WORK SESSION ON SB 93

CHAIRMAN MEEK: Opens the Work Session on SB 93.

067 REP. SHIBLEY: Moves SB 93 to the Speaker's Desk for subsequent

referral to Appropriations.

070 REP. ADAMS: The reason we're extending this is because it has a sunset. -In Revenue we're leaving sunsets so the Legislature can come back and

review things; that's healthy. -Could we put something in the language that Appropriations add a sunset?

CHAIRMAN MEEK: The best way would be to have an amendment drafted and

introduce it in Appropriations, unless you have three votes here. 083

REP. SHIBLEY: Shares Rep. Adams concerns on sunsets. -This is a program; by and large there aren't sunsets on programs. -There are sunsets on the list of 38 that Revenue is going over; exemptions, deductions, exclusions and credits.

092 REP. NAITO: A program has to be funded each session. -If HB 2004 goes forward, this will be part of the planning process. -The funding each session determines whether the programs go forth.

103 REP. ADAMS: Agrees with everything that's been said. -This is a different look. -When you come for funding, the debate is about whether they get the funding plus 10 percent and less about the value of the program.

CHAIRMAN MEEK: The Senate moved it out of Ways and Means with the dollars from the Governor's Mandated Budget. -We're just removing the sunset. -Appropriations has to put the money there. -Programs virtually sunset every budget cycle; we vote to fund it every session or the programs stop.

117 REP. ADAMS: Will recommend a sunset to Rep. Minnis in Appropriations.

135 ROLL CALL: AYE: Rep. Shibley, Rep. Adams, Rep. Milne,
Rep. Naito, Chairman Meek.

The motion passes unanimously 5 to 0.
