# INFORMATION ABOUT ADMINISTRATIVE RULES

## General Information

The Administrative Rules Unit, Archives Division, Secretary of State publishes the Oregon *Administrative Rules Compilation* and the online *Oregon Bulletin*. The *Oregon Administrative Rules Compilation* is an annual print publication containing complete text of Oregon Administrative Rules (OARs) filed through November 15 of the previous year. The *Oregon Bulletin* is a monthly online supplement that contains rule text adopted or amended after publication of the print Compilation, as well as Notices of Proposed Rulemaking and Rulemaking Hearing. The Bulletin also includes certain non-OAR items when they are submitted, such as Executive Orders of the Governor, Opinions of the Attorney General and Department of Environmental Quality cleanup notices.

## Background on Oregon Administrative Rules

ORS 183.310(9) defines “rule” as “any agency directive, standard, regulation or statement of general applicability that implements, interprets or prescribes law or policy, or describes the procedure or practice requirements of any agency.” Agencies may adopt, amend, repeal or renumber rules, permanently or temporarily (up to 180 days), using the procedures outlined in the *Oregon Attorney General’s Administrative Law Manual*. The Administrative Rules Unit assists agencies with the notification, filing and publication requirements of the administrative rulemaking process.

## OAR Citations

Every Administrative Rule uses the same numbering sequence of a three-digit chapter number followed by a three-digit division number and a four-digit rule number (000-000-0000). For example, Oregon Administrative Rules, chapter 166, division 500, rule 0020 is cited as OAR 166-500-0020.

## Understanding an Administrative Rule’s “History”

State agencies operate in an environment of ever-changing laws, public concerns and legislative mandates which necessitate ongoing rulemaking. To track changes to individual rules and organize the original rule documents for permanent retention, the Administrative Rules Unit maintains history lines for each rule, located at the end of the rule text. OAR histories contain the rule’s statutory authority, statutes implemented and dates of each authorized modification to the rule text. Changes are listed chronologically in abbreviated form, with the most recent change listed last. In the history line “OSA 4-1993, f. & cert. ef. 11-10-93,” for example, “OSA” is short for Oregon State Archives; “4-1993” indicates this was 4th administrative rule filing by the Archives in 1993; “f. & cert. ef. 11-10-93” means the rule was filed and certified effective on November 10, 1993.

## Locating Current Versions of Administrative Rules

The online version of the OAR Compilation is updated on the first of each month to include all rule actions filed with the Administrative Rules Unit by the 15th of the previous month. The annual printed OAR Compilation volumes contain text for all rules filed through

November 15 of the previous year. Administrative Rules created or changed after publication in the print Compilation will appear in a subsequent edition of the online Bulletin. These are listed by rule number in the Bulletin’s OAR Revision Cumulative Index, which is updated monthly. The listings specify each rule’s effective date, rule-making action, and the issue of the Bulletin that contains the full text of the adopted or amended rule.

## Locating Administrative Rule Publications

Printed volumes of the Compilation are deposited in Oregon’s Public Documents Depository Libraries listed in OAR 543-070-0000. Complete sets and individual volumes of the printed OAR Compilation may be ordered from the Administrative Rules Unit, Archives Division, 800 Summer Street NE, Salem, Oregon 97301, (503) 373-0701.

## Filing Administrative Rules and Notices

All hearing and rulemaking notices, and permanent and temporary rules, are filed through the Administrative Rules Unit’s online filing system. To expedite the rulemaking process, agencies are encouraged to file a Notice of Proposed Rulemaking Hearing specifying hearing date, time and location, and to submit their filings early in the submission period. All notices and rules must be filed by the 15th of the month to be included in the next month’s Bulletin and OAR Compilation postings. Filings must contain the date stamp from the deadline day or earlier to be published the following month.

## Administrative Rules Coordinators and Delegation of Signing Authority

Each agency that engages in rulemaking must appoint a rules coordinator and file an Appointment of Agency Rules Coordinator form with the Administrative Rules Unit. Agencies that delegate rule-making authority to an officer or employee within the agency must also file a Delegation of Rulemaking Authority form. It is the agency’s responsibility to monitor the rulemaking authority of selected employees and keep the forms updated. The Administrative Rules Unit does not verify agency signatures as part of the rulemaking process.

## Publication Authority

The Oregon Bulletin is published pursuant to ORS 183.360(3). Copies of the original Administrative Orders may be obtained from the Archives Division, 800 Summer Street, Salem, Oregon, 97310; (503) 373-0701. The Archives Division charges for such copies.

The official copy of an Oregon Administrative Rule is contained in the Administrative Order filed at the Archives Division. Any discrepancies with the published version are satisfied in favor of the Administrative Order.

## OTHER NOTICES

### REQUEST FOR COMMENTS PROPOSED CLEANUP AT PGE WILLAMETTE RIVER SITE

**COMMENTS DUE:** 5 p.m., Monday, March 2, 2015

**PROJECT LOCATION:** Willamette River Mile 13.1 and 13.5, Portland, OR

**PROPOSAL:** DEQ proposes that Portland General Electric (PGE) implement environmental cleanup of in-water sediment contaminated primarily with polychlorinated biphenyls, commonly known as PCBs, at two locations located adjacent to the east bank of the Willamette River upstream of the Hawthorne Bridge.

**HIGHLIGHTS:** Historical operations at upland facilities resulted in sediment contamination in the Willamette River, primarily through stormwater discharges. Environmental investigations conducted by PGE revealed river sediment contamination that exceeds risk screening levels. DEQ proposes that contaminated sediment be capped with about two feet of clean sand and gravel armoring on top. Select portions of the cap overlying the most contaminated areas will include an additional adsorptive clay treatment layer.

**HOW TO COMMENT:** Send comments to DEQ Project Manager Tom Gainer at 2020 SW Fourth Ave., Ste. 400, Portland, OR or [gainer.tom@deq.state.or.us](mailto:gainer.tom@deq.state.or.us). For more information contact the project manager at 503-229-5326.

### REQUEST FOR COMMENTS PROPOSED CLEANUP FOR BLOCKS A&N SITE, PORTLAND, OREGON

**COMMENTS DUE:** Friday, February 27, 2015

**PROJECT LOCATION:** 510 NW 3rd Avenue, Portland, OR

**PROPOSAL:** The Department of Environmental Quality is proposing a cleanup action to address soil contamination at the Blocks A&N property, located in Portland at the west end of the Steel Bridge, just north of Glisan Avenue. Currently the property is unused, and has a former office building on the property. Due to pervasive lower level contamination at the property, the proposed cleanup consists of a minimal soil excavation and the construction of several types of engineered caps that will be placed during future site redevelopment.

**HIGHLIGHTS:** Investigation at the Blocks A&N property has identified elevated concentrations of polynuclear aromatic hydrocarbons, also known as PAHs, in surface and subsurface soil on the property. This contamination is generally associated with the vicinity being mostly industrial since Portland's initial development. Though the site is currently unused and fenced, the soil at the site currently exceeds risk-based concentrations for future mixed-use redevelop-

ment (office/commercial and residential), and requires additional cleanup remedies for that use. Due to the wide spread, low levels of contaminants, the proposed remedy consists of minor excavation of surface soils during site redevelopment, and engineered cap construction to be placed across the entire site. These caps will be maintained through a deed restriction on the property title, and will be regularly inspected and maintained. The work would be completed prior to site redevelopment.

**HOW TO COMMENT:** The project file may be reviewed by appointment at DEQ's Northwest Region office at 2020 SW Fourth Ave., Suite 400, Portland, Oregon 97201. To access site summary information including a DEQ staff report discussing the proposed remedy go to <http://www.deq.state.or.us/lq/ECSI/ecsiquery.asp>, then enter 5830 in the Site ID box and click "Submit" at the bottom of the page. Next, click the link labeled 5830 in the Site ID/Info column. Send written comments by 5 p.m. Friday, February 27, 2015 to DEQ Project Manager Shawn Rapp, at the address listed above. If ten or more people or by a group with a membership of 10 or more submit a request, DEQ will hold a public meeting to receive verbal comments.

**THE NEXT STEP:** DEQ will consider all public comments received by the close of the comment period before making a final decision regarding the proposed site remedy.

**ACCESSIBILITY INFORMATION:** DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. To make these arrangements, contact DEQ Communications and Outreach 503-229-5696 or toll free in Oregon at 800-452-4011; fax to 503-229-6762; or e-mail to [deqinfo@deq.state.or.us](mailto:deqinfo@deq.state.or.us).

### REQUEST FOR COMMENTS DEQ PROPOSES CONDITIONAL NO FURTHER ACTION FOR WALDROP OIL BULK PLANT

**COMMENTS DUE:** 5 p.m., February 27, 2015

**PROJECT LOCATION:** 10402 W First St., Island City

**PROPOSAL:** The Department of Environmental Quality proposes to issue a conditional no further action determination for the Waldrop Oil Bulk Plant site located in Island City. DEQ issues a conditional no further action determination when a cleanup has met regulatory standards.

**HIGHLIGHTS:** The site is an active petroleum bulk plant built in 1930. Petroleum in the form of gasoline and diesel were released into the subsurface during the bulk plant's operation. Multiple investigations were performed to determine the full nature and extent of contamination related to historic releases at the property. Approximately 1,000 tons of contaminated soil was removed and transported off-site in 2008. Institutional controls were placed on multiple properties as part of the remedial action completed to address residual contamination.

**HOW TO COMMENT:** Send comments by 5 p.m., February 27, 2015, to DEQ Project Manager Katie Robertson by phone at 541-278-4620, by mail at 800 SE Emigrant Ave., Suite 330, Pendleton, OR 97801, by e-mail at [Robertson.Katie@deq.state.or.us](mailto:Robertson.Katie@deq.state.or.us) or by fax at 541-278-0168.

To review the project file, contact the project manager above for a file review appointment.

**THE NEXT STEP:** DEQ will consider all public comments received before making a final decision on the proposed conditional no further action determination. DEQ will provide written responses to all public comments received.

**ACCESSIBILITY INFORMATION:** DEQ is committed to accommodating people with disabilities. If you need information in another format, please contact DEQ toll free in Oregon at 800-452-4011, email at [deqinfo@deq.state.or.us](mailto:deqinfo@deq.state.or.us), or 711 for people with hearing impairments.

### REQUEST FOR COMMENTS DEQ PROPOSES NO FURTHER ACTION FOR BUCK'S CORNER

**COMMENTS DUE:** 5 p.m., February 27, 2015

**PROJECT LOCATION:** Hwy 395 & Hwy 730, Umatilla

**PROPOSAL:** The Department of Environmental Quality proposes to issue a no further action determination for the former Buck's Corner site located in the southeast corner of Hwy 395 and Hwy 730 in Umatilla. DEQ issues a no further action determination when a cleanup has met regulatory standards. DEQ also proposes to delist the site from the Confirmed Release List.

**HIGHLIGHTS:** The site was a service station and truck stop that operated from 1968 until 2000. Petroleum in the form of gasoline and diesel were released into the subsurface during the station's operation. Approximately 100 tons of contaminated soil was removed and transported off-site for disposal.

**HOW TO COMMENT:** Send comments by 5 p.m., February 27, 2015, to DEQ Project Manager Katie Robertson by phone at 541-278-4620, by mail at 800 SE Emigrant Ave., Suite 330, Pendleton, OR 97801, by e-mail at Robertson.Katie@deq.state.or.us or by fax at 541-278-0168.

### REQUEST FOR COMMENTS ON CERTIFICATE OF COMPLETION FOR LOST CREEK PRODUCTS, LLC AT THE FORMER GREGORY MILL SITE, EUGENE, OREGON

**COMMENTS DUE:** Tuesday, March 3, 2015

**PROJECT LOCATION:** The property includes five tax lots at 88233 Greenhill Road in Eugene, Oregon.

**PROPOSAL:** DEQ is preparing to certify that all actions required have been satisfactorily completed. This project has resulted in both environmental and economic benefits.

**HIGHLIGHTS:** In December 2012 Lost Creek Rock Products LLC entered a Prospective Purchaser Agreement Consent Order with DEQ and agreed to: 1) perform remedial design and remedial actions for the property in accordance with a DEQ-approved Scope of Work; and 2) record an Easement and Equitable Servitude with Lane County to provide the institutional controls necessary to ensure protectiveness of the remedial actions.

On September 29, 2014 Lost Creek Rock Products LLC requested issuance of a Certification of Completion based on satisfactory completion of all work items specified in the PPA.

DEQ reviewed the conditions stated in the PPA and the corresponding actions:

1) The remedy for the former Gregory Mill site has been designed and implemented, with construction of a cap over contaminated soil and an institutional control to ensure protectiveness by the cap in perpetuity.

2) The remedy for the former gun club site has been designed and implemented, with an institutional control that preserves the wetlands across the site in its current condition and restricts human use of the wetlands in perpetuity.

3) An Easement and Equitable Servitude (EES) was developed, signed and recorded with Lane County to encompass the institutional controls needed for remedy implementation.

The requirements have either been satisfied or included in the Certificate of Completion document.

DEQ's prospective purchaser agreement program was created in 1995 through amendments to the state's Environmental Cleanup Law. The prospective purchase agreement is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

The Certification of Completion confirms Lost Creek Rock Product LLC release from liability for claims by the State of Oregon under ORS 465.200 to 465.545 and 465.990, 466.640, and 468B.310 regarding existing hazardous substance releases at or from the property. The consent order and certification of completion also provide Lost Creek Rock Product LLC with third party liability protection.

**HOW TO COMMENT:** Written comments can be sent to DEQ at 165 East 7th Street in Eugene, Oregon, 97401. To view the project files please call LeeAnn Gates at 541-686-7838, to schedule an appointment. If you have any questions, please contact DEQ project manager Greg Aitken, at 541-687-7361 or by email at [aitken.greg@deq.state.or.us](mailto:aitken.greg@deq.state.or.us).

To access site summary information and other documents in the DEQ Environmental Cleanup Site Information database, go to: <http://tinyurl.com/GregoryMill>

**THE NEXT STEP:** DEQ will consider all public comments received by the date and time stated above before making a final decision regarding the certification of completion. A public notice of DEQ's final decision will be issued in this publication.

**ACCESSIBILITY INFORMATION:** DEQ is committed to accommodating people with disabilities. Please notify DEQ of any special physical or language accommodations or if you need information in large print, Braille or another format. ### REQUEST FOR COMMENTS PROPOSED CERTIFICATION OF COMPLETION FOR GOODWILL INDUSTRIES OF THE COLUMBIA WILLAMETTE AT THE FORMER FRANKO #6 PROPERTY, LINCOLN COUNTY, OREGON

**COMMENTS DUE:** Tuesday, March 3, 2015

**PROJECT LOCATION:** 906 US Highway 101 South in Lincoln City, Oregon.

**PROPOSAL:** DEQ is preparing to certify the now complete remediation work associated with the Goodwill Industries of the Columbia Willamette redevelopment of the former Franko #6 property and six adjoining tax lots into a retail store and job connection center. The construction of a new retail store and job connection center at this location is now complete. In addition to the construction jobs during reuse of this site, the new facility will employ more than 40 full time positions and provide a no cost job placement to area residents.

**HIGHLIGHTS:** In January 2014 Goodwill Industries of the Columbia Willamette entered a Prospective Purchaser Agreement Consent Order with DEQ and agreed to complete a Scope of Work and record an Easement and Equitable Servitude on the property.

The Scope of work requires:

- Preparing a Corrective Action Plan and submitting for notice and comment
- Delivering progress reports including any soil, vapor sampling and groundwater reports
- Submitting a final Corrective Action Plan with recommendations for closure

The Easement and Equitable Servitude requires:

- Groundwater Use Restrictions
- Land Use Restrictions
- Use of Property Restrictions

In January 2015 Goodwill Industries of the Columbia Willamette submitted a final closeout report certifying that all obligations of the

PPA had been completed in accordance with the Consent Order, and requested a Certification of Completion as provided in Section 12 of the PPA.

DEQ reviewed the requirements of the PPA and the corresponding actions, and has made a preliminary determination that all obligations of the PPA, including the Scope of Work and Easement and Equitable Servitude, have been satisfactorily performed and that a Certification of Completion should be issued.

DEQ's prospective purchaser agreement program was created in 1995 through amendments to the state's Environmental Cleanup Law. The prospective purchase agreement is a tool that expedites the cleanup of contaminated property and encourages property transactions that would otherwise not likely occur because of the liabilities associated with purchasing a contaminated site.

# NOTICES OF PROPOSED RULEMAKING

## Notices of Proposed Rulemaking and Proposed Rulemaking Hearings

The following agencies provide Notice of Proposed Rulemaking to offer interested parties reasonable opportunity to submit data or views on proposed rulemaking activity. To expedite the rulemaking process, many agencies have set the time and place for a hearing in the notice. Copies of rulemaking materials may be obtained from the Rules Coordinator at the address and telephone number indicated.

Public comment may be submitted in writing directly to an agency or presented orally at the rulemaking hearing. Written comment must be submitted to an agency by 5:00 p.m. on the Last Day for Comment listed, unless a different time of day is specified. Oral comments may be submitted at the appropriate time during a rulemaking hearing as outlined in OAR 137-001-0030.

Agencies providing notice request public comment on whether other options should be considered for achieving a proposed administrative rule's substantive goals while reducing negative economic impact of the rule on business.

In Notices of Proposed Rulemaking where no hearing has been set, a hearing may be requested by 10 or more people or by an association with 10 or more members. Agencies must receive requests for a public rulemaking hearing in writing within 21 days following notice publication in the Oregon Bulletin or 28 days from the date notice was sent to people on the agency mailing list, whichever is later. If sufficient hearing requests are received by an agency, notice of the date and time of the rulemaking hearing must be published in the Oregon Bulletin at least 14 days before the hearing.

*\*Auxiliary aids for persons with disabilities are available upon advance request. Contact the agency Rules Coordinator listed in the notice information.*

**Summary:** These proposed rules amend the 2014 Oregon Structural Specialty Code (OSSC) and 2014 Oregon Residential Specialty Code (ORSC). Changes include: removing conflicts in the OSSC for I-4 Daycares; clarifying the methodology for determining the minimum number of required plumbing fixtures in certain occupancies under the OSSC; modifying accessible shower design requirements; allowing detached accessory structures in the ORSC to exceed the current 3,000 square foot area limitation without the use of a sprinkler system; and correcting a conflict between the OSSC the 2014 Oregon Electrical Specialty Code (OESC) relating to panic and fire exit hardware requirements.

These proposed rules also move the solar photovoltaic provisions, which are currently printed in the Oregon Solar Installation Specialty Code (OSISC), into the OSSC. These provisions include both residential and non-residential requirements. Additionally, the division is making a change in allowable wind speed parameters for solar photovoltaic installations. These changes will eliminate the stand alone OSISC

**Summary:** Oregon OSHA must adopt rules that are at least as effective as the federal OSHA rules. On September 18, 2014, federal OSHA published a final rule that updates the list of industries that are exempt from the requirement to routinely keep OSHA injury and illness records, due to relatively low occupational injury and illness rates. The previous list of industries was based on the old Standard Industrial Classification (SIC) system and injury and illness data from the Bureau of Labor Statistics (BLS) from 1996, 1997, and 1998. The new list of industries that are exempt from routinely keeping OSHA injury and illness records is based on the North American Industry Classification System (NAICS) and injury and illness data from the Bureau of Labor Statistics (BLS) from 2007, 2008, and 2009. Note: The new rule retains the exemption for any employer with ten or fewer employees, regardless of their industry classification, from the requirement to routinely keep records.

The final rule also expands the list of severe work-related injuries that all covered employers must report to OSHA. The revised rule retains the current requirement to report all work-related fatalities within 8 hours and adds the requirement to report all work-related in-patient hospitalizations, amputations and loss of an eye within 24 hours to OSHA.

This rulemaking incorporates federal OSHA changes, but also makes additional changes:

The rules for reporting workplace incidents were moved to their own rule number, separating reporting from recordkeeping.

In addition to federal OSHA changes for reporting workplace incidents, the new requirement to report workplace amputations was revised to include any amputation or avulsion that includes bone and/or cartilage loss.

Clarifies inpatient hospitalization related to workplace illnesses and injuries.

Edits were made to enhance clarity so employers can better understand their responsibility to record workplace illnesses and injuries.

The annual summary requirements was modified for clarity and to allow for the employer to designate a representative to sign and certify that the information is correct, as long as the information is shared with a company executive.

A note was added reminding employers that, in addition to these reporting requirements, an injury involving a mechanical power press must also be reported to Oregon OSHA.

The definition of Standard industrial classification (SIC) was removed from OAR 437-001-0015 because it is no longer pertinent since the North American Industry Classification System (NAICS) is now used to classify industries.

The agency proposes to amend OAR 436-009, "Oregon Medical Fee and Payment Rules," to:

- Adopt updated medical fee schedules (Appendices B, C, D, and E) and resources for the payment of health care providers;
- Add definitions of "date stamp" and "patient";
- Specify that a medical service provider who conducts independent medical exams may submit bills in any form or format agreed to by the insurer and the medical service provider;
- Explain time frames when medical providers must switch from using ICD-9-CM to ICD-10-CM codes for billing;
- Require that modifier "81" be used only to identify services of nurse practitioners and physician assistants who were surgical assistants during surgery;
- Make workers liable for payment of the difference in cost between a generic and a brand-name drug, if:
  - The prescribing provider has not prohibited substitution;
  - The insurer previously notified the worker about the liability; and
  - The worker insists on receiving a brand-name drug;
- Reduce the discounts on payment for certain diagnostic imaging procedures applied to multiple regions of the body;
- Require that the insurer replace a prosthetic appliance that is damaged when in use at the time of and in the course of employment with a comparable appliance, but the worker may choose to upgrade the appliance and pay the price difference; and
- Specify that all bills from pharmacies must include the prescribing provider's NPI (national provider identifier) or license number.

**Summary:** The Environmental Protection Agency delegates authority to DEQ to operate the federal Resource and Conservation Recovery Act hazardous waste program in Oregon. Oregon must periodically review and adopt new or amended federal rules to retain this delegated federal authority. DEQ last updated its rules in February 2009. In that rulemaking, DEQ incorporated by reference most federal rules enacted through June 30, 2007.

In this rulemaking, DEQ proposes to align its hazardous waste rules with federal rules. DEQ will do this by incorporating some previously adopted but subsequently amended federal rules, and incorporating some federal rules that have not been previously adopted into Oregon rules. These changes will enable Oregon to ask EPA to continue authorizing Oregon to operate its RCRA hazardous waste program.

**Summary:** The Department of Human Services (Department) is proposing to amend the rules for the K-State Plan in OAR chapter 411, division 035 to make permanent temporary changes that became effective on November 10, 2014. The Department needs to amend OAR 411-035-0010 to be less restrictive in the definitions for Activities of Daily Living (ADL), Instrumental Activities of Daily Living (IADL), and any other related definitions. This needs to be done because the K-State Plan approved by the Center for Medicare and Medicaid Services (CMS) did not apply the limitations from OAR 411-015-0006 and 411-015-0007 to the ADL and IADL definitions and services provided for in this rule. This will be accomplished by removing the references to 411-015-0006 and 411-015-0007 in the definitions for ADL, IADL, and any other related definitions in this rule.

**Summary:** The Department of Human Services, Office of Child Welfare Programs, proposes to repeal the rules on Child Abuse Multidisciplinary Intervention (CAMI), OAR 413-300-0200 to 413-300-0280. The rules implement the CAMI account and set forth eligibility criteria for county multidisciplinary teams to access the funds. Per ORS 418.746, the CAMI Program in the Department of Justice has authority to adopt rules regarding the CAMI account. Department of Justice administrative rules implement the account and set forth eligibility criteria to qualify for funds, at OAR 137-082-0200 to 137-082-0280. The Department of Human Services' rules on this topic are obsolete.

OAR 461-101-0010 about program acronyms used in chapter 461 is being amended to remove the reference to the REF and REFM programs in the description of the JOBS program.

OAR 461-110-0210 about household groups is being amended to clarify when an individual who is absent from the household for longer than 30 days remains part of the household group in the REF and REFM programs.

OAR 461-110-0430 about filing groups in the REF and REFM programs and 461-193-0031 about eligibility requirements for Refugee Case Services Project (RCSP) are being amended to restrict newly arrived refugees who are being reunited with a spouse who is currently residing in the U.S. from forming a separate filing group that excludes the previously arrived spouse.

OAR 461-145-0050 about how burial spaces and merchandise are treated when determining income and resources, OAR 461-145-0910 about how self-employment income is treated, and OAR 461-145-0930 about how costs are excluded are being amended to include REFM as a program to which these rules apply.

OAR 461-145-0088 about how corporations and business entities are treated when determining income and resources is being amended to include REF and REFM as programs to which the rule applies and to remove an unnecessary reference to the Oregon Health Plan (OHP).

OAR 461-145-0130 about earned income is being amended to remove an inapplicable reference to dependent children as it relates to how earned income is treated in the REF and REFM programs.

In addition, the above rules are being amended to reflect new Department terminology, correct formatting and punctuation, and update statutory and rule references.

**Summary:** OAR 461-115-0016 about the application process and reservation list for the Employment Related Day Care (ERDC) program is being amended to make permanent a temporary rule adopted on October 1, 2014 that added an additional exemption under which otherwise eligible ERDC families would not be placed on the reservation list. Under the amendment, new ERDC applicants that include a filing group member who is determined eligible for Temporary Assistance for Domestic Violence Survivors (TA-DVS) program benefits from the State of Oregon in the current month or at least one of the preceding three months will meet an exception to the ERDC reservation list.

OAR 461-115-0050 about when an application must be filed is being amended to make permanent a temporary rule adopted on October 29, 2014 that allows the Department to reopen families in the Employment Related Day Care (ERDC) program without requiring a new application when the family meets certain conditions. Under this amendment, effective October 1, 2014, the Department may reopen ERDC without a new application when all the following conditions are met:

- The case closed during the certification period;
- The family reports a change in circumstances prior to the end of the month following the closure; and
- The reported change will make them eligible for ERDC.

OAR 461-135-0405 about children receiving child care under a contract between a Head Start agency and the Department and 461-135-0407 about children receiving child care under a contract between an Oregon Program of Quality (OPQ) provider and the Department are being amended to prohibit a family participating in a contracted child care slot from continuing to receive Oregon child care benefits after they move out of state.

In addition, the above rules may be amended to reflect new Department terminology, correct formatting and punctuation, and update statutory and rule references.

other non-substantive edits to clarify definitions, correct formatting and punctuation, and update statutory and rule references.

OAR 461-195-0303 is being amended to: add a provision that the Personal Injury Liens Unit is designated to administer the personal injury lien program for DHS and OHA; enumerate the authority granted to the Personal Injury Liens Unit to administer the program; add references to OHA and DHS rules regarding the duty of public assistance recipients to pursue tort claims against third parties when DHS or OHA paid for injury-related services; add a requirement that public assistance recipients cooperate with the Personal Injury Liens Unit and the recipient's Coordinated Care Organization (CCO) in obtaining reimbursement from third parties when DHS, OHA, or a CCO paid for injury-related services, and enumerate specific duties to cooperate; add sanctions for assistance recipients who fail to cooperate, unless the recipient has "good cause" not to cooperate; and make other non-substantive edits to clarify language, correct formatting and punctuation, and update statutory and rule references.

OAR 461-195-0321 is being amended to: replace obsolete references to 'prepaid managed care health services organization' with 'Coordinated Care Organization (CCO)'; clarify the time period that a CCO has to request an assignment of lien; prohibit the use of loan receipts, trust agreements, or similar arrangements to guarantee reimbursement for medical costs paid by a CCO arising from a personal injury; and make other non-substantive edits to clarify language, correct formatting and punctuation, and update statutory and rule references.

**Last Date for Comment:** 2-27-15, 5 p.m.

**Summary:** OAR 461-140-0040 about availability of income is being amended to make permanent a temporary rule adopted on September 19, 2014 to align with federal policy regarding disregarding a portion of certain income sources withheld to repay a previous overpayment of that same source of income, if double-counting will occur. A previous amendment to this rule became effective 7/1/14; however, it may not allow an adequate length of unavailability and may therefore result in double-counting. This revision will allow the Department to consider the same amount of withheld funds unavailable as was originally counted in determining eligibility for GA, GAM, OSIPM, and QMB rather than simply considering the number of months an overpaid benefit was counted.

OAR 461-145-0120 about earned income is being amended to clarify that earned income includes noncash net earnings (i.e. in-kind income) from self-employment.

OAR 461-145-0530 about tax refunds is being amended to remove language referring to refunds received between December 31, 2009 and January 1, 2013. The amended rule would state that income and

property tax refunds, including Elderly Rental Assistance (ERA) are counted as a resource, regardless of date of receipt.

OAR 461-165-0030 about concurrent and duplicate program benefits is being amended to make permanent a temporary rule adopted on November 3, 2014 to allow Chafee Grant recipients to apply for and receive TANF benefits simultaneously if all other eligibility requirements are met. The change also prevents recipients from incurring overpayments based on receipt of both benefits as of January 1, 2013.

OAR 461-175-0210 regarding notices required when a client has moved or their whereabouts are unknown is being amended to make permanent a temporary rule adopted on November 14, 2014 to allow the Department to close Job Participation Incentive (JPI) benefits without sending a decision notice when the Department determines the benefit group has moved out of state or when mail is returned with no forwarding address. JPI is a \$10.00 monthly incentive paid to employed SNAP clients and is issued as a monthly food benefit on the Oregon Trail Card (EBT).

In addition, the above rules may be amended to reflect new Department terminology, correct formatting and punctuation, and update statutory and rule references.

**Summary:** 715-013-0005 (Allotment Authority): Effective July 1, 2014, the Higher Education Coordinating Commission (the Commission) became responsible for determining the allocation of state funds appropriated for public university support between the three universities with governing boards and the four universities that remain governed by the State Board of Higher Education/Oregon University System until July 1, 2015. While the Commission determines on an annual basis the overall allocation by institution, this rule is necessary to ensure that the Commission can instruct the Department of Administrative Services (DAS) as to the precise timing, regularity and amount of intermediate allotments. The proposed OAR allows for this operational authority to be vested in the Commission Executive Director, or designee, for ease of operations.

715-013-0020 (General Public University Program Approval Requirements): Establishes basic process and standards for the Higher Education Coordinating Commission (the Commission) approval of significant changes to academic programs at public universities. Defines "significant change."

715-013-0025 (Public University Support Fund Distribution): Establishes procedure for the allocation and allotment of the Public University Support Fund. It prescribes the components of the allocation calculation, called the Student Success and Completion Model, and the data elements that feed the model.

**Last Date for Comment:** 2-20-15, 5 p.m.

**Summary:** The Higher Education Coordinating Commission (commission) is proposing to adopt a new temporary rule, OAR 581-010-0010, establishing a procedure for adopting fees for the purpose of recovering expenses incurred by staff responding to public records requests.

The commission is proposing to suspend OAR 583-040-0005, 583-040-0010, and 583-040-0025, which implemented the “adverse impact process” of ORS 348.603 because chapter 658, Oregon Laws 2013, amended ORS 348.603 and removed the “adverse impact process” from statute.

The Legislative Assembly transferred the duties, functions, and staff of the Office of Degree Authorization (ODA), Oregon Student Access Commission (OSAC), to the commission. Chapter 637(9), Oregon Laws 2011. The commission is amending the former ODA’s administrative rules to replace references in those rules to the ODA, ODA’s director, OSAC, and OSAC’s director with references to the commission and its executive director.

The commission is amending OAR 583-010-0000 and 583-001-0005, the former ODA’s procedural rules, so that they conform to the commission’s procedural rules in OAR 715-001-0020 and 715-001-0025.

The commission is amending rules throughout OAR chapter 583 to correct and update references in those rules to statutes and administrative rules, clarify obtuse language, update the commission’s contact information, and conform to the Attorney General’s Model Rules of Procedure.

The commission is amending OAR 583-030-0015, 583-050-0011, and 583-070-0011 so that the definitions established in those rules are presented alphabetically.

**Last Date for Comment:** 03-12-15 Close of Hearing

**Summary:** The Land Conservation and Development Commission (LCDC) is considering new rules and rule amendments to provide a framework for local governments to adopt programs that allow landowners to transfer severable development credits from properties with Measure 49 development authorizations to other locations, and between jurisdictions, as described in Measure 49 (Oregon Laws 2007, chapter 424, section 11) (See notices published in the January 1, 2015 Oregon Bulletin). The proposed new rule at OAR 660-004-0023 will provide standards to ensure that new local programs for transfer severable development credits are adopted in conformance with requirements for “reasons exceptions” in 660-004-0020 and 660-004-0022, which will allow development of land in certain locations, and in a manner, that may not be otherwise allowable under current rules or local land use regulations.

**Summary:** “Primary processing of forest products” is a use that currently may be allowed in forest zones, but which lacks a definition. The use is statutorily defined as it applies to exclusive farm use zones, but there is confusion as to whether that definition implicitly applies to forest zones as well. A definition for the use as it applies to forest zones will provide needed clarity for counties and landowners.

**Summary:** Corporal punishment for K–12 students is prohibited. The rule amendments make the definition of corporal punishment consistent with 2013 changes to Oregon law relating to restraint and seclusion.

- HB 2939 (now codified at ORS 339.291) was passed in 2011. This bill defined restraint and seclusion, and restricted the use of such practices to situations where: 1) the student's behavior imposes a reasonable threat of imminent, serious bodily injury to the student or others; and 2) less restrictive interventions would not be effective.

- HB 2192 (now codified at ORS 339.250) was passed in 2013. This statute revised Oregon's school discipline code, and reaffirmed the prohibition of corporal punishment in Oregon schools. The statute defines corporal punishment as the "willful infliction of, or willfully causing the infliction of, physical pain on a student."

The 2014 Legislature adopted SB 1509 which requires an exception to this prohibition for public schools which enter into agreement with tribes for the use of a mascot. The rule amendments:

Lists the nine federal recognized Oregon Native American Tribes.

Allows an exception to the previous ban on the use of Native American mascots for public schools that enter into written agreements with the Native American Tribe that the mascot represents, is associated with or is significant to.

For mascots that depict individuals, limits exception to only those mascots that include the name of the tribe or tribe that is part of a confederation of tribes.

**Summary:** These rules provide the regulated framework for OHP informational materials and education for OHP members and potential members. The related rules pertaining to "marketing" have been recently revised, having direct impact on the Member Education/Information Requirement rules. In the marketing rules, a clear distinction between rules pertaining to members versus potential members was made. This distinction needs to be carried through the Member Education/Information Requirement rules for clarity and symmetry. Additionally, we will update the current alignment with CFRs 438.10, 438.100 and 438.104 as they relate to each of these rules. **Last Date for Comment:** 2-23-15, Close of Business

**Summary:** The proposed rule amendments add clarity to the mandatory reporting requirements under Oregon Revised Statutes 676 and 677. The revised section (1) breaks the reporting requirements into categories for licensee self-reports, licensee obligations to report other professionals, and health care facility reports. The amendment adds a civil penalty for licensees who fail to report. The rule also updates the name of the state's monitoring program to the Health Professionals' Services Program and makes other housekeeping and general grammar updates.

**Summary:** The proposed rule amendment makes four changes. First, the amendment clarifies that the scope of practice is the maximum functions that may be assigned to EMS providers; it is not standing orders, protocols, or curriculum. Second, the amendment moves the provision allowing an EMT to perform other tasks under visual supervision as directed by the physician to the scope of practice for an Emergency Medical Responder. Third, the amendment corrects "Albuterol sulfate" to "albuterol." Fourth, the amendment expands the Paramedic's ability to initiate and maintain urinary catheters.

## Oregon Public Employees Retirement System Chapter 459

**Rule Caption:** Clarify earnings crediting for IAP Account payments and change definition of "Anniversary Date."

**Date:** 2-24-15  
**Time:** 2 p.m.  
**Location:** PERS Boardroom

**Hearing Officer:** Daniel Rivas

**Stat. Auth.:** ORS 238A.450

**Stats. Implemented:** ORS 238A.350, 238A.375 & 238A.400

**Proposed Amendments:** 459-007-0320, 459-007-0330, 459-080-0250

**Last Date for Comment:** 3-6-15, 5 p.m.

**Summary:** OAR 459-007-0320 and 459-007-0330 outline how earnings are credited to distributions from the IAP. Lump sum distributions from the IAP are credited with the latest year-to-date calculation as of the date of distribution; IAP accounts of retirees electing installment payments are credited with the latest year-to-date calculation as of the date of the initial distribution. The latest year-to-date calculation is determined on a monthly basis, as defined in OAR 459-007-0001. The proposed rule change clarifies that the monthly latest year-to-date calculation is applied on a calendar month basis. So all distributions made in the same month will receive the same earnings crediting rate. The proposed change is a clarification for members; there is no change in our administration of the IAP.

One of the retirement options for the IAP is the Anticipated Lifespan Option (ALSO). This option employs a distribution method approved by the Internal Revenue Service (IRS) intended to establish substantially equal payments to retirees, which is an exception to the additional 10 percent tax on early distributions. The IRS approved method requires an annual recalculation of the retiree's account to determine the distribution(s) for the following year. This annual recalculation is determined on the retiree's anniversary date, currently defined as the first of the month following the initial distribution. The current definition of anniversary date causes the annual recalculation to fall out of sync with the timing of the distribution(s). For example, a retiree electing to receive annual installments would receive their second annual installment one month before the annual recalculation. The proposed rule change establishes the anniversary date as the first of the month of the date of distribution, bringing the annual recalculation in line with the timing of the distributions.

#### Allegation Reports

(1) All allegation reports must be in writing.

(2) Any person may file an allegation report.

(3) A member of the Board or the Administrator may initiate an allegation report.

(a) Before a member of the Board or the Administrator initiates an allegation report and investigation, the Enforcement Oversight Committee must review the allegation report and determine if an objective basis exists to believe that possible violations of ORS Chapter 674 and/or OAR chapter 161 has occurred.

(4) The Board will accept anonymous allegation reports.

(5) The allegation report will be reviewed by the Administrator or the Administrator's designee to determine whether further action is required, or whether the matter may be dismissed as either frivolous or not within the Board's jurisdiction. If further action is required, the Administrator will initiate the investigation process.

#### Complaints, Investigations and Audits

(1) A notice of investigation, together with a true copy of the allegation report as submitted to the Board's office, including all supporting documentation, shall be promptly sent by certified mail, return receipt requested, to the last known address of the person against whom the allegation is

# ADMINISTRATIVE RULES

filed. Unless otherwise specified in the notice of investigation, the Respondent must produce:

(a) True copies of records, including the workfile, within 30 days. No extension of the time will be granted; and

(b) Within 30 days, a written response to the allegations set forth in the allegation report.

(A) A respondent may request an extension to file a response to a notice of investigation. An extension of up to 30 days only will be approved, provided the extension request is submitted in writing to the Administrator within the 30 day time period. Good cause must exist that shows circumstances beyond the reasonable control of the respondent preventing a response within 30 days.

(B) The Administrator may grant one additional extension of no more than 30 days only upon showing of good cause.

(2) The investigation may include all inquiries deemed appropriate to ensure that each case is processed in accordance with ORS Chapter 183.

(3) The Board may initiate an audit or other type of inquiry or investigation to verify an individual's compliance with ORS Chapter 674 and OAR chapter 161.

(4) Every licensed or certified appraiser or registered appraiser assistant must cooperate with the Board and must respond fully and truthfully to Board inquiries and comply with any requests from the Board, subject only to the exercise of any applicable right or privilege. Failure to cooperate with the Board is unethical and is grounds for discipline including revocation or suspension of a license, certificate or registration, imposition of a civil penalty, or denial of a license, certificate, or registration, or any combination thereof.

(5) At the completion of the investigation process, the Enforcement Oversight Committee shall review the allegation report and all documents related to the investigation. If the Enforcement Oversight Committee determines that an objective basis exists to believe that violations of ORS Chapter 674 and/or OAR chapter 161 occurred, the Enforcement Oversight Committee will submit a report to the Board, and may authorize the Administrator to proceed with settlement discussions with the licensee.

(6) The EOC shall submit a report to the Board setting forth specific violations along with the facts supporting the Committee's recommendation.

### Appraisers Credentials in Oregon, Application Components, Renewal Procedures, and Disciplinary Actions Disclosure

(1) There are three categories of appraisers in Oregon; state licensed appraiser, state certified residential appraiser, and state certified general appraiser.

(2) Unlicensed/UnCertified individuals may assist in the preparation of an appraisal, but are not allowed to sign the appraisal report.

(3) The application process has three components: Education, Experience and Examination. Appraisers in Oregon must demonstrate competency by meeting prerequisite qualifying or continuing education, experience and examination requirements established by the Board. On all initial and upgrade applications for credentialing, the Board must:

(a) Use a reliable means of approving appraiser experience;

(b) Select the work product to be analyzed for USPAP compliance;

(c) Analyze a representative sample of the applicant's work product;

(d) Exercise due diligence to determine whether submitted documents of work product or experience demonstrates compliance with USPAP.

(4) All licenses and certificates are subject to renewal every two years on or before the last day of the license or certificate holder's birth month.

(a) Each license or certificate may be renewed upon receipt of the renewal fee specified in OAR 161-003-0020, a complete renewal application that includes a current, recognizable, passport style color photograph of the applicant (taken within 30 days preceding receipt of the application), evidence of the completion of continuing education requirements as provided in 161-020-0150, and the fee. The completed application, fee, and evidence of continuing education requirements must be received in the Board office on or before the expiration date of the license to be considered timely. If the expiration date falls on a weekend or legal holiday, the renewal application must be received no later than 5:00 p.m. on the next business day following the date of expiration.

(b) Renewal applications received after the expiration date and within one (1) year of the date of expiration shall be assessed a late fee in addition to the renewal fee. It is unlawful for any appraiser to engage in, carry on, advertise or purport to engage in or carry on real estate appraisal activity within this state after a license or certificate has expired and prior to properly renewing the expired license or certificate.

(c) If an appraiser fails to renew their license or certificate within one year from the date of expiration, the status of the license or certificate becomes terminated and they must reapply pursuant to OAR 161-010-0020 through 161-010-0065.

(d) Licensees on active duty with the United States Armed Forces at the time of renewal may, upon written request to the Board, be provided a military deferral allowing for their otherwise complete application, including fee and evidence of continuing education, to be considered timely if received by the Board within 180 days of release from active duty.

(5) Each licensee shall notify the Board within thirty (30) days of any disciplinary action imposed in any other state in which the person holds a license or certificate.

### Prerequisite Experience and Education Requirements for State Licensed Appraisers

As a prerequisite to taking the examination for licensure as a State Licensed Appraiser, an applicant shall present evidence satisfactory to the Administrator that the applicant has:

(1) Completed 30 semester credit hours or 45 quarter credit hours of college level education from an accredited college, junior college, community college, or university, or holds an associate's degree or higher (in any field).

(2) At least 2,000 cumulative hours of acceptable appraisal experience. Cumulative hours must be acquired over at least twelve (12) months.

(3) Successfully completed not less than 150 classroom hours of acceptable appraisal courses as set forth in OAR 161-020-0110(2)(b), with the following exceptions as noted in paragraphs (3)(a) below. Each applicant shall have successfully completed the 15-hour Appraisal Foundation's National USPAP Course, or its equivalent, within four (4) years preceding the date of application and have successfully passed an examination thereon.

# ADMINISTRATIVE RULES

(a) Applicants holding a valid Oregon Appraiser Assistant Registration may satisfy the educational requirements for the State Licensed Appraiser credential by completing the following additional education hours:

(A) Course(s) on Residential Market Analysis and Highest and Best Use (15 hours);

(B) Course(s) on Residential Appraiser Site Valuation and Cost Approach (15 hours);

(C) Course(s) on Residential Sales Comparison and Income Approaches (30 hours in no less than 15 hour increments);

(D) Course(s) on Residential Report Writing and Case Studies (15 hours).

### Appraiser Assistant Registration — Application and Renewal Requirements

(1) A person desiring to participate in an appraiser training program must register with the Board and work under the direct supervision of one or more licensees who are in good standing with the Board, has been certified with the Board for a minimum of, three (3) years and has a supervising appraiser endorsement. Experience gained prior to registration will be not accepted.

(2) Prior to registering with the Board, an Appraiser Assistant applicant must complete 75 creditable hours of qualifying education and pass the applicable final examinations. The following qualifying education must be completed within the time frame specified:

(a) 15-hour Appraisal Foundation's National USPAP course, or its equivalent, within two (2) years preceding the date of application;

(b) 30-hour Basic Appraisal Principles course within five (5) years preceding the date of application. The five-year requirement does not apply to licensees that register as an Appraiser Assistant to upgrade their license or certificate;

(c) 30-hour Basic Appraisal Procedures course within five (5) years preceding the date of application. The five-year requirement does not apply to licensees that register as an Appraiser Assistant to upgrade their license or certificate; and

(d) Complete a minimum of four (4) hours of an AQB approved Supervising Appraiser/Appraiser Assistant training course and successfully pass the final exam.

(e) Make arrangements with one or more licensees, with a Supervising Appraiser Endorsement, who agree to directly supervise their real estate appraisal activities.

(3) The applicant must submit an Appraiser Assistant Registration Application that meets the requirements of OAR 161-015-0010(1) through (5) and includes a non-refundable application fee and a copy of their supervising appraiser's endorsement as described on the application form.

(4) An applicant must be at least 18 years of age.

(5) An applicant must be a citizen of the United States or have the legal authority to work in the United States.

(6) The Appraiser Assistant Registration must be renewed on an annual basis. The renewal application must be submitted on the prescribed form and include the following:

(a) Verification of successful completion of the Appraisal Foundation's National USPAP Update course or its equivalent, if applicable (required during the second year and every two years thereafter);

(b) Verification of successful completion of no less than fourteen hours of qualifying or continuing education. The fourteen (14) education hours may include the USPAP Update course and must be obtained on or after the date their last registration was issued.

(7) During the period beginning on the day following the expiration date of the registration, and ending on the date of the renewal of the registration, an Appraiser Assistant will not receive experience credit for any experience accrued during the lapse in registration. If the Appraiser Assistant fails to renew the registration within one year from the expiration date, the registration is terminated and a new application must be submitted pursuant to ORS 161-010-0080.

(8) Appraiser Assistants on active duty with the United States Armed Forces at the time of renewal may, upon written request to the Board, be provided a military deferral allowing for their otherwise complete application, including fee and evidence of continuing education, to be considered timely if received by the Board within 180 days of release from active duty.

(9) An applicant may submit a written request to withdraw their application at any time prior to an official action being taken by the Board.

### Pre-Requisite Experience and Education for Supervising Appraiser

Any licensee wishing to supervise a new appraiser assistant, must first apply for and receive a Supervising Appraiser Endorsement.

(1) In order to receive a Supervising Appraiser Endorsement, the applicant must:

(a) Be state certified for a minimum of three (3) years in the State of Oregon prior to being eligible to become a Supervisory Appraiser.

(b) Be in good standing and not subject to any disciplinary action within any jurisdiction for a period of at least 3 years that affects the Supervisory Appraiser's legal eligibility to engage in appraisal practice.

(c) Complete a minimum of four (4) hours of an AQB approved Supervising Appraiser/Appraiser Assistant Training Course and successfully pass the final exam prior to making application. A prior Supervising Appraiser/Appraiser Assistant Training Course and exam completed for purposes of registering as an appraiser assistant will not count towards obtaining a Supervising Appraiser Endorsement. Supervising appraisers who have taken a non-AQB approved course, must, after January 1, 2015 complete an approved AQB course before supervising any new appraiser assistants.

(d) Submit a completed Supervising Appraiser Endorsement application that includes the following:

(A) Non-refundable application fee as described on the application form; and

(B) Supervising Appraiser/Appraiser Assistant Training Course completion certificate.

(e) Successfully pass a Board analysis of appraisal work product to verify USPAP compliance.

(2) Upon application approval, the Board will issue the applicant a Supervising Appraiser Endorsement that authorizes the applicant to act as a Supervising Appraiser pursuant to OAR 161-025-0025.

(3) Any applicant may submit a written request to withdraw their application at any time prior to an official action being taken by the Board.

(4) A Supervising Appraiser Endorsement may be suspended or revoked if the Board determines that the applicant has failed to directly supervise an Appraiser Assistant as required by OAR 161-025-0025.

### Application Process

Any person desiring to take an appraiser examination, must submit a completed pre-printed application evidencing completion of the required qualifying education and experience.

(1) Applicants must list qualifying education courses by date, course provider, approval number and classroom hours.

(2) Applicants must submit documentation of course completion in the form of official college transcripts, signed letters, or signed certificates of completion. Course outlines or other items may be requested to verify the prerequisite education.

(3) Applicants must submit a pre-printed experience log which details hours of appraisal experience claimed for credit. Such hours must meet the requirements of OAR 161-010-0035, 161-010-0045, or 161-010-0065 as applicable.

(4) The applicant may be required to submit an affidavit from an employer to verify experience claimed.

(5) The applicant may also be required to submit some or all written reports or file memoranda claimed on the experience log.

### Form of Application

All appraiser and appraiser assistant applications must be submitted as prescribed in OAR 161-010-0080 or 161-015-0000.

(1) Where space does not permit an applicant to present her or his complete record of experience or education on the application forms, the applicant may duplicate the forms or attach appropriate addendum. Both physical and mailing addresses are required for home and business. All questions must be answered. All forms must be signed and dated.

(2) An application shall be accompanied by a current, recognizable passport style color photograph of the applicant taken within 30 days preceding receipt of the application.

(3) Withholding information, misrepresentation, or submission of untrue or false statements as part of the application are deemed to demonstrate untrustworthiness and are cause for a civil penalty under ORS 674.850 and either denial of an application or subsequent disciplinary action.

(4) The application must include the applicant's Social Security number for identification purposes as authorized by ORS 25.785 and will remain on file with the Board. Failure to provide a Social Security Number is grounds to deny an application.

(5) A first time applicant will be required to provide fingerprints for completion of a criminal background as provided in OAR chapter 161-030-0000.

(6) An application and the application fee shall be valid for six (6) months from receipt by the Board. After six (6) months, the applicant must submit a new application with the appropriate fee.

(7) An applicant for license or certificate shall have 6 months from the date of written notification of application approval to successfully pass the examination or the application shall be denied.

(8) An applicant in the Reserve components of the US Armed Forces, who is pursuing an appraiser license or certification prior to December 1, 2011, and who is called to active duty between December 1, 2011 and December 31, 2014, may satisfy the qualifications required under the 2008 Criteria for an additional time period after January 1, 2015. The extension of time shall be equal to the applicant's time of active duty, plus 12 months.

### Reciprocity

(1) The Board may recognize and accept the education and experience of applicants who hold a license or certificate obtained from another state. The out-of-state license or certificate must be active and the applicant must be in good standing in all states in which they are licensed and/or certified.

(2) An applicant may apply for an Oregon reciprocal real property appraiser license or certificate at a level consistent with their out-of-state license or certificate provided that:

(a) The appraiser licensing program of the other state is in compliance with the provisions of Title XI of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 {12U.S.C.3331-3351} as amended by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010; and

(b) The other state has credentialing requirements that meet or exceeds those of Oregon.

(3) Each out-of-state credential holder applying for an Oregon reciprocal real estate appraiser license or certificate shall:

(a) Be at least 18 years of age;

(b) Be identified on the National Registry of the Appraisal Subcommittee as an active licensed or certified real property appraiser that currently conforms to the AQB criteria;

(c) Submit an application for a license or certificate on a form prescribed by the Board as set forth in OAR 161-015-0030; and

(d) Shall comply with all statutes and rules governing licensed or certified appraisers in Oregon. Each reciprocal licensee shall immediately notify the Board of any disciplinary action taken in any other state in which the licensee holds a license or certificate.

(4) Be subjected to a background check pursuant to OAR 161-030-0000.

### Submission of License or Certificate Application

(1) Each application must be accompanied by a non-refundable application fee.

(2) An application that is not properly completed, does not contain all the required information, or is not accompanied by the required fee will be deferred. An application will also be considered incomplete if the check for payment of the required fees is dishonored;

(3) The application will be reviewed to determine whether the applicant has sufficient education and experience and is otherwise qualified to sit for the examination;

(4) An applicant who is not a resident of the State of Oregon must submit with the application, an irrevocable consent to service form appointing the Administrator of the Board as agent for service of process as provided in these rules, if, in an action against the applicant in a court of this state arising out of the applicant's activities as a licensed or certified appraiser, the plaintiff cannot, in the exercise of due diligence, effect personal service upon the applicant.

(5) An applicant must be a citizen of the United States or have the legal authority to work in the United States.

(6) An out-of-state credential holder applying for an Oregon reciprocal real estate appraiser license or certificate must have successfully passed an AQB approved examination at a level consistent with the appraiser category applied for in the State of Oregon.

(7) The Board will obtain a National Registry Appraiser License History Report for possible disciplinary action. Alternatively, the Board may request the applicant to request a license history from the applicant's resident state indicating applicant is currently in good standing. This verification must be submitted directly to the Board office by the applicant's resident state licensing authority. The license history must be received by the board within thirty (30) days. Applicants must be in good standing in all states in which they are licensed or certified or the application will be denied.

(8) Upon issuance of a license or certificate, consistent with the scope of practice as provided in OAR 161-025-0000 and 161-025-0005, the appraiser is authorized to conduct real estate appraisal activity between the date of the issuance of the license or certificate, and the expiration date of the license or certificate, unless sooner revoked or suspended. No more than one license or certificate shall be issued and outstanding to, or in favor of, any appraiser at one time.

(9) An applicant may submit a written request to withdraw their application at any time prior to an official action being taken by the board. An official action may include, but is not limited to, a notice of proposed denial of application.

### Course Approval

(1) Courses shall be reviewed and approved under these rules as either Qualifying Education or Continuing Education. A course approved for Qualifying Education may also be used for continuing Education if the course meets the requirements of this section. An appraiser does not need to take or pass an examination for Continuing Education credit.

(a) A Qualifying Education Course must include an examination, provide at least 15 classroom hours of instruction, and be consistent, in terms of content, with the qualifying education course content guidelines in these rules;

(b) A Continuing Education Course must include a minimum of 2 hours of instruction and be consistent, in terms of content, with the Continuing Education course content guidelines in these rules.

(2) Course approval commences on the date initial approval is granted by the Board:

(a) Course approval by the Board is not retroactive (applicable prior to the date approval is initially granted) because previous offerings of an approved course have not been reviewed under these rules.

(3) Each approved course shall be assigned to one specific category as outlined in 161-020-0110(2)(a)-(o) and 161-020-0110(3).

(4) Each approved course shall be assigned a maximum number of classroom hours of instruction (including examination time if applicable).

(5) Each approved course shall have an index number assigned to indicate approval.

(6) Upon receipt of course approval, the course owner/affiliated entity (such as a state or local chapter of a national organization that owns a course) may represent in any advertising or other materials that the course is a Board approved course, provided that the number of classroom hours credit awarded by the Board is also clearly indicated when the number of credit hours awarded is less than the actual number of scheduled classroom hours.

(7) Course approval granted to a course owner shall apply to any affiliated entity subject to the following conditions:

(a) The course owner requires the affiliated entity to conduct the course:

(A) Utilizing the owner's course materials (including textbook and examinations, if any); and

(B) Allowing the same number of classroom hours as the course owner;

(C) In accordance with the course owner's policies relating to instructor qualifications, student attendance, course scheduling and course prerequisites (if applicable).

(b) The course owner assumes full responsibility in the event the affiliated entity violates any of the provisions of these rules.

(8) The Board reserves the right to conduct a full review of any approved course for any reason in connection with any course approval or at any other time. Further, the Board may establish a system of periodic course review.

(9) Approved courses will be assigned an expiration date, by the Board, three (3) years from date of approval, or the same expiration date as the AQB approval. Prior to expiring, a course provider must submit a course approval application, application fee and other required materials as outlined in OAR 161-020-0045 and 161-020-0055. Course approval for distance education courses offered online via the internet shall expire the same date as IDECC and/or AQB approval, whichever comes first. Prior to expiring, a course provider must submit a course approval application, application fee and other required materials as outlined in 161-020-0045 and 161-020-0055, along with copies of current IDECC and/or AQB approval letters.

### Application for Course Approval

Course owners seeking initial Board approval shall make application on a form prescribed by the Board, and submit all information required list-

ed on the application form along with a non-refundable application fee. Course owners seeking Board approval for a qualifying education course shall specify on the application form which category of qualifying education they seek course approval for as outlined in 161-020-0110(2)(a)(A)-(O) and 161-020-0110(3). An application must be complete before it will be assigned for review by course reviewers.

(1) The Board shall exercise its best efforts, in accordance with applicable law, to protect the confidentiality of course examinations or other proprietary material submitted by applicants as part of their course materials.

(2) Course providers shall not misrepresent Board approval status of their course in advertising. If an applicant violates this provision, the Administrator may suspend the review of the course in question.

(3) State or Federal agencies or commissions are approved providers.

### Criteria for Approval of Course as Qualifying Education

In order to be approved as qualifying education, the course shall be found to satisfy all the criteria described in this rule:

(1) Current Classroom Offering — The course shall be a current offering of the course owner/affiliated entity that is generally presented by traditional classroom methods. Courses presented online, or by Compact Disc (CD), correspondence, videotape or remote television are eligible for approval only as provided in OAR 161-020-0140.

(2) Course Length and Content — The course shall be a real estate appraisal course that provides a minimum of 15 classroom hours of instruction (including examination time when applicable) and must comply with the "Qualifying Education Course Content Guidelines" in OAR 161-020-0110.

(3) Course Description — The course materials or syllabus must include a course description which clearly describes the content of the course.

(4) Summary Outline — The course materials or syllabus shall include a summary outline of major topics and the number of classroom hours devoted to each major topic.

(5) Learning Objectives — The course materials or syllabus shall include specific learning objectives which:

(a) Are appropriate for a qualifying education course;

(b) Clearly state the specific knowledge and/or skills students are expected to acquire by completing the course;

(c) Are consistent with the course description;

(d) Are consistent with the textbook and/or other instructional materials; and

(e) Are reasonably achievable within the number of classroom hours allotted for the course.

(6) Work Assignments — The course materials or syllabus shall provide for in-class work assignments and/or out-of-class work/reading assignments, if necessary, to accomplish the stated learning objectives.

(7) Instructional Materials — Instructional materials to be used by students in the course shall:

(a) Cover the subject matter in sufficient depth to achieve the stated course learning objectives;

(b) Provide appropriately balanced coverage of the subject matter in view of the stated course learning objectives;

(c) Reflect current knowledge and practice;

(d) Contain no significant errors;

(e) Reflect correct grammatical usage and spelling;

(f) Effectively communicate and explain the information presented;

(g) Be suitable in layout and format; and

(h) Be suitably bound/packaged and be produced in a quality manner.

(8) Examination(s) — Course examinations shall consist of either a series of examinations or a comprehensive final examination or both. The course examination(s) shall comply with the following criteria:

(a) The examination(s) contains a sufficient number of questions to adequately test the subject matter covered in the course;

(b) The amount of time devoted to the examination(s) is appropriate for the course;

(c) The examination questions, individually and collectively, test at a difficulty level appropriate to measure student achievement of the stated course learning objectives;

(d) The subject matter tested by examination questions is adequately addressed in the course instructional materials;

# ADMINISTRATIVE RULES

(e) The examination questions are written in a clear and unambiguous manner; and

(f) The examination questions are accurate and the intended correct answer is clearly the best answer choice.

(9) Prerequisites — The course owner/affiliated entity must have established appropriate prerequisites for any course other than an introductory course Basic Appraisal Principles, Basic Appraisal Procedures or a course on Uniform Standards of Professional Appraisal Practice (USPAP).

(10) Instructor Qualifications — The course owner/affiliated entity shall keep records documenting that their instructors meet the Board qualifications as follows:

(a) A baccalaureate degree in any field and three years of experience directly related to the subject matter to be taught; or

(b) A master's degree in any field and two years of experience directly related to the subject matter to be taught; or

(c) A baccalaureate degree in a field that is directly related to the subject matter to be taught and one year of experience directly related to the subject matter to be taught; or

(d) An associate degree in a field that is directly related to the subject matter to be taught and three years of experience directly related to the subject matter to be taught; or

(e) A masters or higher degree in a field that is directly related to the subject matter to be taught; or

(f) Five years of real estate appraisal teaching experience directly related to the subject matter to be taught; or

(g) Seven years of real estate appraisal experience directly related to the subject matter to be taught.

(h) For those instructing the Appraisal Foundation's National USPAP Course, as developed by the Appraisal Standards Board (ASB):

(A) At least one instructor must be a certified residential or certified general appraiser and;

(B) The instructor must be an AQB certified USPAP instructor.

(i) For those instructing a course equivalent to the Appraisal Foundation's National USPAP Course:

(A) At least one instructor must be a certified residential or certified general appraiser; and

(B) The instructor must be an AQB certified USPAP instructor.

(11) Attendance Policy — The course owner/affiliated entity shall have a written attendance policy that requires student attendance to be verified. Policy must:

(a) Stipulate the percentage of attendance required by the student;

(b) Include, on the attendance records form, the instructor(s) name and the criteria under which they qualified;

(c) Provide that non-members of the course provider's association or organization may apply for the course without membership in the association;

(d) Provide for retention of attendance records for a minimum of five years.

(e) Provide a copy of the attendance record to the Board in a timely manner.

(12) Course Scheduling Policy — The course owner/affiliated entity shall have an established policy on course scheduling that provides a maximum of eight (8) classroom hours of instruction in any given day and appropriate breaks during each class session.

(13) Course Completion Certificate Policy — The course owner/affiliated entity shall have an established policy assuring prompt issuance of signed course completion certificates to attendees which shall include information regarding the course approval number, number of classroom hours, name of the course, date the course was completed and whether there was successful passage of the course examination.

(14) Audit Policy — The course owner/affiliated entity shall permit the Administrator, or the Administrator's representative, to audit the course and course material, at no cost to the Administrator or the Administrator's representative, in order to evaluate the instruction. The course owner/affiliated entity shall permit the Administrator or the Administrator's representative to review records appropriate to selected course offerings.

### Withdrawal of Approval by the Board

(1) The Board may withdraw approval at any time upon finding any of the following:

(a) That the course owner/affiliated entity provided false or misleading information in connection with an application for course approval or renewal;

(b) That a course is not being conducted in the manner represented at the time approval was granted or that a course no longer complies with the criteria for approval or renewal;

(c) That the course owner/affiliated entity does not enforce policies relating to course prerequisites, instructor qualifications, student attendance or course scheduling;

(d) That the course owner/affiliated entity misrepresents approval of a course by the Board in any manner, including failure to indicate in any advertising or other material claiming Board approval the number of classroom hours credit awarded when the credit hours awarded are less than the actual number of scheduled classroom hours;

(e) That the course owner/affiliated entity misrepresents any material fact relating to a course;

(f) That the course owner/affiliated entity has failed to maintain for a period of at least five years accurate records of students' course completion and to fill, within a reasonable period of time, requests for course completion letters or certificates from former students who satisfactorily completed a course;

(g) That the course owner/affiliated entity has failed to comply with any provisions of these rules.

(2) The Board shall notify the course owner/affiliated entity in writing of the reasons for the withdrawal of approval. The Board will also notify the course owner/affiliated entity that they shall have a period of sixty days following the date of such notice during which the course owner/affiliated

entity may appeal the decision to withdraw course approval by requesting a contested case hearing in accordance with ORS Chapter 183.

### Qualifying Education Course Content Guidelines

(1) **General Guidelines:**

(a) The course must be a real estate appraisal course that involves a minimum of fifteen classroom hours of instruction (including examination time) on acceptable topics;

(b) The course must generally be broad in scope and must cover various principles, concepts, standards, practices and/or methods that are applicable generally to the performance of a wide range of appraisal assignments that will commonly be encountered by licensed or certified appraisers. The course must be intended to provide the student with a broad-based foundation of knowledge and skills in real estate appraising;

(c) Coverage in a course of additional specific topics not listed as typical specific topics under the categories of acceptable courses will not exclude that course from consideration provided that:

(A) The principal focus of the course is not on such additional topics;

(B) The additional topics covered are appropriate (consistent with course learning objectives); and

(C) The course contains not less than fifteen classroom hours of instruction on acceptable topics. However, the course must still be consistent with the parameters described in these rules.

(d) The section titled "Unacceptable Courses" describes specifically the categories of courses that are not acceptable as qualifying education under these rules;

(e) Courses will be evaluated based on their content without regard to the course title;

(f) The following factors shall be used to convert university, college, junior college and community college course credits into classroom hours:

(A) One (1) semester credit hour is equivalent to 1.5 quarter credit hours.

(B) One (1) quarter hour credit is equivalent to .67 semester credit hours.

(2) **Qualifying Education Requirements for Licensure and/or Certification:**

(a) Only courses approved by the AQB "Required Core Curriculum" will be credited toward the education requirements. Approved courses have been assigned to curricula as follows:

(A) Basic Appraisal Principles;

(B) Basic Appraisal Procedures;

(C) Residential Market Analysis and Highest and Best Use;

(D) Residential Appraiser Site Valuation and Cost Approach;

(E) Residential Sales Comparison and Income Approaches;

(F) Residential Report Writing and Case Studies;

(G) Statistics, Modeling and Finance;

(H) Advanced Residential Applications and Case Studies;

(I) General Appraiser Market Analysis and Highest and Best Use;

(J) General Appraiser Sales Comparison Approach;

(K) General Appraiser Site Valuation and Cost Approach;

(L) General Appraiser Income Approach;

(M) General Appraiser Report Writing and Case Studies;

(N) The Appraisal Foundation's National USPAP Course or its equivalent;

(O) Appraisal Subject Matter Elective courses.

(b) For state licensed appraisers, courses in the following categories and credit hours must be completed with the successful passage of an examination, as specified in the AQB Real Property Appraiser Qualification Criteria and these rules:

(A) Course(s) on Basic Appraisal Principles (30 hours in not less than 15 hour increments);

(B) Course(s) on Basic Appraisal Procedures (30 hours in not less than 15 hour increments);

(C) Course(s) on Residential Market Analysis and Highest and Best Use (15 hours);

(O) Courses on the Uniform Standards of Professional Appraisal Practice (USPAP):

(A) The Appraisal Foundation's National USPAP Course or its equivalent are the only acceptable courses for this category.

(4) Courses not eligible for approval as Qualifying Education. These types of courses are considered more appropriate for Continuing Education than for Qualifying Education under these rules. Courses which focus all or a vast majority of their instruction on only one comparatively narrow aspect of real estate appraising and which examine that one aspect in depth. These types of courses focus on the following topics:

- (a) Estimating Building Costs;
- (b) Estimating Accrued Depreciation;
- (c) Cash Equivalency;
- (d) Ellwood Mortgage-Equity Analysis;
- (e) Use of Financial Calculators in Appraising;
- (f) Valuation of Partial Interests.

### Continuing Education Course Content Guidelines

This rule contains the course content guidelines which courses must satisfy in order to be approved under these rules as Continuing Education as defined in these rules:

(1) General Guidelines:

(a) The course must involve a minimum of two classroom hours of instruction on acceptable real estate appraisal or related topics;

(b) The course must contribute to the goal of maintaining or increasing the knowledge, skill and competence of real estate appraisers with regard to the performance of real estate appraisals in a manner that best serves the public interest;

(c) Any course that covers a real estate appraisal topic may be acceptable if it does not present information so basic in nature that the stated goal of continuing education will not be satisfied by the course;

(d) In order to be an acceptable real estate appraisal related topic, the education provided in the course must directly contribute to increasing or maintaining the appraiser's ability to perform real estate appraisals;

(A) Courses are not acceptable if they would merely contribute to the appraiser's personal development rather than to his/her ability to perform real estate appraisals;

(B) Courses are not acceptable if they would contribute only generally to the appraiser's knowledge of the business field, rather than specifically to operating an appraisal business.

(2) Acceptable Topics — This list is to assist education providers in understanding the course content requirements under these rules. Topics may include, but are not limited to the following:

(a) Real Estate Appraisal Topics:

### Approval Requirements for Non Pre-Approved Courses for Qualifying and Continuing Education

(1) The following courses are subject to the review and approval of the Administrator or designee and may be acceptable for approval as Qualifying Education and Continuing Education:

(a) Course work approved by the AQB which also meets the requirements of these rules;

(b) Courses approved for credit hours at a community college, college or university in the State of Oregon shall be approved by the Board if said courses are substantially the same as required in the rules and procedures. The applicant for certification shall submit documentation to show equivalency, i.e. course description, outlines, etc., to the satisfaction of the Board.

(2) Courses from providers located outside the State of Oregon may be acceptable as Qualifying Education and Continuing Education:

(a) If the course has been pre-approved by the licensure/certification board of that state and the procedures of that state board for approving Qualifying Education are equivalent to those of the State of Oregon;

(b) If the rules and procedures of the state of origin are not equivalent to those of the State of Oregon, the applicant may still submit the course for approval by the Board by submitting documentation to show equivalencies with OAR 161-020-0045, i.e. course description, outlines, etc.;

(c) If the state where the course was taken allows Qualifying Education courses to have a duration of less than 15 hours, as required in Oregon, but at least 30 hours with an examination, then the Board shall determine whether or not the course content is acceptable, is substantially the same as approval for new courses, and will be reviewed on a case by case basis for as long as such need exists. The burden of proof remains with the applicant to demonstrate the equivalency of the course work.

(3) For courses taken prior to the adoption of this program, the criteria for approval shall be based upon the requirements set forth in OAR 161-020-0045, i.e. course descriptions, outlines, etc.

### Time Requirements for Qualifying Education and Continuing Education

(1) Qualifying Education:

(a) If approved by the Board as meeting the requirements of these rules, audio educational offerings taken prior to July 1, 1990, shall be acceptable to meet the Qualifying Education requirements for certification;

(b) There is no time limit regarding when qualifying education credit must be obtained, with the following exceptions:

(A) For applicants applying for certification, the 15-hour Appraisal Foundation's National USPAP Course, or its equivalent, must be obtained within four (4) years preceding the date of application; and

(B) For applicants applying to be a registered appraiser assistant, the 15-hour Appraisal Foundation's National USPAP Course, or its equivalent, must be obtained within two (2) years preceding the date of application. All other qualifying education for applicants applying to be a registered appraiser assistant must be obtained within five (5) years preceding the date of application, with the exception of licensed or certified appraisers registering as an appraiser assistant to upgrade their license.

(2) Continuing Education:

(a) Continuing education hours shall be reported as part of the renewal application process. Reporting shall be on a form prescribed by the Board which includes the name of the educational provider, course subject matter, location, number of hours, course name, date of course, approval number and appraiser's name. The appraiser shall also submit a copy of the certificate of completion, URCEC form or grade report issued by the course provider;

(b) "Carry over" of hours from past to future years will not be allowed;

(c) The same course cannot be repeated for use as continuing education within a license cycle, with the exception of USPAP;

(d) Extension of time to satisfy continuing education hour requirements will not be permitted;

(e) USPAP:

(A) The Appraisal Foundation's National USPAP Update Course, or its equivalent, is required for renewal of all licensed and certified appraisers every two year license cycle.

# ADMINISTRATIVE RULES

(B) Registered Appraiser Assistants must successfully complete the Appraisal Foundation's National USPAP Update Course, or its equivalent, at a minimum of every two years.

(f) Twenty-eight hours of continuing education is required for renewal and must be taken between license/certification issue and expiration dates. Credit towards the classroom hour requirements shall be granted only where the length of the educational offering is at least two hours.

(g) Appraisers may receive up to eight (8) hours of continuing education credit for course instruction of a Board approved course. However, the appraiser cannot receive credit for course instruction of the same course within a license cycle.

### State Certified Residential Appraiser

(1) A state certified residential appraiser (SCRA) is authorized to appraise:

(a) All types of one-to-four family residential real property without regard to complexity or transaction value, which includes the appraisal of vacant or unimproved land that is utilized for one-to-four family residential purposes, and where the highest and best use is for one-to-four family residential purposes;

(b) All other types of real property having a transaction value of less than \$250,000.

(2) The certified residential classification does not include the appraisal of subdivisions for which a development analysis/appraisal is necessary.

(3) A state certified residential appraiser may appraise rural properties with one or more of the following:

(a) One to four unit single family residential properties;

(b) Other rural properties primarily used for recreation or other non-income producing purposes.

(4) A state certified residential appraiser may not appraise rural properties with one or more of the following:

(a) Primary use for production of agricultural income which is included in the value;

(b) Commercially valuable timber and/or mineral interests which is included in the value;

(c) Development potential for commercial or industrial improvements;

(d) Commercial/industrial improvements;

(e) Land or properties with environmental hazards.

(5) The state certified residential appraiser may appraise properties involving partial taking or where the value of the larger parcel is within the scope of practice for the state certified residential appraiser. If, during the course of a condemnation or partial taking appraisal assignment, the appraiser could reasonably expect the before value of the larger parcel to exceed the allowable transaction value for the state certified residential appraiser, the appraiser shall inform the client for whom the appraisal is being performed that the assignment exceeds the scope of their appraiser's practice.

(a) In condemnation, "larger parcel" is defined as that portion of a property which has unity of ownership, contiguity, and unity of use. These are the three conditions which must be present to establish the larger parcel for the purpose of considering the extent of severance. Condemnation means:

(A) The process by which property is acquired for public purposes through legal proceedings under the power of eminent domain;

(B) The act of a federal, state, county, or city government or district or public utility corporation vested with the right of eminent domain to take private property for public use when a public necessity exists;

(C) Upon payment of just compensation, the act of a sovereign in substituting itself in the place of the owner and taking all or part of the rights of the owner.

### State Licensed Appraiser

(1) A state licensed appraiser (SLA) is authorized to appraise:

(a) Non-complex, one-to-four family residential units having a transaction value of less than \$1,000,000;

(b) Complex one-to-four family residential units having a transaction value of less than \$250,000.

(2) If, during the course of an appraisal assignment of a one-to-four family residential property, the state licensed appraiser identifies factors that would result in the property, market conditions, property characteristics, or form of ownership, to be a complex one-to-four family residential property appraisal having a transaction value of \$250,000 or more, they must inform the client that the assignment is outside the scope of their license, decline the assignment, and advise the client that a state certified residential or certified general appraiser must complete the assignment. The same is true for all other types of real property found to have a transaction value of \$250,000 or more.

(3) A state licensed appraiser may appraise rural properties with one or more of the following:

(a) One to four unit single family residential properties;

(b) Other rural properties primarily used for recreation or other non-income producing purposes.

(4) A state licensed appraiser may not appraise rural properties with one or more of the following:

(a) Primary use for production of agricultural income which is included in the value;

(b) Commercially valuable timber and/or mineral interests which is included in the value;

(c) Development potential for commercial or industrial improvements;

(d) Commercial/industrial improvements;

(e) Land or properties with environmental hazards.

(5) The state licensed appraiser classification does not include the appraisal of subdivisions for which a development analysis/appraisal is necessary.

(6) The state licensed appraiser may appraise properties involving partial taking or condemnation actions where the value of the larger parcel is within the scope of practice for the state licensed appraiser. If, during the course of a condemnation or partial taking appraisal assignment, the appraiser could reasonably expect the before value of the larger parcel to exceed the allowable transaction value for the state licensed appraiser, the appraiser shall inform the client for whom the appraisal is being performed that the assignment exceeds the scope of their appraiser's license.

(a) In condemnation, "larger parcel" is defined as that portion of a property which has unity of ownership, contiguity, and unity of use. These are the three conditions which must be present to establish the larger parcel for the purpose of considering the extent of severance. Condemnation means:

(A) The process by which property is acquired for public purposes through legal proceedings under the power of eminent domain;

(B) The act of a federal, state, county, or city government or district or public utility corporation vested with the right of eminent domain to take private property for public use when a public necessity exists;

### Supervising Appraiser (SA)

(1) To supervise Registered Appraiser Assistants, the supervising appraiser must be state-certified and in "good standing" in the State of Oregon for a period of at least 3 years. Supervising Appraisers shall not have been subject to any disciplinary action within any jurisdiction within the last 3 years that affects the Supervising Appraiser's legal eligibility to engage in appraisal practice. Only qualified State Certified Residential Appraisers and State Certified General Appraisers may supervise Registered Appraiser Assistants.

(2) Supervisory appraisers may not supervise more than three (3) registered appraiser assistants at one time.

# ADMINISTRATIVE RULES

(3) The supervising appraiser shall be responsible for the training, guidance and direct supervision of the appraiser assistant by accepting responsibility for the appraisal by signing and certifying the appraisal complies with USPAP, reviewing and signing the appraiser assistant appraisal reports, and personally inspecting each appraised property with the appraiser assistant until the supervisory appraiser determines the appraiser assistant is competent to inspect the property, in accordance with the COMPETENCY RULE of USPAP for the property type and all applicable appraisal laws and rules. To do so, the supervising appraiser must:

(a) Ensure that the appraiser assistant gains sufficient knowledge, skills and abilities that will enable them to do all of the following:

- (A) Define the appraisal problem.
  - (i) Identify and locate the real estate;
  - (ii) Identify the property rights to be valued;
  - (iii) Identify the use of the appraisal
  - (iv) Define value(s) to be estimated;
  - (v) Establish date(s) of value estimate(s);
  - (vi) Identify and describe the scope of the appraisal; and
  - (vii) Identify and describe limiting conditions or limitations.
- (B) Conduct preliminary analysis, select and collect applicable data.

(i) Identify general data (regional, city and neighborhood) — social, economic, governmental and environmental factors;

(ii) Identify specific data (subject and comparables) — site and improvement, cost and depreciation, income/expense and capitalization rate, history of ownership and use of property; and

(iii) Identify competitive supply and demand (the subject market) — inventory of competitive properties, sales and listings, vacancies and offerings, absorption rates, demand studies.

(C) Conduct an analysis of the subject property which includes:

- (i) Site/improvements;
- (ii) Size;
- (iii) Costs;
- (iv) Elements of comparison; and
- (v) Units of comparison.

(D) Conduct highest and best use analysis (specified in terms of use, time and market participants).

- (i) Land as if vacant and available; and
- (ii) Property as improved (existing or proposed).

(E) Estimate land value, including on-site improvements.

(F) Estimate value of the property using each of the three approaches to value — cost, sales comparison and income capitalization.

(G) Reconcile each value indication and reconcile the final value estimate.

(H) Report estimate(s) of value(s) as defined.

(b) Review each appraisal report the appraiser assistant prepares to ensure accuracy and reliability;

(c) Ensure that the appraisal report includes proper disclosure regarding the inspection of the subject and the comparable sales as required by OAR 161-025-0060(3).

(d) Make a clear and prominent disclosure of real estate appraisal assistance in each appraisal report by identifying each individual category of experience that the appraiser assistant provided as outlined in OAR 161-025-0025(3)(a)(A) through (H); and

(e) Accept responsibility for the appraisal report by signing and certifying that the report has been prepared in compliance with USPAP.

(f) Ensure that the appraiser assistant will be granted experience credit by doing the following:

(A) Verifying that the appraiser assistant is currently registered with the Board. Experience gained prior to registration or after a registration has lapsed will not be credited toward the experience hours required to become licensed or certified.

(B) Jointly maintain the appraisal experience log with the appraiser assistant to assure the log is accurate, current and complies with Oregon Administrative Rules. At a minimum, the appraisal log requirements shall include:

- (i) Type of property;
- (ii) Date of Report;
- (iii) Address of appraised property;
- (iv) Description of work performed by the appraiser assistant and the scope of the review and supervision of the Supervisory Appraiser;
- (v) Number of actual work hours by the appraiser assistant on the assignment, and the signature and state certification number of the supervisory appraiser.

(vi) Maintain a separate experience log for each supervising appraiser.

(C) Reviewing the log on a monthly basis, have the appraiser assistant sign the log, and have the appraiser assistant maintain the ongoing log for any future application.

(D) Allowing the appraiser assistant to obtain copies of any appraisal reports on which they provided assistance.

## 161-025-0030

### Appraiser Assistant

The appraiser assistant must register with the Board in order to receive experience credit towards obtaining a real estate appraiser license or certificate.

(1) An appraiser assistant must work under the direct supervision of an Oregon certified appraiser.

(2) The appraiser assistant, before performing an assignment for a supervising appraiser, must have the knowledge and experience to complete the assignment competently.

(3) All appraisal work completed by an appraiser assistant shall be prepared in compliance with USPAP and these administrative rules.

(4) An appraiser assistant may assist in the preparation of any and all components of the appraisal.

(5) An appraiser assistant may sign an appraisal report, provided their supervising appraiser co-signs the appraisal report and accepts full responsibility for the contents of the appraisal report.

(6) The extent of the assistance provided by an appraiser assistant to a supervising appraiser must be disclosed in the appraisal report as described in OAR 161-025-0025(3)(d).

(7) When inspecting a property, the appraiser assistant must not misrepresent their status and at all times clearly identify themselves as a registered appraiser assistant.

(8) The scope of practice for the appraiser assistant is the appraisal of those properties which the supervising appraiser is permitted to appraise.

(9) An appraiser assistant will only be granted experience credit if they have demonstrated that they have provided substantial professional real estate appraisal assistance in all categories of experience as outlined in OAR 161-025-0025(3)(a)(A) through (H).

(10) The appraiser assistant is entitled to obtain copies of any appraisal reports on which they provided professional real estate appraisal assistance.

(11) The appraiser assistant may have more than one supervising appraiser, each of whom must jointly maintain the appraisal experience log with the appraiser assistant to assure the log is accurate, current and complies with Oregon Administrative Rules. At a minimum, the appraisal log requirements shall include:

- (a) Type of property;
- (b) Date of Report;
- (c) Address of appraised property;
- (d) Description of work performed by the appraiser assistant and the scope of the review and supervision of the Supervisory Appraiser;
- (e) Number of actual work hours by the appraiser assistant on the assignment; and
- (f) The signature and state certification number of the supervisory appraiser.

(12) If the appraiser assistant subsequently adds or changes a supervising appraiser, the appraiser assistant must submit a Change or Add Supervising Appraiser form, signed by the new supervising appraiser(s) along with a copy of the Supervising Appraiser's Endorsement. Any experience gained with a new supervising appraiser prior to confirmation from the Board that the registration has been amended to include the new supervising appraiser(s) will not count as experience credit towards obtaining a real estate appraiser license or certificate.

(13) Appraiser Assistance Logs must be prepared and maintained as described in OAR 161-025-0025(3)(f)(B) and (C). Separate appraisal logs must be maintained for each supervising appraiser.

### Appraisal Standards and USPAP

(1) All licensees must develop and communicate each appraisal assignment in compliance with these administrative rules and USPAP.

(2) A licensee employed by a group or organization that conducts itself in a manner that does not conform to USPAP Standards must take steps that are appropriate under the circumstances to ensure compliance with the Standards.

(3) All licensees must certify to what extent they personally inspected the property that is the subject of the appraisal assignment. Each report must clearly state that the subject property was: inspected both inside and out; inspected from the exterior only; or was not personally inspected by the licensee.

(4) In addition to certifying as to the extent of the subject's inspection, all licensees must also certify to what extent each of the comparable sales relied upon in the appraisal were personally inspected.

(5) All licensees must disclose in all appraisal reports whether the comparable sales analyzed in the appraisal report were or were not confirmed by a party to the transaction or an agent or representative of a party to the transaction.

(6) All licensees testifying or presenting evidence in an administrative or judicial proceeding must base their testimony or evidence only upon a written appraisal report or restricted appraisal report in compliance with USPAP, reflecting a report date that precedes the date of testimony, unless such testimony is being compelled by legal subpoena.

(7) The "Uniform Standards of Professional Appraisal Practice", 2014-2015 Edition, approved and adopted by the Appraisal Standards Board of the Appraisal Foundation, dated April 27, 1987, as amended on January 1, 2014, are incorporated into the Administrative Rules of the Appraiser Certification and Licensure Board as the standards of professional conduct which shall guide the behavior of licensed and certified appraisers in the State of Oregon. Copies of the Uniform Standards of Professional Appraisal Practice may be obtained from the Appraisal Foundation located at 1029 Vermont Avenue, N.W., Suite 900, Washington D.C. 20005-3517.

(8) All licensees must list their certificate or license number and expiration date in each appraisal report.

(9) All licensees must comply with USPAP and all other applicable administrative rules in OAR Chapter 161 in all valuation activity, unless such valuation activity qualifies as an exclusion to real estate appraisal activity under ORS 674.100(2) (h).

(10) Notwithstanding any other provision of these rules, a licensee acting in one of the following capacities is not subject to the requirements of Standard 3 of USPAP when examining an appraisal report and workfile as part of an official investigation being conducted by the Board:

- (a) Board member;
- (b) Employee; or
- (c) Contractor or volunteer serving at the request of the Board.

## 161-030-0000

### Criminal Background

(1) For the purposes of this section, "Subject Individual" means:

(a) Any licensee as defined in OAR 161-002-0000(22).

(b) Any applicant for a certificate, or registration under ORS Chapter 674 or any applicant for renewal of a license, certificate, or registration under ORS Chapter 674.

(c) Any Board employee, volunteer, or any other person the Board may require fingerprints for the purpose of conducting a state or nationwide criminal records check as identified in ORS 674.105.

(2) The purpose of this section is to provide for the reasonable screening of subject individuals in order to determine if they have a history of criminal behavior such that they are unfit to hold a license, certificate or registration, or work, volunteer or contract with the Board.

(3) The Board and a vendor for fingerprinting services ("fingerprint service provider") have contractually agreed that:

(a) The fingerprint service provider will provide electronic fingerprinting services to Oregon subject individuals and submit the fingerprints electronically to the Oregon Department of State Police to conduct statewide and nationwide criminal records checks through the Federal Bureau of Investigation.

(b) All Oregon subject individuals may only submit fingerprints required by the Board through the fingerprint services provider. All out of state subject individuals may submit a completed fingerprint card on the form prescribed by the Oregon State Police and FBI.

(c) The Board may also perform a Law Enforcement Data System (LEDS) criminal records check as part of any criminal background fitness determination conducted in regard to the subject individual.

(4) The fingerprint card and processing fee shall be submitted to the Board prior to issuance of any license under ORS Chapter 674 and these rules.

(5) Within the Board, only an authorized designee shall have access to records the Board receives from the Oregon Department of State Police resulting from a criminal records check.

(6) The Board's authorized designee shall maintain and disclose any records received from the Oregon Department of State Police resulting from a criminal records check in accordance with applicable requirements and restrictions in ORS Chapter 181 and other applicable federal and state laws, rules adopted by the Oregon Department of State Police in OAR chapter 257, division 15, these rules, and any written agreement between the Board and the Oregon Department of State Police.

(7) Records the Board receives from the Oregon Department of State Police resulting from a criminal records check, including but not limited to Law Enforcement Data System (LEDS) reports and state or federal criminal offender information originating with the Oregon Department of State Police or the Federal Bureau of Investigation, are confidential pursuant to ORS 181.534(15).

(8) If a fingerprint-based criminal records check was conducted on a subject individual, the Board shall permit that subject individual to inspect the state and federal criminal offender information and provide a copy of the individual's own state and federal criminal offender information, unless prohibited by state or federal law.

(9) If the information developed by the Board indicates that additional information should be obtained from the subject individual, it will be the duty of the subject individual, upon notice and request by the Board, to provide the requested information in order to complete the background check. Information considered necessary by the Board to evaluate the subject individual's trustworthiness and competency to engage in professional real estate appraisal activity in a manner that protects the public interest. Failure to comply may result in a determination that the background check is incomplete which will result in an unfit determination by the Board.

(10) The Board shall evaluate a crime on the basis of Oregon laws and, if applicable, federal laws or the laws of any other jurisdiction in which the criminal background check indicates a subject individual may have committed a crime, as those laws are in effect at the time of the background check.

(11) A subject individual shall not be denied under this section on the basis of the existence or contents of a juvenile record that has been expunged under ORS 419A.260 and 419A.262.

(12) The Board shall inform the subject individual who has been determined unfit on the basis of a criminal background check, via courier, or registered or certified mail to the most current address provided by the subject individual of the disqualification. Responsibility for furnishing a current address remains with the subject individual.

(13) A disqualification determination is a final order of the Board unless the affected subject individual requests a contested case hearing under ORS Chapter 183 within 20 days of the mailing of the determination.

### Inactive Status

(1) A certified or licensed appraiser may, upon compliance with the provisions of this section, transfer his or her license or certificate from active to inactive status.

(2) The appraiser shall submit a written request to the Board on a form prescribed by the Board, that he or she desires to be placed on inactive status and shall accompany the request with the appropriate fee and required continuing education.

(3) The Board shall, promptly after receipt of such request, provide written notice to the applicant that the applicant has been placed on inactive status.

(4) The applicant for inactive status shall not sign or issue any appraisal reports on or after the date he or she submits a request for conversion to inactive status to the Board

(5) A person of inactive status may convert to active status as a state certified or state licensed appraiser, as applicable, upon submission of a renewal application, on a form prescribed by the Board, and upon that person's submission of all information required by that form and payment of the appropriate fees.

### Temporary Non-Resident Registration of Out-of-State Appraisers

(1) The Board will recognize temporarily the license or certificate of an appraiser issued by another state if:

- (a) The appraiser is a non-resident of Oregon;
- (b) The appraiser's business is of a temporary nature; and
- (c) The appraiser registers with the Board.

(2) Any out-of-state appraiser desiring to conduct real estate appraisal activity within the State of Oregon, must submit an application for temporary registration on a form prescribed by the Board. The application must include:

(a) The required registration fee, and

(b) An irrevocable consent to service form appointing the Board Administrator as agent for service of process as provided in these rules, if, in an action against the applicant in a court of this state arising out of the applicant's activities as a licensed or certified appraiser, the plaintiff cannot, in the exercise of due diligence, effect personal service upon the applicant.

(3) The Board will obtain a National Registry License History Report for possible disciplinary actions. Alternatively, the Board may request the applicant to request a license history from the applicant's resident state indicating applicant is currently in good standing. This verification must be submitted directly to the Board office by the applicant's resident state licensing authority. The license history must be received by the Board within 30 days.

(4) The non-resident registration is only valid for a single appraisal assignment within the state.

(5) A single appraisal assignment may include one or more properties under one contract for a single client.

### Background Check Authorizations and Fingerprint Card

(1) The background check includes a criminal background check and a criminal records request as provided in OAR Chapter 161, Division 520. The subject individual must apply for the background check in writing on a form approved by the Board with all information provided and certified by the subject individual.

(2) The Board and a vendor for fingerprinting services ("fingerprint service provider") have contractually agreed that:

(a) The fingerprint service provider will provide electronic fingerprinting services to Oregon subject individuals and submit the fingerprints electronically to the Oregon Department of State Police to conduct statewide and nationwide criminal records checks through the Federal Bureau of Investigation.

(b) All Oregon subject individuals may only submit fingerprints required by the Board through the fingerprint service provider. All other out of state subject individuals must submit one completed fingerprint card, prescribed by the Federal Bureau of Investigation and completed by a law enforcement agency or a commercial fingerprinting entity.

(3) The background check shall include, but is not limited to, the following:

(a) Legal name, residence physical and mailing address, telephone numbers and email address;

(b) Place and date of birth;

(c) Social security number;

(d) Driver's license or identification card number and state of issue;

(e) Whether the subject individual has:

(A) EVER entered a plea of nolo contendere, plead or been found guilty of or convicted of a felony;

(B) In the past ten years entered a plea of nolo contendere, plead or been found guilty of, or convicted of, a misdemeanor;

(C) EVER been reprimanded or fined or had a license, certificate or registration suspended, revoked, restricted, denied or surrendered in this or any other state by any agency that has granted a license, certificate or registration to engage in a regulated occupation, trade or profession;

(D) An entry of any money judgments that have not been paid in full;

(E) Filed for voluntary or involuntary bankruptcy protection during the past ten years; and

(F) Any other information the Board considers necessary to evaluate the moral character of the subject individual.

### Complaints, Investigations and Audits

(1) A notice of investigation, together with a true copy of the allegation report as submitted to the Board's office, including all supporting documentation, shall be promptly sent by certified mail, return receipt requested, to the last known address of each controlling person of the appraisal management company. Unless otherwise specified in the notice of investigation, a controlling person must produce:

(a) True copies of records within 30 days. No extension will be granted; and

(b) Within 30 days, a written response to the allegations set forth in the allegation report.

(A) A controlling person may request an extension to file a response to a notice of investigation. An extension of up to 30 days will be approved provided the extension request is submitted in writing to the Administrator within the 30 day time period. Good cause must exist that shows circumstances beyond the reasonable control of a controlling person preventing a response within 30 days.

(B) The Administrator may grant one additional extension of no more than 30 days only upon showing of good cause.

(2) The investigation may include all inquiries deemed appropriate to ensure that each case is processed in accordance with ORS Chapter 183.

(3) The Board may initiate an audit or other type of inquiry or investigation to verify an appraisal management company's compliance with ORS 674 and OAR 161.

(4) Every controlling person or subject individual of an appraisal management company must cooperate with the Board and must respond fully and truthfully to Board inquiries and comply with any requests from the Board, subject only to the exercise of any applicable right or privilege. Failure to cooperate with the Board is unethical and is grounds for discipline including revocation or suspension of the appraisal management company's registration, imposition of a civil penalty, or denial of a registration, or any combination thereof.

(5) At the completion of the investigation process, the Enforcement Oversight Committee shall review the allegation report and documents related to the investigation. If the Enforcement Oversight Committee determines that an objective basis exists to believe that violations of ORS Chapter 674 and/or OAR chapter 161 occurred, the Enforcement Oversight Committee may authorize the Administrator to proceed with disciplinary actions.

(6) Shall submit a report to the Board setting forth specific violations along with the facts supporting the Committee's recommendation.

# ADMINISTRATIVE RULES

## Board of Licensed Social Workers Chapter 877

**Rule Caption:** Adoption of new and amended administrative rules regulating the profession of social work.

**Adm. Order No.:** BLSW 2-2014

**Filed with Sec. of State:** 12-29-2014

**Certified to be Effective:** 1-1-15

**Notice Publication Date:** 10-1-2014

**Rules Adopted:** 877-015-0106

**Rules Amended:** 877-001-0006, 877-020-0000, 877-020-0010, 877-020-0012, 877-020-0057, 877-020-0060

**Subject:** OAR 877-015-0106 would implement new definitions for “practice of baccalaureate social work” and “practice of master’s social work,” which were enacted during the 2013 Legislative Assembly in HB 2082.

OAR 877-001-0006 would implement new definitions for social work, which were enacted during the 2013 Legislative Assembly in HB 2082, including the definition of “clinical social work” to include reference to the Diagnostic and Statistical Manual of Mental Disorders (DSM) 5th edition.

OAR 877-020-0000 would amend the definition of “agency” for purposes of expanding the options for social work associates to obtain appropriate supervision.

OAR 877-020-0010 would permit social work associates to obtain required supervision via electronic media, increasing opportunities for associates located in rural and less populated areas of the state; the amendments would also permit social work associates to extend the supervision period beyond 5 years in certain circumstances.

OAR 877-020-0012 would establish standards for electronic media supervision.

OAR 877-020-0057 would create a new license status for individuals who do not renew their licenses within the 30 day grace period following their renewal date. The amendment would designate the licenses of such individuals as lapsed, and would allow lapsed licenses to be renewed by completing the renewal form, submitting any required continuing education and paying renewal and late fees. After one year from the renewal date, a lapsed license would expire. The proposed amendment would also allow the board to extend the lapsed period beyond one year upon a showing of “good cause” and “exceptional circumstances.”

OAR 877-020-0060 would permit the board to reduce requirements for applicants on a showing of good cause.

**Rules Coordinator:** Randy Harnisch—(503) 373-1163

### 877-001-0006

#### Definitions

(1) “Authorization to practice regulated social work” is defined in ORS 675.510 as a certificate or license issued by the State Board of Licensed Social Workers under 675.510 to 675.600.

(2) “Regulated social worker” is defined in ORS 675.510 as a baccalaureate social worker registered under 675.532, a master’s social worker licensed under 675.533, a clinical social work associate certified under 675.537, or a clinical social worker licensed under 675.530.

(3) The term “board” in OAR chapter 877 means the State Board of Licensed Social Workers established by ORS 675.590, unless otherwise specified.

(4) “Clinical social work” means:

(a) A specialty within the practice of master’s social work that requires the application of specialized clinical knowledge and advance clinical skills to the assessment, diagnosis or treatment of mental, emotional or behavioral disorders or conditions, including but not limited to those identified in the Diagnostic and Statistical Manual of Mental Disorders (DSM) fifth edition; and

(b) The application of services described in paragraph (a) of this subsection to the provision of individual, marital, couples, family or group counseling or psychotherapy.

(5) “Clinical supervision” means an interactional professional relationship between a supervisor and a social worker that provides evaluation and direction over the supervisee’s practice of clinical social work and promotes continued development of the social worker’s knowledge, skills, and

#### Plan of Practice and Supervision

(1) After a person submits an application described in OAR 877-020-0009, the board will inform the person whether the application, including the plan of practice and supervision, is approved.

(2) After an application has been approved, an associate may request a change to a plan of practice and supervision by submitting a request to the board that provides a justification for the change and ensures that the plan, as modified, will meet the requirements of this division of rules.

# ADMINISTRATIVE RULES

(3) For the associate to satisfactorily complete a plan of practice and supervision, the following requirements must be met while the associate is working under an approved plan of practice and supervision:

(a) The contact with clients described in OAR 877-020-0009(4)(b) must be direct contact during which the associate practices clinical social work, which is defined in ORS 675.510(2).

(b) The associate must meet with a supervisor identified in the plan, as required in OAR 877-020-0009(4)(d):

(A) For a total of 100 hours over a period of not less than 24 consecutive months nor more than 60 consecutive months, of which a minimum of 50 hours must be individual supervision. The board may, at their discretion, approve a written request to extend a plan of supervision beyond the 60 month period. The associate must meet at least twice each month with a plan supervisor for a minimum of one hour. If there is a second supervisor for group supervision, the requirement in this paragraph (A) is met by a single one-hour meeting with each supervisor.

(B) After the associate has completed the plan requirements contained in paragraph (A) of this sub-section, the associate must continue to meet at least once each month with a plan supervisor for a minimum of one hour.

(c) Supervision required in this rule must be accomplished:

(A) In person, in a professional setting; or

(B) by electronic video-conferencing media, provided that the first and final supervisory sessions and at least one supervisory session each quarter be conducted in person pursuant to subsection (A) above.

(d) The associate must submit to the board, on a form provided by the board, each evaluation by the supervisor (or supervisors in the event two are authorized) required by OAR 877-020-0012(2)(e)(A) of the progress by the associate toward completion of the plan.

(e) The associate must pass the national examination required by OAR 877-020-0008.

(f) The associate must work with each supervisor identified in an approved plan for not less than six months unless

(A) A change in supervision is required by a reason outside the control of the associate and the board approves the change; or

(B) The associate has completed the requirements of the plan.

### Requirements of Supervision

(1) Qualifications of supervisor.

(a) The supervisor of the associate must be a licensed clinical social worker, approved by the board at the time the applicant submits the plan of practice and supervision for approval, unless the associate works more than 50 miles from the nearest licensed clinical social worker able to serve as supervisor of the associate. In this event, upon request of the associate, the board may authorize a supervisor who is one of the following:

(A) A clinical psychologist licensed in Oregon, a psychiatrist licensed in Oregon, or a person similarly qualified.

(B) A person who meets the following requirements for licensure but has not been licensed by the board:

(i) The educational requirement in OAR 877-020-0009(2).

(ii) Field experience requirement described in OAR 877-020-0009(3).

(b) The supervisor of the associate:

(A) Must have completed two years of licensed practice.

(B) Must have completed and reported to the board at least six hours of continuing education hours described in OAR 877-025-0006(1) or (2) in techniques of supervision within five years prior to commencing the supervision of an associate.

(2) Requirements of the supervision.

(a) The associate may have one supervisor for individual supervision and a different supervisor for group supervision.

(b) The relationship between the supervisor and the associate must be of a professional nature, and the ethical standards for social workers, including standards contained in this division of rules, are applicable to each of them.

(c) The supervisor must have the authority to direct the caseload and treatment plans of the associate.

(d) In order that the goals of the supervision are reached:

(A) The supervisor and associate are expected to discuss cases with each other based on case notes, charts, records, and audio or visual tapes of clients, if available.

(B) The associate must present to the supervisor assessments, diagnoses, and treatment plans of clients seen by the associate.

(C) The treatment plans presented by the associate must be appropriate, and the supervisor must focus on the therapeutic skill of the associate in promoting change in the client.

(D) The supervisor must have the authority to determine the appropriateness of the associate's client population to the associate's level of expertise.

(e) A licensed clinical social worker or other person authorized by the board who agrees to supervise an associate must:

(A) Submit to the board at intervals not to exceed six months an evaluation of the associate's progress toward completion of the plan, on a form provided by the board.

(B) Report to the board in writing immediately in the event the associate is not complying with the plan of practice and supervision.

(C) Report to the board in writing immediately in the event the relationship between the supervisor and the associate ends earlier than the date provided for in the Plan.

(D) Make other reports as required by the board.

(f) Clinical social workers who participate in supervision that is conducted by electronic video-conferencing media must:

(A) Ensure that clients whose records may be discussed as a part of the supervision provide written consent to having confidential records and information transmitted electronically;

(B) Conduct the video-conference in a setting and in a manner that protects the privacy of both parties; and

(C) Utilize secure transmittal methods, (encryption, for example) to maintain confidentiality of the information.

### Lapsed and Expired Licenses and Certificates

(1) A license or certificate that is not renewed by the end of the 30th day following the renewal date is lapsed.

(2) A lapsed license or certificate may be renewed by submitting:

(a) The completed renewal application;

(b) Payment of appropriate fees, including late fees, pursuant to OAR 877-001-0020;

(c) Documentation of having completed all required continuing education requirements; and

(d) A certification on a form provided by the board that the person while in lapsed status has not engaged in the practice of clinical social work nor used any title, words, or abbreviations, including the title of "social worker," that indicates the person has an authorization to practice regulated social work.

(3) A license or certificate that has lapsed and is not renewed pursuant to subsection of this rule by the end of one year following the renewal date plus any extended time period granted by the board pursuant to subsection (6) of this rule is expired.

(4) A person whose license or certificate has expired may apply to the board to receive a new license or certificate.

(5) To be eligible for a new license, an applicant whose license has expired:

(a) Must meet the degree requirements in OAR 877-020-0009(2);

(b) Must meet the fitness requirements in OAR 877-020-0008(2) and is subject to the provisions of 877-022-0005 as an applicant for a license;

(c) Must have passed the national examination described in OAR 877-020-0008(4) and (5)(b);

(d) May be subject to requirements of the board, determined on an individual basis, to work under a plan of practice and supervision designed to take into account the experience of the applicant, recent practice of the applicant, and other factors that pertain to the applicant;

(e) May be subject to requirements of the board, determined on an individual basis, to complete continuing education in specified topics; and

(f) Must pass the examination on Oregon statutes and rules described in OAR 877-020-0008(4) and (5)(a).

# ADMINISTRATIVE RULES

(6) The board may in the board's sole discretion extend the time period that a license or certificate may be in lapsed status upon written request showing good cause based on exceptional circumstances.

(7) For the purposes of subsection (6) of this rule: "good cause" means situations that are beyond the reasonable control of the licensee or certificate holder and "exceptional circumstances" means unforeseen circumstances that are of a very serious nature including, for example, the serious illness of the licensee or certificate holder. "Good cause" for purposes of subsection (6) of this rule does not include situations where the action, delay, or failure to act by the licensee or certificate holder arises from mistake, neglect, reliance on a statement of board staff, lack of knowledge or understanding of the board's statutes or rules, noncompliance with the board's statutes or rules, or any circumstance that is within the reasonable control of the licensee or certificate holder.

(8) A person with a lapsed or expired license may not practice clinical social work nor use any title, words or abbreviations, including the title "social worker," that indicate that the person has an authorization to practice regulated social work.

### Reduced Requirements

(1) A person described in section (2) of this rule is subject, upon written request submitted to and approved by the board, to the following requirements for continuing education and renewal fees:

(a) Continuing education:

(A) The number of hours required by OAR 877-025-0011(1) is reduced to 20.

(B) Continuing education described in OAR 877-025-0006(1) or (6) only is authorized.

(C) Carryover of hours, addressed in OAR 877-025-0016(4), is not authorized.

(D) This rule does not change the continuing education hours required for a supervisor or the continuing education requirement for ethics training.

(b) The fee for renewal of a license, described in OAR 877-001-0020, is reduced by half.

(2) The requirements described in section (1) of this rule are applicable to a licensed clinical social worker who:

(a) Has practiced clinical social work under the authority of a license for twenty years;

(b) Has not been disciplined by a licensing authority during the prior 15 years of social work practice; and

(c) Engages in the practice of social work for not more than 500 hours a year.

(3) A person subject to the provisions of section (1) of this rule may not apply for an inactive license.

(4) The board retains the authority to reduce the requirement set out in section (2)(a) above upon request from an applicant and on a showing of good cause. For example, the board may reduce the number of years that a licensed clinical social worker must have practiced to qualify for reduced fees under this rule upon a showing that the licensee began his or her career later in life.

### Board Meeting

(1) The Board must hold regular meetings at least once each year at such time and place as the Board may designate. Notice of the time and place of regularly scheduled, special and emergency meetings will be given to the individuals on the Board’s distribution list.

(2) A majority of the total number of the Board constitutes a quorum for the transaction of business. However, an affirmative vote of the majority of the total number of Board members is necessary to make a Board decision.

(3) The President is authorized to take action between Board meetings, such as reactivation of licenses, interpretation of policy or procedure, or other such items, subject to ratification by the Board. The Board may delegate such authority to the Executive Director. All such actions must be noted in the agenda for the next meeting of the Board and be presented for ratification in the order of business at that meeting.

(4) The Vice-President of the Board may carry out the functions of the president when the president is unable to perform the required duties.

(5) The Board shall elect from its membership the President and Vice-President annually at its first regularly scheduled meeting of the calendar year.

### Application for Examination and Licensure

(1) Each applicant must meet educational qualifications and must comply with the requirements of ORS 683.040 before the applicant will be accepted for examination and licensure.

(2) Applications for licensure as an optometric physician in Oregon must be directed to the office of the Board.

(3) The application is complete upon receipt by the Board of:

(a) A signed application form;

(b) A copy of the official final transcript from an accredited college of optometry indicating receipt of the doctor of optometry degree;

(c) A copy of the record establishing satisfactory completion of a course in pharmacology as it applies to optometry from an institution approved under ORS 683.040(2) when applicable;

(d) Verification of the passage of the examination of the National Board of Examiners in Optometry (NBEO);

(e) Receipt by the Board’s office of the application fee as listed in OAR 852-010-0080;

(f) Written confirmation sent directly from the licensing entity of each other state in which the candidate has ever been licensed that the candidate for licensure has not been sanctioned for violating the laws, rules and standards of ethics of that jurisdiction;

(g) Documentation of completion of the required continuing optometric education;

(h) Documentation of current CPR certification, as required in OAR 852-080-0040;

(i) Proof of meeting the requirements of OAR 852 Division 80 – Pharmaceutical Agents, for licensure with the non-topical certification (AT) or non-topical certification with injections (ATI);

(j) Proof of passage of the Oregon optometric law and administrative rules examination; and

(k) Satisfactory results of a criminal records background check as defined in OAR 852-050-0025.

(4) Any application received from an optometrist who has been sanctioned by another optometric licensing jurisdiction is individually reviewed and considered by the Board.

### Rules for Examination and Licensure

(1) Pursuant to ORS 683.060(2), the Board will require a passing score on Parts I, II, III, (PAM and Clinical Skills) and TMOD (Treatment and Management of Ocular Disease) of the National Board of Examiners in Optometry (NBEO) examination. NBEO standards for passing the NBEO examination are acceptable to the Board.

(2) The applicant for examination and licensure must:

(a) Provide written confirmation sent directly from the licensing entity of each other state in which the applicant has ever been licensed that the applicant for licensure has not been sanctioned for violating the laws, rules or standards of ethics of that jurisdiction. In addition, the Board will query the National Practitioner Data Bank for adverse actions on each person making an application for licensure;

(b) Submit documentation of continuing education hours as required in OAR 852 division 70;

(c) Pass, by a score of 80 or better, a Board-approved written examination relating to Oregon optometric law and administrative rules within the 12 months before date of Oregon licensure. Because the Administrative Rule and Law examination is not clinical in nature, there is no waiting period before an examination retake. If the examination is not available through the National Board of Examiners in Optometry, the Board will set location(s), date(s) time(s) and fees for administration of the examination.

(3) Any applicant whose conduct constitutes cheating or subverting of the process of the evaluation of professional competency by the Board or by an examiner may be dismissed from the examination and denied licensure.

### Rules for Endorsement Examination and Licensure

Pursuant to ORS 683.220 the Board may grant to an applicant a license by endorsement for the practice of optometry if the applicant:

- (1) Holds a license for the practice of optometry obtained by examination in another state in the United States;
- (2) Has been continuously engaged in the practice of optometry for not less than two years immediately preceding the application to the Board;
- (3) Has educational qualifications the Board considers equivalent to the educational requirements necessary for licensing by the Board at the time the applicant commenced the practice of optometry. The educational requirements include a passing score on Parts I, II, III, (PAM and Clinical Skills) and TMOD (Treatment and Management of Ocular Disease) of the National Board of Examiners in Optometry (NBEO) examination or its equivalent, as determined by the Board. NBEO standards for passing the NBEO examination are acceptable to the Board;
- (4) Submits documentation satisfactory to the Board of continuing optometric education hours equivalent to the requirements established by OAR 852-070;
- (5) Provides written confirmation sent directly from the licensing entity of each other state in which the applicant has ever been licensed that the applicant for licensure has not been sanctioned for violating the laws, rules or standards of ethics of that jurisdiction. In addition, the Board will query the National Practitioner Data Bank and the Healthcare Integrity and Protection Data Bank for adverse actions on each person making an application for licensure by endorsement;
- (6) Pays the licensure by endorsement application fee as listed in OAR 852-010-0080; and
- (7) Passes, by a score of 80 or better, a Board-approved written examination relating to Oregon optometric law and administrative rules within the 12 months previous to date of Oregon licensure. Because the Administrative Rule and Law examination is not clinical in nature, there is no waiting period before an examination retake. If the examination is not available through the National Board of Examiners in Optometry, the Board will set location(s), date(s) time(s) and fees for administration of the examination;
- (8) Provides proof of meeting the requirements of OAR 852 division 80 — Pharmaceutical Agents, for licensure with the non-topical certification (AT) or non-topical certification with injections (ATI);
- (9) Receive satisfactory results of a criminal records background check as defined in OAR 852-050-0025;
- (10) Any applicant whose conduct constitutes cheating or subverting of the process of the evaluation of professional competency by the Board or by an examiner may be dismissed from the examination and denied licensure.

### Military Spouse and Domestic Partner Licensure

- (1) Regardless of pathway to licensure, if the applicant is the spouse or legal domestic partner of an active service military member who is the subject of a military transfer to Oregon, the Board may issue a temporary license for up to 90 calendar days pending receipt of required good standing status confirmations, if the applicant:
  - (a) Meets all other requirements for licensure as stated in OAR 852-010-0015;
  - (b) Attests to being in good standing, with no restrictions or limitations upon, actions taken against, or investigation or disciplinary action pending against his or her license in any jurisdiction where the applicant is or has ever been licensed;
  - (c) The Board's review of the other jurisdictions' licensing websites and the National Practitioner Data Bank confirm no disciplinary action; and
  - (d) The military spouse or domestic partner submits a copy of the marriage certificate or domestic partnership registration with the name of the applicant and the name of the active duty member of the Armed Forces of the United States and proof of assignment to a duty station located in

Oregon by official active duty military order for the spouse or domestic partner named in the marriage certificate or domestic partnership registration.

(2) Failure of the applicant to provide confirmation(s) required within 90 days results in automatic expiration of the temporary license. Applicant may not be reissued a temporary license.

(3) A regular license will be issued upon receipt of required status confirmation(s).

### Records

(1) Optometric physicians must keep complete and accurate records for each patient, including, but not limited to, case histories, examinations, diagnostic and therapeutic services, prescriptions, instructions for home therapies, referral recommendations and any other information required to make the record complete. Patient records must be sufficiently detailed and legible so that an appropriate provider could continue care without requiring additional information and without detriment to the patient. It is unprofessional conduct to keep incomplete or inaccurate records for a patient.

(2) Retention Schedule: A patient's records must be kept in an accessible print or electronic format. The records must be controlled by an Oregon-licensed optometric physician and kept for a minimum of seven years from the date of the last office visit or pertinent clinical notation on the record. If a patient is a minor, the records must be kept seven years or until the patient is 21 years of age, whichever is longer.

(3) When changing practice locations, closing a practice location or retiring, an optometric physician must retain patient records for the required amount of time or transfer the custody of patient records to a doctor of optometry licensed and practicing optometry in Oregon. Transfer of patient records pursuant to this section of this rule must be reported to the Board in writing within 14 days of transfer, but not later than the effective date of the change in practice location, closure of the practice location or retirement. It is unprofessional conduct for a doctor of optometry not to retain and release patient records or fail to transfer the custody of patient records as required in this rule.

(4) Upon the death or permanent disability of an optometric physician, the administrator, executor, personal representative, guardian, conservator or receiver of the former optometrist must notify the Board in writing of the management arrangement for the custody and transfer of patient records. This individual must ensure the security of and access to patient records by the patient or other authorized party, and must report arrangements for permanent custody of patient records to the Board in writing within 90 days. Transfer of patient records to another Oregon-licensed optometric physician must occur within one year of the death or permanent disability of the optometric physician.

(5) Optometric physicians must provide copies of records or detailed summaries of records within 14 calendar days of the written request of the patient or by a person holding a valid release from the patient (a recommended sample release form is provided in ORS 192.566). The patient may request all or part of the record. A summary may substitute for the actual record only if the patient agrees to the substitution.

(6) Optometric records do not include personal office notes of the optometric physician or personal communications between referring or consulting physicians.

(7) Optometric physicians must preserve a patient's records from unauthorized disclosure and may release them only as authorized by federal and state laws and rules.

(8) Optometric physicians may establish reasonable charges to patients for copies of their records and for faxing prescriptions by long distance phone services, or for any unusual mailing or handling costs per ORS 192.521

(9) Optometric physicians must release copies of patient prescriptions without additional charges and may not withhold release of patient records or additional copies of prescriptions for lack of payment for prior services or goods.

### Schedule of Fees

The following fee schedule is established by the Oregon Board of Optometry to set forth in one place all of the fees charged by the Board:

(1) Active license:

(a) Annual renewal — \$323, of which \$298 is for the active optometry license and \$25 is the Prescription Drug Monitoring Fund fee collected by the licensing body on behalf of the Oregon Health Authority.

(b) Additional copy of Portable Multiple Practice Location license — \$25 each.

(c) Failure to meet renewal date: Late renewal fee — \$50 first failure, \$75 second failure, \$100 any subsequent failure in a seven-year period.

(d) Lapse in CPR certification during licensing period — \$50.

(e) Failure to notify the Board of practice locations or address or phone number of record — \$50 first failure, \$100 second failure, \$200 any subsequent failure(s) in a seven-year period.

(3) Inactive License:

(a) Annual renewal — \$98.

(b) Late renewal fee — \$15.

(c) Failure to notify the Board of address or phone number of record — \$50 first failure, \$100 second failure, \$200 subsequent failure(s) in any seven-year period.

(4) Application for Licensure:

(a) Application for Examination and Licensure — \$200.

(b) Application for Endorsement Examination and Licensure — \$300.

(c) Application for TPA Certification — \$75.

(d) Law and Administrative Rule Examination administered by the Board — \$75.

(5) Other fees:

(a) Written official license verification — \$20.

(b) List of licensees (electronic or printed) — \$25 each Active/Inactive.

(c) Reactivation of license — \$100.

(d) Reinstatement of license — \$100.

(e) Law and Administrative Rules booklet — \$25 (available online at no charge).

(f) Decorative Wall Certificate of Registration (optional, personalized and signed by Board) — \$30.

(6) The Board will not refund any fee unless there has been an error by the Board in the charging of the fee. Information not known by the Board because the licensee, applicant, or other person or entity has not supplied the correct information is not considered an error.

### Prescription Content

(1) Prescription specifications must be reasonably based on the patient's vision and eye health concerns and must include all information required to ensure the patient receives the designated ophthalmic products.

(2) Spectacle prescriptions must include the following information:

(a) Patient's name;

(b) Examination date;

(c) Prescription issuance date (the date on which the patient receives a copy of the prescription);

(d) Optometric physician's name, license number, practice location address, telephone number and facsimile (fax) number and handwritten, stamped or electronic signature. If using another doctor's printed or electronic prescription form, the prescribing doctor must legibly print his or her own name and license number on prescription form before signing;

(e) Sphere, Cylinder, Axis and/or ADD;

(f) Any special features, which may include but are not limited to: type of bifocal, trifocal or progressive lens style, prism, material, tints, coatings or edge polish; and

(g) A reasonable and clinically-prudent expiration date.

(3) Contact lens prescriptions must include the following information:

(a) Patient's name;

(b) Examination date;

(c) Prescription issuance date (the date on which the patient receives a copy of the prescription);

(d) A reasonable and clinically-prudent expiration date;

(e) Optometric physician's name, license number, practice location address, telephone number and facsimile (fax) number, and handwritten, stamped or electronic signature. If using another doctor's printed or electronic prescription form, the prescribing doctor must legibly print his or her own name and license number on prescription form before signing;

(f) Sphere, Cylinder, Axis and/or ADD;

(g) Lens base curve or series;

(h) Lens diameter, if applicable;

(i) Lens material and/or brand name;

(j) Any special features that may include but are not limited to: type of bifocal, trifocal or progressive lens style, prism, material, tints, coatings or edge polish;

(k) The maximum number of refills, if specified by the optometric physician. If specified, the contact lens prescription becomes invalid upon the patient's ordering of the maximum number of refills, unless extended by the optometrist. The quantity of lenses or refills specified in the prescription must be sufficient to last through the prescription's expiration date. If a lesser quantity of lenses or refills is specified in the prescription, the prescriber must have a legitimate medical reason for doing so, and the Federal Trade Commission requirements on writing a prescription for less than one year must be met; and

(l) Any limitations, including wearing schedule and follow-up care.

(4) Contact lens prescriptions must be written in a manner that allows the patient to have the prescription filled by an office or outlet of their choice.

(5) A seller may not alter a contact lens prescription. Notwithstanding the preceding sentence, if the same contact lens is manufactured by the same company and sold under multiple labels to individual providers, the seller may fill the prescription with an equivalent contact lens manufactured by that company under another label.

(6) Therapeutic pharmaceutical prescriptions must conform to the administrative rules of the Oregon Board of Pharmacy regarding prescription format.

### Prescription Release

(1) An optometric physician must immediately give the signed written prescription to the patient at the time the doctor would provide spectacles or contact lenses without additional examination, even if the patient does not request the prescription.

(2) Upon direct communication from the patient or anyone designated to act on behalf of the patient, an optometric physician must release or verify the patient's prescription to a third party.

(3) The prescription is deemed to be officially signed when first issued to the patient. If the examining optometric physician wishes to delegate signature authority for subsequent copies of a valid spectacle or contact lens prescription, exact copies may be dispensed by a designee following the doctor's written policy for ensuring prescription validity. Under no circumstances may an optometric physician delegate authority to alter the prescription, its expiration date or the number of refills for contact lenses.

(4) If a patient has not completed a contact lens fitting, the prescription released need only meet the spectacle prescription requirements.

(5) As used in this section, the term "direct communication" includes communication in person, by telephone, facsimile (fax), mail or electronic mail.

(6) An optometric physician may not:

(a) Require purchase of contact lenses or spectacles from any party as a condition of providing a copy of the prescription or verification of the prescription;

(b) Require payment in addition to or as a part of the fee for an eye examination, fitting, and evaluation as a condition of providing a copy of a prescription or verification of a prescription; or

(c) Require the patient to sign a waiver or release as a condition of releasing or verifying a prescription.

### Prescribing

(1) An optometric physician may use, prescribe, dispense or administer controlled substances in Schedules III-V only to a person with whom the doctor has a bona fide physician-patient relationship.

(2) An optometric physician may not use, prescribe, dispense or administer Schedule III-V controlled substances to himself/herself.

(3) An optometric physician may not use, prescribe, dispense or administer Schedule III-V controlled substances to an immediate family member except in emergency situations. "Immediate family member" means spouse, domestic partner, child, stepchild, sibling, parent, in-law or other individual for whom an optometric physician's personal or emotional involvement may render the doctor unable to exercise detached professional judgment in reaching diagnostic or therapeutic decisions.

(4) It is unprofessional conduct for an optometric physician to use, prescribe, dispense or administer controlled substances in Schedules III-V outside the scope of practice of optometry or in a manner that impairs the health and safety of an individual.

(5) All drugs dispensed by an optometric physician must follow all applicable Oregon Board of Pharmacy rules governing dispensing. All dispensed drugs must be labeled with the following information:

- (a) Name, address and telephone number of the optometric physician;
- (b) Date;
- (c) Name of patient for which the drug is dispensed;
- (d) Name of the drug, strength, the quantity dispensed. When a generic name is used, the label must also contain the name of the manufacturer or distributor;
- (e) Direction for use;
- (f) Required precautionary information;
- (g) Such other and further accessory cautionary information as required for patient safety; and

(h) An expiration date after which the patient should not use the drug. Expiration dates on drugs dispensed must be the same as that on the original container unless, in the optometric physician's professional judgment, a shorter expiration date is warranted. Any drug bearing an expiration date may not be dispensed beyond the said expiration date of the drug.

### Optometric Physician Responsibility, Supervision, and Delegation

(1) The optometric physician carries the sole responsibility for the patient's care. Delegation of duties does not discharge an optometric physician's responsibility for the accuracy and completeness of the work delegated.

(2) An optometric physician may delegate tasks that are not prohibited to well-trained technicians who are under the direct supervision of an optometric physician or medical doctor actively practicing at that location.

(3) No optometric physician may enter into a contract, lease agreement or other agreement that requires the optometric physician to delegate the allowed tasks of an optometrist to a technician who is not under direct supervision.

(4) Direct supervision as used in ORS 683.030 means the technician's activities are overseen and approved by an optometric physician or medical doctor at the practice site who retains the responsibility for patient care and with an appropriate intervention protocol in place. The delegating optometrist must have authority to remove that technician from patient contact at any time.

(5) An optometric physician may not delegate ophthalmoscopy, gonioscopy, final central nervous system assessment, final biomicroscopy, final refraction, or final determination of any prescription or treatment plans.

(6) An optometric physician may not delegate final tonometry for a patient who has glaucoma.

(7) Therapeutic procedures involving pharmaceutical agents may not be delegated other than to instill medication or provide educational information as instructed by the optometric physician.

### License Required

(1) Unless otherwise exempted by Oregon law, all persons practicing optometry in the state of Oregon must possess a valid, unrevoked, active status Oregon license.

(2) Doctors of optometry who are not practicing in Oregon may hold an inactive status license.

(3) Those granted an inactive status license by the Board are exempt from ORS 683.100 and OAR 852-50-0016, which require the licensee to report each Oregon practice location to the Board:

(a) Inactive licensees are required to maintain a current mailing address and phone number of record with the Board. Upon written request, the Board will hold the phone number of record of an inactive licensee confidential if it is a personal number not associated with a business entity; and

(b) Inactive licensees failing to notify the Board in writing of any changes to their address or phone number of record before the change are subject to the fee listed in OAR 852-010-0080.

### License and Certificate of Registration

(1) Upon becoming authorized to practice Optometry in Oregon, the licensee will receive:

(a) One original license, printed with and valid only at the address of the reported primary practice location. This current original license must be displayed in plain sight at the primary practice location where it can be viewed by any patient; and

(b) One Portable Multiple Practice Location license, printed with the reported primary practice location address, which may be used to practice at an unlimited number of additional reported practice locations. A Board-issued Portable Multiple Practice Location license must be displayed in plain sight at each non-primary practice location in an area where it can be viewed by any patient. Optometric physicians who wish not to transport this portable license among locations may purchase additional copies of the Portable Multiple Practice Location license from the Board.

(2) The licensee's status (active or inactive, and pharmaceutical certification) is printed by the Board on each license.

(3) The licensee must notify the Board of each practice location before commencing work at that location.

(4) While practicing at any location, a current license must be displayed in plain sight at all times in an area where it can be viewed by any patient.

(5) Photocopies of licenses are void and may not be displayed.

(6) The original license and all Portable Multiple Practice Location licenses expire and must be renewed during the annual license renewal period.

(7) Any optometric physician actively licensed to practice in Oregon may purchase an optional decorative wall certificate of registration personally and signed by the Board.

### Annual Renewal of Active License

(1) Active licensees must annually renew their license to practice optometry:

(a) Annual license-year renewal periods are established by the Board based upon birth dates of licensees;

(b) If the licensee's date of birth is not available to the Board, a license renewal period will be established for the licensee.

(2) Complete license renewal applications are due on the first day of the month of license expiration (month of licensee's birth date) and must be received in the Board's office or be postmarked to the Board's mailing address on or before the due date.

(3) The license renewal application must include the following to be considered complete:

(a) A completed license renewal form signed by the licensee;

# ADMINISTRATIVE RULES

- (b) Payment for the correct license renewal fee(s);
- (c) Documentation of completion of the required continuing optometric education; and
- (d) Documentation of current CPR certification, as required in OAR 852-80-0040.

(4) The Board, as a courtesy, mails license year renewal notices to the licensee's current reported address of record. However, it is the licensee's responsibility to ensure timely renewal; failure to receive notice does not relieve the licensee of the responsibility to timely renew

(5) A licensee who is not more than 30 days late in renewing the license may renew upon payment to the Board of the required late fee. If a licensee is more than 30 days late, the license is automatically suspended upon 30-day notice sent to the licensee via certified mail, as required by ORS 683.120(2).

(6) If a licensee is more than 60 days late in renewing the license, the licensee may be required to take an examination and pay the examination fee as required in ORS 683.060. The Board may, upon written application, waive the examination requirement.

(7) Of the annual license renewal fee listed in OAR 852-010-0080, the Board is required by ORS 431.972 to collect an additional annual fee from each optometry licensee for the Electronic Prescription Drug Monitoring Fund, which is remitted to the Oregon Health Authority.

(8) In any seven-year period, any licensee whose complete license renewal and fee is not received or postmarked by the first day of the month of license expiration is subject to a late payment fee listed in OAR 852-010-0080, which must be received before the license will be issued.

(9) Any licensee whose Board-required CPR certification lapsed at any time during the licensing period is subject to a lapsed CPR fee as listed in OAR 852-010-0080, which must be received before the license will be issued.

### Inactive Status License

(1) Eligible licensees may be granted an inactive status license upon signed written request. If renewal is not due, the license will be converted from active to inactive at no charge. If renewal is due, the licensee will pay the inactive renewal fee.

(2) To remain in inactive status, a licensee must renew annually. Annual license-year renewal periods are established by the Board based upon birth dates of licensees.

(3) Complete license renewal applications are due on the first day of the month of license expiration (month of licensee's birth date) and must be received in the Board's office or be postmarked to the Board's mailing address on or before the due date.

(4) The license renewal application must include the following to be considered complete:

- (a) A completed license renewal form signed by the licensee; and
- (b) Payment for the correct license renewal fee(s).

(5) As a courtesy, the Board sends a license year renewal notice to the inactive status licensee's current reported address of record. However, it is the licensee's responsibility to ensure timely renewal; failure to receive notice does not relieve the licensee of the responsibility to timely renew.

(6) A licensee who is not more than 30 days late in renewing the license may renew the license upon payment to the Board of the required fee plus a late fee. If a licensee is more than 30 days late, the license is automatically suspended upon 30-day notice sent to the licensee by first-class mail.

(7) A licensee who is more than 60 days late in renewing the license may be required to take an examination and pay the examination fee as required in ORS 683.060. The Board may, upon written application, waive the examination requirement.

(8) An inactive status licensee whose license renewal fee is postmarked after the first day of the month of license expiration is subject to a late payment fee as listed in OAR 852-010-0080, which must be received before the license will be issued.

(9) Reactivation: To reactivate a license to practice optometry in Oregon, an inactive status licensee must complete the following requirements:

- (a) Submit a signed Reactivation Request form;
- (b) Pay the reactivation fee listed in OAR 852-010-0080 and the difference between the inactive and active status license renewal fees;

(c) Submit proof of continuing education hours equivalent to Oregon requirements for the previous licensing period;

(d) Submit documentation of current CPR certification, as required in OAR 852-80-0040;

(e) Submit proof of meeting the requirements of OAR 852 Division 80 – Pharmaceutical Agents, for licensure with the non-topical certification (AT) or non-topical certification with injections (ATI), unless this information has been previously provided to the Board;

(f) Provide the Board's office with the address of the intended primary practice location in the state of Oregon, if known, or the mailing address to be printed on the license;

(g) Provide written confirmation sent directly from the licensing entity of each other state in which the applicant has ever been licensed that the applicant for licensure has not been sanctioned for violating the laws, rules or standards of ethics of that jurisdiction. In addition, the Board will query the National Practitioner Data Bank for adverse actions on each person making an application for licensure;

(h) Pass any required criminal background check; and

(i) Pass the Oregon optometric law and administrative rules examination if the applicant last held an active status license in Oregon more than two years before the date the Board confirms receipt of the completed application.

### Uniformed Services

(1) No license renewal fees will be assessed while the licensee is on active duty with the Uniformed Services of the United States:

(a) As a courtesy, the Board will send annual renewal notices to the licensee's current reported address of record. To avoid being placed into lapsed license status, the licensee must return a completed and signed renewal form with proof of active duty status to the Board within stated timelines;

(b) Licensees under this rule who are moved into lapsed status by the Board may be reinstated at no cost by meeting the requirements of this rule; and

(c) Nothing in this rule may be construed to waive any other reinstatement or reactivation requirements for Oregon licensure.

(2) Written notification to the Board is required within 60 days of the date of discharge in order to change the license to its former status without fee or penalty. If notification is received by the Board more than 60 days from the date of discharge, but within the license renewal period in which the discharge becomes effective, the license may be changed to its former status by paying all fees and penalties appropriate for a license of that status.

(3) If a licensed optometric physician fails to notify the Board in writing of the change of status within 60 days from the date of discharge, or within the license renewal period in which the discharge becomes effective, whichever is the longer period of time, that person must take an examination and pay the examination fee as required by ORS 683.060.

### Reinstatement of License

(1) A person who has been previously licensed by the Board may have the license reinstated to its former status if the person:

- (a) Voluntarily surrendered the license to the Board and, at the time of surrender, was in good standing and not surrendering in lieu of discipline or under notice for proposed disciplinary action, or subject to a final order of the Board or

# ADMINISTRATIVE RULES

(b) The license was suspended due to nonpayment of the license renewal fee or late fee and, at the time of suspension, the licensee was not surrendering in lieu of discipline or under notice for proposed disciplinary action, or subject to a final order of the Board.

(2) To reinstate an Oregon Optometry license an optometric physician must:

(a) Submit a signed written request;

(b) Provide written confirmation sent directly from the licensing entity of each other state in which the applicant has ever been licensed that the applicant for licensure has not been sanctioned for violating the laws, rules or standards of ethics of that jurisdiction. In addition, the Board will query the National Practitioner Data Bank for adverse actions on each person making an application for licensure;

(c) Pass any required criminal background check;

(d) Pay delinquent fees as determined by the Board;

(e) Pay the reinstatement fee as listed in OAR 852-010-0080; and

(f) Submit documentation of current CPR certification, as required in OAR 852-80-0040;

(g) The requirements in (2)(b) and (2)(e) above may be waived by the Board if the license is not more than 60 days expired.

(3) Reinstatement of a license to active status also requires:

(a) Submission of a completed Reactivation Application form;

(b) Passage of the Oregon optometric law and administrative rules examination if it has been more than two years since the person held an active status license in Oregon; and

(c) Submission of proof of continuing education equivalent to Oregon requirements for the previous license renewal period.

### Notice of Place of Practice

(1) Each active licensee must notify the Board in writing of each place of practice before engaging in practice at that location. If the licensee is practicing in a mobile facility or with a portable unit, the licensee must report the Base of Operations and specific locations of such practice to the Board in compliance with this rule.

(a) Within 14 days of termination of practice at any location, licensee must notify the Board in writing, including information on the custody of any patient records generated by the licensee at that location.

(b) Written notification from a licensee to the Board must be signed, and may be made by mail, fax or scanned e-mail attachment. Standard e-mail notification from the licensee's professional or personal e-mail will be accepted with an electronic signature that is composed of the licensee's full legal name and optometry license number, followed by the last four digits of the licensee's Social Security number.

(2) Failure to notify the Board in writing of practice location(s) and any address change(s) in accordance with (1) above subjects the licensee to fees listed in OAR 852-010-0080.

### Official Address and Telephone Number of Record

(1) Each actively licensed optometric physician must notify the Board in writing of the licensee's primary practice location, which is recorded by the Board as the official address of record. All correspondence from the Board will be sent to the official address of record unless the licensee requests in writing that an alternate mailing address be used. Active licensees who do not have a primary practice location may provide the Board with a mailing address.

(2) Each inactive licensee must notify the Board in writing of a mailing address.

(3) Post office boxes are not acceptable as a mailing address unless a street address is included with it and it is able to receive certified mail and return receipts. (4) Each licensee (active or inactive) must provide a telephone number of record to the Board, which by default is disclosable to the public. Upon written request, the Board will hold the telephone number of record of a licensee confidential if it is a personal number not associated with a business.

(4) Each licensee (active or inactive) must provide a telephone number of record to the Board, which by default is disclosable to the public. Upon written request, the Board will hold the telephone number of record of a licensee confidential if it is a personal number not associated with a business.

(5) Failure to notify the Board in writing of a change in the licensee's official address or telephone phone number of record may subject the licensee to disciplinary action and a fee as listed in OAR 852-010-0080.

### Nonprofit Services

An actively licensed doctor of optometry in Oregon who volunteers to provide professional services to a charitable nonprofit corporation may request the additional practice location license required for that location from the Board at no charge.

(1) Nonprofit corporation means a charitable corporation as described in section 501(c)(3) of the Internal Revenue Code and determined by the Oregon Board of Optometry as providing optometric services by volunteer licensed doctors of optometry to populations with limited access to eye care at no charge or at a substantially reduced charge.

(2) "Voluntary basis" means working of one's own free will and without payment for services.

(3) Any entity that owns or operates a nonprofit charitable clinic that provides eye care services must name an actively licensed Oregon optometric physician as its vision services director who is subject to the provisions of ORS 683 and OAR 852. This director is responsible for the patient records on eye care services for the clinic.

(4) Any licensed optometric physician who works at a nonprofit clinic described in (1) above must:

(a) Display a portable multiple practice location license, and

(b) Comply with all other provisions of ORS 683 and OAR 852, including reporting start and end dates of providing services at any practice location.

### State Criminal Records Check and Fitness Determination

(1) The purpose of these rules is to provide for the reasonable screening of applicants and licensees to determine if they have a history of criminal behavior such that they are not fit to be granted or to hold a license that has been issued by the Board.

(2) These rules are to be applied when evaluating the criminal history of an applicant or licensee and conducting fitness determinations based upon such history. The fact that an applicant or licensee has cleared the criminal history check does not guarantee the granting or renewal of a license.

(3) The Board may require criminal history of applicants for an initial licensure or renewal, licensees applying to reinstate or reactivate a lapsed license, or licensees under investigation to determine the fitness of an applicant or licensee. This information must be provided upon request as prescribed by the Board. The Board will submit information to the Oregon Department of State Police Law Enforcement Data System to conduct an Oregon Criminal History Check, and to other sources deemed necessary to ensure public protection

(4) The Board determines whether an applicant or licensee is fit to be granted a license based on the criminal records background check, any false statements made by the applicant or licensee regarding the criminal history of the individual, any refusal to submit or consent to a criminal records check, and any other pertinent information obtained as part of an investigation. If an applicant is determined to be unfit, the applicant may not be granted a license. If a licensee is determined to be unfit, the licensee's license may not be renewed, reactivated, or reinstated. The Board may make a fitness determination conditional upon applicant's or licensee's acceptance of probation, conditions, limitations, or other restrictions upon licensure.

(5) Except as otherwise provided in section (2), in making the fitness determination the Board considers:

(a) The nature of the crime;

(b) The facts that support the conviction or pending indictment or that indicate the making of the false statement;

# ADMINISTRATIVE RULES

(c) The relevancy, if any, of the crime or the false statement to the specific requirements of the applicant's or licensee's present or proposed license; and

(d) Intervening circumstances relevant to the responsibilities and circumstances of the license. Intervening circumstances include but are not limited to:

- (A) The passage of time since the commission of the crime;
- (B) The age of the applicant or licensee at the time of the crime;
- (C) The likelihood of a repetition of offenses or of the commission of another crime;
- (D) The subsequent commission of another relevant crime; and
- (E) Whether the conviction was set aside and the legal effect of setting aside the conviction.

(F) Any other information the Board deems relevant or necessary.

(6) All requested background checks include Oregon data. In some circumstances, national criminal data collection may be required.

(7) In order to conduct the Oregon Criminal History Check and fitness determination, the Board may require additional information from the licensee or applicant as necessary such as but not limited to: proof of identity, residential history, names used while living at each residence, or additional criminal, judicial or other background information.

(8) Criminal offender information is confidential. Dissemination of information received under ORS 181.534 is only to people with a demonstrated and legitimate need to know the information. The information is part of the investigation of an applicant or licensee and as such is confidential pursuant to 676.175(1).

(9) The Board may consider any conviction of any violation of the law for which the court could impose a punishment and that is in compliance with ORS 670.280. The Board may also consider any arrests, court records, or other information that may be indicative of an individual's inability to perform as a licensee with care and safety to the public.

(10) If an applicant or licensee is determined not to be fit for a license, the applicant or licensee is entitled to a contested case process pursuant to ORS 183.413-183.470. Challenges to the accuracy or completeness of information provided by the Oregon Department of State Police, Federal Bureau of Investigation and agencies reporting information must be made through the Oregon Department of State Police, Federal Bureau of Investigation, or reporting agency and not through the contested case process pursuant to ORS 183. If an individual successfully contests the accuracy or completeness of information provided by the Oregon State Police, the FBI or other reporting agency, the Board will conduct a new criminal history check upon request from the applicant or licensee.

(11) If the applicant discontinues the application process or fails to cooperate with the criminal history check process, the application is considered incomplete.

### Disciplinary Action

(1) When disciplining an optometric physician or any other person, the Oregon Board of Optometry may do any of the following:

- (a) Deny an initial license;
- (b) Suspend, refuse to renew or revoke a license;
- (c) Impose probation on any licensee;
- (d) Limit the practice of any licensee; and
- (e) Take other disciplinary action as the Board in its discretion finds proper, including the assessment of the costs of the disciplinary proceedings as a civil penalty, the assessment of a civil penalty not to exceed \$10,000 for each violation, or both.

(2) The Board may discipline any optometric physician or person, where appropriate, for the following causes:

(a) Conviction of a felony or misdemeanor where such an offense bears a demonstrable relationship to the duties of an optometric physician. The record of conviction, or a copy thereof certified by the clerk of the court or by the judge in whose court the conviction is had, is conclusive evidence of such conviction;

- (b) Practicing optometry without a license;
- (c) Securing a license by practicing fraud or deceit upon the Board;
- (d) Unprofessional conduct;
- (e) Gross ignorance or inefficiency in the practice of optometry;
- (f) Failing to comply with the requirements of continuing education;
- (g) Obtaining any fee by fraud or misrepresentation;

(h) Employing directly or indirectly any suspended or unlicensed optometrist to perform any work covered by ORS 683.010 to 683.335;

(i) Advertising optometric services or treatment or advice in which untruthful, improbable, misleading or deceitful statements are made;

(j) Habitual, excessive or unlawful use of intoxicants, drugs or controlled substances;

(k) Permitting another person to use the optometrist's license;

(l) Using advertisements that do not indicate that a licensed optometrist is practicing at the advertised location or locations or advertising optometric services without having a licensed optometrist at the location or locations;

(m) Advertising professional methods or professional superiority;

(n) Violating the federal Controlled Substances Act;

(o) Prescribing controlled substances without a legitimate optometric purpose, or without following accepted procedures for examination of patients or for record keeping;

(p) Failing to report to the Board within 10 calendar days any adverse action taken against the optometrist or person by another licensing jurisdiction, health regulatory board, peer review body, health care institution, professional optometric society or association, governmental agency, law enforcement agency or court for acts similar to conduct that would constitute grounds for disciplinary action as described in this section;

(q) Having been disciplined by any health regulatory board of another state based on acts similar to acts described in this section. A certified copy of the record of disciplinary action is considered conclusive evidence of the action;

(r) Any violation of the provisions of ORS 683.010 to 683.335; or

(s) Practicing optometry in a location not reported to the Board.

(t) Failing to report the suspected prohibited or unprofessional conduct of another health care licensee to the appropriate board within 10 working days as required in ORS 676.150 and 683.340.

(3) The Board must report all disciplinary action taken by the Board to the National Practitioner Data Bank.

### Definition of Unprofessional Conduct

Unprofessional conduct within the meaning of ORS 683.140(1)(c) includes, but is not limited to:

(1) Any conduct or practice contrary to recognized standards of ethics of the optometric profession.

(2) Fraud, misrepresentation or dishonesty, including but not limited to:

(a) Advertising optometric services, treatments, or advice in which untruthful, improbable, misleading or deceitful statements are made.

(b) Misrepresenting any facts to a patient concerning treatments or fees.

(c) Making a false statement to the Board or to an agent of the Board.

(d) Willfully deceiving or attempting to deceive the Board, an employee of the Board, or an agent of the Board in any application or renewal, or in reference to any matter under investigation by the Board. This includes but is not limited to the omission, alteration or destruction of any records in order to obstruct or delay an investigation by the Board, or to omit, alter or falsify any information in patient or business records to avoid potential disciplinary action.

(3) Advertising professional methods or professional superiority, including using the term "board certified" without defining which board has provided the certification.

NOTE: As a licensing and regulatory agency, the Oregon Board of Optometry does not "board certify" optometric physicians.

(4) Violations of ORS 676.110(5) (use of titles), which states, in part, that any person practicing optometry who uses the title "doctor," or any contraction thereof, "clinic," "institute," "specialist," or any other assumed name or title in connection with the profession, in all advertisements, professional notices, or any written or printed matter must add the word "optometrist" or the words "doctor of optometry" or "optometric physician."

(5) Aiding an unlicensed person in the practice of optometry.

(6) Permitting another person to use the optometrist's license

(7) Failure to train and directly supervise persons to whom optometric services have been appropriately delegated.

# ADMINISTRATIVE RULES

(8) Prescribing, dispensing or administering controlled substances outside the scope of practice of optometry or in a manner that impairs the health and safety of an individual.

(9) Habitual, excessive or unlawful use of intoxicants, drugs or controlled or mind-altering substances.

(10) Failing to keep complete and accurate records for a patient.

(11) Failing to retain patient records in an accessible print or electronic format.

(12) Failing to immediately give the prescription to the patient at the time the doctor would provide spectacles or contact lenses without additional examination.

(13) Violating the rights of privacy or confidentiality of the patient unless required by law to disclose information.

(14) Failing to make appropriate transfer of the custody of patient records.

(15) Obstruction and harassment, including but not limited to:

(a) The use of threats or harassment or to delay or to obstruct any person in providing evidence in any investigation, disciplinary action, or other legal action instituted by the Board.

(b) Conduct determined by the Board to be harassment of any complainant by the licensee or any member of the licensee's staff or practice, regardless of complaint case closure status.

(c) The use of threats, harassment, or any other conduct that obstructs or delays a member of the Board, a member of the Board's staff or a duly appointed agent of the Board in carrying out their functions under the Board's rules.

(d) The discharge of an employee based primarily on the employee's attempt to comply with or aid in the compliance of the Board's rules, or with the Board's enforcement activities.

(16) Failing to fully cooperate with the Board during the course of an investigation, including but not limited to waiver of confidentiality privileges except attorney-client privilege.

(17) Making an agreement with a patient or person, or any person or entity representing patients or persons, or providing any form of consideration that would prohibit, restrict, discourage or otherwise limit a person's ability to file a complaint with the Oregon Board of Optometry; to truthfully and fully answer any questions posed by an agent or representative of the Board; or to participate as a witness in a Board proceeding.

(18) Failing to respond in writing to a Board request for information as required.

(19) Failing to provide the Board with requested patient records.

(20) Failing to appear before the Board at a time and place designated by the Board for such appearance.

(21) Failing to comply with a Board order.

(22) Failing to make full payment to the Board of all Board assessed fees, fines and penalties.

(23) Failing to give timely written notification to the Board of any disciplinary action or sanction related to the practice of optometry by any licensing agency of any state.

(24) Failing to give written notification to the Board of any felony or misdemeanor convictions within 10 days of the conviction.

(25) Failure to timely report own or other licensee's suspected prohibited or unprofessional conduct, arrests or convictions as required by ORS 676.150, 683.335, and 683.340.

(26) Conduct that could be construed as moral turpitude.

(27) Conduct that could be construed as moral turpitude.

(28) Sexual misconduct, including but not limited to:

(a) Sexual abuse: Includes conduct that constitutes a violation of any provision of ORS 163.305 through 163.479, Criminal Sexual Offenses, if proven by at least a preponderance of the evidence in any criminal, civil or administrative litigation, or admitted or stipulated by the professional;

(b) Sexual Violation: Includes professional-patient sex, whether initiated by the patient or not, and engaging in any conduct with a patient that is sexual, or may be reasonably interpreted as sexual, including, but not limited to: sexual intercourse; genital-to-genital contact; oral-to-genital contact; oral-to-anal contact; oral-to-oral contact except CPR; touching breasts, genitals, or any sexualized body part for any purpose other than appropriate examination or treatment or where the patient has refused or has withdrawn consent; encouraging the patient to masturbate in the presence of the professional or masturbation by the professional while the patient is present; and

(c) Sexual Impropriety: Includes any behavior, gestures, or expressions that are seductive or sexually demeaning to a patient of normal sensibilities; inappropriate procedures, including, but not limited to, disrobing or draping practices that reflect a lack of respect for the patient's privacy;

inappropriate comments about or to the patient, including, but not limited to, making sexual comments about a patient's body or underclothing, making sexualized or sexually demeaning comments to a patient, inappropriate comments on the patient's or professional's sexual orientation, making comments about potential sexual performance during an examination or consultation; requesting the details of sexual history unless medically necessary; questioning or discussing sexual likes or dislikes; initiation by the professional of conversation regarding the sexual problems, preferences or fantasies of the professional or the patient; or kissing of a sexual nature.

### Requirement of Continuing Optometric Education (CE)

The Oregon Board of Optometry is committed to ensuring the continuing education of its licensees for the protection, safety and wellbeing of the public. Continuing education is required to maintain and advance the professional skills and abilities of licensees and to educate optometric physicians in the application and use of new techniques, scientific and clinical advances and the achievements of research to ensure expansive and comprehensive care to the public.

(1) Every active status licensed optometric physician must complete at least 18 hours of clinical optometric courses each license year as a condition of license renewal. Continuing education hours cover 12-month periods and must be reported with license renewal applications. Upon written request, the licensee may carry forward approved excess CE hours completed in the prior license year to the current license year.

(2) Of the required 18 hours, at least nine hours each license year must be in the area of diagnosis, treatment and management of ocular disease (TMOD).

(3) Optometric physicians must complete one hour of approved credit for an optometric ethics or Oregon law course every other license year, regardless of credits carried forward under (1) of this section. Licensees may receive one hour of optometric ethics/Oregon law credit per year for verified attendance of at least one hour at an official meeting of the Oregon Board of Optometry.

(4) One hour of approved cultural competency continuing education may be used toward satisfying the required number of non-TMOD hours each license year.

(5) Credit will be given for no more than five hours of live observation in an approved surgical facility per license year.

(6) The required hours of continuing education used to meet the CE requirement each license year must be of different course content. When the Board determines that a licensee has submitted a course or lecture essentially identical to another presentation submitted for credit in the same license renewal period, credit will be given for only one.

### Application for Credit

Each continuing education offering must be approved by the Board in order for an optometric physician to obtain credit. Upon application the Board may:

- (1) Grant credit, to the extent determined by it, for any course, or individual or group study deemed suitable to carry out the purposes of ORS 683.210. To be granted credit, any course offering must be open to all optometric physicians licensed in Oregon.
- (2) Grant credit, to the extent determined by it, for publication of articles and papers of scientific and educational interest published in recognized scientific publications.
- (3) Grant credit, to the extent determined by it, for courses that relate to the maintenance or advancement of professional skills and abilities. Courses that relate primarily to practice management or jurisprudence will not be granted credit.

### Credit for Conducting Course or Presenting Material

Any optometric physician who prepares and presents a continuing education course approved for credit by the Board is entitled to three hours of continuing education credit for each credit hour of the initial presentation of the course. No credit will be given for repeat presentations unless application for credit has been filed in advance with the Board and appropriate evidence submitted that additional study or research was necessary for such additional presentation. The Board may then grant, to the extent deemed suitable by it, credit for the additional presentation.

### Responsibility to Notify Board

(1) Each active licensee must notify the Board of Optometry in writing of completion of the required hours of approved continuing education credits as part of the license renewal.

(2) Notification for at least the total number of required hours must be submitted at one time.

(3) If sufficient proof of continuing education is not received by the Board by the license year renewal period deadline, the license will not be renewed until the continuing education deficiency is made up in a manner acceptable to and approved by the Board.

(4) Licensees must submit original certificates of attendance or other proof of attendance acceptable to the Board.

(5) Any licensee who has completed the required continuing optometric education course work by the license year renewal period but fails to meet the submission deadline is subject to a late fee as listed in OAR 852-010-0080.

### Continuing Optometric Education Provided by Outside Entities

(1) All continuing optometric education provided by other organizations (non-COPE) must be submitted to the Board for approval before credit will be granted. Persons submitting courses for credit review must allow at least 30 days for the review. Renewing active status licensees may not count a course toward meeting the continuing education requirement before it is approved by the Board.

(2) Approval or denial of the continuing optometric education will be based on course:

(a) Relevance to modern optometric practice;

(b) Provision of skills or information which can translate to improved patient care;

(c) Content being recognized and accepted as sound scientific thought;

(d) Provision of heightened content standards needed by optometric physicians; and

(e) Presenter(s) credentials, as evidenced by a submitted curriculum vitae and an academic degree or combination of academic achievement and special expertise acceptable to the Board.

(3) The Board may accept continuing optometric education courses that have been approved by other organizations. This acceptance will be in accordance with the standards set by the Board.

(4) Courses acceptable to the Board for continuing education credit must be at least one half-hour in length, must be proctored for attendance, and the sponsor must provide original source documentation of successful completion to the attendee. Additional credits must be in half-hour increments.

The Board considers the CPR expiration date to be the last day of the month that the CPR instructor indicates that the certification expires.

(4) Active Status Nontopical TPA Certification with Injections (ATI): Before using nontopical therapeutic pharmaceutical agents as listed in this rule, any active status optometric physician in Oregon seeking ATI certification must submit an application and:

(a) Pass a Board-approved Nontopical TPA course of at least 23 hours or pass the National Board of Examiners in Optometry's "Treatment and Management of Ocular Disease" (TMOD) year 2002 or subsequent examination;

(b) Pass a Nontopical TPA injection workshop of at least seven hours approved by the Board or provide proof of equivalent training acceptable to the Board;

(c) Pay the TPA examination and licensure fee as listed in OAR 852-010-0080 for nontopical TPA certification;

(d) Obtain a license from the Oregon Board of Optometry indicating "Certified to use Topical and Nontopical Therapeutic Pharmaceutical Agents with Injections"; and

(e) Acquire and maintain Board-approved CPR certification designed for professional health care providers. The CPR certification standard is the American Heart Association's BLS Healthcare Providers Course or its equivalent, as determined by the Board. This initial CPR course must be a hands-on course; online CPR courses will not be approved by the Board for initial CPR certification;

(A) After the initial CPR certification, the Board will accept a Board-approved BLS Healthcare Providers Online Renewal course for license renewal. A CPR certification card with an expiration date must be received from the CPR provider as documentation of CPR certification. The Board considers the CPR expiration date to be the last day of the month that the CPR instructor indicates that the certification expires;

(B) Documentation of CPR certification is due with the licensee's annual license renewal as indicated in OAR 852-050-0006;

(C) Any licensee whose CPR certification lapses at any time in the licensing year is subject to a late CPR fee as listed in OAR 852-010-0080.

(5) Inactive Status Nontopical TPA Certification with Injections (ATI): Any inactive status optometric physician licensed in Oregon who seeks ATI certification must submit an application and:

(a) Pass a didactic Nontopical TPA course of at least 23 hours approved by the Board or pass the National Board of Examiners in Optometry's "Treatment and Management of Ocular Disease" (TMOD) year 2002 or subsequent examination;

(b) Pass a Nontopical TPA injection workshop of at least seven hours approved by the Board or provide proof of equivalent training acceptable to the Board;

(c) Pay the TPA examination and licensure fee as listed in OAR 852-010-0080 for nontopical TPA certification;

(d) Obtain a license from the Oregon Board of Optometry indicating "Certified to use Topical and Nontopical Therapeutic Pharmaceutical Agents with Injections"; and

(e) Acquire Board-Approved CPR certification designed for professional healthcare providers. The CPR certification must be the American Heart Association's BLS Healthcare Providers Course or its equivalent, as

determined by the Board. This initial certification must be a hands-on course; online CPR courses will not be approved by the Board for initial CPR certification. A CPR certification card with an expiration date must be received from the CPR provider as documentation of CPR certification. The Board considers the CPR expiration date to be the last day of the month that the CPR instructor indicates that the certification expires. Inactive status licensees are not required to maintain CPR certification after initial TPA certification.

## Board of Pharmacy Chapter 855

**Rule Caption:** Permanently amend, adopt or repeal rules in Divisions 001, 019, 025 or 080.

**Adm. Order No.:** BP 10-2014

**Filed with Sec. of State:** 12-30-2014

**Certified to be Effective:** 1-1-15

**Notice Publication Date:** 11-1-2014

**Rules Adopted:** 855-019-0122, 855-019-0171, 855-025-0012

**Rules Amended:** 855-001-0005, 855-019-0100, 855-019-0120, 855-019-0170, 855-019-0205, 855-025-0001, 855-025-0005, 855-025-0010, 855-025-0015, 855-025-0020, 855-025-0025, 855-025-0030, 855-025-0035, 855-025-0040, 855-025-0050, 855-025-0060, 855-080-0022

**Rules Repealed:** 855-019-0320

**Subject:** Division 1 Model Rules of Procedure rules are permanently amended to reflect the most current version of the Attorney General's Uniform and Model Rules of Procedure under the Administrative Procedures Act.

Division 19 Licensing of Pharmacists rules are permanently amended to make the Pharmacist license valid for two years and renewable on a biennial basis. The Pharmacist license will expire on June 30 in odd numbered years. Permanent rule amendments also reflect that the Pharmacists will be subject to a criminal background check annually. This is not a new requirement. The requirement is reflected in the division 10 Board Administration and Policies rules. It was added to division 19 for clarity. Other permanently amended rules include requiring Pharmacists to provide a valid e-mail address and notify the Board in writing if they have had a change in their e-mail address. Rules for the petition for reinstatement of Pharmacist licenses are repealed. A new section of rules are permanently adopted for the reinstatement of a revoked or surrendered license. These rules allow a Pharmacist to petition the Board for reinstatement in writing and provide a more streamlined process.

Division 25 Certified Oregon Pharmacy Technicians and Pharmacy Technicians rules are permanently amended to require a Certified Oregon Pharmacy Technician or Pharmacy Technician to be at least 18 years of age and hold either a high school diploma or GED. The age requirement does not apply to persons currently under the age of 18 licensed by the Board as a Pharmacy Technician prior to January 1, 2015. Permanent rule amendments also make the Pharmacy Technician license valid for only one year except by petition to the Board or it may be reinstated if lapsed for more than five years. Certified Oregon Pharmacy Technicians are required to hold a national certification for initial licensure. However, effective January 1, 2015 it is no longer a requirement for renewal. Other permanent rule amendments require Certified Oregon Pharmacy Technicians to complete 10 continuing pharmacy education hours from September 1 through August 31 of each renewal cycle. Reinstatement rules have been permanently amended to provide applicants

# ADMINISTRATIVE RULES

with a process more aligned with Pharmacist reinstatement requirements.

Division 80 Controlled Substance rules are permanently amended to add delta-9-tetrahydrocannabinol (THC) to Schedule II substances for clarification.

### Application

(1) This Division applies to any pharmacist who is licensed to practice pharmacy in Oregon including any pharmacist located in another state who is consulting, or providing any other pharmacist service, for a patient, pharmacy or healthcare facility in Oregon.

(2) Where so indicated, these rules also apply to an intern who is licensed in Oregon.

(3) Any pharmacist who engages in the practice of pharmacy in Oregon must be licensed by the Board in accordance with the following rules.

(4) A pharmacist who is located in another state and who engages in the practice of pharmacy for a patient, drug outlet or healthcare facility in Oregon, must be licensed by the Board in accordance with the following rules, except that a pharmacist working in an out-of-state pharmacy, who only performs the professional tasks of interpretation, evaluation, DUR, counseling and verification associated with their dispensing of a drug to a patient in Oregon, is not required to be licensed by the Board unless they are the pharmacist-in-charge (PIC).

(5) The Board may waive any requirement of this rule if, in the Board's judgment, a waiver will further public health or safety. A waiver granted under this section shall only be effective when issued in writing.

### Licensure

(1) Before licensure as a pharmacist, an applicant must meet the following requirements:

(a) Provide evidence from a school or college of pharmacy approved by the Board that they have successfully completed all the requirements for graduation and, starting with the graduating class of 2011, including not less than 1440 hours of School-based Rotational Internships as that term is defined in OAR 855-031-0005, and that a degree will be conferred;

(b) Pass the North American Pharmacist Licensure Examination (NAPLEX) exam with a score of not less than 75. This score shall remain valid for only one year unless the Board grants an extension. A candidate who does not attain this score may retake the exam after a minimum of 91 days except that a candidate who has failed the exam three times must wait at least one year before retaking the exam;

(c) Pass the Multistate Pharmacy Jurisprudence Examination (MPJE) exam with a score of not less than 75. The applicant may not take the MJPE until they have graduated from a school or college of pharmacy approved by the Board. A candidate who does not attain this score may retake the exam after a minimum of 30 days except that a candidate who has failed the exam three times must wait at least one year before retaking the exam. The MJPE score shall be valid for 6 months unless extended by the Board;

(d) Complete an application for licensure, provide the Board with a valid e-mail address, and a fingerprint card or other documentation required to conduct a criminal background check.

(2) A license, once obtained, will expire on June 30 in odd numbered years and must be renewed biennially.

### Duty to Report

(1) Failure to answer completely, accurately and honestly, all questions on the application form for licensure or renewal of licensure is grounds for discipline.

(2) Failure to disclose any arrest for a felony or misdemeanor, or any indictment for a felony may result in denial of the application.

(3) A pharmacist must report to the Board within 10 days if they:

(a) Are convicted of a misdemeanor or a felony; or

(b) If they are arrested for a felony.

(4) A pharmacist who has reasonable cause to believe that another licensee (of the Board or any other Health Professional Regulatory Board) has engaged in prohibited or unprofessional conduct as these terms are defined in OAR 855-006-0005, must report that conduct to the board responsible for the licensee who is believed to have engaged in the conduct. The reporting pharmacist shall report the conduct without undue delay, but in no event later than 10 working days after the pharmacist learns of the conduct unless federal laws relating to confidentiality or the protection of health information prohibit disclosure.

(5) A pharmacist who reports to a board in good faith as required by section (4) of this rule is immune from civil liability for making the report.

# ADMINISTRATIVE RULES

(6) A pharmacist who has reasonable grounds to believe that any violation of these rules has occurred, must notify the Board within 10 days. However, in the event of a significant drug loss or violation related to drug theft, the pharmacist shall notify the Board within one (1) business day.

(7) A pharmacist must notify the Board in writing, within 15 days, of any change in e-mail address, employment location or residence address.

(1) A person who has taken and passed a national pharmacy technician certification examination listed in OAR 855-025-0012(1)(a)–(b) may use the following title, are referred to in these rules as, and are licensed as a “Certified Oregon Pharmacy Technician.”

(2) An applicant for renewal of a Certified Oregon Pharmacy Technician license must:

(a) Pay the license fee prescribed in OAR 855-110.

(b) Satisfactorily complete a minimum of 10 continuing pharmacy educating hours during the period from September 1 through August 31, of each license renewal cycle. These hours must include:

- One hour of continuing pharmacy education in pharmacy law;
- One hour of continuing pharmacy education in patient safety or error prevention; and

(c) Eight other hours of continuing pharmacy education hours or documented onsite training, approved by the Board.

(c) Be subject to an annual criminal background check.

(3) The Board may randomly select and audit applications for renewal to verify completion of the continuing education or documented onsite training reported on the application for renewal. Certified Oregon Pharmacy Technicians whose applications for renewal are selected for audit must provide documentation of completion of the continuing pharmacy education reported.

(4) Effective January 1, 2015, national certification is not required to renew a license as a Certified Oregon Pharmacy Technician.

(5) A Certified Oregon Pharmacy Technician who fails to renew his or her license by the expiration date and whose license has been lapsed less than 180 days may renew his or her license as follows:

(a) Pay the license fee as prescribed in OAR 855-110.

(b) Pay a delinquent fee.

(6) A Certified Oregon Pharmacy Technician who fails to renew their license by the deadline and whose license has been lapsed 180 days may reinstate his or her license under OAR 855-025-0060(1).

## 855-025-0025

### Use of Pharmacy Technicians and Certified Oregon Pharmacy Technicians

(1) A Pharmacist or pharmacy may use Pharmacy Technicians or Certified Oregon Pharmacy Technicians only as authorized by the rules of the Board.

(2) Pharmacy Technicians or Certified Oregon Pharmacy Technicians must be supervised by a Pharmacist.

(3) Pharmacists, Pharmacist Interns, Pharmacy Technicians and Certified Oregon Pharmacy Technicians must be clearly identified as such to the public.

(4) Work performed by Pharmacy Technicians and Certified Oregon Pharmacy Technicians assisting the Pharmacist to prepare medications must be verified by a Pharmacist prior to release for patient use. Verification must be documented, available and consistent with the standard of practice.

(5) The pharmacist-in-charge must prepare and maintain in the pharmacy written procedures that describe the tasks performed by Pharmacy Technicians or Certified Oregon Pharmacy Technicians, and the methods of verification and documentation of work performed by Pharmacy Technicians or Certified Oregon Pharmacy Technicians. Written procedures must be available for inspection by the Board or its representatives. The pharmacist-in-charge must review written procedures annually and document that review on the annual pharmacist-in-charge inspection sheet.

(6) Training:

(a) The pharmacist-in charge must outline, and each Pharmacy Technician or Certified Oregon Pharmacy Technician must complete initial training that includes on-the-job and related education that is commensurate with the tasks that the Pharmacy Technician or Certified Oregon Pharmacy Technician will perform, prior to the performance of those tasks.

(b) The pharmacist-in-charge must ensure the continuing competency of Pharmacy Technicians or Certified Oregon Pharmacy Technicians.

(c) The pharmacist-in-charge must document initial training of each Pharmacy Technician or Certified Oregon Pharmacy Technician and make that documentation available to the Board or its representatives upon request.

(7) Upon written request, the Board may waive any of the requirements of this rule upon a showing that a waiver will further public health or safety or the health or safety of a patient or other person. A waiver granted under this section is effective only when issued by the Board in writing.

### Pharmacy and Pharmacist Responsibility for Supervising Pharmacy Technicians and Certified Oregon Pharmacy Technicians

(1) The supervising Pharmacist and the pharmacist-in-charge are responsible for the actions of Pharmacy Technicians or Certified Oregon Pharmacy Technicians. The use of Pharmacy Technicians or Certified Oregon Pharmacy Technicians to perform tasks not included in written procedures maintained by the pharmacy constitutes unprofessional conduct on the part of the supervising Pharmacist and the pharmacist-in-charge.

(2) The pharmacy must maintain on file and post the current license of each Pharmacy Technician or Certified Oregon Pharmacy Technician.

(3) Before allowing any person to work as a Pharmacy Technician or Certified Oregon Pharmacy Technician, the pharmacy and Pharmacist shall

verify that the person is currently licensed as a Pharmacy Technician or Certified Oregon Pharmacy Technician.

(4) Prior to performing the duties of a Pharmacy Technician or Certified Oregon Pharmacy Technician, a person must provide to the Pharmacist or pharmacist-in-charge a copy of the person's current Pharmacy Technician license or current Certified Oregon Pharmacy Technician license.

### Certified Oregon Pharmacy Technician and Pharmacy Technician Tasks and Guidelines

(1) Non-licensed pharmacy personnel may enter non-prescription information into a computer record system and may perform clerical duties such as filing prescriptions, delivery, housekeeping, and general record keeping, but the responsibility for the accuracy of the non-licensed pharmacy personnel's work lies with the Pharmacist.

(2) Only persons licensed with the Board as a Pharmacy Technician or Certified Oregon Pharmacy Technician, acting in compliance with all applicable statutes and rules and under the supervision of a Pharmacist, may assist in the practice of pharmacy by the following:

(a) Packing, pouring or placing in a container for dispensing, sale, distribution, transfer possession of, any drug, medicine, poison, or chemical which, under the laws of the United States or the State of Oregon, may be sold or dispensed only on the prescription of a practitioner authorized by law to prescribe drugs, medicines, poisons, or chemicals.

(b) Reconstituting prescription medications. The supervising Pharmacist must verify the accuracy in all instances.

(c) Affixing required labels upon any container of drugs, medicines, poisons, or chemicals sold or dispensed upon prescription of a practitioner authorized by law to prescribe those drugs, medicines, poisons, or chemicals.

(d) Entering information into the pharmacy computer. The Pharmacy Technician or Certified Oregon Pharmacy Technician shall not make any decisions that require the exercise of judgment and that could affect patient care. The supervising Pharmacist must verify prescription information entered into the computer and is responsible for all aspects of the data and data entry.

(e) Initiating or accepting oral or electronic refill authorization from a practitioner or practitioner's agent, provided that nothing about the prescription is changed, and record the medical practitioner's name and medical practitioner's agent's name, if any;

(f) Prepackaging and labeling of multi-dose and unit-dose packages of medication. The Pharmacist must establish the procedures, including selection of containers, labels and lot numbers, and must verify the accuracy of the finished task.

(g) Picking doses for unit dose cart fill for a hospital or for a nursing home patient. The Pharmacist must verify the accuracy of the finished task.

(h) Checking nursing units in a hospital or nursing home for non-judgmental tasks such as sanitation and out of date medication. Any problems or concerns shall be documented and initialed by a Pharmacist.

(i) Recording patient or medication information in computer systems for later verification by the Pharmacist.

(j) Bulk Compounding. Solutions for small-volume injectables, sterile irrigating solutions, products prepared in relatively large volume for internal or external use by patients, and reagents or other products for the pharmacy or other departments of a hospital. The supervising Pharmacist must verify the accuracy in all instances.

(k) Preparation of parenteral products as follows:

(A) Performing functions involving reconstitution of single or multiple dosage units that are to be administered to a given patient as a unit. The supervising Pharmacist must verify the accuracy in all instances.

(B) Performing functions involving the addition of one manufacturer's single dose or multiple unit doses of the same product to another manufacturer's prepared unit to be administered to a patient. The supervising Pharmacist must verify the accuracy in all instances.

(1) Performing related activities approved in writing by the Board.

(3) In order to protect the public, safety, health and welfare, Pharmacy Technicians or Certified Oregon Pharmacy Technicians shall not:

(a) Communicate or accept by oral communication a new or transferred prescription of any nature;

(b) Receive or transfer a prescription to another pharmacy without the prior verification of a Pharmacist.

# ADMINISTRATIVE RULES

- (c) Provide a prescription or medication to a patient without a Pharmacist's verification of the accuracy of the dispensed medication;
- (d) Counsel a patient on medications or perform a drug utilization review;
- (e) Perform any task that requires the professional judgment of a Pharmacist; or
- (f) Engage in the practice of pharmacy as defined in ORS 689.015.

### Grounds for Discipline of Pharmacy Technicians and Certified Oregon Pharmacy Technicians

The State Board of Pharmacy may refuse to issue or renew; or may suspend, revoke, or restrict the license of a Pharmacy Technician or Certified Oregon Pharmacy Technician; or may impose a civil penalty upon a Pharmacy Technician or Certified Oregon Pharmacy Technician upon the following grounds including but not limited to:

- (1) Unprofessional conduct as defined in OAR 855-006-0005;
- (2) Repeated or gross negligence in performing the duties of a Pharmacy Technician or Certified Oregon Pharmacy Technician;
- (3) Impairment, which means an inability to assist in the practice of pharmacy with reasonable competence and safety due to the habitual or excessive use of drugs or alcohol, other chemical dependency or a mental health condition;
- (4) Being found guilty by the Board of a violation of the pharmacy or drug laws of this state or rules pertaining thereto or of statutes, rules or regulations of any other state or of the federal government;
- (5) Being found guilty by a court of competent jurisdiction of a felony as defined by the laws of this state;
- (6) Being found guilty by a court of competent jurisdiction of a violation of the pharmacy or drug laws of this state or rules pertaining thereto or of statutes, rules or regulations of any other state or of the federal government;
- (7) Fraud or intentional misrepresentation in securing or attempting to secure the issuance or renewal of a Pharmacy Technician or Certified Oregon Pharmacy Technician license;
- (8) Allowing an individual to engage in the duties of a Pharmacist, Pharmacy Technician or Certified Oregon Pharmacy Technician without a license or to use falsely the title of Pharmacist, Pharmacy Technician or Certified Oregon Pharmacy Technician;
- (9) Being found by the Board to be in violation of any violation of any of the provisions of ORS 435.010 to 435.130, 453.025, 453.045, 475.035 to 475.190, 475.805 to 475.995 or 689.005 to 689.995 or the rules adopted pursuant thereto;
- (10) Failure to appropriately perform the duties of a Pharmacy Technician or Certified Oregon Pharmacy Technician as outlined in OAR 855-025-0040 while assisting a Pharmacist in the practice of pharmacy as defined in ORS 689.005;
- (11) Any act or practice relating to performing the duties of a Pharmacy Technician or Certified Oregon Pharmacy Technician which is prohibited by state or federal law or regulation; or
- (12) Any conduct or practice by a Pharmacy Technician, Certified Oregon Pharmacy Technician or pharmacy that the Board determines is contrary to the accepted standards of practice.

### Continuing Pharmacy Education Required for Pharmacist License Renewal

(1) During the period from July 1 through June 30 of each biennial license renewal cycle, each pharmacist must have satisfactorily completed three (3) continuing pharmacy education units (CEU's) in an approved continuing pharmacy education program prior to submission of the license renewal. Ten contact hours equals 1 CEU. Fifty minutes equals 1 contact hour.

(2) Section (1) does not apply to pharmacists applying for the first renewal of their license if they have not been licensed by the Board for at least one year prior to July 1 of the renewal period.

### Continuing Pharmacy Education

- (1) In this rule the terms below have the meanings given:
  - (a) "Patient Safety" means procedures and processes that ensure that the correct patient receives the correct drug in the correct dose, and is counseled appropriately.
  - (b) "Medication error prevention" means procedures and processes to prevent and avoid adverse events and to ensure that the correct patient receives the correct drug in the correct dose.
- (2) A continuing pharmacy education program means classes of post graduate studies, informal study group participation, institutes, seminars, lectures, conferences, workshops, extension study, correspondence courses, teaching, planned and professional meetings, self study courses, cassette or audio visual tape/slides or materials, and other self instruction units:
  - (a) A program shall consist of therapeutics, or pharmacy and drug law or other aspects of health care. A minimum of at least two hours of continuing education credit must be earned in the area of pharmacy and drug law.

# ADMINISTRATIVE RULES

A minimum of two hours of continuing education credit must be earned in the area of patient safety or medication error prevention.

(b) Programs shall provide for examinations or other methods of evaluation to assure satisfactory completion by participants.

(c) The person or persons who are to instruct or who are responsible for the delivery or content of the program shall be qualified in the subject matter by education and experience.

(3) Continuing pharmacy education programs shall be approved by the Board of Pharmacy. Application for approval shall be made on and in accordance with forms established by the Board. The forms shall require information relating to:

- (a) Name of provider or sponsor;
- (b) Type of program offered;
- (c) Description of subject matter;
- (d) Number of contact hours offered;
- (e) Total number of contact hours in therapeutics or pharmacy and drug law or other aspects of health care;
- (f) Method of determining satisfactory completion of program;
- (g) Dates and location of program;
- (h) Name and qualification of instructors or other persons responsible for the delivery or content of the program.

(4) CE programs are not required to carry approval of American Council on Pharmaceutical Education (ACPE). Programs presented by providers approved by the American Council on Pharmacy Education (ACPE) are generally accepted, however, the Board reserves the right to determine the number of hours allowed or to disapprove such programs.

(5) Providers shall provide attendees with proof of attendance that shows the date and number of contact hours provided. Providers must maintain attendance lists for three years.

(6) Continuing pharmacy education credit accumulated in excess of the required 30 contact hours for biennial license renewal cannot be carried forward.

(7) A maximum of 20 contact hours (2.0 CEU) may be earned in any licensing cycle by preparing and presenting CE programs. Pharmacists presenting CE programs may earn one contact hour (0.1 CEU) for preparation time of one hour or more, plus credit for the actual contact hour time of the presentation. A pharmacist must show content of the course, and a description of the intended audience (e.g., pharmacists, physicians, nurses). Public service programs, such as presentations to school children or service clubs, are not eligible for continuing education credit.

(8) Pharmacists taking post graduate studies applicable to graduate or professional degrees may substitute the course syllabus and evidence of satisfactory completion of the course for continuing education credit approval by the Board.

(9) The Board may approve up to 26 contact hours of CE credit for pharmacists who have successfully completed nationally certified Disease State Management courses.

(10) Board members or staff may attend CE programs for the purpose of evaluating content, format and appropriateness of material for Continuing Pharmacy Education credit. Subsequent programs by CE providers whose current programs are deemed deficient by on-site evaluation may be required to obtain prior approval by the Board. The Board will provide feedback to CE providers regarding evaluated CE presentations.

### Continuing Education in Pain Management

(1) A pharmacist licensed under these rules must complete seven hours of continuing education in pain management as detailed in the following sub-sections. This is a one-time requirement:

(a) A one-hour pain management course, specific to Oregon, provided by the Pain Management Commission of the Oregon Health Authority; and

(b) A minimum of six hours of continuing education in pain management. This requirement may be fulfilled by any combination of continuing education coursework focusing on pain management including but not limited to the treatment of terminally ill and dying patients, and those with chronic, non-malignant pain.

(2) A pharmacist must complete the required continuing education within 24 months of their first license renewal.

(3) A pharmacist must retain for three years, documentation showing they have met the requirement of this rule, and must provide this documentation if requested by the Board.

(4) The pain management continuing education required under this rule shall count towards the 3.0 continuing pharmacy education units required under OAR 855-021-0005, in the license cycle in which the pain management continuing education is completed.

### Prescription Refills

(1) Where refill authority is given other than by the original prescription, documentation that such refill authorization was given, the date of authorization, and name of the authorizing prescriber or the prescriber's agent must be recorded. This documentation must be readily retrievable. Prescriptions for controlled substances in Schedules III and IV are limited to five refills or six months from date of issue, whichever comes first.

(2) If the practitioner is not available and in the professional judgment of the pharmacist an emergency need for the refill of a prescription drug has been demonstrated, the pharmacist may dispense a sufficient quantity of the drug consistent with the dosage regimen, provided it is not a controlled substance, to last until a practitioner can be contacted for authorization, but not to exceed a 72-hour supply. The practitioner shall be promptly notified of the emergency refill.

(3) Each refilling of a prescription must be accurately documented, readily retrievable, and uniformly maintained for three years. This record must include.:

- (a) The identity of the responsible pharmacist;
- (b) Name of the patient;
- (c) Name of the medication;
- (d) Date of refill; and
- (e) Quantity dispensed.

(4) Refill quantities may be combined into a single filling if the prescription is not for a controlled substance or psychotherapeutic drug and the prescriber is notified of the change.

(5) A retail pharmacy may only dispense a prescription refill upon request of the patient or patient's agent. A request specific to each medication is required.

(6) Auto-Refill Programs. A retail pharmacy may only use a program that automatically refills non-controlled prescriptions that have existing refills available and are consistent with the patient's current medication therapy when the following conditions are met:

- (a) Authorization for each prescription refill by a patient or patient's agent is received before the pharmacy begins the filling process;
- (b) The prescription is not a controlled substance; and
- (c) The pharmacy must discontinue auto-refill program enrollment at the request of the patient or patient's agent.

(7) An automated reminder cannot be used to generate a prescription refill unless the patient or patient's agent provides authorization for each individual prescription refill. The content of each reminder must include:

- (a) Drug name and strength; and
- (b) Date of last fill.

(8) Pick-up notification to a patient or patient's agent may only be generated upon full completion of the prescription refill.

**Rule Caption:** Permanently amend Division 110 Fee rules.

**Adm. Order No.:** BP 13-2014

**Filed with Sec. of State:** 12-30-2014

**Certified to be Effective:** 4-1-15

**Notice Publication Date:** 11-1-2014

**Rules Amended:** 855-110-0003, 855-110-0005

**Subject:** Division 110 rules are amended to reflect the fee structure for Pharmacist biennial licensure. The current fee of \$120.00 will remain the same for the first biennial renewal cycle. However, the license will be valid for a period of two years, to further reduce the agency's ending balance. Amendments also include the biennial fee for the electronic prescription monitoring fund. In addition, a fee adjustment has been made to Pharmacists whose initial application

for licensure is received or the mailing date of the application is within 180 days of expiration. These permanent rule amendments coincide with the transition to Pharmacist biennial licensure and are effective April 1, 2015.

**Rules Coordinator:** Karen MacLean—(971) 673-0001

## 855-110-0003

### General

(1) All fees paid under these rules are non-refundable.  
(2) Fees cannot be prorated.  
(3) Fees for initial licensure as a Pharmacist may be reduced to one half of a biennial rate if the application is received or the mailing date of the application is within 180 days of expiration.

(4) A delinquent fee must be paid:

(a) When an application is postmarked after the date specified in these rules; or  
(b) When the Board requests additional information from an applicant and this information is not provided within 30 days.

(5) A delinquent fee may be assessed when an application is submitted incomplete and the Board requests the missing information.

### 839-002-0065

#### Response to Objections

(1) The Division serving a subpoena will respond in writing within seven calendar days of receiving objections from a person receiving the subpoena that:

(a) Alleges grounds stated in OAR 839-002-0060(1); and

(b) Is timely received under the requirements of OAR 839-002-0060(2).

(2) In its response the Division will address the specific objections raised.

(3) The Division may at its discretion prior to or upon the seventh calendar day to respond, engage in communication with the person objecting to the subpoena to determine whether the Division's objective and the objecting person's concerns can be addressed without enforcing the subpoena as provided in OAR 839-002-0080.

**Subject:** Since 2005, the Department of Administrative Services (DAS) has developed and amended rules (Rules) to put into practice the Public Contracting Code, ORS 279ABC (Code). The Rules apply to state agencies subject to DAS procurement authority (Agencies). In 2014, the Legislature made changes to select sections of the Code. In addition to the legislative changes to the Code, the Department of Justice and Agencies requested select Rule changes to streamline or reduce duplications. Now, in response to the legislative changes and requests for change from stakeholders, DAS needs to amend the select Rules listed in this filing.

### 125-246-0110

#### Definitions

The following terms are a compilation of definitions, including those found in the Public Contracting Code, in other statutes referenced by the Public Contracting Code, and elsewhere in these Rules. Partial definitions of the Public Contracting Code are for the use of the Agencies only. The following terms, when capitalized in these Rules, have the meaning given below:

(1) "Addendum" or "Addenda" means an addition to, deletion from, a material change in, or general interest explanation of a Solicitation Document.

(2) "Adequate" is defined in ORS 279C.305 and means sufficient to control the performance of the Work and to ensure satisfactory quality of construction by the contracting agency personnel.

(3) "Advantageous" means a judgmental assessment by the Agency of the Agency's best interests.

(4) "Advocate for Minority, Women and Emerging Small Business", (also known as the Director of Economic & Business Equity), means the individual appointed by the Governor to advise the Governor, Legislature and Director's Office on issues related to the integration of minority, women and emerging small business into the mainstream of the Oregon economy and business sector. The Advocate oversees the resolution of business concerns with Agencies impacting certified disadvantaged, minority, women and emerging small businesses (DMWESB). The Advocate is also charged with maintaining the Oregon Opportunity Register and Clearinghouse to facilitate the timely notice of business and contract opportunities to DMWESB firms certified by the Office of Minority, Women and Emerging Small Businesses, (also known as the Office of Economic & Business Equity), according to ORS 200.025.

(5) An "Administrator" or "Administering Contracting Agency" is defined in OAR 125-246-0400.

(6) "Affected Person" or "Affected Offeror" means a Person whose ability to participate in a Procurement is adversely affected by an Agency decision.

(7) "Affirmative Action" is defined in ORS 279A.100 and means a program designed to ensure equal opportunity in employment and business for persons otherwise disadvantaged by reason of race, color, religion, sex, national origin, age or physical or mental disability.

(8) "Agency" means those agencies of the State of Oregon that are subject to the procurement authority of the Director of the Department according to ORS 279A.050 and 279A.140. This term includes the Department when the Department is engaged in Public Contracting. Under these Rules, an Agency is authorized only through a delegation of authority according to OAR 125-246-0170.

(9) "Agreement to Agree" means a Price Agreement as defined in Subsection (109).

(10) "Amendment" means a Written modification to the terms and conditions of a Public Contract, other than Changes to the Work as defined in OAR 125-249-0910, that meets the requirements of OAR 125-247-0805, 125-248-0340, 125-249-0160, and 125-249-0910. For the purposes of these Rules, Amendments are included within the definitions of "Procurements" and "Contract Administration."

(11) "Architect" is defined in ORS 279C.100 and means a person who is registered and holds a valid certificate in the practice of architecture in the State of Oregon, as provided under ORS 671.010 to 671.220, and includes without limitation the terms "architect," "licensed architect" and "registered architect."

(12) "Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services" is defined in ORS 279C.100(2).

(13) "As-Is, Where-Is" applies to the sale of Goods and means that the Goods are of the kind, quality, and locale represented, even though they may be in a damaged condition. It implies that the buyer takes the entire risk as to the quality of the Goods involved, based upon the buyer's own inspection. Implied and express warranties are excluded in sales of Goods "As-Is, Where-Is."

(14) "Authorized Agency" means any Person authorized according to OAR 125-246-0170 to conduct a Procurement or take other actions on an Agency's behalf. This term, including its use in the Rules, does not convey authority to an Agency. For the authority of Agencies under the Code and these Rules, see 125-246-0170 only.

(15) "Award" means the Agency's identification of the Person(s) with whom the Agency intends to enter into a Contract.

(16) "Bid" means a Written response to an Invitation to Bid.

(17) "Bidder" means a Person who submits a Bid in response to an Invitation to Bid.

(18) "Brand Name or Equal Specification" is defined in ORS 279B.200(1) and means a Specification that uses one or more manufacturers' names, makes, catalog numbers or similar identifying characteristics to describe the standard of quality, performance, functionality or other characteristics needed to meet the Agency's requirements and that authorizes Offerors to offer Supplies and Services that are equivalent or superior to those named or described in the Specification.

(19) "Brand Name Specification" is defined in ORS 279B.200(2) and means a Specification limited to one or more products, brand names,

# ADMINISTRATIVE RULES

makes, manufacturer's names, catalog numbers or similar identifying characteristics.

(20) "Business Day" means 8:00 a.m. to 5:00 p.m., Pacific time, Monday through Friday, excluding State of Oregon holidays.

(21) "Chief Procurement Officer" means the individual designated and authorized by the Director of the Department to perform certain procurement functions described in these Rules, or the Chief Procurement Officer's delegate.

(22) "Class Special Procurement" is defined in ORS 279B.085 and means a contracting procedure that differs from the procedures described in ORS 279B.055, 279B.060, 279B.065 and 279B.070 and is for the purpose of entering into a series of Contracts over time for the acquisition of a specified class of Goods or Services.

(23) "Client" means any individual, family or Provider:

(a) For whom an Agency must provide Services and incidental or specialized Goods, in any combination thereof ("Services and Incidental Supplies"), according to state, federal law, rule, and policy. Those Services and Incidental Supplies include but are not limited to treatment, care, protection, and support without regard to the proximity of the services being provided;

(b) Who in fact receives and utilizes services provided by an Agency primarily for that individual's or family's benefit;

(c) Who is under the custody, care, or both of the Agency; or

(d) Who provides direct care or Services and is a proxy or representative of the non-Provider Client.

(24) "Client Services" means any Services that directly or primarily support a Client, whether the Client is the recipient through the provision of voluntary or mandatory Services. Client Services also means any Goods that are incidental or specialized in relation to any Services defined in this Subsection. Client Services may include but are not limited to (where these terms are used in another statute, they must have that meaning):

(a) Housing, including utilities, rent or mortgage or assistance to pay rent, mortgage or utilities;

(b) Sustenance, including clothing;

(c) Employment training or Skills training to improve employability;

(d) Services for people with disabilities;

(e) Foster care or foster care facilities;

(f) Residential care or residential care facilities;

(g) Community housing;

(h) In-home care including home delivered meals;

(i) Medical care, services and treatment, including but not limited to:

(A) Medical, Dental, Hospital, Psychological, Psychiatric, Therapy,

Vision;

(B) Alcohol and drug treatment;

(C) Smoking cessation;

(D) Drugs, prescriptions and non-prescription;

(E) Nursing services and facilities;

(j) Transportation or relocation;

(k) Quality of life, living skills training; or

(l) Personal care; or

(m) Legal services and expert witnesses services;

(n) Religious practices, traditions and services, separately or in any combination thereof; and

(o) Educational services. The term "Client Services" does not include benefits or services provided as a condition of employment with an Agency.

(25) "Closing" means the date and time specified in a Solicitation Document as the deadline for submitting Offers.

(26) "Code" is the "Public Contracting Code," defined in ORS 279A.010(1)(bb), and "Code" means ORS Chapters 279A, 279B and 279C.

(27) "Competitive Quotes" means the sourcing method according to OAR 125-249-0160.

(28) "Competitive Range" means the Proposers with whom the Agency will conduct Discussions or Negotiations if the Agency intends to conduct Discussions or Negotiations in accordance with OAR 125-247-0260 or 125-249-0650.

(29) "Competitive Sealed Bidding" means the sourcing method according to ORS 279B.055.

(30) "Competitive Sealed Proposals" means the sourcing method according to ORS 279B.060.

(31) "Consultant" means the Person with whom an Agency enters into a Contract for the purposes of consulting, conferring, or deliberating on one or more subjects, and this Person provides advice or opinion; e.g., Consultants for Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services as defined in ORS 279C.115 and information technology Consultants.

(32) "Contract" means an agreement between two or more Persons which creates an obligation to do or not to do a particular thing. Its essentials are competent parties, subject matter, a legal consideration, mutuality of agreement, and mutuality of obligation. For the purposes of these Rules, "Contract" means Public Contract.

(33) "Contract Administration" means all functions related to a given Contract, including Amendments, between an Agency and a Contractor from:

(a) The time the Contract is signed by all parties until;

(b) The Work is completed and accepted or the Contract is terminated, final payment has been made, and any disputes have been resolved.

(34) "Contract Administrator" means the officer, employee, or other individual designated in Writing by an Authorized Agency, by name or position description, to conduct the Contract Administration of a Contract or class of Contracts.

(35) "Contractor" means the Person with whom an Agency enters into a Contract and has the same meaning as "Consultant" or "Provider."

(36) "Contract Price" means, as the context requires, the maximum monetary obligation that an Agency either will or may incur under a Contract, including bonuses, incentives and contingency amounts, if the Contractor fully performs under the Contract.

(37) "Contract Review Authority" means the Director of the Department and the Director's delegatee, unless specified by statute as the Director of the Oregon Department of Transportation.

(38) "Contract-Specific Special Procurement" is defined in ORS 279B.085 and means a contracting procedure that differs from the procedures described in ORS 279B.055, 279B.060, 279B.065 and 279B.070 and is for the purpose of entering into a single Contract or a number of related Contracts for the acquisition of specified Supplies and Services on a one-time basis or for a single project.

(39) "Contracting Agency."

(a) "Contracting Agency" is defined in ORS 279A.010(1)(b) and, for Agencies operating under these Rules and the Code, means the Director of the Oregon Department of Administrative Services, authorized to act on their behalf according to ORS 279A.140.

(b) The definition of "Contracting Agency" in ORS 279A.010(1)(b) does not give Agencies procurement authority. For procurement authority of Agencies, see OAR 125-246-0170.

(40) "Cooperative Procurement" is defined in OAR 125-246-0400.

(41) "Cooperative Procurement Group" is defined in OAR 125-246-0400.

(42) "Days" means calendar days.

(43) "Department" means the Oregon Department of Administrative Services. The procurement authority of the Department is described in OAR 125-246-0170. When a Rule refers to any action of the Department, any individual acting on behalf of the Department must be authorized to take such action in accordance with OAR 125-246-0170.

(44) "Department Price Agreement" means a Price Agreement issued by the Department on behalf of all Agencies. Such Agreements may be mandatory for use by Agencies or voluntary for use by Agencies. Such Agreements may result from a Cooperative Procurement. According to OAR 125-246-0360 (Purchases through Federal Programs), an Authorized Agency may not purchase Supplies and Services through Federal Programs if a mandatory Department Price Agreement for those authorized Supplies and Services exists.

(45) "Designated Procurement Officer" means the individual designated and authorized by the head of an Authorized Agency to perform certain Procurement functions described in these Rules. If any head of an Authorized Agency does not designate and authorize an individual as a Designated Procurement Officer, "Designated Procurement Officer" also means that head of the Authorized Agency, who then acts in the place of the Designated Procurement Officer.

(46) "Descriptive Literature" means Written information submitted with the Offer that addresses the Supplies and Services included in the Offer.

(47) "Director" is defined in ORS 279A.010(1)(e) and means the Director of the Department or a person designated by the Director to carry out the authority of the Director under the Public Contracting Code and these Rules.

(48) "Discussions" means to exchange information, compare views, take counsel, and communicate with another for the purposes of achieving clarification and mutual understanding of an Offer.

(49) "Disqualification" means a disqualification, suspension or debarment of a Person according to ORS 200.065, 200.075, and 279A.110 and OAR 125-246-0210(4).

# ADMINISTRATIVE RULES

(50) "Donee" is defined in ORS 279A.250(1) and means an entity eligible to acquire federal donation property based upon federal regulations or eligible to acquire Surplus Property in accordance with rules adopted by the Department. Entities eligible to acquire federal donation property may also acquire Surplus Property other than federal donation property.

(51) "Electronic Advertisement" means an Agency's Solicitation Document, Request for Quotes, request for information or other document inviting participation in the Agency's Procurements made available over the Internet via:

- (a) The World Wide Web;
- (b) ORPIN; or

(c) An Electronic Procurement System other than ORPIN approved by the Chief Procurement Officer. An Electronic Advertisement may or may not include a Solicitation Document.

(52) "Electronic Offer" means a response to an Agency's Solicitation Document or request for Quotes submitted to an Agency via

- (a) The World Wide Web or some other Internet protocol; or
- (b) ORPIN.

(53) "Electronic Procurement System" means ORPIN or other system approved by the Chief Procurement Officer, constituting an information system that Persons may access through the Internet, using the World Wide Web or some other Internet protocol, or that Persons may otherwise remotely access using a computer, that enables Persons to send Electronic Offers and an Agency to post Electronic Advertisements, receive Electronic Offers, and conduct any activities related to a Procurement.

(54) "Electronic Goods" means Goods which are dependent on electric currents or electromagnetic fields in order to Work properly and Goods for the generation, transfer and measurement of such currents and fields.

(55) "Emergency" means circumstances that:

- (a) Could not have been reasonably foreseen;
- (b) Create a substantial risk of loss, damage or interruption of services or a substantial threat to property, public health, welfare or safety; and
- (c) Require prompt execution of a Contract to remedy the condition.

An "Emergency Procurement" means a sourcing method according to ORS 279B.080, 279C.335(5), 125-248-0200, or related Rules.

(159) "Solicitation" means:

(a) A request by an Authorized Agency for the purpose of soliciting Offers. This request may take the form of an Invitation to Bid, a Request for Proposal, a Request for Quotation, a Request for Qualifications or a similar document; or

(b) The process of notifying prospective Offerors that the Authorized Agency requests such Offers; or

(c) The Solicitation Document itself.

(160) "Solicitation Document" means an Invitation to Bid; a Request for Proposals; a Writing for a Small, Intermediate, Informal Selection, Competitive Quote, or Emergency Procurement; a Special Procurement Solicitation; or other document issued to invite Offers from prospective Contractors in accordance with ORS 279B or 279C. "Solicitation Document" includes related documents, either attached or incorporated by reference, and any changes thereto, issued by an Authorized Agency to establish an Original Contract that forms the basis for an Agency's participation in a Procurement. The following examples are not Solicitation Documents because they do not invite offers from prospective Contractors: Request for Qualifications, a prequalification of Bidders, a request for information, and a request for product prequalification.

(161) "Special Government Body" is defined in ORS 174.117 and

(a) Means any of the following:

# ADMINISTRATIVE RULES

(A) A public corporation created under a statute of this State and specifically designated as a public corporation.

(B) A school district.

(C) A public charter school established under ORS Chapter 338.

(D) An education service district.

(E) A community college district or community college service district established under ORS Chapter 341.

(F) An intergovernmental body formed by two or more public bodies.

(G) Any entity that is created by statute, ordinance or resolution that is not part of state government or local government.

(H) Any entity that is not otherwise described in this Section that is:

(i) Not part of state government or local government;

(ii) Created according to authority granted by a statute, ordinance or resolution, but not directly created by that statute, ordinance or resolution; and

(iii) Identified as a governmental entity by the statute, ordinance or resolution authorizing the creation of the entity, without regard to the specific terms used by the statute, ordinance or resolution.

(b) Subject to ORS 174.117, "Special Government Body" includes:

(A) An entity created by statute for the purpose of giving advice only to a special government body;

(B) An entity created by a Special Government Body for the purpose of giving advice to the special government body, if the document creating the entity indicates that the entity is a public body; and

(C) Any entity created by a Special Government Body described in Subsection (a) of this

Section, other than an entity described in paragraph (B) of this Subsection, unless the document creating the entity indicates that the entity is not a governmental entity or the entity is not subject to any substantial control by the Special Government Body.

(162) "Special Procurement" means a sourcing method may be a class Special Procurement, a contract-specific Special Procurement or both, unless the context requires otherwise in accordance with ORS 279B.085 and OAR 125-247-0287.

(a) "Class Special Procurement" is defined in ORS 279B.085 and means a contracting procedure that differs from the procedures described in 279B.055, 279B.060, 279B.065 and 279B.070 and is for the purpose of entering into a series of Contracts over time for the acquisition of a specified class of Supplies and Services.

(b) "Contract-specific Special Procurement" means a contracting procedure that differs from the procedures described in ORS 279B.055, 279B.060, 279B.065 and 279B.070 and is for the purpose of entering into a single Contract or a number of related contracts for the acquisition of specified Supplies and Services on a one-time basis or for a single project.

(163) "Specification" is defined in ORS 279B.200(3) and means any description of the physical or functional characteristics, or of the nature of the Supplies and Services to be procured by an Agency. "Specification" includes: any requirement for inspecting, testing, or preparing the Supplies and Services for delivery and the quantities or qualities of Supplies and Services to be furnished under the Contract. Specifications generally will state the result to be obtained and occasionally may describe the method and manner of performance.

(164) "State" means the State of Oregon.

(165) "State Government," subject to ORS 174.108, means the Executive Department, the Judicial Department and the Legislative Department.

(166) "Substantial Completion" is defined in ORS 12.135 and means the date when the contractee accepts in Writing the construction, alteration or repair of the improvement to real property or any designated portion thereof as having reached that state of completion when it may be used or occupied for its intended purpose or, if there is no such Written acceptance, the date of acceptance of the completed construction, alteration or repair of such improvement by the contractee.

(167) "Supplies and Services" includes "Supplies or Services" and collectively means Goods, Trade Services, Personal Services, and Ordinary Construction Services separately or in any combination of these terms thereof as appropriate within the context of the Rule. "Supplies and Services" includes the terms "goods and services," "goods or services," and "personal services" contained in ORS 279A and 279B. This term does not include Public Improvements or Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services, governed under ORS 279C.

(168) "Surplus Property" means all personal property, vehicles and titled equipment property received by the Department as surplus from federal government units, state agencies, local governments, and special gov-

ernment bodies for sale to state agencies, political subdivisions of the State, and private not-for-profit organizations or the general public or any combination thereof. See OAR 125-050.

(169) "Sustainability" is defined in ORS 184.421 and means using, developing and protecting resources in a manner that enables people to meet current needs and provides that future generations can also meet future needs, from the joint perspective of environmental, economic and community objectives.

(170) "Threshold" means a specific monetary limitation that distinguishes one Procurement method from another, triggers a requirement, or marks a point of reference or change in Rule. For example, the Thresholds of \$10,000 to \$150,000 distinguish Intermediate Procurements under ORS 279B from other methods.

(171) "Trade Services" means all remaining services that do not meet the definition for Personal Services.

(172) "Unnecessarily Restrictive" is defined in ORS 279B.405(1)(c) and means that Specifications limit competition arbitrarily, without reasonably promoting the fulfillment of the Procurement needs of an Agency.

(173) "Used Oil" is defined in ORS 459A.555 and means a petroleum-based oil which through use, storage or handling has become unsuitable for its original purpose due to the presence of impurities or loss of original properties.

(174) "Virgin Oil" means oil that has been refined from crude oil and that has not been used or contaminated with impurities.

(175) "Work" means the furnishing of all materials, equipment, labor, and incidentals necessary to successfully complete any individual item or the entire Contract and the carrying out and completion of all duties and obligations imposed by the Contract.

(176) "Work Order" means an Ordering Instrument related to Services, including any incidental Supplies.

(177) "Writing" means letters, characters and symbols inscribed on paper by hand, print, type or other method of impression, intend to represent or convey particular ideas or meanings. "Writing" when required or permitted by law, or required or permitted in a Solicitation Document, also means letters, characters and symbols made in electronic form and intended to represent or convey particular ideas or meanings.

(178) "Written" means existing in Writing.

### Delegation Policy and Procedures

(1) Generally.

(a) Purpose. This Rule describes the policy and procedures related to the delegation of authority under OAR 125-246-0170, including but not limited to:

(A) Policy of the Code;

(B) Individual Representation;

(C) Forms of Delegations and Revocations of Authority;

(D) Changes in Individual Representation;

(E) Procedural Requirements;

(F) Signature; and

(G) Commitment of Funds.

(b) This Rule applies to all delegations and sub-delegations of Authority (collectively, Delegations), modifications of Delegations, and revocations of Delegations under OAR 125-246-0170. This Rule does not delegate authority. All delegations by authority under the Rules are found solely in 125-246-0170.

(2) Policy of the Code. The policy of the Code is to clarify responsibilities, instill public confidence, promote efficient use of resources, implement socioeconomic programs, allow meaningful competition, and provide a structure that supports evolving procurement methods, according to ORS 279A.015. These Rules support this policy of the Code.

(3) Individual Representation. Public Contracting may be delegated only to an individual, representing the State's interests. Authority under these Rules may be delegated only to individuals acting on behalf of the Agencies and in accordance with this Rule. All individual delegates must hold and use this Authority within the scope of their employment by the Agency and act on behalf of the Agency as the Agency's representative. Sub-delegations may be in whole or in part according to ORS 279A.075. Any individual may decline a sub-delegation in whole or in part. A delegator or delegatee may also be referred to in this Rule as an "Authorized Individual."

# ADMINISTRATIVE RULES

(4) Forms of Delegations and Revocations of Authority. ORS 279A.075 provides that the exercise of all authorities in the Code may be delegated and sub-delegated in whole or in part. The form of a Delegation or revocation of Authority by an Authorized Individual may be by:

- (a) OAR 125-246-0170 by the Director of the Department;
- (b) A Written external or internal policy by an authorized delegator or revoker;
- (c) An Interagency Agreement, signed by the Chief Procurement Officer and the Authorized Agency; or
- (d) A letter or memorandum signed by an authorized delegator or revoker.

(5) Changes in Individual Representation. If an Agency determines that an Authorized Individual has ceased to represent that Agency for Procurement (Absent Individual), then:

(a) The Authority of the Absent Individual automatically reverts back to the individual who originally delegated the Authority to the Absent Individual. The Agency must determine who receives the reverted Authority in accordance with this Rule. If the Absent Individual is a head of an Agency or Designated Procurement Officer, the delegator of authority to that individual must notify the Chief Procurement Officer within thirty (30) days after the change in representation.

(b) Sub-delegations, if any, by an Absent Individual remain in effect unless and until the Authority of any sub-delegates is modified or revoked by an Authorized Individual.

(6) Procedural Requirements.

(a) Compliance. Authorized Agencies must maintain good contracting procedures in accordance with the Public Contracting Code, related Rules and policies of the Department. Delegation of Authority does not exempt anyone from the requirements of the Public Contracting Code, related Rules, and policies of the Department. Any individual receiving delegated Authority is responsible for following the Public Contracting Code, related Rules, and policies of the Department.

(b) Modifications or Revocations.

(A) Authority. Subject to the conditions of Subsection (ii) below, a Delegation may be modified or revoked by:

- (i) The Director of the Department,
- (ii) The Chief Procurement Officer in accordance with OAR 125-246-0170(3)(b)(D) and 125-246-0170(3)(d)(J), or
- (iii) The original authorized delegator or successor of this delegator who made this Delegation being modified or revoked.

(B) Conditions.

- (i) This modification or revocation of a Delegation must be Writing;
- (ii) The delegatee must receive reasonable notice of the modification or revocation of the Delegation; and
- (iii) This modification or revocation of a Delegation must be based upon a determination.

(c) Maintenance of Documents. The Authorized Agency must maintain copies of letters, memoranda, or agreements granting a Delegation.

(7) Signature. When an Authorized Agency has delegated Authority according to OAR 125-246-0170, the Authorized Agency's signature constitutes both the execution and approval of the Contract, except as provided in 125-246-0170(2)(a)(B)(i).

(8) Commitment of Funds. ORS 291 and 293, together with the policies of the State Controller's Division of the Department, provide for public financial administration, including: appropriations, allotments by the Department, and an individual's authority to commit or encumber funds, financially obligate the Agency, and decide to expend funds. This type of authority may be referred to as commitment, expenditure, obligation, expenditure decision or signature authority (collectively, Commitment of Funds).

(9) Requests for Delegations. Any Agency may submit a delegation request through ORPIN to the Chief Procurement Officer for authority in accordance with the Public Contracting Code, this Rule, and any related policy of the Department. All requested Delegations must be approved in Writing by the Chief Procurement Officer and based upon a consideration of relevant criteria as follows:

- (a) The nature of the Supplies and Services to be provided;
- (b) Resources of the Agency requesting the delegation, including trained and qualified contract officers and staff, the Agency's experience and expertise, staff time available, and the degree of economy and efficiency to be achieved in meeting the state's requirements if authority is delegated;
- (c) The Agency's Procurement and public contracting past performance;

(d) Department's resources to exercise the authority if it is not delegated; and

(e) Value added by the Agency if the authority is delegated.

(10) Revocation of Delegations. The Chief Procurement Officer may revoke any delegation issued under section (9) of this rule at any time by written notice to the Designated Procurement Officer of the Agency, as defined in OAR 125-246-0170, based upon, but not limited to any of the following:

- (a) Failure to comply with the requirements of the delegation;
- (b) Deficiencies evidenced by performance audits performed by the Department, the Secretary of State, or the Legislative Assembly.
- (c) Failure to comply with the Department training requirements to obtain an Oregon Basic Procurement Certification, Advanced Certification, or specific training described in the delegation;
- (d) Lack of adequate experience in terms of procurement knowledge and any specialized knowledge pertinent to the authority delegated;
- (e) The available resources of the Department to conduct the purchasing activities if authority is revoked; and
- (f) The degree of economy and efficiency to be achieved in meeting the state's requirements if authority is revoked.

(11) Return of Delegations from Agencies to the Chief Procurement Officer. If an Agency needs assistance, an Agency may request that the Chief Procurement Officer reclaim the authority previously delegated to the Agency. With sole discretion, the Chief Procurement Officer may accept the reclamation request for assistance according to the responsibilities, resources, and needs of the Department and the Agency.

### Delegation of Authority

(1) Generally.

(a) Purpose. This Rule delegates the procurement authority of the Department (Authority). Only this Rule delegates this Authority.

(b) Authority of Agencies. The Director of the Department delegates Authority to the Designated Procurement Officers of the Authorized Agencies in section (2) of this rule.

(c) Authority of the Chief Procurement Officer. The Director of the Department delegates Authority to the Chief Procurement Officer in Section (3) of this Rule.

(d) Authority of the Director. According to ORS 279A.140, the Department must conduct all Procurements, including Contract Administration, for the Agencies. Other Sections of the Code authorize specific actions by the Director of the Department. According to ORS 279A.050(1) and (2), this Authority of the Department vests only in the Director of the Department. The Director is ultimately responsible for the Procurement of the Agencies.

(2) Delegation to Individuals in Agencies.

(a) Chain of Delegation and Responsibilities.

(A) Head and Designated Procurement Officer of the Agency.

(i) Conditional Delegation. The Director of the Department delegates Authority, only as set forth in this Section (2), to the heads of Authorized Agencies, on the condition that the heads of Authorized Agencies subdelegate such Authority to their Agencies' Designated Procurement Officers, who may further subdelegate such Authority in accordance with policies of their Agencies (Chain of Delegation). Every Authorized Agency must appoint a Designated Procurement Officer to serve that Authorized Agency; if none is appointed, the head of the Agency is deemed to be the Designated Procurement Officer and assumes the Authority, duties and responsibilities of the Designated Procurement Officer (collectively, "Designated Procurement Officer"). The heads of the Agencies may not subdelegate Authority outside this Chain of Delegation, except as provided in subsection (2)(a)(B).

(ii) Manner of Appointment. The Authorized Agency determines its procedure for appointing its Designated Procurement Officer, and this Rule does not require or imply any inherent Authority in individual(s) or the Agency in order to make this appointment. The Agency must send a Written notice of its appointment of the Designated Procurement Officer to the Chief Procurement Officer.

(B) Exceptions: Head and Other Individuals of the Agency.

(i) Execution of Contracts. Heads of Authorized Agencies may subdelegate the Authority to execute Contracts, as described in subsection (2)(b)(F), to other individuals within their respective Agency, provided this subdelegation is in accordance with a Written alternative subdelegation

# ADMINISTRATIVE RULES

plan, maintained on file with the Agency's Designated Procurement Officer.

(ii) Special Procurements of General or Special Counsel Authorized by the Attorney General, according to OAR 125-247-0295. Heads of Authorized Agencies may subdelegate the Authority to procure general or special counsel authorized by the Attorney General, as described in subsection (2)(d)(L), to other individuals within their respective Agency, provided the head of the Authorized Agency has determined that the individual receiving the subdelegation has the requisite skills and knowledge to carry out the subdelegation. Such subdelegations may be further subdelegated within that Authorized Agency, provided the subdelegator has determined that each individual receiving the Delegation has the requisite skills and knowledge to carry out the subdelegation.

(iii) Chain of Delegation. Authorized Individuals in accordance with Subsections (2)(a)(B)(i) and (ii) are included in the Chain of Delegation.

(C) Responsibilities. Each individual in the Chain of Delegation remains responsible for the exercise of Authority by that individual's sub-delegates, and subdelegation does not waive this responsibility. Each delegator must determine and document that the delegatee is capable and accountable for the Procurement. The Designated Procurement Officer, appointed within each Authorized Agency, is responsible for all delegated procurement activity on behalf of the Authorized Agency, as described in this section (2), except as provided in subsection (2)(a)(B).

(b) Duties and Responsibilities of Designated Procurement Officers. The Authority, duties and responsibilities of the Designated Procurement Officer, according to (2)(a)(A), are as follows:

(A) Serve as the exclusive supervisor and manager of the Authorized Agency's Procurement system;

(B) Conduct, supervise and manage the Procurement and the Procurement Process for the Authorized Agency in accordance with the Code and these Rules, except for those Procurements conducted by a delegatee to whom the Designated Procurement Officer has delegated Authority;

(C) Prepare or monitor the use of Specifications or statements of work for all Procurements of the Authorized Agency;

(D) Issue Solicitations and implement other non-Solicitation methods for all Procurements of the Authorized Agency in accordance with the Code and these Rules;

(E) Award Contracts only as authorized in accordance with this Rule;

(F) Execute Contracts, which means causing the signing of Contracts and performance of all necessary formalities to bring the Contracts into their final, legally enforceable forms.

If the Designated Procurement Officer is unable to make a Commitment of Funds as described in OAR 125-246-0165(8), then the head of the Authorized Agency may follow an alternative subdelegation plan in accordance with Subsection (2)(a)(B)(i).

(G) Comply with the reporting requirements of the Code, these Rules, and Department policies;

(H) Monitor sourcing decisions, Procurements, development of Contracts, awarded Contracts, Contract compliance, spend, Delegations, Special Procurements and exemptions. Monitoring Contract development, awards, and compliance applies to all Delegations;

(I) Based upon the monitoring described in subsection (2)(b)(H), determine opportunities, establish targets, and utilize methods according to ORS 279A.200 through 279A.220 and 279B.055 through 279B.085 to optimize savings consistent with strategic sourcing; and

(J) Conduct Cost Analyses, approve Feasibility Determinations and Exceptions, and otherwise comply with OAR 125-247-0110.

(c) Delegation by Rule Based Upon Thresholds. By this Rule, the Director of the Department delegates authority to the heads of all Authorized Agencies, subject to section (2)(a)(A) and (B), for the following Procurements, including Contract Administration:

(A) Small Procurements of Supplies and Services up to and including the Threshold of \$10,000, according to ORS 279B.065 and related Rules;

(B) Direct appointments of Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services or Related Services according to OAR 125-248-0200;

(C) Intermediate Procurements of Supplies and Services greater than \$10,000 and not exceeding \$150,000, and Amendments of Contracts resulting from Intermediate Procurements, according to ORS 279B.070, OAR 125-247-0270, and any related policy;

(D) Informal Selection Procedures of Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services or Related Services according to ORS 279C.110 and OAR 125-

248-0210, provided that the Authorized Agency follows the requirements as set forth in the policy of the Department;

(E) Competitive Quotes for Public Improvements estimated not to exceed \$100,000, provided that the Authorized Agency follows the requirements as set forth in the policy of the Department;

(F) Competitively Sealed Bidding not exceeding \$150,000 and according to OAR 125-247-0255;

(G) Competitively Sealed Proposals not exceeding \$150,000 and according to OAR 125-247-0260;

(H) Sole-Source Procurements not exceeding \$150,000 and according to ORS 279B.075 and OAR 125-247-0275;

(I) Special Procurements in accordance with OAR 125-247-0287 not exceeding \$150,000.

(J) Purchase of Used Personal Property Special Procurements not exceeding \$150,000 and according to OAR 125-247-0288(9);

(K) Reverse Auctions Special Procurements not exceeding \$150,000 and according to OAR 125-247-0288(10); and

(L) Contract Administration as follows:

(i) For Contracts and Ordering Instruments authorized according to this section (2)(c) and (d), the Contract Administration of these Public Contracts and Ordering Instruments, including but not limited to: appropriate payment approvals, ordering in accordance with the terms of Department Price Agreements, and the oversight of the Provider(s); but excluding the Contract Administration described in Subsection (v) below;

(ii) The daily or routine Contract Administration of Ordering Instruments placed against Department Price Agreements and Contracts procured by the Department on behalf of Agencies. This daily or routine Contract Administration includes but is not limited to: appropriate payment approvals, ordering in accordance with the terms of Department Price Agreements, and the oversight of the Provider(s);

(iii) Activities specified in Writing by the Chief Procurement Officer or delegatee;

(iv) Activities specified in a related policy of the Department; and

(v) Despite subsection (2)(c)(L)(i) through (iv) above, this Delegation by subsection (2)(c)(L) does not include:

(I) The Contract Administration of Department Price Agreements; or

(II) For Contracts procured by the Department on behalf of Agencies, Amendments when the amended value of Contract exceeds \$150,000; and terminations of such Contracts when the amended value of such Contract exceeds \$150,000.

(d) Delegation by Rule Based Upon Type. By this Rule, the Director of the Department delegates authority to the heads of all Authorized Agencies, subject to section (2)(a)(A) and (B), for the following Procurements, including Contract Administration:

(A) Emergency Procurements, in accordance with ORS 279B.080, 279C.335(5), OAR 125-248-0200, or related Rules;

(B) One-time, nonrepetitive Joint Cooperative Procurements in accordance with OAR 125-246-0400, provided that:

(i) No such Procurement results in a Permissive Cooperative Procurement that is open to any Agency outside of those Agencies jointly named in the original Procurement;

(ii) No such Procurement of Supplies and Services exceeds the Threshold of \$150,000, including all Amendments, according to OAR 125-247-0805;

(iii) No such Procurement of Public Improvements exceeds \$100,000, including Amendments according to OAR 125-249-0160 and 125-249-0910; and

(iv) The Authorized Agency must follow any related policy of the Department.

(C) Federal program Procurements not exceeding \$150,000 or according to a delegation agreement with the Chief Procurement Officer, and in accordance with ORS 279A.180 and related Rules;

(D) Client Services Special Procurements according to OAR 125-247-0288(1) and (2);

(E) Client Services procured under ORS 279B.055 through 279B.085 and related Rules, including all amendments according to OAR 125-247-0805;

(F) Renegotiations of Existing Contracts with Incumbent Contractors Special Procurements according to OAR 125-247-0288(3) and as follows: the Authorized Agency is limited to the same authority delegated to that Agency with regard to the Original Contract and any Amendments and may not collectively exceed any Threshold related to its authority to procure the Original Contract, except this limit may be exceeded with the prior Written approval of the Chief Procurement Officer;

(L) Approve the manner and character of retainage according to ORS 279C.560(1) and (5);

(M) Approve exemptions waiving or reducing the bid security or bonds for Public Improvement projects in accordance with ORS 279C.390(1);

(N) Approve electronic-filing (e-filing) in accordance with ORS 84.049, 84.052 and 84.064;

(O) Approve procurement-related activities required by other law; and

(P) Other procurement actions of the Department specifically required by these Rules.

(b) Duties and Responsibilities of the Chief Procurement Officer. The authority, duties and responsibilities of the Chief Procurement Officer are as follows:

(A) Conduct Procurements, including administration of Contracts, for Agencies.

(B) Develop and maintain State-wide Procurement rules, policies, procedures and standard contract terms and conditions as necessary to carry out the Public Contracting Code.

(C) Subdelegate authority in whole or part, in accordance with OAR 125-246-0165(9);

(D) Revoke authority delegated by the Chief Procurement Officer or in accordance with OAR 125-246-0165(10);

(E) Maintain a file of Written subdelegation authority granted and revoked under these Rules in accordance with the law;

(F) Provide guidance and leadership on Procurement matters to Agencies and their employees;

(G) Provide training and instruction opportunities to assure Department staff and Agency staff are equipped with necessary knowledge and skills to comply with requirements of the Public Contracting Code, Rules, and Department policy related to Procurement;

(H) Monitor sourcing decisions, Procurements, development of Contracts, awarded Contract, Contract compliance, spend, Delegations, Special Procurements and exemptions. Report these matters to the Authorized Agency and Director as appropriate. Monitoring Contract development, awards, and compliance applies to all Delegations;

(I) Based upon monitoring described in subsection (3)(b)(H), determine opportunities, establish targets, and utilize methods according to ORS 279A.200 through 279A.220 and 279B.055 through 279B.085 to optimize savings consistent with strategic sourcing.

(J) Appoint procurement advisory committees to assist with Specifications, procurement decisions, and structural change that can take full advantage of evolving procurement methods as they emerge within various industries, while preserving competition according to ORS 279A.015.

(c) Delegation by Rule Based Upon Threshold. By this Rule, the Director of the Department delegates authority to the Chief Procurement Officer for the following Procurements, including Contract Administration:

(A) Small Procurements of Supplies and Services on behalf of Agencies not to exceed \$10,000 according to ORS 279B.065;

(B) Intermediate Procurements of Supplies and Services greater than \$10,000 and not exceeding \$150,000, and Amendments of Contracts resulting from Intermediate Procurements, on behalf of Agencies and according to ORS 279B.070 and OAR 125-247-0270;

(C) Informal Selection procedures of Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services, on behalf of Agencies and according to ORS 279C.110 and OAR 125-248-0210;

(D) Competitive Quotes of Public Improvements estimated not to exceed \$100,000, according to ORS 279C.410 notes and OAR 125-249-0160; and

(E) All Procurements exceeding the Thresholds for Intermediate Procurements, Informal Procurements, or Competitive Quotes, according to ORS 279B.070 and OAR-125-247-0270 (Supplies and Services); ORS 279C.110 and OAR 125-248-0210 (Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services); and ORS 279C.410 and OAR 125-249-0210 (Public Improvements), respectively.

(d) Delegation by Rule Based Upon Type. By this Rule, the Director of the Department delegates authority to the Chief Procurement Officer for the following Procurements, including Contract Administration:

(A) Cooperative Procurements in accordance with ORS 279A.200 through 279A.225 and OAR 125-246-0400;

(B) Special Procurements according to ORS 279B.085 and related Rules;

(C) Sole-Source Procurements in accordance with ORS 279B.075 and OAR 125-247-0275;

(D) Emergency Procurements in accordance with ORS 279B.080, 279C.335(5), OAR 125-248-0200, or related Rules;

(E) Federal program Procurements in accordance with ORS 279A.180 and OAR 125-246-0360;

(F) Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services (A&E) Procurement according to OAR 125-248-0200 through 125-248-0340;

(G) Brand Name Specification Determinations for Solicitations in accordance with OAR 125-247-0691;

(H) Brand Name Specification Determinations for Sole Source Procurements according to OAR 125-247-0691;

# ADMINISTRATIVE RULES

(I) Selling or leasing of Supplies and Services in accordance with OAR 125-246-0800;

(J) All Procurements otherwise delegated to an Authorized Agency according to Section (2) if the Chief Procurement Officer, at her or his own discretion, revokes and assumes this delegated authority, based upon a determination that any Authorized Agency refuses or fails to comply with any Delegation described in section (2); and

(K) Buy Decision in accordance with OAR 125-247-0200(1) and (2).

(4) Delegation to the Department Procurement Services Manager.

(a) Delegation by Rule Based Upon Type. By this Rule, the Director of the Department delegates authority to the Department Procurement Services Manager for the following Procurements, including Contract Administration:

(A) Strategic Sourcing: Cooperative Procurements and Statewide Price Agreements.

(i) Conduct Statewide Price Agreement Solicitations,

(ii) Award and execute Statewide Price Agreement Contracts, resulting Price Agreement Work Orders, and Statewide Price Agreement Qualified Rehabilitation Facility (QRF) Contracts,

(iii) Procure and administer Cooperative Procurements, including acting as an Administrator or Participant and participating in, sponsoring, conducting or administering Cooperative Procurements in accordance with OAR 125-246-0400,

(iv) Approve Cooperative Procurement Sole Source Justifications as follows:

(I) The Sole Source Request must be submitted through ORPIN and all Approvals must be attached to the ORPIN Request to allow for searching, e-filing, and reporting purposes,

(II) For each Sole Source Request, the reviewer(s) must create a Special Request e-file on an accessible drive and a paper file; evaluate the Request based upon a consideration of the criteria under ORS 279B.075 and related rules; document decision-making; and close the files for each Sole Source Request and Approval.

(B) Agency-Specific Procurements.

(i) Conduct Agency-Specific Solicitations, and "Agency-Specific" means one agency,

(ii) Award and execute Agency-Specific Contracts,

(iii) Execute Agency-Specific Contracts and Agency-Specific QRF Contracts,

(C) All Procurements.

(i) Purchase through the federal General Service Administration Schedule 70 in accordance with OAR 125-246-0360,

(ii) Make Contract amendments and conduct other Contract Administration,

(iii) Receive and resolve protests, except for appeals from a decision of the Chief Procurement Officer or delegate,

(b) Authorities related to Agency Delegation Requests and Approvals. The Director of the Department delegates to the Department Procurement Services Manager the authority to make Delegation Requests on behalf of Agencies and approve Agencies' Delegation Requests in accordance with the following conditions:

(A) The Delegation Requests must be submitted through ORPIN and all Delegation Agreements must be attached to the ORPIN Delegation Requests to allow for searching, e-filing, and reporting purposes,

(B) The Delegation Request and any Agreement relate to:

(i) A specific authority to one agency, not exceeding a cumulative total value of \$500,000, and not involving a policy decision, or

(ii) A specific authority to be an administrator for or participant in a cooperative procurement, and not involving a policy decision,

(C) For each Delegation Request, the reviewer(s) must create an e-file on an accessible drive and a paper file; complete the assessment form; evaluate the Request based upon a consideration of the criteria under in OAR 125-246-0165(9); authorize only the use of a procurement method under ORS 279B.055 through 279B.085 (seven sourcing methods) or 279C.330 through 335 (competitive bidding); document decision-making; and close the files for each Delegation Request and Agreement.

(D) All Delegation Requests, Assessments, and Agreements must be in writing and on the same forms as used by the Department Procurement Policy Team.

(c) Approval of Feasibility Determinations. The Director of the Department delegates to the Department Procurement Services Manager the authority to conduct Cost Analyses and approve Feasibility Determinations in accordance with OAR 125-247-0110.

(d) General.

(A) This Delegation of authority under section (4) is not exclusive. The Director of the Department still retains all procurement authority under ORS 279A.140.

(B) This Delegation under section (4) is for the sole purpose of the Department performing procurement services. Except as provided in subsection (4)(b), the authority delegated under Section (4) may not be sub-delegated to Agencies.

### Lighting Preference Relating to Mercury

Authorized Agencies must comply with ORS 646A.566, including but not limited to:

(1) When making procurement decisions on lighting that contains mercury, an Agency must:

(a) Request information from potential suppliers on mercury content, energy use, lumen output and lighting lifetime;

(b) Issue specifications; and

(c) Favor lighting that contains mercury that meets the mercury content standards established by ORS 646A.564.

(2) After consultation with the Department of Environmental Quality, the Chief Procurement Officer may direct Agencies to use information and issue specifications to favor lighting in accordance with (1), and Agencies must follow the directions, if any.

### Oregon Employment Preference

Authorized Agencies must comply with ORS 279B.112, including but not limited to the following requirements for a discretionary preference:

(1) An Authorized Agency may give a preference to an Offer including a personnel deployment disclosure form (Disclosure Form) that states that the Offeror will employ more workers within Oregon than a competing Offer if the Offers otherwise suit the Agency's specifications for the procurement equally well.

(2) The Agency may state in the solicitation documents for any procurement (Solicitation) that the Agency will consider a Disclosure Form and may give a preference described in section (1) above. Then,

(a) An Offeror may submit a Disclosure Form with its Offer;

(b) If the Agency determines that the Offers suit the Agency's specifications for the procurement equally well, then the Agency may consider any Disclosure Forms submitted with those Offers in evaluating the Offers; and

(c) The Agency may prefer the Offer with a Disclosure Form that indicates that the Offeror will employ more workers within Oregon than a competing Offer, with or without Disclosure Form information.

(3) The Disclosure Form submitted by an Offeror must state:

(a) The number of workers that the Offeror and its subcontractors plan to deploy to perform the work described in the Solicitation;

(b) The number of workers that the Offeror and its first-tier subcontractors will employ within Oregon; and

(c) The number of jobs in each of the categories described in subsections (3)(a) and (b) that would be a newly created job.

(4) The Agency may adopt its own form and contents for the Disclosure Form, unless the Chief Procurement Officer requires Agencies to use an approved form and contents of the Disclosure Form.

(5) The Agency may:

(a) Verify the information stated in the Disclosure Form before awarding a public contract; and

(b) Require that the contractor maintain a minimum number of workers and jobs over the term of the contract.

### Supplier Requirements

(1) Tax Compliance.

(a) No Contract or other agreement for more than \$1,000 may be entered into, renewed or extended with any Person unless the Person certi-

fies in Writing, under penalty of perjury, that the Person is not in violation of any tax laws described in ORS 305.385(6) and (7).

(b) Agency must determine that a Bidder or Proposer is responsible under ORS 279B.110 and OAR 125-247-0500(1). In order to make this determination, a Bidder or Proposer must demonstrate to the Agency that the Bidder or Proposer has complied with the tax laws of this state or a political subdivision of this state, including ORS 305.620 and ORS Chapters 316, 317 and 318. The Bidder or Proposer must demonstrate compliance by submitting a signed affidavit that attests, under penalty of perjury, that the Bidder or Proposer has complied with the tax laws of this state or a political subdivision of this state (Affidavit).

(A) Agency may determine which Bidder or Proposer must submit an Affidavit and the timing and manner of the submittal.

(B) Agency may allow the Bidder or Proposer to electronically transmit the Affidavit, and Agency may maintain the electronically transmitted Affidavit in lieu of the original Affidavit.

(C) The Agency Designated Procurement Officer, DAS Chief Procurement Officer, DAS Procurement Services Manager, or delegate may approve the form(s) of the Affidavit.

(D) An Affidavit attests to the Bidder or Proposer's current compliance with tax laws. During the period Bidder or Proposer is in compliance, a Bidder or Proposer may submit a copy of the same Affidavit to multiple Agencies or for multiple Invitations to Bid or Requests for Proposals, and an Agency is not required to obtain a new original Affidavit from a Bidder or Proposer for each Procurement.

(E) The Bidder or Proposer is responsible for determining whether the Bidder or Proposer is in compliance with tax laws. If applicable, compliance with tax laws may not require payment of taxes.

(2) Requirements to Transact Business in Oregon.

(a) A Contractor who is a corporation, partnership, or who has an assumed business name must be registered with the Secretary of State Office in accordance with ORS Chapters 58, 60, 62, 63, 65, 67, 70, and 648. This registration is the obligation of the Contractor, not the Agency.

(b) In addition, for Contracts requiring the services of one or more architects, engineers, and land surveyors, these Consultants must be registered with the appropriate licensing boards under the provisions of ORS 671.020, 672.020, and 672.025.

(c) The statutory requirements for contracting firms to register with the Secretary of State's Office may be subject to a limited number of exceptions under federal law. For example, national banks, when they contract with Authorized Agencies, are not subject to the registration requirement.

(d) The Contractor or Consultant must be registered at the time of the execution of the Contract and thereafter.

### Independent Contractors

(1) An Authorized Agency may, within the limits of its delegation under OAR 125-246-0170 and its legislatively approved budget, Contract for Services with Providers who are Independent Contractors.

(2) "Independent Contractor" means a Person who provides services to an Authorized Agency in which the Authorized Agency neither controls nor has the right to control the means or manner by which Work is performed. The Authorized Agency may control the results of the services, but not control the means or manner of Contractor's performance of the Work.

(3) Within the parameters of employment, Workers' compensation, and other relevant state and federal laws, and after determining that the contract will not violate any collective bargaining agreements, an Authorized Agency may contract for Services when:

(a) The Work cannot be done in a reasonable time with the Authorized Agency's own Workforce;

(b) An independent and impartial evaluation is required; or

(c) It will be less expensive to contract for the Work.

(4) The Authorized Agency may not use Services Contracts to obtain and pay for the services of an employee. If a Contractor is not an Independent Contractor, the Authorized Agency may not enter into a Services Contract with the Contractor; instead, the Authorized Agency must follow personnel policies for employment options.

(5) Independent Contractor Status. The Authorized Agency must develop a Statement of Work for Services, including Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services, that will not result in an employee relationship with the potential Contractor. Contractors must complete the

Independent Contractor Certification either as a contract provision or on a form approved by the Chief Procurement Officer (Independent Contractor Certification). If the Contractor cannot certify Independent Contractor status, the Authorized Agency may not contract with the Contractor using a Services Contract, including Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services, except as otherwise allowed in Subsection (5)(f) of this Rule:

(a) An Independent Contractor Certification must be part of each Contract;

(b) If the Contractor is a corporation, the Independent Contractor Certification is still required.

(c) If the nature of the Services or project is such that an employee/employer relationship will exist, the Authorized Agency must hire the individual through normal personnel procedures.

(d) The Contract must include the Contractor's legal name and address. Either the Contract or a separate cover sheet for the Contract must include the Contractor's Social Security or federal tax identification number.

(e) The Contract must provide that the Contractor is responsible for federal Social Security, except those categories excluded by law, and for any federal or state taxes applicable to the contract payment.

(f) When a Contractor cannot certify that the Contractor meets the definition of "independent contractor," is customarily engaged in an independently established business, and meets at least three of the requirements for such a business in accordance with ORS 670.600, then the Authorized Agency may contract with the Contractor only if the Designated Procurement Officer of the Authorized Agency approves the Contract upon a determination that the Contractor is an Independent Contractor and the Contract will not result in undue risk to the State.

(g) For compliance with the tax laws in accordance with ORS 279B.110, see OAR 125-246-0330.

### Approval of Personal Services Contracts

(1) Application. For the purposes of this Rule only, "Personal Services" includes Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services.

(2) Chief Procurement Officer Approval. Except as provided in OAR 125-246-0170, the Chief Procurement Officer or delegate must approve all Personal Services Contracts exceeding \$150,000 before the Authorized Agency executes the Contract.

(3) Requisite Approvals First. All requisite approvals must be obtained, including the approval of the Attorney General, if required, before any Personal Services Contract entered into by an Authorized Agency becomes binding upon the State and before any service may be performed or payment made under the Contract, unless:

(a) The Contract is exempt from the prohibition against services being performed before review for legal sufficiency is obtained under ORS 291.047(6); or

(b) The Chief Procurement Officer or delegate authorizes an Authorized Agency to acquire services before obtaining all requisite approvals in accordance with OAR 125-246-0351.

(4) Approval after Legal Sufficiency Review. The Chief Procurement Officer may not approve a Personal Services Contract before the Attorney General approves this Personal Services Contract under ORS 291.047.

(5) Types of Approvals.

(a) When Attorney General legal sufficiency approval is required under ORS 291.047, the Authorized Agency must seek legal approval;

(b) When an Authorized Agency contracts for services normally provided by another Authorized Agency or for services for which another Authorized Agency has statutory responsibilities, the Authorized Agency is required to seek the other Authorized Agency's approvals, prior to final approval by the Chief Procurement Officer. Examples of these special approvals include, but are not limited to:

(A) Department, Risk Management Services, for providing tort liability coverage.

(B) Department, Enterprise Goods and Services Division, Publishing and Distribution, for printing services;

(C) Department, Enterprise Goods and Services Division, for accounting services;

# ADMINISTRATIVE RULES

(D) Office of the Treasurer, Debt Management Division, for financial and bond counsel services (bond counsel services also require the approval of the Attorney General); and

(E) Department, Chief Information Office, for information-system related and telecommunications services. The Authorized Agency is also encouraged to use the Chief Information Office as a resource in carrying out information system-related projects. This may include:

(i) Assistance to the Authorized Agency in developing Statements of Work related to information system projects;

(ii) Reviews to assure consistency with State standards and direction; and

(iii) A listing of vendors that provide information system-related services.

(c) The Authorized Agency's and Contractor's execution must be obtained;

(d) The Chief Procurement Officer approval, when required, is last.

(6) Attorney or Financial Auditing Services.

(a) The Attorney General has sole authority to contract for attorney services. Only the Attorney General may grant exceptions in Writing on a case-by-case basis;

(b) The Secretary of State Audits Division has sole authority to contract for financial auditing services. Only the Secretary of State Audits Division may grant exceptions in Writing on a case-by-case basis.

### Acquiring Services before Obtaining Requisite Approvals of a Personal Services Contract

(1) Application. For the purposes of this Rule only, "Personal Services" includes Architectural, Engineering, Photogrammetric Mapping, Transportation Planning or Land Surveying Services, and Related Services. "Requisite approvals" are defined in OAR 125-246-0350.

(2) Personal Services may be performed before all requisite approvals are obtained under a Personal Services Contract if the Personal Services Contract is exempt from the prohibition against services being performed before review for legal sufficiency is obtained under ORS 291.047(6).

(3) The process set forth in this Rule is intended to allow Authorized Agencies to acquire services before obtaining all requisite approvals for those Personal Services Contracts that call for payments of less than the Threshold for legal sufficiency review by the Attorney General.

(4) The Chief Procurement Officer may authorize an Authorized Agency to acquire services before obtaining all requisite approvals when circumstances exist that require prompt action to protect the interests of the State. An Authorized Agency may seek such authorization for a Personal Services Contract or a class of Personal Services Contracts to address specific recurring needs to acquire services on short notice. An Authorized Agency seeking the Chief Procurement Officer's authorization must describe particular circumstances that make it impracticable to obtain all requisite approvals before acquiring services. The Chief Procurement Officer will only authorize an Authorized Agency to acquire services before obtaining all requisite approvals if the Authorized Agency follows the procedures set forth in this Rule. The Chief Procurement Officer's authorization according to this Rule only allows the Authorized Agency to acquire services before obtaining all requisite approvals. It does not authorize the Authorized Agency to make any payments before obtaining all requisite approvals.

(5) The Authorized Agency seeking the Chief Procurement Officer's authorization to acquire services before obtaining all requisite approvals must provide:

(a) Written findings to the Chief Procurement Officer that describe the specific recurring circumstances that require the Authorized Agency to take prompt action to protect the interests of the State because they create substantial risk of loss, damage, interruption of services or threat to public health or safety. The Authorized Agency must also describe why, under these specific circumstances, it will be impracticable to obtain all requisite approvals before acquiring services;

(b) The Personal Services Contract form that the Authorized Agency will use for the Contract entered into after acquiring services, but before making payments.

(c) Documentation demonstrating that the Authorized Agency has established procedures to administer the Contract or class of Contracts, for which it seeks authorization.

(6) The Chief Procurement Officer after review of the material required by Section (5) above, may authorize the Authorized Agency to acquire the specific services under the specific circumstances described in response to Section (5)(a) above before obtaining all requisite approvals. If the Chief Procurement Officer provides authorization, the Chief Procurement Officer will do so in Writing, subject to any conditions or limitations the Chief Procurement Officer deems appropriate, including but not limited to the duration of the authorization, and any other terms and conditions the Chief Procurement Officer may determine are appropriate.

(7) If Authorized Agency acquires services before obtaining all requisite approvals when authorized by the Chief Procurement Officer, the Authorized Agency, as soon as practicable after acquiring the services, must enter into a Written Contract in the form submitted by the Authorized Agency and approved by the Chief Procurement Officer. The Authorized Agency must not revise the terms of the approved Contract form submitted by Authorized Agency without the Chief Procurement Officer's approval.

(8) The Authorized Agency must not make any payments for services before obtaining all requisite approvals.

(9) The Chief Procurement Officer authorization to perform services before obtaining all requisite approvals does not exempt the Authorized Agency from obtaining legal sufficiency review, if required under the provisions of ORS 291.047.

(10) An Authorized Agency authorized to perform services before obtaining all requisite approvals must follow all applicable screening and selection requirements unless otherwise exempt from those requirements.

### Feasibility Determination, Cost Analysis and Department Report

(1) The Table of Contents for this Rule is as follows:

(a) Section 2: Generally

(b) Section 3: Feasibility Determination

(c) Section 4: Cost Analysis: Estimation of Agency and Contractor

Data

(d) Section 5: Decision: Comparison of Compensation and Other

Costs

(e) Section 6: Decision: Comparison of Agency and Contracting

Costs

(f) Section 7: Department Evaluation and Report

(2) Generally.

(a) Before conducting a Procurement for Services, an Authorized Agency must, in the absence of a Feasibility Determination under Section (3) of this Rule, conduct a Written Cost Analysis under sections (4) through (6) of this rule (Cost Analysis).

(b) Responsibilities for the Conduct of the Cost Analysis.

(A) An Agency with procurement authority must conduct the Cost Analysis for its Agency-specific Procurements;

(B) An Agency without procurement authority must conduct the Cost Analysis for its Agency-specific Procurements to be procured by the Department;

(C) At the Department's request, an Agency must contribute to the Cost Analysis for statewide Price Agreement Procurements; and

(D) The Department must conduct the Cost Analysis for statewide Price Agreement Procurements and Department -specific Procurements.

(c) This Rule applies to a Procurement for Services that the Authorized Agency estimates will result in one or more Contracts with a value that exceeds \$250,000 for the estimated term of the Contract(s) (Value), including incidental costs related to the Services, and Amendments. Authorized Agencies must not fragment to avoid this threshold (see OAR 125-246-0630).

(d) If a Procurement is conducted in accordance with this Rule, an Award is made, and one or more Amendments then increase the estimated contract's value over \$250,000, a Cost Analysis is not required at that time.

(e) "Services" has the meaning as defined in OAR 125-246-0110, except that for purposes of this Rule only:

(A) "Services" does not include the services of an Architect, Engineer, Photogrammetrist, Transportation Planner, Land Surveyor or Provider of Related Services as defined in ORS 279C.100 as defined in ORS 279C.100; and

(B) "Services" does not include Client Services, defined as of August 4, 2009, in OAR 125-246-0110, as follows:

(i) "Client" means any individual, family or Provider:

# ADMINISTRATIVE RULES

(I) For whom an Agency must provide Services and incidental or specialized Goods, in any combination thereof (“Services and Incidental Supplies”), according to state, federal law, rule, and policy. Those Services and Incidental Supplies include but are not limited to treatment, care, protection, and support without regard to the proximity of the services being provided;

(II) Who in fact receives and utilizes services provided by an Agency primarily for that individual’s or family’s benefit;

(III) Who is under the custody, care, or both of the Agency; or

(IV) Who provides direct care or Services and is a proxy or representative of the non-Provider Client.

(ii) “Client Services” means any Services that directly or primarily support a Client, whether the Client is the recipient through the provision of voluntary or mandatory Services. Client Services also means any Goods that are incidental or specialized in relation to any Services defined in this Subsection. Client Services may include but are not limited to (where these terms are used in another statute, they must have that meaning):

(I) Housing, including utilities, rent or mortgage or assistance to pay rent, mortgage or utilities;

(II) Sustenance, including clothing;

(III) Employment training or Skills training to improve employability;

(IV) Services for people with disabilities;

(V) Foster care or foster care facilities;

(VI) Residential care or residential care facilities;

(VII) Community housing;

(VIII) In-home care including home delivered meals;

(IX) Medical care, services and treatment, including but not limited to:

(IX-a) Medical, Dental, Hospital, Psychological, Psychiatric, Therapy, Vision;

(IX-b) Alcohol and drug treatment;

(IX-c) Smoking cessation;

(IX-d) Drugs, prescriptions and non-prescription;

(IX-e) Nursing services and facilities;

(IX-f) Transportation or relocation;

(IX-g) Quality of life, living skills training; or

(IX-h) Personal care; or

(IX-i) Legal services and expert witnesses services;

(IX-j) Religious practices, traditions and services, separately or in any combination thereof; and

(IX-k) Educational services. The term “Client Services” does not include benefits or services provided as a condition of employment with an Agency.

(3) Feasibility Determination. An Authorized Agency may proceed with the Procurement of Services without conducting a Cost Analysis if the Authorized Agency makes Written findings that one or more of the Special Circumstances described in subsection (3)(b) make the Authorized Agency’s use of its own personnel and resources to provide the Services not feasible (Feasibility Determination).

(a) Approval of Feasibility Determination.

(A) The Designated Procurement Officer or delegate (DPO) of an Authorized Agency must approve the Feasibility Determination for its Procurement;

(B) The DPO of an Agency without authority must approve the Feasibility Determination for an Agency-specific Procurement to be procured by the Department on behalf of that Agency;

(C) The Department Procurement Services Manager must approve the Feasibility Determination for a statewide Price Agreement Procurement or Department-specific Procurement. At the Department’s request, DPOs must cooperate with the Department to prepare the findings for the Feasibility Determination for a statewide Price Agreement Procurement.

(b) Special Circumstances. Special Circumstances include any circumstances, conditions or occurrences that would make the Services, if performed by the Authorized Agency’s employees, incapable of being managed, utilized or dealt with successfully in terms of the quality, timeliness of completion, success in obtaining desired results, or other reasonable needs of the Authorized Agency. Special Circumstances may include, but are not limited to, the follow circumstances:

(A) Expertise. The DPO approves a determination that the Authorized Agency lacks the specialized capabilities, experience, or technical or other expertise necessary to perform the Services. In making the finding, the Authorized Agency must compare the Authorized Agency’s capability, experience or expertise in the field most closely involved in performing the

Services with a potential contractor’s capability, experience or expertise in the same or a similar field.

(B) Funding Requirement. The terms under which the Authorized Agency receives a grant or other funds for use in a Procurement require the Authorized Agency to obtain Services through an independent contractor;

(C) Law Requirement. Other state or federal law requires the Authorized Agency to procure Services through an independent contractor;

(D) Real or Personal Property. The Procurement is for Services that are incidental to a contract for purchasing or leasing real or personal property, including service and maintenance agreements for equipment that is leased or rented;

(E) Conflict of Interest; Unbiased Review. The Authorized Agency cannot accomplish policy, administrative or legal goals, including but not limited to avoiding conflicts of interest or ensuring independent or unbiased findings in cases when using the Authorized Agency’s existing personnel or persons the Authorized Agency could hire through a regular or ordinary process would not be suitable;

(F) Emergency Procurement. The Procurement is for Services to which the provisions of ORS 279B.080 apply;

(G) Delay. The Procurement is for Services, the need for which is so urgent, temporary or occasional that attempting to perform the Services with the Authorized Agency’s own personnel or resources would cause a delay that would frustrate the purpose for obtaining the Services; and

(H) Services Completed within Six Months. The Services that the Authorized Agency intends to procure will be completed within six months after the date on which the contract for the Services is executed.

(c) Procurement File. All written determinations required in this section (3) must be made a part of the Procurement File in accordance with OAR 125-246-0556.

(4) Cost Analysis: Estimation of Agency and Contractor Data.

(a) Costs of Using Authorized Agency’s Own Personnel and Resources. The Authorized Agency must estimate the Authorized Agency’s cost of performing the Services and consider cost factors that include:

(A) Salaries or Wages and Benefits. The salary or wage and benefit costs for the employees of the Authorized Agency who would be directly involved in performing the Services, to the extent those costs reflect the proportion of the activity of those employees in the direct provision of the Services. These costs include those salary or wage and benefit costs of the employees who inspect, supervise or monitor the performance of the Services, to the extent those costs reflect the proportion of the activity of those employees in the direct inspection, supervision or monitoring of the performance of the Services.

(B) Material Costs. The material costs necessary to the performance of the Services, including the costs for space, energy, transportation, storage, raw and finished materials, equipment and supplies used or consumed in the provision of the Services.

(C) Related Costs.

(i) Costs incurred in planning for, training for, starting up, implementing, transporting and delivering the Services.

(ii) Any costs related to stopping and dismantling a project or operation because the Authorized Agency intends to procure a limited quantity of Services or to procure the Services within a defined or limited period of time.

(iii) The miscellaneous costs related to performing the Services, including but not limited to reasonably foreseeable fluctuations in the costs for the items identified in this subsection (4)(a) over the expected duration of the Procurement. These costs exclude the Authorized Agency’s indirect overhead costs for existing salaries or wages and benefits for administrators and exclude costs for rent, equipment, utilities and materials, except to the extent the cost items identified in this sentence are attributed solely to performing the Services and would not be incurred unless the Authorized Agency performed the Services.

(D) Other Information. The Authorized Agency’s costs described in this subsection (4)(a)(A) do not constitute an exclusive list of cost information. An Authorized Agency may consider other reliable information that bears on the cost to the Authorized Agency of performing the Services. For example, if the Authorized Agency has accounted for its actual costs of performing the Services under consideration, or reasonably comparable Services, in a relatively recent Services project, the Authorized Agency may consider those actual costs in making its estimate.

(b) Costs a Potential Contractor Would Incur. The Authorized Agency must estimate the cost a potential Contractor would incur in performing the Services and consider cost factors that include:

(A) Salaries or Wages and Benefits. The estimated salary or wage and benefit costs for a potential Contractor and potential Contractor’s employ-

# ADMINISTRATIVE RULES

ees who work in the business or industry most closely involved in performing the Services; and who would be necessary and directly involved in performing the Services or who would inspect, supervise, or monitor the performance of the Services.

(i) The Authorized Agency may, but is not required to, communicate with any actual Contractor for information related to this estimate (see OAR 125-246-0635).

(ii) The Authorized Agency may consider in making this estimate any public source of information, including but not limited to:

(I) Other Contracts of the Authorized Agency or another Agency for reasonably comparable services;

(II) Trade or other marketplace websites;

(III) Industry or professional associations and publications;

(IV) The Oregon Bureau of Labor and Industries or an agency of another jurisdiction that performs comparable functions; and

(V) A survey of Persons who provide reasonably comparable services by means including but not limited to Internet or telephone searches.

(B) Material Costs. The material costs necessary to the performance of the Services, including the costs for space, energy, transportation, storage, raw and finished materials, equipment and supplies used or consumed in the provision of the Services.

(C) Related Costs. The miscellaneous costs related to performing the Services. These miscellaneous costs include but are not limited to reasonably foreseeable fluctuations in the costs listed in subsections (4)(b)(A) through (C) over the expected duration of the Procurement.

(D) Other Information. The potential Contractor's costs described in subsections (4)(b)(A) through (C) do not constitute an exclusive list of cost information. An Authorized Agency may consider other reliable information that bears on the costs a potential Contractor would incur. For example, if in the recent past, the Authorized Agency conducted a Solicitation that required cost information or permitted negotiation of price based on a cost analysis for Services reasonably comparable to the current Services, the Authorized Agency may use that cost information in estimating the costs of current Services.

(5) Decision: Comparison of Compensation and Other Costs.

(a) The Authorized Agency must compare:

(A) The Authorized Agency's estimated costs under Subsection (4)(a) and

(B) The Contractor's estimated costs under subsection (4)(b).

(b) Decision. If the Authorized Agency's costs exceed the Contractor's costs under Subsection (5)(a) for the sole reason that the Contractor's costs for salaries or wages and benefits under Subsection (4)(b)(A) are lower than the Authorized Agency's costs for salaries or wages and benefits under subsection (4)(a)(A), then the Authorized Agency may not conduct the Procurement.

(6) Decision: Comparison of Agency and Contracting Costs.

(a) If subsection (5)(b) does not apply, the Authorized Agency must compare:

(A) The Authorized Agency's estimated costs under Subsection (4)(a) and

(B) The total estimated costs that the Authorized Agency would incur in procuring the Services from a Contractor (Contracting Costs).

(b) Profit Included. Contracting Costs include the Authorized Agency's estimate of Contractor's profit in addition to the estimate of Contractor's costs under subsection (4)(b). If the Authorized Agency, in the reasonably near past, received Bids or Proposals for the performance of the Services under consideration, or reasonably comparable services, the Authorized Agency may consider the pricing offered in those Bids or Proposals in making its estimate. Similarly, the Authorized Agency may consider what it actually paid under a Contract for the same or similar services. For the purposes of these examples, the reasonably near past is limited to Contracts, Bids or Proposals entered into or received within the five (5) years preceding the date of the cost estimate. The Authorized Agency must take into account, when considering the pricing offered in previous Bids, Proposals, or Contracts, adjustments to the pricing in light of measures of market price adjustments that apply to the Services, such as the Consumer Price Indexes.

(c) Decision. If the Authorized Agency's Contracting Cost under this section is lower than the Authorized Agency's cost under subsection (4)(a), the Authorized Agency may conduct the Procurement. If the Authorized Agency's Contracting Cost is higher than the Authorized Agency's cost under subsection (4)(a), the Authorized Agency may not conduct the Procurement, unless the Exception of subsection (6)(d) applies

(d) Exception Based on Lack of Agency Personnel and Resources; Reporting. If the Authorized Agency determines that it would incur less

cost in providing the Services with its own personnel and resources, the Authorized Agency may still conduct the Procurement if, at the time the Authorized Agency intends to conduct the Procurement, the Authorized Agency determines that it lacks personnel and resources to perform the Services within the time the Authorized Agency requires the Services (Exception). When an Authorized Agency conducts a Procurement under this Exception, the Authorized Agency must:

(A) Make and keep a Written determination that it lacks personnel and resources to perform the Services within the time the Authorized Agency requires the Services and the basis for the Authorized Agency's decision to conduct the Procurement;

(B) Obtain the Written approval by the DPO of the Authorized Agency of the Exception before conducting an Agency-specific Procurement or the Written approval by the CPO of the Exception before the Department conducts a Procurement.

(C) Provide to the Emergency Board, each calendar quarter, copies of each Cost Analysis, Exception, and any other records described in this Subsection (6)(d);

(D) Prepare a request to the Governor for an appropriation and authority necessary for the Authorized Agency to hire personnel and obtain resources necessary to perform the Services that the Authorized Agency procured under this Subsection (6)(d). The request must include a copy of the records that the Authorized Agency provided to the Emergency Board under Subsection (6)(d)(C).

### Buy Decision and Methods of Source Selection

(1) Buy Decision. The Buy Decision means the decision to buy Supplies and Services through socio-economic programs, agreements, or the open market (Source). Agency is not required to make a Buy Decision based on the lowest price. See the specific law for the authority to use each Source.

(2) Priority. Agencies must make their Buy Decision in the priority order set forth in subsections (a) through (d) and in accordance with applicable law (Priority). If a higher Priority Source satisfies a Procurement and law requires the use of that Source, the Agency must procure through that higher Priority Source and may not elect to procure through a lower Priority Source.

(a) Surplus Property. Procuring from surplus property promotes the efficient use of existing resources (see OAR 125-050-0100 through 125-050-0400).

(b) Qualified Rehabilitation Facilities (QRFs). Procuring from QRFs assists individuals with disabilities through gainful employment (see ORS 279.835 through 279.855 and OAR 125-055-0005 through 125-055-0045).

(c) Inmate Labor. See the Oregon Constitution, Article I, Section 41, subsection 11, which encourages the use of inmate work programs.

(d) Statewide Department Price Agreement. Economy and efficiency are promoted through volume and strategic purchases. Some Statewide Department Price Agreements are Mandatory Use Contracts, described in OAR 125-247-0296. To determine if a Price Agreement exists and whether it is mandatory, use ORPIN and perform a "Statewide Contract Search" or an "Award Search" for "active" Contracts. Under ORS 279A.140, DAS has the procurement authority to establish and administer statewide Price Agreements, and according to the terms of each Price Agreement, DAS delegates the procurement authority to the Agencies to use these Statewide Department Price Agreements.

(3) ORS 190 Agreement. Section (2) does not apply to ORS 190 Agreements that promote the use of existing state resources, including an Interagency Agreement, Intergovernmental Agreement, Interstate Agreement, International Agreement, or Tribal Agreement (see OAR 125-246-0365). An Agency may elect to use an ORS 190 Agreement at any time.

(4) Open Market. If sections (2) and (3) do not apply, the Agency may procure Supplies and Services through the open market, using the methods provided under the Public Contracting Code, related Rules, and policies. See ORS 279AB, OAR 125-246 and 247.

(5) Methods of Source Selection. An Authorized Agency must award a Contract for Supplies and Services by one of the following seven sourcing methods in accordance with the Code and related Rules:

(a) Competitive Sealed Bidding according to ORS 279B.055;

(b) Competitive Sealed Proposals according to ORS 279B.060;

(c) Small Procurement according to ORS 279B.065;

# ADMINISTRATIVE RULES

- (d) Intermediate Procurement according to ORS 279B.070;
- (e) Sole-Source Procurement according to ORS 279B.075;
- (f) Emergency Procurement according to ORS 279B.080; or
- (g) Special Procurement according to ORS 279B.085. A Cooperative Procurement in accordance with OAR 125-246-0400 substantially uses a Competitive Sealed Bidding or Competitive Sealed Proposals method.

### Special Procurements; Request Procedures

(1) Approval. An Authorized Agency may request approval of its new or amended Special Procurement from the Chief Procurement Officer. The request must describe one or more particular Contracts or class of Contracts and use the designated ORPIN form. A request for a Special Procurement concerns the procurement process only, and the authority to use the Special Procurement is determined under OAR 125-246-0170.

(2) Requests. Special Procurement Requests must contain the following:

(a) Request must include reason(s) why Agency has elected to use Special Procurement and how it will benefit the Agency or the public.

(b) The Request must include findings, market research, or other documentation that the Special Procurement:

(A) Is unlikely to encourage favoritism in the awarding of Public Contracts or to substantially diminish competition for Public Contracts, and

(B) Either:

(i) Is reasonably expected to result in substantial cost savings to the Agency or to the public; or

(ii) Otherwise substantially promotes the public interest in a manner that could not practicably be realized by complying with requirements that are applicable under ORS 279B.055, 279B.060, 279B.065 or 279B.070 or under any related Rules.

(c) The alternative process designed by the Agency must be clear and complete, including a description of the Supplies and Services that are the subject of the Special Procurement, provisions for advertisement, a procurement process, including provisions for Amendment and criteria for selection, and the proposed contract document.

(d) The Chief Procurement Officer may require any additional information deemed necessary to evaluate the Agency's request for approval of a Special Procurement.

(3) Effect. The Special Procurement approval is effective only after the Chief Procurement Officer's approval of the findings and Request and completion of the Public Notice required under section (4) of this Rule.

(4) Public Notice. The Public Notice process and requirements are as follows:

(a) General. The requesting Authorized Agency must give public notice of the approval of its Special Procurement as required under ORS 279B.085(4) and in accordance with this Rule, unless otherwise directed by the Chief Procurement Officer (Public Notice). As a Written condition to approval of the Special Procurement, the Chief Procurement Officer may require that the Department instead of the requesting Agency give the Public Notice.

(b) Content. The Public Notice must at least describe the Supplies and Services or class of Supplies and Services to be acquired through the Special Procurement.

(c) Time Periods.

(A) If the Special Procurement involves one or more Solicitations, then Public Notice of the approval of the proposed Special Procurement must be given at least seven (7) calendar Days before the Award. The Solicitation Document must either contain the attached request and approval of the Special Procurement or incorporate the request and approval by reference with the documents easily accessible to Affected Persons; or

(B) If the Special Procurement does not involve a Solicitation, then Public Notice of the approval of the Special Procurement must be given at least seven (7) Days before the commencement of the Special Procurement.

(d) An Agency may request certain information to be withheld from the public notice requirement of this Rule in cases where confidentiality or security may be jeopardized only according to an exception under the Public Records Law (ORS 192.410 through 192.505).

(5) Protest. An Affected Person may protest the approval of a Special Procurement in accordance with ORS 279B.400 and OAR 125-247-0700.

(6) Reference. Any Solicitation or Contract resulting from a Special Procurement approval must contain a reference to the number of the approved Special Procurement.

(7) Conditions. If the Chief Procurement Officer provides Written approval of the proposed Special Procurement (Approval), the Authorized Agency must award any Contract under the Special Procurement in accordance with the conditions of this Approval and any subsequent amendments to the Approval. The Approval may include conditions, including but not limited to expiration, Public Notice and dollar limitations, and may be revoked at any time by the Chief Procurement Officer.

(8) If an Authorized Agency competitively solicits, it must comply with the process described in the Special Procurement or the Rules for that method of Solicitation according to ORS 279B.055 through 279B.070 and 279A.200 et seq.

(9) Nothing in this Rule exempts the Agency from obtaining the approval of the Attorney General for legal sufficiency according to ORS 291.047.

(10) All Agencies must comply with ORS 200.035 and related Department policy, despite this Rule.

(11) If an Authorized Agency intends to award a Contract through a Special Procurement that calls for competition among prospective contractors, the Authorized Agency must award the Contract to the Offeror the Authorized Agency determines to be the most advantageous to the Authorized Agency.

(12) Reporting. An Authorized Agency must comply with ORS 279A.165, including but not limited to:

(a) Application. This section (12) applies to all Special Procurements advertised or otherwise solicited on or after January 1, 2012.

(b) Records. An Authorized Agency must maintain records about its Special Procurements that enable the Agency to determine and provide to the Chief Procurement Officer at least the following information:

(A) The name of the Agency that conducted each Special Procurement;

(B) The number of Special Procurements the Agency conducted;

(C) The number of contracts awarded through each Special Procurement;

(D) A summary of the reasons that the Agency decided to conduct each Special Procurement;

(E) A descriptive summary of the procurement procedure used to conduct the Special Procurement, noting whether the procedure was competitive or not;

(F) A listing of the number of Offers the Agency received if the Special Procurement procedure was competitive;

(G) The contract price or estimated contract price for each contract awarded through a Special Procurement;

(H) A summary of the protests or other responses to the approval of each Special Procurement that the Agency received; and

(I) A summary of the disposition of the protests or other responses described in subsection 12(b)(H).

(c) Reports. Authorized Agencies must provide to the Chief Procurement Officer the information in section (12)(b) of this rule.

(A) Form. Agencies must report on a form approved by the Chief Procurement Officer.

(B) Timing. Agencies must deliver regular reports on the approved form to the Chief Procurement Officer no later than the dates announced by the Chief Procurement Officer.

(d) Section (12) of this Rule is effective on the date of the filing of this amended Rule.

### Price Agreements and Mandatory Use Contracts

(1) Mandatory Use Contracts, for the purposes of this Rule and including Department Price Agreements, service agreements, and sales agreements, may be established for the purposes of minimizing paper work, achieving continuity of product, securing a source of supply, reducing inventory, combining Agency requirements for volume discounts, standardization among Agencies, and reducing lead time for ordering. A Mandatory Use Contract requires the Authorized Agency to purchase Supplies and Services for an anticipated need at a predetermined price, provided the Mandatory Use Contract is let by a competitive Procurement Process according to the requirements of ORS 279ABC and these Rules.

# ADMINISTRATIVE RULES

(2) Authorized Agencies may purchase the Supplies and Services from a Contractor awarded a Mandatory Use Contract without first undertaking additional competitive Solicitation.

(3) Authorized Agencies must use Mandatory Use Contracts established by the Department unless otherwise specified in the Contract, allowed by law or these Rules, or specifically authorized by the Chief Procurement Officer.

(4) Despite section (3) above, Authorized Agencies are exempted from Mandatory Use Contracts for acquisition of the following, regardless of dollar amount:

(a) Supplies and Services from another Oregon Public Agency provided that a formal, Written agreement is entered into between the parties;

(b) Personal property for resale through student stores operated by public educational Agencies; and

(c) Emergency purchases declared by an Authorized Agency according to ORS 279B.

(5) Authorized Agencies may be exempted from a Mandatory Use Contract upon a request to and approval by the Contract Administrator of the Mandatory Use Contract.

(6) The term of the Contract, including renewals, must not exceed the maximum term stated in the original Solicitation.

### Policy

(1) As provided in ORS 279B.205 and consistent with 279A.015, specifications must seek to promote optimal value and suitability for the purposes intended and to reasonably encourage competition in satisfying an Agency's needs. Subject to 279B.405, the specification content must be determined in the sole discretion of the Agency.

(2) Contractor Advantage; General.

(a) Policy. As provided in ORS 279B.210, it is the policy of the State of Oregon to encourage the development of clear, precise and accurate Specifications in Solicitations for Public Contracts. To that end, in developing Specifications, Agencies may consult, under contract or otherwise, with technical experts, suppliers, prospective contractors and representatives of the industries with which the Agencies contract, as set forth in ORS 279B.210.

(b) Application. In the event of conflict or ambiguity arising from the general requirements of section (2) of this Rule and the specific requirements of section (3) of this Rule, the specific requirements take precedence over the general requirements.

(3) Contractor Advantage; Services Contract; Exception. An Authorized Agency must comply with ORS 279B.040, including but not limited to the following:

(a) No Appearance of Contractor Advantage. If an Agency enters into a contract with a contractor to advise or assist the Agency in developing specifications, a scope or statement of work, an invitation to bid, a request for proposals or other solicitation documents and materials (Solicitation Materials) related to a procurement (Procurement), the Agency may not accept an Offer from that contractor or its affiliate that is related to the Procurement, if a reasonable person would believe that, by giving the advice or assistance, the contractor or affiliate would have or would appear to have an advantage in the Procurement. "Affiliate" means a person that, directly or indirectly through one or more intermediaries, controls, is controlled by or is under common control with a contractor described in this section.

(b) Exception.

(A) Before awarding a contract for the advice or assistance of a contractor described in subsection (3)(a), the Agency must request an exception from the Chief Procurement Officer, if the Agency wishes to later accept an Offer from the Provider.

(B) The Agency's request for the exception must include sufficient findings of fact and justifications that will enable the Chief Procurement Officer to make an independent judgment.

(C) The Chief Procurement Officer must determine whether:

(i) The Agency needs advice or assistance from a contractor to develop the Solicitation Materials;

(ii) Accepting an Offer from the contractor that gives the advice or assistance is the only practicable way in which the Agency can conduct the Procurement successfully; and

(iii) Approving the exception:

(I) Is unlikely to encourage favoritism in awarding public contracts or to substantially diminish competition for public contracts; and

(II) Is reasonably expected to result in substantial cost savings to the Agency; or the public or otherwise substantially promotes the public interest in a manner that could not be practically realized by complying with the prohibition described in subsection (3)(a).

(D) If the Chief Procurement Officer approves the Agency's request, the Chief Procurement Officer must prepare written findings and justifications for the approval.

(E) If the Chief Procurement Officer disapproves the Agency's request, the Chief Procurement Officer must:

(i) State the Chief Procurement Officer's reasons for the disapproval in a written notice to the Agency, and

(ii) Indicate whether the disapproval extends only to the Agency's acceptance of an Offer from a contractor described in Subsection (3)(a) or whether the Chief Procurement Officer also disagrees with the Agency's stated need for advice or assistance from a contractor.

(F) The Chief Procurement Officer's approval or disapproval is final.

### Amendments to Contracts and Price Agreements

(1) See OAR 137-047-0800.

(2) Regardless of OAR 137-047-0800, Authorized Agencies must comply with the following provisions:

(a) Authority. All Amendments to Contracts must be signed by the authorized representatives of the parties to the Contracts, except that Amendments to Ordering Instruments may be accepted by the action of the Provider in accordance with the terms and conditions of the Ordering Instruments. All Amendments must receive all required approvals before the Amendments become binding on the Authorized Agency and before any service may be performed or payment made, including but not limited to the Department of Justice legal sufficiency review according to ORS 291.047.

(b) Approval.

(A) Authorized Agencies must obtain prior Written approval of the Amendment by the Designated Procurement Officer or delegate, or the Chief Procurement Officer or delegate, if the cumulative value of the original Contract Price and all Amendments exceeds \$150,000.00, or one hundred twenty-five percent (125%) of the original Contract Price, whichever is greater.

(B) The approval in subsection (b)(A) is not required if the Authorized Agency disclosed in the Solicitation Document and in the Contract its plans for future Amendments, like phases or other expected developments. Standard language used commonly in documents without variation (boilerplate) does not disclose the Agency's plans and expectations for future Amendments.

(C) The Designated Procurement Officer or delegate, or the Chief Procurement Officer or delegate, must determine and document that the proposed Amendment:

(i) Is not a material change of the essential identity or main purpose of the Original Contract; and

(ii) Does not constitute a new undertaking that should result in a new Procurement. The determination and approval must be included in the Procurement File.

(c) Original Contract. The Original Contract was awarded either:

(A) According to ORS 279B.055, 279B.060, 279B.065, 279B.070, 279B.075, 279B.080, 279B.085, or 279A.200 through 279A.220; or

(B) Other statutory law.

(d) Price Agreements. The Department or its delegate may amend a Price Agreement as permitted by the Price Agreement or applicable law.

(e) Intermediate Procurement. See OAR 125-247-0270.

(f) Emergency Procurement. See OAR 125-247-0280.

(g) Small Procurement. See OAR 125-247-0265.

### Application

(1) In addition to the general requirements set forth in division 246 of these Rules, the Rules in this division 248 apply to:

# ADMINISTRATIVE RULES

(a) The screening and selection of Architects, Engineers, Photogrammetrists, Transportation Planners, Land Surveyors, and Providers of Related Services under Contracts, and set forth the procedures through which Authorized Agencies select Consultants to perform Architectural, Engineering, Photogrammetric Mapping, Transportation Planning and Land Surveying Services or Related Services; and

(b) Two-tiered procedures for selection of Architects, Engineers, Photogrammetrists, Transportation Planners, Land Surveyors and Providers of Related Services for certain Public Improvements owned and maintained by a Local Government.

(2) In the event of conflict or ambiguity, the more specific requirements of the Rules in this Division 248 take precedence over the more general requirements of the Rules in division 246.

(3) The Rules as a whole implement the Oregon Public Contracting Code, as defined in ORS 279A.010, and this Division 248 of the Rules specifically addresses matters covered in ORS Chapter 279C.110 through 279C.125.

(4) Delegation of authority for these contracts must be according to OAR 125-246-0170.

(5) The dollar Threshold amounts that are applicable to the Direct Appointment Procedure, OAR 125-248-0200, the Informal Selection Procedure, 125-248-0210, and the Formal Selection Procedure, 125-248-220, are independent from and have no effect on the dollar Threshold amounts that trigger the legal sufficiency review requirement for Agencies under ORS 291.047.

(6) For purposes of these division 248 Rules, the Department adopts the following Model Public Contract Rules: 137-048-0110, 137-048-0120, 137-048-0130, 137-048-0200, 137-048-0210, 137-048-0220, 137-048-0230, 137-048-0240, 137-048-0250, 137-048-0260, 137-048-0270, 137-048-0300, 137-048-0310, 137-048-0320.

## Department of Agriculture Chapter 603

**Rule Caption:** Prohibits unpermitted movement of poultry products into or out of Douglas County, Oregon.

**Adm. Order No.:** DOA 15-2014(Temp)

**Filed with Sec. of State:** 12-30-2014

**Certified to be Effective:** 12-30-14 thru 6-27-15

**Notice Publication Date:**

**Rules Adopted:** 603-011-0800, 603-011-0810, 603-011-0820, 603-011-0830, 603-011-0840

**Subject:** These rules establish an emergency quarantine in Douglas County, Oregon prohibiting the movement of poultry or poultry products into or out of Douglas County without a permit obtained from the USDA Animal Plant Health Inspection Service. A quarantine is necessary to prevent the spread of Highly Pathogenic Avian Influenza (HPAI) H5N8, the spread of which could seriously prejudice the public health or welfare of the State of Oregon and pose a severe threat to the animal health of the United States.

## 603-011-0800

### Highly Pathogenic Avian Influenza (HPAI) H5N8, Emergency Quarantine and Movement Restrictions

The United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) confirmed the presence of highly pathogenic avian influenza (HPAI) H5N8 in guinea fowl and chickens in Douglas County, Oregon. HPAI is a high consequence foreign animal disease (FAD) of national concern. If introduced in Oregon, HPAI would result in serious prejudice to the public health, safety or welfare of the state of Oregon and may pose a severe threat to the animal health of the United States, and in some cases, the human health and the economy. HPAI poses a significant threat to poultry agriculture in the state of Oregon and in the

United States and is considered to have the highest risk consequences if detections are not controlled. An Emergency Quarantine Order has been issued by the director and is filed with the county clerk in Douglas County. These rules implement the emergency quarantine and apply to all poultry and poultry products going into and out of Douglas County, Oregon.

### Definitions

For the purposes of this section unless the context requires otherwise.

(1) “Director” means the director of the Oregon Department of Agriculture.

(2) “Highly Pathogenic Avian Influenza (HPAI)” means highly pathogenic avian influenza caused by the H5N8 virus.

(3) “Oregon State Veterinarian” means the State Veterinarian appointed by the Director of the Oregon Department of Agriculture as the chief livestock sanitary official of the state.

(4) “Poultry” includes, but is not limited to, chickens, turkeys, waterfowl, pheasants, quail, partridges, grouse, guineas, and peafowl of all ages and their hatching eggs. Other avian species includes all birds not defined as poultry whether to be held in captivity or released from captivity.

(5) “Poultry Products” includes any poultry commodity or material that can spread HPAI including meat (fresh or frozen), blood or meal, feathers, litter/manure and eggs.

(6) USDA means the United States Department of Agriculture and includes the USDA Animal and Plant Health Inspection Service (APHIS).

### Emergency Quarantine Restricting Movement

(1) Area under restriction: The emergency quarantine includes Douglas County Oregon.

(2) Items under restriction: Poultry, poultry products, poultry waste, originating from backyard flocks, commercial flocks or any poultry production facility. Included in this restriction are vehicles that make deliveries of live birds, feed, or equipment to poultry operations of any sort in quarantined areas and then travel into the state of Oregon.

(3) Prohibitions:

(a) Except as provided in subsection (4) below, live or dead poultry, poultry products, poultry waste originating from backyard flocks, commercial flocks or any other poultry production facility may not be transported or otherwise moved into or out of Douglas County. Vehicles, equipment or materials of any type that could transmit HPAI may not be transported or otherwise moved into Oregon from the area under quarantine.

(b) Except as provided in subsection (4) below, no equipment used for the processing of eggs or for the housing, feeding, watering, handling, or otherwise caring for poultry may be transported or otherwise moved into Oregon from the quarantine area.

(c) No commercial vehicle originating from the quarantine area which has transported feed, eggs, or equipment or other materials that could transmit HPAI may leave the area of quarantine unless proof of the cleaning and disinfection of the vehicle and trailer performed immediately prior to traveling to Oregon is provided to the State Veterinarian. This proof must be in writing and must demonstrate that the cleaning and disinfection was performed according to National Animal Health Emergency Management System (NAHEMS) Guidelines: Cleaning and Disinfection, June 2011.

(4) Permit for Movement: No poultry or poultry products originating from backyard flocks, commercial flocks or any other poultry production facility may be transported or otherwise moved into or out of Douglas County without a permit obtained as provided in this subsection.

(a) A VS Form 1-27 Permit for Movement must be obtained from the Permitting Unit of the USDA, APHIS incident management unit.

(b) A VS Form 1-27 Permit must certify that live poultry show no clinical signs of illness.

(c) A VS Form 1-27 Permit must certify that the premises of origin of live poultry have been sampled in accordance with the Foreign Animal Disease Preparedness and Response Plan; APAI Response Plan, September 2011 with negative results for HPAI.

(d) In addition to a Permit for Movement as specified in this subsection, any person seeking to transport poultry or poultry products from the area of quarantine must certify that at least twenty-one days must have

### Quarantine Powers

(1) In addition to any other lawful authorities, the director may individually quarantine poultry or poultry products as necessary to protect the public health, welfare or safety. The director shall give any person(s) that are subject to quarantine written notice of quarantine by delivering the notice to the person in charge of the property.

(2) Poultry that meets either of the following requirements may be destroyed:

(a) The State Veterinarian, or a veterinarian designated by the state, determines that the poultry is showing signs of HPAI and that there is a probable exposure pathway, and the veterinarian has consulted with the USDA and the State Veterinarian and they concur with the determination, then the poultry must be destroyed.

(b) If the poultry is showing signs of the disease, but there is not a probable exposure pathway, then the poultry must be destroyed if there is a positive test result for the disease. Poultry may be retested for HPAI before the poultry is destroyed upon the discretion of the State Veterinarian.

(3) Poultry must be put to death by humane methods and the carcass(es) disposed of as the State Veterinarian directs. In addition, any infected or exposed poultry products must be destroyed and disposed of as the State Veterinarian directs.

### Violations

(1) It shall be unlawful for any person, firm or corporation to violate either in whole or in part any provision of these rules. In addition to any lawful remedy or penalty, violation of these rules may result in issuance of a civil penalty.

(2) In addition to any other lawful remedy, the court may enter an order compelling an owner or person in charge of the poultry or poultry products to cease and desist resisting the actions of the director even before the owner or person in charge is given an opportunity to appear, if the court is given sufficient information to prove that allowing the owner or person in charge the chance to appear would jeopardize disease eradication and control efforts. However the owner or person in charge may bring suit after the emergency is over.

### Brassicaceae Production Districts and Rapeseed Control Areas

As provided in ORS 570.405 and 570.450, the Oregon Department of Agriculture may establish control areas for the production of Brassicaceae so as to protect against plant diseases, plant pests or other conditions as may constitute a menace to the horticultural, agricultural or forest industries of Oregon. The Department may also establish the conditions for the production of Brassicaceae including rapeseed, for the general protection of the horticultural, agricultural or forest industries of Oregon by excluding from established control areas Brassica spp. or rapeseed plants that if, not managed in accordance with these rules, may be a menace to such areas and generally to horticultural, agricultural or forest industries.

### Definitions

Unless the context requires otherwise, the following terms are defined as indicated:

(1) "Blackleg" means the disease of crucifer crops and Brassicaceae species caused by the fungi *Leptosphaeria maculans* (asexual stage = *Phoma lingam*) and *Leptosphaeria biglobosa*.

(2) "Brassicaceae" means any genera and species in the plant family Brassicaceae including, but not limited to, all species of Brassica and Sinapis, and Raphanus sativus.

(3) "Cover crop brassica" means any species of Brassica that is grown as a cover crop and is not allowed to flower.

(4) "Department" means the department of agriculture of the state of Oregon.

(5) "Director" means the director of the department or the Director's duly authorized representative.

(6) "Forage brassica" means any species of Brassica that is grown for animal/livestock feed and is not allowed to flower.

(7) "Person" means an individual, firm, partnership, corporation, company, society, association, cooperative, two or more persons having a joint or common interest, or any unit or agency of local, state, or federal government.

(8) "Producer" means any person who is the owner, tenant, or operator of land who has an interest in, and is entitled to receive all or any part of the proceeds from the sale of any commodity produced on that land.

(9) "Rapeseed" means plants of the species *Brassica napus*, *Brassica rapa*, *Brassica juncea*, or other Brassica species grown for the purpose of edible or industrial oil production. Canola is a rapeseed and means any plant of the genus Brassica in which seeds having a high oil content are the primary economically valuable product and that have a high erucic acid content suitable for industrial uses or a low erucic acid content suitable for edible oils.

(10) "Field" For the purpose of this rule a field may include one or more contiguous plots of land managed as a single unit. These plots may be separated by an unimproved farm road, ditch or hedgerow.

### General Production Area

All lands in Oregon constitute the General Production Area for the purposes of controlling pests and diseases of Brassicaceae. With the exception of prepackaged seed lots of Brassicaceae of one-half (0.5) ounce or less for home use and transplants for home use, Brassicaceae production in the General Production Area is subject to the following best management practices:

(1) All Brassicaceae seed stock intended for commercial planting that trades in commerce in the General Production Area must be accompanied by an official test stating that the untreated seed is free from blackleg (*Leptosphaeria maculans*); and

(2) All Brassicaceae seed stock must also be treated prior to planting. Treatment methods approved by the Department for blackleg control include:

(a) Hot water treatment for 25- to 30-minutes at 50°C (122°F); and

(b) Treatment with a fungicide registered for the purpose of treating Brassicaceae seed for blackleg control.

(3) To prevent buildup of blackleg, blackrot, and other diseases and pests, Brassicaceae may not be grown on the same plot of land in two consecutive years or not more than two years in every five.

(4) Brassicaceae crops grown in the General Production Area but transported into or through protected districts are subject to the transport and other requirements of the protected district through which the Brassicaceae is transported.

(5) Any volunteer or uncontrolled Brassicaceae in and around production fields must be rogued out or otherwise eliminated by the producer.

(6) Fields in which blackleg (*Leptosphaeria maculans*) has been detected and officially confirmed by the Department must be treated in a manner approved by the Department. The Department shall issue a treatment plan to the producer in the form of an Administrative Directive. Such treatments shall be at the expense of the producer or producers, or their responsible agent or agents. The treatment plan may include some or all of the following activities:

(a) Foliar fungicide applications;

(b) Roguing out infected plant materials;

(c) Post-harvest residue management;

(d) Crop destruction.

(7) The Department and other interested parties shall review these General Production Area requirements biennially for accuracy and effectiveness.

**NOTE:** Information on laboratories in Oregon approved by the Department for conducting official seed tests is available from the Oregon Department of Agriculture, 635 Capitol St. NE, Salem, OR 97301, 503-986-4620.

### Protected Districts; Prohibitions

(1) Growth of rapeseed seed crops for edible or industrial oil production requires special care and isolation. Rapeseed may be grown within the following protected districts only in accordance with those rules governing each protected district, except that rapeseed grown in the Willamette Valley Protected District as described in HB 2427 (2013) is governed by 2013 Oregon Laws Chapter 724. The following are protected districts:

(a) Willamette Valley Protected District;

(b) Central Oregon Protected District;

(c) Northeast Oregon Protected District;

(d) Malheur/Idaho Protected District.

(2) No person shall violate any provision of those rules governing each protected district.

### Central Oregon Protected District

(1) The following area is designated as the Central Oregon Protected Area: the entire counties of Crook, Deschutes and Jefferson.

(2) Forage brassica and cover crop brassica may be grown but shall not be allowed to flower.

(3) Rapeseed seed crops are prohibited in the Central Oregon Protected District except under Research Permit (see 603-052-0901(1)). All rapeseed grown under research permit must meet the following conditions:

(a) Within the Central Oregon Protected District the required isolation distance shall be not less than three miles;

(b) The location of all rapeseed fields must be recorded at the appropriate Oregon State University County Extension Office at least ten days prior to planting;

(c) All planting, harvest, and transportation equipment shall be cleaned to prevent any inadvertent spread of rapeseed from the field;

(d) All unbagged loads of rapeseed transported within the protected district must be in enclosed bins or in containers lined and covered in a manner to prevent seed loss; and

(e) Any volunteer or uncontrolled rapeseed in or around production fields must be prevented from flowering by the producer.

### Northeast Oregon Protected District

(1) The following area is designated as the Northeast Oregon Protected District: the entire counties of Baker, Union and Wallowa, except the following part of Wallowa County which is designated as a general production area: Township 4N, Range 43E; Township 4N, Range 44E; Township 4N, Range 45E; Township 5N, Range 43E; Township 5N, Range 44E; and Township 5N, Range 45E; and those portions of Township 6N, Range 43E; Township 6N, Range 44E; and Township 6N, Range 45E falling within the State of Oregon.

(2) Forage brassica and cover crop brassica may be grown but shall not be allowed to flower.

(3) Rapeseed seed crops are allowed in the Northeast Oregon Protected District subject to the following requirements:

(a) Within the Northeast Oregon Protected District the required isolation distance from any crops with which rapeseed could cross-pollinate shall be not less than two miles;

(b) The location of all rapeseed fields must be recorded at the appropriate Oregon State University County Extension Office at least ten days prior to planting;

(c) All planting, harvest, and transportation equipment shall be cleaned to prevent any inadvertent spread of rapeseed from the field;

(d) All unbagged loads of rapeseed transported through or within the protected district must be in enclosed bins or in containers lined and covered in a manner to prevent seed loss; and

(e) Any volunteer or uncontrolled rapeseed in or around production fields must be prevented from flowering by the producer.

### Malheur/Idaho Protected District

(1) The following area is designated as the Malheur/Idaho Protected District: in Malheur County, a 3-mile wide strip of land along the Idaho border from the point where Payette County, Idaho's northern border intersects Malheur County's eastern border, south to the point where Highway 95 crosses the Oregon border. This strip of land borders Idaho's rapeseed production district IV (IDAPA 02.06.13) where rapeseed production is prohibited. The rest of Malheur Co. is a general production area.

(2) Forage brassica and cover crop brassica may be grown but shall not be allowed to flower.

# ADMINISTRATIVE RULES

(3) Rapeseed seed crops are prohibited in the Malheur/Idaho Protected District.

## 603-052-0921 Violations

(1) No person shall violate any control area rule governing the production of Brassicaceae in Oregon.

(2) Consistent with ORS 561.280 and 570.405 and in addition to any other lawful remedy, the Director may bring an action to enjoin the violation or threatened violation of any provision of 570.405 and 570.450 or its rules. Such action may be filed in the circuit court of Marion County or in the county in which the violation or threatened violation occurs or is about to occur. Consistent with applicable law, the relief requested may include, but is not limited to, an order for summary destruction of any rapeseed crop.

(3) Notice of Noncompliance and Plan of Correction. In addition to, or in lieu of, any action to enjoin enforcement of these rules, the Director may issue a Notice of Noncompliance and Plan of Correction to any person.

(a) A Notice of Noncompliance informs the person to whom the notice is directed of the violation, including a reference to the particular statute or administrative rules involved, and the location of the violation;

(b) A Plan of Correction directs the person to whom the plan of correction is directed to perform those actions necessary to comply with the particular statute or administrative rules involved;

(A) Specifies a reasonable period of time by which compliance is to be achieved not to exceed five (5) calendar days after the notice is received;

(B) May include requirements for the person to whom the plan of correction is directed to report the completion of specific actions;

(c) A Notice of Noncompliance and Plan of Correction is issued by the Director, is an order other than contested case for purposes of judicial review, and must be served personally or by registered or certified mail.

(d) Failure to perform any of the requirements of a Plan of Correction may be considered by the Director as a failure to correct the violation within the period of time set for correction by the Director in the Notice of Noncompliance and Plan of Correction and may result in any lawful enforcement including, but not limited to, those remedies described in subsection (2) of this section.

**Rules Adopted:** 918-098-1505

**Rules Repealed:** 918-098-1505(T)

**Subject:** The Building Codes Division (Division) adopted inspector certification rules in 2005 that require an individual to hold an Oregon Inspector Certification in addition to any appropriate Oregon Code Certification or International Code Certification. The purpose was to create a central certification which the Division could regulate and use to hold certified inspectors accountable. Concern was raised that the rules do not clearly connect the purpose of the Oregon Inspector Certification to the enforcement powers granted the Division in ORS 455.740.

On August 26, 2014, a temporary rule was adopted which clarified that any grounds for enforcement action against any building inspection program certification held by an individual is also grounds for action against the Oregon Inspector Certification held by that

same individual. The purpose of this rule is to make that clarification permanent.

### Oregon Inspector Certification Sanctions

When the Director is authorized to deny, condition, suspend, immediately suspend, revoke, or refuse to renew any building inspection program certification held by an individual, the Director may also deny, condition, suspend, immediately suspend, revoke, or refuse to renew the Oregon Inspector Certification held by that same individual. This rule is applied retroactively from July 7, 2005.

### Permits, Inspections and Appeals

(1) All amusement rides and amusement devices must be inspected prior to the issuance or renewal of an operating permit. Any defects identified during the inspection that are dangerous to health or safety must be corrected before the inspector issues an inspection report. Defects that do not present an immediate hazard to the safety of the public or persons using the ride or device, or that may be temporarily corrected by restrictions in the operation of the ride or device, shall be noted as a restriction on the permit application, and the permit then issued. However, such defects must be corrected before the time of renewal of the permit. The operator shall notify the division when the corrections are completed by signing and delivering to the division the copy of the permit application provided for reporting corrections. Upon receipt of the inspection reports and certification that the ride or device complies with ORS 460.310 through 460.410 and these rules, receipt of a certificate of insurance from the insurer of the ride, and receipt of the required fees, the division shall issue a permit to operate the ride or device. The permit shall be attached to each amusement ride or device in a location accessible and clearly visible to persons who may wish to confirm the existence of the permit.

(2) The certificate of insurance required by section (1) of this rule, shall:

(a) Be an original on the standard form issued by the insurance carrier;

(b) Include the insurance policy number, the identifying name and, if available, the model and serial or other identifying number of the ride or device; and

(c) Include a statement that the insurance carrier will give the division 30 days prior notice before the insurance policy is canceled.

(3) Permits shall expire one year from the date of issue and renewal permits shall begin on the date of expiration of the expired permit. Within ninety days prior to expiration of an existing permit, an operator may apply on a division form to renew a permit to operate an amusement ride or device.

(4) The results of the inspection shall be recorded by the inspector on forms furnished by and filed with the division. A copy of the report shall also be provided to the operator.

(5) The division may make unscheduled inspections of previously inspected rides.

# ADMINISTRATIVE RULES

(6) Any inspector or representative of the division may issue, in writing, a stop order for any amusement ride or device determined to be hazardous or unsafe. Operation shall not resume until the unsafe conditions are corrected and a reinspection has been performed.

(7) The division may suspend or revoke a permit to operate for failure to conform to the minimum safety requirements contained in these rules or otherwise required by law. Proof of compliance with the requirements of the division for reinstatement shall be based on a reinspection.

(8) If the division proposes to suspend or revoke a permit to operate an amusement ride, it shall provide notice in accordance with ORS 183.415 of its proposed action and the basis for such action. If the operator desires a hearing, the operator shall so notify the division in writing, within 20 days. If the division suspends or refuses to renew a permit on an emergency basis as provided by ORS 183.430(2), the operator may request in writing a hearing within 90 days. If the division refuses to issue a permit on grounds other than failure to pass an inspection, the operator may request in writing a hearing within 60 days. For purposes of this section, the calculation of time for notification or receipt shall be:

(a) When mailed by the division, the date mailed plus two days;

(b) When mailed to the division, the date received by the division, less two days.

(9) Temporary renewal permits may be issued as authorized by ORS 460.330(3) upon written application to the division, and payment of the permit fee. Temporary permits shall be valid for 14 days. If the annual renewal permit is issued prior to expiration of the temporary permit, no additional fee shall be required.

(10) Any person failing to obtain the necessary permits required by this rule shall be subject to an investigative fee. The amount of the investigative fee shall be the average or actual additional cost of ensuring conformance with these rules and shall be in addition to the required permit fees.

## 918-200-0070

### General Standards and Requirements

(1) All codes, standards, and publications adopted by reference in these rules are adopted pursuant to OAR 918-008-0000.

(2) Except for devices and equipment subject to OAR 918-200-0065, amusement rides and devices subject to inspection and permit under these rules shall be manufactured, installed and maintained according to American Society for Testing and Materials (ASTM) Standards and by the additional standards adopted in these rules.

(3) Effective April 1, 2015 the Oregon Amusement Ride and Device Specialty Code consists of the following:

(a) ASTM F1159 — 2011, Standard Practice for Design and Manufacture of Patron Directed, Artificial Climbing Walls, Dry Slide, Coin Operated and Purposeful Water Immersion Amusement Rides and Devices and Air-Supported Structures.

(b) ASTM F1193 — 2014, Standard Practice for Quality, Manufacture, and Construction of Amusement Rides and Devices.

(c) ASTM F1957 — 1999 (2011), Standard Test Method for Composite Foam Hardness — Durometer Hardness.

(d) ASTM F2007 — 2012, Standard Practice for Design, Manufacture, and Operation of Concession Go-Karts and Facilities.

(e) ASTM Standard F2137 — 2013, Standard Practice for Measuring the Dynamic Characteristics of Amusement Rides and Devices.

(f) ASTM Standard F2291 — 2014, Standard Practice for Design of Amusement Rides and Devices.

(g) ASTM F2374 — 2010, Standard Practice for Design, Manufacture, Operation, and Maintenance of Inflatable Amusement Devices.

(h) ASTM F2375 — 2009, Standard Practice for Design, Manufacture, Installation and Testing of Climbing Nets and Netting/Mesh used in Amusement Rides, Devices, Play Areas and Attractions.

(i) ASTM F2460 — 2011, Standard Practice for Special Requirements for Bumper Boats.

(j) ASTM F2959 — 2012, Standard Practice for Special Requirements for Aerial Adventure Courses.

(4) Daily Operating Inspection:

(a) Each amusement ride shall be given a daily operating inspection by the ride operator before any passenger is permitted to ride. Results of these daily inspections shall be recorded and kept on file by the operator for at least two years, and made available upon request by the division;

(b) A ride or device not properly assembled or defective or unsafe in any of its parts, controls, or safety equipment shall not be operated.

(5) Control of Operation:

(a) Amusement devices shall be operated only by ride operators at least 18 years of age;

(b) Every ride operator shall be trained in the use and function of all normal operating controls, signal systems and safety devices applicable to the ride or device and of the proper use, function, capacity and speed of the particular ride or device being operated. A ride operator shall be at the operating controls during operation and shall have complete control of the ride or device at all times the ride is operated for public use. When the ride or device is shut down the controls shall be locked or incapacitated to avoid unauthorized operation;

(c) Except for amusement devices designed to be operated or controlled by a passenger, only trained ride operators shall handle the controls during normal operation.

(6) A ride or device shall not be loaded beyond its rated capacity or operated at an unsafe speed or at any speed greater than that prescribed by the design engineer or manufacturer. When this information is not available, the operator shall develop criteria for safe operating speeds and rated capacity to the satisfaction of the division.

(7) An operator shall report by telephone to the division as soon as practicable, any accident that occurs from the operation of an amusement ride or device, and that results in death, serious injury or property damage in excess of \$5,000. A written report shall be filed with the division within five working days following the accident. If the accident is a result of equipment failure, the device shall not be operated until it is inspected by an inspector authorized by these rules to inspect the device.

(8) Public Protection:

(a) An amusement device shall not be operated while any person is in a position to be in danger of harm or injury. Areas of potential danger shall be fenced, barricaded or otherwise guarded;

(b) Amusement rides and devices shall not be assembled, disassembled, or operated in a location that at any time may be nearer to energized overhead power lines than:

(A) For lines rated 600 volts or less, minimum clearance between the lines and any part of a lifting crane, ride structure, concession booth, building or equipment shall be 15 feet;

(B) For lines rated over 600 volts, minimum clearance between the lines and the lifting crane, ride, structure, concession booth, building or equipment shall be 15 feet.

(c) Internal Combustion Power Sources:

(A) Internal combustion power sources shall be of adequate type, design and capacity to handle the design load;

(B) Fuel tanks should be of adequate capacity to permit uninterrupted operation during normal operating hours. Where it is impossible to provide tanks of proper capacity for a complete day, the ride or device shall be shut down and unloaded or evacuated during the refueling procedure. The fuel supply shall not be replenished while the engines are running;

(C) An enclosed area in which an internal combustion engine is operated shall be ventilated. Exhaust fumes shall be discharged outside the area. The equipment shall be properly grounded;

(D) Internal combustion power sources shall be located in a manner permitting proper maintenance and be protected by guards, fencing or enclosure to prevent exposure to hazard and to secure the equipment from the public;

(E) The operator shall provide and maintain portable fire extinguishers of the classification, capacity and number prescribed by the State Fire Marshal;

(F) Liquid petroleum gas employed either as fuel for internal combustion engines, for heat, or for illumination shall be stored in a manner approved by the State Fire Marshal;

(G) All flammable liquids shall be stored and handled according to State Fire Marshal standards. Bulk storage in quantities above 60 gallons shall not be in the area accessible to the public.

(d) Interior and exterior parts with which passengers may come in contact shall be smooth, rounded, free from sharp, rough or splintered edges or corners, and with no protruding screws or projections which might cause injury. Parts upon or against which passengers might be thrown by action of the ride shall be adequately padded to prevent or minimize the possibility of injury.

(9) Electrical Standards:

(a) Code. Permanent electrical conductors and equipment installed on or around permanent and temporary amusement parks, carnivals, amusement rides or devices shall conform to the Oregon Electrical Specialty

# ADMINISTRATIVE RULES

Code. Temporary electrical conductors and equipment, and permanent conductors and equipment within permanent rides and devices shall conform to manufacturers' specifications. Electrical equipment and wiring methods in or on rides, concessions or other units shall be provided with mechanical protection where such equipment or wiring methods are subject to physical damage;

(b) Portable Power Outlets and Terminal Boxes. Boxes shall be designed so that no live parts are exposed to accidental contact. Where installed outdoors, the box shall be of weatherproof construction and mounted so that the bottom of the enclosure is not less than six inches above the ground. Boxes shall be kept locked where located in an area accessible to the general public. Receptacles of the grounding type shall have overcurrent protection. Service power shall be connected to the box by receptacles mounted on the exterior walls with safety grounding. Receptacles of the grounding type shall have overcurrent protection within the box. The overcurrent protection shall not exceed the ampere rating of the receptacle, except as permitted for motors. Branch circuits shall include means for equipment grounding and shall connect to receptacles mounted on the box. Exterior openings shall be provided with protective covers, draining eaves or canvas. Conductors fed directly through an opening on the wall of the box shall be color-coded, properly sized, and provided with strain relief. Fuses or breakers shall be secured solidly and all connections within the boxes are to be made with threaded screws and lugs of the proper size. Busbars shall have an ampere rating not less than the overcurrent device supplying the box. Where conductors terminate directly on busbars, busbar connectors shall be provided;

(c) Wiring Methods. Flexible cords and cables shall be permitted for temporary installations provided they are listed for extra hard usage, wet location and be sunlight resistant. Flexible cords and cables supplying power to the disconnecting means of a ride or device shall not be smaller than #10 AWG (American Wire Gauge) and shall contain an equipment-grounding conductor. Metal enclosures of electric equipment and metal frames and metal parts of rides, concessions, trailers, trucks or other equipment that support or contain electrical equipment shall be grounded and bonded to the same source. Single conductor cable shall be permitted only in sizes #2 and larger. Open conductors are prohibited except as part of a listed assembly or for festoon lighting. Flexible cords and cables shall be continuous without splice or taps between boxes or fittings. A box or fitting shall be installed at each connection point, outlet, switchpoint or junction point. Flexible cords or cables run on the ground, where accessible to the public, shall be covered with nonconductive mats. Cables and mats shall be arranged so as not to present a tripping hazard. Cord connectors shall not be laid on the ground in areas traversed by the public. Flexible cords and cables shall be protected from overcurrent at their source of supply;

(d) Disconnecting Means. Each ride and concession shall be provided with a fused disconnect switch or circuit breaker located in an area readily accessible from the operator's station. The disconnecting means shall be readily accessible to the operator, including when the ride is in operation. Where accessible to unqualified persons, the enclosure for the switch or circuit breaker shall be of the lockable type. A shunt trip device that opens the fused disconnect or circuit breaker when a switch located in the ride operator's console is closed shall be a permissible method of opening the circuit.

(e) Power Sources. Electrical power sources shall be located to permit proper maintenance and protected by guards, fencing or enclosures to prevent exposure to the public;

(f) An amusement ride or device constructed before October 1, 1996, which has been issued an operating permit by the Division within the last three years, may be maintained using previously approved electrical materials and methods until the ride or device is rebuilt, subject to major electrical alteration. All other rides or devices without manufacturers' information shall conform to the Oregon Electrical Specialty Code in effect on the date the ride or device was first approved for an operating permit in Oregon.

(10) Stairways, Landings and Ramps.

(a) Safe and adequate means of access to and from amusement rides and devices shall be provided. All passenger ways shall be free from debris, obstruction, projection and other hazards. All floor, ramp and step surfaces shall be constructed and maintained to prevent slipping and tripping. A safe clearance shall be maintained from all mechanical handling equipment;

(b) Adequate stairways or ramps and necessary landings and platforms shall be provided where persons enter or leave a device, ride or structure that is above or below grade or floor level at the entrance to and exit from such. Unless provided by a recognized manufacturer as a part of the amusement ride or device, the design and construction of stairways, ramps,

railings and exits shall conform to the Oregon Structural Specialty Code in effect at the time of manufacture. All stairs with more than three risers shall have handrails or railings on both sides regardless of width;

(c) Stairways, landings and ramps shall be designed, constructed and maintained in accordance with the Oregon Structural Specialty Code in effect at the time the ride or device was first issued an operating permit, but so as to sustain safely a live load of at least 90 pounds per square foot;

(d) At least two exits remote from each other shall be provided from each level floor, tier, room or balcony. An entrance may serve as an exit for the purposes of compliance with this rule. All exits shall conform to the Oregon Structural Specialty Code in effect at the time the amusement ride or device was first issued an operating permit in Oregon, but in no case shall be less than 28 inches wide;

(e) Access to and exits from amusement rides and devices and associated structures shall be provided with illumination by natural or artificial means of at least five foot-candles measured at grade level.

(11) Housekeeping:

(a) Cleanliness. A suitable number of containers for refuse shall be provided in and around all amusement rides and devices and associated structures. Excessive accumulations of trash or rubbish shall be promptly removed. All parts of amusement rides or devices and associated structures used by the public shall be kept clean. The area shall be clear and kept free from trash and tripping hazards;

(b) Air Compressors and Equipment. Air compressors, air compressor tanks and related equipment shall be constructed, equipped and maintained to insure safe operation at all times. Air compressor tanks and other air receivers used with air compressors shall be operated and maintained in compliance with applicable provisions of ORS 480.510 through 480.665 and the rules adopted by the Oregon Board of Boiler Rules;

(c) Oil and Hydraulic Systems. Oil and hydraulic systems and other related equipment used in connection with amusement devices shall be free of leaks and shall be maintained to insure safe operation at all times;

(d) Machinery and Machine Guarding. Machinery used in or with an amusement device shall be enclosed, barricaded or otherwise effectively guarded against contact. Guards removed for maintenance shall be replaced before normal operation is resumed. One or more methods of machine guarding shall be provided to protect the public from injury. Guards shall be fixed to the machine where possible and secured elsewhere if attachment to the machine is not possible. The guard or barrier shall not offer an accident hazard in itself. Barriers shall be secured to prevent movement or tipover. The barriers shall be located to keep the public at a safe distance from the ride. All machinery designed for a fixed location shall be secured;

(e) Mechanical Power Transmission. All power transmission devices and associated moving parts shall be shielded, enclosed or barricaded to protect the public or shall be sufficiently distant to prevent hazard;

(f) Welding, Cutting and Brazing. Welding, cutting or brazing shall not be performed where the public can directly observe the process or be hit by sparks of flying materials. Any welding, cutting and brazing performed when the public is present shall be behind temporary solid barriers.

**Rules Ren. & Amend:** 441-875-0075 to 441-870-0075

**Subject:** On September 16, 2014, the Department of Consumer and Business Services adopted numerous changes to the administrative rules governing mortgage lending, though implementation of the rules was delayed until January 1, 2015. Unfortunately, the department inadvertently omitted citations to two amended rules that revised bonding calculations from the original notice, even though the original statement of need and fiscal impact addressed them. Additionally, the original notice proposed the adoption of OAR 441-875-0075 - which deemed filing false reports of condition as a dishonest, fraudulent or illegal practice or conduct - though the rule was meant to be codified in chapter 441, division 870. This limited rule-making activity adopts amendments to 441-860-0085 and 441-860-0090, as well as renumbering 441-875-0075 to 441-870-0075.

### Corporate Surety Bond for Mortgage Bankers or Mortgage Brokers Acting as or Employing a Mortgage Loan Originator

(1) This rule applies to a mortgage banker or mortgage broker licensed under ORS 86A.095 through 86A.198 and OAR chapter 441, division 860 that either acts as the applicant's sole mortgage loan originator or employs one or more mortgage loan originators. A mortgage banker or mortgage broker must maintain a corporate surety bond during the time the person acts as a mortgage loan originator or during the time the person employs a mortgage loan originator.

(2) The corporate surety bond must be in a form and on terms approved by the director and shall be renewed or replaced each calendar year. The corporate surety bond shall be delivered to the director by December 1 of each calendar year but may be made effective as of December 31 of each calendar year. In no case shall any applicant, mortgage banker or mortgage broker subject to this rule reduce the amount of a corporate surety bond before October 1 of each calendar year.

(3) The corporate surety bond must remain in effect for at least five years after the person ceases to be licensed as a mortgage banker or mortgage broker. A consumer must file a claim against the corporate surety bond before the bond expires as described in this section.

(4) At least five years after a person ceases to be licensed as a mortgage banker or mortgage broker, the person or the writer of the corporate surety bond may apply to the director for release of the corporate surety bond. Unless the director determines that claims are pending against the person for violation of ORS 86A.095 through 86A.198, the director will release the corporate surety bond.

(5) The sum of the corporate surety bond must be calculated based on the sum of the dollar amount of direct and third party loans reported as closed and funded as reported on the Oregon residential mortgage lending activity reports submitted under OAR 441-865-0025 for quarters two, three and four of the previous year and the first quarter of the current year, or as many such quarters as have or should have been filed as of September 1 of the current year. The calculation is then used to determine the sum of the corporate surety bond as follows:

(a) For a person that has not previously conducted business involving the origination of residential mortgage loans in Oregon, the corporate surety bond must be in the amount of \$50,000.

(b) For a person making or negotiating less than \$10,000,000 in residential mortgage loans in Oregon, the corporate surety bond must be in the amount of \$50,000.

(c) For a person making or negotiating \$10,000,000 or more but less than \$25,000,000 in residential mortgage loans in Oregon, the corporate surety bond must be in the amount of \$75,000.

(d) For a person making or negotiating \$25,000,000 or more but less than \$50,000,000 in mortgage loans in Oregon, the corporate surety bond must be in the amount of \$100,000.

(e) For a person making or negotiating \$50,000,000 or more but less than \$100,000,000 in residential mortgage loans in Oregon, the corporate surety bond must be in the amount of \$150,000.

(f) For a person making or negotiating \$100,000,000 or more in residential mortgage loans in Oregon, the corporate surety bond must be in the amount of \$200,000.

### Corporate Surety Bond or Irrevocable Letter of Credit for Mortgage Bankers Not Employing Mortgage Loan Originators

(1) Every applicant for a license as a mortgage banker who will not act as or employ a mortgage loan originator and does not take an application for a residential mortgage loan, or offer or negotiate terms for a residential mortgage loan must file a corporate surety bond or irrevocable letter of credit with the director as specified in this rule in a form and on terms approved by the director. The corporate surety bond shall be renewed or replaced each calendar year. The corporate surety bond or irrevocable letter of credit shall be delivered to the director by December 1 of each calendar year but may be made effective as of December 31 of each calendar year. In no case shall any applicant, mortgage banker or mortgage broker subject to this rule reduce the amount of a corporate surety bond or irrevocable letter of credit before October 1 of each calendar year.

(2) Every person licensed as a mortgage banker must maintain a corporate surety bond or irrevocable letter of credit as specified in this rule during the time the mortgage banker or mortgage broker is licensed but does not act as or employ a mortgage loan originator. The corporate surety bond or irrevocable letter of credit must remain in effect for at least five years after the person ceases to be licensed as a mortgage banker. A consumer must file a claim against the corporate surety bond or irrevocable letter of credit before the corporate surety bond or irrevocable letter of credit expires as described in this section.

(3) At least five years after a person ceases to be licensed as a mortgage banker, the person or the writer of the corporate surety bond or irrevocable letter of credit may apply to the director for release of the corporate surety bond or irrevocable letter of credit. Unless the director determines that claims are pending against the person for violation of ORS 86A.095 through 86A.198, the director will release the corporate surety bond or irrevocable letter of credit.

(4) The corporate surety bond or irrevocable letter of credit must be calculated based on the previous four quarterly residential reports of condition submitted under OAR 441-865-0025. The sum of the corporate surety bond or irrevocable letter of credit must be determined as follows:

(a) For a person that has not previously conducted business involving the origination of residential mortgage loans in Oregon, the corporate surety bond or irrevocable letter of credit must be in the amount of \$50,000.

(b) For a person making or negotiating less than \$10,000,000 in residential mortgage loans in Oregon in the previous calendar year, the corporate surety bond or irrevocable letter of credit must be in the amount of \$50,000.

(c) For a person making or negotiating \$10,000,000 or more but less than \$25,000,000 in residential mortgage loans in Oregon in the previous calendar year, the corporate surety bond or irrevocable letter of credit must be in the amount of \$75,000.

(d) For a person making or negotiating \$25,000,000 or more but less than \$50,000,000 in mortgage loans in Oregon in the previous calendar year, the corporate surety bond or irrevocable letter of credit must be in the amount of \$100,000.

(e) For a person making or negotiating \$50,000,000 or more but less than \$100,000,000 in residential mortgage loans in Oregon in the previous calendar year, the corporate surety bond or irrevocable letter of credit must be in the amount of \$150,000.

(f) For a person making or negotiating \$100,000,000 or more in residential mortgage loans in Oregon in the previous calendar year, the corporate surety bond or irrevocable letter of credit must be in the amount of \$200,000.

**Subject:** Title III of the Jumpstart Our Business Startups Act (JOBS Act), enacted in 2012, created a federal exemption for equity crowdfunding. Federal rules under the JOBS exemption have not yet been finalized. Under the federal intrastate exemption, Oregon may enact its own exemption from securities registration for purely domestic offerings unrelated to federal law. ORS 59.035(15) provides that the Director of the Department of Consumer and Business Services may create transactional exemptions for securities through rule. This rule-making establishes an exemption for small amounts raised by Oregon small businesses through a “community public offering” or what is generally referred to as “crowdfunding”. The rules place certain substantive restrictions on Oregon businesses relying on the exemption, such as individual investor and total offering caps. The rulemaking activity also requires disclosures be given to prospective investors and places restrictions on general advertising of the securities to the public.

### Policy and Purpose of the Oregon Intrastate Offering Exemption (OIO)

Crowdfunding, or raising money through small investments from a large number of investors can provide smaller enterprises access to capital for new or expanded business ventures. OAR 441-035-0070 through 441-035-0230, provide an exemption from the securities registration requirements under ORS 59.055 in limited circumstances in order to facilitate investment by Oregon residents in Oregon businesses while protecting investors.

### Definitions

For purposes of OAR 441-035-0070 through OAR 441-035-0230, the following definitions apply unless the context requires otherwise:

(1) “Business Technical Service Provider” means a Small Business Development Center as defined in OAR 123-022-0070, an Economic Development District as defined in 13 CFR 304.1, or a not-for-profit incubator, accelerator, or business resource provider approved by the Director.

(2) “Director” means the Director of the Department of Consumer and Business Services.

(3) “Issuer” has the same meaning as that term is defined in ORS 59.015(9). For the purposes of these rules, “issuer” includes persons with direct control over the Oregon business or over the offer or sale of securities exempted under these rules.

(4) “Offer” includes every attempt to dispose of an OIO security for value. The publication of any information and statements, and publicity efforts — including any advertising materials — in advance of or in connection with an OIO that contributes to the conditioning of the public mind or arousing public interest in the issuer or is intended to arouse public interest investing in the issuer or purchasing its securities — even though it does not contain an express “offer” — is an “offer” of OIO securities for purposes of this definition.

(5) “Offering Documents” means the representations and disclosures required under OAR 441-035-0120.

(6) “Oregon business” means a business formed under the laws of Oregon and registered with the Secretary of State of Oregon as a domestic business, with its principal office in Oregon, doing business in the state and having 50 or fewer employees.

(7) “Third Party Platform Provider” means an internet based platform provided by a business technical service provider or other entity authorized

by the Director to post, on behalf of issuers, information related to OIOs to interested persons who certify Oregon residency.

### Requirements for Exemption From Securities Registration

The offer or sale of an OIO by an issuer shall be exempt from the securities registration requirements under ORS 59.055 if the offer or sale is conducted in accordance with the following:

(1) The issuer must be an existing Oregon business in good standing. The OIO exemption cannot be applied if the issuer, or a person affiliated with the issuer, would be disqualified under OAR 441-035-0210.

(2) The offer and sale must be conducted in accordance with section 3(a)(11) of the Securities Act of 1933, as amended. For purposes of this requirement, it is sufficient that the offer and sale complies with Rule 147 under section 3(a)(11).

(3)(a) OIO securities may only be offered or sold to natural persons who are residents of the state of Oregon.

(b) Prior to making any offer under this exemption, an interested person must make an affirmative declaration to the issuer or third party platform that they are an Oregon resident;

(c) Prior to any sale under the OIO exemption, the issuer must have a reasonable documentary basis to believe the prospective purchaser is a resident of Oregon and obtained the signed acknowledgement required under OAR 441-035-0120(4). A reasonable documentary basis includes, but is not limited to:

(A) A current Oregon Driver License or a current personal identification card issued by the State of Oregon; or

(B) A document that indicates the prospective purchaser owns or occupies property in the state as his or her principal residence, such as a current voter registration, or official business mail from a state or federal agency.

(4) The duration of an OIO will not exceed twelve (12) months, unless the issuer applies to extend the offering for a period not to exceed twelve (12) additional months. An issuer may apply to extend the offering by submitting an amended filing with the Director in conformance with these rules.

(5) All proceeds from the sale of OIO securities must be used in accordance with representations made to investors, including the disclosures required under OAR 441-035-0120.

(6) The aggregate purchase price of all OIO securities cannot exceed two hundred fifty thousand dollars (\$250,000).

(7) An issuer may not accept more than two thousand five hundred dollars (\$2,500) from any individual in reliance on the OIO exemption.

(8) Issuers offering or selling OIO securities must have met in person and reviewed their business plan with a business technical service provider prior to advertising, offering or selling securities.

(9) OIO securities sold pursuant to this exemption are limited to notes, stocks, and debentures.

### Resale Limitations

(1) An OIO security may not be resold during the nine (9) month period immediately after purchase, except:

(a) To the issuer; or

(b) Pursuant to an order of registration under ORS 59.065.

(2) After the immediate nine (9) month period has ended, an OIO security may also be sold pursuant to an available exemption to securities registration requirements under ORS 59.025 or 59.035 or accompanying rules.

### Required Filings

(1) Not less than seven (7) days prior to the advertisement, offer or sale of any OIO security, the issuer shall file a notice with the Director, in writing, that it plans to conduct an OIO and pay a \$200 filing fee.

(2) The notice shall contain the following:

(a) The name(s) and address of the issuer and of all officers, directors, principals, managing partners and shareholders of the Oregon business pos-

sessing a 20% interest or more, or persons holding a substantially similar position.

(b) A copy of any proposed advertising materials, including a URL if a website will be used in connection with the offering, and name of the third party platform provider, if applicable;

(c) A brief description of the business and the specific project or product that is the reason for the offering;

(d) The minimum and maximum amounts issuer is seeking to raise through the offering or total offering amount;

(e) A copy of the offering documents;

(f) A form approved by the Director verifying that the issuer has met in person with a business technical service provider and reviewed the relevant business plan.

(3) The \$200 filing fee, which will be used to defray the costs incurred in administering and enforcing these rules, must be made payable to the Department of Consumer and Business Services.

(4) The filing must be signed by the issuer or a duly authorized representative of the issuer certifying that the issuer has verified the material accuracy and completeness of the information.

(5) These filing requirements may be met by submitting a form adopted by the Director or through individual submission of all the information required by the rule.

### Required Disclosures

(1) Except as allowed under OAR 441-035-0130, prior to any offer or sale of an OIO security, each prospective investor must be given, in a single written document, the disclosures identified in subsection (2). For the purposes of this exemption, "in writing" includes printed, electronic, and internet media. An interested party must be given the option to receive the disclosures and subsequent reports in one or more formats, including printed copies at no charge.

(2) The disclosures required by these rules must include:

(a) The name(s) and physical address(es) of the issuer and of all officers, principals, managing partners and shareholders of the issuer holding a 20% interest or more, or persons holding a substantially similar position;

(b) A description of the experience and qualifications of the issuer officers, principals, managing partners and persons holding substantially similar positions;

(c) A description of the business, including how long it has been in operation and the specific reason for the offering;

(d) A discussion in plain language of the significant factors material to the offering, including those that make the offering speculative or risky;

(e) The total offering amount and how the issuer expects to use the proceeds of the offering, including compensation and expenses related to the offering.

(f) If an issuer needs to raise a minimum amount to achieve the stated funding goal, they must disclose that minimum offering amount and how the issuer intends to use funds raised through the offering if the minimum goal is not met, or if they intend to return the funds if the goal is not met;

(g) The terms and conditions of the securities being offered, the total amount of securities that are outstanding prior to the OIO, and the total amount of securities being offered or sold in reliance on the OIO exemption:

(A) If the issuer is offering stock, the terms and conditions must include either the percentage of ownership represented by a single share, or the total value of the Oregon business implied by the offering price.

(B) If the issuer is offering notes or debentures, the terms and conditions must include the interest rate and specific terms of repayment.

(h) A description of any litigation or legal proceedings within the past five (5) years, if any, involving the issuer or any persons associated with the issuer.

(3) The issuer must inform all investors that the securities exempted by these rules are not registered with the state, that they are subject to a limitation on re-sale and investors may not be able to sell their securities promptly or may only be able to sell them at a substantial discount from the offering price. Disclosures must also contain the following language on the cover page of the offering document:

"THESE SECURITIES ARE BEING SOLD IN RELIANCE ON AN EXEMPTION TO THE FEDERAL SECURITIES REGISTRATION REQUIREMENTS UNDER SECTION 3(a)(11) OF THE SECURITIES ACT OF 1933 AND UNDER ORS 59.035 OF THE OREGON SECURITIES LAW. THESE SECURITIES CAN ONLY BE SOLD TO RESIDENTS OF OREGON AND ARE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY AND RESALE. INVESTORS SHOULD BE AWARE THAT THEY WILL BE REQUIRED TO BEAR THE FINANCIAL RISKS

OF THIS INVESTMENT FOR AN INDEFINITE PERIOD OF TIME.

IN MAKING AN INVESTMENT DECISION, INVESTORS SHOULD RELY ON THEIR OWN EXAMINATION OF THE ISSUER AND THE TERMS REVEALED IN THESE OFFERING DOCUMENTS, INCLUDING THE MERITS AND RISKS INVOLVED.

THESE SECURITIES HAVE NOT BEEN RECOMMENDED BY ANY FEDERAL OR STATE AUTHORITY OR REGULATORY COMMISSION NOR HAVE THEY CONFIRMED THE ACCURACY OR DETERMINED THE ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENSE. BUSINESS TECHNICAL SERVICE PROVIDERS HAVE NOT REVIEWED THE OFFERING DOCUMENTS AND CANNOT DETERMINE THE MERITS OF THIS OFFERING"

(4) At the time of sale the issuer must require all purchasers to sign the following acknowledgement. For the purposes of this provision, "signed" includes a scanned, faxed or virtual signature:

"I have been provided and have reviewed the complete offering document, including the disclosures. I acknowledge that I am investing in a high-risk, business venture with no guarantee of success, that I may lose all of my investment, and that I can afford the loss of my investment. I understand this offering has not been reviewed by the State, and no authority has expressed an opinion on the merits or accuracy of this offering. By entering into this transaction with the issuer, I am affirmatively representing myself as an Oregon resident."

### Advertising and Solicitation

Issuers and third party platform providers may engage in general advertising or solicitation of OIO securities provided that:

(1) The issuer files a copy of the advertising materials with the Director at least seven (7) days prior to use. The Director may prohibit the use of any advertisement that they consider false or misleading or otherwise not in compliance with these rules.

(2) The advertisement is directed only to Oregon residents. Prior to viewing advertising materials, each person must affirmatively certify that they are an Oregon resident. A person who does not or can not affirmatively certify that they are an Oregon resident may not view the advertising materials.

(3) The advertisement contains no more than the following information:

(a) The name and contact information of the issuer;

(b) A brief description of the general type of business of the issuer;

(c) Whether securities being offered are stocks, notes or debentures or a combination;

(d) The total offering amount;

(e) A description of how the issuer will use the funds;

(f) The duration of the OIO and deadline for raising funds through the offering; and

(g) The issuer's logo;

(h) A link to the issuer's website or the third party platform in which the securities are offered or sold.

(4) Any amendments to the advertising materials are filed with the Director.

(5) The advertisement, including any advertisement through a website, clearly states that the advertisement does not constitute an offer to sell a security and includes contact or other relevant information notifying an interested person how they can obtain the required disclosure information, in writing, free of charge.

(6) Advertising to the general public without regard to residency, or advertising information outside the scope of this rule is prohibited.

### Integration

(1) All separate sales of securities will be included as part of the OIO if, after considering the following elements, there are compelling reasons to treat the sale as part of the same offering. The elements to be considered are:

(a) Whether the sales are part of a single plan of financing;

(b) Whether the sales involved issuance of the same type of security;

(c) Whether the sales are made at or about the same time;

(d) Whether the same type of consideration is received; and

(e) Whether the sales are made for the same general purpose.

(2) Employee benefit plans. Offers and sales of any securities registered under OAR 441-065-0270 are not included for purposes of this rule.

(3) Sales of securities made more than six months prior to the offer or sale of securities in reliance on this exemption, or more than six months after the termination offer or sale of securities in reliance on this exemption will not be counted or included as sales made as part of the same offering under this rule if there are no sales of securities of the same or similar type by the issuer during either six month period other than sales of securities under an employee benefit plan registered under OAR 441-065-0270.

### Reporting

(1) An issuer of an OIO security shall provide a report to all individuals having an outstanding security interest obtained through this exemption at least twice a year. An issuer may satisfy the reporting requirement of this subdivision by making the information available on a Website if the information is made available within 45 days of the end of each fiscal half-year and remains available for at least 60 days. An issuer must provide a written copy of the report to any shareholder as requested. The report required by this section shall be provided free of charge regardless of format. A copy of the report shall be filed with the Director at the same time it is provided to the issuer's investors. The report must contain the following:

(a) Compensation received by each Director and executive officer, or person occupying a substantially similar role, including cash compensation earned since the previous report and on an annual basis and any bonuses, stock options, other rights to receive securities of the issuer or any affiliate of the issuer, or other compensation received.

(b) An explanation and discussion of the business operations and financial condition of the issuer such as a recent financial statement and profit and loss statement.

(c) The Director may require any issuer to file periodic reports to keep the information contained in the notice reasonably current and to disclose the progress of the offering.

(2)(a) The issuer must file a sales report with the Director no later than thirty (30) calendar days after the expiration of the offering in a form prescribed by the Director.

(b) A sales report must state the total amount raised through the offering, how many investors purchased securities through the offering, and whether, if funds were held in escrow the funds were released to the issuer.

### Bad Actors

(1) The OIO exemption is not available if, within five years prior to the offering, any of the following apply:

(a) An issuer or person affiliated with the issuer has filed a registration statement which is the subject of any pending proceeding or examination under section 8 of the Securities Act of 1933 or has been the subject of any refusal order or stop order thereunder.

(b) An issuer or person affiliated with the issuer is subject to any pending proceeding under SEC rule 258 promulgated under the Securities Act of 1933, or any similar section adopted under section 3(b) of the Securities Act of 1933, or to an order entered thereunder.

(c) An issuer or person affiliated with the issuer has been convicted of any felony or misdemeanor involving the offer, purchase, or sale of any security, or involving the making of any false filing related to the offer or sale of any security, or any felony or misdemeanor involving dishonesty.

(d) An issuer or a person affiliated with the issuer is, or has been, subject to a state administrative order or judgment containing findings that the issuer or person affiliated with the issuer engaged in fraud or deceit, including but not limited to, making untrue statements of material facts and omitting to state material facts, in connection with the purchase or sale of securities.

(e) An issuer or person affiliated with the issuer has ever been subject to any order, judgment, or decree of any court of competent jurisdiction or regulatory authority (including non-U.S. regulatory authorities) preliminarily, temporarily, or permanently restraining or enjoining such person from

engaging in or continuing any conduct or practice in connection with the purchase or sale of any security or involving the making of any false filing related to the offer or sale of any security.

(f) An issuer or a person affiliated with the issuer is the subject of a cease and desist order entered after notice and opportunity for hearing by the Director, a securities agency or administrator of another state or Canadian province or territory, the United States Securities and Exchange Commission or the United States Commodity Futures Trading Commission that contains allegations of securities fraud or misrepresentations in connection with investment offerings.

(2) The disqualification under this rule may not apply if:

(a) The Director determines that it is not necessary under the circumstances that an exemption be unavailable; and

(b) The issuer establishes that they did not know, and in the exercise of reasonable care could not have known, that a disqualification existed under this rule.

**Rule Caption:** Adoption of New Annuity Mortality Table for Determining Reserve Liabilities for Annuities

**Adm. Order No.:** ID 20-2014

**Filed with Sec. of State:** 12-16-2014

**Certified to be Effective:** 1-1-15

**Notice Publication Date:** 11-1-2014

**Rules Adopted:** 836-051-0235

**Rules Amended:** 836-051-0210, 836-051-0220, 836-051-0230

**Subject:** These permanent rules recognize a new annuity mortality table (2012 IAR Table) for use in determining reserve liabilities for annuities. The National Association of Insurance Commissioners (NAIC) adopted the revisions to NAIC Model Rule (Regulation) #821 in December 2012. Adoption of this table will require insurers to use the new table as the reserve mortality standard for individual annuity or pure endowment contracts issued after January 1, 2015. The 2012 IAR Table is a generational mortality table developed by the Society of Actuaries that incorporates projections for future mortality improvements. For affected contracts, reserves will more accurately reflect anticipated mortality improvements for years beyond contract issue. Generally, the new table will result in higher reserves than current requirements.

This rule will take effect January 1, 2015.

### Purpose

The purpose of OAR 836-051-0200 to 836-051-0250 is to recognize the following mortality tables for use in determining the minimum standard of valuation for annuity and pure endowment contracts:

- (1) The 1983 Table "a".
- (2) The 1983 Group Annuity Mortality (1983 GAM) Table.
- (3) The Annuity 2000 Mortality Table.
- (4) The 2012 Individual Annuity Reserving (2012 IAR) Table.
- (5) The 1994 Group Annuity Reserving (1994 GAR) Table.

### Definitions

For the purpose of OAR 836-051-0200 to 836-051-0250, the following terms have the following meanings:

(1) "1983 Table 'a'" means that mortality table developed by the Society of Actuaries Committee to Recommend a New Mortality Basis for Individual Annuity Valuation and adopted as a recognized mortality table for annuities in June 1982 by the National Association of Insurance Commissioners. (See 1982 Proceedings of the NAIC II, page 454.)

(2) "1983 GAM Table" means that mortality table developed by the Society of Actuaries Committee on Annuities and adopted as a recognized mortality table for annuities in December 1983 by the National Association of Insurance Commissioners. (See 1984 Proceedings of the NAIC I, pages 414 to 415.)

(3) "1994 GAR Table" means that mortality table developed by the Society of Actuaries Group Annuity Valuation Table Task Force and shown on pages 866-867 of Volume XLVII of the Transactions of the Society of Actuaries (1995).

(4) "2012 IAR Table" means that Generational mortality table developed by the Society of Actuaries Committee on Life Insurance Research and containing rates, qx 2012+n, derived from a combination of the 2012 IAM Period Table and Projection Scale G2, using the methodology stated in Section 5.

(5) "2012 Individual Annuity Mortality Period Life (2012 IAM Period) Table" means the Period table containing loaded mortality rates for calendar year 2012. This table contains rates, qx 2012, developed by the Society of Actuaries Committee on Life Insurance Research and is shown in Appendices 1-2.

(6) "Annuity 2000 Mortality Table" means that mortality table developed by the Society of Actuaries Committee on Life Insurance Research and shown on page 240 of Volume XLVII of the Transactions of the Society of Actuaries (1995).

(7) "Generational mortality table" means a mortality table containing a set of mortality rates that decrease for a given age from one year to the next based on a combination of a Period table and a projection scale containing rates of mortality improvement.

(8) "Period table" means a table of mortality rates applicable to a given calendar year (the Period).

(9) "Projection Scale G2 (Scale G2)" is a table of annual rates, G2x, of mortality improvement by age for projecting future mortality rates beyond calendar year 2012. This table was developed by the Society of Actuaries Committee on Life Insurance Research and is shown in Appendices 3-4.

### Individual Annuity or Pure Endowment Contracts

(1) Except as provided in sections (2) and (3) of this rule, the 1983 Table "a" is recognized and approved as an individual annuity mortality table for valuation and, at the option of the insurer, may be used for purposes of determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after October 4, 1977.

(2) Except as provided in section (3) of this rule, either the 1983 Table "a" or the Annuity 2000 Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 1998.

(3) Except as provided in section (4) of this rule, the Annuity 2000 Mortality Table shall be used for determining the minimum standard of val-

uation for any individual annuity or pure endowment contract issued on or after January 1, 1999.

(4) Except as provided in section (5) of this rule, the 2012 IAR Mortality Table shall be used for determining the minimum standard of valuation for any individual annuity or pure endowment contract issued on or after January 1, 2015.

(5) The 1983 Table "a" without projection is to be used for determining the minimum standards of valuation for an individual annuity or pure endowment contract issued on or after January 1, 1998, solely when the contract is based on life contingencies and is issued to fund periodic benefits arising from:

(a) Settlements of various forms of claims pertaining to court settlements or out of court settlements from tort actions;

(b) Settlements involving similar actions such as workers' compensation claims; or

(c) Settlements of long term disability claims where a temporary or life annuity has been used in lieu of continuing disability payments.

## 836-051-0235

### Application of the 2012 IAR Mortality Table

(1) In using the 2012 IAR Mortality Table, the mortality rate for a person age  $x$  in year  $(2012 + n)$  is calculated as follows:  $q^*x^{**2012+n} = qx^{**2012} * (1 - G2x)^{**n}$ . The resulting  $qx^{2012+n}$  shall be rounded to three decimal places per 1,000, e.g., 0.741 deaths per 1,000. Also, the rounding shall occur according to the formula above, starting at the 2012 period table rate.

(2) For example, for a male age 30,  $qx^{2012} = 0.741$ .  $qx^{2013} = 0.741 * (1 - 0.010)^1 = 0.73359$ , which is rounded to 0.734.  $qx^{2014} = 0.741 * (1 - 0.010)^2 = 0.7262541$ , which is rounded to 0.726.

(3) A method leading to incorrect rounding would be to calculate  $qx^{2014}$  as  $qx^{2013} * (1 - 0.010)$ , or  $0.734 * 0.99 = 0.727$ .

(4) It is incorrect to use the already rounded  $qx^{2013}$  to calculate  $qx^{2014}$ .

**Certified to be Effective:** 1-5-15

**Notice Publication Date:** 12-1-2014

**Rules Amended:** 437-002-0060

**Subject:** This rulemaking is to keep Oregon OSHA in harmony with recent changes to Federal OSHA's standards.

Federal OSHA published, in the July 1, 2014 Federal Register, a notice of a typographical error to 1910.67 (Vehicle-mounted Elevated and Rotating Work Platforms).

Currently under 1910.67(c)(5) Welding standard, the rule references the "Automotive" Welding Society; however, the correct title to the national consensus standard organization referenced is "American" Welding Society. This rulemaking corrects the typographical error.

Oregon OSHA makes this correction to 1910.67(c)(5), in Division 2/F.

### IMU Assignments

(1) Custody Level 5 inmates who have received a sentence other than a sentence of death, or who are pending retrial in a case in which a death sentence may be re-imposed, shall be assigned to an IMU or IMU status cell. Inmates who have received a sentence of death (inmates on death row status), or who are under investigation for or who have been charged with the in-custody murder of another inmate or staff, may be assigned housing in an IMU or IMU status cell.

(a) An inmate demonstrates the need for custody Level 5 housing by demonstrating behaviors that in the judgment of the department cause serious management concerns.

(b) Inmates assigned to an IMU or IMU status cell may be temporarily assigned to other housing, treatment, program or service units (i.e., infirmary, Administrative Housing, Disciplinary Segregation, mental health special housing, Death Row) for housing, treatment or programming as deemed necessary or advisable by the department.

(2) Assignment Request: A request for assignment to an IMU shall be initiated if an inmate scores custody Level 5, or when an override request to custody Level 5 is made.

(a) A Classification Summary, Intensive Management Unit Administrative Action Sheet (CD8a) and all pertinent information that demonstrates the need for IMU assignment shall be sent to the Office of Population Management.

(b) Staff shall indicate the reason for referral and a short statement describing the reason for requesting an IMU assignment. The Office of Population Management will approve or deny the request.

(3) Documentation of Decisions: All decisions by the Office of Population Management Administrator or designee will be documented on the Intensive Management Unit Administrative Action Sheet (CD 8a) and returned to the facility initiating the request. The signed copy of the action sheet shall be filed in the inmate's IMU file at the Office of Population Management.

(4) Notice: Decisions by the Office of Population Management Administrator or designee that assign an inmate to IMU status will be sent to the inmate along with a Classification Summary (CD1120D), Intensive Management Unit Administrative Action Sheet (CD8a), Request for Administrative Review (CD1120aD), and a description of the inmate's review options.

(5) If an inmate is released from prison on IMU status and returns to the department with a new crime of conviction, and is reassigned to IMU housing or an IMU status cell, the inmate shall be re-instated at the same IMU program level last recorded upon release from prison.

(a) The inmate must be re-assigned to IMU housing or an IMU status cell in the same process as described in subsections (2) through (4) above.

(b) Any acts of misconduct upon return to prison will be reviewed by the IMU Inmate Program Committee upon assignment to an IMU or an IMU status cell for possible demotion.

### Programming Levels of Intensive Management Unit Inmates

(1) Program Level Criteria:

(a) The Assistant Superintendent of Correctional Rehabilitation or designee will establish criteria for the various program levels.

(b) All inmates assigned to an Intensive Management Unit or IMU status cell will begin on program level two. The IMU Inmate Program Committee will evaluate each inmate's legal or investigative status, conduct, program involvement and behavior periodically.

(c) The initial review will be conducted 150 days after assignment to an IMU or IMU status cell and then at least every 90 days thereafter while on IMU status to determine further and appropriate program level assignment.

(d) Demotions:

(A) An inmate may be demoted one or more program levels for conduct or behavior which threatens the safe, secure and orderly operation of the Intensive Management Unit or failure to participate in programs. An inmate will not be demoted to a program level one strictly for failure to participate in a program. Any demotion to level one shall be based on inmate behavior.

# ADMINISTRATIVE RULES

(B) If immediate action is necessary, the IMU shift supervisor may take appropriate action and recommend a reduction in an inmate's program level and submit it to the Intensive Management Unit manager for approval. All demotions will be reviewed by the IMU Inmate Program Committee for final approval.

(e) Inmate Program Committee Guidelines for Level Advancement: The following criteria will be considered when evaluating an inmate's adjustment in IMU for program level advancement:

(A) Level One: One month at level one with no major rule violation and no more than one minor rule violation may earn promotion to:

(B) Level Two: Two months at level two with no major rule violation and no more than one minor rule violation and active participation in prescribed programming may earn promotion to:

(C) Level Three: Three months at level three with no major rule violation and no more than one minor rule violation and a successful completion of prescribed programs may earn promotion to:

(D) Level Four: Maintain level four with no major rule violation and no more than one minor rule violation.

(2) Program Level Services and Activities: Services, activities, programs, incentives, and property may vary based on the architecture of the facility and individual needs of each assigned inmate. An inmate's adjustment and behavior while housed in the Intensive Management Unit will determine the inmate's service and activities program level. The schedule for programs and services are as follows:

(a) Level One basic services provided to Intensive Management Unit (IMU) inmates:

(A) Correspondence and photos (excluding publications): As received through the mail after assignment to level one.

(B) Commissary: Envelopes ordered every two weeks.

(C) Pen and paper.

(D) Legal services: As required in accordance with the department's rule on Legal Affairs (Inmate), OAR 291-139. Inmates are authorized to possess legal materials for active and pending cases in accordance with OAR 291-117-0100, Authorized Legal Property.

(E) Religious services and materials: As requested and meeting security requirements.

(F) Personal hygiene/shower: Three times per week.

(G) State issued personal care items (soap, tooth powder, toothbrush, comb, toilet paper).

(H) Bedding: One mattress, one pillow, one pillow case, two sheets, one towel, and blanket(s) as needed.

(I) Clothing: One set of undergarments, coverall and footwear.

(J) Address books.

(K) Treatment/Programming/Educational Services: As deemed appropriate to the individual treatment program and meeting security requirements.

(L) Library: Up to three paperback books on a scheduled exchange basis.

(b) Level Two services and activities available to IMU inmates: In addition to level one basic services:

(A) Recreation: 40 minutes per day, five days per week.

(B) Commissary: \$25 worth of commissary items ordered every two weeks.

(C) One approved property storage container.

(D) Personal care items on the IMU commissary list from the inmate's personal property or purchased after placement.

(E) One pair of personal shower shoes.

(F) Educational material, treatment or psychological service program materials: As requested, approved and meeting security requirements.

(c) Level Three services and activities available to IMU inmates: In addition to level two services:

(A) Commissary: \$30 of commissary items ordered every two weeks.

(B) Radio and headphones.

(C) One pair of personal shoes.

(D) Personal books, stored appropriately.

(E) Personal property on the IMU commissary list.

(F) One photo album.

(G) Telephone access one time per week up to 40 minutes.

(H) Work assignments.

(d) Level Four services and activities available to IMU inmates: In addition to level three services:

(A) Commissary: \$40 worth of commissary items ordered every two weeks.

(B) Personal property: No more than two approved storage containers.

(e) Level Five services and activities available to IMU inmates in addition to level four services:

(A) Commissary: \$50 worth of commissary items ordered every two weeks.

(B) Telephone access up to one hour per day.

(C) Televisions purchased through commissary or issued from the inmate's personal property.

(D) Personal electronic players as approved.

(3) Immediately following any action of self destruction, a medical or psychological services staff member will be consulted by the IMU Manager to determine if the inmate should be recommended for transfer to mental health special housing.

(4) IMU status inmates will be permitted to leave their cell as appropriate to their program level for visits, exercise, showers, medical, dental, or mental health services, hearings, interviews, or other reasons as authorized by the IMU Manager.

(a) The Assistant Superintendent of Security will assign escort supervision as deemed appropriate.

(b) IMU inmates will not be permitted to leave their cells without approval from the IMU Manager unless previously scheduled to do so for program participation. The inmate will be in restraints at all times while being escorted inside and outside the unit. Routine staff interviews may be accomplished at the inmate's cell.

(5) The IMU Manager or designee will conduct a tour of the Intensive Management Unit at least once per shift. Inmates may address questions to the IMU Manager at this time.

### Retention/Re-assignment from an IMU or IMU Status Cell

(1) When considering an inmate for re-assignment from an IMU or IMU status cell to other appropriate housing, the IMU Inmate Program Committee will consider the inmate's adjustment within IMU, the nature and severity of the high category misconduct, length of time in IMU, and past history. The committee may also consider the degree of participation in self-improvement programs, mental health counseling, anger management, education, job assignments, alcohol/drug abuse therapy, assessment and evaluation, behavioral contracts, security threat group disassociation, communicable disease counseling, or other institutional management concerns.

(2) Periodic Review:

(a) The IMU Inmate Program Committee shall review each inmate assigned to an IMU or IMU status cell periodically. The initial review will be conducted at 150 days after the initial placement on IMU status or an IMU status cell, and then at least every 90 days, or within 30 days of the inmate obtaining program level four status, to determine if the inmate will be retained in or re-assigned from an IMU or IMU status cell to other appropriate housing.

(b) Prior to the review and recommendation by the IMU Inmate Program Committee, the IMU status inmate will receive notice and be allowed an opportunity to provide written submission to the committee for their consideration.

(c) The IMU Inmate Program Committee shall submit a written recommendation to either retain or reassign an inmate from IMU or an IMU status cell to the Office of Population Management Administrator or designee. A completed IMU 90 Day Review (CD1683) must be sent to the Office of Population Management describing the reason(s) and justification for the inmate to be either retained in or re-assigned from IMU or an IMU status cell.

# ADMINISTRATIVE RULES

(d) The Office of Population Management Administrator or designee shall make a decision to retain the inmate in IMU or an IMU status cell or assign the inmate to other appropriate housing. The Office of Population Management Administrator's or designee's decision is final and not subject to further review.

### Services, Programs and Activities

(1) Basic: The following basic programs and services will be provided to all inmates in IMU unless compelling security or safety reasons dictate otherwise.

(a) Food:

(A) Except when under special diet specifically prescribed by the medical officer, each IMU inmate shall receive food prepared in accordance with the Department of Corrections rule on Food Service Programs, OAR 291-061.

(B) Food will be delivered to each inmate in his/her cell by a staff member.

(C) Food shall never be used as punishment.

(D) Intensive Management Unit inmates who intentionally misuse food or eating utensils may be subject to the provisions of the department's rule governing Controlled Feeding, OAR 291-083.

(b) Clothing: A clean set of undergarments and coveralls will be provided on an exchange basis three times a week.

(c) Bedding: Clean sheets and one pillow case will be exchanged on a weekly basis. A clean towel will be provided on an exchange basis at least three times per week.

(d) Personal Hygiene/Shower: Inmates will be allowed to shower, shave and obtain necessary personal care items three times a week. Arrangements for haircuts will be arranged on a regularly scheduled basis.

(e) IMU inmates shall be provided correspondence privileges in accordance with the Department of Corrections rule on Mail (Inmate), OAR 291-131. Inmates may submit Interview Requests and grievances. Grievances will be handled in a manner prescribed by the Department of Corrections rule on Grievance Review System (Inmate), OAR 291-109.

(f) Legal Services: IMU inmates may pursue their legal activities in accordance with the Department of Corrections rule on Legal Affairs (Inmate), OAR 291-139. Legal material will be provided. Abuse of materials may result in disciplinary action. Attorney visits must be scheduled in advance.

(g) Religious: IMU inmates will be allowed to receive religious guidance if requested. Religious Services staff will visit each Intensive Management Unit once per week. Request for religious material will be reviewed by the Assistant Superintendent of Security or his/her designee prior to issuing to the inmate.

(i) Medical/Dental/Mental Health Services:

(A) Health care and mental health care services will be provided to inmates in IMU in accordance with the Department of Corrections rule on Health Services (Inmate), OAR 291-124.

(B) A member of the Health Services staff shall minimally visit IMU inmates three times weekly. The staff member will provide each inmate an opportunity to talk with him/her and refer requests for medical, dental, or mental health services to the appropriate staff member.

(C) A physician will visit Intensive Management Units as the need arises. Dental services will be provided on a schedule determined between the unit manager or his/her designee and the Health Services Manager.

(D) Mental Health Services:

(i) Behavioral Health Services staff shall perform and supervise mental health services as needed. Services may include crisis intervention, behavioral contracts, anger management, brokering out other mental health services, as well as transitional services.

(ii) While it is recognized some inmates refuse services and are otherwise unamenable to treatment, the accessibility to treatment services remains available during times of assessment, by inmate request, or could be fostered by an inmate's uncontrollable behavior(s).

(2) Services: Depending on unit adjustment and inmate programming level, inmates have opportunities for increased programs and services. These programs and services may include the following:

(a) Visits: Visits will be conducted in accordance with the department's rule on Visiting (Inmate), OAR 291-127. Visits will be conducted in a basic visiting area for IMU status inmates. Visits must be scheduled at least three days in advance of the visit. Two one-hour sessions will be made available monthly. Additional visiting sessions may be made available based on facility architecture and approved by the IMU Manager.

(b) Exercise: Inmates on IMU status shall have the opportunity to exercise out of their cells as outlined by the IMU program level, except for those inmates who receive a conduct order or disciplinary sanction as provided in the department's rule on Prohibited Inmate Conduct (OAR 291-105). Inmates eligible to exercise will receive 40 minutes of exercise per day, five days per week. The 40-minute exercise period will begin when the inmate exits his/her cell.

(c) Library: Paperback books are available for inmate use on an exchange basis. The books may be exchanged on a regularly scheduled basis.

(d) Commissary: As outlined in OAR 291-055-0020, inmates may be eligible to purchase commissary items based upon their IMU program level. Commissary items will be issued every other week to eligible inmates. Authorized commissary items on the approved IMU Commissary List may be purchased.

(e) Education: Education services may be made available to inmates assigned to IMU or to an IMU status cell to assist in developing each inmate's academic needs.

(f) Correctional Counselor Services: A correctional counselor will be assigned to each IMU.

(g) The services listed in sections (a) through (f) above will be provided unless security, staff availability, safety or sanitation considerations dictate otherwise as authorized by the functional unit manager or designee.

(h) Additional incentives may be offered to inmates assigned to double bunk cells.

### Forfeiture/Deprivation of Service or Activity

(1) An Intensive Management Unit inmate may be required to forfeit or be temporarily deprived of any service or activity when the inmate is using them to destroy or damage property, obstruct security, or threatens physical violence to self or others. If an inmate is using any service or activity for self destruction, that service/activity may be temporarily removed upon order of the IMU manager or designee. Any item(s) withheld shall be returned at the earliest possible time when the basis for removal has ceased to exist. A written report documenting the action will be forwarded to the functional unit manager or designee.

(2) Services and activities may be forfeited or deprived as a result of a disciplinary sanction in accordance with the Department of Corrections rule on Prohibited Inmate Conduct and Processing Disciplinary Actions, OAR 291-105.

(3) Additional programs and services will depend on the inmate's adjustment and adherence to department rules and Intensive Management Unit regulations. Programs and services outlined in this rule denote eligibility only, they do not guarantee program and service delivery. Staff and facility resources may determine frequency and duration of approved inmate activity.

### Authority, Purpose, and Policy

(1) Authority: The authority for this rule is granted to the Director of the Department of Corrections in accordance with ORS 179.040, 423.020, 423.030, and 423.075.

(2) Purpose: The purpose of this rule is to establish policy and procedures governing the use of the inmate telephone system.

(3) Policy: The department encourages productive relationships between inmates and their families and recognizes telephone services are a positive means to strengthen ties and increase the likelihood of success upon release.

(a) It is the policy of the Department of Corrections to allow inmates to make telephone calls in accordance with the procedures outlined in this rule.

(b) It is the policy of the Department of Corrections that video interactive phone calls are a part of the inmate telephone system, and such calls are governed by the same policy and procedures as telephone calls.

(c) Within the inherent limitations of resources and the need for facility security, safety, health and good order, it is the policy of the Department of Corrections to permit, promote, facilitate, and encourage authorized use of telephone systems between inmates and their families, friends, and others in Department of Corrections facilities.

(d) When authorized, use of the inmate telephone system in a Department of Corrections facility is permitted neither as a matter of right nor as a privilege of the inmate or the inmate's contact party; rather, use of the telephone system in Department of Corrections facilities is permitted by the department when it furthers the inmate's correctional planning and the department's correctional goals and mission and is consistent with the safe, secure and orderly management and operation of the facility.

### Definitions

(1) Access to Inmate Telephone System: An inmate's use of a personal identification number (PIN) and validated voice recognition to connect to the inmate telephone system.

(2) Functional Unit Manager: Any person within the Department of Corrections who reports to either the Director, Deputy Director, an assistant director, or an administrator and has responsibility for the delivery of program services or coordination of program operations. In these rules, the "functional unit manager" is the superintendent of an institution or the Inspector General.

(3) Inmate Telephone System: The system authorized by the Department of Corrections to facilitate inmate telephone calls and video interactive phone (VIP) calls.

(4) Legal Telephone Calls: Telephone calls between an inmate and his/her attorney or the attorney's documented representative(s), legal aid bureaus or other organizations as deemed appropriate by the department.

(5) Media Representatives:

(a) Persons whose principal employment is with an accredited media organization;

(b) Unaffiliated persons who produce credentials or other written documentation from an accredited media organization evidencing that the media organization has contracted with the person to purchase his/her completed work or project;

(c) Unaffiliated persons who are affiliated with a department contractor or volunteer in connection with a department program or service; or

(d) Authors of books who produce credentials or other written documentation that a commercial publisher has contracted to purchase their completed work/project.

(6) Officer in Charge: That person designated by the functional unit manager to supervise the facility and make operational decisions in accordance with policy, rule or procedure during periods when the functional unit manager or officer of the day are not readily available.

(7) Personal Identification Number (PIN): An assigned number used by an inmate to access the inmate telephone system.

(8) Prepaid Call: A telephone call placed by an inmate using funds paid in advance from a telephone account.

(9) Telephone Services: Telephone calls, VIP calls, and voice messages afforded to inmates through the inmate telephone system.

(10) Third Party VIP Call: Any VIP call wherein the original called party logs out of the established session and provides another party with a different IP address sufficient information to log into the established VIP call. This includes any communication between the inmate and a third party utilizing the IP address.

(11) Three-Way Call: Any call that uses an intermediary call to bridge communication to a third party. This includes any communication between the inmate or the original called party with a third party not in the same location.

(12) Unaffiliated persons: Freelance writers, independent filmmakers, producers, and other persons who do not meet the definition of media representatives.

(13) Video Interactive Phone (VIP) Call: A call that has video interactive capabilities in which the parties are able to see and hear one another.

### Operation of Inmate Telephones

(1) Inmates are required to provide their personal identification number (PIN) and validated voice recognition to gain access to the inmate telephone system.

(a) Inmates are responsible to maintain the security of their access information.

(b) An inmate may not use another inmate's access information.

(c) The department is not responsible for theft, loss or costs related to an inmate lending his/her access information or failing to provide for its safekeeping.

(d) An inmate's PIN will be terminated if it has been lost, stolen, or if in the sole judgment of the functional unit manager/designee, the PIN has been used by the inmate or another person to engage in activity that violated department rule, state or federal law, or in other activity that poses a threat or is detrimental to the security, safety, health, good order or discipline within a Department of Corrections facility, inmate rehabilitation or that facilitates criminal activity.

(e) If an inmate's PIN is terminated, the department will issue the inmate a new PIN. The department may assess the inmate a PIN replacement fee.

(2) Prepaid Calls: The department will establish a telephone account for each inmate.

(a) Inmates may transfer funds from their trust account to their telephone account. Availability of funds in the inmate's trust account will be verified before any transfer of funds to the telephone account.

(b) An inmate shall address any issues regarding funds in his/her telephone account directly to the inmate telephone service provider.

(c) Prepaid calls will disconnect when funds in an inmate's telephone account have been depleted.

(d) Inmates may obtain their individual telephone account balance through the inmate telephone system.

### General Provisions for Inmate Telephones

(1) All calls must be placed as collect or prepaid. Only collect or prepaid calls can be made from telephones designated for inmate use.

(2) The functional unit manager or designee has the authority to restrict telephone calls by an inmate if the safety of the public would be involved or the security of the facility or safety and welfare of any person would be jeopardized.

(3) Inmates shall not participate in three way calls or any form of call forwarding. An inmate may be assessed a service fee from the inmate telephone service provider if it is verified he/she has participated in a three-way call or any form of call forwarding.

(4) Inmates shall not place charges to third party numbers, motels, hotels, places of business, credit cards or to telephone company calling card numbers.

(5) If the telephone call cannot be completed because no one answers or the line is busy, the inmate shall hang up and attempt another call at another time.

(6) Inmates shall not loiter in the surrounding area where telephones are located.

(7) Only one inmate at a time shall be permitted access to a telephone. The inmate who initiates a call is the only person authorized to converse with the contact party during that call.

(8) Inmates may be required to sign up on the telephone log (CD 755) to reserve a time to use a telephone in a housing unit or activity area when there are a large number of inmates who want access to a telephone but there are a limited number of telephones.

(9) A set of Oregon telephone directories for major cities shall be located in the facility library.

(10) Special Housing: Inmates in special housing may be allowed telephone services as established by the functional unit manager. Special housing includes administrative housing, disciplinary segregation, Intensive Management Unit, Death Row housing, mental health special housing, and facility infirmaries.

(a) Inmates in special housing may have restricted telephone services, and be allowed only emergency calls, legal calls as specified in OAR 291-130-0021, or other calls as authorized by the functional unit manager or designee.

(b) Inmates in mental health special housing may have limited access to telephones if the access interferes with the inmate's treatment.

(11) The department may prohibit an inmate from calling a particular person or phone number when requested by the person, or in the case of a minor child, by the child's parent or legal guardian.

(12) Telephone calls between inmates and staff, volunteers, or contractors; or calls between inmates and former staff, volunteers, or contractors are not allowed without express written authorization by the functional unit manager or designee.

(13) Other inmate telephone services or restrictions, not specifically addressed in this rule, may be implemented for safety and security reasons or as authorized by the functional unit manager.

(14) Inmates shall report all inmate phone repair issues as directed by the department.

### Operation and General Provisions of VIP Calls

(1) Inmates are required to provide their personal identification number (PIN) and comply with a validation process to gain access to the inmate telephone system to make VIP calls.

(2) The same provisions that apply to telephone calls as specified in OAR 291-130-0011 apply to VIP calls (security of PIN and access).

(3) Inmates are responsible to schedule VIP calls through the inmate telephone system via kiosks located throughout each institution.

(a) Accessibility to VIP calls will differ by institution given the uniqueness of each institution.

(b) Inmates will be allowed to make VIP calls during designated times based on a first-come, first-served basis to access their accounts with staff authorization.

(4) Inmates must place VIP calls as prepaid. The inmate telephone system does not allow collect VIP calls.

(5) The functional unit manager or designee has the authority to restrict or revoke VIP calls by an inmate if the safety of the public would be involved or the security of the facility or safety and welfare of any person would be jeopardized.

(6) If the inmate cannot complete the VIP call because the called party is not available or for other reasons, the inmate shall terminate the call and reschedule at another time.

(7) Inmates shall not loiter in the surrounding area where kiosks are located.

(8) Only one inmate at a time shall be permitted access to a VIP call. The inmate who initiates a VIP call is the only person authorized to converse with the contact party during that call. An inmate may be assessed a fee from the inmate telephone service provider if it is verified more than one inmate participated in a VIP call.

(9) Family VIP Calls: The functional unit manager or designee, at their sole discretion, may authorize more than one inmate to participate in a VIP call to encourage and promote responsible familial relationships.

(10) Appropriate Clothing/Dress:

(a) Inmates must be properly attired consistent with standards set forth in OAR 291-123-0015(5) and the inmate handbook.

(b) The caller or contacted party is encouraged to wear clothing that is conservative in nature; e.g., clothing that is not unduly suggestive or form fitting. The caller or contacted party shall not display male or female genitalia, the pubic area or anus, or expose the female breasts.

(11) VIP calls between inmates and staff, volunteers, or contractors; or between inmates and former staff, volunteers, or contractors are not allowed without express written authorization by the functional unit manager or designee.

(12) Special Housing: Inmates in special housing are not allowed access to VIP calls, unless authorization is given by the functional unit manager. Special housing includes administrative housing, disciplinary segregation, Intensive Management Unit, Death Row housing, mental health special housing, and facility infirmaries.

(13) The department may prohibit an inmate from participating in a VIP call with a particular person or phone number when requested by the person, or in the case of a minor child, by the child's parent or legal guardian.

(14) Inmates shall not participate in VIP calls with two or more parties using different IP addresses during the same VIP call. An inmate may be assessed a service fee from the inmate telephone service provider if it is verified he/she has participated in a VIP call with participants using more than one IP address.

(15) Inmates shall not use VIP calls for interviews with media representatives or unaffiliated persons. Media representatives or unaffiliated persons may request an interview with an inmate in accordance with the department's rules on Media Access (OAR 291-204).

(16) Inmates shall not use VIP calls as an outlet for public performances to individuals or organizations.

(17) Neither the inmate or contact party may record, re-broadcast, reproduce, duplicate, copy, sell, trade, or resell either the audio or video of the VIP call.

### Monitoring, Termination and Blocking of Telephone and VIP Calls

(1) All telephone calls and VIP calls are subject to monitoring and recording by the department except for legal telephone calls.

(a) Directly above each group of monitored telephones, a sign shall be posted stating in English and Spanish, "Phone calls are subject to being monitored and recorded."

(b) Directly above each VIP kiosk, a sign shall be posted stating in English and Spanish, "VIP calls are monitored and recorded."

(2) An inmate's use of the inmate telephone system to engage in activity that is a violation of department rules, state, or federal law may result in disciplinary action and possible restriction of telephone services.

(3) The department may block access to phone numbers used to commit a crime or violate department rules, including any attempt to place a three-way call or use any form of call forwarding. The owner of a telephone number that has been blocked for participation in a three-way call or call

# ADMINISTRATIVE RULES

forwarding may request an administrative review by writing to the Inspector General.

(4) An inmate's telephone services may be suspended by the functional unit manager/designee, in his/her sole discretion, when the functional unit manager/designee has reason to believe the inmate has used or may use inmate telephone services to:

(a) Engage in activity that violates department rule, state or federal law; or

(b) Engage in other activity that poses a threat or is detrimental to the security, safety, health, good order or discipline within a Department of Corrections facility, inmate rehabilitation, facilitates criminal activity, or jeopardizes the safety and welfare of any person.

(c) The guidelines for suspension of VIP services for inmates and callers are found in Exhibit A. The functional unit manager or designee may consider mitigating or aggravating factors in administering a less or more severe sanction than indicated in the grid, including the issuance of a misconduct report for inmates.

(d) If the activity is deemed to be a severe violation by the inmate of department rules, state, or federal law, disciplinary action will result; and the inmate will be held accountable in accordance with the provisions of the inmate disciplinary rules (OAR 291-105).

(5) A "high alert" inmate under the management of the Security Threat Management Unit may have his/her telephone services or individual telephone calls suspended, restricted, or modified in accordance with OAR 291-069-0270, Management of High Alert Inmates.

### Definitions for OAR 291-104-0106 to 291-104-0140

(1) Administrative Review: A review of classification scoring, classification level, or classification override requested by an inmate and completed by the designated institution committee, facility functional unit manager, or Classification Manager.

(2) Arrest: For the purposes of these rules, arrest means placing a person under full custody (i.e. after being fully restrained or after being placed in a law enforcement vehicle for transport) for the purpose of charging that person with an offense.

(3) Classification Action: Initiation of initial classification, classification review or classification override to determine an inmate's custody classification level.

(4) Classification Manager: A Department of Corrections employee responsible for the development, implementation, training, auditing, oversight and management of the classification function within the department.

(5) Classification Review: The process used by the department to re-evaluate an inmate's assigned custody classification level. The assigned custody classification level may be changed as a result of the review.

(6) Corrections Information System (CIS): A computer system dedicated to tracking information critical to the management of inmates and offenders under the custody, supervision or both of the Department of Corrections.

(7) Custody: As it relates to escape, a person is in custody if a peace officer has placed the person under arrest for the purpose of charging that person with an offense.

(8) Custody Classification Guide (Attachment 1): Criteria and guidelines that assist in understanding an inmate's assigned custody classification level utilizing scoring elements determined by the Department of Corrections.

(9) Custody Classification Level: One of five levels of supervision assigned to an inmate through initial and classification review procedures.

(a) Level 5: An inmate assigned at this custody classification level meets one of the following criteria:

(A) Has demonstrated behaviors causing serious management concerns, or has demonstrated behaviors that in the judgment of the Department present a threat sufficient to require special security housing on intensive management status.

(B) Has a sentence of death or is pending retrial in a case in which a sentence of death may be re-imposed.

(C) Has a pending trial for a case in which a sentence of death may be imposed.

(D) Is under investigation for or has been charged with the in-custody murder of another inmate or staff.

(b) Level 4: An inmate assigned at this custody classification level presents a serious risk of escape or institutional violence, or has time remaining of 121 months to life, with or without parole.

(c) Level 3: An inmate assigned at this custody classification level presents a moderate risk of escape, has a Level 3 detainer, has demonstrated behavior causing moderate management concern, or has time remaining of 49 to 121 months.

(d) Level 2: An inmate assigned at this custody classification level presents a limited risk of escape, or has demonstrated behavior causing limited management concern, and has time remaining of less than 49 months.

(e) Level 1: An inmate assigned at this custody classification level presents a minimal risk of escape, meets the criteria for Detainer-Not Applicable, has demonstrated behavior causing minimal management concern and has time remaining of less than 49 months.

(10) Department of Corrections (DOC) Facility: Any institution, facility or staff office, including the grounds, operated by the Department of Corrections.

(11) Designators: Information, alerts or statutory designations important for sentence computation and crucial to determining work crew eligibility, unfenced housing assignment, and the management of inmates and offenders both in institutions and in the community.

(12) Escape:

(a) For purposes of this rule, escape means an unlawful departure of a person from custody (as defined herein); or escape, attempted escape, or conspiracy to escape from any correctional facility, including state, federal, county or juvenile facilities; or departure and failure to return to any facility in which a person was court ordered to reside.

(b) Escape includes the unauthorized departure or absence from this state by a person who is under the jurisdiction of the Psychiatric Security Review Board, or under the jurisdiction of the Oregon Health Authority under ORS 161.315 to 161.351; abscond while on temporary release or transitional leave from a facility; or escape, attempted escape or conspiracy to escape from the custody of officials while in a legitimate criminal justice building for a court appearance.

(13) Initial Classification: The process used by the Department of Corrections to assign an inmate a custody level upon his/her admission to the physical custody of the Department.

(14) Inmate: Any person under the supervision of the Department of Corrections who is not on parole, post-prison supervision, or probation status.

(15) Office of Population Management: A functional unit of the department that oversees capacity and resource management, the inmate classification system, high risk inmate placement, Interstate Corrections Compact, treatment and program screening, Oregon Youth Authority/ghost caseloads, centralized Static 99R assessments, centralized transfer authority, and state and inmate conflict review.

(16) Override: An option utilized when there is a documented issue(s) not addressed in the classification scoring elements, or a degree of seriousness in a classification factor that justifies a higher or lower custody classification level than indicated by the classification action.

(17) Peace Officer: A civil officer appointed to preserve law and order, such as a sheriff, police officer, or parole officer.

(18) Policy Elements: Areas of potential risk that determine the inmate's custody classification level: escape history, sentence remaining, detainers, and institutional behavior.

(19) Serious Management Concerns:

# ADMINISTRATIVE RULES

(a) Participation, either individually or in a group, in behavior that in the judgment of the department poses a threat to the safe and secure operation of the facility, including but not limited to, threatening or inflicting serious bodily harm on another inmate or on staff, or that poses an immediate risk of escape;

(b) Promoting or engaging in group disruptive behavior, or being involved in the planning of any activities that in the judgment of the department would significantly threaten the safe and secure operation of the facility; or

(c) Demonstration of behavior that in the judgment of the department poses a threat sufficient to require special secure housing on intensive management unit.

(20) Special Population Management (SPM) Committee: A committee composed of at least three department administrative staff to include a representative from Institution Operations, Behavioral Health Services, and the Office of Population Management.

(21) Violence Predictor Score (VPS): A score based on a mathematical equation used to determine an inmate's potential risk for violence in an institutional setting during the first twelve months of incarceration. The equation includes calculations based on an inmate's age, gender, prior incarcerations, type of crime, aggression, drug history, and certain personality disorders.

### Initial Classification

(1) The Department of Corrections shall assign inmates an initial custody level in accordance with the Custody Classification Guide (Attachment 1) or the inmate's Violence Predictor Score, whichever is higher. An inmate will generally be assigned an initial custody classification level within 30 days of admission to the physical custody of the Department of Corrections.

(2) The Violence Predictor Score is used as a classification scoring element only during the first twelve months of an inmate's incarceration in the Department of Corrections, and may be applied at the discretion of a Department of Corrections counselor after a thorough review of an inmate's records.

(3) Upon admission to the physical custody of the Department of Corrections, the inmate's assigned counselor will determine an inmate's initial custody level and forward the classification action to the functional unit manager or designee for approval.

(4) No classification action is official until the functional unit manager or designee approves the classification action.

(5) Final approval for any override of one step will be made by Intake or institution staff and shall be documented on the classification override comment screen, describing the override reason.

(6) A custody classification override of more than a single step is not official until approved by the designated institution committee and the Classification Manager or designee.

(7) A custody classification of Level 5 is not official until approved by the designated institution committee, the SPM Committee and the High Risk Placement Manager or designee.

(8) An inmate may request a copy of his/her official classification action.

(9) All official classification actions are historically recorded and maintained in the CIS system.

(10) The Office of Population Management may modify any classification. In such cases, the affected facility will be notified of the reason(s) for the modification.

### Classification Review

(1) An inmate's custody classification level will be reviewed when new information is received that affects a classification scoring policy element or when an inmate's Violence Predictor Score has expired.

(2) Custody Classification Levels 1-4: When new information is received that affects the inmate's custody classification level, the inmate's assigned counselor will review the classification action for accuracy and forward it to the functional unit manager for approval.

(a) No classification action is official until the functional unit manager or designee approves the classification action.

(b) Final approval for any override of one step will be made at the institutional level and shall be documented on the classification override comment screen describing the override reason.

(c) Overrides of more than a single step are not official until approved by the designated institution committee and the Classification Manager or designee.

(d) An inmate may request a copy of his/her official classification action.

(e) All official classification actions are historically recorded and maintained in the CIS.

(f) The Office of Population Management may modify any classification action. In such cases, the affected facility will be formally notified of the reason(s) for the modification.

(g) Counselors may opt to review inmates with ICE detainers for override to Level 2 for placement or retention in a minimum facility.

(3) Custody Classification Level 5:

(a) When an inmate's institutional behavior is determined to create serious management concerns, the classification action will be reviewed by the designated institution committee and forwarded to the Special Population Management (SPM) Committee for review. If the SPM committee approves an inmate's classification at Level 5, the Office of Population Management will officially assign a custody classification score of 5.

(b) Once an inmate is assigned to custody classification Level 5, the automated classification program will maintain the inmate's Level 5 custody classification status until such time as a lower custody classification is deemed appropriate and a new classification is generated. The new classification will be scored at custody classification Level 4 for one year.

### Administrative Review

(1) An inmate may request an administrative review of his/her classification action by completing and submitting the Department of Corrections Request for Administrative Review form (CD1120aD) or Request for Administrative Review of IMU Level 5 Custody form (CD1120aE).

(2) Issues Subject to Administrative Review: Administrative review is available to an inmate to contest three aspects of his/her classification action: 1) the accuracy of custody classification levels 1-4 scoring, 2) an override of a scored custody classification level, or 3) a Level 5 custody classification.

(a) Custody Classification Level 1-4 Accuracy of Scoring:

(A) To obtain an administrative review of a Level 1-4 custody classification score, an inmate must complete the top portion of a CD1120aD form, and send the completed form, together with any supporting documentation, to the designated institution committee at the facility where the inmate is currently housed. The institution committee must receive the request within 30 calendar days of the classification approval date. The institution committee should complete its review within 30 days after receiving an inmate's review request.

(B) If, after receiving the review decision of the designated institution committee, an inmate is not satisfied with the decision, the inmate may obtain further review of the custody classification Level 1-4 score by sending another completed CD1120aD form, together with any supporting documentation, and a copy of the institution committee's decision, to the functional unit manager or designee of the institution where the inmate is currently housed. The functional unit manager or designee must receive the review request within 30 calendar days of the institution committee's review decision. The functional unit manager or designee should complete his/her review within 30 days after receiving the inmate's review request. There shall be no further administrative review of a custody classification Level 1-4 score.

(C) Inmates engaged in the intake process may not submit a request for review of their custody classification score until they are no longer housed at the Intake Center.

# ADMINISTRATIVE RULES

(b) Override of a Scored Custody Classification Level 1-4: To obtain an administrative review of classification that has been overridden at the institution level, an inmate must complete the bottom portion of a CD1120aD form and send the completed form to the Classification Manager, together with any supporting documentation. The Classification Manager must receive the review request within 30 calendar days of the classification action approval date. The Classification Manager should complete the review within 30 days after receiving an inmate's review request. There shall be no further administrative review of an override decision.

(c) Level Five:

(A) To obtain an administrative review of a Level 5 custody classification, an inmate must complete the CD1120aE form and send it to the Classification Manager. The request for review by the inmate shall include any supporting documentation to be considered in reviewing the appropriateness of the Level 5 custody classification.

(B) If an inmate has been assigned to the Intensive Management Unit (IMU), the matter shall be reviewed only once while the inmate is completing IMU programming.

(C) If an inmate has been retained at IMU Level 5 due to serious management concerns, the inmate will be provided a packet containing a request for Administrative Review of Retention at Custody Classification Level 5/ IMU Level 5 Placement (CD1120aE). An inmate may request further review of the Level 5 custody classification/ IMU Level 5 placement once annually.

(3) A copy of administrative review decisions will be provided to the inmate and retained in the inmate's institution file.

### Classification Quality Assurance Review

(1) The Classification Manager is responsible for reviewing facility classification procedures and decisions.

(2) Reviewing shall consist of routine review of custody Level 1 and 2 placements and review of individual classification actions at each facility. Such reviews shall be conducted to ensure:

- (a) The policies and procedures set forth in this rule are followed; and
- (b) The actions taken by the facility are adequately documented.

(3) Findings inconsistent with rule and established procedures shall be documented and reported to the appropriate functional unit manager or to the Institution Administrator(s) for corrective action.

(4) The Classification Manager is responsible to review the last classification action for any inmate who is involved in an escape or escape attempt from a Department of Corrections facility and to submit a report to the Operations Division Institution Administrators.

### Supervision/Security Provisions for Inmate Work Crews

(1) If the Department of Corrections assigns an inmate work crew within three blocks of a school, the functional unit manager or designee will ensure notification is made to the affected school on dates, times and location of inmate work crew.

(2) When an inmate work crew is scheduled to work within city limits, a designee of the institution will notify the appropriate local law enforcement agency prior to the project start date.

(3) Inmate work crews working out-of-doors within a city or in a residential community located outside of a city will be supervised by a minimum of one supervisor for every ten inmates. The facility functional unit manager or designee may, with the approval of the Assistant Director of Operations or designee, assign additional inmates without an additional supervisor if an unforeseen and unique circumstance arises.

(4) The provisions specified in sections (2) and (3) are not required for inmate work crews deployed during natural disasters, including but not limited to, floods and forest fires.

(5) The provisions specified in sections (2) and (3) do not apply to inmate work crews assigned to work in programs operated by Oregon Corrections Enterprises under ORS 421.344 to 421.367.

(6) All assigned inmates will be dressed uniformly in clothing clearly stenciled in orange writing that designates them as inmates.

(7) Upon arrival at a worksite, Department of Corrections signs stating an inmate work crew is present will be posted in or near the work area in a place that is visible to the public.

(8) While at the work site, supervisors will maintain direct supervision of all assigned inmates, unless the nature of a work task requires the supervisor to monitor an inmate by physically moving throughout the worksite.

(9) At a minimum, the inmate work crew supervisor will account for each inmate once every 30 minutes.

(10) All inmate work crews will be supervised by an employee of the Department of Corrections or Oregon Corrections Enterprises, unless performing a work project for a local, state, or federal governmental agency. The crew may be supervised by an employee of a governmental agency pursuant to an intergovernmental agreement entered into by that agency and the Department of Corrections.

(11) The department will require in its intergovernmental agreements with local, state or federal government agencies that the employees exercising supervision over inmates assigned to agency work crews receive appropriate training in accordance with OAR 291-082-0145.

(12) Institution post orders will be maintained in support of this rule.

### Work Crew Supervision Training

(1) Before supervising a community inmate work crew, all employees of the Department of Corrections and other local, state or federal governmental agencies that have been designated to supervise inmates assigned to community work crews will minimally receive eight hours of supervisory training. This training shall be developed, approved, and provided by the Department of Corrections Professional Development Unit staff member or adjunct training.

(2) The department will provide the designated employees periodic follow-up training at least annually. Training may be provided by the department more frequently if the department determines additional training to be necessary or advisable.

### Pass-Through Eligibility

(1) An individual, estate or trust subject to tax under ORS Chapter 316 that pays the present value to purchase the approved tax credit from the applicant may be eligible to claim the tax credit in place of the applicant.

(2) In accordance with ORS 469B.106(10) the department establishes the following rates for calculating the present value of the tax credit:

(a) For tax credits greater than \$1,500 the present value is 90 percent of the tax credit amount.

(b) For tax credits less than \$1,500 the present value is 95 percent of the tax credit amount.

(3) The department will issue a credit certificate to the pass through partner when the applicant confirms receipt of an amount equal to the present value of the tax credit and relinquishes any claim to the credit.

(4) A tax credit may be transferred or sold only once.

(5) A tax credit may not be transferred in portions. Only the whole tax credit amount may be transferred.

## Department of Environmental Quality Chapter 340

**Rule Caption:** Water Quality Standards Revisions for Freshwater Ammonia Criteria

**Adm. Order No.:** DEQ 1-2015

**Filed with Sec. of State:** 1-7-2015

**Certified to be Effective:** 1-7-15

**Notice Publication Date:** 10-1-2014

**Rules Adopted:** 340-041-8033

**Rules Amended:** 340-041-0002, 340-041-0007, 340-041-0028, 340-041-0033, 340-041-0124, 340-041-0310, 340-041-0315

**Subject:** Short summary

The proposed rule amendments will:

Adopt U.S. Environmental Protection Agency's latest 2013 national recommendations for freshwater ammonia criteria, which are:

- Less stringent than Oregon's current chronic criteria for ammonia;

- Generally more stringent than Oregon's acute criteria for ammonia; and

- Account for mussel and snail sensitivity to ammonia.

Likely address EPA's Jan. 31, 2013, disapproval of Oregon's ammonia criteria, which the EQC adopted in 2004.

# ADMINISTRATIVE RULES

The National Marine Fisheries Service's Biological Opinion indicated that Oregon's 2004 adopted ammonia criteria would cause jeopardy to threatened and endangered species. EPA and NMFS are evaluating how EPA's latest 2013 recommendations are consistent with the Reasonable and Prudent Alternatives in NMFS's jeopardy opinion. If NMFS determines that EPA's criteria derivation method generally followed the Reasonable and Prudent Alternatives, then NMFS can conclude that EPA's 2013 ammonia criteria protect threatened and endangered species in Oregon, thus satisfying Endangered Species Act consultation requirements. A "no jeopardy" decision from NMFS would likely lead to EPA approval of Oregon's proposed ammonia criteria.

Correct an error in the stated applicability of the pH standard for the main stem Snake River.

Amend the Umatilla Basin-specific standards and uses and remove a term from the definitions section to be consistent with EPA's partial disapproval of DEQ's site-specific criteria and use designations for the West Division Main Canal.

Incorporate plain language into the amended rules consistent with the Oregon Administrative Procedures Act.

In addition, DEQ will add a note below two rule sections to notify the reader that EPA disapproved the statewide natural conditions criterion in OAR 340-041-0007(2) and the natural conditions criterion for temperature in OAR-340-041-0028(8). This means that these provisions may not be applied for Clean Water Act purposes, such as wastewater discharge permits or total maximum daily loads. DEQ did not accept public comments on the notes because they only provide information and do not amend the rule.

Brief history:

Currently, Oregon's ammonia criteria are based on 1985 EPA recommendations. In 2004, Oregon adopted revised ammonia criteria based on updated EPA recommendations from 1999. However, these adopted criteria have never been effective because EPA did not approve the revisions. In August 2012, NMFS, as part of Endangered Species Act consultation requirements, determined that the 1999 EPA ammonia criteria that Oregon adopted would jeopardize threatened and endangered fish. Based on NMFS' determination and updated toxicity data indicating that mussels are the most sensitive species to ammonia, EPA disapproved Oregon's criteria on Jan. 31, 2013.

## 340-041-0002

### Definitions

Definitions in this rule apply to all basins unless context requires otherwise.

(1) "401 Water Quality Certification" means a determination made by DEQ that a dredge and fill activity, private hydropower facility, or other federally licensed or permitted activity that may result in a discharge to waters of the state has adequate terms and conditions to prevent an exceedance of water quality criteria. The federal permit in question may not be issued without this state determination in accordance with the Federal Clean Water Act, section 401 (33 USC 1341).

(2) "Ambient Stream Temperature" means the stream temperature measured at a specific time and place. The selected location for measuring stream temperature must be representative of the stream in the vicinity of the point being measured.

(3) "Anthropogenic," when used to describe "sources" or "warming," means that which results from human activity.

(4) "Applicable Criteria" means the biologically based temperature criteria in OAR 340-041-0028(4), the superseding cold water protection criteria in 340-041-0028(11) or the superseding natural condition criteria in 340-041-0028(8). The applicable criteria may also be site-specific criteria approved by U.S. EPA. A subbasin may have a combination of applicable temperature criteria derived from some or all of these numeric and narrative criteria.

(5) "Appropriate Reference Site or Region" means a site on the same water body or within the same basin or ecoregion that has similar habitat conditions and represents the water quality and biological community attainable within the areas of concern.

(6) "Aquatic Species" means plants or animals that live at least part of their life cycle in waters of the state.

(7) "Basin" means a third-field hydrologic unit as identified by the U.S. Geological Survey.

(8) "BOD" means 5-day, 20°C Biochemical Oxygen Demand.

(9) "Cold-Water Aquatic Life" means aquatic organisms that are physiologically restricted to cold water including, but not limited to, native salmon, steelhead, mountain whitefish, char including bull trout, and trout.

(10) "Cold Water Refugia" means those portions of a water body where or times during the diel temperature cycle when the water temperature is at least 2 degrees Celsius colder than the daily maximum temperature of the adjacent well-mixed flow of the water body.

(11) "Commission" or "EQC" means the Oregon Environmental Quality Commission.

(12) "Cool Water Aquatic Life" means aquatic organisms that are physiologically restricted to cool waters including, but not limited to, native sturgeon, Pacific lamprey, suckers, chub, sculpins and certain species of cyprinids (minnows.)

(13) "Core Cold Water Habitat Use" means waters expected to maintain temperatures within the range generally considered optimal for salmon and steelhead rearing, or that are suitable for bull trout migration, foraging and sub-adult rearing that occurs during the summer. These uses are designated on the following subbasin maps set out at OAR 340-041-0101 to 340-041-0340: Figures 130A, 151A, 160A, 170A, 180A, 201A, 220A, 230A, 271A, 286A, 300A, 310A, 320A, and 340A.

(14) "Critical Habitat" means those areas that support rare, threatened, or endangered species or serve as sensitive spawning and rearing areas for aquatic life as designated by the U.S. Fish and Wildlife Service or National Oceanic and Atmospheric Administration-Fisheries according to the Endangered Species Act (16 U.S. Code § 1531).

(15) "Daily Mean" for dissolved oxygen means the numeric average of an adequate number of data to describe the variation in dissolved oxygen concentration throughout a day, including daily maximums and minimums. For calculating the mean, concentrations in excess of 100 percent of saturation are valued at the saturation concentration.

(16) "Department" or "DEQ" means the Oregon State Department of Environmental Quality.

(17) "Designated Beneficial Use" means the purpose or benefit to be derived from a water body as designated by the Water Resources Department or the Water Resources Commission.

(18) "DO" means dissolved oxygen.

(19) "Ecological Integrity" means the summation of chemical, physical, and biological integrity capable of supporting and maintaining a balanced, integrated, adaptive community of organisms having a species composition, diversity, and functional organization comparable to that of the natural habitat of the region.

(20) "Epilimnion" means the seasonally stratified layer of a lake or reservoir above the metalimnion; the surface layer.

(21) "Erosion Control Plan" means a plan containing a list of best management practices to be applied during construction to control and limit soil erosion.

(22) "Estuarine Waters" means all mixed fresh and oceanic waters in estuaries or bays from the point of oceanic water intrusion inland to a line connecting the outermost points of the headlands or protective jetties.

(23) "High Quality Waters" means those waters that meet or exceed levels necessary to support the propagation of fish, shellfish and wildlife; recreation in and on the water; and other designated beneficial uses.

(24) "Hypolimnion" means the seasonally stratified layer of a lake or reservoir below the metalimnion; the bottom layer.

(25) "Industrial Waste" means any liquid, gaseous, radioactive, or solid waste substance or a combination thereof resulting from any process of industry, manufacturing, trade, or business or from the development or recovery of any natural resources.

(26) "In Lieu Fee" means a fee collected by a jurisdiction in lieu of requiring construction of onsite stormwater quality control facilities.

(27) "Intergravel Dissolved Oxygen" (IGDO) means the concentration of oxygen measured in the water within the stream bed gravels. Measurements should be taken within a limited time period before emergence of fry.

(28) "Jurisdiction" means any city or county agency in the Tualatin River and Oswego Lake subbasin that regulates land development activities within its boundaries by approving plats or site plans or issuing permits for land development.

(29) "Land Development" means any human-induced change to improved or unimproved real estate including, but not limited to, construction, installation or expansion of a building or other structure; land division; drilling; or site alteration such as land surface mining, dredging, grading,

## ADMINISTRATIVE RULES

construction of earthen berms, paving, improvements for use as parking or storage, excavation or clearing.

(30) "Load Allocation" or "LA" means the portion of a receiving water's loading capacity that is attributed either to one of its existing or future nonpoint sources of pollution or to natural background sources. Load allocations are best estimates of the loading that may range from reasonably accurate estimates to gross allotments, depending on the availability of data and appropriate techniques for predicting loading. Whenever possible, natural and nonpoint source loads should be distinguished.

(31) "Loading Capacity" or "LC" means the greatest amount of loading that a water body can receive without violating water quality standards.

(32) "Low Flow Period" means the flows in a stream resulting primarily from groundwater discharge or base flows augmented from lakes and storage projects during the driest period of the year. The dry weather period varies across the state according to climate and topography. Wherever the low flow period is indicated in Water Quality Management Plans, this period has been approximated by the inclusive months. Where applicable in a waste discharge permit, the low flow period may be further defined.

(33) "Managed Lakes" refers to lakes in which hydrology is managed by controlling the rate or timing of inflow or outflow.

(34) "Marine Waters" means all oceanic, offshore waters outside of estuaries or bays and within the territorial limits of the State of Oregon.

(35) "mg/l" or "mg/L" means milligrams per liter.

(36) "Metalimnion" means the seasonal, thermally stratified layer of a lake or reservoir that is characterized by a rapid change in temperature with depth and that effectively isolates the waters of the epilimnion from those of the hypolimnion during the period of stratification; the middle layer.

(37) "Migration Corridors" mean those waters that are predominantly used for salmon and steelhead migration during the summer and have little or no anadromous salmonid rearing in the months of July and August. Migration corridors are designated in Tables 101B and 121B and Figures 151A, 170A, 300A and 340A under OAR 340-041-0101 to 340-041-0340.

(38) "Minimum" for dissolved oxygen means the minimum recorded concentration including seasonal and diurnal minimums.

(39) "Monthly (30-day) Mean Minimum" for dissolved oxygen means the minimum of the 30 consecutive-day floating averages of the calculated daily mean dissolved oxygen concentration.

(40) "Natural Conditions" means conditions or circumstances affecting the physical, chemical, or biological integrity of a water of the state that are not influenced by past or present anthropogenic activities. Disturbances from wildfire, floods, earthquakes, volcanic or geothermal activity, wind, insect infestation and diseased vegetation are considered natural conditions.

(41) "Natural Thermal Potential" means the determination of the thermal profile of a water body using best available methods of analysis and the best available information on the site-potential riparian vegetation, stream geomorphology, stream flows and other measures to reflect natural conditions.

(42) "Nonpoint Sources" means any source of water pollution other than a point source. Generally, a nonpoint source is a diffuse or unconfined source of pollution where wastes can either enter into waters of the state or be conveyed by the movement of water into waters of the state.

(43) "Ocean Waters" means all oceanic, offshore waters outside of estuaries or bays and within the territorial limits of Oregon.

(44) "Outstanding Resource Waters" means waters designated by the EQC where existing high quality waters constitute an outstanding state or national resource based on their extraordinary water quality or ecological values or where special water quality protection is needed to maintain critical habitat areas.

(45) "Pollution" means such contamination or other alteration of the physical, chemical, or biological properties of any waters of the state, including change in temperature, taste, color, turbidity, silt, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any water of the state that either by itself or in connection with any other substance present can reasonably be expected to create a public nuisance or render such waters harmful, detrimental, or injurious to public health, safety, or welfare; to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses; or to livestock, wildlife, fish, other aquatic life or the habitat thereof.

(46) "Point Source" means a discernible, confined, and discrete conveyance including, but not limited to, a pipe, ditch, channel, tunnel, conduit, well, discrete fissure, container, rolling stock, concentrated animal feeding operation, vessel or other floating craft, or leachate collection system from which pollutants are or may be discharged. Point source does not

include agricultural storm water discharges and return flows from irrigated agriculture.

(47) "Public Water" means the same as "waters of the state".

(48) "Public Works Project" means any land development conducted or financed by a local, state, or federal governmental body.

(49) "Reserve Capacity" means that portion of a receiving stream's loading capacity that has not been allocated to point sources or to nonpoint sources and natural background as waste load allocations or load allocations, respectively. The reserve capacity includes that loading capacity that has been set aside for a safety margin and is otherwise unallocated.

(50) "Resident Biological Community" means aquatic life expected to exist in a particular habitat when water quality standards for a specific ecoregion, basin or water body are met. This must be established by accepted biomonitoring techniques.

(51) "Salmon" means chinook, chum, coho, sockeye and pink salmon.

(52) "Salmon and Steelhead Spawning Use" means waters that are or could be used for salmon and steelhead spawning, egg incubation, and fry emergence. These uses are designated on the following subbasin maps set out at OAR 340-041-0101 to 340-041-0340: Tables 101B, and 121B, and Figures 130B, 151B, 160B, 170B, 220B, 230B, 271B, 286B, 300B, 310B, 320B, and 340B.

(53) "Salmon and Trout Rearing and Migration Use" means thermal-ly suitable rearing habitat for salmon, steelhead, rainbow trout, and cut-throat trout as designated on subbasin maps set out at OAR 340-041-0101 to 340-041-0340: Figures 130A, 151A, 160A, 170A, 220A, 230A, 271A, 286A, 300A, 310A, 320A, and 340A.

(54) "Salmonid or Salmonids" means native salmon, trout, mountain whitefish and char including bull trout. For purposes of Oregon water quality standards, salmonid does not include brook or brown trout because they are introduced species.

(55) "Secondary Treatment" means the following depending on the context:

(a) For sewage wastes, secondary treatment means the minimum level of treatment mandated by U.S. Environmental Protection Agency regulations pursuant to Public Law 92-500.

(b) For industrial and other waste sources, secondary treatment means control equivalent to best practicable treatment.

(56) "Seven-Day Average Maximum Temperature" means a calculation of the average of the daily maximum temperatures from seven consecutive days made on a rolling basis.

(57) "Sewage" means the water-carried human or animal waste from residences, buildings, industrial establishments, or other places together with such groundwater infiltration and surface water as may be present. The admixture with sewage of industrial wastes or wastes, as defined in this rule, may also be considered "sewage" within the meaning of this division.

(58) "Short-Term Disturbance" means a temporary disturbance of six months or less when water quality standards may be violated briefly but not of sufficient duration to cause acute or chronic effects on beneficial uses.

(59) "Spatial Median" means the value that falls in the middle of a data set of multiple intergravel dissolved oxygen (IGDO) measurements taken within a spawning area. Half the samples should be greater than and half the samples should be less than the spatial median.

(60) "SS" means suspended solids.

(61) "Stormwater Quality Control Facility" means any structure or drainage way designed, constructed and maintained to collect and filter, retain, or detain surface water runoff during and after a storm event for the purpose of water quality improvement. It may also include, but is not limited to, existing features such as wetlands, water quality swales and ponds maintained as stormwater quality control facilities.

(62) "Subbasin" means a fourth-field hydrologic unit as identified by the U.S. Geological Survey.

(63) "Summer" means June 1 through September 30 of each calendar year.

(64) "Threatened or Endangered Species" means aquatic species listed as either threatened or endangered under the federal Endangered Species Act (16 U.S. Code § 1531 et seq. and Title 50 of the Code of Federal Regulations).

(65) "Total Maximum Daily Load (TMDL)" means the sum of the individual waste load allocations (WLAs) for point sources and load allocations (LAs) for nonpoint sources and background. If receiving water has only one point source discharger, the TMDL is the sum of that point source WLA plus the LAs for any nonpoint sources of pollution and natural background sources, tributaries, or adjacent segments. TMDLs can be expressed in terms of either mass per time, toxicity, or other appropriate measure. If

# ADMINISTRATIVE RULES

Best Management Practices (BMPs) or other nonpoint source pollution controls make more stringent load allocations practicable, then wasteload allocations can be made less stringent. Thus, the TMDL process provides for nonpoint source control tradeoffs.

(66) "Toxic Substance" means those pollutants or combinations of pollutants, including disease-causing agents, that after introduction to waters of the state and upon exposure, ingestion, inhalation or assimilation either directly from the environment or indirectly by ingestion through food chains will cause death, disease, behavioral abnormalities, cancer, genetic mutations, physiological malfunctions (including malfunctions in reproduction), or physical deformations in any organism or its offspring.

(67) "Wasteload Allocation" or "WLA" means the portion of a receiving water's loading capacity allocated to one of its existing or future point sources of pollution. WLAs constitute a type of water quality-based effluent limitation.

(68) "Warm-Water Aquatic Life" means the aquatic communities that are adapted to warm-water conditions and do not contain either cold- or cool-water species.

(69) "Wastes" means sewage, industrial wastes, and all other liquid, gaseous, solid, radioactive, or other substances that may cause or tend to cause pollution of any water of the state.

(70) "Water Quality Limited" means one of the following:

(a) A receiving stream that does not meet narrative or numeric water quality criteria during the entire year or defined season even after the implementation of standard technology;

(b) A receiving stream that achieves and is expected to continue to achieve narrative or numeric water quality criteria but uses higher than standard technology to protect beneficial uses;

(c) A receiving stream for which there is insufficient information to determine whether water quality criteria are being met with higher-than-standard treatment technology or a receiving stream that would not be expected to meet water quality criteria during the entire year or defined season without higher than standard technology.

(71) "Water Quality Swale" means a natural depression or wide, shallow ditch used to temporarily store, route or filter runoff for the purpose of improving water quality.

(72) "Waters of the state" means lakes, bays, ponds, impounding reservoirs, springs, wells, rivers, streams, creeks, estuaries, marshes, inlets, canals, the Pacific Ocean within the territorial limits of the State of Oregon, and all other bodies of surface or underground waters, natural or artificial, inland or coastal, fresh or salt, public or private (except those private waters that do not combine or effect a junction with natural surface or underground waters) that are located wholly or partially within or bordering the state or within its jurisdiction.

(73) "Weekly (seven-day) Mean Minimum" for dissolved oxygen means the minimum of the seven consecutive-day floating average of the calculated daily mean dissolved oxygen concentration.

(74) "Weekly (seven-day) Minimum Mean" for dissolved oxygen means the minimum of the seven consecutive-day floating average of the daily minimum concentration. For application of the criteria, this value is the reference for diurnal minimums.

(75) "Without Detrimental Changes in the Resident Biological Community" means no loss of ecological integrity when compared to natural conditions at an appropriate reference site or region.

## 340-041-0007

### Statewide Narrative Criteria

(1) Notwithstanding the water quality standards contained in this Division, the highest and best practicable treatment and/or control of wastes, activities, and flows must in every case be provided so as to maintain dissolved oxygen and overall water quality at the highest possible levels and water temperatures, coliform bacteria concentrations, dissolved chemical substances, toxic materials, radioactivity, turbidities, color, odor, and other deleterious factors at the lowest possible levels.

(2) Where a less stringent natural condition of a water of the State exceeds the numeric criteria set out in this Division, the natural condition supersedes the numeric criteria and becomes the standard for that water body. However, there are special restrictions, described in OAR 340-041-0004(9)(a)(D)(iii), that may apply to discharges that affect dissolved oxygen.

**NOTE:** On August 8, 2013, the Environmental Protection Agency disapproved rule section OAR 340-041-0007(2). Consequently, section (2) is no longer effective as a water quality criterion for purposes of CWA Section 303(c) and it cannot be used for

issuing certifications under CWA Section 401, permits under CWA Section 402, or total maximum daily loads under CWA section 303(d).

(3) For any new waste sources, alternatives that utilize reuse or disposal with no discharge to public waters must be given highest priority for use wherever practicable. New source discharges may be approved subject to the criteria in OAR 340-041-0004(9).

(4) No discharges of wastes to lakes or reservoirs may be allowed except as provided in section OAR 340-041-0004(9).

(5) Log handling in public waters must conform to current Commission policies and guidelines.

(6) Sand and gravel removal operations must be conducted pursuant to a permit from the Division of State Lands and separated from the active flowing stream by a watertight berm wherever physically practicable. Recirculation and reuse of process water must be required wherever practicable. Discharges or seepage or leakage losses to public waters may not cause a violation of water quality standards or adversely affect legitimate beneficial uses.

(7) Road building and maintenance activities must be conducted in a manner so as to keep waste materials out of public waters and minimize erosion of cut banks, fills, and road surfaces.

(8) In order to improve controls over nonpoint sources of pollution, federal, State, and local resource management agencies will be encouraged and assisted to coordinate planning and implementation of programs to regulate or control runoff, erosion, turbidity, stream temperature, stream flow, and the withdrawal and use of irrigation water on a basin-wide approach so as to protect the quality and beneficial uses of water and related resources. Such programs may include, but not be limited to, the following:

(a) Development of projects for storage and release of suitable quality waters to augment low stream flow;

(b) Urban runoff control to reduce erosion;

(c) Possible modification of irrigation practices to reduce or minimize adverse impacts from irrigation return flows;

(d) Stream bank erosion reduction projects; and

(e) Federal water quality restoration plans.

(9) The development of fungi or other growths having a deleterious effect on stream bottoms, fish or other aquatic life, or that are injurious to health, recreation, or industry may not be allowed;

(10) The creation of tastes or odors or toxic or other conditions that are deleterious to fish or other aquatic life or affect the potability of drinking water or the palatability of fish or shellfish may not be allowed;

(11) The formation of appreciable bottom or sludge deposits or the formation of any organic or inorganic deposits deleterious to fish or other aquatic life or injurious to public health, recreation, or industry may not be allowed;

(12) Objectionable discoloration, scum, oily sheens, or floating solids, or coating of aquatic life with oil films may not be allowed;

(13) Aesthetic conditions offensive to the human senses of sight, taste, smell, or touch may not be allowed;

(14) Radioisotope concentrations may not exceed maximum permissible concentrations (MPC's) in drinking water, edible fishes or shellfishes, wildlife, irrigated crops, livestock and dairy products, or pose an external radiation hazard;

(15) Minimum Design Criteria for Treatment and Control of Wastes. Except as provided in OAR 340-041-0101 through 340-041-0350, and subject to the implementation requirements set forth in 340-041-0061, prior to discharge of any wastes from any new or modified facility to any waters of the State, such wastes must be treated and controlled in facilities designed in accordance with the following minimum criteria.

(a) In designing treatment facilities, average conditions and a normal range of variability are generally used in establishing design criteria. A facility once completed and placed in operation should operate at or near the design limit most of the time but may operate below the design criteria limit at times due to variables which are unpredictable or uncontrollable. This is particularly true for biological treatment facilities. The actual operating limits are intended to be established by permit pursuant to ORS 468.740 and recognize that the actual performance level may at times be less than the design criteria.

(A) Sewage wastes:

(i) Effluent BOD concentrations in mg/l, divided by the dilution factor (ratio of receiving stream flow to effluent flow) may not exceed one unless otherwise approved by the Commission;

(ii) Sewage wastes must be disinfected, after treatment, equivalent to thorough mixing with sufficient chlorine to provide a residual of at least 1 part per million after 60 minutes of contact time unless otherwise specifically authorized by permit;

# ADMINISTRATIVE RULES

(iii) Positive protection must be provided to prevent bypassing raw or inadequately treated sewage to public waters unless otherwise approved by the Department where elimination of inflow and infiltration would be necessary but not presently practicable; and

(iv) More stringent waste treatment and control requirements may be imposed where special conditions make such action appropriate.

**(B) Industrial wastes:**

(i) After maximum practicable in-plant control, a minimum of secondary treatment or equivalent control (reduction of suspended solids and organic material where present in significant quantities, effective disinfection where bacterial organisms of public health significance are present, and control of toxic or other deleterious substances);

(ii) Specific industrial waste treatment requirements may be determined on an individual basis in accordance with the provisions of this plan, applicable federal requirements, and the following:

- (I) The uses that are or may likely be made of the receiving stream;
- (II) The size and nature of flow of the receiving stream;
- (III) The quantity and quality of wastes to be treated; and
- (IV) The presence or absence of other sources of pollution on the same watershed.

(iii) Where industrial, commercial, or agricultural effluents contain significant quantities of potentially toxic elements, treatment requirements may be determined utilizing appropriate bioassays;

(iv) Industrial cooling waters containing significant heat loads must be subjected to off-stream cooling or heat recovery prior to discharge to public waters;

(v) Positive protection must be provided to prevent bypassing of raw or inadequately treated industrial wastes to any public waters;

(vi) Facilities must be provided to prevent and contain spills of potentially toxic or hazardous materials.

## 340-041-0028 Temperature

(1) Background. Water temperatures affect the biological cycles of aquatic species and are a critical factor in maintaining and restoring healthy salmonid populations throughout the State. Water temperatures are influenced by solar radiation, stream shade, ambient air temperatures, channel morphology, groundwater inflows, and stream velocity, volume, and flow. Surface water temperatures may also be warmed by anthropogenic activities such as discharging heated water, changing stream width or depth, reducing stream shading, and water withdrawals.

(2) Policy. It is the policy of the Commission to protect aquatic ecosystems from adverse warming and cooling caused by anthropogenic activities. The Commission intends to minimize the risk to cold-water aquatic ecosystems from anthropogenic warming, to encourage the restoration and protection of critical aquatic habitat, and to control extremes in temperature fluctuations due to anthropogenic activities. The Commission recognizes that some of the State's waters will, in their natural condition, not provide optimal thermal conditions at all places and at all times that salmonid use occurs. Therefore, it is especially important to minimize additional warming due to anthropogenic sources. In addition, the Commission acknowledges that control technologies, best management practices and other measures to reduce anthropogenic warming are evolving and that the implementation to meet these criteria will be an iterative process. Finally, the Commission notes that it will reconsider beneficial use designations in the event that man-made obstructions or barriers to anadromous fish passage are removed and may justify a change to the beneficial use for that water body.

(3) Purpose. The purpose of the temperature criteria in this rule is to protect designated temperature-sensitive, beneficial uses, including specific salmonid life cycle stages in waters of the State.

(4) Biologically Based Numeric Criteria. Unless superseded by the natural conditions criteria described in section (8) of this rule, or by subsequently adopted site-specific criteria approved by EPA, the temperature criteria for State waters supporting salmonid fishes are as follows:

(a) The seven-day-average maximum temperature of a stream identified as having salmon and steelhead spawning use on subbasin maps and tables set out in OAR 340-041-0101 to 340-041-0340: Tables 101B, and 121B, and Figures 130B, 151B, 160B, 170B, 220B, 230B, 271B, 286B, 300B, 310B, 320B, and 340B, may not exceed 13.0 degrees Celsius (55.4 degrees Fahrenheit) at the times indicated on these maps and tables;

(b) The seven-day-average maximum temperature of a stream identified as having core cold water habitat use on subbasin maps set out in OAR 340-041-101 to 340-041-340: Figures 130A, 151A, 160A, 170A, 180A, 201A, 220A, 230A, 271A, 286A, 300A, 310A, 320A, and 340A, may not exceed 16.0 degrees Celsius (60.8 degrees Fahrenheit);

(c) The seven-day-average maximum temperature of a stream identified as having salmon and trout rearing and migration use on subbasin maps set out in OAR 340-041-0101 to 340-041-0340: Figures 130A, 151A, 160A, 170A, 220A, 230A, 271A, 286A, 300A, 310A, 320A, and 340A, may not exceed 18.0 degrees Celsius (64.4 degrees Fahrenheit);

(d) The seven-day-average maximum temperature of a stream identified as having a migration corridor use on subbasin maps and tables OAR 340-041-0101 to 340-041-0340: Tables 101B, and 121B, and Figures 151A, 170A, 300A, and 340A, may not exceed 20.0 degrees Celsius (68.0 degrees Fahrenheit). In addition, these water bodies must have coldwater refugia that are sufficiently distributed so as to allow salmon and steelhead migration without significant adverse effects from higher water temperatures elsewhere in the water body. Finally, the seasonal thermal pattern in Columbia and Snake Rivers must reflect the natural seasonal thermal pattern;

(e) The seven-day-average maximum temperature of a stream identified as having Lahontan cutthroat trout or redband trout use on subbasin maps and tables set out in OAR 340-041-0101 to 340-041-0340: Tables 121B, 140B, 190B, and 250B, and Figures 180A, 201A, 260A and 310A may not exceed 20.0 degrees Celsius (68.0 degrees Fahrenheit);

(f) The seven-day-average maximum temperature of a stream identified as having bull trout spawning and juvenile rearing use on subbasin maps set out in OAR 340-041-0101 to 340-041-0340: Figures 130B, 151B, 160B, 170B, 180A, 201A, 260A, 310B, and 340B, may not exceed 12.0 degrees Celsius (53.6 degrees Fahrenheit). From August 15 through May 15, in bull trout spawning waters below Clear Creek and Mehlhorn reservoirs on Upper Clear Creek (Pine Subbasin), below Laurance Lake on the Middle Fork Hood River, and below Carmen reservoir on the Upper McKenzie River, there may be no more than a 0.3 degrees Celsius (0.5 Fahrenheit) increase between the water temperature immediately upstream of the reservoir and the water temperature immediately downstream of the spillway when the ambient seven-day-average maximum stream temperature is 9.0 degrees Celsius (48 degrees Fahrenheit) or greater, and no more than a 1.0 degree Celsius (1.8 degrees Fahrenheit) increase when the seven-day-average stream temperature is less than 9 degrees Celsius.

(5) Unidentified Tributaries. For waters that are not identified on the "Fish Use Designations" maps referenced in section (4) of this rule, the applicable criteria for these waters are the same criteria as is applicable to the nearest downstream water body depicted on the applicable map. This section (5) does not apply to the "Salmon and Steelhead Spawning Use Designations" maps.

(6) Natural Lakes. Natural lakes may not be warmed by more than 0.3 degrees Celsius (0.5 degrees Fahrenheit) above the natural condition unless a greater increase would not reasonably be expected to adversely affect fish or other aquatic life. Absent a discharge or human modification that would reasonably be expected to increase temperature, DEQ will presume that the ambient temperature of a natural lake is the same as its natural thermal condition.

(7) Oceans and Bays. Except for the Columbia River above river mile 7, ocean and bay waters may not be warmed by more than 0.3 degrees Celsius (0.5 degrees Fahrenheit) above the natural condition unless a greater increase would not reasonably be expected to adversely affect fish or other aquatic life. Absent a discharge or human modification that would reasonably be expected to increase temperature, DEQ will presume that the ambient temperature of the ocean or bay is the same as its natural thermal condition.

(8) Natural Conditions Criteria. Where the department determines that the natural thermal potential of all or a portion of a water body exceeds the biologically-based criteria in section (4) of this rule, the natural thermal potential temperatures supersede the biologically-based criteria, and are deemed to be the applicable temperature criteria for that water body.

NOTE: On August 8, 2013, the Environmental Protection Agency disapproved rule section OAR 340-041-0028(8). Consequently, section (8) is no longer effective as a water quality criterion for purposes of CWA Section 303(c) and it cannot be used for issuing certifications under CWA Section 401, permits under CWA Section 402, or total maximum daily loads under CWA section 303(d).

**(9) Cool Water Species.**

(a) No increase in temperature is allowed that would reasonably be expected to impair cool water species. Waters of the State that support cool water species are identified on subbasin tables and figures set out in OAR 340-041-0101 to 340-041-0340; Tables 140B, 190B and 250B, and Figures 180A, 201A and 340A.

# ADMINISTRATIVE RULES

(b) See OAR 340-041-0185 for a basin specific criterion for the Klamath River.

(10) Borax Lake Chub. State waters in the Malheur Lake Basin supporting the Borax Lake chub may not be cooled more than 0.3 degrees Celsius (0.5 degrees Fahrenheit) below the natural condition.

(11) Protecting Cold Water.

(a) Except as described in subsection (c) of this rule, waters of the State that have summer seven-day-average maximum ambient temperatures that are colder than the biologically based criteria in section (4) of this rule, may not be warmed by more than 0.3 degrees Celsius (0.5 degrees Fahrenheit) above the colder water ambient temperature. This provision applies to all sources taken together at the point of maximum impact where salmon, steelhead or bull trout are present.

(b) A point source that discharges into or above salmon & steelhead spawning waters that are colder than the spawning criterion, may not cause the water temperature in the spawning reach where the physical habitat for spawning exists during the time spawning through emergence use occurs, to increase more than the following amounts after complete mixing of the effluent with the river:

(A) If the rolling 60 day average maximum ambient water temperature, between the dates of spawning use as designated under subsection (4)(a) of this rule, is 10 to 12.8 degrees Celsius, the allowable increase is 0.5 Celsius above the 60 day average; or

(B) If the rolling 60 day average maximum ambient water temperature, between the dates of spawning use as designated under subsection (4)(a) of this rule, is less than 10 degrees Celsius, the allowable increase is 1.0 Celsius above the 60 day average, unless the source provides analysis showing that a greater increase will not significantly impact the survival of salmon or steelhead eggs or the timing of salmon or steelhead fry emergence from the gravels in downstream spawning reach.

(c) The cold water protection narrative criteria in subsection (a) do not apply if:

(A) There are no threatened or endangered salmonids currently inhabiting the water body;

(B) The water body has not been designated as critical habitat; and

(C) The colder water is not necessary to ensure that downstream temperatures achieve and maintain compliance with the applicable temperature criteria.

(12) Implementation of the Temperature Criteria.

(a) Minimum Duties. There is no duty for anthropogenic sources to reduce heating of the waters of the State below their natural condition. Similarly, each anthropogenic point and nonpoint source is responsible only for controlling the thermal effects of its own discharge or activity in accordance with its overall heat contribution. In no case may a source cause more warming than that allowed by the human use allowance provided in subsection (b) of this rule.

(b) Human Use Allowance. Insignificant additions of heat are authorized in waters that exceed the applicable temperature criteria as follows:

(A) Prior to the completion of a temperature TMDL or other cumulative effects analysis, no single NPDES point source that discharges into a temperature water quality limited water may cause the temperature of the water body to increase more than 0.3 degrees Celsius (0.5 Fahrenheit) above the applicable criteria after mixing with either twenty five (25) percent of the stream flow, or the temperature mixing zone, whichever is more restrictive; or

(B) Following a temperature TMDL or other cumulative effects analysis, waste load and load allocations will restrict all NPDES point sources and nonpoint sources to a cumulative increase of no greater than 0.3 degrees Celsius (0.5 Fahrenheit) above the applicable criteria after complete mixing in the water body, and at the point of maximum impact.

(C) Point sources must be in compliance with the additional mixing zone requirements set out in OAR 340-041-0053(2)(d).

(D) A point source in compliance with the temperature conditions of its NPDES permit is deemed in compliance with the applicable criteria.

(c) Air Temperature Exclusion. A water body that only exceeds the criteria set out in this rule when the exceedance is attributed to daily maximum air temperatures that exceed the 90th percentile value of annual maximum seven-day average maximum air temperatures calculated using at least 10 years of air temperature data, will not be listed on the section 303(d) list of impaired waters and sources will not be considered in violation of this rule.

(d) Low Flow Conditions. An exceedance of the biologically-based numeric criteria in section (4) of this rule, or an exceedance of the natural condition criteria in section (8) of this rule will not be considered a permit

violation during stream flows that are less than the 7Q10 low flow condition for that water body.

(e) Other Nonpoint Sources. The department may, on a case-by-case basis, require nonpoint sources (other than forestry and agriculture), including private hydropower facilities regulated by a 401 water quality certification, that may contribute to warming of State waters beyond 0.3 degrees Celsius (0.5 degrees Fahrenheit), and are therefore designated as water-quality limited, to develop and implement a temperature management plan to achieve compliance with applicable temperature criteria or an applicable load allocation in a TMDL pursuant to OAR 340-042-0080.

(A) Each plan must ensure that the nonpoint source controls its heat load contribution to water temperatures such that the water body experiences no more than a 0.3 degrees Celsius (0.5 degree Fahrenheit) increase above the applicable criteria from all sources taken together at the maximum point of impact.

(B) Each plan must include a description of best management practices, measures, effluent trading, and control technologies (including eliminating the heat impact on the stream) that the nonpoint source intends to use to reduce its temperature effect, a monitoring plan, and a compliance schedule for undertaking each measure.

(C) The Department may periodically require a nonpoint source to revise its temperature management plan to ensure that all practical steps have been taken to mitigate or eliminate the temperature effect of the source on the water body.

(f) Compliance Methods. Anthropogenic sources may engage in thermal water quality trading in whole or in part to offset its temperature discharge, so long as the trade results in at least a net thermal loading decrease in anthropogenic warming of the water body, and does not adversely affect a threatened or endangered species. Sources may also achieve compliance, in whole or in part, by flow augmentation, hyporheic exchange flows, out-fall relocation, or other measures that reduce the temperature increase caused by the discharge.

(g) Release of Stored Water. Stored cold water may be released from reservoirs to cool downstream waters in order to achieve compliance with the applicable numeric criteria. However, there can be no significant adverse impact to downstream designated beneficial uses as a result of the releases of this cold water, and the release may not contribute to violations of other water quality criteria. Where the Department determines that the release of cold water is resulting in a significant adverse impact, the Department may require the elimination or mitigation of the adverse impact.

(13) Site-Specific Criteria. The Department may establish, by separate rulemaking, alternative site-specific criteria for all or a portion of a water body that fully protects the designated use.

(a) These site-specific criteria may be set on a seasonal basis as appropriate.

(b) The Department may use, but is not limited by the following considerations when calculating site-specific criteria:

(A) Stream flow;

(B) Riparian vegetation potential;

(C) Channel morphology modifications;

(D) Cold water tributaries and groundwater;

(E) Natural physical features and geology influencing stream temperatures; and

(F) Other relevant technical data.

(c) DEQ may consider the thermal benefit of increased flow when calculating the site-specific criteria.

(d) Once established and approved by EPA, the site-specific criteria will be the applicable criteria for the water bodies affected.

## 340-041-0033

### Toxic Substances

Effectiveness. Amendments to this rule and associated revisions to Table 30 under OAR 340-041-8033 do not become applicable for purposes of ORS chapter 468B or the federal Clean Water Act until EPA approves the revisions it identifies as water quality standards according to 40 CFR 131.21 (4/27/2000).

(1) Toxic Substances Narrative. Toxic substances may not be introduced above natural background levels in waters of the state in amounts, concentrations, or combinations that may be harmful, may chemically change to harmful forms in the environment, or may accumulate in sedi-

# ADMINISTRATIVE RULES

ments or bioaccumulate in aquatic life or wildlife to levels that adversely affect public health, safety, or welfare or aquatic life, wildlife or other designated beneficial uses.

(2) Aquatic Life Numeric Criteria. Levels of toxic substances in waters of the state may not exceed the applicable aquatic life criteria listed in Table 30 under OAR 340-041-8033.

(3) Human Health Numeric Criteria. The criteria for waters of the state listed in Table 40 under OAR 340-041-8033 are established to protect Oregonians from potential adverse health effects associated with long-term exposure to toxic substances associated with consumption of fish, shellfish and water.

(4) To establish permit or other regulatory limits for toxic substances without criteria in Table 30 under OAR 340-041-8033 or Table 40 under 340-041-8033, DEQ may use the guidance values in Table 31 under 340-041-8033, public health advisories, and published scientific literature. DEQ may also require or conduct bio-assessment studies to monitor the toxicity to aquatic life of complex effluents, other suspected discharges or chemical substances without numeric criteria.

(5) Establishing Site-Specific Background Pollutant Criteria: This provision is a performance based water quality standard that results in site-specific human health water quality criteria under the conditions and procedures specified in this rule section. It addresses existing permitted discharges of a pollutant removed from the same body of water. For waterbodies where a discharge does not increase the pollutant's mass and does not increase the pollutant concentration by more than 3 percent, and where the water body meets a pollutant concentration associated with a risk level of  $1 \times 10^{-4}$ , DEQ concludes that the pollutant concentration continues to protect human health.

(a) Definitions: As used in this section:

(A) "Background pollutant concentration" means the ambient water body concentration immediately upstream of the discharge, regardless of whether those pollutants are natural or result from upstream human activity.

(B) An "intake pollutant" is the amount of a pollutant present in waters of the state (including groundwater) as provided in subsection (C), below, at the time it is withdrawn from such waters by the discharger or other facility supplying the discharger with intake water.

(C) "Same body of water": An intake pollutant is considered to be from the "same body of water" as the discharge if DEQ finds that the intake pollutant would have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee. To make this finding, DEQ requires information showing that:

(i) The background concentration of the pollutant in the receiving water (excluding any amount of the pollutant in the facility's discharge) is similar to that in the intake water; and,

(ii) There is a direct hydrological connection between the intake and discharge points.

(I) DEQ may also consider other site-specific factors relevant to the transport and fate of the pollutant to make the finding in a particular case that a pollutant would or would not have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee.

(II) An intake pollutant from groundwater may be considered to be from the "same body of water" if DEQ determines that the pollutant would have reached the vicinity of the outfall point in the receiving water within a reasonable period had it not been removed by the permittee. A pollutant is not from the same body of water if the groundwater contains the pollutant partially or entirely due to past or present human activity, such as industrial, commercial, or municipal operations, disposal actions, or treatment processes.

(iii) Water quality characteristics (e.g., temperature, pH, hardness) are similar in the intake and receiving waters.

(b) Applicability

(A) DEQ may establish site-specific criteria under this rule section only for carcinogenic pollutants.

(B) Site-specific criteria established under this rule section apply in the vicinity of the discharge for purposes of establishing permit limits for the specified permittee.

(C) The underlying waterbody criteria continue to apply for all other Clean Water Act programs.

(D) The site-specific background pollutant criterion will be effective upon DEQ issuance of the permit for the specified permittee.

(E) DEQ will reevaluate any site-specific criteria developed under this procedure upon permit renewal.

(c) DEQ may establish a site-specific background pollutant criterion when all of the following conditions are met:

(A) The discharger has a currently effective NPDES permit;

(B) The mass of the pollutant discharged to the receiving waterbody does not exceed the mass of the intake pollutant from the same body of water, as defined in section (5)(a)(C) above, and therefore does not increase the total mass load of the pollutant in the receiving water body;

(C) DEQ has not assigned the discharger a TMDL wasteload allocation for the pollutant in question;

(D) The permittee uses any feasible pollutant reduction measures available and known to minimize the pollutant concentration in their discharge;

(E) The pollutant discharge has not been chemically or physically altered in a manner that causes adverse water quality impacts that would not occur if the intake pollutants were left in-stream; and,

(F) The timing and location of the pollutant discharge would not cause adverse water quality impacts that would not occur if the intake pollutant were left in-stream.

(d) The site-specific background pollutant criterion must be the most conservative of the following four values. The procedures deriving these values are described in the sections (5)(e) of this rule.

(A) The projected in-stream pollutant concentration resulting from the current discharge concentration and any feasible pollutant reduction measures under (c)(D) above, after mixing with the receiving stream.

(B) The projected in-stream pollutant concentration resulting from the portion of the current discharge concentration associated with the intake pollutant mass after mixing with the receiving stream. This analysis ensures that there will be no increase in the mass of the intake pollutant in the receiving water body as required by condition (c)(B) above.

(C) The projected in-stream pollutant concentration associated with a 3 percent increase above the background pollutant concentration as calculated:

(i) For the main stem Willamette and Columbia Rivers, using 25 percent of the harmonic mean flow of the waterbody.

(ii) For all other waters, using 100 percent of the harmonic mean flow or similar critical flow value of the waterbody.

(D) A criterion concentration value representing a human health risk level of  $1 \times 10^{-4}$ . DEQ calculates this value using EPA's human health criteria derivation equation for carcinogens (EPA 2000), a risk level of  $1 \times 10^{-4}$ , and the same values for the remaining calculation variables that were used to derive the underlying human health criterion.

(e) Procedure to derive a site-specific human health water quality criterion to address a background pollutant:

(A) DEQ will develop a flow-weighted characterization of the relevant flows and pollutant concentrations of the receiving waterbody, effluent and all facility intake pollutant sources to determine the fate and transport of the pollutant mass.

(i) The pollutant mass in the effluent discharged to a receiving waterbody may not exceed the mass of the intake pollutant from the same body of water.

(ii) Where a facility discharges intake pollutants from multiple sources that originate from the receiving waterbody and from other waterbodies, DEQ will calculate the flow-weighted amount of each source of the pollutant in the characterization.

(iii) Where a municipal water supply system provides intake water for a facility and the supplier provides treatment of the raw water that removes an intake water pollutant, the concentration and mass of the intake water pollutant must be determined at the point where the water enters the water supplier's distribution system.

(B) Using the flow weighted characterization developed in section (5)(e)(A), DEQ will calculate the in-stream pollutant concentration following mixing of the discharge into the receiving water. DEQ will use the resultant concentration to determine the conditions in section (5)(d)(A) and (B).

(C) Using the flow-weighted characterization, DEQ will calculate the in-stream pollutant concentration based on an increase of 3 percent above background pollutant concentration. DEQ will use the resultant concentration to determine the condition in Section (5)(d)(C).

(i) For the main stem Willamette and Columbia Rivers, DEQ will use 25 percent of the harmonic mean flow of the waterbody.

(ii) For all other waters, DEQ will use 100 percent of the harmonic mean flow or similar critical flow value of the waterbody.

(D) DEQ will select the most conservative of the following values as the site-specific water quality criterion.

# ADMINISTRATIVE RULES

(i) The projected in-stream pollutant concentration described in section (5)(e)(B);

(ii) The in-stream pollutant concentration based on an increase of 3 percent above background described in section (5)(e)(C); or

(iii) A water quality criterion based on a risk level of  $1 \times 10^{-4}$ .

(f) Calculation of water quality based effluent limits based on a site-specific background pollutant criterion:

(A) For discharges to receiving waters with a site-specific background pollutant criterion, DEQ will use the site-specific criterion in the calculation of a numeric water quality based effluent limit.

(B) DEQ will compare the calculated water quality based effluent limits to any applicable aquatic toxicity or technology based effluent limits and select the most conservative for inclusion in the permit conditions.

(g) In addition to the water quality based effluent limits described in section (5)(f), DEQ will calculate a mass-based limit where necessary to ensure that the condition described in section (5)(c)(B) is met. Where mass-based limits are included, the permit will specify how DEQ will assess compliance with mass-based effluent limitations.

(h) The permit shall include a provision requiring DEQ to consider the re-opening of the permit and re-evaluation of the site-specific background pollutant criterion if new information shows the discharger no longer meets the conditions described in subsections (5)(c) and (e).

(i) Public Notification Requirements.

(A) If DEQ proposes to grant a site-specific background pollutant criterion, it must provide public notice of the proposal and hold a public hearing. The public notice may be included in the public notification of a draft NPDES permit or other draft regulatory decision that would rely on the criterion and will also be published on DEQ's water quality standards website;

(B) DEQ will publish a list of all site-specific background pollutant criteria approved according to this rule. DEQ will add the criterion to this list within 30 days of its effective date. The list will identify the:

(i) Permittee;

(ii) Site-specific background pollutant criterion and the associated risk level;

(iii) Waterbody to which the criterion applies;

(iv) Allowable pollutant effluent limit; and

(v) How to obtain additional information about the criterion.

(6) Arsenic Reduction Policy: The inorganic arsenic criterion for the protection of human health from the combined consumption of organisms and drinking water is 2.1 micrograms per liter. While this criterion is protective of human health and more stringent than the federal maximum contaminant level (MCL) for arsenic in drinking water, which is 10 micrograms per liter, it is based on a higher risk level than EQC used to establish other human health criteria. This higher risk level recognizes that much of the risk is due to naturally high levels of inorganic arsenic in Oregon's waterbodies. In order to maintain the lowest human health risk from inorganic arsenic in drinking water, EQC determined that it is appropriate to adopt the following policy to limit the human contribution to that risk.

(a) It is EQC policy to reduce the addition of inorganic arsenic from new or existing anthropogenic sources to waters of the state within a surface water drinking water protection area to the maximum amount feasible. The requirements of this rule section (OAR 340-041-0033(6)) apply to sources that discharge to surface waters of the state with an ambient inorganic arsenic concentration equal to or lower than the applicable numeric inorganic arsenic criteria for the protection of human health.

(b) Definitions. As used in this section:

(A) "Add inorganic arsenic" means to discharge a net mass of inorganic arsenic from a point source (the mass of inorganic arsenic discharged minus the mass of inorganic arsenic taken into the facility from a surface water source).

(B) A "surface water drinking water protection area," means an area delineated as such by DEQ under the source water assessment program of the federal Safe Drinking Water Act, 42 U.S.C. § 300j 13. DEQ delineates these areas to protect public or community drinking water supplies that use surface water sources. These delineations are on DEQ's drinking water program Web page.

(C) "Potential to significantly increase inorganic arsenic concentrations in the public drinking water supply source water" means:

(i) a discharge will increase the concentration of inorganic arsenic in the receiving water by 10 percent or more after mixing with the harmonic mean flow of the receiving water; or

(ii) as an alternative, if sufficient data are available, the discharge will increase the concentration of inorganic arsenic in the surface water intake water of a public water system by 0.021 micrograms per liter or more based on a mass balance calculation.

(c) Following the effective date of this rule, applications for an individual NPDES permit or permit renewal received from industrial dischargers located in a surface water drinking water protection area and identified by DEQ as likely to add inorganic arsenic to the receiving water must include sufficient data to enable DEQ to determine whether:

(A) The discharge adds inorganic arsenic; and

(B) The discharge has the potential to significantly increase inorganic arsenic concentrations in the public drinking water supply source water.

(d) Where DEQ determines that both conditions in subsection (c) of this section (6) are true, the industrial discharger must develop an inorganic arsenic reduction plan and propose all feasible measures to reduce its inorganic arsenic loading to the receiving water. The proposed plan, including proposed measures, monitoring and reporting requirements, and a schedule for those actions, will be described in the fact sheet and incorporated into the source's NPDES permit after public comment and DEQ review and approval. In developing the plan, the source must:

(A) Identify how much it can minimize its inorganic arsenic discharge through pollution prevention measures, process changes, wastewater treatment, alternative water supply for groundwater users, or other possible pollution prevention and control measures;

(B) Evaluate the costs, feasibility and environmental impacts of the potential inorganic arsenic reduction and control measures;

(C) Estimate the predicted reduction in inorganic arsenic and the reduced human health risk expected to result from the control measures;

(D) Propose specific inorganic arsenic reduction or control measures, if feasible, and an implementation schedule; and

(E) Propose monitoring and reporting requirements to document progress in plan implementation and the inorganic arsenic load reductions.

(e) In order to implement this section, DEQ will develop the following information and guidance within 120 days of the effective date of this rule and periodically update it as warranted by new information:

(A) A list of industrial sources or source categories, including industrial stormwater and sources covered by general permits likely to add inorganic arsenic to surface waters of the state. For industrial sources or source categories permitted under a general permit that have been identified by DEQ as likely sources of inorganic arsenic, DEQ will evaluate options for reducing inorganic arsenic during permit renewal or evaluation of Stormwater Pollution Control Plans.

(B) Quantitation limits for monitoring inorganic arsenic concentrations.

(C) Information and guidance to assist sources in estimating, according to subsection (d)(C) of this section, the reduced human health risk expected to result from inorganic arsenic control measures based on the most current EPA risk assessment.

(f) It is the policy of EQC that landowners engaged in agricultural or development practices on land where pesticides, fertilizers, or soil amendments containing arsenic are currently being or have previously been applied, implement conservation practices to minimize the erosion and runoff of inorganic arsenic to waters of the state or to a location where such material could readily migrate into waters of the state.

### Beneficial Uses to Be Protected in the Umatilla Basin

(1) Water quality in the Umatilla Basin (see Figure 1) must be managed to protect the designated beneficial uses shown in Table 310A (January 2015).

# ADMINISTRATIVE RULES

(2) Designated fish uses to be protected in the Umatilla Basin are shown in Figures 310A and 310B (November 2003, except as noted in Table 310A).

### Water Quality Standards and Policies for this Basin

(1) pH (hydrogen ion concentration). pH values may not fall outside the following range: all Basin streams except the main stem Columbia River and the "constructed channel" segment of the West Division Main Canal: 6.5-9.0. When more than 25 percent of ambient measurements taken between June and September are greater than pH 8.7, and as resources are available according to priorities set by DEQ, DEQ will determine whether the values higher than 8.7 are anthropogenic or natural in origin.

(2) The following criteria apply to the "constructed channel" segment of the West Division Main Canal and supersede the water quality standards in OAR 340-041-0011 through 340-041-0036 for the "constructed channel" segment of the canal. The criteria in (b) and (c) also apply to the "overflow channels" segment of the West Division Main Canal.

(a) Canal waters may not exceed the numeric criteria shown in Table 315 from the uppermost irrigation withdrawal to the end of the "constructed channel" segment of the canal.

(b) Toxic substances must not be present in canal waters in amounts likely to singularly or in combination harm the designated beneficial uses of the canal or downstream waters.

(c) Sediment load and particulate size shall not exceed levels that interfere with irrigation or the other designated beneficial uses of the canal;

(d) pH values may not fall outside the range of 4.5 to 9.0.

(3) Minimum Design Criteria for Treatment and control of Sewage Wastes in this Basin:

(a) During periods of low stream flows (approximately April 1 to October 31): Treatment resulting in monthly average effluent concentrations not to exceed 20 mg/l of BOD and 20 mg/l of SS or equivalent control;

(b) During the period of high stream flows (approximately November 1 to April 30): A minimum of secondary treatment or equivalent control and unless otherwise specifically authorized by DEQ, operation of all waste treatment and control facilities at maximum practicable efficiency and effectiveness so as to minimize waste discharges to public waters.

**Rule Caption:** Increase Title V Permit Fees by the Consumer Price Index

**Adm. Order No.:** DEQ 2-2015

**Filed with Sec. of State:** 1-7-2015

**Certified to be Effective:** 1-7-15

**Notice Publication Date:** 10-1-2014

**Rules Amended:** 340-220-0030, 340-220-0040, 340-220-0050

**Subject:** The Environmental Quality Commission adopted rules to increase Title V operating permit fees by the change in the Consumer

Price Index as federal and state law authorize. The fee increases are necessary for DEQ to provide essential services associated with Oregon's Title V operating permit program.

The adopted rules will increase fees in invoice year 2015 and are the second rulemaking of two phases. This two-phase approach saved administrative costs because DEQ held a single public notice and comment period for two rulemakings.

Phase one:

DEQ proposed, and the Environmental Quality Commission adopted, phase one rules at the commission's meeting August 2014 meeting. The adopted fee increase was effective for invoice year 2014. The increase was 1.7 percent based on the federal Bureau of Labor Statistics September 2013 CPI for the period Sept. 1, 2012 through Aug. 31, 2013. DEQ applied this CPI to permit fees on the invoices DEQ issued beginning in September 2014 for emission fees and for the operating period Nov. 15, 2014, to Nov. 14, 2015.

Phase two:

DEQ proposed, and the commission adopted, phase two rules at the commission's meeting in January 2015. The fee increase effective for invoice year 2015 is an additional 1.6 percent based on the Bureau of Labor Statistics September 2014 CPI for the period Sept. 1, 2013 through Aug. 31, 2014. DEQ will apply the 2014 CPI to permit fees on the invoices DEQ will issue in August 2015 for 2014 emission fees and for the operating period Nov. 15, 2015, to Nov. 14, 2016.

Background:

Title V of the federal Clean Air Act requires each state to develop and implement a comprehensive operating permit program for major industrial sources of air pollution.

Oregon's Title V program:

- Administers federal health standards, air toxic requirements and other regulations that protect air quality

- Issues, renews or modifies Title V permits to prevent or reduce air pollution through permit requirements

- Completes required Title V inspections

- Ensures that existing sources of air pollution comply with state and federal air emissions standards

- Ensures that new sources of air pollution install controls needed to protect air quality, such as filtration equipment, combustion controls and vapor controls

- Issues public notices and information about the Title V program

- Provides other essential services such as emission inventories, technical assistance, inspections, enforcement, rule and policy development, data management and reporting to EPA

Regulated parties:

The adopted rules affect facilities that currently have a Title V permit and any facility that applies for this type of permit in the future.

**Subject:** SHORT SUMMARY:

The Environmental Quality Commission is amending and adopting Oregon Clean Fuels Program rules under division 253 of chapter 340 of the Oregon Administrative Rules. The phase 2 rules will:

- Implement House Bill 2186 (2009) by establishing clean fuel standards to reduce greenhouse gas emissions from Oregon's transportation fuels by 10 percent over a 10-year period.

- Require importers of transportation fuels to reduce the average carbon intensity of fuels they provide in Oregon to meet the annual clean fuel standards. To meet the standards, regulated parties would select the strategy that works best for them, such as incorporating more lower-carbon biofuels, natural gas, biogas, propane or electricity into its fuel mix, or by purchasing clean fuel credits from providers of clean fuels.

- Allow providers of clean fuels to generate and sell clean fuel credits for the fuels they provide in Oregon.

- Modify the definition of fuel importer to be the owner of the fuel when it crosses into Oregon.

- Establish fuel supply and fuel price deferrals to contain the costs of the program.

**BRIEF HISTORY:**

The 2009 Oregon Legislature passed House Bill 2186. The bill authorized EQC to adopt rules to reduce lifecycle emissions of greenhouse gases from Oregon's transportation fuels by 10 percent over a 10-year period.

The Department of Environmental Quality's Clean Fuels Program Phase 2 Rules Advisory Committee raised questions about when Oregon must implement the Clean Fuels Program. After consulting with the Oregon Department of Justice, DEQ concluded that EQC has statutory authority to adopt Oregon's implementation schedule to achieve 10 percent reduction in fuel carbon content by the end of any 10 year period. Therefore, DEQ proposes to implement the clean fuels standards in the 2015 to 2025 timeframe.

Oregon started fuels reporting (Phase 1) of the Clean Fuels Program on Jan. 1, 2013, after EQC adopted rules in December 2012. Phase 1 rules required Oregon fuel producers and importers to register, keep records and report the volumes and carbon intensities of the transportation fuels they provide in Oregon.

**REGULATED PARTIES:**

The Clean Fuels Program regulates Oregon producers and importers of transportation fuels for use in Oregon. The proposed rule defines an importer as the party that owns the transportation fuel when it crosses into Oregon.

## 340-253-0000

### Overview

(1) Context. The Oregon Legislature found that climate change poses a serious threat to the economic well-being, public health, natural resources and environment of Oregon. Section 1, chapter 907, Oregon Laws 2007. The Oregon Clean Fuels Program will reduce Oregon's contribution to the global levels of greenhouse gas emissions and the impacts of those emissions in Oregon in concert with other greenhouse gas reduction policies and actions by local governments, other states and the federal government.

(2) Purpose. The purpose of the Oregon Clean Fuels Program is to reduce the amount of lifecycle greenhouse gas emissions per unit of energy by a minimum of 10 percent below 2010 levels over a 10-year period. This reduction goal applies to the average of all transportation fuels used in Oregon, not to individual fuels. A fuel user does not violate the standard by possessing fuel that has higher carbon content than the clean fuel standard allows.

(3) Background. The 2009 Oregon Legislature adopted House Bill 2186 enacted as chapter 754 of Oregon Laws 2009. The law authorizes the Environmental Quality Commission to adopt low carbon fuel standards for

# ADMINISTRATIVE RULES

gasoline, diesel fuel and fuels used as substitutes for gasoline or diesel fuel. Sections 6 to 9 of chapter 754, Oregon Laws 2009 is printed as a note following ORS 468A.270 in the 2011 Edition. OAR division 253 of chapter 340 implements section 6 of the law.

(4) Program Review. EQC expects DEQ to periodically review and assess the Oregon Clean Fuels Program and make recommendations to EQC for improvement. DEQ will conduct two periodic reviews between 2015 and 2025. Review and assessment may include:

- (a) The program's progress towards meeting its targets;
- (b) Adjustments to the compliance schedule, if needed;
- (c) The costs and benefits that complying with Clean Fuels Program rules cause for regulated parties and credit generators;
- (d) The costs and benefits that complying with Clean Fuels Program rules cause for Oregon fuel consumers and Oregon's economy;
- (e) The rate of climate change and the costs of environmental and economic damage due to climate change;
- (f) The current and projected availability of clean fuels;
- (g) The progress and adoption rates of clean fuels, clean fuel infrastructure and clean fuel vehicles;
- (h) Identifying hurdles or barriers to implementing the Clean Fuels Program (e.g., permitting issues, infrastructure adequacy, research funds) and recommendations for addressing such hurdles or barriers;
- (i) The mechanisms to provide exemptions and deferrals necessary to mitigate the cost of complying with the program;
- (j) The methods to quantify lifecycle direct and indirect emissions from transportation fuels including land use change and other indirect effects;
- (k) The latest information on low carbon fuel policies and related legal issues;
- (l) The status of federal, state and regional programs that address the carbon content of transportation fuel; and
- (m) Whether there are the necessary resources to implement the program.

(5) LRAPA. Notwithstanding Lane Regional Air Pollution Agency authorization in OAR 340-200-0010(3), DEQ administers this division in all areas of the State of Oregon.

### Definitions

The definitions in OAR 340-200-0020 and this rule apply to this division. If this rule and 340-200-0020 define the same term, the definition in this rule applies to this division.

- (1) "Actual PADD 5" means Petroleum Administration for Defense District 5, which includes Oregon, Washington, Arizona, Nevada, Hawaii, California and Alaska.
- (2) "Bill of lading" means a document issued that lists goods being shipped and specifies the terms of their transport.
- (3) "Bio-based" means produced from non-petroleum, biological renewable resources.
- (4) "Biodiesel" means a diesel substitute that consists of mono-alkyl esters of long chain fatty acids derived from plant or animal matter that complies with ASTM D6751.
- (5) "Biodiesel blend" means a blend of biodiesel with petroleum-based diesel fuel, designated BXX where XX represents the volume percentage of biodiesel fuel in the blend.
- (6) "Biogas" means gas, consisting primarily of methane and carbon dioxide, produced by the anaerobic decomposition of organic matter. Biogas cannot be directly injected into natural gas pipelines or combusted in most natural gas-fueled vehicles unless first upgraded to biomethane.
- (7) "Biomethane" means refined biogas that has been upgraded to a near-pure methane content product. Biomethane can be directly injected into natural gas pipelines or combusted in natural gas-fueled vehicles.
- (8) "Broker" means a person who is not a regulated party or a credit generator and who voluntarily registers to participate in the clean fuels program, described in OAR 340-253-0100(3), to facilitate credit generation and to trade credits with regulated parties, credit generators and other brokers.
- (9) "Carbon intensity" means the amount of lifecycle greenhouse gas emissions per unit of energy of fuel expressed in grams of carbon dioxide equivalent per megajoule (gCO<sub>2</sub>e per MJ).
- (10) "CFP Online System" means the interactive, secured, internet web-based, clean fuels program electronic data tracking, reporting and compliance system that DEQ developed, manages and operates.

(11) "Clean fuel" means a transportation fuel whose carbon intensity value is lower than the applicable clean fuel standard for gasoline and gasoline substitutes in Table 1 under OAR 340-253-8010 or for diesel and diesel substitutes in Table 2 under OAR 340-253-8020.

(12) "Clean fuel standard" means the annual average carbon intensity a regulated party must comply with, as listed in Table 1 under OAR 340-253-8010 for gasoline and gasoline substitutes and in Table 2 under 340-253-8020 for diesel fuel and diesel substitutes.

(13) "Clear gasoline" means gasoline that has not been blended with a renewable fuel.

(14) "Clear diesel" means diesel that has not been blended with a renewable fuel.

(15) "Compliance period" means a calendar year and is the period of time within which regulated parties must demonstrate compliance under OAR 340-253-0100.

(16) "Compressed natural gas" or "CNG" means natural gas compressed to a pressure greater than ambient pressure.

(17) "Credit" means a unit of measure that is generated when the carbon intensity value of a fuel that is produced, imported, dispensed or used in Oregon is less than the clean fuel standard. Credits are expressed in units of metric tons of carbon dioxide equivalent and are calculated under Table 2 under OAR 340-253-1020.

(18) "Credit generator" means any person eligible to generate credits by providing clean fuels for use in Oregon and who voluntarily registers to participate in the clean fuels program, described in OAR 340-253-0100(2), and specified by fuel type in Tables 1-4 under OAR 340-253-0310 through 340-253-0340.

(19) "Credit transfer document" or "CTD" means an invoice, bill of lading, purchase contract or any other proof of credit ownership transfer.

(20) "Deficit" means a unit of measure that is generated when the carbon intensity value of a fuel that is produced or imported in Oregon exceeds the clean fuel standard. Deficits are expressed in units of metric tons of carbon dioxide equivalent and are calculated under OAR 340-253-1020.

(21) "Diesel fuel" or "diesel" means a compression ignition engine fuel conforming to the specifications of either ASTM D975 or ASTM D7467.

(22) "Diesel substitute" means any fuel, other than diesel fuel, that may be used in an engine designed for diesel use.

(23) "Ethanol," or "Denatured fuel ethanol" means nominally anhydrous ethyl alcohol meeting ASTM D4806 standards that is blended with gasoline for use in a spark-ignition internal combustion engine.

(24) "Export" means to have ownership title to transportation fuel from locations within Oregon, at the time it is delivered to locations outside Oregon by any means of transport, other than in the fuel tank of a motor vehicle for the purpose of propelling the motor vehicle.

(25) "Feedstock" means the material from which a fuel is made.

(26) "Fossil" means derived solely from petroleum or fossil sources such as oil fields and coal beds.

(27) "Fuel type" means any unique fuel feedstock and production process combination.

(28) "Fuel pathway code" means a code that represents a unique fuel type. The fuel pathway code is a field in the CFP Online System used to represent a specific type of fuel that has an assigned carbon intensity value.

(29) "Gasoline" means a spark ignition engine fuel conforming to the specifications defined in ASTM D4814.

(30) "Gasoline substitute" means any fuel, other than gasoline, that may be used in an engine designed for gasoline use.

(31) "Heavy duty motor vehicle" or "HDV" means any motor vehicle rated at more than 10,000 pounds gross vehicle weight.

(32) "Import" means to have ownership title to transportation fuel from locations outside of Oregon at the time it is brought into the State of Oregon by any means of transport other than in the fuel tank of a motor vehicle for the purpose of propelling the motor vehicle.

(33) "Importer" means:

(a) With respect to any liquid fuel, the person who imports the fuel; or

(b) With respect to any biomethane, the person who owns the biomethane when it is trucked into Oregon or injected into a pipeline located outside of Oregon and delivered for use in Oregon.

(34) "Invoice" means the receipt or other record of a sale transaction, specifying the price and terms of sale, that describes an itemized list of goods shipped.

(35) "Large importer" means any person who imports into Oregon more than 250,000 gallons of transportation fuels in a given calendar year.

# ADMINISTRATIVE RULES

(36) "Light-duty motor vehicle" or "LDV" means any motor vehicle rated at 8,500 pounds gross vehicle weight or less.

(37) "Lifecycle greenhouse gas emissions" are:

(a) The aggregated quantity of greenhouse gas emissions, including direct emissions and significant indirect emissions, such as significant emissions from changes in land use associated with the fuels;

(b) Measured over the full fuel lifecycle, including all stages of fuel production, from feedstock generation or extraction, production, distribution, and combustion of the fuel by the consumer; and

(c) Stated in terms of mass values for all greenhouse gases as adjusted to CO<sub>2</sub>e to account for the relative global warming potential of each gas.

(38) "Liquefied natural gas" or "LNG" means natural gas that has been liquefied.

(39) "Liquefied compressed natural gas" or "L-CNG" means natural gas that has been liquefied and transported to a dispensing station where it was then re-gasified and compressed to a pressure greater than ambient pressure.

(40) "Liquefied petroleum gas" or "propane" or "LPG" means a petroleum product composed predominantly of any of the hydrocarbons propane, propylene, normal or iso butane, butylene, or mixtures thereof, maintained in the liquid state.

(41) "Medium duty vehicle" or "MDV" means any motor vehicle rated between 8,501 pounds and 10,000 pounds gross vehicle weight.

(42) "Motor vehicle" has the same meaning as defined under OAR 603-027-0410.

(43) "Natural gas" means a mixture of gaseous hydrocarbons and other compounds with at least 80 percent methane by volume.

(44) "OR-GREET" means the Greenhouse gases, Regulated Emissions, and Energy in Transportation (GREET) Argonne National Laboratory model that DEQ modifies and maintains for use in Oregon. DEQ will provide copies of OR-GREET upon request.

(45) "Physical transport mode code" means how a fuel physically enters Oregon. Physical transport mode code is a field in the CFP Online System used to represent how a fuel was imported.

(46) "Producer" means:

(a) With respect to any liquid fuel, the person who makes the fuel in Oregon; or

(b) With respect to any biomethane, the person who refines, treats or otherwise processes biogas into biomethane in Oregon.

(47) "Product transfer document" or "PTD" means a document that conveys information about the transfer of ownership of fuel from a regulated party to the recipient of the fuel.

(48) "Regulated fuel" means a transportation fuel identified under OAR 340-253-0200(2).

(49) "Regulated party" means a person responsible for compliance with the clean fuel standards identified under OAR 340-253-0310.

(50) "Renewable diesel" means diesel fuel derived from vegetable oils, animal fats or other non-petroleum resources.

(51) "Small importer" means any person who imports into Oregon 250,000 gallons or less of transportation fuel in a given calendar year.

(52) "Statutory PADD 5" means the Petroleum Administration for Defense District 5 states: Oregon, Washington, Arizona and Nevada.

(53) "Transaction type" means the nature of the fuel transaction. Transaction type is a field in the CFP Online System used to represent how a volume of fuel should be treated in terms of compliance with the clean fuel standards.

(54) "Transportation fuel" means gasoline, diesel, any other flammable or combustible gas or liquid and electricity that can be used as a fuel for the operation of a motor vehicle. Transportation fuel does not mean unrefined petroleum products.

### Acronyms

The following acronyms apply to this division:

(1) "ASTM" means ASTM International (formerly American Society for Testing and Materials).

(2) "BTU" means British thermal unit.

(3) "CFP" means the clean fuels program established under OAR chapter 340, division 253.

(4) "CIE" means compression ignition engine.

(5) "DEQ" means Oregon Department of Environmental Quality.

(6) "EQC" means Oregon Environmental Quality Commission.

(7) "FEIN" means federal employer identification number.

(8) "gCO<sub>2</sub>e per MJ" means grams of carbon dioxide equivalent per megajoule of energy.

(9) "SIE" means spark ignition engine.

### Oregon Clean Fuels Program Applicability and Requirements

(1) Regulated parties. All persons that produce in Oregon or import into Oregon any regulated fuel must comply with the rules in this division. The regulated parties for regulated fuels produced or imported in Oregon are designated under OAR 340-253-0310.

(a) Regulated parties must comply with sections (4) through (8) below; except that:

(b) Small importers are exempt from sections (5) through (8) below.

(2) Credit generators.

(a) The following rules designate persons eligible to generate credits for each fuel type:

(A) OAR 340-253-0320 for compressed natural gas, liquefied natural gas, liquefied compressed natural gas, liquefied petroleum gas and renewable diesel;

(B) OAR 340-253-0330 for electricity; and

(C) OAR 340-253-0340 for hydrogen fuel or a hydrogen blend.

(b) Persons eligible to be credit generators are not required to participate in the program. Persons who choose voluntarily to participate in the program to generate credits must comply with sections (4), (5), (7) and (8) below.

(3) Brokers.

(a) Brokers must comply with this section and sections (4), (5), (7) and (8) below.

(b) Brokers may hold and trade credits. A broker also may generate credits and facilitate credit generation and credit trading if a regulated party, credit generator or person eligible to be a credit generator authorized the broker to act on its behalf.

(4) Registration.

(a) A regulated party must submit a complete registration application to DEQ under OAR 340-253-0500 for each fuel type on or before the date upon which that party begins producing the fuel in Oregon or importing the fuel into Oregon. The registration application must be submitted using DEQ approved forms.

(b) A credit generator must submit a complete registration to DEQ under OAR 340-253-0500 for each fuel type before it may generate credits for fuel produced, imported, dispensed or used in Oregon. DEQ will not recognize credits allegedly generated by any person that does not have an approved, accurate and current registration.

(c) A broker must submit a complete registration to DEQ under OAR 340-253-0500, or modify its existing registration each time it enters into a new contract with a regulated party or credit generator, before trading credits or facilitating credit generation or trading by a regulated party or credit generator. DEQ will not recognize the transfer of credits by a broker that does not have an approved, accurate and current registration.

(d) When DEQ approves the registration application of a regulated party, credit generator or broker under OAR 340-253-0500, the regulated party, credit generator or broker must establish an account in the CFP Online System and must use the CFP Online System to record and report credit and deficit generation, credit trading and compliance with the CFP rules in this division.

(5) Records. Beginning on July 1, 2015, regulated parties, credit generators registered under subsection (4)(b) and brokers registered under subsection (4)(c) must develop and retain all records OAR 340-253-0600 requires.

(6) Clean fuel standards. Each regulated party must comply with the following standards for all transportation fuel it produces in Oregon or imports into Oregon in each compliance period. To demonstrate compliance, regulated parties must use the calculation method OAR 340-253-1030 specifies. Regulated parties may demonstrate compliance in each compliance period either by producing or importing fuel that in the aggregate meets the standard or by obtaining sufficient credits to offset deficits for such fuel produced or imported into Oregon.

(a) Table 1 under OAR 340-253-8010 establishes the Oregon Clean Fuel Standard for Gasoline and Gasoline Substitutes; and

(b) Table 2 under OAR 340-253-8020 establishes the Oregon Clean Fuel Standard for Diesel and Diesel Substitutes.

# ADMINISTRATIVE RULES

(7) Quarterly progress report. Regulated parties, credit generators and brokers must submit quarterly progress reports under OAR 340-253-0630.

(8) Annual compliance report. Regulated parties, credit generators and brokers must submit annual compliance reports under OAR 340-253-0650.

### Regulated and Clean Fuels

(1) Applicability. Producers and importers of transportation fuels listed in this rule, unless exempt under OAR 340-253-0250, are subject to division 253.

(2) Regulated fuels. Regulated fuels mean the following transportation fuels:

- (a) Gasoline;
- (b) Diesel fuel;
- (c) Denatured fuel ethanol;
- (d) Biodiesel; and
- (e) Any other liquid or non-liquid transportation fuel not listed in section (3) or exempted under OAR 340-253-0250.

(3) Clean fuels. Clean fuels means a transportation fuel with a carbon intensity value lower than the clean fuel standard for gasoline or diesel fuel and their substitutes in Table 1 or 2 under OAR 340-253-8010 or 340-253-8020, as applicable, for that calendar year, such as:

- (a) Bio-based compressed natural gas;
- (b) Bio-based liquefied compressed natural gas;
- (c) Bio-based liquefied natural gas;
- (d) Electricity;
- (e) Fossil compressed natural gas;
- (f) Fossil liquefied compressed natural gas;
- (g) Fossil liquefied natural gas;
- (h) Hydrogen or a hydrogen blend;
- (i) liquefied petroleum gas; and
- (j) Renewable diesel.

### Exemptions

(1) Exempt fuels. The following fuels are exempt from the list of regulated fuels under OAR 340-253-0200(2):

(a) Fuels used in small volumes: A transportation fuel supplied for use in Oregon if the producer or importer documents that all providers supply an aggregate volume of less than 360,000 gasoline gallon equivalents or diesel gallon equivalents per year.

(b) Small volume fuel producer: A transportation fuel supplied for use in Oregon if the producer documents that:

(A) The producer has an annual production volume of less than 10,000 gasoline gallon equivalents or diesel gallon equivalents per year; or

(B) The producer has an annual production volume of less than 50,000 gasoline gallon equivalents or diesel gallon equivalents and the fuel producer uses the entire volume in motor vehicles the producer uses directly; or

(C) The producer is a research, development or demonstration facility defined under OAR 330-090-0100.

- (c) Fuels that are exported for use outside of Oregon.
- (2) Exempt fuel uses.

(a) Transportation fuels supplied for use in the following motor vehicles are exempt from the definition of regulated fuels under OAR 340-253-0200:

- (A) Aircraft;
- (B) Racing activity vehicles defined in ORS 801.404;
- (C) Military tactical vehicles and tactical support equipment;
- (D) Locomotives;
- (E) Ocean-going vessels defined under OAR 856-010-0003, except for vessel under fishery or recreational endorsement under title 46 United States Code, chapter 121;

(F) Motor vehicles registered as farm vehicles as provided in ORS 805.300;

(G) Farm tractors defined in ORS 801.265;

(H) Implements of husbandry defined in ORS 801.310; or

(I) Motor trucks defined in ORS 801.355 if used primarily to transport logs.

(b) To be exempt, the regulated party must document that the fuel was supplied to use in a motor vehicle listed in subsection (2)(a). The documentation must:

(A) Establish that the fuel was sold through a dedicated source to use in one of the specified motor vehicles; or

(B) Be on a fuel transaction basis if the fuel is not sold through a dedicated source.

### Regulated Parties: Gasoline, Diesel Fuel, Ethanol and Biodiesel

(1) Regulated party. The regulated party is the producer or importer of the regulated fuel.

(2) Recipient notification requirement. If a regulated party intends to transfer ownership of fuel, it is the recipient's responsibility to notify the transferor whether the recipient is a producer, a large importer, a small importer or not an importer.

(3) Recipient is a large importer. If a regulated party transfers the fuel to a large importer, the transferor and the recipient have the options and responsibilities under this section.

(a) Unless the transferor elects to remain the regulated party under (3)(b):

(A) The recipient is now the regulated party who:

(i) Must comply with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel;

(ii) Is responsible for compliance with the clean fuel standard for the fuel under OAR 340-253-0100(6); and

(iii) Is eligible to generate credits for the fuel, as applicable.

(B) The transferor must provide the recipient a product transfer document by the time of transfer. The product transfer document must prominently indicate:

(i) Transferor company name, address and contact information;

(ii) Recipient company name, address and contact information;

(iii) Date of transfer;

(iv) Fuel pathway code and carbon intensity value;

(v) Volume/amount;

(vi) A statement that the recipient is now the regulated party; and

(vii) The EPA fuel production company ID and facility ID, if available.

(C) The transferor is no longer the regulated party for such fuel, except for maintaining the product transfer documentation under OAR 340-253-0600.

(b) The transferor may elect to remain the regulated party for the transferred fuel. If the transferor elects to remain the regulated party:

(A) The transferor remains the regulated party who:

(i) Must comply with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel;

(ii) Is responsible for compliance with the clean fuel standard for such fuel under OAR 340-253-0100(6); and

(iii) Is eligible to generate credits for the fuel, as applicable.

(B) The transferor must provide the recipient a product transfer document by the time of transfer. The product transfer document must prominently indicate:

(i) Transferor company name, address and contact information;

(ii) Recipient company name, address and contact information;

(iii) Date of transfer;

(iv) Amount; and

(v) A statement that the transferor remains the regulated party.

(C) The recipient is not the regulated party, except for maintaining the product transfer documentation under OAR 340-253-0600.

(4) Recipient is a producer, a small importer or is not an importer. If a regulated party transfers the fuel to a producer, a small importer or a person who is not an importer, the transferor and the recipient have the options and responsibilities under this section.

(a) Unless the recipient and the transferor agree the recipient is the regulated party under subsection (4)(b):

(A) The transferor remains the regulated party who:

(i) Must comply with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel;

# ADMINISTRATIVE RULES

(ii) Is responsible for compliance with the clean fuel standard for such fuel for such fuel under OAR 340-253-0100(6); and

(iii) Is eligible to generate credits for the fuel, as applicable.

(B) The transferor must provide the recipient a product transfer document by the time of transfer. The product transfer document must prominently indicate:

- (i) Transferor company name, address and contact information;
- (ii) Recipient company name, address and contact information;
- (iii) Date of transfer;
- (iv) Amount; and
- (v) A statement that the transferor remains the regulated party.

(C) The recipient is not the regulated party, except for maintaining the product transfer documentation under OAR 340-253-0600.

(b) The recipient may elect to be the regulated party for the transferred fuel. If the recipient elects to be the regulated party:

(A) The recipient is the regulated party who:

(i) Must comply with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel;

(ii) Is responsible for compliance with the clean fuel standard for such fuel for such fuel under OAR 340-253-0100(6); and

(iii) Is eligible to generate credits for the fuel, as applicable.

(B) The transferor must provide the recipient a product transfer document by the time of transfer. The product transfer document must prominently indicate:

- (i) Recipient company name, address and contact information;
- (ii) Recipient company name, address and contact information;
- (iii) Date of transfer;
- (iv) Fuel pathway code and carbon intensity value;
- (v) Volume/amount;
- (vi) A statement that the recipient is now the regulated party; and
- (vii) The EPA fuel production company ID and facility ID, if available.

(C) The transferor is not the regulated party, except for maintaining the product transfer documentation under OAR 340-253-0600.

### Credit Generators: Compressed Natural Gas, Liquefied Natural Gas, Liquefied Compressed Natural Gas, Liquefied Petroleum Gas and Renewable Diesel

(1) Applicability. This rule applies to providers of compressed natural gas, liquefied natural gas, liquefied compressed natural gas, liquefied petroleum gas and renewable diesel for use as a transportation fuel in Oregon.

(2) Compressed natural gas. For CNG used as a transportation fuel, subsections (a) through (c) determine the person who is eligible to generate credits.

(a) Fossil CNG. For fuel that is solely fossil CNG, the person that is eligible to generate credits is the owner of the compressor at the facility where the fuel is dispensed for use in a motor vehicle.

(b) Bio-based CNG. For fuel that is solely bio-based CNG, the person that is eligible to generate credits is the producer or importer of the fuel.

(c) Blend of fossil CNG and bio-based CNG. For fuel that is a blend of fossil CNG and bio-based CNG, the generated credits will be split between the persons eligible to generate credits under subsections (a) and (b) to give each credits based on the actual amount of fossil CNG and bio-based CNG in the blend.

(3) Liquefied natural gas. For LNG used as a transportation fuel, subsections (a) through (c) determine the person who is eligible to generate credits.

(a) Fossil LNG. For fuel that is solely fossil LNG, the person that is eligible to generate credits is the owner of the fueling equipment at the facility where the fuel is dispensed for use in a motor vehicle.

(b) Bio-based LNG. For fuel that is solely bio-based LNG, the person that is eligible to generate credits is the producer or importer of the fuel.

(c) Blend of fossil LNG and bio-based LNG. For fuel that is a blend of fossil LNG and bio-based LNG, the generated credits will be split between the persons eligible to generate credits under subsections (a) and (b) to give each credits based on the actual amount of fossil LNG and bio-based LNG in the blend.

(4) Liquefied compressed natural gas. For L-CNG used as a transportation fuel, subsections (a) through (c) determine the person who is eligible to generate credits.

(a) Fossil L-CNG. For fuel that is solely fossil L-CNG, the person that is eligible to generate credits is the owner of the compressor at the facility where the fuel is dispensed for use in a motor vehicle.

(b) Bio-based L-CNG. For fuel that is solely bio-based L-CNG, the person that is eligible to generate credits is the producer or importer of the fuel.

(c) Blend of fossil L-CNG and bio-based L-CNG. For fuel that is a blend of fossil L-CNG and bio-based L-CNG, the generated credits will be split between the persons eligible to generate credits under subsections (a) and (b) to give each credits based on the actual amount of fossil L-CNG and bio-based L-CNG in the blend.

(5) Liquefied petroleum gas. For propane used as a transportation fuel, the person that is eligible to generate credits is the owner of the fueling equipment at the facility where the liquefied petroleum gas is dispensed for use in a motor vehicle.

(6) Renewable diesel. For renewable diesel used as a transportation fuel, the person that is eligible to generate credits is the producer or importer of the fuel.

(7) Responsibilities to generate credits. Any person specified in sections (2) through (5) may generate clean fuel credits by complying with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel.

### Credit Generators: Electricity

(1) Applicability. This rule applies to providers of electricity used as a transportation fuel.

(2) For residential charging. For electricity used to charge a motor vehicle in a residence, subsections (a) through (c) determine the person who is eligible to generate credits.

(a) Electric Utility. By October 1 of the current year, an electric utility that is registered or has submitted a complete registration to DEQ under OAR 340-253-0500 may generate credits for the following calendar year.

(b) Broker. If an electric utility does not register as the credit generator under subsection (a), then a broker may register to generate credits.

(c) Owner of electric-charging equipment. If an electric utility or a broker does not register as the credit generator under subsection (a) or (b), then the owner of the electric-charging equipment may register to generate credits.

(3) For non-residential charging. For electricity used to charge a motor vehicle in non-residential settings, such as at publicly available charging stations, for a fleet, or at a workplace, subsections (a) through (c) determine the person who is eligible to generate credits.

(a) Owner or operator of electric-charging equipment. The owner or operator of the electric-charging equipment that is registered or has submitted a complete registration to DEQ under OAR 340-253-0500 by September 1 of the current year may generate credits for the following calendar year.

(b) Electric utility. If the owner or operator of the electric-charging equipment does not register as the credit generator under subsection (a), then an electric utility may generate credits if, by October 1, the electric utility has registered or has submitted a complete registration to DEQ under OAR 340-253-0500.

(c) Broker. If the owner or operator of the electric-charging equipment and the electric utility do not register as the credit generator under subsections (a) or (b), then a broker may generate credits if it has provided documentation to DEQ that it has an agreement with the owner or operator of the electric-charging equipment where electric vehicles are charged with transportation fuel.

(4) Responsibilities to generate credits. Any person specified under sections (2) or (3) may generate clean fuel credits by complying with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel.

(5) Ceasing to generate credits. Any person that is registered to generate credits under OAR 340-253-0500 must notify DEQ in writing when it no longer intends to generate credits.

# ADMINISTRATIVE RULES

## 340-253-0340

### Credit Generators: Hydrogen Fuel or a Hydrogen Blend

(1) Applicability. This rule applies to providers of hydrogen fuel and a hydrogen blend for use as a transportation fuel in Oregon.

(2) Credit generation. For a hydrogen fuel or a hydrogen blend, the person who owns the finished hydrogen fuel where the fuel is dispensed for use into a motor vehicle is eligible to generate credits.

(3) Responsibilities to generate credits. Any person specified in section (2) may generate clean fuel credits by complying with the registration, recordkeeping and reporting requirements under OAR 340-253-0500, 340-253-0600, 340-253-0620, 340-253-0630 and 340-253-0650 for the fuel.

### Fuel Carbon Intensity Values

(1) Statewide carbon intensity values.

(a) Regulated parties, credit generators and brokers must use the statewide average carbon intensity values in Table 3 or 4 under OAR 340-253-8030 or 8040, as applicable, for the following fuels:

(A) Gasoline;

(B) Diesel fuel;

(C) Fossil compressed natural gas;

(D) Fossil liquefied natural gas;

(E) Liquefied petroleum gas; and

(F) Electricity, unless an electricity provider meets the conditions under subsection (1)(b) and chooses to obtain a different carbon intensity value.

(b) For electricity, credit generators and brokers may obtain a carbon intensity value different from the statewide average carbon intensity value by following the procedures under section (3), if the electricity provider:

(A) Is exempt from the definition of public utility under ORS 757.005 (1)(b)(G), and is not regulated by the Oregon Public Utility Commission; or

(B) Generates lower carbon electricity at the same location as it is dispensed into a vehicle.

(2) Carbon intensity values for established pathways. Except as provided in section (3), regulated parties, credit generators and brokers must use the carbon intensity value for each transportation fuel that best matches the description in the fuel pathway in Table 3 or 4 under OAR 340-253-8030 or 340-253-8040, as applicable, and as approved through the registration process under 340-253-0500.

(3) Individual carbon intensity values.

(a) Directed by DEQ. A regulated party, credit generator or broker must obtain and use an individual carbon intensity value for a fuel if DEQ:

(A) Determines the fuel's carbon intensity is not adequately represented by any of the carbon intensity values for established pathways in Table 3 or 4 under OAR 340-253-8030 or 340-253-8040, as applicable; and

(B) Directs the regulated party, credit generator or broker to obtain an individual carbon intensity value under OAR 340-253-0450.

(b) Election of the party. A regulated party, credit generator or broker may obtain and use an individual carbon intensity value for a fuel if:

(A) It applies for and obtains DEQ approval under OAR 340-253-0450; and

(B) The fuel's carbon intensity value differs from the carbon intensity value for the most similar fuel pathway in Table 3 or 4 under OAR 340-253-8030 or 340-253-8040, as applicable, by at least 5.0 gCO<sub>2e</sub> per MJ or 10 percent, whichever is less.

(c) New fuel or feedstock. A regulated party, credit generator or broker must obtain approval for an individual carbon intensity value under OAR 340-253-0450 for any fuel not included in Table 3 or 4 under 340-253-8030 or 340-253-8040, as applicable, and for any fuel made from a feedstock not represented in a carbon intensity value in Table 3 or Table 4 under 340-253-8030 or 340-253-8040, as applicable. A regulated party, credit generator or broker must notify DEQ by submitting a modification to the original registration within 30 days of providing a new transportation fuel for use in Oregon.

(d) Process change notification. If a fuel's carbon intensity value changes due to a change in refining process in a way that increases the fuel's carbon intensity value by more than either 5.0 gCO<sub>2e</sub> per MJ or 10 percent, whichever is less, the regulated party, credit generator or broker must notify DEQ and obtain an individual carbon intensity value under OAR 340-253-0450 by submitting a modification to the original registration under 340-253-0500 within 30 days after the refining process changes.

(e) OR-GREET. Regulated parties, credit generators and brokers must calculate all carbon intensity values using the approved version of OR-GREET, or a DEQ-approved comparable model for any fuel that cannot be modeled with OR-GREET. Any variations from the approved version of OR-GREET must be documented as described under OAR 340-253-0450(1) and submitted to DEQ for approval.

(4) DEQ review of carbon intensity values. Every three years, or sooner if DEQ determines that new information becomes available that warrants an earlier review, DEQ will review the carbon intensity values in Table 3 or 4 under OAR 340-253-8030 or 340-253-8040 and:

(a) Must consider, at a minimum:

(A) The sources of crude and associated factors that affect emissions such as flaring rates, extraction technologies, capture of fugitive emissions and energy sources;

(B) The sources of natural gas and associated factors that affect emissions such as extraction technologies, capture of fugitive emissions and energy sources;

(C) The statewide mix of electricity used in Oregon;

(D) Individual carbon intensity values that have been approved under OAR 340-253-0450;

(E) Changes to OR-GREET;

(F) New methods to calculate lifecycle greenhouse gas emissions;

(G) Changes in quantifying indirect land use change; and

(H) Changes in quantifying indirect effects.

(b) Report to EQC regarding whether statewide average carbon intensity values in Table 3 or 4 under OAR 340-253-8030 or 340-253-8040 should be revised. Changes to Table 3 or 4 under 340-253-8030 or 340-253-8040 may only be revised through a rulemaking.

### Approval for Individual Carbon Intensity Values

(1) Individual carbon intensity value approval. A regulated party, credit generator or broker may not use an individual carbon intensity value without written DEQ approval under this rule. Individual carbon intensity values are not available for the fuels listed under OAR 340-253-0400(1)(a).

(a) OR-GREET modifications. To obtain an individual carbon intensity value, a regulated party, credit generator or broker may propose a modification to inputs into OR-GREET that more accurately reflect the specific characteristics of the fuel or changes to OR-GREET itself that will result in a more accurate calculation of the carbon intensity value for a fuel. The proposal for an individual carbon intensity value must include:

(A) Inputs used to generate the carbon intensity values under OAR 340-253-0400; and

(B) All modified parameters used to generate the new fuel carbon intensity value.

(b) Other modifications. To obtain an individual carbon intensity value, a regulated party, credit generator or broker may propose modifications based on any new information to calculate lifecycle greenhouse gas emissions. The proposal for an individual carbon intensity value must include:

(A) Inputs used to generate the carbon intensity values under OAR 340-253-0400; and

(B) All parameters used to generate the new fuel carbon intensity value.

(2) Reliability. The regulated party, credit generator or broker must supply documentation necessary for DEQ to determine that the method used to calculate the individual carbon intensity value is reliable and comparable to OR-GREET.

(3) Modification submittal. The regulated party, credit generator or broker must submit proposed modifications under this rule electronically and must include:

(a) Documentation that the proposed pathway has been approved by the California Air Resources Board, if available;

(b) A description of all modifications required by section (1);

(c) Supporting data and calculations; and

(d) Any other information the party would like to submit or DEQ requests to verify the method for calculating the proposed, individual carbon intensity value.

(4) Review process. Within 15 workdays after receiving any modification proposal submitted under section (3), DEQ will determine whether the proposal is complete.

# ADMINISTRATIVE RULES

(a) If DEQ determines the proposal is incomplete, DEQ will notify the regulated party, credit generator or broker and identify the deficiencies. If the party submits supplemental information, DEQ has 15 workdays to determine if the supplemental submittal is complete, or to notify the party and identify the continued deficiencies.

(b) If DEQ determines the proposal is complete, DEQ will:

(A) Publish the application on the Oregon Clean Fuels Program website; and

(B) Approve or deny an individual carbon intensity value.

(5) DEQ approval. A regulated party, credit generator or broker may use an individual carbon intensity value upon receiving written approval from DEQ. DEQ will propose to incorporate all associated parameters and fuel-related information of a DEQ-approved individual carbon intensity value into Table 3 or 4 under OAR 340-253-8030 or 340-253-8040, as applicable, in a future rulemaking.

(6) DEQ denial. If DEQ determines the proposal for an individual carbon intensity value is not adequately documented, DEQ will deny the modification proposal, identify the basis for the denial, and notify the party which carbon intensity value it is authorized to use for the fuel.

### Registration

(1) Registration information. To register, regulated parties, credit generators and brokers must submit the following to DEQ using DEQ-approved forms:

(a) Company identification, including physical and mailing addresses, phone numbers, e-mail addresses, and contact names;

(b) The CFP status of the registrant as a producer, small importer, large importer, credit generator or broker;

(c) For each transportation fuel that will be produced, imported, dispensed or used in Oregon, as applicable:

(A) The proposed carbon intensity value for each fuel. The proposed carbon intensity value must be:

(i) A statewide carbon intensity value for any fuel listed under OAR 340-253-0400(1);

(ii) An individual carbon intensity value listed under Table 3 or 4 under OAR 340-253-8030 or 340-253-8040; or

(iii) An individual carbon intensity approved by DEQ, or a proposal to obtain a new individual carbon intensity value, under OAR 340-253-0400(3).

(B) For a biofuel, its EPA production company ID and facility ID;

(C) The physical transport mode that represents how the fuel will enter Oregon.

(d) Other information requested by DEQ related to registration.

(2) Completeness of submittal. DEQ will review the information submitted under section (1) to determine if the submission is complete.

(a) If DEQ determines the submission is incomplete, DEQ will notify the registrant of the information needed to complete the submission. The registrant must provide the requested information within 30 calendar days from the date on the request.

(b) If DEQ determines the submission is complete, DEQ will notify the party in writing of the completeness determination.

(c) If DEQ does not notify the party in writing of the completeness determination within 30 calendar days of receipt of the registration application, the application is deemed complete.

(3) Approval of carbon intensity values. DEQ will review proposed carbon intensity values to determine if they are accurate.

(a) DEQ will review proposed carbon intensity values as follows:

(A) For a proposed carbon intensity value listed under Table 3 or 4 under OAR 340-253-8030 or 340-253-8040, as applicable, DEQ will review whether the fuel type accurately matches the fuel pathway description of the proposed carbon intensity value listed.

(B) For a proposed individual carbon intensity value, DEQ will review the proposal as provided under OAR 340-253-0450.

(b) If DEQ determines that the proposed carbon intensity values accurately reflect the carbon intensity of the fuel types, DEQ will approve the proposed values. Approval of carbon intensity values is confirmed in the registration approval under section (4).

(c) If DEQ determines that a different carbon intensity value more accurately reflects the information submitted, DEQ will notify the regulated party, credit generator or broker of its determination including DEQ's proposed carbon intensity value and the reason(s) for selecting it within 45 days of DEQ's completeness determination.

(A) The registrant must accept or appeal DEQ's determination in writing within 15 days of receiving DEQ's carbon intensity value determination.

(B) If the registrant accepts DEQ's determination, then confirmation will be through the registration approval under section (4) of this rule.

(C) If the registrant appeals DEQ's determination, then it must submit additional supporting information to DEQ within 30 days of its appeal notification. DEQ will review the additional information as provided in this section for review of initial submissions of carbon intensity values. If DEQ already reviewed one appeal of its carbon intensity determination under this section, DEQ may inform the regulated party, credit generator or broker that DEQ's decision is final and it will not undertake further review.

(4) Registration approval. Once DEQ approves the carbon intensity values, DEQ will notify the registrant in writing of its registration approval. The notification will include confirmation of the carbon intensity value for each fuel to be used in calculating credits and deficits under OAR 340-253-1000.

(5) Modifications to registration.

(a) The registrant must submit an amended registration to DEQ within 30 days of any change occurring to information described in section (1).

(b) DEQ may require a registrant to submit an amended registration based on new information DEQ receives.

(c) If a registrant amends its registration under this section, the registrant must also update the registrant's account in the CFP Online System to accurately reflect the amended information, as appropriate.

(6) Opting out. To opt-out of the CFP, a credit generator or broker must notify DEQ in writing. A credit generator or broker that opts out cannot generate, trade, or facilitate the generation or trading of credits unless the credit generator or broker re-registers under OAR 340-253-0100(3) or (4). Regulated parties may not opt-out of the CFP.

(7) Registering as a user in the CFP Online System. After DEQ provides initial written approval of the registration application of a regulated party, credit generator or broker, the regulated party, credit generator or broker must establish an account in the CFP Online System and must use the CFP Online System to record and report credit and deficit generation, credit trading and compliance with the rules in this division.

### Records

(1) Records. Regulated parties, credit generators and brokers must retain the following records for at least 5 years:

(a) Product transfer documents;

(b) Credit transfer documents;

(c) Copies of all data and reports submitted to DEQ;

(d) Records related to each fuel transaction; and

(e) Records used for compliance or credit calculations.

(2) Review. All data, records, and calculations used by a regulated party, a credit generator or a broker to comply with the Oregon Clean Fuels Program are subject to verification by DEQ. Regulated parties, credit generators and brokers must provide records retained under section (1) within 60 calendar days after the date DEQ requests a review of the records, unless DEQ specifies otherwise.

### CFP Online System Reporting

(1) Online reporting. Regulated parties, credit generators and brokers must use the CFP Online System to submit quarterly progress reports under OAR 340-253-0630 and annual compliance reports under OAR 340-253-0650.

(2) Establishing an account. Following DEQ's approval of the regulated party's, credit generator's or broker's registration under OAR 340-253-0500, such person must establish an account in the CFP Online System. Such person must include the following information to register as a user in the CFP Online System:

(a) User's name, address, state and county, date and place of incorporation, and federal employer identification number (FEIN);

(b) User's primary contact name, business and mobile phone numbers, email address, username and password;

(c) Name and title of an Administrator;

# ADMINISTRATIVE RULES

(d) Name and title of Contributors, optional;  
(e) Name and title of Reviewers, optional; and  
(f) Any other information DEQ may require in the CFP Online System.

(3) Account management roles.

(a) Administrator:

(A) Authorized to sign for the user;

(B) Responsible for submitting quarterly progress and annual compliance reports;

(C) Makes changes to the company profile; and

(D) May designate users within the company who can review and upload data, but not submit reports.

(b) Contributor:

(A) Authorized to submit quarterly progress and annual compliance reports, if given signature authority; but

(B) Cannot make changes to the company profile.

(c) Reviewer:

(A) Provided read-only access; but

(B) Cannot submit quarterly progress and annual compliance reports.

(4) Signature. Reports must include an electronic signature that certifies that the submitted information is true, accurate and complete.

(5) Correcting a previously submitted report. A regulated party, credit generator or broker may request to have a previously submitted quarterly progress or annual compliance report reopened for corrective edits and re-submittal. The requestor must submit an "Unlock Report Request Form" using the CFP Online System. The requestor is required to provide justification for the report corrections and indicate the specific corrections to be made to the report. Each submitted request is subject to DEQ approval. DEQ approval of a corrected a report does not preclude DEQ enforcement based on misreporting.

(6) Information exempt from disclosure. Pursuant to the provisions of ORS 192.410 to 192.505, all information submitted to the Department is subject to inspection upon request by any person unless such information is determined to be exempt from disclosure under the Oregon public records law, ORS 192.410 through 192.505 or other applicable Oregon law.

### Quarterly Progress Reports

(1) Quarterly progress reports. Each quarter, regulated parties, credit generators and brokers must submit a progress report using the CFP Online System by no later than:

(a) May 31 — for January through March of each year;

(b) August 31 — for April through June of each year;

(c) November 30 — for July through September of each year; and

(d) February 28 — for October through December of each previous year.

(2) General reporting requirements for quarterly progress reports. Regulated parties, credit generators and brokers must submit quarterly progress reports that contain the information specified in Table 5 under OAR 340-253-8050 for each transportation fuel subject to the CFP.

(3) Specific reporting parameters for biomethane (including bio-based CNG, bio-based LNG and bio-based L-CNG) used as a transportation fuel. The credit generator must report:

(a) The information specified for CNG and LNG in Table 5 under OAR 340-253-8050;

(b) The carbon intensity value of the bio-based CNG, bio-based LNG or bio-based L-CNG as approved under OAR 340-253-0500(4); and

(c) The EPA production company ID and facility ID.

(4) Specific reporting parameters for electricity used as a transportation fuel. For electricity used as a transportation fuel, a credit generator must report the following:

(a) The information specified for electricity in Table 5 under OAR 340-253-8050;

(b) The carbon intensity value of the electricity as approved under OAR 340-253-0500(4); and

(c) For residential charging stations, the total electricity dispensed (in kilowatt hours) to all vehicles at each residence, measured by:

(A) The use of direct metering (either sub-metering or separate metering) to measure the electricity directly dispensed to all vehicles at each household or residence; or

(B) For households and residences where direct metering is not available and with prior DEQ approval, the credit generator may report the total electricity dispensed as a transportation fuel using an alternative method

that the credit generator demonstrates is substantially similar to the use of direct metering.

(d) For each public access, fleet and workplace private access charging facility, the amount of electricity dispensed (in kilowatt hours).

### Annual Compliance Reports

(1) Annual compliance reports. Using the CFP Online System, regulated parties, credit generators and brokers must submit an annual compliance report to DEQ not later than April 30 for the compliance period running from January 1 through December 31 of the previous year.

(2) General reporting requirements for annual compliance reports. Regulated parties, credit generators and brokers must submit annual compliance reports that meet, at minimum, the general and specific requirements for quarterly progress reports and include the following information:

(a) The total credits and deficits generated by the regulated party, credit generator or broker in the current compliance period, calculated in the CFP Online System;

(b) Any credits carried over from the previous compliance period;

(c) Any deficits carried over by a regulated party from the previous compliance period;

(d) The total credits acquired from other regulated parties, credit generators and brokers;

(e) The total credits transferred to other regulated parties, credit generators and brokers; and

(f) The total credits retired by a regulated party to meet the regulated party's compliance obligation.

## 340-253-1000

### Credit and Deficit Basics

(1) Carbon intensity values.

(a) Except as provided in subsection (b), when calculating carbon intensity values, regulated parties, credit generators and brokers must:

(A) Use a DEQ carbon intensity value approved under OAR 340-253-0500(4); and

(B) Express the carbon intensity value to the same number of significant figures as shown in Table 3 or 4 under OAR 340-253-8030 or 340-253-8040, as applicable.

(b) If a regulated party, credit generator or broker has submitted a complete registration under OAR 340-253-0500 and DEQ has not approved the proposed carbon intensity value or has not determined that a different carbon intensity value more accurately reflects the fuel type, the regulated party, credit generator or broker must use the carbon intensity value proposed in its registration.

(2) Fuel quantities. Regulated parties, credit generators and brokers must express fuel quantities to the nearest whole unit applicable for each fuel such as gallons, standard cubic feet, kilowatt-hours or pounds.

(3) Conversion of energy. To convert other energy units to megajoules, the regulated party, credit generator or broker must multiply the unit by the corresponding energy density factor based on the lower heating values of fuels in OR-GREET using BTU to megajoules conversion of 1,055 J per BTU. Table 6 under OAR 340-253-8060 includes energy density conversions for Oregon.

(4) Metric tons of CO<sub>2</sub> equivalent. Regulated parties, credit generators and brokers must express credits and deficits to the nearest whole metric ton of carbon dioxide equivalent.

(5) Credit generation. A clean fuel credit is generated when fuel is produced, imported, dispensed or used in Oregon, as applicable, and the carbon intensity value of the fuel approved under OAR 340-253-0500(4) is less than the clean fuel standard for gasoline or diesel fuel and their substitutes in Table 1 or 2 under 340-253-8010 or 340-253-8020, as applicable.

(6) Deficit generation. A clean fuel deficit is generated when fuel is produced, imported, dispensed or used in Oregon, as applicable, and the carbon intensity value of the fuel approved under OAR 340-253-0500(4) is more than the clean fuel standard for gasoline or diesel fuel and their substitutes in Table 1 or 2 under 340-253-8010 or 340-253-8020, as applicable.

## 340-253-1010

### Fuels to Include in Credit and Deficit Calculation

(1) Fuels included. Regulated parties, credit generators and brokers must calculate credits or deficits for all regulated fuels and clean fuels.

(2) Fuels exempted. Except as provided in section (3), regulated parties, credit generators and brokers may not calculate credits and deficits for fuels:

- (a) Exported outside Oregon; or
- (b) Exempt under OAR 340-253-0250.
- (3) Voluntary inclusion. A regulated party, credit generator or broker may choose to include in its credits and deficits calculations fuel that is exempt under OAR 340-253-0250(1) or sold to an exempt user under 340-253-0250(2) provided that all fuel listed on the same delivery invoice is included.

### Calculating Credits and Deficits

Regulated parties, credit generators and brokers must calculate credits or deficits for each fuel included under 340-253-1010 by:

- (1) Using credit and deficit basics as OAR 340-253-1000 specifies;
- (2) Calculating energy in megajoules by multiplying the amount of fuel by the energy density of the fuel in Table 6 under OAR 340-253-8060;
- (3) Calculating the adjusted energy in megajoules by multiplying the energy in megajoules from section (2) by the energy economy ratio of the fuel using Table 7 or 8 under OAR 340-253-8070 or 340-253-8080, as applicable;
- (4) Calculating the carbon intensity difference by subtracting the fuel's carbon intensity value as approved under OAR 340-253-0500(4) from the clean fuel standard for gasoline or diesel fuel and their substitutes in Table 1 or 2 under 340-253-8010 or 340-253-8020, as applicable;
- (5) Calculating the grams of carbon dioxide equivalent by multiplying the adjusted energy in megajoules in section (3) by the carbon intensity difference in section (4);
- (6) Calculating the metric tons of carbon dioxide equivalent by dividing the grams of carbon dioxide equivalent in section (5) by 1,000,000; and
- (7) Determining under OAR 340-253-1000(5) and (6) whether credits or deficits are generated.

### Net Balance Calculation Deficits

(1) Small deficits. At the end of a compliance period, a regulated party that has a net deficit balance may carry forward a small deficit to the next compliance period without penalty if the regulated party does not have any credits to offset its deficits. A small deficit exists if the amount of credits the regulated party needs to meet the standard is 10 percent or less than the total amount of deficits the regulated party generated for the compliance period.

(2) Large deficits. At the end of a compliance period, a regulated party that has a net deficit balance may not carry forward a large deficit to the next compliance period. A large deficit exists if the amount of credits the regulated party needs to meet the standard is greater than 10 percent of the total amount of deficits the regulated party generated for the compliance period. A regulated party violates this rule if that party has a large deficit at the end of a compliance period.

(3) Deficit reconciliation. If a regulated party carries a small deficit forward from the previous compliance period, the regulated party must eliminate the small deficit by the end of the current compliance period. This provision does not preclude the regulated party from carrying forward a small deficit in the subsequent compliance period based on the total amount of deficits the regulated party generated in the subsequent compliance period.

## 340-253-1050

### Credit Basics

- (1) General.
  - (a) Clean fuel credits are a regulatory instrument and do not constitute personal property, instruments, securities or any other form of property.
  - (b) Regulated parties, credit generators and brokers may:

(A) Retain clean fuel credits without expiration for use within the CFP, subject to this rule and OAR 340-253-1030; and

(B) Acquire or transfer clean fuel credits from or to other regulated parties, credit generators and brokers that are approved program users under OAR 340-253-0500(4) and have account access to the CFP Online System.

(c) Regulated parties, credit generators and brokers may not:

(A) Use alleged credits that have not been generated in compliance with the rules in this division; or

(B) Borrow or use anticipated credits from future projected or planned carbon intensity reductions.

(2) Mandatory retirement of credits.

(a) At the end of a compliance period, a regulated party that possesses credits must retire a sufficient number of credits to satisfy the regulated party's compliance obligation for that compliance period. A regulated party may not carry over credits to the next compliance period if the regulated party has any remaining deficits.

(b) At the end of a compliance period, if the total number of credits is less than the total number of deficits, the regulated party is subject to OAR 340-253-1030.

(3) Credit transfers between parties.

(a) "Credit seller," as used in this rule, means a regulated party, credit generator or broker who wishes to sell or transfer credits.

(b) "Credit buyer," as used in this rule, means a regulated party, credit generator or broker who wishes to acquire credits.

(c) A credit seller and a credit buyer may enter into an agreement to transfer credits.

(d) A credit seller may only transfer credits up to the number of total credits in the credit seller's CFP Online System account.

(4) Credit transfer form.

(a) When parties intend to enter in to a credit transfer agreement, the credit seller must use the "Credit Transfer Form" provided in the CFP Online System and must include the following:

(A) Date of the proposed credit transfer agreement;

(B) Name and FEIN of the credit seller and credit buyer;

(C) Name and contact information of the person who performed the transaction on the credit seller's and credit buyer's behalf;

(D) The number of credits proposed to be transferred; and

(E) The price or equivalent value of the consideration (in US dollars) to be paid per metric ton of credit proposed for transfer, excluding any fees.

(b) After receiving the credit transfer form from the credit seller, the credit buyer must confirm the accuracy of the information contained in the credit transfer form using the CFP Online System.

(5) Broker. A credit seller or a credit buyer may elect to use a broker to facilitate the transfer of credits but may only use a broker who complies with this rule. A broker may only facilitate the transfer of credits if that broker:

(a) Has an approved and active registration under OAR 340-253-0500(4);

(b) Has an account on the CFP Online System; and

(c) Complies with OAR 340-253-0100(4).

(6) Illegitimate credits.

(a) A credit generator violates these rules if it submits information into the CFP Online System indicating that one or more credits have been generated when such an assertion is inconsistent with the requirements of OAR 340-253-1000 through 340-253-1020. If DEQ determines that one or more clean fuel credits a credit generator claims to have generated was not generated in compliance with these rules, then the credit generator:

(A) Must provide an approved clean fuel credit to replace each credit that was not properly generated, if available; and

(B) Is also subject to enforcement for the violation.

(b) A regulated party, credit generator or broker that has acquired one or more illegitimate credits is subject to enforcement unless DEQ determines:

(A) The credits were acquired from a registered regulated party, credit generator or broker with a CFP Online System account; and

(B) The carbon intensity value of the fuel for which the credits were generated matches the carbon intensity value approved by DEQ for that fuel pathway.

(7) Public disclosure.

(a) List of DEQ-approved registered parties. DEQ will maintain a current list of regulated parties, credit generators and brokers that have had their registrations approved by DEQ under OAR 340-253-0500(4) and will make that list available on-line. The list will include, at a minimum, the

# ADMINISTRATIVE RULES

name of the regulated party, credit generator or broker and whether the regulated party is a large importer, a small importer or a producer.

(b) Clean Fuels Program status report. DEQ will publish a quarterly report that summarizes the aggregate CFP credit and deficit generation for the:

- (A) Most recent quarter;
- (B) Past quarters of the current compliance period; and
- (C) Past annual compliance periods.

(c) Clean Fuels Program credit report. DEQ will publish a monthly report that summarizes the aggregate CFP credit transfer information for:

- (A) Most recent month;
- (B) Past months of the current compliance period; and
- (C) Past annual compliance periods.

(d) DEQ reports will be based on information submitted into the CFP Online System.

(e) DEQ reports will represent information aggregated for all fuel transacted within the state; not by individual parties.

## 340-253-2000

### Emergency Deferral Due to Clean Fuel Supply

(1) Determining whether to issue an emergency deferral. DEQ will issue an order declaring an emergency deferral from the clean fuel standard, if DEQ determines:

(a) There is a shortage of fuel that is needed for regulated parties to comply with the clean fuel standard, due to:

- (A) A natural disaster; or
- (B) An unanticipated disruption in production or transportation of clean fuels used for compliance, except disruptions for routine maintenance of a fuel production facility or fuel transmission system; and

(b) The magnitude of the shortage is greater than the equivalent of five percent of the total credits generated by all regulated parties and providers of clean fuels under OAR 340-253-1020 in the previous compliance period. To determine the magnitude of the shortage, DEQ will consider the following:

(A) The volume and carbon intensity of the fuel determined to be not available under subsection (1)(a);

- (B) The estimated duration of the shortage;
- (C) Whether one of the following options could mitigate compliance with the clean fuel standard:

- (i) The same fuel from other sources is available;
- (ii) Substitutes for the affected fuel and the carbon intensity values of those substitutes are available; or
- (iii) Banked clean fuel credits are available; and
- (D) Any other information DEQ may need to determine the magnitude of the shortage.

(2) Content of an emergency deferral. If DEQ determines under section (1) that it must issue a deferral, then DEQ will determine:

(a) The start date and end date of the emergency deferral period, which may not exceed one year (but which may be renewed if DEQ makes a subsequent determination under section (1));

(b) The fuel deferred from complying with the clean fuel standard; and

(c) Which of the following methods DEQ selects to defer compliance with the clean fuel standard during the temporary deferral period:

- (A) Allowing deficits to be carried over into future compliance periods, notwithstanding OAR 340-253-1030(2) and 340-253-1030(3); or
  - (B) Suspending deficit accrual during the emergency deferral period.
- (d) Credits will accrue during the emergency deferral period.

(3) Issuing an emergency deferral. An emergency deferral order DEQ issues under this rule must notify the affected parties and must contain at least the following information:

- (a) DEQ's determination under section (1);
- (b) The deferral period as established under section (2);
- (c) The fuel deferred as established under section (2); and
- (d) The method selected by DEQ to comply as established under section (2).

## 340-253-2100

### Forecasted Deferral Due to Clean Fuel Supply

(1) DEQ forecast. DEQ will use available data under section (2) to develop a fuel supply forecast for the next calendar year that includes:

(a) The potential volumes of gasoline substitutes and diesel fuel substitutes available in Oregon;

(b) The estimated total aggregate credits available;

(c) The estimated credits needed to meet the clean fuel standard; and

(d) A comparison of the estimates under subsections (1)(a) and (b) with (1)(c) to indicate the availability of fuel needed for compliance.

(2) Available data. DEQ will consider available data to develop the forecast including:

(a) Past Oregon fuel consumption volumes and trends;

(b) Oregon and nationwide trends in alternative fuel use;

(c) Information on numbers of alternative-fueled vehicles in Oregon;

(d) Banked clean fuel credits;

(e) Projected total transportation fuel consumption volumes in Oregon, including gasoline and diesel fuel;

(f) Planned projects in or near Oregon such as electric vehicle charging or natural gas fueling stations;

(g) The status of existing and planned clean fuel production facilities nationwide;

(h) Applicable updates to the carbon intensity values of fuels;

(i) Nationwide volumes for fuels required under the federal renewable fuel standard; and

(j) Any other information DEQ may need to develop the forecast.

(3) Determining whether to issue a forecasted deferral. If DEQ forecasts a shortfall in clean fuel credits under subsection (1)(d), and the shortfall is greater than the equivalent of five percent of the credits needed under (1)(c) to comply with the clean fuel standard, then DEQ will determine whether a forecasted deferral is needed by considering the following:

(a) Timing of fuel availability;

(b) Timing, duration and magnitude of the estimated clean fuel shortfall;

(c) Information in addition to material considered under section (2), on potential and current gasoline substitutes and diesel fuel substitutes, including:

(A) Production nationwide;

(B) Use in Oregon; and

(C) Clean fuel infrastructure development in Oregon; and

(d) Any other information DEQ may need in the analysis.

(4) Content of a forecasted deferral. If DEQ determines under section (3) that it must issue a forecasted deferral, DEQ will determine:

(a) The start date and end date of the forecasted deferral period, which may not exceed one year except that DEQ may renew that period if DEQ makes a subsequent determination under section (3);

(b) The fuel deferred from complying with the clean fuel standard; and

(c) Which of the following methods DEQ will use to defer compliance with the clean fuel standard during the forecasted deferral period:

(A) Defer the requirement to comply with the clean fuel standard for up to one year, and allow credits to accrue during the deferral period; or

(B) Propose that EQC revise the CFP through a rulemaking to:

(i) Amend the clean fuel standard;

(ii) Amend the clean fuel standard to extend beyond 2025, the year when Oregon must meet the lowest average carbon intensity values to allow for less stringent annual reductions while still reaching the same average carbon intensity value at the end of the period; or

(iii) Otherwise amend the CFP to address the forecasted fuel supply shortage, such as by adopting a multi-year deferral.

(5) Issuing a forecasted deferral. DEQ will issue a forecasted deferral order to the affected parties with the following information:

(a) DEQ's determination under section (3);

(b) The deferral period as established under section (4);

(c) The fuel deferred as established under section (4); and

(d) The method selected by DEQ to comply as established under section (4).

### Monthly Fuel Price Deferral

(1) Definitions. As used in this rule:

(a) "Diesel Blends" means diesel fuel and diesel fuel blended with biodiesel.

(b) "Gasoline Blends" means gasoline and gasoline blended with ethanol.

(c) "Price evaluation threshold" means that the 12-month rolling weighted average price of gasoline blends or diesel blends in Oregon is

# ADMINISTRATIVE RULES

more than five percent higher than the 12-month rolling weighted average price in the:

- (A) Statutory PADD 5 for gasoline; or
- (B) Statutory PADD 5 or, if unavailable, Actual PADD 5, for diesel fuel.

(2) Average price. Each month, DEQ will calculate the 12-month rolling average price for gasoline blends and diesel blends using data available from the U.S. Energy Information Administration or a comparable source, as follows:

(a) Oregon's 12-month rolling average price. Each month, DEQ will calculate the Oregon 12-month rolling average price for gasoline blends and diesel blends.

(b) Gasoline 12-month rolling weighted-average price for PADD 5. Each month, DEQ will calculate the PADD 5 12-month rolling volume-weighted average price for gasoline blends using the statutory PADD 5 data.

(c) Diesel 12-month rolling weighted-average price for PADD 5. Each month, DEQ will calculate the PADD 5 12-month rolling volume-weighted average price for diesel blends using the actual PADD 5 or, if available, the statutory PADD 5 data.

(3) Determining need for cost mitigation. If the price of gasoline blends or diesel blends in Oregon exceeds the price evaluation threshold:

(a) DEQ will provide fuel data and analysis to EQC that includes the applicable information under sections (4) and (5);

(b) EQC will determine the need to mitigate the costs of complying with the clean fuel standard after considering the DEQ fuel data and analysis. EQC will direct DEQ to implement one or more cost mitigation strategies if EQC determines that:

(A) The price of Oregon gasoline blends or diesel blends exceeds the price evaluation threshold due to the costs of complying with the clean fuel standard; and

(B) Implementing one of the strategies under section (6) is necessary to mitigate the costs of compliance with the clean fuel standard.

(4) Determining whether the clean fuel standard caused the price evaluation threshold exceedance. EQC will determine whether the price of Oregon gasoline blends or diesel blends exceeds the price evaluation threshold due to the costs of complying with the clean fuel standard. DEQ will analyze and provide the following information to EQC:

- (a) Whether fuel volume and price data is faulty or incomplete;
- (b) Price of gasoline substitutes and diesel substitutes;
- (c) Changes in demand for gasoline blends and diesel blends such as changes caused by:

- (A) An increase in population; or
- (B) An increase in fuel usage.

(d) A decrease in retail outlets for gasoline blends and diesel blends in Oregon;

(e) Natural or manmade disasters affecting Oregon but not the statutory PADD 5 as a whole;

(f) Regulatory change that affects Oregon but not the statutory PADD 5 as a whole;

(g) Change in the usage of reformulated gasoline or other special fuel in any state in the statutory PADD 5; and

(h) Any other information DEQ or EQC may need to determine whether the clean fuel standard caused the price of Oregon gasoline blends or diesel blends to exceed the price evaluation threshold.

(5) Factors in determining whether a price mitigation strategy is necessary. EQC will consider the following factors to determine whether it is necessary to mitigate the costs of compliance with the clean fuel standard, or whether the price of gasoline blends or diesel blends will fall below the price evaluation threshold within six months without implementing a cost mitigation strategy:

- (a) Fuel price trends;
- (b) Price of gasoline substitutes and diesel substitutes;
- (c) Availability and use of gasoline substitutes and diesel substitutes in Oregon;

(d) Compliance schedule for the fuel;

(e) Future supply of gasoline substitutes and diesel substitutes; and

(f) Any other information DEQ or EQC may need to determine whether implementing standard cost mitigation strategy is necessary.

(6) Cost mitigation strategies. If EQC determines under subsection (3)(b) that mitigating the cost of compliance is necessary, it will order, and DEQ will implement, one of the following cost mitigation strategies with EQC-approved start and end dates:

(a) Suspending deficit accrual during a cost mitigation period and allowing credits to accrue during that period;

(b) Allowing credits to accrue and allowing deficits to be carried over into future compliance periods, notwithstanding OAR 340-253-1030(2) and 340-253-1030(3), during a cost mitigation period. EQC may allow deficits to be carried over for one, two, or three future compliance periods before the deficits must be reconciled;

(c) Suspending deficit accrual for a percentage of the fuel during the cost mitigation period and allowing credits to accrue during the period;

(d) Eliminating the requirement to comply with the clean fuel standard for up to one year; or

(e) Adopting any other price mitigation strategy that EQC determines to be necessary to effectively mitigate the cost of compliance.

(7) EQC reconsideration. EQC may reconsider and revise its determinations under sections (4) and (5) if the information it considered under those sections has changed. Based on that reconsideration, EQC may reconsider and revise or withdraw any cost mitigation strategies ordered under section (6).

(8) DEQ implementation. In implementing a cost mitigation strategy as EQC directs, DEQ will notify the affected parties with the following information:

- (a) EQC's determinations under sections (4) through (6);
- (b) The start date and end date for the cost mitigation strategy period;
- (c) The fuel(s) affected by the price mitigation strategy; and
- (d) The cost mitigation strategy that EQC adopted under section (6).

## 635-011-0104

### Licenses, Tags, and Permits

(1) Hatchery Salmon and Steelhead Harvest Tag Requirements:

(a) Persons holding an annual angling license and an annual angling harvest tag may purchase Hatchery Salmon and Steelhead Harvest Tags. There is no limit on the number of Hatchery Salmon and Steelhead Harvest Tags an angler may purchase per year. The purchase of each tag entitles the angler to take a combined total of 10 hatchery salmon or steelhead;

(b) Only adipose or otherwise fin-clipped adult salmon or adipose fin-clipped steelhead may be recorded on the Hatchery Salmon and Steelhead Harvest Tag;

(c) A valid annual angling license and a valid annual angling harvest tag must be in possession while fish validated on the Hatchery Salmon and Steelhead Harvest Tag are in angler's possession. All tags purchased must be in angler's possession while angling for salmon or steelhead;

(d) Fish must be recorded immediately upon removal from the water and fish must be recorded in the chronological order caught. The angler who landed the fish must record the fish on his or her tag irrespective of who hooked the fish; and

(e) Hatchery Salmon and Steelhead Harvest Tags should be returned to ODFW upon expiration.

(2) Columbia River Basin Endorsement:

(a) The Columbia River Basin is defined as: The mainstem Columbia River from Buoy 10 upstream to include all rivers and their tributaries that drain into the mainstem Columbia River.

(b) Beginning January 1, 2014 a valid Columbia River Basin Endorsement must be in possession while angling for salmon, steelhead, or sturgeon in the Columbia River Basin except during free fishing weekend where every angler is considered as having a valid Columbia River Basin Endorsement.

(c) The fee for the Columbia River Basin Endorsement, when purchased in conjunction with an annual license is \$9.75, in addition to fees as described in ORS 497.121 and ORS 497.123.

(d) The fee for the Columbia River Basin Endorsement when purchased separately is \$9.75 (plus a \$2.00 agent fee).

(e) The fee for the Columbia River Basin Endorsement, when purchased in conjunction with a daily license is \$1.00 per each day, in addition to those fees as described in ORS 497-121.

(f) Purchase of a Columbia River Basin Endorsement is not required for free fishing weekend.

(g) No fee will be charged for a Columbia River Basin Endorsement for an angler(s) in possession of:

(A) A resident disabled veteran, resident pioneer, resident and non-resident youth under 14 license; or

(B) A Permanent Wheel-chair Angling License a Permanent Blind Angler License, or a Permanent Senior.

## 635-013-0004

### Inclusions and Modifications

(1) OAR 635-013-0005 through 635-013-0009 modify or are in addition to provisions contained in Code of Federal Regulations, Title 50, Part 660, Subparts A and H, and the 2015 Oregon Sport Fishing Regulations.

(2) The Code of Federal Regulations (CFR), Title 50, Part 660, Subparts A and H, and the 2015 Oregon Sport Fishing Regulations contain requirements for sport salmon angling in the Pacific Ocean off the Oregon coast. However, additional regulations may be adopted from time to time, and, to the extent of any inconsistency, they supersede the published federal regulations and the 2015 Oregon Sport Fishing Regulations. This means that persons must consult not only the federal regulations and the published sport fishing regulations but also the Department's web page to determine all applicable sport fishing regulations.

(3) This rule contains requirements that modify sport salmon angling regulations off the Oregon coast. The following modifications are organized in sections that apply to the ocean sport salmon fishery in general and within management zones established by the Pacific Fishery Management Council and enacted by Federal Regulations (CFR, Title 50, Part 660, Subparts A and H).

### Purpose and Scope

(1) The purpose of division 16 is to provide for management of sport fisheries in the Southwest Zone over which the State has jurisdiction.

(2) Division 16 incorporates by reference the **2015 Oregon Sport Fishing Regulations**. Therefore, persons must consult the **2015 Oregon Sport Fishing Regulations** in addition to division 11 and division 16 to determine all applicable sport fishing requirements for the Southwest Zone.

## 635-017-0080

### Purpose and Scope

(1) The purpose of division 17 is to provide for management of sport fisheries in the Willamette Zone over which the State has jurisdiction.

(2) Division 17 incorporates by reference the **2015 Oregon Sport Fishing Regulations**. Therefore, persons must consult the **2015 Oregon Sport Fishing Regulations** in addition to division 11 and division 17 to determine all applicable sport fishing requirements for the Willamette Zone.

## 635-017-0090

### Inclusions and Modifications

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for the Willamette Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) Pacific Lamprey Harvest:

(a) Pursuant to OAR 635-044-0130(1)(b), authorization from the Oregon Fish and Wildlife Commission must be in possession by individuals collecting or possessing Pacific lamprey for personal use. Permits are available from ODFW, 17330 SE Evelyn Street, Clackamas, OR 97015;

(b) Open fishing period is June 1 through July 31 from 7:00 A.M. to 6:00 P.M.; personal use harvest is permitted Friday through Monday each week. All harvest is prohibited Tuesday through Thursday;

(c) Open fishing area is the Willamette River at Willamette Falls on the east side of the falls only, excluding Horseshoe Area at the peak of the falls;

(d) Gear is restricted to hand or hand-powered tools only;

(e) Catch must be recorded daily on a harvest record card prior to leaving the open fishing area. Harvest record cards will be provided by ODFW. All harvest record cards must be returned to the ODFW Clackamas office by August 31 to report catch. Permit holders who do not return the harvest record cards by August 31 will be ineligible to receive a permit in the following year.

(f) Harvesters must allow sampling or enumeration of catches by ODFW personnel.

### Purpose and Scope

(1) The purpose of division 18 is to provide for management of sport fisheries in the Central Zone over which the State has jurisdiction.

(2) Division 18 incorporates by reference the **2015 Oregon Sport Fishing Regulations**. Therefore, persons must consult the **2015 Oregon Sport Fishing Regulations** in addition to division 11 and division 18 to determine all applicable sport fishing requirements for the Central Zone.

### Purpose and Scope

(1) The purpose of division 19 is to provide for management of sport fisheries in the Northeast Zone over which the State has jurisdiction.

(2) Division 19 incorporates by reference the **2015 Oregon Sport Fishing Regulations**. Therefore, persons must consult the **2015 Oregon Sport Fishing Regulations** in addition to division 11 and division 19 to determine all applicable sport fishing requirements for the Northeast Zone.

### Inclusions and Modifications

The **2015 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

### Youngs Bay Control Zone

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) The Youngs Bay Control Zone is closed to recreational angling from August 1 through September 15.

(a) The Youngs Bay Control Zone is defined as those waters southerly of a line originating on the Oregon shore at the east end of the seawall at

the Warrenton Fiber log yard (approximately river mile 10.1) northeasterly through green navigation buoys 29, 31, 33, and 35A to the center of the Astoria-Megler Bridge abutment adjacent to, and north of the ship channel, and continuing southerly in line with the center of the Megler Bridge span to the Oregon shore.

(b) The Youngs Bay Control Zone includes all waters from the line defined in section (2)(a) above south to the Highway 101 Bridge.

### Purpose and Scope

(1) The purpose of division 39 is to provide for management of sport fisheries for marine fish, shellfish, and marine invertebrates in the Pacific Ocean, coastal bays, and beaches over which the State has jurisdiction.

(2) Division 39 incorporates into Oregon Administrative Rules, by reference:

(a) The sport fishing regulations of the State, included in the document entitled 2015 Oregon Sport Fishing Regulations;

(b) Title 50 of the Code of Federal Regulations, Part 300, Subpart E (October 1, 2013 ed.), as amended;

(c) Title 50 of the Code of Federal Regulations, Part 660, Subpart G (October 1, 2013 ed.), as amended;

(d) Federal Register Vol. 78, No. 2, dated January 3, 2013 (78 FR 580);

(e) Federal Register Vol. 79, No. 48, dated March 12, 2014 (79 FR 3906); and

(f) Federal Register Vol. 79, No. 65, dated April 4, 2014 (79 FR 18827).

(3) Therefore, persons must consult all publications referenced in this rule in addition to division 11 and division 39 to determine all applicable sport fishing requirements for marine fish, shellfish and marine invertebrates.

## 635-039-0090

### Inclusions and Modifications

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for sport fisheries for marine fish, shellfish, and marine invertebrates in the Pacific Ocean, coastal bays, and beaches, commonly referred to as the Marine Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) For the purposes of this rule, a "sport harvest cap" is defined as the amount that may be impacted (combined landings and other fishery related mortality) by the Oregon sport fishery in a single calendar year. The sport harvest caps are:

(a) Black rockfish, 440.8 metric tons.

(b) Cabezon, 16.8 metric tons.

(3) For the purposes of this rule, "Other nearshore rockfish" means the following rockfish species: black and yellow (*Sebastes chrysomelas*); brown (*S. auriculatus*); calico (*S. dalli*); China (*S. nebulosus*); copper (*S. caurinus*); gopher (*S. carnatus*); grass (*S. rastelliger*); kelp (*S. atrovirens*); olive (*S. serranoides*); quillback (*S. maliger*); and treefish (*S. serriceps*).

# ADMINISTRATIVE RULES

(4) For the purposes of this rule a “sport landing cap” is defined as the total landings for a given species, or species group, that may be taken in a single calendar year by the ocean boat fishery. The sport landing caps are:

- (a) Black rockfish and blue rockfish combined, 481.8 metric tons.
- (b) Other nearshore rockfish, 13.6 metric tons.
- (c) Greenling, 5.2 metric tons.

(5) In addition to the regulations for Marine Fish in the **2015 Oregon Sport Fishing Regulations**, the following apply for the sport fishery in the Marine Zone in 2015:

(a) Lingcod (including green colored lingcod): 2 fish daily bag limit.

(b) All rockfish (“sea bass” “snapper”), greenling (“sea trout”), cabezon, skates, and other marine fish species not listed in the **2015 Oregon Sport Fishing Regulations** in the Marine Zone, located under the category of Species Name, Marine Fish: 7 fish daily bag limit in aggregate (total sum or number), of which no more than one may be a cabezon. Retention of the following species is prohibited:

- (A) Yelloweye rockfish;
- (B) Canary rockfish; and
- (C) Cabezon from January 1 through June 30.

(c) Flatfish (flounder, sole, sanddabs, turbot, and all halibut species except Pacific halibut): 25 fish daily bag limit in aggregate (total sum or number).

(d) Retention of all marine fish listed under the category of Species Name, Marine Fish, except Pacific cod, sablefish, herring, anchovy, smelt, sardine, striped bass, hybrid bass, and offshore pelagic species (excluding leopard shark and soupfin shark), is prohibited when Pacific halibut is retained on the vessel during open days for the all-depth sport fishery for Pacific halibut north of Humbug Mountain. Persons must also consult all publications referenced in OAR 635-039-0080 to determine all rules applicable to the taking of Pacific halibut.

(e) Harvest methods and other specifications for marine fish in subsections (5)(a), (5)(b) and (5)(c) including the following:

- (A) Minimum length for lingcod, 22 inches.
- (B) Minimum length for cabezon, 16 inches.
- (C) Minimum length for greenling, 10 inches.

(D) May be taken by angling, hand, bow and arrow, spear, gaff hook, snag hook and herring jigs.

(E) Mutilating the fish so the size or species cannot be determined prior to landing or transporting mutilated fish across state waters is prohibited.

(f) Sport fisheries for species in subsections (5)(a), (5)(b) and (5)(c) and including leopard shark and soupfin shark are open January 1 through December 31, twenty-four hours per day, except as provided in subsections (5)(a) and (5)(d), and ocean waters are closed for these species during April 1 through September 30, outside of the 30-fathom curve (defined by latitude and longitude) as shown on Title 50 Code of Federal Regulations Part 660 Section 71. A 20-fathom, 25-fathom, or 30-fathom curve, as shown on Title 50 Code of Federal Regulations Part 660 Section 71 may be implemented as the management line as in-season modifications necessitate. In addition, the following management lines may be used to set area specific regulations for inseason action only:

- (A) Cape Lookout (45°20'30" N latitude); and
- (B) Cape Blanco (42°50'20" N latitude).

(g) The Stonewall Bank Yelloweye Rockfish Conservation Area (YRCA) is defined by coordinates specified in Title 50 Code of Federal Regulations Part 660 Section 70 (October 1, 2013 ed.). Within the YRCA, it is unlawful to fish for, take, or retain species listed in subsections (5)(a), (5)(b) and (5)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut using recreational fishing gear. A vessel engaged in recreational fishing within the YRCA is prohibited from possessing any species listed in subsections (5)(a), (5)(b) and (5)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut. Recreational fishing vessels in possession of species listed in subsections (5)(a), (5)(b) and (5)(c) and including leopard shark, soupfin shark, and Pacific halibut may transit the YRCA without fishing gear in the water.

**Rule Caption:** Recreational Sturgeon Fishery In the Bonneville Pool Begins January 1, 2015.

**Adm. Order No.:** DFW 166-2014(Temp)

**Filed with Sec. of State:** 12-18-2014

**Certified to be Effective:** 1-1-15 thru 3-1-15

**Notice Publication Date:**

**Rules Amended:** 635-023-0095

**Subject:** This amended rule opens a recreational white sturgeon fishery in the Bonneville Pool of the Columbia River, including adjacent tributaries, beginning at 12:01 a.m. Thursday, January 1 through Sunday, March 1, 2015. White Sturgeon between 38-54 inches in fork length may be retained. Modifications were made consistent with Joint State Action taken December 18, 2014 by the Oregon and Washington Departments of Fish and Wildlife in a meeting of the Columbia River Compact.

**Rules Coordinator:** Michelle Tate—(503) 947-6044

## 635-023-0095

### Sturgeon Season

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for the Columbia River Zone and the Snake River Zone. However, additional regulations may be adopted in this rule division from time to time, and, to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) Beginning January 1 through March 1 (60 days) retention of white sturgeon between 38-54 inches in fork length is allowed in the mainstem Columbia River from Bonneville Dam upstream to The Dalles Dam (Bonneville Pool) including adjacent tributaries.

### Purpose and General Information

(1) The purpose of these rules is to establish license and tag requirements, limits, areas, methods and other restrictions for hunting game mammals pursuant to ORS Chapter 496.

(2) OAR chapter 635, division 65 incorporates, by reference, the requirements for hunting game mammals set out in the document entitled 2015 Oregon Big Game Regulations," into Oregon Administrative Rules. Therefore, persons must consult the "2015 Oregon Big Game Regulations" in addition to OAR chapter 635, to determine all applicable requirements for game mammals. The annual Oregon Big Game Regulations are available at hunting license agents and regional, district, and headquarters offices, and website of the Oregon Department of Fish and Wildlife.

(3) Additional regulation information is available on the Oregon Department of Fish and Wildlife website at [www.odfw.com](http://www.odfw.com).

### Mandatory Reporting Penalty

All big game tag holders, except for bighorn sheep and Rocky Mountain goat, and all turkey tag holders are required to report hunting effort and harvest.

(1) Reporting deadlines for 2014–2015 seasons are as follows:

(a) January 31, 2015: For hunts ending between April 1 and December 31, 2014.

(b) April 15, 2015: For hunts ending between January 1 and March 31, 2015.

(2) Any person with any deer or elk tag for hunts and seasons listed in the 2014 Oregon Big Game Regulations pamphlet, issued through the Point of Sale (POS) system, that fails to report by deadlines established in OAR 635-065-0011(1) will not be able to obtain a license to hunt game mammals or game birds in Oregon without paying a penalty.

(a) The penalty will be assessed beginning December 1, 2015 with purchase of a 2016 license.

(b) The penalty fee amount will be \$25.

## 635-065-0015

### General Tag Requirements and Limits

(1) Big Game Tags: Any person hunting game mammals for which a tag is required must have on their person a valid tag for the dates, area and species being hunted.

(2) Any person 12 years of age or older may purchase game mammal tags if they possess an adult hunting license.

(3) A person may obtain and possess during an annual hunting season only:

(a) One valid general season black bear tag;

(b) One valid additional general black bear tag valid in management units 20–30;

(c) One valid controlled black bear tag in addition to general season bear tags issued under subsection (a) and (b) above;

(d) One valid 700 series "leftover" controlled bear tag;

(e) One valid cougar (mountain lion) tag;

(f) One valid additional general cougar (mountain lion) tag;

(g) One valid pronghorn antelope tag.

(4) Except as provided in OAR chapter 635, division 90, and except as provided in OAR 635-075-0010, a person may obtain and possess only one of the following tags during an annual hunting season:

(a) One valid deer bow tag;

(b) One valid western Oregon deer tag;

(c) One valid 100 series controlled buck hunt tag;

(d) One valid 600 series controlled antlerless deer tag in addition to one of (4)(a)–(4)(c) and (4)(e);

(e) One valid 100 series "left over" controlled deer tag;

(f) One valid 600 series "left over" controlled deer tag;

(5) Except as provided in OAR chapter 635, division 90, a person may obtain and possess only one of the following tags during an annual hunting season:

(a) One valid Cascade elk tag;

(b) One valid Coast First Season elk tag;

(c) One valid Coast Second Season elk tag;

(d) One valid Rocky Mountain elk — first season tag;

(e) One valid Rocky Mountain elk — second season tag;

(f) One valid elk bow tag;

(g) One valid controlled elk hunt tag;

(6) In addition to the tags described in OAR 635-065-0015(5), a person during an annual hunting season may obtain or possess only one valid 200 series "leftover" controlled elk tag.

(7) In addition to the tags described in OAR 635-065-0015(3), (4), and (5), a person during an annual hunting season may obtain or possess only one valid "Mandatory Hunter Reporting Incentive Tag" per annual hunting season. If the Department awards a hunter such a tag through the controlled hunt draw authorized by 635-060-0030(5), the following requirements will apply:

(a) On or before July 15, 2014 the hunter must inform the Department which species the tag is to be issued for (pronghorn antelope, deer, or elk) and purchase the tag. Tags not purchased by July 15 will be offered to an alternate hunter with a tag sale deadline of July 31, 2014.

# ADMINISTRATIVE RULES

(b) Hunting hours, hunt dates, bag limit and hunt area for Mandatory Hunter Reporting Incentive Tags will be the same as those listed in OAR 635-090-150(3) for deer or (4) for elk, or 635-067-0028(2) for pronghorn.

(c) Bag limit: one pronghorn antelope or one deer or one elk.

(d) Oregon Department of Fish and Wildlife employees are not eligible for a Mandatory Hunter Reporting Incentive Tag.

(8) Except as provided in OAR 635-067-0032 thru 635-067-0034, a person may obtain and possess only one bighorn sheep ram tag in a lifetime.

(9) Except as provided in OAR 635-067-0041 a person may obtain and possess only one Rocky Mountain goat tag in a lifetime.

(10) It is unlawful for any person to issue or to possess any game mammal tag which has been backdated.

(11) Any game mammal tag having an issue date subsequent to the last day authorized for issue of such tag as listed in "Oregon Big Game Regulations" for the current season is a void tag. Exception:

(a) Members of the uniformed services returning to the state after the deadline shall be permitted to purchase general season tags for themselves at the Salem headquarters and regional offices of the Department.

(b) Notwithstanding the deadlines for tag purchases provided by rule and in the hunting regulation synopses, any person who qualifies to purchase a tag but fails to make the purchase by the deadline, may purchase the tag late if the person:

(A) Submits a written affidavit certifying that the person has not yet hunted during the season for which the tag is sought to the Department's Licensing Services Office;

(B) The request must be received by the Department before the end of the season for the particular tag; and

(C) Pays the Department the fee for a duplicate tag, in addition to the usual tag fee.

(D) A tag purchased for a season that has not begun may be canceled and replaced with a tag for an ongoing season using the process outlines in 635-065-0015(b)(A) and (B) provided the original tag is surrendered with the affidavit and the fee for a duplicate tag is paid to the Department.

### Disabled Hunter Seasons and Bag Limits

(1) ORS 496.018 provides that in order to be considered a person with a disability under the wildlife laws, a person shall provide to the Fish and Wildlife Commission either written certification from a licensed physician, certified nurse practitioner, or licensed physician assistant of certain specified disabilities or written proof that the U.S. Department of Veterans Affairs or the Armed Forces shows the person to be at least 65 percent disabled. To implement that statute, this rule provides for the issuance of an "Oregon Disabilities Hunting and Fishing Permit" by the Department.

(2) To obtain an "Oregon Disabilities Hunting and Fishing Permit," a person shall submit to the Department a completed form specified by the Department. If the completed form accurately provides all required information, the Department shall issue an "Oregon Disabilities Hunting and Fishing Permit". Permits are valid for two calendar years. To renew a permit, the holder must submit a new, updated application form.

(3) The Department may revoke, suspend or decline to issue or renew an "Oregon Disabilities Hunting and Fishing Permit" for failure to submit accurate information. The holder or applicant may request a contested case hearing to appeal such an action.

(4) A person who possesses an Oregon Disabilities Hunting and Fishing Permit issued by the Department is qualified for expanded bag limits as follows:

(a) Season/Tag — Bag Limit.

(b)(A) General or controlled buck deer — One deer.

(B) In the following units: Biggs, Columbia Basin (except: That portion of the Columbia Basin Unit described as follows shall be closed to all bowhunting: Beginning at Vinson at the intersection of Hwy 74 and Butter Creek Road, west on Hwy 74 to Sandhollow Rd, north on Sandhollow Rd to Baseline Rd, west ½ mile to Sandhollow Rd, north on Sandhollow Rd to Hwy 207, north and east on State Hwy 207 to Butter Creek Junction, south on Butter Creek Rd to Hwy 74 at Vinson), Hood, Indigo, Maupin, McKenzie, Melrose, Santiam, Willamette.

(c)(A) General or controlled bull elk — Legal bull or antlerless elk.

(B) In the following units: Applegate, Beatys Butte, Beulah, Biggs, Catherine Creek, Chesnimnus, Columbia Basin (except: That portion of the Columbia Basin Unit described as follows shall be closed to all bowhunting: Beginning at Vinson at the intersection of Hwy 74 and Butter Creek Road, west on Hwy 74 to Sandhollow Rd, north on Sandhollow Rd to Baseline Rd, west ½ mile to Sandhollow Rd, north on Sandhollow Rd to Hwy 207, north and east on State Hwy 207 to Butter Creek Junction, south on Butter Creek Rd to Hwy 74 at Vinson), Dixon (outside National Forest Lands within the unit), Evans Creek (outside National Forest Lands within the unit), East Fort Rock (that portion east of Hwy 97), Fossil, Grizzly, Hood, Imnaha, Indigo (outside National Forest Lands within the unit), Juniper, Keating, Lookout Mountain, Malheur River, Maupin, McKenzie (outside National Forest Lands within the unit), Melrose, Murderers Creek, Northside, Ochoco, Owyhee, Paulina, Pine Creek, Ritter portion of the Heppner unit (that part of unit 48 south and east of the North Fork John Day River), Rogue (outside National Forest Lands within the unit), Saddle Mountain, Santiam (outside National Forest Lands within the unit), Scappoose, Silvies, Siuslaw, Sixes, Sled Springs, Steens Mountain, South Sumpter (that part of Unit 51 south of Burnt Rvr Canyon Rd from Durkee to junction State Hwy 245 and Hwy 245 from junction Burnt Rvr Canyon Rd to Unity), Wagontire, White River, Whitehorse, Willamette, Wilson.

(d) Controlled pronghorn antelope.

(e)(A) Buck only hunts — One pronghorn.

(B) In the following units: Beatys Butte, Biggs, Columbia Basin, Fort Rock, Grizzly, Juniper, Keating, Lookout Mountain, Malheur River, Maupin, Maury, Murderers Creek, Northside, Ochoco, Paulina, Silver Lake, Silvies, Steens Mountain, Sumpter, Wagontire, Warner. For hunts with bag limits other than one buck or one bull, the bag limit remains as shown in the Oregon Big Game Regulations.

(5) The Oregon Disabilities Hunting and Fishing Permit is valid only with a general season or controlled bull elk, buck deer, or pronghorn antelope tag for the area and time period being hunted. The permit must be carried on the person while hunting.

(6) An able-bodied companion may accompany a person with an Oregon Disabilities Hunting and Fishing Permit and kill any animal wounded by the permit holder. The wounded animal must be killed using a legal weapon for the season and species designated on the tag. The companion must immediately attach the permit holder's tag to the carcass of the animal. The companion is not required to possess a hunting license or tag.

## 635-065-0705

### Muzzleloading Rifles

During controlled muzzleloader only seasons:

(1) Hunters shall use any long gun that:

(a) Is fired from the shoulder;

(b) Is loaded from the muzzle;

(c) Has an open ignition system;

(d) Is a single shot except for muzzleloading shotguns that may be double barreled;

(e) Scopes (permanent or detachable), and sights that use batteries, artificial light or power, are not allowed during muzzleloader-only seasons

or during 600 series hunts where there is a weapon restriction of “shotgun/muzzleloader only” or “archery/muzzleloader only”. However, this restriction does not apply to a visually impaired hunter who has a visual acuity of  $\leq 20/200$  with lenses or visual field of  $\leq 20$  degrees, provided that the hunter holds an Oregon Disabilities Hunting and Fishing Permit. Open and peep sights made from alloys, plastic, or other materials that do not have the properties described above are legal. Open or iron sights that make use of fiber optics or fluorescent paint are also legal.

(2) During muzzleloader-only seasons and 600 series hunts where there is a weapon restriction of shotgun/muzzleloader only or archery/muzzleloader only, it is illegal to hunt with jacketed bullets, sabots, and bullets with plastic or synthetic tips or bases. Only the following projectile/bullet types are allowed:

(a) Round balls made of lead, lead alloy, or federally-approved nontoxic shot material, used with cloth, paper or felt patches;

(b) Conical bullets made of lead, lead alloy, or federally-approved nontoxic shot material, with a length that does not exceed twice the diameter;

(c) Lead free copper conical bullets with a length that does not exceed twice the diameter.

(3) Hunters shall use only flint or percussion caps as a source of ignition.

(4) Hunters shall use only loose or granular black powder or black powder substitutes as propellants.

(5) Any .40 calibers or larger muzzleloader as described in OAR 635-065-0705(1)-(4) to hunt pronghorn antelope, black bear, cougar (mountain lion), or deer.

(6) Any .50 caliber or larger muzzleloader as described in OAR 635-065-0705(1)-(4) to hunt bighorn sheep, Rocky Mountain goat, or elk.

(7) Hunters shall use only number 1 or larger buckshot or bullets as described in OAR 635-065-0705(2) for hunting deer, black bear or cougar (mountain lion).

(8) Hunters shall use only single projectiles as described in OAR 635-065-0705(2) for hunting pronghorn antelope, elk, bighorn sheep, or Rocky Mountain goat.

(9) Hunters may only use a legal muzzleloading firearm as described in OAR 635-065-0705. During centerfire firearms seasons where muzzleloaders are also a legal firearm, hunters may:

(a) Use any .40 caliber or larger muzzleloading firearm to hunt pronghorn antelope, black bear, cougar (mountain lion), or deer.

(b) Use any .50 caliber or larger muzzleloading firearm to hunt bighorn sheep, Rocky Mountain goat, or elk.

(c) Use any muzzleloader ignition type (excepting matchlock), any sight, any propellant, or any bullet type.

### Hunting Prohibited

It is unlawful:

(1) To hunt with a centerfire or muzzleloading rifle during the standard eastern Oregon controlled deer buck season (October 3–October 14, 2015) Cascade bull elk season, Coast bull elk seasons, or Rocky Mountain bull or either-sex elk seasons, or the standard Rocky Mountain unit’s antlerless elk seasons (November 21–November 29, 2015) without a valid, unused tag for that species, time period and area on their person. EXCEPTIONS:

(a) Landowners, or their agent, hunting predators on lands they own or lease may use centerfire or muzzleloading rifles to hunt on such lands.

(b) Hunters may use .22 caliber or smaller centerfire rifles for hunting coyotes (Canis latrans) in the Juniper, Beaty Butte, East Beulah, Whitehorse and Owyhee units and in the Wagontire Unit south of the Lake County Road 5-14 during Rocky Mountain bull or either-sex elk seasons, or the standard Rocky Mountain unit’s antlerless elk seasons (November 21–November 29, 2015).

# ADMINISTRATIVE RULES

(c) Hunters who have a tag for one of the hunts listed in this paragraph may hunt bear and/or cougar within the time period and area for which their deer or elk tag is valid (used or unused) provided they have a valid unused bear and/or cougar tag.

(d) Hunters are not required to have an elk tag to hunt bear or cougar in the Applegate WMU during elk seasons.

(2) To hunt on any refuge closed by the state or federal government.

(3) To hunt within the corporate limits of any city or town, public park or cemetery, or on any campus or grounds of a public school, college, or university or from a public road, road right-of-way, or railroad right-of-way.

(4) Notwithstanding section (3) of this rule, controlled antlerless elk hunts are permitted within the south city limits of Seaside if the herd should become a serious problem.

(5) To hunt game mammals outside any area designated by a controlled hunt tag when such tag is required for that hunt season.

(6) To hunt in any Safety Zones created and posted by the Department.

(7) To hunt protected wildlife except:

(a) by a permit or during an authorized season established by the commission.

(b) That crow, blackbirds, cowbirds, and magpies may be taken under Federal regulations for reason of depredation or health hazards as described in the Code of Federal Regulations.

(8) To pursue or assist another to pursue a cougar (mountain lion) during an authorized cougar (mountain lion) season unless in possession of an unused cougar (mountain lion) tag or accompanied by the holder of an unused cougar (mountain lion) tag which is valid for that area and time period.

(9) To engage in computer-assisted hunting (Internet hunting) or provide or operate facilities for computer-assisted hunting in Oregon. As used in this act, "computer-assisted hunting" (Internet hunting) means the use of a computer or any other device, equipment, or software to remotely control the aiming and discharge of a firearm, bow, or any other weapon to hunt any game bird, wildlife, game mammal, or other mammal, and "facilities for computer-assisted remote hunting" means real property and improvements on the property associated with hunting, including hunting blinds, offices and rooms equipped to facilitate computer-assisted remote hunting. Nothing in subsection (9) of this section prohibits the use computer-assisted hunting by employees or agents of county, state or federal agencies while acting in their official capacities.

## 635-065-0765

### Tagging, Possession, Transportation and Evidence of Sex

(1) When the owner of any game mammal tag kills a game mammal for which a tag is issued, the owner shall immediately remove in its entirety only the month and day of kill and attach the tag in plain sight securely to the game mammal. The tag shall be kept attached to such carcass or remain with any parts thereof so long as the same are preserved.

(2) It is unlawful to have in possession any game mammal tag from which all or part of any date has been removed or mutilated except when the tag is legally validated and attached to a game mammal.

(3) It is unlawful to possess the meat or carcass of any deer, elk, pronghorn antelope, bighorn sheep, or Rocky Mountain goat without evidence of sex while in the field, forest, or in transit on any of the highways or premises open to the public in Oregon, except processed or cut and wrapped meat. Evidence of sex for deer, elk, pronghorn antelope, bighorn sheep, or Rocky Mountain goat is:

(a) the animal's scalp which shall include the attached eyes and ears, if animal is female; or ears, antlers or horns, and eyes if the animal is male, or;

(b) the head naturally attached to at least one quarter of the carcass or:

(c) reproductive organs (testicles, scrotum, or penis if male; vulva or udder (mammary) if female) naturally attached to one quarter of the carcass or to another major portion of meat.

(A) For hunts with antler or horn restrictions, if the head is not attached to the carcass, in addition to leaving the testicles, scrotum, or penis naturally attached to one quarter of the carcass or to another major portion of meat, the head or skull plate with both antlers or horns naturally attached shall accompany the carcass or major portions of meat.

(B) For hunts where only white-tailed deer and for hunts where only mule deer are legal: in addition to evidence of sex, (testicles, scrotum, penis, vulva, udder, mammary), either the head or tail shall remain naturally attached to one quarter of the carcass or to another major portion of meat as evidence of the species taken.

(4) When any game mammal or part thereof is transferred to the possession of another person, a written record describing the game mammal or part being transferred indicating the name and address of the person whose tag was originally attached to the carcass and the number of that tag shall accompany such transfer and shall remain with such game mammal or part so long as the same is preserved or until replaced by a tag or seal of the Department.

(5) All game mammals in possession in the field or forest or in transit more than 48 hours after the close of the open season for such mammal must be tagged with a tag or metal seal by the Department or by the Oregon State Police.

(6) All game mammals or portions thereof shipped by commercial carrier shall be tagged with a tag or metal seal provided by the Department or by the Oregon State Police.

(7) It is unlawful to receive or have in possession any game mammal or part thereof which:

(a) Is not properly tagged;

(b) Was taken in violation of any wildlife laws or regulations; or

(c) Was taken by any person who is or may be exempt from the jurisdiction of such laws or regulations.

(8) No person shall possess any game mammal or part thereof which has been illegally killed, found or killed for humane reasons, except shed antlers, unless he has notified and received permission from the Department or personnel of the Oregon State Police prior to transporting.

(9) No person shall possess the horns of bighorn sheep or Rocky Mountain goat that were not taken legally during an authorized season. Any horns of bighorn sheep or Rocky Mountain goat obtained by the Department may be made available to scientific and educational institutions and for ceremonial purposes.

(10) Except for the following parts, importation of a cervid carcass or parts of a cervid carcass is prohibited if the cervid was killed in a state or province with a documented case of Chronic Wasting Disease:

(a) meat that is cut and wrapped commercially or privately;

(b) meat that has been boned out;

(c) quarters or other portions of meat with no part of the spinal column or head attached;

(d) hides and/or capes with no head attached;

(e) skull plates with antlers attached that have been cleaned of all meat and brain tissue;

(f) antlers with no tissue attached;

(g) upper canine teeth (buglers, whistlers, ivories);

(h) finished taxidermy heads.

(11) For the purposes of the parts and carcass import ban in subsection 10, the states or provinces with a documented case of Chronic Wasting Disease (CWD) are Alberta, Colorado, Illinois, Iowa, Kansas, Maryland, Michigan, Minnesota, Missouri, Montana, Nebraska, New Mexico, New York, North Dakota, Ohio, Oklahoma, Pennsylvania, South Dakota, Texas, Utah, Virginia, West Virginia, Wisconsin, Wyoming, and Saskatchewan. The Department shall add by temporary rule any additional states or provinces when any new cases of CWD arise.

(12) The parts and carcass import ban in subsection (11) does not apply to parts or carcasses shipped to the National Fish and Wildlife Forensics Laboratory (Ashland, Oregon) for the purpose of law enforcement investigations and also does not apply to parts or carcasses of reindeer/caribou.

(13) Cervid carcasses or parts of cervid carcasses found in Oregon in violation of the parts and carcass ban in subsection 10 shall be disposed of in a manner as follows:

(a) Brain tissue, spinal columns, and whole heads or heads minus the cleaned skull plate and attached antlers, shall be disposed of either by incineration at temperatures exceeding 800° F or at lined landfills registered by

# ADMINISTRATIVE RULES

Oregon Department of Environmental Quality capable of accepting animal carcasses without environmental contamination; rendering is not an allowed means of disposal.

(b) The person(s) who imported parts in violation of the parts and carcass ban in subsection 10 shall pay for appropriate disposal of cervid carcasses or parts of cervid carcasses.

### Bighorn Sheep Auction Tag

(1) One bighorn sheep tag will be auctioned to the highest bidder annually in the manner and at such time as provided by the Department. The Department may contract with a sportsmen's group or organization to conduct the auction.

(2) The bighorn sheep auction tag and auction shall be limited as follows:

(a) Bag Limit: One bighorn sheep ram.

(b) Hunting Hours: One-half hour before sunrise to one-half hour after sunset.

(c) Open Season: The season shall begin on August 1 and shall end on November 30.

(d) Open Area: Any area where bighorn sheep hunts and tags have been authorized for the current year. The remainder of the state is closed to bighorn sheep hunting.

(e) Auction Requirements:

# ADMINISTRATIVE RULES

(A) The minimum acceptable bid for a bighorn sheep auction tag shall be \$25,000. The bid price includes the hunting license and tag fee. A valid bighorn sheep tag will be provided to the winning bidder in the auction and a valid hunting license will be provided if the winning bidder has not already purchased one, so long as the winning bidder is eligible to purchase an adult Oregon hunting license or a juvenile Oregon hunting license.

(B) Any person, resident or nonresident, is eligible to bid.

(C) If the highest bid is submitted by a person other than the person who is to receive the tag, the Department shall be notified within five business days of the name, address, and phone number of the individual who is to receive the license and tag and his or her position or affiliation with the corporation or organization.

(D) Acceptance of the highest bid shall be conditional until the full amount of the bid is paid. Payment shall be made to the Oregon Department of Fish and Wildlife by cashiers check or certified check within 60 days of the date of the auction, whether conducted by the Department or by a sportsman's group or organization authorized by the Department to conduct the auction.

(E) If the full amount is not paid as provided in OAR 635-067-0032(2)(d)(D), the Department may, at its discretion, reject the bid and offer the tag to the next highest bidder. If the Department offers the tag to the next highest bidder, such next highest bidder must make payment to the Oregon Department of Fish and Wildlife by cashiers check or certified check within 30 days of notification of his or her opportunity to obtain the tag.

(F) The successful bidder may be required to complete a bighorn sheep hunting orientation course prior to their hunt. The hunter shall inform the Department when and where the hunt will be conducted. The successful bidder shall be required to take appropriate steps to assure that any ram taken is marked with an identification pin by Department personnel within five days of being taken.

(G) The Department shall reserve the right to accept or reject any or all bids.

### Bighorn Sheep Raffle Tag

(1) One bighorn sheep tag will be raffled during the current year to an individual selected at a public drawing. The Department may contract with a sportsmen's group or organization to conduct the raffle.

(2) The bighorn sheep raffle tag shall be limited as follows:

(a) Bag Limit: One bighorn sheep ram.

(b) Hunting Hours: One-half hour before sunrise to one-half hour after sunset.

(c) Open Season: The season shall begin on August 1 and shall end on November 30.

(d) Open Area: Any area where bighorn sheep hunts and tags have been authorized for the tube current year. The remainder of the state is closed to bighorn sheep hunting.

(3) Raffle Requirements:

(a) There is no limit on the number of tickets that a person may purchase. Raffle tickets shall be available for purchase in the following denominations:

(A) One ticket package at a cost of \$9.50 (plus a \$2.00 license agent fee).

(B) Six ticket package at a cost of \$49.50 (plus a \$2.00 license agent fee).

(C) Thirteen ticket package at a cost of \$99.50 (plus a \$2.00 license agent fee).

(b) Raffle tickets will be made available during the dates specified in the current Big Game Regulations to the public through the authorized license agents in the state or through licensing in the Salem headquarters office or may be purchased through the mail using Oregon Department of Fish and Wildlife accepted forms. Tickets may be sold by Department representatives at various gatherings of sportmen's groups.

(c) Residents and nonresidents shall be eligible to purchase tickets.

(d) There shall be no refunds on any purchases of raffle tickets.

(e) Tickets purchased through license agents and handled by mail shall be received in the Salem headquarters office of the Department by the date specified in the current Big Game Regulations. Hand delivered tickets submitted for the drawing must be received by 5 p.m. at the Salem headquarters office no later than two days before the drawing event. Completed tickets delivered to the drawing event must be turned in by the time specified in the current Big Game Regulations. Additional tickets may be purchased at the actual raffle site prior to the drawing.

(f) All tickets submitted for the drawing must be complete with a name, address, and phone number.

(g) One winner and two alternate winners will be drawn at a public drawing; time and location to be announced by the Department.

(h) The Department will mail notification to the winner and two alternates. If the winner does not claim the tag by 5 p.m., July 1, the winner shall be disqualified and the Department will offer the tag to the first alternate. If the first alternate does not claim the tag within 10 business days of July 1, the second alternate will be contacted. If the tag is not claimed by 5 p.m., July 31, it will not be issued.

(i) License and Tag Requirements: A valid bighorn sheep tag will be provided to the winner of the raffle and a valid hunting license will be provided if the winner has not already purchased one, so long as the winner is eligible to purchase an adult Oregon hunting license or a juvenile Oregon hunting license.

(j) The bighorn sheep tag shall be issued in the name of the person on the winning ticket provided that person meets all criteria outlined above. The tag may not be sold, assigned, or otherwise transferred.

(k) The winner of the bighorn sheep tag may be required to complete a bighorn sheep hunting orientation course prior to their hunt. The hunter shall inform the Department as to where and when the hunt will be conducted.

(l) If the holder of the raffle bighorn sheep tag is successful in taking a bighorn sheep ram, that person shall present the ram to the Department for permanent marking within five days of taking of the ram.

### Purpose and General Information

(1) The purpose of these rules is to establish season dates, bag limits, areas, and other restrictions for hunting western gray squirrels pursuant to ORS Chapter 496.

(2) OAR chapter 635, division 72 incorporates, by reference, the requirements for hunting western gray squirrel set out in the document entitled "2015 Oregon Big Game Regulations," into Oregon Administrative Rules. Therefore, persons must consult the "2015 Oregon Big Game Regulations" in addition to OAR chapter 635, to determine all applicable requirements for hunting western gray squirrel. The annual Oregon Big Game Regulations are available at hunting license agents and regional, district and headquarters offices of the Oregon Department of Fish and Wildlife.

(3) Additional regulation information is available on the Oregon Department of Fish and Wildlife website at [www.odfw.com](http://www.odfw.com).

### Eligibility

A landowner as defined in OAR 635-045-0002 and immediate family as defined in 635-045-0002, owning 40 or more contiguous acres are eligible to receive landowner hunting preference tags for controlled 600 series deer, western Oregon buck deer, western Oregon elk, and eastern Oregon antlerless elk hunts and emergency hunts occurring on their property. To be eligible to receive landowner hunting preference tags for controlled eastern Oregon buck deer, eastern Oregon bull elk, either-sex elk hunts, and either-sex or doe/fawn pronghorn antelope hunts, occurring on their land, a landowner shall own 160 or more contiguous acres. For controlled hunts see OAR divisions 67, 68, 69, 70, 71, 73, and Emergency Hunts in division 78. Tags issued to landowners are in addition to the number of tags issued to the public and authorized in OAR divisions 67, 68, 69, 70, 71, 73, and 78, except as described in 635-075-00020.

## 635-075-0005

### Registration, Application and Tag Issuance Procedures and Limits for All Controlled Hunts

(1) A landowner shall submit a landowner preference registration form to be eligible for a landowner preference tag. A one-time fee of \$30.00 is required at the time of registration for new program participants. A landowner can have only one registration form on file with the Department. However, an individual who owns (through business entities, in the individual's own name or a combination thereof) more than one property eligible for the landowner preference program may register each such property. The registration form is an affidavit certifying ownership, number of acres owned, the county and Wildlife Management Unit where the property is located. This registration form registers the individual and remains valid until the individual registered no longer qualifies as a landowner as defined under OAR 635-045-0002, writes to the Department requesting the registration form be deleted, or the Department notifies the landowner that a renewal is required.

(2) In addition to having a landowner preference registration form on file with the Department, a landowner or an authorized designee identified by the landowner in writing to the Department shall submit a tag distribution form annually. The tag distribution form shall list the names of the landowner, stockholder(s), partner(s), and their immediate family members to receive tags for pronghorn antelope, and the names of the landowner, stockholder(s), partner(s), their immediate family members, and those persons of the landowners' choosing to receive landowner preference tags for deer and elk.

(3) Landowners shall submit registration forms and landowners or their designee shall submit tag distribution forms prior to September 15 for all controlled 100 series buck deer and bull elk hunts, and through the day prior to the season openings for 600 series antlerless deer, antlerless elk, and either-sex or doe/fawn pronghorn antelope hunts. A Landowner Preference Tag Redistribution fee \$15.00 will be charged per species for amendments made to the original tag distribution forms.

(4) Registration forms and tag distribution forms are available at no charge in any office of the Department.

(5) Registration forms, tag distribution forms, and applications shall be received at the Salem headquarters office of the Department prior to issuance of any landowner preference tag, except as provided for in OAR 635-075-0007. Landowners are not required to submit proof of ownership with their registration form. Landowners shall be required to submit proof of ownership at the request of the Department or the Oregon State Police acting on behalf of the Department.

(6) A landowner, stockholder(s), partner(s), and immediate family and those persons of the landowners' choosing wishing to also apply for controlled hunt tags shall apply by the May 15 controlled hunt deadline. Listing a hunt choice other than a landowner preference choice is not required.

(7) Everyone shall follow controlled hunt application procedures and regulations as described in OAR division 60.

(8) The number of landowner preference tags issued is based upon a landowner's acreage. Landowner Preference tags shall be allocated by the following minimum acreage requirements: [Table not included. See ED. NOTE.]

(9) Landowner preference tags for the hunting of deer or elk may be issued to any person of the landowner's choosing, and shall be used for the taking of antlerless animals except as described in OAR 635-075-0005(10). Season dates of the transferred landowner preference tags shall be the same dates as the original tag.

(10) Landowner preference tags for the hunting of antlered deer or elk may be issued to a person of the landowner's choosing who is not a member of the landowner's, partner's, or stockholder's immediate as follows:

(a) A landowner who is issued only one tag may not transfer that tag.

(b) A landowner who is issued two or more tags may transfer not more than 50 percent of the tags to a person who is not an immediate family member as defined in ORS 496.146(4). If calculation of the number of tags eligible for transfer under the provisions of this paragraph results in a fraction, the Commission shall round up the number of tags to the next whole number.

(11) A landowner who is qualified to receive landowner hunting preference tags may request two additional tags for providing public access and/or two additional tags for wildlife habitat programs. This request shall be made to the Access and Habitat Board with supporting evidence that the access is significant and the habitat programs benefit wildlife. The board may recommend that the commission grant the request. These tags may not be applied to the options as defined in OAR 635-075-0005(8).

(12) No one shall receive both a controlled hunt tag and a landowner preference tag for the same type of hunt. Landowner hunting preference tags shall not be issued to any person successful in the controlled hunt drawing for the same type of hunt.

(13) Landowner preference tags, except as described in OAR 635-075-0007, 635-075-0010, and 635-075-0015 shall only be issued from the headquarters office of the Department following the controlled hunt drawings.

## 635-075-0010

### Hunting Area Allowed With Landowner Hunting Preference Tags

(1) A landowner preference tag authorizes the recipient to hunt only on those lands owned and registered in the Landowner Preference Program by the landowner, and meeting the minimum acreage requirements for that hunt, during the season dates for which the tag is valid, except as provided for in OAR 635-075-0010(4) and (5).

(2) Landowner hunting preference tags are valid on the landowner's registered property in other controlled hunt areas provided the species, bag limits, and season dates are the same, and the landowner's property in that area either:

(a) Meets the minimum acreage requirements for that hunt; or

(b) is contiguous to other property owned and registered by the landowner that, if added together, would meet the minimum acreage requirements for that hunt.

(3) A landowner receiving a landowner preference controlled buck deer hunt or controlled elk hunt tag may not hunt in any other controlled or general buck deer or elk season, except as provided in OAR division 090.

(4) When a landowner is qualified under landowner preference rules adopted by the Commission and the landowner or an immediate family member receives a deer or elk controlled hunt tag for that unit and has not harvested an animal, the landowner or immediate family member may use that tag to take an antlerless deer, except for white-tailed deer in Western Oregon, or elk before, during, or after the hunting season for which the tags are valid, when approved by the Department, to alleviate damage that is presently occurring to the landowner's property.

(5) Each unfilled landowner preference deer tag may be transferred and used to take two antlerless animals, except for white-tailed deer in Western Oregon, before, during or after the hunting season for which the tags are valid, when approved by the Department, to alleviate damage that

# ADMINISTRATIVE RULES

is presently occurring to the landowner's property in accordance with the following criteria:

(a) Transfer must be done by an authorized representative of the Department for no charge;

(b) Tag(s) is/are to be transferred to someone of the landowner's choice;

(c) No more than one tag may be transferred to any one person;

(d) Each tag may only be transferred once;

(e) Tags shall be issued for a period of no more than 30 days from the date of issuance, and end no later than March 31. A Department representative may reauthorize an unfilled tag to the same person for an additional 30 days if damage is presently occurring;

(f) Persons who have been successful in harvesting a buck and/or antlerless deer in a general and/or controlled hunt season (excluding "left-over" tags) are also eligible to receive one damage landowner preference deer tag in a fiscal year of July through June;

(g) Department personnel shall collect the appropriate fee for the second tag at time of transfer;

(6) Landowner preference pronghorn antelope tags may only be used during the authorized hunt season.

### Landowner Hunting Preference Tags in Special Seasons

(1)(a) Landowner hunting preference tags are not available for the long duration youth elk hunts (August 1–December 31) or the Melrose 223T (August 1–March 31, 2015) youth elk hunt.

(b) Landowner preference tags for North Warner Hunt 174A shall be limited to 39 tags and landowner preference tags for the Maury Unit Hunt 136 shall be limited to 84 tags.

(c) During deer hunts 141C, 142B, 154C, 156R, 165R, 168R2 and 170R3, and controlled elk hunts with a bag limit of spike or better in units where the usual bag limit for bull elk is spike only, landowner hunting preference tags shall be limited to five tags or 10 percent of the total controlled hunt tags whichever is greater; the bag limit for these elk tags shall be spike or better.

(2) If landowner preference tags remain from the controlled hunts described in 635-075-0020(1)(b) or (1)(c) after the game mammal controlled hunt drawing, the Department will issue remaining tags to qualified landowners in the following manner:

(a) The tags shall be issued on a first-come, first-served basis.

(b) The Department will set the time and date for the sale of the tags.

(c) Tags issued are additional tags. A qualified landowner may purchase only one first-come, first-served tag per hunt series. Such a tag may be for the landowner or for someone other than the landowner listed on their tag distribution form.

(d) For the purposes of OAR 635-075-0020(2), "qualified landowner" is a landowner who registered their land through the landowner preference program for the Wildlife Management Unit which includes the controlled hunt and who has a current tag distribution form filed with the Department.

(3) A hunter who received a tag of his or her choice through the original game mammal controlled hunt drawing process may exchange that tag for a remaining tag in the first-come, first-served process while tags remain available. Tag purchases and exchanges may be obtained only through ODFW Salem Headquarters and must be made before the start of the seasons for which the tags are issued. The tag being exchanged shall not be reissued.

## 635-075-0022

### Landowner Hunting Preference Tags for Mule Deer

(1) This rule further implements HB 2027A whereby the 2013 Legislative Assembly directed the Department through the commission to specify a formula that bases the number of landowner preference tags avail-

able for mule deer on the management, research, and habitat needs set forth in the wildlife management plan for mule deer.

(2) For purposes of this rule, the population management objectives (MOs) for each wildlife management unit that were adopted by the commission in June 2005 are considered representative of the management, research, and habitat needs for mule deer.

(3) The formula to determine the number of landowner hunting preference tags available for buck deer in a unit is as follows:

(a) In those wildlife management units where the estimated mule deer population is less than 100% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be limited to five tags or 10 percent of the total controlled buck tags authorized for the public for each hunt in that unit by the commission, whichever is greater.

(b) In those wildlife management units where the estimated mule deer population is equal to or more than 100% of the established population management objective, the number of landowner hunting preference tags available for buck deer in that unit may be issued based upon a landowner's acreage as set forth in 635-075-0005 (8).

(4) For the purposes of OAR 635-075-0022(3), "qualified landowner" is a landowner who registered their land through the landowner preference program for the Wildlife Management Unit which includes the controlled hunt and who has a current tag distribution form filed with the Department.

### Definitions

As used in division 4 regulations:

# ADMINISTRATIVE RULES

(1) "Animals living intertidally on the bottom" means any benthic animal with a natural range that includes intertidal areas, regardless of where harvest occurs, and includes but is not limited to, starfish, sea urchins, sea cucumbers, snails, bivalves, worms, coelenterates, and crabs except Dungeness crab.

(2) "Board" means the Commercial Fishery Permit Board.

(3) "Buy" includes offer to buy, barter, exchange or trade.

(4) "Coastal Pelagic Species" means all species of ocean food fish and shellfish defined as Coastal Pelagic Species in the Fishery Management Plan for U.S. West Coast Fisheries for Coastal Pelagic Species and in the Federal Coastal Pelagic Species Regulations, Title 50, Part 660, and include:

(a) Jack mackerel (*Trachurus symmetricus*);

(b) Jack smelt (*Atherinopsis californiensis*);

(c) Krill (all species in order Euphausiacea);

(d) Market squid (*Loligo opalescens*);

(e) Northern anchovy (*Engraulis mordax*);

(f) Pacific herring (*Clupea harengus pallasii*);

(g) Pacific mackerel (*Scomber japonicus*); and

(h) Pacific sardine (*Sardinops sagax*).

(5) "Commercial harvest cap" means the total fishery-related mortality for a given species, or species group, that may occur in a single calendar year in Oregon commercial fisheries.

(6) "Commercial landing cap" means the total landed catch of a given species, or species group, that may be taken in a single calendar year in Oregon commercial fisheries.

(7) "Commercial purposes" means taking food fish with any gear unlawful for angling, or taking or possessing food fish in excess of the limits permitted for personal use, or taking, fishing for, handling, processing, or otherwise disposing of or dealing in food fish with the intent of disposing of such food fish or parts thereof for profit, or by sale, barter or trade, in commercial channels, as specified in ORS 506.006.

(8) "Commission" means the State Fish and Wildlife Commission created by ORS 496.090.

(9) "Department" means the State Department of Fish and Wildlife.

(10) "Director" means the Director of the Oregon Department of Fish and Wildlife appointed pursuant to ORS 496.112.

(11) "Dive gear" means gear used while a fisher is submerged underwater in order to take food fish, and includes but is not limited to one or more of the following pieces of equipment: SCUBA or other surface supplied air source (hookah gear), dive mask, snorkel, air cylinders, weight belt, wetsuit and fins.

(12) "Exclusive Economic Zone" means the zone between 3-200 nautical miles offshore of the United States.

(13) "Fishing gear" means, as specified in ORS 506.006, any appliance or device intended for or capable of being used to take food fish for commercial purposes, and includes:

(a) "Fixed gear" means longline, trap or pot, set net, and stationary hook-and-line gears;

(b) "Gillnet" has the meaning as set forth in OAR 635-042-0010;

(c) "Hook-and-line" means one or more hooks attached to one or more lines;

(d) "Lampara net" means a surrounding or seine net with the sections of netting made and joined to create bagging, and is hauled with purse rings;

(e) "Longline" means a stationary buoyed, and anchored groundline with hooks attached;

(f) "Mesh size" means the opening between opposing knots. Minimum mesh size means the smallest distance allowed between the inside of one knot to the inside of the opposing knot regardless of twine size;

(g) "Pot or trap" means a portable, enclosed device with one or more gates or entrances and one or more lines attached to surface floats;

(h) "Purse seine" means an encircling net that may be closed by a purse line threaded through the bottom of the net. Purse seine gear includes ring net, drum purse seine, and lampara nets;

(i) "Seine" means any non-fixed net other than a trawl net or gillnet and includes all types of purse seines;

(j) "Setline" means a bottom longline used in rivers and estuaries for targeting white sturgeon;

(k) "Set net" means a stationary, buoyed and anchored gillnet or trammel net which takes fish commonly by gilling and is not free to move or drift with the current or tide;

(l) "Spear" means a sharp, pointed, or barbed instrument on a shaft;

(m) "Trammel net" means a gillnet made with two or more walls joined to a common float line;

(n) "Trawl gear" means a cone or funnel-shaped net which is towed or drawn through the water by one or two vessels, and includes but is not limited to beam trawl, bobbin or roller trawl, bottom trawl, pelagic trawl and Danish and Scottish seine gear;

(o) "Troll" means fishing gear that consists of 1 or more lines that drag hooks with bait or lures behind a moving fishing vessel, and which lines are affixed to the vessel and are not disengaged from the vessel at any time during the fishing operation; and

(p) "Vertical hook and line" means a line attached to the vessel or to a surface buoy vertically suspended to the bottom by a weight or anchor, with hooks attached between its surface and bottom end.

(14) "Fishing trip" means a period of time between landings when fishing is conducted.

(15) "Food Fish" means any animal over which the State Fish and Wildlife Commission has jurisdiction, pursuant to ORS 506.036.

(16) "Groundfish" means all species of ocean food fish defined as groundfish in the Pacific Coast Groundfish Fishery Management Plan and in the Federal Groundfish Regulations, Title 50, Part 660 and includes:

(a) All species of rockfish, thornyheads, and scorpionfish that occur off Washington, Oregon, or California (genera *Sebastes*, *Scorpaena*, *Scorpaenodes*, and *Sebastes*);

(b) Arrowtooth flounder (*Atheresthes stomias*);

(c) Big skate (*Raja binoculata*);

(d) Butter sole (*Isopsetta isolepis*);

(e) Cabezon (*Scorpaenichthys marmoratus*);

(f) California skate (*Raja inornata*);

(g) Curlfin sole (*Pleuronichthys decurrens*);

(h) Dover sole (*Microstomus pacificus*);

(i) English sole (*Parophrys vetulus*);

(j) Finescale codling (*Antimora microlepis*);

(k) Flathead sole (*Hippoglossoides elassodon*);

(l) Kelp greenling (*Hexagrammos decagrammus*);

(m) Leopard shark (*Triakis semifasciata*);

(n) Lingcod (*Ophiodon elongatus*);

(o) Longnose skate (*Raja rhina*);

(p) Pacific cod (*Gadus macrocephalus*);

(q) Pacific rattail (*Coryphaenoides acrolepis*);

(r) Pacific sanddab (*Citharichthys sordidus*);

(s) Pacific whiting (*Merluccius productus*);

(t) Petrale sole (*Eopsetta jordani*);

(u) Ratfish (*Hydrolagus colliciei*);

(v) Rex sole (*Glyptocephalus zachirus*);

(w) Rock sole (*Lepidopsetta bilineata*);

(x) Sablefish (*Anoplopoma fimbria*);

(y) Sand sole (*Psettichthys melanostictus*);

(z) Soupfin shark (*Galeorhinus zyopterus*);

(aa) Spiny dogfish (*Squalus acanthias*); and

(bb) Starry flounder (*Platichthys stellatus*); and

(cc) Starry rockfish (*Sebastes constellatus*).

(17) "Harvest guideline" means a specified numerical harvest objective that is not a quota. Attainment of a harvest guideline does not automatically close a fishery.

(18) "Highly Migratory Species" means all species of ocean food fish defined as highly migratory species in the Fishery Management Plan for U.S. West Coast Fisheries for Highly Migratory Species and in the Federal Highly Migratory Species Regulations, Title 50, Part 660, and includes:

(a) Bigeye thresher shark (*Alopias superciliosus*);

(b) Bigeye tuna (*Thunnus obesus*);

(c) Blue shark (*Prionace glauca*);

(d) Common thresher shark (*Alopias vulpinus*);

(e) Common Mola (*Mola mola*);

(f) Dorado (*Coryphaena hippurus*);

(g) Escolar (*Lepidocybium flavobrunneum*);

(h) Lancetfishes (*Alepisauridae* species);

(i) Louvar (*Luvarus imperialis*);

(j) North Pacific albacore tuna (*Thunnus alalunga*);

(k) Northern bluefin tuna (*Thunnus thynnus*);

(l) Pacific swordfish (*Xiphias gladius*);

(m) Pelagic sting ray (*Dasyatis violacea*);

(n) Pelagic thresher shark (*Alopias pelagicus*);

(o) Shortfin mako shark (*Isurus oxyrinchus*);

(p) Skipjack tuna (*Katsuwonus pelamis*);

(q) Striped marlin (*Tetrapturus audax*);

# ADMINISTRATIVE RULES

- (r) Wahoo (*Acanthocybium solandri*); and
- (s) Yellowfin tuna (*Thunnus albacares*).

(19) "Inland waters" means all waters of the state except the Pacific Ocean.

(20) "Intertidal" means the area in Oregon coastal bays, estuaries, and beaches between mean extreme low water and mean extreme high water boundaries.

(21) "Land, landed, or landing" means either of the following:

(a) For fisheries where food fish were taken by use of a vessel, "land, landed or landing" means to begin transfer of food fish from a vessel. Once transfer begins, all food fish aboard the vessel are counted as part of that landing, except:

(A) Anchovies being held live on a vessel for the purpose of using for bait in that vessel's commercial fishing operation; and

(B) For vessels participating in the federal trawl rationalization program, the portion of catch that is intended to be delivered to Washington or California is not considered part of that landing.

(b) For fisheries where food fish were taken without use of any vessel, "land, landed or landing" means to begin transfer of food fish from a harvester to a wholesale fish dealer, wholesale fish bait dealer, or food fish canner, under which the following provisions apply:

(A) When the harvester and the wholesale fish dealer, wholesale fish bait dealer, or food fish canner are the same person or entity, transfer occurs when the food fish arrive at the licensed premises of the wholesale fish dealer, wholesale fish bait dealer, or food fish canner; and

(B) Once transfer begins, all food fish from the harvest area are counted as part of that landing.

(22) "Length" or "Length Overall" of a vessel means the manufacturer's specification of overall length, United States Coast Guard or Marine Board registered length documentation stating overall length or overall length as surveyed by a certified marine surveyor. In determining overall length, marine surveyors shall measure in a straight line parallel to the keel from the foremost part of the vessel to the aftermost part, excluding sheer and excluding bow sprits, boomkins, rudders aft of the transom, outboard motor brackets, or transom extensions such as a dive step or platform.

(23) "Length, total" of a fish is measured from the tip of the snout (mouth closed) to the tip of the tail (pinched together) without mutilation of the fish or the use of additional force to extend the length.

(24) "Nearshore species" includes (See ORS 506.011):

- (a) Black and yellow rockfish (*Sebastes chrysomelas*);
- (b) Brown Irish lord (*Hemilepidotus spinosus*);
- (c) Brown rockfish (*Sebastes auriculatus*);
- (d) Buffalo sculpin (*Enophrys bison*);
- (e) Cabezon (*Scorpaenichthys marmoratus*);
- (f) Calico rockfish (*Sebastes dalli*);
- (g) China rockfish (*S. nebulosus*);
- (h) Copper rockfish (*S. caurinus*);
- (i) Gopher rockfish (*S. carnatus*);
- (j) Grass rockfish (*S. rastrelliger*);
- (k) Kelp greenling (*Hexagrammos decagrammus*);
- (l) Kelp rockfish (*Sebastes atrovirens*);
- (m) Olive rockfish (*S. serranoides*);
- (n) Painted greenling (*Oxylebius pictus*);
- (o) Quillback rockfish (*Sebastes maliger*);
- (p) Red Irish lord (*Hemilepidotus hemilepidotus*);
- (q) Rock greenling (*Hexagrammos lagocephalus*);
- (r) Tiger rockfish (*Sebastes nigrocinctus*);
- (s) Treefish (*S. serripes*);
- (t) Vermillion rockfish (*S. miniatus*); and
- (u) White spotted greenling (*Hexagrammos stelleri*).

(25) "Ocean food fish" means all saltwater species of food fish except salmon, halibut, and shellfish whether found in fresh or salt water.

(26) "Other nearshore rockfish" includes:

- (a) Black and yellow rockfish (*Sebastes chrysomelas*);
- (b) Brown rockfish (*S. auriculatus*);
- (c) Calico rockfish (*S. dalli*);
- (d) China rockfish (*S. nebulosus*);
- (e) Copper rockfish (*S. caurinus*);
- (f) Gopher rockfish (*S. carnatus*);
- (g) Grass rockfish (*S. rastrelliger*);
- (h) Kelp rockfish (*S. atrovirens*);
- (i) Olive rockfish (*S. serranoides*);
- (j) Quillback rockfish (*S. maliger*); and
- (k) Treefish (*S. serripes*).

(27) "Pacific Ocean" means all water seaward of the end of the jetty or jetties of any river, bay, or tidal area, except the Columbia River boundary with the Pacific Ocean is as specified in OAR 635-003-0005, or all water seaward of the extension of the shoreline high watermark across the river, bay, or tidal area where no jetties exist.

(28) "Permit holder" means a person or entity that owns an individual permit or owns the vessel to which a vessel permit is attached. A lessee of a permit is not a permit holder.

(29) "Possession" means holding any food fish, shellfish or parts thereof in a person's custody or control.

(30) "Process or Processing" means fresh packaging requiring freezing of food fish, or any part thereof, or any type of smoking, reducing, loining, steaking, pickling or filleting.

(31) "Resident" means an actual bona fide resident of this state for at least one year, as specified in ORS 508.285.

(32) "Rockfish" includes all species in the following genera:

(a) *Sebastes*; and

(b) *Sebastolobus*.

(33) "Salmon" means all anadromous species of salmon, including but not limited to:

(a) *Oncorhynchus gorbuscha*, commonly known as humpback, humpies or pink salmon.

(b) *Oncorhynchus keta*, commonly known as chum or dog salmon.

(c) *Oncorhynchus kisutch*, commonly known as coho or silver salmon.

(d) *Oncorhynchus nerka*, commonly known as sockeye, red or blue-back salmon.

(e) *Oncorhynchus tshawytscha*, commonly known as Chinook salmon.

(34) "Security interest" means an interest in a vessel or permit granted by the owner of the vessel or permit to a third party under a security agreement, pursuant to ORS Chapter 79, another state's laws enacted to implement Article 9 of the Uniform Commercial Code or equivalent federal statutory provisions for federally documented vessels.

(35) "Sell" includes to offer or possess for sale, barter, exchange or trade.

(36) "Smelt" means all species in the family *Osmeridae*.

(37) "Take" means fish for, hunt, pursue, catch, capture or kill or attempt to fish for, hunt, pursue, catch, capture or kill.

(38) "Transport" means transport by any means, and includes offer or receive for transportation.

(39) "Trip limit" means the total amount of fish that may be taken and retained, possessed, or landed per vessel from a single fishing trip or cumulatively per unit of time. A vessel which has landed its cumulative or daily limit may continue to fish on the limit for the next legal period as long as the fish are not landed until the next period. Trip limits may be:

(a) "Bi-monthly cumulative trip limit" means the maximum amount of fish that may taken and retained, possessed or landed per vessel in specified bi-monthly periods. There is no limit on the number of landings or trips in each period, and periods apply to calendar months. The specified periods are as follows:

(A) Period 1: January through February;

(B) Period 2: March through April;

(C) Period 3: May through June;

(D) Period 4: July through August;

(E) Period 5: September through October; and

(F) Period 6: November through December.

(b) "Daily trip limit" means the maximum amount of fish that may be taken and retained, possessed or landed per vessel in 24 consecutive hours, starting at 00:01 hours local time. Only one landing of groundfish may be made in that 24-hour period;

(c) "Monthly trip limit" means the maximum amount of fish that may be taken and retained, possessed or landed per vessel during the first day through the last day of any calendar month.

(d) "Weekly trip limit" means the maximum amount of fish that may be taken and retained, possessed or landed per vessel in seven (7) consecutive days, starting at 00:01 hours local time on Sunday and ending at 24:00 hours local time on Saturday. Weekly trip limits may not be accumulated during multiple week trips. If a calendar week falls within two different months or two different cumulative limit periods, a vessel is not entitled to two separate weekly limits during that week.

(40) "Undue hardship" means death, serious illness requiring extended care by a physician, permanent disability, or other circumstances beyond the individual's control.

# ADMINISTRATIVE RULES

(41) "Unlawful to buy" means that it is unlawful to buy, knowing or having reasonable cause to believe that the fish have been illegally taken or transported within this state, or unlawfully imported or otherwise unlawfully brought into this state.

(42) "Vessel" means any floating craft, powered, towed, rowed or otherwise propelled which is used for landing or taking food fish for commercial purposes, and has the same meaning as 'boat' as specified in ORS 506.006.

(43) "Vessel operator" means the person onboard a fishing vessel who is responsible for leading a fishing vessel in fishing or transit operations, and who signs the corresponding fish ticket from that fishing trip. A vessel operator may be a vessel owner or permit holder or both, individual hired to operate a vessel, or lessee of a vessel, permit or both. Although more than one person may physically operate a vessel during a fishing trip or transit, there may only be one person identified as a vessel operator (commonly referred to as a captain or skipper) on a fishing vessel during any one fishing trip or transit.

(44) "Vessel owner" means any ownership interest in a vessel, including interests arising from partnerships, corporations, limited liability corporations, or limited liability partnerships. A vessel owner does not include a leasehold interest.

(45) "Waters of this state" means all waters over which the State of Oregon has jurisdiction, or joint or other jurisdiction with any other state or government, including waters of the Pacific Ocean and all bays, inlets, lakes, rivers and streams within or forming the boundaries of this state.

(46) "Week" means the period beginning at 00:01 hours local time on Sunday and ending at 24:00 hours local time on the following Saturday.

### Harvest Guidelines and Landing Caps

(1) Upon attainment of a harvest guideline in the Black Rockfish, Blue Rockfish, and Nearshore Fishery, the Department shall initiate consultation to determine if additional regulatory actions are necessary to achieve management objectives.

(2) The following commercial harvest guidelines include the combined landings and other fishery related mortality by all Oregon commercial fisheries in a single calendar year:

- (a) Black rockfish: 139.2 metric tons;
- (b) Cabezon: 30.2 metric tons; and
- (c) Blue rockfish and other nearshore rockfish combined: 10.4 metric tons.

(3) The following commercial harvest guidelines include landings by all Oregon commercial fisheries in a single calendar year: Greenling, 23.4 metric tons.

### Trip Limits

(1) The trip limits outlined in this rule are set at the beginning of each calendar year based on commercial harvest caps and projected fishing effort, and are subject to in-season adjustments and closures. Fishers should refer to Nearshore Commercial Fishery Industry Notices on the Marine Resources Program Commercial Fishing Rules and Regulations webpage for the most up-to-date information regarding trip limits and other regulations affecting the Nearshore Commercial Fishery.

(2) Vessels with a Black Rockfish / Blue Rockfish / Nearshore Fishery Permit, with or without a Nearshore Endorsement, may land no more than the following cumulative trip limits:

- (a) Black rockfish:
- (A) 1200 pounds in period 1;

- (B) 1400 pounds in period 2;
- (C) 1700 pounds in period 3;
- (D) 1600 in period 4;
- (E) 1400 pounds in period 5;
- (F) 1000 pounds in period 6; and
- (b) 15 pounds of blue rockfish in each period.

(3) For all other nearshore species, vessels with a Black Rockfish/Blue Rockfish/Nearshore Fishery Permit with Nearshore Endorsement may land no more than the following cumulative trip limits in each period:

- (a) 100 pounds of other nearshore rockfish combined;
- (b) 1,500 pounds of cabezon; and
- (c) 300 pounds of greenling species.

### Sorting Required

(1) It is *unlawful* to fail to sort into the categories listed in sections (2) and (3) of this rule, prior to the first weighing after offloading, those groundfish species or species groups for which there is a trip limit, quota, harvest guideline, harvest cap, size limit, scientific sorting designation, Optimum Yield (OY) or Annual Catch Limit (ACL).

(2) Federal sorting requirements must be met for the following sectors:

- (a) Trawl fisheries pursuant to 660.130(d), subpart D of the Code of Federal Regulations;
- (b) Limited Entry Fixed Gear groundfish fisheries pursuant to 660.230(c), subpart E of the Code of Federal Regulations; and
- (c) Open Access Fixed Gear groundfish fisheries pursuant to 660.330(c), subpart F of the Code of Federal Regulations.

(3) Nearshore species must be sorted into the following categories:

- (a) Black rockfish;
- (b) Black and Yellow rockfish;
- (c) Blue rockfish;
- (d) Brown rockfish;
- (e) Cabezon;
- (f) Calico rockfish;
- (g) China rockfish;
- (h) Copper rockfish;
- (i) Gopher rockfish;
- (j) Grass rockfish;
- (k) Greenling;
- (l) Kelp rockfish;
- (m) Olive rockfish;
- (n) Quillback rockfish;
- (o) Tiger rockfish;
- (p) Treefish;
- (q) Vermilion rockfish.

(4) Blackspotted rockfish, rougheye rockfish, and shortraker rockfish must be sorted into the following categories:

- (a) Blackspotted rockfish and rougheye rockfish;
- (b) Shortraker rockfish.

### Monthly Remittance Report

(1) A monthly report is required of all licensed:

- (a) Wholesale fish dealers, wholesale fish bait dealers, food fish canners, or shellfish canners receiving food fish or shellfish from licensed commercial fishers or bait fishers;
- (b) Limited Fish Sellers selling food fish or shellfish.

(2) Except as provided in OAR 635-006-0220, the report is required even though no food fish or shellfish are received or sold during the calendar month covered by the report.

(3) The following information shall be included on the report:

- (a) Fish dealer's name, license number, and address;
- (b) Calendar month of the report;

# ADMINISTRATIVE RULES

(c) Serial numbers of all Fish Receiving Tickets issued during the month;

(d) Total pounds of all salmon and steelhead received or sold during the calendar month on which poundage fees are due. Salmon and steelhead may be reported as round weight, dressed head on or dressed head off;

(e) Total value of salmon and steelhead received or sold during the calendar month including fish eggs and parts;

(f) Total value of all other food fish and shellfish including eggs and parts;

(g) Total pounds in the round of all other species of food fish or shellfish received or sold during the calendar month on which taxes are due. When landed in a dressed condition, the following listed species may be converted to round weight for the purposes of completing monthly reports, by multiplying each applicable below-listed factor by the dressed weight of that species:

(A) Troll salmon:

(i) Gilled and gutted 1.15

(ii) Gilled, gutted, and headed 1.30

(B) Halibut:

(i) Gilled and gutted 1.15

(ii) Gilled, gutted, and headed 1.35

(C) Sablefish, gutted and headed 1.60

(D) Pacific whiting:

(i) Fillet 2.86

(ii) Headed and gutted 1.56

(iii) Headed and gutted with tail removed 2.0

(E) Thresher shark 2.0

(F) Lingcod:

(i) Gilled and gutted 1.1

(ii) Gilled, gutted and headed 1.5

(G) Spot prawn, tails 2.24

(H) Rockfish (including thornyheads), except Pacific Ocean Perch:

(i) Gilled and gutted 1.14

(ii) Gutted and headed 1.75

(iii) Gutted and headed, with collarbone still attached to body (western cut) 1.66

(iv) Gutted and headed, with collarbone removed from body (eastern cut) 2.0

(I) Pacific Ocean Perch:

(i) Gilled and gutted 1.14

(ii) Gutted and headed 1.6

(J) Pacific Cod, gutted and headed 1.58

(K) Dover sole, English sole, and "other flatfish" as defined in Title 50 of the Code of Federal Regulations, part 660 Subpart C, gutted and headed 1.53

(L) Petrale sole, gutted and headed 1.51

(M) Arrowtooth flounder, gutted and headed 1.35

(N) Starry flounder, gutted and headed 1.49

(O) Groundfish, glazed:

(i) Conversion factors must be calculated for each landing for each species or species group categorized in OAR 635-006-0209 when there are 60 or greater individuals of a category in a single landing as follows:

(I) Weigh a sample of at least 20 glazed fish to obtain the glazed weight;

(II) Completely remove glaze from individual fish making up the sample;

(III) Re-weigh the sample to obtain the non-glazed weight;

(IV) Divide the non-glazed weight by the glazed weight to obtain the conversion factor;

(V) A separate conversion factor may be calculated for each size grade of a species, but may only be applied to landings of that size grade;

(VI) Documentation of this calculation must be retained with the dock receiving ticket.

(ii) A conversion factor of 0.95 must be applied when there are fewer than 60 individuals of any species or species group categorized in OAR 635-006-0209 in a single landing.

(h) Total value of food fish landed in another state but not taxed by that state;

(i) Total pounds in the round of all food fish landed in another state but not taxed by that state;

(j) Total fees due — in accordance with ORS 508.505 the fees are the value of the food fish at the point of landing multiplied by the following rates:

(A) All salmon and steelhead, 3.15 percent.

(B) Effective January 1, 2005, all black rockfish, blue rockfish and nearshore fish (as defined by ORS 506.011), 5.00 percent.

(C) Effective January 1, 2010, all other food fish (except tuna, as defined by ORS 508.505), 2.25 percent.

(D) All tuna (as defined by ORS 508.505), 1.09 percent.

(k) Signature of the individual completing the report.

(4) The monthly report and all landing fees due shall be sent to the Department on or before the 20th of each month for the preceding calendar month. Landing fees are delinquent if not received or postmarked within 20 days after the end of the calendar month. A penalty charge of \$5 or five percent of the landing fees due, whichever is larger, shall be assessed along with a one percent per month interest charge on any delinquent landing fee payments.

## 635-039-0090

### Inclusions and Modifications

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for sport fisheries for marine fish, shellfish, and marine invertebrates in the Pacific Ocean, coastal bays, and beaches, commonly referred to as the Marine Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) For the purposes of this rule, a "sport harvest guideline" is defined as a specified numerical harvest objective that is not a quota. Attainment of a harvest guideline does not automatically close a fishery. Upon attainment of a sport harvest guideline, the Department shall initiate consultation to determine if additional regulatory actions are necessary to achieve management objectives.

(a) The following sport harvest guidelines include the combined landings and other fishery related mortality by the Oregon sport fishery in a single calendar year:

(A) Black rockfish, 440.8 metric tons.

(B) Cabezon, 16.8 metric tons.

(C) Blue rockfish and other nearshore rockfish combined, 26 metric tons.

(b) The following sport harvest guidelines include total landings in the Oregon sport ocean boat fishery in a single calendar year: Greenling, 5.2 metric tons.

(3) For the purposes of this rule, "Other nearshore rockfish" means the following rockfish species: black and yellow (*Sebastes chrysomelas*); brown (*S. auriculatus*); calico (*S. dalli*); China (*S. nebulosus*); copper (*S. caurinus*); gopher (*S. carnatus*); grass (*S. rastrelliger*); kelp (*S. atrovirens*); olive (*S. serranoides*); quillback (*S. maliger*); and treefish (*S. serripes*).

(4) In addition to the regulations for Marine Fish in the **2015 Oregon Sport Fishing Regulations**, the following apply for the sport fishery in the Marine Zone in 2015:

(a) Lingcod (including green colored lingcod): 2 fish daily bag limit.

(b) All rockfish ("sea bass" "snapper"), greenling ("sea trout"), cabezon, skates, and other marine fish species not listed in the **2015 Oregon Sport Fishing Regulations** in the Marine Zone, located under the category of Species Name, Marine Fish: 7 fish daily bag limit in aggregate (total sum or number), of which no more than three may be a blue rockfish, no more than one may be a canary rockfish, and no more than one may be a cabezon. Retention of the following species is prohibited:

(A) Yelloweye rockfish;

(B) China rockfish;

(C) Copper rockfish;

(D) Quillback rockfish; and

# ADMINISTRATIVE RULES

(E) Cabezon from January 1 through June 30.

(c) Flatfish (flounder, sole, sanddabs, turbot, and all halibut species except Pacific halibut): 25 fish daily bag limit in aggregate (total sum or number).

(d) Retention of all marine fish listed under the category of Species Name, Marine Fish, except Pacific cod, sablefish, herring, anchovy, smelt, sardine, striped bass, hybrid bass, and offshore pelagic species (excluding leopard shark and soupfin shark), is prohibited when Pacific halibut is retained on the vessel during open days for the all-depth sport fishery for Pacific halibut north of Humbug Mountain. Persons must also consult all publications referenced in OAR 635-039-0080 to determine all rules applicable to the taking of Pacific halibut.

(e) Harvest methods and other specifications for marine fish in subsections (4)(a), (4)(b) and (4)(c) including the following:

(A) Minimum length for lingcod, 22 inches.

(B) Minimum length for cabezon, 16 inches.

(C) Minimum length for greenling, 10 inches.

(D) May be taken by angling, hand, bow and arrow, spear, gaff hook, snag hook and herring jigs.

(E) Mutilating the fish so the size or species cannot be determined prior to landing or transporting mutilated fish across state waters is prohibited.

(f) Sport fisheries for species in subsections (4)(a), (4)(b) and (4)(c) and including leopard shark and soupfin shark are open January 1 through December 31, twenty-four hours per day, except as provided in subsections (4)(a) and (4)(d), and ocean waters are closed for these species during April 1 through September 30, outside of the 30-fathom curve (defined by latitude and longitude) as shown on Title 50 Code of Federal Regulations Part 660 Section 71. A 20-fathom, 25-fathom, or 30-fathom curve, as shown on Title 50 Code of Federal Regulations Part 660 Section 71 may be implemented as the management line as in-season modifications necessitate. In addition, the following management lines may be used to set area specific regulations for inseason action only:

(A) Cape Lookout (45°20'30" N latitude); and

(B) Cape Blanco (42°50'20" N latitude).

(g) The Stonewall Bank Yelloweye Rockfish Conservation Area (YRCA) is defined by coordinates specified in Title 50 Code of Federal Regulations Part 660 Section 70 (October 1, 2014 ed.). Within the YRCA, it is unlawful to fish for, take, or retain species listed in subsections (4)(a), (4)(b) and (4)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut using recreational fishing gear. A vessel engaged in recreational fishing within the YRCA is prohibited from possessing any species listed in subsections (4)(a), (4)(b) and (4)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut. Recreational fishing vessels in possession of species listed in subsections (4)(a), (4)(b) and (4)(c) and including leopard shark, soupfin shark, and Pacific halibut may transit the YRCA without fishing gear in the water.

**Rule Caption:** Prohibition of Canary Rockfish Retention In Recreational Fisheries.

**Adm. Order No.:** DFW 5-2015(Temp)

**Filed with Sec. of State:** 1-13-2015

**Certified to be Effective:** 1-15-15 thru 7-13-15

**Notice Publication Date:**

**Rules Amended:** 635-039-0090

**Subject:** This amended rule re-establishes a prohibition on canary rockfish retention in recreational fisheries in-order-to maintain consistency between state and federal regulations until final federal regulations for all 2015-2016 groundfish fisheries are implemented, expected in March of 2015. On January 9, 2015, the Oregon Fish and Wildlife Commission adopted permanent Oregon Administrative Rules allowing recreational fishermen to retain one canary rockfish per day as one part of a rulemaking package for 2015-2016 groundfish fisheries. However, the National Marine Fisheries Service has announced that implementation of federal regulations governing all 2015-2016 groundfish fisheries will be delayed beyond their original target date of January 1, 2015.

**Rules Coordinator:** Michelle Tate—(503) 947-6044

**635-039-0090**

**Inclusions and Modifications**

(1) The **2015 Oregon Sport Fishing Regulations** provide requirements for sport fisheries for marine fish, shellfish, and marine invertebrates in the Pacific Ocean, coastal bays, and beaches, commonly referred to as the Marine Zone. However, additional regulations may be adopted in this rule division from time to time and to the extent of any inconsistency, they supersede the **2015 Oregon Sport Fishing Regulations**.

(2) For the purposes of this rule, a “sport harvest guideline” is defined as a specified numerical harvest objective that is not a quota. Attainment of a harvest guideline does not automatically close a fishery. Upon attainment of a sport harvest guideline, the Department shall initiate consultation to determine if additional regulatory actions are necessary to achieve management objectives.

(a) The following sport harvest guidelines include the combined landings and other fishery related mortality by the Oregon sport fishery in a single calendar year:

(A) Black rockfish, 440.8 metric tons.

(B) Cabezon, 16.8 metric tons.

(C) Blue rockfish and other nearshore rockfish combined, 26 metric tons.

(b) The following sport harvest guidelines include total landings in the Oregon sport ocean boat fishery in a single calendar year: Greenling, 5.2 metric tons.

(3) For the purposes of this rule, “Other nearshore rockfish” means the following rockfish species: black and yellow (*Sebastes chrysomelas*); brown (*S. auriculatus*); calico (*S. dalli*); China (*S. nebulosus*); copper (*S. caurinus*); gopher (*S. carnatus*); grass (*S. rastelliger*); kelp (*S. atrovirens*); olive (*S. serranoides*); quillback (*S. maliger*); and treefish (*S. serriceps*).

(4) In addition to the regulations for Marine Fish in the **2015 Oregon Sport Fishing Regulations**, the following apply for the sport fishery in the Marine Zone in 2015:

(a) Lingcod (including green colored lingcod): 2 fish daily bag limit.

(b) All rockfish (“sea bass” “snapper”), greenling (“sea trout”), cabezon, skates, and other marine fish species not listed in the **2015 Oregon Sport Fishing Regulations** in the Marine Zone, located under the category of Species Name, Marine Fish: 7 fish daily bag limit in aggregate (total sum or number), of which no more than three may be blue rockfish and no more than one may be a cabezon. Retention of the following species is prohibited:

(A) Yelloweye rockfish;

(B) China rockfish;

(C) Copper rockfish;

# ADMINISTRATIVE RULES

- (D) Quillback rockfish;
- (E) Cabezon from January 1 through June 30; and
- (F) Canary rockfish.

(c) Flatfish (flounder, sole, sanddabs, turbot, and all halibut species except Pacific halibut): 25 fish daily bag limit in aggregate (total sum or number).

(d) Retention of all marine fish listed under the category of Species Name, Marine Fish, except Pacific cod, sablefish, herring, anchovy, smelt, sardine, striped bass, hybrid bass, and offshore pelagic species (excluding leopard shark and soupfin shark), is prohibited when Pacific halibut is retained on the vessel during open days for the all-depth sport fishery for Pacific halibut north of Humboldt Mountain. Persons must also consult all publications referenced in OAR 635-039-0080 to determine all rules applicable to the taking of Pacific halibut.

(e) Harvest methods and other specifications for marine fish in subsections (4)(a), (4)(b) and (4)(c) including the following:

- (A) Minimum length for lingcod, 22 inches.
- (B) Minimum length for cabezon, 16 inches.
- (C) Minimum length for greenling, 10 inches.

(D) May be taken by angling, hand, bow and arrow, spear, gaff hook, snag hook and herring jigs.

(E) Mutilating the fish so the size or species cannot be determined prior to landing or transporting mutilated fish across state waters is prohibited.

(f) Sport fisheries for species in subsections (4)(a), (4)(b) and (4)(c) and including leopard shark and soupfin shark are open January 1 through December 31, twenty-four hours per day, except as provided in subsections (4)(a) and (4)(d), and ocean waters are closed for these species during April 1 through September 30, outside of the 30-fathom curve (defined by latitude and longitude) as shown on Title 50 Code of Federal Regulations Part 660 Section 71. A 20-fathom, 25-fathom, or 30-fathom curve, as shown on Title 50 Code of Federal Regulations Part 660 Section 71 may be implemented as the management line as in-season modifications necessitate. In addition, the following management lines may be used to set area specific regulations for inseason action only:

- (A) Cape Lookout (45°20'30" N latitude); and
- (B) Cape Blanco (42°50'20" N latitude).

(g) The Stonewall Bank Yelloweye Rockfish Conservation Area (YRCA) is defined by coordinates specified in Title 50 Code of Federal Regulations Part 660 Section 70 (October 1, 2014 ed.). Within the YRCA, it is unlawful to fish for, take, or retain species listed in subsections (4)(a), (4)(b) and (4)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut using recreational fishing gear. A vessel engaged in recreational fishing within the YRCA is prohibited from possessing any species listed in subsections (4)(a), (4)(b) and (4)(c) of this rule, leopard shark, soupfin shark, and Pacific halibut. Recreational fishing vessels in possession of species listed in subsections (4)(a), (4)(b) and (4)(c) and including leopard shark, soupfin shark, and Pacific halibut may transit the YRCA without fishing gear in the water.

## Department of Geology and Mineral Industries Chapter 632

**Rule Caption:** Rulemaking Amendments to OAR 632-030-0025 Relating to Mined Land Reclamation and Requirements for Imported Fill.

**Adm. Order No.:** DGMI 1-2015

**Filed with Sec. of State:** 1-7-2015

**Certified to be Effective:** 1-7-15

**Notice Publication Date:** 11-1-2014

**Rules Amended:** 632-030-0025

**Subject:** The amendments to OAR 632-030-0025 requires that all fill material used as reclamation backfill or other subsurface placement must meet the Oregon Department of Environmental Quality definition of clean fill as provided in 340-093-0030 or the use must be specifically allowed by Department of Environmental Quality by rule, permit or other written authorization. Additionally, these amendments to the rule would require a reclamation site using fill material to have a written plan that has been approved by the Department, showing locations for stockpiling and permanent placement. The plan provides monitoring of the quality and quantity of the fill material. The quality, quantity and location of fill material used on the site must be consistent with local land use plans and regulations. Documentation showing compliance with the approved plan and this subsection must be provided to the Department upon request.

**Rules Coordinator:** Gary Lynch—(541) 967-2053

**632-030-0025**

**Requirements for an Operating Permit and Reclamation Plan**

(1) An applicant for an operating permit shall submit a reclamation plan to the Department as required in OAR 632-030-0020. The information that the Department may require in a reclamation plan includes, but is not limited to, the following:

- (a) The name(s) and address(es) of all owners of the surface estate and mineral estate;

## ADMINISTRATIVE RULES

(b) The legal structure (e.g., corporation, partnership, individual) of the applicant;

(c) The name and mailing address for correspondence;

(d) The name and mailing address of the applicant's resident agent;

(e) A description of the present land use and planned beneficial use of the site following mining. The applicant must demonstrate that the planned beneficial use is compatible with the affected local government's acknowledged comprehensive plan and land-use regulations;

(f) The identification and characterization of the soils present, including any areas that have wetlands and hydric soils;

(g) The identification of any fish or wildlife species that may be present that is listed or proposed for listing by either federal or state as sensitive, threatened, or endangered or otherwise may require buffers for protection;

(h) A general list of equipment to be used and a description of mining methods including interim slope angles during the life of the mine;

(i) Provisions for the backfilling, recontouring, decompaction, topsoil replacement, seedbed preparation, mulching, fertilizing, selection of plant species, seeding or planting rates, weed control, and schedules;

(j) The characterization of the ground and surface water based on available wells, drill logs, location of springs, and surface drainages within one mile of the proposed operation may be required. The Department may also require the collection and submission of additional hydrologic data to evaluate the mine development and reclamation plan;

(k) Stream hydrology and other hydrologic information for floodplain sites;

(l) Ground water characterization and/or measures to prevent significant adverse impacts to surface or ground water quantity or quality;

(m) Other baseline information necessary to evaluate the mine development and reclamation plan;

(n) A list and procedures for the handling and use of any materials toxic to plant and/or animal life, acid forming materials or radioactive material which will be at the mine site. The Department may also require an analysis of process water, reagents, wastes, or other materials involved in the mining and processing operations;

(o) Procedures for the salvage, storage, and replacement of topsoil or acceptable substitute. The Department may require the applicant to submit a chemical and physical analysis of the seedbed and subsoil;

(p) Procedures for the stable storage of overburden. This may include a description of the pre-mine topography, method for placement of overburden, height of lifts, compaction standards, final height, and slope configurations, and/or a geotechnical design and construction plans for a storage pile or fill proposed as a final reclamation feature;

(q) Provisions for adequate setbacks to protect adjacent property and public safety;

(r) Provisions to protect and maintain access to utilities when a utility company right-of-way exists;

(s) Visual screening of the proposed operation may be required when the operating area is visible from a public road or residential area. Techniques for visual screening include, but are not limited to, vegetation, fencing, berms, setbacks, or buffer strips along the property boundary;

(t) Procedures for surface water, stream, and floodplain protection and operational and post-mine hydrologic controls may include, but are not limited to:

(A) Procedures to protect surface water quality and to control erosion include the following:

(i) Rock lined ditches, rock lined haul roads, or work areas;

(ii) Detention ponds and sedimentation basins;

(iii) Rock check dams and grade control structures;

(iv) Temporary diversions;

(v) Flocculation systems and/or surface disposal systems;

(vi) Runoff and pond sizing calculations.

(B) Procedures to protect or reconstruct waterways or drainage patterns impacted by mine related disturbances or reclamation by the design and construction of a post-mine drainage control plan to convey storm water and surface water off the property in a manner that will provide long-term stability to the reclaimed land.

(C) Procedures to protect natural resources.

The Department may determine it is in the best interest of protection of natural resources and final reclamation to require procedures to integrate flood water passage plans, storm water controls, or fish ingress/egress plans at adjoining mine sites. Such a requirement by the Department is not considered a permit amendment.

(D) Procedures to promote final reclamation and floodplain stability or protection of streams, riparian buffers, and operational setbacks may require detailed engineering and planning for:

(i) Pond bank and channel bank weirs or other headcut protection plans;

(ii) Floodwater conveyance channels or structures;

(iii) Flood berms;

(iv) Protection of channel migration zone;

(v) Protection or stabilization of stream channel buffers.

(u) A proposed time schedule for surface mining and reclamation and a description of how concurrent reclamation, if applicable, will be accomplished during the life of mine.

(v) Additional steps planned to enhance fish or wildlife habitat or to create wetlands for sites where fish or wildlife habitat or wetland construction is part of the designated post-mining land use;

(w) Procedures for the removal or disposal of all equipment, refuse, structures, and foundations from the permit area except permanent structures that are part of an approved reclamation plan;

(x) Final slope configurations and how they will be stabilized;

(y) A plan for the control of noxious weeds may be required;

(z) Provisions to protect fish and wildlife species by providing operational setbacks;

(aa) Fish ingress/egress plans for floodplain sites; and

(bb) Procedures for placement of fill and protection of fill quality.

(A) All fill used as reclamation backfill or other subsurface placement must meet the Oregon Department of Environmental Quality definition of clean fill as provided in OAR 340-093-0030 or the use must be specifically allowed by Department of Environmental Quality by rule, permit or other written authorization.

(B) Fill material at a reclamation site must be used in accordance with a written fill plan approved by the Department or specific provisions in the approved reclamation plan. The fill plan or reclamation plan must show the locations for stockpiling and permanent placement of the fill material and provide for monitoring of the quality and quantity of the fill material. The quality, quantity and location of fill material used on the site must be consistent with local land use plans and regulations. Documentation showing compliance with the approved plan and this subsection must be provided to the Department upon request.

(cc) If the affected local government designates a post-mine land use or uses through a comprehensive plan amendment or zone change, or requires a conservation easement to be established after reclamation, the plan submitted to the Department must specifically address how the post-mine land use(s) will be established.

(2) In addition to the requirements set out in OAR 632-030-0015(2), the Department may require maps, aerial photographs, or design drawings of appropriate scale. Information that typically may be required on maps, aerial photographs or design drawings includes but is not limited to:

(a) Permit area boundary, property lines, and property line setbacks;

(b) Maximum extraction boundary delineating mine phases and reclamation sequence;

(c) Waste rock, rejects, overburden, and soil storage areas and stockpiles;

(d) Processing plant and location of existing or proposed visual screens;

(e) Ancillary facilities location;

(f) Haul roads;

(g) Typical pre- and post-mine cross sections and topographic plan views;

(h) Existing watercourses, including irrigation ditches, streams, rivers, and ponds;

(i) Setback and buffer strips for wetlands and stream drainages;

(j) Storm and/or wastewater control structures, ponds, and ditches;

(k) Location of any engineered structures or engineered fill;

(l) Reconstructed watercourses, ponds, and location of fish egress/ingress channels;

(m) Location of the 100-year FEMA floodplain boundary or a site-specific hydrologic study that identifies the 100-year floodplain boundary based on hydraulic modeling;

(n) Proposed and existing mine areas and backfill locations;

(o) Location of existing and proposed dikes and berms;

(p) Post-mining topography;

(q) Location of any well within 1,000 feet of permit boundary. Where dewatering is proposed, location of any well within 1,500 feet of permit boundary;

(r) Land-use authority boundary; and

# ADMINISTRATIVE RULES

(s) Nest setbacks, to the extent they limit mineral extraction, for eagles or other species specifically protected by city or county land-use conditions or state or federal laws.

(3) The applicant should contact the Department for recommendations regarding scale and amount of detail required. The applicant may be required to submit extra copies of materials to be circulated to other agencies.

(4) The applicant must provide proof of ownership of surface and mineral rights or document to the satisfaction of the Department that the requirements of ORS 517.790(3) are met.

## Department of Human Services, Aging and People with Disabilities and Developmental Disabilities Chapter 411

**Rule Caption:** Oregon Project Independence for Adults with Disabilities

**Adm. Order No.:** APD 38-2014

**Filed with Sec. of State:** 12-16-2014

**Certified to be Effective:** 12-28-14

**Notice Publication Date:** 11-1-2014

**Rules Adopted:** 411-032-0050

**Rules Repealed:** 411-032-0050(T)

**Subject:** The Department of Human Services (Department) is permanently adopting OAR 411-032-0050 to make permanent temporary rule language that became effective July 1, 2014. OAR 411-032-0050 establishes the policies that apply to the pilot project, which expands Oregon Project Independence (OPI) services to allow adults with physical disabilities in regionally diverse pilot locations access to OPI services. This rule sets out implementation, eligibility, and services offered through the pilot.

**Rules Coordinator:** Kimberly Colkitt-Hallman—(503) 945-6398

### 411-032-0050

#### Pilot for Adults with Disabilities

This rule applies only until June 30, 2015.

(1) The purpose of this rule is to set out the policies that apply to the expansion of Oregon Project Independence services to adults with physical disabilities. The pilot allows the Department to study the potential to transition Oregon Project Independence to a statewide, age neutral, program that assesses and serves seniors and persons with physical disabilities based on their functional needs.

(2) "Disability" means, for the purposes of this rule, a physical, cognitive, or emotional impairment which, for an individual, constitutes or results in a functional limitation in one or more of the activities of daily living defined in OAR 411-015-0006, or in one or more of the instrumental activities of daily living defined in 411-015-0007.

(3) "Adult" means, for purposes of this rule, any person 19 to 59 years of age.

(4) OAR 411-032-0000 to 411-032-0044 apply to this pilot program, except as noted below:

(a) Authorized Services and Allowable Costs. Authorized services may not be available in all service areas. Authorized services for the pilot funds include home care supportive services, service coordination, and other services, including the following:

(A) Home care.

(B) Chore services.

(C) Assistive Technology.

(D) Personal care services.

(E) Adult day services.

(F) Registered nurse services.

(G) Home delivered meals.

(H) Services to support community caregivers and strengthen the natural support system of individuals.

(I) Evidence-based health promotion services.

(J) Options counseling.

(K) Assisted transportation options that allow individuals to live at home and access the full range of community resources.

**Subject:** The Department of Human Services (Department), Office of Developmental Disability Services is permanently updating the rules in OAR chapter 411, division 308 for in-home support for children with intellectual or developmental disabilities.

The updated rules:

Make permanent temporary rule language that became effective on July 1, 2014;

Incorporate the general definitions in OAR 411-317-0000, update the definitions to reflect correct terminology, and include definitions for terms created by the temporary rulemaking;

Provide a uniform dispute resolution process by incorporating the complaint, Notification of Planned Action, and hearing rules adopted in OAR chapter 411, division 318;

Clarify that a child who accesses in home support through general fund eligibility must be to prevent out-of-home placement and to allow time for the transition into other Medicaid services, if eligible;

Account for changes in Medicaid service eligibility;

Clarify when a child may be exited from in-home supports and to reiterate the requirement for a Notification of Planned Action in the instance supports are terminated;

Require a plan to reduce or eliminate the need for children accessing in-home supports through general funds. The plan may include assisting the child to access waiver or Community First Choice services, if eligible;

Remove the sanctions for independent providers, provider organizations, and general business providers;

Update the language to reflect the completion of the transition period for implementation of the Community First Choice 1915(k) state plan amendment and update the available supports to reflect changes to the proposed 1915(c) Home and Community-Based Services waiver;

Update provider types to reflect changes in the 1915(c) Home and Community-Based Services waiver;

# ADMINISTRATIVE RULES

Adopt standards for employers to assure the proper authority exists to withdraw employer authority in cases where it is necessary to protect a child, parent, or an employee from its misuse;

Reflect new Department terminology and current practice; and  
Correct formatting and punctuation.

## 411-308-0010

### Statement of Purpose

(1) The rules in OAR chapter 411, division 308 prescribe standards, responsibilities, and procedures for Community Developmental Disability Programs to partner with families and community partners in identifying and providing in-home support for children with intellectual or developmental disabilities. Supports are intended to maximize the independence of a child and engagement in a life that is fully integrated into the community. Supports are designed to increase the ability of a family to care for a child with an intellectual or developmental disability in the family home.

(2) In-home supports are also designed to prevent out-of-home placement or to return a child with an intellectual or developmental disability back to the family home from a residential setting other than the family home.

## 411-308-0020

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in OAR 411-317-0000 apply to the rules in OAR chapter 411, division 308:

(1) "Abuse" means "abuse" of a child as defined in ORS 419B.005.

(2) "ADL" means "activities of daily living". ADL are basic personal everyday activities, such as eating, using the restroom, grooming, dressing, bathing, and transferring.

(3) "Administrator Review" means the Director of the Department reviews a decision upon request, including the documentation related to the decision, and issues a determination.

(4) "Alternative Resources" mean possible resources for the provision of supports to meet the needs of a child. Alternative resources include, but are not limited to, private or public insurance, vocational rehabilitation services, supports available through the Oregon Department of Education, or other community supports.

(5) "Annual Plan" means the written summary a services coordinator completes for a child who is not enrolled in waiver or Community First Choice state plan services. An Annual Plan is not an ISP and is not a plan of care for Medicaid purposes.

(6) "Assistive Devices" mean the devices, aids, controls, supplies, or appliances described in OAR 411-308-0120 that are necessary to enable a child to increase the ability of the child to perform ADL and IADLs or to perceive, control, or communicate with the home and community environment in which the child lives.

(7) "Assistive Technology" means the devices, aids, controls, supplies, or appliances described in OAR 411-308-0120 that are purchased to provide support for a child and replace the need for direct interventions to enable self-direction of care and maximize independence of the child.

(8) "Attendant Care" means assistance with ADL, IADL, and health-related tasks through cueing, monitoring, reassurance, redirection, set-up, hands-on, standby assistance, and reminding as described in OAR 411-308-0120.

(9) "Background Check" means a criminal records check and abuse check as defined in OAR 407-007-0210.

(10) "Behavior Consultant" means a contractor with specialized skills who conducts functional assessments and develops a Behavior Support Plan.

(11) "Behavior Support Plan" means the written strategy based on person-centered planning and a functional assessment that outlines specific instructions for a provider to follow to cause the challenging behaviors of a child to become unnecessary and to change the behavior of the provider, adjust environment, and teach new skills.

(12) "Behavior Support Services" mean the services consistent with positive behavioral theory and practice that are provided to assist with behavioral challenges due to the intellectual or developmental disability of a child that prevents the child from accomplishing ADL, IADL, health

related tasks, and provides cognitive supports to mitigate behavior. Behavior support services are provided in the home or community.

(13) "CDDP" means "Community Developmental Disability Program" as defined in OAR 411-320-0020.

(14) "Child" means an individual who is less than 18 years of age that has a provisional determination of an intellectual or developmental disability.

(15) "Children's Intensive In-Home Services" mean the services described in:

(a) OAR chapter 411, division 300, Children's Intensive In-Home Services, Behavior Program;

(b) OAR chapter 411, division 350, Medically Fragile Children Services; or

(c) OAR chapter 411, division 355, Medically Involved Children's Program.

(16) "Chore Services" mean the services described in OAR 411-308-0120 that are needed to restore a hazardous or unsanitary situation in the family home to a clean, sanitary, and safe environment.

(17) "Community Nursing Services" mean the nursing services described in OAR 411-308-0120 that focus on the chronic and ongoing health and safety needs of a child living in the family home. Community nursing services include an assessment, monitoring, delegation, training, and coordination of services. Community nursing services are provided according to the rules in OAR chapter 411, division 048 and the Oregon State Board of Nursing rules in OAR chapter 851.

(18) "Community Transportation" means the services described in OAR 411-308-0120 that enable a child to gain access to community-based state plan and waiver services, activities, and resources that are not medical in nature. Community transportation is provided in the area surrounding the family home that is commonly used by people in the same area to obtain ordinary goods and services.

(19) "Cost Effective" means being responsible and accountable with Department resources by offering less costly alternatives when providing choices that adequately meet the support needs of a child. Less costly alternatives include other programs available from the Department, the utilization of assistive devices, natural supports, environmental modifications, and alternative resources. Less costly alternatives may include resources not paid for by the Department.

(20) "CPMS" means the "Client Processing Monitoring System". CPMS is the Department computerized system for enrolling and terminating services for individuals with intellectual or developmental disabilities.

(21) "Crisis" means "crisis" as defined in OAR 411-320-0020.

(22) "Delegation" means that a registered nurse authorizes an unlicensed person to perform nursing tasks and confirms that authorization in writing. Delegation may occur only after a registered nurse follows all steps of the delegation process as outlined in OAR chapter 851, division 047.

(23) "Department" means the Department of Human Services.

(24) "Developmental Disability" means "developmental disability" as defined in OAR 411-320-0020 and described in OAR 411-320-0080.

(25) "Director" means the Director of the Department of Human Services, Office of Developmental Disability Services, or the designee of the Director.

(26) "Employer" means, for the purposes of obtaining in-home support through a personal support worker as described in these rules, the parent or a person selected by the parent to act on the behalf of the parent to conduct the employer responsibilities described in OAR 411-308-0135.

(27) "Employer-Related Supports" mean the activities that assist a family with directing and supervising provision of services described in the ISP for a child. Employer-related supports may include, but are not limited to:

(a) Education about employer responsibilities;

(b) Orientation to basic wage and hour issues;

(c) Use of common employer-related tools, such as service agreements; and

(d) Fiscal intermediary services.

(28) "Employment Path Services" means "employment path services" as defined in OAR 411-345-0020.

(29) "Employment Services" means "employment services" as defined in OAR 411-345-0020.

(30) "Employment Specialist" means "employment specialist" as defined in OAR 411-345-0020.

(31) "Entry" means admission to a Department-funded developmental disability service.

(32) "Environmental Modifications" mean the physical adaptations described in OAR 411-308-0120 that are necessary to ensure the health,

## ADMINISTRATIVE RULES

welfare, and safety of a child in the family home, or that are necessary to enable the child to function with greater independence around the family home or lead to a substitution for, or decrease in, direct human assistance to the extent expenditures would otherwise be made for human assistance.

(33) "Environmental Safety Modifications" mean the physical adaptations described in OAR 411-308-0120 that are made to the exterior of a family home as identified in the ISP for a child to ensure the health, welfare, and safety of the child or to enable the child to function with greater independence around the family home or lead to a substitution for, or decrease in, direct human assistance to the extent expenditures would otherwise be made for human assistance.

(34) "Exit" means termination or discontinuance of in-home support.

(35) "Family":

(a) Means a unit of two or more people that includes at least one child with an intellectual or developmental disability where the primary caregiver is:

(A) Related to the child with an intellectual or developmental disability by blood, marriage, or legal adoption; or

(B) In a domestic relationship where partners share:

(i) A permanent residence;

(ii) Joint responsibility for the household in general, such as child-rearing, maintenance of the residence, and basic living expenses; and

(iii) Joint responsibility for supporting a child with an intellectual or developmental disability when the child is related to one of the partners by blood, marriage, or legal adoption.

(b) The term "family" is defined as described above for purposes of:

(A) Determining the eligibility of a child for in-home supports as a resident in the family home;

(B) Identifying people who may apply, plan, and arrange for individual services; and

(C) Determining who may receive family training.

(36) "Family Home" means the primary residence for a child that is not under contract with the Department to provide services as a certified foster home for children with intellectual or developmental disabilities or a licensed or certified residential care facility, assisted living facility, nursing facility, or other residential setting. A family home may include a foster home funded by Child Welfare.

(37) "Family Training" means the training services described in OAR 411-308-0120 that are provided to a family to increase the capacity of the family to care for, support, and maintain a child in the family home.

(38) "Fiscal Intermediary" means a person or entity that receives and distributes IHS funds on behalf of a family who employs a provider to provide services, supervision beyond basic supervision provided by a parent or guardian, or training to a child in the family home or community of the child according to the ISP or Annual Plan for the child.

(39) "Functional Needs Assessment":

(a) Means the comprehensive assessment or reassessment that:

(A) Documents physical, mental, and social functioning;

(B) Identifies risk factors, choices and preferences, service and support needs, strengths, and goals; and

(C) Determines the service level.

(b) The functional needs assessment for a child is known as the Child Needs Assessment (CNA). The Department incorporates Version B of the CNA dated July 1, 2014 into these rules by this reference. The CNA is maintained by the Department at: [www.dhs.state.or.us/spd/tools/dd/cm/CNA\\_Child\\_In-home.xls](http://www.dhs.state.or.us/spd/tools/dd/cm/CNA_Child_In-home.xls). Printed copies may be obtained by calling (503) 945-6398 or writing the Department of Human Services, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, OR 97301.

(40) "General Business Provider" means an organization or entity selected by a parent or guardian and paid with IHS funds that:

(a) Is primarily in business to provide the service chosen by the parent or guardian to the general public;

(b) Provides services for the child through employees, contractors, or volunteers; and

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the child.

(41) "Guardian" means the parent of a minor child or a person or agency appointed and authorized by a court to make decisions about services for a child.

(42) "IADL" means "instrumental activities of daily living". IADL include activities other than ADL required to enable a child to be independent in the family home and community such as:

(a) Meal planning and preparation;

(b) Managing personal finances;

(c) Shopping for food, clothing, and other essential items;

(d) Performing essential household chores;

(e) Communicating by phone or other media; and

(f) Traveling around and participating in the community.

(43) "ICF/ID" means an intermediate care facility for individuals with intellectual disabilities.

(44) "IHS Funds" means "in-home support funds". IHS funds are public funds contracted by the Department to the CDDP and managed by the CDDP to assist a family with the identification and selection of supports for a child according to an ISP or Annual Plan.

(45) "In-Home Expenditure Guidelines" mean the guidelines that describe allowable uses for IHS funds. Effective January 1, 2015, the Department incorporates version 2.0 of the In-home Expenditure Guidelines into these rules by this reference. The In-home Expenditure Guidelines are maintained by the Department at: [http://www.oregon.gov/dhs/dd/adults/ss\\_exp\\_guide.pdf](http://www.oregon.gov/dhs/dd/adults/ss_exp_guide.pdf). Printed copies may be obtained by calling (503) 945-6398 or writing the Department of Human Services, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, Oregon 97301.

(46) "In-Home Support" means individualized planning and service coordination, arranging for services to be provided in accordance with an ISP or Annual Plan, and purchase of supports that are not available through other resources that are required for a child with an intellectual or developmental disability who is eligible for in-home support services to live in the family home. In-home supports are designed to:

(a) Support a child to be independent and to be engaged in a life that is fully integrated in the community.

(b) Prevent unwanted out-of-home placement and maintain family unity; and

(c) Whenever possible, reunite a family with a child who has been placed out of the family home.

(47) "Incident Report" means the written report of any injury, accident, act of physical aggression, use of protective physical intervention, or unusual incident involving a child.

(48) "Independent Provider" means a person selected by a parent or guardian and paid with IHS funds to directly provide services to a child.

(49) "Individual" means a child or an adult with an intellectual or developmental disability applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and to exercise the rights of the individual.

(50) "Intellectual Disability" means "intellectual disability" as defined in OAR 411-320-0020 and described in OAR 411-320-0080.

(51) "ISP" means "Individual Support Plan". An ISP includes the written details of the supports, activities, and resources required for a child to achieve and maintain personal goals and health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering that is driven by the child. The ISP reflects the services and supports that are important to meet the needs of the child identified through a functional needs assessment as well as the preferences for providers, delivery, and frequency of services and supports. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, the Community First Choice state plan, natural supports, or alternative resources.

(52) "Job Development" means "job development" as defined in OAR 411-345-0020.

(53) "Natural Supports" mean the parental responsibilities for a child who is less than 18 years of age and the voluntary resources available to the child from relatives, friends, neighbors, and the community that are not paid for by the Department.

(54) "Nursing Service Plan" means the plan that is developed by a registered nurse based on an initial nursing assessment, reassessment, or an update made to a nursing assessment as the result of a monitoring visit.

(a) The Nursing Service Plan is specific to a child and identifies the diagnoses and health needs of the child and any service coordination, teaching, or delegation activities.

(b) The Nursing Service Plan is separate from the ISP as well as any service plans developed by other health professionals.

(55) "OHP" means the Oregon Health Plan.

(56) "OHP Plus" means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.

## ADMINISTRATIVE RULES

(57) "OIS" means "Oregon Intervention System". OIS is the system of providing training of elements of positive behavior support and non-aversive behavior intervention. OIS uses principles of pro-active support and describes approved protective physical intervention techniques that are used to maintain health and safety.

(58) "OSIPM" means "Oregon Supplemental Income Program-Medical" as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for children who meet the eligibility criteria described in OAR chapter 461.

(59) "Parent" means the biological parent, adoptive parent, stepparent, or legal guardian of a child.

(60) "Person-Centered Planning":

(a) Means a timely and formal or informal process that is driven by a child, includes people chosen by the child, ensures that the child directs the process to the maximum extent possible, and that the child is enabled to make informed choices and decisions consistent with 42 CFR 441.540.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the child and to help:

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the child.

(61) "Personal Support Worker" means "personal support worker" as defined in OAR 411-375-0010.

(62) "Plan Year" means 12 consecutive months from the start date specified on an authorized ISP or Annual Plan.

(63) "Positive Behavioral Theory and Practice" means a proactive approach to behavior and behavior interventions that:

(a) Emphasizes the development of functional alternative behavior and positive behavior intervention;

(b) Uses the least intrusive intervention possible;

(c) Ensures that abusive or demeaning interventions are never used; and

(d) Evaluates the effectiveness of behavior interventions based on objective data.

(64) "Primary Caregiver" means the parent, guardian, relative, or other non-paid parental figure of a child that provides direct care at the times that a paid provider is not available.

(65) "Protective Physical Intervention" means any manual physical holding of, or contact with, a child that restricts freedom of movement.

(66) "Provider" means a person, agency, organization, or business selected by a parent or guardian that provides recognized Department-funded services and is approved by the Department or other appropriate agency to provide Department-funded services.

(67) "Provider Organization" means an entity licensed or certified by the Department that is selected by a parent or guardian and paid with IHS funds that:

(a) Is primarily in business to provide supports for children with intellectual or developmental disabilities;

(b) Provides supports for a child through employees, contractors, or volunteers; and

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the child.

(68) "Quality Assurance" means a systematic procedure for assessing the effectiveness, efficiency, and appropriateness of services.

(69) "Regional Process" means a standardized set of procedures through which the needs of a child and funding to implement supports are reviewed for approval. The regional process includes review of the potential risk of out-of-home placement, the appropriateness of the proposed supports, and cost effectiveness of the Annual Plan for the child. A child who meets the general fund eligibility under OAR 411-308-0060 may be granted access to in-home supports through the regional process.

(70) "Relief Care" means the intermittent services described in OAR 411-308-0120 that are provided on a periodic basis for the relief of, or due to the temporary absence of, a primary caregiver.

(71) "Scope of Work" means the written statement of all proposed work requirements for an environmental modification which may include dimensions, measurements, materials, labor, and outcomes necessary for a contractor to submit a proposal to complete such work. The scope of work is specific to the identified tasks and requirements necessary to address the

needs outlined in the supplemental assessment referenced in an ISP and relating to the ADL, IADL, and health-related tasks of a child as discussed by the parent, services coordinator, and ISP team.

(72) "Service Level" means the amount of attendant care, hourly relief care, or skills training services determined necessary by a functional needs assessment and made available to meet the identified support needs of a child.

(73) "Skills Training" means the activities described in OAR 411-308-0120 that are intended to maximize the independence of a child through training, coaching, and prompting the child to accomplish ADL, IADL, and health-related skills.

(74) "Social Benefit" means the service or financial assistance solely intended to assist a child with an intellectual or developmental disability to function in society on a level comparable to that of a child who does not have an intellectual or developmental disability. Social benefits are pre-authorized by a services coordinator and provided according to the description and limits written in an ISP.

(a) Social benefits may not:

(A) Duplicate benefits and services otherwise available to a child regardless of intellectual or developmental disability;

(B) Replace normal parental responsibilities for the services, education, recreation, and general supervision of a child;

(C) Provide financial assistance with food, clothing, shelter, and laundry needs common to a child with or without an intellectual or developmental disability; or

(D) Replace other governmental or community services available to a child.

(b) Assistance provided as a social benefit is reimbursement for an expense previously authorized in an ISP or prior payment in anticipation of an expense authorized in a previously authorized ISP.

(c) Assistance provided as a social benefit may not exceed the actual cost of the support required by a child to be supported in the family home.

(75) "Specialized Medical Supplies" mean the medical and ancillary supplies described in OAR 411-308-0120 such as:

(a) Necessary medical supplies specified in an ISP that are not available under the state plan;

(b) Ancillary supplies necessary to the proper functioning of items necessary for life support or to address physical conditions; and

(c) Supplies necessary for the continued operation of augmentative communication devices or systems.

(76) "Substantiated" means an abuse investigation has been completed by the Department or the designee of the Department and the preponderance of the evidence establishes the abuse occurred.

(77) "Supplant" means take the place of.

(78) "Support" means the assistance that a child and a family requires, solely because of the effects of an intellectual or developmental disability of the child, to maintain or increase the age-appropriate independence of the child, achieve age-appropriate community presence and participation of the child, and to maintain the child in the family home. Support is subject to change with time and circumstances.

(79) "Support Services Brokerage" means "Brokerage" as defined in OAR 411-340-0020.

(80) "Supported Employment - Individual Employment Support" means "supported employment - individual employment support" as defined in OAR 411-345-0020.

(81) "Supported Employment - Small Group Employment Support" means "supported employment - small group employment support" as defined in OAR 411-345-0020.

(82) "These Rules" mean the rules in OAR chapter 411, division 308.

(83) "Transition Costs" mean the expenses described in OAR 411-308-0120 required for a child to make the transition to the family home from a nursing facility or ICF/ID.

(84) "Unacceptable Background Check" means a check that produces information related to the background of a person that precludes the person from being an independent provider for one or more of the following reasons:

(a) The person applying to be an independent provider has been disqualified under OAR 407-007-0275;

(b) The person was enrolled as an independent provider for the first time, or after any break in enrollment, after July 28, 2009 and has been disqualified under OAR 407-007-0275; or

(c) A background check and fitness determination has been conducted resulting in a "denied" status as defined in OAR 407-007-0210.

(85) "Unusual Incident" means any incident involving a child that includes serious illness or an accident, death, injury or illness requiring

# ADMINISTRATIVE RULES

inpatient or emergency hospitalization, a suicide attempt, a fire requiring the services of a fire department, an act of physical aggression, or any incident requiring an abuse investigation.

(86) "Variance" means the temporary exception from a regulation or provision of these rules that may be granted by the Department as described in OAR 411-308-0150.

(87) "Vehicle Modifications" mean the adaptations or alterations described in OAR 411-308-0120 that are made to the vehicle that is the primary means of transportation for a child in order to accommodate the service needs of the child.

### In-Home Support Administration and Operation

(1) FISCAL INTERMEDIARY SERVICES. The CDDP must provide, or arrange a third party to provide, fiscal intermediary services. The fiscal intermediary receives and distributes IHS funds on behalf of a family. The responsibilities of the fiscal intermediary include payments to vendors as well as all activities and records related to payroll and payment of employer-related taxes and fees as an agent of the family who employs a person to provide services, supervision, or training in the family home or community. In this capacity, the fiscal intermediary may not recruit, hire, supervise, evaluate, dismiss, or otherwise discipline employees.

#### (2) GENERAL RECORD REQUIREMENTS.

(a) DISCLOSURE. For the purpose of disclosure from medical records under these rules, a CDDP is considered a "public provider" as defined in ORS 179.505 and ORS 179.505 is applicable.

(A) Access to records by the Department does not require authorization by the family.

(B) For the purposes of disclosure from non-medical records, all or portions of the information contained in the non-medical record may be exempt from public inspection under the personal privacy information exemption to the public records law set forth in ORS 192.502(2).

(b) SERVICE RECORDS. Records for children who receive in-home support must be kept up-to-date and must include:

(A) An easily accessed summary of basic information as described in OAR 411-320-0070, including the date of entry into in-home support;

(B) Records related to receipt and disbursement of IHS funds, including expenditure authorizations, expenditure verification, copies of CPMS expenditure reports, verification that providers meet requirements of OAR 411-308-0130, and documentation of the acceptance or delegation from the family of the record keeping responsibilities outlined in these rules. Records must include:

(i) Itemized invoices and receipts to record the purchase of any single item;

(ii) Signed contracts and itemized invoices for any services purchased from independent contractors and professionals;

(iii) Written professional support plans, assessments, and reviews to document the acceptable provision of behavior support, nursing, and other professional training and consultation services; and

(iv) Pay records to record employee services, including timesheets signed by both employee and employer.

(C) Incident reports, including those involving CDDP staff;

(D) A functional needs assessment and other assessments used to determine required supports, preferences, and resources;

(E) When a child is not Medicaid Title XIX eligible, documentation of general fund eligibility;

(F) ISP or Annual Plan and reviews;

(G) Correspondence and notes from the services coordinator related to plan development and outcomes; and

(H) Family satisfaction information.

#### (3) RIGHTS OF A CHILD.

(a) The rights of a child are described in OAR 411-318-0010.

(b) The individual rights described in OAR 411-318-0010 must be provided as described in OAR 411-320-0060.

#### (4) COMPLAINTS.

(a) Complaints must be addressed in accordance with OAR 411-318-0015.

(b) The policy and procedures for complaints must be explained and provided as described in OAR 411-320-0175.

(5) NOTIFICATION OF PLANNED ACTION. In the event a developmental disability service is denied, reduced, suspended, or terminated, a written advance Notification of Planned Action (form SDS 0947) must be provided as described in OAR 411-318-0020.

#### (6) HEARINGS.

(a) Hearings must be addressed in accordance with ORS chapter 183 and OAR 411-318-0025.

(b) A parent or guardian may request a hearing as provided in ORS chapter 183 and OAR 411-318-0025.

(c) A notice of hearing rights and the policy and procedures for hearings as described in OAR chapter 411, division 318 must be explained and provided as described in OAR 411-320-0175.

(7) OTHER OPERATING POLICIES AND PROCEDURES. The CDDP must develop and implement such written statements of policy and procedure, in addition to those specifically required by this rule, as are necessary and useful to enable the CDDP to accomplish the objectives of the CDDP and to meet the requirements of these rules and other applicable standards and rules.

### Required In-Home Support

(1) The CDDP must provide or arrange for the following services as required to meet the support needs of children receiving in-home support in the family home:

#### (a) SERVICE COORDINATION.

(A) Assistance for families to determine needs, plan supports in response to needs, and develop individualized plans based on available natural supports and alternative resources;

(B) Assistance for families to find and arrange the resources to provide planned supports;

(C) Assistance for families and children (as appropriate) to effectively put an ISP or Annual Plan into practice, including help to monitor and improve the quality of personal supports and to assess and revise the goals of the ISP or Annual Plan; and

(D) Assistance to families to access information, referral, and local capacity building services through the family support program under OAR chapter 411, division 305.

#### (b) EMPLOYER-RELATED SUPPORTS.

(A) Fiscal intermediary services in the receipt and accounting of IHS funds on behalf of families in addition to making payment with the authorization of the family; and

(B) Assistance for families to fulfill roles and obligations as employers when providers are paid with IHS funds.

(2) The CDDP must inform families about in-home support when a child is determined eligible for developmental disability services. The CDDP must provide accurate, up-to-date information that must include:

(a) The criteria for entry and for determining supports, including information about eligibility for in-home supports and how these supports are different from family support services provided under OAR chapter 411, division 305;

(b) An overview of common processes encountered in using in-home support, including the in-home support planning process and the regional process (as applicable);

(c) The responsibility of providers of in-home support and CDDP employees as mandatory reporters of child abuse;

(d) A description of the responsibilities of the family in regards to the use of public funds;

(e) An explanation of the rights of the family to select and direct providers from among those qualified according to OAR 411-308-0130 to provide services authorized through an ISP or Annual Plan and purchased with IHS funds; and

(f) Information on complaint and hearing rights and how to raise and resolve concerns about in-home supports.

(3) The CDDP must make the information required in sections (1) and (2) of this rule available using language, format, and presentation methods appropriate for effective communication according to the needs and abilities of each family.

### Financial Limits of In-Home Support

(1) The use of IHS funds to purchase supports is limited to:

(a) The service level for a child as determined by a functional needs assessment. The functional needs assessment determines the total number of hours available to meet identified needs. The total number of hours may not be exceeded without prior approval from the Department. The types of services that contribute to the total number of hours used include:

- (A) Attendant care;
- (B) Hourly relief care;
- (C) Skills training; and
- (D) State plan personal care service hours as described in OAR chapter 411, division 34.

(b) Other services and supports determined by a services coordinator to be necessary to meet the support needs identified through a person-centered planning process and consistent with the In-home Expenditure Guidelines; and

(c) Employment services and payment for employment services are limited to:

(A) An average of 25 hours per week for any combination of job coaching, small group employment support, and employment path services;

(B) 40 hours in any one week for job coaching if job coaching is the only service utilized; and

(C) If an individual is utilizing less than 25 hours of job coaching in any one week, employment services may be combined with small group employment support and employment path services so long as the combination of services does not exceed 25 hours per week.

(2) For a child who is not Medicaid Title XIX eligible:

(a) Support must be limited to:

(A) The amount of support determined to be necessary to prevent out-of-home placement that is specified in an Annual Plan and does not exceed the maximum allowable monthly plan amount published in the In-home Expenditure Guidelines in any month during the plan year; and

(B) The amount of time necessary for a child to transition into waiver or Community First Choice state plan services, if eligible.

(b) Payment rates used to establish the limits of financial assistance for a specific service in an Annual Plan must be based on the In-home Expenditure Guidelines.

### Eligibility for In-Home Support

(1) STANDARD ELIGIBILITY.

(a) In order to be eligible for in-home support, a child must:

- (A) Be under the age of 18;
- (B) Be receiving Medicaid Title XIX benefits under OSIPM or OHP Plus. This does not include CHIP Title XXI benefits;
- (C) For a child with excess income, contribute to the cost of services pursuant to OAR 461-160-0610 and OAR 461-160-0620;
- (D) Be determined eligible for developmental disability services by the CDDP of the county of origin as described in OAR 411-320-0080;
- (E) Meet the level of care as defined in OAR 411-320-0020;
- (F) Reside in the family home; and
- (G) Be safely served in the family home.

(b) TRANSFER OF ASSETS.

(A) As of October 1, 2014, a child receiving medical benefits under OAR chapter 410, division 200 requesting Medicaid coverage for services in a nonstandard living arrangement (see OAR 461-001-0000) is subject to the rules regarding transfer of assets (see OAR 461-140-0210 to 461-140-0300) in the same manner as if the child was requesting these services under OSIPM. This includes, but is not limited to, the following assets:

- (i) An annuity that is evaluated according to OAR 461-145-0022;
- (ii) A transfer of property when a child retains a life estate that is evaluated according to OAR 461-145-0310;
- (iii) A loan that is evaluated according to OAR 461-145-0330; or
- (iv) An irrevocable trust that is evaluated according to OAR 461-145-0540;

(B) When a child is disqualified for a transfer of assets, the parent and child must receive a notice meeting the requirements of OAR 461-175-0310 in the same manner as if the child was requesting services under OSIPM.

(2) GENERAL FUND ELIGIBILITY. When the standard eligibility criterion described in section (1)(a)(B) of this rule is not met, the CDDP of the county of origin may find a child eligible for in-home support when the child:

(a) Is experiencing a crisis and may be safely served in the family home;

(b) Has exhausted all appropriate alternative resources including, but not limited to, natural supports and family support as defined in OAR 411-305-0020;

(c) Does not receive or may stop receiving other Department-paid in-home or community living services other than Medicaid state plan personal care services, adoption assistance, or short-term crisis diversion services as described in 411-320-0160 to prevent out-of-home placement; and

(d) Is at risk of out-of-home placement and requires in-home support to be maintained in the family home; or

(e) Resides in a Department-paid residential setting and requires in-home support to return to the family home.

(3) CONCURRENT ELIGIBILITY. A child not eligible for in-home support from more than one CDDP unless the concurrent service:

(a) Is necessary to transition from one county to another with a change of residence;

(b) Is part of a collaborative plan developed by both CDDPs; and

(c) Does not duplicate services and expenditures.

## 411-308-0070

### In-Home Support Entry, Duration, and Exit

(1) ENTRY.

For standard eligibility, a CDDP must:

(a) Confirm a child meets the standard eligibility criteria described in OAR 411-308-0060; and

(b) Complete a level of care determination, a functional needs assessment, an ISP, and authorize funds for services as described in OAR 411-308-0080.

For general fund eligibility, a CDDP must:

(A) Determine crisis eligibility and have confirmation from the Regional Crisis Diversion Program that a child meets the crisis diversion criteria;

(B) Complete an Annual Plan, based on the collaboration between the Regional Crisis Diversion Program and the CDDP, that includes strategies to resolve identified crisis risk factors and possible resources; and

(C) Have the Annual Plan approved by the Department prior to implementation of proposed crisis intervention services.

(2) CHANGE OF COUNTY OF RESIDENCE. If a child and the family move outside the service area of a CDDP, the originating CDDP must arrange for services purchased with IHS funds to continue, to the extent possible, in the new county of residence. The originating CDDP must:

(a) Provide information to the family about the need to apply for services in the new CDDP and assist the family with the application for services if necessary; and

(b) Contact the new CDDP to negotiate the date on which the in-home support, including responsibility for payments, transfers to the new CDDP.

(3) EXIT.

(a) For standard eligibility, a child must exit In-Home Support for Children when the child:

(A) Is no longer receiving Medicaid Title XIX;

(B) The parent or guardian submits a written request to end the In-Home Support for Children services;

(C) Turns 18 years of age;

(D) Is no longer eligible for developmental disability services as determined by the CDDP of the county of origin as described in OAR 411-320-0080;

(E) Does not meet the level of care as defined in OAR 411-320-0020;

(F) May not be safely served in the family home;

(G) No longer resides in the family home;

# ADMINISTRATIVE RULES

(H) Moves to a county outside the service area of the CDDP, unless transition services have been previously arranged and authorized by the CDDP as required in section (2) of this rule;

(I) The parent or guardian either cannot be located or has not responded after 30 days of repeated attempts by CDDP staff to complete the ISP or Annual Plan development and monitoring activities and does not respond to a notice of intent to terminate; or

(J) The CDDP has sufficient evidence that the parent or guardian has engaged in fraud or misrepresentation, failed to use resources as agreed upon in the ISP or Annual Plan, refused to cooperate with documenting expenses of IHS funds, or otherwise knowingly misused public funds associated with in-home support.

(b) For general fund eligibility, a child must exit in-home support when the child:

(A) No longer needs in-home support to prevent out-of-home placement;

(B) Meets the standard eligibility requirements for in-home support;

(C) Turns 18 years of age;

(D) Is no longer eligible for developmental disability services determined by the CDDP of the county of origin as described in OAR 411-320-0080;

(E) May not be safely served in the family home;

(F) No longer resides in the family home;

(G) Moves to a county outside the service area of the CDDP, unless transition services have been previously arranged and authorized by the CDDP as required in section (2) of this rule;

(H) The parent or guardian either cannot be located or has not responded after 30 days of repeated attempts by CDDP staff to complete the ISP or Annual Plan development and monitoring activities and does not respond to a notice of intent to terminate; or

(I) The CDDP has sufficient evidence that the parent or guardian has engaged in fraud or misrepresentation, failed to use resources as agreed upon in the ISP or Annual Plan, refused to cooperate with documenting expenses of IHS funds, or otherwise knowingly misused public funds associated with in-home support.

(c) When a child is being exited from in-home support, a written Notification of Planned Action must be provided as described in OAR 411-318-0020.

## 411-308-0080

### Required In-Home Support Services

(1) The CDDP must provide an annual planning process to assist families in establishing outcomes, determining needs, planning for supports, and reviewing and redesigning support strategies for all children eligible for in-home support.

(a) The planning process must occur in a manner that:

(A) Identifies and applies existing abilities, relationships, and resources while strengthening naturally occurring opportunities for support at home and in the community; and

(B) Is consistent in both style and setting with the needs and preferences of the child and the family including, but not limited to, informal interviews, informal observations in home and community settings, or formally structured meetings.

(b) For standard eligibility, a functional needs assessment must be completed using a person-centered planning approach.

(2) The CDDP, the child (as appropriate), and the family must develop a written ISP or Annual Plan for the child as a result of the planning process prior to purchasing supports with IHS funds and annually thereafter.

(a) The ISP or Annual Plan must include, but not be limited to:

(A) The legal name of the child and the name of the parent (if different than the last name of the child) or the name of the guardian;

(B) A description of the supports required that is consistent with the support needs identified in an assessment of the child, including the reason the support is necessary;

(C) The projected dates of when specific supports are to begin and end;

(D) A list of personal, community, and alternative resources that are available to the child and how the resources may be applied to provide the required supports. Sources of support may include waiver services,

Community First Choice state plan services, other state plan services, state general funds, or natural supports;

(E) The identity of the person responsible for case management and monitoring the ISP or Annual Plan;

(F) Signatures of the services coordinator, the parent or guardian, and the child (as appropriate); and

(G) The review schedule of the ISP or Annual Plan.

(b) For a child accessing in-home supports through general fund eligibility, a plan to reduce or eliminate the need for in-home supports through general funds must be included. The plan may include assisting the child to access waiver or Community First Choice state plan services, if eligible.

(c) An ISP must also include the following:

(A) The manner in which services are delivered and the frequency of services;

(B) Service provider type;

(C) The strengths and preferences of the child;

(D) Individually identified goals and desired outcomes;

(E) The services and supports (paid and unpaid) to assist the child to achieve identified goals and the providers of the services and supports, including voluntarily provided natural supports;

(F) The risk factors and the measures in place to minimize the risk factors, including back-up plans for assistance with support and service needs; and

(G) A provision to prevent unnecessary or inappropriate care.

(3) An ISP or Annual Plan, or records supporting development of an ISP or Annual Plan, must include evidence that:

(a) When the child is not Medicaid eligible, IHS funds are used only to purchase goods or services necessary to prevent the child from out-of-home placement or to return the child from a community placement to the family home;

(b) The services coordinator has assessed the availability of other means for providing the supports before using IHS funds and other public, private, formal, and informal resources available to the child have been applied and new resources have been developed whenever possible;

(c) Basic health and safety needs and supports have been addressed including, but not limited to, identification of risks including risk of serious neglect, intimidation, and exploitation;

(d) Informed decisions by the parent or guardian regarding the nature of supports or other steps taken to ameliorate any identified risks; and

(e) Education and support for the child and the family to recognize and report abuse.

(4) The services coordinator must obtain a Nursing Service Plan when in-home supports are used to purchase services requiring the education and training of a nurse.

(5) The services coordinator must obtain a Behavior Support Plan when the Behavior Support Plan is implemented by the family or providers during the plan year.

(6) In-home supports may only be provided after an ISP or Annual Plan is developed as described in this rule, authorized by the CDDP, and signed by the parent or guardian.

(7) At least annually, the services coordinator must conduct and document reviews of an ISP or Annual Plan and resources with a family as follows:

(a) Evaluate progress toward achieving the purposes of the ISP or Annual Plan;

(b) Note effectiveness of purchases based on services coordinator observation and family satisfaction;

(c) Determine whether changing needs or availability of other resources have altered the need for specific supports or continued use of in-home supports; and

(d) For a child who meets the general fund eligibility under OAR 411-308-0060, a quarterly review of the continued risk for out-of-home placement and the availability of alternative resources, including eligibility for waiver and Community First Choice state plan services.

(8) When a child and family move to a different county, the originating CDDP must assist in-home support recipients by:

(a) Continuing in-home supports authorized by the ISP or Annual Plan which is current at the time of the move, if the support is available, until the transfer date agreed upon according to OAR 411-308-0070; and

(b) Transferring the unexpended portion of the in-home supports to the new CDDP of residence.

### Managing and Accessing In-Home Support Funds

(1) IHS funds contracted to a CDDP by the Department to serve a specifically-named child must only be used to support that specified child. Services must be provided according to an approved ISP or Annual Plan. The IHS funds may only be used to purchase supports described in OAR 411-308-0120. Continuing need for services must be regularly reviewed according to the procedures described in these rules.

(2) No child receiving in-home support may concurrently receive services through:

(a) Children's intensive in-home services as defined in OAR 411-308-0020;

(b) Direct assistance funds under family support as described in OAR 411-305-0120; or

(c) In-home support from another CDDP unless short-term concurrent services are necessary when a child moves from one CDDP to another and the concurrent supports are arranged in accordance with OAR 411-308-0060.

(3) Children receiving in-home support via general fund eligibility may receive short-term crisis diversion services provided through the CDDP or region. Children receiving in-home support via general fund eligibility may utilize family support information and referral services, other than direct assistance funds under family support while receiving in-home support. The CDDP must clearly document the services and demonstrate that the services are arranged in a manner that does not allow duplication of funding.

### Conditions for In-Home Support Purchases

(1) A CDDP must only use IHS funds to assist families to purchase supports for the purpose defined in OAR 411-308-0010 and in accordance with an ISP or Annual Plan that meets the requirements for development and content as described in OAR 411-308-0080.

(2) The CDDP must arrange for supports purchased with IHS funds to be provided:

(a) In settings and under purchasing arrangements and conditions that enable a family to receive supports and services from a qualified provider as described in OAR 411-308-0130;

(b) In a manner consistent with positive behavioral theory and practice and where behavior intervention is not undertaken unless the behavior:

(A) Represents a risk to the health and safety of a child or others;

(B) Is likely to continue and become more serious over time;

(C) Interferes with community participation;

(D) Results in damage to property; or

(E) Interferes with learning, socializing, or vocation.

(c) In accordance with applicable state and federal wage and hour regulations in the case of personal care services, training, and supervision;

(d) In accordance with applicable state or local building codes in the case of environmental modifications to the family home;

(e) In accordance with Oregon Board of Nursing rules in OAR chapter 851 when services involve performance of nursing services or delegation, teaching, and assignment of nursing tasks;

(f) In accordance with OAR 411-308-0130 governing provider qualifications; and

(g) In accordance with the In-Home Expenditure Guidelines.

(3) When IHS funds are used to purchase services, training, supervision beyond basic supervision provided by a parent or guardian, or other personal care assistance for a child, the CDDP must require and document that providers are informed of:

(a) Mandatory reporter responsibility to report suspected child abuse;

(b) Responsibility to immediately notify the parent or guardian, or any other person specified by the parent or guardian, of any injury, illness, accident, or unusual circumstance involving the child that occurs when the provider is providing individual services, training, or supervision that may have a serious effect on the health, safety, physical, or emotional well-being or level of services required;

(c) Limits of payment:

(A) Payments for the agreed-upon services are considered full payment and the provider under no circumstances may demand or receive additional payment for these services from the family or any other source.

(B) The provider must bill all third party resources before using IHS funds.

(d) The provisions of provider termination as described in OAR 411-308-0130;

(e) The requirement to maintain a drug-free workplace; and

(f) The payment process, including payroll or contractor payment schedules or timelines.

(4) The method and schedule of payment must be specified in written agreements between the CDDP and the parent or guardian.

(a) Support expenses must be separately projected, tracked, and expensed, including separate contracts, employment agreements, and time-keeping for staff working with more than one eligible child.

(b) The CDDP is specifically prohibited from reimbursing a family for expenses or advancing funds to a family to obtain services. The CDDP must issue payment, or arrange a fiscal intermediary to issue payment, directly to a qualified provider on behalf of a family after approved services described in an ISP or Annual Plan have been satisfactorily delivered.

(5) The CDDP must inform families in writing of records and procedures required in OAR 411-308-0030 regarding expenditure of IHS funds. During development of an ISP or Annual Plan, the services coordinator must determine the need or preference for the CDDP to provide support with documentation and procedural requirements and must delineate responsibility for maintenance of records in written service agreements.

### Using In-Home Support Funds for Certain Purchases is Prohibited

(1) Effective July 28, 2009, IHS funds may not be used to support, in whole or in part, a provider in any capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(2) Section (1) of this rule does not apply to an employee of a parent, employee of a general business provider, or employee of a provider organization who was hired prior to July 28, 2009 that remains in the current position for which the employee was hired.

(3) IHS funds may not be used for:

(a) Services, supplies, or supports that are illegal, experimental, or determined unsafe for the general public by a recognized child or consumer safety agency;

(b) Services or activities that are carried out in a manner that constitutes abuse of a child;

(c) Services from a person who engages in verbal mistreatment and subjects a child to the use of derogatory names, phrases, profanity, ridicule, harassment, coercion, or intimidation by threatening injury or withholding of services or supports;

(d) Services that restrict the freedom of movement of a child by seclusion in a locked room under any condition;

(e) Purchase or lease of a vehicle;

(f) Purchase of a service animal or costs associated with the care of a service animal;

(g) Health and medical costs that the general public normally must pay, including but not limited to:

(A) Medical or therapeutic treatments;

(B) Health insurance co-payments and deductibles;

(C) Prescribed or over-the-counter medications;

(D) Mental health treatments and counseling;

(E) Dental treatments and appliances;

(F) Dietary supplements including, but not limited to vitamins and experimental herbal and dietary treatments; or

(G) Treatment supplies not related to nutrition, incontinence, or infection control.

(h) Ambulance service;

(i) Legal fees including, but not limited to, the cost of representation in educational negotiations, establishment of trusts, or creation of guardianship;

(j) Vacation costs for transportation, food, shelter, and entertainment that are normally incurred by a person on vacation, regardless of disability, and are not strictly required by the need of the child for personal assistance in a home and community-based setting;

# ADMINISTRATIVE RULES

(k) Services, training, support, or supervision that has not been arranged according to applicable state and federal wage and hour regulations;

(l) Any purchase that is not generally accepted by the relevant mainstream professional or academic community as an effective means to address an identified support need;

(m) Unless under certain conditions and limits specified in Department guidelines, employee wages or contractor charges for time or services when a child is not present or available to receive services including, but not limited to, employee paid time off, hourly “no show” charges, or contractor travel and preparation hours;

(n) Services, activities, materials, or equipment that are not necessary, not in accordance with the In-Home Expenditure Guidelines, not cost effective, or do not meet the definition of support or social benefit as defined in OAR 411-308-0020;

(o) Public education and services provided as part of a free and appropriate education for children and young adults under the Individuals with Disabilities Education Act;

(p) Services provided in a nursing facility, correctional institution, residential setting, or hospital;

(q) Services, activities, materials, or equipment that the CDDP determines may be reasonably obtained by a family through alternative resources or natural supports;

(r) Services or activities for which the legislative or executive branch of Oregon government has prohibited use of public funds;

(s) Services when there is sufficient evidence to believe that a parent or guardian, or a provider chosen by a family, has engaged in fraud or misrepresentation, failed to use resources as agreed upon in an ISP or Annual Plan, refused to accept or delegate record keeping required to document use of IHS funds, or otherwise knowingly misused public funds associated with in-home support; or

(t) Notwithstanding abuse as defined in ORS 419B.005, services that in the opinion of a services coordinator are characterized by failure to act or neglect that leads to or is in imminent danger of causing physical injury through negligent omission, treatment, or maltreatment of a child such as the failure to provide a child with adequate food, clothing, shelter, medical services, supervision, or through condoning or permitting abuse of a child by any other person. However, no child may be considered neglected for the sole reason that a family relies on treatment through prayer alone in lieu of medical treatment.

## 411-308-0120

### Supports Purchased with In-Home Support Funds

(1) When conditions of purchase are met and provided purchases are not prohibited under OAR 411-308-0110, IHS funds may be used to purchase a combination of the following supports based upon the needs of a child as determined by a services coordinator and consistent with a functional needs assessment, initial or annual ISP, and OSIPM or OHP Plus benefits a child qualifies for

(a) Community First Choice state plan services. A child who is eligible for OHP Plus and meets the level of care as defined in OAR 411-320-0020 may access Community First Choice state plan services:

(A) Behavior support services as described in section (2) of this rule;

(B) Community nursing services as described in section (3) of this rule;

(C) Environmental modifications as described in section (4) of this rule;

(D) Attendant care as described in section (5) of this rule;

(E) Skills training as described in section (6) of this rule;

(F) Relief care as described in section (7) of this rule;

(G) Assistive devices as described in section (8) of this rule;

(H) Assistive technology as described in section (9) of this rule;

(I) Chore services as described in section (10) of this rule;

(J) Community transportation as described in section (11) of this rule; and

(K) Transition costs as described in section (12) of this rule.

(b) Home and community-based waiver services. A child who is eligible for OSIPM and meets the level of care as defined in OAR 411-320-0020 may access Community First Choice state plan services and the following home and community-based waiver services:

(A) Case management as defined in OAR 411-320-0020;

(B) Employment services as described in section (13) of this rule;

(C) Family training as described in section (14) of this rule;

(D) Environmental safety modifications as described in section (15) of this rule;

(E) Vehicle modifications as described in section (16) of this rule; and

(F) Specialized medical supplies as described in section (17) of this rule.

(c) State Plan personal care services. A Child who is eligible for OHP Plus through Title XXI, has personal care supportive needs, and does not meet the level of care as defined in OAR 411-320-0020 may access State Plan personal care services if meet eligibility criteria as described in OAR chapter 411, division 034.

(2) BEHAVIOR SUPPORT SERVICES. Behavior support services may be authorized to support a primary caregiver in their caregiving role and to respond to specific problems identified by a child, primary caregiver, or a services coordinator. Positive behavior support services are used to allow a child to develop, maintain, or enhance skills to accomplish ADLs, IADLs, and health-related tasks.

(a) A behavior consultant must

(A) Work with the child and primary caregiver to identify:

(i) Areas of the family home life that are of most concern for the child and the parent;

(ii) The formal or informal responses the family or the provider has used in those areas; and

(iii) The unique characteristics of the child and family that may influence the responses that may work with the child.

(B) Assess the child. The assessment must include:

(i) Specific identification of the behaviors or areas of concern;

(ii) Identification of the settings or events likely to be associated with, or to trigger, the behavior;

(iii) Identification of early warning signs of the behavior;

(iv) Identification of the probable reasons that are causing the behavior and the needs of the child that are met by the behavior, including the possibility that the behavior is:

(I) An effort to communicate;

(II) The result of a medical condition;

(III) The result of an environmental cause; or

(IV) The symptom of an emotional or psychiatric disorder.

(v) Evaluation and identification of the impact of disabilities (i.e. autism, blindness, deafness, etc.) that impact the development of strategies and affect the child and the area of concern; and

(vi) An assessment of current communication strategies.

(C) Develop a variety of positive strategies that assist the primary caregiver and the provider to help the child use acceptable, alternative actions to meet the needs of the child in the safest, most positive, and cost effective manner. These strategies may include changes in the physical and social environment, developing effective communication, and appropriate responses by the primary caregiver and the provider to early warning signs.

(i) When interventions in behavior are necessary, the interventions must be done in accordance with positive behavioral theory and practice as defined in OAR 411-308-0020.

(ii) The least intrusive intervention possible to keep the child and others safe must be used.

(iii) Abusive or demeaning interventions must never be used.

(iv) The strategies must be adapted to the specific disabilities of the child and the style or culture of the family.

(D) Develop a written Behavior Support Plan using clear, concrete language that is understandable to the primary caregiver and the provider that describes the assessment, strategies, and procedures to be used;

(E) Develop emergency and crisis procedures to be used to keep the child and the primary caregiver and the provider safe. When interventions in the behavior of the child are necessary, positive, preventative, non-aversive interventions that conform to OIS must be utilized. The use of protective physical intervention must be part of the Behavior Support Plan for the child. When protective physical intervention is required, the protective physical intervention must only be used as a last resort and the provider must be appropriately trained in OIS;

(F) Teach the primary caregiver and the provider the strategies and procedures to be used; and

(G) Monitor and revise the Behavior Support Plan as needed.

(b) Behavior support services may include:

(A) Training, modeling, and mentoring the family of a child;

(B) Developing a visual communication system as a strategy for behavior support; and

## ADMINISTRATIVE RULES

(C) Communicating, as authorized by a parent, with school, medical, or other professionals about the strategies and outcomes of the Behavior Support Plan.

(c) Behavior support services exclude:

(A) Mental health therapy or counseling;

(B) Health or mental health plan coverage;

(C) Educational services including, but not limited to, consultation and training for classroom staff;

(D) Adaptations to meet the needs of a child at school;

(E) An assessment in a school setting;

(F) Attendant care; or

(G) Relief care.

(3) COMMUNITY NURSING SERVICES.

(a) Community nursing services include:

(A) Nursing assessments, including medication reviews;

(B) Care coordination;

(C) Monitoring;

(D) Development of a Nursing Service Plan;

(E) Delegation and training of nursing tasks to a provider and primary caregiver;

(F) Teaching and education of the parent and provider and identifying supports that minimize health risks while promoting the autonomy of a child and self-management of healthcare; and

(G) Collateral contact with a services coordinator regarding the community health status of a child to assist in monitoring safety and well-being and to address needed changes to the ISP for the child.

(b) Community nursing services exclude direct nursing care.

(c) A Nursing Service Plan must be present when IHS funds are used for community nursing services. A services coordinator must authorize the provision of community nursing services as identified in an ISP.

(d) After an initial nursing assessment, a nursing re-assessment must be completed every six months or sooner if a change in a medical condition requires an update to the Nursing Service Plan.

(4) ENVIRONMENTAL MODIFICATIONS.

(a) Environmental modifications include, but are not limited to:

(A) An environmental modification consultation to determine the appropriate type of adaptation;

(B) Installation of shatter-proof windows;

(C) Hardening of walls or doors;

(D) Specialized, hardened, waterproof, or padded flooring;

(E) An alarm system for doors or windows;

(F) Protective covering for smoke alarms, light fixtures, and appliances;

(G) Installation of ramps, grab-bars, and electric door openers;

(H) Adaptation of kitchen cabinets and sinks;

(I) Widening of doorways;

(J) Handrails;

(K) Modification of bathroom facilities;

(L) Individual room air conditioners for a child whose temperature sensitivity issues create behaviors or medical conditions that put the child or others at risk;

(M) Installation of non-skid surfaces;

(N) Overhead track systems to assist with lifting or transferring;

(O) Specialized electric and plumbing systems that are necessary to accommodate the medical equipment and supplies necessary for the welfare of the child; and

(P) Adaptations to control lights, heat, stove, etc.

(b) Environmental modifications exclude:

(A) Adaptations or improvements to the family home that are of general utility, such as carpeting, roof repair, and central air conditioning, unless directly related to the assessed health and safety needs of the individual and identified in the ISP of the child;

(B) Adaptations that add to the total square footage of the family home except for ramps that attach to the home for the purpose of entry or exit;

(C) Adaptations outside of the home; and

(D) General repair or maintenance and upkeep required for the family home.

(c) Environmental modifications must be tied to supporting assessed ADL, IADL, and health-related tasks as identified in the ISP for the child.

(d) Environmental modifications are limited to \$5,000 per modification. A services coordinator must request approval for additional expenditures through the Department prior to expenditure. Approval is based on the service and support needs and goals of the child and a determination by the Department of appropriateness and cost-effectiveness. In addition, separate

environmental modification projects that cumulatively total up to over \$5,000 in a plan year must be submitted to the Department for review.

(e) Environmental modifications must be completed by a state licensed contractor with a minimum of \$1,000,000 liability insurance. Any modification requiring a permit must be inspected by a local inspector and certified as in compliance with local codes. Certification of compliance must be filed in the file for the contractor prior to payment.

(f) Environmental modifications must be made within the existing square footage of the family home, except for external ramps, and may not add to the square footage of the family home.

(g) Payment to the contractor is to be withheld until the work meets specifications.

(h) A scope of work as defined in OAR 411-308-0020 must be completed for each identified environmental modification project. All contractors submitting bids must be given the same scope of work.

(i) A services coordinator must follow the processes outlined in the In-home Expenditure Guidelines for contractor bids and the awarding of work.

(j) All dwellings must be in good repair and have the appearance of sound structure.

(k) The identified home may not be in foreclosure or the subject of legal proceedings regarding ownership.

(l) Environmental modifications must only be completed to the family home.

(m) Upgrades in materials that are not directly related to the assessed health and safety needs of the child are not paid for or permitted.

(n) Environmental modifications are subject to Department requirements regarding material and construction practices based on industry standards for safety, liability, and durability, as referenced in building codes, materials manuals, and industry and risk management publications.

(o) RENTAL PROPERTY.

(A) Environmental modifications to rental property may not substitute or duplicate services otherwise the responsibility of the landlord under the landlord tenant laws, the Americans with Disabilities Act, or the Fair Housing Act.

(B) Environmental modifications made to a rental structure must have written authorization from the owner of the rental property prior to the start of the work.

(C) The Department does not fund work to restore the rental structure to the former condition of the rental structure.

(5) ATTENDANT CARE. Attendant care services include direct support provided to a child in the family home or community by a qualified personal support worker or provider organization. ADL and IADL services provided through attendant care must support the child to live as independently as appropriate for the age of the child, support the family in their primary caregiver role, and be based on the identified needs of the child. The primary caregiver is expected to be present or available during the provision of attendant care.

(a) ADL services include, but are not limited to:

(A) Basic personal hygiene — providing or assisting with needs, such as bathing (tub, bed, bath, shower), hair care, grooming, shaving, nail care, foot care, dressing, skin care, or oral hygiene;

(B) Toileting, bowel, and bladder care — assisting to and from the bathroom, on and off toilet, commode, bedpan, urinal, or other assistive device used for toileting, changing incontinence supplies, following a toileting schedule, managing menses, cleansing a child or adjusting clothing related to toileting, emptying a catheter, drainage bag, or assistive device, ostomy care, or bowel care;

(C) Mobility, transfers, and repositioning — assisting with ambulation or transfers with or without assistive devices, turning a child or adjusting padding for physical comfort or pressure relief, or encouraging or assisting with range-of-motion exercises;

(D) Nutrition - assisting with adequate fluid intake or adequate nutrition, assisting with food intake (feeding), monitoring to prevent choking or aspiration, assisting with adaptive utensils, cutting food, and placing food, dishes, and utensils within reach for eating;

(E) Delegated nursing tasks;

(F) First aid and handling emergencies — addressing medical incidents related to the conditions of a child, such as seizure, aspiration, constipation, or dehydration or responding to the call of the child for help during an emergent situation or for unscheduled needs requiring immediate response;

(G) Assistance with necessary medical appointments — help scheduling appointments, arranging medical transportation services, accompaniment to appointments, follow up from appointments, or assistance with mobility, transfers, or cognition in getting to and from appointments; and

## ADMINISTRATIVE RULES

(H) Observation of the status of a child and reporting of significant changes to a physician, health care professional, or other appropriate person.

(b) IADL services include, but are not limited to, the following services provided solely for the benefit of the child:

(A) Light housekeeping tasks necessary to maintain a child in a healthy and safe environment - cleaning surfaces and floors, making the child's bed, cleaning dishes, taking out the garbage, dusting, and laundry;

(B) Grocery and other shopping necessary for the completion of other ADL and IADL tasks;

(C) Cognitive assistance or emotional support provided to a child due to an intellectual or developmental disability - helping the child cope with change and assisting the child with decision-making, reassurance, orientation, memory, or other cognitive functions; and

(D) Social support in the community around socialization and participation in the community:

(i) Support with socialization — assisting a child in acquiring, retaining, and improving self-awareness and self-control, social responsiveness, social amenities, and interpersonal skills;

(ii) Support with community participation — assisting a child in acquiring, retaining, and improving skills to use available community resources, facilities, or businesses; and

(iii) Support with communication — assisting a child in acquiring, retaining, and improving expressive and receptive skills in verbal and non-verbal language and the functional application of acquired reading and writing skills.

(E) Medication and medical equipment — assisting with ordering, organizing, and administering medications (including pills, drops, ointments, creams, injections, inhalers, and suppositories), monitoring a child for choking while taking medications, assisting with the administration of medications, maintaining equipment, or monitoring for adequate medication supply

(c) Assistance with ADLs and IADLs may include cueing, monitoring, reassurance, redirection, set-up, hands-on, or standby assistance. Assistance may be provided through human assistance or the use of electronic devices or other assistive devices. Assistance may also require verbal reminding to complete any of the IADL tasks described in subsection (b) of this section.

(A) "Cueing" means giving verbal, audio, or visual clues during an activity to help a child complete the activity without hands-on assistance.

(B) "Hands-on" means a provider physically performs all or parts of an activity because a child is unable to do so.

(C) "Monitoring" means a provider observes a child to determine if assistance is needed.

(D) "Reassurance" means to offer a child encouragement and support.

(E) "Redirection" means to divert a child to another more appropriate activity.

(F) "Set-up" means the preparation, cleaning, and maintenance of personal effects, supplies, assistive devices, or equipment so that a child may perform an activity.

(G) "Stand-by" means a provider is at the side of a child ready to step in and take over the task if the child is unable to complete the task independently.

(d) Attendant care services must:

(A) Be previously authorized by the services coordinator before services begin;

(B) Be delivered through the most cost effective method as determined by the services coordinator; and

(C) Only be provided when the child is present to receive services.

(e) Attendant care services exclude:

(A) Hours that supplant parental responsibilities or other natural supports and services as defined in this rule available from the family, community, other government or public services, insurance plans, schools, philanthropic organizations, friends, or relatives;

(B) Hours solely to allow the primary caregiver to work or attend school;

(C) Hours that exceed what is necessary to support the child based on the functional needs assessment;

(D) Support generally provided for a child of similar age without disabilities by the parent or other family members;

(E) Educational and supportive services provided by schools as part of a free and appropriate public education for children and young adults under the Individuals with Disabilities Education Act;

(F) Services provided by the family; and

(G) Home schooling.

(f) Attendant care services may not be provided on a 24-hour shift-staffing basis.

(6) **SKILLS TRAINING.** Skills training is specifically tied to accomplishing ADL, IADL, and other health-related tasks as identified by the functional needs assessment and ISP and is a means for a child to acquire, maintain, or enhance independence.

(a) Skills training may be applied to the use and care of assistive devices and technologies.

(b) Skills training is authorized when:

(A) The anticipated outcome of the skills training, as documented in the ISP, is measurable;

(B) Timelines for measuring progress towards the anticipated outcome are established in the ISP; and

(C) Progress towards the anticipated outcome are measured and the measurements are evaluated by a services coordinator no less frequently than every six months, based on the start date of the initiation of the skills training.

(c) When anticipated outcomes are not achieved within the timeframe outlined in the ISP, the services coordinator must reassess or redefine the use of skills training with the child for that particular goal.

(d) Skills training does not replace the responsibilities of the school system.

(7) **RELIEF CARE.**

(a) Relief care may not be characterized as daily or periodic services provided solely to allow the primary caregiver to attend school or work. Daily relief care may be provided in segments that are sequential but may not exceed 7 consecutive days without permission from the Department. No more than 14 days of relief care in a plan year are allowed without permission from the Department.

(b) Relief care may include both day and overnight services that may be provided in:

(A) The family home;

(B) A licensed or certified setting;

(C) The home of a qualified provider. If relief care is provided in the home of a qualified provider, the services coordinator and the parent must document that the home of the qualified provider is a safe setting for the child; or

(D) The community, during the provision of ADL, IADL, health related tasks, and other supports identified in the ISP.

(c) Relief care services are not authorized for the following:

(A) Solely to allow the primary caregiver of the child to attend school or work;

(B) For more than 7 consecutive overnight stays without permission from the Department;

(C) For more than 10 days per individual plan year when provided at a camp that meets provider qualifications;

(D) For vacation, travel, and lodging expenses; or

(E) To pay for room and board.

(8) **ASSISTIVE DEVICES.** Assistive devices are primarily and customarily used to meet an ADL, IADL, or health-related support need. The purchase, rental, or repair of an assistive device must be limited to the types of equipment that are not excluded under OAR 410-122-0080.

(a) Assistive devices may include the purchase of devices, aids, controls, supplies, or appliances primarily and customarily used to enable a child to increase the ability of the child to perform and support ADLs and IADLs or to perceive, control, or communicate within the family home and community environment in which the child lives.

(b) Assistive devices may be purchased with IHS funds when the intellectual or developmental disability of a child otherwise prevents or limits the independence of the child to assist in areas identified in a functional needs assessment.

(c) Assistive devices that may be purchased for the purpose described in subsection (a) of this section must be of direct benefit to the child and may include:

(A) Devices to secure assistance in an emergency in the community and other reminders, such as medication minders, alert systems for ADL or IADL supports, or mobile electronic devices.

(B) Assistive devices not covered by other Medicaid programs to assist and enhance the independence of a child in performing ADLs or IADLs, such as durable medical equipment, mechanical apparatus, or electronic devices.

(d) Expenditures for assistive technology are limited to \$5,000 per plan year without Department approval. Any single purchase costing more than \$500 must be approved by the Department prior to expenditure. A services coordinator must request approval for additional expenditures

## ADMINISTRATIVE RULES

through the Department prior to expenditure. Approval is based on the service and support needs and goals of the child and a determination by the Department of appropriateness and cost-effectiveness.

(e) Devices must be limited to the least costly option necessary to meet the assessed need of a child.

(f) Assistive devices must meet applicable standards of manufacture, design, and installation.

(g) To be authorized by a services coordinator, assistive devices must be:

(A) In addition to any assistive devices, medical equipment, and supplies furnished under OHP and private insurance;

(B) Determined necessary to the daily functions of a child; and

(C) Directly related to the disability of a child.

(h) Assistive devices exclude:

(A) Items that are not necessary or of direct medical benefit to the child or do not address the underlying need for the device;

(B) Items intended to supplant similar items furnished under OHP or private insurance;

(C) Items available through alternative resources;

(D) Items that are considered unsafe for a child;

(E) Toys or outdoor play equipment; and

(F) Equipment and furnishings of general household use.

(9) **ASSISTIVE TECHNOLOGY.** Assistive technology is primarily and customarily used to provide additional safety and support and replace the need for direct interventions, to enable self-direction of care, and maximize independence. Assistive technology includes, but is not limited to, motion or sound sensors, two-way communication systems, automatic faucets and soap dispensers, incontinent and fall sensors, or other electronic backup systems, including the expense necessary for the continued operation of the assistive technology.

(a) Expenditures for assistive technology are limited to \$5,000 per plan year without Department approval. Any single purchase costing more than \$500 must be approved by the Department prior to expenditure. A services coordinator must request approval for additional expenditures through the Department prior to expenditure. Approval is based on the service and support needs and goals of the child and a determination by the Department of appropriateness and cost-effectiveness.

(b) Payment for ongoing electronic back-up systems or assistive technology costs must be paid to providers each month after services are received.

(A) Ongoing costs do not include electricity or batteries.

(B) Ongoing costs may include minimally necessary data plans and the services of a company to monitor emergency response systems.

(10) **CHORE SERVICES.** Chore services may be provided only in situations where no one else is responsible or able to perform or pay for the services.

(a) Chore services include heavy household chores such as:

(A) Washing floors, windows, and walls;

(B) Tacking down loose rugs and tiles; and

(C) Moving heavy items of furniture for safe access and egress.

(b) Chore services may include yard hazard abatement to ensure the outside of the family home is safe for the child to traverse and enter and exit the home.

(11) **COMMUNITY TRANSPORTATION.**

(a) Community transportation includes, but is not limited to:

(A) Community transportation provided by a common carrier, taxicab, or bus in accordance with standards established for these entities;

(B) Reimbursement on a per-mile basis for transporting an individual to accomplish ADL, IADL, a health-related task, or employment goal as identified in an ISP; or

(C) Assistance with the purchase of a bus pass.

(b) Community transportation may only be authorized when natural supports or volunteer services are not available and one of the following is identified in the ISP for the child:

(A) The child has an assessed need for ADL, IADL, or a health-related task during transportation; or

(B) The child has either an assessed need for ADL, IADL, or a health-related task at the destination or a need for waiver funded services at the destination.

(c) Community transportation must be provided in the most cost-effective manner which meets the needs identified in the ISP for the child.

(d) Community transportation expenses exceeding \$500 per month must be approved by the Department.

(e) Community transportation must be prior authorized by a services coordinator and documented in an ISP. The Department does not pay any

provider under any circumstances for more than the total number of hours, miles, or rides prior authorized by the services coordinator and documented in the ISP. Personal support workers who use their own personal vehicles for community transportation are reimbursed as described in OAR chapter 411, division 375.

(f) Community transportation excludes:

(A) Medical transportation;

(B) Purchase or lease of a vehicle;

(C) Routine vehicle maintenance and repair, insurance, and fuel;

(D) Ambulance services;

(E) Costs for transporting a person other than the child.

(F) Transportation for a provider to travel to and from the workplace of the provider;

(G) Transportation that is not for the sole benefit of the child;

(H) Transportation to vacation destinations or trips for relaxation purposes;

(I) Transportation provided by family members;

(J) Transportation normally provided by schools;

(K) Transportation normally provided by a primary caregiver for a child of similar age without disabilities;

(L) Reimbursement for out-of-state travel expenses; and

(M) Transportation services that may be obtained through other means, such as OHP or other public or private resources available to the child.

(12) **TRANSITION COSTS.**

(a) Transition costs are limited to a child transitioning to the family home from a nursing facility, ICF/ID, or acute care hospital.

(b) Transition costs are based on the assessed need of a child determined during the person-centered service planning process and must support the desires and goals of the child receiving services and supports. Final approval for transition costs must be through the Department prior to expenditure. The approval of the Department is based on the need of the child and the determination by the Department of appropriateness and cost-effectiveness.

(c) Financial assistance for transition costs is limited to:

(A) Moving and move-in costs, including movers, cleaning and security deposits, payment for background or credit checks (related to housing), or initial deposits for heating, lighting, and phone;

(B) Payment of previous utility bills that may prevent the child from receiving utility services and basic household furnishings, such as a bed; and

(C) Other items necessary to re-establish a home.

(d) Transition costs are provided no more than twice annually.

(e) Transitions costs for basic household furnishings and other items are limited to one time per year.

(13) **EMPLOYMENT SERVICES.** Employment services must be:

(a) Delivered according to OAR 411-345-0025; and

(b) Provided by an employment specialist meeting the requirements described in OAR 411-345-0030.

(14) **FAMILY TRAINING.** Family training services are provided to the family of a child to increase the abilities of the family to care for, support, and maintain the child in the family home.

(a) Family training services include:

(A) Instruction about treatment regimens and use of equipment specified in an ISP;

(B) Information, education, and training about the disability, medical, and behavioral conditions of a child; and

(C) Registration fees for organized conferences and workshops specifically related to the intellectual or developmental disability of the child or the identified, specialized, medical, or behavioral support needs of the child.

(i) Conferences and workshops must be prior authorized by a services coordinator, directly relate to the intellectual or developmental disability of a child, and increase the knowledge and skills of the family to care for and maintain the child in the family home.

(ii) Conference and workshop costs exclude:

(I) Travel, food, and lodging expenses;

(II) Services otherwise provided under OHP or available through other resources; or

(III) Costs for individual family members who are employed to care for the child.

(b) Family training services exclude:

(A) Mental health counseling, treatment, or therapy;

(B) Training for a paid provider;

(C) Legal fees;

# ADMINISTRATIVE RULES

(D) Training for a family to carry out educational activities in lieu of school;

(E) Vocational training for family members; and

(F) Paying for training to carry out activities that constitute abuse of a child.

## (15) ENVIRONMENTAL SAFETY MODIFICATIONS

(a) Environmental safety modifications must be made from materials of the most cost effective type and may not include decorative additions.

(b) Fencing may not exceed 200 linear feet without approval from the Department.

(c) Environmental safety modifications exclude:

(A) Large gates such as automobile gates;

(B) Costs for paint and stain;

(C) Adaptations or improvements to the family home that are of general utility and are not for the direct safety or long-term benefit to the child or do not address the underlying environmental need for the modification; and

(D) Adaptations that add to the total square footage of the family home.

(d) Environmental safety modifications must be tied to supporting ADL, IADL, and health-related tasks as identified in the ISP for the child.

(e) Environmental safety modifications are limited to \$5,000 per modification. A services coordinator must request approval for additional expenditures through the Department prior to expenditure. Approval is based on the service and support needs and goals of the child and a determination by the Department of appropriateness and cost-effectiveness. In addition, separate environmental safety modification projects that cumulatively total up to over \$5,000 in a plan year must be submitted to the Department for review.

(f) Environmental safety modifications must be completed by a state licensed contractor with a minimum of \$1,000,000 liability insurance. Any modification requiring a permit must be inspected by a local inspector and certified as in compliance with local codes. Certification of compliance must be filed in the file for the contractor prior to payment.

(g) Environmental safety modifications must be made within the existing square footage of the family home and may not add to the square footage of the family home.

(h) Payment to the contractor is to be withheld until the work meets specifications.

(i) A scope of work as defined in OAR 411-308-0020 must be completed for each identified environmental modification project. All contractors submitting bids must be given the same scope of work.

(j) A services coordinator must follow the processes outlined in the In-home Expenditure Guidelines for contractor bids and the awarding of work.

(k) All dwellings must be in good repair and have the appearance of sound structure.

(l) The identified home may not be in foreclosure or the subject of legal proceedings regarding ownership.

(m) Environmental modifications must only be completed to the family home.

(n) Upgrades in materials that are not directly related to the health and safety needs of the child are not paid for or permitted.

(o) Environmental modifications are subject to Department requirements regarding material and construction practices based on industry standards for safety, liability, and durability, as referenced in building codes, materials manuals, and industry and risk management publications.

## (p) RENTAL PROPERTY.

(A) Environmental modifications to rental property may not substitute or duplicate services otherwise the responsibility of the landlord under the landlord tenant laws, the Americans with Disabilities Act, or the Fair Housing Act.

(B) Environmental modifications made to a rental structure must have written authorization from the owner of the rental property prior to the start of the work.

(C) The Department does not fund work to restore the rental structure to the former condition of the rental structure.

## (16) VEHICLE MODIFICATIONS.

(a) Vehicle modifications may only be made to the vehicle primarily used by a child to meet the unique needs of the child. Vehicle modifications may include a lift, interior alterations to seats, head and leg rests, belts, special safety harnesses, other unique modifications to keep the child safe in the vehicle, and the upkeep and maintenance of a modification made to the vehicle.

(b) Vehicle modifications exclude:

(A) Adaptations or improvements to a vehicle that are of general utility and are not of direct medical benefit to a child or do not address the underlying need for the modification;

(B) The purchase or lease of a vehicle; or

(C) Routine vehicle maintenance and repair.

(c) Vehicle modifications are limited to \$5,000 per modification. A services coordinator must request approval for additional expenditures through the Department prior to expenditure. Approval is based on the service and support needs and goals of the child and a determination by the Department of appropriateness and cost-effectiveness. In addition, separate vehicle modification projects that cumulatively total up to over \$5,000 in a plan year must be submitted to the Department for review.

(d) Vehicle modifications must meet applicable standards of manufacture, design, and installation.

(17) SPECIALIZED MEDICAL SUPPLIES. Specialized medical supplies do not cover services which are otherwise available to a child under section 110 of the Rehabilitation Act of 1973 or the IDEA (20 U.S.C. 1401 et seq.). Specialized medical supplies may not overlap with, supplant, or duplicate other services provided through a waiver, OHP, or Medicaid state plan services.

### Standards for Providers Paid with In-Home Support Funds

#### (1) PROVIDER QUALIFICATIONS.

(a) PERSONAL SUPPORT WORKERS. A personal support worker must meet the qualifications described in OAR chapter 411, division 375.

(b) INDEPENDENT PROVIDERS WHO ARE NOT PERSONAL SUPPORT WORKERS. An independent provider who is not a personal support worker who is paid as a contractor or a self-employed person and selected to provide in-home supports must:

(A) Be at least 18 years of age;

(B) Have approval to work based on Department policy and a background check completed by the Department in accordance with OAR 407-007-0200 to 407-007-0370. A subject individual as defined in OAR 407-007-0210 may be approved for one position to work with multiple individuals statewide when the subject individual is working in the same employment role. The Background Check Request Form must be completed by the subject individual to show intent to work statewide;

(i) Prior background check approval for another Department provider type is inadequate to meet background check requirements for independent provider enrollment.

(ii) Background check approval is effective for two years from the date an independent provider is contracted with to provide in-home services, except in the following circumstances:

(I) Based on possible criminal activity or other allegations against the independent provider, a new fitness determination is conducted resulting in a change in approval status; or

(II) The background check approval has ended because the Department has inactivated or terminated the provider enrollment for the independent provider.

(C) Effective July 28, 2009, not have been convicted of any of the disqualifying crimes listed in OAR 407-007-0275;

(D) Be legally eligible to work in the United States;

(E) Not be the primary caregiver, parent, adoptive parent, stepparent, foster parent, or other person legally responsible for the child receiving supports;

(F) Demonstrate by background, education, references, skills, and abilities that he or she is capable of safely and adequately performing the tasks specified in the ISP or Annual Plan for the child, with such demonstration confirmed in writing by the parent or guardian, including:

(i) Ability and sufficient education to follow oral and written instructions and keep any records required;

(ii) Responsibility, maturity, and reputable character exercising sound judgment;

(iii) Ability to communicate with the parent; and

(iv) Training of a nature and type sufficient to ensure that the provider has knowledge of emergency procedures specific to the child.

(G) Hold current, valid, and unrestricted appropriate professional license or certification where services and supervision requires specific professional education, training, and skill;

## ADMINISTRATIVE RULES

(H) Understand requirements of maintaining confidentiality and safeguarding information about the child and family;

(I) Not be on the list of excluded or debarred providers maintained by the Office of Inspector General (<http://exclusions.oig.hhs.gov/>);

(J) If transporting the child, have a valid driver's license and proof of insurance, as well as any other license or certification that may be required under state and local law depending on the nature and scope of the transportation; and

(K) Sign a Medicaid provider agreement and be enrolled as a Medicaid provider prior to delivery of any services.

(c) Subsection (b)(C) of this section does not apply to employees of a parent, employees of a general business provider, or employees of a provider organization, who were hired prior to July 28, 2009 and remain in the current position for which the employee was hired.

(d) All providers must self-report any potentially disqualifying condition as described in OAR 407-007-0280 and 407-007-0290. The provider must notify the Department or the designee of the Department within 24 hours.

(e) All providers are mandatory reporters and are required to report suspected child abuse to their local Department office or to the police in the manner described in ORS 419B.010.

### (2) PROVIDER TERMINATION.

(a) **PERSONAL SUPPORT WORKERS.** The provider enrollment for a personal support worker is inactivated or terminated as described in OAR 411-375-0070.

(b) **INDEPENDENT PROVIDERS WHO ARE NOT PERSONAL SUPPORT WORKERS.**

(A) The provider enrollment for an independent provider who is not a personal support worker may be inactivated in the following circumstances:

(i) A provider has not provided any paid in-home services to an individual within the last previous 12 months;

(ii) A provider informs the Department, CDDP, CIIS, or Support Services Brokerage that the provider is no longer providing in-home services in Oregon;

(iii) The background check for a provider results in a closed case pursuant to OAR 407-007-0325;

(iv) Services provided to an individual are being investigated by Adult or Child Protective Services for suspected abuse that poses imminent danger to current or future individuals; or

(v) Provider payments, all or in part, for a provider have been suspended based on a credible allegation of fraud or a conviction of fraud pursuant to federal law under 42 CFR 455.23.

(B) The provider enrollment for an independent provider who is not a personal support worker may be terminated when the Department determines that, at some point after the initial qualification and authorization of the provider to provide supports purchased with IHS funds, the provider has:

(i) Been convicted of any crime that would have resulted in an unacceptable background check upon hiring or authorization of service;

(ii) Been convicted of unlawfully manufacturing, distributing, prescribing, or dispensing a controlled substance;

(iii) Surrendered his or her professional license or had his or her professional license suspended, revoked, or otherwise limited;

(iv) Failed to safely and adequately provide the authorized services;

(v) Had a founded report of child abuse or substantiated abuse;

(vi) Failed to cooperate with any Department or CDDP investigation or grant access to, or furnish, records or documentation, as requested;

(vii) Billed excessive or fraudulent charges or been convicted of fraud;

(viii) Made a false statement concerning conviction of crime or substantiated abuse;

(ix) Falsified required documentation;

(x) Been suspended or terminated as a provider by the Department or Oregon Health Authority;

(xi) Violated the requirement to maintain a drug-free work place;

(xii) Failed to provide services as required;

(xiii) Failed to provide a tax identification number or social security number that matches the legal name of the independent provider, as verified by the Internal Revenue Service or Social Security Administration; or

(xiv) Has been excluded or debarred by the Office of the Inspector General.

(C) If the CDDP or Department makes a decision to terminate the provider enrollment of an independent provider who is not a personal support worker, the CDDP or Department must issue a written notice.

(i) The written notice must include:

(I) An explanation of the reason for termination of the provider enrollment;

(II) The alleged violation as listed in subsection (A) or (B) of this section;

(III) The appeal rights for the independent provider, including how to file an appeal; and

(IV) The effective date of the termination.

(ii) For terminations based on substantiated protective services allegations, the notice may only contain the limited information allowed by law. In accordance with ORS 124.075, 124.085, 124.090, and OAR 411-020-0030, complainants, witnesses, the name of the alleged victim, and protected health information may not be disclosed.

(D) The provider may appeal a termination within 30 days of the date the termination notice was mailed to the provider. The provider must appeal a termination separately from any appeal of audit findings and overpayments.

(i) A provider of Medicaid services may appeal a termination by requesting an administrator review.

(ii) For an appeal regarding provision of Medicaid services to be valid, written notice of the appeal must be received by the Department within 30 days of the date the termination notice was mailed to the provider.

(E) At the discretion of the Department, providers who have previously been terminated or suspended by the Department or by the Oregon Health Authority may not be authorized as providers of Medicaid services.

(3) Independent providers, including personal support workers, are not state, CDDP, or Support Services Brokerage employees.

(4) **BEHAVIOR CONSULTANTS.** Behavior consultants are not personal support workers. Behavior consultants may include, but are not limited to, autism specialists, licensed psychologists, or other behavioral specialists. Behavior consultants providing specialized supports must:

(a) Have education, skills, and abilities necessary to provide behavior support services as described in OAR 411-308-0120;

(b) Have current certification demonstrating completion of OIS training; and

(c) Submit a resume or the equivalent to the CDDP indicating at least one of the following:

(A) A bachelor's degree in special education, psychology, speech and communication, occupational therapy, recreation, art or music therapy, or a behavioral science field, and at least one year of experience with individuals who present difficult or dangerous behaviors; or

(B) Three years of experience with individuals who present difficult or dangerous behaviors and at least one year of that experience includes providing the services of a behavior consultant as described in OAR 411-308-0120.

(5) **NURSES.** A nurse providing community nursing services is not a personal support worker. The nurse must:

(a) Have a current Oregon nursing license;

(b) Be enrolled in the Long-Term Care Community Nursing Program as described in OAR chapter 411, division 048; and

(c) Submit a resume to the CDDP indicating the education, skills, and abilities necessary to provide nursing services in accordance with Oregon law, including at least one year of experience with individuals with intellectual or developmental disabilities.

(6) **PROVIDER ORGANIZATIONS WITH CURRENT LICENSE OR CERTIFICATION.** A provider organization certified, licensed, and endorsed under OAR chapter 411, division 325 for a 24-hour residential setting, or licensed under OAR chapter 411, division 360 for an adult foster home, or certified and endorsed under OAR chapter 411, division 345 for employment or OAR chapter 411, division 328 for a supported living setting, or OAR 411-340-0170 for support services, may not require additional certification as an organization to provide relief care, attendant care, skills training, community transportation, or behavior support services.

(a) Current license, certification, or endorsement is considered sufficient demonstration of ability to:

(A) Recruit, hire, supervise, and train qualified staff;

(B) Provide services according to an ISP; and

(C) Develop and implement operating policies and procedures required for managing an organization and delivering services, including provisions for safeguarding individuals receiving services.

(b) Provider organizations must assure that all people directed by the provider organization as employees, contractors, or volunteers to provide services paid for with IHS funds meet the standards for independent providers described in this rule.

# ADMINISTRATIVE RULES

(7) **GENERAL BUSINESS PROVIDERS.** General business providers providing services to children paid with IHS funds must hold any current license appropriate to operate required by the state of Oregon or federal law or regulation. Services purchased with IHS funds must be limited to those within the scope of the license of the general business provider. Licenses for general business providers include, but are not limited to:

- (a) For a home health agency, a license under ORS 443.015;
- (b) For an in-home care agency, a license under ORS 443.315;
- (c) For providers of environmental modifications involving building modifications or new construction, a current license and bond as a building contractor as required by either OAR chapter 812 (Construction Contractor's Board) or OAR chapter 808 (Landscape Contractor's Board), as applicable;

(d) For environmental accessibility consultants, a current license as a general contractor as required by OAR chapter 812, including experience evaluating homes, assessing the needs of a child, and developing cost-effective plans to make homes safe and accessible;

(e) For public and private transportation providers, a business license, vehicle insurance in compliance with the laws of the Department of Motor Vehicles, and drivers with a valid license to drive;

(f) For vendors and medical supply companies providing assistive devices, a current retail business license and, if vending medical equipment, be enrolled as Medicaid providers through the Division of Medical Assistance Programs; and

(g) For providers of personal emergency response systems, a current business license.

## 411-308-0135

### Standards for Employers

(1) **EMPLOYER OF RECORD.** An employer of record is required when a personal support worker who is not an independent contractor is selected by the parent to provide supports. The Department may not act as the employer of record.

(2) **SERVICE AGREEMENT.** The employer must create and maintain a service agreement for a personal support worker that is in coordination with the services authorized in the ISP.

(3) **BENEFITS.** Only personal support workers qualify for benefits. The benefits provided to personal support workers are described in OAR chapter 411, division 375.

(4) **INTERVENTION.** For the purpose of this rule, "Intervention" means the action the Department or the designee of the Department requires when an employer fails to meet the employer responsibilities described in this rule. Intervention includes, but is not limited to:

(a) A documented review of the employer responsibilities described in section (5) of this rule;

(b) Training related to employer responsibilities;

(c) Corrective action taken as a result of a personal support worker filing a complaint with the Department, the designee of the Department, or other agency who may receive labor related complaints;

(d) Identifying an employer representative if a person is not able to meet the employer responsibilities described in section (5) of this rule; or

(e) Identifying another representative if the current employer representative is not able to meet the employer responsibilities described in section (5) of this rule.

(5) **EMPLOYER RESPONSIBILITIES.**

(a) For a child to be eligible for in-home support provided by an employed personal support worker, an employer must demonstrate the ability to:

(A) Locate, screen, and hire a qualified personal support worker;

(B) Supervise and train the personal support worker;

(C) Schedule work, leave, and coverage;

(D) Track the hours worked and verify the authorized hours completed by the personal support worker;

(E) Recognize, discuss, and attempt to correct, with the personal support worker, any performance deficiencies and provide appropriate, progressive, disciplinary action as needed; and

(F) Discharge an unsatisfactory personal support worker.

(b) Indicators that an employer may not be meeting the employer responsibilities described in subsection (a) of this section include, but are not limited to:

(A) Personal support worker complaints;

(B) Multiple complaints from a personal support worker requiring intervention from the Department as defined in section (4) of this rule;

(C) Frequent errors on time sheets, mileage logs, or other required documents submitted for payment that results in repeated coaching from the Department;

(D) Complaints to Medicaid Fraud involving the employer; or

(E) Documented observation by the Department of services not being delivered as identified in an ISP.

(c) The Department may require intervention as defined in section (4) of this rule when an employer has demonstrated difficulty meeting the employer responsibilities described in subsection (a) of this section.

(d) A child may not receive in-home support provided by a personal support worker if, after appropriate intervention and assistance, an employer is not able to meet the employer responsibilities described in subsection (a) of this section.

(e) The child may receive in-home support provided by a provider organization or general business provider, when available.

(6) **DESIGNATION OF EMPLOYER RESPONSIBILITIES.**

(a) A parent not able to meet all of the employer responsibilities described in section (5)(a) of this rule must:

(A) Designate an employer representative in order for the child to receive or continue to receive in-home support provided by a personal support worker; or

(B) Select a provider organization or general business provider to provide in-home support for the child.

(b) A parent able to demonstrate the ability to meet some of the employer responsibilities described in section (5)(a) of this rule must:

(A) Designate an employer representative to fulfill the responsibilities the parent is not able to meet in order for the child to receive or continue to receive in-home support provided by a personal support worker; and

(B) On a Department approved form, document the specific employer responsibilities to be performed by the parent and the employer responsibilities to be performed by the employer representative.

(c) When an employer representative is not able to meet the employer responsibilities described in section (5)(a) or the qualifications in section (7)(c) of this rule, the parent must:

(A) Designate a different employer representative in order for the child to receive or continue to receive in-home support provided by a personal support worker; or

(B) Select a provider organization or general business provider to provide in-home support for the child.

(7) **EMPLOYER REPRESENTATIVE.**

(a) A parent may designate an employer representative to act on behalf of the parent to meet the employer responsibilities described in section (5)(a) of this rule.

(b) If a personal support worker is selected by the parent to act as the employer, the parent must seek an alternate employer for purposes of the employment of the personal support worker. The alternate employer must:

(A) Track the hours worked and verify the authorized hours completed by the personal support worker; and

(B) Document the specific employer responsibilities performed by the employer on a Department-approved form.

(c) The Department may suspend, terminate, or deny a request for an employer representative if the requested employer representative has:

(A) A founded report of child abuse or substantiated abuse;

(B) Participated in billing excessive or fraudulent charges; or

(C) Failed to meet the employer responsibilities in section (5)(a) or (7)(b) of this rule, including previous termination as a result of failing to meet the employer responsibilities in section (5)(a) or (7)(b) of this rule.

(d) If the Department suspends, terminates, or denies a request for an employer representative for the reasons described in subsection (c) of this section, the parent may select another employer representative.

(8) **NOTICE.**

(a) The Department shall mail a notice to the parent when:

(A) The Department denies, suspends, or terminates an employer from performing the employer responsibilities described in sections (5)(a) or (7)(b) of this rule; and

(B) The Department denies, suspends, or terminates an employer representative from performing the employer responsibilities described in section (5)(a) or (7)(b) of this rule because the employer representative does not meet the qualifications in section (7)(c) of this rule.

(b) If the parent does not agree with the action taken by the Department, the parent may request an administrator review.

# ADMINISTRATIVE RULES

(A) The request for an administrator review must be made in writing and received by the Department within 45 days from the date of the notice.

(B) The determination of the Director is issued in writing within 30 days from the date the written request for an administrator review was received by the Department.

(C) The determination of the Director is the final response from the Department.

(c) When a denial, suspension, or termination of an employer results in the Department denying, suspending, or terminating a child from in-home support, the hearing rights in OAR chapter 411, division 318 apply.

### Variations

(1) The Department may grant a variance to these rules:

(a) If the CDDP lacks the resources needed to implement the standards required in these rules;

(b) If implementation of the proposed alternative practice, service, method, concept, or procedure shall result in services or systems that meet or exceed the standards in these rules and does not adversely impact the welfare, health, safety, or rights of individuals or violate state or federal laws; or

(c) If there are other extenuating circumstances.

(2) Variations are not granted for OAR 411-308-0110 and 411-308-0130.

(3) The CDDP requesting a variance must submit a written application to the Department that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) A description of the alternative practice, service, method, concept, or procedure proposed, including how the health and safety of individuals receiving services shall be protected to the extent required by these rules;

(d) A plan and timetable for compliance with the section of the rule from which the variance is sought; and

(e) If the variance applies to the services for a child, evidence that the variance is consistent with the currently authorized ISP or Annual Plan for the child.

(4) The request for a variance is approved or denied by the Department. The decision of the Department is sent to the CDDP and to all relevant Department programs or offices within 30 days from the receipt of the variance request.

(5) The CDDP may request an administrator review of the denial of a variance request by sending a written request for review to the Director. The decision of the Director is the final response from the Department.

(6) The Department determines the duration of the variance.

(7) The CDDP may implement a variance only after written approval from the Department.

### Definitions for Developmental Disability Services

Unless the context indicates otherwise, the following definitions apply to the rules in OAR chapter 411, divisions 300 to 375:

(1) “Abuse Investigation” means the reporting and investigation activities as required by OAR 407-045-0300 and any subsequent services or supports necessary to prevent further abuse as required by 407-045-0310.

(2) “Accident” means an event that results in injury or has the potential for injury even if the injury does not appear until after the event.

(3) “Activities of Daily Living (ADL)” are the basic personal everyday activities, such as eating, using the restroom, grooming, dressing, bathing, and transferring.

(4) “Administration of Medication” means the act of placing a medication in or on the body of an individual by a person responsible for the care of the individual and employed by, or under contract to, the individual or as applicable the legal or designated representative of the individual or provider organization.

(5) “Administrator Review” means the Director of the Department reviews a decision upon request, including the documentation related to the decision, and issues a determination.

(6) “Adult” means an individual who is 18 years or older with an intellectual or developmental disability.

(7) “Advocate” means a person other than paid staff who has been selected by an individual or by the legal representative of an individual to help the individual understand and make choices in matters relating to identification of needs and choices of services, especially when rights are at risk or have been violated.

(8) “Aids to Physical Functioning” means any special equipment prescribed for an individual by a physician, therapist, or dietician that maintains or enhances physical functioning.

(9) “Alternative Resources” mean possible resources, not including developmental disability services, for the provision of supports to meet the needs of an individual. Alternative resources include, but are not limited to, private or public insurance, vocational rehabilitation services, supports available through the Oregon Department of Education, or other community supports.

(10) “Case Management” means the functions performed by a services coordinator or personal agent. Case management includes, but is not limited to, determining service eligibility, developing a plan of authorized services, and monitoring the effectiveness of services and supports.

(11) “Centers for Medicare and Medicaid Services (CMS)”. The Centers for Medicare and Medicaid Services is the federal agency within the United States Department of Health and Human Services responsible for the administration of Medicaid and the Health Insurance Portability and Accountability Act (HIPAA) and overseeing Medicaid programs administered by the states through survey and certification.

## ADMINISTRATIVE RULES

(12) “Child” means an individual who is less than 18 years of age that has a provisional determination of an intellectual or developmental disability.

(13) “Choice” means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.

(14) “Community First Choice (K Plan)” means the state plan amendment for Oregon authorized under section 1915(k) of the Social Security Act.

(15) “Complaint” means an oral or written expression of dissatisfaction with a developmental disability service or provider.

(16) “Complaint Investigation” means the investigation of a complaint that has been made to a proper authority that is not covered by an investigation of abuse.

(17) “Day” means a calendar day unless otherwise specified.

(18) “Denial” means any rejection of a request for a developmental disability service or an increase in a developmental disability service. A denial of a Medicaid service requires a Notification of Planned Action.

(19) “Designated Representative” means any adult, such as a parent, family member, guardian, advocate, or other person, who is chosen by an individual or the legal representative of the individual, not a paid provider for the individual, and authorized by the individual or the legal representative of the individual to serve as the representative of the individual or the legal representative of the individual in connection with the provision of funded supports. An individual or a legal representative of the individual is not required to appoint a designated representative.

(20) “Entry” means admission to a Department-funded developmental disability service.

(21) “Exit” means termination or discontinuance of a Department-funded developmental disability service.

(22) “Family Member” means husband or wife, domestic partner, natural parent, child, sibling, adopted child, adoptive parent, stepparent, stepchild, stepbrother, stepsister, father-in-law, mother-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law, grandparent, grandchild, aunt, uncle, niece, nephew, or first cousin.

(23) “Founded Report” means the determination by the Department or Law Enforcement Authority (LEA), based on the evidence, that there is reasonable cause to believe that conduct in violation of the child abuse statutes or rules has occurred and such conduct is attributable to the person alleged to have engaged in the conduct.

(24) “Guardian” means the parent for an individual less than 18 years of age or a person or agency appointed and authorized by a court to make decisions about services for an individual.

(25) “Health Care Provider” means the person or health care facility licensed, certified, or otherwise authorized or permitted by Oregon law to administer health care in the ordinary course of business or practice of a profession. Examples of a health care provider include, but are not limited to, a registered nurse (RN), nurse practitioner (NP), licensed practical nurse (LPN), medical doctor (MD), osteopathic physician (DO), chiropractor, respiratory therapist (RT), physical therapist (PT), physician assistant (PA), dentist, or occupational therapist (OT).

(26) “Hearing” means a contested case hearing subject to OAR 137-003-0501 to 137-003-0070, which results in a final order.

(27) “Home and Community-Based Waiver Services” mean the services approved by the Centers for Medicare and Medicaid Services in accordance with section 1915(c) of the Social Security Act.

(28) “Independence” means the extent to which an individual exerts control and choice over his or her own life.

(29) “Individual” means a child or an adult with an intellectual or developmental disability applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and to exercise the rights of the individual.

(30) “Instrumental Activities of Daily Living (IADL)” are the activities other than activities of daily living required to continue independent living, such as:

- (a) Meal planning and preparation;
- (b) Managing personal finances;
- (c) Shopping for food, clothing, and other essential items;
- (d) Performing essential household chores;

(e) Communicating by phone or other media; and

(f) Traveling around and participating in the community.

(31) “Integration” as defined in ORS 427.005 means:

(a) Use by individuals with intellectual or developmental disabilities of the same community resources used by and available to other people;

(b) Participation by individuals with intellectual or developmental disabilities in the same community activities in which people without disabilities participate, together with regular contact with people without disabilities; and

(c) Residence by individuals with intellectual or developmental disabilities in homes or in home-like settings that are in proximity to community resources, together with regular contact with people without disabilities in their community.

(32) “Legal Representative” means a person who has the legal authority to act for an individual.

(a) For a child, the legal representative is the parent of the child unless a court appoints another person or agency to act as the guardian of the child; and

(b) For an adult, the legal representative is the attorney at law who has been retained by or for the adult, the person acting under the authority granted in a power of attorney, or the person or agency authorized by a court to make decisions about services for the adult.

(33) “Mandatory Reporter”:

(a) Means any public or private official as defined in OAR 407-045-0260 who:

(A) Comes in contact with a child with or without an intellectual or developmental disability and has reasonable cause to believe the child has suffered abuse, or comes in contact with any person whom the public or private official has reasonable cause to believe abused the child, regardless of whether or not the knowledge of the abuse was gained in the official capacity of the public or private official.

(B) While acting in an official capacity, comes in contact with an adult with an intellectual or developmental disability and has reasonable cause to believe the adult has suffered abuse, or comes in contact with any person whom the public or private official has reasonable cause to believe abused the adult.

(b) Nothing contained in ORS 40.225 to 40.295 affects the duty to report imposed by this definition, except that a psychiatrist, psychologist, clergy, attorney, or guardian ad litem appointed under 419B.231 is not required to report if the communication is privileged under 40.225 to 40.295.

(34) “Medication” means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance taken either internally or externally by any person.

(35) “Monitoring” means the periodic review of the implementation of services and supports identified in an Individual Support Plan or Annual Plan and the quality of services delivered by other organizations.

(36) “Natural Support” means:

(a) For a child, the parental responsibilities for a child and the voluntary resources available to the child from the relatives, friends, neighbors, and the community of the child that are not paid for by the Department.

(b) For an adult, the voluntary resources available to an adult from the relatives, friends, significant others, neighbors, roommates, and the community of the adult that are not paid for by the Department.

(37) “Nurse” means a person who holds a current license from the Oregon Board of Nursing as a registered nurse or licensed practical nurse pursuant to ORS chapter 678.

(38) “Nursing Tasks” mean the care or services that require the education and training of a licensed professional nurse to perform. Nursing tasks may be delegated.

(39) “OHP Plus” means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.

(40) “OSIPM” means “Oregon Supplemental Income Program-Medical” as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for individuals who meet the eligibility criteria described in OAR chapter 461.

(41) “Person-Centered Planning”:

(a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

# ADMINISTRATIVE RULES

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.

(42) "Prescription Medication" means any medication that requires a prescription from a physician before the medication may be obtained from a pharmacist.

(43) "Primary Caregiver" means the person identified in an Individual Support Plan as providing the majority of services and support for an individual in the home of the individual.

(44) "Primary Care Provider" means the health care provider who delivers day-to-day comprehensive health care. Typically, the primary care provider acts as the first contact and principal point of continuing care for an individual within the health care system and coordinates other specialist care that the individual may need.

(45) "PRN (pro re nata)" means the administration of a medication to an individual on an "as needed" basis.

(46) "Productivity" as defined in ORS 427.005 means regular engagement in income-producing work, preferable competitive employment with supports and accommodations to the extent necessary, by an individual that is measured through improvements in income level, employment status, or job advancement or engagement by an individual in work contributing to a household or community.

(47) "Protection" means the necessary actions offered to an individual as soon as possible to prevent subsequent abuse or exploitation of the individual, to prevent self-destructive acts, or to safeguard the person, property, and funds of the individual.

(48) "Protective Physical Intervention" means any manual physical holding of, or contact with, an individual that restricts freedom of movement.

(49) "Protective Services" mean the necessary actions offered to an individual as soon as possible to prevent subsequent abuse or exploitation of the individual, to prevent self-destructive acts, or to safeguard the person, property, and funds of the individual.

(50) "Provider" means a person, agency, organization, or business selected by an individual that provides recognized Department-funded services and is approved by the Department or other appropriate agency to provide Department-funded services.

(51) "Restraint" means any physical hold, device, or chemical substance that restricts, or is meant to restrict, the movement or normal functioning of an individual.

(52) "Review" means a request for reconsideration of a decision.

(53) "Self-Administration of Medication" means an individual manages and takes his or her own medication, identifies his or her own medication and the times and methods of administration, places the medication internally in or externally on his or her own body without staff assistance upon written order of a physician, and safely maintains the medication without supervision.

(54) "Self-Direction" means that an individual, or as applicable the legal or designated representative of the individual, has decision-making authority over services and takes direct responsibility for managing services with the assistance of a system of available supports that promotes personal choice and control over the delivery of waiver and state plan services.

(55) "Services" include, but are not limited to, supervision, protection, and assistance in bathing, dressing, grooming, eating, management of money, or transportation. Services also include being aware of the general whereabouts of an individual at all times and monitoring the activities of the individual to ensure the health, safety, and welfare of the individual.

(56) "Significant Other" means a person selected by an individual to be the friend of the individual.

(57) "Staff" means paid employees who are responsible for providing services and supports to individuals and whose wages are paid in part or in full with funds sub-contracted with a community developmental disability program, support services brokerage, or contracted directly through the Department.

(58) "Substantiated" means an abuse investigation has been completed by the Department or the designee of the Department and the preponderance of the evidence establishes the abuse occurred.

(59) "Support" means the assistance that an individual requires, solely because of the effects of an intellectual or developmental disability, to maintain or increase independence, achieve community presence and participation, and improve productivity. Support is subject to change with time and circumstances.

(60) "Transfer" means movement of an individual from one type of service to another type of service administered or operated by the same provider.

(61) "Volunteer" means any person assisting a provider without pay to support the services and supports provided to an individual.

(20) “Good Cause” means an excusable mistake, surprise, excusable neglect (which may include neglect due to a significant cognitive or health issue), circumstances beyond the control of a claimant, reasonable reliance on the statement of an employee of the Department or an adverse provider relating to procedural requirements, fraud, misrepresentation, or other misconduct of the Department or a party adverse to a claimant.

(21) “Guardian” means the parent of a minor child or a person or agency appointed and authorized by a court to make decisions about services for a child or an adult.

(22) “Hearing” means a contested case hearing subject to OAR 137-003-0501 to 137-003-0700, which results in a Final Order.

(23) “Individual” means a child or an adult applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the representative of the individual, who has the ability to act for the individual and to exercise the rights of the individual.

(24) “Informal Conference” means the discussion between a claimant, the representative of the claimant, Department staff, and a Department representative that is held prior to a hearing to address any matters pertaining to the hearing, as described in OAR 411-318-0025. An administrative law judge does not participate in an informal conference. The informal conference may result in resolution of the issue.

(25) “Informal Discussion” means the conversation between an individual or the representative of the individual and the designee of the Department or local program who received the complaint to address the content of the complaint. The informal discussion may result in resolution of the issue.

(26) “Involuntary Reduction” means a provider has made the decision to reduce services provided to an individual without prior approval from the individual.

(27) “Involuntary Transfer” means a provider has made the decision to transfer an individual without prior approval from the individual.

(28) “Legal Representative” means a person who has the legal authority to act for an individual.

(a) For a child, the legal representative is the parent of the child unless a court appoints another person or agency to act as the guardian of the child; and

(b) For an adult, the legal representative is the attorney at law who has been retained by or for the adult, the person acting under the authority granted in a power of attorney, or the person or agency authorized by a court to make decisions about services for the adult.

(29) “Local Program” means the local CDDP, Support Services Brokerage, provider organization, CIIS program, or other certified, licensed, or endorsed provider or agency with which the Department contracts to provide developmental disability services and is providing services to the individual with whom the complaint is associated.

(30) “Mechanical Restraint” means any mechanical device, material, object, or equipment attached or adjacent to the body of an individual that the individual cannot easily remove or easily negotiate around that restricts freedom of movement or access to the body of the individual.

(31) “Notice of Involuntary Reduction, Transfer, or Exit” means form SDS 0719DD. This form is part of the AFH/DD Mandatory Written Notice of Exit or Transfer.

(32) “Notification of Planned Action” means form SDS 0947. The Notification of Planned Action is the written decision notice issued to an individual in the event that a developmental disability service is denied, reduced, suspended, or terminated.

(33) “OAH” means the Office of Administrative Hearings.

(34) “OHA” means the Oregon Health Authority.

(35) “Personal Agent” means personal agent as defined in OAR 411-340-0020.

(36) “Person-Centered Planning”:

(a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary but all are consistent with the cultural considerations, needs, and preferences of the individual.

(37) “Program Director” means the Director of a local program or the designee of the Director.

(38) “Program Staff” means a person employed by the local program who is knowledgeable in a particular subject matter. For the purposes of the complaint process, program staff may not be involved in a specific complaint prior to the receipt of the complaint or the request for a review of the complaint.

(39) “Protective Physical Intervention” means any manual physical holding of or contact with an individual that restricts freedom of movement.

(40) “Provider” means a person, agency, organization, or business selected by an individual that provides recognized Department-funded services and is approved by the Department or other appropriate agency to provide Department-funded services.

(41) “Provider Organization” means an entity selected by an individual or the representative of the individual and paid with service funds that:

(a) Is primarily in business to provide supports for individuals with intellectual or developmental disabilities;

(b) Provides supports for the individual through employees, contractors, or volunteers; and

# ADMINISTRATIVE RULES

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the individual.

(42) "Representative" means any adult, such as a parent, family member, guardian, legal representative, advocate, or other person, who is chosen by an individual or the legal representative of the individual to represent the individual in connection with the provision of developmental disability services or during the complaint or hearing process. The representative may not be a Department, CDDP, or Support Services Brokerage employee acting in official capacity. An individual or a legal representative of the individual is not required to choose a representative.

(43) "Request for Service" means:

(a) Submission of a completed application for developmental disability services as described in OAR 411-320-0080;

(b) A written request for a new developmental disability service or provider; or

(c) A written request for a change in a developmental disability service currently provided.

(44) "Service" means "developmental disability services" as defined in this rule.

(45) "Service Funds" means state public funds or Medicaid funds used to purchase developmental disability services.

(46) "Services Coordinator" means an employee of the Department, CDDP, or other agency that contracts with the county or Department, who provides case management services including, but not limited to, planning, procuring, coordinating, and monitoring developmental disability services.

(47) "Support Services Brokerage" means "brokerage" as defined in OAR 411-340-0020.

(48) "These Rules" mean the rules in OAR chapter 411, division 318.

(49) "Transfer" means movement of an individual from a service setting to another service setting administered or operated by the same provider.

(50) "Written Outcome" means the written response from the Department or the local program to a complaint following a review of the complaint.

### Individual Rights

(1) The individual rights described in this rule apply to all individuals eligible for or receiving developmental disability services. A parent or guardian may place reasonable limitations on the rights of a child.

(2) While receiving developmental disability services, an individual has the right to:

(a) Be free and protected from abuse or neglect and to report any incident of abuse or neglect without being subject to retaliation;

(b) Be free from seclusion, unauthorized training or treatment, protective physical intervention, chemical restraint, or mechanical restraint and assured that medication is administered only for the clinical needs of the individual as prescribed by a health care provider unless an imminent risk of physical harm to the individual or others exists and only for as long as the imminent risk continues;

(c) Individual choice for an adult to consent to or refuse treatment unless incapable and then an alternative decision maker must be allowed to consent to or refuse treatment for the adult. For a child, the parent or guardian of the child must be allowed to consent to or refuse treatment, except as described in ORS 109.610 or limited by court order;

(d) Informed, voluntary, written consent prior to receiving services, except in a medical emergency or as otherwise permitted by law;

(e) Informed, voluntary, written consent prior to participating in any experimental programs;

(f) A humane service environment that affords reasonable protection from harm, reasonable privacy in all matters that do not constitute a documented health and safety risk to the individual, and access and the ability to engage in private communications with any public or private rights protection program, services coordinator, personal agent, and others chosen by the individual through personal visits, mail, telephone, or electronic means;

(g) Contact and visits with legal and medical professionals, legal and designated representatives, family members, friends, advocates, and others chosen by the individual, except where prohibited by court order;

(h) Participate regularly in the community and use community resources, including recreation, developmental disability services, employment services, school, educational opportunities, and health care resources;

(i) For individuals less than 21 years of age, access to a free and appropriate public education, including a procedure for school attendance or refusal to attend;

(j) Reasonable and lawful compensation for performance of labor, except personal housekeeping duties;

(k) Manage his or her own money and financial affairs unless the right has been taken away by court order or other legal procedure;

(l) Keep and use personal property, personal control and freedom regarding personal property, and a reasonable amount of personal storage space;

(m) Adequate food, housing, clothing, medical and health care, supportive services, and training;

(n) Seek a meaningful life by choosing from available services, service settings, and providers consistent with the support needs of the individual identified through a functional needs assessment and enjoying the benefits of community involvement and community integration;

(A) Services must promote independence and dignity and reflect the age and preferences of the individual; and

(B) The services must be provided in a setting and under conditions that are most cost effective and least restrictive to the liberty of the individual, least intrusive to the individual, and that provide for self-directed decision-making and control of personal affairs appropriate to the preferences, age, and identified support needs of the individual;

(o) An individualized written plan for services created through a person-centered planning process, services based upon the plan, and periodic review and reassessment of service needs;

(p) Ongoing opportunity to participate in the planning of services in a manner appropriate to the capabilities of the individual, including the right to participate in the development and periodic revision of the plan for services, the right to be provided with a reasonable explanation of all service considerations through choice advising, and the right to invite others chosen by the individual to participate in the plan for services;

(q) Request a change in the plan for services and a reassessment of service needs;

(r) A timely decision upon request for a change in the plan for services;

(s) Advance written notice of any action that terminates, suspends, reduces, or denies a service or request for service and notification of other available sources for necessary continued services;

(t) A hearing to challenge an action that terminates, suspends, reduces, or denies a service or request for service;

(u) Exercise all rights set forth in ORS 426.385 and 427.031 if the individual is committed to the Department;

(v) Be informed at the start of services and annually thereafter of the rights guaranteed by this rule, the contact information for the protection and advocacy system described in ORS 192.517(1), the procedures for reporting abuse, and the procedures for filing complaints, reviews, or requests for hearings if services have been or are proposed to be terminated, suspended, reduced, or denied;

(w) Have these rights and procedures prominently posted in a location readily accessible to individuals and made available to representatives of the individual;

(x) Be encouraged and assisted in exercising all legal, civil, and human rights accorded to other citizens of the same age, except when limited by a court order;

(y) Be informed of and have the opportunity to assert complaints as described in OAR 411-318-0015 with respect to infringement of the rights described in this rule, including the right to have such complaints considered in a fair, timely, and impartial complaint procedure without any form of retaliation or punishment; and

(z) Freedom to exercise all rights described in this rule without any form of reprisal or punishment.

(3) The rights described in this rule are in addition to, and do not limit, all other statutory and constitutional rights that are afforded all citizens including, but not limited to, the right to exercise religious freedom, vote, marry, have or not have children, own and dispose of property, and enter into contracts and execute documents unless specifically prohibited by law.

(4) An individual who is receiving developmental disability services has the right under ORS 430.212 and OAR 411-320-0090 to be informed that a family member has contacted the Department to determine the location of the individual and to be informed of the name and contact information of the family member, if known.

(5) The rights described in this rule may be asserted and exercised by an individual, the legal representative of an individual, and any representative designated by an individual.

# ADMINISTRATIVE RULES

(6) Nothing in this rule may be construed to alter any legal rights and responsibilities between a parent and child.

(7) A guardian is appointed for an adult only as is necessary to promote and protect the well-being of the adult. A guardianship for an adult must be designed to encourage the development of maximum self-reliance and independence of the adult, and may be ordered only to the extent necessitated by the actual mental and physical limitations of the adult. An adult for whom a guardian has been appointed is not presumed to be incompetent. An adult with a guardian retains all legal and civil rights provided by law, except those that have been expressly limited by court order or specifically granted to the guardian by the court. Rights retained by an adult include, but are not limited to, the right to contact and retain counsel and to have access to personal records. (ORS 125.300).

## 411-318-0015

### Complaints

(1) The Department and local programs must address all complaints in accordance with their policies and procedures and these rules.

(2) An individual or the representative of the individual may file a complaint at any time. A complaint may include, but is not limited to:

(a) An expression of dissatisfaction with a developmental disability service; or

(b) An allegation of circumstances or events that are contrary to law, rule, policy, or otherwise adverse to the interests of an individual.

(3) The complaint process described in this rule does not apply to a complaint in the following situations:

(a) The complaint is filed anonymously. Anonymous complaints are reviewed by the Governor's Advocacy Office;

(b) The merits of the complaint have been, or are going to be, decided by a judge or a juvenile court ruling;

(c) The subject matter of the complaint is not related to a developmental disability service or a provider; or

(d) The subject matter of the complaint is subject to review under the following:

(A) ORS 419B.005 to 419B.050 for child abuse reports;

(B) OAR chapter 309, division 118 for state institutions operated by the Oregon Health Authority;

(C) OAR 407-005-0025 and 407-005-0030 for discrimination against people with disabilities;

(D) OAR 407-005-0100 to 407-005-0120 for conduct of Department personnel;

(E) OAR chapter 411, division 020 for adult protective services;

(F) OAR 410-141-0260 to 410-141-0266 for Oregon Health Plan, Prepaid Health Plans;

(G) OAR 413-010-0420 for Department child welfare decisions;

(H) OAR 413-010-0700 to 413-010-0750 for child protective services dispositions;

(I) OAR 413-120-0060 for adoption placement selections; and

(J) OAR chapter 582, division 020 for vocational rehabilitation service determinations.

(4) If a complaint alleges circumstances that meet the criteria for an investigation of abuse, the allegation must be immediately reported to the appropriate protective service entity, such as the Department, CDDP, Support Services Brokerage, CIIS, Office of Adult Abuse Prevention and Investigations, child welfare, or law enforcement.

(5) If an individual or the representative of the individual makes a complaint identified in section (3) of this rule, the local program or Department must assist the individual or the representative of the individual with filing the complaint with the appropriate entity, if requested by the individual or the representative of the individual.

(6) The local programs must have and implement written policies and procedures regarding individual complaints and the complaint process. A copy of the policies and procedures for resolving complaints must be maintained on file at the office of the local program and must be available to staff, individuals, representatives of the individuals, providers, and the Department. The policies and procedures must include, but are not limited to:

(a) Method and form used to submit a complaint (form SDS 0946 may be used);

(b) Process for reviewing and resolving a complaint;

(c) Time frames for responding to a complaint as set forth by this rule; and

(d) Documentation to be used in response to a complaint as set forth in this rule.

### (7) COMPLAINT LOG.

(a) The local programs must maintain a complaint log. At a minimum, the complaint log must include:

(A) The name of the individual for which the complaint is being filed;

(B) The name of the person making the complaint, if known;

(C) The name of the person taking the complaint;

(D) The nature of the complaint, including if there was a request for new or changed developmental disability services which may result in a hearing;

(E) The date the complaint was received;

(F) The date the complaint was acknowledged in writing;

(G) The written outcome of the complaint; and

(H) The date that the written outcome was mailed.

(b) Complaints regarding personnel issues and allegations of abuse must be maintained separately from the complaint log.

(c) The complaint log for the local program documents only complaints pertaining to the local program.

(A) In the event that an individual or the representative of the individual has a complaint against another agency or program, the local program must assist the individual or the representative of the individual with filing the complaint against the other agency or program.

(B) The local program does not document complaints against another agency or program in the complaint log for the local program, but does document the support provided by the local program in the progress notes for the individual.

(8) SCREENING OF COMPLAINTS. The local programs must screen all complaints for potential hearing related issues. In the event that a complaint appears to allege a denial, reduction, suspension, or termination of a developmental disability service, the local program must issue a Notification of Planned Action and advise the individual or the representative of the individual of the right to a hearing and assist the individual or the representative of the individual with filing a hearing request, if so desired. In the event that the individual or the representative of the individual decides to file a complaint rather than a hearing request, the decision of the individual or the representative of the individual must be documented in the file for the individual.

### (9) FILING A COMPLAINT.

(a) Complaints may be made orally, in writing, or on a complaint form (SDS 0946 may be used).

(b) A complaint regarding dissatisfaction with the services of a provider organization may be filed with the Department or directly with the provider organization, Support Services Brokerage, or CDDP.

(c) A complaint regarding dissatisfaction with the services of a Support Services Brokerage or CDDP may be filed with the Department or directly with the Support Services Brokerage or CDDP.

(d) A complaint regarding dissatisfaction with CIIS may be filed with the Department or directly with the CIIS program.

(e) A complaint regarding dissatisfaction with the Department must be filed with the Department.

### (10) PROCESS FOR ADDRESSING COMPLAINTS.

(a) The local program or Department must provide written acknowledgement of a complaint to the individual or the representative of the individual within five business days from the receipt of the complaint.

(b) The written acknowledgement must inform the individual or the representative of the individual of the opportunity for an informal discussion.

(A) Choosing to engage in an informal discussion does not preclude the individual or the representative of the individual from receiving a written outcome following review of the complaint by the local program or Department.

(B) The informal discussion includes a conversation between the individual or the representative of the individual and the Program Director of the local program or the Director of the Department.

(C) The informal discussion must occur within 10 business days of the written acknowledgement of the complaint.

(D) In the event that a resolution is reached during the informal discussion, the local program or Department must mail a written outcome to the individual and the representative of the individual within 10 business days of the informal discussion. A copy of the written outcome must be maintained in the file for the individual.

(c) The local program or Department must complete a review of the complaint and issue a written outcome to the individual and the representative of the individual within 45 days from the receipt of the complaint,

# ADMINISTRATIVE RULES

unless both parties mutually agree to extend the timeframe. The extension may not exceed an additional 45 days.

(A) The review of the complaint must include, but is not limited to, an investigation and records review of the complaint by the Program Director of the local program or the Director of the Department.

(B) The written outcome of the complaint may be issued on the complaint form or may be issued in a separate document. The written outcome must include:

(i) The rationale for the outcome;

(ii) The reports, documents, and other information relied upon in deciding the outcome of the complaint, or a summary of the reports, documents, and other information relied upon;

(iii) Information about the right of the individual or the representative of the individual to review the documents relied upon in determining the outcome (Notification of Rights SDS 0948); and

(iv) Information about the right of the individual or the representative of the individual to request a review of the written outcome (Notification of Rights SDS 0948).

(11) REQUEST FOR REVIEW.

(a) An individual or the representative of the individual may request a review of a written outcome issued by a local program within 30 days of the date identified on the written outcome.

(A) If a provider organization issued the written outcome, the individual or the representative of the individual may request a review of the written outcome by:

(i) The local CDDP, Support Services Brokerage, or CIIS program; or  
(ii) The Department.

(B) If a CDDP, Support Services Brokerage, or CIIS program issued the written outcome, the individual or the representative of the individual may request a review of the written outcome by the Department.

(C) If the Department issued the written outcome, the individual or the representative of the individual may request a review of the written outcome by OHA.

(D) The written outcome issued by the OHA is the final response.

(b) The local CDDP, Support Services Brokerage, CIIS program, Department, may uphold, alter, or overturn a written outcome issued by a provider organization.

(c) The Department may uphold, alter, or overturn a written outcome issued by a provider organization, local CDDP, Support Services Brokerage, or CIIS.

(d) OHA may uphold, alter, or overturn a written outcome issued by the Department.

(12) PROCESS FOR ADDRESSING AND RESOLVING A REQUEST FOR REVIEW.

(a) The receiving entity of a request for a review of a written outcome must acknowledge receipt of the request by issuing a written acknowledgment to the individual and the representative of the individual within five business days from the receipt of the request for a review.

(b) The written acknowledgement must inform the individual and the representative of the individual of the opportunity for an informal discussion.

(A) Choosing to engage in an informal discussion does not preclude the individual or the representative of the individual from pursuing a review of the written outcome by the receiving entity.

(B) The informal discussion includes a conversation between the individual or the representative of the individual and the Program Director of the local program or Director of the Department.

(C) The informal discussion must occur within 10 business days of the written acknowledgement of the request for a review.

(D) In the event that a resolution is reached during the informal discussion, the local program, the Department, or OHA must mail a written determination to the individual and the representative of the individual within 10 business days of the informal discussion. A copy of the written determination must be maintained in the file for the individual.

(c) The local program, the Department, or OHA must review the written outcome and issue a written determination to the individual and the representative of the individual within 45 days from the receipt of the request for a review unless both parties mutually agree to extend the timeframe. The extension may not exceed an additional 45 days.

(A) The review of the written outcome must include, but is not limited to, an investigation and records review by the Program Director of the local program or the Director of the Department or OHA.

(B) The written determination must include:

(i) The rationale for the determination;

(ii) The reports, documents, and other information relied upon in making the determination or a summary of the reports, documents, and other information relied upon; and

(iii) Information about the right of the individual or the representative of the individual to review the documents relied upon in making the determination.

### Notification of Planned Action

(1) An individual and the representative of the individual must receive a written Notification of Planned Action in the event that a developmental disability service is denied, reduced, suspended, or terminated.

(2) The Notification of Planned Action must be on the form prescribed by the Department (SDS 0947). The Notification of Planned Action must include:

(a) The specific date the Notification of Planned Action is mailed or hand delivered to the individual and the representative of the individual;

(b) The effective date of the denial, reduction, suspension, or termination;

(A) For a denial of service, the effective date is the same date that the Notification of Planned Action is mailed or hand delivered to the individual and the representative of the individual.

(B) For a reduction, suspension, or termination of service, the effective date is:

(i) For a Notification of Planned Action mailed or hand delivered on or before the 18th of the month, the end of the calendar month in which the Notification of Planned Action is mailed or hand delivered to the individual and the representative of the individual, if applicable; or

(ii) For a Notification of Planned Action mailed or hand delivered on or after the 19th of the month, the end of the calendar month following the month in which the Notification of Planned Action is mailed or hand delivered to the individual and the representative of the individual, if applicable; or

(iii) No fewer than 10 days after the date the Notification of Planned Action is mailed or hand delivered to the individual and the representative of the individual, if applicable.

(c) The specific service or unit of service to be denied, reduced, suspended, or terminated;

(d) The rationale for the denial, reduction, suspension, or termination, including a reference to the specific reports, documents, or other information relied on in making the determination;

(e) The specific sections of the rules or statutes upon which the determination is based;

(f) Notification that the documents relied upon may be reviewed by the individual or the representative of the individual; and

(g) Notification that if the individual or the representative of the individual disagrees with the determination to deny, reduce, suspend, or terminate a service, the individual has the right to request a hearing, or the representative of the individual has the right to request a hearing on the behalf of the individual, as provided in ORS chapter 183 and OAR 411-318-0025. The notification of the right to a hearing must include:

(A) The timeline for requesting a hearing;

(B) How to request a hearing;

(C) The right to receive assistance from the local program in completing and submitting a request for hearing;

(D) The right of the individual to receive continuing services at the same level until a Final Order has been issued or, at the request of the individual or the representative of the individual, or until the individual has exhausted the appeals processes identified in OAR 411-318-0025;

(E) Notification of the time frame within which the individual or the representative of the individual must request continuing services;

(F) Notification of how, when, and where the individual or the representative of the individual may request continuing services; and

(G) Notification that the individual may be required to repay the Department for any continuing services received during the hearing process if the Final Order upholds the determination to reduce, suspend, or terminate the services.

(3) The Notification of Planned Action must be made available using language, format, and presentation methods appropriate for effective communication according to the needs and abilities of the individual and the representative of the individual.

## 411-318-0025

### Contested Case Hearings for Reductions, Suspensions, Terminations, or Denials

(1) An individual or the representative of the individual may request a hearing, as provided in ORS chapter 183, if the individual experiences a denial, reduction, suspension, or termination of a developmental disability service or in instances when a timely Notification of Planned Action has not been provided.

#### (2) HEARING REQUESTS.

(a) The request for a hearing must be made within 90 days from the date on a Notification of Planned Action.

(b) The request for a hearing may be made orally, in writing, or by completing the DD Administrative Hearing Request (form SDS 0443DD).

#### (A) ORAL HEARING REQUESTS.

(i) The individual or the representative of the individual may orally express a desire for a hearing to the local program or Department staff.

(ii) Upon receipt of an oral request for a hearing, the local program or Department staff must complete the DD Administrative Hearing Request and submit the form to the Central Office of the Department within three business days of receiving the request for a hearing. A copy of the form must be mailed to the individual and the representative of the individual.

#### (B) WRITTEN HEARING REQUESTS.

(i) The individual or the representative of the individual may provide a written request for a hearing to the local program or Department staff.

(ii) Upon receipt of a written request for a hearing, the local program or Department staff must complete the DD Administrative Hearing Request and submit the form to the Central Office of the Department within three business days of receiving the request for a hearing. A copy of the form must be mailed to the individual and the representative of the individual.

(c) The Department processes late hearing requests as described in OAR 411-001-0520.

#### (3) CONTINUING SERVICES PENDING A FINAL ORDER.

(a) In the event of a reduction, suspension, or termination of a developmental disability service, a claimant or the representative of the claimant may request continuing services for the claimant during the hearing process. To receive continuing services, a claimant or the representative of the claimant must either:

(A) Request a hearing before the effective date of action; or

(B) Within 10 business days after the effective date of action identified on the Notification of Planned Action, request a hearing and continuing services.

(b) The Department grants a late request for continuing services when the Department determines a claimant or the representative of a claimant has good cause for the late request.

(c) The claimant may be required to pay back any benefits received during the hearing process if the Final Order is not in the favor of the claimant.

#### (4) INFORMAL CONFERENCE.

(a) The Department staff, Department representative, and the claimant or the representative of the claimant may have an informal conference, without the presence of an administrative law judge, to discuss the action that is the subject of the hearing request. An informal conference may also be used to:

(A) Provide an opportunity for the Department and the claimant or the representative of the claimant to settle the matter;

(B) Ensure the claimant or the representative of the claimant understands the reason for the action that is the subject of the hearing request;

(C) Give the claimant or representative of the claimant an opportunity to review the information that is the basis for the action that is the subject of the hearing request;

(D) Inform the claimant or the representative of the claimant of the rules that serve as the basis for the action that is the subject of the hearing request;

(E) Give the Department and the claimant or the representative of the claimant the chance to correct any misunderstanding of the facts;

(F) Give the claimant or the representative of the claimant an opportunity to provide additional information to the Department; and

(G) Give the Department an opportunity to review the action that is the subject of the hearing request.

(b) At any time prior to the hearing date, the claimant or the representative of the claimant may request an additional informal conference with a Department representative. At the discretion of the Department rep-

resentative, the Department representative may grant an additional informal conference to facilitate the hearing process.

(c) The Department may provide a claimant the reprieve sought at any time before a Final Order is issued.

#### (5) REPRESENTATION.

(a) A representative may be chosen by a claimant to represent the interests of the claimant during an informal conference and hearing.

(b) Employees for the Department, CDDP, and Support Services Brokerage are authorized to appear as a witness on behalf of the Department during an informal conference and hearing.

(6) HEARINGS NOT OPEN TO THE PUBLIC. Non-participants may attend a hearing only with the consent of the claimant or the representative of the claimant and the Department representative.

(7) WITHDRAWAL OF HEARING REQUEST. A claimant or the representative of a claimant may withdraw a hearing request at any time prior to the issuance of a Final Order. The withdrawal is effective on the date the request for the withdrawal is received by OAH. The Department shall issue an order of withdrawal to the last known address of the claimant. The claimant or the representative of the claimant may cancel the withdrawal up to 10 business days following the date the order of withdrawal is issued.

(8) DISMISSAL FOR FAILURE TO APPEAR. A hearing request is dismissed by order when neither the claimant nor the representative of the claimant appears by phone or in person at the hearing. The dismissal order is effective on the date scheduled for the hearing. The Department may cancel the dismissal order on request of the claimant or the representative of the claimant upon a showing that the claimant or the representative of the claimant has good cause for not attending the hearing or requesting a postponement.

(9) When the Department refers a hearing under these rules to OAH, the Department shall indicate on the referral:

(a) Whether the Department is authorizing OAH to issue a Final Order, a proposed order, or a proposed and Final Order; and

(b) If the Department is establishing an earlier deadline for written exceptions and argument because the hearing request is being referred for an expedited hearing.

(10) FINAL ORDER. A Final Order is the final action expressed in writing by OAH as described in OAR 137-003-0665. A Final Order is issued within 90 days of the request for a hearing or within 90 days from the receipt of a proposed order or a proposed and Final Order from OAH.

(11) PROPOSED ORDERS. The Department issues a Final Order after OAH issues a proposed order unless the Department authorizes OAH to issue the Final Order under OAR 137-003-0655.

(12) PROPOSED AND FINAL ORDERS. A proposed and Final Order becomes a Final Order 21 days after OAH issues a proposed and Final Order unless:

(a) The claimant or the representative of the claimant has filed written exception and written argument as described in section (13) of this rule;

(b) The Department has issued a revised order; or

(c) The Department has notified OAH and the claimant or the representative of the claimant that the Department shall issue the Final Order.

#### (13) EXCEPTIONS.

(a) The claimant or the representative of the claimant may file a written exception and written argument to be considered by the Department once OAH has issued either a proposed order or a proposed and Final Order. The written exception and written argument must be postmarked to the location indicated in the OAH order no later than 20 days after service of the proposed order or proposed and Final Order unless an earlier deadline has been established pursuant to section (9)(b) of this rule.

(b) Unless the Department receives a timely written exception and written argument as described above, the Department shall issue the Final Order unless the Department authorizes OAH to issue the Final Order in compliance with OAR 137-003-0655.

(14) PETITION OF FINAL ORDER. A claimant or the representative of the claimant may file a petition for reconsideration or rehearing up to 60 days after a Final Order is served. The petition must be filed with the entity that issued the Final Order unless stated otherwise on the Final Order.

# ADMINISTRATIVE RULES

## 411-318-0030

### Contested Case Hearings for Provider Notices of Involuntary Transfers or Exits

(1) This rule applies to involuntary reductions, transfers, or exits by a provider, including a licensed or certified provider organization, who has a contract with the Department, CDDP, or Support Services Brokerage. This rule does not apply to providers who have a direct employer-employee relationship with an individual or the employer representative of the individual.

(2) The individual must be given the opportunity to dispute an involuntary reduction, transfer, or exit by requesting a hearing as provided in ORS chapter 183.

(3) An individual or the representative of the individual may request a hearing either orally or in writing when the individual and the representative of the individual receives a Notice of Involuntary Reduction, Transfer, or Exit (SDS 0719DD).

(a) To request a hearing in writing:

(A) The individual or the representative of the individual must complete the Administrative Hearing Request form included with the Notice of Involuntary Reduction, Transfer, or Exit and submit the form to the Central Office of the Department for processing as described on the form; or

(B) The individual or the representative of the individual may meet with a staff person of the local program or Department to complete the Administrative Hearing Request form included with the Notice of Involuntary Reduction, Transfer, or Exit. After meeting with the individual or the representative of the individual, the CDDP, Support Services Brokerage, or Department must submit the Administrative Hearing Request form to the Central Office of the Department within three business days. A copy of the form must be mailed to the individual and the representative of the individual.

(b) To request a hearing orally, the individual or the representative of the individual must orally express the desire for a hearing to a staff person of the CDDP, Support Services Brokerage, or Department. Upon receipt of an oral request for a hearing, the CDDP, Support Services Brokerage, or Department must complete the Administrative Hearing Request form included with the Notice of Involuntary Reduction, Transfer, or Exit and submit the Administrative Hearing Request form to the Central Office of the Department within three business days. A copy of the form must be mailed to the individual and the representative of the individual.

(4) Upon receipt of the Administrative Hearing Request form for a Notice of Involuntary Reduction, Transfer, or Exit, the Central Office of the Department must:

(a) Refer the hearing request to OAH within five business days from the receipt of the hearing request;

(b) Assist the claimant or the representative of the claimant in gathering and submitting exhibits; and

(c) Act as liaison between OAH and the CDDP or Support Services Brokerage responsible for the services of the claimant.

(5) OAH communicates directly with the claimant and the representative of the claimant regarding informal conference dates, hearing dates, and the Final Order as defined in OAR 137-003-0070.

(6) If an individual or the representative of an individual requests a hearing prior to the effective date of the action reported on the Notice of Involuntary Reduction, Transfer, or Exit, the individual must receive the same services until receipt of the Final Order.

(7) When an individual has been given less than 30 days advanced written Notice of Involuntary Reduction, Transfer, or Exit due to a medical emergency or because the individual is engaging in behavior that poses an imminent danger to self or others, and the individual or the representative of the individual has requested a hearing as described in this rule, the provider must continue provision of service to the individual until receipt of the Final Order.

**Subject:** The Department of Human Services, Office of Developmental Disability Services (Department) is permanently updating the rules in OAR chapter 411, division 320 for Community Developmental Disability Programs (CDDPs).

The updated rules:

Make permanent temporary rule language that became effective on July 1, 2014;

Incorporate the general definitions in OAR 411-317-0000, align the definitions with ORS 427.005, clarify adaptive behavior and adaptive behavior assessments, update the definitions to reflect correct terminology, and include definitions for terms created by the temporary rulemaking;

Implement Senate Bill 22 by updating the rights of individuals and providing a uniform dispute resolution process by incorporating the complaint, Notification of Planned Action, and hearing rules adopted in OAR chapter 411, division 318;

Modify and clarify eligibility for developmental disability services to provide clear direction to eligibility specialists and mirror federal regulations and statutory intent. Specifically, the rule changes:

Clarify adaptive behavior, the adaptive behavior assessments that may be used to determine developmental disability eligibility and level of care, and who may perform an adaptive behavior assessment;

Clarify intellectual disability and the documentation required if an individual is not able to participate in an intellectual functioning assessment due to profound intellectual disability;

Specify that a General Abilities Index score may be used in place of a Full Scale IQ in the event a qualified professional determines the General Abilities Index score is more valid than the Full Scale IQ;

Include “motor impairment” in the list of conditions, diagnoses, or syndromes for which adaptive impairment may not be primarily attributed to;

Clarify developmental disability, including specifying that “other developmental disability” may not be a motor impairment;

Clarify determinations for children less than 7 years of age, including using a physician’s statement only if a formal assessment is not available and using the school aged requirements to determine eligibility for children who are at least 5 years of age and who have had school aged testing completed; and

Adjust timelines for the application process and clarify the criteria for a completed application;

Correct language associated with financial eligibility for services and bring the rule into closer compliance with the Community First Choice 1915(k) state plan by:

Recognizing that assistance with OSIPM and OHP Plus are appropriately identified as case management services; and

Eliminating certain timeframes for activities that are not able to be accomplished as currently written. The changes will allow for greater flexibility in meeting the overall expectations for timely access to services;

Require exit of an individual unavailable to participate in service planning due to incarceration;

Require that appropriate placement setting options are offered prior to entry and transfer as described in ORS 427.121;

Assure compliance with the Community First Choice 1915(k) state plan by:

Assuring a Level of Care determination is completed;

Assuring a functional needs assessment is completed; and

Assuring federal requirements associated with person-centered planning occurs consistent with CFR 441.540;

Require that individuals participate in the assessment process;

# ADMINISTRATIVE RULES

Incorporate the requirement for individuals of working age to have a Career Development Plan attached to their Individual Support Plan (ISP);

Require that an ISP be provided in a format and language understandable to an individual;

Comply with case management monitoring requirements found in the Community First Choice 1915(k) state plan by requiring a case management contact at least once every three months;

Require a plan of improvement within 45 days of a compliance review conducted every two years;

Reflect new Department terminology and current practice; and

Correct formatting and punctuation.

## 411-320-0020

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in OAR 411-317-0000 apply to the rules in OAR chapter 411, division 320:

(1) “24-Hour Residential Setting” means a comprehensive residential home licensed by the Department under ORS 443.410 to provide residential care and training to individuals with intellectual or developmental disabilities.

(2) “ABAS” means Adaptive Behavior Assessment System.

(3) “ABES” means Adaptive Behavior Evaluation Scale.

(4) “Abuse” means:

(a) For a child:

(A) “Abuse” as defined in ORS 419B.005; and

(B) “Abuse” as defined in OAR 407-045-0260 when a child resides in a 24-hour residential setting licensed by the Department as described in OAR chapter 411, division 325.

(b) For an adult, “abuse” as defined in OAR 407-045-0260.

(5) “Abuse Investigation” means the reporting and investigation activities as required by OAR 407-045-0300 and any subsequent services or supports necessary to prevent further abuse as required by 407-045-0310.

(6) “Adaptive Behavior” means the degree to which an individual meets the standards of personal independence and social responsibility expected for age and culture group. Other terms used to describe adaptive behavior include, but are not limited to, adaptive impairment, ability to function, daily living skills, and adaptive functioning. Adaptive behaviors are everyday living skills including, but not limited to, walking (mobility), talking (communication), getting dressed or toileting (self-care), going to school or work (community use), and making choices (self-direction).

(a) Adaptive behavior is measured by normed, standardized tests administered by a licensed clinical or school psychologist, or a doctor of medicine or doctor of osteopathic medicine with specific training and experience in test interpretation of adaptive behavior scales for individuals with intellectual or developmental disabilities. Adaptive behavior assessments include:

(A) Adaptive Behavior Assessment System (ABAS);

(B) Adaptive Behavior Evaluation Scale (ABES);

(C) Vineland Adaptive Behavior Scale (VABS);

(D) Scales of Independent Behavior-Revised (SIB-R); or

(E) Other assessments that are designed to measure adaptive behavior standardized and normed to a population consistent with the population of the applicant or approved by the Department of Human Services, Office of Developmental Disability Services (ODDS).

(b) DOMAIN SCORES. Adaptive behavior domain scores are identified on the following assessments of adaptive behavior:

(A) The ABAS and ABES are:

(i) Conceptual;

(ii) Practical; and

(iii) Social.

(B) The VABS are:

(i) Socialization;

(ii) Daily living skills;

(iii) Communication; and

(iv) Motor.

(C) The SIB-R are:

(i) Personal living skills;

(ii) Social interaction and communication skills;

(iii) Community living skills; and

(iv) Motor skills.

(c) COMPOSITE SCORE. The adaptive behavior composite score is the overall score which results from summing two or more domain scores on a given adaptive behavior assessment.

(d) SKILLED AREAS. Skilled areas are a particular assessed score. The skilled areas on the ABAS or ABES are the only skilled areas used for the purposes of OAR 411-320-0080 and include scaled scores in:

(A) Communication;

(B) Functional academics;

(C) Self-direction;

(D) Leisure;

(E) Social;

(F) Community use;

(G) Home and school living;

(H) Self-care;

(I) Health and safety; and

(J) Work.

(e) “Significant impairment” in adaptive behavior means:

(A) A composite score of at least two standard deviations below the norm;

(B) Two or more domain scores as identified in subsection (b) of this section are at least two standard deviations below the norm; or

(C) Two or more skilled areas as identified in subsection (d) of this section are at least two standard deviations below the norm.

(7) “Administrator Review” means the Director of the Department reviews a decision upon request, including the documentation related to the decision, and issues a determination.

(8) “Alternative Resources” mean possible resources, not including developmental disability services, for the provision of supports to meet the needs of an individual. Alternative resources include, but are not limited to, private or public insurance, vocational rehabilitation services, supports available through the Oregon Department of Education, or other community supports.

(9) “Annual Plan” means the written summary a services coordinator completes for an individual who is not enrolled in waiver or Community First Choice state plan services. An Annual Plan is not an ISP and is not a plan of care for Medicaid purposes.

(10) “Annual Review” means the annual review of the level of care determination.

(11) “Background Check” means a criminal records check and abuse check as defined in OAR 407-007-0210.

(12) “Behavior Support Plan” means the written strategy based on person-centered planning and a functional assessment that outlines specific instructions for a provider to follow in order to reduce the frequency and intensity of the challenging behaviors of an individual and to modify the behavior of the provider, adjust environment, and teach new skills.

(13) “Behavior Support Services” mean the services consistent with positive behavioral theory and practice that are provided to assist with behavioral challenges due to the intellectual or developmental disability of an individual that prevents the individual from accomplishing ADL, IADL, health-related tasks, and provides cognitive supports to mitigate behavior. Behavior support services are provided in the home or community.

(14) “Brokerage” means “Brokerage” as defined in OAR 411-340-0020.

(15) “Career Development Plan” means the part of an ISP that identifies:

(a) The employment goals and objectives for an individual;

(b) The services and supports needed to achieve those goals;

(c) The people, agencies, and providers assigned to assist the individual to attain those goals;

(d) The obstacles to the individual working in an individualized job in an integrated employment setting; and

(e) The services and supports necessary to overcome those obstacles.

(16) “Case Management” means the functions performed by a services coordinator or personal agent. Case management includes, but is not limited to, determining service eligibility, developing a plan of authorized services, and monitoring the effectiveness of services and supports.

(17) “Case Management Contact” means a reciprocal interaction between a services coordinator and an individual or the legal or designated representative of the individual (as applicable).

(18) “CDDP” means “community developmental disability program”. A CDDP is the entity that is responsible for plan authorization, delivery, and monitoring of services for individuals who are not enrolled in a Brokerage. A CDDP operates in a specific geographic service area of the state under a contract with the Department, LMHA, or other entity as contracted by the Department.

## ADMINISTRATIVE RULES

(19) "Chemical Restraint" means the use of a psychotropic drug or other drugs for punishment or to modify behavior in place of a meaningful behavior or treatment plan.

(20) "Child" means an individual who is less than 18 years of age that has a provisional determination of an intellectual or developmental disability.

(21) "Choice" means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.

(22) "Choice Advising" means the impartial sharing of information to individuals with intellectual or developmental disabilities provided by a person that meets the qualifications in OAR 411-320-0030(4)(c) about:

- (a) Case management;
- (b) Service options;
- (c) Service setting options; and
- (d) Provider types.

(23) "CIIS" means "children's intensive in-home services". CIIS include the services described in:

(a) OAR chapter 411, division 300 for the Children's Intensive In-Home Services, Behavior Program;

(b) OAR chapter 411, division 350 for Medically Fragile Children's Services; and

(c) OAR chapter 411, division 355 for the Medically Involved Children's Program.

(24) "CMS" means Centers for Medicare and Medicaid Services.

(25) "Completed Application" means an application required by the Department that:

(a) Is filled out completely, signed, and dated. An applicant who is unable to sign may sign with a mark, witnessed by another person; and

(b) Contains documentation required to make an eligibility determination as outlined in OAR 411-320-0080(1)(a)(B).

(26) "Composite Score" means the score identified by an assessment of adaptive behavior as described in the definition for "adaptive behavior".

(27) "Comprehensive Services" means developmental disability services and supports that include 24-hour residential services and attendant care provided in a licensed home, foster home, or through a supported living program. Comprehensive services are regulated by the Department alone or in combination with an associated Department-regulated program for employment. Comprehensive services are in-home services provided to an individual with an intellectual or developmental disability when the individual receives case management services from a CDDP. Comprehensive services do not include support services for adults with intellectual or developmental disabilities enrolled in Brokerages.

(28) "County of Origin" means:

- (a) For an adult, the county of residence for the adult; and
- (b) For a child, the county where the jurisdiction of guardianship exists.

(29) "Crisis" means:

(a) A situation as determined by a qualified services coordinator that may result in civil court commitment under ORS 427.215 to 427.306 and for which no appropriate alternative resources are available; or

(b) Risk factors described in OAR 411-320-0160(2) are present for which no appropriate alternative resources are available.

(30) "Crisis Diversion Services" mean short-term services provided for up to 90 days or on a one-time basis, directly related to resolving a crisis, and provided to, or on behalf of, an individual eligible to receive crisis supports.

(31) "Crisis Plan" means the document generated by the CDDP or Regional Crisis Diversion Program that justifies and authorizes crisis supports and expenditures for an individual receiving crisis diversion services provided under these rules.

(32) "Current Documentation" means documentation relating to the intellectual or developmental disability of an individual in regards to the functioning of the individual within the last three years. Current documentation may include, but is not limited to, an ISP, Annual Plan, Behavior Support Plan, required assessments, educational records, medical assessments related to the intellectual or developmental disability of an individual, psychological evaluations, and assessments of adaptive behavior.

(33) "Department" means the Department of Human Services.

(34) "Designated Representative" means any adult, such as a parent, family member, guardian, advocate, or other person, who is chosen by an

individual or the legal representative of the individual, not a paid provider for the individual, and authorized by the individual or the legal representative of the individual to serve as the representative of the individual or the legal representative of the individual in connection with the provision of funded supports. An individual or a legal representative of the individual is not required to appoint a designated representative.

(35) "Developmental Disability (DD)" means a neurological condition that:

(a) Originates before an individual is 22 years of age or 18 years of age for an intellectual disability;

(b) Originates in and directly affects the brain and has continued, or is expected to continue, indefinitely;

(c) Constitutes significant impairment in adaptive behavior as diagnosed and measured by a qualified professional as described in OAR 411-320-0080;

(d) Is not primarily attributed to other conditions including, but not limited to, a mental or emotional disorder, sensory impairment, motor impairment, substance abuse, personality disorder, learning disability, or Attention Deficit Hyperactivity Disorder (ADHD); and

(e) Requires training and support similar to an individual with an intellectual disability as described in OAR 411-320-0080.

(36) "Director" means the Director of the Department of Human Services, Office of Developmental Disability Services or the designee of the Director.

(37) "Domain Score" means the score identified by an assessment of adaptive behavior as described in the definition for "adaptive behavior".

(38) "Eligibility Determination" means a decision by the CDDP or by the Department regarding the eligibility of a person for developmental disability services pursuant to OAR 411-320-0080 and is either a decision that a person is eligible or ineligible for developmental disability services.

(39) "Eligibility Specialist" means an employee of the CDDP, or other agency, that contracts with the county or Department to determine eligibility for developmental disability services.

(40) "Entry" means admission to a Department-funded developmental disability service.

(41) "Exit" means termination or discontinuance of a Department-funded developmental disability service by a Department licensed or certified provider.

(42) "Functional Needs Assessment" means the comprehensive assessment or reassessment appropriate to the specific program in which an individual is enrolled that:

(a) Documents physical, mental, and social functioning;

(b) Identifies risk factors and support needs; and

(c) Determines the service level.

(43) "Guardian" means the parent for an individual less than 18 years of age or the person or agency appointed and authorized by a court to make decisions about services for an individual.

(44) "Health Care Representative" means:

(a) A health care representative as defined in ORS 127.505; or

(b) A person who has authority to make health care decisions for an individual under the provisions of OAR chapter 411, division 365.

(45) "Hearing" means a contested case hearing subject to OAR 137-003-0501 to 137-003-0700, which results in a Final Order.

(46) "History" means, for the purposes of an eligibility determination as defined in this rule, necessary evidence of an intellectual disability prior to 18 years of age or an other developmental disability prior to 22 years of age, including previous assessments and medical evaluations prior to the date of eligibility determination for developmental disability services.

(47) "Home" means the primary residence of an individual that is not under contract with the Department to provide services to the individual as a certified foster home or licensed or certified residential care facility, assisted living facility, nursing facility, or other residential support program site. For a child, a home may include a foster home funded by Child Welfare.

(48) "IEP" means "Individualized Education Program". An IEP is the written plan of instructional goals and objectives developed in conference with an individual, the parent or legal representative of an individual (as applicable), teacher, and a representative of the public school district.

(49) "Imminent Risk" means:

(a) An adult who is in crisis and shall be civilly court-committed to the Department under ORS 427.215 to 427.306 within 60 days without the use of crisis diversion services; or

(b) A child who is in crisis and shall require out-of-home placement within 60 days without the use of crisis diversion services.

## ADMINISTRATIVE RULES

(50) "Incident Report" means the written report of any injury, accident, act of physical aggression, use of protective physical intervention, or unusual incident involving an individual.

(51) "Independence" means the extent to which an individual exerts control and choice over his or her own life.

(52) "Individual" means a child or an adult with an intellectual or developmental disability applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and to exercise the rights of the individual.

(53) "Informal Adaptive Behavior Assessment" means:

(a) Observations of impairment in adaptive behavior recorded in the progress notes for an individual by a services coordinator or a trained eligibility specialist with at least two years of experience working with individuals with intellectual or developmental disabilities; or

(b) A standardized measurement of adaptive behavior, such as a Vineland Adaptive Behavior Scale (VABS) or Adaptive Behavior Assessment System (ABAS), that is administered and scored by a social worker or other professional with a graduate degree and specific training and experience in individual assessment, administration, and test interpretation of adaptive behavior scales for individuals with intellectual or developmental disabilities.

(54) "Intake" means the activity of completing the DD Intake Form (SDS 0552) and necessary releases of information prior to the submission of a completed application to the CDDP.

(55) "Integration" as defined in ORS 427.005 means:

(a) Use by individuals with intellectual or developmental disabilities of the same community resources that are used by and available to other people;

(b) Participation by individuals with intellectual or developmental disabilities in the same community activities in which people without disabilities participate, together with regular contact with people without disabilities; and

(c) Residence by individuals with intellectual or developmental disabilities in homes or in home-like settings that are in proximity to community resources, together with regular contact with people without disabilities in the community.

(56) "Intellectual Disability (ID)" means significantly subaverage general intellectual functioning defined as full scale intelligence quotients (IQs) 70 and under as measured by a qualified professional and existing concurrently with significant impairment in adaptive behavior directly related to an intellectual disability as described in OAR 411-320-0080 that is manifested during the developmental period prior to 18 years of age. Individuals with a valid full scale IQ of 71-75 may be considered to have an intellectual disability if there is also significant impairment in adaptive behavior as diagnosed and measured by a licensed clinical or school psychologist as described in OAR 411-320-0080.

(57) "Intellectual Functioning" means functioning as assessed by one or more of the individually administered general intelligence tests developed for the purpose of measuring intelligence. For purposes of making eligibility determinations, intelligence tests do not include brief intelligence measurements.

(58) "Involuntary Reduction" means a provider has made the decision to reduce services provided to an individual without prior approval from the individual.

(59) "Involuntary Transfer" means a provider has made the decision to transfer an individual without prior approval from the individual.

(60) "IQ" means intelligence quotient.

(61) "ISP" means "Individual Support Plan". An ISP includes the written details of the supports, activities, and resources required for an individual to achieve and maintain personal goals and health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering that is driven by the individual. The ISP reflects services and supports that are important for the individual to meet the needs of the individual identified through a functional needs assessment as well as the preferences of the individual for providers, delivery, and frequency of services and supports. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, the Community First Choice state plan, natural supports, or alternative resources. The ISP includes the Career Development Plan.

(62) "ISP Team" means a team composed of an individual receiving services, the legal or designated representative of the individual (as appli-

able), services coordinator, and others chosen by the individual, such as providers and family members.

(63) "Legal Representative":

(a) For a child means the parent of a child unless a court appoints another person or agency to act as the guardian of the child.

(b) For an adult means an attorney at law who has been retained by or for an adult individual, a power of attorney for the adult individual, or a person or agency authorized by a court to make decisions about services for an adult individual.

(64) "Level of Care" means an individual meets the following institutional level of care for an intermediate care facility for individuals with intellectual or developmental disabilities:

(a) The individual has an intellectual disability or a developmental disability as defined in this rule and meets the eligibility criteria in OAR 411-320-0080 for developmental disability services; and

(b) The individual has a significant impairment in one or more areas of adaptive behavior as determined in OAR 411-320-0080.

(65) "Licensed Medical Practitioner" means any of the following licensed professionals:

(a) Medical Doctor (MD);

(73) "Nursing Service Plan" means the plan that is developed by a registered nurse based on an initial nursing assessment, reassessment, or an update made to a nursing assessment as the result of a monitoring visit.

(a) The Nursing Service Plan is specific to an individual and identifies the diagnoses and health needs of the individual and any service coordination, teaching, or delegation activities.

## ADMINISTRATIVE RULES

(b) The Nursing Service Plan is separate from the ISP as well as any service plans developed by other health professionals.

(74) "OAAPI" means the Department of Human Services, Office of Adult Abuse Prevention and Investigation.

(75) "OHP" means Oregon Health Plan.

(76) "OHP Plus" means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.

(77) "OIS" means "Oregon Intervention System". OIS is the system of providing training of elements of positive behavior support and non-aversive behavior intervention. OIS uses principles of pro-active support and describes approved protective physical intervention techniques that are used to maintain health and safety.

(78) "Older Adult" means an adult at least 65 years of age.

(79) "OSIPM" means "Oregon Supplemental Income Program-Medical" as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for individuals who meet the eligibility criteria described in OAR chapter 461.

(80) "Person-Centered Planning":

(a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540:

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.

(81) "Personal Agent" means "personal agent" as defined in OAR 411-340-0020.

(82) "Positive Behavioral Theory and Practice" means a proactive approach to behavior and behavior interventions that:

(a) Emphasizes the development of functional alternative behavior and positive behavior intervention;

(b) Uses the least intrusive intervention possible;

(c) Ensures that abusive or demeaning interventions are never used; and

(d) Evaluates the effectiveness of behavior interventions based on objective data.

(83) "Productivity" as defined in ORS 427.005 means regular engagement in income-producing work, preferable competitive employment with supports and accommodations to the extent necessary, by an individual that is measured through improvements in income level, employment status, or job advancement or engagement by an individual in work contributing to a household or community.

(84) "Program" means "provider" as defined in this rule.

(85) "Progress Note" means a written record of an action taken by a services coordinator in the provision of case management, administrative tasks, or direct services to support an individual. A progress note may also be a recording of information related to the services, support needs, or circumstances of the individual which is necessary for the effective delivery of services.

(86) "Protective Services" mean the necessary actions offered to an individual as soon as possible to prevent subsequent abuse or exploitation of the individual, to prevent self-destructive acts, or to safeguard the person, property, and funds of the individual.

(87) "Protective Physical Intervention" means any manual physical holding of, or contact with, an individual that restricts freedom of movement.

(88) "Provider" means a person, agency, organization, or business selected by an individual that provides recognized Department-funded services and is approved by the Department or other appropriate agency to provide Department-funded services.

(89) "Psychotropic Medication" means a medication the prescribed intent of which is to affect or alter thought processes, mood, or behavior including, but not limited to, anti-psychotic, antidepressant, anxiolytic (anti-anxiety), and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed.

(90) "Qualified Professional" means, for the purposes of OAR 411-320-0080, any of the following licensed professionals trained to make a diagnosis of a specific intellectual or developmental disability:

(a) Licensed clinical psychologist (Ph.D., Psy.D.);

(b) Medical doctor (MD);

(c) Doctor of Osteopathic Medicine (DO); or

(d) Nurse Practitioner (NP).

(91) "Quality Management Strategy" means the Department Quality Assurance Plan for meeting the CMS waiver quality assurances as required and defined by 42 CFR 441.301 and 441.302 and State Plan K option quality assurances as required and defined by 42 CFR 441.585.

(92) "Region" means a group of Oregon counties defined by the Department that have a designated management entity to coordinate regional crisis and backup services and be the recipient and administration of funds for those services.

(93) "Regional Crisis Diversion Program" means the regional coordination of the management of crisis diversion services for a group of designated counties that is responsible for the management of the following developmental disability services:

(a) Crisis intervention services;

(b) Evaluation of requests for new or enhanced services for certain groups of individuals eligible for developmental disability services; and

(c) Other developmental disability services that the counties comprising the region agree are delivered more effectively or automatically on a regional basis.

(94) "Relief Care" means the intermittent services that are provided on a periodic basis for the relief of, or due to the temporary absence of, a person normally providing supports to an individual.

(95) "Resident" means an individual that meets the residency requirements in OAR 461-120-0010.

(96) "School Aged" means the age at which an individual is old enough to attend kindergarten through high school.

(97) "Self-Determination" means a philosophy and process by which individuals with intellectual or developmental disabilities are empowered to gain control over the selection of services and supports that meet their needs. The basic principles of self-determination are:

(a) Freedom. The ability for an individual, together with freely-chosen family and friends, to plan a life with necessary services rather than purchasing a predefined program;

(b) Authority. The ability for an individual, with the help of a social support network if needed, to control resources in order to purchase services;

(c) Autonomy. The arranging of resources and personnel, both formal and informal, that assists an individual to live a life in the community rich in community affiliations; and

(d) Responsibility. The acceptance of a valued role of an individual in the community through competitive employment, organizational affiliations, personal development, and general caring for others in the community, as well as accountability for spending public dollars in ways that are life-enhancing for the individual.

(98) "Self-Direction" means that an individual has decision-making authority over services and takes direct responsibility for managing services with the assistance of a system of available supports that promotes personal choice and control over the delivery of waiver and state plan services.

(99) "Sensory Impairment" means loss or impairment of sight or hearing from any cause, including involvement of the brain.

(100) "Service Element" means a funding stream to fund programs or services including, but not limited to, foster care, 24-hour residential, case management, supported living, support services, crisis diversion services, in-home comprehensive supports, or family support.

(101) "Service Record" means the combined information related to an individual in accordance with OAR 411-320-0070.

(102) "Services Coordinator" means an employee of a CDDP or other agency that contracts with the county or Department who provides case management services including, but not limited to, planning, procuring, coordinating, and monitoring services. A services coordinator acts as the proponent for individuals with intellectual or developmental disabilities and is the person-centered plan coordinator of an individual as defined in the Community First Choice state plan.

(103) "SIB-R" means Scales of Independent Behavior-Revised.

(104) "Significantly Subaverage" means a score on a test of intellectual functioning that is two or more standard deviations below the mean for the test.

# ADMINISTRATIVE RULES

(105) "Skilled Areas" means a particular assessed score as described in the definition for "adaptive behavior".

(106) "SSI" means Supplemental Security Income.

(107) "Support Services" means "support services" as defined in OAR 411-340-0020.

(108) "These Rules" mean the rules in OAR chapter 411, division 320.

(109) "Transfer" means movement of an individual from one service site to another service site administered or operated by the same provider.

(110) "Transition Plan" means the ISP describing necessary services and supports for an individual upon entry to a new service setting. The Transition Plan is approved by a services coordinator and includes a summary of the services necessary to facilitate adjustment to the services offered, the supports necessary to ensure health and safety, and the assessments and consultations necessary for further ISP development.

(111) "U.S. Citizen" means an individual that meets the criteria in OAR 461-120-0110. A U.S. Citizen includes:

(a) An individual born in the United States, Puerto Rico, Guam, Northern Mariana Islands, Virgin Islands, American Samoa, or Swains Island;

(b) A foreign-born child less than 18 years of age residing in the United States with his or her birth or adoptive parents, at least one of whom is a U.S. citizen by birth or naturalization;

(c) An individual granted citizenship status by Immigration and Naturalization Services (INS);

(d) A qualified non-citizen as described in OAR 461-120-0125;

(e) A citizen of Puerto Rico, Guam, Virgin Islands, or Saipan, Tinian, Rota, or Pagan of the Northern Mariana Islands;

(f) A national from American Samoa or Swains Island; or

(g) An alien who is a victim of a severe form of trafficking in persons under section 107(b)(a)(A) of the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(112) "Unusual Incident" means any incident involving an individual that includes serious illness or an accident, death, injury or illness requiring inpatient or emergency hospitalization, a suicide attempt, a fire requiring the services of a fire department, an act of physical aggression, or any incident requiring an abuse investigation.

(113) "VABS" means Vineland Adaptive Behavior Scale.

(114) "Variance" means the temporary exception from a regulation or provision of these rules that may be granted by the Department as described in OAR 411-320-0200.

## 411-320-0040

### Program Responsibilities

The CDDP must ensure the provision of the following services and system supports.

#### (1) ACCESS TO SERVICES.

(a) In accordance with the Civil Rights Act of 1964 (codified as 42 USC 2000d et seq.), any person may not be denied community developmental disability services on the basis of race, color, creed, gender, national origin, or duration of residence. CDDP contractors must comply with Section 504 of the Rehabilitation Act of 1973 (codified as 29 USC 794 and as implemented by 45 CFR Section 84.4) that states in part, "No qualified person must, on the basis of handicap, be excluded from participation in, be denied benefits of, or otherwise be subjected to discrimination under any program or activity that receives or benefits from federal financial assistance".

(b) Any individual determined eligible for developmental disability services by the CDDP must also be eligible for other community developmental disability services unless entry to the service is subject to diagnostic or developmental disability category or age restrictions based on predetermined criteria or contract limitations.

(2) COORDINATION OF COMMUNITY SERVICES. Planning and implementation of services for individuals served by the CDDP must be coordinated between components of the CDDP, other local and state human service agencies, and any other providers as appropriate for the needs of the individual.

(3) CASE MANAGEMENT SERVICES. The CDDP must provide case management services to individuals who are eligible for and desire services.

(a) The CDDP may provide case management to individuals who are waiting for a determination of eligibility and reside in the county at the time they apply.

(b) Case management may be provided directly by the CDDP or under a contract between the CDDP and a provider of case management services.

(c) If an individual is receiving services in more than one county, the county of origin must be responsible for case management services unless otherwise negotiated and documented in writing with the mutually agreed upon conditions.

(d) Case management services require an impartial point of view to fulfill the necessary functions of planning, procuring, monitoring, and protective services. Except as allowed under subsection (e) of this section, the case management program must be provided under an organizational structure that separates case management from other direct services for individuals. This separation may take one of the following forms:

(A) The CDDP may provide case management and subcontract for delivery of other direct services through one or more different organizations; or

(B) The CDDP may subcontract for delivery of case management through an unrelated organization and directly provide the other services or further subcontract these other direct services through organizations that are not already under contract to provide case management services.

(e) The CDDP or other organization that provides case management services may also provide other direct services under one or more of the following circumstances:

(A) The CDDP coordinates the delivery of family support services for children less than 18 years of age living in the family home or comprehensive in-home supports for adults.

(B) The CDDP determines that an organization providing direct services is no longer able to continue providing services or the organization providing direct services is no longer willing or able to continue providing services and no other organization is able or willing to continue operations on 30 days' notice.

(C) In order to develop new or expanded direct services for geographic service areas or populations because other local organizations are unwilling or unable to provide appropriate services.

(f) If the CDDP intends to perform direct services other than family support services or comprehensive in-home support, a variance must be prior authorized by the Department.

(A) It is assumed that the CDDP provides family support services or comprehensive in-home supports described in subsection (e)(A) of this section. If the CDDP does not provide one or both of these services, the CDDP must submit a written variance request to the Department for prior approval that describes how the services are going to be provided.

(B) If the circumstances described in subsection (e)(B) of this rule exist, the CDDP must propose a plan to the Department for review, including action to assume responsibility for case management services and the mechanism for addressing potential conflict of interest.

(C) If the CDDP providing case management services delivers other services as allowed under subsection (e)(C) of this section, the CDDP must submit a written variance request to the Department for prior approval that includes the action to assume responsibility for case management services and the mechanism for addressing potential conflict of interest.

(g) If the CDDP providing case management services delivers other services as allowed under subsections (e)(B) and (e)(C) of this section, the CDDP must solicit other organizations to assume responsibility for delivery of these other services through a request for proposal (RFP) at least once every two years. When an RFP is issued, a copy of the RFP must be sent to the Department. The Department must be notified of the results of the solicitation, including the month and year of the next solicitation if there are no successful applicants.

(h) If the CDDP wishes to continue providing case management and other direct services without conducting a solicitation as described in subsection (g) of this section, the CDDP must submit a written variance request to the Department for prior approval that describes how conflict of roles are to be managed within the CDDP.

(i) If the CDDP also operates a Brokerage, the CDDP must submit a written variance request to the Department for prior approval that includes the mechanism for addressing potential conflict of interest.

# ADMINISTRATIVE RULES

(4) **FAMILY SUPPORT SERVICES.** The CDDP must ensure the availability of a program for family support services in accordance with OAR chapter 411, division 305.

(5) **ABUSE AND PROTECTIVE SERVICES.**

(a) The CDDP must assure that abuse investigations for adults with intellectual or developmental disabilities are appropriately reported and conducted by trained staff according to statute and administrative rules. When there is reason to believe a crime has been committed, the CDDP must report to law enforcement.

(b) The CDDP must report any suspected or observed abuse of a child directly to the Department or local law enforcement.

(6) **FOSTER HOMES.** The CDDP must recruit applicants to operate foster homes and maintain forms and procedures necessary to license or certify foster homes. The CDDP must maintain copies of the following records:

(a) Initial and renewal applications for a foster home;

(b) All inspection reports completed by the CDDP, including required annual renewal inspection and any other inspections;

(c) General information about the foster home;

(d) Documentation of references, classification information, credit check (if necessary), background check, and training for providers and substitute caregivers;

(e) Documentation of foster care exams for adult foster home providers;

(f) Correspondence;

(g) Any meeting notes;

(h) Financial records;

(i) Annual agreement or contract;

(j) Legal notices and final orders for rule violations, conditions, denials, or revocations (if any); and

(k) Copies of the annual license or certificate for the foster home.

(7) **CONTRACT MONITORING.** The CDDP must monitor all community developmental disability subcontractors to assure that:

(a) Services are provided as specified in the contract between the CDDP and the Department; and

(b) Services are in compliance with these rules and other applicable Department rules.

(8) **INFORMATION AND REFERRAL.** The CDDP must provide information and referral services to individuals, families of individuals, and interested others.

(9) **AGENCY COORDINATION.** The CDDP must assure coordination with other agencies to develop and manage resources within the county or region to meet the needs of individuals.

(10) **SERVICE DELIVERY COMPLAINTS.** The CDDP must implement procedures to address individual or family complaints regarding service delivery that have not been resolved using the complaint procedures (informal or formal) of the CDDP subcontractor. The complaint procedures must be consistent with the requirements in OAR 411-318-0015.

(11) **COMPREHENSIVE IN-HOME SUPPORTS.** The CDDP must ensure the availability of comprehensive in-home supports in accordance with OAR chapter 411, division 330.

(12) **EMERGENCY PLANNING.** The CDDP must ensure the availability of a written emergency procedure and disaster plan for meeting all civil or weather emergencies and disasters. The emergency procedure and disaster plan must be immediately available to the CDDP manager and employees. The emergency procedure and disaster plan must:

(a) Be integrated with the county emergency preparedness plan, where appropriate;

(b) Include provisions on coordination with all developmental disability service provider agencies in the county and any Department offices, as appropriate;

(c) Include provisions for identifying individuals most vulnerable; and

(d) Include any plans for health and safety checks, emergency assistance, and any other plans that are specific to the type of emergency.

## 411-320-0060

### Individual Rights

(1) The CDDP must have and implement written policies and procedures that protect the individual rights described in section (4) of this rule.

(2) Upon entry into case management and request and annually thereafter, the individual rights described in section (4) of this rule must be provided to an individual and the legal or designated representative of an individual.

(3) The individual rights described in this rule apply to all individuals eligible for or receiving developmental disability services. A parent or guardian may place reasonable limitations on the rights of a child.

(4) While receiving developmental disability services, an individual has the right to:

(a) Be free and protected from abuse or neglect and to report any incident of abuse or neglect without being subject to retaliation;

(b) Be free from seclusion, unauthorized training or treatment, protective physical intervention, chemical restraint, or mechanical restraint and assured that medication is administered only for the clinical needs of the individual as prescribed by a health care provider unless an imminent risk of physical harm to the individual or others exists and only for as long as the imminent risk continues;

(c) Individual choice for an adult to consent to or refuse treatment unless incapable and then an alternative decision maker must be allowed to consent to or refuse treatment for the adult. For a child, the parent or guardian of the child must be allowed to consent to or refuse treatment, except as described in ORS 109.610 or limited by court order;

(d) Informed, voluntary, written consent prior to receiving services, except in a medical emergency or as otherwise permitted by law;

(e) Informed, voluntary, written consent prior to participating in any experimental programs;

(f) A humane service environment that affords reasonable protection from harm, reasonable privacy in all matters that do not constitute a documented health and safety risk to the individual, and access and the ability to engage in private communications with any public or private rights protection program, services coordinator, personal agent, and others chosen by the individual through personal visits, mail, telephone, or electronic means;

(g) Contact and visits with legal and medical professionals, legal and designated representatives, family members, friends, advocates, and others chosen by the individual, except where prohibited by court order;

(h) Participate regularly in the community and use community resources, including recreation, developmental disability services, employment services, school, educational opportunities, and health care resources;

(i) For individuals less than 21 years of age, access to a free and appropriate public education, including a procedure for school attendance or refusal to attend;

(j) Reasonable and lawful compensation for performance of labor, except personal housekeeping duties;

(k) Manage his or her own money and financial affairs unless the right has been taken away by court order or other legal procedure;

(l) Keep and use personal property, personal control and freedom regarding personal property, and a reasonable amount of personal storage space;

(m) Adequate food, housing, clothing, medical and health care, supportive services, and training;

(n) Seek a meaningful life by choosing from available services, service settings, and providers consistent with the support needs of the individual identified through a functional needs assessment and enjoying the benefits of community involvement and community integration:

(A) Services must promote independence and dignity and reflect the age and preferences of the individual; and

(B) The services must be provided in a setting and under conditions that are most cost effective and least restrictive to the liberty of the individual, least intrusive to the individual, and that provide for self-directed decision-making and control of personal affairs appropriate to the preferences, age, and identified support needs of the individual;

(o) An individualized written plan for services created through a person-centered planning process, services based upon the plan, and periodic review and reassessment of service needs;

(p) Ongoing opportunity to participate in the planning of services in a manner appropriate to the capabilities of the individual, including the right to participate in the development and periodic revision of the plan for services, the right to be provided with a reasonable explanation of all service considerations through choice advising, and the right to invite others chosen by the individual to participate in the plan for services;

# ADMINISTRATIVE RULES

(q) Request a change in the plan for services and a reassessment of service needs;

(r) A timely decision upon request for a change in the plan for services;

(s) Advance written notice of any action that terminates, suspends, reduces, or denies a service or request for service and notification of other available sources for necessary continued services;

(t) A hearing to challenge an action that terminates, suspends, reduces, or denies a service or request for service;

(u) Exercise all rights set forth in ORS 426.385 and 427.031 if the individual is committed to the Department;

(v) Be informed at entry to a case management service and annually thereafter of the rights guaranteed by this rule, the contact information for the protection and advocacy system described in ORS 192.517(1), the procedures for reporting abuse, and the procedures for filing complaints, reviews, or requests for hearings if services have been or are proposed to be terminated, suspended, reduced, or denied;

(w) Have these rights and procedures prominently posted in a location readily accessible to individuals and made available to representatives of the individual;

(x) Be encouraged and assisted in exercising all legal, civil, and human rights accorded to other citizens of the same age, except when limited by a court order;

(y) Be informed of and have the opportunity to assert complaints as described in OAR 411-318-0015 with respect to infringement of the rights described in this rule, including the right to have such complaints considered in a fair, timely, and impartial complaint procedure without any form of retaliation or punishment; and

(z) Freedom to exercise all rights described in this rule without any form of reprisal or punishment.

(5) The rights described in this rule are in addition to, and do not limit, all other statutory and constitutional rights that are afforded all citizens including, but not limited to, the right to exercise religious freedom, vote, marry, have or not have children, own and dispose of property, and enter into contracts and execute documents unless specifically prohibited by law.

(6) An individual who is receiving developmental disability services has the right under ORS 430.212 and OAR 411-320-0090 to be informed that a family member has contacted the Department to determine the location of the individual and to be informed of the name and contact information of the family member, if known.

(7) The rights described in this rule may be asserted and exercised by an individual, the legal representative of an individual, and any representative designated by an individual.

(8) Nothing in this rule may be construed to alter any legal rights and responsibilities between a parent and child.

(9) A guardian is appointed for an adult only as is necessary to promote and protect the well-being of the adult. A guardianship for an adult must be designed to encourage the development of maximum self-reliance and independence of the adult, and may be ordered only to the extent necessitated by the actual mental and physical limitations of the adult. An adult for whom a guardian has been appointed is not presumed to be incompetent. An adult with a guardian retains all legal and civil rights provided by law, except those that have been expressly limited by court order or specifically granted to the guardian by the court. Rights retained by an adult include, but are not limited to, the right to contact and retain counsel and to have access to personal records. (ORS 125.300).

## 411-320-0070 Service Records

(1) CONFIDENTIALITY. The service record for an individual must be kept confidential in accordance with ORS 179.505, 192.515, 192.517, 192.553, and any Department rules or policies pertaining to individual service records.

(2) INFORMATION SHARING. Pertinent clinical, financial eligibility, and legal status information concerning an individual supported by the CDDP must be made available to other CDDPs responsible for the services of the individual, consistent with state statutes and federal laws and regulations concerning confidentiality and privacy.

(3) RECORD REQUIREMENTS. In order to meet Department and federal record documentation requirements, the CDDP, through the

employees of the CDDP, must maintain a service record for each individual who receives services from the CDDP.

(a) Information contained in the service record must include:

(A) Documentation of any initial referral to the CDDP for services;

(B) The application for developmental disability services. The application for developmental disability services must be completed prior to an eligibility determination and must be on the application form required by the Department or transferred onto CDDP letterhead;

(C) Sufficient documentation to conform to Department eligibility requirements, including notices of eligibility determination;

(D) Documentation of the initial intake interview or home assessment, as well as any subsequent social service summaries;

(E) Documentation of the functional needs assessment defining the support needs for ADL, IADL and other health-related tasks;

(F) Documentation of initial, annual, and requested choice advising;

(G) Documentation of the request for support services and the selection of an available Brokerage within the geographic service area of the CDDP;

(H) Referral information or documentation of referral materials sent to a provider or another CDDP;

(I) Progress notes written by a services coordinator as described in section (4) of this rule;

(J) Medical information, as appropriate;

(K) Entry and exit meeting documentation into any comprehensive service, including any transition plans, crisis diversion plans, or other plans developed as a result of the meeting;

(L) ISP or Annual Plans, including documentation that the plan is authorized by a services coordinator;

(M) Copies of any incident reports initiated by a CDDP representative for any unusual incident that occurred at the CDDP or in the presence of the CDDP representative;

(N) Documentation of a review of unusual incidents received from providers. Documentation of the review of unusual incidents must be made in progress notes and a copy of the incident report must be placed in the file of the individual. If applicable, information must be electronically entered into the SERT system and referenced in progress notes;

(O) Documentation of Medicaid eligibility, if applicable;

(P) The initial and annual level of care determination on a form prescribed by the Department;

(i) For individuals receiving CIIS or 24-hour residential services for children, the CDDP must maintain a current copy of the annual level of care determination or reflect documentation of attempts to obtain a current copy.

(ii) Once an individual is enrolled in a Brokerage, the CDDP must maintain a copy of the initial level of care determination form completed by the CDDP and any annual reviews completed by the CDDP; and

(Q) Legal records, such as guardianship papers, civil commitment records, court orders, and probation and parole information (as appropriate).

(b) An information sheet or reasonable alternative must be kept current and reviewed at least annually for each individual receiving case management services from the CDDP enrolled in comprehensive services, family support services, or living with family or independently. Information must include:

(A) The name of the individual, current address, date of entry into the CDDP, date of birth, gender, marital status (for individuals 18 or older), religious preference, preferred hospital, medical prime number and private insurance number (where applicable), and guardianship status; and

(B) The name, address, and telephone number of:

(i) For an adult, the legal or designated representative, family, and other significant person of the individual (as applicable), and for a child, the parent or guardian and education surrogate (if applicable);

(ii) The primary care provider and clinic preferred by the individual;

(iii) The dentist preferred by the individual;

(iv) The school, day program, or employer of the individual (if applicable);

(v) Other agency representatives providing services to the individual; and

(vi) Any court ordered or legal representative authorized contacts or limitations from contact for individuals living in a foster home, supported living program, or 24-hour residential setting.

(4) PROGRESS NOTES. Progress notes must include documentation of the delivery of case management services provided to an individual by a services coordinator. Progress notes must be recorded chronologically and documented consistent with CDDP policies and procedures. All late entries

# ADMINISTRATIVE RULES

must be appropriately documented. At a minimum, progress notes must include:

(a) The month, day, and year the services were rendered and the month, day, and year the entry was made if different from the date services were rendered;

(b) The name of the individual receiving service;

(c) The name of the CDDP, the person providing the services (i.e., the signature and title of the services coordinator), and the date the entry was recorded and signed;

(d) The specific services provided and actions taken or planned, if any;

(e) Place of service. Place of service means the county where the CDDP or agency providing case management services is located, including the address. The place of service may be a standard heading on each page of the progress notes; and

(f) For notes pertaining to meetings with or discussions about the individual, the names of other participants, including the titles and agency representation of the participants, if any.

(5) **RETENTION OF RECORDS.** The CDDP must have a record retention plan for all records relating to the provision of, and contracts for, CDDP services that is consistent with this rule and OAR 166-150-0055. The record retention plan must be made available to the public or the Department upon request.

(a) Financial records, supporting documents, and statistical records must be retained for at least three years after the close of the contract period or until the conclusion of the financial settlement process with the Department, whichever is longer.

(b) Individual service records must be kept for seven years after the date of the death of an individual, if known. If the case is closed, inactive, or the date of death is unknown, the individual service record must be kept for 70 years.

(c) Copies of annual ISPs must be kept for 10 years.

(6) **TRANSFER OF RECORDS.** In the event an individual moves from one county to another county in Oregon, the complete service record for an individual as described in section (3) of this rule must be transferred to the receiving CDDP within 30 days of transfer. The sending CDDP must ensure that the service record required by this rule is maintained in permanent record and transferred to the CDDP having jurisdiction for the services for the individual. The sending CDDP must retain the following information to document that services were provided to the individual while enrolled in CDDP services:

(a) Documentation of eligibility for developmental disability services received while enrolled in services through the CDDP, including waiver or state plan eligibility;

(b) Service enrollment and termination forms;

(c) CDDP progress notes;

(d) Documentation of services provided to the individual by the CDDP; and

(e) Any required documentation necessary to complete the financial settlement with the Department.

## 411-320-0080

### Application and Eligibility Determination

(1) **APPLICATION.**

(a) To apply for developmental disability services:

(A) An applicant or the legal representative of the applicant must submit a completed application as defined in OAR 411-320-0020 to the CDDP in the county of origin as defined in OAR 411-320-0020;

(B) The CDDP must receive all documentation required to make an eligibility determination as defined in OAR 411-320-0020. Documentation includes, but is not limited to:

(i) School psychological or comprehensive evaluations since entry into school;

(ii) Medical assessments related to a disability, mental health condition, or physical impairment;

(iii) Psychological evaluations or comprehensive evaluations through private health insurance or other programs;

(iv) Neurological evaluations completed through any entity;

(v) Records from all residential or psychiatric facilities;

(vi) Records completed through application process for other governmental benefits; and

(vii) Administrative medical examinations and reports, as defined in OAR 410-120-0000, determined necessary and authorized by the eligibility specialist.

(C) The applicant or the legal representative of the applicant must provide documentation of U.S. citizenship as defined in OAR 411-320-0020; and

(D) The applicant must reside in Oregon or if the applicant is less than 18 years of age, the applicant and the legal representative of the applicant must reside in Oregon.

(b) The CDDP may stop the intake process if the documents listed in subsection (a)(B) of this section are not submitted within 90 days of the date that the CDDP received the signed and dated Intake Form (SDS 0552). If the CDDP stops the intake process, written notice of the information needed to determine eligibility or a withdrawal letter must be sent to the person identified on the Intake Form (SDS 0552) as the person seeking services and the legal representative of the person seeking services.

(c) The CDDP must consider an application if the criteria in subsection (a) of this section are met. If the criteria in subsection (a) of this section are not met, the CDDP shall deny the application by sending a Notification of Planned Action (SDS 0947).

(d) Upon receipt of a completed application, the CDDP must provide an applicant the Department required Notification of Rights (form SDS 0948) within 10 business days.

(e) A new application may not be required if the file for an individual has been closed for less than 12 months following a closure, denial, or termination and the individual meets all of the criteria in subsection (a) of this section.

(f) The CDDP must identify whether an applicant receives any income.

(A) The CDDP must refer all applicants not currently receiving an OHP Plus benefit package to the local Medicaid office for OHP Plus application and benefit determination.

(B) The CDDP must refer an applicant less than 18 years of age to Social Security if the CDDP identifies that the applicant may qualify for Social Security benefits.

(2) **ELIGIBILITY SPECIALIST.** Each CDDP must identify at least one qualified eligibility specialist to act as a designee of the Department for purposes of making an eligibility determination. The eligibility specialist must meet performance qualifications and training expectations for determining developmental disability eligibility according to OAR 411-320-0030.

(3) **INTELLECTUAL DISABILITY.** A history of an intellectual disability as defined in OAR 411-320-0020 and significant impairment in adaptive behavior as described in OAR 411-320-0020 must be evident prior to the 18th birthday of an individual for the individual to be eligible for developmental disability services.

(a) Diagnosing an intellectual disability is done by measuring intellectual functioning and adaptive behavior as assessed by standardized tests administered by a licensed clinical or school psychologist with specific training and experience in test interpretation of intellectual functioning and adaptive behavior scales for individuals with intellectual disabilities.

(A) For individuals who have consistent and valid Full Scale IQ results of 65 and less, no assessment of adaptive behavior may be needed if current documentation supports eligibility.

(B) For individuals who have a valid Full Scale IQ or equivalent composite score results of 66-75, verification of an intellectual disability requires an assessment of adaptive behavior.

(C) A General Ability Index result must be used in place of a Full Scale IQ score to determine eligibility if a licensed clinical or school psychologist determines that the General Ability Index is a more valid measure of overall intelligence when compared to the Full Scale IQ score.

(D) A Specific Index IQ result must be used in place of a Full Scale IQ score to determine eligibility if a licensed clinical or school psychologist determines that the Specific Index IQ is a more valid measure of overall intelligence when compared to the Full Scale IQ score.

(E) If an individual is not able to participate in an intelligence test due to intellectual disability, a statement of intellectual disability must be documented by a qualified professional and an adaptive behavior assessment demonstrating a composite score of at least two standard deviations below the mean must be completed.

(b) Impairment of adaptive behavior must be directly related to an intellectual disability and cannot be primarily attributed to other conditions, including but not limited to a mental or emotional disorder, sensory impair-

# ADMINISTRATIVE RULES

ment, motor impairment, substance abuse, personality disorder, learning disability, or ADHD.

(c) The condition and impairment must continue, or be expected to continue, indefinitely.

(4) OTHER DEVELOPMENTAL DISABILITY. A history of an other developmental disability as defined in OAR 411-320-0020 and significant impairment in adaptive behavior as described in OAR 411-320-0020 must be evident prior to the 22nd birthday of an individual for the individual to be eligible for developmental disability services.

(a) Diagnosing an other developmental disability requires a medical or clinical diagnosis of a developmental disability by a qualified professional and significant impairment in adaptive behavior as assessed by standardized tests administered by a licensed clinical or school psychologist, or a doctor of medicine or doctor of osteopathic medicine with specific training and experience in test interpretation of adaptive behavior scales.

(A) Other developmental disabilities include autism, cerebral palsy, epilepsy, or other neurological disabling conditions that originate in and directly affect the brain.

(B) The individual must require training and support similar to that required by an individual with an intellectual disability, which means the individual has a composite or domain score that is at least two standard deviations below the mean, as measured on a standardized assessment of adaptive behavior administered by a licensed clinical or school psychologist, or a doctor of medicine or doctor of osteopathic medicine with specific training and experience in test interpretation of adaptive behavior scales.

(b) Significant impairment of adaptive behavior must be directly related to an other developmental disability and cannot be primarily attributed to other conditions including, but not limited to, a mental or emotional disorder, sensory impairment, motor impairment, substance abuse, personality disorder, learning disability, or ADHD.

(c) The condition and impairment must continue, or be expected to continue, indefinitely.

(5) ELIGIBILITY FOR CHILDREN LESS THAN 7 YEARS OF AGE.

(a) Eligibility determinations for children less than 7 years of age must be based on documentation that is no more than one year old.

(A) The documentation must include:

(i) A valid standardized-and-normed early-childhood assessment, completed by a professional with at least a master's degree and training to administer early childhood assessments, which demonstrates the functioning of the child is at least two standard deviations below the mean in two or more areas of the adaptive behavior described in paragraph (B) of this subsection; or

(ii) When a standardized-and-normed early-childhood assessment is not available or not completed within one year, a medical statement by a licensed medical practitioner that confirms the presence of an other developmental disability that: is a neurological condition or syndrome; originates in and directly affects the brain; and causes or is likely to cause impairment in at least two or more areas of the adaptive behavior described in paragraph (B) of this subsection.

(B) Areas of adaptive behavior include:

- (i) Adaptive, self-care, or self-direction;
- (ii) Receptive and expressive language or communication;
- (iii) Learning or cognition;
- (iv) Gross and fine motor; or
- (v) Social.

(C) The impairment, condition, or syndrome cannot be primarily attributed to other conditions including, but not limited to, a mental or emotional disorder, sensory impairment, motor impairment, substance abuse, personality disorder, learning disability, or ADHD.

(D) The condition and impairment must continue, or be expected to continue, indefinitely.

(b) REDETERMINATION OF ELIGIBILITY.

(A) Eligibility for children less than 7 years of age is always provisional.

(i) Redetermination for school aged eligibility for a child who was originally determined eligible as a child less than 7 years of age using a standardized and normed early childhood assessment as described in subsection (b)(A)(i) of this section must be completed no later than the child's 9th year birthdate.

(ii) Redetermination for school aged eligibility for a child who was originally determined eligible as a child less than 7 years of age using a medical statement by a licensed medical practitioner as described in subsection (b)(A)(ii) of this section must be completed no later than the child's 7th year birthdate.

(B) Any time there is evidence that contradicts an eligibility determination, the Department or the designee of the Department may redetermine eligibility or obtain additional information, including securing an additional evaluation for clarification purposes.

(C) The CDDP must notify a child and the legal representative of the child any time that a redetermination of eligibility is needed. Notification of the redetermination and the reason for the review of eligibility must be in writing and sent prior to the eligibility redetermination.

(6) ELIGIBILITY FOR SCHOOL AGED CHILDREN. Eligibility for school aged children as defined in OAR 411-320-0020 is always provisional.

(a) Eligibility determinations for school aged children must be completed on children who are at least 5 years of age and who have had school aged testing completed.

(b) Eligibility determinations for school aged children may be completed:

(A) Up to age 18 for school aged children who are provisionally eligible based on a condition of an intellectual disability; and

(B) Up to age 22 for school aged children who are provisionally eligible based on a condition of an other developmental disability.

(c) Eligibility determinations for school aged children must include:

(A) Documentation of an intellectual disability and significant impairment in adaptive behavior as described in section (3) of this rule; or

(B) A diagnosis and documentation of an other developmental disability and significant impairment in adaptive behavior as described in section (4) of this rule.

(d) Eligibility determinations for school aged children must be based on documentation that is no more than three years old.

(e) REDETERMINATION OF ELIGIBILITY.

(A) Any time there is evidence that contradicts an eligibility determination, the Department or the designee of the Department may redetermine eligibility or obtain additional information, including securing an additional evaluation for clarification purposes.

(B) The CDDP must notify a school aged child and the legal representative of the child any time that a redetermination of eligibility is needed. Notification of the redetermination and the reason for the review of eligibility must be in writing and sent prior to the eligibility redetermination.

(f) REDETERMINATION OF SCHOOL AGED CHILDREN FOR ADULT ELIGIBILITY.

(A) Redetermination of school aged children for adult eligibility must be completed:

(i) Between the ages of 16 and 18 if school aged eligibility was determined based on an intellectual disability as described in section (3) of this rule; or

(ii) Between the ages of 20 and 22 if school aged eligibility was determined based on an other developmental disability as described in section (4) of this rule.

(B) The documentation of an intellectual disability or an other developmental disability must include for individuals less than 22 years of age, information no more than three years old.

(C) If school aged eligibility was determined based on an intellectual disability as described in section (3) of this rule, an intellectual functioning assessment may be used to determine adult eligibility. An adult intellectual functioning assessment completed within the last three years is not needed if the school aged child has:

(i) More than one completed intellectual functioning assessment and all full scale IQ scores are 65 or less as described in section (3)(a)(A) of this rule;

(ii) Impairment in adaptive behavior as identified in section (3) of this rule; and

(iii) Current documentation that supports eligibility.

(D) If school aged eligibility was determined based on an other developmental disability as described in section (4) of this rule, the following criteria must be met:

(i) A current medical or clinical diagnosis of an other developmental disability is required unless all of the following are met:

(I) Documentation of an other developmental disability by a qualified professional as described in section (4) of this rule;

(II) Impairment in adaptive behavior that continues to be directly related to the other developmental disability;

(III) Current documentation that continues to support eligibility; and

(IV) No other medical or mental or emotional disorder.

(ii) If an individual has additional medical or mental or emotional disorders a new assessment may be required.

# ADMINISTRATIVE RULES

(iii) An informal adaptive behavior assessment as defined in OAR 411-320-0020 may be completed if all of the following apply:

(I) An assessment of adaptive behavior is required in order to redetermine eligibility;

(II) An assessment of adaptive behavior has already been completed by a licensed school or clinical psychologist; and

(III) The school aged child has obvious significant impairment in adaptive behavior.

## (7) ELIGIBILITY FOR ADULTS.

(a) Eligibility for adults must include:

(A) Documentation of an intellectual disability and significant impairment in adaptive behavior as described in section (3) of this rule; or

(B) Documentation of an other developmental disability and significant impairment in adaptive behavior as described in section (4) of this rule.

(b) Documentation for an adult eligibility determination must include:

(A) Information no more than three years old for individuals less than 22 years of age; or

(B) Information obtained after the 17th birthday of an individual for individuals 22 years of age and older.

## (c) INTELLECTUAL FUNCTIONING ASSESSMENT.

(A) An intellectual functioning assessment completed on or after the age of 16 may be used to determine adult eligibility.

(B) An adult Intellectual Functioning Assessment may not be needed if an individual has:

(i) More than one completed intellectual functioning assessment and all full scale IQ scores are 65 or less as described in section (3)(a)(A) of this rule; and

(ii) Significant impairment in adaptive behavior as identified in section (3) of this rule.

(C) An adult intellectual functioning assessment may not be needed if an individual has a diagnosis and documentation of an other developmental disability as described in section (4) of this rule.

## (d) REDETERMINATION OF ELIGIBILITY.

(A) Any time there is evidence that contradicts an eligibility determination, the Department or the designee of the Department may redetermine eligibility or obtain additional information, including securing an additional evaluation for clarification purposes.

(B) The CDDP must notify an individual and if applicable the legal representative of the individual any time that a redetermination of eligibility is needed. Notification of the redetermination and the reason for the review of eligibility must be in writing and sent prior to the eligibility redetermination.

(C) In the event the eligibility of an adult requires a redetermination, the redetermination must be completed as described in subsections (a), (b), and (c) of this section.

## (8) ABSENCE OF DATA IN DEVELOPMENTAL YEARS.

(a) In the absence of sufficient data during the developmental years, current data may be used if:

(A) There is no evidence of head trauma;

(B) There is no evidence or history of significant mental or emotional disorder; or

(C) There is no evidence or history of substance abuse.

(b) If there is evidence or a history of head trauma, significant mental or emotional disorder, or substance abuse, then a clinical impression by a qualified professional regarding how the functioning of the individual may be impacted by the identified condition must be obtained in order to determine if the significant impairment in adaptive behavior is directly related to a developmental disability and not primarily related to a head trauma, significant mental or emotional disorder, or substance abuse.

(9) SECURING EVALUATIONS. In the event that an eligibility specialist has exhausted all local resources to secure the necessary evaluations for an eligibility determination, the Department or the designee of the Department shall assist in obtaining additional testing if required to complete the eligibility determination.

(10) PROCESSING ELIGIBILITY DETERMINATIONS. The CDDP in the county of origin is responsible for making the eligibility determination.

(a) The CDDP must work in collaboration with the individual or the legal representative of the individual to gather historical records related to the intellectual or developmental disability of an individual during intake in order to complete an application for services.

(b) During intake, the CDDP must gather enough information and documentation in order to accept a completed application for developmental disability services within 90 days of the date of intake, except in the following circumstances:

(A) The CDDP is unable to obtain a complete application because the individual or the legal representative of the individual does not collaborate with the Eligibility Specialist or fails to execute an action necessary to obtain a completed application;

(B) There is an emergency beyond the control of the CDDP; or

(C) More time is needed to obtain additional records by the CDDP, the individual, or the legal representative of the individual.

(c) Upon receipt of the completed application, as defined in OAR 411-320-0020, the CDDP must make an eligibility determination unless the following applies and is documented in the progress notes for an individual:

(A) The individual or the legal representative of the individual voluntarily withdraws the application for the individual;

(B) The individual dies; or

(C) The individual cannot be located.

(d) The CDDP may not use the time frames established in subsection (b) of this section as:

(A) A waiting period before determining eligibility; or

(B) A reason for denying eligibility.

(11) NOTICE OF ELIGIBILITY DETERMINATION. The CDDP, within 10 days from the receipt of a completed application, must send or hand deliver a written notification (notice) of the eligibility determination. The notice must be on the following forms prescribed by the Department:

(a) The Notice of Eligibility Determination (form SDS 5103); or

(b) The Notification of Planned Action (form SDS 0947).

(12) REQUESTING A HEARING. An individual or the legal representative of an individual may request a hearing as described in OAR 411-318-0025 if the individual or the legal representative of the individual disagrees with the eligibility determination or redetermination made by the CDDP.

(13) TRANSFERABILITY OF ELIGIBILITY DETERMINATION. An eligibility determination made by one CDDP must be honored by another CDDP when an individual moves from one county to another.

(a) The receiving CDDP must notify the individual and if applicable the legal representative of the individual on forms prescribed by the Department that a transfer of services to a new CDDP has taken place within 10 days of the enrollment date identified on the Developmental Disability Enrollment Form (SDS 0337).

(b) The receiving CDDP must continue services for the individual as soon as it is determined that the individual is residing in the county of the receiving CDDP.

(c) The receiving CDDP must ensure verification of the eligibility of the individual for developmental disability services in the form of the following:

(A) Statement of an eligibility determination;

(B) Notification of eligibility determination; and

(C) Evaluations and assessments supporting eligibility.

(d) In the event that the items in subsection (c) of this section cannot be located, written documentation from the sending CDDP verifying eligibility and enrollment in developmental disability services may be used. Written verification may include documentation from the electronic payment system of the Department.

(e) If the receiving CDDP receives information that suggests the individual is not eligible for developmental disability services, the receiving CDDP may complete a redetermination. The CDDP that determined the individual was eligible for developmental disability services may be responsible for the services authorized on the basis of that eligibility determination.

(f) If an individual submits an application for developmental disability services and discloses that he or she has previously received developmental disability services in another CDDP and the termination of case management services as described in OAR 411-320-0100(3) occurred within the past 12 months, the eligibility determination from the other CDDP shall transfer as outlined in this section of the rule.

### Case Management Program Responsibilities

(1) AVAILABILITY. As required by these rules, the CDDP must assure the availability of a services coordinator to meet the service needs of

## ADMINISTRATIVE RULES

an individual and any emergencies or crisis. The assignment of the services coordinator must be appropriately documented in the service record for an individual and the CDDP must accurately report enrollment in the Department payment and reporting systems.

(2) **POLICIES AND PROCEDURES.** The CDDP must adopt written procedures to assure that the delivery of services meet the standards in section (4) of this rule.

(a) The CDDP must have procedures for the ongoing involvement of individuals and their requested family member or other representative in the planning and review of consumer satisfaction with the delivery of case management or direct services provided by the CDDP.

(b) Copies of the procedures for planning and review of case management services, consumer satisfaction, and complaints must be maintained on file at the CDDP offices. The procedures must be available to:

(A) CDDP employees who work with individuals;

(B) Individuals who are receiving services from the CDDP and the families of individuals;

(C) Legal or designated representatives (as applicable) and providers of individuals; and

(D) The Department.

(3) **NOTICE OF SERVICES.** The CDDP must inform the individuals, and as applicable the family members and legal or designated representatives of the individuals, of the minimum case management services that are set out in section (4) of this rule.

(4) **MINIMUM STANDARDS FOR CASE MANAGEMENT SERVICES.**

(a) The CDDP must ensure that eligibility for services is determined as described in OAR 411-320-0080 by an eligibility specialist trained in accordance with OAR 411-320-0030.

(b) A services coordinator must maintain documentation of the referral process of an individual to a provider and if applicable, include the reason the provider preferred by the individual declined to deliver services to the individual.

(c) The CDDP must apply the principles of self-determination to provision of case management services.

(d) An Annual Plan for an individual receiving case management services through the CDDP must be developed and reviewed in accordance with OAR 411-320-0120.

(e) Program services must be authorized in accordance with OAR 411-320-0120.

(f) Services coordinators must monitor services and supports for all individuals enrolled in case management services through the CDDP in accordance with the standards described in OAR 411-320-0130.

(g) If an individual loses OSIPM or OHP Plus eligibility and the individual is receiving case management services through the CDDP, a services coordinator must assist the individual in identifying why OSIPM or OHP Plus eligibility was lost and whenever possible, assist the individual in reestablishing eligibility for OSIPM or OHP Plus. The services coordinator must document efforts taken to assist the individual in reestablishing OSIPM or OHP Plus eligibility in the service record for the individual.

(h) Entry, exit, reductions in benefits or services, and transfers from comprehensive services must be in accordance with OAR 411-320-0110.

(i) Crisis diversion services for an individual receiving case management services through a CDDP must be assessed, identified, planned, monitored, and evaluated by a services coordinator in accordance with OAR 411-320-0160.

(j) Abuse investigations and protective services for adults must be provided as described in OAR 407-045-0250 to 407-045-0360 and include investigating complaints of abuse, writing investigation reports, and monitoring the implementation of report recommendations.

(k) Civil commitment services must be provided in accordance with ORS 427.215 to 427.306.

(l) Through choice advising, the CDDP must describe case management and other service delivery options within the geographic service area provided to all individuals receiving case management from the CDDP.

(A) Choice advising must occur at least 6 months before the 18th birthday of a child.

(B) An individual newly determined eligible for developmental disability services must receive choice advising prior to or concurrent with the initial level of care determination

(C) An individual moving into a county with an existing eligibility determination who is not enrolled in support services must receive choice advising within 10 days of the move or of the CDDP learning of the move.

(D) Choice advising must be provided initially and at least annually thereafter. Annual choice advising must include informing the individual of

the right to request access to other available services. Documentation of the discussion must be included in the service record for the individual.

(E) If an individual is not eligible for Community First Choice state plan or waiver services, initial choice advising must inform the individual of the right to access case management from the CDDP or a Brokerage.

(m) A services coordinator must coordinate services with the child welfare (CW) caseworker assigned to a child to ensure the provision of required supports from the Department, CDDP, and CW.

(n) A services coordinator may attend IEP planning meetings or other transition planning meetings for a child when the services coordinator is invited to participate by the family or guardian of the child.

(A) The services coordinator may, to the extent resources are available, assist the family of the child in accessing critical non-educational services that the child or the family of the child may need.

(B) Upon request and to the extent possible, the services coordinator may act as a proponent for the child or the family of the child at IEP meetings.

(C) The services coordinator must participate in transition planning by attending IEP meetings or other transition planning meetings for students 16 years of age or older, or until the student is no longer enrolled in CDDP case management, to discuss the transition of the individual to adult living and work situations unless the attendance of the services coordinator is refused by the parent or guardian of the child or the individual if the individual is 18 years or older.

(o) The CDDP must ensure that all individuals eligible for and receiving developmental disability services are enrolled in the Department payment and reporting systems. The county of origin must enroll the individual into the Department payment and reporting systems for all developmental disability service providers except in the following circumstances:

(A) The Department completes the enrollment or termination form for children entering or leaving a licensed 24-hour residential setting that is directly contracted with the Department.

(B) The Department completes the Department payment and reporting systems enrollment, termination, and billing forms for children entering or leaving CIIS.

(C) The Department completes the enrollment, termination, and billing forms as part of an interagency agreement for purposes of billing for crisis diversion services by a region.

(p) When appropriate, a services coordinator must facilitate referrals to nursing facilities as described in OAR 411-070-0043.

(q) A services coordinator must coordinate and monitor the specialized services provided to an eligible individual living in a nursing facility in accordance with OAR 411-320-0150.

(r) A services coordinator must ensure that all serious events related to an individual are reported to the Department using the SERT system. The CDDP must ensure that there is monitoring and follow-up on both individual events and system trends.

(s) When a services coordinator completes a level of care determination, the services coordinator must ensure that OHP Plus and OSIPM eligible individuals are:

(A) Offered and advised of all services available for which they are eligible including, but not limited to, the choice of institutional or community based care, home and community-based waiver and Community First Choice state plan services;

(B) Provided a Notification of Rights (form SDS 0948); and

(C) Have a completed level of care determination that is reviewed annually or at any time there is a significant change in factors that contribute to the level of care assessment.

(t) A services coordinator must participate in the appointment of the health care representative of an individual as described in OAR chapter 411, division 365.

(u) A services coordinator must coordinate with other state, public, and private agencies regarding services to individuals.

(v) The CDDP must ensure that a services coordinator is available to provide or arrange for comprehensive in-home supports for adults as described in OAR chapter 411, division 330, in-home supports for children as described in OAR chapter 411, division 308, or family supports as described in OAR chapter 411, division 305 as required to meet the support needs of eligible individuals. This includes:

(A) Providing assistance in planning supports;

(B) Providing assistance in finding and arranging resources and supports;

(C) Providing education and technical assistance to make informed decisions about support needs and providers;

(D) Arranging fiscal intermediary services;

# ADMINISTRATIVE RULES

(E) Arranging employer-related supports; and

(F) Providing assistance with monitoring and improving the quality of supports.

(5) **SERVICE PRIORITIES.** If it becomes necessary for the CDDP to prioritize the availability of case management services, the CDDP must request and have approval of a variance prior to implementation of any alternative plan. If the CDDP is not able to reasonably anticipate the need for the variance, the CDDP has 15 business days to submit the variance request to the Department. The variance request must:

(a) Document the reason the service prioritization is necessary, including any alternatives considered;

(b) Detail the specific service priorities being proposed; and

(c) Provide assurances that the basic health and safety of individuals continues to be addressed and monitored.

(6) **FAMILY RECONNECTION.** The CDDP and a services coordinator must provide assistance to the Department when a family member is attempting to reconnect with an individual who was previously discharged from Fairview Training Center or Eastern Oregon Training Center or an individual who is currently receiving developmental disability services.

(a) If a family member contacts the CDDP for assistance in locating an individual, the CDDP must refer the family member to the Department. A family member may contact the Department directly.

(b) The Department shall send the family member a Department form requesting further information to be used in providing notification to the individual. The form shall include the following information:

(A) Name of requestor;

(B) Address of requestor and other contact information;

(C) Relationship to individual;

(D) Reason for wanting to reconnect; and

(E) Last time the family had contact.

(c) The Department shall determine:

(A) If the individual was previously a resident of Fairview Training Center or Eastern Oregon Training Center;

(B) If the individual is deceased or living;

(C) Whether the individual is currently or previously enrolled in Department services; and

(D) The county in which services are being provided, if applicable.

(d) Within 10 business days from the receipt of the request, the Department shall notify the family member if the individual is enrolled or no longer enrolled in Department services.

(e) If the individual is enrolled in Department services, the Department shall send the completed family information form to the individual and the services coordinator.

(f) If the individual is deceased, the Department shall follow the process for identifying the personal representative of the individual as provided for in ORS 192.526.

(A) If the personal representative and the requesting family member are the same, the Department shall inform the personal representative that the individual is deceased.

(B) If the personal representative is different from the requesting family member, the Department shall contact the personal representative for permission before sharing information about the individual with the requesting family member. The Department must make a good faith effort to find the personal representative and obtain a decision concerning the sharing of information as soon as practicable.

(g) When an individual is located, the services coordinator when the individual is enrolled in case management or the CDDP in conjunction with the personal agent when the individual is enrolled in a Brokerage, must facilitate a meeting with the individual to discuss and determine if the individual wishes to have contact with the family member.

(A) The services coordinator or the CDDP in conjunction with the personal agent, as applicable, must assist the individual in evaluating the information to make a decision regarding initiating contact, including providing the information from the form and any relevant history with the family member that may support contact or present a risk to the individual.

(B) If the individual does not have a legal or designated representative or is unable to express his or her wishes, the ISP team of the individual must be convened to review factors and choose the best response for the individual after evaluating the situation.

(h) If the individual wishes to have contact, the individual or ISP team designee may directly contact the family member to make arrangements for the contact.

(i) If the individual does not wish to have contact, the services coordinator or the CDDP in conjunction with the personal agent (as applicable)

must notify the Department. The Department shall inform the family member in writing that no contact is requested.

(j) The notification to the family member regarding the decision of the individual must be within 60 business days from the receipt of the information form from the family member.

(k) The decision by the individual is not appealable.

### Coordination of Services

(1) **DESIGNATION OF A SERVICES COORDINATOR OR PERSONAL AGENT.**

(a) When an individual chooses case management services through a personal agent, the CDDP must send referral information to the appropriate Brokerage within 10 days following the decision of the individual unless a later date is mutually agreed upon by the individual, the Brokerage, and the CDDP. If there is no available Brokerage capacity, the individual may receive case management through the CDDP and receive other available chosen supports until Brokerage capacity becomes available.

(b) When an individual chooses case management services through a services coordinator, the CDDP must designate a services coordinator within five days following the decision of the individual.

(c) When an individual is enrolled in a Brokerage and moves from one CDDP geographic service area to another CDDP geographic service area, the new CDDP must enroll the individual in the Department payment and reporting systems.

(2) **CHANGE OF CASE MANAGEMENT PROVIDER.**

(a) The CDDP must keep the change of services coordinators to a minimum unless the individual requests the change of services coordinators. If the CDDP changes the assignment of a services coordinator, the CDDP must notify the individual, the legal or designated representative of the individual (as applicable), and all current providers within 10 business days of the change. The notification must be in writing and include the name, telephone number, and address of the new services coordinator.

(b) The individual receiving services may request a new services coordinator within the same CDDP or request case management services from a Brokerage.

(A) The CDDP must develop standards and procedures that support timely response to requests for a change of a services coordinator or when referring case management services to a Brokerage.

(B) If another services coordinator is assigned by the CDDP as the result of a request by the individual, the CDDP must notify the individual, the legal or designated representative of the individual (as applicable), and all current providers within 10 business days of the change. The notification must be in writing and include the name, telephone number, and address of the new services coordinator.

(3) **TERMINATION OF CASE MANAGEMENT SERVICES.**

(a) A services coordinator retains responsibility for providing case management services to an individual until the responsibility is terminated in accordance with this rule, until another services coordinator is designated, or until the individual is enrolled in support services. A CDDP must terminate case management services when any of the following occur:

(A) An individual or the legal representative of an individual delivers a signed written request that case management services be terminated or such a request is made by telephone and documented in the service record for the individual. An individual may refuse contact by a services coordinator as well as the involvement of the services coordinator at an ISP meeting, unless the services are mandatory as described in section (5) of this rule.

(B) The individual dies.

(C) The individual is determined to be ineligible for developmental disability services in accordance with OAR 411-320-0080.

(D) The individual moves out of state or to another county in Oregon. If an individual moves to another county, case management services must be referred and transferred to the new county, unless an individual requests otherwise and both the referring CDDP and the CDDP in the new county mutually agree. In the case of a child moving into a foster home or 24-hour residential setting, the county of parental residency or court jurisdiction must retain case management responsibility.

# ADMINISTRATIVE RULES

(E) An individual cannot be located after repeated attempts by letter and telephone or other means as appropriate to the individual.

(F) An individual is unavailable to participate in planning for a return to community living due to incarceration.

(b) If an individual is being terminated from services for any reason listed in subsection (a) of this section, except in the case of the death of the individual, the CDDP must issue a Notification of Planned Action consistent with OAR 411-318-0020 to notify the individual of the intent of the CDDP to terminate services.

## (4) TERMINATION FROM DEPARTMENT PAYMENT AND REPORTING SYSTEMS.

(a) The CDDP must terminate an individual in the Department payment and reporting systems when:

(A) The individual or the legal representative of the individual delivers a signed written request to the Brokerage requesting support services be terminated. An individual who declines support services but wishes to continue receiving developmental disability services through the CDDP is terminated from the Brokerage but is not terminated from developmental disability services;

(B) The individual dies;

(C) The individual is determined to be ineligible for developmental disability services in accordance with OAR 411-320-0080;

(D) The individual moves out of state or to another county in Oregon. If an individual moves to another county, developmental disability services must be referred and transferred to the new county, unless an individual requests otherwise and both the referring CDDP and the CDDP in the new county mutually agree; or

(E) Notification from the Brokerage that an individual cannot be located after repeated attempts by letter and telephone.

(b) The CDDP retains responsibility for maintaining enrollment in the Department payment and reporting systems for individuals enrolled in support services until the responsibility is terminated as described in this section of this rule.

(5) MANDATORY SERVICES. An individual in developmental disability services must accept the following services:

(a) Case management provided by a services coordinator or personal agent;

(b) Abuse investigations;

(c) The presence of a services coordinator (when applicable) at Department-funded program entry, exit, or transfer meetings, or transition planning meetings required for entry or exit to adult services, including support services and in-home comprehensive supports;

(d) Monitoring of provider programs (when applicable) in accordance with OAR 411-320-0130; and

(e) Services coordinator access to the service record.

## 411-320-0110

### Entry and Exit Requirements

#### (1) ENTRY TO A DEPARTMENT-FUNDED DEVELOPMENTAL DISABILITY PROGRAM.

(a) The Department authorizes entry for children into residential programs, CHS, and the Stabilization and Crisis Unit. A services coordinator must make referrals for entry and participate in all entry meetings for children in residential programs, CHS, and the Stabilization and Crisis Unit.

(b) Entry to all other Department-funded programs for individuals must be coordinated and authorized by a services coordinator in accordance with these rules.

(2) LICENSED OR CERTIFIED RESIDENTIAL PLACEMENT SETTING OPTIONS. In accordance with ORS 427.121, a services coordinator must present at least three appropriate licensed or certified residential placement setting options, including at least two different types of licensed or certified residential settings, to an adult individual eligible to receive services in a licensed or certified residential setting prior to the initial placement of the adult individual into a licensed or certified residential setting. The services coordinator is not required to present the licensed or certified residential placement setting options if:

(a) The services coordinator demonstrates that three appropriate licensed or certified residential placement settings or two different types of licensed or certified residential placement settings are not available within the geographic area where the adult individual wishes to reside;

(b) The adult individual selects a licensed or certified residential placement setting option and waives the right to be presented with other licensed or certified residential placement setting options; or

(c) The adult individual is at imminent risk to health or safety in the current licensed or certified residential placement setting.

(3) WRITTEN INFORMATION REQUIRED. Prior to the entry of an individual into comprehensive services, a services coordinator, or the designee of the services coordinator, must provide available and sufficient written information necessary to meet the support needs of an individual to the provider for the individual.

(a) The written information must be provided in a timely manner and include:

(A) A copy of the eligibility determination document;

(B) A statement indicating safety skills, including the ability of the individual to evacuate from a building when warned by a signal device and adjust water temperature for bathing and washing;

(C) A brief written history of any behavioral challenges, including supervision and support needs;

(D) A medical history and information on health care supports that includes (when available):

(i) The results of the most recent physical exam;

(ii) The results of any dental evaluation;

(iii) A record of immunizations;

(iv) A record of known communicable diseases and allergies; and

(v) A record of major illnesses and hospitalizations.

(E) A written record of any current or recommended medications, treatments, diets, and aids to physical functioning;

(F) A copy of the most recent needs assessment. If the needs of an individual have changed over time, the previous needs assessments must also be provided;

(G) Copies of protocols, the risk tracking record, and any support documentation (if applicable);

(H) Copies of documents relating to the guardianship or conservatorship, health care representation, power of attorney, court orders, probation and parole information, or any other legal restrictions on the rights of the individual (if applicable);

(I) Written documentation to explain why preferences or choices of the individual may not be honored at that time;

(J) Written documentation that the individual is participating in out-of-residence activities, including public school enrollment for individuals less than 21 years of age; and

(K) A copy of the most recent Behavior Support Plan and assessment, ISP, Nursing Service Plan, IEP, and mental health treatment plan (if applicable).

(b) If the individual is being admitted from the family home and the information required in subsection (a) of this section is not available, the services coordinator must ensure that the provider assesses the individual upon entry for issues of immediate health or safety.

(A) The services coordinator must document a plan to secure the information listed in subsection (a) of this section no later than 30 days after entry.

(B) The plan must include a written justification as to why the information is not available and a copy must be given to the provider at the time of entry.

(c) If the individual is being admitted from comprehensive services, the information listed in subsection (a) of this section must be made available prior to entry.

(d) If an individual is admitted to a program for crisis diversion services for a period not to exceed 30 days, subsection (a) of this section does not apply.

(4) ENTRY MEETING. Prior to the date of entry of an individual into a Department-funded comprehensive service, the ISP team must meet to review referral material in order to determine appropriateness of placement. The members of the ISP team are determined according to OAR 411-320-0120. Findings of the entry meeting must be recorded in the service record for the individual and distributed to the ISP team members. The findings of the entry meeting must include, at a minimum:

(a) The name of the individual proposed for services;

(b) The date of the entry meeting;

(c) The date determined to be the date of entry;

(d) Documentation of the participants included in the entry meeting;

(e) Documentation of the pre-entry information required by section

(3)(a) of this rule;

(f) Documentation of the decision to serve the individual requesting services; and

# ADMINISTRATIVE RULES

(g) A written Transition Plan completed by the services coordinator that is in effect for no longer than 60 days that includes all medical, behavior, and safety supports needed by the individual.

## (5) TRANSFER OR EXIT FROM DEPARTMENT-FUNDED PROGRAMS.

(a) The CDDP must authorize all transfers or exits from Department-funded developmental disability services.

(b) The Department authorizes all transfers or exits from services directly contracted with the Department for 24-hour residential settings for children, CIIS, and the Stabilization and Crisis Unit.

(c) In accordance with ORS 427.121, a services coordinator must present at least three appropriate licensed or certified residential placement setting options, including at least two different types of licensed or certified residential settings, to an adult individual receiving services in a licensed or certified residential setting prior to transferring the adult individual from one placement setting to another placement setting. The services coordinator is not required to present the licensed or certified residential placement setting options if:

(A) The services coordinator demonstrates that three appropriate licensed or certified residential placement settings or two different types of licensed or certified residential placement settings are not available within the geographic area where the adult individual wishes to reside;

(B) The adult individual selects a licensed or certified residential placement setting option and waives the right to be presented with other licensed or certified residential placement setting options; or

(C) The adult individual is at imminent risk to health or safety in the current licensed or certified residential placement setting.

(d) Prior to the transfer or exit date of an individual, the ISP team must meet to review the transfer or exit and to plan and coordinate any services necessary during or following the transfer or exit. The members of the ISP team are determined according to OAR 411-320-0120.

(6) EXIT MEETING. A meeting of the ISP team must precede any decision to exit an individual. Findings of the exit meeting must be recorded in the service record for the individual and include, at a minimum:

- (a) The name of the individual considered for exit;
- (b) The date of the exit meeting;
- (c) Documentation of the participants included in the exit meeting;
- (d) Documentation of the circumstances leading to the proposed exit;
- (e) Documentation of the discussion of the strategies to prevent the exit of the individual from services, unless the individual is requesting the exit;

(f) Documentation of the decision regarding the exit of the individual, including verification of the voluntary decision to exit or a copy of the Notice of Involuntary, Reduction, Transfer, or Exit; and

(g) The written plan for services for the individual after the exit.

(7) TRANSFER MEETING. A meeting of the ISP team must precede any decision to transfer an individual. Findings of the transfer meeting must be recorded in the service record for the individual and include, at a minimum:

- (a) The name of the individual considered for transfer;
- (b) The date of the transfer meeting;
- (c) Documentation of the participants included in the transfer meeting;

(d) Documentation of the circumstances leading to the proposed transfer;

(e) Documentation of the alternatives considered instead of transfer;

(f) Documentation of the reasons any preferences of the individual, or as applicable the legal or designated representative or family members of the individual, may not be honored;

(g) Documentation of the decision regarding the transfer, including verification of the voluntary decision to transfer or a copy of the Notice of Involuntary Reduction, Transfer, or Exit; and

(h) The written plan for services for the individual after transfer.

## (8) ENTRY TO SUPPORT SERVICES.

(a) Referrals of eligible individuals to a Brokerage must be made in accordance with OAR 411-340-0110. Referrals must be made in accordance with Department guidelines and the Department-mandated application and referral form must be used.

(b) The CDDP of the county of origin may find an individual eligible for services from a Brokerage when:

(A) The individual is an Oregon resident who has been determined eligible for developmental disability services by the CDDP;

(B) The individual is an adult living in his or her own home or family home;

(C) At the time of initial entry to the Brokerage, the individual is not enrolled in comprehensive services;

(D) At the time of initial entry to the Brokerage, the individual is not receiving crisis diversion services from the Department because the individual does not meet one or more of the crisis risk factors listed in OAR 411-320-0160; and

(E) The individual or the legal representative of the individual has chosen to use a Brokerage for assistance with design and management of personal supports.

(c) An eligible individual must be entered into a Brokerage within 10 days of requesting support services and selecting an available Brokerage within the geographic service area of the CDDP, unless a later date is mutually agreed upon by the individual, the Brokerage, and the CDDP.

(d) The services coordinator must communicate with the Brokerage staff and provide all relevant information upon request and as needed to assist Brokerage staff in developing an ISP that best meets the support needs of the individual including:

(A) A current application or referral on the Department-mandated application or referral form;

(B) A completed level of care determination, if present;

(C) A copy of a current functional needs assessment, if present;

(D) A copy of the eligibility determination;

(E) Copies of financial eligibility information;

(F) Copies of any legal documents, such as guardianship papers, conservatorship, civil commitment status, probation and parole, etc.;

(G) Copies of relevant progress notes; and

(H) A copy of any current plans.

## 411-320-0120

### Service Planning

(1) PRINCIPLES FOR SERVICE PLANNING. This rule prescribes standards for the development and implementation of an ISP or Annual Plan. An ISP or Annual Plan must:

(a) Be developed in a manner consistent with the principles of self-determination;

(b) Be developed using a person-centered process and in a manner that addresses issues of independence, integration, and productivity;

(c) Enhance the quality of life of the individual with intellectual or developmental disabilities; and

(d) Be consistent with the following principles:

(A) Personal control and family participation. While the service system reflects the value of family member participation in the planning process, adult individuals have the right to make informed choices about the level of family member participation. It is the intent of this rule to fully support the provision of education about personal control and decision-making to individuals who are receiving services.

(B) Choice and preferences. The planning process is critical in determining the preferences of an individual and the family of the individual for services and supports. The preferences of the individual and the family of the individual must serve to guide the ISP team. The active participation of the individual and input must be facilitated throughout the planning process.

(C) Barriers. The planning process is designed to identify the types of services and supports necessary to achieve the preferences of an individual and the family of the individual, identify the barriers to providing those preferred services, and develop strategies for reducing the barriers.

(D) Health and safety. The planning process must also identify strategies to assist an individual in the exercise of the rights of the individual. This may create tensions between the freedom of choice and interventions necessary to protect the individual from harm. The ISP team must carefully nurture the exercise of the rights of the individual while being equally sensitive to protecting the health and safety of the individual.

(E) Children in alternate living situations. When planning for children in 24-hour residential settings or foster care, maintaining family connections is an important consideration. The following must apply:

(i) Unless contraindicated, there must be a goal for family reunification;

(ii) The number of moves or transfers must be kept to a minimum; and

## ADMINISTRATIVE RULES

(iii) If the placement of a child is distant from the family of the child, the services coordinator must continue to seek a placement that brings the child closer to the family.

### (2) LEVEL OF CARE DETERMINATION.

(a) A services coordinator must assure that an individual has a level of care determination prior to accessing Community First Choice state plan or waiver services. The level of care determination must be made using a Department prescribed form. An initial ISP authorizing Community First Choice state plan or waiver services must be completed no later than the end of the month following the month in which the level of care determination was made or no later than 45 days from the level of care determination.

(b) A services coordinator must assure that a level of care determination is reviewed for every individual enrolled in a comprehensive service:

(A) Within 12 months from the previous Annual Review,

(i) This review must be completed no later than 12 months from the Diagnosis and Evaluation Coordinator (D & E Coordinator) approval date.

(ii) The annual review date may be reset for a date earlier than 12 months from the D & E Coordinator approval date, but not later than 12 months from the D & E Coordinator review date.

(B) No earlier than 60 days prior to the renewal of the ISP.

(C) Any time there is a significant change in a condition that qualified the individual for the level of care.

(c) The level of care assessment must be documented in a progress note in the service record for the individual.

(d) A level of care determination may be made by a services coordinator or a personal agent.

(3) FUNCTIONAL NEEDS ASSESSMENT. A services coordinator or personal agent must complete a functional needs assessment initially and at least annually for each individual who has or is expected to have an ISP.

(a) The functional needs assessment must be completed:

(A) Not more than 45 days from the date that the individual submitted a completed application or the date the CDDP learns of the eligibility of the individual for OHP Plus or OSIPM;

(B) Prior to the development of an initial ISP;

(C) Within 60 days prior to the annual renewal of an ISP; and

(D) Within 45 days from the date an individual requests a new functional needs assessment.

(b) An adult who is enrolled in comprehensive in-home supports as described in OAR chapter 411, division 330 or a child who is enrolled in in-home supports as described in OAR chapter 411, division 308 must participate in a functional needs assessment and provide information necessary to complete the functional needs assessments and reassessments within the time frame required by the Department.

(A) Failure to participate in the functional needs assessment or provide information necessary to complete the functional needs assessment or reassessment within the applicable time frame results in the denial of service eligibility. In the event service eligibility is denied, a written Notification of Planned Action must be provided as described in OAR 411-320-0175 and OAR chapter 411, division 318.

(B) The Department may allow additional time if circumstances beyond the control of the individual prevent timely participation in the functional needs assessment or timely submission of information necessary to complete the functional needs assessment or reassessment.

(c) No fewer than 14 days prior to conducting a functional needs assessment, the CDDP must mail a notice of the assessment process to the individual to be assessed. The notice must include a description and explanation of the assessment process and an explanation of the process for appealing the results of the assessment.

(4) INDIVIDUAL SUPPORT PLANS (ISP). Individuals enrolled in waiver or Community First Choice state plan services must have an ISP.

(a) A services coordinator and ISP team must develop the ISP with an individual within 90 days of the submission of a completed application by the individual and at least annually thereafter.

(b) Upon the request for a new functional needs assessment by an individual, a services coordinator must revise the ISP for the individual as needed if a revision of the ISP is requested by the individual. The revision of the ISP must be completed within 30 days from the new functional needs assessment. The revised ISP must be developed with the individual, the legal or designated representative of the individual (as applicable), and other invited ISP team members.

(c) Not more than two weeks after authorization, the CDDP must provide a copy of the most current ISP to the individual, the legal or designated representative of the individual (as applicable), and others as identified by the individual.

(d) PERSON-CENTERED ISP REQUIREMENTS. The person-centered ISP must reflect the services and supports that are important for the individual to meet the needs of the individual identified through a Department approved assessment, as well as what is important to the individual with regard to preferences for the delivery of such services and supports. Commensurate with the level of need of the individual and the scope of services and supports, the ISP must include:

(A) The name of the individual and the name of the legal or designated representative of the individual (as applicable);

(B) A description of the supports required that is consistent with the support needs identified in the assessment of the individual;

(C) The projected dates of when specific supports are to begin and end;

(D) A list of personal, community, and alternative resources that are available to the individual and how the resources may be applied to provide the required supports. Sources of support may include waiver services, Community First Choice state plan services, other state plan services, state general funds, or natural supports;

(E) The manner in which services are delivered and the frequency of services;

(F) Provider type;

(G) The setting in which the individual resides as chosen by the individual;

(H) The strengths and preferences of the individual;

(I) Individually identified goals and desired outcomes;

(J) The services and supports (paid and unpaid) to assist the individual to achieve identified goals and the providers of the services and supports, including voluntarily provided natural supports;

(K) The risk factors and the measures in place to minimize the risk factors, including back up plans for assistance with support and service needs;

(L) The identity of the person responsible for case management and monitoring the ISP;

(M) A provision to prevent unnecessary or inappropriate services; and

(N) The alternative settings considered by the individual.

(e) The ISP for an individual must be finalized and agreed to in writing by the individual, the legal or designated representative of the individual (as applicable), and others invited by the individual including, but not limited to, providers or other family members.

(f) The ISP must be made available using language, format, and presentation methods appropriate for effective communication according to the needs and abilities of the individual receiving services and the people important in supporting the individual.

(g) A services coordinator must track the ISP timelines and coordinate the resolution of complaints and conflicts arising from ISP discussions.

(h) An ISP must be developed, implemented, and authorized as follows:

(A) FOSTER CARE AND 24-HOUR RESIDENTIAL SETTINGS.

(i) A services coordinator must attend and assure that an annual ISP meeting is held for individuals receiving services in foster care or 24-hour residential settings and any associated settings for employment.

(ii) A services coordinator must facilitate the ISP with an individual receiving services through foster care or a 24-hour residential setting and any associated setting for employment.

(iii) If a child is in a 24-hour residential setting directly contracted with the Department, the ISP for the child is coordinated by Department staff.

(iv) A services coordinator must ensure that the ISP for an individual receiving services through foster care or a 24-hour residential setting is developed and updated in accordance with Department guidelines.

(B) SUPPORTED LIVING. A services coordinator must ensure the development of an annual ISP for an adult receiving services in a supported living setting and any associated setting for employment.

(i) The services coordinator must coordinate with the individual, and as applicable the family or legal or designated representative of the individual, in the development of an annual ISP.

(ii) The ISP for an adult receiving services in a supported living setting and any associated setting for employment must include the information described in subsection (d) of this section.

(C) COMPREHENSIVE IN-HOME SUPPORTS FOR ADULTS. A services coordinator must ensure the development of an annual ISP for an individual receiving comprehensive in-home supports.

(i) The services coordinator must coordinate with the individual, and as applicable the family or legal or designated representative of the individual, in the development of an annual ISP.

# ADMINISTRATIVE RULES

(ii) The ISP for an individual receiving comprehensive in-home supports must include the information described in subsection (d) of this section and be in accordance with OAR 411-330-0050.

(i) As of July 1, 2014, a Career Development Plan must be attached to the ISP of an adult in accordance with OAR 411-345-0160.

(5) ANNUAL PLANS. Individuals enrolled in developmental disability services not accessing waiver or Community First Choice state plan services must have an Annual Plan.

(a) A services coordinator must complete an Annual Plan within 60 days of the enrollment of an individual into case management services, and annually thereafter if the individual is not enrolled in any waiver or Community First Choice state plan services.

(b) An Annual Plan must be developed as follows:

(A) For an adult, a written Annual Plan must be documented as an Annual Plan or as a comprehensive progress note in the service record for the individual and consist of:

- (i) A review of the current living situation of the individual;
- (ii) A review of any personal health, safety, or behavioral concerns;
- (iii) A summary of the support needs of the individual; and
- (iv) Actions to be taken by the services coordinator and others.

(B) For a child receiving family support services, a services coordinator must coordinate with the child and the family or guardian of the child in the development of an Annual Plan. The Annual Plan for a child receiving family support services must be in accordance with OAR 411-305-0080.

(6) PLANS FOR IN-HOME SUPPORTS FOR CHILDREN. For a child receiving in-home supports, a services coordinator must coordinate with the child and the family or guardian of the child in the development of the an ISP or Annual Plan. The ISP or Annual Plan for a child receiving in-home supports must be in accordance with OAR chapter 411, division 308 and sections (3) and (4) of this rule, as applicable.

(7) PLAN FORMATS. An ISP or Annual Plan developed at an annual or update meeting must be conducted in a manner specified by the Department and on forms required by the Department. In the absence of a Department-mandated form, the CDDP with the affected providers may develop an ISP format that conforms to the rules for the provider and provides for an integrated plan across the funded developmental disability service settings.

(8) PLAN UPDATES. An ISP or Annual Plan must be kept current. A services coordinator, the residential services coordinator for the Department for children in 24-hour residential settings directly contracted with the Department, and CIIS services coordinators for children served through the CIIS waiver must ensure that a current ISP or Annual Plan is authorized and maintained for each individual receiving services.

(a) The ISP or Annual Plan must be kept in the service record for an individual.

(b) ISP or Annual Plan updates must occur as required by this rule and any rules governing the operation of the service.

(c) When there is a significant change, the ISP or Annual Plan must be updated.

(9) ISP REVIEWS. An ISP must be reviewed and revised:

(a) No more than 30 days following a new functional needs assessment;

(b) At least every 12 months;

(c) When the circumstances or needs of an individual change significantly; and

(d) At the request of an individual.

(10) TRANSITION PLAN REVIEWS. A Transition Plan must be reviewed and updated as necessary to make it consistent with section (4) of this rule no more than 60 days from the date of entry to a service setting.

(11) TEAM PROCESS IN SERVICE AND SUPPORT PLANNING. This section applies to an ISP developed for an individual in comprehensive services:

(a) An ISP for an individual in comprehensive services is developed at least by the individual, the legal or designated representative of the individual (as applicable), and the services coordinator. Others may be included as a part of the ISP team at the invitation of the individual. The ISP team assigns responsibility for obtaining or providing services to meet the identified needs of the individual.

(A) Membership on the ISP team must at least conform to this rule and any relevant provider rules. An individual may include additional participants, friends, or significant others on the ISP team.

(B) The individual may raise an objection to the inclusion of a particular person or provider on the ISP team. When the individual raises objections to a person, the ISP team must respect the request of the individual. In

order to assure adequate planning, provider representatives are necessary informants to the ISP team.

(b) An ISP developed by an ISP team must respect and honor individual choice in the development of a meaningful plan.

(c) In circumstances where an individual is unable to express his or her opinion or choice using words, behaviors, or other means of communication and the individual does not have a legal or designated representative, the ISP team is empowered to make a decision on behalf of the individual.

(d) No one member of an ISP team has the authority to make decisions for the ISP team.

(e) Consensus amongst ISP team members is prioritized. When consensus may not be reached, majority agreement is used. For purposes of reaching a majority agreement, a provider, family member, CDDP, or designated representative are considered as one member of the ISP team.

(f) Any objections to decisions of the ISP team by a member of the ISP team must be documented in the ISP.

(g) The legal or designated representative of an individual directing services for the individual (as applicable) may not also be a paid provider for the individual.

(h) An ISP is authorized by a services coordinator using a person-centered planning process and with agreement by the individual and the legal or designated representative of the individual (as applicable).

(i) An individual or the legal representative of the individual retains the right to consent to treatment and training and to note any specific areas of the ISP that they object to and wish to file a complaint.

(j) ISP team members must inform the services coordinator whenever there are significant needs or changes or there is a crisis or potential for a crisis. The services coordinator must reconvene the ISP team if ISP adjustments are required due to a significant change in the support needs or desired goals of an individual.

### Case Management Contact, Site Visits, and Monitoring of Services

(1) CASE MANAGEMENT CONTACT. Every individual who has an ISP must have a case management contact no less than once every three months. Individuals with significant health and safety risks as identified in the ISP must have more frequent case management contact. At least one case management contact per year must be face to face. If an individual agrees, other case management contact may be made by telephone or by other interactive methods. The outcome of the case management contact must be recorded in the progress notes. The purpose of the case management contact is:

- (a) To assure known health and safety risks are adequately addressed;
- (b) To assure that the support needs of an individual have not significantly changed; and
- (c) To assure that an individual is satisfied with the current supports.

(2) SITE VISITS.

(a) The CDDP must ensure that site visits are conducted at each child or adult foster home, each 24-hour residential setting, and each employment site licensed or certified and endorsed (as applicable) by the Department to serve individuals with intellectual or developmental disabilities.

(A) The CDDP must establish a quarterly schedule for site visits to each child or adult foster home and each 24-hour residential setting.

(B) The CDDP must establish an annual schedule for site visits to each employment site. If a visit to an integrated employment site disrupts the work occurring, a mutually agreed upon location for the site visit must be arranged.

(b) The CDDP must establish an annual schedule for visits with individuals receiving services in a supported living setting. If an individual opposes a visit to his or her home, a mutually agreed upon location for the visit must be arranged.

(c) Site visits may be increased for any of the following reasons including, but not limited to:

- (A) Increased certified and licensed capacity;
- (B) New individuals receiving services;
- (C) Newly licensed or certified and endorsed provider;
- (D) An abuse investigation;
- (E) A serious event;

# ADMINISTRATIVE RULES

(F) A change in the management or staff of the licensed or certified and endorsed site;

(G) An ISP team request;

(H) Individuals receiving services are also receiving crisis diversion services; or

(I) Significant change in the functioning of an individual who receives services at the site.

(d) The CDDP must develop a procedure for the conduct of the site visits.

(e) The CDDP must document site visits and provide information concerning the site visits to the Department upon request.

(f) If there are no Department-funded individuals at the site, a visit by the CDDP is not required.

(g) When a provider is a Department-contracted and licensed, certified, and endorsed 24-hour residential setting for children and the children's residential services coordinator for the Department is assigned to monitor services, the children's residential services coordinator and the CDDP shall coordinate the site visit. If the site visit is made by Department staff, Department staff shall provide the results of the site visit to the local services coordinator.

(h) The Department may conduct site visits on a more frequent basis than described in this section based on program needs.

(3) MONITORING OF SERVICES: A services coordinator must conduct monitoring activities using the framework described in this section.

(a) For all individuals receiving case management at a CDDP with an ISP that authorizes waiver or Community First Choice state plan services, an ongoing review of the ISP must determine whether the actions identified by the ISP team are being implemented by the provider and others. The review of an ISP must include an assessment of the following:

(A) Are services being provided as described in the ISP and do the services result in the achievement of the identified action plans?

(B) Are the personal, civil, and legal rights of the individual protected in accordance with these rules?

(C) Are the personal desires of the individual, and as applicable the legal or designated representative or family of the individual, addressed?

(D) Do the services provided for in the ISP continue to meet what is important to, and for, the individual?

(E) Do identified goals remain relevant and are the goals supported and being met?

(b) For an individual who is not enrolled in a Brokerage and who resides in a 24-hour residential setting, supported living setting, foster care, or is receiving employment services, the monitoring of services may be combined with the site visits described in section (2) of this rule. In addition:

(A) During a one year period, the services coordinator must review, at least once, services specific to health, safety, and behavior, using questions established by the Department.

(B) A semi-annual review of the process by which an individual accesses and utilizes funds must occur, using questions established by the Department. The services coordinator must determine whether financial records, bank statements, and personal spending funds are correctly reconciled and accounted for.

(i) The financial review standards for 24-hour residential settings are described in OAR 411-325-0380.

(ii) The financial review standards for adult foster homes are described in OAR 411-360-0170.

(iii) Any misuse of funds must be reported to the CDDP and the Department. The Department determines whether a referral to the Medicaid Fraud Control Unit is warranted.

(C) The services coordinator must monitor reports of serious and unusual incidents.

(c) For an individual receiving employment services, the services coordinator must also assess the progress of the individual toward a path to employment.

(d) The frequency of service monitoring must be determined by the needs of an individual. Events identified in section (2)(c) of this rule provide indicators that may potentially increase the need for service monitoring.

(e) For an individual receiving only case management services and not enrolled in any other funded developmental disability services, the services coordinator must make contact with the individual at least once annually.

(A) Whenever possible, annual contact must be made in person. If annual contact is not made in person, a progress note in the service record must document how contact was achieved.

(B) The services coordinator must document annual contact in the Annual Plan as described in OAR 411-320-0120.

(C) If the individual has any identified high-risk medical issue including, but not limited to, risk of death due to aspiration, seizures, constipation, dehydration, diabetes, or significant behavioral issues, the services coordinator must maintain contact in accordance with planned actions as described in the Annual Plan.

(D) Any follow-up activities must be documented in a progress note.

(E) If state plan personal care services as described in OAR 411-034-0070 are authorized in an Annual Plan, the services must be monitored as described in OAR 411-034-0070.

(4) MONITORING FOLLOW-UP. A services coordinator and the CDDP are responsible for ensuring the appropriate follow-up to monitoring of services, except in the instance of children in 24-hour residential settings directly contracted with the Department when the Department conducts the follow-up.

(a) If the services coordinator determines that comprehensive services are not being delivered as agreed in the ISP or Annual Plan for an individual or that the service needs of an individual have changed since the last review, the services coordinator must initiate action to update the ISP or Annual Plan of the individual.

(b) If there are concerns regarding the ability of a provider to provide services, the CDDP, in consultation with the services coordinator, must determine the need for technical assistance or other follow-up activities, such as coordination or provision of technical assistance, referral to the CDDP manager for consultation or corrective action, requesting assistance from the Department for licensing or other administrative support, or meeting with the executive director or board of directors of the provider.

(5) DEPARTMENT NOTIFICATION. In addition to conducting abuse or other investigations as necessary, the CDDP must notify the Department when:

(a) A provider demonstrates substantial failure to comply with any applicable licensing, certification, or endorsement rules for Department-funded programs;

(b) The CDDP finds a serious and current threat endangering the health, safety, or welfare of individuals in a program for which an immediate action by the Department is required; or

(c) Any individual receiving Department-funded developmental disability services dies. Notification must be made to the Director of the Department within one business day of the death. Entry must be made into the Serious Event Review System according to Department guidelines.

## 411-320-0160

### Crisis Diversion Services

(1) CRISIS DIVERSION SERVICES. The CDDP must, in conjunction with the regional partners of the CDDP, provide crisis diversion services for adults and children with intellectual or developmental disabilities who are enrolled in developmental disability services and are eligible for crisis diversion services as described in section (3) of this rule and experiencing a crisis risk factor.

(2) CRISIS RISK FACTORS. An individual is in crisis when one or more of the following risk factors are present:

(a) An individual is not receiving necessary supports to address life-threatening safety skill deficits;

(b) An individual is not receiving necessary supports to address life-threatening issues resulting from behavioral or medical conditions;

(c) An individual currently engages in self-injurious behavior serious enough to cause injury that requires professional medical attention;

(d) An individual undergoes, or is at imminent risk of undergoing, loss of caregiver due to caregiver inability to provide supports;

(e) An individual experiences a loss of home due to a protective service action; or

(f) An individual is not receiving the necessary supports to address significant safety risks to others including, but not limited to:

(A) A pattern of physical aggression serious enough to cause injury;

(B) Fire-setting behaviors; or

(C) Sexually aggressive behaviors or a pattern of sexually inappropriate behaviors.

# ADMINISTRATIVE RULES

(3) **ELIGIBILITY FOR CRISIS DIVERSION SERVICES.** The CDDP must ensure the determination of the eligibility of individuals to receive crisis diversion services and must ensure eligibility information is made available to ISP team members upon request and to Regional Crisis Diversion Programs upon each referral. An individual is eligible for crisis diversion services when:

- (a) The individual is enrolled in developmental disability services;
- (b) A crisis exists as described in section (2) of this rule;
- (c) There are no appropriate alternative resources available;
- (d) The crisis is not primarily related to a significant mental or emotional disorder or substance abuse; and
- (e) The individual meets at least one of the following criteria:
  - (A) The adult is court committed to the Department under ORS 427.215 through 427.306.
  - (B) The adult meets one of the crisis risk factors as described in section (2) of this rule.
  - (C) The child is at imminent risk of out of home placement.
  - (D) The child is in need of out of home placement.
  - (E) The child requires supports to return home from out of home placement.

(4) **FUNDS FOR CRISIS DIVERSION SERVICES.**

- (a) Funds for crisis diversion services must not supplant existing funding.
  - (b) Purchased goods or services must only be those necessary to resolve the crisis.
  - (c) Crisis diversion services must only be used when no appropriate alternative resources are available to resolve the crisis situation. The CDDP or the Regional Crisis Diversion Program administering the crisis diversion service, in consultation with the ISP team, must determine the appropriateness of alternative resources based on consideration of individual support needs, proximity to actively involved family members, access to other necessary resources, and cost effectiveness.

(5) **ALLOWABLE SHORT-TERM EXPENDITURES.** Crisis diversion expenditures are allowed when the following criteria are met:

- (a) The services and expenditures are minimally necessary to address the imminent health and safety risks associated with the support need of the individual;
  - (b) The expenditures are limited to those services and items the individual would otherwise have access to via the Community First Choice state plan, except that funding is not immediately accessible to fund such services;
  - (c) The region or case management entity has conducted a needs assessment of the individual; and
  - (d) Expenditures are in alignment with the expenditure guidelines or in accordance with the associated needs assessment tool for residential service settings.

(6) **SERVICE LIMITATIONS.** The following expenditures must not be made with crisis diversion services funds:

- (a) Household appliances;
- (b) Services covered under existing provider contracts with the CDDP or Department;
- (c) Health care services covered by Medicaid, Medicare, or private medical insurance;
- (d) Services provided by the parent of a child or the spouse of an adult;
- (e) Funding for items or services when the individual has resources available to meet the identified needs;
- (f) Services or purchases prohibited in program rules; and
- (g) Services or purchases that exceed the expenditure guidelines or rate determined by the individual needs assessment.

(7) **SERVICE AUTHORIZATION.** The CDDP or Regional Crisis Diversion Program must authorize the utilization of crisis diversion services.

(a) Prior to initiating crisis diversion services, the CDDP or the Regional Crisis Diversion Program must document the eligibility of an individual for crisis diversion services, the alternative resources considered, and why those resources were not appropriate or available. This assures that crisis diversion services are utilized only when no appropriate alternative resources are available.

(b) The CDDP or the Regional Crisis Diversion Program must authorize services that exceed 90 days duration and document the authorization in writing within the service record for the individual.

(c) The Department must authorize adaptations or alterations of fixed property that exceed \$5,000. Authorization by the Department is based

upon the recommendation of the CDDP or the Regional Crisis Diversion Program.

(d) The Department may, at the discretion of the Department, exercise authority under ORS 427.300 to direct any individual who is court committed to the Department under ORS 427.290 to the facility best able to provide services and supports to the individual. The Department shall consult with any CDDP, the Regional Crisis Diversion Program, or provider affected by this decision, prior to placement of the individual.

(8) **ADMINISTRATION OF CRISIS DIVERSION SERVICES.** The CDDP and the Regional Crisis Diversion Program must operate under policies and procedures that assure internal management control of expenditures. Policies and procedures must be written and include at least the following:

- (a) Identification of people or positions within the organization authorized to approve expenditures;
- (b) Description of limits on those authorities and procedures for management reviews; and
- (c) Description of procedures to disburse and account for funds.

(9) **MONITORING OF CRISIS DIVERSION SERVICES.**

(a) The CDDP must monitor the delivery of crisis diversion services as specified in the crisis plan and the plan of care for the individual. Monitoring must be done through contact with the individual, any providers, and the family of the individual. The monitoring contact must include the collection of information regarding supports provided and progress toward outcomes that are identified in the crisis plan. Monitoring must be documented in the service record for the individual.

(b) The CDDP must coordinate with providers or other ISP team members to evaluate the impact of crisis diversion services upon the individual and must ensure needed changes are recommended to the ISP team.

(c) The Department may monitor crisis diversion services through reports received pursuant to sections (10) and (11) of this rule and OAR 411-320-0180.

(10) **RECORD KEEPING AND REPORTING PROCEDURES.**

(a) The CDDP or the Regional Crisis Diversion Program must ensure the crisis plan is developed in partnership with the ISP team and the following written information is maintained within the crisis plan:

- (A) Identifying information about the individual, including name, address, age, and name of parent or legal representative (as applicable);
- (B) Description of the circumstances for which crisis diversion services were requested to clearly specify how the individual is eligible to receive crisis diversion services;

(C) Description of resources used or alternatives considered prior to the request for crisis funds and why the resources or alternatives were not appropriate or were not available in meeting the needs of the individual in addressing the crisis;

(D) Description of the goods and services requested to be purchased or provided specific to addressing the crisis, including:

- (i) The frequency of the provision or purchase of goods or services;
- (ii) The duration of the provision or purchase of goods or services; and
- (iii) The costs of the goods or services to be provided or purchased.

(E) Description of the outcome to be achieved, including identification of benchmarks that may be used to determine whether the outcome has been achieved and maintained.

(b) The CDDP must ensure the documentation of the ISP team approved modifications to the ISP for the individual that outline how the crisis is to be addressed through the use of crisis diversion services.

(c) The CDDP must ensure the documentation of monitoring contacts described in section (9)(a) of this rule.

(d) The CDDP must maintain a current copy of the level of care determination when an individual eligible for crisis diversion services is receiving home and community-based waiver or Community First Choice state plan services, or as otherwise instructed by the Department.

(11) **REPORTING REQUIREMENTS.** The CDDP or Regional Crisis Diversion Program must report, using the accepted Department payment and reporting systems, the following information to the Department by the tenth business day of the month following each month in which crisis diversion services were provided and paid:

- (a) Individuals for whom crisis diversion services were provided;
- (b) Individual services provided and paid; and
- (c) Total cost by type of service.

# ADMINISTRATIVE RULES

## 411-320-0170

### Contractor Disputes

(1) When a dispute exists between a CDDP and a subcontracted provider regarding the terms of the contract or the interpretation of administrative rule and local dispute resolution efforts have been unsuccessful, either party may request assistance from the Department in mediating the dispute.

(a) The parties must demonstrate a spirit of cooperation, mutual respect, and good faith in all aspects of the mediation process. Mediation must be conducted as follows:

(A) The party requesting mediation must send a written request to the Director of the Department, the CDDP Director, and the Executive Director of the provider, unless other people are named as official contact people in the specific rule or contract under dispute. The request must describe the nature of the dispute and identify the specific rule or contract provisions that are central to the dispute.

(B) Department staff shall arrange the first meeting of the parties at the earliest possible date. The agenda for the first meeting shall include:

(i) Consideration of the need for services of an outside mediator. If the services of an unbiased mediator are desired, agreement shall be made on arrangements for obtaining these services;

(ii) Development of rules and procedures that shall be followed by all parties during the mediation; and

(iii) Agreement on a date by which mediation shall be completed, unless extended by mutual agreement.

(C) Unless otherwise agreed to by all parties:

(i) Each party shall be responsible for the compensation and expenses of their own employees and representatives; and

(ii) Costs that benefit the group, such as services of a mediator, rental of meeting space, purchase of snack food and beverage, etc. shall be shared equally by all parties.

(b) A written statement documenting the outcome of the mediation must be prepared. This statement must consist of a brief written statement signed by all parties or separate statements from each party declaring their position on the dispute at the conclusion of the mediation process. In the absence of written statements from other parties, the Department shall prepare the final report. A final report on each mediation must be retained on file at the Department.

(2) A provider may appeal the imposition of a disputed term or condition in the contract if the provider believes that the contract offered by the CDDP contains terms or conditions that are not substantially similar to those established by the Department in the model contract. The appeal of the imposition of the disputed terms or conditions must be in writing and sent to the Director of the Department within 30 days after the effective date of the contract requirement.

(a) A copy of the notice of appeal must be sent to the CDDP. The notice of appeal must include:

(A) A copy of the contract and any pertinent contract amendments;

(B) Identification of the specific terms that are in dispute; and

(C) A complete written explanation of the dissimilarity between terms.

(b) Upon receipt of the notice of appeal, the CDDP must suspend enforcement of compliance with any contract requirement under appeal by the provider until the appeal process is concluded.

(c) The Director of the Department must offer to mediate a solution in accordance with the procedure outlined in sections (1)(a) and (1)(b) of this rule.

(A) If a solution cannot be mediated, the Director of the Department shall declare an impasse through written notification to all parties and immediately appoint a panel to consider arguments from both parties. The panel must include, at a minimum:

(i) A representative from the Department;

(ii) A representative from another CDDP; and

(iii) A representative from another provider organization.

(B) The panel must meet with the parties, consider the respective arguments, and send written recommendations to the Director of the Department within 45 business days after an impasse is declared, unless the Director of the Department grants an extension.

(C) If an appeal requiring panel consideration has been received from more than one contractor, the Department may organize materials and discussion in any manner deemed necessary, including combining appeals from multiple contractors, to assist the panel in understanding the issues and operating efficiently.

(D) The Director of the Department must notify all parties of his or her decision within 15 business days from the receipt of the recommenda-

tions of the panel. The decision of the Department is final. The CDDP must take immediate action to amend contracts as needed to comply with the decision.

(d) Notwithstanding subsection (c) of this section, the Director of the Department has the right to deny the appeal or a portion of the appeal if, upon receipt and review of the notice of appeal, the Director of the Department finds that the contract language being contested is identical to the current language in the county financial assistance agreement with the Department.

(e) The CDDP or the contractor may request an expedited appeal process that provides a temporary resolution if it can be shown that the time needed to follow procedures to reach a final resolution would cause imminent risk of serious harm to individuals or organizations.

(A) The request must be made in writing to the Director of the Department. The request must describe the potential harm and level of risk that shall be incurred by following the appeal process.

(B) The Department must notify all parties of the decision to approve an expedited appeal process within two business days.

(C) If an expedited process is approved, the Department shall notify all parties of the decision concerning the dispute within three additional business days. The decision resulting from an expedited appeal process shall be binding, but temporary, pending completion of the appeal process. All parties must act according to the temporary decision until notified of a final decision.

### Individual Complaints, Notification of Planned Action, and Hearings

(1) INDIVIDUAL COMPLAINTS.

(a) The CDDP must have and implement written policies and procedures for individual complaints in accordance with OAR 411-318-0015.

(b) Complaints by or on behalf of individuals must be addressed in accordance with OAR 411-318-0015.

(c) Upon entry into case management and request and annually thereafter, the policy and procedures for complaints must be explained and provided to an individual and the legal or designated representative of the individual (as applicable).

(2) NOTIFICATION OF PLANNED ACTION. In the event that a developmental disability service is denied, reduced, suspended, or terminated, a written advance Notification of Planned Action (form SDS 0947) must be provided as described in OAR 411-318-0020.

(3) HEARINGS.

(a) Hearings must be addressed in accordance with ORS chapter 183 and OAR 411-318-0025.

(b) An individual may request a hearing as provided in ORS chapter 183 and OAR 411-318-0025 for a denial, reduction, suspension, or termination of a developmental disability service or OAR 411-318-0030 for an involuntary reduction, transfer, or exit.

(c) Upon entry into case management and request and annually thereafter, a notice of hearing rights and the policy and procedures for hearings must be explained and provided to an individual and the legal or designated representative of the individual (as applicable).

### Program Review

(1) The Department may review the CDDP implementation of these rules as provided in OAR 411-320-0180 at least every two years or more frequently as needed to ensure compliance.

(2) Following a Department review, the Department shall issue a report to the CDDP identifying areas of compliance and areas in need of improvement.

(3) If, following a review, the CDDP is not in substantial compliance with these rules, the CDDP must respond to a plan of improvement within 45 days from the receipt of the plan of improvement or in the time specified by the Department. The Department may conduct additional reviews as

# ADMINISTRATIVE RULES

necessary to ensure improvement measures have been achieved. The Department may offer, or the CDDP may request, technical assistance or training.

### Variations

(1) A variance that does not adversely impact the welfare, health, safety, or rights of individuals or violate state or federal laws may be granted to the CDDP if there is a lack of resources to meet the standards required in these rules and the alternative services, methods, concepts, or procedures proposed shall result in services or systems that meet or exceed the standards in these rules. All variances must be submitted to the Department and approved by the Department prior to implementation.

(2) The CDDP requesting a variance must submit a written application to the Department that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) A description of the alternative practice, service, method, concept, or procedure proposed, including how the health and safety of individuals receiving services shall be protected to the extent required by these rules;

(d) A plan and timetable for compliance with the section of the rule from which the variance is sought; and

(e) Signed documentation from the CDDP reflecting the justification for the proposed variance.

(3) The request for a variance is approved or denied by the Department. The decision of the Department is sent to the CDDP within 45 days from the receipt of the variance request by the Department.

(4) The CDDP may request an administrator review of the denial of a variance request by sending a written request for review to the Director. The decision of the Director is the final response from the Department.

(5) The Department determines the duration of the variance.

(6) The CDDP may implement a variance only after written approval from the Department. The intergovernmental agreement is amended to the extent that the variance changes a term in that agreement.

**Subject:** The Department of Human Services (Department), Office of Developmental Disability Services is permanently updating the rules in:

ORAR chapter 411, division 323 for agency certification and endorsement to provide services to individuals with intellectual or developmental disabilities in community-based settings;

ORAR chapter 411, division 325 for 24-hour residential settings for individuals with intellectual or developmental disabilities; and

ORAR chapter 411, division 328 for supported living settings for individuals with intellectual or developmental disabilities.

The updated rules:

Make permanent temporary rule language that became effective on July 1, 2014;

Update the Medicaid eligibility criteria, remove crisis eligibility requirements, and incorporate service eligibility requirements related to the transfer of assets in accordance with ORAR 461-140-0210 to 461-140-0300;

Implement Senate Bill 22 by updating the rights of individuals and providing a consistent dispute resolution process;

Incorporate the requirement for individuals of working age to have a Career Development Plan attached to their Individual Support Plan (ISP);

Align the supported living services rules for behavior support services with the rules for 24-hour residential services by updating the requirements for documenting and reporting occurrences of injury, accidents, acts of physical aggression, protective physical intervention, or unusual incidents;

Incorporate the general definitions in ORAR 411-317-0000, update the definitions to reflect correct terminology, and include definitions for terms created by the proposed rulemaking;

Remove references to proctor care services;

Update provider qualifications and personnel requirements;

Reflect new Department terminology and current practice; and

Correct formatting and punctuation.

## 411-323-0010

### Statement of Purpose

(1) The rules in ORAR chapter 411, division 323 prescribe standards, responsibilities, and procedures for agencies to obtain a certificate and endorsement in order to provide person-centered services to individuals with intellectual or developmental disabilities in a community-based service setting as described in:

(a) ORAR chapter 411, division 325 for 24-hour residential settings;

(b) ORAR chapter 411, division 328 for supported living settings; and

(c) ORAR chapter 411, division 345 for employment.

(2) To provide person-centered services to individuals with intellectual or developmental disabilities in the community-based service settings described in section (1) of this rule, agencies must have:

(a) A certificate to provide Medicaid services in the state of Oregon as described in ORAR 411-323-0030;

(b) Endorsement for each service setting as described in ORAR 411-323-0035;

(c) A Medicaid Agency Identification Number assigned by the Department as described in ORAR chapter 411, division 370; and

(d) For each licensed site or geographic location where direct services are to be delivered, a Medicaid Performing Provider Number assigned by the Department as described in ORAR chapter 411, division 370.

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in ORAR 411-317-0000 apply to the rules in ORAR chapter 411, division 323:

(1) “24-Hour Residential Setting” means a comprehensive residential home licensed by the Department under ORS 443.410 to provide residential care and training to individuals with intellectual or developmental disabilities.

(2) “Abuse” means:

(a) For a child:

(A) “Abuse” as defined in ORS 419B.005; and

## ADMINISTRATIVE RULES

(B) "Abuse" as defined in OAR 407-045-0260 when a child resides in a 24-hour residential setting licensed by the Department as described in OAR chapter 411, division 325.

(b) For an adult, "abuse" as defined in OAR 407-045-0260.

(3) "Abuse Investigation" means the reporting and investigation activities as required by OAR 407-045-0300 and any subsequent services or supports necessary to prevent further abuse as required by OAR 407-045-0310.

(4) "Adult" means an individual who is 18 years or older with an intellectual or developmental disability.

(5) "Agency" means a public or private community agency or organization that is approved by the Department to provide services to individuals with intellectual or developmental disabilities in a community-based service setting.

(6) "Applicant" means a person, agency, corporation, or governmental unit who applies for certification and endorsement to operate an agency providing services to individuals with intellectual or developmental disabilities in a community-based service setting.

(7) "Audit" means an inspection completed by a Certified Public Accountant using standards and accepted practices of accounting activities to ensure all state and federal funds are expended for the purpose the funds were contracted and intended for without fraudulent activity.

(8) "Audit Review" means a Certified Public Accountant, without applying comprehensive audit procedures, assesses the standards and accepted practices of accounting activities and ensures the accounting activities are in conformity with generally accepted accounting principles.

(9) "Board of Directors" means the group of people formed to set policy and give directions to an agency designed to provide services to individuals with intellectual or developmental disabilities in a community-based service setting. A board of directors may include local advisory boards used by multi-state organizations.

(10) "CDDP" means "community developmental disability program" as defined in OAR 411-320-0020.

(11) "Certificate" means the document issued by the Department to an agency that certifies the agency is eligible to receive state funds for the provision of services in an endorsed service setting.

(12) "Chemical Restraint" means the use of a psychotropic drug or other drugs for punishment or to modify behavior in place of a meaningful behavior or treatment plan.

(13) "Child" means an individual who is less than 18 years of age that has a provisional determination of an intellectual or developmental disability.

(14) "Choice" means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.

(15) "Complaint" means "complaint" as defined in OAR 411-318-0005.

(16) "Complaint Investigation" means the investigation of a complaint that has been made to a proper authority that is not covered by an abuse investigation.

(17) "Condition" means a provision attached to:

(a) A new or existing certificate that limits or restricts the scope of the certificate or imposes additional requirements on the certified agency; or

(b) A new or existing endorsement that limits or restricts the scope of program services or imposes additional requirements on the certified agency.

(18) "Denial" means the refusal of the Department to issue:

(a) A certificate to operate an agency because the Department has determined the agency is not in compliance with these rules or the corresponding program rules; or

(b) An endorsement for an agency to provide program services because the Department has determined the agency is not in compliance with these rules or the corresponding program rules.

(19) "Department" means the Department of Human Services.

(20) "Designated Representative" means any adult, such as a parent, family member, guardian, advocate, or other person, who is chosen by an individual or the legal representative of the individual, not a paid provider for the individual, and authorized by the individual or the legal representative of the individual to serve as the representative of the individual or the legal representative of the individual in connection with the provision of

funded supports. An individual or a legal representative of the individual is not required to appoint a designated representative.

(21) "Developmental Disability" means "developmental disability" as defined in OAR 411-320-0020 and described in 411-320-0080.

(22) "Director" means the Director of the Department of Human Services, Office of Developmental Disability Services or Office of Licensing and Regulatory Oversight, or the designee of the Director.

(23) "Endorsement" means the authorization to provide program services issued by the Department to a certified agency that has met the qualification criteria outlined in these rules and the corresponding program rules.

(24) "Executive Director" means the person designated by a board of directors or corporate owner of an agency that is responsible for the administration of the services provided by the agency.

(25) "Founded Report" means the determination by the Department or Law Enforcement Authority, based on the evidence, that there is reasonable cause to believe that conduct in violation of the child abuse statutes or rules has occurred and such conduct is attributable to the person alleged to have engaged in the conduct.

(26) "Guardian" means the parent for an individual less than 18 years of age or the person or agency appointed and authorized by a court to make decisions about services for an individual.

(27) "Independence" means the extent to which an individual exerts control and choice over his or her own life.

(28) "Individual" means a child or an adult with an intellectual or developmental disability applying for, or determined eligible for Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and exercise the rights of the individual.

(29) "Informal Conference" means the discussion between the Department and an applicant or an agency that is held prior to a hearing to address any matters pertaining to the hearing. An administrative law judge does not participate in an informal conference. The informal conference may result in resolution of the issue.

(30) "Integration" as defined in ORS 427.005 means:

(a) Use by individuals with intellectual or developmental disabilities of the same community resources used by and available to other people;

(b) Participation by individuals with intellectual or developmental disabilities in the same community activities in which people without disabilities participate, together with regular contact with people without disabilities; and

(c) Residence by individuals with intellectual or developmental disabilities in homes or home-like settings that are in proximity to community resources, together with regular contact with people without disabilities in their community.

(31) "Intellectual Disability" means "intellectual disability" as defined in OAR 411-320-0020 and described in OAR 411-320-0080.

(32) "ISP" means "Individual Support Plan". An ISP includes the written details of the supports, activities, and resources required for an individual to achieve and maintain personal goals and health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering that is driven by the individual. The ISP reflects services and supports that are important for the individual to meet the needs of the individual identified through a functional needs assessment as well as the preferences of the individual for providers, delivery, and frequency of services and supports. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, the Community First Choice state plan, natural supports, or alternative resources.

(33) "ISP Team" means a team composed of an individual receiving services and the legal or designated representative of the individual (as applicable), services coordinator, and others chosen by the individual, such as providers and family members.

(34) "Legal Representative" means a person who has the legal authority to act for an individual.

(a) For a child, the legal representative is the parent of the child unless a court appoints another person or agency to act as the guardian of the child.

(b) For an adult, the legal representative is the attorney at law who has been retained by or for the adult, the power of attorney for the adult, or the person or agency authorized by a court to make decisions about services for the adult.

(35) "Mandatory Reporter":

(a) Means any public or private official as defined in OAR 407-045-0260 who:

# ADMINISTRATIVE RULES

(A) Comes in contact with a child with or without an intellectual or developmental disability and has reasonable cause to believe the child has suffered abuse, or comes in contact with any person whom the public or private official has reasonable cause to believe abused a child, regardless of whether or not the knowledge of the abuse was gained in the official capacity of the public or private official.

(B) While acting in an official capacity, comes in contact with an adult with an intellectual or developmental disability and has reasonable cause to believe the adult has suffered abuse, or comes in contact with any person whom the public or private official has reasonable cause to believe abused an adult.

(b) Nothing contained in ORS 40.225 to 40.295 affects the duty to report imposed by this definition, except that a psychiatrist, psychologist, clergy, attorney, or guardian ad litem appointed under ORS 419B.231 is not required to report if the communication is privileged under ORS 40.225 to 40.295.

(36) “Mechanical Restraint” means any mechanical device, material, object, or equipment attached or adjacent to the body of an individual that the individual cannot easily remove or easily negotiate around and that restricts freedom of movement or access to the body of the individual.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.

(42) “Positive Behavioral Theory and Practice” means a proactive approach to behavior and behavior interventions that:

(a) Emphasizes the development of functional alternative behavior and positive behavior intervention;

(b) Uses the least intrusive intervention possible;

(c) Ensures that abusive or demeaning interventions are never used; and

(d) Evaluates the effectiveness of behavior interventions based on objective data.

(43) “Productivity” as defined in ORS 427.005 means regular engagement in income-producing work, preferable competitive employment with supports and accommodations to the extent necessary, by an individual that is measured through improvements in income level, employment status, or job advancement or engagement by an individual in work contributing to a household or community.

(44) “Program Rules” mean the rules in:

(a) OAR chapter 411, division 325 for 24-hour residential settings;

(b) OAR chapter 411, division 328 for supported living settings; and

(c) OAR chapter 411, division 345 for employment.

(45) “Program Services” mean the person-centered services provided in a community-based setting as described in:

(a) OAR chapter 411, division 325 for 24-hour residential settings;

(b) OAR chapter 411, division 328 for supported living settings; and

(c) OAR chapter 411, division 345 for employment.

(46) “Protective Services” mean the necessary actions offered to an individual as soon as possible to prevent subsequent abuse or exploitation of an individual, to prevent self-destructive acts, and to safeguard the person, property, and funds of the individual.

(47) “Protective Physical Intervention” means any manual physical holding of, or contact with, an individual that restricts freedom of movement.

(48) “Provider” means a public or private community agency or organization that provides recognized developmental disability services and is certified and endorsed by the Department to provide these services under these rules and the rules in OAR chapter 411, division 323.

(49) “Revocation” means the action taken by the Department to rescind:

(a) A certificate to operate an agency after the Department has determined that the agency is not in compliance with these rules or the corresponding program rules; or

(b) An endorsement for an agency to provide program services after the Department has determined that the agency is not in compliance with these rules or the corresponding program rules.

(50) “Services Coordinator” means “services coordinator” as defined in OAR 411-320-0020.

(51) “Service Setting” means the community-based settings as described in:

(a) OAR chapter 411, division 325 for 24-hour residential settings;

(b) OAR chapter 411, division 328 for supported living settings; and

(c) OAR chapter 411, division 345 for employment.

(52) “Staff” means a paid employee responsible for providing services to an individual whose wages are paid in part or in full with funds sub-contracted with the CDDP or contracted directly through the Department.

(53) “Substantiated” means an abuse investigation has been completed by the Department or the designee of the Department and the preponderance of the evidence establishes the abuse occurred.

(54) “Suspension” means an immediate temporary withdrawal of the:

(a) Certificate to operate an agency after the Department determines that the agency is not in compliance with these rules or the corresponding program rules; or

(b) Endorsement for an agency to provide program services after the Department determines that the agency is not in compliance with these rules or the corresponding program rules.

(55) “These Rules” mean the rules in OAR chapter 411, division 323.

(56) “Unacceptable Background Check” means an administrative process that produces information related to the background of an agency that precludes the agency from being certified or endorsed for one or more of the following reasons:

(a) Under OAR 407-007-0275, the agency or any person holding 5 percent or greater ownership interest in the agency has been found ineligible due to ORS 443.004; or

(b) A background check and fitness determination has been conducted resulting in a “denied” status as defined in OAR 407-007-0210.

(57) “Variance” means a temporary exception from a regulation or provision of these rules that may be granted by the Department upon written application by the agency.

# ADMINISTRATIVE RULES

## 411-323-0030

### Certification

(1) **CERTIFICATION.** A person, agency, or governmental unit acting individually or jointly with any other person, agency, or governmental unit intending to provide program services as defined in OAR 411-323-0020 must be certified by the Department under these rules before establishing, conducting, maintaining, managing, or operating an agency.

(a) Certificates are not transferable.

(b) The Department issues or renews a certificate to an agency found to be in compliance with these rules and the corresponding program rules. The certificate is effective for five years from the date issued unless sooner revoked or suspended.

(c) If an agency fails to provide complete, accurate, and truthful information during the application or renewal process, the Department may delay initial certification, deny the application, or revoke or refuse to renew the application for certification.

(d) For the purpose of certification, any applicant or person with an ownership interest in an agency is considered responsible for acts occurring during, and relating to, the operation of the agency.

(e) The Department may consider the background and operating history of the applicant and each person with an ownership interest when determining whether to issue or renew a certificate.

(f) A review of the agency is conducted by the Department prior to the issuance or renewal of a certificate.

(2) **CURRENT AGENCY CERTIFICATION.**

(a) All agencies providing program services as of July 1, 2011 are certified for five years unless the certificate is sooner revoked or suspended.

(b) Agencies licensed or certified under OAR chapter 411, division 054 for residential care and assisted living facilities, OAR chapter 309, division 035 for residential treatment facilities for people who are mentally or emotionally disturbed, OAR chapter 413, division 215 for child welfare private child caring agencies, or OAR chapter 416, division 550 for youth offender treatment foster care do not require additional certification as an agency under these rules to provide program services. Current license or certification is considered sufficient demonstration of ability to:

(A) Recruit, hire, supervise, and train qualified staff;

(B) Provide services according to an ISP; and

(C) Develop and implement operating policies and procedures required for managing an agency and delivering services, including provisions for safeguarding individuals receiving services.

(3) **INITIAL CERTIFICATION.** Notwithstanding section (2) of this rule, an applicant intending to provide program services as defined in OAR 411-323-0020 must apply for an initial certificate and demonstrate to the satisfaction of the Department that the applicant is in compliance with these rules and the corresponding program rules.

(a) The applicant must submit an application to the Department at least 90 days prior to the proposed date of provision of program services to individuals. The completed application must be on a form provided by the Department and must include all information requested by the Department.

(b) At a minimum, the applicant must provide:

(A) A copy of any management agreements or contracts relative to the operation and ownership of the agency;

(B) A financial plan that includes financial statements indicating capital and the financial plan developed to assure sustainability, partnerships, loans, and any other financial assistance; or

(C) As required by 42 CFR 455.104, the name, date of birth, and social security number for each person currently serving as the Board of Directors for the agency, and as changes are made.

(c) The applicant must develop a plan identifying the scope of program services the applicant intends to provide and request endorsement for each program service as described in OAR 411-323-0035.

(d) The applicant must demonstrate proof of liability and operational insurance coverage.

(A) The agency must, at the expense of the agency, maintain in effect with respect to all occurrences taking place during the certification period, liability and operational insurance as described in the contract the agency has with the Department including, but not limited to, automobile liability insurance, comprehensive or commercial general liability insurance, and workers' compensation coverage if required.

(B) The agency must name the State of Oregon, Department of Human Services and the divisions, officers, and employees of the Department as additionally insured on any insurance policies required by their contract with respect to agency activities being performed under the certification of the agency. Such insurance must be issued by an insurance

company licensed to do business in the state of Oregon and must contain a 30 day notice of cancellation endorsement.

(C) The agency must forward certificates of insurance indicating coverage to the Department as required by this rule.

(D) In the event of unilateral cancellation or restriction by the insurance company of any insurance coverage required by their contract, the agency must immediately notify the Department orally of the cancellation or restriction and must confirm the cancellation or restriction in writing within three days of receiving notification from the insurance company.

(4) **CERTIFICATE RENEWAL.**

(a) To renew a certificate, the agency must:

(A) Submit an application to the Department at least 90 days prior to the expiration date of the existing certificate for the agency. The completed application must be on a form provided by the Department and must include all information requested by the Department. At a minimum, the agency must provide:

(i) A copy of any management agreements or contracts relative to the operation and ownership of the agency;

(ii) A financial plan that includes audits for the last two years as described in section (5) of this rule; and

(iii) As required by 42 CFR 455.104, the name, date of birth, and social security number for each person currently serving as the Board of Directors for the agency, and as changes are made.

(B) Identify the scope of program services the agency provides and provide proof of endorsement for each program service as described in OAR 411-323-0035;

(C) Demonstrate to the satisfaction of the Department that the agency is in compliance with these rules and the corresponding program rules; and

(D) Demonstrate proof of continued liability and operational insurance coverage as described in section (3)(d) of this rule.

(b) An application for renewal filed with the Department before the date of expiration extends the effective date of the existing certificate until the Department takes action upon the application for renewal.

(c) If the renewal application is not submitted to the Department prior to the date the certificate expires, the agency is considered a non-certified Medicaid agency and is subject to termination of their Medicaid Agency Identification Number.

(5) **FINANCIAL AUDITS.** Agencies certified and endorsed to provide program services must obtain an audit at least once during the biennium. On alternating years, the agency may obtain an audit review as defined in OAR 411-323-0020 or another financial audit. The audit or the audit review must be submitted to the Department within 90 days of the end of the fiscal year.

(6) **CERTIFICATE EXPIRATION.** Unless revoked, suspended, or terminated earlier, each certificate to operate as a Medicaid agency expires five years following the date of issuance.

(7) **CERTIFICATE TERMINATION.** The certificate automatically terminates on the date agency operation is discontinued or if there is a change in ownership.

(8) **RETURN OF CERTIFICATE.** The certificate must be returned to the Department immediately upon suspension or revocation of the certificate or when agency operation is discontinued.

(9) **CHANGE OF OWNERSHIP, LEGAL ENTITY, LEGAL STATUS, OR MANAGEMENT CORPORATION.**

(a) The agency must notify the Department in writing of any pending change in the ownership, legal entity, legal status, or management corporation of the agency.

(b) A new certificate is required upon a change in the ownership, legal entity, legal status, or management corporation of the agency. The agency must submit an application as described in section (3) of this rule to the Department at least 30 days prior to a change in ownership, legal entity, legal status, or management corporation.

(10) **CERTIFICATE ADMINISTRATIVE SANCTION.** An administrative sanction may be imposed for non-compliance with these rules. An administrative sanction on a certificate includes one or more of the following actions:

(a) A condition as described in section (11) of this rule;

(b) Denial, revocation, or refusal to renew a certificate as described in section (12) of this rule; or

(c) Immediate suspension of a certificate as described in section (13) of this rule.

(11) **CERTIFICATE CONDITIONS.**

(a) The Department may attach conditions to a certificate that limit, restrict, or specify other criteria for operation of the agency. The type of

# ADMINISTRATIVE RULES

condition attached to a certificate must directly relate to the risk of harm or potential risk of harm to individuals.

(b) The Department may attach a condition to a certificate upon a finding that:

(A) Information on the application or initial inspection requires a condition to protect the health, safety, or welfare of individuals;

(B) A threat to the health, safety, or welfare of an individual exists;

(C) There is reliable evidence of abuse, neglect, or exploitation; or

(D) The agency is not being operated in compliance with these rules or the corresponding program rules.

(c) Conditions that the Department may impose on a certificate include, but are not limited to:

(A) Restricting the total number of individuals to whom an agency may provide services;

(B) Restricting the total number of individuals to whom an agency may provide program services based upon the capability and capacity of the agency and staff to meet the health and safety needs of all individuals;

(C) Restricting the type of support and services the agency may provide to individuals based upon the capability and capacity of the agency and staff to meet the health and safety needs of all individuals;

(D) Requiring additional staff or staff qualifications;

(E) Requiring additional training;

(F) Restricting the agency from allowing a person on the premises who may be a threat to the health, safety, or welfare of an individual;

(G) Requiring additional documentation; or

(H) Restricting admissions.

(d) **NOTICE OF CERTIFICATE CONDITIONS.** The Department issues a written notice to the agency when the Department imposes conditions on the certificate of the agency. The written notice of certificate conditions includes the conditions imposed by the Department, the reason for the conditions, and the opportunity to request a hearing under ORS chapter 183. Conditions take effect immediately upon issuance of the written notice of certificate conditions or at a later date as indicated on the notice and are a Final Order of the Department unless later rescinded through the hearing process. The conditions imposed remain in effect until the Department has sufficient cause to believe the situation that warranted the condition has been remedied.

(e) **HEARING.** The agency may request a hearing in accordance with ORS chapter 183 and this rule upon receipt of written notice of certificate conditions. The request for a hearing must be in writing.

(A) The agency must request a hearing within 21 days from the receipt of the written notice of certificate conditions.

(B) In addition to, or in-lieu of a hearing, an agency may request an administrative review as described in section (14) of this rule. The request for an administrative review must be in writing. The administrative review does not diminish the right of the agency to a hearing.

(f) The agency may send a written request to the Department to remove a condition if the agency believes the situation that warranted the condition has been remedied.

(g) Conditions must be posted with the certificate in a prominent location and be available for inspection at all times.

(12) **CERTIFICATE DENIAL, REFUSAL TO RENEW, OR REVOCATION.**

(a) The Department may deny, refuse to renew, or revoke a certificate when the Department finds the agency or any person holding 5 percent or greater ownership interest in the agency:

(A) Demonstrates substantial failure to comply with these rules or the corresponding program rules such that the health, safety, or welfare of individuals is jeopardized and the agency fails to correct the non-compliance within 30 days from the receipt of written notice of non-compliance;

(B) Has demonstrated a substantial failure to comply with these rules or the corresponding program rules such that the health, safety, or welfare of individuals is jeopardized;

(C) Has been convicted of any crime that would have resulted in an unacceptable background check upon hiring or authorization of program services;

(D) Has been convicted of a misdemeanor associated with the operation of an agency or program services;

(E) Falsifies information required by the Department to be maintained or submitted regarding program services, agency finances, or funds belonging to the individuals;

(F) Has been found to have permitted, aided, or abetted any illegal act that has had significant adverse impact on individual health, safety, or welfare; or

(G) Has been placed on the current Centers for Medicare and Medicaid Services list of excluded or debarred providers maintained by the Office of the Inspector General.

(b) **NOTICE OF CERTIFICATE DENIAL, REVOCATION, OR REFUSAL TO RENEW.** The Department may issue a notice of denial, refusal to renew, or revocation of a certificate following a Department finding that there is a substantial failure to comply with these rules or the corresponding program rules such that the health, safety, or welfare of individuals is jeopardized, or that one or more of the events listed in subsection (a) of this section has occurred.

(c) **HEARING.** An applicant for a certificate or a certified agency, as applicable, may request a hearing in accordance with ORS chapter 183, this rule, and ORS 443.440 for a 24-hour residential setting, upon written notice from the Department of denial, refusal to renew, or revocation of a certificate. The request for a hearing must be in writing.

(A) **DENIAL.** The applicant must request a hearing within 60 days from the receipt of the written notice of denial.

(B) **REFUSAL TO RENEW.** The agency must request a hearing within 60 days from the receipt of the written notice of refusal to renew.

(C) **REVOCATION.**

(i) Notwithstanding subsection (ii) of this section, the agency must request a hearing within 21 days from the receipt of the written notice of revocation.

(I) In addition to, or in-lieu of a hearing, the agency may request an administrative review as described in section (14) of this rule. The request for an administrative review must be in writing.

(II) The administrative review does not diminish the right of the agency to a hearing.

(ii) **24-HOUR RESIDENTIAL SETTINGS.** An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 must request a hearing within 10 days from the receipt of the written notice of revocation.

(13) **IMMEDIATE SUSPENSION OF CERTIFICATE.**

(a) When the Department finds a serious and immediate threat to individual health and safety and sets forth the specific reasons for such findings, the Department may, by written notice to the agency, immediately suspend a certificate without a pre-suspension hearing and the agency may not continue operating.

(b) **HEARING.** The agency may request a hearing in accordance with ORS Chapter 183, this rule, and 443.440 for a 24-hour residential setting, upon written notice from the Department of the immediate suspension of the certificate. The request for a hearing must be in writing.

(A) Notwithstanding subsection (B) of this section, the agency must request a hearing within 21 days from the receipt of the written notice of suspension.

(i) In addition to, or in-lieu of a hearing, the agency may request an administrative review as described in section (14) of this rule. The request for an administrative review must be in writing.

(ii) The administrative review does not diminish the right of the agency to a hearing.

(B) **24-HOUR RESIDENTIAL SETTINGS.** An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 must request a hearing within 10 days from the receipt of the written notice of suspension.

(14) **ADMINISTRATIVE REVIEW.**

(a) Notwithstanding subsection (b) of this section, the agency, in addition to the right to a hearing, may request an administrative review. The request for an administrative review must be in writing.

(b) **24-HOUR RESIDENTIAL SETTINGS.** An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 may not request an administrative review for revocation or suspension. An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 may request an administrative review for imposition of conditions.

(c) The Department must receive a written request for an administrative review within 10 business days from the receipt of the notice of suspension, revocation, or imposition of conditions. The agency may submit, along with the written request for an administrative review, any additional written materials the agency wishes to have considered during the administrative review.

(d) The determination of the administrative review is issued in writing within 10 business days from the receipt of the written request for an administrative review, or by a later date as agreed to by the agency.

(e) The agency, notwithstanding subsection (b) of this section, may request a hearing if the decision of the Department is to affirm the suspen-

# ADMINISTRATIVE RULES

sion, revocation, or condition. The request for a hearing must be in writing. The Department must receive the written request for a hearing within 21 days from the receipt of the original written notice of suspension, revocation, or imposition of conditions.

(15) **INFORMAL CONFERENCE.** Unless an administrative review has been completed as described in section (14) of this rule, an applicant or agency requesting a hearing may have an informal conference with the Department.

## 411-323-0035

### Endorsement

(1) **ENDORSEMENT REQUIRED.** A person, agency, or governmental unit acting individually or jointly with any other person, agency, or governmental unit intending to provide program services as defined in OAR 411-323-0020 must be endorsed by the Department under these rules before establishing, conducting, maintaining, managing, or operating a service setting.

(a) Endorsements are not transferable or applicable to any other service setting. Separate endorsements are required for each program service provided by a certified agency. A certified agency intending to provide additional program services once initial endorsement has been issued must apply for an additional endorsement as described in section (3) of this rule.

(b) Each geographic location where program services are provided must be reported by the agency to the Department and to the corresponding CDDP of the geographic location as described in this rule.

(c) The Department issues or renews an endorsement to a certified agency found to be in compliance with these rules and the corresponding program rules. The effective date for each endorsement corresponds with the effective date for the certification of the agency unless sooner revoked or suspended.

(d) If a certified agency fails to provide complete, accurate, and truthful information during the application or renewal process, the Department may delay initial endorsement, deny the application, or revoke or refuse to renew the endorsement for program services.

(e) For the purpose of endorsement, any applicant or person with an ownership interest in a certified agency is considered responsible for acts occurring during, and relating to, the operation of the agency.

(f) The Department may consider the background and operating history of the applicant and each person with an ownership interest when determining whether to issue or renew an endorsement.

(g) A review of the certified agency is conducted by the Department prior to the issuance or renewal of an endorsement.

### (2) CURRENT AGENCY ENDORSEMENT.

(a) All certified agencies providing program services as of July 1, 2011 are endorsed for five years for the program services being provided as of July 1, 2011 unless the endorsement is sooner revoked or suspended.

(b) A certified agency intending to provide additional program services after July 1, 2011 must apply for endorsement as described in section (3) of this rule.

(c) Agencies licensed or certified under OAR chapter 411, division 054 for residential care and assisted living facilities, OAR chapter 309, division 035 for residential care treatment facilities for individuals who are mentally or emotionally disturbed, OAR chapter 413, division 215 for child welfare private child caring agencies, or OAR chapter 416, division 550 for youth offender treatment foster care do not require additional endorsement as an agency under these rules to provide program services.

### (3) INITIAL ENDORSEMENT.

(a) Notwithstanding section (2) of this rule, a certified agency intending to provide program services as defined in OAR 411-323-0020 must apply for initial endorsement and demonstrate to the satisfaction of the Department that the agency is in compliance with these rules and the corresponding program rules.

(b) The certified agency must submit an application to the Department at least 90 days prior to providing program services that identifies the program services that the certified agency intends to provide and all geographic locations where program services are to be provided.

(A) The completed application must be on a form provided by the Department and must include all information requested by the Department.

(B) Each licensed site or geographic location where direct services are to be delivered must be assigned a Medicaid Performing Provider Number by the Department as described in OAR chapter 411, division 370.

### (4) ENDORSEMENT RENEWAL.

(a) To renew endorsement, the certified agency must:

(A) Submit an application to the Department at least 90 days prior to the expiration date of the existing endorsement for the certified agency. The completed application must identify the program services that the certified agency provides and all geographic locations where program services are provided. The completed application must be on a form provided by the Department and must include all information requested by the Department.

(B) Demonstrate to the satisfaction of the Department that the certified agency is in compliance with these rules and the corresponding program rules.

(b) Only existing program services are endorsed on renewal. A certified agency requesting to provide additional program services must apply for initial endorsement as described in section (3) of this rule.

(c) An application for renewal filed with the Department before the date of expiration extends the effective date of the existing endorsement until the Department takes action upon the application for renewal.

(d) A certified agency may not provide program services if a renewal application is not submitted to the Department prior to the date the endorsement expires.

(e) Renewal of endorsements for program services is contingent upon the successful renewal of the certificate of the agency.

(5) **EXISTING ENDORSEMENT — ADDING A GEOGRAPHIC LOCATION.** Adding a geographic location to an existing endorsement must be reported by the agency to the Department and to the corresponding CDDP of the geographic location. The agency must report the additional geographical location on a form provided by the Department at least 30 days prior to providing program services at the additional geographic location.

(6) **ENDORSEMENT EXPIRATION.** Unless revoked, suspended, or terminated earlier, the effective date of each endorsement corresponds with the effective date of the certification of the agency.

(7) **ENDORSEMENT TERMINATION.** Endorsement automatically terminates on the date program services are discontinued or agency certification is terminated.

(8) **CHANGE OF CERTIFICATION.** New endorsement is required upon a change of the certification of an agency. The recertified agency must submit an application for endorsement as described in section (3) of this rule to the Department at least 30 days prior to a change of the certification of the agency including, but not limited to, a change in ownership, legal entity, legal status, or management corporation.

(9) **ENDORSEMENT ADMINISTRATIVE SANCTION.** An administrative sanction may be imposed for non-compliance with these rules. An administrative sanction on an endorsement includes one or more of the following actions:

(a) A condition as described in section (10) of this rule;

(b) Denial, revocation, or refusal to renew an endorsement as described in section (11) of this rule; or

(c) Immediate suspension of an endorsement as described in section (12) of this rule.

### (10) ENDORSEMENT CONDITIONS.

(a) The Department may attach conditions to an endorsement that limit, restrict, or specify other criteria for program services. The type of condition attached to an endorsement must directly relate to a risk of harm or potential risk of harm to individuals.

(b) The Department may attach a condition to an endorsement upon a finding that:

(A) Information on the application or initial inspection requires a condition to protect the health, safety, or welfare of individuals;

(B) A threat to the health, safety, or welfare of an individual exists;

(C) There is reliable evidence of abuse, neglect, or exploitation; or

(D) The agency is not being operated in compliance with these rules or the corresponding program rules.

(c) Conditions that the Department may impose on an endorsement include, but are not limited to:

(A) Restricting the total number of individuals to whom an agency may provide services;

(B) Restricting the total number of individuals to whom an agency may provide program services based upon the capability and capacity of the agency and staff to meet the health and safety needs of all individuals;

(C) Restricting the type of support and services the agency may provide to individuals based upon the capability and capacity of the agency and staff to meet the health and safety needs of all individuals;

(D) Requiring additional staff or staff qualifications;

(E) Requiring additional training;

# ADMINISTRATIVE RULES

(F) Restricting the agency from allowing a person on the premises who may be a threat to the health, safety, or welfare of an individual;

(G) Requiring additional documentation; or

(H) Restricting admissions.

(d) **NOTICE OF ENDORSEMENT CONDITIONS.** The Department issues a written notice to the agency when the Department imposes conditions on the endorsement of program services. The written notice of endorsement conditions includes the conditions imposed by the Department, the reason for the conditions, and the opportunity to request a hearing under ORS chapter 183. Conditions take effect immediately upon issuance of the written notice of conditions or at a later date as indicated on the notice and are a Final Order of the Department unless later rescinded through the hearing process. The conditions imposed remain in effect until the Department has sufficient cause to believe the situation that warranted the condition has been remedied.

(e) **HEARING.** The agency may request a hearing in accordance with ORS chapter 183 and this rule upon written notice of endorsement conditions. The request for a hearing must be in writing.

(A) The agency must request a hearing within 21 days from the receipt of the written notice of conditions.

(B) In addition to, or in lieu of a hearing, the agency may request an administrative review as described in section (13) of this rule. The request for an administrative review must be in writing. The administrative review does not diminish the right of the agency to a hearing.

(f) The agency may send a written request to the Department to remove a condition if the agency believes the situation that warranted the condition has been remedied.

(g) Conditions must be posted with the endorsement in a prominent location and be available for inspection at all times.

(11) **ENDORSEMENT DENIAL, REFUSAL TO RENEW, OR REVOCATION.**

(a) The Department may deny, refuse to renew, or revoke an endorsement when the Department finds the agency or any person holding 5 percent or greater ownership interest in the agency:

(A) Fails to maintain agency certification as described in OAR 411-323-0030;

(B) Demonstrates substantial failure to comply with these rules or the corresponding program rules such that the health, safety, or welfare of individuals is jeopardized and the agency fails to correct the non-compliance within 30 days from the receipt of the written notice of non-compliance;

(C) Has demonstrated a substantial failure to comply with these rules or the corresponding program rules such that the health, safety, or welfare of individuals is jeopardized;

(D) Has been convicted of any crime that would have resulted in an unacceptable background check upon hiring or authorization of services;

(E) Has been convicted of a misdemeanor associated with the operation of an agency or program services;

(F) Falsifies information required by the Department to be maintained or submitted regarding program services, agency finances, or funds belonging to the individuals;

(G) Has been found to have permitted, aided, or abetted any illegal act that has had significant adverse impact on individual health, safety, or welfare; or

(H) Has been placed on the list of excluded or debarred providers maintained by the Office of the Inspector General.

(b) **NOTICE OF ENDORSEMENT DENIAL, REFUSAL TO RENEW, OR REVOCATION.** The Department may issue a notice of denial, refusal to renew, or revocation of an endorsement following a Department finding that there is a substantial failure to comply with these rules or the corresponding program rules such that the health, safety, or welfare of individuals is jeopardized, or that one or more of the events listed in subsection (a) of this section has occurred.

(c) **HEARING.** An applicant for an endorsement or an endorsed agency, as applicable, may request a hearing in accordance with ORS chapter 183, this rule, and ORS 443.440 for a 24-hour residential setting, upon written notice from the Department of denial, refusal to renew, or revocation of an endorsement. The request for a hearing must be in writing.

(A) **DENIAL.** The applicant must request a hearing within 60 days from the receipt of the written notice of denial.

(B) **REFUSAL TO RENEW.** The agency must request a hearing within 60 days from the receipt of the written notice of refusal to renew.

(C) **REVOCATION.**

(i) Notwithstanding subsection (ii) of this section, the agency must request a hearing within 21 days from the receipt of the written notice of revocation.

(I) In addition to, or in lieu of a hearing, an agency may request an administrative review as described in section (13) of this rule. The request for an administrative review must be in writing.

(II) The administrative review does not diminish the right of the agency to a hearing.

(ii) **24-HOUR RESIDENTIAL SETTINGS.** An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 must request a hearing within 10 days from the receipt of the written notice of revocation.

(12) **IMMEDIATE SUSPENSION OF ENDORSEMENT.**

(a) When the Department finds a serious and immediate threat to individual health and safety and sets forth the specific reasons for such findings, the Department may, by written notice to the agency, immediately suspend an endorsement without a pre-suspension hearing and the program service may not continue operating.

(b) **HEARING.** The agency may request a hearing in accordance with ORS chapter 183, this rule, and ORS 443.440 for a 24-hour residential setting, upon written notice from the Department of the immediate suspension of the endorsement. The request for a hearing must be in writing.

(A) Notwithstanding subsection (B) of this section, the endorsed agency must request a hearing within 21 days from the receipt of the written notice of suspension.

(i) In addition to, or in-lieu of a hearing, the agency may request an administrative review as described in section (13) of this rule. The request for an administrative review must be in writing.

(ii) The administrative review does not diminish the right of the agency to a hearing.

(B) **24-HOUR RESIDENTIAL SETTINGS.** An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 must request a hearing within 10 days from the receipt of the written notice of suspension.

(13) **ADMINISTRATIVE REVIEW.**

(a) Notwithstanding subsection (b) of this section, the agency, in addition to the right to a hearing, may request an administrative review. The request for an administrative review must be in writing.

(b) **24-HOUR RESIDENTIAL SETTINGS.** An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 may not request an administrative review for revocation or suspension. An agency endorsed to provide services in a 24-hour residential setting as described in OAR chapter 411, division 325 may request an administrative review for imposition of conditions.

(c) The Department must receive a written request for an administrative review within 10 business days from the receipt of the notice of suspension, revocation, or imposition of conditions. The agency may submit, along with the written request for an administrative review, any additional written materials the agency wishes to have considered during the administrative review.

(d) The determination of the administrative review is issued in writing within 10 business days from the receipt of the written request for an administrative review, or by a later date as agreed to by the agency.

(e) The agency, notwithstanding subsection (b) of this section, may request a hearing if the decision of the Department is to affirm the suspension, revocation, or condition. The request for a hearing must be in writing. The Department must receive the written request for a hearing within 21 days from the receipt of the original written notice of suspension, revocation, or imposition of conditions.

(14) **INFORMAL CONFERENCE.** Unless an administrative review has been completed as described in subsection (13) of this rule, an applicant or agency requesting a hearing may have an informal conference with the Department.

### Inspections and Investigations

(1) Agencies certified and endorsed under these rules must allow the following types of investigations and inspections:

(a) Quality assurance, onsite inspections, and certificate renewal;

(b) Complaint investigations; and

(c) Abuse investigations.

(2) The Department, the designee of the Department, or proper authority shall perform all inspections and investigations.

(3) Any inspection or investigation may be unannounced.

# ADMINISTRATIVE RULES

(4) All documentation and written reports required by these rules must be:

(a) Open to inspection and investigation by the Department, the designee of the Department, or proper authority; and

(b) Submitted to, or be made available for review by, the Department within the time allotted.

(5) When abuse is alleged or death of an individual has occurred and a law enforcement agency, the Department, or the designee of the Department has determined to initiate an investigation, the agency may not conduct an internal investigation without prior authorization from the Department. For the purposes of this section, an "internal investigation" is defined as:

(a) Conducting interviews of the alleged victim, witness, the accused person, or any other person who may have knowledge of the facts of the abuse allegation or related circumstances;

(b) Reviewing evidence relevant to the abuse allegation, other than the initial report; or

(c) Any other actions beyond the initial actions of determining:

(A) If there is reasonable cause to believe that abuse has occurred;

(B) If the alleged victim is in danger or in need of immediate protective services;

(C) If there is reason to believe that a crime has been committed; or

(D) What, if any, immediate personnel actions must be taken to assure individual safety.

(6) The Department or the designee of the Department shall conduct abuse investigations as described in OAR 407-045-0250 to 407-045-0360 and shall complete an abuse investigation and protective services report according to OAR 407-045-0320.

(7) Upon completion of the abuse investigation by the Department, the designee of the Department, or a law enforcement agency, the agency may conduct an investigation without further Department approval to determine if any personnel actions are necessary.

(8) Upon completion of the abuse investigation and protective services report, according to OAR 407-045-0330, the sections of the report that are public records and not exempt from disclosure under the public records law shall be provided to the appropriate agency. The agency must implement the actions necessary within the deadlines listed to prevent further abuse as stated in the report.

(9) The agency must submit a plan of correction to the Department for any noncompliance found during an inspection under this rule.

### Agency Management and Personnel Practices

(1) NON-DISCRIMINATION. The agency must comply with all applicable state and federal statutes, rules, and regulations in regard to non-discrimination in employment policies and practices.

(2) BASIC PERSONNEL POLICIES AND PROCEDURES. The agency must have in place and implement personnel policies and procedures that address suspension, increased supervision, or other appropriate disciplinary employment procedures when a staff member, provider, or subcontractor, including relief providers and volunteers, has been identified as an accused person in an abuse investigation or when an allegation of abuse has been substantiated.

(3) PROHIBITION AGAINST RETALIATION. The agency or provider may not retaliate against any staff member or subcontractor including relief providers and volunteers that report in good faith suspected abuse or retaliate against the individual with respect to any report. An accused person may not self-report solely for the purpose of claiming retaliation.

(a) Any agency, provider, or person that retaliates against any person because of a report of suspected abuse or neglect is liable according to ORS 430.755 in a private action to the reporting person for actual damages and, in addition, is subject to a penalty up to \$1000, notwithstanding any other remedy provided by law.

(b) Any adverse action is evidence of retaliation if taken within 90 days of a report of abuse. For purposes of this section, "adverse action" means any action taken by an agency, provider, or person involved in a report against the person making the report or against the individual because of the report and includes, but is not limited to:

(A) Discharge or transfer from the agency, except for clinical reasons;

(B) Discharge from or termination of employment;

(C) Demotion or reduction in remuneration for program services; or

(D) Restriction or prohibition of access to the agency or the individuals receiving services by the agency.

### MANDATORY ABUSE REPORTING PERSONNEL POLICIES AND PROCEDURES.

(a) Any staff, providers, substitute caregivers, independent contractors, and volunteers are mandatory reporters.

(b) The agency must notify all staff, providers, substitute caregivers, independent contractors, and volunteers of mandatory reporting status at least annually on forms provided by the Department.

(c) The agency must provide all staff, providers, substitute caregivers, independent contractors, and volunteers with a Department produced card regarding abuse reporting status and abuse reporting requirements.

(d) Agencies providing services to adults must report suspected abuse to the CDDP where the adult resides. A report must also be made to law enforcement if there is reason to believe a crime has been committed.

(e) Agencies providing services to children must report suspected abuse to the Department or law enforcement in the county where the child resides.

(5) APPLICATION FOR EMPLOYMENT. An application for employment at the agency must inquire whether an applicant has had any founded reports of child abuse or substantiated adult abuse.

(6) BACKGROUND CHECKS. Any staff, volunteer, provider, relief care provider, crisis provider, advisor, or any subject individual defined by OAR 407-007-0210, including staff who are not identified in this rule but use public funds intended for the operation of an agency, who has or shall have contact with an individual in services, must have an approved background check in accordance with 407-007-0200 to 407-007-0370 and ORS 181.534.

(a) Effective July 28, 2009, the agency may not use public funds to support, in whole or in part, any person described above in section (6) of this rule in any capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(b) Subsection (a) of this section does not apply to agency staff who were hired prior to July 28, 2009 that remain in the current position for which the staff member was hired.

(c) Any person described above in section (6) of this rule must self-report any potentially disqualifying condition as described in OAR 407-007-0280 and OAR 407-007-0290. The person must notify the Department or the designee of the Department within 24 hours.

(7) EXECUTIVE DIRECTOR QUALIFICATIONS. The agency must be operated under the supervision of an Executive Director who has a minimum of a bachelor's degree and two years of experience, including supervision, in intellectual or developmental disabilities, mental health, rehabilitation, social services, or a related field. Six years of experience in the identified fields may be substituted for a degree.

(8) GENERAL STAFF QUALIFICATIONS. Any staff member providing services to individuals must meet the following criteria:

(a) Be at least 18 years of age;

(b) Consent to and pass a background check by the Department as described in OAR 407-007-0200 to 407-007-0370 and section (6) of this rule, and be free of convictions or founded allegations of abuse by the appropriate agency including, but not limited to, the Department;

(A) Background rechecks must be performed biannually, or as needed, if a report of criminal activity has been received by the Department.

(B) PORTABILITY OF BACKGROUND CHECK APPROVAL. A subject individual as defined in OAR 407-007-0210 may be approved for one position to work in multiple locations within the qualified entity as defined in OAR 407-007-0210. The Background Check Request form must be completed by the subject individual to show intent to work at various locations.

(c) If hired on or after July 28, 2009, not have been convicted of any of the disqualifying crimes listed in OAR 407-007-0275;

(d) Be legally eligible to work in the United States;

(e) Hold a current, valid, and unrestricted professional license or certification where services and supervision requires specific professional education, training, and skill;

(f) Understand requirements of maintaining confidentiality and safeguarding individual information;

(g) Not be on the list of excluded or debarred providers maintained by the Office of the Inspector General;

(h) Be literate and capable of understanding written and oral orders;

(i) Be able to communicate with individuals, health care providers, service coordinators, and appropriate others;

(j) Be able to respond to emergency situations at all times;

# ADMINISTRATIVE RULES

(k) Be certified in CPR and First Aid by a recognized training agency within 90 days of employment;

(l) Receive 12 hours of job-related in-service training annually;

(m) Have clear job responsibilities as described in a current signed and dated job description; and

(n) If transporting individuals, have a valid license to drive and vehicle insurance in compliance with the laws of the Department of Motor Vehicles.

(9) PERSONNEL FILES AND QUALIFICATION RECORDS. The agency must maintain up-to-date written job descriptions for all staff as well as a file available to the Department or the designee of the Department for inspection that includes written documentation of the following for each staff member:

(a) Written documentation that references and qualifications were checked;

(b) Written documentation by the Department of an approved background check as defined in OAR 407-007-0210;

(c) Written documentation of staff notification of mandatory abuse training and reporter status prior to supervising individuals and annually thereafter;

(d) Written documentation of any complaints filed against the staff member and the results of the complaint process, including, if any, disciplinary action;

(e) Written documentation of any founded report of child abuse or substantiated adult abuse;

(f) Written documentation of 12 hours of job-related in-service training annually;

(g) Documentation that the staff member has been certified in CPR and First Aid by a recognized training agency within 90 days of employment and that certification is kept current; and

(h) For staff operating vehicles that transport individuals, documentation of a valid license to drive and proof of vehicle insurance in compliance with the laws of the Department of Motor Vehicles.

(10) DISSOLUTION OF AN AGENCY. A representative of the governing body or owner of an agency must notify the Department in writing 30 days prior to the dissolution of the agency and make appropriate arrangements for the transfer of individual records.

### Policies and Procedures

#### (1) INDIVIDUAL RIGHTS.

(a) The agency must have and implement written policies and procedures that protect the rights of individuals described in subsection (d) of this section and encourage and assist individuals to understand and exercise these rights.

(b) Upon entry and request and annually thereafter, the individual rights described in subsection (d) of this section must be provided to an individual and the legal or designated representative of the individual.

(c) The individual rights described in this rule apply to all individuals eligible for or receiving developmental disability services. A parent or guardian may place reasonable limitations on the rights of a child.

(d) While receiving developmental disability services, an individual has the right to:

(A) Be free and protected from abuse or neglect and to report any incident of abuse or neglect without being subject to retaliation;

(B) Be free from seclusion, unauthorized training or treatment, protective physical intervention, chemical restraint, or mechanical restraint and assured that medication is administered only for the clinical needs of the individual as prescribed by a health care provider unless an imminent risk of physical harm to the individual or others exists and only for as long as the imminent risk continues;

(C) Individual choice for an adult to consent to or refuse treatment unless incapable and then an alternative decision maker must be allowed to consent to or refuse treatment for the adult. For a child, the parent or guardian of the child must be allowed to consent to or refuse treatment, except as described in ORS 109.610 or limited by court order;

(D) Informed, voluntary, written consent prior to receiving services, except in a medical emergency or as otherwise permitted by law;

(E) Informed, voluntary, written consent prior to participating in any experimental programs;

(F) A humane service environment that affords reasonable protection from harm, reasonable privacy in all matters that do not constitute a docu-

mented health and safety risk to the individual, and access and the ability to engage in private communications with any public or private rights protection program, services coordinator, personal agent, and others chosen by the individual through personal visits, mail, telephone, or electronic means;

(G) Contact and visits with legal and medical professionals, legal and designated representatives, family members, friends, advocates, and others chosen by the individual, except where prohibited by court order;

(H) Participate regularly in the community and use community resources, including recreation, developmental disability services, employment services, school, educational opportunities, and health care resources;

(I) For individuals less than 21 years of age, access to a free and appropriate public education, including a procedure for school attendance or refusal to attend;

(J) Reasonable and lawful compensation for performance of labor, except personal housekeeping duties;

(K) Manage his or her own money and financial affairs unless the right has been taken away by court order or other legal procedure;

(L) Keep and use personal property, personal control and freedom regarding personal property, and a reasonable amount of personal storage space;

(M) Adequate food, housing, clothing, medical and health care, supportive services, and training;

(N) Seek a meaningful life by choosing from available services, service settings, and providers consistent with the support needs of the individual identified through a functional needs assessment and enjoying the benefits of community involvement and community integration:

(i) Services must promote independence and dignity and reflect the age and preferences of the individual; and

(ii) The services must be provided in a setting and under conditions that are most cost effective and least restrictive to the liberty of the individual, least intrusive to the individual, and that provide for self-directed decision-making and control of personal affairs appropriate to the preferences, age, and identified support needs of the individual;

(O) An individualized written plan for services created through a person-centered planning process, services based upon the plan, and periodic review and reassessment of service needs;

(P) Ongoing opportunity to participate in the planning of services in a manner appropriate to the capabilities of the individual, including the right to participate in the development and periodic revision of the plan for services, the right to be provided with a reasonable explanation of all service considerations through choice advising, and the right to invite others chosen by the individual to participate in the plan for services;

(Q) Request a change in the plan for services and a reassessment of service needs;

(R) A timely decision upon request for a change in the plan for services;

(S) Advance written notice of any action that terminates, suspends, reduces, or denies a service or request for service and notification of other available sources for necessary continued services;

(T) A hearing to challenge an action that terminates, suspends, reduces, or denies a service or request for service;

(U) Exercise all rights set forth in ORS 426.385 and 427.031 if the individual is committed to the Department;

(V) Be informed at the start of services and annually thereafter of the rights guaranteed by this rule, the contact information for the protection and advocacy system described in ORS 192.517(1), the procedures for reporting abuse, and the procedures for filing complaints, reviews, or requests for hearings if services have been or are proposed to be terminated, suspended, reduced, or denied;

(W) Have these rights and procedures prominently posted in a location readily accessible to individuals and made available to representatives of the individual;

(X) Be encouraged and assisted in exercising all legal, civil, and human rights accorded to other citizens of the same age, except when limited by a court order;

(Y) Be informed of and have the opportunity to assert complaints as described in OAR 411-318-0015 with respect to infringement of the rights described in this rule, including the right to have such complaints considered in a fair, timely, and impartial complaint procedure without any form of retaliation or punishment; and

(Z) Freedom to exercise all rights described in this rule without any form of reprisal or punishment.

(e) The rights described in this rule are in addition to, and do not limit, all other statutory and constitutional rights that are afforded all citizens including, but not limited to, the right to exercise religious freedom, vote,

# ADMINISTRATIVE RULES

marry, have or not have children, own and dispose of property, and enter into contracts and execute documents unless specifically prohibited by law.

(f) An individual who is receiving developmental disability services has the right under ORS 430.212 and OAR 411-320-0090 to be informed that a family member has contacted the Department to determine the location of the individual and to be informed of the name and contact information of the family member, if known.

(g) The rights described in this rule may be asserted and exercised by an individual, the legal representative of an individual, and any representative designated by an individual.

(h) Nothing in this rule may be construed to alter any legal rights and responsibilities between a parent and child.

(i) A guardian is appointed for an adult only as is necessary to promote and protect the well-being of the adult. A guardianship for an adult must be designed to encourage the development of maximum self-reliance and independence of the adult, and may be ordered only to the extent necessitated by the actual mental and physical limitations of the adult. An adult for whom a guardian has been appointed is not presumed to be incompetent. An adult with a guardian retains all legal and civil rights provided by law, except those that have been expressly limited by court order or specifically granted to the guardian by the court. Rights retained by an adult include, but are not limited to, the right to contact and retain counsel and to have access to personal records. (ORS 125.300).

(2) **HEALTH.** The agency must have and implement policies and procedures that maintain and protect the health of individuals.

(3) **INDIVIDUAL AND FAMILY INVOLVEMENT.** The agency must have and implement a written policy that addresses:

(a) Opportunities for the individual to participate in decisions regarding the operations of the agency;

(b) Opportunities for families, guardians, legal and designated representatives, and significant others of the individuals to interact; and

(c) Opportunities for individuals, families, guardians, legal and designated representatives, and significant others to participate on the Board of Directors or on committees or to review policies of the agency that directly affect the individuals receiving services from the agency.

(4) **INDEPENDENCE, PRODUCTIVITY, AND INTEGRATION.** As stated in ORS 427.007, the agency must have a written policy that states each ISP for an individual is developed to meet the level of independence, productivity, and integration of the individual into the local community.

(5) **CONFIDENTIALITY OF RECORDS.** The agency must have and implement written policies and procedures that ensure all records for individuals are kept confidential except as otherwise provided by applicable state and federal rule or laws.

(a) For the purpose of disclosure from individual medical records under this rule, an agency is considered a "public provider" as defined in ORS 179.505.

(b) Access to records by the Department does not require authorization by an individual or the legal or designated representative or family of the individual.

(c) For the purpose of disclosure of non-medical individual records, all or portions of the information contained in the non-medical individual records may be exempt from public inspection under the personal privacy information exemption to the public records law set forth in ORS 192.502.

(6) **BEHAVIOR SUPPORT.** The agency must have and implement a written policy for behavior support that utilizes individualized positive behavioral theory and practice and prohibits abusive practices.

(7) **PROTECTIVE PHYSICAL INTERVENTION.** The agency must have and implement written policies and procedures for protective physical interventions that address the following:

(a) The agency must only employ protective physical intervention techniques that are included in the approved OIS curriculum or as approved by the OIS Steering Committee.

(b) Protective physical intervention techniques must only be applied:

(A) When the health and safety of an individual or others is at risk, the ISP team has authorized the procedures as documented by the decision of the ISP team, the procedures are documented in the ISP, and the procedures are intended to lead to less restrictive intervention strategies; or

(B) As an emergency measure if absolutely necessary to protect the individual or others from immediate injury; or

(C) As a health-related protection prescribed by a physician, if absolutely necessary during the conduct of a specific medical or surgical procedure, or for the protection of an individual during the time that a medical condition exists.

(8) **HANDLING AND MANAGING INDIVIDUALS' MONEY.** The agency must have and implement written policies and procedures for the

handling and management of money for the individuals. Such policies and procedures must provide for:

(a) Financial planning and management of the funds for an individual unless the ISP documents and justifies limitations to self-management;

(b) Safeguarding the funds for an individual;

(c) Individuals receiving and spending their own money; and

(d) Taking into account the interests and preferences of the individual.

(9) **COMPLAINTS.**

(a) Complaints by or on behalf of individuals must be addressed in accordance with OAR 411-318-0015.

(b) The agency must have and implement written policies and procedures for individual complaints in accordance with OAR 411-318-0015.

(c) Upon entry and request and annually thereafter, the policy and procedures for complaints must be explained and provided to an individual and the legal or designated representative of the individual (as applicable).

(10) **AGENCY DOCUMENTATION REQUIREMENTS.** The agency must have and implement policies and procedures that address agency documentation requirements. Documentation must:

(a) Be prepared at the time or immediately following the event being recorded;

(b) Be accurate and contain no willful falsifications;

(c) Be legible, dated, and signed by the person making the entry; and

(d) Be maintained for no less than three years.

### Variances

(1) The Department may grant a variance to these rules based upon a demonstration by an agency that an alternative method or different approach provides equal or greater agency effectiveness and does not adversely impact the welfare, health, safety, or rights of individuals or violate state or federal laws.

(2) The agency requesting a variance must submit a written application to the Department that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) The alternative practice, service, method, concept, or procedure proposed; and

(d) If the variance applies to the services for an individual, evidence that the variance is consistent with the currently authorized ISP for the individual.

(3) The request for a variance is approved or denied by the Department. The decision of the Department is sent to the agency, the CDDP, and to all relevant Department programs or offices within 30 days from the receipt of the variance request.

(4) The agency may request an administrative review of the denial of a variance request. The Department must receive a written request for an administrative review within 10 business days from the receipt of the denial. The decision of the Director is the final response from the Department.

(5) The duration of the variance is determined by the Department.

(6) The agency may implement a variance only after written approval from the Department.

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in OAR 411-317-0000 apply to the rules in OAR chapter 411, division 325:

(1) "24-Hour Residential Setting" means a comprehensive residential home licensed by the Department under ORS 443.410 to provide residential care and training to individuals with intellectual or developmental disabilities.

(2) "Abuse" means:

(a) For a child:

(A) "Abuse" as defined in ORS 419B.005; and

(B) "Abuse" as defined in OAR 407-045-0260 when a child resides in a 24-hour residential setting licensed by the Department as described in these rules.

# ADMINISTRATIVE RULES

- (b) For an adult, “abuse” as defined in OAR 407-045-0260.
- (3) “Adult” means an individual who is 18 years or older with an intellectual or developmental disability.
- (4) “Agency” means “provider” as defined in this rule.
- (5) “Alternative Resources” mean possible resources, not including developmental disability services, for the provision of supports to meet the needs of an individual. Alternative resources include, but are not limited to, private or public insurance, vocational rehabilitation services, supports available through the Oregon Department of Education, or other community supports.
- (6) “Apartment” means “24-hour residential setting” as defined in this rule.
- (7) “Appeal” means the process under ORS chapter 183 that a provider may use to petition a civil penalty.
- (8) “Applicant” means a person, agency, corporation, or governmental unit who applies for a license to operate a residential home providing comprehensive services in a 24-hour residential program.
- (9) “Baseline Level of Behavior” means the frequency, duration, or intensity of a behavior, objectively measured, described, and documented prior to the implementation of an initial or revised Behavior Support Plan. The baseline level of behavior serves as the reference point by which the ongoing efficacy of an ISP is to be assessed. A baseline level of behavior is reviewed and reestablished at least yearly, at the time of an ISP team meeting.
- (10) “Behavior Data Collection System” means the methodology specified within a Behavior Support Plan that directs the process for recording observations, interventions, and other support provision information critical to the analysis of the efficacy of the Behavior Support Plan.
- (11) “Behavior Data Summary” means the document composed by a provider to summarize episodes of protective physical intervention. The behavior data summary serves as a substitution for the requirement of an incident report for each episode of protective physical intervention.
- (12) “Board of Directors” means “board of directors” as defined in OAR 411-323-0020.
- (13) “Brokerage” means “Brokerage” as defined in OAR 411-340-0020.
- (14) “Career Development Plan” means the part of an ISP that identifies:
- (a) The employment goals and objectives for an individual;
  - (b) The services and supports needed to achieve those goals;
  - (c) The people, agencies, and providers assigned to assist the individual to attain those goals;
  - (d) The obstacles to the individual working in an individualized job in an integrated employment setting; and
  - (e) The services and supports necessary to overcome those obstacles.
- (15) “CDDP” means “community developmental disability program” as defined in OAR 411-320-0020.
- (16) “Certificate” means the document issued by the Department to a provider that certifies the provider is eligible under the rules in OAR chapter 411, division 323 to receive state funds for the provision of services in an endorsed 24-hour residential setting.
- (17) “Chemical Restraint” means the use of a psychotropic drug or other drugs for punishment or to modify behavior in place of a meaningful behavior or treatment plan.
- (18) “Child” means an individual who is less than 18 years of age that has a provisional determination of an intellectual or developmental disability.
- (19) “Choice” means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.
- (20) “Competency Based Training Plan” means the written description of the process of the provider for providing training to newly hired staff. At a minimum, the Competency Based Training Plan:
- (a) Addresses health, safety, rights, values and personal regard, and the mission of the provider; and
  - (b) Describes competencies, training methods, timelines, how competencies of staff are determined and documented, including steps for remediation, and when a competency may be waived by a provider to accommodate the specific circumstances of a staff member.
- (21) “Condition” means a provision attached to a new or existing certificate, endorsement, or license that limits or restricts the scope of the certificate, endorsement, or license or imposes additional requirements on the provider.
- (22) “Crisis” means “crisis” as defined in OAR 411-320-0020.
- (23) “Denial” means the refusal of the Department to issue a certificate, endorsement, or license to operate a 24-hour residential setting because the Department has determined the provider or the home is not in compliance with these rules or the rules in OAR chapter 411, division 323.
- (24) “Department” means the Department of Human Services.
- (25) “Designated Representative” means any adult, such as a parent, family member, guardian, advocate, or other person, who is chosen by an individual or the legal representative of the individual, not a paid provider for the individual, and authorized by the individual or the legal representative of the individual to serve as the representative of the individual or the legal representative of the individual in connection with the provision of funded supports. An individual or a legal representative of the individual is not required to appoint a designated representative.
- (26) “Developmental Disability” means “developmental disability” as defined in OAR 411-320-0020 and described in OAR 411-320-0080.
- (27) “Direct Nursing Service” means the provision of individual-specific advice, plans, or interventions by a nurse at a home based on the nursing process as outlined by the Oregon State Board of Nursing. Direct nursing service differs from administrative nursing services. Administrative nursing services include non-individual-specific services, such as quality assurance reviews, authoring health-related agency policies and procedures, or providing general training for staff.
- (28) “Director” means the Director of the Department of Human Services, Office of Developmental Disability Services or Office of Licensing and Regulatory Oversight, or the designee of the Director.
- (29) “Domestic Animals” means the animals domesticated so as to live and breed in a tame condition, such as dogs, cats, and domesticated farm stock.
- (30) “Duplex” means “24-hour residential setting” as defined in this rule.
- (31) “Educational Surrogate” means the person who acts in place of the parent of a child in safeguarding the rights of the child in the public education decision-making process:
- (a) When the parent of the child cannot be identified or located after reasonable efforts;
  - (b) When there is reasonable cause to believe that the child has a disability and is a ward of the state; or
  - (c) At the request of the parent of the child or young adult student.
- (32) “Endorsement” means the authorization to provide services in a 24-hour residential setting that is issued by the Department to a certified provider that has met the qualification criteria outlined in these rules and the rules in OAR chapter 411, division 323.
- (33) “Entry” means admission to a Department-funded developmental disability service.
- (34) “Executive Director” means the person designated by a board of directors or corporate owner responsible for the administration of services in a 24-hour residential setting.
- (35) “Exit” means termination or discontinuance of a Department-funded developmental disability service by a Department licensed or certified provider.
- (36) “Functional Needs Assessment”:
- (A) Means the comprehensive assessment or re-assessment that:
    - (A) Documents physical, mental, and social functioning;
    - (B) Identifies risk factors and support needs; and
    - (C) Determines the service level.
  - (b) The functional needs assessment for an individual less than 18 years of age receiving, or targeted to receive, services in a 24-hour residential setting for children is known as the Support Needs Assessment Profile (SNAP). The Department incorporates the SNAP into these rules by this reference. The SNAP is maintained by the Department at <http://www.oregon.gov/dhs/dd/rebar/pages/assess-afc.aspx>.
  - (c) The functional needs assessment for an individual 16 years of age and older receiving, or targeted to receive, services in a 24-hour residential setting for adults is known as the Supports Intensity Scale (SIS). The Department incorporates the SIS into these rules by this reference.
  - (d) A printed copy may be obtained by calling (503) 945-6398 or writing the Department of Human Services, Developmental Disabilities, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, OR 97301.
- (37) “Guardian” means the parent of an individual less than 18 years of age or the person or agency appointed and authorized by a court to make decisions about services for an individual.
- (38) “Health Care Representative” means:

## ADMINISTRATIVE RULES

- (a) A health care representative as defined in ORS 127.505; or
- (b) A person who has authority to make health care decisions for an individual under the provisions of OAR chapter 411, division 365.
- (39) "Hearing" means a contested case hearing subject to OAR 137-003-0501 to 137-003-0070, which results in a Final Order.
- (40) "Home" means "24-hour residential setting" as defined in this rule.
- (41) "Incident Report" means the written report of any injury, accident, act of physical aggression, use of protective physical intervention, or unusual incident involving an individual.
- (42) "Independence" means the extent to which an individual exerts control and choice over his or her own life.
- (43) "Individual" means a child or an adult with an intellectual or developmental disability applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and exercise the rights of the individual
- (44) "Individualized Education Program" means the written plan of instructional goals and objectives developed in conference with an individual less than 21 years of age, the parent or legal representative of the individual (as applicable), teacher, and a representative of the public school district.
- (45) "Intellectual Disability" means "intellectual disability" as defined in OAR 411-320-0020 and described in OAR 411-320-0080.
- (46) "Involuntary Reduction" means a provider has made the decision to reduce the services provided to an individual without prior approval from the individual.
- (47) "Involuntary Transfer" means a provider has made the decision to transfer an individual without prior approval from the individual.
- (48) "ISP" means "Individual Support Plan". An ISP includes written details of the supports, activities, and resources required for an individual to achieve and maintain personal goals and health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering driven by the individual. The ISP reflects services and supports important for the individual to meet the needs of the individual identified through a functional needs assessment as well as the preferences of the individual for providers, delivery, and frequency of services and supports. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, the Community First Choice state plan, natural supports, or alternative resources. The ISP includes the Career Development Plan.
- (49) "ISP Team" means a team composed of an individual receiving services and the legal or designated representative of the individual (as applicable), services coordinator, and others chosen by the individual, such as parents and family members.
- (50) "Legal Representative" means a person who has the legal authority to act for an individual.
- (a) For a child, the legal representative is the parent of the child unless a court appoints another person or agency to act as the guardian of the child.
- (b) For an adult, the legal representative is the attorney at law who has been retained by or for the adult, the power of attorney for the adult, or the person or agency authorized by a court to make decisions about services for the adult.
- (51) "License" means a document granted by the Department to an applicant who is in compliance with the requirements of these rules and the rules in OAR chapter 411, division 323.
- (52) "Licensee" means the person or organization to whom a certificate, endorsement, and license is granted.
- (53) "Mechanical Restraint" means any mechanical device, material, object, or equipment attached or adjacent to the body of an individual that the individual cannot easily remove or easily negotiate around, and that restricts freedom of movement or access to the body of the individual.
- (54) "Medicaid Agency Identification Number" means the numeric identifier assigned by the Department to a provider following the enrollment of the provider as described in OAR chapter 411, division 370.
- (55) "Medicaid Performing Provider Number" means the numeric identifier assigned by the Department to an entity or person following the enrollment of the entity or person to deliver Medicaid funded services as described in OAR chapter 411, division 370. The Medicaid Performing Provider Number is used by the rendering provider for identification and billing purposes associated with service authorizations and payments.
- (56) "Modified Diet" means the texture or consistency of food or drink is altered or limited, such as no nuts or raw vegetables, thickened fluids, mechanical soft, finely chopped, pureed, or bread only soaked in milk.
- (57) "Natural Support" means:
- (a) For a child, the parental responsibilities and the voluntary resources available to the child from the relatives, friends, neighbors, and the community of the child that are not paid for by the Department.
- (b) For an adult, the voluntary resources available to an adult from the relatives, friends, significant others, neighbors, roommates, and the community of the adult that are not paid for by the Department.
- (58) "Nursing Service Plan" means the plan that is developed by a registered nurse based on an initial nursing assessment, reassessment, or an update made to a nursing assessment as the result of a monitoring visit.
- (a) The Nursing Service Plan is specific to an individual and identifies the diagnoses and health needs of the individual and any service coordination, teaching, or delegation activities.
- (b) The Nursing Service Plan is separate from the ISP as well as any service plans developed by other health professionals.
- (59) "OHP Plus" means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.
- (60) "OIS" means "Oregon Intervention System". OIS is the system of providing training of elements of positive behavior support and non-aversive behavior intervention. OIS uses principles of pro-active support and describes approved protective physical intervention techniques that are used to maintain health and safety.
- (61) "Oregon Core Competencies" means:
- (a) The list of skills and knowledge required for newly hired staff in the areas of health, safety, rights, values and personal regard, and the mission of the provider; and
- (b) The associated timelines in which newly hired staff must demonstrate the competencies.
- (62) "OSIPM" means "Oregon Supplemental Income Program-Medical" as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for individuals who meet the eligibility criteria described in OAR chapter 461.
- (63) "Person-Centered Planning":
- (a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540.
- (b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:
- (A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;
- (B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and
- (C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.
- (c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.
- (64) "Protective Physical Intervention" means any manual physical holding of, or contact with, an individual that restricts freedom of movement.
- (65) "Provider" means a public or private community agency or organization that provides recognized developmental disability services and is certified and endorsed by the Department to provide these services under these rules and the rules in OAR chapter 411, division 323.
- (66) "Psychotropic Medication" means a medication the prescribed intent of which is to affect or alter thought processes, mood, or behavior including, but not limited to, anti-psychotic, antidepressant, anxiolytic (anti-anxiety), and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed.
- (67) "Relief Care" means the intermittent services that are provided on a periodic basis for the relief of, or due to the temporary absence of, a person normally providing supports to an individual.
- (68) "Revocation" means the action taken by the Department to rescind a certificate, endorsement, or license after the Department has determined that a provider is not in compliance with these rules or the rules in OAR chapter 411, division 323.
- (69) "Service Level" means the amount of services determined necessary by a functional needs assessment and made available to meet the identified support needs of an individual.

# ADMINISTRATIVE RULES

(70) "Services Coordinator" means "services coordinator" as defined in OAR 411-320-0020.

(71) "Special Diet" means the specially prepared food or particular types of food that are specific to the medical condition or diagnosis of an individual and in support of an evidence-based treatment regimen. Examples include, but are not limited to, low calorie, high fiber, diabetic, low salt, lactose free, or low fat diets. A special diet does not include a diet where extra or additional food is offered without the order of a physician but may not be eaten, such as offering prunes each morning at breakfast or including fresh fruit with each meal.

(72) "Substantiated" means an abuse investigation has been completed by the Department or the designee of the Department and the preponderance of the evidence establishes the abuse occurred.

(73) "Suspension" means an immediate temporary withdrawal of the approval to operate a 24-hour residential setting after the Department determines a provider or 24-hour residential setting is not in compliance with one or more of these rules or the rules in OAR chapter 411, division 323.

(74) "These Rules" mean the rules in OAR chapter 411, division 325.

(75) "Transfer" means movement of an individual from one home to another home administered or operated by the same provider.

(76) "Transition Plan" means the ISP describing necessary services and supports for an individual upon entry to a new service setting. The Transition Plan is approved by a services coordinator and includes a summary of the services necessary to facilitate adjustment to the services offered, the supports necessary to ensure health and safety, and the assessments and consultations necessary for further ISP development.

(77) "Unusual Incident" means any incident involving an individual that includes serious illness or an accident, death, injury or illness requiring inpatient or emergency hospitalization, a suicide attempt, a fire requiring the services of a fire department, an act of physical aggression, or any incident requiring an abuse investigation.

(78) "Variance" means the temporary exception from a regulation or provision of these rules that may be granted by the Department upon written application by a provider.

## 411-325-0060

### Conditions on License

The Department may attach conditions to a license that limit, restrict, or specify other criteria for operation of a home. The type of condition attached to a license must directly relate to the risk of harm or potential risk of harm to individuals.

(1) The Department may attach a condition to a license upon a finding that:

- (a) Information on the application or initial inspection requires a condition to protect the health, safety, or welfare of individuals;
- (b) A threat to the health, safety, or welfare of an individual exists;
- (c) There is reliable evidence of abuse, neglect, or exploitation;
- (d) The home is not being operated in compliance with these rules; or
- (e) The provider is licensed to provide services for a specific person only and further placements may not be made into that home or facility.

(2) Conditions that the Department may impose on a license include, but are not limited to:

(a) Restricting the total number of individuals to whom a provider may provide services;

(b) Restricting the total number of individuals within a licensed classification level based upon the capability and capacity of the provider and staff to meet the health and safety needs of all individuals;

(c) Restricting the type of support and services within a licensed classification level based upon the capability and capacity of the provider and staff to meet the health and safety needs of all individuals;

(d) Requiring additional staff or staff qualifications;

(e) Requiring additional training;

(f) Restricting the provider from allowing a person on the premises who may be a threat to the health, safety, or welfare of an individual;

(g) Requiring additional documentation; or

(h) Restricting entry.

(3) The Department issues a written notice to the provider when the Department imposes conditions to a license. The written notice of conditions includes the conditions imposed by the Department, the reason for the

conditions, and the opportunity to request a hearing under ORS chapter 183. Conditions take effect immediately upon issuance of the written notice of conditions or at a later date as indicated on the notice and are a Final Order of the Department unless later rescinded through the hearing process. The conditions imposed remain in effect until the Department has sufficient cause to believe the situation which warranted the condition has been remedied.

(4) The provider may request a hearing in accordance with ORS Chapter 183 and this rule upon receipt of written notice of conditions. The request for a hearing must be in writing.

(a) The provider must request a hearing within 21 days from the receipt of the written notice of conditions.

(b) In addition to, or in lieu of a hearing, a provider may request an administrative review as described in section (5) of this rule. The request for an administrative review must be in writing. The administrative review does not diminish the right of the provider to a hearing.

### (5) ADMINISTRATIVE REVIEW.

(a) In addition to the right to a hearing, a provider may request an administrative review by the Director of the Department for imposition of conditions. The request for an administrative review must be in writing.

(b) The Department must receive a written request for an administrative review within 10 business days from the receipt of the notice of conditions. The provider may submit, along with the written request for an administrative review, any additional written materials the provider wishes to have considered during the administrative review.

(c) The determination of the administrative review is issued in writing within 10 business days from the receipt of the written request for an administrative review, or by a later date as agreed to by the provider.

(d) The provider may request a hearing if the decision of the Department is to affirm the condition. The request for a hearing must be in writing. The Department must receive the written request for a hearing within 21 days from the receipt of the original written notice of conditions.

(6) The provider may send a written request to the Department to remove a condition if the provider believes the situation that warranted the condition has been remedied.

(7) Conditions must be posted with the license in a prominent location and be available for inspection at all times.

## 411-325-0110

### Variances

(1) The Department may grant a variance to these rules based upon a demonstration by the provider that an alternative method or different approach provides equal or greater effectiveness and does not adversely impact the welfare, health, safety, or rights of the individuals or violate state or federal laws.

(2) The provider requesting a variance must submit a written application to the CDDP that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) The alternative practice, service, method, concept, or procedure proposed; and

(d) If the variance applies to the services for an individual, evidence that the variance is consistent with the currently authorized ISP for the individual.

(3) The CDDP must forward the signed variance request form to the Department within 30 days from the receipt of the request indicating the position of the CDDP on the proposed variance.

(4) The request for a variance is approved or denied by the Department. The decision of the Department is sent to the provider, the CDDP, and to all relevant Department programs or offices within 30 days from the receipt of the variance request.

(5) The provider may request an administrative review of the denial of a variance request. The Department must receive a written request for an administrative review within 10 business days from the receipt of the denial. The provider must send a copy of the written request for an administrative review to the CDDP. The decision of the Director is the final response from the Department.

(6) The duration of the variance is determined by the Department.

(7) The provider may implement a variance only after written approval from the Department.

## 411-325-0120

### Medical Services

(1) The provider must have and implement written policies and procedures that maintain and protect the physical health of individuals. The policies and procedures must address the following:

- (a) Individual health care;
- (b) Medication administration;
- (c) Medication storage;
- (d) Response to emergency medical situations;
- (e) Nursing service provision, if provided;
- (f) Disposal of medications; and
- (g) Early detection and prevention of infectious disease.

#### (2) INDIVIDUAL HEALTH CARE.

(A) An individual must receive care that promotes the health and well-being of the individual as follows:

(A) The provider must ensure the individual has a primary physician or health care provider whom the individual has chosen from among qualified providers;

(B) Provisions must be made for a secondary physician or clinic in the event of an emergency;

(C) The provider must ensure that an individual receives a medical evaluation by a qualified health care provider no fewer than every two years or as recommended by a physician;

(D) The provider must monitor the health status and physical conditions of the individual and take action in a timely manner in response to identified changes or conditions that may lead to deterioration or harm;

(b) A written, signed order from a physician or qualified health care provider is required prior to the usage or implementation of all of the following:

- (A) Prescription medications;
- (B) Non-prescription medications except over the counter topical;
- (C) Treatments other than basic first aid;
- (D) Modified or special diets;
- (E) Adaptive equipment; and
- (F) Aids to physical functioning.

(c) The provider must implement the order of a physician or qualified health care provider.

(d) The provider must maintain records on each individual to aid physicians, licensed health professionals, and the provider in understanding the medical history of the individual. Such documentation must include:

(A) A list of known health conditions, medical diagnoses, known allergies, and immunizations;

(B) A record of visits to licensed health professionals that include documentation of the consultation and any therapy provided; and

(C) A record of known hospitalizations and surgeries.

#### (3) MEDICATION.

(a) All medications must be:

(A) Kept in their original containers;

(B) Labeled by the dispensing pharmacy, product manufacturer, or physician, as specified per the written order of a physician or qualified health care provider; and

(C) Kept in a secured locked container and stored as indicated by the product manufacturer.

(b) All medications and treatments must be recorded on an individualized medication administration record (MAR). The MAR must include:

(A) The name of the individual;

(B) A transcription of the written order of a physician or qualified health care provider, including the brand or generic name of the medication, prescribed dosage, frequency, and method of administration;

(C) For topical medications and treatments without the order of a physician or qualified health care provider, a transcription of the printed instructions from the package;

(D) Times and dates of administration or self-administration of the medication;

(E) Signature of the person administering the medication or the person monitoring the self-administration of the medication;

(F) Method of administration;

(G) An explanation of why a PRN (i.e., as needed) medication was administered;

(H) Documented effectiveness of any PRN (i.e., as needed) medication administration;

(I) An explanation of any medication administration irregularity; and

(J) Documentation of any known allergy or adverse drug reaction.

(c) Self-administration of medication.

(A) The ISP for individuals who independently self-administer medications must include a plan for the periodic monitoring and review of the self-administration of medications.

(B) The provider must ensure that individuals able to self-administer medications keep the medications in a secure locked container unavailable to other individuals residing in the same residence and store them as recommended by the product manufacturer.

(d) PRN (i.e., as needed) orders are not allowed for psychotropic medication.

(e) Safeguards to prevent adverse effects or medication reactions must be utilized and include:

(A) Whenever possible, obtaining all prescription medication for an individual, except samples provided by a health care provider, from a single pharmacy which maintains a medication profile for the individual;

(B) Maintaining information about the desired effects and side effects of each medication;

(C) Ensuring that medications prescribed for one individual are not administered to, or self-administered by, another individual or staff member; and

(D) Documentation in the record for an individual of the reason all medications are not provided through a single pharmacy.

(f) All unused, discontinued, outdated, recalled, and contaminated medications must be disposed of in a manner designed to prevent the illegal diversion of the medication. A written record of the disposal of the medication must be maintained and include documentation of:

(A) Date of disposal;

(B) Description of the medication, including dosage strength and amount being disposed;

(C) Individual for whom the medication was prescribed;

(D) Reason for disposal;

(E) Method of disposal;

(F) Signature of the person disposing of the medication; and

(G) For controlled medications, the signature of a witness to the disposal.

(4) DIRECT NURSING SERVICES. When direct nursing services are provided to an individual, the provider must:

(a) Coordinate with the registered nurse and the ISP team to ensure that the nursing services being provided are sufficient to meet the health needs of the individual; and

(b) Implement the Nursing Service Plan, or appropriate portions therein, as agreed upon by the ISP team and the registered nurse.

(5) DELEGATION AND SUPERVISION OF NURSING TASKS. Nursing tasks must be delegated to a registered nurse to a provider in accordance with the rules of the Oregon State Board of Nursing in OAR chapter 851, division 47.

(6) When the medical, behavioral, or physical needs of an individual change to a point that they may not be met by the provider, the services coordinator must be notified immediately and notification must be documented.

### Emergency Plan and Safety Review

(1) Providers must provide the emergency plan and safety review requirements as described in this rule.

## (2) EMERGENCY PLANNING.

(a) Providers must post the following emergency telephone numbers in close proximity to all phones used by staff.

(A) The telephone numbers of the local fire, police department, and ambulance service, if not served by a 911 emergency services; and

(B) The telephone number of the executive director, emergency physician, and additional people to be contacted in the case of an emergency.

(b) If an individual regularly accesses the community independently, the provider must provide the information to the individual about appropriate steps to take in an emergency, such as emergency contact telephone numbers, contacting police or fire personnel, or other strategies to obtain assistance.

(3) Providers must develop, maintain, update, and implement a written emergency plan for the protection of all individuals in the event of an emergency or disaster.

(a) The emergency plan must:

(A) Be practiced at least annually. The emergency plan practice may consist of a walk-through of the duties or a discussion exercise dealing with a hypothetical event, commonly known as a tabletop exercise.

(B) Consider the needs of the individuals being served and address all natural and human-caused events identified as a significant risk for the home, such as a pandemic or an earthquake.

(C) Include provisions and sufficient supplies, such as sanitation supplies, to shelter in place, when unable to relocate, for at least three days under the following conditions:

- (i) Extended utility outage;
- (ii) No running water;
- (iii) Inability to replace food or supplies; and
- (iv) Staff unable to report as scheduled.

(D) Include provisions for evacuation and relocation that identifies:

(i) The duties of staff during evacuation, transporting, and housing of individuals, including instructions to staff to notify the Department, local office, or designee of the plan to evacuate or the evacuation of the home as soon as the emergency or disaster reasonably allows;

(ii) The method and source of transportation;

(iii) Planned relocation sites that are reasonably anticipated to meet the needs of the individuals in the home;

(iv) A method that provides a person unknown to the individual the ability to identify each individual by name and to identify the name of the supporting provider for the individual; and

(v) A method for tracking and reporting to the Department, local office, or designee, the physical location of each individual until a different entity resumes responsibility for the individual.

(E) Address the needs of the individuals, including provisions to provide:

(i) Immediate and continued access to medical treatment with the evacuation of the individual summary sheets described in OAR 411-325-0180 and the emergency information described in OAR 411-325-0185 and other information necessary to obtain care, treatment, food, and fluids for the individuals.

(ii) Continued access to life-sustaining pharmaceuticals, medical supplies, and equipment during and after an evacuation and relocation;

(iii) Behavior support needs anticipated during an emergency; and

(iv) Adequate staffing to meet the life-sustaining and safety needs of the individuals.

(b) The provider must instruct and provide training about the duties and responsibilities for implementing the emergency plan to all staff.

(c) The provider must re-evaluate and revise the emergency plan at least annually or when there is a significant change in the home.

(d) The emergency plan summary must be sent to the Department annually and upon change of ownership.

(e) Applicable parts of the emergency plan must coordinate with each applicable employment provider to address the possibility of an emergency or disaster during work hours.

(4) A documented safety review must be conducted quarterly to ensure that each home is free of hazards. The provider must keep the quarterly safety review reports for three years and must make them available upon request by the CDDP or the Department.

# ADMINISTRATIVE RULES

## 411-325-0300

### Individual Rights, Complaints, Notification of Planned Action, and Hearings

#### (1) INDIVIDUAL RIGHTS.

(a) A provider must protect the rights of individuals described in subsection (d) of this section and encourage and assist individuals to understand and exercise these rights.

(b) Upon entry and request and annually thereafter, the individual rights described in subsection (d) of this section must be provided to an individual and the legal or designated representative of the individual.

(c) The individual rights described in this rule apply to all individuals eligible for or receiving developmental disability services. A parent or guardian may place reasonable limitations on the rights of a child.

(d) While receiving developmental disability services, an individual has the right to:

(A) Be free and protected from abuse or neglect and to report any incident of abuse or neglect without being subject to retaliation;

(B) Be free from seclusion, unauthorized training or treatment, protective physical intervention, chemical restraint, or mechanical restraint and assured that medication is administered only for the clinical needs of the individual as prescribed by a health care provider unless an imminent risk of physical harm to the individual or others exists and only for as long as the imminent risk continues;

(C) Individual choice for an adult to consent to or refuse treatment unless incapable and then an alternative decision maker must be allowed to consent to or refuse treatment for the adult. For a child, the parent or guardian of the child must be allowed to consent to or refuse treatment, except as described in ORS 109.610 or limited by court order;

(D) Informed, voluntary, written consent prior to receiving services, except in a medical emergency or as otherwise permitted by law;

(E) Informed, voluntary, written consent prior to participating in any experimental programs;

(F) A humane service environment that affords reasonable protection from harm, reasonable privacy in all matters that do not constitute a documented health and safety risk to the individual, and access and the ability to engage in private communications with any public or private rights protection program, services coordinator, personal agent, and others chosen by the individual through personal visits, mail, telephone, or electronic means;

(G) Contact and visits with legal and medical professionals, legal and designated representatives, family members, friends, advocates, and others chosen by the individual, except where prohibited by court order;

(H) Participate regularly in the community and use community resources, including recreation, developmental disability services, employment services, school, educational opportunities, and health care resources;

(I) For individuals less than 21 years of age, access to a free and appropriate public education, including a procedure for school attendance or refusal to attend;

(J) Reasonable and lawful compensation for performance of labor, except personal housekeeping duties;

(K) Manage his or her own money and financial affairs unless the right has been taken away by court order or other legal procedure;

(L) Keep and use personal property, personal control and freedom regarding personal property, and a reasonable amount of personal storage space;

(M) Adequate food, housing, clothing, medical and health care, supportive services, and training;

(N) Seek a meaningful life by choosing from available services, service settings, and providers consistent with the support needs of the individual identified through a functional needs assessment and enjoying the benefits of community involvement and community integration:

(i) Services must promote independence and dignity and reflect the age and preferences of the individual; and

(ii) The services must be provided in a setting and under conditions that are most cost effective and least restrictive to the liberty of the individual, least intrusive to the individual, and that provide for self-directed decision-making and control of personal affairs appropriate to the preferences, age, and identified support needs of the individual;

(O) An individualized written plan for services created through a person-centered planning process, services based upon the plan, and periodic review and reassessment of service needs;

(P) Ongoing opportunity to participate in the planning of services in a manner appropriate to the capabilities of the individual, including the right to participate in the development and periodic revision of the plan for services, the right to be provided with a reasonable explanation of all serv-

ice considerations through choice advising, and the right to invite others chosen by the individual to participate in the plan for services;

(Q) Request a change in the plan for services and a reassessment of service needs;

(R) A timely decision upon request for a change in the plan for services;

(S) Advance written notice of any action that terminates, suspends, reduces, or denies a service or request for service and notification of other available sources for necessary continued services;

(T) A hearing to challenge an action that terminates, suspends, reduces, or denies a service or request for service;

(U) Exercise all rights set forth in ORS 426.385 and 427.031 if the individual is committed to the Department;

(V) Be informed at the start of services and annually thereafter of the rights guaranteed by this rule, the contact information for the protection and advocacy system described in ORS 192.517(1), the procedures for reporting abuse, and the procedures for filing complaints, reviews, or requests for hearings if services have been or are proposed to be terminated, suspended, reduced, or denied;

(W) Have these rights and procedures prominently posted in a location readily accessible to individuals and made available to representatives of the individual;

(X) Be encouraged and assisted in exercising all legal, civil, and human rights accorded to other citizens of the same age, except when limited by a court order;

(Y) Be informed of and have the opportunity to assert complaints as described in OAR 411-318-0015 with respect to infringement of the rights described in this rule, including the right to have such complaints considered in a fair, timely, and impartial complaint procedure without any form of retaliation or punishment; and

(Z) Freedom to exercise all rights described in this rule without any form of reprisal or punishment.

(e) The rights described in this rule are in addition to, and do not limit, all other statutory and constitutional rights that are afforded all citizens including, but not limited to, the right to exercise religious freedom, vote, marry, have or not have children, own and dispose of property, and enter into contracts and execute documents unless specifically prohibited by law.

(f) An individual who is receiving developmental disability services has the right under ORS 430.212 and OAR 411-320-0090 to be informed that a family member has contacted the Department to determine the location of the individual and to be informed of the name and contact information of the family member, if known.

(g) The rights described in this rule may be asserted and exercised by an individual, the legal representative of an individual, and any representative designated by an individual.

(h) Nothing in this rule may be construed to alter any legal rights and responsibilities between a parent and child.

(i) A guardian is appointed for an adult only as is necessary to promote and protect the well-being of the adult. A guardianship for an adult must be designed to encourage the development of maximum self-reliance and independence of the adult, and may be ordered only to the extent necessitated by the actual mental and physical limitations of the adult. An adult for whom a guardian has been appointed is not presumed to be incompetent. An adult with a guardian retains all legal and civil rights provided by law, except those that have been expressly limited by court order or specifically granted to the guardian by the court. Rights retained by an adult include, but are not limited to, the right to contact and retain counsel and to have access to personal records. (ORS 125.300).

#### (2) COMPLAINTS.

(a) Complaints by or on behalf of individuals must be addressed in accordance with OAR 411-318-0015.

(b) Upon entry and request and annually thereafter, the policy and procedures for complaints must be explained and provided to an individual and the legal or designated representative of the individual (as applicable).

(3) NOTIFICATION OF PLANNED ACTION. In the event that a developmental disability service is denied, reduced, suspended, or terminated, a written advance Notification of Planned Action (form SDS 0947) must be provided as described in OAR 411-318-0020.

#### (4) HEARINGS.

(a) Hearings must be addressed in accordance with ORS Chapter 183 and OAR 411-318-0025.

(b) An individual may request a hearing as provided in ORS Chapter 183 and OAR 411-318-0025 for a denial, reduction, suspension, or termination or OAR 411-318-0030 for an involuntary reduction, transfer, or exit.

### Entry, Exit, and Transfer

(1) NON-DISCRIMINATION. An individual considered for Department-funded services may not be discriminated against because of race, color, creed, age, disability, national origin, gender, religion, duration of Oregon residence, method of payment, or other forms of discrimination under applicable state or federal law.

(2) QUALIFICATIONS FOR DEPARTMENT-FUNDED SERVICES. An individual who enters a 24-hour residential setting is subject to eligibility as described in this section.

(a) To be eligible for services in a 24-hour residential setting, an individual must:

(A) Be an Oregon resident;

(B) Be eligible for OHP Plus;

(C) Be determined eligible for developmental disability services by the CDDP of the county of origin as described in OAR 411-320-0080;

(D) Meet the level of care as defined in OAR 411-320-0020; and

(E) Be an individual who is not receiving other Department-funded in-home or community living support.

(b) To be eligible for Department-funded relief care, an individual must:

(A) Meet the criteria in subsection (a)(A)–(D) of this section;

(B) Be referred by a CDDP or Brokerage; and

(C) Not be receiving services in a supported living setting as described in OAR chapter 411, division 328.

(c) TRANSFER OF ASSETS.

(A) As of October 1, 2014, an individual receiving medical benefits under OAR chapter 410, division 200 requesting Medicaid coverage for services in a nonstandard living arrangement (see OAR 461-001-0000) is subject to the requirements of the rules regarding transfer of assets (see 461-140-0210 to 461-140-0300) in the same manner as if the individual was requesting these services under OSIPM. This includes, but is not limited to, the following assets:

(i) An annuity evaluated according to OAR 461-145-0022;

(ii) A transfer of property when an individual retains a life estate evaluated according to OAR 461-145-0310;

(iii) A loan evaluated according to OAR 461-145-0330; or

(iv) An irrevocable trust evaluated according to OAR 461-145-0540;

(B) When an individual is considered ineligible due to a disqualifying transfer of assets, the individual must receive a notice meeting the requirements of OAR 461-175-0310 in the same manner as if the individual was requesting services under OSIPM.

(3) ENTRY.

(a) The Department authorizes the entry of children into 24-hour residential settings and stabilization and crisis units.

(b) The CDDP services coordinator authorizes entry into 24-hour residential settings, except in the cases of residential services for children and stabilization and crisis units.

(4) DOCUMENTATION UPON ENTRY.

(a) Prior to or upon an entry ISP team meeting, a provider must acquire the following individual information:

(A) A copy of the eligibility determination document;

(B) A statement indicating the safety skills, including the ability of the individual to evacuate from a building when warned by a signal device and adjust water temperature for bathing and washing;

(C) A brief written history of any behavioral challenges, including supervision and support needs;

(D) A medical history and information on health care supports that includes (when available):

(i) The results of the most recent physical exam;

(ii) The results of any dental evaluation;

(iii) A record of immunizations;

(iv) A record of known communicable diseases and allergies; and

(v) A record of major illnesses and hospitalizations.

(E) A written record of any current or recommended medications, treatments, diets, and aids to physical functioning;

(F) A copy of the most recent needs assessment. If the needs of the individual have changed over time, the previous needs assessments must also be provided;

(G) Copies of protocols, the risk tracking record, and any support documentation (if available);

(H) Copies of documents relating to the guardianship, conservatorship, health care representation, power of attorney, court orders, probation and parole information, or any other legal restrictions on the rights of the individual (if applicable);

(I) Written documentation that the individual is participating in out of residence activities, including public school enrollment for individuals less than 21 years of age;

(J) Written documentation to explain why preferences or choices of the individual may not be honored at that time; and

(K) A copy of the most recent Behavior Support Plan and assessment, ISP, Nursing Service Plan, and Individualized Education Program (if available).

(b) If an individual is being admitted from the family home of the individual and the information required in subsection (a) of this section is not available, the provider must assess the individual upon entry for issues of immediate health or safety and document a plan to secure the remaining information no later than 30 days after entry. The plan must include a written justification as to why the information is not available.

(5) ENTRY MEETING. An entry ISP team meeting must be conducted prior to the onset of services to an individual. The findings of the entry meeting must be recorded in the file for the individual and include, at a minimum:

(a) The name of the individual proposed for services;

(b) The date of the entry meeting;

(c) The date determined to be the date of entry;

(d) Documentation of the participants included in the entry meeting;

(e) Documentation of the pre-entry information required by section (4)(a) of this rule;

(f) Documentation of the decision to serve the individual requesting services; and

(g) The written Transition Plan for no longer than 60 days that includes all medical, behavior, and safety supports needed by the individual.

(6) VOLUNTARY TRANSFERS AND EXITS.

(a) A provider must promptly notify a services coordinator if an individual gives notice of the intent to exit or abruptly exits services.

(b) A provider must notify a services coordinator prior to the voluntary transfer or exit of an individual from services.

(c) Notification and authorization of the voluntary transfer or exit of the individual must be documented in the record for the individual.

(d) A provider is responsible for the provision of services until an individual exits the home.

(7) INVOLUNTARY REDUCTIONS, TRANSFERS, AND EXITS.

(a) A provider must only reduce, transfer, or exit an individual involuntarily for one or more of the following reasons:

(A) The behavior of the individual poses an imminent risk of danger to self or others;

(B) The individual experiences a medical emergency;

# ADMINISTRATIVE RULES

(C) The service needs of the individual exceed the ability of the provider;

(D) The individual fails to pay for services; or

(E) The certification or endorsement for the provider described in OAR chapter 411, division 323 is suspended, revoked, not renewed, or voluntarily surrendered or the license for the home is suspended, revoked, not renewed, or voluntarily surrendered.

(b) NOTICE OF INVOLUNTARY REDUCTION, TRANSFER, OR EXIT. A provider must not reduce services, transfer, or exit an individual involuntarily without 30 days advance written notice to the individual, the legal or designated representative of the individual (as applicable), and the services coordinator, except in the case of a medical emergency or when an individual is engaging in behavior that poses an imminent danger to self or others in the home as described in subsection (c) of this section.

(A) The written notice must be provided on the Notice of Involuntary Reduction, Transfer, or Exit form approved by the Department and include:

(i) The reason for the reduction, transfer, or exit; and

(ii) The right of the individual to a hearing as described in subsection (e) of this section.

(B) A Notice of Involuntary Reduction, Transfer, or Exit is not required when an individual requests the reduction, transfer, or exit.

(C) A provider may give less than 30 days advance written notice only in a medical emergency or when an individual is engaging in behavior that poses an imminent danger to self or others in the home. The notice must be provided to the individual, the legal or designated representative of the individual (as applicable), and the services coordinator immediately upon determination of the need for a reduction, transfer, or exit.

(D) A provider is responsible for the provision of services until an individual exits the home.

(E) HEARING RIGHTS. An individual must be given the opportunity for a hearing under ORS chapter 183 and OAR 411-318-0030 to dispute an involuntary reduction, transfer, or exit. If an individual requests a hearing, the individual must receive the same services until the hearing is resolved. When an individual has been given less than 30 days advance written notice of a reduction, transfer, or exit as described in subsection (c) of this section and the individual has requested a hearing, the provider must reserve the room of the individual until receipt of the Final Order.

(8) EXIT MEETING.

(a) An ISP team must meet before any decision to exit and individual is made. Findings of the exit meeting must be recorded in the file for the individual and include, at a minimum:

(A) The name of the individual considered for exit;

(B) The date of the exit meeting;

(C) Documentation of the participants included in the exit meeting;

(D) Documentation of the circumstances leading to the proposed exit;

(E) Documentation of the discussion of the strategies to prevent the exit of the individual from services (unless the individual is requesting the exit);

(F) Documentation of the decision regarding the exit of the individual, including verification of the voluntary decision to exit or a copy of the Notice of Involuntary Reduction, Transfer, or Exit; and

(G) Documentation of the proposed plan for services after the exit.

(b) Requirements for an exit meeting may be waived if an individual is immediately removed from the home under the following conditions:

(A) The individual requests an immediate move from the home; or

(B) The individual is removed by legal authority acting pursuant to civil or criminal proceedings other than detention for an individual less than 18 years of age.

(9) TRANSFER MEETING. An ISP team must meet to discuss any proposed transfer of an individual before any decision to transfer is made. Findings of the transfer meeting must be recorded in the file for the individual and include, at a minimum:

(a) The name of the individual considered for transfer;

(b) The date of the transfer meeting;

(c) Documentation of the participants included in the transfer meeting;

(d) Documentation of the circumstances leading to the proposed transfer;

(e) Documentation of the alternatives considered instead of transfer;

(f) Documentation of the reasons any preferences of the individual, or as applicable the legal or designated representative of the individual, parent, or family members, may not be honored;

(g) Documentation of the decision regarding the transfer, including verification of the voluntary decision to transfer or a copy of the Notice of Involuntary Reduction, Transfer, or Exit; and

(h) The written plan for services after the transfer.

### Individual Support Plan

(1) An ISP must be developed and approved by an ISP team consistent with OAR 411-320-0120 and reviewed and updated as necessary within 60 days of implementation of the Transition Plan, as changes occur, and annually thereafter.

(2) The following information must be collected and summarized prior to the ISP meeting:

(a) Personal Focus Worksheet;

(b) Risk Tracking Record;

(c) Necessary protocols or plans that address health, behavioral, safety, and financial supports as identified on the Risk Tracking Record;

(d) A Nursing Service Plan, if applicable, including but not limited to those tasks required by the Risk Tracking Record;

(e) Other documents required by the ISP team; and

(f) The functional needs assessment.

(3) A completed ISP must be documented on the Department required form and include the following:

(a) The name of the individual and the name of the legal or designated representative of the individual (as applicable);

(b) A description of the supports required that is consistent with the support needs identified in an assessment of the individual;

(c) The projected dates of when specific supports are to begin and end;

(d) A list of personal, community, and alternative resources that are available to the individual and how the resources may be applied to provide the required supports. Sources of support may include waiver services, Community First Choice state plan services, other state plan services, state general funds, or natural supports;

(e) The manner in which services are delivered and the frequency of services;

(f) Provider type;

(g) The setting in which the individual resides as chosen by the individual;

(h) The strengths and preferences of the individual;

(i) Individually identified goals and desired outcomes;

(j) The services and supports (paid and unpaid) to assist the individual to achieve identified goals and the providers of the services and supports, including voluntarily provided natural supports;

(k) The risk factors and the measures in place to minimize the risk factors, including back up plans;

(l) The identity of the person responsible for case management and monitoring the ISP;

(m) A provision to prevent unnecessary or inappropriate care; and

(n) The alternative settings considered by the individual.

(4) As of July 1, 2014, a Career Development Plan must be attached to the ISP of an adult in accordance with OAR 411-345-0160.

(5) The provider must maintain documentation of implementation of each support and services specified in sections (2)(c) to (2)(e) of this rule in the ISP for the individual. This documentation must be kept current and be available for review by the individual, the legal representative of the individual, CDDP, and Department representatives.

### Civil Penalties

(1) For purposes of imposing civil penalties, 24-hour residential settings licensed under ORS 443.400 to 443.455 and 443.991(2) are considered to be long-term care facilities subject to ORS 441.705 to 441.745.

(2) The Department issues the following schedule of penalties applicable to 24-hour residential settings as provided for under ORS 441.705 to 441.745:

(a) Violations of any requirement within any part of the following rules may result in a civil penalty up to \$500 per day for each violation not

# ADMINISTRATIVE RULES

to exceed \$6,000 for all violations for any licensed 24-hour residential setting within a 90-day period:

- (A) 411-325-0025(3), (4), (5), (6), and (7);
- (B) 411-325-0120(2), and (4);
- (C) 411-325-0130;
- (D) 411-325-0140;
- (E) 411-325-0150;
- (F) 411-325-0170;
- (G) 411-325-0190;
- (H) 411-325-0200;
- (I) 411-325-0220(1), and (2);
- (J) 411-325-0230;
- (K) 411-325-0240, 0250, 0260, 0270, 0280, and 0290;
- (L) 411-325-0300, 0340, and 0350;
- (M) 411-325-0360;
- (N) 411-325-0380;
- (O) 411-325-0430(3) and (4); and
- (P) 411-325-0440.

(b) Civil penalties of up to \$300 per day per violation may be imposed for violations of any section of these rules not listed in subsection (a)(A) to (a)(N) of this section if a violation has been cited on two consecutive inspections or surveys of a 24-hour residential setting where such surveys are conducted by an employee of the Department. Penalties assessed under this section of this rule may not exceed \$6,000 within a 90-day period.

(3) Monitoring occurs when a 24-hour residential setting is surveyed, inspected, or investigated by an employee or designee of the Department or an employee or designee of the Office of State Fire Marshal.

(4) In imposing a civil penalty pursuant to the schedule published in section (2) of this rule, the Department considers the following factors:

(a) The past history of the provider incurring a penalty in taking all feasible steps or procedures necessary or appropriate to correct any violation;

(b) Any prior violations of statutes or rules pertaining to 24-hour residential settings;

(c) The economic and financial conditions of the provider incurring the penalty; and

(d) The immediacy and extent to which the violation threatens or threatened the health, safety, or well-being of individuals.

(5) Any civil penalty imposed under ORS 443.455 and 441.710 becomes due and payable when the provider incurring the penalty receives a notice in writing from the Director of the Department. The notice referred to in this section of this rule is sent by registered or certified mail and includes:

(a) A reference to the particular sections of the statute, rule, standard, or order involved;

(b) A short and plain statement of the matters asserted or charged;

(c) A statement of the amount of the penalty or penalties imposed; and

(d) A statement of the right of the services provider to request a hearing.

(6) The person representing the provider to whom the notice is addressed has 20 days from the date of mailing of the notice in which to make a written application for a hearing before the Department.

(7) All hearings are conducted pursuant to the applicable provisions of ORS Chapter 183.

(8) If the provider notified fails to request a hearing within 20 days, an order may be entered by the Department assessing a civil penalty.

(9) If, after a hearing, the provider is found to be in violation of a license, rule, or order listed in ORS 441.710(1), an order may be entered by the Department assessing a civil penalty.

(10) A civil penalty imposed under ORS 443.455 or 441.710 may be remitted or reduced upon such terms and conditions as the Director of the Department considers proper and consistent with individual health and safety.

(11) If the order is not appealed, the amount of the penalty is payable within 10 days after the order is entered. If the order is appealed and is sustained, the amount of the penalty is payable within 10 days after the court decision. The order, if not appealed or sustained on appeal, constitutes a judgment and may be filed in accordance with the provisions of ORS 183.745. Execution may be issued upon the order in the same manner as execution upon a judgment of a court of record.

(12) A violation of any general order or Final Order pertaining to a 24-hour residential setting issued by the Department is subject to a civil penalty in the amount of not less than \$5 and not more than \$500 for each and every violation.

(13) Judicial review of civil penalties imposed under ORS 441.710 are provided under ORS 183.480, except that the court may, in its discretion, reduce the amount of the penalty.

(14) All penalties recovered under ORS 443.455 and 441.710 to 441.740 are paid into the State Treasury and credited to the General Fund.

### Statement of Purpose

(1) The rules in OAR chapter 411, division 328 prescribe standards for providers that support individuals with intellectual or developmental disabilities in a supported living setting.

(2) Supported living provides the opportunity for an individual to live in the residence of his or her choice within the community with recognition that the needs and preferences of the individual may change over time. The levels of support for the individual are based upon individual needs and preferences as identified in a functional needs assessment and defined in an Individual Support Plan. Such services may include up to 24 hours per day of paid supports that are provided in a manner that protects the dignity of the individual.

(3) These rules ensure that providers meet basic management, programmatic, health and safety, and human rights regulations for adults receiving services funded by the Department in supported living settings. The provider is responsible for developing and implementing policies and procedures that ensure that the requirements of these rules are met and ensuring services comply with all applicable local, state, and federal laws and regulations.

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in OAR 411-317-0000 apply to the rules in OAR chapter 411, division 328:

(1) "Abuse" means "abuse of an adult" as defined in OAR 407-045-0260.

(2) "Baseline Level of Behavior" means the frequency, duration, or intensity of a behavior, objectively measured, described, and documented prior to the implementation of an initial or revised Behavior Support Plan. The baseline level of behavior serves as the reference point by which the ongoing efficacy of an ISP is to be assessed. A baseline level of behavior is reviewed and reestablished at least yearly, at the time of an ISP team meeting.

(3) "Behavior Data Collection System" means the methodology specified within a Behavior Support Plan that directs the process for recording observations, interventions, and other support provision information critical to the analysis of the efficacy of the Behavior Support Plan.

(4) "Behavior Data Summary" means the document composed by a provider to summarize episodes of protective physical intervention. The behavior data summary serves as a substitution for the requirement of an incident report for each episode of protective physical intervention.

(5) "Behavior Support Services" mean the services consistent with positive behavioral theory and practice that are provided to assist with behavioral challenges due to the intellectual or developmental disability of an individual that prevents the individual from accomplishing ADL, IADL, health-related tasks, and provides cognitive supports to mitigate behavior. Behavior support services are provided in the home or community.

(6) "Board of Directors" means "board of directors" as defined in OAR 411-323-0020.

(7) "Career Development Plan" means the part of an ISP that identifies:

(a) The employment goals and objectives for an individual;

(b) The services and supports needed to achieve those goals;

(c) The people, agencies, and providers assigned to assist the individual to attain those goals;

(d) The obstacles to the individual working in an individualized job in an integrated employment setting; and

(e) The services and supports necessary to overcome those obstacles.

## ADMINISTRATIVE RULES

(8) "CDDP" means "community developmental disability program" as defined in OAR 411-320-0020.

(9) "Certificate" means the document issued by the Department to a provider that certifies the provider is eligible under the rules in OAR chapter 411, division 323 to receive state funds for the provision of services in an endorsed supported living setting.

(10) "Chemical Restraint" means the use of a psychotropic drug or other drugs for punishment or to modify behavior in place of a meaningful behavior or treatment plan.

(11) "Choice" means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.

(12) "Department" means the Department of Human Services.

(13) "Designated Representative" means any adult, such as a parent, family member, guardian, advocate, or other person, who is chosen by an individual or the legal representative of the individual, not a paid provider for the individual, and authorized by the individual or the legal representative of the individual to serve as the representative of the individual or the legal representative of the individual in connection with the provision of funded supports. An individual or a legal representative of the individual is not required to appoint a designated representative.

(14) "Developmental Disability" means "developmental disability" as defined in OAR 411-320-0020 and described in OAR 411-320-0080.

(15) "Director" means the Director of the Department of Human Services, Office of Developmental Disability Services or Office of Licensing and Regulatory Oversight, or the designee of the Director.

(16) "Endorsement" means the authorization to provide services in a supported living setting that is issued by the Department to a certified provider that has met the qualification criteria outlined in these rules and the rules in OAR chapter 411, division 323.

(17) "Entry" means admission to a Department-funded developmental disability service.

(18) "Executive Director" means the person designated by a board of directors or corporate owner that is responsible for the administration of services in a supported living setting.

(19) "Exit" means termination or discontinuance of a Department-funded developmental disability service by a Department licensed or certified provider.

(20) "Functional Needs Assessment":

(a) Means the comprehensive assessment or reassessment that:

(A) Documents physical, mental, and social functioning;

(B) Identifies risk factors and support needs; and

(C) Determines the service level.

(b) The functional needs assessment for an adult is known as the Adult Needs Assessment (ANA). Effective December 31, 2014, the Department incorporates Version C of the ANA into these rules by this reference. The ANA is maintained by the Department at: <http://www.dhs.state.or.us/spd/tools/dd/ANAAadultInhome.xls>. A printed copy of a blank ANA may be obtained by calling (503) 945-6398 or writing to the Department of Human Services, Developmental Disabilities, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, OR 97301.

(21) "Guardian" means the person or agency appointed and authorized by a court to make decisions about services for an individual.

(22) "Health Care Representative" means:

(a) A health care representative as defined in ORS 127.505; or

(b) A person who has authority to make health care decisions for an individual under the provisions of OAR chapter 411, division 365.

(23) "Hearing" means a contested case hearing subject to OAR 137-003-0501 to 137-003-0070, which results in a Final Order.

(24) "Incident Report" means the written report of any injury, accident, act of physical aggression, use of protective physical intervention, or unusual incident involving an individual.

(25) "Independence" means the extent to which an individual exerts control and choice over his or her own life.

(26) "Individual" means an adult with an intellectual or developmental disability applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and exercise the rights of the individual.

(27) "Individual Profile" means the written profile that describes an individual entering into a supported living setting. The profile may consist of materials or assessments generated by a provider or other related agencies, consultants, family members, or the legal or designated representative of the individual (as applicable).

(28) "Intellectual Disability" means "intellectual disability" as defined in OAR 411-320-0020 and described in 411-320-0080.

(29) "Involuntary Reduction" means a provider has made the decision to reduce services provided to an individual without prior approval from the individual.

(30) "Involuntary Transfer" means a provider has made the decision to transfer an individual without prior approval from the individual.

(31) "ISP" means "Individual Support Plan". An ISP includes the written details of the supports, activities, and resources required for an individual to achieve and maintain personal goals and health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering that is driven by the individual. The ISP reflects services and supports that are important for the individual to meet the needs of the individual identified through a functional needs assessment as well as the preferences of the individual for providers, delivery, and frequency of services and support. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, the Community First Choice state plan, natural supports, or alternative resources. The ISP includes the Career Development Plan.

(32) "ISP Team" means a team composed of an individual receiving services and the legal or designated representative of the individual (as applicable), services coordinator, and others chosen by the individual, such as providers and family members.

(33) "Legal Representative" means an attorney at law who has been retained by or for an individual, a power of attorney for an individual, or a person or agency authorized by a court to make decisions about services for an individual.

(34) "Mechanical Restraint" means any mechanical device, material, object, or equipment attached or adjacent to the body of an individual that the individual cannot easily remove or easily negotiate around and that restricts freedom of movement or access to the body of the individual.

(35) "Medicaid Agency Identification Number" means the numeric identifier assigned by the Department to a provider following the enrollment of the provider as described in OAR chapter 411, division 370.

(36) "Medicaid Performing Provider Number" means the numeric identifier assigned by the Department to an entity or person following the enrollment of the entity or person to deliver Medicaid funded services as described in OAR chapter 411, division 370. The Medicaid Performing Provider Number is used by the rendering provider for identification and billing purposes associated with service authorizations and payments.

(37) "Natural Supports" mean the voluntary resources available to an individual from the relatives, friends, significant others, neighbors, roommates, and the community of the individual that are not paid for by the Department.

(38) "Needs Meeting" means a process in which an ISP team identifies the services and supports an individual needs to live in his or her own home and makes a determination as to the feasibility of creating such services.

(39) "OHP Plus" means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.

(40) "OIS" means "Oregon Intervention System". OIS is the system of providing training of elements of positive behavior support and non-aversive behavior intervention. OIS uses principles of pro-active support and describes approved protective physical intervention techniques used to maintain health and safety.

(41) "OSIPM" means "Oregon Supplemental Income Program-Medical" as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for individuals who meet the eligibility criteria described in OAR chapter 461.

(42) "Person-Centered Planning":

(a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

# ADMINISTRATIVE RULES

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.

(43) "Positive Behavioral Theory and Practice" means a proactive approach to behavior and behavior interventions that:

(a) Emphasizes the development of functional alternative behavior and positive behavior intervention;

(b) Uses the least intrusive intervention possible;

(c) Ensures that abusive or demeaning interventions are never used; and

(d) Evaluates the effectiveness of behavior interventions based on objective data.

(44) "Protective Physical Intervention" means any manual physical holding of, or contact with, an individual that restricts freedom of movement.

(45) "Provider" means a public or private community agency or organization that provides recognized developmental disability services and is certified and endorsed by the Department to provide these services under these rules and the rules in OAR chapter 411, division 323.

(46) "Psychotropic Medication" means a medication the prescribed intent of which is to affect or alter thought processes, mood, or behavior including, but not limited to, anti-psychotic, antidepressant, anxiolytic (anti-anxiety), and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed.

(47) "Service Level" means the amount of services determined necessary by a functional needs assessment and made available to meet the identified support needs of an individual.

(48) "Services Coordinator" means "services coordinator" as defined in OAR 411-320-0020.

(49) "Supported Living" means the endorsed setting that provides the opportunity for individuals to live in the residence of their own choice within the community. Supported living is not grounded in the concept of "readiness" or in a "continuum of services model" but rather provides the opportunity for individuals to live where they want, with whom they want, for as long as they desire, with a recognition that needs and desires may change over time.

(50) "These Rules" mean the rules in OAR chapter 411, division 328.

(51) "Transfer" means movement of an individual from one service setting to another service setting administered or operated by the same provider.

(52) "Transition Plan" means the ISP describing necessary services and supports for an individual upon entry to a new service setting. The Transition Plan is approved by a services coordinator and includes a summary of the services necessary to facilitate adjustment to the services offered, the supports necessary to ensure health and safety, and the assessments and consultations necessary for further ISP development.

(53) "Unusual Incident" means any incident involving an individual that includes serious illness or an accident, death, injury or illness requiring inpatient or emergency hospitalization, a suicide attempt, a fire requiring the services of a fire department, an act of physical aggression, or any incident requiring an abuse investigation.

(54) "Variance" means the temporary exception from a regulation or provision of these rules that may be granted by the Department upon written application by a provider.

### Program Management

(1) CERTIFICATION, ENDORSEMENT, AND ENROLLMENT. To provide services in a supported living setting, the provider must have:

(a) A certificate and an endorsement to provide services in a supported living setting as set forth in OAR chapter 411, division 323;

(b) A Medicaid Agency Identification Number assigned by the Department as described in OAR chapter 411, division 370; and

(c) For each specific geographic area where services shall be delivered in a supported living setting, a Medicaid Performing Provider Number assigned by the Department as described in OAR chapter 411, division 370.

(2) INSPECTIONS AND INVESTIGATIONS. The provider must allow inspections and investigations as described in OAR 411-323-0040.

(3) MANAGEMENT AND PERSONNEL PRACTICES. The provider must comply with the management and personnel practices as described in OAR 411-323-0050.

(4) PERSONNEL FILES AND QUALIFICATION RECORDS. The provider must maintain written documentation of six hours of pre-service training prior to supervising individuals that includes mandatory abuse reporting training and training on individual profiles, Transition Plans, and ISPs.

(5) CONFIDENTIALITY OF RECORDS. The provider must ensure the confidentiality of the records for individuals as described in OAR 411-323-0060.

(6) DOCUMENTATION REQUIREMENTS. Unless stated otherwise, all entries required by these rules must:

(a) Be prepared at the time or immediately following the event being recorded;

(b) Be accurate and contain no willful falsifications;

(c) Be legible, dated, and signed by the person making the entry; and

(d) Be maintained for no less than five years.

### Variances

(1) The Department may grant a variance to these rules based upon a demonstration by the provider that an alternative method or different approach provides equal or greater program effectiveness and does not adversely impact the welfare, health, safety, or rights of individuals or violate state or federal laws.

(2) The provider requesting a variance must submit a written application to the CDDP that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) The alternative practice, service, method, concept, or procedure proposed; and

(d) If the variance applies to the services of an individual, evidence that the variance is consistent with the currently authorized ISP for the individual.

(3) The CDDP must forward the signed variance request form to the Department within 30 days from the receipt of the request indicating the position of the CDDP on the proposed variance.

(4) The request for a variance is approved or denied by the Department. The decision of the Department is sent to the provider, the CDDP, and to all relevant Department programs or offices within 30 days from the receipt of the variance request.

(5) The provider may request an administrative review of the denial of a variance request. The Department must receive a written request for an administrative review within 10 business days from the receipt of the denial. The provider must send a copy of the written request for an administrative review to the CDDP. The decision of the Director is the final response from the Department.

(6) The duration of the variance is determined by the Department.

(7) The provider may implement a variance only after written approval from the Department.

### Medical Services

(1) The medical records for individuals must be kept confidential as described in OAR 411-323-0060.

(2) The provider must provide sufficient oversight and guidance to ensure that the health and medical needs of the individuals are adequately addressed.

(3) Written health and medical supports must be developed as required for an individual and integrated into a Transition Plan or ISP. The

# ADMINISTRATIVE RULES

plan must be based on a functional needs assessment of the health and medically related support needs and preferences of the individual and updated annually or as significant changes occur.

(4) The provider must have and implement written policies and procedures that maintain and protect the physical health of individuals. The policies and procedures must address the following:

- (a) Early detection and prevention of infectious disease;
- (b) Emergency medical intervention;
- (c) Treatment and documentation of illness and health care concerns;

and

(d) Obtaining, administering, storing, and disposing of prescription and non-prescription drugs, including self-administration of medication.

(5) The provider must ensure an individual has a primary physician or health care provider whom the individual has chosen from among qualified providers.

(6) Provisions must be made for a secondary physician, health care provider, or clinic in the event of an emergency.

(7) The provider must ensure that an individual receives a medical evaluation by a qualified health care provider no fewer than every two years or as recommended by a health care provider. Evidence of the medical evaluation must be placed in the record for the individual and must address:

- (a) Current health status;
- (b) Changes in health status;
- (c) Recommendations, if any, for further medical intervention;
- (d) Any remedial and corrective action required and the date of action;
- (e) Restrictions on activities due to medical limitations; and
- (f) Prescribed medications, treatments, special diets, and therapies.

(8) The provider must monitor the health status and physical conditions of the individual and take action in a timely manner in response to identified changes or conditions that may lead to deterioration or harm.

(9) Before the entry of an individual, the provider must obtain the most complete medical profile available for the individual, including:

- (a) The results of most recent physical exam;
- (b) Results of any dental evaluation;
- (c) A record of immunizations;
- (d) A record of known communicable diseases and allergies; and
- (e) A summary of the medical history of the individual, including chronic health concerns.

(10) The provider must ensure that all medications, treatments, and therapies:

(a) Have a written order or a copy of a written order signed by a physician or qualified health care provider before any medication, prescription, or non-prescription is administered to, or self-administered by, an individual unless otherwise indicated by an ISP team in the written health and medical support section of the ISP or Transition Plan for the individual; and

- (b) Be followed per written orders.

(11) PRN (as needed) orders are not allowed for psychotropic medication.

(12) The drug regimen of an individual on prescription medication must be reviewed and evaluated by a physician or physician designee no less often than every 180 days unless otherwise indicated by an ISP team in the written health and medical support section of the ISP or Transition Plan for the individual.

(13) All prescribed medications and treatments must be self-administered unless contraindicated by an ISP team or physician. For an individual who requires assistance in the administration of his or her own medication, the following must be met:

- (a) The ISP team must recommend that the individual receive assistance with taking his or her own medication;
- (b) There must be a written training program for the self-administration of medication unless contraindicated by the ISP team; and
- (c) There must be a written record of medications and treatments that documents that the orders of a physician are being followed.

(14) The ISP for an individual who independently self-administers medication must include a plan for the periodic monitoring or review of the self-administration of medication.

(15) The provider must assist an individual with the use of a prosthetic device as ordered.

### General Safety

(1) The provider must employ means for protecting the health and safety of the individuals which:

- (a) Are not unduly restrictive;
- (b) May include risks but do not inordinately affect the health, safety, and welfare of the individuals; and
- (c) Are used by other people in the community.

(2) Written safety supports must be developed as required by an ISP team and integrated into a Transition Plan or ISP. The plan must:

- (a) Be based on a review and identification of the safety needs and preferences of an individual;
- (b) Be updated annually or as significant changes occur; and
- (c) Identify how the individual evacuates his or her residence, specifying at a minimum the routes to be used and the level of assistance needed.

(3) The provider must have and implement policies and procedures that provide for the safety of individuals and for responses to emergencies and disasters.

(4) The need for emergency evacuation procedures and documentation thereof must be assessed and determined by an ISP team.

(5) An operable smoke alarm must be available in each bedroom and in a central location on each floor.

(6) An operable class 2A10BC fire extinguisher must be easily accessible in each residence.

(7) First aid supplies must be available in each residence.

(8) An operable flashlight must be available in each residence.

(9) The provider must provide necessary adaptations to ensure fire safety for sensory and physically impaired individuals.

(10) Bedrooms must meet minimum space requirements (single 60 square feet, double 120 square feet with beds located three feet apart).

(11) Sleeping rooms must have at least one window that opens from the inside without special tools and provides a clear opening through which an individual is able to exit.

(12) Emergency telephone numbers must be available at the residence of each individual and include:

- (a) The telephone numbers of the local fire, police department, and ambulance service, if not served by a 911 emergency service; and

(b) The telephone number of the Executive Director or the designee of the Executive Director, emergency physician, and other people to be contacted in case of an emergency.

### Incident Reports and Emergency Notifications

(1) An incident report, as defined in OAR 411-328-0560, must be placed in the record for an individual upon injury, accident, act of physical aggression, or unusual incident. The incident report must include:

(a) Conditions prior to, or leading to, the incident;

(b) A description of the incident;

(c) Staff response at the time; and

(d) Follow-up to be taken to prevent a recurrence of the incident.

(2) A copy of all incident reports must be sent or made electronically available to the services coordinator within five business days of the incident.

(3) Upon request of the legal representative, a copy of the incident report must be sent or made electronically available to the legal representative within five business days of the incident. If a copy of the incident report is sent or made electronically available to the legal representative of an individual, any confidential information about other individuals must be removed or redacted as required by federal and state privacy laws. A copy of an incident report may not be provided to the legal representative of an individual when the report is part of an abuse or neglect investigation.

(4) The provider must notify the CDDP immediately if an incident or allegation falls within the scope of abuse as defined in OAR 407-045-0260. When an abuse investigation has been initiated, the CDDP must ensure that either the services coordinator or the provider also immediately notifies the legal or designated representative of the individual (as applicable). The parent, next of kin, or other significant person of the individual may also be notified unless the individual requests the parent, next of kin, or other significant person not be notified about the abuse investigation or protective services, or notification has been specifically prohibited by law.

(5) In the case of a serious illness, injury, or death of an individual, the provider must immediately notify:

(a) The legal or designated representative, parent, next of kin, and other significant person of the individual (as applicable);

(b) The CDDP; and

(c) Any other agency responsible for the individual.

(6) In the case of an individual who is missing beyond the timeframes established by the ISP team, the provider must immediately notify:

(a) The designated representative of the individual;

(b) The legal representative of the individual, if any, or nearest responsible relative;

(c) The local police department; and

(d) The CDDP.

(N) Seek a meaningful life by choosing from available services, service settings, and providers consistent with the support needs of the individual identified through a functional needs assessment and enjoying the benefits of community involvement and community integration:

(i) Services must promote independence and dignity and reflect the age and preferences of the individual; and

(ii) The services must be provided in a setting and under conditions that are most cost effective and least restrictive to the liberty of the individual, least intrusive to the individual, and that provide for self-directed decision-making and control of personal affairs appropriate to the preferences, age, and identified support needs of the individual;

(O) An individualized written plan for services created through a person-centered planning process, services based upon the plan, and periodic review and reassessment of service needs;

(P) Ongoing opportunity to participate in the planning of services in a manner appropriate to the capabilities of the individual, including the right to participate in the development and periodic revision of the plan for services, the right to be provided with a reasonable explanation of all service considerations through choice advising, and the right to invite others chosen by the individual to participate in the plan for services;

(Q) Request a change in the plan for services and a reassessment of service needs;

(R) A timely decision upon request for a change in the plan for services;

(S) Advance written notice of any action that terminates, suspends, reduces, or denies a service or request for service and notification of other available sources for necessary continued services;

(T) A hearing to challenge an action that terminates, suspends, reduces, or denies a service or request for service;

(U) Exercise all rights set forth in ORS 426.385 and 427.031 if the individual is committed to the Department;

(V) Be informed at the start of services and annually thereafter of the rights guaranteed by this rule, the contact information for the protection and advocacy system described in ORS 192.517(1), the procedures for reporting abuse, and the procedures for filing complaints, reviews, or requests for hearings if services have been or are proposed to be terminated, suspended, reduced, or denied;

(W) Have these rights and procedures prominently posted in a location readily accessible to individuals and made available to representatives of the individual;

(X) Be encouraged and assisted in exercising all legal, civil, and human rights accorded to other citizens of the same age, except when limited by a court order;

(Y) Be informed of and have the opportunity to assert complaints as described in OAR 411-318-0015 with respect to infringement of the rights described in this rule, including the right to have such complaints considered in a fair, timely, and impartial complaint procedure without any form of retaliation or punishment; and

(Z) Freedom to exercise all rights described in this rule without any form of reprisal or punishment.

(d) The rights described in this rule are in addition to, and do not limit, all other statutory and constitutional rights that are afforded all citizens including, but not limited to, the right to exercise religious freedom, vote, marry, have or not have children, own and dispose of property, and enter into contracts and execute documents unless specifically prohibited by law.

(e) An individual who is receiving developmental disability services has the right under ORS 430.212 and OAR 411-320-0090 to be informed that a family member has contacted the Department to determine the location of the individual and to be informed of the name and contact information of the family member, if known.

(f) The rights described in this rule may be asserted and exercised by an individual, the legal representative of an individual, and any representative designated by an individual.

(g) A guardian is appointed for an adult only as is necessary to promote and protect the well-being of the adult. A guardianship for an adult must be designed to encourage the development of maximum self-reliance and independence of the adult, and may be ordered only to the extent necessitated by the actual mental and physical limitations of the adult. An adult for whom a guardian has been appointed is not presumed to be incompetent. An adult with a guardian retains all legal and civil rights provided by law, except those that have been expressly limited by court order or specifically granted to the guardian by the court. Rights retained by an adult include, but are not limited to, the right to contact and retain counsel and to have access to personal records. (ORS 125.300).

## (2) COMPLAINTS.

(a) Complaints by or on behalf of individuals must be addressed in accordance with OAR 411-318-0015.

(b) Upon entry and request and annually thereafter, the policy and procedures for complaints must be explained and provided to an individual and the legal or designated representative of the individual (as applicable).

(3) NOTIFICATION OF PLANNED ACTION. In the event that a developmental disability service is denied, reduced, suspended, or terminated, a written advance Notification of Planned Action (form SDS 0947) must be provided as described in OAR 411-318-0020.

## (4) HEARINGS.

(a) Hearings must be addressed in accordance with ORS Chapter 183 and OAR 411-318-0025.

(b) An individual may request a hearing as provided in ORS Chapter 183 and OAR 411-318-0025 for a denial, reduction, suspension, or termination of a developmental disability service or OAR 411-318-0030 for an involuntary reduction, transfer, or exit.

(c) Upon entry and request and annually thereafter, a notice of hearing rights and the policy and procedures for hearings must be explained and provided to an individual and the legal or designated representative of the individual (as applicable).

### Personalized Plans

(1) The decision to support an individual so that the individual may live in and maintain his or her own home requires significant involvement from the individual and the ISP team for the individual. In supported living, this process is characterized by a functional needs assessment and a series of team meetings or discussions to determine what personalized supports the individual needs to live in his or her own home, a determination as to the feasibility of creating such supports, and the development of a written plan that describes services the individual must receive upon entry into supported living.

(2) NEEDS MEETING. An ISP team must meet to discuss the projected service needs of an individual prior to the individual receiving services in a supported living setting. The needs meeting must:

(a) Review information related to the health and medical, safety, dietary, financial, social, leisure, staff, mental health, and behavioral support needs and preferences of the individual;

(b) Include the individual, any potential providers, and other ISP team members;

(c) As part of a functional needs assessment, identify the supports required for the individual to live in his or her own home; and

(d) Discuss the selection of potential providers based on the service needs of the individual.

(3) TRANSITION PLAN. The individual, provider, and other ISP team members must participate in an entry meeting prior to the initiation of

# ADMINISTRATIVE RULES

services. The outcome of the entry meeting must be a written Transition Plan that takes effect upon entry. The Transition Plan must:

(a) Address the health and medical, safety, dietary, financial, staffing, mental health, and behavioral support needs and preferences of the individual as required by the ISP team;

(b) Indicate who is responsible for providing the supports described in the Transition Plan;

(c) Be based on the list of supports identified in the functional needs assessment and consultation required by the ISP team; and

(d) Be developed and approved by the ISP team and available at the service site.

## (4) INDIVIDUAL SUPPORT PLAN (ISP).

(a) An ISP must be developed and approved by an ISP team consistent with OAR 411-320-0120 and reviewed and updated as necessary within 60 days of implementation of the Transition Plan, as changes occur, and annually thereafter.

(b) The ISP or attached documents must include:

(A) The name of the individual and the name of the legal or designated representative of the individual (as applicable);

(B) A description of the supports required that is consistent with the support needs identified in the assessment of the individual;

(C) The projected dates of when specific supports are to begin and end;

(D) A list of personal, community, and alternative resources that are available to the individual and how the resources may be applied to provide the required supports. Sources of support may include waiver services, Community First Choice state plan services, other state plan services, state general funds, or natural supports;

(E) The manner in which services are delivered and the frequency of services;

(F) Provider type;

(G) The setting in which the individual resides as chosen by the individual;

(H) The strengths and preferences of the individual;

(I) Individually identified goals and desired outcomes;

(J) The services and supports (paid and unpaid) to assist the individual to achieve identified goals and the providers of the services and supports, including voluntarily provided natural supports;

(K) The risk factors and the measures in place to minimize the risk factors, including back up plans;

(L) The identity of the person responsible for case management and monitoring the ISP;

(M) A provision to prevent unnecessary or inappropriate care; and

(N) The alternative settings considered by the individual.

(c) As of July 1, 2014, a Career Development Plan must be attached to an ISP in accordance with OAR 411-345-0160.

## (5) INDIVIDUAL PROFILE.

(a) The provider must develop a written profile within 90 days of entry. The profile is used to train new staff. The profile must include information related to the history or personal highlights, lifestyle and activity choices and preferences, social network and significant relationships, and other information that helps describe an individual.

(b) The profile must be composed of written information generated by the provider. The profile may include:

(A) Reports of assessments or consultations;

(B) Historical or current materials developed by the CDDP or nursing facility;

(C) Material and pictures from the family and friends of the individual;

(D) Newspaper articles; and

(E) Other relevant information.

(c) The profile must be maintained at the service site and updated as significant changes occur.

### Behavior Support

(1) The provider must have and implement a written policy for behavior support that utilizes individualized positive behavioral theory and practice and prohibits abusive practices.

(2) The provider must inform an individual and, as applicable, the legal or designated representative of the individual, of the behavior support policy and procedures at the time of entry and as changes occur.

(3) A decision to develop a plan to alter a behavior must be made by the ISP team. Documentation of the ISP team decision must be maintained by the provider.

(4) The behavior consultant or a trained staff member must conduct a functional behavioral assessment of the behavior that is based upon information provided by one or more people who know the individual. The functional behavioral assessment must include:

(a) A clear, measurable description of the behavior, including frequency, duration, and intensity of the behavior (as applicable);

(b) A clear description and justification of the need to alter the behavior;

(c) An assessment of the meaning of the behavior, including the possibility that the behavior is one or more of the following:

(A) An effort to communicate;

(B) The result of a medical condition;

(C) The result of a psychiatric condition; or

(D) The result of environmental causes or other factors.

(d) A description of the context in which the behavior occurs; and

(e) A description of what currently maintains the behavior.

(5) The Behavior Support Plan must include:

(a) An individualized summary of the needs, preferences, and relationships of the individual;

(b) A summary of the function of the behavior as derived from the functional behavioral assessment;

(c) Strategies that are related to the function of the behavior and are expected to be effective in reducing problem behaviors;

(d) Prevention strategies, including environmental modifications and arrangements;

(e) Early warning signals or predictors that may indicate a potential behavioral episode and a clearly defined plan of response;

(f) A general crisis response plan that is consistent with OIS;

(g) A plan to address post crisis issues;

(h) A procedure for evaluating the effectiveness of the Behavior Support Plan, including a method of collecting and reviewing data on frequency, duration, and intensity of the behavior;

(i) Specific instructions for staff who provide support to follow regarding the implementation of the Behavior Support Plan; and

(j) Positive behavior supports that includes the least intrusive intervention possible.

(6) Providers must maintain the following additional documentation for implementation of a Behavior Support Plan:

(a) Written evidence that the individual, the legal representative of the individual (if applicable), and the ISP team are aware of the development of the Behavior Support Plan and any objections or concerns have been documented;

(b) Written evidence of the ISP team decision for approval of the implementation of the Behavior Support Plan; and

(c) Written evidence of all informal and positive strategies used to develop an alternative behavior.

## 411-328-0770

### Protective Physical Intervention

(1) The provider must only employ protective physical intervention techniques that are included in the current approved OIS curriculum or as approved by the OIS Steering Committee. Protective physical intervention techniques must only be applied:

(a) When the health and safety of the individual or others is at risk, the ISP team has authorized the procedures as documented by the decision of the ISP team, the procedures are documented in the ISP, and the procedures are intended to lead to less restrictive intervention strategies;

(b) As an emergency measure if absolutely necessary to protect the individual or others from immediate injury; or

(c) As a health-related protection ordered by a licensed health care provider if absolutely necessary during the conduct of a specific medical or surgical procedure or for the protection of the individual during the time that a medical condition exists.

(2) Staff supporting an individual must be trained by an instructor certified in OIS when the individual has a history of behavior requiring pro-

# ADMINISTRATIVE RULES

protective physical intervention and the ISP team has determined there is probable cause for future application of protective physical intervention. Documentation verifying OIS training must be maintained in the personnel file for the staff person.

(3) The provider must obtain the approval of the OIS Steering Committee for any modification of standard OIS protective physical intervention techniques. The request for modification of a protective physical intervention technique must be submitted to the OIS Steering Committee and must be approved in writing by the OIS Steering Committee prior to the implementation of the modification. Documentation of the approval must be maintained in the record for the individual.

(4) Use of protective physical intervention techniques that are not part of an approved Behavior Support Plan in emergency situations must:

(a) Be reviewed by the Executive Director or the designee of the Executive Director within one hour of application;

(b) Be only used until the individual is no longer an immediate threat to self or others;

(c) Result in the submission of an incident report to the services coordinator or other Department designee (if applicable) and the legal representative of the individual (if applicable), no later than one business day after the incident has occurred; and

(d) Prompt an ISP meeting if emergency protective physical intervention is used more than three times in a six month period.

(5) Any use of protective physical intervention must be documented in an incident report, excluding circumstances described in section (7) of this rule. The report must include:

(a) The name of the individual to whom the protective physical intervention was applied;

(b) The date, type, and length of time the protective physical intervention was applied;

(c) A description of the incident precipitating the need for the use of protective physical intervention;

(d) Documentation of any injury;

(e) The name and the position of the staff member applying the protective physical intervention;

(f) The name and position of any staff member witnessing the protective physical intervention;

(g) The name and position of the person providing the initial review of the use of the protective physical intervention; and

(h) Documentation of a review by the Executive Director or the designee of the Executive Director who is knowledgeable in OIS, as evident by a job description that reflects this responsibility. The review must include the follow-up to be taken to prevent a recurrence of the incident.

(6) A copy of the incident report must be sent or made electronically available within five business days of the incident to the services coordinator and the legal representative of the individual (when applicable).

(a) The services coordinator or the Department designee (when applicable) must receive complete copies of incident reports.

(b) Copies of incident reports may not be provided to a legal representative or other provider when the report is part of an abuse or neglect investigation.

(c) Copies sent or made electronically available to a legal representative or other provider must have confidential information about other individuals removed or redacted as required by federal and state privacy laws.

(d) All protective physical interventions resulting in injuries must be documented in an incident report and sent or made electronically available to the services coordinator or other Department designee (if applicable) within one business day of the incident.

## (7) BEHAVIOR DATA SUMMARY.

(a) The provider may substitute a behavior data summary in lieu of individual incident reports when:

(A) There is no injury to the individual or others;

(B) There is a formal written functional behavioral assessment and a written Behavior Support Plan;

(C) The Behavior Support Plan defines and documents the parameters of the baseline level of behavior;

(D) The protective physical intervention techniques and the behavior for which the protective physical intervention techniques are applied remain within the parameters outlined in the Behavior Support Plan and OIS curriculum; and

(E) The behavior data collection system for recording observations, interventions, and other support information critical to the analysis of the efficacy of the Behavior Support Plan is also designed to record the items described in section (5)(a)-(c) and (e)-(h) of this rule.

(b) A copy of the behavior data summary must be forwarded or made electronically available every 30 days to the services coordinator or other Department designee (if applicable) and the legal representative of the individual (if applicable).

### Psychotropic Medications and Medications for Behavior

(1) Psychotropic medications and medications for behavior must be:

(a) Prescribed by a physician through a written order; and

(b) Included in the ISP.

(2) The use of psychotropic medications and medications for behavior must be based on the decision of a physician that the harmful effects without the medication clearly outweigh the potentially harmful effects of the medication. Providers must present the physician with a full and clear written description of the behavior and symptoms to be addressed, as well as any side effects observed, to enable the physician to make this decision.

(3) Psychotropic medications and medications for behavior must be:

(a) Monitored by the prescribing physician, ISP team, and provider for desired responses and adverse consequences; and

(b) Reviewed to determine the continued need and lowest effective dosage in a carefully monitored program.

### Entry, Exit, and Transfer

(1) NON-DISCRIMINATION. An individual considered for Department-funded services may not be discriminated against because of race, color, creed, age, disability, national origin, gender, religion, duration of Oregon residence, method of payment, or other forms of discrimination under applicable state or federal law.

(2) QUALIFICATIONS FOR DEPARTMENT-FUNDED SERVICES. An individual who enters supported living is subject to eligibility as described in this section.

(a) To be eligible for supported living, an individual must:

(A) Be an Oregon resident;

(B) Be eligible for OHP Plus;

(C) Be determined eligible for developmental disability services by the CDDP of the county of origin as described in OAR 411-320-0080;

(D) Meet the level of care as defined in OAR 411-320-0020;

(E) Be an individual who is not receiving other Department-funded in-home or community living support;

(F) Have access to the financial resources to afford living expenses, such as food, utilities, rent, and other housing expenses; and

(G) Be eligible for Community First Choice state plan services.

(b) TRANSFER OF ASSETS.

(A) As of October 1, 2014, an individual receiving medical benefits under OAR chapter 410, division 200 requesting Medicaid coverage for services in a nonstandard living arrangement (see OAR 461-001-0000) is subject to the requirements of the rules regarding transfer of assets (see OAR 461-140-0210 to 461-140-0300) in the same manner as if the individual was requesting these services under OSIPM. This includes, but is not limited to, the following assets:

(i) An annuity evaluated according to OAR 461-145-0022;

(ii) A transfer of property when an individual retains a life estate evaluated according to OAR 461-145-0310;

(iii) A loan evaluated according to OAR 461-145-0330; or

(iv) An irrevocable trust evaluated according to OAR 461-145-0540;

(B) When an individual is considered ineligible due to a disqualifying transfer of assets, the individual must receive a notice meeting the requirements of OAR 461-175-0310 in the same manner as if the individual was requesting services under OSIPM.

(3) ENTRY.

(a) Prior to or upon an entry ISP team meeting, a provider must acquire the following individual information:

(A) A copy of the eligibility determination document;

(B) A statement indicating safety skills, including the ability of the individual to evacuate from a building when warned by a signal device and adjust water temperature for bathing and washing;

# ADMINISTRATIVE RULES

(C) A brief written history of any behavioral challenges, including supervision and support needs;

(D) A medical history and information on health care supports that includes (when available):

- (i) The results of the most recent physical exam;
- (ii) The results of any dental evaluation;
- (iii) A record of immunizations;
- (iv) A record of known communicable diseases and allergies; and
- (v) A record of major illnesses and hospitalizations.

(E) A written record of any current or recommended medications, treatments, diets, and aids to physical functioning;

(F) A copy of the most recent needs assessment. If the needs of the individual have changed over time, the previous needs assessments must also be provided;

(G) Copies of protocols, the risk tracking record, and any support documentation (if available);

(H) Copies of documents relating to the guardianship, conservatorship, health care representation, power of attorney, court orders, probation and parole information, or any other legal restriction on the rights of the individual (if applicable);

(I) Written documentation to explain why preferences or choices of the individual may not be honored at that time;

(J) A copy of the most recent ISP and Behavior Support Plan and assessment (if available);

(K) Information related to the lifestyle, activities, and other choices and preferences; and

(L) Documentation of financial resources.

(b) ENTRY MEETING. An entry ISP team meeting must be conducted prior to the onset of services to an individual. The findings of the entry meeting must be recorded in the file for the individual and include at a minimum:

- (A) The name of the individual proposed for services;
- (B) The date of the entry meeting;
- (C) The date determined to be the date of entry;
- (D) Documentation of the participants included in the entry meeting;
- (E) Documentation of the pre-entry information required by subsection (a) of this section;

(F) Documentation of the decision to serve the individual requesting services; and

(G) The written Transition Plan for no longer than 60 days that includes all medical, behavior, and safety supports needed by the individual.

(4) VOLUNTARY TRANSFERS AND EXITS.

(a) A provider must promptly notify a services coordinator if an individual gives notice of the intent to exit or abruptly exits services.

(b) A provider must notify a services coordinator prior to the voluntary transfer or exit of an individual from services.

(c) Notification and authorization of the voluntary transfer or exit of the individual must be documented in the record for the individual.

(5) INVOLUNTARY REDUCTIONS, TRANSFERS, AND EXITS.

(a) A provider must only reduce, transfer, or exit an individual involuntarily for one or more of the following reasons:

(A) The behavior of the individual poses an imminent risk of danger to self or others;

(B) The individual experiences a medical emergency;

(C) The service needs of the individual exceed the ability of the provider;

(D) The individual fails to pay for services; or

(E) The certification or endorsement for the provider described in OAR chapter 411, division 323 is suspended, revoked, not renewed, or voluntarily surrendered.

(b) NOTICE OF INVOLUNTARY REDUCTION, TRANSFER, OR EXIT. A provider must not reduce services, transfer, or exit an individual involuntarily without 30 days advance written notice to the individual, the legal or designated representative of the individual (as applicable), and the services coordinator, except in the case of a medical emergency or when an individual is engaging in behavior that poses an imminent danger to self or others as described in subsection (c) of this section.

(A) The written notice must be provided on the Notice of Involuntary Reduction, Transfer, or Exit form approved by the Department and include:

- (i) The reason for the reduction, transfer, or exit; and
- (ii) The right of the individual to a hearing as described in subsection (d) of this section.

(B) A Notice of Involuntary Reduction, Transfer, or Exit is not required when an individual requests the reduction, transfer, or exit.

(c) A provider may give less than 30 days advance written notice only in a medical emergency or when an individual is engaging in behavior that poses an imminent danger to self or others. The notice must be provided to the individual, the legal or designated representative of the individual (as applicable), and the services coordinator immediately upon determination of the need for a reduction, transfer, or exit.

(d) HEARING RIGHTS. An individual must be given the opportunity for a hearing under ORS Chapter 183 and OAR 411-318-0030 to dispute an involuntary reduction, transfer, or exit. If an individual requests a hearing, the individual must receive the same services until the hearing is resolved. When an individual has been given less than 30 days advance written notice of a reduction, transfer, or exit as described in subsection (c) of this section and the individual has requested a hearing, the provider must reserve service availability for the individual until receipt of the Final Order.

(6) EXIT MEETING.

(a) An ISP team must meet before any decision to exit an individual is made. Findings of the exit meeting must be recorded in the file for the individual and include, at a minimum:

- (A) The name of the individual considered for exit;
- (B) The date of the exit meeting;
- (C) Documentation of the participants included in the exit meeting;
- (D) Documentation of the circumstances leading to the proposed exit;
- (E) Documentation of the discussion of the strategies to prevent the exit of the individual from services (unless the individual is requesting the exit);

(F) Documentation of the decision regarding the exit of the individual, including verification of the voluntary decision to exit or a copy of the Notice of Involuntary Reduction, Transfer, or Exit; and

(G) Documentation of the proposed plan for services after the exit.

(b) Requirements for an exit meeting may be waived if an individual is immediately removed from services under the following conditions:

- (A) The individual requests an immediate removal from services; or
- (B) The individual is removed by legal authority acting pursuant to civil or criminal proceedings.

(7) TRANSFER MEETING. An ISP team must meet to discuss any proposed transfer of an individual before any decision to transfer is made. Findings of the transfer meeting must be recorded in the file for the individual and include, at a minimum:

- (a) The name of the individual considered for transfer;
- (b) The date of the transfer meeting;
- (c) Documentation of the participants included in the transfer meeting;

(d) Documentation of the circumstances leading to the proposed transfer;

- (e) Documentation of the alternatives considered instead of transfer;
- (f) Documentation of the reasons any preferences of the individual, or as applicable the legal or designated representative or family members of the individual, may not be honored;

(g) Documentation of the decision regarding the transfer, including verification of the voluntary decision to transfer or a copy of the Notice of Involuntary Reduction, Transfer, or Exit; and

(h) The written plan for services after the transfer.

# ADMINISTRATIVE RULES

**Subject:** The Department of Human Services (Department), Office of Developmental Disability Services is permanently updating the rules in OAR chapter 411, division 330 for comprehensive in-home support for adults with intellectual or developmental disabilities.

The updated rules:

Make permanent temporary rule language that became effective on July 1, 2014;

Incorporate the general definitions in OAR 411-317-0000, update the definitions to reflect correct terminology, and include definitions for terms created by the temporary rulemaking;

Reflect correct program eligibility requirements with respect to the 1915(k) Community First Choice state plan amendment;

Update the conditions under which an individual must exit comprehensive in-home supports;

Update language to assure continued availability of services to an individual who transfers case management entities;

Update language to reflect the completion of the transition period for the implementation of the 1915(k) Community First Choice state plan amendment and to incorporate service parameters associated with the proposed Comprehensive Services 1915(c) Home and Community-Based Services waiver;

Adjust to the adoption of the personal support worker rules in OAR chapter 411, division 375 by excluding specific requirements for personal support workers;

Reflect terminology associated with service descriptions found in the 1915(k) Community First Choice state plan amendment;

Reflect the terminology associated with the proposed Comprehensive Services 1915(c) Home and Community-Based Services waiver and the 1915(k) Community First Choice state plan amendment;

Account for changes in service eligibility related to the types of Medicaid eligibility an individual may have and to update the available supports to reflect changes to the proposed Comprehensive Services 1915(c) Home and Community Based Services waiver;

Provide a uniform dispute resolution process by incorporating the complaint, Notification of Planned Action, and hearing rules adopted in OAR chapter 411, division 318;

Reflect new Department terminology and current practice; and

Correct formatting and punctuation.

## 411-330-0020

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in OAR 411-317-0000 apply to the rules in OAR chapter 411, division 330:

(1) “Abuse” means “abuse of an adult” as defined in OAR 407-045-0260.

(2) “Abuse Investigation” means the reporting and investigation activities as required by OAR 407-045-0300 and any subsequent services or supports necessary to prevent further abuse as required by 407-045-0310.

(3) “ADL” means “activities of daily living”. ADL are basic personal everyday activities, such as eating, using the restroom, grooming, dressing, bathing, and transferring.

(4) “Administrator Review” means the Director of the Department reviews a decision upon request, including the documentation related to the decision, and issues a determination.

(5) “Adult” means an individual who is 18 years or older with an intellectual or developmental disability.

(6) “Alternative Resources” mean possible resources for the provision of supports to meet the needs of an individual. Alternative resources include, but are not limited to, private or public insurance, vocational rehabilitation services, supports available through the Oregon Department of Education, or other community supports.

(7) “Assistive Devices” mean the devices, aids, controls, supplies, or appliances described in OAR 411-330-0110 that are necessary to enable an individual to increase the ability of the individual to perform ADL and IADLs or to perceive, control, or communicate with the home and community environment in which the individual lives.

(8) “Assistive Technology” means the devices, aids, controls, supplies, or appliances described in OAR 411-330-0110 that are purchased to provide support for an individual and replace the need for direct interventions to enable self-direction of care and maximize independence of the individual.

(9) “Attendant Care” means assistance with ADL, IADL, and health-related tasks through cueing, monitoring, reassurance, redirection, set-up, hands-on, standby assistance, and reminding, as described in OAR 411-330-0110.

(10) “Background Check” means a criminal records check and abuse check as defined in OAR 407-007-0210.

(11) “Behavior Consultant” means a contractor with specialized skills as described in OAR 411-330-0070 who conducts functional assessments and develops a Behavior Support Plan.

(12) “Behavior Support Plan” means the written strategy based on person-centered planning and a functional assessment that outlines specific instructions for a primary caregiver or provider to follow in order to reduce the frequency and intensity of the challenging behaviors of an individual and to modify the behavior of the primary caregiver or provider, adjust environment, and teach new skills.

(13) “Behavior Support Services” mean the services consistent with positive behavioral theory and practice that are provided to assist with behavioral challenges due to the intellectual or developmental disability of an individual that prevents the individual from accomplishing ADL, IADL, health-related tasks, and provides cognitive supports to mitigate behavior. Behavior support services are provided in the home or community.

(14) “Career Development Plan” means the part of an ISP that identifies:

(a) The employment goals and objectives for an individual;

(b) The services and supports needed to achieve those goals;

(c) The people, agencies, and providers assigned to assist the individual to attain those goals;

(d) The obstacles to the individual working in an individualized job in an integrated employment setting; and

(e) The services and supports necessary to overcome those obstacles.

(15) “CDDP” means “community developmental disability program” as defined in OAR 411-320-0020.

(16) “Choice” means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.

(17) “Chore Services” mean the services described in OAR 411-330-0110 that are needed to restore a hazardous or unsanitary situation in the home of an individual to a clean, sanitary, and safe environment.

(18) “Collective Bargaining Agreement” means a contract based on negotiation between organized workers and their designated employer for purposes of collective bargaining to determine wages, hours, rules, and working conditions.

(19) “Community Nursing Services” mean the nursing services described in OAR 411-330-0110 that focus on the chronic and ongoing health and safety needs of an individual living in his or her own home. Community nursing services include an assessment, monitoring, delegation, training, and coordination of services. Community nursing services are provided according to the rules in OAR chapter 411, division 048 and the Oregon State Board of Nursing rules in OAR chapter 851.

(20) “Community Transportation” means the services described in OAR 411-330-0110 that enable an individual to gain access to community-based state plan and waiver services, activities and resources that are not medical in nature. Community transportation is provided in the area surrounding the home of the individual that is commonly used by people in the same area to obtain ordinary goods and services.

(21) “Comprehensive Services” means developmental disability services and supports that include 24-hour residential services and attendant care provided in a licensed home, foster home, or through a supported living program. Comprehensive services are regulated by the Department alone or in combination with an associated Department-regulated program for employment. Comprehensive services are in-home services provided to an individual with an intellectual or developmental disability when the individual receives case management services from a CDDP. Comprehensive services do not include support services for adults with intellectual or developmental disabilities enrolled in Brokerages.

## ADMINISTRATIVE RULES

(34) "Environmental Modifications" mean the physical adaptations described in OAR 411-330-0110 that are necessary to ensure the health, welfare, and safety of an individual in his or her own home, or that are necessary to enable the individual to function with greater independence around his or her own home or lead to a substitution for, or decrease in, direct human assistance to the extent expenditures would otherwise be made for human assistance.

(35) "Environmental Safety Modifications" mean the physical adaptations described in OAR 411-330-0110 that are made to the exterior of the home of an individual or the home of the family of the individual as identified in the ISP for the individual to ensure the health, welfare, and safety of the individual or to enable the individual to function with greater independence around the home or lead to a substitution for, or decrease in, direct human assistance to the extent expenditures would otherwise be made for human assistance.

(36) "Exit" means termination or discontinuance of in-home support.

(37) "Family":

(a) Means a unit of two or more people that includes at least one individual with an intellectual or developmental disability where the primary caregiver is:

(A) Related to the individual with an intellectual or developmental disability by blood, marriage, or legal adoption; or

(B) In a domestic relationship where partners share:

(i) A permanent residence;

(ii) Joint responsibility for the household in general, such as child-rearing, maintenance of the residence, and basic living expenses; and

(iii) Joint responsibility for supporting the individual with an intellectual or developmental disability when the individual is related to one of the partners by blood, marriage, or legal adoption.

(b) The term "family" is defined as described above for purposes of:

(A) Determining the eligibility of an individual for in-home support as a resident in the family home;

(B) Identifying people who may apply, plan, and arrange for individual services; and

(C) Determining who may receive family training.

(38) "Family Training" means the training services described in OAR 411-330-0110 that are provided to the family of an individual to increase the capacity of the family to care for, support, and maintain the individual in the home of the individual.

(39) "Fiscal Intermediary" means a person or entity that receives and distributes IHS funds on behalf of an employer.

(40) "Functional Needs Assessment":

(a) Means the comprehensive assessment or re-assessment that:

(A) Documents physical, mental, and social functioning;

(B) Identifies risk factors and support needs; and

(C) Determines the service level.

(b) The functional needs assessment for an adult enrolled in comprehensive in-home supports is known as the Adult Needs Assessment (ANA). Effective December 31, 2014, the Department incorporates Version C of the ANA into these rules by this reference. The ANA is maintained by the Department at: <http://www.dhs.state.or.us/spd/tools/dd/ANAAadultInhome.xls>. Printed copies of a blank ANA may be obtained by calling (503) 945-6398 or writing the Department of Human Services, Developmental Disabilities, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, OR 97301.

(41) "General Business Provider" means an organization or entity selected by an individual and paid with IHS funds that:

(a) Is primarily in business to provide the service chosen by the individual to the general public;

(b) Provides services for the individual through employees, contractors, or volunteers; and

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the individual.

(42) "Home" means the primary residence of an individual that is not under contract with the Department to provide services to the individual as a certified foster home or licensed or certified residential care facility, assisted living facility, nursing facility, or other residential support program site.

(43) "Home Delivered Meals" means "Home Delivered Meals" as defined in OAR 411-040-0010.

(44) "IADL" means "instrumental activities of daily living". IADL include activities other than ADL required to continue independent living, such as:

(a) Meal planning and preparation;

(b) Managing personal finances;

(c) Shopping for food, clothing, and other essential items;

(d) Performing essential household chores;

(e) Communicating by phone or other media; and

(f) Traveling around and participating in the community.

(45) "ICF/ID" means an intermediate care facility for individuals with intellectual disabilities.

(46) "IHS" means "in-home support" as defined in this rule.

(47) "Immediate Family" means, for the purpose of determining whether IHS funds may be used to pay a family member to provide services, the spouse of an adult with an intellectual or developmental disability.

(48) "In-Home Expenditure Guidelines" mean the guidelines published by the Department that describe allowable uses for IHS funds. Effective January 1, 2015, the Department incorporates Version 2.0 of the In-home Expenditure Guidelines into these rules by this reference. The In-home Expenditure Guidelines are maintained by the Department at: [http://www.oregon.gov/dhs/dd/adults/ss\\_exp\\_guide.pdf](http://www.oregon.gov/dhs/dd/adults/ss_exp_guide.pdf). A printed copy may be obtained by calling (503) 945-6398 or writing the Department of Human Services, Developmental Disabilities, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, Oregon 97301.

(49) "In-Home Support" means services that are:

(a) Required for an individual with an intellectual or developmental disability to live in the home or the family home of the individual;

(b) Designed, selected, and managed by the individual; and

(c) Provided in accordance with the ISP for the individual.

(50) "Incident Report" means the written report of any injury, accident, act of physical aggression, use of protective physical intervention, or unusual incident involving an individual.

(51) "Independence" means the extent to which an individual exerts control and choice over his or her own life.

(52) "Independent Provider" means a person selected by an individual and paid with IHS funds to directly provide services to the individual.

## ADMINISTRATIVE RULES

(53) "Individual" means an adult with an intellectual or developmental disability applying for, or determined eligible for, developmental disability services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and to exercise the rights of the individual.

(54) "Integration" as defined in ORS 427.005 means:

(a) Use by individuals with intellectual or developmental disabilities of the same community resources that are used by and available to other people;

(b) Participation by individuals with intellectual or developmental disabilities in the same community activities in which people without disabilities participate, together with regular contact with people without disabilities; and

(c) Residence by individuals with intellectual or developmental disabilities in homes or home-like settings that are in proximity to community resources, together with regular contact with people without disabilities in their community.

(55) "Intellectual Disability" means "intellectual disability" as defined in OAR 411-320-0020 and described in OAR 411-320-0080.

(56) "ISP" means "Individual Support Plan". An ISP includes the written details of the supports, activities, and resources required for an individual to achieve and maintain personal goals and health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering that is driven by the individual. The ISP reflects services and supports that are important for the individual to meet the needs of the individual identified through a functional needs assessment as well as the preferences of the individual for providers, delivery, and frequency of services and supports. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, Community First Choice state plan, natural supports, or alternative resources. The ISP includes the Career Development Plan.

(57) "Job Coaching" means "Job Coaching" as defined in OAR 411-345-0020.

(58) "Job Development" means "Job Development" as defined in OAR 411-345-0020.

(59) "Legal Representative" means an attorney at law who has been retained by or for an individual, a person acting under the authority granted in a power of attorney, or a person or agency authorized by a court to make decisions about services for an individual.

(60) "Natural Supports" means the voluntary resources available to an individual from the relatives, friends, significant others, neighbors, roommates, and the community of the individual that are not paid for by the Department.

(61) "Nursing Service Plan" means the plan that is developed by a registered nurse based on an initial nursing assessment, reassessment, or an update made to a nursing assessment as the result of a monitoring visit.

(a) The Nursing Service Plan is specific to an individual and identifies the diagnoses and health needs of the individual and any service coordination, teaching, or delegation activities.

(b) The Nursing Service Plan is separate from the ISP as well as any service plans developed by other health professionals.

(62) "OHP Plus" means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.

(63) "Oregon Intervention System (OIS)" means the system of providing training of elements of positive behavior support and non-aversive behavior intervention. OIS uses principles of pro-active support and describes approved protective physical intervention techniques that are used to maintain health and safety.

(64) "OSIPM" means "Oregon Supplemental Income Program-Medical" as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for individuals who meet the eligibility criteria described in OAR chapter 461.

(65) "Person-Centered Planning":

(a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.

(66) "Personal Support Worker" means "personal support worker" as defined in OAR 411-375-0010.

(67) "Positive Behavioral Theory and Practice" means a proactive approach to behavior and behavior interventions that:

(a) Emphasizes the development of functional alternative behavior and positive behavior intervention;

(b) Uses the least intrusive intervention possible;

(c) Ensures that abusive or demeaning interventions are never used; and

(d) Evaluates the effectiveness of behavior interventions based on objective data.

(68) "Primary Caregiver" means the person identified in an ISP as providing the majority of service and support for an individual in the home of the individual.

(69) "Productivity" as defined in ORS 427.005 means regular engagement in income-producing work, preferable competitive employment with supports and accommodations to the extent necessary, by an individual that is measured through improvements in income level, employment status, or job advancement or engagement by an individual in work contributing to a household or community.

(70) "Progress Note" means a written record of an action taken by a services coordinator in the provision of case management, administrative tasks, or direct services to support an individual. A progress note may also be a recording of information related to the services, support needs, or circumstances of the individual which is necessary for the effective delivery of services.

(71) "Provider" means a person, agency, organization, or business selected by an individual that provides recognized Department-funded services and is approved by the Department or other appropriate agency to provide Department-funded services.

(72) "Provider Organization" means an entity, licensed or certified by the Department, selected by an individual, and paid with IHS funds that:

(a) Is primarily in business to provide supports for individuals with intellectual or developmental disabilities;

(b) Provides supports for the individual through employees, contractors, or volunteers; and

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the individual.

(73) "Relief Care" means the intermittent services described in OAR 411-330-0110 that are provided on a periodic basis for the relief of, or due to the temporary absence of, a person normally providing supports to an individual.

(74) "Scope of Work" means the written statement of all proposed work requirements for an environmental modification which may include dimensions, measurements, materials, labor, and outcomes necessary for a contractor to submit a proposal to complete such work. The scope of work is specific to the identified tasks and requirements necessary to address the needs outlined in the supplemental assessment referenced in the ISP and relating to the ADL, IADL, and health-related tasks of the individual as discussed by the individual, homeowner, service coordinator, and ISP team.

(75) "Self-Direction" means that an individual has decision-making authority over services and takes direct responsibility for managing services with the assistance of a system of available supports that promotes personal choice and control over the delivery of waiver and state plan services.

(76) "Service Agreement":

(a) Is the written agreement consistent with an ISP that describes, at a minimum:

(A) Type of service to be provided;

(B) Hours, rates, location of services, and expected outcomes of services; and

(C) Any specific individual health, safety, and emergency procedures that may be required, including action to be taken if an individual is unable to provide for their own safety and the individual is missing while in the community under the service of a contractor or provider organization.

(b) For employed personal support workers, the service agreement serves as the written job description.

# ADMINISTRATIVE RULES

(77) "Service Level" means the amount of attendant care, hourly relief care, or skills training services determined necessary by a functional needs assessment and made available to meet the identified support needs of an individual.

(78) "Services Coordinator" means "services coordinator" as defined in OAR 411-320-0020.

(79) "Skills Training" means the activities described in OAR 411-330-0110 that are intended to maximize the independence of an individual through training, coaching, and prompting the individual to accomplish ADL, IADL, and health-related skills.

(80) "Social Benefit" means the service or financial assistance solely intended to assist an individual with an intellectual or developmental disability to function in society on a level comparable to that of a person who does not have an intellectual or developmental disability. Social benefits are pre-authorized by a services coordinator and provided according to the description and limits written in an ISP.

(a) Social benefits may not:

(A) Duplicate benefits and services otherwise available to a person regardless of intellectual or developmental disability;

(B) Provide financial assistance with food, clothing, shelter, and laundry needs common to a person with or without an intellectual or developmental disability; or

(C) Replace other governmental or community services available to an individual.

(b) Assistance provided as a social benefit is reimbursement for an expense previously authorized in an ISP or prior payment in anticipation of an expense authorized in a previously authorized ISP.

(c) Assistance provided as a social benefit may not exceed the actual cost of the support required by an individual to be supported in the home of the individual.

(81) "Specialized Medical Supplies" mean the medical and ancillary supplies described in OAR 411-330-0110, such as:

(a) Necessary medical supplies specified in an ISP that are not available through state plan or alternative resources;

(b) Ancillary supplies necessary to the proper functioning of items necessary for life support or to address physical conditions; and

(c) Supplies necessary for the continued operation of augmentative communication devices or systems.

(82) "Substantiated" means an abuse investigation has been completed by the Department or the designee of the Department and the preponderance of the evidence establishes the abuse occurred.

(83) "Support" means the assistance that an individual requires, solely because of the effects of an intellectual or developmental disability, to maintain or increase independence, achieve community presence and participation, and improve productivity. Support is subject to change with time and circumstances.

(84) "Supported Employment - Individual Employment Support" means "supported employment - individual employment support" as defined in OAR 411-345-0020.

(85) "Supported Employment - Small Group Employment" means "supported employment - small group employment" as defined in OAR 411-345-0020.

(86) "These Rules" mean the rules in OAR chapter 411, division 330.

(87) "Transition Costs" mean the expenses described in OAR 411-330-0110, such as rent and utility deposits, first month's rent and utilities, bedding, basic kitchen supplies, and other necessities required for an individual to make the transition from a nursing facility or ICF/ID to a community-based home setting where the individual resides.

(88) "Unusual Incident" means any incident involving an individual that includes serious illness or an accident, death, injury or illness requiring inpatient or emergency hospitalization, a suicide attempt, a fire requiring the services of a fire department, an act of physical aggression, or any incident requiring an abuse investigation.

(89) "Variance" means the temporary exception from a regulation or provision of these rules that may be granted by the Department as described in OAR 411-330-0170.

(90) "Vehicle Modifications" means the adaptations or alterations described in OAR 411-330-0110 that are made to the vehicle that is the primary means of transportation for an individual in order to accommodate the service needs of the individual.

## 411-330-0030

### Eligibility for In-Home Support Services

(1) An eligible individual may not be denied in-home support or otherwise discriminated against on the basis of age, diagnostic or disability category, race, color, creed, national origin, citizenship, income, or duration of Oregon residence.

(2) An individual who enters in-home support is subject to eligibility as described in this section. To be eligible for in-home support, an individual must:

(a) Be an Oregon resident;

(b) Be determined eligible for developmental disability services by the CDDP of the county of origin as described in OAR 411-320-0080;

(c) Be an adult who is living in his or her own home or the family home who is not receiving other Department-funded in-home or community living support;

(d) Choose to use a CDDP for assistance with design and management of in-home support;

(e) Be eligible for Community First Choice state plan services;

(f) Be determined to meet the level of care defined in OAR 411-320-0020; and

(g) For individuals with excess income, contribute to the cost of service pursuant to OAR 461-160-0610 and 461-160-0620.

(3) Individuals are not eligible for services by more than one CDDP unless the concurrent eligibility:

(a) Is necessary to effect transition from one county to another with a change of residence; and

(b) Is part of a collaborative plan developed by both CDDPs in which services and expenditures authorized by one CDDP are not duplicated by the other CDDP.

### In-Home Support Service Entry and Exit

(1) The CDDP must make accurate, up-to-date, written information about in-home support available to eligible individuals and the legal or designated representatives of the individuals. These materials must include:

(a) Criteria for entry, conditions for exit, and how the limits of assistance with purchasing supports are determined;

(b) A description of processes involved in using in-home support, including person-centered planning, evaluation, and how to raise and resolve concerns about in-home support;

(c) Clarification of CDDP employee responsibilities as mandatory abuse reporters;

(d) A brief description of the responsibility of an individual and the legal or designated representative of the individual for use of public funds; and

(e) An explanation of the right of an individual to select and direct providers of services authorized through the ISP and purchased with IHS funds from among those qualified according to OAR 411-330-0070, 411-330-0080, and 411-330-0090, as applicable.

(2) The CDDP must make the information required in section (1) of this rule available using language, format, and presentation methods appropriate for effective communication according to the needs and abilities of the individuals.

(3) An individual may enter in-home support when funds are authorized by the CDDP specifically to support the individual.

(4) An eligible individual who has entered in-home support may continue to receive in-home support as long as the Department continues to provide funds specifically for that individual through a contract with the CDDP and the individual continues to require the services to remain at home or in the family home.

(5) An individual must exit in-home support:

(a) At the end of a service period agreed upon by all parties and specified in the ISP;

(b) At the oral or written request of the individual to end the service relationship;

(c) No fewer than 30 days after the CDDP has served the individual, and as applicable the legal or designated representative of the individual, written notice of intent to exit the individual from in-home support when

# ADMINISTRATIVE RULES

the individual has been determined to no longer meet eligibility for in-home support as described in OAR 411-330-0030, except when the individual appeals the notice and requests continuing services in accordance with ORS Chapter 183;

(d) When the individual moves from the service area of a CDDP, unless services are part of a time-limited plan for transition to a new county of residence;

(e) Upon entry into support services case management services;

(f) Upon entry into another comprehensive service;

(g) When funds to support the individual are no longer authorized by the CDDP of the county of origin;

(h) When the CDDP has sufficient evidence to believe that an individual has engaged in fraud or misrepresentation, failed to use resources as agreed upon in the ISP, refused to cooperate with documenting expenses, or otherwise knowingly misused public funds associated with these services; or

(i) After the individual either cannot be located or has not responded after 30 days of repeated attempts by CDDP staff to complete ISP development or monitoring activities, including participation in a functional needs assessment.

(6) Any individual being exited from in-home support must be given written notice of the intent to terminate service consistent with OAR chapter 411, division 318.

### Required In-Home Support Services

(1) Each CDDP must provide or arrange for the following services as required to meet the support needs of eligible individuals:

(a) Assistance to determine needs and plan supports;

(b) Assistance to find and arrange resources and supports;

(c) Education and technical assistance to make informed decisions about support needs and direct support providers;

(d) Fiscal intermediary services;

(e) Employer-related supports; and

(f) Assistance to monitor and improve the quality of personal supports.

(2) A CDDP must complete a functional needs assessment and use a person-centered planning approach to assist an individual, and as applicable the legal or designated representative of the individual, to establish outcomes, determine needs, plan for supports, and review and redesign support strategies. The planning process must address the basic health and safety needs and supports, including informed decisions by the individual regarding any identified risks.

(3) A services coordinator must authorize an initial ISP that addresses the needs of the individual. The needs identified in the functional needs assessment must be addressed in the ISP for the individual. Prior to services beginning, the ISP must be signed by the individual or the legal or designated representative of the individual (as applicable). The ISP and attached documents must include the information described in OAR 411-320-0120, including:

(a) The name of the individual and the name of the legal or designated representative of the individual (as applicable);

(b) The purpose of ISP activities, addressing one or more of the following:

(A) Independence, such as the degree of choice and control an individual hopes to achieve or maintain;

(B) Integration, such as the regular access to relationships and community resources the individual hopes to achieve or maintain;

(C) Productivity, such as the employment or other contributing roles an individual hopes to achieve or maintain; or

(D) Developing or maintaining the capacity of the family to continue to provide services for the individual in the family home.

(c) A description of the supports required that is consistent with the support needs identified in the assessment of the individual;

(d) The projected dates of when specific supports are to begin and end, as well as the end date, if any, of the period of service covered by the ISP;

(e) Projected costs with sufficient detail to support estimates;

(f) A list of personal, community, and alternative resources that are available to the individual and how the resources may be applied to provide the required supports. Sources of support may include waiver services, state plan services, state general funds, or natural supports;

(g) The manner in which services are delivered and the frequency of services;

(h) Providers;

(i) The setting in which the individual resides as chosen by the individual;

(j) The strengths and preferences of the individual;

(k) Individually identified goals and desired outcomes;

(l) The services and supports (paid and unpaid) to assist the individual to achieve identified goals and the providers of the services and supports, including voluntarily provided natural supports;

(m) The risk factors and the measures in place to minimize the risk factors, including back-up plans;

(n) The identity of the person responsible for case management and monitoring the ISP;

(o) A provision to prevent unnecessary or inappropriate care;

(p) The alternative settings considered by the individual;

(q) Schedule of ISP reviews; and

(r) Any changes in support needs identified through a functional needs assessment.

(4) As of July 1, 2014, a Career Development Plan must be attached to the ISP of an adult in accordance with OAR 411-345-0160.

(5) A Nursing Service Plan must be present when IHS funds are used to purchase care and services requiring the education and training of a licensed professional nurse.

(6) A services coordinator must facilitate and document reviews of the ISP and resources with the individual, and as applicable the legal or designated representative of the individual, at least annually and as major activities or purchases are completed:

(a) Evaluate the progress of an individual toward achieving the purposes of the ISP;

(b) Note effectiveness of the use of IHS funds based on observation as well as the satisfaction of the individual; and

(c) Determine whether changing needs or availability of other resources has altered the need for continued use of IHS funds to purchase supports.

(7) For an individual moving to another service area within Oregon, the CDDP must collaborate with the receiving CDDP to transfer IHS funds designated for the individual to continue the ISP for supports.

(8) For an individual transferring from a Brokerage to in-home support, the Brokerage ISP may be used as authorization for available in-home support for up to 90 days.

## 411-330-0060

### Assistance with Purchasing In-Home Supports

(1) A CDDP must only use IHS funds to assist an individual to purchase supports when:

(a) The services coordinator has developed a written and approved ISP that meets requirements for development and content as described in OAR 411-330-0050;

(b) For Community First Choice state plan services, the support addresses a need that has been determined to be necessary by a functional needs assessment;

(c) The ISP specifies cost-effective arrangements for obtaining the required supports and applying public, private, formal, and informal resources available to the eligible individual;

(d) The ISP identifies the resources needed to purchase the remainder of necessary supports;

(e) The ISP is the most cost-effective plan to safely meet the goals of the individual's ISP; and

(f) The support is consistent with the In-home Expenditure Guidelines.

(2) Goods and services purchased with IHS funds must be provided only as a social benefit as defined in OAR 411-330-0020.

(3) The method, amount, and schedule of payment must be specified in written agreements between the CDDP and the individual and the legal or designated representative of the individual (as applicable). The CDDP is specifically prohibited from:

(a) Reimbursing an individual, or as applicable the legal or designated representative or family of the individual, for expenses related to services; and

(b) Advancing funds to an individual, or as applicable the legal or designated representative or family of the individual, to obtain services.

# ADMINISTRATIVE RULES

(4) Supports purchased for an individual with IHS funds are limited to those described in OAR 411-330-0110. The CDDP must arrange for these supports to be provided:

(a) In settings and under contractual conditions that enable the individual the choice to receive supports and services from another provider;

(b) In a manner consistent with positive behavioral theory and practice as defined in OAR 411-330-0020;

(c) In accordance with applicable state and federal wage and hour regulations in the case of personal care, training, and supervision;

(d) In accordance with applicable state or local building codes in the case of environmental modifications to the home; and

(e) According to the Oregon Board of Nursing rules in OAR chapter 851 when services involve performance of nursing care or delegation, teaching, and assignment of nursing tasks.

(5) SERVICE LIMITS. The use of IHS funds to purchase individual supports in any plan year is limited to:

(a) The service level of an individual as determined by a functional needs assessment. The functional needs assessment determines the total number of hours available to meet identified needs. The total number of hours may not be exceeded without prior approval from the Department. The types of services that contribute to the total number of hours used include:

(A) Attendant care;

(B) Hourly relief care;

(C) Skills training; and

(D) State plan personal care service hours as described in OAR chapter 411, division 34.

(b) Other services and supports determined by a services coordinator to be necessary to meet the support needs identified through a person-centered planning process and consistent with the In-home Expenditure Guidelines; and

(c) Employment services and payment for employment services are limited to:

(A) An average of 25 hours per week for any combination of job coaching, small group employment support, and employment path services; and

(B) 40 hours in any one week for job coaching if job coaching is the only service utilized.

(6) When IHS funds are used to purchase supports for individuals, the CDDP must require and document that providers are informed of:

(a) Mandatory responsibility to report suspected abuse of an adult;

(b) Responsibility to immediately notify the legal or designated representative (as applicable) of the individual, family (if services are provided to an individual in the family home), and the CDDP of injury, illness, accidents, or any unusual circumstances that may have a serious effect on the health, safety, physical, emotional well-being, or level of services required by the individual for whom services are being provided; and

(c) Limits of payment:

(A) IHS payments for the agreed-upon services must be considered full payment and the provider under no circumstances may demand or receive additional payment for these services from the individual, the legal or designated representative of the individual (as applicable), the family of the individual, or any other source.

(B) The provider must bill all third party resources before using IHS funds unless another arrangement is agreed upon by the CDDP in the ISP for the individual.

(7) USE OF IHS FUNDS PROHIBITED.

(a) Effective July 28, 2009, IHS funds may not be used to support, in whole or in part, a provider in any capacity who has been convicted of any of the disqualifying crimes listed in OAR 407-007-0275.

(b) Section (7)(a) of this rule does not apply to employees of the individual, the legal or designated representative of the individual (as applicable), or provider organizations, who were hired prior to July 28, 2009 that remain in the current position for which the employee was hired.

(c) IHS funds must not pay for:

(A) Services, materials, or activities that are illegal;

(B) Services or activities that are carried out in a manner that constitutes abuse as defined in OAR 407-045-0260;

(C) Materials or equipment that has been determined unsafe for the general public by recognized consumer safety agencies;

(D) Individual or family vehicles;

(E) Health and medical costs that the general public normally pay, including but not limited to:

(i) Medications;

(ii) Health insurance co-payments;

(iii) Mental health evaluation and treatment;

(iv) Dental treatments and appliances;

(v) Medical treatments;

(vi) Dietary supplements; or

(vii) Treatment supplies not related to nutrition, incontinence, or infection control;

(F) Basic or specialized food or nutrition essential to sustain the individual including, but not limited to, high caloric supplements, gluten-free supplements, diabetic, ketogenic, or other metabolic supplements;

(G) Ambulance services;

(H) Legal fees including, but not limited to, costs of representation in educational negotiations, establishing trusts, or creating guardianships;

(I) Vacation costs for transportation, food, shelter, and entertainment that are normally incurred by a person on vacation, regardless of disability, and are not strictly required by the need of the individual for personal assistance in all home and community-based settings;

(J) Individual support that has not been arranged according to applicable state and federal wage and hour regulations;

(K) Rate enhancements to existing employment services under OAR chapter 411, division 345;

(L) Employee wages or contractor payments for services when the individual is not present or available to receive services, such as employee paid time off, hourly "no-show" charges, and contractor preparation hours;

(M) Services, activities, materials, or equipment that are not necessary or cost-effective and do not meet the definition of in-home supports, supports, and social benefits as defined in OAR 411-330-0020;

(N) Educational services for school-age adults, including professional instruction, formal training, and tutoring in communication, socialization, and academic skills;

(O) Services, activities, materials, or equipment that may be obtained by the individual through other available means, such as private or public insurance, philanthropic organizations, or other governmental or public services;

(P) Services or activities for which the legislative or executive branch of Oregon government has prohibited use of public funds;

(Q) Service in circumstances where the CDDP determines there is sufficient evidence to believe that the individual, the legal or designated representative of the individual (as applicable), family, or provider has engaged in fraud or misrepresentation, failed to use resources as agreed upon in the ISP, refused to cooperate with record keeping required to document use of IHS funds, or otherwise knowingly misused public funds associated with in-home support;

(R) Any purchase that is not generally accepted by the relevant mainstream professional or academic community as an effective means to address an identified support need; or

(S) Services, supplies, or supports that are illegal, experimental, or determined unsafe for the general public by recognized child or consumer safety agencies.

(8) The CDDP must inform an individual, and as applicable the legal or designated representative of an individual, in writing of records and procedures required in OAR 411-330-0140 regarding expenditure of IHS funds for direct assistance. During development of the ISP, the services coordinator must determine the need or preference for the CDDP to provide support with documentation and procedural requirements and must include delineations of responsibility for maintenance of records in the ISP and any other written service agreements.

## 411-330-0065

### Standards for Employers

(1) EMPLOYER OF RECORD. An employer of record is required when a personal support worker who is not an independent contractor is selected by an individual to provide supports. The Department may not act as the employer of record.

(2) SERVICE AGREEMENT. The employer must create and maintain a service agreement for a personal support worker that is in coordination with the services authorized in the ISP. The service agreement serves as a written job description for the employed personal support worker.

(3) BENEFITS. Only personal support workers qualify for benefits. The benefits provided to personal support workers are described in OAR chapter 411, division 375.

## ADMINISTRATIVE RULES

(4) INTERVENTION. For the purpose of this rule, "Intervention" means the action the Department or the designee of the Department requires when an employer fails to meet the employer responsibilities described in this rule. Intervention includes, but is not limited to:

(a) A documented review of the employer responsibilities described in section (5) of this rule;

(b) Training related to employer responsibilities;

(c) Corrective action taken as a result of a personal support worker filing a complaint with the Department, the designee of the Department, or other agency who may receive labor related complaints;

(d) Identifying an employer representative if a person is not able to meet the employer responsibilities described in section (5) of this rule; or

(e) Identifying another representative if the current employer representative is not able to meet the employer responsibilities described in section (5) of this rule.

(5) EMPLOYER RESPONSIBILITIES.

(a) For an individual to be eligible for in-home support provided by a personal support worker, an employer must demonstrate the ability to:

(A) Locate, screen, and hire a qualified personal support worker;

(B) Supervise and train the personal support worker;

(C) Schedule work, leave, and coverage;

(D) Track the hours worked and verify the authorized hours completed by the personal support worker;

(E) Recognize, discuss, and attempt to correct, with the personal support worker, any performance deficiencies and provide appropriate, progressive, disciplinary action as needed; and

(F) Discharge an unsatisfactory personal support worker.

(b) Indicators that an employer may not be meeting the employer responsibilities described in subsection (a) of this section include, but are not limited to:

(A) Personal support worker complaints;

(B) Multiple complaints from a personal support worker requiring intervention from the Department or CDDP as defined in section (4) of this rule;

(C) Frequent errors on timesheets, mileage logs, or other required documents submitted for payment that results in repeated coaching from the Department or CDDP;

(D) Complaints to Medicaid Fraud involving the employer; or

(E) Documented observation by the Department or CDDP of services not being delivered as identified in an ISP.

(c) The Department or the CDDP may require intervention as defined in section (4) of this rule when an employer has demonstrated difficulty meeting the employer responsibilities described in subsection (a) of this section.

(d) An individual may not receive in-home support provided by a personal support worker if, after appropriate intervention and assistance, an employer is not able to meet the employer responsibilities described in subsection (a) of this section.

(A) An individual determined ineligible to be an employer of a personal support worker and unable to designate an employer representative, may not request in-home support provided by a personal support worker until the next annual ISP. Improvements in health and cognitive functioning may be factors in demonstrating the ability of the individual to meet the employer responsibilities described in subsection (a) of this section. If an individual is able to demonstrate the ability to meet the employer responsibilities sooner than the next annual ISP, the individual may request the waiting period be shortened.

(B) An individual determined ineligible to be an employer of a personal support worker is offered other available service options that meet the service needs of the individual, including in-home support through a contracted qualified provider organization or general business provider when available. As an alternative to in-home support, the Department or the designee of the Department may offer other available services through the Home and Community Based Services Waiver or State Plan.

(6) DESIGNATION OF EMPLOYER RESPONSIBILITIES.

(a) An individual not able to meet all of the employer responsibilities described in section (5)(a) of this rule must:

(A) Designate an employer representative in order for the individual to receive or continue to receive in-home support provided by a personal support worker; or

(B) Select a provider organization or general business provider to provide in-home support for the individual.

(b) An individual able to demonstrate the ability to meet some of the employer responsibilities described in section (5)(a) of this rule must:

(A) Designate an employer representative to fulfill the responsibilities the individual is not able to meet in order for the individual to receive or continue to receive in-home support provided by a personal support worker; and

(B) On a Department approved form, document the specific employer responsibilities performed by the individual and the employer responsibilities performed by the employer representative of the individual.

(c) When the employer representative of an individual is not able to meet the employer responsibilities described in section (5)(a) or the qualifications in section (7)(c) of this rule, an individual must:

(A) Designate a different employer representative in order for the individual to receive or continue to receive in-home support provided by a personal support worker; or

(B) Select a provider organization or general business provider to provide in-home support for the individual.

(7) EMPLOYER REPRESENTATIVE.

(a) An individual, or the legal representative of an individual, may designate an employer representative to act on behalf of the individual, to meet the employer responsibilities described in section (5)(a) of this rule. The legal or designated representative of an individual may be the employer.

(b) An employer who is also the personal support worker of in-home support must seek an alternate employer for purposes of employment of the personal support worker. The alternate employer must:

(A) Track the hours worked and verify the authorized hours completed by the personal support worker; and

(B) Document the specific employer responsibilities performed by the employer on a Department approved form.

(c) The Department or the CDDP may suspend, terminate, or deny a request for an employer representative if the requested employer representative has:

(A) A history of substantiated abuse of an adult as described in OAR 411-045-0250 to 411-045-0370;

(B) A history of founded abuse of a child as described in ORS 419B.005;

(C) Participated in billing excessive or fraudulent charges; or

(D) Failed to meet the employer responsibilities in section (5)(a) or (7)(b) of this rule, including previous termination as a result of failing to meet the employer responsibilities in section (5)(a) or (7)(b).

(d) If the Department or CDDP suspends, terminates, or denies a request for an employer representative for the reasons described in subsection (c) of this section, an individual may select another employer representative.

(8) NOTICE.

(a) The Department or the CDDP, respectively, shall mail a notice identifying the individual, and if applicable the employer representative and legal or designated representative of the individual, when:

(A) The Department or the CDDP denies, suspends, or terminates an employer from performing the employer responsibilities described in sections (5)(a) or (7)(b) of this rule; and

(B) The Department or the CDDP denies, suspends, or terminates an employer representative from performing the employer responsibilities described in section (5)(a) or (7)(b) of this rule because the employer representative does not meet the qualifications in section (7)(c) of this rule.

(b) CDDP ISSUED NOTICES. An individual receiving in-home support, or as applicable the legal or designated representative or employer representative of the individual, may appeal a notice issued by the CDDP by requesting a review by the Director of the CDDP.

(A) For an appeal regarding denial, suspension, or termination of an employer to be valid, written notice of the appeal and request for review must be received by the CDDP within 45 days from the date of the notice.

(B) The CDDP Director shall complete a review and issue a decision within 30 days of the date the written appeal was received by the CDDP.

(C) If an individual, or as applicable the legal or designated representative or employer representative of the individual, is dissatisfied with the decision of the CDDP Director, the individual, or as applicable the legal or designated representative or employer representative of the individual, may request an administrator review by the Director of the Department.

(D) For an appeal of the decision of the CDDP to be valid, written notice of the appeal and request for an administrator review must be received by the Department within 15 days from the date of the decision of the CDDP.

(E) The Director shall complete an administrator review within 30 days from the date the written appeal was received by the Department.

# ADMINISTRATIVE RULES

(F) The determination of the Director is the final response from the Department.

(c) DEPARTMENT ISSUED NOTICES. An individual receiving in-home support, or as applicable the legal or designated representative of the individual, may appeal a notice issued by the Department by requesting an administrator review by the Director of the Department.

(A) For an appeal regarding denial, suspension, or termination of an employer to be valid, written notice of the appeal and request for an administrator review must be received by the Department within 45 days from the date of the notice.

(B) The Director shall complete an administrator review and issue a decision within 30 days of the date the written appeal was received by the Department.

(C) The determination of the Director is the final response from the Department.

(d) When a denial, suspension, or termination of an employer results in the Department denying, suspending, or terminating an individual from in-home support, the hearing rights in OAR chapter 411, division 318 apply.

## 411-330-0070

### Standards for Independent Providers Paid with In-Home Support Funds

(1) PERSONAL SUPPORT WORKER QUALIFICATIONS. Each personal support worker must meet the qualifications described in OAR chapter 411, division 375.

(2) INDEPENDENT PROVIDER WHO ARE NOT PERSONAL SUPPORT WORKERS. An independent provider who is not a personal support worker who is paid as a contractor or a self-employed person must:

(a) Be at least 18 years of age;

(b) Have approval to work based on Department policy and a background check completed by the Department in accordance with OAR 407-007-0200 to 407-007-0370. A subject individual as defined in OAR 407-007-0210 may be approved for one position to work with multiple individuals statewide when the subject individual is working in the same employment role. The Background Check Request Form must be completed by the subject individual to show intent to work statewide;

(A) Prior background check approval for another Department provider type is inadequate to meet background check requirements for independent provider enrollment.

(B) Background check approval is effective for two years from the date an independent provider is contracted with to provide in-home support, except in the following circumstances:

(i) Based on possible criminal activity or other allegations against the independent provider, a new fitness determination is conducted resulting in a change in approval status; or

(ii) The background check approval has ended because the Department has inactivated or terminated the provider enrollment for the independent provider.

(c) Effective July 28, 2009, not have been convicted of any of the disqualifying crimes listed in OAR 407-007-0275;

(d) Be legally eligible to work in the United States;

(e) Not be the spouse of an individual receiving services;

(f) Not be the employer of record or designated representative of the individual;

(g) Demonstrate by background, education, references, skills, and abilities that he or she is capable of safely and adequately performing the tasks specified in the ISP, with such demonstration confirmed in writing by the employer including:

(A) Ability and sufficient education to follow oral and written instructions and keep any records required;

(B) Responsibility, maturity, and reputable character exercising sound judgment;

(C) Ability to communicate with the individual; and

(D) Training of a nature and type sufficient to ensure that the provider has knowledge of emergency procedures specific to the individual;

(h) Hold a current, valid, and unrestricted appropriate professional license or certification where services and supervision requires specific professional education, training, and skill;

(i) Understand requirements of maintaining confidentiality and safeguarding individual information;

(j) Not be on the list of excluded or debarred providers maintained by the Office of Inspector General (<http://exclusions.oig.hhs.gov/>);

(k) Sign a Medicaid provider agreement and be enrolled as a Medicaid provider prior to delivery of any services; and

(l) If transporting an individual, have a valid license to drive and proof of insurance, as well as any other license or certification that may be required under state and local law depending on the nature and scope of the transportation.

(3) Section (2)(c) of this rule does not apply to employees of an employer or employees of provider organizations who were hired prior to July 28, 2009 that remain in the current position for which the employee was hired.

(4) All providers must self-report any potentially disqualifying condition as described in OAR 407-007-0280 and 407-007-0290. The provider must notify the Department or the designee of the Department within 24 hours.

(5) Independent providers, including personal support workers, are not employees of the state, CDDP, or Brokerage.

(6) BEHAVIOR CONSULTANTS. Behavior consultants are not personal support workers. Behavior consultants may include, but are not limited to, autism specialists, licensed psychologists, or other behavioral specialists. Behavior consultants providing specialized supports must:

(a) Have education, skills, and abilities necessary to provide behavior support services as described in OAR 411-330-0110;

(b) Have current certification demonstrating completion of OIS training; and

(c) Submit a resume or the equivalent to the CDDP indicating at least one of the following:

(A) A bachelor's degree in special education, psychology, speech and communication, occupational therapy, recreation, art or music therapy, or a behavioral science field, and at least one year of experience with individuals who present difficult or dangerous behaviors; or

(B) Three years of experience with individuals who present difficult or dangerous behaviors and at least one year of that experience includes providing the services of a behavior consultant as described in OAR 411-330-0110.

(7) NURSE. A nurse providing community nursing services is not a personal support worker. The nurse must:

(a) Have a current Oregon nursing license;

(b) Be enrolled in the Long Term Care Community Nursing Program as described in OAR chapter 411, division 048; and

(c) Submit a resume to the CDDP indicating the education, skills, and abilities necessary to provide nursing services in accordance with Oregon law, including at least one year of experience with individuals with intellectual or developmental disabilities.

### Standards for Provider Organizations Paid with In-Home Support Funds

(1) A provider organization certified, licensed, and endorsed under OAR chapter 411, division 325 for a 24-hour residential setting, or licensed under OAR chapter 411, division 360 for an adult foster home, or certified under OAR chapter 411, division 340 for support services, or certified and endorsed under OAR chapter 411, division 345 for employment services or OAR chapter 411, division 328 for a supported living setting, does not require additional certification as an organization to provide relief care, attendant care, skills training, community transportation, or behavior consultation.

(2) Current license, certification, or endorsement is considered sufficient demonstration of ability to:

(a) Recruit, hire, supervise, and train qualified staff;

(b) Provide services according to an ISP; and

(c) Develop and implement operating policies and procedures required for managing an organization and delivering services, including provisions for safeguarding individuals receiving services.

(3) A person directed by a provider organization to provide services paid for with IHS funds as an employee, contractor, or volunteer, must meet the qualifications of an independent provider outlined in OAR 411-330-0070.

### Standards for General Business Providers

(1) General business providers providing services to individuals and paid with IHS funds must hold any current license appropriate to function required by the state of Oregon or federal law or regulation including, but not limited to:

- (a) For a home health agency, a license under ORS 443.015;
- (b) For an in-home care agency, a license under ORS 443.315;

(c) For providers of environmental modifications involving building modifications or new construction, a current license and bond as a building contractor as required by OAR chapter 812 (Construction Contractor's Board) or OAR chapter 808 (Landscape Contractors Board);

(d) For environmental accessibility consultants, a current license as a general contractor as required by OAR chapter 812, including experience evaluating homes, assessing the needs of an individual, and developing cost-effective plans to make homes safe and accessible;

(e) For public transportation providers, the established standards;

(f) For private transportation providers, a business license and drivers licensed to drive in Oregon; and

(g) For vendors and medical supply companies providing assistive devices or specialized medical supplies, a current retail business license, including enrollment as Medicaid providers through the Division of Medical Assistance Programs if vending medical equipment.

(2) Services provided and paid for with IHS funds must be limited to the services within the scope of the license of the general business provider.

### Provider Termination

(1) The provider enrollment for a personal support worker is inactivated or terminated as described in OAR chapter 411, division 375.

(2) An independent provider who is not a personal support worker may have their provider enrollment terminated.

(a) Provider enrollment may be terminated when the CDDP or Department determines that, at some point after the initial qualification and authorization of the provider to provide supports purchased with IHS funds, the provider has:

(A) Been convicted of any crime that would have resulted in an unacceptable background check upon hiring or authorization of service;

(B) Been convicted of unlawfully manufacturing, distributing, prescribing, or dispensing a controlled substance;

(C) Surrendered his or her professional license or had his or her professional license suspended, revoked, or otherwise limited;

(D) Failed to safely and adequately provide the services authorized;

(E) Had a founded report of child abuse or substantiated adult abuse;

(F) Failed to cooperate with any Department or CDDP investigation or grant access to, or furnish, records or documentation as requested;

(G) Billed excessive or fraudulent charges or been convicted of fraud;

(H) Made a false statement concerning conviction of a crime or substantiated abuse;

(I) Falsified required documentation;

(J) Not adhered to the provisions of OAR 411-330-0060(6) and 411-330-0070;

(K) Been suspended or terminated as a provider by the Department or Oregon Health Authority;

(L) Violated the requirement to maintain a drug-free work place;

(M) Failed to provide services as required;

(N) Failed to provide a tax identification number or social security number that matches the legal name of the independent provider, as verified by the Internal Revenue Service or Social Security Administration; or

(O) Been excluded or debarred by the Office of the Inspector General.

(b) If the CDDP makes a decision to terminate provider enrollment, the CDDP must issue a written notice.

(A) The written notice must include:

(i) An explanation of the reason for termination of the provider enrollment;

(ii) The alleged violation as listed in section (a) of this rule; and

(iii) The appeal rights of the independent provider, including where to file the appeal.

(B) For terminations based on substantiated abuse allegations, the notice may only contain the limited information allowed by law. In accordance with ORS 124.075, 124.085, 124.090, and OAR 411-020-0030, complainants, witnesses, the name of the alleged victim, and protected health information may not be disclosed.

(c) The provider may appeal a termination within 30 days from the date the termination notice was mailed to the provider. The provider must appeal a termination separately from any appeal of audit findings and overpayments.

(A) A provider of Medicaid services may appeal a termination by requesting an administrator review.

(B) For an appeal regarding provision of Medicaid services to be valid, written notice of the appeal must be received by the Department within 30 days from the date the termination notice was mailed to the provider.

(d) At the discretion of the Department, providers who have previously been terminated or suspended by the Department or by the Oregon Health Authority may not be authorized as providers of Medicaid services.

## 411-330-0110

### Supports Purchased with In-Home Support Funds

(1) For an initial or annual ISP, IHS funds may be used to purchase a combination of the following waiver and state plan services when the conditions of purchase in OAR 411-330-0060 are met:

(a) An individual who is eligible for OHP Plus and meets the level of care as defined in OAR 411-320-0020 may access Community First Choice state plan services when supported by an assessed need.

(b) Transfer of Assets.

(A) As of October 1, 2014, an individual receiving medical benefits under chapter 410, division 200 requesting Medicaid coverage for services in a nonstandard living arrangement (see OAR 461-001-0000) is subject to the requirements of the rules regarding transfer of assets (see OAR 461-140-0210 to 461-140-0300) in the same manner as if the individual was requesting these services under OSIPM. This includes, but is not limited to, the following assets:

(i) An annuity evaluated according to OAR 461-145-0022;

(ii) A transfer of property when an individual retains a life estate evaluated according to OAR 461-145-0310;

(iii) A loan evaluated according to OAR 461-145-0330; or

(iv) An irrevocable trust evaluated according to OAR 461-145-0540;

(B) When an individual is considered ineligible due to a disqualifying transfer of assets, the individual must receive a notice meeting the requirements of OAR 461-175-0310 in the same manner as if the individual was requesting services under OSIPM.

(c) Community First Choice state plan services include:

(A) Behavior support services as described in section (2) of this rule;

(B) Community nursing services as described in section (3) of this rule;

(C) Environmental modifications as described in section (4) of this rule;

(D) Attendant care as described in section (5) of this rule;

(E) Skills training as described in section (6) of this rule;

(F) Relief care as described in section (7) of this rule;

(G) Assistive devices as described in section (8) of this rule;

(H) Assistive technology as described in section (9) of this rule;

(I) Chore services as described in section (10) of this rule;

(J) Community transportation as described in section (11) of this rule;

(K) Transition costs as described in section (12) of this rule; and

(L) Home delivered meals as described in OAR chapter 411, division 40.

(d) Individuals who are eligible for OSIPM and meet the level of care as defined in OAR 411-320-0020 may access Community First Choice state plan services and the following home and community-based waiver services:

(A) Case management as defined in OAR 411-320-0020;

(B) Employment services as described in section (13) of this rule that include:

(i) Supported employment — individual employment support;

(ii) Supported employment — small group employment support;

(iii) Employment path services; and

(iv) Discovery and career exploration services;

## ADMINISTRATIVE RULES

(C) Family training as described in section (14) of this rule;  
(D) Environmental safety modifications as described in section (15) of this rule;  
(E) Vehicle modifications as described in section (16) of this rule; and  
(F) Specialized medical supplies as described in section (17) of this rule.

(e) State Plan personal care as described in OAR chapter 411, division 34.

### (2) BEHAVIOR SUPPORT SERVICES.

(a) Behavior support services consist of:

(A) Assessing an individual or the needs of the family of the individual and the environment;

(B) Developing positive behavior support strategies, including a Behavior Support Plan, by a qualified behavior consultant as described in OAR 411-330-0070, if needed;

(C) Implementing the Behavior Support Plan with the provider or family; and

(D) Revising and monitoring the Behavior Support Plan as needed.

(b) Behavior support services may include:

(A) Training, modeling, and mentoring the family of an individual;

(B) Developing a visual communication system as a strategy for behavior support; and

(C) Communicating, as authorized by an individual, with school, medical, or other professionals about the strategies and outcomes of the Behavior Support Plan.

(c) Behavior support services exclude:

(A) Mental health therapy or counseling;

(B) Health or mental health plan coverage;

(C) Educational services including, but not limited to, consultation and training for classroom staff;

(D) Adaptations to meet the needs of an individual at school;

(E) An assessment in a school setting;

(F) Attendant care;

(G) Skills training; or

(H) Relief care.

### (3) COMMUNITY NURSING SERVICES.

(a) Community nursing services include:

(A) Nursing assessments, including medication reviews;

(B) Care coordination;

(C) Monitoring;

(D) Development of a Nursing Service Plan;

(E) Delegation and training of nursing tasks to a provider and primary caregiver;

(F) Teaching and education of the provider and primary caregiver and identifying supports that minimize health risks while promoting the autonomy of an individual and self-management of healthcare; and

(G) Collateral contact with a services coordinator regarding the community health status of an individual to assist in monitoring safety and well-being and to address needed changes to the ISP for the individual.

(b) Community nursing services exclude direct nursing care.

(c) A Nursing Service Plan must be present when IHS funds are used for community nursing services. A services coordinator must authorize the provision of community nursing services as identified in an ISP.

(d) After an initial nursing assessment, a nursing re-assessment must be completed every six months or sooner if a change in a medical condition requires an update to the Nursing Service Plan.

### (4) ENVIRONMENTAL MODIFICATIONS.

(a) Environmental modifications include, but are not limited to:

(A) An environmental modification consultation to determine the appropriate type of adaptation;

(B) Installation of shatter-proof windows;

(C) Hardening of walls or doors;

(D) Specialized, hardened, waterproof, or padded flooring;

(E) An alarm system for doors or windows;

(F) Protective covering for smoke alarms, light fixtures, and appliances;

(G) Installation of ramps, grab-bars, and electric door openers;

(H) Adaptation of kitchen cabinets and sinks;

(I) Widening of doorways;

(J) Handrails;

(K) Modification of bathroom facilities;

(L) Individual room air conditioners for an individual whose temperature sensitivity issues create behaviors or medical conditions that put the individual or others at risk;

(M) Installation of non-skid surfaces;

(N) Overhead track systems to assist with lifting or transferring;

(O) Specialized electric and plumbing systems that are necessary to accommodate the medical equipment and supplies necessary for the welfare of the individual; and

(P) Adaptations to control lights, heat, stove, etc.

(b) Environmental modifications exclude:

(A) Adaptations or improvements to the home that are of general utility, such as carpeting, roof repair, and central air conditioning, unless directly related to the assessed health and safety needs of the individual and identified in the ISP for the individual;

(B) Adaptations that add to the total square footage of the home except for ramps that attach to the home for the purpose of entry or exit;

(C) Adaptations outside of the home; and

(D) General repair or maintenance and upkeep required for the home.

(c) Environmental modifications must be tied to supporting assessed ADL, IADL, and health-related tasks as identified in the needs assessment and ISP for an individual.

(d) Environmental modifications are limited to \$5,000 per modification. A services coordinator must request approval for additional expenditures through the Department prior to expenditure. Approval is based on the service and support needs and goals of the individual and the determination by the Department of appropriateness and cost-effectiveness. In addition, separate environmental modification projects that cumulatively total up to over \$5,000 in a plan year must be submitted to the Department for review.

(e) Environmental modifications must be completed by a state licensed contractor with a minimum of \$1,000,000 liability insurance. Any modification requiring a permit must be inspected by a local inspector and certified as in compliance with local codes. Certification of compliance must be filed in the file for the contractor prior to payment.

(f) Environmental modifications must be made within the existing square footage of the home, except for external ramps, and may not add to the square footage of the home.

(g) Payment to the contractor is to be withheld until the work meets specifications.

(h) A scope of work as defined in OAR 411-330-0020 must be completed for each identified environmental modification project. All contractors submitting bids must be given the same scope of work.

(i) A services coordinator must follow the processes outlined in the In-home Expenditure Guidelines for contractor bids and the awarding of work.

(j) All dwellings must be in good repair and have the appearance of sound structure.

(k) The identified home may not be in foreclosure or be the subject of legal proceedings regarding ownership.

(l) Environmental modifications must only be completed to the primary residence of the individual.

(m) Upgrades in materials that are not directly related to the health and safety needs of the individual are not paid for or permitted.

(n) Environmental modifications are subject to Department requirements regarding material and construction practices based on industry standards for safety, liability, and durability, as referenced in building codes, materials, manuals, and industry and risk management publications.

### (o) RENTAL PROPERTY.

(A) Environmental modifications to rental property may not substitute or duplicate services otherwise the responsibility of the landlord under the landlord tenant laws, the Americans with Disabilities Act, or the Fair Housing Act.

(B) Environmental modifications made to a rental structure must have written authorization from the owner of the rental property prior to the start of the work.

(C) The Department does not fund work to restore the rental structure to the former condition of the rental structure.

(5) ATTENDANT CARE SERVICES. Attendant care services include direct support provided to an individual in the home of the individual or community by a qualified personal support worker or provider organization. ADL and IADL services provided through attendant care must support the individual to live as independently as possible, and be based on the identified goals, preferences, and needs of the individual.

(a) ADL services include, but are not limited to:

(A) Basic personal hygiene — providing or assisting with needs such as bathing (tub, bed, bath, shower), hair care, grooming, shaving, nail care, foot care, dressing, skin care, or oral hygiene;

(B) Toileting, bowel, and bladder care — assisting to and from the bathroom, on and off toilet, commode, bedpan, urinal, or other assistive device used for toileting, changing incontinence supplies, following a toileting schedule, managing menses, cleansing an individual or adjusting

## ADMINISTRATIVE RULES

clothing related to toileting, emptying a catheter, drainage bag, or assistive device, ostomy care, or bowel care;

(C) Mobility, transfers, and repositioning — assisting with ambulation or transfers with or without assistive devices, turning an individual or adjusting padding for physical comfort or pressure relief, or encouraging or assisting with range-of-motion exercises;

(D) Nutrition — assisting with adequate fluid intake or adequate nutrition, assisting with food intake (feeding), monitoring to prevent choking or aspiration, assisting with adaptive utensils, cutting food, and placing food, dishes, and utensils within reach for eating;

(E) Delegated nursing tasks;

(F) First aid and handling emergencies — addressing medical incidents related to the conditions of an individual, such as seizure, aspiration, constipation, or dehydration, responding to the call of the individual for help during an emergent situation, or for unscheduled needs requiring immediate response;

(G) Assistance with necessary medical appointments — help scheduling appointments, arranging medical transportation services, accompaniment to appointments, follow up from appointments, or assistance with mobility, transfers, or cognition in getting to and from appointments; and

(H) Observation of the status of an individual and reporting of significant changes to a physician, health care provider, or other appropriate person.

(b) IADL services include, but are not limited to:

(A) Light housekeeping tasks necessary to maintain an individual in a healthy and safe environment — cleaning surfaces and floors, making the individual's bed, cleaning dishes, taking out the garbage, dusting, and laundry;

(B) Grocery and other shopping necessary for the completion of other ADL and IADL tasks;

(C) Meal preparation and special diets;

(D) Cognitive assistance or emotional support provided to an individual due to an intellectual or developmental disability — helping the individual cope with change and assisting the individual with decision-making, reassurance, orientation, memory, or other cognitive functions;

(E) Medication and medical equipment — assisting with ordering, organizing, and administering medications (including pills, drops, ointments, creams, injections, inhalers, and suppositories), monitoring an individual for choking while taking medications, assisting with the administration of medications, maintaining equipment, or monitoring for adequate medication supply; and

(F) Support in the community around socialization and participation in the community:

(i) Support with socialization — assisting an individual in acquiring, retaining, and improving self-awareness and self-control, social responsiveness, social amenities, and interpersonal skills;

(ii) Support with community participation — assisting an individual in acquiring, retaining, and improving skills to use available community resources, facilities, or businesses; and

(iii) Support with communication — assisting an individual in acquiring, retaining, and improving expressive and receptive skills in verbal and non-verbal language and the functional application of acquired reading and writing skills.

(c) Assistance with ADLs, IADLs, and health-related tasks may include cueing, monitoring, reassurance, redirection, set-up, hands-on, or standby assistance. Assistance may be provided through human assistance or the use of electronic devices or other assistive devices. Assistance may also require verbal reminding to complete any of the IADL tasks described in subsection (b) of this section.

(A) "Cueing" means giving verbal, audio, or visual clues during an activity to help an individual complete the activity without hands-on assistance.

(B) "Hands-on" means a provider physically performs all or parts of an activity because an individual is unable to do so.

(C) "Monitoring" means a provider observes an individual to determine if assistance is needed.

(D) "Reassurance" means to offer an individual encouragement and support.

(E) "Redirection" means to divert an individual to another more appropriate activity.

(F) "Set-up" means the preparation, cleaning, and maintenance of personal effects, supplies, assistive devices, or equipment so that an individual may perform an activity.

(G) "Stand-by" means a provider is at the side of an individual ready to step in and take over the task if the individual is unable to complete the task independently.

(6) SKILLS TRAINING. Skills training is specifically tied to accomplishing ADL, IADL, and other health-related tasks as identified by the functional needs assessment and ISP and is a means for an individual to acquire, maintain, or enhance independence.

(a) Skills training may be applied to the use and care of assistive devices and technologies.

(b) Skills training is authorized when:

(A) The anticipated outcome of the skills training, as documented in the ISP, is measurable;

(B) Timelines for measuring progress towards the anticipated outcome are established in the ISP; and

(C) Progress towards the anticipated outcomes are measured and the measurements are evaluated by a services coordinator no less frequently than every six months, based on the start date of the initiation of the skills training.

(c) When anticipated outcomes are not achieved within the timeframe outlined in the ISP, the services coordinator must reassess or redefine the use of skills training with the individual for that particular goal.

(7) RELIEF CARE.

(a) Relief care may not be characterized as daily or periodic services provided solely to allow the primary caregiver to attend school or work. Daily relief care may be provided in segments that are sequential but may not exceed seven consecutive days without permission from the Department. No more than 14 days of relief care in a plan year are allowed without approval from the Department.

(b) Relief care may include both day and overnight services that may be provided in:

(A) The home of the individual;

(B) A licensed or certified setting;

(C) The home of a qualified provider, chosen by the individual or the representative of the individual, that is a safe setting for the individual; or

(D) The community, during the provision of ADL, IADL, health-related tasks, and other supports identified in the ISP for the individual.

(8) ASSISTIVE DEVICES. Assistive devices are primarily and customarily used to meet an ADL, IADL, or health-related support need. The purchase, rental, or repair of an assistive device with IHS funds must be limited to the types of equipment and supplies that are not excluded under OAR 410-122-0080.

(a) Assistive devices may include the purchase of devices, aids, controls, supplies, or appliances primarily and customarily used to enable an individual to increase the ability of the individual to perform and support ADLs and IADLs or to perceive, control, or communicate within the home and community environment in which the individual lives.

(b) Assistive devices may be purchased with IHS funds when the intellectual or developmental disability of an individual otherwise prevents or limits the independence of the individual in areas identified in a functional needs assessment.

(c) Assistive devices that may be purchased for the purpose described in subsection (b) of this section must be of direct benefit to the individual and may include:

(A) Devices to secure assistance in an emergency in the community and other reminders, such as medication minders, alert systems for ADL or IADL supports, or mobile electronic devices; and

(B) Assistive devices, not provided by any other funding source, to assist and enhance the independence of an individual in performing ADLs or IADLs, such as durable medical equipment, mechanical apparatus, or electronic devices.

(d) Expenditures for assistive devices are limited to \$5,000 per plan year without Department approval. Any single purchase costing more than \$500 must be approved by the Department prior to expenditure. A services coordinator must request approval for additional expenditures through the Department prior to expenditure. Approval is based on the service and support needs and goals of the individual and a determination by the Department of appropriateness and cost-effectiveness.

(e) Devices must be limited to the least costly option necessary to meet the assessed need of an individual.

(f) Assistive devices must meet applicable standards of manufacture, design, and installation.

(g) To be authorized by a services coordinator, assistive devices must be:

## ADMINISTRATIVE RULES

(A) In addition to any assistive devices, medical equipment, and supplies furnished under OHP, the state plan, private insurance, or alternative resources;

records may be exempt from public inspection under the personal privacy information exemption to the public records law set forth in ORS 192.502(2).

(b) **INDIVIDUAL RECORDS.** The CDDP must maintain, and make available on request for Department review, up-to-date records for each individual receiving in-home support. These records must include:

(A) An easily-accessed summary of basic information including individual name, family name (if applicable), name of the legal or designated representative of the individual(as applicable), or conservator of the individual (if applicable), address, telephone number, date of entry into services, date of birth, gender, marital status, and individual financial resource information.

(B) Records related to receipt and disbursement of public and private support funds including expenditure authorizations, expenditure verification, copies of CPMS expenditure reports, verification that providers meet requirements of OAR 411-330-0070, and documentation that the individual, and as applicable the legal or designated representative of the individual, understand and accept or delegate record keeping responsibilities outlined in this rule;

(C) Incident reports involving CDDP staff;

(D) Assessments used to determine supports required, preferences, and resources;

(E) ISP and reviews;

(F) Services coordinator correspondence and notes related to resource development and plan outcomes; and

(G) Customer satisfaction information.

(c) **SPECIAL REQUIREMENTS FOR IHS DIRECT ASSISTANCE EXPENDITURES.** The CDDP must develop and implement written policies and procedures concerning use of IHS funds to purchase goods and services to meet the supports needs of an individual that are described in the ISP. These policies and procedures must include, but are not limited to:

(A) Minimum acceptable records of expenditures and under what conditions these records must be maintained by the individual, or as applicable the legal or designated representative or family of the individual:

(i) Itemized invoices and receipts to record the purchase of any single item;

(ii) A trip log indicating purpose, date, and total miles to verify vehicle mileage reimbursement;

(iii) Signed contracts and itemized invoices for any services purchased from independent contractors and business providers;

(iv) Pay records to record employee services, including timesheets signed by both employee and employer; and

(v) Documentation that services provided were consistent with the authorized ISP for an individual.

(B) Return of purchased goods.

(i) Any goods purchased with IHS funds that are not used according to an ISP or according to an agreement securing the use of the state may be immediately recovered.

(ii) Failure to furnish written documentation upon written request from the Department, the Oregon Department of Justice Medicaid Fraud Unit, or Centers for Medicare and Medicaid Services, or as applicable their authorized representatives, immediately or within timeframes specified in the written request, may be deemed reason to recover payments or deny further assistance.

(d) **GENERAL FINANCIAL POLICIES AND PRACTICES.** The CDDP must:

(A) Maintain up-to-date accounting records accurately and consistent with generally accepted accounting principles that reflect all revenue by source, all expenses by object of expense, and all assets, liabilities, and equities.

(B) Develop and implement written statements of policy and procedure as are necessary and useful to assure compliance with any Department administrative rule pertaining to fraud and embezzlement.

(e) **RECORDS RETENTION.** Records must be retained in accordance with OAR chapter 166, Secretary of State, Archives Division.

(A) Financial records, supporting documents, statistical records, and all other records (except individual records) must be retained for at least three years after the close of the contract period, or until audited.

(B) Individual records must be kept for at least seven years.

(4) **OTHER OPERATING POLICIES AND PRACTICES.** The CDDP must develop and implement such written statements of policy and procedure, in addition to those specifically required by this rule, as are necessary and useful to enable the CDDP to accomplish the objectives of the CDDP and to meet the requirements of these rules and other applicable standards and rules.

### Definitions

Unless the context indicates otherwise, the following definitions and the definitions in OAR 411-317-0000 apply to the rules in OAR chapter 411, division 340:

(1) “Abuse” means “abuse of an adult” as defined in OAR 407-045-0260.

(2) “Abuse Investigation” means the reporting and investigation activities as required by OAR 407-045-0300 and any subsequent services or supports necessary to prevent further abuse as required by 407-045-0310.

(3) “ADL” means “activities of daily living”. ADL are basic personal everyday activities, such as eating, using the restroom, grooming, dressing, bathing, and transferring.

(4) “Administrative Review” means “administrator review” as defined in this rule.

(5) “Administrator Review” means the Director of the Department reviews a decision upon request, including the documentation related to the decision, and issues a determination.

(6) “Adult” means an individual who is 18 years or older with an intellectual or developmental disability.

(7) “Alternative Resources” mean possible resources, not including support services, for the provision of supports to meet the needs of an individual. Alternative resources include, but are not limited to, private or public insurance, vocational rehabilitation services, supports available through the Oregon Department of Education, or other community supports.

(8) “Annual Plan” means the written summary a personal agent completes for an individual who is not enrolled in waiver or Community First Choice state plan services. An Annual Plan is not an ISP and is not a plan of care for Medicaid purposes.

(9) “Assistive Devices” mean the devices, aids, controls, supplies, or appliances described in OAR 411-340-0130 that are necessary to enable an individual to increase the ability of the individual to perform ADL and IADLs or to perceive, control, or communicate with the home and community environment in which the individual lives.

(10) “Assistive Technology” means the devices, aids, controls, supplies, or appliances described in OAR 411-340-0130 that are purchased to provide support for an individual and replace the need for direct interventions to enable self-direction of care and maximize independence of the individual.

(11) “Attendant Care” means assistance with ADL, IADL, and health-related tasks through cueing, monitoring, reassurance, redirection, set-up, hands-on, standby assistance, and reminding as described in OAR 411-340-0130.

(12) “Background Check” means a criminal records check and abuse check as defined in OAR 407-007-0210.

(13) “Behavior Consultant” means a contractor with specialized skills as described in OAR 411-340-0160 who conducts functional assessments and develops a Behavior Support Plan.

(14) “Behavior Support Plan” means the written strategy based on person-centered planning and a functional assessment that outlines specific instructions for a primary caregiver or provider to follow in order to reduce the frequency and intensity of the challenging behaviors of an individual and to modify the behavior of the primary caregiver or provider, adjust environment, and teach new skills.

(15) “Behavior Support Services” mean the services consistent with positive behavioral theory and practice that are provided to assist with behavioral challenges due to the intellectual or developmental disability of an individual that prevents the individual from accomplishing ADL, IADL,

health-related tasks, and provides cognitive supports to mitigate behavior. Behavior support services are provided in the home or community.

(16) “Brokerage” means an entity or distinct operating unit within an existing entity that uses the principles of self-determination to perform the functions associated with planning and implementation of support services for individuals with intellectual or developmental disabilities.

(17) “Brokerage Director” means the Director of a publicly or privately-operated brokerage, who is responsible for administration and provision of services according to these rules, or the designee of the Brokerage Director.

(18) “Career Development Plan” means the part of an ISP that identifies:

(a) The employment goals and objectives for an individual;

(b) The services and supports needed to achieve those goals;

(c) The people, agencies, and providers assigned to assist the individual to attain those goals;

(d) The obstacles to the individual working in an individualized job in an integrated employment setting; and

(e) The services and supports necessary to overcome those obstacles.

(19) “Case Management Contact” means a reciprocal interaction between a personal agent and an individual or the legal or designated representative of the individual (as applicable).

(20) “CDDP” means “community developmental disability program” as defined in OAR 411-320-0020.

(21) “Certificate” means the document issued by the Department to a brokerage, or to a provider organization requiring certification under OAR 411-340-0170(2), that certifies the brokerage or provider organization is eligible to receive state funds for the provision of services.

(22) “Choice” means the expression of preference, opportunity for, and active role of an individual in decision-making related to services received and from whom including, but not limited to, case management, providers, services, and service settings. Individuals are supported in opportunities to make changes when so expressed. Choice may be communicated through a variety of methods, including orally, through sign language, or by other communication methods.

(23) “Choice Advising” means the impartial sharing of information to individuals with intellectual or developmental disabilities provided by a person that meets the qualifications in OAR 411-340-0150(5) about:

(a) Case management;

(b) Service options;

(c) Service setting options; and

(d) Provider types.

(24) “Chore Services” mean the services described in OAR 411-340-0130 that are needed to restore a hazardous or unsanitary situation in the home of an individual to a clean, sanitary, and safe environment.

(25) “Collective Bargaining Agreement” means a contract based on negotiation between organized workers and their designated employer for purposes of collective bargaining to determine wages, hours, rules, and working conditions.

(26) “Community Nursing Services” mean the nursing services described in OAR 411-340-0130 that focus on the chronic and ongoing health and safety needs of an individual living in his or her own home. Community nursing services include an assessment, monitoring, delegation, training, and coordination of services. Community nursing services are provided according to the rules in OAR chapter 411, division 048 and the Oregon State Board of Nursing rules in OAR chapter 851.

(27) “Community Transportation” means the services described in OAR 411-340-0130 that enable an individual to gain access to community-based state plan and waiver services, activities, and resources that are not medical in nature. Community transportation is provided in the area surrounding the home of the individual that is commonly used by people in the same area to obtain ordinary goods and services.

(28) “Completed Application” means completed application as defined in OAR 411-320-0020.

(29) “Comprehensive Services” means developmental disability services and supports that include 24-hour residential services and attendant care provided in a licensed home, foster home, or through a supported living program. Comprehensive services are regulated by the Department alone or in combination with an associated Department-regulated program for employment. Comprehensive services are in-home services provided to an individual with an intellectual or developmental disability when the individual receives case management services from a CDDP. Comprehensive services do not include support services for adults with intellectual or developmental disabilities enrolled in Brokerages.

## ADMINISTRATIVE RULES

(30) "Cost Effective" means being responsible and accountable with Department resources by offering less costly alternatives when providing choices that adequately meet the support needs of an individual. Less costly alternatives include other programs available from the Department and the utilization of assistive devices, natural supports, environmental modifications, and alternative resources. Less costly alternatives may include resources not paid for by the Department.

(31) "CPMS" means "Client Process Monitoring System". CPMS is the Department computerized system for enrolling and terminating services for individuals with intellectual or developmental disabilities.

(32) "Crisis" means "crisis" as defined in OAR 411-320-0020.

(33) "Crisis Diversion Services" mean the services authorized and provided according to OAR 411-320-0160 that are intended to maintain an individual at home or in the family home while the individual is in emergent status. Crisis diversion services include short-term residential placement services indicated on a Support Services Brokerage Crisis Addendum.

(34) "Delegation" is the process by which a registered nurse authorizes an unlicensed person to perform nursing tasks and confirms that authorization in writing. Delegation may occur only after a registered nurse follows all steps of the delegation process as outlined in OAR chapter 851, division 47.

(35) "Department" means the Department of Human Services.

(36) "Designated Representative" means any adult, such as a parent, family member, guardian, advocate, or other person, who is chosen by an individual or the legal representative of the individual, not a paid provider for the individual, and authorized by the individual or the legal representative of the individual to serve as the representative of the individual or the legal representative of the individual in connection with the provision of funded supports. An individual or a legal representative of the individual is not required to appoint a designated representative.

(37) "Developmental Disability" means "developmental disability" as defined in OAR 411-320-0020 and described in 411-320-0080.

(38) "Director" means the Director of the Department of Human Services, Office of Developmental Disability Services or Office of Licensing and Regulatory Oversight, or the designee of the Director.

(39) "Discovery and Career Exploration" means "discovery and career exploration" as defined in OAR 411-345-0020.

(40) "Emergent Status" means an individual has been determined to be eligible for crisis diversion services according to OAR 411-320-0160.

(41) "Employer" means, for the purposes of obtaining in-home support through a personal support worker as described in these rules, an individual or a person selected by the individual or the legal representative of the individual to act on the behalf of the individual or the legal representative of the individual to conduct the employer responsibilities described in OAR 411-340-0135. An employer may also be a designated representative.

(42) "Employer-Related Supports" mean the activities that assist an individual, and when applicable the legal or designated representative or family members of an individual, with directing and supervising provision of services described in the ISP for the individual. Employer-related supports may include, but are not limited to:

(a) Education about employer responsibilities;

(b) Orientation to basic wage and hour issues;

(c) Use of common employer-related tools, such as service agreements; and

(d) Fiscal intermediary services.

(43) "Employment Path Services" means "employment path services" as defined in OAR 411-345-0020.

(44) "Employment Services" means "employment services" as defined in OAR 411-345-0020.

(45) "Employment Specialist" means "employment specialist" as defined in OAR 411-345-0020.

(46) "Entry" means admission to a Department-funded developmental disability service.

(47) "Environmental Modifications" mean the physical adaptations described in OAR 411-340-0130 that are necessary to ensure the health, welfare, and safety of an individual in his or her own home, or that are necessary to enable the individual to function with greater independence around his or her own home or lead to a substitution for, or decrease in, direct human assistance to the extent expenditures would otherwise be made for human assistance.

(48) "Environmental Safety Modifications" mean the physical adaptations described in OAR 411-340-0130 that are made to the exterior of the home of an individual or the home of the family of the individual as identified in the ISP for the individual to ensure the health, welfare, and safety of the individual or to enable the individual to function with greater inde-

pendence around the home or lead to a substitution for, or decrease in, direct human assistance to the extent expenditures would otherwise be made for human assistance.

(49) "Exit" means termination or discontinuance of a Department-funded developmental disability service by a licensed or certified provider organization.

(50) "Family":

(a) Means a unit of two or more people that includes at least one individual with an intellectual or developmental disability where the primary caregiver is:

(A) Related to the individual with an intellectual or developmental disability by blood, marriage, or legal adoption; or

(B) In a domestic relationship where partners share:

(i) A permanent residence;

(ii) Joint responsibility for the household in general, such as child-rearing, maintenance of the residence, and basic living expenses; and

(iii) Joint responsibility for supporting the individual with an intellectual or developmental disability when the individual is related to one of the partners by blood, marriage, or legal adoption.

(b) The term "family" is defined as described above for purposes of:

(A) Determining the eligibility of an individual for brokerage services as a resident in the family home;

(B) Identifying people who may apply, plan, and arrange for individual services; and

(C) Determining who may receive family training.

(51) "Family Training" means the training services described in OAR 411-340-0130 that are provided to the family of an individual to increase the capacity of the family to care for, support, and maintain the individual in the home of the individual.

(52) "Fiscal Intermediary" means a person or entity that receives and distributes support services funds on behalf of an employer.

(53) "Functional Needs Assessment":

(a) Means the comprehensive assessment or re-assessment that:

(A) Documents physical, mental, and social functioning;

(B) Identifies risk factors and support needs; and

(C) Determines the service level.

(b) The functional needs assessment for an adult enrolled in a support services brokerage is known as the Adult Needs Assessment (ANA). Effective December 31, 2014, the Department incorporates Version C of the ANA into these rules by this reference. The ANA is maintained by the Department at:

<http://www.dhs.state.or.us/spd/tools/dd/ANAAadultInhome.xls>. Printed copies of a blank ANA may be obtained by calling (503) 945-6398 or writing the Department of Human Services, Developmental Disabilities, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, OR 97301.

(54) "General Business Provider" means an organization or entity selected by an individual and paid with support services funds that:

(a) Is primarily in business to provide the service chosen by the individual to the general public;

(b) Provides services for the individual through employees, contractors, or volunteers; and

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the individual.

(55) "Hearing" means a contested case hearing subject to OAR 137-003-0501 to 137-003-0700, which results in a Final Order.

(56) "Home" means the primary residence for an individual that is not under contract with the Department to provide services as a certified or licensed foster home, residential care facility, assisted living facility, nursing facility, or other residential support program site.

(57) "Home Delivered Meals" means "Home Delivered Meals" as defined in OAR 411-040-0010.

(58) "IADL" means "instrumental activities of daily living". IADL include activities other than ADL required to continue independent living, such as:

(a) Meal planning and preparation;

(b) Managing personal finances;

(c) Shopping for food, clothing, and other essential items;

(d) Performing essential household chores;

(e) Communicating by phone or other media; and

(f) Traveling around and participating in the community.

(59) "ICF/ID" means an intermediate care facility for individuals with intellectual disabilities.

(60) "In-Home Expenditure Guidelines" mean the guidelines published by the Department that describe allowable uses for support services funds. Effective January 1, 2015, the Department incorporates Version 2.0

## ADMINISTRATIVE RULES

of the In-home Expenditure Guidelines into these rules by this reference. The In-home Expenditure Guidelines are maintained by the Department at: ([http://www.oregon.gov/dhs/dd/adults/ss\\_exp\\_guide.pdf](http://www.oregon.gov/dhs/dd/adults/ss_exp_guide.pdf)). A printed copy may be obtained by calling (503) 945-6398 or writing the Department of Human Services, Developmental Disabilities, ATTN: Rules Coordinator, 500 Summer Street NE, E-48, Salem, Oregon 97301.

(61) "Incident Report" means the written report of any injury, accident, act of physical aggression, use of protective physical intervention, or unusual incident involving an individual.

(62) "Independence" means the extent to which an individual exerts control and choice over his or her own life.

(63) "Independent Provider" means a person selected by an individual and paid with support services funds to directly provide services to the individual.

(64) "Individual" means an adult with an intellectual or developmental disability applying for, or determined eligible for, Department-funded services. Unless otherwise specified, references to individual also include the legal or designated representative of the individual, who has the ability to act for the individual and to exercise the rights of the individual.

(65) "Integration" as defined in ORS 427.005 means:

(a) Use by individuals with intellectual or developmental disabilities of the same community resources used by and available to other people;

(b) Participation by individuals with intellectual or developmental disabilities in the same community activities in which people without disabilities participate, together with regular contact with people without disabilities; and

(c) Residence by individuals with intellectual or developmental disabilities in homes or in home-like settings that are in proximity to community resources, together with regular contact with people without disabilities in their community.

(66) "Intellectual Disability" means "intellectual disability" as defined in OAR 411-320-0020 and described in 411-320-0080.

(67) "ISP" means "Individual Support Plan". An ISP includes the written details of the supports, activities, and resources required for an individual to achieve and maintain personal goals and the health and safety. The ISP is developed at least annually to reflect decisions and agreements made during a person-centered process of planning and information gathering that is driven by the individual. The ISP reflects services and supports that are important for the individual to meet the needs of the individual identified through a functional needs assessment as well as the preferences of the individual for providers, delivery, and frequency of services and supports. The ISP is the plan of care for Medicaid purposes and reflects whether services are provided through a waiver, Community First Choice state plan, natural supports, or alternative resources. The ISP includes the Career Development Plan.

(68) "Job Coaching" means "job coaching" as defined in OAR 411-345-0020.

(69) "Job Development" means "job development" as defined in OAR 411-345-0020.

(70) "Legal Representative" means an attorney at law who has been retained by or for an individual, a person acting under the authority granted in a power of attorney, or a person or agency authorized by a court to make decisions about services for an individual.

(71) "Level of Care" means an individual meets the following institutional level of care for an ICF/ID:

(a) The individual has an intellectual disability or a developmental disability as defined in OAR 411-320-0020 and meets the eligibility criteria in OAR 411-320-0080 for developmental disability services; and

(b) The individual has a significant impairment in one or more areas of adaptive behavior as determined in OAR 411-320-0080.

(72) "Natural Supports" means the voluntary resources available to an individual from the individual's relatives, friends, significant others, neighbors, roommates, and the community that are not paid for by the Department.

(73) "Nursing Service Plan" means the plan that is developed by a registered nurse based on an initial nursing assessment, reassessment, or an update made to a nursing assessment as the result of a monitoring visit.

(a) The Nursing Service Plan is specific to an individual and identifies the diagnoses and health needs of the individual and any service coordination, teaching, or delegation activities.

(b) The Nursing Service Plan is separate from the ISP as well as any service plans developed by other health professionals.

(74) "OHP Plus" means only the Medicaid benefit packages provided under OAR 410-120-1210(4)(a) and (b). This excludes individuals receiving Title XXI benefits.

(75) "OSIPM" means "Oregon Supplemental Income Program-Medical" as described in OAR 461-001-0030. OSIPM is Oregon Medicaid insurance coverage for individuals who meet the eligibility criteria described in OAR chapter 461.

(76) "Person-Centered Planning":

(a) Means a timely and formal or informal process driven by an individual, includes people chosen by the individual, ensures the individual directs the process to the maximum extent possible, and the individual is enabled to make informed choices and decisions consistent with 42 CFR 441.540.

(b) Person-centered planning includes gathering and organizing information to reflect what is important to and for the individual and to help:

(A) Determine and describe choices about personal goals, activities, services, providers, service settings, and lifestyle preferences;

(B) Design strategies and networks of support to achieve goals and a preferred lifestyle using individual strengths, relationships, and resources; and

(C) Identify, use, and strengthen naturally occurring opportunities for support at home and in the community.

(c) The methods for gathering information vary, but all are consistent with the cultural considerations, needs, and preferences of the individual.

(77) "Personal Agent" means a person who is a case manager for the provision of case management services, works directly with individuals and the legal or designated representatives and families of individuals, if applicable, to provide or arrange for support services as described in these rules, meets the qualifications set forth in OAR 411-340-0150(5), and is a trained employee of a brokerage or a person who has been engaged under contract to the brokerage to allow the brokerage to meet responsibilities in geographic areas where personal agent resources are severely limited. A personal agent is the person-centered plan coordinator of an individual as defined in the Community First Choice state plan amendment.

(78) "Personal Support Worker" means "personal support worker" as defined in OAR 411-375-0010.

(79) "Plan Year" means 12 consecutive months that, unless otherwise set according to the conditions of OAR 411-340-0120, begins on the start date specified in the first authorized ISP for an individual after entry to a brokerage. Subsequent plan years begin on the anniversary of the start date of the initial ISP.

(80) "Policy Oversight Group" means the group that meets the requirements of OAR 411-340-0150(1) that is formed to provide individual-based leadership and advice to each brokerage regarding issues, such as development of policy, evaluation of services, and use of resources.

(81) "Positive Behavioral Theory and Practice" means a proactive approach to behavior and behavior interventions that:

(a) Emphasizes the development of functional alternative behavior and positive behavior intervention;

(b) Uses the least intrusive intervention possible;

(c) Ensures that abusive or demeaning interventions are never used; and

(d) Evaluates the effectiveness of behavior interventions based on objective data.

(82) "Primary Caregiver" means the person identified in an ISP as providing the majority of service and support for an individual in the home of the individual.

(83) "Productivity" as defined in ORS 427.005 means regular engagement in income-producing work, preferable competitive employment with supports and accommodations to the extent necessary, by an individual that is measured through improvements in income level, employment status, or job advancement or engagement by an individual in work contributing to a household or community.

(84) "Progress Note" means a written record of an action taken by a personal agent in the provision of case management, administrative tasks, or direct services to support an individual. A progress note may also be a recording of information related to the services, support needs, or circumstances of the individual which is necessary for the effective delivery of support services.

(85) "Protective Services" mean the necessary actions offered to an individual as soon as possible to prevent subsequent abuse or exploitation of the individual, to prevent self-destructive acts, or to safeguard the person, property, and funds of the individual.

(86) "Provider" means a person, agency, organization, or business selected by an individual that provides recognized Department-funded services and is approved by the Department or other appropriate agency to provide Department-funded services.

## ADMINISTRATIVE RULES

(87) "Provider Organization" means an entity, licensed or certified by the Department, selected by an individual, and paid with support services funds that:

(a) Is primarily in business to provide supports for individuals with intellectual or developmental disabilities;

(b) Provides supports for the individual through employees, contractors, or volunteers; and

(c) Receives compensation to recruit, supervise, and pay the person who actually provides support for the individual.

(88) "Provider Organization Director" means the Director of a provider organization who is responsible for the administration and provision of services according to these rules, or the designee of the Director of the provider organization.

(89) "Psychotropic Medication" means a medication the prescribed intent of which is to affect or alter thought processes, mood, or behavior including, but not limited to, anti-psychotic, antidepressant, anxiolytic (anti-anxiety), and behavior medications. The classification of a medication depends upon its stated, intended effect when prescribed.

(90) "Quality Assurance" means a systematic procedure for assessing the effectiveness, efficiency, and appropriateness of services.

(91) "Regional Crisis Diversion Program" means "Regional Crisis Diversion Program" as defined in OAR 411-320-0020.

(92) "Relief Care" means the intermittent services described in OAR 411-340-0130 that are provided on a periodic basis for the relief of, or due to the temporary absence of, a person normally providing supports to an individual.

(93) "Scope of Work" means the written statement of all proposed work requirements for an environmental modification which may include dimensions, measurements, materials, labor, and outcomes necessary for a contractor to submit a proposal to complete such work. The scope of work is specific to the identified tasks and requirements necessary to address the needs outlined in the supplemental assessment, referenced in the ISP, and relating to the ADL, IADL, and health-related tasks of the individual as discussed by the individual, homeowner, personal agent, and ISP team.

(94) "Self-Determination" means a philosophy and process by which individuals with intellectual or developmental disabilities are empowered to gain control over the selection of support services that meet their needs. The basic principles of self-determination are:

(a) Freedom. The ability for an individual, together with freely-chosen family and friends, to plan a life with necessary support services rather than purchasing a predefined program;

(b) Authority. The ability for an individual, with the help of a social support network if needed, to control resources in order to purchase support services;

(c) Autonomy. The arranging of resources and personnel, both formal and informal, that assists an individual to live a life in the community rich in community affiliations; and

(d) Responsibility. The acceptance of a valued role of an individual in the community through competitive employment, organizational affiliations, personal development, and general caring for others in the community, as well as accountability for spending public dollars in ways that are life-enhancing for the individual.

(95) "Self-Direction" means that an individual has decision-making authority over services and takes direct responsibility for managing services with the assistance of a system of available supports that promotes personal choice and control over the delivery of waiver and state plan services.

(96) "Service Agreement":

(a) Is the written agreement consistent with an ISP that describes, at a minimum:

(A) Type of service to be provided;

(B) Hours, rates, location of services, and expected outcomes of services; and

(C) Any specific individual health, safety, and emergency procedures that may be required, including action to be taken if an individual is unable to provide for their own safety and the individual is missing while in the community under the service of a contractor or provider organization.

(b) For employed personal support workers, the service agreement serves as the written job description.

(97) "Service Level" means the amount of attendant care, hourly relief care, or skills training services determined necessary by a functional needs assessment and made available to meet the identified support needs of an individual.

(98) "Services Coordinator" means "services coordinator" as defined in OAR 411-320-0020.

(99) "Skills Training" means the activities described in OAR 411-340-0130 that are intended to maximize the independence of an individual through training, coaching, and prompting the individual to accomplish ADL, IADL, and health-related skills.

(100) "Social Benefit" means the service or financial assistance solely intended to assist an individual with an intellectual or developmental disability to function in society on a level comparable to that of a person who does not have an intellectual or developmental disability. Social benefits are pre-authorized by a personal agent and provided according to the description and limits written in an ISP.

(a) Social benefits may not:

(A) Duplicate benefits and services otherwise available to a person regardless of intellectual or developmental disability;

(B) Provide financial assistance with food, clothing, shelter, and laundry needs common to a person with or without an intellectual or developmental disability; or

(C) Replace other governmental or community services available to an individual.

(b) Assistance provided as a social benefit is reimbursement for an expense previously authorized in an ISP or prior payment in anticipation of an expense authorized in a previously authorized ISP.

(c) Assistance provided as a social benefit may not exceed the actual cost of the support required by an individual to be supported in the home of the individual.

(101) "Special Diet" means the specially prepared food or particular types of food described in OAR 411-340-0130 that are specific to the medical condition or diagnosis of an individual and in support of an evidence-based treatment regimen.

(102) "Specialized Medical Supplies" mean the medical and ancillary supplies described in OAR 411-340-0130, such as:

(a) Necessary medical supplies, specified in an ISP that are not available through state plan or alternative resources;

(b) Ancillary supplies necessary to the proper functioning of items necessary for life support or to address physical conditions; and

(c) Supplies necessary for the continued operation of augmentative communication devices or systems.

(103) "Substantiated" means an abuse investigation has been completed by the Department or the designee of the Department and the preponderance of the evidence establishes the abuse occurred.

(104) "Support Services" mean the services of a brokerage listed in OAR 411-340-0120 as well as the uniquely determined activities and purchases arranged through the brokerage that:

(a) Complement the existing formal and informal supports that exist for an individual living in her or her own home or the family home;

(b) Are designed, selected, and managed by an individual;

(c) Are provided in accordance with the ISP for an individual; and

(d) May include purchase of supports as a social benefit required for an individual to live in his or her own home or the family home.

(105) "Support Services Brokerage Crisis Addendum" means the short-term plan that is required by the Department to be added to an ISP to describe crisis diversion services an individual is to receive while the individual is in emergent status.

(106) "Support Services Funds" mean the public funds designated by the brokerage for assistance with the purchase of supports according to an ISP.

(107) "Supported Employment — Individual Employment Support" means "supported employment — individual employment support" as defined in OAR 411-345-0020.

(108) "Supported Employment — Small Group Employment Support" means "supported employment — small group employment support" as defined in OAR 411-345-0020.

(109) "These Rules" mean the rules in OAR chapter 411, division 340.

(110) "Transition Costs" mean the expenses described in OAR 411-340-0130, such as rent and utility deposits, first month's rent and utilities, bedding, basic kitchen supplies, and other necessities required for an individual to make the transition from a nursing facility or ICF/ID to a community-based home setting where the individual resides.

(111) "Unusual Incident" means any incident involving an individual that includes serious illness or an accident, death, injury or illness requiring inpatient or emergency hospitalization, a suicide attempt, a fire requiring the services of a fire department, an act of physical aggression, or any incident requiring an abuse investigation.

# ADMINISTRATIVE RULES

(112) "Variance" means the temporary exception from a regulation or provision of these rules that may be granted by the Department as described in OAR 411-340-0090.

(113) "Vehicle Modifications" mean the adaptations or alterations described in OAR 411-340-0130 that are made to the vehicle that is the primary means of transportation for an individual in order to accommodate the service needs of the individual.

## 411-340-0050

### Inspections and Investigations in Support Service Brokerages and Provider Organizations

(1) Support services brokerages and provider organizations certified under these rules must allow the following types of investigations and inspections:

- (a) Quality assurance and on-site inspections;
- (b) Complaint investigations; and
- (c) Abuse investigations.

(2) The Department, CDDP, Oregon Health Authority, or proper authority performs all inspections and investigations.

(3) Any inspection or investigation may be unannounced.

(4) All documentation and written reports required by this rule must be:

(a) Open to inspection and investigation by the Department, CDDP, or proper authority; and

(b) Submitted to the Department within the time allotted.

(5) When abuse is alleged or death of an individual has occurred and a law enforcement agency, the Department, or CDDP has determined to initiate an investigation, the brokerage or provider organization may not conduct an internal investigation without prior authorization from the Department. For the purposes of this rule, an "internal investigation" is defined as:

(a) Conducting interviews with the alleged victim, witness, the accused person, or any other person who may have knowledge of the facts of the abuse allegation or related circumstances;

(b) Reviewing evidence relevant to the abuse allegation, other than the initial report; or

(c) Any other actions beyond the initial actions of determining:

(A) If there is reasonable cause to believe that abuse has occurred;

(B) If the alleged victim is in danger or in need of immediate protective services;

(C) If there is reason to believe that a crime has been committed; or

(D) What, if any, immediate personnel actions must be taken.

(6) The Department or the CDDP shall conduct abuse investigations as set forth in OAR 407-045-0250 to OAR 407-045-0360 and shall complete an abuse investigation and protective services report according to OAR 407-045-0320.

(7) Upon completion of the abuse investigation by the Department, CDDP, or a law enforcement agency, a provider may conduct an investigation without further Department approval to determine if any other personnel actions are necessary.

(8) Upon completion of the abuse investigation and protective services report, in accordance with OAR 407-045-0330, the sections of the report that are public records and not exempt from disclosure under the public records law shall be provided to the appropriate brokerage or provider organization.

(9) The Department may review the brokerage implementation of these rules at least every two years or more frequently as needed to ensure compliance.

(10) Following a Department review, the Department shall issue a report to the brokerage identifying areas of compliance and areas in need of improvement.

(11) If, following a review, the brokerage is not in substantial compliance with these rules; the brokerage must respond to a plan of improvement within 45 days of the review report being issued, or in a time speci-

fied by the Department. The Department may conduct additional reviews as necessary to ensure improvement measures have been achieved. The Department may offer, or the brokerage may request, technical assistance or training.

### Support Service Brokerage and Provider Organization Records

(1) CONFIDENTIALITY. Brokerage and provider organization records of services to individuals must be kept confidential in accordance with ORS 179.505 and any Department rules or policies pertaining to individual service records.

(2) DISCLOSURE AND CONFIDENTIALITY. For the purpose of disclosure from individual medical records under these rules, brokerages, and provider organizations requiring certification under OAR 411-340-0170(2), are considered "providers" as defined in ORS 179.505(1) and 179.505 is applicable.

(a) Access to records by the Department does not require authorization by an individual or the legal or designated representative or family of the individual.

(b) For the purpose of disclosure of non-medical individual records, all or portions of the information contained in the non-medical individual records may be exempt from public inspection under the personal privacy information exemption to the public records law set forth in ORS 192.502(2).

(3) GENERAL FINANCIAL POLICIES AND PRACTICES. The brokerage or provider organization must:

(a) Maintain up-to-date accounting records consistent with generally accepted accounting principles that accurately reflect all revenue by source, all expenses by object of expense, and all assets, liabilities, and equities;

(b) As a provider organization, or as a brokerage offering services to the general public, establish and revise, as needed, a fee schedule identifying the cost of each service provided. Billings for Medicaid funds may not exceed the customary charges to private individuals for any like item or services charged by the brokerage or provider organization; and

# ADMINISTRATIVE RULES

(c) Develop and implement written statements of policy and procedure as are necessary and useful to assure compliance with any Department rule pertaining to fraud and embezzlement.

(4) **RECORDS RETENTION.** Records must be retained in accordance with OAR chapter 166, division 150, Secretary of State, Archives Division.

(a) Financial records, supporting documents, statistical records, and all other records (except individual records) must be retained for at least three years after the close of the contract period.

(b) Individual records must be kept for at least seven years.

### Support Services Brokerage and Provider Organization Request for Variance

(1) A variance that does not adversely impact the welfare, health, safety, or rights of individuals or violate state or federal laws may be granted to a brokerage or provider organization:

(a) If the brokerage or provider organization lacks the resources needed to implement the standards required in these rules;

(b) If implementation of the proposed alternative services, methods, concepts, or procedures shall result in services or systems that meet or exceed the standards in these rules; or

(c) If there are other extenuating circumstances.

(2) Variances may not be granted to OAR 411-340-0130 and 411-340-0140.

(3) The brokerage or provider organization requesting a variance must submit a written application to the Department that contains the following:

(a) The section of the rule from which the variance is sought;

(b) The reason for the proposed variance;

(c) A description of the alternative practice, service, method, concept, or procedure proposed, including how the health and safety of individuals receiving services shall be protected to the extent required by these rules;

(d) A plan and timetable for compliance with the section of the rule from which the variance is sought; and

(e) If the variance applies to the services to an individual, evidence that the variance is consistent with the currently authorized ISP for the individual.

(4) The request for a variance is approved or denied by the Department. The decision of the Department is sent to the brokerage or provider organization and to all relevant Department programs or offices within 45 days from the receipt of the variance request.

(5) The brokerage or provider organization may request an administrator review of the denial of a variance request by sending a written request for review to the Director. The decision of the Director is the final response from the Department.

(6) The Department determines the duration of the variance.

(7) The brokerage or the provider organization may implement a variance only after written approval from the Department.

### Standards for Support Service Brokerage Entry and Exit

(1) The brokerage must make accurate, up-to-date, information about the brokerage available to individuals referred for services and the legal or designated representatives of individuals. This information must include:

(a) A declaration of brokerage philosophy;

(b) A brief description of the services provided by the brokerage, including typical timelines for activities;

(c) A description of processes involved in using the services, including application and referral, assessment, planning, and evaluation;

(d) A declaration of brokerage employee responsibilities as mandatory abuse reporters;

(e) A brief description of individual responsibilities for use of public funds;

(f) An explanation of the individual rights in OAR 411-318-0010, including the right of an individual to:

(A) Choose a brokerage from among Department-contracted brokerages in the county of origin of an individual that is serving less than the total number of individuals specified in the current contract between the brokerage and the Department;

(B) Choose a personal agent among those available in the selected brokerage;

(C) Select providers among those willing, available, and qualified according to OAR 411-340-0160, OAR 411-340-0170, and OAR 411-340-0180 to provide supports authorized through the ISP for the individual;

(D) Direct the services of providers; and

(E) Raise and resolve concerns about brokerage services, including specific rights to notification of planned action and hearings according to OAR 411-340-0060 and the rules in OAR chapter 411, division 318.

(g) Indication that additional information about the brokerage is available on request. The additional information must include, but not be limited to:

(A) A description of the organizational structure of the brokerage;

(B) A description of any contractual relationships the brokerage has in place, or may establish, to accomplish the brokerage functions required by rule; and

(C) A description of the relationship between the brokerage and the Policy Oversight Group of the brokerage.

(2) The brokerage must make the information required in section (1) of this rule available using language, format, and presentation methods appropriate for effective communication according to the needs and abilities of individuals.

(3) **ENTRY INTO BROKERAGE SERVICES.**

(a) To enter brokerage services:

(A) An individual must be determined eligible according to OAR 411-320-0110; and

(B) The individual must choose to receive services from a selected brokerage.

(b) The Department may implement guidelines that govern entries when the Department has determined that such guidelines are prudent and necessary for the continued development and implementation of support services.

(c) The brokerage may not accept individuals for entry beyond the total number of individuals specified in the current contract between the brokerage and the Department.

(4) **EXIT FROM A BROKERAGE.**

(a) An individual must exit a brokerage:

(A) At the oral or written request of an individual to end the service relationship;

(B) After an individual, either cannot be located or has not responded after 30 days of repeated attempts by brokerage staff to complete ISP development or monitoring activities;

(C) Upon the entry of an individual into CDDP case management services;

(D) When an individual is incarcerated or admitted to a medical hospital, psychiatric hospital, sub-acute facility, nursing facility, ICF/ID, or

# ADMINISTRATIVE RULES

other 24-hour residential setting and it is determined that the individual is not returning home; or

(E) When an individual does not reside in Oregon or resides in an area outside the geographic service area of the brokerage.

(b) In the event an individual exits a brokerage, a written Notification of Planned Action must be provided as described in OAR 411-340-0060 and OAR chapter 411, division 318.

(c) Each brokerage must have policies and procedures for notifying the CDDP of the county of origin of an individual when the individual plans to exit, or exits, brokerage services. Notification method, timelines, and content must be based on agreements between the brokerage and the CDDP of each county in which the brokerage provides services.

## 411-340-0120

### Support Service Brokerage Services

(1) Each brokerage must provide or arrange for the following services as required to meet individual support needs:

(a) Assistance for individuals to determine needs and plan supports in response to needs;

(b) Case management;

(c) Assistance for individuals to find and arrange the resources to provide planned supports;

(d) Assistance with development and expansion of community resources required to meet the support needs of individuals served by the brokerage;

(e) Information, education, and technical assistance for individuals to use to make informed decisions about support needs and to direct providers;

(f) Fiscal intermediary services in the receipt and accounting of support services funds on behalf of individuals in addition to making payment to providers with the authorization of an individual;

(g) Employer-related supports; and

(h) Assistance for individuals to effectively put plans into practice, including help to monitor and improve the quality of supports as well as assess and revise plan goals.

(2) SELF-DETERMINATION. Brokerages must apply the principles of self-determination to provision of services required in section (1) of this rule.

(3) PERSON-CENTERED PLANNING. A brokerage must use a person-centered planning approach to assist individuals to establish outcomes, determine needs, plan for supports, and review and redesign support strategies.

(4) HEALTH AND SAFETY ISSUES. The planning process must address basic health and safety needs and supports including, but not limited to:

(a) Identification of risks, including risk of serious neglect, intimidation, and exploitation;

(b) Informed decisions by the individual regarding the nature of supports or other steps taken to ameliorate any identified risks; and

(c) Education and support to recognize and report abuse.

(5) PERSONAL AGENT SERVICES.

(a) An individual entered into brokerage services must be assigned a personal agent for case management services.

(b) INITIAL DESIGNATION OF PERSONAL AGENT.

(A) The brokerage must designate a personal agent for individuals newly entered in support services within 10 business days from the date entry becomes known to the brokerage.

(B) In the instance of an individual transferring into a brokerage from another brokerage, the brokerage must designate a personal agent within 10 days of entry to the new brokerage.

(C) The brokerage must send a written notice that includes the name, telephone number, and location of the personal agent or brokerage to the individual, and as applicable the legal or designated representative of the individual, within 10 business days from the date entry becomes known to the brokerage.

(D) Prior to implementation of the initial ISP for an individual, the brokerage must ask the individual to identify any family and other advocates to whom the brokerage must provide the name, telephone number, and location of the personal agent.

(c) CHANGE OF PERSONAL AGENT. Changes of personal agents initiated by the brokerage must be kept to a minimum. If the brokerage must change personal agent assignments, the brokerage must notify the individual, and as applicable the legal or designated representative of the individual, and all current providers within 10 business days of the change. The notification must be in writing and include the name, telephone number, and address of the new personal agent, if known, or of a contact person at the brokerage.

(d) OSIPM/OHP PLUS ELIGIBILITY. If an individual loses OSIPM or OHP Plus eligibility, a personal agent must assist the individual in identifying why OSIPM or OHP Plus eligibility was lost. Whenever possible, the personal agent must assist the individual in becoming eligible for OSIPM or OHP Plus again. The personal agent must document efforts taken to assist the individual in becoming OSIPM or OHP Plus eligible.

(e) CASE MANAGEMENT CONTACT. Every individual who has an ISP must have a case management contact no less than once every three months. Individuals with significant health and safety risks as identified in the ISP must have more frequent case management contact. At least one case management contact per year must be face to face. If an individual agrees, other case management contacts may be made by telephone or by other interactive methods. The outcome of the case management contact must be recorded in the progress notes. The purpose of the case management contact is:

(A) To assure known health and safety risks are adequately addressed;

(B) To assure that the support needs of the individual have not significantly changed; and

(C) To assure that the individual is satisfied with the current supports.

(6) PARTICIPATION IN PROTECTIVE SERVICES. The brokerage and personal agent are responsible for the delivery of protective services, in cooperation with the CDDP when necessary, through the timely completion of activities necessary to address immediate health and safety concerns.

(7) CHOICE ADVISING. Choice advising regarding the provision of case management and other services must be provided to individuals who are eligible for, and desire, developmental disability services. Choice advising must be provided at least annually. Documentation of the discussion must be included in the service record for the individual.

(8) LEVEL OF CARE DETERMINATION.

(a) The brokerage must assure that an individual who is eligible for OHP Plus or OSIPM or who becomes eligible after entry into the brokerage:

(A) Receives a level of care determination prior to accessing services and prior to an initial functional needs assessment;

(B) Is offered the choice between home and community-based services or institutional care;

(C) Is provided a notice of fair hearing rights (Notification of Rights SDS 0948); and

(D) Has the level of care determination reviewed annually not more than 60 days prior to the renewal of the ISP, or at any time there is a significant change in a condition that qualified the individual for the level of care.

(b) A level of care determination may be made by a services coordinator or a personal agent.

(c) The level of care assessment must be documented in a progress note in the record for the individual.

(9) FUNCTIONAL NEEDS ASSESSMENT. The brokerage or CDDP must complete a functional needs assessment initially and at least annually for any individual who is enrolled in, or is expected to enroll in, waiver or Community First Choice state plan services.

(a) A functional needs assessment must be completed:

(A) Not more than 45 days from the date that the individual submitted a completed application to the CDDP or the date the individual became eligible for OHP Plus or OSIPM;

(B) Prior to the development of an initial ISP;

(C) Within 60 days prior to the annual renewal of an ISP; and

(D) Within 45 days from the date an individual requests a functional needs re-assessment.

(b) The assessment must be conducted face to face.

(c) An individual, and as applicable the legal or designated representative of the individual, must participate in a functional needs assessment and provide information necessary to complete the functional needs assessment and reassessment within the time frame required by the Department.

## ADMINISTRATIVE RULES

(A) Failure to participate in the functional needs assessment or provide information necessary to complete the functional needs assessment or reassessment within the applicable time frame results in the denial of service eligibility. In the event service eligibility is denied, a written Notification of Planned Action must be provided as described in OAR 411-340-0060 and OAR chapter 411, division 318.

(B) The Department may allow additional time if circumstances beyond the control of the individual prevent timely participation in the functional needs assessment or reassessment or timely submission of information necessary to complete the functional needs assessment or reassessment.

(d) No fewer than 14 days prior to conducting a functional needs assessment, the brokerage must mail a notice of the assessment process to the individual to be assessed. The notice must include a description and explanation of the assessment process and an explanation of the process for appealing the results of the assessment.

### (10) INDIVIDUAL SUPPORT PLANS.

(a) An individual who is accessing waiver or Community First Choice state plan services must have an authorized ISP.

(A) The ISP must be facilitated, developed, and authorized by a personal agent.

(B) The initial ISP must be authorized;

(i) No more than 90 days from the date a completed application is submitted to the CDDP according to OAR 411-320-0080; or

(ii) No later than the end of the month following the month in which the level of care determination was made or no more than 45 days from the date the level of care determination was made.

(C) The brokerage must provide a written copy of the most current ISP to the individual and the legal or designated representative of the individual (as applicable).

(D) A personal agent must revise the ISP for the individual as needed if a revision of the ISP is requested by the individual. The revision of the ISP must be completed within 30 days from the request of the individual.

(b) PERSON-CENTERED ISP REQUIREMENTS. The person-centered ISP must reflect the services and supports that are important for the individual to meet the needs of the individual identified through a Department approved assessment, as well as what is important to the individual with regard to preferences for the delivery of such services and supports. Commensurate with the level of need of the individual and the scope of services and supports, the ISP must include:

(A) The name of the individual and the name of the legal or designated representative of the individual (as applicable);

(B) A description of the supports required that is consistent with support needs identified in the assessment of the individual;

(C) The projected dates of when specific supports are to begin and end;

(D) A list of personal, community, and alternative resources that are available to the individual and how the resources may be applied to provide the required supports. Sources of support may include waiver services, Community First Choice state plan services, other state plan services, state general funds, or natural supports;

(E) The manner in which services are delivered and the frequency of services;

(F) Provider type;

(G) The setting in which the individual resides as chosen by the individual;

(H) The strengths and preferences of the individual;

(I) Individually identified goals and desired outcomes;

(J) The services and supports (paid and unpaid) to assist the individual to achieve identified goals and the providers of the services and supports, including voluntarily provided natural supports;

(K) The risk factors and the measures in place to minimize the risk factors, including back up plans for assistance with support and service needs;

(L) The identity of the person responsible for case management and monitoring the ISP;

(M) A provision to prevent unnecessary or inappropriate care;

(N) The alternative settings considered by the individual;

(O) Schedule of ISP reviews;

(P) Any changes in support needs identified in an assessment; and

(Q) Any revisions to the ISP that may alter:

(i) The amount of support services funds required;

(ii) The amount of support services required;

(iii) Types of support purchased with support services funds; and

(iv) The type of support provider.

(c) The ISP must be made available using language, format, and presentation methods appropriate for effective communication according to the needs and abilities of the individual receiving services and the people important in supporting the individual.

(d) ISP SCHEDULE. The schedule of the support services ISP, developed in compliance with this rule after an individual enters a brokerage, may be adjusted with the consent of, or at the request of, an individual.

(A) An adjustment may only occur one time per individual upon ISP renewal.

(B) An ISP date adjustment must be clearly documented in the ISP.

(e) ISP AUTHORIZATION.

(A) An initial and annual ISP must be authorized prior to implementation.

(B) A revision to an initial or annual ISP that involves the types of support purchased with support services funds must be authorized prior to implementation.

(C) A revision to an initial or annual ISP that does not involve the types of support purchased with support services funds does not require authorization. Documented oral agreement to the revision by the individual is required prior to implementation of the revision.

(D) An ISP is authorized when:

(i) The signature of the individual, or as applicable the legal or designated representative of the individual, is present on the ISP or documentation is present explaining the reason an individual who does not have a legal or designated representative may be unable to sign the ISP.

(I) Acceptable reasons for an individual without a legal or designated representative not to sign the ISP include physical or behavioral inability to sign the ISP.

(II) Unavailability is not an acceptable reason for an individual, or as applicable the legal or designated representative of an individual, not to sign the ISP.

(III) In the case of a revision to an initial or annual ISP that is in response to immediate, unexpected change in circumstance, and is necessary to prevent injury or harm to the individual, documented oral agreement may substitute for a signature for no more than 10 business days.

(ii) The signature of the personal agent involved in the development of, or revision to, the ISP is present on the ISP; and

(iii) A designated brokerage representative has reviewed the ISP for compliance with Department rules and policy.

(E) For an individual transferring from in-home comprehensive services to a brokerage, the CDDP ISP may be used as authorization for available support services for up to 90 days.

(f) PERIODIC REVIEW OF ISP AND RESOURCES.

(A) A personal agent must facilitate and document reviews of the ISP and resources for an individual with the individual and the legal or designated representative of the individual (as applicable).

(B) At least annually, as part of preparation for a new ISP, the personal agent must:

(i) Evaluate the progress of the individual toward achieving the purposes of the ISP and assess and revise goals as needed;

(ii) Note effectiveness of the use of support services funds based on personal agent observation as well as individual satisfaction; and

(iii) Determine whether changing needs or availability of other resources has altered the need for continued use of support services funds to purchase supports.

(11) ANNUAL PLANS. An Annual Plan must be completed for individuals who do not access waiver or Community First Choice state plan services.

(a) A personal agent must complete an Annual Plan within 60 days of the entry of an individual into support services, and annually thereafter if the individual is not enrolled in any waiver or Community First Choice state plan services.

(b) A written Annual Plan must be documented as an Annual Plan or as a comprehensive progress note in the record for the individual and consist of:

(A) A review of the current living situation of the individual;

(B) A review of any personal health, safety, or behavioral concerns;

(C) A summary of the support needs of the individual; and

(D) Actions to be taken by the personal agent and others.

(12) PROFESSIONAL OR OTHER SERVICE PLANS.

(a) A Nursing Service Plan must be present when support services funds are used to purchase services requiring the education and training of a licensed professional nurse.

(b) A Support Services Brokerage Crisis Addendum, or other document prescribed by the Department for use in these circumstances, must be

# ADMINISTRATIVE RULES

attached to the ISP when an individual enrolled in a brokerage is in emergent status in a short-term, out-of-home, residential placement as part of the crisis diversion services for the individual.

(c) As of July 1, 2014, a Career Development Plan must be attached to the ISP of an adult in accordance with OAR 411-345-0160.

(13) **TRANSITION TO ANOTHER BROKERAGE OR TO A CDDP.** At the request of an individual enrolled in brokerage services who has selected another brokerage or CDDP to provide case management and to arrange services, the brokerage must collaborate with the receiving brokerage or CDDP of the county of origin of the individual to transition case management and other authorized services.

(a) If an individual requests case management services from a CDDP, the brokerage must notify the local CDDP of the request within five business days. Planning for a transfer of case management services must begin within ten business days of the request unless a later date is mutually agreed upon by the individual, the brokerage, and the CDDP.

(b) An individual may request case management services from another brokerage when the selected brokerage has capacity available within the limits of the contract between the brokerage and the Department.

(c) If an individual requests case management services from an available brokerage, the brokerage must notify the local CDDP of the request within five business days. Planning for a transfer of case management services to the available brokerage must begin within ten business days of the request unless a later date is mutually agreed upon by the individual, the brokerage, and the CDDP of the county of origin of the individual.

(d) If the Department has designated and contracted funds solely for the support of the transitioning individual, the brokerage must notify the Department to consider transfer of the funds for the individual to the receiving brokerage.

(e) The ISP in place at the time of the transfer may remain in effect 90 days after entry to the new brokerage while a new ISP is developed and authorized.

## 411-340-0125

### Crisis Supports in Support Services

(1) The brokerage must, in conjunction with its Regional Crisis Diversion Program, attempt to provide supports that mediate a crisis risk factor for adults who are:

- (a) Entered in support services; and
- (b) Determined to be in crisis as described in section (2) of this rule.

#### (2) CRISIS DETERMINATION.

(a) An individual enrolled in support services is eligible for crisis diversion services when:

(A) A brokerage has referred an individual to the Regional Crisis Diversion Program because the brokerage has determined that one or more of the following crisis risk factors, not primarily related to a significant mental or emotional disorder or substance abuse, are present and for which no appropriate alternative resources are available:

- (i) An individual is not receiving necessary supports to address life-threatening safety skill deficits;
- (ii) An individual is not receiving necessary supports to address life-threatening issues resulting from behavioral or medical conditions;
- (iii) An individual currently engages in self-injurious behavior serious enough to cause injury that requires professional medical attention;
- (iv) An individual undergoes, or is at imminent risk of undergoing, loss of primary caregiver due to the inability of the primary caregiver to provide supports;
- (v) An individual experiences a loss of home due to a protective service action; or
- (vi) An individual is not receiving the necessary supports to address significant safety risks to others, including but not limited to:
  - (I) A pattern of physical aggression serious enough to cause injury;
  - (II) Fire-setting behaviors; or
  - (III) Sexually aggressive behaviors or a pattern of sexually inappropriate behaviors.

(B) The Regional Crisis Diversion Program has determined crisis eligibility according to OAR 411-320-0160; and

(C) The ISP for the individual has been revised to address the identified crisis risk factors and the revisions:

- (i) May resolve the crisis; and
- (ii) May not contribute to new or additional crisis risk factors.

(b) A functional needs assessment must be completed for any individual determined to be in crisis as described in this section of this rule.

#### (3) CRISIS SUPPORTS.

(a) An ISP for an individual in emergent status may authorize short-term, out-of-home, residential placement. Residential placement does not exit an individual from support services.

(b) The personal agent of the individual must:

(A) Participate with the Regional Crisis Diversion Program staff in efforts to stabilize supports and return costs to the service level;

(B) Assist with the identification of qualified providers who may be paid in whole, or in part, using crisis diversion funding except in the case of short-term, out-of-home, residential placements with a licensed or certified provider;

(C) Complete and coordinate the Support Services Brokerage Crisis Addendum when an individual in emergent status requires a short-term, out-of-home, residential placement; and

(D) Monitor the delivery of supports provided, including those provided through crisis funding.

(i) Monitoring is done through contact with the individual, any providers, and the legal or designated representative and family of the individual (as applicable).

(ii) Monitoring is done to collect information regarding supports provided and progress toward outcomes that are identified as necessary to resolve the crisis.

(iii) The personal agent must document the information described in subparagraph (ii) of this paragraph in the record for the individual and report to the Regional Crisis Diversion Program or CDDP as required.

(c) Support services provided during emergent status are subject to all requirements of this rule.

(d) All supports authorized in an ISP continue during the crisis unless prohibited by other rule, policy, or the supports contribute to new or additional crisis risk factors.

(4) **TRANSITION TO COMPREHENSIVE SERVICES.** When an individual eligible for crisis supports may have long-term support needs that may not be met through support services:

(a) The brokerage must immediately notify the CDDP of the county of origin of the individual;

(b) The brokerage must coordinate with the CDDP and the Regional Crisis Diversion Program to facilitate a timely exit from support services and entry into appropriate, alternative services; and
