Tape/#	Speaker	Comments
TAPE 124, A		
003	Chair Snodgrass	Convenes the meeting at 8 a.m. Opens public hearing on SB 974B. Welcomes Rep. Tony Corcoran as the committee's new vice-chair.
<u>SB 974B - PUBLIC HEARING</u>		
012	Janet Adkins	Committee Administration, reviews the provisions of the measure and the -B9 amendments [EXHIBIT A] and provides the members a hand-engrossed copy of the bill.
037	Rep. Welsh	How different is this than the one that died on the floor.
	Chair Snodgrass	Explains that SB 974 B-Engrossed died on the floor. The -B9 amendments are negotiated language that Rep. Luke helped with.
054	Fred VanNatta	Oregon Building Industry Association and Oregon Association of Realtors, comments on Rep. Luke's concerns with the measure: * bill implementation, Sections 3a and 3b [EXHIBIT A, page 1] * "license" changed to "certification" * testing
093	Ken Keudell	Administrator, Construction Contractors Board, referring to Section 7 of the measure, the language appears to prohibit anyone from performing construction had they done some kind of inspection on the particular site. This amendment should take care of that.
101	Chair Snodgrass	Asks for a reminder of the main purpose for bringing this bill forward.
	VanNatta	Responds. Home inspectors, on the sale of a used home, come in and inspect the house. The liability laws have been growing for realtors if they should have known about some defect in the dwelling. No standards for inspectors of used houses.
	Chair Snodgrass	Asks if this legislation would protect against the shyster.
	VanNatta	Responds. If the home inspector finds the flaws and defects and discloses them, it is a protection for the buyers of used homes.
	Terry Witt	Oregonians for Food and Shelter, comments the Chair's question is accurate. Section 7 would prevent home inspector from doing repair on a structure within twelve months. Their involvement is because home inspector did not have mechanism for licensure. Had been getting a license as a pest control operator from the Department of Agriculture.
156	Rep. Markham	Asks if you have to guarantee your home to sell it.
	VanNatta	Responds. No one guarantees it, but there is a disclosure statement.

	Genoa Ingram-Read	Oregon Association of Realtors, comments on the provisions of SB 1095 from two sessions ago, which required seller to disclose no defects of the dwelling.
179	Rep. Markham	Asks what percentage of used houses are sold under no guarantee.
	Ingram-Read	Responds. Oregon Association of Realtors sells the disclosure forms. Overwhelmingly the disclosure form is used and rarely is the disclaimer used.
	Rep. Markham	Does not understand the response. Asks about the percentage.
	Ingram-Read	Responds. There are two forms. One is the check sheet. Does not have a percentage. In our office, it is almost always the seller's disclosure form.
	Keudell	Explains in 1991, the definition of construction contractor was changed to add the word "inspect." Since then, those that do inspections for a fee have had to register with the Construction Contractors Board. Claims for those in the inspection business is high. Change in this bill would make home inspectors qualified to do the job.
254	Vice-Chair Corcoran	Asks how this bill would affect a roofer who does a cursory roof inspection, but is not a certified inspector. Refers to a case in Oakridge.
	Keudell	Responds. This bill would not affect that person. The bill pertains to the inspection of the entire house.
285	Rep. Piercy	Asks about increase in costs to the consumer for providing this certification.
	Keudell	Explains the license fees for certification. Cost to consumer is small compared to the benefits.
308	Ingram-Read	Oregon Association of Realtors began working on this bill seven years ago. Comments on their efforts. Pest and dry rot inspectors are not affected by this bill; just those who do the entire inspection
	Rep. Welsh	Asks if he were to sell his home, will he be required to have a whole-house inspection.
	Ingram-Read	Responds. Not required, but an option to the consumer.
	Rep. Welsh	Asks if there will be an added cost to the consumer.
	Ingram-Read	Is more of a benefit to the consumer. We do not anticipate a significant increase.
358	Witt	Explains they got involved because their industry's license was being used in the past as the vehicle to do home inspections. Supports Section 7 because it gives them the separation needed.
376	Chair Snodgrass	Closes public hearing on SB 974B, and opens work session on SB 974B.
<u>SB 974B - WORK SESSION</u>		

385	Rep. Welsh	MOTION: Moves to ADOPT SB 974B-9 amendments dated 07/02/97.

419	Chair Snodgrass	Closes work session on SB 974B. Opens public hearing on SB 1198A.
<u>SB 1198A - PUBLIC HEARING</u>		
<u>TAPE 122, A</u>		
003	Janet Adkins	Committee Administrator, reviews the provisions of SB 1198A.
020	Howard Davis	Submits and presents testimony in support of SB 1198A [EXHIBIT B].
080	Davis	Continues testimony.
159	Davis	Continues testimony.
205	Rep. Markham	Asks what a module is.
	Davis	Explains a module is a unit of instruction.

	Davis	Responds. Explains Dr. Franks appears in the instructional video to parents that was funded by an education grant.
302	Rep. Markham	Asks where Dr. Franks works.
	Davis	Adventist Hospital in Portland, Oregon.
308	Rep. Messerle	Comments on his support of the measure. Is concerned about a lack of endorsements from the School Board Association, teachers' groups, Confederation of Oregon School Administrators (COSA), Governor's Office, and the Board of Education.
	Davis	Comments on his efforts to meet with representatives of various groups. Has support from some school districts.
385	Chair Snodgrass	Closes public hearing on SB 1198A. The committee is at recess, 8:53 a.m.
399	Chair	Reopens the meeting at 8:56 a.m. The committee will be in recess

	Snodgrass	until 9: 20 a.m.

<u>SB 870A - PUBLIC HEARING</u>

TAPE 121, B

063	Rep. Messerle	Asks how close the proposed site is to the high value agriculture land.
	Batson	Within one mile of the North Unit Irrigation District. A representative from the Jefferson County Farm Bureau has maps.
	Rep. Messerle	Asks if proximity pertains to the lodge itself or the property boundary.
	Batson	The actual development will be within three miles of the high value farm land.
075	Chair Snodgrass	Asks Batson for an estimate of time for her testimony
077	Batson	Continues testimony. Comments that 1.2 percent of the farm land east of the Cascades meets the state's statutory definition of high value crop land. Comments on the effects of the bill.
135	Linda Swearingen	Deschutes County Commissioner, testifies in support of the measure. It is not a supersiting. Will promote tourism, economic development, and employment opportunities. There are only 11 commercial farms in Deschutes County. This is important for their community. Wants to see the bill pass so they can make application.
173	Mickey Killingsworth	President, Jefferson County Farm Bureau, submits written information [EXHIBIT Q] and testifies in opposition to the measure. Displays a map of the proposed area to the committee.
200	Chair Snodgrass	Asks Killingsworth to tell the committee specifically how the destination resort would impact the farmers.
	Killingsworth	Continues testimony. They do not oppose an overnight destination resort. A 400-home subdivision is a problem. Would affect high value crop land. Says it is a supersiting bill. Introduces the -B9 amendments [EXHIBIT E] . Submits a list of signatures in opposition to the bill [EXHIBIT F, oversized exhibit] . (The cover page for EXHIBIT F is exhibited with minutes in Committee Records. The original exhibit is at State Archives.)
268	Rep. Beyer	Asks where the people are from.
	Killingsworth	From around the state of Oregon.

270	Rep. Beyer	Asks about the population in Deschutes and Jefferson counties.
	Swearingen	There are 100,000 people in Deschutes County.
	Killingsworth	There are 14,000 people in Jefferson County.
280	Welsh	The committee is in recess at the call of the chair, 9:58 a.m.
284	Chair Snodgrass	Reconvenes the committee at 12:35 a.m., and reopens public hearing on SB 1198A.

<u>TAPE 122, B</u>		
001	Davis	Continues review of the conceptual amendments.
049	Rep. Piercy	Asks for the definition of "character education."
	Davis	Responds. Is up to the steering committee. Is not a particular program. Explains there are broad definitions within the Department of Education.
072	Rep. Messerle	Asks who from the Department of Education will establish the steering committee (page 3, lines 19 and 20, A-Eng. SB 1198).
	Davis	Explains it would be an act of the department head or whoever would be delegated to do it.
100	Chair Snodgrass	Closes public hearing on SB 1198A and reopens public hearing on SB 870A.
<u>SB 870A - PUBLIC HEARING</u>		
109	Sen. Neil Bryant	State Senator, District 27, submits testimony [EXHIBIT H] summarizing the -A8 amendments and testimony from the Deschutes County Farm Bureau [EXHIBIT I] in support of SB 870A. Comments on the formation of a group of interested parties and discussions with the Governor.
145	Bob Rindy	Department of Land Conservation and Development (DLCD), explains DLCD was asked to provide technical assistance in crafting an amendment that would relate to the exceptions process. Is present to responds to questions about the amendments and the process.
183	Rep. Messerle	Asks why the applicants are not required to look at all the sites.
	Rindy	We were asked to provide technical assistance. That question should be put to others.
	Sen. Bryant	Comments that Deschutes County has a three-mile island around the outskirts of the county, which has not been mapped or considered for

		destination resorts; explains.
204	Rep. Messerle	Comments on a destination resort in the Bandon area. Asks how this process differs from the one at the coast.
	Rindy	Explains the amendment is intended to deal with a specific situation that occurs in two counties, Deschutes and Klamath counties.
224	Rep. Messerle	Asks if this project could not go through the normal exception process because it is not mapped.
	Rindy	Explains the exception process could be followed without this amendment, but the amendment changes the way the exception is pursued.
	Rep. Piercy	States her understanding that these counties chose not to do the mapping process, so the exceptions process does not apply to the unmapped area as it would if they had chosen to map. Now, a special process is being set up for those counties who chose not to map.
	Sen. Bryant	Concurs.
249	Nancy Craven	Responds to Rep. Piercy. The difficulty in Deschutes County and the reason for partial mapping is the result of a Court of Appeals case; explains.
264	Rep. Piercy	States her understanding that the three-mile buffer is there because of land use planning to protect farm lands.
	Craven	Explains the three-mile buffer is recognition of protections for agricultural lands. This bill does not change the standards in the exceptions statute.
262	Rindy	Explains the statement from the Department of Justice describes legal counsel's decision about how this affects the statutes [EXHIBIT J] .
	Bryant	Explains the letter from the Deschutes County Farm Bureau [EXHIBIT I] is intended to address the original SB 870A.
287	Rep. Messerle	Asks if the support includes the -A8 amendments. States he has been lobbied by adjacent farmers and by Ed Hughes and Associates who were for the original bill, but against the -A8 amendments.
	Bryant	Responds. There should be a new letter from the Deschutes County Farm Bureau in support of the -A8 amendments. Has talked with a representative of the Association of Nurserymen about the concerns of retroactivity. Does not see that the arguments they are concerned about are effective here. This is not a retroactive statute.
306	Rep. Messerle	Has the May 5 letter from the Deschutes County Farm Bureau.
	Sen. Bryant	Responds he will provide copy of the other letter.
	Chair Snodgrass	Says it is important to have a more recent letter considering the new amendments.
	Sen. Bryant	Comments it is the last page attached to the letter from the Redmond Chamber of Commerce [EXHIBIT K] .
		State Representative, House District 23, testifies in opposition to SB 870A. Comments the measure is an arduous task because it does not

327	Rep. Kurt Schrader	fit the policies now in place; comments. There are other areas available for a destination resort. Oregon Farm Bureau looked at the issue of destination resorts and decided not to change anything. The proximity issue is a key issue. There is no need for an exception to an exception process. Urges the committee to vote no.
394	Chair Snodgrass	Explains the committee has received evenly-based testimony and testimony from those who have traveled more than 100 miles. Will not call on any more witnesses. Closes public hearing on SB 870A, and opens work session on SB 870A.
