TAPE 28, SIDE A 003 REPRESENTATIVE MILLER, CHAIR: Calls the meeting to
order at 1:00 p.m. Comments on the agenda.

WORK SESSION ON HB 2841

012 HOLLY ROBINSON: It increases penalty for alluding police officer
from class A misdemeanor to class C felony and creates a new crime of
alluding officer after exiting a vehicle. 017 CHAIR MILLER: Asks for
discussion on HB 2841.

023 REP. SUNSERI: Questions the fiscal impact of \$228,000. House
Committee on Judiciary March 20, 1991- Page 2

029 CHAIR MILLER: The fiscal impact was prepared on March 12, 1991.

034 HOLLY ROBINSON: Fiscal impact is based on original bill and was in
front of committee at hearing. Addressed increased cost attributable to
the indigent defense cost and based on estimated number of cases.
Comments on the prison impact statement. Believes the \$228,000 is
incorrect.

044 REP. MANNIX: Most people arrested for attempting to allude will
have another charge on them.

061 MOTION: REP. SUNSERI: Moves HB 2841 A-eng. to the House Floor
with a do pass recommendation. . CHAIR MILLER: Rep. Sunseri moves HB
2841 A-eng. to the House floor with a do pass recommendation.

068 REP. BAUMAN: There was a discussion on the fiscal impact
statement. CHAIR MILLER: Correct, it was created prior to the amendments
and has been discredited. REP. BAUMAN: Asks about the prison impact
statement. REP. SUNSERI: The impact may be in error, not just a result
in the alluding a police officer. 076 HOLLY ROBINSON: There is a
difference between the number of convictions and those estimated by the
Fiscal office. . 081 REP. BAUMAN: Is that the number of those who
would flee?

HOLLY ROBINSON: Involves the enhancement of penalties.

090 REP. BAUMAN: Frustrated because number are considerably off making decisions difficult.

100 REP. CLARK: Shares concern about the fiscal impact. Will vote to send it to the floor. Would like to have someone from Legislation Fiscal come and talk to the committee on how they come up with these statements.

114 CHAIR MILLER: Further comments.

REP. BAUMAN: Requests prison impacts be available with committee reports.

HOLLY ROBINSON: Refers that request to the Chair.

CHAIR MILLER: Further comments. Calls for the vote.

VOTE: 12-0 Motion passes. AYE: Baum, Bauman, Bell, Brian, Clark, Edmunson, Johnson, Mannix, Mason, Parks, Sunseri, Miller NO: 0 House Committee on Judiciary March 20, 1991 - Page 3

EXCUSED: CHAIR MILLER: HB 2481 A-eng. is passed to the House. Rep. Sunseri will carry.

(Tape 28, Side A) WORK SESSION ON HB 2589 Witnesses: Irv Fletcher, AFL/CID Senator Bob Kintigh, District 14 150 GREG CHAIMOV: HB 2589 disqualifies workers from unemployment compensation if test positive for drug use on the job, have an opportunity to go through treatment and after that test positive again. (AMENDMENTS ARE EXHIBIT B) The amendment will need to be adopted. 161 SENATOR BOB KINTIGH, DISTRICT 14: (EXHIBIT C) As an employer, have to have a reasonable standard of safety and care. Discusses an Employment ruling (EXHIBIT C). 202 IRV FLETCHER, AFL/CID: Major concern is a major shift in state policy. Misconduct off the job now becomes a reason for denying unemployment benefits. 218 REP. EDMUNSON: HB 2589 would only apply if a person tested positive, what about a person who refused to take a test? FLETCHER: If terminated, automatically denied benefits. 226 REP. MANNIX: The rules relating to unemployment benefits state only can be required to take the test as part of pre-employment screening or if there is a reasonable basis. Random testing is not allowed except for a limited class. REP. BRIAN: Understands that this will not change testing on the job. Does not require that someone arrested be fired. Only applies if tested positive on the job. FLETCHER: Challenges "under the influence"; 251 MOTION: REP. MANNIX: Moves the 2589-1 amendments (EXHIBIT B) to the bill.

CHAIR MILLER: Rep. Mannix moves the 2589-1 amendments to the bill. Any objection? Hearing none, so adopted.

REP. MANNIX: The amendments move this into another area of unemployment compensation law. Moved to "misconduct connected with work" rather than as a separate disqualification provision. This meets federal standards. 272 REP. BAUMAN: What is the answer regarding the change in policy to encompass behavior off the job evidenced by a positive testing in absence of any evidence of this conduct?

278 REP. MANNIX: Depend on what level of misconduct connected with work. House Committee on Judiciary March 20, 1991 - Page 4 , 299 REP. BAUMAN: Asking for clarification of the labor policy, off the job conduct has a significant impact here.

303 REP. MANNIX: Comments on perception of what misconduct may be with regard to controlled substance in the body. 329 REP. BAUM: What gives rise to the test? REP. MANNIX: First a positive test and employer then offers opportunity for rehabilitation. REP. BAUM: What would trigger the first test, prq employment screening or what? 335 REP. MANNIX: Depends on individual employer's drug test rules. There are no standards set in the law. Employment Div. has some standards set out with regard what is reasonable before imposing a drug test. 377 GREG CHAIMOV: Under current Employment Div. Administrative Rules, reasonable grounds for testing an employee for drug use are: bizarre behavior, substantial loss of productivity, repeated tardiness, on job accidents resulting in injury, or prior drug impairment on the job. 358 REP. MANNIX: Under current law the employer has a reasonable basis for firing. Under HB 2589 if employee tests positive, they must offer rehabilitation opportunity. It is not currently required and is a second chance. 377 REP. EDMUNSON: Could support HB 2589 if it was clear there was a probable cause to do the testing. Problem with Employment Divisions "probable cause\reasonable basis" rules. Dissents from the bill. 403 REP. MASON: The issue has to do with decisions regarding impairment of job performance. Probable cause should not be in the bill, expands it too far. Supports the bill however. 428 REP. EDMUNSON: Considers impairment of performance a probable cause. There must be some basis for testing not just an accident because there may be other reasons for the test. This invites random drug testing as policy.

TAPE 29, SIDE A

027 REP. MASON: Discusses impaired performance as a criteria and current case law. HB 2589 does not requires proof of impairment just evidence of controlled substance in test. 036 REP. BELL: Seems an accident is more reasonable cause for testing than tardiness. If there are policies that are agreed to when hired, not offended by employer doing the test. REP. MANNIX: Calls for the question. e question. CHAIR MILLER: Rep. Mannix calls for the question. No official motion has been made. House Committee on Judiciary March 20, 1991 - }'age S . MOTION REP. MANNLY: Moves HB 2589 as amended to the House floor with a do pass recommendation. CHAIR MILLER: Rep. Mannix moves HB 2589 as amended to the House floor with a do pass recommendation.

CHAIR MILLER: Closes work session. Introduces Jim Dole, counsel on loan from Legislative Counsel.

069 JIM DOLE: Introduces himself. 078 HOLLY ROBINSON: He is on loan and covering one of the Civil Subcommittee meetings. (Tape 29, Side A) WORK SESSION ON HB 2545 088 HOLLY ROBINSON: Creates 2 new crimes of child neglect. If a child is allowed to stay where there is sign)ficant drug activity, would be a felony offense. No fiscal impact statement.

100 MOTION: REP. MANNIX: Moves the HB 2545-1 amendments to the bill.

CHAIR MILLER: Rep. Mannix moves the amendments to HB 2545, technical amendments. Is there discussion, objection? Hearing none, so adopted.

106 MOTION: REP. MASON: Moves HB 2545 as amended to the House floor with a do pass recommendation. CHAIR MILLER: Rep. Mason moves HB 2524 as amended to the House floor with a do pass recommendation. BAUMAN: Comments on the fiscal analysis regarding costs being absorbed by the Department to create no fiscal impact. Confused about that. 148REP. MANNIX: The qualifier is the Department would reprioritize the use and access of the fingerprint system and were willing to drop lower priority out of system to carry this out. 156 REP. BRIAN: There is a continuing concern regarding were Legislative fiscal comes up with their numbers and if they can be relied on. 208 CHAIR MILLER: Calls for the vote. - VOTE: 12-0 Motion passes. 304 GREG CHAIMOV: HB 2585, in an attempt to save federal highway funds, calls for the driver license suspension of anyone convicted of a controlled substance offense and denies hardship permits. The amendments need to be adopted (EXHIBIT G). MOTION: REP. MANNIX: Moves the HB 2585-1 amendments. 317 CHAIR Mll ;I ER: Rep. Mannix moves the HB 2585-1 amendments to the bill. 323 REP. REP. MASON: Even though it does not have anything to do with an automobile. GREG CHAIMOV: Correct. REP. MASON: Covers violation offense along with felonies and misdemeanors. . 344 GREG CHAIMOV: The original form of HB 2585 covered only felonies and misdemeanors. The federal law requires the bill to cover all offenses. 350 REP. MASON: The bill was better with just felonies and misdemeanors. 381 REP. moves to send HB 2585 as amended to Ways and Means Committee with do
pass recommendation.

CHAIR MILLER: Can add to bill as an amendment.

REP. MANNIX: Reason for referral is 1) dealing with substantial positive
fiscal impact and 2) , potential impact in terms processing.

040 REP. BRIAN: Suggests sending Ways and Means a memo regarding the
two options the federal law gives Oregon.

CHAIR MILLER: Motion is made to refer HB 2585 as amended to Ways and

(Tape 28, Side B) WORK SESSION ON HB 2597

057 HOLLY ROBINSON: This revises Oregon's implied consent law to allow
individuals arrested for allegedly driving under the influence to a
chemical urine test to determine the presence of those substances.
Allows for license suspension provision is person refuses the test.
(AMENDMENTS - EXHIBIT G)

069 REP. CLARK: Does not support HB 2597. Problem is the implied
consent of drivers to urinalsis. Infringes personal privacy. Evidence of
controlled substances can show up for days after ingestion and not be
currently intoxicated. 091 REP. MANNIX- Comments on current
percentage of those stopped, 95%, as being under the influence do end up
being under the influence. 118 REP. CLARK: Third reason for objecting
is people who fail breathalizer, still have the urine test. 139 REP.
BAUM: Did go through testimony on this. There is no way to estimate by
urinalsis when the drug was ingested. There also has to be a reason to
stop the person to begin and followed by the officer talking to the
person who has an indication of being under the influence. There are a
lot of pre-conditions before the urine test comes in. 171 MOTION:
REP. BRIAN: Moves the HB 2597-2 amendments to the bill.

adopted.

Notes the fiscal impact does not provide any estimate and no prison impact is projected. 218 REP. CLARK: The amendments make a small amount of marijuana an exception from the class A felony. GREG CHAIMOV: Correct. 222 REP. CLARK: What is current treatment for other than small amounts of marijuana.

- GREG CHAIMOV: Possession of over 1 oz is a class A felony under current law. Under HB 262 3 possession between 1 and 5 oz would be a Class B felony and over 5 oz, a Class A.

236 REP. CLARK: Trying to figure what the bill does to "other than small amounts of marijuana" with regard to the 1,000 feet.

243 GREG CHAIMOV: Under current law, delivery for consideration is a Class B felony.

REP. BAUMAN: The intention on line 6 is to include possession?

260 GREG CHAIMOV: Possession stayed in but possession of small amounts of marijuana was treated as a Class C Misdemeanor.

267 REP. EDMUNSON: Problem with the public or private college or university. Is it now limiting to the campus proper or the real property owned or held by a university?

283 GREG CHAIMOV: It does not specifically define what is or is not a university. Just discusses the property owned by the university. Equivalent to current federal law that has been

REP. BAUMAN: Concern with schools that are used at night for adult classes. Would there be a difference between the status of an offender during the day when the school was used primarily for minors and at night?

GREG CHAIMOV: No.

314 CHAIR MILLER: Advises the committee on HB 2623, the recriminalizing marijuana bill.

335 GREG CHAIMOV: An offender would not be treated differently. Have to

look at the school in general to determine if it were primarily attended by minors.

344 HOLLY ROBINSON: Language was deleted from the current statute that says a delivery would have to be made to a student or minor.

367 CHAIR MILLER: Return to a policy the House of Representatives adopted last session regarding the protected zones regardless of who is in the zone. REP. BAUMAN: Confused over why "primarily attended by minors" is even in the bill?

371 GREG CHAIMOV: Subsection B on line 5 includes vocational schools. The language regarding attendance by minor was there to address concern that some adult vocational colleges would be covered by that.

379 REP. MANNIX: The phrase is defining the institution not the time of the offense. 396 REP. BAUM: Calls for the question. CHAIR MILLER: Rep. Baum calls for the question on HB 2580 as amended.
