(5) Projected program costs exceed the funding available to cover subsidy payments for those enrolled.

(6) The TMIP program ends on March 31, 2014.

Stat. Auth.: ORS 413.032, 413.033
Stats. Implemented: ORS 413.032, 413.033
Hist.: OMIP 1-2013(Temp), f. 12-23-13, cert. ef. 1-1-14 thru 6-30-14

443-003-0100
Misrepresentation/Civil Penalty

OHA may investigate any member or former member for misrepresentation in obtaining subsidy benefits. Such investigations may be through random file audits or by management request.

(1) The member is terminated from TMIP and ineligible to re-enroll in TMIP;

(2) The member is liable for repayment to OHA the full amount of overpayment.

Stat. Auth.: ORS 413.032, 413.033
Stats. Implemented: ORS 413.032, 413.033
Hist.: OMIP 1-2013(Temp), f. 12-23-13, cert. ef. 1-1-14 thru 6-30-14

443-003-0105
Overpayments

(1) Any overpayment amount is a debt owed to the State of Oregon and may be subject to collection. An overpayment may result from administrative error, member error, misrepresentation, or civil penalty.

(2) An overpayment is considered to be member error if it is caused by the member's misunderstanding or error. Examples include, but are not limited to, instances where the member intentionally or unintentionally:

(a) Did not provide correct or complete information to OHA;

(b) Did not report changes in circumstances to OHA

(3) An administrative error overpayment may be caused by any of the following circumstances:

(a) OHA committed a calculation, procedural, or typing error that was no fault of the member;

(4) A misrepresentation error includes but is not limited to the member giving an inaccurate or deliberately false statement of fact that results in an incorrect subsidy level calculation or incorrect receipt of subsidy after enrollment. Misrepresentation may result in a civil penalty.

(5) The TMIP member is having the health insurance premium subsidized by another state government program, such as, but not limited to OHP, and such subsidy results in a double payment for the same health insurance premium.

(6) OHA shall mail notification of overpayments to the member. This written notice shall:

(a) Inform the member of the amount of and the reason for the overpayment;

(b) Inform members of their appeal and contested case hearing rights.

(7) OHA shall collect overpayment amounts in one lump sum if the member is currently enrolled and financially able to repay the overpayment amount in that manner.

(8) If the currently enrolled member is financially unable to pay the amount due in one lump sum, OHA will accept regular installment payments.

(9) If OHA is unable to recover the overpayment amount from the currently enrolled member within overpayment guidelines:

(a) OHA may renegotiate the payment plan agreement with the member.

(b) If OHA is unable to negotiate an acceptable payment plan, the member's TMIP account shall be terminated and the outstanding balance due referred to the Oregon Health Authority (OHA) Fiscal Unit for collection after the member's appeal and hearing rights expire.

(10) If the member submits an appeal or contested case hearing request, OHA shall discontinue any attempts at collection until the conclusion of the appeal or hearing.

(11) If the appeal decision is in the member's favor, OHA shall refund any money collected as overpayment recovery.

Stat. Auth.: ORS 413.032, 413.033
Stats. Implemented: ORS 413.032, 413.033
Hist.: OMIP 1-2013(Temp), f. 12-23-13, cert. ef. 1-1-14 thru 6-30-14

443-003-0110
Collections

(1) OHA staff shall reconcile terminated accounts with unpaid balances.

(2) OHA staff shall notify the member whose account has been terminated in writing of the collection amount. The former member shall have 21 days to appeal before further collection action is taken, unless appeal rights were already extended in other OHA correspondence.

(3) TMIP shall refer the overpayment to the OHA Fiscal Unit for collection after the former member's appeal and hearing rights expire.

Stat. Auth.: ORS 413.032, 413.033
Stats. Implemented: ORS 413.032, 413.033
Hist.: OMIP 1-2013(Temp), f. 12-23-13, cert. ef. 1-1-14 thru 6-30-14

443-003-0115
Subsidy Member Appeals

(1) All OHA correspondence that notifies subsidy members of decisions and determinations shall include appeal language and outline the steps necessary to file an appeal.

(2) A subsidy member may appeal any decision made or action taken by OHA.

(3) To appeal a decision or action, the subsidy member must advise OHA in writing of their desire to appeal. The written appeal request must be postmarked, hand or electronically delivered within 21 calendar days of the date on the notice or action.

(4) The appeal request must include the reasons for the appeal, which shall be limited to the issue(s) cited in the decision or determination.

(5) On its own or if asked by a subsidy member, OHA may consider additional information during the appeal process. If further information is requested by OHA, the member has 15 calendar days from the date on the request to provide the additional information. If the information requested by OHA is not postmarked or delivered within 15 calendar days from the date on the request, the original decision shall be upheld or amended if warranted.

(6) Once OHA has made a decision on appeal, the member shall be notified of the appeal decision.

Stat. Auth.: ORS 413.032, 413.033
Stats. Implemented: ORS 413.032, 413.033
Hist.: OMIP 1-2013(Temp), f. 12-23-13, cert. ef. 1-1-14 thru 6-30-14

443-003-0120
Contested Case Hearings

(1) A member may request a hearing on OHA's appeal decision.

(2) To receive a hearing, the hearing request must be in writing, signed by the member, or their attorney and be postmarked, and hand or electronically delivered no later than 21 calendar days following the date of the appeal decision notice.

(3) The hearing request must include the reasons for the hearing, which shall be limited to the issue(s) cited in the appeal decision notice.

(4) OHA shall participate in a contested case hearing pursuant to ORS 183.413 to 183.470 and may use lay representation per OAR 943-001-0009.

(5) Once a hearing is requested, OHA shall not pursue collection of any alleged overpayment until OHA has issued a final order affirming the overpayment.

Stat. Auth.: ORS 413.032, 413.033
Stats. Implemented: ORS 413.032, 413.033
Hist.: OMIP 1-2013(Temp), f. 12-23-13, cert. ef. 1-1-14 thru 6-30-14

443-003-0125
Extenuating Circumstances

The Program Administrator or designee will review extenuating circumstance requests that may result in exceptions to application of the administrative rules. Requests relating to life circumstances beyond the applicant's control or verifiable third-party interference will be considered. Exceptions will be considered for non-payment of the member's portion of the insurance premium.

Oregon Health Authority, Public Employees' Benefit Board
Chapter 101

Rule Caption: Local government participation implementation as required by the passage of HB 2279 (2013).
Adm. Order No.: PEBB 3-2013(Temp)
Filed with Sec. of State: 12-17-2013
Certified to be Effective: 12-17-13 thru 6-15-14
Notice Publication Date:
Rules Adopted: 101-070-0001, 101-070-0005
Subject: The Oregon Health Authority, Public Employees' Benefit Board (PEBB), is proposing to adopt Oregon Administrative Rules

in Chapter 101, Division 70, relative to local government participation in PEBB health plans.
Rules Coordinator: Cherie Taylor—(503) 378-6296

101-070-0001
Definitions

"Local Government" has the meaning given to it in House Bill 2279 (2013).

Stat. Auth: ORS 243.061-302, 659A.060-069, 743.600-602 & 743.707
Stats. Implemented: ORS 243.061-302 & OL 2007 Ch. 99
Hist.: PEBB 3-2013(Temp), f. & cert. ef. 12-17-13 thru 6-15-14

101-070-0005
Participation Requirements

(1) Notice of Intent to Participate.

(a) Local Governments choosing voluntarily to participate in PEBB must complete and submit to PEBB a written Notice of Intent to Participate. The following notification timeline applies if the Local Government employs:

(A) 50 or fewer participating, eligible employees — 90 days prior to the PEBB Open Enrollment start date (usually October 1), or

(B) More than 50 participating, eligible employees but fewer than 500 participating, eligible employees — 120 days prior to the PEBB Open Enrollment start date, or

(C) More than 500 participating, eligible employees — 180 days prior to the PEBB Open Enrollment start date.

(b) Local Governments employing more than 500 participating, eligible employees that submit a Notice of Intent to Participate may allow individual employee groups entry into PEBB plans upon expiration of collective bargaining agreements that govern employee health and welfare benefits for the individual employee groups.

(2) Financial Participation.

(a) Local Governments must provide PEBB with the most recent two years of medical premium-equivalent rates for self-insured groups and the most recent two years of medical premium rates for fully insured groups either before submitting a Notice of Intent to Participate or accompanied with the Notice of Intent to Participate. Demographic data and logistical data may be requested as well.

(A) If an actuarial plan comparison completed by PEBB's Consultant demonstrates these rates are less than 10% over PEBB's costs during the same two year period, the Local Government may enter participation at current PEBB rates.

(B) If an actuarial plan comparison demonstrates these rates are equal to or over 10% of PEBB's costs during the same two year period, PEBB may add a rate surcharge for up to three years.

(i) Upon entry into PEBB participation, Local Governments with more than 500 self-insured employees must either:

(I) Deposit a sufficient monetary reserve by February 1 of the first plan year to finance the stabilization account of the PEBB revolving fund to the PEBB risk-adjusted level as determined by the PEBB Consultant; or

(II) Agree to pay an additional surcharge to premiums to establish a reserve fund for the Local Government over a period of time as determined by PEBB's Consultant.

(ii) When a Local Government with more than 500 self-insured employees terminates participation in PEBB, it may take its initial contribution paid into the stabilization account of the PEBB revolving fund as determined by PEBB's Consultant.

(iii) When a Local Government provides a cash incentive to a member for opting-out of health coverage and the value of the incentive is 50% or more than the PEBB premium rate for an employee-only tier, PEBB may assess a surcharge to the Local Government.

(iv) Monthly Remittance. For the purpose of subsections (6) through (11), the terms below have the following meanings:

(I) "ACH credit" means a payment initiated by a participating Local Government that is cleared through the Automated Clearing House (ACH) network for deposit to the PEBB treasury account;

(II) "ACH debit" means a payment initiated by PEBB and cleared through the ACH network to debit a participating Local Government's financial account and credit the PEBB treasury account;

(III) "Local Government Payment" means the monthly Local Government Payment to PEBB that includes the contributions of both Local Government as the employer, and its employees as required to pay the monthly premiums in full for selected PEBB benefit plans;

(IV) "Local Government Payment Invoice" means a monthly itemized statement provided by PEBB that includes the enrollment elections of the employees and dependents of a Local Government and the PEBB premium rate associated with the benefit coverage enrollment month.

(V) "Pay-As-Billed" means billing a Local Government based upon its monthly enrollment file in the PEBB.benefits system.

(VI) "Overpayment" means the amount of a Local Government's monthly payment to PEBB that exceeds the amount due.

(VII) "Underpayment" means a payment submitted by a Local Government that is less than the invoiced amount.

(VIII) "Electronic Funds Transfer" refers to a payment through ACH credit or ACH debit.

(IX) "Cover Oregon" refers to the Oregon Health Insurance Exchange public corporation.

(X) "Due date" means the third business day into the current month of coverage.

(v) Local Governments will receive a monthly invoice from PEBB by the first business day of the month of coverage that details the payments due for that month of coverage.

(vi) Local Governments are required to submit payment to PEBB through Electronic Funds Transfer no later than the due date.

(vii) PEBB reserves the right to issue surcharges or take other appropriate measures to Local Governments that submit monthly payments after the due date.

(viii) Local Governments must select an electronic funds transfer method by submitting an Electronic Funds Transfer authorization form to PEBB 45 days prior to participation in a PEBB plan year.

(ix) Local Governments seeking a refund of an overpayment must notify PEBB within 45 calendar days from the date the overpayment occurred;

(I) PEBB will request a refund from a carrier in accordance with the law. The carrier will refund the premium to PEBB back to the date of the termination or the date allowed by law for recoupment.

(II) PEBB will generally reimburse a Local Government overpayment by making an adjustment to the next monthly invoice.

(3) General Participation Requirements.

(a) Local Governments who choose to participate in PEBB must comply with PEBB eligibility, enrollment, and continuation of insurance rules as defined in OAR division 101-010, 101-015 and 101-030, regardless of whether the Local Government is administering a Section 125 Cafeteria Plan.

(b) Local Governments must agree to and sign an inter-governmental agreement with PEBB along with the Notice of Intent to Participate that includes provisions of their participation in PEBB, including, but not limited to, the following participation requirements. Local Governments must:

(A) Retain full authority to define employee-employer premium cost share arrangements compliant with Affordable Care Act (ACA) regulations.

(B) Participate in all benefit coverage types approved and provided by PEBB. All PEBB plans must be available to all benefit eligible employees.

(C) Use the PEBB tiered-rate structure for all benefit coverage types.

(D) Participate in all PEBB health and wellness and programs offered by PEBB.

(E) Comply with the PEBB benefit plan-year cycle, Open Enrollment period, and plan renewal timeline.

(F) Submit all premium payments to PEBB on a monthly basis. Premium submission to PEBB is completed through Electronic Funds Transfer, no later than the due date as indicated by PEBB.

(G) Not transfer to any PEBB plan any deductibles or annual out-of-pocket maximums met with a prior carrier.

(H) Agree that PEBB.benefits is the authority for managing and reporting all billing, eligibility and enrollment information communicated to the insurance plan carriers by PEBB and Local Governments will update employment changes in PEBB.benefits as they occur.

(c) Local governments may allow currently enrolled Early Retirees to participate in PEBB retiree plans only if the retirees participated in the Local Government's retiree medical plan for at least two years prior to January 1, 2014. The PEBB Retiree Rules as defined in OAR division 101-050-0005 et. seq. apply to all Early Retirees.

(d) Local Governments may request transfer of term life insurance coverage through the Local Government group life policy to the PEBB term life insurance policy. PEBB will transfer the life insurance amount in force on the last day the prior group coverage was in effect if requested and documented by the Local Government rounded to the nearest multiple of $10,000. Premium rates for the coverage will be at the current PEBB life insurance rate tier structure.

(e) Local Governments that elect to participate in benefit plans provided by PEBB may elect to terminate participation in PEBB, subject to the following rules:

(I) Termination of participation will be allowed on a one-time basis only; however, Local Governments electing to terminate PEBB plan coverage and electing to participate in Cover Oregon, can elect to return to participate in plans provided by the PEBB. Upon returning to PEBB, a Local Government must again satisfy all Notice of Intent to Participate and other participation requirements.

(II) PEBB may terminate participation of a Local Government within three months of entering PEBB if the Local Government fails to perform any action required by Oregon Revised Statutes (ORS) 243.105 to 243.285 and 292.051 or by PEBB rule.

(f) Local Governments may purchase employee benefits not offered by PEBB or Cover Oregon.

Oregon Health Authority, Public Health Division Chapter 333

Rule Caption: Health Care Acquired Infection Reporting and Public Disclosure
Adm. Order No.: PH 13-2013
Filed with Sec. of State: 12-26-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 11-1-2013
Rules Ren. & Amend: 409-023-0000 to 333-018-0100, 409-023-0005 to 333-018-0105, 409-023-0010 to 333-018-0110, 409-023-0012 to 333-018-0115, 409-023-0013 to 333-018-0120, 409-023-0015 to 333-018-0125, 409-023-0020 to 333-018-0130, 409-023-0025 to 333-018-0135, 409-023-0030 to 333-018-0140, 409-023-0035 to 333-018-0145
Subject: The Oregon Health Authority, Public Health Division is permanently amending and renumbering OAR 409-023-0000 through 409-023-0035 to 333-018-0100 through 333-018-0145 pertaining to health care acquired infection reporting and public disclosure. The HAI Reporting Program used to be housed in the Office for Oregon Health Policy and Research (chapter 409) but has since been moved to the Public Health Division (chapter 333). HB 2094, passed during the 2013 legislative session, was a technical fix bill for the Public Health Division and one of the provisions of the bill was to amend statutes regarding the HAI Reporting Program to reference the Oregon Health Authority instead of the Office for Oregon Health Policy and Research. The renumbering of the rules from chapter 409 to chapter 333 is a result of this legislative change. Other minor housekeeping amendments are also being made to the rules.

In addition, the amendments update references and add two new health care acquired infections (HAIs) to the list of reportable conditions - namely, catheter-associated urinary tract infections (CAUTIs) and methicillin-resistant Staphylococcus aureus infections (MRSAs) as defined in the National Healthcare Safety Network (NHSN) Manual.
Rules Coordinator: Brittany Sande—(971) 673-1291

333-018-0100
Definitions

The following definitions apply to OAR 333-018-0100 through 333-018-0145:

(1) "ASC" means an ambulatory surgical center as defined in ORS 442.015 and that is licensed pursuant to ORS 441.015.

(2) "Authority" means the Oregon Health Authority.

(3) "CBGB" means coronary bypass graft surgery with both chest and graft incisions, as defined in the NHSN Manual.

(4) "CAUTI" means catheter-associated urinary tract infection as defined in the NHSN Manual.

(5) "CDC" means the federal Centers for Disease Control and Prevention.

(6) "CDI" means Clostridium difficile infection as defined in the NHSN Manual.

(7) "CLABSI" means central line associated bloodstream infection as defined in the NHSN Manual.

(8) "CMS" means the federal Centers for Medicare and Medicaid Services.

(9) "COLO" means colon procedures as defined in the NHSN Manual.

(10) "Committee" means the Health Care Acquired Infections Advisory Committee as defined in section 4, chapter 838, Oregon Laws 2007.

(11) "Dialysis facility" means outpatient renal dialysis facility as defined in ORS 442.015.

(12) "Follow-up" means post-discharge surveillance intended to detect CBGB, COLO, HPRO, HYST, KRPO, and LAM surgical site infection (SSI) cases occurring after a procedure.

(13) "HAI" means health care acquired infection as defined in section 2, chapter 838, Oregon Laws 2007.

(14) "Health care facility" means a facility as defined in ORS 442.015.

(15) "Hospital" means a facility as defined in ORS 442.015 and that is licensed pursuant to ORS 441.015.

(16) "Hospital Inpatient Quality Reporting Program" means the initiative administered by CMS and formerly referred to as RHQDAPU.

(17) "HPRO" means hip prosthesis procedure as defined in the NHSN Manual.

(18) "HYST" means abdominal hysterectomy procedure as defined in the NHSN Manual.

(19) "ICU" means an intensive care unit as defined in the NHSN Manual.

(20) "KPRO" means knee prosthesis procedure as defined in the NHSN Manual.

(21) "Lab ID" means laboratory-identified event as defined in the NHSN Manual.

(22) "LAM" means laminectomy procedure as defined in the NHSN Manual.

(23) "LTC facility" means long term care facility as defined in ORS 442.015.

(24) "MDS" mean the Centers for Medicare and Medicaid Services' minimum data set nursing home resident assessment and screening tool, version 2.0 or its successor, including but not limited to manuals, forms, software, and databases.

(25) "Medical ICU" means a non-specialty intensive care unit in which at least 80 percent of patients served are adult medical patients.

(26) "Medical/Surgical ICU" means a non-specialty intensive care unit in which less than 80 percent of patients served are adult medical, adult surgical, or specialty patients.

(27) "MRSA" means methicillin-resistant Staphylococcus aureus as defined in the NHSN Manual.

(28) "NHSN" means the CDC's National Healthcare Safety Network.

(29) "NHSN Inpatient" means a patient whose date of admission to the healthcare facility and the date of discharge are different days as defined in the NHSN Manual.

(30) "NHSN Manual" means the Patient Safety Component Protocol of the NHSN manual, version January 2013.

(31) "NICU" means a specialty intensive care unit that cares for neonatal patients.

(32) "Oregon HAI group" means the NHSN group administered by the Authority.

(33) "Overall-facility wide" means data are collected for the entire facility as defined in the NHSN Manual.

(34) "Patient information" means individually identifiable health information as defined in ORS 179.505.

(35) "Person" has the meaning given that term in ORS 442.015.

(36) "Procedure" means an NHSN operative procedure as defined in the NHSN Manual.

(37) "Provider" means health care services provider as defined in ORS 179.505.

(38) "QIO" means the quality improvement organization designated by CMS for Oregon.

(39) "RHQDAPU" means the Reporting Hospital Quality Data for Annual Payment Update initiative administered by CMS.

(40) "SCIP" means the Surgical Care Improvement Project.

(41) "SCIP-Inf-1" means the HAI process measure published by SCIP defined as prophylactic antibiotic received within one hour prior to surgical incision.

(42) "SCIP-Inf-2" means the HAI process measure published by SCIP defined as prophylactic antibiotic selection for surgical patients.

(43) "SCIP-Inf-3" means the HAI process measure published by SCIP defined as prophylactic antibiotics discontinued within 24 hours after surgery end time (48 hours for cardiac patients).

(44) "SCIP-Inf-4" means the HAI process measure published by SCIP defined as cardiac surgery patients with controlled 6 a.m. postoperative serum glucose.

(45) "SCIP-Inf-6" means the HAI process measure published by SCIP defined as surgery patients with appropriate hair removal.

(46) "SCIP-Inf-9" means urinary catheter removed on postoperative day 1 or postoperative day 2 with day of surgery being day zero.

(47) "SCIP-Inf-10" means the HAI process measure published by SCIP defined as surgery patients with perioperative temperature management.

(48) "Specialty ICU" means an intensive care unit in which at least 80 percent of adult patients served are specialty patients, including but not limited to oncology, trauma, and neurology.

(49) "SSI" means a surgical site infection event as defined in the Patient Safety Component Protocol of the NHSN manual, version January 2013.

(50) "Staff" means any employee of a health care facility or any person contracted to work within a health care facility.

(51) "State agency" has the meaning given that term in ORS 192.410.

(52) "Surgical ICU" means a non-specialty intensive care unit in which at least 80 percent of patients served are adult surgical patients.

Stat. Auth.: ORS 442.420 & OL 2007, Ch. 838 § 1-6 & 12
Stats. Implemented: ORS 179.505, 192.410, 192.496, 192.502, 441.015, 442.011, 442.400, 442.405, & OL 2007, Ch. 838 § 1-6 &12

333-018-0105
Review

Unless otherwise directed by the Authority, the committee shall review these rules (OAR 333-018-0100 through 333-018-0145) at least biennially.

Stat. Auth.: ORS 442.420 & 2007 OL Ch. 838 § 1–6 & 12
Stats. Implemented: 2007 OL Ch. 838 § 1–6 & 12
Hist.: OHP 1-2008, f. & cert. ef. 7-1-08; Renumbered from 409-023-0005 by PH 13-2013, f. 12-26-13, cert. ef. 1-1-14

333-018-0110
HAI Reporting for Hospitals

(1) All hospitals shall collect data for HAI outcome and process measures for the HAI reporting program in accordance with these rules, except:

(a) Hospitals shall report facility-wide inpatient MRSA bacteremia data using the Lab-ID method for MRSA bacteremia in the NHSN MDRO and CDI Module protocol for services provided in hospitals on or after January 1, 2014.

(b) Hospitals shall report NHSN inpatient CAUTI events in adult and pediatric ICUs for services provided on or after January 1, 2014.

(2) Reportable HAI outcome measures are:

(a) SSIs for NHSN Inpatient CBGB, COLO, HPRO, HYST, KPRO, and LAM procedures.

(b) CLABSI in medical ICUs, surgical ICUs, and combined medical/surgical ICUs.

(c) NHSN Inpatient CDI facility-wide.

(d) NHSN Inpatient MRSA bacteremia facility-wide.

(e) CAUTI in adult and pediatric ICUs.

(3) The infection control professional (ICP), as defined by the facility, shall actively seek out infections defined in subsections (2)(a) and (e) of this rule during a patient's stay by screening a variety of data that may include but is not limited to:

(a) Laboratory;

(b) Pharmacy;

(c) Admission;

(d) Discharge;

(e) Transfer;

(f) Radiology;

(g) Imaging;

(h) Pathology; and

(i) Patient charts, including history and physical notes, nurses and physicians notes, and temperature charts.

(4) The ICP shall use follow-up surveillance methods to detect SSIs for procedures defined in subsection (2)(a) of this rule using at least one of the following:

(a) Direct examination of patients' wounds during follow-up visits to either surgery clinics or physicians' offices;

(b) Review of medical records, subsequent hospitalization records, or surgery clinic records;

(c) Surgeon surveys by mail or telephone;

(d) Patient surveys by mail or telephone; or

(e) Other facility surveys by mail or telephone.

(5) Others employed by the facility may be trained to screen data sources for these infections, but the ICP must determine that the infection meets the criteria established by these rules.

(6) The HAI reporting system for HAI outcome measures shall be NHSN. Each Oregon hospital shall comply with processes and methods prescribed by CDC for NHSN data submission. These include but are not limited to definitions, data collection, data reporting, and administrative and training requirements. Each Oregon hospital shall:

(a) Join the Oregon HAI group in NHSN.

(b) Authorize disclosure of NHSN data to the Authority as necessary for compliance with these rules, including but not limited to summary data and denominator data for all SSIs, the annual hospital survey and data analysis components for all SSIs, and summary data and denominator data for all medical ICUs, surgical ICUs, and combined medical/surgical ICUs.

(c) Report its data for outcome measures to NHSN no later than 30 days after the end of the collection month. The NHSN field "Discharge Date" is mandatory for all outcome measures.

(7) Each hospital shall report on a quarterly basis according to OAR 333-018-0110(1) the following HAI process measures:

(a) SCIP-Inf-1;

(b) SCIP-Inf-2;

(c) SCIP-Inf-3;

(d) SCIP-Inf-4;

(e) SCIP-Inf-6;

(f) SCIP-Inf-9; and

(g) SCIP-Inf-10.

(8) The reporting system for HAI process measures shall be the Hospital Inpatient Quality Reporting Program, formerly referred to as the RHQDAPU program as configured on July 1, 2008. Each Oregon hospital shall:

(a) Comply with reporting processes and methods prescribed by CMS for the RHQDAPU program. These include but are not limited to definitions, data collection, data reporting, and administrative and training requirements; and

(b) Report data quarterly for HAI process measures. Data must be submitted to and successfully accepted into the QIO clinical warehouse no later than 11:59 p.m. central time, on the 15th calendar day, four months after the end of the quarter.

(9) For NICUs, the HAI reporting system for outcome measures shall be NHSN. Each Oregon hospital with a NICU shall comply with processes and methods prescribed by NHSN for the CLABSI reporting, including but not limited to definitions, data collection, data submission, and administrative and training requirements. Each Oregon hospital shall:

(a) Authorize disclosure of NHSN data to the Authority as necessary for compliance with these rules, including but not limited to facility identifiers.

(b) Submit NICU data to NHSN according to the NHSN Manual.

(10) Each hospital shall complete an annual survey, as defined by the Authority, of influenza vaccination of staff and submit the completed survey to the Authority. The survey shall include but not be limited to the following questions regarding influenza vaccine coverage of facility staff:

(a) Number of staff with a documented influenza vaccination during the previous influenza season;

(b) Number of staff with a documented medical contraindication to influenza vaccination during the previous influenza season;

(c) Number of staff with a documented refusal of influenza vaccination during the previous influenza season; and

(d) Facility assessment of influenza vaccine coverage of facility staff during the previous influenza season and plans to improve vaccine coverage of facility staff during the upcoming influenza season.

333-018-0115
HAI Reporting for Ambulatory Surgery Centers

(1) Each ASC shall complete a survey of evidenced-based elements of patient safety performance as defined by the Authority.

(2) The survey shall be submitted annually by each ASC to the Authority no later than 30 days after receipt of the survey.

(3) Each ASC shall complete an annual survey, as defined by the Authority, of influenza vaccination of staff and submit the completed survey to the Authority. The survey shall include but not be limited to the following questions regarding influenza vaccine coverage of facility staff:

(a) Number of staff with a documented influenza vaccination during the previous influenza season;

(b) Number of staff with a documented medical contraindication to influenza vaccination during the previous influenza season;

(c) Number of staff with a documented refusal of influenza vaccination during the previous influenza season; and

(d) Facility assessment of influenza vaccine coverage of facility staff during the previous influenza season and plans to improve vaccine coverage of facility staff during the upcoming influenza season.

333-018-0120
HAI Reporting for Long Term Care Facilities

(1) The HAI Reporting System for outcome measures shall be MDS.

(2) Reportable HAI outcome measures are from MDS and include the data element, "urinary tract infection in the last 30 days."

(3) Each LTC facility shall comply with reporting processes and methods prescribed by CMS for MDS. These include but are not limited to definitions, data collection, data submission, and administrative and training requirements.

(4) Each LTC facility shall complete an annual survey, as defined by the Authority, of influenza vaccination of staff and submit the completed survey to the Authority. The survey shall include but not be limited to the following questions regarding influenza vaccine coverage of facility staff:

(a) Number of staff with a documented influenza vaccination during the previous influenza season;

(b) Number of staff with a documented medical contraindication to influenza vaccination during the previous influenza season;

(c) Number of staff with a documented refusal of influenza vaccination during the previous influenza season; and

(d) Facility assessment of influenza vaccine coverage of facility staff and volunteers during the previous influenza season and plans to improve vaccine coverage of facility staff during the upcoming influenza season.

333-018-0125
HAI Reporting for Other Health Care Facilities

Dialysis facilities shall submit data for the HAI reporting program for services provided on or after January 1, 2013 Dialysis facilities that report events data to the Centers for Medicare and Medicaid (CMS) shall be considered to comply with HAI reporting requirements if these dialysis facilities provide the same data to the Authority, or permits the Authority to have access to the same data, as is reported to CMS.

333-018-0130
HAI Public Disclosure

(1) The Authority shall disclose to the public updated facility-level and state-level HAI rates at least quarterly.

(2) The Authority may disclose state-level and facility-level HAI data, including but not limited to observed frequencies, expected frequencies, proportions, and ratios.

(3) The Authority shall summarize HAI data by facilities subject to this reporting in an annual report. The Authority shall publish the annual report no later than April 30 of each calendar year.

(4) The Authority shall disclose data and accompanying explanatory documentation in a format that facilitates access and use by the general public and health care providers.

(5) The Authority may use statistically valid methods to make comparisons by facility, and to state, regional, and national statistics.

(6) The Authority shall provide a maximum of 30 calendar days for facilities to review facility-reported data prior to public release of data.

(7) The Authority shall provide facilities the opportunity to submit written comments and may include any submitted information in the annual report.

(8) Pending recommendations from the committee, the Authority may publish additional reports intended to serve the public's interest.

Stat. Auth.: ORS 442.420 & 2007 OL Ch. 838 § 1–6 & 12
Stats. Implemented: ORS 442.405, 192.496, 192.502, 192.243, 192.245 & 2007 OL Ch. 838 § 1–6 & 12

333-018-0135
HAI Data Processing and Security

(1) The Authority shall obtain hospital outcome measure data files directly from NHSN at least quarterly.

(2) The Authority shall obtain hospital process measure data files from the CMS hospital compare website at least quarterly.

(3) The Authority shall calculate state-level and facility-level statistics to facilitate HAI public disclosure. These statistics may include but are not limited to observed frequencies, expected frequencies, proportions, rates, and ratios. The Authority shall make public the methods used to calculate statistics and perform comparisons.

(4) The Authority shall use statistically valid risk adjustment methods recommended by the committee including but not limited to NHSN methodology.

(5) The Authority shall undertake precautions to prevent unauthorized disclosure of the raw data files. These precautions include but are not limited to:

(a) Storing the raw data files on the internal storage hardware of a password-protected personal computer that is physically located within the Authority;

(b) Restricting staff access to the raw data files;

(c) Restricting network access to the raw data files; and

(d) If applicable, storing patient information within a strongly-encrypted and password-protected virtual drive or using other methods to reliably achieve the same level of security.

333-018-0140
Prohibited Activities

Unless specifically required by state or federal rules, regulations, or statutes, the Authority is prohibited from:

(1) Disclosing individually identifiable patient, health care professional, or health care facility employee information;

(2) Intentionally linking or attempting to link individual providers to individual HAI events; and

(3) Providing patient-level or provider-level reportable HAI data to any state agency for enforcement or regulatory actions.

Rule Caption: Edits, amendments, and adoption of rules related to Radiation Protection Services
Adm. Order No.: PH 14-2013
Filed with Sec. of State: 12-26-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 11-1-2013

Rules Adopted: 333-106-0735
Rules Amended: 333-116-0660, 333-116-0680, 333-116-0683, 333-116-0687, 333-116-0690, 333-116-0700, 333-116-0715, 333-118-0040, 333-119-0010, 333-119-0090, 333-119-0110
Subject: The Oregon Health Authority, Public Health Division, Center for Health Protection is permanently amending and adopting Oregon Administrative Rules related to the programs within the Radiation Protection Services.

The Radiation Materials Licensing program is amending rules to comply with the Nuclear Regulatory Commission's (NRC) 10 CFR Parts 1-50 by correcting rule cross referencing pertaining to the training requirements for the medical use of radioactive materials. OAR 333-118-0040 is being revised to correct an omission within the rule allowing physicians to transport radioactive materials. Rule amendments do not impact current practices, but provides for clarity regarding rule referencing.

The X-ray program is adopting rules relating to the passage of Senate Bill 420 by the 2013 Legislative Assembly which requires facilities that perform mammography to notify the patient and healthcare provider if results identify the presence of dense breast tissue and to inform the patient of the possibility of unrecognized breast cancer. The rule also recommends the appropriateness of supplemental testing.

The Tanning program is adopting rules relating to the passage of House Bill 2896 by the 2013 Legislative Assembly. House Bill 2896 prohibits tanning facilities from allowing a person who is under 18 years of age to use a tanning device owned or operated by the facility except as directed by a licensed physician and to post a notice in a conspicuous space that communicates that persons under the age of 18 are not allowed to use a tanning device.
Rules Coordinator: Brittany Sande—(971) 673-1291

333-106-0735
Breast Density Notification

(1) As used in this rule:

(a) "Breast Density" refers to the relative amount of different tissues present in the breast. A dense breast has less fat than glandular and connective tissue. Mammogram films of breasts with higher density are harder to read and interpret than those of less dense breasts. (Source: National Cancer Institute).

(b) "Facility" has the meaning given that term in 42 U.S.C. 263b and includes but is not limited to a hospital, outpatient department, clinic, radiology practice, or mobile unit, an office of a physician, or other facility that conducts breast cancer screening or diagnosis through mammography activities. "Facility" does not include a facility of the Department of Veterans Affairs.

(c) "Mammography activities" means the operation of equipment to produce a mammogram, the processing of the film, the initial interpretation of the mammogram and the viewing conditions for that interpretation.

(2) In all cases where a mammogram shows a patient has extreme breast density, the facility shall incorporate the following notification within the lay summary mammography report provided to the patient. When a mammogram shows a patient has heterogeneous breast density, the decision of whether or not to incorporate the patient notification is left to the interpreting radiologist's discretion:

DENSE BREAST TISSUE NOTIFICATION

Your mammogram shows that your breast tissue is dense. For most women, breast density decreases with age, but in some women, there is little change. Dense breast tissue is common and is not abnormal. However, dense breast tissue can make it harder to find cancer on a mammogram and may also be associated with an increased risk of breast cancer. This information is provided to you by Oregon State Law to raise your awareness and to promote discussion with your health care provider about your own risk for breast cancer. Together, you can decide if additional breast imaging tests such as a breast ultrasound, Magnetic Resonance Imaging (MRI) or Breast-Specific-Gamma-Imaging (BSGI) would be beneficial based on your risk factors and physical examinations. A report of your results was sent to your health care provider.

(3) The Dense Breast Tissue Notification statement and guidelines shall be included in the facility's policy on how they communicate mammography results to the patient and their health care providers.

333-116-0660
Training for Uptake, Dilution or Excretion Studies

Except as provided in OAR 333-116-0740, the licensee shall require the authorized user of a radiopharmaceutical listed in 333-116-0300 to be a physician who:

(1) Is certified by a medical specialty board whose certification process has been recognized by the Nuclear Regulatory Commission or an Agreement State and who meets the requirements in section (4) of this rule (The names of board certifications recognized by the NRC or an Agreement State are posted on the NRC's website). To have its certification process recognized, a specialty board shall require all candidates for certification to:

(a) Complete 60 hours of training and experience in basic radionuclide handling techniques applicable to the medical use of unsealed byproduct material for uptake, dilution, and excretion studies. The training and experience must include paragraphs (3)(a)(A) through (3)(b)(F) of this rule; and

(b) Pass an examination administered by diplomats of the specialty board that assesses knowledge and competence in radiation safety, radionuclide handling and quality control; or

(2) Is an authorized user under OAR 333-116-0670, 333-116-0680, or equivalent Nuclear Regulatory Commission or Agreement State requirements; or

(3) Has completed 60 hours of training and experience, including a minimum of eight hours of classroom and laboratory training, in basic radionuclide handling techniques and radiation safety applicable to the medical use of unsealed byproduct material for uptake, dilution, and excretion studies. The training and experience must include:

(a) Classroom and laboratory training in the following areas:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity;

(D) Chemistry of byproduct material for medical use; and

(E) Radiation biology; and

(b) Work experience, under the supervision of an authorized user who meets the requirements in OAR 333-116-0660, 333-116-0670, 333-116-0680 and 333-116-0740 or Nuclear Regulatory Commission or equivalent Agreement State requirements, involving:

(A) Ordering, receiving, and unpacking radioactive materials safely and performing the related radiation surveys;

(B) Performing quality control procedures on instruments used to determine the activity of dosages and performing checks for proper operation of survey meters;

(C) Calculating, measuring and safely preparing patient or human research subject dosages;

(D) Using administrative controls to prevent a medical event involving the use of unsealed byproduct material;

(E) Using procedures to contain spilled byproduct material safely and using proper decontamination procedures; and

(F) Administering dosages of radiopharmaceutical drugs to patients or human research subjects; and

(4) Has obtained written attestation, signed by a preceptor authorized user who meets the requirements, in OAR 333-116-0740, 333-116-0660, 333-116-0670, or 333-116-0680, or Nuclear Regulatory Commission or equivalent Agreement State requirements, that the individual has satisfactorily completed the requirements in subsection (1)(a) or section (3) of this rule and has achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under 333-116-0300.

333-116-0680
Training for Therapeutic Use of Radiopharmaceuticals

Except as provided in OAR 333-116-0740, the licensee must require an authorized user of unsealed byproduct material for the uses authorized under 333-116-0360 to be a physician who:

(1) Is certified by a medical specialty board whose certification process has been recognized by the Commission or an Agreement State and who meets the requirements in paragraph (2)(b)(F) and subparagraph (2)(b)(F)(ii) of this rule. (Specialty boards whose certification processes

have been recognized by the Nuclear Regulatory Commission or an Agreement State will be posted on the Nuclear Regulatory Commission's webpage). To be recognized, a specialty board shall require all candidates for certification to:

(a) Successfully complete residency training in a radiation therapy or nuclear medicine training program or a program in a related medical specialty. These residency training programs must include 700 hours of training and experience as described in section (2) and subsection (2)(b). Eligible training programs must be approved by the Residency Review Committee of the Accreditation Council for Graduate Medical Education, the Royal College of Physicians and Surgeons of Canada, or the Committee on Post-Graduate Training of the American Osteopathic Association; and

(b) Pass an examination, administered by diplomats of the specialty board, which tests knowledge and competence in radiation safety, radionuclide handling, quality assurance, and clinical use of unsealed byproduct material for which a written directive is required; or

(2) Has completed 700 hours of training and experience, including a minimum of 200 hours of classroom and laboratory training in basic radionuclide handling techniques applicable to the medical use of unsealed byproduct material requiring a written directive. The training and experience must include:

(a) Classroom and laboratory training in the following areas:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity;

(D) Chemistry of byproduct material for medical use; and

(E) Radiation biology; and

(b) Work experience, under the supervision of an authorized user who meets the requirements in OAR 333-116-0740, and sections (1) and (2) of this rule, or Nuclear Regulatory Commission or equivalent Agreement State requirements. A supervising authorized user, who meets the requirements in section (2) of this rule, must have experience in administering dosages in the same dosage category or categories as given in 333-116-0680(2)(b)(F) as the individual requesting authorized user status. The work experience must involve:

(A) Ordering, receiving, and unpacking radioactive materials safely and performing the related radiation surveys;

(B) Performing quality control procedures on instruments used to determine the activity of dosages, and performing checks for proper operation of survey instruments;

(C) Calculating, measuring, and safely preparing patient or human research subject dosages;

(D) Using administrative controls to prevent a medical event involving the use of unsealed byproduct material;

(E) Using procedures to contain spilled byproduct material safely and using proper decontamination procedures; and

(F) Administering dosages of radiopharmaceutical drugs to patients or human research subjects involving a minimum of three cases in each of the following categories for which the individual is requesting authorized user status:

(i) Oral administration of less than or equal to 1.22 Gigabecquerels (33 millicuries) of sodium iodide I-131;

(ii) Oral administration of greater than 1.22 Gigabecquerels (33 millicuries) of sodium iodide I-131;

NOTE: Experience with at least three cases in Category (vii)(2) also satisfies the requirement in Category (vii)(A).

(iii) Parenteral administration of any beta emitter or a photon-emitting radionuclide with a photon energy less than 150 keV; or

(iv) Parenteral administration of any other radionuclide; and

(c) Has obtained written attestation that the individual has satisfactorily completed the requirements in sections (1) and (2) and (2)(b)(F) of this rule, and has achieved a level of competency sufficient to function independently as an authorized user for the medical uses authorized under OAR 333-116-0360. The written attestation must be signed by a preceptor authorized user who meets the requirements in 333-116-0740, 333-116-0680 or equivalent Nuclear Regulatory Commission or Agreement State requirements. The preceptor authorized user, who meets the requirements in section (2) of this rule, must have experience in administering dosages in the same dosage category or categories as given in 333-116-0680(2)(b)(F)(i), (ii), (iii), or (iv) as the individual requesting authorized user status.

333-116-0683

Training for the Oral Administration of Sodium Iodide I-131 Requiring a Written Directive in Quantities Less Than or Equal to 1.22 Gigabecquerels (33 millicuries)

Except as provided in OAR 333-116-0740, the licensee shall require an authorized user for the oral administration of sodium iodide I-131 requiring a written directive and the total treatment quantity is less than or equal to 1.22 Gigabecquerels (33 millicuries), to be a physician who:

(1) Is certified by a medical specialty board whose certification process includes all of the requirements in section (3) of this rule and whose certification has been recognized by the Nuclear Regulatory Commission or an Agreement State and who meets the requirements in subsection (3)(c) of this rule. (The names of board certifications which have been recognized by the Nuclear Regulatory Commission or an Agreement State are posted on the Nuclear Regulatory Commission's webpage); or

(2) Is an authorized user under OAR 333-116-0680 for uses listed in 333-116-0680(2)(b)(F)(i) or (ii) or 333-116-0687, or equivalent Agreement State requirements; or

(3) Has successfully completed 80 hours of classroom and laboratory training, applicable to the medical use of sodium iodide I-131 for procedures requiring a written directive.

(a) The training must include:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity;

(D) Chemistry of byproduct material for medical use; and

(E) Radiation biology; and

(b) Has work experience, under the supervision of an authorized user who meets the requirements in OAR 333-116-0680, 333-116-0683, 333-116-0687, 333-116-0740 or equivalent Nuclear Regulatory Commission or Agreement State requirements. A supervising authorized user who meets the requirements in 333-116-0680(2) must have experience in administering dosages as specified in 333-116-0680(2)(b)(F)(i) or (ii). The work experience must involve:

(A) Ordering, receiving, and unpacking radioactive materials safely and performing the related radiation surveys;

(B) Calibrating instruments used to determine the activity of dosages and performing checks for proper operation for survey meters;

(C) Calculating, measuring, and safely preparing patient or human research subject dosages;

(D) Using administrative controls to prevent a medical event involving the use of byproduct material;

(E) Using procedures to contain spilled byproduct material safely and using proper decontamination procedures; and

(F) Administering dosages to patients or human research subjects, that includes at least three cases involving the oral administration of less than or equal to 1.22 Gigabecquerels (33 millicuries) of sodium iodide I-131; and

(c) Has obtained written attestation that the individual has satisfactorily completed the requirements in subsections (3)(a) and (3)(b) of this rule and has achieved a level of competency sufficient to function independently as an authorized user for medical uses authorized under OAR 333-116-0360. The written attestation must be signed by a preceptor authorized user who meets the requirements in 333-116-0740, 333-116-0680, 333-116-0683, 333-116-0687 or equivalent Nuclear Regulatory Commission or Agreement State requirements. A preceptor authorized user, who meets the requirement in 333-116-0680(2), must also have experience in administering dosages as specified in 333-116-0680(2)(b)(F)(i) and (ii).

Qualifications for Authorized User for Oral Administration When a Written Directive is Required

Except as provided in OAR 333-116-0740, the licensee must require an authorized user for the oral administration of sodium iodide I-131 requiring a written directive in quantities greater than 1.22 Gigabecquerels (33 millicuries), to be a physician who:

(1) Is certified by a medical specialty board whose certification process includes all of the requirements in subsection (3)(a) and (3)(b) of this rule and whose certification has been recognized by the Commission or

an Agreement State, and who meets the requirements in subsection (3)(c) of this rule. (The names of board certifications which have been recognized by the Nuclear Regulatory Commission or an Agreement State are posted on the Nuclear Regulatory Commission webpage); or

(2) Is an authorized user under OAR 333-116-0680 for uses listed in 333-116-0680(2)(b)(F)(ii), or equivalent Nuclear Regulatory commission or Agreement State requirements; or

(3) Has successfully completed 80 hours of classroom and laboratory training, applicable to the medical use of sodium iodide I-131 for procedures requiring a written directive.

(a) The training must include:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity;

(D) Chemistry of byproduct material for medical use; and

(E) Radiation biology; and

(b) Has work experience, under the supervision of an authorized user who meets the requirements in OAR 333-116-0680, 333-116-0687, 333-116-0740, or equivalent Nuclear Regulatory Commission or Agreement State requirements. A supervising authorized user, who meets the requirements in 333-116-0680(2), must have experience in administering dosages as specified in 333-116-0680(2)(b)(F)(ii). The work experience must involve:

(A) Ordering, receiving, and unpacking radioactive materials safely and performing the related radiation surveys;

(B) Calibrating instruments used to determine the activity of dosages and performing checks for proper operation for survey meters;

(C) Calculating, measuring, and safely preparing patient or human research subject dosages;

(D) Using administrative controls to prevent a medical event involving the use of byproduct material;

(E) Using procedures to contain spilled byproduct material safely and using proper decontamination procedures; and

(F) Administering dosages to patients or human research subjects, that includes at least three cases involving the oral administration of greater than 1.22 Gigabecquerels (33 millicuries) of sodium iodide I-131; and

(c) Has obtained written attestation that the individual has satisfactorily completed the requirements in subsections (3)(a) and (3)(b) of this rule, and has achieved a level of competency sufficient to function independently as an authorized user for medical uses authorized under OAR 333-116-0360. The written attestation must be signed by a preceptor authorized user who meets the requirements in 333-116-0680, 333-116-0687, 333-116-0740, or equivalent Agreement State requirements. A preceptor authorized user, who meets the requirements in 333-116-0680(2), must have experience in administering dosages as specified in 333-116-0680(2)(b)(F)(ii).

333-116-0690
Training for Therapeutic Use of Brachytherapy Source

Except as provided in OAR 333-116-0740, the licensee must require the authorized user using manual brachytherapy sources specified in 333-116-0420 for therapy to be a physician who:

(1) Is certified by a medical specialty board whose certification process includes all of the requirements in section (2) of this rule. (The names of board certifications which have been recognized by the Commission or an Agreement State are posted on the NRC's webpage.) To have its certification process recognized, a specialty board shall require all candidates for certification to:

(a) Successfully complete a minimum of three years of residency training in a radiation oncology program approved by the Residency Review Committee of the Accreditation Council for Graduate Medical Education or the Royal College of Physicians and Surgeons of Canada or the Committee on Post-Graduate Training of the American Osteopathic Association; and

(b) Pass an examination, administered by diplomates of the specialty board, that tests knowledge and competence in radiation safety, radionuclide handling, treatment planning, quality assurance, and clinical use of manual brachytherapy; or

(2) Has completed a structured educational program in basic radionuclide handling techniques applicable to the use of manual brachytherapy sources that includes:

(a) 200 hours of classroom and laboratory training in the following areas:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity; and

(D) Radiation biology; and

(b) 500 hours of work experience, under the supervision of an authorized user who meets the requirements in this rule, OAR 333-116-0740 or equivalent Nuclear Regulatory Commission or Agreement State requirements at a medical institution, involving:

(A) Ordering, receiving, and unpacking radioactive materials safely and performing the related radiation surveys;

(B) Checking survey meters for proper operation;

(C) Preparing, implanting, and removing brachytherapy sources;

(D) Maintaining running inventories of material on hand;

(E) Using administrative controls to prevent a medical event involving the use of byproduct material; and

(F) Using emergency procedures to control byproduct material; and

(c) Has completed three years of supervised clinical experience in radiation oncology, under an authorized user who meets the requirements in OAR 333-116-0740, 333-116-0690, or equivalent Nuclear Regulatory Commission or Agreement State requirements, as part of a formal training program approved by the Residency Review Committee for Radiation Oncology of the Accreditation Council for Graduate Medical Education, or the Royal College of Physicians and Surgeons of Canada, or the Committee on Postdoctoral Training of the American Osteopathic Association. This experience may be obtained concurrently with the supervised work experience required by paragraph (2)(b) of this rule; and

(d) Has obtained written attestation, signed by a preceptor authorized user who meets the requirements in OAR 333-116-0740, 333-116-0690, or equivalent Nuclear Regulatory Commission or Agreement State requirements, that the individual has satisfactorily completed the requirements in subsection (1)(a), or subsections (2)(a), (2)(b) and (2)(c) of this rule and has achieved a level of competency sufficient to function independently as an authorized user of manual brachytherapy sources for the medical uses authorized under 333-116-0420.

333-116-0700
Training for Ophthalmic Use of Strontium-90

Except as provided in OAR 333-116-0740, the licensee must require the authorized user using only strontium-90 for ophthalmic radiotherapy to be a physician who:

(1) Is an authorized user under OAR 333-116-0690 or equivalent Nuclear Regulatory Commission or Agreement State requirements; or

(2) Has completed 24 hours of classroom and laboratory training applicable to the medical use of strontium-90 for ophthalmic radiotherapy.

(a) The training must include:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity; and

(D) Radiation biology; and

(b) Supervised clinical training in ophthalmic radiotherapy under the supervision of an authorized user at a medical institution that includes the use of strontium-90 for the ophthalmic treatment of five individuals. This supervised clinical training must involve:

(A) Examination of each individual to be treated;

(B) Calculation of the dose to be administered;

(C) Administration of the dose;

(D) Follow up and review of each individual's case history; and

(E) Has obtained written attestation, signed by a preceptor authorized user who meets the requirements in OAR 333-116-0740, 333-116-0690, 333-116-0700, or equivalent Nuclear Regulatory Commission or Agreement State requirements, that the individual has satisfactorily completed the requirements in section (2) of this rule and has achieved a level of competency sufficient to function independently as an authorized user of strontium-90 for ophthalmic use.

333-116-0715

Training for the Parenteral Administration of Unsealed Byproduct Material Requiring a Written Directive

Except as provided in OAR 333-116-0740, the licensee shall require an authorized user for the parenteral administration requiring a written directive, to be a physician who:

(1) Is an authorized user under OAR 333-116-0680 for uses listed in 333-116-0680(2)(b)(F)(iii) or 333-116-0680(2)(b)(F)(iv) or equivalent Agreement State requirements; or

(2) Is an authorized user under OAR 333-116-0690 or 333-116-0720, or equivalent Agreement State or Nuclear Regulatory Commission requirements and who meets the requirements in section (4) of this rule; or

(3) Is certified by a medical specialty board whose certification process has been recognized by the Nuclear Regulatory Commission or an Agreement State under OAR 333-116-0690 or 333-116-0720, and who meets the requirements in section (4) of this rule.

(4) Has successfully completed 80 hours of classroom and laboratory training, applicable to parenteral administrations, for which a written directive is required, of any beta emitter, or any photon-emitting radionuclide with a photon energy less than 150 keV, or parenteral administration of any other radionuclide for which a written directive is required.

(a) The training must include:

(A) Radiation physics and instrumentation;

(B) Radiation protection;

(C) Mathematics pertaining to the use and measurement of radioactivity;

(D) Chemistry of byproduct material for medical use; and

(E) Radiation biology; and

(b) Has work experience, under the supervision of an authorized user who meets the requirements in OAR 333-116-0680, 333-116-0715, 333-116-0740 or equivalent Nuclear Regulatory Commission or Agreement State requirements, in the parenteral administration, for which a written directive is required, of any beta emitter, or any photon-emitting radionuclide with a photon energy less than 150 keV, or parenteral administration of any other radionuclide for which a written directive is required. A supervising authorized user who meets the requirements in 333-116-0680 must have experience in administering dosages as specified in 333-116-0680(2)(b)(F)(iii) or 333-116-0680(2)(b)(F)(iv). The work experience must involve:

(A) Ordering, receiving, and unpacking radioactive materials safely, and performing the related radiation surveys;

(B) Performing quality control procedures on instruments used to determine the activity of dosages, and performing checks for proper operation of survey meters;

(C) Calculating, measuring, and safely preparing patient or human research subject dosages;

(D) Using administrative controls to prevent a medical event involving the use of unsealed byproduct material;

(E) Using procedures to contain spilled byproduct material safely, and using proper decontamination procedures; and

(F) Administering dosages to patients or human research subjects, that include at least three cases involving the parenteral administration, for which a written directive is required, of any beta emitter, or any photon-emitting radionuclide with a photon energy less than 150 keV and at least three cases involving the parenteral administration of any other radionuclide, for which a written directive is required; and

(c) Has obtained written attestation that the individual has satisfactorily completed the requirements in sections (2) or (3) of this rule, and has achieved a level of competency sufficient to function independently as an authorized user for the parenteral administration of unsealed byproduct material requiring a written directive. The written attestation must be signed by a preceptor authorized user who meets the requirements in OAR 333-116-0680, 333-116-0715, 333-116-0740 or equivalent Agreement State requirements. A preceptor authorized user, who meets the requirements in 333-116-0680, must have experience in administering dosages as specified in 333-116-0680(2)(b)(F)(iii) or 333-116-0680(2)(b)(F)(iv).

Exemptions

(1) Common and contract carriers, freight forwarders, and warehouse workers that are subject to the requirements of the U.S. Department of Transportation in 49 CFR 170 through 189 or the U.S. Postal Service in the U.S. Postal Service Manual Domestic Mail Manual, (DMM), section C-023.9.0 are exempt from the rules in chapter 333, divisions 102, 105, 113, 115, 116, 117, and 121 and the requirements for a license to the extent that they transport or store radioactive material in the regular course of their carriage for others or storage incident thereto. Common and contract carriers who are not subject to the requirements of the U.S. Department of Transportation or U.S. Postal Service are subject to OAR 333-118-0030 and other applicable requirements of these rules.

(2) Any licensee is exempt from the requirements of this division to the extent that the licensee delivers to a carrier for transport a package containing radioactive material having a specific activity not greater than (0.002 microcurie per gram 70 Becquerels per gram (Bq/g).

(3) Any physician licensed under division 116 or by an Agreement State or the Nuclear Regulatory Commission to dispense radiopharmaceuticals in the practice of medicine, is exempt from OAR 333-118-0050 with respect to transporting licensed material for use in the practice of medicine.

333-119-0010

Definitions

(1) "Authority" means the Oregon Health Authority.

(2) "Customer" means any member of the public who is provided access to a tanning device in exchange for a fee or other compensation, or any individual who, in exchange for a fee or other compensation, is afforded use of a tanning device as a condition or benefit of membership or access.

(3) "Employee" means any individual, including a minor whether lawfully or unlawfully employed, who engages to furnish services for remuneration, financial or otherwise, subject to the direction and control of an employer and includes any individual who is required to have workers' compensation coverage.

(4) "EPA" means the U.S. Environmental Protection Agency.

(5) "FDA" means the U.S. Food and Drug Administration.

(6) "Formal Training" means a course of instruction reviewed and approved by the Authority and which is conducted or presented under formal classroom conditions or online by a qualified expert possessing adequate knowledge and experience to offer a curriculum, associated training, and certification testing pertaining to and associated with the correct use of tanning equipment. Operator training shall cover ultraviolet radiation and effects on the skin, photosensitivity, FDA and State of Oregon regulations, eye protection, and equipment maintenance.

(7) "Handrails" means a suitable physical aid that will help to maintain proper exposure distance.

(8) "Identification" means:

(a) A government-issued photo identification that displays the individual's date of birth; or

(b) A government or non-government issued photo identification when submitted with a completed Oregon Underage Tanning Medical Recommendation form.

(9) "Individual" means any human being.

(10) "Minor" means any individual under the age of 18 years old.

(11) "Operator" means the person who is an employee (defined by the Oregon Occupational Safety and Health Division, OAR 437-003-0011(2)) or contractor of the tanning facility who has received a certificate from an approved formal training course and who is responsible for:

(a) Determining customer's skin type;

(b) Determining the suitability for use of a tanning device;

(c) Providing information regarding the dangers of ultraviolet radiation exposure including photoallergic reactions and photosensitizing agents;

(d) Assuring that all required forms are understood and properly signed by the customer;

(e) Maintaining required exposure records;

(f) Recognizing and reporting injuries or alleged injuries to the registrant;

(g) Determining the customer's exposure schedule;

(h) Setting timers which control the duration of exposure; and

(i) Instructing the customer in the proper use of protective eyewear.

(12) "Other Compensation" means the payment or exchange of goods, services or anything of value for use of the tanning device or devices.

(13) "Person" means any individual, corporation, partnership, firm, association, trust, estate, public or private institution, group, agency, polit-

ical subdivision of this state, any other state or political subdivision or agency thereof, and any legal successor, representative, agent or agency of these entities.

(14) "Phototherapy Device" means equipment that emits Ultraviolet radiation used by a health care professional in the treatment of disease or illness.

(15) "Program" means the Radiation Protection Services section of the Public Health Division.

(16) "Protective Eyewear" means suitable eyewear that protects the eye from Ultraviolet radiation and allows adequate vision.

(17) "Public Places" means the area where members of the public may assemble and are not directly affected by tanning operations.

(18) "Recommendation" means a written directive using a form provided by the Authority and signed by a licensed physician.

(19) "Registrant" means a tanning facility registered with the Authority as required by provisions of this division.

(20) "Registration" means registration with the Authority in accordance with provisions of this division.

(21) "Safe Level" means not more than 50 colonies of microorganisms per four square inches of equipment surface.

(22) "Sanitize" means the effective bactericidal treatment of surfaces of equipment and devices by an EPA or FDA registered product that provides a sufficient concentration of chemicals, and enough time to reduce the bacterial count, including pathogens, to a safe level. Chemical germicides that are registered with EPA as hospital disinfectants when used at recommended dilutions and directions may be approved for sanitizing of tanning devices.

(23) Skin Types:

(a) "Type 1" means skin burns easily and severely (painful burn); tans little or none and peels.

(b) "Type 2" means skin burns easily and severely (painful burn); tans minimally or lightly and also peels.

(c) "Type 3" means skin burns moderately and tans about average.

(d) "Type 4" means skin burns minimally, tans easily and above average with each exposure; exhibits immediate pigment darkening reaction.

(e) "Type 5" means skin rarely burns, tans easily and substantial; always exhibits immediate pigment darkening reaction

(24) "Tanning Device" means any equipment used for tanning of the skin, that emits electromagnetic radiation with wavelengths in the air between 200 and 400 nanometers including, but not limited to, a sunlamp, Ultraviolet Lamp, tanning booth, facial unit, UVA wand, or tanning bed. "Tanning device" also means any accompanying equipment, including, but not limited to, protective eyewear, timers, ballasts, starters, lamps, reflectors, cooling fans, acrylics, comfort pillows and handrails.

(25) "Tanning Facility" means any location, place, area, structure, or business that provides persons access to any tanning device.

(26) "Timer" means a device provided to terminate the exposure at a preset time interval.

(27) "Ultraviolet Radiation" means radiation that has a wavelength between two hundred nanometers and four hundred nanometers.

333-119-0090
Protection of Consumers

The registrant shall establish and use a procedure manual that will aid in the protection of the customer to excessive or unnecessary exposure to Ultraviolet Light. This manual shall include, but not be limited to, the following instructions:

(1) Only one customer may occupy the tanning room. In the case of a customer using a tanning device who may need the aid or assistance from another person, that individual must also be provided with and wear protective eyewear.

(2) No customer under the age of 18 years shall be allowed to use a tanning device without a completed Oregon Underage Tanning Medical Recommendation form completed by a licensed physician and identification. The recommendation:

(a) Must identify the physician and client and describe the recommended tanning session frequency(s) and duration(s);

(b) Must identify dates for starting and ending of the tanning sessions; and

(c) Cannot exceed the exposure scheduled per OAR 333-119-0100(14)(b).

(3) A sign shall be posted in conspicuous view at or near the reception area with the following text in a minimum of at least 36 point type:

"PERSONS UNDER AGE 18 ARE NOT ALLOWED TO USE A TANNING DEVICE WITHOUT A WRITTEN RECOMMENDATION FROM A LICENSED PHYSICIAN"

(4) Each person using a tanning device shall be instructed by the operator on the maximum exposure time and proper exposure distance, as recommended by the manufacturer of the device. The operator shall also instruct the customer as to the location and proper operation of the tanning device's emergency shut off switch.

(5) Infants and minors are not permitted to be in the tanning device room during exposure by parents or guardians.

(6) Tanning operators shall limit exposure time to the exposure time recommendation provided by the device manufacturer on the tanning device or in the device operating manual. The maximum exposure time recommended by the manufacturer of the device shall not be exceeded in any 24-hour period.

(7) Tanning facilities shall post the following signs visible to the customer:

(a) "In Case Of An Emergency, Dial 911";

(b) "Oregon Radiation Protection Services at (971) 673-0490".

(8) Tanning operators shall maintain a list of the common photosensitizing agents as provided by the Public Health Division, FDA, or other appropriate authorities, available for review by customers.

(9) Tanning facilities are prohibited from controlling the use of tanning devices solely with token timer systems or a mechanical timer system.

333-119-0110
Records and Reports

(1) The registrant shall maintain a record of each customer's total number of tanning visits, dates and durations of tanning exposures.

(2) The registrants shall maintain a record of each customer's signature and acknowledgement that they understand the potential risks involved with exposure to Ultraviolet radiation and overexposure, and that they have reviewed a photosensitizing drug list.

(3) The registrant shall maintain and have available when requested by the Authority, all completed Oregon Underage Tanning Medical Recommendation forms with copies of the identification used for each minor allowed to use a tanning device.

(4) Any tanning client who appears to be under the age of 26 years shall be required to show identification. The type of identification, identification number, client's name, and date of birth shall be recorded by the registrant. When requested by the Authority, records shall be available for review.

(5) The registrant shall submit to the Authority a written report of injury for which medical attention was sought or obtained from the use of registered tanning devices within five working days after occurrence. The report shall include:

(a) The name, address and phone number of the affected individual;

(b) The name, location and phone number of the tanning facility involved;

(c) The nature of the actual or alleged injury; and

(d) Any other information relevant to the actual or alleged injury to include the date and duration of exposure and any documentation of medical attention sought or obtained.

(6) The registrant shall maintain records showing the results of annual timer tests.

(7) The registrant shall maintain a record of operator training as required in OAR 333-119-0080(4).

(8) The registrant shall maintain the following information for each tanning device:

(a) Manufacturer's equipment manual and any other service related material or instruction; and

(b) The exposure schedule developed by the manufacturer; and

(c) Records of surveys, inspections, maintenance, and modifications performed on the tanning device with names of persons performing such services, the date of service, and the hour meter reading of the device serviced.

(9) Records shall be maintained showing the receipt, transfer, repair and disposal of all tanning devices and lamps.

(10) All required records shall be maintained until inspected by the Authority and shall be so filed as to be readily available for review.

Rule Caption: Procedures and criteria for the certification, suspension and decertification of school-based health centers
Adm. Order No.: PH 15-2013
Filed with Sec. of State: 12-26-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 11-1-2013
Rules Adopted: 333-028-0200, 333-028-0210, 333-028-0220, 333-028-0230, 333-028-0240, 333-028-0250
Subject: The Oregon Health Authority, Public Health Division is permanently adopting rules pertaining to the procedures and criteria for the certification, suspension and decertification of school-based health centers (SBHCs) as mandated by the passage of House Bill 2445 (OL 2013, ch. 683) by the 2013 Legislature. The rules are intended to fulfill the mandates by prescribing certification requirements used for clinics to qualify as SBHCs, the reporting requirements for SBHCs, and the process to become a certified SBHC.
Rules Coordinator: Brittany Sande—(971) 673-1291

333-028-0200
Purpose

The school-based health center (SBHC) program supports communities in promoting the health and well-being of the school-age population through the evidence-based best practice within a public health framework. These rules (OAR 333-028-0200 through 333-028-0250) establish the procedure and criteria the Oregon Health Authority shall use to certify, suspend and decertify SBHCs. Certification of a SBHC by the SBHC state program is voluntary; an operating clinic is free to choose not to participate in certification and still operate. Only certified SBHCs are eligible for funding from the Oregon Health Authority.

Stat. Auth.: 2013 OL Ch. 683
Stats. Implemented: 2013 OL Ch. 683 & ORS 413.225
Hist.: PH 15-2013, f.12-26-13, cert. ef. 1-1-14

333-028-0210
Definitions

(1) "Authority" means the Oregon Health Authority.

(2) "Certification year" means a one-year period beginning on July 1 and ending on June 30.

(3) "Electronic health record (EHR)" means an electronic record of an individual's health-related information that conforms to nationally recognized interoperability standards and that can be created, managed and consulted by authorized clinicians and staff across more than one health care provider.

(4) "Electronic medical record (EMR)" means a digital version of a paper chart that contains all of the patient's medical history from one practice. An EMR is mostly used by providers for diagnosis and treatment.

(5) "Program" means the Oregon Health Authority, Public Health Division, school-based health center program.

(6) "School-based health center" (SBHC) has the meaning given the term in ORS 413.225.

(7) "SBHC system" is one or more SBHCs that operate under the same sponsoring agency.

(8) "Sponsoring agency" is an entity that provides the following services for a SBHC or contracts with another entity to provide one or more of the following:

(a) Funding;
(b) Staffing;
(c) Medical oversight;
(d) Liability insurance; and
(e) Billing support.

333-028-0220
Certification Requirements

In order to be certified as a SBHC, a SBHC must meet all requirements for certification in the following sections of the 2013 SBHC Standards for Certification Manual, incorporated by reference.

(1) Sponsoring agency, section B.1;
(2) Facility, section B.2;
(3) Hours of operation, section C.1;
(4) Staffing, section C.2;
(5) Eligibility for services, section C.3;
(6) Policies and procedures, section C.4;
(7) Laboratory/Diagnostic services, section D;
(8) Comprehensive Services, section E.1;
(9) Equipment, section E.2;
(10) Medication, section E.3;
(11) Data collection/reporting, section F; and
(12) Billing, section G.

[Publications: Publications referenced are available from the agency.]

Hist.: PH 15-2013, f.12-26-13, cert. ef. 1-1-14

333-028-0230
Application and Certification Process

(1) An individual with legal authority to act on behalf of the entity that administers a SBHC may apply for certification of a SBHC by submitting a SBHC Certification Application to the Authority via electronic mail to the program's electronic mail address posted on the program's website or by mail to the mailing address posted on the program's website, www.healthoregon.org/sbhc. Instructions and criteria for submitting a SBHC Certification Application is posted on the program's website.

(2) An individual may submit an application for more than one SBHC provided that each SBHC will be administered by the same entity and each SBHC individually meets the certification requirements.

(3) The program shall review the application within 30 days of receiving the application to determine whether it is complete.

(4) If the program determines that the application is not complete, it will be returned to the applicant for completion and resubmission.

(5) If the program determines that the application is complete it will be reviewed to determine if it meets certification requirements described in OAR 333-028-0210. If the program determines that on the face of the application and in reviewing any other applicable documents that the SBHC meets the certification requirements the program shall:

(a) Inform the applicant in writing that the application has been approved;

(b) Request the applicant complete the program's online Operational Profile forms prior to the on-site verification review; and

(c) Schedule an on-site verification review.

(6) If a SBHC does not meet certification requirements in their certification application, the Authority may choose one of the following actions:

(a) The program may deny SBHC certification if the SBHC does not meet the requirements of these rules. The program will provide the applicant with a clear description of reasons for denial based on the certification requirements in the denial letter. An applicant may request that the program reconsider the denial of SBHC certification. A request for reconsideration must be submitted in writing to the program within 90 days of the date of the denial letter and must include a detailed explanation of why the applicant believes the program's decision is in error along with any supporting documentation. The program shall inform the applicant in writing whether it has reconsidered its decision; or

(b) The program may approve the applicant's SBHC certification based on an agreed upon timeline for a corrective action plan for the non-compliant requirements. The site must submit a waiver to the program that includes an explanation of the non-compliant requirements, a plan for corrective action and date for meeting compliance.

(7) Once a SBHC is certified, the certification status is effective for the following certification year.

(8) A certified SBHC must renew its certification no later than October 1 each year via the program's online Operational Profile forms in order to remain certified.

(9) The program will notify SBHCs of their certification renewal status by November 1 each year.

Stat. Auth.: 2013 OL Ch. 683
Stats. Implemented: 2013 OL Ch. 683 & ORS 413.225
Hist.: PH 15-2013, f.12-26-13, cert. ef. 1-1-14

333-028-0240
Verification

(1) The program shall conduct one on-site verification review of each approved SBHC within one year of application approval to determine compliance with SBHC certification requirements.

(2) After the initial on-site verification review, the program shall conduct an on-site verification review every two years for a representative sample of certified SBHCs in each SBHC system.

(3) A SBHC will be notified, in writing, no less than 30 days before its scheduled verification review.

(4) A SBHC must permit program staff access to the site's place of business during the review.

(5) The verification review must include, but is not limited to:

(a) Review of documents, policies and procedures, and records;

(b) Review of electronic medical record systems, review of electronic health records systems, and review of practice management systems;

(c) Review of data reports from electronic systems or other patient registry and tracking systems;

(d) Interviews with practice management, clinical and administrative staff;

(e) On-site observation of practice staff with at a minimum two patients, with the consent of the patient; and

(f) On-site observation of patient environment and physical environment.

(6) Following a review, program staff may conduct an exit interview with SBHC representative(s). During the exit interview the program staff shall:

(a) Inform the SBHC representative(s) of the preliminary findings of the review; and

(b) Give the SBHC representatives(s) a reasonable opportunity to submit additional facts or other information to the program staff in response to the findings.

(7) Within two weeks of the on-site visit program staff must prepare and provide the SBHC with a written report of the findings from the on-site review.

(8) If no certification deficiencies are found during the review, the program shall issue written findings to the SBHC indicating no deficiencies were found.

(9) If certification deficiencies are found during the on-site review, the program may take action in compliance with OAR 333-028-0250.

(10) The program may conduct a review of a certified SBHC without prior notice of any or all selected certification requirements for compliance and perform a verification on-site review of a certified SBHC if the program is made aware of issues of compliance from any source.

(11) At any time, a SBHC may request an administrative review of compliance, which includes one on-site visit. The review will be considered a "no penalty" review with the exception of gross violation or negligence that may require site closure or temporary suspension of services.

Stats. Implemented: 2013 OL Ch. 683 & ORS 413.225
Hist.: PH 15-2013, f.12-26-13, cert. ef. 1-1-14

333-028-0250
Compliance

(1) A SBHC must notify the program within 20 days of any change that brings the SBHC out of compliance with the certification requirements. A SBHC must submit a waiver to the program that includes an explanation of the non-compliant requirement, a plan for corrective action and date for meeting compliance.

(2) The program will review the waiver request and inform the SBHC of approval or denial of the waiver within two weeks of submission.

(3) If the waiver is approved the SBHC must comply with certification requirements by the proposed date of compliance.

(4) If a waiver is denied; a SBHC does not come into compliance by the date of compliance stated on the waiver; or a SBHC is out of compliance with certification requirements and has not submitted a waiver, based on the program's discretion, the program may:

(a) Require the SBHC to complete an additional waiver with an updated plan for corrective action and updated date for meeting compliance; or

(b) Require the SBHC to complete a waiver to satisfy the requirements in section (1) of this rule; or

(c) Issue a written warning with a timeline for corrective action; or

(d) Issue a letter of non-compliance with the notification of a suspension or decertification status.

(5) A SBHC that had been decertified may be reinstated after reapplying for certification.

(6) A SBHC with its certification status suspended may have its suspension lifted once the program determines that compliance with certification requirements has been achieved satisfactorily.

(7) If there are updates to the current rules that require a SBHC to make any operational changes, the program will allow the SBHC until the beginning of the next certification year or a minimum of 90 days to come into compliance.

Rule Caption: New definitions and new disease reporting requirements
Adm. Order No.: PH 16-2013
Filed with Sec. of State: 12-26-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 11-1-2013
Rules Adopted: 333-019-0052, 333-056-0045
Rules Amended: 333-017-0000, 333-018-0005, 333-018-0010, 333-018-0015, 333-018-0018, 333-018-0020, 333-018-0035, 333-019-0010, 333-019-0014, 333-019-0031, 333-056-0020, 333-056-0030, 333-056-0040, 333-056-0050
Rules Repealed: 333-019-0046
Subject: The Oregon Health Authority, Public Health Division is permanently amending, adopting and repealing rules in chapter 333, divisions 17, 18, 19 and 56 relating to reportable diseases and infectious waste. The changes will: add clarifying language regarding definitions in division 17; add Vibrio spp, Grimontia spp, and nontuberculous mycobacteria (NTM) to the list of reportable diseases in division 18; simplify Typhoid restrictions, add mumps to imposition of restrictions, and adopt a new rule regarding communication during patient transfer of multidrug-resistant organisms in division 19; and adopt a rule in division 56 to implement HB 2612 (Oregon Laws 2013, chapter 109), which entitles post-partum mothers, or their designees if they are incapacitated, to take their placentas with them after discharge from the health care facility wherein the mother had given birth if certain criteria are met.
Rules Coordinator: Brittany Sande—(971) 673-1291

333-017-0000
Definitions

For purposes of OAR chapter 333, divisions 17, 18, and 19, unless the context requires otherwise or a rule contains a more specific definition, the following definitions shall apply.

(1) "AIDS": AIDS is an acronym for acquired immunodeficiency syndrome. An individual is considered to have AIDS when their illness meets criteria published in Morbidity and Mortality Weekly Report, Volume 41, Number RR-17, pages 1–4, December 18, 1992.

(2) "Animal Suspected of Having Rabies": An animal is suspected of having rabies when:

(a) It is a dog, cat, or ferret not known to be satisfactorily vaccinated against rabies (as defined in OAR 333-019-0017), or it is any other mammal; and

(b) It exhibits one or more of the following aberrant behaviors or clinical signs: unprovoked biting of persons or other animals, paralysis or partial paralysis of limbs, marked excitation, muscle spasms, difficulty swallowing, apprehensiveness, delirium, or convulsions; and it has no other diagnosed illness that could explain the neurological signs.

(3) "Approved Fecal Specimen" means a specimen of feces from a person who has not taken any antibiotic orally or parenterally for at least 48 hours prior to the collection of the specimen. Improper storage or transportation of a specimen, or inadequate growth of the culture suggestive of recent antibiotic usage can, at the discretion of public health microbiologists, result in specimen rejection.

(4) "Authority" means the Oregon Health Authority.

(5) "Bite, Biting, Bitten": The words bite, biting, and bitten refer to breaking of the skin by the teeth of an animal, or mouthing a fresh abrasion of the skin by an animal.

(6) "Case" means a person who has been diagnosed by a health care provider as having a particular disease, infection, or condition, or whose illness meets defining criteria published in the Authority's Investigative Guidelines.

(7) "Child Care Facility" means any facility as defined in ORS 657A.250 where care is provided to three or more children.

(8) "Control" has the meaning given that term in ORS 433.001.

(9) "Disease outbreak" has the meaning given that term in ORS 431.260.

(10) "Enterobacteriaceae family" means the family of bacteria that includes but is not limited to the following genera and taxonomic groups:

(a) Budvicia;

(b) Buttiauxella;
(c) Cedecea;
(d) Citrobacter;
(e) Edwardsiella;
(f) Enteric Group 58;
(g) Enteric Group 59;
(h) Enteric Group 60;
(i) Enteric Group 63;
(j) Enteric Group 64;
(k) Enteric Group 68;
(l) Enteric Group 69;
(m) Enteric Group 137;
(n) Enterobacter;
(o) Escherichia;
(p) Ewingella;
(q) Hafnia;
(r) Klebsiella;
(s) Kluyvera;
(t) Leclercia;
(u) Leminorella;
(v) Moellerella;
(w) Morganella;
(x) Obesumbacterium;
(y) Pantoea;
(z) Photorhabdus;
(aa) Plesiomonas;
(bb) Pragia;
(cc) Proteus;
(dd) Providencia;
(ee) Rahnella;
(ff) Salmonella;
(gg) Serratia;
(hh) Shigella;
(ii) Tatumella;
(jj) Trabulsiella;
(kk) Xenorhabdus;
(ll) Yersinia;
(mm) Yokenella.

(11) "Food Handler" means any business owner or employee who handles food utensils or who prepares, processes, handles or serves food for people other than members of their immediate household, for example restaurant, delicatessen, and cafeteria workers, caterers, and concession stand operators.

(12) "Food Service Facility" means an establishment that processes or serves food for sale.

(13) "Health Care Facility" has the meaning given that term in ORS 442.015.

(14) "Health Care Provider" has the meaning given that term in ORS 433.443.

(15) "HIV" means the human immunodeficiency virus, the causative agent of AIDS.

(16) "HIV Test" means a Food and Drug Administration (FDA)-approved test for the presence of HIV (including RNA testing), or for antibodies or antigens that result from HIV infection, or for any other substance specifically associated with HIV infection and not with other diseases or conditions.

(17) "HIV Positive Test" means a positive result on the most definitive HIV test procedure used to test a particular individual. In the absence of the recommended confirmation tests, this means the results of the initial test done.

(18) "Lead Poisoning" means a blood lead level of least 10 micrograms per deciliter.

(19) "Licensed Laboratory" means a medical diagnostic laboratory that is inspected and licensed by the Authority or otherwise licensed according to the provisions of the federal Clinical Laboratory Improvement Amendments of 1988 (42 U.S.C. § 263a). Any laboratory operated by the U.S. Centers for Disease Control and Prevention shall also be considered a Licensed Laboratory.

(20) "Licensed Physician" means any physician who is licensed by the Oregon Medical Board or the Board of Naturopathic Medicine.

(21) "Licensed Veterinarian" means a veterinarian licensed by the Oregon Veterinary Medical Examining Board.

(22) "Local Public Health Administrator" has the meaning given that term in ORS 431.260.

(23) "Local Public Health Authority" has the meaning given that term in ORS 431.260.

(24) "Non-Susceptible to any Carbapenem Antibiotic" means the finding of any of the following:

(a) Gene sequence specific for carbapenemase;

(b) Phenotypic test (e.g., Modified Hodge) positive for production of carbapenemase; or

(c) Resistance to all third-generation cephalosporin antibiotics tested, along with any of the following elevated minimum inhibitory concentrations (MIC) for a carbapenem antibiotic:

(A) MIC for imipenem greater than or equal to 2 µg/ml; or

(B) MIC for meropenem greater than or equal to 2 µg/ml.

(25) "Novel Influenza" means influenza A virus that cannot be subtyped by commercially distributed assays.

(26) "Onset": Unless otherwise qualified, onset refers to the earliest time of appearance of signs or symptoms of an illness.

(27) "Pesticide Poisoning" means illness in a human that is caused by acute or chronic exposure to:

(a) Any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest; or

(b) Any substance or mixture of substances intended for use as a plant regulator, defoliant, or desiccant as defined in ORS 634.006.

(28) "Public Health Division (Division)" means the Public Health Division within the Oregon Health Authority.

(29) "Suspected Case" means a person whose illness is thought by a health care provider to have a significant likelihood of being due to a reportable disease, infection, or condition, based on facts such as but not limited to the patient's signs and symptoms, possible exposure to a reportable disease, laboratory findings, or the presence or absence of an alternate explanation for the illness.

(30) "Uncommon Illness of Potential Public Health Significance": These illnesses include:

(a) Any infectious disease with potentially life-threatening consequences that is exotic to or uncommon in Oregon, for example, variola (smallpox) or viral hemorrhagic disease;

(b) Any illness related to a contaminated medical device or product; or

(c) Any acute illness suspected to be related to environmental exposure to any infectious or toxic agent or to any household product.

(31) "Veterinary Laboratory" means a laboratory whose primary function is handling and testing diagnostic specimens of animal origin.

333-018-0005
To Whom Reports Shall Be Made

(1) In general, if the patient is an Oregon resident, reports shall be made to the local public health administrator for the patient's place of residence.

(2) In lieu of reporting to the local public health administrator, with the consent of the local public health administrator and the Authority, reports may be made directly to the Authority (for example, via electronic reporting).

(3) In urgent situations when local public health staff are unavailable, case reports shall be made directly to the Authority.

(4) Where the case is not an Oregon resident, reports shall be made either to the patient's local public health authority (if the patient resides in the United States) or directly to the Authority.

(5) In lieu of reporting to the local public health administrator, with the consent of the local public health administrator, licensed laboratories shall report directly to the Authority's HIV Program:

(a) All tests indicative of and specific for HIV infection as required by OAR 333-018-0015;

(b) All CD4+ T-lymphocyte counts; and

(c) All HIV viral load tests.

333-018-0010
Form of the Report

(1) A health care provider required to report reportable diseases under ORS 433.004 and these rules shall submit to the local public health administrator a report that includes but is not limited to:

(a) The identity, address, and telephone number of the person reporting;

(b) The identity, address, and telephone number of the attending health care provider, or other treating health care provider if any;

(c) The name of the person affected or ill, that person's current address, telephone number, and date of birth;

(d) The diagnosed or suspected disease, infection, or condition; and

(e) The date of illness onset.

(2) A licensed laboratory required to report reportable diseases under ORS 433.004 and these rules shall submit to the local public health administrator a report that includes but is not limited to:

(a) The name and telephone number of the reporting laboratory;

(b) The name, gender, age or date of birth, the address and county of residence of the person from whom the laboratory specimen was obtained, if known;

(c) The date the specimen was obtained;

(d) The name, address and telephone number of the health care provider of the person from whom the laboratory specimen was obtained;

(e) The name or description of the test;

(f) The test result; and

(g) Information required by the Authority's Manual for Mandatory Electronic Laboratory Reporting, if electronic reporting is required under OAR 333-018-0013.

(3) Reportable disease reports shall be made in the following manner:

(a) Reports for diseases or suspected diseases that are immediately reportable under OAR 333-018-0015 shall be submitted orally, by telephone, with a follow-up written report via facsimile.

(b) Reports for diseases or suspected diseases that are required to be reported within one to seven days under OAR 333-018-0013 shall be submitted in writing via facsimile or by other means approved by the local public health administrator, consistent with the need for timely reporting as provided in OAR 333-018-0015.

(c) Electronically, if required by OAR 333-018-0013.

(4) If requested by a local public health administrator or the Oregon Public Health Division, health care providers and licensed laboratories shall provide additional information of relevance to the investigation or control of reportable diseases or conditions (for example, reported signs and symptoms, laboratory test results (including negative results), potential exposures, contacts, and clinical outcomes).

333-018-0015
What Is to Be Reported and When

(1) Health care providers shall report all human cases or suspected human cases of the diseases, infections, microorganisms, and conditions specified below. The timing of health care provider reports is specified to reflect the severity of the illness or condition and the potential value of rapid intervention by public health agencies.

(2) When local public health administrators cannot be reached within the specified time limits, reports shall be made directly to the Authority, which shall maintain an around-the-clock public health consultation service.

(3) Licensed laboratories shall report all test results indicative of and specific for the diseases, infections, microorganisms, and conditions specified below for humans. Such tests include but are not limited to: microbiological culture, isolation, or identification; assays for specific antibodies; and identification of specific antigens, toxins, or nucleic acid sequences.

(4) Human reportable diseases, infections, microorganisms, and conditions, and the time frames within which they must be reported are as follows:

(a) Immediately, day or night: Bacillus anthracis (anthrax); Clostridium botulinum (botulism); Corynebacterium diphtheriae (diphtheria); novel influenza; Yersinia pestis (plague); poliomyelitis; rabies (human); measles (rubeola); Severe Acute Respiratory Syndrome (SARS) and infection by SARS coronavirus; rubella; variola major (smallpox); Francisella tularensis (tularemia); Vibrio cholerae O1, O139, or toxigenic; hemorrhagic fever caused by viruses of the filovirus (e.g., Ebola, Marburg) or arenavirus (e.g., Lassa, Machupo) families; yellow fever; intoxication caused by marine microorganisms or their byproducts (for example, paralytic shellfish poisoning, domoic acid intoxication, ciguatera, scombroid); any known or suspected common-source outbreaks; any uncommon illness of potential public health significance.

(b) Within 24 hours (including weekends and holidays): Haemophilus influenzae (any invasive disease; for laboratories, any isolation or identification from a normally sterile site); Neisseria meningitidis (any invasive disease; for laboratories, any isolation or identification from a normally sterile site); pesticide poisoning.

(c) Within one local public health authority working day: Bordetella pertussis (pertussis); Borrelia (relapsing fever, Lyme disease); Brucella (brucellosis); Campylobacter (campylobacteriosis); Chlamydophila (Chlamydia) psittaci (psittacosis); Chlamydia trachomatis (chlamydiosis; lymphogranuloma venereum); Clostridium tetani (tetanus); Coxiella burnetii (Q fever); Creutzfeldt-Jakob disease and other transmissible spongiform encephalopathies; Cryptococcus (cryptococcosis), Cryptosporidium (cryptosporidiosis); Cyclospora cayetanensis (cyclosporosis); bacteria of the Enterobacteriaceae family found to be non-susceptible to third-generation cephalosporins and to carbapenem antibiotic (other than ertapenem); Escherichia coli (Shiga-toxigenic, including E. coli O157 and other serogroups); Giardia (giardiasis); Grimontia spp.; Haemophilus ducreyi (chancroid); hantavirus; hepatitis A; hepatitis B (acute or chronic infection); hepatitis C; hepatitis D (delta); hepatitis E; HIV infection (does not apply to anonymous testing) and AIDS; death of a person <18 years of age with laboratory-confirmed influenza; lead poisoning; Legionella (legionellosis); Leptospira (leptospirosis); Listeria monocytogenes (listeriosis); mumps; Mycobacterium tuberculosis and M. bovis (tuberculosis); nonrespiratory infection with nontuberculous mycobacteria; Neisseria gonorrhoeae (gonococcal infections); pelvic inflammatory disease (acute, nongonococcal); Plasmodium (malaria); Rickettsia (all species: Rocky Mountain spotted fever, typhus, others); Salmonella (salmonellosis, including typhoid); Shigella (shigellosis); Taenia solium (including cysticercosis and undifferentiated Taenia infections); Treponema pallidum (syphilis); Trichinella (trichinosis); Vibrio spp.; Yersinia (other than pestis); any infection that is typically arthropod vector-borne (for example: babesiosis, California encephalitis, Colorado tick fever, dengue, Eastern equine encephalitis, ehrlichiosis, Heartland virus infection, Kyasanur Forest disease, St. Louis encephalitis, West Nile fever, Western equine encephalitis, etc.); a human bitten by any other mammal; and hemolytic uremic syndrome.

(d) Within seven days: Any blood lead level tests including the result.

(5) Licensed laboratories shall report, within seven days, the results of all tests of CD4+ T-lymphocyte absolute counts and the percent of total lymphocytes that are CD4 positive, and HIV nucleic acid (viral load) tests.

Submission of Isolates to the Public Health Laboratory

Licensed laboratories are required to forward aliquots or subcultures of the following to the Oregon State Public Health Laboratory:

(1) Suspected Neisseria meningitidis and Haemophilus influenzae from normally sterile sites.

(2) Suspected Shiga-toxigenic Escherichia coli (STEC), including E. coli O157; Salmonella spp., Shigella spp., Vibrio spp., Grimontia spp., Listeria spp., Yersinia spp.; Mycobacterium tuberculosis and M. bovis from any source.

(3) Serum that tests positive for IgM antibody to hepatitis A virus.

(4) Serum that tests positive for IgM core antibody to hepatitis B virus.

(5) All cryptococcal isolates.

(6) All isolates of the Enterobacteriaceae family resistant to third-generation cephalosporins and non-susceptible to any carbapenem antibiotic other than ertapenem.

(7) For persons under the age of 18 who died with laboratory-confirmed influenza: respiratory specimens or viral isolates, any Staphylococcus aureus isolates, and, after consulting with the Oregon Public Health Division, autopsy specimens.

333-018-0020
Reports from Local Public Health Administrators

(1) The local public health administrator shall notify the Authority immediately of any reported cases of the following diseases and conditions: anthrax, botulism (foodborne), cholera, diphtheria, marine intoxications, measles, pesticide poisoning, plague, poliomyelitis, rabies; any uncommon illness of potential public health significance; any outbreak of disease.

(2) Animal bites that have been investigated by the local public health administrator and for which testing of the biting animal for rabies has been deemed unnecessary need not be reported to the Authority.

(3) For other reportable diseases and conditions, the local public health administrator shall notify the Authority no later than the end of each business week of all cases reported during that week. Reports shall be made by means approved by the Authority and in a format approved by the Authority.

Stat. Auth.: ORS 431.110, 431.120, 433.004, 437.010, 616.010 & 624.005

333-018-0035
Procedures Involving Emergency Response Employees

(1) Each person or local government employing persons to render emergency care shall designate a contact person or "designated officer" to receive reports from the local public health administrator made under ORS 433.006. The employer shall assure that the designated officer has sufficient training to carry out the duties as described below, which shall include appropriate procedures for follow-up after occupational exposures to specific diseases as specified below in section (2) and section (6).

(2) Sections (3) through (5) apply only to the following subset of reportable diseases: meningococcal disease, infectious pulmonary or laryngeal tuberculosis, diphtheria, plague (Yersinia pestis), rabies, hemorrhagic fevers (for example, Lassa, Marburg, and Ebola).

(3) Health care providers and health care facilities shall, when reporting this subset of diseases, determine and include as part of their report whether or not an emergency care provider was involved in pre-hospital care for this disease.

(4) Health care providers and facilities shall report to the local public health administrator and may relay the diagnosis of these diseases directly to the emergency care providers or the designated officer specified below in section (5), but shall not disclose the identity or addresses of the person having the disease or otherwise refer specifically to the person.

(5) Upon receiving a report of a reportable disease as defined in section (2) above, the designated officer shall notify all out-of-hospital caregivers, including but not limited to: first responders, emergency medical technicians, paramedics, firefighters, law enforcement officers, corrections officers, probation officers, or other current or former personnel of the employer who may have been exposed to the reportable disease. The designated officer shall inform the personnel only of the reportable disease and the fact of possible exposure and the appropriate follow-up procedures. The designated officer shall not inform the personnel of the identity or addresses of the individual having the reportable disease or otherwise refer specifically to the individual having the reportable disease.

(6) In the event of an occupational exposure to a bloodborne pathogen as defined by ORS 433.060, the designated officer shall also assist the exposed worker as defined in ORS 433.060 in implementing the provisions of ORS 433.065 through ORS 433.080 and associated Authority rules (chapter 333, division 22). These rules include provisions for determining HIV, hepatitis B and hepatitis C status of the source patient and soliciting HIV testing after an occupational exposure.

333-019-0010
Imposition of Restrictions

(1) To protect the public health, persons who attend or work at schools or child care facilities or who work at health care facilities or food service facilities shall not attend or work at these facilities whilst in a communicable stage of any restrictable diseases unless authorized to do so as hereunder specified.

(2) At all such facilities, restrictable diseases include: diphtheria, measles, Salmonella enterica serotype Typhi infection, shigellosis, Shiga-toxigenic Escherichia coli (STEC) infection, hepatitis A, tuberculosis, open or draining skin lesions infected with Staphylococcus aureus or Streptococcus pyogenes, and any illness accompanied by diarrhea or vomiting.

(3) At schools, child care, and health care facilities, such restrictable diseases shall also include: chickenpox, mumps, pertussis, rubella, and scabies. Children in the communicable stages of hepatitis B infection may be excluded from attending school or child care if, in the opinion of the local health officer, the child poses an unusually high risk to other children (for example, exhibits uncontrollable biting or spitting).

(4) At the discretion of local school authorities or the local public health authority, pediculosis may be considered a school-restrictable condition.

(5) Nothing in these rules prohibits the adoption of more stringent rules regarding exclusion from schools or child care facilities. Such additional restrictions shall require formal certification that the disease or condition in question presents a significant public health risk in that setting. For schools, this action may be taken by the local public health authority or the local school governing body. For child care facilities, this action may be taken by the local public health authority.

(6) The infection control committee at all health care facilities shall adopt policies to restrict the work of employees with restrictable diseases in accordance with recognized principles of infection control. Nothing in these rules prohibits health care facilities or the local public health authority from adopting additional or more stringent rules for exclusion from these facilities.

Stat. Auth.: ORS 413.042, 431.110, 433.004, 433.329, 433.332, 616.750, & 624.005
Stats. Implemented: ORS 433.260, 433.407, 433.411 & 433.419
Hist.: HD 15-1981, f. 8-13-81, ef. 8-15-81; OHD 4-2002, f. & cert. ef. 3-4-02; PH 11-2005, f. 6-30-05, cert. ef. 7-5-05; PH 7-2011, f. & cert. ef. 8-19-11; PH 16-2013, f. 12-26-13, cert. ef. 1-1-14

333-019-0014
Removal of Restrictions

(1) Worksite, child care, and school restrictions can be removed by statement of the local public health administrator that the disease is no longer communicable to others or that adequate precautions have been taken to minimize the risk of transmission.

(2) School or child care restrictions for chickenpox, scabies, staphylococcal skin infections, streptococcal infections, diarrhea, or vomiting may also be removed by a school nurse or health care provider.

(3) Restrictions at health care facilities for chickenpox, scabies, staphylococcal skin infections, streptococcal infections, diarrhea, or vomiting may also be removed by the facility's infection control committee when sufficient measures have been taken to prevent or minimize the transmission of disease, in accordance with written procedures approved by the committee.

(4) In general, restrictions on persons diagnosed with shigellosis or Shiga-toxigenic Escherichia coli (STEC) infection, including E. coli O157 infection shall not be lifted until no pathogens are identified by a licensed laboratory in two consecutive approved fecal specimens collected not less than 24 hours apart. Such restrictions may be waived or modified at the discretion of the local public health administrator.

(5) Individuals infected with Salmonella enterica serotype Typhi (with or without symptoms), hereinafter referred to as "typhoid cases," must, before having a restriction removed, submit fecal specimens and one urine specimen to a licensed laboratory for testing on a schedule specified by the local public health administrator.

(6) A restriction on a typhoid case who is not a chronic carrier must be lifted by the local public health administrator when Salmonella enterica serotype Typhi is not identified by a licensed laboratory in any of four successive approved fecal specimens, collected at least 24 hours apart and not earlier than one month after illness onset, and one urine specimen.

(7) A "chronic carrier" is an individual who has fecal specimens test positive for Salmonella enterica serotype Typhi more than one year after onset or first diagnosis or on two occasions at least one year apart. A restriction on a chronic carrier may only be removed when Salmonella enterica serotype Typhi is not identified by a licensed laboratory in any of six suc-

cessive approved fecal specimens, collected at least 72 hours apart, and one urine specimen.

333-019-0031
Acquired Immunodeficiency Syndrome/Human Immunodeficiency Virus

Investigation of cases of HIV infection or AIDS. Investigations of HIV infection or AIDS shall be conducted to the extent that resources permit. The Authority, or the local public health administrator, will ensure that each identified case is offered prevention, care, and partner counseling and referral services.

NOTE: Specific rules regarding reporting requirements for HIV and AIDS may be found in OAR 333-018-0015. Rules regarding informed consent for HIV testing and confidentiality of HIV test results may be found in OAR 333-022-0200 through 333-022-0315.

333-019-0052
Communication during Patient Transfer of Multidrug-Resistant Organisms

(1) As used in this rule:

(a) "Facility" means:

(A) A healthcare facility as that term is defined in ORS 442.015;

(B) An infirmary (for example, in a jail or prison);

(C) A residential facility or assisted living facility as those terms are defined in ORS 443.400;

(D) An adult foster home as that term is defined in ORS 443.705;

(E) A hospice program as that term is defined in ORS 443.850; and

(F) Any other facility that provides 24-hour patient care.

(b) "Multidrug-resistant organism" (MDRO) means an organism causing human disease which has acquired antibiotic resistance, as listed and defined in the Centers for Disease Control and Prevention's Antibiotic Resistance Threats in the United States, 2013 (Atlanta, GA; 2013). MDROs include but are not limited to:

(A) Methicillin-resistant Staphylococcus aureus (MRSA);

(B) Vancomycin-resistant Enterococcus (VRE);

(C) Carbapenem-resistant Enterobacteriaceae (CRE), as that term is defined in OAR 333-017-0000 sections (10) and (24);

(D) Multidrug-resistant Acinetobacter baumannii;

(E) Multidrug-resistant Pseudomonas aeruginosa;

(F) Drug-resistant Streptococcus pneumoniae;

(G) Other Gram-negative bacteria producing extended-spectrum beta-lactamases (ESBL); and

(H) Toxin-producing Clostridium difficile.

(c) "Receiving facility" means the facility receiving or admitting the case patient into their care from another facility's care.

(d) "Referring facility" means the facility transferring or discharging the case patient out of its care and into another facility's care.

(e) "Standard Precautions" means the minimum infection prevention measures that apply to all patient care, regardless of suspected or confirmed infection status of the patient, in any setting where healthcare is delivered. Standard Precautions include:

(A) Hand hygiene;

(B) Use of personal protective equipment (for example, gloves, gowns, facemasks), depending on the anticipated exposure;

(C) Respiratory hygiene and cough etiquette;

(D) Safe injection practices; and

(E) Safe handling of potentially contaminated equipment or surfaces in the patient environment.

(f) "Transmission Based Precautions" means infection control practices that are implemented in addition to Standard Precautions in patients with known or suspected colonization or infection of highly transmissible or epidemiologically important infectious pathogens (for example, CRE, norovirus, Neisseria meningitidis) or syndromes (for example, diarrhea) when there is strong evidence that the pathogen or syndrome may be transmitted from person to person via droplet, contact, or airborne routes in healthcare or non-healthcare settings (Siegel JD, Rhinehart E, Jackson M, Chiarello L, and the Healthcare Infection Control Practices Advisory Committee. Guideline for Isolation Precautions: Preventing Transmission of Infectious Agents in Healthcare Settings, 2007).

(2) When a referring facility transfers or discharges a patient who is infected or colonized with a multidrug-resistant organism (MDRO) or pathogen which warrants Transmission Based Precautions, it must include written notification of the infection or colonization to the receiving facility in transfer documents. The referring facility must ensure that the documentation is readily accessible to all parties involved in patient transfer (for example, referring facility, medical transport, emergency department, receiving facility).

(3) When a facility becomes aware that it received in transfer one or more patients with an MDRO or pathogen that warrants Transmission Based Precautions, and that was isolated from a patient specimen collected within 48 hours after transfer, it must notify the referring facility.

(4) When a facility becomes aware that it transferred or discharged one or more patients who have an MDRO or pathogen that warrants Transmission Based Precautions, the referring facility must notify the receiving facility.

(5) If a facility transfers or discharges a patient with laboratory-confirmed, carbapenemase-producing Enterobacteriaceae, the facility must notify the local health department communicable disease staff within one working day of the date and destination of the transfer or discharge.

333-056-0020
Definitions Relating to Infectious Waste

As used in OAR 333-056-0010 through 333-056-0050, unless the context requires otherwise, the following definitions apply:

(1) "Act" means chapter 763, Oregon Laws, 1989, codified as ORS 459.386 to 459.405.

(2) "Disposal" means the final placement of treated infectious waste in a disposal site operating under a permit issued by a state or federal agency.

(3) "Disposal site" means land and facilities used for the disposal, handling or transfer of, or resource recovery from solid wastes, including but not limited to dumps, landfills, sludge lagoons, sludge treatment facilities, disposal sites for septic tank pumping or cesspool cleaning service, transfer stations, resource recovery facilities, incinerators for solid waste delivered by the public or by a solid waste collection service, composting plants and land and facilities previously used for solid waste disposal at a land disposal site. "Disposal site" does not include:

(a) A facility subject to the permit requirements of ORS 468.740 [468B.050];

(b) A landfill site which is used by the owner or person in control of the premises to dispose of soil, rock, concrete or other similar non-decomposable materials, unless the site is used by the public either directly or through a solid waste collection service; or

(c) A site operated by a wrecker issued a certificate under ORS 822.110.

(4) "Division" means the Oregon Health Authority, Public Health Division.

(5) "Incineration" means the reduction in volume and weight of waste by combustion.

(6) "Infectious waste" means:

(a) "Biological waste", which includes blood and blood products, excretions, exudates, secretions, suctionings and other body fluids that cannot be directly discarded into the municipal sewer system, and waste materials saturated with blood or body fluids, but does not include diapers soiled with urine or feces. In addition, biological waste does not include articles contaminated with fully absorbed or dried blood, such as gauze, paper towels, and sanitary napkins;

(b) "Cultures and stocks", which includes etiologic agents and associated biologicals, including specimen cultures and dishes and devices used to transfer, inoculate and mix cultures, wastes from production of biologicals, and serums and discarded live and attenuated vaccines. "Cultures" does not include throat and urine cultures;

(c) "Pathological waste", which includes biopsy materials and all human tissues, anatomical parts that emanate from surgery, obstetrical procedures, autopsy and laboratory procedures and animal carcasses exposed to pathogens in research and the bedding and other waste from such animals. "Pathological waste" does not include teeth or formaldehyde or other preservative agents;

(d) "Sharps", which includes needles, IV tubing with needles attached, scalpel blades, lancets, glass tubes that could be broken during handling and syringes that have been removed from their original sterile containers.

(7) "Landfill" means a facility for the disposal of solid waste involving the placement of solid waste on or beneath the land surface.

(8) "Noninfectious" means a state in which a disease causing agent is not capable of causing an infection to occur.

(9) "Saturated Waste" means waste that contains enough body fluid that it would cause dripping of the body fluid from the waste container, with or without compaction.

(10) "Sterilization" means, for purposes of these rules, any process which changes infectious waste so that disease causing agents contained within it are rendered non-infectious at the time the process is completed.

(11) "Storage" means the temporary containment of infectious waste in a manner that does not constitute treatment or disposal of such waste.

(12) "Transportation" means the movement of infectious waste from the point of generation over a public highway to any intermediate point, to the point of final treatment, and to the point of final disposal.

(13) "Treatment" means incineration, sterilization or other method, technique or process approved by the Oregon Health Authority, Public Health Division that changes the character or composition of any infectious waste so as to render the waste noninfectious. Treatment also includes methods of rendering waste noninfectious, which are approved by the Environmental Quality Commission.

333-056-0030
Infectious Waste Treatment

(1) Pathological wastes shall be treated by incineration in an incinerator that provides complete combustion of waste to carbonized or mineralized ash. However, if the Department of Environmental Quality determines that incineration is not reasonably available within a wasteshed, pathological wastes may be disposed of in the same manner provided for cultures and stocks.

(2) Cultures, stocks, sharps and biological wastes must be treated using one of the following methods, as delineated in subsections (2)(a), (b) and (c) of this rule:

(a) Treated via incineration. If incineration is utilized, it shall be done in compliance with all applicable rules established by the Environmental Quality Commission;

(b) Sterilization with saturated steam in a pressurized vessel. If this method is employed, a vessel dedicated to infectious waste treatment must be utilized. Operating procedures which must be developed and implemented shall include at least the following:

(A) Adoption of standard written operating procedures for each steam sterilizer including time, temperature, pressure, type of waste, type of container(s), type of closure on container(s), pattern of loading, and maximum load quantity. The manufacturer's recommendations shall be taken into account;

(B) Methods for monitoring recording or temperature measuring devices during each complete cycle to ensure that the manufacturer's recommended temperature is attained for the recommended amount of time in order to achieve sterilization of the entire load. Temperature measuring devices shall be checked for calibration at least annually;

(C) Methods for using heat sensitive tape or other device designed to indicate attainment of adequate sterilization conditions, for each container;

(D) Methods for at least monthly use of the biological indicator Bacillus stearothermophilus, or equivalent, placed at the center of a load processed under standard operating conditions, to confirm the attainment of adequate sterilization conditions;

(E) Methods for maintenance of records pertaining to paragraphs (2)(a)(A), (B) and (D) of this rule. These records shall be maintained and available for Division review for a period of not less than one year.

(c) Treated by other methods that meet the following criteria:

(A) The specific processes of the method have been tested under the conditions in which the method would be used in Oregon for the treatment of infectious waste. Such testing has demonstrated that the method is effective in rendering infectious agents non-infectious by showing bactericidal efficacy against at least spore-forming bacteria and a Mycobacterium. The testing methodology, test results, and documentation thereof must be considered scientifically valid by the Division. The determination of validity requires, but is not limited to:

(i) The testing methodology follows basic scientific principles or objectivity and is fully documented;

(ii) The results of the testing are fully documented. Raw data are made available to the Division if they are requested by the Division;

(iii) The testing has been done by a scientist(s) with an advanced degree in microbiology and with a record of having published scientific research results in a peer reviewed journal;

(iv) The report of the testing methodology and results, together with the statement "This report is an accurate and complete account of the test methods I performed and the test results I obtained" have been signed by the scientist(s) who performed the testing; and

(B) Any discharges into air or water and any solid waste resulting from the method meet the requirements of the laws and administrative rules of the Oregon Department of Environmental Quality; or

(C) The Environmental Quality Commission has approved the method and has accepted that method by administrative rule.

(3) Liquid or soluble semi-solid biological wastes may be discharged into a sewage treatment system that provides secondary treatment of waste.

(4) After treatment approved by the Division or the Environmental Quality Commission, sharps may be disposed of directly into a permitted land disposal site only if the sharps are in a red, leak-proof, rigid, puncture-resistant container which is taped closed or tightly lidded to prevent loss of the contents. The containers may not be compacted or otherwise broken before placement in the landfill. They must be placed in a segregated area of the landfill.

(5) Methods of treatment which have not been delineated in this rule or approved by the Division or the Environmental Quality Commission, as applicable, are not permitted.

Infectious Waste Storage Times and Temperature

(1) Infectious waste shall be segregated from other wastes by separate containment at the point of generation.

(2) Enclosures used for storage of infectious waste shall be secured to prevent access by unauthorized persons and marked with prominent warning signs.

(3) Pathological waste, biological waste and cultures/stocks shall be treated or disposed of pursuant to OAR 333-056-0010 through 333-056-0030 within seven days of generation, unless it is refrigerated (between 33 and 48 degrees Fahrenheit) or frozen (less than 32 degrees Fahrenheit). Refrigerated or frozen infectious waste may be stored 30 days prior to treatment or disposal.

(4) Prior to being treated pursuant to OAR 333-056-0010 through 333-056-0030, sharps contained in a leak proof, rigid, puncture resistant container which is taped closed or tightly lidded to prevent loss of the contents may be stored indefinitely.

(5) Generators that produce 50 pounds or less of infectious waste in any calendar month shall be exempt from the requirements pertaining to storage times and temperatures.

Exemption for Placenta Removal from a Health Care Facility

(1) Notwithstanding any other provision in these rules, a health care facility or freestanding birthing center, as those terms are defined in ORS 442.015, may release a placenta to the woman from whom the placenta originated, or to her designee, if:

(a) The facility or birthing center has a written policy and procedure to ensure the safe management and transport of placentas;

(b) The woman tested negative for infection by hepatitis B and human immunodeficiency viruses by testing obtained since the beginning of the pregnancy; and

(c) The woman, or her designee, and the woman's health care provider sign a form that contains at least the following:

(A) The woman's name, date of birth, address and the name of the health care provider;

(B) An attestation by the woman or her designee that the placenta will not be used for commercial purposes; and

(C) An attestation by the health care provider that:

(i) Since the beginning of the pregnancy the woman tested negative for infection by hepatitis B and human immunodeficiency viruses;

(ii) The woman either tested negative for hepatitis C virus since the beginning of the pregnancy or is not at risk for hepatitis C; and

(iii) To the health care provider's knowledge, the woman has no infection that poses a threat to persons who handle the placenta.

(2) The health care facility or freestanding birthing center must keep a copy of the signed release form described in subsection (1)(c) of this rule in the mother's medical record.

(3) Health care facilities and freestanding birthing centers shall make policies and procedures developed in accordance with subsection (1)(a) of this rule available to the Division upon request.

(4) Nothing in this rule prohibits a health care facility or freestanding birthing center from having additional requirements for the removal of a placenta from the facility or center.

Prevention of Disease Transmission by Blood-Contaminated Sharp Objects

Any person using sharp instruments (for example, needles, lancets, scalpels) for purposes of drawing blood, administering medication, or medical/surgical procedures on humans, shall dispose of such items in a manner that will protect any other handlers of this waste from injury. The disposal of such waste shall be in accordance with current recommendations of the U.S. Centers for Disease Control and Prevention, and shall include the use of impervious, rigid, puncture-proof containers. This rule applies to but is not limited to blood banks, plasmapherisis centers, medical clinics, dental offices, outpatient care centers, inpatient care facilities, hospitals, and home health agencies.

Subject: The Oregon Health Authority, Public Health Division is permanently amending rules in chapter 333, division 11 pertaining to vital records. The rules are being revised to align with House Bill 2093 (Oregon Laws 2013, chapter 366), the vital records modernization bill, passed by the Oregon legislature in June 2013. House Bill 2093 reorganized and updated Oregon vital records and vital statistics law. The reorganization and modernization of the law was based on a model law that was written between 2009 and 2011 by the National Center for Health Statistics in collaboration with the National Association for Public Health Statistics and Information Systems. The last model law was in 1992, and Oregon implemented that model in 1997. House Bill 2093 updated laws to account for changes in technology, security and parentage.

The new law takes effect January 1, 2014 and requires additional rules as well as updates to current rules. The subjects of the rules includes reports of live birth, reports of death, reports of fetal death, marriages, Oregon registered domestic partnerships, dissolutions of marriage or domestic partnerships, amendments of records, and county vital records offices. The goal of these rules is to implement the new laws.
Rules Coordinator: Brittany Sande—(971) 673-1291

333-011-0205
County Vital Records Services

A county registrar may only sell certified copies of records with authorization by the state registrar. A county registrar may apply to the state registrar for authorization to sell certified copies of death records or certified copies of birth records and death records. The application shall specify the county need and interests that the sale of certified copies would serve, types of records to be issued, and hours of service available. The state registrar shall review the application and authorize the county registrar to sell certified copies if such action is supported by local needs and resources.

(1) If approved for birth records, the county registrar may issue certified copies of registered birth records from the state vital records system for a period not to exceed six months from the date of birth.

(2) If approved for death records, the county registrar may accept after review paper death records for deaths occurring in the county prior to registration at the state office. The county registrar shall forward death records that have been filed at the county to the state registrar within three business days of the date filed by the county registrar.

(a) County registrars may issue certified copies from the original record while the original record is in the possession of the county. County registrars may maintain a copy of the completed death record for a period up to 14 calendar days from the date the record is forwarded to the state and within that time period may issue from that copy until the record is registered in the state vital records system.

(b) After the death record is registered in the state vital records system, whether originally a paper record or an electronic record, the county registrar may issue only from the state vital records system for a period not to exceed six months from the date of death.

Prenatal Care Information

(1) The physician, institution or other person providing prenatal care shall transfer the prenatal care information including but not limited to pregnancy history, date of first visit, number of visits, pregnancy risk factors, and cigarette use as required in Oregon Laws 2013, chapter 366, section 10 to the institution where the delivery is expected to occur not less than 30 calendar days and not more than 45 calendar days prior to the expected delivery date.

(2) If the institution where the delivery is expected to occur has direct access to the prenatal care information, the physician, institution or other person providing prenatal care may authorize direct access to the information.

(3) If the institution where the delivery is expected to occur does not have direct access to the prenatal care information or direct access is not authorized by the physician, institution or other person providing prenatal care, the prenatal care provider shall send by facsimile or otherwise electronically transmit in a secure manner the prenatal care information on a form prescribed by the State Registrar of the Center for Health Statistics.

333-011-0215
Registering Live Births that Occur Outside of a Facility with a Licensed Birth Attendant or Non-licensed Midwife within One Year of the Date of Birth

(1) For purposes of this rule, attendant means:

(a) A physician;

(b) A nurse practitioner as defined in ORS 678.010;

(c) A direct entry midwife licensed under ORS 687.405 to 687.495; or

(d) A person not required by law to be licensed to practice midwifery who is registered with the Center for Health Statistics to submit reports of live birth.

(2) Any individual listed in subsections (1)(a) through (d) of this rule who attends a birth that occurred outside a health care facility must register the birth with the Center for Health Statistics.

(a) Information regarding the birth may be submitted through the state electronic vital records system or through a paper report of live birth. All information required in the report of live birth must be received by the Center for Health Statistics prior to registration.

(b) Reports of live birth submitted within one year from the date of birth shall not be marked "Delayed."

(c) The attendant may submit the report of live birth based on existing medical records.

(A) Personal information, such as the name of the child, can be completed from information provided by the parent at the time of birth.

(B) If the birth cannot be confirmed through other public health sources including but not limited to newborn metabolic screening, first dose immunization records, or early hearing test, the state registrar may require the parents to submit additional documents that support the birth of the child in Oregon or present the child at the county vital records office.

(d) The state registrar may request additional documentation from the attendant or explanation of the delay in submitting the report of live birth for reports submitted more than 10 days after the date of birth.

(e) The state registrar shall review and register reports of live birth submitted within one year from the date of birth using the same process for reviewing and registering reports of births submitted within five days from the date of birth.

(3) An attendant who attends the birth of their own child, grandchild, niece or nephew must submit the application and documentation required under OAR 333-011-0220 if the birth does not occur in a licensed medical facility.

333-011-0220

Registering Live Births that Occur Outside of a Facility and Without a Licensed Attendant within One Year of the Date of Birth

When a birth occurs outside a licensed health care facility, the birth attendant is not an attendant described in OAR 333-011-0215 and a report of live birth has not been submitted to the state registrar, the mother, the father if the father's relationship to the child is legally established, the legal guardian, or a state agency with physical custody shall fill out a form prescribed by the state registrar to report the live birth and provide additional evidence to the state register if the birth occurred within one year of the report being submitted to the Center for Health Statistics.

(1) The individual submitting the report of live birth must also submit evidence to establish the following facts:

(a) The mother was pregnant at the time relevant to the birth. If the birth cannot be confirmed through other public health sources, the parents must submit additional documents that support the birth of the child in Oregon. Evidence of the pregnancy can include but is not limited to:

(A) Prenatal record or a statement from a physician or other health care provider qualified to determine pregnancy who examined the mother during the pregnancy; or

(B) Chart notes from a home visit by a public health nurse or other health care provider that include observation of the pregnancy.

(b) A live birth resulted from the pregnancy. Evidence that the infant was born alive can include but is not limited to:

(A) A statement from a physician, naturopathic doctor, nurse practitioner, or registered nurse who saw or examined the infant within three months of the birth; or

(B) Chart notes of an observation of the infant during a home visit by a public health nurse within three months of the birth; or

(C) Presentation of the child at the state or county vital records office.

(c) The mother was present in Oregon at the time of birth. Evidence of the mother's presence in this state within 30 days of the date of the live birth and inclusive of the date of birth can include but is not limited to:

(A) A rent receipt that includes the mother's name and address; or

(B) A utility, telephone, or other bill that includes the mother's name and address.

(d) Information on the identity of the mother and information on the identity of the father if the father is to be listed on the record of live birth. Evidence of the identity of the mother or the father shall include:

(A) An official identification document from a government agency that includes a photograph of the mother or of the father; and

(B) A certified copy of the mother's or father's birth record; or

(C) Other official documents acceptable to the state registrar.

(2) If a parent's current legal name does not match the name on his or her birth record, evidence of the legal name change through court order, marriage or other legal process must be provided.

(3) If the father is listed on the record of live birth because the mother and father are married, a certified copy of a marriage record for the mother and the father must be submitted.

(4) After the application is received and evidence has been submitted, the state registrar shall review the documents and application, and verify any documentation at the state registrar's discretion.

(5) The state registrar shall determine if a previously registered record of live birth exists for the registrant. If no previously registered record is identified and the submitted application and evidence appear valid, the record may be registered.

(6) Reports of live birth filed within one year from the date of birth shall not be marked "Delayed."

333-011-0225

Registering Live Births that Occur in a Licensed Medical Facility More Than One Year after the Date of Birth

All reports of live birth for births occurring in licensed medical facilities certified more than one year from the date of live birth are to be submitted by hospital staff through the electronic system and registered on the current form in use.

(1) Births may be matched to newborn screening records for the purpose of confirming the birth occurred.

(2) Reports of live birth submitted more than one year from the date of birth shall be marked "Hospital Delayed" and include a footnote that the record was filed based on the medical facility's record of the live birth.

(3) The facility administrator or designee shall submit the report of live birth based on existing medical or business records related to the birth if all facts of birth appear in the medical or business records. Personal information, such as the name of the child, can be completed from information provided by the parent at the time of birth.

(4) The facility administrator or designee shall include an explanation of the delay in submitting the report of live birth and the facility records on which the report of live birth is based.

(5) The state registrar shall determine if a previously registered record of live birth exists for the registrant and may inspect the medical facility's medical and business records prior to registration. If no previously registered record is identified and the submitted record appears valid, the record may be registered.

333-011-0230

Registering Live Births that Occur Outside a Facility More Than One Year after the Date of Birth

(1) When a live birth that occurred outside a licensed medical facility has not been registered within one year from the date of birth, an application for a delayed registration of live birth may be submitted. The applicant shall complete a delayed report of live birth application form prescribed by the state registrar, pay the delayed filing fee, and shall provide additional documentation described in this rule.

(a) If the proposed registrant is age 18 or older, the proposed registrant must file the application unless the proposed registrant has a legal guardian due to incapacity. If the proposed registrant is age 18 or older and has a legal guardian due to incapacity, the legal guardian may file the application on behalf of the proposed registrant.

(b) If the proposed registrant is less than age 18, the mother, the father if legal relationship is established, the legal guardian, or a state agency with physical custody may file the application.

(c) No delayed report of live birth shall be registered for a deceased person.

(2) A delayed registration of birth application form shall be signed by the person authorized to request a delayed registration of birth as described in subsections (1)(a) and (b) of this rule and sworn to before an official authorized to administer oaths, swearing to the accuracy of the facts stated therein.

(3) In addition to completing the delayed registration of live birth application, the applicant must submit documents to establish the facts of birth including:

(a) The full name of the proposed registrant at the time of birth;

(b) The date of birth;

(c) The place of birth within Oregon;

(d) The mother's full name at birth and current full legal name; and

(e) Proof that a record does not currently exist in Oregon.

(4) If the mother was not married either at the time of conception or birth or within 300 days prior to the birth, the state registrar shall not enter the name of the father on the delayed record of live birth for a minor child except upon receipt of a voluntary acknowledgment of paternity as provided in OAR 333-011-0270 or upon receipt of a court order establishing paternity.

(5) A delayed registration of birth application completed and submitted to the state registrar within 10 years of the birth of the proposed registrant must include three pieces of documentary evidence that support the facts of birth.

(a) One of the three documents must establish the mother's residence address in Oregon within 30 days of the date of the live birth and inclusive of the date of birth. A personal affidavit cannot be used to establish residence.

(b) One document other than a personal affidavit must have the full name at birth of the proposed registrant, the date of birth, and the full legal name or the full name at birth of the mother. This document must be dated either:

(A) Before the first birthday of the proposed registrant; or

(B) At least one year prior to the date of the application.

(c) One of the documents may be a personal affidavit. To be accepted, a personal affidavit must be signed by a person who is at least 18 years of age and is at least 10 years older than the proposed registrant. That person must have personal knowledge of the facts of birth and not be a family member of either parent.

(d) In addition to the facts of birth, information on the identity of the mother and father is required.

(A) Evidence of the identity of the mother shall include:

(i) An official identification document from a government agency that includes a photograph of the mother; and

(ii) A certified copy of the mother's record of birth; or

(iii) Other official documents acceptable to the state registrar.

(B) Evidence of the identity of the father if the father is to be listed on the record of live birth shall include:

(i) An official identification document from a government agency that includes a photograph of the father; and

(ii) A certified copy of the father's record of birth; or

(iii) Other official documents acceptable to the state registrar.

(C) If a parent's current legal name does not match the name on his or her record of birth, evidence of the legal name change through court order, marriage or other legal process must be provided.

(e) If the father is listed on the birth report because the mother and father are married, a certified copy of a marriage record for the mother and the father must be submitted.

(6) If a delayed registration of live birth application is completed and submitted to the state registrar 10 years or later after the date of birth of the proposed registrant, at least three pieces of documentary evidence shall be submitted with the application for delayed record of live birth.

(a) All documents must have been established:

(A) Prior to the proposed registrant's 10th birthday and at least one year prior to the date of application; or

(B) At least 10 years prior to the date of application.

(b) One document must have the full name at birth of the proposed registrant, the date of birth or age, the place of birth within Oregon, and the mother's first and last name prior to marriage.

(c) The remaining two documents must have the name of the proposed registrant, the date of birth or age, and place of birth. One document of the three must include the registrant's first and last name, date of birth and place of birth within Oregon.

(d) The father will be included on the record of live birth if the proposed registrant is age 18 or older and the evidence submitted documents the identity and relationship.

(e) Documents in addition to the three required may include first and last names only and do not need to include the date of birth and place of birth if sufficient information appears in the document to clearly identify the proposed registrant as the subject of the document. These documents may be used to correct the spelling of a name or to add information missing from the three documents required, such as a parent's place of birth.

Documentation in Support of an Application to Register a Delayed Report of Live Birth

(1) The following documents shall be considered by the state registrar to meet the documentation requirements for delayed registration of live birth described in OAR 333-011-0230 if the documents contain sufficient information to identify the proposed registrant as the subject of the document and support the facts of birth as reported by the applicant. Documents may include:

(a) Licensed medical facility records of the proposed registrant;

(b) A certified copy of an accepted application for a Social Security card for the proposed registrant;

(c) The proposed registrant's mother's medical record if the proposed registrant's name, date of birth and place of birth are included in the record;

(d) A certified copy of school records of the proposed registrant;

(e) A certified copy of census records;

(f) Military records of the proposed registrant;

(g) A certified copy of marriage record;

(h) A certified copy of birth record of the proposed registrant's child;

(i) Voter registration records for the proposed registrant; or

(j) Other official documents acceptable to the state registrar.

(2) All documents submitted in support of an application for delayed registration of live birth must be original documents or certified copies of original documents. Certified copies must be authenticated by the official custodian of the record.

Review and Filing of Delayed Registration of Live Birth

(1) The state registrar shall review the application for delayed registration of birth and documents in support of the application for authenticity, relevance and content required by OAR 333-011-0230. If the application cannot be approved as submitted, the applicant will be notified by correspondence or electronic mail of the deficiencies and provided an opportunity to submit additional documentation.

(2) The state registrar shall review the delayed registration of live birth application and the documents submitted, and shall search to confirm there is no existing birth record for the proposed registrant in Oregon. If the state registrar finds no such records and finds that the documents submitted are adequate to establish that the proposed registrant was born in Oregon on the date specified, the state registrar or the state registrar's designated representative shall register the record and include on the record of delayed registration of live birth an abstract of the evidence supporting the delayed report of live birth.

(3) If the application and evidence is accepted, the state registrar shall send the delayed report of live birth, including the abstract of evidence, to the applicant for notarized signature.

(4) When the notarized delayed report of live birth with the applicant's notarized signature is received, the state registrar shall create the delayed record of live birth. The record of live birth shall be marked 'Delayed' and shall include a description of each document submitted to support the facts shown on the delayed birth record. This description shall include:

(a) The title or description of the document;

(b) The name of the affiant, if the document is an affidavit of personal knowledge, or of the custodian, if the document is an original or certified copy of a record or a signed statement from the custodian;

(c) The date of the original filing of the document being abstracted; and

(d) The information regarding the birth facts contained in the document.

(5) The state registrar shall return all original documents other than personal affidavits submitted in support of the application for delayed registration of live birth and received directly from the applicant to the applicant after review. A copy of the personal affidavit shall be provided to the applicant. Copies of documents and application will be maintained for delayed registrations of live birth that are accepted for registration.

Denial of Application for Delayed Registration of Live Birth after Two Years

(1) An application for an out of facility record of live birth or delayed record of live birth which is not completed through the submission of required evidence of all facts to be established as identified in rule within two years of application shall be denied. The applicant shall be notified of the right to appeal the decision of the state registrar under ORS 183.484. The applicant may request denial for the purpose of seeking a court order prior to two years.

(2) Any applicant that has had a previous application denied must file a new application for the proposed registrant including the fee if choosing to submit a new application for delayed registration of birth.

(3) Copies of the application and submitted documentation will be maintained according to the agency's retention schedule and may be used if a subsequent application indicates contradictory information.

Infants of Unknown Parentage

(1) A report for a minor child of unknown parentage found in Oregon shall be registered in the current format for births.

(2) If the minor child is less than one year of age, the hospital where the child is examined shall submit the report of live birth in the state's electronic reporting system.

(3) If the minor child is more than one year of age, the agency who has assumed custody of the child shall submit a request to locate birth record to the state registrar. The request shall include:

(a) A statement that the child is a possible foundling;

(b) All information available on the identity of the child and parents for the purpose of identifying the birth record;

(c) Whether the agency will be able to locate evidence to support a delayed record of birth if a birth record is not identified;

(d) Whether an expedited denial is requested for the purpose of obtaining a court order to register the birth.

(4) If the agency requests expedited denial, the state registrar shall review the information available and determine whether a birth record can be identified. If no birth record can be identified based on the information provided by the agency and the agency cannot provide additional documentation to support a delayed record of birth, the state registrar shall issue a denial of the request.

(5) If the agency later identifies the child's parents, the agency shall notify the state registrar within 10 days of the additional information. If a previously registered record is identified with the child's information, the record registered under this rule shall be voided. If no registered record with the parent information is found, the agency shall amend the court order to register the birth to include the names, dates of birth and places of birth of the parents.

Amendment of the Same Item More than Once

Once an amendment of an item is made on a vital record, except for cause and manner of death to be amended by the medical certifier or Medical Examiner or clerical error on the part of the reporting source or the state registrar, that item shall not be amended again except upon receipt of an appropriate order which, depending on the nature of the order, shall be from either a court of competent jurisdiction or a court with competent jurisdiction over the state agency.

333-011-0265

Amending Birth Records

(1) All amendments. Unless otherwise provided in these rules or in statute, all amendments to vital records shall be supported by:

(a) An affidavit setting forth:

(A) Information to identify the record;

(B) The incorrect data as it is listed on the record; and

(C) The correct data as it should appear.

(b) One or more original items of documentary evidence which support the alleged facts and which were established at least five years prior to the date of application for amendment or within seven years of the date of the event and one year prior to the date of the requested amendment.

(2) The state registrar shall evaluate the evidence submitted in support of any amendment, and when the state registrar finds reason to doubt its validity or adequacy the amendment may be rejected and the applicant advised of the reasons for this action.

(3) Who may apply:

(a) To change the date of birth, time of birth or sex of the registrant, only the facility where the birth occurred or the individual who submitted the report of birth may apply to amend unless the medical record is no longer available at the facility. If the medical record is no longer available, other individuals, including the parents and the registrant, shall submit an application for amendment under section (1) of this rule. If the evidence is not sufficient, the applicant must present a certified copy of a court order ordering such amendment.

(b) To amend a record of live birth for items other than date of birth, time of birth or sex, application may be made by one of the parents, the legal guardian, the registrant if 18 years of age or over, or the individual responsible for filing the report of live birth.

(c) To amend the sex of a registrant on a record of live birth following the completion of sexual reassignment, an individual must submit documentation under OAR 333-011-0275.

(4) Amendment of registrant's first, middle or last names on records of live birth within the first year. Until the registrant reaches the age of one year, first, middle, or last names of the registrant may be amended upon written request of:

(a) Both parents; or

(b) The mother if no father or second parent appears on the record or if the father or second parent is deceased or incapacitated; or

(c) The father or second parent if the mother is deceased or incapacitated; or

(d) The legal guardian or agency having legal custody of the registrant.

(5) Amendment of registrant's first, middle or last names on records of live birth after the first year:

(a) After one year from the date of birth the provisions of section (1) of this rule must be followed to amend a first, middle or last name if the name was misspelled on the birth record.

(b) A legal change of name order must be submitted from a court of competent jurisdiction to change a first, middle or last name that appears on the birth record after one year from date of birth.

(6) Addition of first, middle or last name of a registrant on a record of live birth:

(a) Until the registrant's seventh birthday, first, middle and last names, for a child whose birth was registered without such names, may be added to the record of live birth upon written request of:

(A) Both parents; or

(B) The mother if no father appears on the record or if the father is deceased or incapacitated; or

(C) The father if the mother is deceased or incapacitated; or

(D) The legal guardian or agency having legal custody of the registrant.

(b) After seven years the provisions of section (1) of this rule must be followed to add a first, middle or last name.

(7) Amendment of parents' information on birth records. When a requested amendment to an item, in combination with previous amendments or concurrent requests for amendment, would appear to change the identity of the parent through cumulative changes to name, date of birth, or place of birth, the state registrar shall only make such an amendment upon receipt of a court order from a court of competent jurisdiction.

(8) Original evidence documents submitted to correct errors in the spelling of a parent name, parent date of birth, or parent place of birth must be dated prior to the birth of the child.

(9) Birthing facilities may correct typographical errors on birth records within the first year. After one year, only errors in the child's date

of birth, time of birth or sex will be accepted directly from the birthing facility. The birthing facility must have access to the medical record when submitting the correction.

(10) For births occurring outside a birthing facility, medical certifiers may only correct typographical errors within the first year with evidence from the medical record or the birth worksheet.

(11) Amendment of minor errors on birth records. Amendment of obvious errors, transposition of letters in words of common knowledge, or omissions may be made by the state registrar either upon the state registrar's observation or upon request of one of the parents, the legal guardian, or the birthing facility or by the individual responsible for filing the report of live birth. The record shall not be marked "Amended". Corrections to names will not be considered minor errors.

(12) In all cases where the record is amended, there shall be inserted on the record a statement identifying the affidavit or documentary evidence used as proof of the correct facts, the date the amendment was made, and the initials of the person making the change. As required by statute or rule, the record shall be marked "Amended".

Voluntary Acknowledgment of Paternity

(1) Any voluntary acknowledgment paternity form establishes paternity, and the establishment of paternity shall be a rebuttable presumption. Forms must contain all information necessary to comply with existing federal and state laws and regulations for determination and recording of paternity including but not limited to:

(a) The current full names of mother, father and child;

(b) The social security numbers of mother and father if available;

(c) The dates of birth for mother, father and child;

(d) The address(es) of the mother and of the father;

(e) The birthplace of the child;

(f) A brief explanation of the legal significance of signing a voluntary paternity affidavit and a statement that both parents have 60 days to rescind the paternity acknowledgment affidavit;

(g) A statement signed by both parents indicating they understand that signing the paternity acknowledgment is voluntary and that they understand the rights, responsibilities, alternatives to signing, and consequences of signing;

(h) Signature lines for the mother and the father; and

(i) Signature lines for witnesses or notaries.

(2) The witnessed voluntary acknowledgment of paternity form is established for completion in a health care facility where births occur. This form can be used by unwed biological parents if:

(a) The mother was not married at conception, at birth, or within 300 days prior to the birth;

(b) The form is completed:

(A) After the birth; and

(B) While the mother is admitted for this birth; and

(c) The form is witnessed by a member of the hospital staff; and

(d) The form is submitted to the Center for Health Statistics within five days after the birth.

(e) This form will not be accepted and the father's information will not be placed on this record of live birth if any of these conditions are not met.

(3) Completion of a voluntary acknowledgment of paternity form and returning the form to the hospital staff for submission is the responsibility of the biological parents.

(4) The notarized voluntary acknowledgment of paternity form can be used by unwed biological parents if:

(a) The mother was not married at conception, at birth, or within 300 days prior to the birth;

(b) The form is completed after the birth; and

(c) Signatures of each biological parent are notarized.

(d) This form will not be accepted and the father's information will not be placed on this record of live birth if any of these conditions are not met.

(5) The State Registrar of the Center for Health Statistics shall consult the Division of Child Support on the language in the rights and responsibility statement for voluntary acknowledgment of paternity forms to ensure compliance with state and federal law and regulations.

(6) All questions regarding acceptability of a completed form are determined by the State Registrar for the Center for Health Statistics. Appeals of decisions of determination of the state registrar will be made under ORS 183.484.

333-011-0275

New Record of Birth Following Adoption, Legitimation, Paternity Determination, and Paternity Acknowledgement or Sexual Reassignment

(1) The state registrar shall amend a record of live birth and establish a replacement record of live birth for a person born in this state upon receipt of the following:

(a) Legitimation. If the mother is unmarried at the time of birth and the biological parents marry after the birth of a child, a new record of live birth shall be prepared by the state registrar for a child born in this state upon receipt of a sworn acknowledgement of paternity signed by the biological parents of said child together with a certified copy of the parents' marriage record. The mother's legal name can be amended to the name taken at marriage on the child's record of live birth if requested.

(b) Determination of paternity. A new record of live birth shall be prepared by the State Registrar for a child born in this state upon receipt of a certified copy of a court determination of paternity. If the mother's marital status was not unmarried at the time of birth or if another man is listed as the father, the court order must disestablish paternity as well as establish the new father. If the surname of the child is not decreed by the court, the request for the new record received with the certified copy of the court determination shall specify the surname requested by both parents to be placed on the record.

(c) Acknowledgement of paternity. A new record of live birth shall be prepared by the state registrar for a child born to an unmarried mother in this state upon acceptance of a notarized voluntary acknowledgement of paternity signed by both parents if no father appears on the record. The child's surname may be changed through the voluntary acknowledgment of paternity.

(d) Adoption. A certified copy of a report of adoption as provided in ORS 432.415 or a certified copy of the decree of adoption, together with the information necessary to identify the original record of live birth and to establish a replacement record of live birth, except that a replacement record of live birth shall not be established if so requested by the court decreeing the adoption.

(e) Sexual reassignment. A certified copy of an order of a court of competent jurisdiction indicating that an individual born in this state has completed sexual reassignment and that the sex on the record of live birth shall be changed.

(2) The mother's marital status is unmarried at the time of birth if she was not married at conception, at birth, or within 300 days prior to the birth.

(3) New record:

(a) The new record of live birth prepared after adoption, legitimation, determination of paternity, or acknowledgment of paternity, or sexual reassignment shall be on the form in use at the time of its preparation and shall include the following items and such other information necessary to complete the certification:

(A) The name of the child;

(B) The date and place of birth as transcribed from the original record;

(C) The full names, dates of birth and places of birth of the adoptive parents or the biological parents whichever is appropriate;

(D) The name of the attendant;

(E) The state file number assigned to the original birth record; and

(F) The original filing date.

(b) The information necessary to locate the existing record and to complete the new record shall be submitted to the state registrar on forms prescribed or approved by the state registrar.

(4) Existing record to be placed in a special file. After preparation of the new record, the existing record and the evidence upon which the new record was based are to be placed in a special file. Such file shall not be subject to inspection except upon order of a court of competent jurisdiction or by the state registrar for purposes of properly administering the vital statistics program. A court order is not required before the release of a Voluntary Acknowledgment of Paternity form to any government agency responsible for the administration of child support enforcement programs created under Title IV-D of the Social Security Act, to a parent who signed the form or to the registrant if age 18 or older.

Extension of Time for Submission of Report of Death or Fetal Death

(1) Upon written request by the funeral service practitioner, person acting as a funeral service practitioner, or Medical Examiner, the state registrar may extend the period to file a report of death, not to exceed 60 days.

(2) Upon written request by the facility administrator or the Medical Examiner, the state registrar may extend the period to file a report of fetal death, not to exceed 60 days.

(3) The request shall include the date of event, name of the decedent if a report of death or name of the mother if a report of fetal death, and an explanation of why the extension of time is required.

(4) The state registrar shall respond to such request within two business days of receipt. The request may be faxed or otherwise transmitted electronically, but must include a signature of the person requesting the extension.

333-011-0295
Authorization for Final Disposition

(1) Removal of body. Before removing a dead body or fetus from the place of death, the funeral director or person acting as such shall:

(a) Obtain assurance from the attending physician that death is from natural causes and that the physician will assume responsibility for certifying to the cause of death or fetal death and receive permission to remove the body from the place of death; or

(b) Notify the medical examiner, if the case comes within the medical examiner's jurisdiction and obtain authorization to remove the body.

(2) Authorization for disinterment and reinterment. An authorization for disinterment and reinterment of human remains shall be issued by the state registrar upon receipt of a written application signed by the next of kin and the person who is in charge of the disinterment or upon receipt of an order of a court of competent jurisdiction directing such disinterment:

(a) Upon receipt of such a court order or signed permission of the next of kin, the state registrar may issue one authorization to permit disinterment and reinterment of all human remains in a mass disinterment provided that, insofar as possible, the remains of each body be identified and the place of disinterment and reinterment specified. The authorization shall be permission for disinterment, transportation, and reinterment;

(b) Human remains properly prepared by an embalmer and deposited in a receiving vault shall not be considered a disinterment when removed from the vault for final reinterment within the same cemetery.

333-011-0300
Amendments to Death Records

(1) To amend a death record, application may be made by the informant, the next of kin of the decedent, person acting as the funeral service practitioner who signed the report of death, or a funeral service practitioner employed by the licensed funeral establishment that submitted the report of death.

(a) Next of kin is, in order of preference:

(A) Spouse of the decedent;

(B) A son or daughter age 18 or older of the decedent;

(C) The mother or the father of the decedent;

(D) A brother or sister age 18 or older of the decedent;

(E) The guardian of the decedent at the time of death;

(F) The personal representative of the estate of the decedent; or

(G) The person nominated as the personal representative of the decedent in the decedent's will.

(b) Applications to amend the medical certification of cause of death shall be made only by the physician who signed the medical certification or the medical examiner.

(c) A completed and signed affidavit in a format prescribed by the state registrar is required for all amendments.

(2) When the marital/partnership status is shown as married/partnered and a surviving spouse/partner is listed on the death record of the decedent then the marital/partnership status shall be changed to:

(a) Widowed and the spouse/partner removed if a certified copy of a death record for the spouse/partner documenting that the spouse/partner died prior to the death of the decedent is submitted by the informant.

(b) Divorced or never married and the spouse/partner removed if a certification of divorce/dissolution/annulment documenting that the event occurred prior to the death of the decedent is submitted by the informant.

(3) If the marital/partnership status is shown as married/partnered and surviving spouse/partner is listed as unknown or is blank on the death record, then a certified copy of the record of marriage/partnership must be provided to add the name of the surviving spouse/partner.

(4) If the marital/partnership status is shown as married/partnered and the surviving spouse/partner is listed on the death record then an order from a court of competent jurisdiction will be needed to change that spouse/partner to a different person.

(5) When the marital/partnership status is shown as divorced, widowed, or never married and no surviving spouse/partner is listed on the death record of the decedent then the marital/partnership status shall be amended to married/partnered and the surviving spouse/partner added upon receipt of notarized affidavits from both the informant and from the alleged surviving spouse/partner stating that an error was made and stating the correct information, and either:

(a) A certified copy of the marriage/partnership record showing that the person to be listed as the surviving spouse/partner was married to/partnered with the decedent prior to death is submitted by the informant; or

(b) An order from a court of competent jurisdiction issued in a legal action indicating that the person was in a common-law marriage with the decedent at the time of the decedent's death.

(6) Other changes to marital/partnership status and surviving spouse/partner will be made only upon the finding of a court of competent jurisdiction in an order that determined the marital/partnership status of the decedent and identifies the surviving spouse/partner, if appropriate.

(7) For sections (2) through (5) of this rule, in addition to documentation required, the informant listed on the death record shall be notified of the requested change and given the opportunity to respond prior to the state registrar amending the death record. If the informant disagrees with the change, marital status and surviving spouse can only be changed upon receipt of an order from a court of competent jurisdiction.

(8) Amendment to other items on the death record:

(a) Signatures may not be amended.

(b) Other personal and statistical items on the death record may be amended by the funeral services practitioner based on a correction affidavit.

(c) Other personal and statistical items on the death record shall be amended by the informant or next of kin only if supported by an affidavit and documentary evidence that is acceptable to the state registrar.

(d) An order from a court of competent jurisdiction may be used to amend any item except signatures, the date of registration, or to amend the date of death to a date that is after the date of registration.

(9) Notwithstanding sections (2) through (7) of this rule, any item may be amended except signatures if the amendment is required because of clerical error by the facility, institution or individual responsible for sub-

mitting the report. The request for amendment shall be supported by a written statement explaining the error.

Marriage and Oregon Registered Domestic Partnership Records

(1) The state registrar shall register Declaration of Oregon Registered Domestic Partnership forms that have been completed, notarized, and filed with an Oregon county clerk.

(a) The form shall be considered complete when all items not identified as optional or statistical have been completed.

(b) If the item "legal name taken after domestic partnership" is not completed, the form may be accepted for registration. A partner not completing the item will retain the legal name prior to the declaration as their sole legal name.

(2) The state registrar shall register the Application, License, and Record of Marriage forms that have been completed by the officiant and filed with the Oregon county clerk who issued the license.

(a) The form shall be considered complete when all items not identified as statistical have been completed. Affidavit of age may be blank if not required by the county clerk under ORS 109.050.

(b) If the item "legal name taken after marriage" is not completed, the form may be accepted for registration. A party not completing the item will retain the legal name prior to the marriage as their sole legal name.

Record of Dissolution

(1) The state registrar shall register Record of Dissolution of Marriage, Annulment or Domestic Partnership forms that have been completed and certified by an Oregon clerk of the court. The form shall be considered complete when the following minimal information has been completed:

(a) Husband/Partner A legal name, date of birth and birthplace;

(b) Wife/Partner B legal name, date of birth and birthplace;

(c) Date of marriage or filing of registered domestic partnership, place of marriage or registered domestic partnership;

(d) Date marriage or registered domestic partnership was dissolved, date judgment becomes effective, county of decree; and

(e) Signature, either physical or electronic, of court official, title of official and date signed.

(2) The clerk of the court shall complete and submit reports of dissolution of marriage or dissolution of domestic partnership for cases where final judgment has been entered on the 5th working day and the 15th working day of each month.

Disposition of Reports of Induced Termination of Pregnancy

(1) Reports of induced termination of pregnancy are statistical reports only and are not to be incorporated into the official records of the Vital Statistics Section. The state registrar is authorized to dispose of such reports when all statistical processing of the records has been accomplished. However, the state registrar may establish a file of such records so they will be available for future statistical and research projects provided such file is not made a part of the official records and the reports are not made available for the issuance of certified copies. Such file shall be retained for as long as the state registrar deems necessary and it shall then be destroyed. The file may be maintained by photographic, electronic, or other means as determined by the state registrar, in which case the original report from which the photographic, electronic, or other file was made shall be destroyed.

(2) The provisions of this regulation shall also apply to all records of induced termination of pregnancy filed prior to the adoption of this regulation.

333-011-0320
Preservation of Vital Records

(1) When an authorized reproduction of a vital record has been properly prepared by the state registrar and when all steps have been taken to provide for the continued preservation of the information, the record from which such authorized reproduction was made may be disposed of by the state registrar. Such record may not be disposed of until:

(a) The quality of the authorized reproduction has been tested to ensure that acceptable certifications can be issued;

(b) A permanent copy of such record has been placed in a secure location removed from the building where the authorized reproduction is housed; and

(c) The original records have been offered to the State Archives.

(2) Such permanent copy described in section (1) shall be maintained in such a manner to ensure that it can replace the authorized reproduction should the authorized reproduction be lost or destroyed.

(3) The state registrar shall offer the original documents from which the authorized reproductions are made to the State Archives. The State Archives shall retain permanently such records and shall adhere to the restrictions in the vital statistics law related to access to such records. If the State Archives declines to place such records in its files the state registrar shall be authorized to destroy the documents. Such destruction shall be in accordance with generally accepted methods for disposition of confidential or sensitive documents.

(4) Microfilm used for preservation shall be manufactured and stored in accordance with the standards established by the State Archives by rule. Redundant copies shall be stored at one or more sites distant from the master copies. Mechanisms for retrieving copies from distant sites shall be documented and periodically tested.

(5) Electronic images of vital record documents shall be indexed for ease of retrieval. Long-term archiving of electronic documents shall follow standards established by the State Archives by rule. The index shall allow for linking of amended or corrected images to the original image. The images shall be stored in a tamper resistant manner and media. The preservation management program shall include the refreshment of storage media to assure integrity and prevent obsolescence on a periodic basis into new formats as they become accepted.

(6) Vital event information stored as electronic data shall be stored in a manner that is both tamper resistant and tamper evident. All changes to information shall be tracked, including the item changed, the user who made the change, the date of the change, and the justification for the change. Back-ups of electronic data shall be made at regular intervals, and copies shall be stored at one or more sites distant from the master copy. Mechanisms and procedures for retrieving copies from distant sites shall be documented and periodically tested.

(7) The preservation management program shall provide for the periodic refreshment of electronic data, to include hardware, software, and coding standards. The program must include documentation of changes in coding structures, provide for testing of converted files to assure data quality, and address associated costs.

Confidentiality and Disclosure of Information from Vital Records or Vital Reports

To protect the confidentiality and security of vital records and vital reports:

(1) The state registrar shall not permit access to or disclosure of personally identifiable information contained in vital records, or issue a copy of all or part of any such record unless the applicant is authorized to obtain such record for a proper purpose under Oregon Laws 2013, chapter 366, section 33, or is authorized to obtain such record under Oregon Laws 2013, chapter 366, section 36.

(a) Access to or disclosure of information contained in vital records for sale or release to the public, for direct or indirect marketing of goods or services, for other non-research solicitation of registrants or families of registrants, or for other commercial or speculative purposes shall not be deemed a proper purpose.

(b) The state registrar may impose reasonable conditions as to the use and re-disclosure of information, and may limit access to the minimum necessary to fulfill the purpose for which information is requested.

(2) Requests for personally identifiable information contained in vital records for health research purposes shall be submitted in writing to the state registrar.

(a) Each request shall contain at a minimum:

(A) Name, title, organizational affiliation and contact information (mailing address, telephone number, and electronic mail address) of the requestor and the organizational official authorized to execute agreements;

(B) Title, objectives and description of the proposed research study;

(C) Institutional Review Board approval of study protocol if any contact with study subjects including children or parents listed on live birth records or next-of-kin or informants of decedents is proposed;

(D) Physical and electronic storage and security measures to be taken to assure confidentiality and security of identifying information, and provision for return or destruction of the information at the conclusion of the research study;

(E) Time frame of the research study;

(F) Names of all persons on the research study team who will have access to the personally identifiable information;

(G) Plan for dissemination of the results.

(b) Each request for personally identifiable information from vital records to be used for health research purposes shall be reviewed to determine compliance with at least the following:

(A) Contains all elements required by this rule;

(B) Adequately justifies the need for the requested information;

(C) Compliance with past data use agreements;

(D) The requested information can be provided within the time frame set forth in the request; and

(E) The state registrar has adequate resources with which to comply with the request.

(3) Requests by government agencies for any identifiable information contained in the state's vital records maintained pursuant to ORS chapter 432, or for verifications thereof, shall specify in writing the official use to which the requested information will be put and why the information is necessary in accordance with Oregon Laws 2013, chapter 366, section 33. The request may be granted only if the state registrar agrees that the requested information is necessary for a proper purpose.

(a) Each request shall contain at a minimum:

(A) Name, title, agency, and contact information (mailing address, telephone number, and electronic mail address) of the requestor and the agency official authorized to execute agreements;

(B) Purpose or intended use of the data or vital records being requested;

(C) Physical and electronic storage and security measures to be taken to assure confidentiality and security of identifying information, and provision for return or destruction of the information at the conclusion of the intended use;

(D) Time frame of intended use; and

(E) Names of all persons who will have access to the personally identifiable information being requested.

(b) Each request from a government agency for personally identifiable information from vital records shall be reviewed to determine compliance with at least the following:

(A) Contains all elements required by this rule;

(B) Adequately justifies the need for the requested information;

(C) Compliance with past data use agreements;

(D) The requested information can be provided within the time frame set forth in the request; and

(E) The state registrar has adequate resources with which to comply with the request.

(4) The state registrar shall enter into data use agreements for all approved health research and government agency requests for personally identifiable information from vital records. Each data use agreement shall include but not be limited to:

(a) Specification of exactly what information will be disclosed to the requestor, the purpose for which it is provided, and the manner in which the data will be used;

(b) The charges or fees, if any, to be paid by the requestor to the state registrar for use of the data;

(c) A prohibition of re-release by the requestor of any information that may identify any person or any individual case record, whether identifiable or not, without the prior written approval of the state registrar;

(d) The requestor's acknowledgment and agreement that ownership of all information provided by the state registrar shall remain exclusively that of the state registrar and that the data use agreement constitutes a license to use the data provided only for the purpose and in the manner set forth in the agreement;

(e) The requestor's agreement neither to attempt to link nor to permit others to attempt to link the data set with individually identifiable records from any other data set without the prior written approval of the state registrar;

(f) The requestor's agreement neither to use nor to allow anyone else to use the information to attempt to learn the identity of any person included from the information provided without the prior written approval of the state registrar;

(g) Agreement that if the identity of any person is discovered inadvertently, the recipient:

(A) Will not make use of this knowledge;

(B) Will immediately notify the state registrar; and

(C) Will safeguard or destroy the information which led to the identification of the individual as requested by the state registrar;

(h) Acknowledgment and agreement that the requestor shall be responsible for any breach of security, including but not limited to any notifications to affected persons required by law or by the state registrar, and any fines, penalties or other sanctions that may be imposed pursuant to applicable law.

(i) Agreement to prohibit the use of data provided for any purpose not explicitly identified and approved in the signed data use agreement.

Authentication of Applicant

(1) An authentication quiz shall be used for each application received by telephone, Internet, or through a kiosk. The authentication quiz shall be based on publicly available information and must be information requiring personal knowledge not available from reviewing current information typically found in a wallet.

(a) For applications received by telephone or Internet, successful completion of the authentication quiz shall serve as identification of the applicant and additional documentation shall not be required.

(b) For applications received by telephone or Internet and the authentication quiz is not successfully completed, the applicant shall be instructed to send additional identity documentation to support the application.

(c) For applications received by kiosk and the authentication quiz is not successfully completed, the applicant must show identification documents before receiving a certified copy in person or by mail.

(2) All applicants applying in person must show identification regardless of authentication quiz completion.

(3) Applicants for records for events occurring more than 50 years for death, fetal death, marriage, Oregon registered domestic partnerships or dissolution of marriage or registered domestic partnerships or 100 years for birth, shall be submitted on the same form and in the same manner, including the authentication quiz, as records for current events.

Copies of Vital Records

(1) Full or short form certified copies of vital records may be made by mechanical, electronic, or other reproductive processes, except that the information contained in the "Information for Medical and Health Use Only" section of the record of live birth shall not be included.

(2) When a certified copy is issued, it shall be certified as a true representation of the facts of the event by an authorized agent and shall include the date issued, the name of the state registrar, the state registrar's signature or an authorized facsimile thereof, and the seal of the state and agency authorized under ORS 432.010.

(3) Confidential verification of the facts contained in a vital record may be furnished by the state registrar to any federal, state, county, or municipal government agency or to any other agency representing the interest of the registrant, subject to the limitations as indicated in section (1) of this rule. Such confidential verifications shall be on forms prescribed and furnished by the state registrar or on forms furnished by the requesting agency and acceptable to the state registrar; or, the state registrar may authorize the verification in other ways when it shall prove in the best interests of his or her office.

(4) The state registrar may authorize certification or verification of fact of death to an institution when the institution has demonstrated to the satisfaction of the state registrar that such information is necessary for a determination of or protection of a personal or property right of the institution.

(5) When the state registrar finds evidence that a record was registered through misrepresentation or fraud, he or she shall have authority to

withhold the issuance of a certified copy of such record until a court determination of the facts has been made.

(6) The state registrar shall determine the minimum information needed to locate and identify a particular record within the files.

(7) Subject to the penalties of ORS 432.993, no person is authorized to photograph, photostat, duplicate, or issue what purports to be a certified copy, certification, or record of birth, death, or fetal death except authorized employees of the Public Health Division, county registrars, or their deputies, acting in accordance with directives, regulations, or law governing their official duties.

(8) Certified copies of records of death or records of fetal death issued to an employee or agent of a funeral home or a person acting as a funeral service practitioner shall be transferred only to persons eligible to receive certified copies if applying individually.

(9) The county registrar shall forward any completed original birth records received to the state registrar immediately for registration at the state.

(10) Certified copies of death records used to record the transfer of property in Oregon must not include cause of death information if:

(a) The death occurred after 1977;

(b) The death occurred in Oregon; and

(c) The certified copy is issued after January 1, 2014.

333-011-0340

Fees

(1) The fee for a certified copy of a vital statistics record or for an abbreviated birth or death record shall be $20. Additional copies of each record ordered at the same time shall have a fee of $15 per certified copy.

(2) The fee for a Commemorative Certificate of Stillbirth shall be $20. Additional copies of each record ordered at the same time shall have a fee of $15 per certificate.

(3) The fee for any search of the files and records shall be $20. The fee shall include the issuing, when requested, of one certified copy.

(4) The $20 fee shall cover the cost of a five year search for death, marriage and divorce records. If more than a five year search is requested, an additional fee of $1 per year shall be charged.

(5) The fee for a certified copy of a recorded court order registering an unrecorded birth under ORS 432.142, to be furnished by the clerk of the circuit court or the state registrar shall be $20.

(6) Overpayment of a required fee received in the office of the state registrar shall be refunded if in excess of $6 and any overpayment less than $6 shall be refunded upon written request of the applicant within one year.

(7) A fee of $50 shall be paid to the state registrar for the preparation of a new or supplemental record of live birth to amendment, correction, adding the father's name to the birth record or filing of adoption orders and delayed and court registered birth records. The fee shall include the charge for one certified copy of the new or supplementary record of live birth. If a certified copy is not requested at the time of amendment or creation of the supplementary record, the amendment fee shall be $30.

(a) The $30 amendment fee may be waived to correct an error or omission by a reporting source if a birth record is corrected within the first year from the date of the event.

(b) The $30 amendment fee may be waived at any future time to correct an error on a record of live birth by a reporting source for date of birth, time of birth or gender of registrant.

(8) A fee of $50 shall be paid to the state registrar for the preparation of an amended death record, if amendments are filed more than one year after the date of death. However, no fee shall be paid for amendments to the cause of death filed by the physician or medical examiner that signed the report of death.

(9) A fee of $5.50 shall be paid to expedite the search and filling of an order for a certified copy when the order is placed by telephone or the Internet, billed to a credit card and processed the same or the next working day. This fee is in addition to the fee charged by a subcontractor providing computer, prepayment, billing and collection services for orders processed using the subcontractor's services.

(10) A fee of $45 shall be paid for heirloom birth certificates.

(11) A fee of $5 per year shall be charged for duplicate copies of microfiche cards containing index information for death, marriage and divorce records.

(12) A fee of $8.50 per reel shall be charged for duplicate copies of microfilm containing index information of death, marriage and divorce records.

(13) Persons requesting special services or specific data sets shall be charged actual time and material costs of producing the data.

(14) The fee for certified copies to be used in research approved by the state registrar shall be $20 for quantities less than 100 certified copies. If the quantity is 100 or more the following scale shall apply:

(a) If a listing is supplied which provides year and state file number, or name, date, and place of event, the fee shall be $10 per copy;

(b) If a listing is supplied which provides name and year of event, the fee shall be $15 per copy;

(c) Listings supplying less information shall be at the regular fee.

(15) A fee of $20 shall be paid for making certified copies of documents from sealed files.

(a) A fee of $20 shall be paid for making certified copies of affidavits and supplemental reports.

(b) A fee of $2 per page shall be charged for uncertified copies of affidavits and supplemental reports that can be issued without opening sealed files.

(16) A fee of $25 may be charged for each check returned for nonpayment.

(17) A flat fee of $20 shall be paid for the replacement of certified copies when the original documents are returned within a year of issuance with an acceptable correction document and appropriate amendment fee. This fee may be waived when fewer than four certified copies are being replaced.

(18) A fee of $8 shall be paid for each manual verification of a vital event for each government agency or subdivision of a government agency requesting over 10 verifications per month.

(19) A fee not to exceed $4 shall be paid for each electronic verification of a vital event. This fee is in addition to the fee charged by a subcontractor providing computer system, billing and collection services for verifications processed using the subcontractor's services.

Rule Caption: Pulse oximetry screening for newborns at hospitals and birthing centers

Adm. Order No.: PH 18-2013(Temp)

Filed with Sec. of State: 12-31-2013

Certified to be Effective: 1-1-14 thru 6-29-14

Notice Publication Date:

Rules Amended: 333-076-0670, 333-520-0060

Subject: The Oregon Health Authority (Authority), Public Health Division is amending rules in chapter 333, divisions 76 and 520 related to pulse oximetry screening for newborns at hospitals and birthing centers. These rules implement SB 172 passed during the 2013 legislative session, which directs the Authority to adopt rules requiring birthing facilities to perform pulse oximetry screening on each newborn delivered at the birthing facility before discharging the newborn. The screening requirement applies to hospitals that provide services related to the delivery of newborns and birthing centers. The rules require hospitals and birthing centers to perform pulse oximetry screening on every newborn born at the facility on or after March 1, 2014, to notify parents and the infant's health care provider of the results, to provide any necessary follow-up services or treatment in accordance with the applicable standard of care, or provide a referral for such services or treatment, and to document the screening in the infant's medical record. The screening is to be done in a manner consistent with recommendations published in Strategies for Implementing Screening for Critical Congenital Heart Disease, AR Kemper et al.,Pediatrics 2011;128(5): 1267.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-076-0670

Policies and Procedures

Each Center must have a detailed Policies and Procedures Manual in easily accessible form, that has been approved by the governing body or person. In order to be approved by the Division for licensing purposes, these policies and procedures must meet North American Registry of Midwives (NARM) standards. All the above noted policies must be made available to representatives of the Division on request, and subject to their approval. Failure of approval will be adequate reason for the finding of deficiencies that must be corrected for continuation of licensure. The policies must be implemented as applicable, and there must be documented evidence of implementation of the above noted policies. The policies and procedures that will be developed as applicable and implemented include:

(1) A detailed organizational chart that shows the governing body or person, and clearly delineates lines of authority, responsibility and accountability for each position included in the organization, including volunteers.

(2) Staffing — The governing body or person must ensure, through the policies and procedures, that there are adequate numbers of qualified and, where required, licensed or registered personnel on duty and immediately available to provide services intended for mothers and families, and to provide for safe maintenance of the Center.

(3) Detail of procedures to be permitted, and by whom, and method of determining the qualifications and privileges of all personnel. Staff will be required to provide documented evidence of such qualifications. Such evidence must be maintained by the Center.

(4) System for ensuring 24-hour coverage of the Center, including constant attendance by qualified attendants while a client is in the Center.

(5) System for training and for continuing education for all personnel according to their assigned duties and evaluation of skills consistent with the individual practitioners' scopes of practice. All personnel providing direct client care must be trained in cardiopulmonary resuscitation (CPR) and there must be a record of current CPR certification. In addition there must be present at each birth one practitioner trained in care and resuscitation of the newborn.

(6) System delineating how and when the Center will seek consultation with clinical specialists in obstetrics and pediatrics in order to ensure that all services, policies, and procedures meet North American Registry of Midwives (NARM) standards.

(7) Protocol for referral or transfer to appropriate health care facilities all clients whose risk status exceeds that for "low risk pregnancy."

(8) Procedures by which risk status will be assessed during the antepartal, intrapartal, and post partum period, and the identification of medical and social factors which exclude women, fetuses and newborns from the low-risk group; and for the annual review of these methods. Documentation of such assessments must be maintained in client's clinical records. Only those clients for whom prenatal and intrapartum history, physical examination, and laboratory screening procedures have demonstrated a low risk pregnancy and labor will be accepted into the Center for childbirth.

(9) System by which the Center will ensure the presence and continuing maintenance, as recommended by the manufacturer(s), of equipment needed to provide low risk maternity care, and to initiate emergency procedures in life-threatening events to the mother or baby.

(10) Plan and protocols for ensuring that emergency situations in either the mother or newborn are recognized in a timely fashion, and care is provided within the limits of the practitioner's scope of practice.

(11) System delineating how emergency transportation will be promptly available for transport of the mother and/or newborn to a health care facility with the capacity for emergency care of women, in all the stages of labor, and newborns. The written policy must include a listing of situations for the mother and/or newborn that would have the potential to necessitate emergency transfer. The policy must also include the requirement that a transfer plan for each patient be developed.

(12) Systems for ensuring the orientation and education of women and families registering for care at the Center so that they will be informed as to the benefits and risks of the services available to them at the Center and the qualifications and licensure status of practitioners at the Center. They must be fully informed of the risk criteria as defined in OAR 333-076-0650 and provide written consent. The client, as a part of the informed consent, must also agree in advance to transfer to another clinician or appropriate health care facility, should the need occur due to the development of unexpected risk factors after admission to the Center. The client must be informed of the benefits and risks of such a transfer.

(13) System for the sterilization of equipment and supplies, unless only pre-packaged and pre-sterilized items are used.

(14) System to ensure the performance of appropriate laboratory studies and to ensure that the results are available in a timely manner.

(15) System for the storage and administration of drugs. All medications must be prescribed and/or administered within the individual practitioner's licensure and/or scope of practice.

(16) System to ensure the timely administration of Rh immune globulin to the mother, where applicable.

(17) System to ensure the timely appropriate administration of Vitamin K to the newborn, according to rules of the Division.

(a) The purpose of ORS 433.303 to 433.314 is to protect newborn infants against hemorrhagic disease of the newborn.

(b) The Vitamin K forms suitable for use are forms of Vitamin K1 (Phytonadione), available in injectable or oral forms: as Mephyton for oral use, or as aquamephyton or konakion for injectable use. The Vitamin K dose is to be administered within the first 24 hours of delivery. Menadione (Vitamin K3) is not recommended for prophylaxis and treatment of hemorrhagic disease of the newborn.

(c) The dose of any of the Vitamin K1 forms to be administered is one dose of 0.5 to 1.0 mg., if given by injection, or one dose of 1.0 to 2.0 mg. if given orally.

(d) A parent may, after being provided a full and clear explanation, decline to permit the administration of Vitamin K based on religious tenets and practices. In this event, the parent must sign a form acknowledging his/her understanding of the reason for administration of Vitamin K and possible adverse consequences in the presence of a person who witnessed the instruction of the parent, and who must also sign the form. The form must become a part of the clinical record of the newborn infant.

(18) System to ensure the timely and appropriate collection of blood from the newborn for testing by the State Laboratory, Newborn Screening Program, for the Metabolic Diseases listed in 333-024-0210.

(19) System to ensure that pulse oximetry screening is performed on every newborn infant delivered at the birthing center on and after March 1, 2014, before discharging the newborn infant. Screening should be done in a manner consistent with the recommendations found in Strategies for Implementing Screening for Critical Congenital Heart Disease, AR Kemper et al., Pediatrics 2011;128(5): e1259–1267.

(a) A center must have policies and procedures or protocols based on nationally recognized recommendations for newborn infant pulse oximetry screening and follow-up care, for determining what is considered a positive screen result and the follow-up services, treatment, or referrals that must be provided if a newborn infant has a positive screen result.

(b) In addition, there must be a system to ensure that:

(A) The health care provider responsible for the newborn infant and the infant's primary care provider are notified of the results of the screening;

(B) The parent or legal representative of the newborn infant is notified of the results of the screening;

(C) In accordance with the applicable standard of care, any appropriate follow-up services or treatment for the newborn infant is provided, if necessary; or that a referral to a parent or legal representative of the newborn infant is provided for follow-up services or treatment if necessary; and

(D) There is documentation in the infant's medical record that screening was performed, the results, the names of the health care providers who were notified of the results, and any follow-up services or treatment or referral for services or treatment.

(c) A parent or legal representative of a newborn infant may decline testing and if testing is declined the declination must be documented in the medical record.

(20) Protocol delineating the steps to ensure the prompt and safe evacuation of the Center in the event of emergency situations, such as fire. The Center must ensure the evaluation of staff in managing such situations by periodic drills for fire, and/or other emergencies. Such drills must be documented.

(21) System of infection control to address the prevention and early recognition of the possibility of infection, and timely and acceptable methods of control. This includes written documentation of the problem, and measures taken for control, and must at least meet the requirements of the rules of the Division. Documentation must also include methods for the control and prevention of cross-infection between clients and services in accordance with 2003 Center for Disease Control and Prevention "Guidelines for Environmental Infection Control in Health-Care Facilities."

(22) System to be used for the prevention of Ophthalmia Neonatorum in the newborn OAR 333-019-0036(2). Prophylaxis for Gonococcal Ophthalmia Neonatorum:

(a) The practitioner attending the birth of an infant must, after evaluating the infant as being at risk and within two hours of delivery, instill appropriate prophylactic antibiotic ointment from single patient use applicators into each eye of the newborn infant;

(b) Parent(s) refusing to allow prophylaxis for their infant(s) must be informed, by the attending Health Care Provider, of the risks attendant to such action and must sign a witnessed affidavit to testify that they have been so informed and nonetheless refuse to allow prophylaxis.

(c) If Vitamin K and/or Gonococcal Ophthalmia Neonatorum Prophylaxis cannot be administered by the individual delivering the newborn, methods must be described to ensure that these services are arranged by referral.

(23) System to ensure that appropriate vital records are filed according to the rules of the Division.

(24) System for a semi-annual clinical record audit to evaluate the care process and outcome.

333-520-0060
Maternity Services

(1) General hospitals are required to comply with this rule. A low occupancy acute care hospital shall comply with this rule if it offers maternity services.

(2) A hospital that provides maternity services shall have separate maternity facilities and a maternity care department that:

(a) Has labor, delivery, recovery, postpartum, and nursery rooms that conform to the applicable requirements of OAR chapter 333, division 535;

(b) Requires every person in the delivery room during a delivery to be appropriately attired according to the hospital's Infection Control Policy;

(c) Has appropriate resuscitation equipment immediately available to rooms where deliveries are planned and where newborn infants are kept;

(d) Has a warmed blanket or incubator for newborns to prevent thermal loss;

(e) Has incubators for premature infants equipped with a governor to control the flow of oxygen at 40 percent or under, and an oxygen analyzer;

(f) Has an accurate scale for weighing of infants; and

(g) Includes a nursery and a separate bassinet for each infant with a clean mattress covered with suitable sheeting, washable pads, and bed linen that is kept clean at all times.

(3) A health care practitioner attending the birth of a newborn shall evaluate and treat a newborn at risk for chlamydial or gonococcal ophthalmia neonatorum in accordance with OAR 333-019-0036.

(4) A parent or legal representative that refuses to allow prophylaxis for an infant shall be informed by the attending health care practitioner of the risks of the refusal and must sign a witnessed affidavit that attests they have been so informed and nonetheless refuse to allow prophylaxis.

(5) A hospital shall ensure that all newborns are given Vitamin K at birth as required by ORS 433.303 through 433.314.

(a) A physician or midwife attending the mother at the birth of the child shall be responsible for ensuring that the newborn infant receives Vitamin K within 24 hours of birth to protect the infant against hemorrhagic disease of the newborn.

(b) The Vitamin K forms suitable for use are:

(A) Vitamin K 1 (Phytonadione) for oral or injectable use;

(B) Mephyton for oral use; or

(C) Aquamephyton or konakion for injectable use.

(c) A parent may, after being provided a full and clear explanation, decline to permit the administration of Vitamin K based on religious tenets and practices. If a parent or legal representative declines Vitamin K, the parent shall sign a form acknowledging his or her understanding of the reason for administration of Vitamin K and possible adverse consequences in the presence of a person who witnessed the instruction of the parent, who shall also sign the form. The form shall become a part of the medical record of the newborn infant.

(6) A hospital shall ensure that every newborn infant born in the hospital is tested for Metabolic Diseases as required by OAR 333-024-0210 through 333-024-0235 and instructions to the parents or legal representative regarding the testing that be documented in the medical record.

(7) A hospital shall ensure that every newborn infant born in the hospital receives a Newborn Hearing Screening Test as required by ORS 433.321 and OAR chapter 333, division 020.

(8) On and after March 1, 2014, a hospital must perform pulse oximetry screening on every newborn infant delivered at the hospital before discharging the newborn infant. Screening should be done in a manner consistent with the recommendations found in Strategies for Implementing Screening for Critical Congenital Heart Disease, AR Kemper et al.,Pediatrics 2011;128(5): e1259–1267.

(a) A hospital must have policies and procedures or protocols based on nationally recognized recommendations for newborn infant pulse oximetry screening and follow-up care, for determining what is considered a positive screening result and the follow-up services, treatment, or referrals that must be provided if a newborn infant has a positive screening result.

(b) Following the screening a hospital must:

(A) Notify the health care provider responsible for the newborn infant and the infant's primary care provider of the results of the screening;

(B) Notify a parent or legal representative of the newborn infant of the results of the screening;

(C) In accordance with the applicable standard of care, provide any appropriate follow-up services or treatment for the newborn infant if necessary or provide a referral to a parent or legal representative of the newborn infant for follow-up services or treatment if necessary; and

(D) Document in the newborn infant's medical record that the screening was performed, the results, the names of the health care providers who were notified of the results, and any follow-up services or treatment or referral for services or treatment.

(c) A parent or legal representative of a newborn infant may decline testing and if testing is declined, the declination must be documented in the medical record.

(9) Every infant born in a hospital shall be marked for identification before the infant is removed from the place of delivery and such identification shall not be removed from the infant until the infant is discharged.

(10) A hospital shall not admit visitors to a delivery room, maternity rooms, wards, units, or the nursery except in accordance with the hospital's visiting policy.

(11) A hospital shall ensure that persons entering the nursery are attired according to the hospital infection control policy and that hands are washed before touching an infant.

(12) A hospital shall follow its infection control policy when handling and storing linens.

(13) Formula feedings and any other feedings shall be given only as prescribed in writing by the physician or certified nurse midwife.

(14) A hospital shall maintain and preserve a log of births giving date of birth, name of newborn, and mother's name and chart number, in addition to complying with the requirements of the Authority's Center for Health Statistics.

(15) A hospital may use a part of the maternity department for selected, non-communicable non-obstetrical patients as defined by hospital policy and approved by the hospital's infection control program under the following conditions:

(a) Patients admitted or transferred to the maternity department shall be instructed by appropriate maternity service personnel as to their responsibilities regarding use of the facility.

(b) Patients admitted to the maternity department shall be limited to obstetrical patients admitted for delivery, patients with obstetric complications, and selected non-communicable, non-obstetrical patients.

(c) Obstetrical patients and medical/surgical patients shall not occupy the same room.

(d) If necessary, one or more medical/surgical patients shall be transferred to another service in order to admit obstetrical patients.

(16) A hospital shall adhere strictly to the guidelines for standard precautions developed by the Hospital Infection Control Practices Advisory Committee (HICPAC) when caring for obstetrical patients with infectious conditions. Patients with infectious conditions requiring strict isolation according to the above guidelines shall be transferred out of the maternity department following delivery, and given care in an area of the hospital where that isolation can be provided. If a maternity patient is found to have an infectious condition during surgery or delivery, the patient shall be returned to the maternity department and isolated according to hospital infection control policy.

(17) A delivery room suite may be used for surgical procedures on non-obstetrical patients if approved by the Chief of Obstetrics in accordance with medical staff rules and regulations.

(18) A hospital with maternity services may place stable postpartum patients and stable newborns, as those terms are defined in OAR 333-500-0010, on another acute care unit on a periodic basis under the following conditions:

(a) When a postpartum patient or newborn to be transferred out of the OB unit meet the hospital's criteria for care on another unit as described in this rule;

(b) Where the decision to place a postpartum patient or newborn on another unit is based on currently accepted postpartum and newborn care standards and the ability of that unit to meet the needs of the patient; and

(c) When nursing staff on the non-OB unit have received training required by this rule and have demonstrated continuing competence.

(19) A hospital that provides care to postpartum patients and newborns on non-OB units shall:

(a) Develop and implement policies and procedures that include but are not limited to:

(A) The transfer of postpartum patients and newborns to non-OB units including a delineation of the authority for medical, clinical and administrative nursing staff, and, when applicable, nurse practitioner staff to make the decision;

(B) Staffing guidelines for the nursing care of postpartum patients and newborns on the non-OB unit;

(C) Provision of information to maternity patients of possible or intended placement on a non-OB unit;

(D) Provision of consumer information related to the availability and location of specialty maternity services;

(E) Infection control practices including the use of standard precautions;

(F) Procedures for patient placement, privacy, and safety that prohibit postpartum patients and newborns from occupying the same room as non-obstetrical patients;

(G) Protocols for the placement of newborns without mothers;

(H) Procedures to assure the inclusion of the care of postpartum patients and newborns on non-OB units in the hospital's quality assurance program; and

(I) Delineation of hospital protocols for the return of postpartum patients and newborns to the OB unit, including addressing situations when safe care can no longer be provided on the non-OB unit.

(b) Develop and implement staff training, continuing education, and continuing competency program that includes but is not limited to:

(A) Postpartum nursing care;

(B) Nursing care of the newborn;

(C) Newborn resuscitation;

(D) Newborn feeding;

(E) Maternal and family education;

(F) Infection control practices including the use of standard precautions; and

(G) Maternity services policies and procedures including those required in subsection (19)(a) of this rule.

Rule Caption: Updating rules for Medical Marijuana pertaining to registration fees and adding a new medical condition

Adm. Order No.: PH 1-2014

Filed with Sec. of State: 1-13-2014

Certified to be Effective: 1-13-14

Notice Publication Date: 12-1-2013

Rules Amended: 333-008-0010, 333-008-0020, 333-008-0045

Rules Repealed: 333-008-0020(T)

Subject: The Oregon Health Authority, Public Health Division, Oregon Medical Marijuana Program (OMMP) is permanently amending OAR 333-008-0010 relating to a new medical condition, and OAR 333-008-0020 and 333-008-0045 relating to registration for medical marijuana use.

In 2013 the Legislature approved medical marijuana fee reductions for individuals that are eligible for Oregon Health Plan (OHP) benefits or are receiving food stamp benefits through the Oregon SNAP program. In addition, the passage of SB 281 added Post Traumatic Stress Disorder (PTSD) as a new medical condition. The fee reductions were implemented beginning October 1, 2013 with a temporary rulemaking that expires on March 30, 2014. This rulemaking will make those fee changes in rule permanent.

The Oregon Medical Marijuana Act (OMMA) mandates the Authority to adopt a fee structure in rule. In order to comply with the OMMA and legislative direction, the OMMP must amend its rules to reduce the application fee for OHP clients and SNAP recipients, and to add PTSD as a qualifying medical condition. Additionally, the Authority is simplifying the proof of residency requirements for those individuals submitting a reduced application fee, and clarifying that the replacement card fee is non-refundable in order to be consistent with other fees.

Rules Coordinator: Brittany Sande—(971) 673-1291

333-008-0010

Definitions

For the purposes of OAR 333-008-0000 through 333-008-0120, the following definitions apply:

(1) "Act" means the Oregon Medical Marijuana Act.

(2) "Applicant" means a person applying for an Oregon Medical Marijuana registry identification card on a form prescribed by the Authority.

(3) "Attending physician" means a Doctor of Medicine (MD) or Doctor of Osteopathy (DO), licensed under ORS Chapter 677, who has primary responsibility for the care and treatment of a person diagnosed with a debilitating medical condition.

(4) "Authority" means the Oregon Health Authority.

(5) "Debilitating medical condition" means:

(a) Cancer, glaucoma, agitation incident to Alzheimer's disease, positive status for human immunodeficiency virus or acquired immune deficiency syndrome, or a side effect related to the treatment of these medical conditions;

(b) A medical condition or treatment for a medical condition that produces, for a specific patient, one or more of the following:

(A) Cachexia;

(B) Severe pain;

(C) Severe nausea;

(D) Seizures, including but not limited to seizures caused by epilepsy; or

(E) Persistent muscle spasms, including but not limited to spasms caused by multiple sclerosis;

(c) Post-traumatic stress disorder; or

(d) Any other medical condition or side effect related to the treatment of a medical condition adopted by the Authority by rule or approved by the Authority pursuant to a petition submitted under OAR 333-008-0090.

(6) "Delivery" means the actual, constructive or attempted transfer, other than by administering or dispensing, from one person to another of a controlled substance, whether or not there is an agency relationship, but does not include transfer of marijuana from one patient to another patient if no consideration is paid for the transfer.

(7) "Designated primary caregiver" means an individual 18 years of age or older who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition and who is designated as such on that person's application for a registry identification card or in other written notification to the Authority. "Designated primary caregiver" does not include the person's attending physician.

(8) "Food stamps" means the Supplemental Nutrition Assistance Program as defined and governed by ORS 411.806 through 411.845.

(9) "Grow site" means a specific location used by the grower to produce marijuana for medical use by a specific patient.

(10) "Grow site registration card" means the card issued to the patient and displayed at the grow site.

(11) "Grower" has the same meaning as "person responsible for a marijuana grow site."

(12) "Immature plant" has the same meaning as "seedling or start."

(13) "Marijuana" means all parts of the plant Cannabis family Moraceae, whether growing or not; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its resin. It does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination.

(14) "Mature plant" means a marijuana plant that does not fall within the definition of a seedling or a start.

(15) "Medical use of marijuana" means the production, possession, delivery, or administration of marijuana, or paraphernalia used to administer marijuana, as necessary for the exclusive benefit of a person to mitigate the symptoms or effects of his or her debilitating medical condition.

(16) "Oregon Health Plan (OHP)" means the medical assistance program administered by the Authority under ORS chapter 414.

(17) "OMMP" refers to the office within the Authority that administers the provisions of the OMMA, and all policies and procedures pertaining thereto, as set forth in these rules.

(18) "Parent or legal guardian" means the custodial parent or legal guardian with responsibility for health care decisions for the person under 18 years of age.

(19) "Patient" has the same meaning as "registry identification cardholder."

(20) "Person responsible for a marijuana grow site" means a person who has been selected by a patient to produce medical marijuana for the patient, and who has been registered by the Authority for this purpose.

(21) "Primary responsibility" as that term is used in relation to an attending physician means that the physician:

(a) Provides primary health care to the patient; or

(b) Provides medical specialty care and treatment to the patient as recognized by the American Board of Medical Specialties; or

(c) Is a consultant who has been asked to examine and treat the patient by the patient's primary care physician licensed under ORS chapter 677, the patient's physician assistant licensed under ORS chapter 677, or the patient's nurse practitioner licensed under ORS chapter 678; and,

(d) Has reviewed a patient's medical records at the patient's request and has conducted a thorough physical examination of the patient, has provided or planned follow-up care, and has documented these activities in the patient's medical record.

(22) "Production" includes the manufacture, planting, cultivation, growing or harvesting of a controlled substance.

(23) "Registry identification card" means a document issued by the Authority that identifies a person authorized to engage in the medical use of marijuana, and the person's designated primary caregiver, if any.

(24) "Registry identification cardholder" means a person who has been diagnosed by an attending physician with a debilitating medical condition and for whom the use of medical marijuana may mitigate the symptoms or effects of the person's debilitating medical condition, and who has been issued a registry identification card by the Authority.

(25) "Replacement registry identification card" means a new card issued in the event that a registry identification cardholder's card, designated primary caregiver identification card, grower identification card, or grow site registration card is lost or stolen, or if a registry identification cardholder's designation of primary caregiver, grower, or grow site has changed.

(26) "Seedling or start" means a marijuana plant that has no flowers, is less than 12 inches in height, and less than 12 inches in diameter. A seedling or start that does not meet all three criteria shall be considered a mature plant.

(27) "Supplemental Security Income (SSI)" means the monthly benefit assistance program administered by the federal government for persons who are age 65 or older, or blind, or disabled and who have limited income and financial resources.

(28) "Usable marijuana" means the dried leaves and flowers of the plant Cannabis family Moraceae and any mixture or preparation thereof, that are appropriate for medical use. "Usable marijuana" does not include the seeds, stalks and roots of the plant.

(29) "Written documentation" means a statement signed and dated by the attending physician of a person diagnosed with a debilitating medical condition or copies of the person's relevant medical records, maintained in accordance with standard medical record practices.

333-008-0020

New Registration Application and Verification

(1) A person may apply for a registry identification card on forms prescribed by the Authority. In order for an application to be considered complete, an applicant must submit the following:

(a) An application form signed and dated by the applicant;

(b) Copies of legible and valid U.S. state or federal issued photographic identification that includes last name, first name, and date of birth from the applicant, the designated primary caregiver, and grower, as applicable. Acceptable forms of current U.S. state or federal issued photographic identification include but are not limited to:

(A) Driver's license;

(B) State identification card;

(C) Passport; or

(D) Military identification card.

(c) Written documentation, which may consist of relevant portions of the applicant's medical record, signed by the applicant's attending physician within 90 days of the date of receipt by the Authority, which describes the applicant's debilitating medical condition and states that the use of marijuana may mitigate the symptoms or effects of the applicant's debilitating medical condition;

(d) If applicable, a completed and notarized "Declaration of Person Responsible for Minor" form for any person under 18 years of age, signed and dated by the person responsible for the minor;

(e) The name of a designated primary caregiver, if any, and one designated grower (either the patient or another person) and the location of the grow site; and

(f) An application fee and grow site registration fee, if applicable, in the form of cash, bank check, money order, or personal check.

(2) The Authority shall process an application prior to issuing registry identification cards to assure that the application is complete and information provided has been verified.

(a) The Authority shall only accept applications that are mailed or are hand-delivered.

(b) If an applicant does not provide all the information required and the application is considered incomplete, the Authority shall notify the applicant of the information that is missing, and shall allow the applicant 14 days to submit the missing information.

(c) If an applicant does not provide the information necessary to declare an application complete, or to complete the verification process within the timelines established in subsections (2)(b) and (3)(e) of this rule, the application shall be rejected as incomplete. An applicant whose application is rejected as incomplete may reapply at any time. If an applicant submits an application fee and the application is subsequently denied or rejected, the application fee may be applied toward a new application submitted within one year of the denial or rejection date.

(d) The Authority may reject an application if the application or supporting documents appear to be altered (for example, writing is whited out). An application shall be denied in accordance with OAR 333-008-0030 if an application or supporting documents are determined to have been falsified.

(e) The Authority may verify information on each application and accompanying documentation, including:

(A) Contacting each applicant by telephone or by mail. If proof of identity is uncertain, the Authority may require a face-to-face meeting and may require the production of additional identification materials;

(B) Contacting a minor's parent or legal guardian;

(C) Contacting the Oregon Medical Board to verify that an attending physician is licensed to practice in the state and is in good standing;

(D) Contacting the attending physician to request further documentation to support a finding that the physician is the applicant's attending physician. The Authority shall notify the applicant of the intent to review the medical records and request the applicant's authorization to conduct the review. Failure to authorize a review of medical records may result in the application being declared incomplete, or denial of an application. If the Authority is unable to verify that the applicant's attending physician meets the definition under OAR 333-008-0010(3) the applicant will be allowed 30 days to submit written documentation or a new attending physician's declaration from a physician meeting the requirements of these rules. Failure to submit the required attending physician documentation is grounds for denial under ORS 475.309 and OAR 333-008-0030;

(E) Contacting the Division of Medical Assistance Programs, Department of Human Services-Self Sufficiency, or the Social Security Administration (SSA) to verify eligibility for benefits; and

(F) Conducting a criminal records check under ORS 181.534 of any person whose name is submitted as a grower.

(3) Application fees.

(a) A non-refundable application fee of $200 is required at the time of application.

(b) If applicable as specified in OAR 333-008-0025, a non-refundable grow site registration fee of $50 is required at the time of application.

(c) An applicant who can demonstrate current receipt of SSI benefits, current eligibility for OHP benefits or current receipt of food stamp benefits through the Oregon SNAP program qualifies for a reduced non-refundable application fee.

(A) An applicant demonstrating receipt of SSI benefits by providing a copy of a current monthly SSI benefit card showing dates of coverage is entitled to a reduced application fee of $20.

(B) An applicant demonstrating current eligibility for OHP benefits by providing a copy of the applicant's current eligibility statement is entitled to a reduced application fee of $50.

(C) An applicant demonstrating receipt of current food stamp benefits, verified by enrollment in Oregon's Food Stamp Management Information System database system and by providing current proof of his or her food stamp benefits, is entitled to a reduced application fee of $60.

(d) The Authority shall place a 10-day hold on the issuance of a registry identification card for an application accompanied by a personal check. Upon receipt by the Authority of a notice of non-sufficient funds (NSF) or stop payment, an applicant will be allowed 14 days to submit payment in the form of a bank check or cash. Application fees paid in the form of cash must be hand-delivered. Applicants are advised not to make payments in cash through the United States mail or private delivery services. The Authority will not accept responsibility for payments of cash that are lost in the mail or stolen in transit.

(e) The Authority shall notify an applicant who submits a reduced application fee for which the applicant is not eligible and will allow the applicant 14 days from the date of notice to pay the correct application fee and submit a current valid proof of eligibility.

(f) The application fees established in paragraphs (3)(c)(B) and (C) of this rule are effective for applications received on or after October 1, 2013.

(4) The application forms referenced in this rule may be obtained by contacting the Oregon Medical Marijuana Program (OMMP) at PO Box 14450, Portland, OR 97293-0450 or by calling 971-673-1234.

Interim Changes

(1) A patient shall notify the Authority within 30 calendar days of any change in the patient's name, address, telephone number, attending physician, designated primary caregiver, grower or grow site address.

(2) A patient shall notify the designated primary caregiver and the grower of any changes in status including, but not limited to:

(a) The assignment of another individual as the designated primary caregiver for the patient;

(b) The assignment of another individual as a grower for the patient; or

(c) The end of eligibility of the patient to hold a registry identification card.

(3) If the Authority is notified by the patient that a designated primary caregiver or a grower has changed, the Authority shall notify the designated primary caregiver or the grower by mail at the address of record confirming the change in status and informing the caregiver or grower that their card is no longer valid and must be returned to the Authority within seven calendar days.

(4) A patient who has been diagnosed by an attending physician as no longer having a debilitating medical condition or whose attending physician has determined that the medical use of marijuana is contraindicated for the patient's debilitating medical condition shall return the registry identification card and all associated OMMP cards to the Authority within 30 calendar days of notification of the diagnosis or notification of the contraindication. If, due to circumstances beyond control of the patient he or she is unable to obtain a second medical opinion about the patient's continuing eligibility to use medical marijuana before the 30-day period has expired, the Authority may grant the patient additional time to obtain a second opinion before requiring the patient to return the registry identification card and all associated cards.

(5) Change forms may only be submitted to the Authority via mail or in person at the OMMP office.

(6) If a patient's designated primary caregiver, grower or grow site has changed, the non-refundable fee to receive a replacement card is $100. If the patient qualifies for the reduced application fee of $20, the non-refundable fee to receive a replacement card is $20.

(7) If a patient is registering a new grow site at any time other than when submitting a new application or a renewal application, a grow site registration fee will not be charged.

Subject: The Oregon Health Authority (Authority), Public Health Division is temporarily amending and adopting administrative rules in chapter 333, division 8 pertaining to medical marijuana facilities. HB 3460 was passed during the 2013 legislative session directing the Authority to establish by rule a medical marijuana facility registration system to authorize the transfer of usable marijuana and immature marijuana plants. The rules also establish fees for applying and registering and renewing registration for a medical marijuana facility.
Rules Coordinator: Brittany Sande—(971) 673-1291

333-008-0010

Definitions

For the purposes of OAR 333-008-0000 through 333-008-0120, the following definitions apply:

(1) "Act" means the Oregon Medical Marijuana Act.

(2) "Applicant" means a person applying for an Oregon Medical Marijuana registry identification card on a form prescribed by the Authority.

(3) "Attending physician" means a Doctor of Medicine (MD) or Doctor of Osteopathy (DO), licensed under ORS Chapter 677, who has primary responsibility for the care and treatment of a person diagnosed with a debilitating medical condition.

(4) "Authority" means the Oregon Health Authority.

(5) "Debilitating medical condition" means:

(a) Cancer, glaucoma, agitation incident to Alzheimer's disease, positive status for human immunodeficiency virus or acquired immune deficiency syndrome, or a side effect related to the treatment of these medical conditions;

(b) A medical condition or treatment for a medical condition that produces, for a specific patient, one or more of the following:

(A) Cachexia;

(B) Severe pain;

(C) Severe nausea;

(D) Seizures, including but not limited to seizures caused by epilepsy; or

(E) Persistent muscle spasms, including but not limited to spasms caused by multiple sclerosis;

(c) Post-traumatic stress disorder; or

(d) Any other medical condition or side effect related to the treatment of a medical condition adopted by the Authority by rule or approved by the Authority pursuant to a petition submitted under OAR 333-008-0090.

(6) "Delivery" means the actual, constructive or attempted transfer, other than by administering or dispensing, from one person to another of a controlled substance, whether or not there is an agency relationship, but does not include transfer of marijuana from one patient to another patient if no consideration is paid for the transfer.

(7) "Designated primary caregiver" means an individual 18 years of age or older who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition and who is designated as such on that person's application for a registry identification card or in other written notification to the Authority. "Designated primary caregiver" does not include the person's attending physician.

(8) "Food stamps" means the Supplemental Nutrition Assistance Program as defined and governed by ORS 411.806 through 411.845.

(9) "Grow site" means a specific location registered by the Authority used by the grower to produce marijuana for medical use by a specific patient.

(10) "Grow site registration card" means the card issued to the patient and displayed at the grow site.

(11) "Grower" has the same meaning as "person responsible for a marijuana grow site."

(12) "Immature plant" has the same meaning as "seedling or start."

(13) "Marijuana" means all parts of the plant Cannabis family Moraceae, whether growing or not; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant or its resin. It does not include the mature stalks of the plant, fiber produced from the stalks, oil or cake made from the seeds of the plant, any other compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks (except the resin extracted therefrom), fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination.

(14) "Mature plant" means a marijuana plant that does not fall within the definition of a seedling or a start.

(15) "Medical marijuana facility" is a facility, registered by the Authority, under OAR 333-008-1050.

(16) "Medical use of marijuana" means the production, possession, delivery, or administration of marijuana, or paraphernalia used to administer marijuana, as necessary for the exclusive benefit of a person to mitigate the symptoms or effects of his or her debilitating medical condition.

(17) "Oregon Health Plan (OHP)" means the medical assistance program administered by the Authority under ORS chapter 414.

(18) "OMMP" refers to the office within the Authority that administers the provisions of the OMMA, and all policies and procedures pertaining thereto, as set forth in these rules.

(19) "Parent or legal guardian" means the custodial parent or legal guardian with responsibility for health care decisions for the person under 18 years of age.

(20) "Patient" has the same meaning as "registry identification cardholder."

(21) "Person responsible for a marijuana grow site" means a person who has been selected by a patient to produce medical marijuana for the patient, and who has been registered by the Authority for this purpose.

(22) "Person responsible for a medical marijuana facility" has the meaning given that term in OAR 333-008-1010.

(23) "Primary responsibility" as that term is used in relation to an attending physician means that the physician:

(a) Provides primary health care to the patient; or

(b) Provides medical specialty care and treatment to the patient as recognized by the American Board of Medical Specialties; or

(c) Is a consultant who has been asked to examine and treat the patient by the patient's primary care physician licensed under ORS chapter 677, the patient's physician assistant licensed under ORS chapter 677, or the patient's nurse practitioner licensed under ORS chapter 678; and,

(d) Has reviewed a patient's medical records at the patient's request and has conducted a thorough physical examination of the patient, has provided or planned follow-up care, and has documented these activities in the patient's medical record.

(24) "Production" includes the manufacture, planting, cultivation, growing or harvesting of a controlled substance.

(25) "Registry identification card" means a document issued by the Authority that identifies a person authorized to engage in the medical use of marijuana, and the person's designated primary caregiver, if any.

(26) "Registry identification cardholder" means a person who has been diagnosed by an attending physician with a debilitating medical condition and for whom the use of medical marijuana may mitigate the symptoms or effects of the person's debilitating medical condition, and who has been issued a registry identification card by the Authority.

(27) "Replacement registry identification card" means a new card issued in the event that a registry identification cardholder's card, designated primary caregiver identification card, grower identification card, or grow site registration card is lost or stolen, or if a registry identification cardholder's designation of primary caregiver, grower, or grow site has changed.

(28) "Seedling or start" means a marijuana plant that has no flowers, is less than 12 inches in height, and less than 12 inches in diameter. A seedling or start that does not meet all three criteria shall be considered a mature plant.

(29) "Supplemental Security Income (SSI)" means the monthly benefit assistance program administered by the federal government for persons who are age 65 or older, or blind, or disabled and who have limited income and financial resources.

(30) "Usable marijuana" means the dried leaves and flowers of the plant Cannabis family Moraceae and any mixture or preparation thereof, that are appropriate for medical use. "Usable marijuana" does not include the seeds, stalks and roots of the plant.

(31) "Written documentation" means a statement signed and dated by the attending physician of a person diagnosed with a debilitating medical condition or copies of the person's relevant medical records, maintained in accordance with standard medical record practices.

333-008-0020

New Registration Application and Verification

(1) A person may apply for a registry identification card on forms prescribed by the Authority. In order for an application to be considered complete, an applicant must submit the following:

(a) An application form signed and dated by the applicant;

(b) Copies of legible and valid U.S. state or federal issued photographic identification that includes last name, first name, and date of birth from the applicant, the designated primary caregiver, and grower, as applicable. Acceptable forms of current U.S. state or federal issued photographic identification include but are not limited to:

(A) Driver's license;

(B) State identification card;

(C) Passport; or

(D) Military identification card.

(c) Written documentation, which may consist of relevant portions of the applicant's medical record, signed by the applicant's attending physician within 90 days of the date of receipt by the Authority, which describes the applicant's debilitating medical condition and states that the use of marijuana may mitigate the symptoms or effects of the applicant's debilitating medical condition;

(d) If applicable, a completed and notarized "Declaration of Person Responsible for Minor" form for any person under 18 years of age, signed and dated by the person responsible for the minor;

(e) The name of a designated primary caregiver, if any;

(f) The name of a designated grower (either the patient or another person), if any and the location of the grow site; and

(g) An application fee and grow site registration fee, if applicable, in the form of cash, bank check, money order, or personal check.

(2) The Authority shall process an application prior to issuing registry identification cards to assure that the application is complete and information provided has been verified.

(a) The Authority shall only accept applications that are mailed or are hand-delivered.

(b) If an applicant does not provide all the information required and the application is considered incomplete, the Authority shall notify the applicant of the information that is missing, and shall allow the applicant 14 days to submit the missing information.

(c) If an applicant does not provide the information necessary to declare an application complete, or to complete the verification process within the timelines established in subsections (2)(b) and (3)(e) of this rule, the application shall be rejected as incomplete. An applicant whose application is rejected as incomplete may reapply at any time. If an applicant

submits an application fee and the application is subsequently denied or rejected, the application fee may be applied toward a new application submitted within one year of the denial or rejection date.

(d) The Authority may reject an application if the application or supporting documents appear to be altered (for example, writing is whited out). An application shall be denied in accordance with OAR 333-008-0030 if an application or supporting documents are determined to have been falsified.

(e) The Authority may verify information on each application and accompanying documentation, including:

(A) Contacting each applicant by telephone or by mail. If proof of identity is uncertain, the Authority may require a face-to-face meeting and may require the production of additional identification materials;

(B) Contacting a minor's parent or legal guardian;

(C) Contacting the Oregon Medical Board to verify that an attending physician is licensed to practice in the state and is in good standing;

(D) Contacting the attending physician to request further documentation to support a finding that the physician is the applicant's attending physician. The Authority shall notify the applicant of the intent to review the medical records and request the applicant's authorization to conduct the review. Failure to authorize a review of medical records may result in the application being declared incomplete, or denial of an application. If the Authority is unable to verify that the applicant's attending physician meets the definition under OAR 333-008-0010(3) the applicant will be allowed 30 days to submit written documentation or a new attending physician's declaration from a physician meeting the requirements of these rules. Failure to submit the required attending physician documentation is grounds for denial under ORS 475.309 and OAR 333-008-0030;

(E) Contacting the Division of Medical Assistance Programs, Department of Human Services-Self Sufficiency, or the Social Security Administration (SSA) to verify eligibility for benefits; and

(F) Conducting a criminal records check under ORS 181.534 of any person whose name is submitted as a grower.

(3) Application fees.

(a) A non-refundable application fee of $200 is required at the time of application.

(b) If applicable as specified in OAR 333-008-0025, a non-refundable grow site registration fee of $50 is required at the time of application.

(c) An applicant who can demonstrate current receipt of SSI benefits, current eligibility for OHP benefits or current receipt of food stamp benefits through the Oregon SNAP program qualifies for a reduced non-refundable application fee.

(A) An applicant demonstrating receipt of SSI benefits by providing a copy of a current monthly SSI benefit card showing dates of coverage is entitled to a reduced application fee of $20.

(B) An applicant demonstrating current eligibility for OHP benefits by providing a copy of the applicant's current eligibility statement is entitled to a reduced application fee of $50.

(C) An applicant demonstrating receipt of current food stamp benefits, verified by enrollment in Oregon's Food Stamp Management Information System database system and by providing current proof of his or her food stamp benefits, is entitled to a reduced application fee of $60.

(d) The Authority shall place a 10-day hold on the issuance of a registry identification card for an application accompanied by a personal check. Upon receipt by the Authority of a notice of non-sufficient funds (NSF) or stop payment, an applicant will be allowed 14 days to submit payment in the form of a bank check or cash. Application fees paid in the form of cash must be hand-delivered. Applicants are advised not to make payments in cash through the United States mail or private delivery services. The Authority will not accept responsibility for payments of cash that are lost in the mail or stolen in transit.

(e) The Authority shall notify an applicant who submits a reduced application fee for which the applicant is not eligible and will allow the applicant 14 days from the date of notice to pay the correct application fee and submit a current valid proof of eligibility.

(f) The application fees established in paragraphs (3)(c)(B) and (C) of this rule are effective for applications received on or after October 1, 2013.

(4) The application forms referenced in this rule may be obtained by contacting the Oregon Medical Marijuana Program (OMMP) at PO Box 14450, Portland, OR 97293-0450 or by calling 971-673-1234.

333-008-0025

Marijuana Grow Site Registration

(1) A patient may register a marijuana grow site with the Authority. The address of a medical marijuana facility may not be listed by a patient on the grow site application as the location of the marijuana grow site. The Authority will register only one grow site per patient, and will only register grow sites in Oregon.

(2) To register a marijuana grow site, an applicant or patient must submit to the Authority an application, prescribed by the Authority, that includes:

(a) The name of the grower;

(b) The date of birth of the grower;

(c) The physical address of the marijuana grow site where marijuana is to be produced;

(d) The mailing address of the grower;

(e) The registry identification card number of the patient, if known, for whom the marijuana is being produced; and

(f) A non-refundable grow site registration fee of $50 in the form of cash, bank check, money order, or personal check. If the grower is the applicant, he or she is not required to pay the grow site registration fee. The Authority shall place a 10-day hold on the issuance of a registry identification card for an application accompanied by a personal check. Upon receipt by the Authority of a notice of non-sufficient funds (NSF) or stop payment, an applicant will be allowed 14 days to submit payment in the form of a bank check or cash. Application fees paid in the form of cash must be hand-delivered. Applicants are advised not to make payments in cash through the United States mail or private delivery services. The Authority will not accept responsibility for payments of cash that are lost in the mail or stolen in transit.

(3) The Authority shall conduct a criminal background check on the grower as authorized under ORS 475.304.

(a) A person convicted of a Class A or Class B felony under ORS 475.752 to 475.920 for the manufacture or delivery of a controlled substance in Schedule I or Schedule II, if the offense occurred on or after January 1, 2006, may not be issued a marijuana grow site registration card or produce marijuana for a registry identification cardholder for five years from the date of conviction.

(b) A person convicted more than once of a Class A or Class B felony under ORS 475.752 to 475.920 for the manufacture or delivery of a controlled substance in Schedule I or Schedule II, if the offenses occurred after January 1, 2006, may not be issued a marijuana grow site registration card or produce marijuana for a registry identification cardholder.

(c) The Authority shall notify a patient by certified mail that the grower is ineligible and the patient will be allowed the opportunity to identify another grower.

(4) The Authority shall issue a marijuana grow site registration card to a patient who has met the requirements of section (2) of this rule, unless the grower is disqualified under section (3) of this rule.

(5) A grower must display a marijuana grow site registration card for each patient for whom marijuana is being produced, at the marijuana grow site at all times.

(6) All usable marijuana, plants, seedlings and seeds, associated with the production of marijuana for a patient by a grower, are the property of the patient and must be provided to the patient, or, if the marijuana is usable marijuana or an immature marijuana plant, transferred to a registered medical marijuana facility, upon request.

(7) All marijuana produced for a patient must be provided to the patient or designated primary caregiver when the grower ceases producing marijuana for the patient.

(8) A grower must return the grow site registration card to the patient to whom the card was issued when requested to do so by the patient or when the grower ceases producing marijuana for the patient.

(9) A patient or the designated primary caregiver of the patient may reimburse the grower for the costs of supplies and utilities associated with production of marijuana for patient. No other costs associated with the production of marijuana for the patient, including the cost of labor, may be reimbursed.

(10) A grower may produce marijuana for no more than four patients or designated primary caregivers concurrently.

(11) The Authority may not register a grow site if the location of the grow site is the same location as a medical marijuana facility.

Stat.Auth.: ORS 475.338

Stats. Implemented: ORS 475.300 - 475.346

333-008-0045
Interim Changes

(1) A patient shall notify the Authority within 30 calendar days of any change in the patient's name, address, telephone number, attending physician, designated primary caregiver, grower or grow site address.

(2) A patient shall notify, as applicable, the designated primary caregiver, the grower, and the person responsible for a medical marijuana facility of any changes in status including, but not limited to:

(a) The assignment of another individual as the designated primary caregiver for the patient;

(b) The assignment of another individual as a grower for the patient;

(c) The revocation of an Authorization to Transfer form under OAR 333-008-1230; or

(d) The end of eligibility of the patient to hold a registry identification card.

(3) If the Authority is notified by the patient that a designated primary caregiver or a grower has changed, the Authority shall notify the designated primary caregiver or the grower by mail at the address of record confirming the change in status and informing the caregiver or grower that their card is no longer valid and must be returned to the Authority within seven calendar days.

(4) A patient who has been diagnosed by an attending physician as no longer having a debilitating medical condition or whose attending physician has determined that the medical use of marijuana is contraindicated for the patient's debilitating medical condition shall return the registry identification card and all associated OMMP cards to the Authority within 30 calendar days of notification of the diagnosis or notification of the contraindication. If, due to circumstances beyond control of the patient he or she is unable to obtain a second medical opinion about the patient's continuing eligibility to use medical marijuana before the 30-day period has expired, the Authority may grant the patient additional time to obtain a second opinion before requiring the patient to return the registry identification card and all associated cards.

(5) Change forms may only be submitted to the Authority via mail or in person at the OMMP office.

(6) If a patient's designated primary caregiver, grower or grow site has changed, the non-refundable fee to receive a replacement card is $100. If the patient qualifies for the reduced application fee of $20, the non-refundable fee to receive a replacement card is $20.

(7) If a patient is registering a new grow site at any time other than when submitting a new application or a renewal application, a grow site registration fee will not be charged.

333-008-0050
Confidentiality

(1) The Authority shall create and maintain either paper or computer data files of patients, designated primary caregivers, growers, and grow site addresses. The data files shall include all information collected on the application forms or equivalent information from other written documentation, plus a copy of OMMP registry identification cards, effective date, date of issue, and expiration date. Except as provided in section (2) of this rule, the names and identifying information of registry identification cardholders and the name and identifying information of a pending applicant for a card, a designated primary caregiver, a grower, and a marijuana grow site location, shall be confidential and not subject to public disclosure.

(2) Names and other identifying information made confidential under section (1) of this rule may be released to:

(a) Authorized employees of the Authority as necessary to perform official duties of the Authority, including the production of any reports of aggregate (i.e., non-identifying) data or statistics;

(b) Authorized employees of state or local law enforcement agencies when they provide a specific name or address. Information will be supplied only as necessary to verify:

(A) That a person is or was a lawful possessor of a registry identification card;

(B) That a person is or was a person responsible for a registered medical marijuana facility;

(C) That the address is or was a documented grow site, and how many people are authorized to grow at that grow site;

(D) How many people a person was or is authorized to grow for; or

(E) That an address is or was the location of a registered medical marijuana facility.

(c) Other persons (such as, but not limited to, employers, lawyers, family members) upon receipt of a properly executed release of information signed by the patient, the patient's parent or legal guardian, designated primary caregiver or grower. The release of information must specify what information the Authority is authorized to release and to whom.

333-008-0120
System to Allow Verification of Data at All Times

(1) The Authority shall establish an interactive method to allow authorized employees of state and local law enforcement agencies to use the Oregon State Police Law Enforcement Data System (LEDS) to query an OMMP data file in order to verify at any time whether a particular patient, designated primary caregiver, grower, person responsible for a medical marijuana facility, grow site location, or medical marijuana facility is listed or registered with the Authority.

(2) LEDS access will only allow a yes or no answer to the query and the information obtained may not be used for any other purpose other than verification.

(3) The Authority may allow the release of reports related to verification if it is without identifying data.

(4) The Authority shall have staff available by phone to verify law enforcement agency employee questions during regular business hours in case the electronic verification system is down, and in the event the system is expected to be down for more than two business days, the Authority shall ensure program staff are available by phone for verification purposes.

333-008-1000
Applicability

(1) A person may not establish, conduct, maintain, manage or operate a facility on or after March 1, 2014, unless the facility has been registered by the Authority under these rules.

(2) Nothing in these rules exempts a PRF, an employee of a registered facility, or a registered facility from complying with any other applicable state or local laws.

(3) Registration of a facility does not protect a PRF or employees from possible criminal prosecution under federal law.

333-008-1010
Definitions

For the purposes of OAR 333-008-1000 through 333-008-1290 the following definitions apply:

(1) "Agricultural land" means land that is located within an exclusive farm use zone as that term is described in ORS 215.203.

(2) "Attended primarily by minors" means that a majority of the students are minors.

(3) "Authority" means the Oregon Health Authority.

(4) "Batch" means a quantity of usable marijuana or a number of immature plants transferred at one time to a facility by a person authorized by a patient to transfer usable marijuana to a registered facility.

(5) "Career school" means any private proprietary professional, technical, business or other school instruction, organization or person that offers any instruction or training for the purpose or purported purpose of instructing, training or preparing persons for any profession at a physical location attended primarily by minors.

(6) "Conviction" means an adjudication of guilt upon a verdict or finding entered in a criminal proceeding in a court of competent jurisdiction.

(7)(a) "Designated primary caregiver" means an individual 18 years of age or older who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical con-

dition and who is designated as such on that person's application for a registry identification card or in other written notification to the Authority.

(b)"Designated primary caregiver" does not include the person's attending physician.

(8) "Domicile" means the place of abode of an individual where the person intends to remain and to which, if absent, the individual intends to return.

(9) "Edible" means a product made with marijuana that is intended for ingestion.

(10)(a) "Employee" means any person, including aliens, employed for remuneration or under any contract of hire, written or oral, express or implied, by an employer.

(b) "Employee" does not include a person who volunteers or donates services performed for no remuneration or without expectation or contemplation of remuneration as the adequate consideration for the services performed for a religious or charitable institution or a governmental entity.

(11) "Facility" means a medical marijuana facility.

(12) "Farm use" has the meaning given that term in ORS 215.203.

(13) "Finished product" means a product infused with usable marijuana that is intended for use, ingestion or consumption other than by smoking, including but not limited to edible products, ointments, and tinctures.

(14) "Grower" has the same meaning as "person responsible for a marijuana grow site."

(15) "Grow site" means a specific location registered by the Authority and used by the grower to produce marijuana for medical use by a specific patient.

(16)(a) "Immature marijuana plant or immature plant" means a marijuana plant that has no flowers, is less than 12 inches in height, and less than 12 inches in diameter.

(b) A seedling or start that does not meet all three criteria in subsection (16)(a) is a mature plant.

(17) "Macroscopic screening" means visual observation without the aid of magnifying lens(es).

(18) "Microscopic screening" means visual observation with a minimum magnification of 40x.

(19) "Minor" means an individual under the age of 18.

(20) "Oregon Medical Marijuana Program or OMMP" means the program operated and administered by the Authority that registers patients, designated primary caregivers, and growers.

(21) "Patient" has the same meaning as "registry identification cardholder."

(22) "Person" means an individual.

(23) "Person responsible for a marijuana grow site" means a person who has been selected by a patient to produce medical marijuana for the patient, and who has been registered by the Authority for this purpose and has the same meaning as "grower".

(24) "Person responsible for a medical marijuana facility or PRF" means an individual who owns, operates, or otherwise has legal responsibility for a facility and who meets the qualifications established in these rules and has been approved by the Authority.

(25) "Pesticide" means any substance or mixture of substances, intended to prevent, destroy, repel, or mitigate any pest.

(26) "Premises" means a location registered by the Authority under these rules and includes all areas at the location that are used in the business operated at the location, including offices, kitchens, rest rooms and storerooms, including all public and private areas where individuals are permitted to be present.

(27) "Primary school" means a learning institution containing any combination of grades Kindergarten through 8 or age level equivalent.

(28) "Random sample" means an amount of usable marijuana taken from a batch in which different fractions of the usable marijuana have an equal probability of being represented.

(29) "Registry identification cardholder" means a person who has been diagnosed by an attending physician with a debilitating medical condition and for whom the use of medical marijuana may mitigate the symptoms or effects of the person's debilitating medical condition, and who has been issued a registry identification card by the Authority.

(30) "Remuneration" means compensation resulting from the employer-employee relationship, including wages, salaries, incentive pay, sick pay, compensatory pay, bonuses, commissions, stand-by pay, and tips.

(31) "Resident" means an individual who has a domicile within this state.

(32) "Safe" means a metal receptacle with a locking mechanism capable of storing all usable marijuana at a registered facility that is rendered immobile by being securely anchored to a permanent structure of the building, or a "vault".

(33) "Secondary school" means a learning institution containing any combination of grades 9 through 12 or age level equivalent and includes those institutions that provide junior high schools which include 9th grade.

(34) "These rules" means OAR 333-008-1000 through 333-008-1290.

(35) "Usable marijuana" has the meaning given that term is ORS 475.302 and includes "finished product".

(36) "Valid testing methodology" means a scientifically valid testing methodology described in a published national or international reference and validated by the testing laboratory.

(37) "Vault" means an enclosed area that is constructed of steel-reinforced or block concrete and has a door that contains a multiple-position combination lock or the equivalent, a relocking device or equivalent, and a steel plate with a thickness of at least one-half inch.

333-008-1020
Application for Medical Marijuana Facility Registration

(1) Beginning on March 3, 2014, at 8:30 a.m. Pacific Standard Time (PST), the Authority shall begin accepting applications for the registration of a facility. An application may be submitted at any time on or after March 3, 2014, at 8:30 a.m., PST.

(2) A PRF wishing to apply to register a facility must provide to the Authority:

(a) An application on a form prescribed by the Authority;

(b) Any additional documentation required by the Authority in accordance with these rules;

(c) The applicable fee as specified in OAR 333-008-1030; and

(d) Information and fingerprints required for a criminal background check in accordance with OAR 333-008-1130.

(3) An application for the registration of a facility must be submitted by a PRF electronically via the Authority's website, http://mmj.oregon.gov. The documentation required in subsection (2)(b) of this rule and the information and fingerprints described in subsection (2)(d) of this rule may be submitted electronically to the Authority or may be mailed but must be postmarked within five calendar days of the date the application was submitted electronically to the Authority or the application will be considered to be incomplete. Applicable fees must be paid online at the time of application.

(4) The Authority must review each application received to ensure the application is complete, that the required documentation has been submitted, and the fee paid. The Authority shall return an incomplete application to the person that submitted the application. A person may re-submit an application that was returned as incomplete at any time.

(5) Applications will be reviewed in the order they are received by the Authority. An application that is returned as incomplete must be treated by the Authority as if it was never received.

(6) A PRF who wishes to register more than one location must submit a separate application and application fee for each location.

(7) At the time of application the PRF will be asked, by the Authority, to sign an authorization permitting the Authority to publish the location of the facility if the facility is registered.

Fees

(1) The initial fees for the registration of a facility are:

(a) A non-refundable application fee of $500; and

(b) A $3,500 registration fee.

(2) The annual renewal fees for the registration of a facility are:

(a) A $500 non-refundable renewal fee; and

(b) A $3,500 registration fee.

(3) The Authority must return the registration fee if:

(a) An application is returned to the applicant as incomplete;

(b) The Authority denies an application; or

(c) An applicant withdraws an application.

Stat. Auth.: ORS 475.314 & 475.338

333-008-1040
Application Review

(1) Once the Authority has determined that an application is complete it must review the application to determine compliance with ORS 475.314 and these rules.

(2) The Authority may, in its discretion, prior to acting on an application:

(a) Contact the applicant and request additional documentation or information; and

(b) Inspect the premises of the proposed facility.

(3) Prior to making a decision whether to approve or deny an application the Authority must:

(a) Ensure that the criminal background check process has been completed and review the results;

(b) Contact the OMMP and obtain documentation of whether the location of the facility is the same location as a registered grow site under OAR 333-008-0025;

(c) Review available records and information to determine whether the proposed facility is located within 1,000 feet of the real property comprising a public or private elementary, secondary or career school; and

(d) Review the list of registered facilities to determine whether any registered facilities are within 1,000 feet of the proposed facility.

(4) If during the review process the Authority determines that the application or supporting documentation contains intentionally false or misleading information the Authority must return the application to the applicant as incomplete.

Stat. Auth.: ORS 475.314 & 475.338
Stats. Implemented: ORS 475.314
Hist.: PH 2-2014(Temp), f. 1-14-14, cert. ef. 1-15-14 thru 7-13-14

333-008-1050
Approval of Application

(1) If the proposed facility appears to be in compliance with ORS 475.314 and these rules, and the PRF has passed the criminal background check and is determined to reside in Oregon, the Authority must notify the applicant in writing that the application has been approved, that the facility is registered, and provide the applicant with proof of registration that includes a unique registration number.

(2) A facility that has been registered must display proof of registration in a prominent place inside the facility so that proof of registration is easily visible to individuals authorized to transfer usable marijuana and immature plants to the facility and individuals who are authorized to receive a transfer of usable marijuana and immature plants from the facility at all times when usable marijuana or immature plants are being transferred.

(3) A registered facility may not post any signs at the facility that use the Authority or the OMMP name or logo except to the extent that information is contained on the proof of registration.

(4) A facility's registration is only valid for the location indicated on the proof of registration and is only issued to the PRF that is listed on the application or subsequently approved by the Authority.

(5) A facility's registration may not be transferred to another location.

(6) If a proposed facility appears to be in compliance with ORS 475.314 and these rules except that the proposed facility does not yet have a security system installed and other security requirements in place, the Authority may issue a provisional registration that is valid for 60 days.

(a) In order to receive provisional registration a PRF must submit to the Authority at the time of application a floor plan of the facility that has marked and labeled all points of entry to the facility, all secure areas required by these rules and the proposed placement of all video cameras.

(b) The provisionally registered facility may not receive transfers of usable marijuana or immature plants or transfer usable marijuana or immature plants until the security system and other security requirements are in place and the Authority has approved the provisionally registered facility to begin operating.

(c) When the security system and other security requirements are in place the PRF must notify the Authority and if the Authority determines that the provisionally registered facility is in full compliance with these rules, the Authority must approve the facility for operation.

Stat. Auth.: ORS 475.314 & 475.338

333-008-1060
Denial of Application

(1) The Authority must deny an application if:

(a) An applicant fails to provide sufficient documentation that the proposed facility meets the qualifications for a facility in these rules; or

(b) The PRF has been:

(A) Convicted for the manufacture or delivery of a controlled substance in Schedule I or Schedule II within five years from the date the application was received by the Authority; or

(B) Convicted more than once for the manufacture or delivery of a controlled substance in Schedule I or Schedule II; or

(C) Prohibited by a court from participating in the OMMP.

(2) If the Authority intends to deny an application for registration it must issue a Notice of Proposed Denial in accordance with ORS 183.411 through 183.470.

333-008-1070
Expiration and Renewal of Registration

(1) A facility's registration expires one year following the date of application approval.

(2) If a PRF wishes to renew the facility's registration, the person must submit to the Authority within 60 days of the registration's expiration:

(a) An application renewal form prescribed by the Authority;

(b) The required renewal fees;

(c) Forms required for the Authority to do a criminal background check on the PRF.

Stat. Auth.: ORS 475.314 & 475.338

333-008-1080
Notification of Changes

(1) A PRF must notify the Authority within 10 calendar days of any of the following:

(a) The person's conviction for the manufacture or delivery of a controlled substance in Schedule I or Schedule II;

(b) The issuance of a court order that prohibits the person from participating in the OMMP;

(c) A decision to change the PRF;

(d) A decision to permanently close the facility at that location;

(e) A decision to move to a new location;

(f) A change in the person's residency; and

(g) The location of an elementary, secondary or career school attended primarily by minors within 1,000 feet of the facility.

(2) The notification required in section (1) of this rule must include a description of what has changed and any documentation necessary for the Authority to determine whether the facility is still in compliance with ORS 474.314 and these rules including but not limited to, as applicable:

(a) A copy of the criminal judgment or order;

(b) A copy of the court order prohibiting the PRF from participating in the OMMP;

(c) The location of the school that has been identified as being within 1,000 feet of the facility; or

(d) The information required in OAR 333-008-1120 and 333-008-1130 to determine the residency of the new PRF and to perform the criminal background check.

(3) Failure of the PRF to notify the Authority in accordance with this rule may result in revocation of a facility's registration.

333-008-1090
Required Closures

A facility may not receive transfers of usable marijuana or immature plants or transfer usable marijuana or immature plants if:

(1) The PRF is convicted for the manufacture or delivery of a controlled substance in Schedule I or Schedule II;

(2) The PRF changes and the Authority has not:

(a) Performed a criminal background check on the proposed PRF in accordance with OAR 333-008-1130;

(b) Determined whether the individual is a resident of Oregon; and

(c) Provided written approval that the new PRF meets the requirements of ORS 475.314.

(3) The PRF has been ordered by the court not to participate in the OMMP; or

(4) An elementary, secondary or career school attended primarily by minors is found to be within 1,000 of the registered facility.

333-008-1110
Locations of Medical Marijuana Facilities

(1) In order to be registered a facility must be located in an area that is zoned by the local governing agency for commercial, industrial or mixed use or as agricultural land.

(2) Registration by the Authority is not a guarantee that a facility is permitted to operate under applicable land use or other local government laws where the facility is located.

(3) A facility may not be located:

(a) At the same address as a registered marijuana grow site;

(b) Within 1,000 feet of the real property comprising a public or private elementary, secondary or career school attended primarily by minors; or

(c) Within 1,000 feet of another medical marijuana facility;

(4) In order for the Authority to ensure compliance with this rule a PRF must submit with an initial application documentation that shows the current zoning for the location of the proposed facility.

(5) For purposes of determining the distance between a facility and a school referenced in subsection (3)(b) of this rule, "within 1,000 feet" means a straight line measurement in a radius extending for 1,000 feet or less in every direction from any point on the boundary line of the real property comprising an existing public or private elementary, secondary or career school primarily attended by minors.

(6) For purposes of determining the distance between a facility and another registered facility "within 1,000 feet" means a straight line measurement in a radius extending for 1,000 feet or less in every direction from any point on the boundary line of the real property compromising a registered facility.

(7) In order to be registered a facility must operate at a particular location as specified in the application and may not be mobile.

333-008-1120
Person Responsible for a Medical Marijuana Facility (PRF)

(1) A PRF must:

(a) Be a resident of Oregon. Residency may be proved by submitting to the Authority:

(A) An Oregon driver's license, an Oregon identification card that includes a photograph of the person, or a military identification card that includes a photograph of the person; and

(B) Copies of utility bills, rental receipts, mortgage statements or similar documents that contain the name and address of the domicile of the PRF.

(b) Have legal authority to act on behalf of the facility; and

(c) Be responsible for ensuring the facility complies with applicable laws, if registered.

(2) A PRF may not:

(a) Have been convicted in any state for the manufacture or delivery of a controlled substance in Schedule I or Schedule II within five years from the date of application; or

(b) Have been convicted more than once in any state for the manufacture or delivery of a controlled substance in Schedule I or Schedule II.

(3) At the time of application a PRF must submit to the Authority a copy of the information described in paragraphs (1)(a)(A) and (B) of this rule.

(4) A PRF is accountable for any intentional or unintentional action of its owners, officers, managers, employees or agents, with or without the knowledge of the PRF, who violate ORS 475.314 or these rules.

(5) If a PRF no longer meets the criteria of a PRF the Authority shall inform the PRF and the owner of the facility if different that:

(a) The PRF may no longer serve in that capacity;

(b) In order to remain certified, a change of PRF form must be submitted; and

(c) The facility may not operate until the Authority has approved a new PRF.

(6) If the Authority is notified that a change of PRF is needed, the current PRF is no longer able to serve as the PRF, or the PRF has been or will be removed by the owner of a facility, the owner of the facility must submit a change of PRF form to Authority within 10 business days of the notification or the Authority will begin proceedings to revoke the certification of the facility.

(7) If the PRF of record for the facility is no longer serving in that capacity the facility may not operate until a new PRF has been approved by the Authority.

Stat. Auth.: ORS 475.314 & 475.338

Criminal Background Checks

(1) A PRF must, at the time of application, provide to the Authority:

(a) A criminal background check request form, prescribed by the Authority that includes but is not limited to:

(A) First, middle and last name;

(B) Any aliases;

(C) Date of birth;

(D) Driver's license information; and

(E) Address and recent residency information.

(b) Fingerprints in accordance with the instructions on the Authority's webpage: http://mmj.oregon.gov.

(2) The Authority may request that the PRF disclose his or her Social Security Number if notice is provided that:

(a) Indicates the disclosure of the Social Security Number is voluntary; and

(b) That the Authority requests the Social Security Number solely for the purpose of positively identifying the PRF during the criminal records check process.

(3) The Authority shall conduct a criminal records check in order to determine whether the PRF has been convicted of the manufacture or delivery of a controlled substance in Schedule I or Schedule II in any state.

(4) The Authority must conduct a criminal background check in accordance with this rule on a PRF every year at the time of application renewal.

(5) If a PRF wishes to challenge the accuracy or completeness of information provided by the Department of State Police, the Federal Bureau of Investigation and agencies reporting information to the Department of State Police or Federal Bureau of Investigation, those challenges must be made through the Department of State Police, Federal Bureau of Investigation or reporting agency and not through the contested case process specified in OAR 333-008-1060(2).

333-008-1140
Security for Registered Facilities

(1) The PRF must ensure that a registered facility complies with OAR 333-008-1140 through 333-008-1180.

(2) The PRF is responsible for the security of all usable marijuana and immature plants in the registered facility, including providing adequate safeguards against theft or diversion of usable marijuana and immature plants and records that are required to be kept.

(3) The PRF must ensure that commercial grade, non-residential door locks are installed on every external door at a registered facility prior to opening for business and used while a facility is registered.

(4) During all hours when the registered facility is open for business, the PRF must ensure that:

(a) All usable marijuana and immature plants received and all usable marijuana and immature plants available for transfer to a patient or a designated primary caregiver are kept in a locked, secure area that can only be accessed by authorized personnel.

(b) All areas where usable marijuana or immature plants are received for transfer by a registered facility are identified as a restricted access area by posting a sign not less than 12 inches wide and 12 inches long, composed of letters not less than one-half inch in height that reads, "Restricted Access Area — Authorized Personnel Only".

(c) All areas where usable marijuana or immature plants are available for transfer to a patient or designated primary caregiver are:

(A) Identified as a restricted access area and clearly identified by the posting of a sign not less than 12 inches wide and 12 inches long, composed of letters not less than one-half inch in height that reads "Restricted Access Area — No Minors Allowed";

(B) Supervised by the PRF or an employee of the registered facility at all times when a patient or designated primary caregiver is present; and

(C) Separate from any area where usable marijuana or immature plants are being transferred to a registered facility.

(5) During all hours when the registered facility is not open for business the PRF must ensure that:

(a) All entrances to and exits from the facility are securely locked and any keys or key codes to the facility remain in the possession of the PRF or authorized employees;

(b) All usable marijuana is kept in a safe; and

(c) All immature plants are in a locked room.

(6) The PRF must ensure that:

(a) Electronic records are encrypted, and securely stored to prevent unauthorized access and to ensure confidentiality;

(b) There is an electronic back-up system for all electronic records; and

(c) All video recordings and archived required records not stored electronically are kept in a locked storage area. Current records may be kept in a locked cupboard or desk outside the locked storage area during hours when the registered facility is open.

Alarm System for Registered Facilities

(1) Prior to opening for business, a PRF must ensure that a registered facility has a security alarm system, installed by an alarm installation company, on all facility entry or exit points and perimeter windows.

(2) At the time of application a PRF must submit to the Authority documentation of the:

(a) Alarm system that is installed or proposed for installation;

(b) Company that installed the system or plans to install the system;

(c) Features of the system that meet the criteria of this rule.

(3) A PRF must ensure that the facility is continuously monitored by the alarm system.

(4) The security alarm system for the registered facility must:

(a) Be able to detect movement inside the registered facility;

(b) Be programmed to notify a security company that will notify the PRF or his or her designee in the event of a breach; and

(c) Have at least two "panic buttons" located inside the registered facility that are linked with the alarm system.

333-008-1160
Video Surveillance Equipment for Registered Facilities

(1) Prior to opening for business, a PRF must install a fully operational video surveillance recording system.

(2) At the time of application a PRF must submit to the Authority documentation of the:

(a) Video surveillance system that is installed or proposed for installation;

(b) Company or person that installed the system or plans to install the system;

(c) Features of the system that meet the criteria of this rule.

(3) Video surveillance equipment must, at a minimum:

(a) Consist of:

(A) Digital or network video recorders;

(B) Cameras capable of meeting the requirements of OAR 333-008-1170 and this rule;

(C) Video monitors;

(D) Digital archiving devices; and

(E) A color printer capable of producing still photos.

(b) Be equipped with a failure notification system that provides prompt notification to the PRF or employees of any prolonged surveillance interruption or failure; and

(c) Have sufficient battery backup to support a minimum of one hour of recording time in the event of a power outage.

(4) All video surveillance equipment and recordings must be stored in a locked secure area that is accessible only to the PRF, authorized employees of the registered facility and the Authority.

333-008-1170
Required Camera Coverage and Camera Placement for Registered Facilities

(1) A PRF must ensure that a registered facility has camera coverage for:

(a) All secure and restricted access areas described in OAR 333-008-1140;

(b) All point of sale areas;

(c) All points of entry to or exit from secure and restricted access areas; and

(d) All points of entry to or exit from the registered facility.

(2) A PRF must ensure that camera placement is capable of identifying activity occurring within 15 feet of all points of entry to the registered facility and exit from the registered facility and shall allow for the clear and certain identification of any individual and activities on the facility premises.

Video Recording Requirements for Registered Facilities

(1) The PRF must ensure that all camera views of all secure and restricted access areas and points of entry to or exit from the registered facility are continuously monitored by motion sensor video equipment or similar technology 24 hours a day.

(2) A PRF must ensure that:

(a) All surveillance recordings are kept for a minimum of 30 days and are in a format that can be easily accessed for viewing;

(b) The surveillance system has the capability to produce a color still photograph from any camera image;

(c) The date and time is embedded on all surveillance recordings without significantly obscuring the picture;

(d) Video recordings are archived in a format that ensures authentication of the recording as a legitimately-captured video and guarantees that no alterations of the recorded image has taken place; and

(e) Video surveillance records and recordings are available upon request to the Authority for the purpose of ensuring compliance with ORS 475.314 and these rules.

333-008-1190
Testing

(1) A PRF must ensure that usable marijuana and immature plants are tested for pesticides, mold and mildew in accordance with this rule prior to the usable marijuana or immature plants being transferred to a patient or a designated primary caregiver.

(2) Upon usable marijuana being transferred to a registered facility in accordance with OAR 333-008-1230, the PRF must ensure the usable marijuana is segregated into batches, that each batch is placed in an individual container or bag, and that a label is attached to the container or bag that includes at least the following information:

(a) A unique identifier;

(b) The name of the person who transferred it; and

(c) The date the usable marijuana was received by the registered facility.

(3) Sampling. A PRF must ensure that random samples from each batch are taken in an amount necessary to conduct the applicable test, that the samples are labeled with the batch's unique identifier, and submitted for testing.

(4) Testing. A PRF must ensure that each sample is tested for pesticides, mold, and mildew and for an analysis of the levels of tetrahydrocannabinol (THC) and Cannabidiol (CBD).

(a) Immature Plants. An immature plant may be tested for pesticides, mold or mildew by conducting a macroscopic or microscopic screening to determine if the plant has visible pesticide residue, mold or mildew.

(b) Flowers or other usable marijuana plant material. Usable marijuana in the form of flowers or other plant material must be:

(A) Tested for pesticides, mold and mildew using valid testing methodologies and macroscopic or microscopic screening may not be used;

(B) Tested for pesticides by testing for the following analytes:

(i) Chlorinated Hydrocarbons;

(ii) Organophosphates;

(iii) Carbamates; and

(iv) Pyrethroids; and

(C) Analyzed, using valid testing methodologies, to determine the levels of THC and CBD.

(c) Edibles, Liquids and Solid Extracts. If the usable marijuana used in the edible, liquid or solid extract has been tested in accordance with this rule and tested negative for pesticides, mold or mildew, the edible, liquid or solid extract does not need to be tested for pesticides, mold and mildew but does need to be tested for an analysis of the levels of THC and CBD. If the usable marijuana used in the edible, liquid, or solid extract was not tested in accordance with this rule, the edible, liquid or solid extract must be tested for pesticides, mold or mildew in accordance with subsection (4)(b) of this rule.

(5) Laboratory Requirements. A PRF must ensure that all testing, except for testing of immature plants, is done by a third party or in-house laboratory that:

(a) Uses valid testing methodologies; and

(b) Has a Quality System for testing of pesticides, mold and mildew that is compliant with the:

(A) 2005 International Organization for Standardization 17025 Standard; or

(B) 2009 National Environmental Laboratory Accreditation Conference Institute TNI Standards.

(6) Macroscopic or microscopic screening of immature plants must be conducted by a person who has a minimum of a bachelor's degree in horticulture, botany, plant pathology, microbiology, or an equivalent degree but is not required to be done by a laboratory.

(7) Testing Results. A laboratory must provide testing results to the PRF signed by an official of the laboratory who can attest to the accuracy of the results, and that includes the levels of pesticides, mold or mildew detected and the levels of THC and CBD.

(a) If an immature plant has visible pesticide residue, mold or mildew it must be deemed to test positive and must be returned to the person who transferred the immature plant to the registered facility.

(b) A sample of usable marijuana shall be deemed to test positive for mold and mildew if the sample has levels that exceed the maximum acceptable counts in the Pharmacopeia, Section 1111 (May 1, 2009), incorporated by reference.

(c) A sample of usable marijuana shall be deemed to test positive for pesticides with a detection of more than 0.1 parts per million of any pesticide.

(8) If an immature plant or sample of usable marijuana tests positive for pesticides, mold or mildew based on the standards in this rule the PRF must ensure the entire batch from which the sample was taken is returned to the person who transferred the immature plant or usable marijuana to the registered facility and must document how many or how much was returned, to whom, and the date it was returned.

(9) A registered facility may perform its own testing as long as the testing complies with this rule.

(10) The PRF may permit laboratory personnel or other persons authorized to do testing access to secure or restricted access areas of the registered facility where usable marijuana or immature plants are stored. The PRF must log the date and time in and out of all such persons.

333-008-1200
Operation of Registered Facilities

(1) A PRF must ensure that a registered facility does not permit:

(a) A minor to be present in any area of a registered facility where usable marijuana or immature plants are present, even if the minor is a patient or an employee; and

(b) Consumption, ingestion, inhalation or topical application of usable marijuana anywhere on the premises of the registered facility, except that an employee of a registered facility who is a patient may consume usable marijuana during their work shift as necessary for his or her medical condition, in a closed room, alone if the usable marijuana is being smoked, not visible to the public or to patients or caregivers on the premises of the registered facility to receive a transfer of usable marijuana or an immature plant.

(2) A PRF must ensure that a registered facility uses an Oregon Department of Agriculture approved scale to weigh all usable marijuana.

(3) The following persons are the only persons permitted in any area of a registered facility where usable marijuana or immature plants are present, and only in accordance with these rules, as applicable:

(a) A PRF;

(b) An owner of a registered facility;

(c) An employee of the registered facility;

(d) Laboratory personnel in accordance with OAR 333-008-1190;

(e) A contractor authorized by the PRF to be on the premises of a registered facility;

(f) A patient, designated primary caregiver, or growers;

(g) An authorized employee or authorized contractor of the Authority; and

(h) Other government officials that have jurisdiction over some aspect of the registered facility or that otherwise have authority to be on the premises of the registered facility.

(4) A PRF must have written detailed policies and procedures and training for employees on the policies and procedures that at a minimum, cover the following:

(a) Security;

(b) Testing;

(c) Transfers of usable marijuana and plants to and from the facility;

(d) Operation of a registered facility;

(e) Required record keeping;

(f) Labeling; and

(g) Violations and enforcement.

333-008-1210
Record Keeping

(1) A PRF must ensure that the following information is documented and maintained electronically in a manner that can easily be shared with the Authority or accessed by the Authority:

(a) All Authorization to Transfer forms, including the date on which a form was received;

(b) Any written notifications from a patient with regard to any change in status as required by ORS 475.309(7)(a)(B) or (10)(a);

(c) Any revocation of an Authorization to Transfer form;

(d) All transfer information required in OAR 333-008-1230 and 333-008-1240;

(e) Documentation of the costs of doing normal and customary business used to establish the reimbursement amounts for transfers of usable marijuana or immature plants, including costs related to transferring, handling, securing, insuring, testing, packaging and processing usable marijuana and immature marijuana plants and the cost of supplies, utilities and rent or mortgage.

(f) The amount of money paid by a registered facility to a grower for each transfer of usable marijuana or immature plants;

(g) The amount of money paid by each patient or designated primary caregiver for a transfer of usable marijuana or an immature plant;

(h) The laboratory reports of all testing and other information required to be documented in OAR 333-008-1190; and

(i) All other information required to be documented and retained in these rules.

(2) The PRF must ensure that information required to be documented pursuant to section (1) of this rule is maintained in a safe and secure manner that protects the information from unauthorized access, theft, fire, or other destructive forces, and is easily retrievable for inspection by the Authority upon request, either at the registered facility or online.

(3) A PRF must ensure that a registered facility uses an electronic data management system for the recording of transfers of usablel marijuana and immature plants. The system must meet the following minimum requirements:

(a) Record the information required to be documented in this rule and OAR 333-008-1230 and 333-008-1240;

(b) Provide for off-site or secondary backup system;

(c) Assign a unique transaction number for each transfer to or from the registered facility;

(d) Monitor date of testing and testing results;

(e) Track products by unique transaction number through the transfer in, testing and transfer out processes;

(f) Generate transaction and other reports requested by the Authority viewable in PDF format;

(g) Produce reports, including but not limited to inventory reports; and

(h) Provide security measures to ensure patient and grower records are kept confidential.

(4) Documents and information required to be maintained in these rules must be retained by the PRF for at least one year.

(5) A PRF must provide the Authority with any documentation required to be maintained in these rules upon request, in the format requested by the Authority, or permit the Authority access to such documentation on-site.

Stat. Auth.: ORS 475.314 & 475.338

333-008-1220
Labeling

(1) Prior to transferring usable marijuana a PRF must ensure that a label is affixed to the usable marijuana that includes but is not limited to:

(a) The amount of THC and CBD in the usable marijuana;

(b) If pre-packaged, the weight or volume of the packaged usable marijuana in metric units;

(c) The amount of usable marijuana in a finished product in metric units;

(d) Potency information; and

(e) Who performed the testing.

(2) If the registered facility transfers usable marijuana in a form that is edible, the PRF must ensure that the usable marijuana has a warning label on the outside of the packaging that includes the following: "WARNING: MEDICINAL PRODUCT — KEEP OUT OF REACH OF CHILDREN" in bold capital letters, in a font size that is larger than the type-size of the other printing on the label such that it is easy to read and prominently displayed on the product.

333-008-1230
Transfers to a Registered Facility

(1) A patient may authorize usable marijuana or immature marijuana plants to be transferred to a registered facility by signing an Authorization to Transfer form prescribed by the Authority. A patient may authorize transfers to more than one registered facility. A separate form must be provided for each registered facility. The Authorization must include, but is not limited to, the following information:

(a) The patient's name, OMMP card number and expiration date and contact information;

(b) The name and contact information of the individual who is authorized to transfer the usable marijuana or immature marijuana plants to the registered facility and that individual's OMMP card number and expiration date;

(c) The name and address of the registered facility that is authorized to receive the usable marijuana or immature marijuana plants; and

(d) The date the authorization expires, if earlier than the expiration date of the patient's OMMP card.

(2) Only a patient, the patient's designated primary caregiver, or the patient's grower may be authorized to transfer usable marijuana or immature plants to a registered facility.

(3) The original Authorization to Transfer form must be provided to the registered facility to which a transfer may be made by the patient or person authorized to transfer the usable marijuana or immature plants. The patient should retain a copy of the Authorization to Transfer form for his or her records and provide a copy to the person authorized to transfer the usable marijuana or immature plants.

(4) An Authorization to Transfer form automatically expires on the date the patient's OMMP card expires, unless the patient has specified an earlier expiration date. If the patient renews his or her OMMP card the patient may execute a new Authorization to Transfer form in accordance with this rule.

(5) Once usable marijuana or an immature plant is transferred to a registered facility pursuant to a valid Authorization to Transfer form, the usable marijuana or immature plant is no longer the property of the patient unless the usable marijuana or immature plants are returned by the registered facility.

(6) Prior to a registered facility accepting a transfer of usable marijuana or immature plants the PRF must ensure that:

(a) It has a valid Authorization to Transfer form on file that authorizes the individual that is transferring the usable marijuana or immature plants to make the transfer; and

(b) The individual transferring the usable marijuana or immature plants is the individual authorized to make the transfer.

(7) A PRF must ensure that when a registered facility accepts a transfer of usable marijuana or an immature plant the batch of usable marijuana and each immature plant are segregated in accordance with the testing rule, OAR 333-008-1190 and that the following information is documented, as applicable:

(a) The unique identifier;

(b) The weight in metric units of all usable marijuana received by the registered facility;

(c) The number of immature plants received by the registered facility;

(d) The amount of a finished product received by the registered facility, including, as applicable, the weight in metric units, or the number of units of a finished product;

(e) A description of the form the usable marijuana was in when it was received, for example, oil or an edible product;

(f) Who transferred the usable marijuana or the immature plant, the individual's OMMP card number and expiration date of the card, a copy of the individual's picture identification, the date the usable marijuana or an immature plant was received, and the name of the patient who authorized the transfer; and

(g) The amount of reimbursement paid by the registered facility.

(8) Nothing in these rules requires a PRF or a registered facility to accept a transfer of usable marijuana or immature plants.

(9) A PRF must ensure that:

(a) From the time that a batch or plant has been received by the registered facility until it is tested in accordance with these rules, the usable marijuana and immature plants are segregated, withheld from use, and kept in a secure location so as to prevent the marijuana or plants from becoming contaminated or losing efficacy, or from being tampered with or transferred except that samples may be removed for testing; and

(b) No usable marijuana or immature plants are transferred to a patient or designated primary caregiver until testing has been completed, the registered facility has received a written testing report, and the usable marijuana and immature plants have tested negative for pesticides, mold and mildew.

(10) Usable marijuana and immature plants must be kept on-site at the facility. The Authority may cite a PRF for a violation of these rules if during an inspection it cannot account for its inventory or if the amount of usable marijuana at the registered facility is not within five percent of the documented inventory.

333-008-1240
Transfers to a Patient or Designated Primary Caregiver

(1) Prior to a registered facility transferring usable marijuana or an immature plant to a patient or a designated primary caregiver the PRF must ensure that:

(a) The usable marijuana or an immature plant has not tested positive for mold, mildew or pesticides as specified in OAR 333-008-1190; and

(b) The identity and cardholder status of the person requesting usable marijuana or an immature plant is verified by viewing the person's OMMP card and picture identification and making sure the two match.

(2) The PRF must ensure that for each transfer of usable marijuana or an immature plant to a patient or a designated primary caregiver the following information is documented:

(a) The name, OMMP card number and expiration date of the card of each person to whom the registered facility transfers usable marijuana or an immature plant;

(b) A copy of the person's picture identification;

(c) The amount of usable marijuana transferred in metric units, if applicable;

(d) The number of immature plants transferred, if applicable;

(e) The amount of a finished product transferred in metric units, or units of the finished product, if applicable;

(f) A description of what was transferred;

(g) The date of the transfer; and

(h) The amount of money paid by a patient or a designated primary caregiver to a registered facility for the transfer of usable marijuana or an immature plant.

(3) The PRF must ensure that a registered facility does not transfer at any one time more usable marijuana or immature plants than a patient or designated primary caregiver is permitted to possess under ORS 475.320(1)(a). A PRF is not responsible for determining whether a patient or designated primary caregiver is limited in the amount of usable marijuana he or she can possess under 475.320(1)(b).

Inspections

(1) The Authority must conduct an initial inspection of every registered facility within six months of approving an application to ensure compliance with these rules, and must conduct a routine inspection of every registered facility at least every year.

(2) The Authority may conduct a complaint inspection at any time following the receipt of a complaint that alleges a registered facility is in violation of ORS 475.314 or these rules.

(3) The Authority may conduct an inspection at any time if it believes, for any reason, that a registered facility or a PRF is in violation of ORS 475.314 or these rules.

(4) A PRF and any employees, contractors, or other individuals working at a registered facility must cooperate with the Authority during an inspection.

(5) If an individual at a registered facility fails to permit the Authority to conduct an inspection the Authority may seek an administrative warrant authorizing the inspection pursuant to ORS 431.262.

Stat. Auth.: ORS 431.262, 475.314 & 475.338

333-008-1260
Violations

(1) A registered facility is in violation of ORS 475.314 or these rules for:

(a) A PRF or an employee of a facility failing to cooperate with an inspection;

(b) The submission by a PRF of false or misleading information to the Authority in support of an application or in seeking to retain registration;

(c) Transferring usable marijuana or immature plants to an individual who is not a patient or a designated primary caregiver;

(d) Accepting a transfer of usable marijuana or immature plants without a valid authorization from the patient;

(e) Possessing a mature marijuana plant at the registered facility;

(f) Failing to document and maintain information in the manner required by these rules;

(g) Failing to account for usable marijuana or immature plants on the premises of the registered facility, taking into account a five percent loss;

(g) Failing to submit a plan of correction in accordance with OAR 333-008-1270;

(h) Failing to comply with a final order of the Authority, including failing to pay a civil penalty; or

(i) Failing to comply with ORS 475.314 or any of these rules.

(2) It is a violation of ORS 475.314 and these rules to operate a facility without being registered by the Authority.

Stat. Auth.: ORS 475.314 & 475.338
Stats. Implemented: ORS 475.314
Hist.: PH 2-2014(Temp), f. 1-14-14, cert. ef. 1-15-14 thru 7-13-14

333-008-1270
Enforcement

(1)(a) Informal Enforcement. If, during an inspection the Authority documents violations of ORS 475.314 or any of these rules, the Authority may issue a written Notice of Violation to the PRF that cites the laws alleged to have been violated and the facts supporting the allegations.

(b) The PRF must submit to the Authority a signed plan of correction within 10 business days from the date the Notice of Violation was mailed to the person. A signed plan of correction will not be used by the Authority as an admission of the violations alleged in the Notice.

(c) A PRF must correct all deficiencies within 10 days from the date of the Notice, unless an extension of time is requested from the Authority. A request for such an extension shall be submitted in writing and must accompany the plan of correction.

(d) The Authority must determine if a written plan of correction is acceptable. If the plan of correction is not acceptable to the Authority it must notify the PRF in writing and request that the plan of correction be modified and resubmitted no later than 10 working days from the date the letter of non-acceptance was mailed.

(e) If the registered facility does not come into compliance by the date of correction reflected on the plan of correction, the Authority may propose to revoke the registration of the facility or impose civil penalties.

(f) The Authority may conduct an inspection at any time to determine whether a registered facility has corrected the deficiencies in a Notice of Violation.

(2) Formal Enforcement. If, during an inspection or based on other information the Authority determines that a registered facility or PRF is in violation of ORS 475.314 or these rules the Authority may issue:

(a) A Notice of Proposed Revocation in accordance with ORS 183.411 through 183.470; or

(b) A Notice of Imposition of Civil Penalties in accordance with ORS 183.745. Civil penalties may be issued for any violation of 475.314 and these rules, not to exceed $500 per violation per day.

(3) The Authority must determine whether to use the informal or formal enforcement process based on the nature of the alleged violations, whether there are mitigating or aggravating factors, and whether the PRF or the registered facility has a history of violations.

(4) The Authority must issue a Notice of Proposed Revocation if the:

(a) Facility no longer meets the criteria in ORS 475.314(3)(a) to (d); or

(b) PRF is not a resident of Oregon, has disqualifying criminal convictions as described in OAR 333-008-1120, or a court has issued an order that prohibits the PRF from participating in the OMMP under ORS 475.300 through 475.346 unless a new PRF is approved by the Authority.

(5) The Authority may maintain a civil action against a facility that is operating but not registered in accordance with ORS 475.314 and these rules.

(6) The Authority must post a final order revoking the registration of a facility on the Authority's website and provide a copy of the final order to the OMMP.

(7) To the extent permitted by law, if the Authority discovers violations that may constitute criminal conduct or conduct that is in violation of laws within the jurisdiction of other state or local governmental entities, the Authority may refer the matter to the applicable agency.

(8) If the registration of a facility is revoked the PRF must make arrangements to return the usable marijuana and immature plants in amounts still possessed by the facility, to the person who transferred the usable marijuana or immature plants and must document the same.

Confidentiality

(1) Any criminal background information received by the Authority about a PRF during the criminal background check process is confidential and is not subject to disclosure without a court order.

(2) The name of a PRF and the address of a registered facility is confidential and is not subject to disclosure without a court order, except as provided in section (5) of this rule, or unless a PRF has authorized disclosure.

(3) If an application has been denied, the information submitted to the Authority in an application for registration of a facility is not confidential and may be subject to disclosure under ORS 192.410 through 192.505.

(4) A final order revoking the registration of a facility is not confidential and may be posted on the Authority's website or otherwise made public by the Authority.

(5) Authorized employees of state and local law enforcement agencies may verify with the Authority at all times whether:

(a) A location is the location of a registered facility; or

(b) A person is listed as the PRF of a registered facility.

Chapter 945

Rule Caption: Lay Representation in Contested Case Hearings
Adm. Order No.: OHIE 8-2013(Temp)
Filed with Sec. of State: 12-23-2013
Certified to be Effective: 12-23-13 thru 5-17-14
Notice Publication Date:
Rules Adopted: 945-040-0180
Rules Suspended: 945-040-0180(T)
Subject: Authorizes the Exchange to use lay representation in contested case hearings conducted by the Office of Administrative Hearings.
Rules Coordinator: Gregory Jolivette—(503) 373-9406

945-040-0180
Lay Representation in Contested Case Hearings

(1) Subject to the approval of the Attorney General, an officer or employee of the Oregon Health Insurance Exchange (Exchange) is authorized to appear on behalf of the Exchange in the following types of contested case hearings conducted by the Office of Administrative Hearings:

(a) Appeals by individual applicants or enrollees, or an authorized representative of an individual applicant or enrollee, of a decision by the Exchange concerning an initial determination of eligibility or redetermination of eligibility for:

(A) Enrollment in a qualified health plan, including enrollment in a qualified health plan that is a catastrophic plan;

(B) Advance payments of the premium tax credit, including the amount of advance payments of the premium tax credit;

(C) Cost sharing reductions, including the level of cost-sharing reductions;

(D) MAGI-based Medicaid and CHIP program eligibility relevant to appeals described in subsection (a)(i)–(iii); and coordination with the Oregon Health Authority concerning appeals of MAGI-based Medicaid and CHIP eligibility decisions; or

(b) Appeals by individual applicants and enrollees, or an authorized representative of an individual applicant or enrollee, alleging failure of the Exchange to act on an application within 45 days of the filing date.

(2) The Exchange representative may not make legal argument on behalf of the Exchange.

(3) "Legal argument" includes arguments on

(a) The jurisdiction of the Exchange to hear the contested case;

(b) The constitutionality of a statute or rule or the application of a constitutional requirement to the Exchange; and

(c) The application of court precedent to the facts of the particular contested case proceeding.

(4) "Legal argument" does not include presentation of motions, evidence, examination and cross-examination of witnesses, or representation of factual arguments or arguments on:

(a) The application of the statutes or rules to the facts in the contested case;

(b) Comparison of prior actions of the Exchange in handling similar situations;

(c) The literal meaning of the statutes or rules directly applicable to the issues in the contested case;

(d) The admissibility of evidence; and

(e) The correctness of procedures being followed in the contested case hearing.

(5) If the administrative law judge determines that statements or objections made by the Exchange representative appearing under section (1) of this rule involve legal argument as defined in this rule, the administrative law judge shall provide reasonable opportunity for the Exchange to consult with the Attorney General and permit the Attorney General to present argument at the hearing or to file written legal argument within a reasonable time after conclusion of the hearing.

(6) For purposes of this rule, "applicant" has the meaning in OAR 945-040-0010(4)(a), and "enrollee" has the meaning in 945-040-0010(15) for qualified individuals.

Oregon Health Licensing Agency
Chapter 331

Rule Caption: Amend fee to decrease from $700 to $350 due to change in license renewal.
Adm. Order No.: HLA 14-2013
Filed with Sec. of State: 12-30-2013
Certified to be Effective: 2-1-14
Notice Publication Date: 10-1-2013
Rules Amended: 331-440-0000
Subject: Amend initial and renewal license fee by decreasing fees from $700 to $350 due to license renewal date change from two years to one year. In July 2013 the Board of Denture Technology amended administrative rules changing active status from a two-year license period to a one-year license period. Inadvertently the fee for initial licensure and renewal was not reduced by half.
Rules Coordinator: Samantha Patnode—(503) 373-1917

331-440-0000
Fees

(1) Applicants and licensees are subject to the provisions of OAR 331-010-0010 and 331-010-0020 regarding the payment of fees, penalties and charges.

(2) Fees established by the Oregon Health Licensing Agency are as follows:

(a) Application:
(A) License: $350.
(B) License by reciprocity: $450.
(C) Temporary license: $50
(b) Examination:
(A) Oregon laws & rules: $50.
(B) Written: $350.
(C) Practical: $650.
(c) Original issuance:
(A) License: $350
(B) Temporary license: $50
(d) Renewal:
(A) License: $350
(B) Temporary license: $50

(e) Delinquent (late) renewal of license: $25 for the first month in expired status, and $10 each month thereafter while in an expired status.

(f) Replacement of license, including name change: $25.

(g) Duplicate license document: $25 per copy with maximum of three.

(h) Affidavit of licensure: $50.

(i) An additional $25 Administrative Processing fee will be assessed if a NSF or non-negotiable instrument is received for payment of fees, penalties and charges. Refer to OAR 331-010-0010.

Subject: Passage of SB 107 by the 2013 Legislature created an earlobe piercing field of practice to the Board of Body Art Practitioners. Currently an individual can obtain a temporary earlobe piercing license which is valid for 2 years and cannot be renewed. The proposed rules establish application and renewal requirements to obtain a permanent earlobe piercing license. Individuals who currently hold a temporary earlobe piercing license will not be required to retake the board approved examination.

Amendments include general housekeeping and alignment with current agency standards related to continuing education.

The proposed amendments clarify application requirements for specialty genital piercing for individual licensed prior to January 1, 2012.

Changes streamline written examination requirements for tattooing.

Rules Coordinator: Samantha Patnode—(503) 373-1917

331-900-0010
Earlobe Piercing License

(1) An earlobe piercing license is valid for one year, and is eligible for renewal. An earlobe piercing license becomes inactive on the last day of the month one year from the date of issuance.

(2) An earlobe piercing license holder must adhere to all standards within OAR 331-900-0095, 331-900-0097, 331-900-0098, 331-900-0130 and all applicable rules listed in OAR 331 division 925.

(3) An earlobe piercing license holder, licensed under ORS 690.365, may provide earlobe piercing services only.

(4) Upon renewal, individuals who held a technician registration for ear piercing prior to January 1, 2012, must apply for and meet the application requirements for an earlobe piercing license or apply for and meet the application requirements for a standard body piercing license.

(5) An earlobe piercing license holder licensed prior to January 1, 2014 is not required to meet application requirements listed in OAR 331-900-0015.

331-900-0015
Application Requirements for Earlobe Piercing License

An individual applying for an Earlobe Piercing License must:

(1) Meet the requirements of OAR 331 division 30;

(2) Submit a completed application form prescribed by the Agency, which must contain the information listed in OAR 331-030-0000 and be accompanied by payment of the required fees;

(3) Submit proof of being 18 years of age. Documentation may include identification listed under OAR 331-030-0000;

(4) Submit proof of having a high school diploma or equivalent;

(5) Submit proof of current blood borne pathogens training from an Agency approved provider;

(6) Submit proof of current basic first aid training from an Agency approved provider;

(7) Submit passing score of Agency approved written examinations in accordance with OAR 331-900-0060(1) and (2) within two years from the date of application;

(8) Upon passage of all required examinations and before issuance of a license, the applicant must pay all license fees.

331-900-0020
Standard Body Piercing Temporary Trainee License

(1) A standard body piercing temporary trainee license is valid for one year, and may be renewed one time.

(2) A standard body piercing temporary trainee license holder, licensed under ORS 690.365, may provide standard piercing services under the direct supervision of an Agency approved supervisor pursuant OAR 331-900-0050 and 331-900-0055.

(3) Supervisors of a standard body piercing temporary trainee must adhere to OAR 331-900-0055.

(4) A standard body piercing temporary trainee license holder is prohibited from performing specialty level one genital piercing services defined under OAR 331-905-0000 and specialty level two genital piercing services defined under OAR 331-905-0000.

(5) A standard body piercing temporary trainee license holder is prohibited from piercing the testes, deep shaft (corpus cavernosa), uvula, eyelids or sub-clavicle.

(6) A standard body piercing temporary trainee license holder must adhere to all standards within OAR 331-900-0100, 331-900-0105, 331-900-0110, 331-900-0115, 331-900-0120, 331-900-0125, 331-900-0130, and all applicable rules listed in OAR 331 division 925.

331-900-0040
Temporary Standard Body Piercing License

(1) A temporary standard body piercing license, pursuant to ORS 690.365, is a temporary license to perform standard body piercing services on a limited basis, not to exceed 15 consecutive calendar days. A temporary standard body piercing license holder:

(a) May renew the license up to four times, in a 12 month period from the date the Agency receives the initial application. License renewal can be done consecutively with no lapse in active license dates;

(b) Must submit all requests to renew a license on a form prescribed by the Agency. Request to renew a license must be received at least 15 days before standard body piercing services are provided unless otherwise approved by the Agency;

(c) Must submit notification of a change in work location on a form prescribed by the Agency at least 24 hours before services are performed; and

(d) Must work in a licensed facility.

(2) A temporary standard body piercing license holder may only perform standard body piercing services.

(3) A temporary standard body piercing license holder is prohibited from performing specialty level one genital piercing services defined under OAR 331-905-0000 and specialty level two genital piercing services defined under 331-905-0000.

(4) A temporary standard body piercing license holder is prohibited from piercing the testes, deep shaft (corpus cavernosa), uvula, eyelids or sub-clavicle.

(5) A temporary standard body piercing license holder must adhere to all standards within OAR 331-900-0100, 331-900-0105, 331-900-0110, 331-900-0115, 331-900-0120, 331-900-0125, 331-900-0130, and all applicable rules listed in OAR 331 division 925.

Stat. Auth: ORS 345, 676.607, 676.615, 676.625, 690.365, 690.370, 690.385, 690.390, 690, 405, 690.407, 690.410 & 690.415

331-900-0050
Standard Body Piercing Supervisor

(1) An approved standard body piercing supervisor may supervise one standard body piercing temporary trainee per shift.

(2) An approved standard body piercing supervisor must exercise management, guidance, and control over the activities of the standard body piercing trainee and must exercise professional judgment and be responsible for all matters relative to the standard body piercing.

(3) An approved standard body piercing supervisor must document work done by the standard body piercing temporary trainee on a form prescribed by the Agency and maintain training documentation for a minimum of two years following completion of training.

(4) An approved supervisor must notify the Agency in writing within five calendar days if a standard body piercing temporary trainee is no

longer being supervised, and must provide the number of hours of training completed on a form prescribed by the Agency.

(5) Not withstanding any other disciplinary actions, an approved supervisor's authorization to supervise may be withdrawn by the Agency for providing incomplete or inadequate training or falsifying documentation.

(6) Supervisors must provide direct supervision to standard body piercing temporary trainees.

331-900-0077

Renewal of an Earlobe Piercing License

(1) A licensee is subject to the provisions of OAR chapter 331, division 30 regarding the renewal of a license and provisions regarding authorization to practice, identification, and requirements for issuance of a duplicate license.

(2) LICENSE RENEWAL: To avoid delinquency penalties, an earlobe piercing license renewal must be made prior to the license entering inactive status. The licensee must submit the following:

(a) Renewal application form; and

(b) Payment of required renewal fee pursuant to 331-940-0000.

(3) INACTIVE LICENSE RENEWAL: An earlobe piercing license may be inactive for up to three years. If a license is inactive the licensee is not authorized to practice. When renewing a license after entering inactive status, the licensee holder must submit the following:

(a) Renewal application form; and

(b) Payment of delinquency and license fees pursuant to OAR 331-940-0000.

(4) EXPIRED LICENSE: An earlobe piercing license that has been inactive for more than three years is expired and the license holder must reapply and meet the requirements listed in OAR 331-900-0015.

(5) LICENSE RENEWAL —A temporary earlobe piercing license holder licensed prior to January 1, 2014 but after January 1, 2012, who is seeking a permanent earlobe piercing license is not required to take the examinations listed in OAR 331-900-0060.

331-900-0085

Continuing Education for Standard Body Piercing License

(1) To maintain licensure, a standard or specialty body piercer license holder must complete a minimum of 10 hours of satisfactory continuing education every year.

(2) A standard or specialty body piercer license holder must document compliance with the continuing education requirement through attestation on the license renewal application. Licensees will be subject to the provisions of OAR 331-900-0090 pertaining to periodic audit of continuing education.

(3) Satisfactory continuing education courses must be obtained as follows:

(a) Five hours must be obtained by participation in or attendance at a course provided by:

(A) Institutions or programs accredited by a federally recognized accrediting agency;

(B) Institutions or programs approved by an agency within the Oregon Higher Education Coordinating Commission;

(C) An organization offering continuing medical education opportunities, including Accreditation Council for Continuing Medical Education;

(D) Any additional board approved professional organization, or association, hospital, or health care clinic offering continuing education related to subject matter listed in (4) of this rule.

(b) Five hours may be self-study, where subject matter meets the requirements under subsection (4) of this rule, which may include the following:

(A) Correspondence courses including online courses through completion and certification by an approved national home study organization;

(B) Review of publications, textbooks, printed material, or audio cassette(s); and

(C) Viewing of films, videos, or slides.

(4) The subject matter of the continuing education must be specifically related to body piercing. As outlined in the approved course of study under OAR 331-900-0005 (3) and (11). Continuing education may include the laws and rules regulating licensed body piercers, health care professional concerns such as safety, emergencies, client consultation, business ethics, and business practices or legalities.

(5) In order to renew, continuing education requirements must be met every year, even if the license is inactive or suspended.

(6) Obtaining and maintaining proof of participation in required continuing education is the responsibility of the licensee. The licensee must ensure that adequate proof of attainment of required continuing education is available for audit or investigation or when otherwise requested by the agency. Adequate proof of participation is listed under OAR 331-900-0090(3).

(7) Documentation of participation in continuing education requirements must be maintained for a period of five years following renewal, and must be available to the agency upon request.

(8) Current training and certification in CPR, First Aid, and Blood borne pathogens is a condition of renewal and is not eligible for continuing education credit).

(9) A licensee may carry up to 8 hours of excess continuing education hours forward to the next renewal cycle.

(10) For the purpose of this rule continuing education hours mean actual academic, classroom, or course work time, including but not limited to workshops, symposiums, or seminars. Continuing education hours do not include travel time to or from the training site, registration or check-in periods, breaks or lunch periods.

Continuing Education: Audit, Required Documentation and Sanctions

(1) The Agency will audit a select percentage of licenses to verify compliance with continuing education requirements.

(2) Licensees notified of selection for audit of continuing education attestation must submit to the agency, within 30 calendar days from the date of issuance of the notification, satisfactory evidence of participation in required continuing education in accordance with OAR 331-900-0085.

(3) Evidence of successful completion of the required continuing education must include the following:

(a) Name of continuing education sponsor/provider;

(b) Course agenda — including the date of the training and breakdown of hours for each agenda item, lunch and breaks;

(c) Course outline — including a detailed summary of each topic discussed and the learning objective or training goal of each agenda item; The content of the course must have a direct relationship between the course training and subject matter related to body piercing as set forth in OAR 331-900-0085(4);

(d) Background resume of speakers or instructors; and

(e) Documentation of attendance or successful course completion. Examples include a certificate, transcript, sponsor statement or affidavit attesting to attendance, diploma.

(4) Documentation substantiating the completion of continuing education through self-study must show a direct relation to body piercing as set forth in OAR 331-900-0085(4), be submitted on forms provided by the agency and include the following:

(a) Name of sponsor or source, type of study, description of content, date of completion and duration in clock hours;

(b) Name of approved correspondence courses or national home study issues;

(c) Name of publications, textbooks, printed material or audiocassette's, including date of publication, publisher, and ISBN identifier; and

(d) Name of films, videos, or slides, including date of production, name of sponsor or producer and catalog number.

(5) If documentation of continuing education is invalid or incomplete, the licensee has 30 calendar days from the date of the deficiency notice to correct the deficiency and submit further documentation of completion of the required continuing education.

(6) Misrepresentations of continuing education or failure to complete continuing education requirements may result in disciplinary action, which

may include, but is not limited to assessment of a civil penalty and suspension or revocation of the license.

Earlobe Piercing Practice Standards and Prohibitions

(1) An earlobe piercing license holder must:

(a) Use an earlobe piercing system that pierces an individual's earlobe by use of a sterile, encapsulated single-use stud with clasp;

(b) Use an earlobe piercing system made of non-absorbent or non-porous material which can be cleaned and disinfected according to manufacturer's instructions;

(c) Use single-use prepackaged sterilized ear piercing studs for each client;

(d) Store new or sterilized ear piercing systems separately from used or soiled instruments; and

(e) Disinfect all parts of the piercing system with a high-level disinfectant.

(2) An earlobe piercer may only pierce with an earlobe piercing system; use of a needle is prohibited.

(3) An earlobe piercing system may only be used to pierce the earlobe. Use of an earlobe piercing system on other parts of the body or ear is prohibited.

(4) Piercing with a manual loaded spring operated ear piercing system is prohibited.

(5) Piercing the earlobe with any type of piercing system which does not use the pre-sterilized encapsulated stud and clasp system is prohibited.

(6) Earlobe Piercing is prohibited:

(a) On a person under 18 years of age unless the requirements of OAR 331-900-0130 are met;

(b) On a person who shows signs of being inebriated or appears to be incapacitated by the use of alcohol or drugs;

(c) On a person who shows signs of recent intravenous drug use; and

(d) On a person with sunburn or other skin diseases or disorders of the skin such as open lesions, rashes, wounds, puncture marks in areas of treatment.

General Standards for Earlobe Piercing

(1) The cleanliness of any common area in a facility is the responsibility of each license holder. All license holders may be cited for violations found in the common area.

(2) An earlobe piercing license holder licensed to perform earlobe piercing services or a licensed facility owner must:

(a) Use and maintain appropriate equipment and instruments for providing services in the facility;

(b) Use equipment and instruments in a manner described in the manufacturer's instructions which is consistent with the manufacturer's intended use of the device by the FDA;

(c) Use equipment and instruments that are not prohibited by the Agency or the FDA for use by earlobe piercing license holders;

(d) Ensure a high-level disinfectant is used in accordance with manufacturer's instructions to disinfect surfaces where services are performed;

(e) Ensure chemicals are stored in labeled, closed containers;

(f) Ensure that single-use disposable paper products and protective gloves are used for each client. Use of towels and linens are prohibited;

(g) Ensure lavatories located within the facility are kept clean and in good working order at all times. Air blowers within lavatories can be substituted for disposable hand towels;

(h) Ensure pets or other animals not be permitted in the facility. This prohibition does not apply to service animals recognized by the American with Disabilities Act or to fish in aquariums or nonpoisonous reptiles in terrariums;

(i) Ensure all disinfecting solutions or agents be kept at adequate strengths to maintain effectiveness, be free of foreign material and be available for immediate use at all times the facility is open for business;

(j) Ensure all waste or garbage is disposed of in a covered container with a garbage liner;

(k) Ensure all waste which contains blood or other potentially infectious materials be enclosed and secured in a glove or bag then disposed of in a covered container with a garbage liner immediately following the service;

(l) Ensure disposable sharp objects that come in contact with blood or other potentially infectious materials be disposed of in a sharps container;

(m) Ensure biohazard labels or red biohazard bags are available on the facility premises; and

(n) Adhere to all Centers for Disease Control Standards.

(3) An earlobe piercing licensee must wear eye goggles, shields or a mask if spattering is possible while providing services.

(4) All substances shall be dispensed from containers in a manner to prevent contamination of the unused portion.

(5) Single use tubes or containers and applicators shall be discarded following the service.

(6) An earlobe piercing license holder is permitted to have hot and cold running water within a restroom as part of surrounding premises or adjacent to the facility.

(7) Cross contaminating from touch or air particulates in any procedure area which comes in direct contact with client is prohibited.

Stat. Auth: ORS 345, 676.607, 676.615, 676.625, 690.365, 690.370, 690.385, 690.390, 690, 405, 690.407, 690.410 & 690.415

331-900-0098

Standards for Client Services for Earlobe Piercing Licensees

(1) An earlobe piercing license holder must observe and adhere to the following hand washing and disposable glove standards when servicing clients:

(a) HAND WASHING: Hands must be washed or treated with an antibacterial hand sanitizer before and after treatment of each client, and before putting on disposable gloves and immediately after disposable gloves are removed; and

(b) Hand washing must include thoroughly washing the hands in warm, running water with liquid soap using friction on all surfaces of the hands and wrists, then rinsing hands and drying hands with a clean, disposable paper towel, or by using an antibacterial hand sanitizer by using friction on all surfaces of the hands and wrists. Use of bar soap is prohibited.

(2) An earlobe piercing license holder must observe and adhere to the following protective disposable glove standards when servicing clients:

(a) PROTECTIVE DISPOSABLE GLOVES: A new pair of disposable gloves must be worn during the treatment of each client;

(b) Hands must be washed in accordance with hand washing instructions listed in Subsection (1) of this rule before putting on disposable gloves and immediately after disposable gloves are removed;

(c) When a treatment session is interrupted disposable gloves must be removed and discarded. Hand washing instructions listed in Subsection (1) of this rule must be followed and a new pair of gloves put on when returning to the procedure service area;

(d) When a licensee leaves the procedure area in the middle of a earlobe piercing procedure, gloves must be removed before leaving the procedure area, hand washing instructions listed in Subsection (1) of this rule must be followed and a new pair of gloves put on when returning to the procedure area;

(e) Disposable gloves must be removed and discarded before leaving the procedure area;

(f) Torn or perforated gloves must be removed immediately, and hand washing instructions listed in Subsection (1) of this rule must be followed and gloves changed following hand washing; and

(g) The use of disposable gloves does not preclude or substitute for hand washing instructions listed in subsection (1) of this rule.

(3) Disposable gloves must be worn during pre-cleaning, cleaning, rinsing, disinfecting and drying of equipment and instruments;

(4) A client's skin must be thoroughly cleaned with an antiseptic solution.

(5) A licensee is prohibited from wearing jewelry under gloves.

331-900-0099
Client Records and Information for Earlobe Piercing License Holder

(1) An earlobe piercing license holder is responsible for maintaining and keeping copies of all client records. If client records are maintained by the facility the facility owner must provide the licensee with copies of those client records upon request. The record must include the following for each client:

(a) Name, address, telephone number and date of birth of client;

(b) Date of each service;

(c) Name and license number of the licensee providing service;

(d) Special instructions or notations relating to the client's medical or skin conditions including but not limited to diabetes, cold sores and fever blisters, psoriasis or eczema, pregnancy or breast-feeding/nursing.

(e) Complete list of the client's sensitivities to medicines or topical solutions;

(f) History of the client's bleeding disorders;

(g) Description of complications during procedure(s);

(h) Signature from the client that they have received the following information in writing and verbally:

(A) All information related to the body piercing service including possible reactions, side effects and potential complications of the service and consent to obtaining the body piercing service; and

(B) Information listed in OAR 331-900-0110 regarding informed consent for certain standard body piercing procedures.

(C) After care instructions including care following service, possible side effects and complications and restrictions.

(i) Signature from the client that they have been informed, both verbally and in writing, of all information related to the earlobe piercing services including possible reactions, side effects and potential complications of the service and consent to obtaining the earlobe piercing service; and

(j) Proof of age or consent consisting of one of the following:

(A) If the client is of over 18, a copy of a government issued photographic identification. A copy of the government issued photographic identification must be included in the client record;

(B) If the client is a minor written parental or legal guardian consent is required. The written parental or legal guardian consent must be submitted to the licensee by the parent or legal guardian prior to piercing the minor. The consenting parent or legal guardian must be 18 years of age and present government issued photographic identification at time of written consent. A copy of the government issued photographic identification must be included in the client record.

(C) If the client is an emancipated minor, copies of legal court documents proving emancipation and government issued photographic identification is required.

(2) A licensee may obtain advice from a physician regarding medical Information needed to safeguard client and licensee. Advice from a physician must be documented in the client record.

(3) For the purpose of (1) and (2) of this rule records must be kept at facility premises for a minimum of three years and must be made immediately available to the agency upon request.

(4) Client records must be typed or printed in a legible format. Client records, which are not readable by the Agency, will be treated as incomplete.

General Standards for Standard Body Piercing

(1) The cleanliness of any common in a facility is the responsibility of each license holder. All license holders may be cited for violations found in the common area.

(2) An individual licensed to perform services in a field of practice or a licensed facility owner must:

(a) Use and maintain appropriate equipment and instruments for providing services in a field of practice at the place of business;

(b) Use equipment and instruments in a manner described in the manufacturer's instructions which is consistent with the manufacturer's intended use of the device by the FDA;

(c) Use equipment and instruments that are not prohibited for use in a field of practice by the Agency or the FDA;

(d) Ensure a high-level disinfectant is used in accordance with manufacturer's instructions to disinfect surfaces where services are performed;

(e) Ensure chemicals are stored in labeled, closed containers;

(f) Ensure that single-use disposable paper products, single-use needles, sterilized jewelry and protective gloves are used for each client. Use of towels and linens are prohibited;

(g) Have unrestricted access or availability to a sink with hot and cold running water, as part of surrounding premises or adjacent to the facility but separate from a restroom;

(h) Ensure lavatories located within the facility are kept clean and in good working order at all times. Air blowers within lavatories can be substituted for disposable hand towels;

(i) Ensure all waste material related to a service in a field of practice be deposited in a covered container following service for each client;

(j) Ensure pets or other animals not be permitted in the business facility. This prohibition does not apply to service animals recognized by the American with Disabilities Act or to fish in aquariums or nonpoisonous reptiles in terrariums;

(k) Ensure all disinfecting solutions or agents be kept at adequate strengths to maintain effectiveness, be free of foreign material and be available for immediate use at all times the facility is open for business;

(l) Ensure all waste or garbage is disposed of in a covered container with a garbage liner;

(m) Ensure all waste which contains blood or other potentially infectious materials be enclosed and secured in a glove or bag then disposed of in a covered container with a garbage liner immediately following the service;

(n) Ensure disposable sharp objects that come in contact with blood or other potentially infectious materials be disposed of in a sharps container;

(o) Ensure biohazard labels or red biohazard bags are available on the facility premises;

(p) Adhere to all Centers for Disease Control and Prevention Standards;

(q) Ensure that all instruments that come in direct contact with client's skin are handled using gloves; and

(r) Ensure that all jewelry used for initial piercings is sterilized before use on a client in accordance with OAR 331-900-0125.

(3) A licensee must wear eye goggles, shields or a mask if spattering is possible while providing services.

(4) All substances must be dispensed from containers in a manner to prevent contamination of the unused portion. Single use tubes or containers and applicators shall be discarded following the service.

(5) Cross contaminating from touch or air particulates in any procedure area which comes in direct contact with client is prohibited.

Application Requirements for Specialty Level One Genital Piercer Licensed as Body Piercer Prior to January 1, 2012

(1) An individual applying for licensure who obtained an Oregon body piercing license before January 1, 2012, to qualify for a specialty level one genital piercing license, that individual must:

(a) Meet the requirements of OAR 331 division 30;

(b) Submit a completed application form prescribed by the Agency, which must contain the information listed in OAR 331-030-0000 and be accompanied by payment of the required application fees;

(c) Submit proof of current cardiopulmonary resuscitation and basic first aid training from an Agency approved provider;

(d) Submit proof of current blood borne pathogens training from an Agency approved provider;

(e) Submit proof of being 18 years of age documentation may include identification listed under OAR 331-030-0000;

(f) Submit proof of having a high school diploma or equivalent;

(g) Submit proof of having a current standard body piercing license which is active with no current or pending disciplinary action;

(h) Submit copies of client records demonstrating proof of having successfully performed a minimum of 36 specialty level one genital piercings listed in OAR 331-905-0005(3). The 36 specialty level one genital

piercings must have been performed before January 1, 2012, if done in Oregon. Client records must demonstrate proof of having performed at least 3 different piercing procedures listed in 331-905-0005(3). Each client record submitted must clearly identify the type of genital piercing procedure by labeling each record with the same descriptive language listed in 331-905-0005(3); and

(i) Pay all licensing fees.

(2) Experience claimed under subsections (1)(g) and (1)(h) of this rule is subject to independent verification by the Agency.

General Standards for Specialty Body Piercing

(1) The cleanliness of any common in a facility is the responsibility of each license holder. All license holders may be cited for violations found in the common area.

(2) An individual licensed to perform services in a field of practice or a licensed facility owner must:

(a) Use and maintain appropriate equipment and instruments for providing services in a field of practice at the place of business;

(b) Use equipment and instruments in a manner described in the manufacturer's instructions which is consistent with the manufacturer's intended use of the device by the FDA;

(c) Use equipment and instruments that are not prohibited for use in a field of practice by the Agency or the FDA;

(d) Ensure a high-level disinfectant is used in accordance with manufacturer's instructions to disinfect surfaces where services are performed;

(e) Ensure chemicals are stored in labeled, closed containers;

(f) Ensure that single-use disposable paper products, single-use needles, sterilized jewelry and protective gloves are used for each client. Use of towels and linens are prohibited;

(g) Have unrestricted access or availability to a sink with hot and cold running water, as part of surrounding premises or adjacent to the facility but separate from a restroom;

(h) Ensure lavatories located within the facility are kept clean and in good working order at all times. Air blowers within lavatories can be substituted for disposable hand towels;

(i) Ensure all waste material related to a service in a field of practice be deposited in a covered container following service for each client;

(j) Ensure pets or other animals not be permitted in the business facility. This prohibition does not apply to service animals recognized by the American with Disabilities Act or to fish in aquariums or nonpoisonous reptiles in terrariums;

(k) Ensure all disinfecting solutions or agents be kept at adequate strengths to maintain effectiveness, be free of foreign material and be available for immediate use at all times the facility is open for business;

(l) Ensure all waste or garbage is disposed of in a covered container with a garbage liner;

(m) Ensure all waste which contains blood or other potentially infectious materials be enclosed and secured in a glove or bag then disposed of in a covered container with a garbage liner immediately following the service;

(n) Ensure disposable sharp objects that come in contact with blood or other potentially infectious materials be disposed of in a sharps container;

(o) Ensure biohazard labels or red biohazard bags are available on the facility premises;

(p) Adhere to all Centers for Disease Control and Prevention Standards; and

(q) Ensure that all instruments that come in direct contact with client's skin are handled using gloves.

(3) A licensee must wear eye goggles, shields or a mask if spattering is possible while providing services.

(4) All substances shall be dispensed from containers in a manner to prevent contamination of the unused portion. Single use tubes or containers and applicators shall be discarded following the service.

(5) Cross contaminating from touch or air particulates in any procedure area which comes in direct contact with client is prohibited.

Approved Course of Study for Electrology

To be approved by the agency, a course of study must include, at least 600 hours of training instruction. The course must include at least 235 hours of theory and at least 365 hours of practical experience in the following areas:

(1) Oregon Laws and rules: 15 hours of training in theory.

(2) Bacteriology: 20 hours of training in theory.

(3) Infection control, safety and sterilization: 20 hours of training in theory and 15 hours of practical training.

(4) Anatomy and physiology: 20 hours of training in theory.

(5) Endocrinology: 20 hours of training in theory.

(6) Structure, dynamics and diseases of skin and hair: 30 hours of training in theory.

(7) Circulatory and nervous system: 20 hours of training in theory.

(8) Electricity: 15 hours of training in theory.

(9) Electrolysis (galvanic): 20 hours of training in theory and 115 hours of practical training.

(10) Thermolysis: 20 hours of training in theory and 115 hours of practical training.

(11) Combinations of electrolysis and thermolysis (blend): 20 hours of training in theory and 110 hours of practical training.

(12) Draping and positioning: 5 hours of training in theory and 5 hours of practical training.

(13) Professional ethics and business practices: 10 hours of training in theory and 5 hours of practical training.

(14) As part of the approved course of study, all hours of theory must be completed prior to practical work being performed on the general public.

(15) Training must be conducted by an Oregon licensed electrologist registered as a teacher by the Department of Education, Private Career Schools.

(16) A registered teacher must provide direct supervision of practical training on a one-to-one student/teacher ratio for students performing practical training while the student is working on the general public.

(17) For the purpose of this rule direct supervision means the teacher is present and actively involved in direct oversight and training of students.

Continuing Education for Electrology License

(1) To maintain licensure, a licensed electrologist must complete a minimum of eight hours of satisfactory continuing education every year.

(2) A licensee must document compliance with the continuing education requirement through attestation on the license renewal application. Licensees will be subject to the provisions of OAR 331-910-0060 pertaining to periodic audit of continuing education.

(3) Satisfactory continuing education must be obtained as follows:

(a) Four hours must be obtained by participation in or attendance at a course provided by:

(A) Institutions or programs accredited by a federally recognized accrediting agency;

(B) Institutions or programs approved by an agency within the Oregon Higher Education Coordinating Commission;

(C) An organization offering continuing medical education opportunities, including Accreditation Council for Continuing Medical Education;

(D) Any additional board approved professional organization, or association, hospital, or health care clinic offering continuing education related to subject matter listed in (4) of this rule.

(b) Four hours may be self-study, where subject matter meets the requirements under subsection (4) of this rule, which may include the following:

(A) Correspondence courses including online courses through completion and certification by an approved national home study organization;

(B) Review of publications, textbooks, printed material, or audio cassette(s);

(C) Viewing of films, videos, or slides;

(4) The subject matter of the continuing education must be specifically related to electrology and as outlined in the approved course of study under OAR 331-910-0005 (1) through (13). Continuing education may include the laws and rules regulating licensed electrologists, infection control and sterilization, and professional ethics and business practices.

(5) In order to renew, continuing education requirements must be met every year, even if the license is inactive or suspended.

(6) Obtaining and maintaining proof of participation in required continuing education is the responsibility of the licensee. The licensee must ensure that adequate proof of attainment of required continuing education is available for audit or investigation or when otherwise requested by the agency. Adequate proof of participation is listed under OAR 331-910-0060(3).

(7) Documentation of participation in continuing education requirements must be maintained for a period of five years following renewal, and must be available to the agency upon request.

(8) A licensee may carry up to 8 hours of excess continuing education hours forward to the next renewal cycle.

(9) For the purpose of this rule continuing education hours mean actual academic, classroom, or course work time, including but not limited to workshops, symposiums, or seminars. Continuing education hours do not include travel time to or from the training site, registration or check-in periods, breaks or lunch periods.

Continuing Education: Audit, Required Documentation and Sanctions

(1) The Oregon Health Licensing Agency will audit a select percentage of licenses to verify compliance with continuing education requirements.

(2) Licensees notified of selection for audit of continuing education attestation must submit to the Agency, within 30 calendar days from the date of the issuance of the notification, satisfactory evidence of participation in required continuing education in accordance with OAR 331-910-0055.

(3) Evidence of successful completion of the required continuing education must include the following:

(a) Name of continuing education sponsor/provider;

(b) Course agenda — including the date of the training and breakdown of hours for each agenda item, lunch and breaks;

(c) Course outline — including a detailed summary of each topic discussed and the learning objective or training goal of each agenda item; The content of the course must have a direct relationship between the course training and subject matter related to electrology as set forth in OAR 331-910-0055(4);

(d) Background resume of speakers or instructors; and

(e) Documentation of attendance or successful course completion. Examples include a certificate, transcript, sponsor statement or affidavit attesting to attendance, diploma.

(4) Documentation substantiating completion of continuing education through self-study, must show a direct relation to electrology as set forth in OAR 331-910-0055(4), be submitted on forms provided by the agency and include the following:

(a) Name of sponsor or source, type of study, description of content, date of completion and duration in clock hours;

(b) Name of approved correspondence courses or national home study issues;

(c) Name of publications, textbooks, printed material or audio-recorded material, including date of publication, publisher, and ISBN Identifier; and

(d) Name of films, videos, or slides, including date of production, name of sponsor or producer and catalog number.

(5) If documentation of continuing education is invalid or incomplete, the licensee has 30 calendar days from the date of the deficiency notice to correct the deficiency and submit further documentation of completion of the required continuing education.

(6) Misrepresentations of continuing education or failure to complete continuing education requirements may result in disciplinary action, which may include, but is not limited to assessment of a civil penalty and suspension or revocation of the license.

Continuing Education for Tattoo License

(1) To maintain licensure, a tattoo license holder must complete a minimum of 10 hours of satisfactory continuing education every year.

(2) A tattoo license holder must document compliance with the continuing education requirement through attestation on the license renewal application. Licensees will be subject to the provisions of OAR 331-915-0060 pertaining to periodic audit of continuing education.

(3) Satisfactory continuing education must be obtained as follows:

(a) Five hours must be obtained by participation in or attendance at a course provided by:

(A) Institutions or programs accredited by a federally recognized accrediting agency;

(B) Institutions or programs approved by an agency within the Oregon Higher Education Coordinating Commission;

(C) An organization offering continuing medical education opportunities, including Accreditation Council for Continuing Medical Education;

(D) Any additional board approved professional organization, or association, hospital, or health care clinic offering continuing education related to subject matter listed in (4) of this rule.

(b) Five hours may be self-study, where subject matter meets the requirements under subsection (4) of this rule, which may include the following:

(A) Correspondence courses including online courses through completion and certification by an approved national home study organization;

(B) Review of publications, textbooks, printed material, or audio cassette(s);

(C) Viewing of films, videos, or slides;

(4) The subject matter of the continuing education must be specifically related to tattooing. As outlined in the approved course of study under OAR 331-915-0005(4). Continuing education may include the laws and rules regulating licensed tattooists, safety and sterilization, color theory, design, art and placement, client services, and business operations.

(5) Continuing education is required for renewal, every year, even if the license has been inactive or suspended.

(6) Obtaining and maintaining proof of participation in required continuing education is the responsibility of the licensee. The licensee must ensure that adequate proof of attainment of required continuing education is available for audit or investigation or when otherwise requested by the agency. Adequate proof of participation is listed under OAR 331-915-0060(3).

(7) Documentation of participation in continuing education requirements must be maintained for a period of five years following renewal, and must be available to the agency upon request.

(8) Current training and certification in CPR, First Aid, and Blood borne pathogens is a condition of renewal and is not eligible for continuing education credit.

(9) A tattoo license holder may carry up to 8 hours of excess continuing education hours forward to the next renewal cycle.

(10) For the purpose of this rule continuing education hours mean actual academic, classroom, or course work time, including but not limited to workshops, symposiums, or seminars. Continuing education hours do not include travel time to or from the training site, registration or check-in periods, breaks or lunch periods.

Tattoo Practice Standards and Prohibitions

(1) Inks, dyes, or pigments must be purchased from a commercial supplier or manufacturer. Products banned or restricted by the Food and Drug Administration must not be used.

(2) A tattoo license holder must disinfect plastic or acetate stencil used to transfer the design to the client's skin, if not using disposable stencils. If the plastic or acetate stencil is reused the licensee must thoroughly clean and rinse and immerse in a high level disinfectant according to the manufacturer's instructions.

(3) Upon completion of a tattoo service, the following procedures are required:

(a) The skin must be cleansed; excluding the area surrounding the eyes, with a clean single-use paper product saturated with an antiseptic solution;

(b) A clean covering must be placed over designs and adhered to the skin; and

(c) An absorbent material must be incorporated into the covering to prevent the spread of bodily fluids and cross contamination, unless the clean covering listed in subsection (3)(a) of this rule is an impenetrable barrier which prevents the spread of bodily fluids and cross contamination.

(4) Tattooing services may be performed on a person under 18 years of age when authorized or prescribed by a physician's statement.

(5) Tattooing is prohibited:

(a) On a person who shows signs of being inebriated or appears to be incapacitated by the use of alcohol or drugs;

(b) On a person who show signs of intravenous drug use;

(c) On a person with sunburn or other skin diseases or disorders such as open lesions, rashes, wounds, puncture marks in areas of treatment;

(d) On a person under 18 years of age, regardless of parental or legal guardian consent unless the requirements of subsection (4) of this rule are met.

331-915-0070

General Standards for Tattooing

(1) The cleanliness of any common area in a facility is the responsibility of each license holder. All license holders may be cited for violations found in the common area.

(2) An individual licensed to perform services in a field of practice or a licensed facility owner must:

(a) Use and maintain appropriate equipment and instruments for providing services in a field of practice at the place of business;

(b) Use equipment and instruments in a manner described in the manufacturer's instructions which is consistent with the manufacturer's intended use of the device by the FDA;

(c) Use equipment and instruments that are not prohibited for use in a field of practice by the Agency or the FDA;

(d) Ensure a high-level disinfectant is used in accordance with manufacturer's instructions to disinfect surfaces where services are performed;

(e) Ensure chemicals are stored in labeled, closed containers;

(f) Ensure that single-use disposable paper products, single-use needles, and protective gloves are used for each client. Use of towels and linens are prohibited;

(g) Have unrestricted access or availability to a sink with hot and cold running water, as part of the surrounding premises or adjacent to the facility but separate from a restroom;

(h) Ensure lavatories located within the facility are kept clean and in good working order at all times. Air blowers within lavatories can be substituted for disposable hand towels;

(i) Ensure all waste material related to a service in a field of practice be deposited in a covered container following service for each client;

(j) Ensure pets or other animals not be permitted in the business facility. This prohibition does not apply to service animals recognized by the American with Disabilities Act or to fish in aquariums or nonpoisonous reptiles in terrariums;

(k) Ensure all disinfecting solutions or agents be kept at adequate strengths to maintain effectiveness, be free of foreign material and be available for immediate use at all times the facility is open for business;

(l) Ensure all waste or garbage is disposed of in a covered container with a garbage liner;

(m) Ensure all waste which contains blood or other potentially infectious materials be enclosed and secured in a glove or bag then disposed of in a covered container with a garbage liner immediately following the service;

(n) Ensure disposable sharp objects that come in contact with blood and/or body fluids be disposed of in a sharps container;

(o) Ensure biohazard labels or red biohazard bags are available on the facility premises;

(p) Adhere to all Centers for Disease Control and Prevention Standards;. and

(q) Ensure that all instruments that come in direct contact with client's skin are handled using gloves.

(3) A licensee must wear eye goggles, shields or a mask if spattering is possible while providing services.

(4) All substances must be dispensed from containers in a manner to prevent contamination of the unused portion. Single use tubes or containers and applicators shall be discarded following the service.

(5) Cross contaminating from touch or air particulates in any procedure area which comes in direct contact with client is prohibited.

Facility Standards

Facility standards apply to all licensees under ORS 690.350 unless otherwise specified by rule.

(1) A facility license holder licensed under OAR chapter 331, division 925 must:

(a) Require each individual working within the facility premises providing services in a field of practice be licensed with the Agency;

(b) Provide a screened or separated area away from public access and viewing, isolated from a reception or waiting area, when services are conducted upon breasts, nipples, genitals or buttocks;

(c) Allow an agency representative to inspect the facility or conduct an investigation. Obstructing or hindering the normal progress of an inves-

tigation or the inspection, threatening or exerting physical harm, or enabling another individual or employee to impede an investigation or inspection may result in disciplinary action;

(d) Ensure waste from toilets or lavatories be discharged directly into a public sewer or by a method meeting the requirements of ORS Chapter 454;

(e) Have a sterilization area separated from public areas, service areas and restrooms where decontamination and sterilization of reusable instruments is performed. This rule does not apply to electrology license holders and earlobe piercing license holders;

(f) All surfaces in areas where decontamination and sterilization of reusable instruments are performed must be non-porous;

(g) Hand washing accommodations must be provided in work areas where licensees are exposed to hazardous materials, which will have a harmful effect on or be absorbed through the skin if the contamination is not removed;

(h) Maintain washing accommodations in a clean and sanitary condition; and

(i) Ensure all floors, walls and procedure surfaces including counters, tables, and chairs are easily cleanable, non-absorbent and non-porous where services are provided;

(2) When body piercing or tattoo services are provided in a cosmetology facility, body piercing or tattoo services must be separated from cosmetology services by use of a solid barrier to prevent contact with irritants. Electrology services are excluded from this rule.

(3) The facility must comply with all applicable rules and regulations of the Agency and other federal, state, county and local agencies. This includes the following:

(a) Building, fire, plumbing and electrical codes, and with exit and fire standards established by the Building Codes Agency, the Office of the State Fire Marshal;

(b) Oregon Indoor Clean Air Act as it appears in ORS 433.835 through 433.875;

(c) Occupational Safety and Health Act Blood Borne Pathogens Standards under 29 CFR 1910:1030 this includes but is not limited to: individuals providing services in a field of practice, facility owners; and other employees on the facility premises;

(d) ORS Chapter 654 and the Oregon Safe Employment Act if an employee/employer relationship exists; and

(e) All applicable Occupational Safety and Health Act standards if an employee/employer relationship exists.

Fees

(1) Applicants and licensees are subject to the provisions of OAR 331-010-0010 and 331-010-0020 regarding the payment of fees, penalties and charges.

(2) Fees established by the Oregon Health Licensing Agency are as follows:

(a) Application:
(A) Standard Body Piercing — $50.
(B) Specialty Body Piercing Level 1 — $50.
(C) Specialty Body Piercing Level 2 — $50.
(D) Electrology — $50.
(E) Tattoo — $50.
(F) Reciprocity Per Field of Practice — $150.
(G) Facility — $100.
(H) Mobile Facility — $100.
(I) Event Facility — $100.
(J) Temporary Facility License — $100.
(K) Temporary Practitioner Per Field of Practice — $50.
(L) Standard Body Piercing Trainee — $50.
(M) Ear Lobe Piercing— $25.
(b) Examination:
(A) Written — $50.
(B) Practical — $100.
(c) Original Issuance of License:
(A) Standard Body Piercing Trainee — $50.
(B) Standard Body Piercing — $50.
(C) Specialty Body Piercing Level 1 — $50.
(D) Specialty Body Piercing Level 2 — $50.
(E) Electrology — $25.
(F) Tattoo — $50.
(G) License for a Field of Practice by Reciprocity — $50.
(H) Facility — $150.
(I) Mobile Facility — $150.
(J) Event Facility:
(i) Up to 100 booths: $725.
(ii) 101 to 200 booths: $1,450.
(iii) 201 to 300 booths: $2,175.
(iv) 301 to 400 booths: $2,900.
(v) 401 to 500 booths: $3,625.
(K) Temporary Practitioner Per Field of Practice — $20.
(L) Temporary Facility — $50.
(M) Earlobe Piercing— $25.
(d) Renewal of License Online:
(A) Standard Body Piercing — $45.
(B) Electrology — $20.
(C) Tattoo — $45.
(D) Earlobe — $20.
(E) Body Art Facility — $125.
(F) Mobile Facility License — $125.
(e) Renewal of License Over-the-Counter or Through the Mail:
(A) Standard Body Piercing Trainee — $50.
(B) Standard Body Piercing — $50.
(C) Specialty Body Piercing Level 1 — $50.
(D) Specialty Body Piercing Level 2 — $50.
(E) Electrology — $25.
(F) Tattoo — $50.
(G) Earlobe — $25.
(H) Temporary Practitioner Per Field of Practice — $20.
(I) Body Art Facility — $150.
(J) Mobile Facility License — $150.
(f) Other administrative fees:
(A) Delinquency — $50 per year, up to three years.
(B) Replacement License — $25.
(C) Duplicate License — $25 per copy with maximum of three.
(D) Affidavit of Licensure — $50.
(E) Information Packets — $10.
(F) Administrative Processing Fee — $25.

Schedule of Penalties for Board of Body Art Standards Violations

The Agency has adopted the following presumptive penalty schedule for the 1st, 2nd, and 3rd violation of Board of Body Art Standards Violations laws and rules. This schedule applies, except at the discretion of the agency pursuant to OAR 331-020-0060. For the 4th and subsequent offenses, the provisions of 331-020-0060 apply.

(1) Any violation of a Mobile Facility License listed in OAR 331-925-0020:

(a) 1st offense: $500;
(b) 2nd offense: $1,000;
(c) 3rd offense: $2,500.

(2) Any violation of a facility standard listed in OAR 331-925-0050(1) or (2) excluding (1)(a) and (1)(c):

(a) 1st offense: $500;
(b) 2nd offense: $1,000;
(c) 3rd offense: $2,500.

(3) Any violation of a Standard for Facilities Located in Residence listed in OAR 331-925-0055:

(a) 1st offense: $300;
(b) 2nd offense: $500;
(c) 3rd offense: $1000.

(4) Any violation of a General Standard listed in OAR 331-900-0097 for earlobe piercing; 331-900-0115 for standard body piercing; 331-905-0095 for specialty body piercing; 331-910-0080 for electrology; or 331-915-0070 for tattooing;

(a) 1st offense: $500;
(b) 2nd offense: $1,000;
(c) 3rd offense: $2,500.

(5) Any violation of Standards for Client Services listed in OAR 331-900-0098 for earlobe piercing; 331-900-0120 for standard body piercing, 331-905-0100 for specialty body piercing; 331-910-0070 for electrology; or 331-915-0075 for tattooing:

(a) 1st offense: $500;

(b) 2nd offense: $1,000;

(c) 3rd offense: $2,500.

(6) Failing to sterilize all instruments that come in direct contact with a client's skin or are exposed to blood or other potentially infectious materials or use single use needles is a violation of OAR 331-900-0125(1) and (2) for body piercing; 331-905-105(1) and (2) for specialty body piercing; 331-910-0075(1) and (2) for electrology; or 331-915-0080(1) and (2) for tattooing;

(a) 1st offense: $1000;

(b) 2nd offense: $2,500;

(c) 3rd offense: Monetary penalty and any other actions allowed by law including revocation of suspended authorization to practice and refusal to issue a new authorization to practice to a revoked authorization holder.

(7) Failing to properly use approved sterilization modes or procedures is a violation of OAR 331-900-0125 excluding (1), (2), (9) and (10) for body piercing; 331-905-0105 excluding (1), (2), (9) and (10) for specialty body piercing; 331-910-0075 excluding (1), (2), and (10) for electrology; or 331-915-0080 excluding (1), (2), (9) and (10) for tattooing:

(a) 1st offense: $1000;

(b) 2nd offense: $2,500;

(c) 3rd offense: Monetary penalty and any other actions allowed by law including revocation of suspended authorization to practice and refusal to issue a new authorization to practice to a revoked authorization holder.

(8) Failing to maintain monthly Biological test results, chemical indicator strips and steam sterilization integrators on the premises of the facility or allow an enforcement officer access to review those records immediately upon request is a violation of OAR 331-900-0125 (9) or (10) for body piercing; 331-905-0105 (9) and (10) for specialty body piercing; 331-910-0075(10) for electrology; or 331-915-0080(9) and (10) for tattooing:

(a) 1st offense: $500;

(b) 2nd offense: $1,000;

(c) 3rd offense: $2,500.

(9) Failing to collect and maintain complete client records for each client on the premises of the facility or allow an enforcement officer access to review client records immediately upon request is a violation of OAR 331-900-0099 for earlobe piercing; 331-900-0130 for standard body piercing, 331-905-0110 for specialty body piercing; 331-910-0085 for electrology; or 331-915-0085 for tattooing:

(a) 1st offense: $500;

(b) 2nd offense: $1,000;

(c) 3rd offense: $2,500.

Rule Caption: Implement changes from SB 107 related polysomnography and align with agency standards.

Adm. Order No.: HLA 16-2013

Filed with Sec. of State: 12-31-2013

Certified to be Effective: 1-1-14

Notice Publication Date: 11-1-2013

Rules Amended: 331-710-0050, 331-710-0060, 331-710-0070, 331-710-0080, 331-710-0090, 331-710-0100, 331-710-0110, 331-720-0010, 331-720-0015, 331-720-0020

Subject: Amend current administrative rules to require models such as self study, rather than post-secondary education, as a pathway for licensure as a temporary direct supervision polysomnographic technologist.

Align continuing education rules with current agency standards including specifying national organizations as approved if providing continuing education within the scope of respiratory and polysomnography care. Also required the documentation to be maintained by the licensee be consistent with documentation required for continuing education audits.

Rules Coordinator: Samantha Patnode—(503) 373-1917

331-710-0050

Application Requirements for Polysomnographic Technologist License

(1) An individual applying for licensure to practice polysomnography must:

(a) Meet the requirements of OAR chapter 331 division 30;

(b) Submit a completed application form prescribed by the Agency, containing the information listed in OAR 331-030-0000 and accompanied by payment of the required fees;

(c) Submit fingerprint-based national criminal background check pursuant to OAR 331-030-0004;

(d) Be at least 18 years of age, and must provide documentation, confirming date of birth, such as a copy of the birth certificate, driver's license or passport;

(e) Submit proof of having a high school diploma or equivalent;

(f) Submit current certification in cardiopulmonary resuscitation by an Agency approved provider; and

(2) Submit documentation of qualification through one of the following pathways:

(a) License Pathway One Academic Degree: — An applicant under pathway one must:

(A) Submit official transcripts defined under OAR 331-705-0050 showing successful completion of an Associate's degree in polysomnography, polysomnographic technology, or sleep technology from an accredited community college, college or university, or successful completion of a polysomnography course of study from a CAAHEP accredited institution. In addition to an official transcript defined under 331-705-0050 an applicant who has obtained education through a CAAHEP accredited institution must submit a statement, signed by the Registrar or a Dean of a college or university and sent directly to the Agency from that college or university, verifying the applicant has successfully completed a polysomnography course of study;

(B) Submit satisfactory evidence of passage a Board approved examination listed under OAR 331-712-0010(1) within two years before the date of application. Examination results must be submitted to the Agency directly from the examination provider; examination results or other documentation provided directly by the applicant are not acceptable;

(C) Submit examination fees;

(D) Submit satisfactory evidence of having passed the Board approved examination listed under OAR 331-712-0010(3) within two years before the date of application; and

(E) Submit licensing fees.

(b) License Pathway Two Polysomnographic Technologist Temporary Licensee: — An applicant under pathway two must applying for permanent licensure must:

(A) Submit documentation showing completion of 18 months of training and work experience pursuant to OAR 331-710-0110, obtained under polysomnographic technologist temporary-DS licensure (See 331-710-0060) and temporary-IS licensure (See 331-710-0080), including verification by an approved supervisor pursuant to 331-710-0100, and certification of successful completion and satisfactory performance of such experience by a qualified medical director for polysomnography, all on forms provided by the Agency;

(B) Submit satisfactory evidence of passage of a Board approved examination listed under OAR 331-712-0010(1) or (2) within two years before the date of application. Examination results must be submitted to the Agency directly from the examination provider; examination results or other documentation provided directly by the applicant are not acceptable;

(C) Submit examination fees;

(D) Submit satisfactory evidence of having passed the Board approved examination listed under OAR 331-712-0010(3) within two years before the date of application; and

(E) Submit licensing fees.

(c) License Pathway Three Reciprocity: — An applicant under pathway three must:

(A) Submit an affidavit of licensure pursuant to OAR 331-030-0040, from every state where the applicant has been licensed as a polysomnographic technologist, including an affidavit of licensure demonstrating proof of a current polysomnographic technologist license from another state, obtained through qualifications substantially equivalent to Oregon's requirements. At least one of the applicant's out-of-state licenses must be active and all of the applicant's out-of-state licenses must not be subject to current or pending disciplinary action, and must be free from disciplinary history for three years before the date of application for Oregon polysomnographic licensure;

(B) Submit satisfactory evidence of having passed the Board approved examination listed under OAR 331-712-0010(3) within two years before the date of application; and

(C) Submit licensing fees.

(d) License Pathway Four Endorsement: An applicant may qualify for licensure by endorsement if the applicant holds a qualifying professional credential in another field. An applicant under pathway four must:

(A) Submit an affidavit of licensure pursuant to OAR 331-030-0040 demonstrating proof of a current license, which is active with no current or pending disciplinary action, and no disciplinary history for the three years before the date of application for Oregon polysomnographic licensure, as a:

(B) Physician (Doctor of Medicine or Doctor of Osteopathy) licensed under ORS Chapter 677;

(C) Respiratory therapist licensed under ORS chapter 688 with the RPSGT credential from the BRPT; or

(D) CRT or RRT who holds a Sleep Disorder Specialty credential through NBRC;

(E) Submit examination fees;

(F) Submit satisfactory evidence of having passed the Board approved examination listed under OAR 331-712-0010(3) within two years before the date of application; and

(G) Submit licensing fees.

Polysomnographic Technologist Temporary-DS (Direct Supervision) Licensure

(1) A polysomnographic technologist Temporary-DS license authorizes the holder to temporarily practice polysomnography under direct supervision by an approved supervisor.

(2) Direct supervision is supervision of the Temporary-DS licensee by an approved supervisor who is immediately physically present with the Temporary-DS licensee while the Temporary-DS licensee is working, and who exercises direction and control over the Temporary-DS licensee's work.

(3) A polysomnographic technologist Temporary-DS license holder must notify the Agency within 10 calendar days of changes in employment status and changes in supervisor.

(4) A polysomnographic technologist Temporary-DS license is valid for six months and may not be renewed.

Application Requirements for Polysomnographic Technologist Temporary-DS License

An applicant for a polysomnographic technologist Temporary-DS license must:

(1) Meet the requirements of OAR chapter 331 division 30;

(2) Submit a completed application form prescribed by the agency, containing the information listed in OAR 331-030-0000 and accompanied by payment of the required application fees;

(3) Submit fingerprint-based national criminal background check pursuant to OAR 331-030-0004;

(4) Be at least 18 years of age, and must provide documentation confirming date of birth, such as a copy of the birth certificate, driver's license, or passport;

(5) Submit current certification in cardiopulmonary resuscitation from an Agency approved provider;

(6) Submit proof of having a high school diploma or equivalent; and

(7) Submit a certificate of completion for the AASM A-STEP Self Study Modules;

(8) Submit information identifying the applicant's approved supervisor pursuant to OAR 331-710-0100, on a form prescribed by the Agency;

(9) Submit appropriate licensing fees.

Polysomnographic Technologist Temporary-IS (Indirect Supervision) Licensure

(1) A polysomnographic technologist Temporary-IS license authorizes the holder to temporarily practice polysomnography under indirect supervision by an approved supervisor.

(2) Indirect supervision is supervision of the Temporary-IS licensee by an approved supervisor who is physically present and onsite, but may not be immediately accessible at the sleep facility when the Temporary-IS licensee is working, who reasonably oversees the work of the Temporary-IS licensee, and who is available for questions and assistance when needed.

(3) A polysomnographic technologist Temporary-IS license holder must notify the agency within 10 calendar days of changes in employment status and changes in supervisor.

(4) A polysomnographic technologist Temporary-IS license obtained under OAR 331-710-0090(6)(a) of this rule is valid for one year and may be renewed once.

(5) A polysomnographic technologist Temporary-IS license obtained under OAR 331-710-0090(6)(b) of this rule is valid for one year and may not be renewed.

(6) A Temporary-IS licensee is prohibited from performing services on persons 12 and under.

(7) A polysomnographic technologist temporary-IS license is invalid after passage of all required written examinations listed under OAR 331-712-0010 for a full polysomnographic technologist license under 331-710-0040.

Application Requirements for Polysomnographic Temporary-IS Licensure

An applicant for a polysomnographic technologist Temporary-IS license must:

(1) Meet the requirements of OAR chapter 331 division 30;

(2) Submit a completed application form prescribed by the Agency, containing the information listed in OAR 331-030-0000 and accompanied by payment of all required fees;

(3) Be at least 18 years of age, and provide official documentation confirming the applicant's date of birth, such as a copy of the birth certificate, driver's license, or passport;

(4) Submit current certification in cardiopulmonary resuscitation from an Agency approved provider;

(5) Submit fingerprint-based national criminal background check pursuant to OAR 331-030-0004;

(6) Submit documentation of meetings qualifications listed in (6)(a) or (6)(b) of this rule;

(a) A Temporary Licensee-DS: applying for Temporary-IS licensure must:

(A) Submit documentation of successful completion of 30 sleep tests as a polysomnographic technologist Temporary-DS licensee, which includes the signatures of an approved supervisor and certification by a qualified medical director for polysomnography of successful completion of 30 sleep studies and satisfactory performance;

(B) Submit examination fees;

(C) Complete and pass the Oregon Laws and Rules examination for polysomnography within two years before the date of registration application;

(D) Submit information identifying the applicant's approved supervisor on a form prescribed by the Agency; and

(E) Submit appropriate licensing fees.

(b) An individual with an Academic Degree: applying for Temporary-IS licensure must:

(A) Submit a statement, signed by the Registrar or a Dean of a college or university and sent directly to the Agency from that college or university, verifying the applicant has completed all work necessary to obtain an associate's degree in polysomnography, polysomnographic technology, or sleep technology from an accredited community college, college or university, or successful completion of a polysomnography course of study from a CAAHEP accredited institution;

(B) Submit examination fees;

(C) Complete and pass the Oregon Laws and Rules examination for polysomnography within two years before the date of registration application;

(D) Submit information identifying the applicant's approved supervisor on a form prescribed by the Agency; and

(E) Submit appropriate licensing fees.

Supervision of a Temporary Polysomnographic Technologist

(1) To be approved as a supervisor of a polysomnographic temporary licensee, an individual must:

(a) Hold a valid polysomnographic technologist license under ORS chapter 688 or provide proof of being a "qualified medical director for polysomnography" as defined in ORS 688.800(3);

(b) Have no current or pending disciplinary action imposed by the Agency or other regulatory body; and

(c) Submit proof of having been actively practicing polysomnography for at least three years prior to requesting approval as a supervisor; and

(d) Submit a completed request for approval on a form prescribed by the Agency;

(2) A polysomnography supervisor shall not supervise a temporary licensee until all Agency required documentation has been completed and submitted to the Agency and the supervisor has received Agency approval.

(3) A supervisor may supervise up to four patients per shift; whether they are the supervisor's own patients or patients of temporary DS or IS licensees.

(4) An approved supervisor of a Temporary-DS licensee must be immediately physically present with the Temporary-DS licensee while the Temporary-DS licensee is working, and must exercise direction and control over the Temporary-DS licensee's work.

(5) An approved supervisor of a Temporary-IS licensee must be physically present and onsite, but may not be immediately accessible at the sleep facility when the Temporary-IS licensee is working, and must reasonably oversee the work of the Temporary-IS licensee, and be available for questions and assistance when needed.

(6) An approved supervisor must notify the Agency in writing within 10 calendar days if a temporary polysomnographic technologist licensee is no longer being supervised, and must provide the number of hours of training and work experience completed on a form prescribed by the Agency.

(7) A designated supervisor must exercise management, guidance, and control over the activities of the temporary polysomnographic technologist and must exercise professional judgment and be responsible for all matters related to the polysomnography.

(8) Approval of a temporary polysomnographic technologist's training and work experience under OAR 331-710-0110 must be documented by the handwritten signature of the approved supervisor, the supervisor's license number, and date of supervisor's review, placed beside the temporary polysomnographic technologist's signature, on a form prescribed by the agency.

(9) An approved supervisor's Agency approval may be withdrawn if the supervisor provides incomplete or inadequate training during supervision or falsifies documentation.

(10) This rule is not intended for or required of purely administrative supervisors.

331-710-0110
Training and Work Experience Requirements for Polysomnography

(1) Training and work experience for polysomnography applicants must involve all of the following:

(a) Patient interaction & professional behavior;

(b) Patient assessment;

(c) Polysomnography theory;

(d) Performing polysomnography preparation and setup;

(e) Performing polysomnography recording and monitoring;

(f) Scoring sleep studies;

(g) Artifacts, and arrhythmias;

(h) Sleep related breathing disorders;

(i) Positive airway pressure and oxygen;

(j) Evaluation of sleepiness;

(k) Movement disorders: disorders involving arousal and seizures;

(l) Scoring waveforms;

(m) Scoring sleep stages;

(n) Scoring respiratory events;

(o) Scoring arousals, electroencephalography abnormalities, movements and cardiac events;

(p) Sleep deprivation;

(q) Insomnia;

(r) Medications and sleep;

(s) Circadian sleep and shift work

(t) Arrhythmia recognition;

(u) Emergency procedures and care;

(v) Patient education and mask fitting;

(w) Pediatric sleep; and

(2) For the purpose of this rule "Artifact" means an extraneous electrical signal in a recording channel on a polysomnograph, which originates from the patient, equipment, or external sources, and which may mask or interfere with the desired signal (E.g., snores that appear on the EEG channel, pulses of hypertensive patients that appear on the chin EMG channel, etc.).

(3) A Temporary-IS licensee is prohibited from performing services on persons 12 and under. See OAR 331-710-0080.

Continuing Education Requirements for Respiratory Care

(1) To maintain licensure, a respiratory care practitioner must complete a minimum of seven hours of continuing education every year. At least 2.5 hours of the required continuing education must be related to clinical practice of respiratory care defined under ORS 688.800.

(2) A license holder must document compliance with the continuing education requirement through attestation on the license renewal application. A licensee is subject to provisions of OAR 331-720-0020 pertaining to periodic audit of continuing education.

(3) Satisfactory continuing education must be obtained by participation in or attendance at a course provided by:

(a) An institution of higher education accredited by the Northwest Association of Accredited Schools, the Northwest Commission on Colleges and Universities, the State Board of Higher Education, Oregon Higher Education Coordinating Commission, American Medical Association Committee on Allied Health Education and Accreditation in collaboration with the Committee on Accreditation for Respiratory Care, or its successor, or the Commission on Accreditation for Allied Health Education Programs offering an Associate Degree in Respiratory Care; or

(b) The NBRC, AARC, Oregon Medical Association, the Oregon Osteopathic Association, the American Medical Association Continuing Medical Education, the American Osteopathic Association, the American Nurses Association, or other professional or medical organizations or associations which conduct educational meetings, workshops, symposiums, and seminars where CEU credit is offered and where subject matter meets the requirements under subsection (4) of this rule;

(4) The subject matter of the continuing education must be specifically related to respiratory care as outlined in ORS 688.800(5).

(5) Continuing education may include teaching a course sponsored by a continuing education provider listed in subsection (3) of this rule and where the subject matter meets the requirements under subsection (4) of this rule (provided that no more than half the required hours be in teaching).

(6) Obtaining and maintaining proof of participation in required continuing education is the responsibility of the licensee. The licensee must ensure that adequate proof of attainment of required continuing education is available for audit or investigation or when otherwise requested by the agency. Adequate proof of participation is listed under OAR 331-720-0020(3).

(7) Documentation of participation in continuing education requirements must be maintained for a period of two years following renewal, and must be available to the agency upon request.

(8) For the purpose of this rule continuing education hours mean actual academic, classroom, or course work time, including but not limited to workshops, symposiums, or seminars. Continuing education hours do not include travel time to or from the training site, registration or check-in periods, breaks or lunch periods.

Continuing Education: Audit, Required Documentation and Sanctions

(1) The Oregon Health Licensing Agency will audit a select percentage of licenses to verify compliance with continuing education requirements.

(2) Licensees notified of selection for audit of continuing education attestation must submit to the agency, within 30 calendar days from the date of issuance of the notification, satisfactory evidence of participation in required continuing education in accordance with OAR 331-720-0010, Continuing Education Requirements for Respiratory Care; or 331-720-0015, Continuing Education Requirements for Polysomnography

(3) Evidence of successful completion of the required continuing education must include the following:

(a) Name of continuing education sponsor/provider;

(b) Course agenda — including the date of the training and breakdown of hours for each agenda item, lunch and breaks;

(c) Course outline — including a detailed summary of each topic discussed and the learning objective or training goal of each agenda item; The content of the course must have a direct relationship between the course training and subject matter related to Respiratory Care as set forth in OAR 331-720-0010, or Polysomnography as set forth in 331-720-0015;

(d) Background resume of speakers or instructors; and

(e) Documentation of attendance or successful course completion. Examples include a certificate, transcript, sponsor statement or affidavit attesting to attendance, diploma.

(4) If documentation of continuing education is incomplete, the licensee has 30 calendar days from the date of the deficiency notice to correct the deficiency and submit further documentation of completion of the required continuing education.

(5) Misrepresentations of continuing education or failure to complete continuing education requirements may result in disciplinary action, which may include, but is not limited to assessment of a civil penalty and suspension or revocation of the license.

Oregon Health Licensing Agency, Board of Cosmetology
Chapter 817

Rule Caption: Add requirements for natural hair care certification.
Adm. Order No.: BOC 1-2013
Filed with Sec. of State: 12-30-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 11-1-2013
Rules Adopted: 817-030-0028
Rules Amended: 817-010-0014, 817-030-0065
Subject: Passage of HB 3409 by 2013 Legislature created natural hair care as a new field of practice under the Board of Cosmetology. Adopt application requirements for individuals seeking natural hair care certification. Requirements include completion of the board approved information training modules and passage of an examination at no cost. Individuals seeking certification for natural hair care will be required to access information training module and provide the agency with a Certificate of Completion. The learning objectives within the information training modules relate to safety, infection control, business practices/standards and general information regarding the art of natural hair care. Individuals will be required to come to the Oregon Health Licensing Agency to take the examination, in order to confirm the identity of the individual. Individuals seeking reciprocity will also be required to the complete the information training module and pass the examination.

Amend rule to allow authorization holders only providing natural hair care services within the facility to qualify a sink located in the restroom as a water source.
Rules Coordinator: Samantha Patnode—(503) 373-1917

817-010-0014
Water Supply Requirements and Standards

(1) An adequate and immediate supply of both hot and cold running water and wash basins must be available:

(a) On the facility premises and;

(b) In any work area where hazardous materials are in use, which may have a harmful effect on or be absorbed through the skin if the contamination is not removed.

(2) Sinks located in a restroom do not qualify as a water source for the facility.

(3) If only natural hair care services are provided within the facility a sink located in the restroom qualifies as a water source.

(4) Washing accommodations must be maintained in a clean and sanitary condition.

(5) Hand soap or similar cleansing agents must be available.

(6) Individual towels of cloth or paper must available. Air blowers for drying the hands may be substituted for towels.

(7) Use of bar soap or a common towel is prohibited.

[Publications: Publications referenced are available from the agency.]

Practitioner Certificate Application Requirements for Natural Hair Care

An individual applying for a certification in natural hair care must:

(1) Meet the requirements of OAR 331 division 30;

(2) Submit a completed application form prescribed by the agency, which must contain the information listed in OAR 331-030-0000 and be accompanied by payment of the required fees;

(3)Submit proof of having completed the informational training modules regarding natural hair care available on the agency Web site; and

(4) Submit proof of having completed and passed a Board approved written examination within two years before the date of application.

Stat. Auth.: ORS 690.065 & 690.165

Written Examination Retake Requirements

(1) Failed sections of a written examination may be retaken as follows:

(a) After first failed attempt — applicant may not retake for seven calendar days;

(b) After second failed attempt — applicant may not retake for seven calendar days;

(c) After third failed attempt — applicant may not retake for 30 calendar days, must submit an official transcript certifying additional training from an educational institution on a form prescribed by the agency, and must pay application fee;

(d) After fourth failed attempt — applicant may not retake for seven calendar days;

(e) After fifth failed attempt — applicant may not retake for seven calendar days;

(f) After sixth failed attempt — applicant may not retake for 30 calendar days, must submit an official transcript certifying additional training from an educational institution on a form prescribed by the agency, and must pay application fee;

(g) After seventh failed attempt — ability to retake, requirements for retake, or both will be determined by the Board on a case-by-case basis.

(2) An applicant retaking the examination must meet the requirements under OAR 331-030-0000.

(3) For natural hair care certification the first two failed attempts may be retaken on the same day by the applicant. After the second failed attempt and after each subsequent failed attempt the applicant may not retake the examination for seven calendar days.

Oregon Health Licensing Agency, Board of Direct Entry Midwifery
Chapter 332

Rule Caption: Align continuing education requirements with law regarding additional hours as a condition for renewal.
Adm. Order No.: DEM 2-2013
Filed with Sec. of State: 12-30-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 11-1-2013
Rules Amended: 332-020-0010, 332-020-0015
Subject: Amend continuing education rule to align with the intent and scope of the law. Require that at the time of renewal a licensed direct entry midwife (LDM) provide the number of births performed during the previous renewal cycle. If that number is fewer than five, then the LDM must obtain 10 additional continuing education hours and attest to those hours on the next renewal cycle. See example below:

The LDM becomes inactive on July 31, 2013 on the renewal the LDM shows that during the previous renewal cycle July 2012 through July 2013 only three births were performed. When the LDM renews the license in 2014 the LDM will be required to attest to having received the additional 10 hours of continuing education.

Align other continuing education rules with current agency standards including specifying national organizations as approved if providing continuing education within the scope of midwifery care. Allow for authorship to be included under self study not to exceed more than half the required hours. Also required the documentation to be maintained by the LDM be consistent with the documentation required for continuing education audits.
Rules Coordinator: Samantha Patnode—(503) 373-1917

332-020-0010

Continuing Education

(1) To maintain licensure LDM license holder must complete the minimum hours of satisfactory continuing education requirements as follows:

(a) Two years from the date of initial licensure and every two years thereafter:

(A) Thirty clock hours relevant to women's health, neonatal, fetal or midwifery knowledge or care, ethics, communication, or professional development.

(B) Eight and a half clock hours pertaining to legend drugs and devices that include the components listed under OAR 332-015-0070 with the exception of neonatal resuscitation under 332-015-0070(e), which is required annually upon renewal. The eight and a half hours pertaining to legend drugs and devices must be taught by a MEAC accredited or pre-accredited school, the Oregon Midwifery Council or by an organization authorized by the board to provide continuing education credits specific to legend drugs and devices.

(i) One hour in pharmacology;

(ii) One half hour in administration of medications through injection;

(iii) One hour in advanced treatment of shock;

(iv) Three hours in intravenous therapy; and

(v) Three hours in suturing.

(b) In accordance with ORS 687.425 a licensee who has attended fewer than five births in the previous year is required to take an additional ten hours of continuing education in subjects listed in subsection (1)(a)(A) of this rule during the next annual renewal cycle.

(2) Continuing Education listed in subsection (1)(a)(A) may be obtained through attendance at lectures, sessions, courses, workshops, symposiums seminars or other presentations offered by:

(a) Institutions or programs accredited by a federally recognized accrediting agency;

(b) Institutions or programs approved by an agency within the Oregon Higher Education Coordinating Commission;

(c) An organization offering continuing medical education opportunities, including Accreditation Council for Continuing Medical Education;

(d) Any additional board approved professional organization, or association, hospital, or health care clinic offering continuing education related to subject matter listed in (1)(a)(A) of this rule.

(3) Continuing education relating to subject matter listed in subsection (1)(a)(A) of this rule may also be obtained through research, authorship or teaching, provided that no more than half the required hours be in teaching.

(4) Up to nine clock hours of continuing education relating to subject matter listed in subsection (1)(a)(A) of this rule may be completed through self study. Documentation substantiating the completion of continuing education through self-study must be submitted on forms provided by the agency and must include the following:

(a) Name of sponsor or source, type of study, description of content, date of completion, and duration in hours in accordance with subsection (8) of this rule;

(b) Name of approved correspondence courses or national home study issues;

(c) Name of publications, textbooks, printed material or audiocassette's, including date of publication, publisher, and ISBN identifier; and

(d) Name of films, videos, or slides, including date of production, name of sponsor or producer and catalog number.

(5) Obtaining and maintaining proof of participation in continuing education is the responsibility of the licensee. The licensee must ensure that adequate proof of attainment of required continuing education is available for audit or investigation or when otherwise requested by the agency. Adequate proof of participation is listed under OAR 332-020-0015(3).

(6) Documentation of participation in continuing education requirements must be maintained for a period of two years following renewal, and must be available to the agency upon request.

(7) Hours of continuing education that are obtained in excess of the minimum requirements listed in this rule will not be carried forward as credit for the subsequent license renewal reporting cycle.

(8) For the purpose of this rule continuing education must include periods of continuous instruction and education, not to include breaks, rest periods, travel registration or meals.

Stat. Auth.: ORS 676.615, 687.425 & 687.485

Continuing Education: Audit, Required Documentation and Sanctions

(1) The Agency will audit a select percentage of licenses to verify compliance with continuing education requirements.

(2) Licensees notified of selection for audit of continuing education attestation must submit to the agency, within 30 calendar days from the date of issuance of the notification, satisfactory evidence of participation in required continuing education in accordance with OAR 332-020-0010.

(3) Evidence of successful completion of the required continuing education must include the following:

(a) Name of continuing education sponsor/provider;

(b) Course agenda — including the date of the training and breakdown of hours for each agenda item, lunch and breaks;

(c) Course outline — including a detailed summary of each topic discussed and the learning objective or training goal of each agenda item; The content of the course must have a direct relationship between the course training and subject matter related to Direct Entry Midwifery, as outlined in OAR 332-020-0010;

(d) Background resume of speakers or instructors; and

(e) Documentation of attendance or successful course completion. Examples include a certificate, transcript, sponsor statement or affidavit attesting to attendance, diploma.

(4) If documentation of continuing education is invalid or incomplete, the licensee has 30 calendar days from the date of the deficiency notice to correct the deficiency and submit further documentation to substantiate having completed the required continuing education.

(5) Misrepresentations of continuing education or failure to complete continuing education requirements may result in disciplinary action, which may include but is not limited to assessment of a civil penalty and suspension or revocation of the license.

Subject: The general rules have been amended to include common terms, policies and procedures with respect to the administration of the department and its programs.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-005-0001
General Purpose

OAR chapter 813, division 5, is promulgated to accomplish the purpose of describing certain common terms, policies and procedures with respect to the administration of the Housing and Community Services Department.

Stat. Auth.: ORS 90.630, 90.771 - 90.775, 90.800 - 90.840, 183, 315.271, 317.097, 446.525 - 446.543, 456.515 - 456.725, 458.210 - 458.365, 458.405 - 458.460, 458.505 - 458.740, 566.310 - 566.350 & 757.612 - 757.617
Stats. Implemented: ORS 90.630, 90.771 - 90.775, 90.800 - 90.840, 183, 315.271, 317.097, 446.525 - 446.543, 456.515 - 456.725, 458.210 - 458.365, 458.405 - 458.460, 458.505 - 458.740, 566.310 - 566.350 & 757.612 - 757.617
Hist.: OHCS 1-2005(Temp), f. & cert. ef. 8-4-05 thru 1-31-06; OHCS 3-2006, f. & cert. ef. 1-31-06; OHCS 14-2013(Temp), f. & cert. ef. 6-21-13 thru 12-18-13; OHCS 18-2013, f. & cert. ef. 12-18-13

813-005-0005
Definitions

(1) Terms used in OAR chapter 813 have the meanings given them in the Act, in this section, otherwise in OAR chapter 813 or in other applicable law, unless the context indicates to the contrary. Such terms need not be capitalized. Undefined terms are intended to be read consistently with their normal usage unless the context indicates otherwise.

(2) Pursuant to ORS 456.555(5)(b) the Housing and Community Services Department by administrative rule, must identify and distinguish between housing programs and community services programs. Any program administered by the department (as principal and not agent) that is not listed in this subsection, does not principally involve the financing, regulation, maintenance or support of housing or home ownership or otherwise defined in statute or in this chapter as a housing program is a "community service program." Accordingly, the following programs administered by the department are housing programs:

(a) Multi-Unit Housing Program (OAR 813-010);
(b) Rental Housing Program (OAR 813-012);
(c) Oregon Rural Rehabilitation Program (OAR 813-015);
(d) Single-Family Mortgage Program (OAR 813-020);
(e) Elderly Housing Program (OAR 813-030);
(f) Pass-Through Revenue Bond Financing Program (OAR 813-035);
(g) Pre-Development Program (OAR 813-038);
(h) Farmworker Housing Development Account (OAR 813-039);
(i) Seed Money Advance Program (OAR 813-040);
(j) Farmworker Housing Tax Credit Program (OAR 813-041);
(k) Housing Development Program (OAR 813-042);
(l) Housing Loan Guarantee Program (OAR 813-043);
(m) Homeownership Assistance Program (OAR 813-044);
(n) Housing Development Account Program (813-045);
(o) Emergency Housing Program (OAR 813-046);
(p) Housing Revitalization Program (OAR 813-048);
(q) Disabled Housing Program (OAR 813-060);
(r) Home Improvement Loan Program (OAR 813-070);
(s) Mortgage Credit Certificate Program (OAR 813-080);
(t) Low-Income Housing Tax Credit Program (OAR 813-090);
(u) Oregon Affordable Housing Tax Credit Program (OAR 813-110);
(v) Home Investment Partnerships Program (OAR 813-120);
(w) HELP Program (OAR 813-130);
(x) Incentive Fund Program (OAR 813-140);
(y) Subsidized Development Visitability Program (OAR 813-310);
(z) General Guarantee Program (OAR 813-350); and

(aa) Other activities of the department involving the financing, regulation, maintenance or support of housing or home ownership or that otherwise are defined in statute or in this chapter as a housing program.

(3) Pursuant to ORS 456.555, the Housing and Community Services Department is to establish from time to time, by administrative rule, the threshold property purchase price at which a single-family home ownership loan on property must be submitted by the department to the State Housing Council for approval or disapproval as well as the threshold value for a housing grant or other housing funding award for multifamily housing. Presently, the threshold property purchase price for single-family home ownership that obligates the department to obtain State Housing Council review and approval of a proposed single-family loan is that purchase price which, when reduced by costs of purchase other than the department loan, is equal to or greater than$190,000.

(4) "Acquisition loan" means a loan for the purpose of financing the purchase of an existing Project.

(5) "Act" means ORS 456.515 through 456.725 and, given the context, also may include 458.005 through 458.740, 90.800 through 90.840, and 91.886.

(6) "Approved lender" means any person authorized to engage in the business of making loans of the general character of program loans, who meets the qualifications for an approved lender set forth in the applicable program rules and who contracts with the department to make program loans.

(7) "Approved servicer" means any person authorized to engage in the business of servicing loans of the general character of program loans, who meets the qualifications for an approved servicer set forth in the applicable program rules and who contracts with the department to service program loans.

(8) "Bond" means any bond, note or other evidence of indebtedness issued to obtain funds to provide financing for a program of the department as provided in the Act or as further defined by statute.

(9) "Borrower" means an eligible borrower who has received a program loan.

(10) "Break-even occupancy" means the point in time when a project's monthly rental income meets its monthly operating expenses and debt service.

(11) "Commitment" means the written conditional obligation of the department to make, purchase, service or sell a program loan or other funding award.

(12) "Community service programs" are defined in subsection (2) of this section.

(13) "Contingency escrow account" means an account generally not to exceed 3% of the initial principal amount of the program loan, established by the sponsor in the form of a savings account, time certificate of deposit, or irrevocable letter of credit assigned to the department.

(14) "Cooperative" is a consumer housing entity formed according to the provisions of ORS Chapter 62, as amended.

(15) "Department" means the Housing and Community Services Department of the state of Oregon established pursuant to ORS 456.555 originally enacted by enrolled house bill 3377, chapter 739, Oregon Laws 1991.

(16) "Director" means the chief administrative officer of the Housing and Community Services Department established pursuant to ORS 456.555(2).

(17) "Elderly household" means a household residing in the state of Oregon whose head is over the age of 58 or 55, as applicable.

(18) "Eligible borrower" means a person who satisfies the criteria to receive a program loan as set forth in the applicable program rules, statutes or department orders.

(19) "Escrow payments" means the monthly payments made by the sponsor or borrower and placed in an escrow reserve account for the payment of property taxes, insurance premiums and reserve for replacements and other identified costs as required by the department in accordance with the program loan.

(20) "Funding documents" means any and all documents required by the department to document a housing grant or other funding award or reservation commitment including, but not limited to loan agreements, regulatory agreements, operating agreements, reservation letters, guarantees or otherwise.

(21) "Housing Council" or "State Housing Council" means that seven-member body established by ORS 456.

(22) "Housing programs" are defined in subsection (2) of this section.

(23) "Lending department" means a commercial bank, savings and loan association, savings bank, mortgage banker Federal Housing Administration, Farmers Home Administration or other department that provides permanent or construction mortgage loans.

(24) "Loan agreement" means a written agreement, typically executed at loan closing, between the department and a sponsor establishing the terms of any department loan.

(25) "Loan closing" means the disbursement by the department of the program loan proceeds after execution and recording of the loan documents.

(26) "Loan documents" means the written agreements by and between the sponsor and the department or in favor of the department, typically executed at loan closing, and generally including, but not necessarily limited to the promissory note, the loan agreement, the trust deed and the regulatory agreement.

(27) "Mobile home park" means a project consisting of individual lots and mobile homes located within 500 feet of one another on a lot, tract or parcel of land under the same ownership, and which complies with all ordinances, plans and codes in the area.

(28) "NOFA" means a notice of funding availability.

(29) "Operating agreement and declaration of restrictive covenants and equitable servitudes" or "operating agreement" means a written agreement typically executed at loan closing between the department and the sponsor of a project under the department's pass-through revenue bond program and regulating the use of revenues and operation of the project, particularly with respect to tenant income and unit rent compliance by the sponsor.

(30) "Person" means any natural or legal person.

(31) "Procedural guide" means a manual of written procedures adopted by the department to carry out a program.

(32) "Program" means a statutorily authorized plan or order of business conducted by the department.

(33) "Program loan" means a loan made pursuant to a program of the department.

(34) "Program requirements" means the requirements with respect to any department funding program including but not limited to as contained in or arising from applicable administrative rules, solicitation documents, funding documents, department directives, federal, state and local statutes, codes, regulations or determinations and other applicable law.

(35) "Qualified insurer" means the Federal Housing Administration, the Veterans' Administration, or any other person who is authorized to insure or guarantee payment of loans and who is approved by the department.

(36) "Regulatory agreement and declaration of restrictive covenants and equitable servitudes" or "regulatory agreement" means a written agreement typically executed at loan closing between the department and a sponsor regulating the use of revenues and operation of the project for which a department loan is issued, particularly pertinent with respect to compliance by the sponsor with maintaining the status of any involved bond issue.

(37) "Rent-up reserve account" means an account set up by the sponsor and under the control of the department to assure sufficient funds to pay operating expenses and debt service of the project before break-even occupancy.

(38) "Replacement cost reserve account" means an account established to aid in payment for extraordinary maintenance or repair of a project or for replacement of capital items of a project as allowed by the department.

(39) "Seed money advance" means an advance given to a qualified housing sponsor to pay preconstruction costs.

(40) "Single-family residence" means a housing unit intended and used for occupancy by one household and the property on which it is located. This shall be real property located in the state of Oregon. A single-family residence may include a single-family residence, condominium unit, a dwelling in a planned unit development (PUD), or a mobile or manufactured home which has a minimum of 400 square feet of living space and a minimum width in excess of 102 inches and is of a kind customarily used at a fixed location.

(41) "Solicitation" means a process by which the department invites applications for a housing grant or other funding award with respect to a project.

(42) "Solicitation documents" means those documents that, inter alia, set forth the terms and conditions of a solicitation.

(43) "Sponsor" means any person meeting the legal, financial, credit and other qualifications to be the borrower on a department loan and to own and operate a project as set forth in the applicable program rules, statutes and department orders.

(44) "Targeted area" means an area in the state designated by the department in compliance with the requirements of Section 143(j) of the Internal Revenue Code of 1986, as amended, and approved by the United States Departments of Treasury and Housing and Urban Development.

(45) "Trustee" means the state treasurer or, with the approval of the department, a private financial institution in Oregon acting pursuant to an indenture of trust or other appropriate instrument.

Contingency of Funding Awards

If the department provides a reservation or otherwise to make a funding award under ORS 90.800 - 90.840, 91.886, ORS 317.097, 456.515 through 456.725 or 458.005 through 458.740, and if the type and amount of subject funding or any other department funding approved by the department that was considered by the department in setting the amount of the subject funding ("complementary funding") meets or exceeds the threshold amounts established in OAR 813-005-0005(3) for review by the State Housing Council, the reservation or other commitment is subject to review and approval by the council of such subject funding and any such complementary funding. The council may approve, deny, modify or further condition funding assistance subject to its review. Based upon any relevant council determination, including with respect to complementary funding, any subject reservation or other commitment may be deemed revoked, or be modified and further conditioned.

Compliance Monitoring

(1) A project receiving any department assistance is subject to such reviews and field inspections that the department determines to be necessary or appropriate including, but not limited to ensuring the funding recipient's and project owner's compliance with any program requirements including, but not limited to applicable administrative rules (including incorporated manuals), department directives, solicitation documents, funding documents, or otherwise. The project owner shall cooperate fully with all reviews and field inspections, comply with any resulting correction directives, and shall make all records available for inspection and copying. The project owner also shall provide such other information as the department may from time to time request.

(2) Project owners shall cooperate fully with department reviews, field inspections and other information requests including, but not limited to allowing the inspection and copying of relevant records as determined by the department.

(3) Project owners shall act promptly to correct any deficiencies identified by the department as a consequence of its reviews, field inspections or otherwise upon notice by the department of same.

(4) Project owners shall retain financial records, supporting documents and all other pertinent records with respect to a project until six years after the project affordability period for the respective source of funding is complete, or after any relevant litigation or audit claim is resolved, whichever is later.

813-005-0050
Remedies

(1) If the department determines that there has been any material failure or default with respect to any term, covenant or condition of the applicable solicitation documents or funding documents, applicable rules, directives, or other program requirements, it may exercise any remedy available under OAR chapter 813, the solicitation documents, the funding documents, other program requirements or applicable law. Remedies include, but are not limited to rescission of funding awards, issuance of corrective orders or directives, imposition of sanctions, recapture of any tax credits, recoupment of funding, recovery for damages, specific performance, injunctive relief, declaratory actions, appointment of a receiver for the project, foreclosure of lien interests, debarment from other department funding, and other remedies available at law.

(2) The remedies set forth in this section are cumulative and not exclusive and are in addition to any other rights and remedies available to the department. The department may exercise any or all remedies available to it, and in such manner as it, in its sole discretion, determines appropriate. No failure to exercise a remedy shall be deemed as a waiver or release of such remedy or other remedies or the claims upon which they are based.

(3) Any waiver of a remedy or claim must be in writing and signed by an authorized representative of the department. No waiver shall be continuing in nature or affect any other remedy or claim of the department unless expressly so stated in the signed waiver.

813-005-0060
Transfer of Recipient, Assistance or Ownership; Subordinate Liens; Encumbrances

(1) A recipient of any department assistance or owner of a project for which such assistance is provided may not transfer or allow any transfer of any interest in itself, the assistance or the project, allow a subordinate lien or otherwise encumber the project, or any portion or interest therein, unless the department first approves the transfer, subordinate lien or encumbrance in writing. Any such transfer is subject to the payment to the department of a transfer or other approval charge as required by the department. If the recipient effects or allows a transfer, subordinate lien or encumbrance without prior written approval by the department, the transfer, subordinate lien or encumbrance is voidable and remains subject to the approval or disapproval of the department and the recipient or owner responsible for allowing the transfer, subordinate lien or encumbrance and any transferees, jointly and severally, are subject to a charge by the department with respect to its review and treatment of any such event.

(2) The department may condition its approval upon such terms and conditions as it, in its sole discretion, may require. Factors the department may consider in determining whether or not to give approval to a transfer, subordinate lien or encumbrance include, but are not limited to:

(a) The financial investment of the department in the project;

(b) Preservation of existing housing;

(c) The transferee's ability to maintain and manage the project for the needs of the residents, the integrity of the housing and as security for the assistance;

(d) The effect of the transfer, subordinate lien or encumbrance upon the financial integrity of the project, repayment of the assistance, use of the project for its intended purposes, and continuity of the program requirements; and

(e) Continued compliance with program requirements.

Rule Caption: Amends the procedural rules relating to State Housing Council review and determination for award proposals

Adm. Order No.: OHCS 19-2013
Filed with Sec. of State: 12-18-2013
Certified to be Effective: 12-18-13
Notice Publication Date: 12-1-2013
Rules Amended: 813-001-0007
Rules Repealed: 813-001-0007(T)
Subject: The descriptive and procedural rules within chapter 813, division 001, provide an overview of the department and related entities. The proposed amended rules describe the procedure for the State Housing Council's review and approval or disapproval of certain housing grants, loans and other funding awards proposed by the director of the department.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-001-0007
Procedural Rules for State Housing Council Review and Determination with Respect to Certain Housing Loan, Grant and Other Funding Award Proposals by the Director

(1) The director or the director's department designees shall submit proposed loan, grant or other funding award proposals arising under ORS 456.515 to 456.725 programs to the State Housing Council for review and approval if the proposal is for:

(a) A proposed single-family loan on property with a purchase price which, when reduced by costs of purchase other than the department loan, is equal to or greater than $190,000;

(b) A housing loan other than a single-family homeownership loan, if the loan amount exceeds $100,000; or

(c) A housing grant or other housing funding award, if the grant or other funding award amount exceeds $100,000.

(2) The council shall review each loan, grant or other funding award proposal submitted by the director under this section and approves or disapproves the loan, grant or other funding award proposal. An approval by the council of any loan, grant or other funding award may be partial or in full and may contain any conditions that the council may prescribe.

(3) Formal council review of loan, grant or other funding award proposals under this section shall be conducted in a public meeting, whether in person or by telephone or other electronic means. The council may go into executive session, as appropriate, in the course of its review. A council public meeting notice, when required by ORS 192.640, shall include notice of the loan, grant or other funding award proposal review, the names of the applicants, and the subject of the loan, grant or funding award proposal. The council also shall provide notice of any loan, grant or other funding award proposal review to the loan, grant or other funding award applicant not less than five days before the review hearing.

(4) The public may contact the department for available information with respect to prospective council review of loan, grant or other funding award proposals by telephoning 503.986-2000 or addressing written correspondence to: Oregon Housing and Community Services Department, 725 Summer Street NE, Suite B, Salem OR 97301.

(5) Procedural rules addressing other programs administered by the department are included, where applicable, in other divisions of this chapter. Additional procedural rules with respect to the review and approval of housing grants, loans and other funding awards also may be included, where applicable, in other divisions of the chapter.

Subject: The Low-Income Weatherization Program carries out the department's role in administering state and federal weatherization assistance programs at the local level. The department has completed a significant reorganization as to how it solicits and administers funding awards for this program as part of the restructure. These rule changes are designed to reflect the significant reorganization.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-205-0000
Purpose and Objectives

OAR chapter 813, division 205, is promulgated to carry out the department's role in administering state and federal weatherization programs. Additional policies and instructions for such programs are outlined in the Low Income Weatherization Assistance Program Manual dated June 21, 2013 (the "LIWP Manual" or "Manual"), incorporated herein by reference. The Manual may be accessed online at the department's website. Weatherization assistance is provided under programs at the local level as follows:

(1) The Low Income Weatherization Program for Rental Housing, included herein, through developers of affordable rental housing; and

(2) The Low Income Weatherization Assistance Program, including all other low income weatherization assistance, which is provided through a network of service-provider agencies.

813-205-0020
Funding Application; Administration

(1) An agency must submit biennially the funding application required by OAR 813-205-0060 for the Low Income Weatherization Assistance Program. Funding under the program may come from a grant or other sources. The application must include a work plan that:

(a) Outlines the manner in which the agency determines its needs;

(b) Describes the forum the agency uses to solicit input and who participates;

(c) Summarizes the needs of the agency's service area and the goals and outcome-based objectives of the agency;

(d) Requires quarterly reporting; and

(e) Such other information as the department may require.

(2) An agency providing services under the program may be a community action agency, a limited purpose organization, an area agency on aging, an organization formed to serve the specific needs of an identified segment of the population or any other organization approved by the department for the purpose.

(3) An agency under this section must follow the procedures in the applicable Oregon State Plan developed as a requirement of federal funding, except when specific rules relating to a particular grant to the agency may override the applicable Oregon State Plan. The specific rules relating to a particular grant may include, but are not limited to identification of potential applicants, certification of eligibility and provision of weatherization services to eligible dwelling units within the service area of the agency.

Stat. Auth.: ORS 456.555
Stats. Implemented: ORS 458.505, 757.612

813-205-0030
Eligible Applicants

(1) A household is eligible to receive assistance under the Low Income Weatherization Assistance Program if the department determines the household meets all requirements of the applicable Oregon State Plan not obviated by specific grant rules, including but not limited to household income guidelines.

(2) A household is eligible for assistance under the program regardless of whether the household rents or owns its dwelling. Households in similar circumstances must receive similar benefits.

(3) An agency may not use a person's race, color, national origin or sex as a basis for excluding the person from participating in any activity funded in whole or in part with funds made available from the program, for denying the benefits of any such activity or for subjecting the person to discrimination under any activity. An agency must provide assurances to the Department that the agency complies with any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 or with respect to an otherwise qualified handicapped individual as provided in Section 504 of the Rehabilitation Act of 1973.

(4) An agency shall create a waiting list of applicants for receiving program weatherization services and shall establish criteria for determining applicant priority on the waiting list. The agency shall maintain the criteria in its files and shall file the criteria with the department. An agency must use the priority consistently for all applicants except with respect to any department-sanctioned special project in which the agency is involved. An agency's criteria may include factors that encourage leveraging additional resources or the potential for energy savings. An agency shall give priority to at least the following:

(a) Individuals who are 60 years of age or older;

(b) Individuals who are disabled; and

(c) Households with children of less than six years of age.

813-205-0040

Eligible Services

(1) An agency may provide any one of the following services to an eligible applicant under the Low Income Weatherization Assistance Program:

(a) Any general weatherization measure including, but not limited to general heat waste, insulation, heating system repair and replacement, health and safety inspections and improvements, baseload measures, and educational activities and instruction designed to help low income clients make appropriate decisions and lifestyle changes to effectively reduce energy consumption; and

(b) Any measure that is necessary for effective energy savings performance or preservation of weatherization materials.

(2) Except as otherwise specified by the grantor of funds, the department may allocate no more than five percent of the program's funds for training and technical assistance activities designed to maintain or increase the efficiency, quality and effectiveness of the program at all levels. Training and technical assistance activities may include, but are not limited to those maximizing energy savings, minimizing production costs, improving program management and reducing the potential for waste, fraud and abuse.

(3) An agency may request technical assistance from the department to improve the agency's management of program activities and increase the effectiveness of its customer service efforts.

(4) A property owner may sell multifamily business energy tax credits generated through the weatherization of investment property or assign said tax credits to the agency that provided the weatherization services.

(5) An agency may weatherize a building with five or more separate living quarters that pay space rent if 66 percent of the living quarters are occupied by income eligible households.

(6) An agency may weatherize a building with five or more separate living quarters if the owner pays 10 percent or more of the total cost of weatherization and if at least 50 percent of the occupants meet income eligibility guidelines. An agency may not use the 50 percent income eligibility exception unless the agency first submits a work plan to the department and has received the department's approval.

(7) An agency shall practice lead safe work practices on each dwelling constructed prior to 1978 unless the agency can prove to the department's satisfaction that a lead hazard does not exist.

813-205-0050

Allocation of Federal Funds

(1) The department may set aside up to three percent of the federal funds from the Low Income Weatherization Assistance Program funds for native american populations to either provide direct funding to native american tribes or allocate funds to an agency with recognized native american populations.

(2) If any such funds remain after department expenditures for administrative costs, for set-aside purposes or for training and technical assistance activities designed to maximize energy savings, minimize production costs, improve program management or reduce the potential for waste, fraud or abuse, the remaining funds are subject to allocation to agencies by the department on the basis of an allocation formula that is in the applicable Oregon State Plan and is based on the percentage of poverty low-income households in a service area and on heating degree days.

(3) The department may move grant funds from an agency that is not spending allocated funds in a timely manner to an agency that has expended its funds before the end of the grant period. An agency is subject to at least annual department reviews of the agency's spending patterns for the purpose of reallocating funds.

813-205-0051

Allocation of State Funds from Energy Conservation Helping Oregonians (ECHO)

(1) State funds in the Low Income Weatherization Assistance Program that are received from the Energy Conservation Helping Oregonians (ECHO) Program are subject to allocation by the department on the basis of the number of residential meters of a participating utility within the service territory of an agency as a percentage of the utility's total residential meters statewide.

(2) On July 1of each year, each utility shall furnish the department a residential meter count for each county, for use in adjusting allocations to agencies participating in weatherization activities.

(3) This rule applies only to households that receive electric service from Pacific Power or Portland General Electric. A household that uses hard wired electrical systems as its primary heat source is eligible to receive weatherization, baseload and educational services only.

(4) Funds from the Bonneville Power Administration may not be used in conjunction with the state funds to which this rule applies.

(5) The department may move grant funds from an agency that is not spending allocated funds in a timely manner to an agency that expended its funds before the end of the grant period. An agency is subject to at least annual department reviews of the agency's spending patterns for the purpose of reallocating funds.

(6) Funds under this rule are subject to reallocation for special projects and pilots to programs other than those operated by agencies, once the funding needs of all agencies have been met.

(7) An agency shall follow the approved ECHO Weatherization Guidelines when delivering services under this rule. The Advisory Committee on Energy shall review the guidelines annually and amend them as appropriate.

813-205-0060

Authorization of Weatherization Projects

(1) An agency may not provide weatherization assistance under the Low Income Weatherization Assistance program unless the owner of a

dwelling first gives written permission to the agency. The permission must include the following information:

(a) The street address of the dwelling;

(b) The name of the owner or of the eligible tenant, whichever is applicable; and

(c) A description of the specific work to be done.

(2) If the dwelling to be weatherized is a rental unit, the agency shall:

(a) Ensure that the unit will not be weatherized unless the agency has first obtained the written permission of the owner of the individual unit or multiunit dwelling of which the unit is a part; and

(b) Establish procedures and obtain the department's approval thereof, to ensure that:

(A) The residence considered for weatherization is not currently for sale by the owner of the property or designated for acquisition, clearance or foreclosure under a federal, state or local program;

(B) The benefits of weatherization assistance accrue primarily to the low-income resident renting the unit;

(C) The rent of the unit will not be raised as a result of the weatherization assistance;

(D) No undue or excessive increase in the value of the unit will occur as a result of the weatherization assistance and that, if the multiunit dwelling of which the unit is a part is sold within one year after the unit is weatherized, the agency may require the seller to reimburse the agency for the actual cost of weatherization on a prorated basis, determined according to the energy cost buyback of measures; and

(E) Weatherization assistance will not be provided for a unit for which the tenant pays the cost of energy as part of their rent, unless the landlord agrees to reduce rent to account for the reduction in fuel costs associated with the weatherization, or unless health or safety reasons justify weatherization.

Required Authorization, Audits and Fiscal Controls

The following provisions apply to an agency that receives funding from the department under the Low Income Weatherization Assistance Program:

(1) An agency may not purchase a vehicle or equipment with grant funds, regardless of the cost of the vehicle or equipment, or purchase or lease one or more acquisitions when the cost of the purchase or lease exceeds $5,000, unless the agency first receives authorization from the department.

(2) An agency shall enter all program applicant and job cost information into a department-approved data system.

(3) An agency shall provide the following reports to the department, according to form and substance requirements of the department, as follows:

(a) Not later than the 20th day after the end of each calendar quarter, a program report that describes the progress made by an agency toward the program's objectives, and all administrative and program expenditures.

(b) Not later than the 90th day after the close of the agency's fiscal year, an annual audit of the weatherization funds that is conducted by a certified public accountant.

813-205-0080
Monitoring

(1) An agency's annual audit is subject to monitoring by the department under OAR 813-205-0080 so that the department, inter alia, may verify information received in the quarterly reports and so that questions raised by the department, the agency or the auditor may be answered.

(2) An agency's quarterly reports and program data entered into the statewide database as specified by the department are subject to monitoring by the department so that the department may determine the agency's compliance with program requirements, monitor spending patterns and chart changes in the program. An agency is subject to an on-site review by the department if the department determines that irregularities or questions raised by the department's in-house review are sufficient to warrant the onsite review.

(3) An agency and the owner of any project approved for program assistance is subject to such monitoring and on-site reviews by the department as it may require. The department may examine matters including, but not limited to the following in its off-site and on-site reviews and auditing functions:

(a) Financial records;

(b) The inventory system;

(c) Client files;

(d) Work completed;

(e) Agency post-installation inspection;

(f) Agency review; and

(g) Records of training and technical assistance provided by the agency.

(4) An agency also is subject to evaluations by the department of the agency's performance under the program, including but not limited to the level of service provided, ease of access to applicants, error rate and compatibility with other community service programs. These evaluation functions may be performed separately or in conjunction with other auditing and review functions by the department.

(5) An agency shall cooperate fully with all department audit, review and evaluation requests and activities.

(6) An agency and the owner of a project receiving program assistance shall retain related financial records, supporting documents and all other pertinent records for six years after the receipt of assistance or after any litigation or audit claim is resolved, whichever is later.

813-205-0082
Charges; Transfers

(1) The department may charge for reasonably anticipated costs of program administration including, but not limited to monitoring costs and transfer review costs.

(2) The owner of a project approved for assistance under this program shall not transfer any assistance, any interest in the project or any interest in itself without the prior written approval of the department. Unapproved transfers are voidable by the department.

(3) The department may require payment of a transfer review charge:

(a) From an owner of a project approved for assistance under this program that requests a transfer; or

(b) From such a former owner or the transferee with respect to an unapproved transfer.

Program Administration, Authority

OAR 813-205-0085 to 813-205-0150 address protocols, standards and requirements with respect to the Low Income Weatherization Program for Rental Housing. Additional policies and instructions for this program are outlined in the LIWP Manual. The department allocates funds for this program through developers of affordable rental housing. Such funds are directed to the department under ORS 757.612(7) to carry out weatherization needs of low income households pursuant to the department's authority to provide crisis assistance with funding available from the Energy Crisis Trust Fund under ORS 758.510 for antipoverty programs.

813-205-0100
Eligible Applicants

(1) Any of the following may apply to the department for approval of a project under the Low Income Weatherization Program for Rental Housing:

(a) A for-profit business,

(b) A local government entity including but not limited to a city, county or housing authority;

(c) A not-for-profit organization, including but not limited to a not-for-profit community organization, a regional or statewide not-for-profit entity, a private individual or a not-for-profit corporation.

(2) An applicant under subsection (1) of this section or a principal representative of the applicant as approved by the department must enter into a financial assistance agreement with the department, satisfactory to the department, and record such agreement against the real property of the project so as to create restrictive covenants running with such real property that assure continuing compliance with all habitability and affordability requirements of the program.

813-205-0110
Eligible Projects

The provisions of this section, in addition to the requirements of the department's bond programs, the open, competitive process for distributing grant and tax credit funds for affordable multi-unit low income rental housing development and other application processes and charges, apply to all projects under the Low Income Weatherization Program for Rental Housing as follows:

(1) State funding from the Energy Conservation Helping Oregonians Program is limited to projects located in the PacifiCorp and Portland General Electric service areas. Projects that use hard wired electrical systems as their primary heat source are eligible to receive funding from the Act for weatherization, and baseload services. Projects in PaciCorp and Portland General Electric service areas that heat with other fuels may receive baseload measures only.

(2) Applications for weatherization funding for projects located outside PacifiCorp and Portland General Electric service areas are subject to acceptance by the department only when funds from sources other than PacifiCorp or Portland General Electric funds are available.

(3) The following projects are eligible under the program:

(a) New construction projects which specify higher than code minimums on insulation, windows, appliances and lighting; and

(b) Acquisition/rehabilitation projects that specify upgrades from original levels of insulation, windows, appliances and lighting.

(4) Households that are low-income are eligible for the program. A household is low income for the purpose of the program if the household income is at or below 60 percent of an area's median income. At least one-half of the units in the project must be rented to households whose income is at or below 60 percent of the area median income as defined by the U.S. Department of Housing and Urban Development (HUD).

(5) The project must remain affordable for a minimum of 10 years, unless superseded by other department resource requirements.

(6) The department may require more extensive or enduring affordability requirements than those required in subsections (4) and (5) of this section.

(7) An applicant may be subject to prevailing wage requirements with the use of public funds under the Low-Income Weatherization Program for Rental Housing. An applicant is advised to consider contacting the applicant's legal representative or the Oregon Bureau of Labor and Industries for the requirements of the state program.

813-205-0120
Eligible Activities

(1) Under the Low-Income Weatherization Program for Rental Housing, an eligible applicant may provide services and applications including, but not limited to one or more of the following:

(a) A general weatherization measure that includes, but is not limited to general heat waste, insulation, heating and cooling system repair, replacement or installation, health and safety improvements, baseload measures, alternative energy applications, and various energy efficient technology; and

(b) Any repair measure that the department determines appropriate for effective energy savings performance or preservation of energy efficient applications.

(2) To be eligible under this section, an activity must demonstrate measurable cost-effective energy conservation to the department's satisfaction. An energy-efficient application for the program must show first year savings based on a pre-determined number of kilowatts, therms or other units of power measurements for each conservation dollar invested.

813-205-0130
Fund Uses

(1) The department may award funds under the Low-Income Weatherization Program for Housing as a grant or a loan, including as requested by the applicant or sponsor of a project.

(2) If the amount of a grant or loan proposal meets or exceeds the threshold amount established in OAR 813-001-0007(1) for review by the State Housing Council for a rental housing development, the department may award the grant or loan on an as-needed basis, when the maximum power savings can be demonstrated and if adequate resources are available. An award under this section is subject to review by the State Housing Council for approval or disapproval under OAR 813-001-0007(1).

(3) An applicant may use not more than ten percent of funds available from the state Energy Conservation Helping Oregonians Program and from Low-Income Weatherization Program award for each project to make general repairs if the department determines that adequate resources are available.

General Administrative and Monitoring Requirements

(1) An applicant or owner of a project approved for program assistance shall timely submit to the department such information as the department may require for the purpose, inter alia, of compliance monitoring by same.

(2) An applicant or owner of a project approved for program assistance is subject to reviews and field inspections that the department determines to be necessary or appropriate including, but not limited to ensuring the applicant's and project owner's compliance with program requirements. The applicant and project owner shall cooperate fully with all reviews and field inspections, timely comply with any resulting correction directives, and make all records available for inspection and copying.

(3) A recipient of program assistance or owner of a project receiving such assistance shall retain related financial records, supporting documents and all other pertinent records for six years after the receipt of assistance or after any litigation or audit claim is resolved, whichever is later.

813-205-0150
Charges; Transfers

The department may charge for the reasonably anticipated costs of its administration of the Low-Income Weatherization Program for Rental Housing. Such charges may include, but are not limited to the following:

(1) A non-refundable application charge, from an applicant under OAR 813-205-0100.

(2) A supplemental application charge, from an owner of a project approved by the department under the program who requests additional resources for a project that is funded by the department.

(3) A transfer application charge from an owner of an approved project who requests the department's approval of a change in project ownership, or from the transferee of ownership.

(4) A transfer review charge from an owner of an approved project who effects a change in project ownership without prior written department approval, or from the transferee of ownership.

Subject: The HELP program provides financial assistance for the construction, acquisition and/or rehabilitation of multifamily rental housing for individuals and families of very low income in order to expand the supply of affordable, decent, safe and sanitary housing in Oregon. The department has completed a significant reorganization on how it solicits and administers funding awards for this program as part of the restructure.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-130-0000
Purpose and Objectives

OAR chapter 813, division 130, is promulgated to carry out the provisions of the HELP Program. The department receives HELP funds from the U.S. Department of Housing and Urban Development (HUD) under Section 1012 of the Steward B. McKinney Homeless Assistance Act ("the McKinney Act") of 1988. The HELP program is funded by monies realized from the HUD-authorized refunding of existing bonds issued by the department, the proceeds of which were originally used to finance housing projects, pursuant to an agreement between the department and HUD under HUD's Financing Adjustment Factor (FAF) program. Under the FAF program, HUD shares such monies realized from these refundings on an equal basis with bond issuers such as the department, and attaches certain restrictions and requirements upon the use of funds realized from such refunding. The HELP program's purpose is to provide financial assistance for the construction, acquisition and/or rehabilitation of multifamily rental housing for individuals and families of very low income in order to expand the supply of affordable, decent, safe and sanitary housing in Oregon. Additional program policies and instructions are outlined in the HELP Program Policies and Guidelines Manual dated June 21, 2013 (the "HELP Manual" or "Manual"), incorporated herein by reference. The Manual may be accessed online on the department's website.

Definitions

Certain terms used in OAR chapter 813, division 130, are defined in the Act, 813-005-0005, and herein. Other terms may be identified in the text of this division (including by incorporation), otherwise in chapter 813, or applicable law. As used in OAR chapter 813, division 130, unless the context indicates otherwise:

(1) "Affordability period" means the period during which a project assisted with HELP funds must remain affordable to very low income residents, which period shall be at least 10 years from the date of the use agreement executed in favor of the department.

(2) "Annual household income" means the anticipated total income from all sources received by the family head and by each additional member of the family of 18 years of age and over, including all net income derived from assets for the twelve-month period following the effective date of certification of income, in accordance with HUD regulations, 24 CFR 813.

(3) "Applicant" means an applicant for HELP funds.

(4) "Household" means one or more persons occupying a housing unit.

(5) "HUD" means the U.S. Department of Housing and Urban Development.

(6) "Low income" means annual household income that does not exceed 80 percent of the median household income for the area, as determined by HUD, with allowances for family size.

(7) "Nonprofit organization" means:

(a) An organization that has obtained tax-exempt status under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended, and is established under the provisions of ORS Chapter 65,

(b) A community development corporation as defined in ORS 458.210,

(c) A housing authority as defined in ORS 456.005,

(d) A community action agency established pursuant to the federal Economic Opportunity Act of 1964, which meets the requirements of ORS 458.505(4), or

(e) Other nonprofit entity satisfactory to the department and representing or seeking to serve the housing, human services and community economic revitalization needs of a clearly-defined population and area.

(8) "Program" means the HELP program.

(9) "Project" means a multifamily rental housing development assisted or to be assisted, in part, with HELP program funds.

(10) "Recipient" means a recipient of HELP funds to be used for project assistance.

(11) "Use agreement" means the Financing Adjustment Factor Savings Funds Use Agreement between a recipient and the department.

(12) "Very low income" means annual household income that does not exceed 50 percent of the median household income for the area, as determined by HUD, with allowances for family size.

813-130-0040
Eligible Costs for HELP Funds

Project costs eligible for HELP assistance are costs that promote housing affordability and include, but are not limited to:

(1) Development hard costs, such as the actual costs of constructing or rehabilitating rental housing;

(2) Costs of acquiring improved or unimproved real property;

(3) Pre-development costs which have been pre-approved by the department;

(4) Soft development costs associated with the construction, acquisition, or rehabilitation, including fees and interest studies; and

(5) Other uses identified in the HELP manual.

813-130-0050
HELP Affordability Requirements

(1) A use agreement executed by the department and a recipient shall include covenants and restrictions running with land (that will be binding upon the recipient and any successors in title to the project) that require such project to remain affordable to very low income residents during the affordability period.

(2) Use agreements, inter alia, will require recipients or other project owners to obtain resident income certifications at the time of initial occupancy of the HELP-assisted units and on an annual basis thereafter during the affordability period to document to the department that units assisted with HELP funds continue to serve very low income tenants.

(3) Use agreements, inter alia, may provide that a tenant household with very low income at the time of initial occupancy will remain eligible despite the rise of household income and will not be displaced by reason of ceasing to qualify as a very low income family or person if the owner exercises reasonable efforts to lease the next available similar unit in the project to a family or person of very low income.

Program Requirements

The department has developed policies and guidelines for the HELP program, which supplement division 120 and 24 CFR 813. These policies and guidelines are contained in the HELP manual and further address application procedures, project eligibility, project selection criteria, financial assistance available, and other applicable information. Other applicable chapter 813 rules, department directives, and the terms of required funding documents also apply.

813-130-0080
Application Procedure and Requirements

(1) The process to obtain HELP assistance typically will be spelled out in the solicitation documents issued by the department. In addition to, or in lieu of formal solicitation documents, the department may provide other means for accessing HELP assistance. Additional direction and guidance may be found in the HELP Manual and General Manual.

(2) The department may require payment of a non-refundable application charge from any applicant requesting HELP funds through a formal solicitation or otherwise.

(3) The department may require payment of other charges with respect to its reasonably anticipated costs in processing applications, coordinating programs or with other project participants, providing funding, negotiating documents, monitoring compliance, evaluating and documenting transfers, or otherwise. The department may require payment of a supplemental application charge from applicants requesting additional resources for projects that have already been funded by the department.

(4) The department may refuse to process applications or terminate processing if it determines an application to be incomplete or that it fails to satisfy threshold standards for further processing.

(5) An applicant shall submit to the department, on the application form and in accordance with the application process prescribed by the department, such information as the department may require, including but not limited to:

(a) Name, address and telephone number of applicant;

(b) Type of assistance requested;

(c) A written description of the project, including the number of units, unit mix, proposed rents, site location, amenities, and any other information requested by the department.

(d) A statement of project purpose indicating the housing type and residents to be housed, and the length of the affordability period;

(e) One or more pro formas of project income and expenses;

(f) The amount of funding requested and total project development costs, including a description and documentation of all project funding sources and uses;

(g) A narrative of the applicant's experience in developing affordable housing, including the experience of all members of the project development team;

(h) A narrative of the experience of the applicant's management team or agent as it relates to operating affordable housing projects;

(i) A description of resident services to be provided;

(j) A narrative of the applicant's experience in providing resident services, including the experience of any relevant project team members;

(k) A description of the applicant's readiness to proceed with project activities; and

(l) A schedule for completion of project activities.

(6) The department may restrict the amount and/or type of assistance available in any solicitation or other provision of assistance and restrict the type or number of applicants or recipients eligible for assistance in a particular funding process.

813-130-0090
Application Review

(1) An application for assistance from the HELP program is subject to the department's evaluation and approval or disapproval according to criteria in the solicitation documents or otherwise that may include, but are not limited to the following:

(a) The amount of available funds in the HELP program;

(b) The availability of other sources of assistance;

(c) The applicant's efforts to leverage other public or private funds;

(d) Whether the project is financially feasible and the financial strength and history of the prospective recipient;

(e) The location of the project site, including its proximity to transportation, shopping, social, commercial and recreational facilities, medical services and such other facilities and services that best serve the residents;

(f) Availability of street, sewer, water, utilities and other public services;

(g) Architectural design, including aesthetic quality, soundness of construction, energy efficiency, and suitability to the needs of the residents to be served;

(h) Whether or not the project will include fee ownership of the real property;

(i) Compliance with applicable local comprehensive plan and land use regulations, housing codes and other applicable standards;

(j) Market demand;

(k) The target population to be served;

(l) The experience of the developer, contractors, architects, consultants and management agent in developing, constructing and operating housing projects;

(m) The department's experience with and the reputation, experience, capacity, legal history and status of the applicant and its agents, representatives, employees and contractors;

(n) Whether the project in comparison to others best achieves the purposes of the HELP program; and

(o) Other factors that the department determines to be relevant including, but not limited to any evaluation criteria in the solicitation documents, HELP Manual, General Manual, or otherwise.

(2) If the department approves an application in whole or in part and if the amount of the HELP assistance or any other department funding approved by the department that was considered by the department in setting the amount of HELP assistance to be provided ("Complementary Funding") meets or exceeds the threshold amount established in OAR 813-001-0007(1) for review by the State Housing Council, the approval of HELP assistance by the department is subject to review and approval by the council of such HELP funding and any such complementary funding. The council may approve, deny, modify or further condition funding subject to its review. Based upon any relevant council determination, including with respect to complementary funding, approval of HELP funding may be deemed revoked, or be modified and further conditioned.

813-130-0100
Form of Assistance; Documentation

(1) The department may provide HELP funds in the form of a grant or a loan, or a combination of both. Loan rates and terms, if applicable shall be determined by the department based on a project's needs and cash flow, other funding resources, market conditions and an applicant's capacity to repay HELP funds. Preference will be given to those applicants requesting loans that show sufficient project cash flow to repay the loan. The department normally will notify an applicant in a written reservation letter as to the amount and form of HELP assistance, if any, to be provided, together with notable conditions. Such reservation commitments remain subject to department rules, solicitation requirements, applicable law, and the negotiation, execution and recording (if required) of documents satisfactory to the department.

(2) Each recipient shall, inter alia, execute a use agreement, containing such terms regarding fees, interest rates, repayment terms, performance criteria, reporting requirements, restrictive covenants, and other terms as the department or HUD considers appropriate or necessary for the type and use of assistance provided. Each use agreement must be:

(a) (If the recipient owns the project property at the time of disbursement) recorded as an encumbrance on the project property before any HELP funds are advanced; or

(b) If the recipient does not own the project property at the time of disbursement HELP funds, at the discretion of the department, may be placed in escrow in an escrow account established by the recipient satisfactory to the department, and subject to such further conditions as the department may require, including the recording of restrictive covenants running with the project property for the applicable affordability period with appropriate lien priority and taking effect upon close of escrow.

(3) The department may require a recipient to execute and record such documents satisfactory to the department as it considers appropriate in its sole discretion.

813-130-0110
General Administrative and Monitoring Requirements

(1) The department and HUD may perform such reviews or field inspections, including review and copying of documents, as they deem appropriate, inter alia, to ensure program compliance. Project owners must cooperate reasonably with all reviews and field inspections. The department and HUD may require that a recipient take such remedial actions as they determine to be appropriate.

(2) Financial records, supporting documents, and all other pertinent records shall be retained by a project owner for five years after the project affordability period is complete, or after any litigation or audit claim is resolved, whichever is later. The department, HUD, the Inspector General, the General Accounting Office, the Oregon Secretary of State and their representatives shall have access to all books, accounts, documents, records and other property belonging to or in use by the recipient and project owner that relate to the use of HELP funds.

813-130-0120
Remedies

(1) If the department determines that there has been any material failure or default with respect to any term, covenant or condition of the solicitation or funding documents, applicable rules, directives, other program requirements, or otherwise, it may exercise any remedy available to it under OAR chapter 813 (including, but not limited to the HELP Manual and General Manual), relevant solicitation or funding documents, or applicable law. Remedies include, but are not limited to corrective orders or directives, rescission, termination of funding, recoupment of HELP funds and other department funding already disbursed with respect to a project — including with applicable interest, recovery for damages, specific performance, injunctive relief, declaratory actions, appointment of a receiver for the project, foreclosure of lien interests, debarment from other department funding, and other remedies available at law.

(2) A material default has occurred, inter alia, if:

(a) The recipient or project owner has not commenced any significant aspect of the project activities within six months after the award of project funding;

(b) The recipient or project owner has not entered into any necessary third party agreement related to the project within ninety (90) days of the award of project funding;

(c) The recipient or project owner has used HELP funds for activities not approved in these rules, solicitation or funding documents, or other HELP program requirements;

(d) The recipient or project owner has not completed activities required by these rules, solicitation or funding documents, or other HELP program requirements in a timely manner;

(e) The recipient or project owner has not complied with any and all affordability, habitability and monitoring compliance obligations required in these rules, solicitation or funding documents, or other HELP program requirements; or

(f) The recipient or project owner lacks continued capacity to carry out any and all obligations under these rules, solicitation or funding documents, or other HELP program requirements.

(3) The remedies set forth in this section are cumulative and not exclusive and are in addition to any other rights and remedies provided in this division, other department rules, the solicitation or funding documents, or otherwise available at law or otherwise. The department may exercise any or all remedies available to it, and in such manner as it, in its sole discretion, determines appropriate.

(4) A recipient or project owner shall take all action necessary to enforce all terms of any agreement with a third party in furtherance of its obligations to the department where such third party materially fails to comply with the terms of such agreement and shall act to recover on behalf of the department any costs, expenses and damages that may arise as a result of the breach of the agreement. The recipient, by its execution of its funding documents with the department regardless of whether the agreement expressly so states, acknowledges and agrees that the department at its sole discretion may:

(a) Enforce the terms of any agreement the recipient has with a third party regarding the program or project; or

(b) Recover any sums that become due as the result of a breach of the agreement.

813-130-0150
Transfer of Recipient, Assistance or Ownership; Subordinate Liens; Encumbrances

(1) A recipient of assistance under the HELP program or owner of a project for which such assistance is provided may not transfer or allow any transfer of any interest in itself, the assistance or the project, allow a subordinate lien or otherwise encumber the project, or any portion or interest therein, unless the department first approves the transfer, subordinate lien or encumbrance in writing. Any such transfer is subject the payment to the department of a transfer charge as established by the department. If the recipient effects or allows a transfer, subordinate lien or encumbrance without prior written approval by the department, the transfer, subordinate lien or encumbrance is voidable and remains subject to the approval or disapproval of the department and the recipient or owner responsible for allowing the transfer, subordinate lien or encumbrance and any transferees, jointly and severally, are subject to a charge by the department with respect to its review and treatment of any such event.

(2) The department may condition its approval upon such terms and conditions as it, in its sole discretion, may require. Factors the department may consider in determining whether or not to give approval to a transfer, subordinate lien or encumbrance include, but are not limited to:

(a) The financial investment of the department in the project;

(b) Preservation of existing housing;

(c) The transferee's ability to maintain and manage the project for the needs of the residents, the integrity of the housing and as security for the assistance;

(d) The effect of the transfer, subordinate lien or encumbrance upon the financial integrity of the project, repayment of the assistance, use of the project for its intended purposes, and continuity of the program; and

(e) Continued compliance with applicable state and federal laws, rules and regulations.

Subject: The Oregon Affordable Housing Tax Credits Program encourages the creation or preservation of safe, sanitary and affordable housing for lower income Oregonians. The department has completed a significant reorganization on how it solicits and administers funding awards for this program as part of the restructure.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-110-0005
Purpose

OAR chapter 813, division 110, is promulgated to carry out the provisions of ORS 317.097 under which the department certifies affordable multifamily rental housing development projects sponsored by government entities, nonprofit corporations and certain persons (“sponsoring entities or “sponsors”) so as to enable a lending institution to claim Oregon affordable housing tax credits (“OAHTC” or” tax credits”) against Oregon taxes with respect to loans for the construction or acquisition, and rehabilitation of such projects.. The purpose of the tax credits is to encourage the creation or preservation of safe, sanitary and affordable housing for lower-income Oregonians. Additional policies and instructions are outlined in the Oregon Affordable Housing Tax Credits (OAHTC) Manual dated June 21, 2013 (the “OAHTC Manual” or “Manual”), incorporated herein by reference. The manual may be accessed online at the department’s website.

813-110-0010
Definitions

Certain terms used in this division are defined in ORS chapter 317, the Act, OAR 813-005-0005, and herein. Other terms may be identified in the text of this division (including by incorporation), otherwise in chapter 813, or applicable law.

(1) “Cap” means the maximum amount of tax credits as set by the Legislature in ORS 317.097(6).

(2) “Certification” means the written verification by the department to a lender that a project is a qualified project for which the lending institution may claim a tax credit under the provisions of the Act.

(3) “Firm commitment of financing” means an agreement by a lending institution to make a loan to a specific borrower on a specific property and which will contain all of the terms and conditions that the borrower has to satisfy before said loan can be funded. Payment of a commitment charge by the borrower to the lending institution may be required as a condition precedent to issuance of such an agreement.

(4) “Lending institution” means any insured institution, as defined in ORS 706.008, any mortgage company that maintains an office in this state, or any community development corporation that is organized under the Oregon Nonprofit Corporation Law.

(5) “Preservation project” means housing that was previously developed as affordable housing with a contract for rental assistance from the United States Department of Housing and Urban Development or the United States Department of Agriculture and that is being acquired by a sponsoring entity. The contract for project-based rental assistance must cover at least 25 percent of all units in the project.

(6) “Project,” except as defined under “manufactured dwelling park” or “preservation project,” means one or more units of housing, that has been acquired, constructed, developed, or rehabilitated, including refinanced housing, which will be rented to or owned by households whose incomes are less than 80 percent of area median income. The use of a project for eligible occupants shall be maintained for the term of the credit, in accordance with the Act, unless terminated at the discretion of the department. If there is a foreclosure, deed-in-lieu, or an involuntary transfer where title transfers to the lending institution, that lending institution may dispose of the property at its sole discretion.

(7) “Rent reduction” means the amount rents are reduced from the rents charged at the market interest rate as a result of the Oregon Affordable Housing Tax Credit (OAHTC) subsidy.

(8) “Rent pass through” means the amount of rent reduction made available to the tenants because of the reduced interest rate attributable to the OAHTC subsidy.

813-110-0013
Loan Requirements

In order to be eligible for the tax credit, the loan shall be:

(1) Made to an individual or individuals who own the dwelling, who participate in an owner-occupied community rehabilitation program, and are certified by the local government or its designated agent as having an income level at the time the loan is made of less than 80 percent of the area median income.

(2) Made to a qualified borrower;

(a) Used to finance construction, development, acquisition, or rehabilitation of housing; and,

(b) Accompanied by a written certification by the department that the:

(A) Housing created by the loan is or will be occupied by households earning less than 80 percent of the area median income; and,

(B) Full amount of the savings, from the reduced interest rate provided by the lending institution, is or will be passed on to the tenants in the form of reduced housing payments, regardless of other subsidies provided to the housing project, or

(3) Made to a qualified borrower;

(a) Used to finance construction, development, acquisition, or acquisition and rehabilitation of housing consisting of a manufactured dwelling park;

(b) The housing created by the loan is or will be occupied by a significant number of households, defined as more than 30% of all households at initial tenant qualification, earning less than 80 percent of the area median income; and,

(c) Accompanied by a written certification by the department that the housing will continue to be operated as a manufactured dwelling park during the period for which the tax credit is allowed, or

(4) Made to a qualified borrower;

(a) Used to finance acquisition, or acquisition and rehabilitation, of housing consisting of a preservation project; and,

(b) Accompanied by a written certification by the department that the housing preserved by the loan:

(A) Is or will be occupied by households earning less than 80 percent of the area median income; and

(B) Has a rent assistance contract with the United States Department of Housing and Urban Development (HUD) or the United States Department of Agriculture that will be maintained by the qualified borrow-

er. The contract must provide rental assistance to households in at least 25% of the project units.

813-110-0015
Application Requirements

(1) For the purpose of enabling a lending institution to obtain a reservation of OAHTC under ORS 317.097, a sponsoring entity may apply to the department for certification of a qualified loan for the allocation of OAHTC consistent with OAR Chapter 813 pursuant to relevant solicitation documents issued by the department including, but not limited to a Notice of Funding Availability ("NOFA"), or as otherwise determined by the department. The application shall provide information satisfactory to the department including but not limited to:

(a) The name, address and telephone number of the sponsoring entity;

(b) Proof as required by the department that the sponsoring entity is a qualified borrower;

(c) The relevant background of the qualified borrower and its management agent and their expertise with housing for low-income persons, if applicable;

(d) A firm commitment of financing by the lending institution to the sponsoring entity for the property that is the subject of the tax credits claim containing all of the terms and conditions that the sponsoring entity has to satisfy before the loan will be funded and including an estimated comparable market interest rate for the proposed loan, the estimated reduced interest rate and the estimated amount of savings or a letter of intent for the purpose of a reservation under OAR 813-110-0030;

(e) The name, address and contact person of the lending institution making the loan;

(f) A description of the project, including the type of housing or program involved, the number and type of housing units to be provided, the number of bedrooms, the address where the project is or will be located, and the federal, state and local agencies or organizations involved in financing or managing the project;

(g) A certification that includes, at a minimum, the statement that all information in the application is true, complete and accurately describes the project; and,

(h) An agreement by the sponsoring entity to execute restrictive covenants satisfactory to the department to which covenants will be recorded at the time of loan closing.

(i) A demonstration relating to occupancy of the units in the project, as required by section (2) of this section;

(j) A demonstration that the project meets the minimum requirements of any other department program used by the project, as required by subsection (3) of this section;

(k) Any additional information or actions requested by the department; and

(l) A certification by the sponsoring entity that includes, at a minimum, the statement that all information in the application is true, complete and accurately describes the project.

(2) The following provisions apply to the demonstration relating to occupancy of units that is required in subsection (1) of this section:

(a) A demonstration for a project other than a manufactured dwelling park must show that units constructed or rehabilitated with OAHTC will be occupied by households earning less than 80 percent of adjusted area median income at the time of initial occupancy.

(b) In the case of a preservation project or a manufactured dwelling park awarded after September 27, 2007, pass-through is not required for a certification produced on or after September 27, 2007.

(c) For a project other than a project to which paragraph (b) of this subsection applies, the demonstration must show that at the time the project is initially rented or purchased, and thereafter for the term of the OAHTC or twenty years, whichever is longer, the sponsor will pass the benefits of the project's reduced loan interest rate to tenant or homeowner households whose earnings are less than 80 percent of area median income at the time of initial tenant or homeowner qualification.

(d) A demonstration for a manufactured dwelling park must show that the project meets the occupancy requirements applicable to manufactured dwelling parks in ORS 317.097.

(3) Because the OAHTC Program is intended to lower rents below the level that would obtain after all other subsidies have been applied, a project that uses one or more other department programs must demonstrate that the project meets or will meet the minimum requirements of those other programs before application of the OAHTC subsidy rent reduction. For example, if an applicant has applied for tax credits under the Low Income Housing Tax Credits (LIHTC) program and that application indicated a target of 60 percent of area median income rents, the application under this rule must show the project is feasible at the targeted 60 percent median rents without the OAHTC subsidy. The OAHTC subsidy must be applied to reduce rents below the 60 percent level and must be passed on directly to the OAHTC qualified tenants or homeowners in its entirety although the pass-through need not be distributed evenly among the units.

(4) Rental units covered by section 8 project based assistance are not eligible to be used to demonstrate pass-through savings for the OAHTC program because the rent reductions related to the OAHTC subsidy typically would not be on to the tenants in the form of a rent reduction from what the tenants would otherwise pay, and therefore, would not achieve pass-through savings. Projects that are partially covered with project based assistance may qualify to use OAHTC on the remaining units by, inter alia, demonstrating pass-through interest savings that result in appropriate as rent reductions to the OAHTC qualified tenants.

(5) The department may require more extensive and enduring affordability covenants than provided in subsections (2) through (4) as may be reflected in relevant solicitation documents or otherwise.

(6) The department may require a non-refundable application charge and may assess such other charges as it deems reasonable to cover anticipated costs of processing the application, coordinating with other funding or project partners, negotiating and recording required documents or additional administration. Certain other charges are identified later in these rules.

813-110-0020
Application Review

(1)(a) Applications for a reservation of OAHTC, or for an OAHTC certification of award if conditions are met as required under OAR 813-110-0015, are subject to department review:

(b) Any resulting reservation or certification of award may include modifications to the application and may be rescinded if conditions subsequent are not satisfied, including but not limited to the requirement to timely acquire a qualified funder who will appropriately use the tax credits.

(2) When a reservation or certification of award is made through a solicitation process, the reservation or certification of award will be subject to conditions identified in the solicitation documents that may differ from or supplement OAR 813-110-0021. When a reservation or certification of award is made outside of a solicitation process, the department may specify additional conditions that may differ from or supplement OAR 813-110-0021.

(3) Criteria that the department may apply in considering an application include but are not limited to the following:

(a) The experience of the sponsoring entity, property management agent and other involved person in providing low-income housing;

(b) Estimated rents that would have to be charged or the purchase price that would be required in order to make the project financially feasible, for the type and location of housing to be provided;

(c) The dollar amount of estimated savings from the reduction in rents from the estimated rents under paragraph (b) of this subsection, or the reduction in purchase price, owing to the OAHTC subsidy;

(d) The estimated rent reduction or purchase price reduction under paragraph (c) of this subsection;

(e) How long the tax credits are needed to meet the sponsoring entity's goals of long- term safe, sanitary and affordable housing;

(f) Except for manufactured dwelling park or preservation projects awarded after September 27, 2007, the sponsoring entity's statement that the proposed rent reduction or reduced purchase price will be maintained for or offered to households whose annual incomes are less than 80 percent of area median income;

(g) Restrictive covenants that provide for, but are not limited to, appropriate habitability, income and rent restrictions;

(h) A certifying statement from the agent for the lending institution of a local owner-occupied community rehabilitation program, if applicable;

(j) The target population to be served;

(j) The need for such affordable housing in the area to be served;

(k) Consistency with the comprehensive housing plan for the state or community;

(l) The location of the project site, including its proximity to transportation, shopping, social, commercial and recreational facilities, medical services and such other facilities and services that best serve the residents;

(m) Availability of street, sewer, water, utilities and other public services;

(n) Architectural design, including aesthetic quality, soundness of construction, energy efficiency, and suitability to the needs of the residents to be served;

(o) Compliance with applicable local comprehensive plan and land use regulations, housing codes and other applicable standards;

(p) The experience of the developer, contractors, architects, consultants and management agents in developing, constructing and operating housing projects; and

(q) The department's experience with and the reputation, experience and capacity of the sponsoring entity, project owner and developer and their representatives, employees and contractors.

(4) Applications are subject to review by the department under this rule according to a process that may include, but need not be limited to an invitation only, a first-come first-reviewed or a competitive review process.

(5) The amount of a reservation or certification of award made pursuant to an application under this division, together with the total outstanding tax credits, may not exceed the maximum allowable amount of tax credits for a project established under program requirements including, but not limited to those established in ORS 317.097.

Reservation in Lieu of Certification

(1) For a reservation granted under OAR 813-110-0020:

(a) Except as provided in subsection (2) of this section, the reservation is valid for 180 days and is subject to extension by the department at its sole discretion; and

(b) Is a confirmed reservation unless the lending institution modifies the original letter of intent or there is a failure to comply with material terms of the reservation.

(2) A reservation for a sponsoring entity that is a local government entity providing a community rehabilitation program or rental project may be made for the period of proposed financing and may be extended at the discretion of the department.

(3) A sponsor that furnishes the department a firm commitment of financing prior to the expiration of a reservation is eligible, subject to other program requirements, for issuance of a certification.

(4) A sponsor to which a reservation has been issued shall notify the department of any change in the lending institution as well as any failure to comply with a material term of the reservation.

813-110-0022

Set-Aside

(1) A portion of the maximum amount of tax credits established in ORS 317.097 is subject to either or both of the following:

(a) A set-aside by the department for projects that meet department identified goals under the OAHTC program.

(b) One or more set-asides established by the department from time to time, when directed by the State Housing Council, to meet housing needs in various economic or geographic regions of the state.

(2) At the department's direction, a sponsoring entity that does not qualify for a set-aside under subsection (1) of this section may request that the department approve a set-aside on alternate grounds as provided in this subsection. The sponsoring entity must demonstrate to the department that the sponsoring entity meets criteria similar to those used in the needs assessment in Oregon's plan that is approved by the U.S. Department of Housing and Urban Development (HUD) and that describes the needs, resources, priorities and proposed activities to be undertaken with respect to programs of that department. The department may approve or deny a set-aside on the basis of its consideration of a request under this subsection.

813-110-0025

Certification of Eligible Projects

(1) When the department determines that it may issue a certification to a lending institution as authorized by ORS 317.097, the certification will include, inter alia, the following as applicable:

(a) The proposed borrower is an eligible sponsor;

(b) The proposed borrower has demonstrated that the required benefits will be passed on to households earning less than 80 percent of area median income, except for manufactured dwelling park projects, according to program requirements including, but not limited to those in ORS 317.097 and this division.

(c) The length of the period eligible for tax credits; and

(d) The loan does not exceed the maximum limitation for total loan balances.

(2) A certification is based on information provided by the sponsoring entity in the application and accumulated from the lending institution's annual reports required by OAR 813-110-0030 and conditioned, inter alia, upon the accuracy of such information.

(3) A certification is valid for the purpose of the tax credit only if the information on which the certification is based, other than estimates based on interest rates and other changes made with the approval of the department, is unchanged when the loan is closed for the project and when funding documents satisfactory to the department including, but not limited to an appropriate declaration of restrictive covenants have been executed and, as required by the department, recorded in the official records of the appropriate counties.

(4) To establish the use of a certificate for a fixed rate term loan, a lending institution shall, inter alia, complete the loan closing information section of the certificate and send the original to the department along with evidence satisfactory to the department that an appropriate declaration of restrictive covenants has been recorded or will be recorded at the close of permanent financing (as required by the department) against the project property.

(5) When the department approves a tax credit for a construction loan, the lending institution shall complete the loan closing information section of the certificate and send the original to the department, and may record the restrictive covenants.

Reservations, Certifications and Other Commitments Subject to State Housing Council Approval

If the department provides a reservation, certification of award or otherwise commits to an award of OAHTC under this division and if the amount of any related tax credits or any other department funding approved by the department that was considered by the department in setting the amount of the tax credits ("Complementary Funding") meets or exceeds the threshold amount established in OAR 813-001-0007(1) for review by the State Housing Council, the reservation, certification or other commitment is subject to review and approval by the council of such tax credit assistance and any such complementary funding. The council may approve, deny, modify or further condition funding assistance subject to its review. Based upon any relevant council determination, including with respect to complementary funding, any subject reservation, certification or other commitment may be deemed revoked, be modified or be further conditioned.

813-110-0030
Monitoring and Reporting Requirements

(1) A lending institution claiming state tax credits under ORS 317.097 is subject to monitoring by the department. A lending institution shall submit to the department by May 1 of each year a report satisfactory to the department in which the lending institution affirms that the lending institution has met all requirements imposed by law to qualify for the tax credits. The report must be submitted on a form furnished by the department and signed by an officer of the lending institution, and:

(a) May not include any representation as to the performance by the sponsoring entity; and

(b) Shall include, at a minimum, the name and address of the institution, the name and phone number of a contact person, the number of loans for which tax credits will be claimed, the amount of credit claimed, the annual charge payment, the dates the loans were closed, the location of the projects financed by those loans, the amount loaned for each project, the outstanding balances of all loans, and the average annual balance for each loan.

(2) A project receiving OAHTC is subject to reviews and field inspections that the department determines to be necessary or appropriate including, but not limited to ensuring the sponsoring entity's and project owner's compliance with program requirements including, but not limited to OAR chapter 813 (including the OAHTC Manual and General Manual), department directives, relevant documents, applicable law or otherwise. The project owner shall cooperate fully with all reviews and field inspections, comply with any resulting correction directives, and shall make all records available for inspection and copying.

(3) A project owner shall retain financial records, supporting documents and all other pertinent records for six years after the project affordability period is complete, or after any litigation or audit claim is resolved, whichever is later.

813-110-0034
Transfer of Loan, Owner, or Project

(1) An owner of a project that has received OAHTC assistance or recipient of a loan subsidized by such assistance shall not transfer or allow any transfer of any interest in itself, the loan or the project or otherwise encumber the project, or any portion or interest therein, unless the department first approves the transfer or encumbrance in writing. Any such transfer is subject to payment to the department by the borrower or owner, as applicable, of a transfer charge as required by the department. If the borrower or owner effects or allows a transfer without prior written approval by the department, the transfer is voidable and remains subject to the approval or disapproval of the department and the borrower or owner and transferees, jointly and severally, are subject to a transfer review charge by the department.

(2) The department may condition its approval upon such terms and conditions as it, at its sole discretion, may require. Factors the department may consider in determining whether or not to give approval to a transfer include but are not limited to:

(a) The financial investment of the department in the project;

(b) Preservation of existing housing;

(c) The proposed owner's ability to maintain and manage the property for the needs of the residents, the integrity of the housing and as security for the loan;

(d) The effect of the transfer upon the financial integrity of the project, repayment of the loan, use of the project for its intended purposes, and continuity of the program; and

(e) Continued compliance with applicable program requirements including, but not limited to terms and conditions of funding documents and state and federal laws, rules and regulations.

Community Rehabilitation Project Certification

(1) A local government or its designated agent that certifies a participant in a community rehabilitation program shall certify to the department that the tax credits for the community rehabilitation program fall within the maximum amount of tax credits authorized in ORS 317.097.

(2) A participant in a community rehabilitation program includes any individual, nonprofit corporation or unit of local government that re-loans proceeds to an individual participating in the community rehabilitation program.

(3) A local government entity shall certify to the department that the local community rehabilitation standards will be met for all relending of proceeds from a certified loan.

Use of Project; Transfer of Title

(1) The sponsoring entity and the owner of a project, including any successors, assigns or transferees shall maintain operate and maintain the project in a manner consistent with program requirements including, but not limited to its use for eligible occupants, for the term of the tax credits or twenty years, whichever is longer.

(2) If the title to a project transfers to the lending institution because of a foreclosure, a deed-in-lieu of foreclosure or an involuntary transfer under a bankruptcy proceeding, the lending institution may dispose of the property at its sole discretion.

813-110-0040
Monitoring

(1) If the department determines that the owner of a project under the OAHTC program is not complying with any applicable rule, law, document or other OAHTC program requirement, the department may notify the lending institution, the owner and the sponsoring entity. In the notice, the department will describe the matter of noncompliance, the required correction and the date by which correction must be made. The owner and sponsoring entity may comment on the notice within the period specified by the department and submit any accompanying explanation and documentation.

(2) The owner of a project shall correct the noncompliance, if possible, and pay a penalty established by the director for noncompliance under subsection (1) of this section and any further penalties assessed by the department if the noncompliance is not corrected to the satisfaction of the director within the period established by the department. In assessing a penalty under this section, the department shall take into consideration any comments submitted by the owner and sponsoring entity with respect to the noncompliance and their correction efforts, if any.

(3) Penalties assessed under this rule may not exceed three times the amount of the eligible tax credit per year.

(4) Any penalties assessed under this rule are the liability of the owner and not the liability of the lending institution.

Remedies

(1) If the department determines that there has been any material failure or default with respect to any term, covenant or condition of the applicable solicitation or funding documents, applicable rules, directives, other program requirements, or otherwise, it (or as applicable, the department of Revenue) may exercise any remedy available under OAR chapter 813 (including, but not limited to sanctions provided in OAR 813-110-0040, and remedies available in the OAHTC Manual and General Manual), relevant solicitation or funding documents, or applicable law. Remedies include, but are not limited to corrective orders or directives, sanctions, recapture of OAHTC, recovery for damages, specific performance, injunctive relief, declaratory actions, appointment of a receiver for the project, foreclosure of lien interests, debarment from other department funding, and other remedies available at law.

(2) The remedies set forth in this section are cumulative and not exclusive and are in addition to any other rights and remedies provided in this division, other department rules, the solicitation or funding documents, or otherwise available at law or otherwise. The department may exercise any or all remedies available to it, and in such manner as it, in its sole discretion, determines appropriate.

Subject: The General Housing Account carries out the allocation of monies deposited in the General Housing Account by meeting the critical housing needs, building the organizational capacity of affordable housing partners throughout the state, and requires equitable distribution of resources over time based on objective measures of need. The department has completed a significant reorganization as to how it solicits and administers funding awards for this program. These rule changes are designed to reflect the significant reorganization.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-055-0001
Purpose

OAR chapter 813, division 55, is promulgated to carry out the allocation of monies deposited in the General Housing Account and to carry out the account's purpose of meeting critical housing needs, building the organizational capacity of affordable housing partners throughout the state, and requiring equitable distribution of resources over time based on objective measures of need. Additional policies and instructions are outlined in the General Housing Account Program (GHAP) Manual dated June 21, 2013 (the "GHAP Manual" or "Manual"), incorporated herein by reference. The Manual may be accessed online at the department's website.

813-055-0010
Definitions

Certain terms used in this division are defined in the Act, OAR 813-005-0005, and herein. Other terms may be identified in the text of this division (including by incorporation), otherwise in chapter 813, or applicable law. As used in this division:

(1) "Low income household" means a household that receives more than 50 percent and not more than 80 percent of the median family income for the area, subject to adjustments for family size and for areas with unusually high or low incomes or housing costs, all as determined according to information from the U.S. Department of Housing and Urban Development.

(2) "Very low income household" means a household that receives 50 percent or less of the median family income for the area, subject to adjustments for family size and for areas with unusually high or low incomes or housing costs, all as determined according to information from the U.S. Department of Housing and Urban Development.

813-055-0020
Distribution of GHAP Funds; Eligibility

(1) The department may distribute GHAP program funds consistent with OAR chapter 813 pursuant to relevant solicitation documents including, but not limited to a Notice of Funding Availability ("NOFA") or as otherwise determined by the department. Funding may take the form of a grant, loan or otherwise as the department determines necessary or appropriate, for either or both of the following purposes:

(a) For financing assistance with respect to the construction, acquisition, rehabilitation or operation of affordable multifamily rental housing developments for low income households or very low income households.

(b) For expanding or building affordable housing development capacity, by enhancing the capacity of non-profit entities and housing authorities to develop affordable housing.

(2) Subject to the limitations of any specific solicitation or distribution, any of the following persons or entities may apply for GHAP assistance with respect to the financing of affordable multifamily rental housing developments:

(a) A nonprofit corporation established under ORS chapter 65;

(b) A housing authority established under ORS 456.055 to 456.235;

(c) A local government as defined in ORS 197.015;

(d) A manufactured dwelling park cooperative as established under ORS 62.800 to 62.815;

(e) A for-profit entity;

(f) A Native-American tribe; or

(g) An individual.

(3) Subject to the limitations of any specific solicitation or distribution, any person or entity including, but not limited to those identified in subsection (2) is eligible to apply for GHAP assistance to enhance the capacity of non-profit entities and housing authorities to develop affordable housing.

813-055-0040
Application Procedure and Requirements

(1) The process to obtain GHAP assistance typically will be spelled out in the solicitation documents issued by the department. In addition to, or in lieu of formal solicitation documents, the department may provide other means for accessing GHAP assistance. Additional direction and guidance may be found in the GHAP Manual and General Manual.

(2) The department may require payment of a non-refundable application charge from any applicant requesting GHAP funds through a formal solicitation or otherwise.

(3) The department may require payment of other charges with respect to its reasonably anticipated costs in processing applications, coordinating programs or with other project participants, providing funding, negotiating documents, monitoring compliance, evaluating and documenting transfers, or otherwise. The department may require payment of a supplemental application charge from applicants requesting additional resources for projects that have already been funded by the department.

(4) The department may refuse to process applications or terminate processing if it determines an application to be incomplete or that it fails to satisfy threshold standards for further processing.

(5) An applicant shall submit to the department, on the application form and in accordance with the application process prescribed by the department, such information as the department may require, including but not limited to:

(a) The name, address and telephone number of applicant;

(b) The type of assistance requested;

(c) A written description of the project, including the number of units, unit mix, proposed rents, site location, amenities, and any other information requested by the department.

(d) A statement of project purpose indicating the housing type and residents to be housed, and the length of the affordability period;

(e) A pro forma of project income and expenses;

(f) The amount of funding requested and total project development costs, including a description and documentation of all project funding sources and uses;

(g) A narrative of the applicant's experience in developing affordable housing, including the experience of all members of the project development team;

(h) A narrative of the experience of the applicant's management team or agent as it relates to operating affordable housing projects;

(i) A description of resident services, if any, to be provided;

(j) A narrative of the applicant's experience in providing resident services, including the experience of any relevant project team members;

(k) A description of the applicant's readiness to proceed with project activities;

(l) A schedule for completion of project activities;

(m) The need of a nonprofit or housing authority to build its capacity to develop and operate housing serving low income and very low income populations; and

(n) How the nonprofit or housing authority would employ GHAP assistance to build its capacity to develop and operate housing serving low income and very low income populations.

(6) The department may restrict the amount and/or type of assistance available in any solicitation or other provision of assistance and restrict the type or number of applicants or recipients eligible for assistance in a particular funding process.

813-055-0050
Application Review

(1) An application for assistance from the GHAP program is subject to the department's evaluation and approval, disapproval or modification according to criteria in the solicitation documents or otherwise that may include, but are not limited to the following:

(a) The amount of available funds in the GHAP program;

(b) The availability of other sources of assistance;

(c) The applicant's efforts to leverage other public or private funds;

(d) Whether the project is financially feasible and the financial strength and history of the prospective recipient;

(e) The location of the project site, including its proximity to transportation, shopping, social, commercial and recreational facilities, medical services and such other facilities and services that best serve the residents;

(f) Availability of street, sewer, water, utilities and other public services;

(g) Architectural design, including aesthetic quality, soundness of construction, energy efficiency, and suitability to the needs of the residents to be served;

(h) Whether or not the project will include fee ownership of the real property;

(i) Compliance with the consolidated plan, applicable local comprehensive plan, land use regulations, housing codes and other applicable standards;

(j) Market demand;

(k) The target population to be served;

(l) The experience of the developer, contractors, architects, consultants and management agent in developing, constructing and operating housing projects;

(m) The department's experience with and the reputation, experience, capacity and legal history and status of the applicant and its agents, representatives, employees and contractors;

(n) Whether the project in comparison to others best achieves the purposes of the GHAP program;

(o) The need of a nonprofit or housing authority to build its capacity to develop and operate housing serving low income and very low income populations;

(p) How the nonprofit or housing authority proposes to use GHAP funds to build its capacity to develop and operate housing serving low income and very low income populations;

(q) Other factors that the department determines to be relevant including, but not limited to any evaluation criteria in the solicitation documents, GHAP Manual, General Manual, or otherwise.

(2) If the department approves an application in whole or in part and if the amount of the GHAP assistance or any other department funding approved by the department that was considered by the department in setting the amount of GHAP assistance to be provided ("Complementary Funding") meets or exceeds the threshold amount established in OAR 813-001-0007(1) for review by the State Housing Council, the approval of GHAP assistance by the department is subject to review and approval by the council of such GHAP funding and any such complementary funding. The council may approve, deny, modify or further condition funding subject to its review. Based upon any relevant council determination, including with respect to complementary funding, approval of GHAP funding may be deemed revoked, or be modified and further conditioned.

813-055-0065
Form of Assistance; Documentation

(1) The department may provide GHAP funds in the form of a grant or a loan, or a combination of both. Loan rates and terms, if applicable shall be determined by the department based on a project's or applicant's needs and cash flow, other funding resources, market conditions and an applicant's capacity to repay GHAP funds. Preference may be given to those applicants requesting loans that show sufficient project cash flow to repay the loan. The department normally will notify an applicant in a written reservation letter as to the amount and form of GHAP assistance, if any, to be provided, together with notable conditions. Such reservation commitments remain subject to department rules, solicitation requirements, applicable law, and the negotiation, execution and recording (if required) of documents satisfactory to the department.

(2) Each recipient of project development assistance shall, inter alia, execute funding agreements satisfactory to the department including, but not limited to a project use agreement, containing such terms regarding fees, interest rates, repayment terms, performance criteria, reporting requirements, restrictive covenants, and other terms as the department considers appropriate or necessary for the type and use of assistance provided. Each relevant funding agreement, including the use agreement, must be:

(a) (If the recipient owns the project property at the time of disbursement) recorded as an encumbrance on the project property before any GHAP funds are advanced; or

(b) (If the recipient does not own the project property at the time of disbursement) at the discretion of the department, placed in an escrow account established by the recipient satisfactory to the department and subject to such further conditions as the department may require, including the recording of restrictive covenants running with the project property for the applicable affordability period, with appropriate lien priority and taking effect upon close of escrow.

(3) The department may require a recipient to execute and record such funding documents satisfactory to the department as it considers appropriate in its sole discretion.

813-055-0075
Distribution and Expenditure of Funds

(1) The department may distribute GHAP funds pursuant to relevant solicitation documents including, but not limited to a NOFA, or otherwise under this division, and pursuant to relevant funding documents.

(2) Distribution of GHAP funds, whether for multifamily affordable housing development or affordable housing capacity building is subject to a general formula developed by the department that provides for an equitable distribution of resources statewide over time based on objective measures of need, including, but not limited to:

(a) The number and percentage of low and very low-income households in an area;

(b) The estimated need for affordable housing as determined by the department and the State Housing Council; and

(c) The need of a nonprofit or housing authority to build its capacity to develop and operate housing serving low- and very- low-income populations.

813-055-0085
Charges

(1) An applicant requesting General Housing Account funds shall pay an application fee or charge as may be required by the department.

(2) An applicant or owner of a multifamily affordable housing development project that receives GHAP assistance shall pay a monitoring fee or charge as may be required by the department.

(3) The applicant or owner of a project that receives GHAP assistance shall pay such other charges with respect to the department's anticipated costs and expenses of administration as the department may require.

813-055-0095
Transfer of Recipient, Assistance or Ownership; Subordinate Liens; Encumbrances

(1) A recipient of GHAP assistance or owner of a project for which such assistance is provided may not transfer or allow any transfer of any interest in itself, the assistance or the project, allow a subordinate lien or otherwise encumber the project, or any portion or interest therein, unless the department first approves the transfer, subordinate lien or encumbrance in writing. Any such transfer is subject to a payment to the department of a fee or charge as may be required by the department. If the recipient effects or allows a transfer, subordinate lien or encumbrance without prior written approval by the department, the transfer, subordinate lien or encumbrance is voidable and remains subject to the approval or disapproval of the department and the recipient or owner responsible for allowing the transfer, subordinate lien or encumbrance and any transferees, jointly and severally, are subject to a charge by the department with respect to its review and treatment of any such event.

(2) The department may condition its approval upon such terms and conditions as it, in its sole discretion, may require. Factors the department may consider in determining whether or not to give approval to a transfer, subordinate lien or encumbrance include, but are not limited to:

(a) The financial investment of the department in the project or recipient;

(b) Preservation of existing housing;

(c) Preservation of affordable housing development capacity;

(d) The transferee's ability to maintain and manage the project for the needs of the residents, the integrity of the housing and as security for the assistance;

(e) The effect of the transfer, subordinate lien or encumbrance upon the financial integrity of the project, repayment of the assistance, use of the project for its intended purposes, and continuity of the program; and

(f) Continued compliance with applicable state and federal laws, rules and regulations.

813-055-0105
General Administrative and Monitoring Requirements

(1) A recipient of GHAP funds shall submit to the department annually a report satisfactory to the department for the purpose, inter alia, of compliance monitoring by same. The recipient shall submit such other information as the department may from time to time require.

(2) A recipient of GHAP funds is subject to reviews and field inspections that the department determines to be necessary or appropriate including, but not limited to ensuring the recipient's and project owner's compliance with program requirements including, but not limited to OAR chapter 813 (including the GHAP Manual and General Manual), department directives, funding documents, or otherwise. The recipient and project owner shall cooperate fully with all reviews and field inspections, timely comply with any resulting correction directives, and make all records available for inspection and copying.

(3) A recipient of GHAP assistance or owner of a project receiving such assistance shall retain financial records, supporting documents and all other pertinent records for six years after the project affordability period is complete, or after any litigation or audit claim is resolved, whichever is later.

813-055-0115
Remedies

(1) If the department determines that there has been any material failure or default with respect to any term, covenant or condition of the solicitation or funding documents, applicable rules, directives, other program requirements, or otherwise, it may exercise any remedy available to it under any program requirements including, but not limited to OAR chapter 813 (including, but not limited to the GHAPManual and General Manual), relevant solicitation or funding documents, or applicable law. Remedies include, but are not limited to corrective orders or directives, rescission, termination of assistance, recoupment of GHAP funds and other department assistance already disbursed with respect to a project — including with applicable interest, recovery for damages, specific performance, injunctive relief, declaratory actions, appointment of a receiver for the project, foreclosure of lien interests, debarment from department assistance, and other remedies available at law or otherwise.

(2) A material default has occurred, inter alia, if:

(a) The recipient or project owner has not commenced any significant aspect of the project activities within six months after the award of project funding;

(b) The recipient or project owner has not entered into any necessary third party agreement related to the project within ninety (90) days of the award of project funding;

(c) The recipient or project owner has used GHAPfunds for activities not approved in these rules, solicitation or funding documents, or other GHAPprogram requirements;

(d) The recipient or project owner has not completed activities required by these rules, solicitation or funding documents, or other GHAP program requirements in a timely manner;

(e) The recipient or project owner has not complied with any and all affordability, habitability and monitoring compliance obligations required in these rules, solicitation or funding documents, or other GHAPprogram requirements; or

(f) The recipient or project owner lacks continued capacity to carry out any and all obligations under these rules, solicitation or funding documents, or other GHAP program requirements.

(3) The remedies set forth in this section are cumulative and not exclusive and are in addition to any other rights and remedies provided in this division, other department rules, the solicitation or funding documents, or otherwise available at law or otherwise. The department may exercise any or all remedies available to it, and in such manner as it, in its sole discretion, determines appropriate.

(4) A recipient or project owner shall take all action necessary to enforce all terms of any agreement with a third party in furtherance of its obligations to the department where such third party materially fails to comply with the terms of such agreement and shall act to recover on behalf of the department any costs, expenses and damages that may arise as a result of the breach of the agreement. The recipient, by its execution of its funding documents with the Department regardless of whether the agreement expressly so states, acknowledges and agrees that the department at its sole discretion may:

(a) Enforce the terms of any agreement the recipient has with a third party regarding the program or project; or

(b) Recover any sums that become due as the result of a breach of the agreement.

Subject: The rules establish the process and procedures for public contracts and procurement activities by the department. The department completed a significant reorganization as to how it solicits and administers funding awards for department programs as part of an internal restructure. The rule changes are designed to reflect the significant reorganization of the department.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-006-0005
Purpose

OAR chapter 813, division 006 is promulgated to establish the procedures for public contracts and procurements by the Department as well as its other contracting and procurement activities. The Department is exempt from all provisions of the Oregon Public Contracting Code as contained in ORS chapters 279A, 279B and 279C, except with respect to certain aspects relating to the procurement of goods and services under ORS chapter 279B. And, the Department has all authority to procure or supervise the procurement, inter alia, of goods, services and personal services for which it is subject to ORS chapter 279B. Also, most contracting by the Department is not covered by the Oregon Public Contracting Code even if it were applicable to the Department. Accordingly, the Department has chosen to fashion its own standards, considerations and procedures with respect to its procurement and contracting activities.

Stat. Auth.: ORS 90.800 – 90.840, 91.886, 317.097, 279A.025, 279A.065, ORS 456.515–456.725 & 458.210 – 458.650
Stats. Implemented: ORS 90.800 – 90.840, 92.886, 279B, 317.097, 456.515 - 456.725, 307.651 & 458.005 –458.740
Hist.: HSG 14-1987, f. & ef. 12-21-87; HSG 2-1991(Temp), f. & cert. ef. 8-7-91; HSG 8-1991, f. & cert. ef. 12-23-91; OHCS 12-2013(Temp), f. & cert. ef. 6-21-13 thru 12-18-13; OHCS 24-2013, f. & cert. ef. 12-18-13

813-006-0010
Basic Policy and Approach

(1) The model rules of the Attorney General adopted pursuant to ORS 279A.065 do not apply to the Department. The Department will, however, consider the Attorney General's model rules for guidance in exercising its contracting and procurement discretion, particularly with respect to procurements of goods and services under ORS chapter 279B. Other factors that the Department may consider include, but are not limited to:

(a) The subject matter of the proposed contract and appropriate means to ensure successful performance at competitive costs where practical;

(b) Specificity with respect to communication and reservation of rights in any procurement;

(c) Clarity in the naming and description of parties as well as consideration of appropriate preferences;

(c) Ascertaining and obtaining appropriate representations and warranties as to the qualifications of parties;

(d) Specificity with respect to consideration and applicable time periods;

(e) Specificity with respect to terms and covenants, particularly as to standards applicable to the performance of all work or delivery of goods;

(f) Identification of remedies and their suitability to protect Department and program interests;

(g) Identification of insurance and other risk mitigation terms and the appropriate balance of such measures with potential risks and costs;

(h) Requirements for compliance with applicable laws, including those applicable to funding sources and nondiscrimination;

(i) Use of appropriate terms with respect to standard provisions such as governing law, venue, waiver, exhibits, merger, etc.

(2) Contracting and procurement procedures, requirements and standards with respect to program loans and similar extensions or advances of funds or other funding awards are set forth in the divisions of OAR chapter 813 that specifically address those programs. Relevant general procedures, requirements and standards are set forth in Divisions 001 – 005, particularly Division 005.

(3) Contracting and procurement procedures related to the investment of Department funds and other financial transactions that cannot practically be established, including with resort to the competitive contractor selection procedures of ORS 279B.050 to 279B.085, will be accomplished in consultation with financial advisors, legal counsel and other appropriate professionals. As a general standard, the Department will seek to employ procedures as are practical to introduce competitive efficiencies and sound selections given the particular circumstances, complex regulations and governing law applicable to such financial and investment transactions.

(4) In contracting for consultant or other personal services, as well as goods or other services, the Department will consider factors including those described above in subsection (1) and employ the following procedures as applicable, except when the Director determines that an emergency or other good cause exists to excuse the Department from one or more of those procedures, such as when the personal services contract involves data processing services. The Department will comply with Executive Department OAR 122-031-0005 or 122-036-0005 for data processing personal services contracts.

(5) The Department will contract for consultant and other personal services: (i) when the specialized skills, knowledge, and resources are not available within the Department; (ii) when the work cannot be done in a reasonable time within the Department's own work force; (iii) when an independent and impartial evaluation of a situation is required by a consultant or other provider with recognized professional expertise and stature in a field; (iv) when it will be less expensive to contract for the work; (v) when the Department is directed by statute or otherwise to contract for services; or (vi) when the Department otherwise determines that contracting for a consultant or other personal services will best serve the purpose of fulfilling its statutory or other duties. The Department may contract for other goods and services necessary or appropriate for the operation of the Department. Contracts will be awarded only after the approval of the Director or his/her designee, subject to minimum limit exceptions.

(6) Agreements for the services of a contractor who is a member of the Public Employees' Retirement System and who is employed in another public department usually will be by interagency agreement. Exceptions may be granted by the Director or his/her designee when such an agreement is impractical and when the work will be done on the contractor's own time. Such exceptions normally will be processed as a personal services contract.

(7) The Department will seek to ensure competition and include performance standards to the maximum extent practicable when awarding personal services contracts as well as financial assistance agreements designed, inter alia, to obtain services in furtherance of a Department-supervised program.

(5) In selecting between two or more equally qualified bidders, preference will be given to individuals residing in Oregon and businesses that have an office in Oregon.

813-006-0015
Definitions

(1) Terms used in OAR chapter 813, division 6 have meanings as defined in the Act, in 813-005-0005 and herein.

(2) As used in these rules, unless otherwise indicated by the context:

(a) "Consultant" means an individual or firm that has been found qualified to do specified types of work for the agency and with whom the Department may contract;

(b) "Competitive Procurement" is a formal procurement method whereby proposals or applicants are requested from a number of sources and the Request for Proposals or other solicitation document is widely published or otherwise distributed;

(c) "Noncompetitive Procurement" is procurement through solicitation of a proposal from only one source or on a first- come first-served basis;

(d) "Small Purchase Procurement Procedures" are those relatively simple and informal procurement methods whereby price or rate quotations are obtained from a number of sources and selection made on the basis of costs and other applicable criteria.

Stat. Auth.: ORS 90.800 – 90.840, 91.886, 317.097, 279A.025, 279A.065, ORS 456.515–456.725 & 458.210 – 458.650
Stats. Implemented: ORS 90.800 – 90.840, 92.886, 279B, 317.097, 456.515 - 456.725, 307.651 & 458.005 –458.740

Hist.: HSG 14-1987, f. & ef. 12-21-87; HSG 3-1989(Temp), f. & cert. ef. 6-8-89; HSG 6-1989, f. & cert. ef. 11-3-89; HSG 2-1991(Temp), f. & cert. ef. 8-7-91; HSG 8-1991, f. & cert. ef. 12-23-91; OHCS 12-2013(Temp), f. & cert. ef. 6-21-13 thru 12-18-13; OHCS 24-2013, f. & cert. ef. 12-18-13

813-006-0020
Procurement Method

(1) The department will comply with the requirements of ORS 200.035.

(2) The department may allow for preference of or limit competition for a public contract for goods and services or for any other public contract estimated to cost $50,000 or less, to contracting entities owned or controlled by persons described in subsection (1) of ORS279A.100.

(3) The department may participate in, sponsor, conduct, or administer cooperative procurements pursuant to ORS 279A.200 through 279A.225.

(4) Small Purchase Procurement Procedures as outlined in OAR 813-006-0030 may be used for the procurement of goods and services estimated to cost not more than $10,000 per agreement per fiscal year. Price or rate quotations will be sought from at least three qualified sources, if practical. This procedure does not govern program solicitations.

(5) Competitive Procurement procedures as outlined in OAR 813-006-0025 will be used for goods and services, as well as personal service contracts, estimated to cost in excess of $10,000 per agreement per fiscal year. Competitive Procurement may be used for contracts of less than $10,000 whenever the Department determines that it would be prudent and advantageous to do so. Exceptions may be granted to accommodate one or more of the conditions described in section (3) of this rule with the approval of the Director.

(6) Noncompetitive Procurement procedures may be used for goods and services, as well as personal services contracts if:

(a) The item or service is available only from a single source, or the sole source has special skills or special characteristics that are reasonably only available from that source or based upon the particular provider's expertise, experience or situation;

(b) Public need or emergency weighs against the delay incurred by competitive solicitation;

(c) After solicitation of a number of sources, competition is determined inadequate; or

(d) The contract is a renewal of an existing contract, subject to approval by all required parties.

Stat. Auth.: ORS 90.800 – 90.840, 91.886, 317.097, 279A.025, 279A.065, ORS 456.515–456.725 & 458.210 – 458.650
Stats. Implemented: ORS 90.800 – 90.840, 92.886, 279B, 317.097, 456.515 - 456.725, 307.651 & 458.005 –458.740

813-006-0025
Competitive Procurement Procedures

(1) A Request for Proposals (RFP) or similar solicitation (collectively, RFP) will be prepared for the contracts for which Competitive Procurement procedures will be used. The RFP will normally include, at a minimum, the following information:

(a) Date and hour by which proposals or other responses must be received;

(b) Return address where proposals or other responses must be received;

(c) Description of work;

(d) Evaluation criteria; and

(e) Department project manager's name, address and phone number.

(2) The Department will notify persons who have indicated a desire to be notified of contracting opportunities or that have indicated expertise in the subject area, and any other persons deemed necessary, of projects for which an RFP may be issued. Notification of the project for which an RFP may be issued may be announced to the public and may be advertised in appropriate periodicals. The RFP will be sent to all persons responding to the notification in the required manner.

(3) Exceptions to section (2) of this rule may be granted by the Director or his/her designee when the RFP is preceded by a Request for Information (RFI). When an RFI is widely distributed to solicit information and interest in a proposed contract, eligibility for the subsequent RFP may be limited to parties responding to the RFI.

(4) Proposals will be evaluated in accordance with the evaluation criteria included in the RFP. An objective rating system will be used in the evaluation process. Records pertaining to the procurement process and selection of the consultant shall be maintained in the Department's files.

(5) Exceptions to the notification procedures in sections (2) and (3) of this rule may be granted by the Director or his/her designee if warranted by time, cost, or other relevant considerations.

813-006-0030
Small Purchase Procurement Procedures

(1) A Statement of Work and request for price or rate quotation shall be developed and submitted to prospective contractors with which the Department has had previous successful experience or which are believed by the Department to be qualified to offer the needed services. The Statement of Work and request for quotation may be communicated orally or in writing.

(2) At least three price quotations shall be obtained from qualified sources unless there are fewer than three qualified sources interested in the contract.

(3) Contractor selection shall be made on the basis of the cost estimate and other pertinent information such as qualifications, experience, reference check and project approach.

Stat. Auth.: ORS 90.800 – 90.840, 91.886, 317.097, 279A.025, 279A.065, ORS 456.515–456.725 & 458.210 – 458.650

813-006-0040
Discretionary Action

(1) As it deems necessary or appropriate for its purposes, the Department may waive or deviate from the foregoing provisions of this Division to the extent the Department's statutory authority to employ its own procurement and contracting procedures allow. Factors that the Ddepartment may consider in waiving or deviating from such provision or in determining what other procurement or contracting procedures it will apply in a particular circumstance may include, but are not limited to:

(a) Serving program or other Department purposes;

(b) Collaborating with reputable and effective partners;

(c) Leveraging past resources, experience, or services;

(d) Efficiently and effectively using department resources;

(e) Addressing exigent or unusual circumstances;

(f) Advancing the department or maintenance of safe, sanitary, and affordable housing;

(g) Advancing the delivery and effectiveness or community services;

(h) Building or sustaining the capacity of department partners;

(i) Promoting the coordination of relevant skills, resources, and efforts;

(j) Educating persons and entities concerning housing and community services needs and opportunities; and

(k) Ensuring compliance with department or other applicable standards.

(2) Included within this authority to waive or deviate from such procedures, or to apply other procurement or contracting procedures in particular circumstances, the Department may amend an existing contract without additional competition, inter alia, to extend its term, to modify the compensation, to delete services, or to add any services or goods within the scope of the relevant procurement provided the amendment, in the Department's determination, is consistent with relevant factors identified in the subsection or consistent with factors otherwise relevant to such action.

Rule Caption: Amends the definition for net worth and adds a definition for pension account.
Adm. Order No.: OHCS 25-2013(Temp)
Filed with Sec. of State: 12-18-2013

Certified to be Effective: 12-18-13 thru 6-16-14
Notice Publication Date:
Rules Amended: 813-300-0010
Subject: Amends the definition for net worth and adds a definition for pension account.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-300-0010
Definitions

As used in these rules, unless the context indicates otherwise:

(1) "Account holder" means a member, age 12 or older, of a lower income household that has a net worth of less than $20,000 who is the named depositor of an individual development account.

(2) "Contributor" means a person or entity contributing funds to the Department or to a fiduciary organization for the purpose of matching IDA deposits by an account holder or for funding program plan operations.

(3) "Department" means the Housing and Community Services Department established in ORS 456.555 and, where applicable, its designee.

(4) "Designated beneficiary" means a minor-age member of the account holder's household who is the beneficiary of an IDA used to pay the member's extracurricular non-tuition expenses designed to prepare the member for post-secondary education or job training.

(5) "Fiduciary organization" means a non-profit, fund raising organization that is exempt from taxation under section 501(c)(3) of the Internal Revenue Code as amended and in effect on January 1, 1999, or a federally recognized Oregon Indian tribe that is located, to a significant degree, within the boundaries of this state, as selected by the department under these rules.

(6) "Fiduciary organization program plan" or "program plan" means a mission statement by a fiduciary organization and the corresponding detailed plan by it for the solicitation of contributions (tax credit or otherwise) and prospective account holders, the management of IDA's and their associated personal development plans, and the operation of the fiduciary organization itself — all as approved by the Department and with such modifications as the Department may require. A prospective program plan must accompany any application to the Department for its approval of a fiduciary organization.

(7) "Financial institution" means an organization regulated under ORS Chapters 706 to 716, 722 or 723, or in the case of an account established for the purpose described in 458.685(1)(c) related to college savings plans, a financial institution as defined in 348.841.

(8) "Individual development account (IDA)" or "account" means a contract between an account holder and a fiduciary organization for the deposit of funds into a financial institution by the account holder, and the deposit of matching funds into a financial institution by the fiduciary organization, to allow the account holder to accumulate assets for use toward achieving a specific purpose approved by the fiduciary organization.

(9) "Lower income household" means a household having an income equal to or less than the greater of the following:

(a) 80 percent of the median household income for the area as determined by the Department., In making the determination, the Department shall give consideration to any data on area household income published by the United States Department of Housing and Urban Development.

(b) 200 percent of the poverty guidelines as determined by the Department. In making the determination, the Department shall give consideration to poverty guidelines published by the United States Department of Health and Human Services or may consider other income data periodically published by other federal or Oregon agencies.

(10) "Median Household Income" means, for the appropriate household size, the higher of:

(a) The median family income for the Metropolitan Statistical Area or county as published annually by the United States Department of Housing and Urban Development, or

(b) The statewide median family income for Oregon as published annually by the United States Department of Housing and Urban Development.

(11) "Net worth" means the value of all assets owned in whole or part by household members excluding equity in a residence and one vehicle, and excluding holdings in pension accounts, as defined by the Housing and Community Services Department by rule, that are valued at less than $60,000, minus the total debts and obligations of household members, all as measured at the time the prospective account holder applies to establish the IDA.

(12) "Oregon individual development account tax credit" or "tax credit" means a credit against taxes otherwise due under ORS Chapter 316, 317, or 318, as allowed in return for contributions to a fiduciary organization for eventual distribution to individual development accounts established under ORS 458.685.

(13) "Pension Account" means an account that is funded by an employee and/or the employer specifically to provide a retirement income, and in which the account is structured so that the funds in the account are either inaccessible to the employee until he/she terminates employment or reaches retirement or are accessible with an early withdrawal penalty.(14) "Personal development plan" means a written plan developed jointly by the fiduciary organization and the prospective account holder for an IDA that is designed to provide the account holder with appropriate financial and asset training, counseling, career or business planning and other services that will increase the self-reliance of the account holder and his/her household through achievement of the IDA's approved purposes. The personal development plan must be in conformance with ORS 458.680, these rules and other requirements of the Department.

(15) "Related funds" means contributions to fiduciary organizations for IDA program purposes that do not qualify for tax credits and supplemental funding from the Department for IDA program purposes.

(16) "Resident of this state" has the meaning given in ORS 316.027

(17) "Reverted funds" means matching IDA deposits that devolve to a fiduciary organization because of the termination or revocation of a person as an account holder or unused tax credit contributions or supplemental funds upon termination or revocation of a fiduciary organization or at the expiration of its program plan.

(18) "Supplemental funding" means funds provided by the Department to fiduciary organizations for program plan purposes.

(19) "Tax credit contributor" means a contributor who receives a corresponding tax credit as allowed in ORS 315.271.

(20) "Tax credit contributions" means funds obtained from tax credit contributors who, in return, earn a tax credit.

(21) "Trust Land" means all lands held in trust by the United States on behalf of an Indian Tribe or individual Indian.

Stat. Auth.: ORS 456.555, 456.625 & 458.700

Oregon Medical Board
Chapter 847

Rule Caption: Compliance with Board investigations and agreements
Adm. Order No.: OMB 1-2014
Filed with Sec. of State: 1-14-2014
Certified to be Effective: 1-14-14
Notice Publication Date: 11-1-2013
Rules Adopted: 847-001-0024
Subject: The new rule states that failure to comply with a Board investigation or failure to comply with a Board Agreement violates ORS 677.190(17) and is grounds for disciplinary action.
Rules Coordinator: Kimberly Fisher—(971) 673-2667

847-001-0024
Compliance

(1) Licensees and applicants must comply with a Board investigation, including responding to inquiries and providing requested materials within the time allowed and complying with a subpoena. Failure to comply with a Board investigation violates ORS 677.190(17) and is grounds for disciplinary action.

(2) Licensees and applicants must comply with the terms of all Board Orders and Agreements, including Corrective Action Agreements and Consent Agreements. Failure to comply with the terms of a Board Order or Agreement violates ORS 677.190(17) and is grounds for disciplinary action.

Rule Caption: Recognizes continuing medical education in cultural competency

Adm. Order No.: OMB 2-2014
Filed with Sec. of State: 1-14-2014
Certified to be Effective: 1-14-14
Notice Publication Date: 11-1-2013
Rules Amended: 847-008-0070
Subject: The rule amendment allows participation in cultural competency education to be counted toward the mandatory continuing education required of all Board licensees.
Rules Coordinator: Kimberly Fisher—(971) 673-2667

847-008-0070
Continuing Medical Competency (Education)

The Oregon Medical Board is committed to ensuring the continuing competence of its licensees for the protection, safety and well being of the public. All licensees must engage in a culture of continuous quality improvement and lifelong learning.

(1) Licensees renewing registration who had been registered with Active, Administrative Medicine Active, Locum Tenens, Telemedicine Active, Telemonitoring Active, or Teleradiology Active status for the previous registration period must demonstrate ongoing competency to practice medicine by:

(a) Ongoing participation in maintenance of certification by an American Board of Medical Specialties (ABMS) board, the American Osteopathic Association's Bureau of Osteopathic Specialists (AOA-BOS), the American Board of Podiatric Medicine (ABPM), the American Board of Podiatric Surgery (ABPS), the National Commission on Certification of Physician Assistants (NCCPA), or the National Certification Commission for Acupuncture and Oriental Medicine (NCCAOM); or

(b) 60 hours of continuing medical education (CME) per two years relevant to the licensee's current medical practice, or 30 hours of CME if licensed during the second year of the biennium, as follows:

(A) American Medical Association (AMA) Category 1;

(B) American Osteopathic Association (AOA) Category 1-A or 2-A;

(C) American Podiatric Medical Association's (APMA) Council on Podiatric Medical Education approved sponsors of continuing education; or

(D) American Academy of Physician Assistants (AAPA) Category 1 (pre-approved); or

(c) 30 hours of NCCAOM-approved courses per two years relevant to the licensee's current practice, or 15 hours if licensed during the second year of the biennium.

(2) Licensees renewing registration who had been registered with Emeritus status for the previous registration period must demonstrate ongoing competency by:

(a) Ongoing participation in re-certification by an ABMS board, the AOA-BOS, the ABPM, the ABPS, the NCCPA, or the NCCAOM; or

(b) 15 hours of CME per year as follows:

(A) AMA Category 1 or 2;

(B) AOA Category 1-A, 1-B, 2-A or 2-B;

(C) APMA-approved continuing education; or

(D) AAPA Category 1 or 2; or

(c) 8 hours of NCCAOM-approved courses.

(3) Licensees who have lifetime certification without participation in maintenance of certification with the ABMS, AOA-BOS, ABPM, ABPS, or NCCPA must submit the required CME in section (1) (b) of this rule or section (2)(b) of this rule if renewing with Emeritus status.

(4) Licensees who have lifetime certification without participation in maintenance of certification with the NCCAOM must submit the required CME in section (1)(c) of this rule or section (2)(c) of this rule if renewing with Emeritus status.

(5) CME in cultural competency is considered relevant CME for the current practice of all licensees and may be used toward satisfying the required CME hours.

(6) Licensees who perform Level II office-based surgical procedures and who are not eligible or maintaining certification with an ABMS, AOA-BOS, ABPM, ABPS or NCCPA specialty board, must obtain 50 hours of CME each year. The CME hours must be relevant to the surgical procedures to be performed in the office-based facility and must be accredited as described in section (1)(b) of this rule. This requirement may not be satisfied with cultural competency CME or other CME that is only generally relevant to the licensee's practice.

(7) The Board may audit licensees for compliance with CME. Audited licensees have 60 days from the date of the audit to provide course certificates. Failure to comply or misrepresentation of compliance is grounds for disciplinary action.

(8) As the result of an audit, if licensee's CME is deficient or licensee does not provide adequate documentation, the licensee will be fined $250 and must comply with CME requirements within 120 days from the date of the audit.

(a) If the licensee does not comply within 120 days of the date of the audit, the fine will increase to $1000; and

(b) If the licensee does not comply within 180 days of the date of the audit, the licensee's license will be suspended for a minimum of 90 days.

(9) The following licensees are exempt from this rule:

(a) Licensees in residency training;

(b) Licensees serving in the military who are deployed outside Oregon for 90 days or more during the reporting period; and

(c) Volunteer Camp licensees.

Rules Coordinator: Kimberly Fisher—(971) 673-2667

847-020-0110
Application for Licensure

(1) Any person who wishes to practice medicine in this state beyond the first post-graduate training year must apply for an Oregon license to practice medicine.

(2) When applying for licensure, the applicant must submit to the Board the completed application, fees, documents and letters.

(3) A person applying for licensure under these rules who has not completed the licensure process within a 12 month consecutive period must file a new application, documents, letters and pay a full filing fee as if filing for the first time.

(4) The applicant may be required to appear before the Board for a personal interview regarding information received during the processing of the application. Unless excused in advance, failure to appear before the Board for a personal interview violates ORS 677.190(17) and may subject the applicant to disciplinary action.

Qualifications

On or after January 25, 2008, an applicant for licensure as a physician assistant in this state must possess the following qualifications:

(1) Have successfully completed a physician assistant education program which is approved by the American Medical Association Committee on Allied Health Education and Accreditation (C.A.H.E.A.), the Commission on Accreditation for Allied Health Education Programs (C.A.A.H.E.P.), or the Accreditation Review Commission on Education for the Physician Assistant (A.R.C.P.A.).

(2) Have passed the Physician Assistant National Certifying Examination (PANCE) given by the National Commission on Certification of Physician Assistants (N.C.C.P.A.).

(a) The applicant may take the PANCE once in a 90-day period or three times per calendar year, whichever is fewer.

(A) The applicant has no more than four attempts in six years to pass the PANCE. If the applicant does not pass the PANCE within four attempts, the applicant is not eligible for licensure.

(B) An applicant who has passed the NCCPA certification exam, but not within the four attempts required by this rule, may request a waiver of this requirement if he/she has current certification by the NCCPA.

(b) Those who have met the requirements of section (1) of this rule may make application for a Limited License, Pending Examination before passing the PANCE examination with the stipulation that if the examination is not passed within one year from the date of application, the Board withdraws its approval.

(3) Applicants seeking prescription privileges must meet the requirements specified in OAR 847-050-0041.

Limited License, Pending Examination

(1) An applicant for a Physician Assistant license who has successfully completed a physician assistant education program approved by the American Medical Association Council on Allied Health Education and Accreditation (C.A.H.E.A.), or the Commission on Accreditation for Allied Health Education Programs (C.A.A.H.E.P.), or the Accreditation Review Commission on Education for the Physician Assistant (A.R.C.P.A.) but has not yet passed the Physician Assistant National Certifying Examination (PANCE) given by the National Commission for the Certification of Physician Assistants (N.C.C.P.A.) may be issued a Limited License, Pending Examination, if the following are met:

(a) The application file is complete with the exception of certification by the N.C.C.P.A; and

(b) The applicant has submitted the appropriate form and fee prior to being issued a Limited License, Pending Examination.

(2) A Limited License, Pending Examination may include prescriptive privileges for Schedules III through V if the supervising physician specifies these prescription privileges for the physician assistant in the practice agreement;

(3) A Limited License, Pending Examination may be granted for one year, and may not be renewed.

(4) Upon receipt of verification that the applicant has passed the N.C.C.P.A. examination, and if their application file is otherwise satisfactorily complete, the applicant will be considered for a permanent license.

(5) The Limited License, Pending Examination will automatically expire if the applicant fails the N.C.C.P.A. examination.

Limited License, Pending Examination

(1) An acupuncturist who meets all requirements for Oregon acupuncture licensure but has not yet passed the acupuncture certification examination given by the National Certification Commission on Acupuncture and Oriental Medicine (N.C.C.A.O.M.) may be issued a Limited License, Pending Examination for the purpose of obtaining clinical training in Oregon under the supervision of a Board approved clinical supervisor for a period of one year if the following criteria are met:

(a) The application file is complete.

(b) Certification by the N.C.C.A.O.M. is pending.

(c) The clinical supervisor approved to supervise the applicant meets the qualifications in OAR 847-070-0017 and is on-site and available to supervise at all times when the applicant is training.

(d) The applicant has submitted the appropriate form and fee prior to being issued a Limited License, Pending Examination.

(2) Any person obtaining clinical training under a Limited License, Pending Examination must identify themselves to patients as an acupuncture trainee and wear a name tag identifying themselves as a trainee.

(3) A Limited License, Pending Examination may be granted for one year and may not be renewed.

(4) Upon receipt of verification that the applicant has passed the acupuncture certification examination given by the N.C.C.A.O.M., and if the applicant's application file is otherwise satisfactorily complete, the applicant shall be scheduled for approval of permanent licensure.

(5) The Limited License, Pending Examination will automatically be canceled if the applicant fails the acupuncture certification examination given by the N.C.C.A.O.M..

Certified to be Effective: 1-14-14
Notice Publication Date: 11-1-2013
Rules Amended: 847-070-0019
Subject: The rule amendment allows personal interviews to occur at a time other than at the biannual Acupuncture Committee meetings and states that failure to appear for a personal interview is a violation of ORS 677.190(17), and the applicant may be subject to disciplinary action.
Rules Coordinator: Kimberly Fisher—(971) 673-2667

847-070-0019
Interview and Examination

(1) In addition to all other requirements for licensure, the Board may require an applicant to appear for a personal interview regarding information received in the application process. Unless excused in advance, failure to appear before a Committee of the Board for a personal interview violates ORS 677.190(17) and may subject the applicant to disciplinary action.

(2) If there is reasonable cause to question the qualifications of an applicant, or if an applicant has not practiced as an acupuncturist for a period of twenty-four (24) or more consecutive months prior to application for Oregon licensure, the Board in its discretion may require the applicant to do one or more of the following:

(a) Pass the N.C.C.A.O.M. Acupuncture Certification Examinations.

(b) Pass an evaluation which may be written, oral, practical, or any combination thereof.

(c) Provide documentation of current N.C.C.A.O.M. Acupuncture certification.

(d) Document 15 hours of continuing education acceptable to the Board for every year the applicant has ceased practice prior to application for Oregon licensure. Continuing education that meets N.C.C.A.O.M.'s recertification requirements would qualify as Board approved continuing education.

(e) As a condition of licensure, complete a mentorship of no less than 20 hours under a Board approved clinical supervisor who must individually supervise the applicant. The clinical supervisor must report the successful completion of the mentorship to the Board.

(3) An applicant shall be required to pass an open-book examination on the Medical Practice Act (ORS Chapter 677) and Oregon Administrative Rules (OAR chapter 847, division 70).

Definitions

(1) "State and local agency" means a state or local government office, department, division, bureau, board, or commission that is assigned, renting, leasing, owning or controlling office space for carrying out its duties either in one or multiple locations. 'State or local agency' includes the legislative assembly (i.e. legislators) when in regular session.

(2) "Employers with 250 or more full-time employees" mean employers with 250 or more full time employees in Oregon, who are not state and local agencies.

(3) "Office Building" means a building whose primary function is office work. It does not include those non-office buildings whose primary function is manufacturing, assembly, warehouse, laboratory, maintenance,

or other non-office situations. Employers are encouraged to hold drills in non-office environments.

(4) "Earthquake drill", as outlined in guidelines established by Oregon Office of Emergency Management.

104-020-0020
Drill Requirements

Those required to conduct the drill are certain office employees of state and local agencies and certain office employees of other employers who have 250 or more full-time employees.

(1) State and local agencies

(a) State and local agencies fall under the drill requirement regardless of the type (full and part time) and number of employees and number of works sites.

(b) All office employees are required to drill, except where there is a mix of office and non-office employees at a work site. If the office employees at a mixed work site are in the majority they are required to drill. If not, they are not required to drill. If an agency has more than one work site, each work site is evaluated separately according to this majority rule. A work site is defined as a site that has one street address, which may contain one or more buildings.

(2) Private and non-governmental employers with 250 or more full time employees

(a) Employers with 250 or more full time employees fall under the drill requirement regardless of the number of work sites. The 250 or more full-time employees include all full time employees.

(b) All office employees (including both full and part time) are required to drill, except where there is a mix of office and non-office employees at a work site. If the office employees at the mixed work site are in the majority they are required to drill. If not, they are not required to drill. If an employer has more than one work site, each work site is evaluated separately according to this majority rule. A work site is defined as a site that has one street address, which may contain one or more buildings.

104-020-0030
Drill Guidelines

(1) The earthquake drill shall be the drop, cover and hold on, or if not possible, other protective action. Written information on pre-designated evacuation routes and procedures for exiting the building shall be made available to employees.

(2) The employer, state, or local agency may drill earthquake response procedures in addition to "drop, cover, and hold on" when it is determined on scientific evaluation of specific engineering and structural issues related to a building and with the consultation of state and local emergency management, that "drop, cover, and hold on" may not be the most effective earthquake emergency response procedure to prevent or limit injury or loss of life.

(3) Entities are encouraged to participate in the annual state-wide "drop, cover, and hold on" earthquake drill.

(4) Guidelines for the drill and evacuation procedures are posted on the web sites of Oregon Office of Emergency Management (OEM) and the Oregon Department of Geology and Mineral Industries (DOGAMI).

Stat. Auth.: Ch. 366, OL 2001
Stats. Implemented: Ch. 366, OL 2001

104-020-0040
Drill Records

(1) Each state and local agency and employer with 250 or more full-time employees shall maintain a file that documents the date the earthquake drill was conducted. The file can be either maintained at one central location, for those agencies or employers that have multiple locations, or maintained at each location. If maintained at a central location, the record shall be kept in the office of the agency or company head. If maintained at each agency location, then the record shall be kept in the office of the manager at that site.

(2) For those agencies, companies and organizations that fit the drill criteria, drill waivers may be granted each year in exceptional circumstances and for good cause. Petitions must be submitted by the executive head of the state agency, local agency, company, or organization requesting the waiver to the Earthquake Program Coordinator, Oregon Emergency Management, P. O. Box 14370, Salem, OR 97309-5062.

Oregon State Lottery
Chapter 177

Rule Caption: Clarifies that the Keno Multiplier does not apply to the Jackpot Bonus prizes; Housekeeping changes
Adm. Order No.: LOTT 7-2013
Filed with Sec. of State: 12-20-2013
Certified to be Effective: 1-1-14
Notice Publication Date: 12-1-2013
Rules Amended: 177-099-0095
Subject: The Oregon Lottery has amended the Keno Multiplier Option rule to clarify that the Keno Multiplier does not apply to the Jackpot Bonus prizes. Other amendments included housekeeping changes.
Rules Coordinator: Mark W. Hohlt—(503) 540-1417

177-099-0095
Keno Multiplier Option

(1) **General**: When the Keno Multiplier option is selected on a winning Keno or Special Keno game ticket, the prize amount is multiplied by the Keno Multiplier number. The Keno Multiplier number (1, 2, 3, 5, or 10) is randomly selected prior to each drawing.

(2) **Probability**: The following table sets forth the probability of the various Keno Multiplier numbers being selected during a single Keno Multiplier drawing: [Table not included. See ED. NOTE.]

(3) **Applicability**: A prize multiplied by the Keno Multiplier is subject to all Keno or Special Keno rules applicable to the particular prize won. The Keno Multiplier does not apply to the Keno Jackpot Bonus prizes.

(4) **Director's Authority**: The Director, in the Director's sole discretion, is authorized to initiate and terminate the Keno Multiplier option.

[ED. NOTE: Tables referenced are available from the agency.]

Notice of Proposed Rule

Prior to adopting, amending, or repealing a permanent rule, the State Marine Board will give notice of the intended action:

(1) In the Secretary of State's Bulletin referred to in ORS 183.360 at least 21 days prior to the effective date of the rule.

(2) By mailing or emailing notice to persons on the State Marine Board's interested parties list established pursuant to ORS 183.335(8) at least 28 days before the effective date of the rule.

(3) By emailing a copy of the notice to the legislators as specified in ORS 183.335(15) at least 49 days before the effective date of the rule.

(4) By sending notice to the following persons and organizations:

(a) State and federal agencies, if affected;

(b) Port and park and recreation districts in the area affected; and

(c) City and county officials in the area affected.

Policy

(1) It is the policy of the State Marine Board to promote multiple use and enjoyment of waters of the state for a variety of boating activities. The Board recognizes and will uphold to the extent practicable the universal right of the public to navigate and use the waters of the state for boating.

(2) The Board is authorized to regulate through administrative rules boating in specific locations or on specific waterways in the interest of protecting public safety, property, water quality, fish and wildlife resources or for the purpose of reducing excessive congestion and conflict between users, and promoting uniformity of laws pertaining to such use.

(3) The Board will seek to resolve problems arising from or between boating activities on a waterway by using a variety of management measures including education, information, signing, voluntary restrictions or increased law enforcement of existing laws before acting to restrict public use and enjoyment of boats.

(4) It is the policy of the Board to exercise its regulatory authority based upon sufficient information, public testimony or evidence that establishes a demonstrated need to enact administrative rules.

(5) The Board will seek the concurrence and recommendations of affected local jurisdictions and authorities before adopting regulations for local waterways.

Stat. Auth.: ORS 830.110
Stats. Implemented: ORS 830.175
Hist.: OSMB 2-2014, f. & cert. ef. 1-15-14

250-001-0060
Scope of Rules

(1) The Board may regulate watercraft on all waters of this state. The Board's primary interest lies in waterways where public access for boating is provided, available, allowed, or reasonably accomplishable and is commonly or frequently used by the general boating public.

(2) The Board will not normally regulate waters of this state which are surrounded exclusively by privately owned lands, are sufficiently small so as to preclude access or severely limit public boating use, or are inaccessible to the general boating public by ordinary and usual means.

(3) Restrictions on boats and boat operations adopted by the Board in compliance with statutory authorization shall apply to all watercraft including boats used for commercial activities, excluding:

(a) Watercraft used for the law enforcement activities of authorized public safety agencies;

(b) Search and rescue activities conducted by or under the direction of these agencies; and

(c) Watercraft used for administrative or management functions performed by public agencies with jurisdiction over the subject waters or adjacent lands.

Rule Caption: Move the western deadline of the wake-enhancing device exclusion zone on the Willamette River.
Adm. Order No.: OSMB 3-2014
Filed with Sec. of State: 1-15-2014
Certified to be Effective: 1-15-14
Notice Publication Date: 9-1-2013
Rules Amended: 250-020-0032, 250-020-0385
Subject: The agency modified the rule to shorten the wake enhancing device exclusion zone area by moving the deadline from the Hwy. 219 Bridge to RM 47. This rule is effective May 1, 2014 and will sunset October 31, 2014
Rules Coordinator: June LeTarte—(503) 378-2617

250-020-0032
Boat Operations on the Willamette River in Clackamas County

(1) No person shall operate a motorboat in excess of 10 MPH in the following areas:

(a) Between the southern shore of Hog Island and the mainland;

(b) Within 100 feet of the west shore, between RM 30.0 and 30.5.

(2) No person shall operate a boat:

(a) Downstream from Oregon City Falls in an area from the base of the falls to a line across the river between the northeast corner of the Crown Zellerbach's Mill A Grinder Room on the west bank of the river to the southwest corner of Publisher's Paper Company Power Plant on the east bank of the river as marked;

(b) In the area commonly known as the "cul-de-sac" or the Simpson Paper Company tailrace; beginning at the mouth of the tailrace on the south bank then extending across the tailrace following the line established by the bridge across the tailrace to the north bank, then in a westerly, southerly, and easterly direction around the bank of the tailrace to the place of beginning.

(c) Exceptions:

(A) Boats of any federal, state, county, or local governmental agency and Portland General Electric Sullivan Plant and Crown Zellerbach Corporation Mill maintenance crews may operate in the closed area when on official business;

(B) Boats used in taking lamprey under a permit issued by the State Department of Fish and Wildlife may operate in the closed area subject to the conditions specified in the permit.

(3) No person shall operate a boat at a speed in excess of a "Slow — No Wake" maximum 5 MPH speed on the following waters:

(a) Cedar Island lagoon;

(b) From the north point of the eastern spit of Cedar Island 100 yards due north and thence due west to the shore line;

(c) Within 200 feet of a designated public launching ramp and/or marked swimming area;

(d) Within 200 feet of shore adjacent to George Rogers Park (Lake Oswego), from the southern bank of Sucker Creek north along the west bank of the Willamette, to a point 200 yards north of the boat ramp, as posted;

(e) From the I-5 Boones Bridge west approximately 1,700 feet to the Railroad Bridge.

(4) No person shall operate a personal watercraft in continuous operation on the Willamette River between Hog Island and the Union Pacific Railroad Bridge during the period from May 1 through September 30, except to transit through this zone.

(5) On the Willamette River from the Hwy 219 Bridge at RM 48.5 to the upper end of Willow Island at RM 31.5, the following rules apply:

(a) No person shall operate a motorboat at a speed in excess of a "Slow — No Wake" maximum 5 mph speed within 100 feet of private

docks, boathouses or moorages legally permitted by the Oregon Department of State Lands.

(b) No person shall use wake-enhancing devices, including ballast tanks, wedges or hydrofoils or other mechanical devices, or un-even loading of persons or gear, to artificially operate bow-high.

(c) Effective 12:01 am, May 1, 2014 and ending October 31, 2014, 11:59 pm, the use of wake-enhancing devices from the Hwy 219 Bridge at RM 48.5 to RM 47 are allowed.

Rule Caption: Amend Guide Advisory Committee membership rules and maintain Columbia River reciprocity
Adm. Order No.: OSMB 4-2014
Filed with Sec. of State: 1-15-2014
Certified to be Effective: 1-15-14
Notice Publication Date: 12-1-2013
Rules Adopted: 250-016-0090
Rules Amended: 250-016-0080
Subject: This rule established a new process of Guide Advisory Committee membership appointment and maintained reciprocal operations on the Columbia River with the state of Washington in compliance with 2013 Oregon Legislative action, HB 2039.
Rules Coordinator: June LeTarte—(503) 378-2617

250-016-0080
Reciprocity Provisions for Outfitters and Guides on the lower Columbia River downstream of the bridge at Longview — Rainier

(1) The purpose of this rule is to give outfitters and guides operating on the lower Columbia River downstream of the Lewis and Clark Bridge at Longview — Rainier the opportunity to share in the reciprocity between Oregon and Washington regarding the licensing of charter vessels. Reciprocity avoids the conflict, confusion and difficulty of attempting to find the exact location of the state boundary in or on the waters of the Columbia River downstream of the bridge at Longview — Rainier while operating on the lower Columbia River.

(2) ORS 830.435(2) allows persons with a license or registration issued by the State of Washington to engage in the business of carrying passengers for hire for angling, sightseeing or other recreational purposes in Oregon ocean waters north of Cape Falcon or in the Columbia River as long as the State of Washington maintains provisions that allow vessels with an Oregon charter guide registration to engage in these activities in Washington ocean waters south of Leadbetter Point and in the Columbia River.

(3) The Revised Code of Washington RCW 77.65.010(3) provides authority for reciprocity between Washington charter boat licenses and equivalent Oregon licenses on the Columbia River, if the director of the Washington Department of Fish and Wildlife identifies what Oregon licenses are equivalent to a Washington charter boat license, and if Oregon recognizes as valid the equivalent Washington license.

(4) ORS 704.025(1) provides that the State Marine Board may adopt rules that exempt persons possessing a valid Washington license, permit or registration from the outfitter and guide registration required under Chapter 704, if the Board determines the license, permit or registration requirements of Washington are comparable to those of Oregon. Washington has decided to grant reciprocity to Oregon Ocean Charter boats on the lower Columbia River (WAC 220-20-005).

(5) The Marine Board finds that a Washington charter license issued under RCW 77.65.150 is comparable to an Oregon Ocean Charter license and a charter guide registration for the carrying of passengers for hire for angling purposes on the lower Columbia River downstream of the Lewis and Clark bridge at Longview-Rainier.

(6) The reciprocity provisions of this rule, and those of the State of Washington, do not authorize the launching, pick-up or discharge of passengers for any purpose in a state other than the state where the outfitter and guide is registered or charter vessel is licensed.

Stat. Auth.: ORS 830.110 & 830.435
Stats. Implemented: ORS 704.025

250-016-0090
Guide Advisory Committee; Charter Representation

(1) The Guide Advisory Committee (GAC) shall be composed of eight members from seven active organizations that represent or include licensed outfitters and guides.

(2) Two GAC members shall be from the organization of outfitters and guides with the most documented members active at the time of appointment.

(3) An active organization is one that:

(a) Convened and recorded at least one meeting of the general membership in the previous 12 month period;

(b) Has a verifiable roster of members that includes currently registered outfitters and guides; and

(c) Has a charter or bylaws by which it conducts its regular business.

(4) Members shall represent outfitters and guides but do not need to be a currently licensed outfitter and guide.

(5) GAC members shall serve no more than two consecutive four-year terms.

(6) Vacancies shall be filled through a process described by a GAC charter agreement and will include a process to limit annual turnover to less than half the GAC.

(7) One of the three public members selected by the Board for the GAC may represent charter boats as defined in ORS 830.430.

(8) The GAC will be chaired by a non-voting employee of the Oregon State Marine Board.

(9) The GAC will have no fewer than two meetings annually; timing will be determined through GAC charter agreement.

Definitions

As used in this Division:

(1) "Approved" means those items accepted and formally approved for use by the U.S. Coast Guard.

(2) "Inland Charter Boat" means a vessel used in the business of carrying passengers for hire for angling, sightseeing or other recreational purposes solely on state waters.

(3) "Open Boat(s)" means motorboats with engine and fuel tank compartments and other spaces so constructed as to be open to the atmosphere thereby preventing entrapment of flammable gases.

(4) "Passenger Vessel" has the meaning prescribed in Title 46.70.10-1 of the Code of Federal Regulations (CFR), effective January 1, 2014.

(5) "Small Passenger Vessel" has the meaning prescribed in Title 46.170.055(y) of the Code of Federal Regulations (CFR), effective January 1, 2014.

250-015-0005
License Application and Fees

(1) An owner shall make application to the Board by completing and signing the Charter Boat License application as provided by the Board.

(2) The applicant must certify in the space provided that the boat complies with the equipment requirements established by the Board.

(3) The completed application must be accompanied by copies of:

(a) The current U.S. Coast Guard "Certificate of Inspection" (if an inspected boat); or

(b) Documents prescribed in OAR 250-015-0035.

(4) The charter boat operator must be in possession of a valid USCG Operators License appropriate for the area of operation.

(5) Upon approval of the application a charter boat license, decal and validation sticker shall be provided to the applicant:

(a) The Oregon charter boat license issued shall identify the applicant, the boat, whether or not the boat operates within 20 or less miles from shore, the license expiration and such other items as deemed appropriate by the Board. It shall be carried on board and made available upon demand of a peace officer;

(b) The charter boat decals shall be of such size and color as designated by the Board and shall be displayed in any visually unobstructed location on the boat's port and starboard cabin sides or windows, or in the case of an open boat, at or near the operator's position, port and starboard, in as highly visible a location as possible. The validation sticker shall be affixed to this decal in the space provided.

Reciprocity Provisions for Charter Boats on the Columbia River

(1) The purpose of this rule is to implement reciprocity between Oregon and Washington regarding the licensing of charter boats on the Columbia River downstream of the bridge at Longview, Washington. Reciprocity avoids the conflict, confusion and difficulty of attempting to find the exact location of the state boundary in or on the waters of the Columbia River when carrying passengers for hire for angling, sightseeing or other recreational purposes on licensed charter boats.

(2) The reciprocity provisions of this rule and the reciprocity provisions adopted by the State of Washington, do not authorize the launching, pick-up or discharge of passengers for any purpose in a state other than the state where the charter boat is licensed.

250-015-0008
License Transfer, Cancellation or Suspension

(1) When a licensed charter boat is sold or otherwise transferred to new ownership the former owner(s) must notify the Board within 15 days of such ownership change by completing the license transfer portion of the charter boat license and submitting it to the Board with the application.

(2) The license transfer portion shall contain such information as is needed to determine whether the valid charter boat license:

(a) Is transferred to the new owner upon sale or transfer of the boat;

(b) Remained with the former owner and will be assigned to a replacement boat; and

(c) The identifying number of such replacement boat.

(3) It shall be the responsibility of the former owner to remove or have removed the assigned charter boat license decals and validation stickers when the license is not transferred with the boat.

(4) Upon determination of the license disposition a new or replacement license will be issued to the appropriate licensee.

(5) A charter boat license may be suspended when a licensee fails to maintain, in full force and effect, the required liability insurance.

Equipment Requirements

(1) The following Titles and Parts of the Code of Federal Regulations (CFR), that are in effect on January 1, 2014, are by this reference hereby adopted and made part of this rule Title 46 CFR Parts 15.401; Title 46 CFR Parts 25.25-1, 25.25 -5, 25.30-10(d), 25.30-20(a), 25.35-1 & 25.40; Title 46 CFR Part 26.20-1Title 46 CFR Part 130.330; Title 46 CFR Part 160.054-4; Title 46 CFR Parts 180.15, 180.64 & 180.70; Title 46 CFR Parts 182.520, [182.520(a) & 180] 182.530; Title 46 CFR Parts 184.300, 184.402, 184.404 & 184.410; Title 47 CFR Parts 80.905(a)(1) & (2), 80.933(b) & 80.1051.

(2) Specific safety equipment requirements are dependent upon a vessel's operational distance from shore. All required equipment shall be in proper working order. The Code of Federal Regulations is available online.

250-015-0022
Navigation Equipment

Each vessel shall have installed a RADAR or a GLOBAL POSITIONING SYSTEM (GPS) navigation system. It shall be capable of providing the operator with rapid, reliable vessel positioning information. Portable or hand-held GPS is allowable on uninspected vessels less than 26 feet of open construction as an alternative means of compliance.

250-015-0026
Light/Smoke Flares

Vessels operating in ocean or coastal waters and bays/rivers, with an opening to the seas of 2 miles or more, are required to carry light and or smoke flares as follows:

(1) One electronic distress light, or 3 approved flares; and

(2) One distress flag or 3 approved flares or 3 approved smoke signals.

250-015-0035
Charter Boats Operating on Sole State Waters

(1) A Charter boat may not be operated on sole state waters unless the vessel is:

(a) Licensed by the US Coast Guard and is operated within the specifications of the vessel's Certificate of Inspection; or

(b) Licensed as an Inland Charter Boat by the Oregon State Marine Board.

(c) Operated by a USCG-licensed mariner with an Operator's License appropriate to the type of operation conducted.

(2) An Inland Charter License will not be issued until the following documents, in addition to the charter boat application documents, have been provided and approved by the Marine Board:

(a) A Marine Survey conducted by a person certified by the National Association of Marine Surveyors (NAMS) or accredited by the Society of Marine Surveyors (SAMS).

(A) The Marine Survey must be complete as per NAMS or SAMS professional standards.

(B) Marine Survey will be completed out of water except by special exemption of the Board and must include a sea trial.

(C) All issues, problems, concerns or recommendations noted in the Marine Survey must be addressed to the satisfaction of the Surveyor before the Marine Board can approve the Marine Survey.

(D) Marine Survey report shall include internal and external pictures of the vessel, its machinery and furnishings.

(b) A stability test and capacity designation signed by a certified Naval Architect who is a registered professional engineer, except as provided in paragraphs (2)(b)(A) and (2)(b)(B) of this section.

(A) The stability test may be dispensed with, or a deadweight survey may be substituted for the stability test, if the Marine Board has a record of, or is provided with, the approved results of a stability test of a sister vessel.

(B) The stability test of a vessel may be dispensed with if the Marine Surveyor determines that an accurate estimate of the vessel's lightweight characteristics can be made and that locating the precise position of the vessel's vertical center of gravity is not necessary to ensure that the vessel has adequate stability in all probable loading conditions.

(3) The Marine Survey for an Inland Charter License must be successfully completed every three years before a new charter license will be issued.

(4) A dock-side inspection will be conducted annually by a Marine Board designated law enforcement officer to ensure the vessel complies with life jacket, sound-making device, fire extinguisher and vessel lighting requirements.

(5) Before getting underway on a voyage or as soon as practicable thereafter, the operator of an Inland Charter shall ensure that suitable public announcements are made informing all passengers of the following:

(a) The location of emergency exits, survival craft embarkation areas, and ring life buoys;

(b) The stowage location(s) of life jackets;

(c) The proper method of donning and adjusting life jackets of the type(s) carried on the vessel including a demonstration of the proper donning of a life jacket;

(d) The location of the instruction placards for life jackets and other lifesaving devices; and

(e) That all passengers will be required to don life jackets when possible hazardous conditions exist as directed by the operator.

Oregon State Treasury
Chapter 170

Rule Caption: Tightens language assuring repayment by school districts under Oregon School Bond Guaranty Program
Adm. Order No.: OST 1-2014(Temp)
Filed with Sec. of State: 1-15-2014
Certified to be Effective: 1-15-14 thru 7-14-14
Notice Publication Date:
Rules Amended: 170-063-0000
Subject: The proposed rule tightens the qualifications and clarifies various aspects of state aid intercept related to the OSBG program for school and community college district General Obligation bonds, including amendments that:

(1) Tighten procedures surrounding qualification for the program for schools and community college districts. In the future, a district's combined projected future annual guaranteed debt service cannot exceed 80% of its annual State aid unless it provides additional collateral as security or bond insurance to reimburse the State Treasury for any debt service payments made on its behalf.

(2) Require districts to affirmatively pledge their taxing power and full faith and credit to repay Oregon State Treasury for any payments made on the district's behalf.

(3) Modify filing dates for submission of materials to Oregon State Treasury (OST) in order to allow a thorough financial analysis prior to receiving Oregon School Bond Guaranty qualification and guaranty confirmation.

Rules Coordinator: Dan McNally—(503) 373-1028

170-063-0000
Oregon School Bond Guaranty Program

(1) Definitions. For purposes of this rule, the following definitions shall apply:

(a) "OST" means the Office of the State Treasurer.

(b) The "Act" means the Oregon School Bond Guaranty Act set forth in ORS 328.321 to 328.356.

(c) "Authorized District Official" means the chairperson of the board, the superintendent, president, or business administrator for the School District, or other designee of the board.

(d) "Business Day" means any day on which the offices of the State Treasurer are open to the public for the conduct of substantially all of the powers and duties of the agency. Saturdays, Sundays, or state holidays or any other day recognized by state government as a holiday or a day on which the State Treasurer's offices are officially closed to the public shall not be considered a Business Day.

(e) "Certificate of Qualification" means a letter from OST pursuant to Section 4 of the Act.

(f) "Determination of Ineligibility" means a letter from OST pursuant to Section 5 of the Act.

(g) "Guaranty Program" means the school bond guaranty program established by the Act.

(h) "Nationally Recognized Bond Counsel Firm" means a bond counsel firm listed in the most recent publication of The Bond Buyer's Municipal Market Place.

(i) "Qualified Bonds" means bonds that are originally issued as tax credit bonds under the Internal Revenue Code and any bonds resulting from a conversion of such tax credit bonds to an interest bearing format over and above interest payments that may be due and payable under the original terms of such tax credit bonds.

(j) "Qualified Paying Agent" means a paying agent acceptable to OST who agrees to comply with the applicable requirements of the Act and provides a letter to OST acknowledging as much.

(k) "School District" or "District" means a common or union high school district, an education service district, or a community college district.

(l) Terms not otherwise specifically defined herein shall have the meanings given in the Act.

(2) Request for Certificate of Qualification to Participate in Guaranty Program. School Districts may request a Certificate of Qualification at any time during the year by filing a Request for Certificate of Qualification. Such requests, however, must be submitted no less than 15 business days prior to sale of the bonds for which the guaranty, if granted, will apply. Requests, and all other written communications pursuant to the Guaranty Program, shall be submitted to OST as provided in OAR 170-055-0001(4), and shall include:

(a) The name, county, and district number (if applicable) of the requesting School District;

(b) The name of the business administrator or other contact person for the requesting School District;

(c) The mailing address, phone number, fax number, and e-mail address (if applicable) of the requesting School District;

(d) A statement of whether any of the School District's previously issued debt is covered by the Guaranty Program;

(e) A copy of the requesting School District's most recent audited financial statements, audit opinion, and management letter; and a statement by an Authorized District Official that they have not been contacted and are not participating in any investigation by an oversight agency or, alternatively, documentation of any conclusions reached by such agency regarding their activities.

(f) A listing of outstanding debt and associated debt service schedules, for debt issued by the School District since the date of its most recent financial audit;

(g) A certificate, signed by an Authorized District Official:

(A) Stating whether the requesting School District has ever failed to pay debt service on any of its bonds, certificates of participation, or other financial obligations when due, and explaining the circumstances and resolution of any such defaults or failures;

(B) Describing current lawsuits against the School District challenging the ability or authority of the School District to issue bonds or that may

materially affect the ability of the School District to make scheduled debt service payments on its bonds when due;

(C) Stating that the requesting School District has filed its current budget document(s) with the Oregon Department of Education, and in accordance with Oregon Local Budget Law;

(D) Stating the amount of debt the School District is authorized by law to incur, and stating that the requesting School District is within this limit;

(E) Describing the possible repayment structure of all bonds the School District may issue during the period of the requested Certificate of Qualification, including any Qualified Bonds. Such repayment structure shall cover the estimated debt service schedule and, for Qualified Bonds, include any scheduled deposits to a sinking fund and the interest rate to which such bonds may be converted, if they may be converted to an interest bearing format over and above interest payments that may be due and payable under the original terms of such bonds;

(F) Attesting to the accuracy and completeness of the materials provided; and

(G) Stating that the School District has engaged a Qualified Paying Agent, who, under the terms of the agreement between the two parties (the "Paying Agent Agreement"), has agreed to provide the School District with a written notification by January 15 of each year of the required debt service amounts (including any scheduled deposits to a sinking fund for Qualified Bonds) which are due in the then-current fiscal year and the following two fiscal years, such that the School District may have the proper information to levy adequate amounts for such payments coming due in the following fiscal years.

For example, a notification provided by January 15, 2010 shall include information on debt service due in the current FY 2010 year (July 1, 2009 through June 30, 2010), the FY 2011 year (July 1, 2010 through June 30, 2011), and FY 2012 year (July 1, 2011 through June 30, 2012).

(h) A non-refundable application processing fee as set forth in OAR 170-061-0015;

(i) An authorizing resolution of the School District that expressly authorizes the District to participate in the Guaranty Program and that affirmatively pledges the taxing power and full faith and credit of the District to payment of any payments made by the State Treasurer pursuant to ORS 328.341; and

(j) Any additional materials that may be required by OST in support of the request for participation in the Guaranty Program.

(3) Review of Request for Certificate of Qualification. Upon receipt of a request for a Certificate of Qualification, OST shall determine whether all items listed in section (2) of this rule have been provided, whether such items are current, and whether such items demonstrate that the requesting School District is likely to be able to repay any amounts paid by OST under ORS 328.341. To make its determination, OST may request additional information from the School District, as well as from any other person or entity that collects information pertaining to the financial well-being of the requesting School District.

(a) Any District submitting debt service schedules under Section 2 that indicate the amount of periodic debt service paid, or projected to be paid, by the District on all of its outstanding debt, including but not limited to the Oregon School Bond Guarantee program, fund diversion agreements for pension bonds, other state loans, and any additional debt anticipated at the time its request is submitted to OST, is equal to eighty (80) percent or more of the amount of funds transferred to, or projected to be transferred to, the District by the State of Oregon in any fiscal year that the requested guaranty would be in effect, will be considered a repayment risk by OST and OST will require the requesting District to pledge revenues or property to secure its repayment obligation to the State of Oregon or to purchase bond insurance or another form of credit enhancement acceptable to OST as a condition to issuance of a Certificate of Qualification;

(b) If after its review, OST determines that a District does not fall within the parameters set forth in paragraph (a) of this section but, due to other factors, the fiscal stability of the District may not be sufficiently strong to assure repayment to the State of Oregon of any amounts paid by OST under ORS 328.341, OST may require the requesting District to pledge additional revenues or property to secure its repayment obligation to the State of Oregon or to purchase bond insurance or another form of credit enhancement acceptable to OST as a condition to issuance of a Certificate of Qualification.

(4) Issuance of Certificate of Qualification. Upon determining that a School District is eligible to participate in the Guaranty Program, OST shall issue a Certificate of Qualification to the School District. A Certificate of Qualification will not apply to Qualified Bonds unless the School District indicated in its request for a Certificate of Qualification that it planned to issue Qualified Bonds under the Certificate of Qualification. The Certificate of Qualification:

(a) Shall evidence the School District's immediate qualification for the Guaranty Program contingent upon compliance with section (5) and all other sections of this rule for each bond issue contemplated for guaranty under the Act;

(b) Be valid for one year from the date of its issuance;

(c) May be applied to any or all general obligation bonds or general obligation refunding bonds issued by the School District during such one-year period that comply with this rule and the Act, except Qualified Bonds for which specific approval must be noted as set forth in OAR 170-061-0015(4)(d). A bond shall be considered issued as of its dated date.

(d) Will specifically state whether it applies to Qualified Bonds issued by the School District during the period of its validity.

(5) A School District that has received a Certificate of Qualification, but did not request Qualified Bonds to be included under the Certificate of Qualification, may submit an amended request at least one month prior to the scheduled issuance date for any Qualified Bonds requesting an amended Certificate of Qualification that specifically covers the Qualified Bonds, which request shall include the information required for such bonds in OAR 170-063-0000(2). OST shall act upon such request within five business days.

(6) School Districts to Provide Information Specific to Each Bond Issued Under the Program. A School District which has received a Certificate of Qualification may, while the Certificate of Qualification is in effect, obtain the state's guaranty of a series of its bonds under the Guaranty Program, by:

(a) Fully complying with Oregon Administrative Rule 170-61-0000 (Notice and Reporting Requirements by Public Bodies When Issuing Bonds), including providing notification on MDAC Form 1 to OST at least 10 business days prior to the marketing of any bonds referencing participation in the Guaranty Program, for the bonds which will be guaranteed (this may be submitted simultaneously with information described in section (2) of this rule);

(b) Submitting the following documents to OST at least five business days prior to the closing of the bonds to which the guaranty will apply:

(A) A copy of a resolution adopted by the board or governing body of the School District, authorizing the School District to issue the bonds and participate in the Guaranty Program;

(B) An opinion from a Nationally Recognized Bond Counsel Firm that the bonds, when issued, will be general obligation bonds as defined in the Act, and will be valid and binding obligations of the issuer;

(C) A certificate stating that no litigation is pending or threatened against the School District, questioning the authority of the School District to issue the bonds or levy taxes to pay the bonds;

(D) A specific statement as to whether any of the bonds will be Qualified Bonds; and

(E) Any additional materials that may be required by OST in support of the request for participation in the Guaranty Program, including but not limited to, any information or agreement requested by OST with respect to creation of sufficient debt service funds, assurance that any bond insurance, pledge of security or other credit enhancement required for issuance of the Certificate remains in effect and available, or other repayment mechanisms to pay any Qualified Bonds or to repay OST when payment is due.

(7) Letter of Confirmation. Not later than the day on which the bonds are scheduled to close, OST shall, if the Certificate of Qualification is in effect and the School District has complied with Section (5)(a) and (5)(b) of this rule, issue a letter of confirmation identifying the series of bonds to which the guaranty shall apply, and stating that the guaranty shall apply to that series of bonds if the series of bonds closes within 15 business days after the date of the letter, and there is filed with bond counsel a certificate, signed by an Authorized District Official and dated the date of the closing, stating that no litigation is pending or threatened against the School District which questions the authority of the District to issue the bonds or levy taxes to pay the bonds. If the series of bonds described in the letter of confirmation is closed within that 15 business day period, and the non-litigation certificate is filed with bond counsel as required by this Section, the series of bonds shall be guaranteed under the Guaranty Program, and the guarantee shall not be affected by any denial or revocation pursuant to Section 9 of this rule.

(8) Guaranty Fees. School Districts whose bonds are guaranteed by the state shall submit to OST, within 10 business days of closing of any guaranteed bonds, a fee as set forth in OAR 170-061-0015.

(9) Ratings. OST will undertake to have the Oregon School Bond Guaranty Program rated by one or more of the major debt rating agencies.

School Districts may contact the Debt Management Division of OST to determine which agencies have rated the program. School Districts proposing to issue bonds under the Guaranty Program may:

(a) Engage, at their own expense, one or more of the rating agencies to apply the rating of the Guaranty Program to their bonds; and

(b) At their discretion, and at their own expense, choose to obtain an underlying rating on the bonds.

(10) Denial or Revocation of Qualification/Determination of Ineligibility. OST may deny a School District's request for a Certificate of Qualification, or revoke a previously issued Certificate of Qualification, and issue a Determination of Ineligibility in accordance with the Act, if:

(a) The School District fails to meet the provisions outlined in the Act or any of the requirements outlined in this rule;

(b) The State has ever paid, pursuant to the Guaranty Program, any principal of or interest on any of the School District's bonds; or

(c) OST has reason to question the financial integrity of the School District, including but not limited to, whether sufficient funds exist to repay any outstanding Qualified Bonds when payment is due or to repay to the State of Oregon for any payments made by OST under ORS 328.341.

(11) Guaranty Final Upon Issuance. Pursuant to ORS 328.336, issuance of a Determination of Ineligibility shall not affect the validity of the state's guaranty of any outstanding bonds issued under a letter of confirmation pursuant to Section (6) of this rule.

(12) Reference to Guaranty. School Districts with a valid Certificate of Qualification, and that have complied with section (5) and all other sections of this rule, shall evidence the State's guaranty of the School District's bonds by:

(a) Referencing the guaranty on the cover of the preliminary official statement(s) and official statement(s), or other offering document(s), for the applicable bond(s);

(b) Referencing the guaranty on the face of the School District's applicable bond(s); and

(c) Including language describing the guaranty (to be provided by OST) in the School District's preliminary official statement(s) and official statement(s), or any other offering document(s), for the applicable bond(s). Language supplied by OST must be used in its entirety and may not be modified or amended.

(13) School Districts to Report Changes Affecting Qualification. School Districts who have had bonds guaranteed under the Guaranty Program shall promptly notify OST if at any time there are material changes or occurrences that might affect the School District's eligibility to qualify or maintain its qualification to participate in the Guaranty Program, including but not limited to:

(a) Failure to adopt a resolution or ordinance that formally adopts the budget, sets appropriations, and if needed, levies property taxes in accordance with Oregon local budget law;

(b) Failure to pay debt service on any outstanding bond, certificate of participation, or similar financial obligation; or

(c) Failure to establish or levy for debt service scheduled (including any sinking fund deposits) for Qualified Bonds or a material change in any other repayment mechanism for Qualified Bonds.

(14) Notice to OST of debt service payments. School Districts who are unable to transfer scheduled debt service payments to the paying agent 15 days prior to the payment date and Qualified Paying Agents who have not received sufficient funds 10 days prior to the payment date, shall provide notice to OST as provided in OAR 170-055-0001(4) and by telephone to (503) 378-4930 or email to DMD@ost.state.or.us.

(15) Notice to OST of sinking fund deposits. School Districts shall provide written verification that they have made any required sinking fund deposits for Qualified Bonds by May 1 of each year to their Qualified Paying Agents and such Qualified Paying Agent shall promptly notify OST if they do not receive such annual verification.

(16) Repayment. Respective School Districts are responsible for paying all of their obligations guaranteed by the State under the Guaranty Program and for the advance funding of any debt service fund established for such obligations. Any funds paid by the State on behalf of a School District under the Guaranty Program shall be recovered by OST in a manner consistent with the Act.

(17) Reporting on Debt Service Fund. Any School District with outstanding Qualified Bonds guaranteed under the Guaranty Program shall report to the OST at least annually the amount of moneys paid into the School District's debt service fund to pay the Qualified Bonds together with a calculation demonstrating that such advance payments are scheduled to be fully funded and sufficient to repay the Qualified Bonds in full when payment is due. To the extent moneys are not scheduled to be paid into the debt service fund on an annual basis, the School District in its notification shall demonstrate that current balances in the debt service fund, along with any future deposits, will be sufficient to repay the Qualified Bonds in full when due. School Districts with outstanding Qualified Bonds that are subject to conversion to taxable interest bearing bonds and any Qualified Paying Agents for such Qualified Bonds shall promptly notify OST of such conversion as provided in OAR-170-055-0001(4) and by telephone to (503) 378-4930 or email to DMD@ost.state.or.us.

(18) Interest. OST will charge interest in connection with the recovery of funds under the Act. Any interest charged will be in a manner consistent with the Act.

(19) Penalty. In addition to charging interest, OST may impose a penalty on a School District for which the State made a payment under the Guaranty Program. Any penalty imposed will be consistent with the Act.

(20) Exceptions. OST may waive any or all provisions of this rule to the extent provided by law.

(21) This rule shall be effective on the date that is adopted by OST and filed with the Secretary of State and its requirements shall apply to any Certificates of Qualification that are in effect on such date.

Oregon Youth Authority
Chapter 416

Rule Caption: Amending youth offender foster care certification rules adding cleanliness standard, clarifying definitions, deleting procedural language.
Adm. Order No.: OYA 1-2014
Filed with Sec. of State: 1-15-2014
Certified to be Effective: 1-15-14

Notice Publication Date: 10-1-2013
Rules Amended: 416-530-0000, 416-530-0010, 416-530-0020, 416-530-0030, 416-530-0035, 416-530-0040, 416-530-0050, 416-530-0060, 416-530-0070, 416-530-0080, 416-530-0090, 416-530-0100, 416-530-0110, 416-530-0125, 416-530-0130, 416-530-0140, 416-530-0150, 416-530-0160, 416-530-0170, 416-530-0200
Subject: Amending youth offender foster care certification rules to clarify definitions, foster parent responsibilities, adding a cleanliness standard and requirement for CPR/first aid certification. Agency procedural language is deleted.
Rules Coordinator: Winifred Skinner—(503) 373-7570

416-530-0000
Purpose

(1) OYA seeks to ensure community safety, youth offender accountability and youth offender reformation by providing youth offender foster care as an integral part of its continuum of services. OYA provides foster care for youth offenders who are 12 years of age through the age of 24. These rules establish OYA foster care standards for:

(a) The certification and re-certification process for foster parents;

(b) The standards that foster parents must meet while providing youth offender foster care services under the OYA Foster Care Program; and

(c) The process by which a certification to maintain a youth offender foster home may be placed on inactive referral status, terminated, suspended, or revoked.

(2) These rules apply to applicants seeking OYA certification, certified foster parents and respite providers, and Private Child-caring Agency proctor parents unless otherwise specified.

Stat. Auth.: ORS 420A.025, 420.892
Stats. Implemented: ORS 420.888 - 420.892

416-530-0010
Definitions

The following definitions apply to terms used in OAR chapter 416, division 530.

(1) Applicant: A person who applies for youth offender foster home certification to operate and maintain a foster home for youth offenders.

(2) Case plan: A formal plan with prescribed interventions and documentation requirements and a tool to assist staff in managing cases, setting goals and reviewing youth offenders' interventions and progress.

(3) Certification process: The process of initial application or recertification to operate and maintain a youth offender foster home.

(4) Computerized criminal records check: The access and use of automated or manual files, or associated systems available to OYA as a criminal justice agency through the Law Enforcement Data Systems (LEDS) including online information from the Federal Bureau of Investigation's (FBI) National Crime Information Center (NCIC), the Department of Human Services Child Welfare Information System (OR-Kids), and the National Law Enforcement Telecommunications System (NLETS).

(5) Criminal records check: The process used by OYA to conduct criminal records background checks on persons pursuant to these rules and OAR chapter 416, division 800, including computerized and fingerprint-based processes.

(6) Deadly weapon: Any instrument, article or substance specifically designed for, and presently capable of, causing death or serious physical injury.

(7) Denial: An action by OYA to deny youth offender foster home certification or re-certification.

(8) Discipline: A process by which foster parents and OYA sanction youth offenders for non-compliance with established rules of the foster home and conditions of probation or parole. Such sanctions assist youth offenders in developing the self-control and self-direction necessary to assume responsibilities, make appropriate daily living decisions, and learn to live in conformity with accepted levels of social behavior.

(9) Domestic animals: Any of various animals domesticated so as to live and breed in a tame condition as household pets. Examples of domestic animals include but are not limited to dogs, cats, and horses.

(10) Foster care maintenance payment: A monthly payment to the foster parent to defray expenses such as the youth offender's room, board, clothing, allowance, personal incidentals, transportation, respite services, educational supplies, and other costs approved by OYA.

(11) Foster Home Certifier: The OYA staff member responsible for the recruitment, training, certification, support and supervision of OYA foster homes.

(12) Foster parent: A person certified by OYA who is unrelated to a youth offender by blood or marriage and demonstrates special competence to supervise youth offenders with serious social or behavioral maladaptive characteristics in a youth offender foster home setting.

(13) Frequent visitor: A person who regularly visits a foster home more than five hours a week when youth offenders placed in the foster home are present.

(14) Home study: An assessment, conducted prior to issuance of a Youth Offender Foster Home Certificate, to determine an applicant's ability and suitability to provide foster care services to youth offenders

(15) Inactive referral status: A temporary change in the terms of youth offender foster home certification that precludes new referrals of youth offenders to the home.

(16) Information required: All information requested by OYA, including information used to conduct criminal records checks.

(17) Juvenile Probation/Parole Officer (JPPO): The OYA case manager who works with the youth offender and the youth offender's family and the community while the youth offender is in OYA custody.

(18) Mechanical restraint: Any apparatus, device, or contraption applied or affixed to a youth offender to limit movement.

(19) Member of the household: Any person, other than a youth offender, who lives in the youth offender foster home, on the property where the youth offender foster home is located, is a frequent visitor to the foster home or who assists in the care provided to a youth offender.

(20) Multidisciplinary Team (MDT): A group of persons including, but not limited to, OYA staff, the youth offender's biological and foster family and service providers responsible for developing, reviewing and revising comprehensive case plans for youth offenders.

(21) Psychotropic medications: Medication prescribed with the intent to affect or alter thought processes, mood, or behavior, including but not limited to, anti-psychotic, antidepressant, and anxiolytic medication and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed because it may have many different effects.

(22) Records: Any information in written or electronic form, pictures, photographs, charts, graphs, recordings, or documents pertaining to a youth offender's case.

(23) Respite care: A temporary arrangement between a foster parent and an OYA-certified respite provider to allow the foster parent(s) time away from a youth offender.

(24) Respite provider: An individual, at least 21 years of age and certified by OYA, who temporarily assists with supervision of one or more youth offenders when the foster parent is not available or is spending time away from a youth offender.

(25) Revocation: An action taken by OYA to rescind a Youth Offender Foster Home Certificate based on non-compliance with statute, administrative rule or the Youth Offender Foster Home Agreement.

(26) Second-hand smoke: Smoke that is exhaled by a smoker, or originates from a tobacco product that a person is using to which a second person is exposed, and includes smoke from a cigarette, cigar, pipe, or other tobacco material.

(27) Structured supervision: Supervision and knowledge of the approved whereabouts of a youth offender by a certified foster parent while the youth offender engages in daily living activities or recreation.

(28) Suspension: A temporary withdrawal of a youth offender foster home certification by OYA pending determination of the foster parent's non-compliance with statute, administrative rule or the Youth Offender Foster Home Agreement.

(29) Termination: An action taken by OYA or the foster parent to terminate the Youth Offender Foster Home Agreement.

(30) Volunteer: Any person who is not a foster parent or member of the household and who assists youth offenders in the home with activities for no compensation and under foster parent supervision.

(31) Youth offender: A person who has been found to be within the jurisdiction of the juvenile court under ORS 419C.005 for an act committed when the person was under 18 years of age.

(32) Youth offender foster home: A home in the community that is maintained and lived in by an OYA-certified foster parent who provides supervision, food, and lodging for a youth offender in that home.

(33) Youth Offender Foster Home Agreement: A written agreement between OYA and the foster parent stating mutual expectations of the parties.

(34) Youth Offender Foster Home Certificate: A certificate of approval, issued by OYA, granting approval to operate and maintain a youth offender foster home or provide respite care.

Stat. Auth.: ORS 420A.025

416-530-0020
Certification Process

(1) OYA seeks to recruit individuals who meet or exceed the qualifications described in these rules to provide foster care services to youth offenders. OYA further seeks to retain qualified foster parents who continue to provide an important component of the OYA service delivery system to youth offenders. In order to accomplish these objectives and to ensure that youth offenders receive services in a safe, respectful, rehabilitative, and positive atmosphere, OYA has developed a thorough certification process.

(2) The certification process is a partnership between the applicant or foster parent and OYA. The process allows for individuals interested in providing youth offender foster care services to ask questions about foster care standards, foster parent qualifications, foster home qualifications, and supervision of youth offenders and it allows OYA to assess the willingness, abilities, and suitability of applicants to provide such foster care services. The process also allows foster parents to review the prior year during the re-certification process and allows OYA to re-assess the foster parent's continued qualification, willingness and ability to provide services.

(3) The granting of a Youth Offender Foster Home Certificate is not a guarantee that youth offenders will be placed in the foster home.

(4) OYA has a responsibility to Oregonians to manage its resources within available funds. When the OYA Director or designee determines that funding for these resources is jeopardized or otherwise not available, the OYA Director may suspend recruitment of new foster home resources in areas where the availability of foster homes exceeds the need for placements.

416-530-0030
Application Process

Applicants for initial certification must:

(1) Complete and submit all forms required by OYA;

(2) Participate in home studies as required by OYA; and

(3) Provide all information required by OYA to verify compliance with these rules, including, but not limited to:

(a) Name(s), gender, address, birth date, social security number, and Oregon driver's license number of all applicants and members of the household;

(b) Names and addresses of at least four persons, three of whom are unrelated to the applicant, who have known the applicant for two years or more and who can attest to the applicant's ability to provide care and supervision to youth offenders. If applicants are applying for joint certification, each applicant must provide at least two different references unrelated to the applicant, who have known the applicant for two or more years, and who can attest to the applicant's ability to provide care and supervision to youth offenders;

(c) A statement as to whether the applicant or any member of the household has ever operated or currently is operating a licensed or certified care facility or foster home and reasons for the termination or closure of that license or certification;

(d) Documentation from the applicant and all members of the household regarding all criminal arrests, all charges, and all convictions including juvenile delinquency arrests, adjudications, and charges, the dates of offenses, and the resolution of those matters;

(e) Documentation from the applicant and all members of the household regarding all allegations or charges of abuse or neglect, with dates, locations, and resolutions of those matters;

(f) A statement fully disclosing all information or conditions which may disqualify the applicant or applicant's home from certification; and

(g) Proof of sufficient income to meet the needs and ensure the stability and financial security of the members of the household, independent of the foster care maintenance payment. OYA will request copies of pay stubs, W-2 forms, or recent tax returns as proof of income.

(4) Applicants must participate in a criminal records check process, as defined by these rules and OAR chapter 416, division 800.

(a) OYA requires a criminal records check, including fingerprints, for applicants and other members of the household 18 years of age and older.

(b) OYA requires a computerized criminal records check for members of the household 12 through 17 years of age.

(c) OYA may conduct criminal records checks anytime that OYA deems it necessary for the safety of youth offenders in the home.

416-530-0035
Application Process for Re-certification

A foster parent applying for re-certification must:

(1) Complete and submit all forms required by OYA;

(2) Provide information as requested by OYA to verify compliance with these rules;

(3) Participate in home studies as required by OYA;

(4) Provide documentation from the foster parent and all members of the household regarding all criminal arrests, all charges, and all convictions during the preceding year including juvenile delinquency arrests, adjudications, or charges, the dates of offenses, and the resolution of those matters;

(5) Provide documentation from the foster parent and all members of the household regarding all allegations or charges of abuse or neglect, with dates, locations, and resolutions of those matters;

(6) Provide proof of sufficient income to meet the needs and ensure the stability and financial security of the members of the household, independent of the foster care maintenance payment for the preceding year. OYA will request copies of pay stubs, W-2 forms, or recent tax returns as proof of income; and

(7) Participate in a criminal records check process, as defined by these rules and OAR chapter 416, division 800.

(a) OYA requires a criminal records check of all members of the household 18 years of age and older.

(b) The criminal records check of new members of the household must occur prior to the new member of the household establishing the foster home as a residence.

(c) OYA requires a computerized criminal records check for members of the household 12 through 17 years of age.

416-530-0040
Foster Parent Qualifications

Applicants must:

(1) Be at least 21 years of age;

(2) Meet the qualifications and standards described in these rules and OAR chapter 416, division 800;

(3) Certify in writing that the applicant meets the qualifications and standards described in these rules and OAR chapter 416, division 800 and has disclosed all potentially disqualifying information to OYA;

(4) Be a citizen or legal resident of the United States;

(5) Demonstrate the following personal qualifications:

(a) Be a responsible, stable, emotionally mature adult who exercises sound judgment and displays the capacity to meet the mental, physical and emotional needs of youth offenders placed in foster care.

(b) Understand the behaviors of youth offenders.

(c) Have knowledge and understanding of non-punitive discipline and ways of helping a youth offender build positive personal relationships, self-control, and self-esteem.

(d) Have respect for persons with differing values, lifestyles, philosophies, religious, and cultural identity and heritage.

(e) Be able to realistically evaluate which youth offenders they can accept, work with, and integrate into their family.

(f) Have supportive ties with family, friends, the neighborhood, and the community.

(g) Provide appropriate supervision to ensure community safety.

(6) Be physically and mentally able to perform the duties of foster care;

(a) OYA may require a medical statement from a physician verifying that the applicant or any member of the household is physically capable of supervising and caring for youth offenders.

(b) OYA may require the applicant to consent to the release of psychological, medical or physical, drug and alcohol, or other reports and eval-

uations to OYA for the consideration of the applicant's ability to supervise and care for youth offenders

(c) In the case of alcohol or substance abuse, the applicant must be able to provide evidence that the applicant has been substance-free and sober for at least two years prior to making application for certification.

(7) Be free from a professional or personal conflict of interest and unrelated by blood or marriage to youth offenders placed in their home. If the applicant is an OYA staff or works in a professional capacity which may contribute to a conflict of interest, the application and home study must be approved by the OYA Community Services Assistant Director, or designee; and

(8) Not have any documented incidents of abuse or neglect that resulted in a founded disposition by the Department of Human Services (DHS). OYA will conduct OR-Kids, checks at the time of certification and re-certification, at the time a foster home certified by another agency wishes to serve OYA youth offenders, and when OYA deems it necessary for the safety of youth offenders in the home.

416-530-0050
Certification

(1) The selection of individuals to provide foster care services to youth offenders is based on a number of criteria, not the least of which is the criminal records check on each foster parent, foster parent applicant, and member of the household. Certain criminal or other records will automatically preclude any further certification steps.

(a) Such records include but are not limited to a founded disposition of child abuse or neglect documented in OR-Kids.

(b) Applicants denied foster care certification or recertification as a result of a criminal record check will be provided written notice and may request a contested case hearing described in OAR 416 division 800.

(2) OYA may consider other available information when selecting individuals to provide foster care services to youth offenders, including information collected from the application, reference checks, interview results, safety checks of the proposed foster home, and any other information including information about other members of the household. Applicants denied foster care certification or recertification will be provided with written notice and may request a contested case hearing as described in these rules.

(3) OYA will determine which applicants undergo a complete certification process and which applicants are certified based on how well each applicant meets the requirements set forth in these rules.

(4) OYA will review the application and supporting documentation to determine compliance with these rules before making a decision to grant or deny an application for certification or re-certification.

(5) In addition to the application information, OYA may contact other relevant sources, including, but not limited to, schools, employers, and other persons such as the applicant's adult children.

(6) OYA will make its decision regarding certification within 90 days of the receipt of the application and all supporting documentation. OYA will make its decision regarding re-certification prior to the expiration of the current certification. OYA will not review the application for certification or re-certification unless all materials have been submitted by the applicant and received by OYA.

(7) OYA will issue a certificate only after an applicant successfully completes the application and certification process and satisfies all requirements.

(8) Certificates must state:

(a) The period of time for which it is issued;

(b) The name of the foster parents or respite provider;

(c) The address of the residence; and

(d) The number of youth offenders the home is certified to serve.

(9) Upon certification, the foster parent and OYA will enter into a Youth Offender Foster Home Agreement before youth offenders are placed in the foster home.

(10) OYA may deny certification or re-certification if:

(a) The applicant fails to meet the qualifications in these rules;

(b) The applicant falsifies information, either knowingly or inadvertently, by providing inaccurate information or by omitting information; or

(c) The applicant or any member of the household fails to meet the requirements of OAR chapter 416, division 800 or these rules.

416-530-0060
Foster Parent Duties and Responsibilities

(1) Governance

(a) Foster parents must comply with the standards of these rules and OYA procedures, including rules applicable to applicants.

(b) Foster parents must abide by the responsibilities described in the OYA Youth Offender Foster Home Agreement. This agreement will be signed at the time of initial certification and annually, thereafter.

(c) Foster parents must provide care and supervision in accordance with the youth offender's individual case plan.

(d) Foster parents must not leave youth offenders unsupervised in the foster home, except with prior written approval by the youth offender's JPPO and Foster Home Certifier specifying circumstances and length of time youth offender may be unsupervised.

(e) Foster parents must allow OYA access to the home, youth offenders, and foster care records, for the purpose of ongoing compliance monitoring.

(2) Training

(a) An applicant must complete an OYA-mandated pre-service training before the applicant is approved for certification.

(b) Foster parents must have a valid CPR/First Aid certificate. CPR/First Aid courses count toward the annual minimum training requirement.

(c) On an annual basis, thereafter, each foster parent must complete a minimum of 10 hours of training.

(d) All training must be provided or approved by OYA and must include educational opportunities designed to enhance the foster parent's knowledge, skills, and abilities to meet the special needs of youth offenders.

(A) If youth offenders are in the home and the annual training hours have not been completed, the youth offender foster home certification will be placed on inactive referral status. No additional youth offender referrals will be made until the training hours are completed.

(B) OYA may suspend a certificate if no youth offenders are currently in placement and the training requirements have not been met.

(3) Foster parents will work with OYA staff, by:

(a) Participating in Multidisciplinary Team (MDT) reviews;

(b) Implementing changes in care and supervision only as guided by the supervising Juvenile Parole/Probation Officer (JPPO) and the youth offender's case plan;

(c) Providing a youth offender with the opportunity for regular contacts and private visits or telephone calls with the youth offender's JPPO; and

(d) Notifying the Foster Home Certifier, or designee, of changes likely to impact the life and circumstances of the foster family, including but not limited to the following situations:

(A) Immediate notification to OYA of any circumstance involving the youth offender, foster parent, or other members of the household which may have a serious impact on the health, safety, physical or emotional well being of the youth offender. This includes, but is not limited to, injury, illness, accident, law violation, or unauthorized absence;

(B) Immediate notification of any visitor remaining in the home overnight who has not received prior approval by OYA. Foster parents and the Foster Home Certifier will collaborate to ensure the safety of the youth offender and visitor(s);

(C) Prior notification when a change in address is anticipated. In the case of an emergency (e.g., fire), foster parents must provide this information as soon as possible after the change of address occurs; and

(D) Prior notification when a change in the membership of the household is anticipated. In the event of an emergency, foster parents must provide this information as soon as possible after the change occurs.

(e) Foster parents must have prior written approval from OYA to take a youth offender out of state.

(4) Foster parents will respect and support the youth offender's relationship with the youth offender's family by:

(a) Assisting OYA staff in planning and implementing visits between the youth offender and the youth offender's family as indicated by the youth offender's case plan;

(b) Allowing a youth offender opportunities to have at least one phone call weekly with the youth offender's family; and

(c) Informing the JPPO if the youth offender chooses to decline family visits.

(5) Confidentiality

(a)Youth offender information and records are confidential. Foster parents must maintain information relating to youth offenders including but not limited to information relating to a youth's health, education, and placement progress in a manner sufficient to prevent unauthorized access.

(b) Foster parents must not disclose youth offender records, or the names of persons involved in the youth offender's case plan, without authorization from OYA.

(c) Youth offender records may be disclosed only when necessary to provide for the safety and wellbeing of youth offenders and with prior approval of OYA.

(d) Unauthorized disclosure of youth offender records may lead to suspension of certification.

(6) Records

(a) Foster parents must, for the duration of the youth offender's placement in the foster home, maintain records, including, but not limited to, information relating to the youth offender's health (including immunizations), education, and placement progress.

(b) All records pertaining to the youth offender belong to OYA. The foster parent must make all records available to OYA upon request. The foster parent must immediately provide all records to the youth offender's JPPO or designee when the youth offender leaves the foster home. Any records request by foster parents after the records have been returned to OYA will be handled in accordance with OAR chapter 416, division 105.

(7) Youth offender reformation and supervision

(a) Foster parents must provide structure, accountability, and supervision designed to promote the physical, social, intellectual, spiritual, and emotional development of youth offenders, while providing for community protection.

(b) In accordance with a youth offender's case plan, foster parents must:

(A) Treat each youth offender with respect and dignity;

(B) Help the youth offender develop skills and perform tasks that promote independence and self-sufficiency; and

(C) Ask youth offenders to assume household chores appropriate to the youth offender's age and ability, and commensurate with those expected of the foster parent's own children.

(8) Household composition

(a) No more than three OYA youth offenders may reside in any given foster home at one time. In addition, no more than five total children (including the foster parent's own children under the age of 18) may reside in one foster home.

(b) Children of foster parents age 18 and older will not be counted toward the limitation of five children in the foster home.

(c) Members of the household age 18 and older who remain in or return to the home after becoming 18 years of age are subject to a criminal records check, including a fingerprint records check. The foster parent must notify OYA when a member of the household remains in or returns to the home after becoming 18 years of age.

(d) Foster parents must not care for unrelated adults on a commercial basis, accept children for day care, or accept any person for placement from any source other than OYA without prior OYA written approval.

(9) Respite care

(a) A respite care provider may not provide care to youth offenders in the respite provider's own home without a current and valid OYA Certificate that specifically authorizes the respite care provider to provide respite care to youth offenders in the respite care provider's home.

(b) When all foster parents are absent from providing supervision of youth offenders in a foster home, an OYA-certified respite provider at least 21 years of age, capable of assuming foster care responsibilities, must be present. Other adults at least 21 years of age may provide supervision for three hours or less with prior approval from the foster parent, JPPO and Foster Home Certifier.

(c) When all foster parents anticipate being absent from providing supervision of youth offenders for overnight or longer, the foster parents must give OYA advance notice and the foster parents must receive approval from OYA before the foster parents may be absent. The foster parents must provide the following information: the dates of absence; the telephone number where the foster parents can be reached; and the name, telephone number, and home address of the OYA-certified respite provider who will provide care during the foster parent's authorized absence.

(d) The total number of youth offenders per foster home may be increased to no more than five to provide foster parents short-term respite from foster care responsibilities.

(e) Any respite care exceeding 10 days requires prior review and approval by the OYA Community Resources Manager.

(10) Food and nutrition

(a) On a daily basis, foster parents must provide each youth offender three well-balanced meals and appropriate snacks.

(b) Foster parents must accommodate a youth offender's special and cultural dietary needs, including those ordered by a physician.

(11) Clothing and personal belongings

(a) Foster parents must provide each youth offender with clean clothing that is appropriate to the youth offender's age, gender, and individual needs.

(b) Youth offenders must be allowed to participate in choosing their own clothing.

(c) Youth offenders may bring and acquire appropriate personal belongings as approved by the JPPO.

(d) Foster parents must provide a weekly allowance to youth offenders in a fair and consistent manner.

(e) Foster parents must develop house rules that include, but are not limited to, youth offender money and youth offender accounts.

(f) Foster parents must provide each youth offender with individual items necessary for personal hygiene and grooming.

(12) Discipline and guidance

(a) Foster parents must work with a youth offender's JPPO to develop a behavior management plan that sets clear expectations, limits, and consequences of behavior through use of adequate and appropriate structure and supervision.

(A) Foster parents must provide clearly-stated basic rules, a system of incentives and rewards, graduated sanctions when necessary to hold youth offenders accountable, supervision, and guidance.

(B) Discipline must be designed to guide youth offenders with kindness and understanding, while holding the youth offender accountable for personal behaviors.

(b) No youth offender or other person(s) in a foster home will be subjected to physical abuse, sexual abuse, sexual exploitation, neglect, emotional abuse, mental injury or threats of harm.

(13) Health care

(a) Foster parents must work with OYA to ensure that a youth offender's physical and mental health care needs are met, including but not limited to:

(A) Scheduling appointments and arranging transportation to medical, dental, or counseling appointments or assisting youth offenders in doing so if age appropriate.

(B) Ensuring that immunizations are current.

(C) Reporting to OYA when a youth offender needs corrective or follow-up medical, mental health or dental care, and arranging necessary care.

(D) Arranging for necessary consents from OYA for a youth offender's medical treatment that is not routine, including surgery.

(E) Obtaining emergency medical care, when necessary.

(b) Medication Administration

(A) Foster parents must comply with applicable provisions of OAR chapter 416, division 340.

(B) A youth offender may refuse any medication. When this occurs, the foster parent must document the refusal and immediately notify the youth offender's JPPO.

(C) A foster parent may administer prescription medications to a youth offender only when ordered by a physician.

(D) All medications must be stored in locked storage sufficient to prevent unauthorized access.

(E) Foster parents must inform a youth offender's JPPO within one working day if any psychotropic medication is prescribed or changed for the youth offender.

(c) Medical information:

(A) Youth offender medical information must be kept confidential and in a secure location.

(B) Medical information may be shared only in compliance with Oregon Revised Statutes, and OYA administrative rules.

(C) Foster parents must provide OYA with copies of youth offender medical information.

(14) Religious, cultural, and ethnic heritage. Foster parents must respect the ethnic heritage, religion, cultural identity, and language of a youth offender and the youth offender's family by:

(a) Providing reasonable and meaningful opportunities for a youth offender to develop relationships with others of like cultural and ethnic background;

(b) Providing a youth offender opportunities to attend religious services of the youth offender's choice; and

(c) Not requiring a youth offender to participate in religious activities or events contrary to the youth offender's beliefs.

(15) Education

(a) Within five days of placement in the foster home, the foster parent must enroll a youth offender in an appropriate educational or vocational program, as outlined in the youth offender's case plan.

(b) Foster parents must be actively involved in a youth offender's educational or vocational programs.

(c) Foster parents must allow a youth offender adequate time each evening to complete homework in a location conducive to study and provide assistance as needed.

(d) Foster parents will work with school personnel when issues arise at school, and report to a youth offender's JPPO any situation that may require OYA involvement.

(16) Recreation

(a) Foster parents must provide recreational activities appropriate to the age and abilities of a youth offender, as described in OAR chapter 416, division 500.

(b) Foster parents must encourage a youth offender to participate in community activities both with the foster family and on the youth offender's own, in accordance with the case plan.

(c) Foster parents must provide opportunities for a youth offender to pay restitution and perform community service obligations as directed by the case plan.

(17) Restrictions:

(a) No mechanical restraints, other than car seat belts, may be used on OYA youth offenders by foster parents.

(b) Foster parents and members of the household may not provide tobacco products in any form to youth offenders.

(c) Youth offenders may use private home swimming pools and hot tubs only under supervision of a foster parent or certified respite provider.

(d) All alcoholic beverages must be stored and locked in a manner sufficient to prevent access by youth offenders.

(18) Safety. Foster parents must:

(a) Be aware of a youth offender's location at home and in the community at all times;

(b) Have an adequate system for monitoring youth offenders during the night;

(c) Ensure that keys to locked storage and motor vehicles are secured at all times;

(d) Inspect a youth offender's room on regular basis to prevent the offender from possessing contraband;

(e) Comply with OYA health and safety requirements for the prevention of accidents and injuries;

(f) Understand and implement suicide prevention techniques and reporting requirements; and

(g) Be knowledgeable about boundaries, inappropriate sexual behavior, monitoring and other aspects of youth offender care at the level appropriate for supervising youth offenders that are placed in the home.

Standards for the Foster Home

(1) General:

(a) Schools, recreation, churches, medical care, and community facilities must be accessible from the foster home. The foster home and its premises must be comparable in appearance to other homes in the community in which it is located.

(b) If care is to be provided to one or more developmentally disabled or physically impaired youth offenders, OYA must consult with the relevant professionals to identify necessary accommodations to the foster home and ask the foster parent to implement the necessary accommodations prior to placement.

(A) OYA will coordinate the accommodations to the foster home.

(B) If the foster parent refuses to make the necessary accommodations, the youth offender will not be placed into the foster home.

(c) Foster homes must have a working telephone with service. Foster parents must secure an alternative phone service within 24 hours of any disruption of existing phone service and communicate the new telephone number to the Foster Home Certifier.

(2) Kitchen:

(a) Foster homes must have the equipment necessary for the safe preparation, storage, serving and cleanup of meals.

(b) Foster parents must ensure that all cooking and refrigeration equipment is sanitary and in working condition.

(c) Foster parents must ensure that meals are prepared and served in a safe and sanitary manner minimizing the possibility of food poisoning or food contamination.

(3) Living areas:

(a) The foster home must have sufficient living or family room space that is comfortably furnished and accessible to all members of the household, including youth offenders.

(b) Foster homes must be well-heated and well-ventilated.

(4) Bedrooms:

(a) Bedrooms occupied by youth offenders must:

(A) Be safe and have adequate living space for each youth offender;

(B) Have windows that open and provide sufficient natural light and ventilation;

(C) Have a bed for each youth offender, with clean bed linens, blankets (as appropriate to the season), and pillows; and

(D) Have a functioning smoke alarm.

(b) Youth offender(s) age 18 or older may not share a bedroom with a youth offender under age 18 without the prior approval of the OYA Community Resources Manager.

(c) Children of foster parents are prohibited from sharing a bedroom with a youth offender.

(d) The Foster Home Certifier must determine the maximum number of youth offenders allowed to occupy each bedroom based on room size and the availability of adequate personal space for each youth offender. Placement of more than the determined maximum number of youth offenders allowed to occupy each bedroom is prohibited.

(e) Each youth offender must be provided with adequate storage space in or near the bedroom he or she occupies for personal belongings and a designated space for hanging clothes.

(f) Foster parents must allow flexibility in the decoration of sleeping areas to accommodate the personal tastes and expressions of the youth offenders in care.

(g) Bedroom doors must not have locks.

(h) Youth offenders with a history of inappropriate sexual behavior or adjudicated for a sexual offense may not share a bedroom with non-sex-offenders. Sex offenders preferably will occupy a bedroom either individually, or in a group of three sex offenders. The assignment of two sex offenders to one bedroom must be authorized by the OYA Community Resources Manager, in consultation with OYA Community Services staff.

(i) Bedrooms used by youth offenders that are located in basements or above the ground floor must have safe and direct emergency exits to the ground.

(5) Domestic animals:

(a) Foster parents must restrict access to potentially dangerous animals.

(b) Only domestic animals allowed by local ordinances may be kept as pets.

(c) Domestic animals must be properly cared for, supervised, and otherwise maintained in compliance with local ordinances.

(d) Rabies vaccination for pets must be kept current as required by law. Foster parents must provide proof of rabies vaccination to OYA upon request.

(6) Deadly weapons:

(a) Foster parents must immediately notify the Foster Home Certifier anytime a deadly weapon is brought to the foster home.

(b) Deadly weapons must be stored in a locked compartment behind a locked door that prohibits access and is not visible to youth offenders.

(c) Firearms:

(A) Any foster parent or member of the household who possesses a concealed weapon permit must:

(i) Give OYA a copy of the permit; and

(ii) Give OYA a written plan regarding how the foster parent or member of the household will keep concealed weapons secure from youth offenders.

(B) Firearms must remain unloaded and stored in a locked gun safe or behind double locks that prohibit access and visibility to youth offenders. For purposes of this rule, a double lock may be a locked compartment within a locked room. Ammunition must be stored in a separate locked com-

partment, separate from any firearm. Trigger locks and glass front display cabinets are not adequate.

(C) Except for law enforcement personnel, no person in any vehicle transporting a youth offender may carry a loaded firearm.

(7) Safety:

(a) Swimming pools and hot tubs must be maintained in a safe and clean condition, and must comply with local safety regulations and ordinances.

(b) Any safety hazard identified by OYA staff or a qualified trade service provider must immediately be remedied by the foster parent.

(c) An emergency access must be available to any room that has a lock.

(d) Stairways must be equipped with handrails.

(e) All hazardous chemicals, cleaning materials, solvents and combustibles must be stored in locked storage sufficient to prevent unauthorized access.

(f) In addition to section (4)(a)(D) of this rule, at least one functioning smoke alarm must be placed on each floor of the foster home.

(g) At least one unexpired and operable class 2-A-10BC or higher rated fire extinguisher must be available and maintained on each floor in each foster home.

(h) Outdoor tools and equipment and machinery must be stored in a manner sufficient to prevent unauthorized access.

(i) A written home evacuation plan must be available to all youth offenders.

(A) Foster parents must practice the evacuation plan with each youth offender at the time of placement and at least once a year to ensure all youth offenders understand the procedures.

(B) The evacuation plan, including evacuation diagram, must be posted in a clearly visible and conspicuous location.

(j) The use of space heaters are limited to electric space heaters equipped with tip-over protection, or propane space heaters equipped with approved venting. No extension cords may be used with such heaters or in place of permanent wiring. Kerosene space heaters are not allowed.

(k) Foster homes must have two unrestricted emergency exits in case of fire.

(A) A sliding door or window that can be used to evacuate youth offenders may be considered a usable emergency exit.

(B) Barred windows used as possible emergency exit in case of fire must be fitted with operable quick release mechanisms.

(8) Sanitation and health:

(a) The foster home must be kept clean and free of hazards to the health and physical well being of the family. All areas of the foster home must meet sanitation criteria as described in OYA Cleanliness Standards.

(b) Measures must be taken to keep the house and premises free of vermin.

(c) First aid supplies must be stored in an easily accessible place.

(d) A continuous supply of safe, clean drinking water must be available.

(A) Private water sources and septic tank systems must be kept safe and functioning properly.

(B) Private water sources must be tested and approved by an appropriate official upon OYA request.

(e) Only pasteurized milk, juices, or powdered milk may be used for youth offender consumption.

(f) All plumbing must be kept in working order, and an adequate supply of hot water for bathing and dish washing must be available.

(g) Water heaters must be accessible for inspection and equipped with a safety release valve and an overflow pipe that directs water to the floor or to another approved location.

(h) The foster home must have a minimum of one flush toilet, one washbasin with running water, and one bath or shower with hot and cold water.

(i) Pending weekly removal, garbage and refuse must be stored appropriately, with no accumulation of garbage, debris, or rubbish that emits offensive odors.

(j) Youth offenders in the foster home may not be subjected to secondhand smoke.

(9) Transportation safety:

(a) All vehicles used to transport youth offenders must have, at a minimum, liability insurance coverage in accordance with Oregon law.

(b) Foster parents and other members of the household who transport youth offenders must be licensed and insured drivers, and 21 years of age or older.

(c) At least one foster parent or member of the household must possess a valid license to drive.

(d) The driver must ensure that all passengers use seat belts during the transport.

(e) Youth offenders may not operate a vehicle owned by a foster parent, member of the household, or volunteer if the vehicle requires a state license to be operated on public roads.

(f) Youth offenders may engage in driver's education provided by public school or driver training delivered by a licensed provider in accordance with the youth offender's case plan.

Exceptions

(1) Any exceptions to OAR 416-530-0000 through 416-530-0090 must be reviewed and approved or denied by the OYA Community Services Assistant Director.

(a) A Foster Home Certifier must submit a written exception request, state the need for the exception, and sign the request.

(b) The OYA Community Services Assistant Director will evaluate each request for an exception on its own merits to determine whether the exception is supported by a written plan adequate to ensure the safety of youth offenders in the placement. Granting an exception does not set a precedent that must be followed by the OYA Community Services Assistant Director when evaluating subsequent requests for exceptions.

(c) In evaluating a request for an exception, the OYA Community Services Assistant Director will consider, among other factors, the ratio of adults to youth offenders; the level of supervision available; the foster parent's skill level; and the needs of other children in the home.

(2) No exceptions may be made for rules relating to life safety.

416-530-0090
Denial, Suspension, and Revocation of Youth Offender Foster Home Certification or Re-Certification; Inactive Referral Status

(1) Denial:

(a) OYA may deny an application for a youth offender foster home certification or re-certification if an applicant or foster parent fails to meet any of the criteria set forth in these rules, or does any of the following:

(A) Falsifies an application, either knowingly or inadvertently, by providing inaccurate information or by omitting information;

(B) Fails to provide information requested by OYA within the time frame set by OYA; or

(C) Fails to inform OYA of conditions that could disqualify the foster parent or the foster home from certification.

(b) If OYA proposes to deny an application for a foster home certification or re-certification, OYA will provide the applicant or foster parent with a written Notice of Proposed Denial of Youth Offender Foster Home Certification or Re-certification and a proposed Order Denying Certification or Recertification, mailed to the applicant or foster parent by certified or registered mail, or personally served upon the applicant or foster parent, and stating the reason(s) for the proposed denial.

(c) An applicant or foster parent has 60 days from the date of mailing or service of the Notice of Proposed Denial of Youth Offender Foster Home Certification or Re-certification to request a hearing. The request for hearing must be received by OYA within the 60-day period.

(d) An applicant or foster parent who has been denied certification or re-certification may not re-apply for or hold a foster home certification for a period of five years from the effective date of the Final Order Denying Youth Offender Foster Home Certification or Re-certification.

(2) Suspension:

(a) OYA may suspend a youth offender foster home certification without a prior hearing if OYA finds a serious danger to the public health or safety, including the health or safety of a youth offender or the community. In the event of a suspension, youth offenders will be removed from the foster home and no further referrals will be made to the foster home unless and until the suspension is lifted.

(b) A foster parent has 90 days from the date of mailing or service of the Notice of Suspension to request a hearing on the emergency suspension. The request for hearing must be received by OYA within the 90-day period.

(c) The Notice of Suspension must be mailed by certified mail or personally served on the foster parent.

(d) If within 10 days from the date of mailing of the Notice of Suspension the foster parent does not enter into a written agreement containing a corrective action plan with OYA, OYA will initiate proceedings to revoke the youth offender foster home certification. The 10-day period may be extended upon prior written approval of OYA.

(e) If the suspension will exceed 180 days or the expiration date of the current certification, OYA will terminate the Youth Offender Foster Home Agreement with the foster parent until such time as the suspension has been resolved as set out in this rule. The foster parent will be placed on inactive referral status and will not receive youth offender referrals until the matter is resolved

(3) Revocation:

(a) OYA may revoke a youth offender foster home certification after considering any of the following:

(A) The severity of any alleged violation of these rules;

(B) The number of similar or related violations;

(C) Whether the violations, including the alleged violation, were willful or intentional;

(D) The prior history of violations; or

(E) Any other mitigating or aggravating circumstance determined by OYA to be relevant to the alleged violation, or to the appropriate response to the alleged violation.

(b) OYA may revoke a youth offender foster home certification if a foster parent fails to meet any of the criteria set forth in OAR chapter 416, division 530, or does any of the following:

(A) The foster parent falsified an application, either knowingly or inadvertently, by providing inaccurate information or by omitting information;

(B) After certification, the foster parent fails to provide information requested by OYA in the timeframe set by OYA;

(C) The foster parent fails to inform OYA of conditions that could disqualify the foster parent or the foster home from certification; or

(D) The foster parent fails to comply with a corrective action plan within the time frame set by OYA and the foster parent remains in violation of any of these rules.

(c) If OYA initiates revocation proceedings of a youth offender foster home certification, OYA will provide a written Notice of Proposed Revocation of Youth Offender Foster Home Certification and proposed Order Revoking Youth Offender Foster Home Certification. The Notice of Proposed Revocation and proposed Order will be mailed, by certified or registered mail, or personally delivered, to the foster parent stating the reason(s) for revocation proceedings.

(d) A foster parent has 10 days from the date of mailing of the Notice of Proposed Revocation of Youth Offender Foster Home Certification to request a hearing. The request for hearing must be received by OYA within the 10-day period.

(e) A foster parent whose certificate has been revoked may not reapply for or hold a foster home certification for five years from the effective date of the Final Order Revoking Youth Offender Foster Home Certification, unless a lesser time or specific condition is stated in the Final Order.

(4) Inactive Referral Status:

(a) Inactive referral status, provider-initiated: A foster parent may ask to be placed on inactive referral status for up to 12 months.

(A) In order for inactive referral status to be granted, there can be no unresolved matters relating to non-compliance with certification rules.

(B) Prior to a return to active referral status, a foster parent must be in compliance with all certification rules, including training requirements.

(b) Inactive referral status, OYA-initiated

(A) OYA may place a foster parent on inactive referral status due to changes in the foster parent's family or foster home including, but not limited to, death; divorce; a new member joining the household; significant disabling health condition; the arrest of a foster parent or member of the household; initiation of a law enforcement investigation or criminal prosecution of a foster parent or member of the household; or other circumstances that OYA determines will put additional stress or pressure on the family or may pose a serious risk to the health, safety, or physical or emotional well being of a youth offender. Prior to placing a foster parent on inactive referral status, OYA may discuss the status change with the foster parent. OYA will notify the foster parent in writing of the change in referral status and the expected duration of that change.

(B) OYA-initiated inactive status may last for up to 180 days, during which time no additional youth offenders will be placed in the home. OYA may continue the inactive status for more than 180 days under any of the following circumstances:

(i) OYA and the foster parent do not enter into an agreement that addresses the issues that led to the change to inactive status;

(ii) The foster parent is not in compliance with all certification rules, including training requirements; or

(iii) A law enforcement investigation or criminal proceeding involving a foster parent or member of the household has been initiated and has not concluded.

(5) Contested case hearings. Pursuant to the provisions of ORS 183.341, OYA adopts the Attorney General's Model Rules of Procedure OAR 137-003-0001 to 137-003-0091 and 137-003-0580, effective January 2012, as procedural rules for contested case hearings.

Stats. Implemented: ORS 420.888 - 420.892
Hist.: OYA 2-1995, f. 12-19-95, cert. ef. 1-2-96; OYA 15-2004, f. & cert. ef 11-12-04; OYA 2-2007, f. & cert. ef. 7-13-07; OYA 1-2014, f. & cert. ef. 1-15-14

416-530-0110
Definitions

(1) Child-caring Agency: An agency or organization providing residential care including, but not limited to, foster care or residential treatment for children; outdoor youth programs, or other similar services for children, as defined in OAR chapter 410, division 170.

(2) Private Child-caring Agency employee: An individual applying for a position with a Private Child-caring Agency or having a position and being considered for an assignment within a Private Child-caring Agency.

(3) Proctor home: A home in the community that is co-certified by OYA and a Private Child-caring Agency and supervised by the Private Child-caring Agency.

(4) Proctor parent: A person co-certified by OYA and a Private Child-caring Agency in accordance with the provisions of OAR 416-530-0100 through 416-530-0170 and employed by the Private Child-caring Agency.

(5) Proctor parent agreement: A written agreement between the Private Child-caring Agency and the proctor parent stating mutual expectations of the parties.

(6) Private Child-caring Agency Volunteer: An individual working on assignments for a Private Child-caring Agency, or applying for or requesting to work on assignments for a Private Child-caring Agency on an unpaid basis.

(7) Private Child-caring Agency: A Child-caring Agency that is not owned, operated, or administered by any governmental agency or unit.

(8) Youth offender proctor care: Includes care, food, and lodging provided on a 24-hour basis for youth offenders in a home approved by OYA and the Private Child-caring Agency, as defined by OAR chapter 416, divisions 335, 530, 550 and 800.

416-530-0125
Certificate of Approval

(1) Proctor parents are recruited, trained, paid and supported in their efforts by a Private Child-caring Agency and monitored by a Private Child-caring Agency's professional staff. Proctor parents are co-certified by OYA and the Private Child-caring Agency.

(2) A Private Child-caring Agency must not place youth offenders in a proctor home without a current, valid youth offender proctor home certification issued by OYA.

(3) In addition to compliance with OAR chapter 416, division 530, Private Child-caring Agencies and their proctor homes must comply with the following provisions:

(a) Licensing standards of the Oregon Department of Human Services, or other agency recognized by the state of Oregon to issue a license for services.

(b) Contractual agreements between the Private Child-caring Agency and OYA.

(c) Intergovernmental agreements between OYA and other agencies, as applicable.

(d) In order to ascertain and obtain compliance with the standards of OAR chapter 416, division 530, OYA may examine the records and files of the Private Child-caring Agency, inspect and observe the physical premises of the proctor home, and interview youth offenders, Private Child-caring Agency employees, proctor parents, and persons in the community.

(4) Private Child-caring Agencies may not employ or use employees or volunteers whose presence may jeopardize the health, safety or welfare of youth offenders. When making a determination about a person's suitability to work with youth offenders, the Private Child-caring Agency must follow the provisions of OAR chapter 416, division 800 and all other information described in OAR chapter 416, division 530 to judge the person's fitness to work with youth offenders.

(5) If the applicant meets the requirements of OAR chapter 416, division 530, OYA will issue a Youth Offender Foster Home Certificate to operate a proctor home under contract with a Private Child-caring Agency.

(a) This certificate will specify the type of care to be provided by the proctor parent, the address of the premises to which the certification applies, the name of the Private Child-caring Agency under which the certification is valid, and other information deemed necessary by OYA.

(b) Youth offender foster home certification will automatically terminate in these situations:

(A) Upon the closure of the Private Child-caring Agency;

(B) When the agreement between the Private Child-caring Agency and the proctor parent is terminated; or

(C) When the contract between OYA and the Private Child-caring Agency is terminated.

(c) The Private Child-caring Agency must immediately notify OYA in writing if either (A) or (B) above occurs.

(6) The Private Child-caring Agency is responsible for ensuring that the proctor home and proctor parents continue to meet the standards set out in these rules, and correct deficiencies when they are noted by OYA. OYA will determine final approval or disapproval of any exceptions to these rules.

(7) If a proctor home fails to comply with these rules, OYA may deny an application, place the home on inactive referral status, or suspend or revoke the youth offender proctor home certification, in accordance with the provisions of OAR 416-530-0090. The proctor parent may appeal this decision in accordance with the provisions of 416-530-0090.

416-530-0130
General Provisions for Proctor Parents

(1) The Private Child-caring Agency must ensure that its proctor parents meet the standards set out in these rules and OAR chapter 416, division 800.

(2) The Private Child-caring Agency must provide or cause to be provided structured supervision twenty-four (24) hours per day, seven days a week, to youth offenders placed in proctor homes. The Private Child-caring Agency must provide specific proctor parent support services that enhance a proctor parent's ability to successfully meet the supervision needs of youth offenders placed by OYA.

(3) The Private Child-caring Agency must ensure that no more than three OYA youth offenders reside in any given proctor home at one time. In addition, no more than five total children, including the proctor parent's own children, may reside in one proctor home.

(4) Under no circumstances may OYA youth offenders reside with youth served under the Private Child-caring Agency's other programs, including private pay placements and placements of youth from out-of-state, except for youth offenders placed through Interstate Compact with courtesy supervision provided by OYA.

(5) The total number of youth offenders per home may be increased to no more than five, to provide proctor parents a short-term respite from proctor care responsibilities.

416-530-0140
Youth Offender Proctor Home Requirements

(1) The Private Child-caring Agency must ensure that its youth offender proctor homes meet the standards of OAR chapter 416, divisions 335, 500, 530 and 800.

(2) The Private Child-caring Agency must develop and maintain written agreements with proctor parents providing proctor care. These agreements must be approved by OYA prior to placement of OYA youth offenders in the proctor home and must address the following:

(a) Supervision responsibilities

(A) Proctor parents may, with the Private Child-caring Agency's prior written consent, schedule 48 hours per month of time away from youth offender care responsibility.

(B) At least one certified proctor parent or certified respite provider must be on premises at all times that youth offenders are present in the home.

(b) Reporting requirements

(A) Proctor parents must maintain daily required documentation and submit reports to Private Child-caring Agency as required on each youth offender in placement.

(B) Proctor parents with whom youth offenders are placed must contact Private Child-caring Agency staff immediately in the case of emergencies.

416-530-0150
Combination of Care

(1) The Private Child-caring Agency or its proctor homes may not combine the care of youth offenders in OYA custody with boarding, day care, nursing, foster, or convalescent care for adults or children, except as authorized in writing by OYA.

(2) If such combination of care is approved, the provisions of interagency agreements must be met in addition to the applicable statutes, administrative rules, and policies of all agencies involved.

416-530-0160
Enforcement

In order for OYA to monitor for continued compliance with these standards, the Private Child-caring Agency must ensure that OYA has the right of entry, privilege of inspection, and access to staff and all records of the Private Child-caring Agency and the youth offender proctor home.

416-530-0170
Exceptions

(1) Any exceptions to OAR 416-530-0100 through 416-530-0170 must be reviewed and approved or denied by the OYA Community Services Assistant Director.

(2) A Foster Home Certifier must submit a written exception request, state the need for the exception, and sign the request.

(3) Each request for an exception must be accompanied by a written plan showing how the safety of the youth offenders in placement will be ensured while the exception is in effect.

(4) The OYA Community Services Assistant Director will evaluate each request for an exception on its own merits to determine whether the exception is supported by a written plan adequate to ensure the safety of youth offenders in placement. Granting an exception does not set a precedent that must be followed by the OYA Community Services Assistant Director when evaluating subsequent requests for exceptions.

(5) In evaluating a request for an exception, the OYA Community Services Assistant Director will consider, among other factors, the ratio of adults to youth offenders; the level of supervision available; the skill level of the foster parent; and the needs of other children in the home.

(6) No exceptions may be made for rules relating to life safety.

416-530-0200

Certification Standards for Transitional Care Providers

(1) This rule establishes standards for OYA transitional care providers and their homes that offer specific independent living and transitional services for youth offenders 18 through 24 years of age.

(2) Definitions listed under OAR 416-530-0010 apply to this rule with the following additions and modifications:

(a) Frequent Visitor: a person who regularly visits a transitional care home more than five hours per week when a youth offender placed in the transitional care home is present.

(b) Member of the household: Any person, other than a youth offender, who lives in the transitional care home or on the property where the transitional care home is located, is a frequent visitor to the transitional care home, or assists in the care provided to the youth offender.

(c) Respite care: A temporary arrangement between a transitional care provider and an OYA-certified respite care provider to allow the transitional care provider time away from a youth offender.

(d) Transitional care respite provider: An individual, certified by OYA, and who temporarily assists with supervision of youth offenders when the transitional care provider is not available.

(e) Transitional care home: A Youth Offender Foster Home in the community that is maintained and lived in by an OYA-certified transitional care provider who provides supervision, food, lodging and transitional services for one or more youth offenders 18 through 24 years of age in that home.

(f) Transitional care provider: A foster parent certified by OYA who has been authorized by OYA supervise youth offenders 18 through 24 years of age in a youth offender transitional care home setting, and is unrelated to a youth offender by blood or marriage .

(3) Unless otherwise specified in this rule, the provisions of OAR 416-530-0000 through 416-530-0090 and OAR chapter 416, divisions 335 and 800, apply to transitional care provider applicants, transitional care providers and transitional care homes.

(4) Certification:

(a) Foster care certifiers must evaluate each transitional care home and surrounding property to determine which persons qualify as members of the household.

(b) Members of the household identified by the foster care certifier must complete criminal records checks pursuant to OAR division 800.

(c) Transitional care homes certified according to this rule must receive a certificate specifically providing that the home may provide services to youth offenders 18 through 24 years of age.

(5) Transitional care provider qualifications:

(a) Transitional care providers must be at least 25 years of age due to the age of the youth offenders in transitional care.

(b) Transitional care providers must be able to realistically evaluate which youth offenders they can accept and supervise.

(c) Transitional care providers must demonstrate competence in supervising youth offenders 18 through 24 years of age and promote the independent living skills of youth offenders as they transition toward independence.

(6) A transitional care provider must:

(a) Abide by the responsibilities described in the OYA Transitional Care Provider Agreement. This agreement must be signed at the time of initial certification and annually thereafter;

(b) Establish a system for a youth offender to notify the youth offender's transitional care provider of the youth offender's whereabouts at all times;

(c) Be accessible to youth offenders 24 hours per day so a youth offender may contact the transitional care provider in case of an emergency or other needs; and

(d) Respect and support the youth offender's relationship with his or her family by assisting OYA staff and the youth offender in planning and implementing visits between the youth offender and the youth offender's family as indicated by the youth offender's case plan.

(7) A transitional care provider must provide structure, accountability, and supervision designed to promote the development of independent living skills as identified in the youth offender's case plan.

(8) Respite transitional care

(a) A respite care provider who provides care in his or her own home must have a current and valid OYA Certificate that specifically authorizes the individual to provide transitional care and serve youth offenders in his or her home.

(b) When transitional care providers are absent from supervising youth offenders at home during the day, youth offenders may remain in the transitional care home unsupervised if approved by the youth offender's JPPO, foster home certifier and the transitional care provider. If a youth offender's JPPO, foster home certifier, or transitional care provider determines that supervision is required, an OYA-certified respite care provider who is at least 25 years of age and capable of assuming transitional care responsibilities must be present to supervise the youth offender. Any adult who is at least 25 years of age and has obtained prior approval from the transitional care provider, JPPO, and foster home certifier may provide supervision of a youth offender in a transitional care home for three hours or less.

(c) When a transitional care provider plans to be absent from supervising youth offenders overnight or longer, the transitional care provider must provide OYA advance notice, and a respite care provider must supervise the youth offenders during the absence. The transitional care provider must provide the following information to OYA when providing OYA with such notice: the dates of absence; the telephone number where the transitional care provider may be reached; and the name, telephone number, and home address of the OYA-certified respite care provider.

(9) Food and nutrition. A transitional care provider must:

(a) Provide an appropriate quantity and quality of food. Transitional care providers are not required to provide prepared meals to youth offenders;

(b) Assist youth offenders with meal planning, and may provide meal preparation instruction;

(c) Provide youth offenders daily access to kitchen facilities to prepare meals and snacks; and

(d) Assist youth offenders to meet any special or cultural dietary needs of the youth offenders, including those ordered by a physician.

(10) Clothing and personal belongings. A transitional care provider must:

(a) Ensure each youth offender has adequate clothing that is appropriate to the youth offender's age, gender, and individual needs;

(b) Help facilitate youth offenders' money management skills to prepare for independent living and to meet any court-ordered financial obligations; and

(c) Provide each youth offender with individual items necessary for personal hygiene and grooming until the youth offender gains employment and has adequate funds to purchase such items.

(11) Transitional care providers must ensure youth offenders have access to necessary transportation.

(12) Transitional care providers must report to OYA when a youth offender needs corrective or follow-up medical, mental health, or dental care, and assist youth offenders in arranging necessary care.

(13) Transitional care providers must assist youth offenders in understanding the purpose of medications, medication side effects, and how to manage their medications. Either a transitional care provider or the youth offender may administer the youth offender's daily dosage of medication. If the youth offender self-administers the daily dosage, the transitional care provider must verify that the youth offender self-administered the correct dosage. Youth offenders placed in transitional care homes may have access to over-the-counter medications.

(14) Transitional care providers must assist youth offenders in pursuing educational and vocational interests and opportunities in accordance with the youth offender's case plan.

(15) Transitional care providers must encourage youth offenders to develop and participate in prosocial leisure and community activities.

(16) Youth offenders in transitional care homes may have unsupervised access to swimming pools and hot tubs if approved by the transitional care provider and JPPO.

(17) Bedroom doors in transitional care homes may have locks if approved by the foster care certifier. A transitional care provider must have access to any locked room.

(18) A youth offender in a transitional care home may have access to domestic cleaning supplies. The transitional care provider must instruct youth offenders in the proper use of such supplies.

Public Utility Commission
Chapter 860

Rule Caption: In the Matter of Rule Changes Regarding Eligibility for OTAP and Other RSPF Rule Changes.
Adm. Order No.: PUC 7-2013
Filed with Sec. of State: 12-20-2013

Certified to be Effective: 12-20-13
Notice Publication Date: 10-1-2013
Rules Adopted: 860-033-0110
Rules Amended: 860-033-0001, 860-033-0005, 860-033-0006, 860-033-0007, 860-033-0010, 860-033-0030, 860-033-0035, 860-033-0040, 860-033-0045, 860-033-0046, 860-033-0050, 860-033-0100, 860-033-0530, 860-033-0535, 860-033-0536, 860-033-0537, 860-033-0540
Rules Repealed: 860-033-0055, 860-033-0001(T), 860-033-0005(T), 860-033-0006(T), 860-033-0007(T), 860-033-0010(T), 860-033-0030(T), 860-033-0035(T), 860-033-0040(T), 860-033-0045(T), 860-033-0046(T), 860-033-0050(T), 860-033-0100(T), 860-033-0110(T), 860-033-0530(T), 860-033-0536(T), 860-033-0537(T), 860-033-0540(T), 860-033-0535(T)
Subject: These rule amendments change Residential Service Protection Fund (RSPF) Rules to meet several federal requirements related to the provision of telecommunication subsidies to qualifying low income customers, implement new and revised reporting requirements for eligible telecommunications carriers (ETCs), minimize the effect on the RSPF of exponential growth of recipients, ensure the quality of information ETCs disseminate to the public, and make clarifying and correcting changes.
Rules Coordinator: Diane Davis—(503) 378-4372

860-033-0001
Applicability

(1) The rules in this Division apply to all telecommunications providers including, but not limited to cellular, wireless, or other radio common carriers that offer service in Oregon with access to the Oregon Telecommunications Relay Service and to the applicants for and recipients of RSPF benefits.

(2) Upon request or its own motion, the Commission may waive any of the division 33 rules for good cause shown. A request for waiver must be made in writing, unless otherwise allowed by the Commission.

860-033-0005
Definitions

For the purpose of this division:

(1) "Basic Service" means "basic telephone service" as defined in OAR 860-032-0190. For qualifying low-income recipients, basic service also includes access to toll-limitation services.

(2) "Competitive Provider" means a competitive telecommunications provider as defined in ORS 759.005(1) that provides services authorized under 759.020.

(3) "Cooperative" means a cooperative corporation or association that provides local exchange telecommunications service within its own exchanges, is organized under ORS Chapter 62, and is certified under 759.025(2).

(4) "Duplicate Support" means a customer is receiving OTAP or Lifeline supported services on two or more single lines or single line equivalents concurrently, or two or more customers in a household are receiving OTAP or Lifeline supported services concurrently.

(5) "Economic unit" means all individuals contributing to and sharing in the income and expenses of a household, including individuals with no income who benefit from another individual's financial support.

(6) "Eligible Telecommunications Carrier" means a provider of telecommunications service, including a cellular, wireless, or other radio common carrier, that is certified by order of the Commission as eligible to receive federal universal service support throughout a designated service area by having met the eligibility criteria set forth in 47 C.F.R. § 54 Subpart C (2012) and in orders of the Commission.

(7) "Eligible Telecommunications Provider" means a provider of telecommunications service, including a cellular, wireless, or other radio common carrier, that is certified by order of the Commission as eligible to provide OTAP to its qualifying customers throughout a designated service area by having met the following eligibility criteria:

(a) Offers services under 47 C.F.R. § 54 Subpart E (2013) using either its own facilities or a combination of its own facilities and resale of another carrier's services (including the services offered by another Eligible Telecommunications Carrier throughout the service area). Under 47 C.F.R. § 54 Subpart C (2012), the requirement of using its "own facilities" includes, but is not limited to, purchasing unbundled network elements from another carrier;

(b) Advertises the availability of and the charges for such services using media of general distribution; and

(c) Demonstrates that it will comply with OAR 860-033-0005 through 860-033-0110.

(8) "Household" means any individual or group of individuals who are living together at the same address as one economic unit.

(9) "Income" means all income actually received by all members of a household. This includes but is not limited to salary before deductions for taxes, public assistance benefits, social security payments, pensions, unemployment compensation, veteran's benefits, inheritances, alimony, child support payments, worker's compensation benefits, gifts, and lottery winnings. The only exceptions are student financial aid, military housing and cost-of-living allowances, irregular income from occasional small jobs such as babysitting or lawn mowing, and the like.

(10) "Lifeline" means a program established by the Federal Communications Commission as defined in 47 C.F.R. § 54 Subpart E (2013).

(11) "Lifeline Household Worksheet" means a form that the Commission sends to an applicant when the Commission is unable to determine if an applicant and a current OTAP or Lifeline customer are part of a separate economic unit or household.

(12) "Local Exchange Service" means a "local exchange telecommunications service" as defined in ORS 759.005(3).

(13) "Low-income customer" means an individual who demonstrates eligibility for Lifeline supported services or the Oregon Telephone Assistance Program in OAR 860-033-0030.

(14) "Marketing materials" means all media, including but not limited to print, audio, video, Internet (including email, web, and social networking media), and outdoor signage, that describe the OTAP or Lifeline supported service offering.

(15) "Oregon Telephone Assistance Program" or "OTAP" means a program established by the Commission that offers reduced local exchange rates to eligible low-income residential customers. OTAP establishes the requirements for Eligible Telecommunications Carriers to offer Lifeline supported services in Oregon and may provide benefits that are in addition to those offered in Lifeline.

(16) "Oregon Telecommunications Relay Service" or "OTRS" means a facility authorized by the Commission to provide telecommunications relay service.

(17) "Outstanding Accounts" means amounts owing to the Commission including current accounts receivable and accounts that the Commission has written off through appropriate legal procedures. The term does not include amounts owing to the Commission that have been lawfully discharged through bankruptcy proceedings or amounts that are the subject of a proceeding pending before the Commission.

(18) "Remittance Report" means the reporting form identified by that title that is available on the Commission's website at http://www.oregon.gov/puc/Pages/telecom/rspf/index.aspx.

(19) "Residential Service Protection Fund" or "RSPF" means a legislatively approved fund in the Oregon State Treasury that supports the Oregon Telephone Assistance Program, the Telecommunication Devices Access Program and the Oregon Telecommunications Relay Service.

(20) "RSPF Surcharge" means a specified amount up to 35 cents per month collected from each paying retail subscriber who has telecommunications service with access to the telecommunications relay service, except as provided in OAR 850-033-0006(2).

(21) "RSPF Surcharge Exception Form" means the reporting form identified by that title that is available on the Commissions website at http://www.oregon.gov/puc/Pages/telecom/rspf/index.aspx.

(22) "Telecommunication Devices Access Program" or "TDAP" means a program established by the Commission that provides Assistive Telecommunication Devices or Adaptive Equipment at no additional cost beyond telephone service for customers who are deaf, hard of hearing, speech-impaired, deaf-blind or have a disability.

(23) "Telecommunications provider" includes competitive providers, cooperatives and telecommunications utilities.

(24) "Telecommunications service" means the offering of telecommunications as defined in 47 C.F.R. 54.5 (2012) for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

(25) "Telecommunications utility" means a person who is not a competitive provider and is designated as a telecommunications utility under OAR 860-032-0010.

(26) "Toll Limitation Service" means a service provided by an Eligible Telecommunications Provider that allows an OTAP recipient to choose to block the completion of outgoing toll calls (toll blocking) or to specify a certain toll usage that may be incurred per month or per billing cycle (toll control).

(27) "Tribal Lifeline" means a Lifeline service for eligible residents of Tribal lands as defined in 47 C.F.R. § 54 Subpart E (2013).

(28) "Tribal Link Up" means a federal assistance program for eligible residents of Tribal lands as defined in 47 C.F.R. § 54 Subpart E (2013).

(29) "Universal Service Administrative Company" means an independent, not-for-profit corporation designated by the Federal Communications Commission as the administrator of the universal service fund.

860-033-0006

Monthly RSPF Surcharge: General Provisions, Remittance Reports and Payment

(1) The surcharge rate and the balance in the RSPF are reviewed annually by the Commission each October. The Commission may adjust the amount of the surcharge to ensure the fund has adequate resources but does not exceed six months of projected expenses. A rate adjustment ordered by the Commission following the annual review becomes effective January 1 of the year following the review.

(2) The surcharge imposed by 1987 Oregon Laws Chapter 290, Section (7)(1) does not apply to entities upon which the state is prohibited from imposing the surcharge by the Constitution or laws of the United States or the Constitution or laws of the State of Oregon including, but not limited to:

(a) Counties and political subdivisions.

(b) Federal, state and municipal government bodies or public corporations. For purposes of this rule, "public corporation" means a corporation formed by a state or local government authority for the public's benefit or for a public purpose. A regional housing authority qualifies as a public corporation.

(c) Federally chartered corporations specifically exempt from state excise taxes by federal law.

(d) Federally recognized Native-American Tribes, and tribal members who live within federally recognized Indian country and are enrolled members of the tribe with sovereignty over that Indian country.

(e) Foreign government offices and representatives that are exempt from state taxation by treaty provisions.

(f) Interconnection between telecommunications utilities, telecommunications cooperatives, competitive telecommunications services providers certified under ORS 759.020, radio common carriers and interexchange carriers.

(g) Any other agency, organization or person claiming an exemption is required to identify the authority for its claim to a provider. If a telecommunications provider is unable to determine the status of a subscriber the Commission will determine whether the subscriber is exempt.

(3) Collection of RSPF Surcharge.

(a) Each telecommunications provider must collect the RSPF surcharge by charging the specified amount to each retail subscriber with access to the telecommunications relay service, including OTAP eligible subscribers. The RSPF surcharge is applied on a telecommunications circuit designated for a particular subscriber.

(A) One subscriber line is counted for each circuit that is capable of generating usage on the line side of the switched network regardless of the quantity of customer premises equipment connected to each circuit.

(B) For providers of central office based services, the surcharge is applied to each line that has unrestricted connection to the telecommunications relay service. For central office based service lines that have restricted access to the OTRS, the surcharge is charged based on software design.

(b) Each cellular, wireless, or other radio common carrier must collect the RSPF surcharge by charging the specified amount to each retail subscriber with access to the telecommunications relay service, including OTAP eligible subscribers. The surcharge is applied on a per-instrument basis.

(c) Each telecommunications provider and each cellular, wireless, or other radio common carrier must identify the surcharge on each retail customer's bill as a separate line item named "RSPF Surcharge."

(4) A telecommunications provider or a cellular, wireless, or other radio common carrier may remit surcharges due to the Commission by electronic transfer, mail or in person.

(5) The Remittance Report and surcharges are due to the Commission on or before the 21st calendar day after the close of each month and must be received in the Commission's offices no later than 5 p.m. Pacific Standard Time on the due date. A surcharge remittance or Remittance Report postmarked on the due date does not meet the requirements of this section and will not be considered as timely submitted.

(6) Each telecommunications provider and each cellular, wireless, or other radio common carrier must submit the Remittance Report and surcharge with no exceptions. If no surcharge is collected, the telecommunications provider or the cellular, wireless, or other radio common carrier must still submit its monthly Remittance Report specified in section (5) of this rule.

(7) For each billing period that a telecommunications provider or a cellular, wireless, or other radio common carrier fails to submit the surcharge fees in full on or before the due date required by these rules, the telecommunications provider or the cellular, wireless, or other radio common carrier must pay a late payment fee in accordance with OAR 860-001-0050.

(8) If the telecommunications provider or the cellular, wireless, or other radio common carrier fails to remit the surcharge in full on or before the due date, the telecommunications provider or the cellular, wireless, or other radio common carrier must pay interest in accordance with OAR 860-001-0050.

(9) If a telecommunications provider or a cellular, wireless, or other radio common carrier fails to file a Remittance Report as required by these rules, the telecommunications provider or the cellular, wireless, or other radio common carrier must pay a late report fee in accordance with OAR 860-001-0050.

(10) If the amount shown due on a Remittance Report is not paid by the due date, the Commission may issue a proposed assessment to set the sum due. The Commission may waive the late report fee, the late payment fees and the interest on the unpaid surcharge fees, or any combination thereof, if the telecommunications provider or the cellular, wireless, or other radio common carrier files a written waiver request and provides evidence showing that the telecommunications provider or the cellular, wireless, or other radio common carrier submitted the Remittance Report and surcharge fees late due to circumstances beyond its control.

(11) The telecommunications provider or the cellular, wireless, or other radio common carrier must pay a fee in accordance with OAR 860-001-0050 for each payment returned for non-sufficient funds.

(12) The telecommunications provider or the cellular, wireless, or other radio common carrier is responsible for and must pay all costs incurred by the Commission to collect a past-due RSPF surcharge from the telecommunications provider or the cellular, wireless, or other radio common carrier.

(13) Remittance Report Records: A telecommunications provider and a cellular, wireless, or other radio common carrier must keep all records supporting each Remittance Report for three years, or if a Commission review or audit is pending, until the review or audit is complete, whichever is later.

(14) In addition to any other penalty, obligation, or remedy provided by law, the Commission may suspend or cancel the telecommunications provider's certificate of authority to provide telecommunications service in Oregon for its failure to file its Remittance Report or its failure to remit the surcharge in full.

(15) Except as otherwise provided by law, if after an audit or review the Commission determines that the telecommunications provider or the cellular, wireless, or other radio common carrier has remitted an excessive amount, the Commission will provide the telecommunications provider or the cellular, wireless, or other radio common carrier a credit in that amount against sums subsequently due from that telecommunications provider or that cellular, wireless, or other radio common carrier.

(16) A telecommunications provider or a cellular, wireless, or other radio common carrier must submit any revisions to a Remittance Report no later than three years from the due date of the Remittance Report. If the Commission concludes that a telecommunications provider or cellular, wireless, or other common carrier remitted an excessive amount and that

refunding the excess would have a material and adverse financial impact on the RSPF, the Commission may enter into an agreement with the telecommunications provider or the cellular, wireless, or other radio common carrier to spread payments of the refunds over a period not to exceed three years.

(17) The RSPF Surcharge Exception Form is due annually by March 15. A telecommunications provider or a cellular, wireless, or other radio common carrier that qualifies for the exception must submit the completed form (in person, electronically, or by mail) so that it is received in the Commission's offices no later than 5 p.m. Pacific Standard Time on March 15.

(18) In computing any period of time prescribed or allowed by these rules, the first day of the act or event is not included. The last day of the period is included, unless the last day is a Saturday or legal holiday; then the period runs until the end of the next day that is not a Saturday or a legal holiday. Legal holidays are those identified in ORS 187.010 and 187.020.

Estimated Report

(1) For any period for which a telecommunications provider, or a cellular, wireless, or other radio common carrier fails to file a Remittance Report and remit the surcharge payments as required by these rules, the Commission may determine a proposed assessment based upon any information available to the Commission.

(2) The proposed assessment may not cover a period longer than three years prior to the date of the proposed assessment and must include:

(a) An estimated surcharge amount owed;

(b) A late payment fee equal to 9 percent of the estimated surcharge amount owed, up to a maximum of $500 for that reporting period;

(c) Interest on the estimated surcharge amount owed at the rate of 9 percent per annum from the day the surcharge amount was originally due; and

(d) A late report fee per 860-001-0050(3)(e).

(3) Notwithstanding section (2) of this rule, if the telecommunications provider did not hold a certificate of authority, if one was required by law, the Commission has an unlimited time to propose an assessment for the period represented by the non-filed Remittance Report. The proposed assessment must include all late payment fees as specified in this rule.

(4) During the 30-day period allowed for filing a petition for a hearing, the telecommunications provider, or the cellular, wireless, or other radio common carrier may file its Remittance Report and pay the surcharge, late report fee, late payment fee, and interest. The Commission will accept the Remittance Report, surcharge payment, late report fee, late payment fee and interest if correctly calculated in accordance with the original due date for the subject period's Remittance Report and payment.

860-033-0010
OTAP and Lifeline Applicability

(1) The Oregon Telephone Assistance Program (OTAP) is designed to provide a reduced rate or discount for an Eligible Telecommunications Provider's basic service, whether sold separately or in combination with other services, to low-income customers who meet eligibility requirements.

(2) An Eligible Telecommunications Provider must offer to all low-income customers who meet eligibility requirements OTAP discounts with all service offerings that include basic telephone service. Reduced rates or discounts apply to the single line, or service that is functionally equivalent to a single line, serving the eligible customer's principal residence in Oregon. An Eligible Telecommunications Provider may not decline to provide the OTAP and the Lifeline discount to an eligible customer for wireless service on the basis the customer has an out-of-state telephone number.

(3) Eligible Telecommunications Providers and the Commission must treat OTAP and Lifeline data as confidential information, to the extent allowed by law, and OTAP and Lifeline data may be used only for OTAP and Lifeline purposes.

860-033-0030
OTAP and Lifeline Eligibility

(1) A low-income customer demonstrates eligibility for OTAP and Lifeline by application to the Commission on a Commission-approved form demonstrating compliance with this rule.

(2) To be eligible, the customer, one or more of the customer's dependents or the customer's household must:

(a) Receive benefits from one of the following public assistance programs: Medicaid under Title XIX and XXI of the Social Security Act; Supplemental Nutrition Assistance Program; Supplemental Security Income; Federal Public Housing Assistance (Section 8); Low-Income Home Energy Assistance Program; National School Lunch Program's free lunch program; or Temporary Assistance for Needy Families; or

(b) Receive benefits from another Commission-approved low-income public assistance program for which eligibility requirements do not exceed 135 percent of the applicable Federal Poverty Guidelines.

(c) Have income that is at or below 135 percent of the applicable Federal Poverty Guidelines for a household of that size.

(3) The Commission may require a low-income customer to submit documentation demonstrating that he or she qualifies under the program or income based eligibility requirements.

(a) Acceptable documentation of program eligibility includes the current or prior year's statement of benefits from a public assistance program, a notice or letter of participation in a public assistance program, program participation documents, or another official document demonstrating that the customer, one or more of the customer's dependents or the customer's household receives benefits from a qualifying assistance program.

(b) Acceptable documentation of income eligibility includes the prior year's state, federal, or Tribal tax return; current income statement from an employer or paycheck stub; a Social Security statement of benefits; a Veterans Administration statement of benefits; a retirement or pension statement of benefits; an Unemployment or Workers' Compensation statement of benefit; federal or Tribal notice letter of participation in General Assistance; or a divorce decree, child support award, or other official document containing income information. If the customer presents documentation of income that does not cover a full year, such as current pay stubs, the customer must present the same type of documentation covering three consecutive months within the previous twelve months.

(4) The customer may be required to furnish his or her social security number and the social security number of the member of the customer's household upon whom eligibility is based before OTAP and Lifeline eligibility can be determined or verified. Failure to do so may result in denial of benefits.

(5) The customer must sign a written authorization on a Commission-approved form permitting the Commission to release necessary information to an Eligible Telecommunications Provider and, as necessary, to the following: Federal Communications Commission, Universal Service Administrative Company, Department of Human Services, and the applicant's personal representative or legal guardian.

(6) An applicant or customer may not use a post office box as his or her residential address. The Commission may accept a P.O. Box or General Delivery address as a billing address, but not a residential address.

(7) The OTAP or Lifeline benefit is limited to one single line, or single line equivalent, per economic unit at the customer's principal residence in Oregon.

(a) If the Commission is unable to determine that an applicant and a current OTAP or Lifeline customer are part of a separate household, the applicant must complete and submit to the Commission the Lifeline Household Worksheet.

(b) The Commission may verify annually that the customer continues to be part of a separate household.

(c) If the customer fails to respond within 30 days of the Commission's attempts to verify that the customer continues to be part of a separate household, the Commission will notify the Eligible Telecommunications Provider to de-enroll the customer from OTAP and the Lifeline program.

(8) The name of the OTAP or Lifeline applicant must appear on the billing statement or account for the telecommunications service in order for that for that applicant to qualify for OTAP or Lifeline benefits.

(9) The Commission may require an Eligible Telecommunications Provider to provide up to three months of OTAP or Lifeline benefits cred-

ited to the customer's account if the customer does not receive benefits after applying for benefits and demonstrating eligibility. The qualifying customer may be required to submit documentation demonstrating that he or she qualified under the program or income based eligibility requirements in section (2) or (3) of this rule.

(10) The Commission will verify a customer's continuing eligibility. Continuing OTAP and Lifeline eligibility is based on monthly, quarterly, or annual verification by the Commission.

(a) The Commission will allow a customer 30 days following the date of the notice of termination or de-enrollment to demonstrate continued eligibility. A customer may be required to submit proof of continued eligibility to the Commission.

(b) The Eligible Telecommunications Provider must de-enroll the customer from the OTAP and Lifeline program within five business days of notice from the Commission that the customer is no longer eligible for OTAP and the Lifeline program.

(c) After the Commission determines that the customer is not eligible or no longer eligible, the customer may file a written request for a hearing to appeal the determination as specified in the notice of determination.

(d) At the hearing, the customer must provide to the Commission documentation demonstrating that he or she qualifies under the program or income based eligibility requirements listed in section (2) or (3) of this rule.

(11) If the Commission identifies that a customer or household is receiving duplicate support from more than one Eligible Telecommunications Provider, the Commission will attempt to contact the customer to determine the customer's preferred provider and thereafter, based on the available information, select which Eligible Telecommunications Provider must de-enroll the customer.

(12) If a customer does not use the OTAP or Lifeline supported service that the Eligible Telecommunications Provider offers at no charge for 60 consecutive days, the Eligible Telecommunications Provider must provide the customer 30 days' notice, using plain language, that the customer's failure to use the OTAP or Lifeline supported service within the 30-day notice period will result in de-enrollment from OTAP or the Lifeline program. If the customer uses the OTAP or the Lifeline supported service within the 30-day notice period, the Eligible Telecommunications Provider may not terminate the customer's OTAP or Lifeline supported service.

(13) When the customer switches to a different Eligible Telecommunications Provider, the customer must submit to the Commission an application for OTAP or the Lifeline program on a Commission-approved form.

(14) If, in a span of 30 days, the customer disconnects and reconnects service with the same Eligible Telecommunications Provider, the customer is not required to reapply for the OTAP or Lifeline benefits.

860-033-0035
OTAP and Lifeline Benefits

(1) A residential customer qualifying for the OTAP and Lifeline benefit pays a reduced monthly rate, as established by the Commission, for basic service, whether sold separately or in combination with other services, provided by an Eligible Telecommunications Provider. The monthly OTAP benefit includes:

(a) The federal Lifeline program support in accordance with 47 C.F.R. §54.403; and

(b) The State of Oregon support of $3.50.

(2) OTAP and Lifeline benefits become effective on the date the Commission receives from an eligible customer the signed application on a Commission-approved form.

(3) An Eligible Telecommunications Provider that offers OTAP or Lifeline supported service at no charge to the low-income customer must require the customer to call the Eligible Telecommunications Provider to activate the OTAP or Lifeline supported service. The Eligible Telecommunications Provider must require the low-income customer to provide the last four digits of his or her social security number or Tribal identification number before activating the OTAP or Lifeline supported service.

860-033-0040
OTAP Alternatives

(1) In lieu of OTAP participation, a public utility, cooperative corporation or unincorporated association providing local exchange telecommunication service may apply to the Commission for authority to provide low-income telephone assistance through an alternative plan. The application must demonstrate that:

(a) Customers eligible for OTAP will receive a benefit under the alternative plan at least equal to the OTAP benefit;

(b) Customers eligible for OTAP will be eligible under the alternative plan; and

(c) Administrative costs for an alternative plan will be less than or equal to the administrative costs of participation in OTAP.

(2) A public utility, cooperative corporation or unincorporated association providing low-income telephone assistance under an alternative plan must inform the Commission monthly of the number of customers receiving the benefit and the total dollar amount in benefits provided under the under the alternative plan.

(3) Eligible customers must continue receiving benefits under OTAP until the alternative plan is approved by the Commission and implemented by the public utility, cooperative corporation or unincorporated association.

Stat. Auth.: ORS 183, 756, 759 & 1987 OL Ch. 290
Stats. Implemented: ORS 756.040, 759.036 & 1987 OL Ch. 290

860-033-0045
OTAP Compensable Expenses

(1) The Eligible Telecommunications Provider may be compensated for the State of Oregon benefit provided to each customer enrolled in OTAP by the Commission Compensation may include the revenue the Eligible Telecommunications Provider foregoes by providing the State of Oregon benefit to eligible customers.

(2) To receive compensation, an Eligible Telecommunications Provider must submit a monthly reimbursement form no later than 21 calendar days after the end of the billing period. The Eligible Telecommunications Provider's reimbursement form must indicate the number of eligible customers who were enrolled during the billing period, the number of customers who received the OTAP benefit during the billing period, and the amount of revenue foregone during that same period.

(3) If the Commission overcompensates an Eligible Telecommunications Provider, the Eligible Telecommunications Provider must immediately return the excess RSPF funds once it notifies the Commission or is notified by the Commission of the overcompensation.

(a) If the Commission overcompensates the Eligible Telecommunications Provider as a result of Commission error and the Eligible Telecommunications Provider upon notification of the overcompensation immediately returns the excess RSPF funds, the Eligible Telecommunications Provider is not required to pay interest on the excess RSPF funds.

(b) If the Commission overcompensates the Eligible Telecommunications Provider as a result of Commission error and upon notification the Eligible Telecommunications Provider does not immediately return the excess RSPF funds, the Eligible Telecommunications Provider must pay interest on the excess RSPF funds at the rate set forth in OAR 860-001-0050.

(c) If the Commission overcompensates the Eligible Telecommunications Provider as a result of actions by the Eligible Telecommunications Provider, including, but not limited to, the filing of an incorrect reimbursement form, then upon notification the Eligible Telecommunications Provider must immediately return the excess RSPF funds and pay interest on the excess RSPF funds at the rate set forth in OAR 860-001-0050.

(4) Notice of Proposed Assessment:

(a) If the Eligible Telecommunications Provider is overcompensated and does not timely return the excess RSPF funds as described in section (3) of this rule, the Commission may issue a written proposed assessment for the amount due.

(b) Within 30 days of the service date of the notice of proposed assessment, the Eligible Telecommunications Provider may pay the proposed assessment in full or may file a written petition for a hearing. The

written petition for a hearing must clearly specify all the reasons the Eligible Telecommunications Provider disputes the assessment.

(A) If the Eligible Telecommunications Provider pays the proposed assessment in full within 30 days of the service date of the notice of proposed assessment, the Commission will accept the payment and discontinue any further collection activities for that assessment.

(B) If the Eligible Telecommunications Provider timely files a written petition for a hearing under subsection (b) of this section, the Commission will grant the Eligible Telecommunications Provider a hearing and provide at least 10 days notice of the time and place of the hearing. The Commission will conduct the hearing under its rules governing hearings and proceedings.

(5) Commission Order: The Commission will enter an order if the Eligible Telecommunications Provider does not respond to the notice of proposed assessment within 30 days of the service date of the notice of proposed assessment or after considering the testimony presented at hearing. Any charges assessed by the Commission in its order become due and payable on the tenth day after the service date of the Commission's order.

(6) If the Eligible Telecommunications Provider does not respond to the Commission order, then the account may be referred to the Department of Revenue or to a collection agency for collection. The Eligible Telecommunications Provider is responsible for and must pay all costs incurred by the Commission to collect a past-due assessed amount from the Eligible Telecommunications Provider.

(7) An Eligible Telecommunications Provider must submit any revisions to a previously filed reimbursement form no later than three years from its due date. If the Commission concludes that refund is due to an Eligible Telecommunications Provider and that the refund would have a material adverse financial impact on the RSPF, the Commission may enter into an agreement with the Eligible Telecommunications Provider to spread payment of the refund over a period of time not to exceed three years.

(8) The Commission may determine the compensation amount based on the costs an Eligible Telecommunications Provider would reasonably incur to accomplish each task referred to in section (1) of this rule. The Commission disburses funds from the RSPF to the Eligible Telecommunications Provider within 45 calendar days after the Commission receives a properly completed reimbursement form.

(9) Each public utility, cooperative corporation or unincorporated association providing low-income telephone assistance under a Commission-approved alternative plan may be compensated for the State of Oregon benefit costs. However, compensation from the RSPF may not be greater than the compensation that would have been received through participation in OTAP.

(10) Governmental agencies contracting with the Commission to certify the eligibility requirements of individuals or to perform other administrative functions authorized by these rules are compensated based on the terms of the contract.

Stat. Auth.: ORS 183, 756, 759 & 1987 OL Ch. 290

860-033-0046
OTAP and Lifeline Accounting, Reporting and Auditing

(1) Based upon accounting procedures approved by the Commission, Eligible Telecommunications Providers must maintain accounting records so that costs associated with OTAP and Lifeline can be separately identified. Records must be provided to the Commission upon request.

(2) Active OTAP and Lifeline Customer Report: The Active OTAP and Lifeline Customer Report is a listing of all customers receiving the OTAP or Lifeline benefit. The listing may include the customers' telephone numbers, addresses or Commission-assigned OTAP Identification Number. Each Eligible Telecommunications Provider must submit monthly to the Commission in an electronic format accessible by the Commission, an Active OTAP and Lifeline Customer Report. The Active OTAP and Lifeline Customer Report must be received by the Commission on or before the close of business on the 21st calendar day of the following month.

(3) Order Activity Report: The Order Activity Report is a listing of all OTAP or Lifeline customers whose phone service was disconnected, who voluntarily de-enrolled or were de-enrolled for failure to use the OTAP or Lifeline supported service that the Eligible Telecommunications Provider offers at no charge, and a listing of all OTAP or Lifeline customers whose telephone numbers or addresses have changed. Each Eligible Telecommunications Provider must submit monthly to the Commission in an electronic format accessible by the Commission an Order Activity Report. The Order Activity Report must be received by the Commission on or before the close of business on the 21st calendar day of the following month.

(4) No Match Report: When the Commission notifies the Eligible Telecommunications Provider of customers who meet eligibility criteria, the Eligible Telecommunications Provider must notify the Commission of any discrepancy that prevents a customer from receiving the OTAP or Lifeline benefit. Notification of discrepancies must be submitted electronically in a format accessible by the Commission.

(5) The Commission reserves the right to audit the records of an Eligible Telecommunications Provider that provides OTAP or Lifeline benefits.

(6) OTAP and Lifeline Records: Each Eligible Telecommunications Provider must keep all OTAP and Lifeline records and supporting documentation for three years, or if a Commission review or audit is pending, until the review or audit is complete, whichever is later.

(a) An Eligible Telecommunications Provider must produce for inspection or audit upon request of the Commission or its authorized representative all OTAP and Lifeline records and supporting documentation. The Commission, or its representative, must allow the Eligible Telecommunications Provider a reasonable time to produce the records for inspection or audit.

(b) In addition to any other penalty allowed by law, the Commission may suspend or cancel an Eligible Telecommunications Provider's certificate of authority to provide telecommunications service for its failure to produce for inspection or audit the records required by this rule.

Tribal Lifeline and Tribal Link-Up

(1) The Commission must determine if a prospective Tribal Lifeline or Tribal Link Up recipient who has executed a certification pursuant to 47 C.F.R. § 54 Subpart E (2013) has previously received a Tribal Lifeline or Tribal Link Up benefit at the residential address provided by the prospective subscriber to prevent duplicative support. An eligible resident of Tribal lands may receive the benefit of the Tribal Link Up program for a second or subsequent time only for otherwise qualifying commencement of telecommunications service at a principal place of residence with an address different from the address for which Tribal Link Up assistance was previously provided.

(2) Within five business days of a request for Tribal Lifeline or Tribal Link Up benefit, the Eligible Telecommunications Provider must submit to the Commission in an electronic format accessible by the Commission the Tribal Lifeline or Tribal Link Up applicant's full name, residential address, date of birth, telephone number associated with the application for Tribal Lifeline or Tribal Link Up benefit, and last four digits of his or her social security number or Tribal identification number. Each Eligible Telecommunications Provider must obtain, from each new and existing subscriber, consent to transmit the information as specified in this section of this rule. Prior to obtaining consent, the Eligible Telecommunications Provider must describe to the subscriber, using plain language, the specific information being submitted, that the information is being submitted to the Commission to ensure proper administration of the Tribal Lifeline and Tribal Link Up program, and that failure to provide consent will result in the subscriber being denied the Tribal Lifeline or Tribal Link Up benefit.

(3) If the Commission notifies the Eligible Telecommunications Provider that a prospective subscriber is receiving a Tribal Lifeline benefit or has received a Tribal Link Up benefit at the residential address provided by the subscriber, the Eligible Telecommunications Provider may not seek universal service support reimbursement for duplicate service.

(4) When two or more Eligible Telecommunications Providers submit the information required in section (2) of this rule for the same subscriber, only the Eligible Telecommunications Provider whose information was received and processed by the Commission first, as determined by the Commission, will be entitled to reimbursement from the universal service fund for that subscriber.

(5) Tribal Lifeline and Tribal Link Up Order Activity Report: The Tribal Lifeline and Tribal Link Up Order Activity Report is a listing of all Tribal Lifeline and Tribal Link Up customers whose phone service was disconnected, who voluntarily de-enrolled or were de-enrolled for failure to use the Tribal Lifeline service which the Eligible Telecommunications Provider offers at no charge and a list of all Tribal Lifeline and Tribal Link

Up customers whose telephone numbers or addresses have changed. Each Eligible Telecommunications Provider must submit monthly to the Commission in an electronic format accessible by the Commission on or before the close of business on the 21st calendar day of the following month.

Toll Limitation Service and Prohibited Charges

(1) Upon request and availability, an OTAP or Lifeline customer is entitled to Toll Limitation Service from an Eligible Telecommunications Provider at no additional charge.

(2) An Eligible Telecommunications Provider may not charge the OTAP or Lifeline customer:

(a) The federal universal service fund fee on the local service portion of the phone bill;

(b) The local number portability fee; or

(c) The access recovery fee.

860-033-0110
Advertising, Marketing and Outreach

(1) An Eligible Telecommunications Provider may not conceal or misstate a material fact about OTAP or the Lifeline program in advertising, marketing materials or other outreach to Oregon consumers.

(2) An Eligible Telecommunications Provider must explain in plain language and disclose in OTAP and Lifeline marketing materials:

(a) That the Eligible Telecommunications Provider's offering is an OTAP and Lifeline supported service;

(b) That OTAP and Lifeline are government assistance programs. This disclosure must be conspicuous;

(c) The name of the Eligible Telecommunications Provider offering the OTAP and Lifeline supported service;

(d) That only eligible low-income customers may enroll in OTAP and Lifeline supported programs;

(e) That proof of eligibility may be necessary for enrollment;

(f) That OTAP and Lifeline supported services are limited to one benefit per household, consisting of either wireline or wireless service; and

(g) That OTAP and Lifeline supported services are non-transferable.

(3) The Eligible Telecommunications Provider must provide to the Commission copies of OTAP and Lifeline marketing materials to be released in the State of Oregon at least five business days prior to release.

Stat. Auth.: ORS 183, 756, 759 & 1987 OL Ch. 290

Hist.: PUC 5-2013(Temp), f. & cert. ef. 6-28-13 thru 12-24-13; PUC 7-2013, f. & cert. ef. 12-20-13

860-033-0530
TDAP Eligibility

(1) A person may apply to receive an Assistive Telecommunication Device or Adaptive Equipment from the Commission. The application must be submitted using the form provided by the Commission. The TDAP application form is available online at http://www.puc.state.or.us/PUC/rspf/tdapapp.pdf, from the Commission and from certain community resources.

(2) A TDAP applicant must provide the Commission with:

(a) Evidence of regular access to a specific telephone number in Oregon;

(b) Evidence of current residency in Oregon; and

(c) A properly completed application including a statement that the applicant is deaf, deaf-blind, hard of hearing, speech or vision impaired, or has a disability that requires adaptive equipment or an assistive telecommunication device to communicate effectively on the telephone. This statement must be signed by:

(A) A licensed physician who may certify that the applicant is deaf, deaf-blind, hard of hearing, speech or vision impaired or has a disability;

(B) An audiologist or a hearing aid specialist who may certify only that the applicant is deaf or hard of hearing;

(C) A speech pathologist who may certify only that the applicant is speech impaired;

(D) A vocational rehabilitation counselor from the Oregon Office of Vocational Rehabilitation Services who may certify that the applicant is deaf, deaf-blind, hard of hearing, speech or vision impaired or has a disability;

(E) A nurse practitioner who may certify that the applicant is deaf, deaf-blind, hard of hearing, speech or vision impaired, or has a disability; or

(F) A rehabilitation instructor from the Oregon Commission for the Blind who may certify only that the applicant has a vision impairment.

(d) For a person under 18 years of age, or an adult who is determined to require a legal guardian, a parent or a guardian must apply on that person's behalf and assume full responsibility for the Assistive Telecommunication Device or Adaptive Equipment and services. An emancipated minor is considered an adult. If the application is signed by a person asserting power of attorney for the applicant or by a legal guardian, the person signing the application may be required to provide the Commission with evidence of the power of attorney or legal guardianship.

(3) The Commission may only approve applications for persons certified as deaf, deaf-blind, hard of hearing, speech or vision impaired or who have a disability and cannot use a telephone for expressive or receptive communication.

(4) The Commission may provide one Assistive Telecommunication Device or one Adaptive Equipment unit per eligible person. The one device or unit provided may also include an accessory device such as a loud ringer or signal device, as applicable. More than one Assistive Telecommunication Device or Adaptive Equipment unit may be provided to a household if more than one eligible person permanently resides in the household.

(5) If the Commission purchases new devices that may benefit a TDAP recipient more than the equipment currently provided by the Commission to the recipient, the Commission may allow the recipient to use both the current and new device for a 60-day trial period. The recipient must return the less beneficial equipment to the TDAP within five business days after the end of the trial period. If the recipient fails to return the equipment, the recipient is responsible for paying the Commission for the cost of the more expensive equipment.

Stat. Auth.: ORS 183, 756, 759 & 1987 OL Ch. 290
Stats. Implemented: ORS 756.040, 759.036 & 1987 OL Ch. 290

860-033-0535
Ownership of and Conditions for Use of Assistive Telecommunication Devices or Adaptive Equipment

(1) All Assistive Telecommunication Devices or Adaptive Equipment purchased by the Commission remain the property of the State of Oregon. The Authorized Distributors must record the serial number of each Assistive Telecommunication Device or Adaptive Equipment unit. An Authorized Distributor's failure to comply may terminate the distributor's contract with the State of Oregon.

(2) Before receiving an Assistive Telecommunication Device or Adaptive Equipment, a recipient must sign the Conditions of Acceptance. A recipient who received TDAP equipment when under the age of 18 must sign a new Conditions of Acceptance form within 30 calendar days after becoming 18 years of age. Similarly, if there is a change in legal guardian for an adult recipient, the new guardian must sign a Conditions of Acceptance form within 30 calendar days of the change in guardianship. Failure to do so will result in the Commission billing the parent or guardian of record for the device.

(3) Before the requested equipment is distributed, an applicant or recipient must pay in full all outstanding accounts with the Commission.

(4) Any Assistive Telecommunication Device or Adaptive Equipment distributed to an eligible recipient under this program may not be sold, loaned, or otherwise transferred from the possession of the original recipient. Unauthorized transfers subject the recipient to repossession of the Assistive Telecommunication Device or Adaptive Equipment, prosecution, or liability for the full purchase price of the equipment.

(5) A recipient who moves to a different address within Oregon must report the new address to the Commission within 30 calendar days of the move. A recipient who moves out of Oregon must return all Assistive Telecommunication Devices or Adaptive Equipment received through the

Commission to an Authorized Distributor or the Commission before moving out of Oregon. A recipient who is no longer receiving telephone services must return all Assistive Telecommunication Devices or Adaptive Equipment received through the Commission to an Authorized Distributor or the Commission within 30 calendar days after termination of Local Exchange Service.

(6) A recipient may take Assistive Telecommunication Devices or Adaptive Equipment on travel outside Oregon. The recipient must obtain written permission from the Commission if the travel will be for more than 90 calendar days.

860-033-0536
TDAP Recipients' Liability

(1) The recipient is financially responsible for any damage to the equipment that is not caused by normal wear and tear, acts of nature, or disasters. To avoid financial responsibility for damaged equipment, the recipient must prove to the Commission that the damage was caused by normal wear and tear or acts of nature or disasters. The recipient is also financially responsible for the full replacement cost of the equipment if the recipient loses the equipment or moves out of Oregon without returning the equipment.

(2) Stolen Equipment or Equipment Damaged by Acts of Nature or Disasters:

(a) If the equipment is stolen, a recipient must notify the local law enforcement agency within 24 hours of the time the recipient discovers the theft. A recipient must forward a copy of the police report to the Commission within five business days of the date the theft was reported. If the local law enforcement agency does not respond to the recipient's theft report, the recipient must notify the Commission within five business days after the theft was reported. The recipient must forward a written report to the Commission that describes the theft and includes any witnesses' names, addresses, and telephone numbers.

(b) If the equipment is stolen outside the United States, the recipient must submit a copy of the police report to the Commission within five business days of the date the theft was reported. If the local law enforcement agency does not respond to the recipient's theft report, the recipient must notify the Commission within five business days after returning to Oregon. The recipient must forward to the Commission a written report that includes any witnesses' names, addresses, and telephone numbers; and describes the theft.

(c) If the equipment is damaged due to acts of nature or disasters, including, but not limited to floods, storms or fire, the recipient must submit an insurance claim, fire department report, police report, or other equivalent documentation about the event within five business days after the date the event occurred.

860-033-0537
Holding Recipients Financially Responsible for Damaged, Lost, or Otherwise Not Returned Assistive Telecommunication Devices or Adaptive Equipment

(1) Invoices:

(a) The Commission will mail an invoice indicating the amount of and the reason for such invoice to the responsible recipient at the last known address. The recipient has 30 calendar days from the service date of the invoice to respond.

(b) The invoiced recipient may submit a written response to the Commission in an attempt to resolve the invoice. At the Commission's discretion, further investigation may be initiated. If the investigation finds that the invoice was issued in error (for example, there is no verifiable reason for the invoice having been sent), the invoice may be canceled.

(c) If the Commission does not receive payment, the Commission may begin the collection activities.

(d) Incorrect address: When an invoice or notice of proposed assessment is returned with an incorrect address and the invoiced recipient has not notified the Commission of an address change as required by the Conditions of Acceptance for TDAP Equipment, the amount billed to the recipient becomes a liquidated debt.

(2) Notice of Proposed Assessment:

(a) If the recipient does not respond to the invoice within 30 days from the service date of the invoice, the Commission may issue a written proposed assessment for the amount due.

(b) The recipient may pay the assessment in full within 30 days of the service date of the notice of proposed assessment or may file a written petition for a hearing within 30 days of the service date of the notice of proposed assessment. A written petition for a hearing must clearly specify all the reasons the recipient disputes the proposed assessments.

(A) If the recipient pays the proposed assessment in full within the 30 days of the service date of the notice of proposed assessment, the Commission will accept the payment and discontinue any further collection activities for that assessment.

(B) If the recipient timely files a written petition for a hearing as set forth in subsection (b) of this section of this rule, the Commission will grant the recipient a hearing and give at least 10 days notice of the time and place of the hearing. The Commission will conduct the hearing under its rules governing hearings and proceedings.

(3) Commission Order:

(a) The Commission will enter an order if the recipient does not respond to the notice of proposed assessment within 30 days of the service date of the notice of proposed assessment or after considering the testimony presented at hearing. Any charges assessed by the Commission in its order become due and payable on the tenth day after the service date of the Commission's order.

(b) If the recipient does not respond to the order assessing charges, the account may be referred to the Department of Revenue or a collection agency for collection. The recipient is responsible for and must pay all costs incurred by the Commission to collect a past-due invoice amount from the recipient.

(4) Collection procedures for a recipient with two or more Assistive Telecommunication Devices or Adaptive Equipment units:

(a) The Commission will mail a letter to the recipient asking the recipient to return the equipment within 30 calendar days, and

(b) If the Commission does not receive a response, the Commission will send an invoice to the recipient. If the recipient does not pay the amount billed, the Commission may take the necessary action against the recipient to either regain possession of the State of Oregon's equipment or receive the full replacement value of such equipment.

(5) When the Commission receives notice that a recipient is deceased, the Commission will request that the estate return the equipment. The Commission may bill the estate for the cost of replacing the equipment if it has not been returned, or if it is returned in damaged condition.

(6) If the lost, damaged, or otherwise not returned equipment is obsolete or is no longer offered by the TDAP, the Commission may waive the recipient's financial responsibility.

860-033-0540
Distribution Procedures for Assistive Telecommunication Devices or Adaptive Equipment

(1) Subject to appropriation and approval of expenditures for Assistive Telecommunication Devices or Adaptive Equipment and services purchased by the Commission, the Commission may contract with any governmental agency or other entity to establish an Authorized Distributor network and an Authorized Maintenance Center network.

(2) If demand exceeds supply, the Commission may distribute Assistive Telecommunication Devices or Adaptive Equipment to customers on a first-come first-serve basis.

(3) Each Authorized Distributor must inform the Commission in writing of all incoming and outgoing shipments of Assistive Telecommunication Devices or Adaptive Equipment. The written information must include the serial numbers engraved by the Authorized Distributor.

(4) Upon notice from the Commission, the Authorized Distributor must distribute Assistive Telecommunication Devices or Adaptive Equipment to eligible applicants.

(5) The Authorized Distributor must require each recipient, including the parent or legal guardian, to sign the Conditions of Acceptance form supplied by the Commission before providing an Assistive Telecommunication

Device or Adaptive Equipment unit. The Authorized Distributor and Authorized Maintenance Center must forward all forms to the Commission.

(6) If needed, the Commission may contract with an agency or individual to provide training on Assistive Telecommunication Devices or Adaptive Equipment to specialized populations.

(7) Recipients of Assistive Telecommunication Devices or Adaptive Equipment are responsible for replacement paper for the Assistive Telecommunication Device or Adaptive Equipment, the payment of the recipient's monthly telephone bill, the purchase or lease cost of recipient's telephone, the cost of replacement light bulbs for signal devices and batteries for the equipment.

(8) The Commission may require the Authorized Distributor to provide each recipient a copy of the OTAP application form, mailing forms for purchasing TTY paper, and telecommunications relay service information handouts.

(9) The recipient must return defective or damaged equipment to the Commission, at the Commission's expense, prior to receiving repaired or replacement equipment. The Commission will decide whether to replace or to repair the damaged or defective equipment. The requirement to return defective or damaged equipment prior to receiving repaired or replaced equipment may be waived by the Commission.

Rule Caption: Amendments to OAR 860-001-0310, Agency Representation by Officer or Employee
Adm. Order No.: PUC 1-2014
Filed with Sec. of State: 1-9-2014
Certified to be Effective: 1-9-14
Notice Publication Date: 12-1-2013
Rules Amended: 860-001-0310
Subject: These rule changes reconcile OAR 860-001-0310 with the Attorney General's recommendations in its letter reauthorizing our use of agency representatives for two types of hearings: (1) to recover amounts to pay for the replacement or repair of telecommunications assistive devices; and (2) to deny or terminate Oregon Telephone Assistance Program benefits.
Rules Coordinator: Diane Davis—(503) 378-4372

860-001-0310
Representation and Ethical Conduct

(1) All persons appearing in proceedings in a representative capacity must conform to the standards of ethical conduct required of attorneys appearing before the courts of Oregon. If a person does not conform to these standards, then the Commission may decline to permit the person to appear in a representative capacity in any proceedings.

(2) Except for Staff, a party to contested case proceedings may be represented by an authorized representative who is not an attorney.

(a) A party's initial pleading in the proceedings must designate the party's authorized representative.

(b) The ALJ has authority to limit an authorized representative's presentation of evidence, examination, and cross-examination of witnesses, or presentation of factual arguments to ensure the orderly and timely development of the hearing record. The ALJ may not allow an authorized representative who is not an attorney to present legal argument except to the extent authorized in ORS 183.457.

(c) Changes to the designation of authorized representative must be made by written notice to the Commission with copies served on the other parties to the proceedings.

(3) Staff may represent the Commission in a contested case hearing in the following proceedings:

(a) Actions initiated by the Commission to recover telecommunications assistive devices, the value of devices which the recipients fail to return, or the cost of repairing equipment that the recipient returned in a damaged condition; and

(b) Denial or termination of Oregon Telephone Assistance Program benefits.

(4) Staff acting under the provisions of section (3) may not give legal advice to the Commission and may not present legal argument in contested case hearings, except to the extent authorized by this section.

(a) "Legal Argument" includes arguments on:

(A) The jurisdiction of the Commission to hear the contested case;

(B) The constitutionality of a statute or rule or the application of a constitutional requirement to the Commission

(C) The application of court precedent to the facts of the particular contested case proceeding.

(b) "Legal Argument" does not include presentation of motions, evidence, examination and cross-examination of witnesses or presentation of factual arguments or arguments on:

(A) The application of the statutes or rules to the facts in the contested case;

(B) Comparison of prior actions to the Commission in handling similar situations;

(C) The literal meaning of the statutes or rules directly applicable to the issues in the contested case;

(D) The admissibility of evidence; and

(E) The correctness of procedures being followed in the hearing.

(5) If the ALJ determines that statements or objections made by Staff appearing under section (3) involve legal argument as defined in this rule, the ALJ will provide reasonable opportunity for Staff to consult with the Attorney General and permit the Attorney General to present argument at the hearing or to file written legal argument within a reasonable time after conclusion of the hearing.

Definitions

For the purposes of OAR 160-010-0700 through 160-010-0720:

(1) "Fee" means any set or variable dollar amount charged by the issuing agency.

(2) "Fee-related regulations" means fees that are incurred due to requirements by the license, permit or registration provisions that are not directly charged by the issuing agency. These fees include charges associated with required insurance, performance bonds, and inspections. These fees are incurred solely to do business, and are not generally applicable, such as building permits and utility fees.

(3) "Group Administrator" means a representative of the group or agency who is responsible for entering and editing that agency's License Directory information and manages users for their group.

(4) "Small Business" means a prospective, new or established business with 100 or fewer employees that is or will be located in Oregon, in accordance with ch. 580, Oregon Laws 2013, section 1.

Stat. Auth.: 2013 OL Ch. 580, Sec. 1(4)

160-010-0710
License Directory Information

(1) Scope.

(a) All state and local agencies that issue licenses, permits and registrations for which fees and fee-related regulations are imposed on small businesses must report the information designated in this section to the Secretary of State.

(b) All state and local agencies that issue licenses, permits and registrations for which fees and fee-related regulations are imposed on any business may report the information designated in this section to the Secretary of State.

(c) Additional relevant information may also be reported.

(2) Directory information will be formatted and organized in a database maintained by the Secretary of State. Group Administrators may select some information from choices presented by the Oregon License Directory application.

(3) Required Information. The information for licenses, permits and registrations shall include:

(a) "Name." The name of the license, permit or registration.

(b) "Start Date." The date this license, permit or registration will first be seen by the public in the license directory.

(c) "License Category." The type of field the license, permit or registration applies to.

(d) "Group." The group or agency associated with this license, permit or registration.

(e) "Description of license." This is a description of the duties/activities that the license covers and often includes definitions.

(f) "Duration." The length of time the license, permit or registration will be effective. The duration of renewals is also required.

(g) "Fee." The dollar amount of fees normally associated with the license, permit or registration, including application fee, exam fee, et cetera.

(A) Non-normative fees, such as late fee or expedite fee are not included.

(B) Renewal fees, duplicate fees, and other fees occurring after the initial issuance of the license.

(h) "Processing Time." The average time to process and issue the license, permit or registration on July 1st.

(i) "License Count." The number of active licenses, permits or registrations as of July 1st.

(j) "Bonding Requirements." The conditions where a bond may be required and the amount of the bond.

(k) "Insurance Requirements." The amount and type of insurance required for the license, permit or registration.

(4) The information for licenses, permits and registrations may include:

(a) "Fee exemption." Conditions where all or part of the license fee may be waived.

(b) "Examination Information." Information about testing or examination requirements.

(c) "Continuing Education Requirements." Additional education required to renew the license.

(d) "Prerequisites." Additional requirements, such as education or work experience, in order to get the license, permit or registration.

(e) "Required Documentation." Information about documentation necessary to get the license, permit or registration.

(f) " Application Form Name." The name of the application form for this license, permit or registration.

(g) "License Renewal Information." Information about requirements for renewal, such as timing of notices, requirements for inspections, and other information not covered elsewhere. The renewal duration and continuing education requirements may also be noted.

(h) "Duplicate License." The information required to get a duplicate license, permit or registration.

(i) "Statutes, Administrative Rules or Ordinances." Any applicable law relating to the issuance of the license, permit or registration.

(j) Other relevant information may be provided.

Secretary of State, Elections Division
Chapter 165

Rule Caption: Removes References to Spot Checks from the Penalty Matrix for Other Campaign Finance Violations
Adm. Order No.: ELECT 1-2014
Filed with Sec. of State: 1-2-2014
Certified to be Effective: 1-2-14
Notice Publication Date: 12-1-2013
Rules Amended: 165-013-0010
Subject: This proposed rule amendment removes references to "spot checks", which were eliminated by the 2013 Legislative Assembly.
Rules Coordinator: Brenda Bayes—(503) 986-1518

165-013-0010
Penalty Matrix for Other Campaign Finance Violations

(1) This penalty matrix applies to civil penalties for campaign finance violations not covered by the penalty matrices in the Campaign Finance Manual.

(2) Mitigating Circumstances. The only mitigating circumstances that will be considered in a campaign finance violation covered by this rule include:

(a) The violation is a direct result of a valid personal emergency of the candidate or treasurer. A valid personal emergency is an emergency, such as a serious personal illness or death in the immediate family of the candidate or treasurer which caused the violation to occur. A valid personal emergency does not include a common cold or flu, or a long-term illness where other arrangements could have been made. In this case, independent written verification must be provided;

(b) The violation is the direct result of an error by the elections filing officer;

(c) The violation is the direct result of clearly-established fraud, embezzlement, or other criminal activity against the committee, committee treasurer or candidate, as determined in a criminal or civil action in a court of law or independently corroborated by a report of a law enforcement agency or insurer or the sworn testimony or affidavit of an accountant or bookkeeper or the person who actually engaged in the criminal activity. This mitigating circumstance is not available to the candidate or treasurer who was the perpetrator of the wrongdoing described above;

(d) The violation is the direct result of fire, flood, utility failure or other calamitous event, resulting in physical destruction of, or inaccessibility to, committee records. ("Calamitous event" means a phenomenon of an exceptional character, the effects of which could not have been reasonably prevented or avoided by the exercise of due care or foresight);

(e) The violation is the direct result of failure of a professional delivery service to deliver documents in the time guaranteed for delivery by written receipt of the service provider (this does not include delivery by fax); or

(3)(a) Penalty Matrix. These mitigating circumstances may be considered in reducing, in whole or in part, the civil penalty. If the violation is a direct result of an error by the elections filing officer, the violation is waived and no penalty is assessed.

(b) Omitted or insufficient information for a violation of ORS 260.039(4), 260.042(4) or 260.118(3) submitted prior to the deadline for a candidate or treasurer to request a hearing will result in a 50% reduction of the penalty. If a public hearing is requested, the omitted or insufficient information may be submitted up to the date of the hearing. In such an event, the candidate or treasurer will be entitled to a 50% reduction of the assessed penalty.

(c) For the purpose of issuing a proposed penalty notice and subsequent imposition of a civil penalty for any violation in Appendix A of this rule, the candidate of a principal campaign committee, the treasurer of a political action committee, or the chief petitioner of a petition committee, is the party named in a proposed penalty notice and is the party responsible for the payment of any civil penalty if a penalty is assessed.

(d) For purposes of determining penalty amounts for violations of campaign finance violations covered by this rule Appendix A of this rule will apply. [Appendix not included. See ED. NOTE.]

[ED. NOTE: Appendix referenced is available from the agency.]

165-012-0240

Administrative Discontinuation of a Political Committee

(1) The Elections Division may administratively discontinue a political or petition committee when:

(a) The committee has not filed any transactions under ORS 260.057 for one calendar year; and

(b) The committee's ending cash balance reflected in ORESTAR is not more than $3500.

(2) Not later than 30 days before administratively discontinuing a committee under this section, the Elections Division shall attempt to notify the committee of the proposed discontinuation.

(a) For a candidate committee:

(A) By first class mail sent to the mailing address reported on the most recent Statement of Organization for the candidate and by first class mail to the most recent mailing address for the candidate reported in the Oregon Centralized Voter Registration System. If both addresses are the same, only one letter shall be sent; and

(B) By first class mail to the mailing address reported on the most recent Statement of Organization for the treasurer, if applicable.

(b) For a political committee notice will be sent by first class mail sent to the mailing address reported on the most recent Statement of Organization for the treasurer and by first class mail to the most recent mailing address for the treasurer reported in the Oregon Centralized Voter Registration System. If both addresses are the same, only one letter shall be sent.

(c) For a petition committee:

(A) By first class mail sent to the mailing address reported on the most recent Statement of Organization for the chief petitioner(s) and by first class mail to the most recent address for the chief petitioner(s) in the Oregon Centralized Voter Registration System. If both addresses are the same, only one letter shall be sent; and

(B) By first class mail to the mailing address reported on the most recent Statement of Organization for the treasurer, if applicable.

(3) The notice shall inform the committee that it will be discontinued by the Elections Division unless the committee informs the Elections Division of reasons why the committee does not meet the criteria of this rule for administrative discontinuation. The committee must inform the Elections Division in writing of the reasons not later than 20 days after the service date of the letter. The written notice shall also include:

(a) Notification that the statement of organization will be administratively discontinued 30 days from the date of the letter; and

(b) The applicable reasons for discontinuation listed in subsection (1) of this section.

Rules Amended: 165-001-0050

Subject: The rule is proposed for amendment to provide clarity on when and how exceptions to a proposed order may be filed with the Elections Division.

Rules Coordinator: Brenda Bayes—(503) 986-1518

165-001-0050

Proposed Orders in Contested Cases, Filing of Exceptions, Argument, and Adoption of Order

(1) The administrative law judge shall prepare a proposed order and serve the proposed order on the agency and each party. The proposed order shall be served not later than 30 calendar days after the hearing is adjourned. The proposed order shall also include information about when and where written exceptions to the proposed order must be filed to be considered by the agency.

(2) The exceptions must be received by the Elections Division not later than 30 calendar days after the service date of the proposed order. The date of service is the day the proposed order is mailed, not the date the party receives the proposed order.

(3) If the administrative law judge's proposed order recommended a decision favorable to a party and the agency intends to reject that recommendation and issue an order adverse to that party, the agency shall issue an amended proposed order. When the agency serves an amended proposed order on the party, the agency shall, at the same time notify the party when and where written exceptions for the amended order must be filed to be considered by the agency.

(4) The agency decision maker, after considering any of the written exceptions may adopt the proposed order, amended proposed order or prepare a new order.

Rule Caption: Updating Candidate and Minor Party Manuals and Proposes for Repeal Write-In Acceptance Form
Adm. Order No.: ELECT 6-2014
Filed with Sec. of State: 1-2-2014
Certified to be Effective: 1-2-14
Notice Publication Date: 12-1-2013
Rules Amended: 165-010-0005
Rules Repealed: 165-010-0080
Subject: 165-010-0005: This rule adopts the 2014 Candidates Manual and associated forms to comply with changes made by the 2013 Legislative Assembly. In addition this rule designates the 2014 Minor Political Party Manual as the procedures and forms to be used to form a Minor Political Party and nominate candidates for elective office.

165-010-0080: This rule is proposed for repeal because the form and associated process are included in the 2014 Candidates Manual.
Rules Coordinator: Brenda Bayes—(503) 986-1518

165-010-0005
Designating the State Candidates Manuals, County Candidate's Manual and Forms

(1) The Secretary of State designates the *2014 Candidate's Manual* and associated forms as the procedures and forms to be used by candidates filing and running for elective office.

(2) The Secretary of State designates the *2014 Minor Political Party Formation and Candidate Nomination* and associated forms as the procedures and forms to be used to form a Minor Political Party and nominate candidates for elective office.

Rule Caption: Clarifies signature verification processes
Adm. Order No.: ELECT 7-2014
Filed with Sec. of State: 1-7-2014
Certified to be Effective: 1-7-14
Notice Publication Date: 9-1-2013
Rules Amended: 165-014-0030
Subject: OAR 165-014-0030 is proposed for amendment to clarify that statistical sampling will only be conducted on additional submission of signatures if the number of unverified signatures accepted for inclusion in the sample are equal to or greater than the remaining required number of signatures. Additionally reference is added to specify that the handwriting characteristics and factors set forth in the Vote by Mail Procedures Manual adopted under OAR 165-007-0030 will be used to evaluate and determine whether the signature on a petition matches signatures contained in the voter's registration record.
Rules Coordinator: Brenda Bayes—(503) 986-1518

165-014-0030
Statistical Sampling Procedures for State Petition

(1) This rule is adopted to implement ORS 250.045(1) and ORS 250.105(5).

(2) The pre-processing of petition signature sheets is conducted by the Elections Division.

(3) Verification of sampled signature lines against voter registration records may be conducted by either the Elections Division or county elections officials.

(4) The handwriting characteristics and factors set forth in the Vote by Mail Procedures Manual adopted under OAR 165-007-0030 will be used to evaluate and determine whether the signature on any sampled signature line matches signatures contained in the voter's registration record.

(a) Only a signature possessing obvious and predominantly matching characteristics with signatures contained in the voter's registration record may be determined to be a match.

(b) A signature possessing more non-matching than matching characteristics with signatures contained in the voter's registration record shall be reviewed by at least two different signature verification staff members before it is rejected as a non-matching signature.

(5) A random sample for any prospective initiative, initiative or referendum petition submittal, will only be selected if the Elections Division determines the petition signature sheets accepted for inclusion in the sample contain a number of unverified signatures equal to or greater than the required number of signatures necessary to accept the petition.

(6) After receiving the signature sheets from the chief petitioners, the Elections Division utilizes the process outlined in (7) through (18) of this rule to determine if the prospective initiative petition, which is also referred to as the sponsorship petition or submittal, contains the signatures of at least 1,000 electors.

(7) No more than 2,000 signatures will be accepted for verification at any one time. Signatures submitted in excess of this requirement are void and will not be included for sampling nor returned to the chief petitioner.

(8) Two signature samples may be selected in order to determine if the petition contains the required number of valid signatures. The sample size determination and statistical formula used to determine if a prospective initiative petition contains the required number of valid signatures is contained in Appendix 1, which is incorporated into this rule by reference. [Appendix not included. See ED. NOTE.]

(9) Prior to verification, each cover and signature sheet is reviewed and removed if:

(a) The text of the prospective initiative petition is not incorporated into the cover sheet and copied onto the back or stapled to the prospective initiative petition signature sheet.

(b) The circulator certification is insufficient as defined by OAR 165-014-0270.

(c) All information included in the optional information fields about the petition signers, such as their printed name, address and date signed, does not comply with OAR 165-014-0275.

(d) The cover and signature sheet submitted is produced on colored paper stock when the petition is not using paid circulators.

(e) No sheet number is provided.

(10) The signature lines on each petition signature sheet accepted for inclusion in the sample will be reviewed and not accepted for sampling if:

(a) The signature line is not certified by the circulator's certification date.

(b) The signature line does not comply with OAR 165-014-0275.

(11) Those individual signature lines accepted for sampling will be entered into the Oregon Centralized Voter Registration System (OCVR) which will be used for the random signature selection process and to verify signatures.

(12) The first random sampling of petition signature lines is verified. If the sampled signature line is a blank or crossed out line, the next available line below will be verified. If there are no lines below, the line above will be verified.

(13) The Elections Division will consolidate and tabulate the verification data, generated from OCVR, for the first sample.

(14) The statistical formula will be applied to the data from the first sample. If the prospective initiative petition is accepted as a result of the first sample the Elections Division will notify the chief petitioners or correspondence recipient and forward the text to the Attorney General for drafting of the ballot title.

(15) If the prospective initiative petition is not accepted as a result of the first sample, the remaining petition signature lines will be verified. If the sampled signature line is a blank or crossed out line, the next available line below will be verified. If there are no lines below, the line above will be verified.

(16) The verification data for the remaining petition signature lines will be added to the first sample data and the statistical formula applied to the combined results. If the prospective initiative petition is accepted after complete verification the Elections Division will notify the chief petitioners or correspondence recipient and forward the text to the Attorney General for drafting of the ballot title.

(17) If after complete verification the Election Division determines the prospective initiative petition does not contain 1,000 valid signatures, chief petitioners may make one additional submittal of no more than 2,000 signatures.

(a) The verification procedures applied to the combined first and second sample will be applied to the second submittal of signatures.

(b) If the results of verification of the second submittal of signatures do not qualify the petition for acceptance, the chief petitioners must begin the prospective initiative petition process again.

(18) Signature verification of the prospective initiative petition must be completed:

(a) Not later than 10 business days after receipt of the prospective petition signatures;

(b) Not later than 20 business days after receipt of prospective petition signatures if two or more prospective petitions are received in a single day; or

(c) Not later than 20 business days after receipt of prospective petition signatures if all signatures contained in the prospective petition are required to be verified.

(19) Once chief petitioners submit the required number of signatures and affirm the petition is complete, the Elections Division utilizes the process outlined in (20) through (31) of this rule to determine if the initiative or referendum petition contains enough valid signatures to qualify for the ballot.

(20) Two signature samples may be selected in order to determine if the initiative or referendum petition contains the required number of valid signatures. The statistical formulas used to determine if an initiative or referendum petition contains the required number of valid signatures are contained in Appendix 2 and Appendix 3, respectively. Both appendices are incorporated into this rule by reference.

(21) Prior to verification, each cover and signature sheet is reviewed and removed if :

(a) The cover and signature sheet submitted is not a version that was approved for circulation.

(b) The circulator certification is insufficient as defined by OAR 165-014-0270.

(c) All information included in the optional information fields about the petition signers, such as their printed name, address and date signed, does not comply with OAR 165-014-0275.

(d) The cover and signature sheet submitted is produced on colored paper stock when the petition is not using paid circulators.

(e) The electronic template submitted is produced on colored paper stock.

(f) No sheet number is provided.

(22) The signature lines on each petition signature sheet accepted for inclusion in the sample will be reviewed and not accepted for sampling if:

(a) The signature line is not certified by the circulator's certification date.

(b) The signature line does not comply with OAR 165-014-0275.

(23) Those individual signature lines accepted for sampling will be entered into the Oregon Centralized Voter Registration System (OCVR) which will be used for the random signature selection process and to verify signatures.

(24) The size of the first sample of signatures will be fixed at 1,000. The size of the second sample of signatures will be specified such that the total number of signatures for the combined first and second sample will be at least five percent of the total number of signatures accepted for verification.

(25) The petition signature sheets containing signature lines selected in the first and second random samples are separated from the signature sheets that are not selected in the sample.

(26) The first random sampling of petition signature lines is verified. If the sampled signature line is a blank or crossed out line, the next available line below will be verified. If there are no lines below, the line above will be verified.

(27) The Elections Division will consolidate and tabulate the verification data, generated from OCVR, for the first sample.

(28) The statistical formula will be applied to the consolidated data from the first sample. After determining the result of the first sample the Elections Division will notify the chief petitioners or correspondence recipient that the petition has either qualified to the ballot or that the second larger sample will be verified.

(29) The second random sampling of petition signature lines is verified. If the sampled signature line is a blank or crossed out line, the next available line below will be verified. If there are no lines below, the line above will be verified.

(30) The verification data for the second sample will be added to the first sample data and the statistical formula applied to the combined results. If the petition is accepted after verification of the combined sample the Elections Division will notify the chief petitioners or correspondence recipient that the petition has qualified to the ballot.

(31) If after verification of the combined sample the Elections Division determines the petition does not contain the required number of valid signatures, chief petitioners may submit additional signatures as long as the filing deadline has not passed. Each additional submittal will be verified using the following process:

(a) A single sample that is the larger of 250 signatures or a number of signatures that is directly proportional to the first submittal of signatures will be selected from additional signatures accepted for inclusion in the sample.

(b) If fewer than 250 signatures are submitted then all signatures are verified.

(c) The verification procedures applied to the first submittal will be applied to any additional submittal of signatures.

(d) To determine acceptance or rejection of the petition, the verification data from additional submittals will be added to the verification data of the first submittal and the statistical formula applied to the combined results.
