Draw Game Results

(1) **General:** As a convenience to Lottery players and the public, the Lottery may publicize Draw game results in any manner the Director determines is appropriate.

(2) **Disclaimer:** Draw game results which are publicized for the convenience of Lottery players and the public are not the official results of a drawing and will not be used to determine a winning ticket. A Draw game ticket is not a winning ticket until it is presented to the Lottery or to a Lottery retailer and is validated as a winning ticket through the Lottery's central computer system in accordance with the provisions of OAR Chapter 177.

Definitions

For the purposes of Keno, the following definitions apply except as otherwise specifically provided in OAR Chapter 177 or unless the context requires otherwise:

- (1) **"Exchange ticket"** means a computer-generated, printed paper issued by a terminal to replace a game ticket that had been purchased for play in multiple drawings and was validated before the latest drawing appearing on the game ticket. An exchange ticket shall contain the exact game play and future drawing dates appearing on the validated game ticket it is replacing and shall have all other characteristics of a game ticket except as otherwise stated in these rules. An exchange ticket shall not contain a ticket price.
- (2) **"Game play"** means the number or group of numbers appearing on a ticket for a particular spot which is compared to the winning numbers, selected at the drawings appearing on the ticket, to determine the prize payment for which the ticket may be redeemed.
- (3) **"Game slip"** or **"play slip"** means a paper form used by a player to select a game play, that indicates the amount the player will play on the ticket containing the game play, the number of drawings in which the ticket will be played, the choice to play the Special Keno option, the choice to select the Keno Multiplier option, and the choice to select the Keno To Go option. Only one game play may be marked on each game slip.
- (4) **"Game ticket"** or **"ticket"** means a computer-generated, printed paper issued by a terminal as a receipt for the game play selected by a player and which contains the following: the caption "Keno", one game play, the date of purchase, the number of consecutive drawings in which the ticket will be played, the identifying number for each such drawing, the price of the ticket, a six-digit retailer number, a serial number, and a bar code. If the player selects one or more Keno options, the game ticket will also contain:
 - (a) The phrase "Special Keno" if that option has been selected;
 - (b) The phrase "Keno Multiplier" if that option has been selected; and
 - (c) The hour on which a game or consecutive games will begin.
- (5) **"Keno Multiplier"** means the Keno and Special Keno play option whereby a player, by paying an additional one dollar for each dollar wagered on a Keno or Special Keno game play, may be entitled to receive a larger prize for correctly selecting winning numbers. Keno

Multiplier multiplies the amount of certain prizes won in a game play. Keno Multiplier is an optional, limited extension of the Keno and Special Keno game.

(6) **“Keno To Go”** means a play option which permits a player to purchase a ticket or tickets for a future Keno drawing or future consecutive Keno drawings as permitted by the Lottery.

(7) **“Quick Pick”** means the random selection of numbers by a terminal that appear as the game play on a ticket.

(8) **“Special Keno”** means an optional variation of the Keno prize payment and odds structure as defined in OAR 177-099-0090 which may be selected by the player.

(9) **“Spot”** means the amount of numbers a player may play for a game play. A player may play from one spot, i.e., one number, to ten spots, i.e., ten different numbers.

(10) **“Draw game terminal”** or **“Terminal”** has the meaning set forth in OAR 177-070-0005(4).

(11) **“Winning numbers”** means the twenty numbers, from one to eighty, that are selected at each drawing that are used to determine winning game plays contained on the game tickets.

Keno To Go

(1) **General:** Beginning August 30, 2011 at 5:00 a.m., Lottery may permit a player to purchase a Keno ticket for a future drawing or for future, multiple, consecutive drawings as permitted by the Lottery. To purchase a Keno ticket for a future drawing or for future, multiple, consecutive drawings, a player must select the Keno To Go option on the Keno play slip and mark the appropriate boxes on the play slip. There is no additional charge for the Keno To Go option.

(2) **Disclaimer:** The Director, in the Director’s sole discretion, is authorized to initiate and terminate the Keno To Go option.

177-099-0020

Price

(1) **General:** The price of a ticket is determined by the amount of money a player chooses to play on the game plays selected, multiplied by the number of drawings in which the ticket will be played. A player may also choose the Keno Multiplier option that will increase the cost of the ticket by \$1.00 for every \$1.00 wagered.

(2) **Number of Drawings:** A ticket may be purchased for one drawing or for multiple, consecutive drawings.

- (a) A player may purchase a ticket for a single drawing for \$1.00 to \$5.00, in whole dollar amounts, \$10.00, or \$20.00.
- (b) The price of a ticket for play in multiple, consecutive drawings is the price of a ticket for a single drawing, ranging from \$1.00 to \$5.00, \$10.00 or \$20.00 as selected by the player, multiplied by the number of consecutive drawings in which the ticket will be played.
- (3) **Minimum Price:** The minimum ticket price for multiple, consecutive drawings is \$2.00 (\$1 x 2 consecutive drawings = \$2).
- (4) **Maximum Price:** The maximum ticket price for any Keno ticket is \$100.00.
- (5) **Multiple Drawings:** A ticket purchased for multiple, consecutive drawings is limited solely to the following options: 1, 2, 3, 4, 5, 10, 15, 20, 50, or 100 consecutive drawings so long as the price of a ticket does not exceed \$100.00.
- (6) **Price with Options:** If a player adds the Keno Multiplier option to a Keno or Special Keno game play, the player may only play a maximum of 50 consecutive draws at \$2, for a total of \$100.
- (7) **Rejected Game Slip:** A game slip indicating a price greater than \$100 is automatically rejected by the terminal.

Ticket Purchase, Characteristics, and Restrictions

- (1) (a) **General:** Keno tickets may be purchased every day of the year during the hours of operation of the Lottery's central computer system and a Lottery retailer's business hours.
- (b) **Default:** A player may purchase a ticket for play under either the Keno prize structure set forth in OAR 177-099-0080, or the Special Keno prize structure set forth in OAR 177-099-0090. If a player does not select the Special Keno option when purchasing a ticket, the ticket is played under the Keno prize structure.
- (c) **Multiplier Option:** A player may purchase the Keno Multiplier option on any Keno or Special Keno game play as set forth in OAR 177-099-0020(6). If a player does not select the Keno Multiplier option when purchasing a ticket, the ticket is played under the Keno or Special Keno prize structure.
- (d) **Keno To Go Option:** A player may select the Keno To Go option on any Keno or Special Keno game play. If a player does not select the Keno To Go option when purchasing a ticket, the ticket is valid for the next Keno drawing following the time of purchase and for the following consecutive drawings purchased on that ticket.
- (2) (a) **Ticket Purchase:** Tickets may be purchased either from a terminal operated by a retailer, i.e., a clerk-operated terminal, or from a terminal operated by the player, i.e., a player-operated

terminal. To play Keno, a player must complete a game slip for input into a terminal, request a Quick Pick from a clerk, or request a Quick Pick using a player-operated terminal.

(b) Completing a Game Slip: A player must choose a game play by one of two methods. A player may select from one to ten numbers from the eighty number choices contained on the game slip. Alternatively, the player may select the Quick Pick option. A player must also complete the selections on the game slip regarding the amount of money to be played on the ticket per drawing, and the number of multiple, consecutive drawings in which to play the ticket. The player may select any or all of the following options:

(A) The Special Keno option;

(B) The Keno Multiplier option; and

(C) The Keno To Go option.

(c) Purchasing a Ticket from a Clerk-Operated Terminal: After the player completes a game slip and submits it along with the price of the ticket to the clerk, the clerk shall use the terminal to issue a ticket to the player. The player may also request that a clerk, without using a game slip, electronically submit a request for a Quick Pick through the terminal with the player informing the clerk of the wager amount, the number of spots to be played, the Keno or Special Keno option, the Keno Multiplier option, the number of multiple, consecutive drawings to be played, the number of tickets, and whether the player wants the Keno To Go option.

(d) Purchasing a Ticket from a Player-Operated Terminal: A player may purchase a ticket from a player-operated terminal by following the instructions appearing on the screen of the terminal. Once the player has inserted the player's money into the terminal, verified the player's age, completed the game slip and inserted it into the terminal, the terminal will issue a ticket to the player. The player may also request a Quick Pick without using a game slip by using the player-operated terminal. A player requesting a Quick Pick from a player-operated terminal without using a game slip must select the wager amount, the number of spots to be played, the Keno or Special Keno option, the Keno Multiplier option, the number of multiple, consecutive drawings to be played, the number of tickets, and whether the player wants the Keno To Go option.
