# INFORMATION AND PUBLICATION SCHEDULE

## General Information

The Administrative Rules Unit, Archives Division, Secretary of State publishes the *Oregon Administrative Rules Compilation* and the on-line *Oregon Bulletin*. The *Oregon Administrative Rules Compilation* is an annual print publication containing the complete text of Oregon Administrative Rules (OARs) filed during the previous year through November 15, or the last workday before that if the 15th falls on a weekend or holiday. The *Oregon Bulletin* is a monthly on-line supplement that contains rule text amended after publication of the print *Compilation*, as well as proposed rulemaking and rulemaking hearing notices. The *Bulletin* also publishes certain non-OAR items such as Executive Orders of the Governor, Opinions of the Attorney General, and Department of Environmental Quality cleanup notices.

## Background on Oregon Administrative Rules

ORS 183.310(9) defines “rule” as “any agency directive, standard, regulation or statement of general applicability that implements, interprets or prescribes law or policy, or describes the procedure or practice requirements of any agency.” Agencies may adopt, amend, repeal or renumber rules, permanently or temporarily (up to 180 days), using the procedures outlined in the *Oregon Attorney General’s Administrative Law Manual*. The Administrative Rules Unit assists agencies with the notification, filing and publication requirements of the administrative rulemaking process.

## How to Cite

Every administrative rule uses the same numbering sequence of a three-digit chapter number followed by a three-digit division number and a four-digit rule number (000-000-0000). Example: Oregon Administrative Rules, chapter 166, division 500, rule 0020 (short form: OAR 166-500-0020).

## Understanding an Administrative Rule’s “History”

State agencies operate in a dynamic environment of ever-changing laws, public concerns and legislative mandates which necessitate ongoing rulemaking. To track changes to individual rules and organize the rule filing forms for permanent retention, the Administrative Rules Unit has developed for each rule a “history” which is located at the end of the rule text. An administrative rule “history” outlines the statutory authority, statutes implemented and dates of each authorized modification to the rule text. Changes are listed in chronological order and identify in abbreviated form the agency, filing number, year, filing date and effective date. For example: “OSA 4-1993, f. & cert. ef. 11-10-93” documents a rule change made by the Oregon State Archives (OSA). The history notes this was the 4th filing from the Archives in 1993, it was filed on November 10, 1993 and the rule changes became effective on the same date. The most recent change to each rule is listed at the end of the “history.”

## Locating the Most Recent Version of an Administrative Rule

The on-line *OAR Compilation* is updated on the first of each month to include all rule actions filed with the Administrative Rules Unit, Secretary of State’s office by the 15th of the previous month, or by the last workday before the 15th if that date falls on a weekend or holiday. The annual printed *OAR Compilation* contains the full text of all rules filed during the previous year through November 15, or the last workday before that if the 15th falls on a weekend or holiday. Subsequent changes to individual administrative rules are listed by rule number in the OAR Revision Cumulative Index which is published monthly in the on-line *Oregon Bulletin*. These listings include the effective date, the specific rulemaking action, and the

issue of the *Bulletin* that contains the full text of the amended rule. The *Bulletin* contains the full text of permanent and temporary rules filed for publication.

## Locating Administrative Rules Unit Publications

The *Oregon Administrative Rules Compilation* and the *Oregon Bulletin* are available on-line through the Oregon State Archives web site at <<http://arcweb.sos.state.or.us>>. Printed volumes of the *Compilation* are deposited in Oregon’s Public Documents Depository Libraries listed in OAR 543-070-0000. Complete sets and individual volumes of the *Compilation* may be ordered by contacting: Administrative Rules Unit, Archives Division, 800 Summer Street NE, Salem, OR 97310, (503) 373-0701, Julie.A.Yamaka@state.or.us

## Reminder for Agency Rules Coordinators

Each agency that engages in rulemaking must appoint a rules coordinator and file an “Appointment of Agency Rules Coordinator” form, ARC 910-2003, with the Administrative Rules Unit, Archives Division, Secretary of State. Agencies which delegate rulemaking authority to an officer or employee within the agency must also file a “Delegation of Rulemaking Authority” form, ARC 915-2005. It is the agency’s responsibility to monitor the rulemaking authority of selected employees and to keep the appropriate forms updated. The Administrative Rules Unit does not verify agency signatures as part of the rulemaking process. Forms are available from the Administrative Rules Unit, Archives Division, 800 Summer Street NE, Salem, Oregon 97301, (503) 373-0701, or are downloadable at <<http://arcweb.sos.state.or.us/banners/rules.htm>>

## Publication Authority

The *Oregon Bulletin* is published pursuant to ORS 183.360(3). Copies of the original Administrative Orders may be obtained from the Archives Division, 800 Summer Street, Salem, Oregon, 97310; (503) 373-0701. The Archives Division charges for such copies.

# EXECUTIVE ORDERS

## EXECUTIVE ORDER NO. 11 - 05

### CONTINUING OREGON COMMISSION ON AUTISM SPECTRUM DISORDER

Oregon, like many states across the nation, has experienced a rapid increase in the number of individuals being diagnosed with Autism Spectrum Disorder (ASD) and both the public and private systems have had difficulty responding. Services are often fragmented and inconsistent around the state. Oregon is not taking full advantage of the wealth of knowledge, best practices and skill currently available in the state and elsewhere. Oregon lacks a means to provide accurate, up-to-date information to families and professionals regarding interventions, services, supports and expected outcomes. There is currently no consistent approach to increasing the capacity of agencies and communities to support individuals with ASD.

The rapid increase in the numbers of individuals being identified with ASD, the complexity and diversity of their needs, limited resources, and the consequent pressure on families, communities, existing education and social service systems, requires a more thoughtful, coordinated approach to funding, service development and delivery. Executive Order 09-07 established the Oregon Commission on Autism Spectrum Disorder and charged it with creating a 10 Year Strategic Plan on Autism Spectrum Disorder to address the issues confronting Oregon. This Plan was submitted to the Governor in December 2010. Executive Order 09-07 provides that the Oregon Commission on Autism Spectrum Disorder expires on July 1, 2011.

There exists an ongoing need to guide the implementation of the 10 Year Strategic Plan on Autism Spectrum Disorder. Therefore, this Order continues the Oregon Commission on Autism Spectrum Disorder to implement the 10 Year Strategic Plan.

### NOW THEREFORE, IT IS HEREBY DIRECTED AND ORDERED:

1. The Oregon Commission on Autism Spectrum Disorder ("Commission") previously established in Executive Order 09-07 shall continue its work as modified by this Executive Order.

2. The purpose of the Commission shall be to:

- a. Guide implementation of the 10 Year Strategic Plan and identify biennial goals for the state of Oregon by providing leadership, establishing priorities, creating key performance measures, facilitating collaboration, ensuring support and monitoring outcomes;
- b. Expand and strengthen formal and informal partnerships among systems serving individuals with ASD, including any ASD related expert panels;
- c. Identify and incorporate any needed revisions to the 10 Year Strategic Plan to address gaps, barriers, and solutions for individuals with ASD;
- d. Convene, facilitate, and lead key stakeholders in developing, promoting, and implementing recommendations from the 10 Year Strategic Plan; and
- e. Provide regular updates on the status of plan implementation and outcomes to the Governor, Legislative Assembly, and the public.

3. The Commission shall consist of 15 members, who are knowledgeable about Autism Spectrum Disorder or about systems that serve people with Autism Spectrum Disorder or both. The Governor shall appoint all members but will receive recommendations from the Senate President and Speaker(s) of the House in regard to Legislative members of the Commission. The members shall include:

- a. One member who is an individual with autism who shall be considered a self-advocate, appointed by the Governor;
- b. One member who is the parent of a child with autism below the age of 18 at the time of appointment, appointed by the Governor;
- c. One member who is a parent of an adult child with autism, appointed by the Governor;
- d. One member who represents autism or disability advocacy organizations, appointed by the Governor;
- e. One member who represents the medical community in Oregon, appointed by the Governor;
- f. One member who represents the Oregon Health Authority, recommended by the Director of the Authority and appointed by the Governor;
- g. One member who represents the Department of Human Services, recommended by the Director of the Department and appointed by the Governor;
- h. One member who represents the mental health community, appointed by the Governor;
- i. One member who represents healthcare systems/insurance, appointed by the Governor;
- j. One member who represents the Department of Education, recommended by the Superintendent of Public Instruction and appointed by the Governor;
- k. One member who represents Higher Education, appointed by the Governor;
- l. One member representing a local education entity, appointed by the Governor;
- m. One member from the Oregon House of Representatives, appointed by the Governor;
- n. One member from the Oregon Senate, appointed by the Governor; and
- o. One public member at large, appointed by the Governor.

4. All appointments to the Commission shall be made on or before July 1, 2011. New appointments will typically be for two years, but reappointments of members from the existing Oregon Commission on Autism Spectrum Disorder in 2011 shall be for 1 year in order to establish staggered terms. Any subsequent reappointments shall be for two year terms. A minimum of 1/3 of the members of the existing Oregon Commission on Autism Spectrum Disorder whose terms expire in July, 2011 will be retained for a period of at least one year to assist in the transition of the new Commission.

5. All members serve at the pleasure of their appointing authority. If a vacancy should occur for any reason it shall be the responsibility of the appointing authority to make an appointment effective immediately that meets the requirements of section 3.

6. The Governor shall select a chair and vice-chair from the Commission's membership.

7. The Commission may create as many subcommittees as it deems necessary to carry out the scope and mission of the Commission. Each subcommittee shall include a Commission member and may be composed of members outside of the Commission. Subcommittees should strive for geographic diversity in membership.

## EXECUTIVE ORDERS

8. The Commission shall meet at least quarterly and more often as the Commission determines is necessary and as funding allows. A quorum for meetings shall consist of a majority of the appointed members. The Commission shall strive to operate by consensus.

9. To facilitate meaningful participation by parents of individuals with ASD and self-advocates, those members may be paid a per diem pursuant to ORS 292.495(1) and reimbursed for expenses incurred in attending Commission meetings, pursuant to ORS 292.495(2), and subject to availability of funds. No other members shall be eligible for a per diem or reimbursement of expenses.

10. The Director of the Department of Human Services, the Director of the Oregon Health Authority and the Superintendent of Public Instruction shall provide staff and support necessary to support the activities of the Commission and its subcommittees, subject to availability of funds. All other agencies of state government are ordered to assist the Commission in the performance of its duties and to the extent possible, provide the Commission with representatives as outlined in Commission membership as well as the information and advice considered necessary by members of the Commission to meet their responsibilities.

11. The Oregon Council on Developmental Disabilities may accept, on behalf of the Commission, contributions of moneys and assistance from the United States Government or its agencies, or from any other source, public or private and agree to conditions upon the monies, not inconsistent with the duties of this Commission and as otherwise allowed by state and federal law.

12. The Commission shall use the 10 Year Strategic Plan to develop goals, outcomes, and implementation strategies to ensure effective services to individuals experiencing Autism Spectrum Disorder and their families. The Commission shall continue to monitor implementation and amend the Strategic Plan designed to:

- a. Clarify the array and structure of necessary services and supports that enable persons with Autism Spectrum Disorder to function to their individual potentials across their lifespan;
- b. Ensure effectively coordinated service systems for persons with Autism Spectrum Disorder in Oregon through strategies that might include interagency agreements, braiding of funding, and other processes necessary to assure collaboration and coordination;
- c. Define and recommend strategies for accessing and promoting best practices and research-based information to the professional community and the public;
- d. Identify and recommend strategies to increase the capacity of agencies and the community to appropriately support individuals experiencing Autism Spectrum Disorder; and
- e. Estimate and make recommendations regarding the long-term funding and the sources of funding needed to provide the necessary services and supports described in the 10 Year Strategic Plan.

13. The Commission shall submit a report to the Governor and the appropriate Legislative Committee each year, no later than the fall prior to the annual legislative session. The report shall include but need not be limited to:

- a. An update on implementation and outcome priorities identified in the 10 Year Strategic Plan;
- b. Biennial goals for providing services and supports to persons with Autism Spectrum Disorder in Oregon as outlined in section 12;

c. Proposals for legislation is necessary for implementation of the goals; and

d. Recommendations to applicable principal departments of the state concerning policies, procedures, and to improve services that benefit people with Autism Spectrum Disorder or to improve coordination among state agencies that provide services that benefit people with Autism Spectrum Disorder.

14. The Commission shall continue its work as set forth in this Executive Order until the Executive Order is revoked.

Done at Salem, Oregon, this 24th day of June, 2011.

### EXECUTIVE ORDER NO. 11 - 06

#### GOVERNOR'S COMMISSION ON PUBLIC SAFETY (CPS)

Executive Order No. 09-13 created the Governor's Reset Cabinet and charged it with studying the core functions of state government and with recommending strategies to increase its efficiencies and improve outcomes in order to better serve the interests and needs of Oregonians. In June 2010, the Reset Cabinet issued its findings on the fiscal crisis facing Oregon and provided a set of strategies to ensure that state government can continue to meet Oregonians' critical public safety, human services, and education needs. With respect to public safety, the Reset Cabinet identified the need to transform Oregon's current sentencing policy.

This Order convenes the leaders of the three branches of state government and one public member as part of the Commission on Public Safety. The Commission shall collect, review, and evaluate arrest, conviction, sentencing, and recidivism data in order to develop recommendations for comprehensive sentencing reform for consideration by the state legislature and by the people of Oregon. In addition, the Commission shall collect, review, and evaluate data related to the costs of Oregon's current sentencing policy. The Commission is an opportunity for the heads of the three branches of government, as well as the citizens of Oregon, to take stock of our current public safety system with its successes and challenges and to chart a path for the future.

In addressing public safety policy, the Commission must focus on four core outcomes: the safety of our citizens in their homes and communities, accountability for criminal offenses, an efficient system that controls costs, and a system that is also smart and fair. Any concepts developed must put the safety of our citizens as the top priority and also ensure that individuals who commit crimes are held accountable for their conduct. At the same time, we must focus on building a smart and efficient system that maximizes our public safety dollars in light of the current economic environment.

In the 2011–13 biennium, Oregon faces a multi-billion dollar deficit and substantial general fund cuts. In the midst of this economic crisis, we must take a strategic look at our sentencing policies. With limited dollars, we must ensure the public's safety by making smart investments across our adult and juvenile justice system, including law enforcement, courts, local jails, state prisons, community corrections and other critical public safety partners.

## EXECUTIVE ORDERS

Since the last comprehensive review of sentencing policy in 1989, our current sentencing structure has been developed by separate legislative actions and ballot measures. These two processes have created policies that are independent, and in some cases, inconsistent with each other and with little uniformity between the two.

Further, as a result of the incarceration costs of our current sentencing policies, Oregon faces the untenable choice of having to fund its prisons or educate our children. Although Oregon is recognized nationwide for its efforts to reduce recidivism and for its support of evidence-based practices, hard economic realities compel us to be more strategic and to take a broad look at our current public safety system. The Commission will study the costs of incarceration and design specific concepts to implement the best use of our limited public safety dollars that will most effectively keep our citizens safe and further justice in an efficient manner.

### **NOW THEREFORE, IT IS HEREBY DIRECTED AND ORDERED:**

1. The Governor's Commission on Public Safety ("Commission") is hereby established.
2. The Commission shall consist of no more than seven (7) members, who shall be appointed as follows:
  - a. The Chief Justice of the Oregon Supreme Court or his designee, appointed by the Chief Justice;
  - b. The Governor of Oregon or his designee, appointed by the Governor;
  - c. Each Co-Speaker of the Oregon House of Representatives, or their respective designee, appointed by each Co-Speaker;
  - d. The President of the Oregon Senate, or the President's designee, appointed by the Senate President;
  - e. A member of the Oregon Senate who is also not a member of the same political party as the President, appointed by the President;
  - f. A member of the public to be appointed by a majority vote of the Commission members.
3. The Chair of the Oregon Criminal Justice Commission shall be the Executive Secretary of the Commission.
4. All members shall serve at the pleasure of their appointing authorities. The chair of the Commission will be appointed by the Governor and will serve at the pleasure of the Governor. The chair shall develop a work plan, set the agenda, and provide leadership and direction for the Commission.
5. A quorum for Commission meetings shall consist of a majority of the appointed members. The Commission shall approve measures on an affirmative vote of a majority of voting members appointed to the Commission.
6. The Commission shall lead and coordinate a process to collect, review and evaluate criminal-justice and cost data, to determine a public safety policy that both protects the public's safety and is cost-effective. This is to be a long-term effort to both develop public safety policy as well as evaluate its effectiveness. Before developing the specific policy concepts called for in the next paragraph, the Commission shall develop a consistent set of definitions for terms for which there have been competing meanings. In this manner, the Commission's definition of terms will serve as a common baseline from which policy makers and the public can make informed decisions on sentencing policy. Additionally, the Commission shall also develop an outreach strategy to educate Oregonians about the public safety system and impacts of our current policies. The Commission, at a minimum, shall work with state and local governments, Oregon colleges and universities, the Criminal Justice Commission, the State Department of Justice, and businesses to implement the data collection, review, evaluation and outreach strategy.
7. The Commission shall develop specific concepts on comprehensive public safety policy for consideration of the public and policy makers that are informed by the recommendations of the Reset Cabinet.
8. In developing its proposals for the three branches of government and the public, the Commission shall form workgroups as deemed necessary by the Chair. Workgroups may include members of the public, interested parties, and public safety stakeholders who are not members of the Commission. Any workgroup created will be given a specific charge by the chair. The Commission will consider proposals and opinions of any workgroups it establishes but it is the Commission that shall be ultimately responsible for making final recommendations consistent with its charge and scope.
9. The Commission shall produce a written report no later than December 15, 2011. The report will include conceptual proposals for the consideration of the public and policy-makers.
10. The Oregon Criminal Justice Commission and the Oregon Department of Corrections shall provide staff support for the Commission. If the Commission requires assistance of any other State agency, then such agency shall provide assistance to the Commission upon request.
11. The members of the Commission shall not receive per diem for their activities as members of the Commission, but may be reimbursed for expenses incurred in attending Commission business pursuant to ORS 292.495(2), subject to availability of funds.
12. This Order expires on December 31, 2011.

Done at Salem, Oregon, this 15th day of July, 2011.

## OTHER NOTICES

### OPPORTUNITY FOR PUBLIC COMMENT RECORD OF DECISION, AMTRAK DEPOT/FORMER STIMSON LUMBER MILL ECSI # 2288

**COMMENT DUE:** August 31, 2011

**PROJECT LOCATION:** 1757 Washington Street, Oregon City, Oregon 97405

**PROPOSAL:** The Department of Environmental Quality (DEQ) extends an opportunity for the public to comment on the DEQ's Record-of-Decision (ROD) for the Amtrak Depot/Former Stimson Lumber Mill, Parcel 1, located in Oregon City, Oregon.

The Amtrak Depot ROD describes relevant information related to site investigations and interprets this information for the purpose of eligibility for a **No Further Action** for the facility. The DEQ's Bend, Oregon office is the repository for the draft ROD and it is also available for review on the DEQ's website at: <http://www.deq.state.or.us/lq/ECSI/ecsidetail.asp?seqnbr=2288>

The administrative file for this facility can be reviewed by contacting Mr. Cliff Walkey, DEQ's project manager located in Bend, Oregon at (541) 633-2003.

**HOW TO COMMENT:** A public comment period will extend from August 1 through August 31, 2011. Please address all comments and/or inquiries to Mr. Cliff Walkey at the following address:

Cliff Walkey  
Department of Environmental Quality  
475 NE Bellevue, Ste. 110  
Bend, Oregon 97701  
(541) 633-2003  
[walkey.cliff@deq.state.or.us](mailto:walkey.cliff@deq.state.or.us)

Upon written request by ten or more persons or by a group with a membership of 10 or more, a public meeting will be held to receive verbal comments.

**THE NEXT STEP:** DEQ will consider all public comments received before making a final decision regarding the "No Further Action" determination.

### OPPORTUNITY TO COMMENT PROPOSED NO FURTHER ACTION, TEXACO BULK PLANT (FORMER), ENTERPRISE, OREGON

**COMMENT DUE:** August 31, 2011

**PROJECT LOCATION:** 103 Fish Hatchery Lane, Enterprise

**PROPOSAL:** Pursuant to Oregon Revised Statute (ORS) 465.315, the Oregon Department of Environmental Quality (DEQ) is proposing to issue a No Further Action (NFA) determination for the former Texaco Bulk Plant located at 103 Fish Hatchery Lane in Enterprise, Oregon.

The Voluntary Cleanup Program has reviewed assessment activities performed at the site. The former petroleum bulk plant operated from approximately 1924 through the early to mid-1980s. Low levels of petroleum contamination were documented in soil and groundwater and the site is proposed for a risk-based closure and issuance of a No Further Action determination.

Additional information concerning site-specific investigations and remedial actions is available in DEQ's Environmental Cleanup Site Information (ECSI) database located on the web at <http://www.deq.state.or.us/lq/ecsi/ecsi.htm> under Site ID 3881.

Site specific information is also available by contacting Katie Robertson, DEQ's project manager for this site. The Administrative File for this facility is located at DEQ's Pendleton office, and can be reviewed in person by contacting project manager at the number below to arrange for an appointment.

**HOW TO COMMENT:** The public comment period will extend from August 1 to 31, 2011. Please address all comments and/or inquiries to project manager at the following address:

Upon written request by ten or more persons or by a group with a membership of 10 or more, a public meeting will be held to receive verbal comments.

**THE NEXT STEP:** DEQ will consider all public comments received before making a final decision regarding the No Further Action determination. DEQ will provide written responses to all received public comments.

### REQUEST FOR COMMENTS PROPOSED NO FURTHER ACTION FOR EAST HIGHWAY 26, BRIGHTWOOD GASOLINE TANKER SPILL

**COMMENTS DUE:** by 5 p.m. on August 30, 2011

**PROJECT LOCATION:** 65420 East Highway 26, Welches, Oregon 97067.

**PROPOSAL:** Pursuant to Oregon Revised Statute, ORS 465.320, and Oregon Administrative Rules, OAR 340-122-100, the Department of Environmental Quality (DEQ) invites public comment on its proposal to issue a no further action (NFA) determination for the 65420 East Highway 26, Welches, Oregon (site). The DEQ has reviewed the site investigation and remediation activities performed by the responsible party, Cascade Petroleum Transportation Company, and determined that no further cleanup actions are necessary.

**HIGHLIGHTS:** On May 19, 2008, a petroleum tanker truck operated by Cascade Petroleum Transportation overturned on Highway 26 at Mile Post 39 on the eastbound lanes spilling approximately 750 gallons of unleaded gasoline to the shoulder of the Oregon Department of Transportation highway right-of-way. An emergency response cleanup took place which removed close to 2000 tons of petroleum contaminated soil. All of the impacted soil could not be removed because the spill extended beneath essential utilities in the right-of-way and Highway 26, leading to a longer-term cleanup at the site. This involved injecting 10,000 pounds of oxygen-releasing compound to biodegrade remaining soil and groundwater contamination. Eight monitoring wells were installed to monitor the groundwater plume and track the effectiveness of the treatment. Confirmation soil samples indicated that cleanup was successfully achieved in 19 of 20 locations sampled. An additional 2,200 gallons of treatment solution was applied to the excavation to this location at depths close to the water table.

Since May 2008, 16 groundwater sampling events from a network of eight monitoring were performed at the Site. Initial monitoring showed contamination in half of the sampling locations at levels exceeding DEQ risk based concentrations for drinking water use. Petroleum contaminants have been has not been detected during nine monitoring well sampling events since January 2009. Additional evaluations were completed to assess whether any possible contamination remaining under Hwy 26 could impact current well users. The evaluation concluded that well users would not be impacted since the nearest well is located 1500 feet of the spill area.

The proposed NFA is documented in the "File Memorandum" for the site dated July 13, 2011. DEQ will consider all public comments received by the close of the comment period before issuing the NFA determination.

**HOW TO COMMENT:** Send written comments on the proposed remedial action to the DEQ project manager, Ray Hoy at Oregon DEQ, Head Quarters Office, 811 SW 6th Ave., Portland, Oregon 97201, or e-mail to [hoy.ray@deq.state.or.us](mailto:hoy.ray@deq.state.or.us) by 5 p.m., August 30, 2010. To view the project files please call Dawn Weinberger, File Review Specialist, at (503) 229-6729 to schedule an appointment. If you have any questions, please contact the project manager at 503-229-6712.

**THE NEXT STEP:** DEQ will consider all public comments received by the deadline. In the absence of comments, DEQ will issue a NFA for the site.

**ACCESSIBILITY INFORMATION:** DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. ### REQUEST FOR COMMENTS PROPOSED APPROVAL OF CLEANUP FOR FORMER EUDALY BROTHERS PROPERTY

**COMMENTS DUE:** 5 p.m., Wednesday, August 31, 2011

**PROJECT LOCATION:** 6920 NE 42nd Avenue, Portland, OR 97211

**PROPOSAL:** The Department of Environmental Quality proposes to issue a conditional no further action determination for the former Eudaly Brothers property located at 6920 NE 42nd Avenue in Portland, Oregon. Eudaly Brothers formerly operated an excavation company at the property involving the storage and maintenance of heavy equipment. DEQ based the determination on the results of site investigation and cleanup activities performed at the property. DEQ has determined that further action is not required because the site does not pose an unacceptable level of risk.

**HIGHLIGHTS:** In March 2009, GRI observed petroleum staining on a sidewalk adjacent to the vehicle fueling area at the property. Subsequent investigation revealed petroleum hydrocarbon-stained soil in the area of a utility corridor adjacent to and beneath the sidewalk. GRI removed approximately 4.2 tons of contaminated soil from the utility corridor to depths ranging from two to four feet below ground surface. Subsequent confirmation sampling revealed diesel-range hydrocarbons in soil at a maximum concentration of 9,730 milligrams per kilogram.

Test pit investigations completed at the property between April 2009 and July 2010 showed that soil and groundwater contamination was primarily from diesel fuel. Laboratory analysis of soil samples from the test pits further showed minor amounts of gasoline and heavy oil contamination. Contaminated soil and groundwater were found to be restricted to the vicinity of the above-ground storage tank enclosure and vehicle fueling area.

The property is zoned for industrial/commercial use and future use for residential purposes is unlikely. Shallow groundwater at the property has no current or likely future use as drinking water.

Investigations did not detect petroleum hydrocarbons and associated constituents in soil or groundwater at concentrations exceeding Risk-Based Concentration standards for applicable exposure pathways. As a result, residual soil and groundwater contamination does not pose significant risks to current and likely future occupational workers.

**HOW TO COMMENT:** Send comments by 5 p.m. on Wednesday, August 31, 2011 to DEQ Project Manager Jeff Schatz, at [schatz.jeff@deq.state.or.us](mailto:schatz.jeff@deq.state.or.us); DEQ Northwest Region, 2020 SW 4th Avenue, Suite 400, Portland, Oregon 97201; or fax to 503-229-6945. Next, click the link labeled 4495 in the Site ID/Info column.

To review the project file, please contact Dawn Weinberger at 503-229-6729 to schedule a file review appointment.

**THE NEXT STEP:** DEQ will consider all public comments received by the close of the comment period before making a final decision regarding the Conditional NFA determination. If DEQ receives a written request by ten or more persons or by a group with a membership of ten or more, a public meeting will be held to receive verbal comments.

### CHANCE TO COMMENT ON... PROPOSED CONDITIONAL NO FURTHER ACTION FORMER PORTLAND CLEANING WORKS SITE (ECSI #3529)

**COMMENTS DUE:** Sept. 1, 2011

**PROJECT LOCATION:** 3954 N. Williams Avenue, Portland, Oregon

**PROPOSAL:** The Department of Environmental Quality invites public comment on its proposal to issue a conditional no further action determination for the former Portland Cleaning Works site.

**HIGHLIGHTS:** Dry cleaning operations were conducted at the property from 1920s to about 1993. Solvents used in the dry cleaning included Stoddard Solvent, a midrange petroleum product, and perchloroethene (PCE), also known as tetrachloroethene.

A series of environmental investigations found high concentrations of Stoddard Solvent and PCE in shallow soil at levels exceeding DEQ risk-based concentrations.

In January 2009, DEQ finalized a Prospective Purchaser Agreement with Saving Grace-Williams, LLC. The tasks completed under the agreement included installation of controls for the building and other cleanup actions to protect air quality in the building and remove the solvent from beneath the building.

Air samples collected from the building interior following installation of the vapor controls and cleanup show that indoor air quality within the building is protective for occupational workers, but not under a residential exposure setting. Soil gas sampling in the adjacent residential yards showed the significant reductions in solvent concentrations in soil gas indicating remedial action has successfully mitigated the PCE soil gas source at the former Portland Cleaning Works site. DEQ has determined that the cleanup has restored off-site areas to protective levels.

DEQ reviewed the existing environmental information for the site and concludes that the site conditions are protective to human health or the environment under current site uses. DEQ proposes a conditional no further action determination for the site, provided the vapor controls for the site building are maintained and on-site residential use of the property is restricted. Restrictions on residential use would continue until DEQ approved such use based on re-evaluation of subsurface conditions or expanded vapor controls were implemented to reduce indoor air levels to protective levels for residential use. These requirements and restrictions will be memorialized in an Easement and Equitable Servitudes with the property owner to be filed with Multnomah County.

**HOW TO COMMENT:** To access additional detail on the site, please view the DEQ Staff Report in DEQ's Environmental Cleanup Site Information (ECSI) database at <http://www.deq.state.or.us/lq/ECSI/ecsiquery.asp>. Enter 3529 in the "Site ID" box and click "Submit" at the bottom of the page. Next, click the link labeled 3529 in the Site ID/Info column. Next, click on the staff report under Site Documents. You can review the administrative record for the proposed conditional no further action at DEQ's Northwest Region office located at 2020 SW 4th Avenue, Suite 400, Portland, Oregon. For an appointment to review the files call (503)229-6729; toll free at (800)452-4011. People with hearing impairments may call 711. Please send written comments to Anna Coates, Project Manager, DEQ Northwest Region, 2020 S.W. Fourth Ave., Suite 400, Portland, Oregon, 97201 or via email at: [coates.anna@deq.state.or.us](mailto:coates.anna@deq.state.or.us). **DEQ must receive written comments by 5 p.m. Sept. 1, 2011.**

DEQ will hold a public meeting to receive verbal comments if 10 or more persons, or a group with membership of 10 or more, requests such a meeting. Interest in holding a public meeting must be submitted in writing to DEQ. If a public meeting is held, a separate public notice announcing the date, time, and location of any public meeting would be published in this publication.

DEQ is committed to accommodating people with disabilities at our hearings. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. ### CHANCE TO COMMENT ON... PROPOSED REMEDIAL ACTION LAKESIDE RECLAMATION LANDFILL (ECSI #4413)

**COMMENTS DUE:** September 23, 2011

**PROJECT LOCATION:** 14930 SW Vandermost Road, Beaverton, Oregon

**INFORMATION MEETING/HEARING:** DEQ will hold a public information meeting and hearing beginning at 6 p.m. on Tuesday, August 23, 2011 at the Beaverton City Hall, City Council Chambers located at 4755 Griffith Dr. Beaverton, OR 97076.

**PROPOSAL:** DEQ is opening a 45-day public comment period beginning August 10, 2011 on a proposed cleanup remedy to address groundwater contamination at the former Lakeside Reclamation Landfill. Grabhorn Incorporated, owner of the landfill, evaluated a range of technologies and strategies to address groundwater contamination from the Landfill and contamination seeping into the Tualatin River. The primary objectives of the cleanup remedy are to: 1) prevent leachate contaminated groundwater from seeping into the Tualatin River and, 2) improve the effectiveness of the Landfill's cover to minimize or eliminate further groundwater contamination.

**HIGHLIGHTS:** Lakeside Reclamation Landfill is a 37 acre former construction debris landfill that operated since the early 1950's until closure in 2009. Beginning in the late 1990's, levels of various landfill related contaminants began rising in groundwater sampled from monitoring wells located between the landfill and the Tualatin River. The landfill was referred to DEQ's Cleanup Program in 2005 to evaluate the need for corrective action for contaminants in groundwater in excess of their DEQ landfill permit concentration limits. Based on investigations completed by Grabhorn, DEQ determined that contaminated groundwater seepage to the river poses a potentially significant adverse affect on beneficial uses of the river for aquatic organisms but posed no significant human health risks. Grabhorn completed a feasibility study to identify a remedy to address the causes of the groundwater contamination and to prevent further discharge

of contaminated groundwater to the Tualatin River until contaminant levels decline to protective levels. The proposed remedy uses groundwater extraction wells to contain the plume of groundwater contamination and improvements to the landfill cover to minimize leaching of landfill wastes.

DEQ prepared a report titled: *STAFF REPORT: RECOMMENDED REMEDIAL ACTION for Lakeside Reclamation Landfill, Beaverton, Oregon*, dated August 2011 (to be published August 10, 2011) that provides an overview of the site's history and operations, the results of environmental investigations completed by Grabhorn, and DEQ's recommended remedy to address groundwater contamination.

**HOW TO COMMENT:** The project file may be reviewed by appointment at DEQ's Northwest Region Office at 2020 SW 4th Avenue, Portland, OR 97212. The August 2011 DEQ staff report will be available for review beginning August 10, 2011. To make an appointment please contact Dawn Weinberger at (503)229-6729.

To access site summary information and the August 2011 staff report in DEQ's Environmental Cleanup Site Information (ECSI) database on the Internet, go to [www.deq.state.or.us/lq/ECSI/ecsiquery.asp](http://www.deq.state.or.us/lq/ECSI/ecsiquery.asp), then enter ECSI#4413 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled ECSI #4413 in the Site ID/Info column.

Written comments on the proposal should be submitted to Henning Larsen at 2020 SW 4th Avenue, Portland, OR 97212, or by electronic mail by sending to: [Larsen.henning@deq.state.or.us](mailto:Larsen.henning@deq.state.or.us). Comments must be received by 4:30 PM on the due date in order to be considered in DEQ's decision.

**THE NEXT STEP:** Once the comment period has ended, DEQ will review all written comments and public hearing testimony then issue a Record of Decision, DEQ's final decision regarding selection of a cleanup remedy.

**ACCESSIBILITY INFORMATION:** DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications & Outreach (503) 229-5696 or toll free in Oregon at (800) 452-4011; fax to 503-229-6762; or e-mail to [deqinfo@deq.state.or.us](mailto:deqinfo@deq.state.or.us)

# NOTICES OF PROPOSED RULEMAKING

## Notices of Proposed Rulemaking and Proposed Rulemaking Hearings

The following agencies provide Notice of Proposed Rulemaking to offer interested parties reasonable opportunity to submit data or views on proposed rulemaking activity. To expedite the rulemaking process, many agencies have set the time and place for a hearing in the notice. Copies of rulemaking materials may be obtained from the Rules Coordinator at the address and telephone number indicated.

Public comment may be submitted in writing directly to an agency or presented orally or in writing at the rulemaking hearing. Written comment must be submitted to an agency by 5:00 p.m. on the Last Day for Comment listed, unless a different time of day is specified. Written and oral comments may be submitted at the appropriate time during a rulemaking hearing as outlined in OAR 137-001-0030.

Agencies providing notice request public comment on whether other options should be considered for achieving a proposed administrative rule's substantive goals while reducing negative economic impact of the rule on business.

In Notices of Proposed Rulemaking where no hearing has been set, a hearing may be requested by 10 or more people or by an association with 10 or more members. Agencies must receive requests for a public rulemaking hearing in writing within 21 days following notice publication in the *Oregon Bulletin* or 28 days from the date notice was sent to people on the agency mailing list, whichever is later. If sufficient hearing requests are received by an agency, notice of the date and time of the rulemaking hearing must be published in the *Oregon Bulletin* at least 14 days before the hearing.

\*Auxiliary aids for persons with disabilities are available upon advance request. Contact the agency Rules Coordinator listed in the notice information.

**Last Date for Comment:** 8-31-11

**Summary:** This proposed rule would create an approved list of invertebrate species that could be imported, transported, sold, or released in Oregon. Two hundred and twenty-five species are proposed for non-regulated status. Including biological control agents, pets, pollinators and species used for educational purposes, importing species not on the approved list would require a permit. Plant pests moved in violation of the rules would be considered a public nuisance. Violations could result in civil penalties.

**Stat. Auth.:** ORS 561.190 & 633.520

**Stats. Implemented:** ORS 633.680

**Proposed Amendments:** 603-045-0145

**Last Date for Comment:** 9-1-11

**Summary:** Oregon's Sod Quality Seed certification program is used as a tool for marketing premium Oregon grass seed. Annually, more than 110,000 tags are issued to certify that grass seed meets Oregon Sod quality standards. In February 2011, however, a change was made to the nationally recognized "All States noxious Weed List". In this list Downy Brome — *Bromus tectorum*, was changed from a prohibited noxious weed to a restricted weed seed. Because of this change, Downy Brome is now allowed as a restricted weed in seed lots certified as Oregon Sod Quality. The allowance of this contaminate diminishes the value of certification under Oregon Sod Quality, as such, the Oregon Seed Trade and Oregon Seed Council has requested a change in rule to prohibit Downy Brome.

**Last Date for Comment:** 8-29-11

**Summary:** \*Note: The hearing will begin at 1:30 p.m. and end when all present who wish to testify have done so.

This rulemaking corrects an oversight in this rule as the rule was adopted on February 4, 2011 in a rulemaking to address annual financial statements required for self-insured groups established by three or more public bodies. The rules apply to self-insurance programs that are exempt from the Insurance Code under ORS 30.282 and 731.036.

In order to be exempt, the self-insurance program must meet certain financial requirements related to reserve adequacy provisions. To demonstrate compliance with those requirements, a qualified

## NOTICES OF PROPOSED RULEMAKING

actuary must submit a written actuarial report. Under the rules as currently written, "qualified actuary" defines the qualifications for an actuary submitting a report for property or casualty self-insurance exempt under ORS 30.282(6)(d) and 731.036(4) and (5). However, the rules fail to define "qualified actuary" for purposes of self-insured health coverage exempt under ORS 731.036 (6). This is in error as it would be inappropriate for a property or casualty actuary to submit the report for health insurance.

**Proposed Amendments:** 437-001-0057, 437-001-0706

**Last Date for Comment:** 9-16-11

**Summary:** This rulemaking is proposed to make relatively minor adjustments to the scheduling rule changes adopted in September of 2009. First, the existing rule establishes the size of each tier based on outdated data from the workers compensation system. The department can now develop more reliable estimates of size for most industries using data from the Employment Department. Second, the proposed rule improves the ranking of industries by employing a more sophisticated statistical technique. Additionally, the rule replaces the industry tiers with the criteria that will be used to develop those tiers now and in the future.

This proposed rulemaking also amends OAR 437-001-0706 Recordkeeping for Health Care Assaults, to remove the reporting requirement. This requirement has been satisfied and no longer needs to be included in the rule.

**Last Date for Comment:** 9-16-11

**Summary:** This rulemaking is to keep Oregon OSHA in harmony with recent changes to Federal OSHA's standards.

Federal OSHA revised its standards in 29 CFR 1915 on general working conditions in shipyard employment. These revisions update existing requirements to reflect advances in industry practices and technology, consolidate some general safety and health requirements into a single subpart, and provide protection from hazards not addressed by existing standards, including the control of hazardous energy.

Oregon OSHA proposes to adopt the changes in general industry (1910.145, 1910.147, 1910.177) and maritime activities (1915) as published in the May 2, 2011 Federal Register.

Except, in 1910.147 The Control of Hazardous Energy (lockout/tagout), Oregon OSHA did not adopt paragraph (a)(1)(ii)(A) of that rule which exempts construction and agriculture. Oregon OSHA's Division 4, Agriculture has its own Oregon-initiated OAR 437-004-1275 lockout/tagout rule, and in Division 3, Construction there are lockout/tagout rules for specific applications (1926.417, 1926.702) with an Oregon-initiated rule 437-003-0005 which allows moving to other Divisions of OAR 437 when applicable.

Also, Oregon OSHA did not adopt 1910.177 Servicing Multi-piece and Single Piece Rim Wheels, paragraph (a)(2) which exempts construction, agriculture, and longshoring. Oregon OSHA's Division 4, Agriculture has its own Oregon-initiated OAR 437-004-3550 rule on this procedure.

### Department of Energy Chapter 330

**Rule Caption:** Biomass Producer or Collector Tax Credit program rules.

# NOTICES OF PROPOSED RULEMAKING

**Date:** 8-16-11  
**Time:** 9 a.m.  
**Location:** Oregon State Library  
250 Winter St. NE  
Salem, OR 97301

**Hearing Officer:** Staff

**Stat. Auth.:** ORS 315.141, 315.144 & 469.790

**Stats. Implemented:** ORS 315.141, 315.144 & 469.790

**Proposed Amendments:** 330-170-0010, 330-170-0020, 330-170-0030, 330-170-0040, 330-170-0050, 330-170-0060, 330-170-0070

**Last Date for Comment:** 8-25-11

**Summary:** The current biomass producer or collector tax credit rules implement the process and provide criteria for certifying Biomass Producer or Collector Tax Credits, and establish the minimum discount value for transferred credits. The Oregon Department of Energy (ODOE) has identified improvements to these rules that will provide more clarity to applicants and ensure consistency for the certification process. The rules will also allow implementation of legislation from the 2011 session that made changes to the tax credit. This rulemaking will provide more clarity on the type of woody biomass that is eligible for a tax credit, ensure consistency in the way manure is measured for this tax credit, improve existing rule language, allow ODOE to conduct inspections as part of the review process, lower the application fee, adjust the supplemental information required with an application and adjust the minimum discount value for the transfer of these credits.

**Last Date for Comment:** 8-26-11

**Summary:** The purpose of the ODOE rules is to provide procedures for consumer-owned utilities to implement Oregon's greenhouse gas emissions standard of ORS 757.528 AND 757.533 for power purchases. The proposed rules provide guidance for:

- An output-based methodology for calculating greenhouse gases;
- How electricity with no identified generation source will be addressed; and
- A process for determining how facilities would be designated as a "low-carbon resource" in the future and be eligible for meeting the greenhouse gas standards.

**Proposed Amendments:** 340-200-0020, 340-200-0040, 340-210-0100, 340-210-0110, 340-210-0120, 340-210-0250, 340-212-0140, 340-228-0020, 340-228-0200, 340-228-0210, 340-262-0450, 340-262-0600

**Last Date for Comment:** 8-25-11

**Summary:** Current Heat Smart rules under OAR chapter 340 division 262 prohibit uncertified small biomass boilers and other solid fuel boilers with heat output less than one million British thermal units per hour from being sold in Oregon. For small-scale and mid-size commercial, industrial and institutional boilers already subject to federal National Emission Standards for Hazardous Air Pollutants, the proposed rule would:

- Provide an exemption from Heat Smart regulations if the owner or operator obtains construction approval under OAR chapter 340 division 210.
- Require registration of boilers that are either exempt from Heat Smart certification requirements or that are above the Heat Smart threshold but below the air quality permitting thresholds. The registration would include confirmation that the boiler complies with other existing state and federal air quality regulations.

Creating the proposed exemption from Heat Smart regulations would allow small-scale commercial, industrial and institutional biomass boilers already subject to federal National Emission Standards for Hazardous Air Pollutants to be sold in Oregon. The proposed registration rules would enable DEQ to track compliance for small-scale and mid-sized commercial, industrial and institutional boilers. Registration of a boiler does not authorize its operation like an air quality permit; however, it does provide DEQ with information about the location and compliance status of boilers that are not required to obtain permits.

These amendments, if adopted, will be submitted to the U.S. Environmental Protection Agency (EPA) as a revision to the Oregon State Implementation Plan, which implements a number of air pollution programs of the federal Clean Air Act in Oregon.

**Last Date for Comment:** 7-29-11, 5 p.m.

**Summary:** This proposed rule would repeal the Underground Storage Tank (UST) Soil Matrix Cleanup Service Provider License and the UST Soil Matrix Supervisor License.

- The UST Soil Matrix Cleanup Service Provider License is for businesses performing soil matrix cleanup services at regulated tank sites. The two-year license fee is \$600.
- The UST Soil Matrix Cleanup Supervisor License is for individuals performing soil matrix cleanups. Supervisors must demonstrate their knowledge of the rules by passing a qualifying examination given by the International Code Council through a professional testing company. The examination cost is \$70 and the two-year license fee is \$150.

**Last Date for Comment:** 8-26-11

**Summary:** OAR 461-001-0000 about defined terms used in rules about public assistance, medical assistance, supplemental nutrition assistance programs and OAR 461-115-0140 about the authorized representative or alternate payee in the Supplemental Nutrition Assistance Program are being amended to update and revise references to administrators and program managers.

OAR 461-025-0310 about hearing requests is being amended to clarify that a hearing request may be submitted for a claimant by an authorized representative or an attorney.

OAR 461-025-0371 about orders issued by the Office of Administrative Hearings (OAH) and the Department in contested cases is being amended to streamline the process the rule requires for varying the type of order the Department requests. This rule is also being amended to add the option of a proposed and final order as described in OAR 137-003-0645(4), to lengthen and clarify the timeline for submitting written exceptions to the Department, and to conform to current practices.

OAR 461-110-0370 about filing groups, 461-155-0190 about income and payment standards, and 461-160-0430 about income deductions are being amended to implement the annual increase in the standards for the SNAP Program. OAR 461-160-0420 is being amended to reflect the annual change in the Standard Utility Allowances. Each year Oregon surveys utility companies and the general public about increases in utility costs. The utility allowances are derived from these surveys and approved by the Food and Nutrition Service in the SNAP Program State Plan. There are four utility allowances. The full utility allowance (FUA) is for those households that have heating and cooling costs. The limited utility allowance (LUA) is for those households with more than one non-heating/cooling utility cost. The individual utility allowance (IUA) is for

## NOTICES OF PROPOSED RULEMAKING

those households with a single non-heat cost. The single utility allowance (TUA) is for those households with only a telephone cost. These rules are also being amended to clarify when amounts listed are monthly amounts.

OAR 461-115-0071 related to the General Assistance (GA) and General Assistance Medical (GAM) Programs (currently not funded), Oregon Supplemental Income Program Medical (OSIPM, medical assistance for seniors and persons with disabilities) and Qualified Medicare Beneficiary (QMB) programs is being amended to no longer require that both adults must sign the application for benefits when married spouses live together. This rule is also being amended to remove references to the Oregon Supplemental Income Program (OSIP, cash assistance to seniors and persons with disabilities).

OAR 461-115-0232 is being adopted to allow the Department to close cases that do not comply with required interview during month 12 of their 24 month certification. This rule will only affect households that have been approved for 24 months.

OAR 461-115-0450 is being amended to allow households with all adult members who are elderly or have disability, and in which there is no earned income to be certified for 24 months for the Supplemental Nutrition Assistance Program (SNAP), as permitted by The Food and Nutrition Act of 2008.

OAR 461-120-0510 about age requirements for clients to receive benefits in various programs is being amended for the Oregon Supplemental Income Program-Aid to the Disabled program (OSIP-AD, cash assistance for persons with disabilities) to change the age requirement — from 18 years or older and under the age of 65 — to under the age of 65. This rule is also being amended to add cross-references to defined terms.

OAR 461-125-0170 about when deprivation exists based on the unemployment or underemployment of a primary wage earner in the Temporary Assistance for Needy Families (TANF) and Medical Assistance Assumed programs, in response to recent legislation (House Bill 2049, 2011), is being amended to revise the criteria for determining deprivation for a primary wage earner separated from his or her most recent employment. This rule is also being amended to make permanent temporary rule changes adopted on July 1, 2011.

OAR 461-130-0310 about how the Department assigns clients to one or more participation classifications in the Post-Temporary Assistance for Needy Families (Post-TANF), Pre-Temporary Assistance for Needy Families (Pre-TANF), Refugee (REF), Supplemental Nutrition Assistance Program (SNAP), and Temporary Assistance for Needy Families (TANF) programs is being amended to expand the list of which Post-TANF, Pre-TANF, or TANF program clients are exempt from employment program participation and potential disqualification from program benefits. This rule is also being amended to make permanent the temporary rule changes adopted on July 1, 2011.

OAR 461-135-0070 about the specific eligibility requirements in the Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF) and Temporary Assistance for Needy Families (TANF) programs is being amended in response to recent legislation (House Bill 2049 (2011)) to revise the definition of “most recent employment”. This rule also is being amended to restate when a need group (the individuals whose basic and special needs are used in determining eligibility and benefit level) is not eligible for TANF program benefits due to a caretaker relative in the need group being separated from his or her most recent employment. This rule is also being amended to make permanent the temporary rule changes adopted on July 1, 2011.

OAR 461-135-0570 is being amended to allow individuals awarded state or federal work-study to be considered eligible students in the SNAP program when it is found the school they are attending does not have any work-study jobs available. This rule is also being amended to allow individuals receiving Unemployment Compensation through the Employment Department or participating in any of the following to be considered to meet the student criteria: The Trade

Readjustment Allowance (TRA) program serving displaced workers under the Trade Act; The Training Unemployment Insurance (TUI) program; The Self-Employment Assistance (SEA) program; The Apprenticeship Program (APT); regular UC benefits through the Employment Department (ED).

OAR 461-135-1110 about when a student enrolled in higher education is eligible or ineligible for the Oregon Health Plan — Adults program (OHP-OPU, which provides coverage for adults who qualify under the 100 percent income standard) is being amended in response to a recent change in federal guidelines to revise the definition for the term “meets the requirements for a Pell grant” and update the school years that apply. This rule also needs to be amended to make permanent the temporary rule amendment adopted on July 1, 2011.

OAR 461-155-0610 about special needs payments for moving costs made to certain General Assistance (GA is currently not funded), Oregon Supplemental Income Program (OSIP, assistance to seniors and people with disabilities) and Oregon Supplemental Income Program Medical (OSIPM) program clients is being amended to clarify that the client must be the age of 18 or older.

OAR 461-155-0660 about shelter payments made to certain Oregon Supplemental Income Program (OSIP, assistance to seniors and people with disabilities) and Oregon Supplemental Income Program Medical (OSIPM) program clients is being amended to clarify that the client must be the age of 18 or older.

OAR 461-155-0680 about telephone allowance payments made to certain Oregon Supplemental Income Program Medical (OSIPM, assistance to seniors and people with disabilities) program clients is being amended to clarify that the client must be the age of 18 or older.

OAR 461-160-0620 about the income deductions allowed in and the calculation of an Oregon Supplemental Income Program Medical (OSIPM) client’s liability when the client is receiving long-term care or waived services is being amended to reflect the federal changes effective July 1, 2011 in the amounts used when calculating the maintenance needs allowance and the dependent income allowance deducted from the income of an institutionalized spouse. This rule is also being amended to make permanent a temporary rule change adopted July 1, 2011.

OAR 461-190-0199 about the operation of and the eligibility, selection, and participation requirements for the Parents as Scholars (PAS) component of the Job Opportunity and Basic Skills (JOBS) program, in response to recent legislation (House Bill 2049, 2011), is being amended to state which clients, effective July 1, 2011, may participate in PAS and how the Department manages applications for PAS received after June 30, 2011. This rule is also being amended to make permanent the temporary rule amendment adopted on July 1, 2011.

OAR 461-190-0211 about case plan activities and standards for support service payments in the JOBS, Post-TANF, Pre-TANF, REF, SFPSS, TA-DVS, and TANF programs is being amended to set limits to who can participate in a case plan activity, identify available activities and support services for those activities, describe how the Department determines employability in order to place participants into appropriate activities and support services, describe the activities that qualify for support services and the amount of support services available. This rule sets up a more limited JOBS program, consistent with budget constraints, following earlier Department actions that closed most activities and support services set up under earlier eligibility criteria. This rule is also being amended to make permanent the changes adopted by temporary rule on July 1, 2011.

OAR 461-190-0212 is being adopted to indicate which Job Opportunity and Basic Skills (JOBS) program activities and services ended June 30, 2011. This rule is also being adopted to state that JOBS program support service payments received by the client to assist in participation in one or more of the identified activities or services ended June 30, 2011. This program reduction affected clients who are participating in the JOBS program while receiving Pre-TANF, TANF,

# NOTICES OF PROPOSED RULEMAKING

Post-TANF, Refugee, SFPSS, or TA-DVS program benefits. Without this new rule, the Department would fully deplete resources available for the JOBS program, and be unable to set up a more limited program consistent with restricted funding. This rule is also being adopted to make permanent the temporary rule adopted on June 2, 2011 and subsequently amended on June 27, 2011.

OAR 461-193-1190 about refugee project noncooperation is being repealed. The Refugee Case Service Project (RCSP) has both Refugee Program (REF) and Temporary Assistance for Need Families (TANF) participants. REF and TANF noncooperation and job discharge provisions are currently found in OAR Chapter 461 Division 130.

OAR 461-195-0521 is being amended to correctly state in the Temporary Assistance to Needy Families (TANF) program the Department of Justice (DOJ) retains support. The current rule states this is done in the Department of Human Services (DHS). The amendment is needed to correctly state the support is retained by DOJ for TANF programs. This rule is also being amended to specify the overpayment calculation when the client was not eligible for Breast and Cervical Cancer Medical (BCCM), Continuous Eligibility for OHP-CHP (CEC), Continuous Eligibility for Medicaid (CEM), Extended Medical Assistance (EXT), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP-CHP, OPC, OPP, OPU, OP6), Oregon Supplemental Income Program Medical (OSIPM), Qualified Medical Beneficiaries (QMB), Refugee Assistance Medical (REFM) or Medical Assistance to Children in Substitute or Adoptive Care (SAC) programs, but during the period in question was eligible for another program. The current rule does not specify the medical programs to which the calculation applies. The amendment is needed to clarify the calculation applies to the BCCM, CEC, CEM, EXT, MAA, MAF, OHP (CHP, OPC, OPP, OPU, OP6), OSIPM, QMB, REFM and SAC programs only.

OAR 461-195-0541 is being amended to conform to federal regulations at 7 CFR 273.18 which eliminated a sponsor of a non-citizen household member from liability to repay a Supplemental Nutrition Assistance Program (SNAP) overpayment. This amendment is needed to remove a sponsor of a non-citizen household member from the list of persons liable for repayment of a SNAP overpayment. The rule is also being amended to clarify that when the Department determines there is a client overpayment in the child care program, any other adult required to be in the filing group is also liable to repay the overpayment. This amendment is needed to state any other adult required to be in the filing group is liable for repayment of a client overpayment in the child care program.

OAR 461-195-0621 is being amended to clarify when an intentional program violation (IPV) is established against a person in the Temporary Assistance for Domestic Violence Survivors (TA-DVS) program. The current rule states an IPV is established against a person through a contested case hearing or a waiver of the right to hearing. The amendment is needed to state that an IPV is also established against a person in the TA-DVS program by a state or federal court.

In addition, the above rules may also be changed to reflect new Department terminology and to correct formatting and punctuation.

**Last Date for Comment:** 9-8-11

**Summary: General rules for Office of Administrative Hearings, 137-003-0501:** (1) Reorganized to be more user-friendly; (2) clarifies that the Attorney General must consult with the Chief Administrative Law Judge before exempting agencies or categories of cases from the OAH model rules as required by statute; (3) adds "reasonable reliance on the statement of a party or agency relating to procedural requirements" to the definition of "good cause" that is applicable to the model rules for the OAH; and (4) clarifies that OAR 471-060-005 (establishing procedures to request a change of ALJ) applies to contested case hearings conducted by the OAH.

**Contested case notice:** (1) Adds requirements that notice include: (a) proposed sanction and; (b) statement that non-corporeal parties must be represented by Oregon attorney; (2) limits time to amend notice and establishes criteria to amend during hearing; and, (3) requires continuance, upon request of party, when agency amends notice, but exempts implied consent proceedings.

**Hearing requests:** (1) Specifies that request for hearing serves as a general denial of the facts alleged in the notice, provides exceptions; (2) provides that agencies may not reject hearing requests because not signed by Oregon attorney where representation required, but requires attorney ratification within specified time; (3) requires agencies to accept late hearing requests that are postmarked within the time specified for timely filing, if specified criteria are met; (4) changes standard to accept other late hearing requests from "beyond the reasonable control of the party" to "good cause"; and (5) clarifies rule regarding hearings on disputes over untimely hearing requests.

**Discovery:** (1) Divides the current discovery rule, OAR 137-003-0570, into four separate rules to make it more user-friendly; (2) requires certain discovery to be provided upon request, provides exceptions; (3) provides exception from duty to confer before seeking discovery order when the effort would be futile or potentially harmful; (4) removes redundant language from discovery standard; (5) eliminates the agency's authority to immediately review ALJ or CALJ discovery orders; (6) requires ALJ to grant a continuance (including in telephone hearings) to allow the agency or party to respond to evidence that was not disclosed as ordered or requested, specifies exceptions; and (7) eliminates agency discretion to delegate their subpoena power to ALJs.

## NOTICES OF PROPOSED RULEMAKING

**Immediate review of ALJ decisions:** Eliminates authority of agencies, at the request of a party or on their own motion, to immediately review specified ALJ decisions, such as an order to quash a subpoena or to apply privileges.

**Prehearing Conferences:** (1) Allows parties to request additional matters to be considered at prehearing conferences; and (2) allows ALJ to set timeframes for exchange of witness lists and exhibits at prehearing conference; specifies that agency may set timeframes by rule for cases with no prehearing conferences.

**Lay Representatives:** Requires lay representatives to read and be familiar with a Code of Conduct for Non-Attorney Representatives at Administrative Hearings.

**Filing and providing documents:** (1) Amended to be more user-friendly; (2) tolls deadline for filing documents for scheduled office closures, which would include furlough days; and (3) specifies methods to accomplish filing.

**Emergency license suspensions:** (1) Specifies time limits for all phases of the emergency license suspension process, but allows licensee to waive or agree to an extension of those time limits; and (2) prohibits consolidation of emergency license suspension hearing with the underlying licensing proceeding unless agreed to by the licensee.

**Ex parte communications with ALJ:** To conform to 2009 statutory amendment, deletes language that exempted from the ex parte rules communications made to the ALJ by an AAG if the communication was made in response to a request from the ALJ and the AAG is not advising the agency about matters at issue in the contested case.

**Transmittal of questions to the Agency:** (1) Reorganizes rule to make it more user-friendly; and (2) requires someone with authority to speak on the question to answer a transmitted question.

**Standard for ALJ to postpone or continue a hearing:** Changes standard from “good cause” to “where warranted in the circumstances.”

**Motions for summary determination:** Clarifies that OAH has authority to accept a stipulation when the parties stipulate that the case be decided on a record limited to documents.

**Default when proposed action does not become final without a hearing or default:** (1) Changes standard for excusing the failure to appear for hearing from “caused by circumstances beyond the party’s reasonable control” to “good cause”; and (2) provides a right to hearing on reasons for party’s failure to appear if in dispute.

**Default when order may become final without request for hearing:** (1) Authorizes ALJ to provide a hearing if, before dismissing hearing request, the ALJ finds that the party had good cause for not appearing; and (2) provides a right to hearing if reasons for failure to appear are in dispute.

**Changes to ALJ’s proposed order:** (1) Requires agency case presenters – whether agency staff or counsel – to file written exceptions when suggesting a change to a finding of fact in the ALJ’s proposed order; and (2) to reflect 2009 statutory amendment, changes standard for agency to change a finding of fact in a proposed order from “not supported by a preponderance of the evidence: to “clear and convincing evidence in the record that the finding made by the administrative law judge was wrong.”

**Time for issuing an amended proposed order or final order:** States that an agency normally should issue an amended proposed order or final order within 90 days of the date that the proposed order was issued or, if not, give notice to the ALJ and all of the parties of the date that the agency expects to issue the amended proposed or final order, provides exceptions.

**Requests for stay:** Rewritten to more closely align with the language of ORS 183.482(3)(a).

### Department of Oregon State Police Chapter 257

**Rule Caption:** Suspension or revocation of the right to apply or reapply for a letter of appointment.

**Last Date for Comment:** 8-16-11

**Summary:** Deletes the undefined term “owner” and inserts the word “principal” in its place. Defines “principal” to include an owner. Gives the department continuing jurisdiction over pending suspension or revocation proceedings by authorizing it to revoke or suspend the right to apply for a letter of appointment. Gives the department continuing jurisdiction over pending suspension or revocation proceedings by authorizing it to revoke or suspend the right to re-apply for a letter of appointment. The department’s current administrative rules only allow it to suspend or revoke an existing letter of appointment of either a “qualified tow business” or any owner or employee of a “qualified tow business” that commits a violation of law chargeable as a violation or crime. “Owner” is not defined. Additionally, the department’s current administrative rules only allows it to suspend or revoke a tow vehicle, tow equipment, or a “qualified tow business” that already has a letter of appointment from being on the department’s non-preference tow program for a violation of law other than a law chargeable as a violation or a crime. The department’s current administrative rules do not allow it suspend or revoke either the right of a tow business or its principals to apply for a letter of appointment, or the right of a “qualified tow business” or its principals to re-apply for a letter of appointment once that business’ current letter of appointment expires. Under Oregon law, an administrative agency loses jurisdiction over a revocation proceeding once a license expires unless the agency’s statutory authority provides otherwise. On July 14, 2010, the department temporarily adopted these rules because it had administrative proceedings pending that involved the revocation or suspension of qualified tow businesses from its non-preference tow program. These rules gave the department continuing jurisdiction in those cases where the letter of appointment for a tow business, tow truck, “qualified tow business,” or principal or employee thereof, will expire prior to the department completing its administrative suspension or revocation action and issuing a final order. Due to inadvertence by the department, the department’s temporary rules expired on January 10, 2011 without permanent rules being adopted. These administrative rules are intended to the tem-

**Summary:** These rules adopt and incorporate by reference the Department of Human Services' Audits and Overpayment Recovery rule: chapter 407-120-1505. Providers or contractors receiving pay-

ments from or through the Oregon Health Authority are subject to audit or other post payment review procedures for all payments applicable to items or services furnished or supplied by the provider or contractor to or on behalf of the Authority or to its clients.

HB 2009 created the Oregon Health Authority and transferred to the Authority the Department of Human Services' Divisions with respect to health and health care. Effective July 1, 2011 the Authority will no longer be able to rely on the Department of Human Services' general rules found in OAR chapter 407. The Authority is adopting and incorporating by reference the Department's rule which provide the Authority with the legal authority to conduct audits and overpayment recovery with respect to providers or contractors receiving payments from the Authority.

**Last Date for Comment:** 8-28-11

**Summary:** Rule changes are necessary to allow for general amendments to align with current industry, agency and statewide rule-making standards and principles, as well as changes to administrative rule references.

Amend administrative rules to prohibit licensed direct entry midwives (LDMs) from repairing third-and-fourth degree lacerations. Currently the practice of repairing third-and-fourth degree lacerations is not universally taught during initial education and training for a LDM.

Amend reporting requirements to reflect correct statutory authority. The agency and board will collect data as part of renewal requirements under ORS 687.425.

Increase cost for initial licensure and renewal as well as repeal the \$500 discount for initial licensure applicants, due to high legal costs directly charged to the board.

Amend general practice standards to address LDMs who do not attend any births during the renewal period from having to report peer review as part of renewal requirements.

Amend intrapartum absolute risk criteria to clarify the type of breech birth that is restricted and requires the transport and transfer of the client by the LDM.

Amend mother and baby practice standards to provide options and clearer fetal surveillance requirements related to post-date protocol including auscultated acceleration testing when certain criteria are met. Requires documentation in the clients record if the mother denies testing or if the LDM is denied access to fetal surveillance testing.

Amend approved legend drugs for maternal use to add more forms of procaine HCI, including Novocaine and benzocaine.

## Oregon Liquor Control Commission Chapter 845

**Rule Caption:** Amendments expanding age verification equipment operating standards and removing every point of sale location requirement.

**Date:**  
8-23-11

**Time:**  
10 a.m.

**Location:**  
9079 SE McLoughlin Blvd.  
Portland, OR 97222

**Hearing Officer:** Jennifer Huntsman

**Stat. Auth.:** ORS 471, 471.030, 471.040 & 471.730(1) & (5)

**Stats. Implemented:** ORS 471.342

**Proposed Amendments:** 845-009-0140

**Last Date for Comment:** 9-6-11, 5 p.m.

**Summary:** This rule describes the Commission's standards and requirements for licensees who choose to purchase age verification equipment (AVE) to offset (or in lieu of) a civil penalty in the case of sale of alcohol to a minor, or failure to properly verify the age of a minor purchaser. In the new section (2), staff recommends amending this rule to expand the requirements that AVE must fulfill in order to meet the Commission's minimum operating standards. Additional equipment requirements would include being able to produce at least 7 days of transaction records (whether stored in memory or via hard copy printout), the ability to process ID from all U.S. states, and the capacity for equipment updates or upgrades. Staff also recommends replacing the current section (5) with the new section (6) in order to reflect more flexibility in the timeline requirements for electing and implementing the AVE credit option. Staff further recommends deletion of the current section (6) and its replacement with the new section (7). Because some acceptable AVE can be portable, rather than proscribing the number of pieces of age verification that a licensee must purchase and where they must be located, the licensee would be responsible for ensuring that all sellers have access to and use AVE when selling alcohol.

**Proposed Amendments:** 845-006-0345

**Last Date for Comment:** 9-8-11, 5 p.m.

**Summary:** This rule describes a variety of acts which both licensees (including their employees or agents) and service permittees are prohibited from engaging in. Currently, section (9) specifies that no licensee or permittee will "knowingly" allow a visibly intoxicated person (VIP) to drink alcoholic beverages, but that if they make a "good faith effort" to remove the alcohol they will not be in violation of allowing a VIP to consume. This rule section also defines what "good faith effort" means. The 2011 legislature has passed House Bill (HB) 2361, effective January 1, 2012. HB 2361 amends ORS 471.315 and ORS 471.412, removing the "knowingly" standard from the violation of allowing a VIP to consume. Amending OAR 845-006-0345, section (9), will bring our rule into compliance with this new statutory language.

# NOTICES OF PROPOSED RULEMAKING

**Hearing Officer:** Jennifer Huntsman  
**Stat. Auth.:** ORS 471, 471.030, 471.040 & 471.730(1) & (5)  
**Stats. Implemented:** ORS 471.398(5) & 471.446(2)  
**Proposed Amendments:** 845-013-0070  
**Last Date for Comment:** 9-13-11, 5 p.m.

**Summary:** Certain alcohol energy drinks were determined to be adulterated products by the U.S. Food and Drug Administration (FDA) on November 17, 2010. Based on the warnings issued to the manufacturers of these alcohol products by the FDA, as well as the Federal Trade Commission (FTC) and the Alcohol and Tobacco Tax and Trade Bureau (TTB), the Commission found that these products contain an adulterated ingredient. While these specific products no longer pose a threat, there may be other adulterated alcohol products in the future that find their way into the consumer market. Current Oregon rules do not allow wholesalers and manufacturers to exchange products containing adulterated ingredients that were previously delivered to retailers for other equivalent products. This means that a substantial amount of these adulterated products would remain in the state where they might be available to the public rather than being safely returned to the wholesalers or manufacturers. The proposed amendments would allow wholesalers to exchange products containing adulterated ingredients for comparable saleable products and this is necessary to ensure that all of the adulterated products are promptly removed from retail premises in the state, thereby significantly reducing the risk that the products will be sold or otherwise made available to be consumed.

## NOTICES OF PROPOSED RULEMAKING

**Summary:** Oregon Laws 2009, Ch. 826 requires the PSRB to administer a hearings process for persons who are disqualified from transporting, shipping, possessing, or receiving a firearm under federal and certain state laws. Prior to the passage of this legislation, persons previously civilly committed could seek judicial relief to have their state firearms privilege restored. However, this judicial relief never restored their *federal* firearm privileges. On August 3, 2009, the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) certified Oregon's PSRB Gun Relief Program as having authority to restore a person's federal firearm privilege. The purpose of this administrative rule is to streamline the petition process for those individuals who have previously been granted State relief who now seek to have their federal mental health prohibitor lifted.

**Proposed Amendments:** 860-084-0010 – 860-084-0450

**Last Date for Comment:** 9-12-11, 5 p.m.

**Summary:** ORS 757.365 (2009), as amended by HB 3690 (2010), requires the PUC to establish pilot programs to demonstrate the use and effectiveness of volumetric incentive rates (VIRs) for electricity delivered by solar photovoltaic energy (SPV) systems (SPV Pilot Programs). When the PUC established the SPV Pilot Programs in 2010, the PUC divided potential participants into three categories—small-scale, medium-scale, and large-scale—using SPV system size to differentiate between the categories. The PUC established that small- and medium-scale systems are eligible to participate in the SPV Pilot Programs' "net metering option" and that large-scale systems are eligible to participate in the "competitive bid" option. The PUC also established that small- and medium-scale participants reserve capacity in the SPV Pilot Programs on a first-come, first-served basis. See Order No. 10-198.

In 2011, the PUC ordered the implementation of a lottery-based capacity reservation system for small-scale and medium-scale SPV systems participating in the net metering option. The PUC Staff were directed to convene workshops to identify all the rule changes or "Commission direction" needed to implement a lottery system in time for the October 1 enrollment period. See Order No. 11-089. The PUC also determined that some of the medium-scale participants should participate in the SPV Pilot Programs' competitive bid option, and that utilities should allocate 50 percent of the capacity for medium-scale systems by competitive bidding. The rules currently require that medium-scale systems participate in the net metering option, so a rule change is required to adopt a method to split the medium-scale capacity between net-metering and competitive bid options.

In addition to implementing changes to the SPV Pilot Programs previously ordered by the PUC, the proposed rules are needed to clarify other issues, such as estimating capacity of SPV systems for new construction.

## NOTICES OF PROPOSED RULEMAKING

**Summary:** These proposed rule changes are needed to track and facilitate the remittance process in the newly developed Residential Service Protection Fund (RSPF) online system, which will allow telecommunications providers to complete and submit their RSPF Remittance Report and surcharges online. In addition, it allows eligible telecommunications providers to file Oregon Telephone Assistance Program (OTAP) Reimbursement Reports online. This rule-making addresses the potential problems of RSPF financial overcompensation to a telecommunications provider or refunds that may have a material impact on the fund. Overcompensation and refunds may occur because of errors and revisions to previously filed reports.

The rules are revised to comport with the recent enactment of Senate Bill (SB) 143 and 144. SB 143 removed the 135 percent federal poverty level restriction to allow Medicaid beneficiaries who reside in a long-term or residential care facility to reap the benefits of the OTAP, regardless of their income. SB 144 allows a person with a hearing loss or speech impairment to receive adaptive telephone equipment, not just those who have a severe or greater degree of hearing or speech disability. SB 144 also allows a nurse practitioner and rehabilitation counselor for the blind to certify a person as having a disability (within the scope of their profession) and needing adaptive equipment in order to communicate on the telephone.

To align with other Commission rules pertaining to fee collections, this rulemaking specifies that a person is responsible for and must pay all costs incurred by the Commission to collect a past-due invoice or surcharge amount. This rulemaking reflects current RSPF reporting practices for telecommunications providers and addresses house-keeping, organizational and other clarifying improvements.

The Commission encourages participants to file written comments as early as practicable in the proceedings so that other participants have the opportunity to consider and respond to the comments before the deadline. **Summary:** These proposed rule changes will provide consistent waiver provision in all divisions of the Commission's administrative rules to allow the Commission the discretion necessary to more efficiently regulate utilities under conditions of rapidly changing environments and technologies and under extenuating circumstances. Recently, the need for consistent waiver provisions was highlighted in a case before the Commission wherein parties filed a stipulation requiring waiver of certain Commission rules, but the rules implicated did not contain a waiver provision, and therefore, that stipulation cannot be adopted by the Commission until a waiver provision is in place.

**Summary:** These rules amend the real estate broker, principal broker and property manager licensing rules in OAR chapter 863, Divisions 14 and 24 and implement the statutory changes in SB 156, which became effective May 27, 2011. The purposes of these amendments are to align the license application process with the Agency's new electronic licensing system. Changes to processes and requirements include: (1) the license application processes and payment of fees for fingerprinting and examination services, which have been contracted to a service provider; (2) the requirement of a licensee to renew online; (3) new requirement to maintain a license applicant or

licensee's email address; (4) establishes the Agency's primary and preferred method of notification, correspondence or confirmation is to a licensee's email address; and (5) allows the Agency to require an original or electronic signature. New rules in division 14 and 24 establish the new requirements for a licensee's name change. A new rule in division 22 establishes new requirements of the pre-license education providers to certify course completion to the examination service provider. The text of the rule is posted on the Agency's website at [www.rea.state.or.us](http://www.rea.state.or.us), and click on "Statutes and Rules." These rules were filed as temporary rules on June 22, 2011.

**Summary:** OAR 863-020-0025 establishes the requirements for a petitioner who wishes to petition the Real Estate Board for the Board to approve the petitioner's qualifications to apply to become a continuing education provider. On February 3, 2011, the Agency filed a temporary rule that was effective from 2-4-11 thru 8-3-11. The Board used the temporary rule during Board meetings as a basis for considering the qualifications of a continuing education provider. The Board found that the rule did not adequately reflect the Board's determinations and, at the June 6, 2011 Board meeting, requested that the rule be amended to conform to the Board's determinations. A person not otherwise qualified to be a continuing education provider must apply to the Board and request the Board's approval of the person's qualifications. The temporary rule filed on February 3, 2011 suspended the rule and a new temporary rule was filed.

The text of the rule is posted on the Agency's website at [www.rea.state.or.us](http://www.rea.state.or.us), and click on "Statutes and Rules."

### Eligibility Requirements

To be eligible for initial certificate of registration or license, a person must meet the requirements in sections (1) through (6) of this rule:

(1) The person must submit a complete and accurate application on a form provided by the board.

(2)(a) The person must hold the degree described in sub-section (b) of this section from a college or university accredited by a credentialing body recognized by the board. For an initial certificate of registration only, the person may hold the degree described in sub-section (b)(A) of this section from a college or university accredited by or considered in candidacy status by a credentialing body recognized by the board. The Council on Social Work Education and the Canadian Association for Social Work Education are recognized by the Board. The Board accepts determinations of equivalency of foreign degrees by the Council on Social Work Education's International Social Work Degree Recognition and Evaluation Service. Submission of proof of foreign degree equivalency and cost of the foreign degree equivalency determination are the responsibility of the applicant.

(b)(A) The degree required for initial registration is a baccalaureate degree in social work.

(B) The degree required for initial licensure is a master's degree in social work.

(3) The person must be fit to practice social work in Oregon. The board uses the following standard and procedure to make a fitness determination:

(a) To be fit to practice social work in Oregon, the person must have demonstrated and must currently have:

(A) Good moral character. For purposes of this rule, lack of "good moral character" may be established by reference to acts or conduct which would cause a reasonable person to have substantial doubts about the individual's honesty, fairness, and respect for the rights of others and for the laws of the state and the nation. The conduct or acts in question should be rationally connected to the applicant's fitness to practice social work; and

(B) A personal history of conduct that is consistent with the standards contained in division 30 of this chapter of rules.

(b) In the event the person's history includes conduct that may call into question the person's fitness, the board will consider, if made available by the person, the amount of time elapsed since the conduct and the person's relevant conduct since the questioned conduct, including remedial or compensatory actions taken by the person, if appropriate.

(4) The person must be fit to practice social work in Oregon. In making this fitness determination, the board will consider whether the person is subject of an investigation or disciplinary action by a licensing board and the reasons for the action.

(5) The person must pass the following examination administered by the Association of Social Work Boards:

(a) For registration as a baccalaureate social worker, the bachelor's level examination.

(b) For licensure as a master's social worker, the master's level examination.

(6) The person must achieve a score of 90 percent on the examination on the Oregon statutes and rules prepared by the board on:

(a) The contents of ORS 675.510 to 675.600 and OAR chapter 877, which are the Oregon statutes and administrative rules governing regulated social work.

(b) Oregon Revised Statutes relating to mental health practice that may be relevant to regulated social work.

(7) In the case of an application submitted to the board prior to January 1, 2013, the requirement in section (5) of this rule to pass a test is not applicable. An application mailed to the board is considered submitted on the date the application is postmarked if it is subsequently received by the board.

(8) In the case of an application submitted to the board by a Clinical Social Work Associate who applies for Licensed Master's Social Worker licensure after having completed 75 hours of supervision required in OAR 877-020-0013(3)(b)(A), the requirement in section (5)(b) of this rule to pass a test is not applicable.

### Reissuance of Certificate of Registration

(1) Following a voluntary surrender under OAR 877-015-0131, the board may issue a new certificate of registration or license if:

(a) The applicant submits a letter to the board explaining the reasons for returning to practice as a regulated social worker;

(b) The board approves the applicant's proposal to demonstrate competence to hold the certificate of registration. The plan may involve participation in continuing education programs; and

(c) The applicant takes and passes the examination described in OAR 877-015-0108(6) on Oregon statutes and rules.

(2) If the board accepts a voluntary surrender after a complaint was filed with the board against the holder while the complaint is pending, the board may issue the certificate of registration or license under conditions that take into account the circumstances of the surrender and may attach conditions to the registration or licensure, including conditions contained in a final order if one was served in connection with the surrender. The board will not reinstate a certificate of registration or license that has been surrendered. A person who surrenders a certificate of registration or license may apply for a new certificate of registration three years after the date the surrender was accepted by the board.

(3) If the board revokes or refuses to renew a certificate of registration or license, other than for the holder's failure to timely apply for renewal, the former holder may reapply for a new license at the expiration of three years from the time it was revoked. The board may issue a new certificate of registration or license upon finding the applicant is fit to practice social work and otherwise meets the requirements for registration or licensure and may attach conditions to the registration or licensure, including conditions contained in a final order if one was served in connection with the revocation.

### Licensing Requirements

To be eligible for an initial clinical social work license, except when the provisions of OAR 877-020-0016 apply, a person must meet the requirements in sections (1) through (7) of this rule:

(1) The person must complete the requirements in OAR 877-020-0009 to receive a certificate of social work associate and must hold a current certificate in good standing, or must have completed the equivalent of this requirement in another state.

(2) The person must be fit to practice social work in Oregon. In making this fitness determination, the board will consider whether the person is subject of an investigation or disciplinary action by a licensing board and the reasons for the action. The board uses the following additional standard and procedure to make a fitness determination:

(a) To be fit to practice social work in Oregon, the person must have demonstrated and must currently have:

(A) Good moral character. For purposes of this rule, lack of "good moral character" may be established by reference to acts or conduct which would cause a reasonable person to have substantial doubt about the individual's honesty, fairness, or respect for the rights of others or for the laws

# ADMINISTRATIVE RULES

of the state or nation. The conduct or acts in question should be rationally connected to the applicant's fitness to practice clinical social work; and

(B) A personal history of conduct that is consistent with the standards contained in division 30 of this chapter of rules.

(b) In the event the person's history includes conduct that may call into question the person's fitness, the board will consider, if made available by the person, the amount of time elapsed since the conduct and the person's relevant conduct since the questioned conduct, including remedial or compensatory actions taken by the person, if appropriate.

(3) The person must complete the requirements of an approved plan of practice and supervision in accordance with the rules in this division of rules.

(4) The person must pass both the examination administered by the board on the subjects listed in section (6)(a) of this rule with a score of not less than 90 per cent and a national examination for clinical social workers administered by an organization approved by the board on the subjects listed in section (6)(b) of this rule. The person may take the national exam any time after having completed 75 hours of supervision required in OAR 877-020-0013 (3)(b)(A).

(5) The subjects tested on the exam are:

(a) For the examination on the Oregon statutes and rules:

(A) The contents of ORS 675.510 to 675.600 and OAR chapter 877, which are the Oregon statutes and administrative rules governing the practice standards and responsibilities of a licensed clinical social worker.

(B) Oregon Revised Statutes relating to mental health practice that may be relevant to clinical social work practice.

(b) For the national examination:

(A) Human Development and Behavior.

(B) Issues of Diversity.

(C) Diagnosis and Assessment.

(D) Psychotherapy and Clinical Practice.

(E) Communication.

(F) The Therapeutic Relationship.

(G) Professional Values and Ethics.

(H) Clinical Supervision, Consultation, and Staff Development.

(I) Practice Evaluation and the Utilization of Research.

(J) Service Delivery.

(K) Clinical Practice and management in the Organizational Setting.

### Plan of Practice and Supervision

(1) After a person submits an application described in OAR 877-020-0009, the board will inform the person whether the application, including the plan of practice and supervision, is approved.

(2) After an application has been approved, an associate may request a change to a plan of practice and supervision by submitting a request to the board that provides a justification for the change and ensures that the plan, as modified, will meet the requirements of this division of rules.

(3) For the associate to satisfactorily complete a plan of practice and supervision, the following requirements must be met while the associate is working under an approved plan of practice and supervision:

(a) The contact with clients described in OAR 877-020-0009(3)(b) must be direct contact during which the associate practices clinical social work, which is defined in ORS 675.510(2).

(b) The associate must meet with a supervisor identified in the plan, as required in OAR 877-020-0009(3)(d):

(A) For a total of 100 hours over a period of not less than 24 consecutive months nor more than 60 consecutive months, of which a minimum of 50 hours must be individual supervision. The associate must meet at least twice each month with a plan supervisor for a minimum of one hour. If there is a second supervisor for group supervision, the requirement in this paragraph (A) is met by a single one-hour meeting with each supervisor.

(B) After the associate has completed the plan requirements contained in paragraph (A) of this sub-section, the associate must continue to meet at least once each month with a plan supervisor for a minimum of one hour.

(c) All supervision must be accomplished directly, in a professional setting.

(d) The associate must submit to the board, on a form provided by the board, each evaluation by the supervisor (or supervisors in the event two are

authorized) required by OAR 877-020-0012(2)(e)(A) of the progress by the associate toward completion of the plan.

(e) The associate must pass the national examination required by OAR 877-020-0008.

(f) The associate must work with each supervisor identified in an approved plan for not less than six months unless

(A) A change in supervision is required by a reason outside the control of the associate and the board approves the change; or

(B) The associate has completed the requirements of the plan.

### Licensing of People Qualified in Another Jurisdiction

A person licensed, certified, or registered as a social worker in another jurisdiction is eligible to be licensed or certified in Oregon if:

(1) The person meets the education requirement in OAR 877-020-0009(2) and OAR 877-015-0108(2);

(2) The person is fit to practice regulated social work in Oregon. In making this fitness determination, the board will consider whether the person is the subject of an investigation or disciplinary action by a licensing board and the reasons for the action;

(3) As a condition of licensure, certification, or registration in the other jurisdiction, the person was required to meet requirements substantially equivalent to those set out in division 20 and division 15 of these rules; as applicable; and

(4) The person successfully completes the exam on Oregon statutes and rules and the national exam for regulated social workers described in and subject to the limitation in 877-020-0008 and 877-015-0108(5)(a)(b).

(5) Applicants for LCSW licensure who intend to practice clinical social work in Oregon as defined in ORS 675.510(2) and OAR 877-001-0006 prior to issuance of an Oregon LCSW license, must first, prior to starting practice, qualify for and be issued a clinical social work associate certificate until all requirements for issuance of an Oregon LCSW are met

(6) Applicants for Oregon LCSW licensure who qualify for issuance of a CSWA certification as required in subsection (5) of this rule must comply with the supervision requirement in 877-020-0010(3)(b)(B).

### Reapplication for Certificate or License

(1) Following the voluntary surrender of a certificate or license under OAR 877-020-0031(2), the board may issue a new certificate or license if:

(a) The applicant submits a letter to the board explaining the reasons for returning to practice;

(b) The board approves the applicant's proposal to demonstrate competence to hold the certificate or license. The plan may involve participation in continuing education programs or clinical supervision; and

(c) The applicant takes and passes the examinations described in OAR 877-020-0008.

(2) If the board accepts a voluntary surrender of a certificate or license after a complaint was filed with the board against the holder while the complaint is pending, the board may issue a new certificate or license under conditions that take into account the circumstances of the surrender and may attach conditions to the certificate or license, including conditions contained in a final order if one was served in connection with the surrender. The board will not reinstate a license or certificate that has been surrendered. A person who surrenders a certificate or license may apply for a new license three years after the date the surrender was accepted by the board.

(3) If the board revokes or refuses to renew a certificate or license, other than for the holder's failure to timely apply for renewal, the former holder may reapply at the expiration of three years from the time it was revoked. The board may issue a new license upon finding the applicant is fit to practice social work and otherwise meets the requirements for licensure and may attach conditions to the certificate or license, including conditions contained in a final order if one was served in connection with the revocation.

### Types of Continuing Education

To meet the requirements of this division of rules, continuing education must be one of the following:

(1) A conference, seminar, book, journal article or workshop that:

(a) Addresses subjects related to the regulated social worker's work practice;

(b) Is attended (or read as applicable) by the regulated social worker in person, on-line or through a web cast; and

(c) Is provided or approved by a credentialing body recognized and approved by the board. The board recognizes and approves a credentialing body based on the following practices of the body:

(A) The body uses an established process for determining which training to provide or approve.

(B) The body uses an established process for determining who will present the training.

(C) The body provides, with respect to the training, written materials that demonstrate the relevance of the training to the field of clinical social work.

(D) The body establishes an appropriate number of continuing education credits for the training.

(E) The body verifies the credentials of the presenters of the training.

(F) The body uses an established system for the evaluation of presenters.

(G) The body provides a certificate of completion to those who attend, based on actual attendance.

(2) A conference, seminar, book, journal article, or workshop that:

(a) Meets the following requirements:

(A) Is related to the field of clinical social work or, in the case of a baccalaureate social worker or master's social worker, the field of social work;

(B) Addresses subjects related to the regulated social worker's work practice;

(C) Is not provided or approved by a credentialing body recognized and approved by the board; and

(D) Is attended (or read as applicable) by the regulated social worker in person, on-line, or through a web cast.

(b) Is approved by the Board based on the regulated social worker's written application that:

(A) Contains the following information:

(i) Name or description of the event.

(ii) Date of the event.

(iii) Brief description of the training sufficient to show that the training meets the requirements of section (2)(a) of this rule.

(iv) Name and credentials of each presenter.

(v) Number of continuing education units requested.

(vi) Copy of the certificate of completion.

(B) Is received by the board not later than the time of the submission of the report required by OAR 877-025-0021 and not later than 45 days prior to the last day of the birth month of the regulated social worker.

(3) For Registered Baccalaureate Social Workers and Licensed Master's Social Workers, an in-service, agency-sponsored program that otherwise meets the requirements of subsection (2) of this rule section. CE credit form such a qualifying in-service can be used for up to half the applicable CE hours required for renewal.

(4) A course related to social work at an accredited college or university.

(5) A training video or audio recording approved by a credentialing body recognized and approved by the board using the standards provided in section (1)(c) of this rule. Successful completion is demonstrated by award to the regulated social worker by the credentialing body.

(6) Participation in a study group, subject to the following limitations:

(a) The group must contain a minimum of five and a maximum of 10 licensed mental health professionals who meet for a minimum of an hour on a scheduled basis to discuss topics directly related to the field of clinical social work.

(b) The focus of the group's meeting must be a presentation or discussion of a book or article published by a professional body.

(c) The topics of the group's discussion must be directly related to established mental health care and relevant to good practice.

(d) A maximum of two hours may be credited for a group meeting.

(e) Credit for participation in a study group must be approved in advance by the board. To apply for approval, a regulated social worker must submit the names of the group members and discussion topics to the board.

(7) Development and presentation of a conference, workshop, or seminar that would be countable for credit under section (1) or (2) of this rule.

## 877-025-0011

### Required Hours of Continued Education

(1) Generally.

(a) A regulated social worker is required to report continuing education for all periods during which the person's registration or license is active except for the period covered by the initial certificate of registration or license, unless a waiver is granted under section (2) of this rule. An initial issuance is the first issuance of the board of a certificate of registration or license to the regulated social worker.

(b) Following the first renewal of a certificate of registration or license, except when the regulated social worker is on inactive status, the regulated social worker must complete continuing education in each reporting period at the times described in OAR 877-025-0021. The holder of an inactive certificate of registration or license is not required to submit the biennial report.

(c) A report covering a two-year period must include:

(A) For a registered baccalaureate social worker, a minimum of 20 hours of creditable continuing education.

(B) For a master's social worker, a minimum of 30 hours of creditable continuing education.

(C) For a licensed clinical social worker, a minimum of 40 hours of creditable continuing education.

(d) In a report that covers a shorter period than two years, as may happen in the case of the first report by a new regulated social worker or following the reactivation of a registration or license, the number of hours required by sub-section (c) of this section is pro-rated.

(2) Waiver of requirement.

(a) Upon timely written request of a regulated social worker, made as soon as the regulated social worker is aware of the possible need for a waiver, the board may reduce the number of hours required by section (1) of this rule in the event the regulated social worker is unable, due to circumstances beyond the reasonable control of the regulated social worker, to complete the number of hours of continued education required by this division of rules.

(b) A reduction authorized by the board would normally reflect the regulated social worker's ability to attend training during the time not affected by the adverse circumstances leading to the request. For instance, a regulated social worker unaffected by the adverse circumstance during the first year of a two-year reporting period would be expected to obtain 20 hours of credit.

(c) Examples of circumstances that may justify a waiver are:

(A) A circumstance beyond the reasonable control of the regulated social worker makes it impracticable to attend training for an extended time.

(B) The health of the regulated social worker or of another person makes it impracticable to attend training for an extended time.

### 334-001-0060

#### Definitions

(1) “Barter” means partial or complete trade or exchange of massage or bodywork services for any other type of goods or service other than money.

(2) “Board” means the State Board of Massage Therapists or its authorized representatives as provided by ORS 687.115.

(3) “Bodywork” means the use on the human body, for the purpose of, but not limited to, maintaining good health and establishing and maintaining good physical condition of:

(a) Pressure, friction, stroking, tapping, kneading, vibration or stretching by manual or mechanical means or gymnastics;

(b) Appliances, tools or devices;

(c) Topical preparations; or

(d) Hot and cold applications.

(4) “Boundary” means the limits in a professional relationship which create safety based on the needs of the client.

(5) “Boundary violation” means an alteration or shift in the limits of a professional relationship so that what is allowed in the relationship becomes ambiguous and/or may not be based on the needs of the client.

(6) “Caring” means acting in a manner in which things, events, people or relationships matter.

(7) “Certified Class or program” means a class or program that is approved by the Board and is offered:

(a) By a person or institution licensed as a career school under ORS 345.010 to 345.450; or

(b) By a community college approved by the Department of Education; or

(c) In another state and licensed or approved by the appropriate agency in that state.

(8) “Client” means any individual, group of individuals, or organization to whom an L.M.T. provides massage

(9) “Client vulnerability” means factors which diminish a client’s ability to be self-determining.

(10) “Compensation” means something given or received as payment including but not limited to bartering, tips, monies, donations, or services.

(11) “Conflict of interest” means any action or decision or recommendation by an LMT at the detriment of a client.

(12) “Contact hours” means actual hours in class under the instruction of and in the presence of an instructor.

(13) “Critical Reflection” means a process whereby knowledge and action are connected to each other through the application of careful, conscious, deliberate reflection on:

(a) Personal practice (perceptions, assumptions, motivations, values, behaviors).

(b) Assessment and understanding of a situation.

(c) Likely or actual consequences or impact of one’s actions.

(14) “Dual Relationship” means any relationship of a personal or business nature with a client that is in addition to or concurrent with a professional relationship in which the L.M.T. is providing or has provided massage or bodywork services to that same client.

(15) “Ethics” means a system of valued societal beliefs and behaviors that may be used to guide and evaluate conduct to ensure the protection of an individual’s person and rights.

(16) “Indorsement” means:

(a) The process of evaluating and recognizing the credentials of a person licensed in Oregon in another health care specialty that includes in its scope of practice, acts defined as massage: or

(b) The process of evaluating and recognizing the credentials of a massage or bodywork practitioner authorized to practice massage or bodywork in another jurisdiction.

(17) “Informed consent” means a process wherein clients have knowledge of what will occur, that participation is voluntary, and that the client is competent to give consent.

(18) “Licensee” means any person holding a license, permit, or certificate issued by this Board; an L.M.T.

(19) “L.M.T.” means a Licensed Massage Therapist.

(20) “Massage” or “massage therapy” is defined in ORS 687.011.

(21) “Personal power” means recognizing and taking personal responsibility for the inherent power differential between the L.M.T. and the client and recognizing and taking personal responsibility for the impact of professional decisions, actions and behavior on the client.

(22) “Power differential” means the basic inequality inherent in the professional relationship between an L.M.T. and a client in terms of who has the advantage in the relationship. The L.M.T. is presumed to have the advantage by virtue of the authority which emerges from the role of professional and the vulnerability which is automatically part of the role of client.

(23) “Practice of massage” is defined in ORS 687.011.

(24) “Professional authority” means the power inherent in the professional role and which is derived from a combination of an L.M.T.’s specialized or expert knowledge, societal expectations, stated and unstated client expectations, and an L.M.T.’s personal power.

(25) “Professional relationship” means the relationship established when an L.M.T. contracts with a client, verbally or in writing, to provide any service associated with the practice of massage or bodywork.

(26) “Professional role” means assuming the demands and responsibilities of professional authority by taking charge of the conditions which create and maintain client safety and trust in the professional-client relationship.

## Board of Nursing Chapter 851

**Rule Caption:** Rule amendments for Nursing Assistant, Medication Aide, and CNA2 training programs.

**Adm. Order No.:** BN 2-2011

**Filed with Sec. of State:** 7-11-2011

**Certified to be Effective:** 7-11-11

**Notice Publication Date:** 5-1-2011

**Rules Adopted:** 851-061-0075

**Rules Amended:** 851-061-0020, 851-061-0030, 851-061-0040, 851-061-0050, 851-061-0080, 851-061-0090, 851-061-0110, 851-061-0130

**Subject:** These rules cover the standards for training programs for Nursing Assistants (NA) and Medication Aides (MA). This rule amendment includes language to permit on-line training for CNA2s and Medication Aides, removes barriers in the director/instructor/preceptor qualifications for MA training programs, increases the classroom/lab hours for MA training programs, and adds student protections for NA and MA training programs.

**Rules Coordinator:** Peggy A. Lightfoot—(971) 673-0638

# ADMINISTRATIVE RULES

## 851-061-0020

### Definitions

As used in these rules:

(1) "Assisted Living Facility" means a facility that is licensed by the State of Oregon and as defined by the Oregon Department of Human Services.

(2) "Board-approved Curriculum" means content required in nursing assistant and medication aide training programs established by Board policy.

(3) "Certified Medication Aide (CMA)" means a Certified Nursing Assistant who has had additional training in administration of noninjectable medication and holds a current unencumbered Oregon CMA certificate.

(4) "Certified Nursing Assistant (CNA)" means a person who holds a current Oregon CNA certificate by meeting the requirements specified in these rules; whose name is listed on the CNA Registry; and who assists licensed nursing personnel in the provision of nursing care. The phrase Certified Nursing Assistant and the acronym CNA are generic and may refer to CNA 1, CNA 2 or all CNAs.

(5) "Certified Nursing Assistant 1 (CNA 1)" means a person who holds a current Oregon CNA certificate and who assists licensed nursing personnel in the provision of nursing care.

(6) "Certified Nursing Assistant 2 (CNA 2)" means a CNA 1 who has met requirements specified in these rules for one or more of the CNA 2 categories.

(7) "Client" means the individual who is provided care by the CNA or CMA including a person who may be referred to as "patient" or "resident" in some settings.

(8) "Clinical Instructor" means a registered nurse whose role is education of students in the skills laboratory or clinical site and who may participate in classroom teaching under the direction of the program director or primary instructor.

(9) "Clinical Preceptor" means a licensed nurse who provides direct clinical supervision of students during their clinical experience under the direction of the program director or a primary instructor.

(10) "Clinical Site" is a location or situation in which hands on experience with actual clients is obtained.

(11) "CNA Registry" means the listing of Oregon Certified Nursing Assistants maintained by the Board.

(12) "Competency evaluation" means the Board approved process for determining competency.

(13) "Criminal History Check" means the Oregon Criminal History Check and when required, a National Criminal History Check and/or a State-Specific Criminal History Check, and processes and procedures equivalent to the Department of Human Services (DHS) rules.

(14) "Direct supervision" means that the registered nurse, clinical nurse specialist, or nurse practitioner is physically present and accessible in the immediate client care area and is available to intervene if necessary.

(15) "Facility-Based Program" means an approved nursing assistant or medication aide training program in a licensed nursing facility.

(16) "Full-time" means at least 32 hours of regularly scheduled work each week.

(17) "Independent Training Program" means an approved nursing assistant or medication aide training program that is not a facility-based program.

(18) "Instructor-directed" means an on-line training that is managed, directed, and facilitated through interaction between learners and identified instructor(s). Learning activities may occur through either synchronous or asynchronous interaction between instructor and students and among students.

(19) "Level 1 training" is the minimum training required to prepare a graduate to take the state certification examination for CNA 1.

(20) "Level 2 training" is training available to a CNA 1 to prepare them for a role in one or more of the Board approved category areas.

(21) "Licensed Nursing Facility" means a licensed nursing home or a Medicare or Medicaid certified long term care facility.

(22) "Nursing Assistant" means a person who assists licensed nursing personnel in the provision of nursing care. ORS 678.440(4)

(23) "On-line program" means an interactive computer based training program that provides at least the equivalent of the Board required classroom, laboratory, and clinical hours under the supervision of a Board approved instructor/preceptor.

(24) "On-line program provider" means a provider that has a proven track record of successfully providing professional development, training and educational programs in both classroom and on-line environments in

Oregon, either directly or in partnership, in the previous 24 months of application, and meets all Board requirements.

(25) "Program" means a training program that prepares graduates for certification as a nursing assistant level 1, level 2, or medication aide. The terms "nursing assistant program, or "medication aide program" as used in these rules, are synonymous with "Program."

(26) "Representative of the Board" means the Nursing Assistant Program Consultant or Board designee qualified to perform the necessary responsibilities.

(27) "Residential Care Facility" means a facility that is licensed by the State of Oregon and as defined by the Oregon Department of Human Services.

(28) "Self-directed" means an on-line program in which course materials, learning activities, communications, and assessment activities are delivered and completed electronically. Learners engage in and complete activities at their own pace.

(29) "Self-Evaluation" means a review of a basic nursing assistant or medication aide training program conducted by the program director using forms provided by the Board and submitted to the Board.

(30) "Site Visit" means that representative(s) of the Board go to the location of a program for specified purpose(s) which may include a survey for approval.

(31) "Standards for Approval" means authoritative statements which set expectations for a program to achieve and maintain approval status. (OAR 851-061-0080 through 0130).

(32) "Survey Visit" means that representative(s) of the Board go to the location of a program to review the program for compliance with Standards for Approval, and to prepare a report and recommendation regarding approval status.

(33) "Waiver of Prohibition" authorizes a program to be taught in but not by a facility that has had its approval denied or withdrawn pursuant to OAR 851-061-0050(2).

### Process for Program Approval

(1) Any person, partnership, association, corporation, or limited liability company desiring to offer training other than just nursing assistant or medication aide training to non-employed students will need to be licensed through the Oregon Department of Education in addition to meeting the Board's standards as described in these rules.

(2) Any person, partnership, association, corporation, or limited liability company desiring to offer only nursing assistant or medication aide training without being licensed through the Oregon Department of Education shall apply for an exemption of licensure from the Department of Education.

(3) All nursing assistant or medication aide training programs shall be Board-approved prior to being offered. Retroactive approval shall not be granted.

(4) Application for Initial Approval of level 1, level 2, and medication aide training programs. A facility, agency, on-line program provider, or individual wishing to establish a new nursing assistant or medication aide training program shall make application to the Board at least 45 days in advance of expected start date. The application for initial approval of a training program shall include:

- (a) A completed form provided by the Board;
- (b) Appropriate fees;
- (c) Faculty names and qualifications;
- (d) Names of classroom and clinical facilities;
- (e) Name of person authorized to accept service of notices issued by the Board;
- (f) Program rationale, philosophy and purpose;
- (g) Program outline:
  - (A) Objectives;
  - (B) Curriculum content divided into number and sequence of didactic and clinical hours; and
  - (C) Teaching methodology.
- (h) Evaluation method:
  - (A) Laboratory and clinical skills checklist approved by the Board;
  - (B) Final exam; and
  - (C) In addition, for level 2 training programs, a Board approved competency evaluation.
- (i) Enrollment agreement and disclosure statement that includes:

# ADMINISTRATIVE RULES

- (A) Beginning and ending dates of the training;
- (B) An outline of the instructional program as required by these rules for which the student is enrolled;
- (C) Fees, tuition, and other program costs (books, clothing, etc.) itemized separately;
- (D) A published cancellation and refund policy, procedure, and schedule that is fully explained during orientation, prior to the beginning of instruction, and requires no less than:
  - (i) If the training program discontinues after the fees and tuition have been paid, the program provider must refund the tuition and fees in full if the closure happens before the course is completed;
  - (ii) If the student cancels enrollment in writing three days before the commencement of the first day of classes or three days before they receive access to the online didactic training, all tuition and fees paid to the program specific to the enrollment agreement, will be refunded, less a cancellation fee that cannot exceed 10 percent of the tuition and fees paid; and
  - (iii) Clearly stated reasons for which a refund will not be granted; and
- (E) Information about how the student can file a complaint about the program with the Board.
- (j) Tentative time schedule for initiating the program; and
- (k) Plan for what job placement assistance will consist of from the training program.

(5) A site visit may be conducted by a representative(s) of the Board;

(6) The program director will be notified of approval or non-approval. Following receipt of notification from the Board of approval or non-approval:

- (a) A program that is approved may begin classes according to the schedule submitted;
- (b) A program that is not approved will be notified of the deficiencies and will be re-evaluated after appropriate modifications are made;
- (c) A program denied approval may petition the Board for reconsideration.

(7) An approved nursing assistant level 1 or medication aide training program:

- (a) Shall be required to demonstrate ongoing compliance with the standards of approval at least every two years for continued approval.
- (b) Shall be surveyed for consideration of continued approval and may have a survey visit or interim self-evaluation report required by the Board at any time.
- (c) May be subject to scheduled or non-scheduled site visits for continued approval or any other purpose at any time.
- (d) Shall submit an interim self evaluation during the intervening year or as requested by the Board on forms provided by the Board.
- (e) Shall have records available for review.
- (f) Shall have adequate financial support for the stability and continuation of the program.

(8) An on-line provider shall have a proven track record of successfully providing professional development, training and educational programs in both classroom and on-line environments in Oregon, either directly or in partnership, in the previous 24 months, and meet all Board requirements prior to being approved.

(9) Following initial approval, level 2 training programs remain approved unless specifically withdrawn by the Board.

(10) Program changes requiring Board approval:

- (a) Change of program ownership:
  - (A) If the change only causes minor changes, there is no need to seek new approval of the program.

- (B) If the change causes a substantial difference as determined by the Board through the impact on the students, faculty, or program resources, an application and approval for the program shall be required.

- (b) Changes in course content, lab/clinical skill checklist, final exam, certificate of completion, program director, primary instructor, clinical instructor, clinical preceptor, policies and procedures related to attendance, course requirements, cancellation and refunds, or classroom or clinical training sites shall be submitted to the Board for approval.

### Inactive Status or Closure of a Program

(1) Voluntary Inactive Status. A training program may be granted temporary inactive status for up to two years:

(a) The program director shall notify the Board in writing of the intended inactive date and the plan for allowing the currently enrolled students to complete the program.

(b) The program shall be continued until the committed class schedule of currently enrolled students is completed.

(2) Involuntary Inactive Status. A training program shall be placed on temporary inactive status for up to one year for the following reasons:

(a) To allow an opportunity for the program to take corrective action; or

(b) After a period of 12 months during which no classes were taught.

(3) Process to reinstate active status: A training program may be reinstated subsequent to voluntary or involuntary inactive status by submitting satisfactory evidence that the program meets Board standards.

(4) Voluntary Closing. When a facility, institution or individual considers closing a nursing assistant training program, the program director shall:

(a) Notify the Board in writing of the intended closing date and the plan for allowing the currently enrolled students to complete the program.

(b) Continue the program until the committed class schedule of currently enrolled students is completed.

(c) Provide for the custody of the records:

(A) If the nursing assistant or medication aide training program closes but the educational institution or licensed health care agency continues to function, the institution shall assume responsibility for the records of the students and the graduates. The Board of Nursing shall be advised of the arrangements made to safeguard the records.

(B) If the facility-based or independent training program ceases to exist, the Board of Nursing shall be consulted about the maintenance of student records.

## 851-061-0050

### Denial or Withdrawal of Program Approval

(1) The Board may deny or withdraw approval if standards for approval of new or existing nursing assistant level 1, level 2, or medication aide training programs are not being met:

(a) Notice of the deficiency(ies) shall be given in writing to the program director;

(b) The program director may submit evidence of correction to the Board;

(c) The Board may withdraw program approval immediately or prescribe the time within which the deficiency(ies) shall be corrected;

(d) The approval may be withdrawn, if the program fails to correct the deficiency(ies) within the time specified;

(e) A program may request a hearing if the approval is withdrawn; and

(f) The withdrawal may be effective after the last currently enrolled student has completed the program.

(2) Pursuant to Federal Regulations the Board shall deny approval to a nursing assistant training program and shall withdraw approval from a previously approved nursing assistant training program offered by or in a licensed nursing facility or a skilled nursing facility which, in the previous two years:

(a) Has operated under a waiver of the federal requirement for nursing facilities and skilled nursing facilities to have 24 hour a day licensed nurse staffing with eight hour a day registered nurse staffing when such waiver is in excess of 48 hours per week; or

(b) Has been determined by surveyors from the state Seniors and People with Disabilities Division or federal Center for Medicare and Medicaid Services to have conditions which pose an immediate threat to resident health and safety; or

(c) Has been subject to an extended or partial extended survey, a restriction of admissions or an impending restriction of admissions for provision of substandard quality of care; or

(d) Was subject to a denial of payment under federal law; or

(e) Has had its Medicare participation terminated under federal or state law; or

(f) Was assessed a civil penalty of \$5,000 or more, for deficiencies in nursing facility standards, except if waived pursuant to 42 CFR § 483.151; or

(g) Has operated under trusteeship appointed to oversee the operation of the nursing facility and to ensure the health and safety of its residents; or

(h) As a result of state action terminated the operation of the facility or was closed or has had its residents transferred.

# ADMINISTRATIVE RULES

(3) A program or facility that has had its approval denied or withdrawn pursuant to OAR 851-061-0050(2) may apply for waiver of prohibition if:

(a) The facility has received written notice from Seniors and People with Disabilities Division's Client Care Monitoring Unit that it is in compliance with regulations governing licensure and/or certification; and

(b) There is not another program within ten road-miles from the facility submitting the request.

(4) The letter of request for waiver of prohibition shall:

(a) Address the distance in road-miles from the sanctioned facility to the closest program or facility that is willing and eligible for approval to serve as a clinical site for the training program; and

(b) Include a written statement of compliance with the standards for licensure and certification.

(5) The Board shall grant or deny the waiver based upon information received from applicant and Seniors and People with Disabilities Division's Client Care Monitoring Unit.

(6) The Board may withdraw program approval of a nursing assistant level 1 or medication aide training program if:

(a) The program cannot provide satisfactory evidence that the standards for nursing assistant or medication aide training programs are consistently maintained; or

(b) No classes have been taught for 24 consecutive months; or

(c) The average pass rate for graduates of the program falls below 85% over a two year period; or

(d) The clinical facility fails to permit a site visit of the training program.

(7) The Board may withdraw program approval of a nursing assistant level 2 training program if:

(a) Standards for program approval are not met as determined by a survey visit or interim self evaluation report which may be required by the Board at any time, for any purpose, and may be announced or unannounced; and

(b) A site visit is not permitted or records are not available for review.

(8) When program approval is withdrawn, the program shall:

(a) Submit a plan to the Board within ten working days for completion of the currently enrolled students;

(b) Allow students who have started a training program from which approval has been withdrawn to complete the course; and

(c) Submit the required student information to the Board, using the Board approved format, when the students have completed the course.

(9) The Board may reinstate approval of the nursing assistant or medication aide training program upon submission of satisfactory evidence that the program meets the Board standards.

### Standards for Approval: Organization and Administration

(1) Training program policies and procedures shall be in written form and shall be reviewed at least once every two years.

(2) Training programs implementing program changes cannot require students who are currently enrolled to complete the requirements of a revised program. Enrolled students are to be taught out under the program identified in their most current signed enrollment agreement. Exceptions may be allowed when and if the school and student mutually agree to the program change(s) and a new or amended enrollment agreement is negotiated, accepted, and signed by the student and school. Examples of program changes as used in this rule include, but are not limited to, increase or decrease of hours required, changes in the schedule of hours of instruction, adding or dropping course requirements, increasing program costs or fees, or changes in the payment plan.

(3) Training program shall be financially viable for the stability and continuation of the program.

(a) Training program providers in assisted living, licensed nursing, and residential care facilities licensed by the Department of Human Services or the Health Authority and training programs licensed by the Department of Education are exempt from demonstrating financial viability to the Board.

(b) Training program providers not identified in OAR 851-061-0075(3)(a), will provide financial statements to demonstrate:

(A) Assets equal to or greater than liabilities;

(B) No operating loss in any year of more than 10% of their net worth; and

(C) No operating loss of any amount for two consecutive years.

(c) A training program that is unable to verify financial viability may be required to carry a bond, get a letter of credit, or escrow unearned tuition.

(4) All training program advertising, sales, collection, credit or other business practices are conducted in a manner that does not violate ORS 646.608.

(b) Implement and maintain a program that complies with all Board standards;

(c) Assume the ultimate responsibility for the implementation of the Board-approved curriculum;

(d) Have sufficient time provided for carrying out administrative responsibilities. Number of faculty, students, classes in progress, and locations utilized for classroom and clinical training are to be considered in determining appropriate time allocated;

(e) Recruit, supervise, and evaluate qualified primary instructors and clinical instructors or preceptors;

(f) Develop and implement written policies necessary for the operation of the program, including those maintained under OAR 851-061-0110(1)(c)(G);

(g) Ensure that all students have initiated a criminal history check prior to entering the program and that all students are eligible pursuant to laws governing the clinical site facility to participate in the program's clinical experiences.

(h) Coordinate classroom and clinical sites and activities;

(i) Ensure that the classroom, lab, and clinical environment is conducive to teaching and learning;

(j) Assure that the clinical setting provides an opportunity for the students to perform the skills taught in the curriculum;

(k) Ensure that a Board-approved primary instructor, clinical instructor, or clinical preceptor is on the premises at all times during scheduled clinical hours;

(l) Supervise or coordinate supervision of students in the clinical setting or assign this responsibility to the primary instructor.

(m) Provide or arrange for the orientation of the primary and clinical instructors or clinical preceptors to their role and responsibilities.

(n) Assess students' reactions to course content, instructional effectiveness, and other aspects of the learning experience;

(o) Submit program data upon request of the Board on forms provided by the Board;

(p) Submit required reports;

(q) Verify that the training facility in which the training program is offered or utilized for the clinical experience is licensed under the appropriate licensing agency and is in substantial compliance with all standards for licensure;

(r) Verify that a facility utilized for out-of-state clinical experience:

(A) Has not been found within the preceding two years, by the state survey and certification agency, using the currently applicable Center for Medicare and Medicaid Services regulations, to be categorized as providing substandard quality of care;

(B) Is no more than 50 miles from an Oregon border; and

(C) Has given permission for site visit(s) by Board staff.

# ADMINISTRATIVE RULES

(s) For medication aide training programs, determine student eligibility by verifying that the applicant:

(A) Holds a current certificate to practice as a CNA 1 on the CNA Registry;

(B) Has graduated from an approved basic nurse aide training program at least six months prior to enrollment in the medication aide training program; and

(C) Meets the employment requirement of at least six months of full time experience as a nursing assistant or the equivalent in part time experience since graduation from a basic nursing assistant training program unless the applicant is exempt under OAR 851-062-0090.

(4) The primary instructor shall hold a current, unencumbered license to practice as a registered nurse in Oregon; and

(a) For a nursing assistant level 1 and level 2 training program, have two years experience as a registered nurse and teaching experience or educational preparation for teaching adults.

(b) For a medication aide training program, have at least three years of nursing experience, to include:

(A) One year as a nurse educator, a primary instructor in a nursing assistant training program or as a nurse administrator, and

(B) One year working with the particular type of clientele or providing clinical instruction in a setting with the particular type of clientele with whom students will have their clinical experience.

(c) May be the director of nursing service in a long term care facility only if there is evidence of formal arrangements for the director of nursing position to be filled by another qualified nurse during the period of instruction.

(5) The primary instructor shall:

(a) Implement the required Board-approved curriculum;

(b) Provide effective teaching strategies in an environment that encourages student and instructor interaction;

(c) Supervise and be present in the classroom at least 75% of the time that classes are being taught, or for on-line programs, be available for consultation and additional clarification at least every 72 hours;

(d) Evaluate competency of students; and

(e) In addition, for medication aide training programs, the primary instructor shall:

(A) Obtain approval from a facility prior to using a facility employee as a clinical preceptor. The facility has the right to refuse such approval;

(B) Ensure that each student's clinical experience includes administration of medications by all approved routes of administration and includes administration of a variety of medications; and

(C) Supervise the clinical experience for all medication aide students. Clinical preceptors may be used as appropriate.

(6) Other personnel from the healthcare professions may supplement the instructor in their area of expertise:

(a) For a nursing assistant level 1 and level 2 training program, the program director or primary instructor may:

(A) Involve as trainers for a specific portion of the nursing assistant training, other licensed nursing personnel or other licensed health care professionals who have at least one year of experience in their field.

(B) Use an approved clinical instructor who shall:

(i) Hold a current, unencumbered license to practice as a registered nurse in Oregon; and

(ii) Have the equivalent of one year full time experience as a registered nurse.

(C) Use an approved clinical preceptor who shall:

(i) Hold a current, unencumbered license to practice nursing in Oregon; and

(ii) Have the equivalent of at least one year of experience as a licensed nurse.

(b) For a medication aide training program, the clinical preceptor shall:

(A) Hold a current, unencumbered license to practice nursing in Oregon;

(B) Have the equivalent of one year full time experience as a licensed nurse and shall have three months' nursing experience in a facility licensed the same as the setting in which the medication aide student will be passing medications;

(C) Provide direct supervision; and

(D) Have only the responsibility for clinical precepting during the scheduled clinical experience.

(c) Certified medication aides, resident care managers, and directors of nursing are prohibited from acting as clinical preceptors for medication aide students.

### Standards for Program Approval: Curriculum

(1) Board-approved curriculum shall be used in approved nursing assistant level 1 and medication aide training programs.

(2) A nursing assistant level 1 training program shall consist of:

(a) At least 150 hours of instruction divided into 75 hours of classroom instruction and 75 hours of supervised clinical experience;

(b) At least 24 hours of supervised classroom/laboratory instruction with return student demonstrations of learned skills to determine comprehension and competency, in addition to facility orientation, preceding the students' care of clients; and

(c) At least 75 hours of supervised clinical experience in a hospital, licensed nursing, residential care, or assisted living facility that has a registered nurse on duty during all scheduled student clinical hours, in substantial compliance with all standards of licensure, and provides an opportunity for the student to perform the skills taught in the Board's approved curriculum.

(3) An on-line nursing assistant level 1 training program shall consist of:

(a) At least the equivalent of 51 hours according to the nationally recognized standard of content to credit ratio;

(b) At least 24 hours of supervised laboratory instruction provided no later than two weeks after the successful completion of the on-line portion of the curriculum. The laboratory portion of the program shall include return student demonstration of learned skills to determine comprehension and competency, in addition to facility orientation, preceding the students' care of clients;

(c) At least 75 hours of supervised clinical experience in a hospital, licensed nursing, residential care, or assisted living facility that has a registered nurse on duty during all scheduled student clinical hours, in substantial compliance with all standards of licensure, and provides an opportunity for the student to perform the skills taught in the Board's approved curriculum;

(d) Ongoing technical support service(s) to sustain the electronically offered program including provisions for staffing, reliability, privacy, and security; and

(e) Ongoing technical support service(s) for students on each required educational technology hardware, software, and delivery system.

(4) A nursing assistant level 2 training program will have Board approved:

(a) Standardized category curriculum that may vary in training hours from other Board approved standardized category curricula; and

(b) Competency evaluation.

(5) Medication aide training program classroom and clinical instruction hours:

(a) A medication aide training program shall consist of at least 84 hours of instruction divided into at least 60 hours of classroom/lab instruction and at least 24 hours of 1:1 supervised clinical experience.

(b) All clinical hours shall be completed at one site (licensed nursing facility, hospital, assisted living facility, or residential care facility).

(c) All required clinical hours shall be in medication administration related activities.

(6) Admission requirements for medication aide training programs shall be:

(a) Current, unencumbered CNA 1 status on the Oregon CNA Registry maintained by the Board;

(b) Documentation of graduation from an approved basic nursing assistant level 1 training program at least six months prior to enrollment in the medication aide training program; and

(c) Documentation of at least six months full time experience as a nursing assistant level 1 or the equivalent in part time experience since graduation from a basic nursing assistant training program.

(7) An on-line nursing assistant level 2 or medication aide training program shall consist of:

(a) At least the nationally recognized standard of content to credit ratio to meet the Board's curriculum policy for the specific training program;

(b) Supervised laboratory instruction that meets the Board's approved curriculum provided no later than two weeks after the successful completion of the on-line portion of the curriculum. The laboratory portion of the program shall include return student demonstration of learned skills to

determine comprehension and competency, in addition to facility orientation, preceding the students' care of clients;

(c) Supervised clinical experience in a hospital, licensed nursing, residential care, or assisted living facility that has a registered nurse on duty during all scheduled student clinical hours, is in substantial compliance with all standards of licensure, and provides an opportunity for the student to perform the skills taught in the Board's approved curriculum;

(d) Ongoing technical support service(s) to sustain the electronically offered program including provisions for staffing, reliability, privacy, and security; and

(e) Ongoing technical support service(s) for students on each required educational technology hardware, software, and delivery system.

(8) Classroom and clinical faculty/student ratios for nursing assistant level 1, level 2, and medication aide training programs:

(a) Classroom:

(A) The ratio of students per instructor in the classroom shall be such that each trainee is provided with registered nurse assistance and supervision and be no more than 30 students per instructor for nursing assistant level 1 training programs, 20 students per instructor for medication aide training programs, and 32 students per instructor for CNA level 2 training programs.

(B) The amount of students assigned per instructor with self-directed, on-line instruction shall be such that each trainee is provided with consultation and additional clarification by a Board approved instructor within 72 hours of a trainee's inquiry.

(C) The ratio of students per instructor with instructor-directed, on-line instruction shall be such that each trainee is provided with consultation and additional clarification by a Board approved instructor within 72 hours of a trainee's inquiry, and the class size shall be no more than 20 students per instructor per on-line classroom.

(b) Lab: The ratio of students per instructor in nursing assistant level 1, level 2, and medication aide training programs shall be no more than 10 students per instructor at all times during the lab experience.

(c) Clinical:

(A) The ratio of students per instructor in a nursing assistant level 1 training program shall be no more than 10 students per instructor at all times during the clinical experience.

(B) The ratio of students per instructor in a nursing assistant level 2 training program shall be no more than 8 students per instructor at all times during the clinical experience.

(C) The ratio of students per instructor in a medication aide training program shall begin with a ratio of one clinical preceptor to one medication aide student during the first 24 hours of the clinical experience. Less intensive supervision (either more students per preceptor or less direct supervision by preceptor) may occur after the first 24 hours, with satisfactory evaluation and approval of the clinical preceptor and primary instructor.

(9) Clinical experience and demonstration of competency for nursing assistant level 1 and medication aide training programs:

(a) A clinical schedule shall be prepared for all students prior to the beginning of the clinical experience, and provided to the clinical facility director of nursing, the clinical instructor/preceptor, and the student.

(b) Student practice and demonstration of competency for nursing assistant level 1 and medication aide training programs:

(A) Students may provide direct client care within their authorized duties under the supervision of an approved instructor.

(B) Students shall be identified as students at all times while in the clinical area.

(C) Students must not be counted as staff or utilized as staff during the hours that are scheduled for clinical experience.

(D) Students may be on a unit, floor or wing of a facility only under direct supervision of a qualified instructor.

(E) Students shall not be on a unit, floor, or wing without a CNA or licensed nurse.

(F) Students shall provide care only to the level they have been taught and determined competent by the approved clinical instructor.

(c) In addition, for medication aide training programs, the clinical experience shall be progressive with the Board approved clinical preceptor observing the medication administration and gradually increasing the number of clients to whom the student is administering medications;

(10) Program completion:

(a) Completion of a nursing assistant level 1 or medication aide training means that:

(A) The student has successfully completed 100% of the required classroom and clinical hours and content in the curriculum;

(B) The student has successfully demonstrated the required skills on the laboratory and clinical skills checklist;

(C) The student has achieved a score of 75% or higher on the program's final examination;

(D) The student has successfully completed the clinical portion of the program no later than four months following the last date of classroom instruction or within four months after the successful completion of the on-line portion of the program; and

(E) In addition, for nursing assistant level 1 training programs, the student has successfully completed current, adult CPR certification in accordance with Board-approved curriculum.

(b) Completion of a nursing assistant level 2 training means that:

(A) The student has successfully completed 100% of the required classroom and clinical hours and content in the curriculum; and

(B) The student has successfully completed the competency evaluation.

### 852-020-0045

#### Requirements for Business Entity Organization

The following provisions apply to licensed optometric physicians in Oregon organizing as a business entity and are in addition to the provisions for a professional corporation, limited liability company and partnership outlined in ORS Chapters 58, 63, 67, and 70.

(1) Definitions. As used in these administrative rules, unless the context requires otherwise.

(a) "Business entity" means:

(A) A professional corporation organized under ORS Chapter 58, predecessor law or comparable law of another jurisdiction;

(B) A limited liability company organized under ORS Chapter 63 or comparable law of another jurisdiction;

(C) A partnership organized in Oregon after January 1, 1998, or that is registered as a limited liability partnership, or that has elected to be governed by ORS Chapter 67 or comparable law of another jurisdiction; or

(D) A limited partnership organized under ORS chapter 70, predecessor law or comparable law of another jurisdiction.

(b) "Majority ownership interest" means more than 50 percent of:

(A) The issued voting stock of a professional corporation;

(B) The members of a limited liability company; or

(C) Participation in the profits of a partnership.

(c) "Organizational document" means:

(A) The articles of incorporation of a professional corporation, or comparable document of another jurisdiction;

(B) The articles of organization of a limited liability company, or comparable document of another jurisdiction;

(C) The partnership agreement and, for a limited liability partnership, its registration, or comparable document(s) of another jurisdiction; or

(D) A certificate of limited partnership, or comparable document of another jurisdiction.

(d) "Owner" means a voting shareholder of a professional corporation, member of a limited liability company, or partner of a partnership.

(e) "Principal" means a person who is a director of a professional corporation, manager of a limited liability company, or general partner of a limited partnership.

(2) Requirements for business entities organized to practice optometry:

(a) The majority ownership interest shall be held by optometric physicians licensed in this state to practice optometry.

(A) A majority of the principals shall be optometric physicians who are licensed in this state to practice optometry.

(B) All officers except the secretary and treasurer, if any, must be optometric physicians who are licensed in this state to practice optometry. Any two or more offices may be held by the same person.

(b) A professional corporation may be a shareholder of a professional corporation organized for the purpose of practicing optometry solely for the purpose of effecting a reorganization as defined in the Internal Revenue Code.

(c) Business entities organized before the effective date of this rule that are not in compliance with the provisions of this rule have until January 1, 2012 to come into compliance.

(d) The Oregon Board of Optometry has the discretion to allow business entities to apply for a waiver of the majority ownership requirement provided full disclosure of business ownership is provided to the Board, a plan and timetable is presented for a transition to meet the requirements of

# ADMINISTRATIVE RULES

this rule, and the Board finds that the health and welfare of the patient is the first priority of the optometric physicians and business entity.

(e) Upon a finding that a holder or owner of an optometric practice has failed to comply with the provisions of this rule or the regulations prescribed by the Board pursuant to the practice of optometry, the Oregon Board of Optometry may consider the failure to comply with this rule as a violation of this rule which may subject a holder or owner to discipline pursuant to ORS 683.140.

### License and Certificate of Registration

(1) Upon becoming licensed to practice optometry in the state of Oregon, each licensee will receive an office license for the primary place of business. This original and current license must be posted conspicuously in the office. Each licensee shall be required to pay a license renewal fee on or before the license renewal date established by the Board. The licensee will be given written notification of the license renewal period at the time of licensure. The license renewal period will remain the same for the licensee once established.

(2) If a licensee engages in practice in more than one office or place of business, the licensee shall acquire and conspicuously display an original and current license for that specific location in each additional office or place of business. Upon written application of the licensee, the Board shall issue such number of licenses upon receipt of \$45 for each license. The licensee must renew each practice location on an annual basis during the license renewal period.

(3) In lieu of acquiring an additional office license for each practice location, any licensee who has acquired a license to practice optometry in Oregon may elect to acquire a multiple office license which allows the licensee to practice at an unlimited number of additional practice locations. Upon written application of the licensee and receipt of an additional \$90 fee, the Board shall issue a license for practicing at multiple locations. This original and current license shall be conspicuously displayed at each location prior to practicing there. It is the responsibility of the licensee to keep the Board informed of all practice locations. The licensee must renew this license to practice at multiple locations on an annual basis during the license renewal period.

(4) The licensee's status (active or inactive, T, AT or ATI certified, etc.) shall be indicated directly upon the annual license form.

(5) Upon becoming licensed to practice optometry in the state of Oregon, each licensee may pay to the Oregon Board of Optometry a \$30 fee for a Board-signed Wall Certificate of Registration.

## 852-050-0006

### Annual Renewal of Active License

(1) Active licensees shall annually renew their license to practice optometry for the license period established by the Board. License year renewal periods are established by the Board based upon birth dates of licensees in order that expiration dates fall due each month of the year.

(a) If the licensee's date of birth is not available to the Board, a license renewal period will be established for the licensee.

(b) License renewals will cover 12-month license periods based upon birth dates.

(2) License renewal applications are due in the Board's office on the first day of the month of license expiration (month of licensee's birth date).

(3) The license renewal application must include the following to be considered complete:

(a) A completed license renewal form signed by the licensee;

(b) Check or money order for the correct license renewal fees;

(c) Documentation of completion of the required continuing optometric education.

(d) Documentation of current CPR certification, as required in OAR 852-80-040.

(4) The Board will, as a courtesy, send license year renewal forms to the licensee's last address of record. The license renewal application is due and must be postmarked on or before the first day of the month of license expiration.

(5) A licensee who is not more than 30 days delinquent in renewing the license may renew the license upon payment to the Board of the required fee plus a delinquent fee. If a licensee is more than 30 days delinquent the license is automatically suspended upon 30 day notice given to the licensee via certified mail, as required by ORS 683.120(2).

(6) If a person is more than 60 days in renewing the license the person may be required to take an examination and pay the examination fee as required in ORS 683.060. The Board may, upon written application, waive the examination requirement when in its opinion it is in the best interest of the public to do so.

(7) The annual fee for the renewal of a license to practice optometry shall be \$298. In addition to the optometry renewal fees, the Board is required by ORS 431.972 to collect an annual \$25 fee from each optometry license renewal for the Electronic Prescription Drug Monitoring Fund. The fees collected for the Electronic Prescription Monitoring Fund will be remitted to the Department of Human Services as required by law.

(8) Any licensee whose license renewal fee is postmarked after the first day of the month of license expiration shall be subject to a late payment fee of \$50. This late payment fee must be received before the license will be issued.

(9) Any licensee whose CPR certification lapsed at any time during the licensing period shall be subject to a fee of \$50. This fee must be received before the license will be issued.

### Inactive Status License

(1) Eligible licensees may be granted an inactive status license by petitioning the board by letter. If the licensee's date of birth is not available to the Board, a license renewal period will be established for the licensee.

(2) Inactive licensees shall annually renew their license to practice optometry for the license period established by the Board. License year

# ADMINISTRATIVE RULES

renewal periods are established by the Board based upon birth dates of licensees in order that expiration dates fall due each month of the year. License renewals will cover 12-month license periods based upon birth dates.

(3) License renewal applications are due in the Board's office on the first day of the month of license expiration (month of licensee's birth date).

(4) The license renewal application must include the following to be considered complete:

- (a) A completed license renewal form signed by the licensee;
- (b) Check or money order for the correct license renewal fees;

(5) The Board will, as a courtesy, send license year renewal forms to inactive status licensee's last address of record. The license renewal application is due and must be postmarked on or before the first day of the month of license expiration.

(6) A licensee who is not more than 30 days delinquent in renewing the license may renew the license upon payment to the Board of the required fee plus a delinquent fee. If a licensee is more than 30 days delinquent the license is automatically suspended upon 30 day notice given to the licensee.

(7) If a person is more than 60 days delinquent in renewing the license the person may be required to take an examination and pay the examination fee as required in ORS 683.060. The Board may, upon written application, waive the examination requirement when in its opinion it is in the best interest of the public to do so.

(8) The renewal fee for inactive status licensees shall be \$98.

(9) Any licensee whose license renewal fee is postmarked after the first day of the month of license expiration shall be subject to a late payment fee of \$15. This late payment fee must be received before the license will be issued.

(10) To reactivate a license to practice optometry in Oregon an inactive status licensee shall meet the following prior to the first day of practice in Oregon:

(a) Pay the difference between the inactive and active status license renewal fees;

(b) Submit continuing education hour's equivalent to Oregon requirements for the previous licensing period;

(c) Submit documentation of current CPR certification, as required in OAR 852-80-040, if licensed to use Nontopical TPA's;

(d) Submit the inactive license certificate issued for the current licensing period;

(e) Provide the Board's office with the current practice location in the State of Oregon;

(f) Submit written verification from state(s) licensed. This verification shall contain a statement to indicate the status of the licensee regarding past and/or present sanctioning or investigations for sanctioning; and

(g) Pass the Oregon optometric law and administrative rules examination if it has been more than two years since the person held an active status license in Oregon.

(h) If the request for reactivation occurs within one year from the date of being placed in inactive license status by the Board, there will be a \$100 reactivation fee in addition to the other conditions in (a) through (f) above.

## 852-050-0025

### State Criminal Records Check and Fitness Determination

(1) The purpose of these rules is to provide for the reasonable screening of applicants and licensees in order to determine if they have a history

of criminal behavior such that they are not fit to be granted or hold a license that is issued by the Board.

(2) These rules are to be applied when evaluating the criminal history of an applicant or licensee and conducting fitness determinations based upon such history. The fact that an applicant or licensee has cleared the criminal history check does not guarantee the granting or renewal of a license.

(3) The Board may require criminal history of all applicants for an initial or renewal license as an optometrist; licensees applying to reinstate or reactivate a lapsed license; and licensees under investigation to determine the fitness of an applicant or licensee. This information will be provided on prescribed forms made available by the Board. The Board will submit information to the Oregon Department of State Police Law Enforcement Data System to conduct an Oregon Criminal History Check.

(4) The Board determines whether an applicant or licensee is fit to be granted a license based on the criminal records background check, any false statements made by the applicant or licensee regarding the criminal history of the individual, any refusal to submit or consent to a criminal records check, and any other pertinent information obtained as part of an investigation. If an applicant is determined to be unfit, the applicant may not be granted a license. If a licensee is determined to be unfit the licensee's license may not be renewed, reactivated, or reinstated. The Board may make a fitness determination conditional upon applicant's or licensee's acceptance of probation, conditions, limitations, or other restrictions upon licensure.

(5) Except as otherwise provided in section (2), in making the fitness determination the Board considers:

(a) The nature of the crime;

(b) The facts that support the conviction or pending indictment or that indicate the making of the false statement;

(c) The relevancy, if any, of the crime or the false statement to the specific requirements of the applicant's or licensee's present or proposed license; and (d) Intervening circumstances relevant to the responsibilities and circumstances of the license. Intervening circumstances include but are not limited to:

(A) The passage of time since the commission of the crime;

(B) The age of the applicant or licensee at the time of the crime;

(C) The likelihood of a repetition of offenses or of the commission of another crime;

(D) The subsequent commission of another relevant crime;

(E) Whether the conviction was set aside and the legal effect of setting aside the conviction; and

(F) A recommendation of an employer.

(6) All requested background checks include Oregon data. In some circumstances, national criminal data collection may be required.

(7) In order to conduct the Oregon Criminal History Check and fitness determination, the Board may require additional information from the licensee or applicant as necessary, such as but not limited to, proof of identity; residential history; names used while living at each residence; or additional criminal, judicial or other background information.

(8) Criminal offender information is confidential. Dissemination of information received under ORS 181.534 is only to people with a demonstrated and legitimate need to know the information. The information is part of the investigation of an applicant or licensee and as such is confidential pursuant to 676.175(1).

(9) The Board will permit the individual for whom a background records check was conducted to inspect the individual's own criminal offender records and, if requested by the subject individual, provide the individual with a copy of the individual's own criminal offender records.

(10) The Board may consider any conviction of any violation of the law for which the court could impose a punishment and which is in compliance with ORS 670.280. The Board may also consider any arrests, court records, or other information that may be indicative of an individual's inability to perform as a licensee with care and safety to the public.

(11) If an applicant or licensee is determined not to be fit for a license, the applicant or licensee is entitled to a contested case process pursuant to ORS 183.413-183.470. Challenges to the accuracy or completeness of information provided by the Oregon Department of State Police, Federal Bureau of Investigation and agencies reporting information must be made through the Oregon Department of State Police, Federal Bureau of Investigation, or reporting agency and not through the contested case process pursuant to ORS 183. If an individual successfully contests the accuracy or completeness of information provided by the Oregon State Police, the FBI or other reporting agency, the Board will conduct a new criminal history check upon submission of a new request.

# ADMINISTRATIVE RULES

(12) If the applicant discontinues the application process or fails to cooperate with the criminal history check process, the application is considered incomplete.

**Subject:** Division 36 establishes the procedures and rules that apply to Dangerous Offenders whose crimes occurred prior to November 1, 1989. Amendments are necessary to establish procedures that comply with changes to ORS 144.228 (2009), relating to the authority of the Board to defer an inmate's parole and consideration date for longer than two years (up to ten years). OAR 255-036-0005(7) is amended to conform the rule to the Board's statutory authority.

**Rules Coordinator:** Michelle Mooney — (503) 945-0914

### 255-036-0005

#### Parole Consideration Hearings

(1) Within six (6) months after commitment to the Department of Corrections' custody of any person sentenced as a dangerous offender, the Board shall set a date for a parole consideration hearing which shall be no later than ten (10) days prior to the date the inmate would have been eligible for parole release under Division 35 of these rules if the court had not sentenced the offender pursuant to ORS 161.725 and 161.735 as a dangerous offender.

(2) A person sentenced as a dangerous offender for felonies committed prior to November 1, 1989 is eligible for parole release:

- (a) After having served the Board ordered prison term; and
- (b) The Board finds the inmate no longer dangerous; or

(c) The Board finds the inmate remains dangerous but can be adequately controlled with supervision and mental health treatment and that the necessary resources for supervision and treatment are available to the inmate.

(3) If the Board is unable to make the findings required by section (2) of this rule, the Board will conduct the next review hearing no less than two years, or more than ten years, from the current parole consideration date.

(a) The Board may not grant the inmate a hearing that is more than two years from the date the petition is denied unless the Board finds that it is not reasonable to expect that the inmate would be granted a parole release date two years from that date.

(b) A decision to establish a deferral period of longer than two years requires a unanimous vote of the members participating in the hearing. The length of deferral shall be determined by majority vote.

(c) Factors to be considered in establishing a deferral period of longer than two years include those listed in OAR 255-062-0015.

(d) The inmate may request an interim parole consideration hearing pursuant to OAR 255-062-0020.

(e) If the Board finds, based upon the request for an interim hearing, that there is reasonable cause to believe that the inmate may be granted a change in the terms of confinement, the Board shall conduct a hearing as soon as is reasonably convenient. An interim parole consideration hearing may be granted by a majority of the Board.

(f) If the Board denies a petition for an interim hearing, it shall issue a final order accompanied by findings of fact and conclusions of law, pursuant to ORS 144.228(1)(d) (2009).

(g) A finding by the Board under (e) above does not bind the Board to any specific finding at the interim parole consideration hearing.

(4) The Board will hold parole consideration hearings pursuant to these rules until:

- (a) The Board is able to make the required findings; or
- (b) The maximum court ordered sentence, less good time, expires.

(5) If, at the parole consideration hearing or at any subsequent review, the Board makes the findings required by section (2) of this rule, the Board

shall order parole release, subject to ORS 144.125 144.270-144.275 regarding review of release plans and supervision conditions.

(6) At any hearing or review, the Board may consider:

(a) The examining psychologist or psychiatrist's written report;

(b) A written report from the executive officer of Department of Corrections institution in which the inmate has been confined;

(c) A release plan, including verification that adequate supervision and mental health treatment are immediately available for the particular inmate;

(d) Any other information regarding the inmate that the Board finds relevant.

(7) If after the Board makes the findings required by section (2) of this rule, resulting in the inmate's release on parole, the Board later has reasonable cause to believe the inmate's dangerousness has returned and/or the inmate cannot be adequately controlled with supervision and mental health treatment or that the necessary resources for supervision and treatment are unavailable, the Board may order the inmate's return to the custody of the Department of Corrections, and schedule a future disposition hearing to determine whether to deny re-release on parole pursuant to OAR 255-075-0096.

#### Evaluations

(1) Within 120 days of the last day of the prison term and thereafter within 120 days before any parole consideration hearing, the Board shall order a complete mental and psychological or psychiatric examination of the inmate.

(2) The evaluation provided may consist of a diagnostic study, including a comprehensive evaluation of the individual's personality, intelligence level, personal and social adjustments, or other information the psychologist or psychiatrist believes will aid the Board in determining whether the examined person is eligible for release.

(3) The report of the psychologist or psychiatrist shall:

(a) Include a statement as to whether the dangerous offender has any mental or emotional disturbance, deficiency, condition, or disorder predisposing him/her to the commission of any crime to a degree rendering the inmate a danger to the health or safety of others;

(b) Any other information which would aid the Board in determining whether the inmate is eligible for release;

(c) State progress or changes in the condition of the examined inmate;

(d) Contain recommendations for treatment or medication that would assist the inmate in performing satisfactorily in the community upon release;

(e) Be filed with the Board within 60 days after the examination;

(f) Be certified and sent to the inmate, the inmate's attorney, and to the institution superintendent.

#### Request for Review Prior to Release Hearing Date

(1) Notwithstanding subsection 1 of OAR 255-036-0005, an inmate sentenced as a dangerous offender under ORS 161.725 and 161.735 may request a parole consideration hearing prior to the earliest time the inmate is eligible for parole release. The Board may consider information presented by the inmate to determine whether the inmate is no longer dangerous or that even though dangerous, can be adequately controlled with supervision and mental health treatment which are available in the community.

(2) The Board shall review the request for a parole consideration hearing by administrative file pass.

(3) If the Board finds, based upon the request and the information therein, there is reasonable cause to believe the inmate is no longer dangerous or even though dangerous, can be adequately controlled with supervision and mental health treatment which are in fact available to the inmate, the Board shall order the documents required by ORS 144.228 and this division and conduct a parole consideration hearing as soon as reasonably convenient.

# ADMINISTRATIVE RULES

(4) If the Board finds there is not reasonable cause to believe the inmate is no longer dangerous or to believe that the inmate can be adequately controlled with supervision and mental health treatment that is available in the community, the Board will deny the request for an early parole consideration hearing, and review the inmate's case at the originally scheduled parole consideration hearing pursuant to OAR 255-036-0005(1).

### Purpose

The purpose of these rules is to provide for the reasonable screening of subject individuals to determine if they have a history of criminal behavior such that they are not fit to work or volunteer for the Board. The fact that the Board determines that a subject individual is fit does not guarantee the individual a position as a Board employee, volunteer, or that the individual will be hired by the Board.

### Definitions

As used in OAR 855-010-0050 through 855-010-0086, unless the context of the rule requires otherwise, the following definitions apply:

(1) **Conviction:** A final judgment on a verdict or finding of guilty, a plea of guilty, or a plea of nolo contendere (no contest) or any determination of guilt entered by a court of law against a subject individual in a criminal case, unless that judgment has been reversed or set aside by a subsequent court decision.

(2) **Fitness determination:** A determination made by the Board, pursuant to the process established under OAR 855-010-0060, that a subject individual is fit or not fit to be a Board employee or volunteer.

(3) **Criminal offender information:** Records and related data concerning physical description and vital statistics, fingerprints received and compiled by the Oregon State Police (OSP) to identify criminal offenders and alleged offenders, records of arrests and the nature and disposition of criminal charges, including sentencing, confinement, parole and release records.

(4) **Criminal records check:** One or more of the following three processes undertaken by the Board to check the criminal history of a subject individual:

(a) A name-based check of criminal offender information conducted through the Law Enforcement Data System (LEDS) maintained by the OSP, in accordance with the rules adopted and procedures established by the OSP;

(b) A check of Oregon criminal offender information, through fingerprint identification and other means, conducted by the OSP at the Board's request (Oregon Criminal Records Check); or

(c) A nationwide check of federal criminal offender information, through fingerprint identification and other means, conducted by the OSP through the FBI or otherwise at the Board's request (Nationwide Criminal Records Check).

(5) **Criminal Records Request form:** A Board-approved form, completed by a subject individual, requesting the Board to conduct a criminal records check.

(6) **False statement:** In association with an activity governed by these rules, a subject individual either:

(a) Provided the Board with false information about the subject individual's criminal history, including but not limited to false information about the individual's identity or conviction record; or

(b) Failed to provide the Board information material to determining the individual's criminal history.

(7) **Subject Individual:** An individual identified in OAR 855-010-0057 as someone from whom the Board may require a criminal records check.

### Subject Individual

The Board may require a subject individual to complete a criminal records check pursuant to these rules because the person is:

(1) A Board employee

(2) A Board volunteer; or

(3) An applicant for employment with the Board.

### Criminal Records Check Process

(1) **Disclosure of Information by Subject Individual.**

(a) Preliminary to a criminal records check, a subject individual must complete and sign the Board Criminal Records Request form and a fingerprint card. Both forms ask for identifying information (e.g., name, birth date, social security number, physical characteristics, driver's license or identification card number and current address of the subject individual). The Board Criminal Records Request form also requires information about the subject individual's prior residences in other states and any other identifying information deemed necessary by the Board.

(b) A subject individual must complete and submit to the Board the Criminal Records Request form and, if requested, a fingerprint card within

# ADMINISTRATIVE RULES

five business days of receiving the forms. The Board may extend the deadline for good cause.

(c) The Board may require additional information from the subject individual as necessary to complete the criminal records check and fitness determination, such as, but not limited to, proof of identity, or additional criminal, judicial, or other background information.

(d) The Board shall not request a fingerprint card from a subject individual under the age of 18 years unless the subject individual is emancipated pursuant to ORS 419B.550 et seq, or unless the Board also requests the written consent of a parent or guardian. In such case, such parent or guardian and youth must be informed that they are not required to consent. Notwithstanding, failure to consent may be construed as a refusal to consent under OAR 855-010-0065(3).

(2) When a Criminal Records Check is required. The Board may conduct, or request the OSP to conduct, a criminal record check when:

(a) An individual meets the definition of a subject individual; or

(b) Required by federal law or regulation, by state statute or administrative rule, or by contract or written agreement with the Board.

(3) Which Criminal Records Check is conducted. When the Board determines under section (2) of this rule that a criminal records check is needed, the Board may request or conduct a LEDS Criminal Records Check, an Oregon Criminal Records Check, a Nationwide Criminal Records Check, or any combination thereof.

### Final Fitness Determination

(1) If the Board elects to conduct a criminal records check, the Board shall make a fitness determination about a subject individual based on information provided by the subject individual under OAR 855-010-0060(1), any criminal records check conducted, and any false statement made by the subject individual.

(2) In making a fitness determination about a subject individual, the Board will also consider the factors in subsections (a) through (f) below in relation to information provided by the subject individual under OAR 855-010-0060(1), any LEDS report or criminal offender information obtained through a criminal records check, and other information known by the Board. To assist in considering these factors, the Board may obtain any other information deemed relevant from the subject individual or any other source, including law enforcement and criminal justice agencies or courts within or outside of Oregon. To acquire other criminal offender information from the subject individual, the Board may request to meet with the subject individual, and may request to receive written materials or authorization to obtain other relevant information, from the subject individual. The subject individual shall meet with the Board if requested and provide additional information or authorization within a reasonable period of time, as established by the Board. The Board will use all collected information in considering:

(a) Whether the subject individual has been convicted, found guilty except for insanity (or a comparable disposition), or has a pending indictment for a crime listed in OAR 855-010-0067;

(b) The nature of any crime identified under section (2)(a) of this rule;

(c) The facts that support the conviction, finding of guilty except for insanity, or pending indictment;

(d) Any facts that indicate the subject individual made a false statement;

(e) The relevance, if any, of a crime identified under section (2)(a) of this rule or of a false statement made by the subject individual to the specific requirements of the subject individual's present or proposed position, services or employment; and

(f) The following intervening circumstances, to the extent that they are relevant to the responsibilities and circumstances of the services or employment for which the fitness determination is being made:

(A) The passage of time since the commission or alleged commission of a crime identified under section (2)(a) of this rule;

(B) The age of the subject individual at the time of the commission or alleged commission of a crime identified under section (2)(a) of this rule;

(C) The likelihood of a repetition of offenses or of the commission of another crime;

(D) The subsequent commission of another crime listed in OAR 855-010-0067;

(E) Whether a conviction identified under section (2)(a) of this rule has been set aside, and the legal effect of setting aside the conviction;

(F) A recommendation of an employer;

(G) The disposition of a pending indictment identified under section (2)(a) of this rule;

(H) Whether the subject individual has been arrested for or charged with a crime listed under OAR 855-010-0067;

(I) Whether the subject individual is being investigated, or has an outstanding warrant, for a crime listed under OAR 855-010-0067;

(J) Whether the subject individual is currently on probation, parole or another form of post-prison supervision for a crime listed under 855-010-0067;

(K) Whether the subject individual has a deferred sentence or conditional discharge in connection with a crime listed under OAR 855-010-0067;

(L) Whether the subject individual has been adjudicated in a juvenile court and found to be within the court's jurisdiction for an offense that would have constituted a crime listed in OAR 855-010-0067 if committed by an adult;

(M) Periods of incarceration of the subject individual;

(N) The education and work history (paid or volunteer) of the subject individual since the commission or alleged commission of a crime.

(3) Refusal to Consent. If a subject individual refuses to submit or consent to a criminal records check including fingerprint identification, the Board will deny the employment of the subject individual or deny any applicable position or authority to provide services. A person may not appeal any determination made based on a refusal to consent.

(4) If a subject individual is determined to be not fit, the subject individual may not be employed by or provide services as a volunteer to the Board.

(5) Final Order. A completed final fitness determination is a final order of the Board unless the affected subject individual appeals the determination by requesting a contested case hearing as provided by OAR 855-010-0080(2) or an alternative appeals process as provided by OAR 855-010-0080(6).

### Potentially Disqualifying Crimes

(1) Crimes Relevant to a Fitness Determination:

(a) All felonies;

(b) All misdemeanors;

(c) Any United States Military crime or international crime;

(2) Evaluation of Crimes. The Board shall evaluate a crime on the basis of the law of the jurisdiction in which the crime or offense occurred, as those laws are in effect at the time of the fitness determination.

(3) Expunged Juvenile Record. Under no circumstances shall a subject individual be determined to be not fit under these rules on the basis of the existence or contents of a juvenile record that has been expunged pursuant to ORS 419A.260 and ORS 419A.262.

### Incomplete Fitness Determination

(1) The Board will close a preliminary or final fitness determination as incomplete when:

(a) Circumstances change so that a person no longer meets the definition of a "subject individual" under OAR 855-010-0057;

(b) The subject individual does not submit materials or information within the time required under OAR 855-010-0060;

(c) The Board cannot locate or contact the subject individual;

(d) The subject individual fails or refuses to cooperate with the Board's attempts to acquire other criminal records information under OAR 855-010-0065; or

(e) The Board determines that the subject individual is not eligible or not qualified for the position of employee or volunteer, for a reason unrelated to the fitness determination process.

(f) The position is no longer open.

(2) A subject individual does not have a right to a contested case hearing under OAR 855-010-0080(2) or a right to an alternative appeals process under OAR 855-010-0080(6) to challenge the closing of a fitness determination as incomplete.

## 855-010-0080

### Appealing a Fitness Determination

(1) Purpose: Sections (2) to (5) of this rule set forth the contested case hearing process a subject individual must use to appeal a completed final fitness determination made under OAR 855-010-0065 that the individual is not fit to hold a position with, or provide services to the Board as an employee or volunteer. Section (6) of this rule identifies an alternative appeal process available only to current Board employees.

(2) Appeal process.

(a) To request a contested case hearing, the subject individual or the subject individual's legal representative must submit a written request for a contested case hearing to the address specified in the notice provided under OAR 855-010-0075. To be timely, the request must be received by the Board at the specified address within 14 calendar days of the date stated on the notice. The Board shall address a request received after expiration of the deadline as provided under OAR 137-003-0528.

(b) When a timely request is received by the Board under subsection (a), a contested case hearing shall be conducted by an administrative law judge assigned by the Office of Administrative Hearings, pursuant to the Attorney General's Uniform and Model Rules, "Procedural Rules, Office of Administrative Hearings" OAR 137-003-0501 to 137-003-0700, as supplemented by the provisions of this rule.

(3) Discovery. The Board or the administrative law judge may protect information made confidential by ORS 181.534(15) or other applicable law as provided under OAR 137-003-0570(7) or (8).

(4) No Public Attendance. Contested case hearings on fitness determinations are closed to non-participants.

(5) Proposed and Final Order:

(a) Proposed Order. After a hearing, the administrative law judge will issue a proposed order.

(b) Exceptions. Exceptions, if any, shall be filed within 14 calendar days after service of the proposed order. The proposed order shall provide an address to which exceptions must be sent.

(c) Default. A completed final fitness determination made under OAR 855-010-0065 becomes final:

(A) Unless the subject individual makes a timely request for a hearing; or

(B) When a party withdraws a hearing request, notifies the Board or the ALJ that the party will not appear, or fails to appear at the hearing.

(6) Alternative Process. A subject individual currently employed by the Board may choose to appeal a fitness determination either under the process made available by this rule or through a process made available by applicable personnel rules, policies and collective bargaining provisions. A subject individual's decision to appeal a fitness determination through applicable personnel rules, policies, and collective bargaining provisions is an election of remedies as to the rights of the individual with respect to the fitness determination and is a waiver of the contested case process made available by this rule.

(7) Remedy. The only remedy that may be awarded is a determination that the subject individual is fit or not fit. Under no circumstances shall the Board be required to place a subject individual in any position, nor shall the Board be required to accept services or enter into a contractual agreement with a subject individual.

(8) Challenging Criminal Offender Information. A subject individual may not use the appeals process established by this rule to challenge the accuracy or completeness of information provided by the OSP, the FBI, or agencies reporting information to the OSP or the FBI.

(a) To challenge information identified in this section of the rule, a subject individual may use any process made available by the agency that provided the information.

(b) If the subject individual successfully challenges the accuracy or completeness of information provided by the OSP, the FBI, or an agency reporting information to the OSP or the FBI, the subject individual may

request that the Board conduct a new criminal records check and re-evaluate the original fitness determination made under OAR 855-010-0065 by submitting a new Board Criminal Records Request form. This provision only applies if the position for which the original criminal history check was conducted is vacant and available.

(9) Appealing a fitness determination under section (2) or section (6) of this rule, challenging criminal offender information with the agency that provided the information, or requesting a new criminal records check and re-evaluation of the original fitness determination under section (8)(b) of this rule, will not delay or postpone the Board's hiring process or employment decisions.

### Licensure

Before licensure as a pharmacist, an applicant must meet the following requirements:

(1) Provide evidence from a school or college of pharmacy approved by the Board that they have successfully completed all the requirements for graduation and, starting with the graduating class of 2011, including not less than 1440 hours of School-based Rotational Internships as that term is defined in OAR 855-031-0005, and that a degree will be conferred;

(2) Pass the North American Pharmacist Licensure Examination (NAPLEX) exam with a score of not less than 75. This score shall remain valid for only one year unless the Board grants an extension. A candidate who does not attain this score may retake the exam after a minimum of 91 days except that a candidate who has failed the exam three times must wait at least one year before retaking the exam;

(3) Pass the Multistate Pharmacy Jurisprudence Examination (MPJE) exam with a score of not less than 75. The applicant may not take the MJPE until they have graduated from a school or college of pharmacy approved by the Board. A candidate who does not attain this score may retake the exam after a minimum of 30 days except that a candidate who has failed the exam three times must wait at least one year before retaking the exam. The MJPE score shall be valid for 6 months unless extended by the Board;

(4) Submit a completed application form that may be obtained from the Board office, and pay the fee specified in Division 110 of this chapter of rules.

### Delegation of Authority by Council

(1) The Chair and Director, with the approval of the Chair, may act on behalf of the Council for federal purposes and in all cases where immediate action is deemed necessary by the Chair and Director. All such actions shall be placed on the agenda for the next regular Council meeting for Council approval or ratification.

(2) All matters pertaining to the approval or deregistration of apprenticeship committees, standards, program sponsors, employers, training agents or apprentices must be ratified by the Council at its next meeting.

(3) Any standards referred back to local committees by the Council for revision may be approved by the Director when revised according to Council action.

### Definitions

(1) "Division" means the Apprenticeship and Training Division of the Bureau.

(2) "Employee" means any person employed or active in an applicable trade.

(3) "Local Committee" means any registered joint or trades apprenticeship or training committee approved by the Council.

(4) "State minimum guideline standards" means industry/trade benchmarks developed by a Council approved state committee and approved by the Council that represent the fundamental requirements necessary for entry into and completion of specific Council approved apprenticeship or training programs.

(5) "Registered program" means a local committee approved by the Council to operate an apprenticeship or training program in a specific occupation.

(6) "Registration of an Agreement" means the acceptance and recording of an apprentice or trainee agreement by the Division on behalf of the Council. Registration is evidence of the participation of the apprentice or trainee in a registered program.

(7) "Standards" means a written agreement submitted by a local committee and approved by the Council, which sets forth a plan containing all terms and conditions for the qualification, employment and training of apprentices or trainees as set forth in ORS 660.126 and 660.137.

(8) "Trainee" means any individual registered to a registered training program. For the purposes of these rules, all apprentice requirements apply to trainees unless otherwise noted.

(9) "Training agent" means an employer approved by a local committee to train apprentices and registered with the Division.

(10) "Training program" means any registered program of 2,000 on-the-job training hours or less. For the purposes of these rules, all apprenticeship requirements apply to training programs unless otherwise noted.

(11) "Traveling Training Agent" is an approved training agent working outside the geographic area where its primary place of business is located and registered by the Division.

(12) "Journeyworker" is a fully skilled practitioner who can work independently in a given trade or occupation in accordance with ORS 660.010(4). Generally, a skilled crafts person has a minimum of four years of verifiable trade-specific experience or has completed a state certified apprenticeship program in the applicable trade and holds a license where required.

### Approval of New Committees and Standards

(1) Additional committees or standards in an area already served by an existing committee in the same trade, craft or occupation shall be established in the same manner as any other local committee.

(2) All employers and their qualified employees shall be afforded the opportunity to participate, on a non-discriminatory basis, in existing programs.

(3) The Council and the Apprenticeship and Training Division of the Bureau of Labor and Industries will approve the creation of a new local committee or new standards for an existing committee only if the applicant for the new program or new standards can first demonstrate to the Council and the Apprenticeship and Training Division, by a preponderance of evidence, that the application is in conformity with the following requirements:

(a) The applicant shall submit documentation showing committee composition pursuant to ORS 660.135, .145.

(b) The applicant shall submit standards in a format approved by the Council that meet or exceed any existing statewide minimum guideline standards for the occupation. Where no state guideline standards exist, proposed standards shall meet or exceed national guideline standards approved by the federal Office of Apprenticeship. Where no state or national guideline standards exist, standards will be approved at the discretion of the Council and the Apprenticeship and Training Division when the proposed occupation is clearly identified and commonly recognized throughout an industry.

(c) The applicant shall submit an administration plan that includes:

(A) Written designation of the program administrator;

(B) Documented assurances that the committee will be adequately funded to support its administration and the presentation of related instruction;

(C) A written statement that details all costs to apprentices (including instruction, books, tuition); and

(D) Assurances that training agents and prospective training agents will be provided with a written statement of costs for program participation.

(d) The applicant must demonstrate the ability to track required on-the-job training, related and supplemental training and affirmative action information (i.e., work progress reports, apprentice/trainee rotation system, employer's apprentice/trainee evaluation forms, grading sheets, applicant logs) and provide the Council with copies of the forms and documents that will be used to track such information.

(e) The applicant shall submit a plan detailing how the committee will ensure that participating employers will provide work in all areas covered by the program standards (ORS 660.137(5)), including:

(A) Training in all counties listed in proposed geographical area;

(B) Training in all work processes set forth in the standards;

(C) Committee expectations of supervising journey workers and a plan for the supervision of apprentices/trainees in the ratio set forth in the standards (ORS 660.126(1)(c), (f));

(D) Training agent qualifications and duties (ORS 660.137(5)); and

(E) A plan for training participating employers on their duties and responsibilities.

(f) The applicant shall submit a complete related training curriculum, including instructor qualifications, class outlines and expected competencies, grading procedures and completion criteria. This submission shall include:

(A) An explanation of the curriculum delivery method and a description of the related training facilities;

(B) Certification of the curriculum and instructional delivery plan by either a state education certifying authority or nationally recognized industry association (ORS 660.137(2)(c), .126(1)(j), .157); and

(C) Assurances that classroom and related instruction can be delivered throughout the geographic area. The applicant must submit a contract or other documentation demonstrating that actual instructional resources are in place. The committee's geographic area must be one that can be reasonably served by the committee with respect to employers and the location of the related training services (ORS 660.126(1)(a)).

(g) The applicant must submit operating policies and procedures and assurances that the program will be operated in accordance with the same; and

(h) The applicant shall submit a plan to recruit, evaluate and select apprentice/trainee applicants, including an application form that meets Council requirements.

(4) All objections to the approval of a new committee or new standards shall be submitted to the Council in writing at the meeting where the application is being considered for approval, specifically detailing any objections to the application. Council may rule on the application and objections thereto at that time or grant the applicant 30 days after the Council meeting to submit a written rebuttal to the objections to the Director. Council shall direct the Director to investigate and evaluate the objections and rebuttal and to provide a report to Council within 45 days of receipt of the rebuttal statement. At the next Council meeting after the initial submission, Council shall either approve or deny the application and provide a specific written explanation for its actions.

(5) All new programs shall serve a probationary period of three years after Council approval. Failure to clearly demonstrate the ability to operate a satisfactory program during the probationary period, based upon periodic program reviews conducted by the Division, shall result in cancellation of the program by Council.

(6) Compliance reviews will be conducted during the probationary period pursuant to OAR 839-011-0145 unless the Council directs the Division to conduct reviews more frequently. Should the Council find operating deficiencies in the course of any such review, the program shall immediately take action to correct the deficiencies and submit a report to the Council explaining corrective measures taken within 90 days of the Council initial finding of deficiencies. If the committee has not corrected the deficiencies within the 90 day period, the Council shall dissolve the program at the next scheduled Council meeting.

### Registration of Apprenticeship Agreements

(1) The Council delegates registration of apprenticeship agreements to the Division and recognizes an agreement as registered when:

(a) It is on a form that has been approved pursuant to ORS 660.020 and issued by the Division;

(b) Information requested on the form as authorized by ORS 660.020 has been supplied by the apprentice. The requested information includes, but is not limited to the apprentice's Social Security Number for identification purposes;

(c) It has been signed by the apprentice and the local joint committee. Approval must be recorded as soon as possible at a committee meeting; and

(d) The agreement has been submitted to and received by a representative of the Division.

(2) The effective starting date of an apprenticeship in non-licensed trades shall be not more than ninety forty five (45) days prior to the date that a fully executed agreement is submitted to and received by a representative of the Division. In the licensed trades, the effective starting date of an apprenticeship shall not commence before a fully executed apprenticeship agreement is received by a representative of the Division, unless the committee has written authorization from the Division to issue an initial license and operates in accordance with the conditions of authorization.

(3) Local committees shall develop and implement a policy and procedures detailing the process for evaluating previous experience in a uniform manner and awarding advanced standing to new apprentices for on-the-job or related training.

(a) The committee may grant credit for prior experience for any time previously spent by the apprentice in the trade or occupation that the committee considers applicable to the work processes in the program standards.

(b) In licensed trades only lawfully obtained and documented experience that specifically applies to an Oregon license may be considered in granting credit for prior experience.

(4) All apprenticeship agreements will be maintained in the Division's main office.

## 839-011-0140

### Approval and Dissolution of Standards

(1) A local committee must submit new standards or revisions to previously approved standards, together with executed signature sheets and committee minutes to the Director at least 45 calendar days before the date of the next Council meeting pursuant to OAR 839-011-0030.

(2) Proposed standards and revisions must be in a form and format approved by Council that includes all elements specified in ORS 660.126. The Council may require additional information of committees pursuant to OAR 839-011-0084, including program administration and training plans.

(3) Standards in a form or format other than that approved by the Council and the Division may be accepted when they are part of the federal Office of Apprenticeship approved national pattern standards and are consistent with Federal Office of Apprenticeship regulations and guidelines, these rules and Council policies.

(4) With Council approval, local committees may charge applicants a reasonable non-refundable application fee. Such fees shall be stated in the standards as a minimum qualification for entry into the program. Committees shall be required to:

(a) Incorporate the payment of a non-refundable application fee into the minimum qualifications of the committee's standards. The standards shall also reflect that applicants with an income below 150% of the federal poverty guidelines may apply for a non-refundable application fee waiver. Federal poverty guidelines are established by the Federal Department of Health and Human Services and are recognized by the Oregon Adult and Family Services Division;

(b) Show that the non-refundable application fee results in no disparate impact and report annually to the Council whether disparate impact has been determined to result from the fees charged; and

(c) Show that the local committee experiences an extraordinary burden with respect to the administration of applications, i.e., beyond the ordinary course of conducting such procedures. Examples of an extraordinary burden are, but not limited to, development of specific entrance examinations, validation studies and extensive testing or interview procedures.

(5) Revised standards will supersede the committee's previous standards covering the same occupation.

(6) The Division will report any standards that apprentices have not been active in for two or more years to the Council for dissolution due to inactivity. Thereafter, new standards must be approved prior to registration of any new apprentices.

### Minimum Guideline Standards

The Council may approve minimum guideline standards for occupations it deems necessary.

(1) At its discretion, or upon petition by two or more local committees directly affected by minimum guideline standards, the Council will direct the Division to convene a state committee composed of members of local committees training in the occupation. Division staff will organize the meeting time and location, and contact all appropriate local committees.

(a) Each local joint committee training in the occupation may appoint no more than one employer and one employee representative (with alternates) to the state committee pursuant to OAR 839-011-0074. Notification of this action must be submitted to the Division in writing annually. Appointments will be valid only after written notice of the names of the appointees is received by the Division at least one (1) day before a scheduled state guideline committee meeting.

(b) The employer and employee members of local trades committees (and alternates) shall represent their respective occupations on the state committee pursuant to ORS 660.155(2).

(c) Only properly appointed representatives to the state guideline committee will be permitted to vote on issues before the State Guideline Committee.

(d) A quorum shall consist of 50% plus one of the total appointed local joint committee representatives; local trade committee representatives will be counted only if they are present at the state committee meeting. A quorum of the total appointed local committee representatives constituted pursuant to this rule may revise the quorum requirement for future state committee meetings, pending review and approval by the Council.

(e) Each state committee may adopt policies and procedures consistent with ORS 660 as it deems necessary for the orderly conduct of its meetings.

(2) The state committee will develop or revise minimum guideline standards in accordance with the needs of the industry and occupation. This committee shall establish minimum guidelines in the following standards areas:

(a) Minimum qualifications;

(b) Hours of employment;

(c) Maximum probationary period;

(d) Maximum ratio of apprentices to journey level workers;

(e) Minimum work processes and approximate hours; and

(f) Minimum related/supplemental instruction.

(3) New or revised minimum guideline standards shall be distributed to all local committees training in the occupation for review and comment prior to submission to the Council.

(a) Each local committee shall have not more than 30 days to present any written objections. This information shall be referred to the state committee for review.

(b) The state committee shall then prepare its final recommendations to the Council.

(c) If consensus is not reached by the state committee, a majority and minority report will be submitted to the Council for consideration.

(d) When majority and minority reports are submitted, the Council and the Division will take into consideration the geographic area covered by each participating committee as well as the number of apprentices served and the number of training agents affected.

(4) Total on-the-job training hours for a local committee may not fluctuate below the requirements dictated by minimum guideline standards. The variations must be within statutory limits governing the licensed occupations.

### Apprentice/Trainee Qualifications

(1) The Council and the Division shall evaluate proposed qualification standards or selection methods pursuant to the criteria set forth in Title 29 CFR Part 30, the Equal Employment Opportunity in Apprenticeship Plan noted in OAR 839-011-0200, the objectives expressed by the committee and/or sponsor, and such other factors as the Council and the Division may deem appropriate. Evaluation of proposed qualification standards or selection methods shall include an analysis of whether they would result in an adverse impact upon any protected class of applicants.

(2) The Council and the Division shall not consider proposed standards that contain any of the following requirements within their minimum qualifications:

(a) Physical ability to do the job, unless it specifically references a validated occupational requirement, such as lifting a sack of cement to a specified height;

(b) Any tests (including color tests) that do not meet the validity requirements under 41 CFR 60.3;

(c) A valid driver's license; or

(d) A medical exam.

(3) Standards submitted containing any of these requirements will not be placed on the Council agenda.

(4) The minimum qualifications section of the standards may include a note advising applicants that employers may require apprentices to meet additional lawful conditions of employment. These must be identified by employers and specified in the standards.

## 839-011-0143

### Ratio

(1) Registered apprentices shall only work for training agents registered to the same committee as the apprentice and must be supervised by journey workers in the same trade or occupation, except as provided in sections (5) and (6) below and employed by the same training agent employing the apprentice.

(2) The apprentice to journey level worker ratio for any registered program approved by the Council and the Division shall be clearly set forth in

# ADMINISTRATIVE RULES

the standards for the given occupation and must be specific as to application in terms of jobsite, workforce, department or plant.

(3) The maximum ratio of apprentices to journey level workers for an occupation covered by a state committee will be developed as part of the minimum guideline standards for the occupation. Requests for a less restrictive ratio from local committees will be referred to the state committee for evaluation of minimum guideline ratio.

(4) For occupations where a minimum guideline standard is not in place, local committees are expected to meet the following apprentice to journey level ratios:

(a) Construction trades: 1:1,1:3

(b) Industrial trades and fixed-site facilities: 1:1,1:2

(c) Other trades (non-traditional and new and emerging occupations): 1:1,1:1

(d) Committees wishing a less restrictive ratio must submit a request to the Council for consideration, along with information including but not limited to:

(A) Specific workforce demographics justifying a different ratio;

(B) Plan to monitor effects of ratio on the safety and continuity of employment for apprentices; and

(C) Comparison of completion rate to statewide average for occupation.

(5) In licensed trades, an apprentice must be supervised by a journey level worker holding the same or a higher license classification than the apprentice unless the Council has approved state guideline standards permitting a lower level of journey worker supervision.

(6) Electrical power line installers and repairers and linemen apprentices may work for training agents registered to other local joint committees in order to ensure that all work processes are fulfilled, pursuant to a written agreement between the apprentice, the local committees and both training agents.

(7) In limited situations, the Council may grant a training agent a short-term waiver of the established ratio for a given program, upon demonstration of extreme need. In no event shall an apprentice work without qualified journey worker supervision. Ratio waivers of less than 90 days must be requested by the committee on behalf of a training agent. Local committees are not authorized to grant temporary waivers to training agents. A temporary waiver of ratio may be granted under the following circumstances:

(a) Serious injury or illness of the journeyworker, where the journeyworker is expected to return to work in 90 days or less; or

(b) The sudden departure of a journeyworker from employment with the training agent for causes not attributable to the training agent. The employer is expected to replace the departing journeyworker within a reasonable amount of time and in no event shall this amount of time exceed ninety (90) days. The training agent must document its efforts to replace journey level workers which may include, but shall not be limited to:

(A) Copies of job orders;

(B) Classified advertising placed, including a posting of the journey wage rate offered; and

(C) Job orders placed with the Oregon Employment Division.

(8) The lack of available qualified or licensed journeyworkers shall not be a valid reason for granting a temporary ratio waiver.

(9) The Council may authorize the Director to grant or deny waivers as set forth above on an interim basis. Such action taken by the Director must be submitted to the Council for ratification at its next meeting after interim approval or denial has been made.

## 839-011-0145

### Compliance Reviews

(1) All committees are subject to periodic reviews of program operation and affirmative action activities.

(2) The Division shall develop and maintain a review schedule that identifies programs scheduled for review, the type of review to be conducted and the time period to be evaluated.

(3) The Program Operation Compliance Review will evaluate program operation and administration.

(a) New committees will receive a Program Operation Compliance Review annually for the first three years of operation, unless otherwise directed by the Council.

(b) After the first three (3) years, committees found in compliance will receive a Program Operation Compliance Review every three (3) years.

Committees maintaining a completion rate of at least 70% for all standards during the three (3) previous consecutive years will receive a Program Operation Compliance Review every five (5) years.

(4) The Affirmative Action Compliance Review will evaluate outreach, recruitment, and selection activities.

(a) Committees with five or more apprentices registered to a single standard during the previous three years will receive an annual Affirmative Action Compliance Review.

(b) Training agents who select their own apprentices in accordance with the committee's approved selection procedure will receive a separate annual Affirmative Action Compliance Review.

(5) Additional reviews may be scheduled if

(a) The Director has a reasonable belief that such reviews are prudent and in the best interest of apprenticeship;

(b) Complaints have been received that the program is not operating in compliance; or

(c) At the Council's direction.

(6) Committees found out of compliance will be required to appear at the next meeting of the appropriate Council subcommittee.

(7) All reviews shall be reported on a form and in a format approved by the Council. Upon review of compliance reports, the Council shall take action including but not limited to the following:

(a) Approve the report;

(b) Refer the report back for further clarification;

(c) Extend the review period for up to six (6) months;

(d) Order a probationary period including more frequent and detailed program reviews;

(e) Direct compliance and/or corrective action accordingly;

(f) Impose sanctions;

(g) Deregister the committee and/or standards for non-compliance; or

(h) Any other action as directed by the Council and the Division.

### Plumber Apprentices — Phased Supervision

(1) The Division shall issue plumbing apprentice licenses to active apprentices or trainees registered to standards approved by the Council. Apprentice license formats shall be jointly agreed to by the Division and the Oregon Building Codes Division.

(2) All apprentices and trainees must be directly supervised in accordance with OAR 839-011-0143, unless approved for phased supervision.

(3) Pursuant to OAR 918-695-0140, a local committee may take action to permit plumbing apprentices to work under phased supervision under the following circumstances:

(a) The plumber apprentice must work in the physical presence of an appropriate journey level plumber; and

(b) An appropriate journey level plumber present at the immediate work site at all times, except for not more than a cumulative thirty (30) minutes during any work shift during which time the journeyworker is immediately available by voice communication.

(4) The plumber apprentice may work under phased supervision when the following specific conditions are met:

(a) The appropriate journeyworker is immediately available to the apprentice by voice communication (immediately available means that the apprentice can reach the appropriate journeyworker within a 15-minute period);

(b) The appropriate journeyworker meets with the apprentice at least once each day to go over the work done by the apprentice;

(c) The activity is consistent with the committee's work requirements as established in its written policy;

(d) There is only one apprentice on the job site; and

(e) The apprentice has been specifically approved for one (1) or more of the following phases:

(A) Phase 1: The apprentice only engages in water heater replacement or conversion after completing at least six (6) months of work experience, eight (8) hours of related instruction and is evaluated and authorized to do this type of work by the committee;

(B) Phase 2: The apprentice engages in work covered in Phase 1 and minor repairs in a one (1) or two (2) family dwelling after completion of three (3) periods of work experience, the appropriate related instruction for three (3) periods and is evaluated and authorized to do this type of work by the committee;

# ADMINISTRATIVE RULES

(C) Phase 3: The apprentice engages in work covered in Phase 1 and 2, and general repairs and replacement of existing installations after completion of four (4) periods of work experience, the appropriate related instruction for four (4) periods and is evaluated and authorized to do this type of work by the committee; or

(D) Phase 4: The apprentice engages in work covered in Phase 1, 2 and 3, and new or remodel installations after completing five (5) periods of work experience, the appropriate related instruction for five (5) periods and is evaluated and authorized to do this type of work by the committee.

(5) Phased supervision licenses will be issued by the Division upon notification of committee approval and reissued for the duration of the program unless the committee takes action to rescind approval.

## Columbia River Gorge Commission Chapter 350

**Rule Caption:** Temporary Rule Revising Dates for development Review Decisions.

**Adm. Order No.:** CRGC 2-2011(Temp)

**Filed with Sec. of State:** 6-16-2011

**Certified to be Effective:** 6-16-11 thru 10-12-11

**Notice Publication Date:**

**Rules Amended:** 350-081-0036, 350-081-0042, 350-081-0054

**Subject:** Currently, the Executive Director of the Gorge Commission must review a development review application for completeness within 14 days after receiving it, and must issue a decision on a standard development review application within 72 days after accepting the application as complete and an expedited review application within 30 days. This temporary rule changes those time periods into goals that the Executive Director will attempt to make.

**Rules Coordinator:** Nancy A. Andring—(509) 493-3323, ext. 221

### 350-081-0036

#### Acceptance of Application

The Executive Director shall review the application for completeness and if complete, shall accept the application for review.

(1) No application shall be accepted until all documented omissions and deficiencies have been corrected by the applicant. The Executive Director shall notify the applicant of all omissions and deficiencies in writing. The Executive Director shall review supplemental application materials to determine if the application is complete.

(2) No application for a proposed use, which is explicitly prohibited by this ordinance, shall be accepted.

(a) The application shall be returned to the applicant.

(b) A letter, signed by the Executive Director, stating that the proposed use is prohibited and citing the guideline which explicitly prohibits the proposed use, shall be sent to the applicant.

(c) Issuance of this letter shall not prohibit the applicant from appealing the decision pursuant to 350-70.

(3) As a goal, the Executive Director shall attempt to accept the application as complete or notify the applicant of omissions and deficiencies within 14 days of receipt of the application. The Executive Director shall attempt to review supplemental materials within 14 days of receipt. The 14-day time periods in this rule are effective retroactively to all development review applications that have been submitted to the Commission and for which the Executive Director has not made a decision.

### 350-081-0042

#### Decision of the Executive Director

(1) In making a decision on a proposed use or development the Executive Director shall:

(a) Consult with the applicant and such agencies as the Executive Director deems appropriate;

(b) Consider information submitted by the applicant and all other relevant information available;

(c) Consider all comments submitted pursuant to Commission Rule 350-81-040; and

(d) Solicit and consider the comments of the Forest Service.

(2) The Executive Director shall approve a proposed use or development only if it is consistent with the standards of section 6 and the purposes of P.L. 99-663 and Commission Rule 350-81.

(a) In approving a proposed development action, the Executive Director may impose conditions as necessary to ensure consistency with the guidelines of Commission Rule 350-81.

(b) Conditions attached to approval of a proposed development action shall be recorded in county deeds and records to ensure notice of the conditions to successors in interest. The Executive Director's decision shall include this requirement.

(3) The Executive Director shall issue a decision on a proposed use or development including findings of fact and conclusions of law and any conditions to ensure consistency with the standards of section 6 and the purposes of P.L. 99-663 and Commission Rule 350-81. As a goal, the Executive Director shall attempt to issue a decision within 72 days after acceptance of the application.

(4) The Executive Director shall send a copy of the decision to the applicant, the Forest Service, the applicable state, the four Indian tribal governments, the applicable county and/or city and each person who submitted comments under Commission Rule 350-81-040. The decision shall set forth the rights of appeal under Commission Rule 350-70.

(5) The decision of the Executive Director shall be final unless a Notice of Appeal is filed in accordance with Commission Rule 350-70. An applicant who chooses to proceed with an approved development during the appeal period shall assume all associated risks and liabilities.

(6) The 72-day time period in this rule is effective retroactively to all development review applications that have been submitted to the Commission and for which the Executive Director has not made a decision.

#### Procedures for Expedited Review Process

(1) Applications

(a) Prior to initiating any use or development which requires review and approval by the Executive Director, an application shall be completed pursuant to 350-81-054.

(b) The Executive Director shall accept and review the application pursuant to 350-81-054 for consistency with the appropriate guidelines of this rule.

(c) The Commission may charge a fee for review of applications after a public hearing. The Gorge Commission shall set the fee.

(d) Standard application forms shall be available at the Commission Office, and shall be provided to county and city planning offices for which this ordinance is effective and the Forest Service.

(e) Applications for uses eligible for expedited review shall include the information required for review uses listed in 350-81-032(5). They shall also include elevation drawings if the proposed development would be visible from a key viewing area. The drawing shall show natural grade and finished grade.

(2) Acceptance of Application

(a) The Executive Director shall review the application for completeness, and if complete, shall accept the application for review.

(b) No application shall be accepted until all documented omissions and deficiencies have been corrected by the applicant. The Executive Director shall notify the applicant of all omissions and deficiencies in writing. The Executive Director shall review supplemental application materials to determine if the application is complete.

(c) As a goal, the Executive Director shall attempt to accept the application as complete or notify the applicant of omissions and deficiencies in writing within 14 days of receipt of the application. The Executive Director shall attempt to review supplemental application materials within 14 days of receipt of the materials.

(3) Notice of Development Review

(a) Within 7 days of the acceptance of an application, the Executive Director shall issue notice of a proposed development review. The notice shall provide the following information:

(A) The name of the applicant;

(B) The general and specific location of the subject property;

(C) A brief description of the proposed action;

(D) The deadline for rendering a decision; and

(E) The deadline for filing comments on the proposed action.

# ADMINISTRATIVE RULES

(b) The notice shall state that the application and supporting documents are available for inspection at the Commission office during normal working hours.

(c) The notice shall state the applicant must comply with all applicable local, state, and federal laws.

(d) The notice shall be mailed to the Forest Service, the four Indian tribal governments, applicable county or city planning office(s), libraries and other agencies and interested parties that request a notice or that the Executive Director determines should be notified.

(e) A copy of the notice shall be filed in the records of the Commission.

(4) Comment Period: Any interested person or party shall submit written comments within 10 days from the date a notice is sent.

(5) Written Decision

(a) In making a decision on a proposed use or development the Executive Director shall:

(A) Consult with the applicant and such agencies as the Executive Director deems appropriate;

(B) Consider information submitted by the applicant and all other relevant information available;

(C) Consider all comments submitted pursuant to 350-81-054(4); and

(D) Solicit and consider the comments of the Forest Service.

(b) The Executive Director shall approve a proposed use or development only if it is consistent with the standards of section 6 and the purposes of P.L. 99-663 and Commission Rule 350-81.

(A) In approving a proposed development action, the Executive Director may impose conditions as necessary to ensure consistency with the guidelines of Commission Rule 350-81.

(B) Conditions attached to approval of a proposed development action shall be recorded in county deeds and records to ensure notice of the conditions to successors in interest. The Executive Director's decision shall include this requirement.

(c) The Executive Director shall issue a decision on a proposed use or development including findings of fact and conclusions of law and any conditions to ensure consistency with the standards of section 6 and the purposes of P.L. 99-663 and Commission Rule 350-81. As a goal, the Executive Director shall attempt to issue a decision within 30 days after acceptance of the application.

(d) The decision of the Executive Director shall be final unless a Notice of Appeal is filed in accordance with Commission Rule 350-70. An applicant who chooses to proceed with an approved development during the appeal period shall assume all associated risks and liabilities.

(6) Notice of Decision and Opportunity to Appeal

(a) The Executive Director shall send a copy of a decision issued under the expedited review process to the four Indian tribal governments, the Forest Service, landowners within 200 feet of the perimeter of the subject parcel, and anyone who submitted comments pursuant to 350-81-054(4).

(b) Any person shall be allowed to appeal a decision issued under the expedited review process in accordance with Commission Rule 350-70.

(7) Expiration of Approvals. Approvals issued under the expedited review process shall expire in accordance with the standards for expiration of approvals for review uses (Commission Rule 350-81-044, above).

(8) Changes or Alterations to an Approved Action. Changes or alterations to an approval issued under the expedited review process shall be made in accordance with the standards for changes or alterations to approved actions for review uses (Commission Rule 350-81-046, above).

### Schedule of Penalties

The agency may assess penalties, not to exceed the amounts shown in the following guidelines:

(1) \$600 for advertising or submitting a bid to do work as a contractor in violation of ORS 701.026 and OAR 812-003-0120, which may be reduced to \$200 if the respondent becomes licensed or to \$50 if the advertisement or bid is withdrawn immediately upon notification from the agency that a violation has occurred and no work was accepted as a result of the advertisement or bid; and

(2) \$700 per offense without possibility of reduction for advertising or submitting a bid to do work as a contractor in violation of ORS 701.026 and OAR 812-003-0120, when one or more previous violations have occurred, or when an inactive, lapsed, invalid, or misleading license number has been used; and

(3) \$1,000 per offense for performing work as a contractor in violation of ORS 701.026 when the Board has no evidence that the person has worked previously without having a license and no consumer has suffered damages from the work, which may be reduced to \$700 if the respondent becomes licensed within a specified time; and

(4) \$5,000 per offense for performing work as a contractor in violation of ORS 701.026, when an owner has filed a complaint for damages caused by performance of that work, which may be reduced to \$700 if the contractor becomes licensed within a specified time and settles or makes reasonable attempts to settle with the owner.

(a) A "complaint for damages" as used in section (4) of this rule includes, but is not limited to:

(A) A Construction Contractors Board Dispute Resolution Services (DRS) complaint; or

(B) A letter to Construction Contractors Board indicating that a citizen has been damaged by the contractor; and

(5) \$5,000 per offense for performing work as a contractor in violation of ORS 701.026, when one or more violations have occurred, or when an inactive, lapsed, invalid, or misleading license number has been used; and

(6) \$500 per offense for failure to respond to the agency's request for the list of subcontractors required in ORS 701.345; and

(7) \$1,000 per offense for hiring a unlicensed subcontractor; and

(8) For failing to provide an "Information Notice to Owners about Construction Liens" as provided in ORS 87.093, when no lien has been filed, \$200 for the first offense, \$400 for the second offense, \$600 for the third offense, \$1,000 for each subsequent offense. Any time a lien has been filed upon the improvement, \$1,000.

(9) Failure to include license number in advertising or on contracts, in violation of OAR 812-003-0120: First offense \$100, second offense \$200, subsequent offenses \$400.

(10) Failure to list with the Construction Contractors Board a business name under which business as a contractor is conducted in violation of OAR 812-003-0260: First offense \$50, second offense \$100, subsequent offenses \$200.

(11) Failure to notify the Construction Contractors Board of a new or additional business name or personal surname (for sole proprietors) under which business as a contractor is conducted, in violation of OAR 812-003-0320: First offense warning, second offense \$50, subsequent offenses \$200.

(12) Failing to use a written contract as required by ORS 701.305: \$500 for the first offense; \$1,000 for the second offense; and \$5,000 for subsequent offenses.

(13) Violation of OAR 812-012-0130(1), failure to provide a Consumer Notification form; \$100 first offense; \$500 second offense; \$1,000 third offense; and \$5,000 for subsequent offenses. Civil penalties shall not be reduced unless the agency determines from clear and convincing evidence that compelling circumstances require a suspension of a portion of the penalty in the interest of justice. In no event shall a civil penalty for this offense be reduced below \$100.

(14) Failure to conform to information provided on the application in violation of ORS 701.046(4), issuance of a \$5,000 civil penalty, and sus-

pension of the license until the contractor provides the agency with proof of conformance with the application and the terms of the application.

(a) If the violator is a limited contractor or residential limited contractor working in violation of the conditions established pursuant to OAR 812-003-0130 or 812-003-0131, the licensee shall be permanently barred from licensure in the limited contractor category or residential limited contractor endorsement.

(b) If the violator is a licensed developer, residential developer or commercial developer working in violation of the conditions established pursuant to ORS 701.005(3), (6) or (13) or 701.042, the licensee shall be permanently barred from licensure in the licensed developer category or residential developer or commercial developer endorsement.

(15) Knowingly assisting an unlicensed contractor to act in violation of ORS chapter 701, \$1,000.

(16) Failure to comply with any part of ORS chapters 316, 656, or 657, 701.035, 701.046 or 701.091, as authorized by ORS 701.106, \$1,000 and suspension of the license until the contractor provides the agency with proof of compliance with the statute.

(17) Violating an order to stop work as authorized by ORS 701.225(3), \$1,000 per day.

(18) Working without a construction permit in violation of ORS 701.098, \$1,000 for the first offense; \$2,000 and suspension of CCB license for three (3) months for the second offense; \$5,000 and permanent revocation of CCB license for the third and subsequent offenses.

(19) Failure to comply with an investigatory order issued by the Board, \$500 and suspension of the license until the contractor complies with the order.

(20) Violation of ORS 701.098(1)(k) by engaging in conduct as a contractor that is dishonest or fraudulent and injurious to the welfare of the public: first offense, \$1,000, suspension of the license or both; second and subsequent offenses, \$5,000, per violation, revocation or suspension of the license until the fraudulent conduct is mitigated in a manner satisfactory to the agency or both.

(21) Engaging in conduct as a contractor that is dishonest or fraudulent and injurious to the welfare of the public by:

(a) Not paying prevailing wage on a public works job; or

(b) Violating the federal Davis-Bacon Act; or

(c) Failing to pay minimum wages or overtime wages as required under state and federal law; or

(d) Failing to comply with the payroll certification requirements of ORS 279C.845; or

(e) Failing to comply with the posting requirements of ORS 279C.840: \$1,000 and suspension of the license until the money required as wages for employees is paid in full and the contractor is in compliance with the appropriate state and federal laws.

(22) Violation of ORS 701.098(1)(k) by engaging in conduct as a contractor that is dishonest or fraudulent and injurious to the welfare of the public, as described in subparagraphs (19) or (20), where more than two violations have occurred: \$5,000 and revocation of the license.

(23) When, as set forth in ORS 701.098(1)(h), the number of licensed contractors working together on the same task on the same job site, where one of the contractors is licensed exempt under ORS 701.035(2)(b), exceeded two sole proprietors, one partnership, or one limited liability company, penalties shall be imposed on each of the persons to whom the contract is awarded and each of the persons who award the contract, as follows: \$1,000 for the first offense, \$2,000 for the second offense, six month suspension of the license for the third offense, and three-year revocation of license for a fourth offense.

(24) Performing home inspections without being an Oregon certified home inspector in violation of OAR 812-008-0030(1): \$5,000.

(25) Using the title Oregon certified home inspector in advertising, bidding or otherwise holding out as a home inspector in violation of OAR 812-008-0030(3): \$5,000.

(26) Failure to conform to the Standards of Practice in violation of OAR 812-008-0202 through 812-008-0214: \$750 per offense.

(27) Failure to conform to the Standards of Behavior in OAR 812-008-0201(2)-(8): \$750 per offense.

(28) Offering to undertake, bidding to undertake or undertaking repairs on a structure inspected by an owner or employee of the business entity within 12 months following the inspection in violation of ORS 701.355: \$5,000 per offense.

(29) Failure to include certification number in all written reports, bids, contracts, and an individual's business cards in violation of OAR 812-008-0201(4): \$400 per offense.

(30) Violation of work practice standards for lead-based paint (LBP) activity pursuant to OAR 812-007-0140 or 812-007-0240 first offense, \$1,000; second offense, \$3,000; and third offense, \$5,000 plus suspension of license for up to one year. The civil penalty is payable to the Construction Contractors Board LBP Activities Fund as provided in ORS 701.995 and OAR 812-007-0025.

(31) Violation of work practice standards for LBP renovation pursuant to OAR 812-007-0340 or violation of recordkeeping and reporting requirements pursuant to OAR 333-070-0110: first offense, \$1,000; second offense, \$3,000; and third offense, \$5,000 and suspension of the certified LBP renovation contractor license for up to one year. The civil penalty is payable to the Construction Contractors Board LBP Activities Fund as provided in ORS 701.995 and OAR 812-007-0025.

(32) Violation of OAR 812-007-0100, 812-007-0200 or 812-007-0300: first offense, \$1,000; second offense, \$3,000; and third offense, \$5,000. The civil penalty is payable to the Construction Contractors Board Lead-Based Paint (LBP) Activities Fund as provided in ORS 701.995 and OAR 812-007-0025.

(33) Violation of ORS 279C.590:

(a) Imposition of a civil penalty on the contractor of up to ten percent of the amount of the subcontract bid submitted by the complaining subcontractor to the contractor or \$15,000, whichever is less; and

(b) Imposition of a civil penalty on the contractor of up to \$1,000; and

(c) Placement of the contractor on a list of contractors not eligible to bid on public contracts established to ORS 701.227(4), for a period of up to six months for a second offense if the offense occurs within three years of the first offense.

(d) Placement of the contractor on a list of contractors not eligible to bid on public contracts established to ORS 701.227(4), for a period of up to one year for a third or subsequent offense if the offense occurs within three years of the first offense.

(34) Violation of ORS 701.315, inclusion of provisions in a contract that preclude a homeowner from filing a breach of contract complaint with the Board: \$1,000 for the first offense, \$2,000 for the second offense, and \$5,000 for the third and subsequent offenses.

(35) Violation of ORS 701.345, failure to maintain the list of subcontractors: \$1,000 for the first offense; \$2,000 for the second offense, and \$5,000 for the third and subsequent offenses.

(36) Violation of 701.098(1)(e), knowingly providing false information to the Board: \$1,000 and suspension of the license for up to three months for the first offense; \$2,000 and suspension of the license for up to one year for the second offense; and \$5,000 and permanent revocation of license for the third offense.

(37) Failing to provide a written contract with the contractual terms provided by ORS 701.305 or OAR 812-012-0110: \$200 for the first offense; \$500 for the second offense; and \$1,000 for subsequent offenses.

(38) Working while the license is suspended if the licensee was required to provide an increased bond under ORS 701.068(5), 701.068(6), or OAR 812-003-0175: revocation.

(39) Working while the license is suspended for any violation of ORS 701.098(4)(a)(A) or ORS 701.098(4)(a)(B): \$5,000 for first offense, and revocation for second or subsequent offense.

(40) Working while the license is suspended for any reason except as otherwise provided for by this rule: revocation.

(41) Failure to comply with ORS 701.106(1)(a): \$1,000 for the first offense, \$5,000 for the second offense; \$5,000 and permanent revocation of CCB license for the third offense.

### Minimum Continuing Education Requirements — Continuing Education for Residential Contractors

(1) Residential contractors, other than residential limited contractors, shall have an owner, officer, RMI or employee, or a combination of those persons, who complete a minimum of 16 hours of continuing education every license period as described in sections (3) and (4).

(2) Residential limited contractors shall have an owner, officer, RMI or employee, or a combination of those persons, who complete:

(a) A minimum of eight hours of continuing education as described in subsection (3)(a), for license renewals on or after October 1, 2011, and before October 1, 2013;

(b) A minimum of eight hours of continuing education, for license renewals on or after October 1, 2013 as follows:

- (A) Five core hours as described in subsection (4)(a); and
- (B) Three elective hours as described in OAR 812-021-0019.

(3) For a residential contractor renewing on or after October 1, 2011 and before October 1, 2013 continuing education hours shall consist of the following:

(a) Eight core hours consisting of the following:

(A) Three hours of BEST offered by the agency or an approved provider;

(B) Two hours of education on one or more building codes or on "green" or sustainable building practices offered by:

(i) A provider approved by the agency; or

(ii) A provider offering a building codes course completed by the contractor on or before June 30, 2012, and approved by the Oregon Department of Consumer and Business Services, Building Codes Division, or the International Codes Council; and

(C) Three hours of education on laws, regulations, and business practices offered by the agency.

(b) Eight elective hours which may be satisfied by completing additional core hours or by completing other construction related courses or as otherwise set forth in OAR 812-021-0019.

(c) For contractors renewing on or after October 1, 2009, and before October 1, 2011, education completed on or after July 1, 2009, shall be considered education obtained during the license period.

(4) For a residential contractor renewing on or after October 1, 2013, continuing education hours shall consist of the following:

(a) Five core hours consisting of the following:

(A) Two hours of education on one or more building codes or on "green" or sustainable building practices offered by a provider approved by the agency; and

## 812-021-0028

### Course Approval, Standards, Fees and Renewal for Core — Continuing Education for Residential Contractors

(1) The agency will approve courses that provide training in BEST, building codes, or “green” or sustainable building practices.

(2) Approved courses may be offered as an individual course or as part of a comprehensive curriculum.

(3) A provider seeking approval of its courses must submit the following:

(a) Course name, course description, objectives of the offered course, and number of hours of continuing education credit;

(b) A written description of the course educator’s credentials;

(c) Copies of the course materials provided to registrants as described in section (4)(b);

(d) Cost of the offered course(s) to registrant;

(e) For live classes and classes held in real-time:

(A) Anticipated date, time, place of the course; and

(B) Number of registrants that each course can accommodate;

(f) For self-study courses:

(A) Anticipated date when the course will first be offered;

(B) Description of provider’s procedures to answer student questions;

and

(C) The length of time a student has to complete the course and receive credit; and

(g) A non-refundable fee of \$50 per credit hour submitted for approval.

(4) To meet minimum standards for course approval, the provider must:

(a) Submit the course syllabus describing the course objectives and content on BEST, building codes, or “green” or sustainable building practices, as appropriate;

(b) Have written materials for each registrant of sufficient explanation and quality to provide information about the subject of BEST, building codes, or “green” or sustainable building practices, as appropriate; and

(c) Have no attendance restrictions except for payment of money or membership in the provider organization.

(5) Providers seeking to offer BEST must offer training substantially equivalent to criteria established by the agency.

(6) Course approval will be valid for two (2) years from the date the course is approved by the agency.

(7) Providers must re-submit application and fees under this section for renewal of approval. Renewal of approval will be subject to the same requirements as initial approval.

# ADMINISTRATIVE RULES

## 812-004-0001

### Application of Rules

(1) The rules in division 4 of OAR chapter 812 apply to a complaint involving work on a residential structure or an appurtenance to the structure and any other complaint filed under ORS 701.145 before July 1, 2011.

(2) Except as provided in section (4) of this rule, the following rules apply to a complaint involving work on a large commercial structure or an appurtenance to the structure and any other complaint filed under ORS 701.146:

- (a) OAR 812-004-0001 through 812-004-0240;
- (b) OAR 812-004-0260 through 812-004-0320;
- (c) OAR 812-004-0340, except 812-004-0340(2)(c), (2)(i) and (8);
- (d) OAR 812-004-0420;
- (e) OAR 812-004-0520; and
- (f) OAR 812-004-0550 through 812-004-0600.

(3)(a) Except as provided in subsection (3)(b) of this rule, the rules that apply to a complaint involving work on a residential structure under section (1) of this rule apply to a complaint involving work on a small commercial structure or an appurtenance to the structure.

(b) The rules that apply to the complaint involving work on a large commercial structure under section (2) of this rule apply to a complaint involving work on a small commercial structure or an appurtenance to the structure if the complainant files the complaint under ORS 701.146.

(4) The rules that apply to a complaint involving work on a residential structure under section (1) of this rule apply to a complaint involving work on a large commercial structure or an appurtenance to the structure if:

- (a) The complaint is filed by the owner of the structure;
- (b) The total contract for the work is \$25,000 or less; and
- (c) The complainant files the complaint under ORS 701.145.

### Complaint Processing Fee; Waiver of Fee

(1) The complaint processing fee authorized under ORS 701.133 is \$50 for a complaint filed under ORS 701.145. There is no complaint processing fee for a complaint filed under ORS 701.146.

(2) The agency must collect the processing fee under OAR 812-004-1400.

(3) A complainant may request that the agency waive the complaint processing fee described in section (1) of this rule by submitting a properly executed waiver request. The waiver request must be submitted on a form provided by the agency.

(4) The agency may waive the complaint processing fee if the waiver request submitted by the complainant shows that:

- (a) The complainant is an individual;
- (b) The complainant has no significant assets except the home that is the subject of the complaint and one automobile; and
- (c) The complainant's gross income does not exceed the 2011 Department of Health and Human Services Poverty Guidelines published in the Federal Register, Vol. 76, No. 13, January 20, 2011, pp. 3637-3638.

(5) A complainant, who requests a waiver of the complaint processing fee under section (3) of this rule, must certify that the information on the request is true.

(6) The agency may require that the complainant pay a complaint processing fee of \$97 if the agency finds that the complainant provided false information on a request for a waiver of the complaint processing fee submitted under section (3) of this rule.

### Closing a Complaint

(1) The agency may close a complaint because:

(a) The complainant did not act in response to a request from the agency;

(b) The complaint is not the type of complaint that the agency has jurisdiction to determine under ORS 701.140;

(c) The complaint was not filed within the time allowed under ORS 701.143;

(d) The complainant failed to pay the complaint processing fee as required under OAR 812-004-1110 and 812-004-1400;

(e) The complaint contains a mediation or arbitration agreement that the complainant has not waived;

(f) The complainant does not comply with the on-site meeting requirements as provided in OAR 812-004-1450(2);

(g) The complainant and respondent settle the complaint as provided in OAR 812-004-1500;

(h) The complainant does not, within 30 days of the date of completion of the settlement agreement, notify the agency whether the terms of the settlement agreement have been fulfilled;

(i) The complainant fails to provide documents to the agency as required by OAR 812-004-1520; or

(j) The agency does not timely receive evidence of a stay or counter-suit on a construction lien complaint, as provided in OAR 812-004-1530.

(2) The agency may close a complaint under section (1) of this rule if the agency notifies the complainant that complainant must provide information or that complainant must comply with an agency rule and that:

(a) Failing to respond to the agency's request may result in closing the complaint; and

(b) Closing the complaint will prevent access to the bond, letter of credit or cash deposit.

(3) The agency may not close the complaint sooner than 14 days after giving the notice required in subsection (2) of this rule.

(4) The agency may, within 60 days after closing a complaint, reopen a complaint closed under section (1) of this rule if the complainant did not

comply with the agency's request or failed to comply with an agency rule due to excusable neglect by the complainant. The agency may reopen the complaint after receiving evidence supporting reopening the complaint.

(5) The agency's determination to close a complaint is an order in other than a contested case.

(6) The agency's determination to close a complaint is subject to judicial review under ORS 183.484.

(7) A party must file a motion for reconsideration of the agency's determination to close a complaint before seeking judicial review of the order.

### Filing Date of Complaint

(1) Except as provided under section (3) of this rule, a complaint filed with the agency under ORS 701.139 is deemed to have been filed when a complaint is received by the agency that:

(a) Meets the requirements of OAR 812-004-1340(1) and (2)(m); and

(b) Contains information sufficient to identify the complainant and respondent.

(2) The agency must return a complaint that does not meet the requirements of section (1) of this rule to the person who submitted the complaint.

(3) If the agency returns a complaint to a person under section (2) of this rule because the person did not meet the requirements of OAR 812-004-1340(2)(m) related to pre-complaint notice, that person may resubmit the complaint with the required evidence. If the resubmitted complaint satisfies the agency that the person met the requirements under OAR 812-004-1340(2)(m) before the agency received the original complaint, the complaint is deemed to have been filed on the date the complaint was first received by the agency.

(4) A complaint that does not fully comply with the requirements of OAR 812-004-1340 is subject to OAR 812-004-1350.

(5) The date of filing of a complaint submitted to the agency for processing under ORS 701.146 is the date when the complainant complies with ORS 701.133(1) and 701.146(2).

### Jurisdictional Requirements

(1) A complaint must be of a type described under ORS 701.140.

(2) A complaint must be filed with the agency within the time allowed under ORS 701.143.

(3) A complaint will be processed only against a licensed entity. Whether a respondent is licensed for purposes of this section must be determined as follows:

(a) For an owner, primary contractor or subcontractor complaint, the respondent will be considered licensed if the respondent was licensed during all or part of the work period.

(b) For a material complaint, the respondent will be considered licensed if one or more invoices involve material delivered while the respondent was licensed. A surety company or financial institution is only liable for payments for material delivered within the period of time that the respondent was licensed.

(c) For an employee or employee trust complaint, the respondent will be considered licensed if the respondent was licensed on one or more days that the complainant, or the employee that is the subject of the trust, performed work that was not paid for. A surety company or financial institution is only liable for payments for unpaid wages or benefits provided on days on which the respondent was licensed.

(4)(a) The complainant must have been properly licensed at the time the bid was made or the contract was entered into and must have remained licensed continuously throughout the work period if:

(A) The work at issue in the complaint requires that the complainant be licensed under ORS 701.021 in order to perform the work; and

(B) The complaint does not arise from defects, deficiencies or inadequate performance of construction work.

(b) As used in section (4) of this rule, "properly licensed" means the complainant:

(A) Had a current valid license issued by the agency and was not on inactive status;

(B) Was licensed for the type of work at issue in the complaint;

(C) Complied with the requirements of ORS 701.035 and OAR 812-003-1250 as they applied to the complainant's license status as an "exempt" or "nonexempt" contractor; and

(D) Complied with any other requirements and restrictions on the complainant's license.

(5) Complaints will be accepted only when one or more of the following relationships exist between the complainant and the respondent:

(a) A direct contractual relationship based on a contract entered into by the complainant and the respondent, or their agents;

(b) An employment relationship or assigned relationship arising from a Bureau of Labor and Industries employee claim;

(c) A contract between the complainant and the respondent providing that the complainant is a trustee authorized to receive employee benefit payments from the respondent for employees of the respondent; or

(d) A real estate purchase conditioned upon repairs made by the respondent.

(6) Complaints will be accepted only for work performed within the boundaries of the State of Oregon or for materials or equipment supplied or rented for fabrication into or use upon structures located within the boundaries of the State of Oregon.

(7) The agency may refuse to process a complaint or any portion of a complaint that includes an allegation of a breach of contract, negligent or improper work or any other act or omission within the scope of ORS 701.140 that is the same as an allegation contained in a complaint previously filed by the same complainant against the same respondent, except that the agency may process a complaint that would otherwise be closed if the previously filed complaint was:

(a) Withdrawn before the on-site meeting;

(b) Closed without a determination on the merits before the on-site meeting;

(c) Closed because the complainant failed to pay the complaint processing fee required under OAR 812-004-0110 or 812-004-1110.

(d) Closed or dismissed with an explicit provision allowing the subsequent filing of a complaint containing the same allegations as the closed or dismissed complaint; or

(e) Closed or withdrawn because the respondent filed bankruptcy.

(8) Nothing in section (7) of this rule extends the time limitation for filing a complaint under ORS 701.143.

(9) A complaint by a person furnishing material, or renting or supplying equipment to a contractor may not include a complaint for non-payment for tools sold to a licensee, for equipment sold to a licensee and not fabricated into a structure, for interest or service charges on an account, or for materials purchased as stock items.

(10) Complaints by a contractor or by persons furnishing material, or renting or supplying equipment to a contractor will not be processed unless they are at least \$150 in amount, not including the processing fee required by 812-004-1110.

(11) The agency may process a complaint against a licensed contractor whose license was inactive under OAR 812-003-0330, 812-003-0340, 812-003-0350, 812-003-0360 and 812-003-0370 during the work period.

### Form of Complaints, Pre-Complaint Notice

(1) A complaint must be submitted on a complaint form provided by the agency. The agency may require the use of the most recent revision of the complaint form.

(2) The complainant must submit the following information on or with the complaint form required under section (1) of this rule if applicable:

(a) The name, address and telephone number of the complainant;

(b) The name, address, telephone number and license number of the respondent;

(c) The amount, if known at the time the complaint is filed, that the complainant alleges is due from the respondent after crediting payments, offsets and counterclaims in favor of the licensee to which the complainant agrees;

(d) Identification of the type of complaint;

(e) The date on which the contract was entered into;

(f) If the contract was in writing, a copy of the contract, including all relevant attachments, if any;

(g) The location of the work at issue in the complaint, described by a postal address or other description sufficient to locate the work site on a map and on the ground;

(h) The beginning and ending date of the work or invoices;

(i) Payments, offsets and counterclaims of the respondent, if known;

(j) Whether the project involves work on a residential, small commercial or large commercial structure;

(k) A certification by the complainant that the information provided on the complaint form is true;

(l) If a court judgment or judgment based on an arbitration award is the basis for the complaint, a copy of the judgment, arbitration award, the original complaint and any answers or counter-suits related to the parties to the complaint filed in the court action or arbitration;

(m) Documents described in section (9) of this rule that are related to the pre-complaint notice requirement in ORS 701.133.

(n) Additional information required under sections (3) through (8) of this rule.

(3) A subcontractor complaint must include copies of each original invoice relating to the complaint.

(4) An employee complaint must include evidence that an employee worked for a contractor and evidence of the amount of unpaid wages or benefits. Evidence may include:

(a) Time cards;

(b) Paycheck stubs;

(c) W-4 forms; or

(d) A sworn affidavit or written declaration under perjury of a third-person stating facts that indicate the employee worked for the contractor. A written declaration under perjury must contain the following statement, "I hereby declare that the above statement is true to the best of my knowledge and belief, and that I understand it is made for use as evidence in court and is subject to penalty for perjury."

(5) An employee trust complaint must include the name of each employee that is the subject of the complaint, the dates that employee worked without payment of employee benefits and the following information for each date and employee:

(a) The hours worked without payment of employee benefits;

(b) The amount of the unpaid benefits;

(c) The address of the job site where the employee worked; and

(d) Whether the structure at the job site is a residential structure, small commercial structure or large commercial structure.

(6) A construction lien complaint must include evidence that the complainant paid the primary contractor, a copy of the notice of right to lien, a copy of the lien bearing the county recorder's stamp and signature, a copy of each invoice or billing constituting the basis of the lien, a copy of the ledger sheet or other accounting of invoices from the lienor, if applicable, and any foreclosure documents.

(7) A material complaint must include recapitulation of the indebtedness showing the job site address, the date of each invoice, each invoice number, each invoice amount and a copy of each original invoice relating to the complaint.

(8) A complaint involving negligent or improper work must include a list of the alleged negligent or improper work. A complaint involving a breach of contract must describe the nature of the breach of contract.

(9) A complaint must include one of the following:

(a) A copy of the pre-complaint notice required under ORS 701.133 and of the certified or registered mail receipt for the pre-complaint notice; or

(b) Written evidence that the respondent had actual notice of the dispute that is the subject of the complaint at least 30 days before the complainant filed the complaint. The agency will only accept evidence under this subsection (9)(b) if it is in one of the following forms:

(A) A return receipt signed by the respondent indicating receipt of a notice of intent to file a complaint sent to the respondent by the complainant; or

(B) A letter signed by the respondent acknowledging receipt of a notice of intent to file a complaint.

(c) Written evidence that the complainant and the respondent are parties to mediation, arbitration or a court action arising from the same contract or issues that are the subject of the complaint. The agency will only accept evidence under this subsection (9)(c) if it is in one of the following forms:

(A) Copies of a complaint or answer in the court action; or

(B) Copies of a document that initiated the mediation or arbitration.

(d) Evidence that the complainant and the respondent are parties to another complaint filed with the agency arising from the same contract or issues that are the subject of the complaint.

(10) Except as provided in subsections (9)(c) and (9)(d), the agency may not accept a statement by the complainant alleging that the respondent

### Initial Administrative Processing of Complaints; Collection of Fee

(1) Upon receipt of a complaint, the agency must:

(a) Send a copy of the complaint to the respondent;

(b) Verify that the complainant has provided information required under OAR 812-004-1340 and request additional information from the complainant if necessary;

(c) Make a preliminary determination that the board has or lacks jurisdiction over the complaint based on the information provided by the complainant;

(2) If the agency makes a preliminary determination under subsection (1)(c) of this rule that it has jurisdiction over the complaint and the agency does not waive the complaint processing fee required under OAR 812-004-1110, the agency must request payment of the complaint processing fee. The agency may suspend processing of the complaint until complainant pays this fee.

(3) If the complainant does not pay the fee required under OAR 812-004-1110 within 14 days of written notification that the fee is due, the agency may close the complaint. The agency may extend the time for payment of the fee upon a showing of good cause by the complainant.

### Contracts With Arbitration Agreements

(1) If a complaint is based on a contract that contains an agreement by the parties to mediate or arbitrate disputes arising out of the contract, the specific terms of the mediation or arbitration agreement supersede agency rules except as set forth in ORS 701.180.

(2) If the contract requires mediation or arbitration, the agency may notify the complainant in writing that the agency must close the complaint pursuant to OAR 812-004-1260(1)(e) unless, within 40 days, the agency receives:

(a) A written waiver of mediation or arbitration signed by the complainant; or

(b) Evidence that the complainant or respondent initiated mediation or arbitration to resolve the same facts and issues raised in the complaint.

(3) If the agency does not receive the written waiver of mediation or arbitration or evidence that the complainant or respondent initiated mediation or arbitration, the agency may close the complaint.

(4) The agency must inform the respondent by written notice that, if the respondent wants to mediate or arbitrate under the contract, respondent must initiate the mediation or arbitration process under the contract within the time allowed under ORS 701.180 and submit evidence to the agency within 40 days from the date of the agency's written notice that the respondent initiated mediation or arbitration under the contract.

(5) If mediation or arbitration under the contract is timely commenced under ORS 701.180, the agency must suspend processing the complaint until the mediation or arbitration is complete.

(6) Notwithstanding receipt of a notice of intent to file a complaint under ORS 701.133 or any prior communication from the agency referencing a complaint, for purposes of ORS 701.180, a respondent receives notice of a complaint when the agency sends the respondent the notice described under section (4) of this rule.

### On-site Meeting and Telephone Mediation; Attendance of the Complainant

(1) The agency may schedule one or more on-site meetings or telephone mediations among the parties for the purpose of discussing a settlement of a complaint under ORS 701.145. The agency must mail notice of an on-site meeting no less than 14 days before the date scheduled for the meeting. The notice must include notice of the requirements of section (2) and (3) of this rule and must comply with the requirements of OAR 812-004-1260(2).

(2) If the agency schedules an on-site meeting, the following apply:

(a) The complainant must allow access to the property that is the subject of the complaint.

(b) The complainant or an agent of the complainant must attend the meeting. An agent of the complainant must have knowledge of all complaint items included in the complaint and must have authority to enter into a settlement of the complaint.

(c) The complainant must allow the respondent to be present at the on-site meeting as required by ORS 701.145.

(3) If the complainant does not comply with the requirements of section (2) of this rule, the agency may close the complaint. OAR 812-004-1260 applies to closure of a complaint under this section.

(4) Except as provided in subsection (2)(c), the agency may continue to process the complaint if the respondent does not appear at the on-site meeting.

### Processing of Complaint Based on Judgments and Bureau of Labor and Industries Final Orders

(1) The agency may suspend processing a complaint if:

(a) The complainant or respondent submits to a court, arbitrator or BOLI a complaint based on the same facts and issues contained in the complaint filed with the agency; or

(b) The complainant in an owner complaint involving a residential structure submits copies of a notice of defect required under ORS 701.565 and the registered mail receipt for the notice and the notice of defect relates to the same facts and issues contained in the complaint.

(2) Beginning six months after the date that the agency suspends processing the complaint and no less frequently than every sixth month thereafter, the complainant must deliver to the agency a written report describing the current status of the notice of defect or action before the court, arbitrator or BOLI.

(3) The agency may, at any time, demand from the complainant a written report describing the current status of the notice of defect or the action before the court, arbitrator or BOLI. The complainant must deliver a written response to the agency within 30 days from the date the agency mails the demand letter.

(4) Within 30 days from the date of final action by the court or BOLI, the complainant must deliver to the agency a certified copy of the final judgment or BOLI final order. The agency may extend the time in which to submit the final judgment or BOLI final order if it determines there is good cause to do so.

(5) If the complainant does not comply with sections (2), (3) or (4) of this rule, the agency may close the complaint under OAR 812-004-1260(1)(i).

(6) If the agency suspends processing a complaint because respondent filed a court action, the complainant must file its complaint as a countersuit, complaint or counter-claim in the court, arbitration or other proceedings and submit evidence, including a copy of the countersuit, complaint or counter claim, to the agency. The complainant must provide this information within 30 days from the date that the agency suspended processing the complaint, unless the agency determines there is good cause to extend the permissible time period.

(7) If the complainant does to submit the evidence required under subsection (6) of this rule, the agency may close the complaint.

(8) At its discretion and with the agreement of the complainant and respondent, the agency may hold an on-site meeting under OAR 812-004-1450 before suspending complaint processing under section (2) of this rule if the agency finds that an on-site meeting may help the parties to resolve the complaint.

### Construction Lien Complaints

(1) The agency may schedule one or more on-site meetings or telephone mediations among the parties to a construction lien complaint filed under ORS 701.140(2) and processed under ORS 701.145 for the purpose of discussing settlement of the complaint. Notice of the meeting must comply with OAR 812-004-1450(1). The agency may invite the lienor to participate in the settlement discussions. The on-site meeting may be held on the property of the complainant or another mutually agreeable site. OAR 812-004-1450(2), (3) and (4) apply to an on-site meeting held under this section.

(2) If the complaint does not settle, the complainant must:

(a) Join the respondent as a party in an action to foreclose the lien if the lienor has filed such an action; or

(b) File an action against respondent to recover damages caused by respondent's failure to pay for material, rental services, labor or subcontractor services that gave rise to the lien.

(3) The agency will suspend processing the complaint while the complainant complies with section (2) of this rule. If complainant fails, within 60 days from the date of the last on-site meeting or telephone mediation, to comply with section (2) of this rule, the agency may close the complaint. The agency may extend the time to comply with section (2) for good cause.

(4) While the court action described in section (2) is proceeding, the complainant must comply with OAR 812-004-1520.

(5) If a construction lien complaint involves the same facts and issues as any other open complaint, the agency may process the complaints together.

### Standards of Care and Workmanship

(1) For purposes of this rule, "NASCLA Standards" mean the Residential Construction Standards, dated March 20, 2009, as adopted by the National Association of State Contractors Licensing Agencies.

(2) Except as provided in section (3) of this rule, the agency will apply NASCLA standards; to the extent such standards cover the work at issue, in order to determine if construction work performed on a residential structure meets the standards of care and workmanship in the industry.

(3) The agency may apply a standard different than the NASCLA standard if:

(a) The contract between the parties provides for a standard of care and workmanship that differs from the NASCLA standard; or

(b) The work involved installation of a product for which the manufacturer provided installation instructions that establish a standard that differs from the NASCLA standard.

### Payment From Surety Bond, Letter of Credit or Cash Deposit

(1) The agency must notify the surety company or financial institution the agency's determination. The determination is the amount of the judgment that is subject to payment by the surety or financial institution.

# ADMINISTRATIVE RULES

(2) A complaint is ready for payment when there is a court judgment and 30 days have elapsed or there is a BOLI final order and 60 days have elapsed and:

(a) The respondent has not paid the judgment or BOLI order;

(b) A court has not granted a stay of judgment or BOLI has not granted a stay of its final order; and

(c) All other complaints filed against the respondent within the same 90-day filing period under ORS 701.150 are resolved, closed or have reached the same state of processing as the subject complaint.

(3) For purposes of section (2), a BOLI final order is final except that the 60-day period for judicial review has not expired.

(4) Complaints related to a job that are satisfied from a surety bond, letter of credit or cash deposit must be paid as follows:

(a) If a surety bond, letter of credit or cash deposit was in effect when the work period began and that bond, letter of credit or cash deposit was not cancelled more than 14 months before the agency received the complaint, payment must be made from that surety bond, letter of credit or cash deposit.

(b) If no surety bond, letter of credit or cash deposit was in effect when the work period began and that bond, letter of credit or cash deposit was not cancelled more than 14 months before the agency received the complaint, but a surety bond, letter of credit or cash deposit subsequently became effective during the work period of the contract, payment must be made from the first surety bond, letter of credit or cash deposit to become effective after the beginning of the work period.

(c) A surety bond, letter of credit or cash deposit that is liable for a complaint under subsection (4)(a) or (b) of this rule is liable for all complaints related to the job and subsequent surety bonds, letters of credit or cash deposits have no liability for any complaint related to the job.

(5) If during a work period the amount of a surety bond, letter of credit or cash deposit is changed and a complaint is filed relating to work performed during that work period, the complainant may recover from the surety bond, letter of credit or cash deposit up to the amount in effect at the time the contract was entered into.

(6) If the contractor holds a residential surety bond, that bond is available only for payments ordered by the agency involving residential or small commercial structures or for the development of property zoned or intended for use compatible with residential or small commercial structures.

(7) If the contractor holds a commercial surety bond, that bond is available only for payments ordered by the agency involving small or large commercial structures or for development of property zoned or intended for use compatible with small or large commercial structures.

(8) If more than one complaint must be paid from a surety bond, letter of credit or cash deposit under section (4) of this rule and the total amount due to be paid exceeds the total amount available from the surety bond, letter of credit or cash deposit, payment on a complaint must be made in the same proportion that the amount due on that complaint bears to the total due on all complaints that must be paid.

(9) The full penal sum of a bond is available to pay complaints under this rule, notwithstanding that the penal sum may exceed the bond amount required under OAR 812-003-0170 or 812-003-0171.

(10) If two or more respondents are jointly and severally liable for an amount due to a complainant and payment is due from the surety bonds, letter of credit or cash deposit of the respondents, payment must be made in equal amounts from each bond, letter of credit or cash deposit subject to payment. If one or more of the bonds, letters of credit or cash deposits is or becomes exhausted, payment must be made from the remaining bond, letter of credit or cash deposit or in equal amounts from the remaining bonds, letters of credit or cash deposits. If one of the respondents liable on the complaint makes payment on the complaint, that payment shall reduce the payments required from that respondent's bond, letter of credit or cash deposit under this section by an amount equal to the payment made by the respondent.

(11) A surety company or financial institution may not condition payment of a complaint on the execution of a release by the complainant.

(12) Inactive status of the license of the respondent does not excuse payment by a surety company or financial institution required under this rule.

### Applicability of Rules; Application of ORS 36.600–36.740

(1) The rules in division 10 of this chapter apply to complaints filed before July 1, 2011, when:

(a) A complaint is referred to the Office of Administrative Hearings for arbitration under OAR 812-004-0590.

(b) The parties to the arbitration agree that the Construction Contractors Board may arbitrate a construction dispute and the agency accepts the dispute for arbitration under ORS 701.148.

(c) A timely complaint is filed relative to work performed under a contract that contains an arbitration clause specifying that the Construction Contractors Board must arbitrate disputes arising from the contract and the agency accepts the dispute for arbitration under ORS 701.148.

(d) Arbitration by the Construction Contractors Board is ordered by a court under ORS 36.600 or 36.625.

(2) Except as otherwise provided in the rules in division 10 of this chapter, an arbitration conducted under this division is governed by ORS 36.600 to 36.740, and sections 3 and 31, chapter 598, Oregon Laws 2003.

### Chapter 125

**Rule Caption:** Revision of rules setting standard, policies, and governance structures for state agency internal audit functions.

**Adm. Order No.:** DAS 1-2011

**Filed with Sec. of State:** 6-23-2011

**Certified to be Effective:** 6-30-11

**Notice Publication Date:** 1-1-2011

**Rules Adopted:** 125-700-0120, 125-700-0125, 125-700-0130, 125-700-0135, 125-700-0140, 125-700-0145, 125-700-0150, 125-700-0155

**Rules Amended:** 125-700-0015

**Rules Repealed:** 125-700-0012, 125-700-0020, 125-700-0025, 125-700-0030, 125-700-0035, 125-700-0040, 125-700-0045, 125-700-0050, 125-700-0055, 125-700-0060

**Subject:** The Oregon Department of Administrative Services is responsible for adopting rules setting standards and policies for internal audit functions within state government according to 2005 Oregon Law, Chapter 373. Revisions to rule 125-700-0015 and adoption of rules 125-700-0120 through 125-700-0155 revise and create policies and governance structures that are recommended for internal audit functions within state government. These rules now align the policies and governance structures more closely with professional auditing standards.

### Definitions

(1) Agency: "State Agency" means any elected or appointed officer, board, commission, department, institution, branch or other unit of the state government.

(2) Audit: An objective examination of evidence for the purpose of providing an independent assessment on risk management, control, or governance processes for the organization. Examples may include financial, performance, compliance, systems security and due diligence assurance engagements.

(3) Audit Committee: A committee that provides oversight of auditing and internal control for the agency, and helps ensure the independence of the internal audit function. The purpose of the audit committee is to assist agency management in carrying out its oversight responsibilities.

# ADMINISTRATIVE RULES

(4) Chief Audit Executive: Top position within the organization responsible for internal audit activities. Normally, this would be the internal audit director. In the case where internal audit activities are obtained from outside service providers, the chief audit executive is the person responsible for overseeing the service contract and the overall quality assurance of these activities, reporting to senior management and the board regarding internal audit activities, and follow-up of engagement results.

(5) Internal Audit Function: A department, division, team of consultants, or other practitioner(s) that provides independent, objective assurance and consulting services designed to add value and improve an organization's operations.

(6) Internal Auditing: An independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

(7) Professional Auditing Standards: Standards for performing and evaluating internal audits that are consistent with and incorporate commonly recognized industry standards and practices.

(8) Risk: The possibility of an event occurring that will have an impact on the achievement of objectives. Risk is measured in terms of impact (the effect) and likelihood (the probability the event will occur).

(9) Risk Assessment: A process of identifying, analyzing and prioritizing risks to activities of an agency.

(10) Risk Management: A process to identify, assess, manage, and control potential events or situations to provide reasonable assurance regarding the achievement of the organization's objectives.

### Statewide Audit Advisory Committee

(1) The Statewide Audit Advisory Committee (Committee) exists to promote the benefits of professional, standards-based internal auditing services in state government. The Statewide Audit Advisory Committee serves in an advisory capacity to the Director of the Oregon Department of Administrative Services.

(2) The Committee shall be comprised of:

(a) Director of the Oregon Department of Administrative Services, who will serve as Chair;

(b) Director of the Secretary of State Division of Audits (Oregon Audits Division);

(c) Legislative Fiscal Officer;

(d) State Court Administrator;

(e) Two Chief Audit Executives from agencies other than the Department of Administrative Services; and

(f) Not more than nine other persons appointed by the Director of the Oregon Department of Administrative Services representing state, local, non-profit and private sector internal auditing expertise.

(3) Appointed members shall serve two-year terms, and may be reappointed at the discretion of the Committee Chair.

(4) The Committee shall meet regularly to discuss statewide audit matters and issues of interest.

(5) The Committee shall document its full mission, objectives, responsibilities and organization in a formal charter, to be reviewed by the Committee annually. Responsibilities must include:

(a) Reviews and recommends revisions to the Statewide Annual Internal Audit Activity Report prepared by the Department of Administrative Services for Legislative Leadership.

(b) Brings forward for discussion issues impacting the state's internal audit community.

(c) Promotes best practices and training to enhance internal auditing and agency management practices in state government.

(d) Makes recommendations to ensure the independence and objectivity of the internal audit functions within state government.

(e) Reviews reports and other data to make recommendations to improve statewide management in areas that involved recurring or material findings that impact multiple agencies or areas of statewide risk-based concerns.

(f) Provides testimony or presentations to legislative committees, management teams or agency audit committees regarding internal audit, as necessary.

### Internal Auditing Requirements

(1) In every agency that meets one or more of the criteria below, the agency head shall establish, maintain, and fully support a full-time internal audit function or contract for the equivalent, within existing resources. Exceptions may be requested in writing by agencies to the Director of the Department of Administrative Services and will be reviewed by the Committee.

(a) Total biennial expenditures exceed \$100 million;

(b) Number of full-time equivalent employees exceeds 400; or

(c) Dollar value of cash and cash equivalent items received and processed annually exceeds \$10 million.

(2) For agencies not meeting the criteria above, an internal audit function is encouraged. Agencies that have an internal audit function must follow this OAR and are subject to DAS oversight.

### Agency Internal Audit Function Responsibilities

(1) The agency's Chief Audit Executive should coordinate with the agency head, the audit committee, appropriate state or federal oversight boards or commissions (as applicable), and the Oregon Audits Division and serve as the agency representative on audit matters.

(2) The internal audit function shall report to the agency head, applicable agency management and the audit committee on activities and results of their work. Examples of such work include the following:

(a) Governance of agency's processes and organizational structures implemented by the governing board, commission, and management in order to inform, direct, manage, and monitor the activities of the agency toward the achievement of its objectives.

(b) Information technology processes, information criteria, and resource activities, including but not limited to planning and organization, acquisition and implementation, delivery and support, and monitoring. Information criteria should include effectiveness, efficiency, confidentiality, integrity, availability, compliance, and reliability.

(c) Internal controls and compliance with applicable laws, rules, regulations and contract provisions.

(d) Performance audits to determine whether a program makes efficient use of resources and the effectiveness with which operations are carried out and it achieves results.

(3) The internal audit function should incorporate sustainability plan criteria into standards used for conducting agency internal audits, where appropriate.

(4) The agency's internal audit function must follow-up on internal audit report findings and recommendations to determine whether proper corrective action has been completed or that senior management has assumed the risk of not taking the recommended corrective action.

### Agency Internal Audit Function Governance

(1) Agency internal audit functions shall select appropriate professional auditing standards to follow in performing their audit work.

(2) The agency's internal audit function's purpose, authority, and responsibilities shall be formally defined in the agency's Internal Audit Charter. The agency's charter must be consistent with professional auditing standards and approved by the audit committee or board.

(3) The internal audit staff shall have unrestricted access to all systems, processes, operations, functions, and activities within an agency as needed to perform job responsibilities.

(4) Each agency having an internal audit function shall establish and maintain an audit committee.

(a) If the agency has a governing board or commission, the audit committee must include one or more board or commission members. If there is no board or commission, the committee must include senior management officials not directly responsible for the internal audit function.

(b) Agencies are encouraged to include qualified individuals from outside the agency on the audit committee, to enhance public accountability and transparency, and increase independence of the internal audit activity.

# ADMINISTRATIVE RULES

(5) The role and function of the audit committee shall be stated in a formal, written charter that describes the authority, responsibilities, and structure of the audit committee in accordance with professional auditing standards. The charter must be approved and periodically reviewed by the audit committee.

(6) The internal audit function shall report to the agency head, agency management and the audit committee on all internal audit activities.

### Planning and Reporting Responsibilities

(1) Each agency's Chief Audit Executive shall prepare an audit plan in accordance with standards. The plan must be reviewed and approved by the agency head and audit committee and submitted to the Oregon Department of Administrative Services. The plan must be:

(a) Risk-based to help ensure priorities of the internal audit activity that are consistent with the organization's goals;

(b) Include significant risks and exposures within the organization;

(c) Include an assessment of the agency's performance measurement system by assessing its integrity and accuracy;

(2) The agency's Chief Audit Executive shall prepare an annual report covering the time period of July 1 through June 30 of the preceding year, in a format approved by the Department of Administrative Services that includes:

(a) The annual risk assessment and audit plan;

(b) All internal audit reports; and

(c) A listing of consulting and other value-added audit activities provided to agency management by the internal audit function.

(3) The annual report must be submitted to the agency head, audit committee, and the Internal Audit Section of the Oregon Department of Administrative Services no later than September 30th of each year.

(4) Information not included in an agency's report must be available for review upon request of the Committee.

### External Review

(1) State internal audit functions must have an external review to determine whether the function is operating in accordance with professional auditing standards. This review must result in an issued report.

(2) A copy of the external review report will be provided to the Internal Audit Section of the Oregon Department of Administrative Services with the internal audit function's annual report.

(3) State internal audit functions may have the review performed by an external provider, or may participate in a coordinated effort through the Department of Administrative Services to have a review performed by internal audit staff from other state agencies.

(a) Reviews performed under this coordinated effort must be performed by at least two auditors, and led by an auditor with formal training or experience performing external reviews.

(b) State internal audit functions who choose to participate in the coordinated effort must also volunteer time to perform reviews at other agencies.

## 125-700-0150

### Internal Audit Independence

(1) The agency's Chief Audit Executive reporting position must be at an administrative level that will maximize objectivity. In most cases, the Chief Audit Executive must report administratively to the agency head or designee, and functionally to the audit committee.

(2) The Chief Audit Executive must have unrestricted access to decision-makers and decision-making bodies and to the information and employees needed to perform internal audit duties and responsibilities.

(3) The internal auditor(s) must be free of undue influence to limit the audit scope and audit assignment schedule.

(4) The Chief Audit Executive must be free to obtain advice and information from sources inside and outside the agency. These sources may include, but should not be limited to professional colleagues, the Oregon

Audits Division, the Oregon Department of Administrative Services, and relevant professional organizations.

(5) The internal audit function must be free of any responsibilities that would impair its ability to make independent reviews of all aspects of the agency's operations.

(6) The agency's Chief Audit Executive must periodically assess whether the purpose, authority, and responsibility, as defined in the audit charter, and resources required to accomplish the work continue to be adequate to enable the internal audit staff to accomplish their objectives. The result of this periodic assessment must be communicated to the audit committee and, if applicable, senior management.

(7) A scope limitation, including resource limitations, placed upon an internal audit function that precludes them from meeting objectives and executing plans must be communicated in writing to the audit committee and, if applicable, agency management, along with its potential effect. The agency's Chief Audit Executive must periodically inform the committee regarding scope limitations that were previously communicated and accepted.

### Audit Records and Retention

(1) The agency's internal audit function, must maintain audit work papers and reports in accordance with records retention requirements. The internal audit function should ensure that its records retention schedule will allow it to keep the documents until an external peer review has been performed, and audit findings and recommendations have been appropriately followed-up on. Refer to State Archive requirements and OAR 166-300-0025 for record retention schedules. Records must be kept so they can be retrieved, if necessary.

(2) The agency's Chief Audit Executive must follow appropriate data classification procedures to monitor and control confidential and sensitive internal audit documents. Confidential documents are those designated as confidential by agency policy or covered by ORS 192.496 through 192.505.

## Department of Agriculture Chapter 603

**Rule Caption:** Lists Downy Brome as prohibited weed seed in grass seed certified for Oregon Sod Quality.

**Adm. Order No.:** DOA 10-2011(Temp)

**Filed with Sec. of State:** 6-30-2011

**Certified to be Effective:** 7-1-11 thru 12-20-11

**Notice Publication Date:**

**Rules Amended:** 603-056-0145

**Subject:** Oregon's Sod Quality Seed certification program is used as a tool for marketing premium Oregon turf grass seeds. Annually more than 110,000 tags are issued to certify that grass seed meets Oregon Sod Quality seed standards. However, in February 2011 a change was made to the "All States Noxious Weed list" which now allows Downy Brome — *Bromus tectorum*, as a restricted weed seed in Oregon Sod Quality seed lost. The allowance of this contaminate diminishes the value of Oregon Sod Quality certification, as such, the Oregon Seed trade and Oregon Seed Council has requested a change in rule to prohibit Downy Brome.

**Rules Coordinator:** Sue Gooch—(503) 986-4583

### Standards for Sod Quality Certification

(1) The seed lots submitted shall meet all standards for certification by Oregon State University.

(2) The seed standards for "Oregon Sod Quality Seed" of hard fescue, sheep fescue, blue fescue, Kentucky bluegrass, red fescue, chewings fescue, perennial ryegrass, bentgrass and tall fescue shall be as set out in Table 1.

(3) "Noxious Weed" and "Crop and Weed" analyses shall be based on a 20 gram sample for hard fescue, sheep fescue and blue fescue, 25 gram sample for Kentucky bluegrass (except a 10 gram *Poa annua* search), 30 gram sample for red fescue and chewings fescue, 50 gram sample for ryegrass and tall fescue, and a 2-1/2 gram sample for bentgrass. Testing shall

### Reports and Payment by First Purchaser

(1) First purchasers and handlers, as defined in 604-010-0005(4) and (6), must submit completed and signed assessment reports on commission approved form.

(2) Assessment reports shall include all purchases by or deliveries to a first purchaser or handler of Fescue seed (net paid weight) and all purchases by or deliveries to a first purchaser or handler of Highland Bentgrass seed or any commodity or mixture which contains more than 50 percent of such Highland Bentgrass seed.

(3) Quarterly assessment reports are due in the commission office postmarked on or before the 30th day of the reporting month specified below. Quarterly assessments shall be reported as follows:

(a) January, February, March assessments are reported on or before April 30th;

(b) April, May, June assessments are reported on or before July 30th;

(c) July, August, September assessments are reported on or before October 30th;

(d) October, November, December assessments are reported on or before January 30th.

(4) Within 30 days after the end of each quarter, the first purchaser must forward to this Commission forms furnished by and approved by the Commission. The forms shall be signed by the first purchaser and completely filled out and shall include in addition to all other required information and figures:

(a) The date each transaction is made;

(b) The name of each grower;

(c) The crop year;

(d) The variety (Chewings Fescue seed, Creeping Red Fescue seed or Highland Bentgrass seed or any commodity or any blend consisting of 50 percent or more of Highland Bentgrass seed);

(e) The pounds of cleaned seed;

### Definitions

(1) "Commercial Channels" means the sale of wheat, or barley, or both for use as food, feed, seed, or any industrial or chemurgic use, when sold to any commercial buyer, dealer, processor, cooperative, or to any person, public or private, who resells any wheat, or barley, or both or product produced from wheat, or barley, or both.

(2) "Commission" means the Oregon Wheat Commission.

(3) "Director" means the Director of the Oregon Department of Agriculture.

(4) "First Purchaser" means any person, corporation, association or partnership that buys wheat from the grower in the first instance, or any lienholder, public or private, who may possess wheat, or barley, or both

from the grower under any lien, or any handler who receives wheat, or barley, or both in the first instance from the grower for resale or processing.

(5) "Grower" means any landowner personally engaged in growing wheat, or barley, or both; a tenant of the landowner personally engaged in growing wheat, or barley, or both; and both the owner and the tenant jointly, and includes a person, partnership, association, corporation, cooperative, trust, sharecropper, and any and all other business units, devices and arrangements.

(6) "Sale" includes any pledge or mortgage of wheat, or barley, or both, after harvest, to any person, public or private.

(7) "Person" means any individual, corporation, association, partnership or joint stock company.

(8) "Handler" means a person or other legal entity handling, marketing, or dealing wheat, or barley, or both whether as owner, agent, employee, broker, or otherwise.

(9) "Net Paid for Weight" means all sales or bartered bushels paid for.

(10) "Independent Third Party" refers to any organization other than the Commission and the Oregon Wheat Growers League.

(11) "Irregular" means less than two quarters per crop year.

### Assessments

(1) Any first purchaser shall deduct and withhold from the grower an assessment of the following amounts for all wheat grown in Oregon as follows:

(a) July 1, 2008 and thereafter — 5 cents per bushel.

(b) 1991 through June 30, 2008 — 3 cents per bushel.

(c) 1981 through 1990 crops — 2 cents per bushel.

(d) 1975 through 1980 crops — 1 cent per bushel.

(e) 1974 and prior years — 1/2 cent per bushel.

(2) Any first purchaser shall deduct and withhold from the grower an assessment of the following amounts for all barley grown in Oregon as follows:

(a) July 1, 2011 and thereafter — 1 dollar per ton.

(3) Any change in the above assessment rates requires approval by the Commission. In determining whether to impose a change in the above assessment rate, the Commission may:

(a) Work jointly with the Oregon Wheat Growers League to educate growers on a county-by-county basis, of the need for a change in the assessment rate;

(b) Work with an independent third party experienced in survey work to poll the growers of the state to determine whether the growers support a proposed change in the assessment rate;

(c) Consider the results of the poll when determining whether to raise the assessment rate.

### Reports and Payment of Assessment Monies

(1) First purchasers and handlers must submit completed and signed assessment reports on commission approved forms. Assessment reports shall include all purchases by or deliveries to a first purchaser or handler of wheat, or barley, or both (net paid weight). Assessment collections that total \$100 or more per month must be reported monthly. Assessments of less than \$100 per month may be reported quarterly. Monthly assessment reports are due in the commission office postmarked on or before the 20th day of the month following the calendar month in which the reported wheat, or barley, or both was sold. Quarterly assessment reports are due in the commission office postmarked on or before the 20th day of the reporting month specified below. Quarterly assessments shall be reported as follows:

(a) January, February, March assessments reported on or before April 20th;

(b) April, May, June assessments reported on or before July 20th;

(c) July, August, September assessments reported on or before October 20th; and

(d) October, November, December assessments reported on or before January 20th.

(2)(a) Notwithstanding section (1) of this rule, a first purchaser or handler who purchases or handles wheat, or barley, or both on an irregular

# ADMINISTRATIVE RULES

basis is not required to report assessments on a quarterly or monthly basis provided such person indicates in the space provided on the assessment their next purchase or handling of wheat, or barley, or both subject to these assessments and reporting requirements. Such person will not be required to report or pay assessments until the 20th of the month following the calendar month in which the indicated date falls;

(b) However, if a person who purchases or handles wheat, or barley, or both on an irregular basis purchases or handles wheat before the date indicated on the assessment report, that person must comply with the requirements of section (1) of this rule.

(3) When a first purchaser or handler has completed, signed, and forwarded a report covering the final purchase of wheat, or barley, or both for the crop season, the filer may mark the box on the report that says "FINAL REPORT FOR THIS CROP SEASON." No further reports are necessary by such first purchaser or handler unless or until additional purchases are made.

(4) When a first purchaser lives or has their office in another state, or is a federal or governmental agency, the grower shall report to this Commission all sales made to such purchaser as required by section (1) of this rule and shall pay the assessment directly to the Commission, unless such first purchaser voluntarily makes the proper deduction and remits the proceeds to this Commission.

(5) At the time that reports are due the Commission from the first purchaser or first handler, as required in section (1) of this rule, the first purchaser or first handler shall attach and forward payment to the Commission for the assessment due as set forth in each such report. The forms shall be signed by the first purchaser or handler and completely filled out, and shall include, in addition to all other required information and figures, the name and complete mailing address of each grower, the crop year, the bushels and amount of assessment deducted and withheld.

(6) Any grower who performs the handling or processing functions on all or part of their own production of wheat, or barley, or both, which normally would be performed by another person as the first purchaser thereof, shall report the sale of such wheat, or barley, or both of their own production on forms provided by, and pay the assessment monies directly to the Commission, unless the first purchaser from such grower voluntarily makes proper deduction and remits the proceeds to the Commission. Examples would be the sale by a grower direct to another grower or feed lot. The assessment does not apply where a grower uses their own production for personal use (ie. seeding, feeding livestock, destruction).

### Purpose and Scope

(1) The specialized inspector certification program, in OAR 918-098-1510 through 918-098-1570, establishes a program for training, qualifying and certifying individuals as specialized building inspectors authorized to perform inspections and enforce portions of the state building code. Inspector certifications cover limited commercial and other multidisciplinary

inspections that presently are not independently authorized by the division in existing inspector certifications.

(2) Specialized inspectors may, after receiving certification issued under these rules, conduct inspections as provided in these rules. These rules apply to applicants and certificate holders, training providers, and participating jurisdictions for the purposes of administering and enforcing the restrictions and requirements under these rules.

### Specialized Inspector Qualifications

(1) All applicants for specialized certifications must have:

(a) A valid Oregon Inspector Certification;

(b) A valid Oregon Code Certification to perform inspections, as identified in the rule requirements for the specialized certification sought;

(c) Employment as an inspector and experience performing inspections in Oregon for a minimum of one year in the specialty code area that the applicant is seeking specialized certification.

(2) An applicant for certification as a specialized inspector must:

(a) Submit an application on a division-approved form.

(b) Submit the designated application and training fees.

(c) Identify the certifications sought, the certifications presently held by the applicant, and the applicant's qualifying experience performing inspections.

(3) Incomplete applications or applications submitted without payment will not be processed.

(4) If an application is approved, the applicant will be notified and may begin the specialized inspector certification process.

(5) When an application is not approved by the division, the applicant's training fee will be refunded. The application fee will not be refunded or waived for future applications.

(6) The application and training fee for all specialized inspector certifications is \$200.

### Training Programs

(1) Approved applicants must complete an appropriate division-approved training program and pass a division-approved examination for the desired specialized certification. Training program requirements are stated in OAR 918-098-1560 for the Specialized Solar Photo-Voltaic Inspector Certification and in OAR 918-098-1570 for the Specialized Plumbing Inspector Certification.

(2) Instructor Qualifications. Specialized certification training course instructors must be approved by the division under these rules.

(a) Training course instructors may apply for approval as part of the course approval process or independent of the course approval process.

(b) Approved training course instructors must be qualified by training, licensure, and experience to teach the subject matter and supervise the corresponding fieldwork training inspections of a specialized inspector certification training program.

(c) Approved fieldwork supervisors must be qualified by training, licensure, and experience to perform the specialized inspector certification fieldwork inspections being performed.

(d) Division staff teaching training courses of supervising related fieldwork in the normal course of their duties are considered approved instructors for the purposes of these rules.

(3) Fieldwork Training. A specialized inspector certification applicant is eligible to perform the required fieldwork training after the applicant has begun the required academic coursework and has been approved by the course instructor to begin fieldwork training.

(4) Fieldwork Supervision. All specialized certification fieldwork training must be supervised and verified by an inspector with a valid Oregon Inspector Certification required to conduct the inspections being performed.

(a) An applicant's fieldwork training must be documented on a division-approved form and signed by the inspector who supervised the inspections.

(b) An inspector supervising and verifying an applicant's fieldwork training may not be qualified to conduct the inspections performed based

# ADMINISTRATIVE RULES

solely on a specialized inspector certification issued according to these rules.

(5) Fieldwork Training Approval. A specialized inspector certification applicant must submit proof of completed fieldwork training to the division for verification and approval, and issuance of specialized inspector certification.

(6) Examination Approval. A specialized inspector certification applicant is eligible to take a certification examination after the division receives proof that the applicant has successfully completed the required academic coursework and fieldwork training.

### Specialized Inspector Examination

(1) Examinations for a specialized inspector certification must be approved by the division.

(2) Applicants for specialized inspector certifications who fail the examination may reapply to retest by submitting a reapplication form and required \$80 fee within 30 days after the failed attempt.

(3) If an applicant fails to take a specialized inspector certification examination within 60 days of being approved to do so, the applicant must reapply to the division to take the examination by submitting a reapplication form and required \$80 fee.

(4) An applicant who reapplies is not required to requalify for the examination or provide qualification information in addition to the exam application unless the specialized certification requirements have changed since the applicant originally applied for certification.

(1) Specialized plumbing inspectors may inspect plumbing and piping systems conveying potable water, storm, or domestic sanitary sewage in

buildings less than 75 feet above grade in height as defined in the **Oregon Structural Specialty Code** and containing a building water service less than two inches in nominal interior diameter.

(2) A specialized plumbing inspector may not conduct inspections in new structures with plumbing or piping systems containing any of the items in (a) through (g):

(a) Installation or alteration of a medical gas and vacuum system for health care facilities;

(b) Installation or alteration of chemical drainage, waste and vent systems containing chemical agents potentially detrimental to the integrity of a plumbing system;

(c) Installation or alteration of waste water pre-treatment systems for building sewers;

(d) Installation of vacuum drainage, waste and vent systems;

(e) Installation or alteration of reclaimed water systems;

(f) Installation of a commercial booster pump system needed to maintain minimum residual water pressure in a structure supplied by a municipal source; or

(g) Food service plumbing systems.

(3) Existing structures with plumbing systems containing any of the items in 2(a) through (g) may be inspected by specialized plumbing inspectors. But specialized plumbing inspectors may not inspect any of the items in 2(a) through (g).

(4) As a condition of entering a training program, an applicant must:

(a) Hold valid Oregon Code Certification as a one- and two-family or residential plumbing inspector;

(b) Have been employed as an inspector and performed inspections as a one- and two-family or residential plumbing inspector for a minimum of one year prior to applying for Specialized Plumbing Inspector Certification.

### Fees for Plan Review and Permits

Fees for plan review and permits issued by the Division for construction, alteration and repair of prefabricated structures and of buildings and other structures as established by these rules and authorized by ORS 455.210, shall be determined in accordance with 918-460-0030, 918-440-0050, and 918-309-0030 through 918-309-0070 as appropriate.

**Subject:** ORS 455.068 states in part that any construction standard adopted by the Department of Consumer and Business Services shall be applicable to all wineries producing wine. ORS 455.315 exempts certain structures used in the operation of a farm from the provisions of the Oregon Structural Specialty Code. This rule clarifies that the requirement for equal applicability of construction standards to all wineries does not affect the ability of a winery to use the exemption for agricultural buildings as long as other requirements of ORS 455.315 are met.

**Adm. Order No.:** BCD 18-2011

**Filed with Sec. of State:** 6-30-2011

**Certified to be Effective:** 7-1-11

**Notice Publication Date:** 6-1-2011

**Rules Amended:** 918-282-0270

**Rules Repealed:** 918-282-0280

**Subject:** The previous rule allowed an electrical apprentice from another state that is party to the state apprenticeship reciprocal agreement to receive a temporary apprentice license to work in Oregon for a period not to exceed 180 days. The rule allowed an apprentice to work on a single project up to 180 days. This license could not be renewed.

This rule would abolish OAR 918-282-0280, Temporary Apprentice Licenses, which imposes the 180-day time limit, single project, and non-renewal restrictions. The rule would add provisions for reciprocal apprentices in OAR 918-282-0270, Apprentices, and clarify that a reciprocal apprentice may work under indirect supervision if they meet the requirements for an indirect supervision card. This rule makes permanent what is currently in effect as a temporary rule.

### Apprentices

(1) An apprentice:

(a) Shall meet the following minimum requirements:

(A) General journeyman, Class A limited energy technician and Class

B limited energy technician:

(i) Be 17 years of age to apply, 18 years of age to be registered;

(ii) Have a high school diploma, GED, or international equivalency;

and

(iii) Have one-year high school algebra, integrated math 2 or its equivalent, with a grade of "C" or better, or equivalent community college mathematics placement test results.

(B) Limited journeyman manufacturing plant, limited maintenance, limited journeyman sign, limited journeyman stage and limited renewable energy technician:

(i) Be 17 years of age to apply, 18 years of age to be registered;

(ii) Have a high school diploma, GED or international equivalency;

and

(iii) Have one-year high school mathematics with a passing grade, or equivalent community college mathematics placement test results;

(C) Limited residential:

(i) Be 17 years of age to apply, 18 years of age to be registered;

(ii) Have a high school diploma, GED, or international equivalency;

and

(iii) Have one-year high school algebra, integrated math 2 or its equivalent, with a grade of "C" or better, or one-year high school math and completion of an algebra course as part of an approved apprenticeship program, with a grade of "C" or better, or equivalent community college mathematics placement test results.

(b) Shall be licensed;

(c) May assist an appropriately licensed electrician on the same job site and the same shift in performing electrical work authorized in the trade, or branch of the trade, in which the licensee is registered; and

(d) Shall not perform electrical work under a person holding a letter of authority card issued to State of Oregon employees.

(2) Apprentice licenses issued under sections (3)(a), (4), or (5) of this rule are issued and renewed by the Oregon Bureau of Labor and Industries according to standards established in this rule and the guidelines established by the Bureau of Labor and Industries and the Building Codes Division.

(3) Electrical apprentice licenses:

(a) Shall be issued to individuals registered in formal electrical apprenticeship programs recognized by the board and the Oregon Bureau of Labor and Industries under ORS Chapter 660; and

(b) May be issued to trainees enrolled in individually approved, employer-sponsored training programs leading to the limited journeyman license in OAR 918-282-0190. Individuals enrolled in these programs may be issued an electrical apprentice license only if the employer's program is approved by the board.

(4) Reciprocal electrical apprentice licenses shall be issued to individuals currently registered in an approved apprenticeship program outside Oregon in a state that is party to the state apprenticeship reciprocal agreement.

(5) Notwithstanding subsection (1)(c) of this rule, a final period apprentice licensed under sections (3)(a) or (4) of this rule that meets the requirements of this section and the Bureau of Labor and Industries may be issued an indirect supervision electrical apprentice license, allowing the

# ADMINISTRATIVE RULES

apprentice to work under indirect supervision at the discretion of the responsible supervisor. A license under this section may be issued to:

(a) A final period apprentice in an 8,000 hour apprenticeship program with at least 6,500 hours of on-the-job training, allowing the apprentice to work under indirect supervision on projects not exceeding eight hours duration and limited to 300 volts phase to phase or phase to ground; or

(b) A final period apprentice in a 6,000 hour apprenticeship program with at least 5,000 hours of on-the-job training, allowing the apprentice to work under indirect supervision on projects not exceeding eight hours duration that are otherwise within the scope of the apprentice's license.

**Subject:** These rule changes relate to OAR Chapter 918, Division 100, which contain the Department of Consumer and Business Services Building Codes Division's rules relating to optional mechanical minor installation label programs. Under these programs, a local building department may, but is not required to, allow certain minor mechanical construction work to be performed under a minor installation label. Under the previous rules, mechanical minor installation labels could only be used in commercial and industrial buildings. These rule changes will permit mechanical minor installation labels to be used in residential occupancies. The changes will also expand the scope of work allowed under mechanical minor installation labels to include the addition of air conditioning units to pre-existing ductwork. Finally, the new rules will clarify that only contractors licensed by the Construction Contractors Board may purchase and use mechanical minor installation labels for residential occupancies.

## 918-100-0020

### Scope of Minor Installation Label Programs

(1) The statewide minor installation label program is a mandatory statewide program for which labels are sold by the division and used within any jurisdiction.

(a) The division administers the residential, commercial, and industrial plumbing and electrical minor installation label program. Local jurisdictions are required to participate in the program by performing inspections on behalf of the division on a percentage of minor installation labels used by contractors.

(b) Work performed under this program shall conform to the **Oregon Electrical Specialty Code**, the **Oregon Plumbing Specialty Code** and the **Oregon Residential Specialty Code**. The scope of work allowed under this program is defined in OAR 918-309-0220 for electrical installations and OAR 918-780-0140 for plumbing installations.

(2) Jurisdictions may file a request for delegation of optional minor installation programs. Use of a minor installation label by an appropriate person include:

(a) Work performed under the structural commercial and industrial minor label program shall be to the **Oregon Structural Specialty Code**. The scope of work allowed under this program includes:

(A) Alteration, replacement, or repair of up to 100 linear feet of non-bearing, walls and partitions that are not fire resistive and that are not part of the building shell, an exit, or an exit passageway;

(B) Window and door replacements or relocations not part of an exit or exit passageway and fit within existing openings. Replacement windows and doors shall comply with the requirements of current state codes, including but not limited to safety glazing requirements;

(C) Light weight interior awnings under 100 pounds total weight;

(D) Removal and replacement of acoustical ceiling tiles in ceilings not fire-rated of less than 1,000 square feet. Replacement of supporting grid is not included; and,

(E) Minor roofing repairs not exceeding ten percent of the roofing area.

(b) Work performed under the mechanical minor label program shall be to the **Oregon Mechanical Specialty Code** and the **Oregon Residential Specialty Code**. The scope of work allowed under this program includes:

(A) Moving or replacing duct work not involving fire dampers or penetrations of fire walls, fire assemblies or floors;

(B) Moving grills in duct work; or,

(C) Replacing existing heating, cooling and ventilation equipment; or,

(D) Adding a central air conditioning unit to existing ductwork in one- and two-family dwellings; or,

(E) Installing a mechanical exhaust fan for radon mitigation systems in one- and two-family dwellings.

(3) The minor label program does not include:

(a) New construction, except as allowed under OAR 918-309-0220(3)(a) and (b) or Subsection (2)(b)(D) of this rule;

(b) Accessibility retrofit;

(c) Major roof repairs, constituting more than ten percent of roofing area, and reroofing;

(d) Work on fire extinguishing or smoke evacuation systems;

(e) Chemical or industrial liquid waste and vent piping; or

(f) Combination waste and vent systems.

(4) The elevator minor label program is a statewide program for which labels are sold by the division and used within any jurisdiction.

(a) The division administers the elevator minor installation label program. The division shall perform inspections on a percentage of minor installation labels used by contractors.

(b) Work performed under this program shall conform to the **Oregon Elevator Specialty Code**. The scope of work allowed under this program is defined in 918-400-0675.

(5) No more than one minor label for each specialty area or one elevator minor label shall be used on any single project per job site. For the purpose of this rule, a job site means work at the same address.

(6) A minor label is only required when the work otherwise requires a permit. No new permit requirements are created.

(7) If a jurisdiction chooses not to offer the optional minor label program, permits and individual inspections shall continue to be required in each program.

### Purpose and Scope

(1) These rules establish minimum training, experience, certification, and certification renewal requirements for building officials and persons who perform specialty code plan review and inspections in this state.

(a) The certification requirements for commercial plumbing and electrical inspectors are located in OAR 918-695-0400 through 918-695-0410 and 918-281-0000 through 918-281-0020.

(b) Plan review and inspections required under the Oregon Reach Code are to be performed by individuals who, in accordance with these rules, OAR 918-281, or OAR 918-695, are certified to conduct plan review or inspections under the specialty code that corresponds to the Reach Code provision.

(2) Nothing in these rules is intended to allow a person to violate statute or rule or change certification and licensing requirements set forth in statute.

(3) Nothing in these rules prevents the director from waiving procedural requirements in the rare circumstance where substantial compliance is impracticable.

**Rule Caption:** Suspend banking rules governing charging off real estate assets.

**Adm. Order No.:** FCS 4-2011(Temp)

**Filed with Sec. of State:** 6-30-2011

**Certified to be Effective:** 7-1-11 thru 12-28-11

**Notice Publication Date:**

**Rules Suspended:** 441-505-1135

**Subject:** ORS 705.590 has required an Oregon chartered bank to reduce the value of real estate they own by 5% of its original book value each year, beginning the year the title is vested with the bank. This write down continues until either the bank disposes of the real estate or 15 years, whichever is first. To address concerns from Oregon banks about this law, the Division of Finance and Corporate Securities adopted rules in December 2010 (FCS 11-2010) to clarify that the charge-off must occur within 12 months of the vesting of the property, rather than within the calendar year of this date.

In the 2011 Legislative Session, the Oregon Bankers Association introduced and passed House Bill 2614 (2011 Or Laws ch. 478). It allows an Oregon chartered bank to immediately charge off the entire book value of the real estate when the bank gets the property's title. As adopted, it also requires that real estate owned by the bank must always be valued and recorded in the bank's records in accordance with Generally Acceptable Accounting Principals (GAAP) and that an Oregon bank can hold the real estate to 10 years effective with real estate taken by the bank on or after the effective date of the bill.

Because the regulation of the write down of the value of bank-owned real estate currently in rule no longer matches the statutory requirement for write downs, the inconsistency needs to be eliminated. The Division finds that there would be serious prejudice to Oregon chartered banks if these temporary rules are not adopted immediately.

### Charging Off Real Estate Assets

Effective December 1, 2010, an institution that owns or holds real estate pursuant to ORS 708A.175(3) or (4) shall reduce the real estate's book value pursuant to ORS 708.590(2) by not less than five percent of its

original book value within 12 months from the date title to the real estate is vested and by not less than an additional five percent of the original book value during every 12-month period thereafter. ORS 708.195(2) states that title is deemed vested on "the date the institution is first entitled to receive a deed to the real estate."

Under ORS 291.050 et seq., all fees adopted by state agencies are automatically rescinded after the next regular legislative session unless adopted by the Legislature through enabling legislation. During the 2011 regular legislative session, the Legislature reduced the licensing fees for mortgage bankers and mortgage brokers, including branch offices, and mortgage loan originators. This rulemaking reflects the fee reductions as approved by the Legislature.

Because of this discrepancy between the fees as they currently exist in rule and the legislatively-approved fee amounts, the department finds that serious prejudice to existing and prospective mortgage lending licensees will result if the department does not adopt temporary rules immediately.

# ADMINISTRATIVE RULES

**Subject:** In 2010, the Division of Finance and Corporate Securities, Department of Consumer and Business Services, conducted a rule-making to revise administrative rules related to the regulation of master trustees and certified providers. As part of that rulemaking, the Division adopted increased fees for both regulated entities. (FCS 14-2010). Under ORS 291.050 et seq., all fees adopted by state agencies are automatically rescinded after the next regular legislative session unless they are adopted by the Legislature. The 2011 Legislature recommended reductions in the increases of licensing fees for master trustees and certified providers (House Bill 5014). To comply, the Department is proposing these rules to conform the fees in administrative rules for master trustees and certified providers to this legislation.

Because the fees currently in rule do not match the legislatively approved fees, the Division finds that there would be serious prejudice to existing and prospective master trustees and certified providers if these temporary rules are not adopted immediately.

### Purpose and Statutory Authority

(1) The purpose of OAR 836-100-0011 to 836-100-0045 is to assure that children have affordable health care coverage options in Oregon's individual health insurance market and the Healthy KidsConnect program with guaranteed issue and no pre-existing condition period through the establishment of a Children's Reinsurance Program.

(2) OAR 836-100-0011 to 836-100-0045 are adopted pursuant to the authority of the Department of Consumer and Business Services under ORS 731.244 to carry out the purposes of ORS 743.731 and chapter 131, Oregon Laws 2011 (Enrolled Senate Bill 514) to encourage the availability

of individual health benefit plans and Healthy KidsConnect coverage for individuals under the age of 19 who are not enrolled in employer-sponsored group health plans.

### Non-grandfathered Individual and Healthy KidsConnect Health Insurance Enrollment for Persons Under 19 Years of Age

(1) A carrier that issues a non-grandfathered individual or Healthy KidsConnect health benefit plan may not limit, exclude, or deny health insurance coverage under a non-grandfathered individual or Healthy KidsConnect health insurance policy based on health status or preexisting condition of a person under the age of 19 years. However, a carrier may cede to the Children's Reinsurance Program the risk of a person under the age of 19 years in accordance with OAR 836-100-0011 to 836-100-0045.

(2) Coverage under a health benefit plan:

(a) Ceded under OAR 836-100-0011 to 836-100-0045 shall be effective on the date the insurer normally makes coverage effective under the benefit plan selected.

(b) Must be effective from the moment of birth for a newly born child of the insured in accordance with ORS 743A.090.

(c) Must be effective upon placement for adoption for an adopted child of the insured in accordance with ORS 743A.090.

(3) A carrier that issues a non-grandfathered individual health benefit plan need not provide coverage to an applicant if the applicant previously had coverage with the carrier during the 12 months prior to the application for coverage and that coverage was terminated:

(a) For conduct that constituted the basis for a legally valid rescission;

(b) For failing to abide by the terms and conditions of the insurance contract, including but not limited to the failure to pay premiums in a timely manner; or

(c) By the policyholder.

### Eligible Carriers and Plans

(1) A carrier that issues an individual or Healthy KidsConnect health benefit plan in Oregon to children under 19 years of age must issue the plan on a guaranteed issue basis with no pre-existing conditions.

(2) A carrier may consider information provided on the standard health statement or other internally available health records or data of the carrier for the purpose of determining whether to cede a risk.

(3) A carrier:

(a) May cede to the Children's Reinsurance Program under OAR 836-100-0011 to 836-100-0045 the risk of an applicant accepted for coverage

# ADMINISTRATIVE RULES

under any individual health benefit plan offered by the carrier in Oregon on or after August 1, 2011.

(b) May not cede a risk for a person under the age of 19 who enrolls in a portability health benefit plan as defined in ORS 743.760, unless the applicant is currently ceded with the carrier.

(c) Shall notify DCBS if the carrier decides to cede the risk. At the time the carrier notifies the department, the carrier must provide the following to the department:

- (A) Information about the plan that the applicant selected;
- (B) An explanation of the basis for the premium for the applicant;
- (C) Demographic information in accordance with application materials provided by the program.

(4) If a child insured under a health benefit plan provided by a carrier and not ceded by the carrier under the Children's Reinsurance Program subsequently applies with the same carrier for coverage under a health benefit plan that provides more comprehensive coverage, the carrier may exercise the option to cede the risk at the time the child changes health benefit plans. The carrier shall comply with the same time limits for exercising the option to cede as set forth in OAR 836-100-0040.

(5) A carrier participating in the Healthy Kids program may cede risks acquired under that program only if the carrier first receives the enrollment notification from the Healthy KidsConnect office on or after August 1, 2011;

### Role of Carrier that Cedes Risk

(1) When a carrier cedes risk to the Children's Reinsurance Program:

(a) The carrier shall continue to administer and manage the policy for the insured in accordance with the policy terms including but not limited to managing the risk to reduce costs.

(b) The carrier may not retain any portion of the premium.

(2) A designation as a ceded risk will last until January 1, 2014. If a child attains an age of 19 or older before January 1, 2014, the child shall remain in the program as a ceded risk as long as the child remains with the same carrier. If a child changes carriers, the new carrier may make a new determination about whether to cede the risk in accordance with OAR 836-100-0025.

(3) Each carrier shall submit to DCBS a report for risks ceded to the Children's Reinsurance Program for which the carrier continues to manage and provide administrative support. The report shall be submitted in accordance with a schedule agreed upon by the department and the carrier and shall include for each insured:

- (a) Identification;
- (b) Reported claims;
- (c) Reported paid claims; and
- (d) Premium received or earned.

### Administrative Costs and Variable Expenses under Children's Reinsurance Program

For health benefit plan coverage provided by a carrier participating in the Children's Reinsurance Program, a carrier may not retain a premium for:

(1) Child only policies for which the risk is ceded to the Children's Reinsurance Program.

(2) Any portion of a family or subscriber and children policy ceded to the program. For a family policy or a subscriber and children policy, the total premium allocated to a child for whom coverage is ceded shall be calculated by determining the total premium due for all children on the policy, divided by the number of children on the policy.

### Health Assessment Period

(1) Except as provided in section (2) of this rule, the carrier shall determine whether to cede a risk to the Children's Reinsurance Program within 105 days after the effective date of coverage. The Healthy KidsConnect carrier shall determine whether to cede a risk to the Children's Reinsurance Program within 105 days after the effective date of coverage.

(2) If a carrier opts not to cede a risk within the first 105 days from the effective date of coverage, the carrier may retroactively cede the risk within six months after for the effective date of coverage if:

- (a) The carrier identifies an error in the standard health statement; and
- (b) The error is such that, had the carrier known about the condition to which the error pertains within the 105 days allowed to determine whether to cede the risk, the carrier would have ceded the risk.

(3) The ceding of a risk under this rule shall be retroactive to the insured's effective date of coverage.

## 836-100-0045

### Claims and Premium Reconciliation

(1) A carrier shall submit the report required by the Children's Reinsurance Program to obtain reimbursement of claims paid on a ceded life.

(2) Any adjustments for third party liabilities recovered by a health carrier shall be adjusted and reconciled according to the reporting and reconciliation schedule of the Children's Reinsurance Program.

(3) A carrier may retain pharmacy rebates.

(4) Commercial reinsurance recoveries shall be adjusted and reconciled according to the reporting and reconciliation schedule of the Children's Reinsurance Program.

(5) Premiums received in excess of claims submitted will be retained by the Children's Reinsurance Program to apply toward payment of future claims incurred by ceded lives.

(6) Claims incurred during an active period of coverage for a ceded life must be filed within 12 months of the date of service and no later than December 31, 2014 to be eligible for reimbursement through the Children's Reinsurance Program.

**Subject:** This rule makes five minor changes to our existing appeals and grievances rules for health benefit plans, in accordance with guidance we have received from the federal government about what will be considered when our compliance with federal law is being considered in July. Specifically, this rule:

- Requires that insurers provide summary information relating to internal appeals and external review processes in the policy or other "evidence of coverage" and gives guidance about what information relating to external review must be provided;

- Clarifies that when either party submits information to an independent review organization (IRO) for consideration by the IRO, the IRO must forward that information to the other party within one business day of the IRO;

- Requires IROs to be accredited by a nationally recognized private accrediting organization;

- Disallows insurers from requiring enrollees complete an internal appeal process or expedited internal appeal process before requesting and receiving expedited external review. Also allows insurers to waive internal appeals process for any reviewable adverse benefit determination, allowing consumer to skip to external review in those situations. These provisions were previously industry practice, but law and rule were unclear;

- Requires IROs to keep records of a review for at least three years after the review is conducted.

These changes resolve the specific concerns of the federal officials who have contacted us. We believe that adoption of these temporary rules will allow Oregon to be "deemed compliant" upon review of our appeals process this month.

# ADMINISTRATIVE RULES

## 836-053-1030

### Written Information to Enrollees

(1) Each insurer must furnish the written general information to policyholders that is required by ORS 743.804, including but not limited to information relating to enrollee rights and responsibilities, including the right to appeal adverse benefit determinations; services, access thereto and related charges and scheduling; and access to external review, as provided in this rule. An insurer:

(a) Must furnish the information regarding an individual health insurance policy to each policyholder; and

(b) Must furnish the information regarding a group health insurance policy to the group policyholder for distribution to enrollees of the group policy.

(2)(a) The written general information referred to in section (1) of this rule must be included either in the policy or in other evidence of coverage that is delivered to the individual policyholder by the insurer, or in the case of a group health insurance policy, that is delivered by the insurer to the group policyholder for distribution to enrollees.

(b) The information required under subsection (a) of this section must include:

(A) A description of the external review process, including when external review is available and how to request external review. The description must include the phone number of the Oregon Insurance Division.

(B) A disclosure that when filing a request for an external review the covered person will be required to authorize the release of any medical records of the covered person that may be required to be reviewed for the purpose of reaching a decision on the external review.

(3) The written general information must disclose the following in relation to referrals for specialty care, behavioral health services, hospital services and other services, in addition to other relevant information regarding referrals:

(a) If applicable, how gatekeeping or access controls apply to referrals and whether and how the controls differ for specialty care, behavioral health services and hospital services; and

(b) Any limitation on referrals if a plan has a defined network of participating providers and if referrals for specialty care may be limited to a portion of the network, such as to those specialists who contract with an enrollee's primary care group.

(4) The written general information must include the information required by ORS 743.699, relating to coverage of emergency medical conditions and obtaining emergency services, including a statement of the prudent layperson standard for an emergency medical condition, as that term is defined in 743.801. An insurer may meet the requirement of providing information in 743.699 by providing adequate disclosure in the written general information required by 743.804(5) and this rule. An insurer may use the following statement regarding the use of the emergency telephone number 9-1-1, or other wording that appropriately discloses its use: If you or a member of your family needs immediate assistance for a medical emergency, call 9-1-1 or go directly to an emergency room.

(5) The written general information must include information regarding the use of the insurer's grievance process, including the assistance available to enrollees in filing written grievances in accordance with OAR 836-053-1090 and the utilization review appeal procedures required by ORS 743.807(2)(c). The information must be contained in a separate section of the written information and captioned in a manner that clearly indicates that the section addresses grievances and appeals.

(6) The written general information must include a notice that states the right to file a complaint with or seek assistance from the Director of the Department of Consumer and Business Services. An insurer may use the following statement or other appropriate wording for this purpose:

You have the right to file a complaint or seek other assistance from the Oregon Insurance Division. Assistance is available:  
By calling (503) 947-7984 or the toll free message line at (888) 877-4894;  
By writing to the Oregon Insurance Division, Consumer Protection Unit, 350 Winter Street NE, Salem, OR 97301-3883;  
Through the Internet at <http://www.insurance.oregon.gov/consumer/tomake.html>; or  
By e-mail at: [cp.ins@state.or.us](mailto:cp.ins@state.or.us).

(7) The written general information for an insurance policy providing managed health care must include a description of the procedures by which enrollees, purchasers and providers may participate in the development and implementation of insurer policy and operation.

(8) The portion of the written general information that describes how an insurer makes decisions regarding coverage and payment for treatment or services must include a notice to enrollees that they may request an additional written summary of information that the insurer may consider in its utilization review of a particular condition to the extent the insurer main-

tains such criteria. The notice to enrollees must include the name and telephone number of the administrative section of the insurer that handles enrollee requests for information.

(9) If a plan has a defined network of participating providers, the written general information must include a list of all primary care providers and direct access providers, and may also include a list of all specialty care providers. For the purposes of this section, a primary care provider or direct access provider is a participating provider under the terms of the plan who an enrollee may designate as the primary care provider for the enrollee or from whom an enrollee may obtain services without referral. The list of providers must include for each provider the provider's name, professional designation, category of practice and the city in which the practice of the provider is located. If the information does not list participating specialty care providers, the information must state that fact and must disclose the manner in which an enrollee may obtain information about participating specialty care providers.

(10) If a plan includes risk-sharing arrangements with physicians or other providers, the written general information must contain a statement to that effect, including a brief description of risk-sharing in general, and must notify enrollees that additional information is available upon request. For the purpose of this requirement, a risk-sharing arrangement does not include a fee-for-service arrangement or a discounted fee-for-service arrangement. An insurer may use the following statement to describe risk-sharing, or other appropriate wording: This plan includes "risk-sharing" arrangements with physicians who provide services to the members of this plan. Under a risk-sharing arrangement, the providers that are responsible for delivering health care services are subject to some financial risk or reward for the services they deliver. An example of a risk sharing arrangement is a contract between an insurer and a group of heart surgeons in which the surgeons agree to provide all of the heart operations needed by plan members and the insurer agrees to pay a fixed monthly amount for those services.

(11) If the insurer of a plan uses a mandatory closed formulary, the written general information for that plan must prominently disclose and explain the formulary provision. The disclosure and explanation must be in boldfaced type or otherwise emphasized.

(12) The written general information must include a notice disclosing that additional information is available to enrollees upon request to the insurer. The notice must include the name and telephone number of the insurer's administrative section that handles enrollee requests for information. For the notice required in the written general information disclosing information available from the Department of Consumer and Business Services, an insurer may use the following statement, or other appropriate wording:

The following information regarding the health benefit plans of (insurer's name) is available from the Oregon agency:

- (1) An annual summary of grievances and appeals;
- (2) (If applicable) An annual summary of utilization review policies;
- (3) (If applicable) An annual summary of quality assessment activities;
- (4) (If applicable) The results of all publicly available accreditation surveys;
- (5) (If applicable) An annual summary of the insurer's health promotion and disease prevention activities;
- (6) (If applicable) An annual summary of scope of network and accessibility of services.

This information is available:

By calling (503) 947-7984 or the toll free message line at (888) 877-4894;

By writing to the Oregon Insurance Division, Consumer Protection Unit, 350 Winter Street NE, Salem, OR 97301-3883;

### Time Requirements for Grievance Review

(1) The minimum standards for timeliness of response by an insurer to grievances and appeals by its enrollees, for purposes of the system of resolving grievances and appeals required by ORS 743.804 are as follows:

(a) An insurer shall acknowledge receipt of an initial grievance or the first or second appeal from an enrollee not later than the seventh day after receiving the grievance or the first or second appeal;

(b) An insurer shall make a decision on the initial grievance or the first or second appeal not later than the 30th day after receiving notice of the initial grievance or the appeal. In the event of an initial grievance, the insurer may have an additional 15 days to resolve the issue if before the 30th day the insurer gives a notice of delay to the enrollee or representative of the enrollee that includes a specific reason for the delay.

# ADMINISTRATIVE RULES

(2) An otherwise applicable standard for timeliness in section (1) of this rule does not apply when:

(a) The period of time is too long to accommodate the clinical urgency of the situation;

(b) The enrollee does not reasonably cooperate; or

(c) Circumstances beyond the control of a party prevent that party from complying with the standard, but only if the party who is unable to comply gives notice of the specific circumstances to the other party when the circumstances arise.

(3) An insurer shall treat an appeal from a decision by a medical consultant or peer review committee pursuant to OAR 836-053-1140(1)(b) as a second appeal under the insurer's grievance procedures under ORS 743.804(3).

(4) For adverse benefit determinations eligible for external review pursuant to ORS 743.857, an insurer may waive its internal appeals process at any time. If the insurer waives its internal appeals process, the internal appeals process is deemed exhausted for the purposes of qualifying for external review.

### Contracting Requirements

(1) To be considered for contracting with the Director as an independent review organization under ORS 743.858 for the purpose of providing independent review under 743.857, an independent review organization must submit to the Director a response to the Director's request for proposal according to its requirements. The response must include:

(a) For an independent review organization that is publicly held, the name of each stockholder or owner of more than five percent of any stock or options;

(b) The name of any holder of bonds or notes of the independent review organization that exceed \$100,000;

(c) The name and type of business of each corporation or other organization that the independent review organization controls or is affiliated with and the nature and extent of the affiliation or control;

(d) The name and a biographical sketch of each director, officer and executive of the independent review organization and any entity listed under subsection (c) of this section and a description of any relationship the named individual has with:

(A) An insurer;

(B) A utilization review agent;

(C) A nonprofit or for-profit hospital or other health care corporation;

(D) A doctor of medicine or osteopathy, a provider or other health care professional;

(E) A drug or device manufacturer; or

(F) A group representing any of the entities described by paragraph

(A) to (E) of this subsection;

(e) The percentage of the independent review organization's revenues that the independent review organization anticipates will be derived from reviews conducted under ORS 743.862;

(f) A description of the areas of expertise of the medical reviewers making review determinations for the independent review organization, as well as policies and standards of the independent review organization that address qualifications, training and assignment of all types of medical reviewers and that are compliant with requirements of OAR 836-053-1317;

(g) The procedures that the independent review organization will use in making review determinations regarding reviews conducted under ORS 743.862;

(h) Attestations that all requirements will be met;

(i) Evidence of accreditation by a nationally recognized private accrediting organization;

(j) Other documentation, including but not limited to legal and financial information, policies and procedures, and data that are pertinent to requirements of ORS 743.862 and OAR 836-053-1315; and

(k) Any other requirements established by the Director that demonstrate the independent review organization's ability to meet all requirements for contracting as an independent review organization in this state.

(2) In order to enable the Director to consider the response of an independent review organization under section (1) of this rule:

(a) The independent review organization must authorize release of information from primary sources, including full reports of site visits, inspections and audits; and

(b) The Director may require the independent review organization to indicate which documents demonstrate compliance with specific statutory requirements under ORS 743.862 and OAR 836-053-1315.

(3) Investigation and verification activities of the Director regarding the independent review organization may include, but are not limited to:

(a) Review of the response of the independent review organization to the request for proposals and its filings for completeness and compliance with standards;

(b) On-site survey or examination;

(c) Primary-source verification with accreditation or regulatory bodies of compliance with requirements that are used to demonstrate compliance with applicable standards established in ORS 743.862 and OAR 836-053-1315; and

(d) Other means of determining regulatory and accreditation histories.

### Timelines and Notice for Dispute That is Not Expedited

(1) An insurer shall give the Director notice of an enrollee's request for independent review by delivering a copy of the request to the Director not later than the second business day of the insurer after the insurer receives the request for the independent review.

(2) If an insurer reverses its final adverse determination before expiration of the deadline for sending the notice to the Director under section (1) of this rule, the insurer must notify the enrollee not later than the next business day of the insurer after its reversal. The notice to the enrollee may be given electronically, by facsimile or by telephone, followed by a written confirmation.

(3) Not later than the next business day of the Department after the Director has received a request for independent review from an insurer, the Director shall assign the review to one of the independent review organizations with whom the Director has contracted. The Director shall notify the insurer in writing of the name and address of the independent review organization to which the request for the independent review should be sent. If sending written notice will unduly delay notification, the Director shall give the notice electronically, by facsimile or by telephone, followed by a written confirmation.

(4) The Director shall notify the enrollee, not later than the second business day of the Department after the Director gave notice under section (3) of this rule of the assignment of the request. The notice must include a written description of the independent review organization selected to conduct the independent review and information explaining how the enrollee may provide the Director with documentation regarding any potential conflict of interest of the independent review organization as described in OAR 836-053-1320.

(5) Not later than the third calendar day following receipt of notice from the Director under section (4) of this rule, or the subsequent business day of the Department if any of the days is not a normal business day of the Department, the enrollee may provide the Director with documentation regarding a potential conflict of interest of the independent review organization. The documentation shall be sent in written form. If sending written documentation will unduly delay the process, the enrollee shall give the notice electronically, by facsimile or by telephone, followed by a written confirmation. If the director determines that the independent review organization presents a conflict of interest as described in OAR 836-053-1320, the Director shall assign another independent review organization not later than the next business day of the Department. The Director shall notify the insurer of the new independent review organization to which the request for the independent review should be sent. The Director shall also notify the enrollee of the Director's determination regarding the potential conflict of interest and the name and address of the new independent review organization.

(6) Not later than the sixth business day of the insurer after the date on which the insurer received notice from the Director under section (3) of this rule, the insurer shall deliver to the assigned independent review organization the following documents and information considered in making the insurer's final adverse decision, including the following:

(a) Information submitted to the insurer by a provider or the enrollee in support of the request for coverage under the health benefit plan's procedures.

(b) Information used by the health benefit plan during the internal appeal process to determine whether the course or plan of treatment is:

(A) Medically necessary;

# ADMINISTRATIVE RULES

- (B) Experimental or investigational; or
- (C) An active course of treatment for purposes of continuity of care.
- (c) A copy of all denial letters issued by the plan concerning the case under review.

(d) A copy of the signed waiver form, or a waiver, authorization or consent that is otherwise permitted under the federal Health Insurance Portability and Accountability Act or other state or federal law, authorizing the insurer to disclose protected health information, including medical records, concerning the enrollee that is pertinent to the independent review.

- (e) An index of all submitted documents.

(7) Not later than the second business day of the independent review organization after receiving the material specified in section (6) of this rule, the independent review organization shall deliver to the enrollee the index of all materials that the insurer has submitted to the independent review organization. The insurer shall provide to the enrollee, upon request, all relevant information supplied to the independent review organization that is not confidential or privileged under state or federal law concerning the case under review.

(8) After receipt of the notice from the Director under section (4) of this rule, the enrollee, the insurer, or a provider acting on behalf of the enrollee or at the enrollee's request may submit additional information to the independent review organization. In accordance with OAR 836-053-1325(3)(b) the independent review organization must consider this additional information if the information is related to the case and relevant to statutory criteria. The independent review organization is not required to consider this information if the information is submitted after the seventh calendar day following the receipt of notice from the Director under section (4) of this rule, or the subsequent business day of the independent review organization if any of the seven days is not a normal business day of the independent review organization. Upon receiving information under this section the independent review organization must:

(a) Forward any information provided by the insurer to the enrollee within one business day after the independent review organization receives the information.

(b) Forward any information provided by the enrollee or a provider acting on behalf of the enrollee or at the enrollee's request to the insurer within one business day after the independent review organization receives the information.

(9) The independent review organization shall notify the enrollee, the provider of the enrollee and the insurer of any additional medical information required to conduct the review after receipt of the documentation under section (7) of this rule. Not later than the fifth business day of such a request, the enrollee or the provider of the enrollee shall submit the additional information or an explanation of why the additional information is not being submitted to the independent review organization. If the enrollee or the provider of the enrollee fails to provide the additional information or the explanation of why additional information is not being submitted within the timeline specified in this subsection, the assigned independent review organization shall make a decision based on the information submitted by the insurer as required by section (6) of this rule. Except as provided in this section, failure by the insurer to provide the documents and information within the time specified in section (6) of this rule shall not delay the conduct of the independent review.

(10) An independent review organization must provide notice to enrollees and the insurer of the result and basis for the determination as provided in OAR 836-053-1325 not later than the fifth day after the independent review organization makes a determination in a regular, nonexpedited case.

### Timelines and Notice for Expedited Decision-Making

(1) When an insurer expedites an enrollee's case under ORS 743.857(4), the insurer shall inform the Director and the independent review organization that the referral is expedited. If information on whether a referral is expedited is not provided to the independent review organization, the independent review organization may presume that the referral is not an expedited review, but the independent review organization may request clarification from the insurer.

(2) An insurer shall expedite external review of cases pursuant to ORS 743.857(4) when an enrollee requests external review before exhausting internal reviewing, including when an enrollee simultaneously requests expedited internal and expedited external reviews.

(3) An independent review organization shall make its decision in each expedited case within a time period that is appropriate for accommodating the clinical urgency of the particular case, but in any event not exceeding the maximum time period specified in ORS 743.862(3).

(4) In an expedited case, an independent review organization shall immediately provide notice to enrollees and the insurer of the result and basis for the determination as provided in OAR 836-053-1325.

### Ongoing Requirements for Independent Review Organizations

(1) An independent review organization shall file an annual statistical report with the Director, on a form specified by the Director, that summarizes reviews conducted. The report shall include, but need not be limited to, volumes, types of cases, compliance with timelines for expedited and nonexpedited cases, determinations, number and nature of complaints and compliance with conflict of interests rules.

(2) An independent review organization shall submit updated information to the Director if at any time there is a material change in the information included in the response of the independent review organization to the Director's request for proposals.

(3) An independent review organization shall maintain records of all materials, including materials submitted by all parties, notifications, documents relied upon, and the independent review organization's ultimate decision for a period of not less than three years after any review. The independent review organization shall provide copies of any of these documents to the Director of the Department of Consumer and Business Services at the Director's request.

**Rule Caption:** Adoption of Oregon Companion Guide for Health Care Eligibility Benefit Inquiry and Response.

**Adm. Order No.:** ID 12-2011

**Filed with Sec. of State:** 7-15-2011

**Certified to be Effective:** 7-15-11

**Notice Publication Date:** 5-1-2011

**Rules Adopted:** 836-100-0100, 836-100-0105, 836-100-0110, 836-100-0115, 836-100-0120

**Subject:** This rule will adopt uniform standards for administrative simplification of health insurance developed by the Office of Oregon Health Policy and Research pursuant to the provisions of Section 1193, Chapter 595, Oregon Laws 2009. Section 2, chapter 130, Oregon Laws 2011 (replacing Section 1192, Chapter 595, Oregon Laws 2009\*) requires the Department of Consumer and Business Services to adopt these standards by rule. The standards adopted by this rulemaking pertain to health care benefit eligibility inquiries and responses and are set forth in the "Oregon Companion Guide for the Implementation of the ASC X12N/005010X279, Health Care Eligibility Benefit Inquiry and Response (270/271)."

Senate Bill 94 was enacted into law before the public hearing, so the final rules encompass the changes necessary to reflect the provisions of Senate Bill 94.

\*Sections 1192 and 1193 of chapter 595, Oregon Laws 2009 were replaced by sections 2 to 5, chapter 130, Oregon Laws 2011 (Enrolled Senate Bill 94) during the 2011 Legislative Session. The authority to adopt rules and the directives to the Office of Oregon Health Policy and Research and the Department of Consumer and Business Services did not change except to extend that authority to require additional entities to comply with the uniform standards.

### Waiver for Hardship

(1) Until January 1, 2014, the Director of the Department of Consumer and Business Services may grant a waiver to a health insurer or health care entity subject to OAR 836-100-0110 that demonstrates that the

health insurer or health care entity is unable to comply with its provisions, or for whom compliance would be an undue hardship. A health insurer or health care entity requesting a waiver must submit a letter of need to the director. If the health insurer or health care entity requires an extension of the waiver, the health insurer or health care entity may apply to the Director of the Department of Consumer and Business Services for a temporary waiver of some or all of the provisions of the applicable Oregon Companion Guide. The waiver request must:

(a) Specify the name of the Oregon Companion Guide for which the waiver is requested;

(b) Indicate whether the waiver is for the entire Oregon Companion Guide or for specific provisions in the Oregon Companion Guide for which a waiver is requested.

(c) Explain the reasons the health insurer or health care entity is unable to comply or for which compliance would cause undue hardship, including systemic or structural impediments, financial hardship, and any other factors the health insurer or health care entity believes pertinent to the request.

(d) Specify the period of time for which the waiver is requested. After January 1, 2014, an insurer or health care entity may not request a waiver for a period longer than twelve months. An insurer or entity may request a waiver for an additional twelve months as previous waivers lapse.

(e) Include the insurer's or entity's plan for coming into compliance with the provisions of OAR 836-100-0110 during the time granted by the waiver.

(2)(a) After considering a request for a waiver submitted under section (1) of this rule, and at the director's discretion, the director may grant or deny the request.

(b) In considering whether to allow a waiver requested pursuant to section (1) of this rule, the director shall consider the efforts of the health insurer or health care entity to comply with federal requirements contained in Section 1104 of the Patient Protection and Affordable Care Act.

### Review and Update of Standards

(1) The Department of Consumer and Business Services and the Oregon Health Authority shall jointly appoint an Oregon Companion Guide Oversight Committee. The members appointed to the committee must demonstrate knowledge of the transactions subject to the Oregon Companion Guides, financial knowledge, operational industry or business expertise, or knowledge of the technology necessary to implement the requirements of the companion guides.

(2) The Oregon Companion Guide Oversight Committee shall meet as needed to review the implementation of the administrative standards encompassed by the Oregon Companion Guides. The committee shall address issues identified by the Department of Consumer and Business Services and the Oregon Health Authority, including but not limited to:

(a) Consider and make recommendations to Oregon Health Authority and Department of Consumer and Business Services about needed changes to the guides in order to keep the guide up to date with industry and federal government driven changes.

(b) Provide reports to Department of Consumer and Business Services and Oregon Health Authority regarding health insurer and provider participation, successes and areas for improvement.

(c) Review any proposed changes developed by Oregon Health Authority to the standards or companion guides.

(d) Review any proposed changes developed by Department of Consumer and Business Services to the rules requiring compliance with the companion guides.

**Rules Amended:** 436-009-0080

**Subject:** This temporary rule amendment reverses the April 1, 2011 changes to OAR 436-009-0080, affecting maximum payments for orthotic and prosthetic services. Effective April 1, this rule limited payment in certain cases to "140 percent of the actual cost to the provider for the item as documented on a receipt of sale." After consulting with stakeholders, the agency has determined that payment based on material and device costs is inadequate for orthotic and prosthetic services, and has amended the relevant rule to require payment at the provider's usual rate, unless otherwise provided by a contract.

### Durable Medical Equipment and Medical Supplies

(1) Durable medical equipment (DME) is equipment that is primarily and customarily used to serve a medical purpose, can withstand repeated use, could normally be rented and used by successive patients, is appropriate for use in the home, and not generally useful to a person in the absence of an illness or injury. For example: Transcutaneous Electrical Nerve Stimulation (TENS), MicroCurrent Electrical Nerve Stimulation (MENS), home traction devices, heating pads, reusable hot/cold packs, etc. Unless otherwise provided by contract, fees for durable medical equipment shall be paid as follows:

(a) The insurer shall pay for the purchase of all compensable DME that are ordered and approved by the physician, at 85 percent of the manufacturer's suggested retail price (MSRP). If no MSRP is available or the provider can demonstrate that 85 percent of the MSRP is less than 140 percent of the actual cost to the provider, the insurer must pay the provider 140 percent of the actual cost to the provider for the item as documented on a receipt of sale.

(b) The DME provider is entitled to payment for any labor and reasonable expenses directly related to any subsequent modifications other than those performed at the time of purchase, or repairs. A subsequent modification is one done other than as a part of the initial set-up at the time of purchase. The insurer shall pay for labor at the provider's usual rate.

(c) The provider may offer a service agreement at an additional cost.

(d) Rental of all compensable DME shall be billed at the provider's usual rate. Within 90 days of the beginning of the rental, the insurer may purchase the DME or device at the fee provided in this rule, with a credit for rental paid up to 2 months.

(2) A prosthetic is an artificial substitute for a missing body part or any device aiding performance of a natural function. For example: hearing aids, eye glasses, crutches, wheelchairs, scooters, artificial limbs, etc. Notwithstanding OAR 436-009-0040, unless otherwise provided by contract, the insurer must pay the fee for a prosthetic at the provider's usual rate.

(3)(a) Testing for hearing aids must be done by a licensed audiologist or an otolaryngologist.

(b) Based on current technology, the preferred types of hearing aids for most workers are programmable BTE, ITE, and CIC multi channel. Any other types of hearing aids needed for medical conditions will be considered based on justification from the attending physician or authorized nurse practitioner.

(c) Without approval from the insurer or director, the payment for hearing aids may not exceed \$5000 for a pair of hearing aids, or \$2500 for a single hearing aid.

(4) An orthosis is an orthopedic appliance or apparatus used to support, align, prevent or correct deformities, or to improve the function of a moveable body part. For example: brace, splint, shoe insert or modification, etc. Notwithstanding OAR 436-009-0040, unless otherwise provided by contract, the insurer must pay the fee for an orthosis at the provider's usual rate.

(5) Medical supplies are materials that may be reused multiple times by the same person, but a single supply is not intended to be used by more than one person, including, but not limited to incontinent pads, catheters, bandages, elastic stockings, irrigating kits, sheets, and bags. Unless otherwise provided by contract, the insurer must pay 80 percent of the provider's usual rate for medical supplies.

(6) The worker may select the service provider, except for claims enrolled in a managed care organization (MCO) when service providers are specified by the MCO contract.

(7) Except as provided in subsection (2)(c) of this rule, this rule does not apply to a worker's direct purchase of DME and medical supplies, and

does not limit a worker's right to reimbursement for actual out-of-pocket expenses under OAR 436-009-0025.

(8) DME, medical supplies and other devices dispensed by a hospital (inpatient or outpatient) shall be billed and paid according to OAR 436-009-0020.

### Qualified Mental Health Associate and Qualified Mental Health Professional Standards

(1) A qualified mental health associate (QMHA) must meet the following minimum qualifications:

- (a) Bachelor's degree in a behavioral sciences field; or
- (b) A combination of at least three years relevant work, education, training or experience; and

(c) Demonstrate the competency necessary to communicate effectively; understand mental health assessment, treatment and service terminology and apply these concepts; provide psychosocial skills development; implement interventions as assigned on an individual plan of care; and provide behavior management and case management duties.

(2) A qualified mental health professional (QMHP) is a licensed medical practitioner or any other person who holds any of the following educational degrees and meets the following minimum qualifications:

- (a) Graduate degree in psychology;
- (b) Bachelor's degree in nursing and licensed by the State of Oregon;
- (c) Graduate degree in social work;
- (d) Graduate degree in a behavioral science field;
- (e) Graduate degree in recreational, music, or art therapy
- (f) Bachelor's degree in occupational therapy and licensed by the State of Oregon; and

(g) Whose education and experience demonstrate the competency to identify precipitating events; gather histories of mental and physical disabilities, alcohol and drug use, past mental health services and criminal justice contacts; assess family, social and work relationships; conduct a mental status examination; document a multi-axial DSM diagnosis; write and supervise an individual plan of care; conduct a mental health assessment and provide individual, family or group therapy within the scope of their training.

### Definitions

(1) **County of Residence:** County in which the offender lives and sleeps.

(2) **Emergency Reporting:** For sex offender cases, reporting instructions provided by the receiving county when a documented emergency exists requiring an expedited transfer. Parameters for emergency reporting are a documented immediate threat to victim(s) or offender or documented "other" emergency.

(3) **EPR:** The probation/parole record on the Law Enforcement Data System (LEDS).

(4) **Offender:** Any person under the supervision of local community corrections who is on parole, post prison supervision, or probation status.

(5) **New Case:** A new case is any case where the offender has been supervised for less than 30 working days by the county of conviction and where the offender is not being supervised in any other jurisdiction at the time of conviction. This includes offenders who have been sentenced to probation and released from incarceration with no pending criminal issues. New cases that fail to appear for intake and are closed to abscond can only be transferred through formal transfer processes after violation procedures have been initiated and all reports have been submitted.

(6) **Officer:** A probation and parole officer employed by or under the direction of the court, the county, or the state.

(7) **Releasing Authority:** Department of Corrections, courts, and Board of Parole and Post Prison Supervision, or supervising authority.

(8) **Receiving Office:** The county community corrections agency being requested to accept the supervision of an offender.

(9) **Sending Office:** The county community corrections agency requesting to transfer the supervision of an offender to another jurisdiction.

(10) **Residence:** For the purposes of this rule, a residence is where the offender is currently residing and where he/she expresses a desire to remain. This includes transient living quarters, fishing boats, and other non-

# ADMINISTRATIVE RULES

traditional situations, providing that the offender has the ability to remain in those living quarters for a minimum of 30 days.

(11) Transfer: An offender is considered to be transferred when responsibility for his/her supervision is accepted by the receiving county. Assignment of a case to a different parole or probation officer within the same county by administrative action is not a transfer.

(12) Temporary Supervision: The short-term supervision of offenders agreed upon by the two community corrections agencies for the purpose of information gathering or investigation.

### Transfers of Supervision Between Community Corrections Agencies: Standards for Request and Acceptance

(1) Requests:

(a) Except for sex offender cases, whenever an officer has given an offender permission to relocate to a different county, within 30 days, the officer shall submit a transfer investigation request to the receiving county on all cases including misdemeanors.

(A) If the purpose of the change of residence is for residential treatment and a return is anticipated, no transfer is necessary.

(B) For low and limited supervision and low and limited risk offenders, the county of supervision will notify the county of residence in writing that the offender now resides in their county. The receiving county may review the offender's history in the Corrections Information System to determine whether they wish to assume supervision. The decision to investigate and accept supervision shall be at the discretion of the county of residence.

(C) Under no circumstances shall a probation or parole officer allow a sex offender to move to a new county without first applying for and receiving emergency reporting instructions. If parameters for emergency reporting do not apply, then the offender must remain in the sending county until a full transfer investigation is completed.

(b) Transfer Investigation: In all cases involving the transfer of the supervision responsibility for an offender, the sending county shall assure that the following information is up to date and accurate in the offender's ISIS (computer integrated system) file prior to making the investigation request:

(A) Name: Last, first, and middle;

(B) Date of birth;

(C) SID Number: If none is available, the sending office shall submit a fingerprint card to the State Identification Bureau prior to transfer;

(D) Crime(s);

(E) County(ies);

(F) Sentencing data including county, docket numbers, expiration date, and judge's name for each case;

(G) History/risk score according to the Oregon Case Management System;

(H) Date of request to transfer;

(I) Special Conditions: List all special conditions including specific dollar amounts for restitution, court costs, fines and fees as well as community service hours and any other conditions requiring specificity;

(J) Residence: Provide a complete address; rural addresses should include specific directions on location of the residence as well as a description; and

(K) Conformance: Note any non-compliance with either the general or special conditions of supervision. Reflect the exact amount of any financial obligations owed to date and any other pertinent information.

(c) Sex Offenders: A transfer packet must be sent to the receiving county. The transfer packet shall include:

(A) Court orders/parole or post-prison supervision order;

(B) Sex offender evaluation (if available);

(C) Presentence investigation or police reports;

(D) Completed sex offender risk assessment; and

(E) Most recent treatment progress report or treatment discharge report.

(2) Acceptance/Rejection:

(a) If a sex offender meets the documented parameters for emergency reporting, the sending county must provide emergency reporting information to the receiving county. The receiving county has up to five days to reply. Once the receiving county has accepted the offender on an emergency basis, a rule transfer packet must be sent to the receiving county.

(b) The receiving county must complete the investigation and respond to the sending county within 30 days.

(c) The transfer request must be accepted if the offender has a job or other legitimate source of income, a residence and the means to comply with the special conditions of his/her supervision unless:

(A) The only active supervision is for a misdemeanor and the receiving county is unable to provide supervision based on misdemeanor status, due to county policy and/or resource limitations; or

(B) Public safety would be compromised by the transfer (e.g., a child molester residing in a dwelling where children are present; a proposed residence provider supporting sex offender's denial or noncompliance; a drug offender residing in a known drug house; an arson offender residing in a boarding house); or

(C) The supervision is for a low and limited supervision or low and limited risk offender, whereas the decision to accept supervision is at the discretion of the county of residence.

(d) Neither non-compliance (except for sex offender cases) nor outstanding misdemeanor warrants shall be grounds for rejection. Felony warrants and warrants involving active cases for which an offender is under formal supervision shall be resolved prior to the transfer process.

(e) Supervision of a misdemeanor must be accepted if there is concurrent felony supervision.

(f) Outstanding Warrants and Pending Criminal Charges/Violations: Prior to transfer, the sending office shall:

(A) Make reasonable efforts to resolve any warrants;

(B) Remove any individual county requirements outside of usual practice;

(C) Report all non-compliance/violations to the releasing authority; and

(D) Be responsible for resolving all pending non-compliance/violations. The sending county should collaborate with the receiving county to determine an appropriate response to pending violations.

(g) When a transfer is rejected in the interest of public safety, the offender shall be directed by the receiving county to return to the sending county or to secure a suitable residence elsewhere, except for sex offenders who have been granted emergency reporting instructions, who shall be directed to return to the sending county and to initiate any further transfer requests from the sending county. Failure of the offender to do so is a violation and may be grounds for revocation. The reason for rejection needs to be specified and reviewed by the unit supervisor.

(h) During the transfer investigation, if an officer from the receiving office observes a violation or has reason to believe that a violation has occurred, that officer shall immediately report the alleged violation to the sending office for appropriate response.

### Dispute Resolution

Dispute Resolution: It is a matter of policy that the offender should be supervised by the agency serving the offender's county of residence and, with exception of sex offenders, regardless of whether or not the offender is in compliance with conditions. However, if the goals of public safety are clearly compromised by the transfer, rejection is appropriate. The Assistant Director of Transitional Services for the Department of Corrections or designee shall be consulted whenever a transfer issue cannot be resolved at the local manager/director level.

### Authority, Purpose and Policy

(1) Authority: The authority for this rule is granted to the Director of the Department of Corrections in accordance with ORS 179.040, 423.020, 423.030, and 423.075.

(2) Purpose: The purpose of this rule is to establish a uniform process for review and approval of proposals for research conducted within the Department of Corrections.

(3) Policy: It is the policy of the Department of Corrections to conduct research that will yield information to help the department improve its effectiveness. Research may be conducted by department staff, contract services, or by students and others with interest in correctional services.

### Definitions

(1) Institutional Review Board: As defined and discussed in 45 CFR Part 46, an independent body whose purpose is to review research proposals that involve human subjects to assure that the rights, safety, and well-being of research subjects are protected, that informed consent for their participation is obtained, and that all benefits of the research are commensurate with or outweigh the risks involved. Institutional review boards are usually associated with universities, colleges, or other agencies that are not affiliated with the department or any of its institutions.

(2) Research: The systematic design and implementation of appropriate methods to collect, analyze, and disseminate data to answer to specific questions or test scientific theory.

(a) Internal Research: Internal research includes, but is not limited to, research that is initiated or conducted by the department's Research and Evaluation Unit or other functional units or department staff.

(b) External Research: External research includes, but is not limited, to research that is initiated or conducted by colleges, universities, government or private agencies and organizations, or other researchers outside the department.

(3) Research Committee: A committee comprised of two or more Department of Corrections employees selected by the Director of Research and Evaluation and one rotating member from the department's Policy Group. The purpose of the Research Committee is to promote, recruit, screen and monitor external research, and guide researchers through the process of conducting research with inmates or department staff.

(4) Researcher(s): Any person or persons who submit one or more proposals to the Research Committee to conduct research with inmates or department staff.

## 291-035-0011

### General

(1) The Department of Corrections will consider proposals to conduct research with inmates, community corrections, or department staff. All research proposals must be reviewed by the Research Committee before they begin.

(2) The purpose of the Research Committee is to promote, screen, and monitor external research, and guide investigators through the process of conducting research with inmates, community corrections, or department staff.

(a) Note that the Research Committee does not function as an institutional review board for the protection of human subjects.

(b) The role of the Research Committee is to determine whether the goals and design of research proposals are appropriate for a correctional setting and whether they meet the needs of the department.

(c) Researchers should provide evidence of human subjects review from their university or organization institutional review board. Any research involving incarcerated individuals must pass before an institutional review board that includes an inmate representative to insure that the use of inmates as research subjects meets federal guidelines.

(3) The Research Committee is comprised of two or more Department of Corrections employees selected by the Director of Research and Evaluation and one rotating member from the department's Policy Group.

(a) Permanent Research Committee members are trained in research design and methods, as well as ethical issues regarding the inclusion of human subjects in research.

(b) The Research Committee recruits other appropriate stakeholders, content experts, administrators, or functional units within the department on a case-by-case basis to serve as temporary Research Committee advisors depending on the content of each research proposal.

(4) The Research Committee will, if necessary, review research proposals within four weeks of the department's receiving the proposal.

(5) The Research Committee, after consultation with administrators whose units are affected by the research, may directly approve the proposal when all parties have reached mutual understanding regarding the purpose and design of the research as well as the timeline, responsibilities, expectations, data sharing requirements, and dissemination of results.

## 291-035-0015

### Procedures for Submitting a Research Proposal

(1) The Research Committee will:

(a) Review all external research proposals conducted with inmates, department staff, inmate families, or community corrections where department resources are required, ensuring that:

(A) The proposed research benefits inmates, community corrections, department staff, the Department of Corrections, or the State of Oregon;

(B) The research design is sufficient to test stated hypotheses;

(C) Disruptions to institutions are minimized;

(D) The department's research interests are integrated and considered as enhancements to the proposed research where appropriate; and

(E) The proposed research has been reviewed and approved by an institutional review board including an inmate representative if applicable.

(b) Coordinate research activities conducted within the department and research conducted in cooperation with government or private agencies, individuals, or institutions.

(2) Ordinarily, the Research Committee will be amenable to proposals that:

(a) Cause minimal disruption in department tasks;

(b) Require minimal department resources;

(c) Are of short duration;

(d) Are proposed by a college or university student who is under the supervision of a faculty advisor;

(e) Are proposed by government or private agencies, institutions, and individuals who have training and knowledge in research methods, statistical analysis, and the dissemination of findings;

(f) Benefit inmates, community corrections, the department, the State of Oregon, or adds to the general knowledge; and

(g) Propose a research design that is sufficient to test stated hypotheses.

(3) In its review of each research proposal, the Research Committee will consider:

(a) If the research question is relevant and of importance to inmates, community corrections, department staff, the Department of Corrections, the State of Oregon, or the field of corrections;

(b) If the research is in line with the goals and mission of the department;

(c) If the research proposal presents an adequate background and review of relevant literature;

(d) If the research proposal presents reasonable goals and measurable objectives;

(e) If the research proposal presents an understandable and adequate methodology, including participant selection, identification of experimental variables, data collection, data analysis, and data presentation; and

(f) What expenses or utilization of resources, if any, will be borne by the department; and

(g) If the department resources required to implement the research are balanced with its potential benefits.

(4) Researchers may be asked to make formal presentations to the Research Committee.

(5) Administrators whose units are directly affected by the proposed research will be consulted by the Research Committee before approval of the research proposal.

# ADMINISTRATIVE RULES

(6) Functional unit managers will ordinarily arrange for implementation of approved research proposals.

(7) Proposals requiring department policy decisions will be referred to the department Assistant Directors, as appropriate.

(8) Records shall be kept documenting each proposal review, committee decision, and the conditions of proposal acceptance.

(9) Researchers are required to return all data collected as part of the research to the Research Committee in format acceptable to the department unless an exemption is made by the Research Committee. Exemptions must be discussed and finalized prior to the approval of research proposals.

(10) All sensitive data concerning inmates, department staff, inmate families, or community corrections must be protected while in the possession of the researchers. Researchers will be responsible for complying with statutory requirements regarding information security in accordance with ORS 182.122 and 646A.600, and other applicable statutes and laws.

(11) Researchers are required to provide a copy of all research reports and related manuscripts to the Research Committee for their records.

(12) Data collected may be used only for the proposed purpose(s) of the approved proposal. Additional use of the data, including but not limited to additional analyses, reporting, and dissemination must be preapproved by the Research Committee.

(13) While the department does not forbid the researcher from distributing accurate data, the department may insist on including a disclaimer if it believes assumptions about the data or conclusions drawn by the researcher(s) are flawed.

(14) A research proposal may be denied if the proposed research:

(a) Exposes any inmate, offender, or staff member, with or without informed consent, to involvement in medical, genetic, psychiatric, or psychological experimentation or research within the meaning of ORS 421.085 or other applicable statutes and laws;

(b) Requires the disclosure of information protected by the provisions of ORS 192.502, 179.505, or other applicable statutes and laws;

(c) Poses appreciable hazard to the life or health of any human being, to state property, to the security, sound order, or discipline of any institution, or to the mission of the Department of Corrections or any of its functional units;

(d) Is not approved by an institutional review board;

(e) Does not benefit inmates, community corrections, department staff, the Department of Corrections, or the State of Oregon;

(f) Does not consider the integration of the department's research needs where appropriate;

(g) Does not include a research design which is sufficient to test stated hypotheses;

(h) Poses more than minimal disruption to the operation of institutions or offices;

(i) Does not provide a balance between required department resources and the potential benefits of the research; or

(j) Does not align with the goals and mission of the department.

#### Purpose

These rules prescribe procedures to promote the design, construction and renovation of highly energy efficient buildings owned and operated by state agencies by:

(1) Minimizing energy use by incorporating the Optimum Energy Conservation Measures Package as defined in these rules into the final building design; and

(2) Reducing agency energy use by 20 percent in existing buildings by the year 2015 compared to the year 2000.

### 330-130-0020

#### Definitions

(1) "Agency" means the authorized state agency, board, commission, department or division which has the authority to enter contracts, finance the construction, purchase, renovation, or leasing of buildings or other structures for use by the State of Oregon.

(2) "Agency contact" means a lead person appointed by the agency who is responsible to coordinate all State Energy Efficient Design related business with the Oregon Department of Energy, such as project notifications, interagency agreements, invoice and payment, project coordination, guideline updates and advisory recommendations.

(3) "Baseline building" means the basic building conceived by the agency and the design team. The baseline building incorporates the standard design features of typical buildings of the same usage and meets the prescriptive or performance requirements of the Oregon Energy Efficiency Specialty Code according to criteria established in the State Energy Efficient Design Program Guidelines.

(4) "Benefit-to-Cost Ratio (BCR)" means the present value of Energy Conservation Measure benefits divided by the present value of incremental Energy Conservation Measure costs.

(a) The Energy Conservation Measure benefit is the difference between the present values of the operating cost of the baseline building and the operating cost of the baseline building with the Energy Conservation Measure added.

## ADMINISTRATIVE RULES

(b) The incremental Energy Conservation Measure cost is the difference between the present values of the capital cost of the baseline building and the capital cost of the baseline building with the Energy Conservation Measure added.

(5) "Biennial report" means the report summarizing the progress toward achieving the goals of ORS 276.900 through ORS 276.915.

(6) Building Class:

(a) "Class 1 Building" means all:

(A) New buildings, additions, or renovations of 10,000 or more square feet of heated or cooled floor area; and

(B) Building additions that increase the size of an existing building to 10,000 or more square feet of heated or cooled floor area and renovations to buildings of 10,000 or more square feet of heated or cooled floor area, which significantly affect:

(i) The existing mechanical or control system; or

(ii) At least two of the following energy systems: interior lighting, building envelope, domestic hot water, or special equipment.

(iii) Only those systems identified in (i) and (ii) that are significantly affected are subject to procedures outlined in 330-130-0040.

(b) "Class 2 Building" means all new buildings or renovations of less than 10,000 square feet of heated or cooled floor area except for new buildings, structures, or facilities of any size which have no energy using systems.

(7) "Building model" means a computer model, which calculates annual building energy use. The Oregon Department of Energy shall approve hourly building models, simplified hourly building models and the approach to modeling Energy Conservation Measure energy savings above the baseline building as established in the State Energy Efficient Design Program Guidelines. The building model for all Class 1 Buildings must be an hourly building model, except for certain Class 1 buildings as approved by the Oregon Department of Energy where simplified hourly building modeling or prescriptive packages established in the State Energy Efficient Design Program Guidelines may be used.

(8) "Capital construction cost" means the cost of current and future building investments including construction, design, administration, major replacement, and salvage values. Costs of compliance with these rules may also be included.

(9) "Commissioning agent" is an individual or firm that has demonstrated experience commissioning Heating, Ventilating, and Air Conditioning (HVAC) mechanical systems and HVAC control systems, commercial and industrial mechanical technologies, lighting controls, and testing and balancing of air and water systems.

(10) "Contracting agency" means the agency entering into a contract for facility construction or renovation.

(11) "Department" means the Oregon Department of Energy.

(12) "Design team" means the architect(s), engineer(s), and other professionals who are responsible for the design of the new building or renovation.

(13) "Director" means the director of the department.

(14) "Energy Use Index (EUI)" is a calculated index that describes a building's energy use in relation to a metric, generally square feet, such as kBtu/ft<sup>2</sup>-yr or kWh/ft<sup>2</sup>-yr.

(15) "Energy analysis report" means a report prepared by an energy analyst, under the direction of a professional engineer or licensed architect, recommending an Optimum Energy Conservation Measure Package for a Class 1 building. The report must include:

(a) Department State Energy Efficient Design forms;

(b) A summary of recommendations;

(c) A baseline building description;

(d) Energy Conservation Measure descriptions with analysis results;

(e) Energy Conservation Measure savings calculations; and

(f) Energy Conservation Measure cost estimates.

(16) "Energy analyst" means the individual who prepares the building energy analysis and the energy analysis report under the direction of a professional engineer or licensed architect who reports to the project architect or agency.

(17) "Energy auditor" is an individual or firm that has demonstrated experience performing comprehensive analysis of a building's energy using systems, and performs benefit to cost analysis of energy efficiency measures.

(18) "Energy Conservation Measure (ECM)" means a measure designed to reduce energy use, including alternative energy systems which replace conventional fuels with renewable resources. ECMs must not conflict with applicable codes and other professional standards.

(19) "ECM Package" means two or more ECMs combined for analysis.

(20) "Energy Service Company (ESCO)" means a company, firm or other legal person with the demonstrated technical, operational, financial and managerial capabilities to design, install, construct, commission, manage, measure and verify, and otherwise implement ECMs and other work in building systems or building components that are directly related to the ECMs in existing buildings and structures.

(21) "Energy Services Performance Contract (ESPC)" means a public improvement contract between a contracting agency and a qualified energy service company for the identification, evaluation, recommendation, design, and construction of ECMs, including a Design Build Contract, that guarantees the energy savings performance.

(22) "Energy systems performance verification plan" means a plan that outlines how the building's energy systems are to be tested during the construction phase and how the building's performance is to be verified with long-term monitoring during occupancy.

(23) "Highly efficient facility" means a facility that is designed, built and operated according to these State Energy Efficient Design rules, that makes use of renewable energy resources where practical, that incorporates all cost-effective energy efficiency measures, and exceeds the requirements of the Oregon Energy Efficiency Specialty Code.

(24) "Leadership in Energy Efficient Design (LEED)" is an internationally recognized green building certification system, providing third-party verification that a building or community was designed and built using strategies intended to improve performance in metrics such as energy savings, water efficiency, greenhouse gas emissions reduction, improved indoor environmental quality, and stewardship of resources and sensitivity to their impacts.

(25) "Measurement and verification (M&V)" means, as used in ESPC Procurement, the examination of installed ECMs using the International Performance Measurement and Verification Protocol or process, to monitor and verify the operation of energy using systems pre-installation and post-installation.

(26) "Net Present Value Savings (NPVS)" means the difference between the present values of the capital and operating costs of the baseline building and the capital and operating costs of the baseline building with the ECM added.

(27) "OEESC" means the Oregon Energy Efficiency Specialty Code adopted pursuant to OAR 918-460-0500.

(28) "Operating cost" means the costs for energy, fuel, annual and periodic maintenance, supplies, consumables, and other operating items associated with ECMs, such as water and sewer, during the life of the building.

(29) "Optimum ECM Package" means the ECM package which incorporates all reasonable cost-effective ECMs and which meets the following conditions:

(a) Each ECM included in the package has a BCR greater than 1.0 when modeled independently.

(b) The ECM package has a BCR greater than 1.0.

(c) The ECM Package has the highest NPVS of the analyzed ECM packages.

(30) "Oregon Reach Code" is a set of construction standards adopted under ORS 455.490 to 455.595.

(31) "Present value" means the value of a financial cost or benefit, discounted to current dollars using discounting factors and methods approved by the department.

(32) "Renewable energy resource" includes, but is not limited to, on-site generation of energy for use in the building from the following sources:

(a) Straw, forest slash, wood waste or other wastes from farm or forest land, nonpetroleum plant or animal based biomass, ocean wave energy, solar energy, wind power, water power or geothermal energy; or

(b) A hydroelectric generating facility that obtains all applicable permits and complies with all state and federal statutory requirements for the protection of fish and wildlife and:

(A) That does not exceed 10 megawatts of installed capacity; or

(B) Qualifies as a research, development or demonstration facility.

(c) The purchase of renewable energy certificates does not qualify as a renewable energy resource.

(33) "SEED" means State Energy Efficient Design Program as defined in ORS 276.900 through ORS 276.915 under the heading State Agency Facility Energy Design.

(34) "SEED Program Guidelines" are guidelines developed by the department with assistance from an advisory committee that consists of

# ADMINISTRATIVE RULES

representatives from interested agencies, design professionals, consulting engineers and utilities.

(35) "Simple payback" means the estimated ECM cost divided by the estimated first year ECM energy, operating, and maintenance savings.

### Alternate Compliance Paths

(1) If an agency intends to seek LEED certification, or build to the Oregon Reach Code or build to some other substantially equivalent national standard for a building project the following shall apply:

(a) The agency must notify the department in writing of their intention to seek LEED certification, or build to the Oregon Reach Code or build to a substantially equivalent national standard. When an agency wishes to build to a substantially equivalent national standard, the department must agree and certify in writing that the standard is "substantially equivalent" before the agency can proceed.

(b) The agency must comply with energy consumption analysis and review requirements of the SEED Program Guidelines;

(c) The agency must provide documentation to the department throughout the design, construction and post-occupancy phases to verify that all SEED requirements are met as specified in the SEED Program Guidelines; and

(d) Agencies following the LEED path must achieve a minimum of 12 points in the Energy and Atmosphere Credit Number 1 Category (Optimize Energy Performance).

(2) A donated building is exempt from the SEED rules until the agency assumes the title to the building.

### Notification

When the building class has been determined during the pre-design or programming phase of a building project, the following procedures shall be followed:

(1) Class 1 Buildings. Before the design team is selected, the agency and the department may enter into an interagency agreement which outlines the procedures as shown in OAR 330-130-0040, the hourly rates to be charged by the department and the related statement of work. The agency contact shall coordinate with the department to set-up the initial meeting early in the pre-design or programming phase of a building project. The interagency agreement may include expanded services under OAR 330-130-0040(9).

(2) Class 2 Buildings. The agency shall contact the department for consultation and request a list of recommended ECMs and services applicable to the building.

## 330-130-0040

### Procedures for Class 1 Buildings

(1) The SEED process follows typical design process steps as the organizing principle. If the agency is accustomed to using different phases or terminology, or if the project does not fit the suggested steps, an alternative plan may be developed between the department and the agency.

(2) Meetings in this section of these rules may be eliminated or combined with other meetings as deemed appropriate by the department.

(3) Pre-Design or Programming Phase. The purpose of the SEED process is to ensure early involvement so energy efficiency is an integral part of the building design.

(a) Initial Meeting. Early in the pre-design or programming phase, the agency and the department shall meet to:

(A) Discuss the scope of the project;

(B) Define the role of the department including, but not limited to, the level of involvement, decision authority on behalf of the owner, and relationship with contractors. The department shall be notified of all meetings where significant review of or final decisions about energy systems are anticipated.

(C) Develop the request for proposal (RFP) and contract. The RFP and the contract's statement of work must include a reference to building a "highly efficient facility" as defined in these rules and to the SEED process. The department may develop language the agency may use to include energy efficient design in the request for proposals and the contract for architectural and engineering services. Upon request, the department will review or comment on the RFP, contract or energy qualifications of proposals as an expanded service under section (9).

(D) The agency must hire an energy analyst as described in OAR 330-130-0090(2)(a).

(b) Schematic Design Phase:

(A) Energy Planning Session. Early in the Schematic Design Phase, the agency, design team, department and energy analyst shall meet to further define the items in the list below:

- (i) Project design;
- (ii) Construction schedule;
- (iii) Energy goals of the project
- (iv) Design criteria;
- (v) Integrated energy design approach;
- (vi) Energy systems performance verification plan; and
- (vii) Modeling approach.

(B) Preliminary Investigation. Working with the agency and the design team, the energy analyst must prepare a comprehensive list of ECMs to capture significant opportunities for building energy savings. Two weeks before the scoping process (under section (2)(c)), the agency must deliver to the department the following items:

- (i) Description of the baseline building and its energy-using systems;
- (ii) List of proposed ECMs;
- (iii) Approach and tools for modeling;
- (iv) Initial plans;
- (v) Design intent;
- (vi) Description of operating criteria; and
- (vii) Results of preliminary modeling effort, if any.

(c) Scoping Process. The department, the agency, the design team, and the energy analyst shall select the ECMs for analysis. If needed, further refinement of the modeling effort may be discussed and decided upon.

(4) Design Development Phase:

(a) Baseline and individual ECM analysis. The energy analyst shall use the building model for baseline building analysis and individual ECM analysis. The energy analyst may use fully documented manual calculations for simple, non-interactive ECMs and may eliminate potential ECMs with preliminary estimates of costs and savings if the simple payback is greater than the equipment life.

(b) Metering Plan. The agency, in consultation with the energy analyst, the design team and the department, must specify what types of utility meters are to be installed and what system is to be used to monitor the building's energy use. Where practical, sub-metering shall be provided on major energy-using equipment or systems. This Metering Plan must be incorporated in the energy systems performance verification plan.

(c) Interim Submittal and Review. Two weeks before the ECM Review Meeting, the agency must submit to the department the preliminary energy analysis report. The department must review the preliminary energy analysis report and provide its written or verbal comments and recommendations to the agency prior to the ECM review meeting. The following items must be submitted as part of the preliminary energy analysis report:

(A) Narrative describing the baseline building and the proposed ECMs;

(B) Tables showing energy use for the baseline building and the building with proposed ECMs;

(C) Baseline building model input and output;

(D) List of eliminated ECMs and calculations;

(E) Analysis results for individual ECMs; and

(F) Metering plan.

(d) ECM Review Meeting. The department, the agency, the design team, and the energy analyst shall meet to review and agree on the results in the preliminary energy analysis report.

(5) Construction Documents Phase:

(a) Implementation of Cost-Effective Measures. The agency must incorporate the Optimum ECM Package into the final building design.

(b) Submittal of Construction Documents. The agency shall provide the department with construction documents in sufficient detail to verify that the Optimum ECM Package will be included in the final construction documents and specifications no later than at 90 percent design completion. This submittal must also include the preliminary energy systems performance verification plan.

# ADMINISTRATIVE RULES

(c) The department shall review this submittal and forward its written findings and recommendations to the agency within 10 working days after receiving the documents, if practicable.

(6) Construction Phase:

(a) Contractor Submittals and Substitutions. The design firm shall ensure that contractor equipment submittals, requests for substitutions and change orders adhere to the ECM design intent. The design firm must send any substitutions or submittals that differ from the ECM design intent to the department for review.

(b) Final Report Submittal. The agency shall deliver the final energy analysis report containing the Optimum ECM Package and projected energy use to the department for review.

(c) Delivery of the department findings. The department shall review the report and forward its written findings and recommendations to the agency within 10 working days after receiving the report, if practicable.

(d) Site Inspections. To verify that ECMs are installed correctly and operating efficiently, the department or its representative may make walk-through site inspections during the installation of ECMs.

(e) Performance verification. The energy systems performance verification plan must be carried out and a copy of the test reports must be submitted to the department.

(f) Training. It is recommended that instruction on the design intent and operation of the building as a system be offered to the owners and operators of the new facility. This may be part of the energy systems performance verification plan. The training should parallel the operations manual prepared for the owner.

(7) Occupancy Phase:

(a) Monitoring. At completion of functional testing (approximately two months after occupancy begins), a meeting may be held between the agency, building operator, general contractor, commissioning agent, and energy analyst to review building energy use. Actual building operation will be compared with assumptions made in the final design phase energy analysis. If significant differences in schedules, equipment, operation, etc. exist, a calibrated energy model must be submitted at the discretion of the department (if actual energy use is outside five percent (+/-) of predicted energy use). During the first 18 months into occupancy, energy use by the building systems must be monitored and compared with the modeling results. If significant differences between the actual energy use and the model predictions result, the agency must investigate to find the cause, so that:

(A) An adjustment can be made to the operation of the building; or

(B) An explanation for the difference can be found that is acceptable to the agency and the department. The agency must send its finding to the department.

(b) Non-compliance. If, after monitoring the building for 18 months, the building's performance does not meet the projected energy use because of reasons reported under (7)(a), the agency shall submit an energy conservation plan to the department within 90 days after reporting the non-compliance. This plan will outline the modifications to be made until monitoring shows that the building meets the projected energy use, or all reasonable attempts to reduce the energy use have been made. A report of these remedial actions must be submitted to the department.

(c) SEED Award. The department shall give the SEED Award to the agency if the building complies with these SEED rules, is a "highly efficient facility," and meets the criteria for the SEED award as determined in the SEED Program Guidelines.

(8) Waiver. The director of the department may waive part of these rules when an agency cannot comply due to extenuating circumstances such as a conflict with federal requirements, for health or safety reasons, or the building has been designated a historic site.

(9) Expanded Services. Expanded services are services provided by the department that are outside the scope of OAR 330-130-0010 through 330-130-0100. Such services may include, but are not limited to:

(a) Acting as the owner's agent on energy issues;

(b) Modeling during various phases of the design process and when the building is occupied;

(c) Participating on design teams and providing services for building projects following an alternate compliance path as specified in OAR 330-130-0025;

(d) Building commissioning; and

(e) Providing resource conservation management assistance and training as needed or requested by the agency.

### Procedures for Class 2 Buildings

(1) Role of the agency. The agency shall determine that the design incorporates all required prescriptive ECMs or all reasonable cost-effective ECMs. ECMs or ECM packages with a Simple Payback shorter than equipment life shall be considered cost-effective for Class 2 Buildings.

(2) Role of the department. The department has accepted the Oregon Reach Code as a prescriptive package of measures deemed to result in the definition of a highly efficient facility for Class 2 Buildings. The department shall also be available to the agency to advise or suggest potential energy saving measures.

(3) Project Reporting. The agency shall provide the department with the list of all measures or packages installed in the building.

### Service Charges

Charges to the agency by the department for services shall be as follows:

(1) Class 1 Buildings:

(a) The charges by the department to the agency will be based on an hourly rate for the actual hours worked on the project. Hourly rates charged by the department and invoiced to the agency will include salary, other payroll expenses, the federally allowed indirect rate for the department, staff travel expenses, other service or supply costs, and administrative costs. Invoices may be submitted to the agency by the department monthly commencing one month after notification. Invoices will provide the hours of service and the hourly rate. The maximum charge shall be calculated at \$0.002 for each dollar of capital construction cost unless otherwise agreed to in writing by the agency and the department.

(b) The department will invoice the agency for all final charges within 60 days following the completion of its work as described in these rules. To ensure the agency receives the final invoice prior to closing their construction accounts, the department may invoice in advance for final building inspections and post-occupancy energy use tracking.

(2) Class 2 Buildings. No charge unless the agency chooses to enter into an interagency agreement with the department.

(3) Charges do not include design team or energy analyst services. The agency must obtain these services directly. Charges include all services provided by the department or their representative in fulfilling the requirements described in these rules. Charges do not include services such as described in section 330-130-0040(9) "Expanded Services" provided by the department.

(4) The director may waive charges for special circumstances including, but not limited to, demonstration or pilot projects.

(5) All charges are subject to review and adjustment by the director of the department.

### Department Administrative Procedures

(1) The department shall provide information and administer the program to ensure the program is in accordance with these rules.

(2) Under special circumstances, the director may waive certain requirements under these rules, provided the intent of the program as described in statute is maintained.

(3) The department has developed guidelines, which contain recommended procedures, instructions, and information relating to these rules. The department shall solicit agency comments on the guidelines on a biennial basis and revise the guidelines as appropriate.

# ADMINISTRATIVE RULES

(4) The department shall compile information about agency participation and ECM implementation into a database. The department shall make database information available to agencies and use the data in evaluating agency compliance with the objectives of ORS 276.900 through ORS 276.915.

(5) The department, the Oregon Department of Administrative Services and the Oregon University System shall jointly prepare a biennial report to the legislature on January 1 of every odd-numbered year.

### Procedures for Monitoring the Reduction in Energy Use by State Agencies

In order to review whether an agency meets the requirement to reduce the amount of use of energy by at least 20 percent from the amount used by the agency in the 2000 calendar year or the first 12 month period for which reliable energy use data exists, the following rules for tracking energy use apply.

(1) Energy use shall be tracked on a monthly basis using billing data. Electricity and heating fuels shall be tracked separately. The use of standard commercially available software for uniform tracking is recommended.

(2) Agencies must report and enter energy use on an annual basis into the State Energy Use Database <http://saec.wesd.org>.

(3) Energy use per square foot of conditioned space shall be tracked, where applicable. Where square footage is not applicable, another metric by which to compare annual energy use must be used in consultation with the Department.

(4) Weather adjustments relative to the base year 2000 are allowed if:

(a) The adjustments follow a standard process developed by the department through the SEED Program Guidelines; and

(b) Both the raw and revised usage is reported.

(5) When significant changes of facility size or use takes place, adjustments to the baseline energy consumption may be made.

(6) It is recommended that sub-metering of buildings and/or major energy consuming equipment is added where advisable and feasible in order to get better data on energy use and facilitate better energy management of the facilities.

(7) To assure that the 20 percent energy use reduction by 2015 goal is met, interim energy reduction goals shall apply:

(a) 10 percent reduction in energy use by the agency by December 31, 2010; and

(b) 15 percent reduction in energy use by the agency by December 31, 2012.

(8) If an agency fails to achieve and maintain the required percent reduction by the dates in (7)(a) and (7)(b), the following rules apply:

(a) The agency must notify the department that it failed to achieve or maintain the required percent energy savings by June 30th of each subsequent year.

(b) Within 90 days of such notification, the agency must submit to the department a corrective plan to reduce energy use by the required percent. The plan must:

(A) Outline all modifications, procedures, and changes that need to be introduced until the target is met and maintained; and

(B) The plan shall be in a format described in the SEED Program Guidelines.

(c) The agency may request the department to provide technical assistance in developing this corrective plan. In the event that the agency requests assistance, the agency must compensate the department's costs for assistance in preparation or review of the plan.

(d) The agency must implement the corrective plan within six months from the date of approval by the department. The agency shall monitor progress, report to the department, and modify the plan as necessary every six months, until the target reduction is achieved.

(e) This conservation plan and the results of remedial action(s) must be included in the biennial report to the legislature, to be jointly prepared by the department, the Oregon Department of Administrative Services and the Oregon University System.

### Pre-qualification for persons performing Energy Analysis and Energy Savings Performance Contracting Services

(1) The department shall establish criteria to prequalify persons or firms to execute the provisions of this bill. Agencies must only select persons or firms that have been prequalified by the department to perform energy analysis and energy savings performance contracting services.

(2) Agencies that wish to hire a person or firm that has not been previously prequalified by the department must request approval from the department for exemption from this requirement. Only licensed professional architects and engineers are considered eligible for exemption from pre-qualification.

(a) Energy analyst

(A) The department shall establish a list of pre-qualified energy analysts through an open RFP process that uses qualifications-based scoring criteria to determine a person's ability to perform building energy analysis.

(B) An agency may hire an energy analyst not on the approved list provided the energy analyst is a licensed engineer or architect and meets the qualifications of the energy analyst described in the SEED Program Guidelines. All energy analysis reports must be stamped by a licensed engineer or architect.

(b) ESCO

(A) A qualifying firm will have demonstrated expertise in the following areas:

(i) A prior record of successfully performing ESPCs on projects involving existing buildings and structures that are comparable to the project under consideration by the contracting agency; and

(ii) The financial strength to effectively guarantee energy savings and performance under the ESPC for the project in question, or the ability to secure necessary financial measures to effectively guarantee energy savings under an ESPC for that project.

(B) Pre-qualification process: The department must utilize a Request for Qualifications (RFQ) process as the first step in a two-part process to pre-qualify energy service companies to perform energy savings performance contracting services.

(C) RFQ proposal evaluation process: For ESPC proposal evaluations, the department shall establish qualifications-based evaluation factors that outweigh price-related factors, due to the fact that the RFQ process is the first step of a two-step process used to establish a list of pre-qualified firms that a contracting agency must choose from for distribution of RFPs.

(3) Agencies must adhere to the following requirements for ESPC projects:

(a) Only select persons or firms that have been pre-qualified by the department to provide energy savings performance contracting services.

(b) The agency must use the department's template contract documents for all phases of the ESPC contract.

(c) Only utilize ESPC for comprehensive facility retrofits that include energy efficiency projects for two or more energy using systems. These systems must contribute to at least 50 percent of a facility's total energy use.

(d) Only use ESPC for projects that save energy and water resources.

(e) Only use ESPC for existing buildings that are two or more years old.

(f) Limit eligible contracting phases to:

(A) Phase I parts A and B for the technical energy audit and project development plan;

(B) Phase II Design Build contract; and

(C) Phase III for the energy savings guarantee and measurement and verification contract.

(g) Not combine service agreements with an ESPC contract. All service agreement contracts must be mutually exclusive.

(h) Advertise a simplified RFP as the second step of a two-step process for final selection of an ESCO for ESPC services.

(i) Only distribute RFPs to ESCOs that have been pre-qualified by the department.

(j) At a minimum, the RFP must include a technical facility profile, mandatory pre-proposal walk-through, and an interview process.

(k) Select qualifications-based evaluation factors that outweigh price factors.

(l) Contract with a third party for commissioning and measurement and verification services.

(m) Select a pre-qualified ESCO for third party commissioning or measurement and verification services associated with the ESPC project.

### Pre-qualification for persons performing Energy Commissioning, Auditing, and Performance Verification Services

(1) The department shall establish criteria to pre-qualify persons or firms to execute the provisions of this bill. Agencies may select persons or firms that have been pre-qualified by the department to perform auditing, commissioning, and performance verification services for energy systems.

#### (2) Energy Auditor:

(a) The department shall maintain a list of pre-qualified energy auditing firms. This list must be established through an open RFP process using a qualification-based scoring criteria to determine a person's or firm's ability to perform energy audits in existing buildings.

(b) A qualifying firm must demonstrate expertise in the following areas:

(A) Commercial and industrial technology;

(B) Energy auditing equipment, heating, ventilating, and air conditioning systems;

(C) Lighting design;

(D) Energy efficiency technology; and;

(E) Preventative maintenance procedures.

(c) Agencies may use the department's list of pre-qualified energy auditors for the selection of a person or firm to perform energy conservation measure analysis of existing buildings.

#### (3) Commissioning Agent

(a) The department maintains a list of pre-qualified commissioning firms. This list will be established through an open RFP process that uses a qualifications-based scoring criteria to determine a person's or firm's ability to perform commissioning of energy using systems in new and existing buildings.

(b) At least one individual employed by the firm must be a member of a building commissioning professional association such as Building Commissioning Association (BCA), National Environmental Balancing Bureau (NEBB), or Associated Air Balance Council (AABC).

(c) Agencies may use the department's list of pre-qualified commissioning agents for the selection of a person or firm to perform commissioning services for energy efficiency projects in new and existing buildings.

#### (4) Measurement and verification.

(5) Agencies may select from the list of pre-qualified ESCOs described in OAR 330-130-0090(2)(b) or the list of commissioning agents described in OAR 330-130-0100(3) for the measurement and verification of implemented energy efficiency measures.

## Department of Environmental Quality Chapter 340

**Rule Caption:** Temporary Rule Adoption for Small Biomass Boilers.

**Adm. Order No.:** DEQ 7-2011(Temp)

**Filed with Sec. of State:** 6-24-2011

**Certified to be Effective:** 6-24-11 thru 12-19-11

**Notice Publication Date:**

**Rules Amended:** 340-200-0020, 340-210-0100, 340-210-0110, 340-210-0120, 340-212-0140, 340-228-0140, 340-228-0020, 340-228-0210, 340-262-0450, 340-262-0600

**Subject:** DEQ's Heat Smart Program is designed to reduce air pollution from residential wood heating, including woodstoves and small-scale with a heat output equal to or less than 1 million Btu per hour outdoor residential and commercial wood-fired boilers. The Heat Smart rules prohibit the sale of all small solid fuel burning devices unless they are certified by DEQ, using EPA certification standards. Currently, EPA does not certify small-scale commercial, industrial and institutional biomass boilers. The Oregon Department of Environmental Quality (DEQ) is exempting such boilers from the Heat Smart regulations because these boilers are subject to other existing state and federal particulate and air toxics standards and do not need to be regulated under the Heat Smart rules. The temporary rules also require registration and clarify existing state and federal particulate and air toxics rule requirements applicable to small-scale

commercial, industrial and institutional solid fuel-burning boilers with a heat output under 10 million Btu per hour.

**Rules Coordinator:** Maggie Vandehey — (503) 229-6878

## 340-200-0020

### General Air Quality Definitions

As used in divisions 200 through 268, unless specifically defined otherwise:

(1) "Act" or "FCAA" means the Federal Clean Air Act, 42 U.S.C.A. 7401 to 7671q.

(2) "Activity" means any process, operation, action, or reaction (e.g., chemical) at a source that emits a regulated pollutant.

(3) "Actual emissions" means the mass emissions of a pollutant from an emissions source during a specified time period.

(a) For determining actual emissions as of the baseline period:

(A) Except as provided in paragraphs (B) and (C) of this subsection and subsection (b) of this section, actual emissions equal the average rate at which the source actually emitted the pollutant during an applicable baseline period and that represents normal source operation;

(B) The Department presumes that the source-specific mass emissions limit included in a source's permit that was effective on September 8, 1981 is equivalent to the source's actual emissions during the applicable baseline period if it is within 10% of the actual emissions calculated under paragraph (A) of this subsection.

(C) Actual emissions equal the potential to emit of the source for the sources listed in paragraphs (i) through (iii) of this paragraph. The actual emissions will be reset if required in accordance with subsection (c) of this section.

(i) Any source or part of a source that had not begun normal operations during the applicable baseline period but was approved to construct and operate before or during the baseline period in accordance with OAR 340 division 210, or

(ii) Any source or part of a source of greenhouse gases that had not begun normal operations prior to January 1, 2010, but was approved to construct and operate prior to January 1, 2011 in accordance with OAR 340 division 210, or

(iii) Any source or part of a source that had not begun normal operations during the applicable baseline period and was not required to obtain approval to construct and operate before or during the applicable baseline period.

(b) For any source or part of a source that had not begun normal operations during the applicable baseline period, but was approved to construct and operate in accordance with OAR 340 division 224, actual emissions on the date the permit is issued equal the potential to emit of the source. The actual emissions will be reset if required in accordance with subsection (c) of this section.

(c) Where actual emissions equal potential to emit under paragraph (a)(C) or subsection (b) of this section, the potential emissions will be reset to actual emissions as follows:

(A) Paragraphs (A) through (D) of this subsection apply to sources whose actual emissions of greenhouse gases were determined pursuant paragraph (3)(a)(C), and to all other sources of all other regulated pollutants that are permitted in accordance with OAR division 224 on or after May 1, 2011.

(B) Except as provided in paragraph (D) of this subsection, ten years from the end of the applicable baseline period under paragraph (a)(C) or ten years from the date the permit is issued under subsection (b), or an earlier time if requested by the source in a permit application involving public notice, the Department will reset actual emissions to equal the highest actual emission rate during any consecutive 12-month period during the ten year period or any shorter period if requested by the source.

(C) Any emission reductions achieved due to enforceable permit conditions based on OAR 340-226-0110 and 0120 (highest and best practicable treatment and control) are not included in the reset calculation required in paragraph (B) of this subsection.

(D) The Department may extend the date of resetting by five additional years upon satisfactory demonstration by the source that construction is ongoing or normal operation has not yet been achieved.

(d) For determining actual emissions for Emission Statements under OAR 340-214-0200 through 340-214-0220 and Oregon Title V Operating Permit Fees under OAR 340 division 220, actual emissions include, but are not limited to, routine process emissions, fugitive emissions, excess emissions from maintenance, startups and shutdowns, equipment malfunction, and other activities, except categorically insignificant activities and secondary emissions.

# ADMINISTRATIVE RULES

(e) For Oregon Title V Operating Permit Fees under OAR 340 division 220, actual emissions must be directly measured with a continuous monitoring system or calculated using a material balance or verified emission factor determined in accordance with division 220 in combination with the source's actual operating hours, production rates, or types of materials processed, stored, or combusted during the specified time period.

(4) "Adjacent" means interdependent facilities that are nearby to each other.

(5) "Affected source" means a source that includes one or more affected units that are subject to emission reduction requirements or limitations under Title IV of the FCAA.

(6) "Affected states" means all states:

(a) Whose air quality may be affected by a proposed permit, permit modification, or permit renewal and that are contiguous to Oregon; or

(b) That are within 50 miles of the permitted source.

(7) "Aggregate insignificant emissions" means the annual actual emissions of any regulated air pollutant from one or more designated activities at a source that are less than or equal to the lowest applicable level specified in this section. The total emissions from each designated activity and the aggregate emissions from all designated activities must be less than or equal to the lowest applicable level specified.

(a) One ton for total reduced sulfur, hydrogen sulfide, sulfuric acid mist, any Class I or II substance subject to a standard promulgated under or established by Title VI of the Act, and each criteria pollutant, except lead;

(b) 120 pounds for lead;

(c) 600 pounds for fluoride;

(d) 500 pounds for PM10 in a PM10 nonattainment area;

(e) 500 pounds for direct PM2.5 in a PM2.5 nonattainment area;

(f) The lesser of the amount established in OAR 340-244-0040, Table 1 or 340-244-0230, Table 3, or 1,000 pounds;

(g) An aggregate of 5,000 pounds for all Hazardous Air Pollutants;

(h) 2,756 tons CO<sub>2</sub>e for greenhouse gases.

(8) "Air Contaminant" means a dust, fume, gas, mist, odor, smoke, vapor, pollen, soot, carbon, acid or particulate matter, or any combination thereof.

(9) "Air Contaminant Discharge Permit" or "ACDP" means a written permit issued, renewed, amended, or revised by the Department, pursuant to OAR 340 division 216.

(10) "Alternative method" means any method of sampling and analyzing for an air pollutant that is not a reference or equivalent method but has been demonstrated to the Department's satisfaction to, in specific cases, produce results adequate for determination of compliance. An alternative method used to meet an applicable federal requirement for which a reference method is specified must be approved by EPA unless EPA has delegated authority for the approval to the Department.

(11) "Ambient Air" means that portion of the atmosphere, external to buildings, to which the general public has access.

(12) "Applicable requirement" means all of the following as they apply to emissions units in an Oregon Title V Operating Permit program source or ACDP program source, including requirements that have been promulgated or approved by the EPA through rule making at the time of issuance but have future-effective compliance dates:

(a) Any standard or other requirement provided for in the applicable implementation plan approved or promulgated by the EPA through rule-making under Title I of the Act that implements the relevant requirements of the Act, including any revisions to that plan promulgated in 40 CFR Part 52;

(b) Any standard or other requirement adopted under OAR 340-200-0040 of the State of Oregon Clean Air Act Implementation Plan that is more stringent than the federal standard or requirement which has not yet been approved by the EPA, and other state-only enforceable air pollution control requirements;

(c) Any term or condition in an ACDP, OAR 340 division 216, including any term or condition of any preconstruction permits issued pursuant to OAR 340 division 224, New Source Review, until or unless the Department revokes or modifies the term or condition by a permit modification;

(d) Any term or condition in a Notice of Construction and Approval of Plans, OAR 340-210-0205 through 340-210-0240, until or unless the Department revokes or modifies the term or condition by a Notice of Construction and Approval of Plans or a permit modification;

(e) Any term or condition in a Notice of Approval, OAR 340-218-0190, issued before July 1, 2001, until or unless the Department revokes or modifies the term or condition by a Notice of Approval or a permit modification;

(f) Any term or condition of a PSD permit issued by the EPA until or unless the EPA revokes or modifies the term or condition by a permit modification;

(g) Any standard or other requirement under section 111 of the Act, including section 111(d);

(h) Any standard or other requirement under section 112 of the Act, including any requirement concerning accident prevention under section 112(r)(7) of the Act;

(i) Any standard or other requirement of the acid rain program under Title IV of the Act or the regulations promulgated thereunder;

(j) Any requirements established pursuant to section 504(b) or section 114(a)(3) of the Act;

(k) Any standard or other requirement under section 126(a)(1) and(c) of the Act;

(l) Any standard or other requirement governing solid waste incineration, under section 129 of the Act;

(m) Any standard or other requirement for consumer and commercial products, under section 183(e) of the Act;

(n) Any standard or other requirement for tank vessels, under section 183(f) of the Act;

(o) Any standard or other requirement of the program to control air pollution from outer continental shelf sources, under section 328 of the Act;

(p) Any standard or other requirement of the regulations promulgated to protect stratospheric ozone under Title VI of the Act, unless the Administrator has determined that such requirements need not be contained in an Oregon Title V Operating Permit; and

(q) Any national ambient air quality standard or increment or visibility requirement under part C of Title I of the Act, but only as it would apply to temporary sources permitted pursuant to section 504(e) of the Act.

(13) "Baseline Emission Rate" means the actual emission rate during a baseline period. Baseline emission rate does not include increases due to voluntary fuel switches or increased hours of operation that occurred after that baseline period.

(a) A baseline emission rate will be established only for regulated pollutants subject to OAR 340 division 224 as specified in the definition of regulated pollutant. A baseline emission rate will not be established for PM<sub>2.5</sub>.

(b) The baseline emission rate for greenhouse gases, on a CO<sub>2</sub>e basis, will be established with the first permitting action issued after July 1, 2011, provided the permitting action involved a public notice period that began after July 1, 2011.

(c) For a pollutant that becomes a regulated pollutant subject to OAR 340 division 224 after May 1, 2011, the initial baseline emission rate is the actual emissions of that pollutant during any consecutive 12 month period within the 24 months immediately preceding its designation as a regulated pollutant if a baseline period has not been defined for the pollutant.

(d) The baseline emission rate will be recalculated if actual emissions are reset in accordance with the definition of actual emissions.

(e) Once the baseline emission rate has been established or recalculated in accordance with subsection (d) of this section, the production basis for the baseline emission rate may only be changed if a material mistake or an inaccurate statement was made in establishing the production basis for baseline emission rate.

(14) "Baseline Period" means:

(a) Any consecutive 12 calendar month period during the calendar years 1977 or 1978 for any regulated pollutant other than greenhouse gases. The Department may allow the use of a prior time period upon a determination that it is more representative of normal source operation.

(b) Any consecutive 12 calendar month period during the calendar years 2000 through 2010 for greenhouse gases.

(15) "Best Available Control Technology" or "BACT" means an emission limitation, including, but not limited to, a visible emission standard, based on the maximum degree of reduction of each air contaminant subject to regulation under the Act which would be emitted from any proposed major source or major modification which, on a case-by-case basis, taking into account energy, environmental, and economic impacts and other costs, is achievable for such source or modification through application of production processes or available methods, systems, and techniques, including fuel cleaning or treatment or innovative fuel combustion techniques for control of such air contaminant. In no event may the application of BACT result in emissions of any air contaminant that would exceed the emissions allowed by any applicable new source performance standard or any standard for hazardous air pollutant. If an emission limitation is not feasible, a design, equipment, work practice, or operational standard, or combination thereof, may be required. Such standard must, to the degree possible, set

## ADMINISTRATIVE RULES

forth the emission reduction achievable and provide for compliance by prescribing appropriate permit conditions.

(16) "Biomass" means non-fossilized and biodegradable organic material originating from plants, animals, and micro-organisms, including products, byproducts, residues and waste from agriculture, forestry, and related industries as well as the non-fossilized and biodegradable organic fractions of industrial and municipal wastes, including gases and liquids recovered from the decomposition of non-fossilized and biodegradable organic matter.

(17) "Capacity" means the maximum regulated pollutant emissions from a stationary source under its physical and operational design.

(18) "Capture system" means the equipment (including but not limited to hoods, ducts, fans, and booths) used to contain, capture and transport a pollutant to a control device.

(19) "Carbon dioxide equivalent" or "CO<sub>2</sub>e" means an amount of a greenhouse gas or gases expressed as the equivalent amount of carbon dioxide, and shall be computed by multiplying the mass of each of the greenhouse gases by the global warming potential published for each gas at 40 CFR Part 98, subpart A, Table A-1—Global Warming Potentials, and adding the resulting value for each greenhouse gas to compute the total equivalent amount of carbon dioxide. (20) "Categorically insignificant activity" means any of the following listed pollutant emitting activities principally supporting the source or the major industrial group. Categorically insignificant activities must comply with all applicable requirements.

(a) Constituents of a chemical mixture present at less than 1% by weight of any chemical or compound regulated under divisions 200 through 268 excluding divisions 248 and 262 of this chapter, or less than 0.1% by weight of any carcinogen listed in the U.S. Department of Health and Human Service's Annual Report on Carcinogens when usage of the chemical mixture is less than 100,000 pounds/year;

(b) Evaporative and tail pipe emissions from on-site motor vehicle operation;

(c) Distillate oil, kerosene, and gasoline fuel burning equipment rated at less than or equal to 0.4 million Btu/hr;

(d) Natural gas and propane burning equipment rated at less than or equal to 2.0 million Btu/hr;

(e) Office activities;

(f) Food service activities;

(g) Janitorial activities;

(h) Personal care activities;

(i) Groundskeeping activities including, but not limited to building painting and road and parking lot maintenance;

(j) On-site laundry activities;

(k) On-site recreation facilities;

(l) Instrument calibration;

(m) Maintenance and repair shop;

(n) Automotive repair shops or storage garages;

(o) Air cooling or ventilating equipment not designed to remove air contaminants generated by or released from associated equipment;

(p) Refrigeration systems with less than 50 pounds of charge of ozone depleting substances regulated under Title VI, including pressure tanks used in refrigeration systems but excluding any combustion equipment associated with such systems;

(q) Bench scale laboratory equipment and laboratory equipment used exclusively for chemical and physical analysis, including associated vacuum producing devices but excluding research and development facilities;

(r) Temporary construction activities;

(s) Warehouse activities;

(t) Accidental fires;

(u) Air vents from air compressors;

(v) Air purification systems;

(w) Continuous emissions monitoring vent lines;

(x) Demineralized water tanks;

(y) Pre-treatment of municipal water, including use of deionized water purification systems;

(z) Electrical charging stations;

(aa) Fire brigade training;

(bb) Instrument air dryers and distribution;

(cc) Process raw water filtration systems;

(dd) Pharmaceutical packaging;

(ee) Fire suppression;

(ff) Blueprint making;

(gg) Routine maintenance, repair, and replacement such as anticipated activities most often associated with and performed during regularly

scheduled equipment outages to maintain a plant and its equipment in good operating condition, including but not limited to steam cleaning, abrasive use, and woodworking;

(hh) Electric motors;

(ii) Storage tanks, reservoirs, transfer and lubricating equipment used for ASTM grade distillate or residual fuels, lubricants, and hydraulic fluids;

(jj) On-site storage tanks not subject to any New Source Performance Standards (NSPS), including underground storage tanks (UST), storing gasoline or diesel used exclusively for fueling of the facility's fleet of vehicles;

(kk) Natural gas, propane, and liquefied petroleum gas (LPG) storage tanks and transfer equipment;

(ll) Pressurized tanks containing gaseous compounds;

(mm) Vacuum sheet stacker vents;

(nn) Emissions from wastewater discharges to publicly owned treatment works (POTW) provided the source is authorized to discharge to the POTW, not including on-site wastewater treatment and/or holding facilities;

(oo) Log ponds;

(pp) Storm water settling basins;

(qq) Fire suppression and training;

(rr) Paved roads and paved parking lots within an urban growth boundary;

(ss) Hazardous air pollutant emissions of fugitive dust from paved and unpaved roads except for those sources that have processes or activities that contribute to the deposition and entrainment of hazardous air pollutants from surface soils;

(tt) Health, safety, and emergency response activities;

(uu) Emergency generators and pumps used only during loss of primary equipment or utility service due to circumstances beyond the reasonable control of the owner or operator, or to address a power emergency as determined by the Department;

(vv) Non-contact steam vents and leaks and safety and relief valves for boiler steam distribution systems;

(ww) Non-contact steam condensate flash tanks;

(xx) Non-contact steam vents on condensate receivers, deaerators and similar equipment;

(yy) Boiler blowdown tanks;

(zz) Industrial cooling towers that do not use chromium-based water treatment chemicals;

(aaa) Ash piles maintained in a wetted condition and associated handling systems and activities;

(bbb) Oil/water separators in effluent treatment systems;

(ccc) Combustion source flame safety purging on startup;

(ddd) Broke beaters, pulp and repulping tanks, stock chests and pulp handling equipment, excluding thickening equipment and repulpers;

(eee) Stock cleaning and pressurized pulp washing, excluding open stock washing systems; and

(fff) White water storage tanks.

(21) "Certifying individual" means the responsible person or official authorized by the owner or operator of a source who certifies the accuracy of the emission statement.

(22) "CFR" means Code of Federal Regulations.

(23) "Class I area" means any Federal, State or Indian reservation land which is classified or reclassified as Class I area. Class I areas are identified in OAR 340-204-0050.

(24) "Commence" or "commencement" means that the owner or operator has obtained all necessary preconstruction approvals required by the Act and either has:

(a) Begun, or caused to begin, a continuous program of actual on-site construction of the source to be completed in a reasonable time; or

(b) Entered into binding agreements or contractual obligations, which cannot be canceled or modified without substantial loss to the owner or operator, to undertake a program of construction of the source to be completed in a reasonable time.

(25) "Commission" or "EQC" means Environmental Quality Commission.

(26) "Constant Process Rate" means the average variation in process rate for the calendar year is not greater than plus or minus ten percent of the average process rate.

(27) "Construction":

(a) Except as provided in subsection (b) of this section means any physical change including, but not limited to, fabrication, erection, installation, demolition, or modification of a source or part of a source;

(b) As used in OAR 340 division 224 means any physical change including, but not limited to, fabrication, erection, installation, demolition,

## ADMINISTRATIVE RULES

or modification of an emissions unit, or change in the method of operation of a source which would result in a change in actual emissions.

(28) "Continuous compliance determination method" means a method, specified by the applicable standard or an applicable permit condition, which:

(a) Is used to determine compliance with an emission limitation or standard on a continuous basis, consistent with the averaging period established for the emission limitation or standard; and

(b) Provides data either in units of the standard or correlated directly with the compliance limit.

(29) "Continuous Monitoring Systems" means sampling and analysis, in a timed sequence, using techniques which will adequately reflect actual emissions or concentrations on a continuing basis in accordance with the Department's Continuous Monitoring Manual, and includes continuous emission monitoring systems, continuous opacity monitoring system (COMS) and continuous parameter monitoring systems.

(30) "Control device" means equipment, other than inherent process equipment, that is used to destroy or remove air pollutant(s) prior to discharge to the atmosphere. The types of equipment that may commonly be used as control devices include, but are not limited to, fabric filters, mechanical collectors, electrostatic precipitators, inertial separators, afterburners, thermal or catalytic incinerators, adsorption devices (such as carbon beds), condensers, scrubbers (such as wet collection and gas absorption devices), selective catalytic or non-catalytic reduction systems, flue gas recirculation systems, spray dryers, spray towers, mist eliminators, acid plants, sulfur recovery plants, injection systems (such as water, steam, ammonia, sorbent or limestone injection), and combustion devices independent of the particular process being conducted at an emissions unit (e.g., the destruction of emissions achieved by venting process emission streams to flares, boilers or process heaters). For purposes of OAR 340-212-0200 through 340-212-0280, a control device does not include passive control measures that act to prevent pollutants from forming, such as the use of seals, lids, or roofs to prevent the release of pollutants, use of low-polluting fuel or feedstocks, or the use of combustion or other process design features or characteristics. If an applicable requirement establishes that particular equipment which otherwise meets this definition of a control device does not constitute a control device as applied to a particular pollutant-specific emissions unit, then that definition will be binding for purposes of OAR 340-212-0200 through 340-212-0280.

(31) "Criteria Pollutant" means nitrogen oxides, volatile organic compounds, particulate matter, PM10, PM2.5, sulfur dioxide, carbon monoxide, or lead.

(32) "Data" means the results of any type of monitoring or method, including the results of instrumental or non-instrumental monitoring, emission calculations, manual sampling procedures, recordkeeping procedures, or any other form of information collection procedure used in connection with any type of monitoring or method.

(33) "De minimis emission levels" mean the levels for the pollutants listed in Table 4.

**NOTE:** De minimis is compared to all increases that are not included in the PSEL.

(34) "Department":

(a) Means Department of Environmental Quality; except

(b) As used in OAR 340 divisions 218 and 220 means Department of Environmental Quality or in the case of Lane County, Lane Regional Air Protection Agency.

(35) "Device" means any machine, equipment, raw material, product, or byproduct at a source that produces or emits a regulated pollutant.

(36) "Direct PM2.5" has the meaning provided in the definition of PM2.5.

(37) "Director" means the Director of the Department or the Director's designee.

(38) "Draft permit" means the version of an Oregon Title V Operating Permit for which the Department or Lane Regional Air Protection Agency offers public participation under OAR 340-218-0210 or the EPA and affected State review under 340-218-0230.

(39) "Effective date of the program" means the date that the EPA approves the Oregon Title V Operating Permit program submitted by the Department on a full or interim basis. In case of a partial approval, the "effective date of the program" for each portion of the program is the date of the EPA approval of that portion.

(40) "Emergency" means any situation arising from sudden and reasonably unforeseeable events beyond the control of the owner or operator, including acts of God, which situation requires immediate corrective action to restore normal operation, and that causes the source to exceed a technology-based emission limitation under the permit, due to unavoidable increases in emissions attributable to the emergency. An emergency does

not include noncompliance to the extent caused by improperly designed equipment, lack of preventative maintenance, careless or improper operation, or operator error.

(41) "Emission" means a release into the atmosphere of any regulated pollutant or any air contaminant.

(42) "Emission Estimate Adjustment Factor" or "EEAF" means an adjustment applied to an emission factor to account for the relative inaccuracy of the emission factor.

(43) "Emission Factor" means an estimate of the rate at which a pollutant is released into the atmosphere, as the result of some activity, divided by the rate of that activity (e.g., production or process rate).

(44)(a) Except as provided in subsection (b) of this section, "Emission Limitation" and "Emission Standard" mean a requirement established by a State, local government, or the EPA which limits the quantity, rate, or concentration of emissions of air pollutants on a continuous basis, including any requirements which limit the level of opacity, prescribe equipment, set fuel specifications, or prescribe operation or maintenance procedures for a source to assure continuous emission reduction.

(b) As used in OAR 340-212-0200 through 340-212-0280, "Emission limitation or standard" means any applicable requirement that constitutes an emission limitation, emission standard, standard of performance or means of emission limitation as defined under the Act. An emission limitation or standard may be expressed in terms of the pollutant, expressed either as a specific quantity, rate or concentration of emissions (e.g., pounds of SO2 per hour, pounds of SO2 per million British thermal units of fuel input, kilograms of VOC per liter of applied coating solids, or parts per million by volume of SO2) or as the relationship of uncontrolled to controlled emissions (e.g., percentage capture and destruction efficiency of VOC or percentage reduction of SO2). An emission limitation or standard may also be expressed either as a work practice, process or control device parameter, or other form of specific design, equipment, operational, or operation and maintenance requirement. For purposes of 340-212-0200 through 340-212-0280, an emission limitation or standard does not include general operation requirements that an owner or operator may be required to meet, such as requirements to obtain a permit, to operate and maintain sources in accordance with good air pollution control practices, to develop and maintain a malfunction abatement plan, to keep records, submit reports, or conduct monitoring.

(45) "Emission Reduction Credit Banking" means to presently reserve, subject to requirements of OAR 340 division 268, Emission Reduction Credits, emission reductions for use by the reserver or assignee for future compliance with air pollution reduction requirements.

(46) "Emission Reporting Form" means a paper or electronic form developed by the Department that must be completed by the permittee to report calculated emissions, actual emissions, or permitted emissions for interim emission fee assessment purposes.

(47) "Emissions unit" means any part or activity of a source that emits or has the potential to emit any regulated air pollutant.

(a) A part of a source is any machine, equipment, raw material, product, or byproduct that produces or emits regulated air pollutants. An activity is any process, operation, action, or reaction (e.g., chemical) at a stationary source that emits regulated air pollutants. Except as described in subsection (d) of this section, parts and activities may be grouped for purposes of defining an emissions unit if the following conditions are met:

(A) The group used to define the emissions unit may not include discrete parts or activities to which a distinct emissions standard applies or for which different compliance demonstration requirements apply; and

(B) The emissions from the emissions unit are quantifiable.

(b) Emissions units may be defined on a pollutant by pollutant basis where applicable.

(c) The term emissions unit is not meant to alter or affect the definition of the term "unit" under Title IV of the FCAA.

(d) Parts and activities cannot be grouped for determining emissions increases from an emissions unit under OAR 340-224-0050 through 340-224-0070, or 340 division 210, or for determining the applicability of any New Source Performance Standard (NSPS).

(48) "EPA" or "Administrator" means the Administrator of the United States Environmental Protection Agency or the Administrator's designee.

(49) "Equivalent method" means any method of sampling and analyzing for an air pollutant that has been demonstrated to the Department's satisfaction to have a consistent and quantitatively known relationship to the reference method, under specified conditions. An equivalent method used to meet an applicable federal requirement for which a reference method is specified must be approved by EPA unless EPA has delegated authority for the approval to the Department.

## ADMINISTRATIVE RULES

(50) "Event" means excess emissions that arise from the same condition and occur during a single calendar day or continue into subsequent calendar days.

(51) "Exceedance" means a condition that is detected by monitoring that provides data in terms of an emission limitation or standard and that indicates that emissions (or opacity) are greater than the applicable emission limitation or standard (or less than the applicable standard in the case of a percent reduction requirement) consistent with any averaging period specified for averaging the results of the monitoring.

(52) "Excess emissions" means emissions in excess of a permit limit or any applicable air quality rule.

(53) "Excursion" means a departure from an indicator range established for monitoring under OAR 340-212-0200 through 340-212-0280 and 340-218-0050(3)(a), consistent with any averaging period specified for averaging the results of the monitoring.

(54) "Federal Land Manager" means with respect to any lands in the United States, the Secretary of the federal department with authority over such lands.

(55) "Federal Major Source" means a source with potential to emit any individual regulated pollutant, excluding hazardous air pollutants listed in OAR 340 division 244, greater than or equal to 100 tons per year if in a source category listed below, or 250 tons per year if not in a source category listed. In addition, for greenhouse gases, a federal major source must also have the potential to emit CO<sub>2</sub>e greater than or equal to 100,000 tons per year. The fugitive emissions and insignificant activity emissions of a stationary source are considered in determining whether it is a federal major source. Potential to emit calculations must include emission increases due to a new or modified source and may include emission decreases.

(a) Fossil fuel-fired steam electric plants of more than 250 million BTU/hour heat input;

(b) Coal cleaning plants with thermal dryers;

(c) Kraft pulp mills;

(d) Portland cement plants;

(e) Primary Zinc Smelters;

(f) Iron and Steel Mill Plants;

(g) Primary aluminum ore reduction plants;

(h) Primary copper smelters;

(i) Municipal Incinerators capable of charging more than 50 tons of refuse per day;

(j) Hydrofluoric acid plants;

(k) Sulfuric acid plants;

(l) Nitric acid plants;

(m) Petroleum Refineries;

(n) Lime plants;

(o) Phosphate rock processing plants;

(p) Coke oven batteries;

(q) Sulfur recovery plants;

(r) Carbon black plants, furnace process;

(s) Primary lead smelters;

(t) Fuel conversion plants;

(u) Sintering plants;

(v) Secondary metal production plants;

(w) Chemical process plants;

(x) Fossil fuel fired boilers, or combinations thereof, totaling more than 250 million BTU per hour heat input;

(y) Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels;

(z) Taconite ore processing plants;

(aa) Glass fiber processing plants;

(bb) Charcoal production plants.

(56) "Final permit" means the version of an Oregon Title V Operating Permit issued by the Department or Lane Regional Air Protection Agency that has completed all review procedures required by OAR 340-218-0120 through 340-218-0240.

(57) "Form" means a paper or electronic form developed by the Department.

(58) "Fugitive Emissions":

(a) Except as used in subsection (b) of this section, means emissions of any air contaminant which escape to the atmosphere from any point or area that is not identifiable as a stack, vent, duct, or equivalent opening.

(b) As used to define a major Oregon Title V Operating Permit program source, means those emissions which could not reasonably pass through a stack, chimney, vent, or other functionally equivalent opening.

(59) "General permit":

(a) Except as provided in subsection (b) of this section, means an Oregon Air Contaminant Discharge Permit established under OAR 340-216-0060;

(b) As used in OAR 340 division 218 means an Oregon Title V Operating Permit established under OAR 340-218-0090.

(60) "Generic PSEL" means the levels for the pollutants listed in Table 5.

**NOTE:** Sources are eligible for a generic PSEL if expected emissions are less than or equal to the levels listed in Table 5. Baseline emission rate and netting basis do not apply to pollutants at sources using generic PSELs.

(61)(a) "Greenhouse Gases" or "GHGs" means the aggregate group of six greenhouse gases: carbon dioxide, nitrous oxide, methane, hydrofluorocarbons, perfluorocarbons, and sulfur hexafluoride. Each gas is also individually a greenhouse gas.

(b) The definition of greenhouse gases in subsection (a) of this section does not include, for purposes of division 216, 218, and 224, carbon dioxide emissions from the combustion or decomposition of biomass except to the extent required by federal law.

(62) "Growth Allowance" means an allocation of some part of an airshed's capacity to accommodate future proposed major sources and major modifications of sources.

(63) "Immediately" means as soon as possible but in no case more than one hour after a source knew or should have known of an excess emission period.

(64) "Inherent process equipment" means equipment that is necessary for the proper or safe functioning of the process, or material recovery equipment that the owner or operator documents is installed and operated primarily for purposes other than compliance with air pollution regulations. Equipment that must be operated at an efficiency higher than that achieved during normal process operations in order to comply with the applicable emission limitation or standard is not inherent process equipment. For the purposes of OAR 340-212-0200 through 340-212-0280, inherent process equipment is not considered a control device.

(65) "Insignificant Activity" means an activity or emission that the Department has designated as categorically insignificant, or that meets the criteria of aggregate insignificant emissions.

(66) "Insignificant Change" means an off-permit change defined under OAR 340-218-0140(2)(a) to either a significant or an insignificant activity which:

(a) Does not result in a re-designation from an insignificant to a significant activity;

(b) Does not invoke an applicable requirement not included in the permit; and

(c) Does not result in emission of regulated air pollutants not regulated by the source's permit.

(67) "Late Payment" means a fee payment which is postmarked after the due date.

(68) "Lowest Achievable Emission Rate" or "LAER" means that rate of emissions which reflects: the most stringent emission limitation which is contained in the implementation plan of any state for such class or category of source, unless the owner or operator of the proposed source demonstrates that such limitations are not achievable; or the most stringent emission limitation which is achieved in practice by such class or category of source, whichever is more stringent. The application of this term cannot permit a proposed new or modified source to emit any air contaminant in excess of the amount allowable under applicable New Source Performance Standards (NSPS) or standards for hazardous air pollutants.

(69) "Maintenance Area" means a geographical area of the State that was designated as a nonattainment area, redesignated as an attainment area by EPA, and redesignated as a maintenance area by the Environmental Quality Commission in OAR 340, division 204.

(70) "Maintenance Pollutant" means a pollutant for which a maintenance area was formerly designated a nonattainment area.

(71) "Major Modification" means any physical change or change in the method of operation of a source that results in satisfying the requirements of both subsections (a) and (b) of this section, or of subsection (c) of this section for any regulated air pollutant. Major modifications for ozone precursors or PM<sub>2.5</sub> precursors also constitute major modifications for ozone and PM<sub>2.5</sub>, respectively.

(a) Except as provided in subsection (d) of this section, a PSEL that exceeds the netting basis by an amount that is equal to or greater than the significant emission rate.

(b) The accumulation of emission increases due to physical changes and changes in the method of operation as determined in accordance with paragraphs (A) and (B) of this subsection is equal to or greater than the significant emission rate.

# ADMINISTRATIVE RULES

(A) Calculations of emission increases in subsection (b) of this section must account for all accumulated increases in actual emissions due to physical changes and changes in the method of operation occurring at the source since the applicable baseline period, or since the time of the last construction approval issued for the source pursuant to the New Source Review Regulations in OAR 340 division 224 for that pollutant, whichever time is more recent. These include fugitive emissions and emissions from insignificant activities.

(B) Emission increases due solely to increased use of equipment or facilities that existed or were permitted or approved to construct in accordance with OAR 340 division 210 during the applicable baseline period are not included, except if the increased use is to support a physical change or change in the method of operation.

(c) Any change at a source, including production increases, that would result in a Plant Site Emission Limit increase of 1 ton or more for any regulated pollutant for which the source is a major source in nonattainment or maintenance areas or a federal major source in attainment or unclassified areas, if the source obtained permits to construct and operate after the applicable baseline period but has not undergone New Source Review.

(A) Subsection (c) of this section does not apply to PM<sub>2.5</sub> and greenhouse gases.

(B) Changes to the PSEL solely due to the availability of better emissions information are exempt from being considered an increase.

(d) If a portion of the netting basis or PSEL (or both) was set based on PTE because the source had not begun normal operations but was permitted or approved to construct and operate, that portion of the netting basis or PSEL (or both) must be excluded from the tests in subsections (a) and (b) of this section until the netting basis is reset as specified in the definitions of baseline emission rate and netting basis.

(e) The following are not considered major modifications:

(A) Except as provided in subsection (c) of this section, proposed increases in hours of operation or production rates that would cause emission increases above the levels allowed in a permit and would not involve a physical change or change in method of operation in the source;

(B) Routine maintenance, repair, and replacement of components;

(C) Temporary equipment installed for maintenance of the permanent equipment if the temporary equipment is in place for less than six months and operated within the permanent equipment's existing PSEL;

(D) Use of alternate fuel or raw materials, that were available and the source was capable of accommodating in the baseline period.

(72) "Major Source":

(a) Except as provided in subsection (b) of this section, means a source that emits, or has the potential to emit, any regulated air pollutant at a Significant Emission Rate. The fugitive emissions and insignificant activity emissions of a stationary source are considered in determining whether it is a major source. Potential to emit calculations must include emission increases due to a new or modified source and may include emission decreases.

(b) As used in OAR 340 division 210, Stationary Source Notification Requirements, OAR 340 division 218, rules applicable to sources required to have Oregon Title V Operating Permits, OAR 340 division 220, Oregon Title V Operating Permit Fees, and 340-216-0066 Standard ACDPs, means any stationary source (or any group of stationary sources that are located on one or more contiguous or adjacent properties and are under common control of the same person (or persons under common control)) belonging to a single major industrial grouping or supporting the major industrial group and that is described in paragraphs (A), (B), (C) or (D) of this subsection. For the purposes of this subsection, a stationary source or group of stationary sources is considered part of a single industrial grouping if all of the pollutant emitting activities at such source or group of sources on contiguous or adjacent properties belong to the same Major Group (i.e., all have the same two-digit code) as described in the Standard Industrial Classification Manual (U.S. Office of Management and Budget, 1987) or support the major industrial group.

(A) A major source of hazardous air pollutants, which means:

(i) For pollutants other than radionuclides, any stationary source or group of stationary sources located within a contiguous area and under common control that emits or has the potential to emit, in the aggregate, 10 tons per year (tpy) or more of any hazardous air pollutants that has been listed pursuant to OAR 340-244-0040; 25 tpy or more of any combination of such hazardous air pollutants, or such lesser quantity as the Administrator may establish by rule. Emissions from any oil or gas exploration or production well, along with its associated equipment, and emissions from any pipeline compressor or pump station will not be aggregated

with emissions from other similar units, whether or not such units are in a contiguous area or under common control, to determine whether such units or stations are major sources; or

(ii) For radionuclides, "major source" will have the meaning specified by the Administrator by rule.

(B) A major stationary source of air pollutants, as defined in section 302 of the Act, that directly emits or has the potential to emit 100 tpy or more of any regulated air pollutant, except greenhouse gases, including any major source of fugitive emissions of any such pollutant. The fugitive emissions of a stationary source are not considered in determining whether it is a major stationary source for the purposes of section 302(j) of the Act, unless the source belongs to one of the following categories of stationary source:

(i) Coal cleaning plants (with thermal dryers);

(ii) Kraft pulp mills;

(iii) Portland cement plants;

(iv) Primary zinc smelters;

(v) Iron and steel mills;

(vi) Primary aluminum ore reduction plants;

(vii) Primary copper smelters;

(viii) Municipal incinerators capable of charging more than 50 tons of refuse per day;

(ix) Hydrofluoric, sulfuric, or nitric acid plants;

(x) Petroleum refineries;

(xi) Lime plants;

(xii) Phosphate rock processing plants;

(xiii) Coke oven batteries;

(xiv) Sulfur recovery plants;

(xv) Carbon black plants (furnace process);

(xvi) Primary lead smelters;

(xvii) Fuel conversion plants;

(xviii) Sintering plants;

(xix) Secondary metal production plants;

(xx) Chemical process plants;

(xxi) Fossil-fuel boilers, or combination thereof, totaling more than 250 million British thermal units per hour heat input;

(xxii) Petroleum storage and transfer units with a total storage capacity exceeding 300,000 barrels;

(xxiii) Taconite ore processing plants;

(xxiv) Glass fiber processing plants;

(xxv) Charcoal production plants;

(xxvi) Fossil-fuel-fired steam electric plants of more than 250 million British thermal units per hour heat input; or

(xxvii) Any other stationary source category, that as of August 7, 1980 is being regulated under section 111 or 112 of the Act.

(C) Beginning July 1, 2011, a major stationary source of air pollutants, as defined by Section 302 of the Act, that directly emits or has the potential to emit 100 tpy or more of greenhouse gases and directly emits or has the potential to emit 100,000 tpy or more CO<sub>2</sub>e, including fugitive emissions.

(D) A major stationary source as defined in part D of Title I of the Act, including:

(i) For ozone nonattainment areas, sources with the potential to emit 100 tpy or more of VOCs or oxides of nitrogen in areas classified as "marginal" or "moderate," 50 tpy or more in areas classified as "serious," 25 tpy or more in areas classified as "severe," and 10 tpy or more in areas classified as "extreme"; except that the references in this paragraph of this subsection to 100, 50, 25, and 10 tpy of nitrogen oxides do not apply with respect to any source for which the Administrator has made a finding, under section 182(f)(1) or (2) of the Act, that requirements under section 182(f) of the Act do not apply;

(ii) For ozone transport regions established pursuant to section 184 of the Act, sources with the potential to emit 50 tpy or more of VOCs;

(iii) For carbon monoxide nonattainment areas:

(I) That are classified as "serious"; and

(II) In which stationary sources contribute significantly to carbon monoxide levels as determined under rules issued by the Administrator, sources with the potential to emit 50 tpy or more of carbon monoxide.

(iv) For particulate matter (PM<sub>10</sub>) nonattainment areas classified as "serious," sources with the potential to emit 70 tpy or more of PM<sub>10</sub>.

(73) "Material Balance" means a procedure for determining emissions based on the difference in the amount of material added to a process and the amount consumed and/or recovered from a process.

(74) "Modification," except as used in the term "major modification," means any physical change to, or change in the method of operation of, a

## ADMINISTRATIVE RULES

stationary source that results in an increase in the stationary source's potential to emit any regulated air pollutant on an hourly basis. Modifications do not include the following:

(a) Increases in hours of operation or production rates that do not involve a physical change or change in the method of operation;

(b) Changes in the method of operation due to using an alternative fuel or raw material that the stationary source was physically capable of accommodating during the baseline period; and

(c) Routine maintenance, repair and like-for-like replacement of components unless they increase the expected life of the stationary source by using component upgrades that would not otherwise be necessary for the stationary source to function.

(75) "Monitoring" means any form of collecting data on a routine basis to determine or otherwise assess compliance with emission limitations or standards. Monitoring may include record keeping if the records are used to determine or assess compliance with an emission limitation or standard (such as records of raw material content and usage, or records documenting compliance with work practice requirements). Monitoring may include conducting compliance method tests, such as the procedures in appendix A to 40 CFR part 60, on a routine periodic basis. Requirements to conduct such tests on a one-time basis, or at such times as a regulatory authority may require on a non-regular basis, are not considered monitoring requirements for purposes of this definition. Monitoring may include one or more than one of the following data collection techniques as appropriate for a particular circumstance:

(a) Continuous emission or opacity monitoring systems.

(b) Continuous process, capture system, control device or other relevant parameter monitoring systems or procedures, including a predictive emission monitoring system.

(c) Emission estimation and calculation procedures (e.g., mass balance or stoichiometric calculations).

(d) Maintaining and analyzing records of fuel or raw materials usage.

(e) Recording results of a program or protocol to conduct specific operation and maintenance procedures.

(f) Verifying emissions, process parameters, capture system parameters, or control device parameters using portable or in situ measurement devices.

(g) Visible emission observations and recording.

(h) Any other form of measuring, recording, or verifying on a routine basis emissions, process parameters, capture system parameters, control device parameters or other factors relevant to assessing compliance with emission limitations or standards.

(76) "Netting Basis" means the baseline emission rate MINUS any emission reductions required by rule, orders, or permit conditions required by the SIP or used to avoid SIP requirements, MINUS any unassigned emissions that are reduced from allowable under OAR 340-222-0045, MINUS any emission reduction credits transferred off site, PLUS any emission increases approved through the New Source Review regulations in OAR 340 division 224 MINUS any emissions reductions required by subsection (g) of this section.

(a) A netting basis will only be established for regulated pollutants subject to OAR 340 division 224 as specified in the definition of regulated pollutant.

(b) The initial PM<sub>2.5</sub> netting basis and PSEL for a source that was permitted prior to May 1, 2011 will be established with the first permitting action issued after July 1, 2011, provided the permitting action involved a public notice period that began after July 1, 2011.

(A) The initial netting basis is the PM<sub>2.5</sub> fraction of the PM<sub>10</sub> netting basis in effect on May 1, 2011. DEQ may increase the initial PM<sub>2.5</sub> netting basis by up to 5 tons if necessary to avoid exceedance of the PM<sub>2.5</sub> significant emission rate as of May 1, 2011.

(B) Notwithstanding OAR 340-222-0041(2), the initial source specific PSEL for a source with PTE greater than or equal to the SER will be set equal to the PM<sub>2.5</sub> fraction of the PM<sub>10</sub> PSEL.

(c) The initial greenhouse gas netting basis and PSEL for a source will be established with the first permitting action issued after July 1, 2011, provided the permitting action involved a public notice period that began after July 1, 2011.

(d) Netting basis is zero for:

(A) Any regulated pollutant emitted from a source that first obtained permits to construct and operate after the applicable baseline period for that regulated pollutant, and has not undergone New Source Review for that pollutant;

(B) Any pollutant that has a generic PSEL in a permit;

(C) Any source permitted as portable; or

(D) Any source with a netting basis calculation resulting in a negative number.

(e) If a source relocates to an adjacent site, and the time between operation at the old and new sites is less than six months, the source may retain the netting basis from the old site.

(f) Emission reductions required by rule, order, or permit condition affect the netting basis if the source currently has devices or emissions units that are subject to the rules, order, or permit condition. The baseline emission rate is not affected. The netting basis reduction will be effective on the effective date of the rule, order, or permit condition requiring the reduction. The PSEL reduction will be effective on the compliance date of the rule, order, or permit condition.

(g) For permits issued after May 1, 2011 under New Source Review regulations in OAR 340 division 224, and where the netting basis initially equaled the potential to emit for a new or modified source, the netting basis will be reduced in accordance with the definition of actual emissions. Notwithstanding OAR 340-222-0041(2), this adjustment does not require a reduction in the PSEL.

(h) Emission reductions required by rule do not include emissions reductions achieved under OAR 340-226-0110 and 0120.

(i) Netting basis for a pollutant with a revised definition will be adjusted if the source is emitting the pollutant at the time of redefining and the pollutant is included in the permit's netting basis.

(j) Where EPA requires an attainment demonstration based on dispersion modeling, the netting basis will be established at no more than the level used in the dispersion modeling to demonstrate attainment with the ambient air quality standard (i.e., the attainment demonstration is an emission reduction required by rule).

(77) "Nitrogen Oxides" or "NO<sub>x</sub>" means all oxides of nitrogen except nitrous oxide.

(78) "Nonattainment Area" means a geographical area of the State, as designated by the Environmental Quality Commission or the EPA, that exceeds any state or federal primary or secondary ambient air quality standard.

(79) "Nonattainment Pollutant" means a pollutant for which an area is designated a nonattainment area.

(80) "Normal Source Operation" means operations which do not include such conditions as forced fuel substitution, equipment malfunction, or highly abnormal market conditions.

(81) "Offset" means an equivalent or greater emission reduction that is required before allowing an emission increase from a proposed major source or major modification of an existing source.

(82) "Opacity" means the degree to which an emission reduces transmission of light and obscures the view of an object in the background as measured in accordance with OAR 340-212-0120 and 212-0140. Unless otherwise specified by rule, opacity shall be measured in accordance with EPA Method 9 or a continuous opacity monitoring system (COMS) installed and operated in accordance with the Department's Continuous Monitoring Manual. For all standards, the minimum observation period shall be six minutes, though longer periods may be required by a specific rule or permit condition. Aggregate times (e.g. 3 minutes in any one hour) consist of the total duration of all readings during the observation period that equal or exceed the opacity percentage in the standard, whether or not the readings are consecutive.

(83) "Oregon Title V Operating Permit" means any permit covering an Oregon Title V Operating Permit source that is issued, renewed, amended, or revised pursuant to division 218.

(84) "Oregon Title V Operating Permit program" means a program approved by the Administrator under 40 CFR Part 70.

(85) "Oregon Title V Operating Permit program source" means any source subject to the permitting requirements, OAR 340 division 218.

(86) "Ozone Precursor" means nitrogen oxides and volatile organic compounds as measured by an applicable reference method in accordance with the Department's Source Sampling Manual (January, 1992) or as measured by an EPA reference method in 40 CFR Part 60, appendix A or as measured by a material balance calculation for VOC as appropriate.

(87) "Ozone Season" means the contiguous 3 month period during which ozone exceedances typically occur (i.e., June, July, and August).

(88) "Particulate Matter" means all finely divided solid or liquid material, other than uncombined water, emitted to the ambient air. When used in emission standards, particulate matter is defined by the method specified within the standard or by an applicable reference method in accordance with OAR 340-212-0120 and 340-212-0140. Unless otherwise specified, sources with exhaust gases at or near ambient conditions may be tested with DEQ Method 5 or DEQ Method 8, as approved by the Department.

# ADMINISTRATIVE RULES

Direct heat transfer sources shall be tested with DEQ Method 7; indirect heat transfer combustion sources and all other non-fugitive emissions sources not listed above shall be tested with DEQ Method 5.

(89) "Permit" means an Air Contaminant Discharge Permit or an Oregon Title V Operating Permit.

(90) "Permit modification" means a permit revision that meets the applicable requirements of OAR 340 division 216, 340 division 224, or 340-218-0160 through 340-218-0180.

(91) "Permit revision" means any permit modification or administrative permit amendment.

(92) "Permitted Emissions" as used in OAR division 220 means each regulated pollutant portion of the PSEL, as identified in an ACDP, Oregon Title V Operating Permit, review report, or by the Department pursuant to OAR 340-220-0090.

(93) "Permittee" means the owner or operator of the facility, authorized by the ACDP or the Oregon Title V Operating Permit to operate the source.

(94) "Person" means individuals, corporations, associations, firms, partnerships, joint stock companies, public and municipal corporations, political subdivisions, the State of Oregon and any agencies thereof, and the federal government and any agencies thereof.

(95) "Plant Site Emission Limit" or "PSEL" means the total mass emissions per unit time of an individual air pollutant specified in a permit for a source. The PSEL for a major source may consist of more than one permitted emission.

(96) "PM10":

(a) When used in the context of emissions, means finely divided solid or liquid material, including condensable particulate, other than uncombined water, with an aerodynamic diameter less than or equal to a nominal 10 micrometers, emitted to the ambient air as measured by an applicable reference method in accordance with the Department's Source Sampling Manual (January, 1992);

(b) When used in the context of ambient concentration, means airborne finely divided solid or liquid material with an aerodynamic diameter less than or equal to a nominal 10 micrometers as measured in accordance with 40 CFR Part 50, Appendix J.

(97) "PM2.5":

(a) When used in the context of direct PM2.5 emissions, means finely divided solid or liquid material, including condensable particulate, other than uncombined water, with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers, emitted to the ambient air as measured by EPA reference methods 201A and 202 in 40 CFR Part 51, appendix M.

(b) When used in the context of PM2.5 precursor emissions, means sulfur dioxide (SO<sub>2</sub>) and nitrogen oxides (NO<sub>x</sub>) emitted to the ambient air as measured by EPA reference methods in 40 CFR Part 60, appendix A.

(c) When used in the context of ambient concentration, means particles with an aerodynamic diameter less than or equal to a nominal 2.5 micrometers as measured by a reference method based on 40 CFR Part 50, Appendix L, or an equivalent method designated in accordance with 40 CFR Part 53.

(98) "PM2.5 fraction" means the fraction of PM2.5 to PM10 for each emissions unit that is included in the netting basis and PSEL.

(99) "Pollutant-specific emissions unit" means an emissions unit considered separately with respect to each regulated air pollutant.

(100) "Potential to emit" or "PTE" means the lesser of:

(a) The capacity of a stationary source; or

(b) The maximum allowable emissions taking into consideration any physical or operational limitation, including air pollution control equipment and restrictions on hours of operation or on the type or amount of material combusted, stored, or processed, if the limitation is enforceable by the Administrator.

(c) This definition does not alter or affect the use of this term for any other purposes under the Act or the term "capacity factor" as used in Title IV of the Act and the regulations promulgated thereunder. Secondary emissions are not considered in determining the potential to emit.

(101) "Predictive emission monitoring system (PEMS)" means a system that uses process and other parameters as inputs to a computer program or other data reduction system to produce values in terms of the applicable emission limitation or standard.

(102) "Process Upset" means a failure or malfunction of a production process or system to operate in a normal and usual manner.

(103) "Proposed permit" means the version of an Oregon Title V Operating Permit that the Department or a Regional Agency proposes to issue and forwards to the Administrator for review in compliance with OAR 340-218-0230.

(104) "Reference method" means any method of sampling and analyzing for an air pollutant as specified in 40 CFR Part 52, 60, 61 or 63.

(105) "Regional Agency" means Lane Regional Air Protection Agency.

(106) "Regulated air pollutant" or "Regulated Pollutant":

(a) Except as provided in subsections (b) and (c) of this section, means:

(A) Nitrogen oxides or any VOCs;

(B) Any pollutant for which a national ambient air quality standard has been promulgated, including any precursors to such pollutants;

(C) Any pollutant that is subject to any standard promulgated under section 111 of the Act;

(D) Any Class I or II substance subject to a standard promulgated under or established by Title VI of the Act;

(E) Any pollutant listed under OAR 340-244-0040 or 340-244-0230; and

(F) Greenhouse Gases.

(b) As used in OAR 340 division 220, regulated pollutant means particulates, volatile organic compounds, oxides of nitrogen and sulfur dioxide.

(c) As used in OAR 340 division 224, regulated pollutant does not include any pollutant listed in divisions 244 and 246, unless the pollutant is listed in OAR 340 division 200 Table 2 (significant emission rates).

(107) "Renewal" means the process by which a permit is reissued at the end of its term.

(108) "Responsible official" means one of the following:

(a) For a corporation: a president, secretary, treasurer, or vice-president of the corporation in charge of a principal business function, or any other person who performs similar policy or decision-making functions for the corporation, or a duly authorized representative of such person if the representative is responsible for the overall operation of one or more manufacturing, production, or operating facilities applying for or subject to a permit and either:

(A) The facilities employ more than 250 persons or have gross annual sales or expenditures exceeding \$25 million (in second quarter 1980 dollars); or

(B) The delegation of authority to such representative is approved in advance by the Department or Lane Regional Air Protection Agency.

(b) For a partnership or sole proprietorship: a general partner or the proprietor, respectively;

(c) For a municipality, State, Federal, or other public agency: either a principal executive officer or ranking elected official. For the purposes of this division, a principal executive officer of a Federal agency includes the chief executive officer having responsibility for the overall operations of a principal geographic unit of the agency (e.g., a Regional Administrator of the EPA); or

(d) For affected sources:

(A) The designated representative in so far as actions, standards, requirements, or prohibitions under Title IV of the Act or the regulations promulgated there under are concerned; and

(B) The designated representative for any other purposes under the Oregon Title V Operating Permit program.

(109) "Secondary Emissions" means emissions that are a result of the construction and/or operation of a source or modification, but that do not come from the source itself. Secondary emissions must be specific, well defined, quantifiable, and impact the same general area as the source associated with the secondary emissions. Secondary emissions may include, but are not limited to:

(a) Emissions from ships and trains coming to or from a facility;

(b) Emissions from off-site support facilities that would be constructed or would otherwise increase emissions as a result of the construction or modification of a source.

(110) "Section 111" means section 111 of the FCAA which includes Standards of Performance for New Stationary Sources (NSPS).

(111) "Section 111(d)" means subsection 111(d) of the FCAA which requires states to submit to the EPA plans that establish standards of performance for existing sources and provides for implementing and enforcing such standards.

(112) "Section 112" means section 112 of the FCAA which contains regulations for Hazardous Air Pollutants (HAP).

(113) "Section 112(b)" means subsection 112(b) of the FCAA which includes the list of hazardous air pollutants to be regulated.

(114) "Section 112(d)" means subsection 112(d) of the FCAA which directs the EPA to establish emission standards for sources of hazardous air

## ADMINISTRATIVE RULES

pollutants. This section also defines the criteria to be used by the EPA when establishing the emission standards.

(115) "Section 112(e)" means subsection 112(e) of the FCAA which directs the EPA to establish and promulgate emissions standards for categories and subcategories of sources that emit hazardous air pollutants.

(116) "Section 112(r)(7)" means subsection 112(r)(7) of the FCAA which requires the EPA to promulgate regulations for the prevention of accidental releases and requires owners or operators to prepare risk management plans.

(117) "Section 114(a)(3)" means subsection 114(a)(3) of the FCAA which requires enhanced monitoring and submission of compliance certifications for major sources.

(118) "Section 129" means section 129 of the FCAA which requires the EPA to establish emission standards and other requirements for solid waste incineration units.

(119) "Section 129(e)" means subsection 129(e) of the FCAA which requires solid waste incineration units to obtain Oregon Title V Operating Permits.

(120) "Section 182(f)" means subsection 182(f) of the FCAA which requires states to include plan provisions in the State Implementation Plan for NO<sub>x</sub> in ozone nonattainment areas.

(121) "Section 182(f)(1)" means subsection 182(f)(1) of the FCAA which requires states to apply those plan provisions developed for major VOC sources and major NO<sub>x</sub> sources in ozone nonattainment areas.

(122) "Section 183(e)" means subsection 183(e) of the FCAA which requires the EPA to study and develop regulations for the control of certain VOC sources under federal ozone measures.

(123) "Section 183(f)" means subsection 182(f) of the FCAA which requires the EPA to develop regulations pertaining to tank vessels under federal ozone measures.

(124) "Section 184" means section 184 of the FCAA which contains regulations for the control of interstate ozone air pollution.

(125) "Section 302" means section 302 of the FCAA which contains definitions for general and administrative purposes in the Act.

(126) "Section 302(j)" means subsection 302(j) of the FCAA which contains definitions of "major stationary source" and "major emitting facility."

(127) "Section 328" means section 328 of the FCAA which contains regulations for air pollution from outer continental shelf activities.

(128) "Section 408(a)" means subsection 408(a) of the FCAA which contains regulations for the Title IV permit program.

(129) "Section 502(b)(10) change" means a change which contravenes an express permit term but is not a change that:

(a) Would violate applicable requirements;

(b) Would contravene federally enforceable permit terms and conditions that are monitoring, recordkeeping, reporting, or compliance certification requirements; or

(c) Is a Title I modification.

(130) "Section 504(b)" means subsection 504(b) of the FCAA which states that the EPA can prescribe by rule procedures and methods for determining compliance and for monitoring.

(131) "Section 504(e)" means subsection 504(e) of the FCAA which contains regulations for permit requirements for temporary sources.

(132) "Significant Air Quality Impact" means an additional ambient air quality concentration equal to or greater than in the concentrations listed in Table 1. The threshold concentrations listed in Table 1 are used for comparison against the ambient air quality standard and do not apply for protecting PSD Class I increments or air quality related values (including visibility). For sources of VOC or NO<sub>x</sub>, a major source or major modification has a significant impact if it is located within the Ozone Precursor Distance defined in OAR 340-225-0020.

(133) "Significant Emission Rate" or "SER," except as provided in subsections (a) through(c) of this section, means an emission rate equal to or greater than the rates specified in Table 2.

(a) For the Medford-Ashland Air Quality Maintenance Area, the Significant Emission Rate for PM<sub>10</sub> is defined in Table 3.

(b) For regulated air pollutants not listed in Table 2 or 3, the significant emission rate is zero unless the Department determines the rate that constitutes a significant emission rate.

(c) Any new source or modification with an emissions increase less than the rates specified in Table 2 or 3 associated with a new source or modification which would construct within 10 kilometers of a Class I area, and would have an impact on such area equal to or greater than 1 ug/m<sup>3</sup> (24 hour average) is emitting at a significant emission rate. This provision does not apply to greenhouse gas emissions.

(134) "Significant Impairment" occurs when the Department determines that visibility impairment interferes with the management, protection, preservation, or enjoyment of the visual experience within a Class I area. The Department will make this determination on a case-by-case basis after considering the recommendations of the Federal Land Manager and the geographic extent, intensity, duration, frequency, and time of visibility impairment. These factors will be considered along with visitor use of the Class I areas, and the frequency and occurrence of natural conditions that reduce visibility.

(135) "Small scale local energy project" means:

(a) A system, mechanism or series of mechanisms located primarily in Oregon that directly or indirectly uses or enables the use of, by the owner or operator, renewable resources including, but not limited to, solar, wind, geothermal, biomass, waste heat or water resources to produce energy, including heat, electricity and substitute fuels, to meet a local community or regional energy need in this state;

(b) A system, mechanism or series of mechanisms located primarily in Oregon or providing substantial benefits to Oregon that directly or indirectly conserves energy or enables the conservation of energy by the owner or operator, including energy used in transportation;

(c) A recycling project;

(d) An alternative fuel project;

(e) An improvement that increases the production or efficiency, or extends the operating life, of a system, mechanism, series of mechanisms or project otherwise described in this section of this rule, including but not limited to restarting a dormant project;

(f) A system, mechanism or series of mechanisms installed in a facility or portions of a facility that directly or indirectly reduces the amount of energy needed for the construction and operation of the facility and that meets the sustainable building practices standard established by the State Department of Energy by rule; or

(g) A project described in subsections (a) to (f) of this section, whether or not the existing project was originally financed under ORS 470, together with any refinancing necessary to remove prior liens or encumbrances against the existing project.

(h) A project described in subsections (a) to (g) of this section that conserves energy or produces energy by generation or by processing or collection of a renewable resource.

(136) "Source" means any building, structure, facility, installation or combination thereof that emits or is capable of emitting air contaminants to the atmosphere, is located on one or more contiguous or adjacent properties and is owned or operated by the same person or by persons under common control. The term includes all pollutant emitting activities that belong to a single major industrial group (i.e., that have the same two-digit code) as described in the Standard Industrial Classification Manual, (U.S. Office of Management and Budget, 1987) or that support the major industrial group.

(137) "Source category":

(a) Except as provided in subsection(b) of this section, means all the pollutant emitting activities that belong to the same industrial grouping(i.e., that have the same two-digit code) as described in the Standard Industrial Classification Manual, (U.S. Office of Management and Budget, 1987).

(b) As used in OAR 340 division 220, Oregon Title V Operating Permit Fees, means a group of major sources that the Department determines are using similar raw materials and have equivalent process controls and pollution control equipment.

(138) "Source Test" means the average of at least three test runs conducted in accordance with the Department's Source Sampling Manual.

(139) "Startup" and "shutdown" means that time during which an air contaminant source or emission-control equipment is brought into normal operation or normal operation is terminated, respectively.

(140) "State Implementation Plan" or "SIP" means the State of Oregon Clean Air Act Implementation Plan as adopted by the Commission under OAR 340-200-0040 and approved by EPA.

(141) "Stationary source" means any building, structure, facility, or installation at a source that emits or may emit any regulated air pollutant.

(142) "Substantial Underpayment" means the lesser of ten percent (10%) of the total interim emission fee for the major source or five hundred dollars.

(143) "Synthetic minor source" means a source that would be classified as a major source under OAR 340-200-0020, but for limits on its potential to emit air pollutants contained in a permit issued by the Department under OAR 340 division 216 or 218.

(144) "Title I modification" means one of the following modifications pursuant to Title I of the FCAA:

# ADMINISTRATIVE RULES

(a) A major modification subject to OAR 340-224-0050, Requirements for Sources in Nonattainment Areas;

(b) A major modification subject to OAR 340-224-0060, Requirements for Sources in Maintenance Areas;

(c) A major modification subject to OAR 340-224-0070, Prevention of Significant Deterioration Requirements for Sources in Attainment or Unclassified Areas;

(d) A modification that is subject to a New Source Performance Standard under Section 111 of the FCAA; or

(e) A modification under Section 112 of the FCAA.

(145) "Total Reduced Sulfur" or "TRS" means the sum of the sulfur compounds hydrogen sulfide, methyl mercaptan, dimethyl sulfide, dimethyl disulfide, and any other organic sulfides present expressed as hydrogen sulfide(H<sub>2</sub>S).

(146) "Typically Achievable Control Technology" or "TACT" means the emission limit established on a case-by-case basis for a criteria pollutant from a particular emissions unit in accordance with OAR 340-226-0130. For existing sources, the emission limit established will be typical of the emission level achieved by emissions units similar in type and size. For new and modified sources, the emission limit established will be typical of the emission level achieved by well controlled new or modified emissions units similar in type and size that were recently installed. TACT determinations will be based on information known to the Department while considering pollution prevention, impacts on other environmental media, energy impacts, capital and operating costs, cost effectiveness, and the age and remaining economic life of existing emission control equipment. The Department may consider emission control technologies typically applied to other types of emissions units where such technologies could be readily applied to the emissions unit. If an emission limitation is not feasible, a design, equipment, work practice, operational standard, or combination thereof, may be required.

(147) "Unassigned Emissions" means the amount of emissions that are in excess of the PSEL but less than the Netting Basis.

(148) "Unavoidable" or "could not be avoided" means events that are not caused entirely or in part by poor or inadequate design, operation, maintenance, or any other preventable condition in either process or control equipment.

(149) "Upset" or "Breakdown" means any failure or malfunction of any pollution control equipment or operating equipment that may cause excess emissions.

(150) "Visibility Impairment" means any humanly perceptible change in visual range, contrast or coloration from that which existed under natural conditions. Natural conditions include fog, clouds, windblown dust, rain, sand, naturally ignited wildfires, and natural aerosols.

(151) "Volatile Organic Compounds" or "VOC" means any compound of carbon, excluding carbon monoxide, carbon dioxide, carbonic acid, metallic carbides or carbonates, and ammonium carbonate, that participates in atmospheric photochemical reactions.

(a) This includes any such organic compound except the following, which have been determined to have negligible photochemical reactivity in the formation of tropospheric ozone: methane; ethane; methylene chloride(dichloromethane); dimethyl carbonate, propylene carbonate, 1,1,1-trichloroethane(methyl chloroform); 1,1,2-trichloro-1,2,2-trifluoroethane(CFC-113); trichlorofluoromethane(CFC-111); dichlorodifluoromethane(CFC-12); chlorodifluoromethane(HCFC-22); difluoromethane(HFC-23); 1,2-dichloro-1,1,2,2-tetrafluoroethane (CFC-114); chloropentafluoroethane(CFC-115); 1,1,1-trifluoro 2,2-dichloroethane(HCFC-123); 1,1,1,2-tetrafluoroethane(HFC-134a); 1,1-dichloro 1-fluoroethane(HCFC-141b); 1-chloro 1,1-difluoroethane(HCFC-142b); 2-chloro-1,1,1,2-tetrafluoroethane(HCFC-124); pentafluoroethane(HFC-125); 1,1,2,2-tetrafluoroethane(HFC-134); 1,1,1-trifluoroethane(HFC-143a); 1,1-difluoroethane (HFC-152a); parachlorobenzotrifluoride(PCBTF); cyclic, branched, or linear completely methylated siloxanes; acetone; perchloroethylene(tetrachloroethylene); 3,3-dichloro-1,1,1,2,2-pentafluoropropane(HCFC-225ca); 1,3-dichloro-1,1,2,2,3-pentafluoropropane (HCFC-225cb); 1,1,1,2,3,4,4,5,5,5-decafluoropentane HFC 43-10mee); difluoromethane(HFC-32); ethylfluoride(HFC-161); 1,1,1,3,3,3-hexafluoropropane(HFC-236fa); 1,1,2,2,3-pentafluoropropane(HFC-245ca); 1,1,2,3,3-pentafluoropropane(HFC-245ea); 1,1,1,2,3-pentafluoropropane(HFC-245eb); 1,1,1,3,3-pentafluoropropane(HFC-245fa); 1,1,1,2,3,3-hexafluoropropane(HFC-236ea); 1,1,1,3,3,3-pentafluorobutane(HFC-365mf); chlorofluoromethane (HCFC-31); 1 chloro-1-fluoroethane(HCFC-151a); 1,2-dichloro-1,1,2-trifluoroethane(HCFC-123a); 1,1,1,2,2,3,3,4,4-nonafluoro-4-methoxybutane(C4F9OCH<sub>3</sub> or HFE-7100); 2-(difluoromethoxymethyl)-

1,1,1,2,3,3,3-heptafluoropropane(CF<sub>3</sub>)<sub>2</sub>CFCF<sub>2</sub>OCH<sub>3</sub>); 1-ethoxy-1,1,2,2,3,3,4,4,4-nonafluorobutane(C4F9OC<sub>2</sub>H<sub>5</sub> or HFE-7200); 2-(ethoxydifluoromethyl)-1,1,1,2,3,3,3-heptafluoropropane ((CF<sub>3</sub>)<sub>2</sub>CFCF<sub>2</sub>OCH<sub>2</sub>); methyl acetate; 1,1,1,2,2,3,3-heptafluoro-3-methoxy-propane(n-C3F7OCH<sub>3</sub>, HFE-7000); 3-ethoxy-1,1,1,2,3,4,4,4,5,5,6,6,6-dodecafluoro-2-(trifluoromethyl) hexane(HFE-7500); 1,1,1,2,3,3,3-heptafluoropropane(HFC 227ea); methyl formate (HCOOCH<sub>3</sub>); (1) 1,1,1,2,2,3,4,4,5,5,5-decafluoro-3-methoxy-4-trifluoromethyl-pentane(HFE-7300); and perfluorocarbon compounds that fall into these classes:

(A) Cyclic, branched, or linear, completely fluorinated alkanes;

(B) Cyclic, branched, or linear, completely fluorinated ethers with no unsaturations;

(C) Cyclic, branched, or linear, completely fluorinated tertiary amines with no unsaturations; and

(D) Sulfur containing perfluorocarbons with no unsaturations and with sulfur bonds only to carbon and fluorine.

(b) For purposes of determining compliance with emissions limits, VOC will be measured by an applicable reference method in accordance with the Department's Source Sampling Manual, January, 1992. Where such a method also measures compounds with negligible photochemical reactivity, these negligibly-reactive compounds may be excluded as VOC if the amount of such compounds is accurately quantified, and the Department approves the exclusion.

(c) The Department may require an owner or operator to provide monitoring or testing methods and results demonstrating, to the Department's satisfaction, the amount of negligibly-reactive compounds in the source's emissions.

(d) The following compound(s) are VOC for purposes of all record-keeping, emissions reporting, photochemical dispersion modeling and inventory requirements which apply to VOC and must be uniquely identified in emission reports, but are not VOC for purposes of VOC emissions limitations or VOC content requirements: t-butyl acetate.

(152) "Year" means any consecutive 12 month period of time.

NOTE: This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the EQC under OAR 340-200-0040.

## 340-210-0100

### Registration in General

(1) Any air contaminant source not subject to Air Contaminant Discharge Permits, OAR 340 division 216, or Oregon Title V Operating Permits, OAR 340 division 218, must register with the Department upon request pursuant to OAR 340-210-0110 through 340-210-0120.

(2) The owner or operator of an air contaminant source listed in subsection (2)(a) of this rule that is certified through a Department approved environmental certification program and subject to an Area Source NESHAP may register the source with the Department pursuant to OAR 340-210-0110 through 340-210-0120 in lieu of obtaining a permit in accordance with OAR 340-216-0020, unless the Department determines that the source has not complied with the requirements of the environmental certification program.

(a) The following air contaminant sources may be registered under this section:

(A) Motor vehicle surface coating operations.

(B) Dry cleaners using perchloroethylene.

# ADMINISTRATIVE RULES

(b) Approved environmental certification program. To be approved, the environmental certification program must, at a minimum, require certified air contaminant sources to comply with all applicable state and federal rules and regulations and require additional measures to increase environmental protection.

(c) Fees. In order to obtain and maintain registration, owners and operators of air contaminant sources registered pursuant to this section must pay the following annual fees by March 1 of each year:

(A) Motor vehicle surface coating operations — \$240.00.

(B) Dry cleaners using perchloroethylene — \$180.00.

(C) Late fees.

(i) 30 days late: 5% of annual fee.

(ii) 31-60 days late: 10% of annual fee.

(iii) 61 or more days late: 20% of annual fee.

(D) Failure to pay fees. Registration is automatically terminated upon failure to pay annual fees within 90 days of invoice by the Department, unless prior arrangements for payment have been approved in writing by the Department.

(d) Recordkeeping. In order to maintain registration, owners and operators of air contaminant sources registered pursuant to this section must maintain records required by the approved environmental performance program under subsection (3)(b) of this rule. The records must be kept on site and in a form suitable and readily available for expeditious inspection and review.

(3) The owner or operator of a boiler that is subject to 40 CFR part 63, subpart DDDDD or subpart JJJJJ, as in effect on June 22, 2011, and that is not located at a source that is required to obtain a permit under OAR chapter 340, division 216 (Air Contaminant Discharge Permits) or OAR chapter 340, division 218 (Oregon Title V Operating Permits), must register and maintain registration with the Department pursuant to OAR 340-210-0110 through 340-210-0120 as follows:

(a) Upon request by the Department, the owner or operator must register a boiler with a heat output capacity of 1 MMBTU/hr or greater; and

(b) The owner or operator may register a boiler with a heat output capacity of less than 1 MMBTU/hr, and if so, the boiler is exempt from the definition of "solid fuel burning device" under OAR 340-262-0450 and is exempt from the requirements for new and used solid fuel burning devices sold in Oregon under OAR 340-262-0600(2).

(4) Revocation. The Department may revoke a registration if a source fails to meet any requirement in OAR 340-210-0110.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the EQC under OAR 340-200-0040.

### Registration Requirements

(1) Registration pursuant to OAR 340-210-0100(1) must be completed within 30 days following the mailing date of the request by the Department.

(2) Registration must be made on forms furnished by the Department and completed by the owner, lessee of the source, or agent.

(3) In order to obtain registration pursuant to OAR 340-210-0100(1), the following information must be reported by registrants:

(a) Name, address, and nature of business;

(b) Name of local person responsible for compliance with these rules;

(c) Name of person authorized to receive requests for data and information;

(d) A description of the production processes and a related flow chart;

(e) A plot plan showing the location and height of all air contaminant sources. The plot plan must also indicate the nearest residential or commercial property;

(f) Type and quantity of fuels used;

(g) Amount, nature, and duration of air contaminant emissions;

(h) Estimated efficiency of air pollution control equipment under present or anticipated operating conditions;

(i) Any other information requested by the Department.

(4) In order to obtain registration pursuant to OAR 340-210-0100(2), a registrant must submit the information in section (3)(a), (b), (c), and (i) of this rule and the following:

(a) Information demonstrating that the air contaminant source is operating in compliance with all applicable state and federal rules and regulations, as requested by the Department.

(b) Information demonstrating that the source is certified through an approved environmental certification program.

(c) A signed statement that the submitted information is true, accurate, and complete. This signed statement shall state that, based on information and belief formed after reasonable inquiry, the statements and information in the document are true, accurate, and complete.

(5) Registration pursuant to OAR 340-210-0100(3) must be completed by the following deadlines:

(a) Not less than 7 days before installation of any boiler, for boilers subject to OAR 340-210-0100(3)(b); and

(b) For boilers subject to OAR 340-210-0100(3)(a), within 30 days following the mailing date of the request by the Department (or by EPA on the Department's behalf).

(6) In order to obtain registration pursuant to OAR 340-210-0100(3), the following must be submitted by a registrant:

(a) Registration information including:

(A) Name, address and nature of business or institution;

(B) Name of local person responsible for compliance with these rules;

(C) Name of person authorized to receive requests for data;

(D) A description of the boiler, including but not limited to the manufacturer, model, heat output capacity, combustion air system (such as fixed or variable speed fan, movable damper, etc.);

(E) A description of the boiler output (such as steam, electricity, hot water, or hot air);

(F) How the combustion air control system is controlled (manually or automatically, and if automatically describe the control system and the parameter(s) that are monitored by the control system);

(G) All fuel types that can be used (such as chips, pellets, split logs, whole logs, log size, etc.) and whether fuel feed is manual or automatic;

(H) Fuel moisture content; and

(I) Any other information requested by the Department.

(b) Except as provided in subsection (d) of this section, confirmation that the boiler is operating in compliance with all applicable state and federal rules and regulations, including but not limited to OAR 340-208-0110 (visible air contaminant limitations), OAR 340-212-0140(3) (sampling), 340-228-0210 (grain loading standards) and 340-244-0220 (federal NESHAP regulations adopted by reference); and

(c) For boilers subject to 40 CFR part 63, subpart JJJJJ, as in effect on June 22, 2011, a notification to the Department that the boiler has been tuned-up in accordance with 40 CFR § 63.11223.

(d) If the boiler has not begun operating at time that registration is required, the registrant may provide confirmation as required in subsection (b) of this section within six months of installation of the boiler.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the EQC under OAR 340-200-0040.

### Re-Registration

(1) In order to re-register or maintain registration pursuant to OAR 340-210-0100(1)-(2), a person responsible for an air contaminant source must reaffirm in writing, by March 1 of each year, the correctness and current status of the information furnished to the Department.

(2) In order to maintain registration, any change in any of the factual data reported under OAR 340-210-0110 must be reported to the Department within 30 days of the change, on a form furnished by the Department, at which time re-registration may also be required on forms furnished by the Department.

(3) In order to maintain registration in OAR 340-210-0100(3), the registrant must notify the Department in writing on a form furnished by the Department each time that the boiler has been tuned-up in accordance with 40 CFR § 63.11223, as in effect on June 22, 2011.

(4) In order to re-register, a person must not have had their registration terminated or revoked within the last 3 years, unless the air contaminant source has changed ownership since termination or revocation.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the EQC under OAR 340-200-0040.

# ADMINISTRATIVE RULES

## 340-212-0140

### Methods

(1) Any sampling, testing, or measurement performed pursuant to this division must conform to methods contained in the Department's Source Sampling Manual (January 1992) or to recognized applicable standard methods approved in advance by the Department.

(2) The Department may approve any alternative method of sampling if it finds that the proposed method is satisfactory and complies with the intent of these rules, is at least equivalent to the uniform recognized procedures in objectivity and reliability, and is demonstrated to be reproducible, selective, sensitive, accurate, and applicable to the program.

(3) Except pursuant to section (4), to demonstrate compliance with OAR 340-228-0210 for a boiler that is subject to registration under OAR 340-210-0100(3), sampling must be performed in accordance with this section.

(a) Pollutant to be Measured: Total particulate matter (condensable & filterable)

(b) Test Methods: Test methods utilized during the compliance demonstration must be consistent with the following:

(A) Total Particulate: Oregon Department of Environmental Quality Method 5 (ODEQ Source Sampling Manual Volume I - January 1992), Alternatively, EPA Method 5 (40 CFR part 60 App. A-3) combined with EPA Method 202 (40 CFR part 51) may be used in lieu of ODEQ Method 5.

(B) Diluents: EPA Method 3A (40 CFR part 60 App. A-2) is to be used for measuring O<sub>2</sub> & CO<sub>2</sub>.

(C) Visual Emissions: EPA Method 9 (40 CFR part 60 App. A-4).

(c) Sampling Replicates: Two (2) replicates are required while operating above 90% of normal maximum operating rate. Other replicate information is as follows:

(A) At a minimum, each sample replicate shall represent 60 minutes of sampling and 31.8 dscf of sample volume.

(B) For batch-type fuel feed units the following requirements apply:

(i) Each sample replicate shall commence within five (5) minutes of ignition.

(ii) Each sample replicate shall terminate when the combustion has concluded, which is identifiable by the exhaust CO<sub>2</sub> dropping to a value that is less than 0.5% for at least one (1) minute.

(iii) Two six (6) minute visible emissions surveys as per EPA Method 9 are to be performed during each particulate replicate. The first survey shall commence within twenty (20) minutes of ignition.

(C) For continuous fuel feed units the following requirements apply:

(i) Each sampling replicate shall commence after the heater reaches 90% of normal maximum operating rate.

(ii) One six (6) minute visible emission survey as per EPA Method 9 is to be performed during each sampling replicate.

(d) Operating Requirements: The boiler shall be operated as per manufacturer specifications during the emissions test. Other operating considerations are as follows:

(A) Fuel characteristics during the emissions test shall be representative of day-to-day operations.

(B) For batch-type fuel feed units, the feed quantity (pounds per cubic foot of furnace volume) must represent normal maximum operating conditions.

(e) Sampling Locations: Sampling location must be at least four (4) duct diameters downstream from the nearest flow disturbance and at least two (2) duct diameters upstream from the exhaust to atmosphere. Minimum traverse point requirements are as follows:

(A) For ducts less than 8 inches in diameter, locate one (1) traverse point within or centrally located over the centroidal area of the duct cross section.

(B) For ducts greater or equal to 8 inches in diameter but less than 12 inches in diameter, locate three (3) traverse points at 16.7, 50.0, and 83.3 percent of the measurement line.

(C) For ducts greater or equal to 12 inches in diameter, locate traverse points as per EPA Method 1 (40CFR60 App. A-1) particulate sampling criteria.

(f) QA/QC: Method specific quality assurance/quality control (QA/QC) procedures must be performed to ensure that the data is valid for determining compliance.

(g) Documentation Requirements: A compliance test report must be kept on file and made available for regulatory review for at least five years from the date of the source test. At a minimum the test report must contain the following information:

(A) Heater manufacturing information including: model number, serial number, date of manufacture, place of manufacture, maximum capacity (MMBtu/hr), and contact information for manufacturer

(B) Testing contractor information including: company name, name of testing technicians, and contact information for contractor.

(C) Test results including all supporting calculations and laboratory supporting information. Test results shall include the arithmetic mean of the two (2) sample replicates, expressed as gr/dscf on a 12% CO<sub>2</sub> basis.

(D) Heater operating parameters including: heat input in MMBtu/hr (measured directly or indirectly), water temperature, blower settings (if applicable), pollution control equipment operating parameters (if available) and operating schedule during test.

(E) Fuel characteristics including, species, approximate size, moisture content, and feed rate, (if available).

(F) Testing specifics including but not limited to; sampling location, traverse point location, test equipment I.D., sampling times, and method deviations.

(G) Documentation of QA/QC procedures, results, and supporting data.

(4) As an alternative to sampling the owner or operator's boiler pursuant to section (3), the owner or operator may rely on sampling performed by the boiler manufacturer, so long as the sampling was performed in accordance with section (3) by a third party independent of the boiler manufacturer, on a boiler that is representative of the boiler registered under 340-210-0110(6), using the same model, combustion air system, heat output capacity, fuel type, and moisture content as the registered boiler. In addition, the owner or operator must maintain documentation of the sampling performed by the boiler manufacturer for at least five years after initial registration of the boiler under OAR 340-210-0110.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the EQC under OAR 340-200-0040.

### Definitions

The definitions in OAR 340-200-0020 and this rule apply to this division. If the same term is defined in this rule and OAR 340-200-0020, the definition in this rule applies to this division.

(1) "ASTM" means the American Society for Testing and Materials.

(2) "Coastal Areas" means Clatsop, Tillamook, Lincoln, Coos, and Curry Counties and those portions of Douglas and Lane County west of Range 8 West, Willamette Meridian.

(3) "Distillate Fuel Oil" means any oil meeting the specifications of ASTM Grade 1 or 2 fuel oils;

(4) "Fuel burning equipment" means equipment, other than internal combustion engines, the principal purpose of which is to produce heat or power by indirect heat transfer.

(5) "Residual Fuel Oil" means any oil meeting the specifications of ASTM Grade 4, 5, or 6 fuel oils.

(6) "Standard conditions" means a temperature of 68° Fahrenheit and a pressure of 14.7 pounds per square inch absolute.

(7) "Standard cubic foot" means the amount of gas that would occupy a volume of one cubic foot, if the gas were free of uncombined water at standard conditions. When applied to combustion flue gases from fuel or refuse burning, "standard cubic foot" also implies adjustment of gas volume to that which would result at a concentration of 12% carbon dioxide or 50% excess air.

### Sulfur Dioxide Standards

The following emission standards are applicable to sources installed, constructed, or modified after January 1, 1972 only:

# ADMINISTRATIVE RULES

(1) For fuel burning equipment having a heat input capacity between 150 million BTU per hour and 250 million BTU, no person may cause, suffer, allow, or permit the emission into the atmosphere of sulfur dioxide in excess of:

(a) 1.4 lb. per million BTU heat input, maximum three-hour average, when liquid fuel is burned;

(b) 1.6 lb. per million BTU heat input, maximum three-hour average, when solid fuel is burned.

(2) For fuel burning equipment having a heat input capacity of more than 250 million BTU per hour, no person may cause, suffer, allow, or permit the emission into the atmosphere of sulfur dioxide in excess of:

(a) 0.8 lb. per million BTU heat input, maximum three-hour average, when liquid fuel is burned;

(b) 1.2 lb. per million BTU heat input, maximum three-hour average, when solid fuel is burned.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the Environmental Quality Commission under OAR 340-200-0040.

### Grain Loading Standards

(1) Except as provided in sections (2) and (3) of this rule, no person shall cause, suffer, allow, or permit the emission of particulate matter, from any fuel burning equipment in excess of:

(a) 0.2 grains per standard cubic foot for sources installed, constructed, or modified on or before June 1, 1970;

(b) 0.1 grains per standard cubic foot for sources installed, constructed, or modified after June 1, 1970.

(2) For sources burning salt laden wood waste on July 1, 1981, where salt in the fuel is the only reason for failure to comply with the above limits and when the salt in the fuel results from storage or transportation of logs in salt water, the resulting salt portion of the emissions shall be exempted from subsection (1)(a) or (b) of this rule and OAR 340-208-0110. In no case shall sources burning salt laden woodwaste exceed 0.6 grains per standard cubic foot.

(a) This exemption and the alternative emissions standard are only applicable upon prior notice to the Department.

(b) Sources which utilize this exemption, to demonstrate compliance otherwise with subsection (1)(a) or (b) of this rule, shall submit the results of a particulate emissions source test of the boiler stacks bi-annually.

(3) This rule does not apply to solid fuel burning devices that have been certified under OAR 340-262-0500.

## 340-262-0450

### Definitions

The definitions in OAR 340-200-0020 and this rule apply to this Division. If OAR 340-0200-0020 and this rule define the same term, the definition in this rule applies to this Division.

(1) "Antique woodstove" means a woodstove built before 1940 that has an ornate construction and a current market value substantially higher than a common woodstove manufactured during the same period.

(2) "Central wood-fired furnace" means an indoor, wood-fired furnace that is thermostatically controlled, has a dedicated cold air inlet and dedicated hot air outlet, and is connected to heating ductwork for the entire residential structure.

(3) "CFR" means Code of Federal Regulations.

(4) "Consumer" means a person who buys a solid fuel burning device for personal use.

(5) "Cookstove" means an indoor wood-burning appliance designed for the primary purpose of cooking food.

(6) "Dealer" means a person that sells solid fuel burning devices to retailers or other dealers for resale. For the purpose of this Division, a dealer that is also an Oregon retailer shall be considered to be only a retailer.

(7) "DEQ" means Oregon Department of Environmental Quality.

(8) "Destroy" means to demolish or decommission to the extent that restoration or reuse as a heating device is impossible.

(9) "EPA" means United States Environmental Protection Agency.

(10) "EQC" means Environmental Quality Commission

(11) "Federal Regulations" means 40 CFR, Part 60, Subpart AAA as in effect on July 1, 2010.

(12) "Fireplace" means a site-built or factory-built masonry fireplace that is designed to be used with an open combustion chamber and that is without features to control air-to-fuel ratios.

(13) "Hydronic heater" means a fuel-burning device which may be equipped with a heat storage unit, and which is designed to:

(a) Burn wood or other automatically fed fuels such as wood pellets, shelled corn, and wood chips;

(b) Be installed according to the manufacturer's specifications either indoors or outdoors; and

(c) Heat building space and/or water via the distribution, typically through pipes, of a fluid heated in the device, typically water or a water/antifreeze mixture.

(14) "Manufacturer" means a person who designs a solid fuel burning device, constructs a solid fuel burning device or constructs parts for solid fuel burning devices.

(15) "Masonry heater" means a site-built or site-assembled, solid fueled heating device constructed of structural masonry mass used to store heat from intermittent fires burned rapidly in the structure's firebox and slow release the heat to the site. Such solid-fueled heating device must meet the design and construction specifications set forth in ASTM E 1602-03, "Guide for Construction of Solid Fuel Burning Masonry Heaters."

(16) "New solid fuel burning device" or "new device" means a solid fuel burning device defined under ORS 468A.485(4)(a) that has not been sold, bargained, exchanged, given away, acquired secondhand, or otherwise had its ownership transferred from the person who first acquired it from a retailer.

(17) "PM10" means particulate matter less than 10 microns.

(18) "PM2.5" means particulate matter less than 2.5 microns.

(19) "Pellet stove" means a heating device that uses wood pellets, or other biomass fuels designed for use in pellet stoves, as its primary source of fuel.

(20) "Phase 1 emission level qualified model" is a model of a hydronic heater that achieves an average emission level of 0.60 lbs/million Btu heat input or less for all fuel types listed in the owner's manual and/or mentioned in marketing/sales materials, as acknowledged by EPA in writing to the manufacturer as part of EPA's acceptance of the model as a qualified model.

(21) "Phase 2 emission level qualified model" is a model of a hydronic heater that achieves an average emissions level of 0.32 lbs/million Btu heat output or less for all fuel types listed in the owner's manual and/or mentioned in marketing/sales materials, and that did not exceed 18.0 grams/hr of fine particles in any individual test run that was used in the calculation of the average, as acknowledged by EPA in writing to the manufacturer as part of EPA's acceptance of the model as a qualified model pursuant to the EPA Hydronic Heater Program Phase 2 Partnership Agreement.

(22) "Residential structure" has the meaning given that term in ORS 701.005.

(23) "Retailer" means a person engaged in the sale of solid fuel burning devices directly to consumers.

(24) "Solid fuel burning device" or "device" means a woodstove or any other device that burns wood, coal or other nongaseous or non-liquid fuels for aesthetic, space-heating or water-heating purposes in or for a private residential structure or a commercial establishment and that has a heat output of less than one million British thermal units per hour. Solid fuel burning device does not include:

(a) Fireplace;

(b) Antique stove;

(c) Pellet stoves;

(d) Masonry heaters;

(e) Central, wood-fired furnaces;

(f) Saunas; and

(g) Boilers subject to 40 CFR part 63, subpart DDDDD or subpart JJJJJJ, as in effect on June 22, 2011 that are:

(A) Located at a source that is required to obtain a permit under OAR chapter 340, division 216 (Air Contaminant Discharge Permits) or OAR chapter 340, division 218 (Oregon Title V Operating Permits); or

(B) Registered with the Department under OAR 340-210-0100(3)(b).

(25) "Trash burner" means any equipment that is used to dispose of waste by burning and has not been issued an air quality permit under ORS 468A.040.

# ADMINISTRATIVE RULES

(26) "Treated Wood" means wood of any species that has been chemically impregnated, painted or similarly modified to prevent weathering and deterioration.

(27) "Used solid fuel burning device" or "used device" means a solid fuel burning device that has been sold, bargained, exchanged, given away, or otherwise has had its ownership transferred.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the Environmental Quality Commission under OAR 340-200-0040.

### New and Used Solid Fuel Burning Devices Sold in Oregon

(1) No person may advertise to sell, offer to sell or sell a new or used solid fuel burning device in Oregon unless:

(a) The device has been certified for sale as new by DEQ pursuant to OAR 340-262-0500, or by EPA pursuant to 40 CFR part 60, subpart AAA; and

(b) The device is permanently labeled as certified, or in the case of a hydronic heater is permanently labeled as a Phase 1 or Phase 2 emission level qualified model, with a label authorized by DEQ or EPA.

(2) Exempt devices. The following are exempt from this rule:

(a) Pellet stoves;

(b) Antique woodstoves;

(c) Cookstoves

(d) Fireplaces;

(e) Masonry heaters;

(f) Central, wood-fired furnaces;

(g) Saunas; and

(h) Boilers subject to 40 CFR part 63, subpart DDDDD or subpart JJJJJ, as in effect on June 22, 2011 that are:

(A) Located at a source that is required to obtain a permit under OAR chapter 340, division 216 (Air Contaminant Discharge Permits) or OAR chapter 340, division 218 (Oregon Title V Operating Permits); or

(B) Registered with the Department under OAR 340-210-0100(3)(b).

(3) Exempt consumer transactions. Consumer transactions are exempt from this rule, if the consumer:

(a) Sells a used solid fuel burning device to a person in the business of reusing, reclaiming or recycling scrap metal and the person destroys the device; or

(b) Remits a used device to a retailer for a price reduction on a new residential heating system.

(4) Prohibited label alteration. No person may alter DEQ or EPA authorized labels.

**NOTE:** This rule is included in the State of Oregon Clean Air Act Implementation Plan as adopted by the Environmental Quality Commission under OAR 340-200-0040.

**Certified to be Effective:** 6-30-11

**Notice Publication Date:** 9-1-2010

**Rules Amended:** 340-041-0033

**Subject:** The rule revises Oregon's water quality criteria for arsenic contained in Table 20 and incorporated into rule by reference in OAR 340-041-0033(2). In addition, the rule adds an "arsenic reduction policy" in OAR 340-041-0033(4).

DEQ and EPA use Oregon's water quality standards to implement Clean Water Act programs, which include assessing Oregon's water quality and developing and enforcing wastewater discharge permits, Total Maximum Daily Loads and water quality certifications.

## 340-041-0033

### Toxic Substances

(1) Toxic substances may not be introduced above natural background levels in waters of the state in amounts, concentrations, or combinations that may be harmful, may chemically change to harmful forms in the envi-

ronment, or may accumulate in sediments or bioaccumulate in aquatic life or wildlife to levels that adversely affect public health, safety, or welfare or aquatic life, wildlife, or other designated beneficial uses.

(2) Levels of toxic substances in waters of the state may not exceed the applicable criteria listed in Tables 20, 33A, and 33B. Tables 33A and 33B, adopted on May 20, 2004, update Table 20 as described in this section.

(a) Each value for criteria in Table 20 is effective until the corresponding value in Tables 33A or 33B becomes effective.

(A) Each value in Table 33A is effective on February 15, 2005, unless EPA has disapproved the value before that date. If a value is subsequently disapproved, any corresponding value in Table 20 becomes effective immediately. Values that are the same in Tables 20 and 33A remain in effect.

(B) Each value in Table 33B is effective upon EPA approval.

(b) The arsenic criteria in Table 20 established by this rule do not become applicable for purposes of ORS chapter 468B or the federal Clean Water Act unless and until they are approved by EPA pursuant to 40 CFR 131.21 (4/27/2000).

(c) The department will note the effective date for each value in Tables 20, 33A, and 33B as described in this section.

(3) To establish permit or other regulatory limits for toxic substances for which criteria are not included in Tables 20, 33A, or 33B, the department may use the guidance values in Table 33C, public health advisories, and other published scientific literature. The department may also require or conduct bio-assessment studies to monitor the toxicity to aquatic life of complex effluents, other suspected discharges, or chemical substances without numeric criteria.

(4) Arsenic Reduction Policy: The inorganic arsenic criterion for the protection of human health from the combined consumption of organisms and drinking water is 2.1 micrograms per liter. While this criterion is protective of human health and more stringent than the federal maximum contaminant level (MCL) for arsenic in drinking water, which is 10 micrograms per liter, it nonetheless is based on a higher risk level than the Commission has used to establish other human health criteria. This higher risk level recognizes that much of the risk is due to naturally high levels of inorganic arsenic in Oregon's waterbodies. In order to maintain the lowest human health risk from inorganic arsenic in drinking water, the Commission has determined that it is appropriate to adopt the following policy to limit the human contribution to that risk.

(a) The arsenic reduction policy established by this rule section does not become applicable for purposes of ORS chapter 468B or the federal Clean Water Act unless and until the numeric arsenic criteria established by this rule are approved by EPA pursuant to 40 CFR 131.21 (4/27/2000).

(b) It is the policy of the Commission that the addition of inorganic arsenic from new or existing anthropogenic sources to waters of the state within a surface water drinking water protection area be reduced the maximum amount feasible. The requirements of this rule section (OAR 340-041-0033(4)) apply to sources that discharge to surface waters of the state with an ambient inorganic arsenic concentration equal to or lower than the applicable numeric inorganic arsenic criteria for the protection of human health.

(c) The following definitions apply to this section (OAR 340-041-0033(4)):

(A) "Add inorganic arsenic" means to discharge a net mass of inorganic arsenic from a point source (the mass of inorganic arsenic discharged minus the mass of inorganic arsenic taken into the facility from a surface water source).

(B) A "surface water drinking water protection area," for the purpose of this section, means an area delineated as such by DEQ under the source water assessment program of the federal Safe Drinking Water Act, 42 U.S.C. § 300j 13. The areas are delineated for the purpose of protecting public or community drinking water supplies that use surface water sources. These delineations can be found at DEQ's drinking water program website.

(C) "Potential to significantly increase inorganic arsenic concentrations in the public drinking water supply source water" means:

(i) To increase the concentration of inorganic arsenic in the receiving water for a discharge by 10 percent or more after mixing with the harmonic mean flow of the receiving water; or

(ii) As an alternative, if sufficient data are available, the discharge will increase the concentration of inorganic arsenic in the surface water intake water of a public water system by 0.021 micrograms per liter or more based on a mass balance calculation.

(d) Following the effective date of this rule, applications for an individual NPDES permit or permit renewal received from industrial discharg-

# ADMINISTRATIVE RULES

ers located in a surface water drinking water protection area and identified by DEQ as likely to add inorganic arsenic to the receiving water must include sufficient data to enable DEQ to determine whether:

(A) The discharge in fact adds inorganic arsenic; and

(B) The discharge has the potential to significantly increase inorganic arsenic concentrations in the public drinking water supply source water.

(e) Where DEQ determines that both conditions in subsection (d) of this section (4) are true, the industrial discharger must develop an inorganic arsenic reduction plan and propose all feasible measures to reduce its inorganic arsenic loading to the receiving water. The proposed plan, including proposed measures, monitoring and reporting requirements, and a schedule for those actions, will be described in the fact sheet and incorporated into the source's NPDES permit after public comment and DEQ review and approval. In developing the plan, the source must:

(A) Identify how much it can minimize its inorganic arsenic discharge through pollution prevention measures, process changes, wastewater treatment, alternative water supply (for groundwater users) or other possible pollution prevention and/or control measures;

(B) Evaluate the costs, feasibility and environmental impacts of the potential inorganic arsenic reduction and control measures;

(C) Estimate the predicted reduction in inorganic arsenic and the reduced human health risk expected to result from the control measures;

(D) Propose specific inorganic arsenic reduction or control measures, if feasible, and an implementation schedule; and

(E) Propose monitoring and reporting requirements to document progress in plan implementation and the inorganic arsenic load reductions.

(f) In order to implement this section, DEQ will develop the following information and guidance within 120 days of the effective date of this rule and periodically update it as warranted by new information:

(A) A list of industrial sources or source categories, including industrial stormwater and sources covered by general permits, that are likely to add inorganic arsenic to surface waters of the State.

(i) For industrial sources or source categories permitted under a general permit that have been identified by DEQ as likely sources of inorganic arsenic, DEQ will evaluate options for reducing inorganic arsenic during permit renewal or evaluation of Stormwater Pollution Control Plans.

(B) Quantitation limits for monitoring inorganic arsenic concentrations.

(C) Information and guidance to assist sources in estimating, pursuant to paragraph (d)(C) of this section, the reduced human health risk expected to result from inorganic arsenic control measures based on the most current EPA risk assessment.

(g) It is the policy of the Commission that landowners engaged in agricultural or development practices on land where pesticides, fertilizers, or soil amendments containing arsenic are currently being or have previously been applied, implement conservation practices to minimize the erosion and runoff of inorganic arsenic to waters of the State or to a location where such material could readily migrate into waters of the State.

**Subject:** This amendment to Oregon Administrative Rules increases water quality permit fees. The rulemaking increases fees for all National Pollution Discharge Elimination System and Water Pollution Control Facility permits by two percent, except suction dredge (700-PM) general permits. The rulemaking also creates a \$230 fee for construction stormwater permits covering sites less than one acre, that are part of a common plan of development disturbing one or more acres.

## 340-045-0075

### Permit Fee Schedule

(1) The fee schedule for onsite sewage disposal system permits, including WPCF permits, is found in OAR chapter 340, division 071.

(2) The Department has established fees for various industrial, domestic and general permit categories. The industrial and domestic permit categories and fees are listed in Tables 70B and 70C. The general permit categories are defined in OAR 340-045-0033 and the fees are listed in Table 70G.

(3) The Department must consider the following criteria when classifying a facility for determining applicable fees. For industrial sources that discharge to surface waters, discharge flowrate refers to the system design capacity. For industrial sources that do not discharge to surface waters, discharge flow refers to the total annual flow divided by 365:

(a) Tier 1 industry. A facility is classified as a Tier 1 industry if the facility:

(A) Discharges at a flowrate that is greater than or equal to 1 mgd; or

(B) Discharges large biochemical oxygen demand loads; or

(C) Is a large metals facility; or

(D) Has significant toxic discharges; or

(E) Has a treatment system that will have a significant adverse impact on the receiving stream if not operated properly; or

(F) Needs special regulatory control, as determined by the Department.

(b) Tier 1 domestic facility. A facility is classified as a Tier 1 domestic facility if the facility:

(A) Has a dry weather design flow of 1 mgd or greater; or

(B) Serves an industry that can have a significant impact on the treatment system.

(c) Tier 2 industry or domestic facility: does not meet Tier 1 qualifying factors.

(4) New Permit Application Fee. Unless waived by this rule, the applicable new permit application fee listed in Table 70A, 70C or 70G (available on the Department's website or upon request) must be submitted with each application. The amount of the fee is based on the facility category and type of permit (e.g., individual vs. general).

(5) Permit Modification Fee. Permit modification fees are listed in Tables 70A and 70C (available on the Department's website or upon request). They vary with the type of permit, the type of modification and the timing of modification as follows:

(a) Modification at time of permit renewal:

(A) Major Modification — involves an increase in effluent limitations or any other change that involves significant analysis by the Department;

(B) Minor Modification — does not involve significant analysis by the Department.

(b) Modification prior to permit renewal:

(A) Major Modification — involves an increase in effluent limitations or any other change that involves significant analysis by the Department. A permittee requesting a significant modification to their permit may be required by the Department to enter into an agreement to pay for these services according to ORS 468.073. ORS 468.073 allows the Department "to expedite or enhance a regulatory process by contracting for services, hiring additional staff or covering costs of activities not otherwise provided during the ordinary course of Department business;"

(B) Minor Modification — does not involve significant analysis by the Department.

(6) Annual fees. Applicable annual fees for General and Industrial permit holders may be found in Tables 70G and 70B (available on the Department's website or upon request). Annual fees for domestic sources may also be found in Table 70C (available on the Department's website or upon request), and consist of the following:

(a) Base annual fee. This is based on the type of treatment system and the dry weather design flow;

(b) Population-based fee. A permit holder with treatment systems other than Type F (septage alkaline stabilization facilities) must pay a population-based fee. The applicable fee may be found in Table 70D (available on the Department's website or upon request);

(c) Pretreatment fee. A source required by the Department to administer a pretreatment program pursuant to federal pretreatment program regulations (40CFR, Part 403; January 29, 1981 and amendments thereto) must pay an additional annual fee plus a fee for each significant industrial user specified in their annual report for the previous year. The applicable fee may be found in Table 70E (available on the Department's website or upon request).

# ADMINISTRATIVE RULES

(7) Technical Activities Fee. Technical activity fees are listed in Tables 70F and 70H (available on the Department's website or upon request). They are categorized as follows:

(a) All Permits. A permittee must pay a fee for NPDES and WPCF permit-related technical activities. A fee will be charged for initial submittal of engineering plans and specifications. Fees will not be charged for revisions and re-submittals of engineering plans and specifications or for facilities plans, design studies, reports, change orders, or inspections;

(b) General Permits. A permittee must pay the technical activity fee shown in Table 70H (available on the Department's website or upon request) when the following activities are required for application review:

- (A) Disposal system plan review;
- (B) Site inspection and evaluation.

(8) For permits administered by the Oregon Department of Agriculture, the following fees are applicable until superseded by a fee schedule established by the Oregon Department of Agriculture:

(a) WPCF and NPDES General Permits #800 for Confined Animal Feeding Operations Filing Fee — \$50;

(b) Individual Permits:

(A) Filing Fee — \$50;

(B) New Applications — \$6,280;

(C) Permit Renewals (including request for effluent limit modifications) — \$3,140;

(D) Permit Renewals (without request for effluent limit modifications) — \$1,416;

(E) Permit Modifications (involving increase in effluent limit modifications) — \$3,140;

(F) Permit Modifications (not involving an increase in effluent limitations) — \$500;

(G) Annual Compliance Determination Fee for dairies and other confined feeding operations — \$705;

(H) Annual Compliance Determination Fee for facilities not elsewhere classified with disposal of process wastewater — \$1,885;

(I) Annual Compliance Determination Fee for facilities not elsewhere classified that dispose of non-process wastewater (e.g., small cooling water discharges, boiler blowdown, filter backwash, log ponds) — \$1,180.

(c) Annual Compliance Determination Fee for facilities that dispose of wastewater only by evaporation from watertight ponds or basins — \$705.

(9) A surcharge in the amount listed below is imposed on municipalities that are permittees as defined in 2007 Oregon Laws chapter 696, section 2. The surcharge is imposed to defray the cost of conducting and administering the study of persistent pollutants discharged in the State of Oregon required under 2007 Oregon Laws chapter 696, section 3. A permittee subject to the surcharge must pay one half of the surcharge on or before July 15, 2008 and the other half of the surcharge on or before July 15, 2009.

Each municipality will pay a surcharge based on a dry weather design flow in millions of gallons per day (mgd) as follows:  
less than 5 mgd = \$6,975  
5 mgd to 9.9 mgd = \$13,950  
10 mgd and greater = \$20,925

## 340-071-0140

### Onsite System Fees

(1) This rule establishes the fees for site evaluations, permits, reports, variances, licenses, and other services the department provides under this division.

(2) Site evaluation and existing system evaluation fees are listed in **Table 9A**.

(3) Permitting fees for systems not subject to WPCF permits are listed in **Table 9B** and **Table 9C**.

(4) WPCF permit fees. Fees in this section apply to WPCF permits issued pursuant to OAR 340-071-0162. WPCF permit fees are listed in **Table 9D**.

(5) Innovative or Alternative Technology or Material Review fees are listed in **Table 9F**.

(6) Material Plan Review fees are listed in **Table 9F**.

(7) Sewage Disposal Service License and Truck Inspection fees are listed in **Table 9E**.

(8) Contract county fee schedules.

(a) Each county having an agreement with the department under ORS 454.725 must adopt a fee schedule for services rendered and permits issued. The county fee schedule may not include the department's surcharge established in section (9) of this rule unless identified as a department surcharge.

(b) A copy of the fee schedule and any subsequent amendments to the schedule must be submitted to the department.

(c) Fees may not exceed actual costs for efficiently conducted services.

(9) Department surcharge.

(a) To offset a portion of the administrative and program oversight costs of the statewide onsite wastewater management program, the department and contract counties must levy a surcharge for each site evaluation, report permit, and other activity for which an application is required in this division. The surcharge fee is listed in Table 9F. This surcharge does not apply to sewage disposal service license applications, pumper truck inspections, annual report evaluation fees, or certification of installers or maintenance providers.

(b) Proceeds from surcharges collected by the department and contract counties must be accounted for separately. Each contract county must forward the proceeds to the department in accordance with its agreement with the department.

(10) Refunds. The department may refund all or a portion of a fee accompanying an application if the applicant withdraws the application before any field work or other substantial review of the application has been done.

**Subject:** DEQ uses Oregon's water quality standards to implement Clean Water Act programs, which includes assessing Oregon's water quality and developing and enforcing wastewater discharge permits, Total Maximum Daily loads and water quality certifications. The proposed rules amend Oregon's water quality standards for toxic pollutants and other water quality standards and policies related to the application and implementation of the water quality standards in Clean Water Act and state nonpoint source control programs.

Amended Rules:

**Nonpoint source pollution** (OAR 340-041-0007 and 340-041-0061): Revised water quality standards implementation rules pertaining to agriculture and forestry to make DEQ's rules consistent with state statutes affecting nonpoint sources of pollution.

**Deletion of existing variance language** (340-041-0061): Deleted existing variance regulatory language in 340-041-0061(2) and adopted a new variance provision in OAR 340-041-0059.

**Typographical error** (340-041-0061): Corrected a typographical error at 340-041-0061(9)(a)(e) discovered during the public comment period that incorrectly cross-referenced the antidegradation policy. The cross-reference should be to 340-041-0004(9), addressing excep-

## ADMINISTRATIVE RULES

tions to the rule, not 340-041-0004(7), the water quality limited waters policy.

**Bacteria** (340-041-0009): Revised a citation in section (10) due to a numbering revision in 340-041-0061(12).

**Human health toxics criteria and establishing site-specific background pollutant criteria** (OAR 340-041-0033): Revised numeric criteria based on an increased fish consumption rate of 175 grams per day. Criteria that are not based on a fish ingestion method are not revised. Additional criteria revisions incorporate EPA's 2002 criteria recommendations, which include added pollutants and revisions to other variables (such as toxicity factors) used to derive some criteria. The rule also specifies that the new criteria become applicable upon approval by the Environmental Protection Agency. In addition, a site-specific background pollutant provision allows a limited increase in the concentration of toxic pollutants present in a discharger's intake water as long as the facility does not discharge added mass load of the pollutant and the ambient water body concentration does not exceed a  $10^{-4}$  (1 in 10,000) risk level value.

**Total maximum daily loads (TMDLs)** (OAR 340-042-0040 and 340-042-0080): Makes DEQ's rules consistent with state statutes to allocate load limits to air and land sources of pollutants in establishing TMDLs.

Adopted Rules:

**Variance provision** (OAR 340-041-0059): Revised rule replaces the variance provision in 340-041-0061(2). This provision specifies procedures and requirements, including a pollutant reduction plan, to obtain a variance from water quality standards. A variance establishes alternate requirements for a discharger when it demonstrates that permit limits based on water quality standards cannot be met based on one of six justification factors. Variances require EPA approval. The rule also specifies that the new criteria become applicable upon approval by the Environmental Protection Agency.

**Intake credits** (OAR 340-045-0105): New permitting provision that allows DEQ to account for background pollutants that are present in a discharger's intake water and pass through the facility as long as the discharge does not increase the mass or concentration of the pollutant.

In October, 2008, the Environmental Quality Commission directed DEQ to pursue rulemaking to set new water quality standards for toxic pollutants in Oregon based upon an increased fish consumption rate of 175 grams per day. The commission also directed DEQ to propose rule language or develop other implementation strategies to: 1) reduce the adverse impacts of toxic substances in Oregon's waters that are the result of nonpoint source discharges or other sources not subject to permitting, and 2) allow DEQ to implement the standards in an environmentally meaningful and cost-effective manner. The final rules, adopted by the Environmental Quality Commission on June 16, 2011, respond to these EQC directives. The proposed human health toxics criteria revisions correct deficiencies identified by the Environmental Protection Agency in their June 2010 disapproval of the human health criteria adopted by the EQC in June, 2004.

#### Statewide Narrative Criteria

(1) Notwithstanding the water quality standards contained in this Division, the highest and best practicable treatment and/or control of wastes, activities, and flows must in every case be provided so as to maintain dissolved oxygen and overall water quality at the highest possible levels and water temperatures, coliform bacteria concentrations, dissolved chemical substances, toxic materials, radioactivity, turbidities, color, odor, and other deleterious factors at the lowest possible levels.

(2) Where a less stringent natural condition of a water of the State exceeds the numeric criteria set out in this Division, the natural condition supersedes the numeric criteria and becomes the standard for that water body. However, there are special restrictions, described in OAR 340-041-0004(9)(a)(D)(iii), that may apply to discharges that affect dissolved oxygen.

(3) For any new waste sources, alternatives that utilize reuse or disposal with no discharge to public waters must be given highest priority for use wherever practicable. New source discharges may be approved subject to the criteria in OAR 340-041-0004(9).

(4) No discharges of wastes to lakes or reservoirs may be allowed except as provided in section OAR 340-041-0004(9).

(5) Logging and forest management activities must be conducted in accordance with the rules established by the Environmental Quality Commission and must not cause violation of water quality standards. Nonpoint sources of pollution from forest operations on state and private forest lands are subject to best management practices and other control measures established by the Oregon Board of Forestry as provided in ORS 527.765 and 527.770. Forest operations conducted in good faith compliance with best management practices and control measures established under the Forest Practice Act are generally deemed not to cause violations of water quality standards as provided in ORS 527.770. Forest operations are subject to load allocations established under ORS 468B.110 and OAR Division 340-042 to the extent needed to implement the federal Clean Water Act.

(6) Log handling in public waters must conform to current Commission policies and guidelines.

(7) Sand and gravel removal operations must be conducted pursuant to a permit from the Division of State Lands and separated from the active flowing stream by a watertight berm wherever physically practicable. Recirculation and reuse of process water must be required wherever practicable. Discharges or seepage or leakage losses to public waters may not cause a violation of water quality standards or adversely affect legitimate beneficial uses.

(8) Road building and maintenance activities must be conducted in a manner so as to keep waste materials out of public waters and minimize erosion of cut banks, fills, and road surfaces.

(9) In order to improve controls over nonpoint sources of pollution, federal, State, and local resource management agencies will be encouraged and assisted to coordinate planning and implementation of programs to regulate or control runoff, erosion, turbidity, stream temperature, stream flow, and the withdrawal and use of irrigation water on a basin-wide approach so as to protect the quality and beneficial uses of water and related resources. Such programs may include, but not be limited to, the following:

(a) Development of projects for storage and release of suitable quality waters to augment low stream flow;

(b) Urban runoff control to reduce erosion;

(c) Possible modification of irrigation practices to reduce or minimize adverse impacts from irrigation return flows;

(d) Stream bank erosion reduction projects; and

(e) Federal water quality restoration plans.

(10) The development of fungi or other growths having a deleterious effect on stream bottoms, fish or other aquatic life, or that are injurious to health, recreation, or industry may not be allowed;

(11) The creation of tastes or odors or toxic or other conditions that are deleterious to fish or other aquatic life or affect the potability of drinking water or the palatability of fish or shellfish may not be allowed;

(12) The formation of appreciable bottom or sludge deposits or the formation of any organic or inorganic deposits deleterious to fish or other aquatic life or injurious to public health, recreation, or industry may not be allowed;

(13) Objectionable discoloration, scum, oily sheens, or floating solids, or coating of aquatic life with oil films may not be allowed;

(14) Aesthetic conditions offensive to the human senses of sight, taste, smell, or touch may not be allowed;

(15) Radioisotope concentrations may not exceed maximum permissible concentrations (MPC's) in drinking water, edible fishes or shellfishes, wildlife, irrigated crops, livestock and dairy products, or pose an external radiation hazard;

(16) Minimum Design Criteria for Treatment and Control of Wastes. Except as provided in OAR 340-041-0101 through 340-041-0350, and subject to the implementation requirements set forth in OAR 340-041-0061, prior to discharge of any wastes from any new or modified facility to any waters of the State, such wastes must be treated and controlled in facilities designed in accordance with the following minimum criteria.

(a) In designing treatment facilities, average conditions and a normal range of variability are generally used in establishing design criteria. A facility once completed and placed in operation should operate at or near the design limit most of the time but may operate below the design criteria limit at times due to variables which are unpredictable or uncontrollable. This is particularly true for biological treatment facilities. The actual oper-

## ADMINISTRATIVE RULES

ating limits are intended to be established by permit pursuant to ORS 468.740 and recognize that the actual performance level may at times be less than the design criteria.

(A) Sewage wastes:

(i) Effluent BOD concentrations in mg/l, divided by the dilution factor (ratio of receiving stream flow to effluent flow) may not exceed one unless otherwise approved by the Commission;

(ii) Sewage wastes must be disinfected, after treatment, equivalent to thorough mixing with sufficient chlorine to provide a residual of at least 1 part per million after 60 minutes of contact time unless otherwise specifically authorized by permit;

(iii) Positive protection must be provided to prevent bypassing raw or inadequately treated sewage to public waters unless otherwise approved by the Department where elimination of inflow and infiltration would be necessary but not presently practicable; and

(iv) More stringent waste treatment and control requirements may be imposed where special conditions make such action appropriate.

(B) Industrial wastes:

(i) After maximum practicable in-plant control, a minimum of secondary treatment or equivalent control (reduction of suspended solids and organic material where present in significant quantities, effective disinfection where bacterial organisms of public health significance are present, and control of toxic or other deleterious substances);

(ii) Specific industrial waste treatment requirements may be determined on an individual basis in accordance with the provisions of this plan, applicable federal requirements, and the following:

(I) The uses that are or may likely be made of the receiving stream;

(II) The size and nature of flow of the receiving stream;

(III) The quantity and quality of wastes to be treated; and

(IV) The presence or absence of other sources of pollution on the same watershed.

(iii) Where industrial, commercial, or agricultural effluents contain significant quantities of potentially toxic elements, treatment requirements may be determined utilizing appropriate bioassays;

(iv) Industrial cooling waters containing significant heat loads must be subjected to off-stream cooling or heat recovery prior to discharge to public waters;

(v) Positive protection must be provided to prevent bypassing of raw or inadequately treated industrial wastes to any public waters;

(vi) Facilities must be provided to prevent and contain spills of potentially toxic or hazardous materials.

#### Bacteria

(1) Numeric Criteria: Organisms of the coliform group commonly associated with fecal sources (MPN or equivalent membrane filtration using a representative number of samples) may not exceed the criteria described in paragraphs (a) and (b) of this paragraph:

(a) Freshwaters and Estuarine Waters Other than Shellfish Growing Waters:

(A) A 30-day log mean of 126 E. coli organisms per 100 milliliters, based on a minimum of five (5) samples;

(B) No single sample may exceed 406 E. coli organisms per 100 milliliters.

(b) Marine Waters and Estuarine Shellfish Growing Waters: A fecal coliform median concentration of 14 organisms per 100 milliliters, with not more than ten percent of the samples exceeding 43 organisms per 100 ml.

(2) Raw Sewage Prohibition: No sewage may be discharged into or in any other manner be allowed to enter the waters of the State, unless such sewage has been treated in a manner approved by the Department or otherwise allowed by these rules;

(3) Animal Waste: Runoff contaminated with domesticated animal wastes must be minimized and treated to the maximum extent practicable before it is allowed to enter waters of the State;

(4) Bacterial pollution or other conditions deleterious to waters used for domestic purposes, livestock watering, irrigation, bathing, or shellfish propagation, or otherwise injurious to public health may not be allowed;

(5) Effluent Limitations for Bacteria: Except as allowed in subsection (c) of this section, upon NPDES permit renewal or issuance, or upon request for a permit modification by the permittee at an earlier date, effluent discharges to freshwaters, and estuarine waters other than shellfish growing waters may not exceed a monthly log mean of 126 E. coli organ-

isms per 100 ml. No single sample may exceed 406 E. coli organisms per 100 ml. However, no violation will be found, for an exceedance if the permittee takes at least five consecutive re-samples at four-hour intervals beginning as soon as practicable (preferably within 28 hours) after the original sample was taken and the log mean of the five re-samples is less than or equal to 126 E. coli. The following conditions apply:

(a) If the Department finds that re-sampling within the timeframe outlined in this section would pose an undue hardship on a treatment facility, a more convenient schedule may be negotiated in the permit, provided that the permittee demonstrates that the sampling delay will result in no increase in the risk to water contact recreation in waters affected by the discharge;

(b) The in-stream criterion for chlorine listed in Table 20 must be met at all times outside the assigned mixing zone;

(c) For sewage treatment plants that are authorized to use recycled water pursuant to OAR 340, division 55, and that also use a storage pond as a means to dechlorinate their effluent prior to discharge to public waters, effluent limitations for bacteria may, upon request by the permittee, be based upon appropriate total coliform limits as required by OAR 340, division 55:

(i) Class C limitations: No two consecutive samples may exceed 240 total coliform per 100 milliliters.

(ii) Class A and Class B limitations: No single sample may exceed 23 total coliform per 100 milliliters.

(iii) No violation will be found for an exceedance under this paragraph if the permittee takes at least five consecutive re-samples at four hour intervals beginning as soon as practicable (preferably within 28 hours) after the original sample(s) were taken; and in the case of Class C recycled water, the log mean of the five re-samples is less than or equal to 23 total coliform per 100 milliliters or, in the case of Class A and Class B recycled water, if the log mean of the five re-samples is less than or equal to 2.2 total coliform per 100 milliliters.

(6) Sewer Overflows in winter: Domestic waste collection and treatment facilities are prohibited from discharging raw sewage to waters of the State during the period of November 1 through May 21, except during a storm event greater than the one-in-five-year, 24-hour duration storm. However, the following exceptions apply:

(a) The Commission may on a case-by-case basis approve a bacteria control management plan to be prepared by the permittee, for a basin or specified geographic area which describes hydrologic conditions under which the numeric bacteria criteria would be waived. These plans will identify the specific hydrologic conditions, identify the public notification and education processes that will be followed to inform the public about an event and the plan, describe the water quality assessment conducted to determine bacteria sources and loads associated with the specified hydrologic conditions, and describe the bacteria control program that is being implemented in the basin or specified geographic area for the identified sources;

(b) Facilities with separate sanitary and storm sewers existing on January 10, 1996, and which currently experience sanitary sewer overflows due to inflow and infiltration problems, must submit an acceptable plan to the Department at the first permit renewal, which describes actions that will be taken to assure compliance with the discharge prohibition by January 1, 2010. Where discharges occur to a receiving stream with sensitive beneficial uses, the Department may negotiate a more aggressive schedule for discharge elimination;

(c) On a case-by-case basis, the beginning of winter may be defined as October 15, if the permittee so requests and demonstrates to the Department's satisfaction that the risk to beneficial uses, including water contact recreation, will not be increased due to the date change.

(7) Sewer Overflows in summer: Domestic waste collection and treatment facilities are prohibited from discharging raw sewage to waters of the State during the period of May 22 through October 31, except during a storm event greater than the one-in-ten-year, 24-hour duration storm. The following exceptions apply:

(a) For facilities with combined sanitary and storm sewers, the Commission may on a case-by-case basis approve a bacteria control management plan such as that described in subsection (6)(a) of this rule;

(b) On a case-by-case basis, the beginning of summer may be defined as June 1 if the permittee so requests and demonstrates to the Department's satisfaction that the risk to beneficial uses, including water contact recreation, will not be increased due to the date change;

(c) For discharge sources whose permit identifies the beginning of summer as any date from May 22 through May 31: If the permittee demonstrates to the Department's satisfaction that an exceedance occurred between May 21 and June 1 because of a sewer overflow, and that no

# ADMINISTRATIVE RULES

increase in risk to beneficial uses, including water contact recreation, occurred because of the exceedance, no violation may be triggered, if the storm associated with the overflow was greater than the one-in-five-year, 24-hour duration storm.

(8) Storm Sewers Systems Subject to Municipal NPDES Stormwater Permits: Best management practices must be implemented for permitted storm sewers to control bacteria to the maximum extent practicable. In addition, a collection-system evaluation must be performed prior to permit issuance or renewal so that illicit and cross connections are identified. Such connections must be removed upon identification. A collection system evaluation is not required where the Department determines that illicit and cross connections are unlikely to exist.

(9) Storm Sewers Systems Not Subject to Municipal NPDES Stormwater Permits: A collection system evaluation must be performed of non-permitted storm sewers by January 1, 2005, unless the Department determines that an evaluation is not necessary because illicit and cross connections are unlikely to exist. Illicit and cross-connections must be removed upon identification.

(10) Water Quality Limited for Bacteria: In those water bodies, or segments of water bodies identified by the Department as exceeding the relevant numeric criteria for bacteria in the basin standards and designated as water-quality limited under section 303(d) of the Clean Water Act, the requirements specified in section 11 of this rule and in OAR 340-041-0061(11) must apply.

(11) In water bodies designated by the Department as water-quality limited for bacteria, and in accordance with priorities established by the Department, development and implementation of a bacteria management plan may be required of those sources that the Department determines to be contributing to the problem. The Department may determine that a plan is not necessary for a particular stream segment or segments within a water-quality limited basin based on the contribution of the segment(s) to the problem. The bacteria management plans will identify the technologies, best management practices and/or measures and approaches to be implemented by point and nonpoint sources to limit bacterial contamination. For point sources, their National Pollutant Discharge Elimination System permit is their bacteria management plan. For nonpoint sources, the bacteria management plan will be developed by designated management agencies (DMAs) which will identify the appropriate best management practices or measures and approaches.

## 340-041-0033

### Toxic Substances

(1) Amendments in sections (4) and (6) of this rule (OAR 340-041-0033) and associated revisions to Tables 20, 33A, 33B and 40 do not become applicable for purposes of ORS chapter 468B or the federal Clean Water Act unless and until EPA approves the provisions it identifies as water quality standards pursuant to 40 CFR 131.21 (4/27/2000).

(2) Toxic substances may not be introduced above natural background levels in waters of the state in amounts, concentrations, or combinations that may be harmful, may chemically change to harmful forms in the environment, or may accumulate in sediments or bioaccumulate in aquatic life or wildlife to levels that adversely affect public health, safety, or welfare or aquatic life, wildlife, or other designated beneficial uses.

(3) Aquatic Life Criteria. Levels of toxic substances in waters of the state may not exceed the applicable aquatic life criteria listed in Tables 20, 33A, and 33B. Tables 33A and 33B, adopted on May 20, 2004, update Table 20 as described in this section.

(a) Each value for criteria in Table 20 is effective until the corresponding value in Tables 33A or 33B becomes effective.

(A) Each value in Table 33A is effective on February 15, 2005, unless EPA has disapproved the value before that date. If a value is subsequently disapproved, any corresponding value in Table 20 becomes effective immediately. Values that are the same in Tables 20 and 33A remain in effect.

(B) Each value in Table 33B is effective upon EPA approval.

(b) The department will note the effective date for each value in Tables 20, 33A, and 33B as described in this section.

(4) Human Health Criteria. The criteria for waters of the state listed in Table 40 are established to protect Oregonians from potential adverse health effects associated with long-term exposure to toxic substances associated with consumption of fish, shellfish, and water.

(5) To establish permit or other regulatory limits for toxic substances for which criteria are not included in Tables 20, 33A, or 33B, the depart-

ment may use the guidance values in Table 33C, public health advisories, and other published scientific literature. The department may also require or conduct bio-assessment studies to monitor the toxicity to aquatic life of complex effluents, other suspected discharges, or chemical substances without numeric criteria.

(6) Establishing Site-Specific Background Pollutant Criteria: This provision is a performance based water quality standard that results in site-specific human health water quality criteria under the conditions and procedures specified in this rule section. It addresses existing permitted discharges of a pollutant removed from the same body of water. For waterbodies where a discharge does not increase the pollutant's mass and does not increase the pollutant concentration by more than 3%, and where the water body meets a pollutant concentration associated with a risk level of  $1 \times 10^{-4}$ , DEQ concludes that the pollutant concentration continues to protect human health.

(a) Definitions: For the purpose of this section (OAR 340-041-0033(6)):

(A) "Background pollutant concentration" means the ambient water body concentration immediately upstream of the discharge, regardless of whether those pollutants are natural or result from upstream human activity.

(B) An "intake pollutant" is the amount of a pollutant that is present in public waters (including groundwater) as provided in subsection (C), below, at the time it is withdrawn from such waters by the discharger or other facility supplying the discharger with intake water.

(C) "Same body of water": An intake pollutant is considered to be from the "same body of water" as the discharge if the department finds that the intake pollutant would have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee. This finding may be deemed established if:

(i) The background concentration of the pollutant in the receiving water (excluding any amount of the pollutant in the facility's discharge) is similar to that in the intake water;

(ii) There is a direct hydrological connection between the intake and discharge points; and

(I) The department may also consider other site-specific factors relevant to the transport and fate of the pollutant to make the finding in a particular case that a pollutant would or would not have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee.

(II) An intake pollutant from groundwater may be considered to be from the "same body of water" if the department determines that the pollutant would have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee, except that such a pollutant is not from the same body of water if the groundwater contains the pollutant partially or entirely due to past or present human activity, such as industrial, commercial, or municipal operations, disposal actions, or treatment processes.

(iii) Water quality characteristics (e.g., temperature, pH, hardness) are similar in the intake and receiving waters.

(b) Applicability

(A) Site-specific criteria may be established under this rule section only for carcinogenic pollutants.

(B) Site-specific criteria established under this rule section apply in the vicinity of the discharge for purposes of establishing permit limits for the specified permittee.

(C) The underlying waterbody criteria continue to apply for all other Clean Water Act programs.

(D) The site-specific background pollutant criterion will be effective upon department issuance of the permit for the specified permittee.

(E) Any site-specific criteria developed under this procedure will be re-evaluated upon permit renewal.

(c) A site-specific background pollutant criterion may be established where all of the following conditions are met:

(A) The discharger has a currently effective NPDES permit;

(B) The mass of the pollutant discharged to the receiving waterbody does not exceed the mass of the intake pollutant from the same body of water, as defined in section (6)(a)(C) above, and, therefore, does not increase the total mass load of the pollutant in the receiving water body;

(C) The discharger has not been assigned a TMDL wasteload allocation for the pollutant in question;

(D) The permittee uses any feasible pollutant reduction measures available and known to minimize the pollutant concentration in their discharge;

## ADMINISTRATIVE RULES

(E) The pollutant discharge has not been chemically or physically altered in a manner that causes adverse water quality impacts that would not occur if the intake pollutants were left in-stream; and,

(F) The timing and location of the pollutant discharge would not cause adverse water quality impacts that would not occur if the intake pollutant were left in-stream.

(d) The site-specific background pollutant criterion must be the most conservative of the following four values. The procedures deriving these values are described in the sections (6)(e) of this rule.

(A) The projected in-stream pollutant concentration resulting from the current discharge concentration and any feasible pollutant reduction measures under (c)(D) above, after mixing with the receiving stream.

(B) The projected in-stream pollutant concentration resulting from the portion of the current discharge concentration associated with the intake pollutant mass after mixing with the receiving stream. This analysis ensures that there will be no increase in the mass of the intake pollutant in the receiving water body as required by condition (c)(B) above.

(C) The projected in-stream pollutant concentration associated with a 3% increase above the background pollutant concentration as calculated:

(i) For the mainstem Willamette and Columbia Rivers, using 25% of the harmonic mean flow of the waterbody.

(ii) For all other waters, using 100% of the harmonic mean flow or similar critical flow value of the waterbody.

(D) A criterion concentration value representing a human health risk level of  $1 \times 10^{-4}$ . This value is calculated using EPA's human health criteria derivation equation for carcinogens (EPA 2000), a risk level of  $1 \times 10^{-4}$ , and the same values for the remaining calculation variables that were used to derive the underlying human health criterion.

(e) Procedure to derive a site-specific human health water quality criterion to address a background pollutant:

(A) The department will develop a flow-weighted characterization of the relevant flows and pollutant concentrations of the receiving waterbody, effluent and all facility intake pollutant sources to determine the fate and transport of the pollutant mass.

(i) The pollutant mass in the effluent discharged to a receiving waterbody may not exceed the mass of the intake pollutant from the same body of water.

(ii) Where a facility discharges intake pollutants from multiple sources that originate from the receiving waterbody and from other waterbodies, the department will calculate the flow-weighted amount of each source of the pollutant in the characterization.

(iii) Where intake water for a facility is provided by a municipal water supply system and the supplier provides treatment of the raw water that removes an intake water pollutant, the concentration and mass of the intake water pollutant shall be determined at the point where the water enters the water supplier's distribution system.

(B) Using the flow weighted characterization developed in Section (6)(e)(A), the department will calculate the in-stream pollutant concentration following mixing of the discharge into the receiving water. The resultant concentration will be used to determine the conditions in Section (6)(d)(A) and (B).

(C) Using the flow weighted characterization, the department will calculate the in-stream pollutant concentration based on an increase of 3% above background pollutant concentration. The resultant concentration will be used to determine the condition in Section (6)(d)(C).

(i) For the mainstem Willamette and Columbia Rivers, 25% of the harmonic mean flow of the waterbody will be used.

(ii) For all other waters, 100% of the harmonic mean flow or similar critical flow value of the waterbody will be used.

(D) The department will select the most conservative of the following values as the site-specific water quality criterion.

(i) The projected in-stream pollutant concentration described in Section 6(e)(B);

(ii) The in-stream pollutant concentration based on an increase of 3% above background described in Section (6)(e)(C); or

(iii) A water quality criterion based on a risk level of  $1 \times 10^{-4}$ .

(f) Calculation of water quality based effluent limits based on a site-specific background pollutant criterion:

(A) For discharges to receiving waters with a site-specific background pollutant criterion, the department will use the site-specific criterion in the calculation of a numeric water quality based effluent limit.

(B) The department will compare the calculated water quality based effluent limits to any applicable aquatic toxicity or technology based effluent limits and select the most conservative for inclusion in the permit conditions.

(g) In addition to the water quality based effluent limits described in Section (6)(f), the department will calculate a mass-based limit where necessary to ensure that the condition described in Section (6)(c)(B) is met. Where mass-based limits are included, the permit shall specify how compliance with mass-based effluent limitations will be assessed.

(h) The permit shall include a provision requiring the department to consider the re-opening of the permit and re-evaluation of the site-specific background pollutant criterion if new information shows the discharger no longer meets the conditions described in subsections (6)(c) and (e).

(i) Public Notification Requirements.

(A) If the department proposes to grant a site-specific background pollutant criterion, it must provide public notice of the proposal and hold a public hearing. The public notice may be included in the public notification of a draft NPDES permit or other draft regulatory decision that would rely on the criterion and will also be published on the water quality standards website;

(B) The department will publish a list of all site-specific background pollutant criteria approved pursuant to this rule. A criterion will be added to this list within 30 days of its effective date. The list will identify: the permittee; the site-specific background pollutant criterion and the associated risk level; the waterbody to which the criterion applies; the allowable pollutant effluent limit; and how to obtain additional information about the criterion.

(7) Arsenic Reduction Policy: The inorganic arsenic criterion for the protection of human health from the combined consumption of organisms and drinking water is 2.1 micrograms per liter. While this criterion is protective of human health and more stringent than the federal maximum contaminant level (MCL) for arsenic in drinking water, which is 10 micrograms per liter, it nonetheless is based on a higher risk level than the Commission has used to establish other human health criteria. This higher risk level recognizes that much of the risk is due to naturally high levels of inorganic arsenic in Oregon's waterbodies. In order to maintain the lowest human health risk from inorganic arsenic in drinking water, the Commission has determined that it is appropriate to adopt the following policy to limit the human contribution to that risk.

(a) The arsenic reduction policy established by this rule section does not become applicable for purposes of ORS chapter 468B or the federal Clean Water Act unless and until the numeric arsenic criteria established by this rule are approved by EPA pursuant to 40 CFR 131.21 (4/27/2000).

(b) It is the policy of the Commission that the addition of inorganic arsenic from new or existing anthropogenic sources to waters of the state within a surface water drinking water protection area be reduced the maximum amount feasible. The requirements of this rule section (OAR 340-041-0033(4)) apply to sources that discharge to surface waters of the state with an ambient inorganic arsenic concentration equal to or lower than the applicable numeric inorganic arsenic criteria for the protection of human health.

(c) The following definitions apply to this section (OAR 340-041-0033(4)):

(A) "Add inorganic arsenic" means to discharge a net mass of inorganic arsenic from a point source (the mass of inorganic arsenic discharged minus the mass of inorganic arsenic taken into the facility from a surface water source).

(B) A "surface water drinking water protection area," for the purpose of this section, means an area delineated as such by DEQ under the source water assessment program of the federal Safe Drinking Water Act, 42 U.S.C. § 300j 13. The areas are delineated for the purpose of protecting public or community drinking water supplies that use surface water sources. These delineations can be found at DEQ's drinking water program website.

(C) "Potential to significantly increase inorganic arsenic concentrations in the public drinking water supply source water" means:

(i) to increase the concentration of inorganic arsenic in the receiving water for a discharge by 10 percent or more after mixing with the harmonic mean flow of the receiving water; or

(ii) as an alternative, if sufficient data are available, the discharge will increase the concentration of inorganic arsenic in the surface water intake water of a public water system by 0.021 micrograms per liter or more based on a mass balance calculation.

(d) Following the effective date of this rule, applications for an individual NPDES permit or permit renewal received from industrial dischargers located in a surface water drinking water protection area and identified by DEQ as likely to add inorganic arsenic to the receiving water must include sufficient data to enable DEQ to determine whether:

(A) The discharge in fact adds inorganic arsenic; and

# ADMINISTRATIVE RULES

(B) The discharge has the potential to significantly increase inorganic arsenic concentrations in the public drinking water supply source water.

(e) Where DEQ determines that both conditions in subsection (d) of this section (4) are true, the industrial discharger must develop an inorganic arsenic reduction plan and propose all feasible measures to reduce its inorganic arsenic loading to the receiving water. The proposed plan, including proposed measures, monitoring and reporting requirements, and a schedule for those actions, will be described in the fact sheet and incorporated into the source's NPDES permit after public comment and DEQ review and approval. In developing the plan, the source must:

(A) Identify how much it can minimize its inorganic arsenic discharge through pollution prevention measures, process changes, wastewater treatment, alternative water supply (for groundwater users) or other possible pollution prevention and/or control measures;

(B) Evaluate the costs, feasibility and environmental impacts of the potential inorganic arsenic reduction and control measures;

(C) Estimate the predicted reduction in inorganic arsenic and the reduced human health risk expected to result from the control measures;

(D) Propose specific inorganic arsenic reduction or control measures, if feasible, and an implementation schedule; and

(E) Propose monitoring and reporting requirements to document progress in plan implementation and the inorganic arsenic load reductions.

(f) In order to implement this section, DEQ will develop the following information and guidance within 120 days of the effective date of this rule and periodically update it as warranted by new information:

(A) A list of industrial sources or source categories, including industrial stormwater and sources covered by general permits, that are likely to add inorganic arsenic to surface waters of the State.

(i) For industrial sources or source categories permitted under a general permit that have been identified by DEQ as likely sources of inorganic arsenic, DEQ will evaluate options for reducing inorganic arsenic during permit renewal or evaluation of Stormwater Pollution Control Plans.

(B) Quantitation limits for monitoring inorganic arsenic concentrations.

(C) Information and guidance to assist sources in estimating, pursuant to paragraph (d)(C) of this section, the reduced human health risk expected to result from inorganic arsenic control measures based on the most current EPA risk assessment.

(g) It is the policy of the Commission that landowners engaged in agricultural or development practices on land where pesticides, fertilizers, or soil amendments containing arsenic are currently being or have previously been applied, implement conservation practices to minimize the erosion and runoff of inorganic arsenic to waters of the State or to a location where such material could readily migrate into waters of the State.

## 340-041-0059

### Variations

This rule (OAR 340-041-0059) does not become applicable for purposes of ORS chapter 468B or the federal Clean Water Act unless and until EPA approves the provisions it identifies as water quality standards pursuant to 40 CFR 131.21 (4/27/2000).

(1) Applicability. Subject to the requirements and limitations set out in sections (2) through (7) below, a point source may request a water quality standards variance where it is demonstrated that the source cannot feasibly meet effluent limits sufficient to meet water quality standards. The director of the department will determine whether to issue a variance for a source covered by an existing NPDES permit. The commission will determine whether to issue a variance for a discharger that does not have a currently effective NPDES permit.

(a) The variance applies only to the specified point source permit and pollutant(s); the underlying water quality standard(s) otherwise remains in effect.

(b) The department or commission may not grant a variance if:

(A) The effluent limit sufficient to meet the underlying water quality standard can be attained by implementing technology-based effluent limits required under sections 301(b) and 306 of the federal Clean Water Act, and by implementing cost-effective and reasonable best management practices for nonpoint sources under the control of the discharger; or

(B) The variance would likely jeopardize the continued existence of any threatened or endangered species listed under section 4 of the

Endangered Species Act or result in the destruction or adverse modification of such species' critical habitat; or

(C) The conditions allowed by the variance would result in an unreasonable risk to human health; or

(D) A point source does not have a currently effective NPDES permit, unless the variance is necessary to:

(i) Prevent or mitigate a threat to public health or welfare;

(ii) Allow a water quality or habitat restoration project that may cause short term water quality standards exceedances, but will result in long term water quality or habitat improvement that enhances the support of aquatic life uses;

(iii) Provide benefits that outweigh the environmental costs of lowering water quality. This analysis is comparable to that required under the antidegradation regulation contained in OAR-041-0004(6)(b); or

(E) The information and demonstration submitted in accordance with section (4) below does not allow the department or commission to conclude that a condition in section (2) has been met.

(2) Conditions to Grant a Variance. Before the commission or department may grant a variance, it must determine that:

(a) No existing use will be impaired or removed as a result of granting the variance and

(b) Attaining the water quality standard during the term of the variance is not feasible for one or more of the following reasons:

(A) Naturally occurring pollutant concentrations prevent the attainment of the use;

(B) Natural, ephemeral, intermittent, or low flow conditions or water levels prevent the attainment of the use, unless these conditions may be compensated for by the discharge of sufficient volume of effluent discharges to enable uses to be met without violating state water conservation requirements;

(C) Human-caused conditions or sources of pollution prevent the attainment of the use and cannot be remedied or would cause more environmental damage to correct than to leave in place;

(D) Dams, diversions, or other types of hydrologic modifications preclude the attainment of the use, and it is not feasible to restore the waterbody to its original condition or to operate such modification in a way which would result in the attainment of the use;

(E) Physical conditions related to the natural features of the waterbody, such as the lack of a proper substrate, cover, flow, depth, pools, riffles, and unrelated to water quality preclude attainment of aquatic life protection uses; or

(F) Controls more stringent than those required by sections 301(b) and 306 of the federal Clean Water Act would result in substantial and widespread economic and social impact.

(3) Variance Duration.

(a) The duration of a variance must not exceed the term of the NPDES permit. If the permit is administratively extended, the permit effluent limits and any other requirements based on the variance and associated pollutant reduction plan will continue to be in effect during the period of the administrative extension. The department will give priority to NPDES permit renewals for permits containing variances and where a renewal application has been submitted to the director at least one hundred eighty days prior to the NPDES permit expiration date.

(b) When the duration of the variance is less than the term of a NPDES permit, the permittee must be in compliance with the specified effluent limitation sufficient to meet the underlying water quality standard upon the expiration of the variance.

(c) A variance is effective only after EPA approval. The effective date and duration of the variance will be specified in a NPDES permit or order of the commission or department.

(4) Variance Submittal Requirements. To request a variance, a permittee must submit the following information to the department:

(a) A demonstration that attaining the water quality standard for a specific pollutant is not feasible for the requested duration of the variance based on one or more of the conditions found in section (2)(b) of this rule;

(b) A description of treatment or alternative options considered to meet limits based on the applicable underlying water quality standard, and a description of why these options are not technically, economically, or otherwise feasible;

(c) Sufficient water quality data and analyses to characterize ambient and discharge water pollutant concentrations;

(d) Any cost-effective and reasonable best management practices for nonpoint sources under the control of the discharger that addresses the pollutant the variance is based upon;

# ADMINISTRATIVE RULES

(e) A proposed pollutant reduction plan that includes any actions to be taken by the permittee that would result in reasonable progress toward meeting the underlying water quality standard. Such actions may include proposed pollutant offsets or trading or other proposed pollutant reduction activities, and associated milestones for implementing these measures. Pollutant reduction plans will be tailored to address the specific circumstances of each facility and to the extent pollutant reduction can be achieved; and

(f) If the discharger is a publicly owned treatment works, a demonstration of the jurisdiction's legal authority (such as a sewer use ordinance) to regulate the pollutant for which the variance is sought. The jurisdiction's legal authority must be sufficient to control potential sources of that pollutant that discharge into the jurisdiction's sewer collection system.

(5) Variance Permit Conditions. Effluent limits in the discharger's permit will be based on the variance and not the underlying water quality standard, so long as the variance remains effective. The department must establish and incorporate into the discharger's NPDES permit all conditions necessary to implement and enforce an approved variance and associated pollutant reduction plan. The permit must include, at a minimum, the following requirements:

(a) An interim concentration based permit limit or requirement representing the best achievable effluent quality based on discharge monitoring data and that is no less stringent than that achieved under the previous permit. For a new discharger, the permit limit will be calculated based on best achievable technology;

(b) A requirement to implement any pollutant reduction actions approved as part of a pollutant reduction plan submitted in accordance with section (4)(e) above and to make reasonable progress toward attaining the underlying water quality standard(s);

(c) Any studies, effluent monitoring, or other monitoring necessary to ensure compliance with the conditions of the variance; and

(d) An annual progress report to the department describing the results of any required studies or monitoring during the reporting year and identifying any impediments to reaching any specific milestones stated in the variance.

(6) Public Notification Requirements.

(a) If the department proposes to grant a variance, it must provide public notice of the proposal and hold a public hearing. The public notice may be included in the public notification of a draft NPDES permit or other draft regulatory decision that would rely on the variance;

(b) The department will publish a list of all variances approved pursuant to this rule. Newly approved variances will be added to this list within 30 days of their effective date. The list will identify: the discharger; the underlying water quality standard addressed by the variance; the waters of the state to which the variance applies; the effective date and duration of the variance; the allowable pollutant effluent limit granted under the variance; and how to obtain additional information about the variance.

(7) Variance Renewals.

(a) A variance may be renewed if:

(A) The permittee makes a renewed demonstration pursuant to section (2) of this rule that attaining the water quality standard continues to be infeasible,

(B) The permittee submits any new or updated information pertaining to any of the requirements of section 4,

(C) The department determines that all conditions and requirements of the previous variance and actions contained in the pollutant reduction plan pursuant to section (5) have been met, unless reasons outside the control of the discharger prevented meeting any condition or requirement, and

(D) All other requirements of this rule have been met.

(b) A variance renewal must be approved by the department director and by EPA.

## 340-041-0061

### Other Implementation of Water Quality Criteria

(1) A waste treatment and disposal facility may not be constructed or operated and wastes may not be discharged to public waters without a permit from the department in accordance with ORS 468B.050.

(2) Plans for all sewage and industrial waste treatment, control, and disposal facilities must be submitted to the department for review and approval prior to construction as required by ORS 468B.055.

(3) Minimum design criteria for waste treatment and control facilities prescribed under this plan and other waste treatment and controls deemed necessary to ensure compliance with the water quality standards contained

in this plan must be provided in accordance with specific permit conditions for those sources or activities for which permits are required and the following implementation program.

(a) For new or expanded waste loads or activities, fully approved treatment or control facilities, or both, must be provided prior to discharge of any wastes from the new or expanded facilities or conduct of the new or expanded activity.

(b) For existing waste loads or activities, additional treatment or control facilities necessary to correct specific unacceptable water quality conditions must be provided in accordance with a specific program and timetable incorporated into the waste discharge permit for the individual discharger or activity. In developing treatment requirements and implementation schedules for existing installations or activities, consideration will be given to the impact upon the overall environmental quality, including air, water, land use, and aesthetics.

(c) Wherever minimum design criteria for waste treatment and control facilities set forth in this plan are more stringent than applicable federal standards and treatment levels currently being provided, upgrading to the more stringent requirements will be deferred until it is necessary to expand or otherwise modify or replace the existing treatment facilities. Such deferral will be acknowledged in the permit for the source.

(d) Where planning, design, or construction of new or modified waste treatment and controls to meet prior applicable state or federal requirements is underway at the time this plan is adopted, such plans, design, or construction may be completed under the requirements in effect when the project was initiated. Upgrading to meet more stringent future requirements will be timed in accordance with section (3) of this rule.

(4) Confined animal feeding operations (CAFOs) are regulated under OAR 340-051-0005 through 340-051-0080 to minimize potential adverse effect on water quality (see also OAR 603-074-0005 through 603-074-0070).

(5) Programs for control of pollution from nonpoint sources when developed by the department or by other agencies pursuant to section 208 of the federal Clean Water Act and approved by the department will be incorporated into this plan by amendment via the same process used to adopt the plan unless other procedures are established by law.

(6) Where minimum requirements of federal law or enforceable regulations are more stringent than specific provisions of this plan, the federal requirements will prevail.

(7) Within the framework of statewide priorities and available resources, the department will monitor water quality within the basin for the purposes of evaluating conformance with the plan and developing information for additions or updates.

(8) The commission recognizes that the potential exists for conflicts between water quality management plans and the land use plans and resource management plans that local governments and other agencies are required to develop. If conflicts develop, the department will meet with the local governments or responsible agencies to resolve the conflicts. Revisions will be presented for adoption via the same process used to adopt the plan unless other specific procedures are established by law.

(9) The department will calculate and include effluent limits specified in pounds per day, which will be the mass load limits for biochemical oxygen demand or carbonaceous biochemical oxygen demand and total suspended solids in National Pollutant Discharge Elimination System permits issued to all sewage treatment facilities. These limits must be calculated as follows.

(a) Except as noted in paragraph (H) of this subsection, the following requirements apply to existing facilities and to facilities receiving departmental approval for engineering plans and specifications for new treatment facilities or treatment facilities expanding the average dry weather treatment capacity before June 30, 1992:

(A) During periods of low stream flows (approximately May 1 through October 31), the monthly average mass load expressed as pounds per day may not exceed the applicable monthly concentration effluent limit times the design average dry weather flow expressed in million gallons per day times 8.34. The weekly average mass load expressed as pounds per day may not exceed the monthly average mass load times 1.5. The daily mass load expressed in pounds per day may not exceed the monthly average mass load times 2.0.

(B) During the period of high stream flows (approximately November 1 through April 30), the monthly average mass load expressed as pounds per day may not exceed the monthly concentration effluent limit times the design average wet weather flow expressed in million gallons per day times 8.34. The weekly average mass load expressed as pounds per day may not exceed the monthly average mass load times 1.5. The daily mass load

## ADMINISTRATIVE RULES

expressed in pounds per day may not exceed the monthly average mass load times 2.0.

(C) On any day that the daily flow to a sewage treatment facility exceeds the lesser hydraulic capacity of the secondary treatment portion of the facility or twice the design average dry weather flow, the daily mass load limit does not apply. The permittee must operate the treatment facility at highest and best practicable treatment and control.

(D) The design average wet weather flow used in calculating mass loads must be approved by the department in accordance with prudent engineering practice and must be based on a facility plan approved by the department, engineering plans and specifications approved by the department, or an engineering evaluation. The permittee must submit documentation describing and supporting the design average wet weather flow with the permit application, application for permit renewal, or modification request or upon request by the department. The design average wet weather flow is defined as the average flow between November 1 and April 30 when the sewage treatment facility is projected to be at design capacity for that portion of the year.

(E) Mass loads assigned as described in paragraphs (B) and (C) of this subsection will not be subject to OAR 340-041-0004(9);

(F) Mass loads as described in this rule will be included in permits upon renewal or upon a request for permit modification.

(G) Within 180 days after permit renewal or modification, a permittee receiving higher mass loads under this rule and having a separate sanitary sewer system must submit to the department for review and approval a proposed program and time schedule for identifying and reducing inflow. The program must include the following:

(i) Identification of all overflow points and verification that sewer system overflows are not occurring up to a 24-hour, five-year storm event or equivalent;

(ii) Monitoring of all pump station overflow points;

(iii) A program for identifying and removing all inflow sources into the permit holder's sewer system over which the permit holder has legal control; and

(iv) For those permit holders not having the necessary legal authority for all portions of the sewer system discharging into the permit holder's sewer system or treatment facility, a program and schedule for gaining legal authority to require inflow reduction and a program and schedule for removing inflow sources.

(H) Within one year after the department's approval of the program, the permit holder must begin implementation of the program.

(I) Paragraphs (A) through (G) of this subsection do not apply to the cities of Athena, Elgin, Adair Village, Halsey, Harrisburg, Independence, Carlton, and Sweet Home. Mass load limits have been individually assigned to these facilities.

(b) For new sewage treatment facilities or treatment facilities expanding the average dry weather treatment capacity and receiving engineering plans and specifications approval from the department after June 30, 1992, the mass load limits must be calculated by the department based on the proposed treatment facility capabilities and the highest and best practicable treatment to minimize the discharge of pollutants.

(c) Mass load limits as defined in this rule may be replaced by more stringent limits if required by waste load allocations established in accordance with a TMDL for treatment facilities discharging to water quality limited streams or if required to prevent or eliminate violations of water quality standards.

(d) If the design average wet weather flow or the hydraulic secondary treatment capacity is not known or has not been approved by the department at the time of permit issuance, the permit must include as interim mass load limits the mass load limits in the previous permit issued to the permit holder for the treatment facility. The permit must also include a requirement that the permit holder submit to the department the design average wet weather flow and hydraulic secondary treatment capacity within 12 months after permit issuance. Upon review and approval of the design flow information, the department will modify the permit and include mass load limits as described in subsection (a) of this section.

(e) Each permit holder with existing sewage treatment facilities otherwise subject to subsection (a) of this section may choose mass load limits calculated as follows:

(A) The monthly average mass load expressed as pounds per day may not exceed the applicable monthly concentration effluent limit times the design average dry weather flow expressed in million gallons per day times 8.34 pounds per gallon.

(B) The weekly average mass load expressed as pounds per day may not exceed the monthly average mass load times 1.5.

(C) The daily mass load expressed in pounds per day may not exceed the monthly average mass load times 2.0. If existing mass load limits are retained by the permit holder, the terms and requirements of subsection (a) of this section do not apply.

(f) The commission may grant exceptions to subsection (a) of this section. In allowing increased discharged loads, the commission must make the findings specified in OAR 340-041-0004(9)(a) for waste loads and the following findings:

(A) Mass loads calculated in subsection (a) of this section cannot be achieved with the existing treatment facilities operated at maximum efficiency at projected design flows; and

(B) There are no practicable alternatives to achieving the mass loads as calculated in subsection (a) of this section.

(10) Forestry on state and private lands. Nonpoint sources of pollution from forest operations on state or private lands are subject to best management practices and other control measures established by the Oregon Department of Forestry under the Forest Practices Act (ORS 527.610 to 527.992). Such forest operations when conducted in good faith compliance with the Forest Practices Act requirements are generally deemed not to cause violations of water quality standards as provided in ORS 527.770. Forest operations on state and private lands are subject to load allocations under ORS 468.110 and OAR 340, Division 42, to the extent necessary to implement the federal Clean Water Act.

(11) In areas subject to the Agricultural Water Quality Management Act, the Oregon Department of Agriculture (ODA) under ORS 568.900 to 568.933 and 561.191 develops and implements agricultural water quality management area plans and rules to prevent and control water pollution from agricultural activities and soil erosion on agricultural and rural lands. Area plans and rules must be designed to achieve and maintain water quality standards. If the department determines that the area plan and rules are not adequate to achieve and maintain water quality standards, the department will provide ODA with comments on what would be sufficient to meet WQS or TMDL load allocations. If a resolution cannot be agreed upon, the department will request the Environmental Quality Commission (EQC) to petition ODA for a review of part or all of water quality management area plan and rules. If a person subject to an ODA area plan and implementing rules causes or contributes to water quality standards violations, the department will refer the activity to ODA for further evaluation and potential requirements.

(12) Agriculture and forestry on federal lands. Agriculture and forestry activities conducted on federal land must meet the requirements of this division and are subject to the department's jurisdiction. Pursuant to Memoranda of Agreement with the U.S. Forest Service and the Bureau of Land Management, water quality standards are expected to be met through the development and implementation of water quality restoration plans, best management practices, and aquatic conservation strategies. Where the department designates a federal agency as a designated management agency, implementation of these plans, practices, and strategies is deemed compliance with this division.

(13) Testing methods. The analytical testing methods for determining compliance with the water quality standards in this rule must comply with 40 CFR Part 136 or, if Part 136 does not prescribe a method, with the most recent edition of Standard Methods for the Examination of Water and Waste Water published jointly by the American Public Health Association, American Water Works Association, and Water Pollution Control Federation; if the department has published an applicable superseding method, testing must comply with the superseding method. Testing in accordance with an alternative method must comply with this rule if the department has published the method or has approved the method in writing.

(14) Reservoirs or managed lakes are deemed in compliance with water quality criteria for temperature, pH, or dissolved oxygen (DO) if all of the following circumstances exist.

(a) The water body has thermally stratified naturally or due to the presence of an impoundment.

(b) The water body has three observable layers, defined as the epilimnion, metalimnion, and hypolimnion.

(c) A layer exists in the reservoir or managed lake in which temperature, pH, and DO criteria are all met, and the layer is sufficient to support beneficial uses.

(d) All practicable measures have been taken by the entities responsible for management of the reservoir or managed lake to maximize the layers meeting the temperature, pH, and DO criteria.

(e) One of the following conditions is met:

# ADMINISTRATIVE RULES

(A) The streams or river segments immediately downstream of the water body meet applicable criteria for temperature, pH, and DO.

(B) All practicable measures have been taken to maximize downstream water quality potential and fish passage.

(C) If the applicable criteria are not met in the stream or river segment immediately upstream of the water body, then no further measurable downstream degradation of water quality has taken place due to stratification of the reservoir or managed lake.

(15) Compliance schedules. In a permit issued under OAR 340, division 045 or in a water quality certification under OAR 340, division 48, the department may include compliance schedules for the implementation of effluent limits derived from water quality criteria in this division. A compliance schedule in an NPDES permit is allowed only for water quality based effluent limits that are newly applicable to the permit and must comply with provisions in 40 CFR §122.47 (including the requirement that water quality criteria must be achieved as soon as possible).

## 340-042-0040

### Establishing Total Maximum Daily Loads (TMDLs)

(1) The Department will establish TMDLs for pollutants in waters of the state that are listed in accordance with the Federal Water Pollution Control Act Section 303(d) (33 USC Section 1313(d)).

(2) The Department will group stream segments and other waterbodies geographically by subbasin and develop TMDLs for those subbasins, unless it determines another approach is warranted.

(3) The Department will prioritize and schedule TMDLs for completion considering the following factors:

- (a) Severity of the pollution,
- (b) Uses of the water,
- (c) Availability of resources to develop TMDLs,
- (d) Specific judicial requirements, and
- (e) Any other relevant information.

(4) A TMDL will include the following elements:

(a) Name and location. This element describes the geographic area for which the TMDL is developed and includes maps as appropriate.

(b) Pollutant identification. This element identifies the pollutants causing impairment of water quality that are addressed in the TMDL.

(c) Water quality standards and beneficial uses. This element identifies the beneficial uses in the basin and the relevant water quality standards, including specific basin standards established in OAR 340-041-0202 through 340-041-0975. The beneficial use that is most sensitive to impairment by the pollutant or pollutants addressed in the TMDL will be specified.

(d) Loading capacity. This element specifies the amount of a pollutant or pollutants that a waterbody can receive and still meet water quality standards. The TMDL will be set at a level to ensure that loading capacity is not exceeded. Flow assumptions used in the TMDL will be specified.

(e) Excess load. This element evaluates, to the extent existing data allow, the difference between the actual pollutant load in a waterbody and the loading capacity of that waterbody.

(f) Sources or source categories. This element identifies the pollutant sources and estimates, to the extent existing data allow, the amount of actual pollutant loading from these sources. The TMDL will establish wasteload allocations and load allocations for these sources. The Department will use available information and analyses to identify and document sources.

(g) Wasteload allocations. This element determines the portions of the receiving water's loading capacity that are allocated to existing point sources of pollution, including all point source discharges regulated under the Federal Water Pollution Control Act Section 402 (33 USC Section 1342).

(h) Load allocations. This element determines the portions of the receiving water's loading capacity that are allocated to existing nonpoint sources, including runoff, deposition, soil contamination and groundwater discharges, or to background sources. Load allocations are best estimates of loading, and may range from reasonably accurate estimates to gross allotments depending on the availability of data and appropriate techniques for predicting loading. Whenever reasonably feasible, natural background, long-range transport and anthropogenic nonpoint source loads will be distinguished from each other.

(i) Margin of safety. This element accounts for uncertainty related to the TMDL and, where feasible, quantifies uncertainties associated with estimating pollutant loads, modeling water quality and monitoring water

quality. The TMDL will explain how the margin of safety was derived and incorporated into the TMDL.

(j) Seasonal variation. This element accounts for seasonal variation and critical conditions in stream flow, sensitive beneficial uses, pollutant loading and water quality parameters so that water quality standards will be attained and maintained during all seasons of the year.

(k) Reserve capacity. This element is an allocation for increases in pollutant loads from future growth and new or expanded sources. The TMDL may allocate no reserve capacity and explain that decision.

(l) Water quality management plan (WQMP). This element provides the framework of management strategies to attain and maintain water quality standards. The framework is designed to work in conjunction with detailed plans and analyses provided in sector-specific or source-specific implementation plans. The WQMP will address the following:

(A) Condition assessment and problem description.

(B) Goals and objectives.

(C) Proposed management strategies designed to meet the wasteload allocations and load allocations in the TMDL. This will include a categorization of sources and a description of the management strategies proposed for each source category.

(D) Timeline for implementing management strategies including:

(i) Schedule for revising permits,

(ii) Schedule for achieving appropriate incremental and measurable water quality targets,

(iii) Schedule for implementing control actions, and

(iv) Schedule for completing other measurable milestones.

(E) Explanation of how implementing the management strategies will result in attainment of water quality standards.

(F) Timeline for attainment of water quality standards.

(G) Identification of persons, including Designated Management Agencies (DMAs), responsible for implementing the management strategies and developing and revising sector-specific or source-specific implementation plans.

(H) Identification of sector-specific or source-specific implementation plans that are available at the time the TMDL is issued.

(I) Schedule for preparation and submission of sector-specific or source-specific implementation plans by responsible persons, including DMAs, and processes that trigger revisions to these implementation plans.

(J) Description of reasonable assurance that management strategies and sector-specific or source-specific implementation plans will be carried out through regulatory or voluntary actions.

(K) Plan to monitor and evaluate progress toward achieving TMDL allocations and water quality standards including:

(i) Identification of persons responsible for monitoring, and

(ii) Plan and schedule for reviewing monitoring information and revising the TMDL.

(L) Plan for public involvement in implementing management strategies.

(M) Description of planned efforts to maintain management strategies over time.

(N) General discussion of costs and funding for implementing management strategies. Sector-specific or source-specific implementation plans may provide more detailed analyses of costs and funding for specific management strategies.

(O) Citation of legal authorities relating to implementation of management strategies.

(5) To determine allocations for sources identified in the TMDL, the Department:

(a) Will use water quality data analyses, which may include statistical analyses or mathematical models.

(b) May use surrogate measures to estimate allocations for pollutants addressed in the TMDL. The Department may use one or more surrogate measures for a pollutant that is difficult to measure or highly variable. A surrogate measure will be closely related to the pollutant, and may be easier to monitor and track. The TMDL will establish the correlation between the surrogate measure and pollutant.

(6) The Department will distribute wasteload and load allocations among identified sources and in doing so, may consider the following factors:

(a) Contributions from sources;

(b) Costs of implementing measures;

(c) Ease of implementation;

(d) Timelines for attainment of water quality standards;

(e) Environmental impacts of allocations;

(f) Unintended consequences;

# ADMINISTRATIVE RULES

- (g) Reasonable assurances of implementation; and
- (h) Any other relevant factor.

(7) After issuing the TMDL, the Department may revise the loading capacity and allocations to accommodate changed needs or new information. In making these revisions, the Department will comply with the public notice provisions in OAR 340-042-0050(2) and procedures for issuing TMDL orders in OAR 340-042-0060.

(8) If the Environmental Protection Agency establishes a TMDL addressing waterbodies in Oregon, the Department may prepare a WQMP to implement that TMDL.

## 340-042-0080

### Implementing a Total Maximum Daily Load

(1) Management strategies identified in a WQMP to achieve wastewater and load allocations in a TMDL will be implemented through water quality permits for those sources subject to permit requirements in ORS 468B.050 and through sector-specific or source-specific implementation plans for other sources. WQMPs will identify the sector and source-specific implementation plans required and the persons, including DMAs, responsible for developing and revising those plans.

(2) Nonpoint source discharges of pollutants from forest operations on state or private lands are subject to best management practices and other control measures established by the Oregon Department of Forestry under the ORS 527.610 to 527.992 and according to OAR chapter 629, divisions 600 through 665. Such forest operations, when conducted in good faith compliance with the Forest Practices Act requirements are generally deemed not to cause violations of water quality standards as provided in ORS 527.770. Where the department determines that there are adequate resources and data available, the department will also assign sector or source specific load allocations needed for nonpoint sources of pollution on state and private forestlands to implement the load allocations. In areas where a TMDL has been approved, site specific rules under the Forest Practices Act rules will need to be revised if the department determines that the generally applicable Forest Practices Act rules are not adequate to implement the TMDL load allocations. If a resolution cannot be achieved, the department will request the Environmental Quality Commission to petition the Board of Forestry for a review of part or all of Forest Practices Act rules implementing the TMDL.

(3) In areas subject to the Agricultural Water Quality Management Act the Oregon Department of Agriculture (ODA) under ORS 568.900 to 568.933 and 561.191 and according to OAR chapter 603, divisions 90 and 95 develops and implements agricultural water quality management area plans and rules to prevent and control water pollution from agricultural activities and soil erosion on agricultural and rural lands. Where the department determines that there are adequate resources and data available, the department will also assign sector or source specific load allocations needed for agricultural or rural nonpoint sources to implement the load allocations. In areas where a TMDL has been approved, agricultural water quality management area plans and rules must be sufficient to meet the TMDL load allocations. If the department determines that the plan and rules are not adequate to implement the load allocation, the department will provide ODA with comments on what would be sufficient to meet TMDL load allocations. If a resolution cannot be achieved, the department will request the Environmental Quality Commission to petition ODA for a review of part or all of water quality management area plan and rules implementing the TMDL.

(4) Persons, including DMAs other than the Oregon Department of Forestry or the Oregon Department of Agriculture, identified in a WQMP as responsible for developing and revising sector-specific or source-specific implementation plans must:

(a) Prepare an implementation plan and submit the plan to the Department for review and approval according to the schedule specified in the WQMP. The implementation plan must:

(A) Identify the management strategies the DMA or other responsible person will use to achieve load allocations and reduce pollutant loading;

(B) Provide a timeline for implementing management strategies and a schedule for completing measurable milestones;

(C) Provide for performance monitoring with a plan for periodic review and revision of the implementation plan;

(D) To the extent required by ORS 197.180 and OAR chapter 340, division 18, provide evidence of compliance with applicable statewide land use requirements; and

(E) Provide any other analyses or information specified in the WQMP.  
(b) Implement and revise the plan as needed.

(5) For sources subject to permit requirements in ORS 468B.050, wastewater allocations and other management strategies will be incorporated into permit requirements.

### Intake Credits

(1) General Provisions. The following provisions apply to the consideration of intake pollutants in determining reasonable potential under section (2) of this rule and the consideration of intake pollutants in establishing water quality based effluent limits under section (3) of this rule.

These provisions do not alter the permitting authority's obligation under 40 CFR 122.44(d)(vii)(B) to develop effluent limitations consistent with the assumptions and requirements of any available waste load allocations for the discharge, that is part of a TMDL prepared by the department and approved by EPA pursuant to 40 CFR 130.7, or prepared by EPA pursuant to 40 CFR 130.7(d).

(a) An "intake pollutant" is the amount of a pollutant that is present in public waters (including groundwater as provided in subsection (d), below, at the time it is withdrawn from such waters by the discharger or other facility supplying the discharger with intake water.

(b) An intake pollutant is considered to be from the "same body of water" as the discharge if the department finds that the intake pollutant would have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee. This finding may be deemed established if:

(A) The background concentration of the pollutant in the receiving water (excluding any amount of the pollutant in the facility's discharge) is similar to that in the intake water;

(B) There is a direct hydrological connection between the intake and discharge points; and

(C) Water quality characteristics (e.g., temperature, pH, hardness) are similar in the intake and receiving waters.

(c) The department may also consider other site-specific factors relevant to the transport and fate of the pollutant to make the finding in a particular case that a pollutant would or would not have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee.

(d) An intake pollutant from groundwater may be considered to be from the "same body of water" if the department determines that the pollutant would have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee, except that such a pollutant is not from the same body of water if the groundwater contains the pollutant partially or entirely due to human activity, such as industrial, commercial, or municipal operations, disposal actions, or treatment processes.

(e) The determinations made under Sections (2) and (3), below, will be made on a pollutant-by-pollutant and outfall-by-outfall basis.

(2) Consideration of Intake Pollutants in Determining Reasonable Potential:

(a) The department may determine that there is "no reasonable potential" for the discharge of an identified intake pollutant to cause or contribute to an excursion above a narrative or numeric water quality criterion contained in Oregon's water quality standards where a discharger demonstrates to the satisfaction of the department (based upon information provided in the permit application or other information) that:

(A) The facility withdraws 100 percent of the intake water containing the pollutant from the same body of water into which the discharge is made;

(B) The facility does not contribute any additional mass of the identified intake pollutant to its wastewater;

(C) The facility does not alter the identified intake pollutant chemically or physically in a manner that would cause adverse water quality impacts to occur that would not occur if the pollutants were left in-stream;

(D) The facility does not increase the identified intake pollutant concentration at the edge of the mixing zone, or at the point of discharge if a mixing zone is not allowed, as compared to the pollutant concentration in the intake water, unless the increased concentration does not cause or contribute to an excursion above an applicable water quality standard; and

(E) The timing and location of the discharge would not cause adverse water quality impacts to occur that would not occur if the identified intake pollutant were left in-stream.

# ADMINISTRATIVE RULES

(b) Upon a finding under subsection (a) of this section that an intake pollutant in the discharge does not cause, have the reasonable potential to cause, or contribute to an excursion above an applicable water quality standard, the department is not required to include a water quality-based effluent limit for the identified intake pollutant in the facility's permit, provided:

(A) The NPDES permit evaluation report includes a determination that there is no reasonable potential for the discharge of an identified intake pollutant to cause or contribute to an excursion above an applicable numeric water quality criterion and references appropriate supporting documentation included in the administrative record;

(B) The permit requires all influent, effluent, and ambient monitoring necessary to demonstrate that the conditions above in subsection (a) of this section are maintained during the permit term; and

(C) The permit contains a re-opener clause authorizing modification or revocation and re-issuance of the permit if new information shows the discharger no longer meets the conditions in subsection (a)(A) through (E) of this section.

(3) Consideration of Intake Pollutants in Establishing Water Quality Based Effluent Limits (WQBELs):

(a) The department may consider pollutants in intake water as provided in section (3) when establishing water quality-based effluent limitations based on narrative or numeric criteria, provided that the discharger has demonstrated that the following conditions are met:

(A) The facility withdraws 100 percent of the intake water containing the pollutant from the same body of water into which the discharge is made;

(B) The observed maximum ambient background concentration and the intake water concentration of the pollutant exceeds the most stringent applicable water quality criterion for that pollutant;

(C) The facility does not alter the identified intake pollutant chemically or physically in a manner that would cause adverse water quality impacts to occur that would not occur if the pollutants were left in-stream;

(D) The facility does not increase the identified intake pollutant concentration, as defined by the department, at the point of discharge as compared to the pollutant concentration in the intake water; and

(E) The timing and location of the discharge would not cause adverse water quality impacts to occur that would not occur if the identified intake pollutant were left in-stream.

(b) Where the conditions in subsection (a) of this section are met, the department may establish a water quality-based effluent limitation allowing the facility to discharge a mass and concentration of the intake pollutant that are no greater than the mass and concentration found in the facility's intake water. A discharger may add mass of the pollutant to its waste stream if an equal or greater mass is removed prior to discharge, so there is no net addition of the pollutant in the discharge compared to the intake water.

(c) Where proper operation and maintenance of a facility's treatment system results in the removal of an intake water pollutant, the department may establish limitations that reflect the lower mass and concentration of the pollutant achieved by such treatment.

(d) Where intake water for a facility is provided by a municipal water supply system and the supplier provides treatment of the raw water that removes an intake water pollutant, the concentration of the intake water pollutant will be determined at the point where the water enters the water supplier's distribution system.

(e) Where a facility discharges intake pollutants from multiple sources that originate from the receiving water body and from other water bodies, the department may derive an effluent limitation reflecting the flow-weighted amount of each source of the pollutant provided that adequate monitoring to determine compliance can be established and is included in the permit.

(f) The permit will specify how compliance with mass and concentration-based limitations for the intake water pollutant will be assessed. This may be done by basing the effluent limitation on background concentration data. Alternatively, the department may determine compliance by monitoring the pollutant concentrations in the intake water and in the effluent. This monitoring may be supplemented by monitoring internal waste streams or by a department evaluation of the use of best management practices.

(g) In addition to the above, effluent limitations must be established to comply with all other applicable State and Federal laws and regulations including technology-based requirements and anti-degradation policies.

(h) When determining whether WQBELs are necessary, information from chemical-specific, whole effluent toxicity and biological assessments will be considered independently.

(i) Permits limits must be consistent with the assumptions and requirements of waste load allocations or other provisions in a TMDL that has been approved by the EPA.

**Rules Suspended:** 635-042-0110(T), 635-042-0115(T)

**Subject:** These amended rules extend, by four additional days, the open commercial shad seasons on the Columbia River in the Area 2S and Camas-Washougal Reef fisheries. The Area 2S fishery is open daily from 3:00 p.m. to 10:00 p.m. while the Camas-Washougal Reef fishery is open daily from 8:00 p.m. to 12:00 Midnight; both fisheries begin Tuesday June 21 through Friday June 24, 2011. Only shad may be kept or sold. All other fish must be immediately returned unharmed to the water. Modifications allow harvest using experimental gear when purchasing an *Experimental Fishing Gear Permit* as described in OAR 635-006-0020. Revisions are consistent with action taken on June 16, 2011 by the Columbia River Compact agencies of Oregon and Washington.

**Gary Island to Bonneville Dam (Area 2S) Shad Season**

(1) Shad may be taken for commercial purposes from the area of the Columbia River described in section (2) from 3:00 p.m. to 10:00 p.m. daily, Tuesday June 21 through Friday June 24, 2011.

(2) The area of the Columbia River open to fishing is from a downstream boundary of a true north/south line through the flashing red 4 second Light "50" near the Oregon bank to an upstream boundary of a straight line from a deadline marker on the Oregon bank, through the western tip of Pierce Island, to a deadline marker on the Washington bank at Beacon Rock, both such deadline markers located approximately four miles downstream from Bonneville Dam.

(3) It is *unlawful* to use a gillnet having a mesh size less than 5 3/8 inches or more than 6 1/4 inches with a breaking strength greater than a 10-pound pull, or to use a gillnet other than a single wall floater net, or to use a gillnet having slackers, or to use a gillnet of more than 150 fathoms in length or 40 meshes in depth. Rip lines are authorized spaced not closer than 20 corks apart.

(4) All salmon, steelhead, walleye and sturgeon taken in shad nets must be immediately returned unharmed to the water.

(5) Shad may also be taken and sold for commercial purposes with experimental fishing gears.

(a) A permit issued by the Department as described in OAR 635-006-0020 is required to use experimental gear types for shad.

(b) Conditions under which shad may be taken and sold for commercial purposes will be specified in the permit.

(c) Any salmon, steelhead or non-target species taken as incidental catch in operation of such gear shall immediately, with care and the least possible injury, be released and transferred to the water without violence.

### Inclusions and Modifications

(1) OAR chapter 635, division 4, modifies or is in addition to provisions contained in **Code of Federal Regulations, Title 50, Part 660, Subpart G, West Coast Groundfish Fisheries.**

(2) The **Code of Federal Regulations (CFR), Title 50, Part 660, Subpart G,** provides requirements for commercial groundfish fishing in the Pacific Ocean off the Oregon coast. However, additional regulations may be promulgated subsequently, and these supersede, to the extent of any inconsistency, the **Code of Federal Regulations.**

(3) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of Federal Register/Vol. 75, No. 162/Monday, August 23, 2010, announced inseason management measures effective August 18, 2010, including, but not limited to, changes to cumulative trip limits for the limited entry fixed-gear sablefish fishery and lincod retention allowances for vessels fishing in the salmon troll fishery and operating outside of the non-trawl RCA.

(4) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of Federal Register/Vol. 75, No. 191/Monday, October 4, 2010, announced inseason management measures effective October 1, 2010, including, but not limited to, changes to cumulative trip limits for the limited entry non-whiting trawl fishery.

(5) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of Federal Register/Vol. 75, No. 232/Friday, December 3, 2010, announced inseason management measures effective December 1, 2010, including, but not limited to, changes in cumulative trip limits and RCA boundaries for limited entry non-whiting trawl fisheries and cumulative trip limits for commercial fixed gear fisheries.

(6) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of National Marine Fisheries Service (NMFS) Public Notice/NMFS-SEA-10-22/December 27, 2010, announced inseason adjustments and new management measures effective January 1, 2010, including, but not limited to: a) temporary closure of the limited entry trawl fishery; b) replacement of previously used trip limit tables for limited entry trawl gear with incidental landing allowances for vessels registered to a Federal limited entry trawl permit and using groundfish trawl or groundfish non-trawl gears to harvest individual fishing quota (IFQ) species; c) adjustment of the trawl RCA; and d) adjustments to RCAs and cumulative trip limits for the limited entry and open access fixed-gear fisheries.

(7) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of National Marine Fisheries Service (NMFS) Public Notice/NMFS-SEA-11-01/January 7, 2011, announced inseason adjustments effective January 11, 2011, including, but not limited to, the start of the Trawl Rationalization Program; fishing will begin under the Shorebased Individual Fishing Quota (IFQ) Program on January 11, 2011.

(8) Notwithstanding, the regulations as defined in OAR 635-004-0018, the National Marine Fisheries Service (NMFS), by means of Federal Register/Vol. 76, No. 41/Wednesday, March 2, 2011, announced inseason management measures effective March 1, 2011, including, but not limited to: a) changes in cumulative trip limits and RCA boundaries for commercial fixed gear fisheries; and b) the annual tier limits for the limited entry fixed gear sablefish primary fishery north of 36° N. Latitude.

(9) Notwithstanding, the regulations as defined in OAR 635-004-0018, the National Marine Fisheries Service (NMFS), by means of Federal Register/Vol. 76, No.91/Wednesday, May 11, 2011, announced the 2011-2012 harvest specifications for most of the species in the groundfish fishery and management measures for that fishery off the coasts of Washington, Oregon, and California effective May 11, 2011, including, but not limited to: a) changes in cumulative trip limits and RCA boundaries for commercial groundfish fisheries; b) changes in annual catch limits and allocations of groundfish for the various commercial groundfish fisheries; and c) changes to other management measures.

(10) Notwithstanding, the regulations as defined in OAR 635-004-0018, the National Marine Fisheries Service, by means of Federal Register/Vol. 76, No. 115/Wednesday, June 15, 2011, announced revised cumulative limits for the limited entry fixed gear primary sablefish fishery effective June 10, 2011.

## 635-023-0095

### Sturgeon Season

(1) The 2011 Oregon Sport Fishing Regulations provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the 2011 Oregon Sport Fishing Regulations.

(2) The mainstem Columbia River from Wauna powerlines (River Mile 40) upstream to Bonneville Dam, excluding the lower Willamette River upstream to Willamette Falls, Multnomah Channel, and the Gilbert River, is open to the retention of white sturgeon with a fork length of 38-54 inches, three days per week, Thursdays through Saturdays, during the following periods:

(a) January 1 through July 31; and

(b) October 8 through December 31.

(3) The retention of white sturgeon in the area identified in section (2) of this rule is prohibited August 1 through October 7.

(4) The mainstem Columbia River from Wauna powerlines (River Mile 40) downstream to the mouth at Buoy 10, including Youngs Bay is open to the retention of white sturgeon seven days per week during the following periods:

(a) January 1 through April 30; and

(b) May 14 through July 31 (or until guideline is met).

(5) The retention of white sturgeon in the area identified in section (4) of this rule is prohibited May 1 through May 13, and from August 1 through December 31.

(6) During the fishing period as identified in subsection (4)(a) of this rule, only white sturgeon with a fork length of 38-54 inches may be retained.

(7) During the fishing period as identified in subsection (4)(b) of this rule, only white sturgeon with a fork length of 41-54 inches may be retained.

(8) Angling for sturgeon is prohibited from:

(a) Bonneville Dam downstream to a line crossing the Columbia River from Navigation Marker 82 on the Oregon shore through the upstream exposed end of Skamania Island, continuing in a straight line to Washington shore during May 1 through August 31;

(b) Highway 395 Bridge upstream to McNary Dam; and

(c) From the west end of the grain silo at Rufus upstream to John Day Dam during May 1 through July 31.

(d) The upper and lower ends of Sand Island and corresponding markers on the Oregon shoreline (slough at Rooster Rock State Park) from January 1 through April 30, 2011.

(9) Effective 12:01 a.m. Saturday, February 19 through Wednesday, June 29, 2011 the retention of white sturgeon in Bonneville Reservoir and tributaries is prohibited. Beginning Thursday, June 30 through Saturday, July 2, 2011 and from Thursday, July 7 through Saturday, July 9, 2011 (6 days) the Bonneville Pool upstream to The Dalles Dam is open for retention of white sturgeon between 38-54 inches in fork length.

(10) Effective 12:01 a.m. Sunday April 10, 2011 the retention of sturgeon in the John Day Pool and tributaries is prohibited.

(11) The mainstem Columbia River from McNary Dam upstream to the Oregon-Washington border at river mile 309.5 is open to retention of white sturgeon with a fork length of 43-54 inches, seven days per week from February 1 through July 31.

(12) The retention of white sturgeon in the area identified in section (11) of this rule is prohibited August 1 through January 31.

(13) Retention of green sturgeon is prohibited all year in all areas.

# ADMINISTRATIVE RULES

635-041-0076

## Spring Salmon Season

(1) Commercial sales of platform and hook-and-line caught fish from Zone 6 of the mainstem Columbia River are allowed beginning 6:00 p.m. Tuesday, May 10, 2011 until further notice.

(a) Chinook, steelhead, sockeye, coho, walleye, shad, carp, bass, catfish and yellow perch landed during an open commercial fishing period may be sold at any time or retained for subsistence purposes. Sturgeon may not be sold or retained prior to 6:00 a.m. Monday, June 27, 2011. White sturgeon between 43 and 54 inches in fork length taken in The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken in the Bonneville Pool from 6:00 a.m. Monday, June 27, through 6:00 p.m. Thursday, June 30, 2011 may be sold or retained for subsistence use.

(b) Gear is restricted to subsistence fishing gear: hoopnets, dipnets and rod and reel with hook-and-line are allowed.

(c) Closed areas in Zone 6, except the Spring Creek sanctuary, are as set forth in OAR 635-041-0045 and remain in effect.

(2) Commercial sales of gill net caught fish from Zone 6 of the mainstem Columbia River is allowed beginning 6:00 a.m. Thursday, June 16 through 6:00 p.m. Saturday, June 18, 2011 (2.5 days); from 6:00 a.m. Monday, June 20 through 6:00 p.m. Thursday, June 23, 2011 (3.5 days); and from 6:00 a.m. Monday, June 27 through 6:00 p.m. Thursday, June 30, 2011 (3.5 days).

(a) Salmon, steelhead, shad, yellow perch, bass, walleye, catfish and carp landed during any open gill net fishing period may be sold at any time or retained for subsistence purposes. Sturgeon may not be sold or retained prior to 6:00 a.m. Monday, June 27, 2011. White sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool from 6:00 a.m. Monday, June 27, through 6:00 p.m. Thursday, June 30, 2011 may be sold or retained for subsistence use. Fish landed during an open commercial period may be sold at any time. Commercial buyers may only purchase sturgeon in the round.

(b) Gear is restricted to gill nets. Beginning 6:00 a.m. Monday, June 27, 2011 only floating gill nets may be used, no diver gill nets are allowed. No minimum mesh size restriction is in effect.

(c) Closed areas in Zone 6, except the Spring Creek sanctuary, are as set forth in OAR 635-041-0045 and remain in effect.

(3) Sales of fish caught in Yakama Nation tributary fisheries in the Klickitat River; Wind River; Drano Lake; and Big White Salmon River are allowed during those days and hours when the tributaries are open under lawfully enacted tribal fishing periods and concurrent with periods when sales from Zone 6 platform and hook-and-line fisheries are allowed.

## Youngs Bay Salmon Season

(1) Salmon, white sturgeon, and shad may be taken for commercial purposes in those waters of Youngs Bay. From 4:00 p.m. Wednesday, May 18 through midnight Sunday, May 22, 2011 retention of non-adipose fin-clipped Chinook salmon is prohibited (104 hours).

(a) The open fishing periods are established in three segments categorized as the winter fishery, subsection (1)(a)(A); the spring fishery, subsection (1)(a)(B); and summer fishery, subsection (1)(a)(C), as follows:

(A) Winter Season:

(i) Entire Youngs Bay: Sunday, Tuesday and Thursday days from February 13 through March 10 (12 days) starting at 12:00 noon through 6:00 a.m. the following morning (18 hours).

(ii) Upstream of old Youngs Bay Bridge: 2:00 p.m. to 8:00 p.m. Monday, March 14, 2011 (6 hours) and 2:00 p.m. to 8:00 p.m. Wednesday, March 16, 2011 (6 hours).

(B) Spring Season:

(i) Entire Youngs Bay: 6:00 p.m. to midnight Monday, April 18, 2011 (6 hours); 4:00 p.m. to 9:00 p.m. Thursday, April 28 (5 hours); 4:00 p.m. to 9:00 p.m. Sunday, May 1, 2011 (5 hours); 6:00 p.m. Tuesday, May 3 to noon Wednesday, May 4, 2011 (18 hours); 6:00 p.m. Thursday, May 5 to noon Friday, May 6, 2011 (18 hours); and Mondays at noon through Fridays at noon (4 days), beginning Monday, May 9 through Friday, June 10, 2011 (20 days total).

(C) Summer Season:

(i) Entire Youngs Bay: 6:00 a.m. Wednesdays to 6:00 a.m. Fridays (48 hours) beginning Wednesday, June 15 through Friday, July 29, 2011 (14 fishing days).

(b) The fishing areas for the winter, spring and summer fisheries are:

(A) From February 13 through March 11 and from April 18 through July 29, 2011, the fishing area is identified as the waters of Youngs Bay from the Highway 101 Bridge upstream to the upper boundary markers at the confluence of the Klaskanine and Youngs rivers; except for those waters which are closed southerly of the alternate Highway 101 Bridge (Lewis and Clark River).

(B) On March 14 and 16, 2011, the fishing area extends from the old Youngs Bay Bridge upstream to the upper boundary markers at the confluence of the Youngs and Klaskanine rivers.

(2) Gill nets may not exceed 1,500 feet (250 fathoms) in length and weight may not exceed two pounds per any fathom. A red cork must be placed on the corkline every 25 fathoms as measured from the first mesh of the net. Red corks at 25-fathom intervals must be in color contrast to the corks used in the remainder of the net.

(a) It is *unlawful* to use a gill net having a mesh size that is less than 7-inches during the winter season. It is *unlawful* to use a gill net having a mesh size that is more than 9.75-inches during the spring and summer seasons. Nets that are fished at any time between official sunset and official sunrise must have lighted buoys on both ends of the net unless the net is attached to the boat. If the net is attached to the boat, then one lighted buoy on the opposite end of the net from the boat is required.

(b) The use of additional weights or anchors attached directly to the leadline is allowed upstream of markers located approximately 200 yards upstream of the mouth of the Walluski River during all Youngs Bay commercial fisheries.

(3) A maximum of two white sturgeon may be possessed or sold by each participating vessel during each calendar week (Sunday through Saturday) until 6:00 p.m. Monday June 27, 2011. Effective 6:00 p.m. Monday June 27, 2011 retention of white sturgeon is prohibited for the remainder of the summer season. During the fishing periods identified in subsections (1)(a)(A), (1)(a)(B) and (1)(a)(C), the weekly white sturgeon limit applies to combined possessions and sales for all open Select Area fisheries.

## 635-004-0033

### Groundfish Restrictions

(1) The season for most species of ocean food fish is open year-round, until catch quotas are met (where applicable). Regulations for the following species or species groups of ocean food fish change throughout the season and the Oregon Administrative Rules and federal regulations should be consulted before fishing:

- (a) Minor Shelf Rockfish
- (b) Minor Slope Rockfish
- (c) Black and Yellow Rockfish
- (d) Brown Rockfish
- (e) Calico Rockfish
- (f) China Rockfish
- (g) Copper Rockfish
- (h) Gopher Rockfish
- (i) Grass Rockfish
- (j) Kelp Rockfish
- (k) Olive Rockfish
- (l) Quillback Rockfish
- (m) Treefish
- (n) Black Rockfish
- (o) Blue Rockfish
- (p) Cabezon
- (q) Canary Rockfish
- (r) Greenling
- (s) Tiger Rockfish
- (t) Vermilion Rockfish
- (u) Widow Rockfish
- (v) Yelloweye Rockfish
- (w) Yellowtail Rockfish
- (x) Darkblotched Rockfish
- (y) Pacific Ocean Perch
- (z) Longspine Thornyhead
- (aa) Shortspine Thornyhead
- (bb) Arrowtooth Flounder
- (cc) Dover Sole
- (dd) Petrale Sole
- (ee) Rex Sole
- (ff) Other Flatfish
- (gg) Lingcod
- (hh) Sablefish
- (ii) Pacific Whiting

(2) For the purpose of this rule, "Other nearshore rockfish" means: black and yellow (*Sebastes chrysomelas*); brown (*S. auriculatus*); calico (*S. dalli*); China (*S. nebulosus*); copper (*S. caurinus*); gopher (*S. carnatus*); grass (*S. rastelliger*); kelp (*S. atrovirens*); olive (*S. serranoides*); quillback (*S. maliger*); and treefish (*S. sericeps*).

(3) For the purpose of this rule a "commercial harvest cap" is defined as the total fishery-related mortality for a given species, or species group, that may occur in a single calendar year in Oregon commercial fisheries. For 2011, the commercial harvest cap for black rockfish is 139.2 metric tons.

(4) For the purpose of this rule a "commercial landing cap" is defined as the total landed catch of a given species, or species group, that may be taken in a single calendar year in Oregon commercial fisheries. For 2011, the commercial landing caps are:

- (a) Black rockfish, 137.9 metric tons.
- (b) Black rockfish and blue rockfish combined of 141.9 metric tons.
- (c) Other nearshore rockfish, 14.3 metric tons.
- (d) Cabezon, 31.3 metric tons.
- (e) Greenling, 23.4 metric tons.

(5) For the purpose of this rule, the periods to which cumulative trip limits apply are: January through February (period 1); March through April (period 2); May through June (period 3); July through August (period 4); September through October (period 5); and November through December (period 6).

(6) For black and blue rockfish combined, no vessel may land more than:

- (a) 800 pounds in period 1;
- (b) 1,000 pounds in period 2;

# ADMINISTRATIVE RULES

- (c) 1,400 pounds in period 3;
- (d) 1,600 pounds in period 4;
- (e) 1,200 pounds in period 5; and
- (f) 1,000 pounds in period 6.
- (7) In each period, no vessel may land more than:
  - (a) 700 pounds of other nearshore rockfish, combined;
  - (b) 1,500 pounds of cabezon; or
  - (c) 250 pounds of greenling species in periods 1-6.

**Subject:** This amended rule delays the effective date for the Division 012 rules for Marine Reserves and Protected Areas that will regulate hunting and fishing activities in the Otter Rock and Redfish Rocks Marine Reserves and the Redfish Rocks Marine Protected Area. The suspended rules prohibit take or attempts to take, including fishing or hunting, any fish or wildlife species in the marine reserves; and allow for removing crab pots and other fishing gear; and allow scientific take for research with valid permit. In the marine protected area, the suspended rules prohibit and allow the same activities as in the marine reserves, with additional allowances for commercial or recreational troll and take of salmon and fishing for and take of crab in authorized fisheries.

### Marine Reserve Prohibitions and Allowances

(1) Except as specified in section (2) below, the following activities are prohibited within the Otter Rock and Redfish Rocks marine reserve areas: Take or attempt to take, including fishing or hunting, of any fish or wildlife species.

(2) Notwithstanding the prohibitions in section (1) above, person(s) may:

(a) Remove fishing gear from within the marine reserve boundary, provided that the retrieving vessel operator must notify the Oregon State Police at 1-800-452-7888 and receive permission before retrieving the gear and no fish or wildlife species from the retrieved gear shall be retained. Specific to commercial crab pots:

(A) If the pot(s) do not belong to the retrieving vessel, the vessel operator must follow the retrieval requirements set forth in OAR 635-005-0055(9)(b).

(B) If the pot(s) do belong to the retrieving vessel, the vessel operator may re-set the pot(s) outside of the reserve area.

(b) Take fish and wildlife species if authorized by a valid scientific taking permit as required by OAR divisions 635-007 and 635-043.

(c) Have catch onboard while transiting or anchoring in the marine reserve area. Except as allowed by subsection (2)(b) above, fishing gear shall not be deployed in the water at any time within the marine reserve.

(3) Nothing in this rule supersedes the Agreement between the Siletz Tribe, the United States and the State of Oregon, recorded at OAR 635-041-0500, defining specified tribal hunting, fishing, trapping and gathering rights by the Siletz Tribe and its members.

### Marine Protected Area Prohibitions and Allowances

(1) Except as specified in section (2) below, the following activities are prohibited within the Redfish Rocks marine protected areas:

(a) Take or attempt to take any fish species.

# ADMINISTRATIVE RULES

(2) Notwithstanding the prohibitions in section (1) above, person(s) may:

(a) Commercially or recreationally troll for and take salmon in fisheries otherwise authorized by Commission rule.

(b) Commercially or recreationally fish for and take crab in fisheries otherwise authorized by Commission rule.

(c) Take fish and wildlife species if authorized by a valid scientific taking permit as required by OAR divisions 635-007 and 635-043.

(d) Have catch onboard while transiting or anchoring in the marine protected area. Except as allowed by subsections (2)(a), (2)(b), and (2)(c) above, fishing gear shall not be deployed in the water at any time within the marine protected area.

(3) It is *unlawful* to fish for or take any legal species in the marine protected area while possessing onboard any species not allowed to be taken in the marine protected area.

### Closed Seasons and Areas

It is *unlawful* to take for commercial purposes:

(1) Gaper clams from January 1 through June 30, except under a limited entry bay clam dive fishery permit (OAR 635-006-1015), an incidental catch of one gaper clam per eight butter clams, or 25 pounds of gaper clams per 100 pounds of butter clams, whichever allows the greater gaper clam incidental catch.

(2) Razor clams from July 15 through September 30 in the area north of Tillamook Head in Clatsop County.

(3) Any clams from:

(a) Little Nestucca Bay;

(b) Big Nestucca Bay;

(c) Netarts Bay, except cockles may be taken;

(d) Salmon River and Bay;

(e) Siletz River and Bay;

(f) All state parks south of Tillamook Head.

(4) Bay clams in Tillamook Bay, under a bay clam dive permit (OAR 635-006-1015), from the following areas:

(a) The "Ghost Hole" from the floating toilet site south to Sandstone Point and 500 feet westward from the Highway 101 shoreline;

(b) The area east of a line connecting the Coast Guard tower on the north jetty and buoy marker 13;

(c) The area above mean lower low water near Kincheloe Point.

(5) Cockle clams in Netarts Bay, under a bay clam dive permit (OAR 635-006-1015), from the following areas:

(a) An area extending 500 feet to the north adjacent to Oregon State University's shellfish reserve and across the entire width of the bay;

(b) The area above mean lower low water.

(6) Bay clams in Coos Bay, under a bay clam dive permit (OAR 635-006-1015), from the following areas:

(a) In depths less than 10 feet from mean lower low water;

(b) The area of South Slough east of the Charleston bridge.

(7) Cockle clams in Tillamook Bay, under a bay clam dive permit (OAR 635-006-1015), after 12:01 a.m. Sunday July 3, 2011, when the annual bay clam dive fishery quota of 90,000 pounds (OAR 635-005-0032(2) and (3)) is projected to have been attained.

## Halibut Seasons

(1) The Pacific halibut sport fishery in Oregon is regulated by the federal government and the International Pacific Halibut Commission (IPHC). OAR chapter 635, division 039 incorporates into Oregon Administrative Rules, by reference:

(a) **Title 50 of the Code of Federal Regulations, Part 300, Subpart E** (October 1, 2010 ed.), as amended; and

(b) **Federal Register Vol. 76, No. 51**, dated March 16, 2011 (76 FR 14300).

(2) Therefore, persons must consult all publications referenced in this rule in addition to Division 039 to determine applicable halibut fishing seasons.

(3) Effective 11:59 p.m., Saturday, June 4, 2011 the Columbia River sub-area (Cape Falcon, OR to Leadbetter Pt., WA) is closed to the retention of Pacific halibut.

(4) Effective 11:59 p.m., Friday, July 1, 2011, the Central Oregon sub-area (Cape Falcon to Humbug Mountain) all-depth spring season is closed to the retention of Pacific halibut.

## Extended Commercial Seasons

In addition to the open seasons prescribed in OAR 635-003-0003 there are open seasons for Chinook salmon as follows:

(1) Elk River Ocean Terminal Area — from November 1 through November 30 in the area described in section (1)(a) of this rule.

(a) The open area is all Pacific Ocean waters shoreward of a line drawn from Cape Blanco (42°50'20" N. Lat.) thence SW to Black Rock (42°49'24" N. Lat. 124°35'00" W. Long.), thence SSW to Best Rock (42°47'24" N. Lat. 124°35'42" W. Long.), thence SE to 42°40'30" N. Lat. 124°29'00" W. Long., thence to shore (Humbug Mountain).

(b) During the season described in this section (1), it is *unlawful* to take Chinook salmon less than 24 inches in total length; it is *unlawful* to use multipoint or barbed hooks or to fish more than four spreads per line; it is *unlawful* to make more than one landing of Chinook per day; and it is *unlawful* to have in possession or to land more than 20 Chinook per day taken in this fishery. Landings are restricted to Port Orford.

(2) Tillamook Bay Ocean Terminal Area — from September 1 through September 30 in the area described in section (2)(a) of this rule:

(a) The open area is all Pacific Ocean waters inside an area between Twin Rocks (45°35'54" N. Lat.) and Pyramid Rock (45°29'48" N. Lat.) and seaward three nautical miles offshore;

(b) During the season described in this section (2), it is *unlawful* to take Chinook salmon less than 28 inches in total length and it is *unlawful* to use multipoint or barbed hooks or to fish more than four spreads per line; and it is *unlawful* to have in possession or to land more than 25 Chinook per calendar week (Sunday through Saturday). Landings are restricted to Garibaldi.

(3) Chetco River Ocean Terminal Area — from October 13 through the earlier of October 31 or quota of 750 Chinook in the area described in section (3)(a) of this rule:

(a) The open area is all Pacific Ocean waters inside an area south of the north shore of Twin Rocks (42°05'36" N. Lat.) to the Oregon/California border (42°00'00" N. Lat.) and seaward three nautical miles offshore;

(b) During the season described in this section (3) it is *unlawful* to take Chinook salmon less than 28 inches in total length; it is *unlawful* to use multipoint or barbed hooks, or to fish more than four spreads per line; it is *unlawful* to make more than one landing of Chinook per day; and it is *unlawful* to have in possession or to land more than 20 Chinook per day taken in this fishery. Landings are restricted to Brookings.

(c) All vessels landing salmon caught in this season must report to ODFW within one hour of delivery or prior to transport away from the port of landing by either calling (541) 867-0300, ext. 252 or by e-mail to kmzorr.trollreport@state.or.us. Notification shall include vessel name and number, number of salmon by species, port of landing, location of delivery, and estimated time of delivery.

(4) Coos-Coquille Ocean Terminal Area — Open for Chinook salmon harvest from September 1 through September 30, within the area described in section (4)(a) of this rule.

# ADMINISTRATIVE RULES

(a) The open area is all Pacific Ocean waters shoreward of the 30 fathom depth contour between 43°31'00" N. Latitude line and 43°16'00" N. Latitude and within all State Waters (0-3 nautical miles from shore) between 43°16'00" N. Latitude and Crooked Creek (43°04'50" N. Lat.).

### Tillamook Terminal Area Ocean Fishery

(1) In addition to the open seasons prescribed in OAR 635-013-0004 there are open seasons for Chinook salmon in the areas described in Section (2) of this rule.

(2) The Pacific Ocean waters inside an area south of Twin Rocks (45°35'54" N. Lat.) and north of Pyramid Rock (45°29'48" N. Lat.) and

seaward three nautical miles offshore are open for Chinook salmon September 1 through October 31.

(3) During the open season for coho salmon in the ocean, the Terminal Area described in section (2) of this rule is open to angling for salmon consistent with federal sport salmon management measures for the area from Cape Falcon to Humbug Mountain.

(4) During the period of October 1 through October 31, in the area described in section (2) above no more than 1 non fin-clipped Chinook salmon may be retained per day and no more than 10 non fin-clipped Chinook salmon may be retained in the seasonal aggregate when combined with all other waters in the Northwest Zone with a 10 Chinook salmon seasonal aggregate limit. Seasonal aggregate applies to all non fin-clipped Chinook salmon retained between August 1 and December 31, except in the Nehalem Basin where the seasonal aggregate applies to all adult non fin-clipped Chinook salmon retained between July 1 and December 31. For purposes of this rule, adult salmon are Chinook having a length greater than 24 inches.

(5) No more than two single-point, single-shank barbless hooks are required in the ocean when these ocean waters are open for the coho salmon fishery and in the ocean outside the Terminal Area at all times.

### Inclusions and Modifications

(1) The **2011 Oregon Sport Fishing Regulations** provide requirements for the Northwest Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2011 Oregon Sport Fishing Regulations** pamphlet.

(2) Notwithstanding all other requirements provided in the **2011 Oregon Sport Fishing Regulations** pamphlet, the following additional rules apply to adult salmon angling in waters of the Northwest Zone:

(a) All waters of the Necanicum River Basin, Nehalem River Basin (including North Fork), Tillamook Bay Basin, (including the Miami, Kilchis, Wilson, Trask, and Tillamook rivers), and the Nestucca River Basin (including the Little Nestucca and Three Rivers) and Salmon River that are open for Chinook salmon are limited to no more than 1 adult non fin-clipped Chinook salmon per day, or 2 adult non fin-clipped Chinook salmon per day from the Siletz or Yaquina rivers, and 10 adult non fin-clipped Chinook salmon in the seasonal aggregate when combined with all other waters in the Northwest Zone and all state waters terminal area seasons in the Marine Zone with a 10 adult non fin-clipped Chinook salmon seasonal aggregate limit. Seasonal aggregate applies to all adult non fin-clipped Chinook salmon retained between August 1 and December 31 except in the Nehalem Basin where the seasonal aggregate applies to all adult non fin-clipped Chinook salmon retained between July 1 and December 31 and except in the Tillamook Terminal Area where the seasonal aggregate applies to all adult non fin-clipped Chinook salmon retained between October 1-31.

(b) Within the Nehalem Basin (including the North Fork) the following additional rules apply:

(A) Mainstem (bay) closed to all salmon and steelhead angling seaward from a line extending from Nehalem Bay State Park Boat Ramp to Fishery Point July 1 through September 14 and closed to all Chinook salmon angling upstream of Peterson Creek (RM 10.2) July 1 through December 31.

(B) Nehalem tidewater from the jetty tips upstream to Peterson Creek (RM 10.2) on South Fork and North Fork Road Bridge on the North Fork is open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 1,200 non adipose fin-clipped coho salmon.

(C) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho

salmon per day, and no more than 2 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone with a 2 adult non adipose fin-clipped coho salmon seasonal aggregate limit.

(c) Within the Tillamook Bay Basin the following additional rules apply:

(A) Tillamook Bay tidewater from the jetty tips upstream to Hwy. 101 Bridge on Miami, Kilchis, Wilson, and Trask rivers and Burton Bridge on Tillamook River is open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 600 non adipose fin-clipped coho salmon.

(B) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon per day, and no more than 1 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone with a 1 adult non adipose fin-clipped coho salmon seasonal aggregate limit.

(d) Within the Nestucca Basin (including the Little Nestucca River and Three Rivers) the following rules apply:

(A) Mainstem Nestucca upstream of First Bridge (RM 15.8) near Beaver closed to all Chinook angling August 1 through December 31.

(B) Nestucca Bay tidewater (excluding Little Nestucca tidewater) from the bay mouth upstream to the Cloverdale Bridge (RM 7.1) is open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 200 non adipose fin-clipped coho salmon.

(C) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon per day, and no more than 1 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone with a 1 adult non adipose fin-clipped coho salmon seasonal aggregate limit.

(e) Within the Siletz River Basin the following additional rules apply:

(A) Mainstem and tributaries above Ojalla Bridge (RM 31) closed to Chinook August 1-December 31; Drift Creek (Siletz River Basin) upstream of the confluence with Quarry Creek at RM 8 is closed for Chinook salmon from August 1 through December 31;

(B) Siletz River and Bay upstream to Ojalla Bridge (RM 31) is open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 700 non adipose fin-clipped coho salmon; and

(C) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon per day, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone.

(f) Within the Yaquina River Basin the following additional rules apply:

(A) All waters of the Yaquina River upstream of the confluence of the Yaquina River and Big Elk Creek at RM 18.3 and all waters of Big Elk Creek (Yaquina River Basin) are closed for Chinook salmon from August 1 through December 31;

(B) The Yaquina River and Bay upstream to the confluence of the Yaquina River and Big Elk Creek are open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 575 non adipose fin-clipped coho salmon; and

(C) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon per day, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone.

(g) Within the Alsea River Basin the following additional rules apply:

(A) All waters of Drift Creek (Alsea River Basin) within the Drift Creek Wilderness Area and upstream are closed for Chinook salmon from August 1 through December 31;

(B) All waters of the Alsea River upstream of the confluence with Five Rivers at RM 21 are closed for Chinook salmon from August 1 through December 31;

(C) All waters of Five Rivers are closed for Chinook salmon from August 1 through December 31.

(D) The Alsea River and Bay upstream to the confluence of the Alsea River and Five Rivers are open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 675 non adipose fin-clipped coho salmon; and

(E) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon per day, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone.

(h) Within the Siuslaw River Basin the following additional rules apply:

(A) All waters of the Siuslaw River upstream of the confluence with Lake Creek at RM 30.0 are closed for Chinook salmon from August 1 through December 31;

(B) All waters of Lake Creek are closed for Chinook salmon August 1 through December 31 and all waters of Lake Creek downstream of Fish Creek are closed to all angling from September 1 through November 30;

(C) The Siuslaw River and Bay upstream to the confluence of the Siuslaw River and Lake Creek are open for non adipose fin-clipped coho salmon from September 15 through the earlier of November 30 or attainment of an adult coho salmon quota of 900 non adipose fin-clipped coho salmon; and

(D) The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon per day, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone.

## 635-016-0090

(1) The **2011 Oregon Sport Fishing Regulations** provide requirements for the Southwest Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2011 Oregon Sport Fishing Regulations**.

(2) Notwithstanding all other requirements provided in the **2011 Oregon Sport Fishing Regulations**, the following restrictions apply to angling in waters of the Southwest Zone:

# ADMINISTRATIVE RULES

(a) Within the Umpqua River Basin the following additional rules apply:

(A) Open for non adipose fin-clipped coho salmon in the Mainstem Umpqua River and Bay from the mouth to Scottsburg Bridge at RM 27.5 from September 15 through the earlier of November 30 or attainment of an adult coho quota of 1,300 non adipose fin-clipped coho. The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho, and no more than 2 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone with a 2 adult non adipose fin-clipped coho salmon seasonal aggregate limit.

(b) Within the Coos River Basin the following additional rules apply:

(A) All waters of the South Fork Coos River upstream from the head of tidewater at Dellwood at RM 10.0 are closed for all salmon angling from August 1 through December 31 and closed for steelhead from August 1 through November 14; and

(B) Open for non adipose fin-clipped coho salmon upstream to the head of tide at Dellwood at RM 10.0 on the South Coos River and to the East Fork/West Fork Millicoma confluence from September 15 through the earlier of November 30 or attainment of an adult coho quota of 1,200 non adipose fin-clipped coho. The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone.

(c) Within the Coquille River Basin the following additional rules apply:

(A) Open for non adipose fin-clipped coho salmon in Coquille River and Bay upstream to the Highway 42S bridge (Sturdivant Park) at RM 24.0 from September 15 through the earlier of November 30 or attainment of an adult coho quota of 825 non adipose fin-clipped coho. The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone.

(d) Within the Tenmile Lakes Basin the following additional rules apply:

(A) Tenmile Lakes (Coos County) upstream from Hilltop Bridge are open for non adipose fin-clipped coho salmon from October 1 through the earlier of December 31 or attainment of an adult coho quota of 875 non adipose fin-clipped coho. The daily catch limit may include one adult non adipose fin-clipped coho salmon per day and one non adipose fin-clipped jack coho salmon, and no more than 5 total adult non adipose fin-clipped coho salmon in the seasonal aggregate from all waters in the Northwest Zone and Southwest Zone. Only one rod per angler may be used while angling for coho. Streams that empty into North and South Tenmile Lakes are not open to coho salmon angling, nor is the canal that connects North and South Tenmile Lakes.

(e) All waters of Floras Creek upstream of the County Road 124 bridge over Floras Creek at RM 5.0 are closed for Chinook salmon from August 1 through December 31.

(f) Within the Sixes River Basin the following additional rules apply:

(A) All waters of the Sixes River Basin that are open for Chinook salmon are limited to no more than 1 adult non fin-clipped Chinook salmon per day and 10 adult non fin-clipped Chinook salmon in the seasonal aggregate when combined with waters of the Elk River and Elk River Ocean Terminal Area. Seasonal aggregate applies to all adult non fin-clipped Chinook salmon retained between August 1 and December 31.

(B) Closed to Chinook salmon upstream of Edson Creek at RM 10.0 from August 1 through December 31.

(g) Within the Elk River Basin the following additional rules apply:

(A) All waters of the Elk River Basin that are open for Chinook salmon are limited to no more than 1 adult non fin-clipped Chinook salmon per day and 10 adult non fin-clipped Chinook salmon in the seasonal aggregate when combined with waters of the Sixes River and Elk River Ocean Terminal Area. Seasonal aggregate applies to all adult non fin-clipped Chinook salmon retained between August 1 and December 31.

(h) All waters of the Chetco River mainstem upstream of the power-line crossing at RM 2.2 are closed to angling from August 1 through November 4.

(i) All waters of the Winchuck River mainstem, including tidewater, are closed to angling from August 1 through November 4.

## 635-039-0085

### Halibut Seasons

(1) The Pacific halibut sport fishery in Oregon is regulated by the federal government and the International Pacific Halibut Commission (IPHC).

OAR chapter 635, division 039 incorporates into Oregon Administrative Rules, by reference:

(a) **Title 50 of the Code of Federal Regulations, Part 300, Subpart E** (October 1, 2010 ed.), as amended; and

(b) **Federal Register Vol. 76, No. 51**, dated March 16, 2011 (76 FR 14300).

(2) Therefore, persons must consult all publications referenced in this rule in addition to Division 039 to determine applicable halibut fishing seasons.

(3) Effective 11:59 p.m., Saturday, June 4, 2011 the Columbia River sub-area (Cape Falcon, OR to Leadbetter Pt., WA) is closed to the retention of Pacific halibut.

(4) Effective 11:59 p.m., Friday, July 1, 2011, the Central Oregon sub-area (Cape Falcon to Humbug Mountain) all-depth spring season is closed to the retention of Pacific halibut.

(5) Effective 11:59 p.m., Wednesday, July 6, 2011, the Central Oregon sub-area (Cape Falcon to Humbug Mountain) nearshore (inside 40 fathoms) season is closed to the retention of Pacific halibut.

**Rules Coordinator:** Therese Kucera—(503) 947-6033

## 635-004-0019

### Inclusions and Modifications

(1) OAR chapter 635, division 004, modifies or is in addition to provisions contained in **Code of Federal Regulations, Title 50, Part 660, Subpart G, West Coast Groundfish Fisheries**.

(2) The **Code of Federal Regulations (CFR), Title 50, Part 660, Subpart G**, provides requirements for commercial groundfish fishing in the Pacific Ocean off the Oregon coast. However, additional regulations may be promulgated subsequently, and these supersede, to the extent of any inconsistency, the **Code of Federal Regulations**.

(3) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of National Marine Fisheries Service (NMFS) Public Notice/NMFS-SEA-10-22/December 27, 2010, announced inseason adjustments and new management measures effective January 1, 2010, including, but not limited to: a) temporary closure of the limited entry trawl fishery; b) replacement of previously used trip limit tables for limited entry trawl gear with incidental landing allowances for vessels registered to a Federal limited entry trawl permit and using groundfish trawl or groundfish non-trawl gears

# ADMINISTRATIVE RULES

to harvest individual fishing quota (IFQ) species; c) adjustment of the trawl RCA; and d) adjustments to RCAs and cumulative trip limits for the limited entry and open access fixed-gear fisheries.

(4) Notwithstanding the regulations as defined in OAR 635-004-0018, the National Oceanic and Atmospheric Administration (NOAA), by means of National Marine Fisheries Service (NMFS) Public Notice/NMFS-SEA-11-01/January 7, 2011, announced inseason adjustments effective January 11, 2011, including, but not limited to, the start of the Trawl Rationalization Program; fishing will begin under the Shorebased Individual Fishing Quota (IFQ) Program on January 11, 2011.

(5) Notwithstanding, the regulations as defined in OAR 635-004-0018, the National Marine Fisheries Service (NMFS), by means of Federal Register/Vol. 76, No. 41/Wednesday, March 2, 2011, announced inseason management measures effective March 1, 2011, including, but not limited to: a) changes in cumulative trip limits and RCA boundaries for commercial fixed gear fisheries; and b) the annual tier limits for the limited entry fixed gear sablefish primary fishery north of 36o N. Latitude.

(6) Notwithstanding, the regulations as defined in OAR 635-004-0018, the National Marine Fisheries Service (NMFS), by means of Federal Register/Vol. 76, No.91/Wednesday, May 11, 2011, announced the 2011-2012 harvest specifications for most of the species in the groundfish fishery and management measures for that fishery off the coasts of Washington, Oregon, and California effective May 11, 2011, including, but not limited to: a) changes in cumulative trip limits and RCA boundaries for commercial groundfish fisheries; b) changes in annual catch limits and allocations of groundfish for the various commercial groundfish fisheries; and c) changes to other management measures.

(7) Notwithstanding, the regulations as defined in OAR 635-004-0018, the National Marine Fisheries Service, by means of Federal Register/Vol. 76, No. 115/Wednesday, June 15, 2011, announced revised cumulative limits for the limited entry fixed gear primary sablefish fishery effective June 10, 2011.

(8) Notwithstanding, the regulations defined in OAR 635-004-0018, the National Marine Fisheries Service, by means of Federal Register/Vol. 76, No. 126/Thursday, June 30, 2011, announced inseason actions and management measures effective July 1, 2011, including, but not limited to: a) decreases in trip limits for limited entry and open access fixed gear sablefish "Daily Trip Limit" fisheries; and b) changes in the trawl rockfish conservation area (RCA).

(1) The **2011 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2011 Oregon Sport Fishing Regulations**.

(2) The mainstem Columbia River from Wauna powerlines (River Mile 40) upstream to Bonneville Dam, excluding the lower Willamette River upstream to Willamette Falls, Multnomah Channel, and the Gilbert River, is open to the retention of white sturgeon with a fork length of 38-54 inches, three days per week, Thursdays through Saturdays, during the following periods:

(a) January 1 through July 31; and

(b) October 8 through December 31.

(3) The retention of white sturgeon in the area identified in section (2) of this rule is prohibited August 1 through October 7.

(4) The mainstem Columbia River from Wauna powerlines (River Mile 40) downstream to the mouth at Buoy 10, including Youngs Bay is open to the retention of white sturgeon seven days per week during the following periods:

(a) January 1 through April 30; and

(b) May 14 through July 31(or until guideline is met).

(5) The retention of white sturgeon in the area identified in section (4) of this rule is prohibited May 1 through May 13, and from August 1 through December 31.

(6) During the fishing period as identified in subsection (4)(a) of this rule, only white sturgeon with a fork length of 38-54 inches may be retained.

(7) During the fishing period as identified in subsection (4)(b) of this rule, only white sturgeon with a fork length of 41-54 inches may be retained.

(8) Angling for sturgeon is prohibited from:

(a) Bonneville Dam downstream to a line crossing the Columbia River from Navigation Marker 82 on the Oregon shore through the upstream exposed end of Skamania Island, continuing in a straight line to Washington shore during May 1 through August 31;

(b) Highway 395 Bridge upstream to McNary Dam; and

(c) From the west end of the grain silo at Rufus upstream to John Day Dam during May 1 through July 31.

(d) The upper and lower ends of Sand Island and corresponding markers on the Oregon shoreline (slough at Rooster Rock State Park) from January 1 through April 30, 2011.

(9) Effective 12:01 a.m. Saturday, February 19 through Wednesday, June 29, 2011 the retention of white sturgeon in Bonneville Reservoir and tributaries is prohibited. Beginning Thursday, June 30 through Saturday, July 2, 2011 and from Thursday, July 7 through Friday, July 8, 2011 (5 days) the Bonneville Pool upstream to The Dalles Dam is open for retention of white sturgeon between 38-54 inches in fork length.

(10) Effective 12:01 a.m. Sunday April 10, 2011 the retention of sturgeon in the John Day Pool and tributaries is prohibited.

(11) Effective 12:01 a.m. Saturday June 9, 2011 the retention of sturgeon in the Bonneville Pool and tributaries is prohibited.

(12) The mainstem Columbia River from McNary Dam upstream to the Oregon-Washington border at river mile 309.5 is open to retention of white sturgeon with a fork length of 43-54 inches, seven days per week from February 1 through July 31.

(13) The retention of white sturgeon in the area identified in section (12) of this rule is prohibited August 1 through January 31.

(14) Retention of green sturgeon is prohibited all year in all areas.

## 635-041-0045

### Closed Commercial Fishing Areas

Unless otherwise specified in this rule and OAR 635-041-0063, the following waters are closed to commercial fishing:

(1) All Oregon tributaries of the Columbia River.

(2) The Columbia River westerly and downstream of the Bridge of the Gods except:

(a) Fisheries conducted by the Yakama, Warm Springs, Umatilla and Nez Perce tribes downstream of Bonneville Dam (bank fishing only) under provisions of the agreements with the states of Oregon and Washington are open from 6:00 a.m. through 8:00 p.m. each day on Monday June 6, Tuesday June 7 and Wednesday June 8; and from 6:00 a.m. Thursday June 9 through midnight Wednesday June 15. The fisheries will reopen at 6:00 a.m. Thursday, June 16, 2011 and continue until further notice.

(A) Allowable sales include Chinook, steelhead, sockeye, coho, wall-eye, shad, catfish, yellow perch, bass and carp. However, sockeye caught after 6:00 p.m. Sunday, July 10, 2011 may not be sold, but may be retained for subsistence. Sturgeon caught in the tribal fisheries below Bonneville Dam may not be retained or sold. Fish may not be sold on USACE property below Bonneville Dam, but may be caught and transported off USACE property for sale.

(B) Gear is restricted to subsistence fishing gear which includes hoop-nets, dipnets, spears, gaffs, clubs, fouling hooks and rod and reel with hook-and-line. Beginning at 6:00 a.m. Thursday, June 16, 2011 gear is restricted to hook-and-line or as defined by each tribe's MOU/MOA until further notice.

(C) Salmon (except sockeye), steelhead, walleye, shad, carp, bass, catfish, and yellow perch landed during an open treaty commercial fishing period may be sold at any time.

(b) Platform and hook-and-line fisheries from the Bridge of the Gods downstream to the subsistence fishing deadline as described in OAR 635-041-0020(1) are open to commercial sales whenever sales are authorized for platform and hook-and-line fisheries in the remainder of Bonneville Pool.

(3) The Columbia River easterly and upstream of a line extending at a right angle across the thread of the river from a deadline marker one mile downstream of McNary Dam.

(4) The Columbia River between a line extending at a right angle across the thread of the river from a deadline marker at the west end of 3-Mile Rapids located approximately 1.8 miles below The Dalles Dam, upstream to a line from a deadline marker on the Oregon shore located approximately 3/4 mile above The Dalles Dam east fishway exit, thence at a right angle to the thread of the river to a point in midriver, thence downstream to Light "1" on the Washington shore; except that dip nets, bag nets, and hoop nets are permitted during commercial salmon and shad fishing seasons at the Lone Pine Indian fishing site located immediately above The Dalles Interstate Bridge.

(5) The Columbia River between a line extending at a right angle across the thread of the river from a deadline marker at Preachers Eddy light below the John Day Dam and a line approximately 4.3 miles upstream extending from a marker on the Oregon shore approximately one-half mile above the upper easterly bank of the mouth of the John Day River, Oregon, extending at a right angle across the thread of the river to a point in midriver, thence turning downstream to a marker located on the Washington shore approximately opposite the mouth of the John Day River.

(6) The Columbia River within areas at and adjacent to the mouths of the Deschutes River and the Umatilla River. The closed areas are along the Oregon side of the Columbia River and extend out to the midstream from a point one-half mile above the intersection of the upper bank of the tributary with the Columbia River to a point one mile downstream from the intersection of the lower bank of the tributary with the Columbia River. All such points are posted with deadline markers.

(7) The Columbia River within an area and adjacent to the mouth of the Big White Salmon River. The closed area is along the Washington side of the Columbia River and extends out to midstream at right angles to the thread of the Columbia River between a marker located 1/2 mile downstream from the west bank upstream to Light "35".

(8) The Columbia River within an area at and adjacent to the mouth of Drano Lake (Little White Salmon River). The closed area is along the Washington side of the Columbia River and extends out to midstream at right angles to the thread of the Columbia River between Light "27" upstream to a marker located approximately 1/2 mile upriver of the outlet of Drano Lake.

(9) The Columbia River within an area and adjacent to the mouth of the Wind River. The closed area is along the Washington side of the Columbia River and extends to midstream at right angles to the thread of the Columbia River between markers located 1 1/4 miles downstream from the west bank and 1/2 mile upstream from the east bank.

(10) The Columbia River within areas at and adjacent to the mouth of Hood River. The closed area is along the Oregon side of the Columbia River and extends to midstream at right angles to the thread of the Columbia River between markers located approximately 0.85 miles downriver from the west bank at end of the breakwall at the west end of the Port of Hood River and 1/2 mile upriver from the east bank.

(11) The Columbia River within a radius of 150 feet of the Spring Creek Hatchery fishway, except that during the period of August 25-September 20 inclusive the closed area is along the Washington side of the Columbia River and extends to midstream at right angles to the thread of the Columbia River between a marker located 1 1/2 miles downriver of the Spring Creek Hatchery fishway up to the downstream marker of the Big White Salmon sanctuary located approximately 1/2 mile upriver of the Spring Creek Hatchery fishway.

(12) Herman Creek upstream from a line between deadline markers near the mouth. One marker is located on the east bank piling and the other is located on the west bank to the north of the boat ramp.

(13) The Columbia River within an area and adjacent to the mouth of the Klickitat River. The closed area is along the Washington side of the Columbia River and extends to midstream at right angles to the thread of the Columbia River between the downstream margin of Lyle Landing downstream to a marker located near the railroad tunnel approximately 1 1/8 miles downstream from the west bank.

## 635-041-0076

### Summer Salmon Season

(1) Commercial sales of platform and hook-and-line caught fish from Zone 6 of the mainstem Columbia River are allowed beginning 6:00 p.m. Tuesday, May 10, 2011 until further notice.

(a) Chinook, steelhead, sockeye (through 6:00 p.m. July 10, 2011), coho, walleye, shad, carp, bass, catfish and yellow perch landed during an open commercial fishing period may be sold at any time or retained for subsistence purposes. Sockeye may not be sold after 6:00 p.m. Sunday, July 10, 2011, but may be retained for subsistence.

(b) Sturgeon may not be sold or retained prior to 6:00 a.m. Monday, June 27, 2011. White sturgeon between 43 and 54 inches in fork length taken in The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken in the Bonneville Pool from 6:00 a.m. Monday, June 27, through 6:00 p.m. Thursday, June 30, 2011 may be sold or retained for subsistence use.

(c) Gear is restricted to subsistence fishing gear: hoopnets, dipnets and rod and reel with hook-and-line are allowed.

(d) Closed areas in Zone 6, except the Spring Creek sanctuary, are as set forth in OAR 635-041-0045 and remain in effect.

(2) Commercial sales of gill net caught fish from Zone 6 of the mainstem Columbia River is allowed beginning 6:00 a.m. Thursday, June 16 through 6:00 p.m. Saturday, June 18, 2011 (2.5 days); from 6:00 a.m. Monday, June 20 through 6:00 p.m. Thursday, June 23, 2011 (3.5 days); from 6:00 a.m. Monday, June 27 through 6:00 p.m. Thursday, June 30, 2011 (3.5 days); from 6:00 a.m. Tuesday, July 5 through 6:00 p.m. Friday, July 8, 2011 (3.5 days); and from 6:00 a.m. Monday, July 11 through Friday, July 15 (4.5 days).

(a) Salmon, steelhead, shad, yellow perch, bass, walleye, catfish and carp landed during any open gill net fishing period may be sold at any time or retained for subsistence purposes.

(b) Sturgeon may not be sold or retained prior to 6:00 a.m. Monday, June 27, 2011. White sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool from 6:00 a.m. Monday, June 27, through 6:00 p.m. Thursday, June 30, 2011 may be sold or retained for subsistence use. White sturgeon between 43 and 54 inches in fork length taken from The Dalles and John Day pools and white sturgeon between 38 and 54 inches in fork length taken from the Bonneville Pool landed after 6:00 a.m. Tuesday, July 5 may not be sold but may be retained for subsistence. Fish landed during an open commercial period may be sold at any time. Commercial buyers may only purchase sturgeon in the round.

(c) Gear is restricted to gill nets. No minimum mesh size restriction is in effect through July 10, 2011. Beginning 6:00 a.m. Monday, July 11, 2011 only gill nets with a minimum mesh size of 7.25 inches may be used.

(d) Closed areas in Zone 6, except the Spring Creek Hatchery sanctuary, are as set forth in OAR 635-041-0045 and remain in effect.

(3) Sales of fish caught in Yakama Nation tributary fisheries in the Klickitat River; Wind River; Drano Lake; and Big White Salmon River are allowed during those days and hours when the tributaries are open under lawfully enacted tribal fishing periods and concurrent with periods when sales from Zone 6 platform and hook-and-line fisheries are allowed.

**Adm. Order No.:** DFW 89-2011(Temp)

**Filed with Sec. of State:** 7-11-2011

**Certified to be Effective:** 7-12-11 thru 9-14-11

**Notice Publication Date:**

**Rules Amended:** 635-004-0017

**Subject:** This amended rule closes the Second Allocation Period of the directed commercial sardine fishery effective July 12 through September 14, 2011. These modifications conform state regulations to federal rule changes posted for public inspection July 11, 2011 with intent to publish these changes in the Federal Register on July 12, 2010.

**Rules Coordinator:** Therese Kucera—(503) 947-6033

## 635-004-0017

### Inclusions and Modifications

(1) OAR chapter 635, division 004, modifies or is in addition to provisions contained in **Code of Federal Regulations, Title 50, Part 660, Subpart I** (October 1, 2010 ed.).

(2) The **Code of Federal Regulations (CFR), Title 50, Part 660, Subpart I** (October 1, 2010 ed.) provides requirements for commercial sardine fishing in the Pacific Ocean. However, additional regulations may be promulgated subsequently, and these supersede, to the extent of any inconsistency, the **Code of Federal Regulations**.

(3) Notwithstanding the regulations as defined in OAR 635-004-0016, the National Oceanic and Atmospheric Administration (NOAA), by means of Docket No. 0912281446-0111-02 dated 7/7/11, for public inspection at <http://www.federalregister.gov/inspection.aspx> with intent to publish in the Federal Register on day, July 12, 2011, announced inseason management measures effective 12:01 a.m. Pacific Daylight Time, July 12, 2011, including but not limited to, closure of the directed sardine fishery through 11:59 p.m., September 14, 2011. The directed sardine fishery will open for the third allocation period on September 15, 2011.

**Rule Caption:** Increase Daily Bag Limits for Chinook Salmon In the Imnaha and Wallowa Rivers.

**Adm. Order No.:** DFW 90-2011(Temp)

**Filed with Sec. of State:** 7-11-2011

**Certified to be Effective:** 7-11-11 thru 9-1-11

**Notice Publication Date:**

**Rules Amended:** 635-019-0090

**Rules Suspended:** 635-019-0090(T)

**Subject:** This amended rule allows recreational anglers to harvest higher daily limits of adipose fin-clipped adult and jack Chinook salmon in the Imnaha and Wallowa rivers, where unseasonably high water has limited opportunity to date. Harvest of salmon in excess of the Department's hatchery production needs is necessary to provide social benefits and manage numbers of hatchery salmon that escape into the spawning grounds.

# ADMINISTRATIVE RULES

635-019-0090

## Inclusions and Modifications

(1) The **2011 Oregon Sport Fishing Regulations** provide requirements for the Northeast Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2011 Oregon Sport Fishing Regulations**.

(2) The Imnaha River from the mouth to Summit Creek Bridge (River Mile 45) is open to angling for adipose fin-clipped adult Chinook salmon from May 28 until further notice.

(a) The daily bag limit is four (4) adipose fin-clipped adult Chinook and five (5) adipose fin-clipped jacks. It is illegal to continue fishing for jack Chinook once the adult bag limit is met.

(b) All other General, Statewide and Northeast Zone Regulations, as provided in the **2011 Oregon Sport Fishing Regulations**, remain in effect.

(3) The Wallowa River from a deadline at the lower end of Minam State Park upstream to the confluence with the Lostine River is open to angling for adipose fin-clipped adult Chinook salmon from May 28 until further notice.

(a) The daily bag limit is four (4) adipose fin-clipped adult Chinook and five (5) adipose fin-clipped jacks. It is illegal to continue fishing for jack Chinook once the adult bag limit is met.

(b) All other General, Statewide and Northeast Zone Regulations, as provided in the **2011 Oregon Sport Fishing Regulations**, remain in effect.

(4) Lookingglass Creek from the Moses Creek Lane Bridge (County Road 42) to the confluence of Jarboe Creek is open to angling for adipose fin-clipped adult Chinook salmon from May 28 until further notice.

(a) The daily bag limit is two (2) adipose fin-clipped adult Chinook and five (5) adipose fin-clipped jacks; two daily limits in possession. It is illegal to continue fishing for jack Chinook once the adult bag limit is met.

(b) During the duration of the spring Chinook angling season, the area closure listed for Lookingglass Creek in the Northeast Zone Special Regulations is modified to: Lookingglass Creek closed between Jarboe Creek and 200 feet upstream of the hatchery water intake.

(c) Hook gap restrictions listed in the Northeast Zone Special Regulations for Lookingglass Creek are removed for the duration of the spring Chinook angling season.

(d) All other General, Statewide and Northeast Zone Regulations, as provided in the **2011 Oregon Sport Fishing Regulations**, remain in effect.

**Inclusions and Modifications**

(1) The 2011 Oregon Sport Fishing Regulations provide requirements for the Central Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the 2011 Oregon Sport Fishing Regulations.

(2) The Hood River is open from the mouth to mainstem confluence with the East Fork and the West Fork from the confluence with the mainstem upstream to the angling deadline 200 feet downstream of Punchbowl Falls to retention of:

(a) Adipose fin-clipped coho salmon and adipose fin-clipped steelhead from January 1 through December 31. The catch limit is two adult adipose fin-clipped salmon or steelhead per day and five adipose fin-clipped jack salmon per day, with the exception that one additional adipose fin-clipped steelhead may be retained per day for a total aggregate of 3 adult fish harvested daily; and

(b) All salmon and steelhead that have not been adipose fin-clipped must be released unharmed. All other catch limits and restrictions remain

unchanged from those listed for Hood River in the 2011 Oregon Sport Fishing Regulations.

(3) The Deschutes River from the mouth at the I-84 Bridge upstream to Sherars Falls is open to angling for trout, steelhead, and adipose fin-clipped Chinook salmon from April 15 through July 31, 2011.

(a) The catch limit for Chinook salmon during the period described in section (3) above is one adult adipose fin-clipped salmon and five adipose fin-clipped jack salmon per day. All non-adipose fin-clipped Chinook salmon must be released unharmed.

(b) It is *unlawful* to continue angling from Sherars Falls downstream to the upper railroad trestle after taking a daily bag limit of one adult Chinook salmon.

(4) The Deschutes River from the mouth at the I-84 Bridge upstream to Sherars Falls is open to angling for trout, steelhead, and Chinook salmon from August 1 to October 31, 2011. The catch limit for Chinook salmon during the period described in section (4) above is two adults and five jacks per day. Catch limits and restrictions applying to trout, steelhead, and coho remain unchanged from those listed in the 2011 Oregon Sport Fishing Regulations for Area 1 of the Deschutes River.

**Rule Caption:** 2011 Columbia River Summer Salmon Recreational Fishery Modified.

**Adm. Order No.:** DFW 95-2011(Temp)

**Filed with Sec. of State:** 7-15-2011

**Certified to be Effective:** 7-18-11 thru 7-31-11

**Notice Publication Date:**

**Rules Amended:** 635-023-0128

**Rules Suspended:** 635-023-0128(T)

**Subject:** This amended rule modifies the summer recreational salmon fishing season in the Columbia River to prohibit the retention of adult Chinook and all sockeye salmon from the Astoria-Megler Bridge upstream to Bonneville Dam; and to prohibit the retention of all sockeye salmon from Bonneville Dam upstream to the Highway 395 Bridge near Pasco, Washington, effective Monday July 18, 2011. Modifications to regulations were made for consistency with preseason allocations developed through the Pacific Fishery Management Council/North of Falcon Process. Revisions are consistent with action taken July 15, 2011 by the Columbia River Compact agencies of Oregon and Washington.

## Summer Sport Fishery

(1) The 2011 Oregon Sport Fishing Regulations provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2011 Oregon Sport Fishing Regulations**.

(2) Notwithstanding all other specifications and restrictions in the **2011 Oregon Sport Fishing Regulations**:

(a) Effective 12:01 a.m. Monday, July 18 the mainstem Columbia River is closed to the retention of adult Chinook and all sockeye salmon from the Astoria-Megler Bridge upstream to Bonneville Dam. The fishery remains open for adipose fin-clipped steelhead and adipose fin-clipped Chinook jacks.

(b) Effective 12:01 a.m. Monday, July 18, the mainstem Columbia River from Bonneville Dam upstream to the Highway 395 Bridge near Pasco, Washington is closed to the retention of all sockeye salmon. The fishery remains open for adipose fin-clipped Chinook salmon (adults and jacks) and adipose fin-clipped steelhead.

(c) The combined daily bag limit for adult salmon and steelhead is two fish above Bonneville Dam. The daily bag limit below Bonneville Dam is two fish, of which none may be an adult Chinook or any sockeye salmon. Only adipose fin-clipped fish may be retained.

### 407-014-0000

#### Definitions

The following definitions apply to OAR 407-014-0000 to 407-014-0070:

(1) "Administrative Hearing" means an oral proceeding before an administrative law judge in a contested case hearing.

(2) "Authority" means the Oregon Health Authority.

(3) "Authorization" means permission from an individual or his or her personal representative giving the Department of Human Services (Department) authorization to obtain, release or use information about the individual from third parties for specified purposes or to disclose information to a third party specified by the individual.

(4) "Business Associate" means an individual or entity performing any function or activity on behalf of the Authority, including the Department, involving the use or disclosure of protected health information (PHI) and is not a member of the Authority's workforce.

(a) For purposes of the definition of "Business Associate" "function or activity" includes but is not limited to program administration, claims processing or administration, data analysis, utilization review, quality assurance, billing, legal, actuarial, accounting, consulting, data processing, management, administrative, accreditation, financial services, and similar services for which the Authority may contract or obtain by interagency agreement, if access to PHI is involved.

(b) Business associates do not include licensees or providers unless the licensee or provider also performs some function or activity on behalf of the Authority.

(5) "Client" means an individual who requests or receives services from the Department. This includes but is not limited to applicants for or recipients of public assistance, minors and adults receiving protective services, individuals who are committed to the custody of the Department, children in the custody of the Department receiving services on a voluntary basis, and children committed to the custody of the Department.

(6) "Client Information" means personal information relating to a client that the Department may maintain in one or more locations and in various forms, reports, or documents, or stored or transmitted by electronic media.

(7) "Collect" or "Collection" means the assembling of personal information through interviews, forms, reports, or other information sources.

(8) "Contract" means a written agreement between the Department and a person or entity setting forth the rights and obligations of the parties including but not limited to contracts, licenses, agreements, interagency agreements, and intergovernmental agreements.

(9) "Correctional Institution" means any penal or correctional facility, jail, reformatory, detention center, work farm, halfway house, or residential community program center operated by contract with the federal

government, a state, or an Indian tribe for the confinement or rehabilitation of persons charged with or convicted of a criminal offense or other persons held in lawful custody. "Other persons held in lawful custody" include juvenile offenders, adjudicated delinquents, aliens detained awaiting deportation, witnesses, or others awaiting charges or trial.

(10) "Corrective Action" means an action that a business associate must take to remedy a breach or violation of the business associate's obligations under the business associate's contractual requirement, including but not limited to reasonable steps that must be taken to cure the breach or end the violation.

(11) "Covered Entity" means health plans, health care clearinghouses, and health care providers who transmit any health information in electronic form in connection with a transaction that is subject to federal Health Insurance Portability and Accountability Act (HIPAA) requirements, as those terms are defined and used in the HIPAA regulations, 45 CFR parts 160 and 164.

(12) "De-identified Data" means client information from which the Department or other entity has deleted, redacted, or blocked identifiers so the remaining information cannot reasonably be used to identify an individual.

(13) "Department" means the Department of Human Services.

(14) "Department Workforce" means employees, volunteers, trainees, and other persons whose conduct, in the performance of work for the Department, is under the direction and control of the Department, whether or not they are paid by the Department.

(15) "Disclose" means the release, transfer, relay, provision of access to, or conveying of client information to any individual or entity outside the Department.

(16) "Health Care" means care, services, or supplies related to the health of an individual. Health care includes but is not limited to preventive, diagnostic, therapeutic, rehabilitative, maintenance, palliative care, counseling services, assessment, or procedures with respect to the physical or mental condition, or functional status of an individual, or that affects the structure or function of the body and the sale or dispensing of a drug, device, equipment, or other prescribed item.

(17) "Health Care Operations" means any activities of a covered entity to the extent that the activities are related to health care, Medicaid, or any other health care related programs, services, or activities administered by the covered entity and includes:

(a) Conducting quality assessment and improvement activities, including income evaluation and development of clinical guidelines;

(b) Population-based activities related to improving health or reducing health care costs, protocol development, case management and care coordination, contacting health care providers and patients with information about treatment alternatives; and related functions that do not include treatment;

(c) Reviewing the competence of qualifications of health care professionals, evaluating practitioner, provider, and health plan performance; and conducting training programs in which students and trainees in areas of health care learn under supervision to practice or improve their skills, accreditation, certification, licensing, or credentialing activities;

(d) Underwriting, premium rating, and other activities relating to the creation, renewal, or replacement of a contract for Medicaid or health care related services;

(e) Conducting or arranging for medical review, legal services, and auditing functions, including fraud and abuse detection and compliance programs, and disclosure to the Medicaid Fraud Unit pursuant to 43 CFR part 455.21;

(f) Business planning and development, such as conducting cost-management and planning-related analyses related to managing and operating the covered entity, including administration, development, or improvement of methods of payments or health care coverage; and

(g) Business management and general administrative activities of the covered entity, including but not limited to:

(A) Management activities relating to implementation of and compliance with the requirements of HIPAA;

(B) Customer service, including providing data analysis;

(C) Resolution of internal grievances, including administrative hearings and the resolution of disputes from patients or enrollees regarding the quality of care and eligibility for services; and

(D) Creating de-identified data or a limited data set.

(18) "Health Oversight Agency" means an agency or authority of the federal government, a state, territory, political subdivision of a state or territory, Indian tribe, or a person or entity acting under a grant of authority from or by contract with the public agency, including employees or agents

## ADMINISTRATIVE RULES

of the public agency or its contractors or grantees that is authorized by law to oversee the health care system or government programs in which health information is necessary to determine eligibility or compliance, or to enforce civil rights laws for which health information is relevant. When performing these functions, the Department acts as a health oversight agency for the purposes of these rules.

(19) "HIPAA" means the Title II, Subtitle F of the Health Insurance Portability and Accountability Act of 1996, 42 USC 1320d et seq, and the federal regulations adopted to implement the Act.

(20) "Individual" means the person who is the subject of information collected, used, or disclosed by the Department.

(21) "Individually Identifying Information" means any single item or compilation of information or data that indicates or reveals the identity of an individual, either specifically (such as the individual's name or social security number), or from which the individual's identity can be reasonably ascertained.

(22) "Information" means personal information relating to an individual, a participant, or a Department client.

(23) "Inmate" means a person incarcerated in or otherwise confined in a correctional institution. An individual is no longer an inmate when released on parole, probation, supervised release, or is otherwise no longer in custody.

(24) "Institutional Review Board (IRB)" means a specially constituted review body established or designated by an entity in accordance with 45 CFR part 46 to protect the welfare of human subjects recruited to participate in biomedical or behavioral research. The IRB must be registered with the Office for Human Research Protection.

(25) "Law Enforcement Official" means an officer or employee of any agency or authority of the federal government, a state, territory, political subdivision of a state or territory, or Indian tribe who is empowered by law to:

(a) Investigate and conduct an official inquiry into a potential violation of law; or

(b) Prosecute or otherwise conduct a criminal, civil, or administrative proceeding arising from an alleged violation of law.

(26) "Licensee" means a person or entity that applies for or receives a license, certificate, registration, or similar authority from the Department to perform or conduct a service, activity, or function.

(27) "Minimum Necessary" means the least amount of information, when using or disclosing confidential client information that is needed to accomplish the intended purpose of the use, disclosure, or request.

(28) "Participant" means individual's participating in Department population-based services, programs, and activities that serve the general population, but who do not receive program benefits or direct services received by a client. Examples of participants include individuals who contact Department hotlines or the ombudsman for general public information services.

(29) "Payment" means any activities undertaken by a covered entity related to a client to whom health care is provided in order to:

(a) Obtain premiums or to determine or fulfill its responsibility for coverage and provision of benefits under the Medicaid program or other publicly funded health care services; and

(b) Obtain or provide reimbursement for the provision of health care.

(30) "Payment activities" means:

(a) Determinations of eligibility or coverage, including coordination of benefits or the determination of cost sharing amounts, and adjudication of health benefit or health care claims;

(b) Risk adjusting amounts due which are based on enrollee health status and demographic characteristics;

(c) Billing, claims management, collection activities, obtaining payment under a contract for reinsurance, and related health care data processing;

(d) Review of health care services with respect to medical necessity, coverage under a health plan, appropriateness of care, or justification of charges;

(e) Utilization review activities, including pre-certification and pre-authorization of services, concurrent and retrospective review of services; and

(f) Disclosure to consumer reporting agencies relating to collection of premiums or reimbursement including name and address, date of birth, payment history, account number, and name and address of the health care provider or health plan.

(31) "Personal Representative" means a person who has authority to act on behalf of an individual in making decisions related to health care.

(32) "Protected Health Information (PHI)" means any individually identifiable health information, whether oral or recorded in any form or medium, that is created or received by a health care provider, health plan, public health authority, employer, life insurer, school or university, or health care clearinghouse and relates to the past, present, or future physical or mental health or condition of an individual; the provision of health care to an individual; or the past, present, or future payment for the provision of health care to an individual. Any data transmitted or maintained in any other form or medium by covered entities, including paper records, fax documents, all oral communications, or any other form, such as screen prints of eligibility information, printed e-mails containing identified individual's health information, claim or billing information, or hard copy birth or death certificates. PHI does not include school records that are subject to the Family Educational Rights and Privacy Act and employment records held in the Department's role as an employer.

(33) "Protected Information" means any participant or client information that the Department may have in its records or files that must be safeguarded pursuant to federal or state law. This includes but is not limited to individually identifying information.

(34) "Provider" means a person or entity that may seek reimbursement from the Department as a provider of services to Department clients pursuant to a contract. For purposes of these rules, reimbursement may be requested on the basis of claims or encounters or other means of requesting payment.

(35) "Psychotherapy Notes" mean notes recorded in any medium by a health care provider who is a mental health professional documenting or analyzing the contents of conversations during a private counseling session, or group, joint, or family counseling session, when the notes are separated from the rest of the individual's record. Psychotherapy notes do not include medication prescription and monitoring, counseling session start and stop times, the modalities and frequencies of treatment furnished, results of clinical tests, and any summary of diagnosis, functional status, treatment plan, symptoms, prognosis, or progress to date.

(36) "Public Health Agency" means a public agency or a person or entity acting under a grant of authority from or by contract with the public agency that performs or conducts one or more of the following essential functions that characterize public health programs, services, or activities:

(a) Monitor health status to identify community health problems;

(b) Diagnose and investigate health problems and health hazards in the community;

(A) Inform, educate, and empower people about health issues;

(B) Mobilize community partnerships to identify and solve health problems;

(C) Develop policies and plans that support individual and community health efforts;

(D) Enforce laws and regulations that protect health and ensure safety;

(E) Direct individuals to needed personal health services and assure the provision of health care when otherwise unavailable;

(F) Ensure a competent public health and personal health care workforce;

(G) Evaluate the effectiveness, accessibility, and quality of personal and population-based health services; and

(H) Perform research for new insights and innovative solutions to health problems.

(37) "Public Health Authority" means an agency or authority of the federal government, a state, territory, political subdivision of a state or territory, Indian tribe, or a person or entity acting under a grant of authority from or by contract with the public agency, including the employees or agents of the public agency, or its contractors or persons or entities to whom it has granted authority, that is responsible for public health matters as part of its official mandate.

(38) "Re-disclosure" means the disclosure of information to a person, a Department program, a Department subcontracted entity, or other entity or person other than what was originally authorized.

(39) "Research" means systematic investigation, including research development, testing, and evaluation, designed to develop or contribute to generalized knowledge.

(40) "Required by Law" means a duty or responsibility that federal or state law specifies that a person or entity must perform or exercise. Required by law includes but is not limited to court orders and court-ordered warrants; subpoenas or summons issued by a court, grand jury, a governmental or tribal inspector general, or an administrative body authorized to require the production of information; a civil or an authorized investigative demand; Medicare conditions of participation with respect to health

### Information Governed by the HIPAA Privacy Rules

(1) These rules address information that, among other things, may be PHI that is protected by the HIPAA Privacy Rules. For purposes of HIPAA Privacy Rules, the Authority is a covered entity, primarily because of its role as the state Medicaid and Children's Health Insurance Program.

(2) The Authority administers many aspects of the medical assistance program with the assistance of the Department, including but not limited to eligibility determinations for the medical assistance program and supervising the long-term and community-based services for seniors and people with disabilities. The Department also provides certain health care operations services for the Authority. In doing so, the Department is a business associate of the Authority. As a business associate of the Authority, the Department is authorized to use and disclose protected health information to perform or assist the Authority in the performance of its covered functions, in a manner consistent with these rules.

(3) These rules only apply to information maintained by the Department as a business associate of the Authority.

### Uses and Disclosures of Client or Participant Protected Information

(1) Uses and disclosures with individual authorization. The Department must obtain a completed and signed authorization for release of information from the individual, or the individual's personal representative, before obtaining or using protected information about an individual from a third party or disclosing protected information about the individual to a third party.

(a) Uses and disclosures must be consistent with what the individual has approved on the signed authorization form approved by the Department.

(b) An individual may revoke an authorization at any time. The revocation must be in writing and signed by the individual, except that substance abuse treatment patients may orally revoke an authorization to disclose information obtained from substance abuse treatment programs. No revocation shall apply to information already released while the authorization was valid and in effect.

(2) Uses and disclosures without authorization. The Department may use and disclose information without written authorization in the following circumstances:

(a) The Department may disclose information to individuals who have requested disclosure to themselves of their information, if the individual has the right to access the information under OAR 407-014-0030(6).

(b) If the law requires or permits the disclosure, and the use and disclosure complies with, and is limited to, the relevant requirements of the relevant law.

(c) For treatment, payment, and health care operations the Department may disclose the following information:

(A) Activities involving the current treatment of an individual, for the Department or health care provider;

(B) Payment activities, for the Department, covered entity, or health care provider;

(C) Protected health information for the purpose of health care operations; and

(D) Substance abuse treatment information, if the recipient has a Qualified Service Organization Agreement with the Department.

(d) Psychotherapy notes. The Department may only use and disclose psychotherapy notes in the following circumstances:

(A) In the Department's supervised counseling training programs;

(B) In connection with oversight of the originator of the psychotherapy notes; or

(C) To defend the Department in a legal action or other proceeding brought by the individual.

(e) Public health activities.

(A) The Department may disclose an individual's protected information to appropriate entities or persons for governmental public health activities and for other purposes including but not limited to:

(i) A governmental public health authority that is authorized by law to collect or receive protected information for the purpose of preventing or controlling disease, injury, or disability. This includes but is not limited to reporting disease, injury, and vital events such as birth or death; and the conducting of public health surveillance, investigations, and interventions;

(ii) An official of a foreign government agency that is acting in collaboration with a governmental public health authority;

(iii) A governmental public health authority, or other government authority that is authorized by law to receive reports of child abuse or neglect;

(iv) A person subject to the jurisdiction of the federal Food and Drug Administration (FDA), regarding an FDA-regulated product or activity for which that person is responsible for activities related to the quality, safety, or effectiveness of an FDA-regulated product or activity; or

(v) A person who may have been exposed to a communicable disease, or may be at risk of contracting or spreading a disease or condition.

(B) Where state or federal law prohibits or restricts use and disclosure of information obtained or maintained for public health purposes, the Department shall deny the use and disclosure.

(f) Child abuse reporting and investigation. If the Department has reasonable cause to believe that a child is a victim of abuse or neglect, the Department may disclose protected information to appropriate governmental authorities authorized by law to receive reports of child abuse or neglect (including reporting to the Department protective services staff if appropriate). If the Department receives information as the child protective services agency, the Department may use and disclose the information consistent with its legal authority and in compliance with any applicable state and federal regulations.

(g) Adult abuse reporting and investigation. If the Department has reasonable cause to believe that a vulnerable adult is a victim of abuse or neglect, the Department may disclose information, as required by law, to a government authority or regulatory agency authorized by law to receive reports of abuse or neglect including but not limited to a social service or protective services agency (which may include the Department) authorized by law to receive such reports. Vulnerable adults are adults age 65 or older and persons with disabilities. If the Department receives information as the social services or protective services agency, the Department may use and disclose the information.

(h) Health oversight activities. The Department may disclose information without authorization for health oversight activities, including audits; civil, criminal, or administrative investigations, prosecutions, licensing or disciplinary actions; Medicaid fraud; or other necessary oversight activities.

(i) Administrative and court hearings, grievances, investigations, and appeals.

(A) The Department may use or disclose information for an investigation, administrative or court hearing, grievance, or appeal about an individual's eligibility or right to receive Department benefits or services.

(B) If the Department has obtained information in performing its duties as a health oversight agency, protective service entity, or public benefit program, the Department may use or disclose that information in an administrative or court hearing consistent with the other privacy requirements applicable to that program, service, or activity.

(j) Court orders. The Department may disclose information for judicial or administrative proceedings in response to a court order, subpoena, discovery request, or other legal process. If a court orders the Department to conduct a mental examination pursuant to ORS 161.315, 161.365, 161.370, or 419B.352, or orders the Department to provide any other report or evaluation to the court, the examination, report, or evaluation shall be deemed to be required by law for purposes of HIPAA.

(k) Law enforcement purposes. For limited law enforcement purposes, the Department may report certain injuries or wounds; provide information to identify or locate a suspect, victim, or witness; alert law enforcement

## ADMINISTRATIVE RULES

of a death as a result of criminal conduct; and provide information which constitutes evidence of criminal conduct on Department premises.

(A) The Department may provide client information to a law enforcement officer in any of the following situations:

(i) The law enforcement officer is involved in carrying out any investigation, criminal, or civil proceedings connected with administering the program from which the information is sought;

(ii) A Department employee may disclose information from personal knowledge that does not come from the client's interaction with the Department;

(iii) The disclosure is authorized by statute or administrative rule;

(iv) The information informs law enforcement of a death as a result of criminal conduct;

(v) The information constitutes evidence of criminal conduct on Department premises; or

(vi) The disclosure is necessary to protect the client or others, and the client poses a threat to his or her safety or to the safety of others.

(B) Except as provided in section (2)(k)(C) of this rule, the Department may give a client's current address, Social Security number, and photo to a law enforcement officer if the law enforcement officer makes the request in the course of official duty, supplies the client's name, and states that the client:

(i) Is a fugitive felon or is violating parole, probation, or post-prison supervision;

(ii) For all public assistance programs, has information that is necessary for the officer to conduct official duties, and the location or apprehension of the client is within the officer's official duties; or

(iii) For clients only in the SNAP program, has information that is necessary to conduct an official investigation of a fugitive felon or person violating parole, probation, or post-prison supervision.

(C) If domestic violence has been identified in the household, the Department may not release information about a victim of domestic violence unless a member of the household is either wanted as a fugitive felon or is violating parole, probation, or post-prison supervision.

(D) For purposes of this subsection, a fugitive felon is a person fleeing to avoid prosecution or custody for a crime, or an attempt to commit a crime, that would be classified as a felony.

(E) For purposes of this section, a law enforcement officer is an employee of the Oregon State Police, a county sheriff's department, or a municipal police department, whose official duties include arrest authority.

(I) Use and disclosure of information about deceased individuals.

(A) The Department may disclose individual information to a coroner or medical examiner for the purpose of identifying a deceased individual, determining cause of death, or other duties authorized by law.

(B) The Department may disclose individual information to funeral directors as needed to carry out their duties regarding the decedent. The Department may also disclose individual information prior to, and in anticipation of, the death.

(m) Organ or tissue donation. The Department may disclose individual information to organ procurement organizations or other entities engaged in procuring, banking, or transplanting cadaver organs, eyes, or tissue for the purpose of facilitating transplantation.

(n) Research. The Department may disclose individual information without authorization for research purposes, as specified in OAR 407-014-0060.

(o) Threat to health or safety. To avert a serious threat to health or safety the Department may disclose individual information if:

(A) The Department believes in good faith that the information is necessary to prevent or lessen a serious and imminent threat to the health or safety of a person or the public; and

(B) The report is to a person or persons reasonably able to prevent or lessen the threat, including the target of the threat.

(p) National security and intelligence. The Department may disclose information to authorized federal officials for lawful intelligence, counterintelligence, and other national security activities.

(q) Correctional institutions and law enforcement custody situations. The Department may disclose information to a correctional institution or a law enforcement official having lawful custody of an inmate or other person, for the limited purpose of providing health care or ensuring the health or safety of the person or other inmates.

(r) Emergency treatment. In case of an emergency, the Department may disclose individual information to the extent needed to provide emergency treatment.

(s) Government entities providing public benefits. The Department may disclose eligibility and other information to governmental entities administering a government program providing public benefits.

(3) Authorization not required if opportunity to object given. The Department may use and disclose an individual's information without authorization if the Department informs the individual in advance and gives the individual an opportunity to either agree or refuse or restrict the use and disclosure.

(a) These disclosures are limited to disclosure of information to a family member, other relative, close personal friend of the individual, or any other person named by the individual, subject to the following limitations:

(A) The Department may disclose only the protected information that directly relates to the person's involvement with the individual's care or payment for care.

(B) The Department may use and disclose protected information for notifying, identifying, or locating a family member, personal representative, or other person responsible for care of the individual, regarding the individual's location, general condition, or death. For individuals who had resided at one time at the state training center, OAR 411-320-0090(6) addresses family reconnection.

(C) If the individual is present for, or available prior to, a use and disclosure, the Department may disclose the protected information if the Department:

(i) Obtains the individual's agreement;

(ii) Provides the individual an opportunity to object to the disclosure, and the individual does not object; or

(iii) Reasonably infers from the circumstances that the individual does not object to the disclosure.

(D) If the individual is not present, or the opportunity to object to the use and disclosure cannot practically be provided due to the individual's incapacity or an emergency situation, the Department may disclose the information if, using professional judgment, the Department determines that the use and disclosure is in the individual's best interests.

(b) Exception. For individuals referred to or receiving substance abuse treatment, mental health, or vocational rehabilitation services, the Department shall not use or disclose information without written authorization, unless disclosure is otherwise permitted under 42 CFR part 2, 38 CFR 361.38, or ORS 179.505.

(c) Personal representative. The Department must treat a personal representative as the individual for purposes of these rules, except that:

(A) A personal representative must be authorized under state law to act on behalf of the individual with respect to use and disclosure of information. The Department may require a personal representative to provide a copy of the documentation authorizing the person to act on behalf of the individual.

(B) The Department may elect not to treat a person as a personal representative of an individual if:

(i) The Department has a reasonable belief that the individual has been or may be subjected to domestic violence, abuse, or neglect by the person;

(ii) The Department, in the exercise of professional judgment, decides that it is not in the best interest of the individual to treat the person as the individual's personal representative.

(4) Rediscovery. The Department must inform the individual that information held by the Department and authorized by the individual for disclosure may be subject to rediscovery and no longer protected by these rules.

(5) Specific written authorization. If the use or disclosure of information requires an authorization, the authorization must specify that the Department may use or disclose vocational rehabilitation records, alcohol and drug records, HIV/AIDS records, genetics information, and mental health or developmental disability records held by publicly funded providers.

(a) Pursuant to federal regulations at 42 CFR part 2 and 34 CFR 361.38, the Department may not make further disclosure of vocational rehabilitation and alcohol and drug rehabilitation information without the specific written authorization of the individual to whom it pertains.

(b) Pursuant to ORS 433.045 and OAR 333-012-0270, the Department may not make further disclosure of individual information pertaining to HIV/AIDS.

(c) Pursuant to ORS 192.531 to 192.549, the Department may not make further disclosure pertaining to genetic information.

(6) Verification of person or entity requesting information. The Department may not disclose information about an individual without first

## ADMINISTRATIVE RULES

verifying the identity of the person or entity requesting the information, unless the Department workforce member fulfilling the request already knows the person or has already verified identity.

(7) Whistleblowers. The Department may disclose an individual's protected health information under the HIPAA privacy rules under the following circumstances:

(a) The Department workforce member believes in good faith that the Department has engaged in conduct that is unlawful or that otherwise violates professional standards or Department policy, or that the care, services, or conditions provided by the Department could endanger Department staff, individuals in Department care, or the public; and

(b) The disclosure is to a government oversight agency or public health authority, or an attorney of a Department workforce member retained for the purpose of determining the legal options of the workforce member with regard to the conduct alleged under section (7)(a) above; and

(c) Nothing in this rule is intended to interfere with ORS 659A.200 to 659A.224 describing the circumstances applicable to disclosures by the Department's workforce.

#### Client Privacy Rights

(1) Rights of clients to access their information. Clients may access, inspect, and obtain a copy of information on their own cases in Department files or records, consistent with federal and state law.

(a) A client may request access by completing the Access to Records Request form, or by providing sufficient information to accomplish this request.

(b) Clients may request access to their own information that is kept by the Department by using a personal identifier such as the client's name or Department case number.

(c) If the Department maintains information in a record that includes information about other people, the client may see information only about himself or herself.

(d) If a person identified in the file is a minor child of the client, and the client is authorized under Oregon law to have access to the minor's information or to act on behalf of the minor for making decisions about the minor's care, the client may obtain information about the minor.

(e) If the requestor of information is recognized under Oregon law as a the client's guardian or custodian and is authorized under Oregon law to have access to the client's information or to act on behalf of the client for making decisions about the client's services or care, the Department shall release information to the requestor.

(f) For individuals with disabilities or mental illnesses, the named system in ORS 192.517, to protect and advocate the rights of individuals with developmental disabilities under Part C of the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C. 6041 et seq.) and the rights of individuals with mental illness under the Protection and Advocacy for Individuals with Mental Illness Act (42 U.S.C. 10801 et seq.), shall have access to all records defined in ORS 192.515.

(g) The Department may deny a client's access to their own PHI if federal law prohibits the disclosure. Clients may access, inspect, and obtain a copy of health information on their own case in Department files or records except for the following:

(A) Psychotherapy notes;

(B) Information compiled in reasonable anticipation of, or for use in civil, criminal, or administrative proceedings;

(C) Information that is subject to the federal Clinical Labs Improvement Amendments of 1988, or exempt pursuant to 42 CFR 493.3(a)(2);

(D) Information that the Department believes, in good faith, can cause harm to the client, participant, or to any other person; and

(E) Documents protected by attorney work-product privilege.

(h) The Department may deny a client access to information that was obtained under a promise of confidentiality from a person other than a health care provider to the extent that access would reveal the source of the information.

(i) The Department may deny a client access to information, if the Department gives the client a right to have the denial reviewed when:

(A) A licensed health care professional (for health information) or other designated staff (for other information) has determined, in the exercise of professional judgment, that the information requested may endanger the life or physical safety of the client or another person;

(B) The information makes reference to another person, and a licensed health care professional (for health information) or other designated staff (for other information) has determined, in the exercise of professional judgment, that the information requested may cause substantial harm to the client or to another person; or

(C) The request for access is made by the client's personal representative, and a licensed health care professional (for health information) or other designated staff (for other information) has determined, in the exercise of professional judgment, that allowing the personal representative access to the information may cause substantial harm to the client or to another person.

(j) If the Department denies access under section (1)(i) of this rule, the client may have the decision reviewed by a licensed health care professional (for health information) or other designated staff (for other information) not directly involved in making the original denial decision.

(A) The Department must promptly refer a client's request for review to the designated reviewer.

(B) The reviewer must determine, within the 30 or 60-day time limits stated in section (1)(k)(A) and (B) of this rule, whether to approve or deny the client's request for access.

(C) Based on the reviewer's decision, the Department shall:

(i) Promptly notify the client in writing of the reviewer's determination; and

(ii) If approved, take action to carry out the reviewer's determination.

(k) The Department must act on a client's request for access no later than 30 days after receiving the request, except as provided in this section and in the case of written accounts under ORS 179.505, which must be disclosed within five days.

(A) In cases where the information is not maintained or accessible to the Department on-site, and does not fall under ORS 179.505, the Department must act on the client's request no later than 60 days after receiving the request.

(B) If the Department is unable to act within the 30 or 60-day limits, the Department may extend this time period a maximum of 30 additional days, subject to the following:

(i) The Department must notify the client in writing of the reasons for the delay and the date by which the Department shall act on the request.

(ii) The Department shall use only one 30-day extension.

(l) If the Department grants the client's request, in whole or in part, the Department must inform the client of the access decision and provide the requested access.

(A) If the Department maintains the same information in more than one format or at more than one location, the Department may provide the requested information once.

(B) The Department must provide the requested information in a form or format requested by the client, if readily producible in that form or format. If not readily producible, the Department shall provide the information in a readable hard-copy format or other format as agreed to by the Department and the client.

(C) The Department may provide the client with a summary of the requested information, in lieu of providing access, or may provide an explanation of the information if access has been provided, if:

(i) The client agrees in advance; and

(ii) The client agrees in advance to pay any fees the Department may impose, under section (1)(L)(E) of this rule.

(D) The Department shall arrange with the client for providing the requested access in a time, place, and manner convenient for the client and the Department.

(E) If a client, or legal guardian or custodian, requests a copy, written summary, or explanation of the requested information, the Department may impose a reasonable cost-based fee, limited to the following:

(i) Copying the requested information, including the costs of supplies and the labor of copying;

(ii) Postage; and

(iii) Staff time for preparing an explanation or summary of the requested information.

(m) If the Department denies access, in whole or in part, to the requested information, the Department must:

(A) Give the client access to any other requested client information, after excluding the information to which access is denied; and

(B) Provide the client with a timely written denial. The denial must:

(i) Be provided within the time limits specified in section (1)(k)(A) and (B) of this rule;

(ii) State the basis of the denial in plain language;

## ADMINISTRATIVE RULES

(iii) If the Department denies access under section (1)(i) of this rule, explain the client's review rights as specified in section (1)(j) of this rule, including an explanation of how the client may exercise these rights; and

(iv) Provide a description of how the client may file a complaint with the Department, and if the information is PHI, with the United States Department of Health and Human Services (DHHS), Office for Civil Rights, pursuant to section (7) of this rule.

(n) If the Department does not maintain the requested information, in whole or in part, and knows where the information is maintained (such as by a medical provider, insurer, other public agency, private business, or other non-Department entity), the Department must inform the client where to direct the request for access.

(2) Department Notice of Privacy Practices. The Department shall send clients notice about the Department's privacy practices as follows:

(a) The Department shall make available to each client a notice of Department privacy practices that describes the duty of the Department to maintain the privacy of PHI and include a description that clearly informs the client of the types of uses and disclosures the Department is permitted or required to make;

(b) The Department shall provide all clients in direct care settings a notice of Department privacy practices and shall request the client's signature on an acknowledgement of receipt form;

(c) If the Department revises its privacy practices, the Department shall make the revised notice available to all clients;

(d) The Department shall post a copy of the Department's Notice of Privacy Practices for public viewing at each Department worksite and on the Department website; and

(e) The Department shall give a paper copy of the Department's Notice of Privacy Practices to any individual upon request.

(3) Right to request restrictions on uses or disclosures. Clients may request restrictions on the use or disclosure of their information.

(a) The Department may deny the client's request or limit its agreement to a request.

(A) The Department may not agree to restrict uses or disclosures of information if the restriction would adversely affect the quality of the client's care or services.

(B) The Department shall not agree to restrict uses or disclosures of information that would limit or prevent the Department from making or obtaining payment for services.

(b) The Department may not deny a client's request to restrict the sharing of records of alcohol and drug treatment or records relating to vocational rehabilitation services with another Department program.

(c) The Department shall document the client's request, and the reasons for granting or denying the request, in the client's Department case file.

(d) If the client needs emergency treatment and the restricted protected information is needed to provide the treatment, the Department may use or disclose the restricted protected information to a provider, for the limited purpose of providing treatment. However, once the emergency situation subsides the Department shall ask the provider not to redisclose the information.

(e) The Department may terminate its agreement to a restriction if:

(A) The client agrees to or requests the termination in writing;

(B) The client orally requests or agrees to the termination, and the Department documents the oral request or agreement in the client's Department case file; or

(C) With or without the client's agreement, the Department informs the client that the Department is terminating its agreement to the restriction. Information created or received while the restriction was in place shall remain subject to the restriction.

(4) Rights of clients to request to receive information from the Department by alternative means or at alternative locations. The Department must accommodate reasonable requests by clients to receive communications from the Department by alternative means, such as by mail, e-mail, fax, or telephone, and at an alternative location.

(a) The client must specify the preferred alternative means or location.

(b) The client may submit the request for alternative means or locations either orally or in writing.

(A) If the client makes a request in-person, the Department shall document the request and ask for the client's signature.

(B) If the client makes a request by telephone or electronically, the Department shall document the request and verify the identity of the client.

(c) The Department may terminate its agreement to an alternative location or method of communication if:

(A) The client agrees to or requests termination of the alternative location or method of communication in writing or orally. The Department shall document the oral agreement or request in the client's Department case file; or

(B) The Department informs the client that the Department is terminating its agreement to the alternative location or method of communication because the alternative location or method of communication is not effective. The Department may terminate its agreement to communicate at the alternative location or by the alternate method if:

(i) The Department is unable to contact the client at the location or by the method requested; or

(ii) The client fails to respond to payment requests, if applicable.

(5) Right of clients to request amendment of their information. Clients may request that the Department amend information about themselves in Department files.

(a) For all amendment requests, the Department shall have the client complete the approved Department form.

(b) The Department may deny the request or limit its agreement to amend.

(c) The Department must act on the client's request no later than 60 days after receiving the request. If the Department is unable to act within 60 days, the Department may extend this time limit by a maximum of 30 additional days, subject to the following:

(A) The Department must notify the client in writing, within 60 days of receiving the request, of the reasons for the delay and the date by which the Department shall act on the request; and

(B) The Department shall use only one 30-day extension.

(d) The program's medical director, a licensed health care professional designated by the program administrator, or a Department staff person involved in the client's case must review the request and any related documentation prior to making a decision to amend a health or medical record.

(e) A staff person designated by the Department shall review the request and any related documentation prior to making a decision to amend any information that is not a health or medical record.

(f) If the Department grants the request, in whole or in part, the Department shall:

(A) Make the appropriate amendment to the information or records, and document the amendment in the client's Department file or record;

(B) Provide notice to the client that the amendment has been granted, pursuant to the time limits under section (5)(c) of this rule;

(C) Obtain the client's agreement to notify other relevant persons or entities with whom the Department has shared or needs to share the amended information; and

(D) Inform and provide the amendment within a reasonable time to:

(i) Persons named by the client who have received the information and who need the amendment; and

(ii) Persons, that the Department knows have the information that is the subject of the amendment and who may have relied, or could foreseeably rely, on the information to the client's detriment.

(g) The Department may deny the client's request for amendment if:

(A) The Department finds the information to be accurate and complete;

(B) The information was not created by the Department;

(C) The information is not part of Department records; or

(D) The information would not be available for inspection or access by the client, pursuant to section (1)(g) and (h) of this rule.

(h) If the Department denies the amendment request, in whole or in part, the Department must provide the client with a written denial. The denial must:

(A) Be sent within the time limits specified in section (5)(c) of this rule;

(B) State the basis for the denial, in plain language; and

(C) Explain the client's right to submit a written statement disagreeing with the denial and how to file the statement. If the client files a statement:

(i) The Department shall enter the written statement into the client's Department case file;

(ii) The Department may also enter a Department written rebuttal of the client's written statement into the client's Department case file. The Department shall send a copy of any written rebuttal to the client;

(iii) The Department shall include a copy of the statement and any Department written rebuttal with any future disclosures of the relevant information;

(iv) If a client does not submit a written statement of disagreement, the client may ask that if the Department makes any further disclosures of

# ADMINISTRATIVE RULES

the relevant information that the Department shall also include a copy of the client's original request for amendment and a copy of the Department written denial; and

(v) The Department shall provide information on how the client may file a complaint with the Department and, if the information is PHI, with DHHS, Office for Civil Rights.

(6) Rights of clients to request an accounting of disclosures of PHI. Clients may receive an accounting of disclosures of PHI that the Department has made for any period of time, not to exceed six years, preceding the request date for the accounting.

(a) For all requests for an accounting of disclosures, the client may complete the authorized Department form "Request for Accounting of Disclosures of Health Records", or provide sufficient information to accomplish this request.

(b) The right to an accounting of disclosures does not apply when the request is:

- (A) Authorized by the client;
- (B) Made prior to April 14, 2003;
- (C) Made to carry out treatment, payment, or health care operations, unless these disclosures are made from an electronic health record;
- (D) Made to the client;
- (E) Made to persons involved in the client's care;
- (F) Made as part of a limited data set in accordance with OAR 407-014-0070;

(G) Made for national security or intelligence purposes; or  
(H) Made to correctional institutions or law enforcement officials having lawful custody of an inmate.

(c) For each disclosure, the accounting must include:

- (A) The date of the disclosure;
- (B) The name and address, if known, of the person or entity who received the disclosed information;
- (C) A brief description of the information disclosed; and
- (D) A brief statement of the purpose of the disclosure that reasonably informs the client of the basis for the disclosure, or, in lieu of a statement, a copy of the client's written request for a disclosure, if any.

(d) If, during the time period covered by the accounting, the Department has made multiple disclosures to the same person or entity for the same purpose, the Department may provide the required information for only the first disclosure. The Department need not list the same identical information for each subsequent disclosure to the same person or entity if the Department adds the following information:

(A) The frequency or number of disclosures made to the same person or entity; and

(B) The date of the most recent disclosure during the time period for which the accounting is requested.

(e) The Department must act on the client's request for an accounting no later than 60 days after receiving the request. If the Department is unable to act within 60 days, the Department may extend this time limit by a maximum of 30 additional days, subject to the following:

(A) The Department must notify the client in writing, within 60 days of receiving the request, of the reasons for the delay and the date by which the Department shall act on the request; and

(B) The Department shall use only one 30-day extension.

(f) The Department shall provide the first requested accounting in any 12-month period without charge. The Department may charge the client a reasonable cost-based fee for each additional accounting requested by the client within the 12-month period following the first request, if the Department:

(A) Informs the client of the fee before proceeding with any additional request; and

(B) Allows the client an opportunity to withdraw or modify the request in order to avoid or reduce the fee.

(g) The Department shall document the information required to be included in an accounting of disclosures, as specified in section (6)(c) of this rule, and retain a copy of the written accounting provided to the client.

(h) The Department shall temporarily suspend a client's right to receive an accounting of disclosures that the Department has made to a health oversight agency or to a law enforcement official, for a length of time specified by the agency or official, if the agency or official provides a written or oral statement to the Department that the accounting would be reasonably likely to impede their activities. If the agency or official makes an oral request, the Department shall:

(A) Document the oral request, including the identity of the agency or official making the request.

(B) Temporarily suspend the client's request to an accounting of disclosures; and

(C) Limit the temporary suspension to no longer than 30 days from the date of the oral request, unless the agency or official submits a written request specifying a longer time period.

(7) Filing a complaint. Clients may file a complaint with the Department or, if the information is PHI, with DHHS, Office for Civil Rights.

(a) Upon request, the Department shall give clients the name and address of the specific person or office of where to submit complaints to DHHS.

(b) The Department may not intimidate, threaten, coerce, discriminate against, or take any other form of retaliatory action against any individual filing a complaint or inquiring about how to file a complaint.

(c) The Department may not require clients to waive their rights to file a complaint as a condition of providing treatment, payment, enrollment in a health plan, or eligibility for benefits.

(d) The Department shall designate staff to review and determine action on complaints filed with the Department.

(e) The Department shall document, in the client's Department case file all complaints, the findings from reviewing each complaint, and the Department's actions resulting from the complaint. For each complaint the documentation shall include a description of corrective action that the Department has taken, if any are necessary, or why corrective action is not needed.

### Minimum Necessary Standards

(1) The Department shall limit the use and disclosure of protected information to that which is reasonably necessary to accomplish the intended purpose of the use or disclosure which is referred to in these rules as the minimum necessary standard.

(2) This minimum necessary standard is not intended to impede essential Department activities.

(3) The minimum necessary standard applies:

- (a) When using protected information within the Department;
- (b) When disclosing protected information to a third party in response to a request; or
- (c) When requesting protected information from another covered entity.

(4) The minimum necessary standard does not apply to:

- (a) Disclosures to or requests by a health care provider for treatment;
- (b) Disclosures made to the individual, including disclosures made in response to a request for access or an accounting;
- (c) Disclosures made with a valid authorization;
- (d) Disclosures made to DHHS for the purposes of compliance and enforcement of federal regulations under 45 CFR part 160 and required for compliance with 45 CFR part 164.; or
- (e) Uses and disclosures required by law;

(5) When requesting protected information about an individual from another entity, the Department shall limit requests to those that are reasonably necessary to accomplish the purposes for which the request is made. The Department shall not request a person's entire medical record unless the Department can specifically justify the need for the entire medical record.

### Business Associate

(1) The Department is a business associate of the Authority. The Authority is the single State Medicaid agency but the Department performs or assists in the performance of key components of the medical assistance program under the supervision of the Authority including but not limited to eligibility determinations for the medical assistance program and supervising the long-term and community-based services for seniors and people with disabilities. The Department also provides certain health care operations services for the Authority. In doing so, the Department is a business associate of the Authority. As a business associate of the Authority, the Department is authorized to use and disclose protected health information

# ADMINISTRATIVE RULES

to perform or assist the Authority in the performance of its covered functions. However, as a business associate, the Department is subject to the privacy requirements described in these rules.

(2) As a business associate of the Authority implementing the requirements of the medical assistance program, the Department may disclose an individual's PHI to its contractors or providers, and may allow its contractors or providers to create or receive an individual's PHI on behalf of the Department if the contract or agreement that complies with applicable federal and state law. In some limited circumstances, the Department may determine that the Department is a business associate of a covered entity. A business associate relationship with the Department requires additional contractual disclosure and privacy provisions that must be incorporated into the contract pursuant to 45 CFR part 164.504 (e)(1)

(3) A contract with a business associate must comply with OAR 125-055-0100 to 125-055-0130 and the qualified service organization requirements in 42 CFR part 2.11.

### Uses and Disclosures of Protected Information for Research Purposes

The Department may use and disclose an individual's information for research purposes as specified in this rule.

(1) All research disclosures are subject to applicable requirements of federal and state laws and rules including but not limited to 45 CFR part 46 and 21 CFR part 50.0 to 50.56, relating to the protection of human research subjects.

(2) The Department may use and disclose de-identified information or a limited data set for research purposes, pursuant to OAR 407-014-0070.

(3) The Department may use and disclose information regarding an individual for research purposes with the specific written authorization of the individual. The authorization must meet all requirements in OAR 407-014-0030, and may indicate an expiration date with terms such as "end of research study" or similar language. An authorization for use and disclosure for a research study may be combined with other types of written authorization for the same research study. If research includes treatment, the researcher may require an authorization for use and disclosure for the research as a provision of providing research related treatment.

(4) Notwithstanding section (3) of this rule, the Department may use and disclose an individual's information for research purposes without the individual's written authorization, regardless of the source of funding for the research, provided that:

(a) The Department obtains documentation that a waiver of an individual's authorization for release of information requirements has been approved by an IRB registered with the Office for Human Research Protection. Documentation required of an IRB when granting approval of a waiver of an individual's authorization for release of information must include all criteria specified in 45 CFR part 164.512(i)(2).

(b) A researcher may request access to individual information maintained by the Department in preparation for research or to facilitate the development of a research protocol in anticipation of research. The Department may determine whether to permit such use or disclosure, without individual authorization or use of an IRB, pursuant to 45 CFR part 164.512(i)(1)(ii).

(c) A researcher may request access to individual information maintained by the Department about deceased individuals. The Department may determine whether to permit such use or disclosure of information about decedents, without individual authorization or use of an IRB, pursuant to 45 CFR part 164.512(i)(1)(iii).

(5) The Department may collect, use, or disclose information, without individual authorization, to the extent that the collection, use, or disclosure is required by law. When the Department uses information to conduct studies as required by law, no additional individual authorization is required nor does this rule require an IRB or privacy board waiver of authorization based on the HIPAA privacy rules.

(6) The Department may use and disclose information without individual authorization for studies and data analysis conducted for the Department's own quality assurance purposes or to comply with reporting requirements applicable to federal or state funding requirements in accordance with the definition of "Health Care Operations" in 45 CFR part 164.501.

### De-identification of Client Information and Use of Limited Data Sets under Data Use Agreements

(1) The Department may use and disclose information as appropriate for the work of the Department, without further restriction, if the Department or another entity has taken steps to de-identify the information pursuant to 45 CFR part 164.514(a) and (b).

(2) The Department may assign a code or other means of record identification to allow the Department to re-identify the de-identified information provided that:

(a) The code or other means of record identification is not derived from or related to information about the individual and cannot otherwise be translated to identify the individual; and,

(b) The Department does not use or disclose the code or other means of record identification for any other purpose, and does not disclose the mechanism for re-identification.

(3) The Department may use and disclose a limited data set if the Department enters into a data use agreement with an entity requesting or providing the Department with a limited data set subject to the requirements of 45 CFR part 164.514(e).

(a) The Department may use and disclose a limited data set for the purposes of research. The Department may use limited data set for its own activities or operations if the Department has obtained a limited data set that is subject to a data use agreement.

(b) If the Department knows of a pattern of activity or practice of a limited data set recipient that constitutes a material breach or violation of a data use agreement, the Department shall take reasonable steps to cure the breach or end the violation. If such steps are unsuccessful, the Department shall discontinue disclosure of information to the recipient and report the problem to the appropriate authority.

**Rules Adopted:** 407-043-0020

**Subject:** HB 2009 (2009) created the Oregon Health Authority and transferred to the Authority the Department of Human Services' (Department) divisions with respect to health and health care. Effective July 1, 2011 the Department adopts these operational and programmatic rules to assure continuity as a part of the operational transfer from functions previously performed by the Department as a result of HB 2009 (2009).

Among the functions transferred to the Authority is the medical assistance program. This rule provides for continuity in the relationship between the Department and the Authority when working together in the administration of the medical assistance program and that the Department and the Authority shall work cooperatively in the administration of the medical assistance program, including making determinations of eligibility and service need for medical assistance. This rule also explains that the Authority designated the Department as the operating agency for home and community-based waiver services and as an Organized Health Care Delivery System.

### Cooperative Relationship with Oregon Health Authority

(1) The Department of Human Services (Department) will cooperate and collaborate with Oregon Health Authority (Authority) in order to effectively coordinate services to individuals, families and communities and

# ADMINISTRATIVE RULES

realize operational efficiencies in the administration of services that can be shared between them ("shared services").

(2) In any Department rules, policies, or procedures that refer to the programs, functions, and duties that were formerly part of the Department that were transferred to the Authority, such reference shall be considered a reference to the Authority.

(3) The Department acknowledges that the Authority is the state Medicaid agency and the state Children's Health Insurance Program agency, authorized by state statute to administer the medical assistance program. The Authority is also responsible for facilitating outreach and enrollment efforts to connect eligible individuals with all available publicly funded health programs.

(a) The Department and the Authority recognize that there are many points of interconnection between their programs and the individuals who receive services through these programs. In addition, there are areas of natural connection between the Department and the Authority based upon the former structure of the Department.

(b) The Department shall continue to work cooperatively with the Authority in the administration of the medical assistance program, including determinations of eligibility and service need for medical assistance. The Authority has designated the Department as the operating agency for the home and community-based waivers and as an Organized Health Care Delivery System.

(c) The Department and the Authority are authorized by state law to delegate to each other any duties, functions, and powers that they deem necessary for the efficient and effective operation of their respective functions. The Department and the Authority will work together to adopt rules to assure that medical assistance eligibility requirements, procedures, and determinations are consistent across both agencies. The Authority has authorized the Department to determine medical eligibility for medical assistance program. Where that responsibility is given to the Department under ORS Chapter 411, the Department has delegated to the Authority the duties, functions and powers to make medical eligibility determinations in accordance with OAR 410-120-0006.

(d) Where statute establishes duties and functions of the Department or the Authority in relation to medical assistance as a public assistance program, the Department and the Authority will cooperate in the effective administration of the program.

### General Policy

(1) The Department believes every individual is deserving of safe, respectful and dignified treatment provided in a caring environment. To that end, all employees, volunteers, contractors and their employees, as well as visitors will conduct themselves in such a manner that individuals are free from abuse.

(2) In these rules, the term "abuse" is given a broad definition because of the unique vulnerability of individuals served by the Department. While some examples are listed later in these rules (including specific conduct listed in ORS 430.735(1)), it must be clearly understood that all possible situations cannot be anticipated and each case must be evaluated based on the particular facts available.

### Policy Regarding Abuse

(1) All forms of abuse are prohibited. Staff, visitors, volunteers, contractors and their employees must continually be aware of the potential for abuse in interactions with individuals.

(2) Listed below are examples of the type of conduct which constitutes abuse. This list of examples is by no means exhaustive and represents general categories of prohibited conduct. Conduct of a like or similar nature is also obviously prohibited. Examples include, but are not limited to:

(a) Physical Abuse: Examples include hitting, kicking, scratching, pinching, choking, spanking, pushing, slapping, twisting of head, arms, or legs, tripping, the use of physical force which is unnecessary or excessive or other physical contact with an individual inconsistent with prescribed treatment or care;

(b) Verbal Abuse: Verbal conduct may be abusive because of either the manner of communicating with or the content of the communication with individuals. Examples include yelling, ridicule, harassment, coercion, threats, intimidation, cursing, foul language or other forms of communication which are derogatory or disrespectful of the individual, or remarks intended to provoke a negative response by the individual;

(c) Abuse by Failure to Act: This includes neglecting the care of the individual resulting in death (including suicide), physical or psychological harm, or a significant risk of harm to the individual either by failing to provide authorized and prescribed treatment or by failing to intervene when an individual needs assistance such as denying food or drink or leaving the individual unattended when staff presence is mandated;

(d) Sexual Abuse: Examples include:

(A) Contact of a sexual nature between staff and individuals;

(B) Failure to discourage sexual advances toward staff by individuals; and

(C) Permitting the sexual exploitation of individuals or use of individual sexual activity for staff entertainment or other improper purpose.

(e) Condoning Abuse: Permitting abusive conduct toward an individual by any other staff, individual, or person; and

(f) Statutory Terms of Abuse: As defined in ORS 430.735: any death caused by other than accidental or natural means; any physical injury caused by other than accidental means, or that appears to be at variance with the explanation given of the injury; willful infliction of physical pain or injury, sexual harassment or exploitation, including but not limited to any sexual contact between an employee of a facility or community program and an adult, and neglect that leads to physical harm or significant mental injury through withholding of services necessary to maintain health and well being.

(3) At times, persons may be required to utilize self-defense. This includes control procedures that are designed to minimize physical injury to the individual or other persons. Employees are expected to use the least restrictive procedures necessary under the circumstances for dealing with an individual's behaviors or defending against an individual's attack. Abuse does not include acts of self-defense or defense of an individual or other person in response to the use or imminent use of physical force provided that only the degree of force reasonably necessary for protection is used. When excessively severe methods of control are used or when any conduct designed as self-defense is carried beyond what is necessary under the circumstances to protect the individual or other persons from further violence or assault, that conduct then becomes abuse.

### Reporting Requirements

(1) Oregon Statute requires mandatory reports and investigations of allegations of abuse of individuals with disabilities. Therefore, any person who has reasonable cause to believe that an incident of abuse has occurred to an individual residing at a state hospital or residential training center will immediately report the incident according to the procedures set forth in the applicable state hospital or residential training center policy on abuse reporting.

(2) Any person participating in good faith in reporting alleged abuse and who has reasonable grounds for reporting has immunity from any civil

liability that otherwise might be imposed or incurred based on the reporting or the content of the report under ORS 430.753(1).

(3) The identity of the person reporting alleged abuse is confidential. The Department or OIT will reveal the names of abuse reporters to law enforcement agencies, public agencies who certify or license facilities or persons practicing therein, public agencies providing services to the individuals, private agencies providing protective services for the individual, and the protection and advocacy system for individuals designated by federal law. The identity of the person reporting alleged abuse may also be disclosed in certain legal proceedings including, but not limited to, Human Resources or other administrative proceedings and criminal prosecution.

### Preliminary Procedures

(1) Once a report of alleged abuse is made, the following steps will be taken to ensure both a proper investigation and appropriate action are taken to ensure that individuals are free from any threat of abuse:

(a) No later than two hours after receipt of the allegation except for circumstances with good cause the Superintendent will notify the Office of Investigations and Training (OIT) of the report of alleged abuse. OIT will determine whether the allegation, if true, would fit within the definition of abuse. This determination will be made in consultation with the Superintendent. The determination must be made within 24 hours of receipt of the report of abuse;

(b) If the allegation is determined to not fit the definition of abuse, the Superintendent may take other appropriate action, such as a referral to Human Resources for review as a performance issue, worksite training, or take other systemic measures to resolve problems identified;

(c) The Superintendent with OIT will further ensure that if the allegation meets the definition of child abuse under ORS 419B.005, or elder abuse under ORS 124.050 it has been reported to the appropriate agency.

(2) Immediately and no later than 24 hours after determining that the allegation comes within the definition of abuse under this policy or other applicable laws, the Superintendent will:

(a) Provide appropriate protective services to the individual that may include arranging for immediate protection of the individual and the provision of appropriate services including medical, legal or other services necessary to prevent further abuse;

(b) Determine with OIT if there is reason to believe that an investigation by an appropriate law enforcement agency is necessary, and if so, request that such agency determine whether there is reason to believe a crime has been committed;

(c) Make a report to any other appropriate agencies, e.g., Children, Adults and Families Division (CAF) (formerly State Office for Services to Children and Families) or Seniors and People with Disabilities Division (SPD) or Addictions and Mental Health Division (AMH).

(d) Promptly notify the legal guardian (of an adjudicated incapacitated individual) of the alleged incident and give an explanation of the procedures that will be used to investigate and resolve the matter; as well as the facility's responsibility to provide appropriate protective services;

(e) Contact the Administrator of the Department if the individual has sustained serious injury.

### Investigation by the Office of Investigations and Training

(1) Investigation of allegations of abuse will be thorough and unbiased. An investigation of the allegation will be conducted by the Office of Investigations and Training (OIT).

(2) OIT will conduct interviews with any party alleging an incident of abuse, the individual allegedly abused, and the person accused. OIT will also include interviews with persons appearing to be involved in or having knowledge of the alleged abuse or surrounding circumstances.

(3) All records necessary for the investigation will be available to OIT for inspection and copying. OIT will collect information which has relevance to the alleged event. This may include, but is not limited to, individual or facility records, statements, diagrams, photographs and videos.

# ADMINISTRATIVE RULES

(4) If the facts in the case are disputed and a law enforcement agency does not produce an investigation report, OIT will determine the manner and methods of conducting the investigation.

(5) When a law enforcement agency is conducting a criminal investigation of the alleged abuse, OIT may also perform its own investigation unless OIT is advised by the law enforcement agency that a concurrent OIT investigation would interfere with the criminal investigation.

### Abuse Investigation Report

(1) OIT will complete its investigation and submit a draft report to the Superintendent within 30 calendar days after initiating an investigation unless other laws or regulations require a shorter time frame. The investigation must be complete within 30 calendar days unless the Administrator grants an extension. The Administrator may grant an extension when a key party is unavailable, new evidence is discovered, the investigation is complex (e.g. large numbers of witnesses need to be interviewed, taking into account scheduling difficulties and limitations, consultation with experts, or a detailed review of records over an extended period of time is required) or for some other mitigating reason. The Administrator will specify the length of the extension.

(2) The Superintendent along with OIT is responsible for reviewing the OIT and/or law enforcement investigation report. The Superintendent and OIT will also review and discuss any other relevant reports or information.

(3) OIT will determine whether the evidence does or does not substantiate the allegation of abuse. In some instances, OIT may determine that the evidence is inconclusive. The determination must be made within 15 calendar days from completion of the draft investigation report, unless a key party is unavailable, additional evidence is discovered, or the Administrator grants an extension for some other mitigating reason. Any determination not made within the 15-day period must be made as soon as reasonably possible thereafter.

(4) Once this review is complete, a final report will be prepared by OIT, which includes:

(a) A statement of the alleged incident being investigated, including the dates(s), location(s) and time(s);

(b) An outline of steps taken in the investigation, a list of all witnesses interviewed and a summary of the information provided by each witness;

(c) A summary of findings and conclusion concerning the allegation of abuse;

(d) A specific finding of substantiated, inconclusive or not substantiated;

(e) A plan of action necessary to prevent further abuse of the individual;

(f) Any additional corrective action required by the hospital or residential training center and deadlines for the completion of these actions;

(g) A list of any notices made to licensing agencies;

(h) The name and title of the person completing the report; and

(i) The date it is written.

(5) If the allegation of abuse is substantiated, the Superintendent will direct that appropriate action be taken against the responsible person commensurate with the seriousness of the conduct and any aggravating or mitigating circumstances, including consideration of previous conduct of record. If Human Resources is involved, as necessary to comply with laws related to employee rights, additional investigation may be conducted.

(6) If the allegations are found to be inconclusive; the Superintendent may request a review by the Human Resources Department to determine the need for any training or disciplinary action, as warranted by the facts and any follow-up investigative work.

(7) The Superintendent will ensure that appropriate documentation exists as to the action taken as a result of an abuse investigation.

(8) The Superintendent will ensure that a copy of the law enforcement investigation report is forwarded to OIT.

### Disclosure of Investigation Report and Related Documents

(1) Investigation Reports prepared by OIT are subject to the following:

(a) Portions of the abuse investigation report and underlying investigatory documents are confidential and not available for public inspection. Pursuant to ORS 430.763, names of persons who make reports of abuse, witnesses, and the alleged abuse victim are confidential and shall not be available for public inspection. Investigatory documents, including portions of the abuse investigation report that contains "Individually identifiable health information", as that term is defined under ORS 192.519 and 45 CFR 160.103, are confidential under HIPAA privacy rules, 45 CFR Part 160 and 164, and ORS 192.520 and 179.505 to 509.

(b) Notwithstanding subsection (a) of this rule, the Department and OIT will make the confidential information, including any photographs, available, if appropriate, to any law enforcement agency, to any public agency that licenses or certifies facilities or licenses or certifies the persons practicing therein, and to any public agency providing protective services for the adult. The Department and OIT will also make the protective services report and underlying investigatory materials available to any private agency providing protective services for the adult and to the protection and advocacy system designated pursuant to ORS 192.517(1).

(c) Persons or entities receiving confidential information pursuant to this rule must maintain the confidentiality of the information and may not redisclose the confidential information to unauthorized persons or entities, as required by state or federal law.

(d) When the report is completed, a redacted version of the abuse investigation report not containing any confidential information, the disclosure of which would be prohibited by state or federal law, will be available for public inspection.

(2) The OIT report will be disclosed by OIT or the Superintendent to:

(a) The Administrator of the Department; and

(b) Any person designated by the Superintendent for purposes related to the proper administration of the institution or center such as assessing patterns of abuse or to respond to personnel actions and may be disclosed in the Superintendent's discretion;

(c) The individual involved;

(d) The guardian of an adjudicated incapacitated person; and

(e) The person or persons who allegedly abused the individual.

(3) Copies of all reports will be maintained by the Superintendent in a place separate from personnel files of employees. The chart of the individual allegedly abused must contain a reference to the report sufficient to enable authorized persons to retrieve and review the report.

### Consequences of Abuse

(1) All persons will be subject to appropriate action if found responsible for:

(a) Abusing an individual;

(b) Failing to report an alleged incident of abuse; or

(c) Refusing to give information or giving untruthful information during an investigation of alleged abuse.

(2) Any discipline of an employee as a result of the above-described conduct must be in conformance with any applicable standards contained in state law or in a Collective Bargaining Agreement.

(3) Any employee dismissed for violating the abuse policy will not be rehired in any capacity, nor will the person be permitted to visit or otherwise have contact with individuals in any manner.

(4) Any volunteer found violating the abuse policy may be denied visitation or any other contact with individuals.

(5) Any contractor found violating the abuse policy will be at risk of immediate termination of the contract. Any employee of the contractor found in violation of the abuse policy may be excluded from the grounds and may be subject to appropriate disciplinary action by his or her employer.

(6) Any visitor found in violation of the abuse policy may be excluded from the grounds and will be subject to other appropriate actions as determined by the Superintendent.

(7) Any employee, volunteer, contractor, contractor's employee, or visitor may be subject to criminal prosecution depending on the outcome of any allegation referred to law enforcement for investigation.

# ADMINISTRATIVE RULES

(8) Any staff found to have violated the abuse policy will be reported to any appropriate professional licensing or certification boards or associations; and is at risk of sanctions imposed by such a body.

### Notice of Abuse Policy

(1) Each individual must be informed upon admission and his or her guardian, if any, or his or her family will also be informed orally and in writing of the rights, policies, abuse definitions and procedures concerning prohibition of abuse of individuals.

(2) A clear and simple statement of the title and number of this policy and how to seek advice about its content will be prominently displayed in areas frequented by individuals at each state hospital and residential training center.

(3) All staff will be provided a copy of this rule, either at the commencement of their employment, and/or duties, or, for current staff, within 90 days of the effective date of this rule and once a year thereafter. All staff must sign a form acknowledging receipt of this information on the date of receipt.

(4) A summary of this policy will be posted in all state hospitals and residential training centers in areas regularly frequented by visitors and in a manner designed to notify visitors of the policy. Copies of the complete policy will be provided to visitors upon request.

### Quality Assurance Review

(1) Each of the State Hospitals and Residential Training Centers will report on critical indicators, identified by the Department; and on quality improvement activities undertaken to improve any identified issues.

(2) These reports must be provided to the Department monthly.

(3) Representatives from each State Hospital or Training Center and OIT will meet quarterly with the Administrators of the Department, or designee. They will regularly review quality indicators and any other Department generated information regarding the abuse and neglect system in State Hospitals and Training Centers.

(4) The Department must make such information part of any quality improvement activities of the Department.

## 407-120-0100

### Definitions

The following definitions apply to OAR 407-120-0100 through 407-120-0200:

(1) "Access" means the ability or means necessary to read, write, modify, or communicate data or information or otherwise use any information system resource.

(2) "Agent" means a third party or organization that contracts with a provider, allied agency, or prepaid health plan (PHP) to perform designated services in order to facilitate a transaction or conduct other business functions on its behalf. Agents include billing agents, claims clearinghouses, vendors, billing services, service bureaus, and accounts receivable management firms. Agents may also be clinics, group practices, and facilities that submit billings on behalf of providers but the payment is made to a provider, including the following: an employer of a provider, if a provider is required as a condition of employment to turn over his fees to the employer; the facility in which the service is provided, if a provider has a contract under which the facility submits the claim; or a foundation, plan, or similar organization operating an organized health care delivery system, if a provider has a contract under which the organization submits the claim. Agents may also include electronic data transmission submitters.

(3) "Allied Agency" means local and regional allied agencies and includes local mental health authority, community mental health programs, Oregon Youth Authority, Department of Corrections, local health departments, schools, education service districts, developmental disability service programs, area agencies on aging, federally recognized American Indian tribes, and other governmental agencies or regional authorities that have a contract (including an interagency, intergovernmental, or grant agreement, or an agreement with an American Indian tribe pursuant to ORS 190.110) with the Department to provide for the delivery of services to covered individuals and that request to conduct electronic data transactions in relation to the contract.

(4) "Clinic" means a group practice, facility, or organization that is an employer of a provider, if a provider is required as a condition of employment to turn over his fees to the employer; the facility in which the service is provided, if a provider has a contract under which the facility submits the claim; or a foundation, plan, or similar organization operating an organized health care delivery system, if a provider has a contract under which the organization submits the claim; and the group practice, facility, or organization is enrolled with the Department, and payments are made to the group practice, facility, or organization. If the entity solely submits billings on behalf of providers and payments are made to each provider, then the entity is an agent.

(5) "Confidential Information" means information relating to covered individuals which is exchanged by and between the Department, a provider, PHP, clinic, allied agency, or agents for various business purposes, but which is protected from disclosure to unauthorized individuals or entities by applicable state and federal statutes such as ORS 344.600, 410.150, 411.320, 418.130, or the Health Insurance Portability and Accountability Act of 1996, Public Law 104-191 and its implementing regulations. These statutes and regulations are collectively referred to as "Privacy Statutes and Regulations."

(6) "Contract" means a specific written agreement between the Department and a provider, PHP, clinic, or allied agency that provides or manages the provision of services, goods, or supplies to covered individuals and where the Department and a provider, PHP, clinic, or allied agency may exchange data. A contract specifically includes, without limitation, a Department provider enrollment agreement, fully capitated health plan managed care contract, dental care organization managed care contract, mental health organization managed care contract, chemical dependency organization managed care contract, physician care organization managed care con-

## ADMINISTRATIVE RULES

tract, a county financial assistance agreement, or any other applicable written agreement, interagency agreement, intergovernmental agreement, or grant agreement between the Department and a provider, PHP, clinic, or allied agency.

(7) "Covered Entity" means a health plan, health care clearing house, health care provider, or allied agency that transmits any health information in electronic form in connection with a transaction, including direct data entry (DDE), and who must comply with the National Provider Identifier (NPI) requirements of 45 CFR 162.402 through 162.414.

(8) "Covered Individual" means individuals who are eligible for payment of certain services or supplies provided to them or their eligible dependents by or through a provider, PHP, clinic, or allied agency under the terms of a contract applicable to a governmental program for which the Department processes or administers data transmissions.

(9) "Data" means a formalized representation of specific facts or concepts suitable for communication, interpretation, or processing by individuals or by automatic means.

(10) "Data Transmission" means the transfer or exchange of data between the Department and a web portal or electronic data interchange (EDI) submitter by means of an information system which is compatible for that purpose and includes without limitation, web portal, EDI, electronic remittance advice (ERA), or electronic media claims (EMC) transmissions.

(11) "Department" means the Department of Human Services.

(12) "Department Network and Information Systems" means the Department's computer infrastructure that provides personal communications, confidential information, regional, wide area and local networks, and the internetworking of various types of networks on behalf of the Department.

(13) "Direct Data Entry (DDE)" means the process using dumb terminals or computer browser screens where data is directly keyed into a health plan's computer by a provider or its agent, such as through the use of a web portal.

(14) "Electronic Data Interchange (EDI)" means the exchange of business documents from application to application in a federally mandated format or, if no federal standard has been promulgated, using bulk transmission processes and other formats as the Department designates for EDI transactions. For purposes of these rules (OAR 407-120-0100 through 407-120-0200), EDI does not include electronic transmission by web portal.

(15) "Electronic Data Interchange Submitter" means an individual or entity authorized to establish the electronic media connection with the Department to conduct an EDI transaction. An EDI submitter may be a trading partner or an agent of a trading partner.

(16) "Electronic Media" means electronic storage media including memory devices in computers or computer hard drives; any removable or transportable digital memory medium such as magnetic tape or disk, optical disk, or digital memory card; or transmission media used to exchange information already in electronic storage media. Transmission media includes but is not limited to the internet (wide-open), extranet (using internet technology to link a business with information accessible only to collaborating parties), leased lines, dial-up lines, private networks, and the physical movement of removable or transportable electronic storage media. Certain transmissions, including paper via facsimile and voice via telephone, are not considered transmissions by electronic media because the information being exchanged did not exist in electronic form before transmission.

(17) "Electronic Media Claims (EMC)" means an electronic media means of submitting claims or encounters for payment of services or supplies provided by a provider, PHP, clinic, or allied agency to a covered individual.

(18) "Electronic Remittance Advice (ERA)" means an electronic file in X12 format containing information pertaining to the disposition of a specific claim for payment of services or supplies rendered to covered individuals which are filed with the Department on behalf of covered individuals by providers, clinics, or allied agencies. The documents include, without limitation, the provider name and address, individual name, date of service, amount billed, amount paid, whether the claim was approved or denied, and if denied, the specific reason for the denial. For PHPs, the remittance advice file contains information on the adjudication status of encounter claims submitted.

(19) "Electronic Data Transaction (EDT)" means a transaction governed by the Health Insurance Portability and Accountability Act (HIPAA) transaction rule, conducted by either web portal or EDI.

(20) "Envelope" means a control structure in a mutually agreed upon format for the electronic interchange of one or more encoded data transmissions either sent or received by an EDI submitter or the Department.

(21) "HIPAA Transaction Rule" means the standards for electronic transactions at 45 CFR Part 160 and 162 (version in effect on January 1, 2008) adopted by the Department of Health and Human Services (DHHS) to implement the Health Insurance Portability and Accountability Act of 1996, 42 USC 1320d et. seq.

(22) "Incident" means the attempted or successful unauthorized access, use, disclosure, modification, or destruction of an information system or information asset including but not limited to unauthorized disclosure of information, failure to protect user IDs, and theft of computer equipment using or storing Department information assets or confidential information.

(23) "Individual User Profile (IUP)" means Department forms used to authorize a user, identify their job assignment, and the required access to the Department's network and information system. It generates a unique security access code used to access the Department's network and information system.

(24) "Information Asset" means all information, also known as data, provided through the Department, regardless of the source, which requires measures for security and privacy of the information.

(25) "Information System" means an interconnected set of information resources under the same direct management control that shares common functionality. A system normally includes hardware, software, information, data, applications, communications, and trained personnel necessary for successful data transmission.

(26) "Lost or Indecipherable Transmission" means a data transmission which is never received by or cannot be processed to completion by the receiving party in the format or composition received because it is garbled or incomplete, regardless of how or why the message was rendered garbled or incomplete.

(27) "Mailbox" means the term used by the Department to indicate trading partner-specific locations on the Department's secure file transfer protocol (SFTP) server to deposit and retrieve electronic data identified by a unique Department assigned trading partner number.

(28) "Password" means the alpha-numeric codes assigned to an EDI submitter by the Department for the purpose of allowing access to the Department's information system, including the web portal, for the purpose of successfully executing data transmissions or otherwise carrying out the express terms of a trading partner agreement or provider enrollment agreement and these rules.

(29) "Personal Identification Number (PIN)" means the alpha-numeric codes assigned to web portal submitters by the Department for the purpose of allowing access to the Department's information system, including the web portal, for the purpose of successfully executing DDE, data transmissions, or otherwise carrying out the express terms of a trading partner agreement, provider enrollment agreement, and these rules.

(30) "Prepaid Health Plan (PHP or Plan)" means a managed health care, dental care, chemical dependency, physician care organization, or mental health care organization that contracts with the Department on a case managed, prepaid, capitated basis under the Oregon Health Plan (OHP).

(31) "Provider" means an individual, facility, institution, corporate entity, or other organization which supplies or provides for the supply of services, goods or supplies to covered individuals pursuant to a contract, including but not limited to a provider enrollment agreement with the Department. A provider does not include billing providers as used in the Division of Medical Assistance (DMAP) general rules. DMAP billing providers are defined in these rules as agents, except for DMAP billing providers that are clinics.

(32) "Provider Enrollment Agreement" means an agreement between the Department and a provider for payment for the provision of covered services to covered individuals.

(33) "Registered Transaction" means each type of EDI transaction applicable to a trading partner that must be registered with the Department before it can be tested or approved for EDI transmission.

(34) "Security Access Codes" means the alpha-numeric codes assigned by the Department to the web portal submitter or EDI submitter for the purpose of allowing access to the Department's information system, including the web portal, to execute data transmissions or otherwise carry out the express terms of a trading partner agreement, provider enrollment agreement, and these rules. Security access codes may include passwords, PINs, or other codes.

(35) "Source Documents" means documents or electronic files containing underlying data which is or may be required as part of a data transmission with respect to a claim for payment of charges for medical services or supplies provided to a covered individual, or with respect to any other

# ADMINISTRATIVE RULES

transaction. Examples of data contained within a specific source document include but are not limited to an individual's name and identification number, claim number, diagnosis code for the services provided, dates of service, service procedure description, applicable charges for the services provided, and a provider's, PHP's, clinic's, or allied agency's name, identification number, and signature.

(36) "Standard" means a rule, condition, or requirement describing the following information for products, systems, or practices:

- (a) Classification of components;
- (b) Specification of materials, performance, or operations; or
- (c) Delineation of procedures.

(37) "Standards for Electronic Transactions" mean a transaction that complies with the applicable standard adopted by DHHS to implement standards for electronic transactions.

(38) "Submitter" means a provider, PHP, clinic, or allied agency that may or may not have entered into a trading partner agreement depending upon whether the need is to exchange electronic data transactions or access the Department's web portal.

(39) "Transaction" means the exchange of data between the Department and a provider using web portal access or a trading partner using electronic media to carry out financial or administrative activities.

(40) "Trade Data Log" means the complete written summary of data and data transmissions exchanged between the Department and an EDI submitter during the period of time a trading partner agreement is in effect and includes but is not limited to sender and receiver information, date and time of transmission, and the general nature of the transmission.

(41) "Trading Partner" means a provider, PHP, clinic, or allied agency that has entered into a trading partner agreement with the Department in order to satisfy all or part of its obligations under a contract by means of EDI, ERA, or EMC, or any other mutually agreed means of electronic exchange or transfer of data.

(42) "Trading Partner Agreement (TPA)" means a specific written request by a provider, PHP, clinic, or allied agency to conduct EDI transactions that governs the terms and conditions for EDI transactions in the performance of obligations under a contract. A provider, PHP, clinic, or allied agency that has executed a TPA will be referred to as a trading partner in relation to those functions.

(43) "User" means any individual or entity authorized by the Department to access network and information systems or information assets.

(44) "User Identification Security (UIS)" means a control method required by the Department to ensure that only authorized users gain access to specified information assets. One method of control is the use of passwords and PINs with unique user identifications.

(45) "Web Portal" means a site on the World Wide Web that typically provides secure access with personalized capabilities to its visitors and a pathway to other content designed for use with the Department's specific DDE applications.

(45) "Web Portal Submitter" means an individual or entity authorized to establish an electronic media connection with the Department to conduct a DDE transaction. A web portal submitter may be a provider or a provider's agent.

### Scope and Sequence of Electronic Data Transmission Rules

(1) The Department communicates with and receives communications from its providers, PHPs, and allied agencies using a variety of methods appropriate to the services being provided, the nature of the entity providing the services, and constantly changing technology. These rules describe some of the basic ways that the Department will exchange data electronically. Additional details may be provided in the Department's access control rules, provider-specific rules, or the applicable contract documents.

(2) Access to eligibility information about covered individuals may occur using one or more of the following methods:

- (a) Automated voice response, via a telephone;
- (b) Web portal access;
- (c) EDI submitter access; or
- (d) Point of sale (POS) for pharmacy providers.

(3) Claims for which the Department is responsible for payment or encounter submissions made to the Department may occur using one or more of the following methods:

(a) Paper, using the form specified in the provider specific rules and supplemental billing guidance. Providers may submit paper claims, except that pharmacy providers are required to use the POS process for claims submission and PHPs are required to use the 837 electronic formats;

(b) Web portal access;

(c) EDI submitter access; or

(d) POS for pharmacy providers.

(4) Department informational updates, provider record updates, depository for PHP reports, or EDT as specified by the Department for contract compliance.

(5) Other Department network and information system access is governed by specific program requirements, which may include but is not limited to IUP access. Affected providers, PHPs, and allied agencies will be separately instructed about the access and requirements. Incidents are subject to these rules.

(6) Providers and allied agencies that continue to use only paper formats for claims transactions are only subject to the confidentiality and security rule, OAR 407-120-0170.

### Provider Enrollment Agreement

(1) When a provider applies to enroll, the application form will include information about how to participate in the web portal for use of DDE and automated voice response (AVR) inquiries. The enrollment agreement will include a section describing the process that will permit the provider, once enrolled, to participate in DDE over the Internet using the secure Department web portal. This does not include providers enrolled through the use of the DMAP 3108 Managed Care Plan and FFS Non Paid Provider Application.

(2) When the provider number is issued by the Department, the provider will also receive two PINs: one that may be used to access the web portal and one that may be used for AVR.

(a) If the PINs are not activated within 60 days of issuance, the Department will initiate a process to inactivate the PIN. If the provider wants to use PIN-based access to the web portal or AVR after deactivation, the provider must submit an update form to obtain another PIN.

(b) Activating the PIN will require Internet access and the provider must supply security data that will be associated with the use of the PIN.

(c) Providers using the PIN are responsible for protecting the confidentiality and security of the PIN pursuant to OAR 407-120-0170.

### Testing — EDI Transactions

(1) When a trading partner or authorized EDI submitter registers an EDI transaction with the Department, the Department may require testing before authorizing the transaction. Testing may include third party and business-to-business testing. An EDI submitter must be able to demonstrate its capacity to send and receive each transaction type for which it has registered. The Department will reject any EDI transaction if an EDI submitter either refuses or fails to comply with the Department testing requirements.

(2) The Department may require EDI submitters to complete compliance testing at an EDI submitter's expense for each transaction type if either the Department or an EDI submitter has experienced a change to hardware or software applications by entering into business-to-business testing.

(3) When third party or business-to-business testing is completed to the Department's satisfaction, the Department will notify an EDI submitter that it will register and accept the transactions in the production environment. This notification authorizes an EDI submitter to submit the registered EDI transactions to the Department for processing and response, as applicable. If there are any changes in the trading partner or EDI submitter authorization, profile data or EDI registration information on file with the Department, updated information must be submitted to the Department as required in OAR 407-120-0190.

(4) Testing will be conducted using secure electronic media communications methods.

(5) An EDI submitter may be required to re-test with the Department if the Department format changes or if the EDI submitter format changes.

### Department System Administration

(1) No individual or entity shall be registered to conduct a web portal or an EDI transaction with the Department except as authorized under these rules. Eligibility and continued participation as a provider, PHP, allied agency, or web portal submitter in the conduct of DDE transactions, or as a trading partner or EDI submitter in the conduct of registered transactions, is conditioned on the execution and delivery of the documents required in these rules, the continued accuracy of that information consistent with OAR 407-120-0190, and compliance with a requirements of these rules. Data, including confidential information, governed by these rules may be used for purposes related to treatment, payment, and health care operations and for the administration of programs or services by the Department.

(2) In addition to the requirements of section (1) of this rule, in order to qualify as a trading partner:

(a) An individual or entity must be a Department provider, PHP, clinic, or allied agency pursuant to a current valid contract; and

(b) A provider, PHP, clinic, or allied agency must have submitted an executed TPA and all related documentation, including the application for authorization, that identifies and authorizes an EDI submitter.

(3) In addition to the requirements of section (1) of this rule, in order to qualify as an EDI submitter:

(a) A trading partner must have identified the individual or entity as an authorized EDI submitter in the application for authorization;

(b) If a trading partner identifies itself as an EDI submitter, the application for authorization must include the information required in the "Trading Partner Authorization of EDI Submitter" and the "EDI Submitter Information"; and

(c) If a trading partner uses an agent as an EDI submitter, the application for authorization must include the information described in section (3)(b) and the signed EDI submitter certification.

(4) The EDI registration process described in these rules provides the Department with essential profile information that the Department may use to confirm that a trading partner or EDI submitter is not otherwise excluded or disqualified from submitting EDI transactions to the Department.

(5) Nothing in these rules or a TPA prevents the Department from requesting additional information from a trading partner or an EDI submitter to determine their qualifications or eligibility for registration as a trading partner or EDI submitter.

(6) The Department shall deny a request for registration as a trading partner or for authorization of an EDI submitter or an EDI registration if it finds any of the following:

(a) A trading partner or EDI submitter has substantially failed to comply with the applicable administrative rules or laws;

(b) A trading partner or EDI submitter has been convicted of (or entered a plea of nolo contendere) a felony or misdemeanor related to a crime or violation of federal or state public assistance laws or privacy statutes or regulations;

(c) A trading partner or EDI submitter is excluded from participation in the Medicare program, as determined by the DHHS secretary; or

(d) A trading partner or EDI submitter fails to meet the qualifications as a trading partner or EDI submitter.

(7) Failure to comply with these rules, trading partner agreement, or EDI submitter certification or failure to provide accurate information on an application or certification may also result in sanctions and payment recovery pursuant to applicable Department program contracts or rules.

(8) For providers using the DDE submission system by the Department web portal, failure to comply with the terms of these rules, a web portal registration form, or failure to provide accurate information on the registration form may result in sanctions or payment recovery pursuant to the applicable Department program contracts or rules.

## Department of Human Services, Children, Adults and Families Division: Child Welfare Programs Chapter 413

**Rule Caption:** Changing OARs affecting Child Welfare programs.

**Adm. Order No.:** CWP 7-2011

**Filed with Sec. of State:** 6-28-2011

**Certified to be Effective:** 6-28-11

**Notice Publication Date:** 5-1-2011

**Rules Amended:** 413-070-0651, 413-070-0655, 413-070-0660, 413-070-0665, 413-070-0670

**Subject:** OAR 413-070-0651 regarding the purpose of the rules about guardianship as a permanency plan, OAR 413-070-0655 regarding definitions of certain terms used in these rules, OAR 413-070-0660 regarding consideration of guardianship as a permanency plan, OAR 413-070-0665 regarding consideration of a substitute caregiver as a potential guardian, and OAR 413-070-0670 regarding approval and implementation of a guardianship permanency plan are being adopted because the Department does not have a policy that adequately and fully describes the responsibilities of the Department to determine the appropriate use of guardianship as a permanency plan unless the child is eligible for guardianship assistance. The new rules describe the responsibilities of the Department in determining the appropriateness of guardianship as a permanency plan for a child regardless of the child's eligibility for guardianship assistance. The goal of a permanency plan is to develop safe and permanent family resources with the parents, relatives, or other people who will assume legal responsibility for the child during the remaining years of dependency and be accessible and supportive to the child in adulthood. Most of these rule changes make permanent rules adopted as temporary rules on December 29, 2010.

### 413-070-0651

#### Purpose

The purpose of these rules (OAR 413-070-0651 to 413-070-0670) is to describe the responsibilities of the Department to determine the appropriate use of guardianship, as established by the court under ORS 419B, as a permanency plan for a child in the care or custody of the Department.

### 413-070-0655

#### Definitions

The following definitions apply to OAR 413-070-0651 to 413-070-0670:

(1) "Child" means a person under 18 years of age.

(2) "Concurrent permanent plan" means the alternate permanency plan whenever the child has been placed in substitute care when the goal of the permanency plan is to return the child to the parents. The concurrent permanent plan is developed simultaneously with the plan to return the child to the parents or legal guardians.

(3) "Department" means the Department of Human Services, Child Welfare.

(4) "Foster care agency" means a private child-caring agency that offers to place children by taking physical custody of and then placing the children in a home certified by the agency.

(5) "Guardian" means an individual who has been granted guardianship of a child through a judgment of the court.

(6) "Guardianship assistance" means assistance provided by the Department to a guardian on behalf of an eligible child to offset the costs associated with meeting the ongoing needs of the child. Guardianship assistance may include payments, medical coverage, or reimbursement of non-recurring expenses.

(7) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment

## ADMINISTRATIVE RULES

to the child by assuming or attempting to assume responsibilities normally associated with parenthood unless a court finds that the putative father is not the legal father.

(8) "Participating tribe" means a federally recognized Indian tribe in Oregon with a Title IV E agreement with the Department.

(9) "Permanency committee" means a group of individuals who are responsible for making a recommendation regarding a permanency plan or a potential permanency resource when the child or young adult likely is not returning to his or her parent.

(10) "Permanency plan" means a written course of action for achieving safe and lasting family resources for the child. Although the plan may change as more information becomes available, the goal is to develop safe and permanent family resources with the parents, relatives, or other people who will assume legal responsibility for the child during the remaining years of dependency and be accessible and supportive to the child in adulthood.

(11) "Potential guardian" means an individual who:

(a) Has been approved by the Department or participating tribe to be a child's guardian; and

(b) Is in the process of legalizing the relationship to the child through a judgment of the court.

(12) "Relative" means:

(a) An individual with one of the following relationships to the child or young adult through the parent of the child or young adult:

(A) Any blood relative of preceding generations denoted by the prefixes of grand, great, or great-great.

(B) Any half-blood relative of preceding generations denoted by the prefixes of grand, great, or great-great (individuals with one common biological parent are half-blood relatives).

(C) A sibling, also to include an individual with a sibling relationship to the child or young adult through a putative father.

(D) An aunt, uncle, nephew, niece, first cousin, and first cousin once removed.

(E) A spouse of anyone listed in paragraphs (A) to (D) of this subsection, even if a petition for annulment, dissolution, or separation has been filed or the marriage is terminated by divorce or death. To be considered a relative under this paragraph, the child or young adult must have had a relationship with the spouse prior to the child or young adult entering substitute care.

(F) For the purposes of an international adoption, relative means an individual described in paragraphs (A) to (D) of this subsection.

(b) An individual with one of the following relationships to the child or young adult:

(A) An individual defined as a relative by the law or custom of the tribe of the child or young adult if the child or young adult is an Indian child under the Indian Child Welfare Act or in the legal custody of a tribe.

(B) An individual defined as a relative of a refugee child or young adult under Child Welfare Policy I-E.2.2, "Placement of Refugee Children", OAR 413-070-0300 to 413-070-0380.

(C) A stepparent described in OAR 413-100-0020(27)(c) or former stepparent if the child or young adult had a relationship with the former stepparent prior to the child or young adult entering substitute care; a stepbrother; or a stepsister.

(D) The registered domestic partner of the parent of the child or young adult or a former registered domestic partner of the parent of the child or young adult if the child or young adult had a relationship with the former domestic partner prior to entering substitute care.

(E) The adoptive parent of a sibling of the child or young adult.

(F) The unrelated legal or biological father or mother of a half-sibling of the child or young adult when the half-sibling of the child or young adult is living with the unrelated legal or biological father or mother.

(c) An individual identified by the child or young adult or the family of the child or young adult; or an individual who self-identifies, related to the child or young adult through the parent of the child or young adult by blood, adoption, or marriage to a degree other than an individual specified as a relative in paragraphs (A) to (D) of subsection (a) of this section.

(d) An individual, although not related by blood, adoption, or marriage identified as:

(A) A member of the family by the child or young adult or the family of the child or young adult; and

(B) An individual who had an emotionally significant relationship with the child or young adult or the family of the child or young adult prior to time the Department placed the child in substitute care.

(e) For eligibility for the Guardianship Assistance program:

(A) A stepparent is considered a parent and is not a relative for the purpose of eligibility for guardianship assistance unless a petition for annulment, dissolution, or separation has been filed, or the marriage to the child's adoptive or biological parent has been terminated by divorce or death.

(B) A foster parent may only be considered a relative for the purpose of eligibility for guardianship assistance and only when the requirements of all of the following subparagraphs are met:

(i) There is a compelling reason why adoption is not an achievable permanency plan;

(ii) The foster parent is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of guardianship;

(iii) The foster parent has cared for the child for at least the past 12 consecutive months; and

(iv) The Department has approved the foster parent for consideration as a guardian.

(13) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the legal or biological parents of the children or young adults; or

(c) Through a legal or biological parent who is the registered domestic partner of the legal or biological parent of the children or young adults.

(14) "Substitute caregiver" means a relative caregiver, foster parent, or provider authorized to provide care to a child or young adult in the legal or physical custody of the Department.

(15) "Young adult" means a person aged 18 through 20 years.

#### Consideration of Guardianship as a Permanency Plan

(1) The Department may consider guardianship as a permanency plan for a child in the care or legal custody of the Department based on the individual safety, permanency, and well-being needs of the child, when the Department has determined:

(a) The child is unable to safely return to the home of a parent; and

(b) Adoption is not an appropriate plan based on the best interest of the child.

(2) When considering guardianship as the permanency plan, the caseworker must:

(a) Consult with the child 14 years of age or older;

(b) Seek input from the child as developmentally appropriate, regardless of the age of the child;

(c) Assess the parents' acceptance of guardianship as a permanency plan, their desire for continued contact with the child, and how this will impact the plan; and

(d) Document in the Department's information system how the requirements of subsections (a), (b), and (c) of this section were met.

#### Consideration of a Substitute Caregiver as a Potential Guardian

(1) Prior to considering a substitute caregiver as a potential guardian, the caseworker and the caseworker's supervisor must comply with the requirements of both of the following subsections:

(a) Review the Department's diligent efforts to identify, contact, and place a child with relatives and to place siblings together as required under Child Welfare Policy I-E.1.1, "Search for and Engagement of a Child's Relatives", OAR 413-070-0060 to 413-070-0087; and

(b) Confirm there are no current Department actions to:

(A) Identify a child's relative as defined in OAR 413-070-0655(12)(a)-(d);

(B) Assess an identified relative as defined in OAR 413-070-0655(12)(a)-(d) who has either expressed an interest in and needs to be or currently is being assessed as a permanency resource.

(2) In order to be considered as a potential guardian, the substitute caregiver must:

(a) Have a current Certificate of approval from one of the following entities:

# ADMINISTRATIVE RULES

(A) The Department under Child Welfare Policy II-B.1, "Certification Standards for Foster Parents, Relative Caregivers, and Pre-Adoptive Parents", OAR 413-200-0301 to 413-200-0396.

(B) Seniors and People with Disabilities Division, OAR 411-346-0100 to 411-346-0230, "Foster Homes for Children with Developmental Disabilities".

(C) A foster care agency under Child Welfare Policy II-C.1.2, "Licensing Foster Care Agencies", OAR 413-215-0301 to 413-215-0396.

(D) A participating tribe when the potential guardian is currently certified as a foster home by the participating tribe as meeting the tribe's certification and licensing standards.

(E) Another state when the potential guardian is currently certified or otherwise approved by the state in which the potential guardian resides and approved as a placement for the child under the Interstate Compact on Placement of Children (ICPC).

(b) Agree with the Department that the child and any sibling under consideration, and the substitute caregiver can maintain a stable relationship and function effectively without Department supervision.

(c) Have an updated home study describing how the substitute caregiver's skills and abilities meet the best interests and needs for safety and permanency for the child and any sibling under consideration.

(d) Have adequate means of financial support and connections to community resources.

(e) Have a strong commitment to caring permanently for the child and any sibling under consideration for whom the substitute caregiver has provided care.

(3) The caseworker must complete all of the following requirements and present the results to a permanency committee, when scheduled:

(a) Assess the ability of the substitute caregiver to provide safety, permanency, and well-being for the child and any sibling under consideration.

(b) Assess with the certifier of the substitute caregiver the extent to which the ongoing needs for safety, permanency, and well-being of the child and any sibling under consideration are being met pursuant to Child Welfare Policy I-E.3.1, "Placement Matching", OAR 413-070-0640.

(c) Assess the commitment of the substitute caregiver to raise the child and any sibling under consideration.

(d) Provide the substitute caregiver with information regarding the duties and responsibilities of a guardian.

(e) Agree that the child, any sibling under consideration, and the substitute caregiver can maintain a stable relationship and function effectively without Department supervision.

(f) Consult with the substitute caregiver regarding guardianship assistance under Child Welfare Policy I-E.3.6.2, "Guardianship Assistance", OAR 413-070-0900 to 413-070-0974.

(A) When guardianship assistance will be requested, inform the substitute caregiver of the eligibility, application, and ongoing requirements of guardianship assistance as described in Child Welfare Policy I-E.3.6.2, "Guardianship Assistance", OAR 413-070-0900 to 413-070-0974.

(B) When guardianship assistance will not be requested or may not be approved due to eligibility restrictions, ensure that the substitute caregiver has sufficient financial support and connections to community resources to meet the needs of the child and any sibling under consideration without this assistance.

### Approval and Implementation of a Guardianship Permanency Plan

(1) When the Department is considering a change in a child's permanency plan, the Department makes the determination pursuant to Child Welfare Policy I-E.3.6, "Legal Permanency, Concurrent Planning, and Use of Permanency Committee", OAR 413-070-0500 to 413-070-0519, and the child's caseworker schedules a permanency committee.

(2) The permanency committee must review all of the information presented to the committee and make recommendations to the Child Welfare Program Manager or designee regarding:

(a) Whether guardianship is an appropriate permanency plan for the child; and

(b) Whether the substitute caregiver can meet the child's needs as described in subsection (3)(c) of this rule and should be considered as a potential guardian.

(3) The Child Welfare Program Manager or designee must decide whether guardianship is the appropriate permanency plan for the child based upon:

(a) How a permanency plan of guardianship meets the child's needs, and the requirements of OAR 413-070-0660(1) and (2) and 413-070-0665(2) and (3);

(b) Whether the Department has provided the child and the child's parents an opportunity to identify available permanency;

(c) Whether the substitute caregiver being considered as the potential guardian is able to meet the child's needs pursuant to Child Welfare Policy I-E.3.1, "Placement Matching", OAR 413-070-0640.

(4) Following the Child Welfare Program Manager or designee decision to approve guardianship as a permanency plan, the caseworker must:

(a) Request a permanency hearing before the court within 30 days of the decision.

(b) Prior to the court hearing, provide the court with supporting written documentation regarding the Department's position that:

(A) Guardianship is in the child's best interest; and

(B) Neither placement with parents nor adoption is an appropriate plan.

(5) At the court hearing, the caseworker must:

(a) Recommend that the court approve changing the child's permanency plan to guardianship;

(b) Inform the court whether or not the potential guardian is applying for guardianship assistance; and

(c) When guardianship assistance is being requested, inform the court that after the Department has negotiated the amount or type of guardianship assistance with the potential guardian, a subsequent court hearing will be requested to allow the order of guardianship to be entered.

### Purpose, Right to Request Hearing, Applicable Rules, and Computation of Time

(1) The purpose of these rules (OAR 413-010-0500 to 413-010-0535) is to:

(a) State the rights of individuals and entities to request a contested case hearing when the Department takes certain actions; and

(b) Set forth rules governing some aspects of the contested case hearings process.

(2) The individuals and entities described below have the right to request a contested case hearing under ORS Chapter 183. In order to exercise the right to a hearing, the individual or entity must submit and the Department must receive a hearing request which complies with OAR 413-010-0505 within the timeframes described in that rule.

(a) A child or young adult placed in substitute care by the Department may request a hearing in the manner set forth in OAR 413-010-0505 when the Department issues a notice and decision that includes a statement of hearing rights that:

(A) Reduces or terminates the base rate payment;

(B) Determines, denies, reduces or terminates a level of care payment;

(C) Determines, denies, reduces or terminates a level of personal care payment;

(D) Denies eligibility under Title IV-E of the Social Security Act when such denial impacts a benefit;

(E) Denies, reduces or terminates the base rate payment made on behalf of the child's or young adult's minor child when the minor child:

(i) Lives with the child or young adult in substitute care; and

(ii) Is not in the legal custody of the Department; or

(F) Denies eligibility for medical assistance under Child Welfare Policy I-E.6.2, "Title XIX and General Assistance Medical Eligibility," (OAR 413-100-0400 through 413-100-0610) when such denial impacts assistance.

(b) A pre-adoptive family or an adoptive family applying for or receiving adoption assistance under Child Welfare Policy I-G.3.1, "Adoption Assistance," (OAR 413-130-0000 to 413-130-0130) may request a hearing in the manner set forth in OAR 413-010-0505 when the Department issues a notice and decision that includes a statement of hearing rights and:

(A) Denies Title IV-E adoption assistance benefits;

(B) Denies adoption assistance from state funds;

(C) Reduces adoption assistance payments or terminates adoption assistance without the concurrence of the adoptive family;

(D) Reduces adoption assistance payments or terminates adoption assistance for a reason other than a child turning age 18 or a young adult turning age 21 when an extension has been granted; or

(E) Offers the family a specific amount or type of adoption assistance when the Department and the adoptive family or pre-adoptive family are unable to reach agreement through a negotiation or renegotiation under OAR 413-130-0070 or 413-130-0075.

(c) A potential guardian or a guardian applying for or receiving guardianship assistance payments under Child Welfare Policy I-E.3.6.2, "Guardianship Assistance," (OAR 413-070-0900 to 413-070-0982) in the manner set forth in OAR 413-010-0505 when the Department issues a notice and decision that includes a statement of hearing rights and:

(A) Denies Title IV-E guardianship assistance benefits;

(B) Terminates, reduces, or otherwise changes guardianship assistance payments without the concurrence of the guardian;

(C) Terminates guardianship assistance for a reason other than a child turning age 18 or a young adult turning age 21 when an extension has been granted; or

(D) Offers the family a specific amount or type of guardianship assistance when the Department and the guardian or potential guardian are unable to reach agreement through a negotiation or renegotiation under OAR 413-070-0917, 413-070-0939, or 413-070-0969.

(d) An applicant for a Certificate of Approval or a certified family may request a hearing in the manner set forth in OAR 413-010-0505 when the Department denies the application or revokes a certificate under Child Welfare Policy II-B.1, "Certification Standards for Foster Parents, Relative Caregivers, and Pre-Adoptive Parents," (OAR 413-200-0301 to 413-200-0396);

(e) An applicant for a license to operate a private child-caring agency or a licensee may request a hearing in the manner set forth in OAR 413-010-0505 when the Department denies, suspends, or revokes a license or imposes a civil penalty under Child Welfare Policy II-C.1, "Licensing Umbrella Rules," (OAR 413-215-0000 to 413-215-0131);

(f) An organization or school that operates a residential care program for children and is not also a private child-caring agency may request a hearing in the manner set forth in OAR 413-010-0505 when the Department orders the organization or school to alter the conditions under which a child lives or receives schooling or denies, suspends or revokes a license under Child Welfare Policy II-C.1, "Licensing Umbrella Rules," (OAR 413-215-0000 to 413-215-0131);

(g) An applicant to adopt or an applicant for a Certificate of Approval may request a hearing in the manner set forth in OAR 413-010-0505 when the Department determines that the applicant is unfit based on the criminal offender information or a false statement regarding criminal offender information of the applicant or of another individual in the household of the applicant under Child Welfare Policy I-G.1.4, "Oregon Computerized Criminal History Checks and Nationwide Criminal History Checks through the FBI for Relative Caregivers, Foster Parents, Other Persons in the Household and Adoptive Parents for Children in the Care or Custody of DHS," (OAR 413-120-0400 to 413-120-0470).

(3) A person may request a hearing in the manner set forth in OAR 413-010-0505 when that person has the right to a contested case hearing under a statute concerning Child Welfare Programs or a rule in Chapter 413.

(4) These rules (OAR 413-010-0500 to 413-010-0535), apply to contested cases arising from the properly made hearings requests described in sections (2) and (3) of this rule. The following other rules do or do not apply as noted:

(a) OAR 137-003-0501 to 137-003-0700 apply to these contested cases, except to the extent that rules in Chapter 413 are permitted to and provide otherwise.

(b) Rules in Chapter 461 do not apply to these contested cases unless a rule in Chapter 413 expressly refers to them.

## 413-010-0501

### Definitions

The following definitions apply to these rules (OAR 413-010-0500 to 413-010-0535):

(1) "Adoption assistance" means assistance provided by the Department on behalf of an eligible adoptive child or young adult, to offset the costs associated with adopting and meeting the ongoing needs of the child or young adult. Adoption assistance may be in the form of payments, medical coverage, nonrecurring adoption expenses, or a special payment.

(2) "Adoptive family" means an individual or individuals who have legalized a parental relationship to the child through a judgment of the court.

(3) "Base rate payment" means a payment to the foster parent or relative caregiver at a rate established by the Department for the costs of providing the child or young adult with the following:

(a) Food — including the cost to cover a child's or young adult's special or unique nutritional needs;

(b) Clothing — including purchase and replacement;

(c) Housing — including maintenance of household utilities, furnishings, and equipment;

(d) Daily supervision — including teaching and directing to ensure safety and well-being at a level which is appropriate based on the child's or young adult's chronological age;

(e) Personal incidentals — including personal care items, entertainment, reading materials, and miscellaneous items; and

(f) The cost of providing transportation — including local travel associated with expenditure for gas and oil, and vehicle maintenance and repair associated with transportation to and from extracurricular, child care, recreational, and cultural activities.

(4) "Certificate of Approval" means a document that the Department issues to approve the operation of a child-specific relative caregiver home, child-specific foster home, pre-adoptive home, or a regular foster home.

(5) "Certified family" means an individual or individuals who hold a current Certificate of Approval from the Department to operate a home to provide care, in the home in which they reside, to a child or young adult in the care or custody of the Department.

(6) "Child" means a person under 18 years of age.

# ADMINISTRATIVE RULES

(7) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(8) "Guardian" means an individual who has been granted guardianship of a child through a judgment of the court.

(9) "Guardianship assistance" means assistance provided by the Department to a guardian on behalf of an eligible child or young adult to offset the costs associated with establishing the guardianship and meeting the ongoing needs of the child or young adult. Guardianship assistance may be in the form of payments, medical coverage or reimbursement of non-recurring guardianship expenses.

(10) "Level of care payment" means the payment provided to an approved or certified family, a guardian, a pre-adoptive family or an adoptive family based on the child's or young adult's need for enhanced supervision as determined by applying the CANS algorithm to the results of the CANS screening.

(11) "Level of personal care payment" means the payment to a qualified provider for performing the personal care services for an eligible child or young adult based on the child's or young adult's need for personal care services as determined by applying the personal care services algorithm to the results of the personal care services rating scale.

(12) "Licensee" means a private child-caring agency or an organization or school that offers a residential program for children (regulated pursuant to ORS 418.327) and holds a license issued by the Department.

(13) "Participating tribe" means a federally recognized Indian tribe in Oregon with a Title IV E agreement with the Department.

(14) "Party" means a person entitled to a contested case hearing under these rules.

(15) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be a child's adoptive family; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(16) "Potential guardian" means an individual who:

(a) Has been approved by the Department or participating tribe to be a child's guardian; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(17) "Private child-caring agency" is defined by the definitions in ORS 418.205, and means a "child-caring agency" that is not owned, operated, or administered by any governmental agency or unit.

(a) A "child-caring agency" means an agency or organization providing:

(A) Day treatment for disturbed children;

(B) Adoption placement services;

(C) Residential care, including but not limited to foster care or residential treatment for children;

(D) Outdoor youth programs (defined at OAR 413-215-0911); or

(E) Other similar services for children.

(b) A child-caring agency does not include residential facilities or foster care homes certified or licensed by the Department under ORS 443.400 to 443.455, 443.830, and 443.835 for children receiving developmental disability services.

(18) "Relative caregiver" means a person who operates a home that has been approved by the Department to provide care for a related child or young adult who is placed in the home by the Department.

(19) "Young adult" means a person aged 18 through 20 years.

### Representation

(1) When a child or young adult has the right to a hearing because the Department takes an action under OAR 413-010-0500(2)(a), the foster parent or relative caregiver may:

(a) Request a hearing on behalf of the child or young adult; and

(b) Participate in the hearing as a representative on behalf of the child or young adult.

(2) When the Department takes an action to deny, reduce, or terminate a benefit or service that is provided under Title IV-E or Title XIX of the Social Security Act, a party may be represented by an attorney, a relative, a friend, or other spokesperson as authorized by federal law.

(3) In all other cases, a party may represent themselves or be represented by an attorney.

(4) The Department, with the consent of the Attorney General, has authorized its employees to represent the Department in cases involving the actions described in OAR 413-010-0500(2)(a).

(5) A Department employee acting as the Department's representative may not make legal argument on behalf of the Department.

(a) "Legal argument" includes argument on:

(A) The jurisdiction of the Department to hear the contested case;

(B) The constitutionality of a statute or administrative rule or the application of a constitutional requirement to the Department; and

(C) The application of court precedent to the facts of the particular contested case proceeding.

(b) "Legal argument" does not include presentation of a motion, evidence, examination and cross-examination of a witness, or presentation of a factual argument or arguments on:

(A) The application of a statute or administrative rule to the facts in the contested case;

(B) Comparison of a prior Department action when handling a similar situation;

(C) The literal meaning of a statute or administrative rule directly applicable to an issue in the contested case;

(D) The admissibility of evidence; and

(E) The correctness of a procedure being followed in the contested case hearing.

(6) The Department may be represented in any contested case proceeding by the Department of Justice.

(7) Contested cases under these rules are not open to the public and are closed to nonparticipants, except nonparticipants may attend subject to the consent of each party and the Department.

## 413-010-0505

### Hearing Requests

(1) To request a hearing under OAR 413-010-0500(2)(a):

(a) The party or the party's representative must complete and sign a hearing request form approved by the Department; and

(b) The form must be received by the Department not later than 30 days following the mailing date or date of personal delivery of the notice.

(2) Requests for a hearing under OAR 413-010-0500(2)(b)-(g) must be in writing and must be received by the Department by the date specified in the Department's notice.

(3) In the event a request for a hearing is not timely, OAR 137-003-0528 applies, except to the extent provided otherwise in section (5) of this rule.

(4) If a contested case notice was sent by regular mail, and the party or party's representative indicates that neither the party nor the party's representative received or had actual knowledge of the contested case notice, the Department must advise the party or party's representative of the right to request a hearing under section (5) of this rule.

(5) When the Department receives a hearing request that is not filed within the timeframe required by section (1) or section (2) of this rule but is filed no later than 60 days after a notice becomes a final order under OAR 413-010-0510(3):

(a) If the Department finds that the party and party's representative did not receive the written notice and did not have actual knowledge of the notice, the Department refers the request for a hearing to the Office of Administrative Hearings (OAH) for a contested case hearing on the merits of the Department's action described in the notice.

(b) The Department may refer the request for a hearing to the OAH for a contested case proceeding to determine whether the party or party's representative received the written notice or had actual knowledge of the notice. At the hearing, the Department must show that the party or party's representative had actual knowledge of the notice or that the Department mailed the notice to the correct address of the party or party's representative.

(6) Upon receipt of a hearing request that is not described in OAR 413-010-0500(2), the Department may enter an order that the hearing request is not eligible for referral to OAH. Alternately, the Department may refer a hearing request to OAH for a decision on the question of whether there is a right to a contested case hearing.

# ADMINISTRATIVE RULES

## 413-010-0510

### Notice

(1) When the Department takes any of the actions described in OAR 413-010-0500(2), the Department issues a written notice as described in OAR 137-003-0505 to the person that has the right to a contested case hearing.

(2) In addition to the information required by OAR 137-003-0505, when the Department takes any of the actions described in OAR 413-010-0500(2)(a)-(c), the written notice also must:

(a) Specify the date the notice is mailed or personally delivered;

(b) Specify the action the Department intends to take and the effective date of the action. If benefits are reduced or closed to reflect cost-of-living adjustments in benefits or other mass change under a program operated by a federal agency or to reflect a mass change to payments in another program operated by the Department, it is sufficient to meet this requirement that the notice state all of the following:

(A) The general nature of the change.

(B) Examples of how the change affects the benefits of the group of affected clients.

(C) The month in which the change will take place.

(c) Specify the circumstances under which payments or benefits are continued if a hearing is requested and whether continued payments or benefits may be subject to recovery by the Department if the Department's action is upheld; and

(d) If the Department intends to terminate benefits or payments because the individual is ineligible for the benefits or payments or the program is terminated, state that the individual may reapply for assistance if circumstances affecting the eligibility of the individual change.

(3) Department notices indicate that the Department designates the record of the proceeding, including information in the Department's file or files and materials added by a party, as the record upon default. The Department's notice becomes a final order:

(a) The day after the date prescribed in the notice as the deadline for requesting the hearing if the party fails to request a hearing; or

(b) The day the Department or OAH mails an order dismissing the hearing request because the party withdraws the request or fails to appear on the date and at the time set for the hearing.

(4) When the Department terminates or reduces benefits or services under subsections (2)(a) through (2)(c) of OAR 413-010-0500, the Department must send the notice:

(a) At least 10 calendar days before the effective date of the action, except as provided in subsection (b) of this section.

(b) When the Department changes a benefit standard that results in the reduction, suspension or closure of a grant of public assistance:

(A) At least 30 days before the effective date of the action; or

(B) At least 10 working days before the effective date of the action when the Department has fewer than 60 days before the effective date to implement the proposed change.

(c) For purposes of this rule, the term "changes a benefit standard" means a change to the applicable inflation-adjusted contribution, income, or payment standard. It does not include the annual adjustment to a standard based on a federal or state inflation rate.

## 413-010-0515

### Continuation of Benefits

(1) Except as otherwise provided in this rule, a recipient of benefits is entitled to receive continuing benefits when the Department takes any action to suspend, reduce, or terminate benefits or services as described in subsections (2)(a)(A)-(F), (2)(b) or (2)(c) of OAR 413-010-0500, and the Department has:

(a) Provided at least 10 days notice of such action as required by OAR 413-010-0510;

(b) Received a request for a hearing from the recipient not later than 30 days following the mailing date or date of personal delivery of the notice, whichever is earlier; and

(c) Received such request prior to the effective date of the action.

(2) Any continuing benefits authorized by this rule are subject to recovery by the Department to the extent that the Department's action is sustained or otherwise upheld.

(3) Continuing benefits may not be provided:

(a) When the recipient specifically requests that he or she not receive continued assistance pending a hearing decision;

(b) After a final order is issued by the Department;

(c) After a change affecting the recipient's grant, as described in subsections (2)(a)(A), (B), (D), and (E), (2)(b) or (2)(c) of OAR 413-010-0500, occurs while the hearing decision is pending and the recipient fails to request a hearing after notice of the change; or

(d) After a determination is made at a hearing that the sole issue is one of state or federal law or policy or change in state or federal law and not one of incorrect grant computation.

(4) Except as otherwise provided in this rule, if the Department provides less than 10 days notice of an action to suspend, reduce, or terminate benefits or services as described in subsections (2)(a)(A), (B), (D), and (E), (2)(b) or (2)(c) of OAR 413-010-0500, a recipient of benefits is entitled to receive continuing benefits if the Department:

(a) Receives a request for a hearing from the recipient within 10 days of the mailing of the notice of the action; and

(b) Determines that the action resulted from other than the application of federal or state law or policy or a change in state or federal law.

(5) Except as otherwise provided in this rule, if the Department provides less than 10 days notice of an action to suspend, reduce, or terminate benefits or services as described in subsection (2)(a)(C) or (F) of OAR 413-010-0500, or 5 days notice in cases of probable fraud as described in 42 CFR 431.214, a recipient of benefits is entitled to receive continuing benefits if the Department:

(a) Receives a request for a hearing from the recipient within 10 days of the mailing of the notice of the action; and

(b) Determines that the action resulted from other than the application of federal or state law or policy.

### Informal Conference

(1) The Department representative and the party or party's representative may have an informal conference to discuss any of the matters listed in OAR 137-003-0575(4). The informal conference also may be used to:

(a) Provide an opportunity for the Department and the party to settle the matter;

(b) Ensure the party understands the reason for the action that is the subject of the hearing request;

(c) Give the party an opportunity to review the documents that are the basis for that action;

(d) Give the party an opportunity to review the rules that support the Department's action;

(e) Give the party and the Department the chance to correct any misunderstanding of the facts; and

(f) Give the Department an opportunity to review its action.

(2) The party may, at any time prior to the hearing date, request an additional informal conference with the Department representative.

### Withdrawals and Dismissals

(1) Withdrawals.

(a) A party or party's representative may withdraw a request for a hearing orally or in writing at any time before a final order has been issued on the contested case.

(b) Following a withdrawal under subsection (a) of this section, the Department or the Office of Administrative Hearings sends an order dismissing the hearing request to the party's last known address. The party may cancel the withdrawal if a request to cancel the withdrawal is received by the Department representative up to the tenth work day following the date such an order is sent. If the party withdrew the hearing request in writing, the Department must receive a timely written request to cancel the withdrawal.

# ADMINISTRATIVE RULES

(c) The Department may withdraw any pending referral from OAH at any time before a final order is served when:

(A) The Department provides to the party the relief sought; or

(B) The Department and the party reach an agreement under ORS 183.417(3).

(2) Dismissals. An order dismissing a hearing request is issued when the party or the party's representative does not appear at the time and place specified for the hearing.

(a) The dismissal by order is effective on the date the order is issued.

(b) The Department may reconsider and cancel the dismissal under OAR 137-003-0675 on request of the party on a timely showing that the party was unable to attend the hearing and unable to request a postponement for reasons beyond party's reasonable control. The Department may refer the reconsideration decision to OAH.

### Proposed and Final Orders

(1) When the Department refers a contested case under these rules (OAR 413-010-0500 to 413-010-0535) to OAH, the Department indicates on the referral whether the Department is authorizing:

(a) A proposed order;

(b) A proposed and final order (OAR 137-003-0645(4)); or

(c) A final order.

(2) During or after a contested case hearing, when it is determined that the correct application of OAR 413-020-0230, 413-090-0133, or 413-090-0150 requires the consideration of facts that differ from the facts on which the Department made a decision to deny, reduce, or terminate either a level of care payment or a level of personal care payment, the Department will reapply OAR 413-020-0230, 413-090-0133, or 413-090-0150 based on new or different facts.

(3) When the Department authorizes either a proposed order or a proposed and final order:

(a) The party may file written exceptions and written argument to be considered by the Assistant Director for Children, Adults, and Families Division or the Assistant Director's designee. The exceptions and argument must be received at the location indicated in the order not later than the tenth day after service of the proposed order or proposed and final order.

(b) If the party does not submit timely exceptions or argument following a proposed and final order, the proposed and final order becomes a final order on the eleventh day after service of the proposed and final order unless the Department has issued a revised order or has notified the parties and the administrative law judge that the Department will issue the final order.

(c) When the Department receives timely exceptions or argument, the Department issues the final order, unless the Department requests that OAH issue the final order under OAR 137-003-0655.

(4) A request by a party for reconsideration or rehearing must be filed with the person who signed the final order within the time limits of OAR 137-003-0675.

(5) A final order should be issued or the case otherwise resolved no later than 90 days following the receipt of the request for a hearing.

(6) A final order is effective immediately upon being signed or as otherwise provided in the order.

(7) The Department reserves the right to withdraw or amend any final order issued by OAH or the Department at any time permitted by law.

## 413-020-0200

### Purpose

The purpose of these rules (OAR 413-020-0200 to 413-020-0255), is to describe the responsibilities of the Department to:

(1) Identify the supervision needs of a child or young adult in substitute care with a certified family;

(2) Develop a supervision plan describing the actions and activities provided by a certified family, the Department, and other individuals to meet the child or young adult's need for enhanced supervision;

(3) Describe the responsibilities of the certified family and the Department when physical restraint is used;

(4) Monitor the completion of behavior and crisis management training when physical restraint is included in a child or young adult's supervision plan; and

(5) Conduct a CANS screening during the negotiation of guardianship assistance pursuant to OAR 413-070-0900 through 413-070-0974 or negotiation of adoption assistance pursuant to OAR 413-130-0000 through 413-130-0130.

## 413-020-0210

### Definitions

The following definitions apply to OAR 413-020-0200 to 413-020-0255:

(1) "Adoption assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family or adoptive family of an eligible child or young adult, setting forth the assistance the Department is to provide on behalf of the child or young adult, the responsibilities of the pre-adoptive family or adoptive family and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(2) "Adoptive family" means an individual or individuals who have legalized a parental relationship to the child through a judgment of the court.

(3) "BRS" means Behavior Rehabilitation Services, a Medicaid funded program that provides behavioral intervention, counseling, or skill build-

# ADMINISTRATIVE RULES

ing services in a professional, shelter, or residential (including therapeutic foster care formerly referred to as proctor care) placement setting.

(4) "CANS screener" means an individual, who performs CANS screenings under the supervision of the Level of Care Manager, under a contract with the Department, and who annually completes the training in the use of the Oregon CANS Comprehensive Screening Tool with a documented reliability score of 0.70 or greater.

(5) "CANS screening" means Child and Adolescent Needs and Strengths screening, a process of gathering information on a child or young adult's needs and strengths used for one or more of the following purposes:

(a) Identifying case planning, service planning, and supervision needs of the child or young adult in substitute care with a certified family;

(b) Determining the level of care payment while in substitute care with a certified family; and

(c) Determining the level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

(6) "Certified family" means an individual or individuals who hold a current Certificate of Approval from the Department to operate a home to provide care, in the home in which he or she resides, to a child or young adult in the care or custody of the Department.

(7) "Certifier" means a Child Welfare employee who conducts assessments of applicants interested in providing relative or foster care to a child or young adult in the care or custody of the Department, determines whether or not to recommend approval of the operation of a relative care or foster home, and monitors the compliance of a relative care or foster care home with Child Welfare certification rules.

(8) "Child" means a person under 18 years of age.

(9) "Department" means Department of Human Services, Child Welfare.

(10) "Enhanced supervision" means the additional support, direction, observation, and guidance necessary to promote and ensure the safety and well-being of a child or young adult when the child or young adult qualifies for a level of care payment.

(11) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(12) "Guardian" means an individual who has been granted guardianship of the child through a judgment of the court.

(13) "Guardianship assistance" means assistance provided on behalf of an eligible child or young adult to offset the costs associated with establishing the guardianship and meeting the ongoing needs of the child or young adult. Guardianship assistance may be in the form of payments, medical coverage or reimbursement of nonrecurring guardianship expenses.

(14) "Guardianship assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the guardian of an eligible child or young adult setting forth the assistance the Department is to provide on behalf of the child or young adult, the responsibilities of the guardian and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(15) "Level of care payment" means the payment provided to an approved or certified family, a guardian, a pre-adoptive family or an adoptive family based on the child or young adult's need for enhanced supervision as determined by applying the CANS algorithm to the results of the CANS screening.

(16) "Mechanical restraint" means the use of any physical device to involuntarily restrain the movement of all or a portion of a child's body as a means of controlling his or her physical activities in order to protect the child or other persons from injury. Mechanical restraint does not apply to movement restrictions stemming from medicinal, dental, diagnostic, or surgical procedures which are based on widely accepted, clinically appropriate methods of treatment by qualified professionals operating within the scope of their licensure.

(17) "Participating tribe" means a federally recognized Indian tribe in Oregon with a Title IV-E agreement with the Department.

(18) "Physical restraint" means the act of restricting a child or young adult's voluntary movement as an emergency measure to manage and protect the child or young adult or others from injury when no alternate actions are sufficient to manage the child or young adult's behavior. Physical restraint does not include temporarily holding a child or young adult to assist him or her or assure his or her safety, such as preventing a child from running onto a busy street.

(19) "Potential guardian" means an individual who:

(a) Has been approved by the Department or participating tribe to be a child's guardian; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(20) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be a child's adoptive family; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(21) "Relative caregiver" means a person who operates a home that has been approved by the Department to provide care for a related child or young adult placed in the home by the Department.

(22) "Seclusion" means the involuntary confinement of a child alone in a specifically designed room from which the child is physically prevented from leaving.

(23) "Supervision plan" means a documented set of strategies that is developed to assist a relative caregiver or foster parent in providing the additional support, observation, direction, and guidance necessary to promote and ensure a child or young adult's safety and well-being.

(24) "Young adult" means a person aged 18 through 20 years.

## 413-020-0230

### Referral for and Review of the CANS Screening

(1) The caseworker of the child or young adult must complete a CANS screening referral:

(a) Within the first 20 days of a child's initial placement in substitute care with a certified family;

(b) Unless subsection (d) applies, ten months from the date of the most recent CANS screening and annually thereafter when the child or young adult has continuously lived with a certified family and the certified family has received a level of care payment; and

(c) Unless subsection (d) applies, five business days after a child or young adult, whose initial placement in substitute care was a BRS placement, moves to the home of a certified family.

(d) When a child's permanency plan is adoption or guardianship and the caseworker has submitted an adoption assistance application or a guardianship assistance application, the caseworker must consult with the adoption assistance and guardianship assistance unit prior to submitting a referral.

(2) After consultation with and approval of a supervisor, a child or young adult's caseworker may complete and submit to the Level of Care Manager a CANS screening referral under any of the following circumstances unless subsection (1)(d) of this rule applies:

(a) When a child or young adult currently living with a certified family has never had a CANS screening and is currently exhibiting ongoing behavior or functioning that may indicate the need for enhanced supervision and a level of care payment;

(b) When a child or young adult returns to a placement with a certified family after a BRS placement of six months or longer;

(c) When a child or young adult is living with a certified family and the certified family has observed ongoing, documented changes in behavior or functioning which:

(A) Have not improved after a revision of the supervision actions and activities provided by the certified family and other individuals; or

(B) Endanger the child or young adult's safety or the safety of others.

(3) An adoption assistance coordinator or guardianship assistance coordinator may complete and submit a CANS screening referral to the Level of Care Manager under the following circumstances:

(a) Written documentation of the child or young adult's current behavior and functioning has been submitted to the adoption assistance and guardianship assistance coordinator by one of the following individuals:

(A) A child or young adult's adoptive family, regardless of whether there has been a previous CANS screening;

(B) A child's pre-adoptive family when the child is not in the legal custody of the Department;

(C) A child or young adult's guardian, regardless of whether there has been a previous CANS screening; or

(D) A child or young adult's potential guardian who has been approved by a participating tribe.

(b) The written documentation submitted under subsection (a) of this section demonstrates ongoing behavior or functioning indicating the need

# ADMINISTRATIVE RULES

for enhanced supervision and a level of care payment, and one of the following apply:

- (A) A CANS screening has never been completed;
- (B) A CANS screening has not been completed within the past twelve months; or
- (C) The child or young adult exhibits a significant, ongoing change in behavior since the CANS screening that was completed within the 12 month period following the previous CANS screening.
- (4) The Level of Care Manager, within five business days of receipt of a CANS screening referral submitted under section (2) or (3) of this rule:
  - (a) May approve a CANS screening after reviewing the referral, if the child or young adult's behavior and functioning, as described in the referral, indicates a CANS screening is needed to assess the need for enhanced supervision and a level of care payment;
  - (b) Must notify the individual who submitted the CANS screening referral whether a CANS screening has been approved and the basis for the decision; and
  - (c) Must send an approved CANS screening referral to a CANS screener.
- (5) A CANS screener, upon receipt of the CANS screening referral submitted under section (1) or section (4) of this rule must:
  - (a) Review the referral information;
  - (b) Contact the caseworker, when the child is in substitute care, to gather information about the child or young adult's strengths and needs;
  - (c) Contact the certified family, pre-adoptive family, adoptive family, potential guardian identified by a participating tribe, or guardian of the child or young adult and gather information about the child or young adult's strengths and needs;
  - (d) Contact the child or young adult and other individuals who provide services to the child or young adult as appropriate and gather sufficient information to understand the child or young adult's strengths and needs to complete the CANS screening; and
  - (e) When a child or young adult has current suicidal ideation or intent:
    - (A) Notify the child or young adult's caseworker or adoption or guardianship assistance coordinator and, if applicable, notify the pre-adoptive family, adoptive family, potential guardian, or guardian; and
    - (B) Immediately develop a supervision plan with the certified family when the child or young adult is in substitute care with a certified family.
  - (6) After the CANS screener has gathered information regarding the child or young adult's strengths and needs, as described in subsections (5)(a)-(d), the CANS screener rates each element of a child or young adult's behavior and functioning on a scale of zero to three, in a manner consistent with the principles of the Child and Adolescent Needs and Strengths Comprehensive Screening Tool appropriate for the child or young adult's age. The CANS screener documents the appropriate rating for each element and provides written explanation for any rating of either 2 or 3 on an element that is a need and any rating of 0 or 1 on an element that is a strength.
    - (a) When the child is five years old or younger, the CANS screener rates the child using the DHS 9601 — Child and Adolescent Needs and Strengths Comprehensive Screening Tool Ages Birth through Five, dated August 2009, and revised in June 2011, which by reference is incorporated in OAR 413-090-0010(2)(f)(A).
    - (b) When the child or young adult is six years old or older, the CANS screener rates the child or young adult using the DHS 9602 — Child and Adolescent Needs and Strengths Comprehensive Screening Tool ages Six through Twenty dated July, 2009, and revised in June 2011, which by reference is incorporated in OAR 413-090-0010(2)(f)(B).
    - (c) The Department maintains these documents on the Department's website. Printed copies of these documents may be obtained by contacting the Department of Human Services, Children, Adults and Families, ATTN: Level of Care Manager, 500 Summer Street NE, E-93, Salem, OR 97301.
    - (7) The CANS screener must complete the activities in sections (5) and (6) and submit the CANS screening results to the Level of Care Manager within fifteen business days following the receipt of the referral.
    - (8) Within ten business days of the receipt of the CANS screening results, the Level of Care Manager or designee:
      - (a) Reviews the CANS screening results;
      - (b) Contacts the CANS screener when results appear inconsistent with the referral information or documentation of a child or young adult's strengths and needs and may instruct the CANS screener to:
        - (A) Gather additional information;
        - (B) Reapply the CANS ratings; and
        - (C) Resubmit the CANS screening results.
      - (c) Approves the CANS screening results unless subsection (b) applies; and

(d) Applies the CANS algorithm which by reference is incorporated in OAR 413-090-0010(2)(f)(C) to the approved CANS screening results to determine whether:

- (A) The child or young adult living with a certified family is eligible for a level of care payment and requires enhanced supervision; or
- (B) The child or young adult eligible for adoption assistance or guardianship assistance is eligible for a level of care payment.
- (9) The Level of Care Manager may approve a revision of the ratings of an approved CANS screening when new or different information relevant to the correct application of the CANS screening has been presented:
  - (a) In preparation for a contested case hearing requested under OAR 413-010-0500(2)(a)-(c):
    - (b) During an informal conference under OAR 413-010-0520; or
    - (c) During the renegotiation of an adoption assistance agreement under OAR 413-130-0075 or a guardianship assistance agreement under OAR 413-070-0969.
  - (10) The Level of Care Manager or designee sends the CANS screening results to the following individuals:
    - (a) The child or young adult's caseworker and the certified family, with whom the child or young adult is living, on behalf of the child or young adult; or
    - (b) The adoption assistance and guardianship assistance coordinator and child or young adult's pre-adoptive family, adoptive family, guardian or the potential guardian identified by a participating tribe.

(11) When the caseworker receives a child or young adult's CANS screening results, the caseworker must:

- (a) Contact the certified family to review the CANS screening results;
- (b) When the CANS screening results indicated the child or young adult currently has suicidal ideation or intent, review the supervision plan developed during the CANS screening no later than one business day after the receipt of the CANS screening results to determine whether the plan continues to be appropriate;
- (c) Incorporate the needs and strengths identified in the CANS screening into the case plan; and
- (d) Determine whether a supervision plan must be developed, modified, or terminated under OAR 413-020-0233 and 413-020-0236.

(11) When the caseworker receives a child or young adult's CANS screening results, the caseworker must:

- (a) Contact the certified family to review the CANS screening results;
- (b) When the CANS screening results indicated the child or young adult currently has suicidal ideation or intent, review the supervision plan developed during the CANS screening no later than one business day after the receipt of the CANS screening results to determine whether the plan continues to be appropriate;
- (c) Incorporate the needs and strengths identified in the CANS screening into the case plan; and
- (d) Determine whether a supervision plan must be developed, modified, or terminated under OAR 413-020-0233 and 413-020-0236.

### When a Supervision Plan is Required

(1) The caseworker must develop a supervision plan with the certified family with whom the child or young adult lives within 30 days of:

- (a) The receipt of the CANS screening results that indicates enhanced supervision is necessary to maintain the safety and support the well-being of the child or young adult and the child or young adult qualifies for a level of care payment; or
- (b) When a child or young adult who has enhanced supervision needs and is receiving a level of care moves from one certified family to another certified family.

(2) A supervision plan is not required for a level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

### Development, Documentation, and Termination of a Supervision Plan

(1) After the caseworker has reviewed the CANS screening results for a child or young adult living with a certified family that indicates the child or young adult has enhanced supervision needs and qualifies for a level of care payment, the caseworker must:

- (a) Contact the certified family to explain the supervision needs identified in the CANS screening results; and
- (b) During a meeting with the certified family, the child or young adult, as appropriate, and others who may participate in a supervision plan, explain the supervision requirements necessary to maintain the safety and support the well-being of the child or young adult and develop a supervision plan that meets the supervision needs of the child or young adult.

## ADMINISTRATIVE RULES

(A) If the child or young adult qualifies for Level 1 (moderate needs), the supervision plan must require the certified family to provide an environment with the additional support, direction, observation, and guidance from the certified family necessary to ensure a child or young adult's safety and well-being, beyond the level of supervision that typically is required for a child or young adult of the same age.

(B) If the child or young adult qualifies for Level 2 (intermediate needs), the supervision plan must require the certified family to provide a structured environment, additional support, direction, observation, and guidance necessary to ensure a child or young adult's safety and well-being, beyond the level of supervision that typically is required for a child or young adult of the same age.

(C) If the child or young adult qualifies for Level 3 (advanced needs), the supervision plan must require the certified family to provide a highly structured environment, additional support, direction, observation, and guidance necessary to ensure a child or young adult's safety and well-being, beyond the level of supervision that typically is required for a child or young adult of the same age.

(2) The supervision plan must include:

(a) The supervision actions or activities that are to be provided by the certified family and other individuals to meet the child or young adult's identified needs. Examples of appropriate supervision actions or activities may include, but are not limited to: proactive use of space, use of routine, structure of the environment, positive reinforcement, and de-escalation techniques;

(b) The actions and assistance the Department will provide to support the certified family in addressing the supervision needs of the child or young adult and to maintain the child or young adult in the home;

(c) The actions the child or young adult will take to support the supervision plan;

(d) The persons responsible for monitoring the child or young adult's supervision needs and the supervision actions and activities;

(e) How the persons responsible for monitoring the child or young adult's supervision needs and the supervision actions and activities are to communicate with each other; and

(f) A requirement that the supervision plan be reviewed during the first face-to-face contact described in OAR 413-080-0059(1)(c) after the date the supervision plan is signed by the individuals identified in section (3) of this rule.

(3) The supervision plan must be signed by:

(a) The caseworker ;

(b) The certified family;

(c) The child or young adult, if able; and

(d) Any other individuals who are to provide specific actions or activities in the supervision plan.

(4) The supervision plan must be approved by the caseworker's supervisor.

(5) A supervision plan may include physical restraint as a supervision action or activity only if the certified family has completed the physical restraint training requirements described in OAR 413-020-0255.

(6) A supervision plan that authorizes a certified family to use physical restraint must:

(a) Focus on intervention strategies that are designed to modify a child or young adult's behavior without the need for physical restraint;

(b) Explain that a physical restraint is to be used only when the child or young adult's behavior poses an imminent danger to self or others, and when no alternate actions are sufficient to stop a child or young adult's behavior;

(c) Be approved by the Child Welfare program manager; and

(d) Require the certified family:

(A) To document and report the circumstances of each use of physical restraint in writing as soon as reasonably possible after the use of physical restraint on a form approved by the Department, which explains:

(i) The behavior that required the use of physical restraint;

(ii) The specific attempts to stop the child or young adult's behavior without the use of physical restraint;

(iii) The time the physical restraint started; and

(iv) The time the physical restraint ended.

(B) To orally report to the child or young adult's caseworker or the caseworker's supervisor within one business day of the physical restraint; and

(C) To submit the documentation required in paragraph (A) to the child or young adult's caseworker within two business days after the use of physical restraint.

(7) The caseworker must provide a copy of the signed supervision plan to the certified family and the certified family's certifier, and file a copy in the Department's information system.

(8) When a child or young adult has a supervision plan and the CANS screening results indicate that the child or young adult no longer has enhanced supervision needs and no longer qualifies for a level of care payment, the caseworker must:

(a) Terminate the supervision plan;

(b) Document in the Department's information system the date the supervision plan terminated and the reason the plan terminated; and

(c) Notify the certified family and the certified family's certifier that the supervision plan terminated and the reason the plan terminated.

#### Use of Physical Restraint

(1) A physical restraint may only be used by a certified family if the behavior of a child or young adult places the child or young adult or others in imminent risk of harm, and only if good judgment indicates that a physical restraint may safely be implemented.

(2) Physical restraint must be implemented with the least force necessary to prevent the risk of harm to self or others and should end as soon as the risk of harm no longer exists.

(3) If the behavior of a child or young adult places the child or young adult or others in imminent risk of harm, and good judgment indicates that a physical restraint cannot be implemented safely, the certified family must call the local law enforcement agency to request intervention. The certified family must:

(a) Orally report the incident to the caseworker and the caseworker's supervisor as soon as reasonably possible;

(b) Document the incident in writing on a form approved by the Department; and

(c) Submit the completed form to the caseworker within two business days.

(4) If the child or young adult is injured during the incident, whether or not a physical restraint is used, the certified family immediately must notify the Department's emergency 24-hour contact.

(5) A certified family may not use mechanical restraint or seclusion of a child or young adult in an emergency or at any other time as a supervision action or activity.

(6) Notwithstanding the training required in OAR 413-020-0255, when a situation arises and the behavior of a child or young adult places the child or young adult or another individual in imminent risk of harm and if good judgment indicates that a physical restraint may safely be implemented, the certified family may use a physical restraint even when:

(a) The certified family has not attended Behavior and Crisis Management Training; or

(b) The child or young adult does not have a supervision plan.

(c) If physical restraint is used under this section, the certified family must document and report the incident in accordance with the requirements of OAR 413-020-0236(6)(c).

#### Responsibilities in Monitoring a Child or Young Adult's Supervision in a Certified Family

(1) During each face-to-face contact described in OAR 413-080-0059, in addition to assessing the safety of the child or young adult, the caseworker must determine:

(a) Whether the certified family is meeting the supervision needs of the child or young adult;

(b) Whether the supervision needs of the child or young adult have changed.

(c) If there is a current supervision plan, whether the supervision actions and activities described in the supervision plan are effective in meeting the child or young adult's supervision needs.

(2) If, after assessing the safety of the child or young adult as described in OAR 413-080-0059(2)(a), the caseworker determines that the

# ADMINISTRATIVE RULES

child or young adult currently is safe in the home but his or her supervision needs are not being met, the caseworker must:

(a) Consult with the certified family's certifier or the certifier's supervisor to determine if available resources or training are able to provide the additional support the certified family may need to meet the child or young adult's supervision needs;

(b) If there is a current supervision plan for the child or young adult, determine whether the supervision plan should be revised, and if so, meet with the certified family to revise the plan; and

(c) Determine whether there has been an observed, ongoing change in a child or young adult's behavior or functioning such that the observed changes must be documented and submitted with a CANS screening under referral OAR 413-020-0230(2).

(3) The caseworker documents the monitoring activities described in this rule in the Department's information system.

### Training and the Planned Use of Physical Restraint

(1) The Department has approved and schedules Behavior and Crisis Management Training as the standard training curriculum for any certified family who requires training on crisis management and the use of physical restraint. The training curriculum focuses on strengthening a certified family's supervision skills and instructs the certified family in the use of a physical restraint as a supervision action.

(2) Before implementing a supervision plan that authorizes a certified family to use physical restraint, the caseworker must consult with the certifier to confirm that the certified family has completed Behavior and Crisis Management Training.

(3) A foster care coordinator or designee may approve comparable behavior and crisis management training obtained by a certified family for a specific child or young adult in place of Behavior and Crisis Management Training if:

(a) The training was selected by a school district and used in the school; or

(b) The training was approved by the Department of Human Services, Addictions and Mental Health Division and used in a Children's Intensive Mental Health Treatment Services program.

## 413-070-0063

### Definitions

The following definitions apply to OAR 413-070-0060 to 413-070-0093:

(1) "Caregiver relationship" means a relationship between a person and a child that meets the requirements of the following subsections:

(a) The relationship has existed for the 12 months immediately preceding the initiation of a dependency proceeding, at least six months during a dependency proceeding, or half of the child's life if the child is less than six months of age.

(b) The person had physical custody of the child or resided in the same household as the child and provided the child on a daily basis with the love, nurturing, and other necessities required to meet the child's psychological and physical needs.

(c) The child depended on the relationship to meet the child's needs.

(d) A caregiver relationship does not include a relationship between a child and a person who is the unrelated foster parent of the child unless the relationship continued for a period of at least twelve consecutive months.

(2) "Certificate of approval" means a document that the Department issues to approve the operation of a child-specific relative caregiver home, child-specific foster home, pre-adoptive home, or a regular foster home.

(3) "Child" means a person under 18 years of age.

(4) "Department" means the Department of Human Services, Child Welfare.

(5) "Designee" means a person who the designator directly and immediately supervises or a person with equal or greater management responsibility than the designator.

(6) "Foster parent" means an individual who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(7) "Indian child" is any unmarried person under 18 years of age who is either a member of an Indian tribe or is eligible for membership in an Indian tribe and is the biological child of a member of an Indian tribe.

(8) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally associated with parenthood, unless a court finds that the putative father is not the legal father.

(9) "Registered domestic partner" means an individual joined in a domestic partnership that has been registered by a county clerk in accordance with ORS 106.300 to 106.340.

(10) "Relative" means:

(a) An individual with one of the following relationships to the child or young adult through the parent of the child or young adult:

(A) Any blood relative of preceding generations denoted by the prefixes of grand, great, or great-great.

(B) Any half-blood relative of preceding generations denoted by the prefixes of grand, great, or great-great (individuals with one common biological parent are half-blood relatives).

(C) A sibling, also to include an individual with a sibling relationship to the child or young adult through a putative father.

(D) An aunt, uncle, nephew, niece, first cousin, and first cousin once removed.

(E) A spouse of anyone listed in paragraphs (A) to (D) of this subsection, even if a petition for annulment, dissolution, or separation has been filed or the marriage is terminated by divorce or death. To be considered a relative under this paragraph, the child or young adult must have had a relationship with the spouse prior to the child or young adult entering substitute care.

(F) For the purposes of an international adoption, relative means an individual described in paragraphs (A) to (D) of this subsection.

(b) An individual with one of the following relationships to the child or young adult:

(A) An individual defined as a relative by the law or custom of the tribe of the child or young adult if the child or young adult is an Indian child under the Indian Child Welfare Act or in the legal custody of a tribe.

(B) An individual defined as a relative of a refugee child or young adult under Child Welfare Policy I-E.2.2, "Placement of Refugee Children" OAR 413-070-0300 to 413-070-0380.

(C) A stepparent described in OAR 413-100-0020(27)(c) or former stepparent if the child or young adult had a relationship with the former stepparent prior to the child or young adult entering substitute care; a stepbrother; or a stepsister.

(D) The registered domestic partner of the parent of the child or young adult or a former registered domestic partner of the parent of the child or young adult if the child or young adult had a relationship with the former domestic partner prior to entering substitute care.

(E) The adoptive parent of a sibling of the child or young adult.

(F) The unrelated legal or biological father or mother of a half-sibling of the child or young adult when the half-sibling of the child or young adult is living with the unrelated legal or biological father or mother.

(c) An individual identified by the child or young adult or the family of the child or young adult, or an individual who self-identifies, related to the child or young adult through the parent of the child or young adult by

# ADMINISTRATIVE RULES

blood, adoption, or marriage to a degree other than an individual specified as a relative in paragraphs (A) to (D) of subsection (a) of this section.

(d) An individual, although not related by blood, adoption, or marriage identified as:

(A) A member of the family by the child or young adult or by the family of the child or young adult; and

(B) An individual who had an emotionally significant relationship with the child or young adult or the family of the child or young adult prior to the time the Department placed the child in substitute care.

(e) For eligibility for the Guardianship Assistance program:

(A) A stepparent is considered a parent and is not a relative for the purpose of eligibility for Guardianship Assistance unless a petition for annulment, dissolution, or separation has been filed, or the marriage to the child's adoptive or biological parent has been terminated by divorce or death.

(B) A foster parent may only be considered a relative for the purpose of eligibility for Guardianship Assistance and only when the requirements of all of the following subparagraphs are met:

(i) There is a compelling reason why adoption is not an achievable permanency plan;

(ii) The foster parent is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of guardianship;

(iii) The foster parent has cared for the child for at least the past 12 consecutive months; and

(iv) The Department has approved the foster parent for consideration as a guardian.

(11) "Relative caregiver" means an individual who operates a home that has been approved by the Department to provide care for a related child or young adult placed in the home by the Department.

(12) "Relative search" means the efforts of the Department to identify, locate, and document the contact with a child or young adult's relatives.

(13) "Safety service provider" means a participant in a protective action or ongoing safety plan whose actions, assistance, or supervision help a family in managing a child's safety.

(14) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children or young adult's legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the children or young adults' legal or biological parent.

(15) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(16) "Young adult" means a person aged 18 through 20 years who remains in the care and custody of the Department, and lives in substitute care or lives independently through the Department's Independent Living Subsidy Program.

## 413-070-0905

### Definitions

The following definitions apply to OAR 413-070-0900 to 413-070-0974:

(1) “Base rate payment” means a payment to the foster parent or relative caregiver for the costs of providing the child or young adult with the following:

(a) Food — including the cost to cover a child or young adult’s special or unique nutritional needs;

(b) Clothing — including purchase and replacement;

(c) Housing — including maintenance of household utilities, furnishings, and equipment;

(d) Daily supervision — including teaching and directing to ensure safety and well-being at a level which is appropriate based on the child or young adult’s chronological age;

(e) Personal incidentals — including personal care items, entertainment, reading materials, and miscellaneous items; and

(f) The cost of providing transportation — including local travel associated with expenditure for gas and oil, and vehicle maintenance and repair associated with transportation to and from extracurricular, child care, recreational, and cultural activities.

(2) “CANS screening” means Child and Adolescent Needs and Strengths screening, a process of gathering information on a child or young adult’s needs and strengths used for one or more of the following purposes:

(a) Identifying case planning, service planning, and supervision needs of the child or young adult in substitute care with a certified family.

(b) Determining the level of care payment while in substitute care with a certified family; and

(c) Determining the level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

(3) “Child” means a person under 18 years of age.

(4) “Department” means the Department of Human Services, Child Welfare.

(5) “Enhanced supervision” means the additional support, direction, observation, and guidance necessary to promote and ensure the safety and well-being of the child or young adult when the child or young adult qualifies for a level of care payment.

(6) “Guardian” means an individual who has been granted guardianship of a child through a judgment of the court.

(7) “Guardianship assistance” means assistance on behalf of an eligible child or young adult to offset the costs associated with establishing the guardianship and meeting the ongoing needs of the child or young adult. Guardianship assistance may be in the form of a payment, medical coverage, or reimbursement of guardianship expenses.

(8) “Guardianship assistance agreement” means a written agreement, binding on the parties to the agreement, between the Department and the potential guardian or guardian setting forth the assistance the Department is to provide on behalf of the child or young adult, the responsibilities of the guardian and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(9) “Guardianship assistance agreement only” means a written agreement, binding on the parties to the agreement, between the Department and the potential guardian or guardian of an eligible child or young adult, when the potential guardian or guardian is not receiving a guardianship assistance

payment or medical coverage at the time of the agreement but may request it at a later date.

(10) “Guardianship assistance base rate” means the portion of the guardianship assistance payment that is negotiated with the potential guardian or guardian and cannot exceed the amount of the Oregon foster care base rate payment for the child or young adult’s age.

(11) “Guardianship assistance payment” means a monthly payment made by the Department to the guardian on behalf of the eligible child or young adult.

(12) “Guardianship Assistance Review Committee” means a committee composed of local and central office staff who have expertise in the area of guardianship.

(13) “Level of care payment” means the payment provided to an approved or certified family, a guardian, a pre-adoptive family or an adoptive family based on the child or young adult’s need for enhanced supervision as determined by applying the CANS algorithm to the results of the CANS screening.

(14) “Nonrecurring expenses” means a one-time payment of up to \$2,000 per child which the Department will make to a guardian to assist with the reasonable and necessary expenses associated with obtaining legal guardianship of an eligible child.

(15) “Nonrecurring guardianship assistance agreement” means a written agreement, binding on the parties to the agreement, between the Department and the potential guardian of an eligible child for a one-time payment to reimburse the guardian for the reasonable and necessary expenses incurred in legally finalizing the guardianship.

(16) “Parent” means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. “Parent” also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally associated with parenthood unless a court finds that the putative father is not the legal father.

(17) “Participating tribe” means a federally recognized Indian tribe in Oregon with a Title IV-E agreement with the Department.

(18) “Permanency Committee” means a group of individuals who are responsible for making a recommendation regarding a permanency plan or potential permanency resource when the child or young adult likely is not returning to his or her parent.

(19) “Potential guardian” means an individual who:

(a) Has been approved by the Department or participating tribe to be a child’s guardian; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(20) “Registered Domestic Partner” means an individual joined in a domestic partnership that is registered with a county clerk in accordance with ORS 106.300 to 106.340.

(21) “Relative” means:

(a) An individual with one of the following relationships to the child or young adult through the child or young adult’s parent:

(A) Any blood relative of preceding generations denoted by the prefixes of grand, great, or great-great.

(B) Any half-blood relative of preceding generations denoted by the prefixes of grand, great, or great-great (individuals with one common biological parent are half-blood relatives).

(C) A sibling, also to include an individual with a sibling relationship to the child through a putative father.

(D) An aunt, uncle, nephew, niece, first cousin, and first cousin once removed.

(E) A spouse of anyone listed in paragraphs (A) to (D) of this subsection, even if a petition for annulment, dissolution, or separation has been filed or the marriage is terminated by death or divorce. To be considered a relative under this paragraph, the child or young adult must have had a relationship with the spouse prior to the child or young adult entering substitute care.

(F) For the purposes of an international adoption, “relative” means an individual described in paragraphs (A) to (D) of this subsection.

(b) An individual with one of the following relationships to the child or young adult:

(A) An individual defined as a relative by the law or customs of the child or young adult’s tribe if the child or young adult is an Indian child under the Indian Child Welfare Act or in the legal custody of a tribe.

# ADMINISTRATIVE RULES

(B) An individual defined as a relative of a refugee child or young adult under Child Welfare Policy I-E.2.2, "Placement of Refugee Children," (OAR 413-070-0300 to 413-070-0380).

(C) A stepparent described in OAR 413-100-0020(27)(c) or a former stepparent if the child or young adult had a relationship with the former stepparent prior to the child or young adult entering substitute care; a stepbrother, or a stepsister.

(D) The Registered Domestic Partner of the child or young adult's parent or former Registered Domestic Partner of the child or young adult's parent if the child or young adult had a relationship with the former domestic partner prior to the child or young adult entering substitute care.

(E) The adoptive parent of a child or young adult's sibling.

(F) The unrelated legal or biological father or mother of a child's half-sibling when the child's half-sibling is living with the unrelated legal or biological father or mother.

(c) An individual identified by the child or young adult or the child or young adult's family, or an individual who self-identifies, related to the child or young adult through the child or young adult's parent by blood, adoption, or marriage to a degree other than an individual specified as a child or young adult's relative in paragraphs (A) to (D) of subsection (a) of this section.

(d) An individual, although not related by blood, adoption, or marriage, identified as:

(A) A member of the family by the child or young adult or the child or young adult's family; and

(B) Who had an emotionally significant relationship with the child or young adult or the child or young adult's family prior to the time the Department placed the child in substitute care.

(e) For the purposes of these rules, OAR 413-070-0900 to 413-070-0974:

(A) A stepparent is considered a parent and is not a relative under these rules unless a petition for annulment, dissolution, or separation has been filed, or the marriage to the child's adoptive or biological parent has been terminated by divorce or death:

(B) A foster parent may be considered a relative under these rules when:

(i) There is a compelling reason why adoption is not an achievable permanency plan;

(ii) The foster parent is currently caring for a child in the legal custody of the Department who has a permanency plan or concurrent permanency plan of guardianship;

(iii) The foster parent has cared for the child for at least the past 12 consecutive months; and

(iv) A Permanency Committee has recommended the foster parent for consideration as a guardian.

(22) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children or young adults' legal or biological parents; or

(c) Through a legal or biological parent who is the Registered Domestic Partner of the children or young adults' legal or biological parent.

(23) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(24) "Substitute caregiver" means a relative caregiver, foster parent, or provider authorized to provide care to a child or young adult in the legal or physical custody of the Department.

(25) "Young adult" means a person aged 18 through 20 years.

### Funding of Guardianship Assistance

(1) Non-relative guardianship assistance established under the Title IV-E Waiver Project implemented July 1, 1997 under the Adoption and Safe Families Act of 1997 was funded by Title IV-E waiver funds until January 1, 2011. As of that time, Oregon general funds provided monies for non-relative guardianship assistance established under the waiver. Funding is no

longer available for the establishment of new non-relative guardianship assistance, except as described in section (2) of this rule.

(2) When grandparents or other approved relatives make a permanent commitment to and assume legal guardianship of a child for whom they have cared as a substitute caregiver, the Department provides guardianship assistance as described in these rules (OAR 413-070-0900 to 413-070-0974).

(3) Effective January 1, 2009, guardianship assistance for Title IV-E children or young adults is funded in part with Title IV-E funds as authorized by the Fostering Connections to Success and Increasing Adoptions Act of 2008 (Public Law 110-351).

## 413-070-0917

### Eligibility

(1) Eligibility: Child.

(a) Guardianship assistance will not be established for a child placed outside of the United States or a territory or possession thereof or the District of Columbia.

(b) A guardianship assistance agreement must be signed by the potential guardian and a Department representative before guardianship has been legally established by a state or participating tribal court.

(c) To be eligible for guardianship assistance, a child must meet all of the following:

(A) Be a United States citizen or qualified alien as described in OAR 413-100-0210(2) and in 8 USC 1641 (b) or (c).

(B) Be removed from his or her home pursuant to a voluntary placement or as a result of a judicial determination that continuation in the home would be contrary to the welfare of the child.

(C) The Department or participating tribe has determined that neither return home nor adoption is an appropriate permanency option for the child.

(D) Be eligible for Title IV-E foster care maintenance payments during a six consecutive month period during which the child resided in the home of the prospective guardian who was fully licensed, certified, or approved by the state or a participating tribe as meeting the licensure or certification requirements for a foster family home in the state where the home is located. The Department determines a child's eligibility for a Title IV-E maintenance payment under Child Welfare Policy I-E.6.1, "Title IV-E Foster Care, Adoption Assistance and Guardianship Assistance Eligibility", OAR 413-100-0000 to 413-100-0345.

(E) Be in the Department's or participating tribe's legal custody for a minimum of:

(i) Six months, if the potential guardian is the child's relative as defined by OAR 413-070-0905(21)(a) through (d); or

(ii) Twelve months, if the potential guardian is a substitute caregiver who meets the definition of a relative under OAR 413-070-0905(21)(e)(B).

(F) Demonstrate a strong attachment to the prospective guardian.

(G) Be consulted regarding the guardianship arrangement when the child has attained 14 years of age.

(2) When guardianship as a permanency plan has been approved, the caseworker must document each of the following in the child's case plan.

(a) How the child meets the eligibility requirements;

(b) The steps the Department has taken to determine that return to the home or adoption is not appropriate;

(c) The efforts the Department has made to discuss adoption with the child's relative caregiver and the reasons why adoption is not an option;

(d) The efforts the Department has made to discuss kinship guardianship with the child's parent or parents or the reasons why efforts were not made;

(e) The reason why a permanent placement with a potential relative guardian and receipt of a kinship guardian assistance payment is in the child's best interests; and

(f) The reasons for any separation of siblings during placement. If the child's placement with the prospective relative guardian does not include siblings, the case plan must also include a description of the reasons why the child is separated from siblings during placement.

(3) Extension of Guardianship Assistance for a Young Adult.

(a) When an initial guardianship assistance agreement is entered into on behalf of an individual who is age 16 or 17, the Department may approve an extension of the guardianship assistance agreement until the individual reaches the age of 21 only under the following conditions.

# ADMINISTRATIVE RULES

(A) The child, upon reaching the age of 18 on or after June 30, 2011, continues to be a ward of the court with guardianship by the current guardian.

(B) The young adult is:

(i) Completing secondary school (or equivalent);

(ii) Enrolled in post-secondary or vocational school;

(iii) Participating in a program or activity that promotes or removes barriers to employment;

(iv) Employed 80 hours a month; or

(v) Determined incapable of any of the above due to a documented medical condition, mental disability or physical disability.

(b) The Department will review the young adult's eligibility for continued guardianship assistance when an extension of guardianship assistance has been granted:

(A) At least annually; or

(B) When information is received that indicates the young adult may no longer be eligible for guardianship assistance or may be eligible for guardianship assistance in a different amount.

(c) In order for the extension of guardianship assistance to continue on behalf of a young adult, the guardian must submit to the Department, upon request:

(A) Proof that the young adult continues to be enrolled in a secondary, post-secondary, vocational school, or a program or activity that promotes or removes barriers to employment;

(B) Proof that the young adult is employed 80 hours a month; or

(C) Verification from a medical or mental health professional that the young adult is incapable of attending school or obtaining employment due to a medical condition.

(d) The guardian must notify the Department, orally or in writing, of any changes in circumstances that may make the young adult:

(A) Ineligible for guardianship assistance; or

(B) Eligible for guardianship assistance in a different amount.

(4) Siblings. Each sibling of a child or young adult eligible for guardianship assistance, is also eligible for guardianship assistance, without meeting the eligibility requirements set forth in subsections (1)(c)(B) through (F) of this rule, when:

(a) The sibling is placed in a guardianship with the same potential guardian or guardian, whether the siblings are placed at the same time or not; and

(b) The potential guardian or guardian and the Department agree that both of the following are appropriate:

(A) Placing the child's sibling in the home of the potential guardian or guardian; and

(B) Guardianship as a permanency plan for the sibling.

### Eligibility and Requirements for a Child or Young Adult in the Care or Custody of a Participating Tribe

(1) In addition to guardianship assistance program criteria under these rules, OAR 413-070-0900 to 413-070-0974, the following requirements apply to a child in the care or custody of a participating tribe:

(a) The child must be placed in a foster home approved by the participating tribe that meets the certification and licensing standards of the participating tribe; and

(b) The participating tribe must document how continued placement with the potential guardian is in the best interests of the child and meets the child's needs for safety and permanency.

(2) The participating tribe must:

(a) Conduct and prepare a written home study of the guardian;

(b) Have a current Title IV-E agreement with the Department which includes participation in the guardianship assistance program;

(c) Notify the Adoption Assistance and Guardianship Assistance Unit within 30 days after reestablishing custody of a child or young adult in a guardianship placement established under these rules, OAR 413-070-0900 to 413-070-0974; and

(d) Provide the Adoption Assistance and Guardianship Assistance Unit with a copy of the court order terminating the guardianship within 30 days of the termination, when applicable.

### Determination of Permanency Plan: Guardianship

(1) The Department or a *participating tribe* may consider guardianship as the permanency plan for a *child* when all of the following conditions are met:

(a) The Department determines that adoption is not an appropriate permanency plan under Child Welfare Policies I-F.2, "Determining the Appropriateness of Adoption as a Permanency Plan for a Child" OAR 413-110-0300 to 413-110-0360 and I-F.3.2.1, "Termination of Parental Rights" OAR 413-110-0200 to 413-110-0252;

(b) The eligibility requirements in OAR 413-070-0915, 413-070-0917, 413-070-0919, and 413-070-0925 have been met for the purpose of *guardianship assistance*.

(c) The Department or *participating tribe* has consulted with the *child*, if 14 years of age or older, regarding guardianship as the permanency plan.

(d) The Department and the prospective guardian agree, and the Department documents in the child's case record, that the *child* and the prospective guardian can maintain a stable relationship and function effectively without Department supervision.

(e) A Permanency Committee has recommended:

(A) Guardianship as an appropriate permanency plan for the *child*; and

(B) Guardianship is in the child's best interests because the prospective guardian meets the safety, permanency, and well-being needs of the *child*.

(f) The court approves a guardianship permanency plan for the child under Child Welfare Policy I-E.3.6, "Achieving Permanency" OAR 413-070-0500 to 413-070-0517.

(2) Each *parent* with legal rights or standing consents to the permanency plan of guardianship or has been given adequate notice of the permanency plan under state or tribal law when the Department or *participating tribe* requests a court order establishing guardianship.

(3) When guardianship has been approved as a child's permanency plan, and *guardianship assistance* is being considered, the child's case plan must include:

(a) How the *child* meets the eligibility requirements described in OAR 413-070-0917.

(b) The steps taken by the Department or *participating tribe* to determine that it is not appropriate for the *child* to return home or be adopted.

(c) The efforts made by the Department or *participating tribe* to discuss with the substitute caregiver adoption rather than guardianship as the preferred permanency plan and why adoption was not chosen.

(d) The efforts made by the Department or *participating tribe* to discuss the guardianship plan with each parent of the *child* or the reasons why efforts were not made.

### Guardianship Assistance Payments, Medical Assistance, and Nonrecurring Guardianship Expenses

(1) When a guardianship assistance payment or medical assistance is not being provided, a potential guardian or guardian may enter into a guardianship assistance agreement only.

(2) The monthly guardianship assistance payment may not exceed the total of:

(a) The guardianship assistance base rate; and

(b) When applicable, the level of care payment determined by the CANS screening conducted under OAR 413-020-0230.

(3) The monthly guardianship assistance base rate:

(a) Is determined through discussion and negotiation between the Department and the potential guardian or guardian.

(b) May not exceed the current foster care base rate payment the child or young adult would be eligible to receive in foster care as determined by OAR 413-090-0010(1)(b).

(c) Is negotiated between the potential guardian of a child or guardian of a child or young adult and the Department, taking into consideration relevant factors which include, but are not limited to:

(A) The ordinary and special needs of the child or young adult.

(B) The services and goods required to meet the needs of the child or young adult.

(C) The cost of the services and goods required to meet the needs of the child or young adult.

(D) The circumstances of the potential guardian or guardian and their ability to provide the required services and goods for the child or young adult.

(E) The resources available to the potential guardian or guardian such as medical coverage, private health insurance, public education, other income sources and community resources.

(F) A guardianship assistance payment may be reduced when other sources of income are received by the potential guardian or guardian or the child or young adult.

(d) Is intended to combine with the resources of the potential guardian or guardian to provide for the needs of the child or young adult.

(4) When, during negotiation of the guardianship assistance base rate payment, the Adoption Assistance and Guardianship Assistance Coordinator and the potential guardian or the guardian are unable to reach agreement, the Adoption Assistance and Guardianship Assistance Coordinator, the potential guardian or the guardian may request a review by the Guardianship Assistance Review Committee. When a review is requested:

(a) An Adoption Assistance and Guardianship Assistance Coordinator must:

(A) Prepare documentation for the scheduled Guardianship Assistance Review Committee;

(B) Notify the potential guardian or guardian and the assigned caseworkers of the date of the committee; and

(C) Attend and participate in the Guardianship Assistance Review Committee.

(b) The potential guardian or guardian may provide written documentation to the Adoption Assistance and Guardianship Assistance Coordinator for review and consideration by the Guardianship Assistance Review Committee.

(c) The caseworker for the potential guardian and the caseworker for the child may participate in a Guardianship Assistance Review Committee meeting and may present information and respond to questions. The caseworkers must not participate in the deliberations of the Guardianship Assistance Review Committee.

(d) The Guardianship Assistance Review Committee members must:

(A) Consider written documentation provided by the potential guardian or guardian, caseworkers and the Adoption Assistance and Guardianship Assistance Coordinator.

(B) Review materials submitted to the Guardianship Assistance Review Committee, deliberate and make a recommendation regarding the guardianship assistance base rate.

(e) At the conclusion of the Guardianship Assistance Review Committee, the Adoption Assistance and Guardianship Assistance Coordinator must:

(A) Document the recommendation of the Guardianship Assistance Review Committee; and

(B) Submit the recommendation to the Assistant Adoption Program Manager or designee within one business day of the Guardianship Assistance Review Committee meeting.

(f) The Assistant Adoption Program Manager or designee must:

(A) Attend the Guardianship Assistance Review Committee and may ask clarifying questions, but does not participate in the deliberation or recommendation of the Guardianship Assistance Review Committee; and

(B) Make a decision and provide written notification of the decision regarding the guardianship assistance base rate to the Adoption Assistance and Guardianship Assistance Coordinator within one business day of receipt of the documentation from the Guardianship Assistance Review Committee.

(g) The Adoption Assistance and Guardianship Assistance Coordinator must notify the potential guardian or guardian of the Assistant Adoption Program Manager or designee's decision, including a written notice, within ten business days of the decision.

(5) A potential guardian or guardian unsatisfied with the guardianship assistance base rate decision of the Assistant Adoption Program Manager or designee under paragraph (4)(f)(B) of this rule, may submit a written request for review of the decision by the Adoption Program Manager or designee within fourteen days of the written notice in subsection (4)(g) of this rule.

(6) The Adoption Program Manager or designee must complete each of the following actions.

(a) Review and consider:

(A) The materials submitted to the Guardianship Assistance Review Committee;

(B) The recommendation of the committee;

(C) The decision made by the Assistant Adoption Program Manager or designee following the review committee recommendation; and

(D) The information presented by the potential guardian or guardian in the request submitted under section (5) of this rule.

(b) Make a decision within 60 days of the date of the request for review.

(c) Provide written notification to the potential guardian or guardian and the Adoption Assistance and Guardianship Assistance Coordinator within ten business days of the decision in subsection (b) of this rule.

# ADMINISTRATIVE RULES

(7) The monthly level of care payment:

(a) Is determined based on the results of a CANS screening conducted under OAR 413-020-0230.

(b) Cannot exceed the amount of the level of care payment set forth in OAR 413-090-0010(2)(g).

(c) Is included in the guardianship assistance payment when the child or young adult qualifies for a level of care payment and when requested by the potential guardian or guardian.

(8) When a potential guardian or guardian is unsatisfied with the final guardianship assistance offer from the Department, consisting of the guardianship assistance base rate and, when applicable, a level of care payment, the potential guardian or guardian has the right to a contested case hearing under Child Welfare Policy I-A.5.2, "Contested Case Hearings", OAR 413-010-0500 to 413-010-0535.

(9) An initial guardianship assistance payment begins on the date the state or tribal court legally establishes the guardianship provided there is a written guardianship assistance agreement signed by all parties.

(10) A guardianship assistance payment to a guardian for the child or young adult is inalienable, not assignable or transferable, and exempt from execution, levy, attachment, garnishment, and other legal process under the laws of Oregon, as long as the payment can be identified as a guardianship assistance payment and is kept separate from other money in the guardian's possession.

(11) The guardian may apply to be the designated payee for any benefit the child or young adult receives if the benefit program allows such application.

(12) Medical assistance and social services.

(a) A child or young adult who is the subject of a guardianship assistance agreement funded by Title IV-E funds as authorized by the Fostering Connection to Success and Increasing Adoptions Act of 2008 (Public Law 110-351), is categorically eligible for medical assistance through Title XIX and social services under Title XX when:

(A) The guardianship is in effect; and

(B) A guardianship assistance payment is being made to the guardian.

(b) A child or young adult who is the subject of a guardianship assistance agreement established under the Title IV-E Waiver Project and funded with state general funds, is eligible for medical assistance under Child Welfare Policy I-E.6.2, "Title XIX and General Assistance Medical Eligibility" OAR 413-100-0400 to 413-100-0610 when:

(A) The child or young adult resides in Oregon; or

(B) The child or young adult resides outside of Oregon but in the United States or a territory or possession thereof or the District of Columbia and is not able to obtain medical assistance in his or her place of residence.

(c) Medical assistance is not provided for a child or young adult who resides outside of the United States, a territory or possession thereof or the District of Columbia.

(13) Nonrecurring guardianship expenses.

(a) The Department will reimburse a guardian up to \$2,000 per eligible child for approved nonrecurring guardianship expenses, including but not limited to:

(A) The cost of a home study;

(B) Court costs;

(C) Attorney fees;

(D) Physical and psychological examinations required for the guardianship; and

(E) Travel to visit with the child prior to placement.

(b) Payment for nonrecurring guardianship expenses may not duplicate expenses covered by the Interstate Compact for Placement of Children or another resource available to the potential guardian.

(c) Documentation of nonrecurring guardianship expenses is required and must be submitted prior to execution of the nonrecurring guardianship assistance agreement. The nonrecurring guardianship assistance agreement, indicating the nature and amount of the nonrecurring guardianship expenses must be signed by the potential guardian and a Department representative prior to the establishment of the guardianship.

(d) Payment for nonrecurring guardianship expenses is made when the Department receives the court order establishing the guardianship.

(14) Overpayment.

(a) If the Department issues a guardianship assistance payment on behalf of a child or young adult after the date the guardianship assistance agreement automatically expires, the Department may seek reimbursement of the overpayment and the guardian must repay the Department.

(b) If the guardian fails to comply with any provisions of the guardianship assistance agreement, including failing to notify the Department of any of the events or circumstances described in OAR 413-

070-0964 and 413-070-0974(2), the Department may collect any guardianship assistance payment or medical assistance which the Department would not have provided had the guardian complied with the provisions of the guardianship assistance agreement.

### Guardianship Assistance Agreement Requirements

(1) Before a guardian may receive guardianship assistance, there must be a negotiated written guardianship assistance agreement between the Department and the potential guardian or guardian signed by all parties prior to the court order establishing the legal guardianship.

(2) The guardianship assistance agreement must include each of the following:

(a) A statement indicating that a guardianship assistance agreement remains in effect without regard to the state of residency of the guardian.

(b) The effective date of the initial guardianship assistance agreement is the date of the court order of guardianship.

(c) That the Department will pay the nonrecurring guardianship expenses associated with obtaining legal guardianship of the child, to the extent the nonrecurring guardianship expenses do not exceed \$2,000 per child.

(d) That the child or young adult for whom the Department is providing a guardianship assistance payment remains eligible for medical assistance provided:

(A) The guardianship remains in effect;

(B) A payment is being made; and

(C) The child or young adult is placed in the United States, a territory or possession thereof, or the District of Columbia.

(e) Information regarding garnishment of guardianship assistance payments as set forth in OAR 413-070-0939(10).

(f) That the guardian agrees to comply with the reporting requirements under OAR 413-070-0964.

(g) That the guardian understands that a guardianship assistance agreement may be reviewed and the guardianship assistance may be adjusted, suspended or terminated under OAR 413-070-0974.

(h) A statement indicating that the guardian understands that the provisions of ORS 192.520 allow the Oregon Health Plan (OHP) and the OHP managed care plans to exchange the following protected health information without the guardian's, child's or young adult's authorization for the purpose of treatment activities related to the behavioral or physical health of the child or young adult when the child or young adult is the recipient of OHP services:

(A) The name and Medicaid recipient number of the child or young adult;

(B) The name of the child or young adult's hospital or medical provider;

(C) The hospital or medical provider's Medicaid number;

(D) Each diagnosis for the child or young adult;

(E) Each treatment activity's date of service;

(F) Each treatment activity's procedure or revenue code;

(G) The quantity of units or services provided; and

(H) Information about medication prescription and monitoring.

# ADMINISTRATIVE RULES

(i) The amount of the guardianship assistance and the manner in which it is to be provided.

(j) The basis and requirements for periodic changes in the guardianship assistance payment, in consultation with the guardian, based on the circumstances of the guardian and the needs of the child or young adult.

(k) The additional services and assistance for which the child or young adult and guardian are eligible under the agreement and the procedure by which the guardian may apply for such services.

(3) The Department must provide the guardian with a copy of the guardianship assistance agreement.

### Court Order of Guardianship

(1) Guardianship assistance may only be provided for a legal guardianship established under ORS 419B.365 or 419B.366, as provided under ORS 419B.367 to 419B.369, or as provided by the statutory code or laws of a participating tribe.

(2) The Department or participating tribe may not pursue a court order establishing an assisted guardianship until a guardianship assistance agreement between the Department and the potential guardian has been signed by all parties.

(3) The Department or participating tribe, through counsel if the child is in the legal custody of the Department, must move the court for an order establishing the guardianship and, when the child is in the legal custody of the Department or participating tribe, directing one of the following:

(a) Termination of Department or participating tribe's legal custody and dismissal of the Department or participating tribe as a party to the case; or

(b) If the child has been committed permanently to the Department, an order setting aside the order of permanent commitment and relieving the Department of responsibility for the care, placement, and supervision of the child.

(4) The Department may not provide guardianship assistance if the court establishes guardianship but orders the Department or participating tribe to continue supervision of the child or guardian.

(5) The guardian is not eligible for payments provided under Child Welfare Policies I-E.5.1, "Foster Care Payments for a Child or Young Adult Living with a Certified Family or Living Independently" OAR 413-090-0000 to 413-090-0050 and I-E.5.1.2, "Personal Care Services" OAR 413-090-0100 to 413-090-0210 once the guardianship is effective and the Department's or participating tribe's custody of the child is dismissed by court order.

### Changes That Must Be Reported and Annual Report

(1) A guardian receiving guardianship assistance must report immediately, orally or in writing, to the Adoption Assistance and Guardianship Assistance Unit any of the following:

(a) A change of address;

(b) A planned move by the guardian, child or young adult from his or her state of residency; or

(c) Any circumstance described in OAR 413-070-0974(2).

(2) The guardian, within 30 days after each annual anniversary of the court appointment of guardianship, must file a written report with the court and submit a copy of the report to the Adoption Assistance and Guardianship Assistance Unit.

(3) When the court does not require an annual report under section (2) of this rule as part of the appointment of guardianship, the Department requires the guardian to submit an annual report to the Adoption Assistance and Guardianship Assistance Unit within 30 days after each anniversary of the appointment of guardianship.

### Renegotiation of a Guardianship Assistance Agreement

(1) A potential guardian or guardian may request that the Department consider renegotiation of the guardianship assistance agreement. The request for renegotiation must:

(a) Be in writing in a format provided by the Department to the potential guardian or guardian;

(b) Document changes in the circumstances of the potential guardian or guardian, when applicable;

(c) Document the needs of the child or young adult;

(d) Provide information about the financial expenses of the potential guardian or guardian in meeting the needs of the child or young adult;

(e) Provide information about the expenses required to meet the needs of the child or young adult; and

(f) Provide additional documentation of the child or young adult's current behaviors when the child or young adult meets the eligibility requirements for consideration of a level of care payment under OAR 413-020-0230 and the potential guardian or guardian is requesting a level of care payment.

(2) Renegotiation of the guardianship assistance base rate will be conducted as described in OAR 413-070-0939(2) and (3).

(3) Referrals for CANS screenings are described in OAR 413-020-0230.

(4) The Department may require a renegotiation of the guardianship assistance agreement when the Department determines that the child or young adult is eligible for guardianship assistance in a different amount, as described in OAR 413-070-0974.

(5) A new guardianship assistance agreement must be signed by all parties each time a new guardianship assistance payment is agreed upon by the potential guardian or guardian and the Department.

(6) Unless section (7) of this rule applies, the Department may authorize a renegotiated guardianship assistance payment increase or decrease beginning on a date no earlier than the first day of the month in which the Department receives the written request for renegotiation.

(7) The Department may approve up to twelve months of retroactive payments unless a contested case hearing was requested and a subsequent decision necessitates a payment of more than twelve months. The decision includes any decision by the Department including:

(a) A final order;

(b) A stipulated final order;

(c) A settlement agreement; or

(d) Any other agreement resulting in withdrawal of the contested case.

### Review, Adjustment, Suspension, and Termination of Guardianship Assistance

(1) The Department may review a guardianship assistance agreement when the Department:

(a) Receives information indicating that the child or young adult may no longer be eligible for guardianship assistance or may be eligible for guardianship assistance in a different amount;

# ADMINISTRATIVE RULES

(b) Determines, when the child or young adult is not residing in the home of the guardian, that periodic reviews of the guardianship assistance agreement are required;

(c) Has not received the required annual report from the guardian; or

(d) Receives information that indicates a review is necessary based on a change in the needs of the child or family circumstance.

(2) The Department may review a guardianship assistance agreement, upon being informed of any one of the following circumstances:

(a) The child or young adult:

(A) Is out of the home of the potential guardian or guardian for more than a thirty day period.

(B) Has a change in needs including but not limited to eligibility for a change in the level of care payment based on a new CANS screening.

(C) Is placed in substitute care.

(D) Is no longer receiving financial support from the guardian.

(E) Is incarcerated for more than three consecutive months.

(F) Is adopted.

(G) Is emancipated.

(H) Has a change in any benefit received other than tribal dividend payments.

(I) Marries.

(J) Dies.

(b) The young adult no longer meets the requirements of OAR 413-070-0917(2).

(c) The guardian:

(A) Is no longer legally responsible for the financial support of the child or young adult.

(B) Has not complied with the requirements of the guardianship assistance agreement.

(C) Terminates the guardianship.

(D) Dies.

(d) The court:

(A) Vacates the guardianship.

(B) Modifies the guardianship.

(C) Terminates wardship over the child or young adult.

(D) Awards child custody or guardianship to another individual.

(3) Department review of a guardianship assistance agreement may result in a renegotiation, suspension, adjustment or termination of the guardianship assistance agreement or guardianship assistance payment or both.

(4) After a review and on a case-by-case basis, the Department may terminate a guardianship assistance agreement upon ten days written notice to the potential guardian or guardian when the Department determines that:

(a) The potential guardian or guardian is no longer responsible for the child or young adult;

(b) The potential guardian or guardian is no longer providing support to the child or young adult;

(c) The child or young adult is no longer eligible for guardianship assistance or is eligible for guardianship assistance in a different amount; or

(d) Continued guardianship assistance is no longer appropriate.

(5) The Department must terminate guardianship assistance for a child or young adult effective on the date of any one of the following:

(a) The child is emancipated.

(b) Child custody or guardianship is awarded to another individual.

(c) The child or young adult dies.

(d) The child or young adult marries.

(e) The child or young adult is adopted.

(f) The guardian dies or, in the case of more than one guardian, both die.

(g) The guardian terminates the guardianship.

(h) A young adult receiving guardianship no longer meets the requirements of OAR 413-070-0917(2).

(6) When there is an across-the-board reduction or increase in the base rate payment or level of care payment, the Department, following a case-by-case review, based on the specific needs of the child or young adult and without concurrence of the guardian, may adjust the guardianship assistance payment to an amount that does not exceed the new foster care payment the child or young adult would receive if currently in foster care. In the case of a reduction, only those payments that exceed the amount the child or young adult would be eligible for if currently in foster care would be reduced and the reduction would only be to the amount that the child or young adult would be eligible to receive if currently in foster care.

(7) The guardianship assistance agreement automatically expires when the child reaches the age of 18 or, when an extension has been grant-

ed under OAR 413-070-0917(2), up to the age of 21 as documented in the guardianship assistance agreement.

### Guardianship Assistance Review Committee and Appeals Procedure

(1) The *Guardianship Assistance Review Committee* serves as a consultation and review body for the Guardianship Assistance program.

(a) Guardianship Assistance program staff may refer unusual or exceptionally costly benefit requests to the *Guardianship Assistance Review Committee* for consultation; or

(b) If, during negotiations of guardianship assistance benefits, Guardianship Assistance program staff and the guardian family or prospective guardian family is unable to reach agreement, the matter may be referred to the *Guardianship Assistance Review Committee* for review at the request of Guardianship Assistance program staff or the guardian family or prospective guardian family.

(2) The guardian family or prospective guardian family and the family's assigned caseworker must provide written documentation for the Committee's consideration.

(3) The caseworker for the prospective guardian family may participate in a *Guardianship Assistance Review Committee* meeting by telephone.

(4) The *Guardianship Assistance Review Committee* reviews relevant materials and provides a recommendation regarding the level of benefits to the Department's guardianship assistance coordinator. The *Guardianship Assistance Review Committee* must consider the special needs of the child and the financial circumstances of the guardian family or prospective guardian family.

(5) If the guardian family or prospective guardian family is unsatisfied with the *guardianship assistance* offer made by the *Guardianship Assistance Review Committee*, the family may request further review by the Department's Adoption and Guardianship Program Manager.

(6) A request for further review must be made in writing and received by the Department's Adoption and Guardianship Program Manager within 14 days from the date the *Guardianship Assistance Review Committee* recommendation is provided to the guardian family or prospective guardian family.

(7) The Adoption and Guardianship Program Manager reviews the material and makes a decision within 60 days from the date of the *Guardianship Assistance Review Committee* recommendation.

(8) After receipt of the Adoption and Guardianship Program Manager's decision, the guardian family or prospective guardian family may request a contested case hearing as provided in Child Welfare Policy I-A.5.2, "Contested Case Hearings" OAR 413-010-0500 to 413-010-0535.

## 413-090-0005

### Definitions

The following definitions apply to OAR 413-090-0000 to 413-090-0050:

(1) "Adoption assistance payment" means a monthly payment made by the Department to the pre-adoptive family or adoptive family on behalf of an eligible child or young adult.

(2) "Base rate payment" means a payment to the foster parent or relative caregiver for the costs of providing the child or young adult with the following:

(a) Food — including the cost to cover a child or young adult's special or unique nutritional needs;

(b) Clothing — including purchase and replacement;

(c) Housing — including maintenance of household utilities, furnishings, and equipment;

(d) Daily supervision — including teaching and directing to ensure safety and well-being at a level which is appropriate based on the chronological age of the child or young adult;

(e) Personal incidentals — including personal care items, entertainment, reading materials, and miscellaneous items; and

(f) The cost of providing transportation — including local travel associated with expenditure for gas and oil, and vehicle maintenance and repair associated with transportation to and from extracurricular, child care, recreational, and cultural activities.

(3) "CANS screening" means Child and Adolescent Needs and Strengths screening, a process of gathering information on a child or young adult's needs and strengths used for one or more of the following purposes:

(a) Identifying case planning, service planning, and supervision needs of the child or young adult in substitute care with a certified family; and

(b) Determining the level of care payment while in substitute care with a certified family; and

(c) Determining the level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

(4) "Certified family" means an individual or individuals who hold a current Certificate of Approval from the Department to operate a home to provide care, in the home in which they reside, to a child or young adult in the care or custody of the Department.

(5) "Chafee housing payment" means a payment to assist in covering the costs of room and board made to an eligible individual between 18 and 20 years of age who was discharged from the care and custody of the Department or one of the federally recognized tribes on or after reaching 18 years of age.

(6) "Child" means a person under 18 years of age.

(7) "Department" means the Department of Human Services, Child Welfare.

(8) "Dependent parent" means a child or young adult in the legal custody of the Department who is the parent of a child.

(9) "Enhanced shelter care payment" means a limited term payment provided to a certified family when a child or young adult in the care or custody of the Department moves to a certified family's home from a placement with a Behavior Rehabilitation Service provider and there is no current level of care determination applicable to the child or young adult.

(10) "Enhanced supervision" means the additional support, direction, observation, and guidance necessary to promote and ensure the safety and well-being of a child or young adult when the child or young adult qualifies for a level of care payment.

(11) "Foster care payments" means one or more of the following payments to a certified family, authorized at rates established by the Department, for the board and care of a child or young adult for whom the Department has placement and care responsibility:

(a) The base rate payment;

(b) The level of care payment, if any;

(c) Shelter care payment or enhanced shelter care payment;

(d) Mileage reimbursement, paid at the current Department mileage reimbursement rate paid to child welfare staff, for transportation of a child or young adult remaining in the same school he or she was attending prior to placement in substitute care; and

(e) The board and care of the child of a dependent parent, unless the dependent parent receives cash benefits under a program administered by the Department of Human Services under chapter 461 of the Oregon Administrative Rules.

(12) "Guardian" means an individual who has been granted guardianship of the child through a judgment of the court.

(13) "Guardianship assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the guardian of an eligible child or young adult setting forth the assistance the Department is to provide on behalf of the child or young adult, the responsibilities of the guardian and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(14) "Independent living housing subsidy" means a payment to assist in covering the costs of room, board, or other monthly expenses made to an eligible individual who is in the care and custody of the Department and living independently.

(15) "Level of care payment" means the payment provided to an approved or certified family, a guardian, a pre-adoptive family or an adoptive family based on the need for enhanced supervision of the child or young adult as determined by applying the CANS algorithm to the results of the CANS screening.

(16) "Potential guardian" means an individual who:

(a) Has been approved by the Department or participating tribe to be a child's guardian; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(17) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be a child's adoptive family; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(18) "Shelter care payment" means a payment provided to a certified family during the first 20 days of substitute care for a child or young adult in the care or custody of the Department.

(19) "Young adult" means a person aged 18 through 20 years.

## 413-090-0010

### Authorized Payments

#### (1) Family Foster Care.

(a) Shelter care payment. The Department reimburses a certified family a shelter care payment on behalf of a child or young adult during the first twenty days of substitute care after the Department has obtained physical or legal custody of the child or young adult. The daily shelter care payment is:

- (A) \$24.60 for a child five years or younger;
- (B) \$28.00 for a child 6 through 12 years of age; and
- (C) \$31.60 for a child or young adult 13 through 20 years of age.

(b) Base rate payment. The Department reimburses a certified family a base rate payment on behalf of a child or young adult in the Department's physical or legal custody when a child or young adult is placed in the certified family's home.

(A) Payment is made on a monthly basis, or prorated for a portion of a month, when the base rate payment is for less than all days in the month, and made after the month in which the care has been provided.

(B) The base rate payment starts the twenty-first day of a child's placement in substitute care and includes the day the child or young adult enters the home, but excludes the day the child or young adult leaves the home.

(C) The base rate payment is:

- (i) \$639 per month for a child five years or younger;
- (ii) \$728 per month for a child 6 through 12 years of age; and
- (iii) \$823 per month for a child or young adult 13 through 20 years of age.

(D) The Department does not reimburse the base rate payment to a certified family when reimbursement for shelter care payment or enhanced shelter care payment applies.

(c) Enhanced shelter care payment. The Department reimburses a certified family an enhanced shelter care payment rate on behalf of a child or young adult during the first 20 days of substitute care with a certified family after a child or young adult has been in placement with a Behavior Rehabilitation Service provider and there is no current level of care payment determination applicable to the child or young adult. The daily enhanced shelter care payment is:

- (A) \$29.40 for a child five years or younger;
- (B) \$33.50 for a child 6 through 12 years of age; and
- (C) \$37.90 for a child or young adult 13 through 20 years of age.

(d) Mileage reimbursement. The Department reimburses a certified family for mileage, paid at the current Department mileage reimbursement rate paid to child welfare staff, when the certified family must provide transportation for a child or young adult in order to remain in the same school he or she was attending prior to placement in substitute care.

(2) Level of care payment.

(a) The Department reimburses a level of care payment to a certified family on behalf of a child or young adult when the CANS screening results indicate the child or young adult has enhanced supervision needs.

(b) The initial level of care payment to a certified family begins:

- (A) No earlier than the twenty first day of substitute care; or
- (B) Ninety days prior to the date an initial CANS screening was approved for a child or young adult in substitute care over 111 days.

(c) A level of care payment to a certified family may commence the first day following the end of enhanced shelter care payment.

(d) The Foster Care Program Manager may approve commencing the level of care payment beyond the timeframes in subsections (b) and (c) of this section when a delay in scheduling, completing, scoring or approving the CANS screening results in a potential loss or interruption of a level of care payment.

(e) When the CANS screening results indicate the child or the young adult eligible for adoption assistance or guardianship assistance needs enhanced supervision, the Department includes the level of care payment in:

(A) An adoption assistance agreement with a pre-adoptive family or an adoptive family pursuant to Child Welfare Policy I-G.3.1, "Adoption Assistance" OAR 413-130-0000 to 413-130-0130; or

(B) A guardianship assistance agreement with a potential guardian or a guardian pursuant to Child Welfare Policy I-E.3.6.2, "Guardianship Assistance", OAR 413-070-0900 to 413-070-0979.

(f) A CANS screener rates each element of a child or young adult's behavior and functioning through the CANS screening on a scale of zero to three and the ratings determine whether a child or young adult meets the criteria for one of three levels of care. These ratings are determined using the following exhibits, which by this reference are incorporated into this rule:

(A) DHS 9601 — Child and Adolescent Needs and Strengths Comprehensive Screening Tool Ages Birth through Five, adopted January 5, 2009 and revised in June, 2011.

(B) DHS 9602 — Child and Adolescent Needs and Strengths Comprehensive Screening Tool Ages Six through Twenty, adopted January 5, 2009 and revised in June 2011.

(C) Child and Adolescent Needs and Strengths Algorithm, adopted February 9, 2009.

(D) The Department maintains these documents on the Department's website. Printed copies of all three exhibits may be obtained by contacting the Department of Human Services, Children, Adults and Families, ATTN: Level of Care Manager, 500 Summer Street NE, E93, Salem, OR 97301.

(g) The level of care payment is:

- (A) \$212 per month for Level 1 (moderate needs).
- (B) \$414 per month for Level 2 (intermediate needs).
- (C) \$850 per month for Level 3 (advanced needs).

(3) The Department reimburses a certified family an applicable base rate payment for a child of a dependent parent when both are living with the certified family unless the dependent parent receives a TANF grant under programs administered by the Department of Human Services under chapter 461 of the Oregon Administrative Rules or has other means of financial support.

(4) The Department reimburses a Chafee housing payment or an independent living housing subsidy to an eligible individual up to a maximum of \$600 per month of eligibility pursuant to Child Welfare Policy I-B.2.3.5, "Youth Transitions", OAR 413-030-0400 to 413-030-0460.

(5) Payments prohibited. The Department may not authorize payment for the care of a child or young adult to more than one certified family per day.

(6) A payment by the Department under this rule is inalienable by any assignment or transfer and exempt from execution, levy, attachment, and garnishment under the laws of the state of Oregon.

### Periodic Review of Eligibility for Level of Care Payments

(1) When the Department conducts a CANS screening for a child or young adult in substitute care under subsection (1)(b) of OAR 413-020-0230 and the results indicate the child or young adult's level of care has changed, the Department adjusts the child or young adult's level of care payment as follows:

(a) When a level of care payment increases, change in payment begins the first day of the month in which the increased level of care payment was approved.

(b) When a level of care payment decreases, change in payment begins the first day of the month following the month in which the decreased level of care payment was approved unless continuing benefits have been requested through a request for a contested case hearing.

(2) When the Department determines, denies, adjusts or terminates a level of care payment to a child or young adult living with a certified family, the Department follows Child Welfare Policy I-A.5.2, "Contested Case Hearings" OAR 413-010-0500 to 413-010-0535.

(3) A CANS screening may be conducted for a child or young adult living with a potential guardian, a guardian, a pre-adoptive family, or an adoptive family when a referral is received pursuant to OAR 413-020-0230(3).

### Payment for Temporary Absences from Family Foster Care

(1) The Department may continue the base rate payment and any level of care payment to the certified family during a child or young adult's temporary absence from the home for 14 days or less, when:

(a) The plan is for the child or young adult to return to the care of the same certified family; and

(b) No other certified family is receiving a base rate payment or level of care payment for the child or young adult during the period of the absence.

(2) Hospitalization. The Department may continue the base rate payment and level of care payment to the certified family when the child or young adult requires hospitalization for medical treatment and the certified family continues to exercise caregiving responsibilities in anticipation of the return of the child or young adult. Hospitalization for medical treatment is not considered a substitute care placement with a duplicate payment.

### Payments During Adoptive Supervision

When a child is free for adoption and placed in an approved or certified family's home designated by the Department's Adoption Program Manager as the child's pre-adoptive family, the Department pays base rate payment and any level of care payment to the pre-adoptive family until the adoption assistance payment commences. See Child Welfare Policy I-G.3.1, "Adoption Assistance", OAR 413-130-0000 to 413-130-0130 for the adoption assistance eligibility requirements of the Adoption Assistance Program.

### Out-of-State Payment to a Certified Family Moving to Another State

(1) A certified family who receives Department approval to move out-of-state with a child that the Department has placed in the home may continue to receive base rate and level of care for that child or young adult for up to 180 days or until licensed or certified in the receiving state, whichever is earlier.

(2) The Administrator of the Office of Permanency and Safety for Children or the Foster Care Program Manager may extend the 180 day limit for continuing to receive current base rate payment and level of care payment when the licensure or certification process in the receiving state has not been completed due to circumstances beyond the control of the Department.

(3) Once the home is licensed or certified in the receiving state, the Department authorizes payment at Oregon's established base rate payment and level of care payment rates.

## 413-100-0000

### Purpose

The purpose of these rules, OAR 413-100-0000 to 413-100-0345, is to describe the Department's responsibilities and criteria for making Title IV-E eligibility determinations for children in substitute care for whom the Department has placement and care responsibility and Adoption Assistance and Guardianship Assistance Title IV-E eligibility determinations. These determinations are used to ensure proper federal reimbursement.

## 413-100-0010

### Eligibility Requirements

(1) The Adoption Assistance and Child Welfare Act of 1980, Public Law 96-272, took effect on June 17, 1980. It amended Title IV-E of the Social Security Act, which provides federal payments to the states for foster care maintenance and adoption assistance payments made on behalf of certain eligible children. The Adoption and Safe Families Act (ASFA) took effect on November 18, 1997, and enacted further federal requirements for claiming these funds and enhancing permanency for children. The Deficit Reduction Act of 2005 took effect on February 8, 2006, and further clarified the federal requirements for Title IV-E foster care maintenance, adoption assistance, medical coverage, and administrative funds.

(2) The Administration for Children and Families is the federal agency that adopts regulations and monitors the States' Title IV-E foster care and adoption assistance programs. Oregon's Title IV-E program is administered by the Department of Human Services. The Department of Human Services acts as the applicant for the child and provides Title IV-E foster care payments to foster parents on behalf of eligible children, consistent with:

(a) The standards established by state and federal legislation and regulations, federal policy, and the State plan for the Title IV-E program; and

(b) The established financial and parental deprivation standards for the Aid to Families with Dependent Children (AFDC) program, which was in effect on July 16, 1996, excluding changes implemented by the Oregon Options Waiver.

(3) The Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949-3981) was signed into law on October 7, 2008 enacting further federal requirements to help youth in foster care by promoting permanent families for children and young adults through relative guardianship and adoption and improving education and health care. Additionally --

(a) Effective April 1, 2010, the Act delinks Title IV-E eligibility redeterminations from AFDC eligibility; and

(b) Effective October 1, 2010, the Act extends federal support for young adults in foster care, guardianship, and adoption through 20 years of age.

## 413-100-0020

### Definitions

The following definitions apply to OAR 413-100-0000 to 413-100-0345:

(1) "AFDC" means the Aid to Families with Dependent Children Program as it existed on July 16, 1996, excluding changes implemented by the Oregon Options Waiver.

(2) "Assistance unit" means a group of individuals whose needs, income, and resources are considered together to determine their public assistance eligibility and the grant amount.

(3) "Child" means a person under 18 years of age.

(4) "Child care institution" means a private child care institution, or a public child care institution which accommodates no more than 25 children, licensed by the state or tribe in which it is situated or approved by the agency of the state or tribal licensing authority (with respect to child care institutions on or near Indian reservations) responsible for licensing or approval of institutions of this type as meeting the standards established for such licensing or approval. "Child care institution" does not include detention facilities, forestry camps, training schools, or any other facility operated primarily for the detention of children who are determined to be delinquent.

(5) "Child support" means any voluntary or court-ordered contribution by an absent parent. Support includes, but is not limited to, money payments, education, and necessary and proper shelter, food, clothing, and medical attention.

(6) "Constructive removal" means the non-physical, paper, or legal removal of a child who is not living with a specified relative when the voluntary custody or voluntary placement agreement is signed or the judicial order is entered. Constructive removal is described further in OAR 413-100-0135(3)(b).

(7) "Countable income" means the amount of available income, including earned and unearned income not specifically excluded by OAR 461-140-0040, used to determine eligibility for public assistance.

(8) "Date the child is considered to have entered foster care" means the earlier of the following:

(a) The date that the court found the child to be within the jurisdiction of the court under ORS 419B.100; or

(b) 60 days from the date of removal.

(9) "Department" means the Department of Human Services, Child Welfare.

(10) "Earned income" means all legal reportable income resulting from an individual's employment or self-employment.

(11) "Eligibility month" means --

(a) The month in which the court was petitioned or court action was initiated that resulted in the child's "constructive" or "physical" removal from the home of his or her specified relative; or

(b) The month a voluntary custody or voluntary placement agreement is signed.

(12) "Family" means for purposes of determining Title IV-E foster care eligibility under these rules, the parent or parents, stepparent, or relative or relatives from whom the child is removed.

(13) "First cousin once-removed" means a child of a first cousin.

(14) "Foster care" means 24 hour substitute care for children placed away from their parents or guardians and for whom the Department has placement and care responsibility. This includes but is not limited to placements in foster family homes, foster homes of relatives, group homes, emergency shelters, residential facilities, child care institutions, and pre-adoptive homes. A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the Department or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of the adoption, or whether there is Federal matching of any payments that are made.

(15) "Foster home", as defined in ORS 418.625(3), means any home maintained by a person who has under the care of the person in such home any child under the age of 21 years unattended by the child's parent or guardian, for the purpose of providing such child with care, food, and lodging. This definition does not include any foster home under the direct supervision of a private child caring agency or institution certified by the Department, any home under the direct supervision of a custodial parent for the purpose of providing respite care, or any developmental disability child foster home as defined in ORS 443.830.

(16) "Incapacity" means a physical or mental defect, illness, or impairment that reduces substantially or eliminates the individual's ability to support or care for the child and may be expected to last a period of at least 30 days.

(17) "Indian child" means any unmarried person who is under age 18 and is either:

(a) A member of an Indian tribe; or

(b) Eligible for membership in an Indian tribe and the biological child of a member of an Indian tribe.

(18) "Need" means, using the Department AFDC standards, the monetary amount by which an individual or family's requirements exceeds all of the income and resources available to the individual or family.

(19) "Nunc pro tunc order" means, under Oregon law, a court order that restores to the record an action that actually occurred, but was inadvertently or mistakenly omitted from the record.

(20) "Parent" means, under the AFDC rules in effect on July 16, 1996, the biological or legal (step or adoptive) mother or father of a person.

(a) If the mother lives with a male, who either she or he claims is the father of the child, and no one else claims to be the father, he is treated as the father even if paternity has not been legally established.

(b) The Voluntary Acknowledgment Form (HS 45-21, available from Vital Statistics) jointly signed by the mother and putative father, is a legal document that establishes paternity and allows the father's name to be added to the birth certificate.

(c) A stepparent relationship exists if:

(A) The person is legally married to the child's biological or adoptive parent; and

(B) The marriage has not been terminated by legal separation, divorce or death.

(d) A legal adoption erases all prior legal and blood relationships and establishes the adoptive parent as the legal parent. However, the biological parent is also considered a parent if both of the following are true:

(A) The child lives with the biological parent; and

# ADMINISTRATIVE RULES

(B) The legal parent, who is the adoptive parent, has given up care, control, and supervision of the child.

(21) "Payment or need standard" means the amount set by the Department as the AFDC net income limit. It is used to determine the actual grant amount. This amount refers to the payment or need standard in effect on July 16, 1996.

(22) "Physical removal" means the removal of a child that occurs when a child is placed in substitute care, who was living with the specified relative when the voluntary custody or voluntary placement agreement was signed or court proceedings were initiated.

(23) "Removal home" means the home from which the child was removed as a result of a judicial finding, voluntary custody agreement, or voluntary placement agreement. This term is further described at OAR 413-100-0135(3).

(24) "Resource" means any personal or real property that is or can be made available to meet the need of the assistance unit that the Department does not specifically exclude from consideration.

(25) "Specified relative" means:

(a) A parent as defined in this rule;

(b) Any blood relative or half-blood relative, including persons of preceding generations denoted by the prefixes of grand, great, or great-great (persons with one common biological parent are half-blood relatives);

(c) A sibling, aunt, uncle, nephew, niece, first cousin, and first cousin once-removed;

(d) A person who legally adopts a child or the child's parent, other legally adopted children of such persons, and any persons related to the child through the adoption who meet the degree of relationship specified in subsection (b) or (c) of this section;

(e) A stepmother, stepfather, stepbrother, or stepsister; or

(f) A spouse of anyone listed in subsections (b) to (e) of this section, even if the marriage is terminated by death or divorce.

(26) "Unearned income" means all income that does not directly result from an individual's employment or self-employment.

(27) "Young adult" means a person aged 18 through 20 years.

### Certification Documentation Requirements for Title IV-E Foster Care

(1) Documentation of a certificate or license is required in the case file, certification file, or licensing file.

(2) The following documentation is required for an out-of-state foster home placement:

(a) Verification that the out-of-state foster home or child caring agency is certified, licensed, or approved by the agency in that state which is responsible for licensing or approval of such facilities; or

(b) In states where relative homes are not certified, a statement in writing that the home would meet the state's standards for certification or licensure, including a statement of the period of time for which a formal license or certificate would be issued for that home and a copy of the verification that a criminal history check was completed and approved.

### Title IV-E Reimbursable Placements and Payments

(1) To be Title IV-E eligible and reimbursable, a child or young adult must be placed in a Title IV-E reimbursable placement.

(2) Reimbursable Placements. There are four types of out-of-home placements that meet the Title IV-E foster care definition of a reimbursable placement. They are:

(a) The home of a certified non-relative foster parent;

(b) The home of a certified relative caregiver;

(c) A private, non-medical group home or crisis residential center licensed by the state; or

(d) A public non-medical group home or child caring agency with a licensed capacity of less than 26 beds.

(3) Foster care maintenance payments are made only on behalf of an eligible child or young adult who is:

(a) In the foster family home of an individual, whether the payments are made to such individual, a public or private child placement, or a child caring agency; or

(b) In a child care institution, whether the payments are made to such institution, a public or private child placement, or a child caring agency.

(4) Reimbursable Payments. Title IV-E foster care maintenance payments for a child or young adult in foster care may cover expenses listed in the following subsections:

(a) The cost for and the cost of providing food, clothing, shelter, daily supervision, school supplies, a child or young adult's personal incidentals, liability insurance with respect to the child or young adult, and reasonable travel to the child or young adult's home for visitation with family or other caretakers, and reasonable travel for the child to remain in the school in which the child is enrolled at the time of placement. Local travel associated with providing the items listed in this subsection also is an allowable expense.

(b) For a child care institution, the Title IV-E foster care maintenance payment must include reimbursement for the institution's reasonable administrative and operating expenses required to provide the items described in subsection (a) of this section.

### Application for Title IV-E Foster Care

(1) A child or young adult in substitute care for whom the Department has responsibility for placement and care must be referred for a Title IV-E eligibility determination.

(2) Under no circumstances may Title IV-E foster care eligibility or reimbursement be authorized on behalf of any child or young adult prior to the establishment of eligibility by the Department's Title IV-E Eligibility Specialist. A child or young adult may not be Title IV-E eligible based on presumed eligibility.

### Effective Eligibility Date

The effective date of a child or young adult's Title IV-E eligibility is the date when all of the other eligibility criteria prescribed in OAR 413-100-0020 to 413-100-0320 are met and one of the following applies:

(1) The date of the child or young adult's placement in substitute care, if the Department is responsible for the child or young adult's placement and care.

(2) The first of the month in which the Department obtains responsibility for the child or young adult's placement and care if the child or young adult enters substitute care prior to the Department obtaining placement and care responsibility.

(3) The first of the month in which the "reasonable efforts" finding is made when the court delays making the finding, as long as the Reasonable Efforts to Prevent the Removal finding is obtained within 60 days of placement.

(4) When the Department has retained responsibility for placement and care and the child or young adult is returning to foster care from a trial home visit, the placement date or the date that the child or young adult meets all Title IV-E eligibility criteria after a Title IV-E redetermination of eligibility under OAR 413-100-0270 is completed.

(5) When the Department has retained responsibility for placement and care and the court has retained wardship, and the child or young adult returning to foster care is not considered to have been on a trial home visit, the date the Department completes a new Title IV-E eligibility determination under these rules, OAR 413-100-0000 to 413-100-0345.

(6) The first of the month in which the voluntary placement agreement or voluntary custody agreement is signed by each party, if placement occurs prior to the signing of the agreement.

(7) The date of placement in a certified relative caregiver home when the relative has received a TANF non-needy (NNR) grant and repayment is authorized to the TANF agency.

# ADMINISTRATIVE RULES

(8) The effective certification date of the relative caregiver's home when a TANF non-needy (NNR) grant has not been received.

(9) The effective certification date when the Department of Human Services Financial Services unit has reimbursed the Department of Human Services Office of Self Sufficiency Programs for the relative caregiver's TANF non-needy (NNR) grant retroactive to the certification date.

(10) The first of the month in which a non-certified home becomes certified, if the child or young adult was placed in the home at that time.

(11) When applicable, the date the child or young adult is no longer receiving SSI benefits.

### Effective Closure Date

The effective closure date for cases no longer meeting Title IV-E eligibility criteria is the earliest of the following:

(1) The end of the month in which eligibility ceased to exist.

(2) Retroactive to the end of the month in which eligibility ceased to exist, even if the information that ended the child or young adult's eligibility became known to the Department after the fact.

(3) The date that the custodial or non-custodial parent or the parents establish residency in the home in which the child or young adult resides if one or both parents are providing caretaking responsibility for the child or young adult.

(4) The date the foster parent or relative caregiver's certificate of approval or a child caring agency's license expires or is revoked.

(5) The 181st day of placement for a voluntary placement if a court has not approved the continuation of the placement within 180 days of the date that the child or young adult was placed. The placement date, not the date that the agreement was signed, begins the 180-day count.

(6) The date of the child or young adult's placement in a facility that is considered to be outside the scope of foster care.

(7) The date that the Department ceases to have responsibility for the placement and care of the child or young adult.

(8) The date the child is emancipated.

(9) The date the young adult no longer meets the age requirements for Title IV-E eligibility under OAR 413-100-0230.

### Verification of Eligibility

(1) When the Department determines a child or young adult is ineligible for Title IV-E foster care, based on the information available at the time of the initial determination, the child or young adult is not eligible for Title IV-E foster care maintenance payments for the entire duration of that substitute care episode.

(2) To verify Title IV-E foster care eligibility, the Department must obtain acceptable documentary evidence to support certain eligibility factors. The Department determines which eligibility factors require verification and the types of acceptable documentary evidence. The Department may:

(a) Decide to require verification of additional eligibility factors; and

(b) Deny an application or end ongoing benefits when acceptable verification is not provided or available.

(3) Verification is required for the following eligibility factors:

(a) Residency;

(b) U.S. Citizenship status;

(c) Age;

(d) Removal from the home of the specified relative;

(e) Judicial language in Court Orders;

(f) Countable family, child, or young adult income and benefits;

(g) Parental deprivation;

(h) Family, child, or young adult resources; and

(i) The child or young adult is placed in a certified foster or relative caregiver's home or a licensed child caring agency.

### Eligibility Determinations — AFDC Linkage

(1) For an initial Title IV-E eligibility determination, the Department reconstructs the facts of the removal home to determine if the child or young adult, in the eligibility month, received AFDC or would have been eligible to receive AFDC under rules in effect on July 16, 1996, had an application been made.

(2) AFDC Relatedness. The child or young adult meets the "AFDC relatedness" test if the requirements of one of the following subsections are met:

(a) The child:

(A) Lived with the specified relative within six months of removal;

(B) Received or would have been eligible to receive AFDC in the removal home under the rules in effect on July 16, 1996, in the eligibility month had an application been made; and

(C) Remains within the resource limits that were in effect prior to the implementation of the Oregon Options Waiver under Section 1115 of the Social Security Act, effective July 1, 1996.

(b) The young adult:

(A) Lived with the specified relative within six months of removal prior to age 18;

(B) Received or would have been eligible to receive AFDC in the removal home under the rules in effect on July 16, 1996, in the eligibility month, had an application been made; and

(C) Remains within the resource limits that were in effect prior to the implementation of the Oregon Options Waiver under Section 1115 of the Social Security Act, effective July 1, 1996.

### AFDC Eligibility — Financial Need

(1) A child removed from the home of a specified relative who was not receiving AFDC requires the Department to reconstruct the child's situation to determine whether under rules in effect on July 16, 1996 the child was AFDC eligible.

(2) If the child is physically removed from a parent's home:

(a) The Department:

(A) Considers the income and resources of the parent, parents, or stepparent from whom the child was removed in the eligibility month;

(B) Determines the countable gross earned income of all the family members in the assistance unit including the \$90 standard earned income deduction, when applicable;

(C) Determines the countable unearned income of all the family members in the assistance unit including the \$50 child support deduction, when applicable; and

(D) Excludes SSI or a combination of SSI and SSA benefits as countable income. The Department excludes the parent or child receiving SSI or a combination of SSI and other Social Security benefits and excludes them from the number in the household for AFDC calculations.

(b) An assistance unit is not eligible when all available countable earned and unearned income (in the eligibility month) exceeds the Adjusted Income payment or need standard under rules in effect on July 16, 1996.

(3) If a child is removed from a minor parent who resides in his or her parents' home, the minor parent's parents live together, and the minor parent is under age 18, has never married, and is not legally emancipated, the assets of the parents of the minor parent are deemed as follows:

(a) The resources of the parents of the minor parent are excluded.

(b) The income of the parents of the minor parent is deemed available to the minor parent if the minor parent and his or her child live with the parents of the minor parent.

(c) The amount of the deemed income of the parents of the minor parent is determined as follows:

(A) When applicable, a \$90 earned income deduction is allowed.

(B) The needs of the parents of the minor parent and their dependents, living in the same household and not included in the benefit group, are deducted at the AFDC Payment Standard.

# ADMINISTRATIVE RULES

(C) Amounts paid to the legal dependents of the parents of the minor parent not living in the household are deducted.

(D) Payments of alimony and child support are deducted.

(E) Any remaining income is countable deemed income to the minor parent.

(4) If a child is removed, physically or constructively, from the home of a specified relative who is not a parent of the child, the Department:

(a) Considers the child as a household of one;

(b) Determines the countable earned and unearned income and resources available to the child;

(c) Disregards the income and resources of each caretaker relative;

(d) Includes the child placed in substitute care in the household of one's assistance unit;

(e) Denies Title IV-E eligibility when all available countable income and unearned income (in the eligibility month) exceeds the No Adult payment or need standard for the ADC-BAS and Medically Needy programs under rules in effect on July 16, 1996.

### AFDC Eligibility — Earned Income of Students

(1) A child or young adult with a GED or high school diploma and employed must have his or her earnings considered as income that reduces the maintenance payment, even if they are attending a secondary education program. Otherwise, the child or young adult is not eligible for Title IV-E foster care eligibility.

(2) Effective April 1, 2010, section (1) of this rule no longer applies to Title IV-E eligibility redeterminations.

(3) Earned income is not counted for:

(a) A child, 18 years old or younger, who is a full-time student in grade 12 or below (or the equivalent level of vocational training or GED courses); or

(b) A child, who is a full-time or part-time student (as defined by the institution) in grade 12 or below (or in the equivalent level of vocational training or GED courses), and not employed full-time.

### AFDC Eligibility — Unearned Income

(1) For Title IV-E foster care purposes, all unearned income and benefits potentially available to the child must be counted against his or her maintenance payment on a dollar-for-dollar basis.

(2) Benefits awarded to the child for which the Department is not yet payee and benefits not readily available to the child still must be counted.

(3) Effective April 1, 2010, sections (1) and (2) of this rule no longer apply to Title IV-E eligibility redeterminations.

(4) The following are examples of countable unearned income:

(a) All Social Security benefits;

(b) Veteran's benefits;

(c) Cash contributions from any source;

(d) State or private accident or disability payments;

(e) Personal injury settlements;

(f) Lump sum income (except SOIL and IRS recoveries and lump sum support payments applied in the month of receipt to offset prior months Title IV-E maintenance costs);

(g) Effective April 1, 2010, subsection (f) of this section no longer applies to Title IV-E eligibility redeterminations.

(h) Child support;

(i) Railroad Retirement and other pensions;

(j) Annuities, dividends, interest, royalties.

### AFDC Eligibility — Lump Sum Benefits

(1) Lump sum benefits must be used to offset a child's cost of care. Federal lump sum benefits paid to the Department must be applied retroac-

tively to reimburse the Department from the date paid placement was initiated. The Department must be the representative payee. This can be accomplished by contacting the Children's Benefit Unit of the Department.

(2) A Title IV-E eligible child receiving lump sum benefits exceeding the cost of care is ineligible for Title IV-E foster care during the months that the calculated lump sum exceeds the foster care maintenance payment.

(3) Effective April 1, 2010, sections (1) and (2) of this rule no longer apply to Title IV-E eligibility redeterminations.

### U.S. Citizenship and Qualified Aliens

A Title IV-E eligible child or young adult must be:

(1) A United States citizen; or

(2) A qualified alien is defined by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), P.L. 104-193. Under Section 431 of PRWORA a qualified alien's access to federal public benefits is restricted for five years beginning on the date of the alien's entry into the United States, unless subsection (b), (c), or (d) of this section applies. Under PRWORA a qualified alien is:

(a) An alien lawfully admitted for permanent residence under the Immigration and Nationality Act (the "Act");

(b) An alien granted asylum under Section 208 of the Act;

(c) A refugee admitted to the United States under section 207 of the Act;

(d) An alien paroled into the United States under section 212(d)(5) of the Act for a period of at least one year;

(e) An alien whose deportation is being withheld under Section 243(h) of the Act;

(f) An alien granted conditional entry under section 203(a)(7) of the Act as in effect prior to April 1, 1980;

(g) If the child is a qualified alien who is placed with a qualified alien or United States citizen, the date the child entered the United States is irrelevant and the five-year restriction on federal public benefits does not apply; or

(h) If the child is a qualified alien who entered the United States on or after August 22, 1996, and is placed with an unqualified alien, the child would be subject to the five-year residency requirement for federal public benefits at section 403(a) of PRWORA unless the child is in one of the excepted groups identified at section 403(b).

(1) A child 17 years of age or younger.

(2) At redetermination:

(a) A child, 17 years of age or younger;

(b) A young adult, 18 years of age, regularly attending school or training, and on track to obtain a high school diploma or equivalent.

(A) "Attending" means the student's full-time or half-time school attendance as defined by the school.

(B) A student is considered to be attending school for the full month in which the student completes or discontinues school or training.

(C) "Regularly attending school" means the student is enrolled in and attending any of the following:

(i) A school in grade 12 or below;

(ii) GED classes in lieu of high school; or

(iii) A course of vocational or technical training in lieu of high school.

# ADMINISTRATIVE RULES

(D) A child is considered to be regularly attending school during a training program, vacation, illness, or family emergency.

(c) A young adult, 18 through 20 years of age, who is:

(A) Completing his or her secondary education or a program leading to an equivalent credential;

(B) Enrolled in an institution that provides post-secondary or vocational education;

(C) Participating in a program or activity designed to promote, or remove barriers to employment;

(D) Employed for at least 80 hours per month; or

(E) Determined unable to perform any of the activities in paragraphs (A) to (D) of this section due to a physical condition, mental disability or physical disability documented by medical evidence and regularly updated information in the case plan of the young adult.

### Judicial Finding Requirements for Title IV-E Eligibility

(1) Contrary to the Welfare or Best Interest Findings Requirement. If the child's removal from the home was not the result of a voluntary placement or voluntary custody agreement a child is not Title IV-E eligible for the duration of the substitute care episode, unless the first court ruling that addresses the removal includes a determination to the effect that continued residence in the home would be contrary to the welfare of the child or that placement would be in the best interest of the child.

(2) Reasonable Efforts Finding at Removal. If the child's removal from the home was not the result of a voluntary placement or voluntary custody agreement a child is not Title IV-E eligible for the duration of the substitute care episode, unless a judicial finding is made, no later than 60 days from the date the child was removed, to the effect that reasonable efforts have been made to prevent or eliminate the need for removal or that reasonable efforts are not required to prevent a child's removal from the home or to reunify the child and family.

(3) When a court determines that reasonable efforts to return the child home are not required, a permanency hearing is held within 30 days of that determination, unless the requirements of the permanency hearing were fulfilled at the court hearing in which the court determined that reasonable efforts to reunify the child and family are not required. Reasonable efforts to prevent a child's removal from the home or to reunify the child and family are not required when the Department obtains a judicial finding that such efforts are not required because one or more of the following subsections applies:

(a) The court has determined that the parent has subjected the child to aggravated circumstances;

(b) As described in ORS 419B.340, the court has determined that the parent has been convicted of:

(A) Murder of another child of the parent;

(B) Voluntary manslaughter of another child of the parent;

(C) Aiding or abetting, attempting, conspiring, or soliciting to commit an offense described in subparagraphs (A) or (B) of this subsection;

(D) A felony assault that results in serious bodily injury to the child or another child of the parent; or

(c) The parental rights of the parent with respect to a sibling have been terminated involuntarily.

(4) Annual Reasonable Efforts Finding.

(a) If the child's removal from the home was not the result of a voluntary placement or voluntary custody agreement unless a judicial finding is made, no later than 12 months from the date the child is considered to have entered foster care, to the effect that reasonable efforts have been made for reunification of the family or to achieve the permanency plan, the child is temporarily ineligible for Title IV-E foster care. The child remains temporarily ineligible for Title IV-E foster care until such a judicial finding is made.

(b) At least once every 12 months thereafter while the child or young adult is in foster care, unless a judicial determination of reasonable efforts to finalize a permanency plan is made, the child or young adult is temporarily ineligible for Title IV-E foster care. The date of the child or young adult's last judicial determination determines the date the next judicial determination is due. The child or young adult remains temporarily ineligible for Title IV-E foster care until such a judicial finding is made.

(5) Judicial orders concerning placements.

(a) If the court disagrees with the Department's placement recommendation, Title IV-E eligibility may continue if --

(A) The court heard the relevant testimony and will continue to work with all parties, including the Department, to make appropriate placement decisions; and

(B) The Department continues to have responsibility for the placement and care of the child or young adult.

(b) If the court recommends a placement or names the child or young adult's placement in the court order as an endorsement or approval of the Department's placement choice the child or young adult's Title IV-E foster care eligibility is not affected.

(6) Nunc Pro Tunc Orders. The Department considers a nunc pro tunc order to correct the omission of a "best interest" or "reasonable efforts" finding only if a court transcript accompanies the order and verifies that the judicial determination was made at the original removal hearing.

(7) A court order that references state or tribal law to substantiate judicial determinations is not acceptable, even if the law provides that a removal must be based on a judicial determination that remaining in the home would be contrary to the child's welfare or that removal may be ordered only after reasonable efforts have been made.

### Voluntary Custody and Voluntary Placement Agreements

(1) In accordance with ORS 412.084, when a child is in substitute care pursuant to a Voluntary Custody Agreement or Voluntary Placement Agreement, the Department must, within 180 days of the date of placement, obtain a judicial finding to the effect that continuation of the placement is in the best interest of the child. This best interest finding also is a requirement for continuation of the child's Title IV-E eligibility for more than 180 days. This judicial finding may be obtained in a court hearing or by a letter to the court that results in an ex parte court order containing the best interest finding. Findings of reasonable efforts to prevent or eliminate the removal and to achieve the permanency plan are not required for Title IV-E eligibility.

(2) If the finding in section (1) of this rule is not made within the first 180 days after the placement, the child or young adult becomes ineligible for Title IV-E 181 days after the placement and is not Title IV-E eligible for the duration of the substitute care episode.

### Voluntary Relinquishments

(1) A child in placement based on a voluntary relinquishment is Title IV-E eligible if:

(a) Within 60 days of placement, or within six months of a voluntary relinquishment to a private adoption agency, the first court order issued has a judicial finding to the effect that remaining in the home would be "contrary to the welfare" of the child or "placement is in the child's best interest"; and

(b) Within 60 days of placement, there is a judicial finding to the effect that "reasonable efforts" have been made to prevent or eliminate the need for removal from the home.

(2) When all other eligibility criteria are met, Title IV-E eligibility is effective the first of the month in which the judicial finding was made.

### Title IV-E Foster Care Eligibility Redetermination

(1) The Department must redetermine, for each month a child or young adult is in substitute care, whether the child or young adult continues to be Title IV-E eligible. This redetermination must be completed no later than 12 months from the date the child is considered to have entered foster care, and every 12 months thereafter for the duration of the child or young adult's substitute care episode. Eligibility may resume the first of the month in which all eligibility criteria are met.

# ADMINISTRATIVE RULES

(2) A child or young adult may lose and regain eligibility. The loss of eligibility in any one month does not permanently end the child or young adult's eligibility in future months.

(3) Title IV-E Specialists must redetermine the child or young adult's circumstances to ensure the child or young adult continues to meet all of the following criteria for continued Title IV E eligibility:

(a) The child or young adult must continue to meet the age requirements under OAR 413-100-0230;

(b) The judicial finding requirements under OAR 413-100-0240 continue to be met; and

(c) The child or young adult was placed in a fully certified foster or relative caregiver home or with a licensed child caring agency during the redetermination period.

### Adoption Assistance Title IV-E Eligibility Determination

(1) To be eligible for Title IV-E adoption assistance through age 17, the child must:

(a) Meet the age and education requirements specified in OAR 413-100-0230; and

(b) Meet one of the applicable child eligibility criteria as specified in section (2) of this rule; or

(c) Meet one of the non-applicable child eligibility criteria specified in section (4) of this rule.

(d) Effective October 1, 2011, to be eligible for an extension of Title IV-E adoption assistance through age 20, the young adult must also be part of an adoption assistance agreement that was made effective after the child reached 16 years of age, but before the child attained 18 years of age.

(2) For the purposes of this rule, effective October 1, 2009, an "applicable child", as defined in section 473(e) of the Social Security Act, is a child who meets the requirements of at least one of the following subsections:

(a) The child's oldest age attained in the current federal fiscal year (October 1 through September 30) meets the applicable child age requirements;

(A) The applicable child age requirements are set forth in the following document, which by this reference, is incorporated into this rule; Applicable Child — Age Requirements.

(B) The Department maintains this document on the Department's Child Welfare policy website at [http://www.dhs.state.or.us/policy/child-welfare/cross\\_index.htm](http://www.dhs.state.or.us/policy/child-welfare/cross_index.htm). A printed copy of this document may be obtained by contacting the Department of Human Services, Children, Adults and Families, Federal Compliance Unit, Attn: Title IV-E Federal Compliance Specialist, 500 Summer Street NE, Salem, Oregon 97301.

(b) The child has been in foster care under the responsibility of the Title IV-E agency for any 60 consecutive month period prior to finalization of the adoption; or

(c) The child is a sibling of another child the Department has determined is an applicable child and both children are placed in the same adoption arrangement.

(d) A child found to be an applicable child under subsections (2)(a) to (c) of this section must meet the applicable child eligibility requirements, inclusive of the special needs criteria, described in section 473(a)(2)(A)(ii) of the Social Security Act to be eligible for Title IV-E adoption assistance.

(3) An applicable child is not eligible for Title IV-E adoption assistance when:

(a) The child is not a citizen or resident of the United States; and

(b) The child was adopted outside of the United States or was brought into the United States for the purpose of being adopted.

(c) A child that is not a citizen or resident of the United States, and was adopted outside of the U.S. or brought into the U.S. for the purpose of being adopted may be eligible for Title IV-E adoption assistance for any subsequent adoptions if the initial adoption fails and the child is placed into foster care. For the subsequent adoption, the child will have to meet the Title IV-E eligibility requirements under this rule.

(4) A child who does not meet the applicable child criteria in section (1) must qualify under one of the following subsections:

(a) The child's eligibility for Title IV-E foster care was established at the time of removal.

(b) The child meets all eligibility requirements for Supplemental Security Income (SSI) benefits.

(c) The child's payments in a certified family home or private child caring agency are covered by the foster care maintenance payment being made for his or her minor parent.

(d) The child's eligibility for an adoption assistance payment was established for a prior adoption and the child is now available for adoption because of one of the following:

(A) The prior adoption has been dissolved and the parental rights of each adoptive parent have been terminated or relinquished; or

(B) Each adoptive parent of the child has died.

(5) Private Agency Adoptions: To be eligible for Title IV-E adoption assistance, a child voluntarily relinquished to a public or private nonprofit agency must meet all of the following criteria:

(a) The child meets the eligibility criteria for Supplemental Security Income (SSI);

(b) The child is in a subsequent adoption, if he or she received Title IV-E adoption assistance in a previous adoption;

(c) The child must meet the Title IV-E AFDC eligibility requirements (as described in OAR 413-100-0130 through 413-100-0230); and

# ADMINISTRATIVE RULES

(d) The child must meet Judicial Removal requirements, as described below:

(A) The child must be voluntarily relinquished either to the State agency (or another public agency [including Tribes] with whom the State has a Title IV-E agreement), or to a private, nonprofit agency; and

(B) Within six months of the date the child last lived with a specified relative, a petition must be filed with the court to remove the child from the home; and

(C) The court must make a subsequent judicial determination to the effect that remaining in the home would be contrary to the child's welfare.

(e) The child must meet the special needs criteria (as described in OAR 413-130-0020).

(f) Failure to meet any of the requirements listed above will result in a denial of Title IV-E adoption assistance eligibility.

(6) Independent Adoptions. To be eligible for Title IV-E adoption assistance, a child voluntarily relinquished to an individual must meet the following criteria:

(a) The child meets the eligibility criteria for Supplemental Security Income (SSI); or

(b) The child is in a subsequent adoption and he or she received Title IV-E adoption assistance in a previous adoption.

(c) The child must meet the special needs criteria (as described in OAR 413-130-0020).

(7) Eligibility after Removal from an Adoption Assistance Placement.

(a) **Finalized Adoption:** When a child in a finalized adoption is placed in substitute care:

(A) The local office must open a new case for the child; and

(B) The Title IV-E Specialist must perform an eligibility determination for Title IV-E foster care, based on the removal from the adoptive parents.

(b) **Non-finalized Adoption:** When a child in a non-finalized adoptive placement is placed in substitute care:

(A) The local office must open a substitute care service for the child; and

(B) The Title IV-E Specialist must perform an eligibility redetermination for Title IV-E foster care, based on the original removal of the child.

(8) Eligibility for Title IV-E adoption assistance may not be presumed for a child placed with a guardian, and receiving a guardianship assistance payment through the Department's Guardianship Assistance program. The Title IV-E Specialist must complete an adoption assistance eligibility determination (CF 969c) based on the original removal of the child.

### Guardianship Assistance Eligibility

(1) To be eligible for Title IV-E guardianship assistance, the prospective guardian must meet the definition of a relative, as defined in Child Welfare Policy I-E.1.1, "Search for and Engagement of Relatives", under OAR 413-070-0063(10).

(2) To be eligible for Title IV-E guardianship assistance through age 17, the child must:

(a) Meet the age and education requirements specified in OAR 413-100-0230; and

(b) Be a United States citizen or a qualified alien (see OAR 413-100-0210) and meet the requirements of at least one of the following subsections:

(A) The child must have been removed from his or her home pursuant to a voluntary placement agreement or as a result of a judicial determination that continuation in the home would be contrary to the welfare of the child and the child must be or have been eligible to receive a Title IV-E foster care maintenance payment while residing in the home of the prospective relative guardian who met all certification requirements for any six consecutive months;

(B) The child is in receipt of Supplemental Security Income (SSI) benefits and the child would be or would have been eligible to receive Title IV E foster care maintenance payments for six consecutive months in the home of the prospective relative guardian; or

(C) The child is a sibling of another Title IV-E guardianship assistance eligible child who is or will be living with the same prospective relative guardian. The requirement for six consecutive months of eligibility for foster care maintenance payments under subsection (2)(a) of this section is waived for the sibling of the Title IV-E guardianship assistance eligible child.

(3) To be eligible for an extension of Title IV-E guardianship assistance through age 20, the young adult also must be part of a guardianship assistance agreement that was made effective after the child reached 16 years of age, but before the child attained 18 years of age.

(4) Eligibility for Title IV-E adoption assistance may not be presumed for a child placed with a guardian, and receiving a guardianship assistance payment through the Department's Guardianship Assistance program. The Title IV-E Specialist must complete an adoption assistance eligibility determination based on the original removal of the child.

(5) Removal from a guardianship placement (including guardianships established through or outside of the Guardianship Assistance program).

(a) Removal from a guardianship placement is considered a new removal for the Title IV-E Foster Care program, and an initial Title IV-E foster care eligibility determination is required when a child or young adult is removed from a guardianship placement:

(A) On the basis of a voluntary custody agreement or voluntary placement agreement, or

(B) As the result of a judicial determination that continuation in the home would be contrary to the welfare of the child.

(b) The Title IV-E foster care eligibility determination will be based on removal of the child or young adult from the guardian.

(c) If the child or young adult was removed from a guardianship assistance placement, the child or young adult's eligibility for Title IV-E guardianship assistance will resume if the child or young adult is later placed back with the same relative guardian.

(d) If the child or young adult is later placed with a different relative guardian, the Department must complete a new Title IV-E guardianship eligibility determination.

(6) Title IV-E Guardianship Assistance Eligibility Denial Notices and the Right to a Hearing

(a) Title IV-E Guardianship Assistance Denial Notices

(A) A "Denial of Title IV-E Guardianship Assistance Eligibility" form must be completed at the time of the child's Title IV-E eligibility denial for guardianship assistance.

(B) The "Denial of Title IV-E Guardianship Assistance Eligibility" form must be sent by certified mail (return receipt requested) to the prospective relative guardian when the child's eligibility for Title IV E guardianship assistance is denied.

(b) Rights for a Hearing

(A) When the "Denial of Title IV-E Guardianship Assistance Eligibility" form is mailed to the prospective relative guardian, information will be included about the prospective relative guardian's right to a hearing.

(B) If the prospective relative guardian does not agree with the Title IV-E eligibility decision that has been made, the prospective relative guardian has the right to request a contested case hearing under ORS 183, as described in Child Welfare Policy I-A.5.2, "Contested Case Hearings", OAR 413-010-0500 to 413-010-0535.

**Subject:** PL 110-351 Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949 - 3981) implemented many changes to Title IV-E eligibility regulations. Most of the rules related to those regulations were revised in permanent rule changes filed June 30, 2011. Two additional rule changes need to be added at this time. OAR 413-100-0135 is being amended to clarify the removal and specified relative criteria as it applies to children ages 0 through 17, and to young adults, ages 18 through 20. The criteria for extension of Title IV-E eligibility through age 20 is described in PL 110-351 Fostering Connections to Success and Increasing Adoptions Act of 2008 (122 Stat. 3949 - 3981). OAR 413-100-0150 is being amended because the rule currently contains an uncommon acronym, which needs to be clarified because its meaning is not apparent to DHS staff or the public.

### Eligibility Determinations — Living with a “Specified Relative” and “Removal”

(1) **Specified Relative Requirements.** To meet Title IV-E eligibility requirements the child or young adult, at the time of the child’s removal from his or her home, must have been living with and removed from the same specified relative, as defined in OAR 413-100-0020.

(2) **Removal Requirements for a child age 17 or younger.** To meet Title IV-E eligibility requirements, the child’s removal from the home must occur pursuant to:

(a) A voluntary custody agreement or voluntary placement agreement, signed by a parent or specified relative, that results in the “physical” or “constructive” removal of the child from the home; or

(b) A judicial order that requires the child’s “physical” or “constructive” removal from the parent or specified relative and gives the Department responsibility for the placement and care of the child.

(3) **Removal Requirements for a young adult age 18, 19 or 20.** To meet Title IV-E eligibility requirements, the young adult’s removal from the home must occur pursuant to:

(a) Court ordered removal prior to age 18. A judicial order that requires the child’s “physical” or “constructive” removal from the parent or specified relative and gives the Department responsibility for the placement and care of the child. No new court ordered removal is required at the age of 18 or older to remain eligible for Title IV-E foster care maintenance payments, as long as the young adult remains in continuous foster care.

(b) A voluntary placement agreement prior to age 18, signed by a parent or specified relative, that results in the “physical” or “constructive” removal of the child from the home. No new voluntary placement agreement is required after the young adult attains the age of 18 for Title IV-E purposes as long as the young adult remains in continuous foster care.

(4) **Removal Home Requirements.** Effective June 9, 2006, for Title IV-E eligibility purposes, the child’s removal home must meet the requirements of one of the following subsections:

(a) **Physical Removal.** The Department considers a child’s removal a physical removal when the judicial order or the signing of a voluntary custody or voluntary placement agreement results in the removal of the child from the physical custody of the parent or specified relative and gives the Department responsibility for the placement and care of the child.

(b) **Constructive Removal.** The Department considers a child’s removal a constructive removal:

(A) When the child is living in the home of an interim caretaker (relative or non-relative) at the time of removal but the child lived with a parent or specified relative within the six months prior to the judicial order, voluntary custody agreement, or voluntary placement agreement which resulted in the constructive removal of the child from the parent or specified relative and gave the Department responsibility for the placement and care of the child; or

(B) When the parent or specified relative and the child live in another relative’s home, the Department considers the child’s removal a constructive removal from the parent or specified relative if:

(i) The parent or specified relative moves out of the home within the six months prior to the removal;

(ii) The child remains in the relative’s home; and

(iii) Within six months of the date the parent or specified relative left the relative’s home there is a judicial order or voluntary custody or placement agreement that results in the removal of the child from the parent or specified relative and gives the Department responsibility for the placement and care of the child.

### Parental Deprivation

(1) The continued absence of one or both birth or adoptive parents, or a stepparent from the home constitutes the basis for deprivation of parental support or care.

(2) Deprivation of parental support in relation to the home from which the child is removed exists when:

(a) Death of a parent. Either parent of a child is deceased.

(b) Continued absence of the parent from the home. There is a Continued Absence of one or both parents when:

(A) One or both parents are out of the home and the nature of this absence is such as to either interrupt or terminate the parent’s functioning as a provider of maintenance, physical care, or guidance for the child;

(B) There is evidence of continued absence of over 30 days duration; or

(C) Predictable absence due to divorce, legal separation, incarceration, or other verified and documented circumstances.

(c) Physical or mental incapacity. Incapacity is documented as parental deprivation in a one-parent or two-parent household as follows:

(A) One or both parents’ receipt of Supplemental Security Income (SSI) or being found eligible for Old age, Survivors, and Disability Insurance (OASDI) or SSI based on disability or blindness;

(B) One or both parents receive Social Security Benefits (SSB) based on disability or blindness; or

(C) One or both parents have a physical or mental defect, illness, or impairment that is expected to last at least 30 days, is supported by competent medical testimony, and substantially reduces or eliminates the parent’s ability to support or care for the child.

(d) Unemployment or underemployment may be documented as parental deprivation in a two-parent household if each parent meets one of the following criteria:

(A) Is working less than 100 hours per month; or

(B) Has a temporary one-month increase to over 100 hours, but:

(i) Worked less than 100 hours in each of the two previous months; and

(ii) Is expected to work less than 100 hours in the following month.

## 413-100-0915

### Ensure a Child or Young Adult's Enrollment in School or Educational Setting

(1) The child's caseworker must consider the following when arranging school enrollment and educational services when a child first enters substitute care.

(a) Preferred school or educational setting when a child first enters substitute care. The preferred school or educational setting when a child first enters substitute care is the school or educational setting the child attended prior to entry into substitute care whenever possible and when:

(A) Remaining in the same school or educational setting is in the best interest of the child; and

(B) Continuing to attend the same school or educational setting is consistent with the ongoing safety plan and does not jeopardize the child's safety.

(b) Consideration of continuity of previous school placement when a child enters substitute care or moves to another substitute care placement. A child who meets the definition of a homeless individual under the McKinney-Vento Homeless Education Act, may be referred to the local Department of Education District Homeless Liaison, and may qualify for services available through the Act.

(2) Responsibility for ensuring school enrollment. The caseworker must ensure a child or young adult in the Department's care or custody is enrolled in a school or educational setting, through eligibility established under ORS 339.115.

(3) Responsibility for school or educational setting placement decisions. Under the circumstances described in the following subsections, the identified individual has the authority to make school or educational setting placement decisions.

(a) A caseworker may determine or the juvenile court may find that it is in the child's or young adult's best interest to continue to attend the school that the child or young adult attended prior to placement in substitute care by the Department, the child or young adult shall be considered a resident of the school district the child or young adult attended prior to placement and may continue to attend the school the child or young adult

attended prior to placement through the highest grade level of the school, in accordance with ORS 339.133.

(b) The child's or young adult's IEP team makes the decision regarding special education services provided to the child or young adult when the child or young adult is receiving or eligible to receive special education services.

(c) The young adult makes the decision regarding educational services and school placement when educational rights have been passed to the young adult.

(d) The parent or legal guardian retains legal authority over the child and continues to be responsible to exercise and perform all parental duties and legal responsibilities except those that the parent or legal guardian specifically delegates to the Department by the signed agreement, when a child is in the care or custody of the Department under a Voluntary Placement Agreement.

(4) Regardless of the authority to make school or educational placement setting decisions in section (3) of this rule, the caseworker must ensure the school or educational setting is consistent with the ongoing safety plan of the child or young adult.

(5) Additional responsibilities when a private school, charter school, alternative school, or international study program is considered.

(a) Private School. Except as provided in subsections (3)(c)-(d) of this rule, when considering the enrollment of the child or young adult in a private school, the caseworker must:

(A) Ensure that enrollment would be consistent with the child's or young adult's permanency plan;

(B) Verify that the school is accredited in the state in which the school is located;

(C) Verify that an entity or person other than the Department will pay all costs except those approved under OAR 413-100-0935;

(D) Consider the religious affiliation of the child or young adult and the parent or legal guardian when considering enrollment in a religiously-affiliated private school;

(E) Consider recommendations from the child's or young adult's attorney, CASA, and substitute caregiver; and

(F) Obtain approval from the Child Welfare program manager.

(b) Charter school or alternative school. Except as provided in subsections (3)(c)-(d) of this rule, when considering the enrollment of a child or young adult in a charter school or alternative school, the caseworker must:

(A) Ensure that enrollment would be consistent with the child's or young adult's permanency plan;

(B) Verify that the charter school is approved by the local school district board or the Oregon Department of Education;

(C) Consider recommendations from the child's or young adult's attorney, CASA, and substitute caregiver; and

(D) Obtain approval from the Child Welfare program manager.

(c) International study program. Except as provided in subsections (3)(c)-(d) of this rule, when considering enrolling a child or young adult in an international study program, the caseworker must:

(A) Ensure that enrollment is consistent with the child's or young adult's permanency plan;

(B) Verify that the international study program is accredited;

(C) Consider recommendations from the child's or young adult's attorney, CASA, and substitute caregiver;

(D) Obtain approval from the Child Welfare program manager, the District Manager, the Diversity and International Affairs Manager; and

(E) Obtain approval of the juvenile court.

(6) Additional responsibilities when considering a GED program. Except as provided in subsections (3)(c)-(d) of this rule, when considering a GED program for the child or young adult, whether the program is held at a public school or at a location other than a public school, the caseworker must:

(a) Determine, that obtaining a GED meets the child's or young adult's educational needs better than obtaining a high school diploma;

(b) Verify that a GED program is consistent with the child's or young adult's case plan;

(c) Consider recommendations from the child's or young adult's attorney, CASA, and substitute caregiver; and

(d) Obtain approval from the Child Welfare program manager.

(7) Additional responsibilities when considering home schooling. Except as provided in subsections (3)(c)-(d) of this rule, when considering home schooling for the child or young adult in the substitute caregiver's home, the caseworker must:

# ADMINISTRATIVE RULES

(a) Determine that a home schooling environment would not interfere with the child's or young adult's social development;

(b) Determine that home schooling would promote inclusion in the substitute caregiver's home;

(c) Determine that a home school environment is consistent with the child's or young adult's permanency plan;

(d) Determine that the child's or young adult's enrollment in a home school program is permitted by state law in another state if the child or young adult is placed in another state through the Interstate Compact on the Placement of Children;

(e) Obtain the approval of the child's or young adult's parent, as defined in OAR 413-100-0905(6), or guardian for the substitute caregiver to act as a private teacher;

(f) Verify the substitute caregiver has provided written notification to the education service district of intent to provide home schooling;

(g) Obtain the approval of the Child Welfare program manager; and

(h) Obtain the approval of the juvenile court.

(8) Transportation to school. After the school or educational setting has been determined, the caseworker must assess the school district's available transportation options and, if school district transportation is unavailable, select and arrange the most reliable, safe, cost-effective transportation option to transport the child or young adult to and from the school or educational setting.

(9) Once a school or educational setting has been selected for a child or young adult, the caseworker must notify the school or educational setting that the child or young adult is in the legal custody of the Department and may provide information about the reason the child or young adult is in substitute care to the staff of the school or educational setting only when providing such information to a particular staff person is necessary for the child's or young adult's education planning or to ensure the safety of the child, young adult, or others in the school with whom the child or young adult has contact.

(10) Unless a child or young adult has achieved high school graduation or is incapable of attending school for a medical reason, the Department will ensure school enrollment under Chapter 581 of Oregon Administrative Rules for a child or young adult in the custody of the Department.

(11) The caseworker must document in the child's or young adult's case plan all of the following:

(a) Information about the current school or educational setting of the child or young adult.

(b) All schools or educational settings the child or young adult has attended since the date the child or young adult has been in the custody of the Department.

(c) The length of time the child or young adult has spent in each school or educational setting.

(d) The number of high school credits each child or young adult 14 years of age or older has earned.

(e) The child's surrogate, if one has been appointed.

(f) The reason for any change in the child's or young adult's school or educational setting.

(g) Information regarding the child's or young adult's educational records, which may include but is not limited to:

(A) Report cards;

(B) Transcripts;

(C) Individual Education Plan;

(D) A 504 plan, developed under the provisions of Section 504 of the Rehabilitation Act of 1973; and

(E) A transition plan.

(h) The basis the child or young adult is incapable of attending school under section (10) of this rule should that section apply.

### Consent for Special Education Services

(1) When a child or young adult is in the care and custody of the Department, and there is reason to believe the child has a disability under the Individuals with Disabilities Education Act, 20 USC §§ 1400 et seq., or the Oregon Department of Education administrative rules regarding special education (OAR 581, division 15), the caseworker must determine who is the parent or surrogate making educational decisions for the child or young adult.

(2) If a surrogate has not been appointed, or if more than one person is qualified to make special education decisions for the child or young adult, the caseworker may ask the court to determine the education decision maker. Persons who qualify to make educational decisions include:

(a) The biological or adoptive parent of the child or young adult.

(b) A foster parent or relative caregiver of the child or young adult.

(c) A legal guardian.

(d) An individual acting in the place of a biological or adoptive parent (including a grandparent, stepparent, or other relative) with whom the child or young adult lives, or a person who is legally responsible for the welfare of the child or young adult.

(3) When a child or young adult with a disability is being considered for home schooling, in addition to the requirements of OAR 413-100-0915, the caseworker must:

(a) Ensure the surrogate of the child or young adult has approved home schooling; and

(b) Ensure the surrogate participates in the special education planning for the child or young adult in the home school environment.

### Rights to a Child's Education Records

(1) The Family Educational Rights and Privacy Act (FERPA), 20 USC § 1232g, protects the authority of parents to review their minor children's education records, limit the records' release without written consent by the parents, and correct errors in those records. 34 CFR 99.3, one of FERPA's implementing regulations, defines "parent" as "a natural parent, a guardian, or an individual acting as a parent in the absence of a parent or a guardian." Under this definition, a Department employee may act as a "parent," for FERPA purposes, if the Department is the legal guardian of the child.

(2) A Department employee may demonstrate his or her authority to exercise the FERPA rights of a child's parent by providing the educational agency or institution with evidence that the Department is the legal guardian of the child, which may include a juvenile court order appointing the Department as the legal guardian of the child.

(3) This rule does not apply to the special education records for a student who is eligible for special education services or is suspected of being eligible for special education services under the Individuals with Disabilities Education Act, 20 USC §§ 1400 et seq., or the Oregon Department of Education administrative rules regarding special education (OAR 581, division 015). To receive these records, a Department employee may:

(a) Receive information from the school of a child's personally identifiable information in connection with a child protective services (CPS) investigation under OAR 581-021-0380;

(b) Be advised by the school of a child's disabling conditions prior to an interview with the child during the course of a CPS assessment under ORS 419B.045;

(c) Seek a court order to obtain the special education records; or

(d) Seek a release of information to obtain the special education records from a child's or young adult's parent, guardian, surrogate, or from a young adult whose special education rights have been passed to the student.

#### Purpose

(1) The purpose of these rules (OAR 413-130-0000 to 413-130-0130) is to describe the criteria for program eligibility and the types of adoption assistance that may be established for:

(a) A child in the legal custody of:

(A) The Department;

(B) A participating tribe; or

(C) A licensed adoption agency in Oregon.

(b) A child relinquished by a parent directly to a pre-adoptive family residing in Oregon.

(2) These rules do not include criteria for program eligibility for adoption assistance for a child placed for adoption in Oregon by another public child welfare agency, as adoption assistance is the responsibility of the sending state.

### 413-130-0010

#### Definitions

The following definitions apply to OAR 413-130-0000 to 413-130-0130:

(1) "Adoption assistance" means assistance provided on behalf of an eligible child or young adult to offset the costs associated with adopting and meeting the on-going needs of the child or young adult. Adoption assistance may be in the form of payments, medical coverage, reimbursement of nonrecurring expenses, or special payments.

(2) "Adoption assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family or adoptive family of an eligible child or young adult, setting forth the assistance the Department is to provide on behalf of the child or young adult, the responsibilities of the pre-adoptive family or adoptive family and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(3) "Adoption assistance agreement only" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family or adoptive family of an eligible child or young adult, when the pre-adoptive family or adoptive family is not receiving an adoption assistance payment or medical coverage at the time of the agreement but may request it at a later date.

(4) "Adoption assistance base rate" means the portion of the adoption assistance payment that is negotiated with a pre-adoptive family or an adoptive family and cannot exceed the amount of the Oregon foster care base rate payment for the child's or young adult's age.

(5) "Adoption assistance payment" means a monthly payment made by the Department to the pre-adoptive family or adoptive family on behalf of an eligible child or young adult.

(6) "Adoption Assistance Review Committee" means a committee composed of local and central office staff with expertise in the area of adoption.

(7) "Adoptive family" means an individual or individuals who have legalized a parental relationship to the child who joined the family through a judgment of the court.

(8) "Applicable child" has the same meaning as in OAR 413-100-0335.

# ADMINISTRATIVE RULES

(9) "Base rate payment" means a payment to the foster parent or relative caregiver for the costs of providing the child or young adult with the following:

(a) Food — including the cost to cover a child's or young adult's special or unique nutritional needs;

(b) Clothing — including purchase and replacement;

(c) Housing — including maintenance of household utilities, furnishings, and equipment;

(d) Daily supervision — including teaching and directing to ensure safety and well-being at a level which is appropriate based on the child's or young adult's chronological age;

(e) Personal incidentals — including personal care items, entertainment, reading materials, and miscellaneous items; and

(f) The cost of providing transportation — including local travel associated with expenditure for gas and oil, and vehicle maintenance and repair associated with transportation to and from extracurricular, child care, recreational, and cultural activities.

(10) "CANS screening" means Child and Adolescent Needs and Strength screening, a process of gathering information on a child's or young adult's needs and strengths used for one or more of the following purposes:

(a) Identifying case planning, service planning, and supervision needs of the child or young adult in substitute care with a certified family; and

(b) Determining the level of care payment while in substitute care with a certified family; and

(c) Determining the level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

(11) "Child" means a person under 18 years of age.

(12) "Department" means the Department of Human Services, Child Welfare.

(13) "Enhanced supervision" means the additional support, direction, observation, and guidance necessary to promote and ensure the safety and well-being of a child or young adult when the child or young adult qualifies for a level of care payment.

(14) "Legally free" means that, with respect to a child, the legal rights of all parents with legal standing have been judicially terminated, voluntarily relinquished, or otherwise terminated by operation of law, thus allowing for the child to be adopted.

(15) "Level of care payment" means the payment provided to an approved or certified family, a guardian, a pre-adoptive family or an adoptive family based on the child's or young adult's need for enhanced supervision as determined by applying the CANS algorithm to the results of the CANS screening.

(16) "Licensed adoption agency" means an adoption agency licensed by the state of Oregon to place children for adoption, or an adoption agency that holds a license from another state and is authorized under the laws of that state to place children for adoption.

(17) "Nonrecurring adoption assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family of an eligible child for a one-time payment to reimburse the adoptive family for the reasonable and necessary expenses incurred in legally finalizing the adoption of a child who has been determined to have special needs.

(18) "Nonrecurring expenses" mean a one-time payment up to \$1,500 per child, which the Department will pay to an adoptive family to assist with the reasonable and necessary expenses incurred in legally finalizing the adoption of an eligible child.

(19) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally associated with parenthood unless a court finds that the putative father is not the legal father.

(20) "Participating tribe" means a federally recognized Indian tribe in Oregon with a Title IV-E agreement with the Department.

(21) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be the child's adoptive family; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(22) "Qualified alien" has the same meaning as OAR 413-100-0210(2) and 8 USC 1641(b).

(23) "Qualified vendor attorney" means an attorney who has a price agreement with the Department to process the adoption of a child who is eligible for adoption assistance.

(24) "Sibling" means one of two or more children or young adults related:

(a) By blood or adoption through a common legal parent;

(b) Through the marriage of the children's or young adult's legal or biological parents; or

(c) Through a legal or biological parent who is the registered domestic partner of the legal or biological parent of the children or young adults.

(25) "Special payment" means a payment for unanticipated short-term costs which are directly related to the special needs of the child or young adult or are essential to the welfare of the child or young adult, and are not covered by another resource available to the adoptive family.

(26) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(27) "Young adult" means a person aged 18 through 20 years.

### Funding for Adoption Assistance

(1) The Department makes efforts to establish Title IV-E adoption assistance eligibility under Child Welfare Policy I-E.6.1, Title IV-E Foster Care, Adoption Assistance, and Guardianship Assistance Eligibility, OAR 413-100-0335 to access federal reimbursement for adoption assistance.

(2) A child determined to have special needs under OAR 413-130-0020 who is ineligible for Title IV-E funded adoption assistance is eligible for state funded adoption assistance as described in OAR 413-130-0040. Administration of state funded adoption assistance is dependent upon the availability of such funds.

(3) When all available state funds are obligated, the Department must continue to:

(a) Accept new applications;

(b) Accept requests to adjust an adoption assistance payment; and

(c) Establish a waiting list.

(4) As state funds become available, an adoption assistance payment may be made according to the date that the adoption assistance agreement is signed by all parties. The adoption assistance agreement may be retroactive for up to twelve months only when a foster care base rate payment, level of care payment or personal care service payment was not made on behalf of the child.

(5) When state funds are unavailable and a new adoption assistance application is received, the pre-adoptive family may sign an adoption assistance agreement only to prevent delay in finalizing the adoption, with the understanding that adoption assistance may be requested at a later date.

### Special Needs Determination for Adoption Assistance Eligibility

(1) In order to be eligible for adoption assistance, funded through either federal or state funds, a child must be determined to have special needs.

(2) The Department must make the determination that the child has special needs under each of the following subsections:

(a) The child cannot or should not be returned to the home of his or her parent or parents. This decision is based on one of the following:

(A) An order from a court of competent jurisdiction terminating parental rights;

(B) The existence of a petition for termination of parental rights;

(C) For a child under the jurisdiction of the court, a signed relinquishment;

(D) For a child not under the jurisdiction of the court, a signed relinquishment and a subsequent court finding signed within six months of the date the child was last living with the parent that it would be contrary to the welfare of the child to return home at that time;

(E) For a child who can be adopted in accordance with state or tribal law without a termination of parental rights or voluntary relinquishment of parental rights, the valid reason why the child cannot or should not be returned to the home of his or her parents; or

# ADMINISTRATIVE RULES

(F) In the case of an orphan, verification of the death of the parent or parents.

(b) The child has at least one of the following factors or conditions that make adoptive placement difficult to achieve:

(A) A documented medical, physical, mental, emotional condition or other clinically diagnosed disability, or a documented history of abuse or neglect or other identified predisposing factor that places the child at significant risk for future problems that need treatment;

(B) Is a member of a sibling group which will be placed together and is difficult to place because there are three or more children, or if in a sibling group of two, at least one of the children is six years of age or older;

(C) Is a member of an ethnic, racial, or cultural minority (such as African American, Hispanic, Asian, Indian, or Pacific Islander); or

(D) Is eight years of age or older.

(3) A reasonable but unsuccessful effort to place the child with an appropriate adoptive family for adoption without adoption assistance has been made, unless such an effort is not in the best interest of the child for reasons including placement with a relative or another person with whom the child has an established significant relationship.

### Eligibility for Adoption Assistance Payments

(1) In determining eligibility for an adoption assistance payment, the Department must not impose an income eligibility requirement for the pre-adoptive family or adoptive family.

(2) To be eligible for a Title IV-E funded adoption assistance payment, a child must meet all of the following requirements.

(a) Be a citizen of the United States or a qualified alien as described in OAR 413-100-0210(2) and in 8 USC 1641 (b) or (c).

(b) When the child is a qualified alien and is placed with a pre-adoptive parent who is an unqualified alien, the child must meet the five year residency requirement set forth in The Personal Responsibility and Work Opportunity Reconciliation Act of 1996, Public Law 104-193.

(c) Be determined eligible for Title IV-E adoption assistance under OAR 413-100-0335.

(3) A licensed adoption agency, participating tribe, or another individual applying to receive adoption assistance on behalf of a child determined to have special needs must make all requested efforts to assist the Department in establishing Title IV-E eligibility.

(4) Except as provided in section (5) of this rule, a child determined to be ineligible for a Title IV-E adoption assistance payment is eligible for a state-funded adoption assistance payment when the child meets all of the following criteria.

(a) Is in the legal custody of:

(A) The Department;

(B) A participating tribe; or

(C) A licensed adoption agency and the child is placed with a family residing in Oregon.

(b) Is not eligible for or receiving adoption assistance for the same child through another state.

(c) Is determined to have special needs in accordance with OAR 413-130-0020.

(d) Meets the requirements in section (6) of this rule.

(5) A child relinquished by a parent directly to a family residing in Oregon who is not eligible for a Title IV-E funded adoption assistance payment is only eligible for a state funded adoption assistance payment when:

(a) A state funded adoption assistance agreement was previously in effect on behalf of the child;

(b) The pre-adoptive family or adoptive family is not eligible for or receiving adoption assistance for the same child through another state.

(c) The child is in a subsequent adoption; and

(d) The child meets the requirements in section (6) of this rule.

(6) In addition to the eligibility requirements in section (4) or (5) of this rule, a child must also be a citizen of the United States to receive a state funded adoption assistance payment when the child is being brought into the United States for the purpose of adoption or being placed outside of the United States, or a territory or possession thereof or the District of Columbia.

(7) When an adopted child becomes legally free for re-adoption due to the relinquishment or termination of the legal parent or parents rights or the death of the legal parent or parents:

(a) The child must be determined to have special needs under OAR 413-130-0020 at the time the child again becomes available for adoption; and

(b) The determination of funding eligibility of the adopted child for adoption assistance remains as it was the last time the child was determined eligible for adoption assistance.

### Child's Immigrant Status

(1) The Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), Public Law 104-193, as amended, limited federal public benefits to qualified aliens. Adoption assistance under Title IV-E of the Act is considered a federal public benefit for the purposes of the PRWORA and, therefore, limited to U.S. citizens and qualified aliens.

(2) If a substitute caregiver or adoptive parent is not a qualified alien, a child who is otherwise eligible under section 473 of PRWORA must meet the five-year residency requirement to receive Title IV-E adoption assistance as Section 403 of PRWORA requires a qualified alien entering the United States on or after the date of enactment of PRWORA (August 22, 1996), unless excepted, to live in the United States for five years before becoming eligible for certain federal public benefits. In accordance with section 403(c)(2)(F) of PRWORA, however, a federal payment for adoption assistance is excluded from the five-year residency requirement if the child and the foster or adoptive parent with whom the child is placed are qualified aliens under OAR 413-130-0050.

### Adoption Assistance Application Requirements and Responsibilities

(1) A licensed adoption agency recommending adoption assistance for a pre-adoptive family must verify and document that recruitment efforts under OAR 413-130-0020(2)(c) were made for the child.

(2) A pre-adoptive family under OAR 413-130-0040(5) may contact the Adoption Assistance and Guardianship Assistance Unit for help in submitting a written adoption assistance application directly to the Department.

(3) A pre-adoptive family of a child in the custody of the Department must notify the Department in writing if they choose not to accept any form of adoption assistance.

(4) An adoption assistance application is considered complete when the Adoption Assistance and Guardianship Assistance Unit has received a signed adoption assistance application form and all supporting documentation.

(5) Except as described in subsection (a) and (b) of this section, the Adoption Assistance and Guardianship Assistance Unit must begin negotiation of the adoption assistance agreement no later than 60 days after receipt of a completed adoption assistance application submitted for a legally free child in the home of an approved pre-adoptive family.

(a) The Department may delay negotiation of the adoption assistance base rate for a completed application when the child is due for an updated CANS screening, a new CANS screening is warranted, or a CANS screening is in process or completed but a decision is pending regarding the level of care payment.

(b) When negotiation is delayed under subsection (a) of this section, the Adoption Assistance and Guardianship Assistance Unit must begin negotiation of the adoption assistance base rate no later than 30 days from receipt of the final decision regarding the level of care payment.

### Extension of Adoption Assistance for a Young Adult

(1) When an initial adoption assistance agreement is entered into on behalf of a child who is age 16 or 17, the Department may approve an extension of the adoption assistance agreement until the individual reaches age 21, only when the child, upon reaching the age of 18 on or after October 1, 2011, is:

- (a) Completing secondary school (or equivalent);
- (b) Enrolled in post-secondary or vocational school;
- (c) Participating in a program or activity that promotes or removes barriers to employment;
- (d) Employed 80 hours a month; or
- (e) Determined incapable of any of the above due to a documented medical condition, physical disability or mental disability.

(2) The Department will review the young adult's eligibility for continued adoption assistance when an extension of adoption assistance has been granted:

- (a) At least annually; or
- (b) When information is received that indicates the young adult may no longer be eligible for adoption assistance or may be eligible for adoption assistance in a different amount.

(3) In order for the extension of adoption assistance to continue on behalf of a young adult, the adoptive family must submit to the Department, upon request:

- (a) Proof that the young adult continues to be enrolled in a secondary, post-secondary, vocational school or a program or activity that promotes or removes barriers to employment;
- (b) Proof that the young adult is employed 80 hours a month; or
- (c) Verification from a medical or mental health professional that the young adult is incapable of attending school or obtaining employment due to a medical condition.

(d) The adoptive family must notify the Department, orally or in writing, of any changes in circumstances that may make the young adult:

- (A) Ineligible for adoption assistance; or
- (B) Eligible for adoption assistance in a different amount.

### Agreement Only

(1) An Agreement Only between the Department and the pre-adoptive family or adoptive family is signed when there is no current need for an adoption assistance payment or medical coverage, the adoptive family requests such an agreement, and the child is eligible for adoption assistance under OAR 413-130-0020.

(2) The Agreement Only becomes effective on the date the completed adoption assistance agreement is approved and signed by the Department, and automatically terminates when the child reaches 18 years of age.

(3) The adoptive family must make a written request to the Department to initiate any adoption assistance benefits subsequent to completing an Agreement Only. The adoptive family must provide documentation to the Department describing the child's need for services at the time an adoption assistance benefit is requested as provided in OAR 413-130-0075.

(4) The pre-adoptive family must notify the Department in writing if the family chooses not to accept any form of adoption assistance benefits, including an Agreement Only.

### Negotiation and Determination of the Monthly Adoption Assistance Payment

(1) When adoption assistance is not provided, a pre-adoptive family or adoptive family may enter into an adoption assistance agreement only.

(2) The monthly adoption assistance payment may not exceed the total of:

- (a) The adoption assistance base rate, and
- (b) When applicable, the level of care payment determined by the CANS screening conducted under OAR 413-020-0230.

(3) The monthly adoption assistance base rate:

(a) Is determined through discussion and negotiation between the Department and the pre-adoptive family or adoptive family.

(b) May not exceed the current foster care base rate payment the child or young adult would be eligible to receive in foster care under OAR 413-090-0010(1)(b).

(c) Is negotiated between the pre-adoptive family or adoptive family and the Department, taking into consideration relevant factors which include, but are not limited to:

- (A) The ordinary and special needs of the child or young adult;
- (B) The services and goods required to meet the needs of the child or young adult;

(C) The cost of the services and goods required to meet the needs of the child or young adult;

(D) The circumstances of the pre-adoptive family or adoptive family and their ability to provide the required services and goods for the child or young adult; and

(E) The resources available to the pre-adoptive family or adoptive family such as medical coverage, private health insurance, public education, other income sources and community resources.

(4) When, during negotiation of the adoption assistance base rate, the Adoption Assistance and Guardianship Assistance Coordinator and the pre-adoptive family or adoptive family are unable to reach agreement, the Adoption Assistance and Guardianship Assistance Coordinator or the family may request a review by the Adoption Assistance Review Committee. When a review is requested:

(a) An Adoption Assistance and Guardianship Assistance Coordinator must:

(A) Prepare documentation for the scheduled Adoption Assistance Review Committee;

(B) Notify the pre-adoptive family or adoptive family and the assigned caseworkers of the date of the committee; and

(C) Attend and participate in the Adoption Assistance Review Committee.

(b) The pre-adoptive family or adoptive family may provide written documentation to the Adoption Assistance and Guardianship Assistance Coordinator for the review and consideration by the Adoption Assistance Review Committee.

(c) The caseworker for the pre-adoptive family or adoptive family and the caseworker for the child or young adult may participate in an Adoption Assistance Review Committee meeting and may present information and respond to questions. The caseworkers must not participate in the deliberations of the Adoption Assistance Review Committee.

(d) The Adoption Assistance Review Committee members must:

(A) Consider written documentation provided by the pre-adoptive family or adoptive family, the caseworker for the pre-adoptive family or adoptive family, the caseworker for the child or young adult, and the Adoption Assistance and Guardianship Assistance Coordinator.

(B) Review materials submitted to the Adoption Assistance Review Committee, deliberate and make a recommendation regarding the adoption assistance base rate.

(e) At the conclusion of the Adoption Assistance Review Committee, the Adoption Assistance and Guardianship Assistance Coordinator must:

(A) Document the recommendation of the Adoption Assistance Review Committee; and

(B) Submit the recommendation to the Assistant Adoption Program Manager or designee within one business day of the Adoption Assistance Review Committee meeting.

(f) The Assistant Adoption Program Manager or designee must:

(A) Attend the Adoption Assistance Review Committee and may ask clarifying questions, but does not participate in the deliberation or recommendation of the Adoption Assistance Review Committee; and

(B) Make a decision and provide written notification of the decision regarding the adoption assistance base rate to the Adoption Assistance and Guardianship Assistance Coordinator within one business day of the Adoption Assistance Review Committee meeting.

(g) The Adoption Assistance and Guardianship Assistance Coordinator must notify the pre-adoptive family or adoptive family of the Assistant Adoption Program Manager or designee's decision, including a written notice, within ten business days of the decision.

(5) A pre-adoptive family or adoptive family unsatisfied with the adoption assistance base rate decision of the Assistant Adoption Program Manager or designee under section (4)(f)(B) of this rule, may submit a written request for a review of the decision by the Adoption Program Manager or designee within fourteen days of the date of the written notice in subsection (4)(g) of this rule.

# ADMINISTRATIVE RULES

(6) The Adoption Program Manager or designee must complete each of the following actions.

(a) Review and consider:

(A) The materials submitted to the Adoption Assistance Review Committee;

(B) The recommendation of the committee;

(C) The decision made by the Assistance Adoption Program Manager or designee following the committee recommendation; and

(D) The information presented by the pre-adoptive family or adoptive family in the request submitted under section (5) of this rule.

(b) Make a decision within 60 days of the date of the request for review.

(c) Provide written notification to the pre-adoptive family or adoptive family and the Adoption Assistance and Guardianship Assistance Coordinator within ten business days of the decision in subsection (b) of this section.

(7) The monthly level of care payment:

(a) Is determined based on the results of a CANS screening conducted under OAR 413-020-0230;

(b) Cannot exceed the amount of the level of care payment set forth in OAR 413-090-0010(2)(g); and

(c) Is included in the adoption assistance payment when the child or young adult qualifies for a level of care payment and when requested by the pre-adoptive family or adoptive family.

(8) When a pre-adoptive family or adoptive family is unsatisfied with the final adoption assistance offer from the Department, consisting of the adoption assistance base rate and, when applicable, a level of care payment, the pre-adoptive family or adoptive family has the right to a contested case hearing under Child Welfare Policy I-A.5.2, "Contested Case Hearings", OAR 413-010-0500 to 413-010-0535.

(9) An initial adoption assistance payment begins on a date determined by the Department when all of the following criteria are met:

(a) The child is legally free for adoption;

(b) Unless the child is in the custody of a pre-adoptive family eligible to apply for adoption assistance under OAR 413-130-0040(5) or the Department has approved an adoptive family to apply for adoption assistance under OAR 413-130-0130, the Department, participating tribe or licensed adoption agency has approved the pre-adoptive family as the adoptive placement; and

(c) An adoption assistance agreement has been signed by the pre-adoptive family or adoptive family and by the Department representative.

(10) An adoption assistance payment is issued at the end of each month of eligibility.

(11) An adoption assistance payment made to a pre-adoptive family or an adoptive family by the Department is inalienable by any assignment or transfer and exempt from garnishment, levy or execution under the laws of this state.

### Renegotiation of an Adoption Assistance Payment

(1) The Department or pre-adoptive family or adoptive family may request renegotiation of an adoption assistance agreement. When the pre-adoptive family or adoptive family has previously signed an adoption assistance agreement only and requests adoption assistance at a later date, it is considered a renegotiation.

(2) A request for renegotiation of the adoption assistance agreement made by a pre-adoptive family or adoptive family must:

(a) Be in writing in a format provided by the Department to the pre-adoptive family or adoptive family;

(b) Document changes in the circumstances of the pre-adoptive family or adoptive family, when applicable;

(c) Document the needs of the child or young adult;

(d) Provide information about the financial expenses of the pre-adoptive family or adoptive family in meeting the needs of the child or young adult; and

(e) Provide additional documentation of the child's or young adult's current behaviors when the child or young adult meets the eligibility requirements for consideration of a level of care payment under OAR 413-020-0230 and the pre-adoptive family or adoptive family is requesting a level of care payment.

(3) Renegotiation of the adoption assistance base rate will be conducted using the negotiation process described in OAR 413-130-0070(2)-(8).

(4) A new adoption assistance agreement must be signed by all parties each time adoption assistance payment changes as a result of renegotiation.

(5) The Department may authorize a renegotiated adoption assistance payment increase or decrease for the period commencing the first day of the month in which the Department receives the documentation required to complete the requested renegotiation, or another date agreed upon by the pre-adoptive family or adoptive family and the Department.

(6) The Department may approve up to twelve months of retroactive payments unless a contested case hearing was requested and a subsequent decision necessitates a payment of more than twelve months. The decision includes any decision by the Department, including:

(a) A final order;

(b) A stipulated final order;

(c) A settlement agreement; or

(d) Any other agreement resulting in withdrawal of the contested case.

### Eligibility for Nonrecurring Adoption Expenses

(1) Except as provided in section (2) of this rule, a pre-adoptive family is eligible for reimbursement of nonrecurring adoption expenses through Title IV-E funding on behalf of a child determined to have special needs under OAR 413-130-0020 when the child is in the custody of:

(a) The Department, a participating tribe, a licensed adoption agency;

or

(b) An Oregon family following a direct relinquishment by the legal parent directly to the Oregon family.

(2) For applications received on or after October 1, 2010, reimbursement for nonrecurring adoption expenses is prohibited on behalf of an applicable child who:

(a) Is not a citizen or resident of the United States; and

(b) Was either adopted outside the United States or was brought to the United States for the purpose of being adopted.

### Payment for Nonrecurring Expenses

(1) An agreement, indicating the nature and amount of nonrecurring adoption expenses, must be signed prior to the final judgment of adoption. Payment for nonrecurring adoption expenses is made when the Department receives the final judgment of adoption.

(2) The Department will reimburse an adoptive family up to \$1,500 for each eligible child for approved nonrecurring expenses, including but not limited to:

(a) The cost of a home study;

(b) Court costs;

(c) Legal fees, as authorized by the Department;

(d) Physical and psychological examinations required for the adoption; and

(e) Travel to visit with the adoptive child prior to the placement.

(3) The Department will consider nonrecurring adoption expense requests that:

(a) Are submitted with written documentation to the Adoption Assistance and Guardianship Assistance Unit;

(b) Are not in violation of state or federal law; and

(c) Do not duplicate expenses covered by:

(A) The Interstate Compact for Placement of Children;

(B) A Department contract with a licensed adoption agency; or

(C) Another resource available to the adoptive family.

(4) When a pre-adoptive family indicates that they will be using a qualified vendor attorney, the Adoption Assistance and Guardianship Assistance Unit must send the pre-adoptive family a list of qualified vendor attorneys.

# ADMINISTRATIVE RULES

(5) The pre-adoptive family may select and contact an attorney from the list of qualified vendor attorneys, in which case the pre-adoptive family must:

(a) Sign the legal fees agreement, and

(b) Send the legal fees agreement to the attorney, who will sign it and return it to the Department for payment after the judgment of adoption is received.

(6) The pre-adoptive family may privately retain an attorney, in which case:

(a) The adoptive family is responsible for paying the attorney; and

(b) The Department will reimburse the adoptive family reasonable charges equal to the amount allowed for a qualified vendor attorney unless the Adoption Assistance and Guardianship Assistance Coordinator has determined that a higher amount may be considered due to extraordinary circumstances.

### Special Payments

(1) A request for a special payment:

(a) May be made after finalization of the adoption by an adoptive family who has an existing adoption assistance agreement with the Department;

(b) Must include documentation from the adoptive family when requested by the Department.

(2) The Department may authorize a special payment for a limited duration, on a case-by-case basis, subject to the availability of resources.

(3) An approved special payment may only be issued to the adoptive family.

### Medical Assistance

(1) A child or young adult who is the subject of an adoption assistance agreement funded by Title IV-E funds is categorically eligible for medical assistance through Title XIX and eligible for social services through Title XX.

(2) A child or young adult who is the subject of an adoption assistance agreement funded with state general funds, is eligible for medical assistance under Child Welfare Policy I-E.6.2, "Title XIX and General Assistance Medical Eligibility" OAR 413-100-0400 to 413-100-0610 when:

(a) The child or young adult resides in Oregon; or

(b) The child or young adult resides outside of Oregon but in the United States or a territory or possession thereof or the District of Columbia and is not able to obtain medical assistance in his or her place of residence.

(3) When the adoptive child or young adult resides outside of Oregon, the Department provides the necessary documentation to the state of residence of the child or young adult through the Interstate Compact on Adoption and Medical Assistance (ICAMA) to assist the pre-adoptive family or adoptive family in obtaining medical assistance for the child or young adult.

(4) Medical assistance is not provided for a child or young adult who resides outside of the United States, a territory or possession thereof, or the District of Columbia.

### Administration of Approved Adoption Assistance

(1) Except as provided in OAR 431-130-0130, in order for the Department to provide adoption assistance on behalf of an eligible child:

(a) An adoption assistance agreement must be signed by each individual who is a party to the agreement and a Department representative; and

(b) The adoption assistance agreement must be in effect before the judgment of adoption.

(2) An adoption assistance agreement must include each of the following:

(a) A statement indicating that an adoption assistance agreement remains in effect regardless of the state or residency of the pre-adoptive family or the adoptive family and the child.

(b) An effective date which:

(A) Must be after the completion of a signed adoption assistance application; and

(B) Except as provided in OAR 413-120-0130, must be before the date of the judgment of adoption.

(c) Information identifying the child's or young adult's eligibility to receive medical assistance and specify the child's or young adult's eligibility for Title XIX and XX.

(d) Information that ORS 192.520 allows the Oregon Health Plan (OHP) and OHP managed care plans to exchange the following protected health information without authorization from the pre-adoptive family or adoptive family for the purpose of treatment activities related to behavioral or physical health of the child or young adult when the child or young adult is the recipient of OHP services:

(A) The name and Medicaid recipient number for the child or young adult;

(B) The hospital or medical provider for the child or young adult;

(C) The hospital or medical provider's Medicaid number;

(D) Each diagnosis for the child or young adult;

(E) Each treatment activity's date of service;

(F) Each treatment activity's procedure or revenue code;

(G) The quantity of units or services provided; and

(H) Information about medication prescription and monitoring.

(e) Specification of the amount and nature of all adoption assistance to be provided.

(f) A statement informing the pre-adoptive family or adoptive family of the right to a contested case hearing under Child Welfare Policy I-A.5.2, "Contested Cases" OAR 413-010-0500 to 413-010-0535.

(3) The Department remains financially responsible for providing the services specified in the adoption assistance agreement if the needed service is not available in the new state or service area of residence, except as described in OAR 413-130-0100(4).

(4) The foster care base rate payment, level of care payment, any level of personal care payment, and medical coverage end when adoption assistance begins. Medical assistance, as determined by the child's eligibility, may continue when requested by the pre-adoptive family or adoptive family.

(5) The Department may require documentation from the pre-adoptive family or adoptive family verifying that the child:

(a) Is enrolled in an elementary or secondary school as determined by the law of the state of residence;

(b) Is home schooled in accordance with the law of the state of residence;

(c) Is enrolled in an independent study program in accordance with the law of the state of residence;

(d) Has completed secondary school; or

(e) Is incapable of attending school due to a documented medical condition, mental disability or physical disability.

(6) A pre-adoptive family or adoptive family must immediately inform the Adoption Assistance and Guardianship Assistance Unit of a change in circumstances that may make them ineligible for adoption assistance or eligible for an adoption assistance payment in a different amount.

(7) An individual who is a party to an adoption assistance agreement may request a change of payee due to a divorce, legal separation, or other judicially recognized modification of custody.

(a) The requesting individual must provide the Department with the current address and telephone number of the current payee.

(b) The Department must notify the current payee that there has been a request to change the payee within 30 days of receipt of a request for a change of payee.

(c) Unless the current payee submits a challenge to the request to change payee within 30 days of the date the Department sends the notice in subsection (b), the request to change payee will be approved.

(d) If the change of payee is challenged, the Department requires legal documentation describing physical custody of the child to make a change in payee.

(e) The new payee must be one of the parties to the adoption assistance agreement.

# ADMINISTRATIVE RULES

(8) Overpayment.

(a) If the Department issues an adoption assistance payment on behalf of a child or young adult after the date the adoption assistance agreement automatically expires, the Department may seek reimbursement of the overpayment and the pre-adoptive family or the adoptive family must repay the Department.

(b) If the pre-adoptive family or adoptive family fails to comply with any provisions of the adoption assistance agreement, including failing to notify the Department of any of the events or circumstances described in section (6) of this rule, the Department may collect any adoption assistance payment or medical assistance which the Department would not have provided had the pre-adoptive family or adoptive family complied with the provisions of the adoption assistance agreement.

### Adoption Assistance Review Committee and Appeals Procedure

(1) The Adoption Assistance Review Committee serves as a consultation and review body for the adoption assistance program.

(a) Adoption Program staff may refer unusual or exceptionally costly benefit requests to the Adoption Assistance Review Committee for consultation; or

(b) If, during negotiations of adoption assistance benefits, Adoption Program staff and the adoptive family or pre-adoptive family are unable to reach agreement, the matter may be referred to the Adoption Assistance Review Committee for review at the request of either Adoption Program staff or the adoptive family or pre-adoptive family.

(2) The adoptive family or pre-adoptive family and the assigned caseworker must provide written documentation for the Committee's consideration.

(3) The caseworker for the pre-adoptive family may participate in an Adoption Assistance Review Committee meeting by phone.

(4) The Adoption Assistance Review Committee reviews relevant materials and provides a recommendation regarding level of benefits to the Department's adoption assistance coordinator. The Adoption Assistance Review Committee takes into consideration the special needs of the child and the financial circumstances of the adoptive family or pre-adoptive family.

(5) If the adoptive family or pre-adoptive family is unsatisfied with the adoption assistance offer made by the Adoption Assistance Review Committee, the family may request further review by the Department's Adoption Program Manager.

(6) Requests for further review must be made in writing and received by the Department's Adoption Program Manager within 14 days from the date of the Adoption Assistance Review Committee recommendation.

(7) The Adoption Program Manager reviews the material and makes a decision within 60 days from the date of the Adoption Assistance Review Committee recommendation.

(8) After receipt of the Adoption Program Manager's decision, the adoptive family or pre-adoptive family may request a contested case hearing as provided in Child Welfare Policy I-A.5.2, "Contested Case Hearings" OAR 413-010-0500 to 413-010-0535.

### Adjustments of Adoption Assistance

(1) The Department may request updated information from the pre-adoptive family or the adoptive family when the Department becomes aware of a change in circumstances that may make the pre-adoptive family or the adoptive family ineligible for adoption assistance or eligible for adoption assistance in a different amount.

(2) When the adoptive family divorces, legally separates, or is party to a judicially recognized modification of custody, the Department may request updated information, including financial information, to reflect the change in family circumstances.

(3) The Department may not adjust the adoption assistance payment without the agreement of the adoptive family, except when there is an

across-the-board reduction or increase in a foster care base rate payment or level of care payment, the Department, following a case-by case review, based on the specific needs of the child or young adult and without concurrence of the pre-adoptive family or adoptive family, may adjust the adoption assistance payment to an amount that does not exceed the new foster care payment the child or young adult would receive if the child or young adult was currently in foster care. In the case of a reduction, only those payments that exceed the amount the child or young adult would be eligible for if currently in foster care would be reduced and the reduction would only be to the amount that the child or young adult would be eligible to receive if currently in foster care.

(4) The Department, with the concurrence of the pre-adoptive family or adoptive family may adjust or suspend the adoption assistance payment, to reflect a change in the pre-adoptive family or adoptive family's circumstances or expenses on behalf of the child or young adult.

(5) The Department will terminate the adoption assistance agreement upon ten days written notice to the pre-adoptive family or adoptive family when it becomes known to the Department that the pre-adoptive family or adoptive family is no longer providing any support to the child or young adult or legally responsible for the support of the child or young adult, including under the following circumstances:

(a) When the parental rights of the adoptive family have been terminated or relinquished.

(b) When the child becomes an emancipated minor.

(c) When the child or young adult:

(A) Marries.

(B) Enlists in the military.

(C) Dies.

(d) When the young adult no longer meets the eligibility requirements in 413-130-0055.

(6) The adoption assistance agreement automatically expires when the child reaches the age of 18 or, when an extension has been granted under OAR 413-130-0055, up to the age of 21 as documented in the adoption assistance agreement.

### Post Judgment of Adoption Applications for Adoption Assistance

(1) An adoptive family asking to apply for adoption assistance after the judgment of adoption must submit a written request to the Adoption Assistance and Guardianship Assistance Unit, 500 Summer Street NE, E-71, Salem, Oregon 97301, based on one or more of the following extenuating circumstances:

(a) Relevant facts regarding the child, the biological family, or background of the child were known, but not shared with the adoptive family prior to legal finalization of the adoption;

(b) Adoption assistance was denied based on an assessment of the financial need of the adoptive family;

(c) The Department determined the child was ineligible for adoption assistance, but information becomes known which indicates a review of the determination is appropriate; or

(d) The Department failed to advise the adoptive family of a special needs child of the availability of adoption assistance.

(2) Upon receipt of the written request, the Department must determine, within thirty days, whether the child meets Title IV E eligibility requirements.

(3) The Department or adoptive family may seek historic information regarding the child to determine eligibility for adoption assistance through a:

(a) Request to the adoption registry as provided by ORS 109.425 through 109.507; or

(b) Court order to review the sealed adoption file.

(4) When a child is Title IV-E eligible, a decision is made through a contested case hearing on whether the adoptive family may apply for adoption assistance after the judgment of adoption based on the extenuating circumstances in section (1) of this rule:

(a) The Adoption Assistance and Guardianship Assistance Coordinator must write a summary of the situation and submit a hearing referral and supporting documentation to the Office of Administrative Hearings within 45 days of receipt of the request in section (1) of this rule.

# ADMINISTRATIVE RULES

(b) An adoptive family has the burden of proof to show that extenuating circumstances exist. The Department may provide corroborating facts to both the adoptive family and the administrative law judge.

(c) The contested case hearing is conducted under Child Welfare Policy I-A.5.2, "Contested Case Hearings", OAR 413-010-0500 to 413-010-0535.

(5) When a child does not meet Title IV E eligibility requirements, the Adoption Program Manager determines if extenuating circumstances under section (1) of this rule exist that justify accepting an adoption assistance application from the adoptive family.

(a) The Adoption Assistance and Guardianship Assistance Coordinator must prepare information for review by the Adoption Program Manager including information submitted by both the adoptive family and Department records.

(b) A written finding will be sent to the adoptive family within sixty days of the receipt of the request for review.

(c) When the Adoption Program Manager finds that extenuating circumstances do not exist, the adoptive family may request a contested case hearing under Child Welfare Policy I-A.5.2, "Contested Case Hearings", OAR 413-010-0500 to 413-010-0535.

(A) The administrative law judge in the contested case hearing reviews whether the adoptive family may submit an application for adoption assistance.

(B) The approval of the adoption assistance application is a separate determination made by the Department.

(6) When the decision, through a contested case hearing or Adoption Program Manager review, is that the adoptive family is eligible to apply for adoption assistance on behalf of the child, an adoption assistance application may be signed, effective the date of the written request described in section (1) of this rule. The process for application in OAR 413-130-0050 and negotiation in OAR 413-130-0070 apply.

### Effective Dates; Restored Benefits

(1) The effective date for restoring benefits that were underpaid (including erroneous collections of overpayments) or denied or closed in error is one of the following:

(a) In all programs except SNAP, for underpayments resulting from administrative error, the effective date is the date the error was made, except as provided in subsection (b) of this section.

(b) In all programs, benefits can be restored only for the preceding 12 months.

(c) In all programs except SNAP, for underpayments resulting from client error, the effective date is the earliest of the following:

(A) The month the benefit group notifies the branch office of the possible loss.

(B) The month the branch office discovers the loss.

(C) The date a hearing is requested.

(2) In the SNAP program, for underpayments resulting from administrative error, benefits are restored for not more than twelve months prior to whichever of the following occurs first:

(a) The date the benefit group notifies the branch office of the possible loss.

(b) The date the branch office discovers the loss.

(c) The date a hearing is requested.

(3) In the SNAP program, benefits are not restored for underpayments resulting from client error.

(4) The effective date for restoring benefits that have been suspended is:

(a) The first of the month after the suspension, if suspension was for only one month; or

(b) The date the benefit group again becomes eligible, if benefits have been suspended for more than 30 days. Treat the month in which benefits are restored as an initial month.

**Subject:** OAR 461-115-0530 about Oregon Health Plan (OHP) program certification periods is being amended to lengthen the Oregon Health Plan — Adults (OHP-OPU) program certification period (the period for which a client is certified eligible for a program). This rule also is being amended to make permanent the temporary changes adopted March 1, 2011.

OAR 461-120-0315 about the assignment of the right to reimbursement for health care costs for clients in the Department medical programs is being amended to state that a Program for All-Inclusive Care for the Elderly (PACE) client in a nursing facility who is receiving long-term care insurance payments may meet the requirement to assign rights for medical care reimbursements to the Department

by assigning them to the long-term care facility or immediately turning them over to the long-term care facility if received directly.

OAR 461-135-0400 about the specific eligibility requirements for child care payments and the Employment Related Day Care (ERDC) program is being amended to remove the requirement that new applicants (and any ERDC program client with a break in ERDC benefits of more than 30 days) must have received benefits in the Refugee Assistance (REF), State Family Pre-SSI/SSDI (SFPSS), or Temporary Assistance to Needy Families (TANF) programs within at least one of the prior three months. In addition, this rule is being amended to remove provisions related to the Child Care Reservation List. This rule also is being amended to make permanent the temporary changes adopted March 22, 2011.

OAR 461-135-1120 about when an Oregon Health Plan — Adult (OHP-OPU) program benefit group (the individuals who receive benefits) must pay a monthly premium to receive program benefits is being amended to restate how the Department determines when a premium payment is paid on time or past due, and to state when a premium payment is in arrears. This rule also is being amended to cross-reference other administrative rules for the definitions of terms used in this rule and to italicize the defined terms throughout the rule. This rule also is being amended to make permanent the temporary changes adopted March 1, 2011.

OAR 461-145-0140 about how the Department treats tax credits received by a client when making eligibility and benefit level determinations is being amended to restate how the Making Work Pay (MWP) tax credit under the American Recovery and Reinvestment Act of 2009 (Pub. Law 11-5) is received by a client. This rule also is being amended to remove the earned income exclusion for General Assistance (GA), General Assistance Medical (GAM), Healthy KidsConnect (HKC), Medical Assistance Assumed (MAA), Medical Assistance to Families (MAF), Oregon Health Plan (OHP), Oregon Supplemental Income Program Medical (OSIPM), or Qualified Medicare Beneficiaries (QMB) program clients who received an MWP tax credit as the option to receive an MWP tax credit on a monthly basis expired December 31, 2010. This rule also is being amended to make permanent the temporary changes adopted January 1, 2011.

OAR 461-145-0143 about how the Department treats Making Work Pay and American Recovery and Reinvestment Act of 2009 (Pub. Law 11-5) economic recovery payments when determining a client's eligibility for Department program benefits is being repealed as the federal provisions authorizing these payments expired December 31, 2010. This rule also is being repealed to make permanent the temporary suspension adopted January 1, 2011.

OAR 461-145-0220 about the treatment of a client's home when the Department is determining a client's assets for individuals receiving long-term care services is being amended to revise the policy about when the equity value of the home is excluded from the client's assets. This rule also is being amended to make permanent the temporary changes adopted January 1, 2011.

OAR 461-145-0530 about how the Department treats tax refunds when determining a client's assets (income and resources) is being amended to restate how the Department treats federal income tax refunds in compliance with recent federal legislation Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010 (Pub. Law 111-312). This rule also is being amended to make permanent the temporary changes adopted February 4, 2011.

OAR 461-155-0150 about the eligibility standards, payment rates, and copayments that apply to child care benefits under the Employment Related Day Care (ERDC), Job Opportunity and Basic Skills (JOBS), JOBS Plus, and Temporary Assistance for Needy Families (TANF) programs is being amended in response to an Oregon Legislature Emergency Board directive (September 23, 2010) to restate which child care providers the Department may pay at a part-time monthly rate. This rule also is being amended to state when the

## ADMINISTRATIVE RULES

Department may pay more than one child care provider at a part-time monthly rate for the same child for the same month.

OAR 461-155-0180 about poverty-related income standards is being amended to reflect the annual increase in the federal poverty guidelines. This rule also is being amended to make permanent the temporary changes adopted January 20, 2011.

OAR 461-155-0290 about the income standards in the Qualified Medicare Beneficiaries — Basic (QMB-BAS) program, OAR 461-155-0291 about the income standards in the Qualified Medicare Beneficiaries — Disabled Worker (QMB-DW) program, and OAR 461-155-0295 about the income standards in the Qualified Medicare Beneficiaries — Specified Limited Medicare Beneficiary (QMB-SMB), and Qualified Medicare Beneficiaries — Qualified Individuals (QMB-SMF) programs are being amended to reflect the annual changes in the income standards based on changes to the federal poverty level. OAR 461-155-0295 also is being amended to clarify the income standards being applied. These rules also are being amended to make permanent the temporary changes adopted March 1, 2011.

OAR 461-155-0528 about emergency assistance in the Oregon Supplemental Income Program Medical (OSIPM) program is being amended to restate which OSIPM program clients receiving Supplemental Security Income (SSI) payments are eligible for emergency assistance payments. This rule also is being amended to increase the amount of the authorized maximum emergency assistance payment. This rule also is being amended to make permanent the temporary changes adopted February 1, 2011.

OAR 461-155-0575 is being adopted to set out the policy for providing special need in-home supplementary payments to certain Oregon Supplemental Income Program Medical (OSIPM) clients who receive specified in-home services. This rule also is being adopted to make permanent the temporary rule adopted April 1, 2011.

OAR 461-155-0693 about transportation services payments in the Oregon Supplemental Income Program Medical (OSIPM) program is being amended to increase the amount of the authorized maximum monthly payment. This rule also is being amended to make permanent the temporary changes adopted February 1, 2011.

OAR 461-160-0800 about how the Department calculates the participant fee for Oregon Supplemental Income Program — Employed Persons with Disabilities (OSIP-EPD) and Oregon Supplemental Income Program Medical - Employed Persons with Disabilities (OSIPM-EPD) program clients is being amended to restate the cross-referenced Oregon Administrative Rule used to determine the Federal Poverty Level (FPL) used in calculating the participant fees.

OAR 461-165-0160 about how the Department makes payments to child care providers is being amended in response to an Oregon Legislature Emergency Board directive (September 23, 2010) to indicate that in the Job Opportunity and Basic Skills (JOBS), JOBS Plus, and Temporary Assistance for Needy Families (TANF) programs (in addition to ERDC which the rule already covers) the Department will not authorize a child care provider payment unless the client has designated a primary provider.

OAR 461-165-0171 about the methods Employment Related Day Care (ERDC), Job Opportunity and Basic Skills (JOBS), and Temporary Assistance for Needy Families (TANF) program child care providers are required to follow to receive payments from the Department is being amended in response to an Oregon Legislature Emergency Board directive (September 23, 2010) to state the requirements the providers using the Department's Child Care Billing and Attendance Tracking system must meet to receive payments from the Department.

OAR 461-175-0200 which provides general information about the decision notices (written notices of decisions by the Department regarding an individual's eligibility for benefits in a program) the Department sends to clients is being amended to restate which type

of decision notice is sent to a Supplemental Nutrition Assistance Program (SNAP) client.

OAR 461-190-0416 about how the Department determines eligibility for and calculates the amount of a Temporary Assistance for Needy Families (TANF) or Supplemental Nutrition Assistance Program (SNAP) program supplemental payment made to a client when the client's Job Opportunity and Basic Skills (JOBS) Plus income reduces the client's TANF or SNAP program benefits is being amended to restate how the Department determines a client's full benefit equivalency income and minimum benefit equivalency income (the income amounts used to determine eligibility for and the amount of the supplemental payment under this rule). This rule also is being amended in response to recently enacted federal legislation (The Education Jobs and Medicaid Assistance Act of 2010 (Pub. Law 111-226)) to state how, effective January 1, 2011, the Department determines eligibility for and calculates the amount of a supplemental payment under this rule. This rule also is being amended to make permanent the temporary changes adopted February 14, 2011.

OAR 461-195-0521 about how the Department calculates the amount of a client or provider's overpayment liability is being amended to restate how the Department calculates the amount of Oregon Supplemental Income Program (OSIP), Oregon Supplemental Income Program Medical (OSIPM), Oregon Supplemental Income Program — Employed Persons with Disabilities (OSIP-EPD), and Oregon Supplemental Income Program Medical - Employed Persons with Disabilities (OSIPM-EPD) program overpayments.

#### **Certification Period; HKC, OHP**

(1) For an HKC, OHP-CHP, OHP-OPC, OHP-OPU, or OHP-OP6 program applicant not currently receiving BCCM, EXT, HKC, MAA, MAF, OHP, OSIPM, REFM, SAC, or child welfare medical program benefits, the initial certification period (see OAR 461-001-0000) begins on the effective date for starting medical benefits (described in OAR 461-180-0090) and includes the following twelve calendar months. Any other HKC, OHP-CHP, OHP-OPC, OHP-OPU, or OHP-OP6 program certification period is for twelve months.

(2) A client's HKC or OHP program benefits end before the end of the certification period if the client no longer meets the program eligibility requirements or the program ends.

(3) To establish a new certification period, an HKC or OHP program benefit group (see OAR 461-110-0750) must complete a redetermination of eligibility and be found eligible.

(4) When an individual wishes to be added to an OHP program benefit group already certified for OHP program, the entire group must establish a new certification period. If, as a result of the new redetermination process, the new filing group (see OAR 461-110-0400) is ineligible, the original benefit group remains eligible for the remainder of its certification period.

(5) When an HKC program certification period is established, the HKC program subsidy may not be reduced or eliminated during the certification period.

(6) When an individual wishes to be added to an HKC program benefit group already certified for HKC program benefits, the entire benefit group must be redetermined.

(a) If as a result of the new redetermination process, the new HKC program countable (see OAR 461-001-0000) income of the filing group increases from less than 251 percent of the Federal Poverty Level (FPL) and is equal to or greater than 251 percent of the FPL, the original HKC program certification period and subsidy is not affected. The individual is added to the existing benefit group. The new benefit group remains eligible at the same subsidy level for the remainder of the original certification period.

(b) If as a result of the new redetermination process, the new HKC program countable income of the filing group decreases to less than 251 percent of the FPL, a new certification period is established for the new benefit group.

(7) If a member leaves an HKC or OHP program benefit group, that individual and other members of the benefit group remain eligible for the remainder of the certification period.

(8) If a current OHP program client moves into another current OHP program filing group, that client and the members of that filing group who

# ADMINISTRATIVE RULES

are OHP program eligible are combined into one benefit group if the client is required to be in the current household's OHP program filing group. The certification period for the new benefit group ends the later of the date the current client's certification period or the filing group's period was set to end.

(9) If a current HKC program client moves into another current HKC program filing group, that client and the members of that filing group who are HKC program eligible are combined into one benefit group if the client is required to be in the current household's HKC program filing group. The certification period for the new benefit group ends the later of the date the current client's certification period or the filing group's period was set to end.

(10) A pregnant woman found eligible for the OHP OPP program is not assigned a certification period — she is eligible for the period described in OAR 461 135 0010.

### Medical Assignment

(1) In the CEC, CEM, EXT, GAM, MAA, MAF, OHP, OSIPM, QMB, REF, and SAC programs, by signing the application for assistance, clients agree to turn over their rights to reimbursement for medical care costs to the Department.

(a) If a client or the client's authorized representative (see OAR 461-115-0090) refuses to assign the rights to reimbursement for medical care costs to the Department, the *filing group* is ineligible until the client complies with this requirement. This includes a client eligible for long term care (see OAR 461-001-0000) insurance payments who fails to comply as described in subsection (b) of this section.

(b) When a client has long term care insurance, the client complies with the requirements of this rule by reducing the Department's share of the long term care service costs by taking the following actions for the entire period of time that the client is eligible for Department-covered long term care services:

(A) For a client in a nursing facility:

(i) Submitting the necessary paperwork to receive the long term care insurance payments and designating the long term care facility as the payee for the long term care insurance benefits; or

(ii) When the insurance company will not pay the long term care insurance benefits directly to the long term care facility, submitting the necessary paperwork to receive insurance payments and then promptly turning over the long term care insurance payments to the long term care facility upon receipt.

(B) For a client in community based care (see OAR 461-001-0000):

(i) Submitting the necessary paperwork to receive the long term care insurance payments and designating the Department as the payee for the long term care insurance benefits; or

(ii) When the insurance company will not pay the long term care insurance benefits directly to the Department, submitting the necessary paperwork to receive the insurance payments and then promptly turning over the long term care insurance payments to the Department upon receipt.

(2) The Department may refuse to pay medical expenses for anyone in the benefit group (see OAR 461-110-0750) when another party or resource should pay first.

(3) The amount the Department may collect in reimbursement is limited to the amount of medical services paid by the Department on the client's behalf.

(4) The Department establishes an overpayment if it is discovered after-the-fact that during any period of time a client or another individual submitting a long term care insurance claim on the client's behalf received a long term care insurance payment that was not turned over to the long term care facility or Department as required by subsection (1)(b) of this rule.

### Specific Requirements; ERDC

(1) The Department makes payments for child care, including care covered by the ERDC program, subject to the provisions of division 165 of this chapter of rules.

(2) To be eligible for ERDC, a *filing group* (see OAR 461-110-0350) must meet the requirements of all of the following subsections:

(a) At least one caretaker (see OAR 461-001-0000) must receive income from employment (other than self-employment, see OAR 461-145-0910), including employment through a work study program.

(b) The *filing group* must include a child who needs child care.

(c) The filing group must have an allowable child care need as described in OAR 461 160 0040. If there are two adults required to be in the filing group, and one of the adults is unemployed or self-employed, the unemployed or self-employed adult is considered available to provide child care, making the filing group ineligible, except in the following situations:

(A) The unemployed adult is physically or mentally unable to provide adequate child care.

(B) The unemployed adult is unavailable to provide child care while participating in the requirements of a case plan (see OAR 461-001-0025) other than requirements associated with post-secondary education.

(d) The *filing group* must use a child care provider who meets the requirements in OAR 461-165-0160 and 461-165-0180.

(e) The child needing child care must meet the citizenship or alien status requirements of OAR 461-120-0110.

(3) A filing group is not eligible for a child care payment for more than six calendar months if the filing group is unwilling to obtain a Certificate of Immunization Status for the child.

(4) The child care must be necessary to enable the caretaker to remain employed (other than self-employed).

(5) A filing group is not eligible for child care when the caretaker or parent in the filing group receives a grant for child care from the Oregon Student Assistance Commission for any month the grant is intended to cover, regardless of when the grant is received.

## 461-135-1120

### Premium Requirement; OHP-OPU

In the OHP-OPU program, a monthly premium must be paid when the *benefit group* (see OAR 461-110-0750) includes at least one non-exempt (HPN) client (see OAR 461-135-1100) as follows:

(1) The following HPN clients are exempt from the premium requirement:

(a) A member of a federally recognized Indian tribe, band, or group.

(b) An Eskimo, Aleut, or other Alaska native enrolled by the Secretary of the Interior pursuant to the Alaska Native Claims Settlement Act.

(c) An individual eligible for benefits through an Indian Health Program.

(d) An individual eligible for the CAWEM program (see OAR 461-135-1070).

(e) An individual in a need group (see OAR 461-110-0630) with countable (see OAR 461-001-0000) income that is 10 percent or less of the federal poverty level in at least one of the following situations:

(A) Using income assigned to the budget month (see OAR 461-001-0000) at certification or recertification;

(B) Using income assigned to the budget month from the current certification for the need group formed when an HPN client leaves the filing group (see OAR 461-110-0310 and 461-110-0400); or

(C) Using income assigned to the budget month from the current certification when multiple OHP program cases are combined into one case.

(2) The amount of the premium is determined in accordance with OAR 461-155-0235.

# ADMINISTRATIVE RULES

(3) Each non exempt client in the benefit group is responsible for payment of premiums.

(4) Once the amount of the premium is established, the amount will not change during the certification period (see OAR 461-001-0000) unless the conditions under at least one of the following subsections apply:

- (a) An HPN client becomes pregnant.
- (b) An HPN client becomes eligible for another program (for example, MAA or OSIPM).
- (c) An HPN client leaves the filing group.
- (d) OHP program cases are combined during their certification periods.

- (e) An HPN client's exemption status changes.
- (f) An HPN client is no longer a member of the benefit group.

(5) A premium is considered paid on time when the payment is received by the Oregon Health Plan billing office on or before the due date which is the 20th of the month for which the premium was billed. The day the payment arrives in the billing office's post office box when sent via mail or the day it is submitted via telephone or electronically to the billing office is the date it is received. A premium not paid on time is in arrears. A premium is past due when it has not been paid within six months of the due date. A client will not be disenrolled during his or her certification period for premiums in arrears or past due premiums. All premiums in arrears and past due premiums for a filing group must be paid before a client can establish a new certification period.

(6) For any billed premium, the Department cancels the arrearage if the applicant is otherwise eligible for the OHP program and one of the following subsections applies:

- (a) The arrearage was incurred while the client was exempt from the requirement to pay a premium; or
- (b) The applicant is exempt from the requirement to pay premiums under subsection (1)(e) of this rule.
- (7) The Department cancels any premium arrearage over three years old.

### Earned Income Tax Credit (EITC) and Making Work Pay (MWP) Tax Credit

(1) There are federal and state earned income tax credit (EITC) programs for low-income families.

- (a) An EITC may be received in one of two ways:

(A) As one annual payment received at the time of the normal income tax returns.

- (B) As an advance in the employee's paycheck.
- (b) The EITC is excluded from assets (see OAR 461-001-0000).

(2) The American Recovery and Reinvestment Act (ARRA) of 2009 created the Making Work Pay (MWP) tax credit. This credit applies to tax years 2009 and 2010. An MWP tax credit is received as one annual payment at the time of the normal income tax returns. An MWP tax credit received as a portion of an individual's federal tax return is excluded from assets.

## 461-145-0220

### Home

(1) Home defined: A home is the place where the filing group lives. A home may be a house, boat, trailer, mobile home, or other habitation. A home also includes the following:

- (a) Land on which the home is built and contiguous property.
- (A) In all programs except the GA, GAM, OSIP, OSIPM, QMB, and SNAP programs property must meet all the following criteria to be considered contiguous property:

(i) It must not be separated from the land on which the home is built by land owned by people outside the financial group (see OAR 461-110-0530).

- (ii) It must not be separated by a public right-of-way, such as a road.
- (iii) It must be property that cannot be sold separately from the home.

(B) In the GA, GAM, OSIP, OSIPM, QMB, and SNAP programs, contiguous property is property not separated from the land on which the home is built by land owned by people outside the financial group.

(b) Other dwellings on the land surrounding the home that cannot be sold separately from the home.

- (2) Exclusion of home and other property:

(a) For a client who has an initial month (see OAR 461-001-0000) of long-term care on or after January 1, 2006:

- (A) For purposes of this subsection:

(i) The definition of "child" in OAR 461-001-0000 does not apply.

(ii) "Child" means a biological or adoptive child who is:

- (I) Under age 21; or

(II) Any age and meets the Social Security Administration criteria for blindness or disability.

(B) The equity value of a home is excluded if the requirements of at least one of the following subparagraphs are met:

- (i) The child of the client occupies the home.
- (ii) The spouse of the client occupies the home.
- (iii) The equity in the home is \$506,000 or less, and the requirements of at least one of the following sub-subparagraphs are met:

- (I) The client occupies the home.
- (II) The home equity is excluded under OAR 461-145-0250.
- (III) The home is listed for sale per OAR 461-145-0420.

(iv) Notwithstanding OAR 461-120-0330, the equity in the home is more than \$506,000 and the client is unable legally to convert the equity value in the home to cash.

(b) For all other filing groups, the value of a home is excluded when the home is occupied by any member of the filing group.

(c) In the SNAP program, the value of land is excluded while the group is building or planning to build their home on it, except that if the group owns (or is buying) the home they live in and has separate land they intend to build on, only the home in which they live is excluded, and the land they intend to build on is treated as real property in accordance with OAR 461 145 0420.

(3) Exclusion during temporary absence: If the value of a home is excluded under section (2) of this rule, the value of this home remains excluded in each of the following situations:

(a) In all programs except the GA, GAM, OSIP, OSIPM, and QMB programs, during the temporary absence of all members of the filing group from the property, if the absence is due to illness or uninhabitability (from casualty or natural disaster), and the filing group intends to return home.

(b) In the SNAP program, when the financial group is absent because of employment or training for future employment.

(c) In the GA, GAM, OSIP, OSIPM, and QMB programs, when the client is absent to receive care in a medical institution, if one of the following is true:

(A) The absent client has provided evidence that he or she will return to the home. The evidence must reflect the subjective intent of the client, regardless of the client's medical condition. A written statement from a competent client is sufficient to prove the intent.

(B) The home remains occupied by the client's spouse, child, or a relative dependent on the client for support. The child must be less than 21 years of age or, if over the age of 21, blind or an individual with a disability as defined by SSA criteria.

(d) In the MAA, MAF, REF, REFM, SAC, and TANF programs, when all members of the filing group are absent because:

(A) The members are employed in seasonal employment and intend to return to the home when the employment ends; or

(B) The members are searching for employment, and the search requires the members to relocate away from their home. If all members of the filing group are absent for this reason, the home may be excluded for up to six months from the date the last member of the filing group leaves the home to search for employment. After the six months, if a member of the filing group does not return, the home is no longer excluded.

### Child Care Eligibility Standard, Payment Rates, and Copayments

The following provisions apply to child care in the ERDC, JOBS, JOBS Plus, and TANF programs:

(1) The following definitions apply to the rules governing child care rates:

(a) Infant: A child aged newborn to 1 year.

(b) Toddler: A child aged 1 year to 3 years.

(c) Preschool: A child aged 3 years to 6 years.

(d) School: A child aged 6 years or older.

(e) Special Needs: A child who meets the age requirement of the program (ERDC or TANF) and who requires a level of care over and above the norm for his or her age due to a physical, behavioral or mental disability. The need for a higher level of care must be determined by the provider and the disability must be verified by one of the following:

(A) A physician, nurse practitioner, licensed or certified psychologist or clinical social worker.

(B) Eligibility for Early Intervention and Early Childhood Special Education Programs, or school-age Special Education Programs.

(C) Eligibility for SSI.

(2) The following definitions apply to the types of care specified in the child care rate charts in subsections (4)(a) through (4)(c) of this rule:

(a) The Standard Family Rate applies to child care provided in the provider's own home or in the home of the child when the provider does not qualify for the enhanced rate allowed by subsection (b) of this section.

(b) The Enhanced Family Rate applies to child care provided in the provider's own home or in the home of the child when the provider meets the training requirements of the Oregon Registry, established by the Oregon Center for Career Development in Childhood Care and Education.

(c) The Registered Family Rate applies to child care provided in the provider's own home when the provider meets criteria established by the Child Care Division.

(d) The Certified Family Rate applies to child care provided in a residential dwelling that is certified by the Child Care Division as a Certified Family Home. To earn this designation, the facility must be inspected, and both provider and facility are required to meet certain standards not required of a registered family provider.

(e) The Standard Center Rate applies to child care provided in a facility that is not located in a residential dwelling and is exempt from Child Care Division Certification rules (see OAR 414-300-0000).

(f) The Enhanced Center Rate applies to child care provided in an exempt center whose staff meet the training requirements of the Oregon Registry established by the Oregon Center for Career Development in Childhood Care and Education. Eligibility to receive the enhanced center rate for care provided in an exempt center is subject to the following requirements:

(A) A minimum of one staff member for every 20 children in care must meet the Oregon Registry training requirements noted in paragraph (2)(b) of this rule.

(B) New staff must meet the Oregon Registry training requirements within 90 days of hire, if necessary to maintain the trained staff-to-children ratio described in paragraph (A) of this subsection.

(C) There must be at least one person present where care is provided who has a current certificate in infant and child CPR and a current American Red Cross First Aid card or an equivalent.

(g) An enhanced rate will become effective not later than the second month following the month in which the Department receives verification that the provider has met the requirements of subsection (2)(b), (f), or (g) of this rule.

(h) The Certified Center Rate applies to child care provided in a center that is certified by the Child Care Division.

(3) The following provisions apply to child care payments:

(a) Providers not eligible for the enhanced or licensed rate will be paid at an hourly rate for children in care less than 158 hours per month subject to the maximum full-time monthly rate.

(b) Providers eligible for the enhanced or licensed rate will be paid at an hourly rate for children in care less than 136 hours a month, unless the provider customarily bills all families at a part-time monthly rate (subject to the maximum full-time monthly rate) and is designated as the primary provider for the case.

(c) At their request, providers eligible for the enhanced or licensed rate may be paid at the part-time monthly rate if they provide 63 or more hours of care in the month, customarily bill all families at a part-time monthly rate, and are designated as the primary provider for the case.

(d) Unless required by the circumstances of the client or child, the Department will not pay for care at a part-time monthly or a monthly rate to more than one provider for the same child for the same month.

(e) The Department will pay at the hourly rate for less than 63 hours of care in the month subject to the maximum full-time monthly rate.

(f) The Department will pay for up to five days each month the child is absent if:

(A) The child was scheduled to be in care and the provider bills for the amount of time the child was scheduled to be in care;

(B) The absent child's place is not filled by another child; and

(C) It is the provider's policy to bill all families for absent days.

(g) The Department will not pay for more than five consecutive days of scheduled care for which the child is absent.

(4) The following are the child care rates, the rates are based on the type of provider, the location of the provider (shown by zip code), the age of the child, and the type of billing used (hourly or monthly): [Table not included. See ED. NOTE.]

(5) This section establishes the ERDC eligibility standard and the client's copayment (copay).

(a) The ERDC eligibility standard is met for need groups (see OAR 461-110-0630) of eight or less if monthly countable income (see OAR 461-001-0000) for the need group is less than 185 percent of the federal poverty level (FPL), as described in OAR 461-155-0180(6). The eligibility standard for a need group size of eight applies to any need group larger than eight.

(b) The minimum monthly ERDC copay is \$25.

(c) For filing groups (see OAR 461-110-0310) whose countable income is at or below 50 percent of the 2007 FPL, the copay is \$25 or 1.5 percent of the filing group's monthly countable income, whichever is greater.

(d) For filing groups whose countable income is over 50 percent of the 2007 FPL, the copay amount is determined with the following percentage of monthly income:

(A) Determine filing group's countable income as a percent of FPL (rounding to the nearest whole number percentage), subtract 50, and multiply this difference by 0.12.

(B) Add 1.5 to the amount in paragraph (A) of this subsection. This sum is the percentage of monthly income to determine the copay amount.

(e) The 2007 federal poverty level used to determine copay amounts under subsections (c) and (d) of this section is set at the following amounts: [Table not included. See ED. NOTE.]

(6) Subject to the provisions in section (9) of this rule, the monthly limit for each child's child care payments is the lesser of the amount charged by the provider or providers and the following amounts:

(a) The monthly rate provided in section (4) of this rule.

(b) The product of the hours of care, limited by section (8) of this rule, multiplied by the hourly rate provided in section (4) of this rule.

(7) The limit in any month for child care payments on behalf of a child whose caretaker is away from the child's home for more than 30 days because the caretaker is a member of a reserve or National Guard unit that is called up for active duty is the lesser of the following:

(a) The amount billed by the provider or providers.

(b) The monthly rate established in this rule for 215 hours of care.

(8) The number of payable billed hours of care for a child is limited as follows:

(a) In the ERDC and TANF programs, the total payable hours of care in a month may not exceed:

(A) 125 percent of the number of hours necessary for the client to perform the duties of his or her job, or to participate in activities included in a case plan (see OAR 461-001-0025) including, for clients in the JOBS Plus

# ADMINISTRATIVE RULES

program, the time the client searches for unsubsidized employment and for which the employer pays the client; or

(B) The monthly rate established in section (4) of this rule multiplied by a factor of not more than 1.5, determined by dividing the number of hours billed by 215, when the client meets the criteria for extra hours under section (10) of this rule.

(b) In the ERDC program, for a client who earns less than the Oregon minimum wage, the total may not exceed 125 percent of the anticipated earnings divided by the state minimum wage not to exceed 172 hours (which is full time). The limitation of this subsection is waived for the first three months of the client's employment.

(c) In the TANF program, for a client who earns less than the Oregon minimum wage or is self-employed, the total may not exceed 125 percent of the anticipated earnings divided by the state minimum wage not to exceed 172 hours (which is full time). The limitation of this subsection is waived for the first three months of the client's employment.

(9) The limit in any month for child care payments on behalf of a child whose caretaker has special circumstances, defined in section (10) of this rule, is the lesser of one of the following:

(a) The amount billed by the provider or providers; or

(b) The monthly rate established in section (4) of this rule multiplied by a factor, of not more than 1.5, determined by dividing the number of hours billed by 215.

(10) The limit allowed by section (9) of this rule is authorized once the Department has determined the client has special circumstances. For the purposes of this section, a client has special circumstances when it is necessary for the client to obtain child care in excess of 215 hours in a month to perform the requirements of his or her employment or training. This is limited to the following situations:

(a) The commute time to and from work exceeds two hours per day.

(b) The caretaker works an overnight shift and care is necessary for both work hours and sleep hours.

(c) The caretaker works a split shift and it is not feasible to care for the child between shifts.

(d) The caretaker consistently works more than 40 hours per week.

(e) Weekend work or other nonstandard work hours require care by more than one provider, and the total allowable hours billed by both providers exceeds the maximum limit.

(f) The caretaker needs child care for both full-time work and participation in Department assigned activities.

(11) The payment available for care of a child who meets the special needs criteria described in subsection (1)(e) of this rule is increased in accordance with OAR 461-155-0151 if the requirements of both of the following subsections are met:

(a) The child requires significantly more direct supervision by the child care provider than normal for a child of the same age; and

(b) The child is enrolled in a local school district Early Intervention or Early Childhood Special Education program or school-age Special Education Program. The enrollment required by this subsection is waived if determined inappropriate by a physician, nurse practitioner, licensed or certified psychologist, clinical social worker, or school district official.

### Special Need; Emergency Assistance; OSIPM

(1) The Department provides an emergency assistance payment for a client if the client meets the requirements of all of the following subsections:

(a) The client must:

(A) Receive SSI; or

(B) Have an adjusted income (see OAR 461-001-0000) less than the SSI standard, and the Department has determined the client meets the eligibility requirements under OAR 461-125-0370(1)(c).

(b) The client does not reside in a community-based care facility (see OAR 461-155-0630(1)) or nursing facility;

(c) The client experiences an unexpected cost or loss of income or resources (not including garnishments or other withholdings authorized by Section 207 of the Social Security Act) resulting from circumstances beyond the client's control; and

(d) The client lacks sufficient income for basic needs such as food, housing, and shelter.

(2) The Department makes emergency assistance payments in accordance with the following subsections:

(a) The Department may authorize an emergency assistance payment for a client only once in any 12-month period;

(b) An emergency assistance payment is limited to the lesser of the following amounts:

(A) The unexpected cost or loss of income or resources; or

(B) \$250.

(c) The Department must pay the total emergency assistance payment to the client over a two-month period.

### Special Need; In-home Supplement; OSIPM

In the OSIPM program:

(1) The Department may provide a monthly supplementary payment for a client who meets the requirements of all of the following subsections:

(a) The client must receive SSI as his or her only source of income.

(b) The client must receive in-home services authorized by:

(A) The Independent Choices Program (covered under the State Medicaid Plan);

(B) A 1915(c) Home and Community-Based Service Waiver; or

(C) State Plan Personal Care Services authorized under chapter 411, division 034 of Oregon Administrative Rules.

(2) The amount and duration of payments authorized under this rule are subject to availability of funding as determined by the Department and are considered reimbursement for uncovered assistance needs.

(3) All eligible clients will receive the same monthly payment amount.

### Special Need; Transportation Services Payment; OSIPM

In the OSIPM program:

(1) The following individuals may be eligible for a transportation services payment:

(a) A client who receives SSI; or

(b) A client who the Department determines meets the requirements of OAR 461-125-0370(1)(c) and has adjusted income less than the SSI standard.

(2) Services eligible for payment under this rule are for transportation to non-medical and non-waivered activities and resources approved by the Department. Examples of such transportation services include, but are not limited to: reimbursement for non-commercial transportation not available through natural supports (limited to mileage only at the full United States General Services Administration mileage reimbursement rate); transportation provided by common carriers, taxicab, or bus; and assistance with purchase of a pass for public transportation.

(3) The following items are not eligible for payment under this rule: purchase of a vehicle; vehicle maintenance or repair; compensation for non-commercial transportation providers (payment to non-commercial transportation providers is limited to mileage only); and transportation services that may be obtained through other means, such as the State Medicaid Plan, waiver, or other public or private resources available to the individual, including natural supports.

(4) Payment for services authorized by this rule may not exceed \$50 per month.

(5) Service costs must be verified annually or when questionable.

### Determining Participant Fee; OSIP-EPD, OSIPM-EPD (Including In-Home Services)

(1) Individuals who receive OSIP-EPD and OSIPM-EPD program benefits will have a participant fee (see section (2) of this rule) but do not have a client liability as discussed in OAR 461-160-0620.

(2) In the OSIP-EPD and OSIPM-EPD programs, the participant fee is calculated using the Federal Poverty Level (FPL) (see OAR 461-155-0290) and the individual's total countable (see OAR 461-001-0000) income as follows:

(a) For clients with countable income less than 75 percent of the FPL, the participant fee is \$0.

(b) For clients with countable income equal to or greater than 75 percent but less than 100 percent of the FPL, the participant fee is \$50 per month.

(c) For clients with countable income equal to or greater than 100 percent but less than 250 percent of the FPL, the participant fee is \$100 per month.

(d) For clients with countable income equal to or greater than 250 percent of the FPL, the participant fee is \$150 per month.

(3) The participant fee under section (2) of this rule must be paid each month as a condition of eligibility for as long as the individual is an OSIP-EPD or OSIPM-EPD client.

(4) OSIP-EPD and OSIPM-EPD clients in a licensed community-based care facility must pay room and board costs in addition to their participant fees.

(5) The local office may waive unpaid participant fees if the individual provides verification (OAR 461-115-0610) of significant economic difficulty, such as, but not limited to, homelessness, divorce, domestic violence (see OAR 461-001-0000), or illness.

### Direct Provider Payments; General Information

(1) The Department makes payments on behalf of eligible clients to the providers they select to care for their children. The payments are made directly to the provider unless made directly to the client in accordance with OAR 461-165-0190. To be eligible for payment, a provider must:

(a) Charge Department clients at a rate no higher than the rate charged other customers;

(b) Provide the Department his or her social security number (SSN) or IRS identification number; and

(c) Meet the requirements of OAR 461-165-0180.

(2) Payments to a client's provider are subject to each of the following limitations:

(a) A payment is made only for child care already provided.

# ADMINISTRATIVE RULES

(b) Payment is made for the amount charged to the client but may not exceed the rate authorized in OAR 461-155-0150.

(c) No payment will be authorized unless the client has designated a primary provider.

(d) No payment will be made for less than one dollar.

(3) In the ERDC and TANF programs, the Department may issue a payment to an eligible provider during a month for which child care is being provided to meet an unexpected need of the provider related to the care of a covered child. The payment may be made if, without the payment, continued care by the same provider would be jeopardized and the client could not immediately obtain child care from another provider

### Direct Provider Payments; Payment Forms

In the ERDC, JOBS, OFSET, and TANF programs:

(1) Child care providers must submit claims for child care on the appropriate form or through the Child Care Billing and Attendance Tracking system.

(a) The provider is responsible to obtain the appropriate payment form from the Department and to return the completed form to the Direct Pay Unit of the Department; or

(b) If using the Department tracking system, the provider is responsible to ensure children are checked in and out appropriately and payment requests are submitted through the system.

(2) No payment will be made for:

(a) A paper claim not received by the Department by the last day of the third month after the form was issued unless the Department determines the provider had good cause for not returning the form timely.

(b) An electronic claim if the request is not submitted by the 10th of the month following the month care is provided unless the Department determines the provider has good cause for not submitting the electronic claim timely.

## 461-175-0200

### Notice Situations; General Information

(1) In the EA program, a basic decision notice (see OAR 461-001-0000) is sent for all situations.

(2) In the SNAP program, a basic decision notice is sent for all actions on applications for assistance.

(3) In the JOBS program:

(a) A basic decision notice is sent whenever a request for a support service payment is denied.

(b) No decision notice is required if request for a support service is approved.

(4) In the TANF program, a notice approving benefits informs the client, within one month following eligibility determination, of the opportunity to volunteer for JOBS participation and of the procedure for JOBS program entry.

(5) In the Pre-TANF program, a basic decision notice is sent when payment for basic living expenses is denied or when payment for other support services in the JOBS program is denied. No other notices are required for this program.

(6) In the TA-DVS program, a basic decision notice (see OAR 461-001-0000) is sent to a safe mailing address or hand delivered for all situations. This includes when the program is approved, denied, or closed (prior to the end of the 90 day eligibility period) and when a payment under the program is denied.

(7) In all programs except the Pre-TANF program, unless stated differently in this rule or another rule, the Department mails or otherwise provides the client with (sends) a decision notice (see OAR 461-001-0000) as follows:

(a) A basic decision notice is sent whenever an application for assistance, including retroactive medical assistance, is approved or denied or a request for a support service payment in the JOBS program is denied.

(b) A timely continuing benefit decision notice (see OAR 461-001-0000) is sent whenever benefits or support service payments authorized by OAR 461-190-0211 are reduced or closed, or the method of payment changes to protective, vendor, or two-party.

(8) In all programs:

(a) Notwithstanding any rule in Chapter 461, to the extent permitted by OAR 137-003-0530, the Department may take any of the following actions:

(A) Amend a decision notice with another decision notice or a contested case notice.

(B) Amend a contested case notice.

(C) Delay a reduction or closure of benefits as a result of a client's request for hearing.

(D) Extend the effective date on a decision notice or contested case notice.

(b) Except as provided in subsection (a) of this section or when a delay results from the client's request for a hearing, a notice to reduce or close benefits becomes void if the reduction or closure is not initiated on the date stated on the notice. If the notice is void, a new notice is sent to inform the financial group (see OAR 461-110-0530) of a new date on which their benefits will be reduced or closed.

(c) No decision notice is required in each of the following situations:

(A) Benefits are ended because there is no living person in the benefit group (see OAR 461-110-0750).

(B) A notice was sent, the client requested a hearing, and either the hearing request is dismissed or a final order is issued.

(C) The client has signed a voluntary agreement that qualifies as a final order under ORS 183.417(3)(b) (see OAR 461-175-0340(2)).

(D) A decision notice that included the eligibility begin and end dates was given for TA-DVS program benefits and the 90 day eligibility period ends.

(d) When the Department amends a decision notice with another decision notice under subsection (a) of this section, the date of the amended notice restarts the client's deadlines to request a hearing or continuing benefits, or both.

(e) When a contested case notice extends an effective date or delays a reduction or closure, the date of the amended notice restarts a client's timeline to request continuing benefits.

(f) When a client has a pending hearing request or is receiving continuing benefits, and the Department amends a notice under this section, the client need not re-file the hearing request or renew the request for continuing benefits.

(9) When a child is found eligible for HKC program benefits based on an ELA determination, the Department sends a basic decision notice which includes a statement about how the child may qualify for HKC or OHP program benefits with a lower or no premium payment.

## 461-190-0416

### Supplemental Payments; JOBS

In the JOBS Plus program (see OAR 461-001-0025):

(1) If the net monthly full-time wage paid to a participant is less than the amount of the TANF program and the SNAP program benefits the participant would otherwise receive, the Department will determine and pay to the participant a supplemental payment as provided in section (3) or (6) of this rule.

(2) Income Calculations prior to January 1, 2011:

(a) JOBS Plus income for sections (2) and (3) of this rule is calculated retrospectively as follows:

(A) For the full benefit equivalency income test, the applicable hourly wage is multiplied by the hours that were available for work, specifically the hours for which the participant was paid, including sick leave used and hours the participant was engaged in job search (see OAR 461-001-0025),

## ADMINISTRATIVE RULES

and hours the participant missed work without being excused by the employer. From that product, a \$90 standard deduction and the amount of garnishments withheld are subtracted. To the remainder is added any child support received by the participant and \$102 to account for the participant's potential earned income credit. If the participant missed work referred to in this paragraph due to good cause (see OAR 461-130-0327), the hours are excluded from the calculation.

(B) For the minimum benefit equivalency income test, the applicable hourly wage is multiplied by the hours for which the participant was paid. From that product, a \$90 standard deduction and the amount of garnishments withheld are subtracted. To the remainder is added any child support received by the participant and \$102 to account for the participant's potential earned income credit.

(b) Full benefit equivalency income is the total of the TANF program and SNAP program benefits as determined for the need group (see OAR 461-110-0630).

(c) Minimum benefit equivalency income is determined by deducting from the full benefit equivalency income the difference between the TANF program payment standard under OAR 461-155-0030 for the need group with the participant included and the TANF program payment standard for the need group without the participant included.

(3) Wage supplements prior to January 1, 2011: A participant is entitled to a wage supplement payment for any month in which JOBS Plus income is exceeded by either the full benefit equivalency income or the minimum benefit equivalency income. The supplement payment amount is determined by subtracting the JOBS Plus income calculated in accordance with paragraph (2)(a)(A) of this rule from the full benefit equivalency income and by subtracting the JOBS Plus income calculated in accordance with paragraph (2)(a)(B) of this rule from the minimum benefit equivalency income. The larger remainder, if greater than zero, is the wage supplement payment amount.

(4) SNAP program supplemental payment prior to January 1, 2011:

(a) To ensure that a SNAP program client does not incur a net loss of income because of her or his participation in the JOBS Plus program, the Department provides a supplemental payment equal to the amount by which the participant's JOBS Plus income is less than the Thrifty Food Stamp Plan benefit standard for the participant's need group.

(b) The JOBS Plus income for this section is calculated prospectively by subtracting \$90 from the sum of the gross JOBS Plus wages the participant already has received for the month and any that the participant reasonably can expect to receive during the month, and adding the remainder to any EIC payment the participant received or anticipates receiving during the month and any other prospective income, and then subtracting the amount scheduled to be garnished during the month.

(5) Effective January 1, 2011:

(a) JOBS Plus income for this section and section (6) of this rule is calculated retrospectively as follows:

(A) For the full benefit equivalency income test, the applicable hourly wage is multiplied by the hours that were available for work, specifically the hours for which the participant was paid, including hours of sick leave used, hours the participant was engaged in job search (see OAR 461-001-0025), and hours the participant missed work without being excused by the employer. From that product, a \$90 standard deduction and the amount of any garnishments withheld are subtracted. To the remainder is added any child support received by the participant. If the participant missed work referred to in this paragraph due to good cause (see OAR 461-130-0327), the hours are excluded from the calculation.

(B) For the minimum benefit equivalency income test, the applicable hourly wage is multiplied by the hours for which the participant was paid. From that product, a \$90 standard deduction and the amount of garnishments withheld are subtracted. To the remainder is added any child support received by the participant.

(b) Full benefit equivalency income is the total of the TANF program benefits and SNAP program benefits as determined for the participant's need group (see OAR 461-110-0630).

(c) Minimum benefit equivalency income is determined by deducting from the full benefit equivalency income the difference between the TANF payment standard under OAR 461-155-0030 for the need group with the participant included and the TANF payment standard for the need group without the participant included.

(6) Wage supplements effective January 1, 2011: A participant is entitled to a wage supplement payment for any month in which JOBS Plus income is exceeded by either the full benefit equivalency income or the minimum benefit equivalency income. The wage supplement payment amount is determined by subtracting the JOBS Plus income calculated in

accordance with paragraph (5)(a)(A) of this rule from the full benefit equivalency income and by subtracting the JOBS Plus income calculated in accordance with paragraph (5)(a)(B) of this rule from the minimum benefit equivalency income. The larger remainder, if greater than zero, is the wage supplement payment amount.

(7) SNAP program supplemental payment effective January 1, 2011:

(a) To ensure that a SNAP program client does not incur a net loss of income because of their participation in the JOBS Plus program, the Department provides a supplemental payment equal to the amount by which the JOBS Plus income of the participant is less than the Thrifty Food Stamp Plan benefit standard for the need group of the participant.

(b) The JOBS Plus income for this section is calculated prospectively by subtracting \$90 from the sum of the gross JOBS Plus wages the participant has already received for the month and any the participant can reasonably expect to receive during the month plus any other prospective income, and then subtracting the amount scheduled to be garnished during the month.

### 461-195-0521

#### Calculation of Overpayments

This rule specifies how the Department calculates an overpayment (see OAR 461-195-0501).

(1) The Department calculates an overpayment by determining the amount the client received or the payment made by the Department on behalf of the client that exceeds the amount for which the client was eligible.

(2) When a *filing group*, ineligible student, or authorized representative (see OAR 461-115-0090) fails to report income, the Department calculates and determines the overpayment by assigning unreported income to the applicable budget month without averaging the unreported income, except a client's earned income reported quarterly from the Employment Department is considered received by the client in equal amounts during the months identified in the report.

(3) When using prospective budgeting (see OAR Division 461-150) and the actual income differs from the amount determined under OAR 461-150-0020(2), there may be a client error overpayment only when the filing group, ineligible student, or authorized representative withheld information, failed to report a change, or provided inaccurate information. In such a case, the Department uses the actual income to determine the amount of an overpayment.

(4) When a filing group, ineligible student, or authorized representative fails to report all earned income within the reporting time frame, the earned income deduction (see OAR 461-145-0930, 461-160-0160, 461-160-0190, 461-160-0430, 461-160-0550, and 461-160-0552) is applied as follows:

(a) In the ERDC, OSIP, OSIPM, QMB, and REFM programs, the Department allows the earned income deduction.

(b) In the MAA, MAF, REF, and TANF programs, the Department allows the earned income deduction when good cause (see section (5) of this rule) exists.

(c) In the SNAP program, no deduction is applied to earned income not timely reported.

(5) For the purposes of OAR 461-195-0501 to 461-195-0561, "good cause" means circumstances beyond the client's reasonable control that caused the client to be unable to report income timely and accurately.

(6) When the Department retains support:

(a) In the TANF program, the amount of support (other than cash medical support) the Department retains as a current reimbursement each month is added to other income to determine eligibility. When a client is not eligible for TANF program benefits, the overpayment is offset by the support the Department retains as a current reimbursement.

(b) In the medical programs, the amount of the cash medical support the Department retains each month is excluded income and not used to determine eligibility for medical program benefits. When a client has incurred a medical program overpayment, the overpayment is offset by the amount of the cash medical support the Department retains during each month of the overpayment.

(7) In the REF and TANF programs, when a client directly receives support used to determine eligibility or calculate benefits, the overpayment is:

# ADMINISTRATIVE RULES

(a) If still eligible for REF or TANF program benefits, the amount of support the client received directly; or

(b) If no longer eligible for REF or TANF program benefits, the amount of program benefits the client received.

(8) When an overpayment occurs due to the failure of an individual to reimburse the Department, when required by law to do so, for benefits or services (including cash medical support) provided for a need for which that individual is compensated by another source, the overpayment is limited to the lesser of the following:

(a) The amount of the payment from the Department;

(b) Cash medical support; or

(c) The amount by which the total of all payments exceeds the amount payable for such a need under the Department's rules.

(9) Benefits paid during a required notice period (see OAR 461-175-0050) are included in the calculation of the overpayment when:

(a) The filing group, ineligible student, or authorized representative failed to report a change within the reporting time frame under OAR 461-170-0011; and

(b) Sufficient time existed for the Department to adjust the benefits to prevent the overpayment if the filing group, ineligible student, or authorized representative had reported the change at any time within the reporting time frame.

(10) In the SNAP program:

(a) If the benefit group (see OAR 461-110-0750) was categorically eligible, there is no overpayment based on resources.

(b) For a filing group (see OAR 461-110-0370) found eligible for SNAP program benefits under OAR 461-135-0505(1)(a) to (c), and the actual income made the group ineligible for the related program, the group remains categorically eligible for SNAP program benefits as long as the eligibility requirement under OAR 413-135-0505(1)(d) is met. A benefit group of one or two individuals would be entitled to at least the minimum SNAP program benefit allotment under OAR 461-165-0060.

(c) For a filing group found eligible for SNAP program benefits only under OAR 461-135-0505(1)(d), and the actual income equals or exceeds 185 percent of the Federal Poverty Level, the filing group is no longer categorically eligible. The overpayment is the amount of SNAP program benefits incorrectly received.

(11) In the OSIP and OSIPM programs, when a client does not pay his or her share of the cost of services (see OAR 461-160-0610) or the OSIP-EPD or OSIPM-EPD program participant fee (see OAR 461-160-0800) in the month in which it is due, an overpayment is calculated as follows:

(a) All payments made by the Department on behalf of the client during the month in question are totaled, including but not limited to any payment for:

(A) Capitation;

(B) Long term care services;

(C) Medical expenses for the month in question;

(D) Medicare buy-in (when not concurrently eligible for an MSP);

(E) Medicare Part D;

(F) Mileage reimbursement;

(G) Special needs under OAR 461-155-0500 to 416-155-0710; and

(H) Waivered services, including home delivered meals and non-medical transportation.

(b) Any partial or late liability payment made by a client receiving in-home waived services (see OAR 461-001-0030) or participant fee paid by an OSIP-EPD or OSIPM-EPD program client is subtracted from the total calculated under subsection (a) of this section. The remainder, if any, is the amount of the overpayment.

(12) When a client's liability is unreduced pending the outcome of a contested case hearing about that liability the overpayment is the difference between the liability amount determined in the final order and the amount, if any, the client has repaid.

(13) When a client was not eligible for benefits under his or her medical program during the period in question, but during the period in question was eligible for another medical program with a lesser benefit level, the overpayment is the amount of medical program benefit payments made on behalf of the client exceeding the amount for which the client was eligible.

(14) When an overpayment is caused by administrative error (see OAR 461-195-0501), any overpayment of GA, OSIP, REF, SFPSS, or TANF program benefits is not counted as income when determining eligibility for the EXT, GAM, MAA, MAF, OSIPM, REFM, and SAC programs.

(15) Credit against an overpayment is allowed as follows:

(a) In the GA, REF, and TANF programs, a credit is allowed for a client's payment for medical services made during the period covered by the overpayment, in an amount not to exceed the Department fee schedule for the service, but credit is not allowed for an elective procedure unless the Department authorized the procedure prior to its completion.

(b) In the SNAP program, if the overpayment was caused by unreported earned income, verified child care costs are allowed as a credit to the extent the costs would have been deductible under OAR 461-160-0040 and 461-160-0430.

(c) In the SFPSS and TANF programs, if the overpayment is caused by reported earned income, a credit is allowed for the Post-TANF grant if the client meets eligibility under OAR 461-135-1250 and the client has received less than 12 months of Post-TANF program benefits.

(d) In all programs, for an underpayment of benefits.

(16) In the SNAP program, in compliance with the American Recovery and Reinvestment Act of 2009, effective April 1, 2009 through September 30, 2009, the amount between the normal Thrifty Food Plan (TFP) benefit amount under this section and the increased TFP benefit amount under OAR 461-155-0190 is not counted in the overpayment amount unless the filing group was ineligible for SNAP program benefits. ### 461-001-0025

#### Definitions of Terms, Components, and Activities; JOBS, Pre-TANF, Post-TANF, TANF

In the JOBS, Pre-TANF, Post-TANF, and TANF programs, the following definitions apply to rules in Chapter 461 unless the context indicates otherwise.

(1) Activity: An action or set of actions to be taken by the client, as specified in the case plan. An activity is intended to reduce barriers and:

- (a) Increase the likelihood of self sufficiency, employment, job retention, wage enhancement, and financial independence; or
- (b) Promote family stability (see OAR 461-001-0000).

(2) Adult Basic Education (ABE): An activity in the basic education component that involves remedial education coursework intended to ensure functional literacy.

(3) Assessment: An activity of the program entry component that involves gathering information to identify the strengths, interests, family circumstances, status in the JOBS program, and vocational aptitudes and preferences of the client and to mutually determine an employment goal, the level of participation of the client in the JOBS program, and which support services are needed. This activity includes providing screenings and evaluations (if appropriate) to determine the level of participation, accommodation, and modification for the client in the JOBS program. The screenings include but are not limited to physical and mental health needs, substance abuse, domestic violence, and learning needs.

(4) Barrier: A personal condition or circumstance that reduces the likelihood the client will become employed or the client’s ability to participate in an activity listed in the case plan.

(5) Basic education: A component of non-core activities intended to ensure functional literacy for all JOBS clients. Basic education activities are high school attendance, English as a second language (ESL) instruction, job skills training, adult basic education (ABE) instruction, and services that result in obtaining a general equivalency diploma (GED). The component is discussed in OAR 461-190-0171 and 461-190-0181.

(6) Case plan (formerly also known as an employment development plan (EDP), a personal plan, or personal development plan): A written outline, developed in partnership by the client and case manager, with input from partners as appropriate, listing activities and goals for the client. The case plan also identifies the support service payments, accommodations,

and modifications to help the client complete the plan. The DHS 1543 - Domestic Violence Assistance Agreement - is the case plan for clients with safety concerns about domestic violence.

(7) Community Service Program: An activity in the unpaid employment component in which the client works without pay at a job site to enhance the likelihood the client will become employed and perform work for the direct benefit of the community. This activity is available through nonprofit organizations or public agencies.

(8) Component: A set of one or more activities of the JOBS program. Components of the JOBS program are paid unsubsidized employment, paid subsidized employment, unpaid employment, vocational training, job search and readiness, and basic education activities.

(9) Core activities: Federally-defined countable work activities that include: paid unsubsidized employment; paid subsidized employment; work experience; on-the-job training; job search and readiness; community service programs; vocational training; and providing child care assistance to a community service program participant.

(10) Degree Completion Initiative (DCI): An activity in which a limited number of TANF recipients may participate for up to 12 months to complete an educational degree at a two- or four-year educational institution.

(11) Drug and alcohol services: An activity in the job search and readiness component that provides substance abuse screenings and evaluations, outpatient or resident treatment, and support groups such as AA or NA.

(12) Employer contact: A client communication with an employer or employer’s representative through a visit, phone call, or mail to request consideration for employment.

(13) English as a second language (ESL): An activity in the basic education component. ESL classes are designed to give clients with limited English proficiency better working skills in the language.

(14) Fair Labor Standards Act (FLSA): Applies to subject employers with clients working in the unpaid employment component. FLSA requires that clients engaged in unpaid employment, in effect, cannot “work off” their SNAP and TANF benefits at an hourly rate less than the state minimum wage.

(15) Federally required participation rates: The participation rates required by section 407 of the Social Security Act (42 USC 607).

(16) High School or GED Completion Attendance: An activity in the basic education component that involves attendance at a secondary school or in a course of study that leads to the completion of the GED.

(17) Job search: An activity in the job search and readiness component that focuses on clients looking for and obtaining employment. It is designed to improve skills in locating and competing for employment in the local labor market and may include writing resumes, receiving instruction in interviewing skills, and participating in group and individual job search. There are two categories of job search: initial job search and regular job search. Initial job search may occur during the Pre-TANF program. Regular job search begins not later than the day after the Department finds the client eligible for TANF benefits.

(18) Job search and readiness: A component designed to prepare clients to compete in the local labor market. Job search, life skills, drug and alcohol services, mental health services, and rehabilitation activities are the activities of the job search and readiness component.

(19) Job skills training: An activity in the basic education component designed to provide classroom training in vocational and technical skills or equivalent knowledge and abilities in a specific job area.

(20) JOBS Plus program (JOBS Plus): An activity in the paid subsidized employment component that provides TANF clients with on the job training and pays their benefits as wages (see the rules at OAR 461-190-0401 to 461-190-0426).

(21) Life skills: An activity of the job search and readiness component. The activity develops employment-preparation skills and skills and attitudes that are commonly found in the workplace.

(22) Mental health services: An activity in the job search and readiness component that provides mental health screenings and assessments, counseling, medication management, and support groups.

(23) Microenterprise: An activity in the paid unsubsidized employment component in which the client is self-employed in a sole proprietorship, partnership, or family business that has fewer than five employees and has capital needs no greater than \$35,000.

(24) Non-core activities: Federally-defined countable work activities that include: job skills training directly related to employment; education directly related to employment; and satisfactory school attendance at a secondary level or leading to a GED.

# ADMINISTRATIVE RULES

(25) On-the-job training (OJT): An activity in the paid subsidized employment component in which a client works for an employer for a contracted period. The employer trains the client and is reimbursed by the Department, usually at 50 percent of the wages of the participant, for those training costs.

(26) Paid subsidized employment: A component in which clients are employed in a subsidized public or private sector job. JOBS Plus, work supplementation, and on-the-job training are the activities in the paid subsidized employment component.

(27) Paid unsubsidized employment: A component in which clients are employed full- or part-time in an unsubsidized job and receiving TANF benefits. Unsubsidized employment is a job that is not subsidized by TANF or any other public program. The UN work program and microenterprise are the activities in the paid unsubsidized employment component.

(28) Parents as Scholars (PAS): A JOBS program component that assists TANF parents who are or will be undergraduates to begin or continue their education at a two- or four-year educational institution (see OAR 461-190-0199).

(29) Program entry: An activity that includes all the activities that prepare a client to actively participate in the JOBS program. Program entry activities include assessment and writing the initial case plan.

(30) Progress (good or satisfactory): For federal reporting purposes, a client participating in an education or training activity makes good progress or satisfactory progress by receiving a passing grade or progressing toward completion of high school or GED completion at no less than the normal rate of a half-time student.

(31) Providing child care services to a Community Service Program participant: An activity in the unpaid employment component.

(32) Rehabilitation activities: An activity in the job search and readiness component that provides medical or therapeutic screenings, assessments, and treatment. This activity also includes medical management and support groups.

(33) Self Initiated Training (SI): A JOBS program component that allows a participant to continue an ongoing two-year or four-year degree program or Vocational Training education opportunities for up to 12 months. Each SI participant is limited to 12 months of participation, and a participant must meet the requirements of one of the following subsections:

(a) Be a client on the PAS wait list as of June 30, 2011 who has contacted his or her case manager on or before July 15, 2011; or

(b) Be a client who is transitioned from Vocational Training to SI by his or her local DHS office.

(34) Sheltered or supported work: An activity in the unpaid employment component that gives clients intensive staff support, skill training, intervention and counseling that will enable them to function independently at work.

(35) Stabilization, intervention, and other activities: A group of activities that are non-countable for federal participation purposes. These activities include child health and development, crisis intervention, domestic violence services, family stability activities (see OAR 461-001-0000), medical services, retention services, services to child welfare families, social security application, and stabilized living services.

(36) Support services: Services that case-managed clients need to participate successfully in activities outlined in their case plan, seek and maintain employment, or remove barriers.

(37) Teen parent: A parent (see OAR 461-001-0000) under 20 years of age who has not completed a high school diploma or GED.

(38) Transition services: Services included in a client's case plan when the client becomes employed or becomes ineligible for cash benefits because of an increase in income or resources.

(39) Unpaid employment: A component in which a client is placed in an unpaid job to develop good work habits, training and knowledge to obtain employment. Employment may be in the private or public sector or through a work simulation program. Work experience, Community Service Program, providing child care services to a Community Service Program participant, and sheltered or supported work are the activities of the unpaid employment component.

(40) UN work program: An activity in the paid unsubsidized employment component in which TANF clients work in unsubsidized employment and may also participate in another JOBS work site training activity.

(41) Vocational Training: An activity and component of the JOBS program that provides JOBS participants with access to specific vocational training that will lead to a career with an appropriate wage level and opportunity for employment.

(42) Work experience: An activity in the unpaid employment component in which the client works without pay at a job site to develop good

work habits and basic vocational skills that enhance the likelihood the client will become employed. Work experience is available through private for-profit businesses, nonprofit organizations, or public agencies.

(43) Work supplementation: An activity in the unpaid employment component. Up to six months of work-site training provided by an employer. The component and activity are both called work supplementation. In work supplementation, the Department subsidizes the wages of the participant by providing up to \$200 per month to the employer.

### Deprivation Based on Unemployment or Underemployment of the Primary Wage Earner (PWE); MAA, TANF

(1) In the MAA and TANF programs, deprivation based on the unemployment or underemployment of the primary wage earner (PWE) exists if all the following are true:

(a) A child lives with two parents.

(b) The PWE is unemployed or underemployed.

(c) The PWE is not participating in a labor dispute.

(d) Except as provided otherwise under section (2) of this rule, the

PWE is not separated from his or her most recent employment (see OAR 461-135-0070), for any of the following reasons:

(A) Discharged or fired without good cause (see OAR 461-135-0070)

for:

(i) Misconduct (see OAR 461-135-0070); or

(ii) Felony or theft.

(B) Voluntary quit:

(i) In anticipation of discharge; or

(ii) Without good cause.

(2) A need group (see OAR 461-110-0630) may not be denied TANF program benefits based on subsections (1)(c) and (d) of this rule if the PWE is one of the following:

(a) A Parents as Scholars (PAS) participant who temporarily becomes ineligible for TANF program benefits for four months or less due to income from a paid work experience (see OAR 461-190-0199);

(b) A teen parent returning to high school or equivalent;

(c) An individual fleeing from or at risk of domestic violence (see OAR 461-001-0000);

(d) An individual in the ninth month of pregnancy or experiencing a medical complication due to the pregnancy which is documented by a qualified and appropriate professional;

(e) An individual unable to work due to a disability or medical condition documented by a qualified and appropriate professional, and which is expected to last for 30 days or more from the date of request (see OAR 461-115-0030) for TANF program benefits;

(f) An individual who is separated from his or her most recent employment for a reason the Department determines is good cause.

## 461-130-0310

### Participation Classifications: Exempt, Mandatory, and Volunteer

(1) In the Post-TANF, Pre-TANF, REF, SNAP, and TANF programs:  
(a) The Department assigns a client to one or more employment program participation classifications--exempt, mandatory, and volunteer (see OAR 461-130-0305 for definitions of all three terms).

(b) In the Post-TANF program, a client is classified as a volunteer.

(2) In the Pre-TANF, REF, and TANF programs:

(a) A client is exempt from employment program participation and disqualification if the client meets the requirements of at least one of the following paragraphs. The client is:

# ADMINISTRATIVE RULES

(A) Pregnant and in the month before the month in which the due date of the pregnancy falls.

(B) A parent (see OAR 461-001-0000) during the first six months after the birth of the parent's dependent child (see OAR 461-001-0000) except that the Department may require the parent to participate in parenting classes or a family stability activity (see OAR 461-001-0000). An exemption allowed under this paragraph may apply only to one mandatory participant in each filing group.

(C) Under 20 years of age during the first 16 weeks after giving birth except that the client may be required to participate in suitable activities with a preference for educational activities, parenting classes, and family stability activity.

(D) A parent providing care for a family member who is an individual with a disability (see OAR 461-001-0000) and is in the household group (see OAR 461-110-0210) with the parent.

(E) An REF client 65 years of age or older.

(F) A TANF client 60 years of age or older.

(G) A noncitizen who is not authorized to work in the United States.

(H) An individual who is eligible for and receives supplemental security income (SSI) from the Social Security Administration.

(I) A caretaker relative (see OAR 461-001-0000) who is non-needy.

(J) A client whose participation is likely to cause undue hardship or is contrary to the best interests of the dependent child or needy caretaker relative.

(K) A pregnant client who participates more than 10 hours per week during the two months before the month in which the pregnancy due date falls.

(L) A VISTA volunteer.

(M) In a one-parent household with a dependent child (see OAR 461-001-0000) under two years of age, and the client is not a teen parent (see OAR 461-001-0000).

(b) A parent of a dependent child who receives REF or TANF program benefits is mandatory if the parent is in the same filing group (see OAR 461-110-0330) with the dependent child (even if the parent is not in the REF or TANF program benefit group under OAR 461-110-0750), unless the parent is otherwise exempt from participation under subsection (a) of this section.

(3) In the SNAP program:

(a) A client is exempt from employment program participation and disqualification if the client meets the requirements of one of the following paragraphs. The client is --

(A) Working a minimum of 30 hours a week or earning money equal to at least the federal minimum wage multiplied by 30 hours per week multiplied by 4.3 weeks. A self-employed client with allowable costs must meet the earnings threshold after allowing the 50 percent deduction. This includes migrant and seasonal farm workers (see OAR 461-001-0015) who are under contract or similar agreement with an employer or crew chief to begin employment within 30 days.

(B) An individual with a physical or mental condition that prevents performance of any work.

(C) Responsible for the care of a child in the household under 6 years of age or an individual in the household with a disability (see OAR 461-001-0015) that substantially reduces or eliminates the individual's ability to care for himself or herself.

(D) Providing care for at least 30 hours a week for an individual in another household with a disability (see OAR 461-001-0015) that substantially reduces or eliminates the individual's ability to care for himself or herself.

(E) Enrolled at least half-time, as defined by the school, in any high school or equivalent program recognized by a school district or enrolled at least half-time in any school, training program, or institution of higher education. Clients remain exempt during normal periods of class attendance, vacation and recess but no longer qualify for the student exemption when a break in enrollment occurs due to graduation, suspension or expulsion or when the student drops out of school or does not enroll in classes for the next regular school term (excluding summer term).

(F) Receiving REF or TANF program benefits, while a mandatory participant in the JOBS or NAES programs.

(G) In receipt of unemployment insurance benefits or has completed an application for unemployment insurance benefits and is waiting for an initial decision on the claim.

(H) Participating in a drug or alcohol treatment and rehabilitation program.

(I) Pregnant.

(J) Lacking adequate dependent care.

(K) Without adequate transportation available.

(L) Experiencing a barrier to employment, such as being homeless or having a short-term physical or mental limitation or a serious family problem.

(b) A mandatory client is an individual in the need group (see OAR 461-110-0630); who is 16 or 17 years of age and a primary person (see OAR 461-001-0015), or 18 years of age and older and 59 years of age and younger; and who is not exempt under subsection (a) of this section.

## 461-130-0327

### Good Cause; Employment Programs

In a Department employment program administered under these rules (OAR 461-130-0305 to 461-130-0335):

(1) The Department does not require a client to provide verification of good cause if providing the verification would expose the client to increased risk of domestic violence (see OAR 461-001-0000).

(2) If in making a determination under this rule a client's physical or mental impairment is in question, the Department may require the client to provide documentation from a qualified and appropriate medical professional.

(3) A client is excused for good cause from a failure to comply with a requirement of an employment program, including an activity in a case plan (both terms defined in OAR 461-001-0025) in the following circumstances:

(a) Participation in a required activity in a case plan would have an adverse effect on or risk to the client's physical or mental health or would expose the client to increased risk of domestic violence (see OAR 461-001-0000).

(b) Except in the SNAP program, participation is likely to cause undue hardship for the dependent child (see OAR 461-001-0000) or the client.

(c) Appropriate child care, or day care for an individual in the household who has a disability (see OAR 461-001-0000 and 461-001-0015 as applicable) that substantially reduces or eliminates the individual's ability to care for himself or herself, cannot be obtained. "Appropriate child care" means that --

(A) Both the provider and the place where care is provided meet health, safety, and provider requirements as required in OAR 461-165-0180;

(B) The care accommodates the parent's work schedule; and

(C) The care meets the specific needs of the dependent child, such as age and special-needs requirements.

(d) The work attachment position or employment offered is vacant due to a strike, lockout, or other labor dispute.

(e) The work attachment position or employment requires the client to join a union, and the client has religious objections to unions.

(f) The client belongs to a union and the employment violates the conditions of the client's membership in the union.

(g) The wage for the client's current or potential job is:

(A) Less than applicable minimum wage; or

(B) If minimum wage laws do not apply, the wage (rate for piece work) is less than that normally paid for similar work.

(h) The client's prospective employer engages in employment practices that are illegally discriminatory on the basis of age, sex, race, religious or political belief, marital status, disability, sexual orientation, or ethnic origin.

(i) The client's participation in a required activity in a case plan would prevent or interfere with the client's participation in an activity of the Grande Ronde Tribe's NEW program.

(j) The client's failure to participate is due to a circumstance beyond his or her reasonable control.

(k) When the failure to comply is caused by an aspect of the client's disability, including the Department's failure to provide a reasonable accommodation.

(l) The client quits a job to accept another job with a monthly income at least equal to the monthly income of the first job.

## ADMINISTRATIVE RULES

(m) The Department determines there are no appropriate activities or necessary support services (see OAR 461-001-0025) to support an activity (see OAR 461-001-0025) in order for the client to participate.

(4) In the SNAP program, a client is excused from not accepting employment or for leaving a job under the following circumstances:

(a) The hours or nature of the job interferes with the client's religious observances, convictions, or beliefs.

(b) The client accepts employment or enrolls at least half-time in any recognized school, training program, or institution of higher education that requires the client to quit a job.

(c) A client accepts employment or enrolls in school in another county, requiring the benefit group to move and the client to quit a job.

(d) A client less than 60 years of age resigns, and the employer recognizes the resignation as retirement.

(e) The client leaves a job to follow a type of employment that moves from one area to another, such as migrant labor or construction.

(f) The client accepts a job that, for reasons beyond the control of the client, does not materialize or results in fewer work hours or a lower wage than the client's previous job.

(g) Work demands or conditions, such as not being paid for work or not being paid on schedule, make employment unreasonable.

(h) The wage for the client's current or potential job is less than applicable minimum wage or, if minimum wage laws do not apply, the wage (rate for piece work) is less than that normally paid for similar work.

(i) The work schedule for the job in question does not conform to hours customary to the occupation or the hours worked each week are more than those customary to the occupation.

(j) The client is not obligated to accept a job during the first 30 days of registration for employment if the job is not in the client's field of experience.

(k) The client has no means of transportation and would have to walk an unreasonable distance to meet the participation requirement. An "unreasonable distance" is a distance that requires a commute of more than two hours each day. The client must make a good-faith effort to secure the needed transportation.

(l) Lack of adequate child care for a child who is six years of age or older and less than 12 years of age.

### 461-135-0070

#### Specific Requirements; MAA, MAF, and TANF

(1) To be eligible for MAA, MAF, or TANF program benefits, a client must be one of the following:

(a) A dependent child (see OAR 461-001-0000). However, a dependent child for whom foster care payments are made for more than 30 days is not eligible while the payments are being made for the dependent child.

(b) A caretaker relative (see OAR 461-001-0000) of an eligible dependent child. However, a caretaker relative to whom foster care payments are made for more than 30 days is not eligible while the payments are being made to the caretaker relative.

(c) A caretaker relative of a dependent child, when the dependent child is ineligible for MAA, MAF, or TANF program benefits because of one of the following reasons:

(A) The child is receiving SSI.

(B) The child is in foster care, but is expected to return home within 30 days.

(C) The child is ineligible for MAA or MAF program benefits because citizenship has not been documented (see OAR 461-115-0705).

(d) An essential person. An essential person is a member of the household group (see OAR 461-110-0210) who ---

(A) Is not required to be in the filing group;

(B) Provides a service necessary to the health or protection of a member of the benefit group (see OAR 461-110-0750) who has a mental or physical disability; and

(C) Is less expensive to include in the benefit group than the cost of purchasing this service from another source.

(e) A parent of an unborn, as follows:

(A) For the TANF and MAA programs, any parent whose only child is an unborn child once the mother's pregnancy has reached the calendar month before the month in which the due date falls.

(B) For the TANF and MAA programs, the father of an unborn child, if there is another dependent child in the filing group.

(C) For the MAF program, a mother whose only child is an unborn once the mother's pregnancy has reached the calendar month immediately before the month in which the due date falls.

(2) A client is eligible for MAA or MAF program benefits if the client is:

(a) Eligible for MAA or MAF program benefits under OAR 461-135-0010; or

(b) A minor parent (see OAR 461-001-0000) ineligible for TANF program benefits only because:

(A) The minor refuses to live with a parent or legal guardian as required by OAR 461-135-0080; or

(B) The income of the minor exceeds the income standards because the Department required the minor to return to live with a parent, if the minor parent meets the conditions in OAR 461 135 0080(2).

(3) As used in this rule and OAR 461-125-0170:

(a) "Good cause" means a reasonable person of normal sensitivity, exercising ordinary common sense, would leave work. For an individual with a physical or mental impairment (as defined at 29 CFR 1630.2(h)), "good cause" for voluntarily leaving work is such that a reasonable person with the characteristics and qualities of such individual would leave work.

(b) "Misconduct" means willful or wantonly negligent violation of the standards of behavior which an employer has the right to expect of an employee, including an act or series of actions that amount to a willful or wantonly negligent disregard of an employer's interest.

(c) "Most recent employment" means the last job held within the previous 60 days from the date of request (see OAR 461-115-0030) for TANF program benefits and for which the individual was hired to work 100 or more hours per month or worked or was scheduled to work 100 or more hours in the last full calendar month of employment.

(4) Except as provided under section (5) of this rule, a need group (see OAR 461-110-0630) is not eligible for TANF program benefits if a caretaker relative in the need group was separated from his or her most recent employment for any of the following reasons:

(a) Discharged or fired, without good cause for:

(A) Misconduct; or

(B) Felony or theft.

(b) Labor dispute; or

(c) Voluntary quit:

(A) In anticipation of discharge; or

(B) Without good cause.

(5) A need group (see OAR 461-110-0630) may not be denied TANF program benefits based on section (4) of this rule if the caretaker relative is one of the following:

(a) A Parents as Scholars (PAS) participant who temporarily becomes ineligible for TANF program benefits for four months or less due to income from a paid work experience (see OAR 461-190-0199).

(b) A teen parent returning to high school or equivalent.

(c) An individual fleeing from or at risk of domestic violence.

(d) An individual in the ninth month of pregnancy or experiencing a medical complication due to the pregnancy which is documented by a qualified and appropriate professional.

(e) An individual unable to work due to a disability or medical condition documented by a qualified and appropriate professional, and which is expected to last for 30 days or more from the date of request for TANF program benefits.

(f) An individual who is separated from his or her most recent employment for a reason the Department determines is good cause.

(6) If the need group is not eligible for TANF program benefits solely under section (4) of this rule, the need group is eligible for MAA or MAF program benefits as long as the need group meets all other eligibility (see OAR 461-001-0000) requirements.

(7) A client is eligible for MAF program benefits even while ineligible for TANF program benefits if the client is ineligible for TANF program benefits only because the client is:

(a) A family who would be eligible for the TANF program benefits if allowed the following deductions from income:

(A) The earned income deductions authorized by OAR 461 160 0190.

(B) The unearned income support deduction authorized by OAR 461 160 0200.

(b) A self-employed family who would be eligible for TANF program benefits if the cost of producing the self employment income was subtracted from the gross sales or receipts under OAR 461 145 0920.

# ADMINISTRATIVE RULES

(c) A family that includes an ineligible non citizen or the father of an unborn who would be eligible for TANF program benefits if the ineligible non citizen's or father's income is counted under OAR 461-160-0120.

(d) An individual who would be eligible for TANF program benefits if the assets of the following household members were not counted:

(A) An unmarried parent of a dependent child or unborn in the eligibility group.

(B) A child in common of parents in the eligibility group.

(C) The spouse and each child of a caretaker relative in the need group.

(e) The spouse of a caretaker relative, but only if the spouse is the parent of a dependent child.

(8) A family is ineligible for TANF program benefits if the family meets the requirements of all of the following subsections:

(a) The family lives in Klamath County.

(b) The family meets any of the following conditions:

(A) The family has a single custodial parent who is a member of the Klamath Tribes, or the single custodial parent is not a Klamath Tribes member and at least 50 percent of the dependent children are Klamath Tribes members;

(B) The family has two custodial parents (see OAR 461-001-0000) who are members of the Klamath Tribes, or only one of the two custodial parents is a Klamath Tribes member and at least 50 percent of the dependent children are Klamath Tribes members; or

(C) The family has a caretaker relative who is not the custodial parent and at least 50 percent of the dependent children are Klamath Tribes members.

(c) The family is eligible for the Klamath Tribes TANF program or would be eligible for the Klamath Tribes TANF program if not for the failure of the family to cooperate with program requirements.

(9) A family is ineligible for TANF program benefits if all of the following subsections apply to the family:

(a) A parent, caretaker relative, or child is a member of the Siletz Tribe (Confederated Tribes of Siletz Indians of Oregon) and lives in one of the eleven service area counties: Benton, Clackamas, Lane, Lincoln, Linn, Marion, Multnomah, Polk, Tillamook, Washington, or Yamhill counties.

(b) The family includes members who are living in the same household and at least one of the following paragraphs applies:

(A) A two-parent family with one enrolled Siletz tribal member with a shared dependent.

(B) A single-parent family with one enrolled Siletz tribal member.

(C) A non-needy caretaker relative or essential person with one enrolled Siletz tribal member who is a minor.

(D) A pregnant enrolled Siletz tribal member in her eighth month of pregnancy.

(c) The family is eligible for the Siletz Tribes TANF program or would be eligible for the Siletz Tribes TANF program if not for the failure of the family to cooperate with Siletz TANF program requirements.

(10) If a parent or caretaker relative covered by section (8) or (9) of this rule fails to follow through with a Department referral to the Klamath or Siletz Tribal TANF program, the entire filing group is ineligible for TANF program benefits.

### Eligible and Ineligible Students; OHP-OPU

(1) In the OHP-OPU program, an individual enrolled full time in higher education is ineligible to receive benefits, unless the requirements of one of the following subsections are met:

(a) The student:

(A) Meets the income requirements for a Pell grant;

(B) Is not currently covered by private major medical health insurance (see OAR 461-135-1100) or an HMO; and

(C) Has not been covered by private major medical health insurance or by an HMO for the six months immediately preceding the date of application.

(b) The student is in a program serving displaced workers under Section 236 of the Trade Act of 1974 (19 USC 2296).

(2) For the purposes of this rule:

(a) Higher education includes the following:

(A) Any public or private university, college or community college.

(B) Any post-secondary vocational or technical school that is eligible to accept Pell grants.

(b) Full time is defined by the school.

(c) Meets the income requirements for a Pell grant means:

(A) The student's Student Aid Report shows an "expected family contribution" less than \$5,274 for the 2010-2011 or 2011-2012 school year; or

(B) The student is eligible for a Pell grant and provides documentation of eligibility from the school's financial aid office.

(3) A student's enrollment status continues during school vacation and breaks. A student's higher education status ends when the student graduates, drops out (as verified by their disenrolling), reduces the student's credit or attendance hours below full-time status, is suspended or expelled, or does not intend to register for the next school term (excluding summer term).

## 461-160-0620

### Income Deductions and Client Liability; Long-Term Care Services or Waivered Services; OSIPM

In the OSIPM program:

(1) Deductions from income are made for a client residing in or entering a long-term care facility or receiving Title XIX waived services as explained in subsections (3)(a) to (3)(h) of this rule.

(2) Except as provided otherwise in OAR 461-160-0610, the liability of the client is determined according to subsection (3)(i) of this rule.

(3) Deductions are made in the following order:

(a) One standard earned income deduction of \$65 is made from the earned income in the OSIPM-AD and OSIPM-OAA programs. The deduction is \$85 in the OSIPM-AB program.

(b) The deductions under the plan for self-support as allowed by OAR 461-145-0405.

(c) One of the following need standards:

(A) A \$30 personal needs allowance for a client receiving long-term care services.

(B) A \$90 personal needs allowance for a client receiving long-term care services who is eligible for VA benefits based on unreimbursed medical expenses. The \$90 allowance is allowed only when the VA benefit has been reduced to \$90.

(C) The OSIPM maintenance standard for a client who receives waived services.

(d) A community spouse monthly income allowance is deducted from the income of the institutionalized spouse to the extent that the income is made available to or for the benefit of the community spouse, using the following calculation.

(A) Step 1--Determine the maintenance needs allowance. \$1,839 is added to the amount over \$552 that is needed to pay monthly shelter expenses for the principal residence of the couple. This sum or \$2,739 whichever is less, is the maintenance needs allowance. For the purpose of this calculation, shelter expenses are the rent or home mortgage payment (principal and interest), taxes, insurance, required maintenance charges for a condominium or cooperative, and the full standard utility allowance for the SNAP program (see OAR 461-160-0420).

(B) Step 2--Compare maintenance needs allowance with community spouse's countable income. The countable income of the community spouse is subtracted from the maintenance needs allowance determined in step 1. The difference is the income allowance unless the allowance described in step 3 is greater.

(C) Step 3--If a spousal support order or exceptional circumstances resulting in significant financial distress require a greater income allowance than that calculated in step 2, the greater amount is the allowance.

(e) A dependent income allowance as follows:

# ADMINISTRATIVE RULES

(A) For a case with a community spouse, a deduction is permitted only if the monthly income of the eligible dependent is below \$1,839. To determine the income allowance of each eligible dependent:

(i) The monthly income of the eligible dependent is deducted from \$1,839.

(ii) One-third of the amount remaining after the subtraction in paragraph (A) of this subsection is the income allowance of the eligible dependent.

(B) For a case with no community spouse:

(i) The allowance is the TANF adjusted income standard for the client and eligible dependents.

(ii) The TANF standard is not reduced by the income of the dependent.

(f) Costs for maintaining a home if the client meets the criteria in OAR 461-160-0630.

(g) Medical deductions allowed by OAR 461-160-0030 and 461-160-0055 are made for costs not covered under the state plan. This includes the public and private health insurance premiums of the community spouse and the client's dependent.

(h) After taking all the deductions allowed by this rule, the remaining balance is the adjusted income.

(i) The client liability is determined as follows:

(A) For a client receiving waived services (except a client identified in OAR 461-160-0610(4)), the liability is the actual cost of the waived service or the adjusted income of the client, whichever is less. This amount must be paid to the Department each month as a condition of being eligible for waived services. In OSIPM-IC, the liability is subtracted from the gross monthly benefit.

(B) For a client who resides in a nursing facility, a state psychiatric hospital, an Intermediate Care Facility for the Mentally Retarded, or a non-waivered mental health facility, there is a liability as described at OAR 461-160-0610.

(4) The deduction used to determine adjusted income for a GA and GAM client receiving long-term care services or waived services is as follows:

(a) One standard earned income deduction of \$65 is made from the earned income for a client who is not blind; or

(b) One standard earned income deduction of \$85 is made from the earned income for a client who is blind.

## 461-190-0199

### Parents as Scholars

(1) Notwithstanding any other provision in Chapter 461 of the Oregon Administrative Rules, effective July 1, 2011, participation in Parents as Scholars (PAS) is limited to clients approved for PAS as of June 30, 2011. Any other PAS applicant is not eligible for enrollment in PAS, including a client on the PAS wait list after June 30, 2011. The Department does not process any application for PAS received after June 30, 2011.

(2) PAS is a JOBS program component that assists TANF parents who are or will be undergraduates to begin or continue their education at a two- or four-year educational institution.

(3) The following definitions apply to PAS:

(a) "Educational institution" means any post-secondary educational institution approved or accredited by the Northwest Commission on Colleges and Universities, by its regional equivalent, or by the appropriate official, department, or agency of the state or nation in which the institution is located and that is:

(A) A four-year college or university;

(B) A junior college or community college; or

(C) A technical, professional or career school.

(b) "Participant" refers to a participant in the PAS component of the JOBS program.

(c) "PAS" means the Parents as Scholars component of the JOBS program.

(4) The number of participants in PAS in a calendar year is limited as follows:

(a) The number of participants in PAS in a calendar year may not exceed one percent of the number of households receiving TANF on January 1 of that calendar year.

(b) If one percent of the number of households receiving TANF on January 1 of the current calendar year is less than one percent of the number of households receiving TANF on January 1 of the previous calendar year, the Department will not fill PAS slots vacated on or after January 1 of the current calendar year until the total number of slots is equal to one percent of the households receiving TANF for the current calendar year.

(5) A PAS participant receives TANF cash assistance as well as necessary support services provided through the JOBS program. JOBS support services:

(a) May not be used to pay for the cost of tuition and fees associated with enrollment by a participant at an educational institution.

(b) Subject to the limitations of OAR 461-190-0211, may be used to pay for books and supplies associated with enrollment by a participant at an educational institution subject to the following provisions:

(A) The books and supplies are required for completion of the participant's coursework at an educational institution;

(B) There is no other funding available to the PAS participant for books and supplies; and

(C) No more than \$100 per academic term or semester may be paid per PAS participant for books and supplies.

(6) Applying for PAS. A parent who is applying for or receiving TANF may apply for PAS by completing and signing the PAS application and submitting it to the Department. The application and other documentation required by this rule must be submitted to Department of Human Services JOBS Unit (PAS), 2nd Floor, 500 Summer Street NE E48, Salem, Oregon 97301.

(7) PAS Selection Process; Wait List.

(a) PAS applications received from PAS applicants will be processed in the order in which the Department receives the applications.

(b) If the maximum number of PAS slots for a calendar year has not been filled, the Department will notify an applicant when he or she has been approved.

(c) When the maximum number of PAS slots for a calendar year has been filled and there is a wait list, the Department will notify an applicant when he or she has been added to the wait list.

(d) Once each year, the Department will contact PAS applicants on the wait list to determine if the PAS applicant's name should be removed from the wait list.

(e) When the maximum number of PAS slots for a calendar year has been filled and there is a wait list and a PAS slot becomes available, the Department will notify the next applicant on the wait list that an opening has become available.

(f) The Department will inform an applicant for PAS who does not qualify or no longer qualifies for placement on the wait list because the applicant becomes ineligible for TANF or no longer meets the requirements of this rule.

(8) Selection Requirements.

(a) A PAS applicant must meet the financial and nonfinancial eligibility requirements for TANF.

(b) A PAS applicant who is not applying for or receiving TANF at the time of selection may not participate in PAS or remain on the wait list.

(c) A PAS applicant must include documentation that the PAS applicant is an undergraduate who has been accepted for full-time attendance into or is enrolled full-time at an educational institution.

(d) A PAS applicant must demonstrate as part of the PAS application that completion of the educational program is likely to result in employment that provides the wages and benefits necessary for the applicant to support the applicant's family without TANF.

(9) Requirements of Participants; Limitations.

(a) A participant must provide documentation to the Department quarterly, or following completion of each academic term at the educational institution, that the participant is making satisfactory academic progress, as defined by the educational institution, toward a degree.

# ADMINISTRATIVE RULES

(b) A participant must provide documentation to the Department, prior to the start of each new academic term or semester, that the PAS applicant is an undergraduate who is enrolled full-time at an educational institution.

(c) A participant must attend classes full-time as defined by the educational institution, unless there is good cause (see OAR 461-130-0327) to limit attendance to less than full-time.

(d) Unless there is good cause for not attending year round, a participant must either:

(A) Attend classes year round, including during the summer if classes are offered by the educational institution; or

(B) If not attending classes year round, participate in work experience related to the field of study of the participant when not attending classes. If a work experience related to the participant's field of study is not available, participate in another appropriate work experience.

(e) During the first twelve months of participation in PAS, a participant must record attendance and homework time weekly and must provide this information to the Department no less frequently than monthly.

(f) Except as provided in subsection (g) of this section, a participant must remain eligible for TANF.

(g) If a participant becomes temporarily ineligible for TANF during a period of four or fewer months due to income from a paid work experience, the applicant may retain their PAS slot when school resumes if:

- (A) The participant regains TANF eligibility; and
- (B) PAS is still an appropriate activity for the participant.

(10) Ending PAS. PAS is ended for a PAS participant when:

(a) The PAS participant completes his or her degree program;

(b) Except as provided in subsection (8)(g) of this rule, the PAS participant becomes ineligible for TANF; or

(c) All of the following are true:

(A) The PAS participant fails to meet one or more of the requirements of subsections (8)(a) through (8)(e) of this rule;

(B) Attempts to re-engage the PAS participant pursuant to OAR 461-190-0231 are unsuccessful; and

(C) There is a determination that the PAS participant does not have good cause (see OAR 461-130-0327) for failure to meet one or more requirements of subsections (8)(a) through (8)(e) of this rule.

**Subject:** OAR 461-190-0211 about case plan activities and standards for support service payments in the JOBS, Post-TANF, Pre-TANF, REF, SFPSS, TA-DVS, and TANF programs is being amended to set limits to who can participate in a case plan activity, identify available activities and support services for those activities, describe how the Department determines employability in order to place participants into appropriate activities and support services, describe the activities that qualify for support services and the amount of support services available. This rule sets up a more limited JOBS program, consistent with budget constraints, following earlier Department actions that closed most activities and support services set up under earlier eligibility criteria.

## 461-190-0211

### Standards for Support Service Payments

(1) Notwithstanding any other administrative rule in Chapter 461, for the period beginning July 1, 2011 and subject to the limitations of state funding, the following special provisions apply:

(2) Participation in a *case plan* (see OAR 461-001-0025) activity (see OAR 461-001-0025) is limited to:

(a) An individual who is determined to be a work-eligible individual according to federal definition (45 CFR 261.2(n)(1)). No individual may

volunteer to participate in an *activity* of a case plan if not otherwise determined to be a work-eligible individual.

(b) An individual who is an applicant in the Pre-TANF program or a recipient of TANF program benefits.

(c) The minimum number of hours to meet federally required participation rates (see OAR 461-001-0025).

(3) For eligible individuals, subject to the requirements and limitations in sections (2), (6), (7), and (8) of this rule, the following activities will be available and include support service payments:

(a) Job search (see OAR 461-001-0025).

(b) JOBS Plus (see OAR 461-001-0025 and OAR 461-101-0010) is limited to six months per individual.

(c) Work experience (see OAR 461-001-0025) is limited to 60 days per individual.

(d) Sheltered or supported work (see OAR 461-001-0025) is limited to 60 days per individual.

(e) High School or GED (see OAR 461-001-0025).

(f) Parents as Scholars (see OAR 461-001-0025).

(4) The following activities will be available but will not include support services (see OAR 461-001-0025) payments:

(a) Domestic Violence Intervention.

(b) Family Stability (see OAR 461-001-0000).

(c) Family Support & Connection.

(d) Post-TANF.

(e) Program entry (see OAR 461-001-0025).

(f) Self Initiated Training (see OAR 461-001-0025).

(g) SSI Application Process.

(5) Participation in an activity is based on employability, based on whether an individual is Job Ready, Near Job Ready, or Not Job Ready.

(a) Job Ready means the individual has no barriers (see OAR 461-001-0025) or current barriers do not impact participation or employment. In addition, the individual has all of the following:

(A) Prior stable work history, either paid or unpaid.

(B) Had not voluntarily quit or been dismissed from their most recent employment (see OAR 461-135-0070), without good cause (see OAR 461-135-0070).

(C) Reliable or available transportation.

(D) No outstanding legal issues that would impact or prevent employment.

(E) Access to reliable child care within support service limits, or does not need help to pay for child care or does not need child care.

(b) Near Job Ready means the individual has minimal barriers to participation or employment and the individual is addressing the barriers. In addition, the individual has all of the following:

(A) Limited or no work history, either paid or unpaid.

(B) Reliable or available transportation.

(C) No outstanding legal issues that would impact or prevent employment or legal issues are identified and are being addressed.

(D) Access to reliable child care within support service limits, or does not need help to pay for child care or does not need child care.

(c) Not Job Ready means the individual has one or more barriers to participation or employment or is in crisis, and the individual is not addressing the barriers. For example, the individual has one or more of the following:

(A) Lack of stable housing that is preventing participation in an activity or employment.

(B) Domestic violence, mental health or alcohol and drug issues, and the individual is not addressing the issue.

(C) Medical issues that prevent participation in an activity or employment.

(D) Outstanding legal issues that would impact or prevent employment.

(E) Literacy issues that impact the ability for the individual to participate in an activity or obtain employment.

(6) In approving JOBS program support service payments, the Department must consider lower cost alternatives. It is not the intent of the Department or of this rule to supplant Department funding with other funding that is available in the community. It is the Department's expectation that case managers and clients will work collaboratively to seek resources that are reasonably available to the client in order to participate in activities.

(7) Payments for support services are only provided when:

(a) Necessary to participate in activities in a signed case plan;

(b) They were authorized in advance; and

(c) All other provisions of this rule are met.

# ADMINISTRATIVE RULES

(8) Payments for support services are subject to the following limitations:

(a) Job Ready individuals may be eligible for child care, transportation, or other support services.

(b) Near Job Ready individuals may be eligible for child care, transportation, or other support services.

(c) Not Job Ready individuals are not eligible for support services.

(d) A teen parent (see OAR 461-001-0000) may be eligible for child care, transportation, or other support services, for participation in a basic education (see OAR 461-001-0025) component (see OAR 461-001-0025).

(e) \$450 maximum per filing group, per month, for a filing group who resides in the District 2, 4, 5, 9, 10, 15 or 16 service area.

(f) \$375 maximum per filing group, per month, for a filing group who resides in the District 1, 3, 6, 7 or 8 service area.

(g) \$300 maximum per filing group, per month, for a filing group who resides in the District 11, 12, 13 or 14 service area.

(h) Child Care. Payments for child care may be authorized, as limited by OAR 461-160-0040, if necessary to enable a single-parent Job Ready or Near Job Ready individual or single teen parent to participate in an approved JOBS program activity specified in the individual's case plan. If authorized, payment for child care will be made for the lesser of:

(A) The maximum monthly support service amount based on District service area under this section of the rule.

(B) The lesser of the actual rate charged by the care provider and the rate established in OAR 461-155-0150. The Department rate for children in care less than 158 hours in a month is limited by OAR 461-155-0150, except that the cost of child care may be paid up to the monthly maximum when children are in care less than 158 hours per month and the individual is a teen parent using on-site care while attending education activities.

(C) The minimum hours necessary, including meal and commute time, for the individual to participate in an approved JOBS program activity.

(i) Transportation. The department may provide payments for a Job Ready or Near Job Ready individual or teen parent for transportation costs incurred in travel to and from an approved JOBS program activity. Payment is made only for the cost of public transportation or the cost of fuel for a vehicle personally owned by a member of the TANF filing group (see OAR 461-110-0330). Payments are subject to the following considerations:

(A) Payment for transportation may not exceed \$50 per month, per family.

(B) Payment for public transportation is a priority over payment for a privately owned vehicle.

(C) Payment for a privately-owned vehicle is provided if the Job Ready or Near Job Ready individual or teen parent has a valid driver's license and vehicle insurance and either of the following is true:

(i) No public transportation is available or the Job Ready or Near Job Ready individual or teen parent is unable to use public transportation because of a verifiable medical condition or disability for which no accommodations is available.

(ii) Public transportation is available but is more costly than the cost of fuel.

(j) Housing and Utilities. Payments for housing and utilities are not allowed.

(k) Other Payments. The Department may provide payments for a Job Ready individual for costs necessary to obtain unsubsidized employment. Payments under this section may be authorized for items, such as:

(A) Clothing and grooming for job interviews and employment.

(B) Tools, bonding, and licensing required to accept employment.

(9) The Department may require an individual to provide verification of a need for, or costs associated with, the support service prior to approval and issuance of payment if verification is reasonably available.

(10) The Department may reduce, close, or deny in whole or in part an individual's request for a support service payment in the following circumstances:

(a) The individual is disqualified for failing to comply with a case plan, unless the payment in question is necessary for the individual to comply with his or her case plan.

(b) The purpose for the payment is not related to the individual's case plan.

(c) The individual disagrees with a support service payment offered or made by the Department as outlined in the individual's case plan.

(d) The individual is not determined to be a Job Ready or Near Job Ready individual or teen parent.

## 461-135-0475

### Specific Requirements; Pre-TANF Program

(1) This rule explains specific requirements for the Pre-TANF program. The eligibility criteria of the Pre-TANF program are the same as the TANF program. The purposes of the Pre-TANF program are:

(a) To help individuals find employment or other alternatives;

(b) To assess the employment potential of clients;

(c) To help clients determine the services needed to enhance their employability and their likelihood of becoming self sufficient;

(d) To determine if a needy caretaker relative (see OAR 461-001-0000) has or may have a barrier to employment or to family stability.

(e) To develop an individualized case plan (see OAR 461-001-0025) that establishes goals and identifies suitable activities (see OAR 461-001-0025) that promote family stability and financial independence.

(f) To provide basic living expenses immediately to families in need.

(2) Applicants for the TANF program whose unverified application indicates the client meets the TANF eligibility requirements participate in the Pre-TANF program. Their applications for the TANF program are also considered applications for the Pre-TANF program. The Pre-TANF program is open for not longer than 45 days following the date of request (see OAR 461-115-0030).

(3) Clients in the Pre-TANF program are subject to the requirements of the JOBS program, described in divisions 130 and 190 of this chapter of rules, and they are subject to the requirements of OAR 461-135-0085 pertaining to substance abuse and mental health.

(4) Once a client is found eligible for the Pre-TANF program, the client participates in initial screenings to determine the client's employment strengths and to determine if the client has any barriers to employment or family stability. If the screening indicates that there is or may be a barrier, the needy caretaker relative is referred for an in-depth evaluation by a person with relevant expertise or specialized training. The client and the Department prepare a case plan that specifies the basic living expenses and support service payments the client will receive through the Pre-TANF program and lists the activities of the client. The case plan may be adjusted at any time while the client is in the Pre-TANF program to reflect changing needs.

(5) Clients in the Pre-TANF program receive assistance, listed in the case plan, for basic living expenses, and the Department makes support service payments listed in the case plan, as follows:

(a) The Department will provide the client with basic living expenses necessary to stabilize the household so the client can accomplish the activities in the case plan. Basic living expenses covered by this section are limited to the current need of the client for personal incidentals that the client cannot meet with other, immediately available resources. Payments under

# ADMINISTRATIVE RULES

this subsection are limited to 100 percent of the payment standard for the benefit group (see OAR 461-155-0030(2)(b)). Payment for “past expenses” is made only when the need of the client cannot be adequately met by a less expensive alternative.

(b) Other support service payments may be available to clients in the Pre-TANF program through the JOBS program (see OAR 461-190-0211 and 461-190-0241) in the same manner they are available to a TANF client.

(6) The Pre-TANF program is closed in any of the following circumstances:

(a) The client is unlikely to become employed within 45 days following the date of request, whether due to the employability of the client, the circumstances affecting the family, or other causes.

(b) The client fails without good cause (see OAR 461-130-0327) to comply with a requirement of an employment program or the case plan.

(c) In any circumstance that would make a client ineligible for TANF.

(d) Upon starting a JOBS Plus assignment.

(e) Upon employment and enrollment in the Post-TANF program.

(7) If Pre-TANF benefits are closed pursuant to subsection (6)(a) or (b) of this rule, TANF benefits may be opened if all TANF eligibility requirements are met.

### Special Need; In-home Supplement; OSIPM

In the OSIPM program, payments authorized under this rule are suspended effective August 1, 2011; current payments end on July 31, 2011; and no payments will be authorized after July 31, 2011. Except as provided above:

(1) The Department may provide a monthly supplementary payment for a client who meets the requirements of all of the following subsections:

(a) The client must receive SSI as his or her only source of income.

(b) The client must receive in-home services authorized by:

(A) The Independent Choices Program (covered under the State Medicaid Plan);

(B) A 1915(c) Home and Community-Based Service Waiver; or

(C) State Plan Personal Care Services authorized under chapter 411, division 034 of Oregon Administrative Rules.

(2) The amount and duration of payments authorized under this rule are subject to availability of funding as determined by the Department and are considered reimbursement for uncovered assistance needs.

(3) All eligible clients will receive the same monthly payment amount.

### Special Need; Transportation Services Payment; OSIPM

In the OSIPM program, payments authorized under this rule are suspended effective August 1, 2011; current payments end on July 31, 2011; and no payments will be authorized after July 31, 2011. Except as provided above:

(1) The following individuals may be eligible for a transportation services payment:

(a) A client who receives SSI; or

(b) A client who the Department determines meets the requirements of OAR 461-125-0370(1)(c) and has adjusted income less than the SSI standard.

(2) Services eligible for payment under this rule are for transportation to non-medical and non-waivered activities and resources approved by the Department. Examples of such transportation services include, but are not limited to: reimbursement for non-commercial transportation not available through natural supports (limited to mileage only at the full United States General Services Administration mileage reimbursement rate); transportation provided by common carriers, taxicab, or bus; and assistance with purchase of a pass for public transportation.

(3) The following items are not eligible for payment under this rule: purchase of a vehicle; vehicle maintenance or repair; compensation for non-commercial transportation providers (payment to non-commercial transportation providers is limited to mileage only); and transportation services that may be obtained through other means, such as the State Medicaid Plan, waiver, or other public or private resources available to the individual, including natural supports.

(4) Payment for services authorized by this rule may not exceed \$50 per month.

(5) Service costs must be verified annually or when questionable.

### Definitions

(1) “Abuse” means:

(a) Abuse of a child as defined in ORS 419B.005, and for the purposes of these rules, abuse of a child also means abuse as defined in OAR 407-045-0260.

(b) Abuse of an adult as defined in OAR 407-045-0260.

(2) “Abuse Investigation and Protective Services” means reporting and investigation activities as required by OAR 407-045-0300 and any sub-

# ADMINISTRATIVE RULES

sequent services or supports necessary to prevent further abuse as required in OAR 407-045-0310.

(3) "Administrator" means the Administrator of the Division's Office of Licensing and Quality of Care, or that person's designee.

(4) "Adult" means an individual 18 years or older with developmental disabilities.

(5) "Advocate" means a person other than paid staff who has been selected by the individual or by the individual's legal representative to help the individual understand and make choices in matters relating to identification of needs and choices of services, especially when rights are at risk or have been violated.

(6) "Agency" means a public or private community agency or organization that provides recognized developmental disability services and is approved by the Department or other appropriate Divisions to provide these services. For the purposes of these rules, "provider", "service provider", "program", "applicant", or "licensee" is synonymous with "agency".

(7) "Appeal" means the process under ORS chapter 183 that the certified agency may use to petition the suspension, denial, or revocation of their certificate or application.

(8) "Applicant" means a person, agency, corporation, or governmental unit, who applies for certification to operate an agency providing services to individuals with developmental disabilities.

(9) "Assessment" means an evaluation of an individual's needs.

(10) "Board of Directors" means a group of persons formed to set policy and give directions to an agency designed to provide services to individuals with developmental disabilities. A board of directors includes local advisory boards used by multi-state organizations.

(11) "Care" means supportive services, including but not limited to provision of room and board, supervision, protection, and assistance in bathing, dressing, grooming, eating, management of money, transportation, or recreation. Care also includes being aware of the individual's general whereabouts at all times and monitoring the activities of the individual while on the premises of the residence to ensure the individual's health, safety, and welfare. The term "care" is synonymous with "services".

(12) "Certificate" means a document issued by the Division to an agency that certifies the agency is eligible to receive state funds for the provision of services and identifies the authorized endorsements.

(13) "Child" means an individual under the age of 18 that has a provisional determination of developmental disability.

(14) "Choice" means the individual's expression of preference, opportunity for, and active role in decision-making related to the selection of assessments, services, service providers, goals and activities, and verification of satisfaction with these services. Choice is communicated verbally, through sign language, or by other communication methods.

(15) "Community Developmental Disability Program (CDDP)" means an entity that is responsible for planning and delivery of services for individuals with developmental disabilities in a specific geographic service area of the state operated by or under a contract with the Division or a local mental health authority.

(16) "Complaint Investigation" means an investigation of any complaint that has been made to a proper authority that is not covered by an abuse investigation.

(17) "Condition" means a provision attached to a new or existing certificate that limits or restricts the scope of the certificate or imposes additional requirements on the certified agency.

(18) "Denial" means the refusal of the Division to issue a certificate to operate an agency because the Division has determined the agency is not in compliance with one or more of these rules.

(19) "Department" means the Department of Human Services (DHS).

(20) "Developmental Disability" means a disability that originates in the developmental years, that is likely to continue, and significantly impacts adaptive behavior as diagnosed and measured by a qualified professional. Developmental disabilities include mental retardation, autism, cerebral palsy, epilepsy, or other neurological disabling conditions that require training or support similar to that required by individuals with mental retardation.

(21) "Division" means the Department of Human Services, Seniors and People with Disabilities Division (SPD).

(22) "Endorsement" means authorization issued by the Division to an agency allowing the agency to provide program services.

(23) "Executive Director" means the person designated by a board of directors or corporate owner that is responsible for the administration of the agency's services for individuals.

(24) "Founded Reports" means the Department's Children, Adults, and Families Division or Law Enforcement Authority determination, based

on the evidence, that there is reasonable cause to believe that conduct in violation of the child abuse statutes or rules has occurred and such conduct is attributable to the person alleged to have engaged in the conduct.

(25) "Guardian" means a parent for individuals under 18 years of age or a person or agency appointed and authorized by the courts to make decisions about services for an individual.

(26) "Independence" means the extent to which individuals with developmental disabilities exert control and choice over their own lives.

(27) "Individual" means an adult or a child with developmental disabilities for whom services are planned and provided.

(28) "Individual Support Plan (ISP)" means the written details of the supports, activities, and resources required for an individual to achieve personal goals. The ISP is developed at minimum annually to reflect decisions and agreements made during a person-centered process of planning and information gathering. The ISP is the individual's Plan of Care for Medicaid purposes.

(29) "Individual Support Plan (ISP) Team" means a team composed of the individual served, agency representatives who provide service to the individual (if appropriate for in-home supports), the guardian (if any), the services coordinator, and may include family or other persons requested to develop the ISP.

(30) "Integration" means:

(a) The use by individuals with developmental disabilities of the same community resources used by and available to other persons in the community;

(b) Participation in the same community activities in which persons without a developmental disability participate, together with regular contact with persons without a developmental disability; and

(c) Individuals with developmental disabilities live in homes that are in proximity to community resources and foster contact with persons in their community.

(31) "Legal Representative" means the parent, if the individual is under age 18, unless the court appoints another person or agency to act as guardian. For those individuals over the age of 18, a legal representative means an attorney at law who has been retained by or for the individual or a person or agency authorized by the court to make decisions about services for the individual.

(32) "Mandatory Reporter" means any public or private official who:

(a) For the purposes of these rules, is a staff or volunteer working with individuals birth to 17 years of age, and comes in contact with and has reasonable cause to believe a child has suffered abuse, or comes in contact with any person whom the official has reasonable cause to believe abused a child, regardless of whether or not the knowledge of the abuse was gained in the reporter's official capacity. Nothing contained in ORS 40.225 to 40.295 shall affect the duty to report imposed by this section, except that a psychiatrist, psychologist, clergyman, attorney, or guardian ad litem appointed under ORS 419B.231 shall not be required to report such information communicated by a person if the communication is privileged under ORS 40.225 to 40.295.

(b) For the purposes of these rules, is a staff or volunteer working with adults eighteen years and older, and while acting in an official capacity, comes in contact with and has reasonable cause to believe an adult with developmental disabilities has suffered abuse, or comes in contact with any person whom the official has reasonable cause to believe abused an adult with developmental disabilities. Pursuant to ORS 430.765(2) psychiatrists, psychologists, clergy, and attorneys are not mandatory reporters with regard to information received through communications that are privileged under ORS 40.225 to 40.295.

(33) "Medicaid Agency Identification Number" means the Medicaid identification number assigned to an agency once the Division has determined the agency meets the qualification criteria outlined in these rules.

(34) "Medicaid Performing Provider Number" means the Medicaid identification number assigned to an agency for each licensed site or geographic location where program services are delivered once the Division has determined the agency meets the qualification criteria outlined in these rules for endorsement.

(35) "Oregon Intervention System (OIS)" means a system of providing training to people who work with designated individuals to intervene physically or non-physically to keep individuals from harming self or others. The Oregon Intervention System is based on a proactive approach that includes methods of effective evasion, deflection, and escape from holding.

(36) "Ownership Interest" means, as defined in 42 CFR 455.101, the possession of equity in the capital, the stock, or the profits of the disclosing entity as determined by 42 CFR 455.102. Person with an ownership or control interest means a person or corporation that:

# ADMINISTRATIVE RULES

(a) Has an ownership interest totaling 5 percent or more in a disclosing entity;

(b) Has an indirect ownership interest equal to 5 percent or more in a disclosing entity;

(c) Has a combination of direct and indirect ownership interests equal to 5 percent or more in a disclosing entity;

(d) Owns an interest of 5 percent or more in any mortgage, deed of trust, note, or other obligation secured by the disclosing agency if that interest equals at least 5 percent of the value of the property or assets of the disclosing entity;

(e) Is an officer or director of a disclosing agency that is organized as a corporation; or

(f) Is a partner in a disclosing entity that is organized as a partnership.

(37) "Person-Centered Planning" means a process, either formal or informal, for gathering and organizing information that helps an individual:

(a) Determine and describe choices about personal goals and lifestyle preferences;

(b) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(c) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(d) Methods for gathering information vary, but all are consistent with individual needs and preferences ranging from simple interviews with the individual, to informal observations in home and community settings, to formally structured meetings.

(38) "Physical Intervention" means the use of any physical action or any response to maintain the health and safety of an individual or others during a potentially dangerous situation or event.

(39) "Productivity" means:

(a) Engagement in income-producing work by an individual with developmental disabilities that is measured through improvements in income level, employment status, or job advancement; or

(b) Engagement by an individual with developmental disabilities in work contributing to a household or community.

(40) "Program Services" means, for the purpose of these rules, the services described in:

(a) OAR chapter 411, division 325, 24-hour Residential Services for Children and Adults with Developmental Disabilities;

(b) OAR chapter 411, division 335, Proctor Care Residential Services for Individuals with Developmental Disabilities;

(c) OAR chapter 411, division 328, Supported Living Services for Individuals with Developmental Disabilities; and

(d) OAR chapter 411, division 345, Employment and Alternatives to Employment Services for Individuals with Developmental Disabilities.

(41) "Protection" and "Protective Services" means necessary actions taken as soon as possible to prevent subsequent abuse or exploitation of the individual, to prevent self-destructive acts, and to safeguard an individual's person, property, and funds.

(42) "Revocation" means the action taken by the Division to rescind an agency certificate after the Division has determined that the agency is not in compliance with these rules or the rules for the program services endorsed by the Division.

(43) "Services Coordinator" means an employee of the community developmental disability program or other agency that contracts with the county or Division, who is selected to plan, procure, coordinate, monitor Individual Support Plan services, and to act as a proponent for individuals with developmental disabilities.

(44) "Staff" means a paid employee responsible for providing services to individuals and whose wages are paid in part or in full with funds sub-contracted with the community developmental disability program or contracted directly through the Division.

(45) "Substantiated" means an abuse investigation has been completed by the Department or the Department's designee and the preponderance of the evidence establishes the abuse occurred.

(46) "Support" means assistance that individuals require, solely because of the affects of developmental disability, to maintain or increase independence, achieve community presence and participation, and improve productivity. Support is flexible and subject to change with time and circumstances.

(47) "Suspension" means an immediate temporary withdrawal of the approval to operate an agency after the Division determines that the agency is not in compliance with these rules or the rules for the program services endorsed by the Division.

(48) "These Rules" mean the rules in OAR chapter 411, division 323.

(49) "Unacceptable Background Check" means a check that precludes the agency from being certified for the following reasons:

(a) The agency or any person holding 5 percent or greater ownership interest in the agency has been disqualified under OAR 407-007-0275; or

(b) A background check and fitness determination have been conducted resulting in a "denied" status, as defined in OAR 407-007-0210.

(50) "Variance" means a temporary exception from a regulation or provision of these rules or the rules for the program services endorsed by the Division that may be granted by the Division upon written application by the agency.

(51) "Volunteer" means any person assisting in an agency without pay to support the care provided to individuals residing in the home or facility.

### Certification and Endorsement

(1) CERTIFICATE REQUIRED.

(a) No person, agency, or governmental unit acting individually or jointly with any other person, agency, or governmental unit shall establish, conduct, maintain, manage, or operate an agency without being certified by the Division under this rule.

(b) Certificates are not transferable or applicable to any location, home or facility, agency, management agent, or ownership other than that indicated on the application and certificate.

(c) The Division shall issue a certificate to an applicant found to be in compliance with these rules. The certificate shall be in effect for five years from the date issued unless revoked or suspended.

(2) CURRENT AGENCY CERTIFICATION/ENDORSEMENT. All agencies providing program services as of July 1, 2011 shall be issued a certificate that expires in five years unless sooner revoked or suspended that includes endorsements for the following program services:

(a) 24-hour residential as described in OAR chapter 411, division 325;

(b) Supported living as described in OAR chapter 411, division 328;

(c) Proctor care as described in OAR chapter 411, division 335; or

(d) Employment and alternatives to employment as described in OAR chapter 411, division 345.

(3) CERTIFICATION. An agency requiring certification must apply for an initial certificate and for a certificate renewal except as set forth in section (2) of this rule.

(a) INITIAL APPLICATION.

(A) The applicant must submit an application at least 30 days prior to anticipated certification. The completed application must be on a form provided by the Division and must include all information requested by the Division.

(B) The applicant requesting certification as an agency must identify the agency's business plan. At a minimum, the agency's business plan must include:

(i) A copy of any management agreements or contracts, relative to the operation and ownership of the agency;

(ii) A financial plan that includes:

(I) If an existing agency, the last two years audits, as directed by the Office of Management and Budget circular A-133, completed by an outside firm; or

(II) If applying as a new firm, financial statements indicating capital and the financial plan developed to assure sustainability, partnerships, loans, and any other financial assistance.

(iii) The names of those serving as the agency's Board of Directors;

(C) The applicant must develop a plan identifying the scope of program services the applicant intends to provide and request endorsement for those program services; and

(D) Liability and operational insurance coverage as described in subsection (b) of this section.

(b) LIABILITY AND OPERATIONAL INSURANCE COVERAGE.

(A) At a minimum, the agency must demonstrate proof, at the agencies expense, and maintain in effect with respect to all occurrences taking place during the certification period:

(i) Automobile liability insurance with a combined single limit per occurrence of not less than \$500,000.

(ii) Comprehensive or commercial general liability insurance covering bodily injury and property damage including personal injury coverage and contractual liability coverage for the agency. The combined single limit per occurrence may not be less than \$500,000 or the equivalent. Each annual aggregate limit may not be less than \$500,000 when applicable.

# ADMINISTRATIVE RULES

(B) The agency, the agency's subcontractors if any, and all employers providing work, labor, or materials under the agency are subject employers under the Oregon Workers' Compensation Law and must comply with ORS 656.017, which requires them to provide workers' compensation coverage for all their subject workers including employers' liability insurance with coverage limits of not less than \$100,000 each accident. Agencies who perform the work without the assistance of labor or any employee need not obtain such coverage.

(C) The agency must name the State of Oregon, Department of Human Services, and their divisions, officers, and employees as additional insured's on any insurance policies required by these rules with respect to agency activities being performed under the agency's certification. Such insurance must be issued by an insurance company licensed to do business in the state of Oregon and must contain a 30 day notice of cancellation endorsement.

(D) The agency must forward to the Division certificates of insurance indicating coverage as required by this rule prior to certification.

(E) In the event of unilateral cancellation or restriction by the agency's insurance company of any insurance coverage required by this rule, the agency must immediately notify the Division orally of the cancellation or restriction and must confirm the oral notification in writing within three days of notification by the insurance company to the agency.

(c) RENEWAL.

(A) The Division shall conduct a certification review of the agency prior to the renewal of the certificate. The review shall be conducted 30 to 120 days prior to expiration of the certificate.

(B) An application for renewal filed with the Division before the date of expiration extends the effective date of the existing certificate until the Division takes action upon the application for renewal.

(C) If the renewal application is not submitted prior to the expiration date, the agency shall be treated as a non-certified Medicaid agency subject to termination of their Medicaid agency identification number.

(D) The Division may not renew a certificate if the agency is not in substantial compliance with these rules.

(E) Renewal of endorsements for program services is contingent upon the successful renewal of the agency's certificate.

(d) If an applicant fails to provide complete, accurate, and truthful information during the application or renewal process, the Division may delay initial certification, deny the application, or revoke or refuse to renew the application for certification.

(e) Any applicant or person with an ownership interest in an agency shall be considered responsible for acts occurring during, and relating to, the operation of the agency for purpose of certification.

(f) The Division may consider the background and operating history of the applicant and each person with an ownership interest when determining whether to issue or renew a certificate.

(g) Prior to issuance or renewal of the certificate, the applicant must demonstrate to the satisfaction of the Division that the applicant is in compliance with these rules.

(4) EXPIRATION. Unless revoked, suspended, or terminated earlier, each certificate to operate as a Medicaid agency shall expire five years following the date of issuance.

(5) TERMINATION. The certificate shall automatically terminate on the date agency operation is discontinued or if there is a change in ownership.

(6) RETURN OF CERTIFICATE. The certificate must be returned to the Division immediately upon suspension or revocation of the certificate or when agency operation is discontinued.

(7) CHANGE OF OWNERSHIP, LEGAL ENTITY, LEGAL STATUS, OR MANAGEMENT CORPORATION.

(a) The agency must notify the Division in writing of any pending change in the agency's ownership or legal entity, legal status, or management corporation.

(b) A new certificate is required upon change in an agency's ownership or legal entity, legal status, or management corporation. The agency must submit a certificate application at least 30 days prior to change in ownership or legal entity, legal status, or management corporation.

(8) ENDORSEMENT.

(a) To provide program services, an agency must have:

(A) A certificate to provide Medicaid services in the state of Oregon;

(B) A Medicaid agency identification number;

(C) Approved endorsement for the program services; and

(D) A Medicaid performing provider number for each licensed site or geographic location where direct services shall be delivered.

(b) The applicant must comply with the corresponding program services rules for the Division to endorse the program services.

(9) CONDITIONS.

(a) The Division may attach conditions to a certificate upon a finding that:

(A) Information on the application or initial inspection requires a condition to protect the health and safety of individuals;

(B) A threat to the health, safety, and welfare of an individual exists;

(C) There is reliable evidence of abuse, neglect, or exploitation; or

(D) The agency is not being operated in compliance with these rules.

(b) Conditions that the Division may impose on a certificate include:

(A) Restricting the total number of individuals that may be served;

(B) Restricting the number and support level of individuals allowed within program services based upon the capacity of the agency and staff to meet the health and safety needs of all individuals;

(C) Reclassifying the level of individuals that may be served;

(D) Requiring additional staff or staff qualifications;

(E) Requiring additional training;

(F) Requiring additional documentation; or

(G) Restricting admissions.

(c) The Division shall notify the agency in writing of any conditions imposed and the reason for the conditions. The agency shall be given an opportunity to request a hearing as described in section (13) of this rule.

(d) Conditions may be imposed for the extent of the certification period or limited to some other shorter period of time. If the condition corresponds to the certifying period, the reasons for the condition shall be considered at the time of renewal to determine if the conditions are still appropriate. Conditions take effect immediately upon issuance of the notice, or at such later date as indicated on the notice, and shall continue until the expiration date of the condition indicated on the notice.

(10) CERTIFICATE DENIAL, SUSPENSION, REVOCATION, OR REFUSAL TO RENEW. The Division may deny, revoke, or refuse to renew a certificate when the Division finds the agency, or any person holding 5 percent or greater ownership interest in the agency:

(a) Demonstrates substantial failure to comply with these rules such that the health, safety, or welfare of individuals is jeopardized and the agency fails to correct the non-compliance within 30 calendar days of receipt of written notice of non-compliance;

(b) Has demonstrated a substantial failure to comply with these rules such that the health, safety, or welfare of individuals is jeopardized;

(c) Has been convicted of any crime that would have resulted in an unacceptable background check upon hiring or authorization of service;

(d) Has been convicted of a misdemeanor associated with the operation of an agency or program services;

(e) Falsifies information required by the Division to be maintained or submitted regarding care of individuals, employment and alternatives to employment services finances, or individuals' funds; or

(f) Has been found to have permitted, aided, or abetted any illegal act that has had significant adverse impact on individual health, safety, or welfare.

(g) Has been placed on the current Centers for Medicare and Medicaid Services list of excluded or debarred providers.

(11) NOTICE OF CERTIFICATE DENIAL, REVOCATION, OR REFUSAL TO RENEW. Following a Division finding that there is a substantial failure to comply with these rules such that the health, safety, or welfare of individuals is jeopardized, or that one or more of the events listed in section (10) of this rule has occurred, the Division may issue a notice of certificate revocation, denial, or refusal to renew.

(12) IMMEDIATE SUSPENSION OF CERTIFICATE. When the Division finds a serious and immediate threat to individual health and safety and sets forth the specific reasons for such findings, the Division may, by written notice to the certificate holder, immediately suspend a certificate without a pre-suspension hearing and the agency may not continue operation.

(13) HEARING. An applicant for a certificate or a certificate holder, as applicable, may request a contested case hearing in accordance with ORS chapter 183 and this rule upon written notice from the Division of imposition of conditions, denial or refusal to renew a certificate, or the suspension or revocation of the certificate.

(a) DENIAL. The applicant must request a hearing within 60 days of receipt of the Division's written notice of denial.

(b) REFUSAL TO RENEW. The certificate holder must request a hearing within 60 days of receipt of the Division's written notice of refusal to renew.

# ADMINISTRATIVE RULES

(c) **SUSPENSION, REVOCATION, AND CERTIFICATE CONDITIONS.** Notwithstanding subsection (d) below, the certificate holder must request a hearing within 21 days of receipt of the Division's written notice of suspension, revocation, or certificate conditions.

(d) **ADMINISTRATIVE REVIEW.** In the case of a notice of suspension or imposition of conditions where a condition is to be effective prior to a hearing, the certificate holder, in addition to the right to a contested case hearing, may request an administrative review by the Division's Administrator or designee.

(A) The request for administrative review must be received by the Division within 10 days from the date of the Division's notice of suspension or imposition of conditions. The certificate holder may submit, along with the request for administrative review, any additional written materials the certificate holder wishes to have considered during the administrative review.

(B) The Division shall conduct the administrative review and issue a decision within 10 days from the date of receipt of the request for administrative review, or by a later date as agreed to by a certificate holder.

(C) If the decision of the Division is to affirm the suspension or condition, the certificate holder may appeal the decision to a contested case hearing as long as the request for a contested case hearing was received by the Division within 21 days of the original written notice of suspension or imposition of conditions.

(e) **INFORMAL CONFERENCE.** After the Division has received a request for hearing, the Division shall offer the applicant or certificate holder an opportunity for an informal conference unless an administrative review has been completed as described in subsection (d) of this section.

### Inspections and Investigations

(1) Entities certified under these rules must allow the following types of investigations and inspections:

- (a) Quality assurance and certificate renewal;
- (b) Complaint investigations; and
- (c) Abuse investigations.

(2) The Department, the Department's designee, or proper authority shall perform all inspections and investigations.

(3) Any inspection or investigation may be unannounced.

(4) All documentation and written reports required by these rules must be:

(a) Open to inspection and investigation by the Department, the Department's designee, or proper authority; and

(b) Submitted to or be made available for review by the Department within the time allotted.

(5) When abuse is alleged or death of an individual has occurred and a law enforcement agency, the Department, or the Department's designee has determined to initiate an investigation, the agency may not conduct an internal investigation without prior authorization from the Department. For the purposes of this section, an "internal investigation" is defined as:

(a) Conducting interviews of the alleged victim, witness, the accused person, or any other person who may have knowledge of the facts of the abuse allegation or related circumstances;

(b) Reviewing evidence relevant to the abuse allegation, other than the initial report; or

(c) Any other actions beyond the initial actions of determining:

(A) If there is reasonable cause to believe that abuse has occurred;

(B) If the alleged victim is in danger or in need of immediate protective services;

(C) If there is reason to believe that a crime has been committed; or

(D) What, if any, immediate personnel actions must be taken to assure individual safety.

(6) The Department or the Department's designee shall conduct abuse investigations as described in OAR 407-045-0250 to 407-045-0360 and shall complete an abuse investigation and protective services report according to OAR 407-045-0320.

(7) Upon completion of the abuse investigation by the Department, the Department's designee, or a law enforcement agency, the agency may conduct an investigation without further Department approval to determine if any personnel actions are necessary.

(8) Upon completion of the abuse investigation and protective services report, according to OAR 407-045-0330, the sections of the report that are public records and not exempt from disclosure under the public records law shall be provided to the appropriate agency. The agency must imple-

ment the actions necessary within the deadlines listed, to prevent further abuse as stated in the report.

(9) The agency must submit a plan of correction to the Division for any noncompliance found during an inspection under this rule.

### Agency Management and Personnel Practices

(1) **NON-DISCRIMINATION.** The agency must comply with all applicable state and federal statutes, rules, and regulations in regard to non-discrimination in employment policies and practices.

(2) **BASIC PERSONNEL POLICIES AND PROCEDURES.** The agency must have in place and implement personnel policies and procedures that address suspension, increased supervision, or other appropriate disciplinary employment procedures when a staff member has been identified as an accused person in an abuse investigation or when the allegation of abuse has been substantiated.

(3) **PROHIBITION AGAINST RETALIATION.** The agency or service provider may not retaliate against any staff that reports in good faith suspected abuse or retaliate against the child or adult with respect to any report. An accused person may not self-report solely for the purpose of claiming retaliation.

(a) Any community facility, community program, or person that retaliates against any person because of a report of suspected abuse or neglect shall be liable according to ORS 430.755, in a private action to that person for actual damages and, in addition, shall be subject to a penalty up to \$1000, notwithstanding any other remedy provided by law.

(b) Any adverse action is evidence of retaliation if taken within 90 days of a report of abuse. For purposes of this subsection, "adverse action" means any action taken by a community facility, community program, or person involved in a report against the person making the report or against the child or adult because of the report and includes but is not limited to:

(A) Discharge or transfer from the agency, except for clinical reasons;

(B) Discharge from or termination of employment;

(C) Demotion or reduction in remuneration for services; or

(D) Restriction or prohibition of access to the agency or the individuals served by the agencies.

(4) **MANDATORY ABUSE REPORTING PERSONNEL POLICIES AND PROCEDURES.** Any employee of an agency is a mandatory reporter. The agency must notify all employees of mandatory reporting status at least annually on forms provided by the Department. The agency must provide all employees with a Department produced card regarding abuse reporting status and abuse reporting. For reporting purposes the following shall apply:

(a) Agencies providing services to adults must report to the CDDP where the adult resides and if there is reason to believe a crime has been committed a report must also be made to law enforcement.

(b) Agencies providing services to children must report to the Department or law enforcement in the county where the child resides.

(5) **APPLICATION FOR EMPLOYMENT.** An application for employment at the agency must inquire whether an applicant has had any founded reports of child abuse or substantiated abuse.

(6) **BACKGROUND RECORDS CHECKS.** Any employee, volunteer, respite provider, advisor, skill trainer, or any subject individual defined by OAR 407-007-0200 to 407-007-0370, who has or will have contact with an individual in services must have an approved background check in accordance with OAR 407-007-0200 to 407-007-0370 and under ORS 181.534.

(a) Effective July 28, 2009, the agency may not use public funds to support, in whole or in part, a person as described above in section (6) of this rule in any capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(b) Subsection (6)(a) of this section does not apply to agency employees who were hired prior to July 28, 2009 and remain in the current position for which the employee was hired.

(c) Any staff, volunteer, respite provider, advisor, skill trainer, or any subject individual defined by OAR 407-007-0200 to 407-007-0370 must self-report any potentially disqualifying condition as described in OAR 407-007-0280 and OAR 407-007-0290. The person must notify the Department or its designee within 24 hours.

(7) **EXECUTIVE DIRECTOR QUALIFICATIONS.** The agency must be operated under the supervision of a Director who has a minimum of a bachelor's degree and two years of experience, including supervision, in developmental disabilities, mental health, rehabilitation, social services, or

# ADMINISTRATIVE RULES

a related field. Six years of experience in the identified fields may be substituted for a degree.

(8) **GENERAL STAFF QUALIFICATIONS.** Any employee providing direct assistance to individuals must meet the following criteria:

- (a) Be at least 18 years of age;
- (b) Have approval to work based on current Department policy and procedures for background checks in OAR 407-007-0200 to 407-007-0370 and section (6) of this rule;
- (c) If hired on or after July 28, 2009, not have been convicted of any of the disqualifying crimes listed in OAR 407-007-0275;
- (d) Be literate and capable of understanding written and oral orders;
- (e) Be able to communicate with individuals, physicians, services coordinators, and appropriate others;
- (f) Be able to respond to emergency situations at all times; and
- (g) Have clear job responsibilities as described in a current signed and dated job description.

(9) **PERSONNEL FILES AND QUALIFICATION RECORDS.** The agency must maintain up-to-date written job descriptions for all employees as well as a file available to the Department or the Department's designee for inspection that includes written documentation of the following for each employee:

- (a) Written documentation that references and qualifications were checked;
- (b) Written documentation by the Department of an approved background check as defined in OAR 407-007-0210;
- (c) Written documentation of employees' notification of mandatory abuse training and reporter status prior to supervising individuals and annually thereafter;
- (d) Written documentation of any founded report of child abuse or substantiated abuse; and
- (e) Written documentation of required training and hours of training received.

(10) **DISSOLUTION OF AN AGENCY.** Prior to the dissolution of an agency, a representative of the governing body or owner of the agency must notify the Division 30 days in advance in writing and make appropriate arrangements for the transfer of individual's records.

## 411-323-0060

### Policies and Procedures

(1) **INDIVIDUAL RIGHTS.** The agency must have and implement written policies and procedures that protect an individual's rights that address the following:

(a) **ABUSE.** Individuals as defined in OAR 411-323-0020 must not be abused nor shall abuse be tolerated by any employee, staff, or volunteer of the agency.

(b) **PROTECTION AND WELLBEING.** The agency must ensure the health and safety of individuals from abuse including the protection of individual rights, as well as, encourage and assist individuals through the ISP process to understand and exercise these rights. Except for children under the age of 18, where reasonable limitations have been placed by a parent or guardian, these rights must at a minimum provide for:

(A) Assurance that each individual has the same civil and human rights accorded to other citizens of the same age except when limited by a court order;

(B) Adequate food, housing, clothing, medical and health care, supportive services, and training;

(C) Visits with family members, guardians, friends, advocates and others of the individual's choosing, and legal and medical professionals;

(D) Confidential communication including personal mail and telephone;

(E) Personal property and fostering of personal control and freedom regarding that property;

(F) Privacy in all matters that do not constitute a documented health and safety risk to the individual;

(G) Protection from abuse and neglect, including freedom from unauthorized training, treatment, and chemical, mechanical, or physical restraints;

(H) Freedom to choose whether or not to participate in religious activity;

(I) The opportunity to vote for individuals over the age of 18 and training in the voting process;

(J) Expression of sexuality within the framework of state and federal laws, and for adults over the age of 18, freedom to marry and to have children;

(K) Access to community resources, including recreation, agency services, employment and community inclusion services, school, educational opportunities, and health care resources;

(L) Individual choice for children and adults that allows for decision making and control of personal affairs appropriate to age;

(M) Services that promote independence, dignity, and self-esteem and reflect the age and preferences of the individual;

(N) Individual choice for adults to consent to or refuse treatment, unless incapable, and then an alternative decision maker must be allowed to consent or refuse for the individual. For children, the child's parent or guardian must be allowed to consent to or refuse treatment except as described in ORS 109.610 or limited by court order;

(O) Individual choice to participate in community activities; and

(P) Access to a free and appropriate education for children and individuals under the age of 21 including a procedure for school attendance or refusal to attend.

(2) **HEALTH.** The agency must have and implement policies and procedures that maintain and protect the health of individuals.

(3) **INDIVIDUAL AND FAMILY INVOLVEMENT.** The agency must have and implement a written policy that addresses:

(a) Opportunities for the individual to participate in decisions regarding the operations of the agency;

(b) Opportunities for families, guardians, legal representatives, and significant others of the individuals served by the agency to interact; and

(c) Opportunities for individuals, families, guardians, legal representatives, and significant others to participate on the Board or on committees or to review policies of the agency that directly affect the individuals served by the agency.

(4) **CONFIDENTIALITY OF RECORDS.** The agency must have and implement written policies and procedures that ensure all individuals' records are confidential except as otherwise provided by applicable state and federal rule or laws.

(a) For the purpose of disclosure from individual medical records under this rule, an agency is considered a "public provider" as defined in ORS 179.505.

(b) For the purpose of disclosure from non-medical individual records, all or portions of the information contained in these records may be exempt from public inspection under the personal privacy information exemption to the public records law set forth in ORS 192.502.

(5) **BEHAVIOR SUPPORT.** The agency must have and implement a written policy for behavior support that utilizes individualized positive behavior support techniques and prohibits abusive practices.

(6) **PHYSICAL INTERVENTION.** The agency must have and implement written policies and procedures for physical interventions that address the following:

(a) Circumstances allowing the use of physical intervention. The agency must only employ physical intervention techniques that are included in the OIS curriculum approved by the Division or the OIS Steering Committee.

(b) Physical intervention techniques must only be applied:

(A) When the health and safety of the individual and others are at risk, and the ISP team has authorized the procedures in a documented ISP team decision that is included in the ISP and uses procedures that are intended to lead to less restrictive intervention strategies; or

(B) As an emergency measure, if absolutely necessary to protect the individual or others from immediate injury; or

(C) As a health related protection ordered by a physician, if absolutely necessary during the conduct of a specific medical or surgical procedure, or for the individual's protection during the time that a medical condition exists.

(7) **HANDLING AND MANAGING INDIVIDUALS' MONEY.** The agency must have written policies and procedures for the handling and management of individuals' money. Such policies and procedures must provide for:

(a) The individual to manage his or her own funds unless the ISP documents and justifies limitations to self-management;

(b) Safeguarding of an individual's funds;

(c) Individuals receiving and spending their money; and

(d) Taking into account the individual's interests and preferences.

(8) **INFORMAL COMPLAINTS AND GRIEVANCES.** The agency must develop and implement written policies and procedures regarding

# ADMINISTRATIVE RULES

individual informal complaints and formal grievances. These policies and procedures must at minimum address:

(a) **INFORMAL COMPLAINT RESOLUTION.** An individual or someone acting on behalf of the individual must be given the opportunity to informally discuss and resolve any allegation that an agency has taken action which is contrary to law, rule, or policy and that does not meet the criteria for an abuse investigation. Choosing this opportunity does not preclude the individual or someone acting on behalf of the individual to pursue resolution through formal grievance processes.

(b) **FORMAL GRIEVANCE AND GRIEVANCE LOG.**

(A) The agency's formal grievance policies and procedures must include:

(i) A description of how the agency receives and documents grievances from individuals and others acting on the individuals' behalf; and  
(ii) Investigation of the facts supporting or disproving the grievance.

(B) The Executive Director or designee must provide a formal written response to the grievant within 15 days of receipt of the grievance, unless the grievance is informally resolved to the grievant's satisfaction prior to that time. The formal written response of the Executive Director or designee must clearly inform the grievant of the availability of assistance in appealing the grievance and how to access that assistance.

(C) The Executive Director or designee must submit to the Department for review grievances that have not been resolved to the satisfaction of the grievant, where the Executive Director or designee believes that the grievant may not have the capability to appeal an adverse decision to the Division.

(D) Documentation of each grievance and its resolution must be filed or noted in the complainant's record. In addition, the agency must maintain a grievance log, which must, at a minimum, identify the person making the complaint, the date of the grievance, the nature of the grievance, the resolution, and the date of the resolution.

(c) If a grievance is associated in any way with abuse, the recipient of the grievance must immediately report the issue to the appropriate authority, the CDDP, the Department, and notify the Executive Director or designee.

(9) **AGENCY DOCUMENTATION REQUIREMENTS.** The agency must have and implement policies and procedures that address agency documentation requirements. Documentation must:

(a) Be prepared at the time, or immediately following the event being recorded;

(b) Be accurate and contain no willful falsifications;

(c) Be legible, dated, and signed by the person making the entry; and

(d) Be maintained for no less than three years.

### Variations

(1) The Division may grant a variance to these rules based upon a demonstration by the agency that an alternative method or different approach provides equal or greater agency effectiveness and does not adversely impact the welfare, health, safety, or rights of individuals.

(2) The agency requesting a variance must submit, in writing, an application to the Division that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance; and

(c) The alternative practice, service, method, concept, or procedure proposed.

(3) The Division shall approve or deny the request for a variance.

(4) The Division's decision shall be sent to the agency and to all relevant Department programs or offices within 30 calendar days of the receipt of the variance request.

(5) The agency may appeal the denial of a variance request by sending a written request for review to the Administrator, whose decision is final.

(6) The Division shall determine the duration of the variance.

(7) The agency may implement a variance only after written approval from the Division.

### Program Management

(1) **NON-DISCRIMINATION.** The program must comply with all applicable state and federal statutes, rules, and regulations in regard to non-discrimination in employment practices.

(2) **PROHIBITION AGAINST RETALIATION.** A community program or service provider may not retaliate against any staff who reports in good faith suspected abuse or retaliate against the adult with respect to any report. An alleged perpetrator may not self-report solely for the purpose of claiming retaliation.

(a) Any community facility, community program, or person that retaliates against any person because of a report of suspected abuse or neglect shall be liable according to ORS 430.755, in a private action to that person for actual damages and, in addition, shall be subject to a penalty up to \$1000, notwithstanding any other remedy provided by law.

(b) Any adverse action is evidence of retaliation if taken within 90 days of a report of abuse. Adverse action means only those actions arising solely from the filing of an abuse report. For purposes of this subsection, "adverse action" means any action taken by a community facility, community program, or person involved in a report against the person making the report or against the adult because of the report and includes but is not limited to:

(A) Discharge or transfer from the community program, except for clinical reasons;

(B) Discharge from or termination of employment;

(C) Demotion or reduction in remuneration for services; or

(D) Restriction or prohibition of access to the community program or the residents served by the program.

(3) **DOCUMENTATION REQUIREMENTS.** All entries required by this rule, unless stated otherwise, must:

(a) Be prepared at the time, or immediately following the event being recorded;

(b) Be accurate and contain no willful falsifications;

(c) Be legible, dated, and signed by the person making the entry; and

# ADMINISTRATIVE RULES

(d) Be maintained for no less than five years.

(4) **DISSOLUTION.** Prior to the dissolution of a program, a representative of the governing body or owner must notify the Division 30 days in advance in writing and make appropriate arrangements for the transfer of individuals' records.

### Agency Management and Personnel Practices

(1) **NON-DISCRIMINATION.** The agency must comply with all applicable state and federal statutes, rules, and regulations in regard to non-discrimination in employment practices.

(2) **BASIC PERSONNEL POLICIES AND PROCEDURES.** The agency must have and implement personnel policies and procedures that address suspension, increased supervision, or other appropriate disciplinary employment procedures when an agency staff member, or subcontractor including respite providers and volunteers, has been identified as an accused person in an abuse investigation or when the allegation of abuse has been substantiated. Policy must reflect that any incurred crime as described under the background check rules in OAR 407-007-0200 to 407-007-0370 shall be reported to the agency.

(3) **APPLICATION FOR EMPLOYMENT.** An application for employment at the agency must inquire whether an applicant has had any founded reports of child abuse or substantiated abuse.

(4) **BACKGROUND CHECKS.** Any employee, volunteer, proctor provider, respite provider, crisis provider, advisor, skill trainer, or any subject individual defined by OAR 407-007-0200 to 407-007-0370, who has or will have contact with a resident of the agency, must have an approved background check in accordance with OAR 407-007-0200 to 407-007-0370 and under ORS 181.534.

(a) Effective July 28, 2009, the agency may not use public funds to support, in whole or in part, a person as described in section (4) of this rule in any capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(b) Section (4)(a) of this rule does not apply to employees of the proctor provider or proctor agency who were hired prior to July 28, 2009 and remain in the current position for which the employee was hired.

(c) Any employee, volunteer, proctor provider, respite provider, crisis provider, advisor, skill trainer, or any subject individual defined by OAR 407-007-0200 to 407-007-0370 must self-report any potentially disqualifying condition as described in OAR 407-007-0280 and OAR 407-007-0290. The person must notify the Department or its designee within 24 hours.

(5) **INVESTIGATIONS.** For investigations conducted by the Department or the Department's designee in homes certified for children, the definitions of abuse described in ORS 419B.005 and OAR 407-045-0260 shall apply.

(6) **PROHIBITION AGAINST RETALIATION.** The agency may not retaliate against any agency staff member, subcontractor including respite providers and volunteers, or proctor providers that report in good faith suspected abuse, or retaliate against the individual, with respect to any report. An accused person may not self-report solely for the purpose of claiming retaliation.

(a) Any community facility, community program, or person that retaliates against any person because of a report of suspected abuse or neglect shall be liable according to ORS 430.755, in a private action to that person for actual damages and, in addition, shall be subject to a penalty up to \$1000, notwithstanding any other remedy provided by law.

(b) Any adverse action is evidence of retaliation if taken within 90 days of a report of abuse. For purposes of this subsection, "adverse action" means any action taken by a community facility, community program, or person involved in a report against the person making the report or against the individual because of the report and includes but is not limited to:

(A) Discharge or transfer from the program, except for clinical reasons;

(B) Discharge from or termination of employment;

(C) Demotion or reduction in remuneration for services; or

(D) Restriction or prohibition of access to the program or the individuals served by the program.

(7) **RESPONSIBILITIES OF PROCTOR AGENCY.** The proctor agency must:

(a) Implement policies and procedures to assure support, health, safety, and crisis response for individuals served, including policies and procedures to assure necessary training of agency staff and proctor providers.

(b) Implement policies and procedures to assure that provider payment and agency support is commensurate to the support needs of individuals enrolled in the proctor care services. Policies and procedures must include frequency of review.

(c) Implement policies and procedures to assure support, health, safety, and crisis response for individuals placed in all types of respite care, including policies and procedures to assure training of respite care providers. The types of respite care include but are not limited to:

(A) Respite care in the proctor provider's home during day hours only;

(B) Respite care in the home of someone other than the proctor provider for day time only;

(C) Overnight care in the proctor provider's home; and

(D) Overnight care at someone other than the proctor provider's home.

(d) Implement policies and procedures to assure confidentiality of individuals in service and of family information.

(e) Implement policies and procedures to review and document that each child enrolled in proctor care services continues to require such services. Policies and procedures must include frequency of review and the criteria as listed below.

(A) The child's need for a formal Behavior Support Plan based on the Risk Tracking Record and functional assessment of the behavior.

(B) The child has been stable and generally free of serious behavioral or delinquency incidents for the past 12 months.

(C) The child has been free of psychiatric hospitalization (hospital psychiatric unit, Oregon State Hospital, and sub acute) for the last 12 months, except for assessment and evaluation.

(D) The child poses no significant risk to self or community.

(E) The proctor provider has not needed or utilized the agency crisis services in response to the child's medical, mental health, or behavioral needs more than one time in the past 12 months.

(F) The proctor provider is successfully supporting the child over time, with a minimum of agency case management contact other than periodic monitoring and check in.

(G) The proctor provider does not require professional support for the child, and there has been or could be a reduction in ongoing weekly professional support for the child including consultation, skill training, and staffing.

(H) The proctor agency is not actively working with the child's family to return the child to the family home.

(f) **ADULTS IN PROCTOR SERVICES.** Implement policies and procedures where the ISP Team evaluates annually the adult individual's support needs and need for proctor services.

(g) Assure that preliminary certification or licensing activities (whichever is appropriate) are completed per the relevant foster care statutes and OAR chapter 411, divisions 346 or 360. Such work must be submitted to the Division for final review and approval.

(h) Complete an initial home study for all proctor provider applicants that are updated at the certification renewal for all licensed or certified proctor providers.

(i) Provide and document training and support to agency staff, proctor providers, subcontractors, volunteers, and respite providers to maintain the health and safety of the individuals served.

(j) Provide and document training and support to the agency staff, proctor providers, subcontractors, volunteers, and respite providers to implement the ISP process, including completion of a Risk Tracking Record, development of protocols and BSP for each individual served, and the development of the ISP.

(k) Have a plan for emergency back-up for home provider including but not limited to use of crisis respite, other proctor homes, additional staffing, and behavior support consultations.

(l) Coordinate and document entries, exits, and transfers.

(m) Report to the Division, and the CDDP, any placement changes due to a Crisis Plan made outside of normal working hours. Notification must be made by 9:00 a.m. of the first working day after the change has happened.

(n) Assure that each proctor provider has a current Emergency Disaster Plan on file in the proctor provider home, in the agency office, and provided to the CDDP and any case manager of an individual who is not an employee of the local CDDP.

# ADMINISTRATIVE RULES

(o) Assure emergency backup in the event the proctor provider is unavailable.

(8) **GENERAL REQUIREMENTS FOR SAFETY AND TRAINING.** All volunteers having contact with the individual, proctor providers, substitute caregivers, respite providers, child care providers, and agency staff, except for those providing services in a crisis situation, must:

(a) Receive training specific to the individual. This training must at a minimum consist of basic information on environment, health, safety, ADLs, positive behavioral supports, and behavioral needs for the individual, including the ISP, BSP, required protocols, and any emergency procedures. Training must include required documentation for health, safety, and behavioral needs of the individual.

(b) Receive OIS training. OIS certification is required if physical intervention is likely to occur as part of the BSP. Knowledge of OIS principles, not certification is required if it is unlikely that physical intervention shall be required.

(c) Receive mandatory reporter training.

(d) Receive confidentiality training.

(e) Be at least 18 years of age and have a valid social security card.

(f) Be cleared by the Department's background check requirements in OAR 407-007-0200 to 407-007-0370.

(g) Have a valid Oregon driver's license and proof of insurance.

(h) Receive training in applicable agency policies and procedures.

(9) In addition to the above general requirements, the following requirements must be met for each specific provider classification as listed below.

(a) **PROCTOR PROVIDERS:**

(A) Must receive and maintain current First Aid and CPR training.

(B) Must have knowledge of these rules and OAR divisions 346 or 360 as appropriate to their license or certificate.

(b) **SKILLS TRAINERS, ADVISORS, OR OTHER AGENCY STAFF:**

(A) Must receive and maintain current First Aid and CPR training.

(B) Must have knowledge of these rules and OAR divisions 346 or 360.

(C) Anyone age 18 or older, living in an agency staff persons uncertified home must have an approved Department background check per OAR 407-007-0200 to 407-007-0370 and as described in section (4) of this rule, prior to any visit of an individual to the staff person's home.

(D) Must assure health and safety guidelines for alternative caregivers including but not limited to the following:

(i) The home and premises must be free from objects, materials, pets, and conditions that constitute a danger to the occupants and the home and premises must be clean and in good repair.

(ii) Any sleeping room used for an individual in respite must be finished, attached to the house, and not a common living area, closet, storage area, or garage. If a child is staying overnight, the sleeping arrangements must be safe and appropriate to the individual's age, behavior, and support needs.

(iii) The home must have tubs or showers, toilets, and sinks that are operable and in good repair with hot and cold water.

(iv) The alternative caregivers must have access to a working telephone in the home, and must have a list of emergency telephone numbers and know where the numbers are located.

(v) All medications, poisonous chemicals, and cleaning materials must be stored in a way that prevents the individuals from accessing them, unless otherwise addressed in an individual's ISP.

(vi) Firearms must be stored unloaded. Firearms and ammunition must be stored in separate locked locations. Loaded firearms must never be carried in any vehicle while it is being used to transport an individual.

(vii) First aid supplies must be available in the home and in the vehicles that shall be used to transport an individual.

(c) **RESPITE PROVIDERS.**

(A) **IN PROCTOR PROVIDER HOME – DAY OR NIGHT:**

(i) Must be trained on basic health needs of the individuals in service.

(ii) Must be trained on basic safety in the home including but not limited to first aid supplies, the Emergency Plan, and the Fire Evacuation Plan.

(B) **IN OTHER THAN PROCTOR PROVIDER HOME – DAY OR NIGHT.** Must assure health and safety guidelines for alternative caregivers, including but not limited to:

(i) The home and premises must be free from objects, materials, pets, and conditions that constitute a danger to the occupants and the home and premises must be clean and in good repair.

(ii) Any sleeping room used for an individual in respite must be finished, have a window that may be opened, be attached to the house, and not

a common living area, storage area, closet, or garage. If the individual is staying overnight, the sleeping arrangements must be safe and appropriate to the individual's age, behavior, and support needs.

(iii) The home must have tubs or showers, toilets, and sinks that are operable and in good repair with hot and cold water.

(iv) The alternative caregivers must have access to a working telephone in the home and must have a list of emergency telephone numbers and know where the numbers are located.

(v) All medications, poisonous chemicals, and cleaning materials must be stored in a way that prevents an individual from accessing them.

(vi) Firearms must be stored unloaded. Firearms and ammunition must be stored in separate locked locations. Loaded firearms must never be carried in any vehicle while it is being used to transport an individual.

(vii) First aid supplies must be available in the home and in the vehicles that shall be used to transport individuals.

(d) **ALTERNATE CAREGIVERS.**

(A) **DAY CARE, CAMP:**

(i) When a child is cared for by a child care provider, camp, or child care center, the proctor agency must assure that the camp, provider home, or center is certified, licensed, or registered as required by the Child Care Division (ORS 657A.280). The agency must also assure that the ISP team is in agreement with the plan for the child to attend the camp, child care center, or child care provider home.

(ii) Adults participating in employment or alternatives to employment must have such services addressed in their ISP. Any camping or alternative day service experience must be addressed in the ISP and approved by the ISP team.

(B) **SOCIAL ACTIVITIES FOR LESS THAN 24 HOURS, INCLUDING OVERNIGHT ARRANGEMENTS:**

(i) The proctor agency must assure the person providing care is capable of assuming all care responsibilities and shall be present at all times.

(ii) The proctor agency must assure that the ISP team is in agreement with the planned social activity.

(iii) The proctor agency must assure that the proctor provider maintains back-up responsibilities for the person in service.

(10) **GENERAL CRISIS REQUIREMENTS FOR INDIVIDUALS ALREADY IN PROCTOR AGENCY HOMES.**

(a) Crisis service providers must:

(A) Be at least 18 years of age.

(B) Have initial and annual approval to work based on current Department policies and procedures for review of background check per OAR 407-007-0200 to 407-007-0370 and as described in section (4) of this rule, prior to supervising any individual. Providers serving children must also have a child welfare check completed on an annual basis.

(C) Upon placement of the individual, have knowledge of the individual's needs. This knowledge must consist of basic information on health, safety, ADLs, and behavioral needs for the individual, including the ISP, BSP, and required protocols. Training for the provider must include information on required documentation for health, safety, and behavioral needs of the individual.

(b) The agency must:

(A) Make follow-up contact with the crisis providers within 24 hours of the placement to assess and assure the individual's and provider's support needs are met.

(B) Initiate transition planning with the ISP team and document the plan within 72 hours.

(11) **MANDATORY ABUSE REPORTING PERSONNEL POLICIES AND PROCEDURES.** Proctor agency staff and caregivers are mandatory reporters. Upon reasonable cause to believe that abuse has occurred, all members of the household and any proctor providers, substitute caregivers, agency employees, independent contractors, or volunteers must report pertinent information to the Department, the CDDP, or law enforcement. For reporting purposes the following shall apply:

(a) Notification of mandatory reporting status must be made at least annually to all proctor providers, agency employees, substitute caregivers, subcontractors, and volunteers, on forms provided by the Department.

(b) All agency employees and proctor providers must be provided with a Department produced card regarding abuse reporting status and abuse reporting requirements.

(12) **DIRECTOR QUALIFICATIONS.** The proctor agency must be operated under the supervision of a Director who has a minimum of a bachelor's degree and two years of experience, including supervision, in developmental disabilities, mental health, rehabilitation, social services, or a related field. Six years of experience in the identified fields may be substituted for a degree.

# ADMINISTRATIVE RULES

(13) **QUALIFICATIONS FOR PROCTOR AGENCY STAFF AND PROCTOR PROVIDERS INCLUDING SUBCONTRACTORS AND VOLUNTEERS.** Any agency staff including skill trainers, respite providers, substitute caregivers, subcontractors, and volunteers must meet the following criteria:

- (a) Be at least 18 years of age and have a valid social security card.
- (b) Have approval to work based on Department policies and a background check completed by the Department as described in section (4) of this rule.
- (c) Disclosed any founded reports of child abuse or substantiated abuse.
- (d) Be literate and capable of understanding written and oral orders, be able to communicate with individual's physicians, services coordinators, and appropriate others, and be able to respond to emergency situations at all times.
- (e) Have met the basic qualification in the agency's Competency Based Training Plan.

(f) Meet any additional qualifications specified for substitute caregivers in OAR 411-360-0110 and OAR 411-360-0120 if working in a home licensed as an adult foster home for individuals with developmental disabilities.

(14) **PERSONNEL FILES AND QUALIFICATION RECORDS.** The agency must maintain clear, written, signed, and up-to-date job descriptions and respite agreements when applicable, as well as a file available to the Department or CDDP for inspection that includes written documentation of the following for each agency employee:

- (a) Written documentation that references and qualifications were checked.
- (b) Written documentation of an approved background check by the Department as required by OAR 407-007-0200 to 407-007-0370.
- (c) Written documentation of employees' notification of mandatory abuse training and reporter status prior to supervising individuals and annually thereafter.
- (d) Written documentation of any founded reports of child abuse or substantiated abuse.
- (e) Written documentation kept current that the agency staff person has demonstrated competency in areas identified by the agency's Competency Based Training Plan as required by Oregon's Core Competencies defined in OAR 411-335-0020 and that is appropriate to their job description.

(f) Written documentation of 12 hours of job-related in-service training annually.

(g) Proctor providers must meet all of the standards in these rules and the standards that apply to the specific type of foster home:

- (A) The child foster home certification standards in OAR chapter 411, division 346.
- (B) The adult foster home licensing standards in OAR chapter 411, division 360.
- (C) The child welfare administrative rules in OAR chapter 413, divisions 200 and 220.

(15) **AGENCY DOCUMENTATION REQUIREMENTS.** All documentation required by these rules must:

- (a) Be prepared at the time, or immediately following the event being recorded.
- (b) Be accurate and contain no willful falsification.
- (c) Be legible, dated, and signed by the person making the entry.
- (d) Be maintained for no less than five years.
- (e) Be made readily available for the purposes of inspection.

(16) **DISSOLUTION OF AGENCY.** Prior to the dissolution of an agency, a representative of the governing body or owner of the agency must notify the Division 30 days in advance in writing and make appropriate arrangement for the transfer of individual's records.

### Conditions

(1) Conditions may be attached to a certificate upon a finding that:

- (a) Information on the application or initial inspection requires a condition to protect the health and safety of individuals;
- (b) There exists a threat to the health, safety, and welfare of individuals;

(c) There is reliable evidence of abuse, neglect, or exploitation;

(d) The home or agency is not being operated in compliance with these rules; or

(e) The proctor provider is certified to care for a specific person only and further placements may not be made into that home or facility.

(2) Conditions that may be imposed on a certificate include but are not limited to:

- (a) Restricting the total number of individuals;
- (b) Restricting the number and support level of individuals allowed within a certified classification level based upon the capacity of the proctor provider and agency staff to meet the health and safety needs of all individuals;
- (c) Reclassifying the level of individuals that can be served;
- (d) Requiring additional agency staff or agency staff qualifications;
- (e) Requiring additional training of proctor providers and agency staff;

(f) Requiring additional documentation; or

(g) Restriction of admissions.

(3) The agency shall be notified in writing of any conditions imposed, the reason for the conditions, and be given an opportunity to request a hearing under ORS 183.310 to 183.502.

(4) In addition to, or in lieu of, a contested case hearing, an agency may request a review by the Administrator or designee of conditions imposed by the Department. The review does not diminish the agency's right to a hearing.

(5) Conditions may be imposed for the duration of the certificate period (five years) or limited to some other shorter period of time. If the condition corresponds to the certification period, the reasons for the condition shall be considered at the time of renewal to determine if the conditions are still appropriate. The effective date and expiration date of the condition shall be indicated on an attachment to the certificate.

### Definitions

As used in these rules, the following definitions apply:

(1) "Abuse" means abuse of an adult as defined in OAR 407-045-0260.

(2) "Abuse Investigation and Protective Services" means reporting and investigation activities as required by OAR 407-045-0300 and any subsequent services or supports necessary to prevent further abuse as required in OAR 407-045-0310.

(3) "Administration of Medication" means the act of placing a medication in or on an individual's body by a staff member who is responsible for the individual's care.

(4) "Administrator" means the Administrators of the Department of Human Services, Seniors and People with Disabilities Division, or that person's designee.

(5) "Advocate" means a person other than paid staff who has been selected by the individual or by the individual's legal representative to help the individual understand and make choices in matters relating to identification of needs and choices of services, especially when rights are at risk or have been violated.

(6) "Aid to Physical Functioning" means any special equipment prescribed for an individual by a physician, therapist, or dietician that maintains or enhances the individual's physical functioning.

(7) "Alternatives to Employment Services" mean any services, conducted away from an individual's residence that addresses the academic, recreational, social, or therapeutic needs of the individuals for whom it serves.

(8) "Annual Individual Support Plan (ISP) Meeting" means an annual meeting, facilitated by a services coordinator of the community developmental disability program and attended by the ISP team members and other persons, as appropriate. The purpose of the meeting is to determine needs, coordinate services and training, and develop an ISP.

(9) "Certificate" means a document issued by the Department to a provider of employment and alternatives to employment services that certifies that the service provider is eligible to receive state funds for the provision of these services.

(10) "Community Based Service" means any service or program providing opportunities for the majority of an individual's time to be spent in community participation or integration.

(11) "Community Developmental Disability Program (CDDP)" means an entity that is responsible for the planning and delivery of services for individuals with developmental disabilities in a specific geographic service area of the state operated by or under a contract with the Department.

(12) "Complaint Investigation" means an investigation of any complaint that has been made to a proper authority that is not covered by an abuse investigation.

(13) "Controlled Substance" means any drug classified as Schedules 1 to 5 under the Federal Controlled Substance Act.

(14) "Department" means the Department of Human Services (DHS).

(15) "Developmental Disability" means a disability that originates in the developmental years, that is likely to continue, and significantly impacts adaptive behavior as diagnosed and measured by a qualified professional.

Developmental disabilities include mental retardation, autism, cerebral palsy, epilepsy, or other neurological disabling conditions that require training or support similar to that required by individuals with mental retardation.

(16) "Director" means the person responsible for administration of the employment and alternatives to employment services and provision of support services for individuals.

(17) "Discovery" is a focused time-limited service engaging a participant in identifying their strengths, needs, and interests to prepare for integrated employment.

(18) "Division" means the Department of Human Services, Seniors and People with Disabilities Division (SPD).

(19) "Employment Services" means any service that has as its primary goal the employment of individuals, including job assessment, job development, training, and ongoing supports.

(20) "Entry" means admission to a Department-funded developmental disability service.

(21) "Exit" means either termination from a Department-funded developmental disability service provider or transfer from one Department-funded program or service to another.

(22) "Facility Based Service" means any service or program operated by a service provider that occurs in a location supporting more than eight individuals as a group.

(23) "Founded Reports" means the Department's Children, Adults, and Families Division or Law Enforcement Authority determination, based on the evidence, that there is reasonable cause to believe that conduct in violation of the child abuse statutes or rules has occurred and such conduct is attributable to the person alleged to have engaged in the conduct.

(24) "Important for an Individual" means the areas of life that relate to being healthy, safe, and a valued member of the community.

(25) "Important to an Individual" means the individual's perspective on the people, places, and things they like, personal values, spirituality, and a sense of self. This is learned by listening to what is being said by words or actions. When there is a conflict between words and actions, actions are considered first.

(26) "Incident Report" means a written report of any injury, accident, acts of physical aggression, or unusual incident involving an individual.

(27) "Independence" means the extent to which individuals exert control and choice over their own lives.

(28) "Individual" means a person with developmental disabilities for whom services are planned and provided.

(29) "Individual Support Plan (ISP) Action Plan" means the written documentation of the ISP team's commitment in supporting an individual to resolve or improve particular aspects of their life. An ISP Action Plan identifies the necessary measurable steps to be taken, who is accountable for assuring implementation, and timelines for completion.

(30) "Individual Support Plan (ISP) Team" means a team composed of the individual served, agency representatives who provide service to the individual (as appropriate), the guardian (if any), the services coordinator, and family or other persons requested to develop the ISP.

(31) "Integration" means the use by individuals of the same community resources used by and available to other persons in the community, including participation in community activities and having contact with persons in their community.

(32) "Job Development" means assistance and support for individuals to pursue employment and obtain job placement.

(33) "Mandatory Reporter" means any public or private official who, while acting in an official capacity, comes in contact with and has reasonable cause to believe an adult with developmental disabilities has suffered abuse, or comes in contact with any person whom the official has reasonable cause to believe abused an adult with developmental disabilities. Pursuant to ORS 430.765(2) psychiatrists, psychologists, clergy, and attorneys are not mandatory reporters with regard to information received through communications that are privileged under ORS 40.225 to 40.295.

(34) "Medication" means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance taken either internally or externally by any person.

(35) "OIS" means Oregon Intervention System.

(36) "Path to Employment" means a concept that identifies an individual's preferences in moving toward employment using principles of self-determination and a set of questions and strategies that assist the Individual Support Plan team when planning.

(37) "Person-Centered Planning" means:

(a) A process, either formal or informal, for gathering and organizing information that helps an individual:

# ADMINISTRATIVE RULES

(A) Determine and describe choices about employment or personal goals, activities, and lifestyle preferences; and

(B) Identify, use, and strengthen naturally occurring opportunities for support in the community.

(b) The methods for gathering information vary, but all are consistent with individual needs and preferences.

(38) "Person-Centered Process" means a practice of identifying what is important to and for an individual, and the supports necessary to address issues of health, safety, behavior, and financial support.

(39) "Physical Intervention" means the use of any physical action or any response to maintain the health and safety of an individual or others during a potentially dangerous situation or event.

(40) "Physical Restraint" means any manual physical holding of or contact with an individual that restricts the individual's freedom of movement.

(41) "Productivity" as defined in ORS 427.005 means:

(a) Engagement in income producing work by an individual that is measured through improvements in income level, employment status, or job advancement; or

(b) Engagement by an individual in work contributing to a household or community.

(42) "Protection" means the necessary actions taken as soon as possible to prevent subsequent abuse or exploitation of the individual, to prevent self-destructive acts, and to safeguard an individual's person, property, and funds.

(43) "Psychotropic Medication" means medication the prescribed intent of which is to affect or alter thought processes, mood, or behavior including but not limited to anti-psychotic, antidepressant, anxiolytic (anti-anxiety), and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed.

(44) "Self-Administration of Medication" means the individual manages and takes his or her own medication, identifies his or her own medication and the times and methods of administration, places the medication internally in or externally on his or her own body without staff assistance upon the written order of a physician, and safely maintains the medication without supervision.

(45) "Self-Determination" means for the purpose of these rules, a philosophy and process by which individuals are empowered to gain control over the selection of services that meet their needs. The basic principles of self-determination are:

(a) Freedom. The ability for an individual, together with freely chosen family, friends, and professionals, to plan for employment beyond the parameters of a predefined program;

(b) Authority. The ability for an individual, together with the Individual Support Plan team, to declare a chosen employment path and to plan supports accordingly.

(c) Autonomy. Planning for and accessing resources that support an individual to seek employment; and

(d) Responsibility. The acceptance of a valued role in an individual's community through employment, organizational affiliations, personal development, and general caring for others in the community, as well as accountability for spending public dollars in ways that are life-enhancing for individuals.

(46) "Service Provider" or "Service" means a public or private community agency or organization that provides recognized developmental disability services and is approved by the Division or other appropriate agency, to provide services under these rules.

(47) "Services Coordinator" means an employee of the community developmental disability program or other agency that contracts with the county or Department, who is selected to plan, procure, coordinate, and monitor Individual Support Plan services and to act as a proponent for individuals.

(48) "Staff" means a paid employee responsible for providing services to individuals and whose wages are paid in part or in full with funds contracted with the community developmental disability program or contracted directly through the Department.

(49) "Substantiated" means an abuse investigation has been completed by the Department or the Department's designee and the preponderance of the evidence establishes the abuse occurred.

(50) "Support" means assistance that individuals require, solely because of the affects of developmental disability, to maintain or increase independence, achieve community presence and participation, and improve productivity. Support is subject to change with time and circumstances.

(51) "Supported Employment" means the provision of situational assessment, job development, job training, and ongoing support necessary

to place, maintain, or change the employment of an individual in an integrated work setting. The individual is compensated in accordance with the Fair Labor Standards Act.

(52) "These Rules" mean the rules in OAR chapter 411, division 345.

(53) "Transfer" means movement of an individual from one site to another site administered by the same service provider within the same county.

(54) "Unacceptable Background Check" means a background check as defined in OAR 407-007-0210 that precludes the service from being certified for the following reasons:

(a) The service or any person holding 5 percent or greater ownership interest in the agency has been disqualified under OAR 407-007-0275; or

(b) A background check and fitness determination have been conducted resulting in a "denied" status, as defined in OAR 407-007-0210.

(55) "Unit of Service" means the equivalent of an individual receiving services 25 hours per week, 52 weeks per year minus the following:

(a) Personal, vacation, or sick leave allowed by the service provider or employer;

(b) Holidays as recognized by the state of Oregon; and

(c) Up to 4 days for all-staff in-service training.

(56) "Unusual Incident" means incidents involving serious illness or accidents, death of an individual, injury or illness of an individual requiring inpatient or emergency hospitalization, suicide attempts, a fire requiring the services of a fire department, or any incident requiring an abuse investigation.

(57) "Volunteer" means any person providing services without pay to individuals receiving employment or alternatives to employment services.

### Services Provided

(1) Employment and alternatives to employment services must be designed to increase an individual's independence, integration, and productivity and offered to eligible adult individuals in accordance with OAR 411-345-0140.

(2) Employment is the preferred activity for individuals receiving services. Individuals must be provided opportunity to move forward on a path to employment.

(3) All services, with the exception of individual employment supports, must be provided in a non-residential setting. Employment and alternatives to employment businesses operating as a service provider from a facility base must provide training and skill-building for all individuals served.

(4) Service providers operating under these rules must provide one or more of the following services:

(a) Individual employment supports provided to assist an individual to:

(A) Maintain employment in the community; or

(B) Pursue self-employment.

(b) Support and supervision of two to eight individuals working in the community as a crew, enclave, or small business unit;

(c) Job development, when not available under the Rehabilitation Act of 1973 or P.L. 94-142 (Individuals with Disabilities Education Act);

(d) Facility-based sheltered employment programs providing training and skill development for individuals. Group employment of nine or more individuals in a crew or enclave is considered sheltered employment;

(e) Activities preparing individuals for employment, including discovery activities, volunteer positions, and work-experience positions; or

(f) Alternatives to employment services providing support for individuals to participate in:

(A) Community inclusion activities based upon individuals' interests;

(B) Volunteer positions; or

(C) Other non-paid activities.

### Certification

(1) No person or governmental unit acting individually or jointly with any other person or governmental unit shall establish, conduct, maintain,

# ADMINISTRATIVE RULES

manage, or operate an employment or alternative to employment service without being certified.

(2) Each certificate is issued only for the service and persons or governmental units named in the application. No certificate is transferable or assignable to any location, service, facility, agency, management agent, or ownership other than that indicated on the application and certificate.

(3) A certificate issued on or after February 1, 2008 shall be valid for a maximum of five years unless revoked or suspended.

(4) As part of the certificate renewal process the service provider must conduct a self-assessment based upon the requirements of these rules. The service provider must:

(a) Document the self-assessment on forms provided by the Division;

(b) Develop and implement a plan of improvement based upon the findings of the self-assessment; and

(c) Submit these documents to the local CDDP with a copy to the Division.

(5) The Division shall conduct a review of the service provider prior to the issuance of a certificate.

(6) APPLICATION FOR INITIAL CERTIFICATE AND CERTIFICATE RENEWAL. The application must be on a form provided by the Division and must include all information requested by the Division.

(a) The applicant's initial application must identify the number and types of units of service that shall be provided.

(b) To renew certification, the service provider must make application at least 30 days but not more than 120 days prior to the expiration date of the existing certificate. On renewal, no increase in the number of units of service shall be certified unless specifically approved by the Division.

(c) Filing of an application for renewal at least 30 days but not more than 120 days prior to the expiration date of the existing certificate extends the effective date until the Division or its designee takes action upon such application.

(d) Failure to disclose requested information on the application, or provision of incomplete or incorrect information on the application, may result in denial, revocation, or refusal to renew the certificate

(e) Prior to issuance or renewal of the certificate the applicant must demonstrate to the satisfaction of the Division that the applicant is capable of providing the types of services identified in a manner consistent with the requirements of these rules.

(f) Separate certificates are required when the service provider delivers services in multiple counties to the extent that contracts with each different county are required.

(7) EXPIRATION. Unless revoked or terminated earlier, each certificate to operate shall expire on the expiration date specified on the certificate.

(8) TERMINATION OF OPERATION. If the service provider discontinues operation of the certified service, the certificate terminates automatically.

(9) RETURN OF CERTIFICATE. Each certificate in the possession of the service must be returned to the Division immediately upon suspension or revocation of the certificate, or when operation is discontinued by the holder of the certificate.

(10) CHANGE OF OWNERSHIP, LEGAL ENTITY, LEGAL STATUS, OR MANAGEMENT CORPORATION.

(a) The service provider must notify the Division in writing of any pending change in the service provider's ownership or legal entity, legal status, or management corporation.

(b) A new certificate is required upon change in a service provider's ownership or legal entity, legal status, or management corporation. The service provider must submit a certificate application at least 30 days prior to change in ownership or legal entity, legal status, or management corporation.

(11) CERTIFICATE DENIAL, SUSPENSION, REVOCATION, OR REFUSAL TO RENEW. The Division may deny, revoke, or refuse to renew a certificate when the Division finds the service, or any person holding 5 percent or greater ownership interest in the service:

(a) Demonstrates substantial failure to comply with these rules such that the health, safety, or welfare of individuals is jeopardized and the agency fails to correct the noncompliance within 30 calendar days of receipt of written notice of non-compliance;

(b) Has demonstrated during two inspections within a six year period a substantial failure to comply with these rules such that the health, safety, or welfare of individuals is jeopardized. For the purpose of this subsection, "inspection" means an onsite review of the service site by the Division for the purpose of investigation or certification;

(c) Has demonstrated a failure to comply with applicable laws relating to safety from fire;

(d) Has been convicted of any crime that would have resulted in an unacceptable background check as defined in OAR 407-007-0210 upon hiring or authorization of service;

(e) Has been convicted of a misdemeanor associated with the operation of employment and alternatives to employment services;

(f) Falsifies information required by the Division to be maintained or submitted regarding care of individuals, employment and alternatives to employment services finances, or individuals' funds; or

(g) Has been found to have permitted, aided, or abetted any illegal act that has had significant adverse impact on individual health, safety, or welfare.

(12) NOTICE OF CERTIFICATE DENIAL, REVOCATION, OR REFUSAL TO RENEW. Following a Division finding that there is a substantial failure to comply with these rules such that the health, safety, or welfare of individuals is jeopardized or that one or more of the events listed in section (11) of this rule has occurred, the Division may issue a notice of certificate revocation, denial, or refusal to renew.

(13) IMMEDIATE SUSPENSION OF CERTIFICATE. When the Division finds a serious and immediate threat to individual health and safety and sets forth the specific reasons for such findings, the Division may, by written notice to the certificate holder, immediately suspend a certificate without a pre-suspension hearing and the service may not continue operation.

(14) HEARING. An applicant for a certificate or a certificate holder may request a hearing pursuant to the contested case provisions of ORS chapter 183 upon written notice from the Division of denial, suspension, revocation, or refusal to renew a certificate.

(a) The Division shall provide the certificate holder an opportunity for an informal conference within 10 calendar days from the date of the notice of denial, suspension, revocation, or refusal to renew issued pursuant to this rule.

(b) The applicant or certificate holder must request a hearing within 60 days of receipt of written notice by the Division of denial, suspension, revocation, or refusal to renew a certificate. The request for a hearing must include an admission or denial of each factual matter alleged by the Division and must affirmatively allege a short plain statement of each relevant affirmative defense the applicant or certificate holder may have.

(c) The issue at a hearing on certification denial, revocation, or refusal to renew a certificate is limited to whether the service was or is in compliance at the end of the 30-calendar days following written notice of non-compliance.

(d) In the event of a suspension of a certificate pursuant to section (13) of this rule and during the first 30 days after the suspension of a certificate, the certified service provider may submit a written request to the Division for an administrative review. The Division shall conduct the administrative review within 10 days after receipt of the request for an administrative review. Any administrative review requested after the end of the 30-day period following certificate suspension shall be treated as a request for hearing under this section of the rule.

### Reciprocal Compliance

(1) The Division may accept compliance with other formally recognized standards as assurance of compliance with all or part of these rules.

(2) An employment or alternative to employment service seeking a certificate based on compliance with other standards must provide the Division with a copy of the complete detailed report from the reviewing group. Where there are differences between other standards and Oregon Administrative Rules, the Oregon Administrative Rules shall take precedence.

# ADMINISTRATIVE RULES

## 411-345-0080

### Inspections and Investigations

(1) All services covered by these rules must allow the following types of investigations and inspections:

- (a) Quality assurance, certificate renewal, and on-site inspections;
- (b) Complaint investigations; and
- (c) Abuse investigations.

(2) The Department, the Department's designee, or proper authority shall perform all inspections and investigations.

(3) Any inspection or investigation may be unannounced.

(4) All documentation and written reports required by this rule must be:

(a) Open to inspection and investigation by the Department, the Department's designee, or proper authority; and

(b) Submitted to or made available for review by the Department within the time allotted.

(5) When abuse is alleged or death of an individual has occurred and a law enforcement agency, or the Department or the Department's designee, has determined to initiate an investigation, the service provider may not conduct an internal investigation without prior authorization from the Department. For the purposes of this section, an internal investigation is defined as:

(a) Conducting interviews of the alleged victim, witness, the accused person, or any other persons who may have knowledge of the facts of the abuse allegation or related circumstances;

(b) Reviewing evidence relevant to the abuse allegation, other than the initial report; or

(c) Any other actions beyond the initial actions of determining:

(A) If there is reasonable cause to believe that abuse has occurred;

(B) If the alleged victim is in danger or in need of immediate protective services;

(C) If there is reason to believe that a crime has been committed; or

(D) What, if any, immediate personnel actions must be taken to assure individual safety.

(6) When an abuse investigation has been initiated, the CDDP must provide notice to the service provider according to OAR 407-045-0290.

(7) The Department or the Department's designee shall conduct investigations as described in OAR 407-045-0250 to OAR 407-045-0360.

(8) When an abuse investigation has been completed, the CDDP must provide notice of the outcome of the Abuse Investigation and Protective Services Report according to OAR 407-045-0320.

(9) Upon completion of the abuse investigation by the Department, the Department's designee, or a law enforcement agency, the service provider may conduct an investigation to determine if any other personnel actions are necessary.

(10) Upon completion of the Abuse Investigation and Protective Services Report, according to OAR 407-045-0330 the sections of the report that are public records and not exempt from disclosure under the public records law must be provided to the appropriate service provider. The service provider must implement the actions necessary within the deadlines listed, to prevent further abuse as stated in the report.

(11) A plan of improvement must be submitted to the CDDP and the Division for any noncompliance found during an inspection under this rule.

### Variations

(1) The Division may grant a variance to these rules based upon a demonstration by the service provider that an alternative method or different approach provides equal or greater program effectiveness and does not adversely impact the welfare, health, safety, or rights of individuals.

(2) The service provider requesting a variance must submit, in writing, an application to the CDDP that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) The alternative practice, service, method, concept, or procedure proposed; and

(d) A plan and timetable for compliance with the section of the rule from which the variance is sought.

(3) The CDDP must forward signed documentation to the Division within 30 days of the receipt of the request for variance indicating the CDDP's position on the proposed variance.

(4) The Administrator for the Division shall approve or deny the request for a variance.

(5) The Division's decision shall be sent to the service provider and the CDDP and to all relevant Department programs or offices within 30 calendar days of the receipt of the variance request.

(6) The service provider may appeal the denial of a variance request by sending a written request to the Administrator, whose decision is final.

(7) The Division shall determine the duration of the variance.

(8) The service provider may implement a variance only after written approval from the Division.

### Provider Service Payment Limitation

(1) Effective July 1, 2011, monthly service rates, as authorized in Division payment and reporting systems for individuals enrolled in employment and alternatives to employment services and paid to certified service providers for delivering employment or alternatives to employment services as described in these rules, shall be limited to a maximum of \$1,728 per month.

(2) An exception to the provider service payment limitation, only for costs of directly supporting the individual served, may be granted by the Division if documentation supports the following criteria are met:

(a) The individual has a current behavior or health condition, as well as a documented history of such, posing a risk to the individual's health and welfare or that of others; AND

(b) The individual has a current service rate and ISP requiring at least 1:1 staffing for purposes of meeting behavioral or medical support needs; AND

(c) Steps have been taken to address the existing behavior or condition within the rate cap and there is continued risk to health and safety of self or others, regardless of setting.

(3) Special conditions shall be required in the service provider's contract. The Division or the Division's designee shall monitor services to assure their delivery and the continued need for additional funds.

### Management, Personnel Practices, and Staffing

(1) INDEPENDENCE, PRODUCTIVITY, AND INTEGRATION. As stated in ORS 427.007, the service provider must have a written policy that states that each individual's ISP is developed to meet employment and activities that address each individual's level of independence, productivity, and integration into the local community.

(2) INDIVIDUAL AND FAMILY INVOLVEMENT. The service provider must have and implement a written policy that addresses:

(a) Opportunities for the individual to participate in decisions regarding the operations of the services;

(b) Opportunities for families, guardians, and significant others of the individuals served by the service provider to interact; or

(c) Opportunities for individuals, families, guardians, and significant others to participate on the Board or on committees of the service provider or to review policies of the services that directly affect the individuals supported by the service provider.

(3) DOCUMENTATION REQUIREMENTS. All documentation entries required by these rules, unless stated otherwise, must:

(a) Be prepared at the time, or immediately following the event being recorded;

(b) Be accurate and contain no willful falsifications;

(c) Be legible, dated, and signed by the person making the entry; and

(d) Be maintained for no less than five years.

(4) DISSOLUTION OF SERVICE. Prior to the dissolution of a service, a representative of the governing body or owner of the service must notify the Division in writing 30 days in advance and make appropriate arrangements for the transfer of individual records.

(5) NONDISCRIMINATION. The service provider must comply with all applicable state and federal statutes, rules, and regulations in regard to nondiscrimination in employment practices.

# ADMINISTRATIVE RULES

## (6) STAFFING REQUIREMENTS.

(a) Each service provider must provide direct service staff appropriate to the number and level of individuals served as follows:

(A) Supported employment and community based service providers must provide adequate direct services staff to ensure initial service and site development, training, and ongoing support to ensure that individual's rights, basic health, and safety are met. A staff member must contact individual's receiving services through supported employment or community based sites two times per month at minimum.

(B) Facility based service providers must provide adequate direct services staff to ensure that individual's rights, basic health, and safety are met. When individuals are present, the service must provide and document that there are staff trained in the following areas:

(i) At least one staff member on duty with CPR certification at all times;

(ii) At least one staff member on duty with current First Aid certification at all times;

(iii) At least one staff member on duty with training to meet other specific medical needs as determined through the ISP process; and

(iv) At least one staff member on duty with training to meet other specific behavior intervention needs as determined through the ISP process.

(b) Each service provider must meet all additional requirements for direct service staff ratios and specialized training as specified by contract requirements.

(7) BASIC PERSONNEL POLICIES AND PROCEDURES. The service provider must have in place and implement personnel policies and procedures that address suspension, increased supervision, or other appropriate disciplinary employment procedures when a staff member has been identified as an accused person in an abuse investigation or when the allegation of abuse has been substantiated.

(8) MANDATORY ABUSE REPORTING. Any employee of a private agency that contracts with a CDDP is a mandatory reporter. Notification of mandatory reporting status must be made at least annually to all employees on forms provided by the Department. All employees must be provided with a Department-produced card regarding abuse reporting status and abuse reporting.

(9) PROHIBITION AGAINST RETALIATION. A community program or service provider may not retaliate against any staff that reports in good faith suspected abuse or retaliate against the individual with respect to any report. An accused person may not self-report solely for the purpose of claiming retaliation.

(a) Any community facility, community program, or person that retaliates against any person because of a report of suspected abuse or neglect shall be liable according to ORS 430.755, in a private action to that person for actual damages and, in addition, shall be subject to a penalty up to \$1000, notwithstanding any other remedy provided by law.

(b) Any adverse action is evidence of retaliation if taken within 90 days of a report of abuse. For purposes of this subsection, "adverse action" means any action arising solely from the filing of an abuse report taken by a community facility, community program, or person involved in a report against the person making the report or against the individual because of the report and includes but is not limited to:

(A) Discharge or transfer from the community program or service, except for clinical reasons;

(B) Discharge from or termination of employment;

(C) Demotion or reduction in remuneration for services; or

(D) Restriction or prohibition of access to the community program or service or the individuals served by the program or service.

(10) APPLICATION FOR EMPLOYMENT. An application for employment at the service must inquire whether an applicant has had any founded reports of child abuse or substantiated abuse.

(11) BACKGROUND CHECKS. Any employee, volunteer, advisor, or any subject individual defined by OAR 407-007-0200 to 407-007-0370, who has or will have contact with an individual of the service, must have an approved background check in accordance with OAR 407-007-0200 to 407-007-0370 and under ORS 181.534.

(a) Effective July 28, 2009, the service provider may not use public funds to support, in whole or in part, any person as described in section (9) of this rule in any capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(b) Subsection (a) of this section does not apply to employees of the service provider who were hired prior to July 28, 2009 and remain in the current position for which the employee was hired.

(c) Any employee, volunteer, advisor, or any subject individual as defined by OAR 407-007-0200 to 407-007-0370 must self-report any

potentially disqualifying condition as described in OAR 407-007-0280 and 407-007-0290. The person must notify the Department or designee within 24 hours.

(12) DIRECTOR QUALIFICATIONS. The service must be operated under the supervision of a director who has a minimum of a bachelor's degree and two years of experience, including supervision, in developmental disabilities, social services, mental health, or a related field. Six years of experience, including supervision, in the field of developmental disabilities, social services, or mental health field may be substituted for a degree.

(13) GENERAL STAFF QUALIFICATIONS. Any staff supervising individuals must:

(a) Be at least 18 years of age;

(b) Be capable of performing the duties of the job as described in a current job description which he or she has signed and dated; and

(c) If hired on or after July 28, 2009, not have been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(14) PERSONNEL FILES. The service provider must maintain a personnel file available to the Department or the Department's designee for inspection that includes written documentation of the following for each employee:

(a) Written documentation that references and qualifications were checked;

(b) Written documentation of six hours of pre-service training prior to supervising individuals including mandatory abuse reporting training, training to work with individuals with developmental disabilities, and training on the support needs of the individual to whom they will provide support;

(c) Documentation that CPR and first-aid certification were obtained from a recognized training agency within three months of employment and kept current if needed to meet the staffing requirements as described in section (4) of this rule;

(d) Written documentation of 12 hours of annual job-related in-service training;

(e) Written documentation of employees' notification of mandatory reporter status;

(f) Written documentation of any founded report of child abuse or substantiated abuse;

(g) Written documentation of an approved Department background check per OAR 407-007-0200 to 407-007-0370; and

(h) Written documentation of any complaints filed against the staff person and the results of the complaint process, including, if any, disciplinary action.

### Individual Rights

(1) ABUSE. Any individual as defined in OAR 411-345-0020 must not be abused nor shall abuse be tolerated by any employee, staff, or volunteer of the service provider.

### (2) PROTECTION AND WELLBEING.

(a) The service provider must have and implement written policies and procedures that protect individuals' rights during the hours the individual is receiving services. The service provider must encourage and assist individuals to understand and exercise their rights. The policies and procedures must at a minimum provide for:

(A) Assurance that each individual has the same civil and human rights accorded to other citizens;

(B) Adherence to all applicable state and federal labor rules and regulations;

(C) Opportunities for individuals to be productive;

(D) Services that promote independence and that are appropriate to the age and preferences of the individual;

(E) Confidentiality of personal information regarding the individual;

(F) Adequate medical and health care, supportive services, and training;

(G) Opportunities for visits to legal and medical professionals when necessary;

(H) Private communication, including personal mail and access to a telephone, consistent with the service provider's policies for all employees;

(I) Fostering of personal control and freedom regarding personal property;

# ADMINISTRATIVE RULES

(J) Protection from abuse and neglect, including freedom from unauthorized training, treatment, and chemical or mechanical restraints;

(K) Freedom from unauthorized personal restraints; and

(L) Transfer of individuals within a service as described in OAR 411-345-0140.

(b) At entry to service and in a timely manner as changes occur, the service provider must inform each individual and parent, guardian, or advocate orally and in writing of the service provider's policy and procedures and a description of how the individual may exercise their rights.

(3) CONFIDENTIALITY OF RECORDS. All individuals' records are confidential except as otherwise provided by applicable rule or laws.

(a) For the purpose of disclosure from individual medical records under this rule, service providers under these rules are considered a "public provider" as defined in ORS 179.505.

(b) For the purpose of disclosure from non-medical individual records, all or portions of the information contained in those records may be exempt from public inspection under the personal privacy information exemption to the public records law set forth in ORS 192.502.

### Grievances

(1) The service provider must implement written policies and procedures for individuals' grievances. These policies and procedures must at a minimum provide for:

(a) Receipt of grievances from an individual or others acting on behalf of the individual. If the grievance is associated in any way with abuse or the violation of the individual's rights, the recipient of the grievance must immediately report the issue to the service provider's director or designee and the CDDP;

(b) Investigation of the facts supporting or disproving the grievance; and

(c) Taking appropriate actions on grievances within five working days following receipt of the grievance.

(2) The service provider's director or designee must provide a formal written response to the grievant within 15 days of receipt of the grievance unless the grievance is informally resolved to the satisfaction of the grievant prior to that time.

(3) If the grievance is not resolved by the service provider's director, the grievance may be submitted to the CDDP for review. The CDDP must complete a review and provide a written response to the grievant and service provider within 30 days.

(4) If the grievance is not resolved by the CDDP, it may be submitted to the Administrator of the Division for review. The Administrator shall complete the review and provide a written response within 45 days of submission. The decision of the Administrator or designee is final.

(5) The service provider must document each grievance and the resolution in the grievant's record. If a grievance resulted in disciplinary action against a staff member, the documentation must include a statement that disciplinary action was taken.

(6) At entry to service and as changes occur, the service provider must inform each individual and parent, guardian, or advocate orally and in writing of the service provider's grievance policy and procedures and a description of how to utilize them.

(B) An adult foster home regulated by OAR chapter 411, division 360;

(C) A supported living program regulated by OAR chapter 411, division 328; or

(D) An individual's own or family home when the individual receives comprehensive in-home support services that are provided according to OAR chapter 411, division 330.

(2) ENTRY. An entry ISP team meeting must be conducted prior to the initiation of services to the individual.

(a) The service provider must acquire the following information prior to an entry ISP team meeting:

(A) Written documentation the individual has been determined to have a developmental disability;

(B) A statement indicating the individual's safety skills including ability to evacuate from a building when warned by a signal device;

(C) A brief written history of any behavioral challenges;

(D) Documentation of the individual's current physical condition, including any physical limitations that would affect employment;

(E) Documentation of any guardian or conservator, or any other legal restriction on the rights of the individual, if applicable; and

(F) A copy of the individual's most recent ISP, if applicable.

(b) The findings of the entry meeting must be recorded in the individual's file and include at a minimum:

(A) The name of the individual proposed for services;

(B) The date of the meeting;

(C) The date determined to be the date of entry;

(D) Documentation of the participants at the meeting;

(E) Documentation as required by OAR 411-345-0190 and 411-345-0200;

(F) Documentation of the pre-entry information required by subsection (a) of this section;

(G) Documentation of the proposed transition plan as defined in OAR 411-320-0020 (CDDP) for services to be provided;

(H) Documentation of any deviation from the unit of service

(I) Documentation of the type of employment or alternatives to employment service the individual will receive; and

(J) Documentation of the decision to serve or not serve the individual requesting service, with reasons.

(3) EXIT.

(a) Each individual considered for exit must have a meeting by the ISP team before any decision to exit is made. Findings of such a meeting must be recorded in the individual's file and include at a minimum:

(A) The name of the individual considered for exit;

(B) The date of the meeting;

(C) Documentation of the participants included in the meeting;

(D) Documentation of the circumstances leading to the proposed exit;

(E) Documentation of the discussion of the strategies to prevent an exit from service (unless the individual is requesting exit);

(F) Documentation of the decision regarding exit including verification of a majority agreement of the meeting participants regarding the decision; and

(G) Documentation of the proposed plan for services to the individual after the exit.

(b) Requirements for an exit meeting may be waived if an individual is immediately removed from the service under the following conditions:

(A) The individual and the individual's guardian requests an immediate removal from the service; or

(B) The individual is removed by a legal authority acting pursuant to civil or criminal proceedings.

(4) TRANSFER. A decision to transfer an individual within a service provider may be made by the ISP team. Findings of the ISP team must be recorded in the individual's file and include at a minimum:

(a) The name of the individual considered for transfer;

(b) The date of the meeting or telephone call;

(c) Documentation of the participants included in the meeting or telephone call;

(d) Documentation of the circumstances leading to the proposed transfer;

(e) Documentation of the alternatives considered, including transfer;

(f) Documentation of the reasons why any preferences of the individual, legal representative, or family members cannot be honored;

# ADMINISTRATIVE RULES

(g) Documentation of a majority agreement of the participants regarding the decision; and

(h) The written plan for services to the individual after transfer.

(5) **APPEAL.** Any member of the ISP team may file an appeal in cases where the individual and the individual's parent, guardian, or advocate object to, or the ISP team cannot reach majority agreement regarding an admission refusal, a request to exit the service, or a transfer within a service. In the case of a request to exit or transfer, the individual shall continue to receive the same services received prior to the appeal until the appeal is resolved.

(a) All appeals must be made in writing to the CDDP Director or designee for decision using the county's appeal process. The CDDP Director must make a decision within 30 working days of receipt of the appeal and notify the appellant of the decision in writing.

(b) The decision of the CDDP Director may be appealed by the individual, the individual's parent, guardian, advocate, or the service provider by notifying the Division in writing within 10 working days of receipt of the county's decision.

(A) The Administrator of the Division shall appoint a committee composed of a Division representative, a service representative, and a Services Coordinator.

(B) In case of a conflict of interest, as determined by the Administrator, alternative representatives shall be temporarily appointed by the Administrator to the committee.

(C) The committee must review the appealed decision and make a written recommendation to the Administrator within 45 working days of receipt of the notice of appeal.

(D) The Administrator shall make a decision on the appeal within 10 working days after receipt of the recommendation from the committee.

(E) If the decision is for admission or continued placement and the service refuses admission or continued placement, the funding for that unit of service may be withdrawn by the contractor.

## 411-345-0160

### Individual Support Plan

The ISP is an annual agreement made between an individual receiving services and the team of people supporting the individual that describes what is important to and for the individual receiving services, The ISP explains the balance of, and any conflicts between, what is important to and for the individual and documents commitments made by service providers and other team members to support the individual working toward their goals.

(1) An individual has the right to participate in their ISP meeting and must be afforded every opportunity to develop their ISP with the ISP team.

(2) The ISP must be implemented and a copy of each individual's ISP must be available at the service site within 60 days of entry and updated at least annually or as changes occur.

(3) The service provider must:

(a) Assign a staff member to participate as a team member in the development of an ISP for each individual served;

(b) Follow any required process and format as described in this rule;

(c) Train staff to understand each individual's ISP and supporting documents and to provide individual services; and

(d) Comply with Department or Division rules and policies regarding the ISP.

(4) A face-to-face meeting must be conducted annually with all ISP team members. An exception is made when the individual chooses not to participate in the meeting.

(5) In preparation for the ISP meeting, the service provider must:

(a) Gather person-centered information regarding preferences, interests, and desires of the individual supported;

(b) Review the current ISP to determine the ongoing appropriateness and adequacy of the services and supports identified in the plan; and

(c) Share all materials drafted in preparation for the ISP meeting with all team members one week in advance of the ISP meeting.

(6) The ISP must:

(a) Address an individual's interest in pursuing a path to employment;

(b) Include action plans that further an individual's achievement of employment or their goals for other types of day activities;

(c) Reflect decisions and agreements made by the team during planning;

(d) Include documentation of the commitments made by team members to support the individual's accomplishment of personal goals;

(e) Identify the type of services needed, how services are delivered, and the frequency of provided services;

(f) Identify timeframes for completion of goals or activities; and

(g) Contain signature of all ISP team members.

(7) The format for the ISP is based on the residential service being provided.

(a) For adults residing in 24-hour residential services, the ISP must be in accordance with OAR 411-325-0430 and this rule.

(b) For adults residing in foster care, the ISP must be in accordance with OAR 411-360-0170 and this rule.

(c) For adults residing in supported living services, the ISP must be in accordance with OAR 411-328-0750, 411-320-0120, and this rule.

(d) For adults residing in in-home comprehensive services, the ISP must be in accordance with OAR 411-330-0050 and this rule.

(8) Any deviation from the unit of service must be agreed to and documented by the ISP team.

(9) To meet the changing needs of the individual throughout the authorized ISP period:

(a) The ISP and supporting documents must be amended with ISP team approval; and

(b) The documentation must be kept current and be available for review by the individual, guardian, CDDP, and Department representatives.

### Behavior Support

(1) The service provider must have and implement a written policy for behavior support utilizing individualized positive support techniques and prohibiting abusive practices.

(2) The service provider must inform the individual and the individual's legal guardian of the behavior support policy, and any applicable procedures, at the time of entry to services and as changes to the behavior policy occur.

(3) Prior to the development of a Behavior Support Plan, the service provider must conduct a functional behavioral assessment of the behavior, which must be based upon information provided by one or more persons who know the individual. The functional behavioral assessment must include:

(a) A clear, measurable description of the behavior that includes (as applicable) frequency, duration, and intensity of the behavior;

(b) A clear description and justification of the need to alter the behavior;

(c) An assessment of the meaning of the behavior that includes the possibility that the behavior is one or more of the following:

(A) An effort to communicate;

(B) The result of medical conditions;

(C) The result of psychiatric conditions; and

(D) The result of environmental causes or other factors.

(d) A description of the context in which the behavior occurs; and

(e) A description of what currently maintains the behavior.

(4) The Behavior Support Plan must include:

(a) An individualized summary of the individual's needs, preferences, and relationships;

(b) A summary of the functions of the behavior, as derived from the functional behavioral assessment;

(c) Strategies that are related to the functions of the behavior and are expected to be effective in reducing problem behaviors;

(d) Prevention strategies including environmental modifications and arrangements;

(e) Early warning signals or predictors that may indicate a potential behavioral episode and a clearly defined plan of response;

(f) A general crisis response plan that is consistent with OIS;

(g) A plan to address post crisis issues;

(h) A procedure for evaluating the effectiveness of the Behavior Support Plan that includes a method of collecting and reviewing data on frequency, duration, and intensity of the behavior;

(i) Specific instructions for staff who provide support to follow regarding the implementation of the Behavior Support Plan; and

(j) Positive behavior supports that includes the least intrusive intervention possible.

# ADMINISTRATIVE RULES

(5) Service providers must maintain the following additional documentation for implementation of Behavior Support Plans:

(a) Written evidence that the individual, the individual's parent (if applicable), guardian or legal representative (if applicable), and the ISP team are aware of the development of the Behavior Support Plan and any objections or concerns;

(b) Written evidence of the ISP team decision for approval of the implementation of the Behavior Support Plan; and

(c) Written evidence of all informal and positive strategies used to develop an alternative behavior.

### Physical Intervention

(1) The service provider must only employ physical intervention techniques that are included in the approved OIS curriculum or as approved by the OIS Steering Committee. Physical intervention techniques must only be applied:

(a) When the health and safety of the individual and others are at risk and the ISP team has authorized the procedures in a documented ISP team decision that is included in the ISP and uses procedures that are intended to lead to less restrictive intervention strategies;

(b) As an emergency measure, if absolutely necessary to protect the individual or others from immediate injury; or

(c) As a health related protection ordered by a physician if absolutely necessary during the conduct of a specific medical or surgical procedure, or for the individual's protection during the time that a medical condition exists.

(2) Staff supporting an individual must be trained by an instructor certified in OIS when the individual has a history of behavior requiring physical intervention and the ISP team has determined there is probable cause for future application of physical intervention. Documentation verifying OIS training for staff must be maintained in their personnel file.

(3) The service provider must obtain the approval of the OIS Steering Committee for any modification of standard OIS physical intervention techniques. The request for modification of physical intervention techniques must be submitted to the OIS Steering Committee and must be approved in writing by the OIS Steering Committee prior to the implementation of the modification. Documentation of the approval must be maintained in the individual's record.

(4) Use of physical intervention techniques in emergency situations that are not part of an approved Behavior Support Plan must:

(a) Be reviewed by the services director or designee within one hour of application;

(b) Be used only until the individual is no longer an immediate threat to self or others;

(c) Be documented as an incident report and submitted to the services coordinator, or other Department designee (if applicable), and the individual's legal guardian (if applicable), no later than one working day after the incident has occurred; and

(d) Prompt an ISP team meeting if an emergency intervention is used more than three times in a six-month period.

(5) Any use of physical interventions must be documented in an incident report excluding circumstances defined in section (8) of this rule. The incident report must include:

(a) The name of the individual to whom the physical intervention was applied;

(b) The date, type, and length of time the physical intervention was applied;

(c) A description of the incident precipitating the need for the use of the physical intervention;

(d) Documentation of any injury;

(e) The name and position of the staff member applying the physical intervention;

(f) The name and position of the staff witnessing the physical intervention;

(g) The name and position of the person providing the initial review of the use of the physical intervention; and

(h) Documentation of an administrative review that includes the follow-up to be taken to prevent a recurrence of the incident by the director or designee who is knowledgeable in OIS, as evident by a job description that reflects this responsibility.

(6) The service provider must forward a copy of the incident report within five working days of the incident, to the services coordinator and when applicable to the individual's legal guardian.

(a) The services coordinator, or when applicable the Department designee, shall receive complete copies of incident reports.

(b) Copies of incident reports may not be provided to a legal guardian or other service provider when the report is part of an abuse or neglect investigation.

(c) Copies provided to a legal guardian or other service provider must have confidential information about other individuals removed or redacted as required by federal and state privacy laws.

(7) All interventions resulting in injuries must be documented in an incident report and forwarded to the services coordinator, or other Department designee (if applicable), within one working day of the incident.

(8) The service provider may substitute a behavior data summary in lieu of individual incident reports when:

(a) There is no injury to the individual or others;

(b) The intervention utilized is not a physical restraint;

(c) There is a formal written functional assessment and a written Behavior Support Plan;

(d) The individual's Behavior Support Plan defines and documents the parameters of the baseline level of behavior;

(e) The physical intervention techniques and the behaviors for which they are applied remain within the parameters outlined in the individual's Behavior Support Plan and the OIS curriculum;

(f) The behavior data collection system for recording observation, intervention, and other support information critical to the analysis of the efficacy of the Behavior Support Plan, is also designed to record items as required in section (5) of this rule; and

(g) There is written documentation of an ISP team decision that a behavior data summary had been authorized for substitution in lieu of incident reports.

(9) A copy of the behavior data summary must be forwarded every 30 days to the services coordinator or other Department designee (if applicable), and the individual's legal guardian (if applicable).

### Medical Services

(1) All individuals' records must be kept confidential as described in OAR 411-345-0100.

(2) The service provider must have and implement written policies and procedures that describe the medical management system including medication administration, early detection and prevention of infectious disease, self-administration of medication, drug disposal, emergency medical procedures including the handling of bodily fluids, and confidentiality of medical records.

(3) Individuals must receive care that promotes their health and well being, as follows:

(a) The service provider must observe the health and physical condition of individuals and take action in a timely manner in response to identified changes in condition that could lead to deterioration or harm;

(b) The service provider must assist individuals with the use and maintenance of prosthetic devices as necessary for the activities of the service;

(c) The service provider, with the individual's knowledge, must share information regarding medical conditions with the individual's residential contact and the Services Coordinator; and

(d) The service provider must provide rest and lunch periods at least as required by applicable law unless the individual's needs dictate additional time.

(4) The service provider must maintain records on each individual to aid physicians, medical professionals, and the service provider in understanding the individual's medical history and current treatment program. These records must be kept current and organized in a manner that permits staff and medical persons to follow easily the individual's course of treatment. Such documentation must include:

(a) A medical history obtained prior to entry to services including where available:

(A) A copy of a record of immunizations; and

(B) A list of known communicable diseases and allergies.

(b) A record of the individual's current medical condition including:

# ADMINISTRATIVE RULES

(A) A copy of all current orders for medication administered, maintained at the service provider's site;

(B) A list of all current medications; and

(C) A record of visits to medical professionals, consultants, or therapists if facilitated or provided by the service provider.

(5) The administration of medication at the service site must be avoided whenever possible. When medications, treatments, equipment, or special diets must be administered or monitored for self-administration, the service provider must:

(a) Obtain a copy of a written order, signed by a physician, physician's designee, or a medical practitioner prescribing the medication, treatment, special diet, equipment or other medical service; and

(b) Follow written orders.

(6) PRN orders are not accepted for psychotropic medication.

(7) All medications administered or monitored in the case of self-administration must be:

(a) Kept in their original containers;

(b) Labeled by the dispensing pharmacy, product manufacturer, or physician, as specified per the physician's or licensed health care practitioner's written order;

(c) Kept in a secured locked container and stored as indicated by the product manufacturer; and

(d) Recorded on an individualized Medication Administration Record (MAR), including treatments and PRN orders.

(8) The MAR must include:

(a) The name of the individual;

(b) The brand or generic name of the medication including the prescribed dosage and frequency of administration as contained on physician order and medication;

(c) For topical medications and basic first aid treatments utilized without a physician's order, a transcription of the printed instructions from the package or the description of the basic first aid treatment provided;

(d) Times and dates of administration or self-administration of the medication;

(e) The signature of the staff administering the medication or monitoring the self-administration of the medication;

(f) Method of administration;

(g) Documentation of any known allergies or adverse reactions to a medication;

(h) Documentation and an explanation of why a PRN medication was administered and the results of such administration; and

(i) An explanation of any medication administration irregularity with documentation of administrative review by the service provider's executive director or designee.

(9) Safeguards to prevent adverse medication reactions shall be utilized to include:

(a) Maintaining information about each prescribed medication's effects and side-effects;

(b) Communicating any concerns regarding any medication usage, effectiveness, or effects to the residential contact and the services coordinator; and

(c) Prohibiting the use of one individual's medications by another.

(10) The service site or service provider may not keep unused, discontinued, outdated, or recalled drugs, or drug containers with worn, illegible, or missing labels. All unused, discontinued, outdated, or recalled drugs, or drug containers with worn, illegible, or missing labels must be promptly disposed of in a manner consistent with federal statutes and designed to prevent illegal diversion of the substances into the possession of people other than for whom it was prescribed. A written record must be maintained by the service provider of all disposed drugs and must include:

(a) Date of disposal;

(b) A description of the medication including amount;

(c) The individual for whom the medication was prescribed;

(d) The reason for disposal;

(e) The method of disposal;

(f) Signature of staff disposing; and

(g) For controlled medications, the signature of a witness to the disposal.

(11) For any individual who is self-administering medication the service provider must:

(a) Have documentation that a training program was initiated with approval of the individual's ISP team or that training for the individual is unnecessary;

(b) If necessary, have a training program that is consistent with the self-administration training program in place at the individual's residence;

(c) If necessary, have a training program that provides for retraining when there is a change in dosage, medication, or time of delivery;

(d) Have specific supports identified and documented for the individual when training has been deemed unnecessary; and

(e) Provide for an annual review, at a minimum, as part of the ISP process, upon completion of the training program or when training for the individual has been deemed necessary by the ISP team.

(12) The service provider must ensure that individuals able to self-administer medications keep them secured, unavailable to any other person, and stored as recommended by the product manufacturer.

(13) The service provider must immediately contact the services coordinator when the individual's medical, behavioral, or physical needs change to a point that the individual's needs may not be met by the service provider. The ISP team must determine alternative placement or arrangement if necessary.

### Individual Summary Sheets and Emergency Information

(1) INDIVIDUAL SUMMARY SHEETS. A current one to two page summary sheet record must be maintained at the service provider's primary place of business for each individual receiving services. The record must include:

(a) The individual's name, current address, telephone number, date of entry into services, date of birth, gender, preferred hospital, medical prime and private insurance number where applicable, guardianship status; and

(b) The name, address, and telephone number of:

(A) The individual's legal representative, family, advocate, and other significant person;

(B) The individual's preferred physician, secondary physician, and clinic;

(C) The individual's preferred dentist;

(D) The individual's services coordinator; and

(E) Other agencies and representatives providing services and supports to the individual.

(2) EMERGENCY INFORMATION. A service provider must maintain emergency information for each individual receiving supports and services from the service provider in addition to an individual summary sheet identified in section (1) of this rule.

(a) The emergency information must be kept current and must include:

(A) The individual's name;

(B) The service provider's name, address, and telephone number;

(C) The address and telephone number of the residence where the individual lives;

(D) The individual's physical description, which may include a picture and the date it was taken, and identification of:

(i) The individual's race, gender, height, weight range, hair, and eye color; and

(ii) Any other identifying characteristics that may assist in identifying the individual may the need arise, such as marks or scars, tattoos, or body piercing.

(E) Information on the individual's abilities and characteristics including:

(i) How the individual communicates;

(ii) The language the individual uses or understands;

(iii) The ability of the individual to know and take care of bodily functions; and

(iv) Any additional information that may assist a person not familiar with the individual to understand what the individual may do for him or herself.

(F) The individual's health support needs including:

(i) Diagnosis;

(ii) Allergies or adverse drug reactions;

(iii) Health issues that a person would need to know when taking care of the individual;

(iv) Special dietary or nutritional needs such as requirements around the textures or consistency of foods and fluids;

(v) Food or fluid limitations due to allergies, diagnosis, or medications the individual is taking that may be an aspiration risk or other risk for the individual;

# ADMINISTRATIVE RULES

(vi) Additional special requirements the individual has related to eating or drinking, such as special positional needs or a specific way foods or fluids are given to the individual;

(vii) Physical limitations that may affect the individual's ability to communicate, respond to instructions, or follow directions; and

(viii) Specialized equipment needed for mobility, positioning, or other health related needs.

(G) The individual's emotional and behavioral support needs including:

(i) Mental health or behavioral diagnosis and the behaviors displayed by the individual; and

(ii) Approaches to use when dealing with the individual to minimize emotional and physical outbursts.

(H) Any court ordered or guardian authorized contacts or limitations;

(I) The individual's supervision requirements and why; and

(J) Any additional pertinent information the service provider has that may assist in the care and support of the individual in the event of a natural or man-made disaster.

### Incident Reports and Emergency Notifications

(1) A written incident report describing any injury, accident, act of physical aggression, or unusual incident involving an individual must be placed in the individual's record. Such description must include:

(a) Conditions prior to or leading to the incident;

(b) A description of the incident;

(c) Staff response at the time; and

(d) Administrative review and follow-up to be taken to prevent a recurrence of the injury, accident, physical aggression, or unusual incident.

(2) Copies of all unusual incident (as defined by OAR 411-345-0020) reports must be sent to the Services Coordinator within five working days of the incident.

(3) The program must notify the CDDP immediately of an incident or allegation of abuse falling within the scope of OAR 407-045-0260.

(4) In the case of an unusual incident requiring emergency response, the service must immediately notify:

(a) The individual's legal guardian or conservator, parent, next of kin, designated contact person, and other significant person;

(b) The CDDP;

(c) The individual's residential contact; and

(d) Any other agency responsible for the individual.

(5) In the case of an individual who is missing or absent without supervision beyond the time frames established by the ISP team, the service must immediately notify:

(a) The individual's designated contact person;

(b) The individual's guardian, if any, or nearest responsible relative;

(c) The individual's residential contact;

(d) The local police department; and

(e) The CDDP.

### Emergency Plan and Safety Review

(1) Service providers must develop, keep current, and implement a written emergency plan for the protection of all individuals in the event of an emergency or disaster.

(a) The emergency plan must:

(A) Be practiced at least annually.

(B) Consider the needs of the individuals being supported and address all natural and human-caused events identified as a potential significant risk to the individuals such as a pandemic or an earthquake.

(C) Coordinate with each residential provider or residential contact to address the possibility of emergency or disaster resulting in the following:

(i) Extended utility outage;

(ii) No running water;

(iii) Inability to provide food or supplies; and

(iv) Staff unable to report as scheduled.

(D) Include provisions for evacuation and relocation that identifies:

(i) The duties of staff during evacuation, transport, and housing of individuals;

(ii) The requirement for staff to notify the Division and the local CDDP office of the plan to evacuate or the evacuation of the facility, as soon as the emergency or disaster reasonably allows;

(iii) The method and source of transportation;

(iv) Planned relocation sites that are reasonably anticipated to meet the needs of the individuals;

(v) A method that provides persons unknown to the individual the ability to identify each individual by the individual's name and to identify the name of the individual's supporting provider; and

(vi) A method for tracking and reporting to the Division, local CDDP office, or designee, the physical location of each individual until a different entity resumes responsibility for the individual,

(E) Address the needs of the individual including medical needs.

(F) Be submitted to the Division as a summary, per Division format, at least annually and upon revision and change of ownership.

(2) Service providers must post the following emergency telephone numbers in close proximity to all phones used by staff:

(a) The telephone numbers of the local fire, police department, and ambulance service, if not served by a 911 emergency services; and

(b) The telephone number of the service provider's executive director and additional persons to be contacted in the case of an emergency.

(3) If an individual regularly accesses the community independently, the service provider must provide to the individual information about appropriate steps to take in an emergency, such as emergency contact telephone numbers, contacting police or fire personnel, or other strategies to obtain assistance.

(4) A documented safety review must be conducted quarterly to ensure the service site is free of hazards. The service provider must keep the quarterly safety review reports for five years and must make them available upon request by the CDDP or the Department.

### Evacuation

(1) The service provider must train all individuals immediately upon entry to each service site to leave the site in response to an alarm or other emergency signal to exit.

(2) The service provider must document the level of assistance needed by each individual to safely evacuate and such documentation must be maintained in the individual's entry records.

(3) Facility-based service providers must conduct unannounced evacuation drills one per quarter each year when individuals are present, unless required more often by the Oregon Occupational Safety and Health Division.

(a) Drills must occur at different times of the day.

(b) Exit routes must vary based on the location of a simulated emergency.

(c) Any individual failing to evacuate the service site unassisted within three minutes, or an amount of time set by the local fire authority for the site, must be provided specialized training and support in evacuation procedures.

(4) Facility-based service providers must make written documentation at the time of each drill and keep the documentation for at least two years following the drill. Documentation must include:

(a) The date and time of the drill;

(b) The location of the simulated emergency and exit route;

(c) The last names of all individuals and staff present in the service area at the time of the drill;

(d) The type of evacuation assistance provided by staff to individuals' that need more than three minutes to evacuate as specified in an individual's safety plan;

(e) The amount of time required by each individual to evacuate if the individual needs more than three minutes to evacuate;

(f) The amount of time for all individuals to evacuate exclusive of individuals with specialized support per section (3)(c) of this rule; and

(g) The signature of the staff conducting the drill.

(5) The service provider must develop a written safety plan for individuals who are unable to evacuate the site within the required evacuation time or who, with concurrence of the ISP team, request not to participate in evacuation drills. The safety plan must include:

# ADMINISTRATIVE RULES

- (a) Documentation of the risk to the individual's medical, physical condition, and behavioral status;
  - (b) Identification of how the individual must evacuate the site including level of support needed;
  - (c) The routes to be used to evacuate the individual to a point of safety;
  - (d) Identification of assistive devices required for evacuation;
  - (e) The frequency the plan shall be practiced and reviewed by the individual and staff;
  - (f) The alternative practices;
  - (g) Approval of the plan by the individual's guardian, services coordinator, and the service provider's director; and
  - (h) A plan to encourage future participation in evacuation drills.
- (6) The service provider must provide necessary adaptations or accommodations to ensure evacuation safety for individuals with sensory and physically impairments.

### Physical Environment

(1) All supported employment and community based services must ensure that the service site has no known health or safety hazards in its immediate environment and that individuals are trained to avoid recognizable hazards.

(2) The service provider must assure that at least once every five years a health and safety inspection is conducted of owned, leased, or rented buildings and property.

(a) The inspection must cover all areas and buildings where services are delivered to individuals, administrative offices, and storage areas.

(b) The inspection may be performed by:

(A) Oregon Occupational Safety and Health Division;

(B) The service's workers compensation insurance carrier; or

(C) An appropriate expert such as a licensed safety engineer or consultant approved by the Division; and

(D) The Oregon Public Health Division, when necessary.

(c) The inspection must cover:

(A) Hazardous material handling and storage;

(B) Machinery and equipment used by the service;

(C) Safety equipment;

(D) Physical environment; and

(E) Food handling, when necessary.

(d) The documented results of the inspection, including recommended modifications or changes, and documentation of any resulting action taken must be kept by the service provider for five years.

(3) The service provider must ensure buildings and property at each owned, leased, or rented service site has annual fire and life safety inspections performed by the local fire authority or a Deputy State Fire Marshal. The documented results of the inspection, including documentation of recommended modifications or changes, and documentation of any resulting action taken must be kept by the service provider for five years.

## 411-346-0150

### General Requirements for Certification

(1) The applicant or foster provider must participate in certification and certification renewal studies and in the ongoing monitoring of their homes.

(2) The applicant or foster provider must give the information required by the Department to verify compliance with all applicable rules, including change of address and change of number of persons in the household such as relatives, employees, or volunteers.

## ADMINISTRATIVE RULES

(3) The applicant seeking certification from the Department must complete the Department application forms. When two or more adults living in the home share foster provider responsibilities to any degree, they must be listed on the application as applicant and co-applicant.

(4) The applicant must disclose each state or territory they have lived in the last five years and for a longer period if requested by the certifier. The disclosure must include the address, city, state, and zip code of previous residences.

(5) Information provided by the applicants must include:

(a) Names and addresses of any agencies in the United States where any occupant of the home has been licensed or certified to provide care to children or adults and the status of such license or certification. This may include but is not limited to licenses or certificates for residential care, nurse, nurse's aide, and foster care;

(b) Proposed number, gender, age range, disability, and support needs of children to be served in foster care;

(c) School reports for any child of school age living in the home at the time of initial application. School reports for any child of school age living in the home within the last year may also be required;

(d) Names and addresses of at least four persons, three of whom are unrelated, who have known each applicant for two years or more and who can attest to their character and ability to care for children. The Department may contact schools, employers, adult children, and other sources as references;

(e) Reports of all criminal charges, arrests or convictions, the dates of offenses, and the resolution of those charges for all employees or volunteers and persons living in the home. If the applicant's minor children shall be living in the home, the applicants must also list reports of all criminal or juvenile delinquency charges, arrests or convictions, the dates of offenses, and the resolution of those charges;

(f) Founded reports of child abuse or substantiated abuse, with dates, locations, and resolutions of those reports for all persons living in the home, as well as all applicant or provider employees, independent contractors, and volunteers;

(g) Demonstration, upon initial certification, of successful completion of 15 hours of pre-service training.

(h) Demonstration, upon initial certification, of income sufficient to meet the needs and to ensure the stability and financial security of the family independent of the foster care payment;

(i) All child support obligations in any state, whether the obligor is current with payments or in arrears, and whether any applicant's or foster provider's wages are being attached or garnished for any reason;

(j) A physician's statement, on a form provided by the Department, that each applicant is physically and mentally capable of providing care;

(k) A floor plan of the house showing the location of:

(A) Rooms, indicating the bedrooms for the child in foster care, caregiver, and other occupants of the home;

(B) Windows;

(C) Exit doors;

(D) Smoke detectors and fire extinguishers; and

(E) Wheel chair ramps, if applicable; and

(l) A diagram of the house and property showing safety devices for fire places, wood stoves, water features, outside structures, and fencing.

(6) Falsification or omission of any of the information for certification may be grounds for denial or revocation of the child foster home certification.

(7) Applicants must be at least 21 years of age. Applicants who are "Indian," as defined in the Indian Child Welfare Act, may be 18 years of age or older, if an Indian child to be placed is in the legal custody of DHS-CW.

(8) Applicants, providers, alternate caregivers, providers' employees or volunteers, other occupants in the home who are 18 years or older, and other adults having regular contact in the home with a child in foster care or any subject individual as described in OAR 407-007-0200 to 407-007-0370 must consent to a background check by the Department, in accordance with OAR 407-007-0200 to 407-007-0370 (Background Check Rules) and under ORS 181.534. The Department may require a background check as defined in OAR 407-007-0210 on members of the household under 18 if there is reason to believe that a member may pose a risk to a child placed in the home. All persons subject to a background check as defined in OAR 407-007-0210 are required to complete an Oregon background check and a national background check, as described in OAR 407-007-0200 to 407-007-0370, including the use of fingerprint cards.

(a) Effective July 28, 2009, public funds may not be used to support, in whole or in part, a person described in section (8) of this rule in any

capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(b) A person does not meet qualifications as described in this rule if the person has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(c) Section (8)(a) and (b) of this rule do not apply to employees hired prior to July 28, 2009 that remain in the current position for which the employee was hired.

(d) Any person as described in section (8) of this rule must self-report any potentially disqualifying condition as described in OAR 407-007-0280 and OAR 407-007-0290. The person must notify the Department or designee within 24 hours.

(9) The Department may not issue or renew a certificate if an applicant or member of the household:

(a) Has, after completing the Department's background check as defined in OAR 407-007-0210, a fitness determination of "denied."

(b) Has, at any time, been convicted of a felony in Oregon or any jurisdiction that involves:

(A) Child abuse or neglect;

(B) Spousal abuse;

(C) Criminal activity against children, including child pornography;

or

(D) Rape, sexual assault, or homicide.

(c) Has, within the past five years from the date the background check as defined in OAR 407-007-0210 was signed been convicted of a felony in Oregon or any jurisdiction that involves:

(A) Physical assault or battery (other than against a spouse or child);

or

(B) Any drug-related offense.

(d) Has been found to have abused or neglected a child or adult as defined in ORS 419B.005 or as listed in OAR 407-045-0260.

(e) Has, within the past five years from the date the child foster home application was signed, been found to have abused or neglected a child or adult in the United States as defined by that jurisdiction or any other jurisdiction.

(10) The applicant or foster provider may request to withdraw their application any time during the certification process by notifying the certifier in writing. Written documentation by the certifier of verbal notice may substitute for written notification.

(11) The Department may not issue or renew a certificate for a minimum of five years if the applicant is found to have a license or certificate to provide care to children or adults, suspended, revoked, or not renewed by other than voluntary request. This shall be grounds for suspension and revocation of the certificate.

(12) The Department may not issue or renew a certificate based on an evaluation of any negative references, school reports, physician's statement, or previous licensing or certification reports from other agencies or states.

(13) A Department employee may be a foster provider, or an employee of an agency that contracts with the Department as a foster provider, if the employee's position with the Department does not influence referral, regulation, or funding of such activities. Prior to engaging in such activity, the employee must obtain written approval from the Assistant Director of the Department. The written approval must be on file with the Assistant Director of the Department and in the Department's certification file.

(14) An application is incomplete and void unless all supporting materials are submitted to the Department within 90 days from the date of the application.

(15) An application may not be considered complete until all required information is received and verified by the Department. Within 60 days upon receipt of the completed application, a decision shall be made by the Department to approve or deny certification.

(16) The Department shall determine compliance with these rules based on receipt of the completed application material, an investigation of information submitted, an inspection of the home, a completed home study, and a personal interview with the provider. A certificate issued on or after February 1, 2010 shall be valid for a maximum of two years, unless revoked or suspended.

(17) The Department may attach conditions to the certificate that limit, restrict, or specify other criteria for operation of the child foster home.

(18) A condition may be attached to the certificate that limits the provider to the care of a specific child. No other referrals shall be made to a provider with this limitation.

(19) A child foster home certificate is not transferable or applicable to any location or persons other than those specified on the certificate.

# ADMINISTRATIVE RULES

(20) The foster provider who cares for a child funded by the Department must enter into a contract with the Department and follow the Department rules governing reimbursement for services and refunds.

(21) The foster provider may not be the parent or legal guardian of any child placed in their home for foster care services funded by the Department.

(22) If the applicant or foster provider intends to provide care for a child with significant medical needs then at least one provider or applicant must have the following:

(a) An equivalent of one year of full-time experience in providing direct care to individuals;

(b) Health care professional qualifications.

(A) Such as a registered nurse (RN) or licensed practical nurse (LPN);  
or

(B) Has the equivalent of two additional years full-time experience providing care and support to an individual who has a medical condition that is serious and could be life-threatening;

(c) Copies of all current health related license or certificates and provide those documents to the certifying agent;

(d) Current certification in First Aid and Cardiopulmonary Resuscitation (CPR). The CPR training must be done by a recognized training agency and the CPR certificate must be appropriate to the ages of the child served in the foster home;

(e) Current satisfactory references from at least two medical professionals, such as a physician and registered nurse, who have direct knowledge of the applicant's ability and past experiences as a caregiver. The medical professional references serve as two of the four references in section (5)(d) of this rule; and

(f) Positive written recommendation from the Department's Medically Fragile Children's Unit (MFCU) if the provider or applicant has provided services through the program or if the provider or applicant has historically received services through the program for a child in their family home or foster home.

(23) A foster provider may not accept a child with significant medical needs unless an initial care plan addressing the health and safety supports is in place at the time of placement.

### Renewal of Certificate

(1) At least 90 days prior to the expiration of a certificate, the Department shall send a reminder notice and application for renewal to the currently certified provider. Submittal of a renewal application prior to the expiration date keeps the certificate in effect until the Department takes action. If the renewal application is not submitted prior to the expiration date, the child foster home shall be treated as an uncertified home.

(2) The certification renewal process includes the renewal application and the same supporting documentation as required for a new certification. With the discretion of the certifier, a financial statement, physician statement, and floor plan may not be required.

(3) Copies of the services coordinator's monitoring check list or recommendations from the services coordinators who have had children in the home within the last year may be requested at time of certification renewal.

(4) School reports may not be required if the Department or the certifier reasonably assumes this information has not changed or is not necessary.

(5) The Department or the certifier may investigate any information in the renewal application and shall conduct a home inspection.

(6) The provider shall be given a copy of the inspection form documenting any deficiencies and a time frame to correct deficiencies. Deficiencies must be corrected no longer than 60 days from the date of inspection. If documented deficiencies are not corrected within the time frame specified, the renewal application shall be denied.

(7) Applicants, providers, providers' substitute caregivers, employees, volunteers, and any other occupants in the home 18 years of age and older must submit to an Oregon background check as defined in OAR 407-007-0210 and must continue to meet all certification standards as outlined in these rules.

(8) Each foster provider must provide documentation of a minimum of 10 hours of Department approved training per year prior to the renewal of the certificate. A mutually agreed upon training plan may be part of the re-certification process.

(9) When serving children with significant medical needs, the foster provider must have a minimum of six of the ten hours of annual training requirements in specific medical training beyond First Aid and CPR. The CPR training must be done by a recognized training agency and the CPR certificate must be appropriate to the ages of the children served in the foster home.

### Emergency Certification

(1) An emergency certificate may be issued by the Department for up to 30 days, provided the following conditions are met:

(a) An Oregon background check as defined in OAR 407-007-0210 indicates no immediate need for fingerprinting for all persons living in the home;

(b) A DHS-CW background check identifies no founded reports of child abuse committed by persons living in the home;

(c) Applicant has no previous revocations or suspensions of any license or certificate by any issuing agency for a foster home, group home, or any other care or support services;

(d) A review of support enforcement obligations and public assistance cases identifies no substantial financial concerns;

(e) An application and two references are submitted;

(f) An abbreviated home study is done; and

(g) A satisfactory home inspection and a Health and Safety Checklist are completed.

(2) When a child with significant medical needs shall be living in the foster home, the following additional requirements must be met before an emergency certificate may be issued:

(a) Current satisfactory references from at least two medical professionals, such as a physician and registered nurse, who have direct knowledge of the applicant's ability and past experiences as a caregiver; AND

(b) A positive written recommendation from the Department's Medically Fragile Children's Unit (MFCU) if the provider or applicant has provided services through the program or has historically received services through the program for a child in their family home or foster home; AND

(c) Current certification in First Aid and CPR. The CPR training must be done by a recognized training agency and the CPR certificate must be appropriate to the ages of the children served in the foster home; AND

(d) Copies of all current medical related licenses or certificates must be provided to the certifier; AND

(e) Six hours of medical training beyond CPR and First Aid training as appropriate to the ages of the children served in the foster home; OR

(f) Licensed as a registered nurse, licensed practical nurse, emergency medical technician, nurse practitioner, or physician's assistant.

(3) Emergency certificates may be issued if the renewal process is incomplete at the time of the renewal.

## 411-346-0190

### Standards and Practices for Care and Services

(1) The foster provider must:

(a) Provide structure and daily activities designed to promote the physical, social, intellectual, cultural, spiritual, and emotional development of the child in their home.

(b) Provide playthings and activities in the foster home, including games, recreational and educational materials, and books appropriate to the chronological age, culture, and developmental level of the child.

(c) In accordance with the ISP and if applicable as defined in the DHS-CW case plan, encourage the child to participate in community activities with family, friends, and on their own when appropriate.

(d) Promote the child's independence and self-sufficiency by encouraging and assisting the child to develop new skills and perform age-appropriate tasks.

## ADMINISTRATIVE RULES

(e) In accordance with the ISP and if applicable as defined in the DHS-CW case plan, ask the child in foster care to participate in household chores appropriate to the child's age and ability that commensurate with those expected of the provider's own children.

(f) Provide the child with reasonable access to a telephone and to writing materials.

(g) In accordance with the ISP and if applicable as defined in the DHS-CW Case Plan, permit and encourage the child to have visits with family and friends.

(h) Allow regular contacts and private visits or phone calls with the child's CDDP services coordinator and if applicable the DHS-CW case worker.

(i) Not allow a child in foster care to baby-sit in the foster home or elsewhere without permission of the child's CDDP services coordinator and the guardian.

### (2) RELIGIOUS, ETHNIC, AND CULTURAL HERITAGE.

(a) The foster provider must recognize, encourage, and support the religious beliefs, ethnic heritage, cultural identity, and language of a child and the child's family.

(b) In accordance with the ISP and guardian preferences, the foster provider must participate with the ISP team to arrange transportation and appropriate supervision during religious services or ethnic events for a child whose beliefs and practices are different from those of the provider.

(c) The foster provider may not require a child to participate in religious activities or ethnic events contrary to the child's beliefs.

### (3) EDUCATION. The foster provider:

(a) Must enroll each child of school age in public school, within five school days of the placement, and arrange for transportation.

(b) Must comply with any Alternative Educational Plan described in the child's IEP.

(c) Must be actively involved in the child's school program and must participate in the development of the child's IEP. The foster provider may apply to be the child's educational surrogate if requested by the parent or guardian.

(d) Must consult with school personnel when there are issues with the child in school and report to the guardian and CDDP services coordinator any serious situations that may require Department involvement.

(e) Must support the child in his or her school or educational placement.

(f) Must assure the child regularly attends school or educational placement and monitor the child's educational progress.

(g) May sign consent to the following school related activities:

(A) School field trips within the state of Oregon;

(B) Routine social events;

(C) Sporting events;

(D) Cultural events; and

(E) School pictures for personal use only unless prohibited by the court or legal guardian.

### (4) ALTERNATE CAREGIVERS.

(a) The foster provider must arrange for safe and responsible alternate care.

(b) A Child Care Plan for a child in foster care must be approved by the Department, the CDDP, or DHS-CW before it is implemented. When a child is cared for by a child care provider or child care center, the provider or center must be certified as required by the State Child Care Division (ORS 657A.280) or be a certified foster provider.

(c) The foster provider must have a Respite Plan approved by the certifier or the Department when using alternate caregivers.

(d) The foster provider must assure the alternate caregivers, consultants, and volunteers are:

(A) 18 years of age or older;

(B) Capable of assuming foster care responsibilities;

(C) Present in the home;

(D) Physically and mentally capable to perform the duties of the foster provider as described in these rules;

(E) Cleared by a background check as described in OAR 411-346-0150(8) including a DHS-CW background check;

(F) Able to communicate with the child, individuals, agencies providing care to the child, CDDP services coordinator, and appropriate others;

(G) Trained on fire safety and emergency procedures;

(H) Trained on the child's ISP, Behavior Support Plan, and any related protocols and able to provide the care needed for the child;

(I) Trained on the required documentation for health, safety, and behavioral needs of the child;

(J) A licensed driver and with vehicle insurance in compliance with the Oregon DMV laws when transporting children by motorized vehicle; and

(K) Not be a person who requires care in a foster care or group home.

(e) When the foster provider uses an alternate caregiver and the child shall be staying at the alternate caregiver's home, the foster provider must assure the alternate caregiver's home meets the necessary health, safety, and environmental needs of the child.

(f) When the foster provider arranges for social activities of the child for less than 24 hours, including an overnight arrangement, the foster provider must assure that the person shall be responsible and capable of assuming child care responsibilities and be present at all times. The foster provider still maintains primary responsibility for the child.

### (5) FOOD AND NUTRITION.

(a) The foster provider must offer three nutritious meals daily at times consistent with those in the community.

(A) Daily meals must include food from the four basic food groups, including fresh fruits and vegetables in season, unless otherwise specified in writing by a physician or physician assistant.

(B) There must be no more than a 14-hour span between the evening meal and breakfast unless snacks and liquids are served as supplements.

(C) Consideration must be given to cultural and ethnic background in food preparation.

(b) Any home canned food used must be processed according to current guidelines of Oregon State University extension services (<http://extension.oregonstate.edu/fch/food-preservation>).

(c) All food items must be used prior to the item's expiration date.

(d) The foster provider must implement specialized diets only as prescribed in writing by the child's physician or physician assistant.

(e) The foster provider must prepare and serve meals in the foster home where the child lives. Payment for meals eaten away from the foster home (e.g. restaurants) for the convenience of the foster provider is the responsibility of the foster provider.

(f) The foster provider, when serving milk, must only use pasteurized liquid or powdered milk for consumption by a child in foster care.

(g) A child who must be bottle-fed and cannot hold the bottle, or is 11 months or younger, must be held during bottle-feeding.

### (6) CLOTHING AND PERSONAL BELONGINGS.

(a) The foster provider must assure that each child has his or her own clean, well-fitting, seasonal clothing appropriate to age, gender, culture, individual needs, and comparable to the community standards.

(b) A school-age child must participate in choosing their own clothing whenever possible.

(c) The foster provider must allow a child to bring and acquire appropriate personal belongings.

(d) The foster provider must assure that when a child leaves the child foster home, the child's belongings including all personal funds, medications, and personal items remain with the child. This includes all items brought with the child and obtained while living in the home.

### (7) BEHAVIOR SUPPORT AND DISCIPLINE PRACTICES.

(a) The foster provider must teach and discipline a child with respect, kindness, and understanding, using positive behavior management techniques. Unacceptable practices include but are not limited to:

(A) Physical force, spanking, or threat of physical force inflicted in any manner upon the child;

(B) Verbal abuse, including derogatory remarks about the child or the child's family that undermine a child's self-respect;

(C) Denial of food, clothing, or shelter;

(D) Denial of visits or contacts with family members, except when otherwise indicated in the ISP or if applicable the DHS-CW case plan;

(E) Assignment of extremely strenuous exercise or work;

(F) Threatened or unauthorized use of physical interventions;

(G) Threatened or unauthorized use of mechanical restraints;

(H) Punishment for bed-wetting or punishment related to toilet training;

(I) Delegating or permitting punishment of a child by another child;

(J) Threat of removal from the foster home as a punishment;

(K) Use of shower or aversive stimuli as punishment; and

(L) Group discipline for misbehavior of one child.

(b) The foster provider must set clear expectations, limits, and consequences of behavior in a non-punitive manner.

(c) If time-out separation from others is used to manage behavior, it must be included on the child's ISP and the foster provider must provide it in an unlocked, lighted, well-ventilated room of at least 50 square feet. The ISP must include whether the child needs to be within hearing distance or

## ADMINISTRATIVE RULES

within sight of an adult during the time-out. The time limit must take into consideration the child's chronological age, emotional condition, and developmental level. Time-out is to be used for short duration and frequency as approved by ISP team.

(d) No child in foster care or other child in a foster home shall be subjected to physical abuse, sexual abuse, sexual exploitation, neglect, emotional abuse, mental injury, or threats of harm as defined in ORS 419B.005 and OAR 407-045-0260.

(e) BEHAVIOR SUPPORT PLAN (BSP). For a child who has demonstrated a serious threat to self, others, or property and for whom it has been decided a BSP is needed, the BSP must be developed with the approval of the ISP team.

(f) PROTECTIVE PHYSICAL INTERVENTION. A protective physical intervention must be used only for health and safety reasons and under the following conditions:

(A) As part of the child's ISP team approved BSP.

(i) When protective physical intervention shall be employed as part of the BSP, the foster provider and alternate caregivers must complete OIS training prior to the implementation of the BSP.

(ii) The use of any modified OIS protective physical intervention must have approval from the OIS Steering Committee in writing prior to their implementation. Documentation of the approval must be maintained in the child's records.

(B) As in a health-related protection prescribed by a physician or qualified health care provider, but only if absolutely necessary during the conduct of a specific medical or surgical procedure, or only if absolutely necessary for protection during the time that a medical condition exists.

(C) As an emergency measure if absolutely necessary to protect the child or others from immediate injury and only until the child is no longer an immediate threat to self or others.

(g) MECHANICAL RESTRAINT.

(A) The foster provider may not use mechanical restraints on a child in foster care other than car seat belts or normally acceptable infant safety products unless ordered by a physician or health care provider and with an agreement of the ISP team.

(B) The foster provider must maintain the original order in the child's records and forward a copy to the CDDP services coordinator and guardian.

(h) DOCUMENTATION AND NOTIFICATION OF USE OF PROTECTIVE PHYSICAL INTERVENTION.

(A) The foster provider must document the use of all protective physical interventions or mechanical restraints in an incident report. A copy of the incident report must be provided to the CDDP services coordinator and guardian.

(B) If an approved protective physical intervention is used, the foster provider must send a copy of the incident report within five working days to the services coordinator and guardian.

(C) If an emergency or non ISP team approved protective physical intervention is used, the foster provider must send a copy of the incident report within 24 hours to the services coordinator and guardian. The foster provider must make verbal notification to the CDDP services coordinator and guardian no later than the next working day.

(D) The original incident report must be on file with the foster provider in the child's records.

(E) The incident report must include:

(i) The name of the child to whom the protective physical intervention was applied;

(ii) The date, location, type, and duration of entire incident and protective physical intervention;

(iii) The name of the provider and witnesses or persons involved in applying the protective physical intervention;

(iv) The name and position of the person notified regarding the use of the protective physical intervention; and

(v) A description of the incident, including precipitating factors, preventive techniques applied, description of the environment, description of any physical injury resulting from the incident, and follow-up recommendations.

(8) MEDICAL AND DENTAL CARE. The foster provider must:

(a) Provide care and services, as appropriate to the child's chronological age, developmental level, and condition of the child, and as identified in the ISP.

(b) Assure that physician or qualified health care provider orders and those of other licensed medical professionals are implemented as written.

(c) Inform the child's physicians or qualified health care providers of current medications and changes in health status and if the child refuses care, treatments, or medications.

(d) Inform the guardian and CDDP services coordinator of any changes in the child's health status except as otherwise indicated in the DHS-CW Permanent Foster Care contract agreement and as agreed upon in the child's ISP.

(e) Obtain the necessary medical, dental, therapies, and other treatments of care including but not limited to:

(A) Making appointments;

(B) Arranging for or providing transportation to appointments; and

(C) Obtaining emergency medical care.

(f) Have prior consent from the guardian for medical treatment that is not routine, including surgery and anesthesia except in cases where a DHS-CW Permanent Foster Care contract agreement exists.

(g) Keep current medical records. The records must include, when applicable:

(A) Any history of physical, emotional, and medical problems, illnesses, or mental health status;

(B) Current orders for all medications, treatments, therapies, use of protective physical intervention, specialized diets, adaptive equipment, and any known food or medication allergies;

(C) Completed medication administration record (MAR) from previous months;

(D) Pertinent medical and behavioral information such as hospitalizations, accidents, immunization records including Hepatitis B status and previous TB tests, and incidents or injuries affecting the health, safety, or emotional well-being of the child;

(E) Documentation or other notations of guardian consent for medical treatment that is not routine including surgery and anesthesia;

(F) Record of medical appointments;

(G) Medical appointment follow-up reports provided to the foster provider; and

(H) Copies of previous mental health assessments, assessment updates including multi-axial DSM diagnosis and treatment recommendations, and progress records from mental health treatment services.

(h) Provide, when requested, copies of medical records and medication administration records to the child's legal guardian, services coordinator, and DHS-CW caseworker.

(i) Provide copies, as applicable, of the medical records described in section (8)(g)(H) above to the licensed medical professional prior to the medical appointment or no later than the time of the appointment with the licensed medical professional.

(9) MEDICATIONS AND PHYSICIAN OR QUALIFIED HEALTH CARE PROVIDER ORDERS.

(a) There must be authorization by a physician or qualified health care provider in the child's file prior to the usage of or implementation of any of the following:

(A) All prescription medications;

(B) Non prescription medications except over the counter topicals;

(C) Treatments other than basic first aid;

(D) Therapies and use of mechanical restraint as a health and safety related protection;

(E) Modified or specialized diets;

(F) Prescribed adaptive equipment; and

(G) Aids to physical functioning.

(b) The foster provider must have:

(A) A copy of an authorization in the format of a written order signed by a physician or a qualified health care provider; or

(B) Documentation of a telephone order by a physician or qualified health care provider with changes clearly documented on the MAR, including the name of the person giving the order, the date and time, and the name of the person receiving the telephone order; or

(C) A current pharmacist prescription or manufacturer's label as specified by the physician's order on file with the pharmacy.

(c) A provider or alternate caregiver must carry out orders as prescribed by a physician or a qualified health care provider. Changes may not be made without a physician or a qualified health care provider's authorization.

(d) Each child's medication, including refrigerated medication, must be clearly labeled with the pharmacist's label, or in the manufacturer's originally labeled container, and kept in a locked location, or stored in a manner that prevents access by children.

(e) Unused, outdated, or recalled medications may not be kept in the foster home and must be disposed of in a manner that shall prevent illegal diversion into the possession of people other than for which it was prescribed.

## ADMINISTRATIVE RULES

(f) The foster provider must keep a MAR for each child. The MAR must be kept for all medications administered by the foster provider or alternate caregiver to that child, including over the counter medications and medications ordered by physicians or qualified health care providers and administered as needed (PRN) for the child.

(g) The MAR must include:

(A) The name of the child in foster care;

(B) A transcription of the written physician's or licensed health practitioner's order including the brand or generic name of the medication, prescribed dosage, frequency, and method of administration;

(C) A transcription of the printed instructions from the package for topical medications and treatments without a physician's order;

(D) Times and dates of administration or self-administration of the medication;

(E) Signature of the person administering the medication or the person monitoring the self-administration of the medication;

(F) Method of administration;

(G) An explanation of why a PRN medication was administered;

(H) Documented effectiveness of any PRN medication administration;

(I) An explanation of all medication administration or documentation irregularities; and

(J) Any known allergy or adverse drug reactions and procedures that maintain and protect the physical health of the child placed in the foster home.

(h) Any errors in the MAR must be corrected by circling the error and then writing on the back of the MAR what the error was and why.

(i) Treatments, medication, therapies, and specialized diets must be documented on the MAR when not used or applied according to the order.

(j) SELF-ADMINISTRATION OF MEDICATION. For any child who is self-administering medication, the foster provider must:

(A) Have documentation that a training program was initiated with approval of the child's ISP team or that training for the child was unnecessary;

(B) Have a training program that provides for retraining when there is a change in dosage, medication, and time of delivery;

(C) Provide for an annual review, at a minimum as part of the ISP process, upon completion of the training program;

(D) Assure that the child is able to handle his or her own medication regime;

(E) Keep medications stored in a locked area inaccessible to others; and

(F) Maintain written documentation of all training in the child's medical record.

(k) The foster provider may not use alternative medications intended to alter or affect mood or behavior, such as herbals or homeopathic remedies, without direction and supervision of a licensed medical professional.

(l) Any medication that is used with the intent to alter behavior of a child with a developmental disability must be documented on the ISP.

(m) BALANCING TEST. When a psychotropic medication is first prescribed and annually thereafter, the foster provider must obtain a signed balancing test from the prescribing health care provider using the Department's Balancing Test Form. Foster providers must present the physician or health care provider with a full and clear description of the behavior and symptoms to be addressed as well as any side effects observed.

(n) PRN prescribed psychotropic medication is prohibited.

(o) A mental health assessment by a qualified mental health professional or licensed medical professional must be completed, except as noted in subsection (A) of this section, prior to the administration of a new medication for more than one psychotropic or any antipsychotic medication to a child in foster care.

(A) A mental health assessment is not required in the following situations:

(i) In a case of urgent medical need;

(ii) For a substitution of a current medication within the same class;

or

(iii) A medication order given prior to a medical procedure; or

(B) When a mental health assessment is required, the foster provider:

(i) Must notify the DHS-CW caseworker when the child is in legal custody of DHS-CW worker; or

(ii) Shall arrange for a mental health assessment when the child is a voluntary care placement.

(C) The mental health assessment:

(i) Must have been completed within three months prior to the prescription; or

(ii) May be an update of a prior mental health assessment that focuses on a new or acute problem.

(D) Whenever possible, information from the mental health assessment must be communicated to the licensed medical professional prior to the issuance of a prescription for psychotropic medication.

(p) Within one business day after receiving a new prescription or knowledge of a new prescription for psychotropic medication for the child in foster care, the foster provider must notify:

(A) The child's parent when the parent retains legal guardianship;

(B) The child's family member or the person who has legal guardianship; or

(C) DHS-CW when DHS-CW is the legal guardian of the child; and

(D) The CDDP services coordinator.

(q) The notification from the foster provider to the legal guardian and the CDDP services coordinator must contain:

(A) The name of the prescribing physician, or qualified health care provider;

(B) The name of the medication;

(C) The dosage, any change of dosage or suspension, or discontinuation of the current psychotropic medication;

(D) The dosage administration schedule prescribed; and

(E) The reason the medication was prescribed.

(r) The foster provider must get a written informed consent prior to filling a prescription for any new psychotropic medication except in a case of urgent medical need from DHS-CW when DHS-CW is the legal guardian.

(s) The foster provider shall cooperate as requested, when a review of psychotropic medications is indicated.

(10) DIRECT NURSING SERVICES.

(a) When direct nursing services are provided to a child the foster provider must:

(A) Coordinate with the nurse and the ISP team to ensure that the services being provided are sufficient to meet the child's health needs; and

(B) Implement the Nursing Care Plan, or appropriate portions therein, as agreed upon by the ISP team and the registered nurse.

(b) When nursing tasks are delegated, they must be delegated by a licensed registered nurse in accordance with OAR chapter 851, division 047.

(11) CHILD RECORDS.

(a) GENERAL INFORMATION OR SUMMARY RECORD. The provider must maintain a record for each child in the home. The record must include:

(A) The child's name, date of entry into the foster home, date of birth, gender, religious preference, and guardianship status;

(B) The names, addresses, and telephone numbers of the child's guardian, family, advocate, or other significant person;

(C) The name, address, and telephone number of the child's preferred primary health provider, designated back up health care provider and clinic, dentist, preferred hospital, medical card number and any private insurance information, and Oregon Health Plan choice;

(D) The name, address, and telephone number of the child's school program; and

(E) The name, address, and telephone number of the CDDP services coordinator and representatives of other agencies providing services to the child.

(b) EMERGENCY INFORMATION. The foster provider must maintain emergency information for each child receiving foster care services in the child foster home. The emergency information must be kept current and must include:

(A) The child's name;

(B) The child's address and telephone number;

(C) The child's physical description which may include a picture and the date it was taken, and identification of:

(i) The child's race, gender, height, weight range, hair and eye color;

and

(ii) Any other identifying characteristics that may assist in identifying the child should the need arise, such as marks or scars, tattoos, or body piercing.

(D) Information on the child's abilities and characteristics including:

(i) How the child communicates;

(ii) The language the child uses or understands;

(iii) The ability of the child to know how to take care of bodily functions; and

## ADMINISTRATIVE RULES

(iv) Any additional information that could assist a person not familiar with the child to understand what the child can do for him or herself.

(E) The child's health support needs including:

(i) Diagnosis;

(ii) Allergies or adverse drug reactions;

(iii) Health issues that a person would need to know when taking care of the child;

(iv) Special dietary or nutritional needs such as requirements around textures or consistency of foods and fluids;

(v) Food or fluid limitations, due to allergies, diagnosis, or medications the child is taking that may be an aspiration risk or other risk for the child;

(vi) Additional special requirements the child has related to eating or drinking, such as special positional needs or a specific way foods or fluids are given to the child;

(vii) Physical limitations that may affect the child's ability to communicate, respond for instructions, or follow directions;

(viii) Specialized equipment needed for mobility, positioning, or other health related needs;

(ix) The child's emotional and behavioral support needs including:

(I) Mental health or behavioral diagnosis and the behaviors displayed by the child; and

(II) Approaches to use when supporting the child to minimize emotional and physical outbursts.

(x) Any court ordered or guardian authorized contacts or limitations;

(xi) The child's supervisions requirements and why; and

(xii) Any additional pertinent information the provider has that may assist in the care and support of the child should a natural or man-made disaster occur.

(c) EMERGENCY PLANNING. The foster provider must post emergency telephone numbers in close proximity to all phones utilized by the foster provider or substitute caregivers. The posted emergency telephone numbers must include:

(A) Telephone numbers of the local fire, police department, and ambulance service if not served by a 911 emergency services; and

(B) The telephone number of any emergency physician and additional persons to be contacted in the case of an emergency.

(d) WRITTEN EMERGENCY PLAN.

(A) Foster providers must develop, maintain, update, and implement a written Emergency Plan for the protection of all children in foster care in the event of an emergency or disaster. The Emergency Plan must:

(i) Be practiced at least annually. The Emergency Plan practice may consist of a walk-through of the provider's and alternative caregiver's responsibilities.

(ii) Consider the needs of the child and address all natural and human-caused events identified as a significant risk for the home such as a pandemic or an earthquake.

(iii) Include provisions and sufficient supplies, such as sanitation and food supplies, to shelter in place, when unable to relocate, for a minimum of three days under the following conditions:

(I) Extended utility outage;

(II) No running water;

(III) Inability to replace food supplies; and

(IV) Alternative caregiver is unable provide respite or additional support and care.

(iv) Include provisions for evacuation and relocation that identifies:

(I) The duties of the alternative caregivers during evacuation, transporting, and housing of the child including instructions to notify the child's parent or legal guardian, the Department or designee, the CDDP services coordinator, and DHS-CW as applicable, of the plan to evacuate or the evacuation of the home as soon as the emergency or disaster reasonably allows;

(II) The method and source of transportation;

(III) Planned relocation sites that are reasonably anticipated to meet the needs of the child;

(IV) A method that provides persons unknown to the child the ability to identify each child by the child's name, and to identify the name of the child's supporting provider; and

(V) A method for tracking and reporting to the Department or the Department's designee and the local CDDP, the physical location of each child in foster care until a different entity resumes responsibility for the child,

(v) Address the needs of the child including provisions to provide:

(I) Immediate and continued access to medical treatment, information necessary to obtain care, treatment, food, and fluids for the child, during and after an evacuation and relocation;

(II) Continued access to life sustaining pharmaceuticals, medical supplies, and equipment during and after an evacuation and relocation;

(III) Behavior support needs anticipated during an emergency; and

(IV) The supports needed to meet the life-sustaining and safety needs of the child.

(B) The foster provider must provide and document all training to alternative caregivers regarding their responsibilities for implementing the emergency plan.

(C) The foster provider must re-evaluate and revise the Emergency Plan at least annually or when there is a significant change in the home.

(D) The foster provider must complete the Emergency Plan Summary, on the form supplied by the Department, and must send it to the Department annually and upon change of licensee or location of the child foster home.

(e) INDIVIDUAL SUPPORT PLAN (ISP). Within 60 days of placement, the child's ISP must be prepared by the ISP team and, at a minimum, updated annually.

(A) The foster provider must participate with the ISP team in the development and implementation of the ISP to address each child's behavior, medical, social, financial, safety, and other support needs.

(B) Prior to or upon entry to or exit from the foster home, the foster provider must participate in the development and implementation of a Transition Plan for the child.

(i) The Transition Plan must include a summary of the services necessary to facilitate the adjustment of the child to the foster home or after care plan; and

(ii) Identify the supports necessary to ensure health, safety, and any assessments and consultations needed for ISP development.

(f) FINANCIAL RECORDS.

(A) The foster provider must maintain a separate financial record for each child. Errors must be corrected with a single strike through and initialed by the person making the correction. The financial record must include:

(i) The date, amount, and source of all income received on behalf of the child;

(ii) The room and board fee that is paid to the provider at the beginning of each month;

(iii) The date, amounts, and purpose of funds disbursed on behalf of the child; and

(iv) The signature of the person making the entry.

(B) Any single transaction over \$25 purchased with the child's personal funds, unless otherwise indicated in the child's ISP, must be documented including receipts in the child's financial record.

(C) The child's ISP team may address how the child's personal spending money shall be managed.

(D) If the child has a separate commercial bank account, records from that account must be maintained with the financial record.

(E) The child's personal funds must be maintained in a safe manner and separate from other members of the household funds.

(F) Misuse of funds may be cause for suspension, revocation, or denial of renewal of the child foster home certificate.

(g) PERSONAL PROPERTY RECORD.

(A) The foster provider must maintain a written record of each child's property of monetary value of more than \$25 or that has significant personal value to the child, parent, or guardian, or as determined by the ISP team. Errors must be corrected with a single strike through and initialed by the person making the correction.

(B) Personal property records are not required for children who have a court approved Permanent Foster Care contract agreement unless requested by the child's guardian.

(C) The personal property record must include:

(i) The description and identifying number, if any;

(ii) The date when the child brought in the personal property or made a new purchase;

(iii) The date and reason for the removal from the record; and

(iv) The signature of the person making the entry.

(h) EDUCATIONAL RECORDS. The foster provider must maintain the following educational records when available:

(A) The child's report cards;

(B) Any reports received from the teacher or the school;

(C) Any evaluations received as a result of educational testing or assessment; and

(D) Disciplinary reports regarding the child.

# ADMINISTRATIVE RULES

(i) Child records must be available to representatives of the Department, the certifier, and DHS-CW conducting inspections or investigations, as well as to the child, if appropriate, and the guardian, or other legally authorized persons.

(j) Child records must be kept for a period of three years. If a child moves or the foster home closes, copies of pertinent information must be transferred to the child's new home.

### Environmental Standards

#### (1) GENERAL CONDITIONS.

(a) The buildings and furnishings must be clean and in good repair and grounds must be maintained.

(b) Walls, ceilings, windows, and floors must be of such character to permit frequent washing, cleaning, or painting.

(c) There must be no accumulation of garbage, debris, or rubbish.

(d) The home must have a safe, properly installed, maintained, and operational heating system. Areas of the home used by the child in foster care must be maintained at normal comfort range during the day and during sleeping hours. During times of extreme summer heat, the provider must make reasonable effort to make the child comfortable using available ventilation, fans, or air-conditioning.

#### (2) EXTERIOR ENVIRONMENT.

(a) The premises must be free from objects, materials, and conditions that constitute a danger to the occupants.

(b) Swimming pools, wading pools, ponds, hot tubs, and trampolines must be maintained to assure safety, kept in clean condition, equipped with sufficient safety barriers or devices to prevent injury, and used by a child in foster care only under direct supervision by the provider or approved alternate caregiver.

(c) The home must have a safe outdoor play area on the property or within reasonable walking distance.

#### (3) INTERIOR ENVIRONMENT.

##### (a) KITCHEN.

(A) Equipment necessary for the safe preparation, storage, serving, and cleanup of meals must be available and kept in working and sanitary condition.

(B) Meals must be prepared in a safe and sanitary manner that minimizes the possibility of food poisoning or food-borne illness.

(C) If the washer and dryer are located in the kitchen or dining room area, soiled linens and clothing must be stored in containers in an area separate from food and food storage prior to laundering.

(b) DINING AREA. The home must have a dining area so the child in foster care may eat together with the foster family.

(c) LIVING OR FAMILY ROOM. The home must have sufficient living or family room space that is furnished and accessible to all members of the family including the child in foster care.

##### (d) BEDROOMS. Bedrooms used by the child in foster care must:

(A) Have adequate space for the age, size, and specific needs of each child;

(B) Be finished and attached to the house, have walls or partitions of standard construction that go from floor to ceiling, and have a door that opens directly to a hallway or common use room without passage through another bedroom or common bathroom;

(C) Have windows that open and provide sufficient natural light and ventilation with window coverings provided that take into consideration the safety, care needs, and privacy of the child;

(D) Have no more than four children to a bedroom;

(E) Have safe, age appropriate furnishings that are in good repair, provided for each child including:

(i) A bed or crib with a frame unless otherwise documented by an ISP team decision, a clean comfortable mattress, and a water proof mattress cover if the child is incontinent;

(ii) A private dresser or similar storage area for personal belongings that is readily accessible to the child;

(iii) A closet or similar storage area for clothing that is readily accessible to the child; and

(iv) An adequate supply of clean bed linens, blankets, and pillows. Bed linens are to be properly fitting and provided for each child's bed.

(F) Be on the ground level for a child who is non-ambulatory or has impaired mobility;

(G) Provide flexibility in the decoration for the personal tastes and expressions of the child placed in the provider's home;

(H) Be in close enough proximity to the provider to alert the provider to nighttime needs or emergencies, or be equipped with a working monitor;

(I) Have doors that do not lock;

(J) Have no three-tier bunk beds in bedrooms occupied by a child in foster care; and

(K) Not be located on the third floor or higher from the ground level.

(e) A child of the foster provider may not be required to sleep in a room also used for another purpose in order to accommodate a child in foster care.

(f) The foster provider may not permit the following sleeping arrangements for a child placed in their home:

(A) Children of different sexes in the same room when either child is over the age of five years of age; and

(B) Children over the age of 12 months sharing a room with an adult.

##### (g) BATHROOMS.

(A) Must have tubs or showers, toilets, and sinks operable and in good repair with hot and cold water.

(B) A sink must be located near each toilet.

(C) There must be at least one toilet, one sink, and one tub or shower for each six household occupants including the provider and family.

(D) Must have hot and cold water in sufficient supply to meet the needs of the child for personal hygiene. Hot water temperature sources for bathing and cleaning areas that are accessible by the child in foster care may not exceed 120 degrees F.

(E) Must have grab bars and non-slip floor surfaces for toilets, tubs, or showers for the child's safety as necessary for the child's care needs.

(F) Must have barrier-free access to toilet and bathing facilities with appropriate fixtures for a child who utilizes a wheel chair or other mechanical equipment for ambulation. Barrier free must be appropriate for the non-ambulatory child's needs for maintaining good personal hygiene.

(G) The foster provider must provide each child with the appropriate personal hygiene and grooming items that meet each child's specific needs and minimize the spread of communicable disease.

(H) Window coverings in bathrooms must take into consideration the safety, care needs, and privacy of the child.

##### (4) GENERAL SAFETY.

(a) The foster provider must protect the child from safety hazards.

(b) Stairways must be equipped with handrails.

(c) A functioning light must be provided in each room and stairway.

(d) In homes with a child in foster care age three or under, or a child with impaired mobility, the stairways must be protected with a gate or door.

(e) Hot water heaters must be equipped with a safety release valve and an overflow pipe that directs water to the floor or to another approved location.

(f) Adequate safeguards must be taken to protect a child who may be at risk for injury from electrical outlets, extension cords, and heat-producing devices.

(g) The foster home must have operable phone service at all times available to all persons in the foster home including when there are power outages. The home must have emergency phone numbers readily accessible and in close proximity to the phone.

(h) The foster provider must store all medications, poisonous chemicals, and cleaning materials in a way that prevents access by a child.

(i) The foster provider must restrict a child's access to potentially dangerous animals. Only domestic animals must be kept as pets. Pets must be properly cared for and supervised.

(j) Sanitation for household pets and other domestic animals must be adequate to prevent health hazards. Proof of rabies or other vaccinations as required by local ordinances must be made available to the Department upon request.

(k) The foster provider must take appropriate measures to keep the house and premises free of rodents and insects.

(l) To protect the safety of a child in foster care, the provider must store hunting equipment and weapons in a safe and secure manner inaccessible to the child.

(m) The foster provider must have first aid supplies in the home in a designated place easily accessible to adults.

(n) There must be emergency access to any room that has a lock.

(o) An operable flashlight, at least one per floor, must be readily available in case of emergency.

(p) House or mailbox numbers must be clearly visible and easy to read for easy identification by emergency vehicles.

## ADMINISTRATIVE RULES

(q) Use of video monitors must only be used as indicated in the ISP or Behavior Support Plan.

### (5) FIRE SAFETY.

(a) Smoke detectors must be installed in accordance with manufacturer's instructions, equipped with a device that warns of low battery, and maintained to function properly.

(A) Smoke detectors must be installed in each bedroom, adjacent hallways leading to the bedrooms, common living areas, basements, and at the top of every stairway in multi-story homes.

(B) Ceiling placement of smoke detectors is recommended. If wall-mounted, the smoke detectors must be between 6" and 12" from the ceiling and not within 12" of a corner.

(b) At least one fire extinguisher, minimally rated 2A:10B:C, must be visible and readily accessible on each floor, including basements. A qualified professional who is well versed in fire extinguisher maintenance must inspect every fire extinguisher at least once per year. All recharging and hydrostatic testing must be completed by a qualified entity properly trained and equipped for this purpose.

(c) Use of space heaters must be limited to only electric space heaters equipped with tip-over protection. Space heaters must be plugged directly into the wall. No extension cords must be used with such heaters. No free-standing kerosene, propane, or liquid fuel space heaters must be used in the foster home.

(d) An Emergency Evacuation Plan must be developed, posted, and rehearsed at least once every 90 days with at least one drill practice per year occurring during sleeping hours. Alternate caregivers and other staff must be familiar with the emergency evacuation plan and a new child placed in foster care must be familiar with the Emergency Evacuation Plan within 24 hours. Fire drill records must be retained for one year.

(A) Fire drill evacuation rehearsal must document the date, time for full evacuation, location of proposed fire, and names of all persons participating in the evacuation rehearsal.

(B) The foster provider must be able to demonstrate the ability to evacuate all children in foster care from the home within three minutes.

(e) Foster homes must have two unrestricted exits in case of fire. A sliding door or window that may be used to evacuate a child may be considered a usable exit.

(f) Barred windows or doors used for possible exit in case of fire must be fitted with operable quick release mechanisms.

(g) Every bedroom used by a child in foster care must have at least one operable window, of a size that allows safe rescue, with safe and direct exit to the ground, or a door for secondary means of escape or rescue.

(h) All external and inside doors must have simple hardware with an obvious method of operation that allows for safe evacuation from the home. A home with a child that is known to leave their place of residence without permission must have a functional and activated alarm system to alert the foster provider.

(i) Fireplaces and wood stoves must include secure barriers to keep a child safe from potential injury and away from exposed heat sources.

(j) Solid or other fuel-burning appliances, stoves, or fireplaces must be installed according to manufacturer's specifications and under permit, where applicable. All applicants applying for a new child foster home certificate after July 1, 2007 must have at least one carbon monoxide sensor installed in the home in accordance with manufacturer's instructions if the home has solid or other fuel-burning appliances, stoves, or fireplaces. All foster providers certified prior to July 1, 2007 and moving to a new location that uses solid or other fuel-burning appliances, stoves, or fireplaces, must install a carbon monoxide sensor in the home in accordance with manufacturer's instructions prior to being certified at the new location.

(k) Chimneys must be inspected at the time of initial certification and if necessary the chimney must be cleaned. Chimneys must be inspected annually, unless the fireplace and or solid fuel-burning appliance was not used through the certification period and may not be used in the future. Required annual chimney inspections are to be made available to the certifier during certification renewal processes.

(l) A signed statement by the foster provider and certifier assuring that the fireplace and or solid fuel-burning appliance may not be in use must be submitted to the Department with the renewal application if a chimney inspection may not be completed.

(m) Flammable and combustible materials must be stored away from any heat source.

### (6) SANITATION AND HEALTH.

(a) A public water supply must be utilized if available. If a non-municipal water source is used, it must be tested for coliform bacteria by a

certified agent yearly and records must be retained for two years. Corrective action must be taken to ensure potability.

(b) All plumbing must be kept in good working order. If a septic tank or other non-municipal sewage disposal system is used, it must be in good working order.

(c) Garbage and refuse must be suitably stored in readily cleanable, rodent proof, covered containers, and removed weekly.

### (d) SMOKING.

(A) The foster provider may not provide tobacco products in any form to a child under the age of 18 placed in their home.

(B) A child in foster care may not be exposed to second hand smoke in the foster home or when being transported.

### (7) TRANSPORTATION SAFETY.

(a) The foster provider must ensure that safe transportation is available for children to access schools, recreation, churches, scheduled medical care, community facilities, and urgent care.

(b) If there is not a licensed driver and vehicle at all times there must be a plan for urgent and routine transportation.

(c) The foster provider must maintain all vehicles used to transport a child in a safe operating condition and must ensure that a first aid kit is in each vehicle.

(d) All motor vehicles owned by the foster provider and used for transporting a child must be insured to include liability.

(e) Only licensed adult drivers must transport a child in foster care in a motor vehicle. The motor vehicle must be insured to include liability.

(f) When transporting a child in foster care, the driver must ensure that the child uses seat belts or appropriate safety seats. Car seats or seat belts must be used for transporting a child in accordance with the Department of Transportation under ORS 815.055.

### Inactive Referral Status; Denial, Suspension, Revocation, Refusal to Renew

(1) INACTIVE REFERRAL STATUS. The Department may require that a foster provider go on inactive referral status. Inactive referral status is a period, not to exceed 24 months or beyond the duration of the foster provider's current certificate, when during that time no agency shall refer additional children to the home and the provider may not accept additional children. The foster provider may request to be placed on inactive referral status. The certifier may recommend that the Department initiate inactive referral status.

(a) The Department may place a foster provider on inactive referral status for reasons including but not limited to the following:

(A) The Department or DHS-CW is currently assessing an allegation of abuse in the home.

(B) The special needs of the child currently in the home require so much of the foster provider's care and attention that additional children may not be placed in the home.

(C) The foster provider has failed to meet individualized training requirements or the Department has asked the foster provider to obtain additional training to enhance his or her skill in caring for the child placed in the home.

(D) The family or members of the household are experiencing significant family or life stress or changes in physical or mental health conditions that may be impairing their ability to provide care. Examples include but are not limited to:

(i) Separation or divorce and relationship conflicts;

(ii) Marriage;

(iii) Death;

(iv) Birth of a child;

(v) Adoption;

(vi) Employment difficulties;

(vii) Relocation;

(viii) Law violation; or

(ix) Significant changes in the care needs of their own family members (children or adults).

(b) The Department shall notify the foster provider immediately upon placing them on inactive referral.

(c) Within 30 days of initiating inactive referral status, the Department shall send a letter to the foster provider that confirms the inactive status, states the reason for the status, and the length of inactive referral status.

# ADMINISTRATIVE RULES

(d) When the foster provider initiates inactive referral status, the inactive status ends at the request of the foster provider and when the Department has determined the conditions that warranted the inactive referral status have been resolved.

(A) There must be no conditions in the home that compromise the safety of the child already placed in the home.

(B) If applicable, a mutually agreed upon plan must be developed to address the issues prior to resuming active status.

(C) The foster provider must be in compliance with all certification rules, including training requirements, prior to a return to active status.

## (2) DENIAL, SUSPENSION, REVOCATION, REFUSAL TO RENEW.

(a) The Department shall deny, suspend, revoke, or refuse to renew a child foster care certificate where it finds there has been substantial failure to comply with these rules.

(b) Failure to disclose requested information on the application or providing falsified, incomplete, or incorrect information on the application shall constitute grounds for denial or revocation of the certificate.

(c) The Department shall deny, suspend, revoke, or refuse to renew a certificate if the foster provider fails to submit a plan of correction, implement a plan of correction, or comply with a final order of the Department.

(d) Failure to comply with OAR 411-346-0200(5) may constitute grounds for denial, revocation, or refusal to renew.

(e) The Department may deny, suspend, revoke, or refuse to renew the child foster home certificate where imminent danger to health or safety of a child exists, including any founded report or substantiated abuse.

(f) The Department shall deny, suspend, revoke, or refuse to renew a certificate if the foster provider has been convicted of any crime that would have resulted in an unacceptable background check as defined in OAR 407-007-0210 upon certification.

(g) Suspension shall result in the removal of a child placed in the foster home and no placements shall be made during the period of suspension.
