STATE MEASURES

Referred to the People by the Legislative Assembly

86 Amends Constitution: Requires creation of fund for Oregonians pursuing post-secondary education, authorizes state indebtedness to finance fund

Result of "yes" vote: "Yes" vote amends constitution and requires legislature to establish fund for Oregonians pursuing post-secondary education, career training; authorizes state to incur debt to finance fund.

Result of "no" vote: "No" vote rejects authorization for state to extend credit and incur debt to create dedicated fund for Oregon students pursuing post-secondary education and career training.

Summary: Amends Constitution. Oregon constitution generally prohibits the state from extending credit or incurring debt. Measure requires the legislature to create dedicated fund for exclusive benefit of Oregon students pursuing post-secondary education, including technical, professional and career training. Measure authorizes state to lend credit and incur debt to finance fund. Indebtedness incurred may not exceed one percent of real market value of all property in state. Moneys in fund not subject to constitutional limitations on investment. Generated earnings must be retained by fund, unless used to provide financial assistance to Oregon students pursuing post-secondary education. If governor declares an emergency, legislature may pass a bill to use the fund's money for any lawful purpose, provided the legislature also has approved a plan to repay the fund.

Estimate of financial impact: There is no financial effect on either state or local government expenditures or revenues.

Referred to the People by the Legislative Assembly

87 Amends Constitution: Permits employment of state judges by National Guard (military service) and state public universities (teaching)

Result of "yes" vote: "Yes" vote amends constitution to permit state

judges to be employed by Oregon National Guard for military service purposes, state public universities for teaching purposes.

Result of "no" vote: "No" vote retains existing constitutional restrictions on employment of Oregon state court judges by the Oregon National Guard and by the state public university system.

Summary: Article III, section 1, of Oregon Constitution ("separation of powers" clause) prohibits person from serving in more than one branch of government at the same time; Oregon Supreme Court has ruled that provision prohibits state court judges from teaching at institutions of public education. Article II, section 10, prohibits state court judges from being compensated for military service in National Guard. Measure amends constitution to authorize any public university as defined by law to employ state court judges for purpose of teaching at Oregon public universities. Measure also authorizes employment of state court judges by Oregon National Guard for purpose of military service. Measure provides that such educational or military employment shall not preclude person from serving as state judge at same time. Other provisions.

Estimate of financial impact: There is no financial effect on either state or local government expenditures or revenues.

Referendum Order by Petition of the People

88 Provides Oregon resident "driver card" without requiring proof of legal presence in the United States

Result of "yes" vote: "Yes" vote directs Department of Transportation to issue "driver card" to Oregon resident meeting specified eligibility, without requiring proof of legal presence in United States.

Result of "no" vote: "No" vote rejects law directing Department of Transportation to issue "driver card" to eligible Oregon resident without requiring proof of legal presence in United States.

Summary: Current law requires any applicant for an Oregon driver license or permit to provide proof of legal presence in the United States. Measure

directs the Department of Transportation to issue a "driver card" to an applicant who does not provide proof of legal presence in the United States, but who has otherwise complied with all Oregon requirements for the type of driving privileges sought, has provided proof of residence in Oregon for more than one year, and has provided proof of identity and date of birth. The driver card may not be used as identification for air travel, to enter a federal building, to register to vote or to obtain any government benefit requiring proof of citizenship or lawful presence in United States. Other provisions.

Estimate of financial impact: This measure will require the Oregon Department of Transportation (ODOT) to issue an Oregon Driver Card to an applicant without requiring the applicant to provide proof of legal presence in the United States, if that individual complies with all the requirements for the driving privileges to be sought; provides proof of identity and date of birth; (3) provides proof of residing in Oregon in excess of one year as of the date of the application; (4) provides a Social Security number (SSN) assigned to that individual by the United States Social Security Administration (SSA) or provides a written statement that the individual has not been assigned a SSN; and (5) pays any fees associated with the type of driver card being sought. The cost to provide these cards is estimated at \$2,794,802 in the 2013-15 biennium and \$2,677,144 in the 2015-17 biennium, but revenues are expected to be sufficient to offset these costs to ODOT. The revenue in excess of the costs will be deposited within the State Highway Fund.

The referendum establishes the following fees: (1) \$64 for issuance of a Class C driver card; (2) \$5 for the knowledge test for a Class C driver card; (3) \$9 for the skills test for a Class C driver card; (4) \$64 for issuance of a restricted Class C driver card; (5) \$44 for renewal of a Class C driver card; (6) \$30 for replacement of a Class C driver card; (7) \$6 for the Student Driver Training Fund; (8) \$75 for reinstatement of revoked driving privilege; (9) \$75 for reinstatement of suspended driving privileges; and (10) fee for reinstatement

of the right to apply for driving privileges after a delay under ORS 809.280 (10) (1997 Edition), which is the same as the fee for reinstatement of suspended driving privileges.

The referendum provides that the fees charged for an Oregon Driver Card would be used for administrative purposes and distributed to the Highway Fund in the same manner as fees charged for an Oregon Driver License. It is anticipated that this measure will generate \$3,510,437 of revenue in 2013-15 and \$4,333,562 in 2015-17.

There are no anticipated effects on local government.

Proposed by Initiative Petition

89 Amends Constitution: State/political subdivision shall not deny or abridge equality of rights on account of sex

Result of "yes" vote: "Yes" vote amends state constitution, prohibits state and any political subdivision from denying or abridging equality of rights under the law on account of sex.

Result of "no" vote: "No" vote retains current prohibition on laws granting/ denying privileges or immunities on account of sex, unless justified by specific biological differences between men/ women.

Summary: Under Article I, section 20, of the Oregon Constitution, laws granting privileges or immunities must apply equally to all persons. The Oregon Supreme Court has held that that provision prohibits laws treating people differently based on sex unless justified by specific biological differences. No current provision in constitution expressly states that prohibition. Measure amends Article I by creating new section 46, which provides that equality of rights under the law shall not be denied or abridged by the state or any political subdivision on account of sex. Measure authorizes legislature to enforce that provision by appropriate legislation. Measure provides that nothing in section 46 "shall diminish a right otherwise available to persons under section 20 of this Article or any other provision of this Constitution."

Estimate of financial impact: There is no financial effect on either state or local government expenditures or revenues.

Proposed by Initiative Petition

90 Changes general election nomination processes; provides for single primary ballot listing candidates; top two advance

Result of "yes" vote: "Yes" vote replaces general election nomination processes for most partisan offices; all candidates listed on one single primary ballot; two advance to general election ballot.

Result of "no" vote: "No" vote retains current general election nomination processes, including party primaries for major parties; separate primary ballots; multiple candidates can appear on general election ballot.

Summary: Currently, each major party has a separate primary election ballot. Major party's registered voters nominate party's candidates; others' primary ballots include only nonpartisan candidates; all vote for one candidate per office. General election ballot may include multiple candidates per office: unaffiliated, major, minor party candidates. Measure replaces that system for most partisan offices, including many federal (not Presidential), all state, county, city, district offices. Single primary ballot lists all candidates for each office. Voters may vote for any candidate, regardless of voter's or candidate's party affiliation. Only top two candidates per office appear on general election ballot; may be from same party. Primary, general election ballots must contain candidates' party registration/endorsements. Eligible person, regardless of party, may be selected to fill vacancy. Other provisions.

Estimate of financial impact: This measure changes statutes relating to primary elections. Except for the office of President, it requires that the two candidates receiving the highest number of votes advance to the general election regardless of party affiliation. The measure provides criteria for listing candidates on ballots. It establishes procedures for filling vacant Congressional offices through special elections and allows appointment to vacant state offices regardless of party affiliation. The initiative contains statutory criteria for establishing minority parties and retaining their status. It requires the Legislature to pass implementing statutes.
