046 HOLLY ROBINSON, COMMITTEE COUNSEL: HB 2002 revises implied consent law for driving under the influence of intoxicants offenses by providing that persons who operate a motor vehicle shall be deemed to have given consent to a chemical test of the person's urine for the purposes of determining the presence of a controlled substance. HB 2736 expands the implied consent law to allow a person to be subject to the drawing of a person's blood if the person cannot be taken to a place where a breath test instrument is available. A person would be subject to a license suspension only for refusing to have blood drawn, and not for failing the blood test, similarly to the provisions of implied consent for urine testing.

060 REP. BILL MARKHAM, DISTRICT 46: Testifies in favor of the bills.

082 REP. TIERNAN: Asks about the testing procedure when the individual that is being tested is conscious.
