| 004                    | Chair Mannix   | Calls the meeting to order at 8:35 a.m.  |  |  |
|------------------------|----------------|--|--|--|
| HB 2297 PUBLIC HEARING |                |  |  |  |
| 040                    | Counsel Horton | HB 2297 modifies provisions relating to payment of non-attorney expenses for persons eligible for court-appointed counsel. The ñ1 amendments (EXHIBIT A) establish the Public Defense Services Corporation to provide legal services in indigent cases.  |  |  |
| 057                    | Ann Christian  | Director, Indigent Defense Services Division of State Court Administratorís<br>Office  |  |  |
|                        |                | Testifies in support of HB 2297. Describes what services the Indigent Defense Account could reimburse for. Discusses the Modest Means Fund that is part of the Oregon State Bar.   |  |  |
| 093                    | Chair Mannix   | Should we be prepared to pass HB 2297 even though we have a new bill establishing an indigent defense public corporation?  |  |  |
| 111                    | Christian      | Yes. We are in support of HB 2297 in its original form.  |  |  |
| 120                    | Chair Mannix   | Closes the public hearing on HB 2297.  |  |  |
| HB 2488 PUBLIC HEARING |                |  |  |  |
| 129                    | Counsel Horton | HB 2488 requires the Department of Corrections (DOC) to provide state agencies with a list of services and products available through the DOC. Explains the ñ1 amendments (EXHIBIT B). HB 2488 does have a subsequent referral to Ways & Means.  |  |  |
| 165                    | Tim Kral       | Executive Director, Oregon Rehabilitation Association  |  |  |
|                        |                | Testifies in support of HB 2488. Discusses the Products of Disabled Individuals Law that allows a state agency or a public agency to negotiate a contract directly with a qualified rehabilitation facility. The ñ1 amendments would ensure that disabled individuals do not lose their jobs to the DOC providing the goods or services. |  |  |
| 189                    | Emil Graziani  | Executive Director, Garten Foundation  |  |  |
|                        |                | Testifies in support of HB 2488 and the ñ1 amendments.   |  |  |
| 203                    | Ben de Haan    | Deputy Director, Department of Corrections (DOC)   |  |  |
|                        |                | Testifies and submits written testimony in support of HB 2488 ( <b>EXHIBIT C</b> ). Addresses the individual sections of HB 2488 in relation to the current operation of the Inmate Work Programs at the DOC.  |  |  |
|                        |                |  |  |  |

| 326 | Rep. Sunseri   | What do you think of the ñ1 amendments?  |
|-----|----------------|--|
| 327 | de Haan        | I would question the legality and the constitutional constraints.  |
| 335 | Rep. Sunseri   | It looks like we are building into the law a non-compete clause.   |
| 336 | de Haan        | I donit know, but that could be the case.  |
| 350 | Rep. Bowman    | In Section 6 of HB 2488 a single DOC employee may supervise a work crew. Is that currently taking place in state government?   |
| 356 | de Haan        | Yes, under very specific circumstances.  |
| 361 | Rep. Bowman    | What specific training do employees receive when they are required to supervise inmate work crews?   |
| 363 | de Haan        | I think they receive 40 hours of security training.  |
| 371 | Michael Taaffe | Department of Corrections (DOC)  The current training for supervising work crews is 8 hours.   |
| 379 | Rep. Bowman    | What does that training include?   |
| 380 | Taaffe         | I could get you the DOC training curriculum.   |
| 386 | Rep. Bowman    | I have seen the curriculum, but how do you train a non-corrections employee to supervise an inmate work crew in regards to behavioral problems? How should a supervisor react if an inmate doesnit want to work? |
| 400 | Taaffe         | Those issues might not be spelled out in the curriculum, but that is part of the training.   |
| 405 | Rep. Bowman    | How many jobs have been lost to the prison industry work program?  |
| 410 | Taaffe         | Are you seeking a net loss figure?   |
| 412 | Rep. Bowman    | Either or.   |
| 414 | Taaffe         | Some jobs have been lost through the expansion of our laundry at the Oregon State Penitentiary.  |
|     |                |  |

| 429       | Rep. Bowman    | Is data being collected on the number of jobs lost compared to the economic impact from buying from suppliers in Oregon?   |
|-----------|----------------|--|
| 435       | Taaffe         | No. That would be done in a very specific study with parameters and a closed time frame.   |
| TAPE 119, | A              |  |
| 006       | Rep. Prozanski | You mentioned that lost jobs were being offset by purchases you are making of Oregon products. Are those new purchases or displaced purchases that may have been made by companies that have lost positions because of the inmate work program?  |
| 013       | Taaffe         | Very few known jobs have been lost in the State of Oregon due to our growth.   |
| 024       | Chair Mannix   | Are you working on proposed amendments regarding a public corporation to handle inmate work?   |
| 026       | de Haan        | Yes.   |
| 027       | Chair Mannix   | Discusses legislation (HJR 82) that deals with concerns about the competition issue and the Prison Industries Board.   |
| 047       | Mary Botkin    | American Federation of State, County and Municipal Employees (AFSCME)  Testifies as neutral to HB 2488. A prison does not function safely unless inmates are working so the Inmate Work Program is an integral part of our plan in operating safe and secure prisons. We have serious concerns when inmate work crews are sent outside the prison without adequate supervision. A female park ranger, who has to supervise an inmate work crew, felt that after 8 hours of training she did not have adequate training to protect herself. I would recommend a reduced security training program administered by the Department of Public Safety Standards and Training. Discusses going back to the old language of non-competition in the constitution. Suggests using lottery dollars for prison industry programs. |
| 196       | Chair Mannix   | The Governorís primary concerns regarding HJR 82 are the continued constitutional Prison Industries Board and more flexibility to the competition language.  |
| 210       | Botkin         | The Prison Industries Board could be taken out of the constitution and put into the statutes.  |
| 230       | Chair Mannix   | The Director of the DOC could have an advisory committee to oversee the Prison Industries Board.   |
|           |                |  |

| 252 | Botkin       | Weire willing to help where we can and liaison in the labor community. Our prisons are not safe for the staff or inmates if we donit have good work programs. |
|-----|--------------|---|
| 269 | Chair Mannix | Closes the public hearing on HB 2488.   |
| 270 | Chair Mannix | Adjourns the meeting at 9:23 a.m.   |
