TAPE 37, A 005	Chair Ferrioli	Calls meeting to order at 3:05 p.m. and opens public hearing on
		SB 845.
	JBLIC HEARING	
015	Matt Blevins	Oregon Environmental Council. Provides testimony in support of SB 845 (EXHIBIT A). Discusses water pollution issues in
		Oregon.
030	Chair Ferrioli	Asks if he is referring to section 303(d) of the Clean Water Act.
031	Blevins	Affirms.
032	Chair Ferrioli	Asks what percentage of the 303(d) List is listed for temperature standards.
034	Blevins	Responds that he is unsure of the percentage.
035	Chair Ferrioli	Comments that characterizing how the streams are 303(d) listed should be done carefully.
050	Blevins	Offers to provide more information.
055	Chair Ferrioli	Clarifies that pollution should be connected to a 303(d) List.
060	Blevins	Continues testimony in support of SB 845:
		 Lack of money puts Oregon first nationwide in expired permits
		 Department of Environmental Quality (DEQ) no longer meets its own goals for inspections
		 Not having up-to-date permits has environmental implications because old permits don't incorporate the newest standards and safeguards Full for funding would not have the company.
101	Chair Ferrioli	 Full fee funding would not harm the economy Providing technical assistance would help small businesses understand and comply with the law Inquires if permit holders are obligated to provide notice to DEQ
101		of their violations because they are operating outside their permit

		authority.
103	Blevins	Responds that he is unsure.
104	Chair Ferrioli	Clarifies that permit holders are obligated to provide notice to
		DEQ.
106	Sen. Ringo	Asks if permit fees would increase by 70% if SB 845 passed.
108	Blevins	Responds that fees would increase by approximately 57% to
		70%.
110	Sen. Ringo	Inquires where Oregon's permit fees rank compared to
		neighboring states.
113	Blevins	Explains that Oregon would be below the national average with a
		70% increase.
117	Sen. Ringo	Asks about concerns that Oregon's inability to enforce
		regulations will cause problems complying with federal
100		regulations.
123	Blevins	Replies that there is concern that the program will continue.
126	Sen. Ringo	Clarifies that if Oregon doesn't protect its own resources, the
120		federal agencies will take over.
128	Blevins	Affirms.
132	Sen. Atkinson	Asks if DEQ supports SB 845.
135 141	Blevins Sen. Atkinson	Explains that DEQ recognizes the need for more resources.
141	Sen. Atkinson	Inquires if DEQ was satisfied with the 20% increase from the 2001 legislative session.
144	Blevins	Believes DEQ is not able to operate the program as it would like
177	Dievills	to.
146	Sen. Atkinson	Inquires who the larger fee payers will be.
149	Blevins	Lists a variety of facilities.
153	Sen. Atkinson	Asks if penalties for violations are too low to deter future
	2	behavior.
166	Blevins	Explains that the penalty fees are not sufficient deterrents.
170	Sen. Atkinson	Discusses low penalty fees.
180	John Ledger	Associated Oregon Industries. Provides testimony against SB
		845. States that full cost recovery of administering the disposal
		permit program will cause problems for municipal wastewater
		dischargers.
220	Chair Ferrioli	Asks for clarification on quoted figures.
223	Ledger	Industry and municipalities carry a contaminate load containing
		15% point source pollution.
229	Sen. Ringo	Asks about the other 85%.
232	Ledger	Explains that 85% of contamination comes from non-point
		sources. Continues discussion of fee increases. States that
		Oregon's restrictions on water are more stringent than the federal
275	Can Dingo	government mandates.
275 279	Sen. Ringo	Asks about restricted chemicals. Responds that the list includes many toxics and metals.
219	Ledger	Summarizes testimony against SB 845 and restates AOI's
		opposition to SB 845.
298	Sen. Ringo	Confirms that 85% of pollution comes from non-point sources.
300	Ledger	Affirms.
313	Sen. Ringo	Asks for AOI's suggestion on how to handle the non-point source
		pollution.
315	Ledger	Comments on methods of managing of non-point source
	-	pollution.
320	Sen. Ringo	Inquires if AOI supports the Total Maximum Daily Load
	-	(TMDL) process.

322 360 365 375	Ledger Sen. Ringo Ledger Ken Yates	States AOI supports the TMDL process completely. Asks about Washington's fee system. Explains that he is not familiar with Washington's program Northwest Food Processors Association, Oregon Food Processors Council. Provides testimony against SB 845 (EXHIBIT B):
		 Regulated community shouldering entire cost of waste water permit program is poor public policy General fund portion of the program has decreased Water waste permit fees are in addition to the hundreds of thousands of dollars food processing companies already spend on pollution prevention Works against the concept of environmental sustainability
TAPE 38, A	a p'	
003	Sen. Ringo	Asks if he believes that permit backlogs are a problem.
005	Yates	Affirms.
010	Sen. Ringo	Asks for solution recommendations.
016 026	Yates	Believes a fee increases is necessary.
028	Ledger Sen. Ringo	Discusses recent changes with DEQ. Asks if a 20% increase gives DEQ the resources it needs.
038	Yates	Responds that DEQ can sustain the program at adequate levels.
048	Sen. Ringo	Asks if he believes there is a backlog.
050	Yates	Agrees and believes fee increases are necessary to maintain the
	1 ates	program.
061	Sen. Ringo	Asks about the TMDL program.
066	Ledger	Clarifies the TMDL process.
068	Sen. Ringo	Asks about point source pollution.
070	Ledger	Explains point source pollution as it relates to the TMDL process.
082	Chair Ferrioli	Comments on point sources and TMDLs as they relate to the backlog of permits.
095	Sen. Ringo	Restates his assertion that permit backlogs are creating a problem.
106	Ledger	Clarifies that "expired" means that the permit is up for renewal but not defunct.
112	Sen. Ringo	Asks about FTE positions cut from the program.
120	Ledger	Defers to DEQ.
130	Willie Tiffany	League of Oregon Cities. Provides testimony in support of SB 845 (EXHIBIT C). Discusses the DEQ fee process.
175	Sen. Ringo	Inquires what SB 845 means to the League of Oregon Cities.
182	Tiffany	Explains that DEQ cannot articulate where department resources are spent.
189	Sen. Ringo	Inquires if he would like to know exactly what DEQ programs the permit fees support.
192	Tiffany	Affirms and elaborates.
204	Sen. Ringo	Asks about financial impacts on cities by SB 845.
205	Tiffany	Explains that cities would have to increase rates to industrial
		customers or decrease the level of service that municipalities provide to industrial customers.
217	Chair Ferrioli	Asks if municipalities use the largest volumes of water.
220	Tiffany	Affirms.
223	Chair Ferrioli	Believes the issue is that municipalities would bear the burden of the fee increases.
225	Tiffany	Affirms.

380	Judith Callens	Gives overview of SB 846.
385	Matt Blevins	Oregon Environmental Council. Provides testimony in support of
565	What Die Mis	SB 846 (EXHIBIT F). States that the audit will assist in
		increasing the effectiveness, efficiency and coordination of our
		water-related programs, which is vital to the health of Oregon's
		rivers and streams.
TAPE 38, B		
031	Vice-Chair Ringo	Asks if the audits should be regular occurrences.
036	Blevins	Responds that a one-time group of audits would be beneficial.
040	Vice-Chair Ringo	Asks about the number of programs that need to be audited.
045	Blevins	Offers to provide that information.
050	Cathy Pollino	Secretary of State Audit Division. Provides information on SB
082	Vian Chair Dingo	846. Explains performance audits and program audits.
082	Vice-Chair Ringo	Inquires about ways to study the cost effectiveness of discovering inefficiencies to pay for the audit.
090	Pollino	Explains that some audits discover cost savings and some do not.
102	Vice-Chair Ringo	Asks about the fiscal impact if SB 846 covered only performance

110	Pollino	Reiterates that it is difficult to estimate the cost of the audits.
120	John Ledger	Associated Oregon Industries. Provides testimony against SB
		846. Believes DEQ is addressing issues adequately and audits are
		unnecessary.
153	Kathryn VanNatta	Northwest Pulp and Paper Association. Provides testimony
		against SB 846. Believes DEQ does not need an audit process.
170	Vice-Chair Ringo	Inquires if there should be more money for permits.
173	VanNatta	States that she is unsure if increasing the number of FTE
200	Io Emericale	positions at this point will help DEQ.
200	Jo Emrick	Oregon Department of Forestry (ODF). Provides testimony
		against SB 846 (EXHIBIT G):
		• The additional expense of an audit is not justified and would duplicate information that is already available

- through ODF's water quality sufficiency analysisExtra agency personnel would be required to gather

		information for the auditThe bill does not specify how frequently the audits would be performed and the focus of the audit is too broad
230	Adam Sussman	Water Resources Department. Provides testimony against SB 846 (EXHIBIT H). Believes the audit proposed in SB 846 could result in a fiscal impact of anywhere from \$3,000 to \$140,000 that is not included in the Governor's budget.
240	Vice-Chair Ringo	Closes public hearing on SB 846.

<u>SB 682 – PUBL</u>	IC HEARING	
255	Chair Ferrioli	Provides an overview of SB 682.
265	Kathleen Dewoina	Marion County. Provides testimony in support of SB 682. Discusses limiting the assessment and collection of system development charges for infill development or redevelopment in existing subdivisions or land partitions in which capital improvements are available. Provides an example of the issue in Marion County.
TAPE 39, A		
005	Dewoina	Continues testimony against SB 682. States support for encouragement of private citizens to invest in the improvement of their communities. Believes that SB 682 will encourage and allow infill development.
085	Chair Ferrioli	Asks about charges assessed by a municipality.
090	Dewoina	Explains the charges.
130	Dave Moss	Musgo-Monk Enterprises. Provides testimony in support of SB 682 (EXHIBIT I). Believes that small infill projects do not put measurable demands on existing facilities and should not be prohibitively taxed.
230	Michelle Deister	League of Oregon Cities. Provides testimony against SB 682. Expresses concerns and believes infill developments do have an impact on existing facilities and should be charged accordingly.
270	Eric Johansen	City of Portland. Provides testimony against SB 682 and expresses two concerns:
		• SB 682 results in an inequitable sharing of the capital costs associated with providing the necessary services such as water, sewers, streets and parks
		• SB 682 results in certain categories of new development being subject to system development charges while other new development becomes exempt.
305	Richard Reid	Alternatives to Growth Oregon. Provides testimony against SB 682. Believes SB 682 creates problems by establishing a different criteria for system development charges for infill.
345	Chair Ferrioli	Comments on SB 682 and believes the economics of encouraging higher density living should be incorporated into public policy.
393	Johansen	Comments on local control.
399	Chair Ferrioli	Believes that local controls do not always work.
423	Deister Chair Ferrioli	Remarks on incentives to encourage high density growth. Summarizes SB 682. Closes public hearing on SB 682 and adjourns meeting at 5:24 p.m.
