CERTIFICATE OF APPROVAL

Clear Ballot Group, ClearVote 2.5 Voting System

Clear Ballot Group has made upgrades to its ClearVote Voting System. Specifically, the company has submitted ClearVote version 2.5, along with its Oregon test report, prepared in compliance with OAR 165-007-0350, and its federal test lab report. These submitted materials document that the system meets all Oregon requirements and conforms to the federal Voluntary Voting System Guidelines (VVSG) Version 1.0 (2005). Clear Ballot Group has requested approval of this version for use in Oregon elections.

The Secretary of State, in collaboration with the Oregon Association of County Clerks' Election Equipment Certification Committee, reviewed the submitted materials and determined that the upgraded system meets the statutory requirements outlined in Oregon Revised Statutes 246.550 and 246.560, as well as Oregon Administrative Rule 165-007-0350.

Accordingly, the upgraded ClearVote 2.5 Voting System is certified for sale, lease, or use in all elections in Oregon. The system must be used in compliance with applicable Oregon statutes, as well as all Secretary of State Election Division rules and directives.

Dated this 14th day of November, 2025.

Dena Dawson
Director of Elections
