP changes that could not be made in time to adjust the monthly allotment, a supplement is issued within 10 days of the date the change was reported.

(5) In the OSIPM program, a medical ID card is mailed on the first of each month to clients receiving Title XIX waived services who contribute to their services by paying their excess income into a maintenance trust and agency account. The client's medical card is not held until the payment is received. If payment is not received before the end of the payment month, the Department considers the QMB program for the following month.

461-165-0180

Eligibility of Child Care Providers

(1) The Department must approve a child care provider to receive payment for child care if information available to the Department provides no basis for denying eligibility unless:

(a) The provider previously was denied and subsequently was not determined to be eligible; or

(b) The Department determines, following a preliminary or final fitness determination (see OAR 407-007-0320) or Child Protective Service (CPS) records checks, that the provider or other subject individual (see OAR 407-007-0210(21)(a)(G)) is not eligible for payment.

(2) Ineligibility for payment may result from any of the following:

(a) A finding of "denied". A provider may be denied under OAR 461-165-0410 and 461-165-0420. If, after conducting a weighing test as described in OAR 407-007-0210, the Department finds substantial risk to the health or safety of a child in the care of the provider, the provider must be denied and is ineligible for payment. A provider who has been denied has the right to a hearing under OAR 407-007-0330.

(b) A finding of "failed". A provider may be failed if the Department determines, based on a specific eligibility requirement and evidence, that a provider does not meet the eligibility requirements of this rule. A provider with a status of "failed" may reapply at any time by providing the required documents and information to the Department for review. If the documents and information show that the provider meets the eligibility requirements, the Department may approve the provider for payment back to the first of the month the eligibility requirement is met provided there is no other basis for ineligibility.

(c) The Department has referred an overpayment against the provider for collection and the claim is unsatisfied.

(3) The provider must submit a completed Department Listing Form (DHS 7494) to the Department. The provider and each individual identified under section (4) of this rule is considered a subject individual and must complete and sign the authorization for a records check and, if necessary, an authorization to release information and fingerprint cards. The provider must fully disclose all requested information as part of the records check.

(4) The provider must meet the requirements of either subsection (a) or (b) of this section:

(a) Currently be certified or registered with the Child Care Division (CCD) of the Employment Department under OAR 414-205-0000 to 414-205-0170, 414-300-0000 to 414-300-0440, or 414-350-0000 to 414-350-0250 unless legally exempt, and be in compliance with the applicable rules.

(b) Submit the name of each subject individual together with the authorization from the subject individual for a records check through the Criminal History (CH) record system maintained by the Oregon State Police and the Child Protective Service (CPS) record system maintained by the Department, as follows:

(A) The site director of an exempt child care facility and each employee of the facility who may have unsupervised access to a child in care.

(B) The child care provider and each individual the provider uses to supervise a child in his or her absence.

(C) In the case of a provider who provides care for a child in the provider's home--

(i) Each individual 16 years of age or older who lives in the provider's home; and

(ii) Each individual who frequently visits the home of the provider during the hours care is provided and may have unsupervised access to a child in care.

ADMINISTRATIVE RULES

(5) Each subject individual must:

(a) Allow the Department to conduct a national criminal history records check through the Oregon State Police and the Federal Bureau of Investigation as specified in OAR 407-007-0250. The Department may withhold authorization for payment to a provider until the records check is complete.

(b) Provide, in a manner specified by the Department, information required to conduct CH and CPS records checks or determine whether the provider meets health and safety requirements.

(c) Have a history of behavior that indicates no substantial risk to the health or safety of a child in the care of the provider.

(6) Each provider must:

(a) Obtain written approval from their certifier or certifier's supervisor if the provider is also certified as a foster parent.

(b) Be 18 years of age or older and in such physical or mental health as will not affect adversely the ability to meet the needs of safety, health, and well-being of a child in care.

(c) Not be in the same filing group as the child cared for and cannot be the parent (see OAR 461-001-0000) of the child.

(d) Allow the Department to inspect the site of care while child care is provided.

(e) Keep daily attendance records showing the arrival and departure times for each child in care and billing records for each child receiving child care benefits from the Department. The provider must keep the records for a minimum of 12 months and provide the records to the Department upon request.

(f) Be the individual or facility listed as providing the child care. The provider must notify the Department before using someone else to supervise a child on a temporary basis.

(g) Not bill a Department client for an amount collected by the Department to recover an overpayment or an amount paid by the Department to a creditor of the provider because of a lien, garnishment, or other legal process.

(h) Report to the Department within 10 days of occurrence:

(A) Any arrest or involvement with CPS or any other agency providing child protective services of the child care provider, household member, or facility member.

(B) Any change to his or her name or address including where care is provided, and the addition of any individual or employee to the household or facility.

(i) Report suspected child abuse of any child in his or her care to CPS or a law enforcement agency.

(j) Supervise each child in care at all times.

(k) Prevent any individual who behaves in a manner that may harm children from having access to a child in the care of the provider.

(l) Allow the custodial parent of a child in his or her care to have immediate access to the child at all times.

(m) Inform a parent of the need to obtain immunizations for a child.

(n) Take reasonable steps to protect a child in his or her care from the spread of infectious diseases.

(o) Ensure that the facility where care is provided meets all of the following standards, unless the care is provided in the home of the child, except that a provider who provides care in the home of the child must meet only the requirements of paragraph (A) of this subsection:

(A) Each floor level used by a child has two usable exits to the outdoors (a sliding door or window that can be used to evacuate a child is considered a usable exit). If a second floor is used for child care, the provider must have a written plan for evacuating occupants in the event of an emergency.

(B) The facility has safe drinking water.

(C) The facility has a working smoke detector on each floor level and in any area where a child naps.

(D) Each fireplace, space heater, electrical outlet, wood stove, stairway, pool, pond, and any other hazard has a barrier to protect a child.

(E) Any firearm, ammunition, and other dangerous item such as any medicine, drug, cleaning supply, paint, plastic bag, and poisonous and toxic material is kept in a secure place out of a child's reach.

(F) The building, grounds, any toy, equipment, and furniture are maintained in a clean, sanitary, and hazard free condition.

(G) The facility has a telephone in operating condition.

(p) Complete and submit a new listing form every two years, or sooner at the request of the Department, so that the Department may review the provider's eligibility. This requirement does not apply to a provider registered or licensed by CCD.

(q) Provide evidence of compliance with the Department's administrative rules, upon request of Department staff.

(7) A child care provider not subject to certification or registration with the Oregon Employment Department, Child Care Division (CCD) under OAR 414-205-0000 to 414-205-0170, 414-300-0000 to 414-300-0440, or 414-350-0000 to 414-350-0250, must complete an orientation provided by the Department or a Child Care Resource and Referral agency within 90 days of being approved by the Department if he or she:

(a) Receives funds from the Department; and

(b) Begins providing, or resumes providing after a break of more than one year, child care services after June 30, 2010.

461-170-0011

Changes That Must Be Reported

(1) A change in employment status is considered to occur as follows:

(a) For a new job, the change occurs the first day of the new job.

(b) For a job separation, the change occurs on the last day of employment.

(2) A change in source of income is considered to occur as follows:

(a) For earned income, the change occurs upon the receipt by the client of the first paycheck from a new job or the first paycheck reflecting a new rate of pay.

(b) For unearned income, the change occurs the day the client receives the new or changed payment.

(3) A client must report, orally or in writing, the following changes:

(a) In the BCCM program, a client must report either of the following changes within 10 days of occurrence:

(A) A change in health care coverage.

(B) A change in residence.

(b) In the ERDC program:

(A) A client not participating in SRS in the SNAP program must report the following changes within 10 days of occurrence:

(i) A change in child care provider.

(ii) A change in employment status.

(iii) A change in mailing address or residence.

(iv) A change in membership of the filing group (see OAR 461-110-0350).

(v) A change in source of income expected to continue.

(B) A client participating in SRS in the SNAP program must report the following changes by the tenth day of the month following the month of occurrence:

(i) A change in child care provider.

(ii) Loss of employment.

(iii) Monthly income exceeding the SNAP countable income limit.

(iv) A parent (see OAR 461-001-0000) of a child or unborn or the spouse of the caretaker moves into the residence.

(C) The ERDC case may continue to follow the reporting requirements in paragraph (3)(b)(B) of this rule without a companion SNAP case in SRS when:

(i) The ERDC case was certified in the fifth or sixth month of the SNAP certification period (see OAR 461-001-0000); and

(ii) The SNAP companion case automatically closes because the Interim Change Report (see OAR 461-170-0010) was not received.

(c) In the EXT program, a client must report any of the following changes within 10 days of occurrence:

(A) A change in health care coverage.

(B) A change in name.

(C) A change in pregnancy status of any member of the filing group (see OAR 461-110-0330).

(D) A change in residence.

(E) A member in filing group is no longer a dependent child (see OAR 461-001-0000).

(d) In the SNAP program:

ADMINISTRATIVE RULES

(A) A client assigned to CRS must report any of the following changes within 10 days of occurrence:

- (i) A change in earned income of more than \$100.
- (ii) A change in unearned income of more than \$50.
- (iii) A change in source of income.
- (iv) A change in membership of the filing group (see OAR 461-110-0370) and any resulting change in income.
- (v) A change in residence and the shelter costs in the new residence.
- (vi) A change in the legal obligation to pay child support.
- (vii) When the sum of cash on hand, stocks, bond, and money in a bank or savings institution account reaches or exceeds program resource limits.

(viii) Acquisition or change in ownership of a non-excluded vehicle.

(B) A client assigned to SRS must report monthly income exceeding the SNAP countable income limit by the tenth day of the month following the month of occurrence.

(C) A client assigned to TBA is not required to report any changes.

(e) In the GA, GAM, OSIP, OSIPM, and QMB programs:

(A) A client must report all changes that may affect eligibility within 10 days of occurrence, including any of the following changes:

- (i) A change in employment status.
- (ii) A change in health care coverage.
- (iii) A change in membership of the household group (see OAR 461-110-0210).
- (iv) A change in marital status.
- (v) A change in residence.
- (vi) A change in resources.
- (vii) A change in source or amount of income.

(B) A client assigned to MRS also must report changes in income in accordance with the rules related to MRS (see OAR 461-170-0010, 461-170-0100, 461-170-0110).

(f) In the MAA, MAF, REF, SAC, SFPSS, and TANF programs, clients assigned to CRS must report any of the following changes within 10 days of occurrence:

(A) Acquisition or change in ownership of a non-excluded vehicle.

(B) A change in earned income more than \$100.

(C) A change in employment status.

(D) A change in membership of the household group (see OAR 461-110-0210).

(E) A change in mailing address or residence.

(F) A change in pregnancy status of any member of the filing group.

(G) A change in source of income.

(H) A change in unearned income more than \$50.

(I) A change in who pays the shelter costs if the costs will be paid by a non-custodial parent.

(J) Sale or receipt of a resource that causes total resources to exceed program resource limits.

(g) In the HKC and OHP programs, a client must report any of the following changes within 10 days of occurrence:

(A) A change in availability of employer-sponsored health insurance.

(B) A change in health care coverage.

(C) A change in mailing address or residence.

(D) A change in name.

(E) A change in pregnancy status of any member of the filing group (see OAR 461-110-0400).

(h) In the REFM program, clients must report the following changes within 10 days of occurrence:

(A) A change in membership of the household group (see OAR 461-110-0210).

(B) A change in residence.

461-175-0200

Notice Situations; General Information

(1) In the EA program, a basic decision notice (see OAR 461-001-0000) is sent for all situations.

(2) In the SNAP program:

(a) A continuing benefit decision notice (see OAR 461-001-0000) is sent to cases that are recertified early to align the SNAP certification end date with the end date of TANF or medical benefits.

(b) A basic decision notice is sent for all other actions on applications for assistance.

(3) In the JOBS program:

(a) A basic decision notice is sent whenever a request for a support service payment is denied.

(b) No decision notice is required if request for a support service is approved.

(4) In the TANF program, a notice approving benefits informs the client, within one month following eligibility determination, of the opportunity to volunteer for JOBS participation and of the procedure for JOBS program entry.

(5) In the Pre-TANF program, a basic decision notice is sent when payment for basic living expenses is denied or when payment for other support services in the JOBS program is denied. No other notices are required for this program.

(6) In the TA-DVS program, a basic decision notice (see OAR 461-001-0000) is sent to a safe mailing address or hand delivered for all situations. This includes when the program is approved, denied, or closed (prior to the end of the 90 day eligibility period) and when a payment under the program is denied.

(7) In all programs except the Pre-TANF program, unless stated differently in this rule or another rule, the Department mails or otherwise provides the client with (sends) a decision notice (see OAR 461-001-0000) as follows:

(a) A basic decision notice is sent whenever an application for assistance, including retroactive medical assistance, is approved or denied or a request for a support service payment in the JOBS program is denied.

(b) A timely continuing benefit decision notice (see OAR 461-001-0000) is sent whenever benefits or support service payments authorized by OAR 461-190-0211 are reduced or closed, or the method of payment changes to protective, vendor, or two-party.

(8) In all programs:

(a) Notwithstanding any rule in Chapter 461, to the extent permitted by OAR 137-003-0530, the Department may take any of the following actions:

(A) Amend a decision notice with another decision notice or a contested case notice.

(B) Amend a contested case notice.

(C) Delay a reduction or closure of benefits as a result of a client's request for hearing.

(D) Extend the effective date on a decision notice or contested case notice.

(b) Except as provided in subsection (a) of this section or when a delay results from the client's request for a hearing, a notice to reduce or close benefits becomes void if the reduction or closure is not initiated on the date stated on the notice. If the notice is void, a new notice is sent to inform the financial group (see OAR 461-110-0530) of a new date on which their benefits will be reduced or closed.

(c) No decision notice is required in each of the following situations:

(A) Benefits are ended because there is no living person in the benefit group (see OAR 461-110-0750).

(B) A notice was sent, the client requested a hearing, and either the hearing request is dismissed or a final order is issued.

(C) The client has signed a voluntary agreement that qualifies as a final order under ORS 183.417(3)(b) (see OAR 461-175-0340(2)).

(D) A decision notice that included the eligibility begin and end dates was given for TA-DVS program benefits and the 90 day eligibility period ends.

(d) When the Department amends a decision notice with another decision notice under subsection (a) of this section, the date of the amended notice restarts the client's deadlines to request a hearing or continuing benefits, or both.

ADMINISTRATIVE RULES

(e) When a contested case notice extends an effective date or delays a reduction or closure, the date of the amended notice restarts a client's timeline to request continuing benefits.

(f) When a client has a pending hearing request or is receiving continuing benefits, and the Department amends a notice under this section, the client need not re-file the hearing request or renew the request for continuing benefits.

461-175-0300

Notice Situation; Prior Notice

(1) Except as provided in section (5) of this rule, when benefits in any Department program except a medical program and the SNAP program will end or be reduced after a specific period of time, the Department may issue a decision notice (see OAR 461-001-0000) informing the benefit group (see OAR 461-110-0750) of the date benefits will end or be reduced, and no further decision notice is required.

(2) Except as provided in section (5) of this rule, in any Department program except a medical program and the SNAP program, if the benefit group was informed in writing when the benefits began that the benefit group would receive benefits only for a specific period of time a basic decision notice (see OAR 461-001-0000) may be used to--

(a) Deny an application to start or continue benefits after the completion of a certification period (see OAR 461-001-0000) or to approve benefits at a level lower than the prior certification period.

(b) Indicate that benefits have been ended or reduced when no timely application is submitted.

(3) A basic decision notice is used when a special need allowance granted for a specific period of time is removed at the end of the specified period and the benefit group was informed of this in writing when the allowance began. A timely continuing benefit decision notice (see OAR 461-001-0000) is required if stopping the special need allowance results in benefit closure.

(4) In the JOBS Plus program, a basic decision notice is used if:

(a) An employer submits a wage reimbursement billing and the Department calculates a supplement (see OAR 461-190-0416 about supplements);

(b) The benefit group received a timely continuing benefit decision notice that the method of payment would be changed from cash to employer-paid wages; and

(c) The notice specified the period of time that benefits would be diverted.

(5) No additional decision notice is required when:

(a) Notwithstanding OAR 461-115-0010(6), when a benefit group submits an application for a program from which they currently are receiving benefits.

(b) In the OSIPM program--

(A) A client's liability returns to the previous higher level after the Department sent the client a continuing benefit decision notice for a decrease in the client liability due to an allowable deduction and that notice also specified when the deduction no longer would apply causing the client liability to return to the previous higher level; or

(B) A client's benefits are being closed or reduced and the Department sent the client a basic decision notice of eligibility and a simultaneous continuing benefit decision notice because the client's circumstances changed between the date of the client's application and the date of the Department's eligibility decision and the change caused the client's benefits to be reduced or closed.

(6) In the SNAP program:

(a) A basic decision notice is used to close benefits if the benefit group was informed in writing, when their benefits began, that they would receive benefits only for a specific period of time.

(b) No decision notice is required if the client is provided a decision notice at the time of application or redetermination that--

(A) The allotment of the benefit group would vary from month to month and listed the anticipated changes;

(B) In the case the client applied at the same time for both cash assistance and SNAP benefits, the SNAP benefits would be reduced or closed upon approval of the cash assistance; or

(C) In the case of a benefit group receiving benefits under expedited services with postponed verification:

(i) The expedited services benefits would close if the Department did not receive the postponed verification within the timeframe established under OAR 461-115-0690.

(ii) The expedited services benefits may be adjusted beyond the timeframe established under OAR 461-115-0690 based on the verified information provided to the Department without further notice.

461-180-0050

Effective Dates; Suspending or Closing Benefits and JOBS Support Service Payments

(1) This rule explains the effective date for closing or suspending benefits for the entire benefit group (see OAR 461-110-0750) and the effective date for ending JOBS support service payments.

(2) In all programs except the ERDC program, when the only individual in a benefit group dies, the effective date of the closure is:

(a) In the REF, SNAP, and TANF programs, the last day of the month in which the death occurred.

(b) In all other programs, the date of the death.

(3) For all closures and suspensions not covered by section (2) of this rule, the effective date is determined as follows:

(a) When prospective eligibility is used, the effective date for closing or suspending benefits is the last day of the month in which the notice period ends.

(b) When retrospective eligibility or budgeting is used, the effective date for closing or suspending benefits is the last day of the budget month.

(c) When an absent parent enters an ongoing TANF program household, or another change occurs that ends eligibility based on the incapacity or unemployment of a parent, the effective date for closing benefits is the last day of the month in which the 30-day period described in OAR 461-125-0255 ends.

(d) For a pregnant female receiving benefits of the EXT, MAA, MAF, OSIPM, or SAC program, the effective date for closing benefits is no earlier than the last day of the calendar month in which the 60th day after the last day of pregnancy falls, except at the client's request.

(e) In the OHP program, the effective date for closing benefits is:

(A) The last day of the month in which the benefit group becomes ineligible;

(B) The date the program ends; or

(C) For cases not covered by paragraph (A) or (B) of this subsection, the last day of the certification period.

(f) The effective date for ending support service payments authorized under OAR 461-190-0211 is the earlier of the following:

(A) The date the related JOBS activity is scheduled to end.

(B) The date the client no longer meets the requirements of OAR 461-190-0211.

461-180-0090

Effective Dates; Initial Month Medical Benefits

The effective date for starting medical benefits for an eligible client is as follows:

(1) In the CEC and CEM programs, it is the first of the month following the month that eligibility for Child Welfare medical, EXT, MAA, MAF, OHP, OHP-CHP, OSIPM, or SAC program benefits ends.

ADMINISTRATIVE RULES

(2) In the EXT program, it is the first of the month following the month that MAA or MAF program eligibility ends.

(3) In the GAM, MAA, MAF, OHP, OSIPM, QMB-DW, REFM, and SAC programs:

(a) Except as provided for in sub-section (b) of this section:

(A) If the client meets all eligibility requirements on the date of request (see OAR 461-115-0030), it is the date of request. An OSIPM program client who is assumed eligible under OAR 461-135-0010(7) meets "all eligibility requirements" for the purposes of this section as follows:

(i) Effective the first day of the month of the initial SSI payment if the client is age 21 or older.

(ii) Effective the first day of the month prior to the month of the initial SSI payment if the client is under the age of 21.

(B) If the client does not meet all eligibility requirements on the date of request, it is the first day following the date of request that all eligibility requirements are met.

(b) If the client does not complete the application within the time period described in OAR 461-115-0190 (including the authorized extension), the determination of an effective date requires a new date of request.

(4) In the HKC program, the Office of Private Health Partnerships (OPHP) determines the effective date for enrolling an eligible child in one of the HKC program categories of coverage.

(5) In the QMB-BAS program, it is the first of the month after the benefit group (see OAR 461-110-0750) has been determined to meet all QMB-BAS program eligibility criteria and the Department receives the required verification.

(6) In the QMB-SMB and QMB-SMF programs, it is:

(a) The first of the month in which the benefit group meets all program eligibility criteria and the Department receives the required verification; or

(b) The first of the month in which the Low Income Subsidy (LIS) information is received by the Social Security Administration (SSA), if the SMB or SMF program application was generated by the electronic transmission of LIS data from the SSA and the benefit group meets all program eligibility criteria.

(7) Retroactive eligibility is authorized under certain circumstances in some medical programs (see paragraph (3)(a)(A) of this rule, OAR 461-135-0875, and 461-180-0140).

461-180-0120

Effective Dates; Removing an Individual

The effective date for removing an individual from a benefit group (see OAR 461-110-0750) is one of the following:

(1) If the individual has left the benefit group in the current budget month because he or she is ineligible, is disqualified, or has left the household, the effective date is:

(a) For changes reported through the MRS:

(A) The first of the payment month, if the change will reduce benefits.

(B) The last day of the budget month, if the change will end benefits.

(b) For changes reported outside the MRS and for all disqualifications:

(A) The first of the month after the notice period ends, if the change will reduce benefits.

(B) The last day of the month in which the notice period ends, if the change will end benefits.

(2) If the individual is reasonably expected to leave the household next month, the effective date is the later of the following:

(a) The first of the month following the month in which the person leaves the household group, if the change will reduce benefits.

(b) The end of the month in which the person is expected to leave the household group, if the change will end benefits.

(3) In the OHP program, if the individual is receiving benefits from a program that is ending, the effective date is the day on which the program ends.

(4) When an individual in a benefit group of more than one individual dies, the effective date of the closure or reduction in benefits is one of the following:

(a) In the ERDC, REF, SNAP, and TANF programs, the last day of the month in which the 10-day notice period ends.

(b) For all programs not covered by subsection (a) of this section, the date of the individual's death.

Adm. Order No.: SSP 19-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 11-24-10

Notice Publication Date:

Rules Amended: 461-115-0705

Subject: OAR 461-115-0705 about verification requirements for medical programs is being amended to extend changes made by temporary rule on May 28, 2010 because the underlying rule was amended by other permanent changes effective July 1, 2010. These amendments indicate the verification requirements for the Extended Medical Assistance (EXT). These amendments also state the verification requirements for social security numbers, alien status, and pregnancy in the Breast and Cervical Cancer Medical Program (BCCM), Extended Healthy KidsConnect (HKC), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), and Medical Coverage for Children in Substitute or Adoptive Care (SAC) programs. These amendments also state the income verification requirements for the HKC, MAA, MAF, OHP, and SAC programs. This rule is also being amended to specify the EXT, MAA, and MAF programs must verify the premium amount for cost-effective employer sponsored insurance.

Rules Coordinator: Annette Tesch—(503) 945-6067

461-115-0705

Required Verification; BCCM, HKC, MAA, MAF, OHP, SAC

(1) This rule establishes verification requirements for the BCCM, EXT, HKC, MAA, MAF, OHP, and SAC programs in addition to the requirements of OAR 461-115-0610.

(2) Except as provided in section (3) of this rule, each client declaring U.S. citizenship must provide acceptable documentation of citizenship and identity. For purposes of this rule, *acceptable documentation* consists of any of the documents permitted under section 1903(x) of the Social Security Act (42 U.S.C. 1396b).

(a) A new applicant must provide *acceptable* documentation as a condition of eligibility (see OAR 461-001-0000). Except for an applicant whose medical benefits previously were closed after March 31, 2009 for not providing acceptable documentation, an applicant's medical assistance may not be delayed for citizenship documentation while the eligibility decision is pending if all other medical assistance eligibility requirements have been met.

(b) A current recipient who has not already provided acceptable documentation must provide acceptable documentation as a condition of eligibility when requested by the Department.

(c) A client who already has provided acceptable documentation is not required to provide additional evidence during a subsequent application for benefits or redetermination of eligibility.

(3) Each of the following clients is exempt from the requirements of section (2) of this rule, a client who is:

(a) Assumed eligible under OAR 461-135-0010(5);

(b) Eligible for or receiving Medicare;

(c) Presumptively eligible for the BCCM program;

(d) Receiving Social Security Disability Income (SSDI); or

(e) Receiving Title IV-E benefits.

ADMINISTRATIVE RULES

(4) At initial application and at any other time it affects the client, the following must be verified:

(a) The requirement in OAR 461-120-0210 to have or apply for a social security number.

(b) Alien status for an applicant who indicates he or she is not a U.S. citizen, and for a client who meets the alien status requirement under OAR 461-120-0125(4)(b) the client's alien status must be verified at each certification.

(5) When the pregnancy of a client is first reported, it must be verified by a medical practitioner, health department, clinic, or crisis pregnancy center or similar facility.

(6) In the HKC, MAA, MAF, OHP, and SAC programs, at initial application, recertification, and at any other time it affects the client, income received through the date of request (see OAR 461-115-0030) must be verified. If income cannot be verified, the Department accepts the client's statement.

(7) In the OHP-OPU program:

(a) The Department must verify the premium exemption allowed because a client is:

(A) A member of a federally recognized Indian tribe, band, or group;

(B) An Eskimo, Aleut, or other Alaska native enrolled by the Secretary of the Interior pursuant to the Alaska Native Claims Settlement Act; or

(C) An individual eligible for benefits through an Indian Health Program.

(b) A client enrolled full time in higher education must provide verification, at application and recertification, that the client meets the requirements of OAR 461 135 1110.

(8) In the EXT, MAA, MAF, OHP-OPC, and OHP-OP6 programs, the amount of the premium for cost-effective employer-sponsored health insurance must be verified.

(9) A client must provide verification for any eligibility requirement in sections (4) to (8) of this rule questioned by the Department.

Adm. Order No.: SSP 20-2010(Temp)

Filed with Sec. of State: 7-1-2010

Certified to be Effective: 7-1-10 thru 12-28-10

Notice Publication Date:

Rules Amended: 461-115-0530, 461-135-1110, 461-145-0143, 461-180-0090

Subject: OAR 461-115-0530 about OHP certification periods is being amended to include policy about the Healthy Kids Connect (HKC) certification period and to clarify that HKC subsidy amounts are not reduced or eliminated during an HKC certification period. A certification period is the period for which a client is certified eligible for a program.

OAR 461-135-1110 about when a student enrolled in higher education is eligible or ineligible for the Oregon Health Plan - Adults program (OHP-OPU, which provides coverage for adults who qualify under the 100 percent income standard) is being amended in response to a recent change in federal guidelines to revise the definition for the term "meets the requirements for a Pell grant."

OAR 461-145-0143 about economic recovery payments is being amended to remove its statements about the \$33 earned income exclusion because this topic is now covered in OAR 461-145-0140,

and there is potential confusion when the topic is covered in two rules.

OAR 461-180-0090 about effective dates for the initial month of medical benefits is being amended to state that except for children who qualify for OSIPM long term care services, the effective date of medical eligibility for clients transitioning from HKC to the MAA, MAF, OHP, OSIPM or SAC medical programs is the first of the month following the month an eligibility determination is made.

Rules Coordinator: Annette Tesch—(503) 945-6067

461-115-0530

Certification Period; OHP

(1) For an OHP-OPU applicant not currently receiving BCCM, EXT, MAA, MAF, OHP, OSIPM, REFM, SAC, or child welfare medical program benefits, the initial OHP certification period (see OAR 461-001-0000) begins on the effective date for starting medical benefits (described in OAR 461-180-0090) and includes the following six calendar months. All other OHP-OPU certification periods are for six months.

(2) For an HKC, OHP-CHP, OHP-OPC, or OHP-OP6 applicant not currently receiving BCCM, EXT, HKC, MAA, MAF, OHP, OSIPM, REFM, SAC, or child welfare medical program benefits, the initial certification period begins on the effective date for starting medical benefits (described in OAR 461-180-0090) and includes the following twelve calendar months. All other HKC, OHP-CHP, OHP-OPC, or OHP-OP6 certification periods are for twelve months.

(3) A client's HKC or OHP benefits end before the end of the certification period if the client no longer meets the program eligibility requirements or the program ends.

(4) To establish a new certification period, an HKC or OHP benefit group (see OAR 461-110-0750) must complete a redetermination of eligibility and be found eligible.

(5) When an individual wishes to be added to an OHP benefit group already certified for OHP, the entire group must establish a new certification period. If, as a result of the new redetermination process, the new filing group (see OAR 461-110-0400) is ineligible, the original benefit group remains eligible for the remainder of its certification period.

(6) When an HKC certification period is established, the HKC subsidy may not be reduced or eliminated during the certification period.

(7) When an individual wishes to be added to an HKC benefit group already certified for HKC, the entire benefit group must be redetermined.

(a) If as a result of the new redetermination process, the new filing group countable HKC income increases from less than 251% FPL and is equal to or greater than 251% FPL, the original HKC certification period and subsidy is not affected. The individual is added to the existing benefit group. The new benefit group remains eligible at the same subsidy level for the remainder of the original certification period.

(b) If as a result of the new HKC redetermination, the HKC filing group countable HKC income decreases to less than 251% FPL, a new certification period is established for the new benefit group.

(8) If a member leaves an HKC or OHP benefit group, that individual and other members of the benefit group remain eligible for the remainder of the certification period.

(9) If a current OHP client moves into another current OHP filing group, that client and the members of that filing group who are OHP-eligible are combined into one benefit group if the client is required to be in the current household's OHP filing group. The certification period for the new benefit group ends the later of the date the current client's certification period or the filing group's period was set to end.

(10) If a current HKC client moves into another current HKC filing group, that client and the members of that filing group who are HKC-eligible are combined into one benefit group if the client is required to be in the current household's HKC filing group. The certification period for the new benefit group ends the later of the date the current client's certification period or the filing group's period was set to end.

(11) A pregnant woman found eligible for the OHP OPP program is not assigned a certification period — she is eligible for the period described in OAR 461 135 0010.

ADMINISTRATIVE RULES

461-135-1110

Eligible and Ineligible Students; OHP-OPU

(1) In the OHP-OPU program, an individual enrolled full time in higher education is *ineligible* to receive benefits, unless the requirements of one of the following subsections are met:

(a) The student:

(A) Meets the income requirements for a Pell grant;

(B) Is not currently covered by private major medical health insurance (see OAR 461-135-1100) or an HMO; and

(C) Has not been covered by private major medical health insurance or by an HMO for the six months immediately preceding the date of application.

(b) The student is in a program serving displaced workers under Section 236 of the Trade Act of 1974 (19 USC 2296).

(2) For the purposes of this rule:

(a) Higher education includes the following:

(A) Any public or private university, college or community college.

(B) Any post-secondary vocational or technical school that is eligible to accept Pell grants.

(b) Full time is defined by the school.

(c) Meets the income requirements for a Pell grant means:

(A) The student's Student Aid Report shows an "expected family contribution" less than \$4,618 for the 2009-2010 school year or less than \$5,274 for the 2010-2011 school year; or

(B) The student is eligible for a Pell grant and provides documentation of eligibility from the school's financial aid office.

(3) A student's enrollment status continues during school vacation and breaks. A student's higher education status ends when the student graduates, drops out (as verified by their disenrolling), reduces the student's credit or attendance hours below full-time status, is suspended or expelled, or does not intend to register for the next school term (excluding summer term).

461-180-0090

Effective Dates; Initial Month Medical Benefits

The effective date for starting medical benefits for an eligible client is as follows:

(1) In the CEC and CEM programs, it is the first of the month following the month that eligibility for Child Welfare medical, EXT, MAA, MAF, OHP, OHP-CHP, OSIPM, or SAC program benefits ends.

(2) In the EXT program, it is the first of the month following the month that MAA or MAF program eligibility ends.

(3) In the GAM, MAA, MAF, OHP, OSIPM, QMB-DW, REFM, and SAC programs:

(a) Except as provided for in subsections (b) or (c) of this section:

(A) If the client meets all eligibility requirements on the date of request (see OAR 461-115-0030), it is the date of request. An OSIPM program client who is assumed eligible under OAR 461-135-0010(7) meets "all eligibility requirements" for the purposes of this section as follows:

(i) Effective the first day of the month of the initial SSI payment if the client is age 21 or older.

(ii) Effective the first day of the month prior to the month of the initial SSI payment if the client is under the age of 21.

(B) If the client does not meet all eligibility requirements on the date of request, it is the first day following the date of request that all eligibility requirements are met.

(b) If the client does not complete the application within the time period described in OAR 461-115-0190 (including the authorized extension), the determination of an effective date requires a new date of request.

(c) Except for OSIPM long-term care services eligibility, if an HKC client meets all eligibility requirements for the MAA, MAF, OHP, OSIPM, or SAC program, it is the first of the month following the month in which the Department makes the eligibility determination.

(4) In the HKC program, the Office of Private Health Partnerships (OPHP) determines the effective date for enrolling an eligible child in one of the HKC program categories of coverage.

(5) In the QMB-BAS program, it is the first of the month after the benefit group (see OAR 461-110-0750) has been determined to meet all QMB-BAS program eligibility criteria and the Department receives the required verification.

(6) In the QMB-SMB and QMB-SMF programs, it is:

(a) The first of the month in which the benefit group meets all program eligibility criteria and the Department receives the required verification; or

(b) The first of the month in which the Low Income Subsidy (LIS) information is received by the Social Security Administration (SSA), if the SMB or SMF program application was generated by the electronic transmission of LIS data from the SSA and the benefit group meets all program eligibility criteria.

(7) Retroactive eligibility is authorized under certain circumstances in some medical programs (see paragraph (3)(a)(A) of this rule, OAR 461-135-0875, and 461-180-0140).

Notice Publication Date:

Rules Amended: 461-135-1100

Subject: OAR 461-135-1100 about the specific eligibility requirements for an individual to receive Oregon Health Plan (OHP) program benefits is being amended to extend changes made by temporary rule on April 21, 2010 because the underlying rule was amended by other permanent changes effective July 1, 2010. This amendment states that coverage under the Kaiser Transition Program is not included in the definition of private major medical health insurance.
Rules Coordinator: Annette Tesch—(503) 945-6067

461-135-1100

Specific Requirements; OHP

In addition to eligibility requirements applicable to the OHP program in other rules in chapter 461 of the Oregon Administrative Rules, this rule sets out specific eligibility requirements for the OHP program.

(1) For purposes of this rule, OAR 461-135-1101, and 461-135-1149, the term private major medical health insurance refers to health insurance coverage that provides medical care for physician and hospital services, including major illnesses, with a limit of not less than \$10,000 for each covered individual. This term does not include coverage under the Kaiser Child Health Program or Kaiser Transition Program.

(2) To be eligible for the OHP program, an individual cannot:

(a) Be receiving, or deemed to be receiving, SSI benefits;

ADMINISTRATIVE RULES

(b) Be eligible for Medicare, except that this requirement does not apply to OHP OPP;

(c) Be receiving Medicaid through another program; or

(d) Be enrolled in a health insurance plan subsidized by the Family Health Insurance Assistance program (FHIAP, see ORS 735.720 to 735.740).

(3) To be eligible for the OHP-OPU program, an individual must be 19 years of age or older and may not be pregnant. An individual eligible for OHP-OPU is referred to as a health plan new/noncategorical (HPN) client. In addition to all other OHP eligibility requirements, an HPN client:

(a) May not be covered by private major medical health insurance and may not have been covered by private major medical health insurance during the six months preceding the effective date for starting medical benefits. The six-month waiting period is waived if---

(A) The individual has a condition that, without treatment, would be life-threatening or would cause permanent loss of function or disability;

(B) The individual's private health insurance premium was reimbursed under the provisions of OAR 461-135-0990;

(C) The individual's private health insurance premium was subsidized through FHIAP; or

(D) A member of the individual's filing group was a victim of domestic violence.

(b) Must meet the following eligibility requirements:

(A) The resource limit provided in OAR 461-160-0015.

(B) The higher education student requirements provided in OAR 461 135 1110.

(C) Payment of premiums determined in accordance with OAR 461-155-0235 and paid in accordance with OAR 461-135-1120.

(D) The requirements in OAR 461-120-0345 related to obtaining medical coverage for members of the benefit group through the Family Health Insurance Assistance Program (FHIAP), if applicable.

(4) To be eligible for the OHP-OPC program, an individual must be less than 19 years of age.

(5) To be eligible for the OHP-OP6 program, a child must be less than six years of age and not eligible for OHP-OPC.

(6) To be eligible for the OHP-OPP program, an individual must be pregnant or must be a newborn assumed eligible under OAR 461-135-0010(4).

(7) To be eligible for the OHP-CHP program, an individual must be under 19 years of age and must:

(a) Not be eligible for OHP-OPC, OHP-OPP, or OHP-OP6;

(b) Meet budgeting requirements of OAR 461-160-0700;

(c) Select a medical, dental and mental health managed health care plan (MHCP) or primary care case manager (PCCM) if available, unless the client is exempted by OAR 410-141-0060; and

(d) Not be covered by private major medical health insurance or by any private major medical health insurance during the preceding two months. The two-month waiting period is waived if---

(A) The individual has a condition that, without treatment, would be life threatening or cause permanent loss of function or disability;

(B) The loss of health insurance was due to the loss of or a change in employment;

(C) The individual's private health insurance premium was reimbursed under OAR 461 135 0990;

(D) The individual's private health insurance premium was through FHIAP or the Office of Private Health Partnerships (OPHP) in accordance with ORS 414.231, 414.826, 414.831, and 414.839; or

(E) A member of the individual's filing group was a victim of domestic violence.

(8) A child who becomes ineligible for OHP because of age while receiving in patient medical services remains eligible until the end of the month in which he or she no longer receives those services if he or she is receiving in patient medical services on the last day of the month in which the age requirement is no longer met.

Rules Amended: 461-155-0693

Subject: OAR 461-155-0693 about transportation services payment in the Oregon Supplemental Income Program Medical (OSIPM) is being amended to expand the allowed payments to include reimbursement of mileage for some non-commercial transportation.

Rules Coordinator: Annette Tesch—(503) 945-6067

461-155-0693

Special Need; Transportation Services Payment; OSIPM

In the OSIPM program:

(1) The following individuals may be eligible for a transportation services payment:

(a) A client who receives SSI as his or her only income; or

(b) A client who the Department determines meets the requirements of OAR 461-125-0370(1)(c) and has adjusted income less than the SSI standard.

(2) Services eligible for payment under this rule are for transportation to non-medical and non-waivered activities and resources approved by the Department. Examples of such transportation services include, but are not limited to: reimbursement for non-commercial transportation not available through natural supports (limited to mileage only at the full United States General Services Administration mileage reimbursement rate); transportation provided by common carriers, taxicab, or bus; and assistance with purchase of a pass for public transportation.

(3) The following items are not eligible for payment under this rule: purchase of a vehicle; vehicle maintenance or repair; compensation for non-commercial transportation providers (payment to non-commercial transportation providers is limited to mileage only); and transportation services that may be obtained through other means, such as the State Medicaid Plan, waiver, or other public or private resources available to the individual, including natural supports.

(4) Payment for services authorized by this rule may not exceed \$25 per month.

(5) Service costs must be verified annually or when questionable.

Notice Publication Date:

Rules Amended: 461-115-0071

Subject: OAR 461-115-0071 about who must sign an application and complete the application process for the Department's programs administered under chapter 461 of the Oregon administrative rules is being amended to allow an application to be signed and the application process completed by a single individual in a Healthy KidsConnect (HKC), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), Refugee Assistance (REF), Refugee Assistance Medical (REFM), and Temporary Assistance to Needy Families (TANF) program household.

Rules Coordinator: Annette Tesch—(503) 945-6067

461-115-0071

Who Must Sign the Application and Complete the Application Process

(1) In the ERDC, HKC, MAA, MAF, OHP, REF, REFM, and TANF programs, the following individuals must sign the application and complete the application process:

ADMINISTRATIVE RULES

(a) In the MAA, MAF, REF, REFM, and TANF programs at least one *caretaker relative* (see OAR 461-001-0000) must sign the application.

(b) In the HKC and OHP programs:

(A) When there is a *parent* (see OAR 461-001-0000) in the *household group* (see OAR 461-110-0210), one *parent*.

(B) When there is no *parent* in the *household group*, the *primary person* (see OAR 461-001-0000).

(c) In the ERDC program, a *caretaker* (see OAR 461-001-0000) must sign.

(2) In the EA program:

(a) A *caretaker relative* must sign the application and complete the application process for a dependent child (see OAR 461-001-0000). If the *child* is not living with a *caretaker relative*, another adult may act on behalf of the *child*.

(b) If the *caretaker relative* lives with a *spouse* (see OAR 461-001-0000), both must sign the application.

(c) A dependent child 18 years of age who applies must sign the application and complete the application process.

(3) In the GA, GAM, and QMB programs, an adult requesting assistance and the adult's *spouse*, if they live together, must complete the application process and sign the application.

(4) In the OSIP and OSIPM programs, an adult requesting assistance and the adult's *spouse*, if they live together, must sign the application and complete the application process, if able. If the client and the *spouse* are unable to sign the application and complete the application process, this can be done by the authorized representative (see 461-115-0090). If the applicant dies prior to the determination of eligibility for OSIPM, the application may be processed if the Department receives the required verification.

(5) In the SNAP program, the *primary person*, the spouse of the *primary person*, or another adult member of the filing group must sign the application and complete the application process.

(6) A person required to sign the application but unable to sign may sign with a mark, witnessed by an employee of the field office.

Rules Amended: 461-135-1100

Rules Suspended: 461-135-1100(T)

Subject: OAR 461-135-1100 about the specific eligibility requirements for an individual to receive Oregon Health Plan (OHP) program benefits is being amended to remove the eligibility requirement that an OHP Adults (OHP-OPU) program client select a medical, dental, and mental health managed health care plan (MHCP) or primary care case manager (PCCM), unless exempted under other Department rules.

Rules Coordinator: Annette Tesch—(503) 945-6067

461-135-1100

Specific Requirements; OHP

In addition to eligibility requirements applicable to the OHP program in other rules in chapter 461 of the Oregon Administrative Rules, this rule sets out specific eligibility requirements for the OHP program.

(1) For purposes of this rule, OAR 461-135-1101, and 461-135-1149, the term *private major medical health insurance* refers to health insurance coverage that provides medical care for physician and hospital services, including major illnesses, with a limit of not less than \$10,000 for each covered individual. This term does not include coverage under the Kaiser Child Health Program or Kaiser Transition Program.

(2) To be eligible for the OHP program, an individual cannot:

(a) Be receiving, or deemed to be receiving, SSI benefits;

(b) Be eligible for Medicare, except that this requirement does not apply to OHP OPP;

(c) Be receiving Medicaid through another program; or

(d) Be enrolled in a health insurance plan subsidized by the Family Health Insurance Assistance program (FHIAP, see ORS 735.720 to 735.740).

(3) To be eligible for the OHP-OPU program, an individual must be 19 years of age or older and may not be pregnant. An individual eligible for OHP-OPU is referred to as a health plan new/noncategorical (HPN) client. In addition to all other OHP eligibility requirements, an HPN client:

(a) May not be covered by private major medical health insurance and may not have been covered by *private major medical health insurance* during the six months preceding the effective date for starting medical benefits. The six-month waiting period is waived if:

(A) The individual has a condition that, without treatment, would be life-threatening or would cause permanent loss of function or disability;

(B) The individual's private health insurance premium was reimbursed under the provisions of OAR 461-135-0990;

(C) The individual's private health insurance premium was subsidized through FHIAP; or

(D) A member of the individual's filing group was a victim of domestic violence.

(b) Must meet the following eligibility requirements:

(A) The resource limit provided in OAR 461-160-0015.

(B) The higher education student requirements provided in OAR 461 135 1110.

(C) Payment of premiums determined in accordance with OAR 461-155-0235 and paid in accordance with 461-135-1120.

(D) Selection of a medical, dental and mental health managed health care plan (MHCP) or primary care case manager (PCCM) if available, unless the HPN client is exempted by OAR 410-141-0060.

(E) The requirements in OAR 461-120-0345 related to obtaining medical coverage for members of the benefit group through the Family Health Insurance Assistance Program (FHIAP), if applicable.

(4) To be eligible for the OHP-OPC program, an individual must be less than 19 years of age.

(5) To be eligible for the OHP-OP6 program, a child must be less than six years of age and not eligible for OHP-OPC.

(6) To be eligible for the OHP-OPP program, an individual must be pregnant or must be a newborn assumed eligible under OAR 461-135-0010(4).

(7) To be eligible for the OHP-CHP program, an individual must be under 19 years of age and must:

(a) Not be eligible for OHP-OPC, OHP-OPP, or OHP-OP6;

(b) Meet budgeting requirements of OAR 461-160-0700;

(c) Select a medical, dental and mental health managed health care plan (MHCP) or primary care case manager (PCCM) if available, unless the client is exempted by OAR 410-141-0060; and

(d) Not be covered by *private major medical health insurance* or by any *private major medical health insurance* during the preceding two months. The two-month waiting period is waived if:

(A) The individual has a condition that, without treatment, would be life threatening or cause permanent loss of function or disability;

(B) The loss of health insurance was due to the loss of or a change in employment;

(C) The individual's private health insurance premium was reimbursed under OAR 461 135 0990;

(D) The individual's private health insurance premium was through FHIAP or the Office of Private Health Partnerships (OPHP) in accordance with ORS 414.231, 414.826, 414.831, and 414.839; or

(E) A member of the individual's filing group was a victim of domestic violence.

(8) A child who becomes ineligible for OHP because of age while receiving in patient medical services remains eligible until the end of the month in which he or she no longer receives those services if he or she is receiving in patient medical services on the last day of the month in which the age requirement is no longer met.

**Department of Human Services,
Division of Medical Assistance Programs
Chapter 410**

Rule Caption: Pilot project for prenatal coverage for CAWEM women; adding an additional participatory county.

Adm. Order No.: DMAP 18-2010

Filed with Sec. of State: 6-23-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 6-1-2010

Rules Amended: 410-120-0030

Subject: The General rules program administrative rules govern the Division of Medical Assistance Programs (Division) payments for services provided to certain clients. The Division amended this rule, effective July 1, 2010, to add an additional county (Lance County) to participate in the pilot project, subject to the Centers to Medicare and Medicaid Services (CMS) approval. The Division added Lance County providing prenatal care during pregnancy and labor and delivery services for CAWEM women. Early prenatal care positively influences healthy outcomes for both mother and child to mitigate adverse outcomes of high-risk pregnancies and is accepted standard of care. Lack of access to prenatal care may result in increased risk at birth and in infancy for children, and may result in increased costs of medical care to the state. This pilot program is operated under an amendment to Oregon's Children's health Insurance Program (CHIP) plan. Oregon anticipates receiving federal approval for the pilot project, effect on or before July 1, 2010.

Rules Coordinator: Darlene Nelson—(503) 945-6927

410-120-0030

Children's Health Insurance Program

(1) The Children's Health Insurance Program (CHIP) is a federal non-entitlement program for children under 19 years of age that provides health coverage for uninsured, low-income children who are ineligible for Medicaid and meet the CHIP eligibility requirements. The CHIP program is administered by the Department of Human Services (Department) in accordance with the Oregon Health Plan waiver and the CHIP state plan. The General Rules (OAR 410-120-0000 et. seq.) and Oregon Health Plan Rules (OAR 410-141-0000 et. seq.) applicable to the Medicaid program are also applicable to the Department's CHIP program.

(2) Eligibility criteria, including but not limited to income methodologies and citizenship requirements for medical assistance applicable to children under the age of 19 years, are established in OAR chapter 461 through the program acronym OHP-CHIP.

(3) Benefit package of covered services: Children determined eligible for CHIP receive the same OHP Plus benefits as covered under Medicaid categorically needy program. (For benefits refer to 410-120-1210).

(4) CHIP Pilot project — Prenatal coverage for CAWEM under CHIP:

(a) Notwithstanding subsections (2) and (3) of this rule, CAWEM pregnant women residing in the participating counties during pregnancy will receive expanded medical services (OHP Plus benefit package, as limited under subsection (d) of this subsection) to provide prenatal care for the unborn child and labor and delivery services through this pilot program:

- (A) Effective 4/1/08 Multnomah and Deschutes;
- (B) Effective 10/1/09 Benton, Clackamas, Hood River and Jackson;
- (C) Effective 7/1/2010 Lane.

(b) This population is exempt from managed care enrollment. The preferred service delivery system will be Primary Care Management (PCM). Fee-For-Service (FFS) enrollment will be available by exception for continuity of care or other Department-approved reasons that could justify disenrollment from a PCM under OAR 410-141-0085;

(c) Pilot project services continue through labor and delivery. The day after pregnancy ends, eligibility for medical services is based on eligibility categories established in OAR chapter 461;

- (d) The following services are not covered for the pilot project:
 - (A) Postpartum care beyond the global payment;
 - (B) Sterilization;
 - (C) Abortion;
 - (D) Death with dignity services;
 - (E) Hospice.

.....
Rule Caption: January 2010 Age Guidelines for Brokerage child Transports.

Adm. Order No.: DMAP 19-2010

Filed with Sec. of State: 6-23-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 6-1-2010

Rules Amended: 410-136-0245

Subject: The Medical transportation Services Program administrative rules govern Division of Medical Assistance Programs' (Division) payments for services provided to certain clients. Having temporarily amended OAR 410-136-0245, the Division permanently amended the rule to clarify that an additional employee or Department volunteer or for a second transports provided under OAR 410-136-0240. This is necessary to ensure child clients maintain access to appropriate transportation services.

Rules Coordinator: Darlene Nelson—(503) 945-6927

410-136-0245

Child Transports

(1) The safety and welfare of children is the primary objective in the coordination, scheduling, and transporting of Oregon Health Plan (OHP) eligible children to medical appointments. This rule defines the requirements for attendants during child transports:

(a) Eligible children under 12 years old must have an attendant while traveling to medical appointments;

(b) The requirements for having an attendant are specific to child transports provided by transportation brokerages.

(2) The parent or legal guardian is responsible for assuring that an attendant is available to accompany the child to and from a medical appointment.

(3) Guidelines for children in the custody of the Oregon State Department of Human Services (Department) will be established and administered by the Department's Children, Adults and Families (CAF) Division. To the extent that their requirements are different from this rule, the CAF Division requirements supersede this rule:

(a) The CAF Division will administer volunteer driver program guidelines for children under the care and custody of the Department for rides that are not coordinated by the transportation brokerage;

(b) Volunteer drivers who regularly transport children to medical services are subject to driver safety standards and criminal background checks set forth by the CAF Division;

(c) Children and young adults with special physical or developmental needs must have an attendant, regardless of age;

(d) This rule does not apply to medical transportation that is provided by a local educational agency as part of school transportation;

(e) If a child requires secured transportation, the requirements of OAR 410-136-0240 apply in addition to the requirements of this rule.

(4) An attendant may be the mother, father, stepmother, stepfather, or legal guardian of the child. An attendant may also be a brother, sister, stepbrother, or stepsister of the child, who is at least 18 years or older, and authorized by the parent or legal guardian to be the attendant.

(5) Representatives of the transportation brokerage, or their contracted transportation providers, may require written authorization for the attendant from a child's parent or legal guardian.

(6) Transportation brokerages will not bill the Department additional charges when an attendant is required during transport.

(7) The appropriate attendant must accompany the eligible child from the pick-up location, to the destination, and on the return trip. The attendant must also remain with the child during their appointment. The attendant may not be accompanied by other persons unless they are authorized by the parent or legal guardian to also be in attendance or unless the other person is an eligible child traveling to the same location for a medical appointment.

(8) The transportation brokerage, under an intergovernmental agreement (IGA) with the state, authorizes, schedules, and coordinates medical transportation for eligible OHP+ children. The brokerage will ensure that transportation providers:

- (a) Meet the requirements defined in the IGA;
- (b) Complete contractually required criminal background and driving record checks for drivers;

ADMINISTRATIVE RULES

(c) Monitor driver completion of required driver safety trainings.

(9) Child safety seats shall be provided and installed by the parent, guardian or adult caregiver for the child, as required by state law. If a parent fails to provide a child safety seat that is in compliance with state law, the provider cannot transport the child.

(10) Attendants are not required for:

(a) Non-emergent ambulance transports, unless an ambulance company provides the ride and bills it through a transportation brokerage as a wheelchair or stretcher trip. See OAR 410-136-0280, Required Documentation. For all other non-emergent ambulance rides, refer to requirements for an attendant under OAR 410-136-0080, Additional Client Transport;

(b) Secured transports provided under OAR 410-136-0240, Secured Transports; or

(c) Transports provided by a Department employee or Department volunteer.

Notice Publication Date: 6-1-2010

Rules Amended: 410-147-0365

Rules Repealed: 410-147-0365(T)

Subject: The Federally Qualified Health Centers (FQHC) and Rural Health Clinics (RHC) Services program administrative rules govern DMAP payment for services to certain clients. The Division permanently amended the temporary rule 410-147-0365 without further revisions. In March 23, 2010 CMS notified the Division that the State Plan Amendment (SPA) that was submitted to extend the Obstetric Alternative Payment Methodology (OB APM) to more Rural Health Clinics (RHCs) will not be approved as submitted.

CMS advised the Division to withdraw the SPA as soon as possible. CMS stated they will allow for the Division to reimburse OB delivery procedures according to the physician fee schedule to a "target" provider group, which can be those RHCs that the Division targeted (and who the Division submitted an OB APM SPA to include) to receive the OB APM. Other text is revised to improve readability and to take care of necessary "housekeeping" corrections.

Rules Coordinator: Darlene Nelson—(503) 945-6927

410-147-0365

Rural Health Clinic Obstetrics Care Delivery Procedures Reimbursement

Reimbursement for obstetric delivery procedures by the Division of Medical Assistance Programs (Division) to eligible Medicare-certified Independent RHCs will be according to the physician fee schedule and outside of the Prospective Payment System (PPS).

Rules Amended: 410-138-0000, 410-138-0005, 410-138-0007, 410-138-0009, 410-138-0020, 410-138-0040, 410-138-0060, 410-138-0080, 410-138-0300, 410-138-0360, 410-138-0380, 410-138-0390, 410-138-0500, 410-138-0540, 410-138-0560, 410-138-0600, 410-138-0640, 410-138-0660, 410-138-0700, 410-138-0710, 410-138-0740, 410-138-0760, 410-138-0780

Rules Repealed: 410-138-0530, 410-138-0610

Subject: The Division of Medical Assistance Programs (Division) amended rules to bring the HIV, Babies First/CaCoon, and Substance Abusing Pregnant Women and Parents With Children Under Age 18 and Early Intervention Early Childhood in Special Education Programs into compliance with the State Plan Amendment (SPA) and current Federal rules and regulations. The expansion of HIV and Substance Abusing Pregnant Women and Parents With Children Under Age 18 TCM programs is approved and the Department of Human Services (Department) will begin implementation to extend the existing programs to new unit of government providers. The Division adopted four new rules, to implement a new program - Asthma Healthy Homes (SPA 10-02, approval pending). Approval for SPA 8-14 is pending however the Division revised rules in the Tribal program to clarify federal requirements.

The Division swapped text in 410-138-0000 with text in 410-138-0020 to rearrange placement of information within the Rulebook: consolidated 410-138-0610 with 410-138-0600, repealing 410-138-0610; and 410-138-0530 is consolidated with 410-138-0500, repealing 410-138-0530.

All program rules are updated to correct statutory information and change the acronyms for the Department of Human Services from (DHS) to (Department) and the Division of Medical Assistance Programs from (DMAP) to (Division). There may be other minor "housekeeping" corrections to take care of misspelled words, punctuation or grammar and rule text consistency.

Rules Coordinator: Darlene Nelson—(503) 945-6927

410-138-0000

Targeted Case Management Definitions

(1) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0005 through 410-138-0009

ADMINISTRATIVE RULES

and the Division of Medical Assistance Programs' General Rules (chapter 410, division 120).

(2) **Assessment** – The act of gathering information and reviewing historical and existing records of an eligible client in a target group to determine the need for medical, educational, social, or other services. To perform a complete assessment, the case manager will gather information from family members, medical providers, social workers, and educators, if necessary.

(3) **Care Plan** – A TCM Care Plan is a multidisciplinary plan, which contains a set of goals and actions required to address the medical, social, educational, and other service needs of the eligible client based on the information collected through an assessment or periodic reassessment.

(4) **Case Management** – Services furnished by a case manager to assist individuals eligible under the Medicaid State plan in gaining access to and effectively using needed medical, social, educational, and other services (such as housing or transportation) in accordance with 42 CFR 441.18. See also definition for “Targeted Case Management.”

(5) **Department** – Department of Human Services.

(6) **Division** – Division of Medical Assistance Programs (DMAP).

(7) **Duplicate payments** – Payments are considered “duplicate” if more than one payment is made for the same services to meet the same need for the same client at the same point in time.

(8) “Early intervention (EI)” means services for preschool children with disabilities from birth until three years of age, including children who are homeless and their families. The services are:

(a) Based on scientifically-based research, to the extent practicable;

(b) Designed to meet the child’s developmental needs and the needs of the family related to enhancing the child’s development as identified by the IFSP team, in any one or more of the following areas: physical development; cognitive development; communication development; social or emotional development; or adaptive development;

(c) Selected in collaboration with the parents;

(d) Provided:

(A) Under public supervision;

(B) By personnel qualified in accordance with criteria established by rules of the State Board of Education; and

(C) In conformity with an individualized family service plan;

(e) No cost to parents;

(f) Meet all applicable state requirements; and

(g) Include family training, counseling, in-home visits; special instruction; speech-language pathology and audiology services, and sign language and cued language services; occupational therapy; physical therapy; psychological services; service coordination; medical services only for diagnostic or evaluation purposes; early identification, screening, and assessment services; health services necessary to enable the child to benefit from other early intervention services; social work services; vision services; assistive technology devices and services; and transportation and related costs that are necessary to enable a child and the child’s family to receive another early intervention service.

(9) “Early childhood special education (ECSE)” means free, specially designed instruction to meet the unique needs of a preschool child with a disability, three years of age until the age of eligibility for public school, including instruction in physical education, speech-language services, travel training, and orientation and mobility services. Instruction is provided in any of the following settings: home, hospitals, institutions, special schools, classrooms, and community childcare or preschool settings.

(10) **Early Intervention/Early Childhood Special Education (EI/ECSE)** services are services provided to a preschool child with disabilities, eligible under the Individuals with Disabilities Education Act (IDEA), from birth until they are eligible to attend public school, pursuant to the eligible child’s Individualized Family Service Plan (IFSP) (see definition of IFSP below).

(11) **EI/ECSE Case manager** (i.e., service coordinator) – An employee of the EI/ECSE contracting or subcontracting agency meeting the personnel standards requirements in OAR 581-015-2900. The EI/ECSE case manager serves as a single point-of-contact and is responsible for coordinating all services across agency lines for the purpose of assisting an eligible client to obtain needed medical, social, educational, developmental and other appropriate services (such as housing or transportation) identified in the eligible client’s care plan in coordination with the client’s IFSP.

(12) **EI/ECSE Targeted Case Management program** – as a service under the State plan, includes case management services furnished to eligible EI/ECSE preschool children age 0-5 with disabilities, assisting them to gain access to needed medical, social, educational, developmental and other appropriate services (such as housing or transportation) in coordination

with their IFSP. EI/ECSE TCM Providers must meet the criteria for the provision of special education programs approved by the State Superintendent of Public Instruction qualifying such programs for state reimbursement under OAR 581-015-2710 EI/ECSE; and must be contractors with the Oregon Department of Education in the provision of EI/ECSE services or be sub-contractors with such a contractor. Medicaid reimbursement for EI/ECSE TCM services is available only to eligible clients in the target group and does not restrict an eligible client’s free choice of providers. See definition for “eligible client”.

(13) **Eligible client** – An individual who is deemed eligible for Medicaid or the Children’s Health Insurance Program (CHIP) by the Department and eligible for case management services (including TCM services) as defined in the Medicaid State plan, at the time the services are furnished. TCM services are allowable only for clients who are categorically eligible. The Medicaid State Plan does not allow TCM services for clients who are covered under the Medicaid standard benefit package.

(14) **Individualized Family Service Plan (IFSP)** – A written plan of early childhood special education, related services, early intervention services, and other services developed in accordance with criteria established by the State Board of Education for each child eligible for services. See OAR 581-015-2700 to 581-015-2910, Early Intervention and Early Childhood Special Education Programs.

(15) **Medical Assistance Program** – A program that provides and pays for health services for eligible Oregonians. The Oregon Medical Assistance Program includes TCM services provided to clients eligible under the Oregon Health Plan (OHP) Title XIX, and the Children’s Health Insurance Program (CHIP) Title XXI. The Medical Assistance Program is administered by the Division.

(16) **Monitoring** – Ongoing face-to-face or other contact to conduct follow-up activities with the participating eligible client or the client’s health care decision maker(s), family members, providers or other entities or individuals when the purpose of the contact is directly related to managing the eligible client’s care to ensure the care plan is effectively implemented.

(17) **Reassessment** – Periodically re-evaluating the eligible client to determine whether or not medical, social, educational or other services continue to be adequate to meet the goals and objectives identified in the care plan. Reassessment decisions include those to continue, change or terminate TCM services. A reassessment must be conducted at least annually or more frequently if changes occur in an eligible client’s condition; or when resources are inadequate or the service delivery system is non-responsive to meet the client’s identified service needs.

(18) **Referrals** – Performing activities such as scheduling appointments that link the eligible client with medical, social, or educational providers, or other programs and services, and follow-up and documentation of services obtained.

(19) **Targeted Case Management (TCM) Services** – Case management services furnished to a specific target group of eligible clients under the Medicaid State plan to gain access to needed medical, social, educational, and other services (such as housing or transportation). TCM services are available only to eligible clients.

(20) **Unit of Government** – A city, a county, a special purpose district, or other governmental unit in the state.

410-138-0005

Payment for Targeted Case Management Services Eligible for Federal Financial Participation

(1) This rule is to be used in conjunction with Targeted Case Management (TCM) rules 410-138-0000 through 410-138-0009 and 410-138-0390, and the Division of Medical Assistance Programs’ (Division) General Rules (chapter 410, division 120).

(2) The TCM services rules are designed to assist the TCM provider organization in matching state and federal funds for TCM services defined by Section 1915(g) of the Social Security Act, 42 USC § 1396n(g).

(3) Payment will be made to the TCM provider enrolled with the Department of Human Services (Department) as a unit of government provider meeting the requirements set forth in the provider enrollment agreement.

(4) Signing the provider enrollment agreement sets forth the relationship between the State of Oregon, the Department and the TCM provider and constitutes agreement by the TCM provider to comply with all applicable Department rules, and federal and state laws and regulations.

ADMINISTRATIVE RULES

Hist.: DMAP 32-2008(Temp), f. & cert. ef. 10-2-08 thru 3-27-09; DMAP 43-2008, f. 12-17-08, cert. ef. 12-28-08; DMAP 22-2010, f. 6-30-10, cert. ef. 7-1-10

(5) The TCM provider will bill according to administrative rules in chapter 410, division 138 and the TCM supplemental information. Payments will be made using the Medicaid Management Information System (MMIS) and the TCM provider will retain the full payment for covered services provided. The TCM provider must have a Trading Partner Agreement with the Department prior to submission of electronic transactions.

(6) TCM authorized under these rules is a cost-sharing (Federal Financial Participation (FFP) matching) program in which the TCM provider as a public entity, unit of government, is responsible for paying the non-federal matching share of the amount of the TCM claims, calculated using the Federal Medical Assistance Percentage (FMAP) rates in effect during the quarter when the TCM claims will be paid:

(a) The TCM provider's non-federal matching share means the public funds share of the Medicaid payment amount. Pursuant to the Social Security Act, 42 CFR 433.51, public funds may be considered as the state's share in claiming federal financial participation, if the public funds meet the following conditions:

(A) The public funds are transferred to the Department from public entities that are units of government;

(B) The public funds are not federal funds or they are federal funds authorized by federal law to be used to match other federal funds; and

(C) All sources of funds must be allowable under the Social Security Act 42 CFR 433 Subpart B;

(b) The unit of government TCM provider must pay the non-federal matching share to the Department in accordance with OAR 410-120-0035.

(7) Before the Department pays for TCM claims, the Department must receive the corresponding local match payment as described in this rule. Failure to timely pay the non-federal matching funds to the Department will delay payment and may require the TCM provider to resubmit the claims.

(8) The Department will not be financially responsible for payment of any claim that the Centers for Medicare and Medicaid Services (CMS) disallows under the Medicaid program. If the Department has previously paid the TCM provider for any claim, which CMS disallows, the TCM provider must reimburse the Department the amount of the claim that the Department has paid to the TCM provider, less any amount previously paid by the unit of government TCM provider to the Department for the non-federal match portion for that claim.

(9) Providers can only bill Medicaid for allowable activities in the TCM program, that assist individuals eligible under the Medicaid State plan to gain access to needed medical, social, educational, and other services. One or more of the following allowable activities must occur before billing:

(a) Assessment;

(b) Development of a care plan;

(c) Referral (including follow up); and

(d) Monitoring (including follow up).

(10) TCM claims must not duplicate payments made to:

(a) Public agencies or private entities for any other case management activities or direct services provided under the State Plan or the Oregon Health Plan (OHP), through fee for service, managed care, or other contractual arrangement, that meet the same need for the same client at the same point in time;

(b) A TCM provider by program authorities under different funding authority than the Oregon Health Plan, including but not limited to other public health funding;

(c) A TCM provider for administrative expenditures reimbursed under agreement with the Department or any other program or funding source.

(11) Medicaid is only liable for the cost of otherwise allowable case management services if there are no other third parties liable to pay. However, while schools are legally liable to provide IDEA-related health services at no cost to eligible children, Medicaid reimbursement is available for these services because section 1903(c) of the Act requires Medicaid to be primary to the U.S. Department of Education for payment for covered Medicaid services furnished to a child with a disability. These services may include health services included in a child's Individualized Education Program (IEP) or Individual Family Service Plan (IFSP) under the IDEA. Payment for those services that are included in the IEP or IFSP would not be available when those services are not covered Medicaid services.

(12) The Department's acceptance of cost data provided by provider organizations for the purpose of establishing rates paid for TCM services does not imply or validate the accuracy of the cost data provided.

(13) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

410-138-0007

Targeted Case Management — Covered Services

(1) This rule is to be used in conjunction with Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and the Division General Rules (chapter 410, division 120).

(2) Targeted case management services may be furnished only to eligible clients. An "eligible client" is a person who is categorically eligible for Medicaid and eligible for case management services (including targeted case management services) as defined in the Medicaid State plan, at the time the services are furnished.

(3) "Targeted case management services" are case management services provided to a specific target group of individuals that assist individuals eligible under the State plan in gaining access to needed medical, social, educational, and other services (such as housing or transportation).

(4) Targeted case management services billed to Medicaid must be for allowable activities and include one or more of the following components:

(a) Assessment of an eligible client in the target group to determine the need for medical, educational, social, or other services as follows:

(A) Taking client history;

(B) Identifying the needs of the client, and completing related documentation;

(C) Gathering information from other sources, such as family members, medical providers, social workers, and educators, if necessary, to form a complete assessment of the eligible client;

(D) Periodically reassessing a client to determine whether the client's needs or preferences have changed. A reassessment must be conducted at least annually or more frequently if changes occur in an individual's condition;

(b) Development of a care plan based on the information collected through the assessment or periodic reassessment, specifying the goals and actions to address the medical, social, educational, and other services needed by the eligible client. This may include:

(A) Active participation of the eligible client in the target group; or

(B) Working with the eligible client or the eligible client's authorized health care decision maker(s) and others to develop goals and identify a course of action to respond to the assessed needs of the eligible client;

(c) Referral, linking and coordination of services and related activities such as:

(A) Scheduling appointments for the client in the target group to obtain needed services; and

(B) Activities that help link the eligible client with medical, social, or educational providers, or other programs and services (e.g., food vouchers, transportation, child care, or housing assistance) that address identified needs and achieve goals specified in the care plan. The case management referral activity is completed once the referral and linkage has been made;

(C) Reminding and motivating the client to adhere to the treatment and services schedules established by providers;

(d) Monitoring or ongoing face-to-face or other contact;

(A) Monitoring and follow-up activities include activities and contacts:

(i) To ensure the care plan is effectively implemented;

(ii) To help determine whether the services are being furnished in accordance with the eligible client's care plan;

(iii) To determine whether the care plan adequately addresses the needs of the eligible client in the target group;

(iv) To adjust the care plan to meet changes in the needs or status of the eligible client;

(B) Monitoring activities may include contacts with:

(i) The participating eligible client in the target group;

(ii) The eligible client's healthcare decision maker(s), family members, providers, or other entities or individuals when the purpose of the contact is directly related to the management of the eligible client's care.

(5) Targeted case management services billed to Medicaid must be documented in individual case records for all individuals receiving case management. The documentation must include:

(a) The name of the individual;

(b) The dates of the case management services;

(c) The name of the provider agency (if relevant) and the person providing the case management service;

(d) The nature, content, units of the case management services received and whether goals specified in the care plan have been achieved;

(e) Whether the individual has declined services in the care plan;

ADMINISTRATIVE RULES

(f) The need for, and occurrences of, coordination with other case managers;

(g) A timeline for obtaining needed services;

(h) A timeline for reevaluation of the plan.

410-138-0009

Targeted Case Management — Services Not Covered

(1) This rule is to be used in conjunction with Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0007 and the Division General Rules (chapter 410, division 120).

(2) TCM services not covered include:

(a) Direct delivery of an underlying medical, educational, social or other service, to which the eligible client has been referred;

(b) Providing transportation to a service to which an eligible client is referred;

(c) Escorting an eligible client to a service;

(d) Providing child care so that an eligible client may access a service;

(e) Contacts with individuals who are not categorically eligible for Medicaid, or who are categorically eligible for Medicaid but not included in the eligible target population when those contacts relate directly to the identification and management of the non-eligible or non-targeted individual's needs and care. Individuals receiving the Standard benefit package are not categorically eligible for Medicaid and therefore are not eligible for targeted case management;

(f) Assisting an individual, who has not yet been determined eligible for Medicaid, to apply for or obtain this eligibility;

(g) TCM services provided to an individual if the services are case management services funded by Title IV-E or Title XX of the Social Security Act, or federal or state funded parole and probation, or juvenile justice programs;

(h) Activities for which third parties are liable to pay.

410-138-0020

Targeted Case Management Babies First/CaCoon Programs

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and the Division General Rules (OAR 410-120).

(3) The TCM Babies First/CaCoon Programs are medical assistance programs operated by public health authorities enrolled as TCM providers with the Department. Participation by providers is voluntary and subject to approval by the Department and the Centers for Medicare and Medicaid Services. The TCM Babies First/CaCoon program authorized under these rules is a cost-sharing (Federal Financial Participation (FFP) matching) program in which the TCM provider as a public entity, unit of government, is responsible for paying the non-federal matching share of the amount of the TCM claims. (See 410-138-0005 Payment for TCM Services Eligible for Federal Financial Participation.) The TCM Program rules are designed to assist the TCM provider organization in matching state and federal funds for TCM services defined by section 1915(g) of the Social Security Act, 42 USC (1396n)(g).

(4) The TCM Babies First/CaCoon Program rules explain the Oregon Medicaid program's policies and procedures for reimbursing services provided under Babies First/CaCoon. The Babies First program improves access to needed medical, psychosocial, educational, and other services for at risk infants and children through four years of age. Likewise, the CaCoon program improves access to needed medical, psychosocial, educational, and other services for infants, children and youth through age twenty with specific diagnoses or very high risk factors. These clients are categorical eligibles covered by Medicaid and are at risk of poor health outcomes as outlined in OAR 410-138-0040, Risk Factors. Please refer to the State Plan Amendment for participating counties.

(5) TCM Babies First/CaCoon services include management of medical and non-medical services, which address health, psychosocial, economic, nutritional, and other needs. Home visits constitute a significant part of the delivery of targeted case management services, provided by a Babies

First/CaCoon case manager consistent with these rules. No direct care services are authorized as part of case management activities.

(6) Provision of TCM Babies First/CaCoon services may not restrict an eligible client's choice of providers:

(a) Eligible clients must have free choice of available TCM Babies First/CaCoon Program service providers or other TCM service providers available to the eligible client, subject to the Social Security Act, 42 USC 1396n;

(b) Eligible clients must have free choice of the providers of other medical care within their benefit package of covered services.

Targeted Case Management Babies First/CaCoon Program Risk Criteria

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and the Division General Rules (chapter 410, division 120).

(3) Medical risk factors for infants and preschool children (birth through age four):

(a) Drug exposed infant;

(b) Alcohol exposed infant;

(c) Infant Human Immunodeficiency Virus (HIV) Positive;

(d) Maternal Phenylketonuria (PKU) or HIV Positive;

(e) Intracranial hemorrhage grade I or II;

(f) Seizures or maternal history of seizures;

(g) Perinatal asphyxia;

(h) Small for gestational age;

(i) Very low birth weight (1500 grams or less);

(j) Mechanical ventilation for 72 hours or more prior to discharge;

(k) Neonatal hyperbilirubinemia;

(l) Congenital infection (e.g., Toxoplasmosis, Rubella, Cytomegalovirus, Herpes Simplex Virus, Other Infections);

(m) Central Nervous System (CNS) infection;

(n) Head trauma or near drowning;

(o) Failure to grow;

(p) Suspect vision impairment;

(q) Family history of childhood onset hearing loss;

(r) Prematurity;

(s) Lead exposure;

(t) Suspect hearing loss;

(4) Social risk factors:

(a) Maternal age 16 years or less;

(b) Parents with developmental disabilities or intellectual impairment;

(c) Parental alcohol or substance abuse;

(d) At-risk caregiver;

(e) Concern of parent/provider;

(f) Parent with limited financial resources;

(g) Parent with history of mental illness;

(h) Parent with child welfare history;

(i) Parent with domestic violence history;

(j) Parent with sensory impairment or physical disability;

(k) Other evidence-based social risk factors.

(5) Very high risk medical factors (birth through age 20):

(a) Intraventricular hemorrhage (grade III, IV);

(b) Periventricular leukomalacia (PVL) or chronic subdurals;

(c) Perinatal asphyxia and seizures;

(d) Seizure disorder;

(e) Oral-motor dysfunction requiring specialized feeding program (including gastrostomy);

(f) Chronic lung disorder;

(g) Suspect neuromuscular disorder.

(6) Risk categories (birth through 20 years):

(a) Heart disease;

(b) Chronic orthopedic disorders;

(c) Neuromotor disorders including cerebral palsy and brachial nerve palsy;

(d) Cleft lip and palate and other congenital defects of the head and face;

(e) Genetic disorders, e.g., cystic fibrosis, neurofibromatosis;

ADMINISTRATIVE RULES

- (f) Multiple minor physical anomalies;
- (g) Metabolic disorders, e.g., PKU;
- (h) Spina bifida;
- (i) Hydrocephalus or persistent ventriculomegaly;
- (j) Microcephaly and other congenital or acquired defects of the CNS;
- (k) Hemophilia;
- (l) Organic speech disorders;
- (m) Hearing loss;
- (n) Traumatic brain injury;
- (o) Fetal alcohol spectrum disorder;
- (p) Autism, autism spectrum disorder;
- (q) Behavioral or mental health disorder with developmental delay;
- (r) Chromosome disorders;
- (s) Positive newborn blood screen;
- (t) HIV, seroconversion;
- (u) Visual Impairment;
- (v) Developmental delay;
- (w) Other chronic conditions not listed.

410-138-0060

Provider Requirements — Babies First/Cocoon Program

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and the Division General Rules (chapter 410, division 120).

(3) TCM Babies First/CaCocoon organizations must be public health authorities. The providers must demonstrate the ability to provide all core elements of case management services including:

- (a) Comprehensive nursing assessment of client needs;
- (b) Reassessment of the client's status and needs annually or more frequently with a significant change in client's condition;
- (c) Comprehensive care/service plan development;
- (d) Linking and coordination of services;
- (e) Ongoing monitoring and follow-up of services.

(4) Program providers must demonstrate the following TCM experience and capacity:

- (a) Demonstrated case management experience in coordinating and linking such community resources as required by the target population;
- (b) Demonstrated experience with the target population;
- (c) An administrative capacity to ensure quality of services in accordance with state and federal requirements;
- (d) A financial management capacity and system that provides documentation of services and costs;
- (e) Ability to link with the Title V Statewide Maternal and Child Health Data System or provide another statewide computerized tracking and monitoring system;
- (f) Capacity to document and maintain individual case records in accordance with state and federal requirements, including HIPAA Privacy requirements applicable to case management services, ORS 192.518–192.524, 179.505 and 411.320;

(g) A sufficient number of staff to meet the case management service needs of the target population;

(h) Demonstrated ability to meet all state and federal laws governing the participation of providers in the state Medicaid program;

(i) Enrolled as a TCM provider with the Division.

(5) The targeted case manager must be:

(a) An employee of a local county health department, or other public or private agency contracted by a local county health department; and

(b) A licensed registered nurse with one year of experience in community health, public health, or child health nursing, or be a community health worker, family advocate, or promotora working under the direction of the above; and

(c) Working under the policies, procedures, and protocols of the State Title V Maternal and Child Health Program and Medicaid.

410-138-0080

Babies First/CaCocoon Program Billing Policy and Codes

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and with the Division General Rules (OAR 410-120).

(3) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

(4) Billing criteria for the Babies First/CaCocoon program are as follows:

(a) Use procedure code "T1016" for Babies First/CaCocoon — Targeted Case Management. Maximum billing for the T1016 procedure code is one time per day per client. One of the four allowable activities listed below must occur in order to bill:

- (A) Assessment;
- (B) Development of Care Plan;
- (C) Referral;
- (D) Monitoring;

(b) Any place of service (POS) is valid;

(c) Prior authorization is not required;

(d) The provider must use Diagnosis Code "V201"

(5) The Division will not allow duplicate payments to other public agencies or private entities under other program authorities for TCM services under the eligible client's care plan. ("Duplicate payment" is defined in 410-138-0000). Medical services must be provided and billed separately from case management services. The Department will recover duplicate payments.

(6) A unit of service can only be billed once per day under one procedure code, under one provider number and for only one TCM encounter.

(7) The Division may not reimburse for TCM services if the services are case management services funded by Title IV-E or Title XX of the Social Security Act, federal or state funded parole and probation, or juvenile justice programs. These services must be billed separately.

Stat. Auth.: ORS 409.050 & 414.065

410-138-0300

Targeted Case Management Human Immunodeficiency Virus Program

(1) Contingent on CMS approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) The Targeted Case Management (TCM) Program's Human Immunodeficiency Virus (HIV) administrative rules are to be used in conjunction with the Division General Rules (OAR 410-120) and other Targeted Case Management Rules 410-138-0000 through 410-138-0009.

(3) The TCM HIV program is a medical assistance program operated by unit of government providers. Participation by providers is voluntary and subject to approval by the Department of Human Services (Department) and the Centers for Medicare and Medicaid Services (CMS). The TCM HIV program authorized under these rules is a cost-sharing (Federal Financial Participation (FFP) matching) program in which the TCM provider as a public entity, unit of government, is responsible for paying the non-federal matching share of the amount of the TCM claims. (See 410-138-0005 Payment for Targeted Case Management Services Eligible for Federal Financial Participation.) The TCM program rules are designed to assist the TCM provider organization in matching state and federal funds for TCM services defined by section 1915(g) of the Social Security Act, 42 USC (1396n)(g).

(4) The TCM HIV rules explain the Oregon Medicaid Program's policies and procedures for reimbursing HIV TCM services. This program improves access to needed medical, psychosocial, educational, and other services for Medicaid eligible clients with symptomatic or asymptomatic HIV disease. Contingent upon and immediately upon receipt of CMS approval, the Division will begin implementation to extend the TCM HIV program to other counties. Without targeted case management services an eligible client's ability to remain safely in their home may be at risk.

(5) TCM HIV program services include management of medical and non-medical services, which address physical, psychosocial, nutritional, educational, and other needs. Home visits constitute an integral part of the delivery of TCM services, provided by a TCM HIV case manager consistent with these rules. No direct care services are authorized as part of case management activities.

ADMINISTRATIVE RULES

(6) Provision of TCM HIV services may not restrict an eligible client's choice of providers:

(a) Eligible clients must have free choice of available TCM HIV service providers or other TCM service providers available to the eligible client, subject to the Social Security Act, 42 USC 1396n;

(b) Eligible clients must have free choice of the providers of other medical care within their benefit package of covered services.

Targeted Case Management Human Immunodeficiency Virus (HIV) Program — Provider Requirements

(1) Contingent on Centers for Medicare and Medicaid Services (CMS) approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) Targeted Case Management (TCM) Human Immunodeficiency Virus (HIV) provider organizations must be unit of government providers. The providers must demonstrate the ability to provide all core elements of case management services including:

- (a) Triage assessment and comprehensive assessment;
- (b) Reassessment of the client's status and needs;
- (c) Comprehensive care and service plan development;
- (d) Referral and linking/coordination of services;
- (e) Monitoring and follow-up of referral and related services.

(3) Program providers must demonstrate the following targeted case management experience and capacity:

(a) Coordination and linking of community resources as required by the target population;

(b) Demonstrated and documented experience providing services for the target population;

(c) Staffing levels sufficient to meet the case management service needs of the target population;

(d) An administrative capacity to ensure quality of services in accordance with state and federal requirements;

(e) A financial management capacity and system that provides documentation of services and costs and is able to generate quarterly service utilization reports that can be used to monitor services rendered against claims submitted and paid. The service utilization reporting requirements are as follows:

(A) Report on the number of unduplicated clients receiving services during the reporting period;

(B) Report on the number of FTE case managers providing services during the reporting period;

(C) Report on the number of distinct case management activities performed during the reporting period (triage assessments, comprehensive assessments, re-assessments, care plan development, referral and related services, and monitoring and follow-up) along with the total number of 15-minute increments associated with each activity category;

(f) The capacity to document and maintain individual case records in accordance with state and federal requirements, including HIPAA Privacy requirements applicable to Case Management Services, ORS 192.51-192.524, 179.505 and 411.320;

(g) A demonstrated ability to meet all state and federal laws governing the participation of providers in the state Medicaid program; and

(h) Are enrolled as a unit of government TCM provider with the Department of Human Services (Department) and meeting the requirements set forth in the provider enrollment agreement.

(4) Case managers must possess the following education and qualifications:

(a) A current active Oregon registered nurse (RN) license or Bachelor of Social Work, or other related health or human services degree from an accredited college or university; and

(b) Documented evidence of completing the Department's HIV Care and Treatment designated HIV Case Manager training, and must participate in Department's on-going training for HIV case managers. The training must either be provided by the Department, or be approved by the Department and provided by the TCM provider organization.

410-138-0380

Targeted Case Management Rate Methodology, Billing Criteria and Codes — Human Immunodeficiency Virus (HIV) Program

(1) Contingent on CMS approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and 410-138-0390 and with General Rules (chapter 410, division 120).

(3) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

(4) Providers shall only bill for allowable activities in the TCM Human Immunodeficiency Virus (HIV) program that assist individuals eligible under the Medicaid State plan to gain access to needed medical, social, educational, and other services. One or more of the activities listed below must occur in order to bill. The maximum number of 15-minute increments allowable per day is shown in parentheses:

(a) Assessment – Initial triage (maximum four 15-minute increments);

(b) Assessment – Comprehensive (maximum six 15-minute increments);

(c) Assessment – Reassessment (maximum four 15-minute increments);

(d) Development of a care plan (maximum nine 15-minute increments);

(e) Referral and related services (including follow up) (maximum six 15-minute increments);

(f) Monitoring (including follow up) (maximum three 15-minute increments).

(5) The maximum number of 15-minute units of service that can be performed and billed in any given calendar day (midnight to midnight) will be twenty four units (24 15-minute increments). The assumption is that no more than six hours would ever be provided to the same client, by the same case manager in any twenty-four-hour calendar day. Documentation must be maintained of the number of 15-minute units of service provided for each activity shown in (4) above.

(6) A unit of service can only be billed under one procedure code and one provider number:

(a) The procedure code to be used is "T1017";

(b) The provider must use diagnosis code "V08" or "042" for TCM HIV program services.

(7) Any place of service (POS) is valid.

(8) Prior authorization is not required.

(9) The Division of Medical Assistance Programs (Division) will not allow duplicate payments to other public agencies or private entities under other program authorities for TCM HIV services under the eligible client's care plan. ("Duplicate payment" is defined in 410-138-0000). The Division will recover duplicate payments.

(10) The Division may not reimburse for TCM services if the services are case management services funded by Title IV-E or Title XX of the Social Security Act, federal or state funded parole and probation, or juvenile justice programs. These services must be billed separately.

410-138-0390

Targeted Case Management Retroactive Payments

(1) Providers may submit claims retroactively for services provided to the targeted populations described in 410-130-0020 (Babies First/Cacoon), 410-138-0300 (Human Immunodeficiency Virus, or HIV), 410-138-0500 (Substance Abusing Pregnant Women and Substance Abusing Parents With Children Under Age 18), or 410-138-0700 (Early Intervention/Early Childhood Special Education) if the claims meet the following criteria:

(a) Services were provided less than 12 months prior to the date of first claim submission, and were provided on or after the date indicated in the rules listed above, and were allowable services in accordance with 410-138-0007;

(b) The maximum number of units billed does not exceed the maximum described in the billing criteria rule appropriate for the Targeted Case Management (TCM) Program: 410-138-0080 (Babies First/CaCoon), 410-138-0380 (HIV), 410-138-0560 (Substance Abusing Pregnant Women and

ADMINISTRATIVE RULES

Substance Abusing Parents With Children Under Age 18), 410-138-0780 (Early Intervention/Early Childhood Special Education), or 410-138-0680 (Tribal);

(c) The case manager was appropriately licensed or certified, and met all current requirements for case managers at the time the service was provided, as described in the provider requirements rule appropriate for the TCM program: 410-138-0060 (Babies First/CaCoon), 410-138-0360 (HIV), 410-138-0540 (Substance Abusing Pregnant Women and Substance Abusing Parents With Children Under Age 18), 410-138-0760 (Early Intervention/Early Childhood Special Education), or 410-138-0660 (Tribal);

(d) Documentation regarding provider qualifications and the services that the provider retroactively claims must have been available at the time the services were performed;

(e) Providers for the HIV TCM program must be able to meet the quarterly reporting requirements described in 410-138-0360 for all quarters in which billed services were provided.

(2) For all programs listed above except the Substance Abusing Pregnant Women and Substance Abusing Parents With Children Under Age 18 program, TCM claims already paid by the Division of Medical Assistance Programs (Division) with a prior rate may not be adjusted or resubmitted for the sole purpose of receiving a different rate.

(3) Prior payment of a monthly rate for a TCM HIV program client will be considered payment in full for any case management services received by that client from any TCM HIV case manager during that month.

(4) The Division will not allow duplicate payments to be made to the same or different providers for the same service for the same client, nor will payment be allowed for services for which third parties are liable to pay (see also 410-138-0005).

(5) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

410-138-0400

Targeted Case Management Asthma/Healthy Home Program

(1) This administrative rule will be implemented contingent on Centers for Medicare and Medicaid (CMS) approval for the Targeted Case Management (TCM) Asthma/Healthy Home Program. This rule is to be used in conjunction with the Division General Rules (chapter 410, division 120) and other Targeted Case Management Program rules 410-138-0000 through 410-138-0009.

(2) The TCM Asthma/Healthy Home program is a medical assistance program operated by unit of government providers. Participation by providers is voluntary and subject to approval by the Department and the Centers for Medicare and Medicaid Services. The TCM program authorized under these rules is a cost-sharing (Federal Financial Participation matching) program in which the TCM provider as a public entity, unit of government, is responsible for paying the non-federal matching share of the amount of the TCM claims. (See 410-138-0005 Payment for Targeted Case Management Services Eligible for Federal Financial Participation.) The TCM program rules are designed to assist the TCM provider organization in matching state and federal funds for TCM services defined by section 1915(g) of the Social Security Act, 42 USC (1396n)(g).

(3) The TCM Asthma/Healthy Home rules explain the Oregon Medicaid Program's policies and procedures for reimbursing TCM services. This program improves access to needed services for eligible clients with poorly controlled asthma or a history of environmentally induced respiratory distress. (See 410-138-0000 for definition of "eligible client.")

(4) TCM Asthma/Healthy Home program services include management of medical and non-medical services, which address medical, social, nutritional, educational, housing, environmental, and other needs. Home visits constitute an integral part of the delivery of TCM services, provided by a TCM Asthma/Healthy Home case manager consistent with these rules. No direct care services are authorized as part of case management activities.

(5) Provision of TCM Asthma/Healthy Home services may not restrict an eligible client's choice of providers, in accordance with 42 CFR 441.18 (a):

(a) Eligible clients must have free choice of available TCM Asthma/Healthy Home service providers or other TCM service providers

available to the eligible client, subject to the Social Security Act, 42 USC 1396n and 42CFR 441.18 (b);

(b) Eligible clients must have free choice of the providers of other medical care within their benefit package of covered services.

Targeted Case Management Asthma/Healthy Home — Risk Criteria

(1) This administrative rule will be implemented contingent on Centers for Medicare and Medicaid (CMS) approval for the Targeted Case Management (TCM) Asthma/Healthy Home Program. This rule is to be used in conjunction with the Division General Rules (chapter 410, division 120) and other Targeted Case Management Program rules 410-138-0000 through 410-138-0009.

(2) The target group is Medicaid eligible children with poorly controlled asthma or a history of environmentally induced respiratory distress, which can result in a life threatening asthma exacerbation or exacerbation of respiratory distress.

(3) Risk factors for the target group could include, but are not limited to:

(a) Unscheduled visits for emergency or urgent care;

(b) One or more in-patient stays;

(c) History of intubation or Intensive Care Unit care;

(d) A medication ratio of control medications to rescue medications of less than or equal to .33 indicating less than desirable control of asthma;

(e) Environmental or psychosocial concerns raised by medical home;

(f) School day loss greater than two school days per year;

(g) Inability to participate in sports or other activities due to asthma;

(h) Homelessness;

(i) Inadequate housing, heating or sanitation.

Targeted Case Management Asthma/Healthy Home Program — Provider Requirements

(1) This administrative rule will be implemented contingent on Centers for Medicare and Medicaid (CMS) approval for the Targeted Case Management (TCM) Asthma/Healthy Home Program. This rule is to be used in conjunction with the Division General rules (chapter 410, division 120) and other Targeted Case Management Program rules 410-138-0000 through 410-138-0009.

(2) Targeted Case Management (TCM) Asthma/Healthy Home provider organizations must be unit of government providers. The providers must demonstrate the ability to provide all core elements of case management services including:

(a) Comprehensive nursing assessment or environmental assessment;

(b) Reassessment of the client's status and needs;

(c) Comprehensive care and service plan development;

(d) Referral and linking/coordination of services;

(e) Monitoring and follow-up of services.

(3) Program providers must demonstrate the following TCM experience and capacity:

(a) Coordination and linking of community resources as required by the target population;

(b) Demonstrated and documented experience providing services for the target population;

(c) Staffing levels sufficient to meet the case management service needs of the target population;

(d) An administrative capacity to ensure quality of services in accordance with state and federal requirements;

(e) A financial management capacity and system that provides documentation of services and costs;

(f) The capacity to document and maintain individual case records in accordance with state and federal requirements, including HIPAA Privacy requirements applicable to Case Management Services, ORS 192.518–192.524, 179.505, and 411.320;

(g) A demonstrated ability to meet all state and federal laws governing the participation of providers in the state Medicaid program; and

(h) Are enrolled as a unit of government TCM provider with the Department and meet the requirements set forth in the provider enrollment agreement.

(3) Case managers must possess the following education and qualifications:

ADMINISTRATIVE RULES

- (a) A current active Oregon registered nurse (RN) license; or
- (b) A registered environmental health specialist; or
- (c) An asthma educator certified by the National Asthma Education and Prevention Program; or
- (d) A community health worker certified by the Stanford Chronic Disease Self-Management Program; or
- (e) A case manager working under the supervision of a licensed registered nurse or a registered environmental specialist.

Targeted Case Management Asthma/Healthy Home Program - Rate Methodology, Billing Criteria and Codes

(1) This administrative rule will be implemented contingent on Centers for Medicare and Medicaid (CMS) approval for the Targeted Case Management (TCM) Asthma/ Healthy Home Program. This rule is to be used in conjunction with the Division General Rules (chapter 410, division 120) and other Targeted Case Management Program rules 410-138-0000 through 410-138-0009.

(2) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

(3) Providers shall only bill for allowable activities in the Targeted Case Management (TCM) Asthma/Healthy Home program that assist individuals eligible under the Medicaid State plan to gain access to needed medical, social, educational, housing, environmental, and other services. One or more of the activities listed below must occur in order to bill:

- (a) Assessment – comprehensive;
- (b) Reassessment;
- (c) Development of a care plan;
- (d) Referral and related activities;
- (e) Monitoring and follow-up activities.

(4) Unit is defined as one encounter per visit. A unit consists of at least one documented contact (face to face or by telephone) with the individual (or other person acting on behalf of the individual) and any number of documented contacts with other individuals or agencies identified through the case planning process. Case management providers are paid on a unit-of-service basis that does not exceed one unit (encounter) per day per client. Documentation must be maintained for each encounter provided on each day.

(5) A unit of service can only be billed under one procedure code and one provider number:

- (a) The procedure code to be used is “T1017”;
- (b) The provider must bill using diagnosis codes 493XX or 786.2 for TCM Asthma/Healthy Home program services.
- (6) Any place of service (POS) is valid.
- (7) Prior authorization is not required.
- (8) The Division will not allow duplicate payments to other public agencies or private entities under other program authorities for TCM services under the eligible client’s care plan. (“Duplicate payment” is defined in 410-138-0000). The Division will recover duplicate payments.

(9) The Division may not reimburse for TCM services if the services are case management services funded by Title IV-E or Title XX of the Social Security Act, federal or state funded parole and probation, or juvenile justice programs. These services must be billed separately.

Pregnant Substance Abusing Women and Women with Young Children Targeted Case Management Program

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and 410-138-0390 and with the Division General Rules (chapter 410, division 120).

(3) The TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 Program is a medical assistance program operated by public health authorities enrolled as TCM providers with the Department of Human Services (Department). Participation by providers is voluntary and subject to approval by the Department and the Centers for Medicare and Medicaid Services. The TCM program authorized under these rules is a cost-sharing (Federal Financial Participation (FFP) matching) program in which the TCM

provider as a public entity unit of government is responsible for paying the non-federal matching share of the amount of the TCM claims. (See 410-138-0005 Payment for TCM Services Eligible for Federal Financial Participation.) The TCM program rules are designed to assist the TCM provider organization in matching state and federal funds for TCM services defined by Section 1915(g) of the Social Security Act, 42 USC (1396n)(g).

(4) The TCM rules for the Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 Program explain the Oregon Medicaid Program’s policies and procedures for reimbursing Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 services. This program improves access to needed medical, psychosocial, educational, and other services to Medicaid categorically eligible pregnant women or custodial parents with children under the age of eighteen who have alcohol and/or drug addiction issues. Targeted clients are those who are not yet ready to actively engage in addiction treatment services. TCM services are provided by an enrolled TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 provider consistent with these rules.

(5) TCM services include management of medical and non-medical services, which address physical, psychosocial, nutritional and other needs of this target group. The provision of TCM services by an enrolled Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 provider must be consistent with these rules. No direct care services are authorized as part of case management activities.

(6) Provision of Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 services may not restrict an eligible client’s choice of providers:

(a) Eligible clients must have free choice of available TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 service providers or other TCM service providers available to the eligible client, subject to the Social Security Act, 42 USC 1396n;

(b) Eligible clients must have free choice of the providers of other medical care within their benefit package of covered services.

410-138-0540

Provider Requirements – Pregnant Substance Abusing Women and Women with Young Children Program

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and with the Division General Rules (OAR 410-120).

(3) TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 Program organizations must be public health authorities. The providers must demonstrate the ability to provide all core elements of case management services including:

- (a) Comprehensive assessment of client needs;
- (b) Reassessment of the client’s status and needs annually or more frequently with a significant change in client’s condition;
- (c) Development and periodic revision of a specific care plan;
- (d) Linking and coordination of services;
- (e) Ongoing monitoring and follow up of services.

(4) Program providers must demonstrate the following TCM experience and capacity:

- (a) Understanding and knowledge of local and state resources/services available to the target population;
- (b) Demonstrated case management experience in coordinating and linking such community resources as required by the target population;
- (c) Demonstrated experience in working with the target population;
- (d) A sufficient level of staffing to meet the case management service needs of the target population;
- (e) An administrative capacity sufficient to monitor and ensure quality of services in accordance with state and federal requirements;
- (f) The capacity to document and maintain individual case records in accordance with state and federal requirements, including HIPAA Privacy requirements applicable to case management services, ORS 192.518–192.524, 179.505, and 411.320;

(g) Enrolled as a TCM provider with the Division;

(h) Demonstrated ability to meet all state and federal laws governing the participation of providers in the state Medicaid Program;

ADMINISTRATIVE RULES

(i) A financial management capacity and system that provides documentation of services and costs, and provides computerized tracking and monitoring to assure adequate follow-up and avoid duplication.

(5) The targeted case manager (CM) must:

(a) Possess a combination of education and experience necessary to support case planning and monitoring. The CM will be able to demonstrate an understanding of issues relating to substance abuse and community supports;

(b) Demonstrate continuous sobriety under a nonresidential or independent living condition for the immediate past two years;

(c) Meet at least one of the following qualifications:

(A) Be a licensed Medical Provider, Qualified Mental Health Professional, or Qualified Mental Health Associate; or

(B) Possess certification as an Alcohol and Drug Counselor (CADC) level I, II, or III; or

(C) Complete a Peer Services Training Program following a curriculum approved by the Department's Addictions and Mental Health Division and be:

(i) A self-identified person currently or formerly receiving mental health services; or

(ii) A self-identified person in recovery from a substance use disorder, who meets the abstinence requirements for recovering staff in alcohol and other drug treatment programs; or

(iii) A family member of an individual who is a current or former recipient of addictions or mental health services;

(d) Work under the supervision of a Clinical Supervisor. The Clinical Supervisor must:

(A) Meet the requirements in Oregon administrative rule for alcohol and other drug treatment programs;

(B) Be certified or licensed by a health or allied provider agency to provide addiction treatment; and

(C) Possess one of the following qualifications:

(i) Five years of paid full-time experience in the field of alcohol and other drug counseling; or

(ii) A Bachelor's degree and four years of paid full-time experience in the social services field with a minimum of two years of direct alcohol and other drug counseling experience; or

(iii) A Master's degree and three years of paid full-time experience in the social services field with a minimum of two years of direct alcohol and other drug counseling experience;

(e) Satisfy continuing education requirements as specified by the agency providing clinical supervision specific to alcohol and other drug treatment;

(f) Work in compliance with Medicaid policies, procedures, and protocols.

410-138-0560

Rate Methodology, Billing Criteria and Codes — Pregnant Substance Abusing Women and Women with Young Children

(1) This rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and 410-138-0390, and with the Division General Rules (OAR 410-120).

(3) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

(4) Providers shall only bill for allowable activities in the TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 Program that assist individuals eligible under the Medicaid State Plan to gain access to needed medical, social, educational, and other services. Providers must demonstrate the ability to provide all core elements of case management services. One or more of the activities listed below must occur in order to bill:

(a) Comprehensive assessment of client needs;

(b) Reassessment of the client's status and needs annually or more frequently with a significant change in client's condition;

(c) Development and periodic revision of a specific care plan;

(d) Linking and coordination of services;

(e) Ongoing monitoring and follow up services.

(5) Payments will be based on 15-minute units of service with a maximum of 16 units per calendar month per eligible client. A unit of service can only be billed under one procedure code and one provider number:

(a) Providers must use procedure code "T1017" for TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 services;

(b) Providers must use diagnosis code "V6141" For TCM Substance Abusing Pregnant Women and Substance Abusing Parents with Children under age 18 services.

(6) Any place of service (POS) is valid.

(7) Prior authorization is not required.

(8) The Division will not allow duplicate payments to other public agencies or private entities under other program authorities for TCM services under the eligible client's care plan. ("Duplicate payment" is defined in 410-138-0000). Medical services must be provided and billed separately from Case Management services. The Department of Human Services will recover duplicate payments.

(9) The Division may not reimburse for TCM services if the services are case management services funded by Title IV-E or Title XX of the Social Security Act, or federal or state funded parole and probation, or juvenile justice programs. These services must be billed separately.

Targeted Case Management Federally Recognized Tribal Governments in Oregon

(1) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and Division General Rules (chapter 410, division 120).

(2) The TCM Federally Recognized Tribal Government (Tribal) program is a medical assistance program operated by federally recognized tribal governments in Oregon. Participation by providers is voluntary and subject to approval by the Department of Human Services (Department) and the Centers for Medicare and Medicaid Services. The tribes wishing to participate are enrolled as TCM providers with the Department. Tribal TCM services authorized under these rules provided to Tribal members at an Indian Health Service facility operated by the Indian Health Service, by an Indian tribe or tribal organization are reimbursed at 100 percent by Title XIX (Medicaid) and Title XXI Children's Health Insurance Program (CHIP). The TCM services program rules are designed to assist the case management provider organization in providing TCM services defined by Section 1915(g) of the Social Security Act, 42 USC § 1396n(g).

(3) The Tribal TCM rules explain the Oregon Medicaid program's policies and procedures for reimbursement for the TCM services provided by a federally recognized tribal government located in the State of Oregon. This program improves access to needed medical, psychosocial, educational, and other services for Medicaid categorically eligible tribal members served by tribal programs, provided by an enrolled tribal TCM provider consistent with these rules. The target group includes those members receiving elder care; individuals with diabetes; children and adults with health and social service care needs; and pregnant women. No direct care services are authorized as part of case management activities.

(4) Tribal TCM services include case management of medical and non-medical services, which address health, psychosocial, economic, nutritional, and other needs.

(5) Provision of Tribal TCM services may not restrict an eligible client's choice of providers:

(a) Eligible clients must have free choice of available Tribal TCM service providers or other TCM service providers available to the eligible client, subject to Social Security Act, 42 USC 1396n;

(b) Eligible clients must have free choice of the providers of other medical care within their benefit package of covered services.

Federally Recognized Tribal Governments in Oregon Provider Organizations

(1) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and Division General Rules (chapter 410, division 120).

(2) A Tribal TCM provider must be an organization certified as meeting the following criteria:

ADMINISTRATIVE RULES

(a) A minimum of three years experience of successful work with Native American children, families, and elders involving a demonstrated capacity to provide all core elements of tribal case management, including: assessment, case planning, case plan implementation, case plan coordination, and case plan reassessment;

(b) A minimum of three years case management experience in coordinating and linking community medical, social, educational or other resources as required by the target population;

(c) Administrative capacity to ensure quality of services in accordance with tribal, state, and federal requirements;

(d) Maintenance of a sufficient number of case managers to ensure access to targeted case management services;

(e) A financial management capacity and system that provides documentation of services and costs;

(f) Capacity to document and maintain client case records in accordance with state and federal requirements, including requirements for recordkeeping in OAR 410-138-0007 and 410-120-1360; confidentiality requirements in ORS 192.519–192.524, 179.505, and 411.320; and HIPAA privacy requirements in 45 CFR 160 and 164, if applicable;

(g) Demonstrated ability to meet all state and federal laws governing the participation of providers in the state Medicaid program;

(h) Evidence that the TCM organization is a federally recognized tribe located in the State of Oregon;

(i) Enrollment as a TCM provider with the Division.

Targeted Case Management Federally Recognized Tribal Governments — Qualifications of Case Managers within Provider Organizations

(1) This rule is to be used in conjunction with other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and the Division General Rule (chapter 410, division 120).

(2) The following are qualifications of Case Managers within provider organizations:

(a) Completion of training in a case management curriculum;

(b) Basic knowledge of behavior management techniques, family dynamics, child development, family counseling techniques, emotional and behavioral disorders, and issues around aging;

(c) Skill in interviewing to gather data and complete needs assessment, in preparation of narratives/reports, in development of service plans, and in individual and group communication;

(d) Ability to learn and work with state, federal and tribal rules, laws and guidelines relating to Native American child, adult and elder welfare and to gain knowledge about community resources and link tribal members with those resources;

(e) Knowledge and understanding of these rules and the applicable State Medicaid Plan Amendment.

410-138-0700

Targeted Case Management Early Intervention/Early Childhood Special Education Program

(1) Contingent on CMS approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) This rule is to be used in conjunction with the Division General Rules Program (chapter 410, division 120) and the Targeted Case Management (TCM) rules 410-138-0000 through 410-138-0009.

(3) The TCM services rules are designed to assist the TCM Early Intervention/Early Childhood Special Education (EI/ECSE) provider organization in matching state and federal funds for TCM services defined by section 1915(g) of the Social Security Act, 42 USC § 1396n(g).

(4) The TCM EI/ECSE program is a medical assistance program provided by enrolled TCM EI/ECSE providers that meet the criteria approved by the State Superintendent of Public Instruction to administer the provision of EI and ECSE. This qualifies such programs for state reimbursement under EI/ECSE programs (OAR 581-015-2700 through OAR 581-015-2910).

(5) An enrolled TCM EI/ECSE provider must be a contractor/agency designated by the Oregon Department of Education to administer the provision of EI and ECSE within selected service areas or be a sub-contractor

with such a contractor. (6) Participation by providers is voluntary and subject to approval by the Division and the Centers for Medicare and Medicaid Services.

(7) TCM EI/ECSE services authorized under these rules is a cost-sharing (Federal Financial Participation (FFP) matching) program in which the enrolled TCM EI/ECSE provider as a public entity, unit of government, is responsible for paying the non-Federal matching share of the amount of the TCM claims. (See 410-138-0005).

(8) The rules of the TCM EI/ECSE program explain the Oregon Medicaid Program for reimbursing case management services available to Medicaid-eligible preschool children with disabilities, receiving EI/ECSE services from birth until they are eligible for public school. These services are available on a fee-for-service basis, within the limitations established by the Medical Assistance Program and the chapter 410, division 138 rules, consistent with the requirements of the Individuals with Disabilities Education Act (IDEA).

(9) TCM EI/ECSE program services include management of medical and non-medical services, to address an eligible child's medical, social, educational, and other service needs (such as housing or transportation) in coordination with a child's Individualized Family Service Plan (IFSP), based on information collected through the TCM assessment or periodic reassessment process. No direct services are authorized as part of case management activities.

(10) Provision of TCM EI/ECSE services may not restrict an eligible client's choice of providers.

(a) Eligible clients must have free choice of available TCM EI/ECSE service providers or other TCM service providers available to the eligible client, subject to the Social Security Act, 42 USC 1396n(g).

(b) Eligible clients must have free choice of the providers of other medical care within their benefit package of covered services.

Targeted Case Management Group — Early Intervention/Early Childhood Special Education

(1) Contingent on CMS approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) The Targeted Case Management (TCM) Program Early Intervention/Early Childhood Special Education (EI/ECSE) rules described in 410-138-0700 through 410-138-0780 in conjunction with TCM rules 410-138-0000 through 410-138-0009 apply to services provided to the population of Medicaid eligible children who are preschool children with disabilities, birth until three years of age who are eligible for EI services under OAR 581-015-2780(3) or three years of age to eligibility for public school who are eligible for ECSE services under OAR 581-015-2795. For the purpose of these rules, children in this target group shall be referred to as "eligible children."

(3) An Oregon Health Plan (OHP) Medicaid-eligible child means a child who has been determined to be eligible for Medicaid or the Children's Health Insurance Program (CHIP) by the Division.

410-138-0740

Provider Organizations — Early Intervention/Early Childhood Special Education Targeted Case Management

(1) Contingent on CMS approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) For licensing and education requirements for case managers/service coordinators see 410-138-0760 Provider Requirements Targeted Case Management (TCM) Program EI/ECSE in these rules.

(3) Qualifications for TCM Early Intervention/Early Childhood Special Education (EI/ECSE) provider organizations are as follows:

(a) TCM EI/ECSE providers must meet the criteria to administer the provision of EI and ECSE within selected service areas designated by the Oregon Department of Education, qualifying such programs for state reimbursement under EI/ECSE Programs (OAR 581-015-2700 through 581-015-2910); and

(b) Must be contractors with the Oregon Department of Education in the provision of EI/ECSE services or sub-contractors with such a contractor, and must meet the following qualifications:

ADMINISTRATIVE RULES

(A) Demonstrated capacity (including sufficient number of staff that meet the personnel standards requirements in OAR 581-015-2900 to provide TCM EI/ECSE services;

(B) Demonstrated case management experience in conjunction with service coordination under OAR 581-015-2840 specified on a child's Individualized Family Service Plan (IFSP) for coordinating and linking such community resources as required by the target population;

(C) Demonstrated experience with the target population;

(D) An administrative capacity to ensure quality of services in accordance with state and federal requirements;

(E) A financial management capacity and system that provides documentation of services and costs;

(F) Capacity to document and maintain individual case records in accordance with state and federal requirements, including requirements for recordkeeping in OAR 410-120-1360, and confidentiality requirements in the Individuals with Disabilities Education Act, ORS 192.518–192.524, 179.505 and 411.320, and HIPAA Privacy requirements in 45 CFR 160 and 164, if applicable;

(G) Demonstrated ability to meet all state and federal laws governing the participation of providers in the state Medicaid program.

(4) In addition to the qualification requirements in subsection (2) of this rule, the TCM EI/ECSE provider must be enrolled as a TCM EI/ECSE provider with the Division of Medical Assistance Programs.

(5) The TCM EI/ECSE provider must either be a governmental entity or a subcontractor of a government entity:

(a) The TCM EI/ECSE provider public entity unit of government is solely responsible for providing the EI/ECSE TCM provider's share from public funds for purposes of OAR 410-138-0005 of this rule;

(b) If the TCM EI/ECSE provider is a subcontractor of a governmental entity, the governmental entity is responsible to make the public fund payments in compliance with OAR 410-138-0005.

Provider Requirements — Targeted Case Management Early Intervention/Early Childhood Special Education

(1) Contingent on CMS approval, this rule is in effect for services rendered retroactive to July 1, 2009.

(2) Qualifications for Supervising Case Managers of Service Coordinators:

(a) Must be employees of the Education Service District (ESD) contracting agency or the Early Intervention/Early Childhood Special Education (EI/ECSE) subcontracting agency (see 410-138-0740 Provider Organizations – Targeted Case Management (TCM) Program EI/ECSE in these rules);

(b) Must possess a minimum of a master's degree in early childhood special education or a related field; and

(c) Must have three years experience with infants, toddlers, young children, and families.

(3) Qualifications for TCM EI/ECSE Case Managers/Service Coordinators:

(a) Must be employees of the EI/ECSE contracting or subcontracting agency and meet the personnel standards requirements in OAR 581-015-2900;

(b) Must possess a minimum of a baccalaureate degree in early childhood special education or a related field; or

(c) Must possess a minimum of a baccalaureate degree and a valid license necessary to practice in Oregon, including Teacher Standard and Practices Commission (TSPC) licensure in their area of discipline; or

(d) Must possess current state licensure in their area of discipline; and

(e) Must have at least three years experience with infants, toddlers, young children and families;

(f) Must have demonstrated knowledge and understanding about:

(A) The Oregon Department of Education EI/ECSE programs OAR 581-015-2700 through 581-015-2910, including these rules and the applicable State Medicaid Plan Amendment;

(B) Case Management experience in conjunction with service coordination under OAR 581-015-2840 specified on a child's Individualized Family Service Plan (IFSP) for coordinating and linking such community resources as required by the target population to assist clients in gaining access to needed medical, social, educational, developmental or other services;

(C) The Individuals with Disabilities Education Act (IDEA);

(D) The nature and scope of services available under the Oregon EI/ECSE program, including the TCM services, and the system of payments for services and other pertinent information.

410-138-0780

Cost Rate Methodology, Billing Criteria and Codes for Targeted Case Management Early Intervention/Early Childhood Special Education

(1) Contingent on the Centers for Medicare and Medicaid Services (CMS) approval, providers may submit claims retroactively for services provided to the targeted population on or after July 1, 2009, if they meet the criteria described below.

(2) This rule is to be used in conjunction with the Division General Rules (OAR 410-120) and other Targeted Case Management (TCM) Program rules 410-138-0000 through 410-138-0009 and 410-138-0390.

(3) Reimbursement is subject to all rules and laws pertaining to federal financial participation.

(4) Cost-based rate methodology:

(a) The cost-based rate developed for TCM EI/ECSE is based on the Education Service District (ESD) contractor's or EI/ECSE subcontractor's prior year audited costs reported to the Oregon Department of Education (ODE) annually;

(b) The ESD contractor or EI/ECSE subcontractor must obtain cost sheets and instructions from the Division to be used for determining their TCM EI/ECSE costs for activities related exclusively to the provision of service coordination/targeted case management EI/ECSE services. These cost sheets must be submitted to the Division for review and acceptance;

(c) The Division's acceptance of cost data provided by provider organizations for the purpose of establishing rates paid for TCM services does not imply or validate the accuracy of the cost data provided;

(d) The ESD contractor or EI/ECSE subcontractor targeted case management cost based rate will be derived by considering the following expenditures directly attributable to TCM EI/ECSE Staff:

(A) TCM staff salaries and other personnel expenses;

(B) Supervisory salaries and other personnel expenses;

(C) Administrative support salaries and other personnel expenses;

(D) Services and supply expenses;

(E) Various overhead expenditures, if not already considered in the Oregon Department of Education indirect rate;

(e) The ESD contractor or EI/ECSE subcontractor's established Division reviewed and accepted hourly cost based rate divided by 60 yields a per minute cost amount;

(f) The per minute cost amount multiplied by the actual number of minutes for services provided can be calculated as a daily or a weekly amount and results in the ESD contractors or EI/ECSE subcontractors billing Medicaid no more than their cost to provide these services;

(g) As the above methodology utilizes cost based rates which are based on prior year audited costs, there will not be any need for reconciliation nor an annual cost settlement required for payment made for TCM services provided by each ESD contractor or EI/ECSE subcontractor;

(h) If the ESD contractor or EI/ECSE subcontractor does not have a full prior year cost to establish a TCM cost based rate, an estimate can be established based on the lesser of budgeted costs for the current year or an estimate of actual costs expended during the current year which prorates cost to the end of that year. However, the Division will not require that a cost reconciliation be completed at the end of the year for ESD contractor or EI/ECSE subcontractor cost based rates.

(5) Billing criteria for this program are as follows:

(a) Providers can only bill for allowable activities in the TCM EI/ECSE program provided in conjunction with a Medicaid eligible child's Individualized Family Service Plan (IFSP) assisting Medicaid eligible preschool children with disabilities, from birth until they are eligible for public school, to gain access to needed medical, social, educational, and other services, such as housing or transportation;

(b) These children must be eligible for EI/ECSE services under the IDEA and eligible for TCM EI/ECSE services as defined in the Medicaid State plan, at the time the services are furnished;

(c) One or more of the activities listed below must occur in order to bill:

(A) Assessment;

(B) Development of a care plan;

(C) Referral (including follow-up);

ADMINISTRATIVE RULES

.....
**Department of Human Services,
Public Health Division
Chapter 333**

Rule Caption: Caregiver Registry Licensing Program.

Adm. Order No.: PH 9-2010

Filed with Sec. of State: 6-17-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 4-1-2010

Rules Adopted: 333-540-0005, 333-540-0010, 333-540-0015, 333-540-0020, 333-540-0025, 333-540-0030, 333-540-0035, 333-540-0040, 333-540-0045, 333-540-0050, 333-540-0055, 333-540-0060, 333-540-0065, 333-540-0070, 333-540-0075, 333-540-0080, 333-540-0085, 333-540-0090

Subject: The Department of Human Services, Public Health Division is permanently adopting Oregon Administrative Rules relating to the establishment of standards for the operation and licensing of caregiver registries in response to the passage of SB 158 during the 2009 legislative session. These rules will provide a process for licensing, handling complaints, investigations of complaints, surveys, and discipline for caregiver registries by assessing a civil penalty.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-540-0005

Purpose and Scope

(1) These rules establish minimum standards for the operation and licensure of caregiver registries.

(2) A caregiver registry may provide services in addition to establishing and maintaining a list of qualified private contractor caregivers, but these rules do not govern those additional services.

(3) A caregiver registry may be subject to additional licensure requirements if it qualifies as an in-home care agency, home health agency, or referral agency as defined in ORS 443.005 and ORS 443.305.

(4) A caregiver registry may not employ or compensate, directly or indirectly, caregivers placed on its list, schedule caregivers although they may maintain calendars that track caregiver availability and for referral fee purposes, assign a caregiver to a client, define working conditions, or negotiate for a caregiver or client for the provision of services.

333-540-0010

Definitions

As used in this division, the following definitions apply:

(1) "Abuse":

(a) As it applies to an adult, includes but is not limited to:

(A) Any physical injury caused by other than accidental means, or that appears to be at variance with the explanation given of the injury.

(B) Neglect that leads to physical harm through withholding of services necessary to maintain health and well-being.

(C) Abandonment, including desertion or willful forsaking of a person or the withdrawal or neglect of duties and obligations owed a person.

(D) Willful infliction of physical pain or injury.

(E) Use of derogatory or inappropriate names, phrases or profanity, ridicule, harassment, coercion, threats, cursing, intimidation or inappropriate sexual comments or conduct of such a nature as to threaten significant physical or emotional harm to a person.

(F) Wrongfully taking or appropriating money or property, of knowingly subjecting a person to harm by conveying a threat to wrongfully take or appropriate money or property, which threat reasonably would be expected to cause the person to believe that the threat will be carried out.

(G) Sexual contact with a non-consenting person or with a person considered incapable of consenting to a sexual act as described in ORS 163.315. As used in this paragraph, "sexual contact" has the meaning given that term in ORS 163.305.

(b) As it applies to a child, has the same meaning as "abuse" as that term is defined in ORS 419B.005.

(2) "Activities of daily living" means activities related to personal care and include but are not limited to bathing or showering and personal hygiene, dressing and grooming, mobility including walking and transferring, elimination, and eating.

(D) Monitoring (including follow up).

(6) TCM EI/ECSE services can only be billed under one provider number and one procedure code that must be accompanied by a two digit modifier:

(a) TCM EI/ECSE providers must use procedure code "T1017" Targeted Case Management and include the "TL" modifier identifying TCM EI/ECSE services provided in conjunction with the eligible child's IFSP. The billing for procedure code T1017 is once daily per eligible client;

(b) TCM EI/ECSE providers must use diagnosis code "V62.3" Educational Circumstances.

(7) Two digit Place of Service (POS) code is 03 indicating a facility whose primary purpose is education.

(8) Prior authorization is not required.

(9) TCM EI/ECSE providers must bill at a cost rate no greater than the education agency's established cost rate for service coordination/case management reviewed and accepted by the Division based on the cost rate methodology above described in these rules.

(10) Services must be billed on a CMS-1500 or by electronic media claims (EMC) submission using only those procedure codes specified for the TCM EI/ECSE program. If the TCM EI/ECSE provider submits their claims electronically, they must become a trading partner with the Division and comply with the requirements for Electronic Data Interchange (EDI) pursuant to OAR 407-120-0100 through 407-120-0200 and 410-001-0000 et seq.

(11) The Division will accept a claim up to 12 months from the date of service. See Department-wide Support Services (DWSS) provider rules 407-120-0340 Claim and PHP Encounter Submission and General Rules 410-120-1300 Timely Submission of Claims.

(12) Third party liability. In general, the Medicaid program is the payer of last resort and a provider is required to bill other resources before submitting the claim to Medicaid. This requirement means that other payment sources, including other federal or state funding sources, must be used first before the Division can be billed for covered TCM services. However, the following exceptions apply to the requirement to pursue third party resources:

(a) For TCM EI/ECSE services provided under the Individuals with Disabilities Education Act (IDEA), 1903(c) of the Social Security Act and 34CFR300.154 Methods of Ensuring Services make Medicaid/SCHIP primary payer before Oregon Department of Education (ODE) or the Educational Agency (EA), for a covered TCM EI/ECSE service provided to a Medicaid-eligible child receiving Service Coordination/Case Management pursuant to the Medicaid-eligible child's IFSP, the services are documented as required under the TCM rules, and subject to the applicable reimbursement rate;

(b) If TCM EI/ECSE services are provided under Title V of the Social Security Act Maternal and Child Health Services Block Grant, Medicaid-covered TCM services provided by a Title V grantee are paid by Medicaid before the Title V funds;

(c) The Centers for Medicare and Medicaid Services (CMS) recognize that while public education agencies are legally liable to provide IDEA services at no cost to eligible children, Medicaid reimbursement is available for these services because section 1903(c) of the Social Security Act requires Medicaid to be primary to the U.S. Department of Education for payment of covered services that may also be considered special education, related services, or early intervention services, or services provided under IDEA.

(13) The Division will not allow duplicate payments to other public agencies or private entities under other program authorities for TCM services under the eligible client's care plan. ("Duplicate payment" is defined in 410-138-0000). The Division will recover duplicate payments.

(14) The Division may not reimburse for TCM services if the services are case management services funded by Title IV-E or Title XX of the Social Security Act federal or state funded parole and probation, or juvenile justice programs. These services must be billed separately.

(15) TCM EI/ECSE activities authorized under these rules is a cost-sharing (Federal Financial Participation matching) program in which the TCM provider as a public entity, unit of government, is responsible for paying the non-federal matching share of the amount of the TCM claims, calculated using the Federal Medical Assistance Percentage rates in effect during the quarter when the TCM claims will be paid (See 410-138-0005 Payment for Targeted Case Management Services Eligible for Federal Financial Participation).

ADMINISTRATIVE RULES

(3) "Caregiver" means a person on a caregiver registry list that may be hired directly by a client or client representative to provide caregiver services to a client within the client's place of residence.

(4) "Caregiver registry" or "Registry" means an agency that prequalifies, establishes and maintains a list of qualified private contractor caregivers that is provided to a client for caregiver services within the client's place of residence.

(5) "Caregiver services" means providing assistance with the activities of daily living and can include more skilled services such as medication reminders, medication assistance, or medication administration or nursing services if the caregiver has the necessary licensure, certification, skills, education, or training to safely provide the skilled services.

(6) "Client" means an individual to whom caregiver services are provided.

(7) "Client representative" means an individual, paid or unpaid, related or unrelated, who acts on behalf of the client when the client is an adult.

(8) "Division" means the Department of Human Services, Oregon Public Health Division.

(9) "Parent agency" means a caregiver registry that develops and maintains administrative controls of subunits.

(10) "Satisfactory reference" means a positive, verifiable reference, either verbal or written, from a former employer or other person not related to the individual that affirms the ability of the individual to provide caregiver services.

(11) "Subunit" means a caregiver registry that provides services for a parent agency in a geographic area different from that of the parent agency and generally exceeding one hour of travel time from the location of the parent agency.

(12) "Survey" means an inspection of a caregiver registry to determine the extent to which the registry is in compliance with laws applicable to caregiver registries, including this division.

Application for Caregiver Registry License; Renewal

(1) A person may not establish, conduct or maintain a caregiver registry, or represent to the public that the person is a caregiver registry, without first obtaining a caregiver registry license from the Division.

(2) A person shall apply for a license on a form prescribed by the Division and shall include:

(a) The applicable fee, including fees for subunits, as applicable; and
(b) Forms and fingerprints if requested by the Division, to enable the Division to conduct a criminal background check on the owner and manager of the caregiver registry and any subunits.

(3) The Division shall review the application, verify compliance with these rules, and conduct an on-site inspection prior to granting or denying a license.

(4) The Division shall notify an applicant in writing if a license application is approved, and shall include the license that shall be posted in a conspicuous place.

(5) Each license shall be issued only for the caregiver registry or subunit named in the application and shall not be transferable or assignable. If the ownership of the caregiver registry changes, the new owner shall apply for a license.

(6) If the Division intends to deny a license application, it shall issue a Notice of Proposed Denial of License Application in accordance with ORS 183.411 through 183.470.

(7) An owner or manager's criminal history that reasonably raises questions about that person's ability to appropriately operate or manage a caregiver registry may be grounds for denial of an application.

(8) The Division may deny a license application or renewal application if an applicant fails to comply with these rules.

(9) No entity shall provide caregiver registry services or use the term "caregiver registry" in its advertising, publicity, or any other form of communication unless it holds a current valid license as a caregiver registry in accordance with these rules.

(10) If any of the information in a caregiver registry's most recent application changes at a time other than the annual renewal date, the caregiver registry shall notify the Division in writing within 60 days of the change.

(11) A caregiver registry license shall be renewed annually. Each licensee shall submit:

(a) A renewal application form prescribed by the Division within 60 days of the license expiring;

(b) The applicable fees; and

(c) Forms and fingerprints if requested by the Division, to enable the Division to conduct a criminal background check on the owner and manager of the caregiver registry and any subunits.

(12) The Division shall notify an applicant in writing if a license renewal application is approved, and shall include the license that shall be posted in a conspicuous place.

(13) If the Division intends to deny a license renewal application, it shall issue a Notice of Proposed Denial of License Application in accordance with ORS 183.411 through 183.470.

(14) An owner or manager's criminal history that reasonably raises questions about that person's ability to appropriately operate or manage a caregiver registry may be grounds for denial of an application.

Caregiver Registry Organization, Administration, and Personnel

(1) A caregiver registry shall have written policies and procedures that include but are not limited to:

(a) The organization of the Registry;

(b) Services provided by the Registry;

(c) The relationship between the caregiver registry and caregivers placed on the registry;

(d) Fees charged to caregivers and clients;

(e) Selection of caregivers for placement on the registry and for removal from the registry;

(f) A process for ensuring that a caregiver has satisfied basic competency requirements and has the necessary education, skills and training to provide the level of care the caregiver proposes to offer to clients;

(g) Procedures for conducting criminal background checks on caregivers, including a description of criminal convictions that disqualifies a caregiver from being placed on the registry, in accordance with OAR 333-540-0035;

(h) A process for dealing with a complaint from a client, a member of a client's family, or a client's representative, about a caregiver or the caregiver registry;

(i) A process for reporting suspected abuse or neglect of a client to the Division and other appropriate agencies; and

(j) Record keeping, including physical security of documents and record confidentiality.

(2) A caregiver registry shall provide each caregiver who meets the requirements for placement on the registry with an orientation that includes, but is not limited to, the following:

(a) Review of the registry's policies and procedures;

(b) Requirements for placement on the registry;

(c) Requirements for continuation of caregivers' names on the registry;

(d) Reasons for removal from the registry;

(e) Requirements for reporting abuse and/or neglect; and

(f) Continuing education requirements.

(3) A caregiver registry shall require caregivers placed on the registry to report, within 10 days, any:

(a) Criminal conviction;

(b) Arrest, indictment, or charge for a sexual offense or property crime;

(c) Disciplinary action taken by a licensing board or agency;

(d) Citation for driving while under the influence of intoxicants; and

(e) Revocation of driving privileges.

(4) A caregiver registry shall not delegate any administrative functions to another agency or organization.

(5) A caregiver registry's owner or designee shall:

ADMINISTRATIVE RULES

(a) Assume full legal, financial, and overall responsibility for the caregiver registry's operation; and

(b) Serve as or employ a qualified manager.

(6) A manager of a caregiver registry hired on or after July 1, 2010 shall have:

(a) A high school diploma or equivalent; and

(b) At least two years of professional or management experience.

(7) A caregiver registry manager shall designate, in writing, a qualified individual to act as manager in his or her absence.

(8) A caregiver registry manager or designee shall be responsible for:

(a) Organizing and directing the caregiver registry's ongoing functions;

(b) Developing and implementing written and current policies and procedures necessary to direct the administrative operations of the caregiver registry, including but not limited to the requirements in these rules;

(c) Ensuring the completeness and accuracy of all information provided to the public regarding the caregiver registry and its services;

(d) Ensuring that all caregivers on the registry meet the qualifications required by these rules and the caregiver registry policies;

(e) Cooperating with the Division in the event of a survey or investigation; and

(f) Ensuring the timely reporting of allegations of abuse or neglect to the appropriate authority that includes but is not limited to the Division or local law enforcement agency.

Requirements for Placement on Caregiver Registry; Continuing Education

(1) In order to be placed on a caregiver registry a caregiver must be at least 18 years of age and have sufficient communication and language skills to enable them to perform their duties and interact effectively with clients and registry staff.

(2) A caregiver registry shall, prior to placing a caregiver on its registry:

(a) Conduct a criminal background check in accordance with OAR 333-540-0035;

(b) Verify the caregiver's licensure status, if applicable, with the appropriate licensing agency;

(c) Conduct a face-to-face interview with the individual;

(d) Obtain at least two satisfactory references for the individual that the individual has worked for within the past five years; and

(e) Ensure that the caregiver has satisfied basic competency requirements and has the necessary education, skills and training to provide the level of care the caregiver proposes to offer to clients.

(3) A caregiver placed on a registry shall annually complete three hours of continuing education on topics related to the caregiver services the caregiver offers to clients.

Criminal Background Checks

(1) A caregiver registry shall, prior to placing a caregiver on its registry, conduct or arrange for a criminal background check through the Oregon state police or a private vendor.

(2) If the criminal background check or other information obtained by a caregiver registry indicates a caregiver has been convicted of a crime against a person or property that reasonably raises questions about the ability of that caregiver to safely provide caregiver services, the caregiver registry shall notify the individual in writing that they have been found unfit to be placed on the registry.

(3) A caregiver registry shall keep the information obtained from criminal background checks confidential and use it solely to determine a caregiver's eligibility to be placed on the registry.

(4) A caregiver registry shall perform a criminal background check on a caregiver placed on the registry every three years.

Caregiver Registry Records

(1) A caregiver registry shall:

(a) Keep records for each caregiver placed on the registry including, but not limited to:

(A) Documentation of the required criminal background check;

(B) Documentation of satisfactory references;

(C) Documentation that the caregiver has satisfied basic competency requirements and has the necessary education, skill and training to provide the services proposed to be offered to clients;

(D) Documentation that the caregiver received the caregiver registry's orientation;

(E) Documentation of continuing education;

(F) Documentation of licensure status, if applicable;

(G) A copy of picture identification; and

(H) Upon acceptance to the registry, and every three years afterwards, proof of current driver's license and auto insurance for any caregiver who provides transportation services for clients.

(b) Maintain a record of clients served by caregivers on the registry, including but not limited to the client's name, contact information, and address.

(c) Maintain client records in a manner that makes them easily retrievable.

(d) Maintain records of any complaints received and documentation of any investigation conducted by the Division or other investigative body, including any action taken and any corrective action required.

(e) Keep caregiver and client records for at least seven years from the date a caregiver is terminated with the caregiver registry.

(2) Documents kept in registry files, including but not limited to background checks, reference checks, verification of basic competency and skill requirements, and training certificates must be legible and dated, signed, or otherwise authenticated by the administrator or the administrator's designee.

(3) If a caregiver registry changes ownership, all records shall remain in the registry, and it shall be the responsibility of the new owner to protect and maintain these records for at least seven years from the date a caregiver is terminated with the caregiver registry.

(4) Before a registry terminates its business, the registry shall notify the Division where the records will be stored.

(5) Caregiver registry records shall be maintained in a secure manner that protects the confidentiality of the records, and protects the records from destruction or theft.

333-540-0045

Caregiver Registry Disclosure Statements

(1) A caregiver registry shall provide a disclosure statement to:

(a) A caregiver, prior to placing a caregiver on the registry; and

(b) To a client who intends to hire a caregiver from the caregiver registry, as soon as a caregiver registry is notified that a caregiver may be hired.

(2) Both the caregiver and client disclosure statements must state: "The client or the client's representative is responsible for selecting, interviewing, hiring, scheduling, and supervising the work of the caregivers."

(3) In addition to section (2) of this rule, a caregiver registry disclosure statement provided to a caregiver shall include, but is not limited to:

(a) Information on the services offered by the caregiver registry;

(b) Fees charged to a caregiver, if applicable;

(c) Insurance and bonding requirements, if applicable;

(d) Criminal background checks and disqualifying convictions;

(e) Information on the orientation process; and

(f) Information on the process for verifying the competency, education, skills and training of a caregiver.

(4) In addition to section (2) of this rule, a disclosure statement provided to a client shall include but is not limited to:

(a) The extent to which the client may be responsible for payroll taxes, wage and hour claims, and any other employment related costs;

(b) Fees charged by a caregiver registry to a client, if any, and that 30 days notice is required before any fee increases or changes in billing or payment procedures;

(c) Whether a caregiver has liability insurance and/or is bonded;

(d) Services that may be offered by a caregiver;

(e) The extent to which the registry verifies that a caregiver has a current driver's license and auto insurance if those services are provided;

(f) The process the caregiver registry uses to ensure that a caregiver meets basic competency requirements and has the necessary training, education and skills to provide the caregiver services offered by a caregiver to a client;

ADMINISTRATIVE RULES

- (g) The process for placing a caregiver on a caregiver registry;
- (h) A description of the criminal background checks required for a caregiver;
- (i) How to file complaints about the caregiver registry or a caregiver to the caregiver registry and the Division, including reports of abuse or neglect; and

(j) A description of client rights including but not limited to:

- (A) The right to be treated with dignity and respect;
- (B) The right to be free from theft, damage, or misuse of one's personal property;
- (C) The right to be given the informed choice and opportunity to select or refuse service and to accept responsibility for the consequences;
- (D) The right to be free from neglect and from verbal, mental, emotional, physical and sexual abuse;
- (E) The right to be free from financial exploitation;
- (F) The right to be free from physical and chemical restraints;
- (G) The right to voice grievances or complaints regarding services or any other issue without discrimination or reprisal for exercising such rights;
- (H) The right to be free from discrimination in regard to race, color, national origin, gender, sexual orientation, or religion; and
- (I) The right to participate in planning of the services to be provided by a caregiver and care to be furnished, any changes in the services and care, the frequency of visits, and cessation of services, except where the health and safety of the caregiver is at risk.

(5) A caregiver registry shall document that a copy of the disclosure statement was given to the caregiver, client or client's representative and shall place this documentation in a caregiver's file and in the caregiver registry's records.

Complaints

(1) Any person may make a complaint verbally or in writing to the Division regarding an allegation against a caregiver registry of a violation of law applicable to a caregiver registry.

(2) The identity of a person making a complaint will be kept confidential.

(3) An investigation will be carried out as soon as practicable after the receipt of a complaint.

(4) Information obtained by the Division during an investigation of a complaint or reported violation under this rule is confidential and not subject to public disclosure under ORS 192.410 through 192.505.

(5) Upon the conclusion of the investigation, the Division may publicly release a report of its findings but may not include information in the report that could be used to identify the complainant or any client of the caregiver registry. The Division may use any information obtained during an investigation in an administrative or judicial proceeding concerning the licensing of a caregiver registry.

(6) If the complaint involves an allegation of criminal conduct or an allegation that is within the jurisdiction of another local, state, or federal agency, the Division will refer the matter to that agency.

Investigations

(1) As soon as practicable after receiving a complaint, taking into consideration the nature of the complaint, Division staff will begin an investigation.

(2) A caregiver registry shall permit Division staff access to the caregiver registry place of business during an investigation.

(3) An investigation may include but is not limited to:

(a) Interviews of the complainant, caregivers, clients, a client's representative, a client's family members, witnesses, caregiver registry management and staff;

(b) On-site observations of caregiver registry management, staff, or caregivers; and

(c) Review of documents and records.

Hist.: PH 9-2010, f. 6-17-10, cert. ef. 7-1-10

333-540-0060

Surveys

(1) The Division shall, in addition to any investigations conducted under OAR 333-540-0055, conduct at least one general survey of each caregiver registry to determine compliance with caregiver registry laws every three years and at such other times as the Division deems necessary.

(2) A caregiver registry shall permit Division staff access to the caregiver registry place of business during a survey.

(3) A survey may include but is not limited to:

(a) Interviews of caregivers, clients, client representatives, client family members, and caregiver registry management and staff;

(b) On-site observations of caregiver registry management, staff, or caregivers; and

(c) Review of documents and records.

(4) A caregiver registry shall make all requested documents and records available to the surveyor for review and copying.

(5) Following a survey, Division staff may conduct an exit conference with the caregiver registry owner or his or her designee. During the exit conference Division staff shall:

(a) Inform the caregiver registry representative of the preliminary findings of the inspection; and

(b) Give the person a reasonable opportunity to submit additional facts or other information to the surveyor in response to those findings.

(6) Following the survey, Division staff shall prepare and provide the caregiver registry owner or his or her designee specific and timely written notice of the findings.

(7) If the findings result in a referral to another regulatory agency, Division staff shall submit the applicable information to that referral agency for its review and determination of appropriate action.

(8) If no deficiencies are found during a survey, the Division shall issue written findings to the caregiver registry owner or designee indicating that fact.

(9) If the surveyor's written notice of findings indicates that the caregiver registry was in compliance with caregiver registry laws and no deficiencies were cited, the caregiver registry's owner or designee shall sign and date the written notice and return it to the Division.

(10) If deficiencies are found, the Division shall take informal or formal enforcement action in compliance with OAR 333-540-0070 or 333-540-0075.

333-540-0065

Violations

In addition to non-compliance with any law that governs a caregiver registry, it is a violation to:

(1) Refuse to cooperate with an investigation or survey, including but not limited to failure to permit Division staff access to the caregiver registry place of business, its documents or records;

(2) Fail to implement an approved plan of correction;

(3) Refuse or fail to comply with an order issued by the Division;

(4) Refuse or fail to pay a civil penalty;

(5) Fail to comply with rules governing the storage of records following the closure of a caregiver registry;

(6) Fail to report suspected abuse of elderly persons as defined in ORS 124.050;

(7) Fail to return a license as provided in OAR 333-540-0085; or

(8) Operate without a license.

Stat. Auth.: ORS 443.105

Hist.: PH 9-2010, f. 6-17-10, cert. ef. 7-1-10

333-540-0070

Informal Enforcement

(1) If, during an investigation or survey Division staff document violations of a law governing a caregiver registry, the Division may issue a statement of deficiencies that cites the law alleged to have been violated and the facts supporting the allegation.

(2) A signed and dated plan of correction must be received by the Division within 10 business days from the date the statement of deficiencies was mailed to the caregiver registry. A signed plan of correction will not be used by the Division as an admission of the violations alleged in the statement of deficiencies.

(3) A caregiver registry shall correct all deficiencies within 60 days from the date of the exit conference, unless an extension of time is request-

ADMINISTRATIVE RULES

ed from the Division. A request for such an extension shall be submitted in writing and must accompany the plan of correction.

(4) The Division shall determine if a written plan of correction is acceptable. If the plan of correction is not acceptable to the Division, the Division shall notify the owner of the caregiver registry, in writing or by telephone:

- (a) Identifying which provisions in the plan the Division finds unacceptable;
- (b) Citing the reasons the Division finds them unacceptable; and
- (c) Requesting that the plan of correction be modified and resubmitted no later than 10 working days from the date the letter of non-acceptance was mailed to the owner.

(5) If the caregiver registry does not come into compliance by the date of correction reflected on the plan of correction or 60 days from date of the exit conference, whichever is sooner, the Division may propose to deny, suspend, or revoke the caregiver registry's license, or impose civil penalties.

Formal Enforcement

(1) If, during an investigation or survey, Division staff document a failure to comply with caregiver registry laws, the Division may issue a Notice of Proposed Suspension or Notice of Proposed Revocation in accordance with ORS 183.411 through 183.470.

(2) The Division may issue a Notice of Imposition of Civil Penalty for violations of caregiver registry laws.

(3) At any time the Division may issue a Notice of Emergency License Suspension under ORS 183.430(2).

(4) If the Division revokes a caregiver registry license, the order shall specify when, if ever, the caregiver registry may reapply for a license.

333-540-0080

Civil Penalties

(1) A caregiver registry that violates caregiver registry laws, including OAR 333-540-0065 (violations), is subject to the imposition of a civil penalty not to exceed \$1,000 per violation and may not total more than \$2,000.

(2) In determining the amount of a civil penalty, the Division shall consider whether:

- (a) The Division made repeated attempts to obtain compliance;
- (b) The licensee has a history of noncompliance with caregiver registry laws;
- (c) The violation poses a serious risk to the public's health;
- (d) The licensee gained financially from the noncompliance; and
- (e) There are mitigating factors, such as a licensee's cooperation with an investigation or actions to come into compliance.

(3) The Division shall document its consideration of the factors in section (2) of this rule.

(4) Each day a violation continues is an additional violation.

(5) A civil penalty imposed under this rule shall comply with ORS 183.745.

Applicability of Rules

(1) A caregiver registry already in operation on July 1, 2010 shall apply to the Division for a license and pay the applicable fee by August 1, 2010.

(2) The Division shall allow a caregiver registry already in operation on July 1, 2010, three months from its date of application before an on-site

inspection is conducted, in order to allow a caregiver registry to come into compliance with these rules.

(3) A caregiver registry already in operation on July 1, 2010 shall conduct criminal background checks on all caregivers placed on its registry prior to July 1, 2010 if the caregiver has not had a criminal background check in the last three years.

Notice Publication Date: 9-1-2009

Rules Amended: 333-004-0010, 333-004-0060, 333-004-0070

Subject: The Department of Human Services, Public Health Division is permanently amending Oregon Administrative Rules related to the Family Planning Expansion Program (FPEP). FPEP is a Medicaid waiver demonstration project approved by the Centers for Medicare and Medicaid Services (CMS). At this time, the program is amending the rule to allow FPEP clients to receive contraceptive supply refills via mail.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-004-0010

Definitions

(1) "Acquisition cost" means the net amount paid per invoice line item to a pharmaceutical manufacturer, supplier or distributor for a contraceptive supply, plus any shipping and handling that is supported by the invoice.

(2) "Approved medical services agreement" means the completed Family Planning Expansion Project agreement, submitted to and approved by the Office of Family Health.

(3) "Citizenship verification" means confirming a client's claim of U.S. citizenship through documentation of a certified birth record, passport or other document(s) deemed acceptable proof of U.S. citizenship by the federal government.

(4) "CLIA" means the Clinical Laboratory Improvement Amendments of 1988, which establishes quality standards for all laboratory testing to ensure the accuracy, reliability and timeliness of patient test results, and allows for certification of clinical laboratories operating in accordance with these federal amendments.

(5) "Client" means a person of any age or gender who is enrolled in and receives contraceptive management services from the Family Planning Expansion Project.

(6) "Client Visit Record" or "CVR" means the form or set of information that is completed for each client visit, and that is used as a data collection instrument and a billing claim form for the Family Planning Expansion Project.

(7) "CMS" means the Centers for Medicare and Medicaid Services, located within the federal Department of Health and Human Services.

(8) "Contraceptive management" means a limited scope of family planning services as described in OAR 333-004-0040.

(9) "DHS" means the Department of Human Services of the State of Oregon.

(10) "DMAP" means the Division of Medical Assistance Programs, within the Department of Human Services.

(11) "Established client" means a person who has been obtaining contraceptive services/supplies from the prescribing clinic for a minimum of three consecutive months.

(12) "Family Planning Expansion Project" or "FPEP" means the Medicaid waiver program that provides statewide family planning services to eligible clients, that is administered by the Office of Family Health within the Department of Human Services.

(13) "Family planning services" means services provided to clients of childbearing age, including minors who can be considered to be sexually active, who desire such services and that are intended to prevent pregnancy or otherwise limit family size.

(14) "Family planning service provider" or "provider" means a licensed health care provider operating within a scope of practice, who is authorized by the Office of Family Health to bill for contraceptive management services for eligible Family Planning Expansion Project clients.

ADMINISTRATIVE RULES

(15) "FPEP Eligibility Database" means the web-based database designed and managed by the Office of Family Health for the statewide collection, tracking and storage of FPEP client eligibility information.

(16) "FPL" means the federal poverty level guidelines established each year by the Department of Health and Human Services, used to determine eligibility for the Family Planning Expansion Project and other federally funded programs.

(17) "Lawful Permanent Resident" means a person who, notwithstanding other eligibility requirements, is a qualified non-citizen as described in OAR 461-120-0125(4).

(18) "OFH" means the Office of Family Health, the office within the Department of Human Services, Public Health Division that administers the Family Planning Expansion Project.

(19) "Project number" means the administrative number assigned by the Office of Family Health to a family planning agency.

(20) "School-Based Health Center" means a health center certified by the School-Based Health Center Program located within the Office of Family Health.

(21) "Site number" means the administrative number assigned by the Office of Family Health to each clinic within a family planning agency.

333-004-0060

Standards of Care for Contraceptive Management Services

Participating FPEP providers must agree to provide contraceptive management services according to the following standards.

(1) Informed Consent. The client's decision to participate in and consent to receive contraceptive management services must be voluntary and without bias or coercion.

(a) The informed consent process, provided verbally and supplemented with written materials, must be presented in a language the client understands.

(b) A signed consent must be obtained from the individual client receiving contraceptive management services.

(c) A separate, signed method-specific consent must be obtained from the client for each prescription contraceptive method received.

(2) Confidentiality. Services must be provided in a manner that respects the privacy and dignity of the individual, as provided for in OAR 333-004-0080(8).

(a) Clients must be assured of the confidentiality of services and of their medical and legal records.

(b) Records cannot be released without written client consent, except as may be required by law, or otherwise permitted by the Health Insurance Portability and Accountability Act (HIPAA).

(3) Availability of Contraceptive Services. A broad range of Federal Drug Administration, FDA-approved contraceptive methods and their applications, consistent with recognized medical practice standards, as well as fertility awareness methods must be available on-site at the clinic for dispensing to the client at the time of the visit.

(a) If the provider organization's clinical staff lack the specialized skills to provide vasectomies, intra-uterine devices (IUDs) or subdermal contraceptives, or if there is insufficient volume to ensure and maintain high skill level for these procedures, clients must be referred to another qualified provider for these procedures. The provider must have an established referral arrangement, preferably with other FPEP providers, for these procedures. The clinician receiving the referral must not bill the client for FPEP-covered services.

(b) Clients should be able to get their first choice of contraceptive method during their visits unless there are specific contraindications.

(4) Linguistic and Cultural Competence. All services, support and other assistance must be provided in a manner that is responsive to the beliefs, interpersonal styles, attitudes, language and behaviors of the individuals who are receiving services, and in a manner that has the greatest likelihood of ensuring their maximum participation in the program.

(a) The provider should employ bilingual or bicultural staff, personnel or volunteers skilled or certified in the provision of medical and clinical interpretation during all clinic encounters for clients with limited English proficiency or who otherwise need this level of assistance. All persons providing interpretation services must adhere to confidentiality guidelines.

(b) The provider must assure the competency of language assistance provided to limited English proficiency clients by interpreters and bilingual

staff. Family and friends should not be used to provide interpretation services, unless requested by the client.

(c) The provider must make interpretation services available to all clients needing or requesting such assistance at no cost to the client. The provider must notify clients in need of interpretation services of the availability of such services in accordance with the Civil Rights Act of 1964.

(d) The provider should make easily understandable print materials available to clients and post signage in the languages of groups represented or commonly encountered in the service area.

(e) All print, electronic and audiovisual materials should be appropriate in terms of the client's language and literacy level. A client's need for alternate formats must be accommodated.

(5) Access to Care. Services covered by FPEP must be provided without cost to eligible clients. Clients must be informed of the scope of services available through the program.

(a) Appointments for established clients should be available within a reasonable time period, generally less than two weeks. New clients who cannot be seen within this time period should be referred to other qualified providers in the area.

(b) Contraceptive methods, including emergency contraception, must be available at the clinic site and available to the client at the time of service.

(c) Clinics with the appropriate license from the Oregon Board of Pharmacy may offer established clients the option of receiving their contraceptive methods by mail.

(i) Use of this option is at the discretion of the client; it cannot be offered as the only way in which to receive supplies.

(ii) Contraceptive methods that require a written prescription may only be mailed to established clients who have been using the method(s) for at least three months, with no problems or contraindications.

(iii) Non-prescription methods may be mailed to any established client, irrespective of the client's previous use of the method(s).

(iv) Clients must not incur any cost for the option of receiving contraceptive methods through the mail.

(v) Clinics must package and mail supplies in a manner that ensures the integrity of contraceptive packaging and effectiveness of the method upon delivery. (d) Although not covered by FPEP, treatment and supplies for sexually transmitted infections must be available at the site, or by referral.

(e) Clients in need of additional medical or psychosocial services beyond the scope of the provider organization must be provided with information about available local resources, including domestic violence and substance abuse related services. Clients must also be given a brochure listing locations of free or low-cost primary care services in the area.

(f) All services must be provided to eligible clients without regard to age, marital status, race, parity, disability, gender identity, or sexual orientation.

(g) All counseling and referral-to-care options appropriate to a positive or negative pregnancy test result during authorized contraceptive services must be provided in an unbiased manner, allowing the client full freedom of choice between prenatal care, adoption counseling or pregnancy termination services.

(6) Clinical and Preventive Services.

(a) The scope of contraceptive management services offered to women and female-bodied clients at each FPEP site must include:

(A) A comprehensive health history, including health risk behaviors and a complete obstetrical, gynecological, contraceptive, personal and family medical history; and a sexual health history, in conjunction with contraceptive counseling;

(B) An initial physical examination including cervical cancer screening, that follows a national standard of care. Common sources for national standards of care are the American Cancer Society, the American College of Obstetricians and Gynecologists, and the U.S. Preventive Services Task Force;

(C) Routine laboratory tests related to the decision-making process for contraceptive choices;

(D) Provision of a broad range of FDA-approved contraceptive methods, devices, supplies, and procedures, including emergency contraception;

(E) Follow-up care for maintenance of a client's contraceptive method or for change of method;

(F) Information about providers available for meeting primary care needs and direct referral for needed medical services not covered by FPEP, including management of high-risk conditions and specialty consultation if needed; and

ADMINISTRATIVE RULES

(G) Preventive and control services for communicable diseases, provided within the context of a contraceptive management visit, including:

(i) Testing and diagnosis for sexually transmitted infections (STIs) as indicated; and

(ii) Reporting of STIs, as required, to appropriate public health agencies for contact management, prevention, and control.

(b) The scope of contraceptive management and clinical preventative services offered to men and male-bodied clients must include:

(A) A comprehensive health history, including health risk behaviors and a complete contraceptive, personal and family medical history; and a sexual health history, in conjunction with contraceptive counseling;

(B) An initial physical examination that includes testicular cancer screening, when indicated;

(C) Provision of contraceptive barrier methods and supplies and of emergency contraception;

(D) Vasectomy or referral for vasectomy;

(E) Information about providers available for meeting primary care needs and direct referral for needed medical services not covered by FPEP, including management of high-risk conditions and specialty consultation if needed; and

(F) Preventive and control services for communicable diseases, provided within the context of a contraceptive management visit, including:

(i) Testing and diagnosis for sexually transmitted infections (STIs) as indicated; and

(ii) Reporting of sexually transmitted infections (STI), as required, to appropriate public health agencies for contact management, prevention, and control.

(c) All services must be documented in the client's medical record.

(7) Education and Counseling Services. The following elements comprise the required education and counseling services that must be provided to all contraceptive management clients:

(a) Initial individual assessment, and re-assessment as needed, of the client's contraceptive management educational needs and knowledge about reproductive health, including:

(A) Counseling and education about a broad range of FDA-approved contraceptive methods, devices, supplies, and procedures, including emergency contraception;

(B) A description of services and clinic procedures, including the pelvic exam and instructions for breast or testicular self-exam;

(C) Relevant reproductive anatomy and physiology, method options, and STI and Human Immunodeficiency Virus (HIV) prevention;

(D) Preventive health care, nutrition, preconception health maintenance, and pregnancy plans;

(E) Psychosocial issues, such as partner relationship and communication, risk-taking, and decision-making; and

(F) An explanation of how to locate and access primary care services not covered by FPEP.

(b) Initial and all subsequent education and counseling sessions must be provided in a way that is understandable to the client and conducted in a manner that respects the dignity and privacy of the client and facilitates the client's ability to make informed decisions about reproductive health behaviors and goals, and must include:

(A) An explanation of the results of the physical examination and the laboratory tests;

(B) Information on where to obtain 24-hour emergency care services;

(C) The option of including a client's partner in the education/counseling session, and other services at the client's discretion; and

(D) Effective educational information that takes into account diverse cultural and socioeconomic factors of the client and the psychosocial aspects of reproductive health.

(c) Each client must be provided with adequate information to make an informed choice about contraceptive management methods, including:

(A) A general verbal or written review of all FDA-approved contraceptive methods, including sterilizations and emergency contraception, along with the opportunity for the client to ask questions. Documentation of this method education must be maintained in the client record;

(B) A description of the implications and consequences of sterilization procedures, if provided;

(C) Specific instructions for care, use, and possible danger signs for the selected method. Documentation of method-specific informed consent must be maintained in the client record;

(D) The opportunity for questions concerning procedures or methods; and

(E) Written information about how to obtain services for contraceptive management related complications or emergencies.

(d) Clinicians and other staff persons providing education and counseling must be knowledgeable about the psychosocial and medical aspects of reproductive health, and trained in client-centered counseling techniques. Staff must make referrals for more intensive counseling as indicated.

(8) Exceptions.

(a) School-based Health Centers are exempt from the requirement to make contraceptive methods available for on-site dispensing described in section (3) and subsection (5)(b) of this rule. Because some school boards prohibit dispensing contraceptives on school grounds, School-based Health Center providers may offer contraceptive methods to clients either on-site or by referral. When offered by referral, providers must have an established referral agreement in place, preferably with another FPEP provider. OFH must be notified of the parties involved in order to ensure proper billing and audit practices. When the referral provider participates in FPEP, that provider may submit claims directly to FPEP for reimbursement of the dispensed supplies. When referral providers do not participate in FPEP, payment arrangements must be made between the referring and receiving providers. Dispensing by any provider must not result in a charge to the client.

333-004-0070

Provider Enrollment

(1) An individual or organization must meet applicable licensing or regulatory requirements set forth by federal and state statutes, regulations, and rules to be enrolled and to bill as a provider. In addition, all providers of services within the state of Oregon must have a valid Oregon business license if such a license is a requirement of the state, federal, county or city government to operate a business or to provide services.

(2) Signing the medical services agreement constitutes agreement by providers to comply with all applicable rules of OFH and federal and state laws and regulations.

(3) An individual or organization that is currently subject to sanctions by DHS or the federal government is not eligible for enrollment.

(4) An FPEP project number and site number will be issued to an individual or clinic upon:

(a) Completion of the FPEP provider application and submission of the required documents;

(b) The signing of the medical services agreement and related forms by the provider or person authorized by the provider to bind the organization or individual to compliance with these rules;

(c) Verification of licensing or certification; and

(d) Approval of the application by OFH and DMAP.

(5) Issuance of a project number and site number establishes enrollment of an individual or organization as a provider for FPEP services.

(6) If a provider changes address, business affiliation, licensure, ownership, certification, billing agents or Federal Tax Identification Number (TIN), OFH must be notified in writing within 30 days of the change. Failure to notify OFH of a change of Federal Tax Identification Number may result in the imposition of a fine. Changes in business affiliation, ownership, and Federal Tax Identification Number may require the submission of a new application. Payments made to providers who have not furnished such notification may be recovered.

(7) Providers of services outside the state of Oregon may be enrolled under the following conditions:

(a) The provider is appropriately licensed or certified and meets standards established within the provider's state for participation in Medicaid; and

(b) The provider lives in a state contiguous to Oregon, and is within 75 miles of the Oregon border.

(8) Provider termination:

(a) The provider may terminate enrollment at any time. The request must be made to the OFH in writing, via certified mail, return receipt requested. The notice shall specify the provider number to be terminated and the effective date of termination. Termination of the provider enrollment does not terminate any obligations of the provider for dates of services during which the enrollment was in effect.

(b) FPEP provider terminations or suspensions by OFH and subsequent recovery of any payments may be for, but are not limited to the following reasons:

(A) Breaches of the medical services agreement;

ADMINISTRATIVE RULES

(B) Failure to comply with the statutes, regulations and policies of DHS, and federal or state regulations that are applicable to the provider;

(C) Loss of the appropriate licensure or certification; or

(D) Disenrollment from another state's Medicaid program.

(c) FPEP provider enrollment may be terminated by OFH due to inactivity. After 12 months of no claims activity, providers will be contacted by OFH regarding termination of program participation.

(9) The provider is entitled to a contested case hearing to determine whether the provider's project and site number will be revoked.

(10) In the event of bankruptcy proceedings, the provider must immediately notify OFH in writing.

Subject: The Department of Human Services, Public Health Division is permanently amending Oregon Administrative Rules chapter 333, division 250, to streamline and clarify rules pertaining to ambulance service licensing.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-250-0010

Definitions

(1) "Advanced Emergency Medical Technician (AEMT)" has the meaning given that term in OAR chapter 333, division 265.

(2) "Advertise" means to communicate information to the public, or to any person concerned, by any oral, written, or graphic means including, but not limited to, handbills, newspapers, television, billboards, radio, Internet and telephone directories.

(3) "Agent" means a medical or osteopathic physician licensed under ORS chapter 677, actively registered and in good standing with the Oregon Medical Board, a resident of or actively participating in the area in which the emergency service is located, designated by the supervising physician to provide direction of the medical services of EMTs and First Responders as specified in OAR chapter 847.

(4) "Ambulance" or "Ambulance Vehicle" means any privately or publicly owned motor vehicle, aircraft, or watercraft that is regularly provided or offered to be provided for the emergency transportation of persons who are ill or injured or who have disabilities.

(5) "Ambulance Based Clinician" means a registered nurse, physician, or physician assistant who:

(a) Has an active license in Oregon and is in good standing with the Oregon Board of Nursing or the Oregon Medical Board; and

(b) Staffs an ambulance for a licensed ambulance service.

(6) "Ambulance Service" means any person, governmental unit, corporation, partnership, sole proprietorship, or other entity that operates ambulances and that holds itself out as providing prehospital care or medical transportation to persons who are ill or injured or who have disabilities.

(7) "Ambulance Service Area (ASA)" means a geographic area served by one ground ambulance service provider, and may include all or portion of a county, or all or portions of two or more contiguous counties.

(8) "Business Day" means Monday through Friday when the Division is open for business, excluding holidays.

(9) "Division" means the Oregon Public Health Division, Emergency Medical Services and Trauma System Section, within the Department of Human Services.

(10) "Emergency Care" means the performance of acts or procedures under emergency conditions in the observation, care and counsel of the ill, injured or disabled; in the administration of care or medications as prescribed by a licensed physician, insofar as any of these acts is based upon knowledge and application of the principles of biological, physical and social science as required by a completed course utilizing an approved curriculum in prehospital emergency care. However, "emergency care" does not include acts of medical diagnosis or prescription of therapeutic or corrective measures.

(11) "Emergency Medical Responder" has the meaning given that term in OAR chapter 333, division 265.

(12) "Emergency Medical Technician" or "EMT" has the meaning given that term in OAR chapter 333, division 265.

(13) "EMS" means Emergency Medical Services.

(14) "EMS Medical Director" has the same meaning as "Supervising Physician" in ORS 682.025.

(15) "EMS Training Director" means a person who has the responsibility for coordinating EMS training, obtaining qualified instructors and maintaining the personnel training records for a licensed ambulance service.

(16) "EMT-Basic" has the meaning given that term in OAR chapter 333, division 265.

(17) "EMT-Intermediate" has the meaning given that term in OAR chapter 333, division 265.

(18) "EMT-Paramedic" or "Paramedic" has the meaning given that term in OAR chapter 333, division 265.

(19) "Employee" means any full-time paid or part-time paid person acting within the scope of his or her duties and for or on behalf of an ambulance service.

(20) "First Responder" has the meaning given that term in OAR chapter 333, division 265.

(21) "Fraud or Deception" means the intentional misrepresentation or misstatement of a material fact, concealment of or failure to make known any material fact or any other means by which misinformation or false impression is knowingly given.

(22) "License" means the documents issued by the Division to the owner of an ambulance service when the service and its ambulance are found to be in compliance with ORS Chapter 682, OAR chapter 333, division 255 and these rules.

(23) "Non-emergency Care" means the performance of acts or procedures on a patient who is not expected to die, become permanently disabled or suffer permanent harm within the next 24-hours, including but not limited to observation, care and counsel of a patient and the administration of medications prescribed by a physician licensed under ORS Chapter 677, insofar as any of those acts are based upon knowledge and application of the principles of biological, physical and social science and are performed in accordance with scope of practice rules adopted by the Oregon Medical Board in the course of providing prehospital care as defined by this rule.

(24) "Owner" means the person having all the incidents of ownership in an ambulance service or an ambulance or, where the incidents of ownership are in different persons, the person, other than a security interest holder or lessor, entitled to the possession of an ambulance vehicle or operation of an ambulance service under a security agreement or a lease for a term of 10 or more successive days.

(25) "Patient" means a person who is ill or injured or who has a disability and who is transported in an ambulance.

(26) "Person" means any individual, corporation, association, firm, partnership, joint stock company, group of individuals acting together for a common purpose, or organization of any kind and includes any receiver, trustee, assignee, or other similar representative thereof.

(27) "Physician" means a person licensed under ORS Chapter 677, actively registered and in good standing with the Oregon Medical Board as a Medical Doctor (MD) or Doctor of Osteopathic Medicine (DO).

(28) "Prehospital Care" means that care rendered by emergency medical technicians as an incident of the operation of an ambulance as defined by ORS chapter 682 and that care rendered by emergency medical technicians as incidents of other public or private safety duties, and includes, but is not limited to "emergency care" as defined by ORS Chapter 682.

(29) "Prehospital Care Report Form (PCRF)" means a Division-approved form or electronic field data format that is completed for all patients receiving prehospital assessment, care or transportation to a medical facility.

(30) "Procedure" means a written, dated and signed course of action to carry out a directive. A procedure must be able to answer the questions; who, what, why, when and where.

(31) "Volunteer" means a person who is working without wages and is acting within the scope of his or her duties for an ambulance service, but who may receive reimbursement for personal expenses incurred.

ADMINISTRATIVE RULES

333-250-0020

Application Process to Obtain an Ambulance Service License

(1) Every person who furnishes, operates, conducts, maintains, advertises, engages in, proposes to engage in, or professes to engage in the provision of ambulance service must apply for and receive an ambulance service license from the Division before offering such service to the public.

(2) The applicant for an ambulance service license must possess at least one ambulance, facilities, equipment, emergency medical personnel, staffing capabilities, communications system, and services meeting the requirements of ORS chapter 682 and these rules.

(3) An applicant for an ambulance service license must submit an application to the Division on a form specified by the Division. A completed application form must contain, at a minimum:

(a) The name and address of the person or public entity owning the ambulance service;

(b) If other than the applicant's true name, the name under which the applicant is doing business;

(c) If for a corporation, a limited partnership, or a limited liability company, attach to the application:

(A) A written statement from the Oregon Secretary of State's Corporation Division Office that the ambulance service is registered in accordance with the requirements of the Secretary of State's Corporation Division Office and that the ambulance service is in good standing and has filed all its annual reports, together with filing fees;

(B) The name of the registered agent of the ambulance service that is on file with the Secretary of State's Corporation Division Office; and

(C) All trade names recorded with the Secretary of State's Corporation Division Office for this business entity, and if this business entity is a subsidiary, all trade names or names of all other subsidiaries recorded with the Secretary of State's Corporation Division Office.

(d) If for a public agency, documentation from local city or county authorizing operation as an ambulance service.

(e) A copy of a signed signature authorization form or a power of attorney;

(f) The name of the principal contact person that the ambulance service wants contacted regarding official communications with the Division, if different than identified in subsection (3)(a) of this rule;

(g) The mailing and actual street address of the principal place of business of the ambulance service and the actual street address of all fixed locations where an ambulance is parked when not in operation;

(h) Proof of financial responsibility as specified in ORS 682.105. Proof must be in the form of a certificate of insurance;

(i) Copies of all licenses issued by the Federal Communications Commission (FCC) for the operation of the ambulance service's communications equipment and radio configuration data as required by the Division or written authorization from a FCC license holder to use the license holder's frequencies;

(j) If laboratory tests are conducted that require a license, a copy of that license;

(k) A copy of the operator's Air Carrier Operating Certificate, if the service will be operating an air ambulance;

(l) A copy of the operator's US Coast Guard Certificate of Compliance, if the service will be operating a marine ambulance;

(m) Copies of all telephone book yellow pages, where ambulance service advertising appears;

(n) A copy of a Prehospital Care Report Form or electronic field data format, which must be approved by the Division, if not using the Division's Prehospital Care Report Form;

(o) A roster of all emergency medical personnel, ambulance based clinicians, and ambulance operators in alphabetical order, who shall either operate an ambulance or attend to patients, or both, along with the following information for each employee and volunteer:

(A) The full legal name;

(B) The employment status as either full-time paid, part-time paid or volunteer;

(C) The level of professional certification or license held; and

(D) The certification or other license numbers, including driver and pilot license numbers for those persons operating the ambulance.

(p) A list of all ambulances to be operated by the ambulance service under the ambulance service license along with the information required for an ambulance license pursuant to ORS chapter 682 and these rules;

(q) A statement under the penalties of perjury that certifies the following:

(A) There has been no attempt to knowingly and willfully falsify, conceal, or omit a material fact, or make any false, fictitious, incomplete or

fraudulent statements or representations, or make or use any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry for the purpose of obtaining or attempting to obtain an ambulance service license to operate in the State of Oregon. Where an applicant relies on documents submitted by employees, volunteers or agents, the applicant has made a reasonable effort to verify the validity of those documents;

(B) The applicant authorizes any persons or entities, including but not limited to hospitals, institutions, organizations, or governmental entities to release to the Division any information, files, or records requested by the Division in connection with the processing of an application; and

(C) Upon receiving an ambulance service license, the licensee authorizes disclosure of information by insurance companies, physicians, health care facilities, including but not limited to hospitals, nursing homes, or free standing medical centers, to the Division relating to service provided by the ambulance service to those facilities or to patients being taken from or to those facilities.

(r) The completed application must contain the signature(s) of the person(s) having the lawful responsibility for the overall operation of an ambulance service or the person having the power of attorney, or the authorized person empowered to sign on behalf of the ambulance service; and

(s) Such other information as the Division may reasonably require.

(4) If the applicant's primary ambulance service business office is located in another state, the applicant must:

(a) Meet requirements listed in sections (1) through (3)(s) of this rule; and

(b) Attach copies of their current ambulance service and ambulance license(s) for that state to the application.

(5) The completed application to license an ambulance service must be accompanied by a nonrefundable licensing fee of:

(a) \$75, when the service has a maximum of four full-time paid positions; or

(b) \$250, when the service has five or more full-time paid positions.

(6) Upon review of the completed initial application and nonrefundable fee, the Division shall schedule an inspection of the applicant's facilities, records and ambulances. The applicant must successfully complete the inspection to be issued an ambulance service license. A license shall be issued within 10 business days of successful inspection.

Ambulance Service Operational Requirements

(1) The licensee must ensure that the service, employees, volunteers and agents:

(a) Comply with all of the requirements of ORS Chapter 682, ORS 820.300 through 820.380 and other applicable federal, state and local laws and regulations governing the operation of a licensed ambulance service;

(b) Notify the Division, upon making initial application or within 14-days of the date of registration, of any new "trading as", "division of", or "doing business as" names utilized by the licensee; and

(c) Transport only patients for which it has the resources to provide appropriate medical care and transportation unless in transfers between medical facilities, the sending or receiving facility has provided medically appropriate life support measures, personnel, and equipment to sustain the patient during the transfer.

(2) The licensee shall document that each employee or volunteer:

(a) Is provided an initial orientation program that addresses, at a minimum, the ambulance service standing orders, ambulance service policies and procedures, driving and operating requirements for ambulance vehicles, and operations of equipment. The initial orientation program must be completed prior to the employee or volunteer being allowed to staff an ambulance; and

(b) Has access to current copies of these rules, and the documents referred to within these rules that are incorporated by reference.

(3) The licensee must have written procedures to carry out daily ambulance service operations. Procedures must include, but are not limited to:

(a) Bloodborne pathogen procedures that are in compliance with OAR chapter 437;

(b) The storage of medications including controlled substances if authorized by the EMS Medical Director. This procedure must meet Oregon Board of Pharmacy requirements in OAR chapter 855 and US Drug Enforcement Administration requirements found in 21 CFR 1301.75(b).

ADMINISTRATIVE RULES

(c) The destruction of outdated medications including controlled substances if authorized by the EMS Medical Director. This procedure must meet Oregon Board of Pharmacy Requirements found in OAR chapter 855 and US Drug Enforcement Administration requirements found in 21 CFR 1307.21.

(d) A procedure for notifying the licensee when an employee is impaired by excessive fatigue, illness, injury or other factors that may reasonably be anticipated to constitute a threat to the health and safety of patients or the public;

(e) The reporting of suspected child abuse as required in ORS 419B.005 through 419B.050; and

(f) The reporting of suspected elderly abuse as required in ORS 124.050 through 124.095.

333-250-0041

Ambulance Service Personnel Educational Requirements and Quality Improvement

(1) The licensee shall provide, coordinate, and document the following:

(a) An orientation program for all new emergency medical personnel, ambulance based clinicians and ambulance operators. The initial orientation program must include but is not limited to the subjects listed in OAR 333-250-0040(2)(a); and

(b) The training of all emergency medical personnel and ambulance based clinicians on the proper use of any new equipment, procedure or medication prior to being placed into operation on an ambulance.

(2) Before the licensee permits a person to staff an ambulance, the licensee shall ensure that the person has current training that includes but is not limited to:

(a) Bloodborne pathogen and infectious disease training that meets or exceeds standards found in OAR chapter 437;

(b) Hazardous materials awareness training that meets or exceeds the Oregon Occupational Safety and Health Division standards found in OAR chapter 437;

(c) Emergency ground ambulance operator's training that meets Division standards when operating a ground ambulance;

(d) Air medical crew training that meets Division standards when operating an air ambulance; and

(e) Marine crew training that meets Division standards when operating a marine ambulance.

(3) The licensee shall ensure that there is verifiable written documentation placed in the employee's or volunteer's training file that the employee or volunteer has completed the training and the documentation shall include when and where the training was obtained.

(4) Any EMS related or required continuing education offered by the licensee or designee must be documented as follows:

(a) A class roster that contains:

(A) Name of the ambulance service;

(B) Name of the instructor;

(C) Full name of the person attending the class;

(D) Class date;

(E) Class subject; and

(F) Class length; or

(b) A computer-generated printout history of an individual's continuing education record that contains:

(A) The full name of the person or employee;

(B) Name of the ambulance service;

(C) Class dates;

(D) Class subjects; and

(E) Class lengths.

(5) Documentation required in section (4) of this rule must be maintained in a secure manner with limited access for a minimum of four years.

(6) The licensee must establish a procedure to release copies of all records of continuing education completed by an emergency medical technician, emergency medical responder or employee through the service in a verifiable format to the requesting party within five business days of being requested.

(7) The licensee must have a written quality improvement program that is approved by the EMS Medical Director.

(8) To assist the licensee and the EMS Medical Director in determining if appropriate and timely emergency medical care was rendered, the

ambulance service designated official may request the following information from the hospital receiving the patient as authorized by ORS 682.056:

(a) Patient admit status and unit admitted to;

(b) Any procedure listed in section D04_04 of the National Highway Transportation Safety Administration dataset dictionary, version 2.2.1, and performed on the patient within the first hour of being admitted;

(c) Any medication administered to the patient within the first hour of being admitted; and

(d) Trauma system entry by emergency department staff.

(9) Information provided under section (8) of this rule is considered confidential pursuant to ORS 682.056. Any employee or volunteer participating in a quality improvement session must have a signed confidentiality statement in their personnel file.

(10) If the licensee accepts students for EMT-Paramedic internships from an accredited teaching institution, the licensee must:

(a) Have a signed and dated contract with each teaching institution providing internship students; and

(b) Use qualified preceptors, as defined by OAR 333-265-0000, who will be assigned to supervise, document and evaluate the Paramedic interns.

333-250-0042

Ambulance Operational Requirements

(1) The licensee must ensure that the service, employees, volunteers and agents providing ground ambulance service:

(a) Comply with all applicable statutes in the 2007-2008 Oregon Motor Vehicle Codes relating to motor vehicle and emergency vehicle operations, ORS 820.300 through 820.380 and ORS Chapter 445.

(b) Successfully complete an emergency vehicle operator's course of instruction prior to independently operating an ambulance. The course must meet or be equivalent to the National Safety Council for Emergency Vehicle Operators Course (CEVO 2 or 3) or National Fire Protection Agency (NFPA) Driver.

(c) Comply with the licensee's procedures.

(2) A licensee shall have a procedure:

(a) Detailing the operation of an ambulance for both emergency and non-emergency situations;

(b) To remove an ambulance from service when the mechanical condition of an ambulance is sufficiently unreliable so as to endanger or potentially endanger the health, safety, or welfare of a patient or crew member;

(c) To handle a mechanical breakdown and to repair or replace a damaged tire or wheel when the ambulance is in operation; and

(d) Detailing what steps are to be followed when an ambulance is involved in an accident. The procedure must include the submission of a legible copy of the Department of Motor Vehicles Accident Report to the Division within 10 business days of the accident.

(3) The licensee must ensure that the service, employees, volunteers and agents providing air ambulance service:

(a) Comply with the Federal Acquisition Regulation (FAR), 14 CFR Part 135 of the Operating requirements; Commuter and on demand operations and rules governing persons on board such aircraft; and

(b) Successfully complete the 2004 Association of Air Medical Services (AAMS) Guidelines or equivalent. There must also be an annual review of the Air Medical Crew course material, the length of which must be established by the EMS Medical Director.

(4) A licensee may only utilize an ambulance for the provision of providing ambulance service that has been issued a license by the Division and that complies with all requirements of ORS Chapter 682, OAR chapter 333, division 255, and these rules.

(5) A licensee must not allow or schedule an employee or volunteer to serve on an ambulance who is impaired by excessive fatigue, illness, injury or other factors that may reasonably be anticipated to constitute a threat to the health and safety of patients or the public.

333-250-0043

Ambulance Service Personnel Record Keeping and Reporting Requirements

(1) The licensee must:

ADMINISTRATIVE RULES

(a) Maintain a complete and current personnel file, training file, and/or medical file for each employee and volunteer, including but not limited to:

- (A) Full name;
- (B) Current home mailing address;
- (C) Affiliation status, listed as either an employee full-time paid, employee part-time paid, volunteer, or agent;
- (D) Copies of:

(i) Reportable actions forms or E-4 as required under OAR 333-250-0043(5);

- (ii) Applicable professional certificates or licenses;
- (iii) A current driver's license;
- (iv) A current pilot's license if the employee or volunteer operates an air ambulance;

(v) A certified court printout of initial driver's license check done through the Oregon Department of Motor Vehicles Automated Reporting System Program or equivalent reporting program as approved by the Division, and any subsequent reported convictions, accidents or license suspensions. If the driver has an out-of-state driver's license, the licensee must participate in a similar program for that state, if available and if not available, conduct an annual driving record check; and

(vi) Current healthcare provider CPR card or proof of course completion that meets or exceeds the 2005 American Heart Association ECC guidelines or equivalent standards approved by the Division.

(b) If the licensee contracts with or employs ambulance based clinicians for the purpose of providing advanced level care, the licensee shall ensure that the clinicians:

(A) Meet all of the applicable requirements in OAR chapter 333, division 250;

(B) Have documentation of a current Advanced Cardiac Life Support course or other Division-approved equivalent course completion;

(C) Have documentation of current Pediatric Advanced Life Support or other Division-approved equivalent course completion; and

(D) Have documentation of completing a current Prehospital Trauma Life Support, Basic Trauma Life Support, Trauma Emergency Assessment Management or Trauma Nurse Core Course. The Trauma Emergency Assessment Management and Trauma Nurse Core Course must include a supplemental prehospital rapid extrication training session.

(c) Documentation that an employee or volunteer has completed:

(A) An ambulance service initial orientation program that includes requirements set forth in OAR 333-250-0040(2)(a) and (b);

(B) A bloodborne pathogen and infectious disease training course that meets standards found in OAR 437-002-0360 and 437-002-1030 and an annual refresher training course;

(C) A Hazardous Materials Awareness training course that meets or exceeds the Oregon Occupational Safety and Health Division standards found in OAR chapter 437 and an annual refresher training course;

(D) A Division-approved emergency vehicle operator's course for ground ambulance drivers only. The course must meet or be equivalent to the standards of the National Safety Council for Emergency Vehicle Operators Course, (CEVO II-IIIAMB) or NFPA Driver;

(E) The US Department of Transportation's Air Medical Crew National Standard Curriculum course or equivalent and annual refresher training for persons staffing air ambulances only;

(F) Initial Tuberculosis (TB) screening and any subsequent TB screenings;

(G) Hepatitis-B immunizations or a signed statement of declination;

(H) A signed statement by a driver not certified or licensed through the Division that they are:

(i) Not addicted to alcohol or controlled substances and are free from any physical or mental condition that might impair the ability to operate or staff an ambulance; and

(ii) Physically capable of assisting in the extrication, lifting and moving of a patient.

(2) A licensee shall have documentation of items listed in section (1) of this rule prior to the employee or volunteer being allowed to independently staff an ambulance. Note: an employee or volunteer must begin the Hepatitis-B immunization series or have a signed statement of declination prior to independently staffing an ambulance.

(3) All records relating to an ambulance service's operations must be retained by the licensee or the licensee's successors or assigns for not less than seven years from the date of implementation, purchase, dispatch, etc., or longer if so required by law or regulation. The record keeping mechanism may be in any permanent form including paper or on magnetic media

provided that the information can be made readily available for inspection by the Division.

(4) The licensee must promptly submit to the Division such information, including survey information, that the Division may reasonably require.

(5) The licensee must submit a completed Division-approved reportable action or E-4 form to the Division, within the times specified, for any of the following actions:

(a) Hiring a new employee or volunteer, within 14 business days;

(b) Terminating or suspending an employee or volunteer for cause, within 14 business days; and

(c) Disciplinary action taken by the licensee or the EMS Medical Director for unprofessional conduct as listed in OAR 333-265-0000, within 14 business days.

333-250-0044

Prehospital Care Report Form or Electronic Field Data Form Completion Requirements

(1) The licensee must complete a PCRf in each instance where an ambulance arrives on the scene and patient contact is initiated.

(2) A complete PCRf or electronic field data form as specified by the Division must be prepared by ambulance personnel and delivered to appropriate hospital staff at the time patient care is transferred, unless the PCRf is provided electronically under section (3) of this rule.

(3) If a PCRf is provided via electronic format, a licensee shall ensure that personnel verbally relay pertinent patient care information to hospital staff prior to leaving the hospital. A completed electronic report must be submitted to the hospital at a location designated by the hospital within 12 hours of the patient being transported to the hospital.

(4) If the ambulance crew is unable to complete the PCRf at the time patient care is transferred, the ambulance crew may depart after receiving verbal verification from an emergency department employee involved with providing patient care that sufficient patient information has been transferred to support safe and timely continuation of patient care.

(5) The licensee must return the ambulance crew to the hospital when requested by the attending physician for the purpose of obtaining the completed PCRf or additional patient care information. If acceptable to the attending physician, a completed PCRf can be faxed or electronically sent to the hospital;

(6) A licensee must ensure that a PCRf or electronic field data form contains data points as defined by version 2.2.1 of the National Highway Transportation Safety Administration Uniform Pre-Hospital Emergency Medical Services Dataset; and

(a) For any patient meeting the criteria for trauma patient as defined in OAR 333-200-0010(26):

(A) Trauma band number; and

(B) Triage criteria as defined in OAR 333-200-0010, Exhibit 2.

(7) Notwithstanding the requirements in this rule, a completed PCRf or electronic field data form is not required when there is a disaster or a multiple patient incident consisting of more than five patients or the number of patients prescribed in the county's ASA plan, and which results in a single ambulance transporting two stretcher patients at the same time or when an ambulance is required to make more than one trip to and from the incident site. In those situations, a completed triage tag that includes listing of the trauma systems identification bracelet number, recording of the times and results of all vital signs taken and the times, name and dosage of any medication given is acceptable patient care documentation. However, every reasonable attempt must be made by the ambulance personnel or ambulance based clinicians to complete an approved PCRf or electronic field data form for each patient at the conclusion of the incident.

333-250-0045

Storage, Release and Destruction of Prehospital Care Report Form Requirements

(1) The licensee is responsible for:

(a) Providing secure storage of PCRfs, with limited access to the PCRfs by office and ambulance personnel;

(b) Providing that the PCRfs are organized in a manner that will allow an authorized ambulance service representative to locate a PCRf

ADMINISTRATIVE RULES

within a reasonable amount of time, given a patient's name and the date and time of the ambulance call;

(c) Establishing a procedure for when a copy of the PCRf may be released to a medical facility receiving the patient, the patient, the patient's family, the patient's legal guardian, an insurance company, an attorney, a law enforcement officer, or a law enforcement agency;

(d) Protecting the confidentiality of patient information during quality improvement sessions by limiting access to the PCRf and having all persons having access to PCRfs sign a confidentiality statement; and

(e) Establishing a procedure for the method and verification of the destruction of a PCRf:

(A) Except for a minor patient, unless a patient is notified, an ambulance service may not destroy a medical record or report about a patient for 10 years after the record or report is made, or longer if so required by law or regulation.

(B) In the case of a minor patient, a medical record or report about a minor patient may not be destroyed until the patient attains the age of majority plus three years or for 10 years after the record or report is made, whichever is later, unless the parent or guardian of the minor patient is notified.

(i) Notification of a minor patient or the parent or guardian of the minor patient of the potential destruction of a prehospital care report must:

(I) Be made by first class mail to the last known address of the patient;

(II) Include the date on which the record of the patient shall be destroyed; and

(III) Include a statement that the record or synopsis of the record, if wanted, must be retrieved at a designated location within 30-days of the proposed date of destruction.

(2) Under no circumstances shall an employee, volunteer or agent make a copy of a PCRf for their own personal record or remove the original or a copy of a completed PCRf from the licensee's files or facilities without having written approval of the licensee.

(3) All PCRfs must be made available for inspection and duplication when requested by the Division as authorized by ORS 41.675 and 41.685.

333-250-0046

Ambulance Service Communications and Dispatching Operational Requirements

(1) The licensee is responsible for:

(a) Having a valid license from the Federal Communications Commission (FCC) to operate an EMS radio on assigned frequencies, or proper authorization from another agency holding a valid FCC license to operate on designated radio frequencies;

(b) Having 24-hour-a-day phone answering and dispatching capabilities or having a signed agreement or contract with a recognized primary or secondary Public Safety Answering Point (PSAP), who will provide telephone answering and emergency dispatching services;

(c) Providing a reliable means of alerting and communicating with an ambulance crew before, during and after an ambulance call;

(d) Immediately routing all emergency calls received from the public on any of the licensee's 10-digit telephone number to the primary PSAP. When a licensee receives a request for an emergency ambulance and the licensee is a recognized secondary PSAP, the licensee shall dispatch the ambulance and notify the primary PSAP for coordination of other emergency responder agencies;

(e) Ensuring that any request for an ambulance received on the licensee's 10-digit telephone number is answered by a live person or that there is an answering machine referring the caller to the appropriate emergency telephone number; and

(f) Maintaining ambulance dispatch records as prescribed in ORS 820.330 and 820.340. The records must be kept by the licensee or the licensee must have a signed agreement with the PSAP, service or agency that provides telephone answering and dispatching services that they will maintain and make available copies of the official dispatch records for a minimum of seven years.

(2) When the licensee employs dispatchers for the purpose of answering the telephone, taking information regarding the need for an ambulance and dispatching the ambulance, the dispatcher must have written documentation of completing:

(a) The Department of Public Safety Standards and Training's Emergency Medical Dispatcher's Course or equivalent; and

(b) Four hours of annual refresher training for dispatchers that meets the standards set forth by the Department of Public Safety Standards and Training.

(3) Air ambulance must meet Federal Acquisition Regulation (FAR), 14 CFR Part 135 of the Operating requirements; Commuter and on demand operations and rules governing persons on board such aircraft.

333-250-0047

Ambulance Service EMS Medical Director Operational Requirements

(1) The licensee must have a single EMS Medical Director except:

(a) When the licensee operates in non-contiguous counties, then the licensee may have one EMS Medical Director in each non-contiguous county of operation; or

(b) Where a county or regional EMS system prescribes that multiple agencies within a county or region must have a governmentally appointed EMS Medical Director, that agency may have a different EMS Medical Director in contiguous counties. In this event, the signed agreement or contract may be between the EMS Medical Director and the county or regional EMS system.

(2) The licensee must ensure that the EMS Medical Director:

(a) Meets the requirements and duties as prescribed in OAR 847-035-0020 through 847-035-0030;

(b) Has a written set of treatment protocols for each level of service offered by the licensee; and

(c) Has a signed and dated agreement or contract with the licensee.

(3) When an EMS Medical Director authorizes the administration of controlled substances, the EMS Medical Director must have on file with the licensee:

(a) A US Drug Enforcement Administration License listing the name of the ambulance service and address where the controlled substances are stored when not on an ambulance; and

(b) A signed and dated procedure as to the amount stored on the ambulance and how controlled substances will be stored, accessed, recorded, administered, destroyed and secured. It is the responsibility of the EMS Medical Director to ensure that the procedure meets the minimum US Drug Enforcement Administration requirements found in 21 CFR 1301.75(b).

(4) The licensee must notify the Division in writing of:

(a) The denial, suspension, or voluntary surrender of an EMS Medical Director's medical license or US Drug Enforcement Administration license within 72 hours; and

(b) A change in the EMS Medical Director, 21-days prior to the change.

Stat. Auth.: ORS 682.017

333-250-0048

Ambulance Service Ambulance Personnel Operational Requirements

(1) The licensee must ensure that the service, employees, volunteers and agents meet the personnel requirements as prescribed in these rules.

(2) The licensee must not schedule or allow an employee or volunteer to serve on an ambulance who is impaired by excessive fatigue, illness, injury or other factors that may reasonably be anticipated to constitute a threat to the health and safety of patients or the public.

(3) The licensee shall require each person staffing an ambulance or providing prehospital emergency or non-emergency care to display his or her level of certification or licensure on the outermost garment of his or her usual work uniform at all times while staffing an ambulance or rendering patient care, and shall make reasonable efforts to display this information under other circumstances.

(4) The licensee shall ensure that any emergency medical personnel, ambulance based clinicians or ambulance operators:

(a) Are trained to properly operate all ambulances and equipment that he or she is authorized to use; and

(b) Are physically capable and have the ability to lift and move patients and assist in extrication of patients when necessary.

(5) The licensee shall not permit employees or volunteers to operate an ambulance, equipment, or have patient contact if:

(a) They are taking any medications that could impair safe operation and handling of the ambulance, equipment, or patient; or

(b) The employee or volunteer has consumed any alcoholic beverages within the last eight hours.

Stat. Auth.: ORS 682.017

ADMINISTRATIVE RULES

Stats. Implemented: ORS 682.017 - 682.117, 682.991

333-250-0049

Ambulance Service Housing of Personnel, Ambulance and Equipment Operational Requirements

- (1) The licensee must provide:
 - (a) An area where an employee or volunteer working a 24-hour shift may sleep or rest;
 - (b) An area equipped with adequate toilet, hand-washing and shower facilities with hot and cold running water, antiseptic soap and clean towels for hand and body drying. If the ambulance service facility does not have shower facilities, the licensee must have a signed agreement or contract with a medical facility or other entity to make available shower facilities to ambulance personnel for the purpose of showering after coming in contact with medical or other biohazardous waste;
 - (c) Separate areas for clean and soiled linen receptacles in accordance with the applicable Oregon Occupational Safety and Health Division and other rules governing the handling of special medical wastes;
 - (d) A designated secure area for storing, or an alternate method and a procedure for identification and storage of, all medications which are deteriorated, outdated, misbranded, adulterated or otherwise unfit for use. This area or procedure must provide for the physical separation of defective supplies so that products are not confused with usable products. Security procedures for unusable medications, fluids and controlled substances must be the same as for usable supplies;
 - (e) A separate area to place clearly marked "out of service" malfunctioning patient care equipment until the equipment has been repaired or replaced or enforces a procedure for an alternate method of identification and storage to assure that defective equipment will not be used; and
 - (f) A reasonable inventory of patient care equipment, supplies and medications, properly secured, or in the alternative, a signed agreement with a medical facility that the medical facility will provide the patient care equipment, supplies, and medications.

(2) A licensee shall ensure that:

- (a) Controlled substances, when authorized by the EMS Medical Director, are stored, accessed, inventoried, administered, destroyed and secured in a manner consistent with the signed and dated procedure established by the EMS Medical Director. The procedure must be in accordance with the regulations promulgated by the US Drug Enforcement Administration (DEA) found in 21 CFR 1301.75(b).
- (b) A copy of the EMS Medical Director's DEA license is maintained in a secure manner, inaccessible to the public, at each fixed ambulance location where controlled substances are stored other than in the ambulance.
- (c) Pharmacological and medical supplies with expiration dates affixed thereon by the manufacturer or packager are removed from service no later than the expiration date. Expired pharmacological and medical supplies must be disposed of in accordance with applicable laws and regulations.
- (d) Medications and equipment are stored in a manner that protects viability and proper operation; and
- (e) Ambulances available for or subject to a call are maintained to allow immediate starting of the engine and to prevent medications and medical supplies from becoming environmentally degraded.

333-250-0060

Right of Entry and Inspection of an Ambulance Service and Ambulance

- (1) The Division may conduct an inspection for the purpose of evaluating the eligibility of an ambulance service or an ambulance to receive or retain a license and to ensure the health, safety, and welfare of the persons who utilize ambulances. Ambulance services that acquire and maintain current status with a nationally recognized EMS service program accreditation entity that meets or exceeds Oregon requirements may be exempted from the inspection process. A copy of the inspection report from the nationally recognized EMS service program accreditation entity must be filed with the Division for approval.
- (2) Routine inspections of an ambulance service or an ambulance must be scheduled with the management of the ambulance service at least 72-hours in advance of the inspection unless otherwise mutually agreed upon by the Division and the ambulance service representative.

(3) Investigative inspections for the purpose of ensuring continued compliance with ORS chapter 682 and these rules do not require giving advanced notice to the licensee.

(4) In conducting an inspection or interview, the Division representative must:

- (a) Identify him or herself by presenting the Division identification to the owner, manager, or ranking employee or volunteer present at the site of an inspection or interview;
- (b) Inform the ambulance service representative of the purpose for the inspection or interview; and
- (c) Inform the ambulance service representative when the inspection or interview has been completed and the results of the inspection only.

(5) The Division may make photographic or video-graphic documentation as part of an inspection for or an investigation of non-compliance with ORS Chapter 682 and these rules.

(6) Failure of the licensee to produce records for inspection or to permit examination of equipment and facilities by the Division shall be grounds for the denial, suspension or revocation of an ambulance service or ambulance license.

(7) The Division may accept local city or county governing body inspections that meet or exceed requirements outlined in ORS Chapter 682 and OAR chapter 333, divisions 250 and 255 in lieu of an inspection by the Division.

Denial, Suspension, or Revocation of an Ambulance Service License or Placing an Ambulance Service on Probation

(1) Conduct subjecting an ambulance service to discipline means conduct unbecoming a person who is either applying for or holds an ambulance service license and is detrimental to the best interest of the public and includes, but is not limited to the conduct listed in this rule.

(2) The Division may, in accordance with the provisions of ORS Chapter 183, deny, suspend, or revoke an ambulance service license or ambulance license. The Division may also place an ambulance service on probation, the terms of which shall be established by the Division. In addition to or in lieu of probation, suspension or revocation, the Division may cite an ambulance service for a violation and request corrective action.

(3) An individual, firm, partnership, limited liability company, corporation, association, or organization shall be considered in violation of ORS Chapter 682 and these rules if the Division determines that the individual, firm, partnership, limited liability company, corporation, association, or organization has done any of the following:

(a) Been convicted of a crime, including conviction of Medicare or Medicaid fraud, relating adversely to the person's capability of owning or operating an ambulance service;

(b) Violated ORS Chapter 682 or any of these rules, which poses a significant threat to the health and safety of the public;

(c) Made a material omission or misrepresentation of facts on an application for a license or waiver, or in response to an inquiry or investigation. This includes fraud or deceit in obtaining or attempting to obtain a license or waiver or in any other transaction with the Division;

(d) Failed to employ or contract for an approved EMS Medical Director, or to operate under the direction of an EMS Medical Director appointed by an appropriate governmental authority;

(e) Failed to have medical equipment and supplies required for operation at the highest level of service provided;

(f) Lent a license or borrowed or used the license of another, or knowingly aided or abetted the improper granting of a license;

(g) Defaced, altered, removed or obliterated any portion of any official entry upon a license, licensing decal, or waiver issued by the Division;

(h) Refused to respond to or render prehospital emergency care as required by protocol because of a patient's race, sex, creed, national origin, sexual preference, age, handicap, medical problem, or financial inability to pay;

(i) Failed to promptly notify the Division of a change of ownership, or to report any matter the reporting of which is required by ORS 682.220(4);

(j) Disclosed medical or other confidential information;

(k) Altered or inappropriately destroyed medical records;

(l) Willfully prepared or filed false reports or records, or induced another to do so;

(m) Engaged in a pattern of any of the following:

ADMINISTRATIVE RULES

(A) Incompetence, negligence or misconduct in operating the ambulance service or in providing emergency medical care and transportation to patients;

(B) Abuse or abandonment of patients;

(C) Failure to comply with the county ASA plan, area trauma plan, or other lawfully promulgated policies, plans, or procedures;

(D) Failure to meet response time standards as prescribed by the county ASA plan or if no ASA plan is in effect, the area trauma plan;

(E) Misuse or misappropriation of medications or medical materials; and

(F) Other conduct determined by the Division to pose a significant threat to the public health and safety and the well being of ambulance patients.

(n) Failed to comply with the minimum personnel requirements or failed to have the required equipment in working order on an ambulance as prescribed in these rules;

(o) Had a continuing pattern of violations over a period of two or more years;

(p) Failed to submit a reasonable timetable to correct the violations cited by the Division;

(q) Interfered with the performance of the Division's duties; and

(r) Failed to pay all applicable licensing fees or civil penalties set by the Division.

(4) Upon receipt of a sufficient written or verbal complaint describing specific violations of ORS Chapter 682 or any other relevant statute or rule, the Division shall initiate an investigation of the allegations. The Division does not have jurisdiction over and shall not take action on complaints that relate solely to rates charged a patient by an ambulance service.

(5) When an ambulance, upon inspection by the Division, manifests evidence of a mechanical or equipment deficiency, which poses a significant threat to the health or safety of patients or crew, the Division shall immediately suspend that ambulance from operation. No ambulance that has been suspended from operation may be operated until the licensee has certified and the Division has confirmed that all of the violations have been corrected.

(6) The Division shall confirm by inspection or other appropriate means that all violations have been corrected within 48-hours of notification by the licensee. The licensee must notify the Division of corrections by personal telephone contact (voice mail messages will suffice), or facsimile, or in person during normal business hours. Notifications received by facsimile after 4:30 p.m. on a weekday or at any time on a weekend will be deemed received at 8 a.m. on the next workday. Telephonic notifications shall be deemed received at the time actual voice contact between the licensee and the Division's ambulance service licensing program representative or designee is established.

(7) In the event that a license is suspended or revoked, the licensee must cease ambulance service operations and no person except the Division may permit or cause the service to continue.

(8) The licensee must return all indications of licensing, including certificates and the remains of ambulance license decals to the Division by registered mail, posted within 48-hours of either receipt of notification of suspension or revocation or the effective date of revocation, whichever is later.

(9) The Division shall notify applicable local government, county ASA administrator, and supervising physician of the suspension or revocation of an ambulance service license, or the placing of a service on probation.

(10) The Division may assess civil penalties up to \$5000 per violation against any entity or person licensed under these rules or subject to licensure under these rules for a violation of ORS Chapter 682 or these rules.

(11) If a principal owner of an ambulance service has had its ambulance service license revoked, following the opportunity for a hearing as provided by ORS Chapter 183, that person shall not be eligible to apply for or hold an ambulance service license for a period of two years from the date of revocation as specified in ORS Chapter 682.

Subject: The Department of Human Services, Public Health Division is permanently amending Oregon Administrative Rules chapter 333, division 255, to streamline and clarify rules pertaining to ambulance vehicle licensing.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-255-0000

Definitions

(1) "Advanced Emergency Medical Technician (AEMT)" has the meaning given that term in OAR chapter 333, division 265.

(2) "Ambulance" or "Ambulance Vehicle" means any privately or publicly owned motor vehicle, aircraft, or watercraft that is regularly provided or offered to be provided for the emergency transportation of persons who are ill or injured or who have disabilities.

(3) "Ambulance Based Clinician" means a Registered Nurse, Physician, or Physician Assistant who:

(a) Has an active license in Oregon and is in good standing with the Oregon Board of Nursing or the Oregon Medical Board; and

(b) Staffs an ambulance for a licensed ambulance service.

(4) "Ambulance Service" means any person, governmental unit, corporation, partnership, sole proprietorship, or other entity that operates ambulances and that holds itself out as providing prehospital or medical transportation to persons who are ill or injured or who have disabilities.

(5) "Ambulance Service Area (ASA)" means a geographic area served by one ground ambulance service provider, and may include all or portion of a county, or all or portions of two or more contiguous counties.

(6) "Business day" means Monday through Friday when the Division is open for business, excluding holidays.

(7) "Division" means the Oregon Public Health Division, Emergency Medical Services and Trauma System Section, within the Department of Human Services.

(8) "Emergency Care" means the performance of acts or procedures under emergency conditions in the observation, care and counsel of the ill, injured or disabled; in the administration of care or medications as prescribed by a licensed physician, insofar as any of these acts is based upon knowledge and application of the principles of biological, physical and social science as required by a completed course utilizing an approved curriculum in prehospital emergency care. However, "emergency care" does not include acts of medical diagnosis or prescription of therapeutic or corrective measures.

(9) "EMS" means Emergency Medical Services.

(10) "EMS Medical Director" has the same meaning as "Supervising Physician" in ORS 682.025.

(11) "Emergency Medical Responder" has the meaning given that term in OAR chapter 333, division 265.

(12) "Emergency Medical Technician" or "EMT" has the meaning given that term in OAR chapter 333, division 265.

(13) "EMT-Basic" has the meaning given that term in OAR chapter 333, division 265.

(14) "EMT-Intermediate" has the meaning given that term in OAR chapter 333, division 265.

(15) "EMT-Paramedic" has the meaning given that term in OAR chapter 333, division 265.

(16) "First Responder" has the meaning given that term in OAR chapter 333, division 265.

(17) "In Operation" means the time beginning with the initial response of the ambulance and ending when the ambulance is available to respond to another request for service. An ambulance that transports a patient becomes available to respond when the care of the patient has been transferred to the staff of a hospital or other health care facility.

(18) "License" means the documents issued by the Division to the owner of an ambulance service when the service and its ambulances are found to be in compliance with ORS Chapter 682, OAR chapter 333, division 250 and these rules.

(19) "Non-emergency Care" means the performance of acts or procedures on a patient who is not expected to die, become permanently disabled or suffer permanent harm within the next 24-hours, including but not limited to observation, care and counsel of a patient and the administration of medications prescribed by a physician licensed under ORS Chapter 677, insofar as any of those acts are based upon knowledge and application of the principles of biological, physical and social science and are performed

ADMINISTRATIVE RULES

in accordance with scope of practice rules adopted by the Oregon Medical Board in the course of providing prehospital care as defined by this rule.

(20) "Owner" means the person having all the incidents of ownership in an ambulance service or an ambulance or, where the incidents of ownership are in different persons, the person, other than a security interest holder or lessor, entitled to the possession of an ambulance vehicle or operation of an ambulance service under a security agreement of a lease for a term of 10 or more successive days.

(21) "Patient" means a person who is ill or injured or who has a disability and who is transported in an ambulance.

(22) "Person" means any individual, corporation, association, firm, partnership, joint stock company, group of individuals acting together for a common purpose, or organization of any kind and includes any receiver, trustee, assignee, or other similar representatives thereof.

(23) "Physician" means a person licensed under ORS Chapter 677, actively registered and in good standing with the Oregon Medical Board as a Medical Doctor (MD) or Doctor of Osteopathic Medicine (DO).

(24) "Physician Assistant (PA)" means a person licensed under ORS Chapter 677, actively registered and in good standing with the Oregon Medical Board.

(25) "Prehospital Care" means that care rendered by emergency medical technicians as an incident of the operation of an ambulance as defined by ORS Chapter 682 and that care rendered by emergency medical technicians as incidents of other public or private safety duties, and includes, but is not limited to "emergency care" as defined by ORS Chapter 682.

(26) "Prehospital Care Report Form (PCRF)" means a Division-approved form or electronic field data format that is completed for all patients receiving prehospital assessment, care or transportation to a medical facility.

(27) "Registered Nurse (RN)" means a person licensed under ORS Chapter 678, actively registered and in good standing with the Oregon Board of Nursing.

(28) "Sanitary" means being free from all body fluids, dirt, dust, grease or other extraneous matter.

(29) "Scope of Practice" means the maximum level of emergency or non-emergency care that an emergency medical technician may provide.

(30) "Specialty Care Transport (SCT)" means interfacility transportation of a critically injured or ill beneficiary by a ground ambulance vehicle, including medically necessary supplies and service, at a level of service beyond the scope of the EMT-Paramedic. SCT is necessary when a beneficiary's condition requires ongoing care that must be furnished by one or more health professionals in an appropriate specialty area, for example nursing, emergency medicine, respiratory care, cardiovascular care, or a paramedic with additional training. Any skill or medication in addition to or not found in the Department of Transportation curriculum for EMT-Paramedics would be defined as additional training and is defined by the EMS Medical Director.

(31) "Standing Orders" means the written detailed procedures for medical or trauma emergencies issued by the EMS Medical Director to be performed by appropriate certificate holders or licensees in conformance with the scope of practice and level of certification.

333-255-0010

Application Process to Obtain an Ambulance License

(1) An ambulance service owner that wishes to obtain an ambulance license must apply for and receive an ambulance license from the Division before placing an ambulance into operation.

(2) The Division shall issue an ambulance license to the owner of an ambulance service that is not subject to disqualification from licensure for any reason specified in ORS Chapter 682, OAR chapter 333, division 250 or these rules. The ambulance service owner must:

- (a) Have a current ambulance service license;
- (b) Have paid the fees required by ORS Chapter 682 and these rules;
- (c) Agree to comply with all applicable federal, state and local laws and regulations governing the operation of a licensed ambulance; and
- (d) Submit a completed application in a form specified by the Division in accordance with ORS 682.045 and these rules.

(3) An application for an air ambulance license must be made on a Division-approved form containing at a minimum:

- (a) The name and address of the person or public entity owning the aircraft;
- (b) If other than the applicant's true name, the name under which the applicant is doing business;
- (c) The description of the ambulance:
 - (A) Indication if the aircraft was purchased from an ambulance service in Oregon;
 - (B) Type of aircraft:
 - (i) Fixed-wing; or
 - (ii) Rotary-wing.
 - (C) Number of engines;
 - (D) Make of aircraft;
 - (E) Model of aircraft;
 - (F) Year of manufacture;
 - (G) Federal Aviation Authority (FAA) registration number;
 - (H) Whether a major repair or alteration has been made to the aircraft, and if so, a FAA Form 337 must be on file in the licensee's office for each repair or alteration made;
 - (I) Aircraft colors:
 - (i) Fuselage;
 - (ii) Stripe; and
 - (iii) Lettering.
 - (J) Insigne name, monogram or other distinguishing characteristics. A photo of the air ambulance may be submitted to show these characteristics.
- (4) An application for a ground ambulance must be made on a Division-approved form containing at a minimum:
 - (a) The name and address of the person or public entity owning the ambulance;
 - (b) If other than the applicant's true name, the name under which the applicant is doing business;
 - (c) The description of the ambulance:
 - (A) Whether the ground ambulance was purchased from an ambulance service in Oregon;
 - (B) Make of vehicle;
 - (C) Model type of vehicle;
 - (D) Year of manufacture;
 - (E) Whether the vehicle is a remounted chassis;
 - (F) Conversion manufacturer;
 - (G) Vehicle Identification Number;
 - (H) Vehicle license plate number;
 - (I) Mileage at the time of licensing;
 - (J) Ambulance colors:
 - (i) Body;
 - (ii) Stripe; and
 - (iii) Lettering.
 - (K) Insigne name, monogram or other distinguishing characteristics. A photo of the ground ambulance may be submitted to show these characteristics.
 - (d) A copy of the ground ambulance manufacturers authenticated Star-of-Life certificate or Final Stage Vehicle Manufacturing Certification of compliance;
 - (A) A previously owned ambulance must have, at a minimum, a January 1, 1995, Star-of-Life certificate; or
 - (B) A newly constructed ambulance must have at a minimum a Star-of-Life certificate or a Final Stage Vehicle Manufacturing Certificate of compliance.
 - (5) A completed application for the licensing of a marine ambulance must contain, at a minimum:
 - (a) The name and address of the person or public entity owning the ambulance;
 - (b) If other than the applicant's true name, the name under which the applicant is doing business;
 - (c) The description of the ambulance:
 - (A) Whether the marine craft was purchased from an ambulance service in Oregon;
 - (B) Whether the patient-care area is covered or uncovered;
 - (C) Number of engines;
 - (D) Type of engines:
 - (i) Inboard;
 - (ii) Outboard; or
 - (iii) Both inboard and outboard.
 - (E) Make of marine craft;
 - (F) Model of marine craft;
 - (G) Year of manufacture;
 - (H) Marine craft registration number;

ADMINISTRATIVE RULES

- (I) Marine craft license plate number;
- (J) Ambulance colors:
 - (i) Hull;
 - (ii) Stripe; and
 - (iii) Lettering.
- (K) Insigne name, monogram or other distinguishing characteristics.

A photo of the marine ambulance may be submitted to show these characteristics.

(d) A signed and dated statement that the application contains truthful information.

(6) The completed ambulance license application must be submitted to the Division with a nonrefundable ambulance licensing fee of:

(a) \$45, when the service has a maximum of four full-time paid positions; and

(b) \$80, when the service has five or more full-time paid positions.

333-255-0030

Denial, Suspension or Revocation of an Ambulance License

(1) The Division may, in compliance with proper administrative procedures as prescribed in ORS Chapter 183, deny, suspend, or revoke an ambulance license issued under these rules, or an ambulance service license issued under OAR 333-250-0030, if the Division determines:

(a) A violation of ORS Chapter 682 or of these rules has occurred that poses a significant threat to the health and safety of the public or an applicant does not meet the requirements of ORS Chapter 682 or these rules;

(b) The ambulance owner makes a material omission or misrepresentation of facts on an application for a license or waiver, or in response to an inquiry or investigation. This includes the intentional misrepresentation or misstatement of a material fact, concealment of or failure to make known any material fact or any other means by which misinformation or false impression is knowingly given or deceit in obtaining or attempting to obtain a license or waiver or in any other transaction with the Division;

(c) Defacing, altering, removing or obliterating any portion of any official entry upon a license, licensing decal, or waiver issued by the Division;

(d) Failure to have the appropriate personnel, medical equipment and supplies required for operation at the highest level of service provided when the ambulance is in operation as prescribed by these rules;

(e) When an ambulance, upon inspection by the Division, manifests evidence of a mechanical or equipment deficiency that poses a significant threat to the health or safety of patients or crew, the Division shall immediately suspend that ambulance from operation. No ambulance that has been suspended from operation may be operated as an ambulance until the licensee has certified and the Division has confirmed that the deficiency has been corrected; and

(f) Other reasons determined by the Division to pose a significant threat to the Division and safety and the well being of patients.

(2) The licensee must return all indications of licensing, including certificates and the remains of ambulance license decals to the Division by registered mail, posted within 48-hours of either receipt of notification of suspension or revocation or the effective date of revocation, whichever is later.

(3) The Division must provide appropriate public notification of the suspension or revocation of an ambulance license.

333-255-0060

Ground Ambulance Construction Criteria

(1) The construction criteria for a new ground ambulance shall comply with June 1, 2008 Federal Specifications for the Star-of-Life Ambulance Certification. Copies of the specifications are available through the Division.

(2) The construction criteria for a previously owned ambulance must comply with the November 1, 1994 Federal Specifications for the Star-of-Life Ambulance Certification, or standards as defined by the Final Stage Vehicle Manufacturing Certification of compliance. Copies of the specifications are available through the Division.

(3) The construction criteria for remounting a Type I or Type III ambulance is:

(a) The patient compartment must have been built after November 1, 1994; and

(b) The remounting must be done by a recognized ambulance manufacturer, a recognized vehicle modifier, a remount center, or licensee with an established in-house remount program. The agency doing the remounting must utilize current nationally recognized vehicle modification techniques and industry standard parts and components. The agency doing remounting shall provide a notarized statement that the structural integrity of the specific patient compartment was not compromised during the remounting, and the remounting has not invalidated the Star-of-Life Certification or Final Stage Vehicle Manufacturing Certificate of compliance.

(4) A licensee may establish an in-house remount program by obtaining the necessary training, appropriate equipment and facilities to remount a vehicle to the described standard.

(5) The owner of an ambulance must select an exterior color, emblems, and markings for the ambulance that will ensure the prompt recognition of that vehicle as an ambulance. All ambulance vehicles shall be clearly identified by appropriate emblems and markings on the front, side, roof, and rear of the vehicle.

(a) The size, number and locations of the "Star-of-Life" emblems are:

(A) Sides — a 12 to 16-inch emblem must be located on the left and right side panels.

(B) Roof — a 32-inch emblem must be located on the roof.

(b) The size, number and locations of the word "AMBULANCE" are:

(A) Front — centered, in block letters, not less than four inches high, must be in mirror image and centered above the grille;

(B) Rear — in block letters of not less than six-inches in height and centered on the rear door panels or an approved alternative; and

(C) Acceptable alternatives for the word "AMBULANCE" includes generic terms that do not connote any particular level of service, limited to "MEDIC UNIT", "FIRE MEDIC UNIT", "EMERGENCY MEDICAL SERVICES", "EMS UNIT" or other phrases as the Division, in its sole discretion, may permit.

(c) The locations of additional markings are:

(A) An ambulance shall display the service or organization name or logo on the vehicle;

(B) An ambulance may not display on its exterior any level of service which is not provided at all times when that ambulance is in operation.

(6) An ambulance in operation and a reserve ambulance must be reasonably equipped and maintained, and maintenance records must be kept and made available for inspection by the Division. An ambulance must be equipped with the following items in satisfactory working condition:

(a) Audio/visual devices must be in compliance with the Star-of-Life Certification or the Final Stage Vehicle Manufacturing Certificate of compliance;

(b) An ambulance shall comply with Federal Motor Vehicle Safety Standards (FMVSS) and Department of Transportation (DOT) vehicle equipment standards for the ambulance at the time of manufacture;

(c) In case of dual batteries, batteries located in the engine compartment must have heat shields. If the batteries are located elsewhere, they must be sealed off from the occupants' compartment in a ventilated area.

333-255-0070

Ground Ambulance Operating Requirements

(1) In order to operate a ground ambulance a licensee shall:

(a) Have a driver that meets the qualifications in OAR chapter 333, division 250;

(b) Have emergency medical responders, emergency medical technicians or other qualified licensed health care professionals staffing the ambulance, as required by OAR chapter 333, division 250.

(c) Ensure that the appropriate equipment is available and in satisfactory working condition, stored in a sanitary and secure manner that protects the viability and safe operation of medications and equipment, including but not limited to:

(A) Installed medical oxygen cylinder with a capacity of at least 3,000 liters and having not less than 500 psi;

(i) The installed medical oxygen cylinder must be located in a vented compartment; and

ADMINISTRATIVE RULES

(ii) The compartment shall not be utilized for storage of any non-secured equipment. No combustible items shall be stored in the oxygen compartment.

(B) Oxygen pressure regulator:

(i) The oxygen must be delivered by a single-stage regulator which is set to at least 50 psi;

(ii) The pressure regulator controls must be accessible from inside the patient compartment; and

(iii) The pressure regulator or other display must be visible from inside the patient compartment.

(C) Oxygen flow meter, mounted — 2:

(i) The flow meter must be readable from the EMT seat and squad bench; and

(ii) The flow meter must be adjustable over a minimum range of 0 to 15 liters per minute.

(D) Portable medical oxygen cylinder with a capacity of at least 300 liters and having not less than 500 psi:

(i) The oxygen must be delivered by a yoke regulator with a pressure gauge and non-gravity-dependent flow meter that is visible and accessible to the medical personnel; and

(ii) The flow meter must be adjustable over a minimum range of 0 to 15 liters per minute.

(E) Spare portable oxygen cylinder that is full, tagged, sealed and securely mounted;

(F) Oxygen non-rebreathing masks with tubing:

(i) Pediatric — 2; and

(ii) Adult — 3.

(G) Oxygen nasal cannula with tubing that are transparent and disposable, adult — 3;

(H) Bag-valve-mask ventilation device with reservoir. The device must:

(i) Have a standard universal adapter;

(ii) Be operable with or without an oxygen supply;

(iii) Be manually operated and self-refilling; and

(iv) Have bag-valve-mask ventilation devices with reservoir that are transparent and semi-rigid in assorted sizes to include adult, child, and newborn/infant.

(I) Pharyngeal esophageal airway devices in assorted sizes with agency Supervising Physician approval;

(J) Oxygen Saturation Monitor;

(K) Endtidal CO₂ detection device in assorted sizes;

(L) Oropharyngeal airways in assorted sizes to include adult, child, and newborn/infant;

(M) Nasopharyngeal airways in assorted sizes;

(N) Two suction apparatus. Suction apparatus:

(i) Shall be electrically powered or battery powered with pressure regulator.

(ii) If battery powered, shall have enough back-up batteries to maintain suction during routine transport.

(O) Adequate supply of wide-bore tubing, commercial rigid pharyngeal curved suction tips and flexible suction catheters sized from infant to adult;

(P) Collection canisters, either disposable or sealable liners, with adequate capacity.

(Q) Cardiac monitoring equipment including, at a minimum, a portable battery operated automatic or semi-automatic defibrillator (AED), with pediatric capabilities and sufficient pediatric accessories for proper operation on a pediatric patient.

(R) A wheeled stretcher:

(i) Capable of securely fastening to the ambulance body;

(ii) Having a minimum of three restraining devices and an upper torso (over the shoulder) restraint;

(iii) Containing a standard size waterproof foam mattress; and

(iv) Capable of having the head of the stretcher tilted upwards to a 60-degree semi-sitting position.

(S) At least one folding stretcher, the number required based on the stretcher-carrying capacity of the ambulance, or an additional long backboard:

(i) Capable of securely fastening to the squad bench when carrying a patient; and

(ii) Having a minimum of three restraining devices and an upper torso (over the shoulder) restraint.

(T) Fracture immobilization equipment, including but not limited to:

(i) Traction splints in assorted adult sizes and/or adult child combination;

(ii) Extremity splints in assorted sizes;

(iii) Extrication collars in assorted pediatric through adult sizes;

(iv) Scoop stretcher, folding or non-folding type with necessary restraining devices with sufficient supplies for head immobilization;

(v) Short backboard or equivalent with necessary restraining devices with sufficient supplies for head immobilization;

(vi) Long backboard with necessary restraining devices with sufficient supplies for head immobilization;

(vii) Pediatric backboard with necessary restraining straps with sufficient supplies for head immobilization;

(viii) Bandages and dressings in assorted sizes, sterile and non-sterile; and

(ix) Adhesive or hypo-allergenic tape in assorted sizes.

(U) Miscellaneous equipment, including but limited to:

(i) Emesis containers;

(ii) Stethoscope, pediatric and adult;

(iii) Aneroid sphygmomanometer in assorted sizes;

(iv) Bandage shears;

(v) Hypothermia thermometer;

(vi) Disposable obstetrical kit;

(vii) Chemical heat and cold packs assorted;

(viii) Urinals, female and male, one each;

(ix) Bedpan;

(x) Set of extremity restraining devices;

(xi) Blood glucose level testing kit or blood glucose level test strips;

(xii) Medications and fluids authorized for Basic Life Support use as required by the EMS Medical Director; and

(xiii) Linen supplies and replacements sufficient to cover wheeled stretchers.

(V) Personal protection equipment sufficient for crew and patient(s), including but not limited to:

(i) Non-latex disposable gloves;

(ii) Disposable face masks;

(iii) Protective eyewear;

(iv) Disposable isolation gowns;

(v) Commercial antimicrobial hand cleanser;

(vi) Surface cleaning disinfectant;

(vii) Sharps container for the patient care compartment and a separate container for each kit that contains needles; and

(viii) Infectious waste disposal bags.

(W) Security and rescue equipment, including but not limited to:

(i) Fire extinguisher, 5lb. (2A-10BC type) — mounted and readily accessible in either the driver's or patient compartment;

(ii) Road flares, red colored chemical lights, the number and burning time to equal at least 180 minutes, or a minimum of six reflective triangles;

(iii) Flashlight;

(iv) Leather gloves sufficient for crew;

(v) Reflective vests for each crew member;

(vi) HEPA mask for each crew member; and

(vii) Adequate extrication equipment for agencies that provide initial response without the response of other rescue apparatus or equipment.

(X) The 2008 Department of Transportation Emergency Response Guidebook, (Initial Response to Hazardous Materials Incidents);

(Y) Triage tags — 25;

(Z) Oregon Trauma Systems Identification Bracelets — 5;

(AA) Prehospital Care Report Forms or electronic field data form;

(BB) A copy of BLS standing orders for dated within one year and signed by the EMS Medical Director;

(CC) A universal "No Smoking" sign conspicuously displayed in the driver's and patient compartment; and

(DD) A universal "Fasten Seatbelt" sign conspicuously displayed in the driver's compartment.

(2) An ambulance shall have two-way radio communication equipment to provide reliable contact between the ambulance and central dispatch, the receiving hospital, and online medical direction.

ADMINISTRATIVE RULES

333-255-0071

Ground Ambulance Operating Requirements When Providing Intermediate Level Care

(1) A ground ambulance in operation and providing intermediate life support care must have a minimum staff of two certified emergency medical technicians:

(a) A driver who complies with the requirements specified in OAR chapter 333, division 250; and

(b) A person who is at or above the Advanced Emergency Medical Technician or EMT-Intermediate certification level must be in the patient compartment when a patient is receiving intermediate level life support care. If the driver is not a certified EMT, then a second EMT, Basic or above, must be available for patient care both in the ambulance and on scene.

(2) A ground ambulance in operation and providing intermediate level care must have the following items in satisfactory working condition, kept in a sanitary manner, stored in a secure manner and be readily accessible to the medical personnel:

(a) All items specified in OAR 333-255-0070;

(b) Cardiac Monitoring Equipment:

(A) A portable battery powered manual monitor defibrillator capable of recording ECG reading;

(B) ECG electrodes, adult and pediatric;

(C) Hands-free defibrillation patches, adult and pediatric or defibrillation paddles, adult and pediatric;

(D) Contact gel if using paddles;

(E) Patient cables — 2; and

(F) ECG paper.

(c) Any physiologic isotonic crystalloid solution or combinations thereof — 6000 cc in any size containers;

(d) Medications and fluids authorized for use by an EMT-Advanced or Intermediate as required by the EMS Medical Director. Storage of controlled substances in an ambulance must adhere to the signed and dated procedures as specified in OAR 333-250-0047(3)(a) and (b);

(e) Vascular access devices:

(A) Over-the-needle catheters in assorted sizes 24-gauge through 14-gauge; and

(B) Specifically-designed needles or device with needles for intraosseous infusions.

(f) A copy of standing orders for EMT-Advanced or Intermediates dated within one year and signed by the EMS Medical Director.

333-255-0072

Ground Ambulance Operating Requirements When Providing Advanced Level Care

(1) A ground ambulance in operation and providing advanced life support level care must have a minimum staff of two persons:

(a) A driver who complies with the requirements specified in OAR chapter 333, division 250; and

(b) A person who is at the EMT-Paramedic certification level, or an RN, PA or physician who is trained in prehospital emergency medical care must be in the patient compartment when a patient is receiving advanced life support care. If the driver is not a certified EMT, then a second EMT, Basic or above, must be available for patient care both in the ambulance and on scene. The EMT, RN, PA or physician must:

(A) Not have consumed any alcoholic beverages in the eight hours prior to working on an ambulance; and

(B) Not be taking any medications that could impair the giving of proper patient care.

(c) When a RN, PA or physician is staffing an ambulance in lieu of an EMT-Paramedic and providing advanced level life support care he or she must have:

(A) A current American Heart Association "Health Care Provider," American Red Cross "Basic Life Support for the Professional Rescuer" or other Division-approved equivalent CPR course completion document;

(B) A current Advanced Cardiac Life Support course or other Division-approved equivalent completion document;

(C) A pediatric advanced life support course or other Division-approved equivalent completion document;

(D) A Prehospital Trauma Life Support, Basic Trauma Life Support, Trauma Emergency Assessment Management or Trauma Nurse Core Course completion document. The Trauma Emergency Assessment

Management and Trauma Nurse Core Course must include a supplemental prehospital rapid extrication training session; and

(E) The ability to properly assist in extricating, lifting and moving a patient.

(2) Advanced life support patient care equipment. A ground ambulance in operation and providing advanced level care must have the following advanced life support equipment in satisfactory working condition, kept in a sanitary manner and which is readily accessible to medical personnel:

(a) All items specified in OAR 333-255-0070;

(b) Nasogastric tubes in assorted sizes;

(c) Cardiac monitoring equipment as specified in OAR 333-255-0071(2)(b);

(d) Advanced airway care equipment:

(A) Laryngoscope handle and assorted blade sizes, adult and pediatric;

(B) Spare dated batteries for the laryngoscope handle;

(C) Spare bulbs for the laryngoscope blades;

(D) Endotracheal tubes in assorted sizes, adult and pediatric;

(E) Magill Forceps — adult and child;

(F) Intubation stylettes — adult and child;

(G) Endtidal CO2 detection device;

(H) Oxygen saturation monitor; and

(I) Chest decompression equipment.

(e) Sterile intravenous agents and medications authorized by the EMS Medical Director;

(f) Vascular access devices:

(A) Over-the-needle catheters in assorted sizes 24-gauge through 14-gauge; and

(B) Specifically-designed needles or device designed for intraosseous infusions.

(g) Storage of controlled substances in an ambulance must adhere to the signed and dated procedures as specified in OAR 333-250-0047(3)(a) and (b); and

(h) A copy of standing orders for paramedics or ambulance based clinicians dated within one year and signed by the EMS Medical Director.

333-255-0073

Ground Ambulance Operating Requirements When Providing Only Specialty Level Care

(1) A ground ambulance in operation and providing only specialty level care during inter-facility transfers must have a minimum staff of two qualified persons as defined by the Center for Medicare Services or additional staff, the number and type, requested by the transferring physician:

(a) A driver who complies with the requirements specified in OAR chapter 333, division 250; and

(b) A person who is at the EMT-Paramedic certification level, RN, PA, physician or other qualified persons who have additional specialty care training and who must be in the patient compartment when a patient is receiving specialty level care.

(2) The EMT-Paramedics, RNs, PAs, physicians or other qualified persons must have the:

(a) Training to properly operate all patient care equipment carried on an ambulance, including specialty care equipment necessary to care for the patient during the transfer;

(b) Training to do titration of intravenous medications necessary to care for the patient during transfer; and

(c) Ability to properly assist in lifting and moving a patient.

(3) The personnel staffing an ambulance must not:

(a) Have consumed any alcoholic beverages in the eight hours prior to working on an ambulance; and

(b) Be taking any medications that could impair the giving of proper patient care.

(4) A ground ambulance in operation and providing only specialty level care must have the following patient care equipment in a satisfactory working condition, stored in a sanitary and secure manner, and be readily accessible to the medical personnel:

(a) All patient care equipment specified in OAR 333-255-0072; and

(b) Any other patient care equipment or supplies anticipated or required for patient care.

ADMINISTRATIVE RULES

333-255-0081

Air Ambulance Operating Requirements for Prearranged Inter-Facility Transfers

(1) Fixed-wing aircraft in operation and providing pre-arranged inter-facility transfers requiring basic level care must have a minimum staff of two persons:

(a) A pilot adhering to all regulations set forth in FAA Part 135 for air medical transport; and

(b) One EMT-Paramedic, RN, PA or physician having:

(A) Documentation that at least one member of the medical crew has successfully completed the 2004 Association of Air Medical Services (AAMS) Curriculum Guidelines or equivalent. The curriculum must include emergency care procedures, aircraft safety and altitude physiology. There must be written documentation of an annual review of the Air Medical Crew course material. The length and content of the review must be established by the EMS Medical Director and be kept on file with the ambulance service;

(B) A current American Heart Association "Health Care Provider", American Red Cross "Basic Life Support for the Professional Rescuer" or other Division-approved equivalent CPR course completion document;

(C) The ability to properly assist in lifting and moving a patient; and

(D) The knowledge to properly operate all patient care equipment that may be used.

(2) Fixed or rotary-wing aircraft in operation and providing pre-arranged inter-facility transfers requiring advanced life support care must have a minimum staff of two persons:

(a) A pilot adhering to all regulations set forth in FAA Part 135 for air medical transport; and

(b) One EMT-Paramedic, RN, PA or physician meeting the requirements specified in paragraph (1)(b)(A) through (1)(b)(D) of this rule.

(3) Fixed or rotary-wing aircraft in operation and providing pre-arranged inter-facility transfers requiring specialty level care must have a minimum staff of two persons:

(a) A pilot adhering to all regulations set forth in FAA Part 135; and

(b) One EMT-Paramedic, RN, PA, physician or other qualified person(s), who must:

(A) Meet the requirements specified in paragraph (1)(b)(A) through (1)(b)(D) of this rule;

(B) Have documentation of completing additional specialty care training as defined by the EMS Medical Director;

(C) Have training to properly operate specialty care equipment necessary to care for the patient during the transfer; and

(D) Have training to do titration of intravenous medications necessary to care for the patient during the transfer.

(4) An air ambulance in operation and providing specialty level care must have the following patient care equipment in a satisfactory working condition, stored in a sanitary and secure manner, and be readily accessible to the medical personnel:

(a) All patient care equipment specified in subsection (7)(a) through (7)(k) of this rule;

(b) All patient care equipment specified in OAR 333-255-0082(2)(d) through (2)(i); and

(c) Any other patient care equipment required during the transfer.

(5) When an inter-facility transfer is requested, a representative from the ambulance service must contact the attending physician at the sending facility, prior to the transfer, to determine which type of aircraft; fixed-wing, rotary-wing, pressurized or non-pressurized, is needed based on the patient's medical condition and which additional equipment and personnel are required.

(6) Patient Care Equipment. The following patient care equipment, in satisfactory working condition and kept in a sanitary manner, is required on all air ambulance flights. The equipment may be kept separate from the aircraft in modular pre-packaged form, so as to be available for rapid loading, easy securing and easy access aboard the aircraft:

(a) Medical oxygen cylinders and regulators:

(A) Medical oxygen cylinder with a capability of at least 600 liters and having not less than 500psi:

(i) The oxygen cylinder(s) must be securely fastened to the aircraft while in flight;

(ii) The oxygen must be delivered by a yoke regulator with a pressure gauge and a non-gravity-dependent flowmeter that is visible and accessible to the medical personnel; and

(iii) The flowmeter must be adjustable over a minimum range of 0 to 15 liters per minute.

(B) A spare portable oxygen cylinder that is full, tagged, sealed, and securely mounted.

(b) Medical oxygen administration equipment:

(A) Oxygen non-rebreathing masks with tubing:

(i) Pediatric — 2; and

(ii) Adult — 2.

(B) Oxygen nasal cannula with tubing that are transparent and disposable, adult -2;

(C) Bag-valve-mask ventilation device with reservoir. The device must:

(i) Have a standard universal adapter (15 mm tracheal tube/22 mm mask);

(ii) Be operable with or without an oxygen supply;

(iii) Be manually operated and self-refilling;

(iv) Have valves that operate effectively at temperatures down to 0° F;

(v) Have bag-valve-mask ventilation devices with reservoir that are transparent and semi-rigid in assorted sizes to include adult, child, and newborn/infant.

(c) Airway maintenance devices:

(A) Pharyngeal esophageal airway devices in assorted sizes;

(B) Endtidal CO2 detection device in assorted sizes;

(C) Oropharyngeal airways in assorted sizes to include adult, child, and newborn/infant; and

(D) Nasal airways in assorted sizes.

(d) Suction equipment:

(A) Portable suction aspirator:

(i) The unit must be either a self-contained battery or oxygen-powered unit that can operate continuously for 20 minutes and is rechargeable or be a manually-powered unit;

(ii) The unit must be capable of developing a minimum vacuum of 300 mm Hg within four seconds after the suction tube is closed;

(iii) The unit must provide a free air flow of at least 20 liters per minute;

(iv) The unit must be adjustable for use on children and intubated patients;

(v) The unit must include at least a 300 ml collection bottle; and

(vi) A secondary suction apparatus.

(B) Suction connecting tubing and catheters:

(i) Suction connecting tubing that is at least one-quarter of an inch in diameter, translucent and will not kink or collapse under high suction -2; and

(ii) Suction catheters in assorted sizes and types for adult, child, and newborn/infant.

(e) Stretcher. The stretcher must:

(A) Be securely fastened to the aircraft in accordance with FAA Part 135; and

(B) Have a minimum of three restraining devices and an upper torso (over the shoulder) restraint.

(f) Miscellaneous equipment:

(A) Emesis containers;

(B) Stethoscope, adult and pediatric;

(C) Aneroid sphygmomanometer in assorted sizes;

(D) Bandage shears;

(E) Hypothermia thermometer;

(F) Chemical heat and cold packs, assorted;

(G) Blood glucose level testing kit or blood glucose level test strips;

(H) Urinals, female and male, one each;

(I) Bed pan (Exempt from rotary-wing aircraft); and

(J) Set of extremity restraining devices.

(g) Personal protection equipment sufficient for crew and patient(s) including:

(A) Disposable gloves;

(B) Disposable face masks;

(C) Protective eyewear;

(D) Disposable isolation gowns;

(E) Hand cleaning solution or foam;

(F) Surface cleaning disinfectant;

(G) Sharps container for each kit that contains needles; and

(H) Infectious waste disposal bags.

(h) Linen supplies and replacements to cover stretcher;

(i) Prehospital Care Report Form or electronic field data form;

(j) A copy of standing orders for EMTs, RNs and PAs dated within one year and signed by the EMS Medical Director; and

(k) A universal "No Smoking" sign must be conspicuously displayed in the cockpit and patient compartment.

333-255-0082

Air Ambulance Operating Requirements for Scene Response

(1) Rotary-wing aircraft in operation and providing scene response care must have a minimum staff of two persons:

- (a) A pilot adhering to all regulations set forth in FAA Part 135; and
- (b) One EMT-Paramedic, RN, PA, or physician having:

(A) Documentation that at least one member of the medical crew successfully completed the 2004 Association of Air Medical Services (AAMS) Curriculum Guidelines or equivalent. The curriculum must include emergency care procedures, aircraft safety and altitude physiology. There must be written documentation of an annual review of the Air Medical Crew course material. The length and content of the review must be established by the EMS Medical Director and be kept on file with the ambulance service;

(B) The ability to properly assist in extricating, lifting and moving a patient; and

(C) The knowledge to properly operate all patient care equipment that may be used.

(2) The following prehospital scene patient care equipment is required on all prehospital scene responses:

(a) All patient care equipment specified in OAR 333-255-0081(7)(a) through (7)(k);

(b) Fracture immobilization equipment:

(A) Traction splints in assorted adult and/or adult-child combination;

(B) Extremity splints in assorted sizes;

(C) Extrication collars in assorted pediatric through adult sizes;

(D) Short backboard or equivalent with necessary restraining devices with sufficient supplies for head immobilization;

(E) Long backboard with necessary restraining devices with sufficient supplies for head immobilization;

(F) Scoop stretcher with necessary restraining devices with sufficient supplies for head immobilization; and

(G) Pediatric backboard with necessary restraining devices with sufficient supplies for head immobilization.

(c) Bandages and dressings in assorted sizes, sterile and non-sterile;

(d) Adhesive or hypo-allergenic tape in assorted sizes;

(e) Cardiac monitoring equipment:

(A) Manual monitor/defibrillator;

(B) Monitoring electrodes, infant and adult;

(C) Patient cables — 2; and

(D) ECG paper.

(f) Advanced airway care equipment:

(A) Laryngoscope handle and assorted blade sizes, adult and pediatric;

(B) Spare dated batteries for the laryngoscope handle;

(C) Spare bulbs for the laryngoscope blades;

(D) Endotracheal tubes in assorted sizes, adult and pediatric;

(E) Magill Forceps, child and adult;

(F) Intubation stylettes, child and adult;

(G) Endtidal CO₂ detection device;

(H) Oxygen saturation monitor; and

(I) Chest decompression kit;

(g) Sterile intravenous agents and medications authorized by the EMS

Medical Director;

(h) Vascular access devices:

(A) Over-the-needle catheters in assorted sizes 24-gauge through 14-gauge; and

(B) Specifically-designed needles for intraosseous infusions.

(i) Nasogastric tubes in assorted sizes;

(j) Storage of controlled substances in an ambulance must adhere to the signed and dated procedures as specified in OAR 333-250-0047(3)(a) and (3)(b);

(k) Oregon Trauma System's Identification Bracelets — 5;

(l) Miscellaneous equipment:

(i) The 2008 Department of Transportation Emergency Response Guidebook (Initial Response to Hazardous Materials Incidents); and

(ii) A copy of standing orders for EMT-Paramedics, RNs and PAs dated within one year and signed by the EMS Medical Director.

(3) In a prehospital resuscitation, when no other practical means of transportation, including any other properly equipped license-holder, is reasonably available, a license-holder may deviate from the rules to the extent necessary to meet the rescue situation.

333-255-0091

Marine Ambulance Operating Requirements When Providing Basic Level Care

(1) A marine ambulance in operation and providing basic level care must have a staff of at least two persons:

(a) An operator, who:

(A) Has a valid US Coast Guard pilot's license;

(B) Operates the marine ambulance in compliance with any applicable marine craft statutes;

(C) Has not consumed any alcoholic beverages in the eight hours prior to operating an ambulance; and

(D) Is not taking any medications that could impair the safe operation of the ambulance.

(b) A person who is at or above the EMT-Basic certification level who must be with the patient at all times. The EMT attending the patient must:

(A) Not have consumed any alcoholic beverages in the eight hours prior to working on an ambulance; and

(B) Not be taking any medications that could impair the giving of proper patient care.

(c) If the operator is not a certified EMT, the operator must meet the requirements specified in paragraphs (1)(a)(A) through (1)(a)(D) of this rule and have:

(A) A copy of certificate of course completion that the non-EMT operator has demonstrated knowledge and skills in the performance of one and two-person rescuer cardiopulmonary resuscitation (adult, child and infant) and relief of foreign body airway obstruction. The course must meet the 2005 American Heart Association guidelines for cardiopulmonary resuscitation and emergency cardiac care or equivalent standards approved by the Division.

(B) A signed statement by the operator that he or she is not addicted to alcohol or controlled substances;

(C) A signed statement by the operator that he or she is free from any physical or mental defect that could impair the ability to operate an ambulance; and

(D) A signed statement by the training officer that the operator has the ability to properly assist in extricating, lifting and moving a patient.

(2) Basic life support care equipment. A marine ambulance in operation and providing basic level care must have the following patient care equipment in a satisfactory working condition, kept in a sanitary manner, stored in a secure manner and be readily accessible to the medical personnel:

(a) Medical oxygen cylinders and regulators:

(A) Medical oxygen cylinder with a minimum capacity of 600 liters;

(i) The oxygen must be delivered by a yoke regulator with a pressure gauge and a non-gravity-dependent flowmeter that is visible and accessible to the medical personnel; and

(ii) The flowmeter must be adjustable over a minimum range of 0 to 15 liters per minute.

(B) A spare portable oxygen cylinder that is full, tagged, sealed and securely mounted.

(b) Medical oxygen administration equipment:

(A) Oxygen non-rebreathing masks with tubing.

(i) Pediatric — 2; and

(ii) Adult — 2.

(B) Oxygen nasal cannulas with tubing that are transparent and disposable, adult — 2;

(C) Bag-valve-mask ventilation device with reservoir. The device must:

(i) Have a standard universal adapter (15 mm tracheal tube/22 mm mask);

(ii) Be operable with or without an oxygen supply;

(iii) Be manually operated and self-refilling;

(iv) Have valves that operate effectively at temperatures down to 0° F; and

(v) Have bag-valve-mask ventilation devices with reservoir that are transparent and semi-rigid in assorted sizes to include adult, child, and newborn/infant.

(c) Airway maintenance devices:

(A) Pharyngeal esophageal airway devices in assorted sizes if the EMS Medical Director approved use;

(B) Endtidal CO₂ detection device in assorted sizes;

ADMINISTRATIVE RULES

- (C) Oropharyngeal airways in assorted sizes to include adult, child and newborn/infant; and
- (D) Nasal airways in assorted sizes.
- (d) Suction equipment:
 - (A) Portable suction aspirator:
 - (i) The unit must be either a self-contained battery or oxygen-powered unit that can operate continuously for 20 minutes and is rechargeable or be a manually-powered unit;
 - (ii) The unit must be capable of developing a minimum vacuum of 300 mm Hg within four seconds after the suction tube is closed;
 - (iii) The unit must provide a free air flow of at least 20 liters per minute;
 - (iv) The unit must be adjustable for use on children and intubated patients;
 - (v) The unit, including at least a 300 ml collection bottle; and
 - (vi) A secondary suction apparatus.
 - (B) Suction connecting tubing and catheters:
 - (i) Suction connecting tubing that is at least one-quarter of an inch in diameter, translucent and will not kink or collapse under high suction — 2; and
 - (ii) Suction catheters that are in assorted sizes and types for adult, child and newborn/infant.
- (e) Cardiac monitoring equipment: Automatic or semi-automatic defibrillator. The unit must be capable of operating independently of an electrical outlet, and delivering a total defibrillation energy sufficient to meet the number of shocks and power settings prescribed in the EMS Medical Director 's standing orders and be inclusive of the 2005 American Heart Association guidelines for emergency cardiac care or equivalent standards as approved by the Division.
 - (f) Stretcher. The stretcher must:
 - (A) Be a plastic or metal basket stretcher with a four-point bridle;
 - (B) Have a locking mechanism which can be securely fastened to the craft below the gunwale level; and
 - (C) Have a minimum of four restraining devices, one of which shall be a torso (over the shoulder) restraint.
 - (g) Fracture immobilization equipment:
 - (A) Traction splints in assorted adult sizes and/or adult/child combination;
 - (B) Extremity splints in assorted sizes;
 - (C) Extrication collars in assorted pediatric through adult sizes;
 - (D) Short backboard or equivalent with necessary restraining devices with sufficient supplies for head immobilization;
 - (E) Long backboard with necessary restraining devices with sufficient supplies for head immobilization; and
 - (F) Pediatric backboard with necessary restraining devices with sufficient supplies for head immobilization.
 - (h) Bandages and dressings in assorted sizes, sterile and non-sterile;
 - (i) Adhesive or hypo-allergenic tape in assorted sizes;
 - (j) Miscellaneous equipment:
 - (A) Emesis containers;
 - (B) Stethoscope, pediatric and adult;
 - (C) Aneroid sphygmomanometer in assorted sizes;
 - (D) Bandage shears;
 - (E) Hypothermia thermometer;
 - (F) Disposable obstetrical kit;
 - (G) Chemical heat and cold packs assorted;
 - (H) Urinals, female and male, one each;
 - (I) Bed pan;
 - (J) Set of extremity restraining devices; and
 - (K) Blood glucose level testing kit or blood glucose level testing strips.
 - (k) Personal protection equipment sufficient for crew and patient(s) including:
 - (A) Disposable gloves;
 - (B) Disposable face masks;
 - (C) Protective eyewear;
 - (D) Disposable isolation gowns;
 - (E) Hand cleaning solution or foam;
 - (F) Surface cleaning disinfectant;
 - (G) Sharps container for the patient compartment and a separate container for each kit that contains needles;
 - (H) Infectious waste disposal bags; and
 - (I) The 2008 Department of Transportation — Emergency Response Guidebook (Initial Response to Hazardous Materials Incidents.)

- (L) Medications and fluids authorized for use by an EMT-Basic as required by the EMS Medical Director;
 - (m) Linen supplies and replacements sufficient to cover stretchers;
 - (n) Communication equipment. Communications equipment must consist of a VHF/FM marine radio with at least 25 watts of power. In addition, the radio must have the capability to have reliable contact between the marine ambulance and a ground or air ambulance and with a hospital having online medical direction;
 - (o) Prehospital Care Report Form or electronic field data;
 - (p) Oregon Trauma System Identification Bracelets — 5;
 - (q) A copy of standing orders for EMT-Basics dated within one year and signed by the EMS Medical Director; and
 - (r) A universal “No Smoking” sign conspicuously displayed in the pilot’s and patient area.

333-255-0092 Marine Ambulance Operating Requirements When Providing Intermediate Level Care

- (1) A marine ambulance in operation and providing intermediate life support care must have a minimum staff of two persons:
 - (a) An operator who complies with the requirements specified in OAR 333-255-0091(1)(a)(A) through (1)(a)(D) or (1)(c)(A) through (1)(c)(D); and
 - (b) A person who is at or above the EMT-Intermediate certification level and who must be with the patient at all times. If the operator is not a certified EMT, then a second EMT, Basic or above, must be available for patient care both in the marine ambulance or on scene.
 - (2) Intermediate life support care equipment. A marine ambulance in operation and providing intermediate level care must have the following patient care equipment in a satisfactory working condition, kept in a sanitary manner, stored in a secure manner and be readily accessible to the medical personnel:
 - (a) All of the items specified in OAR 333-255-0091(2)(a) through (2)(r);
 - (b) Any physiologic isotonic crystalloid solution or combinations thereof — 6000 cc in any size containers;
 - (c) Medications and fluids authorized for use by an EMT-Intermediate as required by the EMS Medical Director;
 - (d) Vascular access devices:
 - (A) Over-the-needle catheters in assorted sizes 24 gauge through 14 gauge; and
 - (B) Specifically-designed needles for intraosseous infusions.
 - (e) A copy of standing orders for EMT-Intermediates dated within one year and signed by the EMS Medical Director.

Rule Caption: Update of rules pertaining to certification of Emergency Medical Technicians and First Responders.

Adm. Order No.: PH 13-2010

Filed with Sec. of State: 6-30-2010

Certified to be Effective: 7-1-10

Notice Publication Date: 2-1-2010

Rules Adopted: 333-265-0015, 333-265-0083, 333-265-0085, 333-265-0087, 333-265-0105

Rules Amended: 333-265-0000, 333-265-0012, 333-265-0014, 333-265-0016, 333-265-0018, 333-265-0020, 333-265-0022, 333-265-0023, 333-265-0025, 333-265-0030, 333-265-0040, 333-265-0050, 333-265-0060, 333-265-0070, 333-265-0080, 333-265-0090, 333-265-0100, 333-265-0110, 333-265-0140, 333-265-0150, 333-265-0160

Rules Repealed: 333-265-0180

Subject: The Department of Human Services, Public Health Division is making permanent changes in Oregon Administrative Rules chapter 333, division 265, to streamline and clarify rules, address requirements for training, testing and certification of first responders and EMTs, to comply with new legislation passed during the 2009 legislative session (HB 2059 and HB 3097), to prepare for upcoming curriculum changes and certification levels, and propose

ADMINISTRATIVE RULES

changes in fees effective on the date these rules go into effect with a gradual increase every two years until 2013.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-265-0000

Definitions

(1) “Advanced Emergency Medical Technician (AEMT or Advanced EMT)” means a person who is certified by the Division as an Advanced Emergency Medical Technician.

(2) “Ambulance Service” means any person, governmental unit, corporation, partnership, sole proprietorship, or other entity that operates ambulances and holds itself out as providing pre-hospital care or medical transportation to sick, injured or disabled persons.

(3) “Business day” is any day, Monday through Friday, from 8:00 a.m. to 5:00 p.m., except legal state holidays.

(4) “Candidate” means an applicant that has completed training in an Emergency Medical Technician (EMT) course and has not yet been certified by the Division.

(5) “Certifying officer” is a person who is responsible for conducting an Emergency Medical Technician (EMT) practical examination in a manner consistent with the standards of the National Registry for EMTs and the Division.

(6) “Clinical Experience (Clinical)” means those hours of the curriculum that synthesize cognitive and psychomotor skills and are performed under a preceptor.

(7) “Continuing Education” means education required as a condition of certification under ORS chapter 682 to maintain the skills necessary for the provision of competent pre-hospital care. Continuing education does not include attending EMS related business meetings, EMS Exhibits or Trade Shows.

(8) “Didactic Instruction” means the delivery of primarily cognitive material through lecture, video, discussion, and simulation by program faculty.

(9) “Direct Medical Oversight” means real-time direct communication by a physician who is providing direction to an EMT or First Responder during a patient encounter.

(10) “Direct Visual Supervision” means that a person qualified to supervise is at the patient’s side to monitor the EMT in training.

(11) “Division” means the Public Health Division, Emergency Medical Services and Trauma Systems Program, within the Department of Human Services.

(12) “Emergency Care” means the performance of acts or procedures under emergency conditions in the observation, care and counsel of the ill, injured or disabled; in the administration of care or medications as prescribed by a licensed physician, insofar as any of these acts is based upon knowledge and application of the principles of biological, physical and social science as required by a completed course utilizing an approved curriculum in pre-hospital emergency care. However, “emergency care” does not include acts of medical diagnosis or prescription of therapeutic or corrective measures.

(13) “EMS” means Emergency Medical Services.

(14) “EMS Medical Director” has the same meaning as “Supervising Physician” in ORS 682.025.

(15) “Emergency Medical Responder” has the same meaning as “First Responder” in ORS 682.025.

(16) “Emergency Medical Services (EMS) Agency” means any person, partnership, corporation, governmental agency or unit, sole proprietorship or other entity that utilizes emergency medical technicians or certified First Responders to provide pre-hospital emergency or non-emergency care. An emergency medical services agency may be either an ambulance service or a nontransporting service.

(17) “Emergency Medical Technician (EMT)” means a person who has received formal training in pre-hospital and emergency care and is state-certified to attend to any ill, injured or disabled person. Police officers, fire fighters, funeral home employees and other personnel serving in a dual capacity, one of which meets the definition of “emergency medical technician” are “emergency medical technicians” within the meaning of ORS chapter 682.

(18) “EMT-Basic” means a person who is certified by the Division as an EMT-Basic.

(19) “EMT-Intermediate” means a person who is certified by the Division as an EMT-Intermediate.

(20) “EMT-Paramedic” means a person who is certified by the Division as an EMT-Paramedic.

(21) “Exam Evaluator” is a person who attends an EMT practical examination and who objectively observes and records each student’s performance consistent with the standards of the National Registry of EMTs.

(22) “First Responder” means a person who has successfully completed a First Responder training course approved by the Division and:

(a) Has been examined and certified as a First Responder by an authorized representative of the Division to perform basic emergency and non-emergency care procedures; or

(b) Has been otherwise designated as a First Responder by an authorized representative of the Division to perform basic emergency and non-emergency care procedures.

(23) “Indorsement” means the manner in which a person may obtain Oregon EMT certification when that person is certified in another state and certified with the National Registry of EMTs.

(24) “In Good Standing” means a person who is currently certified or licensed in Oregon, who does not have any restrictions placed on his or her certificate or license, or who is not on probation with the certifying or licensing agency for any reason.

(25) “Non-Emergency Care” means the performance of acts or procedures on a patient who is not expected to die, become permanently disabled or suffer permanent harm within the next 24-hours, including but not limited to observation, care and counsel of a patient and the administration of medications prescribed by a physician licensed under ORS chapter 677, insofar as any of those acts are based upon knowledge and application of the principles of biological, physical and social science and are performed in accordance with scope of practice rules adopted by the Oregon Medical Board in the course of providing pre-hospital care as defined by this rule.

(26) “Patient” means a person who is ill or injured or who has a disability and who is transported in an ambulance.

(27) “Person” means any individual, corporation, association, firm, partnership, joint stock company, group of individuals acting together for a common purpose, or organization of any kind and includes any receiver, trustee, assignee, or other similar representatives thereof.

(28) “Pre-hospital Care” means that care rendered by a First Responder or EMT as an incident of the operation of an ambulance as defined by ORS chapter 682 and that care rendered by a First Responder or EMT as an incident of other public or private safety duties, and includes, but is not limited to “emergency care” as defined by ORS chapter 682.

(29) “Preceptor” means a person approved by an accredited teaching institution and appointed by the EMS Agency, who supervises and evaluates the performance of an EMT student during the clinical and field internship phases of an EMT course. A preceptor must be a physician, physician assistant, registered nurse, or EMT with at least two years field experience in good standing at or above the level for which the student is in training.

(30) “Scope of Practice” means the maximum level of emergency or non-emergency care that an EMT may provide that is set forth by the rules adopted by the Oregon Medical Board.

(31) “Skills Lab” means those hours of the curriculum that provides the student with the opportunity to develop the skills for the level of training obtained.

(32) “Standing Orders” means the written protocols that an Emergency Medical Technician or First Responder follows to treat patients when direct contact with a physician is not maintained.

(33) “Successful completion” means having attended 85 percent of the didactic and skills instruction hours (or makeup sessions) and 100 percent of the clinical and field internship hours, and completing all required clinical and internship skills and procedures and meeting or exceeding the academic standards for those skills and procedures.

(34) “Teaching Institution” means a two-year community college or four-year degree granting college or a licensed vocational school that is accredited by the Office of Professional Technical Education, Office of Community College Services/Oregon Department of Education.

(35) “Unprofessional Conduct” has the meaning given that term in ORS 682.025.

(36) “Volunteer” means a person who is not compensated for their time to staff an ambulance or rescue service, but who may receive reimbursement for personal expenses incurred.

ADMINISTRATIVE RULES

333-265-0012

Requirements for Conducting First Responder Courses

(1) An ambulance service, emergency medical services, or any other entity in Oregon may conduct First Responder courses that meet the requirements of OAR 333-265-0014.

(2) An entity that wants to conduct a First Responder course must submit an application to the Division on a form prescribed by the Division that includes all the information necessary to determine whether the course meets the Division's standards and whether the course director meets the requirements in OAR 333-265-0018. The form must be received by the Division at least 30 business days prior to the first day of class.

(3) The Division shall return an application that is incomplete to the applicant.

(4) No teaching institution shall conduct a First Responder course until the Division has approved the course.

(5) The Division may deny or revoke the approval to conduct a First Responder course in accordance with ORS 183.310 through 183.550 for failure to comply with OAR chapter 333, division 265.

Stat. Auth.: ORS 682.017, 682.208

Stats. Implemented: ORS 682.017, 682.208, 682.216

333-265-0014

EMT and First Responder Course Requirements

(1) A First Responder course must include:

(a) The Emergency Medical Services, First Responder Training Course, U.S. Dept. of Transportation, National Highway Traffic Safety Administration, 1995, incorporated by reference or a curriculum that meets or exceeds the National Emergency Medical Services Education Standards published by the National Highway Traffic Safety Administration, January 2009 (DOT HS 811 077B);

(b) Didactic and skills instruction; and

(c) A practical and cognitive examination.

(2) An EMT-Basic Course must include:

(a) The EMT-Basic National Standard Curriculum, U.S. Dept. of Transportation, National Highway Traffic Safety Administration, 1994, incorporated by reference or a curriculum that meets or exceeds the National Emergency Medical Services Education Standards published by the National Highway Traffic Safety Administration, January 2009 (DOT HS 811 077B);

(b) Didactic and skills instruction;

(c) Clinical education of at least eight hours in a hospital or acute care department or other appropriate clinical or acute care medical facility where the skills within an EMT-Basic scope of practice are performed under the supervision of a preceptor; and

(d) Prehospital experience of at least eight hours under the supervision of an EMT-Basic or above where the skills within an EMT-Basic scope of practice are performed.

(3) An Advanced EMT course must include:

(a) A curriculum that meets or exceeds the National Emergency Medical Services Education Standards published by the National Highway Traffic Safety Administration, January 2009 (DOT HS 811 077B);

(b) Didactic and skills instruction;

(c) Clinical education in hospital clinical areas where the skills within an Advanced EMT scope of practice are performed under the supervision of a preceptor; and

(d) A field internship that is described in OAR 333-265-0015.

(4) An EMT-Intermediate course must include:

(a) The EMT-Intermediate curriculum, 2006, incorporated by reference;

(b) Didactic and skills instruction;

(c) Clinical experience performed under the supervision of a preceptor of at least eight hours and 20 patient contacts in a hospital emergency department or medical clinic where the skills within an EMT-Intermediate scope of practice are performed under the supervision of a preceptor; and

(d) Prehospital experience of at least eight hours under the supervision of an EMT-Intermediate or above where the skills within the scope of practice of an EMT-Intermediate are performed.

(5) An EMT-Paramedic course must include:

(a) The EMT-Paramedic National Standard Curriculum, U.S. Department of Transportation, National Highway Traffic Safety Administration, 1999, incorporated by reference or a curriculum that meets or exceeds the National Emergency Medical Services Education Standards published by the National Highway Traffic Safety Administration, January 2009 (DOT HS 811 077B);

(b) Didactic and skills instruction;

(c) Clinical experience in hospital clinical areas where the skills within an EMT-Paramedic scope of practice are performed under the supervision of a preceptor; and

(d) A field internship that is described in OAR 333-265-0016.

(6) All First Responder and EMT courses must include instructions on Oregon statutes and rules governing the EMS system, medical-legal issues, roles and responsibilities of First Responders and EMTs, and EMS professional ethics.

(7) The Division may deny or revoke course approval in accordance with the provisions of ORS 183.310 through 183.550 for failure to comply with the requirements of this section.

(8) A person must have a current Oregon EMT-Basic certification or higher at the time of enrollment in an EMT-Intermediate, Advanced EMT or EMT-Paramedic course.

(9) A person must maintain a current Oregon EMT-Basic certification or higher throughout the interval of the cognitive and practical exams.

333-265-0015

Advanced Emergency Medical Technician Field Internships

(1) A field internship is required as part of an Advanced EMT course.

(2) A field internship must provide a student the opportunity to demonstrate the integration of didactic, psychomotor skills, and clinical education necessary to perform the duties of an entry-level AEMT.

(3) The student must successfully demonstrate a skill in the classroom lab or hospital clinical setting before that skill is performed and evaluated in a field internship.

(4) During a field internship a student must participate in providing care. All EMS calls shall be under the direct visual supervision of a preceptor. In order for a call to be accepted, the preceptor must document and verify satisfactory student performance, including application of specific assessment and treatment skills required of a certified Advanced EMT.

(5) For purposes of this section, "EMS call" means a pre-hospital emergency medical services response requiring patient care at the advanced life support level and "ambulance call" means an advanced life support pre-hospital emergency medical services response, which includes dispatch, scene response, patient care while riding in the patient compartment of an ambulance, and participating in specific assessment and treatment skills required of a certified Advanced EMT.

333-265-0016

Paramedic Field Internships

(1) A field internship is required as part of an EMT-Paramedic course.

(2) A field internship must provide a student the opportunity to demonstrate the integration of didactic, psychomotor skills, and clinical education necessary to perform the duties of an entry-level paramedic.

(3) The student must successfully demonstrate a skill in the classroom lab or hospital clinical setting before that skill is performed and evaluated in a field internship.

(4) During a field internship a student must participate in providing care in at least 40 EMS calls with no less than 10 each in cardiac, respiratory, general medical, and trauma emergencies, and with at least 30 of the calls being advanced life support ambulance calls. All EMS calls shall be under the direct visual supervision of a preceptor. In order for a call to be accepted, the preceptor must document and verify satisfactory student performance, including application of specific assessment and treatment skills required of a certified EMT-Paramedic.

(5) The intern must not be one of the minimum staff required for an ambulance as described in OAR chapter 333, division 250.

(6) For purposes of this section, "EMS call" means a pre-hospital emergency medical services response requiring patient care at the advanced life support level and "ambulance call" means an advanced life support pre-hospital emergency medical services response, which includes dispatch, scene response, patient care while riding in the patient compartment of an ambulance, and participating in specific assessment and treatment skills required of a certified EMT-Paramedic.

ADMINISTRATIVE RULES

333-265-0018

Course Director Qualifications for First Responder Courses

(1) An ambulance service, emergency medical services agency, or entity that has contracted with the Division to conduct a First Responder course must have a qualified Course Director.

(2) A First Responder Course Director must:

(a) Have appropriate training and experience to fulfill the role and have the credentials that demonstrate such training and experience;

(b) Be currently certified in Oregon as an EMT-Basic or higher with three years of pre-hospital care experience and in good standing with the Division, or an EMS medical director;

(c) Have a current healthcare provider CPR instructor card or certificate of course completion that meets or exceeds the 2005 American Heart Association ECC guidelines or equivalent standards approved by the Division; and

(d) Have successfully completed one of the following:

(A) The National Association of EMS Educator Course, developed by the U.S. Department of Transportation, 2002;

(B) The National Fire Protection Association (NFPA) Fire Instructor I or Fire Service Instructor I and II programs developed by the Department of Public Safety Standards and Training (DPSST);

(C) Have at least 40 hours of the Instructor Development Program offered by the DPSST; or

(D) A minimum of three college credits in adult educational theory and practice or vocational educational theory and practice from an accredited institution of higher learning.

(e) Have participated in a course director program offered by the Division; and

(f) Agree to participate in the course director program updates offered by the Division.

333-265-0020

Approved EMT Course Director

(1) An Oregon teaching institution conducting EMT-Basic, Advanced EMT, EMT-Intermediate or EMT-Paramedic courses must have program faculty consisting of a designated program director, course medical director, and course directors and may have guest instructors. The number of persons carrying out the responsibilities of conducting an EMT course may vary from program to program. One person, if qualified, may serve in multiple roles.

(2) A course EMS Medical Director must meet the qualifications of a supervising physician as defined in OAR 847-035-0020.

(3) A course director for a specific course must:

(a) Be an EMS Medical Director; or

(b) Hold at least the level of Oregon certification as the course being taught and be in good standing with the Division, and have at least three years of experience at that certification level or higher, and:

(A) Have a current healthcare provider CPR instructor card or certificate of course completion that meets or exceeds the 2005 American Heart Association ECC guidelines or equivalent standards approved by the Division;

(B) Have successfully completed one of the following:

(i) The National Association of EMS Educator Course, developed by the U.S. Department of Transportation, 2002;

(ii) The National Fire Protection Association (NFPA) Fire Instructor I or Fire Service Instructor I and II programs developed by the Department of Public Safety Standards and Training (DPSST);

(iii) At least 40 hours of the Instructor Development Program offered by the DPSST; or

(iv) A minimum of three college credits in adult educational theory and practice or vocational educational theory and practice from an accredited institution of higher learning;

(C) Participated in the Course Director Program offered by the Division; and

(D) Participated in the Course Director Program updates offered by the Division.

(4) In addition to the Course Director requirements in section (3) of this rule, an EMT-Paramedic Course Director must:

(a) Be an EMS Medical Director and hold a current:

(A) American Board of Emergency Medicine Certificate; or

(B) Advance Cardiac Life Support (ACLS) Instructor certificate and Advance Trauma Life Support certificate or equivalent as approved by the Division; or

(b) Be a certified Paramedic in good standing with the Division with at least three years of experience at the certification level and:

(A) Possess at least an associate's degree from an accredited institution of higher learning;

(B) Hold an Advance Cardiac Life Support (ACLS) Instructor certificate from the American Heart Association or equivalent that has been approved by the Division; and

(C) Hold a Basic Trauma Life Support (BTLS) Instructor certificate or equivalent that has been approved by the Division, or a Pre-hospital Trauma Life Support (PHTLS) Instructor certificate or equivalent that has been approved by the Division.

(5) A guest instructor must:

(a) Be qualified and have the expertise in the specific course subject; and

(b) Follow the course curriculum and meet the course objectives for that specific subject.

Program Administrator and Faculty Responsibilities

(1) A Program Administrator is responsible for course planning, the organizing and administration of courses, periodic review of courses, program evaluation, and continued development and effectiveness of courses.

(2) A course EMS Medical Director shall:

(a) Provide medical direction for the didactic, clinical and field internship portions of an EMT course; and

(b) Act as the ultimate medical authority regarding course content, procedures and protocols.

(3) A Course Director for a specific course:

(a) Is responsible for course planning and organizing, including scheduling lectures, coordinating and arranging clinical rotations, and field internships;

(b) Is the primary instructor, who conducts at least 50 percent of the didactic sessions, unless this requirement is waived by the Division in advance;

(c) Must ensure, if guest instructors are used, that the guest instructor is qualified to teach the subject matter, meets requirement set forth in OAR 333-265-0020, and presents lessons that address all objectives identified in the course curriculum for the topic being presented;

(d) Must ensure that:

(A) On the first day of class each student completes a registration form prescribed by the Division;

(B) Each student is informed that failure to complete a registration form will make them ineligible to take the certification exam; and

(C) The completed registration forms are collected and submitted to the Division within 21 days of the first day of class.

(e) Must have written documentation showing whether a student has successfully completed the course as defined in OAR 333-265-0014.

333-265-0023

First Responder and EMT Examinations

(1) In order to be a First Responder, a candidate must take and pass a cognitive and practical certification examination.

(2) The First Responder cognitive and practical examinations must be administered by an entity approved by the Division to conduct First Responder courses. An approved entity must use a Division approved cognitive and practical exam. The National Registry of Emergency Medical Technicians cognitive examination for First Responders may also be used.

(3) EMT-Basic, Advanced Emergency Medical Technician and EMT-Paramedic candidates must complete the cognitive examination designated by the National Registry of EMTs. The fee for this exam must be paid directly to the National Registry of EMTs.

(4) EMT-Intermediate students must complete a cognitive examination designated by the Division.

(5) The EMT-Basic and EMT-Intermediate examinations for certification will be administered by a Certifying Officer and hosted by a teaching institution that offers EMT-Basic and EMT-Intermediate courses.

(6) An Advanced EMT and EMT-Paramedic practical examination is a National Registry of EMTs examination offered at various times during

ADMINISTRATIVE RULES

the year by the Division. An Advanced EMT or EMT-Paramedic candidate may also take the appropriate practical examination in any state.

(7) The Division or the National Registry of EMTs shall establish the passing scores of all cognitive and practical certification examinations.

(8) An EMT-Basic candidate who fails:

(a) Not more than two skill stations of the EMT-Basic practical examination may retest those skill stations failed on the same day with no additional charge by the Division.

(b) An EMT-Basic skill station a second time must submit a re-examination fee to the Division and be scheduled through his or her teaching institution to retest any skill station failed.

(c) More than two skill stations of the EMT-Basic practical examination must schedule a retest for a separate day through his or her teaching institution, and submit a re-examination fee to the Division.

(9) An EMT-Intermediate candidate who fails:

(a) Not more than three skill stations of the EMT-Intermediate practical examination may retest those skill stations failed on the same day with no additional charge by the Division.

(b) An EMT-Intermediate skill station a second time must submit a re-examination fee and be scheduled through the Division to retest any skill station failed.

(c) More than three skill stations of the EMT-Intermediate practical examination must schedule a retest for a separate day, and submit a re-examination fee to the Division.

(10) If a candidate fails either the cognitive or practical examination three times, the candidate must successfully complete a Division approved refresher course for that specific certification level to become eligible to re-enter the certification process. Following successful completion of a refresher course, a candidate must re-take and pass both the cognitive and practical examination within three additional attempts.

(11) The passing results of the cognitive and practical certification examinations for each level of certification will remain valid for a 12-month period from the date the examination was successfully completed. A candidate not successfully completing the failed portion of an examination within that 12-month period shall be required to repeat the entire cognitive and practical examinations.

(12) A candidate must pass both the cognitive and practical examinations within 24 months after the completion of the required courses.

(13) A candidate who fails the cognitive and practical examination six times or does not complete the examination process within 24 months of the completion date of the initial required courses, must successfully complete the entire EMT course for that certification level and reapply for certification.

(14) The entity providing a cognitive examination must have a policy for the accommodation of a person with a documented learning disability.

(15) No accommodation shall be provided for a practical certification examination.

(16) EMT-Basic and EMT-Intermediate practical examinations must be attended by a Division approved Certifying Officer that:

(a) Is certified in Oregon at least at the level of examination they are administering with at least two years field experience at that level or above and is in good standing with the Division; and

(b) Has completed training offered by the Division explaining the role and responsibilities of a Certifying Officer.

333-265-0025

Application Process to Obtain a First Responder or EMT Certificate

(1) For any person to act as a First Responder or an EMT a certificate must be obtained from the Division.

(2) An applicant for First Responder must:

(a) Be at least 16 years of age;

(b) Submit proof of successfully completing an approved course, including completion of all clinical and internship requirements, if applicable;

(c) Submit proof of passing the required cognitive and practical examinations;

(d) Submit a completed application on a form prescribed by the Division along with the applicable fee;

(e) Consent to a criminal background check through the Law Enforcement Data System (LEDS), including a nationwide criminal record check by fingerprint identification under the authority of ORS 181.534 and 181.537 if required; and

(f) Provide authorization for the release of information, as necessary, from any persons or entities, including but not limited to educational institutions, employers, hospitals, treatment facilities, institutions, organization, governmental or law enforcement agencies.

(3) An individual who wishes to become certified as an EMT-Basic, Advanced EMT, EMT-Intermediate, or EMT-Paramedic shall:

(a) Be at least 18 years of age;

(b) Submit a completed application on a form prescribed by the Division along with the applicable fee;

(c) Submit proof of successfully completing an approved course, including all clinical and internship requirements if applicable;

(d) Submit proof of passing the required cognitive and practical examinations;

(e) For an EMT-Basic, Advanced EMT or EMT-Intermediate applicant, submit proof that the applicant received a high school diploma or equivalent or a degree from an accredited institution of higher learning;

(f) For an EMT-Paramedic applicant submit proof that the applicant has received an associate's degree or higher from an accredited institution of higher learning;

(g) Consent to a criminal background check through the Law Enforcement Data System (LEDS), including a nationwide criminal record check by fingerprint identification under the authority of ORS 181.534 and 181.537 if required; and

(h) Provide an authorization for the release of information, as necessary, from any persons or entities, including but not limited to educational institutions, employers, hospitals, treatment facilities, institutions, organizations, governmental or law enforcement agencies in order for the Division to complete the review of the application; and

(i) Submit a fee as set out in OAR 333-265-0030.

(4) EMT-Basic and EMT-Intermediate applications for certification must be received by the Division three weeks prior to the date of the certifying practical examination.

(5) Advanced EMT and EMT-Paramedic applications for certification must be received by the Division four weeks prior to the date of the practical examinations.

(6) Any fee for a criminal background check through LEDS or a nationwide criminal background check shall be the responsibility of the applicant.

(7) An applicant for an initial certification as an EMT or First Responder who completed training in a program outside Oregon and has never been certified in another state, must:

(a) Meet all requirements for that level as established in OAR 333-265-0000 through 333-265-0023;

(b) Demonstrate proof of current National Registry certification; and

(c) Make application within 24 months from the date that their training program was completed, unless an applicant has been on active duty in the military within the last four years and in that case, the application may be submitted more than 24 months from the date the training program was completed.

(8) An initial certification must not exceed 30 months.

(9) If an applicant has been on active duty in the military within the past four years and the applicant can demonstrate proof of current National Registry certification for the level of certification desired, current certification in another state is not mandatory.

(10) The Division may return any application that is incomplete or is not accompanied by the appropriate fee.

Fees for the Certification and Recertification of a First Responder or EMT

(1) Beginning with the effective date of these rules through June 30, 2011 the following fees apply:

(a) Initial application for First Responder — \$35;

(b) The initial application and same-day practical examination fees for EMTs:

(A) EMT-Basic — \$95;

(B) Advanced EMT — \$95

(C) EMT-Intermediate — \$95; and

(D) EMT-Paramedic — \$250.

(c) Cognitive re-examination fees for EMT — Intermediate — \$60.

(d) Practical re-examination fees:

(A) EMT-Basic — \$40;

ADMINISTRATIVE RULES

- (B) Advanced EMT — \$60
 - (C) EMT-Intermediate — \$60; and
 - (D) EMT-Paramedic — \$80.
 - (e) Indorsement certification fees:
 - (A) First Responder — \$35;
 - (B) EMT-Basic — \$95;
 - (C) Advanced EMT — \$95
 - (D) EMT-Intermediate — \$95; and
 - (E) EMT-Paramedic — \$250.
 - (f) Provisional certification fee is an additional \$50.
 - (g) Recertification fees:
 - (A) Certified First Responder — \$15;
 - (B) EMT-Basic — \$40;
 - (C) Advanced EMT — \$70
 - (D) EMT-Intermediate — \$65; and
 - (E) EMT-Paramedic — \$120.
- (2) Beginning on July 1, 2011 through June 30, 2013 the following fees apply:
- (a) Initial application for First Responder — \$40;
 - (b) The initial application and same-day practical examination fees for EMTs:
 - (A) EMT-Basic — \$100;
 - (B) Advanced EMT — \$110
 - (C) EMT-Intermediate — \$110; and
 - (D) EMT-Paramedic — \$275.
 - (c) Cognitive re-examination fees for EMT-Intermediate — \$60.
 - (d) Practical re-examination fees:
 - (A) EMT-Basic — \$50;
 - (B) Advanced EMT — \$75
 - (C) EMT-Intermediate — \$75; and
 - (D) EMT-Paramedic — \$95.
 - (e) Indorsement certification fees:
 - (A) First Responder — \$40;
 - (B) EMT-Basic — \$125;
 - (C) Advanced EMT — \$150
 - (D) EMT-Intermediate — \$150; and
 - (E) EMT-Paramedic — \$300.
 - (f) Provisional certification fee is an additional \$50.
 - (g) Recertification fees:
 - (A) Certified First Responder — \$20;
 - (B) EMT-Basic — \$50;
 - (C) Advanced EMT — \$80
 - (D) EMT-Intermediate — \$80; and
 - (E) EMT-Paramedic — \$140.
- (3) Beginning on July 1, 2013 the following fees apply:
- (a) Initial application for First Responder — \$45;
 - (b) The initial application and same-day practical examination fees for EMTs:
 - (A) EMT-Basic — \$110;
 - (B) Advanced EMT — \$125
 - (C) EMT-Intermediate — \$125; and
 - (D) EMT-Paramedic — \$290.
 - (c) Cognitive re-examination fees for Advanced EMT and EMT-Intermediate — \$60.
 - (d) Practical re-examination fees:
 - (A) EMT-Basic — \$55;
 - (B) Advanced EMT — \$85
 - (C) EMT-Intermediate — \$85; and
 - (D) EMT-Paramedic — \$100.
 - (e) Indorsement certification fees:
 - (A) First Responder — \$50;
 - (B) EMT-Basic — \$140;
 - (C) Advanced EMT — \$165
 - (D) EMT-Intermediate — \$165; and
 - (E) EMT-Paramedic — \$300.
 - (f) Provisional certification fee is an additional \$50.
 - (g) Recertification fees:
 - (A) Certified First Responder — \$23;
 - (B) EMT-Basic — \$55;
 - (C) Advanced EMT — \$85
 - (D) EMT-Intermediate — \$85; and
 - (E) EMT-Paramedic — \$150.
- (4) As authorized by ORS 682.216, a recertification application post-marked after May 1 of the recertification year must include a \$40 late fee in addition to the recertification fee.

(5) If an emergency medical technician or first responder has been on active military duty for more than six months of a recertification period which prevented them from accessing continuing education, the Division may approve an extension of the current certification to permit obtaining the required educational hours.

(6) An EMS agency or rescue service which utilizes volunteers to provide a majority of its services may request that the Division waive the First Responder or EMT recertification fee for its volunteers by applying for a waiver on forms prescribed by the Division that includes:

(a) A statement certifying that the ambulance or rescue service is unable to maintain an adequate number of volunteer First Responders or EMTs due to the required First Responder or EMT recertification fees; and

(b) A copy of a signed agreement between the volunteer service and the volunteer First Responder or EMT is attached to the First Responder's or EMT's application for recertification specifying that the First Responder or EMT:

(A) Is not employed as a First Responder or EMT elsewhere;

(B) Will be affiliated with the volunteer service for the entire upcoming certification period;

(C) Will be scheduled monthly to staff the ambulance or rescue service; and

(D) Will immediately pay the Division the required current First Responder or EMT recertification fee if the First Responder or EMT is not scheduled monthly or is no longer affiliated with a volunteer ambulance or rescue service and wants to remain certified as a First Responder or EMT.

(7) An Oregon-certified First Responder or EMT wishing to obtain a duplicate First Responder or EMT certificate, must submit a written request to the Division in the form required by the Division and pay a fee in the amount of \$25.

(8) All fees established in this section are nonrefundable except that the Division may waive a subsequent examination fee for a person who fails to appear for an examination due to circumstances that are beyond the control of the candidate.

(9) The fees established in sections (1) through (3) of this rule apply to any application submitted on or after the effective date of these rules.

Certification as a First Responder or EMT

(1) The Division will review an application for certification as a First Responder or EMT and will conduct a criminal background check.

(2) If there are no issues that arise during the review of the application and the applicant meets all the requirements of ORS chapter 682 and these rules, the Division will grant the applicant a certificate.

(3) If the applicant does not meet the standards for certification or there are criminal history or personal history issues that call into question the ability of the applicant to perform the duties of a certified First Responder or EMT in accordance with ORS chapter 682 or these rules, the Division may deny the applicant on the basis of the information provided in the application, or conduct an additional investigation in accordance with OAR 333-265-0085.

(4) Following an investigation the Division may:

(a) Deny the application;

(b) Grant the application but place the applicant on probation;

(c) Grant the application but place practice restrictions on the applicant; or

(d) Grant the application if the criminal or personal history issues were resolved through the investigation to the Division's satisfaction.

(5) Final actions taken by the Division in denying an applicant, placing an applicant on probation, or by placing restrictions on the applicant's practice shall be done in accordance with ORS chapter 183.

(6) Nothing in this section precludes the Division from taking an action authorized in ORS Chapter 682.

(7) The certificates of First Responders expire on June 30 of even-numbered years.

(8) The certificates of EMT-Basics, Advanced EMTs, EMT-Intermediates and EMT-Paramedics expire on June 30 of odd-numbered years.

First Responder and EMT Certification by Indorsement

(1) A person certified with another state as a First Responder, EMT-Basic, Advanced EMT, EMT-Intermediate, or EMT-Paramedic and registered with the National Registry of EMT's as a First Responder, EMT-Basic, Advanced EMT, EMT-Intermediate I-99, or EMT-Paramedic may apply to the Division for a certificate by indorsement.

(a) A National Registry EMT-Intermediate I-99 may apply for an Oregon EMT-Intermediate certificate by indorsement.

(b) A National Registry EMT-Intermediate I-85 may apply for an EMT-Basic certificate by indorsement.

(2) A person applying for Oregon First Responder or EMT certification by indorsement shall:

(a) Submit a completed application on a form prescribed by the Division along with the applicable nonrefundable fee;

(b) Submit documentation of the First Responder or EMT training which meets or exceeds the requirements for Oregon First Responder or EMT certification at the level of certification for which the person is applying;

(c) If applying for EMT-Paramedic certification by indorsement, submit proof of having received an associate's degree or higher from an accredited institution of higher learning or submit proof of having worked for at least three years out of the last five years as a paramedic in either another state or in the United States military at the National Registry Paramedic level.

(d) Be in good standing with the applicant's current certifying agency and with the National Registry of EMTs; and

(e) Consent to a criminal background check in accordance with OAR 333-265-0025(3).

(3) The Division shall review an application for certification by indorsement and shall conduct a criminal background check.

(4) If there are no issues that arise during the review of the application and the applicant meets all the applicable requirements of ORS Chapter 682 and these rules, the Division shall grant the applicant a certificate by indorsement.

(5) If the applicant does not meet the standards for certification, or there are criminal history or personal history issues that call into question the ability of the applicant to perform the duties of a certified first responder or EMT, in accordance with ORS Chapter 682 or these rules, the Division may deny the application on the basis of the information provided, or conduct an additional investigation in accordance with OAR 333-265-0085. Following such an investigation the Division may take any action as specified in OAR 333-265-0040(4).

(6) The Division shall be the sole agency authorized to determine equivalency of course work presented from an out of state accredited institution of higher learning.

(7) The Division shall return any application that is incomplete, or can not be verified.

EMT-Paramedic Provisional Certification

(1) As authorized by ORS 682.216, the Division may issue a provisional EMT-Paramedic certification to an out-of-state certified EMT-Paramedic who meets the requirements in OAR 333-265-0050, except for the educational requirements in OAR 333-265-0050(3)(a) and is in the process of obtaining an associate's degree or higher from an accredited institution for higher learning.

(2) An applicant shall comply with the application requirements in OAR 333-265-0050 and shall submit:

(a) A letter of recommendation from the applicant's most recent Medical Director; and

(b) A letter from the applicant's prospective EMS Medical Director stating that the EMS Medical Director will serve as his or her EMS Medical Director while being provisionally certified.

(3) The Division may return any application that is incomplete, can not be verified, or is not accompanied by the appropriate fee.

(4) An EMT-Paramedic with a provisional certification issued under these rules shall enter into an agreement with the Division and shall submit quarterly reports to the Division describing the certificate holder's progress in obtaining an associate's degree or higher from an accredited institution for higher learning.

(5) An EMT-Paramedic provisional certification shall be revoked if the person:

(a) Ceases active involvement in emergency medical services;

(b) Fails to meet the conditions set forth in the agreement;

(c) Fails to cooperate or actively participate in a request from the Division in order to obtain more information or required materials;

(d) Has his or her EMT scope of practice revoked or restricted by his or her EMS Medical Director; or

(e) Does not submit written documentation of the successful completion of any of the educational requirements set out in this rule.

Certification as an EMT of Any Person in Another State

(1) Any person who provides pre-hospital emergency or non-emergency care in Oregon must be certified as an Oregon First Responder or EMT and function under a Division-approved EMS Medical Director.

(2) Oregon First Responder or EMT certification is not required when:

(a) Specifically exempted by ORS 682.035;

(b) An out-of-state certified EMT is transporting a patient through the state;

(c) An out-of-state certified EMT is caring for and transporting a patient from an Oregon medical facility to an out-of-state medical facility or other out-of-state location;

(d) An out-of-state certified EMT is caring for and transporting a patient originating from outside of Oregon to a medical facility or other location in Oregon; or

(e) A disaster or public health emergency has been declared under ORS Chapter 401 or 433 and licensing provisions have been waived by the Governor.

Reportable Events; Investigations and Discipline of Certificate Holders

(1) In accordance with ORS 676.150 and using a form prescribed by the Division, First Responders or EMTs must notify the Division of the actions or events listed in section (3) of this rule. Failure to comply with the reporting requirements of this rule may result in disciplinary action against the First Responder or EMT.

(2) A First Responder or EMT who has reasonable cause to believe another First Responder or EMT has engaged in prohibited, dishonorable or unprofessional conduct as defined in ORS 676.150, 682.025 and 682.220 shall report that conduct to the Division without undue delay, within 10 days, after the First Responder or EMT learns of the conduct unless state or federal laws relating to confidentiality or the protection of health information prohibit such a disclosure.

(3) Within 10 days a First Responder or EMT shall report to the Division the following:

(a) Conviction of a misdemeanor or felony;

(b) A felony arrest;

(c) A disciplinary restriction placed on a scope of practice of the certificate holder by the EMS Medical Director;

(d) A legal action being filed against the certificate holder alleging medical malpractice or misconduct;

(e) A physical disability that affects the ability of the certificate holder to meet the Functional Job Analysis, Appendix A of the 1994 EMT-Basic, National Standard Curriculum, incorporated by reference, and the certificate holder continues to respond to calls and is providing patient care; or

(f) A change in mental health which may affect a certificate holder's ability to perform as a certified First Responder or EMT.

ADMINISTRATIVE RULES

(4) State or federal laws relating to confidentiality or the protection of health information that might prohibit a First Responder or EMT from reporting prohibited or unprofessional conduct include but are not limited to:

(a) Public Law 104-191, 42 CFR Parts 160, 162, and 164 (The Health Insurance Portability and Accountability Act, HIPAA);

(b) 42 CFR Part 2 (federal law protecting drug and alcohol treatment information);

(c) ORS 192.518 through 192.529 (state law protecting health information); and

Conduct or Practice Contrary to Recognized Standards of Ethics

The following list includes, but is not limited to, conduct or practice by a First Responder or EMT that the Division considers to be contrary to the recognized standards of ethics of the medical profession:

(1) Knowing or willful violation of patient privacy or confidentiality by releasing information to persons not directly involved in the care or treatment of the patient;

(2) Illegal drug use on or off duty;

(3) Alcohol use within eight hours of going on duty or while on duty or in an on-call status;

(4) Violation of direct verbal orders from a physician who is responsible for the care of a patient;

(5) Violation of orders given by an online medical resource physician, whether delivered by radio or telephone;

(6) Violation of standing orders without cause and documentation;

(7) Use of invasive medical procedures in violation of generally accepted standards of the medical community;

(8) Any action that constitutes a violation of any statute, municipal code, or administrative rule that endangers the public, other public safety officials, other First Responder or EMT, patients, or the general public (including improper operation of an emergency medical vehicle);

(9) Instructing, causing or contributing to another individual violating a statute or administrative rule, including First Responder or EMT acting in a supervisory capacity;

(10) Participation in the issuance of false continuing education documents or collaboration therein, including issuing continuing education verification to one who did not legitimately attend an educational event;

(11) Signing-in to an educational event for a person not actually present;

(12) Knowingly assisting or permitting another First Responder or EMT to exceed his or her lawful scope of practice;

(13) Unlawful use of emergency vehicle lights and sirens;

(14) Providing false or misleading information to the Division, to the State EMS Committee, to the Subcommittee on EMT Certification and Discipline, to an EMS teaching institution or clinical/field internship agency;

(15) Responding to scenes in which the First Responder or EMT is not properly dispatched ("call-jumping"), whether in a private auto, ambulance, or other vehicle, in contravention of local protocols, procedures, or ordinances, or interfering with the safe and effective operation of an EMS system;

(16) Cheating on any examination used to measure EMS related knowledge or skills;

(17) Assisting another person in obtaining an unfair advantage on a First Responder or EMT examination;

(18) Defrauding the Division;

(19) Knowingly providing emergency medical care aboard an unlicensed ambulance;

(20) Violation of the terms of a written agreement with the Division or an order issued by the Division;

(21) Engaging in any sexual activities, including sexual harassment, that constitutes a crime in Oregon and that may endanger the public or a person providing emergency medical care;

(22) Arriving for duty impaired or in a condition whereby the First Responder or EMT is likely to become impaired through fatigue, illness, or any other cause, as to make it unsafe for the employee to begin to operate an ambulance or provide patient care;

(23) Failure to cooperate with the Division in an investigation, including failure to comply with a request for records, or a psychological, physical, psychiatric, alcohol or chemical dependency assessment; and

(24) Any violation of these rules or any law, administrative rule, or regulation governing ambulances, First Responder or EMTs, or emergency medical service systems.

Investigations

(1) The Division may conduct an investigation of a First Responder or EMT if:

(a) The Division receives a complaint concerning a First Responder or EMT;

(b) Personal or criminal history questions arise during a review of an application that raise questions about the First Responder or EMT's ability to safely perform the duties of a First Responder or EMT;

(c) A reportable action is received pursuant to OAR 333-265-0080; or

(d) The Division receives information in any manner that indicates a First Responder or EMT has violated ORS chapter 682 or these rules, may be medically incompetent, guilty of prohibited, unprofessional or dishonorable conduct or mentally or physically unable to safely function as a First Responder or EMT.

(2) The Division may investigate the off-duty conduct of a First Responder or EMT to the extent that such conduct may reasonably raise questions about the ability of the First Responder or EMT to perform the duties of a First Responder or EMT in accordance with the standards established by this division.

(3) Upon receipt of a complaint about a First Responder or EMT or applicant, the Division may conduct an investigation as described under ORS 676.165 and 682.220. Investigations shall be conducted in accordance with ORS 676.175.

(4) The fact that an investigation is conducted by the Division does not imply that disciplinary action will be taken.

(5) During an investigation the Division may do any of the following:

(a) Request additional information from the First Responder or EMT;

(b) Conduct a phone or in-person interview; or

(c) Request or order that the First Responder or EMT undergo a psychological, physical, psychiatric, alcohol or chemical dependency assessment.

333-265-0087

Discipline

(1) Upon completion of an investigation the Division may do any of the following:

(a) Close the investigation and take no action;

(b) Issue a letter of reprimand or instruction;

(c) Place the First Responder or EMT on probation;

(d) Place a practice restriction on the First Responder or EMT;

(e) Suspend the First Responder or EMT;

(f) Revoke the certificate of the First Responder or EMT;

(g) Enter into a stipulated agreement with the First Responder or EMT to impose discipline; or

(h) Take such other disciplinary action as the Division, in its discretion, finds proper, including assessment of a civil penalty not to exceed \$5,000.

(2) Any disciplinary action taken by the Division will be done in accordance with ORS Chapter 183.

(3) The Division may assess the costs of a disciplinary proceeding against a First Responder or EMT. Costs may include, but are not limited to:

(a) Costs incurred by the Division in conducting the investigation;

(b) Costs of any evaluation or assessment requested by the Division;

and

(c) Attorney fees.

(4) Voluntary Surrender:

(a) A First Responder or EMT may voluntarily surrender his or her certificate if the First Responder or EMT submits a written request to the Division specifying the reason for the surrender and the Division agrees to accept the voluntary surrender.

(b) The Division may accept a voluntary surrender of the First Responder or EMT on the condition that the First Responder or EMT does

ADMINISTRATIVE RULES

not reapply for certification, or agrees not to reapply for a specified period of time.

(5) If a First Responder or EMT who voluntarily surrendered his or her First Responder or EMT certification applies for reinstatement, the Division may deny that person's application if the Division finds that the person has committed an act that would have resulted in discipline being imposed while they were previously certified.

(6) If a First Responder or EMT's certificate is revoked he or she may not reapply for certification for at least two years from the date of the final order revoking the certificate.

Reverting to a Lower Level of EMT Certification

(1) An EMT may revert to a lower level of certification at any time during a certification period if the EMT:

(a) Submits a written request to the Division specifying the reason for the change in the certification level;

(b) Submits an application for recertification for the lower level of certification sought with the appropriate fee;

(c) Surrenders his or her current EMT certificate to the Division;

(d) Is in good standing with the Division;

(e) Adequately documents appropriate continuing education hours and courses for the certification level the individual would revert to; and

(f) Receives written approval from the Division for a change in certification level.

(2) If an EMT requests reinstatement of the higher level of certification within one year of reverting to a lower level of certification the EMT must complete the requirements specified in OAR 333-265-0100(3) and 333-265-0105.

(3) If an EMT requests reinstatement of the higher level of certification the EMT must complete the requirements specified in OAR 333-265-0100.

Expiration and Recertification of EMT Certification

(1) The certificates of First Responders expire on June 30 of even-numbered years.

(2) The certificates of EMT-Basics, Advanced EMTs, EMT-Intermediates and EMT-Paramedics expire on June 30 of odd-numbered years.

(3) An applicant for recertification must:

(a) Complete and sign an application form prescribed by the Division certifying that the information in the application is correct and truthful;

(b) Meet the requirements of ORS chapter 682 and these rules;

(c) Consent to a criminal background check in accordance with OAR 333-265-0025(3);

(d) Provide an authorization for the release of information to the Division, as necessary, from any persons or entities, including but not limited to employers, educational institutions, hospitals, treatment facilities, institutions, organizations, governmental or law enforcement agencies in order for the Division to make a complete review of the application.

(e) Complete the continuing education requirements in OAR 333-265-0110; and

(f) Submit a fee set out in OAR 333-265-0030.

Reinstatement of First Responder and EMT Certification

(1) To reinstate an expired Oregon First Responder, EMT-Basic, Advanced EMT, EMT-Intermediate, or EMT-Paramedic certificate that has been expired for less than one year, an applicant must:

(a) Submit a completed application for recertification;

(b) Submit the appropriate recertification fee plus a late fee; and

(c) Provide evidence of completion of continuing education requirements as specified in Appendix 1, incorporated by reference, and courses

completed from the certificate holder's last successful application through the date of the present application for recertification, as specified in this rule.

(2) Reinstatement program for a certified First Responder:

(a) Obtain an American Heart Association "Health Care Provider," or American Red Cross "Basic Life Support for the Professional Rescuer," or other Division approved equivalent CPR course completion document;

(b) Complete the First Responder refresher course approved by the Division;

(c) Pass the First Responder cognitive and practical examinations within three attempts, including a same-day re-examination; and

(d) Complete the above listed program requirements within six months of applying for reinstatement.

(3) Reinstatement program for an EMT-Basic:

(a) Obtain an American Heart Association "Health Care Provider," or American Red Cross "Basic Life Support for the Professional Rescuer," or other Division approved equivalent CPR course completion document;

(b) Complete the EMT-Basic Refresher Training Program, U.S. Department of Transportation, National Highway Traffic Safety Administration, 1995, incorporated by reference;

(c) Pass the EMT-Basic cognitive and practical examinations within three attempts, including a same-day re-examination; and

(d) Complete the above listed program requirements within six months of applying for reinstatement.

(4) Reinstatement program for an EMT-Intermediate:

(a) Obtain an American Heart Association "Health Care Provider," or American Red Cross "Basic Life Support for the Professional Rescuer," or other Division approved equivalent CPR course completion document;

(b) Complete a Division approved EMT-Intermediate refresher course consisting of at least:

(A) Fourteen hours of didactic instruction;

(B) Eight hours of clinical experience in a hospital emergency department in which patient assessment, eliciting a concise and focused medical history, oxygenation and ventilator management, intravenous therapy, and medication preparation and administration are evaluated; and

(C) Demonstration of five supervised and documented successful pharyngeal esophageal airway device placements (mannequin permitted) and five supervised and documented successful intravenous line placements (mannequin permitted).

(c) Pass the EMT-Intermediate cognitive and practical examination within three attempts, including the same day re-examination; and

(d) Complete the above listed program requirements within one year of applying for reinstatement.

(5) Reinstatement program for an EMT-Paramedic:

(a) Complete an Advanced Cardiac Life Support (ACLS) course, provider or instructor course;

(b) Complete a Basic Trauma Life Support (BTLS) course, or Pre-Hospital Trauma Life Support (PHTLS) course, provider or instructor course;

(c) Complete an Advanced Pediatric Life Support (APLS), Pediatric Advanced Life Support (PALS), Pediatric Education for Pre-hospital Professionals (PEPP), or Neonatal Advance Life Support (NALS) course, provider or instructor course;

(d) Complete the U.S. Department of Transportation, National Highway Traffic Safety Administration 2001 EMT-Paramedic: National Standard Curriculum Refresher Training Program, incorporated by reference;

(e) Pass the EMT-Paramedic cognitive and practical examinations within three attempts, including the same-day re-examination;

(f) Complete the above listed program requirements within two years of applying for reinstatement; and

(g) Document completion of a DOT EMT-Paramedic Training Program taken after January 1, 1977.

Certified First Responder and EMT Continuing Education Requirements for Recertification

(1) A First Responder is required to:

(a) Complete 12 hours of continuing education as specified in Appendix 1, incorporated by reference; or

(b) Complete all requirements of the National Registry of Emergency Medical Technicians for First Responder re-registration.

(2) After July 1, 2009 an EMT-Basic is required to:

ADMINISTRATIVE RULES

(a) Complete 24 hours of continuing education as specified in Appendix 1, incorporated by reference; or

(b) Complete all requirements of the National Registry of EMT-Basic or Emergency Medical Technician re-registration.

(3) An Advanced EMT is required to:

(a) Complete 36 hours of continuing education as specified in Appendix 1, incorporated by reference; or

(b) Complete all requirements of the National Registry of EMT Advanced EMT re-registration.

(4) An EMT-Intermediate is required to:

(a) Complete a course with published standards and guidelines for cardiopulmonary resuscitation and emergency cardiac care in which the EMT has demonstrated knowledge and skills in the performance of subcutaneous (SQ) injections, automated external defibrillator (AED) operation, one and two person rescuer cardiopulmonary resuscitation (adult, child, and infant) and relief of foreign body airway obstruction; and

(b) Obtain at least 36 hours of continuing education as specified in Appendix 1, incorporated by reference.

(5) An EMT-Paramedic is required to:

(a) Complete all requirements of the National Registry of EMT-Paramedic re-registration; or

(b) Obtain at least 48 hours of continuing education as specified in Appendix 1, incorporated by reference.

(6) All continuing education credits specified in sections (1) through (5) of this rule shall be completed between the date of the certificate holder's last successful application to the date of the certificate holder's current recertification application.

(7) Continuing education credit shall be granted for:

(a) Attending training seminars, educational conferences, and continuing education classes within the certificate holder's scope of practice;

(b) Attending approved courses for the same or higher level of certification; and

(c) Online continuing education that provides a certificate of completion and is approved by the Continuing Education Coordinating Board for Emergency Medical Services (CECBEMS).
