only going to apply to non federal highways.

233 REP HOSTICKA: What counts as a lottery expense, and if we put the approximately three hundred million dollars on top of the proposed

expenditures where are in relationship to the expenditure limit?

245 ADKINS: Legislature currently has control over the economic development part, but not over the prize money and the administrative expenses.

258 KATHLEEN BEAUFIT, LEGISLATIVE COUNCIL: The provision that bans the growth of state expenditures, does not apply to the lottery expenditure either for prizes or for the administrative expense.

REP ROBERTS: This is written so loosely that they are paying out something like 83% of the prizes, there is not that much going into economic development.

291 REP EDMUNSON: Refers to missing page of Attorney General testimony. (pp 20)

319 BEAUFIT: The Attorney General has relied on the phrase in the constitutional amendment that says that the monies that are deposited in this particular account are continuously appropriated for the purposes

of administration of the lottery and that lifted the control completely away from the legislature.

356 REP HOSTICKA: If this bill becomes law and the lottery wants to challenge it, is the Attorney General obligated to defend the state?

BEAUFIT: The Attorney General would feel committed to defend the lottery.

the others is one year.

ADKINS: One year for taking a position and two years for lobbying.

ADKINS AND REP ROBERTS CONTINUE DISCUSSION

039 REP ROBERTS: When this started out two years ago when the head of the insurance commission walked out the door and took a job for about

\$250,000.00 a year. - will support one year not two.

050 REP WYLIE: I would hope that the executive department would alert us if there was a recruitment problem because of this kind of restriction.
