(c) The Department or case management entity may be required to intervene as described in section (7) of this rule when a common law employer, designated common law employer, or common law employer proxy has demonstrated an inability to meet one or more of the employer responsibilities described in subsection (b) of this section. Indicators that an employer may not be meeting one or more of the responsibilities include, but are not limited to:

(A) Provider complaints to the case management entity or Department;

(B) Scheduling providers for more time than authorized in the Service Agreement;

(C) Scheduling multiple providers for the same time period without authorization;

(D) Approving time worked without verifying that services were delivered as described in the Service Agreement;

(E) Verifying time not actually worked by a provider;

(F) Refusal to verify time worked by a provider for services that were delivered as described in the Service Agreement;

(G) Complaints to Medicaid fraud involving the employer; or

(H) Documented observation by the case management entity or Department that services are not being delivered as identified in a Service Agreement.

(d) In the event an individual is unable or unwilling to perform the duties of a common law employer and has not already designated a common law employer, the individual or their legal or designated representative must either:

(A) Designate a common law employer proxy (proxy) as defined in OAR 411-375-0010 that meets the requirements of a common law employer in subsection (a)(B) of this section.

(i) A proxy may not be delegated all of the responsibilities of the common law employer.

(ii) The proxy may not perform any common law employer tasks not delegated to the proxy on a Department approved form.

(B) Designate a common law employer as outlined in subsection (a)(B) of this section.

(e) A designated common law employer must be able to fulfill all of the duties as outlined in subsection (b) of this section and may not utilize a designated employer proxy.

(f) If an individual is unable to fulfill the responsibilities of a common law employer and is unable to designate a proxy or other common law employer who meets the requirements outlined in subsection (a)(B) of this section, the individual may only select services from providers who are not personal support workers.

(7) INTERVENTION.

(a) For the purposes of this rule, "intervention" means the action the Department or the case management entity requires when a common law employer fails to meet the responsibilities as described in section (6)(b) of this rule.

(b) Interventions are:

(A) A review of the employer responsibilities described in section (6)(b) of this rule;

(B) Training related to employer responsibilities or referral to a Department approved resource to provide training;

(C) Corrective action taken as a result of a personal support worker filing a complaint with the Department or the case management entity; or

(D) Recommending alternative designation of common law employer responsibilities, such as a new designated common law employer or proxy.

(c) Any intervention initiated by the Department or the case management entity against a common law employer designated prior to October 1, 2016 must include the employer indicating acceptance of the common law employer responsibilities as outlined in section (6)(b) of this rule using the Department approved form.

(8) REMOVAL OF COMMON LAW EMPLOYERS.

(a) The individual or their legal or designated representative may remove a designated common law employer or proxy at any time, for any reason. Such an action by the individual or their legal or designated representative is not subject to sections (8)(b) through (9) of this rule.

(b) Prior to the removal of any common law employer by the Department or case management entity there must be at least one intervention, as described in section (7) of this rule unless:

(A) There is an imminent danger to the health and safety of the individual receiving services including:

(i) Pending charges against or conviction of the designated common law employer or proxy for any crimes found in OAR 407-007-0280(1).

(ii) An open protective services case for abuse allegations as defined in OAR 407-045-0260 against the designated common law employer or proxy.

(iii) Finding of substantiated abuse of an adult as described in OAR 411-040-0250 to 411-045-0370.

(iv) Finding of abuse of a child as described in ORS 419B.005.

(B) There is a credible allegation, indictment, or conviction of fraud pursuant to federal law under 42 CFR 455.23.

(c) The Department or case management entity shall remove any common law employer or proxy for any violation of section (6)(a)(B)(i) to (a)(B)(iv) or section (8)(b) of this rule.

(d) Any common law employer or proxy may be removed by the case management entity or Department for failure to meet the responsibilities of a common law employer as referenced in section (6)(b) after a documented intervention as outlined in section (7) of this rule.

(e) Common law employers or proxies who are removed may not act in any capacity as a common law employer or proxy for any individual receiving Department funded services effective:

(A) 30 days from the date of removal; or

(B) Immediately if removed for reasons listed under section (6)(b) of this rule.

(f) If a designated common law employer or proxy is removed the individual, or their legal or designated representative may select another designated common law employer or proxy. If a designated common law employer or proxy is not selected and the individual is unable or unwilling to serve as their own common law employer, the individual may only select providers who are not personal support workers.

(9) NOTIFICATION OF COMMON LAW EMPLOYER REMOVAL. The Department or case management entity shall notify the designated common law employer and the individual and their legal or designated representative (as applicable) of the removal of the common law employer.

(10) REQUEST FOR REINSTATEMENT OF COMMON LAW EMPLOYER STATUS.

(a) An individual, designated common law employer, or proxy is eligible to request reinstatement of their previous common law employer status if:

(A) The common law employer was the individual; or

(B) The designated common law employer or proxy no longer meets the criteria in section (8)(b) of this rule or is removed under section (8)(c) of this rule and the individual or their legal or designated representative agrees to the reinstatement.

(b) Requests for reinstatement:

(A) Must be submitted to the case management entity.

(B) Must include evidence of improvement in the areas for which they were removed. Evidence may include, but is not limited to:

(i) Improvements in health and cognitive functioning; or

(ii) Participation in a Department or case management entity approved training plan.

(C) May be approved by the case management entity when there is evidence of improvement in the ability to perform the responsibilities of being a common law employer and the individual agrees with the reinstatement.

(D) No more than one request for reinstatement may be submitted in a six month period unless approved by the case management entity.

Provider Enrollment Inactivation and Termination

(1) An independent provider may not be paid for work performed while their provider number is inactivated. A provider number for an independent provider may be inactivated by the Department until the independent provider takes action to reinstate their provider enrollment when:

(a) The independent provider has not provided any paid services to an individual within the previous 12 months;

(b) The independent provider informs the case management entity that the independent provider is no longer providing services in Oregon;

(c) For a personal support worker, the personal support worker fails to participate in a required orientation for personal support workers as described in the Collective Bargaining Agreement;

(d) The background check for an independent provider results in a closed case pursuant to OAR 407-007-0325;

(e) More than two years have passed since the date on the most recent background check final fitness determination for an independent provider;

(f) More than two years have passed since the signature date on the most recent Provider Enrollment Application and Agreement for an independent provider;

(g) The independent provider fails to participate in training required by the Department; or

(h) The independent provider does not request a hearing within 10 business days of a notice of proposed termination.

(2) An independent provider may not be paid for work performed while their provider number is inactivated during an investigation when:

(a) The independent provider, even if not providing any paid services to an individual, is being investigated for alleged violation of protective services and abuse rules by a case management entity for suspected abuse that poses imminent danger to current or future individuals;

(b) The independent provider, even if not providing any paid services to an individual, is being investigated by law enforcement for any of the crimes listed in OAR 407-007-0275; or

(c) The independent provider has a credible allegation of fraud pursuant to federal law under 42 CFR 455.23.

(3) An independent provider may not be paid for work performed while their provider number is terminated. A provider number for a independent provider may be terminated by the Department when:

(a) The independent provider violates the requirement to maintain a drug-free work place by:

(A) Being intoxicated by alcohol, inhalants, prescription drugs, or other drugs, including over-the-counter medications, while responsible for the care of an individual, while in the home of the individual, or while transporting the individual; or

(B) Manufacturing, possessing, selling, offering to sell, trading, or using illegal drugs while providing authorized services to an individual or while in the home of the individual.

(b) The independent provider has an unacceptable background check and the background check results in a closed case pursuant to OAR 407-007-0325;

(c) The independent provider demonstrates a lack of skills, knowledge, or ability to adequately or safely provide services as defined in these rules;

(d) The independent provider has a violation of the protective service and abuse rules as defined in these rules;

(e) Notwithstanding abuse as defined in OAR 407-045-0260, 411-020-0002, 943-045-0260, or child abuse and neglect as defined in OAR-413-015-0115, the independent provider fails to safely and adequately provide authorized services;

(f) The independent provider commits fiscal improprieties including, but not limited to, billing excessive or fraudulent charges or has a conviction for fraud pursuant to federal law under 42 CFR 455.23;

(g) The independent provider fails to provide services as required as defined in these rules and as described in the Service Agreement;

(h) The independent provider lacks the ability or willingness to maintain individual confidentiality;

(i) The independent provider engages in repeated unacceptable conduct at work, such as:

(A) Delay in arriving to work or absences from work not scheduled in advance with the individual or the representative of the individual that are either unsatisfactory to the individual or the representative of the individual or that neglect the service needs of the individual; or

(B) Inviting unwelcome guests or pets into the home or community with the individual resulting in the dissatisfaction of the individual or the representative of the individual or inattention to the service needs of the individual.

(j) The independent provider has been excluded or debarred by the Office of the Inspector General;

(k) The independent provider fails to perform the applicable duties as a mandatory reporter; or

(l) The independent provider fails to provide a tax identification number or social security number that matches the independent provider's legal name as verified by the Internal Revenue Service or Social Secuirty Adminstration.

(4) NOTIFICATION OF PROPOSED CHANGE IN PROVIDER NUMBER STATUS.

(a) The Department must issue a written notice of the proposed inactivation of a provider number to the independent provider when the inactivation is based on section (1)(g) or section (2) of this rule.

(b) The Department must issue a written notice of the proposed termination of a provider number to the independent provider.

(c) The Department-issued written notice of change in provider number status to the independent provider must include:

(A) An explanation of the reason for terminating or inactivating the provider number.

(B) The alleged violation as listed in sections (1) or (2) of this rule.

(C) The hearing rights, if any, of the independent provider as described in OAR 411-375-0080, including the right to legal representation, if applicable, and where to file a request for hearing.

(D) The effective date of the termination or inactivation.

(d) For terminations based on violation of the abuse and protective services rules, the written notice of termination may only contain the information allowed by law. In accordance with ORS 430.753, 430.763, and OAR 411-020-0030, the name of a complainant, witness, or alleged victim, and protected health information may not be disclosed.

(5) RETENTION OF PROVIDER NUMBER PENDING HEARING OUTCOME. The provider number of an independent provider may not be inactivated during the first 10 business days after a notice of proposed termination to provide the opportunity for the independent provider to file a request for hearing. The independent provider must file a request for hearing within 10 business days from the date of the notice of proposed termination if the independent provider wishes to continue to work during the hearing process as described in OAR 411-375-0080. If the independent provider files a written request for a hearing prior to the deadline, the provider number of the independent provider may not be inactivated or terminated until the hearing process is concluded.

(a) EXCLUSIONS. A independent provider may be terminated immediately by the Departmant and the independent provider may not continue to work during the hearing process as described in OAR 411-375-0080 when:

(A) Termination is based on a background check. The independent provider has the right to a hearing in accordance with OAR 407-007-0200 to 407-007-0370;

(B) Termination is based on being excluded or debarred by the Office of the Inspector General;

(C) Termination is based on a conviction for fraud pursuant to federal law under 42 CFR 455.23; or

(D) Termination is based on an alleged violation listed in section (3) of this rule and the alleged violation presents imminent danger to current or future individuals.

(b) The independent provider must file a request for hearing within 30 days from the date of the notice of termination as described in OAR 411-375-0080.

(6) TERMINATION IF NO HEARING REQUEST FILED.

(a) The decision of the Department becomes final if an independent provider does not request a hearing within 30 days from the date of the notice of termination.

(b) The Department will issue a Final Order by Default to the independent provider in accordance with OAR 137-003-0670. The provider enrollment for a independent provider is terminated once the time period for the independent provider to request a hearing has expired.

Stat. Auth.: ORS 409.050
Stats. Implemented: ORS 410.600, 410.606-619, 427.007
Hist.: APD 30-2014(Temp), f. & cert. ef. 7-1-14 thru 12-28-14; APD 48-2014, f. 12-26-14, cert. ef. 12-28-14; APD 29-2015(Temp), f. 12-31-15, cert. ef. 1-1-16 thru 6-28-16; APD 29-2016, f. & cert. ef. 6-29-16

411-375-0080
Hearing Rights

(1) EXCLUSIONS. The following are excluded from the hearings process described in this rule:

(a) Terminations based on a background check. The independent provider has the right to a hearing in accordance with OAR 407-007-0200 to 407-007-0370.

(b) Termination based on being excluded or debarred by the Office of the Inspector General.

(c) Termination based on a conviction for fraud pursuant to federal law under 42 CFR 455.23.

(d) Independent providers that have been inactivated under OAR 411-375-0070(1) or (2).

(e) Independent providers that are denied a provider enrollment number at the time of initial application.

(2) HEARING REQUESTS.

(a) A independent provider may file a request for a hearing with the Department if the independent provider disputes the decision to terminate the provider number of the independent provider except when excluded under section (1) of this rule. If an independent provider decides to file a request for hearing, the independent provider must specify in the request, the issues or decisions being disputed and the reason for the request.

(b) The request for a hearing must be filed in writing on the Department approved form with the Department within 30 days from the effective date of the termination included on the termination notice.

(3) INFORMAL CONFERENCE. The Department offers an informal conference, as described in OAR 461-025-0325, to an independent provider within five business days from the receipt of a request for hearing.

(a) The independent provider has 10 business days to respond to the offer for an informal conference with the Department.

(b) If the independent provider accepts the offer of an informal conference, the informal conference must be scheduled with the independent provider and, if requested, a legal representative. The informal conference must involve the independent provider and the Department to review the facts, and explain the decision to terminate the provider enrollment. The informal conference may be held by telephone. At the discretion of the Department representative, the Department representative may grant an additional informal conference to facilitate the hearing process.

(c) Participation in an informal conference by the independent provider is not required.

(4) The referral of a hearing request by the Department to the Office of Administrative Hearings is subject to OAR 137-003-0515.

(5) BURDEN OF PROOF. The Department has the burden of proving the decision to terminate the provider enrollment of an independent provider by a preponderance of the evidence. Evidence submitted for a hearing is governed by OAR 137-003-0610.

Department of Human Services, Child Welfare Programs
Chapter 413

Rule Caption: Amending rules about the voluntary adoption registry
Adm. Order No.: CWP 10-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 6-29-16
Notice Publication Date: 6-1-2016
Rules Adopted: 413-130-0365
Rules Amended: 413-130-0000, 413-130-0300, 413-130-0310, 413-130-0320, 413-130-0330, 413-130-0340, 413-130-0350, 413-130-0355, 413-130-0360
Rules Repealed: 413-130-0400, 413-130-0420, 413-130-0430, 413-130-0440, 413-130-0450, 413-130-0455, 413-130-0460, 413-130-0480, 413-130-0490, 413-130-0500, 413-130-0510, 413-130-0520
Subject: The Department of Human Services, Office of Child Welfare Programs, is amending its rules governing the voluntary adoption registry to implement HB 2414 (2015). The bill allows the Department to add genetic siblings of adoptees to the voluntary adoption search registry and provide information regarding finalization of an adoption.

Additionally, these rules are being consolidated. Currently, the voluntary adoption registry and the assisted search program are covered in separate subdivisions. To improve organization and clarity, the rules governing the assisted search program in OAR 413-130-0400 to 413-130-0500 are being consolidated into OAR 413-130-0300 to 413-0360.

This makes permanent temporary rules adopted on January 1, 2016.

In addition, non-substantive edits were made to these rules to: ensure consistent terminology throughout child welfare program rules and policies; make general updates consistent with current Department practices; update statutory and rule references; correct formatting and punctuation; improve ease of reading; and clarify Department rules and processes.
Rules Coordinator: Kris Skaro—(503) 945-6067

413-130-0000
Definitions

The following definitions apply to rules in OAR chapter 413, division 130.

(1) "Adoptee" pursuant to ORS 109.425 means an individual who has been adopted in the State of Oregon.

(2) "Adoption" has the meaning given in OAR 413-120-0000(1).

(3) "Adoption assistance" means assistance provided on behalf of an eligible child or young adult to offset the costs associated with adopting and meeting the on-going needs of the child or young adult. "Adoption assistance" may be in the form of payments, medical coverage, reimbursement of nonrecurring expenses, or special payments.

(4) "Adoption assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family or adoptive family of an eligible child or young adult, setting forth the assistance the Department is to provide on behalf of the child or young adult, the responsibilities of the pre-adoptive family or adoptive family and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(5) "Adoption assistance agreement only" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family or adoptive family of an eligible child or young adult, when the pre-adoptive family or adoptive family is not receiving an adoption assistance payment or medical coverage at the time of the agreement but may request it at a later date.

(6) "Adoption assistance base rate" means the portion of the adoption assistance payment that is negotiated with a pre-adoptive family or an adoptive family and cannot exceed the amount of the Oregon foster care base rate payment for the age of the child or young adult.

(7) "Adoption assistance payment" means a monthly payment made by the Department to the pre-adoptive family or adoptive family on behalf of an eligible child or young adult.

(8) "Adoption Assistance Review Committee" means a committee composed of local and central office Department staff with expertise in the area of adoption.

(9) "Adoptive family" means an individual or individuals who have legalized a parental relationship to the child who joined the family through a judgment of the court.

(10) "Adoptive parent" means an adult who has become a parent of a child through adoption.

(11) "Agency" means a public or private organization licensed or authorized under Oregon laws to place children for adoption.

(12) "Applicable child" has the same meaning as in OAR 413-100-0335.

(13) "Assisted search" means the work carried out to locate and make confidential contact with a sought for individual upon the application of an authorized requester.

(14) "Base rate payment" means a payment to the foster parent or relative caregiver for the costs of providing the child or young adult with the following:

(a) Food, including the special or unique nutritional needs of the child or young adult;

(b) Clothing, including purchase and replacement;

(c) Housing, including maintenance of household utilities, furnishings, and equipment;

(d) Daily supervision, including teaching and directing to ensure safety and well-being at a level appropriate for the age of the child or young adult;

(e) Personal incidentals, including personal care items, entertainment, reading materials, and miscellaneous items; and

(f) Transportation, including gas, oil, and vehicle maintenance and repair costs for local travel associated with providing the items listed above, and transportation to and from extracurricular, child care, recreational, and cultural activities.

(15) "Birth parent" means:

(a) The woman or man who is legally presumed, under the laws of this state, to be the mother or father of genetic origin of a child; and

(b) A putative father of the child if the birth mother alleges he is the father and the putative father, by written affidavit or surrender and release executed within three years of the relinquishment of the child by the birth

mother or the termination of parental rights of the birth mother, acknowledges being the biological father of the child.

(16) "CANS screening" means Child and Adolescent Needs and Strengths screening, a process of gathering information on the needs and strengths of a child or young adult for one or more of the following purposes:

(a) To identify case planning, service planning, and supervision needs of the child or young adult in substitute care with a certified family;

(b) To determine the level of care payment while in substitute care with a certified family; and

(c) To determine the level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

(17) "Child" means a person under 18 years of age.

(18) "Department" means the Department of Human Services, Child Welfare.

(19) "Enhanced supervision" means the additional support, direction, observation, and guidance necessary to promote and ensure the safety and well-being of a child or young adult when the child or young adult qualifies for a level of care payment.

(20) "Fee" means the maximum fixed amount that the Department or Oregon licensed adoption agency may charge to register, for requests of non-identifying information, and to conduct an assisted search.

(21) "Guardian" means an individual who has been granted guardianship of the child through a judgment of the court.

(22) "Genetic and social history" means a comprehensive report, when obtainable, of the health status and medical history of the birth parents and other individuals related to the child.

(a) The "genetic and social history" may contain as much of the following as is available:

(A) Medical history.

(B) Health status.

(C) Cause of and age at death.

(D) Height, weight, eye and hair color.

(E) Ethnic origins.

(F) Religion, if any.

(b) The "genetic and social history" may include the health status and medical history of:

(A) The birth parents.

(B) A putative father, if any.

(C) Siblings to the birth parents, if any.

(D) Siblings to a putative father, if any.

(E) Other children of either birth parent, if any.

(F) Other children of a putative father, if any.

(G) Parents of the birth parents.

(H) Parents of a putative father, if any.

(23) "Health history" means a comprehensive report, when obtainable, of the health status and medical history of the child at the time of placement for adoption, including neonatal, psychological, physiological, and medical care history.

(24) "Identifying information" means names and addresses of birth parents, putative fathers, adult adoptee, and adult adoptee genetic siblings.

(25) "Independent adoption" means any adoption where the consent is given by other than the Department or a licensed adoption agency.

(26) "Legally free" means that, with respect to a child, the legal rights of all parents with legal standing have been judicially terminated, voluntarily relinquished, or otherwise terminated by operation of law, thus allowing for the child to be adopted.

(27) "Level of care payment" means the payment provided to an approved or certified family, a guardian, a pre-adoptive family, or an adoptive family based on the need for enhanced supervision of a child or young adult determined by applying the CANS algorithm to the results of the CANS screening.

(28) "Licensed adoption agency" means an:

(a) Approved child-caring agency of this state acting by authority of ORS 418.270 and OAR 413-215-0401 to 413-215-0481; and

(b) Agency or other organization that is licensed, or otherwise authorized, to provide adoption services pursuant to the laws of that state, country, or territory.

(29) "Non-identifying information" means genetic and social history and health history which excludes information identifying any birth parent, birth family, putative father, putative father's family, adoptee, or adoptive parent.

(30) "Nonrecurring adoption assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the pre-adoptive family of an eligible child for a one-time payment to reimburse the adoptive family for the reasonable and necessary expenses incurred in legally finalizing the adoption of a child who has been determined to have special needs.

(31) "Nonrecurring expenses" mean a one-time payment up to $2,000 per child, which the Department will pay to an adoptive family to assist with the reasonable and necessary expenses incurred in legally finalizing the adoption of an eligible child.

(32) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law.

(33) "Participating tribe" means a federally-recognized Indian tribe in Oregon with a Title IV-E agreement with the Department.

(34) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be the adoptive family of the child; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(35) "Progeny" means the children or descendants of a person and the person's descendants in successive generations.

(36) "Putative father" means a man who, under the laws of this state, is not legally presumed to be the father of genetic origin of a child, but who claims or is alleged to be the father of genetic origin of the child.

(37) "Qualified alien" has the same meaning as in OAR 413-100-0210(2) and 8 USC 1641(b).

(38) "Qualified vendor attorney" means an attorney who has a price agreement with the Department to process the adoption of a child who is eligible for adoption assistance.

(39) "Registry" means a voluntary adoption registry established under ORS 109.450 and maintained by:

(a) An Oregon licensed adoption agency or successor agency; or

(b) The Department for all adoptions not arranged through an Oregon licensed adoption agency.

(40) "Requester" means an individual duly registered on a voluntary adoption registry who requests an assisted search, and who has filed an application and paid the applicable fee.

(41) "Searcher" means one of the following qualified entities that may conduct an assisted search:

(a) The Department;

(b) An Oregon licensed adoption agency; or

(c) A third party individual or entity who has been delegated to or contracted with by the Department or an Oregon licensed adoption agency.

(42) "Sibling" means one of two or more children or young adults who are related, or would be related but for a termination or other disruption of parental rights, in one of the following ways:

(a) By blood or adoption through a common parent;

(b) Through the marriage of the legal or biological parents of the children or young adults; or

(c) Through a legal or biological parent who is the registered domestic partner of the legal or biological parent of the children or young adults.

(43) "Special payment" means a payment for unanticipated short-term costs which are directly related to the special needs of the child or young adult or are essential to the welfare of the child or young adult, and are not covered by another resource available to the adoptive family.

(44) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(45) "Successor agency" means an agency which has the adoption records of another agency because of the merger of the agencies or because an agency has ceased doing business and has given its adoptions records to the "successor agency" as provided an ORS 109.435(2).

(46) "Voluntary adoption registry" means a voluntary registry operated by the Department or licensed adoption agency:

(a) Where birth parents, putative fathers, and adult adoptees may register their willingness to the release of identifying information to each other;

(b) That provides for the disclosure of identifying information to birth parents and their genetic offspring;

(c) That provides for the transmission of non-identifying health and social and genetic history of specified persons; and

(d) That provides for the disclosure of specific identifying information under certain circumstances to Indian tribes, governmental agencies, or to an individual settling an estate.

(47) "Work Product" means any records, information, or other materials obtained or developed by the Department or licensed adoption agency during the course of the assisted search.

(48) "Young adult" means a person aged 18 through 20 years.

413-130-0300
Purpose

The purpose of OAR 413-130-0300 to 413-130-0365 is to describe the responsibilities of the Adoption Search and Registry Program for adoptions that finalized in Oregon and the eligibility requirements that must be met in order to:

(1) Receive non-identifying information from the registry;

(2) Register to allow the release of identifying information; and

(3) Request an assisted search for certain members of an individual's birth family or the county in which the adoption was finalized.

413-130-0310
Registry Eligibility for Non-Identifying Information

(1) A registry must provide genetic and social history and health history of the adoptee and birth family members, if available, to the following individuals:

(a) An adult adoptee;

(b) An adoptive parent of a child adoptee;

(c) A guardian of a child adoptee;

(d) A birth parent of an adoptee;

(e) Adult progeny of a deceased adoptee;

(f) A spouse of a deceased adoptee, if the spouse is the birth parent or guardian of any child of the adoptee.

(2) An eligible individual must request non-identifying information by submitting a request form provided by the registry and a $45 fee.

413-130-0320
Registry Eligibility for Identifying Information

(1) The adoption registry is a voluntary program in which birth parents, putative fathers, adoptees, and genetic siblings of adoptees may register their willingness to release identifying information to each other.

(2) The following individuals are eligible to register:

(a) An adult adoptee;

(b) An adoptive parent or guardian of a minor adoptee;

(c) An adoptive parent of a deceased adoptee;

(d) An adult genetic sibling of an adoptee;

(e) A parent or guardian of a minor genetic sibling of an adoptee;

(f) A birth parent;

(g) A parent or adult sibling of a deceased birth parent; or

(h) A putative father. A putative father may register to have his identifying information given to adult adoptee, but the registry may not give identifying information about the adoptee to the putative father.

(3) The registry must allow the adult progeny or the parent or guardian of a minor progeny of the following individuals to register:

(a) A deceased adoptee;

(b) A deceased genetic sibling of an adoptee;

(c) A deceased birth parent of an adoptee.

(4) An eligible individual must register by submitting the following to the applicable registry:

(a) A notarized affidavit on a form provided by the registry;

(b) A copy of his or her birth certificate; and

(c) A $25 fee.

(5) A registrant may cancel the registration at any time with written notice to the registry.

(6) Registration by a parent or guardian of a minor expires when the minor reaches 18 years of age. The adult adoptee must reregister for identifying information to be released to relevant individuals who are registered. The registry program may not charge a fee for reregistration.

(7) The registrant must notify the registry of any change of name or address.

(8) The registry will notify the registrants when a match is identified. A registry may recommend appropriate counseling prior to the release of information to the eligible individual.

413-130-0330
Assisted Search Program Eligibility

(1) The following individuals may request an assisted search for a birth parent, a putative father, a genetic sibling of an adoptee, or the county in which an adoption was finalized:

(a) An adult adoptee;

(b) An adoptive parent of a minor adoptee; or

(c) An adoptive parent of a deceased adoptee.

(2) The following individuals may request an assisted search for an adult adoptee:

(a) Except as provided in section (4) of this rule, a birth parent if the adult adoptee does not have any minor genetic siblings in the same adoptive family;

(b) An adult genetic sibling of an adoptee; or

(c) A parent or adult sibling of a deceased birth parent.

(3) Except as provided in section (4) of this rule, a birth parent may request a search for the county in which the adoption was finalized. At the discretion of the Department or agency, a search may be conducted.

(4) A putative father may not request an assisted search.

Assisted Search Application Requirements

(1) Individuals requesting an assisted search must submit the following:

(a) An application on an approved form to the applicable registry. The Department may disclose the applicable registry if it is unknown by the requester.

(b) Proof of registration for identifying information with the registry; and

(c) A fee of $400 for the first individual and $200 for each additional individual.

(2) Upon receipt of a completed application the registry must do all of the following:

(a) Prepare a search file.

(b) Assign the case to a searcher.

(c) Inform the requester that the case has been opened and provide periodic updates on the status of the search.

(3) Duties of the Searcher.

(a) When an individual is located, the searcher must:

(A) Make a confidential inquiry to determine if the located individual wants to establish contact with the requester;

(B) Inform the located individual about the registry program, explain that participation is voluntary and no identifying information will be released unless they have registered with the appropriate registry; and

(C) If the requester is searching because there is a serious medical condition in the individual's immediate family that is, or may be, an inheritable condition and the located individual is biologically related to the ill individual, inform the located individual.

(b) Upon completion of the search, the searcher must:

(A) Notify the registry of the results of the search; and

(B) Return or confidentially dispose of any information obtained in connection with the search.

(4) When notified of the results of a search, the registry must:

(a) Provide registration to a located individual who wants to register;

(b) Notify the requester of the results of the search;

(c) Record the results of the search;

(d) Include any information from the searcher in the search file; and

(e) If the located individual has not returned the registration materials within 90 days, the registry may, where practicable, contact the located individual one time to determine if the located individual still intends to register.

(5) Upon receipt of registration materials from the located individual, the registry must contact both the requester and the located individual to assure that communication is initiated in a way that is acceptable for each individual. The registry must only release contact information that is allowed by each registrant.

(6) The registry must complete the assisted search within 120 days from the date of assignment. If the search is not completed within 120 days, the registry must contact the requester and provide the reason for the delay and a projected completion date.

413-130-0350
Standards of Conduct for a Registry

A registry must do all of the following:

(1) Maintain accurate and complete records of each search.

(2) Keep confidential all adoption file information and all work product developed during an assisted search process.

(3) Only contact adoptees, birth family members, or adoptive family members under the provisions of these rules.

(4) Act within applicable statutory and administrative rules.

(5) Not contact, exert pressure, or in any other way solicit an adoptee, adoptive parent or guardian, birth parent, or putative father to register with the registry except as allowed in relation to an assisted search.

(6) Accept fees not exceeding those described these rules.

413-130-0355
Standards for a Searcher

Individuals or entities who perform assisted searches for a registry must do all of the following:

(1) Keep all information from sealed adoption files and information obtained during an assisted search confidential.

(2) Maintain accurate and complete records of each search.

(3) Work within the boundaries of applicable statutory and administrative rules.

(4) Avoid potential conflicts of interest in conducting a search.

(5) Provide a criminal background check demonstrating no record of criminal convictions related to maintaining the integrity or confidentiality of records or child abuse or other offenses involving minor children.

(6) Sign a statement of confidentiality that outlines potential civil and criminal penalties for any disclosure of file information to any one not expressly authorized in applicable statutes or administrative rules.

413-130-0360
Access to Registry Records

(1) A licensed adoption agency may examine adoption records maintained by the Department as part of an assisted search.

(2) The Department may examine adoption records maintained by a licensed adoption agency as part of an assisted search if the licensed adoption agency so allows.

(3) Original file contents or copies of confidential documents may not be removed from a registry.

(4) A searcher may not inspect any other files of another registry except those directly related to the file of the requester.

413-130-0365
Confidentiality and Maintenance of Records

(1) All information acquired by the registry must be confidential and be disclosed only as provided in these rules or pursuant to a court order.

(2) Registry files including work product from an assisted search must be maintained permanently.

(3) If a licensed adoption agency ceases to do business, the agency must transfer the adoption records to the Department or a successor agency. If files are transferred to a successor agency, the agency must tell the Department who has the files.

Rules Suspended: 413-015-0215(T)
Subject: The Department of Human Services, Office of Child Welfare Programs, is adopting temporary rules to implement SB 1515 (Oregon Laws 2016, chapter 2016.) The new law creates new requirements for the Department relating to ensuring the safety of children residing in or receiving services from child-caring agencies licensed by the Department.

Child Protective Services:

These rules establish requirements for screeners and CPS (Child Protective Services) workers when reports of abuse or neglect are received by the Department. The rules are being amended to state that when a report is received and the information indicates it involves a child-caring agency, screeners will be directed to new rules, OAR 413-015-0620 through 413-015-0640, which will state responsibilities and requirements for responding to these reports. Specifically, reports will be screened under a new definition of abuse in section 36 of SB 1515; the Department will respond to reports on children through age 20; screeners and CPS workers will notify appropriate Department personnel to ensure notifications required by SB 1515 are made; and CPS workers will collaborate with appropriate personnel to share information and determine the appropriate Department response to ensure child safety.

Monthly Contact and Monitoring Child and Young Adult Safety:

These rules describe the responsibilities of the Department regarding monthly contact with children and young adults in Department custody, monitoring the safety, permanency, and well-being needs, and monitoring the ongoing safety plan. These rules are being amended to require Department staff to notify appropriate personnel when they have concerns, including when well-being needs are not being met, about a child or young adult residing in or receiving services from a child-caring agency or proctor foster home. Definitions are also amended to align with SB 1515. Additionally, OAR 413-080-0070 is adopted to establish the persons and entities who must be notified whenever the Department receives reports of abuse or licensing or contracting violations about a child-caring agency or when the Department takes certain actions on a child-caring agency license.

Behavior Rehabilitation Services:

These rules describe the requirements for BRS (Behavior Rehabilitation Services) contractors who provide BRS services to children. The rules are being amended to require the Department to immediately investigate and take appropriate actions when the Department receives reports of abuse or licensing or contracting vio-

lations. The BRS program office will also investigate to determine if any material breach of the terms of the BRS contract have occurred and take appropriate action. Additionally, BRS contractors and providers, including proctor foster homes, will be required to permit immediate access to a child in their care and to the premises as provided in ORS 418.305 as amended by section 20 of SB 1515. BRS contractors will also be required to comply with all law and regulations, including new SB 1515 licensing requirements in OAR chapter 413, division 2015. Definitions in these rules are also amended to align with SB 1515.

The rule text showing these proposed changes is available at http://www.dhs.state.or.us/policy/childwelfare/implement/temp_rules.htm.

The Department is amending additional rules to implement SB 1515, including rules for the Office of Licensing and Regulatory Oversight, the Office of Adult Abuse Prevention and Investigations, and the Background Check Unit. More information is available on the SB 1515 implementation webpage at https://www.oregon.gov/DHS/CHILDREN/Pages/sb1515.aspx.

Rules Coordinator: Kris Skaro—(503) 945-6067

413-015-0100

Child Protective Service Authority and Responsibility

Reports of alleged child abuse or neglect are received by the Department and screened for Department response. The processes and time lines for completion are provided in division 015 of this chapter of rules, and also in OAR chapter 407, division 045 for the child-caring agencies or proctor foster homes screened and investigated by the Office of Adult Abuse Prevention and Investigation. OAR 413-015-0100 to 413-015-0125 provide an overview of division 015, which implements ORS 409.185, 418.015, and 419B.005 to 419B.050.

413-015-0115

Definitions

Unless the context indicates otherwise, these terms are defined for use in OAR chapter 413, division 015:

(1) "Caregiver" means a guardian, legal custodian, or other person acting in loco parentis, who exercises significant authority over and responsibility for a child.

(2) "Child" means a person who:

(a) Is under 18 years of age; or

(b) Is under 21 years of age and residing in or receiving care or services at a child-caring agency.

(3) "Child abuse or neglect" means any form of child abuse, including abuse through neglect and abuse or neglect by a third party, as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36.

(4) "Child-caring agency" is defined in ORS 418.205 and:

(a) Means any private school, private agency, or private organization providing:

(A) Day treatment for children with emotional disturbances;

(B) Adoption placement services;

(C) Residential care, including but not limited to foster care or residential treatment for children;

(D) Residential care in combination with academic education and therapeutic care, including but not limited to treatment for emotional, behavioral or mental health disturbances;

(E) Outdoor youth programs; or

(F) Other similar care or services for children.

(b) Includes the following:

(A) A shelter-care home that is not a foster home subject to ORS 418.625 to 418.645;

(B) An independent residence facility as described in ORS 418.475;

(C) A private residential boarding school; and

(D) A child caring facility as defined in ORS 418.950.

(c) Child-caring agency does not include:

(A) Residential facilities or foster care homes certified or licensed by the Department of Human Services under ORS 443.400 to 443.455, 443.830 and 443.835 for children receiving developmental disability services;

(B) Any private agency or organization facilitating the provision of respite services for parents pursuant to a properly executed power of attorney under ORS 109.056. For purposes of this subsection, "respite services" means the voluntary assumption of short-term care and control of a minor child without compensation or reimbursement of expenses for the purpose of providing a parent in crisis with relief from the demands of ongoing care of the parent's child;

(C) A youth job development organization as defined in ORS 344.415;

(D) A shelter-care home that is a foster home subject to ORS 418.625 to 418.645; or

(E) A foster home subject to ORS 418.625 to 418.645.

(5) "Child protective services" (CPS) means a specialized social service program that the Department provides on behalf of children who may be unsafe after a report of child abuse or neglect is received.

(6) "Child protective services assessment" (CPS assessment) means an investigation into a report of child abuse or neglect pursuant to ORS 419B.020 that includes activities and interventions to identify and analyze threats to child safety, determine if there is reasonable cause to believe child abuse or neglect occurred, and assure child safety through protective action plans, initial safety plans, or ongoing safety planning.

(7) "Child protective services supervisor" (CPS supervisor) means an employee of the Department trained in child protective services and designated as a supervisor.

(8) "Child protective services worker" (CPS worker) means an employee of the Department who has completed the mandatory Department training for child protective service workers.

(9) "Child Safety Meeting" means a meeting held at the conclusion of a CPS assessment for the purpose of developing an ongoing safety plan.

(10) "Conditions for return" means a written statement of the specific behaviors, conditions, or circumstances that must exist within a child's home before a child can safely return and remain in the home with an in-home ongoing safety plan.

(11) "Day Care Facility" means each of the following:

(a) A Registered Family Child Care Home, which is the residence of a provider who has a current Family Child Care Registration at that address and who provides care in the family living quarters.

(b) A Certified Family Child Care Home, which is a child care facility located in a building constructed as a single family dwelling that has certification to care for a maximum of 16 children at any one time.

(c) A Certified Child Care Center, which is certified to care for 13 or more children, or a facility that is certified to care for twelve or fewer children and located in a building constructed as other than a single family dwelling.

(d) A Listed Facility, which is a child care provider that is exempt from Office of Child Care licensing and that receives subsidy payments for child care on behalf of clients of the Department of Human Services.

(12) "Department" means the Department of Human Services, Child Welfare.

(13) "Department response" means how the Department intends to respond to information that a child is unsafe after a report of alleged abuse or neglect is received.

(14) "Designated medical professional" means (as described in ORS 418.747(9)) a physician, physician assistant, or nurse practitioner who has been designated by the local multi-disciplinary team and trained to conduct child abuse medical assessments (as defined in ORS 418.782), and who is -- or who may designate another physician, physician assistant, or nurse practitioner who is -- regularly available to conduct these medical assessments.

(15) "Domestic violence" means a pattern of coercive behavior, which can include physical, sexual, economic, and emotional abuse that an individual uses against a past or current intimate partner to gain power and control in a relationship.

(16) "Face-to-face" means an in-person interaction between individuals.

(17) "Former foster child" means a person under 21 years of age who was in substitute care at or after 16 years of age, including substitute care provided by federally recognized tribes, and had been in substitute care for at least 180 cumulative days after 14 years of age.

(18) "Founded" means there is reasonable cause to believe that child abuse or neglect, as defined in ORS 419B.005, occurred.

(19) "Guardian" means an individual who has been granted guardianship of a child through a judgment of the court.

(20) "Harm" means any kind of impairment, damage, detriment, or injury to a child's physical, sexual, psychological, cognitive, or behavioral development or functioning. "Harm" is the result of child abuse or neglect and may vary from mild to severe.

(21) "ICWA" means the Indian Child Welfare Act.

(22) "Impending danger safety threat" means a family behavior, condition, or circumstance that meets all five safety threshold criteria. A threat to a child that is not immediate, obvious, or occurring at the onset of the CPS intervention. This threat is identified and understood more fully by evaluating and understanding individual and family functioning.

(23) "Initial contact" means the first face-to-face contact between a CPS worker and a family. The initial contact includes face-to-face contact with the alleged child victim, his or her siblings, parent or caregiver, and other children and adults living in the home; accessing the home environment; and gathering sufficient information on the family conditions and functioning to determine if present danger safety threats or impending danger safety threats exist.

(24) "Initial safety plan" means a documented set of actions or interventions sufficient to protect a child from an impending danger safety threat in order to allow for completion of the CPS assessment.

(25) "Moderate to high needs" means observable family behaviors, conditions, or circumstances that are occurring now; and over the next year without intervention, are likely to have a negative impact on a child's physical, sexual, psychological, cognitive, or behavioral development or functioning. The potential negative impact is not judged to be severe. While intervention is not required for the child to be safe, it is reasonable to determine that short-term, targeted services could reduce or eliminate the likelihood that the negative impact will occur.

(26) "Monthly face-to-face contact" means in-person interaction between individuals at least once each and every full calendar month.

(27) "Multi-disciplinary team" (MDT) means a county child abuse investigative team as defined in ORS 418.747.

(28) "Observable" means specific, real, can be seen and described. Observable does not include suspicion or gut feeling.

(9) "Ongoing safety plan" means a documented set of actions or interventions that manage a child's safety after the Department has identified one or more impending danger safety threats at the conclusion of a CPS assessment or anytime during ongoing work with a family.

(30) "Out of control" means family behaviors, conditions, or circumstances that can affect a child's safety are unrestrained, unmanaged, without limits or monitoring, not subject to influence or manipulation within the control of the family, resulting in an unpredictable and chaotic family environment.

(31) "Personal representative" means a person who is at least 18 years of age and is selected to be present and supportive during the CPS assessment by a child who is the victim of a person crime as defined in ORS 147.425 and is at least 15 years of age at the time of the crime. The personal representative may not be a person who is a suspect in, party or witness to, the crime.

(32) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be a child's adoptive family; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(33) "Present danger safety threat" means an immediate, significant, and clearly observable family behavior, condition, or circumstance occurring in the present tense, already endangering or threatening to endanger a child. The family behavior, condition, or circumstance is happening now and it is currently in the process of actively placing a child in peril.

(34) "Proctor foster home" means a foster home certified by a child-caring agency that is not subject to ORS 418.625 to 418.470.

(35) "Protective action plan" means an immediate, same day, short-term plan, lasting a maximum of ten calendar days, sufficient to protect a child from a present danger safety threat.

(36) "Protective capacity" means behavioral, cognitive, and emotional characteristics that can specifically and directly be associated with a person's ability and willingness to care for and keep a child safe.

(37) "Protective custody" means custody authorized by ORS 419B.150.

(38) "Reasonable suspicion" means a reasonable belief given all of the circumstances, based upon specific and describable facts, that the suspicious physical injury may be the result of abuse. Explanation: The belief must be subjectively and objectively reasonable. In other words, the person subjectively believes that the injury may be the result of abuse, and the belief is objectively reasonable considering all of the circumstances. The circumstances that may give rise to a reasonable belief may include, but not be limited to, observations, interviews, experience, and training. The fact that there are possible non-abuse explanations for the injury does not negate reasonable suspicion.

(9) "Referral" means a report that has been assigned for the purpose of CPS assessment.

(40) "Report" means an allegation of child abuse or neglect provided to the Department that the screener evaluates to determine if it constitutes a report of child abuse or neglect as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36.

(41) "Reporter" means an individual who makes a report.

(42) "Safe" means there is an absence of present danger safety threats and impending danger safety threats.

(43) "Safety service provider" means a participant in a protective action plan, initial safety plan, or ongoing safety plan whose actions, assistance, or supervision help a family in managing a child's safety.

(44) "Safety services" mean the actions, assistance, and supervision provided by safety service providers to manage the identified present danger safety threats or impending danger safety threats to a child.

(45) "Safety threshold" means the point at which family behaviors, conditions, or circumstances are manifested in such a way that they are beyond being risk influences and have become an impending danger safety threat. In order to reach the "safety threshold" the behaviors, conditions, or circumstances must meet all of the following criteria: be imminent, be out of control, affect a vulnerable child, be specific and observable, and have potential to cause severe harm to a child. The "safety threshold" criteria are used to determine the presence of an impending danger safety threat.

(46) "School administrator" means the principal, vice principal, assistant principal, or any other person performing the duties of a principal, vice principal, or assistant principal at a school, as defined in the Teacher Standards and Practices Commission (TSPC) OAR 584-005-0005.

(47) "Screener" means a Department employee with training required to provide screening services.

(48) "Screening" means the process used by a screener to determine the Department response when information alleging abuse or neglect is received.

(49) "Severe harm" means:

(a) Significant or acute injury to a child's physical, sexual, psychological, cognitive, or behavioral development or functioning;

(b) Immobilizing impairment; or

(c) Life threatening damage.

(50) "Substance" means any controlled substance as defined by ORS 475.005, prescription medications, over-the-counter medications, or alcoholic beverages.

(51) "Substantiated" means there is reasonable cause to believe that child abuse, as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36, occurred.

(52) "Suspicious physical injury" (as defined in ORS 419B.023) includes, but is not limited to:

(a) Burns or scalds;

(b) Extensive bruising or abrasions on any part of the body;

(c) Bruising, swelling, or abrasions on the head, neck, or face;

(d) Fractures of any bone in a child under the age of three;

(e) Multiple fractures in a child of any age;

(f) Dislocations, soft tissue swelling, or moderate to severe cuts;

(g) Loss of the ability to walk or move normally according to the child's developmental ability;

(h) Unconsciousness or difficulty maintaining consciousness;

(i) Multiple injuries of different types;

(j) Injuries causing serious or protracted disfigurement or loss or impairment of the function of any bodily organ; or

(k) Any other injury that threatens the physical well-being of the child.

(53) "Teacher" means (as defined in TSPC OAR 584-005-0005) a licensed or registered employee in a public school or charter school, or employed by an education service district, who has direct responsibility for instruction, coordination of educational programs, or supervision or evaluation of teachers; and who is compensated for services from public funds.

(54) "Third-party abuse" means abuse by a person who is not the child's parent, not the child's caregiver or other member of the child's household, and not a person responsible for the child's care, custody, and control. Examples of persons who could be considered as a third-party under this definition include school personnel, day-care providers, coaches, and church personnel.

(55) "Unsafe" means the presence of a present danger safety threat or an impending danger safety threat.

(56) "Vulnerable child" means a child who is unable to protect him or herself. This includes a child who is dependent on others for sustenance and protection. A "vulnerable child" is defenseless, exposed to behaviors, conditions, or circumstances that he or she is powerless to manage, and is susceptible and accessible to a threatening parent or caregiver. Vulnerability is judged according to physical and emotional development, ability to communicate needs, mobility, size, and dependence.

(57) "Young adult" means a person aged 18 through 20 years.

413-015-0125
Department CPS Responsibility Ends

The Department is not responsible for providing child protective services when:

(1) A screener determines that information received during screening does not meet the statutory definition of child abuse or neglect (see OAR 413-015-0210(2)(a) and (b));

(2) The CPS assessment has determined the child is safe; or

(3) The CPS assessment does not identify information sufficient to request juvenile court intervention or the CPS assessment has determined the child is unsafe and the juvenile court declines to intervene, and the parents or caregivers do not request or agree to cooperatively receive services.

413-015-0205
Screening Activities

The screener must complete the following activities:

(1) Gather information. When gathering information, the screener must do both of the following:

(a) Accept reports of child abuse or neglect regardless of where the child resides or where the alleged child abuse or neglect may have occurred. If the report is about a child that does not reside in the county where the report is received, the screener must forward the completed screening report form to the local child welfare office in the county or state where the child resides. The screener must forward the screening report form on the same day the report is received and confirm that it has been successfully forwarded.

(b) Accept and handle anonymous reports of child abuse or neglect in the same manner as other reports, gather the same information from the anonymous reporter as the screener would from any other reporter, and encourage the reporter to provide identifying information.

(2) If appropriate, refer the person to community services and resources.

(3) Determine the type of information received, Child Protective Services or Family Support Services, and where and when to document the information received.

(a) Child Protective Services. This type of information is related to reports of alleged child abuse or neglect.

(A) Child Protective Services information is documented in the Department's electronic information system.

(B) The time line for screeners to complete and document their actions, and document information gathered, unless a CPS supervisor grants the screener an extension as provided in OAR 413-015-0220, is:

(i) Immediately when a "within 24 hours" response time line is assigned;

(ii) Within the same day when a "within five days" response time line is assigned; or

(iii) No later than the next working day after the screening determination is made when the report is closed at screening.

(b) Family Support Services. This type of information is not a report of alleged child abuse or neglect, and it does not include information that indicates a child is unsafe.

(A) This information is documented in the Department's electronic information system using a screening report form.

(B) The time line for screeners to complete and document their actions, and document information gathered is within two days of receiving the request for services.

(C) Family Support Services information falls within one of the categories described below:

(i) Request for Placement — Information falls within this category when:

(I) A parent or guardian requests out-of-home placement of their child due solely to obtain services for the emotional, behavioral, or mental disorder or developmental or physical disability of the child;

(II) The parent or guardian requests the Department take legal custody of their child; or

(III) The court has ordered a pre-adjudicated delinquent into the care of the Department.

(ii) Request for Independent Living Program Services — Information falls within this category when a former foster child qualifies for Independent Living Program (ILP) services, is not a participant on an open case, and requests to enroll in the Department's ILP.

(iii) Request for Post Legal Adoption and Post Guardianship Services -- Information falls within this category when a family requests post legal adoption or post guardianship services, if the adoption or guardianship occurred through the Department.

(iv) Request for Voluntary Services — Information falls within this category when it does not meet the criteria in subparagraphs (i), (ii), or (iii) of this paragraph, a parent or caregiver requests assistance with a child in the home, and all of the following apply:

(I) Other community resources have been utilized and determined to be ineffective.

(II) Members of the extended family and other responsible adults who are well known to the child have been explored or utilized and determined to be unsafe, unavailable, unwilling, or ineffective as support for the family.

(III) The parent or caregiver is temporarily or will be temporarily unable to fulfill parental responsibilities due to a diagnosed medical condition or a mental health diagnosis.

(IV) The parent's or caregiver's inability to fulfill parental responsibilities is temporary and immediate, and will be alleviated with short term services or short term services will transition the family to community services.

(V) A Child Welfare program manager approves the request for voluntary services.

(4) When the screener receives Child Protective Services information, the screener must complete the screening activities described below.

(a) The screener must gather the following information, which is critical to effectively identify if there is a report of child abuse or neglect as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36 and if the information alleges that behaviors, conditions, or circumstances could result in harm to the child:

(A) The type of alleged child abuse or neglect and the circumstances surrounding the report;

(B) How the alleged child abuse or neglect or the surrounding circumstances are reported to affect the safety of the child;

(C) Information that identifies how the child is vulnerable; and

(D) Reported parent or caregiver functioning and behavior.

(b) After gathering and documenting the information required in subsection (a) of this section, if the report is about a behavior, condition, or circumstance involving a child-caring agency or proctor foster home, the screener must immediately comply with "Department Responsibilities When a Report of Abuse Involves a Child-Caring Agency or Proctor Foster Home" in OAR 413-015-0620 to 413-015-0640.

(c) Gather information from individuals who can provide firsthand information necessary to determine the appropriate Department response. This may include individuals who have regular contact with the child, doctors, teachers, or others who have evaluated or maintain records on the child, people who are in an established personal or professional relationship with the parent or caregiver and who can judge the quality and nature of the parent or caregiver behavior, and those who have records or reason to know things about the parent or caregiver as a result of their involvement with or exposure to the parent or caregiver.

(d) Research Department history of every identified child, parent, caregiver, and household member for information about current or previous Department involvement relevant to the current child abuse or neglect report. If the research reveals an "unable to locate" disposition that has not

been assessed, the screener must reference that assessment, the date the assessment was completed, and those allegations not able to be assessed in the current report summary.

(e) Inquire regarding possible Indian or Alaskan Native heritage (for further direction see OAR 413-015-0215(5)).

(f) Request relevant information when available and appropriate from law enforcement agencies (LEA), including domestic disturbance calls, arrests, warrants, convictions, restraining orders, probation status, and parole status.

(g) Determine the location and corresponding law enforcement jurisdiction of the family's residence and the site where the alleged child abuse or neglect may have occurred.

(h) Immediately comply with "Department Responsibilities During Screening and Assessment of a Child Abuse or Neglect Report Involving the Home of a Department Certified Foster Parent or Relative Caregiver", OAR 413-200-0404 to 413-200-0424, when information is related to a Department approved and certified home that is a foster home, relative caregiver home, or home of a pre-adoptive family.

(i) Immediately comply with the Child Welfare "Fatality Protocol" when information is related to the death of a child.

(5) Explain to reporters the information in all of the following subsections:

(a) That the Department will not disclose the identity of the reporter unless disclosure is to an LEA for purposes of investigating the report, disclosure is required because the reporter may need to testify as a witness in court, or the court orders the Department to disclose the identity of the reporter.

(b) That anyone making a report of child abuse or neglect in good faith, who has reasonable grounds to make the report, is immune from liability in respect to making the report and the contents of the report.

(c) The Department's decisions about paragraphs (A) through (C) of this subsection. If the decisions have not been made when the report is completed, the screener must notify the reporter that, if contact information is provided, diligent efforts will be made to contact him or her at a later date and inform him or her of the decisions:

(A) Whether contact with the child was made;

(B) Whether the Department determined child abuse occurred; and

(C) Whether services will be provided.

(d) If applicable, that the information reported does not meet the screening criteria to be documented and retained in the Department's electronic information system.

(e) That mandatory reporters should consider maintaining a record of their report to document compliance with mandatory reporting laws.

413-015-0210

Determining Department's Response and Required Time Lines for CPS Information

(1) After the screener completes screening activities required by OAR 413-015-0205, and the screener determines the information received is CPS information, the screener must determine the Department response, either CPS assessment required or close at screening. If a CPS assessment is required, the screener must then determine the time line for the Department response, either within 24 hours or within five calendar days.

(2) CPS assessment required. A CPS assessment is required if:

(a) The screener determines that information received constitutes a report of child abuse or neglect, as defined in ORS 419B.005, and the information indicates:

(A) The alleged perpetrator is a legal parent of the alleged child victim;

(B) The alleged perpetrator resides in the alleged child victim's home;

(C) The alleged perpetrator may have access to the alleged child victim, and the parent or caregiver may not be able or willing to protect the child; or

(D) The alleged child abuse occurred in a day care facility, or the home of a Department certified foster parent or relative caregiver.

(b) The screener determines that information received constitutes a report of abuse or neglect as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36 and the report is the responsibility of the Department as outlined in OAR 413-015-0630.

(c) A tribe or LEA requests assistance from the Department with an investigation of child abuse or neglect, and a CPS supervisor agrees that assistance from the Department is appropriate.

(3) Response Time Lines. If the screener determines that a CPS assessment is required, the screener must:

(a) Determine the CPS assessment response time line. The time line for the Department response refers to the amount of time between when the report is received at screening and when the CPS worker is required to make an initial contact. When determining the response time, the screener must take into account the location of the child, how long the child will be in that location, and access that others have to the child.

(A) Within 24 hours: This response time line is required, unless paragraph (B) of this subsection applies, when the information received constitutes a report of child abuse or neglect as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36.

(B) Within five calendar days: This response time line must only be used when the screener can clearly document how the information indicates the child's safety will not be compromised by not responding within 24 hours and whether an intentional delay to allow for a planned response is less likely to compromise the safety of the child.

(b) Complete a screening report form immediately when a "within 24 hour" response time line is assigned or the same day when a "within five calendar days" response time is assigned, unless a CPS supervisor grants an extension as provided in OAR 413-015-0220.

(c) Refer the CPS assessment to the appropriate county as described in OAR 413-015-0213.

(4) Close at Screening: A report will be closed at screening if one of the following subsections applies:

(a) The screener determines that information received:

(A) Does not constitute a report of child abuse or neglect, as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36, and the screener determines:

(i) That the information describes behaviors, conditions, or circumstances that pose a risk to a child; or

(ii) The report includes information involving a child-caring agency or proctor foster home.

(B) Is third party child abuse or neglect that does not require a CPS assessment because the alleged perpetrator does not have access to the child, and the parent or caregiver is willing and able to protect the child; or

(C) Is a report that there are no children in the home and:

(i) An expectant mother is abusing substances during her pregnancy;

(ii) An expectant mother or a household member has had his or her parental rights to another child terminated; or

(iii) An expectant mother or a household member is known to have conditions or circumstances that would endanger a newborn child.

(b) When a report is received, but the screener, after extensive efforts, is unable to obtain sufficient information to locate the child. Name and exact address are not necessary if a location is obtained.

(5) If a report is closed at screening, the screener must:

(a) Document the current information that supports the decision to close the report at screening.

(b) Decide whether other services are appropriate and make service or resource referrals, as necessary. Document what service or resource referrals are made, if any.

(c) Make diligent efforts to contact the reporter if contact information was provided and when the reporter was not informed of the following information prior to completing the screening report form.

(A) Whether contact with the child was made;

(B) Whether the Department determined child abuse occurred; and

(C) Whether services will be provided.

(d) Complete a screening report form no later than the next working day after the screening determination is made, unless a CPS supervisor grants an extension, as provided in OAR 413-015-0220.

Stat. Auth.: ORS 418.005, OL 2016, ch 10

413-015-0211

Additional Screening Activities

In the specific circumstances described below, the screener must complete additional activities to complete the screening process.

(1) The screener receives information on an open CPS assessment.

(a) When a screener receives duplicate information (same alleged victim, same alleged perpetrator, same allegation of child abuse or neglect, and same incident dates) on an open CPS assessment, the screener must:

(A) Inform the reporter that a new screening report will not be documented because the information has already been received;

(B) Provide the reporter with the assigned caseworker's name and phone number; and

(C) Provide contact information about the reporter and any information the screener received to the assigned caseworker.

(b) When a screener receives information that constitutes a new report of child abuse or neglect as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36 on an open CPS assessment, the screener must:

(A) Document the information in a new screening report form; and

(B) Notify the assigned CPS worker and their supervisor of all new information received on the same day the information is received, and document this notification in the Department's electronic information system.

(c) When a screener receives information that constitutes a closed at screening on an open CPS assessment, the screener must:

(A) Document the information in a new screening report form; and

(B) Notify the assigned CPS worker and their supervisor of all new information received on the same day the information is received, and document this notification in the Department's electronic information system.

(2) The screener receives new information on an open Department case.

(a) When a screener receives new information on an open Department case, the screener must:

(A) Consult with a CPS supervisor;

(B) Notify each assigned case worker and their respective supervisors of all new information received on the same day the information is received, and document this notification in the Department's electronic information system's case notes; and

(C) Complete notification on the same day the information is received.

(b) When a screener receives a new report of child abuse or neglect, as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36, but there is no open CPS assessment, the screener must document the information in a new screening report form.

(c) The information received by a screener on an open Department case that will not be documented in a new screening report form but must be documented in the Department's electronic information system's case notes includes:

(A) Additional information on an open case that does not meet the criteria for a new CPS assessment or closed at screening;

(B) When an in-home protective action plan, initial safety plan, or ongoing safety plan is violated, but the violation is not a new incident of child abuse or neglect;

(C) Reports of an ongoing concern in an open case, which the Department is currently addressing;

(D) Reports of a missing child or young adult; and

(E) Any requests for case information received by the screener.

(3) When a screener receives information related to the home of a Department certified foster parent or relative caregiver, the screener must notify and document that the screener has notified each assigned case worker, assigned certifier, and their respective supervisors of all information received (see "Department Responsibilities During Screening and Assessment of a Child Abuse or Neglect Report Involving the Home of a Department Certified Foster Parent or Relative Caregiver", OAR 413-200-0404 to 413-200-0424).

(4) When a screener receives information related to a minor parent as an alleged perpetrator:

(a) The screener must gather information to determine if there is a report of abuse or neglect with the minor parent as an alleged victim.

(b) If the screener determines there is a report of abuse or neglect of the child of the minor parent with the minor parent as an alleged perpetrator and another report with the minor parent as an alleged victim, the screener must document the information in the following manner to determine when to use the mother or father's name as the case name:

(A) The allegation with the minor parent as an alleged perpetrator must be documented with the mother or father of the alleged victim as the case name (the mother or father being a minor does not preclude them from being the case name); and

(B) The allegation with the minor parent as an alleged victim must be documented with the mother or father of the minor parent as the case name.

(5) When a screener receives a report of a child fatality alleged to be the result of abuse or neglect or involving a child known to the Department, the screener must:

(a) Consult with a CPS supervisor;

(b) Refer to the Child Welfare "Fatality Protocol";

(c) Complete a screening report form identifying in the Department's electronic information system that the report involves a child fatality;

(d) Notify the CPS consultant; and

(e) Complete subsections (a) through (d) of this section even when there are no siblings to the deceased child and no other children in the home where the fatality occurred.

413-015-0212
Screener Consultation with a CPS Supervisor

Screeners may consult with a CPS supervisor about any screening determination. Screeners must consult with a CPS supervisor or designee in each of the following situations:

(1) A report of child abuse or neglect involving a child, parent, caregiver, or perpetrator who was a child, parent, caregiver, or perpetrator in a CPS assessment that resulted in a founded disposition in the preceding six months.

(2) A review of Department records on a family that is the subject of a child abuse or neglect report finds multiple consecutive reports were closed at screening, and the information received in the current report, in combination with the prior reports regarding the same family, may meet the criteria to refer the report for a CPS assessment.

(3) A new report involving a family that has an open Department case.

(4) A report involving the home of a Department certified foster parent or relative caregiver.

(5) A report involving a child-caring agency or proctor foster home.

(6) A report involving a day care facility.

(7) A report of a child fatality.

(8) A decision not to refer for assessment a report of a baby who is born with substances in his or her system.

(9) A report of child abuse or neglect in which a community partner or an employee of any program, office, or division of the Department of Human Services or the Oregon Youth Authority is the alleged perpetrator.

(10) A report of child abuse or neglect that is expected to receive media attention or that already is being reported by the media.

(11) A decision that an additional screening report form is needed because the reported information alleges a threat of harm to additional children in other families.

(12) A review of Department history reveals a prior allegation that has not been assessed because the Department was unable to locate the family.

413-015-0215
Notifications and Reports to Specific Agencies or Entities

(1) Law Enforcement Agency (LEA). The screener must cross report to LEA as required by OAR 413-015-0305(1).

(2) Office of Child Care, Department of Education, Early Learning Division. The screener must notify the Office of Child Care when a report involves a day care facility, as required by ORS 419B.020(1). If the report is closed at screening, a copy of the completed screening report form must be sent to the Compliance Unit of the Office of Child Care after information related to the reporter's identity and other confidential information is removed.

(3) Office of Adult Abuse Prevention and Investigation (OAAPI). The screener must report to the OAAPI when a report involves a child with intellectual or developmental disabilities in a 24 hour residential setting licensed by the Office of Developmental Disabilities Services.

(4) Office of Developmental Disabilities Services (ODDS). The screener must notify the ODDS Community Developmental Disabilities Program service coordinator when a report involves a child with intellectual or developmental disabilities in a home certified by the ODDS or the Department.

(5) Indian Tribes. If the screener knows or has reason to know that the child is an Indian child, the screener must give notice within 24 hours to the Indian child's tribe that a CPS assessment is being conducted.

(6) Teacher Standards and Practices Commission (TSPC). The screener must notify the TSPC when a teacher or school administrator, as defined in OAR 413-015-0115, is identified as an alleged perpetrator in a report. A copy of the report must be sent to the TSPC after information related to the reporter's identity and other confidential information is removed.

(7) Community Mental Health Program, Community Developmental Disabilities Program, or Adult Protective Services. The screener must make a report to the Community Mental Health Program, Community Developmental Disabilities Program, or the local Adult Protective Service office when the screener has reasonable cause to believe:

(a) That any person 18 years of age or older with a mental illness, a developmental disability or a physical disability, or any person 65 years of age or older, with whom the screener comes into contact while the screener is acting in an official capacity, has suffered abuse; or

(b) That any person with whom the screener comes into contact, while acting in an official capacity, has abused a person 18 years of age or older with a mental illness, developmental disability, or physical disability, or any person 65 years of age or older.

413-015-0300
Cross Reporting Defined

The Department and law enforcement agencies are required by ORS 419B.015 to notify each other when a report of child abuse or neglect, as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36, is received. This process is known as cross reporting, and the notification is called a cross report. OAR 413-015-0300 to 413-015-0310 explain when and how a report of child abuse or neglect received by Child Welfare or a law enforcement agency is cross reported. Information is not cross reported until it is received.

Stat. Auth.: ORS 418.005 & 419B.015

413-015-0409
Exception to Completing CPS Assessment Activities

(1) The only exception to completing the CPS assessment activities required by these rules (OAR 413-015-0400 to 413-015-0485) on an assigned referral is when a CPS worker, in consultation with a CPS supervisor or designee, determines prior to the initial contact (see OAR 413-015-0420) that the referral does not require a CPS assessment because:

(a) The referral was opened in error; or

(b) There is no longer an allegation of abuse or neglect. The CPS worker received information after being assigned the referral and that information in combination with the corresponding screening report no longer constitutes a report of child abuse or neglect as defined in ORS 419B.005 or, when applicable, Oregon Laws 2016, chapter 106, section 36. This exception may be used only when the CPS worker and the CPS supervisor or designee determine the information:

(A) Is not from the alleged perpetrator;

(B) Relates directly to and specifically negates all allegations in the screening report; and

(C) Is considered on the basis of the objectivity of the individual providing the information and the quality of the information.

(2) The exception in section (1) of this rule is not permitted and a CPS assessment must be completed when the CPS worker has already made contact with the parent, caregiver, or alleged victim, unless the parent, caregiver, or alleged victim is the original reporter.

(3) The CPS worker must document the determination in the Department's electronic information system and explain the basis for the determination that a CPS assessment is not necessary.

413-015-0415
CPS Assessment Activities

The required CPS assessment activities are outlined below. The activities are described in a logical order in these rules, but the order in which they occur is controlled by the specific circumstances in a given case.

(1) Review Records.

(a) The assigned CPS worker must:

(A) Thoroughly review the documentation in the referral;

(B) Thoroughly review the paper and electronic records maintained by the Department for historical information on the family and the child that may be useful in completing the CPS assessment;

(C) Thoroughly review available Self-Sufficiency records; and

(D) Make diligent efforts to contact another state's child welfare agency to obtain records, if any, when the CPS worker has information that the family has lived in another state.

(b) The CPS worker must review the documents to identify information related to:

(A) Present danger safety threats or impending danger safety threats;

(B) History or a pattern of abuse or neglect;

(C) Child and family support systems and protective capacity; and

(D) Worker safety.

(2) Addressing Prior Allegations That Have Not Been Assessed Because the Department was Unable to Locate the Family. The assigned CPS worker must address in the current assessment any allegations not previously assessed because the Department was unable to locate the family as follows:

(a) Discuss the prior unassessed allegations during interviews;

(b) Consider all information about prior unassessed allegations when determining child safety; and

(c) Document the consideration of prior unassessed allegations in interviews, observations, and dispositional findings.

(3) Contact Collateral Sources.

(a) The CPS worker must contact collateral sources who can clarify or supplement the information in the referral and in records already reviewed.

(A) The CPS worker must contact the assigned Self-Sufficiency worker, if any.

(B) The CPS worker may contact other collateral sources including, but not limited to:

(i) Individuals who have regular contact with the child;

(ii) Doctors or others who have evaluated or maintain records on the child;

(iii) People who are in an established personal or professional relationship with the parent or caregiver and who can judge the quality and nature of the parent or caregiver behavior and functioning; and

(iv) People who have records or information about the parent or caregiver as a result of their involvement with, or exposure to, the parent or caregiver.

(b) The CPS worker must gather information from collateral sources throughout the CPS assessment.

(c) The CPS worker must:

(A) Protect the identity of collateral sources to the extent possible.

(B) Consult with the district attorney or the assistant attorney general to obtain a court order for records from a collateral source, if the source is unable or unwilling to share information with the Department.

(4) Consult with CPS Supervisor.

(a) The CPS worker must consult with a CPS supervisor or designee:

(A) When the CPS worker has reasonable cause to believe the alleged perpetrator is an employee of any program, office, or division of the Department of Human Services or Oregon Youth Authority (OYA);

(B) When a referral involves the home of a Department certified foster parent or relative caregiver;

(C) When a referral involves allegations that child abuse or neglect occurred in a child-caring agency or proctor foster home;

(D) When a CPS worker receives notification from a screener that a closed at screening or new referral was created on an open CPS assessment;

(E) Prior to a decision to place a child in protective custody, or after placement if consultation before placement will delay the safety intervention;

(F) Prior to initiating court action, or after initiating court action if consultation before will delay the safety intervention;

(G) Prior to developing an initial safety plan with a Department certified foster parent or relative caregiver;

(H) When the referral involves a child fatality;

(I) When making a disposition in a complicated or sensitive situation or case; or

(J) When closing an assessment with the disposition of "unable to locate".

(b) Subject to the discretion of the CPS supervisor, the CPS worker will consult with a CPS supervisor or designee at additional key points during the assessment, such as:

(A) Before making initial contact with the family; or

(B) When a referral indicates potential danger to the worker.

(5) Contact and Work with Other Entities. The CPS worker may need to work with representatives of other entities to gather and analyze safety-related information, develop a sufficient protective action plan, initial safety plan, or ongoing safety plan, and to complete the CPS assessment.

(a) The CPS worker may, as appropriate, notify or consult with other Department of Human Services programs or other agencies, including but not limited to the Office of Vocational Rehabilitation Services and Animal Control.

(b) The CPS worker must report to or contact and work with other entities as follows:

(A) Office of Child Care. The CPS worker must notify and coordinate with the Compliance Unit of the Office of Child Care when a report involves a registered day-care home or a licensed day-care center, as required by ORS 419B.020(1).

(B) Oregon Youth Authority (OYA). The CPS worker must notify OYA when the allegation involves an OYA certified foster home.

(C) Office of Adult Abuse Prevention and Investigation (OAAPI). The CPS worker must notify the OAAPI when an allegation involves a child with intellectual or developmental disabilities in a 24 hour residential setting licensed by the Office of Developmental Disabilities Services.

(D) Office of Developmental Disabilities Services (ODDS). The CPS worker must notify the ODDS Community Developmental Disabilities Program service coordinator when a report involves a child with intellectual or developmental disabilities in a home certified by the ODDS or the Department.

(E) Community Mental Health Program, Community Developmental Disabilities Program, or Adult Protective Services. The CPS worker must make a report to the Community Mental Health Program, Community Developmental Disabilities Program, or the local Adult Protective Service office when the CPS worker has reasonable cause to believe:

(i) That any person 18 years of age or older with a mental illness, a developmental disability or a physical disability, or any person 65 years of age or older, with whom the CPS worker comes into contact while acting in an official capacity, has suffered abuse.

(ii) That any person with whom the CPS worker comes into contact, while acting in an official capacity, has abused a person 18 years of age or older with a mental illness, a developmental disability or a physical disability, or any person 65 years of age or older.

(F) Indian Tribes. If the CPS worker knows or has reason to know that the child is an Indian child, the CPS worker must give notice within 24 hours to the Indian child's tribe that a CPS assessment is being conducted unless the screener documented completion of this notification in the referral.

(G) Probation and Parole. The CPS worker must contact probation and parole when the allegation involves a parent or caregiver, or alleged perpetrator who is supervised by probation or parole.

(H) Law Enforcement. If the screener did not cross report, the CPS worker must contact one or more law enforcement agencies (LEA) in accordance with the protocols of the local MDT agreement and in accordance with cross reporting rules, OAR 413-015-0300 to OAR 413-015-0310. When there is a joint response involving a CPS worker and LEA staff, the CPS worker is still responsible for all of the activities necessary to complete a CPS assessment which are summarized in OAR 413-015-0400. The CPS worker must, in consultation with a CPS supervisor, determine whether to coordinate assessment activities with LEA in the following situations:

(i) Presence of danger. When the CPS worker has information that indicates that the child is unsafe right now.

(ii) Family cooperation. When the CPS worker has information that the family may not allow the CPS worker to observe the alleged victim or other children in the home.

(iii) Protective custody. When the CPS worker has information that a child may need to be placed in protective custody for the child's safety.

(iv) Child interview. When the CPS worker and the LEA officer must each interview a child, it is preferable to coordinate the interviews to reduce the number of interactions with the child.

(v) Worker safety. When the CPS worker has information that indicates the family behaviors, conditions, or circumstances could pose a danger to the CPS worker.

(vi) Crime committed. When the CPS worker suspects or receives a report that a crime may have been committed.

(I) Public or Private Schools. The CPS worker may interview a child at school when the worker believes it will be the best environment in which to assure a child's safety when making contact with the child. ORS 419B.045 provides requirements for CPS investigations that are conducted on school premises. The CPS worker must do following:

(i) Notify the school administrator that a CPS assessment must be conducted. If the school administrator is a subject of the CPS assessment, then notification is not required.

(ii) Report to the school office, provide identification, inform school personnel of the CPS assessment, and provide the name of the child to be interviewed.

(iii) Request information from school personnel regarding the disabilities of the child, if any, prior to an interview with the affected child.

(iv) Interview the child out of the presence of other persons, unless the CPS worker believes the presence of a school employee or other person would facilitate the interview. If the CPS worker believes that a school employee does not need to be present, but the school employee insists on being present during the interview, the worker may confer with the CPS supervisor for assistance in handling the situation.

(v) Discuss further actions with the child at the conclusion of the interview.

(vi) Inform school personnel when the interview has been completed.

(vii) Inform school personnel if the child is taken into protective custody.

(viii) Inform school personnel that the CPS worker will notify parents of the interview.

(ix) Contact the CPS supervisor if school officials refuse to allow the assessment to take place on school property.

(J) Multi-Disciplinary Teams (MDTs). Department district managers must develop interagency agreements regarding assessment of child abuse and neglect, as necessary, with local MDTs. Requirements for MDT protocols are set out in ORS 418.747.

(6) Obtain Interpreters and Translation. The CPS worker must obtain the services of a competent interpreter and competent written translation service for families, including hearing-impaired family members, who have limited or no means of communicating in or reading English.

(7) Determine Indian Child Welfare Act (ICWA) Status and Comply with ICWA, if Applicable. The CPS worker must initiate the process to determine the child's ICWA status and notify the Indian child's tribe if ICWA applies. To initiate this process, the CPS worker must:

(a) Assure completion of a form CF 1270, "Verification of ICWA Eligibility", to assist in determining ICWA eligibility.

(b) Contact the child's tribe when an Indian child is the subject of a CPS assessment. Federally recognized tribes must be notified within 24 hours after information alleging abuse or neglect is received by the Department.

(c) If the Indian child is enrolled or eligible for enrollment in a federally recognized tribe, notify the child's tribe if the child may be placed in protective custody.

(d) Consult with the local Department ICWA liaison, a supervisor, or the ICWA manager if the worker has questions regarding the involvement of a tribe or the ICWA status of a child.

(e) Make a diligent attempt to address the following when determining the placement resource:

(A) Contact the tribe's social services department;

(B) Search for relative resources;

(C) Search for available Indian homes; and

(D) Contact other Indian tribes and other Indian organizations with available placement resources.

(f) Unless the Indian child's tribe has established a different order of preference, comply with the ICWA placement preference, which is:

(A) Placement with a member of Indian child's extended family.

(B) Placement with a foster family that is licensed, approved or specified by the Indian child's tribe.

(C) Placement with an Indian foster home licensed or approved by an authorized non-Indian licensing authority.

(D) Placement with an institution for children approved by an Indian tribe or operated by an Indian organization which has a program suitable to meet the Indian child's needs.

(8) Determine Refugee Status and Comply with the Refugee Children Act, if applicable. During a CPS assessment, the CPS worker must consider whether the child is a refugee child. Under ORS 418.925, a "refugee child" is a "person under 18 years of age who has entered the United States and is unwilling or unable to return to the person's country because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular group or political opinion, or whose parents entered the United States within the preceding 10 years and are or were unwilling or unable to return to their country because of persecution or a well-founded fear of persecution on account of race, religion, nationality, membership in a particular group or political opinion."

(a) If it appears that a child is a refugee child, the CPS worker must ask about the child or parents' country of origin, length of time the child or parents have been in the United States, reasons why the child or parents came to the United States, and ethnic and cultural information relevant to the child's status as a refugee. The CPS worker does not have to make a legal determination that the child and parent are refugees, but if the child or the parents indicate they are refugees, then the CPS worker must proceed as if they are, until or unless it is known that they are not refugees.

(b) The CPS worker may not take a refugee child into protective custody unless, in addition to the other requirements for taking a child into custody, the CPS worker determines that:

(A) Removal is necessary to prevent imminent serious emotional or physical harm to the child; and

(B) Reasonable efforts to alleviate the harm through remedial or preventive services do not alleviate the harm, have failed, or are not practical in an emergency situation.

(c) Unless it is a voluntary placement, no refugee child may remain in placement more than five days unless there has been a judicial determination, supported by clear and convincing evidence that:

(A) Preventative or remedial services provided by the Department have failed to alleviate the need for removal; and

(B) Return to the home will likely result in psychological or physical damage to the child.

(d) When a refugee child is placed in care, the juvenile court petition must include, in addition to the information required by ORS 419B.809, the following information:

(A) A specific and detailed account of the circumstances that led the Department to conclude that the child was in imminent danger of serious emotional or physical harm;

(B) Specific actions the Department has taken or is taking to alleviate the need for removal;

(C) Assurance that the Department has complied with placement preferences listed in ORS 418.937 and listed in subsection (e) of this section; and

(D) Assurance that the Department is making or has made diligent efforts to locate and give notice to all affected refugee family members and to the Refugee Child Welfare Advisory Committee that the petition has been filed.

(e) The CPS worker must consider the refugee child's culture and tradition when making any placement decision for a refugee child and, unless shown to be inappropriate and inconsistent with the best interests of the child, place the child with the following in order of preference:

(A) Natural parents.

(B) Extended family member.

(C) Members from the same cultural heritage.

(D) Persons with knowledge and appreciation of the child's cultural heritage.

(f) The CPS worker may determine that placement under subsection (e) of this section is inappropriate and inconsistent with the best interests of the child if:

(A) The preferred placement presents a threat to the child's safety;

(B) The extreme medical, physical, or psychological needs of the child cannot be met in the placement; or

(C) There is an informed request from either of the child's biological parents not to use a placement, if the request is consistent with stability, security, and the individual needs of the child.

(g) When a juvenile court petition is filed and a refugee child is placed in care, the CPS worker must staff the case with the Refugee Child Welfare Advisory Committee (RCWAC). The CPS worker must contact the International Case Consultant for the Department to arrange a time for the staffing. In preparation for the staffing, the CPS worker must:

(A) Invite the CPS supervisor to the staffing; and

(B) Be prepared to discuss the reasons for the CPS referral, the information indicating that family members are refugees, and their country of origin.

(9) Take Photographs. The CPS worker must, during the CPS assessment, take photographs and document, as necessary, child abuse or neglect and the observable nature of any present danger safety threat or impending danger safety threat.

(a) As provided in ORS 419B.028, a law enforcement officer or the CPS worker may take photographs for the purpose of documenting the child's condition at the time of the CPS assessment.

(b) As provided in ORS 419B.028, if the CPS worker conducting a CPS assessment observes a child who has suffered suspicious physical injury and the CPS worker is certain or has a reasonable suspicion that the injury is or may be the result of abuse, the CPS worker, in accordance with the protocols and procedures of the county multi-disciplinary team described in ORS 418.747, will immediately photograph or cause to have photographed the suspicious physical injuries. Regardless of whether the child has previously been photographed or assessed during a CPS assessment, the CPS worker will photograph or cause to be photographed any suspicious injuries if the CPS worker is certain or has a reasonable suspicion the suspicious injuries are the result of abuse:

(A) During the assessment of a new allegation of abuse; and

(B) Each time, during the assessment, an injury is observed that was not previously observed by the assigned CPS worker.

(c) When a child is photographed pursuant to subsection (b) of this section:

(A) The person taking the photographs or causing to have the photographs taken must, within 48 hours or by the end of the next regular business day, whichever occurs later:

(i) Provide hard copies or prints of the photographs and, if available, copies of the photographs in an electronic format to the designated medical professional; and

(ii) Place hard copies or prints of the photographs and, if available, copies of the photographs in an electronic format in the Department record labeled with the case name, case number, child's name, and date taken.

(B) If a county multidisciplinary team staffing of the case is held, photographs of the injury will be made available to each team member involved in the case staffing at the first meeting regarding the child's case.

(d) The CPS worker must document injuries, hazardous environments, and the observable nature of any present danger safety threat or impending danger safety threat in the assessment narrative by use of photographs, written description, or illustrations.

(e) Photographs of the anal or genital region may be taken only by medical personnel.

(10) Obtain Medical Assessment. The CPS worker must, during the CPS assessment as required in this section, facilitate a medical assessment of the child and obtain the child's medical history when necessary to assure child safety, determine treatment needs, reassure the child and family, or assist in analyzing safety-related information.

(a) When the CPS worker determines that the child is in need of a medical assessment as part of a CPS assessment, the CPS worker must consult with a CPS supervisor as soon as possible, but not at the expense of delaying medical treatment.

(b) If a person conducting an assessment under ORS 419B.020 observes a child who has suffered suspicious physical injury as defined in ORS 419B.023 and the person is certain or has a reasonable suspicion that the injury is or may be the result of abuse, the person must, in accordance with the protocols and procedures of the county multi-disciplinary team described in ORS 418.747, ensure that;

(A) A designated medical professional conducts a medical assessment within 48 hours of the observation of the suspicious physical injury, or sooner if dictated by the child's medical needs; or

(B) An available physician, physician assistant, or nurse practitioner conducts a medical assessment if, after reasonable efforts to locate a designated medical professional, a designated medical professional is not available to conduct a medical assessment within 48 hours. The CPS worker is required to document in the Department's electronic information system efforts to locate the designated medical professional when an available physician, physician assistant, or nurse practitioner is used.

(c) The CPS worker must facilitate an assessment by a medical professional if the alleged child abuse or neglect involves injury to the anal or genital region.

(d) When there are indications of severe physical trauma to the child, the CPS worker must make arrangements to immediately transport the child to a medical facility, which may include calling 911. The CPS worker must

also make arrangements for medical examination of a child for mild or moderate physical trauma.

(e) To make arrangements for the medical examination of a child, the CPS worker must do the following, unless completing the action would delay medical treatment for the child:

(A) Discuss with the parent or caregiver the need for medical examination or treatment.

(B) Ask the parent or caregiver to take the child to a medical facility for a medical examination or treatment.

(C) Request that the parent sign a form DHS 2099, "Authorization for Use and Disclosure of Information".

(D) Contact an LEA immediately and seek a juvenile court order to obtain protective custody of the child for the purpose of obtaining a medical examination or treatment when:

(i) The parent or caregiver refuses to obtain needed medical examination or treatment;

(ii) The parent or caregiver may flee with the child; or

(iii) Delaying medical examination or treatment could result in severe harm to the child.

(E) Immediately seek medical care and consultation when the child may have a life-threatening condition, or a deteriorating condition that may become life-threatening.

(F) As soon as possible and not later than 24 hours after learning of the exposure, make arrangements to have the child tested for chemical exposure to harmful substances when there is reason to believe a child has been exposed to dangerous chemicals such as those found in a chemical drug lab.

(f) When a report of suspected medical neglect of an infant with a disability and with life-threatening conditions is referred for CPS assessment, the assigned CPS worker must comply with "Investigation of Suspected Medical Neglect-Infants", OAR 413-030-0600 to 413-030-0650.

(g) When it is medically indicated to subject a child in the custody of the Department to HIV testing, the CPS worker must comply with "HIV Testing of Children in Custody and HIV Confidentiality", OAR 413-040-0400 to 413-040-0450.

(h) As provided in ORS 147.425, a child who is the victim of a person crime and is at least 15 years of age at the time of the abuse may have a personal representative present during a medical examination. If a CPS worker believes that a personal representative would compromise the CPS assessment, a CPS worker may prohibit a personal representative from being present during the medical examination.

(i) When the CPS worker is assessing a CPS allegation of medical neglect, the CPS worker must consult with a health care professional as part of the assessment.

(11) Obtain Psychological and Psychiatric Evaluations.

(a) The CPS worker must make a referral for a psychological or psychiatric evaluation of the parent, caregiver, or child by a mental health professional to assure child safety, determine treatment needs, or assist in analyzing safety-related information when during the CPS assessment the CPS worker identifies a specific condition or behavior that requires additional professional evaluation. This includes but is not limited to:

(A) Unusual or bizarre forms of punishment;

(B) Mental illness;

(C) Suicidal ideation;

(D) Homicidal ideation; or

(E) Unusual or bizarre child or parental behavior that is indicative of emotional problems.

(b) The CPS worker must obtain consent of the parent or caregiver prior to making a referral for a psychological or psychiatric evaluation of the parent, caregiver, or child, unless the evaluation is court ordered.

(12) Make Monthly Face-to-Face Contact. The CPS worker must make a minimum of monthly face-to-face contact as described in OAR 413-080-0054.

413-015-0420

Make Initial Contact

(1) The CPS worker must make an initial contact within the assigned response time line.

(2) The following outlines contacts the CPS worker is required to attempt and, when possible, complete at initial contact. The CPS worker must:

(a) Have face-to-face contact with and interview the alleged victim, his or her siblings, and other children living in the home except as provided in OAR 413-015-0640. The purpose of the face-to-face contact and interview with the alleged victim, his or her siblings, and other children living in the home is to gather information regarding possible child abuse and neglect, gather information about the children's functioning and vulnerability, and assess the children's immediate safety.

(A) Interview and observe children as follows:

(i) The CPS worker must notify parents of the intent to interview a child, unless notification could compromise the child's safety.

(ii) The CPS worker must make diligent efforts to contact the child at home, school, day care, or any other place where the worker believes the child may be found. If the CPS worker is unsuccessful, the CPS worker must document in the Department's electronic information system all attempts made to contact the child and the dates of those attempted contacts.

(iii) When the CPS worker contacts the child at home and the parent or caregiver is not present:

(I) The CPS worker must consult with a CPS supervisor and seek assistance from LEA if the referral indicates there is reasonable cause to believe the child's health or safety is endangered by the conditions of the dwelling; or the child is inadequately supervised and there is an immediate need to evaluate the child's health and safety.

(II) The CPS worker must wait until the parent is present in the home to complete a child interview in the home if there is not reasonable cause to believe the child's health or safety is endangered by the conditions of the dwelling or that the child is inadequately supervised.

(iv) When the CPS worker is denied access to the child or to the child's residence, the CPS worker must, if the referral indicates that the child may be unsafe, request assistance from LEA in assessing the situation and in taking the child into protective custody if needed. If the referral indicates that the child is presently safe, the CPS worker must consider the following:

(I) Attempting to contact other persons who may have relevant information regarding the referral;

(II) Persisting in attempts to gain cooperation from the family or caregivers, depending on the known child safety information;

(III) Seeking LEA assistance;

(IV) Consulting with the CPS supervisor, the district attorney, assistant attorney general, or the county juvenile department to discuss possible juvenile court action; or

(V) Seeking a protective custody order from the juvenile court.

(v) The CPS worker must conduct interviews in a manner that assures privacy for the child.

(vi) If the parent or caregiver is the alleged perpetrator or if the presence of the parent or caregiver might impede the interview, the CPS worker must attempt to interview children outside the presence of their parents or caregivers.

(vii) A CPS worker must allow a child who is the victim of a person crime as defined in ORS 147.425 and is at least 15 years of age at the time of the abuse to have a personal representative be present during an interview. If a CPS worker believes that the personal representative would compromise the CPS assessment, the CPS worker may prohibit a personal representative from being present during the interview.

(viii) The CPS worker must observe the child's injuries or signs of neglect. The CPS worker may need to remove a child's clothing to make adequate observations. In that event, the CPS worker must:

(I) Use discretion and make the child as comfortable as possible.

(II) Seek parental consent and assistance, when possible and appropriate.

(III) Consider requesting a worker or other support person, who is the same gender as the child, be present to serve as a witness and provide comfort for the child.

(ix) The CPS worker may observe injuries to a child's anal or genital region if the child is not school aged and if the injury can be observed without the CPS worker touching the child's anal or genital region.

(B) The CPS worker must notify the parents or caregivers the same day a child is interviewed. If the same day notification could make a child

or adult unsafe, a CPS supervisor may authorize an extension for one day to allow a planned notification that is less likely to compromise safety. The CPS worker must document in the Department's electronic information system the supervisory approval and an explanation describing the basis for the approval.

(b) Have face-to-face contact with and interview the non-offending parent or caregiver and all adults living in the home except as provided in OAR 413-015-0640. The purpose of this face-to-face contact and interview is to find out what the non-offending parent or caregiver and other adults living in the home know about the alleged child abuse or neglect, gather information related to the safety of the child, including parent and caregiver functioning, and gather information to determine if the parent or caregiver can or cannot and will or will not protect the child.

(A) Whenever practicable, the CPS worker must interview both parents and caregivers in person, as follows:

(i) Interview each person in a manner that considers each person's privacy and safety and assures effective communication. This may require interviewing parents or caregivers individually and also together depending on the information being gathered;

(ii) Ask questions about domestic violence in separate interviews only; and

(iii) Provide all adults living in the home with a written notice that a criminal records check may be conducted on them.

(B) The CPS worker must provide each parent or caregiver with a "What you need to know about a Child Protective Services assessment" pamphlet, which includes written information regarding the CPS assessment process, including the court process and the rights of the parent and caregiver.

(C) The CPS worker must interview the non-custodial legal parent during the CPS assessment. This is not required during the initial contact, but must be completed as part of the assessment process because the non-custodial parent may have essential information or be a placement resource. If the interview of the non-custodial legal parent may make a child or adult unsafe, a CPS supervisor may authorize an exception to this requirement based on written documentation that supports the conclusion that an interview with a non-custodial legal parent should not be conducted.

(c) Have face-to-face contact with and interview the alleged perpetrator. Except as provided in this subsection, the CPS worker must make face-to-face contact with and interview the alleged perpetrator during the initial contact when he or she is the child's custodial parent, caregiver, any person living in the home, or is present in the home when the CPS worker makes contact. The purpose of this interview is to evaluate the alleged perpetrator's reaction to allegations of abuse or neglect as well as to the child and his or her condition, and to gather further information about the alleged perpetrator and the family in relation to the safety of the child. When the alleged perpetrator is a minor parent, the purpose is also to determine if the minor parent is an alleged victim of abuse (under paragraph (D) of this subsection).

(A) The CPS worker is not required to make face-to-face contact with or interview the alleged perpetrator during the initial contact if:

(i) The alleged perpetrator is not a custodial parent, caregiver, anyone living in the home, or is not present in the home when the CPS worker makes contact and delaying contact will not compromise child safety. The CPS worker still must interview the alleged perpetrator, but may complete the interview during the course of the CPS assessment; or

(ii) There is a criminal investigation and the interview cannot be coordinated with an LEA within the time lines for initial contact.

(B) The decision to delay interview of an alleged perpetrator as provided in subparagraphs (A)(i) or (ii) of this subsection must be approved by a CPS supervisor, and the CPS worker must document in the Department's electronic information system both the approval and the reason for delaying the interview.

(C) When interviewing the alleged perpetrator, the CPS worker must:

(i) Coordinate the interviews of the alleged perpetrator with LEA when law enforcement is conducting an investigation;

(ii) Consult with a CPS supervisor if an interview with the alleged perpetrator could make a child or adult unsafe;

(iii) Provide the alleged perpetrator with a written notice that a criminal records check may be conducted on them; and

(iv) Make inquiries about the employment status of the alleged perpetrator. If the CPS worker has reasonable cause to believe the alleged perpetrator is an employee of any program, office, or division of the Department of Human Services (DHS) or OYA, the CPS worker must notify a CPS supervisor. The CPS supervisor must confirm the person's employee status by contacting a Central Office Field Services representative. If the CPS supervisor determines the alleged perpetrator is an employee of the DHS or OYA, the CPS supervisor must notify the DHS Office of Human Resources at the time of the assessment and at the time the assessment is reviewed as required in OAR 413-015-0475. The CPS supervisor must document the notifications in the Department's electronic information system.

(D) When interviewing the alleged perpetrator who is a minor and the parent of the alleged victim, the CPS worker must ask questions to determine if there is an allegation of abuse or neglect with the minor parent as an alleged victim. If it is determined that there is an allegation of abuse or neglect with the minor parent as an alleged victim, the information must be reported to a screener.

(E) When interviewing an alleged perpetrator who is the parent or caregiver, the CPS worker must provide the parent or caregiver with a "What you need to know about a Child Protective Services assessment" pamphlet, which includes written information regarding the CPS assessment process, including the court process and the rights of the parent and caregiver.

(3) Gather safety-related information through interviews and observation. The CPS worker must begin to gather safety-related information through interviews and observation as outlined in OAR 413-015-0422, "Gather Safety Related Information through Interview and Observation".

(4) Determine if there is a present danger safety threat or impending danger safety threat. During the initial contact, the CPS worker must determine, based on the information obtained at that time, if there is a present danger safety threat or impending danger safety threat to the child as outlined in OAR 413-015-0425, "Determine if there is a Present Danger Safety Threat or Impending Danger Safety Threat".

(5) Documentation of the Initial Contact. The CPS worker must document the dates of attempted and successful contacts in the Department's electronic information system. If it was not possible during the initial contact for the CPS worker to successfully complete a required contact, the CPS worker must document why contact was not made and must complete the face-to-face contact and interview as soon as possible.

413-015-0440
Determine Disposition of the CPS Assessment

(1) After gathering all the information necessary to complete the CPS assessment, the CPS worker must determine the disposition.

(2) Requirement to Determine Disposition of the CPS Assessment. The CPS worker must determine if there is reasonable cause to believe that child abuse or neglect occurred and explain the basis for that determination.

(a) The requirements for determining dispositions on a report of abuse or neglect as defined in ORS 419B.005 are described in OAR 413-015-1000, "The CPS Assessment Dispositions".

(b) The requirements for determining dispositions on a report of abuse or neglect involving a child-caring agency or proctor foster home as defined in Oregon Laws 2016, chapter 106, section 36 are described in OAR 413-015-0620 to 413-015-0640.

(3) When a disposition is founded for child abuse or neglect, the CPS worker must refer all victims three years old and under to Early Intervention. In completing the referral, the CPS worker must use the "CPS to Early Intervention Referral Form" (DHS 323) when a release of information is not signed.

(4) Documentation. The CPS worker must document that determination and explain the basis for the determination in the disposition narrative section of the Department's electronic information system prior to completing the CPS assessment.

413-015-0445
Make Child Safety Decision and Determine Whether to Open a Case

(1) After all the necessary information is gathered for the CPS assessment and the disposition has been determined, the CPS worker must determine if the child is safe or unsafe at the conclusion of the CPS assessment. To make a child safety decision at the conclusion of a CPS assessment, the CPS worker must again determine if an impending danger safety threat is

present as outlined in OAR 413-015-0425, "Determine if there is a Present Danger Safety Threat or Impending Danger Safety Threat".

(2) When at the conclusion of the CPS assessment the CPS worker determines one or more impending danger safety threats are present, including a previously identified threat that has not been eliminated, the CPS worker must conclude the child is unsafe. When the CPS worker concludes the child is unsafe at the conclusion of the CPS assessment, the CPS worker must:

(a) Determine how the impending danger safety threat is occurring to support the development of an ongoing safety plan as outlined in OAR 413-015-0428, "Identify How the Impending Danger Safety Threat is Occurring";

(b) Develop an ongoing safety plan as outlined in OAR 413-015-0450, "Develop Safety Plans";

(c) Complete the CPS assessment; and

(d) Open a case.

(3) When at the conclusion of the CPS assessment the CPS worker determines no impending danger safety threats are present and any threat identified previously has been eliminated, the CPS worker must conclude the child is safe. When the CPS worker concludes the child is safe at the conclusion of the CPS assessment, the CPS worker must comply with all of the following subsections:

(a) Dismiss the protective action plan or initial safety plan if one is in place.

(b) Determine if the family has moderate to high needs unless completing a CPS assessment involving the home of a Department certified foster parent or relative caregiver, a child-caring agency, or a proctor foster home.

(A) If the family does not have moderate to high needs the CPS worker must complete and close the CPS assessment.

(B) If the family does have moderate to high needs the CPS worker must:

(i) Offer the family referrals to relevant non-contracted community services as available; and

(ii) If the family accepts the offer for referrals to non-contracted community services, the CPS worker must refer the family to relevant non-contracted community services as available.

(c) Complete the CPS assessment.

(d) Close the CPS assessment without opening a case.

(4) Documentation of the Child Safety Decision. The CPS worker must document in the Department's electronic information system the child safety decision including all of the following subsections as applicable:

(a) If the child is safe and the assessment will be closed or the child is unsafe and the case will be opened.

(b) If the child is safe:

(A) Whether the family was identified as having moderate to high needs; and

(B) If applicable, whether the family accepted the offer for non-contracted community service referrals.

(c) The basis for the determination in subsection (a) of this section.

413-015-0450
Develop an Ongoing Safety Plan

(1) At the completion of the CPS assessment when the CPS worker determines, through an analysis of the safety-related information, that a child is unsafe, the CPS worker must develop and document an ongoing safety plan unless completing a CPS assessment involving the home of a Department certified foster parent or relative caregiver, a child- caring agency, or a proctor foster home. The purpose of the ongoing safety plan is to control the impending danger safety threats as they are uniquely occurring within a particular family.

(2) Requirements for an Ongoing Safety Plan. When developing an ongoing safety plan the CPS worker must assure all requirements in OAR 413-015-0432, "Develop Safety Plans", are met and:

(a) Use a Child Safety Meeting unless a supervisor approved an exception;

(b) Include conditions for return when an out-of-home ongoing safety plan is developed; and

(c) Re-evaluate the initial safety plan, if one is in place, to determine if it is appropriate and sufficient as an ongoing safety plan and re-confirm all commitments with all safety service providers identified in the initial safety plan if it is to become an ongoing safety plan.

Stat. Auth.: ORS 418.005

413-015-0470
Notifications

(1) Requirements for Providing Notifications. The CPS worker must:

(a) Unless the Department determines that disclosure is not permitted under ORS 419B.035, notify the reporter, if the reporter provided the Department with contact information, whether contact was made, whether the Department determined that child abuse or neglect occurred, and whether services will be provided.

(b) Provide the child's parents, including a non-custodial legal parent, and caregivers verbal notification of all CPS assessment dispositions (unfounded, unable to determine, or founded) and whether the Department will provide services as a result of the CPS assessment. When the child's parent is the perpetrator, the notice under subsection (c) of this section also must be provided. If notification may make a child or adult unsafe, a CPS supervisor may authorize an exception to the requirement to provide notification based on documentation supporting that conclusion.

(c) Provide perpetrators written notification of founded or substantiated dispositions. This written notification must include information about the founded or substantiated disposition review process as outlined in "Notice and Review of CPS Founded Dispositions", OAR 413-010-0700 to 413-010-0750. If the notification could make a child or adult unsafe, a CPS supervisor may authorize an exception to the requirement to provide notification based on documentation that supports this conclusion.

(d) Provide the Teacher Standards and Practices Commission (TSPC) notification of a completed assessment by providing TSPC with a copy of the completed CPS assessment when a teacher or school administrator, as defined in OAR 413-015-0115, is identified as an alleged perpetrator in a report. Regardless of a disposition, a copy of the report must be sent to TSPC after information related to the reporter's identity and other confidential information is removed.

(2) Documentation of Notifications. The CPS worker must document the notifications as described in this rule in the Department's electronic information system and the documentation must include:

(a) Who made the notification.

(b) To whom the notification was made.

(c) The date the notification was made.

(d) That the notifications have been attempted or made within the following time lines:

(A) Prior to completing the CPS assessment for a notification provided under subsection (1)(a) of this rule.

(B) Within five business days of supervisory approval of the CPS assessment for a notification provided under subsection (1)(b) through (1)(d) of this rule.

413-015-0620
Purpose

The purpose of OAR 413-015-0000 to 413-015-0000 is to describe Department responsibilities during screening and assessment when a report involves a child-caring agency or proctor foster home.

Stat. Auth.: OL 2016, ch 10
Stats. Implemented: OL 2016, ch 10
Hist.: CWP 11-2016(Temp), f. 6-30-16, cert. ef. 7-1-16 thru 12-27-16

413-015-0625
Definitions

The following definitions apply to OAR 413-015-0620 to 413-015-0640:

(1) "Abuse" has the meaning given in ORS 419B.005 and also means one or more of the following (as described in Oregon Laws 2016, chapter 106, section 36):

(a) Any physical injury to a child in care cause by other than accidental means, or which appears to be at variance with the explanation given of the injury.

(b) Neglect of a child in care.

(c) Abandonment, including desertion or willful forsaking of a child in care or the withdrawal or neglect of duties and obligations owed a child in care by a child-caring agency, caretaker, or other person.

(d) Willful infliction of physical pain or injury upon a child in care.

(e) An act that constitutes a crime under ORS 163.375, 163.405, 163.411, 163.415, 163.425, 163.427, 163.467, or 163.525.

(f) Verbal abuse.

(g) Financial Exploitation.

(h) Sexual abuse.

(i) Involuntary seclusion of a child in care for the convenience or a child-caring agency or caretaker or to discipline the child in care.

(j) A wrongful use of a physical or chemical restraint of a child in care, excluding an act of restraint prescribed by a physical licensed under ORS Chapter 677 and any treatment activities that are consistent with an approved treatment plan or in connection with a court order.

(2) "Child in care" means a person under 21 years of age who is residing in or receiving care or services from a child-caring agency or proctor foster home subject to ORS 418.205 to 418.327, 418.475 or 418.950 to 418.970.

(3) "Financial exploitation" means: Wrongfully taking the assets, funds, or property belonging to or intended for the use of a child in care.

(b) Alarming a child in care by conveying a threat to wrongfully take or appropriate moneys or property of the child in care if the child would reasonably believe that the threat conveyed would be carried out.

(c) Misappropriating, misusing or transferring without authorization any moneys from any account held jointly or singly by a child in care.

(d) Failing to use the income or assets of a child in care effectively for the support and maintenance of the child in care.

(e) "Financial exploitation" does not include age-appropriate discipline that may involve the threat to withhold, or the withholding of, privileges.

(4) "Intimidation" means compelling or deterring conduct by threat. "Intimidation" does not include age-appropriate discipline that may involve the threat to withhold privileges.

(5) "Neglect" means:

(a) Failure to provide the care, supervision, or services necessary to maintain the physical and mental health of a child in care; or

(b) The failure of a child-caring agency, proctor foster home, caretaker, or other person to make a reasonable effort to protect a child in care from abuse.

(6) "Sexual abuse" means:

(a) Sexual harassment, sexual exploitation, or inappropriate exposure to sexually explicit material or language;

(b) Any sexual contact between a child in care and an employee of a child-caring agency or proctor foster home, caretaker, or other person responsible for the provision of care or services to a child in care;

(c) Any sexual contact between a person and a child in care that is unlawful under ORS chapter 163 and not subject to a defense under that chapter; or

(d) Any sexual contact that is achieved through force, trickery, threat, or coercion.

(7) "Sexual contact" has the meaning given that term in ORS 163.305(1)(a)(E).

(8) "Sexual exploitation" as described in ORS 419B.005(1)(a)(E).

(9) "Verbal abuse" means to threaten significant physical or emotional harm to a child in care through the use of:

(a) Derogatory or inappropriate names, insults, verbal assaults, profanity, or ridicule; or

(b) Harassment, coercion, threats, intimidation, humiliation, mental cruelty, or inappropriate sexual comments.

Stat. Auth.: OL 2016, ch 10

413-015-0630
Screening

(1) After gathering and documenting information required in OAR 413-015-0205(4)(a) the screener must determine whether the Department, the Office of Adult Abuse Prevention and Investigation (OAAPI) or both are required to respond to the report. Who responds to the report depends on the alleged victim, the alleged perpetrator and the type of abuse alleged.

(a) The Department determines the response to information alleging:

(A) Sexual abuse of a child in care, when the alleged perpetrator of the sexual abuse is a child or a child in care;

(B) Abuse of a child or young adult who resides in a child-caring agency or proctor foster home when the child or young adult does not receive services from the child-caring agency; or

(C) Abuse of a child in care when the alleged perpetrator is one of the following child-caring agencies or an employee of one of the following child-caring agencies:

(i) Academic Boarding School;

(ii) Adoption Agency; or

(iii) Homeless, Runaway and Transitional Living Shelters.

(b) The OAAPI determines the response to information alleging abuse of a child in care and the perpetrator is a proctor foster parent or one of the following child-caring agencies or an employee of one of the following child-caring agencies:

(A) Residential Care Agency;

(B) Day Treatment Agency;

(C) Foster Care Agency;

(D) Therapeutic Boarding School; or

(E) Outdoor Youth Program.

(2) Forward the report. When subsection (1)(b) of this rule applies, the screener must:

(a) Immediately pend the screening information to the OAAPI screener's workload.

(b) Immediately send an e-mail to the OAAPI screener to let the OAAPI screener know that a screening report has been assigned to the OAAPI screener's workload.

(c) When (1)(a) or (b) of this rule applies, document the information received in a second screening report form and then complete screening activities outlined in section (3) of this rule. When only subsection (1)(b) of this rule applies, screening activities are complete.

(3) Complete Screening Activities. When a screener determines the report is the responsibility of the Department as outlined in subsection (2)(a) of this rule, the screener must:

(a) Comply with 413-015-0205 to 0225; and

(b) When a report is closed at screening or referred for assessment, immediately notify the Department personnel assigned to ensure notifications outlined in Oregon Laws 2016, chapter 106 and OAR 413-080-0070 and document this notification in the Department's electronic information system case notes.

Stat. Auth.: OL 2016, ch 10
Stats. Implemented: OL 2016, ch 10

413-015-0640
Assessment

(1) When a report involving a child-caring agency or a proctor foster home is referred for a CPS assessment, the CPS worker must convene a staffing before making initial contact unless the timing of the staffing will compromise the safety of the child in care.

(a) The purpose of the staffing is:

(A) To determine and coordinate the response to the referral;

(B) To share information known by the Department regarding the children or young adults placed in the child-caring agency or proctor foster home; and

(C) To share information known by the Department regarding the child-caring agency or proctor foster home.

(b) The CPS worker must assure that the following people are invited to the staffing:

(A) The assigned caseworker of each child in care in the home or each caseworker's supervisor;

(B) A Department licensing coordinator;

(C) A manager, compliance specialist, or residential resource consultant from the Department's Well Being program; and

(D) An OAAPI investigator, if assigned.

(c) The CPS supervisor or designee must:

(A) Assure that the staffing discussed in subsection (a) of this section occurs prior to the initial contact unless the timing of the staffing will compromise the safety of the child in care;

(B) Determine whether the Child Welfare Program Manager and CPS Consultant should be invited to the staffing; and

(C) If the staffing does not occur prior to the initial contact, assure the staffing occurs the next business day and that all persons identified in subsection (b) of this section share information known by the Department regarding children or young adults placed in the child-caring agency or proctor foster home, the child-caring agency, employees of the child-caring agency, the proctor foster home, and any individuals living in the proctor foster home.

(2) The CPS worker must comply with OAR 413-015-0403 through 413-015-0485 and complete the following additional activities during the CPS assessment:

(a) Face-to-face contact and interview requirements.

(A) Prior to conducting an interview with a child in care the CPS worker must inform the child in care:

(i) When the child in care is not in the custody of the Oregon Youth Authority or the Department, that the child in care may have their parent or caregiver, or attorney present.

(ii) When the child in care is in the custody of the Oregon Youth Authority or the Department, that the child in care may have their attorney present.

(B) Notify and interview the owner, manager, operator, or appropriate authority responsible for the child-caring agency or proctor home. When this individual is also an alleged perpetrator, provide additional notification to an additional person responsible for the child-caring agency or proctor home. The CPS worker must meet with the owner, manager, operator, or appropriate authority responsible for the child-caring agency or proctor home at the beginning of the assessment to provide in person notification of the allegations, arrange for access to the facility, plan interviews that will take place at the facility, and gain access to names of other children, young adults, employees or other individuals who may have been a witness or could be a collateral contact.

(C) When completing a CPS assessment involving a child-caring agency the CPS worker must interview current and past employees of the child-caring agency that may have information regarding the alleged abuse or the alleged perpetrator.

(D) When completing a CPS assessment involving a child-caring agency the CPS worker must interview children and young adults, other than the alleged victim, including other children or young adults who reside in or have resided in the child-caring agency who:

(i) Witnessed the alleged abuse;

(ii) Have information pertinent to the CPS assessment; or

(iii) Have information pertinent to establishing the credibility of information gathered.

(E) Notify and interview the parent or caregiver of any child in care residing in or receiving services from the child-caring agency or proctor foster home who is selected to be interviewed during the assessment that is not in the legal custody of the Oregon Youth Authority or the Department and gain permission to interview the child in care. If the CPS worker is denied permission to interview, but such interviews are needed to complete the assessment, the CPS worker should consult with a supervisor and seek the assistance of a district attorney or assistant attorney general.

(b) When the CPS worker suspects a crime has been committed involving a child in care or at a child-caring agency or proctor foster home the CPS worker must report the suspected crime to law enforcement.

(c) Determine and Document Disposition of the CPS Assessment.

(A) As part of completing the CPS assessment, the CPS worker must determine and document that basis for the determination of whether there is reasonable cause to believe that abuse of a child in care occurred.

(B) When the determination of whether there is reasonable cause to believe that abuse of a child in care residing in or receiving services from a child-caring agency or proctor foster home occurred relates to reports of abuse as defined in ORS 419B.005 the possible determinations are outlined in 413-015-1000.

(C) When the determination of whether there is reasonable cause to believe that abuse of a child in care occurred relates to reports of abuse as defined in OAR 413-015-0625 the possible determinations are:

(i) "Substantiated" which means there is reasonable cause to believe that the abuse as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36 of a child in care occurred.

(ii) "Unsubstantiated" which means there is no evidence that the abuse as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36 of a child in care occurred.

(iii) "Inconclusive" which means there is some indication that the abuse as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36 occurred, but there is insufficient evidence to conclude that there is reasonable cause to believe that the abuse occurred.

(D) When determining whether there is reasonable cause to believe abuse occurred, the CPS worker must consider the behavior, conditions, and circumstances in the definition of abuse described in OAR 413-015-0625 and OAR 413-015-1000.

(d) Notification of the CPS Assessment Disposition. The CPS worker must comply with the notifications in OAR 413-015-0470 and the following additional notifications of the CPS Assessment Disposition:

(A) The CPS worker must notify the Department personnel assigned to ensure notifications outlined in Oregon Laws 2016, chapter 106 and OAR 413-080-0070.

(B) When the CPS assessment disposition is substantiated or founded for abuse of a child in care the CPS supervisor or designee must comply with the Reporting Sensitive Child Welfare Issues policy and complete a DHS150 Sensitive Issue Report.

Stat. Auth.: OL 2016, ch 10
Stats. Implemented: OL 2016, ch 10

413-015-1000
The CPS Assessment Dispositions

(1) This rule describes child abuse and neglect for the purpose of making CPS assessment dispositions related to a report of abuse as defined in ORS 419B.005.

(2) As part of completing the CPS assessment, the CPS worker must determine whether there is reasonable cause to believe child abuse or neglect occurred. The possible determinations are:

(a) "Founded," which means there is reasonable cause to believe that child abuse or neglect occurred.

(b) "Unfounded," which means no evidence of child abuse or neglect was identified or disclosed.

(c) "Unable to determine," which means there are some indications of child abuse or neglect, but there is insufficient data to conclude that there is reasonable cause to believe that child abuse or neglect occurred. The "unable to determine" disposition may be used only in the following circumstances:

(A) After extensive efforts have been made, the CPS worker is unable to locate the family; or

(B) After completing an assessment that complies with the Department's rules:

(i) The child is unable or unwilling to provide consistent information and there is insufficient information to support a founded or unfounded determination; or

(ii) There is conflicting or inconsistent information from collateral contacts or family, and there is insufficient information to support a founded or unfounded determination.

(d) When a CPS worker is assigned a CPS assessment the CPS supervisor may determine that no face-to-face contact is necessary with the alleged child victim and the alleged perpetrator of abuse only in the following circumstances:

(A) The assessment was opened in error. This is a determination that the referral is mistakenly opened.

(B) The reported information is addressed in another open CPS assessment. This is a determination that the report content is being included in another, currently open CPS assessment, under the same case number.

(C) The allegation was cleared through collateral contact. This is a determination that the CPS worker has, through collateral contacts, received information that indicates there is no longer a report of child abuse or neglect, as defined in 419B.005.

(3) When determining whether there is reasonable cause to believe child abuse or neglect occurred, the CPS worker shall consider, among others, the following parent or caregiver behavior, conditions, and circumstances:

(a) Abandonment, including parental behavior showing an intent to permanently give up all rights and claims to the child.

(b) Child selling, including the selling of a child that consists of buying, selling, bartering, trading, or offering to buy or sell the legal or physical custody of a child.

(c) Mental injury (psychological maltreatment), including cruel or unconscionable acts or statements made, threatened to be made, or permitted to be made by the parent or caregiver that has a direct effect on the child. The parent or caregiver's behavior, intentional or unintentional, must be related to the observable and substantial impairment of the child's psychological, cognitive, emotional, or social well-being and functioning.

(d) Neglect, including failure, through action or omission, to provide and maintain adequate food, clothing, shelter, medical care, supervision, protection, or nurturing. Chronic neglect is a persistent pattern of family functioning in which the parent or caregiver does not sustain or meet the basic needs of a child resulting in an accumulation of harm that can have long term effect on the child's overall physical, mental, or emotional development. Neglect includes each of the following:

(A) Physical neglect, which includes each of the following:

(i) Failing to provide for the child's basic physical needs including adequate shelter, food, and clothing.

(ii) Permitting a child to enter or remain in or upon premises where methamphetamines are being manufactured.

(iii) Unlawful exposure of a child to a substance that subjects a child to severe harm to the child's health or safety. When the CPS worker is making a determination of physical neglect based on severe harm to the child's

health due to unlawful exposure to a substance, this determination must be consistent with medical findings.

(B) Medical neglect is a refusal or failure to seek, obtain, or maintain necessary medical, dental, or mental health care. Medical neglect includes withholding medically indicated treatment from infants who have disabilities and life-threatening conditions. However, failure to provide the child with immunizations or routine well-child care alone does not constitute medical neglect. When the CPS worker is making a determination of medical neglect, this determination must be consistent with medical findings.

(C) Lack of supervision and protection, including failure to provide supervision and protection appropriate to the child's age, mental ability, and physical condition.

(D) Desertion, which includes the parent or caregiver leaving the child with another person and failing to reclaim the child, or parent or caregiver failure to provide information about their whereabouts, providing false information about their whereabouts, or failing to establish a legal guardian or custodian for the child.

(E) Psychological neglect, which includes serious inattention to the child's need for affection, support, nurturing, or emotional development. The parent or caregiver behavior must be related to the observable and severe harm of the child's psychological, cognitive, emotional, or social well-being and functioning.

(e) Physical abuse, including an injury to a child that is inflicted or allowed to be inflicted by non-accidental means that results in harm. Physical abuse may include injury that could not reasonably be the result of the explanation given. Physical abuse may also include injury that is a result of discipline or punishment. Examples of injuries that may result from physical abuse include:

(A) Head injuries

(B) Bruises, cuts, lacerations

(C) Internal injuries

(D) Burns or scalds

(E) Injuries to bone, muscle, cartilage, and ligaments

(F) Poisoning

(G) Electrical shock

(H) Death

(f) Sexual abuse, which includes a person's use or attempted use of a child for the person's own sexual gratification, the sexual gratification of another person, or the sexual gratification of the child. Sexual abuse includes incest, rape, sodomy, sexual penetration, fondling, and voyeurism.

(g) Sexual exploitation, including the use of a child in a sexually explicit way for personal gain, for example, to make money, in exchange for food stamps or drugs, or to gain status. Sexual exploitation also includes using children in prostitution or using children to create pornography.

(h) Threat of harm, including all activities, conditions, and circumstances that place the child at threat of severe harm of physical abuse, sexual abuse, neglect, mental injury, or other child abuse or neglect.

Stat. Auth.: ORS 409.050 & 418.005

413-015-9030

Screening CPS Information — Determining Department's Response, Type of CPS Assessment, and Response Time Lines

Except as provided below, screeners in DR implementation counties must comply with OAR 413-015-0200 through 413-015-0225. OAR 413-015-0210(1) through (3) are replaced by the following:

(1) After the screener completes activities required by OAR 413-015-0205, and determines the information received is CPS information, the screener must determine the Department response, either CPS assessment required or close at screening. If a CPS assessment is required, the screener must determine the type of CPS assessment and the time line for the Department response.

(2) CPS assessment required. A CPS assessment is required if:

(a) The screener determines that information received constitutes a report of child abuse or neglect, as defined in ORS 419B.005, and the information indicates:

(A) The alleged perpetrator is a legal parent of the alleged child victim;

(B) The alleged perpetrator resides in the alleged child victim's home;

(C) The alleged perpetrator may have access to the alleged child victim, and the parent or caregiver may not be able or willing to protect the child; or

(D) The alleged child abuse occurred in a day care facility, or the home of a Department certified foster parent or relative caregiver.

(b) The screener determines that information received constitutes a report of abuse as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36 and the report is the responsibility of the Department as outlined in OAR 413-015-0630.

(c) A tribe or law enforcement agency (LEA) requests assistance from the Department with an investigation of child abuse or neglect, and a CPS supervisor agrees that assistance from the Department is appropriate.

(3) Type of CPS Assessment. If the screener determines that a CPS assessment is required, the screener must:

(a) Determine the type of CPS assessment required. The screener must determine if the report is assigned for a traditional response assessment or an alternative response assessment.

(A) Traditional Response Assessment. This type of CPS assessment is required when the report alleges or the information gathered indicates:

(i) The child has suffered or could likely suffer severe harm;

(ii) The abuse occurred in a day care facility, the home of a Department certified foster parent or relative caregiver, an Oregon Youth Authority (OYA) certified foster home, a child-caring agency, or a proctor foster home;

(iii) The perpetrator is a day care employee, certified foster parent or relative caregiver, an OYA certified foster parent, a child-caring agency employee, a proctor foster parent, a Department contracted service provider, an OYA employee, or a Department of Human Services employee;

(iv) There are multiple allegations in the same report and any of the allegations meet one of the criteria outlined in (i) through (iii) of this paragraph for a traditional response assessment;

(v) There is a prior report of child abuse or neglect that has not been assessed because the Department was unable to locate the family and the prior allegation or the current allegation meets the criteria for a traditional response assessment;

(vi) There is an open traditional response assessment and the date the open traditional response assessment was assigned is within 60 days of the date the new report will be assigned; or

(vii) There is an open Department case with an identified impending danger safety threat.

(B) Alternative Response Assessment. This type of CPS assessment is required when the report alleges or the information gathered indicates the child has suffered or could likely suffer harm, but the harm is not severe harm and none of the conditions outlined in (A)(i) through (vii) of this rule apply.

(b) Consult with a CPS supervisor. The screener must consult with the CPS supervisor or designee when the screener determines the type of CPS assessment required is a traditional response assessment and there is an open alternative response assessment.

(c) Document the type of CPS assessment required. The screener must document the type of CPS assessment required and document the justification for the determination.

(4) Response Time Lines. If the screener determines that a CPS assessment is required, the screener must:

(a) Determine the CPS assessment response time line. The time line for the Department response refers to the amount of time between when the report is received at screening and when the CPS worker is required to make an initial contact. When determining the response time, the screener must take into account the location of the child, how long the child will be in that location, and access that others have to the child.

(A) Traditional Response Assessment. The screener is required to assign the following response time lines for a traditional response assessment:

(i) A "within 24 hours" response time line unless (ii) below applies.

(ii) A "within five calendar days" response time line is only permitted for a traditional response assessment when the screener can clearly document how the information indicates child safety will not be compromised or an intentional delay to allow for a planned response is less likely to compromise the safety of the child.

(B) Alternative Response Assessment. The screener is required to assign the following response time lines for an alternative response assessment:

(i) A "within five calendar days" response time line is required unless (ii) below applies.

(ii) A "within 24 hours" response time line is only required for an alternative response assessment when the information indicates:

(I) A child is in danger right now; or

(II) A child has a current injury as a result of the alleged abuse or neglect.

(b) Complete a screening report form immediately when a "within 24 hour" response time line is assigned or the same day when a "within five calendar days" response time is assigned. A CPS supervisor may grant an extension for the completion of a screening report form as provided in OAR 413-015-0220.

(c) Refer the CPS assessment to the appropriate county as described in OAR 413-015-0213.

413-015-9040
Assessment

(1) Except as provided in this rule, CPS workers in DR implementation counties must comply with OAR 413-015-0400 through 413-015-0485.

(2) Overview. The following outlines the primary components of all CPS assessments and the components unique to traditional response assessment and alternative response assessment.

(a) Completing a CPS assessment, whether traditional response assessment or alternative response assessment, involves all of the following:

(A) Making efforts to schedule the initial contact when a response timeline of "within five calendar" days is assigned.

(B) Making face-to-face contact with the alleged victim, his or her siblings, his or her parent or caregiver, other children and adults living in the home, and the alleged perpetrator.

(C) Accessing and viewing the home environment.

(D) Gathering safety-related information through interviews and observation.

(E) Determining if there is a present danger safety threat.

(F) Determining if there is an impending danger safety threat by applying the safety threshold criteria:

(i) Imminent;

(ii) Observable;

(iii) Vulnerable child;

(iv) Out of control; and

(v) Severity.

(G) Developing a protective action plan when a child is determined to be unsafe due to a present danger safety threat.

(H) Developing an initial safety plan when a child is determined to be unsafe due to an impending danger safety threat.

(I) Developing an ongoing safety plan when a child is determined to be unsafe from an impending danger safety threat at the conclusion of a CPS assessment.

(J) Determining whether the initial safety plan or ongoing safety plan is the least intrusive plan sufficient to manage child safety by identifying how the impending danger safety threat is occurring and applying the in-home safety plan criteria.

(K) Developing conditions for return when an out-of-home ongoing safety plan is established.

(L) Determining whether a family has moderate to high needs when a child is determined to be safe.

(M) Referring a family for a strengths and needs assessment and subsequently for community services when a family is determined to have moderate to high needs and accepts the referrals.

(b) In addition to the components of a CPS assessment outlined in paragraphs (a)(A) through (M) of this section, completing a traditional response assessment includes determining if there is reasonable cause to believe that child abuse or neglect occurred.

(c) In addition to the components of a CPS assessment outlined in paragraphs (a)(A) through (M) of this section, completing an alternative response assessment includes offering the family the option of having a community partner or support person accompany the worker when a response timeline of "within five calendar" days is assigned.

(3) Make Initial Contact. When completing a traditional response assessment or an alternative response assessment the CPS worker must comply with OAR 413-015-0420, "Make Initial Contact", and the additional requirements outlined in this section when a response timeline of "within five calendar days" is assigned:

(a) The CPS worker must make efforts to schedule the initial contact; and

(b) The CPS worker must, when completing an alternative response assessment:

(A) Offer the family the option of having a community partner or support person accompany the worker on initial contact;

(B) Obtain a release of information signed by the parent or caregiver specific to the identified community partner or support person; and

(C) Document, if applicable, whether the CPS worker completed the initial contact with a community partner or support person. When a community partner or support person was not present at initial contact, the CPS worker must document why not. When a community partner or support person was present, the CPS worker must document who was present.

(4) Change from Alternative Response Assessment to Traditional Response Assessment. When changing the type of CPS assessment from alternative response assessment to traditional response assessment the CPS worker must:

(a) Assure one of the following applies:

(A) Any of the criteria outlined in 413-015-9030(3)(a)(A)(i) through (vi);

(B) A referral is received on an open alternative response assessment within 60 days of the date the open assessment was assigned and the new referral meets the screening criteria to assign as a traditional response assessment;

(C) The CPS worker filed a petition alleging the child is within the jurisdiction of the juvenile court pursuant to ORS 419B.100; or

(D) The CPS worker determined the child is unsafe at the conclusion of the CPS assessment and an ongoing safety plan will be established and the case will be opened for services.

(b) Assure the decision is approved by a Department supervisor; and

(c) Document in the Department's electronic information system the decision to change from alternative response assessment to traditional response assessment and explain the basis for the decision.

(5) Make Child Safety Decision and Determine Whether to Open a Case. The CPS worker must comply with the requirements outlined in this section which replaces OAR 413-015-0445, "Child Safety Decision".

(a) After all the necessary information is gathered for the CPS assessment and the disposition has been determined, the CPS worker must determine if the child is safe or unsafe at the conclusion of the CPS assessment. To make a child safety decision at the conclusion of a CPS assessment, the CPS worker must again determine if an impending danger safety threat is present as outlined in OAR 413-015-0425, "Determine if there is a Present Danger Safety Threat or an Impending Danger Safety Threat".

(b) When at the conclusion of the CPS assessment the CPS worker determines one or more impending danger safety threats are present, including a previously identified impending danger safety threat that has not been eliminated, the CPS worker must conclude the child is unsafe. When the CPS worker concludes the child is unsafe at the conclusion of the CPS assessment, the CPS worker must:

(A) Determine how the impending danger safety threat is occurring to support the development of an ongoing safety plan as outlined in OAR 413-015-0428, "Identify How the Impending Danger Safety Threat is Occurring";

(B) Develop an ongoing safety plan as outlined in OAR 413-015-0450, "Develop an Ongoing Safety Plan";

(C) Complete the CPS assessment; and

(D) Open a case.

(c) When at the conclusion of the CPS assessment the CPS worker determines no present danger safety threats or impending danger safety threats are present and any identified previously have been eliminated, the CPS worker must conclude the child is safe. When the CPS worker concludes the child is safe at the conclusion of the CPS assessment, the CPS worker must:

(A) Dismiss the protective action plan or initial safety plan if one is in place; and

(B) Determine if the family has moderate to high needs unless completing a CPS assessment involving the home of a Department certified foster parent or relative caregiver, a child-caring agency, or a proctor foster home.

(d) When the CPS worker determines the family does not have moderate to high needs the CPS worker must complete and close the CPS assessment.

(e) When the CPS worker determines the family does have moderate to high needs, the CPS worker must offer the family the option to have a strengths and needs assessment completed by a strengths and needs assessment provider:

(A) If the family declines the offer to have a strengths and needs assessment completed the CPS worker must:

(i) Offer the family referrals to relevant non-contracted community services as available;

(ii) If the family accepts the offer, the CPS worker must refer the family to relevant non-contracted community services as available; and

(iii) Complete and close the CPS assessment.

(B) If the family accepts the offer to have a strengths and needs assessment completed the CPS worker must:

(i) Refer the family to a strengths and needs assessment provider;

(ii) Meet with the family and the strengths and needs assessment provider after the completion of the strengths and needs assessment, discuss contracted and non-contracted community service referral options, offer relevant community service referrals as available, and identify the family's preferences;

(iii) If the family accepts the offer for community service referrals, refer the family to relevant contracted or non-contracted community services as available.

(C) Complete and close the CPS assessment.

(f) The CPS worker must document in the Department's electronic information system the child safety decision including all of the following:

(A) If the child is safe and the assessment will be closed, or if the child is unsafe and the case will be opened.

(B) If the child is safe:

(i) Whether the family was determined to have moderate to high needs and the basis for the determination;

(ii) Whether the family accepted or declined to participate in a strengths and needs assessment and if they declined whether the family accepted the offer for relevant non-contracted community service referrals;

(iii) Whether the family accepted or declined to participate in services recommended as the result of the strengths and needs assessment; and

(iv) If applicable, what contracted or non-contracted community services were declined or accepted.

(6) CPS Assessment Documentation, Supervisory Review Requirements, and Extensions.

(a) The CPS worker must comply with OAR 413-015-0475, "CPS Assessment Documentation and Supervisory Review Requirements", with the exception of section (2) which this subsection replaces. The CPS worker must complete the CPS assessment and electronically submit the CPS assessment for review by a CPS supervisor, within 45 days of the day that the information alleging child abuse or neglect is received by the screener, except as provided in subsection (b) of this section.

(b) This subsection replaces OAR 413-015-0480, "CPS Assessment Extensions". The CPS supervisor may approve a one-time extension of an additional 15 days for completion of the CPS assessment if the supervisor has confirmed critical information (information necessary to determine child safety or a child abuse or neglect disposition) is outstanding or, if applicable, the strengths and needs assessment is not complete. Additional extension of time may be approved by the Child Welfare program manager if the ability to obtain critical information is beyond the reasonable control of the CPS worker.

413-080-0050
Definitions

The following definitions apply to OAR 413-080-0040 to 413-080-0067:

(1) "Certified family" means an individual or individuals who hold a current Certificate of Approval from the Department to operate a home to provide care, in the home in which they reside, to a child or young adult in the care or custody of the Department.

(2) "Child" means a person under 18 years of age.

(3) "Child in care" means a person under 21 years of age who is residing in or receiving care or services from a child-caring agency or proctor foster home subject to ORS 418.205 to 418.328, 418.470, 418.470 or 418.950 to 418.970.

(4) "Child-caring agency" is defined in ORS 418.205 and:

(a) Means any private school, private agency, or private organization providing:

(A) Day treatment for children with emotional disturbances;

(B) Adoption placement services;

(C) Residential care, including but not limited to foster care or residential treatment for children;

(D) Residential care in combination with academic education and therapeutic care, including but not limited to treatment for emotional, behavioral or mental health disturbances;

(E) Outdoor youth programs; or

(F) Other similar care or services for children.

(b) Includes the following:

(A) A shelter-care home that is not a foster home subject to ORS 418.625 to 418.645

(B) An independent residence facility as described in ORS 418.475;

(C) A private residential boarding school; and

(D) A child caring facility as defined in ORS 418.950.

(c) Child-caring agency does not include:

(A) Residential facilities or foster care homes certified or licensed by the Department of Human Services under ORS 443.400 to 443.455, 443.830 and 443.835 for children receiving developmental disability services;

(B) Any private agency or organization facilitating the provision of respite services for parents pursuant to a properly executed power of attorney under ORS 109.056. For purposes of this subsection, 'respite services' means the voluntary assumption of short-term care and control of a minor child without compensation or reimbursement of expenses for the purpose of providing a parent in crisis with relief from the demands of ongoing care of the parent's child;

(C) A youth job development organization as defined in ORS 344.415;

(D) A shelter-care home that is a foster home subject to ORS 418.625 to 418.645; or

(E) A foster home subject to ORS 418.625 to 418.645.

(5) "Conditions for return" means a written statement of the specific behaviors, conditions, or circumstances that must exist within a child's home before a child can safely return and remain in the home with an in-home initial safety plan or in-home ongoing safety plan.

(6) "Contact" means any communication between Child Welfare staff and a child, parent or guardian, foster parent or relative caregiver, provider, or other individual involved in a Child Welfare safety plan or case. "Contact" includes, but is not limited to, communication in person, by telephone, by video-conferencing, or in writing. "Contact" may occur, for instance, during a face-to-face visit; a treatment review meeting for a child, young adult, parent, or guardian; a court or Citizen Review Board hearing; or a family meeting.

(7) "Department" means the Department of Human Services, Child Welfare.

(8) "DHS" means the Department of Human Services.

(8) "Face-to-face" means an in-person interaction between individuals.

(9) "Foster parent" means a person who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(10) "Guardian" means an individual who has been granted guardianship of a child through a judgment of the court.

(11) "ICPC" means the Interstate Compact for the Placement of Children (see ORS 417.200).

(12) "Impending danger safety threat" means a family behavior, condition, or circumstance that meets all five safety threshold criteria. A threat to a child that is not immediate, obvious, or occurring at the onset of the CPS intervention. This threat is identified and understood more fully by evaluating and understanding individual and family functioning.

(13) "Initial safety plan" means a documented set of actions or interventions sufficient to protect a child from an impending danger safety threat in order to allow for completion of the CPS assessment.

(14) "Monthly face-to-face contact" means in-person interaction between individuals at least once each and every full calendar month.

(15) "Ongoing safety plan" means a documented set of actions or interventions that manage a child's safety after the Department has identified one or more impending danger safety threats at the conclusion of a CPS assessment or anytime during ongoing work with a family.

(16) "Parent" means the biological or adoptive mother or the legal father of the child. A legal father is a man who has adopted the child or whose paternity has been established or declared under ORS 109.070, ORS 416.400 to 416.465, or by a juvenile court. In cases involving an Indian child under the Indian Child Welfare Act (ICWA), a legal father includes a man who is a father under applicable tribal law. "Parent" also includes a putative father who has demonstrated a direct and significant commitment to the child by assuming or attempting to assume responsibilities normally

associated with parenthood, unless a court finds that the putative father is not the legal father.

(17) "Present danger safety threat" means an immediate, significant, and clearly observable family behavior, condition or circumstance occurring in the present tense, already endangering or threatening to endanger a child. The family behavior, condition, or circumstance is happening now and it is currently in the process of actively placing a child in peril.

(18) "Proctor foster home" means a foster home certified by a child-caring agency that is not subject to ORS 418.625 to 418.645.

(19) "Protective action plan" means an immediate, same day, short-term plan, lasting a maximum of ten calendar days, sufficient to protect a child from a present danger safety threat.

(20) "Protective capacity" means behavioral, cognitive, and emotional characteristics that can specifically and directly be associated with a person's ability and willingness to care for and keep a child safe.

(21) "Provider" means an employee of a child-caring agency approved to provide care for a child in care or a proctor foster parent.

(22) "Relative caregiver" means a person who operates a home that has been approved by the Department to provide care for a related child or young adult who is placed in the home by the Department.

(23) "Safety service provider" means a participant in a protective action plan, initial safety plan, or ongoing safety plan whose actions, assistance, or supervision help a family in managing a child's safety.

(24) "Safety services" means the actions, assistance, and supervision provided by safety service providers to manage the identified present danger safety threats or impending danger safety threats to a child.

(25) "Screener" means a Department employee with training required to provide screening services.

(26) "Sex trafficking" means the recruitment, harboring, transportation, provision, obtaining, patronizing, or soliciting of a person under the age of 18 for the purpose of a commercial sex act or the recruitment, harboring, transportation, provision, or obtaining of a person over the age of 18 using force, fraud, or coercion for the purpose of a commercial sex act.

(27) "Social service assistant" means a Department employee with training required to provide services to assist a caseworker on an open case.

(28) "Substitute care" means the out-of-home placement of a child or young adult who is in the legal or physical custody and care of the Department.

(29) "Young adult" means a person aged 18 through 20 years.

413-080-0051
Addressing a Present Danger Safety Threat or New Impending Danger Safety Threat on an Open Case

(1) If Department staff determine a child or child in care is unsafe due to a present danger safety threat as described in OAR 413-015-0425(1) on a case opened under OAR 413-015-0445(2)(d), staff must immediately consult with a supervisor and establish a protective action plan as described in OAR 413-015-0435. The ongoing safety plan remains in place to address the existing impending danger safety threats.

(2) If Department staff determine a child or child in care is unsafe due to a new impending danger safety threat as described in OAR 413-015-0425 (2) on a case opened under OAR 413-015-0445(2)(d), staff must immediately consult with a supervisor and modify the ongoing safety plan; and

(3) Department staff must document the behaviors, conditions, or circumstances observed and any protective action plan taken, or modification made to the ongoing safety plan, in the Department's electronic information system.

413-080-0052
Addressing a Concern in a Child-Caring Agency or Proctor Foster Home

(1) When Department staff through information gathering or observation have a concern, including when well-being needs are not being met, involving a child in care staff must immediately:

(a) Notify Department personnel assigned to ensure notifications outlined in OAR 413-080-0070. This does not include allegations of abuse or neglect as defined in ORS 419B.005 or Oregon Laws 2016, chapter 106, section 36, which are reported to a Department screener;

(b) Document the notification in OR-Kids case notes; and

(c) Make efforts to address the concern for the child in care.

(2) When Department staff suspect a crime has been committed involving a child in care or at a child-caring agency or proctor foster home staff must report the suspected crime to law enforcement.

413-080-0054
Monthly Face-to-Face Contact Requirements

(1) A child or young adult in a child welfare case.

(a) Except as provided in section (2) of this rule, monthly face-to-face contact with a child or young adult in a child welfare case must be made by one of the following Department staff to ensure the safety, permanency, and well-being of the child or young adult:

(A) The primary caseworker;

(B) The caseworker's supervisor; or

(C) When designated by the caseworker's supervisor as described in OAR 413-080-0067;

(i) Another caseworker or supervisor; or

(ii) A social service assistant.

(b) During the face-to-face contact required in section (1) of this rule, Department staff must:

(A) Ensure the safety, permanency, and well-being of the child or young adult;

(B) Address issues pertinent to case planning and service delivery during the contact;

(C) Notify a supervisor when he or she determines that the ongoing safety plan or the living environment is insufficient to ensure the safety of the child or young adult to determine if a protective action plan is necessary to ensure safety; and

(D) Notify a certifier when the well-being needs of a child or young adult are not being met by a certified family.

(E) Comply with OAR 413-080-0051 and 413-080-0052 if there is any concern about the safety or well-being of a child in care.

(c) Department staff making face-to-face contact must document in the Department's electronic information system:

(A) The date, type, and location of each contact with the child, young adult, parent, or guardian; and

(B) The issues addressed during the contact and notifications made as a result of the contact.

(d) A face-to-face contact with a child or young adult made by a social service assistant;

(A) May be reported as the required face-to-face contact no more than one time in any three-month period and no more than a four times within a year; and

(B) May not be reported as the required face-to-face contact for consecutive months.

(e) Face-to-face contact with a child or young adult in substitute care must occur in the substitute care placement every other month.

(f) When face-to face contact with a child or young adult in substitute care is not possible because the child or young adult is missing, the caseworker must comply with OAR 413-080-0053.

(2) A parent or guardian on a child welfare case.

(a) When there is an in-home ongoing safety plan, Department staff must have monthly face-to-face contact in the home with the parents or guardians living in the home with the child.

(b) A caseworker must have face-to-face contact with the child and the child's parent or guardians within five working days of learning any of the following:

(A) A condition of the ongoing safety plan has been violated.

(B) A change in the protective capacity, the family circumstances, or the composition of the household of a parent or guardian may negatively impact the ongoing safety plan.

(C) The caseworker is assigned a case that had been assigned to another caseworker (case transfer).

(c) Department staff must have monthly face-to-face contact with the parents or guardians, unless a supervisor approves an exception to contact with the non-custodial parent who has an in-home ongoing safety plan or, when there is an out-of-home ongoing safety plan, the parent or guardian is unavailable or the contact could compromise the caseworker's safety. The

supervisor's exception must be documented in the Department's electronic information system and must document:

(A) The reason for the exception; and

(B) The length of time the exception is in effect, which is not longer than 90 days unless a longer period is approved by a Child Welfare Program Manager.

(3) The substitute caregiver.

(a) Department staff described in subsection (1)(a) of this rule must have monthly contact with the certified family or provider.

(b) The face-to-face contact with the child or young adult required in subsection (1)(e) of this rule must include at least one of the certified adults or providers who provide direct care for the child or young adult.

(4) A child or young adult placed through ICPC or placed internationally.

(a) When a child or young adult is placed in another state through the ICPC or placed internationally, the caseworker must request that officials from the receiving state or country have monthly face-to-face contact to monitor child safety, permanency, and well-being.

(b) When the receiving state or country's child welfare office is unwilling or unable to have monthly face-to-face contact with the child or young adult, a plan must be developed to meet this requirement.

(c) The caseworker must document in the case file the type and level of contact the receiving state or country will provide and how the contact is sufficient to confirm the safety and well-being of the child or young adult.

(d) The documentation received from the receiving state or country must be filed in the Department's electronic information system.

413-080-0059

Monitoring the Out-of-Home Ongoing Safety Plan

(1) To manage an out-of-home ongoing safety plan, the caseworker must have monthly contact with the following individuals:

(a) Face-to-face contact with the child or child in care, or review the documentation of the contact made by Department staff under OAR 413-080-0054(1);

(b) Face-to-face contact with the child's parents or guardians, except as provided in OAR 413-080-0054(2); and

(c) Contact with each safety service provider.

(2) The caseworker must determine whether the child or child in care is safe.

(3) The caseworker must determine whether:

(a) Behaviors, conditions, or circumstances within the family require an increase in the level of safety intervention;

(b) Conditions for return have been achieved and an in-home ongoing safety plan can assure the safety of the child; and if so, must develop an in-home ongoing safety plan under the criteria set forth in OAR 413-015-0450; or

(c) The ongoing safety plan is keeping the child or child in care safe and provides the appropriate level of safety intervention.

(4) If the caseworker determines the out-of-home ongoing safety plan must still be in place but level of intervention of the out-of home ongoing safety plan must be revised, the caseworker must:

(a) Reduce the level of intervention whenever;

(A) The improved protective capacity of the parent or guardian is sufficient to impact his or her ability to control the impending danger safety threats as they are occurring within the family; and

(B) An impending danger safety threat can be managed with less intrusive actions or services.

(b) Increase the level of intervention whenever an identified impending danger safety threat cannot be managed with the current ongoing safety plan.

(5) The revised ongoing safety plan must:

(a) Comply with the criteria of OAR 413-015-0450; and

(b) Be approved by the caseworker's supervisor.

(6) Department staff must document in the Department's information system:

(a) How the ongoing safety plan continues to manage the impending danger safety threats as they are occurring within the family, or any revised ongoing safety plan and the facts supporting that revision; and

(b) Any protective action plan if required to assure the safety of the child or child in care.

413-080-0070

Notifications When Reports Are Made Regarding Child Safety or Compliance in a Child-Caring Agency or Proctor Foster Home

(1) When DHS becomes aware that any suspected or founded abuses, deficiencies, violations, or failures to comply with the full compliance requirements described in ORS 418.240 or OAR chapter 413, division 215, whether through a report to the Department from the public or from DHS staff under ORS 418.260, are occurring in a child-caring agency or proctor foster home, the Department must immediately report the alleged abuses, deficiencies, violations, or failures to comply to:

(a) The state or governmental agency or unit, governing board, trustees, owners, managers or operators or other appropriate authorities responsible for the child-caring agency.

(b) Any governmental agency or unit that has a contract with the child-caring agency to provide care or services to a child.

(c) Appropriate personnel within DHS including, but not limited to:

(A) The Office of Licensing and Regulatory Oversight;

(B) The Department's Well Being Program when the child-caring agency or proctor foster home has a contract to provide Behavior Rehabilitation Services (BRS); and

(C) The Office of Developmental Disabilities Services when the child-caring agency or proctor foster home is also licensed to provide intellectual or developmental disabilities services to children.

(d) When the report is an allegation of abuse against a child in care, including a report that has been closed at screening, notify:

(A) The caseworker for the child in care;

(B) The attorney for the child in care;

(C) The child in care's court appointed special advocate;

(D) The parents or guardians of the child in care; and

(E) Attorney representing a parent or guardian of the child in care.

(2) When a report of abuse of a child in care is substantiated or founded DHS must notify all of the following persons and entities of the disposition:

(A) The Director of DHS.

(B) The Office of Licensing and Regulatory Oversight.

(C) The Director of Child Welfare.

(D) Case managers for the child in care;

(E) The court appointed special advocate, if any, for the child in care; and

(F) The attorney for the child in care, if any.

(G) The parents or guardians of the child in care who is the subject of the abuse report and investigation if the child in care has not been committed to the custody of DHS or the Oregon Youth Authority. Notification under this paragraph may not include any details or information other than that a report of abuse has been substantiated.

(H) The parents or guardians of each child in care that is residing, or receiving care or services, at the child-caring agency or proctor foster home that is the subject of the report and investigation, if the child in care has not been committed to the custody of DHS or the Oregon Youth Authority. Notification under this paragraph may not include any details or information other than that a report of abuse has been substantiated.

(I) Any governmental agency or unit that has a contract with the child-caring agency to provide care or services to a child in care.

(3) Licensing actions.

(a) When DHS places conditions on any license or suspends or revokes a license under OAR 413-215-0121, DHS must immediately notify any governmental agency or unit that has a contract with the child-caring agency to provide care or services to a child.

(b) If DHS determines that the child-caring agency has deficiencies, violations, or failures to comply with a license or contract and DHS imposes a plan of correction that the child-caring agency does not comply with in the time allotted for correction, DHS must immediately notify all of the following of the failure of the child-caring agency to comply with the plan of correction:

(A) The Legislative Assembly or the interim committees of the Legislative Assembly relating to child welfare.

(B) The state or governmental agency or unit, governing board, trustees, owners, managers or operators or other appropriate authorities responsible for the child-caring agency.

(C) Any governmental agency or unit that has a contract with the child-caring agency to provide care or services to a child.

(4) DHS is required to immediately investigate these reports and take appropriate actions. Investigation of reports is governed by rules in OAR chapter 407, division 045 and OAR chapter 413, divisions 15, 90, and 215.

413-090-0000
Definitions

The following definitions apply to OAR 413-090-0000 to 413-090-0550:

(1) "Absent day" means a calendar day that:

(a) The BRS client (see OAR 410-170-0020) is enrolled in but not physically present in the program of the BRS provider (see OAR 410-170-0020);

(b) Does not meet the definition of a billable care day (see OAR 410-170-0020);

(c) The Department's placement plan is to return the BRS client to the BRS provider; and

(d) The BRS contractor (see OAR 410-170-0020) or BRS provider obtains authorization from the BRS client's caseworker (see OAR 410-170-0020) and the contract administrator to bill the calendar day as an "absent day".

(2) "Abuse check" means obtaining and reviewing abuse allegations and abuse investigation reports and associated exhibits and documents for the purpose of determining whether a subject individual has a history as a perpetrator of potentially disqualifying abuse (a potentially disqualifying condition) as described in OAR 407-007-0290(11).

(3) "Adoption assistance payment" means a monthly payment made by the Department to the pre-adoptive family or adoptive family on behalf of an eligible child or young adult.

(4) "Babysitting" means the provision of temporary, occasional care for a child or young adult that is:

(a) Ten consecutive hours or less; and

(b) Not overnight care.

(5) "Background Check Unit (BCU)" means the Department of Human Services Background Check Unit.

(6) "Base rate payment" means a payment to the foster parent or relative caregiver for the costs of providing the child or young adult with the following:

(a) Food, including the special or unique nutritional needs of the child or young adult;

(b) Clothing, including purchase and replacement;

(c) Housing, including maintenance of household utilities, furnishings, and equipment;

(d) Daily supervision, including teaching and directing to ensure safety and well-being at a level appropriate for the chronological age of the child or young adult;

(e) Personal incidentals, including personal care items, entertainment, reading materials, and miscellaneous items; and

(f) Transportation, including gas, oil, and vehicle maintenance and repair costs for local travel associated with providing the items listed above, and transportation to and from extracurricular, child care, recreational, and cultural activities.

(7) "CANS screening" means Child and Adolescent Needs and Strengths screening, a process of gathering information on the needs and strengths of a child or young adult for one or more of the following purposes:

(a) To identify case planning, service planning, and supervision needs of the child or young adult in substitute care with a certified family; and

(b) To determine the level of care payment while in substitute care with a certified family; and

(c) To determine the level of care payment included in an adoption assistance agreement or guardianship assistance agreement.

(8) "Certified family" means an individual or individuals who hold a current Certificate of Approval from the Department to operate a home to provide care, in the home in which the individual or individuals reside, to a child or young adult in the care or custody of the Department.

(9) "Chafee housing payment" means a payment to assist in covering the costs of room and board made to an eligible individual between 18 and 20 years of age who was discharged from the care and custody of the Department or one of the federally recognized tribes on or after reaching 18 years of age.

(10) "Child" means a person under 18 years of age.

(11) "Child in care" means a person who is under 21 years of age who is residing in or receiving care or services from a child caring agency or proctor foster home.

(12) "Child-caring agency" is defined in ORS 418.205 and means a "child-caring agency" that is not owned, operated, or administered by a governmental agency or unit.

(13) "Clothing replacement allowance" means an allowance included in the substitute care maintenance payments to a provider to cover the cost of maintaining adequate clothing for each child or young adult in the substitute care maintenance payments to the provider.

(14) "Contract administrator" means the employee or other individual designated in writing by the Department, by name or position description, to conduct the contract administration of a contract or class of contracts.

(15) "Contract registered nurse" means a licensed registered nurse under a contract with the Department who provides nursing assessment, consultation, teaching, delegation, or on-going nursing services to a child or young adult in the care or custody of the Department.

(16) "Criminal records check" means obtaining and reviewing criminal records as required by these rules and includes any or all of the following:

(a) An Oregon criminal records check in which criminal offender information is obtained from the Oregon State Police (OSP) using the Law Enforcement Data System (LEDS). An Oregon criminal records check may also include a review of other criminal records information obtained from other sources.

(b) A national criminal records check in which records are obtained from the Federal Bureau of Investigation (FBI) through the use of fingerprint cards sent to OSP and other identifying information. A national criminal records check may also include a review of other criminal records information.

(c) A state-specific criminal records check where records are obtained from law enforcement agencies, courts, or other criminal records information resources located in, or regarding, a state or jurisdiction outside Oregon.

(17) "Delegated nursing task" means a task, normally requiring the education and license of a registered nurse (RN) and within the RN scope of practice to perform, that an RN authorizes an unlicensed person to perform.

(18) "Department" means the Department of Human Services, Child Welfare.

(19) "Dependent parent" means a child or young adult in the legal custody of the Department who is the parent of a child.

(20) "Enhanced shelter care payment" means a limited term payment provided to a certified family when a child or young adult in the care or custody of the Department moves to a certified family's home from a placement with a BRS provider and there is no current level of care determination applicable to the child or young adult.

(21) "Enhanced supervision" means the additional support, direction, observation, and guidance necessary to promote and ensure the safety and well-being of a child or young adult when the child or young adult qualifies for a level of care payment.

(22) "Foster care payments" means one or more of the following payments to a certified family, authorized at rates established by the Department, for the board and care of a child or young adult for whom the Department has placement and care responsibility:

(a) The base rate payment;

(b) The level of care payment, if any;

(c) Shelter care payment or enhanced shelter care payment;

(d) Mileage reimbursement, paid at the current Department mileage reimbursement rate to child welfare staff, for transportation of a child or young adult remaining in the same school he or she was attending prior to placement in substitute care; and

(e) The board and care of the child of a dependent parent, unless the dependent parent receives cash benefits under a program administered by the Department of Human Services under chapter 461 of the Oregon Administrative Rules.

(23) "Foster parent" means an individual who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(24) "Guardian" means an individual who has been granted guardianship of the child through a judgment of the court.

(25) "Guardianship assistance agreement" means a written agreement, binding on the parties to the agreement, between the Department and the potential guardian or guardian setting forth the assistance the Department is to provide on behalf of the child or young adult, the respon-

sibilities of the guardian and the Department, and the manner in which the agreement and amount of assistance may be modified or terminated.

(26) "Independent living housing subsidy" means a payment to assist in covering the cost of room, board, or other monthly expenses made to an eligible individual who is at least 16 years of age and is in the care and custody of the Department and living independently.

(27) "Legally responsible relative" means the parent or stepparent of a child or young adult or a person related to the child or young adult by blood or marriage who has legal custody or legal guardianship of the child or young adult.

(28) "Level of care payment" means the payment provided to an approved or certified family, a guardian, a pre-adoptive family, or an adoptive family based on the need for enhanced supervision of the child or young adult as determined by applying the CANS algorithm to the results of the CANS screening.

(29) "Level of personal care payment" means the payment to a qualified provider for performing the personal care services for an eligible child or young adult based on the child's or young adult's need for personal care services as determined by applying the personal care services algorithm to the results of the personal care services rating scale.

(30) "Other criminal records information" means information obtained and used in the criminal records check process that is not criminal offender information from OSP. "Other criminal records information" includes, but is not limited to, police investigations and records, information from local or regional criminal records information systems, justice records, court records, information from the Oregon Judicial Information Network, sexual offender registration records, warrants, Oregon Department of Corrections records, Oregon Department of Transportation Driver and Motor Vehicle Services Division information, information provided on the background check requests, disclosures by a subject individual, and any other information from any jurisdiction obtained by or provided to the Department for the purpose of conducting a fitness determination.

(31) "Personal Care Nurse Coordinator" means a registered nurse (RN) who is a licensed registered nurse employed by the Department to provide oversight of contract registered nurses and personal care services authorized through the Department.

(32) "Personal care services" means the provision of or assistance with those functional activities described in OAR 413-090-0120 consisting of mobility, transfers, repositioning, basic personal hygiene, toileting, bowel and bladder care, nutrition, medication management, and delegated nursing tasks that a child or young adult requires for his or her continued well-being.

(33) "Personal care services assessment" means an evaluation by a registered nurse of a child or young adult's ability to perform the functional activities required to meet the child or young adult's daily needs.

(34) "Personal care services plan" means a written plan to provide personal care services for the child or young adult documenting:

(a) The determination that the individual is a qualified provider;

(b) The frequency or intensity of each personal care service to be provided; and

(c) The date personal care services begin.

(35) "Potential guardian" means an individual who:

(a) Has been approved by the Department or participating tribe to be the guardian of a child or young adult; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(36) "Pre-adoptive family" means an individual or individuals who:

(a) Has been selected to be a child's adoptive family; and

(b) Is in the process of legalizing the relationship to the child through the judgment of the court.

(37) "Proctor foster home" means a foster home certified by a child-caring agency that is not subject to ORS 418.625 to 418.645.

(38) "Qualified provider" means an individual who:

(a) Is authorized by the Department through the contract registered nurse or Personal Care Nurse Coordinator;

(b) Demonstrates by background, skills, and abilities the capability to safely and adequately provide the authorized personal care services;

(c) Maintains a drug-free household;

(d) Has been approved through the background check process described in OAR 413-120-0400 to 413-120-0475 or under OAR 407-007-0200 to 407-007-0370; and

(e) Is not the parent, step-parent, or legally responsible relative of the child or young adult eligible for personal care services.

(39) "Registered nurse" means an individual licensed and registered to practice nursing.

(40) "Relative caregiver" means an individual who operates a home that has been approved by the Department to provide care for a related child or young adult placed in the home by the Department.

(41) "SAIP" means Secure Adolescent Inpatient Program.

(42) "SCIP" means Secure Adolescent Inpatient Program.

(43) "SDA" means Service Delivery Area (SDA)" means a geographic region of one or more counties served by the Department and managed by an SDA Manager.

(44) "Shelter care payment" means a payment provided to a certified family during the first 20 days of substitute care for a child or young adult in the care or custody of the Department.

(45) "Subject individual" means an individual described in OAR 407-007-0030(30)(a).

(a) For the purposes of these rules, a "subject individual" also includes:

(A) An individual who provides respite care (see OAR 410-170-0020) for an approved provider parent (see OAR 410-170-0020);

(B) An individual who volunteers with or is employed by an approved provider parent to assist with the care of a BRS client, other than an individual who provides babysitting unless paragraph (D) of this subsection applies;

(C) An individual 18 years of age or older who is living in the home of an approved provider parent;

(D) An individual under 18 years of age who is living in the home of an approved provider parent if there is reason to believe the individual may pose a risk to a BRS client;

(E) An individual who provides babysitting or an individual who frequents the home of an approved provider parent if there is reason to believe the individual may pose a risk to a BRS client; and

(F) An individual who has access to a BRS client in the home of an approved provider parent if the contract administrator has requested a criminal records check on the individual.

(b) The following individuals are not subject individuals:

(A) A child or young adult in the care or custody of the Department who lives in the home of the approved provider parent; and

(B) A BRS client.

(47) "Transitional visit" means an overnight visit by the BRS client to another placement for the purpose of facilitating the BRS client's transition.

(48) "Vendor Attorneys" means qualified attorneys, including Legal Aide Programs who have signed a legal fees agreement with the Department to accept the Department's currently established standard payment, plus reimbursement of any personal costs incurred, for court fees and the filing of mandatory court papers, or for obtaining birth certificates when establishing guardianships for children in the care and custody of the Department, or to process adoptions.

(49) "Young adult" means a person aged 18 through 20 years.

BRS Provider Requirements

In addition to the requirements in OAR 410-170-0030, the BRS contractor (see OAR 410-170-0020) and the BRS provider (see OAR 410-170-0020) providing services (see OAR 410-170-0020) and placement-related activities (see OAR 410-170-0020) to a BRS client (see OAR 410-170-0020) in the care or custody of the Department or one of the federally-recognized tribes in Oregon must comply with all of the following requirements:

(1) Ensure completion of a background check, including a criminal records check and an abuse check, on each subject individual in compliance with OAR 407-007-0210 to 407-007-0380.

(2) Ensure the following documents are contained in the individual, confidential file of each BRS client:

(a) A face sheet with frequently referenced information;

(b) The BRS client's medical insurance information;

(c) The BRS client's school enrollment, attendance, progress, and discipline information during the BRS client's stay in the program;

(d) Signed consent for the BRS client to participate in the BRS program;

(e) Documentation regarding the individuals authorized to consent to medical or mental health services for the BRS client;

(f) Documentation regarding home or other family visits:

(g) Documentation of recreational, social, and cultural activities;

(h) Documentation of legal custody or voluntary placement status;

(i) Referral information;

(j) All services documentation including, but not limited to the ISP, AER, MSP, MSP updates, Discharge Summary, and Aftercare Summary as required by BRS service planning in OAR 410-170-0070;

(k) Any restrictions on or special permissions for the BRS client's participation in activities or outings and the duration of any restrictions or special permissions; and

(l) All other case related information specific to the BRS client.

(3) The BRS contractor and the BRS provider must maintain in their program records:

(a) Staff schedules for BRS programs utilizing a residential care model (see OAR 410-170-0020);

(b) Certification status for proctor foster home for BRS programs utilizing a therapeutic foster care model (see OAR 410-170-0020); and

(c) Authorization for each absent day billed for a BRS client.

(4) The BRS contractor and BRS provider including a proctor foster home must permit immediate access to a child in care and to any area of the premises upon which the child in care receives care or services to all individuals and for all purposes described in ORS 418.305.

Stat. Auth.: ORS 181.534, 181.537, 409.050, 411.060, 411.070, 411.116, 418.005

413-090-0075
Prior Authorization for the BRS program; Appeal Rights

(1) BRS Program Eligibility.

(a) The Department may provide prior authorization for the BRS program to a child in care who:

(A) Meets the requirements in OAR 410-170-0040(2)(a)(A) through (C); and

(B) Is in the care or custody of the Department or one of the federally recognized tribes in Oregon.

(b) Notwithstanding subsection (1)(a) of this rule, the Department may provide prior authorization for the BRS program to a child in care who:

(A) Meets the requirements in OAR 410-170-0040(2)(a)(B) through (E);

(B) Is eligible for state-funded medical assistance under Title XIX and General Assistance Medical Eligibility, OAR 413-100-0400 through 413-100-0610; and

(C) Is in the care or custody of the Department or one of the federally recognized tribes in Oregon.

(2) Appeal Rights.

(a) When a child in care in the care or custody of the Department or a federally recognized tribe in Oregon is denied prior authorization for the BRS program under subsection (1)(a) of this rule, he or she is entitled to notice and contested case hearing rights under OAR 410-120-1860 to 410-120-1865. The contested case hearing will be held by the Authority (see OAR 410-170-0020).

(b) When a child in care in the care or custody of the Department and who is enrolled in the Oregon Health Plan is denied prior authorization for the BRS program under subsection (1)(b) of this rule, he or she is entitled to notice and contested case hearing rights under OAR 413-010-0500 to 413-010-0535. The contested case hearing will be held by the Department.

Hist.: CWP 10-2013, f. 11-14-13, cert. ef. 1-1-14; CWP 11-2016(Temp), f. 6-30-16, cert. ef. 7-1-16 thru 12-27-16

413-090-0080
BRS Placement Related Activities for a Department BRS Contractor and BRS Provider

(1) A BRS contractor (see OAR 410-170-0020) and BRS provider (see OAR 410-170-0020) must coordinate all placement-related activities (see OAR 410-170-0020) for the BRS client (see OAR 410-170-0020) with the BRS client's Department or tribal caseworker (see OAR 410-170-0020) to ensure these activities support the child welfare case plan and the child specific case plan.

(2) A BRS contractor and BRS provider must provide facilities, personnel, materials, equipment, supplies and services, and transportation related to placement-related activities.

(a) Clothing: The Department will place the BRS client with a BRS contractor and BRS provider with sufficient clothing at the time of placement. It is the responsibility of the BRS contractor and BRS provider to maintain the BRS client's clothing at an adequate and appropriate level. A caseworker may request approval from a child welfare supervisor or program manager for payment for additional clothing when necessary.

(b) Transportation: A BRS contractor and BRS provider are responsible to arrange or provide transportation for the BRS client for the following: school, to the extent not provided by the school district; medical, dental, and therapeutic appointments; recreational and community activities; employment; and shopping for incidental items. Notwithstanding this responsibility, the cost of transportation for the BRS client for the purposes of home visits or visits to foster homes or relatives will be equally shared by the Department, the BRS contractor and BRS provider and, in as much as they are able as determined by the Department, the BRS client's parents. The BRS contractor, BRS provider, and the caseworker must jointly plan the transportation method and payment procedures as much in advance as possible.

(3) Non BRS-Related Medical and Mental Health Care.

(a) If there is no record that the BRS client has received a physical examination within the six months immediately prior to the BRS client's placement with the BRS contractor and BRS provider, the BRS contractor and BRS provider must schedule a medical exam with the BRS client's caseworker, consistent with health insurance allowances, within 30 days of the BRS client's placement. The BRS contractor and BRS provider must keep documentation of the medical exam in the BRS client's file, and must send a copy to the BRS client's caseworker.

(b) The BRS contractor and BRS provider must coordinate with each BRS client's caseworker to ensure the BRS client's mental health, physical health (including alcohol and drug treatment services), dental, and vision needs are met. This does not include paying the cost of services or medications which are covered by the Oregon Health Plan (OHP) or by the BRS client's third party private insurance coverage. The BRS contractor and BRS provider must work with the BRS client's Department or Tribal caseworker to secure payment for services or medications not covered by OHP or the BRS client's third party private insurance coverage.

(c) The BRS contractor and BRS provider must administer and monitor medications consistent with all applicable Department rules in OAR 413-070-0400 through 413-070-0490, and the BRS provider's medication management policy must comply with Department rules.

(d) The BRS contractor and BRS provider must facilitate the BRS client's access to other medical and mental health providers whenever identified needs cannot be met within the scope of services offered by the BRS provider.

(4) Educational and vocational activities: A BRS contractor and BRS provider must have a system in place for a BRS client to attend school in order to meet the educational needs of a BRS client in its program either

on-site or at an off-site location that complies with OAR 413-100-0900 through 413-100-0940.

(5) Language and culture: The BRS contractor and BRS provider must allow a BRS client to speak his or her primary language and must honor his or her culture.

(6) Other placement-related activities (see OAR 410-170-0020):

(a) Recreational, social, and cultural activities:

(A) A BRS contractor and BRS provider must provide recreation time for the BRS client on a daily basis. A BRS contractor and BRS provider must offer activities that are varied in type to allow the BRS client to obtain new experiences.

(B) A BRS contractor and BRS provider must provide each BRS client a minimum of one opportunity per week to participate in recreational activities in the community, unless the BRS client is clearly unable to participate in offsite activities due to safety issues.

(C) The BRS contractor and BRS provider must provide access to or make available social and cultural activities for the BRS client. These activities are to promote the BRS client's normal development and help broaden the BRS client's understanding and appreciation of the community, arts, environment, and other cultural groups.

(D) The BRS contractor and BRS provider must not permit a BRS client to participate in recreational activities that present a higher level of risk to a BRS client without the approval of the Department. This applies to activities that require a moderate to high level of technical expertise to perform safely, present environmental hazards, or where special certification or training is recommended or required such as: whitewater rafting, rock climbing, ropes courses, activities on or in any body of water where a certified lifeguard is not present and on duty, camping, backpacking, mountain climbing, using motorized yard equipment, and horseback riding.

(b) Academic Assistance: If needed, the BRS contractor and BRS provider must provide adequate opportunities for the BRS client to complete homework assignments with assistance from staff, or a proctor foster home, if applicable.

(7) The BRS contractor and BRS provider must comply with OAR 413-010-0170 through 413-010-0185.

When a Child or Young Adult Placed with a BRS Program Is Missing

(1) When a child in care placed with a BRS program (see OAR 410-170-0020) is missing, the BRS contractor (see OAR 410-170-0020) must ensure its BRS providers immediately report information about the missing child in care to the Department.

(2) Documentation of the report required in section (1) of this rule is required as outlined in OAR 410-170-0030(12)(b)(B).

Compliance Reviews and Remedies

(1) The BRS contractor must comply with all federal and state laws and regulations required to be licensed as an approved foster care agency under OAR 413-215-0001 to 413-215-0131 and 413-215-0301 to 413-215-0396 or residential care agency under OAR 413-215-0001 to 413-215-0131 and 413-215-0501 to 413-215-0586.

(2) The BRS contractor (see OAR 410-170-0020) must cooperate, and ensure its BRS providers cooperate, with program compliance reviews or audits conducted by any federal, state or local governmental agency or entity related to the BRS program, including but not limited to the Department's provider rules OAR 407-120-0170, OAR 407-120-0180, OAR 407-120-0310, and OAR 407-120-1505.

(3) The Department or its designee will conduct compliance reviews periodically, including but not limited to review of documentation and onsite inspections.

(4) If the Department of Human Services becomes aware of any suspected, founded or substantiated abuse, deficiency, violation or failure to comply with the full compliance requirements of a contract, the Department of Human Services shall immediately investigate and take appropriate action, with primary concern given to the health, safety, and welfare of the children in care for whom the child-caring agency is responsible.

(5) Upon receiving any notices or reports related to compliance with a BRS contract, the BRS program office will investigate the report to determine whether there is any material breach of the terms of the contract and take appropriate contract action.

(6) The Department may pursue any combination of contract remedies, including but not limited to recovery of overpayments and other remedies authorized under the contract, at law or in equity against a BRS Contractor, a BRS Provider (see OAR 410-170-0020), or both, for non-compliance with applicable laws, regulations or contract provisions,. In addition to or in lieu of any of the above, the Department may proceed under the applicable provisions of OAR 410-170-0120.

Subject: The Department of Human Services, Office of Child Welfare Programs, is amending rules in OAR chapter 413, division 215 to implement SB 1515 (Oregon Laws 2016, chapter 2016.) These rules govern the licensing and oversight of child-caring agencies by the Department. The rules are amended to reflect the new standards child-caring agencies must comply with to be licensed to provide

care or services to children. The rules are also amended to reflect new oversight responsibilities of the Department and new enforcement authority of the Department to take action on licensing violations and deficiencies. Primary rule changes include:

- Stating the standards child-caring agencies must comply with as provided in section 4 of SB 1515;
- Updating definitions to align with SB 1515, including "child in care," "child-caring agency," and "proctor foster home" and consolidating individual definitions rules into one overarching definitions rule;
- Requiring compliance with all applicable laws and rules, and the internal policies and procedures of the child-caring agency as a condition of licensure;
- Establishing new financial oversight requirements;
- Requiring child-caring agencies to have child abuse reporting policies, procedures, and training as required in section 37 of SB 1515;
- Clarifying requirements related to the internal written policies and procedures child-caring agencies must have;
- Requiring child-caring agencies to provide contact information for executive directors and board members and governmental agencies or units with whom they contract to provide services or care to children;
- Requiring child-caring agencies to provide access to children in care and the agencies' premises to Department personnel and other persons authorized in section 20 of SB 1515;
- Requiring child-caring agencies to provide the Department with information about children in its care and allow inspection of records and documents, including financial documents, when requested;
- Stating that the Department will investigate when it becomes aware that abuses, deficiencies, or failures to comply may be occurring in a child-caring agency;
- Updating the civil penalty criteria consistent with section 31 of SB 1515;
- Requiring annual inspections of premises where children reside or receive services;
- Granting new authority for the Department to take licensing enforcement actions when licensing violations exist;
- Requiring licensing enforcement actions in certain circumstances; and
- Making additional housekeeping changes to improve organization and update terminology.

The rule text showing proposed changes is available at http://www.dhs.state.or.us/policy/childwelfare/implement/temp_rules.htm.

Rules Coordinator: Kris Skaro—(503) 945-6067

413-215-0000
Definitions

Unless the context indicates otherwise, these terms are defined for use in OAR chapter 413, division 215:

(1) "Academic boarding school" means an organization or a program in an organization that:

(a) Provides educational services and care to children 24 hours a day; and

(b) Does not hold itself out as serving children with emotional or behavioral problems, providing therapeutic services, or assuring that children receive therapeutic services.

(2) "Adoption agency" means an organization providing any of the following services:

(a) Identifying a child for adoption and arranging an adoption.

(b) Securing the necessary consent to relinquishment of parental rights and to adoption.

(c) Performing a background study on a child or a home study on a prospective adoptive parent and reporting on such a study.

(d) Making determinations of the best interests of a child and the appropriateness of adoptive placement for the child.

(e) Monitoring a case after placement until final adoption.

(f) When necessary because of disruption before final adoption, assuming custody and providing childcare or other social services for the child pending an alternative placement.

(3) "Age-appropriate or developmentally appropriate activities" means:

(a) Activities or items that are generally accepted as suitable for children in care of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child in care based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and

(b) In the case of a specific child in care, activities or items that are suitable for the child in care based on the developmental stages attained by the child in care with respect to the cognitive, emotional, physical, and behavioral capacities of the child in care.

(4) "Approval" means acceptable to the regulatory authority based on conformity with generally recognized standards that protect public health.

(5) "Approved proctor foster parent" means an individual approved by a foster care agency to provide care to children in a proctor foster home.

(6) "Background check" means a check done in compliance with the Department's criminal records and abuse check rules, OAR 407-007-0200 to 407-007-0370.

(7) "Birth parent" means each person who holds a legally recognized parental relationship to the child but does not include the adoptive parents in the adoption arranged by the adoption agency.

(8) "Boarding" means care or treatment services provided on a 24 hour per day basis to children.

(9) "Child in care" means a person who is under 21 years of age who is residing in or receiving care or services from a child caring agency or proctor foster home.

(10) "Child-caring agency" is defined in ORS 418.205 and:

(a) Means any private school, private agency, or private organization providing:

(A) Day treatment for children with emotional disturbances;

(B) Adoption placement services;

(C) Residential care including, but not limited to, foster care or residential treatment for children;

(D) Outdoor youth programs; or

(E) Other similar care or services for children.

(b) Includes the following:

(A) A shelter-care home that is not a foster home subject to ORS 418.625 to 418.645;

(B) An independent residence facility as described in ORS 418.475;

(C) A private residential boarding school; and

(D) A child-caring facility as described in ORS 418.950.

(c) Child-caring agency does not include:

(A) Residential facilities or foster care homes certified or licensed by the Department under ORS 443.400 to 443.455, 443.830 and 443.835 for children receiving developmental disability services.

(B) Any private agency or organization facilitating the provision of respite services for parents pursuant to a properly executed power of attorney under ORS 109.056. For purposes of this paragraph, "respite services" means the voluntary assumption of short-term care and control of a minor child without compensation or reimbursement of expenses for the purposes of providing a parent in crisis with relief from the demands of ongoing care of the parent's child;

(C) A youth job development organization as defined in ORS 344.415;

(D) A shelter-care home that is a foster home subject to ORS 418.625 to 418.645; or

(E) A foster home subject to ORS 418.625 to 418.645.

(11) "Clinical supervisor" means a Qualified Mental Health Professional with two years post-graduate clinical experience in a mental health treatment setting. The clinical supervisor, as documented by the provider, operates within the scope of his or her practice or licensure, and demonstrates the competency to oversee and evaluate the mental health treatment services provided by other Qualified Mental Health Professionals or Qualified Mental Health Associates.

(12) "Contraband" means items the possession of which is prohibited by the child-caring agency including, but not limited to weapons or drugs.

(13) "Criminal history check" means compliance with the Department's criminal records history rules, OAR 407-007-0200 to 407-007-0370.

(14) "Day treatment" means a comprehensive, interdisciplinary, non-residential, community-based, psychiatric treatment, family treatment, and therapeutic activities integrated with an accredited education program provided to children with emotional disturbances.

(15) "Day treatment agency" means a child-caring agency that provides psychiatric day treatment services.

(16) "Debrief" means to interview a person (such as a child in care or staff member) usually upon return (as from an expedition) in order to obtain useful information.

(17) "Department" means the Oregon Department of Human Services.

(18) "Discipline" means a training process to help a child in care develop the self-control and self-direction necessary to assume responsibilities, make daily living decisions, and learn to conform to accepted levels of social behavior.

(19) "Disruption" means the interruption of an adoptive placement prior to the finalization of the adoption in a court of law.

(20) "Employee" means an individual holding a paid position with a child-caring agency.

(21) "Facility" means the physical setting, buildings, property, structures, administration, equipment, and program of a child-caring agency.

(22) "Family" means related members of a household, among whom at least one adult functions as a parent to one or more minor children.

(23) "Foster care agency" means a child-caring agency that offers to place children by taking physical custody of and then placing the children in homes certified by the child-caring agency.

(25) "Homeless or runaway youth" means a child in care who has not been emancipated by the juvenile court; lacks a fixed, regular, safe, and stable nighttime residence; and cannot immediately be reunited with his or her family.

(26) "Intercountry adoption" means an adoption in which a child who is a resident and citizen of one country is adopted by a citizen of another country.

(27) "Licensee" means a child-caring agency that holds a license issued by the Department.

(28) "Mass shelter" means a structure that contains one or more open sleeping areas in which, on a daily basis, only emergency services are provided to homeless or runaway youth, such as a meal and a safe place to sleep overnight.

(29) "Medication" means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance either internally or externally by any person.

(30) "Outdoor living setting" means an outdoor field setting in which services are provided to children in care either more than ten days per month for each month of the year or for longer than 48 hours at a location more than two hours from community-based medical services.

(31) "Outdoor youth program" means a program that provides, in an outdoor living setting, services to children in care who are enrolled in the program because they have behavioral problems, mental health problems, or problems with abuse of alcohol or drugs. "Outdoor youth program" does not include any program, facility, or activity operated by a governmental entity, operated or affiliated with the Oregon Youth Conservation Corps, or licensed by the Department as a child-caring agency under other authority of the Department. It does not include outdoor activities for youth designed to be primarily recreational.

(32) "Outdoor youth program activity" means an outdoor activity, provided to children in care for the purpose of behavior management or treatment, which requires specially trained staff or special safety precautions to reduce the possibility of an accident or injury. Outdoor youth activities include, but are not limited to: hiking, adventure challenge courses, climbing and rappelling, winter camping, soloing, expeditioning, orienteering, river and stream swimming, and whitewater activities.

(33) "Over the counter medication" means any medication that does not require a written prescription for purchase or dispensing.

(34) "Placement" means when the child is placed in the physical or legal custody of prospective adoptive parents.

(35) "Proctor foster home" means a foster home certified by a child-caring agency under Oregon Laws 2016, chapter 106, section 6 that is not subject to ORS 418.625 to 418.645.

(36) "Program" means a set of one or more services provided by a child-caring agency that make the child-caring agency subject to the rules in Division 413-215.

(37) "Re-adoption" means a process in which a child whose adoption was completed in another country is re-adopted in this country.

(38) "Reasonable and prudent parent standard" means the standard, characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child in care while encouraging the emotional and developmental growth of the child in care, that a substitute care provider shall use when determining whether to allow a child in care in substitute care to participate in extracurricular, enrichment, cultural, and social activities.

(39) "Residential" means care or treatment services provided on a 24 hour per day basis to children. For the purpose of these rules, "residential care or treatment" does not include services provided in family foster homes or adoptive homes.

(40) "Residential care agency" means a child-caring agency that provides services to children 24 hours a day.

(41) "Service plan" means an individualized plan of services to be provided to each child in care based on his or her identified needs and designed to help him or her reach mutually agreed upon goals. The service plan must address, at a minimum, the child in care's physical and medical needs, behavior management issues, mental health treatment methods, education plans, and any other special needs.

(42) "Shelter" means a facility operated by a child-caring agency that provides services for a limited duration to homeless or runaway youth.

(43) "Sole supervision" means being alone with a child in care or being temporarily the only staff in charge of a child in care or subgroup of children in care.

(44) "Special needs" mean a trait or disability of a child that requires special care or attention of the child or that historically has made placement of a child with similar characteristics or disability difficult.

(45) "Staff" means employees of the child-caring agency who are responsible for providing care, services, or treatment to a child in care.

(46) "Stationary outdoor youth program" means an outdoor youth program which remains in a stationary location that houses children in care.

(47) "Therapeutic boarding school" means an organization or a program in an organization that:

(a) Is primarily a school and not a residential care agency;

(b) Provides educational services and care to children for 24 hours a day; and

(c) Holds itself out as serving children with emotional or behavioral problems, providing therapeutic services, or assuring that children receive therapeutic services.

(48) "Transitional living program" means a set of services offered by a child-caring agency that provides supervision and comprehensive services for up to 18 months to assist homeless or runaway youth to make a successful transition to independent and self-sufficient living.

(49) "Wilderness first responder" means a medical training course and certification for outdoor professionals.

Regulation of Child-caring Agencies

Except for a licensee subcontractor that provides limited services under OAR 413-215-0061(6)(b):

(1) A child-caring agency must have a license issued by the Department in accordance with Division 413-215. A licensee must at all times comply with the provisions of the license and with all laws (including rules) applicable to the child-caring agency.

(2) A child-caring agency may not represent itself as able to or purport to provide services governed by the rules in Division 413-215, except the services the child-caring agency is authorized by law (including rules) and licensed to provide.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0006
Definitions

As used in OAR 413-215-0001 to 413-215-0131:

(1) "Agency" means a private child-caring agency (under ORS 418.205(2)(a) and section (6) of this rule) or an organization or school that offers a residential program for children (regulated by ORS 418.327).

(2) "Child" means an unmarried person who is under 18 years of age.

(3) "Children" mean unmarried persons under 18 years of age.

(4) "Department" means the Oregon Department of Human Services.

(5) "Licensee" means a private child-caring agency or an organization or school that offers a residential program for children (regulated by ORS 418.327) and holds a license issued by the Department.

(6) "Private child-caring agency" is defined by the definitions in ORS 418.205, and means a "child-caring agency" that is not owned, operated, or administered by any governmental agency or unit.

(a) A "child-caring agency" means an agency or organization providing:

(A) Day treatment for disturbed children;

(B) Adoption placement services;

(C) Residential care, including but not limited to foster care or residential treatment for children;

(D) Outdoor youth programs (defined at OAR 413-215-0911); or

(E) Other similar services for children.

(b) A child-caring agency does not include residential facilities or foster care homes certified or licensed by the Department under ORS 443.400 to 443.455, 443.830 and 443.835 for children receiving developmental disability services.

(7) "Program" means a set of one or more services provided by an agency that make the agency subject to the rules in Division 413-215.

(8) "Substantial compliance" means a level of adherence to the rules in Division 413-215 and other applicable law that, although failing to meet one or more of the requirements of these rules, in the Department's estimation does none of the following:

(a) Constitute a danger to the health or safety of any individual.

(b) Constitute a willful or ongoing violation of the rights of children or families served by an agency.

(c) Prevent the accomplishment of the Department's purposes.

413-215-0011

Requirement to Obtain and Comply with License

Except for a licensee subcontractor that provides limited services under OAR 413-215-0061(6)(b):

(1) A child-caring agency must have a license issued by the Department in accordance with Division 413-215. A licensee must at all times comply with the provisions of the license and with all laws (including rules) applicable to the child-caring agency.

(2) A child-caring agency may not represent itself as able to or purport to provide services governed by the rules in Division 413-215, except the services the child-caring agency is authorized by law (including rules) and licensed to provide.

413-215-0016

Requirements Related to Corporation Status

(1) Only a corporation may receive a license from the Department under these rules (OAR 413-215-0001 to 413-215-0131). A limited liability company is an unincorporated association, and not a corporation, and may not be licensed under Division 413-215.

(2) In-state and out-of-state corporations must meet all requirements of the Oregon Secretary of State, Corporation Division in order to receive a license from the Department.

(3) A child-caring agency's articles of incorporation, its bylaws, or another written document approved by the board of directors must clearly set forth the purposes of the organization.

(4) A licensee must submit to the Department within seven business days each amendment to its articles of incorporation, bylaws, statement of its purposes, and name registration.

413-215-0021

Governance

(1) Governing board requirements.

(a) A child-caring agency must have a governing board that has responsibility for its mission, operation, policy, and practices. These responsibilities must be stated in writing.

(b) The governing board of a child-caring agency must be a board of directors consisting of no fewer than five responsible individuals of good moral character who are citizens or legal residents of the United States.

(c) A child-caring agency must maintain a list of the members of the governing board that includes the name, address, telephone number, board office, and term of membership for each.

(d) Members of the governing board of a child-caring agency that is a not-for-profit agency may not receive compensation for serving on the board, other than reasonable reimbursement for the expenses associated with their services.

(2) Responsibilities of the governing board. The governing board of a child-caring agency must have all of the following responsibilities:

(a) To provide leadership for the child-caring agency.

(b) To be responsible for establishing the child-caring agency's by-laws and policies, to monitor the agency's programs consistent with its policies and mission, and to guide program development.

(c) To adopt by-laws that provide a basic structure for the operation of the programs of the child-caring agency.

(d) To develop by-laws for selection and rotation of its members.

(e) To ensure the employment of a qualified executive director and to delegate appropriate responsibility to that individual for the administration, management, and operation of the child-caring agency, including the employment of all child-caring agency staff and the authority to dismiss any staff member.

(f) To formally evaluate the executive director's performance annually.

(g) To approve the annual budget of anticipated income and expenditures necessary to provide the services described in its program description.

(h) To review an annual report of actual income and expenditures.

(i) To obtain and review an annual independent financial review of financial records.

(j) To establish and ensure compliance with personnel practices for the selection and retention of staff sufficient to operate the child-caring agency.

(k) To ensure a written quality improvement program that identifies systematic efforts to improve its services.

(l) To keep permanent records of meetings and deliberations on major decisions affecting the delivery of services.

(3) Executive director or program director requirements. A child-caring agency must operate under the direct supervision of an executive or program director appointed by the governing board. The executive director or program director must have all of the following qualifications:

(a) Knowledge of the requirements for providing care and treatment appropriate to the child-caring agency's programs.

(b) Ability to maintain records on children in care and families, personnel, and the child-caring agency in accordance with these rules.

(c) Ability to direct the work of staff.

(d) No history of conduct indicating it may be unsafe to allow the individual to supervise the care of children.

(e) Health sufficient to carry out the duties of the position.

(f) Good moral character, including honesty, fairness, and respect for the rights of others.

(4) The executive or program director must be responsible for all of the following:

(a) The daily operation and maintenance of the child-caring agency and its facilities in compliance with the rules in Division 413-215 and the established program budget.

(b) Administration of policies and procedures to ensure clear definition of staff roles and responsibilities, lines of authority, and equitable workloads that ensure safe and protective care, supervision, and treatment of the children served by the child-caring agency.

(c) Ensuring that only individuals whose presence does not jeopardize the health, safety, or welfare of the children in care served by the child-caring agency are employed or used as volunteers.

(d) Recruiting, employing, supervising, training, or arranging for training.

(e) Reporting to the governing board on the operation of the child-caring agency.

(f) Providing for appropriate staff to assume the executive or program director's responsibility for the operation and maintenance of the child-caring agency whenever the executive or program director is absent from the child-caring agency.

(g) Terminating from employment any staff member who is unsuitable or who performs in an unsatisfactory manner.

(h) Complying with all laws, and ensuring that all child-caring agency employees, contractors, and agents comply with all laws, including mandatory child abuse reporting laws.

(i) Ensuring that the child-caring agency, including its employees, contractors, and agents, complies with all licensing rules and regulations and internal policies and procedures of the child-caring agency.

(5) Suitability. In order for the Department to evaluate the suitability of a child-caring agency and its staff, the child-caring agency must immediately disclose to the Department all of the following information:

(a) Each instance in which the child-caring agency or a member of its staff or board of directors has permanently lost the right to provide services to children or families in any jurisdiction, and the basis for each action.

(b) The circumstances and disposition of any licensing denial, suspension, or revocation; or any other negative sanction or proposed sanction by an oversight body against the child-caring agency or a member of its staff or board of directors, if the denial, suspension, or revocation; or any other negative sanction or proposed sanction results from conduct that is relevant to the child-caring agency's, staff's, or board member's ability or fitness to carry out the duties imposed by these rules and governing statutes.

(c) For the previous ten years, any disciplinary action against or investigation of the child-caring agency or a member of its staff or board of directors by a licensing or accrediting body, including the basis and disposition of each action, if the disciplinary action or investigation results from conduct that is relevant to the agency's or staff's or board member's ability or fitness to carry out the duties imposed by these rules and governing statutes.

(d) Any instance in which the child-caring agency or a member of its staff or board of directors has been found guilty of any crime under federal, state, or foreign law.

(e) Any civil or administrative violation involving financial irregularities by the agency or a member of its staff or board of directors under federal, state, or foreign law.

(f) For the previous five years, any instance in which the child-caring agency, a member of its board of directors, or its executive or program director has filed for bankruptcy.

413-215-0026
Financial Management

(1) Budget. A child-caring agency must operate under an annual line-item budget, showing planned expenditures and sources of income, which has been approved by the governing board as the plan for management of its funds, and provide a copy to the Department upon request.

(2) Funding. The annual budget of a licensee must document that the licensee has sufficient funds to meet the requirements of licensure, to operate the programs the licensee is licensed to operate, and to provide the services the licensee has stated the child-caring agency will provide.

(3) Fiscal accountability.

(a) A child-caring agency must maintain complete and accurate accounts, books, and records following generally accepted principles of accounting. A child-caring agency must provide to the Department current internal financial statements, general ledgers, bank statements, and any other financial records upon request.

(b) Beginning January 1, 2017, agencies with annual revenue in excess of $1,000,000 must provide annually to the Department:

(A) An annual audit completed by an independent certified public accountant who is not an employee of the child-caring agency and not otherwise affiliated with the child-caring agency and any financial statements or records submitted for purposes of that audit; and

(B) A tax compliance certificate issued by the Department of Revenue.

(c) Beginning January 1, 2017, agencies with annual revenue less than $1,000,000 must provide annually to the Department:

(A) An annual review conducted by an independent certified public accountant who is not an employee of the child-caring agency and not otherwise affiliated with the child-caring agency and any financial statements or records submitted for purposes of that review; and

(B) A tax compliance certificate issued by the Department of Revenue.

(4) A child-caring agency that is a non-profit corporation must comply with the requirements of ORS 128.610 to 128.769.

(5) Insurance. A child-caring agency must at all times maintain each of the following:

(a) General liability insurance in an amount that is reasonably related to the exposure to risk but in no case in an amount less than $1,000,000 for each occurrence and $3,000,000 aggregate.

(b) Adequate fire insurance.

(c) Adequate auto insurance if the child-caring agency owns or operates a vehicle.

413-215-0031
Cultural, Ethnic, and Gender-specific Services

A child-caring agency must make efforts, including attending available training, to ensure services provided to children in care and families are compatible with the cultural, ethnic, and gender considerations the children in care and families served by the child-caring agency consider important. The child-caring agency must ensure that written materials are made available in other languages as necessary, or as indicated by the demographic environment or the population served by the program.

413-215-0036
Conflict of Interest

A child-caring agency must have a conflict of interest policy that prohibits preferential treatment of board members, employees, volunteers, and contributors. The policy must outline safeguards when the child-caring agency allows dual relationships, such as employees serving as proctor foster parents, including the requirement that all material facts of the conflicted transaction and the direct or indirect interest of the board member, employee, volunteer, or contributor are disclosed or known to the board approving the conflicted transaction. If circumstances do not permit board approval of the conflicted transaction, a non-profit child-caring agency may obtain the approval of the Attorney General or the Department prior to entering into the transaction.

413-215-0041
Code of Ethics

If a child-caring agency subscribes to a code of ethics, or if the child-caring agency expects that all or some portion of its staff subscribe to a code of ethics, the child-caring agency must identify the code and make it available for review upon request.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0046
Children and Families Rights Policy and Grievance Procedures

(1) Rights of children in care and families served by the child-caring agency. A child-caring agency must guarantee the rights of children in care and the families the child-caring agency serves. A child-caring agency must enact and adhere to a policy ensuring those rights. A written copy must be distributed to all children in care and families served by the child-caring agency, and afford the following rights:

(a) The child in care's right to communicate with parents, legal guardians, legal representatives, or other persons approved for communication by the parent or legal guardian.

(b) The child in care's right to privacy.

(c) The child in care's right to participate in service planning.

(d) The child in care's right to fair and equitable treatment.

(e) The child in care's right to file a grievance if the child in care or family feels that they are treated unfairly or if they are not in agreement with the services provided.

(f) The child in care's right to have personally exclusive clothing

(g) The child in care's right to personal belongings.

(h) The child in care's right to an appropriate education.

(i) The child in care's right to participate in recreation and leisure activities.

(j) The child in care's right to have timely access to physical and behavioral health care services.

(2) Grievance Procedures.

(a) A child-caring agency must enact and adhere to written procedures for the children in care and families the child-caring agency serves to submit a grievance. The child-caring agency must provide the procedures to each child in care and family. The procedures must include all of the following:

(A) A process likely to result in a fair and expeditious resolution of a grievance.

(B) A prohibition of reprisal or retaliation against any individual who files a grievance.

(C) A procedure to follow, in the event the grievance is filed against the executive director, that ensures that the executive director does not make the final decision on the grievance.

(D) The name, address, and phone number of:

(i) A Department licensing coordinator; and

(ii) Any other governmental entities with oversight responsibilities.

(b) Grievances and complaints filed with the child-caring agency and all information obtained in their resolution must be maintained for a minimum of two years and provided to the Department upon request.

(3) A child-caring agency serving children in care who are also in Department care or custody must:

(a) Post and adhere to the Oregon Foster Children's Bill of Rights in accordance with the requirements of OAR 413-010-0180 and comply with ORS 418.200 to 418.202; and

(b) Have and adhere to a process for children in care in Department care or custody to make complaints consistent with ORS 418.201(1).

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0051
Resources Required

(1) A child-caring agency must ensure that it has sufficient safe space, equipment, and office equipment to deliver its services within Oregon.

(2) A child-caring agency must employ or contract for a sufficient number of competent and qualified employees to perform the functions regulated by these rules and to provide adequate care, safety, protection, and supervision of the children in care and families the child-caring agency serves.

(3) The child-caring agency must ensure that an individual who fulfills more than one staff function or position is trained for and meets the requirements for each position.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0056
Policies and Procedures

(1) For each program it is licensed to operate, a licensee must have and adhere to comprehensive policies and procedures that are well organized, accessible, and easy to use.

(2) The policies and procedures in section (1) of this rule must include a written policy on mandatory child abuse reporting, consistent with ORS 419B.005, 419B.010, and 419B.015 that includes requirements that agency employees, staff, contractors, agents, and proctor foster parents do all of the following:

(a) Immediately report suspected child abuse directly to the Department via the child abuse reporting hotline.

(b) Receive child-caring agency-provided training on mandatory abuse reporting requirements as part of employee orientation and at least annually thereafter as described in OAR 413-215-0061.

(c) Receive child-caring agency-provided training on the legal definition of child abuse in ORS 419B.005, and the definition of abuse that applies in child caring agencies as set forth in Oregon Laws 2016, chapter 106, section 36.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106
Hist.: CWP 29-2008, f. & cert. ef. 10-17-08: CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0061
Personnel

(1) Staff requirements and hiring. In order to ensure that the child-caring agency uses only staff and volunteers who do not jeopardize the health, safety, or welfare of children, a child-caring agency and its contractors must meet all of the following requirements:

(a) Comply with the Department's background check rules at OAR 407-007-0200 to 407-007-0370.

(b) Obtain reference checks.

(c) Employ individuals who meet the staff minimum qualifications as stated in the current job description.

(2) Personnel policies of the child-caring agency and its contractors must include all of the following:

(a) For each staff position, a job title and a written job description that defines the qualifications, duties, and lines of authority for the position.

(b) A staff development plan providing for opportunities for professional growth through supervision, training, and experience.

(c) Procedures for a written annual evaluation of the work and performance of each staff member that include provision for employee participation in the evaluation process.

(d) A description of the termination procedures established for resignation, retirement, and dismissal.

(e) A written grievance procedure for staff.

(3) Personnel Files. The child-caring agency and its contractors must have a personnel file for each employee that is maintained for a minimum of two years after the termination date of each employee and includes all of the following:

(a) A record of education, training, and previous employment.

(b) Documentation of reference checks.

(c) Documentation that a background was completed as required in OAR 407-007-0200 to 407-007-0370.

(d) Annual performance evaluations.

(e) Ongoing record of training received.

(f) Records of personnel actions.

(g) Starting and termination dates, and reason for termination.

(h) A current job description.

(4) Staff orientation. A child-caring agency must provide orientation to each newly hired employee within 30 days of employment on all of the following subjects:

(a) Child-caring agency policies and procedures.

(b) Ethical and professional guidelines.

(c) Organizational lines of authority.

(d) Attributes of population served.

(e) Child-abuse reporting laws and requirements including the definition of abuse that applies specifically to a child in care.

(f) Privacy laws.

(g) Emergency procedures.

(5) Child abuse reporting training: A child-caring agency must provide training and written materials on mandatory child abuse reporting responsibilities to all employees and, if applicable, proctor foster parents as part of initial orientation and annually thereafter. The training must include written instruction on the following:

(a) The legal definition of child abuse in ORS 419B.005 and the definition of abuse that applies in child-caring agencies as set forth in Oregon Laws 2016, chapter 106, section 36;

(b) The legal responsibility to immediately report suspected child abuse or neglect by calling the appropriate child abuse reporting hotline; and

(c) The legal responsibility to report child abuse is personal to the employee and, if applicable, the approved proctor foster parent and is not fulfilled by reporting the child abuse or neglect to the owner, operator, or any other employee of the child-caring agency even if the owner, operator, or other employee reports the child abuse to the Department.

(6) Contractor-related requirements.

(a) If a child-caring agency contracts with other private providers or individuals in lieu of or in addition to hiring permanent employees, the child-caring agency must ensure that the contractor meets the applicable requirements of this rule and the rules in Division 413-215 specific to the type of service the contractor provides.

(b) If the child-caring agency contracts to provide any of its services:

(A) The child-caring agency must ensure the contractor has a process to screen its employees for professional conduct and sufficient methods for holding its employees accountable.

(B) The contract between the child-caring agency and contractor must specify all of the following:

(i) The services the contractor provides.

(ii) The contractor's fees.

(iii) Disclosure of information from the contractor to the agency.

(iv) Lines of authority between the contractor and the child-caring agency and among employees of the contractor in connection with the provision of services.

(v) Adherence to applicable Department rules and requirements, including, but not limited to the background check rules in OAR 407-007-0200 to 407-007-0370.

(vi) Any liability of the child-caring agency for acts of the contractor, any rights of indemnity, and any limitations on liability of the child-caring agency or contractor.

(C) The child-caring agency must amend any contracts that started prior to the effective date of this rule to comply with this rule.

413-215-0066
Privacy

(1) A child-caring agency must have and follow a written policy that addresses protection of the privacy of children and families the child-caring agency serves or has served.

(2) Except as provided section (4) of this rule, a child-caring agency may not disclose any identifying information of a child in care, including a picture, without first obtaining the written consent from the child's parents or legal guardians.

(3) A child-caring agency must ensure the privacy of all information that identifies a child in care or family the child-caring agency serves. A child-caring agency may not disclose such information without proper written consent or as otherwise allowed by law.

(4) A person making a report of abuse as required in ORS 419B.010 and Oregon Laws 2016, chapter 106, section 37, may include references to otherwise confidential information for the sole purpose of making the report.

413-215-0071
Records and Documentation

With respect to the records on children in care and families a child-caring agency serves and to other records maintained by a child-caring agency, the child-caring agency must meet all of the following requirements:

(1) The child-caring agency must accurately prepare and safely store its records and ensure the records are readily available for inspection by the Department.

(2) All entries in records required by the rules in Division 413-215 must be permanent, legible, dated, and signed by the person making the entry.

(3) Records must be uniform in organization, readily identifiable and accessible, current and complete, and contain all of the information required of the child-caring agency by the rules in Division 413-215.

(4) Records must be corrected, when necessary, by the use of a single line drawn through the incorrect information, the addition of the correct information, a notation of the date the correction is made, and the initials of the person making the correction. No "white out," eraser tape, or other means of eradicating information may be used to make a change to a record.

(5) Fiscal records must be kept that are accurately prepared and properly reflect all direct and indirect revenues and expenditures for the operation and maintenance of the child-caring agency.

(6) The child-caring agency must keep reports of all inspections of the child-caring agency and its facilities for not less than five years after an inspection.

(7) The child-caring agency must maintain a permanent registry of each child in care the child-caring agency serves. The registry must include the child in care's name, gender, and birth date; the names and addresses of his or her parents or guardians; the dates of admission; and the placement upon discharge.

(8) If a child-caring agency changes ownership or executive or program director, all records of the children in care and families served by the child-caring agency must remain in a facility operated by the child-caring agency.

(9) Prior to the dissolution of a child-caring agency, the executive or program director must inform, in writing, a Department licensing coordinator of the location and storage of records on children in care or that the records have been transferred with the children in care to a new facility.

413-215-0076
Discipline and Behavior Management (Excluding Adoption Agencies)

(1) A child-caring agency except a child-caring agency licensed only to provide adoption services under OAR 413-215-0401 to 413-215-0481 must meet all of the requirements of this rule.

(2) Discipline Policy.

(a) A child-caring agency must incorporate into the program's caregiving practices positive non-punitive discipline and ways of helping a child in care build positive personal relationships, self-control, and self-esteem.

(b) The discipline policy must prohibit all of the following:

(A) Spanking, hitting, or striking with an instrument.

(B) Committing an act designed to humiliate, ridicule, or degrade a child in care or undermine the self-respect of a child in care.

(C) Punishing a child in care in the presence of a group or punishment of a group for the behavior of one child in care.

(D) Depriving a child in care of food, clothing, shelter, bedding, rest, sleep, toilet access, or parental contact.

(E) Assigning extremely strenuous exercise or work or requiring a child in care to spend prolonged time in one position likely to produce unreasonable discomfort.

(F) Using physical restraint (see paragraph (3)(e)(A) of this rule) or seclusion as discipline.

(G) Permitting or directing a child in care to punish another child in care.

(H) Using any other kind of harsh punishment.

(I) Denying a parent, guardian, or sibling the right to visit a child in care solely as a disciplinary measure against the child in care.

(3) Behavior Management.

(a) The child-caring agency must have and follow behavioral management policies consistent with the requirements of this rule. Copies of the policies shall be provided to the Department annually and at any time that they are adopted, amended, or deleted.

(b) The behavior management policy of the child-caring agency must identify appropriate and positive methods of behavior management based on a child's needs, developmental level, and behavior.

(c) The policies must include a description of the model, program, or techniques used and its use of each of the following:

(A) Non-violent crisis intervention. For purposes of this rule, "non-violent crisis intervention" means a nationally recognized, holistic system for defusing escalating behavior and safely managing physically aggressive behavior. The agency's choice of a "non-violent crisis-intervention system" must be conveyed to and approved by the Department.

(B) Use of time out, if applicable.

(C) Use of restraints, if applicable.

(i) Chemical restraint, meaning the administration of medication for the management of uncontrolled behavior, is prohibited. Chemical restraint is different from the use of medication for treatment of symptoms of severe emotional disturbances or disorders

(ii) Mechanical restraint, meaning the use of any physical device to involuntarily restrain the movement of a child in care as a means of controlling his or her physical activities, is prohibited.

(D) Use of seclusion, if applicable.

(d) Time out.

(A) For the purpose of this rule, "time out" means restricting a child in care to a designated area for a period of time to give the child in care an opportunity to regain self-control.

(B) "Time out" must include frequent contact with staff.

(C) Rooms used for "time out" must have adequate space, heat, light, and ventilation, and must not be capable of locking.

(D) "Time out" episodes must be documented in the child in care's clinical record.

(e) Physical restraint.

(A) For the purposes of this rule, "physical restraint" means the act of restricting a child in care's voluntary movement as an emergency measure in order to manage and protect the child in care or others from injury when no alternate actions are sufficient to manage the child in care's behavior. "Physical restraint" does not include temporarily holding a child in care to assist him or her or assure his or her safety, such as preventing a child in care from running onto a busy street.

(B) Only child-caring agency staff and proctor foster parents who have been trained in a nationally recognized non-violent crisis-intervention system may use physical restraint and only when physical restraint is necessary as a last resort to prevent a child in care from inflicting harm to self or others.

(C) The child-caring agency must report each use of physical restraint on a child in care to the child in care's parent or legal guardian, caseworker, or probation officer within five working days, and must document the notification in the child in care's case file.

(D) Any use of physical restraint by a staff member of the child-caring agency, if the member is not trained in a nationally recognized non-violent crisis intervention system, must also be reported to a Department licensing coordinator within one working day of occurrence.

(E) Limitations. The child-caring agency must have a policy that prohibits the application of a non-violent physical restraint to a child in care who has a documented physical condition that would contraindicate the use of that particular restraint, unless a qualified medical professional has previously and specifically authorized its use in writing for that child in care. Documentation of the authorization must be maintained in the child in care's record.

(F) Physical Restraint Documentation. The policies of the child-caring agency must require a report on an incident report form of behavior that required the use of physical restraint. The report must include the specific attempts to de-escalate the situation before using physical restraint and the length of time the physical restraint was applied. The report must include the time the restraint started and the time it was terminated, the debriefing completed with the staff and child in care involved in the physical restraint, and documentation of a review by the executive director, program director, or designee.

(G) Review. The policies of the child-caring agency must require that whenever a physical restraint is used on a child in care more than two times in seven days, there is a review by the executive director, the director's designee, or a management team to determine the suitability of the program for the child in care, whether modifications to the child in care's plan are warranted, and whether staff need additional training in alternative therapeutic behavior management techniques. The child-caring agency must take appropriate action indicated by the review.

(f) Seclusion.

(A) For the purposes of this rule, "seclusion" means that a child in care is involuntarily confined to an area or room, and is physically prevented from leaving.

(B) Rooms used for seclusion must have adequate space, heat, light, and ventilation.

(C) Seclusion may only be used to ensure the safety of the resident or others during an emergency safety situation.

(D) Episodes of seclusion are limited to two hours for children in care age nine and older and one hour for children in care under the age of nine.

(E) Visual monitoring of a child in care in seclusion must occur and be documented at least every fifteen minutes.

(F) Each incident of seclusion must be documented in the child in care's clinical record, and must include the clinical justification for its use.

(G) If incidents of seclusion used with an individual child in care cumulatively exceed five hours in five days, or a single episode of more than two hours for children in care age nine and older or more than one hour for children in care under age nine, the executive director or designee must review the case with those with clinical leadership responsibilities to evaluate the child in care's plan of care and make necessary adjustments.

(4) If the child-caring agency utilizes seclusion and restraint as part of its behavior management practices, its use of seclusion and restraint must be in compliance with all applicable federal and state regulations and rules.

413-215-0081
Application for License

(1) For purposes of this rule, "applicant" means a child-caring agency that is in the process of applying for a license from the Department.

(2) Application required.

(a) A child-caring agency must submit a completed application in each of the following situations:

(A) To obtain an initial license.

(B) To renew a license.

(b) An applicant must apply for a license on forms provided by the Department.

(3) Documents to be submitted by a new applicant. The applicant must submit to the Department at the time of application all of the following documents:

(a) An application form that is complete and signed by the board chair and either the executive director or program director.

(b) A copy of the articles of incorporation, bylaws, amendments to the articles of incorporation and bylaws, and documents evidencing each name change or assumed business name.

(c) A list of the current board of directors, including names, addresses, telephone numbers, email addresses, term, and office held.

(d) A complete personnel list with job titles.

(e) An organization chart with job titles and staff names.

(f) Authorization to obtain criminal histories and child abuse background checks in accordance with these rules on the executive director and program director.

(g) A proposed annual budget adequate to finance the program. The budget must clearly indicate all sources of income and anticipated expenditures, as described in OAR 413-215-0026.

(h) A written program description, including admission requirements, population served, gender and ages served, types of programs and services offered, the cost to clients (if any), the geographical area to be served, and the projected staffing pattern. The program description must identify all exclusions that would make a child in care ineligible to be served by the child-caring agency.

(i) For new, expanding, or changing residential programs only, documentary proof of compliance with ORS 336.575, which requires notification of the superintendent or the district school board of possible effect of additional children in care and services, three months before children in care arrive at the agency's facility.

(j) Current copies of all written policies and procedures required by these rules including:

(A) A written policy on conflict of interest that meets the requirements of OAR 413-215-0036.

(B) Written policies regarding the rights of children and families the child-caring agency would serve upon being licensed that meets the requirements of OAR 413-215-0046.

(C) A grievance procedure for children in care and families that meets the requirements of OAR 413-215-0046.

(D) A written policy on mandatory child abuse reporting that meets the requirements of OAR 413-215-0056.

(E) A written policy regarding personnel that meets the requirements of OAR 413-215-0061.

(F) A written privacy policy that meets the requirements of OAR 413-215-0066.

(G) A written discipline and behavior management policy that meets the requirements of OAR 413-215-0076.

(H) A written policy for compliance with Interstate Compact on the Placement of Children (ICPC) (see ORS 417.200 to 417.260), if applicable.

(I) A written policy for compliance with the Indian Child Welfare Act of 1978, Pub. L. No. 95-608, 92 Stat. 3069 (1978) (ICWA) (see OAR 413-070-0100 to 413-070-0260), if applicable.

(k) Floor plans for any proposed facility.

(l) Proof of adequate fire, auto, and liability insurance.

(m) Emergency procedures.

(n) Current inspection report of the Fire Marshal and current sanitation inspection reports, unless the application is for a license as an adoption agency or a foster care agency. For an outdoor youth program, these inspections reports are only required for each base camp component.

(o) For the previous ten years, a copy of each report by a federal or state authority concerning a criminal charge, charge of child abuse, malpractice complaint, or lawsuit against the child-caring agency, a member of the child-caring agency's board of directors, or one of its employees related to the provision of services, and the basis and disposition of each action, if applicable.

(p) A list of governmental agencies or units with whom the child-caring agency contracts to provide care or services to a child. This list must include a brief description of the care or services to a child provided under the contract and the name, mailing address, telephone number, and email address for the contact person for the governmental agency or unit with whom the child-caring agency holds the contract.

(q) Other documents or information requested by the Department.

(4) Documents to be submitted to renew a license. A licensee must submit to the Department at the time of application for renewal all of the following documents:

(a) An application renewal form that is complete and signed by the board chair and either the executive director or program director.

(b) A list of the current board of directors, including names, addresses, telephone numbers, email addresses, term, and office held.

(c) A complete personnel list with job titles.

(d) An organization chart with job titles and staff names.

(e) Authorization to obtain background checks in accordance with these rules on the executive director and program director.

(f) Proof of adequate fire, auto, and liability insurance.

(g) Current inspection report of the Fire Marshal and current sanitation inspection reports, unless the re-application is for a license as an adoption agency or a foster care agency. For an outdoor youth program, these inspections reports are only required for each base camp component.

(h) Annual financial statements and records as described in OAR 413-215-0026.

(i) A tax compliance certificate issued by the Oregon Department of Revenue.

(j) Policies required in subsection (3)(j) of this rule.

(k) A list of governmental agencies or units with whom the child-caring agency contracts to provide care or services to a child. This list must include a brief description of the care or services to a child provided under the contract and the name, mailing address, telephone number, and email address for the contact person for the governmental agency or unit with whom the child-caring agency holds the contract.

(l) Other documents or information requested by the Department.

(5) Application fees.

(a) The Department requires no fee to be paid by an applicant for the inspection conducted to determine whether to grant, withhold, suspend, or revoke a license required by these rules.

(b) child-caring agency may be required to pay for inspections done by other governmental agencies, such as county health departments and the State Fire Marshal, that are necessary to obtain a license from the Department.

(6) Processing the Application. Within 30 days of the receipt of an application and the documents described in section (3) or (4) of this rule, the Department will begin its review to determine whether the applicant is or will be in compliance with the rules in Division 413-215 and whether denial is required or appropriate under OAR 413-215-0121. In connection with its evaluations, the Department may examine the records and files of the applicant, inspect and observe the physical premises, and interview children and families served by the program, the staff of the applicant, and persons in the community.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; Renumbered from 413-210-0020, CWP 29-2008, f. & cert. ef. 10-17-08: CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0086
Issuance of License

(1) If the Department determines from the application and its review that the child-caring agency is or will be in compliance with the rules in Division 413-215 and that denial is not required or appropriate under OAR 413-215-0121, the Department issues a license to the child-caring agency. A license is effective for a two-year period subject to being suspended, revoked, or rendered invalid when not utilized for a period of six consecutive months as provided in OAR 413-215-0121.

(2) The license is not transferable and is not applicable to an entity other than the corporation to which the license is issued. The license is applicable only to a facility or site identified on the license.

(3) The following information is included on the license:

(a) The incorporated name of the licensee and its "assumed business name" if applicable.

(b) The address of the administrative office of the corporation.

(c) The address of each facility operated under authority of the license.

(d) The maximum number to be served at any one time in each facility, if applicable.

(e) The age and gender of the persons to be served by the child-caring agency.

(f) The types of services the licensee is authorized to provide.

(g) The effective date and term of the license.

(h) Restrictions or conditions imposed by the Department, if applicable.

(i) Such other information deemed appropriate by the Department.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106

413-215-0091
Responsibilities of Licensees

A licensee is responsible to do all of the following:

(1) Ensure that children in care are well cared for and safe from self-harm, physical harm, and abuse from others.

(2) Adhere to and comply with all policies and procedures of the licensee and ensure that the licensee's employees and volunteers adhere to and comply with the licensee's policies and procedures.

(3) Comply with all federal, state, and local laws, rules, regulations, executive orders, and ordinances applicable to the licensee and ensure that the licensee's employees and volunteers comply with all federal, state, and local laws, rules, regulations, executive orders, and ordinances applicable to the licensee.

(4) Meet with an employee of the Department upon request and make all employees, staff, agents, and contractors available to meet with the Department upon request.

(5) Notify the Department if the child-caring agency employs a new executive director or a new manager of an individual facility or program and when a new board chairman or member of the governing board is appointed, including names, mailing addresses, email addresses, and phone numbers.

(6) Provide copies of all written policies and procedures required in OAR 413-215-0081(3)(j) when requested.

(7) Make reports to the Department as required by these rules and upon request to ensure that the requirements for licensing are met.

(8) Provide information about children in care when requested by the Department and as required by OAR 413-215-0026. The Department may request information about children in care at any time. Information requested may include, but is not limited to, the following:

(a) Names;

(b) Dates of birth;

(c) Dates of admission or service delivery;

(d) Names and contact information for children's parents or guardians;

(e) Address where children reside or receive services;

(f) Assessments and diagnostic information;

(g) Treatment and service records;

(h) Medical records;

(i) Case notes; and

(j) Incident reports.

(9) Provide the Department with financial records and documents when requested by the Department. Records and documents requested by the Department may include, but are not limited to, the following:

(a) Annual operating budget;

(b) Annual financial statements;

(c) Tax returns and tax-related documentation;

(d) Tax compliance certificates issued by the Oregon Department of Revenue; and

(e) Signed releases authorizing the Department to obtain financial information about the child-caring agency from the Internal Revenue Service, the Department of Revenue, or any other government entity.

(10) Provide the Department with any completed proctor foster home studies as required in OAR 413-215-0321(3) upon request.

(11) Permit immediate access to a child in care and access to any area of the premises in which the child in care receives care or services to the following:

(a) Employees and representatives of the Department;

(b) The child in care's attorney;

(c) The child in care's court-appointed special advocate;

(d) The parent or legal guardian of the child in care if the child in care has not been committed to the custody of the Department or the Oregon Youth Authority;

(e) Any governmental agency or unit that has a contract with the child-caring agency to provide care or services to the child in care; and

(f) Any other person authorized by the Department.

(12) Notify a Department licensing coordinator within one business day if a critical event occurs. As used in this section, a "critical event" is a significant event occurring in the operation of a child-caring agency that is considered likely to cause complaints, generate concerns, or come to the attention of the media, law enforcement agencies, first responders, Child Protective Services, or other regulatory agencies. Compliance with this notification requirement does not satisfy the mandatory reporting requirements under ORS 419B.005 to 419B.045.

(13) Notify a Department licensing coordinator when information required in OAR 413-215-0081(3)(p) relating to governmental agencies or units with whom the child-caring agency contracts to provide care or services to a child changes.

(14) Notify a Department licensing coordinator 30 days or more prior to the voluntary closure or change to inactive status of a program of the child-caring agency.

(15) Post a copy of the license in a common area at each facility operated by the licensee and retain the license at the administrative offices of the licensee.

(16) Return the license to a Department licensing coordinator immediately upon the suspension or revocation of the license, a change to inactive status, or a change of ownership or location.

(17) Notify a Department licensing coordinator of the discontinuation of services or the intent to reactivate a service after a period of inactivity.

413-215-0096
Renewal of License

(1) To renew a license, a licensee must submit to the Department an application for renewal prior to the expiration of the current license (see OAR 413-215-0081). If the Department receives an application for renewal before the license expires, the license remains effective until the Department issues a decision on the application.

(2) Before the Department will consider an application for renewal of a license, the licensee must submit the documents required in OAR 413-215-0081(4) with an application to renew a license. The licensee must make available for examination by the Department all records and files of the child-caring agency. The licensee must allow representatives of the Department to enter and inspect the physical premises, and interview children receiving services from the child-caring agency and child-caring agency staff.

(3) Within 30 days of the receipt of the renewal application, the Department will begin its review to determine whether the licensee is or will be in compliance with the rules in Division 413-215 and whether denial is required or appropriate under OAR 413-215-0121.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0101
Periodic Inspections

(1) The Department will visit and inspect each licensee and each facility operated by the licensee to determine whether the program is maintained and operated in accordance with the rules in Division 413-215 and all other applicable laws and rules.

(a) The Department will inspect premises where children in care reside and receive services from employees or staff who do not reside on the premises at least once per year. These unannounced inspections will occur at unexpected times and at irregular intervals.

(b) The Department will inspect premises not covered under subsection (a) of this section at least once every two years.

(2) Employees of the Department may conduct inspections and may visit the licensee at unannounced, irregular intervals.

(3) The Department may also make informal visits, with notice to the licensee, in order to provide technical assistance to the licensee.

(4) A licensee must allow employees of the Department, for the purposes of carrying out the inspections and investigations described in OAR Divisions 407-045, 413-015, 413-090, and 413-215 and other applicable rules, to enter the facilities of the child-caring agency; inspect all accounts, records of work, and physical premises; and interview all children and staff.

(5) A child-caring agency must make all of the following documents available for review during a site inspection:

(a) Personnel files on each employee.

(b) Criminal history, child abuse, and reference checks on volunteers.

(c) Board meeting minutes.

(d) A complete set of the policies and procedures of the child-caring agency.

(e) Records of the children and families served by the child-caring agency.

(f) Other documents or information requested by the Department.

(6) A licensee must allow access by the State Fire Marshal or an authorized representative of the State Fire Marshal to all facilities maintained by the licensee, residents of its facilities, and records of the licensee that pertain to fire safety.

(7) A licensee must allow access by a registered sanitarian, for the purpose of conducting a health and sanitation inspection, to the facilities maintained by the child-caring agency, the records of the child-caring agency pertaining to sanitation, and residents.

413-215-0106
Investigation of Complaints

(1) A child-caring agency must cooperate fully and comply with all investigations by the Department conducted pursuant to the requirements of the law.

(2) The Department will immediately investigate and take appropriate action when the Department becomes aware that any suspected or founded abuses, deficiencies, violations, or failures to comply with the full compliance requirements described in ORS 418.240 and these rules are occurring in a child-caring agency.

(3) The Department will immediately investigate when the Department becomes aware that a child-caring agency, or an owner, operator, or employee of a child-caring agency, is the subject of an investigation by another state, federal, or law enforcement agency and take action as provided in Oregon Laws 2016, chapter 106, section 4.

(4) Upon determination of a level of threat or risk to children in care, the Department will take appropriate steps to protect and ensure the health, safety, and welfare of children in care.

(5) The Department will notify the executive director and board of directors of any action the Department may initiate as a result of the investigation, and of the deadlines for the child-caring agency to complete any corrective action.

413-215-0111
Corrective Actions

(1) As a result of an inspection, or at any time, the Department may require a child-caring agency to comply with a plan of correction that explains the actions required to be taken by the child-caring agency to be in compliance with the rules in Division 413-215 and other applicable statutes and rules.

(2) The Department may establish deadlines by which the child-caring agency must correct the deficiencies noted in the corrective action plan.

(3) The Department may impose conditions on a license as provided in OAR 413-215-0121 while corrections are pending.

(4) When a condition exists that seriously endangers or places at risk the health, safety, or welfare of a child in care, the Director of the Department will issue an interim emergency order without notice, or with reasonable notice under the circumstances, requiring the child-caring agency to correct the conditions and ensure the safety of children in care of the child-caring agency. The interim emergency order remains in force until a final order, after a hearing, is entered in accordance with ORS chapter 183.

(5) The director may commence an action to enjoin operation of a child-caring agency:

(a) If the child-caring agency is being operated without a license; or

(b) If the child-caring agency fails to comply with a plan of correction imposed by the Department or an interim emergency order issued under section (4) of this rule within the time specified in the order.

(6) In addition to the corrective actions in this rule and other rules in Division 413-215, the Department may take any other lawful actions necessary to protect and ensure the health, safety, and welfare of children in care as necessary under the circumstances.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106

413-215-0116
Civil Penalties

(1) In addition to the actions described in OAR 413-215-0121, as provided in ORS 418.992 and Oregon Laws 2016, chapter 106, section 31, the Department may impose a civil penalty against a child-caring agency if the child-caring agency has committed one of the following acts:

(a) Violation of any of the terms or conditions of a license, certification, or other authorization issued under ORS 418.205 to 418.327, 418.470, 418.475, or 418.950 to 418.970.

(b) Violation of any rule in division 413-215 or a general order of the Department against a child-caring agency.

(c) Violation of any final order of the Department that pertains specifically to the child-caring agency.

(d) Violation of the requirement to have a license, certificate, or other authorization under ORS 418.205 to 418.327, 418.470, 418.475, or 418.950 to 418.970.

(2) The Department will by law impose a civil penalty not to exceed $500, unless otherwise required by law, on any child-caring agency for falsifying records, reports, documents, or financial statements or for causing another person to do so.

(3) The Department will by law impose a civil penalty of not less than $250 nor more than $500, unless otherwise required by law, on a child-caring agency or child-care facility that assumes care or custody of, or provides care or services to, a child in care knowing that the child in care's care needs exceed the license, certificate, or authorization classification of the child-caring agency if the assumption of care or custody, or provision of care or services, places the child in care's health, safety, or welfare at risk.

(4) As required by ORS 418.995, the Department will consider the following factors in making a decision about the level of penalty imposed:

(a) The past history of the child-caring agency incurring the penalty in taking all feasible steps or procedures necessary or appropriate to correct any violation.

(b) Any prior violations of statutes or rules pertaining to the child-caring agency.

(c) The economic and financial conditions of the child-caring agency incurring the penalty.

(d) The immediacy and extent to which the violation threatens or places at risk the health, safety, and well-being of the children in care served by the child-caring agency.

(5) Civil Penalty Schedule. Except as provided otherwise in sections (2) and (3) of this rule, for each violation by the child-caring agency, the following civil penalty may be imposed:

(a) $100 per violation if all four subsections of section (4) of this rule favor the child-caring agency.

(b) $200 per violation if three subsections of section (4) of this rule favor the child-caring agency.

(c) $300 per violation if two subsections of section (4) of this rule favor the child-caring agency.

(d) $400 per violation if one subsection of section (4) of this rule favor the child-caring agency.

(e) $500 per violation if no subsections of section (4) of this rule favor the child-caring agency.

(6) Unless the health, safety, or welfare of a child in care is at risk, in cases in which the Department is considering the imposition of a civil penalty, the Department will prescribe a reasonable time period for the child-caring agency to eliminate the violation:

(a) Not to exceed 45 days after the first notice of violation; or

(b) In cases where the violation requires more than 45 days to correct, such time as is specified in a plan of correction found acceptable by the Department.

(7) Unless otherwise required by law, a civil penalty imposed under this rule may be canceled or reduced under terms or conditions determined by the Department to be proper and consistent with public health and safety.

(8) A civil penalty will be imposed by written notice of violation and assessment of penalty provided to the child-caring agency. Such notice shall be sent by registered or certified mail and will include:

(a) Reference to the statute, rule, standard, or order involved;

(b) A short statement of the matters asserted or charged;

(c) A statement of the amount of the penalty imposed; and

(d) A statement of the right of the child-caring agency to request a hearing.

(9) As provided in ORS 418.993, the child-caring agency to which the notice of violation and assessment of penalties is addressed has 10 days from the date of service of the notice in which to make a written request for a hearing. All such hearings shall be conducted as a contested case hearing pursuant to the applicable provisions of ORS 183.413 to 183.470.

(10) A civil penalty imposed under this rule is due and payable 10 days after the order imposing the civil penalty becomes final by operation of law or on appeal. A child-caring agency against whom a civil penalty is to be imposed shall be served a notice in the form provided in ORS 183.415. Service of the notice shall be accomplished in the manner provided in ORS 183.415.

(11) If the child-caring agency does not request a hearing, or if after such a hearing the child-caring agency is found to be in violation of a license, rule or order as specified in the notice, the Department will make a final order imposing the penalty.

(12) Judicial review of civil penalties shall be as provided under ORS 183.480. The reviewing court may, in its discretion, reduce the amount of the penalty.

(13) Civil penalties are payable within 10 days after the order of the Department is entered, unless the order is appealed and is sustained or modified, in which case the penalty is payable within 10 days after the court decision is rendered.

(14) If the order of civil penalty is not appealed or sustained on appeal, and the amount of penalty is not paid within 10 days after the order becomes final, the order may be recorded with the county clerk in any county of this state. The clerk shall thereupon record the name of the child-caring agency incurring the penalty and the amount of the penalty in the County Clerk Lien Record.

(15) Upon recording an order in the County Clerk Lien Record, the Department may initiate proceedings to enforce the order by filing in the Circuit Court for the county where the order is recorded a certified copy of the civil penalty order and a certified copy of the recording made in the County Clerk Lien Record. Subject to any other requirements that may apply to the enforcement proceedings sought by the Department, the court shall then proceed as with judgments issued by the court. The Department may use enforcement proceedings available to the Department in ORS chapter 18.

413-215-0121
Denial, Suspension, or Revocation of License and Placing Conditions on a License

(1) The Department may place conditions on a license under this section or any other section of OAR 413-215-0001 through 413-215-1031 including, but not limited to the following:

(a) Placing full or partial restrictions on admission of children;

(b) Temporary suspension;

(c) Limitation of operations subject to an intent to revoke; and

(d) Limitation of operations subject to correction of violations as specified in a plan of correction imposed by the Department.

(2) The Department may suspend, revoke, or place conditions on the child-caring agency's license, certificate, or other authorization in the following circumstances:

(a) The child-caring agency is not in full compliance with the requirements of OAR 413-215-0001(5) or other applicable requirements in OAR 413-215-0001 to 413-215-1031.

(b) The Department finds, after investigation by the Department or law enforcement, that abuses, deficiencies, violations, or failures to comply are founded.

(c) The child-caring agency, or the owner or operator of the child-caring agency including proctor foster homes, interfered with or hindered an investigation of abuse of a child in care, including but not limited to intimidation of witnesses, falsification of records, or denial or limitation of interviews with the child in care who is the subject of the investigation or the witnesses.

(3) The Department may immediately deny, suspend, revoke, or place conditions on the child-caring agency's license in the following circumstances:

(a) The child-caring agency failed to permit an inspection of premises or of the books and records of the child-caring agency.

(b) The child-caring agency failed to make corrections within 45 days from the effective date of the plan of correction under OAR 461-215-0111.

(c) If at any time during or after an investigation that abuses, deficiencies, violations or failures to comply are or threaten a serious danger to any child or to the public, or place a child in care at risk with respect to the child in care's health, safety, or welfare.

(4) The Department will deny issuance or renewal of a license, certificate, or other authorization to a child-caring agency if the child-caring agency is not or will not be in full compliance with all of the standards, procedures, and protocols in OAR 413-215-0001(5) or other applicable requirements in OAR 413-215-0001 to 413-215-1031.

(5) The Department may deny issuance or renewal, suspend, revoke, or place conditions on a license, certificate or other authorization if the Department becomes aware that a child caring agency, or the owner or operator of the child-caring agency, has been found by other state or federal entities to have engaged in financial, civil, or criminal misconduct.

(6) The Department will take immediate steps to suspend or revoke the license of a child-caring agency if any of the following circumstances are found to exist:

(a) There has been the death of a child in care as a result of abuse or neglect on the part of the child-caring agency or any of the child-caring agency's employees or agents;

(b) There has been sexual or physical abuse or neglect of a child in care in the child-caring agency's care or custody that was known to the child-caring agency, and the child-caring agency did not take immediate steps to report the abuse or neglect and to ensure the child in care's safety;

(c) The child-caring agency failed to cooperate fully with any local, state or federal regulatory entity's investigation of the child-caring agency or the child-caring agency's operations or employees; or

(d) The child-caring agency failed to provide financial statements as required under these rules and ORS 418.255.

(7) If a child-caring agency operates under more than one license, the Department may suspend, revoke, or deny the license only as it applies to the facility or facilities out of compliance with applicable statutes or rules.

(8) A child-caring agency may appeal the decision to deny, suspend, or revoke a license in a contested case hearing subject to the provisions of ORS Chapter 183.

(9) To request a contested case hearing, as provided in ORS Chapter 183, the child-caring agency must provide the Department's Licensing Unit a written request for a hearing within 30 days of the date that the Department mailed the notice of denial, suspension, or revocation. If the Department does not receive a request for a contested case hearing within 30 days of the date that the Department mailed the notice of denial, suspension, or revocation, the child-caring agency has waived the right to a hearing, except as provided in OAR 137-003-0528(1).

(10) Except for a child-caring agency that retains a facility with an active license under subsection (6) of this rule, if the Department revokes a license, the child-caring agency may not apply under any name for licensure under this chapter of rules for the three years following the effective date of revocation.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106

413-215-0126
Temporary, Inactive, and Amended Licenses

(1) Temporary license.

(a) The Department may issue a temporary license when the application by a child-caring agency for a license is approved, and the child-caring agency does not hold a current, valid license. A temporary license is valid for a period not to exceed six months. Use of a temporary license allows the licensee to start providing services authorized by the temporary license. To obtain a temporary license, a child-caring agency must meet all requirements of the rules in Division 413-215 except those that can be met only while providing services.

(b) Once a child-caring agency with a temporary license begins providing services, the licensee must request an inspection by the Department for the purpose of verifying its compliance with the rules in Division 413-215. Upon verification, the Department will issue a license valid for two years beginning from the date of the temporary license, as described in OAR 413-015-0086.

(2) Inactive license.

(a) A child-caring agency is considered to have an inactive license if the child-caring agency discontinues or fails to provide a service for which the child-caring agency is licensed for a period of 180 days.

(b) A child-caring agency no longer providing services for which it is licensed must immediately inform a Department licensing coordinator.

(c) In order to reactivate an inactive license, a child-caring agency must request an inspection by the Department for the purpose of verifying its compliance with all applicable Department rules. The child-caring agency may not resume providing services until the Department has verified in writing that the child-caring agency is in compliance with all applicable Department rules and reinstated the child-caring agency to active status.

(3) Amended license.

(a) The Department may require additional documentation of a licensee if the Department is considering the amendment of a license.

(b) The Department may issue an amended license to a licensee that has an inactive facility or program, but retains another facility or program with an active license.

(c) The Department may issue an amended license upon written request of the licensee to accommodate changes in the factors upon which an existing license is based.

(4) The term of a temporary, inactive, or amended license is not extended by any action described in this rule.

413-215-0131
Exceptions

(1) The Department may waive a requirement of a rule in Division 413-215 upon written request of a child-caring agency. The written request must identify the rule, give the reasons that justify the exception, state the length of time for which the exception is requested, and explain how the needs of children in care and families would be affected if the child-caring agency did not comply with the rule.

(2) The Department may approve a request for an exception upon a determination that the failure of a child-caring agency to comply with the rule does not pose a threat to the health, safety, and welfare of children in care and families. In determining whether to grant an exception, the Department additionally must take into consideration:

(a) Whether the child-caring agency has consistently been in compliance with licensing regulations and has a history or provision of services that meet the best interests of children.

(b) Innovative approaches of the child-caring agency.

(c) The availability of services to children in care and families similar to the services provided by the child-caring agency.

(d) The impact of the rule exception sought.

(e) Whether the Department may waive application of the rule under state statute or federal law.

(3) A child-caring agency granted an exception may, as a condition of obtaining and retaining the exception, be required to provide specific information on its operation under the exception.

(4) A child-caring agency may operate under an exception for a period of time set by the Department, not to exceed the term of its current license.

413-215-0201
Academic Boarding Schools; What Law Applies

(1) These rules, OAR 413-215-0201 to 413-215-0276, regulate a child-caring agency licensed as an academic boarding school. An academic boarding school must also comply with OAR 413-215-0001 to 413-215-0131.

(2) Therapeutic boarding schools (OAR 413-215-0601 to 413-215-0681) and residential care agencies (OAR 413-215-0501 to 413-215-0586) are not subject to OAR 413-215-0201 to 413-215-0276.

413-215-0206
Definitions

The following definitions apply to OAR 413-215-0201 to 413-215-0276:

(1) "Academic boarding school" means an organization or a program in an organization that:

(a) Provides educational services and care to children for 24 hours a day; and

(b) Does not hold itself out as serving children with emotional or behavioral problems, providing therapeutic services, or assuring that children receive therapeutic services.

(2) "Approval" means acceptable to the regulatory authority based on conformity with generally recognized standards that protect public health.

(3) "Boarding student" means a student of an academic boarding school who resides on the school campus.

(4) "Care" means services provided to meet the needs of a child, such as food, shelter, clothing, medical care, schooling, protection, and supervision. Care does not include services provided in family foster homes or adoptive homes.

(5) "Child" means an individual under 18 years of age.

(6) "Employee" means an individual holding a paid position with an academic boarding school.

(7) "Facility" means the physical setting, buildings, property, or structures of an academic boarding school.

(8) "Medication" means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance either internally or externally by any person.

(9) "Staff" means employees of the academic boarding school who are responsible for providing direct care to boarding students.

Stat. Auth.: ORS 409.050, 418.005, 418.327
Stats. Implemented: ORS 409.010, 418.005, 418.327

413-215-0211
Educational Services

The educational services of an academic boarding school must comply with all of the following requirements:

(1) The academic boarding school must comply with the minimum requirements for private schools as determined by the Oregon Department of Education.

(2) The academic boarding school must ensure that it has a curriculum that considers the goals of modern education as defined in OAR 581-022-1020 and the requirements of a sound comprehensive curriculum.

(3) Secondary schools must verify that they have academic standards necessary for students to obtain admission to community colleges and institutions of higher education and receive a high school diploma or GED.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0216
Physical Plant Requirements

An academic boarding school must meet all of the following requirements:

(1) All buildings owned, maintained, or operated by the academic boarding school to provide services to children must meet all applicable state and local building, electrical, plumbing, and zoning codes.

(2) All areas of buildings where children in care are present must be kept clean and in good repair. Major appliances and heating, ventilation, plumbing, and electrical systems must be functional and in good repair.

(3) Each room used by children in care must have floors, walls, and ceilings that meet the interior finish requirements of the applicable Oregon Structural Specialty Code (see the current version of OAR 837-040-0140) and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020) and be free of harmful drafts, odors, and excessive noise.

(4) Each room used by children in care must be adequate in size and arrangement for the purpose in which it is used.

(5) A system providing a continuous supply of hot and cold water must be distributed to taps conveniently located throughout each facility.

(6) Water systems serving the property must be installed and maintained in compliance with applicable drinking water regulations (see OAR chapter 333) from the Public Health Division of the Oregon Health Authority.

(7) Heat and ventilation.

(a) Buildings must be ventilated by natural or mechanical means and must be free of excessive heat, condensation, and obnoxious odors.

(b) Room temperature must be maintained within a normal comfort range.

(8) Individual Rooms.

(a) Living area. A separate living room or lounge area must be available for the exclusive use of children in care, employees, and invited guests.

(b) Bedrooms. Bedrooms for children in care may not be exposed to drafts, odors, or noises that interfere with the health or safety of the occupants. Each bedroom must comply with all of the following requirements:

(A) Be separate from the rooms used for dining, living, multi-purpose, laundry, kitchen, or storage.

(B) Be an outside room, with a window of at least the minimum size required by the State Fire Marshal and building codes.

(C) Have a ceiling height of at least 90 inches.

(D) Have a minimum of 60 square feet per bed.

(E) House no more than 25 children in care in one room when a dormitory-style sleeping arrangement is used.

(F) Have permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(G) Have a window covering on each window to ensure privacy.

(H) Contain beds for children in care that meet both of the following requirements:

(i) There must be at least three feet between beds, including trundle beds if used; and

(ii) Bunk beds, if used, must be maintained to ensure safety of the children in care.

(c) Restrooms must be provided and be conveniently located, and must have:

(A) A minimum of one toilet for every eight children in care.

(B) One hand-washing sink with mixing faucets for each toilet. The sink may not be used for the preparation of food or drinks or for dish washing.

(C) Hot and cold running water, soap, and paper towels at each hand washing sink or other hand drying options approved by an environmental health specialist.

(D) One bathtub or shower for every ten children in care.

(E) Arrangements for individual privacy for users.

(F) Permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(G) A window covering on each window to ensure privacy.

(H) Adequate ventilation.

(I) Each self-closing metered faucet, if provided, must provide water flow for at least 15 seconds without the need to reactivate the faucet.

(d) Laundry facilities must be separate from:

(A) Kitchen and dining areas;

(B) Living areas, including bedrooms used by children in care; and

(C) Areas used for the storage of un-refrigerated perishable food.

(e) Storage areas must be provided appropriate to the size of the facility. Separate storage areas must be provided for:

(A) Food, kitchen supplies, and utensils.

(B) Clean linens.

(C) Soiled linens and clothing.

(D) Cleaning compounds and equipment.

(E) Poisons, chemicals, pest control products, insecticides, and other toxic materials, which must be properly labeled, stored in the original container, and kept in a locked storage area.

(F) Outdoor recreational and maintenance equipment.

(f) Food service areas.

(A) Kitchens must have facilities for dish washing, storage, and preparation of food and must be separate from living areas used by children in care.

(B) The walls, floors, and floor coverings of all rooms in which food or drink is prepared or stored or in which utensils are washed or stored must be smooth, washable, and easily cleanable.

(C) All equipment and utensils used for food service, including plastic ware and food-contact surfaces, must be easily cleanable, durable, nontoxic, and non-absorbent and must be maintained in a clean and sanitary condition.

(D) All equipment used for food preparation must be installed and maintained in a manner providing ease of cleaning beneath, around, and behind each unit.

(g) Dining area. A separate dining room or area must be provided for the exclusive use of children in care, employees, and invited guests. The dining area must contain a minimum of 15 square feet per occupant.

(h) Classrooms and school buildings must be adequate in size and arrangement for the programs offered.

(i) Time-out rooms. Rooms used for time out or quiet time must have adequate space, heat, light, and ventilation and must not be capable of locking.

(j) Activity area. A usable recreational activity area must be provided that is:

(A) Protected from motor traffic and other hazards; and

(B) Of a size and availability appropriate to the age and needs of the children in care served by the academic boarding school.

Boarding Student Furnishings and Personal Items

An academic boarding school must meet all of the following requirements:

(1) Furniture. Adequate furnishings must be provided for each child in care including:

(a) A bed, including a frame;

(b) A clean, comfortable mattress; and

(c) A private dresser, closet, or similar storage area for personal belongings that is readily accessible to the child in care.

(2) Linens. Linens in good repair must be provided or arranged for each child in care, including:

(a) A waterproof mattress cover or waterproof mattress;

(b) Sheets, pillows, and pillowcase;

(c) Blankets appropriate in number and type for the season and the comfort of the individual child in care; and

(d) Towels and washcloths.

(3) Bedding must be changed when soiled and upon change of the child in care.

413-215-0226
New Facility or Remodel

An academic boarding school must meet all of the following requirements:

(1) Building Plans. An academic boarding school must submit to the Department for approval a set of plans and specifications for each facility operated by the academic boarding school and utilized by children in care, at each of the following times:

(a) Prior to construction of a new building;

(b) Prior to construction of an addition to an existing building;

(c) Prior to the remodeling, modification, or conversion of a building; and

(d) In support of an application for initial license to operate an academic boarding school under OAR 413-215-0081.

(2) The required plans must comply with both current Oregon Structural Specialty Codes (see OAR 837-040-0140) and local fire and safety codes.

(3) Plans must be drawn to scale and must specify the estimated date upon which construction, modification, or conversion will be completed.

413-215-0231
Environmental Health

An academic boarding school must meet all of the following requirements:

(1) The academic boarding school must maintain an environment that ensures safety for staff and children in care.

(2) Environmental Health Specialist approval. Prior to licensure and every two years upon license renewal, the program must be assessed and provide documentation of approval by a registered environmental health specialist (see OAR 338-010-0025 to 338-010-0038) for the following safety areas:

(a) Food service risk assessment.

(b) Drinking water or waste water assessment.

(c) Vector and pest control, including the use of pesticides and other chemical agents.

(d) Hazardous material management, including handling and storage.

(e) Recreation assessments (such as playgrounds, swimming pools, and hot tubs) for injury prevention and hazard mitigation.

413-215-0236
Food Services

An academic boarding school must meet all of the following requirements with regard to food services:

(1) Nutrition and dietary requirements.

(a) An academic boarding school must arrange meals daily, consistent with normal mealtimes.

(b) Snacks must be available and provided as appropriate to the age and activity levels of children in care.

(c) Menus must be prepared in advance in accordance with USDA guidelines and must provide a sufficient variety of foods served in adequate amounts for each child in care at each meal, adjusted for seasonal changes. Records of menus as served must be maintained in the academic boarding school for at least six months.

(d) Drinking water must be freely available to the children in care served by the academic boarding school.

(2) Food selection, storage, and preparation.

(a) All food and drink provided by the academic boarding school must be stored, prepared, and served in a sanitary manner.

(b) All employees who handle food served to children in care must have a valid food handler's card pursuant to ORS 624.570.

(c) Selection of food. All food products served by an academic boarding school must be obtained from commercial suppliers, except:

(A) Fresh fruits and vegetables and fruits or vegetables frozen by the academic boarding school may be served.

(B) The serving of unpasteurized juice is prohibited.

(d) Requirements related to milk.

(A) Only Grade A pasteurized and fortified milk may be served to children in care.

(B) Milk and fluid milk products must be dispensed from a commercially filled plastic container of not more than one-gallon capacity or from a refrigerated bulk container equipped with a dispensing device approved by the Food and Drug Administration or the Oregon Department of Agriculture.

(e) Children in care may participate in activities in a food-preparation area, other than routine clean up, only while under the supervision of the employees of the academic boarding school.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0241
Safety

An academic boarding school must meet all of the following requirements:

(1) Fire safety. Prior to licensure and every two years upon license renewal, the program must be assessed and approved by the State Fire Marshall or designee for the following fire safety areas:

(a) The academic boarding school must provide fire safety equipment which meets the requirements of applicable building codes and the Oregon Fire Code (see OAR 837-040-0010 and 837-040-0020).

(b) The academic boarding school must comply with existing state and local fire safety codes.

(2) Emergency plan.

(a) The academic boarding school must have, for each boarding facility it operates, a written emergency plan that includes:

(A) Instructions for evacuation of children in care and employees in the event of fire, explosion, accident, or other emergency.

(B) Instructions for response in the event of a natural disaster, external safety threat, or other emergency.

(b) Telephone numbers for local police and fire departments and other appropriate emergency numbers must be posted near all telephones.

(c) Operative flashlights sufficient in number must be readily available to the staff in case of emergency.

(3) Evacuation drills.

(a) An unannounced evacuation drill must be held monthly under varying conditions to simulate the unusual conditions that occur in the event of fire. For each drill, the academic boarding school must document the following information and retain it for a minimum of two years:

(A) Identity of the person conducting the drill.

(B) Date and time of the drill.

(C) Notification method used.

(D) Staff members on duty and participating.

(E) Number of children in care and staff evacuated.

(F) Special conditions simulated.

(G) Problems encountered.

(H) Time required to accomplish complete evacuation.

(b) The academic boarding school must ensure that all employees and children in care are aware of the procedures to follow in case of emergencies.

(4) Hazards.

(a) The academic boarding school must protect children in care it serves from guns, drugs, plastic bags, sharps, paint, hazardous materials, bio-hazardous materials, and other potentially harmful materials. An academic boarding school must have a written policy that addresses potentially harmful materials that are in the building accessible to the children in care in the program or on the grounds of the program.

(b) The temperature of hot water used for hand washing, bathing, or showering must be controlled so that it does not exceed 120 degrees

Fahrenheit in all buildings serving children. Direct supervision by staff must be provided for any child in care who does not have the ability to adjust and control water temperature.

(c) Each light fixture must have a protective cover unless it is designed to be used without one.

(5) Transportation. The academic boarding school must ensure the following when providing transportation to the children in care it serves:

(a) Driver requirements.

(A) Each employee transporting a child in care in a motor vehicle must have a current driver license on record with the academic boarding school.

(B) The academic boarding school may use an employee to provide transportation for children in care only if the employee is covered by an insurance policy in full force and effect, and in compliance with the standards set by the academic boarding school.

(C) The academic boarding school must ensure that employees providing transportation are trained in emergency procedures, including behavior management, while in a vehicle.

(D) The academic boarding school must ensure that each person who transports a child in care in a van for 15 or more passengers receives training in the safe operation of that type of vehicle prior to transporting children.

(b) Vehicle requirements.

(A) Each vehicle used to transport a child in care served by the academic boarding school must be covered by an insurance policy in full force and effect.

(B) Each vehicle used to transport a child in care served by the academic boarding school must be maintained in safe operating condition.

(C) Each vehicle used to transport a child in care must meet the vehicle requirements as set by the Department of Education.

(D) Each vehicle used to transport a child in care must be smoke-free.

413-215-0246
Health Services

(1) An academic boarding school must obtain all private health record information referred to in this rule in a manner that complies with federal and state law.

(2) Medical History. Within 30 days of a child in care starting in an academic boarding school, the academic boarding school must obtain available medical history and other health-related information on the child in care, including:

(a) Significant findings of the most current physical examination;

(b) The child in care's current immunizations, history of surgical procedures and significant health issues or injuries, and past or present communicable diseases;

(c) Any known allergies; and

(d) Physician or qualified medical professional's orders, including those related to medication, if any.

(3) An academic boarding school must have established protocols for accessing routine and urgent medical care for the children in care.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0251
Medication

An academic boarding school must meet all of the following requirements:

(1) Policy and procedures. The academic boarding school must have policies and procedures that cover all prescription and non-prescription medication that address all of the following:

(a) How the medication will be administered.

(b) By whom the medication will be administered.

(2) A prescription, signed by a physician or qualified medical professional, is required before any prescription medication is administered to, or self-administered by a child in care. Medication prescribed for one child in care may not be administered to, or self-administered by another child in care or staff. As used in this rule, "self administration of medication" refers to the act of a child in care placing a medication internally in, or externally on, his or her own body.

(3) Medication storage.

(a) A prescription medication that is unused and any medication that is outdated or recalled may not be maintained in a facility. "Outdated" means any medication whose designated period of potency, as indicated on the label, has expired.

(b) The facility may maintain a stock supply of non-prescription medications.

(c) All prescription and non-prescription medications stored in the facility must be kept in a manner that they are accessible only to staff or the child in care for whom the medication is intended.

(d) A medication requiring refrigeration must be refrigerated and kept in a manner that it is accessible only to staff or the child in care for whom the medication is intended.

(4) Medication disposal. Medication must be disposed of in a manner that ensures that it cannot be retrieved, in accordance with all applicable state and federal law.

(5) A written record of all medications disposed of by the academic boarding school must be maintained and must include all of the following:

(a) A description of the prescribed medication and the amount disposed.

(b) The child in care for whom the medication was prescribed.

(c) The reason for disposal.

(d) The method of disposal.

(e) The name of the adult disposing the medication, and the initials of an adult witness.

(6) Medication Records. A written record must be kept for each child in care listing each medication, both prescription and over-the-counter, that is administered or dispensed by the academic boarding school. The record must include all of the following:

(a) The name of the child in care.

(b) A description of the medication, instructions for use, and the recommended dosage.

(c) Dates and times medication is administered.

(d) A record of missed dosages.

(e) Medication dropped or disposed of.

(f) Method of administration for each medication.

(g) Identification of the person administering the medication.

(h) Any possible adverse reactions to the medication.

(i) Documentation of any medication taken outside the facility to be administered during a home visit or other activity.

413-215-0256
Staff Training

In addition to the requirements to provide orientation in OAR 413-215-0061(4), an academic boarding school (defined in 413-215-0206) must meet the all of the following training requirements with respect to its staff (defined in 413-215-0206):

(1) Staff of the academic boarding school must be provided with orientation training prior to or within 30 days of hire.

(2) Staff of the academic boarding school must receive ongoing training at least annually on all of the following:

(a) Mandatory child abuse reporting.

(b) Procedures for handling emergencies.

Stat. Auth.: ORS 409.050, 418.005, 418.327
Stats. Implemented: ORS 409.010, 418.005, 418.327

413-215-0261
Minimum Staffing Requirements

An academic boarding school must meet all of the following requirements:

(1) The academic boarding school must provide adequate supervision and protection for children. The supervision must be adequate for the type of program, location of program, the time of day or night, the age and type of children in care served, physical plant design, location, and ability of the supervisor to respond, electronic backup systems, and other means available to ensure supervision and protection.

(2) Additional staffing requirements for emergency response.

(a) When there is only one employee of the academic boarding school on duty in a facility, there must be additional staff immediately available in the event of an emergency, with a maximum response time of 30 minutes.

(b) One employee who is age 18 or over, has a current certification in cardiopulmonary resuscitation and first aid, and is capable of taking appro-

priate action in an emergency must be on site at all times when one or more children in care are present on the premises of the academic boarding school.

413-215-0266
Separation of Children

An academic boarding school must meet all of the following requirements:

(1) Combining children and adults. Special care must be taken by an academic boarding school to provide adequate supervision of children in care when adults 18 years of age or older are being served by the academic boarding school. Children in care and adults 18 years or older must be housed in separate bedrooms, except that a child in care and the child in care's parent may be housed in the same room if the parent is the child's caretaker. If a person is 18 years of age or older, and is to share a bedroom with a child in care under the age of 18, the academic boarding school must obtain written approval from the Department licensing coordinator.

(2) Co-ed facilities. Special care must be taken by an academic boarding school to provide adequate supervision when the program serves both males and females concurrently. Children's bedrooms for males must be separated from bedrooms for females.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0271
Consents, Disclosures, and Authorizations

(1) Consents. For each child in care of an academic boarding school, the academic boarding school must ensure that a parent or legal guardian signs a consent that authorizes the academic boarding school to undertake each of the following:

(a) To provide routine and emergency medical care. However, if the parent or legal guardian relies on prayer or spiritual means for healing in accordance with the creed or tenets of a well-recognized religion or denomination, the academic boarding school is not required to use medical, psychological, or rehabilitative procedures, unless the child in care is old enough to consent to these procedures and does so. The academic boarding school must have policies and procedures for this practice, which are reviewed and approved by the child in care's parent or legal guardian.

(b) To provide care to the child in care.

(2) The academic boarding school will make any written policy or procedure pertaining to program services available for review by the child, parent, or legal guardian, upon request.

(3) Authorizations. Authorizations must be pre-approved by the child in care's parent or legal guardian to allow children to participate in potentially hazardous activities, such as but not limited to using motorized yard equipment, swimming, and horseback riding.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0276
Information about Children in Care

Files of Children in Care. For each child in care of an academic boarding school, the academic boarding school must maintain a record that includes all of the following information:

(1) The name, gender, and date of birth of the child in care.

(2) The date of admission to the program.

(3) The name, address, and telephone number of:

(a) The child in care's parents.

(b) The child in care's legal guardian, if different than the parents, and a copy of the document that provides for his or her authority over the child in care.

(4) Incident Reporting. A written description of any injury, accident, or unusual incident involving a child in care must be placed in the individual child in care's record.

413-215-0306
Definitions

(1) "Age-appropriate or developmentally appropriate activities" means:

(a) Activities or items that are generally accepted as suitable for children or young adult of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child or young adult based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and

(b) In the case of a specific child or young adult, activities or items that are suitable for the child or young adult based on the developmental stages attained by the child or young adult with respect to the cognitive, emotional, physical, and behavioral capacities of the child or young adult.

(2) "Approved provider parent" means an individual who a foster care agency, Oregon Youth Authority (OYA), or a governmental agency other than the Department has approved to provide care to children in the home of the individual.

(3) "Certified provider home" means the home of at least one approved provider parent or foster parent that a foster care agency has approved for this individual to provide care to children placed by the foster care agency.

(4) "Criminal history check" means compliance with the Department's criminal records history rules (OAR 407-007-0200 to 407-007-0370). To comply with these rules, the agency must appoint a Contact Person (CP) who is designated to receive and process criminal history and child abuse check forms. Final fitness determinations will be made by the Department.

(5) "Department" means the Department of Human Services, Child Welfare.

(6) "Foster care agency" means a private child-caring agency (defined in OAR 413-215-0006) that offers to place children by taking physical custody of and then placing the children in homes certified by the agency.

(7) "Foster parent" means an individual who operates a home that has been approved by the Department to provide care for an unrelated child or young adult placed in the home by the Department.

(8) "Reasonable and prudent parent standard" means the standard, characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child or young adult while encouraging the emotional and developmental growth of the child or young adult, that a substitute care provider shall use when determining whether to allow a child or young adult in substitute care to participate in extracurricular, enrichment, cultural, and social activities.

413-215-0311
License Requirements

(1) A foster care agency must be licensed by the Department to certify a home as a proctor foster home.

(2) A foster care agency must be licensed by the Department before the foster care agency accepts physical custody of a child in care for placement in a proctor foster home.

(3) In addition to the requirements in OAR 413-215-0001 to 413-215-0131, to be licensed by the Department, a foster care agency must:

(a) Have a current, written program statement that describes:

(A) The type of provider and foster care provided.

(B) The children in care served.

(C) The services provided to the children in care, their families, their foster families, or their approved provider families.

(D) The geographical area covered.

(b) Have an ongoing recruitment and retention program to ensure an adequate number of suitable proctor foster homes based on the written program statement of the foster care agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0313
Personal Qualifications Required for Approved Proctor Foster Parents

(1) To be approved by a foster care agency as an approved proctor foster parent, the applicant must:

(a) Be at least 21 years of age.

(b) Possess the ability to exercise sound judgment and demonstrate responsible, stable, emotionally mature behavior.

(c) Possess the ability to manage the applicant's home and personal life.

(d) Possess the ability to apply the reasonable and prudent parent standard when determining whether to allow a child in care to participate in extracurricular, enrichment, cultural, and social activities.

(e) Maintain conditions in the home that provide safety and well-being for the child in care.

(f) Have supportive relationships with adults and children living in the household and with others in the community.

(g) Have a lifestyle and personal habits free of criminal activity and abuse or misuse of alcohol or other drugs.

(h) Have the physical and mental capacity to care for a child in care. A foster care agency or the Department may, by request, require an applicant to;

(A) Provide copies of medical reports from a health care professional.

(B) Complete an expert evaluation with a report provided to the foster care agency.

(2) A foster care agency may only approve an applicant as an approved proctor foster parent if the applicant meets the requirements of section (1) of this rule.

(3) A foster care agency may only use a proctor foster home if each approved proctor foster parent meets the requirements of section (1) of this rule.

413-215-0316
Orientation for Certified Provider Home Applicants

(1) To be approved by a foster care agency to operate a proctor foster home, an applicant must complete orientation training.

(2) In addition to the requirements in OAR 413-215-0061(4) and (5), the orientation training required by section (1) of this rule must, at a minimum, include all of the following:

(a) The policies and procedures of the foster care agency.

(b) The needs and characteristics of children in care needing placement.

(c) Attachment, separation, and loss issues for children in care and families.

(d) The importance of cultural identity to the child in care and ways to foster this identity.

(e) The impact of foster care on the child in care and family.

(f) The rights and responsibilities of the proctor foster parent and the foster care agency.

(g) The resources available to the foster parent or approved proctor foster parent.

(h) Confidentiality.

(i) Rights of families and children in care.

(j) Copies of all of the following documents:

(A) The program statement.

(B) The requirements for proctor foster homes.

(C) The policies of the foster care agency governing proctor foster homes.

(D) The training requirements of the foster care agency for proctor foster homes.

(E) The licensing rules for foster care agencies.

(F) Expectations for working with the foster care agency.

(3) The foster care agency must document in the file of each applicant:

(a) Whether the applicant has received the orientation described in section (2) of this rule;

(b) Whether the foster care agency has provided the notification described in OAR 413-215-0321(4); and

(c) Whether the applicant is approved and a certificate has been issued by the foster care agency to operate a proctor foster home. If a certificate is issued, the foster care agency must document the number and the age range of children in care the home is certified to serve, any specific gender or other restrictions and limitations, and a statement that the foster care agency has determined the proctor foster home meets the standards established in these rules.

413-215-0321
Assessment and Approval of Proctor Foster Homes

A foster care agency must comply with all of the following requirements:

(1) Prior to approval of an approved proctor foster parent and prior to the certification of a proctor foster home the foster care agency must complete a proctor foster home assessment for each proctor foster home applicant.

(2) The proctor foster home assessment must be based on an on-site review of the proctor foster home applicant's home, and observations of and interviews with each member of the household, background check information, and any information gathered during the course of the assessment. The foster care agency must require that each applicant submit all of the following:

(a) A completed application. In a two-parent family, the application must be signed by both proctor foster home applicants.

(b) Assurance that the home is the primary residence of the proctor foster home applicant and is the residence where each child in care will reside.

(c) A completed statement of physical and mental health.

(d) If the foster care agency considers it appropriate, a report from a licensed health care or mental health professional concerning any medical, psychological, or substance-abuse problem that might interfere with a proctor foster home applicant's ability to care for a child in care.

(e) A minimum of four references, not more than one of which may be a relative of the proctor foster home applicant.

(3) The foster care agency must complete a written home study that includes all of the following information:

(a) Safety information, including documentation that the home is in full compliance with the safety standards identified in the Safety Assessment Checklist (CF 979).

(b) The names and ages of children in the home and children no longer in the home.

(c) A background check for all members of the household age 18 and over as required by OAR 407-007-0200 to 407-007-0370. A criminal history check for a household member under the age of 18 is required if there is reason to believe that the background check may reveal information that is useful in assessing any risk posed by the household member.

(d) A completed child abuse history background check from every state, where the individual has resided in the last five years and a request for a child abuse history background check from any other country outside of the United States where the individual has resided in the last five years:

(A) For all members of the household age 18 and over; and

(B) For a household member under the age of 18 if there is reason to believe that the child abuse history check may reveal information that is useful in assessing any risk posed by the household member.

(e) The proctor foster home applicant's placement preferences.

(f) The proctor foster home applicant's motivation for providing foster care.

(g) The proctor foster home applicant's life experiences and challenges.

(h) The proctor foster home applicant's relevant health history. Each proctor foster home applicant in a proctor foster home must assure that a child in care will not be exposed to any type of second hand smoke in the home or in family vehicles, and that no member of the household provides any form of tobacco products to a child in care.

(i) The proctor foster home applicant's education and training.

(j) The proctor foster home applicant's employment and finances.

(k) The proctor foster home applicant's need for support services and description of current support systems.

(l) The proctor foster home applicant's marital history, including previous marriages, divorces, and long-term relationships.

(m) The proctor foster home applicant's parenting skills and values.

(n) The proctor foster home applicant's lifestyle.

(o) The proctor foster home applicant's religion or spiritual beliefs.

(p) Cultural background and experiences with diverse cultural groups.

(q) An assessment of current and previous licenses, certifications, and applications for relative care, adult or child foster care, day care, adoption, and other types of services for vulnerable individuals, including adult care giving. Information must include any denials, suspensions, revocations, or terminations.

(r) An assessment of the areas in which training is needed and the plan of the foster care agency for providing needed training, including time frames.

(s) The proctor foster home applicant's home and community.

(t) Summary assessment and recommendations including the characteristics and maximum number of children in care who may be placed in the proctor foster home.

(4) A process for notifying proctor foster home applicants. The foster care agency must notify each proctor foster home applicant in writing of the acceptance or denial of the application for approval as a proctor foster home and certification as a proctor foster home. If the foster care agency denies an application based on information provided by the Department to the foster care agency concerning an ongoing abuse or neglect investigation involving the applicant or findings of substantiated allegations of abuse or neglect by the applicant, the foster care agency must disclose to the proctor foster home applicant the reason for the denial.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0326
Training for Parents in Proctor Foster Care

(1) The foster care agency must have and follow a written training plan that:

(a) Provides each proctor foster home parent in a proctor foster home a minimum of 15 hours of training before the foster care agency places a child in care in the home.

(b) Provides each proctor foster home parent in a proctor foster home a minimum of 15 hours of training annually prior to the issuance of the annual approval required by OAR 413-215-0331.

(c) The training plan must include all of the following topics:

(A) Characteristics and needs of children in care who may be placed with the proctor foster home.

(B) Ways to effectively parent children in care who are placed by the foster care agency, including application of the reasonable and prudent parent standard.

(C) Positive behavior management, non-punitive discipline.

(D) The importance of the family of the child in care and working with the family of the child in care.

(E) The importance of age-appropriate or developmentally appropriate extracurricular, enrichment, cultural, and social activities.

(F) Preparation of the child in care for independence based on the age, stage of development, and needs of the child in care.

(G) Legal responsibility to report suspected child abuse.

(2) The foster care agency must document in proctor foster home records the training received by each proctor foster home parent.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; Renumbered from 413-210-0440, CWP 31-2008, f. & cert. ef. 10-17-08; CWP 19-2015, f. & cert. ef. 10-1-15; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0331
Annual Review and Approval

A foster care agency must comply with all of the following requirements:

(1) The foster care agency must evaluate every proctor foster home at least once every twelve months to ensure that the home continues to meet the standards.

(2) The annual review must include all of the following:

(a) The foster care agency must update the written home study required by OAR 413-215-0321(3).

(b) A background check for all members of the household age 18 and over must be completed as required by OAR 407-007-0200 to 407-007-0370. A background check for a household member under the age of 18 is required if there is reason to believe that a background check may reveal information that is useful in assessing any risk posed by the household member.

(c) A completed state of Oregon child abuse history background check must be completed:

(A) For all members of the household age 18 and over; and

(B) For a household member under the age of 18 if there is reason to believe that the child abuse history check may reveal information that is useful in assessing any risk posed by the household member.

(d) If an adult member of the household has lived outside the state of Oregon in the previous five years, and an out-of-state child abuse history background check has not been completed, a child abuse history background check must be requested from each state or foreign country where the individual resided in the last five years.

(e) Documentation that the home remains in full compliance with the safety standards identified in the Safety Assessment Checklist (CF 979).

(f) A recommendation to approve or deny the re-issuance of the certificate of approval of the proctor foster home. If the agency denies renewal based on information provided by the Department to the agency concerning an ongoing abuse or neglect investigation involving the applicant or findings of substantiated allegations of abuse or neglect by the proctor foster home applicant, the agency must disclose to the proctor foster home applicant the reason for the denial.

413-215-0336
Complaints about Proctor Foster Homes

(1) Employees of the foster care agency are covered by the requirements to report suspected child abuse in ORS 419B.010 and, in addition to any other requirements of law, must refer a complaint of suspected child abuse to the Department for investigation.

(2) If the foster care agency receives information alleging a proctor foster home is not in compliance with the certification requirements of the foster care agency, including, but not limited to the rules in OAR 413-215-0001 to 413-215-0131 and OAR 413-215-0301 to 413-215-0396, the foster care agency must immediately initiate an on-site assessment of the home and report the complaint to the Department.

(a) As part of the assessment, the foster care agency must prepare a detailed written report that includes all of the following information:

(A) The name of the foster care agency employee who received the complaint, date the complaint was received, name of complainant, and the allegations.

(B) Dates and places of contacts, the names of persons interviewed or observed, and the names of the interviewers.

(C) Findings, summary, and conclusions regarding compliance or noncompliance and recommendations regarding corrective action.

(b) The foster care agency must complete the assessment within 30 days following the receipt of the complaint and must provide a copy of the written assessment to a Department licensing coordinator.

(c) The foster care agency must provide the proctor foster parent with a copy of the report of the assessment once it is complete, and must inform the proctor foster parent in writing that he or she has a right to have his or her response included in an attachment to the report.

413-215-0346
Modifications to the Certification of a Certified Provider Home

A foster care agency (defined in OAR 413-215-0306) must document all of the following in the record of each certified provider home (defined in OAR 413-215-0306):

(1) Change of address of a parent.

(2) Change in name of a parent.

(3) Change in household composition.

(4) Any exceptions to or suspensions of the certification by the foster care agency of a certified provider home.

(5) Inactive referral status.

413-215-0349
Notifications Required of Proctor Foster Home Parents

A foster care agency must require proctor foster home parents in a proctor foster home to notify the foster care agency of each of the following:

(1) Any physical or structural changes in the proctor foster home in which they live.

(2) Any arrests or court convictions of any member of the household. A parent of the proctor foster home must notify the foster care agency within one working day of learning about the arrest or conviction.

(3) Any allegation of child abuse or neglect perpetrated by any member of the household or any individual who regularly visits the proctor foster home. A proctor foster home parent must notify the foster care agency on the day he or she learns of the allegation.

(4) The suspension of a driver's license of any adult on the Certificate of Approval or any member of the household.

(5) Any change in the physical or mental health of a member of the household that reasonably could affect the ability of the proctor foster home to meet the safety needs of the child in care.

(6) Any time a member of the household applies to become an in-home child care provider, an adult foster care, or in-home adult day care provider.

(7) Any other circumstance that could reasonably affect the safety or well-being of a child in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0351
Records of Certified Provider Homes

(1) A foster care agency must safely and consistently maintain a record for each proctor foster home it approves. Such records must be separate from records the foster care agency maintains on the children in care and families it serves.

(2) The record for each proctor foster home must contain all of the following:

(a) All documents pertaining to approval of the proctor foster home.

(b) All documents pertaining to formal complaints about the proctor foster home.

(c) The contract between the foster care agency and the parents in the proctor foster home.

(d) A list of all children in care placed in the proctor foster home that includes identifying and placement information.

(e) Documentation that the foster care agency conducted a minimum of one home visit every 180 days to assure compliance with certification standards.

(3) A foster care agency must document all of the following in the record of each proctor foster home:

(a) Change of address of a proctor foster home parent.

(b) Change in name of a proctor foster home parent.

(c) Change in household composition.

(d) Any exceptions to or suspensions of the certification by the foster care agency of a proctor foster home.

(4) Inactive referral status.

413-215-0356
Placement of a Child by a Foster Care Agency

(1) A foster care agency may place a child in care in a proctor foster home.

(2) The placement of a child in care in a proctor foster home must be consistent with the recommendations for the use of the proctor foster home as identified in the current home assessment.

(3) The foster care agency may not issue a certification for a proctor foster home that allows the proctor foster home to exceed any of the following subsections:

(a) A total of four children to one approved proctor foster parent living in the home;

(b) A total of seven children to two approved proctor foster parents living in the home; or

(c) A total of two children under the age of three.

(4) The foster care agency must base each placement on an assessment of the individual needs of the child in care and an assessment of the ability of the proctor foster home to meet those needs. The foster care agency must document the basis for the selection in the file of the proctor foster home.

(5) Sleeping Arrangements.

(a) Children in care must be housed in separate bedrooms, except that a child in care who is the parent of a minor child may be housed in the same room if the parent is the caretaker of the child. If a child in care is 18 years of age or older and is to share a bedroom with a child in care less than 18 years of age, written approval must be obtained from the Department licensing coordinator.

(b) The foster care agency must consider the age, gender, special needs, behavior, and history of abuse or neglect of the child in care in determining appropriate sleeping arrangements.

(c) Unrelated children in care may not share a bed.

(6) The foster care agency must provide to the proctor foster home a copy of the signed contract and maintain a copy in the proctor foster home file.

(7) At the time of placement of each child in care in a proctor foster home, the foster care agency must provide the proctor foster home parents with all of the following information and authorizations:

(a) The name and date of birth of the child in care, and the reason for placement.

(b) The name of the assigned worker and a telephone number to contact the foster care agency.

(c) Information about the health, behavioral characteristics, and needs of the child in care.

(d) Authorization and clear written instructions for obtaining medical, dental, and other professional care, and authorization for emergency medical care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

Hist.: CWP 31-2008, f. & cert. ef. 10-17-08; CWP 19-2015, f. & cert. ef. 10-1-15; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0361
Documentation Required When a Foster Care Agency Changes a Placement

Within seven working days after a child in care is moved out of a proctor foster home and placed in a different proctor foster home, a foster care agency must record all of the following information in the case record:

(1) The reason for the new proctor foster home; and

(2) The name and address of the new proctor foster home.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 106
Hist.: CWP 31-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0366
Respite Care

A foster care agency must comply with all of the following requirements:

(1) The foster care agency must have a respite care policy for each proctor foster home that addresses the need to provide children in care with safe and adequate care when the proctor foster home parents are not present.

(2) The respite care policy of the foster care agency must include the following:

(a) The foster care agency is responsible for identifying and selecting safe and responsible alternate caregivers for a child in care placed in a proctor foster home:

(A) Each alternate caregiver must be at least 21 years of age;

(B) The foster care agency must assure completion of background checks (pursuant to OAR 407-007-0200 to 407-007-0370); and

(C) Prior to determining that the alternate caregiver is safe and appropriate to provide relief or respite care, the foster care agency must analyze information relevant to paragraphs (A) and (B) of this subsection.

(b) The proctor foster home must receive the approval of the foster care agency prior to using a relief or respite caregiver.

(c) The proctor foster home is responsible for notifying the foster care agency in advance when the parents plan to provide relief or respite care for another proctor foster home and the number of children in care will exceed the maximum number of children in care authorized.

(d) There must be a respite care plan relating to the age, developmental ability, and special needs of each child in care placed in the proctor foster home.

(e) There must be plans for respite care in the event of an emergency that makes a proctor foster home unavailable.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0371
Training of Foster Care Agency Staff

In addition to the orientation requirements in OAR 413-215-0061(4) and (5), a foster care agency must meet all of the following training requirements with respect to its employees:

(1) Staff of the foster care agency must be provided with orientation training prior to or within 30 days of hire. The orientation must include training on all of the following:

(a) Discipline and behavior management protocols including de-escalation skills training, crisis prevention skills, positive behavior management, and disciplinary techniques that are non-punitive in nature and are focused on helping children build positive personal relationships and self-control.

(b) If restraint and seclusion are utilized by the program, the approved techniques and monitoring procedures. The policy and training provided by the foster care agency must be clear that restraint or seclusion is used as an intervention of last resort.

(2) In addition to annual mandatory child abuse training, staff of the foster care agency must receive ongoing training at least annually on all of the following:

(a) Procedures for handling environmental emergencies.

(b) Universal precautions (infection control guidelines designed to protect workers from exposure to diseases spread by blood and certain body fluids) and hygiene.

(c) Discipline and behavior management.

(3) Staff of the foster care agency must receive training in cardiopulmonary resuscitation and first aid sufficient to retain a current certification.

(4) Staff of the foster care agency must receive training related to the reasonable and prudent parent standard and age-appropriate or developmentally appropriate activities.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0376
Health Services

A foster care agency must comply with all of the following requirements:

(1) The foster care agency must obtain all private health record information referred to in this rule in a manner that complies with federal and state law.

(2) Medical History. Within 30 days after the foster care agency assumes physical custody of a child in care, the foster care agency must obtain available medical history and other health-related information on the child in care, including:

(a) Significant findings of the most current physical examination;

(b) The child in care's current immunizations, history of surgical procedures and significant injuries, and past or present communicable diseases, to the extent such information is available under ORS 192.518 to 192.526;

(c) Any known allergies;

(d) Dental, vision, hearing, and behavioral health;

(e) Documentation that the child in care has received age-appropriate instruction regarding pregnancy prevention, nutrition, prevention of HIV and AIDS, and general information about the prevention and treatment of sexually transmitted diseases; and

(f) Physician's orders, including those related to medications, if any.

(3) Health services. The foster care agency must provide or arrange for the following health services, as applicable:

(a) Information on maintaining reproductive health and birth control.

(b) Prenatal care.

(c) Well-baby care.

(d) Fetal alcohol syndrome.

(e) Accessing child and infant health insurance programs.

(f) Screening for breast and other common cancers.

(g) Provide all necessary feminine hygiene products.

(h) Access to birth control, vaccinations, and information about preventing sexually transmitted diseases.

(4) Medical examinations. The foster care agency must safeguard the health of each child in care it serves by providing for a medical examination by a physician or qualified health professional at the following intervals:

(a) Three examinations during the first year of the child in care's life.

(b) One examination at the age of two.

(c) One examination at the age of four.

(d) One examination at the age of six.

(e) One examination at the age of nine.

(f) One examination at the age of fourteen.

(5) The foster care agency must have established protocols for accessing routine and urgent care for children in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 106
Hist.: CWP 31-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0381
Medication

A foster care agency must comply with all of the following requirements:

(1) Policy and procedures. The foster care agency must have policies and procedures that cover prescriptions, herbal remedies, and all non-prescription medications that address all of the following:

(a) How the medication will be administered.

(b) By whom the medication will be administered.

(c) How the staff of the foster care agency and the proctor foster home parents who administer medication will be trained.

(d) How the administration of medication will be documented.

(e) How the administration of medication will be monitored.

(f) How unused medication will be disposed of.

(g) The process that ensures that each child in care's prescription and non-prescription medications are reviewed, unless the medications are all provided through a single pharmacy. As used in this rule, "non prescription medication" means any medication that does not require a written prescription for purchase or dispensing.

(2) A prescription, signed by a physician or qualified health professional, is required before any prescription medication is administered to, or self-administered by a child in care. Medications prescribed for one child in care may not be administered to, or self-administered by another child in care, proctor foster home, or staff. As used in this rule "self administration of medication" refers to the act of a resident placing a medication internally in, or externally on, his or her own body.

(3) A written order, signed by a physician or qualified health professional, is required for any medical treatment, special diet, physical therapy, aid to physical functioning, or limitation of activity.

(4) Before a foster care agency permits a child in care to self-administer prescription medication, self-administration must be recommended by the foster care agency, approved in writing by a physician, and closely monitored by the proctor foster home parent or the staff of the foster care agency.

(5) Medication storage.

(a) Prescription medications that are unused and medication that is outdated or recalled may not be maintained in a proctor foster home. "Outdated" means any medication whose designated period of potency, as indicated on the label, has expired.

(b) The proctor foster home may maintain a stock supply of non-prescription medications.

(c) All prescription and non-prescription medications stored in the proctor foster home must be kept in a manner that they are inaccessible to children in care.

(d) Medications requiring refrigeration must be refrigerated and secured.

(e) Medications must be maintained and stored in its original container, including the prescription label.

(6) Medication disposal. Medications must be disposed of in a manner that ensures that they cannot be retrieved, in accordance with all applicable state and federal law.

(7) A written record of all medication disposals must be maintained and must include all of the following:

(a) A description of the prescribed medication and the amount disposed.

(b) The child in care for whom the medication was prescribed.

(c) The reason for disposal.

(d) The method of disposal.

(e) The name of the adult disposing the medication, and the initials of an adult witness.

(8) Medication records. A written record must be kept for each child in care listing all medications, both prescription and over-the-counter, that is administered. The record must include all of the following:

(a) The name of the child in care.

(b) A description of the medication, instructions for use, and the recommended dosage.

(c) Dates and times medication is administered.

(d) A record of missed dosages.

(e) Medication dropped or disposed of.

(f) Method of administration for each medication.

(g) Identification of person administering the medication.

(h) Any possible adverse reactions to the medication.

(i) Documentation of any medication taken out of the proctor foster home by a child in care during a home visit or other activity.

(9) Where applicable, the foster care agency must maintain documentation of the continuing evaluation of the ability of the child in care to self-administer a medication.

413-215-0386
Referral and Initial Evaluation of Children

A foster care agency must comply with all of the following requirements:

(1) Referral. The foster care agency must have a policy that addresses the process by which children in care are referred to the foster care agency. The policy must include all of the following:

(a) From whom referrals are accepted.

(b) On what basis children in care are accepted by the foster care agency.

(c) How information necessary to provide for the safety and care of children in care will be provided to proctor foster home parents, and staff of the foster care agency.

(2) Initial evaluation of a child. The foster care agency must evaluate each child in care referred to the foster care agency for placement. In conducting the evaluation, the foster care agency must:

(a) Request and review all available reports of the child in care's past and present behavior, educational status, and physical and mental health.

(b) Make a preliminary determination whether the prospective child in care has disorders, disabilities, or deficits due to mental, emotional, behavioral, or physical problems for which care, supervision, training, rehabilitation, or treatment is needed to reduce a problem, maintain present level of functioning, or clarify the ongoing placement or service needs of the child in care.

(3) The foster care agency must be prepared to provide to a parent or legal guardian of a referred child suggestions for obtaining resources in the event the child is not accepted by the foster care agency for placement.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 106

413-215-0391
Consents, Disclosures, and Authorizations

(1) Consents. For each child in care taken into the physical custody of a foster care agency, the foster care agency must ensure that a parent or legal guardian signs a consent that authorizes under what circumstances the foster care agency may undertake each of the following, as applicable:

(a) To provide routine and emergency medical care. If a foster care agency relies on prayer or spiritual means for healing in accordance with the creed or tenets of a well-recognized religion or denomination, the foster care agency may not require medical, psychological, or rehabilitative procedures. The foster care agency must have policies and procedures for this practice, which are reviewed and approved by the parent or legal guardian of the child in care.

(b) To use the discipline and behavior management systems of the foster care agency, utilized by the foster care agency.

(c) To use restraint or seclusion in the management of the child in care. The consent must specify the reasons such interventions are used by the foster care agency and how the employees of the foster care agency and proctor foster home parents are trained and supervised in the use of restraint or seclusion.

(d) To restrict the child in care's contact with persons outside the foster care agency and the proctor foster home, including visits, telephone communication, electronic mail, and postal mail, except that access to a child in care must be allowed as provided in ORS 418.305 and OAR 413-215-0091(11).

(e) To impose a dress code.

(f) To apply the reasonable and prudent parent standard to determine whether the child in care is allowed to participate in age-appropriate or developmentally appropriate activities, including extracurricular, enrichment, cultural, and social activities.

(2) Disclosures. At admission, the foster care agency must ensure that each parent or legal guardian of the child in care receives and acknowledges in writing the receipt of each of the following policies and requirements of the foster care agency:

(a) Mandatory child abuse reporting requirements.

(b) Information regarding any personal or room searches and protocols for confiscation of contraband items, including the notification of law enforcement if illegal contraband is discovered. This information will include the procedures and rationales of the foster care agency for any program-initiated room or body search.

(c) A statement concerning the rights of children in care and parents or legal guardians served by the foster care agency as provided in OAR 413-215-0046. The statement must be written in a manner that is easy to understand, and the foster care agency must ensure that the child in care and the parent or legal guardian understand the statement and the requirement that the agency afford the children in care each of these rights.

(d) The grievance policies and procedures of the foster care agency.

(e) The foster care agency will make any written policy or procedure pertaining to program services available for review by the child in care, parent, or legal guardian, upon request.

(3) Authorizations.

(a) Authorization to disclose information from other service providers must be filled out prior to signatures being requested and be specific to one other provider. Information may only be requested on a need-to-know basis.

(b) All child-specific visitors of the child in care must be approved or authorized by the parent or legal guardian, except court appointed special advocates (CASA) and attorneys appointed to represent the child.

(c) Visitation resources must be pre-approved by the parent or legal guardian of the child in care and the identity of these resources verified by the foster care agency.

(d) Activity-specific authorizations must be pre-approved by the parent or legal guardian of the child in care to allow participation in potentially hazardous activities, such as using motorized yard equipment, swimming, and horseback riding.

(e) All other required authorizations must be pre-approved by the parent or legal guardian of the child in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0396
Information About Children in Care Placed in Physical Custody of the Foster Care Agency

A foster care agency must comply with all of the following requirements:

(1) Case files for children in care. For each child in care the foster care agency accepts for placement, the foster care agency must maintain an individual record that includes a summary sheet containing all of the following information:

(a) The name, gender, date of birth, religious preference, and previous address of the child in care.

(b) The name and location of the child in care's previous school.

(c) The date of admission to the program.

(d) The status of the child in care's legal custody, including the name of each person responsible for consents and authorizations.

(e) The name, address, and telephone number of:

(A) The parents of the child in care.

(B) The legal guardian of the child in care, if different than parents, and his or her legal relationship to child.

(C) Other family members or other persons identified by the family as significant to the child in care.

(D) Other professionals to be involved in service planning, if applicable.

(2) Service planning.

(a) All documentation, including but not limited to service plans, daily notes, assessments, progress reports, medication records, and incident reports, must be written in terms that are easily understood by all persons involved in service planning.

(b) Intake documentation. A foster care agency must complete a written intake document containing screening information on the date the foster care agency accepts a child in care except in the case of an emergency placement, when the intake document must be completed within 48 hours of admission.

(c) Each child in care must be served according to an individual written service plan developed by staff of the foster care agency and including, whenever possible, the child in care, the child in care's family, and other professionals involved with the child in care or family. This document must outline goals for services and care coordination.

(d) Assessment. A comprehensive assessment must be completed within the first 30 days of placement. This assessment must include relevant historical information, current behavioral observations, any identified needs for services, and a description of how the foster care agency will provide or coordinate services.

(e) Service plan and review.

(A) Within 60 days of placement, a formal service plan must be developed by staff of the foster care agency in conjunction with the child in care and his or her parents or legal guardians, and any other persons who are actively involved with the family, as appropriate.

(B) The service plan must reflect how the foster care agency will address the child in care's issues, describe the anticipated outcomes of the placement, and be reviewed and approved by the child in care and the legal guardian or parent, unless contraindicated.

(C) The service plan must be reviewed by the foster care agency at least quarterly.

(D) Service plans must be revised at any time additional information becomes available indicating that other services should be provided.

(3) Case management.

(a) The foster care agency must document services provided, as necessary, to track and monitor progress toward the achievement of service plan goals.

(b) Discharge. The foster care agency must identify how a child in care's progress will be evaluated, and how the determination is made of readiness for discharge or unsuitability for continued stay.

(c) Discharge planning. Discharge planning for a child in care must be a participatory decision-making process between the child in care, staff of the foster care agency, the parent or legal guardian, and significant others. As used in this rule, "significant others" means relatives, friends, or interested members of the community who are approved by the parent or legal guardian.

(d) Discharge instructions. The foster care agency must provide the child in care and the child in care's guardian with discharge instructions on or before the discharge date, including current medications, name of the doctor who prescribed each medication, any outstanding medical or other appointments, and other follow-up instructions as needed.

(e) Follow-up services. The foster care agency must identify any transitional or aftercare services or service coordination that will be offered by the program.

(f) Incident reporting. A written description of any injury, accident, or unusual incident involving a child in care must be placed in the individual child in care's record.

(4) Financial records. A foster care agency must keep a separate written record for each child in care itemizing all money received or disbursed on behalf of the child in care. The record must include all of the following:

(a) The date of each receipt and disbursement and the amount of each.

(b) The source of income.

(c) The purpose of each disbursement.

(d) The signature of the person making each entry.

(e) The signature of the child in care for each entry.

(5) Personal possessions records. An individual written inventory must be maintained for each child in care of all personal possessions belonging to the child in care. The record must be updated as needed.

(6) The foster care agency will ensure, in policy, that:

(a) Disallowable items are either stored, or returned to the parent or legal guardian; and

(b) All money and personal belongings are returned to the child in care, child in care's parent or legal guardian at the time of discharge, or an account provided of any missing items.

413-215-0401
Adoption Agencies, What Law Applies

These rules, OAR 413-215-0401 to 413-215-0481, regulate a child-caring agency licensed as an adoption agency. An adoption agency must also comply with OAR 413-215-0001 to 413-215-0131.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-94, cert. ef. 12-29-95; Renumbered from 413-220-0090, CWP 32-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0406
Definitions

As used in OAR 413-215-0401 to 413-215-0481:

(1) "Adoption agency" means an organization providing any of the following services:

(a) Identifying a child for adoption and arranging an adoption.

(b) Securing the necessary consent to relinquishment of parental rights and to adoption.

(c) Performing a background study on a child or a home study on a prospective adoptive parent and reporting on such a study.

(d) Making determinations of the best interests of a child and the appropriateness of adoptive placement for the child.

(e) Monitoring a case after *placement* until final adoption.

(f) When necessary because of *disruption* before final adoption, assuming custody and providing childcare or other social services for the child pending an alternative placement.

(2) "Birth parent" means each person who holds a legally recognized parental relationship to the child but does not include the adoptive parents in the adoption arranged by the adoption agency.

(3) "Criminal history check" means compliance with the Department's criminal records history rules (OAR 407-007-0200 to 407-007-0370). To comply with these rules, the agency must appoint a Contact Person (CP) who is designated to receive and process criminal history and child abuse check forms. Final fitness determinations will be made by the Department.

(4) "Disruption" means the interruption of an adoptive placement prior to the finalization of the adoption in a court of law.

(5) "Intercountry adoption" means an adoption in which a child who is a resident and citizen of one country is adopted by a citizen of another country.

(6) "Placement" of a child occurs when the child is placed in the physical or legal custody of prospective adoptive parents.

(7) "Re-adoption" means a process in which a child whose adoption was completed in another country is re-adopted in this country.

(8) "Special needs" mean a trait or disability of a child that requires special care or attention of the child or that historically has made placement of a child with similar characteristics or disability difficult.

Stat. Auth.: ORS 409.050, 418.005, 418.240
Stats. Implemented: ORS 418.205 - 418.310
Hist.: CWP 32-2008, f. & cert. ef. 10-17-08; Suspended by CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0411
Information and Reporting Requirements of an Adoption Agency

(1) Public information.

(a) An adoption agency must provide to each person making an inquiry about adoption a written program statement that describes the services of the adoption agency and includes all of the following information:

(A) A description of the children normally placed by the adoption agency.

(B) Eligibility requirements for adoptive families.

(C) Timelines for intake screening and for being placed on a waiting list.

(D) A clear delineation of fees, charges, contributions, or donations required to obtain adoption services.

(E) The services provided during the adoption process.

(F) The geographical area covered by the adoption agency.

(b) The written and electronic materials of an adoption agency describing its adoption program must be accurate, must be reviewed regularly for accuracy, and must include the date the material was last updated.

(2) Cost disclosures. An adoption agency must provide the following information regarding the costs of an adoption:

(a) The adoption agency must provide all of the following information to all prospective adoptive parents:

(A) A written schedule of estimated fees and expenses.

(B) An explanation of the conditions under which estimated fees or expenses may be charged, waived, reduced, increased, or refunded.

(C) When, how, and to whom the estimated fees and expenses must be paid.

(b) Before providing an adoption service to a prospective adoptive parent, the adoption agency must itemize and disclose in writing to the parent the estimated fees and expenses the parent will be charged related to each of the following:

(A) A home study.

(B) The adoption agency fees in the United States.

(C) Other–country program expenses, if applicable.

(D) Translation and document expenses, if applicable.

(E) Travel and accommodation expenses, if applicable.

(F) Contributions.

(G) Post-placement and post-adoption reports.

(H) Likely charges of the U.S. Citizenship and Immigration Services (USCIS).

(I) Legal finalization or re-adoption expenses, if applicable

(c) The adoption agency must specify in its written adoption contract when and how funds advanced to cover fees or expenses will be refunded if adoption services are not provided.

(d) When the delivery of adoption services is completed, the adoption agency must provide the prospective adoptive parents, within 30 days following the completion of services, a detailed written accounting of the total fees and expenditures for which the adoptive parents will be charged by the adoption agency.

(3) Data collection requirements. An adoption agency must maintain in a standard and accessible format all of the following information and make it available on request:

(a) The number of adoption placements it completes each year for the prior three calendar years, and the number and percentage of those placements that remain intact, are disrupted, and have been dissolved as of the time the information is provided.

(b) The number of parents who apply with the adoption agency to adopt a child in care each year.

(c) The number of waiting children available for adoption that the adoption agency is attempting to place.

(4) Mandatory reporting of disruption and dissolution. The adoption agency must submit to the Department on a prescribed form a written report within 14 days after a disruption or dissolution is reported to the adoption agency if the adoption agency was involved in the study of the family, the placement of the child in care, or the supervision of the adoptive placement. As used in this rule, "dissolution" means the termination of an adoptive placement after finalization.

413-215-0416
Adoption Agency Staff

In addition to meeting the requirements in OAR 413-215-0021(3):

(1) Required staff. An adoption agency must have an executive director and a social services supervisor. If one person fills both positions, that person must meet the qualifications of both the executive director and the social services supervisor listed in subsections (2)(a) and (b) of this rule.

(2) Qualifications.

(a) The executive director must possess all of the following qualifications:

(A) Management skills and abilities.

(B) A bachelor's degree from an accredited program.

(C) Two years of full-time experience in child social services.

(b) The social services supervisor must possess all of the following qualifications:

(A) A master's or doctorate degree from an accredited program in social work, psychology, guidance and counseling, or a similar subject area.

(B) Two years of experience in family and children's services, one year of which must include providing adoption services.

(C) If the agency provides intercountry adoption services, the supervisor must have experience in intercountry adoptions.

(c) An incumbent executive director or social services supervisor employed by the adoption agency prior to October 17, 2008 — of an adoption agency already licensed by the Department — who does not meet the qualifications listed is subsections (a) and (b) of this section is deemed to meet those requirements if he or she had been in the position for at least three years, had significant skills and experience with the adoption process, and has access to consultation with persons having the qualifications listed in subsections (a) and (b) of this section, as applicable.

(d) Social services staff, who are non-supervisory employees providing adoption-related social services requiring the application of clinical skills and judgment, must possess:

(A) A master's degree from an accredited program of social work education or another human service field;

(B) A bachelor's degree from an accredited program of social work education; or

(C) A combination of a bachelor's degree in another human service field and experience in family and children's services or adoption.

(3) Supervision. All non-supervisory social services staff described in subsection (2)(d) of this rule must be supervised by an employee of the adoption agency who meets the requirements for social services supervisor set forth in subsection (2)(b) or (2)(c) of this rule.

413-215-0421
Staff Training Requirements for Adoption Agencies

An adoption agency must meet all of the following requirements related to its staff:

(1) The adoption agency must have a comprehensive plan for providing basic training to newly hired social services employees on the issues that arise with adoptive placement.

(2) The adoption agency must ensure that all social services staff and contracted social services providers obtain a minimum of 10 hours of training annually on issues related to adoption.

(3) The adoption agency must ensure that all social services staff and all persons who provide adoption services complete training in all of the following areas:

(a) The potential short- and long-term effects of prenatal exposure to alcohol, drugs, and poor nutrition.

(b) The potential effects of separation and loss.

(c) The process of developing emotional ties to an adoptive family.

(d) Normal child and adolescent development.

(e) The potential effects of physical abuse, sexual abuse, neglect, and institutionalization on the development of the child in care.

(f) The potential issues of race, culture, and identity; issues of acculturation and assimilation; and, if applicable, the effects of having been adopted internationally.

(g) The emotional adjustment of adopted children and their families.

(h) Open adoption.

413-215-0426
Policies and Procedures for Adoption Agencies

An adoption agency must have and follow written policies and procedures for the adoption services it provides including, at a minimum all of the following:

(1) Policies and procedures prescribing safeguards relating to the needs, rights, and responsibilities of the following:

(a) A birth parent who is considering the release of a child in care for adoption;

(b) A child in care who becomes available for adoption; and

(c) A family who adopts a child in care.

(2) Policies and procedures designed to ensure compliance by the adoption agency all applicable federal and state laws, including but not limited to:

(a) The Indian Child Welfare Act of 1978, Pub. L. No. 95-608, 92 Stat. 3069 (1978) (ICWA)(see OAR 413-070-0100 to 413-070-0260);

(b) The Interstate Compact for Placement of Children (ICPC) (see ORS 417.200);

413-215-0431
Records Requirements for Adoptions

In addition to compliance with the records and documentation requirements of OAR 413-215-0071 and 413-215-0456:

(1) Permanent record in a domestic adoption. An adoption agency must maintain a permanent record on each birth parent who has consented to and has surrendered a child in care to the adoption agency. Except as authorized by section (2) of this rule, the record must include all of the following documents or information:

(a) The date and place of the birth parent's initial inquiry with the adoption agency and the persons present when the inquiry was made.

(b) The date, place, and purpose of each subsequent contact between the adoption agency and the birth parent.

(c) Evidence that the following adoption agency forms were provided to the birth parent:

(A) Consent for Service;

(B) Receipt of Grievance Procedures;

(C) Clients' Rights and Responsibilities, including the notice required by ORS 109.346 when applicable; and

(D) Service Plan.

(d) Each alternative to adoption discussed with the birth parent.

(e) A description of each discussion relating to fees, expenses, or other consideration or thing of value relating to the adoption.

(f) The date, time, and place of birth of the child in care, the name and address of the hospital or birthing center if the child in care was born in one, and all pertinent prenatal information.

(g) The names, dates of birth, physical description of the birth parents at the time of the child in care's birth, including age, height, weight, and color of eyes, hair and skin.

(h) Personality traits of the child in care's birth parents, siblings, and members of the child's extended family.

(i) A medical history of the birth parents, siblings, and extended family of the child in care, including medical, mental, and emotional history, including the history of the use of drugs or alcohol, gynecologic and obstetric history of the birth mother, and a record of inheritable genetic or physical traits or tendencies of the birth parents or their families.

(j) The ethnicity of the child in care's birth parents and the members of the child's extended family.

(k) Documentation of the efforts of the adoption agency to determine whether the Indian Child Welfare Act (ICWA) applies.

(l) The religious background of the child in care's birth parents and the members of the birth parents' extended family.

(m) The educational level and functioning, employment history, criminal history, and social and emotional functioning of the birth parents, siblings, and the members of their extended family.

(n) A notation that identifies the adoptive parents sufficient to cross-reference the file of the adoption agency on the adoptive parents.

(o) A copy of the placement agreement.

(p) Post-adoption communication agreements.

(q) Details about any termination of parental rights.

(r) A copy of the general judgment of adoption.

(s) Copies of any documents signed by the birth parent.

(2) If the adoption agency is unable to include in the permanent record a document or information required by subsections (1)(f) to (1)(m) of this rule, the adoption agency must include in the record a description of its reasonable effort to obtain the document or information.

(3) Preservation and retention of adoption records for adoptions. An adoption agency giving legal consent to the adoption of a child in care must permanently retain, to the extent allowed by law, the records concerning the child's adoption, as follows:

(a) The record must include all of the following:

(A) Adoptive parent orientation documentation.

(B) Evaluation documentation of both the birth and adoptive parents.

(C) Placement documentation.

(D) Post-placement supervision documentation.

(E) Originals of photographs, letters, and other personal items provided by the child in care's birth family.

(b) The adoption agency must store the records in fire-retardant, locked files kept in a secure location.

(c) If more than one adoption agency is involved in an adoption, the adoption agency that placed the child in care must preserve the permanent case record.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0441
Services for Birth Parents Considering Domestic Adoption

(1) If an adoption agency is serving a birth parent who is considering the adoption of his or her child:

(a) The adoption agency must provide the services described in these rules, OAR 413-215-0401 to 413-215-0481.

(b) If the adoption agency is serving a birth parent who lives in a state other than Oregon, the adoption agency must make the services described in these rules (OAR 413-215-0401 to 413-215-0481) available to the birth parent in the state of residence of the birth parent.

(2) Information.

(a) The adoption agency must make reasonable efforts to provide information described in subsection (2)(c) of this rule to each legal parent.

(b) The adoption agency must make reasonable efforts to provide information described in subsection (2)(c) of this rule to a putative father if:

(A) The putative father resided with the child in care within 60 days of the court proceeding about the adoption or custody of the child in care;

(B) The putative father repeatedly contributed or tried to contribute to the support of the child in care within 12 months of the court proceeding about the adoption or custody of the child in care; or

(C) There is a notice of initiation of filiation proceedings on file with the Center for Health Statistics of the Department prior to the initiation of either a court proceeding about the adoption or custody of the child in care, or the placement of the child in the physical custody of a person for the purpose of adoption by them. There is no requirement to provide information under this paragraph if the notice of initiation of filiation proceedings was not on file at the time of placement.

(c) The adoption agency must provide all of the following information to the persons identified in subsections (2)(a) and (2)(b) this section:

(A) Information regarding support and resources needed to parent a child in care.

(B) Information regarding options within adoption and the consequences of each option, including the possibility of a birth parent continuing contact with the adopted child in care and the adopting parents after adoption, the variables and options for such continuing contact, the desire of the child in care for continuing contact, and the availability of mediation to resolve issues involving contact.

(C) Information regarding grief and loss inherent in adoption.

(D) Information regarding the effects and permanence of adoption.

(E) Information regarding availability of or referral to appropriate support services. The availability of these services may not be made contingent upon the birth parent's decision to select adoption as the plan for the child in care.

(3) The adoption agency must provide guidance if a child in care's birth parents disagree with each other about the adoption plan.

(4) Identification of birth fathers. If the adoption agency is working with a birth mother, the adoption agency must ensure all of the following:

(a) The adoption agency asks the birth mother for the identity and whereabouts of the birth father.

(b) The adoption agency does not counsel or advise a birth mother to state that the identity or location of the father is unknown.

(c) If the birth mother indicates that the identity or location of the father is unknown, or if the birth mother refuses to identify the birth father, the adoption agency advises her of the potential ramifications of her knowing failure to provide the information.

(d) The adoption agency must contact the Center for Health Statistics of the Department within a reasonable period of time prior to placement to

determine whether the child in care's legal or putative father can be identified.

(e) The adoption file of the adoption agency includes all reported information about the legal or putative father, even if his identity or location is unknown to the mother.

(5) Disclosures prior to placement:

(a) Potential disclosure of parental identity. The adoption agency must tell each birth parent who is contemplating making their child available for adoption that information related to their identities may subsequently be disclosed to the child in care in accordance with Oregon law.

(b) Voluntary adoption registry. As required by ORS 109.353, the adoption agency must inform each birth parent of the voluntary adoption registry established under ORS 109.450.

(c) Adoption–related counseling for birth parents. As required by ORS 109.346, the adoption agency must provide notice to each birth parent consenting to an adoption regarding his or her right to adoption-related counseling.

(6) Consent and surrender. The adoption agency may accept the voluntary consent and surrender of a child in care after taking all of the following actions:

(a) Providing to each birth parent full and accurate information, and the opportunity to discuss the consequences of the documents they are signing.

(b) Discussing with each birth parent the circumstances leading to the decision to choose adoption.

(c) Informing each birth parent of their right to their own legal counsel at their own expense.

(d) Providing each birth parent with written information to assist them in understanding the changes that result from adoption in their parental legal rights, obligations, and responsibilities, including potential ramifications of post-placement establishment of paternity.

(e) After the birth of the child in care, reassessing the birth mother's ability to understand the consequences of her decision to sign a consent and surrender document. This assessment must include consideration of her emotional state and current influence of medication.

(f) In the case of an Indian child, informing the parents that if no different order of preference has been established by the child in care's tribe for adoptive placement, the adoption agency must, in the absence of the court's determination that good cause to the contrary exists, give preference to placing the child in care with a member of the child in care's extended family, other members of the Indian child's tribe, or other Indian families.

(g) Informing the birth parent that the adoption agency cannot honor a request of the birth parent to place the child in care with a family based solely on preferred race, color, or national origin unless the child is an Indian child in care, in which case the licensed agency must follow the Indian Child Welfare Act of 1978.

(7) Documents. The adoption agency must provide a copy of all documents signed by the birth parents to the birth parents at the time they sign a consent and surrender document.

413-215-0446
Adoptive Family Recruitment and Screening

An adoption agency must have a recruitment and screening process that meets all of the following standards:

(1) The adoption agency must have an ongoing recruitment program to ensure an adequate number of suitable adoptive families are identified for the types of children in care identified in the program statement of the adoption agency.

(2) Orientation. The adoption agency must provide orientation for the adoptive family before the adoption agency approves the home study. The orientation must include the following information:

(a) The adoption program, policies, and procedures of the adoption agency.

(b) The needs and characteristics of children available for adoption.

(c) Attachment, separation, and loss issues for children and families.

(d) The importance of cultural and ethnic identity to the child in care and ways to foster these identities.

(e) The effects of adoption on the child in care and family.

(f) The adoption process.

(g) Rights and responsibilities of the adoptive family and adoption agency.

(h) Information on the potential risks and challenges inherent in adoption.

(i) Pre-placement, placement, and post-legal adoption services and resources available to the adoptive family.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 106

413-215-0451
Adoptive Home Requirements

(1) Home study. Before an adoption agency approves a family for an adoptive placement and before referring or placing a child in care with a family for the purpose of adoption, a social services worker must complete a written home study of the adoptive family. The home study must include all of the following:

(a) An individual interview with each applicant parent as well as with each member of the applicants' household, as applicable.

(b) If the applicants are married or are a cohabiting couple, an additional, joint interview with the couple.

(c) An on-site evaluation of the applicants' home to determine whether the home is in full compliance with the safety standards identified in the Safety Checklist (CF 979).

(2) Written home study. The home study required by section (1) of this rule must include all of the following information:

(a) The dates and places in which applicant parent and household members were interviewed or observed.

(b) The identity of each child in care to be considered for placement, if known.

(c) The applicants' motivation for adoption.

(d) The family's plan for honoring the child's ethnic and cultural heritage.

(e) Education or training needs of the adoptive parents, including education and training for children in care having special needs.

(f) The applicants' need for support services and description of current support system.

(g) Life experiences and challenges of the applicants.

(h) Marriage status or relationship of the applicants.

(i) The names and ages of the applicants' children in the home.

(j) The names and ages of the applicants' children not living in the home.

(k) The applicants' parenting skills and values.

(l) The applicants' lifestyle.

(m) The applicants' home and community.

(n) The applicants' health.

(o) The applicants' religion or spiritual beliefs, as applicable.

(p) The applicants' employment and finances.

(q) Safety information and safety issues discussed with the applicants.

(r) Minimum of four references not related to the applicants.

(s) Comply with the Department's background check rules at OAR 407-007-0200 to 407-007-0370.

(t) Criminal history check and a child abuse and neglect history from every state in which the individual has lived within the preceding five years for each member of the household age 18 or older. Checks are also required for a household member under the age of 18 if there is reason to believe that the household member may pose a safety threat to children placed in the home.

(u) Documentation that a child abuse and neglect history was requested from any other country in which a member of the household age 18 or older has lived within the preceding five years, and the response if any.

(v) An assessment of all the information gathered regarding the adoptive applicants and any recommendations.

(w) Signed approval or denial by a social services supervisor to use the home for adoption.

(3) Home study requirements.

(a) An adoption agency may not complete a home study until the prospective adoptive parents have received at least six hours of the pre-adoptive training and education required by OAR 413-215-0456.

(b) An adoptive home study is valid for a maximum of two years from the date of completion, providing significant changes have not occurred in the applicants' household.

(c) If significant changes occur in the applicants' household after the completion of the home study but before the adoption is finalized, the adoption agency must complete an update of the home study.

(d) Once the adoption is finalized, the adoption agency must complete a new home study each time the family seeks to adopt another child in care.

(4) Certificate of approval. The adoption agency must issue a written document certifying the approval or disapproval of the applicants as potential adoptive parents.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 106

413-215-0456
Information, Education, and Training for Adoptive Parents

An adoption agency must meet all of the following requirements related to information, education, and training for adoptive parents:

(1) Adoptive parent training. The adoption agency must document that it has provided the prospective adoptive parents a minimum of 10 hours of comprehensive orientation and training, independent of the home study, that covers all of the following:

(a) The possible short- and long-term effects of prenatal exposure to alcohol, drugs, and poor nutrition.

(b) The effects of separation and loss.

(c) The process of developing emotional ties to an adoptive family.

(d) Normal child and adolescent development.

(e) What research indicates about the potential effect on a child in care's development of physical abuse, sexual abuse, neglect, institutionalization, and multiple caregivers.

(f) Issues related to race, culture, and identity.

(g) Acculturation, assimilation, and, if applicable, the effects of having been adopted internationally.

(h) Emotional adjustment of adopted children and their families, including attachment and psychological issues of adopted children who have experienced abuse, neglect, or trauma.

(i) In the case of an intercountry adoption, the process involved in an intercountry adoption and the general characteristics and needs of children awaiting intercountry adoption.

(2) Individual preparation. The adoption agency must document reasonable efforts to prepare prospective parents for the adoption of each child in care under consideration before the earliest of the following:

(a) The child in care is placed with them.

(b) Travel to the child in care's country for the purpose of adoption.

(3) Methods of training.

(a) The adoption agency must provide the required training using appropriate methods, such as:

(A) Collaboration among agencies or persons to share resources to meet the training needs of parents;

(B) Group seminars offered by the adoption agency or others who provide training;

(C) Individual counseling sessions;

(D) Video, computer-assisted, or distance learning methods using standardized curricula.

(b) If the training cannot otherwise be provided, the adoption agency may allow the prospective adoptive family to complete an independent study that includes a system for evaluating the thoroughness of the subjects covered.

(4) Information and disclosures.

(a) The adoption agency must give the adoptive family detailed written information covering the following subjects:

(A) Resources for financial support, including tax credit, employee adoption benefit programs, and other financial assistance.

(B) Medical assistance availability, as applicable.

(C) Support services available to the family and the adoptive child, including adoptive family support groups, educational workshops and conferences, individual and family counseling, mental health services, and respite care.

(D) Information identifying each organization or individual who will be involved in the proposed placement, including whether the organization or individual will derive a fee or other consideration from a source other than the client in connection with the adoption.

(E) In domestic adoptions only, the potential ramifications of a failure of the birth father to sign the consent and surrender documents.

(b) If a child in care qualifies for adoption assistance through the department's Adoption Assistance Program, the adoption agency must assist the prospective adoptive parents in getting approvals or agreements in a timely manner, prior to adoption finalization.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0461
Evaluation and Selection of Adoptive Family

An adoption agency must meet all of the following requirements regarding the placement of a child in care:

(1) Pre-placement evaluation. A social services worker must review the record, evaluate, and document all of the following factors before making a placement with an adoptive family:

(a) Physical, emotional, social, behavioral, educational, and other individual needs of the child in care.

(b) The child in care's need for continued contact with siblings, relatives, foster parents, and other persons significant to the child in care.

(c) The ability and willingness of the prospective adoptive parents to accept the general and specific risks and challenges inherent in the placement being considered.

(2) Placement requirements. For the placement of a child in care, the adoption agency must select an adoptive family who is approved by an adoption agency, consistent with the needs of the child in care and the recommendations in the pre-placement evaluation.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 106
Hist.: CWP 32-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0466
Domestic Adoptive Placement; Adoption Agency Requirements

An adoption agency must meet all of the following requirements related to a domestic placement:

(1) Pre-placement visit. The adoption agency must develop a written transition plan based on the developmental needs and best interests of the child in care. The plan must include provisions for pre-placement visits with the prospective adoptive family.

(2) Placement agreement documents. Before placing the child in care in a home, the adoption agency must have a written agreement with the pre-adoptive parents. A signed copy of this agreement must be given to the pre-adoptive parents and a copy must be placed in the case record. The agreement must specify the following, if appropriate:

(a) That the pre-adoptive parents agree to legally finalize the adoption in a time frame that is based on the best interests of the child in care;

(b) That the adoption agency will provide the documents necessary for finalizing the adoption in a time frame that is based on the best interests of the child in care;

(c) That the pre-adoptive parents agree to participate in supervision by the adoption agency, based on the best interests of the child in care, during the time prior to finalization of the adoption;

(d) That the pre-adoptive parents agree to provide written notification to the adoption agency prior to each of the following:

(A) A change of residency.

(B) The removal of the child in care from the state for more than 72 hours.

(C) Placement of the child in care in the care of another person for more than 72 hours.

(e) That the adoption agency will arrange for supervision in accordance with the Interstate Compact for Placement of Children if the adoptive family moves to another state.

(f) The plan must address all of the following subjects, based on the best interests of the child in care, in the event of a disruption:

(A) Who has responsibility for providing care and the cost of care.

(B) Financial arrangements to ensure transfer of custody when necessary.

(C) For intercountry adoptions only, whether the child in care is to remain in the country of placement and how the authorities in the originating country will be notified of the disruption.

(3) Medical consent form. At the time of the child in care's placement in the adoptive home, the adoption agency must give the adoptive parents a signed medical consent form authorizing medical care of the child in care.

(4) Child and birth parent information. Before placing a child in care with a family, the adoption agency must make reasonable efforts to discuss with the adoptive parents and provide them in writing all available information about the child in care and his or her birth parents, including, but not limited to:

(a) Medical data.

(b) Information about genetic, congenital, or pre-existing conditions.

(c) Information on the child in care's physical, emotional, and behavioral functioning and adjustment

(d) Pertinent information regarding the birth parents, excluding identity.

(e) Information about disabilities and their implications, including information from diagnosticians and, if applicable, appropriate therapists.

(5) The adoption agency may not withhold or misrepresent information, nor may it misrepresent the implications of child information. The adoption agency and its agents must provide to prospective adoptive parents, in accordance with these rules (OAR 413-215-0401 to 413-215-0481), all information obtained about the child in care.

(6) Post-placement supervision. The adoption agency is responsible for the child in care until the court has entered the general judgment of adoption. After the child in care is placed, the adoption agency must provide and document supervision of the home by a social services worker, including all of the following:

(a) A home visit with the family within the first 30 days following placement to establish a helping post-placement relationship. The frequency of contacts, including home visits, office visits, telephone calls, and e-mail, is dependent on the child in care's age and special needs, and the family's adjustment to the child in care.

(b) Any change in the adoptive family relating to health, finances, or composition that could affect the child in care.

(c) Providing to the adoptive parents any medical information on a child in care's birth family received by the adoption agency after the child in care was placed for adoption.

(d) If the placement appears likely to disrupt, the adoption agency must document its efforts to:

(A) Provide counseling services to preserve the placement; and

(B) Provide or arrange for replacement services, including foster care if needed, if disruption occurs.

(7) Post-legalization services. The adoption agency must make adoption services available to birth parents, adoptive parents, and adopted children after the adoption is finalized. The adoption agency must provide or inform the adoptive parents how to obtain information regarding all of the following:

(a) Counseling services.

(b) Crisis intervention.

(c) Respite care.

(d) Specialized support groups.

413-215-0471

Adoption Finalization — Adoption Agency Requirements

(1) For the legal finalization of an adoption, an adoption agency must prepare and promptly provide to the adoptive family or the family's attorney all documents required for filing with the court.

(2) After consenting to the adoption of a minor child, an adoption agency must promptly file with the appropriate court all required documents that are available.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106

413-215-0476

Intercountry Adoptions

In addition to the requirements for adoption agencies in OAR 413-215-0401 to 413-215-0481 other than OAR 413-215-0431(1) - (2), 413-215-0441, 413-215-0456(4)(a)(E), and 413-215-0466, an adoption agency approved to provide intercountry adoptions must meet all of the following standards with regard to intercountry adoptions:

(1) Compliance with foreign law.

(a) The adoption agency must comply with the laws and regulations of the sending country.

(b) The adoption agency must make reasonable efforts to learn and understand legal and procedural adoption requirements in the sending country.

(c) The adoption agency must establish written policies and procedures designed to fulfill and comply with the legal requirements, adoption laws, and adoption procedures of the sending country.

(d) The adoption agency must train its employees and volunteers about the adoption laws and procedures of the sending country.

(2) Compliance by foreign representatives. If the adoption agency uses an organization or person in the foreign country to facilitate adoption services within the foreign country, the adoption agency must make reasonable efforts to see that the organization or person meets all of the following requirements:

(a) Fully complies with all adoption and other laws and procedures of the sending country.

(b) Is licensed or otherwise authorized to provide the contemplated adoption services within the sending country.

(c) Does not engage in practices that are not in the best interests of the child in care or that encourage or facilitate the sale, abduction, exploitation, or trafficking of children.

(d) Does not have a pattern of licensing suspensions or other sanctions within the foreign country and has not lost the right to provide adoption services in any jurisdiction for reasons associated with unlawful or unethical service.

(e) Provides full disclosure to the adoption agency regarding any suspension, debarment, sanction, criminal charge, or disciplinary action against the organization or person, or any person serving with the organization, related to adoption services or financial dealings within the past ten years.

(f) Provides full disclosure to the adoption agency of business activities performed by or engaged in by employees or affiliates of the foreign representative that are inconsistent with the principles of these rules or the Intercountry Adoption Act of 2000, 42 U.S.C. 14901 to 14954.

(3) Pre-placement determination of compliance. Before a child in care can be placed for adoption, the adoption agency must determine that the adoption service or person authorized by the sending country has certified that:

(a) The child in care is qualified for adoption and is in the permanent custody of an authorized organization or person in the sending country.

(b) The authorized service or person has obtained proof from a competent authority in the child in care's country of origin that the necessary consents to the child in care's adoption have been obtained and that the necessary determination has been made that the prospective placement is in the best interests of the child in care.

(c) The child in care has the proper emigration and immigration permits.

(d) The authorized service or person has the child in care's social and medical history or, if either is not available, has documented adequate reasons why the adoption agency was not able to obtain the information.

(4) Child information requirements. The adoption agency must use reasonable efforts, or require the authorized organization or person in the child in care's country of origin to make reasonable efforts, to obtain and provide all available information concerning a child in care referred for adoption, if known to the adoption agency or foreign representative, including the all of following:

(a) The date an authorized authority in the sending country took custody of the child in care and the reasons why the child in care is in custody.

(b) Information concerning the child in care's history, including a chronology showing the persons and institutions that have had custody of and cared for the child in care, the nature of care provided, and the reasons for transferring custody.

(c) Information concerning the child in care's immediate family, including current status and location of the birth parents and siblings of the child in care; history of abuse, neglect, or mistreatment of the child in care; history of alcohol and drug abuse by the birth parents; hereditary conditions; and other risk factors.

(d) Information concerning the child in care's cultural, racial, religious, ethnic, and linguistic background.

(e) The child in care's medical information, including all of the following:

(A) All medical records, including both summaries or compilations of medical records and original records.

(B) Information resulting from medical examinations of the child in care.

(C) A history of significant illnesses or medical events, hospitalizations, and changes in the child in care's condition, growth data, and developmental status at the time of the child in care's referral for adoption.

(f) Videotapes and photographs of the child in care, identified by the date on which the videotape or photograph was recorded or taken.

(g) Specific information regarding health risks in the specific region or country where the child in care resides.

(5) An adoption agency must provide the information described in section (4) of this rule to prospective adoptive parents regarding a child in care referred for adoption as follows:

(a) The information must be provided at least two weeks before the earliest of the following:

(A) The adoption or placement for adoption.

(B) The date on which the prospective adoptive parents travel to the sending country to complete procedures relating to the adoption.

(b) To the extent the matter is within its control, the adoption agency may not withdraw the referral of a child in care until the prospective adoptive parents have had at least one week to consider the needs of the child in care and their ability to meet those needs, and to obtain medical review of child in care information. The adoption agency may withdraw the referral earlier if the best interests of the child in care require a more expedited decision.

(c) The information must be provided in both the original language, if available, and in English. The adoption agency must do nothing to discourage prospective adoptive parents from obtaining their own translation of the information.

(6) An adoption agency must document in its adoption file all of the following:

(a) The efforts of the adoption agency to obtain the information.

(b) Reasons why the adoption agency was not able to obtain the information, if applicable.

(c) All communications made with prospective adoptive parents regarding the information, including contents of, dates, and the manner in which the information was provided to the prospective adoptive parents.

(7) With regard to post-placement and post-legalization requirements and services, an adoption agency must meet all of the following requirements:

(a) The adoption agency must take all appropriate measures to ensure that the transfer of the child in care takes place in secure and appropriate circumstances, with properly trained and qualified escorts, if used, and, if practicable, in the company of the adoptive parents.

(b) Until the adoption is finalized, the adoption agency must provide post-placement reports on a child in care to the sending country when required by the sending country. When such reports are required, the adoption agency:

(A) Must inform the prospective adoptive parents of the requirement prior to the referral of the child in care for adoption; and

(B) Must inform the prospective adoptive parents that they will be required to provide all necessary information for the reports.

(c) For children in care sent to the United States, in addition to post-placement reports required by the sending country, the adoption agency must require at least one home visit with all persons living in the adoptive home between one and four months after the child in care's arrival in the United States. Home visits must be documented in a post-placement report that includes all of the following issues:

(A) The status and adjustment of each child in the adoptive home.

(B) The status and adjustment of the prospective adoptive parents and other adoptive family members to each child in care placed in the home.

(C) A summary of the information obtained concerning the birth parents and the available social, medical, and genetic history of each child in care placed in the home.

(d) If an adoption or re-adoption is sought in Oregon, the original post-placement report, along with recommendations, must be filed by the adoption agency with the court and a copy forwarded to the department.

(e) The adoption agency must inform the prospective adoptive parents of other available post-placement services and resources, including all of the following:

(A) Additional home visits, office visits, telephone conferences, and other contacts with the personnel of the adoption agency.

(B) Other professionals, organizations, and groups that provide support and information for adoptive parents of children adopted internationally.

(f) When an adoption is not finalized in the sending country, the adoption agency must meet all of the following requirements:

(A) Monitor and supervise the placement to ensure that the placement remains in the best interests of the child in care.

(B) Inform prospective adoptive parents of the importance of finalizing the adoption in the United States and contractually require the prospective adoptive parents to finalize the adoption in the United States within a specified period after receiving the consent of the adoption agency for adoption.

(C) Advise adoptive parents regarding the means of obtaining proof of citizenship for the child in care and the process for obtaining a social security number.

Residential Care Agencies; What Law Applies

These rules, OAR 413-215-0501 to 413-215-0586, regulate a child-caring agency licensed as a residential care agency. A residential care agency must also comply with OAR 413-215-0001 to 413-215-0131.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; Renumbered from 413-210-0000, CWP 33-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0506

Definitions

When used in OAR 413-215-0501 to 413-215-0586:

(1) "Age-appropriate or developmentally appropriate activities" means:

(a) Activities or items that are generally accepted as suitable for children or young adults of the same chronological age or level of maturity or that are determined to be developmentally appropriate for a child or young adult, based on the development of cognitive, emotional, physical, and behavioral capacities that are typical for an age or age group; and

(b) In the case of a specific child, activities or items that are suitable for the child or young adult based on the developmental stages attained by the child or young adult with respect to the cognitive, emotional, physical, and behavioral capacities of the child or young adult.

(2) "Care" means services provided to meet the needs of a child, such as food, shelter, clothing, medical care, schooling, protection, and supervision.

(3) "Child" means an unmarried person under 18 years of age.

(4) "Employee" means an individual holding a paid position with a residential care agency.

(5) "Facility" means the physical setting, buildings, administration, staff, equipment, and program of a residential care agency.

(6) "Family" means related members of a household, among whom at least one adult functions as a parent to one or more minor children.

(7) "Medication" means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance either internally or externally by any person.

(8) "Reasonable and prudent parent standard" means the standard, characterized by careful and sensible parental decisions that maintain the health, safety, and best interests of a child or young adult while encouraging the emotional and developmental growth of the child or young adult, that a substitute care provider shall use when determining whether to allow a child or young adult in substitute care to participate in extracurricular, enrichment, cultural, and social activities.

(9) "Resident" means any child residing in a residential care agency other than an infant who resides with an adolescent parent.

(10) "Residential" means care or treatment services provided on a 24 hour per day basis to children. For the purpose of these rules, "residential care or treatment" does not include services provided in family foster homes or adoptive homes.

(11) "Residential care agency" means a private child-caring agency (defined in OAR 413-215-0006) that provides services to children 24 hours a day.

(12) "Staff" means employees of the residential care agency who are responsible for providing direct care or treatment to residents.

413-215-0511

Physical Plant Requirements

(1) A residential care agency may not allow children in care to have access to, or provide services regulated by these rules (OAR 413-215-0501 to 413-215-0586) in, a building unless the building has been certified as meeting all applicable state and local construction-related requirements for a building used as a residential facility, including: the Oregon Structural

Specialty Code (see the current version of OAR 837-040-0140), the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020), Oregon Health Authority Public Health Division (see the current requirements for buildings in OAR chapter 333), the Oregon Plumbing Specialty Code (see the current version of OAR 918-750-0110 to OAR 918-750-0140), the rules of the State Fire Marshal (see the current requirements for buildings in OAR chapter 837), and the local building, fire, and safety codes.

(2) A residential care agency must ensure that all of the following standards are met:

(a) All buildings where children in care are present must be smoke-free.

(b) Water temperature and access to water:

(A) A continuous supply of hot and cold water, installed and maintained in compliance with this rule and OAR 413-215-0516, must be distributed to taps conveniently located throughout each building used to provide services or housing for children in care.

(B) The temperature of hot water used for hand washing, bathing, or showering must be controlled so that it does not exceed 120 degrees Fahrenheit in each building used to provide services or housing for children in care.

(C) Each child in care who lacks the ability to adjust and control water temperature safely must be directly supervised by a staff member of the residential care agency.

(c) Heating and ventilation. Room temperatures must be maintained within normal comfort range. Buildings must be ventilated and free of excessive heat and condensation and unpleasant odors.

Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 106
Hist.: CWP 33-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0516
Room and Space Requirements

A residential care agency must meet all of the following room and space requirements:

(1) All parts of the facility must ensure the safety of the children in care.

(2) All areas of the facility must be kept clean and in good repair. Major Appliances and heating, ventilation, plumbing, and electrical systems must be functional and in good repair.

(3) Living area. A separate living room or lounge area must be available for the exclusive use of residents, employees, and invited guests with a minimum of 15 square feet per child in care.

(4) Bedrooms. Bedrooms for children in care may not be exposed to drafts, odors, or noises that interfere with the health or safety of the occupants. Each bedroom must comply with all of the following requirements:

(a) Have adequate furnishings and personal items for the children in care residing in them.

(b) Be separate from the rooms used for dining, living, multi-purpose, laundry, kitchen, or storage.

(c) Be an outside room, with a window allowing egress from the building.

(d) Have a ceiling height of at least 90 inches.

(e) Have a minimum of 60 square feet per bed.

(f) House no more than 25 children in care in one room when a dormitory-style sleeping arrangement is used.

(g) Have permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(h) Have a window covering on each window to ensure privacy.

(i) Contain beds for children in care that meet both of the following requirements:

(A) There must be at least three feet between beds, including trundle beds if used; and

(B) Bunk beds, if used, must be maintained to ensure safety of the children in care.

(5) Bathrooms.

(a) Bathrooms must be provided and be conveniently located in each building containing a child in care's bedroom, and must have all of the following:

(A) A minimum of one toilet and one hand-washing sink with mixing faucets for each eight children in care.

(B) A self-closing metered faucet, if used, that provides water flow for at least 15 seconds without a need to reactivate the faucet.

(C) Hot and cold running water, as well as soap and paper towels available at sinks, or, other hand-drying options approved by the local health department.

(D) One bathtub or shower for each ten children in care.

(E) Arrangements for individual privacy for each child in care.

(F) A window covering on each window to ensure privacy.

(G) Permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(H) Adequate ventilation.

(I) Have adequate personal items for children in care.

(b) Use of wooden racks over shower floors is prohibited.

(c) When impervious shower mats are used, they must be disinfected and dried at least once per day.

(6) Dining area. A separate dining room or area must be provided for the exclusive use of children in care, employees, and invited guests. The dining area must have the capacity to seat at least one-half of the children in care at one time and must contain a minimum of 15 square feet per child in care.

(7) Kitchen.

(a) Kitchens must be used exclusively for storage, food preparation, dish washing, and other activities related to eating and may not, except as provided in OAR 413-215-0536, be used for children in care's activities other than eating.

(b) The walls, floors, and floor coverings of all rooms in which food or drink is prepared or stored or utensils are washed or stored must be smooth, washable, and easily cleanable.

(c) All equipment and utensils used for food service, including plastic ware and food-contact surfaces, must be easily cleanable, durable, nontoxic, and nonabsorbent, and must be maintained in a clean and sanitary condition.

(d) All equipment used for food preparation must be installed and maintained in a manner that provides ease of cleaning beneath, between, and behind each unit.

(8) Laundry area. Laundry facilities, when provided, must be separate from all of the following:

(a) Living areas, including bedrooms for children in care.

(b) Kitchen and dining areas.

(c) Areas used for the storage of un-refrigerated perishable food.

(9) Storage. Separate storage areas must be provided for each of the following:

(a) Food, kitchen supplies, and utensils.

(b) Clean linens.

(c) Soiled linens and clothing.

(d) Cleaning compounds and equipment.

(e) Poisons, chemicals, pest and rodent control products, insecticides, and other toxic materials that must be properly labeled, stored in the original container, and kept in a locked storage area.

(f) Outdoor recreational and maintenance equipment.

(10) Outdoor activity area. A usable out-of-doors activity area must be provided that is protected from vehicular traffic and other hazards. The area must be of sufficient size to meet the recreational needs of the children in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106

413-215-0521
Resident Furnishings and Personal Items

A residential care agency must meet all of the following requirements:

(1) Furniture. Adequate furniture must be provided for each child in care including, but not limited to:

(a) A bed, including a frame;

(b) A clean, comfortable mattress and a pillow; and

(c) A private dresser, closet, or similar storage area for personal belongings that is readily accessible to the child in care.

(2) Linens. Linens in good repair must be provided or arranged for each child in care, including:

(a) A waterproof mattress cover or waterproof mattress;

(b) Sheets and pillowcase;

(c) Blankets appropriate in number and type for the season and the individual resident's comfort; and

(d) Towels and washcloths.

(3) Bedding must be changed when soiled and upon change of the child in care using the bedding.

(4) Personal hygiene supplies. Individual personal hygiene supplies that are appropriate to the child's age, gender, and culture must be made available to each child in care, stored in a clean and sanitary manner, and must include:

(a) A comb;

(b) Shampoo, or other hair cleansing product;

(c) A toothbrush;

(d) Soap;

(e) Deodorant;

(f) Toothpaste;

(g) Toilet paper;

(h) Menstrual supplies, if appropriate; and

(i) Other supplies that are appropriate to the child in care's age, gender, and cultural needs.

(5) Clothing. Adequate and seasonally appropriate clothing must be provided for the exclusive use of each child in care.

413-215-0526
New Facility or Remodel

A residential care agency must meet all of the following requirements:

(1) Building plans.

(a) A residential care agency must submit to the Department for approval a set of plans and specifications for each residential care facility operated by the residential care agency at each of the following times:

(A) Prior to construction of a new building.

(B) Prior to construction of an addition to an existing building.

(C) Prior to the remodeling, modification, or conversion of a building.

(D) In support of an application for initial license to operate as a residential care agency.

(b) Plans must comply with all applicable state and local requirements for a building used as a residential facility, including the Oregon Structural Specialty Code (see OAR 837-040-0140), the Oregon Fire Code (see OAR 837-040-0010 and 837-040-0020), Oregon Health Authority requirements for buildings (see OAR chapter 333), the Oregon Plumbing Specialty Code (see OAR 918-750-0110 to OAR 918-750-0140), the rules of the State Fire Marshal for buildings (OAR chapter 837), and the local building, fire, and safety codes.

(c) Plans must be drawn to scale, and must specify the date upon which construction, modification, or conversion will be completed, if applicable.

(2) Sanitarian approval. The water supply, sewage, and garbage disposal systems must be approved by a sanitarian registered with the Environmental Health Registration Board (see OAR 338-010-0025 to 338-010-0038).

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106

413-215-0531
Environmental Health

A residential care agency must meet all of the following requirements:

(1) The program of the residential care agency must maintain an environment that ensures safety for program staff and children in care.

(2) Environmental Health Specialist approval. Prior to licensure and every two years upon license renewal, the program must be assessed and provide documentation of approval by a registered environmental health specialist (see OAR 338-010-0025 to 338-010-0038) for the following safety areas:

(a) Food service risk assessment.

(b) Drinking water or waste water assessment.

(c) Vector and pest control, including the use of pesticides and other chemical agents.

(d) Hazardous material management, including handling and storage.

(e) Recreation assessments (such as playgrounds, swimming pools, and hot tubs) for injury prevention and hazard mitigation.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106

413-215-0536
Food Services

A residential care agency must meet all of the following requirements with regard to food services:

(1) Nutrition and dietary requirements.

(a) A residential care agency must arrange meals daily, consistent with normal mealtimes that occur during hours of operation.

(b) Menus must be prepared in advance in accordance with USDA guidelines and must provide a sufficient variety of foods served in adequate amounts for each child in care at each meal, adjusted for seasonal changes. Records of menus as served must be maintained in the record of the residential care agency for at least six months.

(c) Drinking water must be freely available to the children in care served by the residential care agency.

(2) Food selection, storage, and preparation.

(a) All food and drink provided by the residential care agency must be stored, prepared, and served in a sanitary manner.

(b) All employees who handle food served to children in care must have a valid food handlers card pursuant to ORS 624.570.

(c) Selection of food. All food products served by a residential care agency must be obtained from commercial suppliers, except:

(A) Fresh fruits and vegetables and fruits or vegetables frozen by the residential care agency may be served.

(B) The serving of un-pasteurized juice is prohibited.

(d) Requirements related to milk.

(A) Only Grade A pasteurized and fortified milk may be served to children in care.

(B) Milk and fluid milk products must be dispensed from a commercially-filled plastic container of not more than one-gallon capacity or from a refrigerated bulk container equipped with a dispensing device approved by the Food and Drug Administration or Oregon Department of Agriculture.

(e) Children in care may participate in activities in a food-preparation area, other than routine clean up, only while under the supervision of the employees of the residential care agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106

413-215-0541
Safety

A residential care agency must meet all of the following requirements related to safety:

(1) Fire safety. Prior to licensure and every two years upon license renewal, the program must be assessed and approved by the State Fire Marshall or designee for the following fire safety areas:

(a) The residential care agency must provide fire safety equipment that meets the requirements of applicable building codes and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020).

(b) The residential care agency must comply with existing state and local fire safety codes.

(2) Emergency plan.

(a) The residential care agency must have, for each facility it operates, a written emergency plan that includes:

(A) Instructions for evacuation of children in care and employees in the event of fire, explosion, accident, or other emergency.

(B) Instructions for response in the event of a natural disaster, external safety threat, or other emergency.

(b) Telephone numbers for local police and fire departments and other appropriate emergency numbers must be posted near all telephones.

(c) Operative flashlights sufficient in number must be readily available to the staff in case of emergency.

(3) Evacuation drills.

(a) An unannounced evacuation drill must be held monthly under varying conditions to simulate the unusual conditions that occur in the event of fire. For each drill, the residential care agency must document the following information and retain it for a minimum of two years:

(A) Identity of the person conducting the drill.

(B) Date and time of the drill.

(C) Notification method used.

(D) Staff members on duty and participating.

(E) Number of children in care and staff evacuated.

(F) Special conditions simulated.

(G) Problems encountered.

(H) Time required to accomplish complete evacuation.

(b) The residential care agency must ensure that all employees and children in care are aware of the procedures to follow in case of emergencies.

(4) Hazards.

(a) The residential care agency must protect children in care from guns, drugs, plastic bags, sharps, paint, hazardous materials, bio hazardous materials, and other potentially harmful materials. A residential care agency must have a written policy that addresses potentially harmful materials that are in the building accessible to the children in care in the program or on the grounds of the program.

(b) The temperature of hot water used for hand washing, bathing, or showering must be controlled so that it does not exceed 120 degrees Fahrenheit in all buildings serving children in care. Direct supervision by staff must be provided for any child in care who does not have the ability to adjust and control water temperature.

(c) Each light fixture must have a protective cover unless it is designed to be used without one.

(5) Transportation. The residential care agency must ensure the following when providing transportation to children in care:

(a) Driver requirements.

(A) Each employee transporting a child in care in a motor vehicle must have a current driver license on record with the residential care agency.

(B) The residential care agency may use an employee to provide transportation for children in care only if the employee is covered by an insurance policy in full force and effect, and in compliance with the standards set by the residential care agency.

(C) The residential care agency must ensure that employees providing transportation are trained in emergency procedures, including behavior management, while in a vehicle.

(D) The residential care agency must ensure that each person who transports a child in care in a van for 15 or more passengers receives training in the safe operation of that type of vehicle prior to transporting children in care.

(b) Vehicle requirements.

(A) Each vehicle used to transport a child in care served by the residential care agency must be covered by an insurance policy in full force and effect.

(B) Each vehicle used to transport a child in care served by the residential care agency must be maintained in safe operating condition.

(C) Each vehicle used to transport a child in care must have aboard a first aid kit, a fully charged and working fire extinguisher with a rating of at least 2-A:10-BC, and a copy of the medical insurance card of each child in care being transported.

(D) Each vehicle used to transport a child in care must be smoke-free.

(E) Children in care and adults must ride in a vehicle manufactured seat, properly using the passenger restraint device in accordance with Oregon law when traveling on public roads.

413-215-0546
Health Services

(1) A residential care agency must obtain all private health record information referred to in this rule in a manner that complies with federal and state law.

(2) Medical history. Within 30 days of a child in care being placed with a residential care agency, the residential care agency must obtain available medical history and other health-related information on the child in care, including:

(a) Significant findings of the most current physical examination;

(b) The child in care's current immunizations, history of surgical procedures and significant health issues or injuries, and past or present communicable diseases;

(c) Any known allergies;

(d) Dental, vision, hearing, and behavioral health;

(e) Documentation that the child in care has received age-appropriate instruction regarding pregnancy prevention, nutrition, prevention of HIV and AIDS, and general information about the prevention and treatment of sexually transmitted disease; and

(f) Physician or qualified medical professional's orders, including those related to medications, if any.

(3) Health services. The foster care agency must provide or arrange for the following health services, as applicable:

(a) Information on maintaining reproductive health and birth control.

(b) Prenatal care.

(c) Well-baby care.

(d) Fetal alcohol syndrome.

(e) Accessing child and infant health insurance programs.

(f) Screening for breast and other common cancers.

(g) Provide all necessary feminine hygiene products.

(h) Access to birth control, vaccinations, and information about preventing sexually transmitted diseases.

(4) Medical examinations. A residential care agency must safeguard the health of each child in care it serves by providing for a medical examination by a physician or qualified medical professional at the following intervals:

(a) Three examinations during the first year of the child's life.

(b) One examination at the age of two.

(c) One examination at the age of four.

(d) One examination at the age of six.

(e) One examination at the age of nine.

(f) One examination at the age of 14.

(5) A residential care agency must have established protocols for accessing routine and urgent care for the children in care with the residential care agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106

413-215-0551
Medication

A residential care agency must meet all of the following requirements:

(1) Policy and procedures. The residential care agency must have policies and procedures that cover all prescription and non-prescription medications that address all of the following:

(a) How the medication will be administered.

(b) By whom the medication will be administered.

(c) How the staff of the residential care agency who administer medication will be trained.

(d) How the administration of medication will be documented.

(e) How the administration of medication will be monitored.

(f) How unused medication will be disposed of.

(g) The process that ensures that each child in care's prescription and non-prescription medications are reviewed, unless the medications are all provided through a single pharmacy. As used in this rule, "non prescription medication" means any medication that does not require a written prescription for purchase or dispensing and includes the use of any herbal remedies or supplements.

(2) A prescription, signed by a physician or qualified medical professional, is required before any prescription medication is administered to, or self-administered by a child in care. Medications prescribed for one child in care may not be administered to, or self-administered by another child in care or staff. As used in this rule, "self-administration of medication" refers to the act of a child in care placing a medication internally in, or externally on, his or her own body.

(3) A written approval, signed by a physician or qualified medical professional, is required for any use of herbal supplements or remedies.

(4) A written order, signed by a physician or qualified medical professional, is required for any medical treatment, special diet, physical therapy, aid to physical functioning, or limitation of activity.

(5) Before a residential care agency permits a child in care to self-administer prescription medication, self-administration must be recommended by the qualified medical professional, approved in writing by a physician or qualified medical professional, and closely monitored by the staff of the residential care agency.

(6) Medication storage.

(a) Prescription medications that are unused and medications that are outdated or recalled may not be maintained in the facility. "Outdated" means any medication whose designated period of potency, as indicated on the label, has expired.

(b) The facility may maintain a stock supply of non-prescription medications.

(c) All prescription and non-prescription medications stored in the facility must be kept in a manner that they are inaccessible to children in care.

(d) Medications requiring refrigeration must be refrigerated and secured.

(e) Medications must be maintained and stored in its original container, including the prescription label.

(7) Medication disposal. Medications must be disposed of in a manner that ensures that they cannot be retrieved, in accordance with all applicable state and federal law.

(8) A written record of all medication disposals must be maintained and must include all of the following:

(a) A description of the prescribed medication and the amount disposed.

(b) The child in care for whom the medication was prescribed.

(c) The reason for disposal.

(d) The method of disposal.

(e) The name of the adult disposing the medication, and the initials of an adult witness.

(9) Medication records. A written record must be kept for each child in care listing all medications, both prescription and over-the-counter, that are administered. The record must include all of the following:

(a) The name of the child in care.

(b) A description of the medication, instructions for use, and the recommended dosage.

(c) Dates and times medication is administered.

(d) A record of missed dosages.

(e) Medication dropped or disposed of.

(f) Method of administration for each medication.

(g) Identification of the person administering the medication.

(h) Any possible adverse reactions to the medication.

(i) Documentation of any medication taken outside the facility to be administered during a home visit or other activity.

(10) Where applicable, the residential care agency must maintain documentation of the continuing evaluation of the ability of the child in care to self-administer a medication.

413-215-0554
Extracurricular, Enrichment, Cultural, and Social Activities

The residential care agency must:

(1) Support the child in care in his or her interests to participate in age-appropriate or developmentally appropriate activities, including extracurricular, enrichment, cultural, and social activities.

(2) Ensure the child in care has ongoing opportunities to participate in at least one age-appropriate or developmentally appropriate activity.

(3) Apply the reasonable and prudent parent standard when determining whether to allow a child in care in substitute care to participate in extracurricular, enrichment, cultural, and social activities.

(4) Designate at least one on-site employee authorized to apply the reasonable and prudent parent standard to decisions involving participation in age-appropriate or developmentally appropriate activities with respect to any child in care at the residential care agency. When applying the reasonable and prudent parent standard, the designated employee must consider:

(a) The age, maturity, and developmental level of a child in care.

(b) The nature and inherent risks of harm.

(c) The best interest of the child in care based on information known by the designated employee.

413-215-0556
Staff Training

In addition to the orientation requirements in OAR 413-215-0061(4), a residential care agency must meet all of the following training requirements with respect to its staff:

(1) Staff of the residential care agency must be provided with orientation training prior to or within 30 days of hire. The orientation must include training on all of the following:

(a) Discipline and behavior management protocols including de-escalation skills training, crisis prevention skills, positive behavior management, and disciplinary techniques that are non-punitive in nature and are focused on helping children in care build positive personal relationships and self-control.

(b) If restraint and seclusion are utilized by the residential care agency, which techniques are approved by the residential care agency and how use of these procedures is monitored. The policy of the residential care agency must be clear in training that restraint or seclusion is used as an intervention of last resort.

(2) Staff of the residential care agency must receive ongoing training at least annually on all of the following:

(a) Procedures for handling environmental emergencies.

(b) Universal precautions (infection control guidelines designed to protect workers from exposure to diseases spread by blood and certain body fluids) and hygiene.

(c) Discipline and behavior management.

(3) Staff providing direct care of children in care of the residential care agency must receive training in cardiopulmonary resuscitation and first aid sufficient to retain a current certification.

(4) Designated staff authorized to apply the reasonable and prudent parent standard must receive training related to the application of the reasonable and prudent parent standard and age-appropriate or developmentally appropriate activities for a child in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106
Hist.: CWP 33-2008, f. & cert. ef. 10-17-08; CWP 19-2015, f. & cert. ef. 10-1-15; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0561
Minimum Staffing Requirements

A residential care agency must meet all of the following requirements:

(1) Minimum staffing patterns. The residential care agency must establish staff-to-child ratios that will provide adequate supervision and protection for children in care. The ratios must be adequate for the type of program, location of program, the age and type of children in care served, physical plant design, location and ability of the supervisor to respond, electronic backup systems, and other means available to ensure a high standard of supervision and protection. The minimum staffing ratios are as follows:

(a) For children in care who are under 30 months of age — one direct care staff for each four children in care.

(b) For children in care who are 30 months of age or older and either less than six years of age or non-ambulatory, one direct care staff for each six children in care.

(c) For children in care who are six years of age or older, one direct care staff for each seven children in care.

(2) Overnight staffing requirements.

(a) A residential care agency must have policies and procedures regarding overnight supervision of children in care. The procedures must describe how staff must monitor and ensure the safety of children in care during sleeping hours. If the residential care agency houses more than one child in care to a bedroom or uses dormitory-type sleeping arrangements, the procedure must specifically address those living arrangements.

(b) During normal sleeping hours, the minimum staffing requirement is one awake direct care staff on duty in the facility for each 10 children in care.

(3) At least one staff member of each shift must have current certification in cardiopulmonary resuscitation and first aid.

(4) Additional staffing requirements for emergency response.

(a) When there is only one staff of the residential care agency on duty in the facility, there must be additional staff immediately available in the event of an emergency, with a maximum response time of 30 minutes. The names of additional staff who are available for immediate response must be listed on the schedule for each time period when only one staff person is on duty in the facility.

(b) One staff who is age 18 or over and capable of taking appropriate action in an emergency must be on site at all times when one or more residents are present on the residential facility premises.

(5) Staffing requirements for reasonable and prudent parent standard. There must be at least one on-site employee designated to apply the reasonable and prudent parent standard to decisions involving participation in age-appropriate or developmentally appropriate activities with respect to any child in care placed at the residential care agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; Renumbered from 413-210-0080, CWP 33-2008, f. & cert. ef. 10-17-08; CWP 19-2015, f. & cert. ef. 10-1-15; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0566
Separation of Residents

A residential care agency must meet all of the following requirements:

(1) Combining children and adults. Special care must be taken by a residential care agency to provide adequate supervision of children in care when adults are being served by the residential care agency. Children in care over 18 years must be housed in separate bedrooms from children in care under 18 years, except that a child in care and the children in care's parent may be housed in the same room if the children in care is the child's caretaker. If a children in care is 18 years of age or older, and is to share a bedroom with a children in care under 18 years of age, the residential care agency must obtain written approval from the Department licensing coordinator.

(2) Co-ed facilities. Special care must be taken by a residential care agency to provide adequate supervision when the program serves both males and females concurrently. Children's bedrooms for males must be separated from bedrooms for females.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; Renumbered from 413-210-0090, CWP 33-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0571
Referral and Initial Evaluation of Children

(1) Referral. A residential care agency must have a policy that addresses the process by which children in care are referred to the residential care agency. The policy must include all of the following:

(a) From whom referrals are accepted.

(b) On what basis children are accepted by the residential care agency.

(c) How information necessary to provide for the safety and care of children in care will be provided to the appropriate care staff

(2) Initial evaluation of a child. A residential care agency must evaluate each child in care referred to the residential care agency. In conducting the evaluation, the residential care agency must:

(a) Request and review all available reports of the child in care's past and present behavior, educational status, and physical and behavioral health.

(b) Make a preliminary determination whether the prospective child in care has disorders, disabilities, or deficits due to mental, emotional, behavioral, or physical problems for which care, supervision, training, rehabilitation, or treatment is needed to reduce a problem, maintain present level of functioning, or clarify the ongoing placement or service needs of the child in care.

(3) A residential care agency must be prepared to provide to a parent or legal guardian of a referred child in care suggestions for obtaining resources in the event the child in care is not accepted by the residential care agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106
Stats. Implemented: ORS 418.205 - 418.327, OL 2016, ch 106
Hist.: SCF 6-1995, f. 12-22-95, cert. ef. 12-29-95; Renumbered from 413-210-0170, CWP 33-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0576
Consents, Disclosures, and Authorizations

(1) Consents. For each child in care in placement with a residential care agency, the residential care agency must ensure that a parent or legal guardian signs a consent that authorizes the residential care agency to undertake each of the following:

(a) To provide routine and emergency medical care. However, if the parent or legal guardian relies on prayer or spiritual means for healing in accordance with the creed or tenets of a well-recognized religion or denomination, the residential care agency is not required to use medical, psychological or rehabilitative procedures, unless the child in care is old enough to consent to these procedures and does so. The residential care agency must have policies and procedures for this practice, which are reviewed and approved by the child in care's parent or legal guardian.

(b) To use the discipline and behavior management system of the residential care agency.

(c) To use restraint or seclusion in the management of the child in care. The consent must specify the reasons such interventions are used by the residential care agency and how the employees of the residential care agency are trained and supervised in the use of restraint or seclusion.

(d) To restrict the child's contact with persons outside the residential care agency, including visits, telephone communication, electronic mail, and postal mail, except that access to a child in care must be allowed as provided in ORS 418.305 and OAR 413-215-0091(11).

(e) To impose a dress code.

(f) To apply the reasonable and prudent parent standard to determine whether the child in care is allowed to participate in age-appropriate or developmentally appropriate activities including extracurricular, enrichment, cultural, and social activities.

(2) Disclosures to parent or legal guardian. At the time a residential care agency takes a child in care into placement, the residential care agency must ensure that each parent or legal guardian of the child in care receives and acknowledges in writing the receipt of each of the following:

(a) Information regarding any personal or room searches and protocols for confiscation of contraband items, including the notification of law enforcement if illegal contraband is discovered. This information will include the procedures and rationales of the residential care agency for any program-initiated room or body search.

(b) A statement concerning the rights of children in care and parents or legal guardians served by the residential care agency as provided in OAR 413-215-0046. The statement must be written in a manner that is easy to understand, and the residential care agency must ensure that the child and the parent or legal guardian understand the statement.

(c) The residential care agency will make any written policy or procedure pertaining to program services available for review by the child in care, parent, or legal guardian, upon request.

(3) Authorizations.

(a) Written authorizations to exchange information with others must be filled out prior to signatures being requested.

(b) All child-specific visitors must be approved or authorized by the parent or legal guardian, except CASAs and attorneys appointed to represent the child in care.

(c) Visitation resources must be pre-approved by the child's parent or legal guardian and the identity of these resources verified by the residential care agency in care.

(d) Activity-specific authorizations must be pre-approved by the child in care's parent or legal guardian to allow children to participate in potentially hazardous activities, such as using motorized yard equipment, swimming, and horseback riding.

(e) All other required authorizations must be pre-approved by the child in care's parent or legal guardian.

Stat. Auth.: ORS 409.050, 418.005, 418.240, 418.327, OL 2016, ch 106

413-215-0581
Information About Children in Care

(1) Case files of children in care. For each child in care a residential care agency accepts for placement, the residential care agency must maintain an individual record that includes a summary sheet containing all of the following information:

(a) The name, gender, date of birth, religious preference, and previous address of the child in care.

(b) The name and location of the child in care's previous school.

(c) The date of admission to the program.

(d) The status of the child in care's legal custody, including the name of each person responsible for consents and authorizations.

(e) The name, address, and telephone number of:

(A) The child in care's parents.

(B) The child in care's legal guardian, if different than parents, and documentation of his or her legal relationship to the child in care.

(C) Other family members or other persons identified by the family as significant to the child in care.

(D) Other professionals to be involved in service planning, if applicable.

(2) Service planning.

(a) All documentation, including but not limited to service plans, daily notes, assessments, progress reports, medication records, and incident reports, must be written in terms that are easily understood by all persons involved in service planning.

(b) Intake documentation. A residential care agency must complete a written intake document containing screening information on the date the residential care agency accepts a child in care for placement except in the case of an emergency placement, when the intake document must be completed within 48 hours of admission.

(c) Each child in care must be served according to an individual written service plan developed by staff of the residential care agency and by, whenever possible, the child in care, the child's family, and other profes-

sionals involved with the child in care or family. This document must outline goals for services and care coordination.

(d) Assessment. A comprehensive assessment must be completed within the first 30 days of placement. This assessment must include relevant historical information, current behavioral observations, any identified needs for services, and a description of how the residential care agency will provide or coordinate services.

(e) Service plan and review.

(A) Within 60 days of placement, a formal service plan must be developed by staff of the residential care agency in conjunction with the child in care and his or her parents or legal guardians, and any other persons who are actively involved with the family, as appropriate.

(B) The service plan must reflect how the residential care agency will address the child in care's issues, describe the anticipated outcomes of the placement, and be reviewed and approved by the child in care and the legal guardian or parent, unless contraindicated.

(C) The service plan must be reviewed by the residential care agency at least quarterly.

(D) Service plans must be revised at any time additional information becomes available indicating that other services should be provided.

(3) Case management.

(a) The residential care agency must document services provided, and track and monitor progress toward the achievement of service plan goals.

(b) Discharge. The residential care agency must identify how a child in care's progress will be evaluated, and how the determination is made of readiness for discharge or unsuitability for continued stay.

(c) Discharge planning. Discharge planning for children in care must be a participatory decision-making process between the child in care, staff of the residential care agency, the parents or legal guardian, and significant others. As used in this rule, "significant others" mean relatives, friends, or interested members of the community.

(d) Discharge instructions. The residential care agency must provide the child in care and the child in care's guardian with discharge instructions on or before the discharge date, including current medications, name of the physician or qualified medical professional who prescribed each medication, any outstanding medical or other appointments, and other follow-up instructions as needed.

(e) Follow-up services. The residential care agency must identify any transitional or aftercare services or service coordination that will be offered by the program.

(f) Incident reporting. A written description of any injury, accident, or unusual incident involving a child in care must be placed in the individual child's record.

(4) Financial records. A residential care agency must keep a separate written record for each child itemizing all money received or disbursed on behalf of the child in care. The record must include all of the following:

(a) The date of each receipt and disbursement and the amount of each.

(b) The source of income.

(c) The purpose of each disbursement.

(d) The signature of the person making each entry.

(e) The signature of the child in care for each entry.

(5) Personal possessions records. An individual written inventory must be maintained for each child in care of all personal possessions belonging to the child in care. The record must be updated as needed.

(6) The residential care agency will ensure, in policy and practice, that:

(a) Disallowable items are either stored, or returned to the parent or legal guardian; and

(b) All money and personal belongings are returned to the child in care at the time of discharge.

413-215-0586
Notification to Public Schools

(1) This rule applies if a residential care agency intends any of the actions:

(a) To establish or expand a residential program for children.

(b) To change the type of educational services provided.

(c) To change the population of children to be served by an existing program.

(2) Prior to an action covered by section (1) of this rule, a residential care agency must notify the superintendent or school board of the local school district, in writing, three months prior to making the intended change in order for the school district to make a determination of the effect of different, or additional, services upon the facilities and programs of the district.

(3) A residential care agency must send written proof of compliance with ORS 336.575 to the Department licensing coordinator.

413-215-0601
Therapeutic Boarding Schools; What Law Applies

These rules, OAR 413-215-0601 to 413-215-0681 regulate a child-caring agency licensed as a therapeutic boarding school. A therapeutic boarding school must also comply with OAR 413-215-0001 to 413-215-0131.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106
Stats. Implemented: ORS 409.010, 418.005, 418.327, OL 2016, ch 106
Hist.: CWP 34-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0606
Definitions

The following definitions apply to OAR 413-215-0601 to 413-215-0681:

(1) "Boarding" means *care* or treatment services provided on a 24 hour per day basis to children.

(2) "Care" means services provided to meet the needs of a child, such as food, shelter, clothing, medical care, schooling, protection, and supervision.

(3) "Child" means an individual under 18 years of age.

(4) "Employee" means an individual holding a paid position with a therapeutic boarding school.

(5) "Facility" means the physical setting, property, structures, or equipment of a *therapeutic boarding school*.

(6) "Family" means related members of a household, among whom at least one adult functions as a parent to one or more minor children.

(7) "Medication" means any drug, chemical, compound, suspension, or preparation in suitable form for use as a curative or remedial substance either internally or externally by any person.

(8) "Staff" means employees of the therapeutic boarding school who are responsible for providing direct care or treatment to students.

(9) "Student" means a residential client of a therapeutic boarding school.

(10) "Therapeutic boarding school" means an organization or a program in an organization that:

(a) Is primarily a school and not a residential care agency (defined in OAR 413-215-0506);

(b) Provides educational services and care to children for 24 hours a day; and

(c) Holds itself out as serving children with emotional or behavioral problems, providing therapeutic services, or assuring that children receive therapeutic services.

Stat. Auth.: ORS 409.050, 418.005, 418.327
Stats. Implemented: ORS 409.010, 418.005, 418.327
Hist.: CWP 34-2008, f. & cert. ef. 10-17-08; Suspended by CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0611
Educational Services

The educational services of a therapeutic boarding school must comply with all of the following requirements:

(1) The therapeutic boarding school must comply with the minimum requirements for private education institutions as determined by the Oregon Department of Education.

(2) Education services must include at least one qualified teacher for every fifteen children in care.

(3) The therapeutic boarding school must ensure that it has a curriculum that considers the goals of modern education as defined in OAR 581-022-1020 and the requirements of a sound, comprehensive curriculum.

(4) Secondary schools must verify that they have academic standards necessary for children in care to obtain admission to community colleges and institutions of higher education and receive a high school diploma or GED.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0616
Physical Plant Requirements

A therapeutic boarding school must meet all of the following requirements:

(1) All buildings owned, maintained, or operated by the therapeutic boarding school to provide services to children in care must meet all applicable state and local building, electrical, plumbing, and zoning codes.

(2) All areas of any buildings where children in care receive services must be kept clean and in good repair. Major Appliances and heating, ventilation, plumbing and electrical systems must be functional and in good repair.

(3) Each room used by children in care must have floors, walls, and ceilings that meet the interior finish requirements of the applicable Oregon Structural Specialty Code (see the current version of OAR 837-040-0140) and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020) and be free of harmful drafts, odors, and excessive noise.

(4) Each room used by children in care must be adequate in size and arrangement for the purpose in which it is used.

(5) A system providing a continuous supply of hot and cold water must be distributed to taps conveniently located throughout each facility.

(6) Water systems serving the property must be installed and maintained in compliance with applicable drinking water regulations (see OAR chapter 333) from the Public Health Division of the Oregon Health Authority.

(7) Heat and ventilation.

(a) Buildings must be ventilated by natural or mechanical means and must be free of excessive heat, condensation, and obnoxious odors.

(b) Room temperature must be maintained within a normal comfort range.

(8) Individual rooms.

(a) Living area. A separate living room or lounge area must be available for the exclusive use of children in care, employees, and invited guests.

(b) Bedrooms. Bedrooms for children in care may not be exposed to drafts, odors, or noises that interfere with the health or safety of the occupants. Each bedroom must comply with all of the following requirements:

(A) Be separate from the rooms used for dining, living, multi-purpose, laundry, kitchen, or storage.

(B) Be an outside room, with a window of at least the minimum size required by the State Fire Marshal and building codes;

(C) Have a ceiling height of at least 90 inches.

(D) Have a minimum of 60 square feet per bed.

(E) House no more than 25 children in care in one room when a dormitory-style sleeping arrangement is used.

(F) Have permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(G) Have a window covering on each window to ensure privacy.

(H) Contain beds for children in care that meet both of the following requirements:

(i) There must be at least three feet between beds, including trundle beds if used; and

(ii) Bunk beds, if used, must be maintained to ensure safety of the children in care.

(c) Restrooms must be provided and be conveniently located, and must have:

(A) A minimum of one toilet for every eight children in care.

(B) One hand-washing sink with mixing faucets for each toilet. The sink may not be used for the preparation of food or drinks or for dish washing.

(C) Hot and cold running water, soap, and paper towels at each hand washing sink or other hand drying options approved by an environmental health specialist.

(D) Arrangements for individual privacy for users.

(E) Permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(F) A window covering on each window to ensure privacy.

(G) Adequate ventilation.

(H) Each self-closing metered faucet, if provided, must provide water flow for at least 15 seconds without the need to reactivate the faucet.

(d) Laundry facilities must be separate from:

(A) Kitchen and dining areas;

(B) Living areas, including bedrooms for children in care; and

(C) Areas used for the storage of un-refrigerated perishable food.

(e) Storage areas must be provided appropriate to the size of the facility. Separate storage areas must be provided for:

(A) Food, kitchen supplies, and utensils.

(B) Clean linens.

(C) Soiled linens and clothing.

(D) Cleaning compounds equipment.

(E) Poisons, chemicals, pest control products, insecticides, and other toxic materials, which must be properly labeled, stored in the original container, and kept in a locked storage area.

(F) Outdoor recreational and maintenance equipment.

(f) Food service areas.

(A) Kitchens must have facilities for dish washing, storage, and preparation of food.

(B) The walls, floors, and floor coverings of all rooms in which food or drink is prepared or stored or in which utensils are washed or stored must be smooth, washable, and easily cleanable.

(C) All equipment and utensils used for food service, including plastic ware and food-contact surfaces, must be easily cleanable, durable, nontoxic, and non-absorbent and must be maintained in a clean and sanitary condition.

(D) All equipment used for food preparation must be installed and maintained in a manner providing ease of cleaning beneath, around, and behind each unit.

(g) Dining area. A separate dining room or area must be provided for the exclusive use of children in care, employees, and invited guests. The dining area must have the capacity to seat at least one-half of the children in care at one time and must contain a minimum of 15 square feet per child in care.

(h) Classrooms and school buildings must be adequate in size and arrangement for the programs offered.

(i) Time-out rooms. Rooms used for time out or quiet time must have adequate space, heat, light, and ventilation and must not be capable of locking.

(j) Activity area. A usable recreational activity area must be provided that is:

(A) Protected from motor traffic and other hazards; and

(B) Of a size and availability appropriate to the age and the needs of the children in care served by the therapeutic boarding school.

413-215-0621
Student Furnishings and Personal Items

A therapeutic boarding school must meet all of the following requirements:

(1) Furniture. Adequate furnishings must be provided for each child in care including, but not limited to:

(a) A bed, including a frame;

(b) A clean, comfortable mattress; and a pillow; and

(c) A private dresser, closet, or similar storage area for personal belongings that is readily accessible to the child in care.

(2) Linens. Linens in good repair must be provided or arranged for each child in care, including:

(a) A waterproof mattress cover or waterproof mattress;

(b) Sheets and pillowcase;

(c) Blankets appropriate in number and type for the season and the comfort of the individual child in care; and

(d) Towels and washcloths.

(3) Bedding must be changed when soiled and upon change of occupant.

(4) Personal hygiene supplies. Individual personal hygiene supplies that are appropriate to the child in care's age, gender, and culture must be provided or arranged for each child in care, and must include:

(a) A comb;

(b) Shampoo, or other hair cleansing product;

(c) A toothbrush;

(d) Soap;

(e) Deodorant;

(f) Toothpaste;

(g) Toilet paper;

(h) Menstrual supplies, if appropriate; and

(i) Other supplies that are appropriate to the age, gender, and cultural needs of the child in care.

(5) Clothing. Adequate and seasonally appropriate clothing must be provided or arranged for each child in care for the exclusive use of the child in care.

413-215-0626
New Facility or Remodel

A therapeutic boarding school must meet all of the following requirements:

(1) A set of plans and specifications for each boarding facility operated by the therapeutic boarding school must be submitted to the Department and to the State Fire Marshal for approval;

(a) Prior to construction of a new building;

(b) Prior to construction of an addition to an existing building;

(c) Prior to the remodeling, modification, or conversion of a building; and

(d) In support of an application for initial license of a therapeutic boarding school under OAR 413-215-0001 to 413-215-0131 and OAR 413-215-0601 to 413-215-0681.

(2) The required plans must comply with both current Oregon Structural Specialty Codes (see OAR 837-040-0140) and local fire and safety codes.

(3) Plans must be drawn to scale and must specify the estimated date upon which construction, modification, or conversion will be completed.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0631
Environmental Health

A therapeutic boarding school must meet all of the following requirements:

(1) The program of the therapeutic boarding school must maintain an environment that ensures safety for program staff and children in care.

(2) Environmental Health Specialist approval. Prior to licensure and every two years upon license renewal, the program must be assessed and provide documentation of approval by a registered environmental health specialist (see OAR 338-010-0025 to 338-010-0038) for the following safety areas:

(a) Food service risk assessment.

(b) Drinking water or waste water assessment.

(c) Vector and pest control, including the use of pesticides and other chemical agents.

(d) Hazardous material management, including handling and storage.

(e) Recreation assessments (such as playgrounds, swimming pools, and hot tubs) for injury prevention and hazard mitigation.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0636
Food Services

A therapeutic boarding school must meet all of the following requirements related to food services:

(1) Nutrition and dietary requirements.

(a) A therapeutic boarding school must arrange meals daily, consistent with normal mealtimes.

(b) Snacks must be available and provided as appropriate to the age and activity levels of children in care.

(c) Menus must be prepared in advance in accordance with USDA guidelines and must provide a sufficient variety of foods served in adequate amounts for each student at each meal, adjusted for seasonal changes. Records of menus as served must be maintained in the therapeutic boarding school record for at least six months.

(d) Drinking water must be freely available to the children in care served by the therapeutic boarding school.

(2) Food selection, storage, and preparation.

(a) All food and drink provided by the therapeutic boarding school must be stored, prepared, and served in a sanitary manner.

(b) All employees who handle food served to children in care must have a valid food handler's card pursuant to ORS 624.570.

(c) Selection of food. All food products served by a therapeutic boarding school must be obtained from commercial suppliers, except that:

(A) Fresh fruits and vegetables and fruits or vegetables frozen by the therapeutic boarding school may be served.

(B) The serving of unpasteurized juice is prohibited.

(d) Requirements related to milk.

(A) Only Grade A pasteurized and fortified milk may be served to children in care.

(B) Milk and fluid milk products must be dispensed from a commercially filled plastic container of not more than one-gallon capacity or from a refrigerated bulk container equipped with a dispensing device approved by the Food and Drug Administration or the Oregon Department of Agriculture.

(e) Children in care may participate in activities in a food-preparation area, other than routine clean up, only while under the supervision of the employees of the therapeutic boarding school.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 106

413-215-0641
Safety

A therapeutic boarding school must meet all of the following requirements related to safety:

(1) Fire safety. Prior to licensure and every two years upon license renewal, the program must be assessed and approved by the State Fire Marshall or designee for the following fire safety areas:

(a) The therapeutic boarding school must provide fire safety equipment that meets the requirements of applicable building codes and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020).

(b) The therapeutic boarding school must comply with existing state and local fire safety codes.

(2) Emergency plan.

(a) The therapeutic boarding school must have, for each facility it operates, a written emergency plan that includes:

(A) Instructions for evacuation of children in care and employees in the event of fire, explosion, accident, or other emergency.

(B) Instructions for response in the event of a natural disaster, external safety threat, or other emergency.

(b) Telephone numbers for local police and fire departments and other appropriate emergency numbers must be posted near all telephones.

(c) Operative flashlights sufficient in number must be readily available to the staff in case of emergency.

(3) Evacuation drills.

(a) An unannounced evacuation drill must be held monthly under varying conditions to simulate the unusual conditions that occur in the event of fire. For each drill, the therapeutic boarding school must document the following information and retain it for a minimum of two years:

(A) Identity of the person conducting the drill.

(B) Date and time of the drill.

(C) Notification method used.

(D) Staff members on duty and participating.

(E) Number of children in care and staff evacuated.

(F) Special conditions simulated.

(G) Problems encountered.

(H) Time required to accomplish complete evacuation.

(b) The therapeutic boarding school must ensure that all employees and children in care are aware of the procedures to follow in case of emergencies.

(4) Hazards.

(a) The therapeutic boarding school must protect children in care it serves from guns, drugs, plastics bags, sharps, paint, hazardous materials, bio-hazardous materials, and other potentially harmful materials. A therapeutic boarding school must have a written policy that addresses potentially harmful materials that are in the building accessible to the children in care in the program or on the grounds of the program.

(b) The temperature of hot water used for hand washing, bathing, or showering must be controlled so that it does not exceed 120 degrees Fahrenheit in all buildings serving children in care. Direct supervision by staff must be provided for any child in care who does not have the ability to adjust and control water temperature.

(c) Each light fixture must have a protective cover unless it is designed to be used without one.

(5) Transportation. The therapeutic boarding school must ensure the following when providing transportation to children in care:

(a) Driver requirements.

(A) Each employee transporting a child in care in a motor vehicle must have a current driver license on record with the therapeutic boarding school.

(B) The therapeutic boarding school may use an employee to provide transportation for children in care only if the employee is covered by an insurance policy in full force and effect, and in compliance with the standards set by the therapeutic boarding school.

(C) The therapeutic boarding school must ensure that employees providing transportation are trained in emergency procedures, including behavior management, while in a vehicle.

(D) The therapeutic boarding school must ensure that each person who transports a child in care in a van for 15 or more passengers receives training in the safe operation of that type of vehicle prior to transporting students.

(E) Children in care and adults must ride in a vehicle manufactured seat, properly using the passenger restraint device in accordance with Oregon law when traveling on public roads.

(b) Vehicle requirements.

(A) Each vehicle used to transport a child in care served by the therapeutic boarding school must be covered by an insurance policy in full force and effect.

(B) Each vehicle used to transport a child in care served by the therapeutic boarding school must be maintained in safe operating condition.

(C) Each vehicle used to transport a child in care must have aboard a first aid kit, a fully charged and working fire extinguisher with a rating of at least 2-A:10-BC, and a copy of the medical insurance card of each student being transported.

(D) Each vehicle used to transport a child in care must be smoke-free.

413-215-0646
Health Services

(1) A therapeutic boarding school must obtain all personal health record information referred to in this rule in a manner that complies with federal and state law.

(2) Medical history. Within 30 days of a child in care starting with a therapeutic boarding school, the therapeutic boarding school must obtain available medical history and other health-related information on the student, including:

(a) Significant findings of the most current physical examination;

(b) The child in care's current immunizations, history of surgical procedures and significant health issues or injuries, and past or present communicable diseases, within ORS 192.518 to 192.526;

(c) Any known allergies;

(d) Dental, vision, hearing, and behavioral health; and

(e) Physician or qualified medical professional's orders, including those related to medication, if any.

(3) A therapeutic boarding school must have established protocols for accessing routine and urgent care for the children in care with the therapeutic boarding school.

(4) Health services. The therapeutic boarding school must provide or arrange for the following health services, as applicable:

(a) Information on maintaining reproductive health and birth control.

(b) Prenatal care.

(c) Well-baby care.

(d) Fetal alcohol syndrome.

(e) Accessing child and infant health insurance programs.

(f) Screening for breast and other common cancers.

(g) Provide all necessary feminine hygiene products.

(h) Access to birth control, vaccinations and information about preventing sexually transmitted diseases.

(5) A therapeutic boarding school must follow through with medical treatment requirements, adhere to treatment regimens related to a medical condition, and follow-up appointments and must provide transportation and access to health care providers for each child in care.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 10
Stats. Implemented: ORS 409.010, 418.005, 418.327, OL 2016, ch 10

413-215-0651
Medication

A therapeutic boarding school must meet all of the following requirements:

(1) Policy and procedures. The therapeutic boarding school must have policies and procedures that cover all prescription and non-prescription medication that address all of the following:

(a) How the medication will be administered.

(b) By whom the medication will be administered.

(c) How the staff of the therapeutic boarding school who administer medication will be trained.

(d) How the administration of medication will be documented.

(e) How the administration of medication will be monitored.

(f) How unused medication will be disposed of.

(g) The process that ensures that the prescription and non-prescription medications of each child in care is reviewed, unless the medications are all provided through a single pharmacy. As used in this rule, "non prescription medication" means any medication that does not require a written prescription for purchase or dispensing and includes the use of any herbal remedies or supplements.

(2) A prescription, signed by a physician or qualified medical professional, is required before any prescription medication is administered to, or self-administered by a child in care. Medication prescribed for one child in care may not be administered to, or self-administered by another child in care or staff. As used in this rule, "self administration of medication" refers to the act of a child in care placing a medication internally in, or externally on, his or her own body.

(3) A written approval, signed by a physician or qualified medical professional, is required for any use of herbal supplements or remedies.

(4) A written order, signed by a physician or qualified medical professional, is required for any medical treatment, special diet, physical therapy, aid to physical functioning, or limitation of activity.

(5) Medication storage.

(a) A prescription medication that is unused and any medication that is outdated or recalled may not be maintained in a facility. "Outdated" means any medication whose designated period of potency, as indicated on the label, has expired.

(b) The facility may maintain a stock supply of non-prescription medications.

(c) All prescription and non-prescription medications stored in the facility must be kept in locked storage and in a manner that makes them inaccessible to child in care.

(d) A medication requiring refrigeration must be refrigerated and secured.

(e) Each medication must be maintained and stored in its original container, including the prescription label.

(6) Medication disposal. Medication must be disposed of in a manner that ensures that it cannot be retrieved, in accordance with all applicable state and federal law.

(7) A written record of all medication disposals must be maintained and must include all of the following:

(a) A description of the prescribed medication and the amount disposed.

(b) The child in care for whom the medication was prescribed.

(c) The reason for disposal.

(d) The method of disposal.

(e) The name of the adult disposing the medication, and the initials of an adult witness.

(8) Medication records. A written record must be kept for each child in care listing each medication, both prescription and over-the-counter, that is administered. The record must include all of the following:

(a) The name of the child in care.

(b) A description of the medication, instructions for use, and the recommended dosage.

(c) Dates and times medication is administered.

(d) A record of missed dosages.

(e) Medication dropped or disposed of.

(f) Method of administration for each medication.

(g) Identification of the person administering the medication.

(h) Any adverse reactions to the medication.

(i) Documentation of any medication taken outside the facility to be administered during a home visit or other activity.

(9) Where applicable, the therapeutic boarding school must maintain documentation of the continuing evaluation of the ability of the child in care to self-administer a medication.

413-215-0656
Staff Training

In addition to the orientation requirements in OAR 413-215-0061(4), a therapeutic boarding school must meet all of the following training requirements with respect to its staff:

(1) Staff of the therapeutic boarding school must be provided with orientation training prior to or within 30 days of hire. The orientation must include training on all of the following:

(a) Discipline and behavior management protocols including de-escalation skills training, crisis prevention skills, positive behavior management, and disciplinary techniques that are non-punitive in nature and are focused on helping children in care build positive personal relationships and self-control.

(b) If restraint and seclusion are utilized by the therapeutic boarding school, approved techniques and monitoring. The training must be clear that the policy of the therapeutic boarding school is that restraint or seclusion is used as an intervention of last resort.

(2) Staff of the therapeutic boarding school must receive ongoing training on all of the following:

(a) Procedures for handling environmental emergencies.

(b) Universal precautions (infection control guidelines designed to protect workers from exposure to diseases spread by blood and certain body fluids) and hygiene.

(c) Behavior management.

(3) At all times, at least one of the staff of the therapeutic boarding school working with children in care must have received training in cardiopulmonary resuscitation and first aid sufficient to retain a current certification.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 10

413-215-0661
Minimum Staffing Requirements

A therapeutic boarding school must meet all of the following requirements:

(1) Minimum staffing patterns. The therapeutic boarding school must establish ratios of staff to children in care that will provide adequate supervision, safety and protection for children in care. The ratios must be adequate to protect child safety and wellbeing for the type of program, location of program, the age and type of children in care served, physical plant design, location and ability of the supervisor to respond, electronic backup systems, and other means available to ensure a high standard of supervision and protection. The minimum staffing ratios outside normal sleeping hours are one direct care staff for each 10 children in care.

(2) Overnight staffing requirements.

(a) A therapeutic boarding school must have policies and procedures regarding overnight supervision of children in care. The procedures must describe how staff must monitor and ensure the safety of children in care during sleeping hours. If the therapeutic boarding school houses more than one child in care to a bedroom or uses dormitory-type sleeping arrangements, the procedure must specifically address those living arrangements.

(b) During normal sleeping hours, the minimum staffing requirement is one awake direct care staff on duty in the facility for each 14 children in care.

(3) Additional staffing requirements for emergency response.

(a) When there is only one employee of the therapeutic boarding school on duty in a facility, there must be additional staff immediately available in the event of an emergency, with a maximum response time of 30 minutes. The names of additional staff who are available for immediate response must be listed on the schedule for each time period when only one staff person is on duty in a facility.

(b) One employee who is age 18 or over and capable of taking appropriate action in an emergency must be on site at all times when one or more child in care is present on the residential facility premises.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 10

413-215-0666
Separation of Children in Care

A therapeutic boarding school must meet all of the following requirements:

(1) Combining children and adults. Special care must be taken by a therapeutic boarding school to provide adequate supervision of children in care when adults are being served by the therapeutic boarding school. Children in care over and under 18 years of age must be housed in separate bedrooms, except that a child in care who is a parent may be housed in the same room if the child in care is the minor child's caretaker. If a child in care is 18 years of age or older, and is to share a bedroom with a child in care under 18 years of age, the therapeutic boarding school must obtain written approval from the Department licensing coordinator.

(2) Co-ed facilities. Special care must be taken by a therapeutic boarding school to provide adequate supervision when the program serves both males and females concurrently. Bedrooms for children in care for males must be separated from bedrooms for children in care for females.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 10

413-215-0671
Referral and Initial Evaluation of Children in Care

(1) Referral. A therapeutic boarding school must have and follow a policy that addresses the process by which children in care are referred to the therapeutic boarding school. The policy must include all of the following:

(a) From whom referrals are accepted.

(b) On what basis children in care are accepted by the therapeutic boarding school.

(c) How information necessary to provide for the safety and care of children in care will be provided to the appropriate care staff.

(2) Initial evaluation of a student. A therapeutic boarding school must evaluate each prospective child in care referred to the therapeutic boarding school. In conducting the evaluation, the therapeutic boarding school must:

(a) Request and review all available reports of the child in care's past and present behavior, educational status, and physical and mental health.

(b) Make a preliminary determination whether the prospective child in care has disorders, disabilities, or deficits due to mental, emotional, behavioral, or physical problems for which care, supervision, training, rehabilitation, or treatment is needed to reduce a problem, maintain present level of functioning, or clarify the ongoing placement or service needs of the child in care.

(c) Arrange for ongoing therapeutic services appropriate for the child in care's specific needs and provide regular reports to the parents or legal guardians regarding the child in care's progress.

(3) A therapeutic boarding school must be prepared to provide to a parent or legal guardian of a referred student suggestions for obtaining resources in the event the child in care is not accepted by the therapeutic boarding school.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 10
Stats. Implemented: ORS 409.010, 418.005, 418.327, OL 2016, ch 10

413-215-0676
Consents, Disclosures, and Authorizations

(1) Consents. For each child in care in placement with a therapeutic boarding school, the therapeutic boarding school must ensure that a parent or legal guardian signs a consent that authorizes the therapeutic boarding school, if applicable, to undertake each of the following:

(a) To provide routine and emergency medical care. However, if the parent or legal guardian relies on prayer or spiritual means for healing in accordance with the creed or tenets of a well-recognized religion or denomination, the therapeutic boarding school is not required to use medical, psychological, or rehabilitative procedures, unless the child in care is old enough to consent to these procedures and does so. The therapeutic boarding school must have policies and procedures for this practice, which are reviewed and approved by the child in care's parent or legal guardian.

(b) To use the discipline and behavior management system of the therapeutic boarding school.

(c) To use restraint or seclusion in the management of the child in care. The consent must specify the reasons such interventions are used by the therapeutic boarding school and how the employees of the therapeutic boarding school are trained and supervised in the use of restraint or seclusion.

(d) To restrict the student's contact with persons outside the therapeutic boarding school, including visits, telephone communication, electronic mail, and postal mail, except that access to a child in care must be allowed as provided in ORS 418.305 and OAR 413-215-0091(11).

(e) To impose a dress code.

(f) To restrict the child in care's participation in recreational or leisure activities in an appropriate manner, consistent with behavior or safety issues.

(2) Disclosures to parent or legal guardian. At the time a therapeutic boarding school takes a child in care into placement, the therapeutic boarding school must ensure that each parent or legal guardian of the child in care receives and acknowledges in writing the receipt of each of the following:

(a) Information regarding any personal or room searches and protocols for confiscation of contraband items, including the notification of law enforcement if illegal contraband is discovered. This information will include the procedures and rationales of the therapeutic boarding school for any program-initiated room or body search.

(b) A statement concerning the rights of children in care and parents or legal guardians served by the therapeutic boarding school as provided in OAR 413-215-0046. The statement must be written in a manner that is easy to understand, and the therapeutic boarding school must ensure that the child in care and the parent or legal guardian understand the statement.

(c) The grievance policies and procedures of the therapeutic boarding school.

(d) The therapeutic boarding school will make any written policy or procedure pertaining to program services available for review by the child in care, parent, or legal guardian, upon request.

(3) Authorizations.

(a) Authorization to disclose information from other service providers must be filled out prior to signatures being requested and be specific to one other provider. Information may only be requested on a need to know basis.

(b) All visitors for the child in care must be approved or authorized by a parent or legal guardian.

(c) Visitation resources must be pre-approved by the child in care's parent or legal guardian and the identity of these resources verified by the agency.

(d) Activity-specific authorizations must be pre-approved by the child in care's parent or legal guardian to allow children in care to participate in potentially hazardous activities, such as using motorized yard equipment, swimming, and horseback riding.

(e) All other required authorizations must be pre-approved by the child in care's parent or legal guardian.

Stat. Auth.: ORS 409.050, 418.005, 418.327, OL 2016, ch 10

413-215-0681
Information about Children in Care with the Therapeutic Boarding School

(1) Case files of children in care. For each child in care a therapeutic boarding school accepts for placement, the therapeutic boarding school must maintain an individual record that includes a summary sheet containing all of the following information:

(a) The name, gender, date of birth, religious preference, and previous address of the child in care.

(b) The name and location of the child in care's previous school.

(c) The date of admission to the program.

(d) The status of the child in care's legal custody, including the name of each person responsible for consents and authorizations.

(e) The name, address, and telephone number of:

(A) The child in care's parents.

(B) The child in care's legal guardian, if different than parents, and his or her legal relationship to the child in care.

(C) Other family members or other persons identified by the family as significant to the child in care.

(D) Other professionals to be involved in service planning, if applicable.

(2) Service planning.

(a) All documentation, including but not limited to service plans, daily notes, assessments, progress reports, medication records, and incident reports, must be written in terms that are easily understood by all persons involved in service planning.

(b) Intake documentation. A therapeutic boarding school must complete a written intake document containing screening information on the date the therapeutic boarding school accepts a child in care, except in the case of an emergency placement when the intake document must be completed within 48 hours of admission.

(c) Each child in care must be served according to an individual written service plan developed by staff of the therapeutic boarding school and including, whenever possible, the child in care, the child in care's family, and other professionals involved with the child in care or family. This document must outline goals for services and care coordination.

(d) Assessment. A comprehensive assessment must be completed within the first 30 days of placement. This assessment must include relevant historical information, current behavioral observations, any identified needs for services, and a description of how the therapeutic boarding school will provide or coordinate services.

(e) Service plan and review.

(A) Within 60 days of placement, a formal service plan that meets the identified needs of the child in care must be developed by staff of the therapeutic boarding school in conjunction with the child in care and his or her parents or legal guardians, and any other persons who are actively involved with the family, as appropriate.

(B) The service plan must reflect how the therapeutic boarding school will address the child in care's issues, describe the anticipated outcomes of the placement, and be reviewed and approved by the child in care and the legal guardian or parent, unless contraindicated.

(C) The service plan must be reviewed by the therapeutic boarding school at least quarterly.

(D) Service plans must be revised at any time additional information becomes available indicating that other services should be provided.

(3) Case management.

(a) The therapeutic boarding school must document services provided, as necessary, to track and monitor progress toward the achievement of service plan goals.

(b) Discharge. The therapeutic boarding school must identify how a child in care's progress will be evaluated, and how the determination is made of readiness for discharge or unsuitability for continued stay.

(c) Discharge planning. Discharge planning for children in care must be a participatory decision-making process between the child in care, therapeutic boarding school staff, the parent or legal guardian, and significant others. As used in this rule, "significant others" mean relatives, friends, or interested members of the community.

(d) Discharge instructions. The therapeutic boarding school must provide the child in care and the child in care's guardian with discharge instructions on or before the discharge date, including current medications, name of the doctor who prescribed each medication, any outstanding medical or other appointments, and other follow-up instructions as needed. The therapeutic boarding school must obtain a forwarding address for any discharge instructions received by the therapeutic boarding school after discharge of the child in care.

(e) Follow-up services. The therapeutic boarding school must identify any transitional or aftercare services or service coordination that will be offered by the program.

(f) Incident reporting. A written description of any injury, accident, or unusual incident involving a child in care must be placed in the individual child in care's record.

(4) Financial records. A therapeutic boarding school must keep a written record for each child in care, itemizing all money received or disbursed on behalf of the child in care. The record must include all of the following:

(a) The date of each receipt and disbursement and the amount of each.

(b) The source of income.

(c) The purpose of each disbursement.

(d) The signature of the person making each entry.

(e) The signature of the child in care for each entry.

(5) The therapeutic boarding school will ensure, in policy, that:

(a) Disallowable items are either stored, or returned to the parent or legal guardian; and

(b) All money and personal belongings are returned to the child in care at the time of discharge.

413-215-0701
Homeless, Runaway, and Transitional Living Shelters, What Law Applies

(1) These rules, OAR 413-215-0701 to 413-215-0766, regulate a child-caring agency that provides residential services for homeless or runaway youth, pregnant or parenting girls, or other youth working towards independent living.

(2) A child-caring agency that provides residential services for homeless or runaway youth pregnant or parenting girls, or other youth working towards independent living must also comply with OAR 413-215-0001 to 413-215-0131.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10

Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10
Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0706
Definitions

As used in OAR 413-215-0701 to 413-215-0766:

(1) "*Agency*" means a private child-caring agency (defined in OAR 413-215-0006) that operates a shelter, mass shelter, or transitional living program for homeless or runaway youth, for pregnant or parenting girls, or for other youth under the age of 18 working towards independent living.

(2) "Department" means the Department of Human Services.

(3) "Homeless or runaway youth" means a youth who has not been emancipated by the juvenile court; lacks a fixed, regular, safe, and stable nighttime residence; and cannot immediately be reunited with his or her family.

(4) "Individual service plan" means a plan of services to be provided to a youth, based on the identified needs of the youth, designed to help the youth reach mutually agreed upon goals.

(5) "Mass shelter" means a structure that contains one or more open sleeping areas in which, on a daily basis, only emergency services are provided to homeless or runaway youth, such as a meal and a safe place to sleep overnight.

(6) "Shelter" means a facility operated by a *private child-caring agency* that provides services for a limited duration to homeless or runaway youth.

(7) "Transitional living program" means a set of services offered by a private child-caring agency that provides supervision and comprehensive services for up to 18 months to assist homeless or runaway youth to make a successful transition to independent and self-sufficient living.

(8) "Youth" means an unmarried person under the age of 18.

413-215-0711
Governance of the Agency

In addition to the governing board requirements in OAR 413-215-0021:

(1) A child-caring agency must be directed by a governing board composed of a representative cross-section of the community, including children in care, parents, and employees of the agency.

(2) A child-caring agency must provide training to the governing board designed to orient the members to the goals, objectives, and activities of the agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10
Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0716
Client Rights

(1) A child-caring agency must ensure that children in care are actively involved in the design, delivery, and ongoing planning of the services provided by the program.

(2) A child-caring agency must ensure that nutritional needs are met as appropriate for each child in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10
Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0721
Staffing Requirements

(1) A child-caring agency must have and follow written policies regarding minimum staffing requirements, including a written staffing plan that indicates the number of paid and volunteer staff in each job category.

(2) During each shift, there must be at least one staff member who has been trained in a non-violent crisis intervention strategy. A volunteer or intern may be used to meet this requirement only if the volunteer or intern has met the training requirements for staff in OAR 413-215-0736.

(3) A child-caring agency must have a ratio of staff to children in care that is sufficient to ensure that youth receive adequate supervision and services.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10

413-215-0726
Staff Development and Training

A child-caring agency must follow all of the following requirements:

(1) Initial training. Before being alone with a child in care or being temporarily the only staff in charge of one or more children in care, a staff member must receive the following training or acquire the following knowledge or understanding, as verified by the executive director or the executive director's designee:

(a) Successful completion of the agency's orientation.

(b) Effective understanding of the supervision structure at the shelters of the agency, including the appropriate staff to contact when questions or problems arise.

(c) Effective understanding and knowledge of and compliance with the behavior management policies of the agency.

(d) Recognition and management of the presenting issues of the children in care served, including mental health, behavioral, and substance abuse issues.

(e) Instruction in safety procedures and safe use of equipment.

(f) Sanitation procedures.

(g) First aid kit contents and use.

(h) Report writing, including documentation of medication dispensing and critical incident reports.

(i) Certification to provide cardiopulmonary resuscitation (CPR) and first aid.

(j) Completion of training in crisis intervention.

(2) Ongoing training. A child-caring agency must provide ongoing training for all paid and volunteer staff to increase knowledge, skills, and abilities in each of the following subject areas:

(a) Confidentiality requirements.

(b) Universal precautions (infection control guidelines designed to protect workers from exposure to diseases spread by blood and certain body fluids) and hygiene.

(c) Discipline and behavior management.

(3) Staff must receive training in cardiopulmonary resuscitation and first aid sufficient to retain a current certification.

(4) Staff working with food must possess a food handler's card.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10
Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0731
Admissions and Assessments

A child-caring agency must follow all of the following requirements, except with respect to a mass shelter:

(1) The child-caring agency must provide services to children in care according to written policies that list the specific criteria under which children in care are accepted for placement.

(2) Assessment. To determine the appropriateness of each child in care who has applied for services provided by the agency, the agency must make reasonable efforts to gather all of the following basic background information:

(a) Family history.

(b) Health history, including a history of substance abuse as well as current use of prescription and over-the-counter medication.

(c) Mental health history, including diagnoses, a description of behavior problems, prior evaluations, and treatment history.

(d) Who has legal custody of the child in care.

(3) Each assessment must include a statement about whether or not the child in care meets the eligibility requirements necessary to be admitted into the program.

(4) Prior to admitting a child in care, the agency must provide the child in care with an explanation of the available services and the requirements for participation.

(5) After a child in care is admitted, the assessment must be the basis for the child in care's service plan.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10
Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0736
Service Planning

A child-caring agency must follow all of the following requirements, except with respect to a mass shelter:

(1) The child-caring agency must make services available that will meet the needs of each child in care in the program.

(2) The child-caring agency must serve each child in care according to a service plan based on the assessment.

(a) Whenever possible, the service plan must include the child in care and his or her family, staff, and other involved parties.

(b) The program must provide competent and individualized service planning for each child in care that includes at least a monthly review of the service plan and changes as needed.

(c) The service plan must address, at a minimum, the child in care's physical and medical needs, behavior management issues, mental health treatment needs, education plans, and any other special needs.

(3) The child-caring agency must make reasonable efforts to ensure participation by the child in care's family in all aspects of the service and service planning process whenever possible. To the extent such information is reasonably available to the agency, the staff of the agency must:

(a) Contact a parent or legal guardian of the child in care early in the process, preferably within 24 hours but no later than 72 hours following the child in care's admission into the program.

(b) Make a program orientation available to the child in care's family.

(c) Encourage participation by a parent in the program. If the child in care's parent cannot participate in the program, the agency must encourage participation by those responsible for the child in care's environment prior to admission.

(d) Consider the family's responsibility, needs, and values in the planning and service process.

(e) When appropriate, the agency must review individual service plans and the child in care's progress with the family at least on a monthly basis.

(4) Directly or through referral, the agency must make available individual, group, and family counseling by a qualified professional.

(5) The child-caring agency must establish and maintain links to community agencies and individuals who can provide required services to children in care or their families that may not be directly available from the program. These services must include:

(a) Alternative living arrangements.

(b) Medical services.

(c) Mental health services.

(d) Educational services.

(e) Independent living services.

(f) Other assistance required by children in care or their families.

(6) Discharge summary. The child-caring agency must prepare a written discharge summary of each child in care served by the program and retain this document in the youth's file. The document must include:

(a) A summary of the child in care's participation in the program and the progress achieved.

(b) Results of evaluations of the child in care.

(c) Condition of the child in care.

(d) The youth's compliance with the program guidelines of the agency.

(e) Recommendations regarding services.

(f) Discharge destination.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10

Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0741
Client Files

(1) General requirements. Except with respect to children in care in a mass shelter service plan operated by the child-caring agency, an agency must maintain an individual file on each child in care admitted into the program.

(2) Child in care file requirements. A child-caring agency must have a file on the premises for each child in care currently receiving services from the agency. To the extent such information is reasonably available to the agency, this file must be up to date and include all of the following:

(a) Sufficient information about the child in care's family or legal guardian to enable the staff of the agency to contact them at any time.

(b) Custody status of the child in care.

(c) An authorization for medical treatment.

(d) A signed consent for the agency to treat the child in care with the interventions in use at the program.

(e) A signed acknowledgment that the child in care is responsible for requesting their medication at the prescribed times.

(f) The assessment described in OAR 413-215-0731.

(g) The service plan required by OAR 413-215-0736.

(h) Documentation about the child in care's illnesses and injuries, including the follow up that was provided by the agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10
Hist.: CWP 35-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0746
Medication Storage and Dispensing

(1) A child-caring agency must have and follow written policies on the storage, dispensing, and disposal of prescription and non prescription medication.

(2) Medication storage. All prescription and non-prescription medications must be contained in locked storage in the facility and must be kept in a manner that makes them inaccessible to child in care.

(3) Medication dispensing.

(a) Children in care are expected to administer their own medication after they have requested their medication from the program staff at the prescribed times.

(b) Except in a mass shelter, medication, including non-prescription drugs, may not be dispensed unless the medication has been prescribed or authorized by a qualified professional.

(c) Program staff may not dispense medication to a child in care in any of the following situations:

(A) In excess of the prescribed or authorized amount.

(B) For disciplinary purposes.

(C) For the convenience of staff.

(D) As a substitute for appropriate treatment services.

(4) Documentation. Staff designated to dispense medications must document each dispensing. The documentation must include all of the following:

(a) The child in care's name.

(b) The name of the medication.

(c) The date and time the medication was dispensed.

(d) The dosage given.

(e) The name of the staff member who dispensed the medication.

(5) Disposal of unused or abandoned medication. Designated program staff must dispose of all medication abandoned by a child in care or for which the period of potency, as indicated on the label, has passed. Two staff members must be present at and document the disposal of the unused medication, including when and how the medication was disposed.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10

413-215-0751
Health and Hygiene

(1) A child-caring agency must have and follow policies that ensure the prompt and accurate assessment and care of injuries, illness, and physical complaints of children in care.

(2) A child-caring agency must provide children in care with access to a bathroom and a shower.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10

413-215-0756
Grouping

(1) A child-caring agency must have and follow written policies regarding the grouping of children in care.

(2) Except as provided in section (3) of this rule, an agency must place children in care in groups based on the following factors:

(a) Age.

(b) Developmental level.

(c) Physical maturity.

(d) Social maturity.

(e) Behavioral functioning.

(f) Cognitive level.

(g) Medical concerns.

(h) Individual needs.

(3) A child in care with a diagnosed disability may be served in the most integrated setting appropriate to the needs of the child in care within the context of the program. For purposes of this section:

(a) The child in care who can meet the essential eligibility requirements for a group with or without reasonable modification of rules, policies

or procedures, or the provision of auxiliary aids and services may be served.

(b) "Integrated Setting" means a setting that enables children in care with disabilities to interact with non-disabled persons to the fullest extent possible.

(4) Placement with adults. A child-caring agency may place children in care in the same group as emancipated children in care or adults only after taking special care to assess and minimize the risk to the children in care.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.310, OL 2016, ch 10

413-215-0761
Safety

A child-caring agency must meet all of the following requirements related to safety:

(1) Fire safety. Prior to licensure and every two years upon license renewal, the program must be assessed and approved by the State Fire Marshall or designee for the following fire safety areas:

(a) The child-caring agency must provide fire safety equipment that meets the requirements of applicable building codes and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020).

(b) The child-caring agency must comply with existing state and local fire safety codes.

(2) Emergency plan.

(a) The child-caring agency must have, for each facility it operates, a written emergency plan that includes:

(A) Instructions for evacuation of children in care and employees in the event of fire, explosion, accident, or other emergency.

(B) Instructions for response in the event of a natural disaster, external safety threat, or other emergency.

(b) Telephone numbers for local police and fire departments and other appropriate emergency numbers must be posted near all telephones.

(c) Operative flashlights sufficient in number must be readily available to the staff in case of emergency.

(3) Transporting youth. If a child-caring agency uses a vehicle to transport a child in care participating in a program, the child-caring agency must ensure that all of the following requirements are met:

(a) The vehicle is:

(A) Properly registered.

(B) Covered by insurance for personal injury and liability.

(C) Maintained in a safe condition.

(D) Equipped with a first aid kit.

(E) Equipped with a fully charged fire extinguisher that is properly secured and not readily available to children in care.

(b) Each driver must have an Oregon driver license valid for the vehicle used and must comply with all applicable traffic laws while transporting children in care.

(c) Each person in the vehicle rides in a permanent seat, properly using the passenger restraint device in accordance with Oregon law when traveling on public roads.

(d) The child-caring agency must ensure that each person who transports children in care in a van for 15 or more passengers receives training in the safe operation of the type of vehicle prior to transporting youth.

(4) Contraband. A child-caring agency must require its staff to confiscate items prohibited by the child-caring agency that are found in the possession of a child in care. All such items must be disposed of or stored for a child in care in a secure location that is inaccessible to children in care.

(5) Searches. A child-caring agency that conducts a search must have and follow written policies on searches that, at a minimum, meet all of the following requirements:

(a) Require appropriate consent to search a child in care, staff, or a visitor.

(b) Require the use of the least intrusive manner possible for a search.

(c) Pat-down searches. Authorize staff to conduct pat-down searches of children in care, but only when the child-caring agency determines the search is necessary to discourage the introduction of contraband or to promote the safety of staff and other children in care. If a pat-down search is used:

(A) The search must be conducted by same gender staff members trained in proper search techniques.

(B) The search must be conducted in the presence of another staff member.

(C) The child in care must be given warning of the search.

(D) Prior to the search, the child in care should remove all outer clothing, for instance, gloves, coat, hat, and shoes, and empty all pockets.

(E) Once the child in care has removed all outer clothing, the staff member conducting the search must then pat the clothing of the child in care using only enough contact to conduct an appropriate search.

(F) If anything suspicious is detected during the search, the child in care must be asked to identify the item, and appropriate steps should be taken to make the item available for inspection.

(G) If the child in care refuses to comply with a requirement of the search, the program must follow established policies to determine if the child in care can be refused admission to or discharged from the program.

(d) Prohibit the use of strip searches of children in care.

(e) Prohibit the use of body-cavity searches of children in care.

(6) Building Requirements.

(a) A child-caring agency may not allow children in care to have access to, or provide services regulated by these rules (OAR 413-215-0701 to 413-215-0766) in, a building unless the building has been certified as meeting all applicable state and local construction-related requirements for a building used as a residential facility, including the Oregon Structural Specialty Code (see the current version of OAR 837-040-0140), the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020), the rules of the Public Health Division of the Oregon Health Authority (see the current requirements for buildings in OAR chapter 333), the Oregon Plumbing Specialty Code (see the current version of OAR 918-750-0110 to OAR 918-750-0140), the rules of the State Fire Marshal (see the current requirements for buildings in OAR chapter 837), and the local building, fire, and safety codes.

(b) A child-caring agency must ensure that all of the following standards are met:

(A) All buildings where children in care are present must be smoke-free.

(B) All buildings where children in care are present must be kept clean and in good repair. Major appliances and heating, ventilation, plumbing and electrical systems must be functional and in good repair.

(C) Water temperature and access to water:

(i) A continuous supply of hot and cold water, installed and maintained in compliance with this rule, must be distributed to taps conveniently located throughout each building used to provide services or housing for children in care.

(ii) The temperature of hot water used for hand washing, bathing, or showering must be controlled so that it does not exceed 120 degrees Fahrenheit in each building used to provide services or housing for children in care.

(iii) Each child in care who lacks the ability to adjust and control water temperature safely must be directly supervised by a staff member of the child-caring agency.

(D) Heating and ventilation. Room temperatures must be maintained within normal comfort range. Buildings must be ventilated and free of excessive heat and condensation and of unpleasant odors.

(c) Bathrooms.

(A) Bathrooms must be provided and be conveniently located in each building containing children in care, and must have all of the following:

(i) A minimum of one toilet and one hand-washing sink with mixing faucets for each eight children in care.

(ii) A self-closing metered faucet, if used, that provides water flow for at least 15 seconds without a need to reactivate the faucet.

(iii) Hot and cold running water, as well as soap and paper towels available at sinks or other hand-drying options approved by the local health department.

(iv) One bathtub or shower for each 10 children in care.

(v) Arrangements for individual privacy of children in care.

(vi) A window covering on each window to ensure privacy.

(vii) Permanently-wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(viii) A mirror, permanently affixed at eye level.

(ix) Adequate ventilation.

(B) Use of wooden racks over shower floors is prohibited.

(C) When impervious shower mats are used, they must be disinfected and dried at least once per day.

413-215-0766
Environmental Health

A child-caring agency must meet all of the following requirements:

(1) The program of the agency must maintain an environment that ensures safety for program staff and children in care.

(2) Environmental Health Specialist approval. Prior to licensure and every two years upon license renewal, the program must be assessed and provide documentation of approval by a registered environmental health specialist (see OAR 338-010-0025 to 338-010-0038) for the following safety areas:

(a) Food service risk assessment.

(b) Drinking water or waste water assessment.

(c) Vector and pest control, including the use of pesticides and other chemical agents.

(d) Hazardous material management, including handling and storage.

(e) Recreation assessments (such as playgrounds, swimming pools, and hot tubs) for injury prevention and hazard mitigation.

413-215-0801
Day Treatment Agencies, What Law Applies

(1) These rules, OAR 413-215-0801 to 413-215-0856, regulate a child caring agency that provides day treatment services subject to the certificate of approval requirements of OAR 309-032-1120 must:

(a) Comply with OAR 413-215-0001 to 413-215-0131; and

(b) Comply with all requirements of OAR 309-022-0100 to 309-022-0230 applicable to providers of psychiatric day treatment.

(2) OAR 413-215-0801 to 413-215-0856 do not apply to a program that provides residential care under OAR 413-215-0501 to 413-215-0586, an academic boarding school (OAR 413-215-0201 to 413-215-0276), or a therapeutic boarding school (OAR 413-215-0601 to 413-215-0681).

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10
Hist.: CWP 36-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0806
Definitions

As used in OAR 413-215-0801 to 413-215-0856:

(1) "Clinical supervisor" means a Qualified Mental Health Professional with two years post-graduate clinical experience in a mental health treatment setting. The clinical supervisor, as documented by the provider, operates within the scope of his or her practice or licensure, and demonstrates the competency to oversee and evaluate the mental health treatment services provided by other Qualified Mental Health Professionals or Qualified Mental Health Associates.

(2) "Day treatment" means a comprehensive, interdisciplinary, non-residential, community-based, psychiatric treatment, family treatment, and therapeutic activities integrated with an accredited education program provided to children with emotional disturbances.

(3) "Day treatment agency" means a *private child caring agency* (defined in OAR 413-215-0006) that provides day treatment services subject to 309-032-1100 to 309-032-1230.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10
Hist.: CWP 36-2008, f. & cert. ef. 10-17-08; Suspended by CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0811
Staff Qualifications and Minimum Staffing Requirements

(1) A day treatment agency must utilize teachers licensed in accordance with the requirements of the Teachers Standards and Practices Commission.

(2) A qualified clinical supervisor must direct the clinical program and supervise clinical staff.

(3) A day treatment agency must employ mental health service delivery staff who meet the qualifications described at OAR 309-032-1110(70) — (72).

(4) A day treatment agency must have sufficient Qualified Mental Health Professionals (QMHP) and other staff on duty to meet the severity and acuity of children in care served by the day treatment agency. In no case may the ratio of children to QMHP on duty be more than 12 children for each QMHP.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10
Hist.: CWP 36-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0816
Physical Plant Requirements

A day treatment agency must meet all of the following requirements:

(1) All buildings owned, maintained, or operated by the day treatment agency to provide services to children must meet all applicable state and local building, electrical, plumbing, and zoning codes.

(2) All areas of the facility must be kept clean and in good repair. Major appliances and heating, ventilation, plumbing, and electrical systems must be functional and in good repair.

(3) Each room used by children in care must have floors, walls, and ceilings which meet the interior finish requirements of the applicable Oregon Structural Specialty Code (see the current version of OAR 837-040-0140) and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020) and be free of harmful drafts, odors, and excessive noise.

(4) Each room used by children in care must be adequate in size and arrangement for the purpose in which it is used.

(5) A system providing a continuous supply of hot and cold water must be distributed to taps conveniently located throughout the facility.

(6) Water systems serving the property must be installed and maintained in compliance with the applicable Oregon Health Authority Public Health Division drinking water regulations (ORA chapter 333).

(7) Heat and ventilation.

(a) Buildings must be ventilated by natural or mechanical means and must be free of excessive heat, condensation, and obnoxious odors.

(b) Room temperature must be maintained within a normal comfort range.

(8) Individual Rooms.

(a) Restrooms must be provided and be conveniently located, and must have:

(A) A minimum of one toilet for every 15 children in care.

(B) One hand-washing sink with mixing faucets for every two toilets. The sink may not be used for the preparation of food or drinks or for dish washing.

(C) Hot and cold running water, soap, and paper towels at each hand washing sink or other hand drying options approved by an environmental health specialist.

(D) Arrangements for individual privacy for children in care.

(E) Permanently wired light fixtures located and maintained so as to give adequate light to all parts of the room.

(F) A window covering on each window to ensure privacy.

(G) A mirror, permanently affixed at eye level.

(H) Adequate ventilation.

(I) Each self-closing metered faucet, if provided, must provide water flow for at least 15 seconds without the need to reactivate the faucet.

(b) Laundry facilities, when provided, must be separate from;

(A) Kitchen and dining areas; and

(B) Areas used for the storage of unrefrigerated perishable food.

(c) Storage areas must be provided appropriate to the size of the facility. Separate storage areas must be provided for:

(A) Food, kitchen supplies, and utensils.

(B) Clean linens.

(C) Soiled linens and clothing.

(D) Cleaning compounds equipment.

(E) Poisons, chemicals, pest control products, insecticides, and other toxic materials, which must be properly labeled, stored in the original container, and kept in a locked storage area.

(F) Outdoor recreational and maintenance equipment.

(d) Food service areas.

(A) Kitchens must have facilities for dish washing, storage, and preparation of food and must be separate from child-caring areas.

(B) The walls, floors, and floor coverings of all rooms in which food or drink is prepared or stored or in which utensils are washed or stored must be smooth, washable, and easily cleanable.

(C) All equipment and utensils used for food service, including plastic ware and food-contact surfaces, must be easily cleanable, durable, nontoxic, and non-absorbent and must be maintained in a clean and sanitary condition.

(D) All equipment used for food preparation must be installed and maintained in a manner providing ease of cleaning beneath, around, and behind each unit.

(e) Classrooms and school buildings must be adequate in size and arrangement for the programs offered.

(f) Time-out rooms. Rooms used for time out or quiet time must have adequate space, heat, light, and ventilation and must not be capable of locking.

(g) A usable recreational activity area must be provided that is protected from motor traffic and other hazards, of a size and availability appropriate to the age and the needs of the children in care served by the day treatment agency.

(9) Furnishings and personal items.

(a) A day treatment agency must provide appropriate furniture for a learning environment.

(b) Each child in care must have a storage area available, such as a locker or other separate space to store personal items.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10

413-215-0821
Building Plans for New Facility or Remodel

A day treatment agency must meet all of the following requirements:

(1) A set of plans and specifications for each day treatment facility operated by the day treatment agency must be submitted to the Department and to the State Fire Marshal for approval:

(a) Prior to construction of a new building;

(b) Prior to construction of an addition to an existing building;

(c) Prior to the remodeling, modification, or conversion of a building; and

(d) In support of an application for initial license of a day treatment agency not previously licensed under OAR 413-215-0801 to 413-215-0856.

(2) The required plans must comply with both current Oregon Structural Specialty Codes (see OAR 837-040-0140) and local fire and safety codes.

(3) Plans must be drawn to scale and must specify the estimated date upon which construction, modification, or conversion will be completed.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10
Hist.: CWP 36-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0826
Environmental Health

A day treatment agency must meet all of the following requirements:

(1) The program of the day treatment agency must maintain an environment that ensures safety for program staff and children in care.

(2) Environmental Health Specialist approval. Prior to licensure and every two years upon license renewal, the program must be assessed and provide documentation of approval by a registered environmental health specialist (see OAR 338-010-0025 to 338-010-0038) for the following safety areas:

(a) Food service risk assessment.

(b) Drinking water or waste water assessment.

(c) Vector and pest control, including the use of pesticides and other chemical agents.

(d) Hazardous material management, including handling and storage.

(e) Recreation assessments (such as playgrounds, swimming pools, and hot tubs) for injury prevention and hazard mitigation.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10
Hist.: CWP 36-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0831
Food Services

A day treatment agency must meet all of the following requirements related to food services:

(1) Nutrition and dietary requirements.

(a) A day treatment agency must arrange meals daily, consistent with normal mealtimes that occur during hours of operation.

(b) Menus must be prepared in advance in accordance with USDA guidelines and must provide a sufficient variety of foods served in adequate amounts for each child at each meal, adjusted for seasonal changes. Records of menus as served must be maintained in the facility record for at least six months.

(c) Drinking water must be freely available to the children in care served by the day treatment agency.

(2) Food selection, storage, and preparation.

(a) All food and drink provided by the agency must be stored, prepared, and served in a sanitary manner.

(b) All employees who handle food served to children in care must have a valid food handler's card pursuant to ORS 624.570.

(c) Selection of food. All food products served by a day treatment agency must be obtained from commercial suppliers, except that:

(A) Fresh fruits and vegetables and fruits or vegetables frozen by the day treatment agency may be served.

(B) The serving of unpasteurized juice is prohibited.

(d) Requirements related to milk.

(A) Only Grade A pasteurized and fortified milk may be served to children in care.

(B) Milk and fluid milk products must be dispensed from a commercially filled plastic container of not more than one-gallon capacity or from a refrigerated bulk container equipped with a dispensing device approved by the Food and Drug Administration or Oregon Department of Agriculture.

(e) Children in care may participate in activities in a food-preparation area, other than routine clean up, only while under the supervision of the employees of the day treatment agency.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10
Hist.: CWP 36-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0836
Safety

A day treatment agency must meet all of the following requirements related to safety.

(1) Fire safety. Prior to licensure and every two years upon license renewal, the program must be assessed and approved by the State Fire Marshall or designee for the following fire safety areas:

(a) The day treatment agency must provide fire safety equipment that meets the requirements of applicable building codes and the Oregon Fire Code (see the current version of OAR 837-040-0010 and 837-040-0020).

(b) The day treatment agency must comply with existing state and local fire safety codes.

(2) Emergency plan.

(a) The day treatment agency must have, for each facility it operates, a written emergency plan that includes:

(A) Instructions for evacuation of children in care and employees in the event of fire, explosion, accident, or other emergency.

(B) Instructions for response in the event of a natural disaster, external safety threat, or other emergency.

(b) Telephone numbers for local police and fire departments and other appropriate emergency numbers must be posted near all telephones.

(c) Operative flashlights sufficient in number must be readily available to the staff in case of emergency.

(3) Evacuation drills.

(a) An unannounced evacuation drill must be held monthly under varying conditions to simulate the unusual conditions that occur in the event of fire. For each drill, the day treatment agency must document the following information and retain it for a minimum of two years:

(A) Identity of the person conducting the drill.

(B) Date and time of the drill.

(C) Notification method used.

(D) Staff members on duty and participating.

(E) Number of children in care and staff evacuated.

(F) Special conditions simulated.

(G) Problems encountered.

(H) Time required to accomplish complete evacuation.

(b) The day treatment agency must ensure that all employees and children in care are aware of the procedures to follow in case of emergencies.

(4) Hazards.

(a) The day treatment agency must protect children in care from guns, drugs, plastic bags, sharps, paint, hazardous materials, bio hazardous materials, and other potentially harmful materials. A day treatment agency must have a written policy that prevents potentially harmful materials that are in the building accessible to the children in care or on the grounds of the program.

(b) The temperature of hot water used for hand washing, bathing, or showering must be controlled so that it does not exceed 120 degrees Fahrenheit in all buildings serving children. Direct supervision by staff must be provided for any child in care who does not have the ability to adjust and control water temperature.

(c) Each light fixture must have a protective cover unless it is designed to be used without one.

(5) Transportation. The day treatment agency must ensure the following when providing transportation to children in care:

(a) Driver requirements.

(A) Each employee transporting children in care in a motor vehicle must have a valid current driver license on record with the day treatment agency.

(B) The day treatment agency may use an employee to provide transportation for children in care only if the employee is covered by an insurance policy in full force and effect, and in compliance with the standards set by the day treatment agency.

(C) The day treatment agency must ensure that employees providing transportation are trained in emergency procedures, including behavior management, while in a vehicle.

(D) The day treatment agency must ensure that each person who transports a child in care in a van for 15 or more passengers receives training in the safe operation of that type of vehicle prior to transporting children.

(b) Vehicle requirements.

(A) Each vehicle used to transport a child in care served by the day treatment agency must be covered by an insurance policy in full force and effect.

(B) Each vehicle used to transport a child in care served by the day treatment agency must be maintained in safe operating condition.

(C) Each vehicle used to transport a child in care must have aboard a first aid kit, a fully charged and working fire extinguisher with a rating of at least 2 A:10 BC, and a copy of the medical insurance card of each child being transported.

(D) Each vehicle used to transport a child in care must be smoke-free.

(E) Children in care and adults must ride in a vehicle manufactured seat, properly using the passenger restraint device in accordance with Oregon law when traveling on public roads.

413-215-0841
Health Services

A day treatment agency must provide oversight of the clinical aspects of health care provided to children in care and must provide psychiatric on-call consultation at all times.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10

413-215-0846
Medication

A day treatment agency must comply with all of the following requirements:

(1) Policy and procedures. The day treatment agency must have policies and procedures that cover prescriptions, herbal remedies, and all non-prescription medications that address all of the following:

(a) How the medication will be administered.

(b) By whom the medication will be administered.

(c) How the staff of the day treatment agency who administer medication will be trained.

(d) How the administration of medication will be documented.

(e) How the administration of medication will be monitored.

(f) How unused medication will be disposed of.

(g) The process that ensures that each child in care's prescription and non-prescription medications are reviewed, unless the medications are all provided through a single pharmacy. As used in this rule, "non prescription medication" means any medication that does not require a written prescription for purchase or dispensing.

(2) A prescription, signed by a physician or other qualified medical professional, is required before any prescription medication is administered to, or self-administered by a child in care. Medications prescribed for one child in care may not be administered to, or self-administered by another child in care or staff. As used in this rule "self-administration" refers to the act of a resident placing a medication internally in, or externally on, his or her own body.

(3) A written order, signed by a physician or other qualified medical professional, is required for any medical treatment, special diet, physical therapy, aid to physical functioning, or limitation of activity.

(4) Before a day treatment agency permits a child in care to self-administer prescription medication, self-administration must be recommended by the day treatment agency, approved in writing by a physician, and closely monitored by the child in care's guardian or the staff of the day treatment agency.

(5) Medication storage.

(a) Prescription medications that are unused and any medications that are outdated or recalled may not be maintained in the facility. "Outdated" means any medication whose designated period of potency, as indicated on the label, has expired.

(b) The facility may maintain a stock supply of non-prescription medications.

(c) All prescription and non-prescription medications must be contained in locked storage in the facility and must be kept in a manner that makes them inaccessible to children.

(d) Medications requiring refrigeration must be refrigerated and secured.

(e) Medications must be maintained and stored in their original container, including the prescription label.

(6) Medication disposal. Medications must be disposed of in a manner that ensures that they cannot be retrieved, in accordance with all applicable state and federal law.

(7) A written record of all medication disposals must be maintained and must include all of the following:

(a) A description of the prescribed medication and the amount disposed.

(b) The child in care for whom the medication was prescribed.

(c) The reason for disposal.

(d) The method of disposal.

(e) The name of the adult disposing the medication, and the initials of an adult witness.

(8) Medication records. A written record must be kept for each child in care listing all medications, both prescription and over-the-counter, that are administered. The record must include all of the following:

(a) The name of the child in care.

(b) A description of the medication, instructions for use, and the recommended dosage.

(c) Dates and times medication is administered.

(d) A record of missed dosages.

(e) Medication dropped or disposed of.

(f) Method of administration for each medication.

(g) Identification of person administering the medication.

(h) Any adverse reactions to the medication.

(i) Documentation of any medication taken outside the facility by a child in care during a home visit or other activity.

(9) Where applicable, the day treatment agency must maintain documentation of the continuing evaluation of the child's ability to self-administer a medication.

413-215-0851
Requirement to Have Policies and Procedures

A day treatment agency must have a written policy that includes the following:

(1) Hours of operation.

(2) Service area.

(3) Family expectations and participation requirements.

(4) Type of behavioral and affective characteristics of the children in care.

(5) Psychiatric, therapeutic, or counseling services offered.

413-215-0856
Educational Services

The educational services of a day treatment agency must comply with all of the following requirements:

(1) The day treatment agency must comply with the minimum requirements for private education institutions as determined by the Oregon Department of Education.

(2) Education services must include at least one qualified teacher for every fifteen children in care.

(3) The day treatment agency must ensure it has a curriculum that considers the goals of modern education as defined in OAR 581-022-1020 and the requirements of a sound, comprehensive curriculum.

(4) Secondary schools must verify that they have academic standards necessary for children in care to obtain admission to community colleges, institutions of higher education, and receive a high school diploma or GED.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, OL 2016, ch 10

413-215-0901
Applicability and General Provisions

(1) Required compliance. These rules, OAR 413-215-0901 to 413-215-1031, regulate a child caring agency licensed as an outdoor youth program subject to Oregon laws governing child caring agencies, ORS 418.205 to 418.325 and 418.990 to 418.998 and Oregon laws governing outdoor youth programs, ORS 418.205 to 418.246. An outdoor youth program must also comply with OAR 413-215-0001 to 413-215-0131.

(2) Stationary Outdoor Youth Program additional license requirement. An outdoor youth program that operates as a stationary outdoor youth program must secure an Organizational Camp License as described in OAR 333-030-0005 to 333-030-0130 from the Oregon Health Authority, Public Health Division.

(3) Bond required. Each outdoor youth program applying for licensure must file with the Department a Fiduciary Bond in the amount of $50,000 or 50 percent of the program's yearly budget, whichever amount is less. The Bond must be issued by a surety or insurer that is licensed to do business in the State of Oregon. The Bond must be written and issued on the Surety Bond Form (DHS CF 1066), provided to the outdoor youth program by the Department. The required Bond must be continuous until canceled and must remain in full force at all times to comply with this section. Any claims or potential impairment to the Bond must be reported to the Department within 30 days of the incident or occurrence involving the claim or potential impairment. In the event of impairment to the Bond, the outdoor youth program will be required to obtain additional bonding to satisfy the requirements of this section. The surety or insurer must give the Department at least 30 days written notice before canceling or terminating its liability under the Bond. An action on the Bond may be brought by any person aggrieved by the misconduct of an outdoor youth program required to be licensed under ORS 418.205 to 418.310. As evidence of the Bond, the outdoor youth program must keep a certified copy of the Bond on file with the Department at all times.

(4) Workers' Compensation. An outdoor youth program must comply with all provisions of ORS 656.017 and provide the required Workers' Compensation coverage, unless such employers are exempt under ORS 656.126. The outdoor youth program must ensure that each of its subcontractors complies with these requirements.

413-215-0906
General Provisions

(1) License required. *No private child-caring agency* (defined in OAR 413-215-0006) may operate an outdoor youth program (defined in 413-215-0911) in Oregon without a valid license issued by the Department in accordance with 413-215-0001 to 413-215-0131 and 413-215-0901 to 413-215-1031.

(2) Compliance required. Any agency which provides the services of an *outdoor youth program* must comply with these rules governing outdoor youth programs (OAR 413-215-0901 to 413-215-1031) and 413-215-0001 to 413-215-0131.

(3) Stationary *Outdoor Youth Program* additional license requirement. An *outdoor youth program* that operates as a stationary outdoor youth program (defined in OAR 413-215-0911) must secure an Organizational Camp License as described in OAR 333-030-0005 to 333-030-0130 from the Oregon Department of Human Services, Public Health Division.

(4) Bond required. Each outdoor youth program applying for licensure must file with the Department a Fiduciary Bond in the amount of $50,000 or 50 percent of the program's yearly budget, whichever amount is less. The Bond must be issued by a surety or insurer that is licensed to do business in the State of Oregon. The Bond must be written and issued on the Surety Bond Form (DHS CF 1066), provided to the outdoor youth program by the Department. The required Bond must be continuous until canceled and must remain in full force at all times to comply with this section. Any claims or potential impairment to the Bond must be reported to the Department within 30 days of the incident or occurrence involving the claim or potential impairment. In the event of impairment to the Bond, the outdoor youth program will be required to obtain additional bonding to satisfy the requirements of this section. The surety or insurer must give the Department at least 30 days written notice before canceling or terminating its liability under the Bond. An action on the Bond may be brought by any person aggrieved by the misconduct of an outdoor youth program required to be licensed under ORS 418.205 to 418.310. As evidence of the Bond, the outdoor youth program must keep a certified copy of the Bond on file with the Department at all times.

(5) Workers' Compensation. An outdoor youth program must comply with all provisions of ORS 656.017 and provide the required Workers' Compensation coverage, unless such employers are exempt under 656.126. The outdoor youth program must ensure that each of its subcontractors complies with these requirements.

413-215-0911
Definitions

The following definitions apply to OAR 413-215-0901 to 413-215-1031:

(1) "Contraband" means items the possession of which is prohibited by the outdoor youth program such as but not limited to weapons or drugs.

(2) "Debrief" means to interview a person (such as a youth or staff member) usually upon return (as from an expedition) in order to obtain useful information.

(3) "Department" means the Department of Human Services.

(4) "Outdoor living setting" means an outdoor field setting in which services are provided to youth either more than ten days per month for each month of the year or for longer than 48 hours at a location more than two hours from community-based medical services.

(5) "Outdoor youth program" means a program that provides, in an outdoor living setting, services to youth who are enrolled in the program because they have behavioral problems, mental health problems or problems with abuse of alcohol or drugs. "Outdoor youth program" does not include any program, facility or activity operated by a governmental entity, operated or affiliated with the Oregon Youth Conservation Corps, or licensed by the Department as a child caring agency under other authority of the Department. It does not include outdoor activities for youth designed to be primarily recreational.

(6) "Outdoor youth program activity" means an outdoor activity, provided to youth for the purpose of behavior management or treatment, which requires specially trained staff or special safety precautions to reduce the possibility of an accident or injury. Outdoor youth activities include, but are not limited to: hiking, adventure challenge courses, climbing and rappelling, winter camping, soloing, expeditioning, orienteering, river and stream swimming, and whitewater activities.

(7) "Over the counter medication" means any medication that does not require a written prescription for purchase or dispensing.

(8) "Service plan" means an individualized plan of services to be provided to each youth based on his or her identified needs and designed to help him or her reach mutually agreed upon goals. The service plan must address, at a minimum, the youth's physical and medical needs, behavior management issues, mental health treatment methods, education plans, and any other special needs.

(9) "Sole supervision" means being alone with a youth or being temporarily the only staff in charge of a youth or subgroup of youth.

(10) "Stationary outdoor youth program" means an outdoor youth program which remains in a stationary location that houses youth.

(11) "Wilderness first responder" means a medical training course and certification for outdoor professionals.

(12) "Youth" means a child aged 10 through 17 years of age who may be admitted to or is a participant in an outdoor youth program.

413-215-0916
Administration

(1) Base of operations. An outdoor youth program providing outdoor youth program services in Oregon must have a base of operation or field office in Oregon. The base of operation or field office at a minimum must have the following information immediately available upon the request of the Department licensing coordinator:

(a) Current list of the names of staff and children in care in each field group;

(b) Master map of all outdoor youth program activity areas used by the program in Oregon, copies of which must be made available to the Department licensing coordinator, the land managing agency, and local law enforcement and emergency services upon request;

(c) Copies of each group of children in care's expeditionary route with its schedule and itinerary, copies of which must be made available to the Department, the land managing agency and local law enforcement and emergency services upon request;

(d) Current logs of communications with each field group of children in care away from the base of operations; and

(e) Emergency response plan that is reviewed annually (as described in OAR 413-215-0936(2)(c)).

(2) Child in care file requirements. The base of operations for an outdoor youth program must have a file on each child in care in the program, which includes:

(a) Legal guardian identification, contact information, and custody status of child in care;

(b) Emergency contact information for the legal guardian or guardians of the child in care which provides for contact with the parent or legal guardian at any time, twenty four hours a day, seven days a week;

(c) Demographics including but not limited to name, gender, date of birth, and previous address;

(d) Eligibility and exclusionary criteria, including the basis for admission of the child in care into the program;

(e) Medical forms;

(f) Authorization for medical treatment; and

(g) Legal guardian consent for the outdoor youth program to treat the child in care with the specific interventions used by the program and to confiscate contraband found in the youth's possession.

(3) Proof of compliance. An outdoor youth program which operates in Oregon must comply with the federal, state, local, and land managing agency regulations in the operations area and must maintain proof of compliance at the base of operations.

413-215-0918
Consents, Disclosures, and Authorizations

(1) Consents. For each child in care with an outdoor youth program, the outdoor youth program must ensure that the legal guardian signs a consent that authorizes the outdoor youth program to undertake each of the following:

(a) To provide routine and emergency medical care.

(b) To use the discipline and behavior management system of the outdoor youth program, including the point, level, or other behavior management techniques utilized by the outdoor youth program.

(c) If applicable, to use restraint in the management of the child in care. The consent for the use of physical restraint must be limited to the requirements outlined in OAR 413-215-0076(3)(e).

(d) If applicable, to use time outs. The consent for the use of time outs must be limited to the requirements outlined in OAR 413-215-0076(3)(d).

(2) Disclosures to parent or legal guardian. At the time an outdoor youth program takes a child in care into placement, the outdoor youth program must ensure that each legal guardian of the youth receives and acknowledges in writing the receipt of each of the following:

(a) Information regarding any personal searches and protocols for confiscation of contraband items, including the notification of law enforcement if illegal contraband is discovered. This information will include the procedures and rationales of the outdoor youth program for any program-initiated pat down searches.

(b) A statement concerning the rights of child in care and legal guardians served by the outdoor youth program as provided in OAR 413-215-0046. The statement must be written in a manner that is easy to understand, and the outdoor youth program must ensure that the youth and the parent or legal guardian understand the statement.

(c) An outdoor youth program shall provide a copy of transportation policies and procedures to the legal guardians at the time of admission to the program.

(d) An outdoor youth program will disclose orientation procedures to the client and legal guardians at the time of admission to the program and prior to transporting the child in care to the field.

(3) Authorizations. An outdoor youth program must follow the following requirements:

(a) Written authorizations to exchange information with others must be filled out prior to signatures being requested.

(b) All visitors for the child in care must be approved or authorized by the legal guardians, except Department personnel, child abuse investigators, Court Appointed Special Advocates, and attorneys appointed to represent the child in care.

(c) All other visitors must be pre-approved by the child in care's legal guardians.

(d) Activity-specific authorizations must be pre-approved by the child in care's legal guardians to allow children in care to participate in potentially hazardous activities, such as rock climbing, swimming, and horseback riding.

(e) All other required authorizations must be pre-approved by the child in care's legal guardians.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10

413-215-0921
Participant Clothing, Equipment and Supplies

An outdoor youth program must comply with all of the following requirements:

(1) Participant requirements. Each program participant must have appropriate clothing, equipment, and supplies for each type of outdoor youth program activity and for the weather conditions likely to be encountered.

(2) Clothing, equipment, and supply requirements. Clothing, equipment, and supplies must include at a minimum the applicable items in each of the following subsections:

(a) Sunscreen if appropriate for the environmental conditions generally expected for the area and season.

(b) Insect repellent if appropriate for the environmental conditions generally expected for the area and season.

(c) A commercial backpack or the materials to construct a safe backpack or bedroll.

(d) Personal hygiene items necessary for cleansing.

(e) Appropriate feminine hygiene supplies.

(f) When the average nighttime temperature is expected to be 40 degrees Fahrenheit or higher:

(A) Wool blankets or an appropriate sleeping bag; and

(B) A tarp or poncho.

(g) Shelter from precipitation, appropriate sleeping bag, and ground pad when the average nighttime temperature is expected to be 39 degrees Fahrenheit or lower.

(h) Clothing appropriate for the temperature changes generally expected for the area.

(i) Each child in care must be provided a clean change of undergarments and socks at least once a week or an opportunity to wash his or her clothing at least once a week; and all other clothing must be reasonably clean and in good repair.

(3) Denial of clothing, equipment, and supplies. An outdoor youth program must not remove, deny, or make unavailable for any reason the appropriate clothing, equipment, or supplies required by section (2) of this rule.

(4) Monitoring. Field staff are responsible for maintaining the safety and well-being of children in care and must monitor each child in care to make sure that clothing, equipment, and supplies are maintained in a manner adequate to ensure each child in care's safety.

413-215-0926
Water Requirements

An outdoor youth program must comply with all of the following requirements:

(1) Written policy. An outdoor youth program must have and follow written policy and procedures on water requirements.

(2) Water. Children in care must have access to potable water while engaged in hiking. Staff of the outdoor youth program must ensure that children in care drink a sufficient amount of water to provide adequate hydration. Staff must encourage children in care to consume at least three quarts of potable water a day.

(3) Water caches. When water caches are used, field staff must place each water cache and verify its location in advance of a group's arrival.

(4) Water from a natural source. Water from a natural source used for drinking or cooking must be treated for sanitation to eliminate health hazards. Staff must document what methods were used to sanitize the water.

(5) Electrolytes. Each group must have and use when appropriate a supply of electrolyte replacement, quantities to be determined by group size and environment conditions.

413-215-0931
Nutritional Requirements

An outdoor youth program must comply with all of the following requirements:

(1) Written policy. An outdoor youth program must have and follow written policy and procedures on nutritional requirements.

(2) Menu. There must be a written menu approved by a qualified dietitian or nutritionist with knowledge of program activity levels, listing the food supplies for each group.

(3) Calories. An outdoor youth program must provide each child in care a level of nutrition which will supply the child in care's individual caloric need; but no child in care may be offered less than 3,000 calories a day. When heat is not available for cooking, an outdoor youth program must provide sufficient food of sufficient caloric value which does not require cooking.

(4) Hygiene procedures. The outdoor youth program must have reasonable hygiene procedures to prevent infection which are consistent with the particular program risk of infection.

(a) Cleansing of hands must occur after each latrine use.

(b) Means of cleansing the hands must be available to children in care prior to food preparation and prior to food consumption.

(c) A weekly opportunity for total body hygiene.

(5) Fasting. There must be no imposed fasting.

(6) Monitoring. Field staff are responsible for maintaining the safety and well-being of each child in care and must monitor each child in care's food intake to ensure that the child in care has adequate nutrition.

(7) Food must not be used for behavior modification purposes, including reward or punishment.

(8) Youth must be permitted a reasonable amount of uninterrupted time for each meal.

Safety

(1) Written policies and procedures. An outdoor youth program must have and follow written policies and procedures on all of the following:

(a) Equipment Safety Procedures, including appropriate instruction and maintenance of equipment.

(b) Environmental Hazards.

(c) Risk Management Procedures.

(d) Health, nutrition, hydration, and physical stress management.

(2) Emergency plan. An outdoor youth program must have and follow a written emergency plan for disasters, medical emergencies, hostage situations, casualties and missing children in care, and other critical incidents identified by the program. The plan must at a minimum include:

(a) Designation of authority and staff assignments;

(b) Plans for evacuation;

(c) An emergency evacuation system that is on standby;

(d) Transportation and relocation of children in care when necessary;

(e) Supervision of children in care after an evacuation or a relocation;

(f) Arrangements for medical care and notification of a child in care's physician and nearest relative, parents, or legal guardian; and

(g) A procedure for a review of the emergency plan by the local law enforcement and emergency services agencies from the area in which the outdoor youth program is operating.

(3) Emergency instruction. An outdoor youth program must instruct children in care on what to do in case of an emergency prior to any outdoor youth program activity.

(4) Emergency plan response review. In the case of the activation of an emergency plan response, the outdoor youth program must subsequently review the response in the context of the emergency plan to determine if changes need to be made to improve safety and efficiency. If local law enforcement and emergency services agencies have been involved in an emergency response on behalf of an outdoor youth program, the outdoor youth program must invite them to participate in the review of the emergency plan response.

413-215-0941
Potential Weapons

(1) Written policy. An outdoor youth program must have and follow written policy and procedures on management of weapons and potential weapons.

(2) Inventory required. Staff of an outdoor youth program must inventory knives, hatchets, other edged tools, or any item which might reasonably pose a danger to self or others and complete a daily count of these items against the inventory.

(3) Supervision required. Staff of an outdoor youth program must have line of sight supervision of a child in care who is in possession of and using knives, hatchets, other edged tools, or any item which might pose a danger to self or others.

413-215-0946
Contraband

(1) Written policy. An outdoor youth program must have and follow written policy and procedures on contraband.

(2) Confiscation. Staff must confiscate contraband found in the possession of children in care in an outdoor youth program and, if stored, secure it in a location inaccessible to children in care.

(3) Disposal. It is the responsibility of the outdoor youth program to store or dispose of all contraband not confiscated by or turned over to law enforcement, in accordance with the contraband policy.

413-215-0951
Searches

(1) Written policy. If an outdoor youth program conducts searches of children in care or visitors, it must have and follow written policies and procedures. The program must obtain the appropriate consents for searches.

(2) Searches. An outdoor youth program must complete searches in the least intrusive manner possible for the type of search being conducted. The policies and procedures at a minimum must address all of the following:

(a) Pat down searches. An outdoor youth program may conduct pat down searches of children in care only when the outdoor youth program judges that it is necessary to discourage the introduction of contraband, or to promote the safety of staff and other children in care. An outdoor youth program may only conduct pat down searches as follows:

(A) By staff trained in proper search techniques;

(B) By a staff member of the same sex as the child in care being searched, and in the presence of another staff member;

(C) The child in care must be told he or she is about to be searched;

(D) The child in care must be asked to remove all outer clothing (gloves, coat, hat, and shoes) and empty all pockets;

(E) The staff member must then pat the clothing of the child in care using only enough contact to conduct an appropriate search;

(F) If the staff detects anything unusual, the child in care must be asked to identify the item and appropriate steps must be taken to remove the item for inspection;

(G) If the child in care refuses to comply, the executive director or designee must be notified immediately and be responsible to resolve the matter; and

(H) All searches must be documented in writing.

(b) Strip searches. An outdoor youth program may not perform strip searches.

(c) Body cavity searches. An outdoor youth program may not perform body cavity searches.

413-215-0956
Transportation

(1) Vehicle. Transportation of youth in an outdoor youth program must be in a vehicle that is:

(a) Properly registered;

(b) Covered by insurance for personal injury and liability;

(c) Driven by a person with a valid driver's license for the type of vehicle who complies with all applicable traffic laws while transporting children in care;

(d) Maintained in a safe condition;

(e) Equipped with a red triangle reflector device for use in emergency;

(f) Equipped with a first aid kit; and

(g) Equipped with a fire extinguisher that is properly secured and not readily available to children in care.

(2) Proper seating of children in care and adults. Children in care and adults in an outdoor youth program must ride in a vehicle manufactured seat, properly using the passenger restraint device in accordance with Oregon law when traveling on public roads. An outdoor youth program must take all reasonable steps to assure the safety of children in care and adults traveling in off road vehicles.

(3) Children in care must be accompanied by at least one person who has been trained in non-violent crisis intervention and de-escalation, physical restraints (if applicable), and First Aid/CPR.

(4) Children in care may not be blindfolded or otherwise have their vision obstructed and may not be handcuffed or shackled while being transported by the program or a subcontractor of the program.

(a) If a program recommends to parents or legal guardians a transport company to bring the child in care to the program, this information shall be noted by the program in the child in care's record.

(b) The Program shall inquire of each child in care brought to the program by a transport company whether he or she was blindfolded or shackled during transport to the program and not this in the child in care's record.

(5) Policies. An outdoor youth program shall have and follow written policies that describe the following:

(a) The method of transportation.

(b) The circumstances when transportation is provided.

(c) Policies shall describe how the safety and integrity of the child in care shall be maintained while being transported;

413-215-0961
Health Services

(1) Required physical examination. Prior to a child in care engaging in an outdoor youth program activity, an outdoor youth program must review and place in the file a physical examination report for the child in care. This information must be shared with the field staff prior to any outdoor youth program activity. The child in care's health history must be provided by a physician prior to admission, and this history plus a new physical examination must be recorded on a form provided by the program, which clearly documents the type and extent of outdoor youth program activity in which the child in care will be engaged. The examination must cover areas required by the Department and, after the appropriate consents are obtained from the child in care or child in care's legal guardian, must be completed by a licensed physician, physician's assistant or nurse practitioner, who signs the form.

(a) In addition to any other areas required by the Department, the examination must include a physical assessment based on the climate, temperature, and altitude the child in care will be participating in given the child in care 's age, weight, sex, physical condition, and recent use of drugs or alcohol, if any. The physician must state in the examination report any restrictions on the child in care engaging in strenuous exercise based on these or any other factors;

(b) If a child in care is currently taking or has been receiving prescribed medication within the past six months, a specific notation must be made on the physical examination form, by the clearing medical professional, which must include clearance for participation in an outdoor, high impact environment and a description of any possible special needs due to use of the medication in the field environment; and

(c) If a child in care is in a risk group for strenuous exercise or extreme conditions due to medical issues, written clearance must be noted on the physical examination form, stating that the child in care may participate in an outdoor youth program activity, which may:

(A) Occur in altitudes over 5,000 feet;

(B) Include strenuous exercise; and

(C) Expose child in care to cold or hot temperatures.

(d) Children in care may not participate in an outdoor youth program activity until all blood work and other laboratory work has been received and reviewed by the physician, and the physician has found that the child in care is qualified to start the program.

(2) Health information availability. An outdoor youth program must copy the health history and physical exam form and authorization to obtain medical care, maintain the original at the base of operations, and field staff must carry the copy in a waterproof container when the youth is away from the base of operations. All medications must be listed, including dose and frequency.

(3) Appropriate health care. An outdoor youth program must ensure — through staff assignments, training, and program providers — that injuries, illness, or physical complaints by children in care will be promptly and accurately assessed; and that appropriate care is provided.

(4) Prompt first aid treatment. An outdoor youth program must provide first aid treatment in as prompt a manner as the location and circumstances allow.

(5) First aid. An outdoor youth program must have a first aid kit with sufficient supplies available at all times. The first aid kit must;

(a) Meet the standards of an appropriate national organization for the activity being conducted and the location and environment being used;

(b) Be reviewed with new staff for contents and use;

(c) Be reviewed at least annually with all staff for contents and use; and

(d) Be inventoried after each expedition and restocked as needed.

(6) Field treatment. An outdoor youth program must immediately transport to appropriate medical care any child in care with an illness or physical complaint needing care or treatment beyond what can be provided in the field.

(7) Documentation of reports and treatment. An outdoor youth program must document complaints or reports by a child in care of illness and injuries in a daily log along with any treatment provided.

(8) Negative consequences. An outdoor youth program may impose no negative consequence on a child in care for reporting an injury or illness or for requesting to see a health care professional.

(9) Daily physical assessment. Field staff for an outdoor youth program must monitor and document child in care's hydration, skin condition, extremities, and general physical condition on a daily basis.

(10) Weekly physical assessment. A Wilderness First Responder (WFR) or equivalent, an Emergency Medical Technician (EMT), or qualified medical professional must assess each child in care's physical condition in an outdoor youth program at least every seven days. The assessment must be documented and shall at a minimum include:

(a) Heart rate;

(b) Check of extremities;

(c) Condition of skin;

(d) Allergies if any;

(e) General physical condition;

(f) Any health issues specific to the individual child in care; and

(g) Provision of appropriate medical treatment if needed.

(11) Medication storage and administration policies and procedures. An outdoor youth program must have and follow policies and procedures on the storage and administration of prescription and non-prescription medication. The policies and procedures must include contingency planning in the case of medications being lost or destroyed in the field.

(12) Medication storage. An outdoor youth program must store prescription and over-the-counter medication under lock and key safeguarded

from children in care. For medications taken in the field, medication must be in the possession of a staff member and stored at required temperatures.

(13) Documentation of medications. Prescription medication in an outdoor youth program must be issued by a qualified medical professional's valid order that includes the dosage to be given. Senior field staff must administer all medication. Administration of medication must be documented and include:

(a) The name of the child in care;

(b) The name of the medication;

(c) The date and time;

(d) The amount of dosage given and whether the child in care did not take the medication; and

(e) The person who administered or assisted in self-administration of the medication.

(14) Medication changes. An outdoor youth program may not stop or change dosage or administration of prescribed medication nor discontinue any prescription without consulting with a qualified medical professional and documenting the consultation and the change.

(15) Disposal of unused medication.

(a) For purposes of this rule, "unused medication" means any medication which has not been used for 60 days, or a medication held by the facility which has been prescribed for a child in care who has been released from the facility.

(b) For purposes of this rule, "expired medication" means any medication whose designated period of potency, as indicated on the label, has expired.

(c) An outdoor youth program must return all unused or expired medication to the base of operations and dispose of it so it is not available to children in care. A field director or senior field staff must witness and document the disposal of the unused medication.

413-215-0966
Staff Qualifications and Requirements

(1) Staff written policy requirements. An outdoor youth program must have written policy regarding minimum staff requirements.

(2) Verification. An outdoor youth program must verify qualifications of staff through documentation of minimum requirements for work experience, education, and classroom instruction.

(3) Required staff positions.

(a) An outdoor youth program which provides outdoor youth programming as its primary function must have an executive director. The executive director may also function as the field director if the executive director meets those qualifications. In addition to meeting the requirements in OAR 413-215-0021(3)—(4), the executive director must comply with all of the following:

(A) Be at least 25 years of age.

(B) Have one of the following qualifications at time of hire:

(i) Five years of paid full time experience in the social services or wilderness field with at least one year in a paid administrative capacity.

(ii) A Bachelor's degree and four years of paid full time experience in the social services or wilderness field with at least one year in a paid administrative capacity.

(iii) A Master's degree and three years of paid full time experience in the social services or wilderness field with at least one year in a paid administrative capacity.

(C) Have knowledge and experience demonstrating competence in the performance or oversight of the following essential job functions: program planning and budgeting, fiscal management, supervision of staff, personnel management, employee performance assessment, data collection, reporting, program evaluation, quality assurance, and developing and maintaining community resources.

(D) Demonstrate by his or her conduct the competencies required by this rule and compliance with the program policies and procedures implementing these rules.

(E) Have completed the field training as required by OAR 413-215-0981(3).

(b) Field director. An outdoor youth program must have a field director who is primarily responsible for the quality of each outdoor youth program activity, coordinates field operation, supervises direct care staff, and manages the field office. The field director must:

(A) Be at least 25 years of age;

(B) Have a minimum of 30 college level semester hours or 45 quarter hours in recreational therapy or in a related field or one year of outdoor youth program field experience;

(C) Demonstrate knowledge and understanding of applicable licensing rules;

(D) Have completed the field training as required by OAR 413-215-0981(3);

(E) Hold a Wilderness First Responder (WFR) certificate or equivalent; and

(F) Have completed an approved course in nonviolent crisis intervention.

(c) Senior field staff. An outdoor youth program must have a senior field staff working directly with each group of children in care. Senior field staff must:

(A) Be at least 21 years of age;

(B) Have an associate degree or high school diploma or equivalent with 30 college level semester hours or 45 quarter hours of study or comparable experience and training in a field related to recreation and outdoor youth program activity;

(C) Have a minimum of forty 24-hour field days of program experience or equivalent experience in outdoor programs documented in the personnel file;

(D) Have completed the field training as required by OAR 413-215-0981(3);

(E) Hold a Wilderness First Responder (WFR) certificate or equivalent; and

(F) Have completed an approved course in nonviolent crisis intervention.

(d) Field staff. Each field staff member of an outdoor youth program must:

(A) Be at least 21 years of age;

(B) Have a high school diploma, or its equivalent, or comparable experience directly relevant to assigned outdoor youth program responsibilities;

(C) Have completed the field training as required by OAR 413-215-0981(3); and

(D) Be certified to provide cardiopulmonary resuscitation (CPR) and first aid.

(4) Specific Outdoor Youth Program activity training. All staff of an outdoor youth program must have documented training and experience in conducting any outdoor youth program activity he or she is assigned to conduct.

(5) Multidisciplinary team. An outdoor youth program must have a multidisciplinary team of staff or consultants who have knowledge of the physical and emotional demands of the program and are available to children in care and staff upon the recommendation of the field director or senior field staff. The multidisciplinary team must also be available to outdoor youth program staff upon request for consultation regarding the appropriateness of admission of a child in care. At a minimum, the team must consist of:

(a) A licensed health care professional (physician, doctor of osteopathy, nurse practitioner, or physician's assistant);

(b) A treatment professional who is a licensed or certified psychologist, clinical social worker, marriage and family counselor, or professional counselor; and

(c) If the program does not exclude children in care with substance abuse problems, the multidisciplinary team must include a professional who is a Certified Alcohol Drug Counselor or who has demonstrated equivalent experience and training in the field of alcohol and drug abuse counseling.

413-215-0971
Staff Health Requirements

An outdoor youth program must comply with all of the following requirements:

(1) Staff health requirements. The outdoor youth program staff members having responsibility for children in care must be free of infectious diseases and must be capable of competently fulfilling all responsibilities reasonably associated with their employment.

(2) Health history questionnaire. As part of orientation, and annually thereafter, staff must complete a health history questionnaire similar to that completed by the children in care entering the program. It must include

injuries or ailments that might affect the ability to function well in the field, or put other field staff or children in care at risk of injury or infection.

(3) Health history questionnaire content. The health history questionnaire must include but not be limited to the following content areas:

(a) Standard physical health questions, including history of infectious diseases;

(b) History of physical injuries; and

(c) History of drug or alcohol abuse or dependence that required residential or outpatient treatment, or that might currently interfere with employment responsibilities.

Stat. Auth.: ORS 418.005, OL 2016, ch 10

413-215-0976
Physical Activity Limits and Requirements

An outdoor youth program must comply with all of the following requirements:

(1) Physical capability. Physical activity may not exceed the physical capability of a child in care. Field staff must monitor the physical capability and condition of each child in care to ensure that the outdoor youth program activity does not exceed the child in care's capability.

(a) The program may not assign extremely strenuous exercise at any time.

(b) A child in care when hiking may not carry a backpack and other equipment which exceeds their physical abilities.

(c) Staff shall assist children in care in ensuring that backpacks are packed in a manner that allows them to be comfortably worn.

(d) Children in care shall have breaks prior to becoming weary to avoid risk of injury. Breaks shall be frequent and long enough to recover and return to the outdoor youth program activity.

(e) All children in care in a group shall hike at the speed at which the slowest child in care is capable.

(2) Environmental conditions. Staff of the outdoor youth program must consider environmental conditions including but not limited to temperature, humidity, and precipitation, when planning an outdoor youth program activity so as to minimize the risk of harm (such as heatstroke, frostbite, and hypothermia) to participants.

(3) Acclimation to environment. Staff must closely monitor children in care for acclimation to the elevation and temperature of the environment for the first 72 hours of each child in care's stay in the program to ensure safe assessment of fitness.

(a) Staff must monitor and document each child in care's physical assessment at least three times per day, and more often if the youth is exhibiting signs of exhaustion or fatigue. Youth physical assessment must meet the same criteria as described in OAR 413-215-0961(10).

(b) Staff shall assess each child in care's level of overall fitness, and readiness mentally and physically to engage in more demanding exercise during this time period.

(4) Log. There must be a common daily log, which is signed and dated by the participating senior staff daily. The log must:

(a) Contain information on health problems, accidents, injuries, illnesses, medications used, behavioral problems, and unusual occurrences; and

(b) Include notation of environmental factors such as weather, temperature, and terrain.

413-215-0981
Staff Training

An outdoor youth program must comply with all of the following requirements:

(1) Written policies, procedures, and training curriculum. An outdoor youth program must have written policies, procedures, and training curriculum regarding minimum requirements for orientation, field training, and ongoing training.

(2) Orientation. Each employee must complete orientation before having any contact with children in care or prospective children in care. The orientation training must include at a minimum:

(a) Outdoor youth program mission and goals, including admissions criteria and services provided.

(b) Personnel structure of the outdoor youth program, including an organizational chart and job descriptions which accurately reflect the responsibilities of staff positions involved in the care and management of children in care, and the management and supervision of field staff;

(c) Overview of the quality improvement program, including the critical incident program;

(d) Risk management procedures and safety precautions;

(e) Instruction in discipline and behavior management policies and procedures of the outdoor youth program, including de-escalation and the use of physical restraint, if applicable;

(f) Instruction in physical assist policies and procedures of the outdoor youth program;

(g) Review and discussion of all other policies relevant to field staff responsibilities, such as clothing, nutrition, vehicle use, communication methods, cooking and camping equipment, and their use; and

(h) Emergency plan.

(3) Field training. Each field staff must receive a minimum of seven days of field training and must be assessed by the field director or designee for each of the following minimum required field skills before assuming sole supervision of children in care:

(a) Water, food, and shelter procurement, preparation, and conservation.

(b) "Leave No Trace Principles" for outdoor youth program activity. For purposes of this rule, "Leave No Trace Principles" mean wilderness and land use ethics which are designed to minimize the impact of visitors to back country areas. The principles include: Plan Ahead and Prepare, Travel and Camp on Durable Surfaces; Pack it in, Pack it Out; Properly Dispose What You Can't Pack Out; Leave What You Find; and Minimize Use and Impact of Fire.

(c) Recognition and management of the presenting issues of the children in care served, including mental health and substance abuse issues.

(d) Instruction in safety procedures and safe use of fuel, fire, and life protection equipment.

(e) Sanitation procedures related to food, water, and waste.

(f) Special instruction to ensure proficiency in each specific outdoor youth program activity for staff who conduct and staff who supervise an outdoor youth program activity.

(g) Wilderness medicine, including health issues related but not limited to:

(A) Acclimation.

(B) Exposure to the environment and environmental elements.

(C) Signs, symptoms, and treatment of water intoxication and dehydration.

(D) Foot blisters.

(E) Diarrhea.

(F) Recognizing differences between symptoms of a health concern and behavioral issues.

(G) Bites and Stings.

(H) Allergic reactions.

(I) Gender specific health issues.

(h) First aid kit contents and use.

(i) Basic navigation skills including understanding of contour maps, use of compass, and navigation using the positions of sun, moon, and stars to determine direction.

(j) Local environmental precautions, including terrain, weather, insects, poisonous plants, wildlife, and proper response to adverse situations.

(k) Critical incident prevention, identification, and response.

(l) Knowledge of and ability to implement the emergency plan of the outdoor youth program.

(m) Report writing, including development and maintenance of logs, journals, and incident reports.

(n) Other skills as required by the outdoor youth program.

(4) Sole supervision. No staff member of an outdoor youth program may provide sole supervision of program children in care prior to:

(a) Successful completion of orientation and field training; and

(b) Documented assessment by a senior field staff member of:

(A) Effective understanding of the supervision structure of the outdoor youth program, who is responsible, and to whom staff can refer questions or problems; and

(B) Understanding, knowledge, and compliance with the behavior management policies of the outdoor youth program.

(5) Ongoing training. An outdoor youth program must provide ongoing training for field staff to maintain and upgrade their skills.

(6) Documentation of training. An outdoor youth program must document the training received by each staff member and volunteer in their personnel file. For each training session, the documentation shall include

the name and qualifications of the person providing the training, date of training, training content, and the number of hours of the training.

413-215-0986
Staff Ratios

An outdoor youth program must comply with all of the following requirements:

(1) Staff ratio policy. The outdoor youth program must have written policy and maintain documentation of program compliance on staff ratios.

(2) Group size. For a field group, the number of participants may not exceed twelve children in care.

(3) Staffing ratio. Each group of two or more children in care must be staffed as follows:

(a) By at least two staff members, one of whom must be a senior field staff member;

(b) There must be at least one staff member to every three youth;

(c) Where the gender of a group of children in care is mixed, there must be at least one female staff and one male staff member;

(d) There must be a minimum of five years difference in age between a direct care staff member and the child in care for whom the staff member has sole supervision; and

(e) Volunteers and interns may not be included in the staff ratio unless they meet the qualifications required of staff.

(4) Wilderness first responder (WFR). At least one staff member per group of children in care must have a current Wilderness First Responder (WFR) Certificate or equivalent.

(5) Nonviolent crisis intervention training. At least one staff per group of children in care must be trained in nonviolent crisis intervention.

(6) Field staff training.

(a) There may not at any time be more than one staff member who has not completed all field training.

(b) Where there are four or more children in care, at least two staff members must have completed all field training.

(7) Stationary Outdoor Youth Program staffing ratios.

(a) There must be at least one staff member to every three children in care while a stationary outdoor youth program is engaging in an outdoor youth program activity, whether at or away from the stationary camp.

(b) A stationary outdoor youth program when not engaged in an outdoor youth program activity at the stationary camp is exempt from the one staff member to every three children in care staffing ratio. Staff ratios must be established to provide supervision and protection for children in care and must be adequate in relationship to the type of program, location of program, age and type of children in care served, physical plant design, location and ability of supervisor to respond, backup systems, or any other means to assure a high standard of supervision and protection:

(A) There must be at least one staff member to every ten children in care during the time children in care are awake and present in the program.

(B) There must be at least one staff member on duty to every fourteen children in care during sleeping hours. If staff is sleeping, there must be at least one staff member on duty to every seven children in care during sleeping hours.

Stat. Auth.: ORS 418.005, OL 2016, ch 10
Stats. Implemented: ORS 418.205 - 418.325, 418.990 - 418.998, OL 2016, ch 10
Hist.: SOSCF 9-2002, f. & cert. ef. 5-29-02; Renumbered from 413-210-0827, CWP 28-2008, f. & cert. ef. 10-17-08; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-0991
Age Grouping

An outdoor youth program must comply with all of the following requirements:

(1) Minimum Age. A child in care in the outdoor youth program must be at least ten years of age.

(2) Grouping. The outdoor youth program must have policy and documentation regarding age grouping. An outdoor youth program may place children in care in groups only after taking into consideration these factors: the age, developmental level, physical maturity, social maturity, behavioral functioning, cognitive level, diagnosis (if any), and individual needs of each youth.

(3) Placement of youth age 10 years through 12 years. An outdoor youth program may place children in care ten years of age through twelve years of age only in a program component designed for this age group, unless the outdoor youth program has been granted an exception by the Department licensing coordinator.

(4) Placement with adults. If the outdoor youth program serves children in care age 18 years of age or older, it may place children in care under the age of 18 in the same group with children in care age 18 and older only after taking special care to assess and minimize the risk to children in care under the age of 18.

(5) Placement decisions. An outdoor youth program must make placements of children in care in groups to maximize each child in care's functioning and minimize the possibility of exploitation. In making the placement decision in section (4) of this rule or in deciding to request an exception to place a child in care age ten years of age through twelve years of age in an older group, an assigned staff member with documented experience placing youth in groups and who is familiar with the outdoor youth program must:

(a) Base the placement on the factors listed in section (2) of this rule;

(b) Document the basis for the decision and the appropriateness of the placement in the child in care's service plan; and

(c) Review the therapeutic appropriateness of the decision every week after the placement, document whether the decision remains appropriate, and make any changes indicated.

413-215-0992
Referral and Initial Evaluation of Youth

(1) Affirmative duty to gather sufficient information. An outdoor youth program has an affirmative duty to make reasonable efforts to gather sufficient information to determine the appropriateness of the child in care for the outdoor youth program.

(2) Referral. An outdoor youth program must have a policy that addresses the process by which children in care are referred to the outdoor youth program. The policy must include all of the following:

(a) From whom referrals are accepted and whether the program has any type of relationship with the source of referral, including payment for any services provided by the source of the referral to the program.

(b) On what basis children in care are accepted by the outdoor youth program.

(c) How information necessary to provide for the safety and care of children in care will be provided to the appropriate care staff.

(3) Exclusionary policy.

(a) An outdoor youth program must have a written policy that describes any exclusionary criteria for the program.

(b) The outdoor youth program must exclude or have a written policy and must document in the child in care's service plan describing how the program will provide safe and effective treatment specific to each of the following:

(A) Children in care with current risk of fire setting behaviors.

(B) Children in care with active psychosis.

(C) Children in care with current risk of suicide.

(D) Children in care with current risk of harm to self or others.

(E) Children in care with any significant mental health diagnosis.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 409.010, 418.205 - 418.325, 418.990 - 418.998, OL 2016, ch 10

413-215-0996
Program Services

(1) Admissions assessments. An outdoor youth program must perform an admission assessment on each child in care.

(a) Admissions process. An assigned staff member with documented experience in the area of admissions screening and assessment, who is familiar with the outdoor youth program, must complete an individual admissions assessment for each child in care prior to enrollment.

(b) Admissions to be based on admissions assessment. The outdoor youth program must base admission of each child in care on the individual admissions assessment. The assessment must be the basis for the child in care's service plan. The assessment must include all of the following components:

(A) Social history including home, community, and environment.

(B) Health history, including current prescriptions and over the counter medication;

(C) Psychological history, including behavior problems, aggression, substance abuse, family dynamics, prior evaluations, and any previous treatment.

(D) For a child in care with indications of a mental health diagnosis, the assessment must include a determination by a licensed, certified, or registered mental health professional whether the outdoor youth program is appropriate and how the program activities will address the child in care's needs, or whether another type of mental health treatment is indicated for the child in care before the child in care enters the field portion of the outdoor youth program.

(i) If the program has reasonable grounds to believe that a child in care for whom admission is sought has a mental health diagnosis, the program must require the submission of an evaluation, completed not more than 90 days previously, of the child in care's mental health condition by a clinical psychologist of psychiatrist.

(ii) The evaluation described in subparagraph (i) of this paragraph and other available evaluations and relevant documentation must be reviewed by a qualified mental health professional who must describe in writing how the treatment to be provided at the outdoor youth program is appropriate for the identified mental health diagnosis. This description must include how the activities of the program will address the needs of the child in care and relate to the child in care's service plan.

(E) For a child in care with indications of substance abuse, the assessment must include a determination by a professional in chemical dependency whether detoxification is indicated for the child in care before the child in care enters the field portion of the outdoor youth program.

(c) Consultation and additional information. If after a review of the components required by the Admissions Assessment, there is any question as to the appropriateness of admission of a child in care, the assigned staff member must consult with the Multidisciplinary Team and document the decision. If the information available about the child in care is inadequate for the determination of appropriateness for the outdoor youth program, the outdoor youth program must require additional necessary information which may include evaluations by consulting professionals.

(d) Evaluation of appropriateness of admission. Each admissions assessment must include a summary evaluation of the appropriateness of the admission of the child in care into the outdoor youth program.

(e) Field entry.

(A) An outdoor youth program must conduct an interview and orientation with each child in care before the child in care leaves for the field portion of the program away from the main base of operations.

(B) The field director or senior field staff assigned to the child in care's field experience must conduct an interview with the child in care prior to entrance into the field; and

(C) The medically trained field staff assigned to the child in care's field experience must conduct a review of the child in care's health history and physical examination report.

(2) Service planning. Each child in care must be served according to a service plan, developed by the outdoor youth program staff and including, whenever possible, the program director, child-care workers, other involved professionals, the child in care, and his or her family. The program must make every effort to secure the participation of the legal guardians in planning, and, if they do not participate, must document the reasons why. An outdoor youth program has an affirmative responsibility to provide competent individualized service planning for each child in care to include ongoing evaluation and change as needed. Service planning time lines must be as follows:

(a) Initial service plan. An outdoor youth program must write the initial service plan based on the admission assessments, all referral documents, and the child in care's individual needs on or before admission, and provide a copy to the senior field staff upon the child in care's entry into the outdoor youth program.

(b) Updated service plan. Within 14 days of the date the child in care enters the field, the outdoor youth program must write an updated service plan based on field observations and additional information received (family information, medical reports, and child in care disclosures). If a child in care has a significant mental health diagnosis, the service plan must specify how and by whom the treatment related to the diagnosis will be addressed.

(c) Monthly review. The outdoor youth program must review and update the service plan monthly, and document the review. Changes in the service plan must be promptly shared with the child in care and the child in care's legal guardian.

(d) Discharge summary. The discharge summary must include a written summary of the child in care's participation and progress achieved, results of evaluations, conditions of the child in care, interactions of child in care and staff, briefings and debriefings, compliance with program policies and procedures, and recommendations. The discharge summary must be retained in the child in care's file and a copy provided to the child in care's legal guardians.

(3) Areas of emphasis in the service plan and planning process. It is the intent of the Department that an outdoor youth program must make every reasonable effort to ensure participation by the child in care's family in all aspects of the service and service planning process. To that end, the outdoor youth program staff must:

(a) Encourage parent participation in the intake process;

(b) If the child in care's parent or legal guardian cannot participate in the intake process, ensure participation in the intake process by those responsible for the environment in which the child in care resides prior to placement with the outdoor youth program;

(c) Support the family and those responsible for the environment in which the child in care resides during intervention activities, including alternate suggestions for any child in care not accepted at intake;

(d) Consider the family's responsibility, needs, and values in the planning and service process;

(e) Provide an orientation procedure for the child in care and his or her family;

(f) Ensure that information regarding significant events in the child in care's family is passed on to appropriate staff members;

(g) Review service plans, activities, and progress with the family monthly; and

(h) Ensure that the educational needs of the child in care are an integral part of the service plan. Children in care who have not graduated from high school must have access to an appropriate education that affords sufficient transferable credits for the child in care to stay on course to graduate.

413-215-1001
Critical Incident Program

(1) Quality improvement program. An outdoor youth program must have a written quality improvement program which identifies and defines critical incidents, includes a response to each type of critical incident, and includes procedures for the review of critical incidents.

(2) Critical incident training. An outdoor youth program must train staff in critical incident prevention, identification, and response.

(3) Documentation of critical incidents. The outdoor youth program staff must document each critical incident as follows:

(a) Record each incident in the common daily log and complete an incident report immediately following the incident;

(b) Categorize each incident as to type and seriousness;

(c) Record the results of staff debriefing of each critical incident; and

(d) Management must document review of each critical incident report within 24 hours of receipt.

(4) Review of critical incidents. An outdoor youth program must have procedures for review of critical incidents which include management and board review of critical incidents and a process for deciding if revisions to program policy and procedures, operations, or training are warranted for quality improvement.

(5) Documentation of critical incident review. An outdoor youth program must document in writing the process and results of its review of critical incidents and resulting program quality improvements if any and must provide this information to staff.

(6) Near miss. An outdoor youth program must review any near miss and determine whether to respond to it as if it were a critical incident in accordance with this rule. For purposes of this rule, "near miss" means:

(a) A close call;

(b) A potentially dangerous situation where safety was compromised but that did not result in injury; or

(c) An unplanned and unforeseen event after which those involved express relief that the incident ended without harm.

Stat. Auth.: ORS 418.005, OL 2016, ch 10

413-215-1006
Field Outdoor Youth Program Activities

An outdoor youth program must comply with all of the following requirements:

(1) Written description. There must be a written description of each field outdoor youth program activity and a schedule, including a detailed itinerary.

(2) Staff briefing. The executive director, field director, or designee must brief staff entering the field. The briefing at a minimum must include:

(a) The planned route, terrain, time schedule, weather forecast, and any potential hazards;

(b) Any procedures unique to that field experience; and

(c) The background of the child in care and any potential problems.

(3) Itinerary. Field staff must carry map routes, anticipated schedules, and times when a group is in the field.

(4) Supervision. The field director or designee must conduct and document supervisory evaluation of each youth and staff in a field group at least every seven days, either in person or through Department approved procedures. If the planned itinerary is longer in duration than three weeks, the field director or designee must make onsite visits at minimum increments of three weeks.

(5) Staff debriefing. The field director or designee must debrief staff after they return from the field.

(a) An outdoor youth program must document the debriefing of staff (whether individual or group) received by each staff member in his or her personnel file.

(b) For each debriefing session, the documentation must include the name and qualifications of the person providing the debriefing, the date of the debriefing, any performance issues, and the length of time of the session.

(6) Child in care debriefing. The field director or designee must debrief a child in care after returning from the field. The debriefing must at a minimum:

(a) Include a written summary of the child in care's participation and progress achieved;

(b) Be provided in written form to the child in care's parents or guardian; and

(c) Legal guardians and child in care must be given the opportunity and encouraged to submit a written evaluation of the outdoor youth experience, to be maintained by the outdoor youth program.

(7) Documentation. An outdoor youth program must document results of the evaluation of the conditions of the child in care, interactions of child in care and staff, briefings, debriefings, and compliance with program policies and procedures, and include them in the child in care's record and discharge summary.

Stat. Auth.: ORS 418.005, OL 2016, ch 10

413-215-1011
Communication

(1) For purposes of this rule, a "Global Positioning System receiver" means a receiver which receives signals from a network of 24 satellites known as the Global Positioning System (GPS) and identifies the receiver's location: latitude, longitude, and altitude to within a few hundred feet.

(2) Communication and support system. An outdoor youth program must maintain a communication system that includes the use of Global Positioning System receivers, two way radio communication, and cell phone communication; or follows the applicable land managing agency requirement and includes:

(a) Reliable communication between each group and the base of operations; and

(b) A back up plan for re-establishing communication to be implemented in the event regular communication fails.

(3) Communication requirements. An outdoor youth program must have a reasonable communication plan which is sufficient to provide routine and emergency care and takes into consideration individual child in care needs and terrain considerations.

(a) There must be oral communication between each field group and the base of operations on a regularly scheduled basis according to program procedures, unless special documented arrangements have been made;

(b) In no case may the absence of oral communication between a field group of children in care and the base of operations exceed 72 hours, unless the Department has approved an exception for alternate program procedures for communication; and

(c) In no case may a field group of children in care be more than one hour away from the ability to make contact with emergency services.

(4) Emergencies. The base of operations support personnel for an outdoor youth program must have immediate access to emergency telephone numbers, contact personnel, and procedures for an emergency evacuation or critical incident requiring emergency medical support.

413-215-1016
Work

In compliance with child labor laws, an outdoor youth program may as a constructive experience give children in care non-vocational work assignments, which are age appropriate and within the youth's capabilities. The primary purpose of work may not be to substitute for paid labor for the benefit of the outdoor youth program, nor may it be to discipline the child in care.

413-215-1021
Animals and Pets

An outdoor youth program must comply with all of the following requirements:

(1) Animals and pets must be free from disease and cared for in a safe and clean manner.

(2) An outdoor youth program must take reasonable measures to assure that children in care are not exposed to danger from animals.

(3) All domestic animals and pets must be vaccinated against rabies. Documentation of the vaccination against rabies must be available in the responsible employee's personnel file.

Stat. Auth.: ORS 418.005, OL 2016, ch 10

413-215-1026
Solo Experiences in Outdoor Youth Programs

If an outdoor youth program conducts individual or separate components for child in care (solo experiences) as part of the therapeutic process, the program must have and follow written policies and procedures. The policies and procedures at a minimum must require all of the following:

(1) Individual solo plan. Each child in care participating in a solo experience must have a plan which includes goals, methods, techniques, time frames, and takes into consideration the maturity, health, and physical ability of the child in care.

(a) The child in care must be instructed on the solo experience and individual plan including expectations, restrictions, communication, environment, and emergency procedures;

(b) Each child in care must have and receive instruction on a back-up plan in case the primary plan does not work; and

(c) A designated staff member must be responsible for coordination and implementation of the plan.

(2) Environmental requirement. Staff must be familiar with the site chosen to conduct solo experiences and must pre-investigate the site to ensure the terrain is appropriate for the skill level of the child in care and that hazardous conditions are considered. Staff must make arrangements for medication, food, and water drops if needed.

(3) Supervision. Plans for supervision must be in place during the solo experience, including the assignment of a staff member responsible for the supervision of the child in care, and procedures for placement, supervision, and observation of the child in care. Supervision must include communication systems, visual checks, and regular checks of the child in care's emotional and physical condition.

(4) Emergency procedures. In addition to the requirements of the Emergency Plan section of these rules (OAR 413-215-0936), solo emergency plans must include but are not limited to: instructing the child in care on the safety and emergency procedures, establishing an effective system for emergency communication available at all times, instruction of other children in care on how to respond if the emergency notification system is put into use, and a check-in system should an emergency occur.

Stat. Auth.: ORS 409.050, 418.005, 418.240, OL 2016, ch 10
Stats. Implemented: ORS 409.010, 418.205 - 418.325, 418.990 - 418.998, OL 2016, ch 10
Hist.: SOSCF 9-2002, f. & cert. ef. 5-29-02; Renumbered from 413-210-0849, CWP 28-2008, f. & cert. ef. 10-17-08; CWP 7-2013, f. & cert. ef. 10-1-13; CWP 12-2016(Temp), f. & cert. ef. 7-1-16 thru 12-27-16

413-215-1031
Behavior Management

An outdoor youth program must comply with all of the following requirements:

(1) If a child in care refuses or is unable to hike, a contingency plan must be developed based on Department approved policies and procedures. The contingency plan must ensure that if the group of children in care is split, there is proper staff coverage for each group of children in care, and communication between the groups of children in care is maintained.

(2) Physical assist.

(a) "Physical assist" means action by staff members to physically aid, support, or redirect children in care who are not resisting. A physical assist includes staff leading children in care along the trail, moving the child in care to his or her campsite by gently pulling on a backpack strap, guiding him or her by the hand or elbow, or placing a hand on the child in care's back. The child in care may not want to be physically assisted but he or she does not offer resistance.

(b) Appropriate use of a physical assist occurs when staff members physically aid, support, or redirect children in care who are not physically resisting. If a child in care resists reasonable staff direction, staff must assess whether the use of physical restraint is warranted based on the written nonviolent physical restraint policy of the outdoor youth program. An intervention becomes a physical restraint when the child in care resists, has "dug in his or her heels", and is propelled or held still against that resistance. Staff members must comply with all applicable physical restraint regulations, including OAR 413-215-0076.

(3) Time out.

(a) For purposes of this rule, "time out" means imposed separation of a child in care from any group activity or contact as a means of behavior management.

(b) An outdoor youth program may use time out only when a child in care's behavior is disruptive to the child in care's ability to learn, to participate appropriately, or to function appropriately with other child in care or the activity.

(c) The outdoor youth program must designate a staff member to be responsible for visually observing the child in care at random intervals at least every fifteen minutes.

(d) If the duration of a time out exceeds one hour, or there is visual separation of the child in care, the outdoor youth program must write an incident report in sufficient detail to provide a clear understanding of the incident or behavior which resulted in the child in care being placed in time out, and staff's attempts to help the child in care avoid time out. The child in care's legal guardians must be provided with a copy of the documentation of each time out under this subsection within 72 hours.

(e) The outdoor youth program must reintroduce a child in care to the group in a sensitive and non-punitive manner as soon as control is regained.

(f) If there are timeouts equaling more than 3 hours within a 24 hour period, the executive director or designee must conduct a review to determine the suitability of the child in care remaining in the outdoor youth program, whether modifications to the child in care's plan are warranted, and whether staff need additional training in alternative therapeutic behavior management techniques. The outdoor youth program must take appropriate action as a result of the review.

(g) Time outs may be assigned by staff or self-imposed.

(h) Children in care may not be physically restrained because the youth leaves an assigned time-out.

Department of Human Services, Self-Sufficiency Programs
Chapter 461

Rule Caption: Amending rules relating to public assistance programs
Adm. Order No.: SSP 23-2016
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Adopted: 461-180-0135
Rules Amended: 461-130-0327, 461-130-0330, 461-130-0335, 461-135-0089, 461-135-0400, 461-135-0521, 461-145-0360, 461-155-0150, 461-160-0010, 461-160-0015, 461-160-0410, 461-165-0010, 461-165-0180, 461-175-0200, 461-175-0220, 461-190-0211, 461-190-0231, 461-193-0320, 461-195-0501
Rules Repealed: 461-135-0521(T), 461-160-0410(T), 461-165-0180(T), 461-180-0135(T), 461-193-0010, 461-193-0890, 461-193-0940, 461-193-0960, 461-193-1230
Subject: OAR 461-130-0327 about good cause criteria for failure to comply with a program requirement is being amended to state that in the REF program, a client may have good cause for quitting a job if the client has to travel an "unreasonable distance" or if the hours or nature of the job interferes with a client's religious observances, convictions, or beliefs. This criteria was previously addressed in OAR 461-193-0890 which stated the good cause criteria for New Arrival Employment Services (NAES) and Refugee Case Services Project (RCSP). That rule is being repealed.

OAR 461-130-0330 about disqualifications is being amended to change the reduction schedule for TANF clients being sanctioned for non-cooperation in the Job Opportunity and Basic Skills program. The new reduction schedule will be four levels (instead of two) of progressive percentage reduction in the family's TANF grant: 25 percent for the first level, 50 for the second, 75 for the third, and 100 for the fourth. Clients may remove the disqualification by contacting the Department to re-engage on or before the end of the fourth level as provided in OAR 461-130-0335. This rule is also amended to separate the re-engagement and progressive disqualification levels for the REF program and align them with 45 CFR 400.82. This was previously addressed in OAR 461-193-0940 about disqualifications for NAES and RCSP. That rule is being repealed.

OAR 461-130-0335 about removing disqualifications and the effect on benefits is being amended to align the requirements for disqualified TANF clients with changes being made to OAR 461-130-0330 described above. This rule is also amended to separate the REF requirements for ending a disqualification and align them with federal requirements. Specifically, a disqualification ends in the REF program when the Department determines the individual is exempt or REF program benefits close for a reason other than because of a disqualification. Ending REF disqualifications was previously addressed in OAR 461-193-1230 about removing disqualifications for NAES and RCSP. That rule is being repealed.

OAR 461-135-0089 about demonstrating compliance with substance abuse and mental health requirements and restoring benefits is being amended to align the requirements for disqualified TANF clients with changes to the progressive disqualification benefit reduction schedule in OAR 461-130-0330 described above. This rule is also amended to remove reference to the REF program; these provisions are not applicable to that program because they do not comply with the federal disqualification requirements in 45 CFR 400.82.

OAR 461-135-0400 about specific requirements for the ERDC program; OAR 461-155-0150 about the child care eligibility standard, payments rates, and copayments; OAR 461-160-0010 about the use of resources in determining eligibility; and OAR 461-160-0015 about resource limits are being amended to implement a resource limit of $1,000,000 for the ERDC program consistent with federal regulations.

OAR 461-135-0521 about job quit for SNAP applicants is being amended to include ABAWD (able-bodied adults without dependents) as clients subject to the rule which states that applicants are not eligible for SNAP benefits if they quit a job or reduced work hours in the 30 days prior to applying for SNAP or at any time while receiving SNAP. This makes permanent a temporary rule adopted on April 1, 2016.

OAR 461-145-0360 about motor vehicles is being amended to clarify how to determine the fair market value of an automobile, truck, or van. Specifically, Kelley Blue Book and similar publications are added as authorities that may be used to determine the "average trade-in value". Previously the rule required eligibility staff to use the NADA (National Automobile Dealers Association) Used Car

Guide first and then if the vehicle was not listed, the Kelley Blue Book would be used, followed by a "similar publication".

OAR 461-160-0410 about treatment of income when there are ineligible or disqualified group members in the SNAP program is being amended to state that if a member in a group is ineligible because of the ABAWD time limits, the income of the ineligible individual is prorated as described in the rule. This makes permanent a temporary rule adopted on April 1, 2016.

OAR 461-165-0010 about the legal status of benefits is being amended to prohibit the use of EBT (Electronic Benefit Transfer) cards at marijuana dispensaries and OAR 461-195-0501 about definitions and categories of overpayments is being amended to state that benefits accessed at a marijuana dispensary is an overpayment.

OAR 461-165-0180 about child care provider eligibility requirements is being amended to clarify that providers are placed in failed status for failure to meet eligibility requirements in the rule that are not covered under the new suspended status and that while in failed status, the Department does not pay providers for child care at the site of a previously failed provider or at another site if a previously failed provider is involved in the child care operation, unless the Department determines that the reasons for the provider's failed status are not relevant to the new site. This make permanent a temporary rule adopted on January 20, 2016. The rule is also amended to create a finding of suspended for child care providers who have failed to meet certain eligibility requirements that cannot be immediately remedied. Providers in suspended status are ineligible for payment for six months but may reapply after six months by submitting information to the Department for review. This makes permanent a temporary rule adopted on March 14, 2016. Lastly, unnecessary references to the Child Care Billing and Attendance Tracking (CCBAT) system are being removed.

OAR 461-175-0200 about general notice requirements and OAR 461-175-0220 about notice requirements for disqualifications are being amended to state that in the SNAP program, the Department sends a notice of termination when an individual signs an IPV (intentional program violation) waiver of hearing rights.

OAR 461-180-0135 about restoring benefits for ABAWD clients is being adopted to allow the Department to restore benefits to ABAWD clients in the month after they reach the time limit without reapplying in certain circumstances. This makes permanent a temporary rule adopted on April 1, 2016.

OAR 461-190-0211 about support services is being amended to make minor language clarifications about when the Department pays for fuel costs for a privately-owned vehicle.

OAR 461-190-0231 about re-engagement is being amended to add that re-engagement includes an opportunity to follow-up on screenings for physical or mental health needs, substance abuse, domestic violence, or learning needs and that in the JOBS program, re-engagement includes an attempted home visit. This rule is also amended to include the REF re-engagement requirements which were previously addressed in OAR 461-193-0960 about re-engagement for NAES and RCSP. That rule is being repealed. Lastly, to avoid confusing the assessment of risk of harm to a child relating to the reduction of TANF benefits with the more formal Child Welfare process described in OAR 413-015-0400 to 413-015-0485, the rule is amended to change "assessment" of risk of harm to a child to "assessing." This is also consistent with the language in ORS 412.009.

OAR 461-193-0010 about client responsibilities for NAES and RCSP is being repealed. This information is addressed in the general client responsibilities rule, OAR 461-105-0020.

OAR 461-193-0320 about the effective date for cash assistance in the Refugee Case Service Project (RCSP) is being amended to state that unless specified otherwise in the rule, the effective date is as provided for REF and TANF clients in OAR 461-180-0070.

In addition, non-substantive edits were made to these rules to: ensure consistent terminology throughout self-sufficiency program rules and policies; make general updates consistent with current Department practices; update statutory and rule references; correct formatting and punctuation; improve ease of reading; and clarify Department rules and processes.

Rules Coordinator: Kris Skaro—(503) 945-6067

461-130-0327
Good Cause

In a Department program administered under OAR 461-130-0305 to 461-130-0335 and 461-135-0085 and 461-135-0089:

(1) The Department does not require a client to provide verification of good cause if providing the verification would expose the client to increased risk of domestic violence (see OAR 461-001-0000).

(2) If in making a determination under this rule a client's physical or mental impairment is in question, the Department may require the client to provide documentation from a qualified and appropriate medical professional.

(3) A client is excused for good cause from a failure to comply with a program requirement, including an activity in a case plan (both terms defined in OAR 461-001-0025) in the following circumstances:

(a) Participation in a required activity in a case plan would have an adverse effect on or risk to the client's physical or mental health or would expose the client to increased risk of domestic violence (see OAR 461-001-0000).

(b) Except in the SNAP program, participation is likely to cause undue hardship for the dependent child (see OAR 461-001-0000) or the client.

(c) Appropriate child care, or day care for an individual in the household who has a disability (see OAR 461-001-0000 and 461-001-0015 as applicable) that substantially reduces or eliminates the individual's ability to care for himself or herself, cannot be obtained. "Appropriate child care" means that:

(A) Both the provider and the place where care is provided meet health, safety, and provider requirements as required in OAR 461-165-0180;

(B) The care accommodates the parent's work schedule; and

(C) The care meets the specific needs of the dependent child, such as age and special-needs requirements.

(d) The work attachment position or employment offered is vacant due to a strike, lockout, or other labor dispute.

(e) The work attachment position or employment requires the client to join a union, and the client has religious objections to unions.

(f) The client belongs to a union and the employment violates the conditions of the client's membership in the union.

(g) The wage for the client's current or potential job is:

(A) Less than applicable minimum wage; or

(B) If minimum wage laws do not apply, the wage (rate for piece work) is less than that normally paid for similar work.

(h) The client's prospective employer engages in employment practices that are illegally discriminatory on the basis of age, sex, race, religious or political belief, marital status, disability, sexual orientation, or ethnic origin.

(i) The client's participation in a required activity in a case plan would prevent or interfere with the client's participation in an activity of the Grande Ronde Tribe's NEW program.

(j) The client's failure to participate is due to a circumstance beyond his or her reasonable control.

(k) When the failure to comply is caused by an aspect of the client's disability, including the Department's failure to provide a reasonable accommodation.

(l) The client quits a job to accept another job with a monthly income at least equal to the monthly income of the first job.

(m) The Department determines there are no appropriate activities or necessary support services (see OAR 461-001-0025) to support an activity (see OAR 461-001-0025) in order for the client to participate.

(n) In the REF program:

(A) If the client has no means of transportation and would have to walk an unreasonable distance to meet the participation requirement. An "unreasonable distance" is a distance that requires a commute of more than two hours each day; or

(B) If the hours or nature of the job interferes with the client's religious observances, convictions, or beliefs.

(4) In the SNAP program, a client is excused from not accepting employment or for leaving a job under the following circumstances:

(a) The hours or nature of the job interferes with the client's religious observances, convictions, or beliefs.

(b) The client accepts employment or enrolls at least half-time in any recognized school, training program, or institution of higher education that requires the client to quit a job.

(c) A client accepts employment or enrolls in school in another county, requiring the benefit group (see OAR 461-110-0750) to move and the client to quit a job.

(d) A client less than 60 years of age resigns, and the employer recognizes the resignation as retirement.

(e) The client leaves a job to follow a type of employment that moves from one area to another, such as migrant labor or construction.

(f) The client accepts a job that, for reasons beyond the control of the client, does not materialize or results in fewer work hours or a lower wage than the client's previous job.

(g) Work demands or conditions, such as not being paid for work or not being paid on schedule, make employment unreasonable.

(h) The wage for the client's current or potential job is less than applicable minimum wage or, if minimum wage laws do not apply, the wage (rate for piece work) is less than that normally paid for similar work.

(i) The work schedule for the job in question does not conform to hours customary to the occupation or the hours worked each week are more than those customary to the occupation.

(j) The client is not obligated to accept a job during the first 30 days of registration for employment if the job is not in the client's field of experience.

(k) The client has no means of transportation and would have to walk an unreasonable distance to meet the participation requirement. An "unreasonable distance" is a distance that requires a commute of more than two hours each day. The client must make a good-faith effort to secure the needed transportation.

(l) Lack of adequate child care for a child who is six years of age or older and less than 12 years of age.

461-130-0330

Disqualifications; Pre-TANF, REF, SNAP, TANF

(1) In the Pre-TANF, REF, SNAP, and TANF programs, the Department may not disqualify from program benefits a client who is a volunteer (see OAR 461-130-0305 and 461-130-0310) participant in an employment program.

(2) In the Pre-TANF and TANF programs, a mandatory (see OAR 461-130-0305) client who fails to comply with an employment program participation requirement and does not have good cause (see OAR 461-130-0327) for the failure to comply is subject to disqualification under this rule only after the requirements of all of the following subsections are met:

(a) The client has had the opportunity to participate in the re-engagement process under OAR 461-190-0231.

(b) The Department has determined the client is willfully non-compliant and does not have good cause for failing to comply with a requirement of the program.

(c) The Department has offered (and the client has refused) or conducted screenings (and assessed if appropriate) for physical or mental health needs, substance abuse, domestic violence (see OAR 461-001-0000), and learning needs.

(d) The Department has determined the client has no barriers (see OAR 461-001-0025) or refuses to take appropriate steps to address identified barriers.

(e) The Department has determined the client has not met federally required participation rates (see OAR 461-001-0025).

(f) The Department has assessed for any risk of harm posed to the children by a reduction in cash assistance.

(3) In the REF program, a mandatory client who fails to comply with an employment program participation requirement and does not have good cause for failure to comply is subject to disqualification under this rule only after the requirements of all of the following subsections are met:

(a) The client has had the opportunity to participate in the re-engagement process under OAR 461-190-0231.

(b) The Department has determined the client is willfully non-compliant and does not have good cause for failing to comply with a requirement of the program.

(c) The Department has offered available screenings (and the client has refused) or conducted available screenings (and assessed if appropriate) for physical or mental health needs, substance abuse, domestic violence, and learning needs.

(d) The Department has determined the client has no barriers or refuses to take appropriate steps to address identified barriers.

(4) In the REF program, the effects of a disqualification are progressive. There are two levels of disqualification:

(a) At the first level of disqualification, the penalty is the removal of the disqualified client from the need group (see OAR 461-110-0630) for three months. If the disqualified client is the only member of the filing group (see OAR 461-110-0310 and 461-110-0430), the assistance is terminated.

(b) At the second level, the penalty is the removal of the disqualified client from the need group for six months. If the disqualified client is the only member of the filing group, the assistance is terminated.

(5) In the TANF program, the effects of a JOBS disqualification are progressive. There are four levels of disqualification. Once a disqualification is imposed, it affects benefits according to the following schedule until the disqualification ends in accordance with OAR 461-130-0335:

(a) At the first level, the penalty is a 25 percent reduction in benefits.

(b) At the second level, the penalty is a 50 percent reduction in benefits.

(c) At the third level, the penalty is a 75 percent reduction in benefits.

(d) At the fourth level, the penalty is a 100 percent reduction in benefits.

(e) At the end of the fourth level, program benefits are closed and the filing group (see OAR 461-110-0310 and 461-110-0330) may not receive program benefits for the following two consecutive months.

(6) In the SNAP program:

(a) A mandatory client not covered under subsection (b) of this section who fails to comply with the requirements of an employment program without good cause (see OAR 461-130-0327) is subject to disqualification. A disqualified client is removed from the need group until he or she meets the employment program requirements and serves the applicable progressive disqualification under the following subsections:

(A) One calendar month for the first failure to comply.

(B) Three calendar months for the second failure to comply.

(C) Six calendar months for the third and subsequent failures to comply.

(b) A mandatory client who is an ABAWD (see OAR 461-135-0520) residing in Multnomah or Washington County or a mandatory client who is served by an office that does not offer OFSET (see OAR 461-190-0310) who fails to comply with the requirement to maintain employment in OAR 461-130-0315(1)(f)(B) is subject to disqualification as provided in subsection (a) of this section. See OAR 461-135-0520 for additional employment participation requirements for ABAWD clients.

(c) A client who is exempt (see OAR 461-130-0305) from participation in the SNAP employment program because he or she is a mandatory participant in the JOBS program, receiving unemployment compensation benefits, or has applied for unemployment compensation benefits and is waiting on an initial decision must comply with the requirements of those programs. If the client fails to comply with the requirements of the applicable program the client is disqualified from receiving SNAP benefits, unless he or she can show good cause under OAR 461-130-0327.

461-130-0335

Removing Disqualifications and Effect on Benefits

(1) An applicant who would be subject to an employment program disqualification under OAR 461-130-0330 but withdraws the application before benefits are approved is not subject to disqualification.

(2) In the REF, SNAP, and TANF programs, a filing group (see OAR 461-110-0330, 461-110-0370, and 461-110-0430) is not subject to the impact of a disqualification for a disqualified member who has left the household group (see OAR 461-110-0210). If the member joins another filing group, that group is subject to the member's most recent disqualification.

(3) In the REF program, a disqualification ends when:

(a) The Department changes the participation classification of the disqualified individual to exempt (see OAR 461-130-0305); or

(b) REF program benefits are closed for a reason other than described in OAR 461-130-0330(4).

(4) In the TANF program, an individual disqualified for failure to meet the requirements of an employment program under division 190 of these rules:

(a) At the first, second, third, and fourth level of disqualification must cooperate for two consecutive weeks with each activity (see OAR 461-001-0025) specified in the individual's current or revised case plan (see OAR 461-001-0025) before the Department may remove the disqualification. Cash benefits are restored effective the date the individual completes the two consecutive week cooperation period.

(b) When the fourth level of disqualification ends, TANF program benefits are closed and the filing group is ineligible for TANF program benefits for two consecutive months, unless the individual contacts a representative of the Department and agrees to each activity specified in the individual's current or revised case plan before the end of the fourth level. If the individual completes the two consecutive weeks of cooperation, cash benefits are restored effective the date the individual completes the two consecutive week cooperation period.

(c) Cash benefits are restored effective the date it is determined, by the Department, there are no appropriate activities or support services (see OAR 461-001-0025) necessary to support the activity available in order for the individual to demonstrate participation.

(5) In the TANF program, a disqualification ends when:

(a) The Department changes the participation classification of the disqualified individual to exempt (see OAR 461-130-0305);

(b) A mandatory (see OAR 461-130-0305) individual in the need group (see OAR 461-110-0630) complies with the requirements of the employment program as provided in section (4) of this rule;

(c) TANF program benefits are closed for a reason other than described in OAR 461-130-0330(5)(e);

(d) The individual is no longer a member of the household group; or

(e) The individual is unable to participate because there is no appropriate activity or support services necessary to support the activity.

(6) In the SNAP program:

(a) The disqualification ends the first day of the month following the month in which information is provided to the Department justifying the change in the individual's participation classification (see OAR 461-130-0310), even if the date falls within the disqualification period provided in OAR 461-130-0330.

(b) A mandatory individual disqualified under OAR 461-130-0330 for failure to meet the requirements of a SNAP employment program must show compliance with the employment and training program for 30 days. The local DHS branch will determine the activities as either work search activities or cooperation with the OFSET contractor.

461-135-0089

Demonstrating Compliance with Substance Abuse and Mental Health Requirements; Restoring Cash Benefits; Pre-TANF, TANF

In the Pre-TANF and TANF programs:

(1) In order to end a penalty imposed under OAR 461-135-0085:

(a) At the first, second, third, and fourth level of disqualification (see OAR 461-130-0330), a client must:

(A) Cooperate for a period of two consecutive weeks with each activity (see OAR 461-001-0025) specified in the client's current or revised case plan (see OAR 461-001-0025); and

(B) Demonstrate a willingness to participate in treatment required under OAR 461-135-0085 if treatment is still required.

(b) When the fourth level of disqualification (see OAR 461-130-0330) ends, program benefits are closed for two consecutive months, unless the client:

(A) Contacts a representative of the Department and agrees to each activity in the case plan before the end of the fourth level; and

(B) Demonstrates a willingness to participate in treatment required under OAR 461-135-0085 if treatment is still required.

(2) The penalty imposed under OAR 461-135-0085 ends when:

(a) TANF program benefits are closed for a reason other than described in OAR 461-130-0330(5)(e); or

(b) The individual complies with the requirements of section (1) of this rule.

(3) When the Department removes a disqualification due to a client's compliance with the requirements under OAR 461-135-0085, cash benefits are restored effective the date the client completed the two consecutive week cooperation period.

461-135-0400

Specific Requirements; ERDC

(1) The Department makes payments for child care, including care covered by the ERDC program, subject to the provisions of division 165 of this chapter of rules.

(2) To be eligible for ERDC, a filing group (see OAR 461-110-0310 and 461-110-0350) must meet the requirements of all of the following subsections:

(a) Except as provided in subsection (c) of this section, every caretaker (see OAR 461-001-0000) in the filing group must receive income from employment. This includes self-employment (see OAR 461-145-0910) and employment through a work study program.

(b) The filing group must include a child (see OAR 461-001-0000) who needs child care.

(c) The filing group must have an allowable child care need as described in OAR 461 160 0040. If there are two adults required to be in the filing group, and one of the adults is unemployed, the unemployed adult is considered available to provide child care, making the filing group ineligible, except in the following situations:

(A) The unemployed adult is physically or mentally unable to provide adequate child care. This must be verified (see OAR 461-125-0830).

(B) The unemployed adult is unavailable to provide child care while participating in the requirements of a case plan (see OAR 461-001-0025) other than requirements associated with post-secondary education.

(C) Confirmation is received from the Office of Child Welfare Programs that supervised contact is required between the child and an unemployed parent (see OAR 461-001-0000) or spouse (see OAR 461-001-0000) who is living in the home with the child.

(d) The filing group must use a child care provider who meets the requirements in OAR 461-165-0160 and 461-165-0180.

(e) The child needing child care must meet the citizenship or alien status requirements of OAR 461-120-0110.

(f) The filing group must certify that they do not exceed the resource limit in OAR 461-160-0015 and must meet the income limits in 461-155-0150.

(3) A filing group not willing to obtain a Certificate of Immunization Status for the child is not eligible for a child care payment for more than twelve calendar months, or longer if child care continues under OAR 461-160-0040(5).

(4) The child care must be necessary to enable the caretaker to remain employed, including self-employed.

(5) A filing group is not eligible for child care when the caretaker or parent in the filing group receives a grant for child care from the Oregon Student Assistance Commission for any month the grant is intended to cover, regardless of when the grant is received.

461-135-0521
Job Quit by Applicants; SNAP

(1) An applicant who is required to meet the SNAP employment and training requirements in OAR 461-130-0305 and 461-130-0315, who voluntarily and without good cause (see OAR 461-130-0327) quits a job or reduces the weekly number of hours of work to below 30, is ineligible for SNAP benefits.

(2) For purposes of this rule, an individual quits a job upon quitting a job of at least 30 hours a week or the equivalent of 30 hours a week multiplied by the federal minimum wage.

(3) The period of ineligibility is determined as follows. If the filing date falls within the 30-day period following a job quit or work reduction described in sections (1) and (2) of this rule, the person who quit the job or reduced work hours will be ineligible during the month in which the filing date falls and for the appropriate disqualification of one, three or six calendar months (see OAR 461-130-0330).

461-145-0360
Motor Vehicle

(1) The value of disability-related apparatus, optional equipment, or low mileage is not considered in determining the fair market value (see OAR 461-001-0000) of an automobile, truck, or van. The fair market value of an automobile, truck, or van is presumed to be the "average trade-in value" established in the National Automobile Dealers Association's (NADA) Used Car Guide, Kelley Blue Book, or similar publication. A client may rebut the presumption with a statement from a car dealer, mechanic, or other reliable source. If the vehicle is not listed in the NADA Used Car Guide, Kelley Blue Book, or a similar publication, the estimate of the value by the client may be accepted unless it appears questionable, in which case additional evidence of the value is required.

(2) Some programs permit an exclusion for a portion of the equity value (see OAR 461-001-0000) for any licensed and unlicensed motor vehicles owned by the financial group (see OAR 461-110-0530):

(a) In the REF, REFM, SNAP, and TANF programs, this exclusion is up to $10,000.

(b) In the GA and GAM programs, this exclusion is up to $4,500.

(c) Any remaining equity in that vehicle and the total equity value of all other vehicles is counted as a resource.

(3) In the EA and ERDC programs, all motor vehicles are excluded.

(4) In the OSIP, OSIPM, and QMB-DW programs:

(a) The total value of a vehicle selected by the financial group is excluded if it is used for transportation of the client or a member of the client's household.

(b) The total equity value of any vehicle not excluded under subsection (a) of this section and all other vehicles is counted as a resource.

(5) In the OSIP-EPD and OSIPM-EPD programs, if a vehicle was purchased as an employment and independence expense (see OAR 461-001-0035) or with moneys from an approved account (see OAR 461-001-0035), the total value of the vehicle is excluded.

461-155-0150
Child Care Eligibility Standard, Payment Rates, and Copayments

The following provisions apply to child care in the ERDC, JOBS, JOBS Plus, and TANF programs:

(1) The following definitions apply to the rules governing child care rates:

(a) Infant: For all providers other than licensed (registered or certified) care, a child aged newborn to 1 year. For licensed care, an infant is a child aged newborn to 2 years.

(b) Toddler: For all providers other than licensed (registered or certified) care, a child aged 1 year to 3 years. For licensed care, a toddler is a child aged 2 years to 3 years.

(c) Preschool: A child aged 3 years to 6 years.

(d) School: A child aged 6 years or older.

(e) Special Needs: A child who meets the age requirement of the program (ERDC or TANF) and who requires a level of care over and above the norm for his or her age due to a physical, behavioral, or mental disability. The need for a higher level of care must be determined by the provider and the disability must be verified by one of the following:

(A) A physician, nurse practitioner, clinical social worker, or any additional sources in OAR 461-125-0830.

(B) Eligibility for Early Intervention and Early Childhood Special Education Programs, or school-age Special Education Programs.

(C) Eligibility for SSI.

(2) The following definitions apply to the types of care specified in the child care rate charts in subsections (4)(a) through (4)(c) of this rule:

(a) The Standard Family Rate applies to child care provided in the provider's own home or in the home of the child when the provider does not qualify for the enhanced rate allowed by subsection (b) of this section.

(b) The Enhanced Family Rate applies to child care provided in the provider's own home or in the home of the child when the provider meets the training requirements of the Oregon Registry, established by the Oregon Center for Career Development in Childhood Care and Education.

(c) The Registered Family Rate applies to child care provided in the provider's own home when the provider meets criteria established by the Office of Child Care.

(d) The Certified Family Rate applies to child care provided in a residential dwelling that is certified by the Office of Child Care as a Certified Family Home. To earn this designation, the facility must be inspected, and both provider and facility are required to meet certain standards not required of a registered family provider.

(e) The Standard Center Rate applies to child care provided in a facility that is not located in a residential dwelling and is exempt from Office of Child Care Certification rules (see OAR 414-300-0000).

(f) The Enhanced Center Rate applies to child care provided in an exempt center whose staff meet the training requirements of the Oregon Registry established by the Oregon Center for Career Development in Childhood Care and Education. Eligibility to receive the enhanced center rate for care provided in an exempt center is subject to the following requirements:

(A) A minimum of one staff member for every 20 children in care must meet the Oregon Registry training requirements noted in subsection (b) of this section.

(B) New staff must meet the Oregon Registry training requirements within 90 days of hire, if necessary to maintain the trained staff-to-children ratio described in paragraph (A) of this subsection.

(C) There must be at least one person present where care is provided who has a current certificate in infant and child CPR and a current American Red Cross First Aid card or an equivalent.

(g) An enhanced rate will become effective not later than the second month following the month in which the Department receives verification that the provider has met the requirements of subsection (b) or (f) of this section.

(h) The Certified Center Rate applies to child care provided in a center that is certified by the Office of Child Care.

(3) The following provisions apply to child care payments:

(a) Providers not eligible for the enhanced or licensed rate will be paid at an hourly rate for children in care less than 158 hours per month subject to the maximum full-time monthly rate.

(b) Providers eligible for the enhanced or licensed rate will be paid at an hourly rate for children in care less than 136 hours a month, unless the provider customarily bills all families at a part-time monthly rate subject to the maximum full-time monthly rate and is designated as the primary provider for the case.

(c) At their request, providers eligible for the enhanced or licensed rate may be paid at the part-time monthly rate if they provide 63 or more hours of care in the month, customarily bill all families at a part-time monthly rate, and are designated as the primary provider for the case.

(d) Unless required by the circumstances of the client or child, the Department will not pay for care at a part-time monthly or a monthly rate to more than one provider for the same child for the same month.

(e) The Department will pay at the hourly rate for less than 63 hours of care in the month subject to the maximum full-time monthly rate.

(f) The Department will pay for up to five days each month the child is absent if:

(A) The child was scheduled to be in care and the provider bills for the amount of time the child was scheduled to be in care; and

(B) It is the provider's policy to bill all families for absent days.

(g) The Department will not pay for more than five consecutive days of scheduled care for which the child is absent.

(h) Child care providers are eligible to receive an incentive payment upon achieving and maintaining a three star or higher rating with the Quality Rating Improvement System (QRIS) subject to all of the following provisions.

(A) The incentive payment is in addition to the Department maximum rate.

(B) A provider may receive an incentive payment for any ERDC child that the Department paid the provider for full-time care (136 hours or more).

(C) Providers who are contracted for child care services through the ERDC program are not eligible to receive incentive payments.

(D) Eligibility for the incentive payment is effective the month after the QRIS rating has been achieved.

(E) The incentive payment amount is based on the provider's star QRIS rating as follows: [Table not included. See ED. NOTE.]

(4) The following are the child care rates based on the type of provider, the location of the provider (shown by zip code), the age of the child, and the type of billing used (hourly or monthly):

(a) [Table not included. See ED. NOTE.]

(b) [Table not included. See ED. NOTE.]

(c) [Table not included. See ED. NOTE.]

(5) Except to the extent provided otherwise in section (12) or (13) of this rule or for children in contracted child care (see OAR 461-135-0405 and 461-135-0407), this section establishes the ERDC eligibility standard and the client's copayment (copay).

(a) At initial certification, the ERDC eligibility standard is met for a need group (see OAR 461-110-0630) of eight or less if monthly countable income (see OAR 461-001-0000) for the need group is less than 185 percent of the federal poverty level (FPL), as described in OAR 461-155-0180. The eligibility standard for a need group of eight applies to any need group larger than eight.

(b) During the certification period (see OAR 461-001-0000) and at recertification the ERDC eligibility standard is met for a need group of eight or less if monthly countable income for the need group during the 12 month period is less than 250 percent FPL or 85 percent state median income (SMI), whichever is higher, as described in OAR 461-155-0180. The eligibility standard for a need group of eight applies to any need group larger than eight.

(c) The minimum monthly ERDC copay is $25.

(d) The filing group may not exceed the resource limit in OAR 461-160-0015.

(e) For a filing group (see OAR 461-110-0310) whose countable income is at or below 50 percent of the 2007 FPL, the copay is $25 or 1.5 percent of the filing group's monthly countable income, whichever is greater.

(f) For a filing group whose countable income is over 50 percent of the 2007 FPL, the copay amount is determined with the following percentage of monthly income:

(A) Divide the filing group's countable income by the 2007 FPL, drop all digits beyond two decimal points, subtract 0.5, and multiply this difference by 0.12.

(B) Add .015 to the amount in paragraph (A) of this subsection. This sum is the percentage of monthly income used to determine the copay amount. Multiply this sum by the filing group's countable income and round to the nearest whole dollar.

(g) The 2007 federal poverty level used to determine copay amounts under subsections (d) and (e) of this section is set at the following amounts: [Table not included. See ED. NOTE.]

(6) Subject to the provisions in section (9) of this rule, the monthly limit for each child's child care payments is the lesser of the amount charged by the provider or providers and the following amounts:

(a) The monthly rate provided in section (4) of this rule.

(b) The product of the hours of care, limited by section (8) of this rule, multiplied by the hourly rate provided in section (4) of this rule.

(7) The limit in any month for child care payments on behalf of a child whose caretaker is away from the child's home for more than 30 days because the caretaker is a member of a reserve or National Guard unit that is called up for active duty is the lesser of the following:

(a) The amount billed by the provider or providers.

(b) The monthly rate established in this rule for 215 hours of care.

(8) The number of payable billed hours of care for a child is limited as follows:

(a) In the ERDC and TANF programs, the total payable hours of care in a month may not exceed the amounts in paragraphs (A) or (B) of this subsection:

(A) 125 percent of the number of child care hours authorized:

(i) Under OAR 461-160-0040(2) and (5); or

(ii) To participate in activities included in a case plan (see OAR 461-001-0025) including, for clients in the JOBS Plus program, the time the client searches for unsubsidized employment and for which the employer pays the client.

(B) The monthly rate established in section (4) of this rule multiplied by a factor of not more than 1.5, determined by dividing the number of hours billed by 215, when the client meets the criteria for extra hours under section (10) of this rule.

(b) In the ERDC program, for a client who earns less than the Oregon minimum wage, the total may not exceed 125 percent of the anticipated earnings divided by the state minimum wage not to exceed 172 hours (which is full time).

(c) In the TANF program, for a client who earns less than the Oregon minimum wage or is self-employed, the total may not exceed 125 percent of the anticipated earnings divided by the state minimum wage not to exceed 172 hours (which is full time). The limitation of this subsection is waived for the first three months of the client's employment.

(d) In the ERDC program, employed caretakers eligible under OAR 461-135-0400 may have education hours added to the authorized work hours. Education hours may not exceed authorized work hours and combined hours may not exceed 215 hours per month. Education hours are hours required to participate in coursework that leads to a certificate, degree, or job-related knowledge or skills attainment at an institution of higher education approved to receive federal financial aid.

(9) The limit in any month for child care payments on behalf of a child whose caretaker has special circumstances, defined in section (10) of this rule, is the lesser of one of the following:

(a) The amount billed by the provider or providers; or

(b) The monthly rate established in section (4) of this rule multiplied by a factor, of not more than 1.5, determined by dividing the number of hours billed by 215.

(10) The limit allowed by section (9) of this rule is authorized once the Department has determined the client has special circumstances. For the purposes of this section, a client has special circumstances when it is necessary for the client to obtain child care in excess of 215 hours in a month to perform the requirements of his or her employment or training required to keep current employment, not including self-employment. This is limited to the following situations:

(a) The commute time to and from work exceeds two hours per day.

(b) The caretaker works an overnight shift and care is necessary for both work hours and sleep hours.

(c) The caretaker works a split shift and it is not feasible to care for the child between shifts.

(d) The caretaker consistently works more than 40 hours per week.

(11) The payment available for care of a child who meets the special needs criteria described in subsection (e) of section (1) of this rule is increased in accordance with OAR 461-155-0151 if the requirements of both of the following subsections are met:

(a) The child requires significantly more direct supervision by the child care provider than normal for a child of the same age.

(b) The child is enrolled in a local school district Early Intervention or Early Childhood Special Education program or school-age Special Education Program. The enrollment required by this subsection is waived if determined inappropriate by a physician, nurse practitioner, licensed or certified psychologist, clinical social worker, or school district official.

(12) Effective May 1, 2012:

(a) The minimum monthly ERDC copay is $27.

(b) Except as stated in subsection (a) of this section, the Department adds 10 percent to the monthly client copay amount set under section (5) of this rule by multiplying the copay amount by 1.1 and rounding down to the nearest whole dollar.

(13) Effective April 1, 2016, the ERDC copay is $27 for no more than three months after closure of Pre-TANF, SFPSS, or TANF benefits when:

(a) The closure is because an individual in the need group had earned income that led to the TANF closure;

(b) An ERDC date of request (see OAR 461-115-0030) is established within 90 days of closure; and

(c) The individual is eligible for ERDC.

461-160-0010

Use of Resources in Determining Financial Eligibility

Countable (see OAR 461-001-0000) resources are used to determine eligibility (see OAR 461-001-0000) as follows:

(1) In the EA program, the countable resources of a financial group (see OAR 461-110-0530) are used to reduce benefits.

(2) In the ERDC, GA, GAM, QMB-DW, REF, SNAP, and TANF programs, a need group (see OAR 461-110-0630) is not eligible for benefits if the financial group has countable resources above the resource limit (see OAR 461-160-0015).

(3) In the OSIP (except OSIP-EPD) and OSIPM (except OSIPM-EPD) programs, a need group (see OAR 461-110-0630) is not eligible for benefits if the financial group has countable resources above the resource limit (see OAR 461-160-0015).

(a) When a child (see OAR 461-001-0000) is applying, the parental resources (see subsection (b) of this section) are deemed available to the child. The amount deemed available to the child is the amount the parental resources exceed the resource limit (see OAR 461-160-0015) of:

(A) A one person need group, if one parent (see OAR 461-001-0000) lives in the child's household; or

(B) A two person need group, if two parents (or one parent and the spouse (see OAR 461-001-0000) of that parent) live in the child's household.

(b) As used in this section, "parental resources" means the countable resources of:

(A) Each parent in the child's financial group, and

(B) Each spouse of a parent in the child's financial group.

(c) If more than one child is applying, the value of the deemed resources is divided evenly between the applying children.

(d) The parental resources are not deemed available to an ineligible child.

(e) The value of the parental resources is subject to deeming whether or not those resources are available to the child.

(4) In the OSIP-EPD and OSIPM-EPD programs:

(a) A need group is not eligible for benefits if the financial group has countable resources above the resource limit (see OAR 461-160-0015).

(b) Any money in an approved account (see OAR 461-001-0035) is excluded during the determination of eligibility.

(c) Assets purchased from moneys in an approved account are excluded, provided they meet the requirements of OAR 461-145-0025.

(d) Assets purchased as employment and independence expenses (see OAR 461-001-0035) are excluded, provided they meet the requirements of OAR 461-145-0025.

(5) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, all resources are excluded and have no effect on eligibility (see OAR 461-160-0015).

461-160-0015

Resource Limits

(1) In the EA program, all countable (see OAR 461-001-0000) resources must be used to meet the emergent need.

(2) In the ERDC program, the limit is $1,000,000.

(3) In the REFM program, there is no resource limit.

(4) In the GA, GAM, OSIP, and OSIPM programs, the resource limit is as follows:

(a) $2,000 for a one-person need group (see OAR 461-110-0630) and $3,000 for a two-person need group.

(b) $1,000 for an OSIP need group eligible under OAR 461 135 0771. The total cash resources may not exceed $500 for a one-person need group or $1,000 for a two-person need group.

(c) $5,000 for the OSIP-EPD and OSIPM-EPD programs (see OAR 461-001-0035 and 461-145-0025 for funds that may be excluded as approved accounts).

(5) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, all resources are excluded.

(6) In the QMB-DW program, the resource limit is amended in January of each year based on the low income subsidy for Medicare Part D as published by the Health Resources and Services Administration of the U.S. Department of Health and Human Services. Effective January 1, 2015 the resource limit is $7,280 for a one-person need group and $10,930 for a need group containing two or more individuals.

(7) In the REF program, the resource limit is:

(a) $2,500 for any of the following:

(A) A new REF applicant for benefits.

(B) REF need group that has at least one mandatory (see OAR 461-130-0305) participant in an employment program who is:

(i) Receiving REF and not progressing in a required activity of an open case plan; or

(ii) Serving a current employment program disqualification (see OAR 461-130-0330).

(b) $10,000 for a need group not covered under subsection (a) of this section.

(8) In the SNAP program, the resource limit is:

(a) $3,250 for a financial group (see OAR 461-110-0530) with at least one member who is elderly (see OAR 461-001-0015) or an individual with a disability (see OAR 461-001-0015).

(b) $2,250 for all other financial groups.

(9) In the TANF program, the resource limit is:

(a) $2,500 for any of the following:

(A) A new TANF applicant for benefits.

(B) TANF need group that does not have at least one caretaker relative (see OAR 461-001-0000) or parent (see OAR 461-001-0000) who is receiving TANF.

(C) TANF need group that has at least one JOBS participant who is:

(i) Receiving TANF and not progressing in an activity (see OAR 461-001-0025) of an open JOBS case plan (see OAR 461-001-0025); or

(ii) Serving a current JOBS disqualification (see OAR 461-130-0330).

(b) $10,000 for a need group not covered under subsection (a) of this section.

461-160-0410
Use of Income and Income Deductions When There Are Ineligible or Disqualified Group Members; SNAP

When a member of the filing group (see OAR 461-110-0310 and 461-110-0370) is not in the need group (see OAR 461-110-0630), benefits in the SNAP program are calculated as follows:

(1) If the member is a qualified non-citizen (see OAR 461-120-0125(1)(a)–(g)) who does not meet the alien status requirements, the following procedure is used:

(a) Benefits are calculated as if the qualified non-citizen is eligible. Benefits are then calculated as if the qualified non-citizen is not a member of the filing group. Any income received by another member of the filing group from the qualified non-citizen is counted as income of the filing group. No expenses paid by the qualified non-citizen are deducted from gross income.

(b) The household's benefits are the lesser of the amounts calculated in subsection (a) of this section.

(2) The process described in sections (3) and (4) of this rule is used if the member is:

(a) A non-citizen but not a qualified non-citizen;

(b) Disqualified for failing to obtain or provide a Social Security Number;

(c) Unwilling to disclose alien status; or

(d) An ABAWD (see OAR 461-135-0520) who is ineligible because of the time limit in OAR 461-135-0520.

(3) If the member is in a group described in section (2) of this rule:

(a) The member's countable (see OAR 461-001-0000) income is prorated among the members in the filing group.

(b) The pro rata share of each individual not in the benefit group (see OAR 461-110-0750) is excluded.

(c) The rest of the prorated income is countable income for the filing group.

(4) An ineligible or disqualified member covered by section (2) of this rule is entitled to all income deductions for which the member qualifies. When paid by the member, or billed to the member and unpaid, deductions for shelter, child support, medical costs, and dependent care are calculated as follows:

(a) The deductions, except deductions for the utility standard, are prorated among the members of the filing group.

(b) The prorated share of the members of the benefit group is deducted.

(c) The deduction for the utility standard is made in accordance with OAR 461-160-0420.

(5) The countable income of the following financial group (see OAR 461-110-0530) members, subject to allowable deductions, is used to determine benefits:

(a) A client disqualified for failure to comply with the requirements of the OFSET program or because of an intentional program violation.

(b) A client:

(A) Fleeing to avoid prosecution, or custody or confinement after conviction, under the law of the place from which the client is fleeing, for a crime, or attempt to commit a crime, that is a felony under the law of the place from which the client is fleeing or that, in the case of New Jersey, is a high misdemeanor under the law of New Jersey; or

(B) Violating a condition of probation or parole imposed under a federal or state law.

461-165-0010
Legal Status of Benefit Payments

(1) Under Oregon law, cash benefits are not subject to assignment, transfer, garnishment, levy, or execution, as long as they can be identified as program payments and are separate from other money in the client's possession.

(2) A cash payment, once issued to or on behalf of the client, becomes vested in the client.

(3) Except for electronic benefit transfer (EBT), the Department considers a benefit issued if the check has been handed to the client in the branch office, or mailed to the client. The Department considers a benefit issued, and received by the client, when a direct check deposit is made to the client's bank account.

(4) For EBT, the Department considers benefits issued and received when an EBT card and personal identification number (PIN) have been issued in person to the client, or the EBT card and PIN have been received by the client in the mail during conversion, and the benefits have been deposited to the client's EBT account.

(5) SNAP program benefits issued by EBT remain available for client access for 12 calendar months from the date of issuance. The EBT system expunges unused benefits after 12 calendar months.

(6) Benefits, once issued, are unrestricted and do not require accountability for individual expenditures or amounts, unless limited elsewhere in rule.

(7) In the TA-DVS program, a payment issued on behalf of a client as a vendor or dual payee payment or directly to the client becomes vested in the client when issued. The Department considers the benefit to be issued if the Department has mailed the payment to the vendor or has hand delivered or mailed a dual payee check to the client. Benefits in the TA-DVS program are restricted to uses outlined in OAR 461-135-1230.

(8) In the REF program:

(a) Cash benefits are provided to help meet the basic needs of low-income refugees and may not be used in any electronic benefit transfer transaction (see section (10) of this rule) in:

(A) Any liquor store (see section (10) of this rule);

(B) Any casino, gambling casino, or gaming establishment;

(C) Any retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment; or

(D) Any marijuana dispensary.

(b) The Department will take steps to ensure clients have adequate access to their cash benefits.

(9) In the SFPSS and TANF programs:

(a) Cash benefits are provided to help meet the basic needs of low-income families with dependent children (see OAR 461-001-0000) and may not be used in any electronic benefit transfer transaction in:

(A) Any liquor store;

(B) Any casino, gambling casino, or gaming establishment;

(C) Any retail establishment which provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment; or

(D) Any marijuana dispensary.

(b) The Department will take steps to ensure clients have adequate access to their cash benefits.

(10) For purposes of sections (8) and (9) of this rule:

(a) The term "liquor store" means any retail establishment which sells exclusively or primarily intoxicating liquor. Such term does not include a grocery store which sells both intoxicating liquor and groceries including staple foods (as defined in the Food and Nutrition Act of 2008 (7 U.S.C. 2012)).

(b) The terms "casino", "gambling casino", and "gaming establishment" do not include:

(A) A grocery store which sells groceries including such staple foods and which also offers, or is located within the same building or complex as, casino, gambling, or gaming activities; or

(B) Any other establishment that offers casino, gambling, or gaming activities incidental to the principal purpose of the business.

(c) The term "electronic benefit transfer transaction" means the use of a credit or debit card service, automated teller machine, point-of-sale ter-

minal, or access to an online system for the withdrawal of funds or the processing of a payment for merchandise or a service.

461-165-0180
Eligibility of Child Care Providers

(1) The Department must approve a child care provider to receive payment for child care if information available to the Department provides no basis for denying eligibility unless the Department determines, following a preliminary or final fitness determination (see OAR 407-007-0320) or Child Protective Service (CPS) records checks, that the provider or other subject individual (see OAR 407-007-0210(30)(a)(A), (B), (F), (I), and (P)) is not eligible for payment.

(2) Ineligibility for payment may result from any of the following:

(a) A finding of "denied".

(A) A provider may be denied under OAR 461-165-0410 and 461-165-0420. If, after conducting a weighing test as described in OAR 407-007-0210, the Department finds substantial risk to the health or safety of a child (see OAR 461-001-0000) in the care of the provider, the provider must be denied and is ineligible for payment.

(B) A provider who has been denied has the right to a hearing under OAR 407-007-0330.

(b) A finding of "failed".

(A) A provider may be failed if the Department determines, based on a specific eligibility requirement and evidence, that a provider does not meet an eligibility requirement of this rule not covered in paragraph (c)(A) of this section.

(B) While the provider is in failed status:

(i) The Department does not pay any other child care provider for child care at the failed provider's site.

(ii) The Department does not pay a child care provider at another site if the failed provider is involved in the child care operation unless the Department determines that the reasons the provider is in failed status are not relevant to the new site.

(C) A provider with a status of "failed" may reapply at any time by providing the required documents and information to the Department for review.

(c) A finding of "suspended".

(A) A provider may be suspended if the Department determines and provides notice that the provider does not meet an eligibility requirement in the following subsections and paragraphs of section (7) of this rule: (d), (e), (h), (i), (j), (k), (L), (o)(H), (o)(I), (o)(L), or (t) or in section (10) of this rule. A provider who has been suspended may challenge this status by requesting a contested case hearing subject to the requirements and limitations of OAR 461-025.

(B) While the provider is in suspended status:

(i) The provider is ineligible for payment for at least six months.

(ii) The Department does not pay any other child care provider for child care at the suspended provider's site.

(iii) The Department does not pay a child care provider at another site if the suspended provider is involved in the child care operation unless the Department determines that the reasons the provider is in suspended status are not relevant to the new site.

(C) A provider with a status of "suspended" may be eligible for payments after the six month ineligibility period ends when the provider has been approved following reapplication, including providing the required documents and information to the Department for review.

(d) The Department has referred an overpayment against the provider for collection and the claim is unsatisfied.

(3) The provider must submit a completed Child Care Provider Listing Form (DHS 7494) to the Department within 30 calendar days from the date the Department issues the listing form to the client. The provider and each individual identified under section (4) of this rule must complete and sign the authorization for a records check through the Criminal History (CH) record system maintained by the Oregon State Police (OSP), Federal Bureau of Investigation (FBI), and the Child Protective Service (CPS) record system maintained by the Department and, if necessary, an authorization to release information and fingerprint cards. The provider, each individual described in section (4) of this rule, and each subject individual described in OAR 407-007-0210(30)(a)(A), (B), (F), (I) or (P) must fully disclose all requested information as part of the records check.

(4) This rule also establishes additional requirements for the following individuals:

(a) The site director of an exempt child care facility and each employee of the facility who may have unsupervised access to a child in care.

(b) The child care provider and each individual the provider uses to supervise a child in his or her absence.

(c) In the case of a provider who provides care for a child in the provider's home:

(A) Each individual 16 years of age or older who lives in the provider's home; and

(B) Each individual who visits the home of the provider during the hours care is provided and may have unsupervised access to a child in care.

(5) To receive payment or authorization for payment, the provider must meet the requirements of either subsection (a) or (b) of this section:

(a) Currently be certified or registered with the Office of Child Care (OCC) of the Oregon Department of Education (ODE) under OAR 414-205-0000 to 414-205-0170, 414-300-0000 to 414-300-0440, or 414-350-0000 to 414-350-0250 unless legally exempt, and be in compliance with the applicable rules. The provider must also complete the Department's listing process and be approved by the Department.

(b) If legally exempt from being certified or registered with the OCC, complete the Department's background check process and be approved by the Department.

(6) Each individual described in section (4) of this rule must:

(a) Allow the Department to conduct a national criminal history records check through the Oregon State Police and the Federal Bureau of Investigation as specified in OAR 407-007-0250.

(b) Provide, in a manner specified by the Department, information required to conduct CH, FBI, OSP, and CPS records checks and determine whether the provider meets health and safety requirements.

(c) Have a history of behavior that indicates no substantial risk to the health or safety of a child in the care of the provider.

(7) Each provider must:

(a) Obtain written approval from their certifier or certifier's supervisor if the provider is also certified as a foster parent.

(b) Be 18 years of age or older and in such physical and mental health as will not affect adversely the ability to meet the needs of safety, health, and well-being of a child in care.

(c) Not be in the same filing group (see OAR 461-110-0350) as the child cared for and cannot be the parent (see OAR 461-001-0000) of a child in the filing group.

(d) Allow the Department to inspect the site of care while child care is provided.

(e) Keep daily attendance records showing the arrival and departure times for each child in care and billing records for each child receiving child care benefits from the Department. These written records must be retained for a minimum of 12 months and provided to the Department upon request.

(f) Be the individual or facility listed as providing the child care. The provider may only use someone else to supervise a child on a temporary basis if the person was included on the most current listing form and the provider notifies the Department's Direct Pay Unit.

(g) Not bill a Department client for an amount collected by the Department to recover an overpayment or an amount paid by the Department to a creditor of the provider because of a lien, garnishment, or other legal process.

(h) Report to the Department's Direct Pay Unit within five days of occurrence:

(A) Any arrest or conviction of any subject individual or individual described in section (4) of this rule.

(B) Any involvement of any subject individual or individual described in section (4) of this rule with CPS or any other agencies providing child or adult protective services.

(C) Any change to the provider's name or address including any location where care is provided.

(D) The addition of any subject individual or individual described in section (4) of this rule.

(E) Any reason the provider no longer meets the requirements under this rule.

(i) Report suspected child abuse of any child in his or her care to CPS or a law enforcement agency.

(j) Supervise each child in care at all times.

(k) Prevent any individual who behaves in a manner that may harm children from having access to a child in the care of the provider. This includes anyone under the influence (see section (11) of this rule).

(L) Allow the custodial parent of a child in his or her care to have immediate access to the child at all times.

(m) Inform a parent of the need to obtain immunizations for a child and have a completed, up-to-date Oregon shot record called the "Certification of Immunization Status" (CIS) form on file for each child in care.

(n) Take reasonable steps to protect a child in his or her care from the spread of infectious diseases.

(o) Ensure that the home or facility where care is provided meets all of the following standards:

(A) Each floor level used by a child has two usable exits to the outdoors (a sliding door or window that can be used to evacuate a child is considered a usable exit). If a second floor is used for child care, the provider must have a written plan for evacuating occupants in the event of an emergency.

(B) The home or facility has safe drinking water.

(C) The home or facility has a working smoke detector on each floor level and in any area where a child naps.

(D) Each fireplace, space heater, electrical outlet, wood stove, stairway, pool, pond, and any other hazard has a barrier to protect a child. Gates and enclosures have the Juvenile Products Manufacturers Association (JPMA) certification seal to ensure safety.

(E) Any firearm, ammunition, and other items that may be dangerous to children, including but not limited to alcohol, inhalants, tobacco and e-cigarette products, matches and lighters, any legally prescribed or over-the-counter medicine, cleaning supplies, paint, plastic bags, and poisonous and toxic materials are kept in a secure place out of a child's reach.

(F) The building, grounds, any toy, equipment, and furniture are maintained in a clean, sanitary, and hazard free condition.

(G) The home or facility has a telephone in operating condition.

(H) No one may smoke or carry any lighted smoking instrument, including e-cigarettes or vaporizers, in the home or facility or within ten feet of any entrance, exit, window that opens, or any ventilation intake that serves an enclosed area, during child care operational hours or anytime child care children are present. No one may use smokeless tobacco in the home or facility during child care operational hours or anytime child care children are present. No one may smoke or carry any lighted smoking instrument, including e-cigarettes and vaporizers, or use smokeless tobacco in motor vehicles while child care children are passengers.

(I) No one may consume alcohol or use controlled substances (except legally prescribed and over-the-counter medications) or marijuana (including medical marijuana) on the premises (see section (11) of this rule) during child care operational hours or anytime child care children are present. No one under the influence of alcohol, controlled substances (except legally prescribed and over-the-counter medications) or marijuana (including medical marijuana) may be on the premises during child care operational hours or anytime child care children are present. No one may consume alcohol or use controlled substances (except legally prescribed and over-the-counter medications) or marijuana (including medical marijuana) in motor vehicles while child care children are passengers.

(J) Is not a half-way house, hotel, motel, shelter, or other temporary housing such as a tent, trailer, or motor home. The restriction in this paragraph does not apply to licensed (registered or certified) care approved in a hotel, motel, or shelter.

(K) Is not a structure:

(i) Designed to be transportable; and

(ii) Not attached to the ground, another structure, or to any utilities system on the same premises.

(L) Controlled substances (except lawfully prescribed and over-the-counter medications), marijuana (including medical marijuana, marijuana edibles, and other products containing marijuana), marijuana plants, derivatives, and associated paraphernalia may not be on the premises during child care operational hours or anytime child care children are present.

(p) Complete and submit a new listing form every two years, or sooner at the request of the Department, so that the Department may review the provider's eligibility.

(q) Provide evidence of compliance with the Department's administrative rules, upon request of Department staff.

(r) Comply with state and federal laws related to child safety systems and seat belts in vehicles, bicycle safety, and crib standards under 16 CFR 1219 and 1220.

(s) Place infants to sleep on their backs.

(t) Not hold a medical marijuana card; or distribute, grow, or use marijuana (including medical marijuana) or any controlled substance (except lawfully prescribed and over-the-counter medications).

(8) Child Care providers who are License Exempt or Registered Family Child Care Providers with the Office of Child Care (OCC) of the Oregon Department of Education (ODE) under OAR 414-205-0000 to 414-205-0170 must complete the "Basic Child Care Health and Safety" two-hour, web-based training or the three-hour Oregon Kids Healthy and Safe (OKHS) classroom training prior to being approved by the Department.

(a) Prior to June 16, 2014, a provider who sends the Department a Child Care Provider Listing and Provider Information Sheet (DHS 7494) with a revision date of March 2013, or those who attempt to take the web-based training but are unable due to technical difficulties at the training site, will not be failed for not meeting this training requirement.

(b) License Exempt or Registered Family Child Care Providers who are exempt from this training are those who state at least one of the following:

(A) English is a second language.

(B) No internet access is available.

(9) A child care provider not subject to certification or registration with the Office of Child Care (OCC) of the Oregon Department of Education (ODE) under OAR 414-205-0000 to 414-205-0170, 414-300-0000 to 414-300-0440, or 414-350-0000 to 414-350-0250, must complete an orientation provided by the Department or a Child Care Resource and Referral agency within 90 days of being approved by the Department if he or she:

(a) Receives funds from the Department; and

(b) Begins providing child care services after June 30, 2010, or resumes providing child care services, after a break of more than one year that began after June 30, 2010.

(10) Child care providers and any individual supervising, transporting, preparing meals, or otherwise working in the proximity of child care children and those completing daily attendance and billing records shall not be under the influence.

(11) For purposes of these rules:

(a) "Premises" means the home or facility structure and grounds, including indoors and outdoors and space not directly used for child care.

(b) "Under the influence" means observed abnormal behavior or impairments in mental or physical performance leading a reasonable person to believe the individual has used alcohol, any controlled substances (including lawfully prescribed and over-the-counter medications), marijuana (including medical marijuana), or inhalants that impairs their performance of essential job function or creates a direct threat to child care children or others. Examples of abnormal behaviors include, but are not limited to hallucinations, paranoia, or violent outbursts. Examples of impairments in physical or mental performance include, but are not limited to slurred speech as well as difficulty walking or performing job activities.

461-175-0200

Notice Situations; General Information

(1) In the EA program, a basic decision notice (see OAR 461-001-0000) is sent for all situations.

(2) In the SNAP program, a basic decision notice is sent for all actions on applications for assistance.

(3) In the JOBS program:

(a) A basic decision notice is sent whenever a request for a support service payment is denied.

(b) No decision notice is required if request for a support service is approved.

(4) A basic decision notice is sent to close JPI benefits when the filing group (see OAR 461-110-0310) reports a change during the reporting period in which SNAP benefits do not decrease.

(5) In the TANF program, a notice approving benefits informs the client, within one month following eligibility determination, of the opportunity to volunteer for JOBS participation and of the procedure for JOBS program entry.

(6) In the Pre-TANF program, a basic decision notice is sent when payment for basic living expenses is denied or when payment for other support services in the JOBS program is denied. No other notices are required for this program.

(7) In the TA-DVS program, a basic decision notice (see OAR 461-001-0000) is sent to a safe mailing address or hand delivered for all situations. This includes when the program is approved, denied, or closed (prior to the end of the 90 day eligibility period) and when a payment under the program is denied.

(8) In all programs except the Pre-TANF program, unless stated differently in this rule or another rule, the Department mails or otherwise provides the client with (sends) a decision notice (see OAR 461-001-0000) as follows:

(a) A basic decision notice is sent whenever an application for assistance, including retroactive medical assistance, is approved or denied or a request for a support service payment in the JOBS program is denied.

(b) A timely continuing benefit decision notice (see OAR 461-001-0000) is sent whenever benefits or support service payments authorized by OAR 461-190-0211 are reduced or closed, or the method of payment changes to protective, vendor, or two-party.

(c) A decision notice is sent whenever the Department adjusts previously underissued cash assistance or SNAP benefits.

(9) In all programs:

(a) Notwithstanding any rule in Chapter 461, to the extent permitted by OAR 137-003-0530, the Department may take any of the following actions:

(A) Amend a decision notice with another decision notice or a contested case notice.

(B) Amend a contested case notice.

(C) Delay a reduction or closure of benefits as a result of a client's request for hearing.

(D) Extend the effective date on a decision notice or contested case notice.

(b) Except as provided in subsection (a) of this section or when a delay results from the client's request for a hearing, a notice to reduce or close benefits becomes void if the reduction or closure is not initiated on the date stated on the notice. If the notice is void, a new notice is sent to inform the financial group (see OAR 461-110-0530) of a new date on which their benefits will be reduced or closed.

(c) No decision notice is required in each of the following situations:

(A) Benefits are ended because there is no living person in the benefit group (see OAR 461-110-0750).

(B) A notice was sent, the client requested a hearing, and either the hearing request is dismissed or a final order is issued.

(C) The client has signed a voluntary agreement that qualifies as a final order under ORS 183.417(3)(b) (see OAR 461-175-0340(2)) except as provided otherwise in OAR 461-175-0220.

(D) To end Employment Payments (see OAR 461-001-0025 and 461-135-1270) or JPI benefit (see OAR 461-135-1260) when the individual has applied for and been found eligible for Pre-TANF, SFPSS, or TANF.

(E) No decision notice is required in OAR 461-175-0300 based on prior notice.

(d) When the Department amends a decision notice with another decision notice under subsection (a) of this section, the date of the amended notice restarts the client's deadlines to request a hearing or continuing benefits, or both.

(e) When a contested case notice extends an effective date or delays a reduction or closure, the date of the amended notice restarts a client's timeline to request continuing benefits.

(f) When a client has a pending hearing request or is receiving continuing benefits, and the Department amends a notice under this section, the client need not re-file the hearing request or renew the request for continuing benefits.

461-175-0220
Notice Situation; Disqualification

(1) If a benefit group (see OAR 461-110-0750) or individual is disqualified for a SNAP voluntary job quit or for failure to apply for or provide an SSN, pursue assets, cooperate in the JOBS, JOBS Plus, or OFSET program, or assist the state's efforts to collect support, the Department sends the following type of notice:

(a) If benefits are reduced or closed because of the disqualification:

(A) A continuing benefit decision notice (see OAR 461-001-0000) is used when changes are reported on the Interim Change Report form.

(B) A timely continuing benefit decision notice (see OAR 461-001-0000) is used when changes are not reported on the Interim Change Report form.

(b) If benefits are opened without the disqualified individual in the benefit group or if the entire benefit group is denied assistance, a basic decision notice (see OAR 461-001-0000) is used.

(2) For a JOBS, JOBS Plus, or OFSET disqualification, and for a SNAP voluntary job quit by an individual receiving SNAP benefits, the notice includes the following information:

(a) The client action that resulted in disqualification.

(b) The length of the minimum disqualification period.

(c) The reduced benefit amount.

(d) How the client may end the disqualification after the minimum period.

(3) For a voluntary job quit by an individual applying for SNAP benefits, the notice includes the following information:

(a) The action that resulted in the disqualification; and

(b) The length of the disqualification period.

(4) For an IPV disqualification:

(a) In all programs except the SNAP program, the Department does not send a notice of termination to an individual disqualified for an IPV after a court order, a final order from an administrative hearing, or a signed waiver (see OAR 461-175-0200(9)(c)(C) and 461-195-0621(2)) that imposes the disqualification.

(b) In the SNAP program:

(A) After an individual signs an IPV waiver, the Department sends a basic decision notice to terminate benefits. If the Department receives a timely request for a hearing, the contested case hearing addresses the issues set out in OAR 461-195-0611(3).

(B) The Department does not send a notice of termination to an individual disqualified for an IPV after a court order or a final order from an administrative hearing.

(c) In all programs, the Department sends a continuing benefit decision notice when benefits for other individuals in the benefit group are closed or reduced because an individual in the benefit group is disqualified for an IPV.

(5) For a disqualification due to being a fleeing felon or in violation of parole, probation, or post-prison supervision (under OAR 461-135-0560):

(a) A basic decision notice is required if benefits are opened without the disqualified individual in the benefit group or if the entire filing group is denied benefits.

(b) A timely continuing benefit decision notice is required if an individual in the benefit group is disqualified.

(6) The notice situation for a disqualification due to a transfer of assets is covered in OAR 461-175-0310.

Effective Dates; Restoring SNAP Benefits for ABAWD Following Counting Month (Not Regaining)

(1) In the SNAP program, benefits may be restored effective the first of the month when SNAP benefits for an ABAWD (see OAR 461-135-0520) end following the third countable month when all of the following requirements are met:

(a) Benefits ended as of the last calendar day of the prior month or were reduced as of the first day of the current month.

(b) The reason for the closure or reduction was the ABAWD lost eligibility (see OAR 461-001-0000) due to the time limit in OAR 461-135-0520.

(c) The client contacted the Department within the first calendar month following the closure or reduction and provided information that the client met one of the following in at least one of the first three countable months (see OAR 461-135-0520):

(A) An exemption in OAR 461-130-0310(3)(a)(A)–(J).

(B) The work requirements in OAR 461-135-0520(3)(d) or (e).

(d) There is at least one month remaining in the certification period (see OAR 461-001-0000).

(2) This policy does not include regaining eligibility (see OAR 461-135-0520(5)) or to the month following closure or reduction following receipt of six countable months or any month thereafter.

Case Plan Activities and Standards for Support Service Payments; JOBS, Post-TANF, Pre-TANF, REF, SFPSS, TA-DVS, TANF

In the JOBS, Post-TANF, Pre-TANF, REF, SFPSS, TA-DVS, and TANF programs, notwithstanding any other administrative rule in chapter 461 and subject to the limitations of state funding, the following special provisions apply:

(1) Participation in an activity (see OAR 461-001-0025) is available to the following individuals:

(a) An individual who is an adult parent, needy caretaker relative (see OAR 461-001-0000), or teen parent (see OAR 461-001-0000) receiving TANF who is not otherwise exempt (see OAR 461-130-0305) and in accordance with participation requirements in OAR 461-130-0310.

(b) An individual who is an applicant or recipient in the Pre-TANF, Post-TANF, or SFPSS program.

(c) Subject to local services and budget, an individual who is exempt from JOBS requirements as a one-parent household with a dependent child (see OAR 461-001-0000) under six months of age and has approved activities as specified in the individual's case plan (see OAR 461-001-0025).

(d) An individual who has gone over-income for the TANF program due to earnings and needs to increase activity hours to meet Post-TANF federally required participation rates (see OAR 461-001-0025).

(e) An individual who has become over-income for the TANF program due to earnings in an on-the-job training (see OAR 461-001-0000) activity is eligible to receive support services (see OAR 461-001-0025) for no more than three months, unless circumstances unique to the situation are identified and warrant the Department to approve a limited number of additional months. Eligibility for support services under this subsection is only permitted while the individual continues to participate in the on-the-job training activity.

(2) For eligible individuals, subject to the requirements and limitations in sections (1), (5), (6), and (7) of this rule, the following activities are available, and include support services payments if needed:

(a) Job search (see OAR 461-001-0025).

(b) JOBS Plus (see OAR 461-001-0025 and OAR 461-101-0010) is limited to six months per individual, unless circumstances unique to the employment situation are identified and warrant the Department to approve a limited number of additional months.

(c) Work experience (see OAR 461-001-0025).

(d) Supported work (see OAR 461-001-0025).

(e) High School or GED Completion Attendance (see OAR 461-001-0025).

(f) Parents as Scholars (see OAR 461-001-0025).

(g) Limited family stability (see OAR 461-001-0000) activity.

(A) Drug and alcohol services (see OAR 461-001-0025).

(B) Mental health services (see OAR 461-001-0025).

(C) Attending medical appointments or services.

(D) Rehabilitation activities (see OAR 461-001-0025).

(E) Crisis Intervention (see OAR 461-001-0025).

(F) SSI application process.

(h) Vocational training (see OAR 461-001-0025).

(i) Life skills (see OAR 461-001-0025).

(j) On-the-job training.

(k) Unsubsidized employment (work).

(L) Adult Basic Education (see OAR 461-001-0025).

(m) Job skills training (see OAR 461-001-0025).

(n) Self-initiated training (see OAR 461-001-0025).

(3) The following activities do not include support services payments:

(a) Domestic Violence Intervention.

(b) Family Support & Connections.

(c) Microenterprise (see OAR 461-001-0000).

(d) Post-TANF.

(e) Program entry (see OAR 461-001-0025).

(4) Participation in an activity is based on whether an individual is Job Ready, Near Job Ready, Not Job Ready, or a teen parent.

(a) Job Ready means the individual has no barrier (see OAR 461-001-0025) or current barriers do not impact participation or employment. In addition, the individual has all of the following:

(A) Prior stable work history, either paid or unpaid.

(B) Had not voluntarily quit or been dismissed from his or her most recent employment (see OAR 461-135-0070) without good cause (see OAR 461-135-0070).

(C) Reliable or available transportation.

(D) No outstanding legal issues that would impact or prevent employment.

(E) Access to reliable child care within support services limits, or does not need help to pay for child care, or does not need child care.

(b) Near Job Ready means the individual has minimal barriers to participation or employment and the individual is addressing the barriers. In addition, the individual has all of the following:

(A) Limited or no work history, either paid or unpaid.

(B) Reliable or available transportation.

(C) No outstanding legal issues that would impact or prevent employment, or such legal issues are identified and are being addressed.

(D) Access to reliable child care within support services limits, or does not need help to pay for child care, or does not need child care.

(c) Not Job Ready means the individual has one or more barriers to participation or employment or is in crisis, and the individual is not addressing the barriers. For example, the individual has one or more of the following:

(A) Lack of stable housing that is preventing participation in an activity or employment.

(B) Domestic violence (see OAR 461-001-0000), mental health, or alcohol and drug issues, and the individual is not addressing the issue.

(C) Medical issues that prevent participation in an activity or employment.

(D) Outstanding legal issues that would impact or prevent employment.

(E) Literacy issues that impact the ability for the individual to participate in an activity or obtain employment.

(F) Other family stability issues that need to be addressed.

(5) In approving JOBS program support services payments, the Department must consider lower cost alternatives. This rule is not intended to supplant Department funding with other funding that is available in the community. The expectation of the Department is that case managers and clients work collaboratively to seek resources that are reasonably available to the client in order to participate in activities.

(6) Payments for support services are only provided when:

(a) Necessary to participate in activities in a signed case plan;

(b) Authorized in advance; and

(c) All other provisions of this rule are met.

(7) Payments for support services are subject to the following limitations:

(a) Child Care. Payments for child care may be authorized, as limited by OAR 461-160-0040, if necessary to enable Job Ready or Near Job Ready individuals or teen parents to participate in an approved JOBS program activity specified in the individual's case plan, including a Not Job Ready individual approved by the district to complete a family stability activity. If authorized, payment for child care is:

(A) The lesser of the actual rate charged by the care provider and the rate established in OAR 461-155-0150. The Department rate for children in care less than 158 hours in a month is limited by OAR 461-155-0150.

(B) The minimum hours necessary, including meal and commute time, for the individual to participate in an approved JOBS program activity.

(b) Transportation. The Department may provide payments for a Job Ready or Near Job Ready individual or teen parent for transportation costs incurred in travel to and from an approved JOBS program activity or a Not Job Ready individual approved by the district to complete a family stability activity. Payment is made only for the cost of public transportation or the cost of fuel. Payments are subject to the following considerations:

(A) Payment for public transportation is a priority over payment for a privately owned vehicle.

(B) Payment for fuel costs for a privately-owned vehicle is provided if the client or individual providing the transportation reports having a valid driver's license and vehicle insurance and either of the following is true:

(i) No public transportation is available or the client is unable to use public transportation because of a verifiable medical condition or disability for which no accommodation is available.

(ii) Public transportation is available but is more costly than the cost of fuel.

(c) Housing and Utilities. Payments for housing and utilities are not allowed.

(d) Other Payments. When the need is identified by the district and no other sources are available, the Department may provide other payments needed:

(A) To look for work.

(B) To accept a job offer.

(C) To attain a high school diploma or GED.

(D) For books and supplies to complete a district-approved vocational training.

(E) Other payments with manager approval that are not otherwise restricted by rule.

(e) None of the following payments are allowed:

(A) Non-essential items.

(B) Television, cable, and Internet.

(C) Fines, reinstatement fees, restitution, legal fees, civil fees, court costs, or other costs associated with a penalty.

(D) Purchase of a car, recreational vehicle, or motor home.

(E) Support services for exempt individuals.

(F) Pet-related costs.

(G) ERDC co-payments.

(8) The Department may require an individual to provide verification of a need for, or costs associated with, support services prior to approval and issuance of payment if verification is reasonably available.

(9) The Department may reduce, close, or deny in whole or in part a request for a support services payment in the following circumstances:

(a) The individual is disqualified for failing to comply with a case plan, unless the payment in question is necessary for the individual to demonstrate cooperation with his or her case plan.

(b) The purpose for the payment is not related to the individual's case plan.

(c) The individual disagrees with a support services payment offered or made by the Department as outlined in the individual's case plan.

(d) The individual is not determined to be a Job Ready or Near Job Ready individual under section (1) of this rule, a Not Job Ready individual in a family stability activity, or a teen parent.

461-190-0231

Re-engagement; JOBS, Pre-TANF, REF, SFPSS, TA-DVS

In the JOBS, Pre-TANF, REF, SFPSS, and TA-DVS programs:

(1) When aspects of the case plan have not been met or are in dispute, the re-engagement process provides an opportunity for the client and the Department to:

(a) Review and re-evaluate the case plan and other information gathered related to the client's strengths and barriers;

(b) Identify participation expectations, concerns related to participation, and completion of activities in the case plan;

(c) Consider whether the case plan is still appropriate;

(d) Develop options that support full participation; and

(e) Revise the case plan if appropriate.

(2) The re-engagement process is intended to assist the Department in identifying whether the client is unable to fully participate or whether the client is or has been willfully non-complaint.

(a) In the JOBS, Pre-TANF, REF, and SFPSS programs, if:

(A) A screening for physical or mental health needs, substance abuse, domestic violence (see OAR 461-001-0000), or learning needs has not been completed, the re-engagement process requires an additional opportunity to initiate those screenings for potential barriers to participation not previously identified.

(B) A screening described in paragraph (A) of this subsection indicates follow-up is needed. The re-engagement process requires an opportunity to initiate the follow-up for potential barriers to participation not previously identified.

(b) Circumstances that require a determination of whether good cause (see OAR 461-130-0327) exists include disagreements about the case plan, irregular attendance at activities, missed appointments, failure to participate in a component of the case plan, and (in the JOBS program) refusal to accept or maintain employment.

(c) In the TA-DVS program, there are no participation requirements. The re-engagement process is intended to provide an opportunity to address problems with the case plan (see OAR 461-135-1230) and an opportunity to modify the case plan.

(3) In the JOBS program, the re-engagement process must include:

(a) Assessing the risk of harm posed to the children in the filing group by the reduction in aid payments and taking steps to ameliorate the risk.

(b) An attempted home visit.

(4) The client, the Department, or the Department's contractor may initiate the re-engagement process. The re-engagement process is not a required activity. The Department may not disqualify clients based on their failure to participate in the re-engagement process.

(5) The client or Department may invite partner agencies, Department contractors, persons currently working with the client, or other individuals who have information relevant to the re-engagement process to any appointments or meetings scheduled as part of the process.

(6) The re-engagement process ends when any of the following subsections applies:

(a) The Department and the client agree to a modified case plan.

(b) Efforts to re-engage are unsuccessful.

(c) In the JOBS, Pre-TANF, and REF programs:

(A) Except in the REF program, the Department has determined the client has met federally required participation rates (see OAR 461-001-0025);

(B) The Department has determined the client is exempt from JOBS participation and disqualification under OAR 461-130-0310(2)(a).

(C) The client clearly indicates an intent not to participate in the re-engagement process;

(D) The client is willfully non-compliant and has the ability to be fully engaged;

(E) The client has no barriers or refuses to take appropriate steps to address identified barriers to participation in the program; or

(F) A decision is made by the Department that a client did not have good cause for not complying with a requirement of the JOBS program, and the client is able but unwilling to address the issue through activities that address barriers or through case plan modifications.

(d) In the SFPSS program, after a review team consisting of SFPSS program staff including the case manager, disability analyst, and appropriate medical professional determine the client does not have good cause for non-cooperation and no accommodations or modifications can be made to support the client being re-engaged.

(7) The re-engagement process must end unsuccessfully before the Department begins the process of disqualifying a client for a failure to comply with a requirement of the JOBS program.

(8) In the SFPSS program, when the re-engagement process ends unsuccessfully, a client removed from the program is returned to the TANF program.

(9) For a participant in the Parents as Scholars (PAS) component of the JOBS program, when re-engagement ends unsuccessfully, PAS is ended pursuant to OAR 461-190-0199.

Effective Dates for Cash Assistance; Refugee Case Service Project

(1) Except as provided otherwise in this rule, in the Refugee Case Service Project (RCSP), eligibility for cash assistance is effective as provided for REF and TANF clients in OAR 461-180-0070.

(2) When all of the following subsections are met, the effective date for cash assistance is the first day of the month in which the date of application falls:

(a) The individual is eligible to receive REF assistance.

(b) The individual's entry to the United States:

(A) And application date fall within the same month; or

(B) Was in another state while in transit to Oregon for resettlement, and the application date falls in the second month of arrival in the United States.

(c) The individual has not received refugee cash assistance in any other state.

(3) For a child born in the United States to a refugee already enrolled in RCSP as per section (1) of this rule, the initial cash assistance date is the date of birth.

(4) For an applicant who quit a job or refused to accept an offer of employment without good cause (see OAR 461-130-0327) within 30 consecutive calendar days immediately prior to the application, the initial cash assistance eligibility is no earlier than the 30th day from the date of the job quit or job refusal.

(5) Cash eligibility date for TANF and REF clients after a disqualification is as provided in OAR 461-130-0330.

461-195-0501
Definitions and Categories of Overpayments

This rule applies to benefits and services delivered under chapters 410, 411, and 461 of the Oregon Administrative Rules.

(1) "Overpayment" means:

(a) A benefit or service received by or on behalf of a client, or a payment made by the Department on behalf of a client, that exceeds the amount for which the client is eligible.

(b) A payment made by the Department and designated for a specific purpose which is spent by a person on an expense not approved by the Department.

(A) In the REF program, there is a rebuttable presumption that the full amount of cash benefits was improperly spent in violation of OAR 461-165-0010(8)(a) when cash benefits are used or accessed in:

(i) Any liquor store;

(ii) Any casino, gambling casino, or gaming establishment; or

(iii) Any retail establishment that provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment.

(iv) Any marijuana dispensary.

(B) In the SFPSS and TANF programs, there is a rebuttable presumption that the full amount of cash benefits was improperly spent in violation of OAR 461-165-0010(9)(a) when cash benefits are used or accessed in:

(i) Any liquor store;

(ii) Any casino, gambling casino, or gaming establishment; or

(iii) Any retail establishment that provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment.

(iv) Any marijuana dispensary.

(c) A payment for child care made by the Department to, or on behalf of, a client that:

(A) Is paid to an ineligible provider;

(B) Exceeds the amount for which a provider is eligible;

(C) Is paid when the client was not engaged in an activity that made the client eligible for child care, such as an activity of the JOBS program (see OAR 461-001-0025 and 461-190-0151 to 461-190-0401);

(D) Is paid when the client was not eligible for child care benefits; or

(E) Has given an electronic benefit transfer (EBT) card, card number, or personal identification number (PIN) to a provider for the purpose of checking a child (see OAR 461-001-0000) in or out from the provider's child care.

(d) A misappropriated payment when a person cashes and retains the proceeds of a check from the Department on which that person is not the payee and the check has not been lawfully endorsed or assigned to the person.

(e) A benefit or service provided for a need when that person is compensated by another source for the same need and the person fails to reimburse the Department when required to do so by law.

(f) A cash benefit received by an individual in the GA or SFPSS programs for each month for which the client receives a retroactive SSI lump sum payment.

(g) In the TA-DVS program, a payment made by the Department to an individual or on behalf of an individual when the individual intentionally and without intimidation or coercion by an abuser:

(A) Makes a false or misleading statement or misrepresents, conceals, or withholds information for the purpose of establishing eligibility (see OAR 461-001-0000) for or receiving a benefit from the TA-DVS program; or

(B) Commits any act intended to mislead or misrepresent, conceal, or withhold information for the purpose of establishing eligibility for or receiving a benefit from the TA-DVS program.

(2) The Department may establish an overpayment for the initial month (see OAR 461-001-0000) of eligibility under circumstances including, but not limited to:

(a) The filing group (see OAR 461-110-0310), ineligible student, or authorized representative (see OAR 461-115-0090) withheld information;

(b) The filing group, ineligible student, or authorized representative provided inaccurate information;

(c) The Department failed to use income reported as received or anticipated in determining the benefits of the filing group; or

(d) The error was due to an error in computation or processing by the Department.

(3) In the OCCS Medical programs, the Department may establish an overpayment for the budget month (see OAR 410-200-0015) when the OCCS medical program household group (see OAR 410-200-0015) or authorized representative (see OAR 410-200-0015) withheld or provided inaccurate information.

(4) Overpayments are categorized as follows:

(a) An administrative error overpayment is an overpayment caused by any of the following circumstances:

(A) The Department fails to reduce, suspend, or end benefits after timely reporting by the filing group, OCCS medical program household group, ineligible student, or authorized representative (see OAR 461-115-0090 and 410-200-0015) of a change covered under OAR 461-170-0011 or 410-200-0235 and that reported change requires the Department to reduce, suspend, or end benefits;

(B) The Department fails to use the correct benefit standard;

(C) The Department fails to compute or process a payment correctly based on accurate information timely provided by the filing group, OCCS medical program household group, ineligible student, or authorized representative;

(D) In the GA and SFPSS programs, the Department fails to require a client to complete an interim assistance agreement; or

(E) The Department commits a procedural error that was no fault of the filing group, OCCS medical program household group, ineligible student, or authorized representative.

(b) A client error overpayment is any of the following:

(A) An overpayment caused by the failure of a filing group, OCCS medical program household group, ineligible student, or authorized representative to declare or report information or a change in circumstances as required under OAR 461-170-0011 or 410-200-0235, including information available to the Department, that affects the client's eligibility to receive benefits or the amount of benefits.

(B) A client's unreduced liability or receipt of unreduced benefits pending a contested case hearing decision or other final order favorable to the Department.

(C) A client's failure to return a benefit known by the client to exceed the correct amount.

(D) A client's use of a JOBS or SFPSS program support payment (see OAR 461-190-0211) for other than the intended purpose.

(E) A payment for child care when the client was not engaged in an activity that made the client eligible for child care, such as an activity of the JOBS program (see OAR 461-001-0025 and 461-190-0151 to 461-190-0401).

(F) A payment for child care when the client was not eligible for child care benefits.

(G) The failure of a client to pay his or her entire share of the cost of services or the participant fee (see OAR 461-160-0610 and 461-160-0800) in the month in which it is due.

(H) An overpayment caused by a client giving an electronic benefit transfer (EBT) card, card number, or personal identification number (PIN) to a provider for the purpose of checking a child in or out from the provider's child care.

(I) In the REF, SFPSS, and TANF programs, an overpayment caused by the client using or accessing cash benefits in any electronic benefit transaction in any liquor store; casino, gambling, or gaming establishment; or retail establishment that provides adult-oriented entertainment in which performers disrobe or perform in an unclothed state for entertainment (see OAR 461-165-0010).

(c) A fraud overpayment is an overpayment determined to be an intentional program violation (see OAR 461-195-0601 and 461-195-0611) or substantiated through a criminal prosecution.

(d) In the SNAP program, a provider error overpayment is an overpayment made to a drug or alcohol treatment center or residential care facility that acted as a client's authorized representative.

(e) In the child care program, a provider error overpayment is a payment made by the Department on behalf of a client to a child care provider when:

(A) Paid to an ineligible provider; or

(B) The payment exceeds the amount for which a provider is eligible.

(5) When an overpayment is caused by both an administrative and client error in the same month, the Department determines the primary cause of the overpayment and assigns as either an administrative or client error overpayment.

(6) In the TANF and TA-DVS programs, when an overpayment puts the client at greater risk of domestic violence (see OAR 461-001-0000), the overpayment is waived (see OAR 461-135-1200).

(7) Except as provided in section (8) of this rule, the Department establishes an overpayment when the following thresholds are exceeded:

(a) Administrative error overpayments concerning:

(A) Cash and child care programs, when the amount is greater than $200;

(B) SNAP open case, when the amount is greater than $100; and

(C) SNAP closed case, when the amount is greater than $200.

(b) Client error overpayments in:

(A) Cash and child care programs, when the amount is greater than $200;

(B) SNAP open case, when the amount is greater than $100;

(C) SNAP closed case, when the amount is greater than $200;

(D) Medical programs, when the amount is greater than $750.

(c) Provider error overpayments in:

(A) Cash and child care programs, when the amount is greater than $200;

(B) SNAP open case, when the amount is greater than $100;

(C) SNAP closed case, when the amount is greater than $200.

(8) There are no overpayment thresholds in all of the following situations:

(a) In SNAP program, if the overpayment was identified in a quality control review.

(b) In all programs, if the overpayment was caused by a client's receipt of continuing benefits in a contested case.

(c) In all programs, if the overpayment was caused by possible fraud by a client or provider.

Rule Caption: Amending rules relating to public and medical assistance programs
Adm. Order No.: SSP 24-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Amended: 461-120-0330, 461-125-0370, 461-135-0835, 461-145-0380, 461-160-0620
Rules Repealed: 461-125-0370(T)
Subject: OAR 461-120-0330 about the requirement to pursue assets is being amended to align with federal policy regarding converting pension and retirement plans to monthly income if eligible. The rule currently states that individuals must pursue assets to which one has a legal claim or right; however it does not address situations in which one has a legal right to pursue a source of income from an existing resource. This amendment clarifies that individuals must pursue (i.e. set up) monthly payments or distributions from a pension or retirement fund if eligible to do so.

OAR 461-125-0370 about disability as the basis of need is being amended to change the eligibility criteria for a pilot project that allows clients to receive free assistance from the Department with Social Security disability applications and appeals. Under the previous rule, to qualify, clients must be receiving SNAP benefits. The rule is being amended to eliminate that requirement. (That makes permanent a temporary rule adopted on May 13, 2016.) Additionally, the pilot project is being expanded to all AAA (Area Agency on Aging) and APD (Aging and People with Disabilities) offices in Oregon. Under the amended rule, to receive free assistance through the pilot project, an individual must:

- Have a disability under OAR 461-125-0370(1)(c);
- Receive benefits from one of the OCCS Medical Programs (defined in OAR 461-001-0000); and
- Be served by an AAA or APD office.

OAR 461-135-0835 about limits on estate claims is being amended to state that recovery for medical assistance benefits paid in the time period of October 1, 1993 to July 18, 1995 is limited to probate estates and that recovery of Medicare Part D "clawback" paid after December 31, 2013 is limited to benefits paid to an individual age 55 or older.

OAR 461-145-0380 about pension and retirement plans is being amended to state that in the Oregon Supplemental Income Program (OSIP), the Oregon Supplemental Income Program Medical (OSIPM), and the Qualified Medicare Beneficiary Disabled Worker (QMB-DW) program, if the equity value of a plan is counted as a resource, payments received from the plan are considered the conversion of a recourse and are not counted as income.

OAR 461-160-0620 about income deductions and client liability for long-term care services and waivered services is being amended to update the minimum community spouse income allowance (Minimum Monthly Maintenance Needs Allowance or MMMNA) which is published by the federal government each year. This amendment keeps Oregon in line with current federal standards for Department Medicaid programs and changes to the minimum monthly maintenance allowance under the Spousal Impoverishment laws.
Rules Coordinator: Kris Skaro—(503) 945-6067

461-120-0330
Requirement to Pursue Assets

(1) In all programs, except the ERDC and SNAP programs, an individual must make a good faith effort to obtain any asset (other than support and medical coverage, which are covered in OAR 461-120-0340 and 461-120-0345, respectively) to which the individual has a legal right or claim, except as follows:

(a) A parent (see OAR 461-001-0000) or caretaker relative (see OAR 461-001-0000) who is exempt from participation in the JOBS program is not required to apply for unemployment insurance benefits.

(b) Except as specified by law, an individual applying for or receiving any program benefits from the Department is not required to apply for other programs it administers or for supplemental security income (SSI).

(c) An individual applying for the EA program is required to pursue, obtain, and use an asset only if the asset can be made available in time to meet the emergent need.

(d) An individual is not required to borrow money.

(e) An individual is not required to make a good faith effort to obtain any asset if the individual can show good cause for not doing so. Good cause means a circumstance beyond the ability of the individual to control.

(2) In all programs except the ERDC, SNAP, and medical assistance programs:

(a) The effect of failing to comply with this rule is that everyone in the filing group is ineligible. In addition, when a REF, SFPSS, or TANF program payment ends due to the penalty described in this subsection, eligibility for and the level of SNAP benefits are determined as if the individual were receiving benefits without the effects of this rule.

(b) The penalty provided by subsection (2)(a) of this rule is effective until all members of the filing group comply with the requirements of section (1) of this rule.

(3) In the medical assistance programs:

(a) The requirement to pursue assets includes individuals in the benefit group (see OAR 461-110-0750) applying for monthly or periodic payments from a retirement or pension plan (see OAR 461-145-0380) if the individual is eligible to apply under the terms of the plan.

(A) When an individual can choose a lump sum or an annuity as a payment method for the retirement or pension plan, the individual must choose the annuity.

(B) Where an application has been made for a lump sum withdrawal of the monies on which a potential annuity is based and the benefit source permits the individual to change the individual's decision and apply for the annuity, the individual must pursue the change to be eligible for medical benefits. If the benefit source does not permit such a change, accept the individual's word that the decision is irreversible, absent evidence to the contrary.

(C) An individual is not required to file when only a lump sum payment is available.

(b) An individual is ineligible for benefits if the individual fails to comply with the requirements of this rule.

(c) The penalty provided by section (3)(b) of this rule is effective until the individual complies with the requirements of section (1) of this rule and subsection (a) of this section.

461-125-0370
Disability as the Basis of Need

(1) In the OSIP and OSIPM programs (except OSIP-EPD and OSIPM-EPD), an individual meets the eligibility requirement to have a disability if the requirements of one of the following subsections are met:

(a) The individual is receiving Social Security Disability Income (SSDI) or Supplemental Security Income (SSI) based on disability. Eligibility continues as long as the individual remains eligible for SSDI or SSI.

(b) The individual was eligible for and received Aid to the Disabled benefits in Oregon in December 1973. These grandfathered cases continue to be eligible as long as they are continuously disabled as defined by Oregon requirements that were in effect in 1973.

(c) The Department has determined the individual meets the listing of impairments found in 20 C.F.R. Part 404, Subpart P, Appendix 1; meets the medical vocational guidelines found in 20 C.F.R. Part 404, Subpart P, Appendix 2 for SSI; or meets the definition of disability in 20 C.F.R. section 404.1505 or 416.905.

(d) The Social Security Administration (SSA) has determined the individual meets the listing of impairments found in 20 C.F.R. Part 404, Subpart P, Appendix 1; meets the medical vocational guidelines found in 20 C.F.R. Part 404, Subpart P, Appendix 2; or meets the definition of disability in 20 C.F.R. section 404.1505 or 416.905.

(2) If the Department finds the individual eligible for OSIPM in the absence of a disability determination by SSA, the individual remains eligible, provided that the individual continues to meet the disability criteria for eligibility for OSIPM, until SSA denies the disability claim in a final administrative decision.

(3) For OSIP and OSIPM, a disability determination made by SSA that is unfavorable to an individual is binding on the Department unless the requirements of at least one of the following subsections are met (see 42 C.F.R. section 435.541(c)(1) and (c)(4)):

(a) SSA made the determination for a reason other than disability.

(b) The individual alleges a disabling condition different from, or in addition to, that considered by SSA in making its determination.

(c) More than 12 months after the most recent SSA determination denying disability, the individual alleges that his or her condition has changed or deteriorated since that SSA determination, and the individual has not made application to SSA based on these allegations.

(d) The individual alleges less than 12 months after the most recent SSA determination denying disability that the condition which SSA evaluated has changed or deteriorated since that SSA determination; and one or both of the following apply:

(A) The individual has requested reconsideration or reopening of the most recent SSA determination denying disability and SSA has declined to consider the new allegations.

(B) It is clear that the individual no longer meets SSI eligibility requirements unrelated to disability status but may satisfy comparable Medicaid eligibility requirements.

(4) If a binding SSA disability determination is not in place, the determination of disability to qualify for OSIPM is made by the Presumptive Medicaid Disability Determination Team (PMDDT), composed of a medical or psychological consultant and another individual who is qualified to interpret and evaluate medical reports, other evidence relating to the individual's physical or mental impairments, and (as necessary) to determine the capacities of the individual to perform substantial gainful activity, as specified in 20 C.F.R. Part 416, Subpart J (see 42 C.F.R. section 435.541(f)(2)).

(5) The Presumptive Medicaid Disability Determination Team (PMDDT) obtains and reviews medical reports and other non-medical evidence pertaining to the individual and the claimed disability. The medical report and non-medical evidence must include diagnosis and other information in accordance with the requirements for evidence applicable to disability determinations under the SSI program specified in 20 CFR Part 416, Subpart I. The PMDDT then makes a decision about medical eligibility and whether and when a redetermination will be made (see 42 C.F.R. section 435.541(f)(1) and (3)).

(6) In the OSIP-EPD and OSIPM-EPD programs, an individual is disabled (see OAR 461-001-0035) or has a disability (see OAR 461-001-0035) if the individual has a physical or mental impairment, or a combination of these impairments, that meets the definition of disability used by SSA when determining eligibility for SSI or SSDI under 20 C.F.R. Part 404. The determination is made as follows:

(a) A determination by SSA that the individual is disabled or has a disability is accepted by the Department.

(b) If the individual was determined to have a disability by SSA and lost their SSDI eligibility due to their own income, the SSA determination remains effective for one year from the date that the individual loses eligibility for SSDI.

(c) If there is no currently effective SSA determination finding the individual has a disability, the case is referred to the Department's central office for a disability determination (see OAR 461-001-0035) using the standards of 20 C.F.R. Parts 404 and 416 and considering all relevant medical and vocational information.

(d) For OSIPM-EPD, an individual is engaging in substantial gainful activity (SGA, see OAR 461-001-0035) if the earnings of the individual are at or above the EPD Income Standard.

(e) For OSIPM-EPD, any work activity engaged in during the OSIPM-EPD application process or certification period is not evaluated as past relevant work (PRW, see OAR 461-001-0035).

(7) An individual who is served by a branch office (see OAR 461-001-0000) and who has been determined by the Presumptive Medicaid Disability Determination Team (PMDDT) to have a disability (see section (1) of this rule) may receive free assistance from the Department with applications and administrative appeals for Social Security benefits based

on a disability for purposes including, but not limited to, meeting the requirement to pursue assets under OAR 461-120-0330.

(8) An individual may receive free assistance from the Department with applications and administrative appeals for Social Security benefits based on a disability for purposes including, but not limited to, meeting the requirement to pursue assets under OAR 410-200-0220 if the individual:

(a) Is determined to have a disability under subsection (1)(c) of this rule;

(b) Receives benefits from one of the OCCS Medical Programs (see OAR 461-001-0000); and

(c) Is served by an AAA (Area Agency on Aging) or APD (Aging and People with Disabilities) office.

461-135-0835
Limits on Estate Claims

(1) The Estate Administration Unit is designated and authorized to administer the estate recovery program for the Oregon Health Authority and the Department of Human Services, and to present and file claims for payment. This rule sets out some of these claims.

(2) For the OSIP program (see OAR 461-101-0010):

(a) The amount of any payments or benefits, including overpayments (see OAR 461-195-0501), are a claim against the probate estate (see OAR 461-135-0832) of any deceased recipient.

(b) The claim for correctly paid payments or benefits under OSIP are deferred until the death of the spouse (see OAR 461-001-0000) or domestic partner (see OAR 461-135-0832), if any, of the deceased recipient.

(c) If the deceased recipient has no probate estate, the enforcement of the claim has been deferred, or there are insufficient resources in the probate estate to pay the claim in full, the probate estate of the spouse or domestic partner of the deceased recipient, if any, is charged for any payments or benefits paid under OSIP to the deceased recipient, the spouse, or domestic partner.

(d) The claim for correctly paid payments or benefits under OSIP may not be enforced if the deceased recipient is survived by a child under age 21 (see OAR 461-135-0832), a child with a disability (see OAR 461-135-0832), or a child with a visual impairment (see OAR 461-135-0832); and the child survives to the closing of the probate estate.

(e) Transfers of real or personal property without adequate consideration, by recipients of payments or benefits under OSIP, are voidable and may be set aside under ORS 411.620.

(f) Except when there is a surviving spouse or domestic partner, or a surviving child under age 21, a child with a disability, or a child with a visual impairment, the amount of any payments or benefits provided is a claim against the estate (see OAR 461-135-0832) in any conservatorship proceedings and may be paid pursuant to ORS 125.495.

(3) For General Assistance (see OAR 461-135-0832):

(a) The amounts of any payments or benefits, including overpayments, are a claim against the probate estate of any deceased recipient. The amount includes the state's monthly contribution, paid prior to January 1, 2014, to the federal government for the recipient's Medicare Part D prescription drug coverage.

(b) The claim for correctly paid payments or benefits under the General Assistance program is deferred until the death of the spouse or domestic partner, if any, of the deceased recipient.

(c) If the deceased recipient has no probate estate, the enforcement of the claim has been deferred, or there are insufficient resources in the probate estate to pay the claim in full, then the probate estate of the spouse or domestic partner of the deceased recipient, if any, is charged for any payments or benefits to the deceased recipient, the spouse, or domestic partner.

(d) The claim for correctly paid payments or benefits under the OSIP program may not be enforced if the deceased recipient is survived by a child under age 21, a child with a disability, or a child with a visual impairment; and the child survives to the closing of the probate estate.

(e) Except when there is a surviving spouse or domestic partner, or a surviving child under age 21, a child with a disability, or child with a visual impairment, the amount of any assistance paid is a claim against the estate in any conservatorship proceedings and may be paid pursuant to ORS 125.495.

(4) For Medical Assistance (MA, as defined in OAR 461-135-0832):

(a) In determining the extent of the estate resources subject to the claim of the Department for correctly paid benefits, except as provided in subsection (b) of this section, the Department must disregard resources in an amount equal to the value (see OAR 461-135-0832) of resources excluded in the most recent eligibility determination under OAR 461-160-0855, based on payments received under a qualified partnership policy (see OAR 461-001-0000). The disregard of resources specific to the estate recovery claim applies to MA benefits received after the effective date of the MA eligibility determination in which a qualified partnership policy was considered and approved. The amount of any MA incurred in a prior MA eligibility period where qualified partnership policy benefits were not considered is not subject to the estate resource disregard.

(b) There is no disregard of resources under subsection (a) of this section if the recipient, or the spouse of the recipient, at any time transferred the value of the qualified partnership policy excluded resource amount to another individual for less than fair market value prior to the death of the recipient or the recipient's spouse, or exhausted the disregarded resource amount by purchasing things of value to the recipient or the recipient's spouse while either was living.

(c) The amount of any incorrectly paid payments or benefits, excluding an administrative error overpayment (see OAR 461-195-0501), are a claim, against the probate estate of any deceased recipient.

(d) The claim for correctly paid payments or benefits under MA is deferred until the death of the surviving spouse, if any, of the deceased recipient. After the death of a surviving spouse, the deferred claim of the deceased recipient is a claim against the following assets (see OAR 461-135-0832) or their proceeds in the probate estate of the spouse.

(A) For a recipient who died prior to October 1, 2008, the Department has a claim against the probate estate of the spouse for medical assistance (see OAR 461-135-0832) paid to the recipient, but only to the extent that the spouse received property or other assets from the recipient through any of the following:

(i) Probate.

(ii) Operation of law.

(B) For a recipient who dies on or after October 1, 2008, the Department has a claim against the probate estate of the recipient's spouse for medical assistance paid to the recipient, but only to the extent that the recipient's spouse received property or other assets from the recipient through any of the following:

(i) Probate.

(ii) Operation of law.

(iii) An interspousal transfer (see OAR 461-135-0832), including one facilitated by a court order, which occurs:

(I) Before, on, or after October 1, 2008; and

(II) No earlier than 60 months prior to the first date of request (see OAR 461-135-0832) established from the applications for MA of the recipient and the recipient's spouse, or at any time thereafter, whether approved, withdrawn, or denied.

(e) The claim for correctly paid payments or benefits under MA may not be enforced if the deceased recipient is survived by a child under age 21, a child with a disability, or a child with a visual impairment.

(f) For recipients who are not permanently institutionalized (see OAR 461-135-0832):

(A) The amount of any payments or benefits paid prior to October 1, 1993 to or on behalf of a recipient 65 years of age or older are a claim against the probate estate of any deceased recipient.

(B) The amount of any payments or benefits, paid on or after October 1, 1993 and prior to July 18, 1995, to or on behalf of a recipient 55 years of age or older are a claim against the probate estate of any deceased recipient.

(C) The amount of any payments or benefits, paid on or after July 18, 1995 and prior to October 1, 2013, to or on behalf of a recipient 55 years of age or older are a claim against the estate of any deceased recipient. All correctly made payments on or after January 1, 2010 for Medicare cost sharing (see OAR 461-135-0832) are excluded from a claim.

(D) The amount of any payments or benefits, paid October 1, 2013 or later, to or on behalf of a recipient 55 years of age or older, during the time the Department was paying any of the cost of care of the individual in a nursing facility, home and community based care (see OAR 461-001-

0030), or in home services through the State Plan Personal Care Services (see OAR 411-034-0010), are a claim against the estate of any deceased recipient. All correctly made payments on or after January 1, 2010 for Medicare cost sharing are excluded from a claim.

(g) For permanently institutionalized individuals, a claim includes amounts calculated according to subsection (f) of this section and the following:

(A) The amount of any payments or benefits before July 18, 1995 to or on behalf of a recipient who was permanently institutionalized is a claim against the probate estate of the deceased recipient.

(B) The amount of any payments or benefits paid between July 19, 1995 through September 30, 2013 to or on behalf of a recipient who was permanently institutionalized is a claim against the estate of the deceased recipient.

(C) The amount of any payment for services provided in a nursing facility, an intermediate care facility for an individual with intellectual or developmental disabilities, a psychiatric institution, or other medical institution (see OAR 461-135-0832) paid after September 30, 2013 to or on behalf of a recipient who was permanently institutionalized is a claim against the estate of the deceased recipient.

(5) The amount paid, for a recipient age 55 or older, after December 31, 2013, to the federal government for the recipient's Medicare Part D prescription drug coverage is a claim against the estate of the deceased recipient.

(6) For trusts that comply with OAR 461-145-0540(10) and (11), the maximum distribution to the Department is the total of all MA payments or benefits paid to or on behalf of the deceased recipient. Subsections (4)(d) and (4)(e) of this rule do not apply to this section.

461-145-0380
Pension and Retirement Plans

(1) Pension and retirement plans include the following:

(a) Benefits employees receive only when they retire. These benefits can be disbursed in lump-sum or monthly payments.

(b) Benefits that employees are allowed to withdraw when they leave a job before retirement.

(c) The following retirement plans if purchased by an individual with funds from the plans authorized by section 401 of the Internal Revenue Code of 1986:

(A) Traditional Defined-Benefit Plan.

(B) Cash Balance Plan.

(C) Employee Stock Ownership Plan.

(D) Keogh Plan.

(E) Money Purchase Pension Plan.

(F) Profit-Sharing Plan.

(G) Simple 401(k).

(H) 401(k).

(d) Retirement plans purchased by an individual with funds from plans authorized by section 403 of the Internal Revenue Code of 1986 at subsections (a) or (b).

(e) The following retirement plans and annuities if purchased by an individual with funds from the plans authorized by section 408 of the Internal Revenue Code of 1986 at subsections (a), (b), (c), (k), (p), or (q), or at section 408A:

(A) Individual Retirement Annuity.

(B) Individual Retirement Account (IRA).

(C) Deemed Individual Retirement Account or Annuity under a qualified employer plan.

(D) Accounts established by employers and certain associations of employees.

(E) Simplified Employee Pension (SEP).

(F) Simple Individual Retirement Account (Simple-IRA).

(G) Roth IRA.

(f) The following retirement plans offered by governments, nonprofit organizations, or unions:

(A) 457(b) Plan.

(B) 501(c)(18) Plan.

(C) Federal Thrift Savings Plan under 5 USC 8439.

(g) In all programs except the OSIP, OSIPM, and QMB programs, an annuity purchased by an individual with funds from a plan authorized under subsection (c), (d), or (f) of this section.

(2) An annuity purchased by the spouse (see OAR 461-001-0000) of an individual with funds from a retirement plan described in subsection (1)(e) of this rule is not considered a retirement plan and is treated in accordance with OAR 461-145-0020 and OAR 461-145-0022.

(3) Except as provided in subsection (c) of this section, benefits an individual receives from pension and retirement plans are treated as follows:

(a) Monthly payments are counted as unearned income.

(b) All payments not covered by subsection (a) of this section are counted as periodic income (see OAR 461-001-0000 and 461-140-0110) or lump-sum income (see OAR 461-001-0000 and 461-140-0120).

(c) In the OSIP, OSIPM, and QMB-DW programs, if the equity value (see OAR 461-001-0000) of the pension or retirement plan is counted as a resource under section (4) of this rule, any payments received are considered the conversion of a resource and are not counted as income.

(4) In the OSIP, OSIPM, and QMB-DW programs:

(a) Except for an annuity purchased with funds from a retirement plan described in subsection (1)(e) of this rule:

(A) The equity value of a pension or retirement plan is excluded as a resource if the individual is eligible for monthly or periodic payments under the terms of the plan and has applied for those payments. When an individual is permitted to choose or change a payment option, the individual must select the option that:

(i) Provides payments commencing on the earliest possible date; and

(ii) Completes payments within the actuarial life expectancy, as published in the Periodic Life Table of the Office of the Chief Actuary of the Social Security Administration, of the individual.

(B) The equity value of all pension and retirement plans not covered by paragraph (A) of this subsection that allows an individual to withdraw funds, minus any penalty for withdrawal, is counted as a resource.

(b) The equity value of an annuity purchased with funds from a retirement plan described in subsection (1)(e) of this rule is excluded as a resource if it meets the payout requirements of OAR 461-145-0022(10)(c). Otherwise, the equity value is counted as a resource.

(c) For an individual in a standard living arrangement (see OAR 461-001-0000), pension and retirement plans owned by a non-applying spouse are excluded. Dividends and interest earned on pension funds owned by a non-applying spouse are excluded as income.

(5) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, dividends and interest earned on pension funds owned by a non-applying spouse are excluded as income.

(6) In the SNAP program, the value of retirement accounts identified in sections 401(a), 403(a), 403(b), 408, 408(k), 408(p), 408A, 457(b), or 501(c)(18) of the Internal Revenue Code, or in a Federal Thrift Savings Plan account are excluded resources.

(7) In all programs except the OSIP, OSIPM, QMB, and SNAP programs, the equity value of a pension and retirement plan that allows an individual to withdraw funds before retirement, minus any penalty for early withdrawal, is counted as a resource.

461-160-0620
Income Deductions and Client Liability; Long-Term Care Services or Home and Community-Based Care; OSIPM

In the OSIPM program:

(1) Deductions from income are made for an individual residing in or entering a long-term care facility or receiving home and community-based care (see OAR 461-001-0030) as explained in subsections (3)(a) to (3)(h) of this rule.

(2) Except as provided otherwise in OAR 461-160-0610, the liability of the individual is determined according to subsection (3)(i) of this rule.

(3) Deductions are made in the following order:

(a) One standard earned income deduction of $65 is made from the earned income in the OSIPM-AD and OSIPM-OAA programs. The deduction is $85 in the OSIPM-AB program.

(b) The deductions under the plan for self-support as allowed by OAR 461-145-0405.

(c) One of the following need standards:

(A) A $60 personal needs allowance for an individual receiving long-term care services.

(B) A $90 personal needs allowance for an individual receiving long-term care services who is eligible for VA benefits based on unreimbursed medical expenses. The $90 allowance is allowed only when the VA benefit has been reduced to $90.

(C) For an individual who receives home and community-based care:

(i) Except as provided in subparagraph (ii) of this paragraph, the OSIPM maintenance standard.

(ii) For an individual who receives in-home services, the OSIPM maintenance standard plus $500.

(d) A community spouse (see OAR 461-001-0030) monthly income allowance is deducted from the income of the institutionalized spouse (see OAR 461-001-0030) to the extent that the income is made available to or for the benefit of the community spouse, using the following calculation.

(A) Step 1: Determine the maintenance needs allowance. $2,003 is added to the amount over $601 that is needed to pay monthly shelter expenses for the principal residence of the couple. This sum or $2,980.50 whichever is less, is the maintenance needs allowance. For the purpose of this calculation, shelter expenses are the rent or home mortgage payment (principal and interest), taxes, insurance, required maintenance charges for a condominium or cooperative, and the full standard utility allowance for the SNAP program (see OAR 461-160-0420). If an all-inclusive rate covers items that are not allowable shelter expenses, including meals or housekeeping in an assisted living facility, or the rate includes utilities, to the extent they can be distinguished, these items must be deducted from the all-inclusive rate to determine allowable shelter expenses.

(B) Step 2: Compare maintenance needs allowance with community spouse's countable income. The countable (see OAR 461-001-0000) income of the community spouse is subtracted from the maintenance needs allowance determined in step 1. The difference is the income allowance unless the allowance described in step 3 is greater.

(C) Step 3: If a spousal support order or exceptional circumstances resulting in significant financial distress require a greater income allowance than that calculated in step 2, the greater amount is the allowance.

(e) A dependent income allowance as follows:

(A) For a case with a community spouse, a deduction is permitted only if the monthly income of the eligible dependent is below $2,003. To determine the income allowance of each eligible dependent:

(i) The monthly income of the eligible dependent is deducted from $2,003.

(ii) One-third of the amount remaining after the subtraction in paragraph (A) of this subsection is the income allowance of the eligible dependent.

(B) For a case with no community spouse:

(i) The allowance is the TANF adjusted income standard for the individual and eligible dependents.

(ii) The TANF standard is not reduced by the income of the dependent.

(f) Costs for maintaining a home if the individual meets the criteria in OAR 461-160-0630.

(g) Medical deductions allowed by OAR 461-160-0030 and 461-160-0055 are made for costs not covered under the state plan. This includes the public and private health insurance premiums of the community spouse and the individual's dependent.

(h) After taking all the deductions allowed by this rule, the remaining balance is the adjusted income.

(i) The individual's liability is determined as follows:

(A) For an individual receiving home and community-based care (except an individual identified in OAR 461-160-0610(4)), the liability is the actual cost of the home and community-based care or the adjusted income of the individual, whichever is less. This amount must be paid to the Department each month as a condition of being eligible for home and community-based care. In OSIPM-IC, the liability is subtracted from the gross monthly benefit.

(B) For an individual who resides in a nursing facility, a state psychiatric hospital, an Intermediate Care Facility for the Mentally Retarded, or a mental health facility, there is a liability as described at OAR 461-160-0610.

(4) The deduction used to determine adjusted income for a GA and GAM client receiving long-term care services or home and community-based care is as follows:

(a) One standard earned income deduction of $65 is made from the earned income for an individual who is not blind; or

(b) One standard earned income deduction of $85 is made from the earned income for an individual who is blind.

Adm. Order No.: SSP 25-2016(Temp)

Filed with Sec. of State: 6-30-2016

Certified to be Effective: 7-1-16 thru 12-27-16

Notice Publication Date:

Rules Amended: 461-001-0000, 461-101-0010, 461-110-0630, 461-110-0750, 461-115-0030, 461-115-0050, 461-115-0071, 461-115-0430, 461-115-0700, 461-120-0030, 461-120-0125, 461-120-0210, 461-120-0315, 461-120-0345, 461-120-0350, 461-120-0510, 461-125-0810, 461-135-0560, 461-135-0700, 461-135-0701, 461-135-0708, 461-135-0950, 461-135-0990, 461-140-0010, 461-140-0040, 461-140-0120, 461-140-0210, 461-140-0242, 461-140-0250, 461-140-0296, 461-140-0300, 461-145-0005, 461-145-0040, 461-145-0050, 461-145-0110, 461-145-0220, 461-145-0230, 461-145-0240, 461-145-0250, 461-145-0259, 461-145-0260, 461-145-0320, 461-145-0330, 461-145-0340, 461-145-0360, 461-145-0365, 461-145-0370, 461-145-0410, 461-145-0420, 461-145-0455, 461-145-0460, 461-145-0470, 461-145-0510, 461-145-0540, 461-145-0600, 461-145-0910, 461-145-0920, 461-145-0930, 461-150-0050, 461-155-0010, 461-155-0020, 461-155-0210, 461-155-0360, 461-155-0580, 461-155-0600, 461-155-0610, 461-155-0620, 461-155-0640, 461-155-0670, 461-160-0010, 461-160-0015, 461-160-0055, 461-160-0060, 461-160-0500, 461-160-0620, 461-165-0030, 461-165-0050, 461-165-0120, 461-170-0011, 461-175-0210, 461-175-0240, 461-175-0310, 461-180-0010, 461-180-0065, 461-180-0070, 461-180-0090, 461-195-0521, 461-195-0541

Rules Suspended: 461-110-0390, 461-125-0510, 461-135-0705

Subject: OAR 461-001-0000 about definitions for chapter OAR 461 is being amended to remove references to the GAM program and remove GA and GAM from the definition of "initial month" since

there is no relationship between disqualifying resource transfers and GA.

OAR 461-101-0010 about program acronyms and overview is being amended to remove GAM and simplify the description of GA.

OAR 461-110-0630 about need groups is being amended to remove GAM and GA. The GA need group will be addressed in OAR 461-135-0600.

OAR 461-110-0750 about benefit groups is being amended to remove GAM and GA. The GA benefit group will be addressed in OAR 461-135-0600.

OAR 461-115-0030 about the date of request is being amended to remove GAM.

OAR 461-115-0050 about when an application must be filed is being amended to specify that an application for OSIPM meets the application requirements for GA.

OAR 461-115-0071 about who must sign the application and complete the application process is being amended to remove GAM.

OAR 461-115-0430 about periodic redeterminations is being amended to remove references to GAM and to clarify that redeterminations must be done at least every 12 months; not necessarily at 12 months.

OAR 461-115-0700 about required verification; GA, GAM, OSIP, OSIPM, and QMB is being amended to remove references to GAM and to remove GA from the resource verification section; resource eligibility for GA does not have to be determined separately from that of OSIPM.

OAR 461-120-0030 about state of residence for an individual in a medical facility is being amended to remove a reference to GAM.

OAR 461-120-0125 about alien status is being amended to remove the section pertaining specifically to GA and GAM. Alien status for GA does not have to be determined separately from that of OSIPM.

OAR 461-120-0210 about the requirement to provide a Social Security number is being amended to remove references to GA and GAM. Enumeration requirements for GA do not have to be determined separately from those of OSIPM.

OAR 461-120-0315 about medical assignment is being amended to remove references to GAM.

OAR 461-120-0345 about clients required to obtain health care coverage and cash medical support to remove references to GAM.

OAR 461-120-0350 about clients excused for good cause from compliance with requirements to pursue child support, health care coverage, and medical support is being amended to remove references to GAM.

OAR 461-120-0510 about age requirements for clients to receive benefits is being amended to remove the section pertaining specifically to GA and GAM. Age requirements for GA will be addressed in OAR 461-135-0700.

OAR 461-125-0810 about using administrative medical examinations is being amended to remove a reference to GA, since a Department disability decision necessary to qualify for GA is not made separately from that needed to establish a basis of need for OSIPM.

OAR 461-135-0560 about fleeing felon and violators or parole, probation, and post prison supervision is being amended to remove references to GA and GAM. This requirement will be addressed in OAR 461-135-0700.

OAR 461-135-0700 about specific requirements for GA and GAM is being amended to remove references to GAM and to incorporate the specific requirements for the new GA program.

OAR 461-135-0701 about the termination of GA and GAM programs October 1, 2005 is being amended to incorporate the return of GA.

OAR 461-135-0708 about criteria for developing a plan for self support OSIP, OSIPM, and QMB is being amended to remove references to GA and GAM. This rule is tied to OSIPM financial eligibility and does not need to be addressed separately for GA.

OAR 461-135-0950 about eligibility for inmates and residents of state hospitals is being amended to remove references to and sections pertaining to GAM.

OAR 461-135-0990 about specific requirements; reimbursements of cost effective, private, or employer sponsored health insurance premiums is being amended to remove references to GAM and OCCS medical programs no longer covered in chapter 461 of the OARs.

OAR 461-140-0010 about assets; income and resources is being amended to remove references to GA and GAM as assets are not treated differently in the GA program as they are in OSIPM.

OAR 461-140-0040 about determining availability of income is being amended to remove references to GA and GAM as income is not evaluated differently for GA than it is for OSIPM.

OAR 461-140-0120 about the availability and treatment of lump sum income is being amended to remove references to GA and GAM. Lump sum income is not treated differently in the GA program as it is in OSIPM.

OAR 461-140-0210 about asset transfer; general information and timelines is being amended to remove references to GA and GAM as asset transfers only affect those receiving long term care.

OAR 461-140-0242 about disqualifying transfer of assets including home is being amended to remove references to GA and GAM as asset transfers only affect those receiving long term care.

OAR 461-140-0250 about determining the uncompensated value of a transferred asset is being amended to remove references to GA and GAM as asset transfers only affect those receiving long term care.

OAR 461-140-0296 about length of disqualification due to an asset transfer is being amended to remove references to GA and GAM as asset transfers only affect those receiving long term care.

OAR 461-140-0300 about adjustments to the disqualification for asset transfer is being amended to remove references to GA and GAM as asset transfers only affect those receiving long term care.

OAR 461-145-0005 about Agent Orange disability benefits is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0040 about burial arrangements and burial funds is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0050 about burial spaces and merchandise is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0110 about domestic volunteer services act is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0220 about homes is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0230 about housing and urban development is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0240 about income producing sales contract is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining spe-

cific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0250 about income producing property is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0259 and OAR 461 145 0260 about Indian (Native American) benefits is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0320 about life insurance is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0330 about loans and interest on loans is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0340 about lodger income is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0360 about motor vehicles is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0365 about national and community services trust act, including AmeriCorps is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0370 about Older Americans Act is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0410 about program benefits is being amended to remove references to GAM.

OAR 461-145-0420 about real property is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0455 about reception and placement grants is being amended to remove references to GA. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0460 about sale of a resource is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0470 about shelter in kind income is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0510 about SSI is being amended to remove references to GA and GAM. The receipt of SSI and how it affects GA is addressed in OAR 461-135-0700.

OAR 461-145-0540 about trusts is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0600 about work related capital assets, equipment, and inventory is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0910 about self employment; general is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0920 about self employment; costs that are excluded to determine countable income is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-145-0930 about self employment; determination of countable income is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-150-0050 about prospective eligibility and budgeting is being amended to remove references to GA and GAM. Financial eligibility for OSIPM must be established prior to determining specific eligibility for GA; therefore, it is not necessary to address how specific assets are treated for GA.

OAR 461-155-0010 about use of payment standards to establish need is being amended to remove a reference to GAM.

OAR 461-155-0020 about pro rated standards; adjusted number in household is being amended to remove a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461-155-0210 about payment standards; GA and GAM is being amended to remove references to GAM and establish the new GA program payment standards.

OAR 461-155-0360 about pursuit of cost effective employer sponsored health insurance is being amended to remove references to GAM and OCCS medical program no longer under the jurisdiction of chapter 461 of the OARs.

OAR 461-155-0580 about special need; laundry allowances is being amended to remove references to GAM and to remove a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461-155-0600 about special need; home repairs, GA, OSIP, and OSIPM is being amended to remove a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461-155-0610 about special need; moving costs, GA, OSIP, and OSIPM is being amended to remove a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461 155 0620 about special need; property taxes is being amended to remove a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461-155-0640 about special need; restaurant meals is being amended to remove a reference to GAM and a reference to GA since

it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461-155-0670 about special need; special diet allowance is being amended to remove a reference to GAM and a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients — GA recipients must be OSIPM recipients by rule.

OAR 461-160-0010 about use of resources in determining financial eligibility is being amended to remove a reference to GAM and to remove a reference to GA since it's unnecessary to distinguish GA recipients from OSIPM recipients in regards to financial eligibility — GA recipients must be OSIPM recipients by rule.

OAR 461-160-0015 about resource limits is being amended to remove a reference to GAM and to remove a reference to GA, since it's unnecessary to distinguish GA recipients from OSIPM recipients in regards to financial eligibility — GA recipients must be OSIPM recipients by rule.

OAR 461-160-0055 about medical costs that are deductible is being amended to remove GA and GAM as medical cost deductions only apply to OSIPM in regards to post eligibility treatment of income and SNAP.

OAR 461-160-0060 about use of rounding in calculating benefit amount is being amended to remove a reference to GAM.

OAR 461-160-0500 about use of income to determine eligibility and benefits for GA and GAM is being amended to remove the eligibility determination language, since it will be stated in other rules that OSIPM income methodology is used to determine eligibility for GA. This proposed amendment will also establish the new method for determining GA countable and adjusted income in regards to calculating benefit amounts. The individual's or couple's adjusted income will be subtracted from the appropriate housing assistance payment standard to determine benefits. The PIF and utility payments are not affected by income. References to GAM are also being removed.

OAR 461-160-0620 about income deductions and client liability; long term care services or home and community based care; OSIPM is being amended to remove the section which pertains to GA and GAM. GA benefits are only available to those in standard living arrangements and there is no more GAM program.

OAR 461-165-0030 about concurrent and duplicate program benefits is being amended to clarify that an individual may not receive GA and TANF in the same month as well as remove references to discontinued OCCS medical programs as well as remove references to discontinued OCCS medical programs.

OAR 461-165-0050 about dual payee; when to use is being amended to remove GA since any checks will be paid directly to a landlord; other benefits will be put on an EBT card.

OAR 461-165-0120 about benefits for a client is an acute care setting is being amended to remove a reference to GAM.

OAR 461-170-0011 about changes that must be reported is being amended to remove a reference to GAM.

OAR 461-175-0210 about notice situation; client moved or whereabouts unknown is being amended to remove a reference to GAM.

OAR 461-175-0240 about notice situation; lump sum is being amended to remove GA since lump sum income will only affect GA insofar as it affects OSIPM eligibility. If individuals lose OSIPM because of lump sum income (either in the month received or the month after if it puts the client over the resource limit), the GA closure notice will cite ineligibility for OSIPM as the reason.

OAR 461-175-0310 about notice situation; asset transfer disqualification is being amended to remove references to GA and GAM. Asset transfers only affect long term care benefits.

OAR 461-180-0010 about effective dates; adding a new person to an open case is being amended to remove references to GAM.

OAR 461-180-0065 about effective dates; ending disqualifications is being amended to remove a reference to GAM.

OAR 461-180-0070 about effective dates; initial month benefits is being amended to establish that the effective date will either be the month after eligibility is established.

OAR 461-180-0090 about effective dates; initial month medical benefits is being amended to remove a reference to GAM.

OAR 461-195-0521 about calculation of overpayments is being amended to remove a reference to GAM.

OAR 461-195-0541 about liability for overpayments is being amended to remove a reference to GAM.

OAR 461-110-0390 about GA(M) filing groups is being repealed because GA eligibility is dependent on OSIPM eligibility; therefore, there is no need to address the filing group for GA.

OAR 461-125-0510 about impairment criteria in GA and GAM is being repealed as impairment criteria for GA will not be determined or established separately from that of OSIPM under OAR 461-125-0370(1)(c) and will also be addressed in OAR 461-135-0700.

OAR 461-135-0705 about specific requirements GA, GAM ineligible is being repealed — information about what makes one ineligible for GA will be addressed in OAR 461-135-0700.

The rule text showing proposed changes is available at http://www.dhs.state.or.us/policy/selfsufficiency/ar_temporary.htm.

461-001-0000
Definitions for Chapter 461

Defined terms are often italicized throughout this chapter of rules. If a defined term is accompanied by a cross-reference to a rule defining the term, subsequent usages of that term in the same rule refer to the same definition cross-referenced earlier in the rule. In this chapter of rules, unless the context indicates otherwise:

(1) A reference to Division, Adult and Family Services Division (or AFS), Senior and Disabled Services Division (or SDSD), or any other agency formerly part of the Department of Human Services means the Department of Human Services (DHS), except:

(a) The rule in which reference occurs only regulates programs covered by OAR chapter 461.

(b) OCCS medical program eligibility rules are in OAR chapter 410, division 200.

(2) "Address Confidentiality Program" (ACP) means a program of the Oregon Department of Justice, which provides a substitute mailing address and mail forwarding service for ACP participants who are victims of domestic violence (see section (25) of this rule), sexual assault, or stalking.

(3) "Adjusted income" means the amount determined by subtracting income deductions from countable (see section (18) of this rule) income (see OAR 461-140-0010). Specific rules on the deductions are in OAR chapter 461, division 160.

(4) "Adoption assistance" means financial assistance provided to families adopting children with special needs. "Adoption assistance" may be state or federally funded. Federal adoption assistance is authorized by the Adoption Assistance and Child Welfare Act of 1980 (Pub. L. No. 96-272, 94 Stat. 500 (1980)). State adoption assistance is authorized by ORS 418.330 to 418.335.

(5) "Assets" mean income and resources.

(6) "Basic decision notice" means a decision notice (see section (21) of this rule) mailed no later than the date of action given in the notice.

(7) "Branch office" means any Department or AAA (Area Agency on Aging) office serving a program covered by this chapter of rules.

(8) "Budgeting" means the process of calculating the benefit level.

(9) "Budget month" means the calendar month from which nonfinancial and financial information is used to determine eligibility (see section (28) of this rule) and benefit level for the payment month (see section (50) of this rule).

(10) "Cafeteria plan" means a written benefit plan offered by an employer in which:

(a) All participants are employees; and

(b) Participants may choose, cafeteria-style, from a menu of two or more cash or qualified benefits. In this context, qualified benefits are benefits other than cash that the Internal Revenue Service does not consider part of an employee's gross income. Qualified benefits include, but are not limited to:

(A) Accident and health plans (including medical plans, vision plans, dental plans, accident and disability insurance);

(B) Group term life insurance plans (up to $50,000);

(C) Dependent care assistance plans; and

(D) Certain stock bonus plans under section 401(k)(2) of the Internal Revenue Code (but not 401(k)(1) plans).

(11) "Capital asset" means property that contributes toward earning self-employment income, including self-employment income from a microenterprise (see section (43) of this rule), either directly or indirectly. A "capital asset" generally has a useful life of over one year and a value, alone or in combination, of $100 or more.

(12) "Caretaker" means an individual who is responsible for the care, control, and supervision of a child (see section (15) of this rule). The status of "caretaker" ends once the individual no longer exercises care, control, and supervision of the child for 30 days.

(13) "Caretaker relative" means a caretaker (see section 12 of this rule) who meets the requirements of one of the following subsections:

(a) Is one of the following relatives of the dependent child (see section (23) of this rule):

(A) Any blood relative, including those of half-blood, and including first cousins, nephews, or nieces, and individuals of preceding generations as denoted by prefixes of grand, great, or great-great.

(B) Stepfather, stepmother, stepbrother, and stepsister.

(C) An individual who legally adopts the child and any individual related to the individual adopting the child, either naturally or through adoption.

(b) Is or was a spouse (see section (63) of this rule) of an individual listed in subsection (a) of this section.

(c) Met the definition of "caretaker relative" under subsection (a) or (b) of this section before the child was adopted (notwithstanding the subsequent adoption of the child).

(14) "Certification period" means the period for which an individual is certified eligible for a program.

(15) "Child" includes natural, step, and adoptive children. The term "child" does not include an unborn.

(a) In the ERDC program, a "child" need not have a biological or legal relationship to the caretaker but must be in the care and custody of the caretaker, must meet the citizenship or alien status requirements of OAR 461-120-0110, and must be:

(A) Under the age of 18; or

(B) Under the age of 19 and in secondary school or vocational training at least half time.

(b) In the GA and OSIP programs, a "child" is an individual under the age of 18.

(c) In the OSIPM and QMB programs, "child" means an unmarried individual living with a parent (see section (49) of this rule) who is:

(A) Under the age of 18; or

(B) Under the age of 22 and attending full-time secondary, postsecondary or vocational-technical training designed to prepare the individual for employment.

(d) In the REF and REFM programs, a "child" is:

(A) An individual under the age of 18; or

(B) An individual who is 18 years of age and attending secondary school full-time or pursuing a GED full-time.

(16) "Community based care" is any of the following:

(a) Adult foster care — Room and board and 24 hour care and services for the elderly or for people with disabilities 18 years of age or older. The care is contracted to be provided in a home for five or fewer clients.

(b) Assisted living facility — A program approach, within a physical structure, which provides or coordinates a range of services, available on a 24-hour basis, for support of resident independence in a residential setting.

(c) In-home Services — Individuals living in their home receiving services determined necessary by the Department.

(d) Residential care facility — A facility that provides residential care in one or more buildings on contiguous property for six or more individuals who have physical disabilities or are socially dependent.

(e) Specialized living facility — Identifiable services designed to meet the needs of individuals in specific target groups which exist as the result of a problem, condition, or dysfunction resulting from a physical disability or a behavioral disorder and require more than basic services of other established programs.

(f) Independent choices — In-Home Services program wherein the participant is given cash benefits to purchase self-directed personal assistance services or goods and services provided pursuant to a written service plan (see OAR 411-030-0020).

(17) "Continuing benefit decision notice" means a decision notice that informs the client of the right to continued benefits and is mailed in time to be received by the date benefits are, or would be, received.

(18) "Countable" means that an available asset (either income or a resource) is not excluded and may be considered by some programs to determine eligibility.

(19) "Cover Oregon" means Oregon Health Insurance Exchange Corporation.

(20) "Custodial parents" mean parents who have physical custody of a child. "Custodial parents" may be receiving benefits as dependent children or as caretaker relatives for their own children.

(21) "Decision notice" means a written notice of a decision by the Department regarding an individual's eligibility for benefits in a program.

(22) "Department" means the Department of Human Services (DHS).

(23) "Dependent child" in the TANF program means the following:

(a) An individual who is not a caretaker relative (see section (13) of this rule) of a child in the household, is unmarried or married but separated, and is under the age of 18, or 18 years of age and a full time student in secondary school or the equivalent level of vocational or technical training; or

(b) A minor parent (see section (45) of this rule) whose parents have chosen to apply for benefits for the minor parent. This does not apply to a minor parent who is married and living with his or her spouse.

(24) "Disability" means:

(a) In the SNAP program, see OAR 461-001-0015.

(b) In the REF, SFPSS, TA-DVS, and TANF programs, for purposes other than determining eligibility:

(A) An individual with a physical or mental impairment that substantially limits the individual's ability to meet the requirements of the program; or

(B) An individual with a physical or mental impairment that substantially limits one or more major life activities, a record of such impairment, or who is regarded as having such an impairment as defined by the Americans with Disabilities Act (42 USC 12102; 28 CFR 35.104).

(25) "Domestic violence" means the occurrence of one or more of the acts described in subsections (a) to (d) of this section between family members, intimate partners, or household members:

(a) Attempting to cause or intentionally, knowingly, or recklessly causing physical injury or emotional, mental, or verbal abuse.

(b) Intentionally, knowingly, or recklessly placing another in fear of imminent serious physical injury.

(c) Committing sexual abuse in any degree as defined in ORS 163.415, 163.425 and 163.427.

(d) Using coercive or controlling behavior.

(e) As used in this section, "family members" and "household members" mean any of the following:

(A) Spouse;

(B) Former spouse;

(C) Individuals related by blood, marriage (see section (43) of this rule), or adoption;

(D) Individuals who are cohabitating or have cohabited with each other;

(E) Individuals who have been involved in a sexually intimate or dating relationship; or

(F) Unmarried parents of a child.

(26) "Domestic violence shelters" are public or private nonprofit residential facilities providing services to victims of domestic violence. If the facility serves other people, a portion must be used solely for victims of domestic violence.

(27) "Electronic application" is an application electronically signed and submitted through the Internet.

(28) "Eligibility" means the decision as to whether an individual qualifies, under financial and nonfinancial requirements, to receive program benefits.

(29) "Equity value" means fair market value (see section (30) of this rule) minus encumbrances.

(30) "Fair market value" means the amount an item is worth on the open market.

(31) "Family stability" in the JOBS, Pre-TANF, Post-TANF, SFPSS, TA-DVS, and TANF programs means the characteristics of a family that support healthy child development, including parental mental health, drug and alcohol free environment, stable relationships, and a supportive, flexible, and nurturing home environment.

(32) "Family stability activity" in the JOBS, Pre-TANF, Post-TANF, SFPSS, TA-DVS, and TANF programs means an action or set of actions taken by an individual, as specified in a case plan, intended to promote the ability of one or both parents to achieve or maintain family stability (see section (31) of this rule).

(33) "Financial institution" means a bank, credit union, savings and loan association, investment trust, or other organization held out to the public as a place receiving funds for deposit, savings, checking, or investment.

(34) "Homeless" in the ERDC program means lacking a fixed regular and adequate nighttime residence and includes living in an emergency shelter, shared housing with others due to loss of housing or economic hardship, staying in motels, cars, parks, public places, tents, trailers, or other similar settings.

(35) "Income producing property" means:

(a) In all programs except OSIP, OSIPM, and QMB, real or personal property that generates income for the financial group (see OAR 461-110-0530). Examples of "income producing property" are:

(A) Livestock, poultry, and other animals.

(B) Farmland, rental homes (including a room or other space in the home or on the property of a member of the financial group), vacation homes, and condominiums.

(b) In the OSIP, OSIPM, and QMB programs, "income-producing property" means any real or personal property not used in self-employment (see OAR 461-145-0600 and 461-145-0915) that produces income for the financial group. "Income-producing property" includes:

(A) Livestock, poultry, or other animals that produce marketable products sold by the financial group.

(B) Farmland not excluded under OAR 461-145-0220 that is farmed or rented out by the financial group.

(C) Real property other than the home (including vacation homes and condominiums), that is rented out.

(c) In the OSIP, OSIPM, and QMB programs, "income-producing property" does not include:

(A) Rooms or other space for rent in the home (see OAR 461-145-0220).

(B) Livestock, poultry, or other animals kept for resale (see OAR 461-145-0010).

(36) "Initial month" of eligibility means any of the following:

(a) In all programs, the first month a benefit group (see OAR 461-110-0750) is eligible for a program benefit in Oregon after a period during which the group is not eligible.

(b) In all programs except the SNAP program, the first month a benefit group is eligible for a program benefit after there has been a break in the program benefit of at least one full calendar month. If benefits are suspended for one month, that is not considered a break.

(c) In the SNAP program:

(A) The first month for which the benefit group is certified following any period during which they were not certified to participate, except for migrant and seasonal farm workers (see OAR 461-001-0015).

(B) For migrant and seasonal farmworkers, the first month for which the benefit group is certified following any period of one month or more during which they were not certified to participate.

(d) For a new applicant to the OSIP or OSIPM program applying for care in a nonstandard living arrangement (see section (45) of this rule), for the purposes of calculating the correct divisor in OAR 461-140-0296, the month in which the individual would have been eligible had it not been for the disqualifying transfer of assets (see section (5) of this rule).

(e) For a current recipient of the OSIP or OSIPM program receiving or applying for care in a nonstandard living arrangement, for the purpose of calculating the correct divisor in OAR 461-140-0296, the later of the following:

(A) The month the disqualifying transfer occurred.

(B) The month of application for long-term care (see section (40) of this rule) services if the individual would have been eligible had it not been for the disqualifying transfer of assets.

(37) "In-kind income" means income in a form other than money (such as food, clothing, cars, furniture, and payments made to a third party).

(38) "Legally married" means a marriage uniting two individuals according to:

(a) The statutes of the state where the marriage occurred;

(b) Except in the SNAP program, the common law of the state in which the two individuals previously resided while meeting the requirements for common law marriage in that state; or

(c) The laws of a country in which the two individuals previously resided while meeting the requirements for legal or cultural marriage in that country.

(39) "Life estate" means the right to property limited to the lifetime of the individual holding it or the lifetime of some other individual. In general, a "life estate" enables the owner of the "life estate" to possess, use, and obtain profits from property during the lifetime of a designated individual while actual ownership of the property is held by another individual. A "life estate" is created when an individual owns property and then transfers ownership to another individual while retaining, for the rest of the individual's life, certain rights to that property. In addition, a "life estate" is established when a member of the financial group purchases a "life estate" interest in the home of another individual.

(40) "Lodger" means a member of the household group (see OAR 461-110-0210) who:

(a) Is not a member of the filing group (see OAR 461-110-0310); and

(b) Pays the filing group:

(A) In all programs except the OSIP, OSIPM, and QMB programs, for room and board.

(B) In the OSIP, OSIPM, and QMB programs, for room with or without board.

(41) "Long term care" means the system through which the Department provides a broad range of social and health services to eligible adults who are aged, blind, or have disabilities for extended periods of time. This includes nursing homes and state hospitals (Eastern Oregon and Oregon State Hospitals).

(42) "Lump-sum income" means income received too infrequently or irregularly to be reasonably anticipated, or received as a one-time payment. "Lump-sum income" includes:

(a) Retroactive benefits covering more than one month, whether received in a single payment or several payments.

(b) Income from inheritance, gifts, winnings, and personal injury claims.

(43) "Marriage" means the union of two individuals who are legally married (see section (38) of this rule).

(44) "Microenterprise" means a sole proprietorship, partnership, or family business with fewer than five employees and capital needs no greater than $35,000.

(45) "Minor parent" in the ERDC and TANF programs means a parent under the age of 18.

(46) "Nonstandard living arrangement" is defined as follows:

(a) In the GA, OSIP, OSIPM, and QMB programs, an individual is considered to be in a "nonstandard living arrangement" when the individual is applying for or receiving services in any of the following locations:

(A) A nursing facility in which the individual receives long-term care services paid with Medicaid funding, except this subsection does not apply to a Medicare client in a skilled-stay nursing facility.

(B) An intermediate care facility for the mentally retarded (ICF/MR).

(C) A psychiatric institution, if the individual is not yet 21 years of age or has reached the age of 65.

(D) A community based care (see section (16) of this rule) setting, except a State Plan Personal Care (SPPC) setting is not considered a "nonstandard living arrangement".

(b) In all programs except GA, OSIP, OSIPM, and QMB, "nonstandard living arrangement" means each of the following locations:

(A) Foster care.

(B) Residential Care facility.

(C) Drug or alcohol residential treatment facility.

(D) Homeless or domestic violence shelter.

(E) Lodging house if paying for room and board.

(F) Correctional facility.

(G) Medical institution.

(47) "OCCS" is the Office of Client and Community Services, part of the Medical Assistance Programs under the Oregon Health Authority responsible for OCCS medical program eligibility policy, community outreach, OCCS Medical Program eligibility determinations, and the OHA Customer Service Call Center.

(48) "OCCS Medical Programs" refers to programs for which eligibility policy can be found in OAR chapter 410, division 200, and includes

CEC, CEM, MAA, MAF, EXT, OHP, Substitute Care, BCCTP, and MAGI Medicaid/CHIP programs, including:

(a) MAGI Adult;

(b) MAGI Child;

(c) MAGI Parent or Other Caretaker Relative;

(d) MAGI Pregnant Woman; and

(e) MAGI CHIP.

(49) "Ongoing month" means one of the following:

(a) For all programs except the SNAP program, any month following the initial month (see section (35) of this rule) of eligibility, if there is no break in the program benefit of one or more calendar months.

(b) For the SNAP program, any month in the certification period (see section (14) of this rule) following the initial month of eligibility.

(50) "Parent" for all programs except JPI (see OAR 461-135-1260) and the SNAP program means the biological mother or father of an unborn child or the biological, step, or adoptive mother or father of a child. For JPI and the SNAP program, "parent" means the biological or legal mother or father of an individual.

(a) If the mother lives with a male and either she or the male claims that he is the father of the child or unborn, and no one else claims to be the father, he is treated as the father even if paternity has not been legally established.

(b) A stepparent relationship exists if:

(A) The individual is legally married to the child's biological or adoptive parent; and

(B) The marriage has not been terminated by legal separation, divorce, or death.

(c) A legal adoption erases all prior legal and blood relationships and establishes the adoptive parent as the legal parent. However, the biological parent is also considered a "parent" if both of the following are true:

(A) The child lives with the biological parent; and

(B) The legal parent has given up care, control, and supervision of the child.

(51) "Payment month" means, for all programs except EA, the calendar month for which benefits are issued.

(52) "Payment period" means, for EA, the 30-day period starting with the date the first payment is issued and ending on the 30th day after the date the payment is issued.

(53) "Periodic income" means income received on a regular basis less often than monthly.

(54) "Primary person" for all programs except the SNAP program, means the filing group member who is responsible for providing information necessary to determine eligibility and calculate benefits. The "primary person" for individual programs is as follows:

(a) For the TANF program, the parent or caretaker relative.

(b) For the ERDC program, the caretaker.

(c) For SNAP, see OAR 461-001-0015.

(d) For the GA, OSIP, OSIPM, QMB, REF, and REFM programs: the client or client's spouse.

(55) "Qualified Partnership Policy" means a long-term care insurance policy meeting the requirements of OAR 836-052-0531 that was either:

(a) Issued while the individual was a resident in Oregon on January 1, 2008 or later; or

(b) Issued in another state while the individual was a resident of that state on or after the effective date of that state's federally approved State Plan Amendment to issue qualified partnership policies.

(56) "Real property" means land, buildings, and whatever is erected on or affixed to the land and taxed as "real property".

(57) "Reimbursement" means money or in-kind compensation provided specifically for an identified expense.

(58) "Safe homes" mean private homes that provide a few nights lodging to victims of domestic violence. The homes must be recognized as such by the local domestic violence agency, such as crisis hot lines and shelters.

(59) "Shelter costs" mean, in all programs except the SNAP program, housing costs (rent or mortgage payments, property taxes) and utility costs, not including cable TV or non-basic telephone charges. In the SNAP program, see OAR 461-160-0420.

(60) "Shelter in kind" means an agency or individual outside the financial group provides the shelter of the financial group, or makes a payment to a third party for some or all of the shelter costs (see section (58) of this rule) of the financial group. "Shelter-in-kind" does not include temporary shelter provided by a domestic violence shelter, homeless shelter, or residential alcohol and drug treatment facilities or situations where no shelter is being provided, such as sleeping in a doorway, park, or bus station.

(61) "Sibling" means the brother or sister of an individual. "Blood related" means they share at least one biological or adoptive parent. "Step" means they are not related by blood, but are related by the marriage of their parents.

(62) "Spousal support" means income paid (voluntarily, per court order, or per administrative order) by a separated or divorced spouse to a member of the financial group.

(63) "Spouse" means an individual who is legally married to another individual.

(64) "Stable income" means income that is the same amount each time it is received.

(65) "Standard living arrangement" means a location that does not qualify as a nonstandard living arrangement.

(66) "Teen parent" means, for TANF and JOBS, a parent under the age of 20 who has not completed a high school diploma or GED.

(67) "Timely continuing benefit decision notice" means a decision notice that informs the individual of the right to continued benefits and is mailed no later than the time requirements in OAR 461-175-0050.

(68) "Trust funds" mean money, securities, or similar property held by an individual or institution for the benefit of another individual.

(69) "USDA meal reimbursements" mean cash reimbursements made by the Oregon Department of Education for family day-care providers who serve snacks and meals to children in their care.

(70) "Variable income" means earned or unearned income that is not always received in the same amount each month.

461-101-0010
Program Acronyms and Overview

(1) Acronyms are frequently used when referring to a program. There is an acronym for each umbrella program and acronyms for each subprogram.

(2) When no program acronym appears in a rule in chapter 461 of these rules, the rule with no program acronym applies to all programs listed in this rule. If a rule does not apply to all programs, the rule uses program acronyms to identify the programs to which the rule applies.

(3) Wherever an umbrella acronym appears, that means the rule covers all the subprograms under that code.

(4) CAWEM; Citizen/Alien-Waived Emergent Medical. Medicaid coverage of emergent medical needs for individuals who are not eligible for other medical programs solely because they do not meet citizenship and alien status requirements.

(5) DSNAP; Disaster Supplemental Nutrition Assistance Program. Following a presidential declaration of a major disaster in Oregon, DSNAP provides emergency DSNAP program benefits to victims. OAR 461-135-0491 to 461-135-0497 cover DSNAP eligibility and benefits.

(6) EA; Emergency Assistance. Emergency cash to families without the resources to meet emergent needs.

(7) ERDC or ERDC-BAS; Employment Related Day Care-Basic. Helps low-income working families pay the cost of child care.

(8) GA; General Assistance. Cash assistance to certain low-income individuals with disabilities.

(9) HSP; Housing Stabilization Program. A program that helps low-income families obtain stable housing. The program is operated through the Housing and Community Services Department through community-based, service-provider agencies. The Department's rules for the program (OAR 461-135-1305 to 461-135-1335) were repealed July 1, 2001.

(10) JOBS; Job Opportunity and Basic Skills. An employment program for TANF clients. JOBS helps these clients attain self-sufficiency through training and employment. The program is part of Welfare Reform.

(11) JOBS Plus. Provides subsidized jobs rather than SNAP or TANF benefits. For TANF clients, JOBS Plus is a component of the JOBS Program; for SNAP clients and noncustodial parents of children receiving TANF, it is a separate employment program. Eligibility for TANF clients, SNAP clients, and noncustodial parents of children receiving TANF is determined by the Department. Eligibility for UI recipients is determined by the Oregon State Employment Department. When used alone, JOBS Plus includes only clients whose JOBS Plus program participation is through the Department of Human Services. JOBS Plus administered through the Oregon State Employment Department is known in chapter 461 of the Oregon Administrative Rules as Oregon Employment Department UI JOBS Plus. The following acronyms are used for specific categories:

(a) TANF-PLS; Clients eligible for JOBS Plus based on TANF.

(b) SNAP-PLS; Clients eligible for JOBS Plus based on SNAP.

(c) NCP-PLS; Noncustodial parents of children receiving TANF.

(12) JPI; Job Participation Incentive. An additional $10 food benefit to help increase the ability of parents with children, who meet federal TANF participation rate, to meet the nutritional needs of their families.

(13) LIS; Low-Income Subsidy. The Low-Income Subsidy program is a federal assistance program for Medicare clients who are eligible for extra help meeting their Medicare Part D prescription drug costs.

(14) OFSET. The Oregon Food Stamp Employment Transition Program, which helps SNAP program benefit recipients find employment. This program is mandatory for some SNAP program benefit recipients.

(15) OSIP; Oregon Supplemental Income Program. Cash supplements and special need payments to individuals who are blind, disabled, or 65 years of age or older. When used alone, OSIP refers to all OSIP programs. The following acronyms are used for OSIP subprograms:

(a) OSIP-AB; Oregon Supplemental Income Program — Aid to the Blind.

(b) OSIP-AD; Oregon Supplemental Income Program — Aid to the Disabled.

(c) OSIP-EPD; Oregon Supplemental Income Program — Employed Persons with Disabilities program. This program provides Medicaid coverage for employed persons with disabilities with adjusted income less than 250 percent of the Federal Poverty Level.

(d) OSIP-OAA; Oregon Supplemental Income Program — Old Age Assistance.

(16) OSIPM; Oregon Supplemental Income Program Medical. Medical coverage for elderly and disabled individuals. When used alone, OSIPM refers to all OSIP-related medical programs. The following codes are used for OSIPM subprograms:

(a) OSIPM-AB; Oregon Supplemental Income Program Medical — Aid to the Blind.

(b) OSIPM-AD; Oregon Supplemental Income Program Medical — Aid to the Disabled.

(c) OSIPM-EPD; Oregon Supplemental Income Program Medical — Employed Persons with Disabilities program. This program provides Medicaid coverage for employed persons with disabilities with adjusted income less than 250 percent of the Federal Poverty Level.

(d) OSIPM-OAA; Oregon Supplemental Income Program Medical — Old Age Assistance.

(e) OSIPM-IC; Oregon Supplemental Income Program Medical — Independent Choices

(17) The Post-TANF program provides a monthly transitional payment to employed clients who are no longer eligible for the Pre-TANF or TANF programs due to earnings, and meet the other eligibility requirements.

(18) The Pre-TANF program is an up-front assessment and resource-search program for TANF applicant families. The intent of the program is to assess the individual's employment potential; determine any barriers to employment or family stability; develop an individualized case plan that promotes family stability and financial independence; help individuals find employment or other alternatives; and provide basic living expenses immediately to families in need.

(19) QMB; Qualified Medicare Beneficiaries. Programs providing payment of Medicare premiums and one program also providing additional medical coverage for Medicare recipients. Each of these programs also is considered to be a Medicare Savings Program (MSP). When used alone in a rule, QMB refers to all MSP. The following codes are used for QMB subprograms:

(a) QMB-BAS; Qualified Medicare Beneficiaries — Basic. The basic QMB program.

(b) QMB-DW; Qualified Medicare Beneficiaries — Disabled Worker. Payment of the Medicare Part A premium for individuals under age 65 who have lost eligibility for Social Security disability benefits because they have become substantially gainfully employed.

(c) QMB-SMB; Qualified Medicare Beneficiaries — Specified Limited Medicare Beneficiary. Payment of the Medicare Part B premium only. There are no medical benefits available through QMB-SMB.

(d) QMB-SMF; Qualified Medicare Beneficiaries — Qualified Individuals. Payment of the Medicare Part B premium only. There are no medical benefits available through QMB-SMF. This program has a 100-percent federal match, but also has an allocation that, if reached, results in the closure of the program.

(20) REF; Refugee Assistance. Cash assistance to low-income refugee singles or married couples without children.

(21) REFM; Refugee Assistance Medical. Medical coverage for low-income refugees.

(22) The Repatriate Program helps Americans resettle in the United States if they have left a foreign land because of an emergency situation.

(23) SFDNP; Senior Farm Direct Nutrition Program. Food vouchers for low-income seniors. Funded by a grant from the United States Department of Agriculture.

(24) SFPSS; State Family Pre-SSI/SSDI Program. A voluntary program providing cash assistance and case management services to families when at least one TANF eligible adult in the household has an impairment (see OAR 461-125-0260) and is or will be applying for Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI).

(25) SNAP; Supplemental Nutrition Assistance Program. Helps low-income households maintain proper nutrition by giving them the means to purchase food. SNAP used to be known as FS or Food Stamps; any reference to SNAP also includes FS and Food Stamps.

(26) TA-DVS; Temporary Assistance for Domestic Violence Survivors. Addresses the needs of individuals threatened by domestic violence.

(27) TANF; Temporary Assistance for Needy Families. Cash assistance for families when children in those families are deprived of parental support because of continued absence, death, incapacity, or unemployment.

461-110-0630
Need Group

(1) The "need group" consists of the individuals whose basic and special needs are used in determining eligibility (see OAR 461-001-0000) and benefit level.

(2) In the EA, REF, and REFM programs, the need group consists of the members of the financial group (see OAR 461-110-0530) who meet all nonfinancial eligibility requirements, except that members disqualified for an intentional program violation (see OAR 461-195-0601) are not in the need group.

(3) In the ERDC, OSIPM-EPD, and QMB programs, the need group consists of each member of the financial group.

(4) In the OSIPM (except OSIPM-EPD) program:

(a) If a child (see OAR 461-001-0000) is applying, the need group consists of the child.

(b) In all other situations, the need group consists of each member of the financial group.

(5) In the Pre-TANF and TANF programs, the need group consists of all the members of the financial group except:

(a) A parent (see OAR 461-001-0000) who is in foster care and for whom foster care payments are being made.

(b) An unborn child.

(6) In the SNAP program, the need group consists of the members of the financial group who meet all nonfinancial eligibility requirements, except the following individuals are not in the need group:

(a) A member disqualified for an intentional program violation.

(b) A fleeing felon under OAR 461-135-0560.

(c) An individual violating a condition of state or federal parole, probation, or post-prison supervision under OAR 461-135-0560.

(d) An individual who becomes ineligible due to the time limit in OAR 461-135-0520.

461-110-0750
Benefit Group

(1) A "benefit group" consists of the individuals who receive benefits.

(2) Except as provided in sections (4) and (5) of this rule, for an individual not assumed eligible for medical programs (see OAR 461-135-0010), the benefit group consists of each individual from the need group (see OAR 461-110-0630) requesting benefits who meets all financial and nonfinancial eligibility (see OAR 461-001-0000) requirements.

(3) For an individual assumed eligible for medical programs (see OAR 461-135-0010), the benefit group consists of the individuals who are in the benefit group of the program used to assume eligibility.

(4) In the TANF program, the following individuals are not in the benefit group:

(a) An individual who may not be in the benefit group because of a disqualification penalty (see OAR 461-130-0330 and 461-135-0085).

(b) An individual disqualified for an intentional program violation (see OAR 461-195-0601).

(c) An individual who may not be in the benefit group because the individual has reached the time limit in OAR 461-135-0071 and does not meet any of the extension criteria in OAR 461-135-0073 or exemption criteria in OAR 461-135-0075.

(d) A fleeing felon (see OAR 461-135-0560).

(e) An individual violating a condition of state or federal parole, probation, or post-prison supervision (see OAR 461-135-0560).

(f) An individual who does not meet the citizenship and alien status requirements in OAR 461-120-0110 and 461-120-0125.

(g) An individual who chooses not to receive benefits.

Stats. Implemented: ORS 411.060, 411.404, 411.816, 412.014, 412.049
Hist.: AFS 80-1989, f. 12-21-89, cert. ef. 2-1-90; SSP 1-2003, f. 1-31-03, cert. ef. 2-1-03; SSP 29-2003(Temp), f. 10-31-03, cert. ef. 11-1-03 thru 3-31-04; SSP 6-2004, f. & cert. ef. 4-1-04; SSP 24-2004, f. 12-30-04, cert. ef. 1-1-05; SSP 8-2006, f. & cert. ef. 6-1-06; SSP 10-2011, f. 3-31-11, cert. ef. 4-1-11; SSP 15-2016, f. & cert. ef. 4-1-16; SSP 25-2016(Temp), f. 6-30-16, cert. ef. 7-1-16 thru 12-27-16

461-115-0030
Date of Request

(1) For all programs covered by OAR chapter 461, an individual or someone authorized to act on behalf of an individual must contact the Department or use another appropriate method to request benefits (see OAR 461-115-0150). The request may be oral or in writing. The request starts the application process.

(2) The "date of request" is one of the following:

(a) In the EA, ERDC, GA, OSIP, REF, and TANF programs and for support service payments in the JOBS program authorized by OAR 461-190-0211, the "date of request" is the day the request for benefits is received by the Department.

(b) In the SNAP program, this section does not apply. See OAR 461-115-0040.

(c) In the OSIPM, QMB, and REFM programs, for a new applicant, the "date of request" is determined as follows:

(A) The day the request for medical benefits is received by a Department representative, except as described in paragraph (B) of this subsection.

(B) If the request for medical benefits is received by a Department representative no later than the next business day after medical services are received, the "date of request" is the day these medical services were received.

(d) In the OSIPM, QMB, and REFM programs, for a current recipient, the "date of request" is one of the following:

(A) The date the individual reports a change requiring a redetermination of eligibility (see OAR 461-001-0000).

(B) The date the Department initiates a review.

(C) The date the individual establishes a "date of request" by contacting the Department orally or in writing or by submitting an application.

(e) In the SFPSS program:

(A) Except as provided in paragraph (B) of this subsection, the "date of request" is the day the individual signs the Interim Assistance Agreement.

(B) The "date of request" for support service payments is the day the request for benefits is received by the Department.

461-115-0050
When an Application Must Be Filed

(1) An individual must file an application, or may amend a completed application, as a prerequisite to receiving benefits as follows:

(a) An individual may apply for the GA program by completing an application for OSIPM.

(b) An individual may apply for the TA-DVS program as provided in OAR 461-135-1220.

(c) In all programs except the TA-DVS program:

(A) Except as provided otherwise in this rule, to apply for program benefits, an individual must submit a complete application on a form approved by the Department.

(B) An application is complete if all of the following requirements are met:

(i) All information necessary to determine eligibility (see OAR 461-001-0000) and benefit amount is provided on the application for each individual in the filing group (see OAR 461-110-0310).

(ii) The applicant, even if homeless, provides a valid mailing address.

(iii) The application is signed by the individual, the authorized representative (see OAR 461-115-0090 and 461-115-0140) of the individual, or another individual applying for benefits on behalf of the individual, and received by the Department.

(I) An individual required but unable to sign the application may sign with a mark, witnessed by another individual.

(II) An individual submitting an electronic application (see OAR 461-001-0000) must submit the application with an electronic signature.

(2) A new application is not required in the following situations:

(a) In the GA program, when an individual is receiving OSIPM on the date of request (see OAR 461-115-0030) for GA.

(b) In the SNAP program, when a single application can be used both to determine an individual is ineligible in the month of application and to determine the individual is eligible the next month. This may be done when;

(A) Anticipated changes make the filing group (see OAR 461-110-0370) eligible the second month; or

(B) The filing group provides verification between 30 and 60 days following the filing date (see OAR 461-115-0040), under OAR 461-180-0080.

(c) In all programs except the SNAP program, when a single application can be used both to determine an individual is ineligible on the date of request (see OAR 461-115-0030) and to determine the individual is eligible when anticipated changes make the filing group eligible within 45 days from the date of request.

(d) When the case is closed and reopened during the same calendar month.

(e) When benefits were suspended for one month because of the level of income, and the case is reopened the month following the month of suspension.

(f) When reinstating medical benefits for a pregnant woman covered by OAR 461-135-0950, notwithstanding subsection (g) of this section.

(g) In the ERDC program, when a case closed during the certification period (see OAR 461-001-0000) and the individual reports a change in circumstances prior to the end of the month following the closure and the reported change will make the individual eligible.

(h) In the OSIPM and QMB programs, when the medical benefits of an individual are suspended because the individual lives in a public institution (see OAR 461-135-0950), if the inmate is released within 12 months of admission and the inmate provides notification to the Department within 10 days of the release.

(3) When an individual establishes a new date of request prior to the end of the month following the month of case closure, unless the Department determines a new application is required, a new application is not required in the following situations:

(a) In the OSIPM program, when the individual's case closed due to failure to make a liability payment required under OAR 461-160-0610.

(b) In the OSIPM-EPD program, when the individual's case closed due to failure to make a participant fee payment required under OAR 461-160-0800.

(4) A new application is required to add a newborn child (see OAR 461-001-0000) to a benefit group (see OAR 461-110-0750) according to the following requirements:

(a) In the ERDC and SNAP programs, an application is not required to add the child to the benefit group.

(b) In the OSIPM, QMB, and REFM programs, an additional application is not required to add an assumed eligible newborn (see OAR 461-135-0010) to a benefit group currently receiving Department medical program benefits.

(c) In the TANF program:

(A) A new application is not required if the child is listed on the application as "unborn" and there is sufficient information about the child to establish its eligibility.

(B) A new application is required if the child is not included on the application as "unborn."

(d) In all programs other than ERDC, QMB, REF, REFM, SNAP, and TANF, an application is required.

(5) A new application is required to add an individual, other than a newborn child, to a benefit group according to the following requirements:

(a) In the ERDC and SNAP programs, a new application is not required.

(b) In the REF, REFM, and TANF programs, an individual may be added by amending a current application if the information is sufficient to determine eligibility; otherwise a new application is required.

(c) In all programs other than the ERDC, REF, REFM, SNAP, and TANF programs, a new application is required.

(6) An individual whose TANF grant is closing may request ERDC orally or in writing.

(7) Except for an applicant for the OSIPM, QMB, or SNAP program, an individual may change between programs administered by the Department using the current application if the following conditions are met:

(a) The individual makes an oral or written request for the change.

(b) The Department has sufficient evidence to determine eligibility and benefit level for the new program without a new application.

(c) The program change can be effected while the individual is eligible for the first program.

(8) In the OSIP, OSIPM, and QMB programs, a new application is not required to redetermine eligibility if the following conditions are met:

(a) The individual is currently receiving benefits from one of these programs.

(b) The Department has sufficient evidence to redetermine eligibility for the same program or determine eligibility for the new program without a new application or by amending the current application.

461-115-0071

Who Must Sign the Application and Complete the Application Process

(1) In the ERDC and TANF programs, the following individuals must sign the application and complete the application process:

(a) In the ERDC program, a caretaker (see OAR 461-001-0000).

(b) In the TANF program, at least one caretaker relative (see OAR 461-001-0000).

(2) In the EA program:

(a) A caretaker relative must sign the application and complete the application process for a child (see OAR 461-001-0000). If the child is not living with a caretaker relative, another adult may act on behalf of the child.

(b) If the caretaker relative lives with a spouse (see OAR 461-001-0000), both must sign the application.

(c) A dependent child 18 years of age who applies must sign the application and complete the application process.

(3) In the GA, OSIPM, and QMB programs, at least one adult requesting assistance must complete the application process and sign the application, if able. If there is no adult who is able to sign the application and complete the application process, this may be done by the authorized representative (see OAR 461-115-0090). If the applicant dies prior to the determination of eligibility for OSIPM, the application may be processed if the Department receives the required verification.

(4) In the REF and REFM programs, at least one adult member of the filing group (see OAR 461-110-0430) must sign the application.

(5) In the SNAP program, the primary person (see OAR 461-001-0015), the spouse of the primary person, or another adult member of the filing group (see OAR 461-110-0370) must sign the application and complete the application process.

(6) An individual required to sign the application but unable to sign may sign with a mark, witnessed by an employee of the:

(a) Branch office (see OAR 461-001-0000); or

(b) Public institution (see OAR 461-135-0950), when the individual applying is an inmate (see OAR 461-135-0950) and is applying for benefits under the OSIPM program.

Periodic Redeterminations; Not EA, ERDC, SNAP, or TA-DVS

The Department periodically redetermines the eligibility (see OAR 461-001-0000) of clients for benefits and assigns a redetermination date by which the next determination is required. The Department selects the redetermination date based on the client's circumstances and according to the following requirements:

(1) In the GA program, the Department redetermines eligibility at least once every 12 months.

(2) In the OSIP and OSIPM programs, the Department determines eligibility each 12 months for clients who are not eligible for SSI. No redetermination is required for clients who are eligible for SSI.

(3) In the QMB program, the Department determines eligibility each 12 months for clients who are not eligible for SSI. For QMB recipients who are also eligible for OSIPM, a redetermination for QMB is completed with the redetermination of OSIPM.

(4) The REF and REFM programs are time limited programs; therefore, no periodic redeterminations are made.

(5) In the SFPSS program, the Department redetermines eligibility at least once every 12 months. The Department redetermines program eligibility by redetermining eligibility for the TANF program.

(6) In the TANF program, benefits will end the last day of the certification period (see OAR 461-001-0000). The Department redetermines eligibility according to the following schedule:

(a) At least once every six months for each of the following:

(A) Clients not participating in an activity (see OAR 461-001-0025) of an open case plan (see OAR 461-001-0025).

(B) Clients who are currently serving a JOBS disqualification.

(b) At least once every 12 months for all other clients.

Required Verification; GA, GAM, OSIP, OSIPM, QMB

In the GA, OSIP, OSIPM, and QMB programs:

(1) Except as provided in section (2) of this rule, all eligibility (see OAR 461-001-0000) factors must be verified at initial application, when there is a change to any factor, and whenever eligibility for benefits becomes questionable.

(2) In the OSIP, OSIPM, and QMB-DW programs, if the total reported value of gross "liquid resources" of the financial group (see OAR 461-110-0530) is less than $400, verification of the value of "liquid resources" is only required if questionable. For the purposes of this rule, "liquid resources" include cash as well as other resources that can be converted to cash within 20 business days, except that the cash surrender value of a life insurance policy is not considered a liquid resource.

State of Residence for an Individual in a Medical Facility

In the OSIPM, QMB, and REFM programs, the residency of an individual living in a state or private medical facility such as a hospital, mental hospital, nursing home, or convalescent center is determined as follows:

(1) An individual 21 years of age or older who is capable of indicating intent to reside is considered to be;

(a) A resident of the state where the individual is living with the intention to remain permanently or for an indefinite period, except when subsection (b) of this section indicates otherwise.

(b) When a state agency of another state places the individual (other than a child funded under Title IV-E), the individual is considered to be a resident of the state that makes the placement.

(2) An individual 21 years of age or older who became incapable of indicating intent to reside after attaining 21 years of age is considered to be a resident of the state where the facility is located unless the individual was placed in the facility by a state agency of another state. When a state agency of another state places an individual, the individual is considered to be a resident of the state that makes the placement.

(3) For an individual less than 21 years of age who is incapable of forming an intent to reside, or an individual of any age who became incapable of forming that intent before attaining 21 years of age (see OAR 461-120-0050), the state of residence is one of the following:

(a) The state of residence of the individual's parent or legal guardian at the time of application.

(b) The state of residence of the party who applies for benefits on the individual's behalf if there is no living parent or the location of the parent is unknown, and there is no legal guardian.

(c) Oregon, if the individual has been receiving medical assistance in Oregon continuously since November 1, 1981, or is from a state with which Oregon has an interstate agreement that waives the residency requirement.

(d) When a state agency of another state places the individual, the individual is considered to be a resident of the state that makes the placement.

461-120-0125
Alien Status

(1) For purposes of this chapter of rules, an individual is a "qualified non-citizen" if the individual is any of the following:

(a) A non-citizen who is lawfully admitted for permanent residence under the Immigration and Nationality Act (INA) (8 U.S.C. 1101 et seq).

(b) A refugee who is admitted to the United States as a refugee under section 207 of the INA (8 U.S.C. 1157).

(c) A non-citizen who is granted asylum under section 208 of the INA (8 U.S.C. 1158).

(d) A non-citizen whose deportation is being withheld under section 243(h) of the INA (8 U.S.C. 1253(h)) (as in effect immediately before April 1, 1997) or section 241(b)(3) of the INA (8 U.S.C. 1231(b)(3)) (as amended by section 305(a) of division C of the Omnibus Consolidated Appropriations Act of 1997, Pub. L. No. 104-208, 110 Stat. 3009-597 (1996)).

(e) A non-citizen who is paroled into the United States under section 212(d)(5) of the INA (8 U.S.C. 1182(d)(5)) for a period of at least one year.

(f) A non-citizen who is granted conditional entry pursuant to section 203(a)(7) of the INA (8 U.S.C. 1153(a)(7)) as in effect prior to April 1, 1980.

(g) A non-citizen who is a "Cuban and Haitian entrant" (as defined in section 501(3) of the Refugee Education Assistance Act of 1980).

(h) A battered spouse or dependent child who meets the requirements of 8 U.S.C. 1641(c), as determined by the U.S. Citizenship and Immigration Services.

(i) A "victim of a severe form of trafficking in persons" certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(j) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(2) In all programs except the REF and REFM programs, an individual meets the alien status requirements if the individual is one of the following:

(a) An American Indian born in Canada to whom the provisions of section 289 of the INA (8 U.S.C. 1359) apply.

(b) A member of an Indian tribe, as defined in section 4(e) of the Indian Self-Determination and Education Act (25 U.S.C. 450b(e)).

(3) In the ERDC, TA-DVS, and TANF programs, an individual meets the alien status requirements if the individual is one of the following:

(a) An individual who is a qualified non-citizen (see section (1) of this rule).

(b) A non-citizen who is currently a victim of domestic violence or who is at risk of becoming a victim of domestic violence.

(c) An Iraqi or Afghan alien granted special immigrant status (SIV) under section 101(a)(27) of the INA.

(4) In the OSIPM and QMB programs an individual meets the alien status requirement if:

(a) The individual is a non-citizen who entered the United States or was given qualified non-citizen status on or after August 22, 1996 and has been in the U.S. for five years beginning on the date the non-citizen received his or her qualified non-citizen status; or

(b) The individual meets the requirements of one of the following subsections:

(A) An individual granted any of the following alien statuses:

(i) Refugee — under section 207 of the INA.

(ii) Asylum — under section 208 of the INA.

(iii) Deportation being withheld under section 243(h) of the INA.

(iv) Cubans and Haitians who are either public interest or humanitarian parolees.

(v) An individual granted immigration status under section 584(a) of the Foreign Operations, Export Financing and Related Program Appropriations Act of 1988.

(vi) A "victim of a severe form of trafficking in persons" certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(vii) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(viii) An Iraqi or Afghan alien granted special immigrant status (SIV) under section 101(a)(27) of the INA.

(B) Effective October 1, 2009, an individual is a qualified non-citizen and is under 19 years of age.

(C) Was a qualified non-citizen before August 22, 1996.

(D) Physically entered the United States before August 22, 1996, and was continuously present in the United States between August 22, 1996, and the date qualified non-citizen status was obtained. An individual is not continuously present in the United States if the individual is absent from the United States for more than 30 consecutive days or a total of more than 90 days between August 22, 1996 and the date qualified non-citizen status was obtained.

(E) Is under the age of 19 and is one of the following:

(i) A citizen of a Compact of Free Association State (i.e., Federated States of Micronesia, Republic of the Marshall Islands, and the Republic of Palau) who has been admitted to the U.S. as a non-immigrant and is permitted by the Department of Homeland Security to reside permanently or indefinitely in the U.S.

(ii) An individual described in 8 CFR section 103.12(a)(4) who belongs to one of the following classes of aliens permitted to remain in the United States because the Attorney General has decided for humanitarian or other public policy reasons not to initiate deportation or exclusion proceedings or enforce departure:

(I) An alien currently in temporary resident status pursuant to section 210 or 245A of the INA (8 USC 1160 and 1255a);

(II) An alien currently under Temporary Protected Status (TPS) pursuant to section 244 of the INA (8 USC 1229b);

(III) Cuban-Haitian entrants, as defined in section 202(b) Pub. L. 99–603 (8 USC 1255a), as amended;

(IV) Family Unity beneficiaries pursuant to section 301 of Pub. L. 101–649 (8 USC 1255a), as amended;

(V) An alien currently under Deferred Enforced Departure (DED) pursuant to a decision made by the President;

(VI) An alien currently in deferred action status pursuant to Department of Homeland Security Operating Instruction OI 242.1(a)(22); or

(VII) An alien who is the spouse or child of a United States citizen whose visa petition has been approved and who has a pending application for adjustment of status.

(iii) An individual in non-immigrant classifications under the INA who is permitted to remain in the U.S. for an indefinite period, including those individuals as specified in section 101(a)(15) of the INA (8 USC 1101).

(F) In the OSIPM program, is receiving SSI benefits.

(G) In the QMB program, is receiving SSI and Medicare Part A benefits.

(H) Meets the alien status requirements in section (2) or (6) of this rule.

(5) In all programs except the ERDC, REF, REFM, and TANF programs, a qualified non-citizen meets the alien status requirement if the individual is:

(a) A veteran of the United States Armed Forces who was honorably discharged for reasons other than alien status and who fulfilled the minimum active-duty service requirements described in 38 U.S.C. 5303A(d).

(b) A member of the United States Armed Forces on active duty (other than active duty for training).

(c) The spouse or a dependent child of an individual described in subsection (a) or (b) of this section.

(d) In the SNAP program, a qualified non-citizen who meets the requirement in section (10) of this rule.

(6) In the REF and REFM programs, an individual meets the alien status requirements if the individual is admitted lawfully under any of the following provisions of law:

(a) An individual admitted as a refugee under section 207 of the INA (8 USC 1157).

(b) An individual granted asylum under section 208 of the INA (8 USC 1158).

(c) Cuban and Haitian entrants, in accordance with requirements in 45 CFR part 401.

(d) An individual paroled as a refugee or asylee under section 212(d)(5) of the Immigration and Nationality Act (INA) (8 USC 1182(d)(5)). For purposes of this section, "Lautenberg" parolees, humanitarian interest parolees, and other public interest parolees do not qualify.

(e) An Amerasian from Vietnam who is admitted to the U.S. as an immigrant pursuant to section 584 of the Foreign Operations, Export Financing, and Related Programs Appropriations Act, 1988 (as contained in section 101(e) of Pub. L. No. 100-202 and amended by the 9th proviso under Migration and Refugee Assistance in title II of the Foreign Operations, Export Financing, and Related Programs Appropriations Acts, 1989 (Pub. L. No. 100-461 as amended)).

(f) A "victim of a severe form of trafficking in persons" certified under the Victims of Trafficking and Violence Protection Act of 2000, Pub. L. No. 106-386, 114 Stat. 1464 (2000), as amended.

(g) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003, Pub. L. 108-193, 117 Stat. 2875 (2003).

(h) Iraqi and Afghan aliens granted special immigrant status under section 101(a)(27) of the Immigration and Nationality Act.

(7) In the SNAP program, an individual meets the alien status requirement if the individual meets the requirements of one or more of the following subsections:

(a) An individual granted any of the following alien statuses;

(A) Refugee — under section 207 of the INA.

(B) Asylum — under section 208 of the INA.

(C) Deportation being withheld under section 243(h) of the INA.

(D) Cubans and Haitians who are either public interest or humanitarian parolees.

(E) An individual granted immigration status under section 584(a) of the Foreign Operations, Export Financing and Related Program Appropriations Act of 1988.

(F) A "victim of a severe form of trafficking in persons" certified under the Victims of Trafficking and Violence Protection Act of 2000 (22 U.S.C. 7101 to 7112).

(G) A family member of a victim of a severe form of trafficking in persons who holds a visa for family members authorized by the Trafficking Victims Protection Reauthorization Act of 2003 (22 U.S.C. 7101 to 7112).

(H) An Iraqi or Afghan alien granted special immigrant status (SIV) under section 101(a)(27) of the INA.

(b) A qualified non-citizen under 18 years of age.

(c) A non-citizen who has been residing in the United States for at least five years while a qualified non-citizen.

(d) A non-citizen who is lawfully residing in the United States and who was a member of a Hmong or Highland Laotian tribe at the time that the tribe rendered assistance to United States personnel by taking part in a military or rescue operation during the Vietnam era (as defined in 38 U.S.C. 101).

(e) The spouse, the un-remarried surviving spouse, or an unmarried dependent child, of an individual described in subsection (d) of this section.

(f) A qualified non-citizen who has a disability, as defined in OAR 461-001-0015.

(8) A client who is lawfully admitted to the United States for permanent residence under the INA and has worked 40 qualifying quarters of coverage as defined under title II of the Social Security Act, or can be credited with such qualifying quarters as provided under 8 U.S.C. 1645, meets the alien status requirements for the SNAP program, subject to the following provisions:

(a) No quarter beginning after December 31, 1996, is a qualifying quarter if the client received any federal, means-tested benefit during the quarter. Federal means-tested benefits include SNAP, TANF, and Medicaid (except emergency medical).

(b) For the purpose of determining the number of qualifying quarters of coverage, a client is credited with all of the quarters of coverage worked by a parent of the client while the client was under the age of 18 and all of the qualifying quarters worked by a spouse of the client during their marriage, during the time the client remains married to such spouse or such spouse is deceased.

(c) A lawful permanent resident who would meet the alien status requirement, except for a determination by the Social Security Administration (SSA) that the individual has fewer than 40 quarters of coverage, may be provisionally certified for SNAP program benefits while SSA investigates the number of quarters creditable to the client. A client provisionally certified under this section who is found by SSA, in its final administrative decision after investigation, not to have 40 qualifying quarters is not eligible for SNAP program benefits received while provisionally certified. The provisional certification is effective according to the rule on effective dates for opening benefits, OAR 461-180-0080. The provisional certification cannot run more than six months from the date of original determination by SSA that the client does not have sufficient quarters.

461-120-0210

Requirement to Provide Social Security Number (SSN)

(1) In the CAWEM, ERDC, REF, and REFM programs, a member of a need group (see OAR 461-110-0630) or a benefit group (see OAR 461-110-0750) is not required to provide or apply for a social security number (SSN). In these programs, the Department may request that a member of the filing group (see OAR 461-110-0310) or need group provide an SSN on a voluntary basis.

(2) In the EA and TA-DVS programs, an individual must provide his or her SSN if the individual can.

(3) Except as provided in section (5) of this rule, in the OSIPM and QMB programs:

(a) An individual is not required to apply for or provide an SSN:

(A) If the individual does not have an SSN; and

(B) May only be issued an SSN for a valid non-work reason in accordance with 20 CFR 422.104.

(b) When subsection (a) does not apply, to be included in the benefit group, an individual must:

(A) Provide a valid SSN for the individual; or

(B) Apply for a number if the individual does not have a valid one and provide the SSN when it is received.

(4) Except as provided in sections (6) to (8) of this rule, in the SNAP program, to be included in the need group, an individual (other than an unborn) must:

(a) Provide a valid SSN for the individual; or

(b) Apply for a number if the individual does not have one and provide the SSN when it is received.

(5) In the TANF program, to be included in the benefit group, an individual must:

(a) Provide a valid SSN for the individual; or

(b) Provide verification of application for a SSN if the individual does not have one and provide the SSN within six months of the individual's initial TANF approval or by the end of the certification period (see OAR 461-001-0000), whichever is sooner.

(6) In the OSIPM, QMB, and SNAP programs, an individual is not required to apply for or provide an SSN if the individual is:

(a) A member of a religious sect or division of a religious sect that has continuously existed since December 31, 1950; and

(b) Adheres to its tenets or teachings that prohibit applying for or using an SSN.

(7) The requirement to apply for or provide the SSN is delayed as follows:

(a) In the SNAP program:

(A) An applicant eligible for expedited services may receive his or her first full month's allotment without meeting the SSN requirement but must meet the requirement before receiving a second full month's allotment.

(B) Before applying for or providing an SSN, a newborn may be included in a benefit group (see OAR 461-110-0750) for six months following the date the child is born or until the group's next recertification, whichever is later.

(b) In the TANF program, a child born in an Oregon hospital may be added to the benefit group for six months following the child's date of birth or until the next redetermination of eligibility (see OAR 461-001-0000) of the filing group (see OAR 461-110-0310 and 461-110-0330), whichever is sooner.

(8) In the SNAP program:

(a) An individual who refuses or fails without good cause to provide or apply for an SSN when required by this rule is ineligible to participate. This period of ineligibility continues until the individual provides the SSN to the Department.

(b) An individual may participate in SNAP for one month in addition to the month of application, if the individual can show good cause why the application for an SSN has not been completed. To continue to participate, the individual must continue to show good cause each month until the application for an SSN is complete with Social Security Administration.

(c) An individual meets the good cause requirement in subsections (a) and (b) of this section if the individual provides evidence or collateral information that the individual applied for or made every effort to supply the Social Security Administration with the necessary information to complete the application process. Delays due to illness not associated with a disability (see OAR 461-001-0015), lack of transportation, or temporary absence do not qualify as good cause under this rule.

(9) This rule authorizes or requires the collection of an SSN for each of the following purposes.

(a) The determination of eligibility for benefits. The SSN is used to verify income and other assets, and match with other state and federal records such as the Internal Revenue Service (IRS), Medicaid, child support, Social Security benefits, and unemployment benefits.

(b) The preparation of aggregate information and reports requested by funding sources for the program providing benefits.

(c) The operation of the program applied for or providing benefits.

(d) Conducting quality assessment and improvement activities.

(e) Verifying the correct amount of payments, recovering overpaid benefits, and identifying any individual receiving benefits in more than one household.

461-120-0315
Medical Assignment

In the OSIPM, QMB, and REFM programs:

(1) By signing the application for assistance, a client agrees to turn over the rights of each member of the benefit group (see OAR 461-110-0750) to reimbursement for medical care costs to the Department.

(a) If a client or the client's authorized representative (see OAR 461-115-0090) refuses to assign the rights to reimbursement for medical care costs to the Department, the filing group is ineligible until the client complies with this requirement. This includes a client eligible for long term care (see OAR 461-001-0000) insurance payments who fails to comply as described in subsection (b) of this section.

(b) When a client has long term care insurance, the client complies with the requirements of this rule by reducing the Department's share of the long term care service costs by taking the following actions for the entire period of time that the client is eligible for Department-covered long term care services:

(A) For a client in a nursing facility:

(i) Submitting the necessary paperwork to receive the long term care insurance payments and designating the long term care facility as the payee for the long term care insurance benefits; or

(ii) When the insurance company will not pay the long term care insurance benefits directly to the long term care facility, submitting the necessary paperwork to receive insurance payments and then promptly turning over the long term care insurance payments to the long term care facility upon receipt.

(B) For a client in community based care (see OAR 461-001-0000):

(i) Submitting the necessary paperwork to receive the long term care insurance payments and designating the Department as the payee for the long term care insurance benefits; or

(ii) When the insurance company will not pay the long term care insurance benefits directly to the Department, submitting the necessary paperwork to receive the insurance payments and then promptly turning over the long term care insurance payments to the Department upon receipt.

(2) The Department may refuse to pay medical expenses for anyone in the benefit group when another party or resource should pay first.

(3) The amount the Department may collect in reimbursement is limited to the amount of medical services paid by the Department on the client's behalf.

(4) The Department establishes an overpayment if it is discovered after-the-fact that during any period of time a client or another individual submitting a long term care insurance claim on the client's behalf received a long term care insurance payment that was not turned over to the long term care facility or Department as required by subsection (1)(b) of this rule.

Clients Required to Obtain Health Care Coverage and Cash Medical Support; GAM, OSIPM

This rule explains the obligation of clients to obtain health care coverage and cash medical support for members of the benefit group (see OAR 461-110-0750) in the OSIPM program.

(1) Unless excused from the requirements of this section for good cause defined in OAR 461-120-0350, each adult client must assist the Department and the Division of Child Support of the Department of Justice in establishing paternity for each of his or her children and obtaining an order directing the non-custodial parent (see OAR 461-001-0000) of a child (see OAR 461-001-0000) in the benefit group to provide:

(a) Cash medical support for that child; and

(b) Health care coverage for that child.

(2) Each adult client must make a good faith effort to obtain available coverage under Medicare.

(3) To be eligible for the OSIPM program, once informed of the requirement, an individual who is able to must apply for, accept, and maintain cost-effective, employer-sponsored health insurance (see OAR 461-155-0360). In the OSIPM program, the client is not required to incur a cost for the health insurance.

(4) An individual who fails to meet an applicable requirement in sections (1), (2), or (3) of this rule is removed from the need group (see OAR 461-110-0630).

(5) In the case of an individual failing to meet the requirements of section (1) of this rule, the Department applies the penalty after providing the client with notice and opportunity to show the provisions of OAR 461-120-0350 apply.

(6) The penalty provided by this rule ends when the client meets the requirements of this rule.

461-120-0350
Clients Excused for Good Cause from Compliance with Requirements to Pursue Child Support, Health Care Coverage, and Medical Support

(1) A client is excused from the requirements of OAR 461-120-0340(1) and 461-120-0345(1)(a) if:

(a) The client's compliance would result in emotional or physical harm to the dependent child (see OAR 461-001-0000) or to the caretaker relative (see OAR 461-001-0000). The statement of the caretaker relative alone is prima facie evidence that harm would result;

(b) The child was conceived as a result of incest or rape and efforts to obtain support would be detrimental to the dependent child. The statement of the caretaker relative alone is prima facie evidence on the issues of conception and detrimental effect to the dependent child;

(c) Legal proceedings are pending for adoption of the needy child; or

(d) The parent is being helped by a public or licensed private social agency to resolve the issue of whether to release the child for adoption.

(2) In the REFM program, a pregnant client is excused from the requirements of OAR 461-120-0345.

461-120-0510
Age Requirements for Clients to Receive Benefits

(1) If the year of an individual's birth is known but the month is unknown, the month of birth is presumed to be July. If the date of birth is unknown, the date of birth is presumed to be the first of the month.

(2) To be eligible for the TANF program:

(a) A dependent child (see OAR 461-001-0000) must be:

(A) Under 18 years of age; or

(B) Under 19 years of age and regularly attending school (see subsection (c) of this section) full time, as determined by the school.

(b) A caretaker relative (see OAR 461-001-0000) may be any age.

(c) "Regularly attending school" means enrolled in and attending any of the following:

(A) A school in grade 12 or below, including home schooling approved by the local school district.

(B) GED classes in lieu of high school.

(C) A course of vocational or technical training, including Job Corps, in lieu of high school.

(D) The Oregon School for the Deaf.

(d) The student's full-time status is defined by the school.

(e) Regular attendance continues when a student misses school because of an illness, family emergency, or vacation, as long as the student intends to return to school. Students are considered to be in attendance for the full month in which they complete or discontinue school or training.

(3) To be eligible for payment of child care costs for the ERDC or TANF program, a child must be;

(a) Under 12 years of age for the ERDC program or under 13 years of age for the TANF program; or

(b) Under 18 years of age and;

(A) Physically or mentally incapable of selfcare;

(B) Under court supervision;

(C) Receiving foster care;

(D) Eligible for the special need rate for child care in OAR 461-155-0150; or

(E) Subject to circumstances that significantly compromise the child's safety or the caretaker's ability to work or participate in an assigned activity if child care is not available.

(4) To be eligible for the OSIP-AB, OSIPM-AB, QMB-BAS, QMB-SMB, REFM, or SNAP programs, a client may be any age.

(5) To be eligible for the OSIP-AD (except OSIP-EPD), OSIPM-AD (except OSIPM-EPD), and QMB-DW programs, a client must be under 65 years of age.

(6) To be eligible for the OSIP-EPD and OSIPM-EPD programs, the client must be 18 years of age or older or be legally emancipated.

(7) To be eligible for the OSIP-OAA or OSIPM-OAA programs, a client must be 65 years of age or older.

(8) To be eligible for the REF program, a client must be:

(a) 18 years of age or older;

(b) A legally emancipated minor; or

(c) Part of a TANF filing group (see OAR 461-110-0310) that is ineligible for the TANF program.

461-125-0510

Impairment Criteria; GA, GAM

(1) To be eligible for GA and GAM, an individual must meet one of the following criteria:

(a) Have a physical or mental impairment that meets or equals the listing of impairments found in 20 CFR 404, Subpart P, Appendix 1, in effect November 1, 2003, and can be expected to:

(A) Last for a continuous period of not less than 12 months from the date of request; or

(B) Result in death within 12 months from the date of request.

(b) Be 55 years of age or older and meet the following requirements:

(A) Have a severe physical or mental impairment that does not meet the listing of impairments referred to in subsection (a) of this section but will:

(i) Prevent the individual from returning to any past relevant work for a period of not less than 12 months from the date of request; or

(ii) Result in death within 12 months from the date of request.

(B) Be limited to sedentary residual functioning capacity as defined in 20 CFR 404, subpart P, appendix 2, in effect November 1, 2003.

(c) Be 55 years of age or older and have all of the following:

(A) A severe physical or mental impairment that does not meet the listing of impairments referred to in subsection (a) of this section but will:

(i) Last for a period of not less than 12 months from the date of request; or

(ii) Result in death within 12 months from the date of request.

(B) Less than a 12th grade education, as evidenced by the lack of a high school diploma or GED.

(C) A history of no past relevant work as defined in section (2) of this rule in the last 15 years.

(d) Be age 50 or older but not yet age 55: and

(A) Have a severe physical or mental impairment that does not meet the listing of impairments referred to in subsection (a) of this section but will:

(i) Last for a period of not less than 12 months from the date of request; or

(ii) Result in death within 12 months from the date of request.

(B) Be illiterate or unable to communicate in English.

(C) Be limited to light residual functioning capacity as defined in 20 CFR 404, subpart P, appendix 2, in effect November 1, 2003.

(D) Have a past relevant work history of "unskilled" or "none."

(e) Be age 50 or older but not yet age 55: and

(A) Have a severe physical or mental impairment that does not meet the listing of impairments referred to in subsection (a) of this section but will:

(i) Last for a period of not less than 12 months from the date of request; or

(ii) Result in death within 12 months from the date of request.

(B) Have less than a High School education.

(C) Be limited to sedentary residual functioning capacity as defined in 20 CFR 404, subpart P, appendix 2, in effect November 1, 2003.

(D) Have a past relevant work history of "unskilled" or "none."

(f) Be age 45 or older but not yet age 50: and

(A) Have a severe physical or mental impairment that does not meet the listing of impairments referred to in subsection (a) of this section but will:

(i) Last for a period of not less than 12 months from the date of request; or

(ii) Result in death within 12 months from the date of request.

(B) Be illiterate or unable to communicate in English.

(C) Be limited to sedentary residual functioning capacity as defined in 20 CFR 404, subpart P, appendix 2, in effect November 1, 2003.

(D) Have a past relevant work history of unskilled or none.

(2) As used in this rule:

(a) "Basic work activity" means any kind of work activity that averages at least eight hours a day for which income is received, regardless of the adequacy to meet the client's needs. Work performed against medical advice or at an activity center or sheltered workshop is not basic work activity.

(b) "Equaling" means the medical findings are at least equal in severity and duration to the listed findings. If the client's impairment is not listed, the Department considers the listed impairment most like the client's impairment to decide whether the client's impairment is medically equal to the listed impairment. If the client has more than one impairment, and none of them meets or equals a listed impairment, the Department reviews the symptoms, signs, and laboratory findings about the client's impairments to determine whether the combination of those impairments is medically equal to a listed impairment.

(c) "Light work" means work that requires lifting no more than 20 pounds at a time with frequent lifting or carrying objects weighing up to 10 pounds and requires occasional stooping. It also requires standing or walking for a total of approximately six hours of an eight-hour workday.

(d) "Past relevant work" means work that the individual has performed in the last 15 years and that constitutes substantial gainful activity as defined in 20 CFR 404.1574 and 404.1575, in effect November 1, 2003. Also, the past relevant work must have lasted long enough for the individual to learn the techniques, acquire the necessary information, and develop the facilities needed for average performance of the job situation.

(e) "Sedentary work" means work that requires lifting no more than 10 pounds at a time and occasionally lifting or carrying articles such as docket files, ledgers, and small tools. Although sitting is involved, a certain amount of walking and standing is often necessary in carrying out job duties. Periods of walking and standing should total no more than two hours of an eight-hour workday and sitting should total approximately six hours of an eight-hour workday. Most unskilled sedentary jobs require good use of the hands and fingers for repetitive hand finger actions.

(f) "Severe mental impairment" means a mental impairment that significantly limits the individual's ability to do basic work activity.

(g) "Severe physical impairment" means a physical impairment that significantly limits the individual's physical ability to do basic work activity.

(h) "Unskilled work" is work that requires little or no judgment to do simple duties that can be learned on the job within 30 days.

(3) An applicant is not eligible for GA or GAM if drug addiction or alcoholism is material to his or her disability.

(4) If the client is unable to do so, the Department will obtain medical evidence that documents a claim of physical or mental impairment.

Using Administrative Medical Examinations

(1) When the Department is responsible for making a decision of SFPSS disability determination, OSIP or OSIPM disability or OSIP or OSIPM blindness, or TANF incapacity, the client may select a qualified medical provider to complete the medical evaluation described in OAR 461-125-0830.

(2) A decision to deny or end benefits must be reconsidered when additional medical documentation relevant to the decision is received by the Department within 30 days of the original effective date of denial or termination.

461-135-0560
Fleeing Felon and Violators of Parole, Probation, and Post-Prison Supervision; GA, GAM, SNAP and TANF

(1) A person is ineligible for the SNAP and TANF programs if he or she is a fleeing felon or in violation of parole, probation, or post-prison supervision.

(2) A fleeing felon is a person who knowingly flees to avoid either of the following:

(a) Prosecution or custody for a crime or attempt to commit a crime that is classified as a felony.

(b) Confinement following conviction of a felony.

(3) For purposes of this rule, the crime must be considered a felony under the laws of the place from which the person is fleeing or, in the case of New Jersey, a high misdemeanor under the law of New Jersey.

(4) A person is in violation of parole, probation, or post-prison supervision if the Department receives a report of this violation from a local, state, or federal corrections agency or court responsible for supervision of the person. The violation continues until the Department receives a report from the corrections agency or court that the person is no longer in violation.

(5) If there is a pending arrest warrant for a person for a felony, a high misdemeanor under the law of New Jersey, or a violation of parole, probation, or post-prison supervision, the person is ineligible under this rule if the person is aware of the arrest warrant and has not provided the Department with evidence on request that the person made a substantial effort within his or her ability to resolve the warrant.

(6) A person is no longer considered a fleeing felon if the arrest warrant is no longer pending or the person provides the Department with evidence that the person made a substantial effort within his or her ability to resolve the warrant.

461-135-0700
Specific Requirements; GA

(1) For purposes of this rule, "homeless" means any of the following:

(a) The individual does not have a fixed or regular nighttime residence;

(b) The individual will lose his or her own residence within 90 days due to eviction or the inability to pay rent or mortgage; or

(c) The individual's primary residence is one of the following:

(A) A supervised shelter that provides temporary accommodations.

(B) A halfway house or residence for individuals who may become institutionalized.

(C) A temporary accommodation in another individual's or family's residence for 90 days or less.

(D) A place not designed to be or ordinarily used as a place for individuals to sleep, such as a hallway, bus station, or similar place.

(2) To be eligible for GA, an individual must meet all of the following requirements:

(a) The individual must be an adult (OAR 461-001-0015);

(b) The individual must be "homeless" (see section (1) of this rule);

(c) The individual must not be living with his or her child (see OAR 461-001-0000);

(d) The individual must not be receiving TANF benefits;

(e) The individual must be eligible for and receiving OSIPM with a basis of need established under OAR 461-125-0370(1)(c).

(f) The individual must be not be in a nonstandard living arrangement (see OAR 461-001-0000) other than at home receiving in-home services (see OAR 411-030-0020).

(g) The individual must complete the application process for Supplemental Security Income (SSI); cooperate with the Department in applying to the Social Security Administration for SSI; appeal all denials of SSI made below the Appeal's Council level; and attend all appointments designated by the Department relating to obtaining SSI.

(h) The individual must meet the non-financial, non-disability requirements for SSI.

(i) The individual must sign an interim assistance agreement authorizing the Department to recover interim GA benefits paid to the client (or paid to providers on the client's behalf) from the initial SSI payment or initial post-eligibility payment. The following provisions are considered part of the interim assistance agreement:

(A) Interim GA benefits include only those GA cash benefits paid during the period of time that the SSI benefit covers.

(B) For any month in which SSI is prorated, the Department can recover only a prorated amount of the interim GA cash benefit.

(C) If the Department cannot stop delivery of a GA benefit issued after the SSI payment is made, the GA payment will be included in the interim assistance to be reimbursed to the Department.

(3) Financial Eligibility.

(a) The OSIPM income and resource methodology are used to determine financial eligibility for the GA program.

(b) The GA benefit amount is determined according to OAR 461-160-0500 and 461-155-0210.

(4) If the Department determines that the individual no longer has an impairment that meets the criteria in OAR 461-125-0370, the individual is ineligible for GA.

(5) An individual found by the Social Security Administration (SSA) not to meet disability criteria at the initial, reconsideration, or hearing level may continue receiving GA benefits until all SSA administrative appeals are exhausted.

461-135-0701
Terminate GA and GAM Programs October 1, 2005; Reinstate GA July 1, 2016

(1) Effective October 1, 2005, funding for the General Assistance (GA) and General Assistance Medical (GAM) programs was discontinued. These programs closed, effective October 1, 2005.

(2) Effective September 30, 2005, all persons eligible for or receiving benefits of the GA or GAM programs became ineligible for these programs. Except as provided in section (4) and (5) of this rule, the Department did not authorize or provide any benefit under the GA or GAM programs after September 30, 2005.

(3) Effective October 1, 2005, all GA recipients who received medical assistance through the OSIPM program continued to receive OHP Plus benefits through the OSIPM program until they became otherwise ineligible.

(4) Effective October 1, 2005, all recipients of medical assistance through the GAM program who became ineligible for GAM on September 30, 2005 because of the closure of the GAM program received OHP benefits as follows:

(a) Clients who had been determined to meet the eligibility requirements of the OSIPM program (see OAR 461-125-0370 and the OSIPM eligibility requirements in OAR 461 Division 135) received the OHP Plus benefits package (see OAR 410-120-1210(2)(a)).

(b) Clients may have also received the OHP Plus benefits package for the period that;

(A) The Department had not previously made a determination about whether the client met the disability requirements for OSIPM under OAR 461-125-0370 and the OSIPM eligibility requirements in OAR 461 Division 135; and

(B) A determination was still pending about whether the client met the disability requirements for OSIPM under OAR 461-125-0370 and the OSIPM eligibility requirements in OAR 461 Division 135.

(c) Clients who did not qualify for the OHP Plus benefits may have been eligible for the OHP-OPU program under the eligibility requirements set out in OAR 461 Division 135, and if eligible, received the OHP Standard benefits package (see OAR 410-120-1210(2)(b)).

(5) Effective July 1, 2016, the GA program was reinstated.

Specific Requirements; GA, GAM Ineligible

(1) The following are ineligible for GA and GAM:

(a) A resident of a public institution or private psychiatric hospital.

(b) A person held for a proceeding in connection with his or her commitment to a public institution or private psychiatric hospital.

(2) A GA client found by the Social Security Administration (SSA) not to meet SSI disability criteria may continue receiving GA while appealing the SSA finding until a decision is rendered by an Administrative Law Judge (ALJ) for the Social Security Administration's Office of Hearings and Appeals. A client who unsuccessfully appeals to the ALJ is no longer eligible for GA.

(3) A client whose impairment no longer meets the criteria in OAR 461-125-0510 is ineligible for benefits.

(4) The decision by the ALJ is binding on the Department unless the client has a new or significantly worsened impairment.

Criteria for Developing a Plan for Self-support; GA, GAM, OSIP, OSIPM and QMB

(1) A client and the Department may develop a plan for self support in the OSIP, OSIPM, and QMB programs for a client who:

(a) Meets the applicable disability or impairment criteria; and

(b) Is not eligible for SSI.

(2) A plan for self support allows a client to retain a portion of his or her nonexcluded assets for a specific period of time to meet a specific occupational goal. The plan may provide for specialized or advanced education or training for clients with a severe disability.

(3) To be approved, a plan for self support must meet all of the following criteria:

(a) The plan must be in writing and approved by the Department.

(b) The plan must identify a realistic occupational goal, considering the client's physical limitations and capabilities.

(c) The goal of the plan must be to provide the client with income necessary to meet his or her needs, not just for improving potential earning capability or increasing self sufficiency within the home.

(d) Resources designated to support the plan must be kept in a separate bank account with a specific savings or planned disbursement goal for using the resources. Previously commingled funds must be put in a separate bank account in order for them to be considered designated for the plan.

(e) The duration of the plan must be limited to the time necessary to complete the plan but cannot exceed thirty six months plus an additional 12 months if necessary for completion of education or training.

(4) A client must do all of the following to comply with a plan for self-support:

(a) Report any changes in circumstances that require a change to the current plan.

(b) Follow through with the plan without any break in excess of the longer of:

(A) Normal vacations from school or training.

(B) Three months, unless the reasons are beyond his or her control.

(5) If a client fails to comply with the requirements of section (4) of this rule, program eligibility is redetermined without the resource exclusions allowed by OAR 461-145-0405.

(6) The client and the Department may revise a plan for self-support or may agree to a new plan. To be new, the plan must not have any relationship to the old plan. When a plan is revised or a new plan established:

(a) Resources designated to support the old plan may become a part of the revised or new plan.

(b) If changes are made in the amount of resources to support the plan, eligibility and the payment amount for program benefits are redetermined.

(c) If the duration of the revised plan in addition to the months the old plan was in effect exceeds the time limits in subsection (3)(e) of this rule, approval is limited to the remainder of the maximum period only.

Eligibility for Inmates and Residents of State Hospitals

(1) This rule sets out additional restrictions on the eligibility of inmates and residents of state hospitals for programs covered by Chapter 461 of the Oregon Administrative Rules.

(2) Definition of an "inmate".

(a) An inmate is an individual living in a public institution who is:

(A) Confined involuntarily in a local, state or federal prison, jail, detention facility, or other penal facility, including an individual being held involuntarily in a detention center awaiting trial or an individual serving a sentence for a criminal offense;

(B) Residing involuntarily in a facility under a contract between the facility and a public institution where, under the terms of the contract, the facility is a public institution;

(C) Residing involuntarily in a facility that is under governmental control; or

(D) Receiving care as an outpatient while residing involuntarily in a public institution.

(b) An individual is not considered an inmate when:

(A) The individual is released on parole, probation, or post-prison supervision;

(B) The individual is on home- or work-release, unless the individual is required to report to a public institution for an overnight stay;

(C) The individual is staying voluntarily in a detention center, jail, or county penal facility after his or her case has been adjudicated and while other living arrangements are being made for the individual; or

(D) The individual is in a public institution pending other arrangements as defined in 42 CFR 435.1010.

(3) A "public institution" is any of the following:

(a) A state hospital (see ORS 162.135).

(b) A local correctional facility (see ORS 169.005): a jail or prison for the reception and confinement of prisoners that is provided, maintained and operated by a county or city and holds individuals for more than 36 hours.

(c) A Department of Corrections institution (see ORS 421.005): a facility used for the incarceration of individuals sentenced to the custody of the Department of Corrections, including a satellite, camp, or branch of a facility.

(d) A youth correction facility (see ORS 162.135):

(A) A facility used for the confinement of youth offenders and other individuals placed in the legal or physical custody of the youth authority, including a secure regional youth facility, a regional accountability camp, a residential academy and satellite, and camps and branches of those facilities; or

(B) A facility established under ORS 419A.010 to 419A.020 and 419A.050 to 419A.063 for the detention of children, wards, youth, or youth offenders pursuant to a judicial commitment or order.

(4) Definition of serious mental illness. An individual has a serious mental illness if the individual has been diagnosed by a psychiatrist, a licensed clinical psychologist or a certified non-medical examiner as having dementia, schizophrenia, bipolar disorder, major depression or other affective disorder or psychotic mental disorder other than a substance abuse disorder and other than a disorder that is both;

(a) Caused primarily by substance abuse; and

(b) Likely to no longer meet the applicable diagnosis if the substance abuse discontinues or declines.

(5) An individual who resides in a public institution, meets the definition of a serious mental illness (see section (4) of this rule), and applies for medical assistance between 90 and 120 days prior to the expected date of the person's release from the public institution may be found eligible for medical assistance. If the individual is determined to be eligible, the effective date of the individual's medical assistance is the date the individual is released from the institution.

(6) A client who becomes a resident of a state hospital has medical benefits suspended for up to twelve full calendar months if the client is at least 21 years of age and under 65 years of age. When a client with suspended medical benefits is no longer a resident of the state hospital, medical benefits are reinstated effective the first day the client is no longer a resident, if the client continues to meet eligibility for the medical program.

(7) An individual residing in a state psychiatric institution may be eligible for OSIPM benefits if the individual:

(a) Receives services on a certified ward;

(b) Meets level of care as certified by Acumentra; and

(c) Meets one of the following:

(A) Is 65 years of age or older;

(B) Is under 21 years of age; or

(C) Is 21 years of age or older, if the basis of need is disability or blindness; eligibility was determined before the individual reached 21 years of age; and the individual entered the state hospital before reaching 21 years of age.

(8) For all programs covered under chapter 461 of the Oregon Administrative Rules:

(a) If a pregnant woman receiving medical assistance through the OSIPM program becomes an inmate of a public institution, her medical benefits are suspended. When the Department is informed the woman is no longer an inmate, her medical benefits are reinstated — effective on the first day she is no longer an inmate — if she is still in her protected period of eligibility under OAR 461-135-0010.

(b) If an individual receiving medical assistance through the OSIPM or QMB program becomes an inmate of a correctional facility with an expected stay of no more than 12 months, medical benefits are suspended for up to 12 full calendar months during the incarceration period. When the Department is notified that an individual with suspended benefits has been released, and the notification takes place within 10 days of the release, medical benefits are reinstated effective the first day the client is no longer an inmate if the client continues to meet eligibility for the medical program.

(9) In the GA and SNAP programs, in addition to the other provisions of this rule, an inmate released from a public institution on home arrest, and required to wear an electronic device to monitor his or her activity, is ineligible for benefits if the correctional agency provides room and board to the individual.

Specific Requirements; Reimbursement of Cost-Effective, Employer-Sponsored Health Insurance Premiums

(1) Clients or an eligible applicant (see section (2) of this rule) for a client in the OSIPM program may be reimbursed for their share of the premiums for private or employer-sponsored group health insurance if:

(a) The insurance covers a member of the benefit group (see OAR 461-110-0750);

(b) The insurance coverage is a comprehensive major medical plan that includes inpatient and outpatient hospital, physician, lab, x-ray and full prescription coverage; and

(c) The premium is cost-effective (see OAR 461-155-0360 and OAR 410-120-1960).

(2) An "eligible applicant" may be a non-Medicaid individual living in or outside of the household. The Department may pay a portion of or the entire premium if payment of the premium for the non-Medicaid individual is necessary in order to enroll the Department client in the group health plan (see OAR 410-120-1960).

461-140-0010

Assets; Income and Resources

(1) An available asset, either income or a resource, is categorized as either excluded or countable (defined in OAR 461-001-0000).

(2) The availability of resources is covered in OAR 461-140-0020.

(3) The availability of income is covered in OAR 461-140-0040.

(4) Excluded assets are identified in the rules in this chapter (see divisions 140 and 145 in particular) and are not considered when a client's eligibility and benefit level are determined.

(5) In the OSIP, OSIPM, and QMB programs, an asset excluded pursuant to a rule in OAR Chapter 461 remains excluded as long as the asset is used in a manner consistent with the rule that provided the exclusion.

(6) An available asset not specifically excluded is countable, and its value is used in determining the eligibility and benefit level of a client.

(7) An asset may not be counted as a resource and as income in the same month.

461-140-0040

Determining Availability of Income

(1) This rule describes the date income is considered available, what amount of income is considered available, and situations in which income is considered unavailable.

(2) Income is considered available the date it is received or the date a member of the financial group (see OAR 461-110-0530) has a legal right to the payment and the legal ability to make it available, whichever is earlier, except as follows:

(a) Income usually paid monthly or on some other regular payment schedule is considered available on the regular payment date if the date of payment is changed because of a holiday or weekend.

(b) Income withheld or diverted at the request of an individual is considered available on the date the income would have been paid without the withholding or diversion.

(c) An advance or draw of earned income is considered available on the date it is received.

(d) Income that is averaged, annualized, converted, or prorated is considered available throughout the period for which the calculation applies.

(e) A payment due to a member of the financial group, but paid to a third party for a household expense, is considered available when the third party receives the payment.

(f) In prospective budgeting, income is considered available in the month the income is expected to be received (see OAR 461-150-0020).

(g) In the OSIP, OSIPM, and QMB programs, except for self-employment (see OAR 461-145-0915), wages that are earned in one period of time but paid in another are considered available when they are received, such as a teacher who works for nine months but is paid over twelve.

(3) The following income is considered available even if not received:

(a) Deemed income.

(b) In the ERDC, REF, REFM, and TANF programs, the portion of a payment from an assistance program, such as public assistance, unemployment compensation, or Social Security, withheld to repay an overpayment.

(c) In the OSIPM and QMB programs, the portion of a payment from an assistance program (such as public assistance, unemployment compensation, or Social Security) withheld to repay an overpayment of the same source:

(A) If withheld prior to July 1, 2014.

(B) If withheld on or after July 1, 2014 and:

(i) No member of the financial group was receiving OSIP, OSIPM, or QMB during the period the benefit was overpaid; or

(ii) The withheld amount is not excluded under paragraph (5)(e)(A) of this rule.

(d) In the SNAP program, the portion of a payment from the TANF program counted as disqualifying income under OAR 461-145-0105.

(4) The amount of income considered available is the gross before deductions, such as garnishments, taxes, or other payroll deductions including flexible spending accounts.

(5) The following income is not considered available:

(a) Wages withheld by an employer in violation of the law.

(b) Income received by another individual who does not pay the client his or her share.

(c) Income received by a member of the financial group after the individual has left the household.

(d) Moneys withheld from or returned to the source of the income to repay an overpayment from that source unless the repayment is countable (see OAR 461-001-0000):

(A) In the SNAP program, under OAR 461-145-0105.

(B) In the ERDC, REF, REFM, and TANF programs, under subsection (3)(b) of this rule.

(e) In the OSIP, OSIPM, and QMB programs:

(A) The portion of a payment from an assistance program, such as public assistance, unemployment compensation, or Social Security withheld on or after July 1, 2014 to repay an overpayment from the same source if at least one member of the financial group was receiving OSIP, OSIPM, or QMB during the period the benefit was overpaid. The amount considered unavailable cannot exceed the amount of the overpaid benefit previously counted in determining eligibility (see OAR 461-001-0000) for OSIP, OSIPM, or QMB.

(B) Monies withheld from or returned to a source of income, when the source is not an assistance program, to repay an overpayment of the same source.

(f) For an individual who is not self-employed, income required to be expended on an ongoing, monthly basis on an expense necessary to produce the income, such as supplies or rental of work space.

(g) Income received by the financial group but intended and used for the care of an individual not in the financial group as follows:

(A) If the income is intended both for an individual in the financial group and an individual not in the financial group, the portion of the income intended for the care of the individual not in the financial group is considered unavailable.

(B) If the portion intended for the care of the individual not in the financial group cannot readily be identified, the income is prorated evenly among the individuals for whom the income is intended. The prorated share intended for the care of the individual not in the financial group is then considered unavailable.

(h) In the ERDC, REF, REFM, SNAP, and TANF programs, income controlled by the client's abuser if the client is a victim of domestic violence (see OAR 461-001-0000), the client's abuser controls the income and will not make the money available to the filing group (see OAR 461-110-0310), and the abuser is not in the client's filing group.

(i) In the OSIP, OSIPM, and QMB programs, unearned income not received because a payment was reduced to cover expenses incurred by a member of the financial group to secure the payment. For example, if a retroactive check is received from a benefit program other than SSI, legal fees connected with the claim are subtracted. Or, if payment is received for damages received as a result of an accident the amount of legal, medical, or other expenses incurred by a member of the financial group to secure the payment are subtracted.

(j) In the REFM program, any income used for medical or medical-related purposes.

(6) The availability of lump-sum income (see OAR 461-001-0000) is covered in OAR 461-140-0120.

461-140-0120

Availability and Treatment of Lump-Sum Income

(1) Lump-sum income (see OAR 461-001-0000) is treated as follows if it is received by a member of a financial group (see OAR 461-110-0530).

(2) In the EA, REF, REFM, SNAP, and TANF programs:

(a) Lump-sum income is a resource.

(b) In the EA, REF, REFM, and TANF programs:

(A) Lump-sum income is considered available to the financial group when a member of the group receives the income and until the income becomes unavailable for a reason beyond the group's control.

(B) Lump-sum income is considered unavailable for a reason beyond the group's control if the member who received the lump-sum income:

(i) Leaves the financial group before spending any of the lump-sum income; or

(ii) Spends the lump-sum income on an immediate basic need or emergency.

(3) In the ERDC program, lump-sum income is excluded.

(4) In the OSIP (except OSIP-EPD), OSIPM (except OSIPM-EPD), and QMB-DW programs, lump-sum income is treated as follows:

(a) Lump-sum income not excluded is unearned income in the month of receipt, and any amount remaining in future months is a resource, except that in the OSIP and OSIPM programs retroactive SSB and SSI payments are treated in accordance with OAR 461-145-0490 and 461-145-0510.

(b) The following lump-sum income is excluded:

(A) The first $20 received in a month;

(B) The income the client turns over to the Department as reimbursement for previous assistance; and

(C) The income the client uses to pay for special need items approved by the Department. Special needs are explained in OAR 461-155-0500 and following.

(5) In the OSIP-EPD and OSIPM-EPD programs, lump-sum income is counted as a resource.

(6) In the QMB-BAS, QMB-SMB, and QMB-SMF programs:

(a) Lump-sum income not excluded is unearned income in the month of receipt, except that retroactive SSB and SSI payments are treated in accordance with OAR 461-145-0490 and 461-145-0510.

(b) The following lump-sum income is excluded:

(A) The first $20 received in a month;

(B) The income the client turns over to the Department as reimbursement for previous assistance; and

(C) The income the client uses to pay for special need items approved by the Department. Special needs are explained in OAR 461-155-0500 and following.

461-140-0210
Asset Transfer; General Information and Timelines

(1) OAR 461-140-0210 to 461-140-0300 regulate the effect of a transfer of an asset on a client.

(2) If an asset is transferred during the periods of time listed in section (4) or (5) of this rule and if the transfer is made in whole or in part for the purpose of establishing or maintaining eligibility for benefits:

(a) In the REFM program, the filing group is disqualified if:

(A) A member of the financial group (see OAR 461-110-0530) transferred the asset; and

(B) The client is an inpatient in a nursing facility, or is an inpatient in a medical institution in which payment for the client is based on a level of care provided in a nursing facility.

(b) In the REF, SNAP, and TANF programs, the filing group is disqualified if:

(A) The asset was a resource; and

(B) A member of the financial group transferred the resource.

(c) In the OSIP and OSIPM programs, a client in a nonstandard living arrangement (see OAR 461-001-0000) is disqualified if the client or the spouse of the client transferred the asset.

(3) In all programs except the ERDC program, clients in financial groups whose members transfer an asset covered under section (2) of this rule within the time periods listed in section (4) or (5) of this rule must report the transfer as soon as practicable and must provide information requested by the Department concerning the transfer.

(4) In the REF, REFM, SNAP, and TANF programs, a transfer of an asset may be disqualifying if the transfer occurs:

(a) In the REFM program, during the three years preceding the date of request (see OAR 461-115-0030).

(b) In the SNAP program, during the three months preceding the filing date or during a certification period (see OAR 461-001-0000) if the asset was a resource.

(c) In the REF and TANF programs, during the three years preceding the date of request (see OAR 461-115-0030) if the asset was a resource.

(5) In the OSIP and OSIPM programs, for a client in a nonstandard living arrangement, a transfer of an asset may be disqualifying if the transfer occurs:

(a) On or before June 30, 2006 and as described in one of the following paragraphs:

(A) On or after the date that is 60 months prior to the date of request — for assets that are transferred without compensation equal to or greater than fair market value from a revocable trust (see OAR 461-145-0540(8)(c)).

(B) On or after the date that is 60 months prior to the date of request — for assets that are transferred without compensation equal to or greater than fair market value to an irrevocable trust (see OAR 461-145-0540(9)(a)).

(C) On or after the date that is 60 months prior to the date of request — when there is a change in circumstances that makes assets in an irrevocable trust unavailable to the client (see OAR 461-145-0540(9)(d)).

(D) On or after the date that is 36 months prior to the date of request — for assets transferred without compensation equal to or greater than fair market value from an irrevocable trust (see OAR 461-145-0540(9)(b) and (c)).

(E) On or after the date that is 36 months prior to the date of request — for other asset transfers made without compensation equal to or greater than fair market value.

(b) On or after;

(A) July 1, 2006; and

(B) The date that is 60 months prior to the date of request.

(6) The duration of the period of disqualification or ineligibility is set out in OAR 461-140-0260 to 461-140-0300.

461-140-0242
Disqualifying Transfer of Assets Including Home; OSIP and OSIPM

For a client in a nonstandard living arrangement (see OAR 461-001-0000) in the OSIP and OSIPM programs:

(1) For the purposes of this rule:

(a) The definition of "child" in OAR 461-001-0000 does not apply.

(b) "Child" means a natural or adoptive son or daughter who is:

(A) Under age 21; or

(B) Any age and has been determined to meet the blindness criteria of OAR 461-125-0330 or the disability criteria of OAR 461-125-0370.

(2) A transfer of an asset (including a home) by a client or the spouse of the client is a disqualifying transfer unless the requirements of at least one of the following subsections are met:

(a) The transfer was made exclusively for purposes other than establishing eligibility or maintaining benefits.

(b) The title to the asset was transferred to the person's spouse, the person's child who is blind or has a disability under the criteria of the Social Security Administration, or another for the sole benefit of the spouse or a child who is blind or has a disability under the criteria of the Social Security Administration, provided that the transfer is arranged in such a way that no individual or entity except this spouse or child can benefit from the asset transferred in any way, whether at the time of transfer or any time in the future. A direct transfer, transfer instrument, or trust that provides for funds or property to pass to a beneficiary who is not the spouse or child who is blind or has a disability under the criteria of the Social Security Administration is not considered to be established for the benefit of one of those individuals. In order for a transfer or a trust to be considered for the sole benefit of one of these individuals, the instrument or document must provide for the spending of the funds involved for the benefit of the individual based on the life expectancy of the individual.

(c) The transfer was made to a trust described in OAR 461-145-0540(10), except that a transfer to a trust under OAR 461-145-0540(10)(a) is disqualifying if the client is age 65 or older.

(d) The transfer was made to a trust described in OAR 461-145-0540(11) established solely for the benefit of an individual under 65 years of age who has a disability that meets the criteria of the Social Security Administration. This subsection applies to all transfers made on or after July 1, 2006.

(e) The transfer is a transfer described in OAR 461-160-0580(2).

(f) The resource is transferred by the community spouse after the Department has determined the community spouse's resource allowance in accordance with OAR 461-160-0580 and the resource has not been attributed to the institutionalized spouse. Notwithstanding this subsection, a transfer of a resource by a community spouse who is receiving or applying for benefits remains subject to all rules regarding the transfer of an asset by a client.

(3) A transfer of a home by a client or the spouse of the client is a disqualifying transfer unless the title was transferred to the client's;

(a) Child;

(b) Sibling who has equity interest in the home and was residing in the home for at least one year immediately before the client's admission to long-term care (see OAR 461-001-0000); or

(c) Natural or adoptive son or daughter who meets the requirements of each of the following paragraphs:

(A) The son or daughter resided with the client in the client's home continuously for at least two years immediately prior to the client's admission to long-term care other than an absence from the home that is not intended to, and does not, exceed 30 days.

(B) The son or daughter provides convincing evidence that he or she provided services that permitted the client to reside at home for at least two years rather than in an institution or long-term care facility.

(C) Without receiving payment from the Department, the son or daughter must have directly provided the services required by paragraph (B) of this subsection as described in both of the following subparagraphs for a total of at least 20 hours per week.

(i) On a daily basis, one or a combination of any of the following activities of daily living, as each sub-subparagraph is further defined at OAR 411-015-0006:

(I) Eating.

(II) Dressing/Grooming.

(III) Bathing/Personal Hygiene.

(IV) Mobility.

(V) Elimination.

(VI) Cognition/Behavior.

(ii) One or a combination of any of the following instrumental activities of daily living, as each sub-subparagraph is further defined at OAR 411-015-0007:

(I) Housekeeping.

(II) Laundry.

(III) Meal Preparation.

(IV) Medication Management.

(V) Shopping.

(VI) Transportation.

(4) Except for a transfer permitted under section (3) of this rule, each of the following subsections applies in determining whether an asset is considered transferred for fair market value:

(a) The compensation received for the asset must be in a tangible form with intrinsic value.

(b) The Department presumes that services provided for free at the time were intended to be provided without compensation, and that a transfer to an individual for services provided for free in the past is a disqualifying transfer of assets. This presumption is rebuttable with convincing evidence. This evidence must also show that there was an express agreement to provide services for compensation at the time the services were provided.

(c) Compensation for services is valued at the average market rate at the time the services were provided, unless the express agreement provides a lower rate.

(5) If a transfer is made for less than fair market value and is not exempt from disqualification under this rule, there is a rebuttable presumption that the asset was transferred for the purpose of establishing or maintaining eligibility and is not exempt under subsection (2)(a) of this rule.

(6) To rebut the presumption in section (5) of this rule, the client must present evidence other than his or her own statement and must provide to the Department the information it requests for the purpose of evaluating the purpose of the transfer. To meet the burden, it is sufficient for the client to show one of the following:

(a) The decision to make the transfer was not within the client's control;

(b) At the time of transfer, the client could not reasonably have anticipated applying for medical assistance;

(c) Unexpected loss of resources or income occurred between the time of transfer and the application for medical assistance;

(d) Because of other, similarly convincing, circumstances, it appears more likely than not that the transfer was not made, in whole or in part, for the purpose of establishing or maintaining eligibility for benefits.

(7) The fact that a recipient was already eligible for benefits is not sufficient to rebut the presumption in section (5) of this rule because the asset may not always be excluded and if the client had received full compensation for the asset, the compensation received would have been used to determine future eligibility.

461-140-0250

Determining The Uncompensated Value of a Transferred Asset

(1) The uncompensated value of a disqualifying transfer of an asset is used in OAR 461 140 0260 to 461-140-0300 to calculate the ineligibility period of the financial group (see OAR 461-110-0530).

(2) To determine uncompensated value:

(a) In the OSIP and OSIPM programs:

(A) The value of the compensation received for the asset is subtracted from the fair market value (see OAR 461-001-0000) of the asset. This result is the uncompensated value, unless the financial group had countable (see OAR 461-001-0000) resources of less than the resource limit at the time of the first transfer. If the financial group had countable resources of less than the resource limit at the time of the first transfer, the remainder is then added to other countable resources, and the amount by which the sum exceeds the resource limit in OAR 461-160-0015 is the uncompensated value.

(B) For an annuity, unless the client verifies a lesser amount, the fair market value is equal to the amount of money used to establish the annuity, plus any additional payments used to fund the annuity, plus any earnings, minus any regular monthly payments already received, minus early withdrawals, and minus any surrender fees.

(b) In all other programs, the value of the compensation received for the resource is subtracted from the fair market value of the resource. The remainder is added to the other countable resources at the time of the transfer. The amount by which the sum exceeds the resource limit is the uncompensated value.

(c) The compensation received for a transferred asset includes:

(A) Encumbrances assumed by the buyer; and

(B) Goods or services provided to the client, limited to their true value, if there was a prior agreement to exchange the asset for the goods or services.

461-140-0296

Length of Disqualification Due to an Asset Transfer; OSIP and OSIPM

(1) This rule applies to clients in the OSIP and OSIPM programs who live in a nonstandard living arrangement (see OAR 461-001-0000).

(2) A financial group (see OAR 461-110-0530) containing a member disqualified due to the transfer of an asset is disqualified from receiving benefits. The length of a disqualification period resulting from the transfer is the number of months equal to the uncompensated value (see OAR 461-140-0250) for the transfer divided by the following dollar amount:

(a) If the initial month (see OAR 461-001-0000) is prior to October 1, 1998 — $2,595.

(b) If the initial month is on or after October 1, 1998 and prior to October 1, 2000 — $3,320.

(c) If the initial month is on or after October 1, 2000 and prior to October 1, 2002 — $3,750.

(d) If the initial month is on or after October 1, 2002 and prior to October 1, 2004 — $4,300.

(e) If the initial month is on or after October 1, 2004 and prior to October 1, 2006 — $4,700.

(f) If the initial month is on or after October 1, 2006 and prior to October 1, 2008 — $5,360.

(g) If the initial month is on or after October 1, 2008 and prior to October 1, 2010 — $6,494.

(h) If the initial month is on or after October 1, 2010 — $7,663.

(3) For transfers by a client and the spouse of a client that occurred before July 1, 2006:

(a) Add together the uncompensated value of all transfers made in one calendar month, and treat this total as one transfer.

(b) If the uncompensated value of the transfer is less than the applicable dollar amount identified in subsections (2)(a) to (2)(h) of this rule, there is no disqualification.

(c) If there are multiple transfers in amounts equal to or greater than the applicable dollar amount identified in subsections (2)(a) to (2)(h) of this rule, each disqualification period is calculated separately.

(d) The number of months resulting from the calculation in section (2) of this rule is rounded down to the next whole number.

(e) Except as provided in subsection (3)(f) of this rule, the first month of the disqualification is the month the asset was transferred.

(f) If disqualification periods calculated in accordance with this rule overlap, the periods are applied sequentially so that no two penalty periods overlap.

(g) If both spouses of a couple are in a nonstandard living arrangement and made the disqualifying transfer, part of the disqualification is apportioned to each of them, based on their percentage of ownership in the transferred asset. If one spouse is unable to serve the resulting disqualification period for any reason, the remaining disqualification applicable to both spouses must be served by the remaining spouse.

(4) For transfers by a client and the spouse of a client that occurred on or after July 1, 2006 and for income cap trusts under OAR 461-145-0540(10)(c) that accumulate funds in excess of the applicable dollar amount identified in subsections (2)(a) to (2)(h) of this rule:

(a) If there are multiple transfers by the client and the spouse of the client, including any transfer less than the applicable dollar amount identified in subsections (2)(a) to (2)(h) of this rule, the value of all transfers are added together before dividing by the applicable dollar amount identified in subsections (2)(a) to (2)(h) of this rule. For an income cap trust, the calculation in section (2) of this rule is performed as soon as, but not before, funds have accumulated to at least the applicable dollar amount identified in subsections (2)(a) to (2)(h) of this rule.

(b) The quotient resulting from the calculation in section (2) of this rule is not rounded. The whole number of the quotient is the number of full months the financial group is disqualified. The remaining decimal or fraction of the quotient is used to calculate an additional partial month disqualification. This remaining decimal or fraction is converted to an additional number of days by multiplying the decimal or fraction by the number of days in the month following the last full month of the disqualification period. If this calculation results in a fraction of a day, the fraction of a day is rounded down.

(c) Notwithstanding when the Department learns of a disqualifying transfer, the first month of the disqualification is:

(A) For a client who transfers an asset while he or she is already receiving Department-paid long-term care (see OAR 461-001-0000) or home and community-based care (see OAR 461-001-0030) in a nonstandard living arrangement, the month following the month the asset was transferred, except that if disqualification periods calculated in accordance with this rule overlap, the periods are applied sequentially so that no two penalty periods overlap.

(B) For an applicant who transfers an asset prior to submitting an application and being determined eligible and for a client who transfers an asset while he or she is already receiving benefits in a standard living arrangement (see OAR 461-001-0000), the date of request (see OAR 461-115-0030) for long-term care or home and community-based care as long as the applicant or client would otherwise be eligible but for this disqualification period. If the applicant or client is not otherwise eligible on the date of request, the disqualification begins the first date following the date of request that the applicant or client would be otherwise eligible but for the disqualification period.

(d) If both spouses of a couple are in a nonstandard living arrangement and made the disqualifying transfer, part of the disqualification is apportioned to each of them, based on their percentage of ownership in the transferred asset. If one spouse is unable to serve the resulting disqualification period, the remaining disqualification applicable to both spouses must be served by the remaining spouse.

(5) If an asset is owned by more than one person, by joint tenancy, tenancy in common, or similar arrangement, the share of the asset owned by the client is considered transferred when any action is taken either by the client or any other person that reduces or eliminates the client's control or ownership in the client's share of the asset.

(6) For an annuity that is a disqualifying transfer under section (11) of OAR 461-145-0022, the disqualification period is calculated based on the uncompensated value as calculated under OAR 461-140-0250, unless the only requirement that is not met is that the annuity pays beyond the actuarial life expectancy of the annuitant. If the annuity pays beyond the actuarial life expectancy of the annuitant, the disqualification is calculated according to section (7) of this rule.

(7) If a client or the spouse of a client purchases an annuity on or before December 31, 2005 and the annuity pays benefits beyond the actuarial life expectancy of the annuitant, as determined by the Period Life Table of the Office of the Chief Actuary of the Social Security Administration, a disqualification period is assessed for the value of the annuity beyond the actuarial life expectancy of the annuitant.

(8) A single transfer of an asset may cause a disqualification for both a medical assistance program under this rule and the SSI cash grant. The period of the disqualification is likely to be longer for SSI than for the medical assistance program, so a person may be eligible again for the medical assistance program while still disqualified from receiving SSI. The provisions of this rule are applied without regard to the related disqualification for SSI.

461-140-0300
Adjustments to the Disqualification for Asset Transfer

(1) The disqualification imposed under OAR 461-140-0260 is not adjusted once applied in the SNAP program.

(2) In all other programs, the disqualification ends if the transfer that caused the disqualification is rescinded. The duration of the disqualification is recalculated if the terms of the transfer are modified.

(3) In the OSIP, OSIPM, and REFM programs, the Department may waive the disqualification if the disqualification would create an undue hardship on the client. For purposes of this section, the disqualification would create an undue hardship if the requirements of subsections (a) and (b) of this section are met:

(a) The client has no other means for meeting his or her needs. The client has the burden of proving that no other means exist by;

(A) Exploring and pursuing all reasonable means to recover the assets to the satisfaction of the Department, including legal remedies and consultation with an attorney; and

(B) Cooperating with the Department to take action to recover the assets.

(b) The disqualification would deprive the client of;

(A) Medical care such that the client's health or life would be endangered; or

(B) Food, clothing, shelter, or other necessities of life without which the health or life of the client would be endangered.

(4) As authorized by ORS 411.620, the Department retains the authority to bring a civil suit or action to set aside a transfer of assets for less than fair market value and may seek recovery of all costs associated with such an action.

(5) Notwithstanding the granting of an undue hardship waiver under section (3) of this rule, the Department is not precluded from recovering public assistance or medical assistance from any assets in which the client held an interest, or in which the client previously held an interest, at the time the undue hardship waiver was granted.

Agent Orange Disability Benefits

For all programs:

(1) Benefits from the Agent Orange Settlement Fund made by Aetna Life and Casualty for settling Agent Orange disability claims are excluded.

(2) Payments made under the Agent Orange Act of 1991, and issued by the U.S. Treasury through the Department of Veterans Affairs, are counted as unearned income.

461-145-0040
Burial Arrangements and Burial Fund

(1) The following definitions apply to this rule:

(a) "Burial arrangement" means an agreement with an entity — such as a funeral agreement (which means an arrangement made with a licensed funeral provider), burial insurance, or a burial trust designating a funeral director as the beneficiary — that makes allowance for burial costs. A "burial arrangement" does not include a burial space, which is covered in OAR 461-145-0050, or a burial fund (see subsection (b) of this section).

(b) "Burial fund" means an identifiable fund set aside for a client's burial costs. A "burial fund" does not include a burial space, which is covered in OAR 461-145-0050, or a burial arrangement (see subsection (a) of this section).

(2) Except as provided in subsection (e) of this section, a burial arrangement is treated as follows:

(a) In the ERDC, REF, REFM, SNAP, and TANF programs, the equity value (see OAR 461-001-0000) of one prepaid burial arrangement for each member of the filing group (see OAR 461-110-0310) is excluded.

(b) For grandfathered OSIP and OSIPM clients (see OAR 461-125-0330(2), 461-125-0370(1)(b), and 461-135-0771), up to $1,000 in combined equity value of each burial arrangement with a licensed funeral director (plus accrued interest) and life insurance policies are excluded. The amount of combined cash and equity value of all life insurance and burial arrangements that is over $1,000 is counted as a resource.

(c) In the OSIP, OSIPM, and QMB-DW programs, the amount in an irrevocable burial trust or any other irrevocable arrangement to cover burial costs is excluded.

(d) In all programs not listed in subsection (a) of this section and for OSIP and OSIPM clients not covered by subsection (b) of this section, a

burial arrangement is treated in the manner as the program treats a burial fund under section (3) of this rule.

(e) Burial insurance that has cash surrender value is considered life insurance and is treated in accordance with OAR 461-145-0320 and, as applicable, subsection (b) of this section.

(3) A burial fund is treated as follows:

(a) In the OSIP, OSIPM, and QMB-DW programs:

(A) A burial fund may be established only from financial means such as cash, burial contracts, bank accounts, stocks, bonds, or life insurance policies.

(B) A burial fund is counted as a resource if it is commingled with assets unrelated to a burial. The amount set aside for burial must be in a separate account to be excluded from resource consideration.

(C) A burial fund may be established if the countable (see OAR 461-001-0000) resources of a client exceed allowable limits. A burial fund is excluded from the resource calculation to the extent allowed in paragraph (D) of this subsection.

(D) The following calculation determines the exclusion for a burial fund:

(i) Up to $1,500 of a burial fund may be excluded from resources for each of the following:

(I) The client.

(II) The client's spouse.

(ii) The amount in subparagraph (i) of this paragraph is reduced by the total of the following amounts:

(I) The face value of life insurance policies owned by the client that have already been excluded from resources.

(II) The amount in an irrevocable burial trust or any other irrevocable arrangement to cover burial costs.

(E) All interest earned on an excluded burial fund or increases in the value of an excluded burial arrangement if left in the fund is excluded from income.

(b) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, a burial fund is excluded as a resource.

(c) In all programs not listed in subsections (a) or (b) of this section, a burial fund is counted as a resource.

(4) There is no overpayment for the time period during which the burial arrangement or burial fund existed if a client;

(a) Cancels an excluded burial arrangement; or

(b) Uses an excluded burial fund for any purpose other than burial costs.

(5) If an asset originally used as a burial arrangement or burial fund is converted to other uses, the asset is treated under the other applicable rules.

461-145-0050

Burial Space and Merchandise

(1) Burial spaces include conventional grave sites, crypts, mausoleums, urns, and other repositories that are traditionally used for the remains of deceased individuals. Burial spaces also include headstones and the opening and closing of the grave.

(a) In the ERDC, REF, REFM, SNAP, and TANF programs, the equity value (see OAR 461-001-0000) of one burial space is excluded as a resource for each member of the financial group (see OAR 461-110-0530).

(b) In the OSIP, OSIPM, and QMB-DW programs, the equity value of a burial space is excluded as a resource if owned by the client and designated for the client, the spouse (see OAR 461-001-0000) of the client, minor and adult children, siblings, parents, and the spouse of any of these individuals.

(2) Burial merchandise includes, but is not limited to, caskets, liners, burial vaults, markers, and foundations. The equity value of burial merchandise is excluded as a resource if owned by the client and designated for:

(a) In the ERDC, REF, REFM, SNAP, and TANF programs, a member of the financial group.

(b) In the OSIP, OSIPM, and QMB-DW programs, the client, the spouse of the client, minor and adult children, siblings, parents, and the spouse of any of these individuals.

Domestic Volunteer Services Act (VISTA, RSVP, SCORE, ACE)

In all Department programs covered by Chapter 461 of the Oregon Administrative Rules, with respect to federal programs under the Domestic Volunteers Service Act of 1973 (Pub. L. No. 93 113):

(1) Payments under Title I — VISTA, University Year of Action, and Urban Crime Prevention — are treated as follows:

(a) In the ERDC, REF, REFM, and TANF programs, these payments are excluded, except that these payments are counted as earned income if the total value of all compensation is equal to or greater than compensation at the state minimum wage.

(b) In all programs except the ERDC, REF, REFM, and TANF programs:

(A) The payments are excluded if the client is receiving Department program benefits when they join the Title I program. The exclusion of payments continues until the client has a break in receiving Department benefits of more than one month.

(B) The payments are counted as earned income for clients who joined the Title I program before applying for Department program benefits.

(2) Payments are excluded for programs under Title II (National Older Americans Volunteer Programs), which include:

(a) Retired Senior Volunteer Program (RSVP) Title II, Section 201.

(b) Foster Grandparent Program Title II, Section 211.

(c) Older American Community programs.

(d) Senior Companion Program.

(3) Payments are excluded for programs under Title III (National Volunteer Programs to Assist Small Businesses and Promote Volunteer Service by Persons with Business Experience), which include:

(a) Service Corps of Retired Executives (SCORE) Title III, Section 302.

(b) Active Corps of Executives (ACE) Title III, Section 302.

461-145-0220

Home

(1) Home defined: A home is the place where the filing group (see OAR 461-110-0310) lives. A home may be a house, boat, trailer, mobile home, or other habitation. A home also includes the following:

(a) Land on which the home is built and contiguous property.

(A) In all programs except the OSIP, OSIPM, QMB, and SNAP programs, property must meet all the following criteria to be considered contiguous property:

(i) It must not be separated from the land on which the home is built by land owned by people outside the financial group (see OAR 461-110-0530).

(ii) It must not be separated by a public right-of-way, such as a road.

(iii) It must be property that cannot be sold separately from the home.

(B) In the OSIP, OSIPM, QMB, and SNAP programs, contiguous property is property not separated from the land on which the home is built by land owned by people outside the financial group.

(b) Other dwellings on the land surrounding the home that cannot be sold separately from the home.

(2) Exclusion of home and other property:

(a) For an individual who has an initial month (see OAR 461-001-0000) of long-term care on or after January 1, 2006:

(A) For purposes of this subsection, "child" means a biological or adoptive child who is:

(i) Under age 21; or

(ii) Any age and meets the Social Security Administration criteria for blindness or disability.

(B) The equity value (see OAR 461-001-0000) of a home is excluded if the requirements of at least one of the following subparagraphs are met:

(i) The child (see paragraph (A) of this subsection) of the individual occupies the home.

(ii) The spouse (see OAR 461-001-0000) of the individual occupies the home.

(iii) The equity in the home is $552,000 or less, and the requirements of at least one of the following sub-subparagraphs are met:

(I) The individual occupies the home.

(II) The home equity is excluded under OAR 461-145-0250.

(III) The home is listed for sale per OAR 461-145-0420.

(iv) Notwithstanding OAR 461-120-0330, the equity in the home is more than $552,000 and the individual is unable legally to convert the equity value in the home to cash.

(b) For all other filing groups, the value of a home is excluded when the home is occupied by any member of the filing group.

(c) In the SNAP program, the value of land is excluded while the group is building or planning to build their home on it, except that if the group owns (or is buying) the home they live in and has separate land they intend to build on, only the home in which they live is excluded, and the land they intend to build on is treated as real property in accordance with OAR 461 145 0420.

(3) Exclusion during temporary absence: If the value of a home is excluded under section (2) of this rule, the value of this home remains excluded in each of the following situations:

(a) In all programs except the OSIP, OSIPM, and QMB-DW programs, during the temporary absence of all members of the filing group from the property, if the absence is due to illness or uninhabitability (from casualty or natural disaster), and the filing group intends to return home.

(b) In the OSIP, OSIPM, and QMB-DW programs, when the individual is absent to receive care in a medical institution, if one of the following is true:

(A) The absent individual has provided evidence that the individual will return to the home. The evidence must reflect the subjective intent of the individual, regardless of the individual's medical condition. A written statement from a competent individual is sufficient to prove the intent.

(B) The home remains occupied by the individual's spouse, child, or a relative dependent on the individual for support. The child must be less than 21 years of age or, if over the age of 21, blind or an individual with a disability as defined by SSA criteria.

(c) In the REF, REFM, and TANF programs, when all members of the filing group are absent because:

(A) The members are employed in seasonal employment and intend to return to the home when the employment ends; or

(B) The members are searching for employment, and the search requires the members to relocate away from their home. If all members of the filing group are absent for this reason, the home may be excluded for up to six months from the date the last member of the filing group leaves the home to search for employment. After the six months, if a member of the filing group does not return, the home is no longer excluded.

(d) In the SNAP program, when the financial group is absent because of employment or training for future employment.

461-145-0230
Housing and Urban Development

(1) Payments from HUD made to a third party in behalf of the client are treated as follows:

(a) In the REF, REFM, and TANF programs, the payment is used to determine shelter-in-kind income.

(b) In the EA, ERDC, OSIP, OSIPM, QMB, and SNAP programs, the payments are excluded.

(2) HUD payments made directly to a member of the financial group, except Youthbuild Program payments and Family Investment Centers payments, are treated as follows:

(a) In the REF, REFM, and TANF programs, the payment is used to determine shelter-in-kind income. If the payments are made in a lump sum, the lump sum is unearned income.

(b) In the EA program, the payment is unearned income.

(c) In the ERDC, OSIP, OSIPM, and QMB programs, the payments are excluded.

(d) In the SNAP program, payments for utilities are excluded. Other payments are unearned income.

(3) Youthbuild Program payments are treated as follows:

(a) In the TANF program, if the Youthbuild Program participant is a dependent child in the filing group or a caretaker relative age 19 or younger, the payments are excluded. If the participant is a caretaker relative over age 19, the payments are treated as follows:

(A) Incentive payments that are reimbursements for specific expenses not covered by program benefits, for instance transportation and school supplies, are excluded.

(B) On-the-job training (OJT) and work experience payments are earned income.

(C) The bonus payment (the incentive payment for attendance) is unearned income.

(b) In the ERDC program, Youthbuild payments are earned income.

(c) In the SNAP program, payments to clients under the age of 19 years who are under the control of an adult member of the filing group are excluded. Other Youthbuild payments are earned income.

(4) Escrow accounts established for families participating in the Family Self-Sufficiency (FSS) program sponsored by HUD are excluded.

(5) Payments related to family investment centers issued under the Cranston-Gonzalez National Affordable Housing Act, Pub. L. No. 101-625, sec. 515, 104 Stat. 4196 (1990), are treated as follows:

(a) Wages are earned income, and stipends are unearned income.

(b) Service payments for items such as child care, basic education, literacy, or computer skills training are excluded.

461-145-0240
Income-Producing Sales Contract

(1) The equity value (see OAR 461-001-0000) of an income-producing sales contract is treated as follows:

(a) In the OSIPM and QMB-DW programs for contracts originating on or after October 1, 2012:

(A) Except for a contract resulting from the sale of a home, that is treated in accordance with paragraph (B) of this subsection, it is a countable (see OAR 461-001-0000) resource valued at the outstanding principal balance of the contract unless the individual provides convincing evidence of a lower cash value or there is a legal bar to the sale of the contract. If there is a legal bar to the sale of the contract, the equity value of the contract is a transfer of assets (OAR 461-140-0210 to 461-140-0300 regulate the effect of a transfer of assets on a client) for less than fair market value (see OAR 461-001-0000).

(B) The equity value of a contract resulting from the sale of a home is excluded if the entire principal portion of the payments received from the contract is used to purchase another home within three calendar months of receipt of the payments. Otherwise the equity value is treated in accordance with paragraph (A) of this subsection.

(b) Except as provided for in subparagraph (a) of this section, it is excluded.

(2) In all programs, income received from a sales contract is treated as provided in OAR 461-145-0460.

Stat. Auth.: ORS 409.050, 410.070, 411.060, 411.070, 411.404, 411.816, 412.014, 412.049, 413.085, 414.685

461-145-0250

Income-Producing Property; Not OSIP, OSIPM, or QMB

(1) Income from income producing property (see OAR 461-001-0000) is counted as follows:

(a) If a member of the financial group (see OAR 461-110-0530) actively manages the property 20 hours or more per week, the income is treated in the same manner as self-employment income (see OAR 461-145-0910, 461-145-0920, and 461-145-0930).

(b) If a member of the financial group does not actively manage the property 20 hours or more per week, the income is counted as unearned income with exclusions allowed only in accordance with OAR 461-145-0920. In the SNAP program, if the financial group owns more than one property, the exclusions for one property may not be used to offset income from a different property.

(2) The equity value (see OAR 461-001-0000) of income-producing property is treated as follows:

(a) In the EA and ERDC programs, it is excluded.

(b) In the SNAP program, it is counted as a resource except to the extent described in each of the following situations:

(A) If the property produces an annual countable (see OAR 461-001-0000) income similar to other properties in the community with comparable market value, the equity value of the property is excluded.

(B) The property is excluded under OAR 461-145-0600.

(C) The equity value of income-producing livestock, poultry, and other animals is excluded.

(D) If selling the resource would produce a net gain to the financial group of less than $1,500, the equity value is excluded.

(c) In the REF, REFM, and TANF programs, it is counted as a resource, except that in the TANF program, it is excluded for a self-employed client participating in the microenterprise (see OAR 461-001-0025) component of the JOBS program.

461-145-0259

Indian (Native American) Benefits; OSIP, OSIPM, and QMB

(1) The following Indian (Native American) benefits are excluded from income and resources:

(a) Indian lands held jointly with the tribe, or land that may not be sold without the approval of the Bureau of Indian Affairs (BIA).

(b) Payments made under the Indian Judgment Funds Distribution Act (Public Law 93-134).

(c) Distribution of Indian Judgment Funds (Public Law 97-458).

(A) Indian judgment funds include interest and investment income accrued while the funds are held in trust.

(B) Initial purchases made with distributed judgment funds are excluded from resources.

(d) Per capita distributions of all funds held in trust by the Secretary of the Interior to members of an Indian tribe (Public Law 98-64).

(e) The following items received from a native corporation are excluded under the Alaska Native Claims Settlement Act (ANCSA) (Public Law 100-241):

(A) Cash received from a native corporation, including cash dividends on stock received from a native corporation, to the extent it does not exceed $2,000 per individual per year.

(B) Stock, including stock issued or distributed by a native corporation as a dividend or distribution on stock.

(C) A partnership interest.

(D) Land or an interest in land, including land or an interest in land received from a native corporation as a dividend or distribution on stock.

(E) An interest in a settlement trust.

(f) Up to $2000 per year received from payments from individual interests in Trust or Restricted Lands (Public Law 103-66).

(g) Distribution of Per Capita Funds to the Red Lake Band of Chippewa Indians from the proceeds of the sale of timber and lumber on the Red Lake Reservation (Public Law 85-794).

(h) Distribution of Per Capita Funds by the Blackfeet and Gros Ventre tribal governments to members, which resulted from judgment funds to the tribes (Public Law 92-254).

(i) Distribution of Claims Settlement Funds to members of the Hopi and Navajo Tribes (Public Laws 93-531 and 96-305).

(j) Receipts and distributions derived from lands held in trust for Indian tribes are excluded from the following Indian groups (Public Law 94-114):

(A) Seminole Indians.

(B) Pueblos of Zia and Jimenez.

(C) Stockbridge Munsee Indian Community.

(D) Burns Indian Colony.

(E) Assiniboine and Sioux Tribe.

(F) Bad River Band of the Lake Superior Tribe of Chippewa Indians.

(G) Blackfeet Tribe of Montana.

(H) Cherokee Nation of Oklahoma.

(I) Cheyenne River Sioux Tribe.

(J) Crow Creek Sioux Tribe.

(K) Devil's Lake Sioux Tribe.

(L) Fort Belknap Indian Community.

(M) Keweenaw Bay Indian Community.

(N) Lac Courte Oreilles Band of Lake Superior Chippewa Indians.

(O) Lower Brule Sioux Tribe.

(P) Minnesota Chippewa Tribe.

(Q) Navajo Tribe.

(R) Oglala Sioux Tribe.

(S) Rosebud Sioux Tribe.

(T) Shoshone-Bannock Tribe.

(U) Standing Rock Sioux Tribe.

(k) Judgment funds distributed per capita to, or held in trust for, members of the Sac and Fox Indian Nation (Public Law 94-189).

(l) Judgment funds distributed per capita to, or held in trust for, members of the Grand River Band of Ottawa Indians (Public Law 94-540).

(m) Judgment funds distributed per capita to members of the Confederated Tribes and Bands of the Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation (Public Law 95-433).

(n) Receipts derived from trust lands awarded to the Pueblo of Santa Ana and distributed to members of that tribe (Public Law 95-498).

(o) Receipts derived from trust lands awarded to the Pueblo of Zia and distributed to members of that tribe (Public Law 95-499).

(p) Judgment funds distributed per capita or made available for programs for members of the Delaware Tribe of Indians and the absentee Delaware Tribe of Western Oklahoma (Public Law 96-318).

(q) Funds and distributions to members of the Passamaquoddy Tribe, the Penobscot Nation, and the Houlton Band of Maliseet Indians under the Maine Indian Claims Settlement Act (Public Law 96-420).

(r) Distributions of judgment funds to members of the San Carlos Tribe of Arizona (Public Law 97-95).

(s) Distributions of judgment funds to members of the Wyandot Tribe of Indians of Oklahoma (Public Law 97-371).

(t) Distributions of judgment funds to members of the Shawnee Tribe of Indians (Absentee Shawnee Tribe of Oklahoma, the Eastern Shawnee Tribe of Oklahoma, and the Cherokee Band of Shawnee descendants) (Public Law 97-372).

(u) Judgment funds distributed per capita or made available for programs for members of the Miami Tribe of Oklahoma and the Miami Indians of Indiana (Public Law 97-376).

(v) Distributions of judgment funds to members of the Clallam Tribe of Indians of the State of Washington (Port Gamble Indian Community, Lower Elwha Tribal Community, and the Jamestown Band of Clallam Indians) (Public Law 97-402).

(w) Judgment funds distributed per capita or made available for programs for members of the Pembina Chippewa Indians (Turtle Mountain Band, Chippewa Cree Tribe, Minnesota Chippewa Tribe, and Little Shell Band of Chippewa Indians of Montana) (Public Law 97-403).

(x) Per capita distributions of judgment funds to members of the Gros Ventre and Assiniboine Tribes of Fort Belknap Indian Community, and the Papago Tribe of Arizona (Public Law 97-408).

(y) Up to $2,000 of per capita distributions of judgment funds to members of the Confederated Tribes of the Warm Springs Reservation (Public Law 97-436).

(z) Judgment funds distributed to the Red Lake Band of Chippewa Indians (Public Law 98-123).

(aa) Funds distributed per capita or family interest payments for members of the Assiniboine Tribe of the Fort Belknap Indian Community

of Montana and the Assiniboine Tribe of the Fort Peck Indian Reservation of Montana (Public Law 98-124).

(bb) Judgment funds and income therefrom distributed to members of the Shoalwater Bay Indian Tribe (Public Law 98-432).

(cc) All distributions to heirs of certain deceased Indians under the Old Age Assistance Claims Settlement Act (Public Law 98-500).

(dd) Judgment funds distributed per capita or made available for any tribal program, for members of the Wyandotte Tribe of Oklahoma and the Absentee Wyandottes (Public Law 98-602).

(ee) Per capita and dividend payment distributions of judgment funds to members of the Santee Sioux Tribe of Nebraska, the Flandreau Santee Sioux Tribe, and the Prairie Island Sioux, Lower Sioux, and Shakopee Mdewakanton Sioux Communities of Minnesota (Public Law 99-130).

(ff) Funds distributed per capita or held in trust for members of the Chippewas of Lake Superior and the Chippewas of the Mississippi (Public Law 99-146).

(gg) Distributions of claims settlement funds to members of the White Earth Band of Chippewa Indians as allottees, or their heirs (Public Law 99-264).

(hh) Payments or distributions of judgment funds, and the availability of any amount for such payments or distributions, to members of the Saginaw Chippewa Indian Tribe of Michigan (Public Law 99-346).

(ii) Judgment funds distributed per capita or held in trust for members of the Chippewas of Lake Superior and the Chippewas of the Mississippi (Public Law 99-377).

(jj) Judgment funds distributed to members of the Cow Creek Band of Umpqua Tribe of Indians (Public Law 100-139).

(kk) Per capita restitution payments made to eligible Aleuts who were relocated or interned during World War II (Public Law 100-383).

(ll) Per capita payments of claims settlement funds to members of the Coushatta Tribe of Louisiana (Public Law 100-411).

(mm) Funds distributed per capita for members of the Hoopa Valley Indian Tribe and the Yurok Indian Tribe (Public Law 100-580).

(nn) Judgment funds held in trust by the United States, including interest and investment income accruing on such funds, and judgment funds made available for programs or distributed to members of the Wisconsin Band of Potawatomi (Hannahville Indian Community and Forest County Potawatomi) (Public Law 100-581).

(oo) All funds, assets, and income from the trust fund transferred to the members of the Puyallup Tribe under the Puyallup Tribe of Indians Settlement Act of 1989 (Public Law 101-41).

(pp) Judgment funds distributed per capita, or held in trust, or made available for programs, for members of the Seminole Nation of Oklahoma, the Seminole Tribe of Florida, the Miccosukee Tribe of Indians of Florida, and the independent Seminole Indians of Florida, plus any interest and investment income accruing on the funds held in trust (Public Law 101-277).

(qq) Payments, funds, distributions, or income derived from them under the Seneca Nation Settlement Act of 1990 (Public Law 101-503).

(rr) Per capita distributions of settlement funds under the Fallon Paiute Shoshone Indian Tribes Water Rights Settlement Act of 1990 (Public Law 101-618).

(ss) Settlement funds, assets, income, payments or distributions from Trust Funds to members of the Catawba Indian Tribe under the Catawba Indian Tribe of South Carolina Land Claims Settlement Act of 1993 (Public Law 103-116).

(tt) Settlement funds held in trust, including interest and investment income accruing on such funds, and payments made to members of the Confederated Tribes of the Colville Reservation under the Confederated Tribes of the Colville Reservation Grand Coulee Dam Settlement Act (Public Law 103-436).

(uu) Payments made or benefits granted by the Crow Boundary Settlement Act of 1994 (Public Law 103-444).

(vv) Per capita distribution judgment funds to members of the Western Shoshone Indians (Public Law 108-270).

(ww) Payments made or granted to the Aroostook Band of Micmacs under Public Law 102-171.

(xx) Payments made from the distribution of judgment funds to members of the Confederated Tribes of the Umatilla under Public Law 91-259.

(yy) Payments from the Tribal Trust Accounting and Management Lawsuits under Public Law 111-291, section 101.

(2) Bureau of Indian Affairs (BIA) General Assistance payments are federally-funded income based on need and are counted as unearned income, regardless of whether they are paid in cash or in kind. The $20 per month general income exclusion does not apply to these payments.

(3) Individual Indian Money (IIM) accounts are treated as follows:

(a) For an account that requires BIA Authorization for withdrawal (restricted):

(A) A deposit required by the BIA is excluded as income and as a resource.

(B) A deposit not required by the BIA is counted or excluded as income in accordance with this chapter of rules based on the source of the deposit. The deposit is excluded as a resource.

(C) A withdrawal is treated in accordance with this chapter of rules based on the source of the funds withdrawn. When funds in the account include both excluded and non-excluded funds, the Department presumes that the non-excluded funds are withdrawn first.

(b) For an account that does not require BIA authorization for a withdrawal (unrestricted): Deposits and withdrawals are treated in accordance with this chapter of rules based on the source of the deposit or withdrawal. When funds in the account include both excluded and non-excluded funds, the Department presumes that the non-excluded funds are withdrawn first.

461-145-0260
Indian (Native American) Benefits; Not OSIP, OSIPM, and QMB

(1) The following Indian (Native American) benefits are excluded:

(a) Indian lands held jointly with the tribe, or land that may not be sold without the approval of the Bureau of Indian Affairs (BIA).

(b) Payments to Puyallup Tribe members from the trust funds established under Public Law 101-41.

(c) Payments from the Confederated Tribes of the Colville Reservation Grand Coulee Dam Settlement Act (Public Law 103-436).

(2) Payments from the BIA are treated as follows:

(a) In the SNAP program, payments from the General Assistance program are counted as unearned income.

(b) In all programs except the SNAP program, payments from the General Assistance program are excluded.

(c) The treatment of educational income is covered by OAR 461-145-0150.

(3) Payments under Public Law 92-203 (Alaska Native Claim Settlement Act) are treated as follows:

(a) In the SNAP program, the entire payment is excluded.

(b) In all programs except the SNAP program:

(A) Only the tax-exempt portion of the payment is excluded.

(B) The remainder of the payment is counted as unearned income.

(4) The following types of distributions provided under Public Law 100-241 (Alaska Native Claim Settlement Act) are excluded:

(a) Stock.

(b) A partnership interest.

(c) Land or interest in land.

(d) An interest in a settlement trust.

(e) The first $2,000 of each per-capita payment per year for each member of the financial group (see OAR 461-110-0530) who receives the payment. The amount over $2,000 paid to each member of the financial group who receives the per-capita payment is counted as lump-sum income (see OAR 461-001-0000 and 461-140-0120).

(5) The Department excludes Indian benefit payments when federal law requires an exclusion. These include payments under each of the following federal laws:

(a) The Aroostook Band of Micmacs under Public Law 102-171.

(b) Blackfeet, Cherokee, Cheyenne, Chippewa, and Sioux tribes under Public Law 94-114, when the payment is from submarginal land held in trust by the United States.

(c) Blackfeet Indians under Public Law 92-254.

(d) Grand River Ottawa Indians under Public Law 94-540.

(e) Hopi or Navajo Indians under Public Law 93-531.

(f) Passamaquoddy Tribe and Penobscott Nation, including the Holton Band of Maliseet Indians, under the Indian Claims Settlement Act (Public Law 96-420).

(g) Umpqua Tribe Cow Creek Band under Public Law 100-139.

(h) Yakima Nation Confederated Tribes and Bands of the Mescalero Reservation Apache Tribe under Public Law 95-433.

(6) Except in the SNAP program, payments received from trust or restricted lands under Public Law 93-134, Public Law 97-458, and Public Law 103-66 are excluded. In the SNAP program, payments received from trust or restricted lands under 25 USC 1408 (Public Law 93-134, Public Law 97-458, and Public Law 103-66) are treated as follows:

(a) Excluded as a resource.

(b) The first $2,000 of each per-capita payment per year for each member of the financial group who receives the payment is excluded as income.

(c) The amount over $2,000 per year paid to any member of the financial group is counted as periodic income (see OAR 461-001-0000 and 461-140-0110).

(7) Payments to Seminole Tribe members under Public Law 101-277 are treated as follows:

(a) The first $2,000 of each per-capita payment per year is excluded for each member of the financial group who receives the payment.

(b) The amount over $2,000 paid to each member of the financial group who receives the per-capita payment is counted as lump-sum income (see OAR 461-140-0120).

(8) Payments from the distribution of judgment funds to members of the Confederated Tribes of the Umatilla under Public Law 91-259 are treated as follows:

(a) The first $2,000 of each per-capita payment per year is excluded for each member of the financial group who receives the payment.

(b) The amount over $2,000 paid to each member of the financial group who receives the per-capita payment is counted as lump-sum income (see OAR 461-140-0120).

(9) Payments for assets held in trust to the Sac and Fox Tribe of Oklahoma and Sac and Fox Tribe of the Mississippi in Iowa by the Indian Claims Commission under Public Law 94-189, Section 6 (The Sac and Fox Indian Claims Agreement) are treated as follows:

(a) The first $2,000 of each per-capita payment per year is excluded for each member of the financial group who receives the payment.

(b) The amount over $2,000 paid to each member of the financial group who receives the per-capita payment is counted as lump-sum income (see OAR 461-140-0120).

(10) Payments from judgment funds held in trust by the U.S. Secretary of the Interior under Public Law 98-64 are excluded.

(11) Indian Child Welfare payments under Public Law 95-608 are excluded.

(12) Tribal payments for child care are treated as follows:

(a) Provider-direct payments are counted as the provider's earned income.

(b) All client-direct payments are excluded.

(13) Indian benefit payments distributed by the tribe and not excluded for that program by public law are counted as unearned income.

(14) Payments in the tribal-TANF program are counted in the same manner as TANF program payments under OAR 461-145-0410.

(15) Payments from the Tribal Trust Accounting and Management Lawsuits under Public Law 111-291 (section 101) are treated as follows:

(a) The payments are excluded as income in the month of receipt.

(b) The payments are excluded as a resource for the 12 calendar months following the receipt of the payment as long as they are not commingled with other funds.

Stat. Auth.: ORS 411.060, 411.070, 411.083, 411.404, 411.816, 412.014, 412.049

461-145-0320
Life Insurance

(1) Benefits paid on a life insurance policy are counted as unearned income in the month received and a resource if retained into the following month. The Department counts benefits as received when the insured individual dies or when the insured individual is eligible for and receives accelerated payments before death, such as when the insured individual has a terminal illness. When the payment is a lump sum due to the death of the insured individual a deduction is allowed, not to exceed $1,500, for the cost of the deceased individual's last illness and burial if these costs were not otherwise insured.

(2) Burial insurance that has cash surrender value is treated in the same manner that this rule treats life insurance.

(3) The value of a life insurance policy is treated as follows:

(a) All term insurance that has no cash surrender value is excluded.

(b) In all programs except OSIP, OSIPM, and QMB-DW, the cash surrender value of the life insurance policy is excluded.

(c) In the OSIP, OSIPM, and QMB-DW programs:

(A) For the purposes of this subsection, the following definitions apply:

(i) "Cash surrender value" means the equity that the policy acquires over time.

(ii) "Dividend" means a payment of surplus company earnings from the insurer.

(iii) "Dividend accumulation" means a dividend left with the insurer to accumulate interest that may be withdrawn without affecting the policy's face value or cash surrender value.

(iv) "Dividend addition" means the amount of insurance purchased with a dividend that increases the policy's death benefit and cash surrender value.

(v) "Face value" means the amount of the death benefit contracted for at the time the policy was purchased and does not include a dividend addition added after purchase of the policy.

(vi) "Viatical settlement" means an agreement allowing a third party to acquire a life insurance policy from a terminally ill individual at an agreed-upon percentage of the life insurance policy's face value.

(B) The cash surrender value of life insurance policies owned by the financial group (see 461-110-0530) is excluded if the total face value of all policies for the insured individual is less than or equal to $1,500. If the total face value of all policies for the insured individual is more than $1,500, the entire cash surrender value is counted as a resource to the owner of the policy. The total face value does not include any dividend addition. A dividend accumulation must count as a resource even if the face value of the policy that generated the dividend accumulation is excluded.

(C) The cash surrender value of a policy acquired through a viatical settlement is excluded.

461-145-0330
Loans and Interest on Loans

(1) This rule covers proceeds of loans, loan repayments, and interest earned by a lender. If the proceeds of a loan are used to purchase an asset, the asset is evaluated under the other rules in this division of rules.

(2) For purposes of this rule:

(a) In the OSIP, OSIPM, and QMB programs:

(A) "Bona fide loan agreement" means an agreement that;

(i) Is enforceable under state law;

(ii) Is in effect at the time the cash proceeds are provided to the borrower; and

(iii) Includes an obligation to repay and a feasible repayment plan.

(B) "Negotiable loan agreement" means a loan agreement in which the instrument ownership and the whole amount of money expressed on its face can be transferred from one person to another (i.e., sold) at prevailing market rates.

(b) In all programs:

(A) "Reverse-annuity mortgage" means a contract with a financial institution (see OAR 461-001-0000) under which the financial institution provides payments against the equity in the home that must be repaid when the homeowner dies, sells the home, or moves.

(B) The proceeds of a home equity loan or reverse-annuity mortgage (see paragraph (A) of this subsection) are considered loans.

(3) For payments that a member of the financial group (see OAR 461-110-0530) receives as a borrower to be treated as a loan:

(a) In the OSIP, OSIPM, QMB, and SNAP programs, there must be an oral or written loan agreement, and this agreement must state when repayment of the loan is due to the lender.

(b) In programs other than the OSIP, OSIPM, QMB, and SNAP programs, there must be a written loan agreement, and this agreement must be signed by the borrower and lender, dated before the borrower receives the proceeds of the loan, and state when repayment of the loan is due to the lender.

(4) Payments for a purported loan that do not meet the requirements of section (3) of this rule are counted as unearned income.

(5) When a member of a financial group receives cash proceeds as a borrower from a loan that meets the requirements of section (3) of this rule:

(a) In all programs, educational loans are treated according to OAR 461-145-0150.

(b) In the ERDC, REF, REFM, SNAP, and TANF programs, the loan is excluded. If retained after the month of receipt, the loan proceeds are treated in accordance with OAR 461-140-0070.

(c) In the OSIP, OSIPM, and QMB-DW programs:

(A) If the loan is a bona fide loan agreement (see paragraph (2)(a)(A) of this rule), the money provided by the lender is not income but is counted as the borrower's resource if retained in the month following the month of receipt (notwithstanding OAR 461-140-0070).

(B) If the loan is not a bona fide loan agreement, the money provided by the lender is counted as income in the month received and is counted as a resource if retained in the month following the month it was received.

(d) In the QMB-BAS, QMB-SMB, and QMB-SMF programs:

(A) If the loan is a bona fide loan agreement, the money provided by the lender is not considered income.

(B) If the loan is not a bona fide loan agreement, the money provided by the lender is counted as income in the month received.

(6) In the OSIPM program, if a client or a spouse of a client uses funds to purchase a mortgage or to purchase or lend money for a promissory note or loan:

(a) In a transaction occurring on or after July 1, 2006:

(A) The balance of the payments owing to the client or spouse of the client is a transfer of assets for less than fair market value (see OAR 461-001-0000), unless all of the following requirements are met:

(i) The total value of the transaction is being repaid to the client or spouse of the client within three months of the client's life expectancy per that person's actuarial life expectancy as established by the Period Life Table of the Office of the Chief Actuary of the Social Security Administration.

(ii) Payments are made in equal amounts over the term of the transaction without any deferrals or balloon payments.

(iii) The contract is not cancelled upon the death of the individual receiving the payments under this transaction.

(B) If the loan results in a disqualification and the disqualification period has been served, payments against the principal and interest are treated as unearned income.

(b) In a transaction occurring before July 1, 2006, or for a transaction occurring on or after July 1, 2006, that does not result in a disqualification in subsection (a) of this section, the loan is treated as follows:

(A) Interest income is treated as unearned income.

(B) The loan is counted as a resource if:

(i) The financial group includes a client in a nonstandard living arrangement (see OAR 461-001-0000) and the client's spouse;

(ii) The transaction is on or after the date of the first continuous period of care (see OAR 461-001-0030); and

(iii) The amount of the loan plus other resources transferred exceeds the largest amount in OAR 461-160-0580(2)(f).

(C) For all other loans:

(i) If the loan is both a negotiable loan agreement (see paragraph (2)(a)(B) of this rule) and a bona fide loan agreement, the loan is counted as a resource valued at the outstanding principal balance.

(ii) If the loan does not qualify under subparagraph (i) of this paragraph, payments against the principal are counted as unearned income.

(7) In the OSIP and QMB-DW programs:

(a) Interest income is treated as unearned income.

(b) If the loan is both a negotiable loan agreement and a bona fide loan agreement, the loan is counted as a resource of the lender valued at the outstanding principal balance.

(c) If the loan does not qualify under subsection (b) of this section, the payments against the principal are counted as income to the lender.

(8) In the QMB-BAS, QMB-SMB, and QMB-SMF programs:

(a) Interest income is treated as unearned income.

(b) Payments against the principal of all loans are excluded as income.

(9) In all programs other than the OSIP, OSIPM, and QMB programs:

(a) The interest payment is counted as unearned income.

(b) The payment of principal is excluded.

461-145-0340
Lodger Income

(1) Lodger income is the amount a lodger (see OAR 461-001-0000) pays the filing group for room (rent) and board (meals).

(2) Lodger income is counted as follows:

(a) In the REF, REFM, and TANF programs, lodger income not excluded under OAR 461-155-0350 is treated as self employment income.

(b) In all programs except the OSIP, OSIPM, QMB, REF, REFM, and TANF programs, lodger income is treated as self-employment income.

(c) In the OSIP, OSIPM, and QMB programs, lodger income is the amount a member of the household group (see OAR 461-110-0210) pays for the use of a room (rent) with or without board (meals) and is treated as unearned income:

(A) Lodger income may be reduced by the following allowable expenses such as;

(i) Interest and escrow portions of a mortgage payment (at the point the payment is made to the mortgage holder);

(ii) If the home is rented or leased by the financial group, the monthly rent payment;

(iii) Real estate insurance;

(iv) Repairs (such as a minor correction to an existing structure);

(v) Property taxes (if not included in an escrow portion of the mortgage payment);

(vi) Lawn care;

(vii) Snow removal;

(viii) Advertising for tenants; and

(ix) Utilities.

(B) Allowable expenses are prorated based on the number of rooms designated for rent compared to the number of rooms in the house (excluding bathrooms). Basements and attics are counted only if they have been converted to living spaces (such as recreation rooms).

461-145-0360
Motor Vehicle

(1) The value of disability-related apparatus, optional equipment, or low mileage is not considered in determining the fair market value (see OAR 461-001-0000) of an automobile, truck, or van. The fair market value of an automobile, truck, or van is presumed to be the "average trade-in value" established in the National Automobile Dealers Association's (NADA) Used Car Guide, Kelley Blue Book, or similar publication. A client may rebut the presumption with a statement from a car dealer, mechanic, or other reliable source. If the vehicle is not listed in the NADA Used Car Guide, Kelley Blue Book, or a similar publication, the estimate of the value by the client may be accepted unless it appears questionable, in which case additional evidence of the value is required.

(2) Some programs permit an exclusion for a portion of the equity value (see OAR 461-001-0000) for any licensed and unlicensed motor vehicles owned by the financial group (see OAR 461-110-0530):

(a) In the REF, REFM, SNAP, and TANF programs, this exclusion is up to $10,000.

(b) Any remaining equity in that vehicle and the total equity value of all other vehicles is counted as a resource.

(3) In the EA and ERDC programs, all motor vehicles are excluded.

(4) In the OSIP, OSIPM, and QMB-DW programs:

(a) The total value of a vehicle selected by the financial group is excluded if it is used for transportation of the client or a member of the client's household.

(b) The total equity value of any vehicle not excluded under subsection (a) of this section and all other vehicles is counted as a resource.

(5) In the OSIP-EPD and OSIPM-EPD programs, if a vehicle was purchased as an employment and independence expense (see OAR 461-

001-0035) or with moneys from an approved account (see OAR 461-001-0035), the total value of the vehicle is excluded.

National and Community Services Trust Act (NCSTA), including AmeriCorps (other than AmeriCorps VISTA)

(1) The National and Community Service Trust Act (NCSTA) of 1993 (P.L. 103-82) amended the National and Community Service Act (NCSA) of 1990 (P.L. 101-610) that established a Corporation for National and Community Service. The Corporation administers national service programs providing living allowance, educational award, child care, and in-kind benefits.

(2) NCSTA payments, including AmeriCorps (except AmeriCorps VISTA which is covered in OAR 461-145-0110) are treated as follows:

(a) The living allowance (stipend benefits) is excluded.

(b) Educational award and in-kind benefits are excluded.

(c) The child care allowance is treated as follows:

(A) For clients in the ERDC and TANF programs who are eligible for direct provider payment of child care, the allowance is counted as unearned income. The allowance is excluded only if the client already pays the provider. The provider may be paid for only the costs not covered by the allowance.

(B) For clients in the SNAP program who are receiving a child care deduction, the deduction is allowed only for the costs not covered by the allowance.

(C) In all other programs, the allowance is excluded.

Older Americans Act

(1) In all programs except the SNAP program, benefits under Title III of the Older Americans Act of 1965 (Nutrition Program for the Elderly) are excluded. In the SNAP program, these benefits are considered unearned income.

(2) In all programs except the SNAP program:

(a) A wage or salary paid to persons 55 years of age and older under Title V of the Older Americans Act of 1965 (Experience Works, American Association of Retired Persons, National Association for Spanish-Speaking Elderly, National Council on Aging, National Council on Black Aging, National Council of Senior Citizens, National Urban League, U.S. Forest Service) is considered earned income.

(b) Payments to an individual 55 years of age and older under Title V of the Older Americans Act of 1965 that are not a wage or salary are excluded.

(3) In the SNAP program, payments under Title V of the Older Americans Act of 1965 are excluded.

Program Benefits

(1) EA and TA-DVS payments are treated as follows:

(a) In the ERDC and SNAP programs, a payment made directly to the client is counted as unearned income. Dual payee and provider-direct payments are excluded.

(b) In all programs except the ERDC and SNAP programs, these payments are excluded.

(2) Employment Payments (see OAR 461-001-0025 and 461-135-1270) are treated as follows:

(a) In the REF, REFM, SNAP, and TANF programs, these payments are counted as unearned income in the month received.

(b) In all programs not covered in subsection (a) of this section, these payments are excluded.

(3) Payments from ERDC and TANF child care are excluded unless the client is the provider.

(4) Payments from the OCCS medical programs, OSIPM, QMB, and REFM programs are excluded.

(5) Payments from JPI (see OAR 461-135-1260) are issued as a food benefit and are excluded.

(6) SNAP payments are treated as follows:

(a) The value of an SNAP benefit is excluded in all programs except the EA program. In the EA program, the value is counted as a resource when determining the emergency food needs of the filing group (see OAR 461-110-0310 and 461-110-0370).

(b) OFSET service payments are excluded.

(7) Benefits from the GA, OSIP (except OSIP-IC), Post-TANF, REF, SFPSS, TANF, and tribal-TANF programs are treated as follows:

(a) In the EA program, these payments are counted as unearned income, except that these payments are excluded for a benefit group (see OAR 461-110-0750) whose emergent need is the result of domestic violence (see OAR 461-001-0000).

(b) In the ERDC program:

(A) Post-TANF payments are excluded.

(B) All other payments are counted as unearned income.

(c) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, these payments are excluded.

(d) In the SNAP program:

(A) These payments are treated as unearned income.

(B) An amount received as a late processing payment is treated as lump-sum income (see OAR 461-001-0000 and 461-140-0120).

(C) Payments made to correct an underpayment are treated as lump-sum income.

(D) Ongoing special needs payments for laundry allowances, special diet or meal allowance, restaurant meals, accommodation allowances, and telephone allowances are treated as unearned income. All other special needs payments are excluded as reimbursements.

(e) In all programs except the EA, ERDC, QMB-BAS, QMB-SMB, QMB-SMF, and SNAP programs:

(A) These payments are excluded in the month received, and any portion remaining following the month of receipt is counted as a resource.

(B) Payments made to correct an underpayment are excluded.

(f) In all programs:

(A) JOBS, REF, and TANF JOBS Plus support service payments are excluded.

(B) For the treatment of JOBS Plus income, see OAR 461-145-0130.

(C) REF and TANF client incentive payments are treated as follows:

(i) Except in the TANF program, the cooperation incentive payment (see OAR 461-135-0210) is counted as unearned income.

(ii) Progress and outcome incentive payments other than in-kind payments are counted as lump-sum income (see OAR 461-140-0120). All other incentives are excluded.

(8) Payments from OSIP-IC are treated as follows:

(a) In the SNAP program, these payments are counted as unearned income and assets held in a contingency fund (see OAR 411-030-0020) are counted as a resource.

(b) In all other programs, these payments and funds held in a contingency fund are excluded.

(9) Pre-TANF program payments are treated as follows:

(a) In the SNAP program, a payment for basic living expenses, made directly to the client, is counted as unearned income. All other payments are excluded.

(b) In all programs except the SNAP program, these payments are excluded.

461-145-0420
Real Property

(1) For purposes of this rule, manufactured and mobile homes and floating homes and houseboats are treated in the same manner as real property (see OAR 461-001-0000).

(2) The applicant has the burden of proof of establishing the fair market value (see OAR 461-001-0000) of real property. Fair market value may be established by any methodology determined to accurately reflect the fair market value of the real property, including the provision of an appraisal or comparative market analysis performed by an impartial individual who is certified or licensed in the applicable jurisdiction.

(3) Real property that is not income-producing or the home of the financial group (see OAR 461-110-0530) is treated as follows:

(a) In the REF, REFM, and TANF programs, the equity value (see OAR 461-001-0000) of all real property that is not excluded under a TANF Interim Assistance agreement is counted as a resource.

(b) In the EA and ERDC programs, real property is excluded.

(c) In the SNAP program, real property is treated as follows:

(A) The equity value of real property is excluded if the financial group is making a good-faith effort to sell the real property at a fair market price.

(B) The equity value of the real property is counted as a resource if the financial group refuses to make a good-faith effort to sell.

(C) The resource is excluded if selling the resource would produce a net gain to the financial group of less than $1,500.

(d) In the OSIP, OSIPM, and QMB-DW programs:

(A) The equity value of real property that was the home of the financial group is excluded if the financial group is making a good-faith effort to sell the real property at a reasonable price, unless the equity value in the home makes the client ineligible under OAR 461-145-0220(2)(a).

(B) The equity value of all other real property is excluded if the financial group is making a good-faith effort to sell the real property at a reasonable price. The equity value is counted after the real property is excluded for nine months unless the failure to sell it is for reasons beyond the reasonable control of the financial group.

(4) The treatment of real property that is income producing is covered in OAR 461-145-0250.

(5) The treatment of the home of the financial group is covered in OAR 461-145-0220.

461-145-0455
Resettlement and Placement (R&P) Grants

(1) A Reception and Placement (R&P) grant is a payment made by the United States Department of State through a national refugee resettlement agency to a local resettlement agency, refugee sponsor, or refugee. An R&P grant is provided to the resettlement agency to help with the costs of initial resettlement of a refugee in the United States. The resettlement agency provides a part of this grant to the refugee, usually in the refugee's first month after arrival, for the refugee's initial resettlement needs and not for ongoing living expenses.

(2) In the ERDC, REF, REFM, and TANF programs, an R&P grant is excluded from consideration as income or a resource for purposes of determining program eligibility or benefit levels, except as provided in OAR 461-140-0070.

(3) In the SNAP program, any amount paid directly to a SNAP household from an R&P grant is counted as unearned income. For an in-kind payment made directly to a provider by the resettlement agency, see OAR 461-145-0280.

(4) In the OSIP, OSIPM, and QMB programs, an R&P grant determined to be available to the refugee case is considered unearned income.

461-145-0460
Sale of a Resource

(1) In the ERDC program, all proceeds from the sale of a resource are excluded as income and as a resource.

(2) In the QMB-BAS, QMB-SMB, and QMB-SMF programs:

(a) For the sale of a resource (except a home) originating prior to October 12, 2012:

(A) All proceeds received on a monthly or other periodic basis are counted as unearned income.

(B) All proceeds received on a lump-sum basis are excluded as income.

(b) For the sale of a home originating prior to October 1, 2012 all proceeds are excluded as income.

(c) For a sale of a resource (including a home) originating on or after October 1, 2012:

(A) The interest portion of proceeds is counted as unearned income.

(B) The principal portion of proceeds is excluded as income.

(3) In the REF, REFM, and TANF programs:

(a) Proceeds from the sale of an excluded resource to the extent reinvested in another excluded resource are excluded as income and as a resource.

(b) All proceeds from the sale of the resource are counted as unearned income, unless excluded in subsection (a) of this section.

(4) In all programs except the ERDC, QMB-BAS, QMB-SMB, QMB-SMF, REF, REFM, and TANF programs, proceeds from the sale of a resource are treated as follows:

(a) Proceeds from the sale of a resource (other than a home) received on a monthly or other periodic basis are counted as unearned income, except that in the OSIPM and QMB-DW programs for a sale originating on or after October 1, 2012 all proceeds that are principal are counted as a resource.

(b) Proceeds from the sale of a resource (other than a home) received on a lump-sum basis are treated as follows, except that in the OSIPM and QMB-DW programs for a sale originating on or after October 1, 2012 all proceeds that are interest are treated as unearned income:

(A) If the proceeds are from the sale of an excluded resource, the amount reinvested in another excluded resource is excluded, and the remainder is counted as a resource.

(B) The proceeds from all other sales are counted as a resource. If the proceeds put the benefit group (see OAR 461-110-0750) over the resource limit, the proceeds are counted as periodic or lump sum income (see OAR 461-140-0110 and 461-140-0120).

(c) Proceeds from the sale of the home of the financial group (see OAR 461-110-0530) are excluded for three months if the financial group intends to use the proceeds (subparagraphs (A)(i) and (A)(ii) of this subsection set out the scope of use of excluded proceeds in the OSIP and QMB-DW programs) to buy another home, except as follows:

(A) In the OSIPM (except for clients eligible under OAR 461-135-0771) and QMB-DW programs for a home sold on or after October 1, 2012:

(i) Principal payments, including lump-sum payments, are excluded for three full calendar months from the date of receipt if the financial group intends to use the proceeds to buy another home or for associated costs including:

(I) Downpayments;

(II) Settlement costs;

(III) Loan processing fees and points;

(IV) Moving expenses;

(V) Necessary repairs to or replacement of the new home's structure or fixtures (including roof, furnace, plumbing, built-in appliances) that are identified and documented prior to occupancy; and

(VI) Mortgage payments.

(ii) For the purposes of subparagraph (i) of this paragraph, funds that are obligated by contract during these three full calendar months are also excluded.

(iii) Interest payments are counted as unearned income.

(B) For clients eligible for OSIPM under OAR 461-135-0771, the proceeds from the sale of the financial group's home, if the financial group

intends to use them to buy another home (subparagraphs (A)(i) and (A)(ii) of this subsection set out the scope of use of excluded proceeds), are treated as follows:

(i) For a home sold prior to October 1, 2012, the proceeds are excluded for 12 full calendar months.

(ii) For a home sold on or after October 1, 2012:

(I) Principal payments, including lump-sum payments, are excluded for 12 full calendar months from the date of receipt.

(II) Interest payments are counted as unearned income.

(d) The proceeds from the sale of a home that are not reinvested in another home are counted as a resource, except as follows:

(A) In the OSIPM and QMB-DW programs for a home sold on or after October 1, 2012:

(i) Principal is counted as a resource.

(ii) Interest payments are counted as unearned income.

(B) In the SNAP program, the proceeds are treated as lump-sum income (see OAR 461-001-0000) under OAR 461-140-0120.

(e) In the SNAP program:

(A) Interest received monthly or on another periodic basis from the sale of a home is counted as unearned income.

(B) If a self-employed client sells a work-related asset, including equipment and inventory, the proceeds of the sale are treated as self-employment income (see OAR 461-145-0910).

(5) Costs of the type excluded under OAR 461-145-0920 are subtracted from proceeds counted as income under this rule.

461-145-0470
Shelter-in-Kind Income

(1) Except as provided in section (2) of this rule:

(a) In the ERDC program, shelter-in-kind (see OAR 461-001-0000) payments are excluded, except earned shelter-in-kind is not excluded in the ERDC program.

(b) In the REF, REFM, and TANF programs, except for child support (see OAR 461-145-0080 and 461-145-0280), shelter-in-kind payments are excluded.

(c) In the SNAP program, shelter-in-kind housing and utility payments are excluded (see OAR 461-145-0130 about exclusion of earned in-kind income), except an expenditure by a business entity for shelter costs (see OAR 461-001-0000) of a principal (see OAR 461-145-0088) is counted as income.

(d) In the OSIP, OSIPM, and QMB programs:

(A) Except as provided in paragraph (C) of this subsection, unearned shelter-in-kind income is treated as follows:

(i) Shelter-in-kind payments from HUD are excluded.

(ii) If the shelter-in-kind includes all housing and utilities, the Shelter-in-Kind Standard for total shelter (see OAR 461-155-0300) is counted as unearned income.

(iii) If the shelter-in-kind includes all housing (utilities are not included), the Shelter-in-Kind Standard for housing costs (see OAR 461-155-0300) is counted as unearned income.

(B) Except as provided in paragraph (C) of this subsection, earned shelter-in-kind income is treated as follows:

(i) If shelter is provided for services related to the employer's trade or business and acceptance of the shelter is a condition of employment, the shelter-in-kind income is treated in accordance with paragraph (A) of this subsection.

(ii) Except as provided in subparagraph (i) of this paragraph, the fair market value (see OAR 461-001-0000) of the shelter is counted as earned income.

(C) In the OSIP and OSIPM programs, when a prorated standard is used (see OAR 461-155-0020 and OAR 461-155-0250) shelter-in-kind income is excluded.

(2) A payment for which there is a legal obligation to pay to a member of the financial group (see OAR 461-110-0530) that is made to a third party for shelter expenses of a member of the financial group is counted as unearned income.

461-145-0510
SSI

(1) In the ERDC and SNAP programs, if an individual is required by law to receive an SSI benefit through a representative payee, the representative's fee is excluded.

(2) In the ERDC program:

(a) A monthly SSI payment is counted as unearned income.

(b) Lump-sum SSI payments are counted according to OAR 461-140-0120.

(3) In the OSIP (except OSIP-EPD), OSIPM (except OSIPM-EPD), and QMB-DW programs, a retroactive SSI payment is excluded for nine months after the month of receipt. After the nine-month period, any remaining amount is a countable (see OAR 461-001-0000) resource. For the purposes of this section, a payment is retroactive if it is issued in any month after the calendar month for which it is intended.

(4) In the REF, REFM, and TANF programs:

(a) SSI monthly and lump-sum payments are excluded if the recipient will be removed from the financial group (see OAR 461-110-0530) the month following receipt of the payment.

(b) An SSI lump-sum payment is excluded in the month received and the next month.

(5) In the SNAP program:

(a) A monthly SSI payment is counted as unearned income.

(b) A lump-sum SSI payment is excluded.

461-145-0540
Trusts

(1) This section applies to all trust funds (see OAR 461-001-0000) in the REF, REFM, SNAP, and TANF programs. It also applies to OSIP, OSIPM, and QMB-DW for trust funds established before October 1, 1993:

(a) Trust funds are counted as a resource if the fund is legally available for use by a member of the financial group (see OAR 461-110-0530) for items covered by program benefits. In the OSIP, OSIPM, and QMB-DW programs, the amount of the trust that is considered legally available is the maximum amount that could be distributed to the beneficiary under the terms of the trust, regardless of whether the trustee exercises his or her authority to actually make a distribution.

(b) Trust funds are excluded if the fund is not available for use by a member of the financial group. The financial group must try to remove legal restrictions on the trust, unless that would cause an expense to the group.

(c) The part of the fund available for use for medical expenses covered by the medical program for which the financial group is eligible is counted.

(2) In the ERDC program, all trust funds are excluded.

(3) In the OSIP, OSIPM, and QMB-DW programs, trust funds established on or after October 1, 1993, are treated in accordance with sections (5) to (11) of this rule

(4) In the QMB-BAS, QMB-SMB, and QMB-SMF programs:

(a) All trust funds are excluded as a resource.

(b) A payment made from the trust to or for the benefit of the client is counted as unearned income.

(5) A trust is considered established if the financial group used their resources to form all or part of the trust and if any of the following established a trust, other than by a will:

(a) The client.

(b) The client's spouse.

(c) Any other person, including a court or administrative body, with legal authority to act in place of or on behalf of the client or the client's spouse.

(d) Any other person, including a court or administrative body, acting at the direction or upon the request of the client or the client's spouse.

(6) If the trust contains resources or income of another person, only the share attributable to the client is considered available.

(7) Except as provided in section (10) of this rule, the following factors are ignored when determining how to treat a trust:

(a) The purpose for which the trust was established.

(b) Whether or not the trustees have or exercise any discretion under the trust.

(c) Any restrictions on when or if distributions may be made from the trust.

(d) Any restrictions on the use of distributions from the trust.

(8) If the trust is revocable, it is treated as follows:

(a) In all programs except the QMB-BAS, QMB-SMB, and QMB-SMF programs:

(A) The total value of the trust is considered a resource available to the client.

(B) A payment made from the trust to or for the benefit of the client is excluded as income.

(b) A payment from the trust other than to or for the benefit of the client is considered a transfer of assets covered by OAR 461-140-0210 and following.

(9) If the trust is irrevocable, it is treated as follows:

(a) If, under any circumstances, the funds transferred into the trust are unavailable to the client and the trustee has no discretion to distribute the funds to or for the benefit of the client, the client is subject to a transfer-of-resources penalty as provided in OAR 461-140-0210 and following.

(b) If, under any circumstances, payments could be made to or on behalf of the client, the share of the trust from which the payment could be made is considered a resource. A payment from the trust other than one to or for the benefit of the client is considered a transfer of assets that may be covered by OAR 461-140-0210.

(c) If, under any circumstances, income is generated by the trust and could be paid to the client, the income is unearned income. Payments made for any reason other than to or for the benefit of the client are considered a transfer of assets subject to disqualification per OAR 461-140-0210.

(d) If any change in circumstance makes assets (income or resources) from the trust unavailable to the client, the change is a disqualifying transfer as of the date of the change.

(10) Notwithstanding the provisions in sections (1), (3), and (5) to (9) of this rule, the following trusts are not considered in determining eligibility (see OAR 461-001-0000) for OSIPM and QMB-DW:

(a) A trust containing the assets of a client determined to have a disability that meets the SSI criteria that was created before the client reached age 65, if the trust was established by one of the following and the state will receive all funds remaining in the trust upon the death of the client, up to the amount of medical benefits provided on behalf of the client:

(A) The client's parent (see OAR 461-001-0000).

(B) The client's grandparent.

(C) The client's legal guardian or conservator.

(D) A court.

(b) A trust established between October 1, 1993 and March 31, 1995 for the benefit of the client and containing only the current and accumulated income of the client. The accumulated amount remaining in the trust must be paid directly to the state upon the death of the client up to the amount of medical benefits provided on behalf of the client. The trust is the total income in excess of the income standard for OSIPM. The remaining income not deposited into the trust is available for the following deductions in the order they appear prior to applying the patient liability:

(A) Personal-needs allowance.

(B) Community spouse monthly maintenance needs allowance.

(C) Medicare and other private medical insurance premiums.

(D) Other incurred medical.

(c) A trust established on or after April 1, 1995 for the benefit of the client whose income is above 300 percent of the full SSI standard and containing the current and accumulated income of the client. The accumulated amount remaining in the trust must be paid directly to the state upon the death of the client up to the amount of medical assistance provided on behalf of the client. The trust contains all of the client's income. The income deposited into the trust is distributed monthly in the following order with excess amounts treated as income to the individual subject to the rules on transfer of assets in division 140 of this chapter of rules:

(A) Personal needs allowance and applicable room and board standard.

(B) Reasonable administrative costs of the trust, not to exceed a total of $50 per month, including the following:

(i) Trustee fees.

(ii) A reserve for administrative fees and costs of the trust, including bank service charges, copy charges, postage, accounting and tax preparation fees, future legal expenses, and income taxes attributable to trust income.

(iii) Conservatorship and guardianship fees and costs.

(C) Community spouse and family monthly maintenance needs allowance.

(D) Medicare and other private medical insurance premiums.

(E) Other incurred medical costs as allowed under OAR 461-160-0030 and 461-160-0055.

(F) Contributions to reserves or payments for child support, alimony, and income taxes.

(G) Monthly contributions to reserves or payments for the purchase of an irrevocable burial plan with a maximum value of $5,000.

(H) Contributions to a reserve or payments for home maintenance if the client meets the criteria of OAR 461-155-0660 or OAR 461-160-0630.

(I) Patient liability not to exceed the cost of home and community-based care (see OAR 461-001-0030) or nursing facility services.

(11) This section of the rule applies to a trust signed on or after July 1, 2006.

(a) Notwithstanding the provisions of sections (1), (3), and (5) to (9) of this rule, a trust that meets the requirements of subsection (b) of this section is not considered in determining eligibility for OSIPM and QMB-DW, except that if the client is age 65 or older when the trust is funded or a transfer is made to the trust, the transfer may constitute a disqualifying transfer of assets under OAR 461-140-0210 and following.

(b) This section of the rule applies to a trust that meets all of the following conditions:

(A) The trust is established and managed by a non-profit association.

(B) A separate account is maintained for each beneficiary of the trust, but, for purposes of investment and management of funds, the trust pools these accounts.

(C) The trust is established by the client, client's parent, grandparent, or legal guardian or a court for clients who have disabilities.

(D) Upon the death of the beneficiary or termination of the trust, the trust pays to the state an amount equal to the total medical assistance paid on behalf of the beneficiary under the State plan for Medicaid. The amount paid to the state may be reduced by administrative costs directly related to administering the sub-trust account of the beneficiary.

(E) The trust contains the resources or income of a client who has a disability that meets the SSI criteria.

(12) In the OSIP, OSIPM, and QMB-DW programs, the provisions of this rule may be waived for an irrevocable trust if the Department determines that denial of benefits would create an undue hardship on the client if, among other things:

(a) The absence of the services requested may result in a life-threatening situation.

(b) The client was a victim of fraud or misrepresentation.

461-145-0600

Work-Related Capital Assets, Equipment, and Inventory

(1) As used in this rule:

(a) "Inventory" means goods that are in stock and available for sale to prospective customers.

(b) "Work-related equipment" means property essential to the employment or self-employment of a financial group (see OAR 461-110-

0530) member. Examples are a tradesman's tools, a farmer's machinery, and equipment used to maintain an income-producing vehicle.

(2) A capital asset (see OAR 461-001-0000), other than work-related equipment (see section (1) of this rule) and inventory (see section (1) of this rule), is treated as follows:

(a) In the ERDC program, the equity value (see OAR 461-001-0000) of a capital asset is treated according to the rules for the asset.

(b) In the SNAP program, a capital asset used in a business is excluded as follows:

(A) Non-farm assets are excluded as long as the financial group is actively engaged in self-employment activities.

(B) Farm assets are excluded until one year after the date the individual quit self-employment as a farmer.

(c) In the REF, REFM, and TANF programs:

(A) For a self-employed client participating in the microenterprise component (see OAR 461-190-0197) of the JOBS program, the value of a capital asset is excluded.

(B) For all other clients, the value of a capital asset is counted according to the rules in this division of rules.

(d) In the OSIP, OSIPM, and QMB-DW programs, a capital asset is excluded.

(3) Work-related equipment is treated as follows:

(a) In the EA, ERDC, OSIP, OSIPM, QMB-DW, and SNAP programs, the equity value of work-related equipment is excluded.

(b) In the REF, REFM, and TANF programs:

(A) For a self-employed client participating in the microenterprise component of the JOBS program, the equity value of the equipment is excluded.

(B) For all other clients, the equity value of the equipment is treated as a resource.

(4) Inventory is treated as follows:

(a) In the EA, ERDC, OSIP, OSIPM, QMB-DW, and SNAP programs, inventory is excluded as long as the client is engaged in self-employment activities.

(b) In the REF, REFM, and TANF programs:

(A) For a self-employed client participating in the microenterprise component of the JOBS program, the wholesale value of inventory remaining at the end of the semi-annual period covered in each income statement (see OAR 461-190-0197), less encumbrances, is counted as a resource.

(B) For all other clients, the wholesale value of inventory remaining at the end of a month, less encumbrances, is counted as a resource.

461-145-0910

Self-Employment; General; Not OSIP, OSIPM, or QMB

(1) Self-employment income is income resulting from an individual's business, trade, or profession, rather than from a salary or wage paid by an employer. An individual is considered self-employed if the individual meets the criteria in sections (2) or (3) of this rule. Except as noted in section (3) of this rule, for all programs except SNAP, when an individual has established a corporation, determine if the individual is self-employed according to section (2) of this rule. If the individual has more than one self-employment business, trade, or profession, the income from each is determined separately.

(2) Except as provided in OAR 461-145-0250(1), an individual is self-employed for the purposes of this division of rules if the individual:

(a) Is considered an independent contractor by the business that employs the individual; or

(b) Meets at least four of the following criteria:

(A) Is engaged in an enterprise for the purpose of producing income.

(B) Is responsible for obtaining or providing a service or product by retaining control over the means and manner of providing the work or services offered.

(C) Is principally responsible for the success or failure of the business operation by assuming the necessary business expenses and profit or loss risks connected with the operation of the business, and has the authority to hire and fire employees to perform the labor or services.

(D) Is not required to complete an IRS W-4 form for an employer and is not required to have federal income tax or FICA payments withheld from a pay check.

(E) Is not covered under an employer's liability or workers' compensation insurance policy.

(3) Notwithstanding section (2) of this rule:

(a) Homecare Workers (see OAR 411-031-0020) paid by the Department are not self-employed.

(b) Child care providers (see OAR 461-165-0180) paid by the Department, adult foster home providers (see OAR 411-050-0602) paid by the Department, realty agents, and individuals who sell plasma, redeem beverage containers, pick mushrooms for sale, or engage in similar enterprises are considered to be self-employed.

(4) In the ERDC, REF, SNAP, and TANF programs, self-employment income, including income from a microenterprise (see OAR 461-001-0000), is counted prospectively to determine eligibility (see OAR 461-001-0000) as follows:

(a) Self-employment income is annualized when it is:

(A) Received during less than a 12-month period but is intended as a full year's income.

(B) From a business that has operated for a full year and the previous year is representative of what the income and costs will be during the budget month.

(b) Except in the ERDC program, self-employment income is treated as anticipated income when a financial group (see OAR 461-110-0530) begins self-employment and is unable to determine what the income and costs will be during the budget month.

(5) In the REFM program:

(a) Self-employment income is counted only if received in the month of application.

(b) If self-employment income counted in the month of application puts the applicant over the income limits for REFM, the income is calculated according to section (4) of this rule.

(6) When determining the amount of countable (see OAR 461-001-0000) self-employment income, use gross receipts and sales, including mileage reimbursements, before costs.

461-145-0920

Self-Employment; Costs That Are Excluded To Determine Countable Income

(1) This rule explains how to determine which costs are excluded from gross self-employment income.

(2) In all programs except the OSIP, OSIPM, and QMB programs, unless prohibited by section (4) of this rule, and subject to the provisions of sections (6) and (7) of this rule and OAR 461-145-0930, the necessary costs of producing self-employment income are excluded from gross sales and receipts including, but not limited to:

(a) Labor (wages paid to an employee or work contracted out).

(b) Materials used to make a product.

(c) In the SNAP program — principal and interest paid to purchase income-producing property (see OAR 461-001-0000), such as real property, equipment, or capital assets. In all other programs, interest paid to purchase income-producing property, such as equipment or capital assets.

(d) Insurance premiums, taxes, assessments, and utilities paid on income-producing property.

(e) Service, repair, and rental of business equipment, including motor vehicles, and property that is owned, leased, or rented.

(f) Advertisement and business supplies.

(g) Licenses, permits, legal, or professional fees.

(h) Transportation costs at 20 cents per mile, if the cost is part of the business expense. Commuting expenses to and from the worksite are not part of the business expense.

(i) Charges for telephone service that are a necessary cost for self-employment.

(j) Meals and snacks provided by family day care providers for children in their care, except the provider's own children. The actual cost of the meals is used if the provider can document the cost. If the provider cannot document the actual cost, the USDA meal reimbursement rates are used.

(k) Materials purchased for resale, such as cosmetic products.

(L) For newspaper carriers, the cost of newspapers, bags, and rubber bands.

(3) In the OSIP, OSIPM, and QMB programs, unless prohibited by section (5) of this rule, and subject to the provisions of sections (6) and (7) of this rule and OAR 461-145-0930, the necessary costs of producing self-employment income are excluded from gross sales and receipts including, but not limited to:

(a) Advertising.

(b) Car and truck expenses.

(c) Commissions and fees.

(d) Contract labor.

(e) Depletion.

(f) Depreciation.

(g) Employee benefit programs.

(h) Insurance, other than health.

(i) Mortgage interest.

(j) Legal and professional services.

(k) Office expenses.

(L) Pension and profit-sharing plans.

(m) Rent or lease of vehicles, machinery, equipment, and other business property.

(n) Repairs and maintenance.

(o) Supplies.

(p) Taxes and licenses.

(q) Travel, meals, and entertainment.

(r) Utilities.

(s) Wages, less employment credits.

(t) Meals and snacks provided by family day care providers for children in their care, except the provider's own children. The actual cost of the meals is used if the provider is able to document the cost. If the provider is unable to document the actual cost, the USDA meal reimbursement rates are used.

(u) Materials purchased for resale, such as cosmetic products.

(v) For newspaper carriers, the cost of newspapers, bags, and rubber bands.

(4) In all programs except the OSIP, OSIPM, and QMB programs, the following costs are not excluded from gross sales and receipts:

(a) Business losses from previous months.

(b) Except in the SNAP program, payments on the principal of the purchase price of income-producing real estate and capital assets, equipment, machinery, and other durable goods.

(c) Federal, state, and local income taxes, draws or salaries paid to any financial group member, money set aside for personal retirement, and other work-related personal expenses, such as transportation, personal business, and entertainment expenses.

(d) Depreciation. For purposes of this section, "depreciation" means a prorated lessening of value assigned to a capital asset (see OAR 461-001-0000) based on its useful life expectancy and initial cost.

(e) Costs related to traveling to another area to seek business when there is no reasonable possibility of deriving income from the trip.

(f) Interest or fees on personal credit cards.

(g) Personal telephone charges.

(h) Shelter or utility costs associated with the individual's home, except as authorized by section (6) of this rule.

(5) In the OSIP, OSIPM, and QMB programs, the following costs are not excluded from gross sales and receipts:

(a) Federal, state, and local income taxes.

(b) Costs related to traveling to another area to seek business when there is no reasonable possibility of deriving income from the trip.

(c) Interest or fees on personal credit cards.

(d) Personal telephone charges.

(e) Shelter or utility costs associated with the individual's home, except as authorized by section (6) of this rule.

(6) The exclusions for items used for both business and personal purposes, such as automobiles and a residence, including utilities, are limited by the following subsections:

(a) In the ERDC, OSIP, OSIPM, and QMB programs, the portion of the expense that is for business use only is excluded.

(b) In the SNAP program, costs are excluded for a separate office or shop located on the property used as a home, if the costs are billed separately from the residence. Costs for other items used for both business and personal use are excluded.

(7) If no member of the financial group (see OAR 461-110-0530) has been self-employed for a sufficiently long period to ascertain the costs of self-employment, the costs may be estimated.

(8) For an individual participating in the microenterprise component (see OAR 461-190-0197) of the JOBS program, costs are excluded according to this rule and general accounting principles, as applied by a certified public accountant, bookkeeping firm, or other entity approved by the Department.

461-145-0930
Self-Employment; Determination of Countable Income

(1) The Department initially determines gross sales and receipts minus any returns and allowances (before excluding or deducting any costs). This rule explains how different programs exclude and deduct costs from self-employment gross sales and receipts.

(2) In the ERDC program, if an individual claims an excludable cost permitted under OAR 461-145-0920, at least 50 percent of gross self-employment income is excluded. The maximum exclusion is the total excludable cost under OAR 461-145-0920.

(3) In the OSIP, OSIPM, QMB, and REFM programs, all costs permitted under OAR 461-145-0920 are excluded.

(4) In the REF program, no costs are excluded.

(5) In the SNAP program, if there are any costs permitted under OAR 461-145-0920, there is a deduction of 50 percent of gross self-employment income.

(6) In the TANF program:

(a) For an individual participating in the microenterprise (see OAR 461-001-0000) component of the JOBS program, costs are excluded according to OAR 461-145-0920 and general accounting principles, as applied by a certified public accountant, bookkeeping firm, or other entity approved by the Department.

(b) For all other individuals, no costs are subtracted (excluded).

461-150-0050
Prospective Eligibility and Budgeting; OSIP, OSIPM, and QMB

In the OSIP, OSIPM, and all QMB programs, the Department uses prospective eligibility (see OAR 461-001-0000) and budgeting (see OAR 461-001-0000) as follows:

(1) In the OSIP (except OSIP-IC), OSIPM (except OSIPM-IC), and all QMB programs:

(a) For the initial month (see OAR 461-001-0000), the Department uses prospective eligibility and budgeting. Money received from a nonrecurring source before the date of application is excluded as income.

(b) Except for QMB-BAS, QMB-SMB, and QMB-SMF, if any money remains from a non-recurring source after the date of application, it is counted as a resource.

(c) For each ongoing month (see OAR 461-001-0000) the Department uses prospective eligibility and budgeting.

(2) In the OSIP-IC and OSIPM-IC programs, the budget month (see OAR 461-001-0000) is the initial month of eligibility.

461-155-0010
Use of Payment Standards to Establish Need

(1) Need is the amount at the Department's payment standards that represents the client's need for items covered by the benefit.

(2) Special needs are costs in addition to standard allowances.

(3) In the GA program, ongoing special needs are used to determine benefit amount as specified in OAR 461-160-0500.

(4) In the OSIP and OSIPM programs:

(a) The special need described in OAR 461-155-0630(2) is used to determine initial and ongoing eligibility.

(b) Except for individuals whose eligibility is determined based on the special need described in OAR 461-155-0630(2), special needs are used when determining the benefit amount or the client liability.

461-155-0020
Prorated Standards; Adjusted Number in Household

(1) Prorated standards are used only in the no-adult tables and the non-SSI OSIP and OSIPM table.

(2) In the OSIP and OSIPM programs:

(a) Prorated standards only apply when an individual or a couple receives free food and shelter from others living in the household, and the individual or couple does not have an ownership interest or rental liability in the residence.

(b) Prorated standards are not applied to cases in which an individual receives services described in OAR chapter 411, division 015.

(c) Shelter-in-kind (see OAR 461-145-0470) may apply when prorated standards are not used.

(3) In the TANF program, the no-adult tables are used when there are no adults in the TANF benefit group (see OAR 461-110-0750).

(4) In all programs except the TANF program, prorated standards are based on the number of people in the need group, compared to the adjusted number in the household group (see OAR 461-110-0210). The adjusted number in the household is determined by taking the total number of individuals in the household, minus the following individuals unless they are included in the need group:

(a) Unborns.

(b) Individuals receiving long-term care (see OAR 461-001-0000) or home and community-based care (see OAR 461-001-0030).

(c) Foster children.

(d) Children receiving adoption assistance.

(e) Live-in attendants who live with the filing group (see OAR 461-110-0310) solely to provide necessary medical or housekeeping services and are paid to provide these services.

(f) Landlords and tenants. A landlord-tenant relationship exists if one person pays another at fair market value (see OAR 461-001-0000) for housing and if;

(A) The filing group lives independently from the landlord or tenant;

(B) The filing group has and uses sleeping, bathroom, and kitchen facilities that are separate from the landlord or tenant; and

(C) If bathroom or kitchen facilities are shared, the housing must be a commercial establishment that provides either room, board, or both for fair market value compensation.

(g) In the OSIP and OSIPM programs only:

(A) The biological and adoptive children of either spouse (see OAR 461-001-0000).

(B) Recipients of OCCS Medical Programs (see OAR 461-001-0000), OSIP, OSIPM, QMB, or TANF.

(5) In the TANF program, prorated standards are based on the number of people in the benefit group (see OAR 461-110-0750), compared to the adjusted number in the household group (see OAR 461-110-0210). The adjusted number in the household is determined by taking the total number of individuals in the household, minus the following individuals unless they are included in the benefit group:

(a) Unborns.

(b) Individuals receiving long-term care (see OAR 461-001-0000) or home and community-based care (see OAR 461-001-0030).

(c) Foster children.

(d) Children receiving adoption assistance.

(e) Live-in attendants who live with the filing group (see OAR 461-110-0310 and 461-110-0330) solely to provide necessary medical or housekeeping services and are paid to provide these services.

(f) Landlords and tenants. A landlord-tenant relationship exists if one person pays another at fair market value (see OAR 461-001-0000) for housing and if;

(A) The filing group lives independently from the landlord or tenant;

(B) The filing group has and uses sleeping, bathroom, and kitchen facilities that are separate from the landlord or tenant; and

(C) If bathroom or kitchen facilities are shared, the housing must be a commercial establishment that provides either room, board, or both for fair market value compensation.

Payment Standard; GA

In the GA program, the payment standard is as follows: [Table not included. See ED NOTE.]

(1) The Housing Assistance Payment is issued directly to the landlord and is contingent upon the receipt of a signed and valid Rental Agreement.

(2) The Utility Allowance is issued directly to the individual.

(3) The Personal Incidental Fund is issued directly to the individual.

Pursuit of Cost-Effective Employer Sponsored Health Insurance

(1) This rule applies to the OSIPM program and is for the purpose of applying OAR 461-120-0345.

(2) The Health Insurance Group (HIG) determines if employer sponsored health insurance meets the criteria as cost effective for the purpose of OAR 410-120-1960.

(3) If the insurance is determined to be cost effective and the client or eligible applicant pursues the insurance, HIG will authorize reimbursement of the client or eligible applicant's portion of the premium per OAR 410-120-1960.

(4) If the insurance is determined to be cost effective and the client or eligible applicant fails to pursue cost effective employer sponsored insurance, the Department will apply a penalty per OAR 461-120-0345.

Special Need; Laundry Allowances

(1) OSIP and OSIPM clients who are receiving SSI or home and community-based care (see OAR 461-001-0030) or have adjusted income less than the OSIPM program income standard under OAR 461-155-0250 are

eligible for a laundry allowance if they have proven, excessive, coin-operated laundry facility costs and do not:

(a) Have their own laundry facilities; or

(b) Reside in an adult foster care home, assisted living facility, nursing facility, residential care facility, or specialized living facility, unless the specialized living facility is apartment based.

(2) This allowance may not exceed the amount required to wash and dry the laundry.

461-155-0600
Special Need; Home Repairs; OSIP and OSIPM

In the OSIP and OSIPM programs, the Department will authorize a special need payment for home repairs for homeowners or buyers as a one-time special need within the following limits:

(1) The repairs must be needed to remove a physical hazard to the health and safety of the client.

(2) Payment for repairs authorized by this rule:

(a) Is limited to the least expensive means possible;

(b) Cannot exceed $1,000 in any 24-month period; and

(c) When the home is jointly owned, is limited to a percentage of the cost of the repairs equal to the percentage of client ownership.

(3) The repairs must cost less than moving to another home.

(4) Payment is limited to the lowest possible cost that will provide adequate facilities. The client must provide three competitive bids for the repairs, unless there are not three providers of the service in the local area.

(5) Before approving payment for repairs or new installations, the Department must consider the use value and determine whether it is consistent with the service plan for the client to remain in the house.

(6) Providers of the repairs or new installations must ensure that the work being completed meets current building codes.

(7) Repairs or replacements include, but are not limited to:

(a) Electrical wiring that does not constitute conversion to electrical space heating but that is needed:

(A) To avoid condemnation; or

(B) To remove a definite fire or shock hazard as documented by appropriate public officials.

(b) Plumbing — but not including the costs of plumbing items with which the house is not already equipped except that a toilet may be paid for when newly required by the creation or extension of a sewer district. Examples of what plumbing-related items may be covered include:

(A) Toilets and sinks.

(B) Cleaning or replacing septic tanks or cesspools.

(C) Installing sewer connections from house to street--but not sewer installation--if required by the creation of a new sewer district or the extension of an existing district.

(c) Repair or replacement of existing electric pumps for wells needed to continue the water supply. This does not include drilling a new well.

(d) Heating equipment--repair of heating stoves, furnaces and water heaters and, if repair is not possible, replacement with the least expensive adequate equipment.

(e) Repair of roofs.

(f) Repair or replacement of steps and repair of floors.

(8) A client with a life estate is not eligible for this special need allowance. The individual who will benefit from the life estate, following the death of the client, is considered responsible for the home repairs.

461-155-0610
Special Need; Moving Costs; OSIP and OSIPM

For clients who are 18 years of age or older in the OSIP and OSIPM programs:

(1) The Department will authorize payment for the cost of moving a client's household effects as a one-time special need if the requirements of at least one of the following subsections are met:

(a) Moving is essential to provide nonhazardous housing. "Hazardous" housing means a building so deteriorated and unsafe that it is uninhabitable or subject to condemnation. If no official certification to that effect can be obtained, the condition of the dwelling must have been seen by a Department employee and documented in the case record.

(b) The client has been evicted for reasons other than his or her own neglect or failure to make rent or house payments.

(c) The move is a result of domestic violence or protective services.

(d) For a client in a nonstandard living arrangement (see OAR 461-001-0000), the client must move because the level of needed services increases or decreases.

(e) The needs of the client would be better met out of state.

(2) Payment for moving costs authorized by this rule;

(a) May be authorized for not more than one move in any 12-month period;

(b) Is limited to the least expensive means possible; and

(c) Cannot exceed $500 in any 12-month period.

(3) Payments necessary for a one-time move may be made over a period not to exceed 30 consecutive days.

(4) A filing group that has received a payment for moving costs under this rule is not eligible for a moving cost payment again until the first day of the 12th month following the first payment that was made for the most recent month.

461-155-0620
Special Need; Property Taxes

(1) OSIP and OSIPM clients who are homeowners or buyers are allowed a special need of one year of delinquent real property taxes, penalties and interest, if needed to prevent imminent foreclosure.

(2) Clients who are eligible for the Oregon Property Tax Deferral Program must opt to defer property taxes. If necessary, the state may provide payment for back property taxes, to bring the tax current, to allow clients to defer their ongoing property taxes.

(3) Clients who have not chosen to defer their property taxes, and have failed to pay their property taxes, will not receive a property tax special need payment unless the exception is authorized by the Department's Estates Administration Unit. The exception will be based on the value of the property, the potential of foreclosure and the potential of an Estates Administration Unit recovery of such property.

(4) Imminent foreclosure is indicated by a formal notice of foreclosure.

461-155-0640
Special Need; Restaurant Meals

(1) To receive the restaurant meals special need payment, OSIP and OSIPM clients who are receiving SSI, home and community-based care (see OAR 461-001-0030), or have adjusted income less than the OSIPM program income standard under OAR 461-155-0250 must have proven medical and nutritional needs that cannot be met with meals purchased with SNAP program benefits.

(2) A client living in his or her own home who is unable to prepare his or her own meals, but is eligible for SNAP program benefits, may have his or her meals prepared by attendants that volunteer or are compensated by the Seniors and People with Disabilities Division In-Home Services program. A client also may receive, if eligible, Meals on Wheels services to supplement his or her diet.

(3) The payment standard for restaurant meals is $60 per month.

461-155-0670
Special Need; Special Diet Allowance

(1) In the OSIP, OSIPM, REF, REFM, SFPSS, and TANF programs, a client is not eligible for a special diet allowance if receiving any of the following:

(a) Room and board.

(b) Residential care facility services or assisted living facility services.

(c) Nursing facility services.

(d) Adult foster care services.

(e) An allowance for restaurant meals.

(f) A commercial food preparation diet.

(2) A REF, REFM, SFPSS, or TANF client, or an OSIP or OSIPM client receiving SSI, having an adjusted income less than the OSIPM program income standard under OAR 461-155-0250, or receiving in-home services is eligible for a special diet allowance if the client meets the following requirements:

(a) The client would be in an imminent life-threatening situation without the diet, as verified by medical documentation from a Department-approved medical authority (see OAR 461-125-0830); and

(b) A nutritionist verifies that the special diet needed exceeds the cost of a regular diet.

(3) The amount of a special diet allowance is calculated as follows:

(a) In the REF, REFM, SFPSS, and TANF programs, the difference between the actual cost of the special diet and a prorated share of the SNAP program benefit for the appropriate number of clients in the benefit group (see OAR 461-110-0750).

(b) In the OSIP and OSIPM programs, the lesser of the following:

(A) The difference between the actual cost of the special diet and the amount provided in the basic standard for food (see OAR 461-155-0250).

(B) A maximum of $300 per month, or an exceptional amount, authorized by the SPD Program Assistance Section, which will not exceed the cost of home IV therapy.

(4) Local management staff must approve the request for a special diet allowance.

(5) Each special diet allowance must be reviewed at six-month intervals.

461-160-0010
Use of Resources in Determining Financial Eligibility

Countable (see OAR 461-001-0000) resources are used to determine eligibility (see OAR 461-001-0000) as follows:

(1) In the EA program, the countable resources of a financial group (see OAR 461-110-0530) are used to reduce benefits.

(2) In the ERDC, QMB-DW, REF, SNAP, and TANF programs, a need group (see OAR 461-110-0630) is not eligible for benefits if the financial group has countable resources above the resource limit (see OAR 461-160-0015).

(3) In the OSIP (except OSIP-EPD) and OSIPM (except OSIPM-EPD) programs, a need group (see OAR 461-110-0630) is not eligible for benefits if the financial group has countable resources above the resource limit (see OAR 461-160-0015).

(a) When a child (see OAR 461-001-0000) is applying, the parental resources (see subsection (b) of this section) are deemed available to the child. The amount deemed available to the child is the amount the parental resources exceed the resource limit (see OAR 461-160-0015) of:

(A) A one person need group, if one parent (see OAR 461-001-0000) lives in the child's household; or

(B) A two person need group, if two parents (or one parent and the spouse (see OAR 461-001-0000) of that parent) live in the child's household.

(b) As used in this section, "parental resources" means the countable resources of:

(A) Each parent in the child's financial group, and

(B) Each spouse of a parent in the child's financial group.

(c) If more than one child is applying, the value of the deemed resources is divided evenly between the applying children.

(d) The parental resources are not deemed available to an ineligible child.

(e) The value of the parental resources is subject to deeming whether or not those resources are available to the child.

(4) In the OSIP-EPD and OSIPM-EPD programs:

(a) A need group is not eligible for benefits if the financial group has countable resources above the resource limit (see OAR 461-160-0015).

(b) Any money in an approved account (see OAR 461-001-0035) is excluded during the determination of eligibility.

(c) Assets purchased from moneys in an approved account are excluded, provided they meet the requirements of OAR 461-145-0025.

(d) Assets purchased as employment and independence expenses (see OAR 461-001-0035) are excluded, provided they meet the requirements of OAR 461-145-0025.

(5) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, all resources are excluded and have no effect on eligibility (see OAR 461-160-0015).

461-160-0015
Resource Limits

(1) In the EA program, all countable (see OAR 461-001-0000) resources must be used to meet the emergent need.

(2) In the ERDC program, the limit is $1,000,000.

(3) In the REFM program, there is no resource limit.

(4) In the OSIP and OSIPM programs, the resource limit is as follows:

(a) $2,000 for a one-person need group (see OAR 461-110-0630) and $3,000 for a two-person need group.

(b) $1,000 for an OSIP need group eligible under OAR 461 135 0771. The total cash resources may not exceed $500 for a one-person need group or $1,000 for a two-person need group.

(c) $5,000 for the OSIP-EPD and OSIPM-EPD programs (see OAR 461-001-0035 and 461-145-0025 for funds that may be excluded as approved accounts).

(5) In the QMB-BAS, QMB-SMB, and QMB-SMF programs, all resources are excluded.

(6) In the QMB-DW program, the resource limit is amended in January of each year based on the low income subsidy for Medicare Part D as published by the Health Resources and Services Administration of the U.S. Department of Health and Human Services. Effective January 1, 2015 the resource limit is $7,280 for a one-person need group and $10,930 for a need group containing two or more individuals.

(7) In the REF program, the resource limit is:

(a) $2,500 for any of the following:

(A) A new REF applicant for benefits.

(B) REF need group that has at least one mandatory (see OAR 461-130-0305) participant in an employment program who is:

(i) Receiving REF and not progressing in a required activity of an open case plan; or

(ii) Serving a current employment program disqualification (see OAR 461-130-0330).

(b) $10,000 for a need group not covered under subsection (a) of this section.

(8) In the SNAP program, the resource limit is:

(a) $3,250 for a financial group (see OAR 461-110-0530) with at least one member who is elderly (see OAR 461-001-0015) or an individual with a disability (see OAR 461-001-0015).

(b) $2,250 for all other financial groups.

(9) In the TANF program, the resource limit is:

(a) $2,500 for any of the following:

(A) A new TANF applicant for benefits.

(B) TANF need group that does not have at least one caretaker relative (see OAR 461-001-0000) or parent (see OAR 461-001-0000) who is receiving TANF.

(C) TANF need group that has at least one JOBS participant who is:

(i) Receiving TANF and not progressing in an activity (see OAR 461-001-0025) of an open JOBS case plan (see OAR 461-001-0025); or

(ii) Serving a current JOBS disqualification (see OAR 461-130-0330).

(b) $10,000 for a need group not covered under subsection (a) of this section.

461-160-0055
Medical Costs That Are Deductible; OSIP, OSIPM, and SNAP

(1) This rule applies to SNAP filing group (see OAR 461-110-0370) members who are elderly (see OAR 461-001-0015) or who have a disability (see OAR 461-001-0015), and to clients in the OSIP and OSIPM programs.

(2) Medical costs are deductible to the extent a deduction is authorized in OAR 461-160-0415 and 461-160-0430 and in this rule.

(3) Health and hospitalization insurance premiums and coinsurance are deductible. In the OSIPM and SNAP programs, health insurance premiums paid less frequently than monthly may be prorated over the period covered by the premium.

(4) In the OSIPM and SNAP programs:

(a) Long-term care insurance premiums are deductible if the insurance pays for services while an individual is;

(A) Receiving home and community-based care (see OAR 461-001-0030);

(B) Receiving nursing facility services; or

(C) In an intermediate care facility for the mentally retarded (ICF/MR).

(b) A policy that is set up to pay a lump sum, similar to life insurance, is not deductible.

(5) The cost of a medical service is deductible if it is;

(a) Provided by, prescribed by, or used under the direction of a licensed medical practitioner; or

(b) Except in the SNAP program, a medical necessity approved by the Department.

(6) Medical deductions are also allowed for, among other things, the cost of:

(a) Medical and dental care, including psychotherapy, rehabilitation services, hospitalization, and outpatient treatment.

(b) Prescription drugs and over-the-counter medications prescribed by a licensed practitioner, the annual fee for a drug prescription card, medical supplies and equipment, dentures, hearing aids, prostheses, and prescribed eyeglasses.

(c) In the SNAP program, such items as the following:

(A) Nursing care, nursing home care, and hospitalization, including payments for an individual who was a member of the filing group immediately prior to entering a hospital or a nursing home certified by the state. Deduction of these payments is also allowed for an individual who was a member of the filing group immediately prior to death if the remaining filing group members are legally responsible for payment of the expenses.

(B) Services of an attendant, home health aid, housekeeper, or provider of dependent care necessary due to the client's age or illness, including an amount equal to a one-person SNAP benefit group (see OAR 461-110-0750) if the client furnishes the majority of an attendant's meals.

(C) Prescribed assistance animals (such as a Seeing Eye Dog, Hearing Dog, or Housekeeper Monkey) that have received special training to provide a service to the client. This deduction includes the cost of acquiring these animals, their training, food, and veterinarian bills.

(D) Reasonable costs for transportation and lodging needed to obtain medical treatment or services.

(E) Installment plan arrangements made before a bill becomes past due. The expense is not deducted if the client defaults and makes a second agreement.

(7) In the SNAP program, the following costs, even if prescribed by a medical practitioner, are not allowable medical deductions:

(a) Costs for and related to medical use of marijuana, including registry identification cards.

(b) Costs for items related to special diets which can be purchased with SNAP benefits including, but not limited to, nutritional drinks and organic foods.

461-160-0060
Use of Rounding in Calculating Benefit Amount

(1) In the REF and TANF programs, a benefit amount not a whole number of dollars is rounded down to the next lower whole dollar.

(2) In the ERDC program, total countable income is rounded down to the next lower whole dollar. The benefit figures are not rounded.

(3) In the GA, OSIP, OSIPM, and QMB programs, rounding is not used.

(4) In the SNAP program:

(a) Except as provided in subsection (b) of this section, when income and deductions are calculated, a figure ending with less than 50 cents is rounded to the next lower dollar and a figure ending with 50 cents or more is rounded to the next higher dollar.

(b) After multiplying the adjusted income by 30 percent, any amount from 1 to 99 cents is rounded up to the next higher dollar.

461-160-0500
Use of Income to Determine Benefits; GA

In the GA program, the countable and adjusted income of an individual or couple are used to determine benefit amount as follows:

(1) For purposes of this rule, "countable income" is calculated using OSIPM countable income methodology except that in-kind and shelter in-kind income is excluded.

(2) For purposes of this rule, "eligible spouse" means a spouse who is eligible for and receiving OSIPM under 461-125-0370(1)(c).

(3) The "adjusted income" amount for the GA program is calculated as follows:

(a) To determine "adjusted income", deductions from the total countable income of the individual or couple are made in the following order:

(b) One standard deduction of $20 from unearned income.

(A) This deduction may be taken from earned income if the individual has less than $20 in unearned income.

(B) This deduction does not apply to a benefit based on need that is totally or partially funded by the federal government or by a nongovernmental agency.

(c) One standard earned income deduction of:

(A) $65 for an individual who is not blind; or

(B) $85 for an individual who is blind.

(d) An income deduction for documented impairment-related work expenses or blind work expenses for an individual under age 65.

(e) One half of the remaining earned income.

(f) Deductions under a plan for self-support for an individual less than the age of 65.

(4) For a single individual, the benefit amount for housing assistance is determined by subtracting the "adjusted income" of the individual from the one-person payment standard (see OAR 461-155-0010).

(5) For a married individual whose spouse is in the OSIPM household group (see OAR 461-110-0210), the amount for housing assistance is determined as follows:

(a) If the individual is married to and living with someone not considered an "eligible spouse", the "adjusted income" of the couple is subtracted from the one-person standard (see OAR 461-155-0010).

(b) If the individual is married to an "eligible spouse", the "adjusted income" of the couple is subtracted from the two-person payment standard (see OAR 461-155-0010).

(6) The amounts for the Personal Incidental Fund and Utility assistance are not affected by "adjusted income" and are determined as follows.

(a) Single individuals and individuals married to someone not considered an "eligible spouse" receive benefits according to the one-person standard (see OAR 461-155-0010).

(b) If the individual is married to an "eligible spouse" who is in the individual's OSIPM household group, the couple receives benefits according to the two-person standard (see OAR 461-155-0010).

461-160-0620
Income Deductions and Client Liability; Long-Term Care Services or Home and Community-Based Care; OSIPM

In the OSIPM program:

(1) Deductions from income are made for an individual residing in or entering a long-term care facility or receiving home and community-based care (see OAR 461-001-0030) as explained in subsections (3)(a) to (3)(h) of this rule.

(2) Except as provided otherwise in OAR 461-160-0610, the liability of the individual is determined according to subsection (3)(i) of this rule.

(3) Deductions are made in the following order:

(a) One standard earned income deduction of $65 is made from the earned income in the OSIPM-AD and OSIPM-OAA programs. The deduction is $85 in the OSIPM-AB program.

(b) The deductions under the plan for self-support as allowed by OAR 461-145-0405.

(c) One of the following need standards:

(A) A $60 personal needs allowance for an individual receiving long-term care services.

(B) A $90 personal needs allowance for an individual receiving long-term care services who is eligible for VA benefits based on unreimbursed medical expenses. The $90 allowance is allowed only when the VA benefit has been reduced to $90.

(C) For an individual who receives home and community-based care:

(i) Except as provided in subparagraph (ii) of this paragraph, the OSIPM maintenance standard.

(ii) For an individual who receives in-home services, the OSIPM maintenance standard plus $500.

(d) A community spouse (see OAR 461-001-0030) monthly income allowance is deducted from the income of the institutionalized spouse (see OAR 461-001-0030) to the extent that the income is made available to or for the benefit of the community spouse, using the following calculation.

(A) Step 1 — Determine the maintenance needs allowance. $2,003 is added to the amount over $601 that is needed to pay monthly shelter expenses for the principal residence of the couple. This sum or $2,980.50 whichever is less, is the maintenance needs allowance. For the purpose of this calculation, shelter expenses are the rent or home mortgage payment (principal and interest), taxes, insurance, required maintenance charges for a condominium or cooperative, and the full standard utility allowance for the SNAP program (see OAR 461-160-0420). If an all-inclusive rate covers items that are not allowable shelter expenses, including meals or housekeeping in an assisted living facility, or the rate includes utilities, to the extent they can be distinguished, these items must be deducted from the all-inclusive rate to determine allowable shelter expenses.

(B) Step 2 — Compare maintenance needs allowance with community spouse's countable income. The countable (see OAR 461-001-0000) income of the community spouse is subtracted from the maintenance needs allowance determined in step 1. The difference is the income allowance unless the allowance described in step 3 is greater.

(C) Step 3 — If a spousal support order or exceptional circumstances resulting in significant financial distress require a greater income allowance than that calculated in step 2, the greater amount is the allowance.

(e) A dependent income allowance as follows:

(A) For a case with a community spouse, a deduction is permitted only if the monthly income of the eligible dependent is below $2,003. To determine the income allowance of each eligible dependent:

(i) The monthly income of the eligible dependent is deducted from $2,003.

(ii) One-third of the amount remaining after the subtraction in paragraph (A) of this subsection is the income allowance of the eligible dependent.

(B) For a case with no community spouse:

(i) The allowance is the TANF adjusted income standard for the individual and eligible dependents.

(ii) The TANF standard is not reduced by the income of the dependent.

(f) Costs for maintaining a home if the individual meets the criteria in OAR 461-160-0630.

(g) Medical deductions allowed by OAR 461-160-0030 and 461-160-0055 are made for costs not covered under the state plan. This includes the public and private health insurance premiums of the community spouse and the individual's dependent.

(h) After taking all the deductions allowed by this rule, the remaining balance is the adjusted income.

(i) The individual's liability is determined as follows:

(A) For an individual receiving home and community-based care (except an individual identified in OAR 461-160-0610(4)), the liability is the actual cost of the home and community-based care or the adjusted income of the individual, whichever is less. This amount must be paid to the Department each month as a condition of being eligible for home and community-based care. In OSIPM-IC, the liability is subtracted from the gross monthly benefit.

(B) For an individual who resides in a nursing facility, a state psychiatric hospital, an Intermediate Care Facility for the Mentally Retarded, or a mental health facility, there is a liability as described at OAR 461-160-0610.

461-165-0030
Concurrent and Duplicate Program Benefits

(1) Except as noted in this rule, an individual may not receive benefits from the Department of the same type (that is, cash, medical, or SNAP benefits) for the same period as a member of two or more different benefit groups (see OAR 461-110-0750) or from two or more separate programs. Except as allowed in subsection (g) of this section, this provision includes a prohibition against an individual receiving TANF concurrently with another cash assistance program funded under Title IV-E of the Social Security Act.

(a) An individual may receive EA, HSP, and TA-DVS benefits and cash payments from other programs for the same time period.

(b) If a GA recipient becomes eligible for the TANF program, the GA recipient may not receive a TANF cash payment for themselves in the month a GA cash payment was received.

(c) A TANF recipient may receive ERDC for a child (see OAR 461-001-0000) in the household group (see OAR 461-110-0210), but who may not be included in the TANF filing group (see OAR 461-110-0310 and 461-110-0330).

(d) A child who is a member of an ERDC benefit group may also be a member of one of the following benefit groups:

(A) An OSIP-AB benefit group.

(B) A TANF benefit group when living with a nonneedy caretaker relative (see OAR 461-001-0000), if the caretaker relative is not the parent (see OAR 461-001-0000) of the child.

(C) A TANF benefit group when living with a needy caretaker relative receiving SSI.

(e) An individual in the SNAP program who leaves a filing group (see OAR 461-110-0310 and 461-110-0370) that includes an individual who abused them and enters a domestic violence shelter (see OAR 461-001-0000) or safe home (see OAR 461-001-0000) for victims of domestic violence (see OAR 461-001-0000) may receive SNAP benefits twice during the month the individual enters the domestic violence shelter or safe home.

(f) A QMB recipient may also receive medical benefits from OSIPM, REFM, MAGI Parent or Other Caretaker Relative, or MAGI Pregnant Woman.

(g) An individual may receive Chafee (see OAR 413-030-0400 to 413-030-0455) and TANF benefits during the same time period. As of January 1, 2013, receipt of both Chafee and TANF benefits will not result in an overpayment.

(h) An individual receiving Employment Payments (see OAR 461-001-0025 and 461-135-1270) who becomes eligible for TANF in the same month may receive both benefits in the same month.

(i) An individual receiving JPI (see OAR 461-135-1260) who becomes eligible for Pre-TANF or TANF in the same month may receive both benefits in the same month.

(2) An individual may not receive benefits of the same type (that is, cash, medical, or SNAP benefits) for the same period from both Oregon and another state or tribal food distribution program, except as follows:

(a) Medical benefits may be authorized for an eligible individual if the individual's provider refuses to submit a bill to the Medicaid agency of another state and the individual would not otherwise receive medical care.

(b) Cash benefits may be authorized for an individual in the Pre-TANF program if benefits from another state will end by the last day of the month in which the individual applied for TANF.

(3) In the SNAP program, each individual who has been included as a member of the filing group in Oregon or another state is subject to all of the restrictions in section (2) of this rule.

(4) An REF or TANF filing group may not receive REF or TANF benefits for the same period of time that an individual in the REF or TANF filing group receives assistance from the Office of Refugee Resettlement Matching Grant Program.

Dual Payee; When to Use

(1) For OSIP, REF, and TANF, use a dual-payee check for protective payments if the benefit group has shown they are not able to properly manage benefits meant to meet their needs. Issue the dual-payee check in both the name of the client and the name of the service provider.

(2) Issue EA checks for shelter, moving costs, property taxes, and home repairs as dual-payee revolving fund checks. The supervisor or branch manager must authorize an exception to this policy in advance.

(3) To make sure a JOBS or OFSET payment is used to meet a specific need, the branch office may write a dual-payee revolving fund check in the name of both the client and the vendor.

461-165-0120

Benefits for a Client in an Acute Care Hospital

(1) In the REF, REFM, and TANF programs, regular monthly benefits continue when a client enters an acute care hospital. The monthly benefits remain unchanged until the client returns home or enters some other living arrangement. An authorized representative designated by the client or the branch may be used if necessary.

(2) In the ERDC, GA, OSIP, OSIPM, and QMB programs, regular monthly benefits continue if a client will be in the acute care hospital for less than 30 days. If the client will be in the acute care hospital for 30 days or more or until death, the client's needs are determined as if the client were in a nursing facility.

(3) In the SNAP program, regular monthly benefits continue if the client will be in his or her own home 50 percent of the time or more. If the client will be in an institution for more than 50 percent of a calendar month, the client is not eligible for SNAP benefits.

461-170-0011

Changes That Must Be Reported

(1) A change in employment status is considered to occur as follows:

(a) For a new job, the change occurs the first day of the new job.

(b) For a job separation, the change occurs on the last day of employment.

(2) A change in source of income is considered to occur as follows:

(a) For earned income, the change occurs upon the receipt by the individual of the first paycheck from a new job or the first paycheck reflecting a new rate of pay.

(b) For unearned income, the change occurs the day the individual receives the new or changed payment.

(3) An individual must report, orally or in writing, the following changes:

(a) In the ERDC program, an individual must report the following changes within 10 days of occurrence:

(A) A change in child care provider.

(B) A change in employment status.

(C) A change in mailing address or residence.

(D) A change in membership of the filing group (see OAR 461-110-0350).

(E) A member of the filing group is discharged from the U.S. military and returning from active duty in a military war zone.

(F) A change in income above the ERDC income limit as defined in OAR 461-155-0150(5)(b) that is expected to continue.

(b) In the SNAP program:

(A) An ABAWD (see OAR 461-135-0520) assigned to CRS or SRS who resides in Multnomah or Washington County and is employed must report a change in work hours when work hours are below 20 hours per week.

(B) An individual assigned to CRS must report any of the following changes within 10 days of occurrence:

(i) A change in earned income of more than $100.

(ii) A change in unearned income of more than $50.

(iii) A change in source of income.

(iv) A change in membership of the filing group (see OAR 461-110-0370) and any resulting change in income.

(v) A change in residence and the shelter costs in the new residence.

(vi) A change in the legal obligation to pay child support.

(vii) When the sum of cash on hand, stocks, bond, and money in a bank or savings institution account reaches or exceeds program resource limits.

(viii) Acquisition or change in ownership of a non-excluded vehicle.

(C) An individual assigned to SRS must report when the monthly income of the filing group exceeds the SNAP countable (see OAR 461-001-0000) income limit by the tenth day of the month following the month of occurrence.

(D) An individual assigned to TBA is not required to report any changes.

(c) For JPI (see OAR 461-135-1260), an individual must follow the same reporting requirements as a SNAP client assigned to CRS, SRS, or TBA reporting systems (see OAR 461-170-0010).

(d) In the GA, OSIP, OSIPM, and QMB programs, an individual must report all changes that may affect eligibility (see OAR 461-001-0000) within 10 days of occurrence, including any of the following changes:

(A) A change in employment status.

(B) A change in health care coverage.

(C) A change in membership of the household group (see OAR 461-110-0210).

(D) A change in marital status.

(E) A change in residence.

(F) Except for QMB-BAS, QMB-SMB, and QMB-SMF, a change in resources.

(G) A change in source or amount of income.

(e) In the REF, SFPSS, and TANF programs, an individual assigned to CRS must report any of the following changes within 10 days of occurrence:

(A) Acquisition or change in ownership of a non-excluded vehicle.

(B) A change in earned income more than $100.

(C) Employment separation.

(D) A change in membership of the household group (see OAR 461-110-0210).

(E) A change in marital status or other changes in membership of the filing group.

(F) A change in mailing address or residence.

(G) A change in pregnancy status of any member of the filing group.

(H) A change in source of income.

(I) A change in unearned income more than $50.

(J) A change in who pays the shelter costs if the costs will be paid by a non-custodial parent.

(K) Sale or receipt of a resource that causes total resources to exceed program resource limits.

(f) In the REFM program, an individual must report the following changes within 10 days of occurrence:

(A) A change in membership of the household group (see OAR 461-110-0210).

(B) A change in residence.

461-175-0210

Notice Situation; Client Moved or Whereabouts Unknown

(1) To end benefits for an individual who has moved out of Oregon, the Department sends the following decision notice (see OAR 461-001-0000):

(a) In the ERDC, GA, OSIP, OSIPM, QMB, REF, REFM, and TANF programs:

(A) The Department sends a timely continuing benefit decision notice (see OAR 461-001-0000) to the individual who has moved out of Oregon.

(B) The Department sends a basic decision notice (see OAR 461-001-0000) if the individual becomes eligible for benefits in another state.

(b) For Employment Payments (see OAR 461-001-0025 and 461-135-1270), JPI (see OAR 461-135-1260), and the SNAP program, no decision notice is required if the Department determines that the benefit group (see OAR 461-110-0750) has moved out of Oregon.

(2) If Department mail or benefits have been returned with no forwarding address, the Department gives the individual the benefits if the individual's whereabouts become known during the period covered by the returned benefits. See OAR 461-165-0130 for when SNAP benefits may be sent out of Oregon. If the individual's whereabouts are unknown, the Department ends benefits by sending the following decision notice to their last known address:

(a) Except for Employment Payments, JPI, and the SNAP program, a basic decision notice.

(b) For Employment Payments, JPI, and the SNAP program, no decision notice is required.

461-175-0240

Notice Situation; Lump-Sum

If a financial group (see OAR 461-110-0530) receives lump-sum income that will make the financial group ineligible or cause a reduction in benefits:

(1) The Department will deny benefits to an applicant and send a basic decision notice (see OAR 461-001-0000).

(2) If a benefit group (see OAR 461-110-0750) is receiving benefits, the Department will stop or reduce them and:

(a) If the action is based on changes reported on the Interim Change Report form, send a continuing benefit decision notice (see OAR 461-001-0000).

(b) If the action is not based on changes reported on the Interim Change Report form, send a timely continuing benefit decision notice (see OAR 461-001-0000).

461-175-0310

Notice Situation; Resource Transfer Disqualification

(1) When the Department proposes to disqualify a filing group (see OAR 461-110-0310) because of a disqualifying transfer of assets (see OAR 461-140-0210), the following notice is sent:

(a) For new applicants, a basic decision notice (see OAR 461-001-0000).

(b) For ongoing clients, a timely continuing benefit decision notice (see OAR 461-001-0000).

(2) A notice required by this rule includes the amount of uncompensated value used in the eligibility determination and the period of ineligibility caused by the transfer.

(3) In the OSIP and OSIPM programs, the notice must also include:

(a) The action that resulted in the disqualification; and

(b) Information that the individual, or the facility in which the individual resides (on behalf of the individual), may apply for a waiver of the disqualification on the basis of undue hardship.

461-180-0010

Effective Dates; Adding a New Person to an Open Case

(1) In the following programs, the effective date for adding an individual (other than an assumed eligible newborn) to the benefit group (see OAR 461-110-0750) is one of the following:

(a) In the OSIPM program, the date benefits are requested for the individual establishes a date of request (see OAR 461-115-0030) for the individual. The effective date for the individual is determined in accordance with OAR 461-180-0090.

(b) In the REFM program, it is whichever occurs first:

(A) The date the individual requests benefits, if the individual was eligible as of that date.

(B) The date all eligibility requirements are met.

(c) In the SNAP program:

(A) If adding the individual increases benefits, it is the first of the month after the filing group (see OAR 461-110-0310 and 461-110-0370) reports the person has joined the household group (see OAR 461-110-0210). If verification is requested, the effective date for the change is:

(i) The first of the month following the date the change was reported if verification is received by the Department no later than the due date for the verification.

(ii) The first of the month following the date the verification is received by the Department if received after the verification due date.

(B) If adding the individual reduces benefits, it is the first of the month following the month in which the notice period ends (see OAR 461-175-0050).

(d) In the GA, OSIP, REF, SFPSS, and TANF programs, it is the date on which all eligibility requirements are met and verified. If benefits have been issued for the month and adding the new person would reduce benefits, the person is added the first of the month following the month in which the notice period ends (see OAR 461-175-0050).

(e) In the QMB-BAS and QMB-DW programs, it is the first of the month after the new individual has been determined to meet all QMB eligibility criteria and the Department receives the required verification.

(f) In the QMB-SMB program, it is the first of the month in which the new individual has been determined to meet all QMB-SMB eligibility criteria and the Department receives the required verification.

(g) In the SFPSS and TANF programs, for adding a child (see OAR 461-001-0000) to be covered by a provider-direct child care payment, it is the first of the month in which the child is added to the benefit group.

(2) In the following programs, the effective date for adding an assumed eligible newborn to the benefit group is one of the following:

(a) In the OSIPM and REFM programs, it is the date of birth if all the following paragraphs are true. If any of the following paragraphs is not true, the newborn is added to the benefit group in accordance with section (1) of this rule.

(A) A request for benefits is made within one year of the birth. For purposes of this paragraph, a telephone call from the attending physician, another licensed practitioner, a hospital, or the family is considered a request for benefits.

(B) The newborn has continuously lived with the mother since the date of birth.

(C) The mother was receiving OSIPM on the date of birth, even if she is not currently eligible for benefits.

(b) In the SFPSS and TANF programs, it is:

(A) The date of birth, if all eligibility requirements are met and verified within 45 days after the birth; or

(B) The date all eligibility factors are met and verified, if the verification is completed more than 45 days after the date of birth.

(3) In the ERDC program, the effective date for adding an individual to the need group (see OAR 461-110-0630) or benefit group is as follows:

(a) If adding the individual to the need group will decrease the copay, the effective date is the first of the month after the client reports the person has joined the household.

(b) If adding the individual to the need group increases the copay — for instance, because the individual receives income — the effective date is the first of the month following the end of the decision notice period (see OAR 461-175-0050).

(c) The effective date for adding a child to the benefit group — that is, covering the cost of the child's care — is the earliest of the following:

(A) For newborns, the date of birth, if all eligibility requirements are met and verified within 45 days after the birth.

(B) For all other children, the first of the month in which the change is reported, if all eligibility requirements are met and verified within 45 days.

(C) For newborns and other children, if eligibility cannot be verified within 45 days, the effective date is the first of the month in which all eligibility factors are met and verified.

461-180-0065

Effective Dates; Ending Disqualifications

(1) The effective date for ending a JOBS disqualification or a disqualification related to diagnosis, counseling, or treatment for substance abuse or mental health is:

(a) The date the client meets the requirements for ending the JOBS disqualification (see OAR 461-130-0335); or

(b) The date the client meets the requirements for ending the disqualification for failure to comply with OAR 461-135-0085(1) (see OAR 461-135-0089).

(2) In the OSIPM program, the effective date for ending the disqualification for failing to enroll in cost-effective, employer-sponsored health insurance is the date the client provides verification of enrollment during the open enrollment period.

(3) In the SNAP program, the effective date for ending an employment program disqualification is the date the client fulfills the requirements to end the disqualification or the first of the month following the minimum disqualification period, whichever occurs later (see OAR 461-180-0010 regarding the effective date for adding a person to an open case).

(4) For an IPV disqualification, the disqualification ends the day after the minimum disqualification period ends, if there is no additional IPV disqualification to be served and all eligibility requirements are met.

(5) For all other disqualifications in the TANF program, the disqualification ends whenever the client agrees to cooperate.

(6) For other disqualifications in the SNAP program, the disqualification ends at the end of the disqualification period.

461-180-0070

Effective Dates; Initial Month Benefits

(1) In the EA program, the effective date for opening the case is the day benefits are issued to the benefit group (see OAR 461-110-0750). For a benefit group whose only eligible child is an unborn, the effective date cannot be earlier than the first day of the calendar month preceding the month in which the due date falls.

(2) In the ERDC program, the effective date for starting benefits is one of the following:

(a) The first day of the month in which the request for benefits is made if:

(A) All eligibility (see OAR 461-001-0000) requirements are met in that month; and

(B) Verification is provided within the application processing timeframes.

(b) If all eligibility requirements are not met in the month of request, the effective date is the first day of the month in which they are met, if verification is provided within the application processing timeframes.

(c) For a benefit group that received TANF program benefits within the 30 days before applying for ERDC program benefits, the effective date is the first of the month following closure of their TANF program benefits.

(3) In the GA program, the effective date for the initial month (see OAR 461-001-0000) of benefits is the first of the month following the day all eligibility requirements are met and verified.

(4) In the OSIP program, the effective date for the initial month of benefits is whichever of the following occurs first:

(a) The date an individual requests benefits, if the individual was eligible as of that date.

(b) The date all eligibility requirements are met.

(5) In the REF program, when a filing group (see OAR 461-110-0430) makes an initial application, the effective date for starting benefits is:

(a) If all eligibility requirements, including an interview, are completed by the 45th day from the date of request (see OAR 461-115-0030), the effective date for starting benefits is the filing date (see OAR 461-115-0040).

(b) If all eligibility requirements are not met by the 45th day from the date of request, a new date of request and filing date must be established.

(6) In the TANF program, when a filing group (see OAR 461-110-0330) makes an initial application or applies after the end of the certification period (see OAR 461-001-0000), the effective date for starting TANF benefits is one of the following:

(a) Except as provided in subsections (b) to (d) of this section, if all eligibility requirements, including a TANF interview, are completed by the 45th day from the date of request, the effective date for starting benefits is the filing date. If all eligibility requirements are not met by the 45th day from the date of request, a new date of request and filing date must be established.

(b) If the only eligible child is an unborn, the effective date may not be earlier than the first day of the calendar month preceding the month in which the due date falls.

(c) For an individual in the Pre-TANF program, the effective date for the initial month of benefits is the date the Pre-TANF program ends as provided in OAR 461-135-0475.

(d) For a JOBS support service payment, the effective date is the date the individual meets all eligibility requirements in OAR 461-190-0211.

(7) In the SFPSS program, when moving a TANF program recipient to SFPSS, the effective date for the initial month of SFPSS program benefits is:

(a) Except as provided in subsection (b) of this section, the first of the month following the day all eligibility requirements are met and verified.

(b) If the day all eligibility requirements are met and verified falls after the "compute deadline," the initial month of SFPSS program benefits will be the first of the month following the month after "compute deadline." For purposes of this rule, "compute deadline" means the Department computer system monthly deadline after which changes will not take effect until the month following the first of the next month.

461-180-0090

Effective Dates; Initial Month Medical Benefits

The effective date for starting medical benefits for an eligible client is as follows:

(1) In the OSIPM and QMB-DW programs:

(a) Except as provided for in subsections (b) to (h) of this section:

(A) If the client meets all eligibility requirements on the date of request (see OAR 461-115-0030), it is the first day of the month that includes the date of request. An OSIPM program client who is assumed eligible under OAR 461-135-0010(5) meets "all eligibility requirements" for the purposes of this section as follows:

(i) Effective the first day of the month of the initial SSI payment if the client is age 21 or older.

(ii) Effective the first day of the month prior to the month of the initial SSI payment if the client is under the age of 21.

(B) If the client does not meet all eligibility requirements on the date of request, but meets all requirements after the date of request, within the application processing time frames of OAR 461-115-0190, it is the first day of the month that includes the date that all eligibility requirements are met.

(b) If the client does not complete the application within the time period described in OAR 461-115-0190 (including the authorized extension), the determination of an effective date requires a new date of request.

(c) Except as provided for in subsections (d) and (e) of this section, for a new applicant who is an inmate (see OAR 461-135-0950) on any day of the month during the month that the applicant is determined to meet all eligibility requirements, the effective date is determined in accordance with subsections (a) and (b) of this section, except that coverage is not in effect for any day during the month that the applicant is an inmate other than the date of incarceration and the date of release.

(d) The effective date for an individual residing in a public institution (see OAR 461-135-0950) meeting the requirements of OAR 461-135-0950 regarding applications received by individuals with a serious mental illness is determined in accordance with OAR 461-135-0950.

(e) The effective date for an individual meeting the eligibility requirements of OAR 461-135-0950 regarding residents of a state psychiatric institution is the date that all eligibility requirements are met, including other chapter 461 eligibility requirements, if those requirements are met within the application processing time frames of OAR 461-115-0190. Otherwise the requirements of subsection (b) of this section apply.

(f) The effective date for an inmate or a resident of state hospital with suspended benefits that will be reinstated is determined in accordance with OAR 461-135-0950. If benefits will not be reinstated the inmate is considered a new applicant and the effective date is determined in accordance with subsection (c) of this section.

(g) The effective date for a new applicant who is receiving Medicaid in another state on the date of request, but meets the requirements of OAR 461-165-0030 regarding receipt of medical benefits in another state is:

(A) The date of request if all eligibility requirements are met on the date of request or after the date of request, but during the month that includes the date of request.

(B) If all eligibility requirements are not met during the month that includes the date of request the effective date is determined in accordance with paragraph (1)(a)(B) and subsection (b) of this section.

(h) The effective date for an applicant receiving Medicaid in another state prior to the date of request, but during the month that includes the date of request, is the day following the day that Medicaid benefits end in the other state if all eligibility requirements are met during the month that includes the date of request. If all requirements are not met in the month that includes the date of request the effective date is determined in accordance with paragraph (1)(a)(B) and subsection (b) of this section.

(2) In the QMB-BAS program, it is the first of the month after the benefit group (see OAR 461-110-0750) has been determined to meet all QMB-BAS program eligibility criteria and the Department receives the required verification.

(3) In the QMB-SMB and QMB-SMF programs, it is:

(a) The first of the month in which the benefit group meets all program eligibility criteria and the Department receives the required verification; or

(b) The first of the month in which the Low Income Subsidy (LIS) information is received by the Social Security Administration (SSA), if the SMB or SMF program application was generated by the electronic transmission of LIS data from the SSA and the benefit group meets all program eligibility criteria.

(4) In the REFM program:

(a) Except as provided in subsection (b) of this section:

(A) If the individual meets all eligibility requirements on the date of request (see OAR 461-115-0030), it is the date of request.

(B) If the individual does not meet all eligibility requirements on the date of request, it is the first day following the date of request that all eligibility requirements are met.

(b) If the individual does not complete the application within the time period described in OAR 461-115-0190 (including the authorized extension), the determination of an effective date requires a new date of request.

(5) Retroactive eligibility is authorized under certain circumstances in some medical programs (see paragraph (1)(a)(A) of this rule, OAR 461-135-0875, and 461-180-0140).

461-195-0521
Calculation of Overpayments

This rule specifies how the Department calculates an overpayment (see OAR 461-195-0501).

(1) The Department calculates an overpayment by determining the amount the client received or the payment made by the Department on behalf of the client that exceeds the amount for which the client was eligible.

(2) When a filing group, OCCS Medical programs household group (see OAR 410-200-0015), ineligible student, or authorized representative (see OAR 461-115-0090 and OAR 410-200-0015) fails to report income, the Department calculates and determines the overpayment by assigning unreported income to the applicable budget month without averaging the unreported income, except:

(a) A client's earned income reported quarterly from the Employment Department is considered received by the client in equal amounts during the months identified in the report.

(b) In the ERDC, MAA, MAF, REF, SNAP, and TANF programs, a client's actual self-employment income is annualized retrospectively to calculate the overpayment.

(c) In the OCCS Medical programs, if actual income is not available for the months in which an overpayment occurred, a client's actual self-employment income (see OAR 410-200-0015) received during the year when an overpayment occurred is annualized to calculate an overpayment.

(3) When using prospective budgeting (see OAR division 461-150) and the actual income differs from the amount determined under OAR 461-150-0020(2), there may be a client error overpayment (see OAR 461-195-0501) only when the filing group, ineligible student, or authorized representative withheld information, failed to report a change, or provided inaccurate information. In such a case, the Department uses the actual income to determine the amount of an overpayment.

(4) When using anticipated income for the OCCS Medical programs and the actual income differs from the amount determined under OAR 410-200-0310, there may be a client error overpayment only when the OCCS Medical programs household group (see OAR 410-200-0015) or authorized representative (see OAR 410-200-0015) withheld information, failed to report a change, or provided inaccurate information. In such a case, the Department uses the actual income to determine the amount of an overpayment.

(5) When a filing group, ineligible student, or authorized representative fails to report all earned income within the reporting time frame, the earned income deduction (see OAR 461-160-0160, 461-160-0190, 461-160-0430, 461-160-0550, and 461-160-0552) is applied as follows:

(a) In the OSIP, OSIPM, QMB, and REFM programs, the Department allows the earned income deduction.

(b) In the MAA, MAF, REF, and TANF programs, the Department allows the earned income deduction when good cause (see section (6) of this rule) exists.

(c) In the SNAP program, no deduction is applied to earned income if the amount or source of income was not timely reported.

(6) For the purposes of OAR 461-195-0501 to 461-195-0561, "good cause" means circumstances beyond the client's reasonable control that caused the client to be unable to report income timely and accurately.

(7) When support is retained:

(a) In the TANF program, the amount of support (other than cash medical support) the Department of Justice retains as a current reimbursement each month is added to other income to determine eligibility (see OAR 461-001-0000). When a client is not eligible for TANF program benefits, the overpayment is offset by the support the Department of Justice retains as a current reimbursement.

(b) In the medical programs, the amount of the cash medical support the Department retains each month is excluded income and not used to determine eligibility for medical program benefits. When a client has incurred a medical program overpayment, the overpayment is offset by the amount of the cash medical support the Department retains during each month of the overpayment.

(8) In the REF and TANF programs, when a client directly receives support used to determine eligibility or calculate benefits, the overpayment is:

(a) If still eligible for REF or TANF program benefits, the amount of support the client received directly; or

(b) If no longer eligible for REF or TANF program benefits, the amount of program benefits the client received.

(9) When an overpayment occurs due to the failure of an individual to reimburse the Department, when required by law to do so, for benefits or services (including cash medical support) provided for a need for which that individual is compensated by another source, the overpayment is limited to the lesser of the following:

(a) The amount of the payment from the Department;

(b) Cash medical support; or

(c) The amount by which the total of all payments exceeds the amount payable for such a need under the Department's rules.

(10) Benefits paid during a required notice period (see OAR 461-175-0050, OAR 410-200-0120) are included in the calculation of the overpayment when:

(a) The filing group, OCCS Medical programs household group (see OAR 410-200-0015), ineligible student, or authorized representative (see OAR 461-115-0090 and OAR 410-200-0015) failed to report a change within the reporting time frame under OAR 461-170-0011 or OAR 410-200-0235; and

(b) Sufficient time existed for the Department to adjust the benefits to prevent the overpayment if the filing group, OCCS Medical program household group (see OAR 410-200-0015), ineligible student, or authorized representative (see OAR 461-115-0090 and OAR 410-200-0015) had reported the change at any time within the reporting time frame.

(11) In the SNAP program:

(a) If the benefit group (see OAR 461-110-0750) was categorically eligible, there is no overpayment based on resources.

(b) For a filing group (see OAR 461-110-0370) found eligible for SNAP program benefits under OAR 461-135-0505(1)(a) to (c), and the actual income made the group ineligible for the related program, the group remains categorically eligible for SNAP program benefits as long as the eligibility requirement under OAR 461-135-0505(1)(d) is met. A benefit group of one or two individuals would be entitled to at least the minimum SNAP program benefit allotment under OAR 461-165-0060.

(c) For a filing group found eligible for SNAP program benefits only under OAR 461-135-0505(1)(d), and the actual income equals or exceeds 185 percent of the Federal Poverty Level, the filing group is no longer categorically eligible. The overpayment is the amount of SNAP program benefits incorrectly received.

(12) In the OSIP and OSIPM programs, when a client does not pay his or her share of the cost of services (see OAR 461-160-0610) or the OSIP-EPD or OSIPM-EPD program participant fee (see OAR 461-160-0800) in the month in which it is due, an overpayment is calculated as follows:

(a) All payments made by the Department on behalf of the client during the month in question are totaled, including but not limited to any payment for:

(A) Capitation;

(B) Long term care services;

(C) Medical expenses for the month in question;

(D) Medicare buy-in (when not concurrently eligible for an MSP);

(E) Medicare Part D;

(F) Mileage reimbursement;

(G) Special needs under OAR 461-155-0500 to 461-155-0710; and

(H) Home and community-based care (see OAR 461-001-0030), including home delivered meals and non-medical transportation.

(b) Any partial or late liability payment made by a client receiving home and community-based care in-home services or participant fee paid by an OSIP-EPD or OSIPM-EPD program client is subtracted from the total calculated under subsection (a) of this section. The remainder, if any, is the amount of the overpayment.

(13) When a client's liability is unreduced pending the outcome of a contested case hearing about that liability the overpayment is the difference between the liability amount determined in the final order and the amount, if any, the client has repaid.

(14) In the OCCS Medical programs, OSIPM, QMB, and REFM programs if the client was not eligible for one program, but during the period in question was eligible for another program:

(a) With the same benefit level, there is no overpayment.

(b) With a lesser benefit level, the overpayment is the amount of medical program benefit payments made on behalf of the client exceeding the amount for which the client was eligible.

(15) When an overpayment is caused by administrative error (see OAR 461-195-0501), any overpayment of GA, OSIP, REF, SFPSS, or TANF program benefits is not counted as income when determining eligibility for the OCCS Medical programs, OSIPM, and REFM programs.

(16) Credit against an overpayment is allowed as follows:

(a) In the GA, REF, and TANF programs, a credit is allowed for a client's payment for medical services made during the period covered by the overpayment, in an amount not to exceed the Department fee schedule

for the service, but credit is not allowed for an elective procedure unless the Department authorized the procedure prior to its completion.

(b) In the SNAP program, if the overpayment was caused by unreported earned income, verified child care costs are allowed as a credit to the extent the costs would have been deductible under OAR 461-160-0040 and 461-160-0430.

(c) In the SFPSS and TANF programs, if the overpayment is caused by reported earned income, a credit is allowed for the Post-TANF grant if the client meets eligibility under OAR 461-135-1250 and the client has received less than 12 months of Post-TANF program benefits.

(d) In all programs, for an underpayment of benefits in the program in which the overpayment occurred.

(17) In the SNAP program, in compliance with the American Recovery and Reinvestment Act of 2009, effective April 1, 2009 through September 30, 2009, the amount between the normal Thrifty Food Plan (TFP) benefit amount under this section and the increased TFP benefit amount under OAR 461-155-0190 is not counted in the overpayment amount unless the filing group was ineligible for SNAP program benefits. [Table not included. See ED. NOTE.]

(18) In the REF program, when an individual used or accessed cash benefits in violation of OAR 461-165-0010(8)(a), the amount of the overpayment is the amount of cash benefits the client used or accessed.

(19) In the SFPSS and TANF programs, when an individual used or accessed cash benefits in violation of OAR 461-165-0010(9)(a), the amount of the overpayment is the amount of cash benefits the client used or accessed.

461-195-0541
Liability for Overpayments

(1) In all programs except the OCCS Medical, OSIP, OSIPM, QMB, REFM, and SNAP programs or a child care program, the following persons are liable for repayment of an overpayment (see OAR 461-195-0501):

(a) Each individual in the filing group or required to be in the filing group and the payee when the overpayment was incurred, except an individual who did not reside with and did not know he or she was included in the filing group.

(b) A caretaker relative (see OAR 461-001-0000) and his or her spouse (see OAR 461-001-0000) who were not part of, but resided with, the filing group when the overpayment was incurred.

(c) A parent (see OAR 461-001-0000) or caretaker relative of a child (see OAR 461-001-0000) in the benefit group (see OAR 461-110-0750) and the spouse of the parent or caretaker relative if the parent, caretaker relative, or spouse was a member of or resided with the filing group when the overpayment was incurred.

(d) An individual determined liable for an overpayment remains liable when the individual becomes a member of a new filing group.

(e) An authorized representative (see OAR 461-115-0090) when the authorized representative gave incorrect or incomplete information or withheld information resulting in the overpayment.

(2) In the OCCS Medical and REFM programs, the following persons are liable for repayment of an overpayment:

(a) Each individual in the filing group, the OCCS Medical programs household group (see OAR 410-200-0015), or required to be in the filing group and the payee when the overpayment was incurred, except an individual who;

(A) Was a child or dependent child (see OAR 461-001-0000) at the time of the overpayment; or

(B) Did not reside with and did not know he or she was included in the filing group.

(b) A caretaker relative and his or her spouse who were not part of, but resided with, the filing group or OCCS Medical programs household group (see OAR 410-200-0015) when the overpayment was incurred.

(c) A parent or caretaker relative of a child in the filing group or OCCS Medical programs household group (see OAR 410-200-0015) and the spouse of the parent or caretaker relative if the parent, caretaker relative, or spouse was a member of or resided with the filing group or OCCS Medical programs household group when the overpayment was incurred.

(d) An authorized representative (see OAR 461-001-0000 and OAR 410-200-0015) when the authorized representative gave incorrect or incomplete information or withheld information that resulted in the overpayment.

(3) In a child care program:

(a) An overpayment caused by administrative error is collectible as follows:

(A) The provider is liable for a provider overpayment made on behalf of a client eligible for child care payments.

(B) Each adult in the filing group or required to be in the filing group is liable for an overpayment if the client was not eligible for the payment.

(b) Each adult in the filing group or required to be in the filing group is liable for a client overpayment, and a provider is liable for an overpayment caused by the provider. The client and provider are jointly and severally liable for an overpayment caused by both. In the case of an alleged provider overpayment, a provider's failure to provide contemporaneous records of care provided creates a rebuttable presumption that the care was not provided.

(c) An adult who cosigned an application with a minor provider applicant is liable for an overpayment incurred by the minor provider.

(4) In the GA, OSIP, OSIPM, and QMB programs, the following persons are liable for repayment of an overpayment:

(a) Each individual in the filing group or required to be in the filing group and the payee when the overpayment was incurred, except an individual who:

(A) Was a child or dependent child at the time of the overpayment; or

(B) Did not reside with and did not know he or she was included in the filing group.

(b) A caretaker relative and his or her spouse who were not part of, but resided with, the filing group when the overpayment was incurred.

(c) A parent or caretaker relative of a child in the filing group and the spouse of the parent or caretaker relative if the parent, caretaker relative, or spouse was a member of or resided with the filing group when the overpayment was incurred.

(d) An authorized representative when the authorized representative knowingly gave incorrect or incomplete information or intentionally withheld information that resulted in the overpayment.

(5) In the SNAP program, the following persons are liable for repayment of an overpayment or a claim that results from trafficking (see OAR 461-195-0601(2)) of SNAP benefits:

(a) The primary person (see OAR 461-001-0015) of any age, an ineligible student in the household, and all adults (see OAR 461-001-0015) who were members of or required to be in the filing group (see OAR 461-110-0370) when excess benefits were issued.

(b) A sponsor of a non-citizen household member if the sponsor is at fault, for payments prior to November 21, 2000.

(c) A drug or alcohol treatment center or residential care facility that acted as the authorized representative of the client.

(6) Except as provided otherwise in section (7) of this rule, in all programs, both a non-citizen and the sponsor of the non-citizen are liable for an overpayment incurred if the overpayment results from the failure of the sponsor to provide correct information (see OAR 461-145-0820 to 461-145-0840). If the sponsor had good cause (see OAR 461-195-0521(5)) for withholding the information, the sponsor is not liable for the overpayment.

(7) In the SNAP program, the sponsor of a non-citizen is not liable under section (6) of this rule for payments on or after November 21, 2000.

(8) In the OCCS medical programs, the November 2013 amendments to OAR 461-195-0501, 461-195-0521, 461-195-0541, and 461-195-0561 apply as of October 1, 2013.

Notice Publication Date:
Rules Adopted: 461-145-0000
Subject: OAR 461-145-0000 about Achieving a Better Life Experience (ABLE) Act accounts is being adopted to comply with the Achieving a Better Life Experience (ABLE) Act of 2014 and SB 777 by excluding funds held in an ABLE Act account from eligibility determination for DHS assistance programs. Disbursements from such accounts are excluded as income so long as such payments are consistent with the definition of Qualified Disability Expenses (QDEs) as outlined in the ABLE Act and SB 777.
Rules Coordinator: Kris Skaro—(503) 945-6067

461-145-0000
Achieving a Better Life Experience (ABLE) Act

(1) For all programs, funds held in ABLE Act accounts are excluded as resources.

(2) For all programs, monies withdrawn from ABLE Act accounts are excluded as income if they are used for Qualified Disability Expenses. For purposes of this rule, "Qualified Disability Expenses" include, but are not limited to, the following:

(a) Education;
(b) Housing;
(c) Transportation;
(d) Employment training and support;
(e) Assistive technology and personal support services;
(f) Health;
(g) Prevention and wellness;
(h) Financial management and administrative services;
(i) Legal fees;
(j) Expenses for oversight and monitoring; and
(k) Funeral and burial expenses.

(3) For all programs, funds withdrawn from ABLE Act accounts for purposes other than those listed in section (2)(a) through (k) are counted as unearned income.

Rule Caption: Amending rule relating to ERDC child care provider requirements
Adm. Order No.: SSP 27-2016(Temp)
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16 thru 11-18-16
Notice Publication Date:
Rules Amended: 461-165-0180
Subject: OAR 461-165-0180 about child care provider eligibility requirements is being amended to state that to be eligible, a provider may not be the sibling living in the home of a child in the filing group per federal child care regulations. This change was adopted by temporary rule on May 23, 2016 but is being readopted to incorporate unrelated changes being permanently adopted. The rule text showing proposed changes is available at http://www.dhs.state.or.us/policy/selfsufficiency/ar_temporary.htm.
Rules Coordinator: Kris Skaro—(503) 945-6067

461-165-0180
Eligibility of Child Care Providers

(1) The Department must approve a child care provider to receive payment for child care if information available to the Department provides no basis for denying eligibility unless the Department determines, following a preliminary or final fitness determination (see OAR 407-007-0320) or Child Protective Service (CPS) records checks, that the provider or other subject individual (see OAR 407-007-0210(30)(a)(A), (B), (F), (I), and (P)) is not eligible for payment.

(2) Ineligibility for payment may result from any of the following:

(a) A finding of "denied".

(A) A provider may be denied under OAR 461-165-0410 and 461-165-0420. If, after conducting a weighing test as described in OAR 407-007-0210, the Department finds substantial risk to the health or safety of a child (see OAR 461-001-0000) in the care of the provider, the provider must be denied and is ineligible for payment.

(B) A provider who has been denied has the right to a hearing under OAR 407-007-0330.

(b) A finding of "failed".

(A) A provider may be failed if the Department determines, based on a specific eligibility requirement and evidence, that a provider does not meet an eligibility requirement of this rule not covered in paragraph (c)(A) of this section.

(B) While the provider is in failed status:

(i) The Department does not pay any other child care provider for child care at the failed provider's site.

(ii) The Department does not pay a child care provider at another site if the failed provider is involved in the child care operation unless the Department determines that the reasons the provider is in failed status are not relevant to the new site.

(C) A provider with a status of "failed" may reapply at any time by providing the required documents and information to the Department for review.

(c) A finding of "suspended".

(A) A provider may be suspended if the Department determines and provides notice that the provider does not meet an eligibility requirement in the following subsections and paragraphs of section (7) of this rule: (d), (e), (h), (i), (j), (k), (L), (o)(H), (o)(I), (o)(L), or (t) or in section (10) of this rule. A provider who has been suspended may challenge this status by requesting a contested case hearing subject to the requirements and limitations of OAR 461-025.

(B) While the provider is in suspended status:

(i) The provider is ineligible for payment for at least six months.

(ii) The Department does not pay any other child care provider for child care at the suspended provider's site.

(iii) The Department does not pay a child care provider at another site if the suspended provider is involved in the child care operation unless the Department determines that the reasons the provider is in suspended status are not relevant to the new site.

(C) A provider with a status of "suspended" may be eligible for payments after the six month ineligibility period ends when the provider has been approved following reapplication, including providing the required documents and information to the Department for review.

(d) The Department has referred an overpayment against the provider for collection and the claim is unsatisfied.

(3) The provider must submit a completed Child Care Provider Listing Form (DHS 7494) to the Department within 30 calendar days from the date the Department issues the listing form to the client. The provider and each individual identified under section (4) of this rule must complete and sign the authorization for a records check through the Criminal History (CH) record system maintained by the Oregon State Police (OSP), Federal Bureau of Investigation (FBI), and the Child Protective Service (CPS) record system maintained by the Department and, if necessary, an authorization to release information and fingerprint cards. The provider, each individual described in section (4) of this rule, and each subject individual described in OAR 407-007-0210(30)(a)(A), (B), (F), (I) or (P) must fully disclose all requested information as part of the records check.

(4) This rule also establishes additional requirements for the following individuals:

(a) The site director of an exempt child care facility and each employee of the facility who may have unsupervised access to a child in care.

(b) The child care provider and each individual the provider uses to supervise a child in his or her absence.

(c) In the case of a provider who provides care for a child in the provider's home:

(A) Each individual 16 years of age or older who lives in the provider's home; and

(B) Each individual who visits the home of the provider during the hours care is provided and may have unsupervised access to a child in care.

(5) To receive payment or authorization for payment, the provider must meet the requirements of either subsection (a) or (b) of this section:

(a) Currently be certified or registered with the Office of Child Care (OCC) of the Oregon Department of Education (ODE) under OAR 414-205-0000 to 414-205-0170, 414-300-0000 to 414-300-0440, or 414-350-0000 to 414-350-0250 unless legally exempt, and be in compliance with the applicable rules. The provider must also complete the Department's listing process and be approved by the Department.

(b) If legally exempt from being certified or registered with the OCC, complete the Department's background check process and be approved by the Department.

(6) Each individual described in section (4) of this rule must:

(a) Allow the Department to conduct a national criminal history records check through the Oregon State Police and the Federal Bureau of Investigation as specified in OAR 407-007-0250.

(b) Provide, in a manner specified by the Department, information required to conduct CH, FBI, OSP, and CPS records checks and determine whether the provider meets health and safety requirements.

(c) Have a history of behavior that indicates no substantial risk to the health or safety of a child in the care of the provider.

(7) Each provider must:

(a) Obtain written approval from their certifier or certifier's supervisor if the provider is also certified as a foster parent.

(b) Be 18 years of age or older and in such physical and mental health as will not affect adversely the ability to meet the needs of safety, health, and well-being of a child in care.

(c) Not be in the same filing group (see OAR 461-110-0350) as the child cared for; the parent (see OAR 461-001-0000) of a child in the filing group; or a sibling living in the home of a child in the filing group.

(d) Allow the Department to inspect the site of care while child care is provided.

(e) Keep daily attendance records showing the arrival and departure times for each child in care and billing records for each child receiving child care benefits from the Department. These written records must be retained for a minimum of 12 months and provided to the Department upon request.

(f) Be the individual or facility listed as providing the child care. The provider may only use someone else to supervise a child on a temporary basis if the person was included on the most current listing form and the provider notifies the Department's Direct Pay Unit.

(g) Not bill a Department client for an amount collected by the Department to recover an overpayment or an amount paid by the Department to a creditor of the provider because of a lien, garnishment, or other legal process.

(h) Report to the Department's Direct Pay Unit within five days of occurrence:

(A) Any arrest or conviction of any subject individual or individual described in section (4) of this rule.

(B) Any involvement of any subject individual or individual described in section (4) of this rule with CPS or any other agencies providing child or adult protective services.

(C) Any change to the provider's name or address including any location where care is provided.

(D) The addition of any subject individual or individual described in section (4) of this rule.

(E) Any reason the provider no longer meets the requirements under this rule.

(i) Report suspected child abuse of any child in his or her care to CPS or a law enforcement agency.

(j) Supervise each child in care at all times.

(k) Prevent any individual who behaves in a manner that may harm children from having access to a child in the care of the provider. This includes anyone under the influence (see section (11) of this rule).

(L) Allow the custodial parent of a child in his or her care to have immediate access to the child at all times.

(m) Inform a parent of the need to obtain immunizations for a child and have a completed, up-to-date Oregon shot record called the "Certification of Immunization Status" (CIS) form on file for each child in care.

(n) Take reasonable steps to protect a child in his or her care from the spread of infectious diseases.

(o) Ensure that the home or facility where care is provided meets all of the following standards:

(A) Each floor level used by a child has two usable exits to the outdoors (a sliding door or window that can be used to evacuate a child is considered a usable exit). If a second floor is used for child care, the provider must have a written plan for evacuating occupants in the event of an emergency.

(B) The home or facility has safe drinking water.

(C) The home or facility has a working smoke detector on each floor level and in any area where a child naps.

(D) Each fireplace, space heater, electrical outlet, wood stove, stairway, pool, pond, and any other hazard has a barrier to protect a child. Gates and enclosures have the Juvenile Products Manufacturers Association (JPMA) certification seal to ensure safety.

(E) Any firearm, ammunition, and other items that may be dangerous to children, including but not limited to alcohol, inhalants, tobacco and e-cigarette products, matches and lighters, any legally prescribed or over-the-counter medicine, cleaning supplies, paint, plastic bags, and poisonous and toxic materials are kept in a secure place out of a child's reach.

(F) The building, grounds, any toy, equipment, and furniture are maintained in a clean, sanitary, and hazard free condition.

(G) The home or facility has a telephone in operating condition.

(H) No one may smoke or carry any lighted smoking instrument, including e-cigarettes or vaporizers, in the home or facility or within ten feet of any entrance, exit, window that opens, or any ventilation intake that serves an enclosed area, during child care operational hours or anytime child care children are present. No one may use smokeless tobacco in the home or facility during child care operational hours or anytime child care children are present. No one may smoke or carry any lighted smoking instrument, including e-cigarettes and vaporizers, or use smokeless tobacco in motor vehicles while child care children are passengers.

(I) No one may consume alcohol or use controlled substances (except legally prescribed and over-the-counter medications) or marijuana (including medical marijuana) on the premises (see section (11) of this rule) during child care operational hours or anytime child care children are present. No one under the influence of alcohol, controlled substances (except legally prescribed and over-the-counter medications) or marijuana (including medical marijuana) may be on the premises during child care operational hours or anytime child care children are present. No one may consume alcohol or use controlled substances (except legally prescribed and over-the-counter medications) or marijuana (including medical marijuana) in motor vehicles while child care children are passengers.

(J) Is not a half-way house, hotel, motel, shelter, or other temporary housing such as a tent, trailer, or motor home. The restriction in this paragraph does not apply to licensed (registered or certified) care approved in a hotel, motel, or shelter.

(K) Is not a structure:

(i) Designed to be transportable; and

(ii) Not attached to the ground, another structure, or to any utilities system on the same premises.

(L) Controlled substances (except lawfully prescribed and over-the-counter medications), marijuana (including medical marijuana, marijuana edibles, and other products containing marijuana), marijuana plants, derivatives, and associated paraphernalia may not be on the premises during child care operational hours or anytime child care children are present.

(p) Complete and submit a new listing form every two years, or sooner at the request of the Department, so that the Department may review the provider's eligibility.

(q) Provide evidence of compliance with the Department's administrative rules, upon request of Department staff.

(r) Comply with state and federal laws related to child safety systems and seat belts in vehicles, bicycle safety, and crib standards under 16 CFR 1219 and 1220.

(s) Place infants to sleep on their backs.

(t) Not hold a medical marijuana card; or distribute, grow, or use marijuana (including medical marijuana) or any controlled substance (except lawfully prescribed and over-the-counter medications).

(8) Child Care providers who are License Exempt or Registered Family Child Care Providers with the Office of Child Care (OCC) of the Oregon Department of Education (ODE) under OAR 414-205-0000 to 414-205-0170 must complete the "Basic Child Care Health and Safety" two-hour, web-based training or the three-hour Oregon Kids Healthy and Safe (OKHS) classroom training prior to being approved by the Department.

(a) Prior to June 16, 2014, a provider who sends the Department a Child Care Provider Listing and Provider Information Sheet (DHS 7494) with a revision date of March 2013, or those who attempt to take the web-based training but are unable due to technical difficulties at the training site, will not be failed for not meeting this training requirement.

(b) License Exempt or Registered Family Child Care Providers who are exempt from this training are those who state at least one of the following:

(A) English is a second language.

(B) No internet access is available.

(9) A child care provider not subject to certification or registration with the Office of Child Care (OCC) of the Oregon Department of Education (ODE) under OAR 414-205-0000 to 414-205-0170, 414-300-0000 to 414-300-0440, or 414-350-0000 to 414-350-0250, must complete

an orientation provided by the Department or a Child Care Resource and Referral agency within 90 days of being approved by the Department if he or she:

(a) Receives funds from the Department; and

(b) Begins providing child care services after June 30, 2010, or resumes providing child care services, after a break of more than one year that began after June 30, 2010.

(10) Child care providers and any individual supervising, transporting, preparing meals, or otherwise working in the proximity of child care children and those completing daily attendance and billing records shall not be under the influence.

(11) For purposes of these rules:

(a) "Premises" means the home or facility structure and grounds, including indoors and outdoors and space not directly used for child care.

(b) "Under the influence" means observed abnormal behavior or impairments in mental or physical performance leading a reasonable person to believe the individual has used alcohol, any controlled substances (including lawfully prescribed and over-the-counter medications), marijuana (including medical marijuana), or inhalants that impairs their performance of essential job function or creates a direct threat to child care children or others. Examples of abnormal behaviors include, but are not limited to hallucinations, paranoia, or violent outbursts. Examples of impairments in physical or mental performance include, but are not limited to slurred speech as well as difficulty walking or performing job activities.

Department of Justice
Chapter 137

Rule Caption: Implementing 2016 SB 1532 to incorporate changes to minimum wage.
Adm. Order No.: DOJ 8-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 137-050-0715, 137-050-0750
Subject: OAR 137-050-0715 and 137-050-0750 are amended to address the changes in minimum wage from 2016 SB 1532.
Rules Coordinator: Carol Riches—(503) 378-5987

137-050-0715
Income

(1) "Income" means the actual or potential gross income of a parent as determined in this rule. Actual and potential income may be combined when a parent has actual income and is unemployed or employed at less than the parent's potential.

(2) "Actual income" means a parent's gross earnings and income from any source, including those sources listed in section (4), except as provided in section (5).

(3) "Potential income" means the parent's ability to earn based on relevant work history, including hours typically worked by or available to the parent, occupational qualifications, education, physical and mental health, employment potential in light of prevailing job opportunities and earnings levels in the community, and any other relevant factors. A determination of potential income includes potential income from any source described in section 4 of this rule. If a parent residing in Oregon is determined to be able to earn at the minimum wage, the hourly earning amount to be imputed as potential income will be based on the lowest minimum wage provided for in any area of Oregon.

(4) Actual income includes but is not limited to:

(a) Employment-related income including salaries, wages, commissions, advances, bonuses, dividends, recurring overtime pay, severance pay, pensions, and honoraria;

(b) Expense reimbursements, allowances, or in-kind payments to a parent, to the extent they reduce personal living expenses;

(c) Annuities, trust income, including distribution of trust assets, and return on capital, such as interest and dividends;

(d) Income replacement benefit payments including Social Security benefits, workers' compensation benefits, unemployment insurance benefits, disability insurance benefits, and Department of Veterans Affairs disability benefits;

(e) Inheritances, gifts and prizes, including lottery winnings; and

(f) Income from self-employment, rent, royalties, proprietorship of a business, or joint ownership of a partnership or closely held corporation, minus costs of goods sold, minus ordinary and necessary expenses required for self-employment or business operation, including one-half of the parent's self-employment tax, if applicable. Specifically excluded from ordinary and necessary expenses are amounts allowable by the Internal Revenue Service for the accelerated component of depreciation expenses, investment tax credits, or any other business expenses determined by the fact finder to be inappropriate or excessive for determining gross income.

(5) Child support, food stamps, Social Security or Veterans benefits received on behalf of a child in the household, adoption assistance, guardianship assistance, and foster care subsidies are not considered income for purposes of this calculation.

(6) If a parent's actual income is less than the parent's potential income, the court, administrator, or administrative law judge may impute potential income to the parent.

(7) If insufficient information about the parent's income history is available to make a determination of actual or potential income, the parent's income is the amount the parent could earn working full-time at the lowest minimum wage in the state in which the parent resides.

(8) Potential income may not be imputed to:

(a) A parent unable to work full-time due to a verified disability;

(b) A parent receiving workers' compensation benefits;

(c) An incarcerated obligor as defined in OAR 137-055-3300; or

(d) A parent whose order is being temporarily modified under ORS 416.425(13).

(9) To determine monthly income when the employee is paid:

(a) Weekly, multiply the weekly earnings by 52 and divide by 12.

(b) Every two weeks, multiply the bi-weekly earnings by 26 and divide by 12.

(c) Semimonthly (twice per month), multiply the semimonthly earnings by 2.

(10) Notwithstanding any other provision of this rule, if the parent receives Temporary Assistance for Needy Families, the parent's income is presumed to be the amount which could be earned by full-time work at the lowest minimum wage in the state in which the parent resides. This income presumption is solely for the purposes of the support calculation and not to overcome the rebuttable presumption of inability to pay in ORS 25.245.

(11) As used in this rule, "full-time" means 40 hours of work in a week except in those industries, trades or professions in which most employers, due to custom, practice or agreement, utilize a normal work week of more or less than 40 hours in a week.

Stat. Auth.: ORS 25.270 - 25.290 & 180.345

Stats. Implemented: ORS 25.270 - 25.290

Hist.: DOJ 16-2009, f. 12-1-09, cert. ef. 1-4-10; DOJ 6-2010(Temp), f. & cert. ef. 2-12-10 thru 7-1-10; DOJ 11-2010, f. & cert. ef. 7-1-10; DOJ 3-2013, f. 5-15-13, cert. ef. 7-1-13; DOJ 8-2016, f. & cert. ef. 7-1-16

137-050-0750
Medical Support

(1) The basic support obligation (OAR 137-050-0725) includes ordinary unreimbursed medical costs of $250 per child per year. These costs represent everyday expenses such as bandages, non-prescription medication, and co-pays for doctor's well visits. The basic support obligation does not account for health care coverage costs or for extraordinary medical expenses.

(2) "Cash medical support", as used in OAR 137-050-0700 through 137-050-0765, has the meaning given in ORS 25.321(1).

(3) For purposes of this rule, "to provide" health care coverage means to apply to enroll the child and pay any costs associated with the enrollment, even if the cost to the parent is zero.

(4) For purposes of ORS 25.323, private health care coverage may be "available" to a parent from any source, including but not limited to an employer, spouse, or domestic partner.

(5) Private health care coverage is reasonable in cost if it costs no more than the total of four percent of each parent's adjusted income as determined in OAR 137-050-0720.

(a) The amount calculated for each parent in this section may not exceed that parent's available income after deducting the parent's shares of basic support obligation and child care costs.

(b) The reasonable cost contribution of a parent whose income is at or below the highest Oregon minimum wage for full-time employment is zero.

(6) A parent with income at or below the highest Oregon minimum wage for full-time employment may be ordered to provide health care coverage only if it is available at no cost.

(7) Compelling factors may support a finding that health care coverage is reasonable in cost at an amount greater than the amount determined in section 5 of this rule so long as the providing parent has income greater than full-time employment at the highest Oregon minimum wage.

(8) In determining the cost of private health care coverage, consider only the cost to the parents of covering the children for whom support is sought. To calculate the amount to be considered:

(a) If there is a known cost for self-only coverage for the providing parent, deduct that cost from the cost of family coverage. Divide the remainder by the total number of people covered, excluding the providing parent. Multiply the result by the number of children for whom coverage is sought in the present calculation.

(b) If there is no self-only coverage option or the cost cannot be determined, divide the total cost of coverage by total number of people covered, including the providing parent. Multiply the result by the number of children for whom coverage is sought in the present calculation.

(9) If only one parent has private health care coverage that is appropriate and available under ORS 25.323, that parent must be ordered to provide it.

(10) If both parents have access to appropriate, available private health care coverage, the parent with the greater share of parenting time as determined in OAR 137-050-0730 (Parenting Time Credit) may select which coverage will be ordered.

(a) If the parent with the greater share of parenting time does not select between the parents' coverage, or each parent has exactly 50% or 182.5 overnights of parenting time and the parents do not agree on which policy should be ordered, the policy with the lower out-of-pocket premium cost will be ordered unless the court, administrator, or administrative law judge makes a finding that the more expensive policy should be ordered.

(b) The parents may agree that both parents will be ordered to provide private coverage if both parents have appropriate coverage available so long as the total coverage to be provided is reasonable in cost under sections 5 or 7 of this rule.

(11) If the child lives with a caretaker, both parents are parties to the action, and both parents have appropriate and available private health care coverage, the caretaker may select which coverage will be ordered. If the caretaker does not select between the parents' coverage, the policy with the lower out-of-pocket premium cost will be ordered unless the court, administrator, or administrative law judge makes a finding that the more expensive policy should be ordered.

(12) If neither parent has access to appropriate, available private health care coverage:

(a) One or both parents must be ordered to provide appropriate private health care coverage at any time whenever it becomes available;

(b) The parent with custody of the child may be ordered to provide public health care coverage for the child; and

(c) Either or both parents who are found to have a cash child support obligation as provided in OAR 137-050-0710(1)(i) must be ordered to pay cash medical support, or the order must include a finding explaining why cash medical support is not ordered. The amount of the cash medical support obligation is the lesser of:

(A) four percent of the parent's adjusted income as determined in OAR 137-050-0720,

(B) the parent's available income after deducting the parent's shares of basic support obligation and child care costs, or

(C) zero, if the parent's income is at or below the highest Oregon minimum wage for full-time employment.

(13) A medical support clause may order an obligor to provide appropriate private health care coverage whenever it is available to the obligor, and to pay cash medical support whenever the obligor does not provide appropriate private health care coverage.

(14) Determine each parent's share of the cost of health care coverage to be ordered under this rule by multiplying the total cost by each parent's percentage share of the parents' combined reasonable in cost limitation, as determined in section 5 of this rule.

(a) If only one parent has income above the highest Oregon minimum wage, that parent is responsible for all health care coverage costs. No share of the cost is apportioned to a parent with income at or below the highest Oregon minimum wage as provided in section 12(c)(C) of this rule.

(15) When enforcing the health insurance provision of a child support judgment entered under this rule, health insurance is reasonable in cost if the premium cost for the child is equal to or less than the amount that was determined reasonable in cost under section 5 of this rule based on both parents' income at the time support was calculated, regardless of whether that cost exceeds either:

(a) The providing parent's individual contribution to the reasonable cost cap, or

(b) The actual cost of insurance allocated to the providing parent under section 14 of this rule.

Department of Public Safety Standards and Training Chapter 259

Rule Caption: Amends rule language revising the definition of "Organized Event" and adding the definition of "Premises".
Adm. Order No.: DPSST 7-2016
Filed with Sec. of State: 6-22-2016
Certified to be Effective: 6-22-16
Notice Publication Date: 6-1-2016
Rules Amended: 259-060-0010
Subject: DPSST filed a temporary rule during the 2015 summer event season and a permanent rule in December 2015 to help alleviate confusion regarding the crowd management exemption from private security provider responsibilities. This rule change amends the definition of "Organized Event" and adds the definition for "Premises" to provide additional clarification regarding private security provider responsibilities and the crowd management exemption.
Rules Coordinator: Jennifer Howald—(503) 378-2432

259-060-0010
Definitions

(1) "Accreditation Program Manager" means a person who is designated as the administrator of an employer accredited training program and is primary liaison with the Department.

(2) "Alarm Monitor" means an individual whose primary duties are the processing of alarms in an alarm monitoring facility.

(3) "Alarm Monitoring Facility" mean any organization, contract or proprietary, with the primary responsibility of reviewing incoming traffic transmitted to alarm receiving equipment and follows up with actions that may include notification of public agencies to address imminent threats related to public safety. This does not include:

(a) Facilities that monitor only production or environmental signals not directly impacting public safety;

(b) Proprietary alarm systems being monitored by Department-certified private security professionals that generate an internal response by another Department-certified private security professional;

(c) Facilities that monitor Personal Emergency Response Systems (PERS) only; or

(d) Facilities utilizing alarms that never generate a response from a public safety agency.

(4) "Applicant" means an individual who is applying for or renewing certification or licensure as a private security provider.

(5) "Armed Private Security Professional" means a private security professional who is certified to possess or has access to a firearm at any time while performing private security services.

(6) "Assessments" means a Department-approved curriculum given to private security providers that includes, but is not limited to, the demonstration of task-related skills learned in the classroom instruction as applied to hypothetical situations.

(7) "Board" means the Board on Public Safety Standards and Training.

(8) "Certification" means recognition by the Department that a private security professional meets all the qualifications listed in ORS 181A.855 and these rules.

(9) "Confrontational Activity" means the exertion of physical control by detaining individuals.

(10) "Consideration" means something of value promised, given or done that has the effect of making an agreement to provide private security services.

(11) "Crowd Management or Guest Services" means duties performed during an organized event, including pre-event assembly and post-event departure activities relating to the organized event that involve:

(a) Directing people attending an organized event;

(b) Allowing entry into or exit out of an organized event or any area within the established confines of an organized event that requires authorized access; or

(c) Screening individuals for entry into an organized event. Screening does not include physical pat-down searches.

(12) "De Minimis" means non-monetary compensation received by a volunteer performing private security services for a non-profit organization as defined in ORS 181A.845. The compensation may not exceed a fair market value of $125 per day.

(13) "Denial" or "Deny" means the Department's refusal to grant private security certification or issue a license to an applicant who fails to meet the minimum standards for certification or licensure as identified in OAR 259-060-0020, including the mandatory and discretionary disqualifying misconduct identified in OAR 259-060-0300.

(14) "Department" and "DPSST" means the Department of Public Safety Standards and Training.

(15) "Director" means the Director of the Department of Public Safety Standards and Training.

(16) "Employer" means:

(a) An individual who employs persons to provide private security services;

(b) An owner or owners of a business or entity that provides private security services; or

(c) An owner or owners of a business or entity who employs persons to provide private security services.

(17) "Executive Manager" means a person:

(a) Who is authorized to act on behalf of a company or business in matters of licensure and certification;

(b) Who is authorized to hire and terminate personnel;

(c) Whose primary responsibility is the management of certified private security professionals; and

(d) Who has final responsibility for a company's or business's compliance with the ORS 181A.840 to 181A.995.

(18) "Flagrant Violation" means an act by a provider, contractor, owner or manager who, after being notified of a violation, intentionally continues or repeats the violation within a 36 month period after the initial violation.

(19) "Fundamental" means a duty that is a basic task or function and may be low frequency, but is an essential component of a job.

(20) "Incidental or Temporary Action" means reaction to an unexpected occurrence that requires immediate response and occurs without regularity or expectation. These actions are not primary responsibilities and are for brief periods of time.

(21) "Instructor" means any person who has been certified by the Department as meeting the requirements to provide instruction to private security providers or applicants.

(22) "License" means recognition by the Department that executive manager or supervisory manager meets the requirements listed in ORS 181A.855 and these rules.

(23) "Organized Event" means a temporary gathering of a crowd for a planned occasion or activity that occurs in a defined location during a specific time. An organized event has an established border or boundary.

(24) "Policy Committee" means the Private Security and Investigator Policy Committee.

(25) "Premises" means:

(a) Land or buildings considered as a property, regardless if permanent or temporary; or

(b) With respect to a licensee of the Oregon Liquor Control Commission (OLCC), a permanent place where an OLCC license is held regularly or a location where licensees can gather for a temporary amount of time.

(26) "Primary Responsibility" means an activity that is fundamental to, and required or expected in, the regular course of employment and is not merely incidental to employment.

(27) "Private" as used in the Act means those activities intended for or restricted to the use of a particular person, group or interest, or belonging to or concerning an individual person, company or interest.

(28) "Private Security Professional" means an individual who performs, as the individual's primary responsibility, private security services for consideration, regardless of whether the individual, while performing private security services, is armed or unarmed or wears a uniform or plain clothes, and regardless of whether the individual is employed part-time or full-time to perform private security services. A private security professional is not authorized to independently contract with businesses or entities to provide services as a private security professional.

(29) "Private Security Provider" means any individual who performs the functions of a private security professional, executive manager, supervisory manager or instructor.

(30) "Private Security Services" means the performance of at least one of the following activities:

(a) Observing and reporting unlawful activity;

(b) Preventing or detecting theft or misappropriation of any goods, money or other items of value;

(c) Protecting individuals or property, including, but not limited to proprietary information, from harm or misappropriation;

(d) Controlling access to premises being protected or, with respect to a licensee of the Oregon Liquor Control Commission, controlling access to premises at an entry to the premises or any portion of the premises where minors are prohibited;

(e) Securely moving prisoners;

(f) Taking enforcement action by detaining persons or placing persons under arrest under ORS 133.225; or

(g) Providing canine services for guarding premises or for the detection of unlawful devices or substances.

(31) "Private Security Services Providers Act" or "The Act" means the Private Security Providers Act (ORS Chapter 181A.840 through 181A.995).

(32) "Revocation" or "Revoke" means action taken by the Department to rescind the certification or licensure of a private security provider who fails to meet the minimum standards for certification or licensure as identified in OAR 259-060-0020, including the mandatory and discretionary disqualifying misconduct identified in OAR 259-060-0300.

(33) "Supervisory Manager" means an employee of or a person supervised by an executive manager who has as a primary responsibility the supervision of certified private security professionals. A supervisory manager is not authorized to independently contract with businesses or entities to provide services as a supervisory manager.

(34) "Surrender" means the voluntary relinquishment of private security certification or licensure to the Department.

(35) "Suspension" or "Suspend" means action taken by the Department in temporarily depriving the holder of a license or certificate that authorizes the individual to provide private security services.

(36) "Temporary Work Permit" means a temporary certification or licensure issued by an employing, licensed manager to allow a company to employ and deploy a private security professional, executive or supervisory manager while the application for certification or licensure is being processed. A temporary work permit will not be issued for armed security professionals.

(37) "Unarmed Private Security Professional" means a private security professional who is not in possession of, or has access to, a firearm at any time while performing private security services.

(38) "Violation" means an act or omission that is prohibited under the Act or these rules.

(39) "Withdraw" means action taken by the applicant or private security provider to remove an application from consideration.

Rule Caption: Private security provider responsibilities for temporary work permits and application for certification/licensure regarding copies/electronic submission.
Adm. Order No.: DPSST 8-2016
Filed with Sec. of State: 6-22-2016
Certified to be Effective: 6-22-16
Notice Publication Date: 6-1-2016
Rules Amended: 259-060-0015, 259-060-0025, 259-060-0030
Subject: This rule change adds the requirement that private security providers present their certification or licensure upon request to OAR 259-060-0015. This rule change allows the Department to accept copies, faxes, or emailed PDF's of the Form PS-20 and the Form PS-9. The rule language has been amended to allow for electronic submission of the Form PS-20 and the Form PS-9 by fax or by email. Language has also been added to address replacing a temporary work permit, as well as housekeeping for consistency throughout the rule set.
Rules Coordinator: Jennifer Howald—(503) 378-2432

259-060-0015
Private Security Provider Responsibilities

(1) A person may not act as a private security provider unless that person is certified or licensed under the Private Security Services Providers Act and these rules.

(2) Private security providers must have in their possession their DPSST issued certification, licensure or temporary work permit (Form PS-20) while performing the functions of a private security provider and must be able to present their license, certificate, or temporary work permit to any DPSST staff member, law enforcement officer or Oregon Liquor Control Commission agent upon demand, or any other person, upon reasonable request.

(3) Persons described in ORS 181A.845 are exempt from regulation as private security providers.

(a) The exemption found in ORS 181A.845(1)(L) does not apply to an individual who has the primary responsibility of controlling access to premises at an entry to the premises or any portion of the premises where minors are prohibited.

(b) The exemption found in ORS 181A.845(1)(k) applies to individuals performing crowd management or guest services inside the established confines of an organized event and who are not armed, permitted to initiate confrontational activities, or hired with the primary responsibility of taking enforcement action as described in ORS 181A.840(8)(f).

(4) Private security providers are prohibited from:

(a) Carrying a concealed weapon while providing security services unless currently certified as an armed private security professional and licensed under ORS 166.291; and

(b) Providing training to private security professionals or applicants unless currently certified as an instructor.

(5) For purposes of these administrative rules, these prohibitions apply to any business, employer, or entity that provides private security services within this state regardless of whether the business, employer, or entity is located in this state.

(6) Change of Information.

(a) An applicant or private security provider must notify the Department within 14 calendar days of any change of address by using Form PS-23 (Private Security Services Provider Change of Information).

(b) Executive managers must advise the Department of the hiring or terminations of private security providers using the Form PS-23.

(7) Notification of Arrest. Pursuant to ORS 181A.885, any private security provider or applicant who is charged with a crime must notify his or her employer or, if not employed, the Department no later than 48 hours after the charge is filed.

(a) The initial notification may be made by telephone or with a Recent Arrest Form.

(b) The Department may request immediate written notification documenting specific charges, the county and state where any charges are pending, the investigating agency, and the date of arrest.

(8) Should any certified armed private security provider become ineligible to purchase, own or possess a firearm, the provider and the manager, employer or supervisor of the provider must notify the Department in writing within 48 hours of the circumstances causing the ineligibility. The notification must list all facts known and must identify a person whom the Department may contact for additional information.

259-060-0025
Application for Certification and Licensure

(1) An applicant must meet all minimum standards for the certification or license being applied for as described in OAR 259-060-0020.

(2) Application Packet and Fees.

(a) The application packet for new certification or licensure as a private security provider must be completed in its entirety and must include:

(A) A completed Form PS-1 (Application for Licensure or Certification of Private Security Services Provider);

(B) A completed fingerprint packet. A fingerprint packet must include a pre-printed FBI fingerprint card and a Form PS-4 (Affidavit of Person Rolling Fingerprints) completed by the person rolling or scanning the fingerprints. The card and form must be enclosed in a tamper-proof bag and sealed by the person who rolled the fingerprints before the packet is returned to the applicant. The Department will supply pre-printed FBI fingerprint cards and tamper-proof bags.

(i) The Department will only accept fingerprint cards correctly rolled and completed by private security or public safety personnel trained to roll fingerprints, or a person who is employed and trained by a private business that provides fingerprinting services.

(ii) If a fingerprint card is rejected twice by the Federal Bureau of Investigation, the applicant will be charged a fee for a third submittal of fingerprint cards.

(C) The original Form PS-6 (Affidavit of Instructor and Private Security Provider Testing Results) completed as prescribed by OAR 259-060-0060, documenting completion of the training required in these rules. Applicants enrolled in an accredited private security program at the time of application will submit the Form PS-6 upon completion of the program.

(D) A completed Form PS-7 (Private Security Instructor Evaluation) (optional);

(E) If currently employed, a completed Form PS-20 (Private Security Services Provider Temporary Work Permit). Temporary Work Permits will not be issued to armed private security professionals or private security instructors;

(F) A completed Form PS-27 (Private Security Professional Code of Ethics) affirming moral fitness and professional standards;

(G) All applicants for instructor certification must submit a resume demonstrating they meet the instructor prerequisites as described in OAR 259-060-0135; and

(H) Nonrefundable certification or licensure fees as prescribed by OAR 259-060-0500.

(b) The application packet for renewing certification or licensure as a private security provider must be completed in its entirety and must include:

(A) A completed Form PS-21 (Application for Renewal of Private Security Certification/Licensure);

(B) A completed Form PS-27 affirming moral fitness and professional standards;

(C) The original Form PS-6 completed as prescribed by OAR 259-060-0060, documenting completion of the training required in these rules. Applicants enrolled in an accredited private security program at the time of application will submit the Form PS-6 upon completion of the program.

(D) All applicants for renewal of instructor certification must submit a Form PS-8 (Private Security Instructor Continuing Education), including proof of at least eight hours of continuing education taken within the last certification period. Proof can be in the form of a grade or certificate, minutes, a roster, or receipt of course payment;

(E) A Form PS-20 if currently employed and submitting the renewal packet less than 30 days prior to the expiration of certification or licensure; and

(F) Nonrefundable renewal certification or licensure fees as prescribed by OAR 259-060-0500;

(c) The application packet for adding certification or licensure as a private security provider must be completed in its entirety and must include:

(A) A completed Form PS-1;

(B) The original Form PS-6 completed as prescribed by OAR 259-060-0060, documenting completion of the training required in these rules. Applicants enrolled in an accredited private security program at the time of application will submit the Form PS-6 upon completion of the program.

(C) If currently employed, a completed Form PS-20. Temporary Work Permits will not be issued to armed private security professionals or private security instructors;

(D) A completed Form PS-27 affirming moral fitness and professional standards;

(E) Nonrefundable certification or licensure fees as prescribed by OAR 259-060-0500;

(F) Individuals applying to add private security instructor certification must submit a resume demonstrating they meet the instructor prerequisites as described in OAR 259-060-0135.

(G) Individuals currently certified as an unarmed private security professional applying to add armed private security certification must have in their possession a copy of the Form PS-6 and the Form PS-23 (Change of Information) while performing the duties of an armed private security professional until a new certificate is received.

(d) The application packet for upgrading from unarmed private security professional to an armed private security professional must be completed in its entirety and must include:

(A) A completed Form PS-1;

(B) The original Form PS-6 completed as prescribed by OAR 259-060-0060, documenting completion of the training required in these rules. Applicants enrolled in an accredited private security program at the time of application will submit the Form PS-6 upon completion of the program;

(C) A completed Form PS-27 affirming moral fitness and professional standards; and

(D) Nonrefundable certification or licensure fees as prescribed by OAR 259-060-0500;

(E) Individuals currently certified as an unarmed private security professional applying to upgrade to armed private security certification must have in their possession a copy of the Form PS-6 and the Form PS-23 (Change of Information) while performing the duties of an armed private security professional until a new certificate is received.

(3) Timelines.

(a) A completed application packet must be submitted electronically or mailed and postmarked to the Department prior to the applicant performing any private security services.

(b) Renewal application documents must be received by the Department within 180 days prior to the expiration date of the certification or licensure to allow for processing of the forms and criminal history check.

(c) A late submission penalty will be assessed as prescribed in OAR 259-060-0500 if reapplying after the expiration date of the certification or licensure.

(d) Applicants renewing their certification or licensure more than four years after the expiration date of the certification or licensure must submit a new application packet in accordance with subsection (2)(a) of this rule.

(4) The Department may administratively terminate the application process if the Department is unable to complete the certification process due to non-response or non-compliance, or upon the discovery of disqualifying criminal convictions or any violation of the temporary work permit provisions, the Act or these rules.

(a) Once the application process has been administratively terminated, the applicant may not perform private security services.

(b) To re-apply, applicants will be required to re-submit an application packet with all deficiencies corrected, including new fees and proof of valid training.

(5) A Notice of Deficiency will be issued to an applicant whose application packet is determined by the Department to be incomplete or insufficient. If the deficiency is not corrected within 21 days of the date of the Notice of Deficiency, the application process will be administratively terminated.

(6) Any exception to the application process found in this rule must be approved by the Department.

259-060-0030

Temporary Assignments

(1) Temporary Work Permits. Employing, licensed managers may issue Temporary Work Permits to private security providers upon verification that all application requirements have been completed.

(a) Temporary work permits must be requested on a Form PS-20 (Temporary Work Permit).

(A) One copy of the Form PS-20 must be submitted electronically or mailed and postmarked to the Department on or before the first day the applicant performs private security services.

(B) Additional copies of the Form PS-20 must be retained by the employer and employee.

(C) The employee must have a copy of their Form PS-20 in their possession while performing the functions of a private security provider and must be able to present their copy of the PS-20 to any DPSST staff member, law enforcement officer or Oregon Liquor Control Commission agent upon demand, or any other person, upon reasonable request.

(b) Temporary Work Permits may be held for up to 120 days.

(c) Employing, licensed managers may only issue one Temporary Work Permit per employee. Upon expiration of a Temporary Work Permit, subsequent Temporary Work Permits may be issued by contacting the Department and receiving approval.

(d) An employing, licensed manager may replace a Temporary Work Permit that has been lost or destroyed without Department approval. The issued and expiration dates on a replacement Temporary Work Permit must be the same dates listed on the lost or destroyed Temporary Work Permit.

(e) Temporary work permits may not be issued to armed private security professionals or instructors.

(f) Managers may self-issue a temporary work permit upon completion of all application requirements.

(g) The Department may, upon written notice, administratively terminate a Temporary Work Permit for the following reasons:

(A) The Department has reason to believe that a person with the applicant's name and birth date fails to meet the minimum moral fitness standards as described in OAR 259-060-0020 and 259-060-0300;

(B) An application is incomplete or the Department has been unable to verify application information to its satisfaction due to non-response or non-compliance of the applicant; or

(C) The holder of the Temporary Work Permit has violated any provisions of the Temporary Work Permit, the Act or these administrative rules.

(h) Upon notification from the Department that the Temporary Work Permit has been administratively terminated, the applicant may not perform private security services.

(i) A new application packet, including all required fees and proof of valid training, must be submitted as prescribed in OAR 259-060-0025 prior to the issuance of a new Temporary Work Permit.

(2) Reciprocity.

(a) As prescribed by ORS 181A.850(2), an employing, licensed executive manager may temporarily assign a person who is not certified as a private security professional in the state of Oregon to perform private security services in this state for a period of time not to exceed 90 days if:

(A) The person is employed in another state;

(B) The person holds a private security professional's certification or license from another state; and

(C) The certification or licensing standards of the other state meet or exceed the standards of this state.

(b) Reciprocity must be requested on a Form PS-9 (Private Security Waiver for Reciprocity.)

(A) One copy of the Form PS-9 must be submitted electronically or mailed and postmarked to the Department on or before the first day the applicant performs private security services.

(B) Additional copies of the Form PS-9 must be retained by the employer and employee.

(C) The employee must have a copy of their Form PS-9 in their possession while performing the functions of a private security provider and must be able to present their copy of the PS-9 to any DPSST staff member, law enforcement officer or Oregon Liquor Control Commission agent upon demand, or any other person, upon reasonable request.

(c) Only one Form PS-9 will be authorized per private security provider in a 24-month period. Additional Form PS-9's may be issued by contacting the Department and receiving approval prior to the issuance of the PS-9.

Rule Caption: Amends rule regarding private security executive/supervisory manager licensure/responsibilities to reflect current basic training requirements.
Adm. Order No.: DPSST 9-2016
Filed with Sec. of State: 6-22-2016
Certified to be Effective: 6-22-16
Notice Publication Date: 6-1-2016
Rules Amended: 259-060-0130
Subject: This rule change amends the language to reflect the current basic training requirements as a prerequisite for obtaining a manager's license. On March 24, 2015, DPSST filed a permanent rule change that updated the minimum number of hours required for the basic training course for initial certification as an unarmed private security professional from 12 hours (eight hours of classroom and four hours of assessments) to 14 hours total. Language in OAR 259-060-0130 (Private Security Executive and Supervisory Manager Licensure and Responsibilities) was not updated during the 2015 basic training rule filing.
Rules Coordinator: Jennifer Howald—(503) 378-2432

259-060-0130
Private Security Executive Manager and Supervisory Manager Licensure and Responsibilities

(1) All private security executive or supervisory manager applicants must complete an application in accordance with OAR 259-060-0025.

(2) All private security executive or supervisory manager applicants must be in compliance with the minimum standards for licensure as listed in OAR 259-060-0020.

(3) Private security executive managers are responsible for ensuring compliance of all private security providers employed by businesses or entities by which the executive manager is employed or contracted. An executive manager is authorized to perform the duties defined in OAR 259-060-0010.

(4) Private security supervisory managers have the responsibility and authority of supervising persons providing security services. A supervisory manager is authorized to perform the duties defined in OAR 259-060-0010.

(5) Basic training for executive and supervisory private security managers consists of successful completion of the following:

(a) The required basic classroom instruction, exam and assessments as defined in OAR 259-060-0120; and

(b) Manager course, exam and assessments.

(6) Biennial renewal training consists of the manager course, exam and assessments.

(7) Each business, employer or entity with private security professional staff of at least one person must designate an individual to perform the duties of an executive manager as described in these rules. This provision applies to any business, employer or entity that provides private security services within this state, regardless of whether the business, employer or entity is located in or out of this state.

(a) An employer may obtain licensure for more than one executive manager.

(b) In the event of a staff change of executive managers or supervisory managers, the business, employer or entity must select a replacement manager and immediately notify the Department of the staff change on the Form PS-23 (Change of Information.)

(8) Employing, licensed managers may issue temporary work permits to private security applicants upon verification that all application requirements have been completed.

(9) An executive manager is authorized to contract with businesses or entities to provide services as an executive manager.

(a) An executive manager is required to notify the Department in writing of the names, addresses and contact information of each business or entity with which they contract within two days of beginning the contract.

(b) An executive manager must notify the Department within two days of the termination or completion of a contract with a business or entity.

(c) For the purposes of this rule, an executive manager who contracts with businesses or entities to provide services as an executive manager is considered an employing, licensed manager.

(10) A licensed manager who performs private security services must complete the full training required for that classification and be certified.

(11) Failure to complete any training requirements as prescribed by this rule may result in denial or revocation of private security certification or licensure as prescribed in OAR 259-060-0300 and civil penalties as prescribed in OAR 259-060-0450.

Department of Revenue
Chapter 150

Rule Caption: Cash handling: Establishes rule for remitting cash payments to the Oregon Department of Revenue
Adm. Order No.: REV 3-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Adopted: 150-305.100-(E)
Subject: 150-305.100-(E) — Provides guidance and procedures to remit cash payments for any taxes, fees, or debts administered by the Oregon Department of Revenue (DOR). DOR district field offices will only accept cash payments up to $500 for any purpose, no more than five (5) cash payments per month, July 1, 2016 to December 31, 2016. Eliminates acceptance of cash payments at DOR field offices after December 31, 2016.
Rules Coordinator: Lois Williams—(503) 945-8029

150-305.100-(E)
Acceptance of Cash Payments

(1) Definitions. For purposes of this rule, the following definitions apply:

(a) "Currency" means United States coin and paper notes issued by the United States Federal Reserve Banks that are not mutilated as described in 31 CFR 100.5, 100.11, and 100.12 or contaminated such that they cannot be safely processed under routine operating procedures.

(b) "Faced" means United States paper currency presented facing portrait-side up.

(c) "Oriented" means United States paper currency presented so that the words on the bill are right-side up from the perspective of the reader.

(d) "Department district office" includes all Oregon Department of Revenue offices, but does not include certain designated department satellite offices or the department's main building at 955 Center Street NE, Salem, Oregon 97301.

(2) All payments made to the department in currency must follow the cash handling requirements set forth in this rule. This rule is adopted consistent with the Oregon Treasury Department's Policy FIN 201: Collection and Deposit of Money(s).

(3) Sections (4) and (5) of this rule are effective July 1, 2016 through December 31, 2016.

(4) A payor may not make more than one deposit or payment of currency in a department district office per day. A deposit or payment of currency made by a payor in a department district office may not exceed $500.

(5) A payor may make no more than five deposits or payments of currency in a department district office during a calendar month.

(6) On or after January 1, 2017, all deposits or payments of currency must be delivered to the department's main building at 955 Center Street, NE, Salem, Oregon 97301. No deposits or payments of currency will be accepted at any other location. Deposits or payments of currency may not be remitted to the department via the United States Postal Service or any other mail courier.

(7) The department may determine and publish a threshold amount for delivery of deposits or payments of currency without an appointment. If the deposit or payment of currency exceeds the threshold amount, the department may require payors to schedule an appointment to deliver a deposit or payment of currency. The threshold amount may be found in forms, instructions, or other forms of media provided by the department.

(8) The department will accept no more than one dollar in United States coins as part of each deposit or payment of currency.

(9) If a payor must schedule an appointment to deliver deposits or payments of currency to the department, the deposits or payments of currency must be sorted by denomination, faced and oriented upon delivery.

(10) The department will not accept any mutilated or contaminated currency.

(11) All deposits or payments of currency that require an appointment must be accompanied by a completed payment voucher that shows the amount of tax or other debt being paid with currency.

(12) The department will provide a receipt for deposits or payments made in person at the Oregon Department of Revenue. The receipt will identify the amount paid, the tax period or other applicable account information to which the deposit or payment will be applied, the name of the payor, the business identification number or social security number, and the date the deposit or payment was paid to the department.

(13) If the department calculates an amount of a deposit or payment of currency that does not match the amount asserted by a payor as having been paid and the payor is not able to provide a department-issued receipt for that deposit or payment, the department will credit to the payor's account the amount as determined by the department.

[Publications: Contact the Oregon Department of Revenue for information about how to obtain a copy of the publication referred to or incorporated by reference in this rule pursuant to ORS 183.360(2) and 183.355(1)(b).]

••••••••••

Rule Caption: Marijuana Tax: Establishes rules for permanent point-of-sale taxation of marijuana items.
Adm. Order No.: REV 4-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Adopted: 150-475B.710-(A), 150-475B.710-(B), 150-475B.710-(C), 150-475B.715, 150-475B.720, 150-475B.740, 150-475B.755
Subject: 150-475B.710-(A) — Establishes deposit due dates for remitting marijuana point-of-sale taxes to the Oregon Department of Revenue.

150-475B.710-(B) — Provides guidance for marijuana retailers to request an extension to file a quarterly marijuana tax return and clarifies definition of "good cause" used to consider filing extension requests.

150-475B.710-(C) — Requires marijuana retailers to register with the Oregon Department of Revenue to report and remit marijuana point-of-sale taxes.

150-475B.715 — Clarifies provisions in statute for assessing delinquent marijuana tax against a marijuana retailer or medical marijuana dispensary and any liable officer, member, or employee of a marijuana retailer or medical marijuana dispensary per statutory authorities. Establishes criteria the department will consider to assess liability against any responsible officer, member, or employee of a marijuana retailer or medical marijuana dispensary for delinquent marijuana tax.

150-475B.720 — Clarifies provisions in statute for providing guidance for acceptable recordkeeping formats and maintenance of books, papers, accounts, or other information related to marijuana tax and the authority of the department to request books, papers, accounts or other information for audit purposes.

150-475B.740 — Clarifies provisions in statute for consumer requests for refund of excess marijuana tax paid at the point-of-sale.

150-475B.755 — Clarifies provisions in statute for assessing a 100 percent penalty for a failure to file a marijuana tax return for three consecutive years.
Rules Coordinator: Lois Williams—(503) 945-8029

150-475B.710-(A)
Marijuana Tax: Due Dates

(1) For purposes of OAR 150-475B.710 to 150-475B.755, "marijuana retailer" has the meanings given under ORS 475B.015 and includes:

(a) A registered medical marijuana dispensary that elects to sell limited marijuana retail products, as defined under section 2, chapter 784, Oregon Laws 2015, from January 4, 2016 through December 31, 2016; or

(b) A marijuana retailer licensed by the Oregon Liquor Control Commission who sells marijuana items on or after January 4, 2016.

(2) A marijuana retailer that sells marijuana items, as defined in ORS 475B.015, must pay all marijuana taxes due for each tax period by the due dates described in ORS 475B.710 and this rule. When the due date falls on a Saturday, Sunday or a state legal holiday, the deposit or payment is due on the next business day following such Saturday, Sunday or state legal holiday.

(3) A marijuana retailer must pay the marijuana tax due in three monthly deposits for each calendar quarter. The first monthly deposit is due on or before the last day of the second month of the calendar quarter; the second monthly deposit is due on or before the last day of the third month of the calendar quarter; and the third monthly deposit is due on or before the last day of the month following the close of the calendar quarter.

(4) If a marijuana retailer does not make any sales of marijuana items in a particular month of a calendar quarter, the marijuana retailer is not required to remit payment of marijuana tax for that month.

(5) The marijuana retailer may retain two percent of the amount of tax collected on sales of marijuana items as provided under ORS 475B.745.

(6) A marijuana tax deposit for each month in a tax period, as established in subsection (3) of this rule, consists of the total amount of retail sales of marijuana items for that month multiplied by the associated tax rates as defined in ORS 475B.705 less two percent referenced in section (5) of this rule.

Example: It's Easy Being Green, LLC is a marijuana retailer licensed by the Oregon Liquor Control Commission and has $300,000 in April sales resulting in tax liability of $49,980 (($300,000 x .17) x .98) and the deposit of the tax is due on or before May 31. The marijuana retailer's sales of $250,000 in May result in tax liability of $41,650 (($250,000 x .17) x .98) that is due on or before June 30. And the marijuana retailer's sales of $325,000 in June result in tax liability of $54,145 (($325,000 x .17) x .98) that is due on or before July 31. All tax calculations in this example exclude two percent of the taxes collected for administrative expenses as allowed by statute.

Stats. Implemented: ORS 475B.710
Hist.: REV 2-2015(Temp), f. 12-8-15, cert. ef. 1-4-16 thru 7-1-16; REV 4-2016, f. & cert. ef. 7-1-16

150-475B.710-(B)
Filing Extension for Marijuana Tax Return

(1) For purposes of this rule, "good cause" means circumstances beyond the control of the marijuana retailer as established under section (5)(a) of OAR 150-305.145(4).

(2) For purposes of this rule, "good cause" does not include:

(a) Circumstances established in section (5)(b) of OAR 150-305.145(4);

(b) Lack of knowledge about filing deadlines or requirements;

(c) Other circumstances that are within the control of the marijuana retailer or its representatives.

(3) If, for good cause, a marijuana retailer is unable to file a marijuana tax return within the statutorily prescribed time, the department may grant the marijuana retailer an extension of time for filing the return. The extension for filing a return does not extend the time for payment of the marijuana tax.

(4) A marijuana retailer may request a 30-day extension to file a return of marijuana tax by submitting a written request for extension to the department. The marijuana retailer must file the extension request and remit the marijuana tax on or before the due date for the tax period for which the extension is requested. The department's decision whether to grant an extension request for good cause will be based upon the facts and circumstances in each case.

(5) Each written request for an extension to file a marijuana tax return must contain the name of the marijuana retailer, the marijuana retailer's business identification number, the tax period associated with the request, and an explanation of the reason for requesting additional time to file the return.

(6) If the extension to file a marijuana tax return is granted, the marijuana retailer must file the return within 30 days of the original due date of the return.

(7) The department may require documentary proof to substantiate assertions of good cause when making a determination whether an extension to file a return is warranted.

Hist.: REV 2-2015(Temp), f. 12-8-15, cert. ef. 1-4-16 thru 7-1-16; REV 4-2016, f. & cert. ef. 7-1-16

150-475B.710-(C)
Marijuana Tax: Registration of Marijuana Retailers

(1) A marijuana retailer must register with the department as a marijuana tax collector. The department will assign a business identification number to each marijuana retailer. A marijuana retailer must use the business identification number on all reports and payment vouchers filed with the department that are associated with the marijuana tax. A business identification number is required to schedule an appointment to make marijuana tax cash deposits or payments with the department.

(2) The department will make forms available for reports and payment vouchers for use by marijuana retailers in reporting and paying marijuana tax.

(3) A marijuana retailer must notify the department in writing if the status of the marijuana retailer changes including, but not limited to, ownership changes, address changes, or the marijuana retailer no longer sells limited marijuana retail products or marijuana items.

Stats. Implemented: ORS 475B.710
Hist.: REV 2-2015(Temp), f. 12-8-15, cert. ef. 1-4-16 thru 7-1-16; REV 4-2016, f. & cert. ef. 7-1-16

150-475B.715
Liability for Unpaid Marijuana Tax; Warrant for Collection

(1) For purposes of this rule, "marijuana retailer" has the meaning given under OAR 150-475B.710-(A) and includes, but is not limited to, an officer, member or employee of a corporation, partnership or other business entity that makes retail sales of marijuana items to consumers, if, among other duties, that individual has:

(a) The power or authority to see that the marijuana taxes are paid when due;

(b) Authority to prefer one creditor over another;

(c) Authority to hire and dismiss employees;

(d) Authority to set employees' working conditions and schedules;

(e) Authority to sign or co-sign checks;

(f) Authority to compute and sign marijuana tax reports;

(g) Authority to make fiscal decisions for the business; or

(h) Authority to incur debt on behalf of the business.

(2) It is the duty of a marijuana retailer to hold in trust any amount of marijuana tax collected from the sale of limited retail marijuana products or marijuana items and to assume custodial liability for amounts to be paid to the department. Any marijuana retailer who fails to pay the marijuana tax when due is subject to penalties as provided by law as any other taxpayer who fails to file a return or pay a tax when due. Any marijuana retailer who fails to pay any marijuana tax when due to the department violates ORS 314.075 and is subject to the penalty provisions of ORS 314.991(1).

(3) If a marijuana retailer fails to file returns or to pay any collected marijuana tax when due, any or all officers, members, and employees may be held personally responsible, as provided in this rule, for the returns and payments together with any interest and penalties due.

(4) If the department issues a Notice of Liability or Notice of Determination and Assessment naming any officer, member, or employee as liable for unpaid marijuana tax, the department may issue a warrant against the individual to enforce collection of any amount of delinquent marijuana tax, including penalties and interest.

(5) To be held personally liable for unpaid marijuana tax under ORS 475B.715, a person must be a marijuana retailer. In addition, the person must be in a position to pay the marijuana tax or direct the payment of the marijuana tax at the time the duty arises to collect or pay over the marijuana taxes. The person may be personally liable if the individual was, or should have been aware, that the marijuana taxes were not paid to the department. A marijuana retailer cannot avoid personal liability by delegating their responsibilities to another.

(6) The following factors do not preclude a finding that an individual is liable for the payment of marijuana taxes:

(a) Lack of willfulness in failing to pay over the required marijuana tax;

(b) The individual's receipt of remuneration;

(c) Maintenance of full-time employment elsewhere;

(d) Another individual is also liable for the same marijuana taxes;

(e) A corporate bylaw or partnership agreement position description to the contrary;

(f) Absence of signatory authority on a business bank account;

(g) Absence of bookkeeping or recordkeeping duties;

(h) Absence of authority to hire, fire, and to set working conditions and schedules; or

(i) Delegation to another person any functions indicating liability.

150-475B.720
Model Recordkeeping and Retention Regulation (Marijuana Tax)

(1) Definitions. For purposes of this rule, these terms shall be defined as follows:

(a) "Database Management System" means a software system that controls, relates, retrieves, and provides accessibility to data stored in a database.

(b) "Electronic Data Interchange" or "EDI technology" means the computer-to-computer exchange of business transactions in a standardized structured electronic format.

(c) "Hard copy" means any documents, records, reports or other data printed on paper.

(d) "Machine-sensible record" means a collection of related information in an electronic format. Machine-sensible records do not include hard-copy records that are created or recorded on paper or stored in or by an imaging system such as microfilm, microfiche, or storage-only imaging systems.

(e) "Storage-only imaging system" means a system of computer hardware and software that provides for the storage, retention and retrieval of documents originally created on paper. It does not include any system, or part of a system, that manipulates or processes any information or data contained on the document in any manner other than to reproduce the document in hard copy or as an optical image.

(f) "Marijuana retailer" has the meanings given under ORS 475B.015 and OAR 150-475B.710-(A).

(2) Recordkeeping Requirement — General:

(a) A marijuana retailer shall maintain all records and any inventory tracking activities information and data required to be entered into the Oregon Liquor Control Commission's Cannabis Tracking System that are necessary to a determination of the correct tax liability under ORS 475B.700 to 475B.760. All required records shall be made available on request by the Department of Revenue or its authorized representatives as provided for in ORS 475B.720 and 475B.725.

(b) If a marijuana retailer retains records required to be retained under this rule in both machine-sensible and hard-copy formats, the marijuana retailer shall make the records available to the department in machine-sensible format upon request of the department.

(c) Nothing in this rule shall be construed to prohibit a marijuana retailer from demonstrating tax compliance with traditional hard-copy documents or reproductions thereof, in whole or in part, whether or not such marijuana retailer also has retained or has the capability to retain records on electronic or other storage media in accordance with this rule. However, this section shall not relieve the marijuana retailer of the obligation to comply with section (2)(b) of this rule.

(3) Recordkeeping Requirements — Machine-Sensible Records:

(a) General Requirements:

(A) Machine-sensible records used to establish tax compliance shall contain sufficient transaction-level detail information so that the details underlying the machine-sensible records can be identified and made available to the department upon request. A marijuana retailer has discretion to discard duplicated records and redundant information provided its responsibilities under this rule are met.

(B) The retained records shall be capable of being retrieved and converted to a standard record format.

(C) Marijuana retailers are not required to construct machine-sensible records other than those created in the ordinary course of business. A marijuana retailer who does not create the electronic equivalent of a traditional paper document in the ordinary course of business is not required to construct such a record for tax purposes.

(b) Electronic Data Interchange Requirements:

(A) Where a marijuana retailer uses electronic data interchange processes and technology, the level of record detail, in combination with other records related to the transactions, shall be equivalent to that contained in an acceptable paper record. The retained records should contain such information as vendor name, invoice date, product description, quantity purchased, price, amount of tax, indication of tax status, shipping detail, and any other pertinent information requested by the department. Codes may be used to identify some or all of the data elements, provided that the

marijuana retailer provides a method which allows the department to interpret the coded information.

(B) The marijuana retailer may capture the information necessary to satisfy section (3)(b)(A) of this rule at any level within the accounting system and need not retain the original EDI transaction records provided the audit trail, authenticity, and integrity of the retained records can be established. For example, a marijuana retailer using electronic data interchange technology receives electronic invoices from its suppliers. The marijuana retailer decides to retain the invoice data from completed and verified EDI transactions in its accounts payable system rather than to retain the EDI transactions themselves. Since neither the EDI transaction nor the accounts payable system captures information from the invoice pertaining to product description and vendor name (i.e., they contain only codes for that information), the marijuana retailer also retains other records, such as its vendor master file and product code description lists and makes them available to the department. In this example, the marijuana retailer need not retain its EDI transaction for tax purposes.

(c) Electronic Data Processing Systems Requirements. The requirements for an electronic data processing accounting system should be similar to that of a manual accounting system, in that an adequately designed accounting system should incorporate methods and records that will satisfy the requirements of this rule.

(d) Business Process Information:

(A) Upon the request of the department, the marijuana retailer shall provide a description of the business process that created the retained records. Such description shall include the relationship between the records and the tax documents prepared by the marijuana retailer and the measures employed to ensure the integrity of the records.

(B) The marijuana retailer shall be capable of demonstrating:

(i) The functions being performed as they relate to the flow of data through the system;

(ii) The internal controls used to ensure accurate and reliable processing; and

(iii) The internal controls used to prevent unauthorized addition, alteration, or deletion of retained records.

(C) The following specific documentation is required for machine-sensible records retained pursuant to this rule:

(i) Record formats or layouts;

(ii) Field definitions (including the meaning of all codes used to represent information);

(iii) File descriptions (e.g., data set name); and

(iv) Detailed charts of accounts and account descriptions.

(4) Records Maintenance Requirements:

(a) The department recommends but does not require that marijuana retailers refer to the National Archives and Record Administration's (NARA) standards for guidance on the maintenance and storage of electronic records, such as the labeling of records, the location and security of the storage environment, the creation of back-up copies, and the use of periodic testing to confirm the continued integrity of the records.

(b) The marijuana retailer's computer hardware or software shall accommodate the extraction and conversion of retained machine-sensible records.

(5) Access to Machine-Sensible Records:

(a) The manner in which the department is provided access to machine-sensible records as required in section (2)(b) of this rule may be satisfied through a variety of means that shall take into account a marijuana retailer's facts and circumstances through consultation with the marijuana retailer.

(b) Such access will be provided in one or more of the following ways:

(A) The marijuana retailer may arrange to provide the department with the hardware, software and personnel resources to access the machine-sensible records.

(B) The marijuana retailer may arrange for a third party to provide the hardware, software and personnel resources necessary to access the machine-sensible records.

(C) The marijuana retailer may convert the machine-sensible records to a standard record format specified by the department, including copies of files, on a magnetic medium that is agreed to by the department.

(D) The marijuana retailer and the department may agree on other means of providing access to the machine-sensible records.

(6) Marijuana Retailer Responsibility and Discretionary Authority:

(a) In conjunction with meeting the requirements of section (3) of this rule, a marijuana retailer may create files solely for the use of the department. For example, if a data-base management system is used, it is consistent with this rule for the marijuana retailer to create and retain a file that contains the transaction-level detail from the database management system and that meets the requirements of section (3) of this rule. The marijuana retailer should document the process that created the separate file to show the relationship between that file and the original records.

(b) A marijuana retailer may contract with a third party to provide custodial or management services for the records. Such a contract shall not relieve the marijuana retailer of its responsibilities under this rule.

(7) Alternative Storage Media:

(a) For purposes of storage and retention, marijuana retailers may convert hard-copy documents received or produced in the normal course of business and required to be retained under this rule to microfilm, microfiche or other storage-only imaging systems and may discard the original hard-copy documents, provided the conditions of this section are met. Documents that may be stored on these media include, but are not limited to general books of account, journals, voucher registers, general and subsidiary ledgers, and supporting records of details, such as sales invoices, purchase invoices, exemption certificates, and credit memoranda.

(b) Microfilm, microfiche and other storage-only imaging systems shall meet the following requirements:

(A) Documentation establishing the procedures for converting the hard-copy documents to microfilm, microfiche or other storage-only imaging system shall be maintained and made available on request. Such documentation shall, at a minimum, contain a sufficient description to allow an original document to be followed through the conversion system as well as internal procedures established for inspection and quality assurance.

(B) Procedures shall be established for the effective identification, processing, storage, and preservation of the stored documents and for making them available for the period they are required to be retained under section (9) of this rule.

(C) Upon request by the department, a marijuana retailer shall provide facilities and equipment for reading, locating, and reproducing any documents maintained on microfilm, microfiche or other storage-only imaging system.

(D) When displayed on such equipment or reproduced on paper, the documents shall exhibit a high degree of legibility and readability. For this purpose, legibility is defined as the quality of a letter or numeral that enables the observer to identify it positively and quickly to the exclusion of all other letters or numerals. Readability is defined as the quality of a group of letters or numerals being recognizable as words or complete numbers.

(E) All data stored on microfilm, microfiche or other storage-only imaging systems shall be maintained and arranged in a manner that permits the location of any particular record.

(F) There is no substantial evidence that the microfilm, microfiche or other storage-only imaging system lacks authenticity or integrity.

(8) Hard-Copy Recordkeeping Requirements:

(a) Except as otherwise provided in this section, the provisions of this rule do not relieve marijuana retailers of the responsibility to retain hard-copy records that are created or received in the ordinary course of business as required by existing law and rules. Hard-copy records may be retained on a recordkeeping medium as provided in section (7) of this rule.

(b) If hard-copy records are not produced or received in the ordinary course of transacting business (e.g., when the marijuana retailer uses electronic data interchange technology), such hard-copy records need not be created.

(c) Hard-copy records generated at the time of a transaction using a credit or debit card shall be retained unless all the details necessary to determine correct tax liability relating to the transaction are subsequently received and retained by the marijuana retailer in accordance with this rule. Such details include those listed in section (3)(b)(A) of this rule.

(d) Computer printouts that are created for validation, control, or other temporary purposes need not be retained.

(e) Nothing in this section shall prevent the department from requesting hard-copy printouts in lieu of retained machine-sensible records at the time of examination.

(9) Records Retention. Time Period — All records required to be retained under this rule shall be preserved pursuant to ORS 475B.700 to 475B.760 unless the department has provided in writing that the records are no longer required.

150-475B.740
Refund of Excess Marijuana Tax for Consumers

(1) If a consumer determines that the actual amount of marijuana tax the consumer paid to a marijuana retailer was computed on an amount that is not taxable or is in excess of the correct tax amount, the consumer may request a refund of the overpayment of marijuana tax in writing to the marijuana retailer where the excess marijuana tax was paid. The request must be mailed or delivered to the marijuana retailer within 30 days of the date of the excess tax payment.

(2) Written notification of excess marijuana tax paid and any request for refund must include the marijuana retailer's business name, nature of the excess marijuana tax paid, remedy requested and a receipt clearly identifying the date of purchase and proof of payment of the excess marijuana tax.

(3) If, within 60 days of the date of the original request for refund established in section (1), the marijuana retailer does not return the excess tax to the consumer, the consumer may appeal to the Department of Revenue by filing a written appeal within 120 days of the date of the original request for refund. An appeal to the department requires written notification to the department as outlined in section (2) of this rule.

(4) The department must refund excess marijuana taxes to a consumer when shown by satisfactory proof that:

(a) The consumer paid excess marijuana tax to a marijuana retailer;

(b) The excess marijuana tax was not refunded to the consumer by the marijuana retailer; and

(c) The consumer made a timely request for refund of excess marijuana tax paid as established in this rule.

(5) The department or marijuana retailer may not consider any request for refund of excess marijuana tax if the consumer is unable to provide a receipt that clearly identifies the date of purchase and proof of payment of the excess marijuana tax.

100 Percent Penalty for Failure to File Marijuana Tax Returns

(1) The Department of Revenue may impose the 100 percent penalty under ORS 305.992 if:

(a) The taxpayer was required to file Oregon marijuana tax returns in at least one quarter during each tax year of three or more consecutive years; and

(b) All Oregon marijuana tax returns due during the three-year period are not filed by the due date (including extensions) of the return required for the fourth quarter of the third consecutive year. Assessments under ORS 305.265(10) are not returns for the purpose of the penalty under ORS 305.992.

(2) The filing due dates of Oregon marijuana tax returns are established under ORS 475B.710.

Rule Caption: Corporate Tax: Sale of commodities by public utilities; Modified factors for publishing
Adm. Order No.: REV 5-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Amended: 150-314.280-(O)
Rules Renumbered: 150-314.670-(A) to 150-314.667-(A)
Subject: 150-314.280-(O) is amended to be applicable to all periods open to examination.

150-314.670-(A) renumbered to 150-314.667-(A) to reflect a statutory change that was enacted by the Legislature.
Rules Coordinator: Lois Williams—(503) 945-8029

150-314.280-(O)
Public Utilities: Sale of Commodities

(1) The sale of a commodity such as electricity, water, steam, oil, oil products or gas, including but not limited to natural and liquid gas, which is delivered or shipped to a purchaser with a contractually specified point of physical delivery in Oregon, is a sale in this state. It does not matter whether the purchaser uses the property in Oregon, transfers the property to another state, or resells the property in Oregon. If the contract states the point of delivery is at the Oregon border with another state, the sale is presumed to be in Oregon unless the taxpayer can demonstrate to the satisfaction of the department that delivery occurred in some other place.

Example 1: A provider of wholesale electricity enters into a contract to deliver a specified amount and duration of a supply of electricity to a purchaser who takes possession at a contractually specified point of physical delivery in Oregon. The sale is an Oregon sale.

(2) A taxpayer who contracts to sell electricity to and also buy electricity from the same entity during the same period or partial period of time will have an offsetting contractual amount, also known as a book-out transaction. The gross sales of electricity, without regard to the offsetting purchase amount, are considered to be Oregon sales if the contractually specified point of physical delivery is in Oregon.

Example 2: Company A signed a contract on January 2, 2016, to purchase 50 megawatts of electricity for a period of 10 hours starting November 15, 2016, from Company B with a delivery point of Malin, Oregon. For this same time period, Company A signed a contract on March 15, 2014, to sell 30 megawatts of electricity to Company B with a point of delivery at Malin, Oregon. The 30 megawatts of power is recorded as a book-out transaction on both companies' books for reporting to Oregon. The offsetting transaction for the 30 megawatts is deemed to be delivered in Oregon for the purposes of computing the Oregon sales factor. Company A will report the sale of 30 megawatts in its Oregon sales factor numerator and Company B will report the sale of 50 megawatts (20 megawatts to complete the sales contract plus 30 megawatts from the book-out transaction) of electricity in its Oregon sales factor numerator.

150- 314.667-(A)
Modified Factors for Publishing

The following special rules are established with respect to the apportionment of income derived from the publishing, sale, licensing or other distribution of books, newspapers, magazines, periodicals, trade journals or other printed material. The rule adopts a model regulation recommended by the Multistate Tax Commission to promote uniform treatment of these items by the states.

(1) In General. Except as specifically modified by this rule, when a person in the business of publishing, selling, licensing or distributing newspapers, magazines, periodicals, trade journals or other printed material has income from sources both within and without this state, the amount of business income from sources within this state from such business activity will be determined pursuant to ORS 314.650 through 314.665 and the rules thereunder.

(2) Definitions. The following definitions are applicable to the terms contained in this rule.

(a) "Outer-jurisdictional property" means certain types of tangible personal property, such as orbiting satellites, undersea transmission cables and the like, that are owned or rented by the taxpayer and used in the business of publishing, licensing, selling or otherwise distributing printed material, but that are not physically located in any particular state.

(b) "Print or printed material" includes, without limitation, the physical embodiment or printed version of any thought or expression including, without limitation, a play, story, article, column or other literary, commercial, educational, artistic or other written or printed work. The determination of whether an item is or consists of print or printed material will be made without regard to its content. Printed material may take the form of a book, newspaper, magazine, periodical, trade journal or any other form of printed matter and may be contained on any medium or property.

(c) "Purchaser" and "Subscriber" mean the individual, residence, business or other outlet that is the ultimate or final recipient of the print or printed material. Neither of such terms will mean or include a wholesaler or other distributor of print or printed material.

(d) "Terrestrial facility" will include any telephone line, cable, fiber optic, microwave, earth station, satellite dish, antennae or other relay system or device that is used to receive, transmit, relay or carry any data, voice, image or other information that is transmitted from or by any outer-jurisdictional property to the ultimate recipient thereof.

(3) Apportionment of Business Income.

(a) The Property Factor.

(A) Property Factor Denominator. All real and tangible personal property, including outer-jurisdictional property, whether owned or rented, that is used in the business will be included in the denominator of the property factor.

(B) Property Factor Numerator.

(i) All real and tangible personal property owned or rented by the taxpayer and used in this state during the tax period will be included in the numerator of the property factor.

(ii) Outer-jurisdictional property owned or rented by the taxpayer and used in this state during the tax period will be included in the numerator of the property factor in the ratio that the value of such property that is attributable to its use by the taxpayer in business activities in this state bears to the total value of such property that is attributable to its use in the taxpayer's business activities everywhere. The value of outer-jurisdictional property to be attributed to the numerator of the property factor of this state will be determined by the ratio that the number of uplinks and downlinks (sometimes referred to as "half-circuits") that were used during the tax period to transmit from this state and to receive in this state any data, voice, image or other information bears to the total number of uplinks and downlinks or half-circuits that the taxpayer used for transmissions everywhere. Should information regarding such uplink and downlink or half-circuit usage not be available or should such measurement of activity not be applicable to the type of outer-jurisdictional property used by the taxpayer, the value of such property to be attributed to the numerator of the property factor of this state will be determined by the ratio that the amount of time (in terms of hours and minutes of use) or such other measurement of use of outer-jurisdictional property that was used during the tax period to transmit from this state and to receive in this state any data, voice, image or other information bears to the total amount of time or other measurement of use that was used for transmissions everywhere.

(iii) Outer-jurisdictional property will be considered to have been used by the taxpayer in its business activities within this state when such property, wherever located, has been employed by the taxpayer in any manner in the publishing, sale, licensing or other distribution of books, newspapers, magazines or other printed material and any data, voice, image or other information is transmitted to or from this state either through an earth station or terrestrial facility located in this state.

Example: One example of the use of outer-jurisdictional property is where the taxpayer either owns its own communications satellite or leases the use of uplinks, downlinks or circuits or time on a communications satellite for the purpose of sending messages to its newspaper printing facilities or employees in a state. The state or states in which any printing facility that receives the satellite communications is located and the state from which the communications were sent would, under this rule, apportion the cost of the owned or rented satellite to their respective property factors based upon the ratio of the in-state use of said satellite to its total usage everywhere.

Assume that ABC Newspaper Co. owns a total of $400,000,000 of property everywhere and that, in addition, it owns and operates a communication satellite for the purpose of sending news articles to its printing plant in this state, as well as for communicating with its printing plants and facilities or news bureaus, employees and agents located in other states and throughout the world. Also assume that the total value of its real and tangible personal property that was permanently located in this state for the entire income year was valued at $3,000,000. Assume also that the total original cost of the satellite is $100,000,000 for the tax period and that of the 10,000 uplinks and downlinks of satellite transmissions used by the taxpayer during the tax period, 200 or 2% are attributable to its satellite communications received in and sent from this state.

Assume further that the company's mobile property that was used partially within this state, consisting of 40 delivery trucks, was determined to have an original cost of $4,000,000 and such mobile property was used in this state for 95 days.

The total value of property to be attributed to this state would be determined as follows:

Value of property permanently in state: $3,000,000

Value of mobile property:

95/365 (or .260274) x $4,000,000: $1,041,096

Value of leased satellite property used in-state:

.02 x $100,000,000: $2,000,000

Total value of property attributable to state: $6,041,096

Total property factor %: $6,041,096/$500,000,000: 1.2082%

(b) The Payroll Factor. The payroll factor will be determined in accordance with OAR 150-314.660 and the rules thereunder.

(c) The Sales Factor:

(A) Sales Factor Denominator. The denominator of the sales factor will include the total gross receipts derived by the taxpayer from transactions and activity in the regular course of its trade or business, except receipts that may be excluded under ORS 314.665 and the rules thereunder.

(B) Sales Factor Numerator. The numerator of the sales factor will include all gross receipts of the taxpayer from sources within this state, including, but not limited to, the following:

(i) Gross receipts derived from the sale of tangible personal property, including printed materials, delivered or shipped to a purchaser or a subscriber in this state.

(ii) Except as provided in subsection (3)(c)(B)(iii), gross receipts derived from advertising and the sale, rental or other use of the taxpayer's customer lists or any portion thereof will be attributed to this state as determined by the taxpayer's "circulation factor" during the tax period. The circulation factor will be determined for each individual publication by the taxpayer of printed material containing advertising and will be equal to the ratio that the taxpayer's in-state circulation to purchasers and subscribers of its printed material bears to its total circulation to purchasers and subscribers everywhere. The circulation factor for an individual publication will be determined by reference to the rating statistics as reflected in such sources as Audit Bureau of Circulations or other comparable sources, provided that the source selected is consistently used from year to year for such purpose. If none of the foregoing sources are available, or, if available, none is in form or content sufficient for such purposes, then the circulation factor will be determined from the taxpayer's books and records.

(iii) When specific items of advertisements can be shown, upon clear and convincing evidence, to have been distributed solely to a limited regional or local geographic area in which this state is located, the taxpayer may petition, or the Department of Revenue may require, that a portion of such receipts be attributed to the sales factor numerator of this state on the basis of a regional or local geographic area circulation factor and not upon the basis of the circulation factor provided by subparagraph (3)(c)(B)(ii). Such attribution will be based upon the ratio that the taxpayer's circulation to purchasers and subscribers located in this state of the printed material containing such specific items of advertising bears to its total circulation of such printed material to purchasers and subscribers located within such regional or local geographic area. This alternative attribution method will be permitted only upon the condition that such receipts are not double counted or otherwise included in the numerator of any other state.

(iv) In the event that the purchaser or subscriber is the United States Government or that the taxpayer is not taxable in a state, the gross receipts from all sources, including the receipts from the sale of printed material, from advertising, and from the sale, rental or other use of the taxpayer's customer's lists, or any portion thereof that would have been attributed by the circulation factor to the numerator of the sales factor for such state, will be included in the numerator of the sales factor of this state if the printed material or other property is shipped from an office, store, warehouse, factory, or other place of storage or business in this state.

Department of State Lands
Chapter 141

Rule Caption: Establish a Removal-Fill General Permit for Navigational Access Maintenance Dredging
Adm. Order No.: DSL 4-2016
Filed with Sec. of State: 7-15-2016
Certified to be Effective: 9-1-16
Notice Publication Date: 7-1-2016
Rules Adopted: 141-093-0250, 141-093-0255, 141-093-0260, 141-093-0265, 141-093-0270, 141-093-0275, 141-093-0280
Subject: This rulemaking addresses the recommendations of Regional Solutions and small ports represented through the Oregon Public Ports Association to simplify and expedite the state removal-fill permitting requirements for navigational access maintenance dredging. The new rules create a general permit available to persons needing to conduct such maintenance dredging. Only areas that have been previously dredged and that meet other requirements specified by rule would be eligible to use the general permit.
Rules Coordinator: Sabrina L. Foward—(503) 986-5236

141-093-0250
Purpose

This General Permit authorizes removal-fill for certain activities related to navigational access maintenance dredging.

Stat. Auth.: ORS 196.817
Stats. Implemented: ORS 196.600-196.990
Hist.: DSL 4-2016, f. 7-15-16, cert. ef. 9-1-16

141-093-0255
Definitions

The following definitions are used in this General Permit, in addition to those contained in OAR 141-085:

(1) "Baseline Authorization" means a previous removal-fill authorization for a dredge prism of specified area(s) and depth(s) that was executed within fifteen (15) years of the date of application for authorization under this General Permit.

(2) "Boat" is defined in ORS 830.005.

(3) "Flowlane" means that portion of a waterway where sufficient flow velocity and depth exists to disperse placed material and not cause shoaling.

(4) "Maintenance Dredging" means an activity undertaken by a person to remove and place, in approved in-water and upland locations, accumulated sediment within previously authorized and executed dredge areas and depths ("baseline authorization") for the purpose of maintaining navigational access. If necessary and at the Department's discretion, maintenance dredging may include up to one foot of additional over-dredge depth.

(5) "Navigational Access" means operation of a boat on waters of this State.

Stat. Auth.: ORS 196.817
Stats. Implemented: ORS 196.600-196.990
Hist.: DSL 4-2016, f. 7-15-16, cert. ef. 9-1-16

141-093-0260
Eligibility Requirements

Activities authorized by this General Permit must meet all of the following requirements:

(1) Purpose. The activity must be for the purpose of maintenance dredging.

(2) No Fill in Waters. The maintenance dredging activity includes no fill in waters of this State except for:

(a) Temporary placement of equipment necessary to conduct the maintenance dredging activity (e.g., spud piles, hydraulic pipelines, anchors).

(b) Any authorized placement of removed material in the flowlane or territorial sea.

(3) Removal Method. Removal of material must be by means of hydraulic pipeline dredge or closed bucket (e.g., clamshell bucket) unless otherwise approved by the Department and upon evidence that the removal activity will not result in significant suspension of material in the water column.

Stat. Auth.: ORS 196.817
Stats. Implemented: ORS 196.600-196.990
Hist.: DSL 4-2016, f. 7-15-16, cert. ef. 9-1-16

141-093-0265
General Permit-Specific Application Requirements

In addition to the application requirements described in OAR 141-093-0105, the applicant must provide the following information in the application:

(1) Baseline Authorization; Identification of the baseline authorization(s) for the maintenance dredging activity being applied for under this General Permit.

(2) Drawings. Scaled drawing(s) illustrating the area and depths of the proposed maintenance dredging activity relative to the baseline authorization. Scaled drawings must report elevations in consistent and standard datum (e.g., NAVD 88, MLLW).

(3) Upland Placement. For upland placement, identification of the upland placement site and evidence of upland status (e.g., a valid written jurisdictional determination by the Department confirming upland status).

(4) In-water Placement. For placement in the flowlane or territorial sea, the applicant must provide a copy of findings from the Portland Sediment Evaluation Team, or any subsequently authorized body, approving in-water placement of the material.

(a) For flowlane placement, the applicant must also provide:

(A) Scaled drawing(s) clearly identifying the proposed placement area;

(B) Evaluation used by the applicant to evaluate the sufficiency of flow and depth to adequately disperse material and not cause shoaling;

(C) Evidence of coordination with OR Department of Fish and Wildlife regarding suitability of the benthic environment to receive the material; and

(D) For flowlane disposal within a federally authorized project area, evidence of coordination with the Corps' Navigation Branch to determine the potential for any impacts to navigation.

(b) For placement in the territorial sea, the applicant must also provide:

(A) Identification of the USEPA-approved placement site; and

(B) A resource inventory and effects evaluation consistent with the requirements contained in the Oregon Territorial Sea Plan, Part 2.

(5) Volumes. Volumes of material anticipated to be removed and to be placed in waters of this State per dredging event, number of dredging events anticipated over the term of the authorization, and total volumes over the term of the authorization.

Stat. Auth.: ORS 196.817
Stats. Implemented: ORS 196.600-196.990
Hist.: DSL 4-2016, f. 7-15-16, cert. ef. 9-1-16

141-093-0270
Authorized Activities

This General Permit authorizes maintenance dredging in accordance with the requirements of this Division, including the removal of material, transport of material to a placement site, and placement of material in an upland, flowlane or territorial sea location.

Stat. Auth.: ORS 196.817
Stats. Implemented: ORS 196.600-196.990
Hist.: DSL 4-2016, f. 7-15-16, cert. ef. 9-1-16

141-093-0275
General Permit-Specific Conditions

(1) General Conditions Apply. All requirements, procedures and conditions set forth in OAR 141-093-0135 (General Conditions) apply to this General Permit, except as follows:

(a) General Condition (8) Pre-construction Resource Area Fencing or Flagging does not apply; and

(b) General Condition (9) Erosion Control Methods applies only to maintenance dredging activity involving upland placement of material.

(2) Removal-General.

(a) To the extent practicable, maintenance dredging activity must be staged from an upland or vessel-mounted position. If necessary to achieve the removal, heavy equipment may be staged on or traverse impervious surfaces in the dry below ordinary high water or highest measured tide. In such case, equipment must use water quality best management practices specified in the DEQ-issued Section 401 Water Quality Certification for the project.

(b) For vessel-mounted operations, vessels must not be grounded on the bed or banks at any time.

(c) Accumulated woody debris within the maintenance dredging footprint may be removed to the extent necessary to achieve the target bathymetry.

(3) Removal by Hydraulic Pipeline Dredge.

(a) To the extent practicable and as material characteristics allow, the working end of the dredge ladder must be kept buried at a target depth of at least 24 inches below the bottom of the waterway. The intake may be raised no more than 3 feet above the bed for the minimum time necessary for purging or flushing. No back-flushing of the pipeline is allowed. No jetting of sediment is allowed unless approved by the Department pursuant to OAR 141-093-0260(3).

(b)The pipeline and any anchors or floats must be removed from the waterway immediately upon completion of the maintenance dredging activity unless another minimum necessary timeframe is approved by the Department. In no case will the pipeline, anchors, floats or other equipment be permanently placed in waters of this State.

(c) Pressure in the dredge pipeline must be continuously monitored during operation. In the event of a sudden and sustained pressure drop, dredging activity shall immediately stop. Any breach of the pipeline must be repaired prior to restarting dredging operation.

(4) Removal by Closed Bucket. To the extent material characteristics allow, the bucket must be sealed in the closed position to minimize sediment re-suspension. Moving material on the bottom to consolidate it before lifting is prohibited.

(5) Material Transport. For dredged material transported by vessel or other over-water conveyance:

(a) All dredged materials must be placed in vessels or other conveyances equipped such that no dredged material discharges to waters of this State during loading, transfer and unloading activity for upland placement.

(b) Vessels must be staged such that there is no grounding on the bed or banks at any time.

(6) Placement – General. Unless otherwise authorized by the governing regulatory agency or agencies, removed material must not be placed in any wetland, Federal Emergency Management Administration designated floodway, or in an area historically subject to landslides.

(7) Upland Placement.

(a) Removed material placed in an upland site must meet the Oregon Department of Environmental Quality definition of clean fill or the use must be specifically allowed by the Oregon Department of Environmental Quality by rule, permit, or other authorization.

(b) Waste waters from the upland placement site must have adequate settling time before being discharged into a water of this State. Water discharged from the upland placement site must meet water quality requirements of the Oregon Department of Environmental Quality.

(8) Flowlane Placement. Flowlane placement must occur on the ebb tide only and only when there is sufficient current to disperse the material to prevent shoaling.

(9) Ocean Placement. Ocean placement may only occur as authorized by a USEPA letter of concurrence.

(10) Ocean Shore Permit. If the project includes direct placement of material on the ocean shore, a separate Ocean Shore Permit, administered by Oregon Parks and Recreation Department, will be required to authorize that activity.

(11) State-Owned Waterways. Maintenance dredging in a state-owned waterway may be subject to a Short-Term Access Agreement with the Department. The placement of state-owned material on uplands is subject to a Sand and Gravel Lease or License from the Department. Any beneficial use of state-owned material may be subject to royalty payments to the Department.

(12) Fish Entrainment. The authorization holder must immediately report any fish observed that are entrained by operations to the nearest OR Department of Fish and Wildlife office. The permittee must provide access for OR Department of Fish and Wildlife staff to enter the project site for making fish entrainment observations.

(13) Post-Activity Reporting. Within 90 days of maintenance dredging completion, the authorization holder must submit to the Department a scaled drawing illustrating the actual removal area and post-removal depths achieved using the same datum as used in the application.

(14) Modifying Conditions. The Department may modify the conditions of the authorization at any time if necessary to reduce or eliminate adverse effects to water resources.

Stat. Auth.: ORS 196.817
Stats. Implemented: ORS 196.600-196.990
Hist.: DSL 4-2016, f. 7-15-16, cert. ef. 9-1-16

141-093-0280
Term and Reporting

(1) Term. Authorizations under this General Permit may be kept active for up to twenty (20) years, subject to the following conditions. Failure to meet these conditions may result in suspension or revocation of the authorization.

(a) The applicable fees are received by the Department before the anniversary date of the authorization;

(b) The authorization holder submits to the Department, every five (5) years before the anniversary date of the authorization, a status report including at least the following information:

(A) Authorization holder name and permit number;

(B) Number of dredge events and total volume of material removed during the previous five-year period;

(C) Removal method(s) and placement site(s) used; and

(D) Description of the physical conditions within the authorized dredge area at the time of report preparation: extent of submerged and submersible lands condition, extent of any vegetation including visible submerged aquatic vegetation.

Stat. Auth.: ORS 196.817

Department of State Police, Office of State Fire Marshal
Chapter 837

Rule Caption: Adopt, by reference, the Hazardous Substance Possession Fee schedule effective July 1, 2016.
Adm. Order No.: OSFM 1-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 837-090-1030
Subject: Fee schedules are established by Office of State Fire Marshal for any person possessing a hazardous substance at a facility in this state. This rule amendment adopts, by reference, the Hazardous Substance Possession Fee schedule effective July 1, 2016.
Rules Coordinator: Valerie Abrahamson—(503) 934-8211

837-090-1030
State Fee Schedules

(1) Three state fee schedules shall be developed annually as the basis for assessing each person returning Hazardous Substance Information Survey (see OAR 837-090-1000 to 837-090-1045) a Hazardous Substance Possession Fee.

(2) The annual fee assessed under each schedule shall be based upon the single largest maximum aggregate quantity of substance reported in the Hazardous Substance Information Survey that is manufactured, stored, or otherwise possessed by a facility during the survey year.

(3) The programs to be funded from fees collected under ORS 453.396 to 453.414 and these rules, and the range of the fee schedules that may be considered, beginning July 1989, are as follows:

(a) For funding the Community Right to Know and Protection Act, not less than $25 and not more than $2,000 per facility;

(b) For funding the Toxics Use Reduction and Hazardous Waste Reduction Act, not less than $25 and not more than $2,000 per facility;

(c) For each employer's share of a total of up to $1 million to be deposited into the Orphan Site Account established under ORS 465.381, not less than zero and not more than $9,000 per facility. This schedule shall not require an employer to pay a total more than $25,000 for all facilities.

(4) Employers that believe a billing error has occurred may request a fee review. Fee review requests must be made in writing to the Office of State Fire Marshal within 20 days of the billing mail date. Fee review requests must include the company name, facility ID number, site address, name of the substance the fee was based on, amount of the fee assessed, telephone number and the reason for requesting a review.

(5) Any dispute as to the amount or validity of a hazardous substance fee assessment shall be resolved in accordance with the appeals process procedures outlined in the Administrative Procedures Act (APA), ORS 183.025 to 183.725, unless specifically addressed in these rules.

(6) The Office of State Fire Marshal adopts by reference the Hazardous Substance Possession Fee schedules effective July 1, 2016. Copies of these fee schedules are available for review at the central office of the State Fire Marshal during normal business hours or online at http://www.oregon.gov/OSP/SFM/Pages/index.aspx

(7) If a person can provide evidence that all or part of their propane is derived from the refining of crude oil, the fee assessment Reporting Quantity Range and the fee shall be adjusted accordingly;

(8) If a person can provide evidence that all or part of their propane is used to power motor vehicles licensed for public highway use, the fee assessment Reporting Quantity Range and the fee shall be adjusted accordingly.

Department of Transportation, Driver and Motor Vehicle Services Division
Chapter 735

Rule Caption: Establishes eligibility requirements, procedures for issuance of special registration plates; updates DMV group plate rules
Adm. Order No.: DMV 3-2016
Filed with Sec. of State: 6-22-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Adopted: 735-040-0045, 735-040-0110, 735-040-0115, 735-040-0120, 735-040-0125, 735-040-0130
Rules Amended: 735-040-0040
Rules Repealed: 735-040-0055, 735-040-0061, 735-040-0095, 735-040-0097, 735-040-0100
Subject: DMV issues vehicle registration plates necessary to operate motor vehicles on Oregon roads. Choices for registration plates include the standard tree plate, which is issued to all passenger vehicles unless the vehicle owner chooses a non-standard plate type. Available nonstandard plates include, veterans' recognition plates (i.e., Purple Heart and Gold Star Family), special registration plates (i.e., Pacific Wonderland, Crater Lake, Cultural and Wine Country), and group plates issued to non-profit groups and institutions of higher education under ORS 805.205 (i.e., Fallen Public Safety Officer, Share the Road, Oregon State University and University of Oregon). Each of these nonstandard plates requires the payment of an addi-

tional fee, also known as surcharge, that DMV collects upon initial registration, and, depending on the plate, at registration renewal.

In pertinent part, House Bill 2730 (2015): (1) Amended ORS 805.205 to remove statutory language pertaining to the creation of new group plates issued to non-profit groups and institutions of higher education; (2) Repealed ORS 805.202, which limited the number of specialty plates to four plates available for issuance at any one time; and (3) Established ORS 805.222 and 805.225 directing DMV to adopt rules to establish a program for the issuance of special registration plates for 501(c)(3) non-profit groups, institutions of higher education and public bodies as defined in ORS 174.109 and to adopt rules for the administration and implementation of the special registration plate program. This includes establishing:

(a) General qualification requirements for non-profit groups, institutions of higher education and public bodies that wish to become eligible for a special registration plate;

(b) When DMV may cease to issue a special registration plate; and

(c) The process to apply for a special registration plate.

The adoption of OAR 735-040-0110, 735-040-0115, 735-040-0120, 735-040-0125 and 735-040-0130 establish the procedures and requirements for the new special registration plate program. This includes general qualification requirements for organizations that wish to participate in the special registration plate program, the issuance of prepaid vouchers and the design requirements for special registration plates. The adoption of OAR 735-040-0045 sets the requirements for groups that continue to function under the old group plate program. DMV repealed the requirements for the old group program under OAR 735-040-0055, 735-040-0061, 735-0040-0095, 735-040-0097 and 735 -040-0100. The amendment of OAR 735-040-0040 updates terms and definitions to conform to the legislative Act and this rulemaking. The amendment of OAR 735-040-0040 updates terms and definitions to conform to the legislative Act and this rulemaking.

Rules Coordinator: Lauri Kunze—(503) 986-3171

735-040-0040
Definitions

As used in OAR 735-040-0040 through 735-040-0130:

(1) "Anticipated Costs," for the purposes of ORS 805.225 and this rule, means costs incurred by DMV to add a plate to the special registration plate program, including but not limited to, application review costs, computer programming costs, vendor set-up fees, plate design costs and production setup costs.

(2) "DMV" means the Driver and Motor Vehicle Services Division of the Department of Transportation.

(3) "Gold Star Family registration plate" means a registration plate issued to a surviving family member of a person killed in action during an armed conflict while serving in the Armed Forces of the United States.

(4) "Group plates" means group registration plates approved for issuance by DMV under ORS 805.205, before August 17, 2015, to an institution of higher education or non-profit group that is tax exempt under 501(c)(3) of the Internal Revenue Code.

(5) "Special registration plate" means a registration plate issued by DMV under ORS 805.222 and 805.225.

(6) "Special registration plate program" means the special registration plate program established by DMV in accordance with ORS 805.222 to 805.225 and OAR Chapter 735, Division 040.

(7) "Organization" means any nonprofit group, institution of higher education or public body that applies for or receives approval for the issuance of a special registration plate pursuant to applicable provisions of the Oregon Vehicle Code and DMV rules.

(8) "Institution of Higher Education" or "institution" means a post-secondary-institution that is:

(a) A public university listed in ORS 352.002, or

(b) An Oregon-based and accredited, community college or nonprofit private university or college.

(9) "Nonprofit group" means a nonprofit group that meets the qualifications for tax exempt status under section 501(c)(3) of the Internal Revenue Code.

(10) "An expression of political opinion" includes, but is not limited to, any artwork, image, name, logo, mark, slogan, letter or word that expresses or suggests a viewpoint related to:

(a) A candidate for election, measure or petition;

(b) A person, group or subject associated with politics or the political process; or

(c) A social issue or cause that is divisive, and, as a result, becomes a political issue, for example, abortion, immigration or the environment.

(11) "An expression of religious belief" includes, but is not limited to, any artwork, image, name, logo, mark, slogan, letter or word that affirms or supports a particular religion or creed, expresses adherence to a particular religious sect or denomination, expresses belief in or the absence of belief in a supreme being or promotes or discourages any form of exercise of religion.

(12) "Public body" has the same meaning as set forth in ORS 174.109.

(13) "Veterans' group" as used in ORS 805.105 and Division 40 rules, means a group or organization that meets the qualifications for veterans' recognition registration plates under OAR 735-040-0080.

Stat. Auth.: ORS 184.616, 184.619, 802.010, 805.205, 805.105, 805.222 & 805.225
Stats. Implemented: ORS 805.205, 805.105, 805.222 & 805.225
Hist.: DMV 2-1994, f. & cert. ef. 3-17-94; DMV 3-1995, f. 3-9-95, cert. ef. 3-20-95; DMV 22-2007(Temp), f. 12-24-07, cert. ef. 1-1-08 thru 6-27-08; DMV 14-2008, f. & cert. ef. 6-23-08; DVM 3-2016, f. 6-22-16, cert. ef. 7-1-16

735-040-0045
Group Registration Plates; Nonprofit Groups and Institutions of Higher Education; Approved Before August 12, 2015

(1) Effective August 12, 2015, chapter 806, Oregon Laws 2015, eliminated the creation of new group registration plates under ORS 805.205. This rule sets forth the eligibility requirements for current, active and inactive nonprofit groups and institutions of higher education (collectively referred to in this rule as "group") approved for the issuance of group registration plates before the effective date of the legislative act.

(2) To remain eligible for the issuance of group registration plates, a group described under section (1) of this rule must:

(a) Maintain documentation sufficient to demonstrate to DMV that:

(A) For a nonprofit group, the group meets the qualifications for tax exempt status under section 501(c)(3) of the Internal Revenue Code;

(B) For a group that is an institution of higher education, the group meets the definition in OAR 735-040-0040(5);

(C) For a group representing an institution of higher education, the group has written authorization from the institution to obtain higher education group plates on behalf of that institution;

(D) The group has established membership, officers and bylaws, and the group, or a chapter of the group is physically located in Oregon;

(E) The group is authorized to use any artwork, image, name, logo, mark, slogan, letter or word that appears on the group's plate; and

(F) The information submitted to DMV regarding the financial institution selected by the group for the deposit of plate surcharge amounts collected by DMV from the sale of the group's plate is up-to-date.

(b) Maintain and provide to DMV the current name, address and phone number of:

(A) Each group official, officer or director; and

(B) The person authorized by the group to act as the group's representative for purposes of the group's plate.

(c) Submit an Annual Statement of Continuing Eligibility (DMV Form 735-6942) to DMV certifying the group continues to meet the requirements for group plates under ORS 805.205 and DMV rules. The statement is due no later than 30 days after the date of receiving an annual renewal of eligibility letter from DMV.

(3) DMV may request a group to provide any information it considers necessary to verify the group is eligible for the issuance of group plates.

(4) DMV will withdraw the group's eligibility and cease to issue a group's plate if:

(a) The group fails to meet any requirement under section (2) of this rule;

(b) The group fails to provide any information requested by DMV;

(c) The group is not authorized to use an image, name, logo or design that appears on the group's plate;

(d) The group fails to submit an Annual Statement of Continuing Eligibility form as required under subsection (2)(c) of this rule; or

(e) The group fails to meet or comply with any other requirements for group plates under ORS 805.205 or DMV rule.

(5) DMV shall cease production of a group's plate if:

(a) DMV does not sell or issue renewal for 500 sets of the group's plate in any one year. For purposes of this subsection, the year begins on the first day of the month the group's plate was initially available for sale;

(b) The group ceases to exist or becomes ineligible for the issuance of special registration plates under ORS 805.205, or DMV rule; or

(c) DMV determines any artwork, image, name, logo, mark, slogan, letter or word that appears on the group's plate contains an expression of political opinion, religious belief, or violates any provision of the Oregon Vehicle Code, or DMV rule relating to registration plate content.

(6) Except for the reason described in subsection (5)(a) of this rule, when DMV ceases production of a group's plate it will destroy all remaining plate inventory.

(7) DMV will notify the group in writing if DMV withdraws the group's eligibility or ceases production or issuance of the group's plate.

(8) The group must notify DMV immediately if:

(a) There is a change in any information listed on the group's most recent application or annual eligibility statement; or

(b) The group ceases to exist or no longer meets the eligibility requirements for a nonprofit group under ORS 805.205 or DMV rule.

735-040-0110
Special Registration Plates; Nonprofit Groups, Qualifications; Application, Approval

(1) A nonprofit group that wishes to become eligible for a special registration plate issued under ORS 805.222 and 805.225, must submit the following to DMV:

(a) A completed and signed Application for Special Registration Plate (DMV Form 735-7076), a copy of the nonprofit group's bylaws, and documentation sufficient to demonstrate to DMV that:

(A) The nonprofit group meets the qualifications for tax exempt status under section 501(c)(3) of the Internal Revenue Code, including the nonprofit group's articles of incorporation and an IRS exemption determination letter, or similar IRS document granting the nonprofit group tax exempt status, and containing the nonprofit group's federal or IRS identification number; and

(B) The nonprofit group, or a chapter of the nonprofit group, is physically located in Oregon.

(b) The name, address, phone number and email address of current directors or officers of the nonprofit group, or other person authorized by the nonprofit group to act as the nonprofit group's representative for purposes of the nonprofit group's special registration plate.

(c) The nonprofit group's requested plate design, in an electronic format designated by the department. The design must comply with the plate design requirements specified in OAR 735-040-0125.

(d) For a nonprofit group representing an institution of higher education, written authorization from the institution stating the nonprofit group is eligible to obtain a special registration plate on behalf of that institution.

(e) A $5,000 preapproval fee to cover DMV's costs to review the group's application and requested plate design for compliance with ORS 805.222 to ORS 805.225, and DMV rules. The fee must be in the form of a check or money order payable to Oregon DMV.

(f) Any other information DMV considers necessary to determine the group is eligible for the issuance of a special registration plate.

(2) Applications and plate designs are reviewed in the order received by DMV.

(3) DMV will not issue special registration plates for a nonprofit group with a plate currently issued by DMV under ORS 805.205 and OAR 735-040-0045 until:

(a) The inventory of the nonprofit group's plate is depleted; or

(b) The nonprofit group reimburses DMV's plate manufacturing costs and any costs associated with the destruction of any remaining inventory of the nonprofit group's plate.

(4) DMV may deny a nonprofit group's eligibility for a special registration plate if:

(a) The nonprofit group's application is incomplete or contains false information;

(b) The nonprofit group is not authorized to use the requested plate design;

(c) The requested plate design does not meet the requirements specified in OAR 735-040-0125 (plate design); or

(d) The nonprofit group fails to provide any information requested by DMV, or fails to meet any requirement of the special registration plate program under ORS 805.222 to 805.225, or DMV rule.

(5) DMV will notify the nonprofit group in writing if:

(a) The nonprofit group's application or requested plate design requires additional information or modification.

(b) DMV approves the nonprofit group's application or requested plate design.

(c) DMV denies the nonprofit group's application or requested plate design.

(d) DMV withdraws the nonprofit group's eligibility or ceases production or issuance of the nonprofit group's plate.

(6) Upon DMV's approval of the nonprofit group's application and requested plate design, DMV will send the group 3,100 sequentially numbered, three-part DMV voucher forms for collection, as specified in ORS 805.225. Once collected, the group must submit at least 3,000 vouchers and all of the following to DMV:

(a) A fully executed licensing agreement between DMV and the nonprofit group for the use of any artwork, image, name, logo, mark, slogan, letter or word requested to appear on the nonprofit group's plate;

(b) A check or money order in an amount that includes:

(A) At least $120,000, with the total amount determined by the number of vouchers sold multiplied by the $40 surcharge fee; and

(B) DMV's anticipated costs of adding the nonprofit group's plate to the special registration plate program. When estimating DMV's anticipated costs, the department will include the remaining balance of any unexpended preapproval fees paid to DMV under section (1)(e) of this rule.

(c) The "DMV Copy" of each prepaid voucher form;

(d) Any unsold or voided voucher forms;

(e) A reconciliation report showing:

(A) The total number of vouchers sold, including the beginning and ending control numbers);

(B) The total number of vouchers that were lost, stolen, destroyed or voided and the control number of each;

(C) The total number of unsold vouchers; and

(D) Any additional vouchers ordered and received from DMV, including the beginning and ending control numbers;

(f) The name of the financial institution and account number designated by the nonprofit group for the deposit of plate surcharge fees (minus DMV's administrative costs) collected by DMV from the sale of the group's special registration plate; and

(g) The nonprofit group's final approved plate design, in an electronic format designated by the department.

(7) The fees submitted to DMV under subparagraph (6)(a)(A) of this rule are nonrefundable.

(8) An eligible nonprofit group must submit an Annual Statement of Continuing Eligibility (DMV Form 735-6942) to DMV certifying the group continues to meet the requirements for a special registration plate under ORS 805.222 to 805.225, and DMV rules. The statement is due no later than 30 days after the date of receiving an annual renewal of eligibility letter from DMV.

(9) The nonprofit group must notify DMV immediately if:

(a) There is a change in any information listed on the nonprofit group's application or most recent statement of continuing eligibility; or

(b) The nonprofit group ceases to exist, or no longer meets the eligibility requirements for a nonprofit group under ORS 805.222 to 805.225, or DMV rule.

(10) DMV may withdraw eligibility and cease to issue a nonprofit group's special registration plate if:

(a) The nonprofit group fails to provide any information requested by DMV;

(b) DMV determines the nonprofit group is not authorized to reproduce or use any artwork, image, name, logo, mark, slogan, letter or word previously approved for the nonprofit group's plate;

(c) The nonprofit group fails to submit an Annual Statement of Continuing Eligibility form as required under section (8) of this rule; or

(d) The nonprofit group fails to comply with any requirement for a special registration plate under ORS 805.222 to 805.225, or DMV rule.

(11) DMV shall cease production of a nonprofit group's plate if:

(a) DMV does not issue 2,000 sets of the nonprofit group's plate in any one year. For purposes of this subsection, the year begins on the day that the group's special registration plate is initially offered for sale;

(b) The group ceases to exist or becomes ineligible for the issuance of special registration plates under ORS 805.222 to 805.225, or DMV rule; or

(c) DMV determines any artwork, image, name, logo, mark, slogan, letter or word that appears on the group's plate contains an expression of political opinion or religious belief, or violates any provision of the Oregon Vehicle Code, or DMV rule relating to registration plate content.

Special Registration Plates; Institutions of Higher Education, Qualifications; Application, Approval

(1) An institution of higher education that wishes to become eligible for a special registration plate issued under ORS 805.222 and 805.225, must submit the following to DMV:

(a) A completed and signed Application for Special Registration Plate (DMV Form 735-7076) and documentation sufficient to DMV that:

(A) The institution is an "institution" as defined in OAR 735-040-0040, including a written certification on the institution's letterhead from the institution's president, chancellor, or chief executive officer stating that the institution meets the definition of an institution of higher education as defined in OAR 735-040-0040; and

(B) The institution is physically located in Oregon.

(b) The name, address, phone number and email address of current directors or officers of the institution, or other person authorized by the institution to act as the institution's representative for purposes of the institution's special registration plate.

(c) The institution's requested plate design, in an electronic format designated by the department. The design must comply with the plate design requirements specified in OAR 735-040-0125.

(d) A $5,000 preapproval fee to cover DMV's costs to review the institution's application and requested plate design for compliance with ORS 805.222 to 805.225, and DMV rules. The fee must be in the form of a check or money order payable to Oregon DMV.

(e) Any other information DMV considers necessary to determine the institution is eligible for the issuance of a special registration plate.

(2) Applications and plate designs are reviewed in the order received by DMV.

(3) DMV will not accept an application for special registration plates from an institution with a plate currently issued by DMV under ORS 805.205 and OAR 735-040-0045 until:

(a) The inventory of the institution's plate is depleted; or

(b) The institution reimburses DMV's plate manufacturing costs and any costs associated with the destruction of any remaining inventory of the institution's plate.

(4) DMV may deny an institution's eligibility for a special registration plate if:

(a) The institution's application is incomplete or contains false information;

(b) The institution is not authorized to use the requested plate design;

(c) The requested plate design does not meet the requirements specified in OAR 735-040-0125 (plate design); or

(d) The institution fails to provide any information requested by DMV, or fails to meet any requirement for a special registration plate under ORS 805.222 or 805.225, or DMV rule.

(5) DMV will notify the institution in writing if:

(a) The institution's application or requested plate design requires additional information or modification.

(b) DMV approves the institution's application or requested plate design.

(c) DMV denies the institution's application or requested plate design.

(d) DMV withdraws the institution's eligibility or ceases production or issuance of the institution's plate.

(6) Upon DMV's approval of the institution's application and requested plate design, DMV will send the institution 3,100 sequentially numbered, three-part DMV voucher forms for collection, as specified in ORS 805.225. Once collected, the institution must submit at least 3,000 vouchers and all of the following to DMV:

(a) A fully executed licensing agreement between DMV and the institution for the use of any artwork, image, name, logo, mark, slogan, letter or word requested to appear on the institution's plate;

(b) A check or money order in an amount that includes:

(A) At least $120,000, with the total amount determined by the number of vouchers sold multiplied by the $40 surcharge fee; and

(B) DMV's anticipated costs of adding the institution's plate to the special registration plate program. When estimating DMV's anticipated costs, the department will consider the balance of any unexpended preapproval fees provided under section (1)(d) of this rule.

(c) The "DMV Copy" of each prepaid voucher form;

(d) Any unsold or voided voucher forms;

(e) A reconciliation report showing:

(A) The total number of vouchers sold, including the beginning and ending control numbers;

(B) The total number of vouchers that were lost, stolen, destroyed or voided and the control number of each;

(C) The total number of unsold vouchers; and

(D) Any additional vouchers ordered and received from DMV, including the beginning and ending control numbers.

(f) The name of the financial institution and account number designated by the institution for the deposit of plate surcharge fees (minus DMV's administrative costs) collected by DMV from the sale of the institution's special registration plate; and

(g) The institution's final approved plate design, in an electronic format designated by the department.

(7) The fees submitted to DMV under subparagraph (6)(a)(A) of this rule are nonrefundable.

(8) An eligible institution must submit an Annual Statement of Continuing Eligibility (DMV Form 735-6942) to DMV certifying the institution continues to meet the requirements for a special registration plate under ORS 805.222 to 805.225, and DMV rules. The statement is due no later than 30 days after the date of receiving an annual renewal of eligibility letter from DMV.

(9) The institution must notify DMV immediately if:

(a) There is a change in any information listed on the institution's application or most recent statement of continuing eligibility; or

(b) The institution ceases to exist, or no longer meets the eligibility requirements for a nonprofit institution under ORS 805.222 to 805.225 or DMV rule.

(10) DMV may withdraw eligibility and cease to issue an institution's special registration plate if:

(a) The institution fails to provide any information requested by DMV;

(b) DMV determines the institution is not authorized to reproduce or use any artwork, image, name, logo, mark, slogan, letter or word previously approved for the institution's plate;

(c) The institution fails to submit an Annual Statement of Continuing Eligibility form as required under section (9) of this rule; or

(d) The institution fails to comply with any requirement for a special registration plate under ORS 805.222 to 805.225, or DMV rule.

(11) DMV shall cease production of an institution's plate if:

(a) DMV does not issue 2,000 sets of the institution's plate in any one year. For purposes of this subsection, the year begins on the day that the institution's special registration plate is initially offered for sale;

(b) The institution ceases to exist or becomes ineligible for the issuance of special registration plates under ORS 805.222 to 805.225, or DMV rule; or

(c) DMV determines any artwork, image, name, logo, mark, slogan, letter or word that appears on the institution's plate contains an expression of political opinion or religious belief, or violates any provision of the Oregon Vehicle Code, or DMV rule relating to registration plate content.

(12) Except for the reason described in subsection (11)(a) of this rule, when DMV ceases production of an institution's plate it will destroy all remaining plate inventory.

Special Registration Plates; Public Bodies, Qualifications; Application, Approval

(1) A public body that wishes to become eligible for a special registration plate issued under ORS 805.222 and 805.225 must submit the following to DMV:

(a) A completed and signed Application for Special Registration Plate (DMV Form 735-7076) and documentation sufficient to demonstrate to DMV that:

(A) The public body is a "public body" as defined in ORS 174.109 and OAR 735-040-0040, including a written certification on the public body's letterhead from an authorized representative of the public body stating the public body is authorized by law to apply for a special registration plate and to allocate the funds necessary to obtain a special registration plate. The public body must provide the citation of the applicable law in its certification.

(B) The public body, or an office of the public body, is physically located in Oregon.

(b) The name, address, phone number and email address of current directors or officers of the public body, or other person authorized by the public body to act as the public body's representative for purposes of the public body's special registration plate.

(c) The public body's requested plate design, in an electronic format designated by the department. The design must comply with the plate design requirements specified in OAR 735-040-0125.

(d) A $5,000 preapproval fee to cover DMV's costs to review, and approve or deny the public body's application and requested plate design for compliance with ORS 805.222, 805.225, and DMV rules. The fee must be in the form of a check or money order payable to Oregon DMV.

(e) Any other information DMV considers necessary to determine the public body is eligible for the issuance of a special registration plate.

(2) Applications and plate designs are reviewed in the order received by DMV.

(3) DMV may deny a public body's eligibility for a special registration plate if:

(a) The public body's application is incomplete or contains false information;

(b) The public body is not authorized to use the requested plate design;

(c) The requested plate design does not meet the requirements specified in OAR 735-040-0125 (plate design); or

(d) The public body fails to provide any information requested by DMV, or fails to meet any requirement for a special registration plate under ORS 805.222 to 805.225, or DMV rule.

(4) DMV will notify the public body in writing if:

(a) The public body's application or requested plate design requires additional information or modification;

(b) DMV approves the public body's application or requested plate design;

(c) DMV denies the public body's application or requested plate design; or

(d) DMV withdraws the public body's eligibility or ceases production or issuance of the public body's plate.

(5) Upon DMV's approval of the public body's application and requested plate design, DMV will send the public body 3,100 sequentially numbered, three-part DMV voucher forms for collection, as specified in ORS 805.225. Once collected, the public body must submit at least 3,000 vouchers and all of the following to DMV:

(a) A fully executed licensing agreement between and DMV and the public body, for the use of any artwork, image, name, logo, mark, slogan, letter or word requested to appear on the public body's plate;

(b) A check or money order in an amount that includes:

(A) At least $120,000, with the total amount determined by the number of vouchers sold multiplied by the $40 surcharge fee; and

(B) DMV's anticipated costs of adding the public body's plate to the special registration plate program. When estimating DMV's anticipated costs, the department will consider the balance of any unexpended preapproval fees provided under section (1)(d) of this rule.

(c) The "DMV Copy" of each prepaid voucher form;

(d) Any unsold or voided voucher forms;

(e) A reconciliation report showing:

(A) The total number of vouchers sold, including the beginning and ending control numbers;

(B) The total number of vouchers that were lost, stolen, destroyed or voided and the control number of each;

(C) The total number of unsold vouchers; and

(D) Any additional vouchers ordered and received from DMV, including the beginning and ending control numbers.

(f) The name of the financial institution and account number designated by the public body for the deposit of plate surcharge fees (minus DMV's administrative costs) collected by DMV from the sale of the public body's special registration plate; and

(g) The public body's final approved plate design, in an electronic format designated by the department.

(6) The fees submitted to DMV under subparagraph (5)(a)(A) of this rule are nonrefundable.

(7) An eligible public body must submit an Annual Statement of Continuing Eligibility (DMV Form 735-6942) to DMV, certifying the public body continues to meet the requirements for a special registration plate under ORS 805.222 to 805.225, and DMV rules. The statement is due no later than 30 days after the date of receiving an annual renewal of eligibility letter from DMV.

(8) The public body must notify DMV immediately if:

(a) There is a change in any information listed on the public body's application or most recent statement of continuing eligibility; or

(b) The public body ceases to exist, or no longer meets the eligibility requirements for a public body under ORS 805.222 to 805.225 or DMV rule.

(9) DMV may withdraw eligibility and cease to issue a public body's special registration plate if:

(a) The public body fails to provide any information requested by DMV;

(b) DMV determines the public body is not authorized to reproduce or use any artwork, image, name, logo, mark, slogan, letter or word previously approved for the public body's plate;

(c) The public body fails to submit an Annual Statement of Continuing Eligibility form as required under section (7) of this rule; or

(d) The public body fails to comply with any requirement for a special registration plate under ORS 805.222 to 805.225, or DMV rule.

(10) DMV shall cease production of a public body's plate if:

(a) DMV does not issue 2,000 sets of the public body's plate in any one year. For purposes of this subsection, the year begins on the day that the public body's special registration plate is initially offered for sale;

(b) The public body ceases to exist or becomes ineligible for the issuance of special registration plates under ORS 805.222 to 805.225 or DMV rule; or

(c) DMV determines any artwork, image, name, logo, mark, slogan, letter or word that appears on the public body's plate contains an expression of political opinion or religious belief, or violates any provision of the Oregon Vehicle Code, or DMV rule relating to registration plate content.

(11) Except for the reason described in subsection (10)(a) of this rule, when DMV ceases production of a public body's plate it will destroy all remaining plate inventory.

Special Registration Plate Design

This rule establishes the plate design requirements for a special registration plate issued by DMV under ORS 805.222 to 805.225, and Division 040 rules. In addition to any other requirement for registration plates, a special registration plate design:

(1) Must be developed by DMV in consultation with an eligible organization approved by DMV under OAR 735-040-0110, 735-040-0115, or 735-040-0120, whichever is applicable;

(2) Must be legible and clearly identifiable by law enforcement personnel as a State of Oregon vehicle registration plate. DMV will consult with Oregon law enforcement for compliance with this subsection;

(3) Must contain numbers, letters, colors and artwork that have been approved by DMV;

(4) May not conflict with, or be substantially similar or identical to any existing Oregon registration plate;

(5) Must comply with the requirements for plate size, form, arrangement and materials under ORS 803.535. The registration plate dimensions described in the example Plate Diagram (revised 07-16) are adopted by reference as Appendix A;

(6) May not infringe or violate a trademark, trade name, service mark, copyright or other proprietary right;

(7) May not contain an expression of political opinion or religious belief; and

(8) May not contain any word, combination of words or image that by reasonable standards is offensive, vulgar, or an expression of contempt for a specific race, religion, ethnicity, gender, sexual orientation, disability or that refers to a controlled substance, alcoholic beverage, illegal activity or substance, or promotes or endorses a product, brand or service provided for sale.

(9) DMV will approve or deny plate designs in accordance with OAR 735-040-0110, 735-040-0115 or 735-040-0120.

Procedures for the Sale of Special Registration Plate Vouchers

This rule describes the procedures and requirements for an organization approved by DMV to sell special registration plate vouchers, as authorized by ORS 805.222 and 805.225. An organization must comply with all of the following:

(1) The organization may only sell vouchers issued by and obtained directly from DMV.

(2) Vouchers may not be sold for an amount other than the surcharge amount established under ORS 805.222.

(3) Each voucher sold must be legibly completed with the following information:

(a) The date of sale;

(b) The name, address, phone number and email address, if available, of the person purchasing the voucher (purchaser);

(c) The printed name and signature of the person who sells the voucher on behalf of the organization (seller); and

(d) The purchaser's signature acknowledging the purchaser has read and understands the terms and conditions printed on the voucher.

(e) If transferring the voucher:

(A) The name, address, phone number and email address, if available, of the person receiving the voucher; and

(B) The signature of the purchaser authorizing the transfer.

(4) Upon the sale of a voucher, the seller must provide the purchaser the "PURCHASER'S COPY" of the voucher.

(5) An organization is solely responsible for:

(a) The safety and security of all vouchers and fees collected by the organization from the sale of vouchers;

(b) Immediately reporting any lost or stolen vouchers to DMV;

(c) Marking "VOID" on any voucher that is damaged, altered, or that contains an illegible control number or an error made by the seller or purchaser during the sale;

(d) Responding to questions and resolving any disputes with purchasers regarding:

(A) The organization's voucher sales or the fees collected by the organization from the sale of the organization's vouchers;

(B) The organization's policy on refunding fees collected by the organization from the sale of the organization's vouchers; and

(C) The status or progress of the organization's effort to obtain a special registration plate.

(6) The organization must return all void and unsold vouchers to DMV when:

(a) It submits all collected vouchers, required fees and DMV's anticipated costs of adding the organization's plate to the special registration plate program, as required under ORS 805.225, and as described in OAR 735-040-0110, 735-040-0115 or 735-040-0120, whichever is applicable;

(b) The organization notifies DMV that the organization has abandoned its effort to collect vouchers and obtain a special registration plate; or

(c) DMV determines the organization is no longer eligible for the special registration plate program.

(7) An organization may obtain additional vouchers by contacting DMV.

Rules Adopted: 734-031-0001, 734-031-0005, 734-031-0010, 734-031-0015, 734-031-0020, 734-031-0025, 734-031-0030
Subject: The Department of Transportation provides rest areas as part of the state highway system to offer a stopping place for travelers to take a short break from driving. Many of those rest areas are managed by the Oregon Travel Information Council (TIC). There is interest in seeking sponsorship contributions to support the development, maintenance, and operation of rest areas and to acknowledge those contributions with a sign either in the rest area or on the adjacent state highway. Federal regulations pertaining to state highways allow state transportation agencies to use signs to acknowledge sponsorships provided the state transportation agency has an acknowledgement sign program.

These newly adopted rules outline the program developed by the Department of Transportation in compliance with Federal Policy 5160.1A, Sponsorship Acknowledgement and Agreements within the Highway Right of Way and will provide citizens of Oregon an opportunity to contribute support for the development or ongoing operation and maintenance of Department of Transportation rest areas. Sponsorships will be solicited using a competitive process such as a request for proposal with the successful entity selected based on a net benefit for the public. Under these rules, an acknowledgement sign may be offered in exchange for the sponsor's contribution.
Rules Coordinator: Lauri Kunze—(503) 986-3171

734-031-0001
Purpose and Scope

(1) The purpose of Division 31 rules is to establish a Rest Area Sponsorship Acknowledgement program in compliance with 23 USC 111 and the Federal Policy on Sponsorship Acknowledgement and Agreements within the Highway Right of Way that provides citizens of Oregon an opportunity to contribute money, Highway Related Services or Products to support the development or ongoing operation and maintenance of the Oregon Department of Transportation's Rest Areas.

(2) An Acknowledgement Sign may be placed to recognize the Contribution when the Contribution represents a commitment of the Participant to provide for development of a Rest Area or ongoing operation or maintenance of a Rest Area. Contributions that do not meet the criteria in Division 31 rules may be recognized by means other than an onsite Acknowledgement Sign such as a letter of recognition, press release or other outreach materials, and web sites as determined appropriate by the Rest Area Operator consistent with federal and state regulations.

(3) When a Rest Area is managed by the Travel Information Council or other entity by agreement with the Department, that agency or entity will be responsible for soliciting sponsorship Contributions and any acknowledgement of those Contributions following the program established in Division 31 rules.

(4) All Contributions received through Rest Area sponsorships are assets of the Highway Trust Fund and shall only be used for highway purposes to facilitate the development or ongoing operation and maintenance of state highway Rest Areas.

734-031-0005
Definitions

As used in Division 31 rules, the following definitions will apply:

(1) "Acknowledgment Sign" — A sign that informs the public that a Participant has provided a Contribution for the development or ongoing operation or maintenance of an Oregon Department of Transportation Rest Area. For the purposes of Division 31 rules, an "Acknowledgment Sign" includes an acknowledgement plaque or rider added to an existing sign on the mainline highway.

(2) "Contribution" — The provision of money, highway related service, or product for the development or ongoing operation or maintenance of a Rest Area.

(3) "Department" — The Oregon Department of Transportation (ODOT).

(4) "Highway Related Service" — A service that supports the development, operation or maintenance of the Rest Area. Typical services include but are not limited to litter pickup, landscape maintenance, or brush removal.

(5) "MUTCD" — Manual on Uniform Traffic Control Devices for Streets and Highways along with the Oregon MUTCD Supplements.

(6) "Oregon Temporary Traffic Control Handbook" — The standards adopted by the Department for traffic control operations of three days or less.

(7) "Participant" — An individual, family group, company, business, or volunteer group who provide a Contribution and who has entered into a Sponsorship Agreement. "Participant" includes the organization and its members.

(8) "Product" — Items used in the development, operation or maintenance of the Rest Area by the Rest Area Operator. Typical products include but are not limited to landscape materials or building supplies.

(9) "Rest Area" — A roadside area separated from the main travel way and under the control of the Department. A Rest Area may include rest rooms, drinking water, and other facilities needed for the rest and safety of motorists. For the purposes of Division 31 rules, when a Rest Area is sited

on both sides of the highway, the two sides will be considered as separate Rest Areas.

(10) "Rest Area Operator" — The Department or Travel Information Council or other entity responsible for management of the Rest Area by agreement with the Department.

(11) "Sponsorship Agreement" —An agreement between a Participant and the Rest Area Operator where the Participant agrees to provide a Contribution in exchange for the placement of an Acknowledgement Sign in the Rest Area or on the mainline of the adjoining state highway.

734-031-0010
Participant Eligibility

(1) An individual, family group, company, business, or volunteer group is eligible to submit proposals to provide a Contribution for the development or ongoing operation or maintenance of Rest Areas. Participants must comply with all applicable state and federal laws concerning the provisions prohibiting discrimination based on race, religion, color, age, sex, and national origin.

(2) When the Participant is a family group, company, business, or volunteer group, the Participant must appoint or select a spokesperson to act as their representative in matters relating to the sponsorship solicitation and Sponsorship Agreement. The Participant and its spokesperson are responsible for assuring compliance with the Sponsorship Agreement.

(3) Participants may provide Contributions for the overall support of one or more Rest Areas or for one or more features of a Rest Area.

734-031-0015
Participant Selection

(1) Solicited Contributions

(a) Participants will be identified using an open, competitive solicitation process such as a request for proposal.

(b) Solicitations will provide a description of the sponsorship opportunity being offered stating all information pertinent to an understanding of the offer.

(c) When the offer is for a Highway Related Service that includes removal of noxious weeds, a plan approved in writing by the Oregon Department of Agriculture or the appropriate county governing body must be included with the proposal. The plan must include the species of plant to be removed, the method of removal that does not include the use of pesticides, herbicides, or machine powered equipment, and the timing and frequency of noxious weed removal.

(d) Successful Participants will be selected based on a net benefit for the public. There may be more than one Participant providing Contributions in support of a Rest Area or a Rest Area feature; however only one Participant will be selected for the overall sponsorship of a Rest Area. The Rest Area Operator reserves the right to reject any or all proposals if it determines the proposal is not a reasonable value or is not in the public's best interest.

(2) The decision to solicit Contributions for sponsorship of Rest Areas shall be at the discretion of the Rest Area Operator. The Rest Area Operator may consider factors such as the nature of the offered Product or Highway Related Service and the location of the proposed work in determining eligibility of a Rest Area or Rest Area feature for sponsorship.

(3) A Sponsorship Agreement will be executed by the Participant and the Rest Area Operator. The Sponsorship Agreement will list the specific requirements and obligations of both the Participant and the Rest Area Operator.

734-031-0020
Acknowledgement Signs

(1) A sign may be placed by the Rest Area Operator informing the public of the Participant's Contribution with the Participant's name or acronym when the Contribution meets the requirements of Division 31 rules. The Participant may be required to provide evidence of the Participant's existence such as the Participant's organizational bylaws, website, or letterhead. When the Participant is an individual or family group, the individual's name (first name or initial and last name) or the family name (e.g. Smith Family) will be used.

(2) The Acknowledgement Sign shall not be used for advertising or as a memorial and shall not contain items such as contact information, directions, slogans, telephone numbers, website, or internet addresses. The Participant name may be verified with the Secretary of State's business name registry or other information available to the Rest Area Operator.

(3) The Acknowledgement Sign may be installed after the Participant has provided the monetary or product Contribution, or has successfully performed the Highway Related Service described in the Sponsorship Agreement at least once.

(4) In addition to the Contribution, the Participant will be responsible for the Rest Area Operator's cost to manufacture and install the Acknowledgement Sign. The sign will remain the property of the Rest Area Operator and be removed by the Rest Area Operator when the Sponsorship Agreement is cancelled or has expired.

(5) If the Department or Rest Area Operator determines that the Acknowledgement Sign interferes with the maintenance, operation, or use of the Rest Area or the state highway, the sign will be removed. Acknowledgement Signs that are repeatedly vandalized or stolen may not be replaced at the discretion of the Rest Area Operator.

Stat. Auth.: ORS 184.616, 184.619, 366.205

734-031-0025
Acknowledgement Sign Design and Placement

(1) When an Acknowledgement Sign is used for sponsorship recognition on the mainline of the adjacent state highway or the Rest Area entrance or exit ramp, or is in a Rest Area and legible to motorists using the Rest Area, it must conform to the signing standards in the MUTCD and design standards adopted by the Department. Such Acknowledgement Signs must not have moving elements or simulate movement, have bold or vibrant colors, or be attached to, imitate or interfere with any traffic control device.

(2) When the sponsorship is for a specific Rest Area feature or a component of a specific Rest Area feature, one Acknowledgement Sign may be installed in the Rest Area placed at or as close as practical to the feature being sponsored. The sign will not be installed in a location where it would obscure a Rest Area visitor's view of traffic control devices, interfere with the regular use of the Rest Area by Rest Area visitors, or be visible from the mainline highway. The sign will say '_____ SPONSORED BY' on the first line and the Participant name or acronym on the next one or two lines.

(3) When the sponsorship is for the overall Rest Area, one Acknowledgement Sign for each direction of travel may be installed on the mainline upon approval of the Department. The Acknowledgement Sign may be an independent sign assembly or an acknowledgement plaque/rider added to an existing sign and placed as close as practicable to the entrance to the Rest Area and will say 'REST AREA SPONSORED BY' on the first line with the Participant name or acronym on the next one or two lines. Acknowledgement Signs on the mainline must be static, non-changeable signs and shall not be overhead installations. When the Acknowledgement Sign on the mainline is an independent sign assembly, it must be located at least 500 feet from any other traffic control device. In addition, one Acknowledgement Sign may be placed in the Rest Area provided the sign is not visible to the mainline highway and does not pose a safety risk to Rest Area users.

734-031-0030
Sponsorship Agreement

(1) The Sponsorship Agreement shall be an agreement for the Participant to provide for development, operation or maintenance of a Rest Area. When the Sponsorship Agreement is for a Rest Area within Interstate highway right of way, the Sponsorship Agreement must be approved by Federal Highway Administration to determine consistency with its directives and MUTCD.

(2) The Sponsorship Agreement will include the name of the Rest Area and a full description of the Contribution including the quantity of Product being provided or the frequency that Highway Related Services are to be performed.

(3) The term of the Sponsorship Agreement will be for a period of at least 1 year.

(a) When the Contribution is a Highway Related Service for the Rest Area operation or maintenance, the service must be provided at least twice over the 1-year period. When the Highway Related Service is for development of a Rest Area or Rest Area feature, the Contribution must be for a significant portion of the overall project as identified in the project solicitation.

(b) When the Contribution is for a Product, the quantity of Product must be adequate to meet the expected need for the 1-year period.

(c) When the Contribution is money, the value must be a significant portion of the development cost or the cost to operate or maintain the Rest Area or the specific feature of the Rest Area.

(4) The Sponsorship Agreement is not transferable and may be cancelled by mutual consent of the parties or by the Rest Area Operator for cause including, but not limited to safety considerations concerning Rest Area or highway operations, failure of the Participant to perform the work described in the Sponsorship Agreement, failure of the Participant to comply with provisions of the Sponsorship Agreement, or a determination the sponsorship agreement is no longer in the public's best interest.

(5) The Participant shall not use the Rest Area or state highway to display advertising signs or display or sell merchandise of any kind. Unauthorized items may be removed at the direction of the Department, Rest Area Operator, or law enforcement personnel.

(6) The Participant shall be bound by all applicable federal, state and local laws, rules, and regulations and such other terms and conditions as may be required in the Sponsorship Agreement.

(7) When the Sponsorship Agreement is for a Highway Related Service, the Participant will have the following additional responsibilities:

(a) The Participant will be responsible and liable for the care, control, supervision and assurance of safety of all Participant members and the safety of Rest Area users.

(b) When work may impact motorists using the Rest Area or the mainline highway, the Participant will protect the work area in accordance with the MUTCD and the Oregon Temporary Traffic Control Handbook in force at the time the work is conducted.

(c) Maintain a copy of the fully signed Sponsorship Agreement at the worksite when the Highway Related Service is being performed and make it available to the Department, Rest Area Operator, or law enforcement personnel upon request. No work activities are to occur in the Rest Area until the Participant has obtained a fully signed Sponsorship Agreement.

(d) Vehicles used to transport Participant or its members to and from the Rest Area must be parked within the Rest Area so as not to interfere with the regular use of the Rest Area or to create a hazard to motor vehicle traffic. Vehicles must be moved by the Participant upon request of the Department, Rest Area Operator, or law enforcement personnel.

(e) The Participant must protect all existing Rest Area features, including but not limited to the paved surfaces, sidewalks, drainage features, landscaping, and fences, from damage as a result of their activity. The Participant shall restore any damaged feature to the satisfaction of the Rest Area Operator whether discovered at the time of damage or at a later date. Unrepaired damage or unrestored features may be repaired or restored by the Rest Area Operator at the expense of the Participant.

Employment Department
Chapter 471

Rule Caption: Definition of the Minimum Hourly Wage for the purposes of Unemployment Insurance
Adm. Order No.: ED 2-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 471-030-0017
Subject: Amending the rule for "Defining and Allocating Remuneration, Holidays, and Vacations" to include a definition of "Hourly Minimum Wage". For the purposes of ORS 657.150(6)(a), the term "minimum hourly wage" means the minimum wage rate as identified in section (2) of Senate Bill 1532 (2016):

(2) If the employer is located within the urban growth boundary of a metropolitan service district organized under ORS chapter 268, except as provided by ORS 652.020 and the rules of the commissioner issued under ORS 653.030 and 653.261, for each hour of work time that the employee is gainfully employed, no employer shall employ or agree to employ any employee at wages computed at a rate lower than:

(a) From July 1, 2016, to June 30, 2017, $9.75.

(b) From July 1, 2017, to June 30, 2018, $11.25.

(c) From July 1, 2018, to June 30, 2019, $12.

(d) From July 1, 2019, to June 30, 2020, $12.50.

(e) From July 1, 2020, to June 30, 2021, $13.25.

(f) From July 1, 2021, to June 30, 2022, $14.

(g) From July 1, 2022, to June 30, 2023, $14.75.

(h) After June 30, 2023, an employer described in this subsection shall pay an employee no less than $1.25 per hour more than the minimum wage determined under subsection (1)(j) of this section.
Rules Coordinator: Cristina Koreski—(503) 947-1471

471-030-0017
Defining and Allocating Remuneration, Holidays, and Vacations

(1) Definitions. For purposes of applying ORS 657.100 and 657.150, and as used in this rule:

(a) "Employment" means:

(A) Being in an employer-employee relationship during a period of time for which remuneration was paid or payable; or

(B) Providing a service or product for cash or cash value.

(b) "Earnings" means remuneration;

(c) Where an employer-employee relationship exists, "remuneration" means compensation resulting from the employer-employee relationship, including wages, salaries, incentive pay, sick pay, compensatory pay, bonuses, commissions, stand-by pay, and tips;

(d) Where no employer-employee relationship exists, "remuneration" means the gross amount of compensation for the product or service, less only the value of tangible components involved in producing or providing the product or service and limited to the tangible components that remain with the party receiving the service or product;

(e) "Bonus" means an extra payment given by an employer in consideration of performance, production or a share of profits;

(f) "Back pay" means payment awarded as reimbursement by an employer for loss of wages during a period for which no services were performed and no payment was intended;

(g) For purposes of ORS 657.150(7), the term "holiday" means those holidays listed in 187.010(1)(b)–(j) and (2), 187.020 and any holiday designated by the employer, union contract or otherwise;

(h) For purposes of ORS 657.150(7), the term "vacation" means a specific period of time, paid or unpaid, during which the individual is freed from work/job/employment duties and responsibilities and is free to use the time away from work for any purpose the individual chooses.

(i) For purposes of ORS 657.150(6)(a), the term "minimum hourly wage" means the minimum wage rate as computed under 653.025(2).

(2) For purposes of section (1) of this rule, except for agricultural labor and domestic service, remuneration shall include the value, determined pursuant to OAR 471-031-0055(3), of compensation paid in any medium other than cash.

(3) Allocating Remuneration: For purposes of ORS 657.100 and 657.150(6) remuneration or an applicable pro-rata share thereof shall be allocated as follows:

(a) In the case of services, allocated to the week in which the service was performed;

(b) In the case of products, allocated to the week in which the product was sold;

(c) In the case of bonuses, allocated equally to the weeks during which the individual worked within the period being rewarded;

(d) If the dates of sale or service are not clearly established, allocation shall be made upon a reasonable estimate provided by the claimant. If the individual cannot or will not provide a reasonable estimate, the remuneration shall be allocated equally over the period during which services were rendered or products were sold.

(4) Back pay is not reportable for or deductible from unemployment insurance benefits.

Mortuary and Cemetery Board
Chapter 830

Rule Caption: Relating to Temporary Operating Permit for a Cemetery that does not hold a valid license.
Adm. Order No.: MCB 1-2016(Temp)
Filed with Sec. of State: 7-6-2016
Certified to be Effective: 7-6-16 thru 1-1-17
Notice Publication Date:
Rules Amended: 830-011-0065
Subject: Permits State Mortuary and Cemetery Board to issue temporary permit to carry out existing prearrangement sales contracts to which cemetery is party and to effect rights of plot owners.
Rules Coordinator: Chad Dresselhaus—(971) 673-1503

830-011-0065
Temporary Burial Permit

(1) The Oregon Mortuary and Cemetery Board (Board) may grant a temporary burial permit authorizing interment in a cemetery that does not hold a current, valid license or registration for the sole purpose of facilitating an at-need burial in accordance with ORS 692.025, Sec. 1, and only when the normal procedures for licensing or registration of a cemetery authority cannot be completed before burial must take place.

(2) The burial permit request must be made on the most current application form provided by the Board and must include copies of all pre-qualifying pre-arrangement documents as well as evidence of the verification of plot location to be considered. A permit will not be granted when pre-arrangements or plot location cannot be produced or verified or when such documents are disputed.

(a) Applicants must be directly associated with the cemetery authority, with a licensed party to the pre-arrangements, or with another qualifying person in accordance with ORS 692.025, Sec. 1, and

(b) Must be working on behalf of person(s) requesting burial.

(c) The application must also include the specific details of the planned burial and evidence that it will be performed by persons qualified to do so, and

(d) All paperwork will be kept with the permit that was issued for the burial and filed at the OMCB with the copy of the permit until a permanent place can be decided upon. If the cemetery authority is not a party to the interment, the Board will maintain the records and provide to the appropriate party identified by the Board on the permit.

(3) Permit holder shall only be responsible for any issues related to the permitted interment and not for any pre-existing conditions, contract terms or document errors made by the Cemetery Authority, nor for the condition of and continuing maintenance of the plot after closing.

(4) Sections (1) and (2) shall be repealed on January 1, 2018.

Oregon Department of Education, Early Learning Division
Chapter 414

Rule Caption: Rules for inspection of exempt family-home child care providers accepting federal subsidy.
Adm. Order No.: ELD 2-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 6-29-16
Notice Publication Date: 6-1-2016
Rules Adopted: 414-180-0005, 414-180-0010, 414-180-0015, 414-180-0020, 414-180-0025, 414-180-0030, 414-180-0035, 414-180-0040, 414-180-0045, 414-180-0050, 414-180-0055, 414-180-0090, 414-180-0100
Subject: The Child Care Development Block Grant Act of 2014 requires the Early Learning Division to begin annual health and safety inspections of license exempt Child Care providers who accept federal subsidies. ORS 329A.505 authorizes the Office of Child Care to conduct on-site inspections when such inspections are required under federal Law and authorizes the Office of Child Care to require improvements or corrections necessary to bring provider into compliance. The rules establish conditions and standards for compliance and sets forth the Early Learning Division's Office of Child Care (OCC) procedures and requirements for the inspection of exempt child care facilities subject to and in accordance with federal and state laws governing child care providers accepting subsidies.
Rules Coordinator: Lisa Pinheiro—(503) 910-8135

414-180-0005
Purpose

Oregon Administrative Rules (OAR) 414-180-0005 through 414-180-0100 are the Early Learning Division's minimum health and safety requirements for license exempt child care providers who accept federal child care subsidy payments through the state. The purpose of these rules is to protect the health, safety, and well-being of children in care. These rules apply to home based child care providers who accept federal child care subsidies from the Oregon Department of Human Services or the Early Learning Division Office of Child Care and are exempt from child care licensing as outlined in ORS 329A.250.

Stat. Auth.: ORS 326.425(7)
Stats. Implemented: ORS 329A.505
Hist.: ELD 2-2016, f. & cert. ef. 6-29-16

414-180-0010
Definitions

The following definitions apply to Oregon Administrative Rules 414-180-0015 through 414-180-0100.

(1) "Caregiver" means any person, including the provider, who cares for the children in Regulated Subsidy child care and works directly with the children, providing care, supervision and guidance.

(2) "Child Care" means the care, supervision and guidance on a regular basis of a child, unaccompanied by a parent, legal guardian or custodian, during a part of the 24 hours of the day, with or without compensation.

(3) "Child Care Child" means a child at least six weeks of age and under 13 years of age, or a child under 18 years of age with special needs. The provider has supervisory responsibility for the child in the temporary absence of the parent.

(4) "Child with Special Needs" means a child under 18 years of age who requires a level of care over and above the norm for their age due to a physical, developmental, behavioral, mental or medical disability.

(5) "Communicable Disease" means an illness caused by an infectious agent or its toxins.

(6) "Disinfecting" means using a process for destroying or irreversibly inactivating harmful organisms, including bacteria, viruses, germs and fungi.

(7) "Family" means a group of individuals related by blood, marriage or adoption, or individuals whose functional relationships are similar to those found in such associations.

(8) "Infant" means a child who is at least six weeks of age up to 12 months of age.

(9) "OCC" means the Office of Child Care, Early Learning Division of the Department of Education.

(10) "Outbreak of Communicable Disease" means two cases from separate households associated with a suspected common source.

(11) "Premises" means the structure where child care is conducted that is identified on the application or listed with the Department of Human Services, including indoors and outdoors and space not directly used for child care.

(12) "Preschool-Age Child" means a child who is 36 months of age up to eligible to attend kindergarten in a public school.

(13) "Provider" means the person or facility who is responsible for the children in care; is the children's primary caregiver; and who is listed with the Department of Human Services as the provider.

(14) "Regulated Subsidy Child Care" means care that is provided to children whose families access federal child care subsidy funds through the state.

(15) "Restrictable Disease" means an illness or infection that would prohibit the child from attending child care.

(16) "Sanitizing" means using a treatment that provides enough heat or concentration of chemicals for enough time to reduce the bacterial count, including disease producing organisms, to a safe level on utensils, equipment and toys.

(17) "Substitute Provider" means a person who acts as the child's primary caregiver in the temporary absence of the provider.

(18) "Toddler" means a child who is at least 12 months of age but is not preschool-age.

(19) "Useable Exit" means an unobstructed door or window through which the provider and the children can evacuate the home in case of a fire

or emergency. Doors must be able to be opened from the inside without a key.

(a) For homes built before July 1, 2010, window openings must be at least 20 inches wide and at least 22 inches in height, with a net clear opening of five square feet (at least 720 square inches) and a sill no more than 48 inches above the floor.

(b) For homes built after July 1, 2010, window openings must be at least 20 inches wide and at least 24 inches in height, with a net clear opening of five square feet (at least 720 square inches) and a sill no more than 44 inches above the floor.

Stat. Auth.: ORS 326.425(7)
Stats. Implemented: ORS 329A.505
Hist.: ELD 2-2016, f. & cert. ef. 6-29-16

414-180-0015
Health

(1) The child care home must be a healthy environment for children.

(2) There must be at least one flush toilet and one hand-washing sink available to children.

(3) The provider must comply with local, state and federal laws related to immunizations, child care restrictable diseases, child safety systems and seat belts in vehicles, bicycle safety, civil rights laws, and the Americans with Disabilities Act.

(4) Infants shall have a crib, portable crib or playpen with a clean, non-absorbent mattress. All cribs must comply with current Consumer Product Safety Commission (CPSC) standards. There shall be no items in the crib with the infant (e.g. toys, pillows or stuffed animals).

(5) If the parent(s) so request, siblings may share the same bed.

(6) The upper level of bunk beds shall not be used for children under ten years of age.

(7) If an infant uses a blanket, the blanket may not cover the infant's head or face.

(8) Infants must be laid on their backs on a flat surface for sleeping.

(9) Children shall not be laid down with a bottle for sleeping.

(10) First aid supplies and a chart or handbook of first aid instructions shall be maintained in one identified place and kept out of reach of children.

(11) The first aid supplies shall include: band aids, adhesive tape, sterile gauze pads, soap or sealed antiseptic towelettes or solution to be used as a wound cleaning agent, a solution for disinfecting after a blood spill, a sanitary temperature taking device.

(12) Illness:

(a) Except for mild cold symptoms that do not impair a child's daily functioning, sick children shall not be in care.

(b) A provider shall not admit or retain in care, except with the written approval of the local health office, a child who:

(A) Is diagnosed as having or being a carrier of a child care restrictable disease, as defined in Oregon Health Authority administrative rule; or

(B) Has one of the following symptoms or combination of symptoms or illness;

(i) Fever over 100°F, taken under the arm;

(ii) Diarrhea (more than one abnormally loose, runny, watery or bloody stool);

(iii) Vomiting;

(iv) Nausea;

(v) Severe cough;

(vi) Unusual yellow color to skin or eyes;

(vii) Skin or eye lesions or rashes that are severe, weeping, or pus-filled;

(viii) Stiff neck and headache with one or more of the symptoms listed above;

(ix) Difficult breathing or abnormal wheezing; or

(x) Complaints of severe pain.

(c) A child who, after being admitted into child care, shows signs of illness, as defined in this rule, whenever possible will be separated from the other children, and the parent(s) notified and asked to remove the child from the provider's home as soon as possible.

(d) If a child has mild cold symptoms that do not impair his/her normal functioning, the child may remain in the provider's home and the parent(s) notified when they pick up their child.

(13) Section 12 of this rule does not apply when the provider is caring only for children from the same family and no other unrelated child care children are present, except that the provider shall notify the parent if a child who, after being admitted into child care, shows signs of illness.

(14) Parents must be notified if their child is exposed to an outbreak of a communicable disease.

(15) No person shall smoke or carry any lighted smoking instrument, including an e-cigarette or vaporizer in the child care home or within ten feet of any entrance, exit, or window that opens or any ventilation intake that serves an enclosed area, during child care hours or when child care children are present.

(16) No person shall use smokeless tobacco in the child care home during child care hours or when child care children are present.

(17) No person shall smoke, carry any lighted smoking instrument, including an e-cigarette, or vaporizer or use smokeless tobacco in motor vehicles while child care children are passengers.

(18) No one shall consume alcohol on the child care home premises during child care hours or when child care children are present.

(19) No one shall be under the influence of alcohol on the child care home premises during child care hours or when child care children are present.

(20) No one shall possess, use or store illegal controlled substances on the child care home premises. No one shall be under the influence of illegal controlled substances on the child care home premises.

(21) No one shall grow or distribute marijuana on the premises of the child care home. No adults shall use marijuana on the child care home premises during child care hours or when child care children are present.

(22) Child care providers and any individual supervising, transporting, preparing meals, or otherwise working in the proximity of child care children and those completing daily attendance and billing records shall not be under the influence.

(23) "Under the influence" means observed abnormal behavior or impairments in mental or physical performance leading a reasonable person to believe the individual has used alcohol, any controlled substances (including lawfully prescribed and over-the-counter medications), marijuana (including medical marijuana), or inhalants that impairs their performance of essential job function or creates a direct threat to child care children or others. Examples of abnormal behaviors include, but are not limited to hallucinations, paranoia, or violent outbursts. Examples of impairments in physical or mental performance include, but are not limited to slurred speech as well as difficulty walking or performing job activities.

(24) All marijuana, marijuana derivatives and associated paraphernalia must be stored under child safety lock.

(25) Any animal at the provider's home shall be in good health and be a friendly companion for the children in care.

(26) Dogs and cats must be vaccinated according to a licensed veterinarian's recommendations.

(27) Dogs and cats shall be kept free of fleas, ticks and worms.

(28) Animal litter boxes shall not be located in areas accessible to children or areas used for food storage or preparation.

(29) Exotic animals, including, but not limited to: reptiles (e.g. lizards, turtles, snakes) amphibians, monkeys, hook-beaked birds, baby chicks and ferrets are prohibited unless they are housed in and remain in a tank or other container which precludes any direct contact by children. Educational programs that include prohibited animals and are run by zoos, museums and other professional animal handlers are permitted.

(30) Prescription and non-prescription medication shall only be given to a child if the provider has written authorization from the parent.

(31) Prescription and non-prescription medications must be properly labeled and stored.

(32) Non-prescription medications or topical substances must be labeled with the child's name.

(33) Prescription medications must be in the original container and labeled with the child's name, the name of the drug, dosage, directions for administering, and the physician's name.

(34) Medication requiring refrigeration must be kept in a separate, tightly covered container, marked "medication," in the refrigerator.

(35) Parents must be informed daily of any medications given to their child or any injuries their child has had.

(36) Sunscreen may be used with written parental authorization.

(a) In instances where parent has provided written permission to use sunscreen, providers must reapply sunscreen every two hours while the child care children are exposed to the sun.

(b) Providers shall use a sunscreen with an SPF of 15 or higher and must be labeled as "Broad Spectrum".

(c) Providers shall not use aerosol sunscreens on child care children.

(d) Sunscreen shall not be used on child care children younger than six months.

(37) Parents must be given the telephone number so they can contact the provider if needed.

414-180-0020
Sanitation

(1) Pre-mixed sanitizers and disinfectants that are EPA registered and meet Oregon Health Authority criteria may be used in all areas of the home per manufacturer instructions.

(2) All caregivers and children must wash their hands with soap and warm, running water:

(a) Before handling food;

(b) Before assisting with feeding;

(c) Before and after eating;

(d) After diapering;

(e) After using the toilet;

(f) After assisting someone with toileting;

(g) After nose wiping;

(h) After playing outside; and

(i) After touching an animal or handling pet toys.

(3) Hand sanitizers shall not replace hand washing. If hand sanitizers are present in the home, they shall be kept out of children's reach and shall not be used on children.

(4) Clean toys, equipment and furniture used by children when soiled.

(5) Diaper changing surfaces must be either:

(a) Non-absorbent and easily disinfected;

(b) Disposed of after each use; or

(c) Laundered after each use.

(6) The building, grounds, any toy, equipment, and furniture are maintained in a clean, sanitary, and hazard free condition.

(7) All garbage, solid waste, and refuse must be disposed of regularly, in a safe and sanitary manner.

(8) The home has safe drinking water.

Stats. Implemented: ORS 329A.505
Hist.: ELD 2-2016, f. & cert. ef. 6-29-16

414-180-0025
Safety

(1) The room temperature must be at least 68°F during the hours which child care children are in care.

(2) Rooms child care children are predominantly occupying must have a combination of natural and artificial lighting.

(3) Floors must be free of splinters, large unsealed cracks, sliding rugs and other hazards.

(4) Potentially aggressive animals must not be in the same physical space as the children.

(5) Children shall be protected from fire and safety hazards. Providers must have the following protections in place:

(a) All exposed electrical outlets in rooms used by preschool or younger children must have hard-to-remove protective caps or safety devices installed when the outlet is not in use.

(b) Extension cords shall not be used as permanent wiring;

(c) All appliance cords must be in good condition;

(d) Multiple connectors for cords shall not be used;

(e) A grounded power strip outlet with a built-in over-current protection may be used;

(f) A stable barrier shall be installed to prevent children from falling into hazards, including, but not limited to: fireplaces, heaters and woodstoves that are in use when child care children are present;

(g) A secure barrier shall be placed at the top and/or bottom of all stairways accessible to infants and toddlers;

(6) The home has a working smoke detector on each floor level and in any area where a child naps.

(7) Cleaning supplies, paints, matches, lighters, and any plastic bags large enough to fit over a child's head kept under child-safety lock.

(8) Other potentially dangerous items, such as medicine, drugs, sharp knives and poisonous and toxic materials kept under child-safety lock.

(9) Firearms, BB guns, pellet guns and ammunition kept under lock, with ammunition stored and locked separately. Firearms, BB guns and pellet guns must remain unloaded;

(10) If any preschool age or younger children are in care, poisonous plants must be kept out of the reach of children;

(11) All clear glass panels in doors clearly marked at child level.

(12) Each provider must:

(a) Ensure that the home where care is provided meets all of the following standards:

(A) Each floor level used by a child has two useable exits to the outdoors (a sliding door or window that can be used to evacuate a child is considered a useable exit). If a second floor is used for child care, the provider must have a written plan for evacuating occupants in the event of an emergency.

(B) The home has a working telephone or telephone service in operating condition.

(C) Emergency telephone numbers for fire, ambulance, police and poison control and the home address must be posted in a visible location.

(D) The building, grounds, water supply, and toys, equipment and furniture used by children must be maintained in a hazard-free condition.

(E) Broken toys, furniture and equipment must be removed from areas accessible to children.

(13) Wading pools are prohibited for wading.

(14) The provider is responsible for the children in care. At all times the provider must:

(a) Be within sight or sound of all children;

(b) Be aware of what each child is doing;

(c) Be near enough to children to respond when needed.

(15) The provider must have a written plan for evacuating and removing children to a safe location in an emergency. The plan must be posted in the child care home, familiar to the children and the caregivers, and practiced at least every other month and must include:

(a) Procedures for notifying parents or other adults responsible for the children, of the relocation;

(b) Procedures to address the needs of individual children, including those with special needs; and

(c) An acceptable method to ensure that all children in attendance are accounted for.

(16) If a caregiver is transporting children, the caregiver must have a valid driver's license and proof of appropriate insurance.

(17) The number of children transported shall not exceed the number of seat belts or child safety systems available in the vehicle.

(18) Car seats are to be used for transportation only. Children who arrive at and brought into the provider's home asleep in a car seat may remain in the car seat until the child awakens.

(19) The provider must take precautions to protect children from vehicular traffic.

(20) If a passenger van is used to transport child care children it must meet Federal Motor Vehicle Safety Standards for transporting children in education settings.

(21) The provider must have a written statement from the parent(s) regarding whether or not the provider is authorized to:

(a) Take a child on a field trip or other activity outside the child care home or participate in any water activity; and

(b) Transport a child to or from school or allow a child to bus or walk to or from school or child care home.

(22) 15-passenger vans shall not be used to transport child care children.

Guidance and Discipline

(1) The following behaviors by caregivers are prohibited:

(a) Using any form of corporal punishment, including, but not limited to: hitting, spanking, slapping, beating, shaking, pinching or other measures that produce physical pain, or threatening to use any form of corporal punishment.

(b) Parental request or permission to use any form of behavior listed in subsection (a) of this section, does not give the provider or substitute provider permission to do so.

414-180-0045
Record Keeping

(1) The following records must be kept by the provider for at least one year and must be available at all times to OCC:

(a) Information from the parent(s) for each child at the time of admission:

(A) Name and birth date of the child;

(B) Any chronic health problem(s), including allergies, the child has;

(C) Date child entered care;

(D) Names, work and home telephone numbers and addresses, and the work hours of the parent(s) or legal guardian(s);

(E) Name and telephone number of person(s) to contact in an emergency;

(F) Name and telephone number of person(s) to whom the child may be released;

(G) Health history of any problems that could affect the child's participation in child care.

(b) Daily attendance records, including dates each child attended and arrival and departure times for each day. Times shall be recorded as the child care children arrive and depart.

(c) Medications administered, including the child's name, and the date and time of dosage and the dosage amount.

(d) Injuries to a child.

(2) Injuries to a child which require attention from a licensed health care professional, such as a physician, EMT or nurse, must be reported to OCC within seven days.

(3) The provider must have a written statement from the parent(s) regarding whether or not the provider is authorized to obtain emergency medical treatment for a child.

414-180-0055
Enforcement of Regulatory Requirements

(1) The provider shall allow an inspection of all areas of the child care home that are accessible to child care children, and a health and safety review of other areas of the child care home to ensure the health and safety of child care children.

(2) The provider or substitute must allow a representative from the Office of Child Care access to the child care home any time child care children are present.

(3) The provider must allow parents or legal guardians of child care children access to the child care home during the hours their child(ren) are in care.

414-180-0100
Exceptions to Rules

(1) A provider may request an exception to a rule.

(2) An exception must be requested on a form provided by OCC.

(3) The provider must provide a justification for the requested exception and an explanation of how the provider will ensure, through safeguards or other conditions, the health, safety and well-being of the children.

(4) The provider must be in compliance with the rule as written until the provider has received approval for the exception from OCC.

(5) No exception to a rule shall be granted unless the health, safety, and well-being of the children are ensured.

(6) An exception is valid only for the specified dates for which it is issued.

(7) The granting of an exception to a rule shall not set a precedent, and each request shall be evaluated on its own merits.

Oregon Film and Video Office
Chapter 951

Rule Caption: Indigenous Oregon production investment fund production spending reimbursements
Adm. Order No.: FVO 1-2016
Filed with Sec. of State: 6-21-2016
Certified to be Effective: 6-21-16
Notice Publication Date: 6-1-2016
Rules Amended: 951-006-0000, 951-006-0001, 951-006-0005, 951-006-0010, 951-006-0020
Subject: Adds expense reimbursement for local filmmakers and local media production services companies to the iOPIF film & media incentive program as authorized by ORS 284.368(3) and adds crediting provisions.
Rules Coordinator: Nathan Cherrington—(971) 254-4020

951-006-0000
Purpose

The purpose of these rules is to provide guidance for the administration of the portion of the Oregon Production Investment Fund that is to be used for film and television production expense reimbursement for local filmmakers and local media production services companies as authorized by ORS 284.368(3).

Stat. Auth: ORS 284.335 & 284.368
Stats. Implemented: ORS 284.367 & 284.368
Hist.: FVO 2-2009, f. 11-12-09 cert. ef. 1-1-10; FVO 1-2016, f. & cert. ef. 6-21-16

951-006-0001
Definitions

(1) "Qualifying film or television production" means a movie produced for release to theaters, video or the Internet or a television movie or one or more episodes of a single television series, or a media production services project produced by a local media production services company, the production of which will result in the spending of at least $75,000.00 directly to Oregon resident vendors or for work done in Oregon. "Qualifying film or television production" does not include the production of a commercial or one or more segments of a newscast or sporting event.

(2) "iOPIF" means the part of the Oregon Production Investment Fund created by ORS 284.367 that is to be used to provide expense reimbursement for local film makers and local media production services companies pursuant to ORS 284.367(4).

(3) "Filmmaker" means a person who owns a television or film production company.

(4) "Local filmmaker" means a person who owns a television or film production company that has its principal place of business in this state.

(5) "Local media production services company" means a media production services company that has its principal place of business in this state.

(6) "Media production services" includes postproduction services and interactive video game development. "Media production services" does not

include the production of a commercial or one or more segments of a newscast or sporting event.

(7) "Media production services company" means a person who is engaged in media production services.

(8) "Resident of this state" has the meaning given that term in ORS 316.027.

(9) "OFVO" means the Oregon Film & Video Office created by ORS 284.305.

(10) "Principal place of business" means the office, in or out of this state, where the principal executive offices of a domestic or foreign corporation are located and where the company identifies as its singular "corporate headquarters."

951-006-0005
Program Application

A local filmmaker proposing to produce a qualifying film or television production or a local media production services company that wishes to receive reimbursement for production spending from the iOPIF with respect to the production shall submit an application to the OFVO for an eligibility determination. Unless otherwise permitted by the OFVO, the application must be submitted prior to the commencement of production. Incomplete applications will not be accepted.

Stat. Auth: ORS 284.335 & 284.368
Stats. Implemented: ORS 284.368
Hist.: FVO 2-2009, f. 11-12-09 cert. ef. 1-1-10; FVO 1-2016, f. & cert. ef. 6-21-16

951-006-0010
Eligibility Determination

(1) Except as set forth in sections (2) and (3), the OFVO will approve the applications for eligibility for productions that satisfy the following requirements:

(a) The production satisfies the non-monetary portions of the "qualifying film or television production" definition.

(b) Projected spending in Oregon on the production is reasonably anticipated to equal not less than $75,000.

(c) The local filmmaker or local media production services company includes, with its application, a letter to the OFVO stating its intent for production to take place in Oregon and its willingness and ability to enter into a contract with the OFVO setting forth the terms and conditions of reimbursement.

(d) Upon request of the OFVO, provide proof of production insurance. The example below shows industry standards for an average live action film/television production. Varying coverage amounts may be approved by the OFVO based on industry standards for the specific type of project for which the reimbursement is requested.

REQUIRED:
General Liability
General Liability aggregate — $1,000,000
GL Limit Per Occurrence — $1,000,000
Products Completed Operations — $1,000,000
Personal & Advertising Injury — $1,000,000
Fire Legal Liability — $50,000
Medical Payments — $5,000
Blanket Additional Insured's — $ included
Waiver of Subrogation — $ included
Automobile
Hired & Non-Owned Liability — $1,000,000
Hired/Non-Owned Physical Damage — $500,000
Third Party Property Damage — $500,000
Worker's Compensation (OR State Minimums)
Bodily Injury by Accident — $500,000 Each Accident
Bodily Injury by Disease — $500,000 Policy Limit
Bodily Injury by Disease — $500,000 Each Employee
RECOMMENDED:
Negative Film or Videotape — Included
Faulty Stock, Camera & Processing: Included
Extra Expense — $25,000
Civil Authority — $25,000

(e) Name and contact information for payroll company.

(2) The following productions are not eligible:

(a) A production of a local filmmaker or local media production services company that has, or whose principals have, a verifiable history of previous production problems that create significant doubt, as determined by the OFVO, regarding the ability of the local filmmaker or local media production services company to complete a production in Oregon successfully. The production problems may include, but are but not limited to:

(A) unpaid financial obligations;

(B) crew mistreatment; or

(C) damage to locations that the local filmmaker or local media production services company did not repair upon completion of the production.

(b) A production with respect to which the local filmmaker or local media production services company withdraws its application for eligibility determination.

(c) A production that the OFVO determines is unlikely to further the purposes of the iOPIF.

(d) The production must pay its employees minimum wage as set forth in the Oregon minimum wage rule (ORS653.025) or meet the requirements of applicable union contracts the production has entered into.

(e) A production that employs any individual as an "intern" without that individual receiving academic credit. See the Oregon Bureau of Labor and Industries for additional information: www.boli.state.or.us/BOLI/TA/T_FAQ_Interns.shtml. A production determined to be ineligible may appeal to the Film and Video Board, upon written application.

(3) If the OFVO receives multiple relatively concurrent applications for eligibility determinations and there are not sufficient funds available in the iOPIF to pay the requested expense reimbursements with respect to all of the productions, the OFVO will determine which applications to approve and which to deny based on the following factors:

(a) satisfaction of requirements of section (1)

(b) chronological order of receipt of application

(c) amount of production spending anticipated in Oregon

(d) number of production workers expected to be hired

(e) experience level of local filmmaker or local media production services company

(f) reputation of the local filmmaker or local media production services company and its principals

(g) estimated production start date

(h) other benefits to Oregon, including but not limited to promotional value, long-term financial benefits, contribution to development of Oregon's crew and talent base or production industry infrastructure.

(i) Whether the local filmmaker or local media production services company has contributed to the iOPIF.

(j) Whether the local filmmaker or local media production services company intends to pay prevailing industry rates and provide health, retirement and other benefits.

(4) Upon approval of an application for eligibility with respect to a production, the local filmmaker or local media production services company must enter into a contract with OFVO stipulating its intent to make the production in Oregon and setting forth the terms and conditions of the reimbursement. If the local filmmaker or local media production services company and the OFVO have not entered into the contract within 30 days of its eligibility approval, the local filmmaker or local media production services company's eligibility will be automatically revoked unless the OFVO, in its discretion, extends the deadline for contract execution.

Stat. Auth: ORS 284.335 & 284.368
Stats. Implemented: ORS 284.368
Hist.: FVO 2-2009, f. 11-12-09 cert. ef. 1-1-10; FVO 1-2016, f. & cert. ef. 6-21-16

951-006-0020
Payment of Rebates

(1) Regardless of whether the production is otherwise a qualifying film or television production or a qualified local media production or whether the OFVO determined the production eligible, reimbursement of expenses from the iOPIF will only be paid pursuant to and upon the terms and conditions of a contract entered into between the OFVO and the local filmmaker or local media production services company pursuant to OAR 951-006-0010(4). If the local filmmaker or local media production services company does not enter into a contract with OFVO, the local filmmaker or local media production services company will not receive any reimbursement of expenses from OFVO.

(2) In addition to any other terms and conditions that the OFVO considers necessary or desirable, contracts for iOPIF reimbursements will usually include the following provisions:

(a) The local filmmaker or local media production services company must submit to the OFVO, after completion of the production work in Oregon, financial and other records sufficient to verify that the production satisfied the expenditure requirement for reimbursement.

(b) Authorization for the OFVO to deduct from the reimbursement the costs reasonably incurred by the OFVO in verifying the production expenditures in Oregon, including but not limited to, the costs incurred by OFVO in obtaining an outside accounting review, audit, or both, of the financial and other records evidencing the expenditures. The OFVO will usually sub-

mit the expenditure documentation to an outside accounting firm for a review after the OFVO has completed its review. Based on the advice of the outside accounting firm, the OFVO may require an audit of the production's financial records.

(c) OFVO's obligation to make any reimbursement of expenses is conditioned on (i) availability of funds in the iOPIF to pay for the requested reimbursement and (ii) compliance by the local filmmaker or local media production services company with the terms of the contract and satisfactory verification of production spending in Oregon of at least US $75,000.

(d) The local filmmaker or local media production services company must provide to OFVO vendor lists with final accounting.

(e) The local filmmaker or local media production services company must provide promotional materials (such as photos, trailers, and electronic press kits) to OFVO. OFVO may use such materials strictly for its own archival, governmental relations and marketing purposes. OFVO shall not grant usage to any other entity or charge for any such usage and shall request additional permission prior to any use other than those listed. OFVO understands that talent contracts may prohibit use of actors' images without express permission and agrees to abide by such limitations when advised in writing of said limitations.

(f) A minimum of 80 percent of the production's employees and independent contractors must be residents of Oregon. Background performers may not be counted toward meeting this requirement.

(g) The local filmmaker or local media production services company must provide the final crew list along with proof of residency for each crew member. Proof of residency may include an Oregon driver's license, or other legal documents approved by the Director of the OFVO, or may be provided through a payroll report that shows state of residency.

(h) The local filmmaker or local media production services company must employ or contract with a public accountant certified under ORS 673.040 for the provision of payroll services.

(i) The local filmmaker or local media production services company must provide OFVO proof of completion of the production in the form of a rough cut of the film/television/media production, or submission of a selection of dailies, either of which will demonstrate original script synopsis. Other proof of completion is subject to approval of the OFVO.

(j) The local filmmaker or local media production services company must provide a list, if utilized, of interns and the academic institutions, including contact information, from which such interns are receiving academic credit.

(k) Productions receiving rebates will include the approved "Oregon Film" logo and/or the "Oregon Made" logo in the final end crawl or packaging of the project wherever allowed by Filmmaker's contracts with its clients.

(3) Payment of iOPIF reimbursements are subject to funds being available for the iOPIF program.

Oregon Health Authority, Health Licensing Office
Chapter 331

Rule Caption: Individuals seeking Board of Athletic Trainer renewals can attest to having current CPR certification.
Adm. Order No.: HLO 1-2016
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 331-130-0011
Subject: Individuals seeking renewal of certification from the Board of Athletic Trainers can attest to having current cardiopulmonary resuscitation certification.
Rules Coordinator: Samantha Patnode—(503) 373-1917

331-130-0011
Registration Issuance and Renewal

(1) REGISTRATION: A registrant is subject to the provisions of OAR chapter 331, division 30 regarding the issuance and renewal of a registration, and to provisions regarding authorization to practice, identification, and requirements for issuance of a duplicate registration.

(2) LICENSE RENEWAL: Registration renewal must be made prior to the registration entering inactive status. The registrant must submit the following:

(a) Renewal application form;

(b) Payment of required renewal fee;

(c) Attest to having obtained required continuing education; and

(d) Attest to having current certification in cardiopulmonary resuscitation pursuant to OAR 331-130-0001.

(3) INACTIVE REGISTRATION RENEWAL: Registration renewal made after the registration enters inactive status. A registration may be inactive for up to three years. To renew inactive registration, the registrant must submit the following:

(a) Renewal application form;

(b) Payment of delinquency and renewal fees pursuant to OAR 331-140-0000;

(c) Attest to having obtained required continuing education; and

(d) Attest to having current certification in cardiopulmonary resuscitation pursuant to OAR 331-130-0001.

(4) EXPIRED REGISTRATION: A registration that has been inactive for more than three years is expired and must meet the requirements listed in OAR 331-130-0001.

(5) A registrant failing to meet continuing education requirements listed under OAR 331-150-0005 must reapply and meet requirements pursuant to OAR 331-130-0001.

(6) A registrant may not practice with an inactive or expired registration.

Rule Caption: Require practitioners complete an OHA survey in accordance with 2015 Legislation SB 230.
Adm. Order No.: HLO 2-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Amended: 331-715-0010
Subject: During the 2015 Legislative Session SB 230 was enacted adding respiratory therapists and polysomnographic technologists to the list of health care professionals who must provide certain demographic and practice information prescribed by Oregon Health Authority (OHA) in order to renew their license.

SB 230 specifies the type of information that may be collected including but not limited to demographics, education, training, employment information and specialty practice information. Other health care professionals, including licensed dietitians, who are required to provide this information pay a $2 annually which is collected at time of renewal
Rules Coordinator: Samantha Patnode—(503) 373-1917

331-715-0010
License Issuance and Renewal

(1) A licensee is subject to the provisions of OAR chapter 331, division 30 regarding the renewal of a license, and provisions regarding authorization to practice, identification, and requirements for issuance of a duplicate license.

(2) License renewal under this rule is valid for one year.

(3) LICENSE RENEWAL: To avoid delinquency penalties, license renewal must be made prior to the license entering inactive status. The licensee must submit the following:

(a) Renewal application form;

(b) Payment of required renewal fee pursuant to OAR 331-705-0060;

(c) Attestation of having obtained required biannual continuing education under OAR 331-720-0010 or 331-720-0015, on a form prescribed by the Agency, whether license is current or inactive; and

(d) Attest to having provided the required information to the Oregon Health Authority pursuant to ORS 676.410;

(e) Pay fee established by Oregon Health Authority pursuant to ORS 676.410; and

(f) Information, on a form prescribed by the Agency, permitting the Agency to perform a state criminal background check pursuant to OAR 331-030-0004;

(4) INACTIVE LICENSE RENEWAL: A license may be inactive for up to three years. A licensee who is inactive is not authorized to practice.

When renewing after entering inactive status, the licensee must submit the following:

(a) Renewal application form;

(b) Payment of delinquency and license fees pursuant to OAR 331-705-0060;

(c) Attestation of having obtained required biannual continuing education under OAR 331-720-0010 or 331-720-0015, on a form prescribed by the Agency, whether license is current or inactive;

(d) Attest to having provided the required information to the Oregon Health Authority pursuant to ORS 676.410;

(e) Pay fee established by Oregon Health Authority pursuant to ORS 676.410; and

(f) Information, on a form prescribed by the Agency, permitting the Agency to perform a state criminal background check pursuant to OAR 331-030-0004;

(5) EXPIRED LICENSE: A license that has been inactive for more than three years is expired and the licensee must reapply for licensure and meet the requirements listed in OAR 331-710-0010 or 331-710-0050.

(6) A licensee failing to meet continuing education requirements listed under OAR 331-720-0010 or 331-720-0015 is considered to have an expired license and must reapply and meet requirements pursuant to OAR 331-710-0010 or 331-710-0050.

Oregon Health Authority, Health Licensing Office, Board of Certified Advanced Estheticians
Chapter 819

Rule Caption: Enact rules to certify advanced estheticians and comply with the requirements of HB 2642.

Adm. Order No.: BCAE 1-2016(Temp)

Filed with Sec. of State: 7-1-2016

Certified to be Effective: 7-1-16 thru 12-27-16

Notice Publication Date:

Rules Adopted: 819-005-0000, 819-020-0030, 819-020-0040, 819-020-0050, 819-020-0060, 819-020-0070, 819-020-0080, 819-040-0000

Subject: During the 2015 Legislative Session, House Bill 2642 was enacted, which created the Board of Certified Advanced Estheticians (Board) in Oregon. The purpose of the Board is to oversee and regulate the practice of advanced nonablative esthetics, including the use of lasers and other devices registered with the U.S. Food and Drug Administration. However, according to the bill, the Board does not have the authority to begin meeting or making decisions until July 1, 2016.

As of July 1, 2016 the Health Licensing Office (HLO) must begin issuing certificates to practice non ablative esthetics. Since this is a newly regulated profession there has been little standardized training available to individuals. The legislature contemplated these facts and provided provisions for grandfathering individuals into the profession until December 31, 2017.

In order to establish requirements by July 1, 2016, HLO is filing temporary administrative rules creating a provisional certification with supervision for individuals who need some or all the education training requested under the grandfathering provisions. Education and training requirements are 40 hours of theory and fundamentals and 24 hours in each of the following modalities: skin rejuvenation, photo rejuvenation, body contouring, dyschromia reduction, cellulite reduction, hair removal or reduction, and nonablative tattoo removal.

For individuals who obtained the required training prior to July 1, 2016 or who have worked at least 500 hours under a health care professional whose scope of practice includes non ablative esthetics a temporary certification has been created which does not require supervision.

The legislature approved fees during the 2015 Legislative Session which have been added to the fee schedule within the rule.

Rules Coordinator: Samantha Patnode—(503) 373-1917

819-005-0000
Definitions

As used in OAR 819-005-0000 to 819-040-0000:

(1) "Applicant" means a natural person applying to be certified as a "certified advanced esthetician" as that term is defined in ORS 676.630(2).

(2) "Board" means the Board of Certified Advanced Estheticians.

(3) "Modality" means

(a) Skin rejuvenation;

(b) Photo rejuvenation;

(c) Body contouring;

(d) Dyschromia reduction;

(e) Cellulite reduction;

(f) Hair removal or reduction; and

(g) Nonablative tattoo removal.

(4) "Office" means Health Licensing Office.

(5) "Provisional certificate" means an authorization to perform advanced nonablative esthetics procedures as defined in ORS 676.630(1) under supervision for purposes related to education or training.

(6) "Temporary certificate" means an authorization to practice advanced nonablative esthetics for a limited time.

Stat. Auth.: ORS 676.586, 676.615, 6786.630, 676.655, 2015 OL Ch. 722

819-020-0030
Advanced Esthetician Temporary Certification

(1) A temporary certification authorizes the holder to temporarily practice advanced nonablative esthetics while waiting to pass the Board-approved qualifying examination required under ORS 676.640

(2) A temporary certification is valid through December 31, 2017 or until a permanent certificate is obtained.

Stat. Auth.: ORS 676.586, 676.615, 6786.630, 676.655, 2015 OL Ch. 722

Stats. Implemented: ORS 676.586, 6786.630, 676.655, 2015 OL Ch. 722

819-020-0040
Application Requirements for Temporary Certification

An applicant for a temporary certificate must:

(1) Comply with the requirements of OAR chapter 331 division 30;

(2) Submit a completed application form prescribed by the Office, containing the information listed in OAR 331-030-0000, and payment of all required fees;

(3) Be at least 18 years of age. Applicant must provide to Office official documentation confirming date of birth, such as a copy of the applicant's birth certificate, driver's license, or passport;

(4) Hold an active esthetic certificate through the Oregon Board of Cosmetology pursuant to ORS 690.046-690.047 and be in good standing with no current or pending disciplinary action;

(5) Provide name, license number and address of the Oregon Board of Cosmetology facility listed under ORS 690.005 where advanced nonablative esthetics procedures are performed by the applicant, pursuant to ORS 676.655(2)(a);

(6) Attest to maintaining client disclosure forms that include, at minimum, disclosure of the existence of professional liability insurance, pursuant to ORS 676.655(2)(b)

(7) Submit information identifying the individual with whom the applicant has entered into a collaborative agreement pursuant to ORS 676.655(2)(c). The collaborative agreement must be with one of the following health care professional who holds an active license in good standing with no current or pending disciplinary action:

(a) Physician licensed under ORS Chapter 677;

(b) Nurse practitioner licensed under ORS 678.375 to 678.390;

(c) Dentist licensed under ORS 679 who works at the same location as the certified advanced esthetician and who has the authority to prescribe drugs listed in Schedule III, IV or V; OR

(d) Naturopathic physician licensed under ORS 685 who works at the same location as the certified advanced esthetician and who has the authority to prescribe drugs listed in Schedule III, IV or V.

(8) Submit documentation of qualification for certification through one of the following pathways:

(a) Pathway One: 500 Supervised Hours of Experience — An applicant under pathway one must:

(A) Submit documentation to the Office showing proof of employment for at least 500 hours as a laser operator under the supervision of one of the following licensed health care professionals whose scope of practice includes the practice of advanced nonablative esthetics procedures and whose license is in good standing with no current or pending disciplinary action with the health care professional's respective regulatory body:

(i) A physician licensed under ORS chapter 677;

(ii) A nurse practitioner licensed under ORS 678.375 to 678.390;

(iii) A dentist licensed under ORS 679;

(iv) A naturopathic physician licensed under ORS 685; OR

(b) Pathway Two: 168 Hours of Experience and 40 Hours of Education — An applicant under pathway two must:

(A) Submit documentation showing completion of forty hours of education related to laser theory and fundamentals and twenty-four hours of practical experience in each modality defined under OAR 819-005-0000. Documentation may include but is not limited to manufacturer training certificates, educational transcripts, supervision records signed by a supervisor, employment records and client records.

819-020-0060
Application Requirements for Provisional Certification — Education and Training

An applicant for a provisional certificate must:

(1) Comply with the requirements of OAR chapter 331 division 30;

(2) Submit a completed application form prescribed by the Office, containing the information listed in OAR 331-030-0000, and pay all required fees;

(3) Be at least 18 years of age. Applicant must provide to the Office official documentation confirming date of birth, such as a copy of the applicant's birth certificate, driver's license, or passport;

(4) Hold an active esthetic certificate through the Oregon Board of Cosmetology pursuant to ORS 690.046-690.047 and be in good standing with no current or pending disciplinary action;

(5) Submit information identifying the applicant's proposed supervisor. The proposed supervisor must meet the requirements listed under OAR 819-020-0070(1)(a) or (b);

(6) Provide name, license number and address of the Oregon Board of Cosmetology facility listed under ORS 690.005 where advanced nonablative esthetics procedures are performed by the applicant pursuant to ORS 676.655(2)(a);

(7) Attest to maintaining client disclosure forms that include, but are not limited to, at minimum, disclosure of the existence of professional liability insurance pursuant to ORS 676.655(2)(b)

(8) Submit information identifying the individual with whom the applicant has entered into a collaborative agreement pursuant to ORS 676.655(2)(c). The collaborative agreement must be with one of the following health care professional who holds an active license in good standing with no current or pending disciplinary action:

(a) Physician licensed under ORS Chapter 677;

(b) Nurse practitioner licensed under ORS 678.375 to 678.390;

(c) Dentist licensed under ORS 679 who works at the same location as the certified advanced esthetician and who has the authority to prescribe drugs listed in Schedule III, IV or V; OR

(d) Naturopathic physician licensed under ORS 685 who works at the same location as the certified advanced esthetician and who has the authority to prescribe drugs listed in Schedule III, IV or V.

819-020-0070
Supervisor Approval and Requirements

(1) To be approved as a supervisor of a provisional certificate holder, an individual must:

(a) Hold an active license as a physician under ORS Chapter 677, a nurse practitioner licensed under ORS 678.375 to 678.390, a dentist licensed under ORS 679, a or naturopathic physician licensed under ORS 685, and whose scope of practice includes the practice of advanced nonablative esthetic procedures. The supervisor must have no current or pending disciplinary action with a regulatory body; and

(A) Attest to practicing advanced nonablative esthetics for at least three years prior to the date of application in the modality in which they will be supervising the provisional certificate holder; OR

(b) Hold an active esthetic certificate through the Oregon Board of Cosmetology pursuant to ORS 690.046-690.047 and be in good standing with no current or pending disciplinary action;

(A) Hold an active permanent or temporary advanced nonablative esthetics certification under ORS 676.630 to 676.660 through the Board of Certified Advanced Estheticians with no current or pending disciplinary action with the Office;

(B) Attest to practicing advanced nonablative esthetics for at least three years prior to the date of application in the modality for which they will be supervising the provisional certificate holder.

(2) For each modality, the supervisor must do, at a minimum, (a)–(c):

(a) Directly supervise the provisional certificate holder for at least the first ten hours of supervision. Direct supervision means the supervisor is present in the facility and actively involved in direct oversight and training including allowing the provisional certificate holder to assist in the procedure;

(b) Indirectly supervise the provisional certificate holder for at least the next fourteen hours of procedures. Indirect supervision is being available for direct consultation in person or from offsite including but not limited to phone or video conferencing; and

(c) Upon completion of the above twenty-four hours listed in (a) through (b) of this rule in a modality, or additional hours if required by a supervisor under (6), the provisional certificate holder must meet with the supervisor in that modality at least once every 30 days to discuss the provisional certificate holder's procedures and questions, and provide information on contraindications and appropriate referrals or consultations.

(d) At the option of the supervisor if the provisional certificate holder has obtained at least twenty-four hours of practical experience in the modality the supervisor is supervising

(3) The supervisor must have the provisional certificate holder obtain at least forty hours of education in laser theory and fundamentals listed in the 2011 American National Standard Z136.1 and American National Standards Laser Safety Education Program Z136.3. The education must include the following topics:

(a) The Laser

(A) Physics and biological effects

(B) Dosimetry and beam parameters

(C) Components of the laser system, delivery devices, and instrumentation

(D) Overview of clinical applications

(b) Administrative Controls

(A) Laser committee

(B) Role of the LSO, DLSO, LSSC

(C) Development of policies and procedures

(D) Documentation methods

(E) Regulations, standards and recommended professional practices

(F) Certification criteria and skills validation

(c) Procedural Controls

(A) Controlled access

(B) Eye protection

(C) Reflection hazards

(D) Flammability hazards and draping

(E) Electrical safety

(F) Management of plume

(G) Equipment testing, aligning, and troubleshooting

(4) A supervisor must exercise management, guidance, and control over the activities of the provisional certificate holder and must use reasonable professional judgment when supervising. A supervisor is responsible for all matters related to the provisional certificate holder's advanced nonablative esthetics procedures.

(5) A supervisor must document the provisional certificate holder's education and training on a form prescribed by the Office.

(6) A supervisor must provide the supervision described under subsection (2) of this rule in the modality in which they are supervising for the duration of time the individual holds a provisional certificate.

(7) If the supervisor determines the provisional certificate holder needs further direct or indirect supervision, the supervisory may require hours in addition to what is described under subsection (2) of this rule

(8) The supervisor may require supervision in addition to what is described under subsection (2) of this rule.

(9) A supervisor must notify the Office in writing within 10 calendar days if a provisional certificate holder is no longer being supervised, and must provide the number of hours of education and training the provisional certificate holder completed on a form prescribed by the Office.

(10) The Office may withdraw its approval of a supervisor if the supervisor provides incomplete or inadequate education or training during supervision, provides incompetent or negligent education or training, as those terms are defined in OAR 331-020-0070, fails to exercise management, guidance, and control over the activities of the provisional certificate holder, fails to exercise reasonable professional judgment when supervising, is disciplined by the supervisor's licensing board, or falsifies documentation.

819-020-0080
Requirements for a Provisional Certificate Holder

(1) For each modality, the provisional certificate holder must:

(a) For at least the first ten hours of supervision, the provisional certificate holder must assist the supervisor performing procedures in a modality under the supervisor's direct supervision as described under OAR 819-020-0070;

(b) For at least the next fourteen hours of supervision, the provisional certificate holder must perform services under the supervisor's indirect supervision, as described under OAR 819-020-0070.

(c) Upon completion of the above twenty-four hours in a modality listed in (a) and (b) of this rule, or additional hours if required by a supervisor or additional hours if required by a supervisor. The provisional certificate holder must meet with the supervisor in that modality at least once every 30 days to discuss the provisional certificate holder's procedures and questions, and provide information on contraindications and appropriate referrals or consultations.

(2) The provisional certificate holder must obtain at least forty hours of education in laser theory and fundamentals listed in the 2011 American National Standard Z136.1 and American National Standards Laser Safety Education Program Z136.3. The education must include the following topics:

(a) The Laser:

(A) Physics and biological effects;

(B) Dosimetry and beam parameters;

(C) Components of the laser system, delivery devices, and instrumentation;

(D) Overview of clinical applications.

(b) Administrative Controls:

(A) Laser committee;

(B) Role of the LSO, DLSO, LSSC;

(C) Development of policies and procedures;

(D) Documentation methods;

(E) Regulations, standards and recommended professional practices;

(F) Certification criteria and skills validation.

(c) Procedural Controls:

(A) Controlled access;

(B) Eye protection;

(C) Reflection hazards;

(D) Flammability hazards and draping;

(E) Electrical safety;

(F) Management of plume;

(G) Equipment testing, aligning, and troubleshooting.

(3) A provisional certificate holder must notify the Office within 10 calendar days of changing a supervisor or obtaining an additional supervisor.

(4) A provisional certificate holder is prohibited from practicing in a modality until the supervisor, having experience in that modality, is approved by the Office.

819-040-0000
Fees

(1) An applicant or authorization holder is subject to provisions of OAR 331-010-0010 and 331-010-0020 regarding payment of fees, penalties and charges.

(2) Fees established by the Health Licensing Office, are as follows:

(a) Application for Provisional Certification: $100

(b) Original Provisional Certification: $100

(c) Application for Temporary Certification: $100.

(d) Original Temporary Certification: $100

(3) An applicant applying for a temporary certification who previously held a provisional certification may be granted a $100 certification fee discount through January 1, 2018. The certification fee discount is available to individuals who meet all application requirements for a temporary advanced esthetic certification under OAR 819-020-0040 and reside in Oregon. An application fee of $100 for temporary certification must be paid in order to be granted the $100 certification fee discount.

Oregon Health Authority, Health Policy and Analytics
Chapter 409

Rule Caption: Amendments to the All Payer All Claims data reporting program rules.
Adm. Order No.: OHP 10-2016
Filed with Sec. of State: 6-22-2016
Certified to be Effective: 1-1-17
Notice Publication Date: 6-1-2016
Rules Amended: 409-025-0100, 409-025-0110, 409-025-0120, 409-025-0130, 409-025-0150
Subject: The Oregon Health Authority is amending these rules in order to update language and align data collection requirements with program needs, OHA priorities, and statutory requirements. The Authority is adding two new required appendices. Appendix G captures every Billing Provider or Organization with a place of business in Oregon, and account for all primary care and non-primary care related dollars disbursed to each of them by the type of payment arrangements in place. Appendix H collects summary data pertaining to Appendix G, such as record counts, which will be used to confirm that the data file is received and loaded correctly.
Rules Coordinator: Zarie Haverkate—(503) 931-6420

409-025-0100
Definitions

The following definitions apply to OAR 409-025-0100 to 409-025-0170:

(1) "Accident policy" means an insurance policy that provides benefits only for a loss due to accidental bodily injury.

(2) "Allowed amount" means the actual amount of charges for healthcare services, equipment, or supplies that are covered expenses under the terms of an insurance policy or health benefits plan.

(3) "Annual supplemental provider level APM summary file" means a data set composed of total and primary care-related dollars disbursed, by payment arrangement and line of business, to billing providers and organizations with a place of business in Oregon.

(4) "APAC" means all payer all claims.

(5) "APM" means alternative payment method.

(6) "Association" means any organization, including a labor union, that has an active existence for at least one year, that has a constitution and bylaws and that has been organized and is maintained in good faith primarily for purposes other than that of obtaining insurance.

(7) "Attending provider" means the individual health care provider who delivered the health care services, equipment, or supplies specified on a health care claim.

(8) "Authority" means the Oregon Health Authority.

(9) "Billing provider" means the individual or entity that submits claims for health care services, equipment, or supplies delivered by an attending provider.

(10) "Capitated services" means services rendered by a provider through a contract in which payments are based upon a fixed dollar amount for each enrolled member on a monthly basis.

(11) "Carrier" shall have the meaning given that term in ORS 743.730.

(12) "Certificate of authority" shall have the meaning given that term in ORS 731.072.

(13) "Charges" means the actual dollar amount charged on the claim.

(14) "Claim" means an encounter or request for payment under the terms of an insurance policy, health benefits plan, Medicare, or Medicaid.

(15) "Co-insurance" means the percentage an enrolled member pays toward the cost of a covered service.

(16) "Coordinated Care Organization (CCO)" shall have the meaning given that term in ORS 414.025.

(17) "Co-payment" means the fixed dollar amount an enrolled member pays to a health care provider at the time a covered service is provided or the full cost of a service when that is less than the fixed dollar amount.

(18) "Data file" means electronic health information including medical claims files, eligibility files, medical provider files, pharmacy claims files, control totals files, subscriber-billed premiums files, APM files and any other related information specified in these rules.

(19) "Data set" means a collection of individual data records, whether in electronic or manual files.

(20) "DCBS" means the Oregon Department of Consumer and Business Services.

(21) "Deductible" means the total dollar amount an enrolled member pays toward the cost of covered services over an established period of time before the carrier or third-party administrator makes any payments under an insurance policy or health benefit plan.

(22) "De-identified health information" means health information that does not identify an individual and with respect to which there is no reasonable basis to believe that the information can be used to identify an individual.

(23) "Direct personal identifier" means information relating to an individual patient or enrolled member that contains primary or obvious identifiers, including:

(a) Names;

(b) Business names when that name would serve to identify a person;

(c) Postal address information other than town or city, state, and 5-digit zip code;

(d) Specific latitude and longitude or other geographic information that would be used to derive postal address;

(e) Telephone and fax numbers;

(f) Electronic mail addresses;

(g) Social security numbers;

(h) Vehicle identifiers and serial numbers, including license plate numbers;

(i) Medical record numbers;

(j) Health plan beneficiary numbers;

(k) Certificate and license numbers;

(l) Internet protocol (IP) addresses and uniform resource locators (URL) that identify a business that would serve to identify a person;

(m) Biometric identifiers, including finger and voice prints; and

(n) Personal photographic images.

(24) "Disability policy" means an insurance policy that provides benefits for losses due to a covered illness or disability.

(25) "Disclosure" means the release, transfer, provision of access to, or divulging in any other manner of information outside the entity holding the information.

(26) "DRC" means Data Review Committee.

(27) "Dual eligible special needs plan" means a special needs plan that enrolls beneficiaries entitled to both Medicare and Medicaid.

(28) "Eligibility file" means a data set containing demographic information for each individual enrolled member eligible for medical benefits for one or more days of coverage at any time during a calendar month for an Oregon resident as defined in ORS 803.355, a non-Oregon resident who is a member of a PEBB or OEBB group health insurance plan, or services provided in Oregon.

(29) "Eligible employee" shall have the meaning given that term in ORS 743.730.

(30) "Employee" shall have the meaning given that term in ORS 654.005.

(31) "Employer" shall have the meaning given that term in ORS 654.005.

(32) "Encrypted identifier" means a code or other means of identification to allow individual patients or enrolled members to be tracked across data sets without revealing their identity.

(33) "Encryption" means a method by which the true value of data has been disguised in order to prevent the identification of individual patients or enrolled members and does not provide the means for recovering the true value of the data.

(34) "Enrolled member" means enrollee as defined in ORS 743.730.

(35) "ERISA" means the Employee Retirement Income Security Act of 1974 (ERISA), 29 U.S.C. § 1001

(36) "Facility" means a health care facility as defined in ORS 442.015.

(37) "Genetic test" shall have the meaning given that term in ORS 192.531.

(38) "Group health insurance" shall have the meaning given that term in ORS 731.098.

(39) "Health benefit plan" shall have the meaning given that term in ORS 743.730.

(40) "Health care" shall have the meaning given that term in ORS 192.556.

(41) "Health care operations" means certain administrative, financial, legal, and quality improvement activities that are necessary to run programs including, but not limited to, conducting quality assessment and improvement activities, population-based activities relating to improving health or reducing health care costs, case management and care coordination, evaluating practitioner, provider, or health plan performance, and underwriting, enrollment, premium rating and other activities related to creation, renewal, or replacement of a health insurance contract.

(42) "Health care provider" shall have the meaning given that term in ORS 192.556.

(43) "Health information" shall have the meaning given that term in ORS 192.556.

(44) "Health insurance exchange" shall have the meaning given that term in ORS 741.300.

(45) "Healthcare Common Procedure Coding System (HCPCS)" means a medical code set, maintained by the United States Department of Health and Human Services, that identifies health care procedures, equipment, and supplies for claim submission purposes.

(46) "HIPAA" means Title II, Subtitle F of the Health Insurance Portability and Accountability Act of 1996, 42 USC 1320d, et seq. and the federal regulations adopted to implement the Act.

(47) "Hospital indemnity policy" means an insurance policy that provides benefits only for covered hospital stays.

(48) "Indirect personal identifier" means information relating to an individual patient or enrolled member that a person with appropriate knowledge of and experience with generally accepted statistical and scientific principles and methods could apply to render such information individually identifiable by using such information alone or in combination with other reasonably available information.

(49) "Individual", when used in a list of required lines of business, means individual health benefit plans.

(50) "Individually identifiable health information" shall have the meaning given that term in ORS 192.556.

(51) "Insurance" shall have the meaning given that term in ORS 731.102.

(52) "Labor union" means any organization which is constituted for the purpose, in whole or in part, of collective bargaining or dealing with employers concerning grievances, terms or conditions of employment or of other mutual aid or protection in connection with employees.

(53) "Large group" means health benefit plans for employers with more than 50 employees.

(54) "Limited data set" means protected health information that excludes direct personal identifiers and is disclosed for research, health care operations, or to a public health authority for public health purposes.

(55) "Long-term care insurance" shall have the meaning given that term in ORS 743.652.

(56) "Managed care organization" (MCO) means a prepaid managed care health services organization as defined in ORS 414.736.

(57) "Mandatory reporter" means any reporting entity defined as a mandatory reporter in OAR 409-025-0110.

(58) "Medicaid" means medical assistance provided under 42 U.S.C. section 1396a (section 1902 of the Social Security Act), as administered by the Division of Medical Assistance Programs.

(59) "Medicaid fee-for-service"(Medicaid FFS) means that portion of Medicaid where a health care provider is paid a fee for each covered health care service delivered to an eligible Medicaid patient.

(60) "Medical claims file" means a data set composed of health care service level remittance information for all adjudicated claims for each

billed service including but not limited to member demographics, provider information, charge and payment information, and clinical diagnosis and procedure codes for an Oregon resident as defined in ORS 803.355, a non-Oregon resident who is a member of a PEBB or OEBB group health insurance plan, or services provided in Oregon.

(61) "Medical provider file" means a data set containing information about health care providers providing health care services, equipment, or supplies to enrolled members during the reporting period.

(62) "Medicare" means coverage under Part A, Part B, Part C, or Part D of Title XVIII of the Social Security Act, 42 U.S.C. 1395 et seq., as amended.

(63) "Medicare Modernization Act" means the Medicare Prescription Drug, Improvement, and Modernization Act of 2003(Public Law 108-173) and the federal regulations adopted to implement the Act.

(64) "OEBB" means the Oregon Educators Benefit Board.

(65) "OMIP" means the Oregon Medical Insurance Pool.

(66) "Patient" means any person in the data set who is the subject of the activities of the claim performed by the health care provider.

(67) "Paid amount" means the actual dollar amount paid for claims.

(68) "PEBB" means the Oregon Public Employees' Benefit Board.

(69) "Person" shall have the meaning given that term in ORS 731.116.

(70) "Pharmacy benefit manager (PBM)" means a person or entity that performs pharmacy benefit management, including a person or entity in a contractual or employment relationship with a person or entity performing pharmacy benefit management for a health benefits plan.

(71) "Pharmacy claims file" means a data set containing service level remittance information from all adjudicated claims including, but not limited to, enrolled member demographics, provider information, charge and payment information, and national drug codes for an Oregon resident as defined in ORS 803.355, a non-Oregon resident who is a member of a PEBB or OEBB group health insurance plan, or services provided in Oregon.

(72) "Pharmacy eligibility file" means a data set containing demographic information for each individual enrolled member eligible for pharmacy benefits for one or more days of coverage at any time during a calendar month for an Oregon resident as defined in ORS 803.355, a non-Oregon resident who is a member of a PEBB or OEBB group health insurance plan, or services provided in Oregon.

(73) "Policy" shall have the meaning given that term in ORS 731.122.

(74) "Prepaid amount" means the fee for the service equivalent that would have been paid for a specific service if the service had not been capitated.

(75) "Premium" shall have the meaning given that term in ORS 743.730.

(76) "Principal investigator (PI)" means the person in charge of a research project that makes use of limited data sets. The PI is the custodian of the data and shall comply with all state and federal restrictions, limitations, and conditions of use associated with the data release.

(77) "Protected health information" shall have the meaning given that term in ORS 192.519.

(78) "Public health authority" means the Public Health Division of the Authority or local public health authority as defined in ORS 431.260.

(79) "Public health purposes" means the activities of a public health authority for the purpose of preventing or controlling disease, injury, or disability including, but not limited to, the reporting of disease, injury, vital events such as birth or death, and the conduct of public health surveillance, investigations, and interventions.

(80) "Public use data set" means a publicly available data set of de-identified health information containing only the data elements specified by the Authority for inclusion.

(81) "Registered entity" means any person required to register with DCBS under ORS 744.714.

(82) "Reporting entity" means:

(a) An insurer as defined in ORS 731.106 or fraternal benefit society as defined in ORS 748.106 required to have a certificate of authority to transact health insurance business in Oregon.

(b) A health care service contractor as defined in ORS 750.005 that issues medical insurance in Oregon.

(c) A third-party administrator required to obtain a license under ORS 744.702.

(d) A pharmacy benefit manager or fiscal intermediary, or other person that is by statute, contract, or agreement legally responsible for payment of a claim for a health care item or service.

(e) A prepaid managed care health services organization as defined in ORS 414.736.

(f) An insurer providing coverage funded under Part A, Part B, or Part D of Title XVIII of the Social Security Act, subject to approval by the United States Department of Health and Human Services.

(83) "Research" means a systematic investigation, including research development, testing and evaluation, designed to develop or contribute to generalized knowledge.

(84) "Self-insured plan" means any plan, program, contract, or any other arrangement under which one or more employers, unions, or other organizations provide health care services or benefits to their employees or members in this state, either directly or indirectly through a trust or third-party administrator.

(85) "Small employer health insurance" means health benefit plans for employers whose workforce consists of at least two but not more than 50 eligible employees.

(86) "Special Needs Plan" means a Medicare health benefit plan created by the Medicare Modernization Act that is specifically designed to provide targeted care to individuals with special needs.

(87) "Specific disease policy" means an insurance policy that provides benefits only for a loss due to a covered disease.

(88) "Strongly-encrypted" means an encryption method that uses a cryptographic key with a large number of random keyboard characters.

(89) "Subscriber" means the individual responsible for payment of premiums or whose employment is the basis for eligibility for membership in a health benefit plan.

(90) "Summarized data" means data aggregated by one or more categories. Summarized data created from protected health information may not contain direct or indirect identifiers.

(91) "Third-party administrator (TPA)" means any person who directly or indirectly solicits or effects coverage of, underwrites, collects charges or premiums from, or adjusts or settles claims on, residents of Oregon or residents of another state from offices in Oregon, in connection with life insurance or health insurance coverage; or any person or entity who must otherwise be licensed under ORS 744.702.

(92) "Transact insurance" shall have the meaning given that term in ORS 731.146.

(93) "Trust" means a fund established by two or more employers in the same or related industry or by one or more labor unions or by one or more employers and one or more labor unions or by an association.

(94) "Vision policy" means a health benefits plan covering only vision health care.

(95) "Voluntary reporter" means any registered or reporting entity, other than a mandatory reporter, that voluntarily elects to comply with the reporting requirements in OAR 409-025-0100 to 409-025-0170.

General Reporting Requirements

(1) Definition of "mandatory reporter"

(a) For carriers and licensed third-party administrators, the Authority shall identify mandatory reporters using information collected by DCBS including, but not limited to, data from the Health Insurance Member Enrollment Report.

(A) The Authority shall aggregate the most recent four quarters of data.

(B) The Authority shall calculate the mean total lives for each carrier and licensed third-party administrator.

(C) All carriers and licensed third-party administrators with calculated mean total lives of 5,000 or higher shall be mandatory reporters.

(b) All PBMs shall be mandatory reporters.

(c) All MCOs shall be mandatory reporters.

(d) All CCOs shall be mandatory reporters.

(e) All reporting entities with Dual Eligible Special Needs Plans in Oregon shall be mandatory reporters.

(f) All insurers providing coverage funded under Part A, Part B or Part D of Title XVIII of the Social Security Act, subject to approval by the United States Department of Health and Human Services.

(g) All insurers offering a health benefits plan in Oregon's health insurance exchange shall be mandatory reporters.

(2) Voluntary reporters may elect to participate by notifying the Authority in writing.

(3) Mandatory and voluntary reporters shall submit data files for all required lines of business. They may submit data files for the voluntary lines of business and may not submit data files for any excluded lines of business.

(a) Required lines of business include:

(A) Medicare (parts C and D);

(B) Medicaid;

(C) Individual;

(D) Small employer health insurance;

(E) Large group;

(F) Associations and trusts;

(G) PEBB and OEBB group health insurance plans; and

(H) Self-insured plans not subject to ERISA.

(b) Voluntary lines of business include self-insured plans subject to ERISA.

(c) Excluded lines of business include:

(A) Accident policy;

(B) Dental insurance;

(C) Disability policy;

(D) Hospital indemnity policy;

(E) Long-term care insurance;

(F) Medicare supplemental insurance;

(G) Specific disease policy;

(H) Stop-loss plans;

(I) Student health policy;

(J) Vision-only insurance; and

(K) Workers compensation.

(4) Mandatory and voluntary reporters shall comply with data file layout, format, and coding requirements in OAR 409-025-0120.

(5) Mandatory and voluntary reporters shall comply with data submission requirements in OAR 409-025-0130.

(6) Unless otherwise required by state or federal rules, regulations or statutes, mandatory and voluntary reporters may not submit claims subject to stricter disclosure limits imposed by state or federal rules, regulations, or statutes.

(7) The Authority shall provide written notification by July 1 of each year to all mandatory reporters subject to the reporting requirements of OAR 409-025-0100 to 409-025-0170 for the following calendar year.

Hist.: OHP 1-2010, f. 2-26-10, cert. ef. 3-1-10; OHP 4-2012, f. 5-23-12, cert. ef. 6-1-12; OHP 5-2012(Temp), f. 6-23-12, cert. ef. 6-1-12 thru 11-15-12; OHP 6-2012; f. 6-26-12, cert. ef. 7-9-12; OHP 1-2016, f. & cert. ef. 1-5-16; OHP 10-2016, f. 6-22-16, cert. ef. 1-1-17

409-025-0120

Data File Layout, Format, and Coding Requirements

(1) All data files shall include:

(a) Medical claims;

(b) Eligibility;

(c) Medical provider;

(d) Pharmacy claims;

(e) Control totals;

(f) Subscriber billed premiums;

(g) Annual supplemental provider level APM summary; and

(h) Control totals for annual supplemental provider level APM summary.

(2) The medical claims file shall be submitted using the approved layout, format, and coding described in Appendix A.

(3) The eligibility file shall be submitted using the approved layout, format, and coding described in Appendix B.

(a) Mandatory reporters shall report race and ethnicity data as outlined in Appendix B. This layout aligns with the Office of Management and Budget's (OMB) Federal Register Notice of October 30, 1997 (62 FR 58782-58790).

(b) Mandatory reporters shall report primary language in accordance with ANSI/NISO guidance using the three-character string outlined in Codes for the Representation of Languages for Information Interchange.

(c) Race, ethnicity and primary language data shall be collected in a manner that aligns with the following principles:

(A) To the greatest extent practicable, race, ethnicity, and preferred language shall be self-reported.

(i) Collectors of race, ethnicity and primary language data may not assume or judge ethnic and racial identity or preferred signed, written and spoken language, without asking the individual.

(ii) If an individual is unable to self-report and a family member, advocate, or authorized representative is unable to report on his or her behalf, the information shall be recorded as unknown.

(B) When an individual declines to identify race, ethnicity or preferred language, the information shall be reported as refused.

(4) The medical provider file shall be submitted using the approved layout, format, and coding described in Appendix C.

(5) The pharmacy claims file shall be submitted using the approved layout, format, and coding described in Appendix D.

(6) The control totals file shall be submitted using the approved layout, format, and coding described in Appendix E.

(7) The subscriber billed premium file shall be submitted using the approved layout, format, and coding described in Appendix F.

(8) The annual supplemental provider level APM summary file shall be submitted using the approved layout, format, and coding described in Appendix G.

(9) The control totals for annual supplemental provider level APM summary file shall be submitted using the approved layout, format, and coding described in Appendix H.

(10) All data elements are required unless specified as optional or situational.

(11) All required data files shall be submitted as delimited ASCII files.

(12) Numeric data are positive integers unless otherwise specified.

(a) Negative values are allowed for revenue codes, quantities, charges, payment, co-payment, co-insurance, deductible, and prepaid amount.

(b) Negative values shall be preceded by a minus sign.

(13) The Authority shall convene a technical advisory group to advise the Authority and associated contractors on submission specifications including but not limited to Appendices A-H, Schedule A and any additional data submission requirements. The advisory group shall include, but is not limited to representatives from:

(a) Mandatory reporters;

(b) Providers;

(c) Researchers, and;

(d) Other stakeholders and interested parties.

(14) All data files shall pass edit checks and validations implemented by the Authority or the data vendor.

(a) Data vendors may perform quality and edit checks on data file submissions. If data files do not pass data vendor edit checks or validation, mandatory reporters must make corrections and resubmit data. Mandatory reporters must submit corrected data or an exception request within 14 calendar days of notification of error.

(b) Mandatory reporters must participate in efforts to validate and check the quality of current and historic APAC data, as prescribed and requested by the Authority.

(A) The Authority may request from mandatory reporters information from their internal records that is reasonably necessary to validate and check the quality of APAC data. This information may include, but is not limited to, aggregated number of enrolled members, number of claims and claim lines, charges, allowed amounts, paid amounts, co-insurance, co-payments, premiums, number of visits to primary care, emergency department, inpatient, and other health care treatment settings, and number of prescriptions.

(B) Mandatory reporters shall provide the aggregated information within 30 days of the Authority's request.

(C) If the Authority finds errors through edit checks or validation, mandatory reporters must make corrections and resubmit data or submit an exception request within 30 days or at the next regularly scheduled submission due date.

Data Submission Requirements

(1) Mandatory reporters shall submit data files as specified in Schedule A. Voluntary reporters may consult with the Authority to submit healthcare claims data files on an alternative schedule.

(2) Mandatory and voluntary reporters shall submit data files directly to the data vendor unless otherwise specified by the Authority.

(3) Mandatory and voluntary reporters shall transmit data files using one of the following approved processes:

(a) Secure file transfer protocol (SFTP) including separate strong encryption of data files prior to SFTP transmission; or

(b) Any process incorporating strong encryption that is approved in writing by both the Authority and the data vendor.

Compliance and Enforcement

Penalties for failure to comply shall be enforced by the Authority.

(1) Unless approved by a waiver or exception, failure to comply with general reporting requirements shall include but is not limited to:

(a) Failure to submit data files for a required line of business; and

(b) Submitting health information for an excluded line of business.

(2) Unless approved by a waiver or exception, failure to comply with data file requirements shall include but is not limited to:

(a) Submitting a data file in an unapproved layout;

(b) Submitting a data element in an unapproved format;

(c) Submitting a data element with unapproved coding;

(d) Failure to submit a required data element; or

(e) Failure to comply with validation and quality control efforts, including resubmitting or correcting data as requested by the Authority.

(3) Unless approved by a waiver or exception, failure to comply with data submission requirements shall include but is not limited to:

(a) Failure to submit test files as specified by the data vendor;

(b) Submitting data files later than five days after the submission due date as outlined in Schedule A;

(c) Rejection of a data file by the data vendor that is not resubmitted or corrected by the submitter within 14 calendar days from notification of error; or

(d) Transmitting data files using an unapproved process.

(4) The Authority shall provide mandatory reporters written notification of each failure to comply.

(5) The Authority may impose fines of up to $500 per day for each failure to comply that is not resolved within 30 calendar days of written notification.

(6) If a mandatory reporter has made documented efforts to comply with these rules, the Authority may consider this a mitigating factor before imposing regulatory action against the mandatory reporter.

Rule Caption: Establishes rules relating to Primary Care Services Reporting by Coordinated Care Organizations
Adm. Order No.: OHP 11-2016
Filed with Sec. of State: 7-8-2016
Certified to be Effective: 7-8-16
Notice Publication Date: 6-1-2016
Rules Adopted: 409-027-0005, 409-027-0015, 409-027-0025
Subject: The Oregon Health Authority needs to adopt rules to implement the requirements of House Bill 4017 (2016 legislature) which amended Chapter 575, Section 3 of 2015 Oregon Laws (SB 231). The laws require non-claims based primary care expenditures and non-claims based total health care expenditures must be reported to the Oregon Health Authority by Coordinated Care Organizations. These rules define the type of providers and data to be reported to the Authority by October 1 of each year through December 31, 2018.
Rules Coordinator: Zarie Haverkate—(503) 931-6420

409-027-0005
Purpose and Scope

These rules (OAR 409-027-0005 to 409-027-0025) define primary care services that must be reported by all Coordinated Care Organizations to the Oregon Health Authority no later than October 1 of 2016–2018 for the prior calendar year's data. The findings generated from these reports will be presented to the legislature no later than February 1 of 2017 - 2020.

Stat. Auth: 413.042; Sec. 1 to 4, Ch. 575, OL 2015; and Sec. 7, Ch. 26, OL 2016
Stats. Implemented: Sec. 1 to 4, Ch. 575, OL 2015; and Sec. 7, Ch. 26, OL 2016
Hist.: OHP 11-2016, f. & cert. ef. 7-8-16

409-027-0015
Definitions

The following definitions apply:

(1) "Authority" means the Oregon Health Authority.

(2) "Coordinated care organization (CCO)" has the meaning given that term in ORS 414.025.

(3) "Non-claims based primary care expenditures" means resources given to a primary care provider or practice for the following services or arrangements:

(a) Capitation and salaried arrangements with primary care providers or practices not billed or captured through claims.

(b) Risk-based reconciliation for arrangements with primary care providers or practices not billed or captured through claims.

(c) Payments to Patient-Centered Primary Care Homes or Patient-Centered Medical Homes based upon that recognition or payments for participation in proprietary or other multi-payer medical home initiatives.

(d) Retrospective incentive payments to primary care providers or practices based on performance aimed at decreasing cost or improving value for a defined population of patients.

(e) Prospective incentive payments to primary care providers or practices aimed at developing capacity for improving care for a defined population of patients.

(f) Payments for Health Information Technology structural changes at a primary care practice such as electronic records and data reporting capacity from those records.

(g) Workforce expenses including payments or expenses for supplemental staff or supplemental activities integrated into the primary care practice such as practice coaches, patient educators, patient navigators, and nurse care managers.

(4) "Non-claims based total health care expenditures" means resources given to a provider or practice for the following services or arrangements:

(a) Capitation or salaried arrangements with providers or practices not billed or captured through claims.

(b) Risk-based reconciliation for arrangements with providers or practices not billed or captured through claims.

(c) Payments to Patient-Centered Primary Care Homes, Patient-Centered Medical Homes, or Patient-Centered Specialty Practices based upon that recognition or payments for participation in proprietary or other multi-payer medical home or specialty care practice initiatives.

(d) Retrospective incentive payments to providers or practices based on performance aimed at decreasing cost or improving value for a defined population of patients.

(e) Prospective incentive payments to providers or practices aimed at developing capacity for improving care for a defined population of patients.

(f) Payments for Health Information Technology structural changes at a practice such as electronic records and data reporting capacity from those records.

(g) Workforce expenses including payments or expenses for supplemental staff or supplemental activities integrated into the practice such as practice coaches, patient educators, patient navigators, and nurse care managers.

(5) "Patient-Centered Medical Home (PCMH)" means a practice or provider who has been recognized as such by the National Committee for Quality Assurance.

(6) "Patient-Centered Primary Care Home (PCPCH)" means a health care team or clinic as defined in ORS 414.655, meets the standards pursuant to OAR 409-055-0040, and has been recognized through the process pursuant to OAR 409-055-0040.

(7) "Patient Centered Specialty Practice (PCSP)" means a practice or provider who has been recognized as such by the National Committee for Quality Assurance.

(8) "Practice" means an individual, facility, institution, corporate entity, or other organization which provides direct health care services or items, also termed a performing provider, or bills, obligates and receives reimbursement on behalf of a performing provider of services, also termed a billing provider (BP). The term provider refers to both performing providers and BPs unless otherwise specified.

(9) "Primary care" means family medicine, general internal medicine, naturopathic medicine, obstetrics and gynecology, pediatrics or general psychiatry.

(10) "Primary care provider" means:

(a) A physician, naturopath, nurse practitioner, physician assistant or other health professional licensed or certified in this state, whose clinical practice is in the area of primary care.

(b) A health care team or clinic certified by the Authority as a PCPCH.

409-027-0025
Coordinated Care Organization (CCO) Reporting Requirements

(1) No later than October 1 of each year from 2016 through 2018 each CCO shall submit all non-claims based primary care expenditures as defined in OAR 409-027-0020 for the prior calendar year's data [Example: January 1, 2015 through December 31, 2015 data needs to be submitted by October 1, 2016] using the approved file layout and format available at: http://www.oregon.gov/OHA/OHPR/pages/rulemaking/index.aspx.

(2) No later than October 1 of each year from 2016 through 2018 each CCO shall submit all non-claims based total health care expenditures as defined in OAR 409-027-0020 for the prior calendar year's data [Example: January 1, 2015 through December 31, 2015 data needs to be submitted by October 1, 2016] using the approved file layout and format available at: http://www.oregon.gov/OHA/OHPR/pages/rulemaking/index.aspx.

(3) Each category included in the approved file format is mutually exclusive; therefore, expenditures shall only be accounted for in one category.

(4) Claims-based primary care and total health care expenditures will be calculated for each CCO by the Authority using data from the Authority's All-Payer All-Claims Database.

(5) Expenditures for services or activities outside the primary care setting, regardless of a primary care capacity building intent, are not considered primary care expenditures for purposes of this report.

NOTE: Other CCO rules can be found at OAR 410-141-3000 to 410-141-3485

Oregon Health Authority, Health Systems Division: Addiction Services Chapter 415

Rule Caption: Temporary amendments to OAR 415-012 titled "Licensure of Alcohol and Other Drug Abuse Treatment Programs".
Adm. Order No.: ADS 2-2016(Temp)
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 7-1-16 thru 12-27-16
Notice Publication Date:
Rules Amended: 415-012-0000, 415-012-0010, 415-012-0020, 415-012-0030, 415-012-0035, 415-012-0040, 415-012-0050, 415-012-0055, 415-012-0060, 415-012-0065, 415-012-0067, 415-012-0070, 415-012-0090
Subject: These rules establish procedures for the residential licensure of the following:

(1) Any substance use disorder service provider which is, or seeks to be, contractually affiliated with the Health Systems Division (HSD), a Coordinated Care Organization, or a local mental health authority for the purpose of providing residential alcohol and other drug abuse treatment and prevention services;

(2) Any service provider using public funds in the provision of residential substance use disorder prevention, intervention, or treatment services in Oregon;

(3) Performing providers under AMH rules OAR 309-016-0000 through 309-016-0120;

(4) Organizations seeking approval from the Division for provision of residential services as provided in ORS 430.010 and 443.400 or detoxification services under ORS 430.306; or

(5) Alcohol and drug evaluation specialists designated to do Driving Under the Influence of Intoxicants (DUII) diagnostic screenings and assessments under ORS 813.020 and 813.260.

Scope. These rules do not establish procedures for regulating behavioral health care practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes. These rules do not establish procedures for regulating practices exclusively comprised of behavioral healthcare practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes. These rules do not establish procedures for regulating behavioral health treatment services.
Rules Coordinator: Nola Russell—(503) 945-7652

415-012-0000
Purpose and Scope

Purpose. These rules establish procedures for the residential licensure of the following:

(1) Any substance use disorder service provider which is, or seeks to be, contractually affiliated with the Health Systems Division (HSD), a Coordinated Care Organization, or a local mental health authority for the purpose of providing residential alcohol and other drug abuse treatment and prevention services;

(2) Any service provider using public funds in the provision of residential substance use disorder prevention, intervention, or treatment services in Oregon;

(3) Performing providers under HSD rules OAR 410-172-0600 through 410-172-0860;

(4) Organizations seeking approval from the Division for provision of residential services as provided in ORS 430.010 and 443.400 or detoxification services under ORS 430.306; or

(5) Alcohol and drug evaluation specialists designated to do Driving Under the Influence of Intoxicants (DUII) diagnostic screenings and assessments under ORS 813.020 and 813.260.

(6) Scope. These rules do not establish procedures for regulating behavioral health care practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes. These rules do not establish procedures for regulating practices exclusively comprised of behavioral healthcare practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes. These rules do not establish procedures for regulating behavioral health treatment services.

415-012-0010
Definitions

(1) "Applicant" means any person or entity who has requested, in writing, a license.

(2) "Chief Officer" means the Chief Health Systems Officer of the HSD, or his or her designee.

(3) "Community Mental Health Program (CMHP)" means the organization of all services for individuals with mental or emotional disturbances, drug use problems, mental retardation or other developmental disabilities, and alcoholism and alcohol use problems, operated by, or contractually affiliated with, a local mental health authority, operated in a specific geographic area of the state under an intergovernmental agreement or direct contract with the Division.

(4) "Coordinated Care Organization (CCO)" means an entity that has been certified by the Authority to provide coordinated and integrated health services.

(5) "Contract" is the document describing and limiting the relationship and respective obligations between an organization other than a county and the Division for the purposes of operating the alcohol and drug use disorder service within a county's boundaries, or operating a statewide, regional, or specialized service.

(6) "Division" means the Health Systems Division (HSD) of the Oregon Health Authority.

(7) "Individual" means the person requesting or receiving services addressed in these rules.

(8) "Intergovernmental Agreement" or "Agreement" is the document describing and limiting the contractual relationship and respective obligations between a county or other government organization and the Division for the purpose of operating an alcohol and drug use disorder service.

(10) "License" means a license issued by the Division to applicants who are in substantial compliance with applicable administrative rules for alcohol and drug use treatment in a residential setting and which is renewable every two years.

(11) "Licensed Child Care Facility" means a facility licensed under ORS 657A.280.

(12) "Non-Funded Provider" means an organization not contractually affiliated with the Division, a CMHP, or other contractor of the Division.

(13) "Provider" means an organization licensed under these rues whom is providing substance abuse prevention, intervention, or treatment services under contract with the Division or under subcontract with a local

entity or public body or otherwise receiving public funds for these services.

(14) "Provisional" means a license issued for one year or less pending completion of specified requirements because of substantial failure to comply with applicable administrative rules.

(15) "Quality Assurance" means the process of objectively and systematically monitoring and evaluating the quality and appropriateness of care to identify and resolve identified problems.

(16) "Restriction" means any limitations placed on a license such as age of individuals to be served or number of individuals to be served.

(17 "Revocation" means the removal of authority for a provider to provide certain services under a license.

(18) "School Attended Primarily By Minors" means an existing public or private elementary, secondary or career school attended primarily by individuals under age eighteen.

(19) "Service Element" means a distinct service or group of services for persons with alcohol or other drug use disorders defined in administrative rule and included in a contract or agreement issued by the Division.

(21) "Substantial Compliance" means a level of adherence to applicable administrative rules which, while not meeting one or more of the requirements, does not, in the determination of the Division:

(a) Constitute a danger to the health or safety of any individual;

(b) Constitute a willful or ongoing violation of the rights of service recipients as set forth in administrative rules; or

(c) Prevent the accomplishment of the state's purposes in approving or supporting the subject service.

(22) "Substantial Failure to Comply" is used in this rule to mean the opposite of "substantial compliance."

(23) "Suspension" means a temporary removal of authority for a provider to conduct a service for a stated period of time or until the occurrence of a specified event under a LOA or license.

(24) "Temporary" means a LOA license issued for 185 days to a program approved for the first time. A temporary LOA license cannot be extended.

(25) "Variance or Exception" means a waiver of a regulation or provision of these rules granted by the Division upon written application.

415-012-0020
General Requirements

(1) Providers That Must Have a License: Every provider that operates a residential service element by contract with the Division or subcontracts with a local entity or public body or otherwise receives public funds for providing substance abuse prevention, intervention, or treatment services must have a license:

(a) No provider shall represent themselves as conducting any service described in this rule without first obtaining a license;

(b) A provider that does not have a license for conducting a service described in this rule may not admit a person needing that service; and

(c) The license shall be posted in the facility and available for inspection at all times.

(2) Licensed providers must also maintain a current certificate of approval for the provision of behavioral health treatment services per OAR 309-008-0100 to 309-008-1600 if also providing an outpatient service.

(3) Facilities Requiring License: Any facility which meets the definition of a residential treatment facility for substance-dependent persons under ORS 443.400 or a detoxification center as defined in ORS 430.306 must be licensed by the Division:

(a) No individual or entity shall represent themselves as a residential treatment facility for substance-dependent persons or as a detoxification center without first being licensed;

(b) A residential treatment facility or a detoxification center that is not licensed may not admit individuals needing residential or detoxification care or treatment; and

(c) A license shall be posted in the facility and available for inspection at all times.

(4) License is not a Contract: Approval or licensure of a service element pursuant to this rule does not create an express or implied contract in the absence of a fully executed written contract.

(5) Distance Requirements for Methadone Treatment Programs: Programs using methadone to treat opioid addiction may not operate within 1,000 linear feet of a licensed child care facility or school primarily attended by minors pursuant to ORS 430.590. The Division will not issue a variance to programs unable to meet this requirement.

Hist.: ADAP 2-1993, f. & cert. ef. 11-5-93; ADS 2-2008, f. & cert. ef. 11-13-08; ADS 2-2013(Temp), f. & cert. ef. 1-14-13 thru 7-12-13; ADS 4-2013, f. & cert. ef. 5-3-13; ADS 2-2016(Temp), f. 6-28-16, cert. ef. 7-1-16 thru 12-27-16

415-012-0030
Initial Application Procedures

(1) Application Packet: The Division shall mail an application packet to all applicants seeking residential licensure under these rule.

(2) Initial Meeting: All programs applying for the first time for a residential license to operate a treatment or prevention program shall schedule a meeting with Division staff for the purpose of receiving needed technical assistance regarding the approval and licensure criteria and procedures.

(3) Multiple Locations: A separate application is required for each location where the provider intends to operate a residential treatment facility.

(4) Withdrawal of Application: The applicant may withdraw the application at any time during the application process by notifying the Division in writing. At such time, all materials shall be returned to the applicant.

Stat. Auth.: ORS 430.256
Stats. Implemented: ORS 430.010-030, 430.306, 430.397, 430.405, 430.450, 430.630, 430.850, 443.400, 813.020, 813.260 & 813.500
Hist.: ADAP 2-1993, f. & cert. ef. 11-5-93; ADS 2-2008, f. & cert. ef. 11-13-08; ADS 2-2013(Temp), f. & cert. ef. 1-14-13 thru 7-12-13; ADS 4-2013, f. & cert. ef. 5-3-13; ADS 2-2016(Temp), f. 6-28-16, cert. ef. 7-1-16 thru 12-27-16

415-012-0035
Responses To Application

(1) Application Satisfactory: If the application is found to be complete and if the material documents compliance with applicable administrative rules, the Division shall issue a license no later than 30 days after final approval of the application.

(2) Unsatisfactory Application: If the application is not complete or if the application does not document compliance:

(a) The applicant shall be provided with written notification that identifies needed information or areas of non-compliance within 60 days of receipt of the application; and

(b) The original application shall be kept on file for 60 days after written notice has been given, at which time, if no further material is submitted to correct the deficiencies noted, the application shall be denied and all material shall be returned to the applicant.

(3) Application Denied: If a license is denied:

(a) The applicant shall be entitled to a hearing with the Chief Officer if the applicant requests a hearing in writing within 60 days of the receipt of the notice;

(b) The Assistant Chief Officer, whose decision is final, shall hold a hearing within 60 days of receipt of the written request; and

(c) If no written request for a hearing is received within the 60-day timeline, the notice of denial shall become the final order by default and the Chief Officer may designate its file as the record for purposes of order by default.

Stat. Auth.: ORS 413.042 & 430.256
Stats. Implemented: ORS 430.010-30, 430.306, 430.397, 430.405, 430.450, 430.630, 430.850, 443.400, 813.020, 813.260 & 813.500
Hist.: ADS 4-2013, f. & cert. ef. 5-3-13; ADS 2-2016(Temp), f. 6-28-16, cert. ef. 7-1-16 thru 12-27-16

415-012-0040
Licenses

The Division may issue a residential license under these rules for a duration not to exceed two years.

(1) Renewal: Renewal of licenses shall be contingent upon demonstration of compliance with appropriate administrative rules:

(a) A program may continue to operate until final determination of its approval or licensure status is made by the Division;

(b) Failure to demonstrate compliance may result in the issuance of a provisional license, suspension, or revocation.

(2) Provisional Certification: Programs with provisional licenses upon demonstrating substantial compliance with appropriate administrative rules may be eligible for a two-year license. However, the provider's failure to demonstrate substantial compliance may result in an extension, suspension, or revocation of the provisional license.

(3) Nondiscrimination; Special Populations: The Division shall not discriminate in its review procedures or services on the basis of race, color, national origin, age, or disability. The Division may issue licenses to specialized programs to assure maximum benefit for special populations, in

which case, the Division may identify that special population in the license and impose applicable program criteria.

(4) Restrictions: Restrictions which may be attached to a license include:

(a) Limiting the total number of individuals (in residential or detoxification treatment);

(b) Defining the age level of individuals (i.e., youth or adult) to be admitted into the facility;

(c) Defining the gender of individuals, if the provider is identified as serving only males or females;

(d) Assuring compliance with other licensing entities such as the CAF Division, the State Public Health Division, or the Food and Drug Administration; or

(e) Other restrictions as required by the Division.

(5) Time Limits on Restrictions: Restrictions may be imposed for the extent of the approval period or limited to some other shorter period of time. If the restriction corresponds to the licensing period, the reasons for the restriction shall be considered at the time of renewal to determine if the restrictions are still appropriate.

(6) Restriction to Appear on License: The effective date and expiration date of the restriction shall be indicated on the certificate.

(7) Non-Transferability: A license issued by the Division for the operation of a residential substance use disorder program applies both to the applicant program and the premises upon which the program is to be operated. A license is not transferable to another person, entity, or to any other location:

(a) Any person or other legal entity acquiring an approved licensed facility for the purpose of operating a substance use disorder program shall make an application as provided herein for a new LOA or license;

(b) Any person or legal entity having been issued a license and desiring to fundamentally alter the treatment philosophy or transfer to different premises must notify the Division 30 days prior to doing so in order for the Division to review the program or site change and to determine further necessary action.

(8) Change of Administrator: If the administrator of the program changes during the period covered by the license:

(a) A request for a change must be submitted to the Division within 15 days, along with the qualifications of the proposed new administrator;

(b) Upon a determination that the administrator meets the requirements of applicable administrative rules, a revised license shall be issued with the name of the new administrator.

(9) Discontinued Program: When a program is discontinued, its current license is void immediately and the certificate shall be returned to the Division. A discontinued program is one which has terminated its services for which it has been approved or licensed. A program planning to discontinue services must:

(a) Notify the Division 60 days prior to a voluntary closure of a facility with written notice of how the provider will comply with OAR 309-014-0035(4) and 42 CFR Part 2, Federal Confidentiality Regulations, regarding the preservation of all individual records; and

(b) Provide individuals 30 days written notice and shall be responsible for making reasonable efforts to obtain treatment placement of individuals as appropriate.

415-012-0050

Onsite Reviews and Access Requirements

(1) Scheduled Inspections: The Division shall inspect the facilities and must review procedures utilized:

(a) Before issuing a LOA or license to an applicant; and

(b) Before renewal of an existing LOA or license.

(2) Discretionary Onsite Inspections: The Division may conduct onsite inspections:

(a) Upon receipt of verbal or written complaints of violations that allege conditions that may threaten the health, safety, or welfare of individuals or for any other reason to be concerned for individual welfare; or

(b) Any time the Division has reason to believe it is necessary to assure if a provider is in compliance with the administrative rules or with conditions placed upon the license.

(3) Substance of Reviews: The review may include but is not limited to case record audits and interviews with staff and individuals, consistent with the confidentiality safeguards of state and federal laws.

(4) Access to Facilities and Records: Each applicant or provider agrees, as a condition of license approval:

(a) To permit designated representatives of the Division to inspect premises of programs to verify information contained in the application or to assure compliance with all laws, rules, and regulations during all hours of operation of the facility and at any other reasonable hour;

(b) To permit properly designated representatives of the department to audit and collect statistical data from all records maintained by the approved or licensed program; and

(c) That such right of immediate entry and inspection shall, under due process of law, extend to any premises on which the Division has reasons to believe a program is being operated by the provider in violation of these rules.

(5) Access if Requirement for License: An applicant or provider shall not be granted licensing which does not permit inspection by the Division or examination of all records, including financial records as appropriate, methods of administration, the disbursement of drugs and method of supply, and any other records the Division considers to be relevant to the establishment of such a program.

(6) Inspection by Other Agencies: Each applicant or provider agrees, as a condition of license approval that:

(a) State or local fire inspectors shall be permitted access to enter and inspect the facility regarding fire safety upon the request of the Division; and

(b) State or local health inspectors shall be permitted access to enter and inspect the facility regarding health safety upon the request of the Division.

(7) Notice: The Division has authority to conduct inspections with or without advance notice to the administrator, staff, or individuals:

(a) The Division is not required to give advance notice of any onsite inspection if the Division reasonably believes that notice might obstruct or seriously diminish the effectiveness of the inspection or enforcement of these administrative rules; and

(b) If Division staff are not permitted access for inspection, a search warrant may be sought.

Review Process and Review Reports

(1) For renewal of a license: The Division shall designate a lead specialist and other onsite review members as appropriate to perform a formal onsite review of the service element or elements;

(2) Access to Reports: Public access to final reports of onsite inspections, except for confidential information, shall be available upon written request from the Division during business hours in accordance with OAR chapter 407, division 003.

(3) Corrective Action Plan. Programs issued a provisional license must submit an action plan to the Chief Officer or his or her designee for approval no later than 30 days following receipt of the final onsite report. The corrective action plan shall include, but not be limited to:

(a) Specific problem areas cited as out of compliance;

(b) A delineation of corrective measures to be taken by the program to bring the program into compliance; and

(c) A delineation of target dates for completion of corrective measures for each problem area.

(4) Failure to Take Corrective Action: Failure to demonstrate compliance with the corrective action plan may result in an extension, suspension or revocation of the provisional license.

415-012-0060

Denial, Revocation, or Non-renewal

(1) Denial of Application or Request for Renewal: The Division shall deny an application or request for renewal, or revoke a license where it finds any of the following:

(a) The provider has substantially failed to comply with applicable administrative rules or with local codes and ordinances or any other applicable state or federal law or rule;

(b) The applicant or provider has had a prior LOA or license to operate an alcohol and drug use disorder treatment program denied, revoked, or refused to be renewed in any county in Oregon within three years preceding the present application for reason of abuse or neglect of individuals or the administrator's failure to possess adequate physical health, mental health, or good personal character;

(c) If such prior denial, revocation, or refusal to renew occurred more than three years from the present action, the provider is required to establish to the Division by clear and convincing evidence his or her ability and fitness to operate a treatment program. If the applicant or provider does not provide such evidence, the Division shall deny the application;

(d) The applicant or provider submits fraudulent or untrue information to the Division;

(e) The applicant or provider has a history of, or currently demonstrates, financial insolvency such as filing for bankruptcy, foreclosures, eviction due to failure to a pay rent, termination of utility services due to failure to pay bills, failure to pay taxes such as employment or social security in a timely manner;

(f) The applicant or provider refuses to allow immediate access and onsite inspection by the Division; or

(g) The applicant or provider fails to maintain sufficient staffing or fails to comply with staff qualifications requirements.

(2) Notification of Denial: When the Division determines that an applicant's request for alicense should be denied, the Chief Officer or designee shall notify the applicant, by certified mail, return receipt requested, of the Division's decision to deny the licensure and the reasons for the denial.

415-012-0065
Suspension of License

If the Division finds that the health, safety, or welfare of the public are seriously endangered by continued operation of a treatment or prevention program and sets forth specific reasons for its findings, summary suspension of a license may be ordered. The Division may suspend a license for any of the following reasons:

(1) Violation by the program, its director or staff, of any rule promulgated by this Division pertaining to treatment or prevention services;

(2) Permitting, aiding or abetting the commitment of an unlawful act within the facilities maintained by the program, or permitting, aiding or abetting the commitment of an unlawful act involving chemical substances within the program;

(3) Conduct or practices found by the Division to be detrimental to the general health or welfare of an individual in the program; or

(4) Deviation by the program from the plan of operation originally approved or licensed which, in the judgment of the Division, adversely affects the character, quality or scope of services intended to be provided to individuals within the program.

415-012-0067
Response to Criminal Records

(1) The Division may deny, refuse to renew, suspend, or revoke alicense if:

(a) Any of the program's staff, within the previous three years, has been convicted of:

(A) Any crime or violation under ORS Chapter 475, including but not limited to the Uniform Controlled Substances Act, or under ORS 813.010, driving under the influence of intoxicants;

(B) A substantially similar crime or violation in any other state; or

(C) Any felony.

(b) Any of the program's staff has entered into, within the past three years, a diversion agreement under ORS 813.010 or 135.907 through 135.921, or a diversion agreement under a substantially similar law in any other state;

(2) Criminal Record Checks: The Chief Officer or designee may make criminal record inquiries necessary to ensure implementation of these rules.

Stat. Auth.: ORS 413.042 & 430.256
Stats. Implemented: ORS 430.010-30, 430.306, 430.397, 430.405, 430.450, 430.630, 430.850, 443.400, 813.020, 813.260 & 813.500
Hist.: ADS 4-2013, f. & cert. ef. 5-3-13; ADS 2-2016(Temp), f. 6-28-16, cert. ef. 7-1-16 thru 12-27-16

415-012-0070
Hearings

(1) Requesting Hearings: If a license is suspended, not renewed, or revoked: The provider shall be entitled to a hearing preceding the effective date of the denial, suspension, non-renewal, or revocation if requested in writing within 21 days after receipt of notice. If no timely written request is received, the notice shall become the final order by default and the Chief Officer may designate the Division file as the record for purposes of order by default.

(2) Contested Case Hearings: Programs that wish to contest the suspension, non-renewal, or revocation of their license shall have an opportunity for a hearing by the Division according to the Attorney General's Model Rules of Procedure.

Stat. Auth.: ORS 430.256
Stats. Implemented: ORS 430.397, 430.010-030, 430.306, 430.405, 430.450, 430.630, 430.850, 443.400, 813.020, 813.260 & 813.500

415-012-0090
Variance or Exception

(1) Procedure for Submission of Request. Request must be made in writing:

(a) For an initial application it should be included with the application documents;

(b) If the provider is an agency under contract with the local mental health authority, it must submit the request through the local mental health authority to the Chief Officer; and

(b) If the provider is not under contract to the local mental health authority, the request should be submitted directly to the Chief Officer.

(2) Substance of Request: The request should include the following:

(a) The reason for the proposed variance or exception;

(b) The alternative practice proposed; and

(c) For an exception, a plan and timetable for compliance with the section of the rule from which the exception is sought.

(3) Approval or Denial: The Chief Officer, whose decision shall be final, shall approve or deny the request for variance or exception.

(4) Notification: The Division shall notify the provider requesting the variance or exception and the community mental health program of the decision.

(5) Variance Part of License: A variance granted by the Division shall be attached to, and become part of, the LOA or license. Continuance of the variance shall be reviewed at the time the license is considered for renewal.

Oregon Health Authority, Health Systems Division: Medical Assistance Programs
Chapter 410

Rule Caption: Amending Prior Authorization Approval Criteria Guide

Adm. Order No.: DMAP 26-2016
Filed with Sec. of State: 6-24-2016
Certified to be Effective: 6-28-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-121-0040
Rules Repealed: 410-121-0040(T)
Subject: The Pharmaceutical Services Program administrative rules (Division 121) govern Division payments for services provided to certain clients. The Division needs to amend rules as follows: The Authority is amending this rule to update the Oregon Medicaid Fee for Service Prior Authorization Criteria Guide found at http://www.oregon.gov/oha/healthplan/Pages/pharmacy-policy.aspx based on the P&T (Pharmacy and Therapeutic) Committee recommendations.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-121-0040
Prior Authorization Required for Drugs and Products

(1) Prescribing practitioners shall obtain prior authorization (PA) for the drugs and categories of drugs requiring PA in this rule, using the procedures set forth in OAR 410-121-0060.

(2) All drugs and categories of drugs including, but not limited to, those drugs and categories of drugs that require PA shall meet the following requirements for coverage:

(a) Each drug shall be prescribed for conditions funded by the Oregon Health Plan (OHP) in a manner consistent with the Health Evidence Review Commission (HERC) Prioritized List of Health Services (OAR 410-141-0480 through 410-141-0520). If the medication is for a non-covered diagnosis, the medication may not be covered unless there is a co-morbid condition for which coverage would be allowed. The use of the medication shall meet corresponding treatment guidelines and be included within the client's benefit package of covered services and not otherwise excluded or limited;

(b) Each drug shall also meet other criteria applicable to the drug or category of drug in these pharmacy provider rules, including PA requirements imposed in this rule.

(3) The Authority may require PA for individual drugs and categories of drugs to ensure that the drugs prescribed are indicated for conditions funded by OHP and consistent with the Prioritized List of Health Services and its corresponding treatment guidelines (see OAR 410-141-0480). The drugs and categories of drugs that the Authority requires PA for this purpose are found in the Oregon Medicaid Fee-for-Service Prior Authorization Approval Criteria (PA Criteria guide) dated May 1, 2016, adopted and incorporated by reference and found at: http://www.oregon.gov/OHA/healthplan/pages/pharmacy-policy.aspx.

(4) The Authority may require PA for individual drugs and categories of drugs to ensure medically appropriate use or to address potential client safety risk associated with the particular drug or category of drug, as recommended by the Pharmacy & Therapeutics Committee (P&T) and adopted by the Authority in this rule. The drugs and categories of drugs for which the Authority requires PA for this purpose are found in the Pharmacy PA Criteria Guide.

(5) New drugs shall be evaluated when added to the weekly upload of the First Databank drug file:

(a) If the new drug is in a class where current PA criteria apply, all associated PA criteria shall be required at the time of the drug file load;

(b) If the new drug is indicated for a condition below the funding line on the Prioritized List of Health Services, PA shall be required to ensure that the drug is prescribed for a condition funded by OHP;

(c) PA criteria for all new drugs shall be reviewed by the DUR/P&T Committee.

(6) PA shall be obtained for brand name drugs that have two or more generically equivalent products available and that are not determined Narrow Therapeutic Index drugs by the DUR/P&T Committee:

(a) Immunosuppressant drugs used in connection with an organ transplant shall be evaluated for narrow therapeutic index within 180 days after United States patent expiration;

(b) Manufacturers of immunosuppressant drugs used in connection with an organ transplant shall notify the Authority of patent expiration within 30 days of patent expiration for section (5)(a) to apply;

(c) Criteria for approval are:

(A) If criteria established in section (3) or (4) of this rule applies, follow that criteria;

(B) If section (6)(A) does not apply, the prescribing practitioner shall document that the use of the generically equivalent drug is medically contraindicated and provide evidence that either the drug has been used and has failed or that its use is contraindicated based on evidence-based peer reviewed literature that is appropriate to the client's medical condition.

(7) PA shall be obtained for non-preferred Preferred Drug List (PDL) products in a class evaluated for the PDL except in the following cases:

(a) The drug is a mental health drug as defined in OAR 410-121-0000;

(b) The original prescription is written prior to 1/1/10;

(c) The prescription is a refill for the treatment of seizures, cancer, HIV, or AIDS; or

(d) The prescription is a refill of an immunosuppressant.

(8) PA may not be required:

(a) When the prescription ingredient cost plus the dispensing fee is less than the PA processing fees as determined by the Authority;

(b) For over-the-counter (OTC) covered drugs when prescribed for conditions covered under OHP; or

(c) If a drug is in a class not evaluated from the Practitioner-Managed Prescription Drug Plan under ORS 414.334.

Non-Preferred:
Ciclesonide Nasal Spray/ Pump
Ombita/ Paritap/ Riton/ Dasabuvir (Viekira Pak™)
Amantadine HCL
Rimantadine HCL
Bupropion HCL
Amphetamine Sulfate
Tobramycin
TOBI

Due to changes in supplemental rebate contracts, the following changes were made:

Removed Pegasys™
Added Sovaldi™
Added Evotaz™
Added Eliquis™
Added Pradaxa™
Removed Androgel™
Added Janumet™
Removed Humalog™
Removed Humalog Mix 50/50™
Removed Humalog Mix 75/25™
Removed Humulin R™
Removed Humulin N™
Removed Humulin 70/30™
Removed Makena™
Removed Apriso™
Removed Exelon™
Removed Capaxone™
Removed Avonex™
Removed Betaseron™
Removed Stalevo™
Removed Zubsolv™
Removed Bethkis™
Added Renagel™

410-121-0030
Practitioner-Managed Prescription Drug Plan

(1) The Practitioner-Managed Prescription Drug Plan (PMPDP) is a plan that ensures that OHP fee-for-service clients have access to the most effective prescription drugs appropriate for their clinical conditions at the best possible price:

(a) Licensed health care practitioners, who are informed by the latest peer reviewed research, make decisions concerning the clinical effectiveness of the prescription drugs;

(b) Licensed health care practitioners also consider the client's health condition, personal characteristics, and the client's gender, race, or ethnicity.

(2) PMPDP Preferred Drug List (PDL):

(a) The PDL is the primary tool the Division uses to inform licensed health care practitioners about the results of the latest peer-reviewed research and cost effectiveness of prescription drugs;

(b) The PDL contains a list of prescription drugs that the Division, in consultation with the Drug Use Review (DUR)/Pharmacy & Therapeutics Committee (P&T), has determined represent the most effective drugs available at the best possible price;

(c) The PDL shall include drugs that are Medicaid reimbursable and the Food and Drug Administration (FDA) has determined to be safe and effective.

(3) PMPDP PDL Selection Process:

(a) The Division shall utilize the recommendations made by the P&T that result from an evidence-based evaluation process as the basis for selecting the most effective drugs;

(b) The Division shall ensure the drugs selected in section (3)(a) that are available for the best possible price and shall consider any input from the P&T about other FDA-approved drugs in the same class that are available for a lesser relative price. The Division shall determine relative price using the methodology described in section (4);

(c) The Division shall evaluate selected drugs for the drug classes periodically:

(A) The Division may evaluate more frequently if new safety information or the release of new drugs in a class or other information makes an evaluation advisable;

(B) New drugs in classes already evaluated for the PDL shall be non-preferred until the new drug has been reviewed by the P&T;

(C) The Division shall make all revisions to the PDL using the rule-making process and shall publish the changes on the Division's Pharmaceutical Services provider rules website.

(4) Relative cost and best possible price determination:

(a) The Division shall determine the relative cost of all drugs in each selected class that are Medicaid reimbursable and that the FDA has determined to be safe and effective;

(b) The Division may also consider dosing issues, patterns of use, and compliance issues. The Division shall weigh these factors with any advice provided by the P&T in reaching a final decision.

(5) Pharmacy providers shall dispense prescriptions in the generic form unless:

(a) The practitioner requests otherwise pursuant to OAR 410-121-0155;

(b) The Division notifies the pharmacy that the cost of the brand name particular drug, after receiving discounted prices and rebates, is equal to or less than the cost of the generic version of the drug.

(6) The exception process for obtaining non-preferred physical health drugs that are not on the PDL drugs shall be as follows:

(a) If the prescribing practitioner in their professional judgment wishes to prescribe a physical health drug not on the PDL, they may request an exception subject to the requirements of OAR 410-121-0040;

(b) The prescribing practitioner must request an exception for physical health drugs not listed in the PDL subject to the requirements of OAR 410-121-0060;

(c) Exceptions shall be granted when:

(A) The prescriber in their professional judgment determines the non-preferred drug is medically appropriate after consulting with the Division or the Oregon Pharmacy Call Center; or

(B) Where the prescriber requests an exception subject to the requirement of section (6)(b) and fails to receive a report of PA status within 24 hours, subject to OAR 410-121-0060.

(7) Table 121-0030-1, PMPDP PDL dated July 1, 2016 is adopted and incorporated by reference and is found at: www.orpdl.org.

Rule Caption: Timeframes for Seeing, Referring or Providing Services to OHP Fee-for-Service Pregnant Clients

Adm. Order No.: DMAP 28-2016
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 6-28-16
Notice Publication Date: 6-1-2016
Rules Adopted: 410-123-1510
Rules Repealed: 410-123-1510(T)
Subject: The rule implements Sections 2 and 4 of House Bill 3464, which passed in 2015. It creates a standard for access to dental care for pregnant women who receive Oregon Health Plan benefits through the fee-for-service delivery system that is as good as or better than the standard for clients who receive benefits through the managed care delivery system, as measured by how long it takes for a client to receive a dental appointment.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-123-1510
Dental Care Access Standards for Pregnant Women

(1) This rule sets forth the access standards for dental care for pregnant women who receive Oregon Health Plan (OHP) benefits through the fee-for-service delivery system.

(2) Pregnant clients must be seen, treated, or referred to an OHP-covered service within the following time frames:

(a) For emergency dental care: within 24 hours;

(b) For urgent dental care: one to two weeks or as indicated in the initial screening in accordance with OAR 410-123-1060;

(c) For routine dental care: an average of four weeks, unless there is a documented special clinical reason that would make access longer than four weeks appropriate;

(d) For initial dental screening or examination: four weeks.

(3) Nothing in this rule obligates a pregnant woman who receives dental care through the fee-for-service delivery system to accept an offered appointment.

Stat. Auth.: ORS 413.042 & 414.065

Rule Caption: Amend CCO Enrollment and Disenrollment Rules Aligning Current Practices and Pregnancy Enrollment Exemption Processes
Adm. Order No.: DMAP 29-2016
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 6-28-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-141-3060, 410-141-3080
Rules Repealed: 410-141-3060(T), 410-141-3080(T)
Subject: The Division is amending OAR 410-141-3060 and 410-141-3080 to align these CCO rules reflecting current enrollment and disenrollment practices and to update them as they relate to the most recent pregnancy enrollment exemption protocols.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-3060
Enrollment Requirements in a CCO

(1) For the purposes of this rule, the following definitions apply:

(a) "Client" means an individual found eligible to receive OHP health services;

(b) "Eligibility Determination" means an approval or denial of eligibility and a renewal or termination of eligibility as stated in OAR 410-200-0015;

(c) "Member" means a client enrolled with a pre-paid health plan or a coordinated care organization as stated in OAR 410-120-0000;

(d) "Newly Eligible" means recently determined through the eligibility determination process as having the right to obtain state health benefits, satisfying the appropriate conditions;

(e) "Renewal", as stated in OAR 410-200-0015, means a regularly scheduled periodic review of eligibility resulting in a renewal or change of program benefits, including the assignment of a new renewal date or a change in eligibility status.

(2) Pursuant to ORS 414.631, the following populations may not be enrolled into a CCO for any type of health care coverage including:

(a) Persons who are non-citizens and are Citizen/Alien Waivered-Emergency Medical program eligible for labor and delivery services and emergency treatment services;

(b) Clients receiving premium assistance through the Specified Low-Income Medicare Beneficiary, Qualified Individuals, Qualified Disabled Working Individuals and Qualified Medicare Beneficiary programs without other Medicaid;

(c) Persons who are dually eligible for Medicare and Medicaid and enrolled in a program of all-inclusive care for the elderly.

(3) The following populations may not be enrolled into a CCO under the following circumstances:

(a) Newly eligible clients are exempt from enrollment with a CCO but not exempt from enrollment in a DCO if they became eligible when admitted as an inpatient in a hospital. The client shall receive health care services on a fee-for-service (FFS) basis only until the hospital discharges the client. The individual shall receive dental services through the DCO;

(b) The client is covered under a major medical insurance policy or other third party resource (TPR) that covers the cost of services to be provided by a PHP as specified in ORS 414.631 and except as provided for children in Child Welfare through the Behavior Rehabilitation Services (BRS) and Psychiatric Residential Treatment Services (PRTS) programs outlined in OAR 410-141-3050. A client shall be enrolled with a DCO even if they have a dental TPR.

(4) Persons who are documented American Indian and Alaskan Native (AI/AN) beneficiaries are exempt mandatory enrollment into a managed care plan, as specified in 42 USC 1932, 2 (C), but may elect to be manually enrolled.

(5) Populations specified below are exempt from mandatory enrollment into a physical health CCO but are subject to mandatory enrollment into both dental and mental health plans as available in the member's service area. The member may be manually enrolled into a physical health plan as deemed appropriate by the Authority. These populations are as follows:

(a) Children in the legal custody of the Department or where the child is expected to be in a substitute care placement for less than 30 calendar days unless:

(A) Access to health care on a FFS basis is not available; or

(B) Enrollment would preserve continuity of care.

(b) Clients who are dually eligible for Medicare and Medicaid but not enrolled in a program of all-inclusive care for the elderly. The following apply to these:

(A) A client has the option to enroll in a CCO regardless of whether they are enrolled in Medicare Advantage;

(B) A client enrolled in Medicare Advantage, whether or not they pay their own premium, has the option to enroll in a CCO even if the CCO does not have a corresponding Medicare Advantage plan;

(C) A client has the option to enroll with a CCO even if the client withdrew from that CCO's Medicare Advantage plan. The CCO shall accept the client's enrollment if the CCO has adequate health access and capacity;

(D) A client has the option to enroll with a CCO even if the client is enrolled in Medicare Advantage with another entity.

(6) The Authority may temporarily exempt clients for other just causes as determined by the Authority through medical review. The Authority may set an exemption period on a case-by-case basis for those as follows:

(a) Children under 19 years of age who are medically fragile and who have special health care needs. The Authority may enroll these children in CCOs on a case-by-case basis. Children not enrolled in a CCO shall continue to receive services on a FFS basis;

(b) Separate from requirements in 410-141-3080, (3)(c)(A), a pregnant women at any point prior to the end of the twenty-seventh week and sixth day of pregnancy who meets the qualifications in sub-sections A through E below may receive OHP benefits on a FFS basis for physical health only, until 60 days post estimated date of delivery. Women receiving services FFS for their physical health plan coverage shall continue to be enrolled in the appropriate CCO plan in their service area for dental and mental health coverage. Sixty days after the estimated date of delivery, the member shall re-enroll in a plan as appropriate. Qualifying criteria are as follows:

(A) Be pregnant;

(B) Have an established relationship with a licensed, practitioner who is not a participating provider with the client's CCO;

(C) Make a request to change to FFS. This request can be made through the end of the twenty-seventh week and sixth day of pregnancy;

(D) Meet all relevant state and federal rules;

(E) If a woman becomes unable to meet the requirements, the exemption shall be withdrawn and the client shall be subject to CCO enrollment requirements as stated in OAR 410-141-3060.

(c) The following apply to clients and exemptions relating to organ transplants:

(A) Newly eligible clients are exempt from enrollment with a CCO if the client is newly diagnosed and under the treatment protocol for an organ transplant;

(B) Newly eligible clients with existing transplants shall enroll into the appropriate CCO for their service area.

(d) Other just causes to preserve continuity of care include the following considerations:

(A) Enrollment would pose a serious health risk; and

(B) The Authority finds no reasonable alternatives.

(7) Unless stated above, CCO enrollment is mandatory in all areas served by a CCO. A client who is eligible for or receiving health services shall enroll in a CCO as required by ORS 414.631, except as provided in ORS 414.631(2), (3), (4) and (5) and this rule.

(8) Enrollment is voluntary in service areas without adequate access and capacity to provide health care services through a CCO or PHP.

(9) Enrollment is mandatory in service areas with adequate health care access and capacity to provide health care services through a CCO or PHP. If upon application or redetermination a client does not select a CCO, the Authority shall auto-assign the client and the client's household to a CCO that has adequate health care access and capacity. The following outlines the priority of enrollment in service areas where enrollment is mandatory and a PHP remains available for enrollment:

(a) Priority 1: The client shall enroll in a CCO that serves that area and has adequate health care access and capacity;

(b) Priority 2: The client has the option to enroll in a PHP through a manual process if:

(A) The client has an established relationship with a provider who is only contracted with the PHP; or

(B) The PHP serves an area that a CCO serves, but the CCO has inadequate health care services capacity to accept new members. Clients shall be FFS unless already established with a PHP's provider.

(c) Priority 3: The client shall receive services on an FFS basis.

(10) If a service area changes from mandatory enrollment to voluntary enrollment, the member shall remain with the PHP for the remainder of their eligibility period or until the Authority or Department redetermines eligibility, whichever comes sooner, unless otherwise eligible to disenroll pursuant to OAR 410-141-3080.

(11) Clients who are exempt from physical health services or who are enrolled with a PHP for physical health services shall receive managed or coordinated mental health and oral health services as follows:

(a) The client shall be enrolled with a CCO if the CCO offers mental health and oral health services; or

(b) The client shall be enrolled with an MHO for mental health services and with a DCO for oral health services if the CCO does not offer those services; or

(c) The client shall be enrolled with a DCO for oral health services and remain FFS for mental health services if an MHO is not available; or

(d) The client shall remain FFS for both mental health and oral health services if an MHO or DCO is unavailable.

(12) The following pertains to the effective date of the enrollment. If the enrollment occurs:

(a) On or before Wednesday, the date of enrollment shall be the following Monday; or

(b) After Wednesday, the date of enrollment shall be one week from the following Monday.

(13) Coordinated care services shall begin as of the effective date of enrollment with the CCO except for:

(a) A newborn's date of birth when the mother was a member of a CCO at the time of birth;

(b) For persons other than newborns who are hospitalized on the date enrolled, the date of enrollment shall be the first possible enrollment date after the date the client is discharged from inpatient hospital services;

(c) For members who are re-enrolled within 60 calendar days of disenrollment, the date of enrollment shall be the date specified by the Authority and may be earlier than the effective date outlined above;

(d) For adopted children or children placed in an adoptive placement, the date of enrollment shall be the date specified by the Authority.

410-141-3080

Disenrollment from Coordinated Care Organizations

(1) Continuity of care, for purpose of this rule, means the ability to sustain services necessary for a person's treatment. Continuity of care is a concern when a member is transferred from one service provider to another.

(2) All member-initiated requests for disenrollment from a Coordinated Care Organization (CCO) shall be initiated orally or in writing by the primary person in the benefit group enrolled with a CCO where primary person and benefit group are defined in OAR 461-001-0000, 461-001-0035, and 461-110-0750, respectively. For members who are not able to request disenrollment on their own, the request may be initiated by the member's representative.

(3) In accordance with 42 CFR 438.56(c)(2), the Authority or CCO shall honor a member or representative request for disenrollment for the following:

(a) Without cause:

(A) Clients may request to change their CCO enrollment within 30 days of the Authority's automatic or manual enrollment error. If approved, the change would occur during the next weekly enrollment cycle;

(B) Clients may request to change their CCO enrollment within 90 days of the initial CCO enrollment. If approved, the change would occur during the next weekly enrollment cycle;

(C) Clients may request to change their CCO enrollment after they have been enrolled with a plan for at least six months. If approved, the change would occur during the end of the month;

(D) Clients may request to change their CCO enrollment or upon OHP eligibility renewal, as defined in OAR 410-141-3060. The OHP eligibility period is typically 12 months. If approved, the change would occur during the end of the month;

(E) Clients have one additional opportunity to request a plan change during the eligibility period if none of the above options can be applied. The plan change shall be considered "recipient choice." If approved, the change would occur at the end of the month. Once the recipient choice option has been applied, the client must be enrolled with the same plan at least six months or until the OHP eligibility renewal, whichever comes first, to request an additional plan change.

(b) With cause:

(A) At any time;

(B) Due to moral or religious objections, the CCO does not cover the service the member seeks;

(C) When the member needs related services (for example a cesarean section and a tubal ligation) to be performed at the same time, not all related services are available within the network, and the member's primary care provider or another provider determines that receiving the services separately would subject the member to unnecessary risk; or

(D) Other reasons including, but not limited to, poor quality of care, lack of access to services covered under the contract, or lack of access to participating providers who are experienced in dealing with the member's health care needs. Examples of sufficient cause include, but are not limited to:

(i) The member moves out of the CCO service area;

(ii) The member is a Native American or Alaskan Native with Proof of Indian Heritage who wishes to obtain primary care services from his or her Indian Health Service facility, tribal health clinic/program, or urban clinic and the Fee-For-Service (FFS) delivery system;

(iii) Continuity of care that is not in conflict with any section of OAR 410-141-3060, or as defined in this rule. Participation in OHP, including coordinated care or dental care, does not guarantee that any OHP member has a right to continued care or treatment by a specific provider. A request for disenrollment based on continuity of care shall be denied if the basis for this request is primarily for the convenience of an OHP member or a provider of a treatment, service, or supply, including, but not limited to, a decision of a provider to participate or decline to participate in a CCO;

(iv) As specified in ORS 414.647, the Authority may approve the transfer of 500 or more members from one CCO to another CCO if:

(I) The member's provider has contracted with the receiving CCO and has stopped accepting patients from or has terminated providing services to members in the transferring CCO; and

(II) Members are offered the choice of remaining enrolled in the transferring CCO; and

(III) The member and all family (case) members shall be transferred to the provider's new CCO; and

(IV) The transfer shall take effect when the provider's contract with their current CCO contractual relationship ends, or on a date approved by the Division; and

(V) Members may not be transferred under section (2)(E)(vi) until the Division has evaluated the receiving CCO and determined that the CCO meets criteria established by the Division as stated in rule including, but not limited to, ensuring that the CCO maintains a network of providers sufficient in numbers, areas of practice, and geographically distributed in a manner to ensure that the health services provided under the contract are reasonably accessible to members; and

(VI) The Division shall provide notice of a transfer to members affected by the transfer at least 90 days before the scheduled date of the transfer.

(E) If a member's disenrollment is denied, notice of denial shall be sent to the member pursuant to OAR 410-141-0263 and 410-141-3263 of their right to file a grievance or request a hearing.

(c) If the following conditions are met:

(A) As supported in 42 CFR 438.56(d)(2), if a client is at any point in the third trimester of pregnancy and if the client is newly determined eligible for OHP, or the client is newly re-determined eligible for OHP and not enrolled in a CCO within the past three months; or

(B) If the member is enrolled with a new CCO that does not contract with the member's current OB provider and the member wishes to continue obtaining maternity services from that non-participating OB provider;

(C) The enrollment exemption shall remain in place until 60 days post date of delivery of the member's child, at which time the member shall select and be enrolled in the appropriate CCO plan in their service area.

(d) For purposes of a member's right to file a grievance or request a hearing, disenrollment does not include the following:

(A) Transfer of a member from a PHP to a CCO;

(B) Involuntary transfer of a member from a CCO to another CCO; or

(C) Automatic enrollment of a member in a CCO.

(e) Member disenrollment requests are subject to the following requirements:

(A) The member shall join another CCO unless the member resides in a service area where enrollment is voluntary, or the member meets the exemptions to enrollment set forth in OAR 410-141-3060 or 410-141-0060, or the member meets disenrollment criteria stated in 42 CFR 438.56(c)(2), or there is not another CCO in the service area;

(B) The effective date of disenrollment shall be the end of the month in which disenrollment was requested unless the Division approves retroactively;

(C) If the Authority fails to make a disenrollment determination by the first day of the second month following the month in which the member files a request for disenrollment, the disenrollment is considered approved.

(4) The CCO may not disenroll members solely for the following reasons:

(a) Because of a physical, intellectual, developmental, or mental disability;

(b) Because of an adverse change in the member's health;

(c) Because of the member's utilization of services, either excessive or lack thereof;

(d) Because the member requests a hearing;

(e) Because the member exercises their option to make decisions regarding their medical care with which the CCO disagrees;

(f) Because of uncooperative or disruptive behavior resulting from the member's special needs.

(5) Subject to applicable disability discrimination laws, the Division may disenroll members for cause when the CCO requests it for cause, which includes, but is not limited to, the following:

(a) The member commits fraudulent or illegal acts related to the member's participation in the OHP such as: Permitting the use of their medical ID card by others, altering a prescription, theft, or other criminal acts. The CCO shall report any illegal acts to law enforcement authorities and, if appropriate, to DHS Fraud Investigations Unit at 888-Fraud01 (888-372-8301) or http://www.oregon.gov/DHS/aboutdhs/fraud/ as appropriate, consistent with 42 CFR 455.13;

(b) The member became eligible through a hospital hold process and placed in the Adults and Couples category as required under OAR 410-141-3060;

(c) Requests by the CCO for routine disenrollment of specific members shall include the following procedures to be followed and documented prior to requesting disenrollment of a member:

(A) A request shall be submitted in writing to the Coordinated Account Representative (CAR). The CCO shall document the reasons for the request, provide written evidence to support the basis for the request, and document that attempts at intervention were made as described below. The procedures cited below shall be followed and documented prior to requesting disenrollment of a member;

(B) There shall be notification from the provider to the CCO at the time the problem is identified. The notification shall describe the problem and allow time for appropriate resolution by the CCO. Such notification shall be documented in the member's clinical record. The CCO shall conduct provider education or training regarding the need for early intervention, disability accommodation, and the services available to the provider;

(C) The CCO shall contact the member either verbally or in writing, if it is a severe problem, to inform the member of the problem that has been identified and attempt to develop an agreement with the member regarding the issue. Any contact with the member shall be documented in the member's clinical record. The CCO shall inform the member that their continued behavior may result in disenrollment from the CCO;

(D) The CCO shall provide individual education, disability accommodation, counseling, or other interventions with the member in a serious effort to resolve the problem;

(E) The CCO shall contact the member's care team regarding the problem and, if needed and with the agreement of the member, involve the care team and other appropriate individuals working with the member in the resolution within the laws governing confidentiality;

(F) If the severity of the problem warrants, the CCO shall develop a care plan that details how the problem is going to be addressed and coordinate a care conference with the member, their care team, and other individuals chosen by the member. If necessary, the CCO shall obtain an authorization for release of information from the member for the providers and agencies in order to involve them in the resolution of the problem. If the release is verbal, it shall be documented in the member's record;

(G) The CCO shall submit any additional information or assessments requested by the Division CAR;

(H) The Authority shall notify the member in writing of a disenrollment made as defined in the section above;

(I) If the member's behavior is uncooperative or disruptive including, but not limited to, threats or acts of physical violence as the result of his or her special needs or disability, the CCO shall also document each of the following:

(i) A written description of the relationship of the behavior to the special needs or disability of the individual and whether the individual's behavior poses a direct threat to the health or safety of others. Direct threat means a significant risk to the health or safety of others that cannot be eliminated by a modification of policies, practices, or procedures. In determining whether a member poses a direct threat to the health or safety of others, the CCO shall make an individualized assessment based on reasonable judgment that relies on current medical knowledge or best available objective evidence to ascertain the nature, duration, and severity of the risk to the health or safety of others; the probability that potential injury to others shall actually occur; and whether reasonable modifications of policies, practices, or procedures shall mitigate the risk to others;

(ii) A CCO -staffed interdisciplinary team review that includes a mental health professional or behavioral specialist and other health care professionals who have the appropriate clinical expertise in treating the member's condition to assess the behavior, the behavioral history, and previous history of efforts to manage behavior;

(iii) If warranted, a clinical assessment of whether the behavior will respond to reasonable clinical or social interventions;

(iv) Documentation of any accommodations that have been attempted and why the accommodations haven't worked;

(v) Documentation of the CCO's rationale for concluding that the member's continued enrollment in the CCO seriously impairs the CCO's ability to furnish services to either this particular member or other members;

(vi) If a Primary Care Provider (PCP) terminates the provider/patient relationship, the CCO shall attempt to locate another PCP on their panel who shall accept the member as their patient. If needed, the CCO shall obtain an authorization for release of information from the member in order

to share the information necessary for a new provider to evaluate whether they can treat the member. All terminations of provider/patient relationships shall be according to the CCO's policies and shall be consistent with CCO or PCP's policies for commercial members and with applicable disability discrimination laws. The CCO shall determine whether the PCP's termination of the provider/patient relationship is based on behavior related to the member's disability and shall provide education to the PCP about disability discrimination laws.

(d) In addition to the requirements in subsection (c), requests by the CCO for an exception to the routine disenrollment process shall include the following:

(A) In accordance with 42 CFR 438.56, the CCO shall submit a request in writing to the CAR for approval. An exception to the disenrollment process may only be requested for members who have committed an act of or made a credible threat of physical violence directed at a health care provider, the provider's staff, other patients, or the CCO's staff so that it seriously impairs the CCO's ability to furnish services to either this particular member or other members. A credible threat means that there is a significant risk that the member may cause grievous physical injury to others (including but not limited to death) in the near future, and that risk cannot be eliminated by a modification of policies, practices, or procedures. The CCO shall document the reasons for the request and provide written evidence to support the basis for the request prior to requesting an exception to the disenrollment process of a member;

(B) Providers shall immediately notify the CCO about the incident with the member. The notification shall describe the problem and be maintained for documentation purposes;

(C) The CCO shall attempt and document contact with the member and their care team regarding the problem and, if needed, involve the care team and other appropriate individuals in the resolution within the laws governing confidentiality;

(D) The CCO shall provide any additional information requested by the CAR, the Authority, or the Department assessment team;

(E) If the member's behavior could reasonably be perceived as the result of their special needs or disability, the CCO shall also document each of the following:

(i) A written description of the relationship between the behavior to the special needs or disability of the individual and whether the individual's behavior poses a credible threat of physical violence as defined in section (2)(b)(C)(i) of this rule;

(ii) In determining whether a member poses a credible threat to the health or safety of others, the CCO shall make an individualized assessment, based on reasonable judgment that relies on current medical knowledge or best available objective evidence to ascertain the nature, duration, and severity of the risk to the health or safety of others; the probability that potential injury to others may actually occur; and whether reasonable modifications of policies, practices, or procedures may mitigate the risk to others.

(F) Documentation shall exist that verifies the provider or CCO immediately reported the incident to law enforcement. The CCO shall submit a copy of the police report or case number. If a report is not available, submit a signed entry in the member's clinical record documenting the report to law enforcement or other reasonable evidence;

(G) Documentation shall exist that verifies what reasonable modifications were considered and why reasonable modifications of policies, practices, or procedures may not mitigate the risk to others;

(H) Documentation shall exist that verifies any past incidents and attempts to accommodate similar problems with this member;

(I) Documentation shall exist that verifies the CCO's rationale for concluding that the member's continued enrollment in the CCO seriously impairs the CCO's ability to furnish services to either this particular member or other members.

(e) Approval or denial of disenrollment requests shall include the following:

(A) If there is sufficient documentation, the request shall be evaluated by the CCO's CAR or a team of CARs who may request additional information from Ombudsman Services, AMH, or other agencies as needed. If the request involves the member's mental health condition or behaviors related to substance abuse, the CAR shall also confer with the AMH's substance use disorder specialist;

(B) In cases where the member is also enrolled in the CCO's Medicare Advantage plan, the CCO shall provide proof to the Division of CMS' approval to disenroll the member. If approved by the Division, the date of disenrollment from both plans shall be the disenrollment date approved by CMS;

(C) If there is insufficient documentation, the CAR shall notify the CCO within two business days of initial receipt what supporting documentation is needed for final consideration of the request;

(D) The CARs shall review the request and notify the CCO of the decision within ten working days of receipt of sufficient documentation from the CCO;

(E) Written decisions shall be sent to the CCO within 15 working days from receipt of request and sufficient documentation from the CAR.

(6) The following procedures apply to all denied disenrollment requests:

(a) The CAR shall send the member a notice within five days after the decision for denial with a copy to the CCO and the member's care team;

(b) The notice shall give the disenrollment date, the reason for disenrollment, and the notice of the member's right to file a complaint, as specified in 410-141-3260 through 410-141-3266, and to request an administrative hearing and the option to continue enrollment in the PHP pending the outcome of the hearing, in accordance with 42 CFR 438.420. If the member requests a hearing, the disenrollment shall proceed unless the member requests continued enrollment pending a decision;

(c) If disenrollment is approved, the CAR shall contact the member's care team to arrange enrollment in a different plan. The Division may require the member to obtain services from FFS providers until such time as they can be enrolled with another CCO;

(d) If no other CCO is available to the member, the member shall be exempt from enrollment in that type of managed care plan for 12 months. If a member who has been disenrolled for cause is re-enrolled in the CCO, the CCO may request a disenrollment review by the CAR. A member may not be involuntarily disenrolled from the same CCO for a period of more than 12 months. If the member is re-enrolled after the 12-month period and the CCO again requests disenrollment for cause, the request shall be referred to the Authority assessment team for review.

(7) The following procedures apply to all approved disenrollment requests:

(a) The CAR shall send the member a notice within five days after the request was approved with a copy to the CCO and the member's care team;

(b) The notice shall give the disenrollment date, the reason for disenrollment, and the notice of member's right to file a complaint, as specified in OAR 410-141-3260 through 410-141-3266, and to request an administrative hearing and the option to continue enrollment in the CCO pending the outcome of the hearing, in accordance with 42 CFR 438.420. If the member requests a hearing, the disenrollment shall proceed unless the member requests continued enrollment pending a decision;

(c) The disenrollment effective date shall be ten calendar days after the disenrollment notice is sent to the member, unless the member requests a hearing and ongoing enrollment pending a hearing decision. The disenrollment shall become effective immediately upon the issuing of an Administrative Law Judge's decision to uphold disenrollment;

(d) If disenrollment is approved, the CAR shall contact the member's care team to arrange enrollment in a different plan. The Division may require the member to obtain services from FFS providers until such time as they can be enrolled with another CCO;

(e) If no other CCO is available to the member, the member shall be exempt from enrollment in that type of managed care plan for 12 months. If a member who has been disenrolled for cause is re-enrolled in the CCO, the CCO may request a disenrollment review by the CAR. A member may not be involuntarily disenrolled from the same CCO for a period of more than 12 months. If the member is re-enrolled after the 12-month period and the CCO or the member again requests disenrollment for cause, the request shall be referred to the Authority's assessment team for review.

(8) Other reasons for the CCO's requests for disenrollment may include the following:

(a) If the member is enrolled in the CCO on the same day the member is admitted to the hospital, the CCO shall be responsible for the hospitalization. If the member is enrolled after the first day of the inpatient stay, the member shall be disenrolled and enrolled on the next available enrollment date following discharge from inpatient hospital services;

(b) The member has surgery scheduled at the time their enrollment is effective with the CCO, the provider is not on the CCO's provider panel, and the member wishes to have the services performed by that provider;

(c) The Medicare member is enrolled in a Medicare Advantage plan and was receiving hospice services at the time of enrollment in the CCO;

(d) If the CCO determines the member has Third Party Liability (TPL), the CCO shall report the TPL to the Health Insurance Group (HIG) at www.reportTPL.org.HIG and send the CCO an email receipt, including a tracking number. The CCO may use this number, should they choose to

follow up on their referral submission, via the provider portal. If the member is determined to have active TPL, HIG shall disenroll the member from the CCO A or B, effective the end of the month the TPL is reported, as referenced above, and the member is not reflected on that month's 834 report;

(e) If a CCO has knowledge of a member's change of address, the CCO shall notify the member's care team. The care team shall verify the address information and disenroll the member from the CCO if the member no longer resides in the CCO's service area. Members shall be disenrolled if out of the CCO's service area for more than three months unless previously arranged with the CCO or DCO. The effective date of disenrollment shall be the date specified by the Division, and if a partial month remains, the Division shall recoup the balance of that month's capitation payment from the CCO;

(f) The member is an inmate who is serving time for a criminal offense or confined involuntarily in a state or federal prison, jail, detention facility, or other penal institution. This does not include members on probation, house arrest, living voluntarily in a facility after their case has been adjudicated, infants living with an inmate, or inmates who become inpatients. The CCO shall identify the members and provide sufficient proof of incarceration to the Division for review of the disenrollment request. The Division shall approve requests for disenrollment from CCO's for members who have been taken into custody;

(g) The member is in a state psychiatric institution.

(9) The Division may initiate and disenroll members as follows:

(a) If informed that a member has TPL, the Division shall refer the case to the HIG for investigation and possible exemption from CCO enrollment. The Division shall disenroll members who have TPL effective the end of the month in which HIG makes such a determination. In some situations, the Division may approve retroactive disenrollment;

(b) If the member moves out of the CCO's service area, the effective date of disenrollment shall be the date specified by the Division, and the Division shall recoup the balance of that month's capitation payment from the CCO;

(c) If the member is no longer eligible for OHP, the effective date of disenrollment shall be the date specified by the Division;

(d) If the member dies, the last date of enrollment shall be the date of death.

(10) Unless specified otherwise in these rules or in the Division notification of disenrollment to the CCO, all disenrollments are effective the end of the month the Authority approves the disenrollment with the following exceptions:

(a) The Authority may retroactively disenroll or suspend enrollment when the member is taken into custody. The effective date shall be the date the member was incarcerated;

(b) The Authority may retroactively disenroll the member if they have TPL pursuant to this rule. The effective date shall be the end of the month in which HIG makes the determination.

Rule Caption: Update International Classification of Diseases Coding from ICD-9 to ICD-10 and Name Changes
Adm. Order No.: DMAP 30-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-120-0000
Subject: Currently ICD-9 is the International Classification of Diseases that is used by providers to input diagnosis codes on claims. Effective October 1, 2015 the coding will change to ICD-10. The Authority needs to amend and update these rules to reflect the change to ICD-10. The transition to ICD-10 is required for everyone covered by the Health Insurance Portability Accountability Act (HIPAA). The change to ICD-10 does not affect CPT coding for outpatient procedures and physician services. Changing Division of Medical Assistance Programs to Health Systems Division.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-120-0000
Acronyms and Definitions

Identification of acronyms and definitions within this rule specifically pertain to their use within the Oregon Health Authority (Authority), Health Systems Division (Division) administrative rules, applicable to the medical assistance program. This rule does not include an exhaustive list of Division acronyms and definitions. For more information, see Oregon Health Plan (OHP) program OAR 410-141-0000 Acronyms and Definitions; 410-200-0015 General Definitions; and any appropriate governing acronyms and definitions in the Department of Human Services (Department) chapter 411 or 413 administrative rules; or contact the Division.

(1) "Abuse" means provider practices that are inconsistent with sound fiscal, business, or medical practices and result in an unnecessary cost to the Authority or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary cost to the Authority.

(2) "Action" means a termination, suspension, or reduction of eligibility or covered services. For the definition as it is related to a CCO member, refer to OAR 410-141-0000.

(3) "Acupuncturist" means a person licensed to practice acupuncture by the relevant state licensing board.

(4) "Acupuncture Services" means services provided by a licensed acupuncturist within the scope of practice as defined under state law.

(5) "Acute" means a condition, diagnosis, or illness with a sudden onset and that is of short duration.

(6) "Acquisition Cost" means, unless specified otherwise in individual program administrative rules, the net invoice price of the item, supply, or equipment plus any shipping or postage for the item.

(7) "Addiction Division and Mental Health Division" means the Divisions within the Authority's Health Systems Division that administers mental health and addiction programs and services.

(8) "Adequate Record Keeping" means documentation that supports the level of service billed. See 410-120-1360, Requirements for Financial, Clinical, and Other Records, and the individual provider rules.

(9) "Administrative Medical Examinations and Reports" means examinations, evaluations, and reports, including copies of medical records, requested on the OHP 729 form through the local Department branch office or requested or approved by the Authority to establish client eligibility for a medical assistance program or for casework planning.

(10) "Advance Directive" means an individual's instructions to an appointed person specifying actions to take in the event that the individual is no longer able to make decisions due to illness or incapacity.

(11) "Adverse Event" means an undesirable and unintentional, though not unnecessarily unexpected, result of medical treatment.

(12) "Aging and People with Disabilities (APD)" means the division in the Department of Human Services (Department) that administers programs for seniors and people with disabilities. This division was formerly named "Seniors and People with Disabilities (SPD)."

(13) "All-Inclusive Rate" or "Bundled Rate" means the nursing facility rate established for a facility. This rate includes all services, supplies, drugs, and equipment as described in OAR 411-070-0085 and in the Division's Pharmaceutical Services program administrative rules and the Home Enteral/Parenteral Nutrition and IV Services program administrative rules, except as specified in OAR 410-120-1340 Payment.

(14) "Allied Agency" means local and regional governmental agency and regional authority that contracts with the Authority or Department to provide the delivery of services to covered individuals (e.g., local mental health authority, community mental health program, Oregon Youth Authority, Department of Corrections, local health departments, schools, education service districts, developmental disability service programs, area agencies on aging (AAAs), federally recognized American Indian tribes).

(15) "Alternative Care Settings" means sites or groups of practitioners that provide care to members under contract with a PHP or CCO, including urgent care centers, hospice, birthing centers, out-placed medical teams in community or mobile health care facilities, long-term care facilities, and outpatient surgical centers.

(16) "Ambulance" means a specially equipped and licensed vehicle for transporting sick or injured persons that meets the licensing standards of the Authority or the licensing standards of the state in which the ambulance provider is located.

(17) "Ambulatory Payment Classification" means a reimbursement method that categorizes outpatient visits into groups according to the clinical characteristics, the typical resource use, and the costs associated with

the diagnoses and the procedures performed. The groups are called Ambulatory Payment Classifications (APCs).

(18) "Ambulatory Surgical Center (ASC)" means a facility licensed as an ASC by the Authority.

(19) "American Indian/Alaska Native (AI/AN)" means a member of a federally recognized Indian tribe, band, or group, and an Eskimo or Aleut or other Alaska native enrolled by the Secretary of the Interior pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, or a person who is considered by the Secretary of the Interior to be an Indian for any purpose.

(20) "American Indian/Alaska Native (AI/AN) Clinic" means a clinic recognized under Indian Health Services (IHS) law or by the Memorandum of Agreement between IHS and the Centers for Medicare and Medicaid Services (CMS).

(21) "Ancillary Services" means services supportive of or necessary for providing a primary service, such as anesthesiology, which is an ancillary service necessary for a surgical procedure.

(22) "Anesthesia Services" means administration of anesthetic agents to cause loss of sensation to the body or body part.

(23) "Appeal" means a request for review of an action.

(24) "Area Agency on Aging (AAA)" means the designated entity with which the Department contracts to meet the requirements of the Older Americans Act and ORS Chapter 410 in planning and providing services to the elderly or elderly and disabled population.

(25) "Atypical Provider" means an entity able to enroll as a billing provider (BP) or rendering provider for medical assistance programs related non-health care services but that does not meet the definition of health care provider for National Provider Identification (NPI) purposes.

(26) "Audiologist" means a person licensed to practice audiology by the State Board of Examiners for Speech Pathology and Audiology.

(27) "Audiology" means the application of principles, methods, and procedures of measurement, testing, appraisal, prediction, consultation, counseling, and instruction related to hearing and hearing impairment for the purpose of modifying communicative disorders involving speech, language, auditory function, including auditory training, speech reading and hearing aid evaluation, or other behavior related to hearing impairment.

(28) "Automated Voice Response (AVR)" means a computer system that provides information on clients' current eligibility status from the Division by computerized phone or web-based response.

(29) "Behavioral Health" means mental health, mental illness, addiction disorders, and substance use disorders.

(30) "Behavioral Health Assessment" means a qualified mental health professional's determination of a member's need for mental health services.

(31) "Behavioral Health Case Management" means services provide to members who need assistance to ensure access to mental health benefits and services from local, regional, or state allied agencies or other service providers.

(32) "Behavioral Health Evaluation" means a psychiatric or psychological assessment used to determine the need for mental health or substance use disorder services.

(33) "Benefit Package" means the package of covered health care services for which the client is eligible.

(34) "Billing Agent or Billing Service" means third party or organization that contracts with a provider to perform designated services in order to facilitate an Electronic Data Interchange (EDI) transaction on behalf of the provider.

(35) "Billing Provider (BP)" means a person, agent, business, corporation, clinic, group, institution, or other entity who submits claims to or receives payment from the Division on behalf of a rendering provider and has been delegated the authority to obligate or act on behalf of the rendering provider.

(36) "Buying Up" means the practice of obtaining client payment in addition to the Division or managed care plan payment to obtain a non-covered service or item. (See 410-120-1350 Buying Up.)

(37) "By Report (BR)": means services designated, as BR requires operative or clinical and other pertinent information to be submitted with the billing as a basis for payment determination. This information must include an adequate description of the nature and extent of need for the procedure. Information such as complexity of symptoms, final diagnosis, pertinent physical findings, diagnostic and therapeutic procedures, concurrent problems, and follow-up care will facilitate evaluation.

(38) "Case Management Services" means services provided to ensure that CCO members obtain health services necessary to maintain physical, mental, and emotional development and oral health. Case management services include a comprehensive, ongoing assessment of medical, mental health, substance use disorder or dental needs plus the development and implementation of a plan to obtain or make referrals for needed medical, mental, chemical dependency, or dental services, referring members to community services and supports that may include referrals to Allied Agencies.

(39) "Certified Traditional Health Worker" means an individual who has successfully completed a training program or doula training as required by OAR 410-180-0305, known to the Centers of Medicare and Medicaid as non-traditional health worker.

(40) "Child Welfare (CW)" means a division within the Department responsible for administering child welfare programs, including child abuse investigations and intervention, foster care, adoptions, and child safety.

(41) "Children's Health Insurance Program (CHIP)" means a federal and state funded portion of the Oregon Health Plan (OHP) established by Title XXI of the Social Security Act and administered by the Authority.

(42) "Chiropractor" means a person licensed to practice chiropractic by the relevant state licensing board.

(43) "Chiropractic Services" means services provided by a licensed chiropractor within the scope of practice as defined under state law and federal regulation.

(44) "Citizen/Alien-Waived Emergency Medical (CAWEM)" means aliens granted lawful temporary resident status or lawful permanent resident status under the Immigration and Nationality Act are eligible only for emergency services and limited service for pregnant women. Emergency services for CAWEM are defined in OAR 410-120-1210 (3)(f).

(45) "Claimant" means a person who has requested a hearing.

(46) "Client" means an individual found eligible to receive OHP health services.

(47) "Clinical Nurse Specialist" means a registered nurse who has been approved and certified by the Board of Nursing to provide health care in an expanded specialty role.

(48) "Clinical Social Worker" means a person licensed to practice clinical social work pursuant to state law.

(49) "Clinical Record" means the medical, dental, or mental health records of a client or member.

(50) "Co-morbid Condition" means a medical condition or diagnosis coexisting with one or more other current and existing conditions or diagnoses in the same patient.

(51) "Comfort Care" means medical services or items that give comfort or pain relief to an individual who has a terminal Illness, including the combination of medical and related services designed to make it possible for an individual with terminal Illness to die with dignity and respect and with as much comfort as is possible given the nature of the illness.

(52) "Community Health Worker" means an individual who:

(a) Has expertise or experience in public health;

(b) Works in an urban or rural community either for pay or as a volunteer in association with a local health care system;

(c) To the extent practicable, shares ethnicity, language, socioeconomic status, and life experiences with the residents of the community where the worker serves;

(d) Assists members of the community to improve their health and increases the capacity of the community to meet the health care needs of its residents and achieve wellness;

(e) Advocates for the individual patient and community health needs, building individual and community capacity to advocate for their health;

(f) Provides health education and information that is culturally appropriate to the individuals being served;

(g) Assists community residents in receiving the care they need;

(h) May give peer counseling and guidance on health behaviors; and

(i) May provide direct services such as first aid or blood pressure screening.

(53) "Community Mental Health Program (CMHP)" means the organization of all services for individuals with mental or emotional disorders operated by, or contractually affiliated with, a local Mental Health Authority operated in a specific geographic area of the state under an intergovernmental agreement or direct contract with the Authority's Addictions and Mental Health Division (AMH).

(54) "Condition/Treatment Pair" means diagnoses described in the International Classification of Diseases Clinical Modifications, 9th edition (ICD-10-CM); the Diagnostic and Statistical Manual of Mental Disorders, 4th edition (DSM-IV); and treatments described in the Current Procedural Terminology, 4th edition (CPT-4); or American Dental Association Codes (CDT-2) or the Authority AMH Medicaid Procedure Codes and Reimbursement Rates, that, when paired by the Health Evidence Review

Commission, constitute the line items in the Prioritized List of Health Services. Condition/treatment pairs may contain many diagnoses and treatments.

(55) "Contested Case Hearing" means a proceeding before the Authority under the Administrative Procedures Act when any of the following contests an action:

(a) A client or member or their representative;

(b) A PHP or CCO member's provider; or

(c) A PHP or CCO.

(56) "Contiguous Area" means the area up to 75 miles outside the border of the State of Oregon.

(57) "Contiguous Area Provider" means a provider practicing in a contiguous area.

(58) "Continuing Treatment Benefit" means a benefit for clients who meet criteria for having services covered that were either in a course of treatment or scheduled for treatment the day immediately before the date the client's benefit package changed to one that does not cover the treatment.

(59) "Coordinated Care Organization (CCO)" as defined in OAR 410-141-0000.

(60) "Co-Payments" means the portion of a claim or medical, dental, or pharmaceutical expense that a client must pay out of their own pocket to a provider or a facility for each service. It is usually a fixed amount that is paid at the time service is rendered. (See 410-120-1230 Client Copayment.)

(61) "Cost Effective" means the lowest cost health service or item that, in the judgment of Authority staff or its contracted agencies, meets the medical needs of the client.

(62) "Covered Services" means medically appropriate health services described in ORS Chapter 414 and applicable administrative rules that the legislature funds, based on the Prioritized List of Health Services.

(63) "Current Dental Terminology (CDT)" means a listing of descriptive terms identifying dental procedure codes used by the American Dental Association.

(64) "Current Procedural Terminology (CPT)" means the physicians' CPT is a listing of descriptive terms and identifying codes for reporting medical services and procedures performed by physicians and other health care providers.

(65) "Date of Receipt of a Claim" means the date on which the Authority receives a claim as indicated by the Internal Control Number (ICN) assigned to a claim. Date of receipt is shown as the Julian date in the 5th through 7th position of the ICN.

(66) "Date of Service" means the date on which the client receives medical services or items, unless otherwise specified in the appropriate provider rules. For items that are mailed or shipped by the provider, the date of service is the date on which the order was received, the date on which the item was fabricated, or the date on which the item was mailed or shipped.

(67) "Declaration for Mental Health Treatment" means a written statement of an individual's decisions concerning his or her mental health treatment. The individual makes the declaration when they are able to understand and make decisions related to treatment that is honored when the individual is unable to make such decisions.

(68) "Dental Emergency Services" means dental services provided for severe tooth pain, unusual swelling of the face or gums, or an avulsed tooth.

(69) "Dental Services" means services provided within the scope of practice as defined under state law by or under the supervision of a dentist or dental hygienist.

(70) "Dentist" means a person licensed to practice dentistry pursuant to state law of the state in which he or she practices dentistry or a person licensed to practice dentistry pursuant to federal law for the purpose of practicing dentistry as an employee of the federal government.

(71) "Denturist" means a person licensed to practice denture technology pursuant to state law.

(72) "Denturist Services" means services provided within the scope of practice as defined under state law by or under the personal supervision of a denturist.

(73) "Dental Hygienist" means a person licensed to practice hygiene under the direction of a licensed professional within the scope of practice pursuant to state law.

(74) "Dental Hygienist with an Expanded Practice Permit" means a person licensed to practice dental hygiene services as authorized by the Board of Dentistry with an Expanded Practice Dental Hygienist Permit (EPDHP) pursuant to state law.

(75) "Dentally Appropriate" means services that are required for prevention, diagnosis, or treatment of a dental condition and that are:

(a) Consistent with the symptoms of a dental condition or treatment of a dental condition;

(b) Appropriate with regard to standards of good dental practice and generally recognized by the relevant scientific community and professional standards of care as effective;

(c) Not solely for the convenience of the client or a provider of the service;

(d) The most cost effective of the alternative levels of dental services that can be safely provided to a client.

(76) "Department of Human Services (Department or DHS)" means the agency established in ORS Chapter 409, including such divisions, programs and offices as may be established therein.

(77) "Department Representative" means a person who represents the Department and presents the position of the Department in a hearing.

(78) "Diagnosis Code" means as identified in the International Classification of Diseases, 9th revision, Clinical Modification (ICD-10-CM). The primary diagnosis code is shown in all billing claims, unless specifically excluded in individual provider rules. Where they exist, diagnosis codes shall be shown to the degree of specificity outlined in OAR 410-120-1280, Billing.

(79) "Diagnosis Related Group (DRG)" means a system of classification of diagnoses and procedures based on the ICD-10-CM.

(80) "Diagnostic Services" mean those services required to diagnose a condition, including but not limited to: radiology, ultrasound, other diagnostic imaging, electrocardiograms, laboratory and pathology examinations, and physician or other professional diagnostic or evaluative services.

(81) "Division (Division)" means the Health Systems Division within the Authority. The Division is responsible for coordinating the medical assistance programs within the State of Oregon including the Oregon Health Plan (OHP) Medicaid demonstration, the State Children's Health Insurance Program (SCHIP-Title XXI), and several other programs.

(82) "Durable Medical Equipment, Prosthetics, Orthotics and Medical Supplies (DMEPOS)" means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose. Examples include wheelchairs, respirators, crutches, and custom built orthopedic braces. Medical supplies are non-reusable items used in the treatment of illness or injury. Examples of medical supplies include diapers, syringes, gauze bandages, and tubing.

(83) "Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services (aka, Medicheck)" mean the Title XIX program of EPSDT services for eligible clients under age 21. It is a comprehensive child health program to assure the availability and accessibility of required medically appropriate health care services and to help Authority clients and their parents or guardians effectively use them.

(84) "Electronic Data Interchange (EDI)" means the exchange of business documents from application to application in a federally mandated format or, if no federal standard has been promulgated, using bulk transmission processes and other formats as the Authority designates for EDI transactions. For purposes of rules 407-120-0100 through 407-120-0200, EDI does not include electronic transmission by web portal.

(85) "EDI Submitter" means an individual or an entity authorized to establish an electronic media connection with the Authority to conduct an EDI transaction. An EDI submitter may be a trading partner or an agent of a trading partner.

(86) "Electronic Verification System (EVS)" means eligibility information that has met the legal and technical specifications of the Authority in order to offer eligibility information to enrolled providers of the Division.

(87) "Emergency Department" means the part of a licensed hospital facility open 24 hours a day to provide care for anyone in need of emergency treatment.

(88) "Emergency Medical Condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part. An emergency medical condition is determined based on the presenting symptoms (not the final diagnosis) as perceived by a prudent layperson (rather than a health care professional) and includes cases in which the absence of immediate medical attention would not in fact have had the adverse results described in the

previous sentence. (This definition does not apply to clients with CAWEM benefit package. CAWEM emergency services are governed by OAR 410-120-1210(3)(f)(B)).

(89) "Emergency Medical Transportation" means transportation necessary for a client with an emergency medical condition as defined in this rule and requires a skilled medical professional such as an Emergency Medical Technician (EMT) and immediate transport to a site, usually a hospital, where appropriate emergency medical service is available.

(90) "Emergency Services" means health services from a qualified provider necessary to evaluate or stabilize an emergency medical condition, including inpatient and outpatient treatment that may be necessary to assure within reasonable medical probability that the patient's condition is not likely to materially deteriorate from or during a client's discharge from a facility or transfer to another facility.

(91) "Evidence-Based Medicine" means the conscientious, explicit, and judicious use of current best evidence in making decisions about the care of individual patients. The practice of evidence-based medicine means integrating individual clinical expertise with the best available external clinical evidence from systematic research. By individual clinical expertise we mean the proficiency and judgment that individual clinicians acquire through clinical experience and clinical practice. Increased expertise is reflected in many ways, but especially in more effective and efficient diagnosis and in the more thoughtful identification and compassionate use of individual patients' predicaments, rights, and preferences in making clinical decisions about their care. By best available external clinical evidence we mean clinically relevant research, often from the basic sciences of medicine, but especially from patient-centered clinical research into the accuracy and precision of diagnostic tests (including the clinical examination), the power of prognostic markers, and the efficacy and safety of therapeutic, rehabilitative, and preventive regimens. External clinical evidence both invalidates previously accepted diagnostic tests and treatments and replaces them with new ones that are more powerful, more accurate, more efficacious, and safer. (Source: BMJ 1996; 312:71-72 (13 January)).

(92) "False Claim" means a claim that a provider knowingly submits or causes to be submitted that contains inaccurate, misleading, or omitted information and such inaccurate, misleading, or omitted information would result, or has resulted, in an overpayment.

(93) "Family Planning Services" means services for clients of child bearing age (including minors who can be considered to be sexually active) who desire such services and that are intended to prevent pregnancy or otherwise limit family size.

(94) "Federally Qualified Health Center (FQHC)" means a federal designation for a medical entity that receives grants under Section 329, 330, or 340 of the Public Health Service Act or a facility designated as an FQHC by Centers for Medicare and Medicaid (CMS) upon recommendation of the U.S. Public Health Service.

(95) "Fee-for-Service Provider" means a health care provider who is not reimbursed under the terms of an Authority contract with a Coordinated Care Organization or Prepaid Health Plan (PHP). A medical provider participating in a PHP or a CCO may be considered a fee-for-service provider when treating clients who are not enrolled in a PHP or a CCO.

(96) "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to him or some other person. It includes any act that constitutes fraud under applicable federal or state law.

(97) "Fully Dual Eligible" means for the purposes of Medicare Part D coverage (42 CFR 423.772), Medicare clients who are also eligible for Medicaid, meeting the income and other eligibility criteria adopted by the Department for full medical assistance coverage.

(98) "General Assistance (GA)" means medical assistance administered and funded 100 percent with State of Oregon funds through OHP.

(99) "Health Care Interpreter" Certified or Qualified as defined in ORS 413.550.

(100) "Health Care Professionals" means individuals with current and appropriate licensure, certification, or accreditation in a medical, mental health, or dental profession who provide health services, assessments, and screenings for clients within their scope of practice, licensure, or certification.

(101) "Healthcare Common Procedure Coding System (HCPCS)" means a method for reporting health care professional services, procedures, and supplies. HCPCS consists of the Level 1 — American Medical Association's Physician's Current Procedural Terminology (CPT), Level II — National codes, and Level III — Local codes. The Division uses HCPCS codes; however, the Division uses Current Dental Terminology (CDT) codes for the reporting of dental care services and procedures.

(102) "Health Evidence Review Commission" means a commission that, among other duties, develops and maintains a list of health services ranked by priority from the most to the least important representing the comparative benefits of each service to the population served.

(103) "Health Insurance Portability and Accountability Act (HIPAA) of 1996 (HIPAA)" means the federal law (Public Law 104-191, August 21, 1996) with the legislative objective to assure health insurance portability, reduce health care fraud and abuse, enforce standards for health information, and guarantee security and privacy of health information.

(104) "Health Maintenance Organization (HMO)" means a public or private health care organization that is a federally qualified HMO under Section 1310 of the U.S. Public Health Services Act. HMOs provide health care services on a capitated, contractual basis.

(105) "Health Plan New/non-categorical client (HPN)" means an individual who is 19 years of age or older, is not pregnant, is not receiving Medicaid through another program, and who must meet all eligibility requirements to become an OHP client.

(106) "Hearing Aid Dealer" means a person licensed by the Board of Hearing Aid Dealers to sell, lease, or rent hearing aids in conjunction with the evaluation or measurement of human hearing and the recommendation, selection, or adaptation of hearing aids.

(107) "Home Enteral Nutrition" means services provided in the client's place of residence to an individual who requires nutrition supplied by tube into the gastrointestinal tract as described in the Home Enteral/Parenteral Nutrition and IV Services program provider rules.

(108) "Home Health Agency" means a public or private agency or organization that has been certified by Medicare as a Medicare home health agency and that is licensed by the Authority as a home health agency in Oregon and meets the capitalization requirements as outlined in the Balanced Budget Act (BBA) of 1997.

(109) "Home Health Services" means part-time or intermittent skilled nursing services, other therapeutic services (physical therapy, occupational therapy, speech therapy), and home health aide services made available on a visiting basis in a place of residence used as the client's home.

(110) "Home Intravenous Services" means services provided in the client's place of residence to an individual who requires that medication (antibiotics, analgesics, chemotherapy, hydrational fluids, or other intravenous medications) be administered intravenously as described in the Home Enteral/Parenteral Nutrition and IV Services program administrative rules.

(111) "Home Parenteral Nutrition" means services provided in the client's residence to an individual who is unable to absorb nutrients via the gastrointestinal tract, or for other medical reasons, requires nutrition be supplied parenterally as described in the Home Enteral/Parenteral Nutrition and IV Services program administrative rules.

(112) "Hospice" means a public agency or private organization or subdivision of either that is primarily engaged in providing care to terminally ill individuals and is certified by the federal Centers for Medicare and Medicaid Services as a program of hospice services meeting current standards for Medicare and Medicaid reimbursement and Medicare Conditions of Participation and is currently licensed by the Oregon Health Authority (Authority), Public Health Division.

(113) "Hospital" means a facility licensed by the Office of Public Health Systems as a general hospital that meets requirements for participation in OHP under Title XVIII of the Social Security Act. The Division does not consider facilities certified by CMS as religious non-medical facilities as hospitals for reimbursement purposes. Out-of-state hospitals will be considered hospitals for reimbursement purposes if they are licensed as a short term acute care or general hospital by the appropriate licensing authority within that state and if they are enrolled as a provider of hospital services with the Medicaid agency within that state.

(114) "Hospital-Based Professional Services" means professional services provided by licensed practitioners or staff based on a contractual or employee/employer relationship and reported as a cost on the Hospital Statement of Reasonable Cost report for Medicare and the Calculation of Reasonable Cost (division 42) report for the Division.

(115) "Hospital Dentistry" means dental services normally done in a dental office setting, but due to specific client need (as detailed in OAR chapter 410 division 123) are provided in an ambulatory surgical center or inpatient or outpatient hospital setting under general anesthesia (or IV conscious sedation, if appropriate).

(116) "Hospital Laboratory" means a laboratory providing professional technical laboratory services as outlined under laboratory services in a hospital setting as either an inpatient or outpatient hospital service whose

costs are reported on the hospital's cost report to Medicare and to the Division.

(117) "Indian Health Care Provider" means an Indian health program or an urban Indian organization.

(118) "Indian Health Program" means any Indian Health Service (IHS) facility, any federally recognized tribe or tribal organization, or any FQHC with a 638 designation.

(119) "Indian Health Service (IHS)" means an operating division (OPDIV) within the U.S. Department of Health and Human Services (HHS) responsible for providing medical and public health services to members of federally recognized tribes and Alaska Natives.

(120) "Indigent" means for the purposes of access to the Intoxicated Driver Program Fund (ORS 813.602), individuals with-out health insurance coverage, public or private, who meet standards for indigence adopted by the federal government as defined in 813.602(5).

(121) "Individual Adjustment Request Form (OHP 1036)" means a form used to resolve an incorrect payment on a previously paid claim, including underpayments or overpayments.

(122) "Inpatient Hospital Services" means services that are furnished in a hospital for the care and treatment of an inpatient. (See Division Hospital Services program administrative rules in chapter 410, division 125 for inpatient covered services.)

(123) "Institutional Level of Income Standards (ILIS)" means three times the amount SSI pays monthly to a person who has no other income and who is living alone in the community. This is the standard used for Medicaid eligible individuals to calculate eligibility for long-term nursing care in a nursing facility, Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID), and individuals on ICF/IID waivers or eligibility for services under Aging and People with Disabilities (APD) Home and Community Based Services program.

(124) "Institutionalized" means a patient admitted to a nursing facility or hospital for the purpose of receiving nursing or hospital care for a period of 30 days or more.

(125) "International Classification of Diseases, 9th Revision, Clinical Modification (ICD-10-CM) (including volumes 1, 2, and 3, as revised annually)" means a book of diagnosis codes used for billing purposes when treating and requesting reimbursement for treatment of diseases.

(126) "Laboratory" means a facility licensed under ORS 438 and certified by CMS, Department of Health and Human Services (DHHS), as qualified to participate under Medicare and to provide laboratory services (as defined in this rule) within or apart from a hospital. An entity is considered to be a laboratory if the entity derives materials from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or impairment of or the assessment of the health of human beings. If an entity performs even one laboratory test, including waived tests for these purposes, it is considered to be a laboratory under the Clinical Laboratory Improvement Act (CLIA).

(127) "Laboratory Services" means those professional and technical diagnostic analyses of blood, urine, and tissue ordered by a physician or other licensed practitioner of the healing arts within his or her scope of practice as defined under state law and provided to a patient by or under the direction of a physician or appropriate licensed practitioner in an office or similar facility, hospital, or independent laboratory.

(128) "Licensed Direct Entry Midwife" means a practitioner who has acquired the requisite qualifications to be registered or legally licensed to practice midwifery by the Public Health Division.

(129) "Liability Insurance" means insurance that provides payment based on legal liability for injuries or illness. It includes, but is not limited to, automobile liability insurance, uninsured and underinsured motorist insurance, homeowner's liability insurance, malpractice insurance, product liability insurance, Worker's Compensation, and general casualty insurance. It also includes payments under state wrongful death statutes that provide payment for medical damages.

(130) "Long-Term Acute Care Hospital" means a facility that provides specialty care designed for patients with serious medical problems that require intense, special treatment for an extended period of time.

(131) "Managed Care Organization (MCO)" means a contracted health delivery system providing capitated or prepaid health services, also known as a Prepaid Health Plan (PHP). An MCO is responsible for providing, arranging, and making reimbursement arrangements for covered services as governed by state and federal law. An MCO may be a Chemical Dependency Organization (CDO), Dental Care Organization (DCO), Mental Health Organization (MHO), or Physician Care Organization (PCO).

(132) "Maternity Case Management" means a program available to pregnant clients. The purpose of maternity case management is to extend prenatal services to include non-medical services that address social, economic, and nutritional factors. For more information refer to the Division's Medical-Surgical Services program administrative rules.

(133) "Medicaid" means a joint federal and state funded program for medical assistance established by Title XIX of the Social Security Act as amended and administered in Oregon by the Authority.

(134) "Medical Assistance Eligibility Confirmation" means verification through the Electronic Verification System (EVS), AVR, Secure Web site or Electronic Data Interchange (EDI), or an authorized Department or Authority representative.

(135) "Medical Assistance Program" means a program for payment of health services provided to eligible Oregonians, including Medicaid and CHIP services under the OHP Medicaid Demonstration Project and Medicaid and CHIP services under the State Plan.

(136) "Medical Care Identification" means the card commonly called the "medical card" or medical ID issued to clients (called the Oregon Health ID starting Aug. 1, 2012).

(137) "Medical Services" means care and treatment provided by a licensed medical provider directed at preventing, diagnosing, treating, or correcting a medical problem.

(138) "Medical Transportation" means transportation to or from covered medical services.

(139) "Medically Appropriate" means services and medical supplies that are required for prevention, diagnosis, or treatment of a health condition that encompasses physical or mental conditions or injuries and that are:

(a) Consistent with the symptoms of a health condition or treatment of a health condition;

(b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community, evidence-based medicine, and professional standards of care as effective;

(c) Not solely for the convenience of an OHP client or a provider of the service or medical supplies; and

(d) The most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to a Division client or CCO member in the Division or CCO's judgment.

(140) "Medicare" means a federally administered program offering health insurance benefits for persons aged 65 or older and certain other aged or disabled persons. This program includes:

(a) Hospital Insurance (Part A) for inpatient services in a hospital or skilled nursing facility, home health care, and hospice care; and

(b) Medical Insurance (Part B) for physicians' services, outpatient hospital services, home health care, end-stage renal dialysis, and other medical services and supplies;

(c) Prescription drug coverage (Part D) means covered Part D drugs that include prescription drugs, biological products, insulin as described in specified paragraphs of section 1927(k) of the Social Security Act, and vaccines licensed under section 351 of the Public Health Service Act. It also includes medical supplies associated with the injection of insulin. Part D covered drugs prohibit Medicaid Title XIX Federal Financial Participation (FFP). For limitations, see the Division's Pharmaceutical Services program administrative rules in chapter 410, division 121.

(141) "Medicare Advantage" means an organization approved by CMS to offer Medicare health benefits plans to Medicare beneficiaries.

(142) "Medicheck for Children and Teens" means services also known as Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) services. The Title XIX program of EPSDT services is for eligible clients under age 21. It is a comprehensive child health program to assure the availability and accessibility of required medically appropriate health care services and to help Authority clients and their parents or guardians effectively use them.

(143) "Member" means an OHP client enrolled with a pre-paid health plan or coordinated care organization.

(144) "National Correct Coding Initiative (NCCI)" means the Centers for Medicare and Medicaid Services (CMS) developed the National Correct Coding Initiative (NCCI) to promote national correct coding methodologies and to control improper coding leading to inappropriate payment.

(145) "National Drug Code or (NDC)" means a universal number that identifies a drug. The NDC number consists of 11 digits in a 5-4-2 format. The Food and Drug Administration assigns the first five digits to identify the manufacturer of the drug. The manufacturer assigns the remaining digits to identify the specific product and package size. Some packages will display less than 11 digits, but the number assumes leading zeroes.

(146) "National Provider Identification (NPI)" means federally directed provider number mandated for use on HIPAA covered transactions; individuals, provider organizations, and subparts of provider organizations that meet the definition of health care provider (45 CFR 160.103) and who conduct HIPAA covered transactions electronically are eligible to apply for an NPI. Medicare covered entities are required to apply for an NPI.

(147) "Naturopathic physician" means a person licensed to practice naturopathic medicine by the Oregon Board of Naturopathic Medicine.

(148) "Naturopathic Services" means services provided within the scope of practice as defined under state law and by rules of the Oregon Board of Naturopathic Medicine..

(149) "Non-covered Services" means services or items for which the Authority is not responsible for payment or reimbursement. Non-covered services are identified in:

(a) OAR 410-120-1200, Excluded Services and Limitations; and

(b) 410-120-1210, Medical Assistance Benefit Packages and Delivery System;

(c) 410-141-0480, OHP Benefit Package of Covered Services;

(d) 410-141-0520, Prioritized List of Health Services; and

(e) Any other applicable Division administrative rules.

(150) "Non-Emergent Medical Transportation Services (NEMT)"means transportation to or from a source of covered service, that does not involve a sudden, unexpected occurrence which creates a medical crisis requiring emergency medical services as defined in OAR 410-120-0000(76) and requiring immediate transportation to a site, usually a hospital, where appropriate emergency medical care is available.

(151) "Non-Paid Provider" means a provider who is issued a provider number for purposes of data collection or non-claims-use of the Provider Web Portal (e.g., eligibility verification).

(152) "Nurse Anesthetist, C.R.N.A." means a registered nurse licensed in the State of Oregon as a CRNA who is currently certified by the National Board of Certification and Recertification for Nurse Anesthetists.

(153) "Nurse Practitioner" means a person licensed as a registered nurse and certified by the Board of Nursing to practice as a nurse practitioner pursuant to state law.

(154) "Nurse Practitioner Services" means services provided within the scope of practice of a nurse practitioner as defined under state law and by rules of the Board of Nursing.

(155) "Nursing Facility" means a facility licensed and certified by the Department and defined in OAR 411-070-0005.

(156) "Nursing Services" means health care services provided to a patient by a registered professional nurse or a licensed practical nurse under the direction of a licensed professional within the scope of practice as defined by state law.

(157) "Nutritional Counseling" means counseling that takes place as part of the treatment of a person with a specific condition, deficiency, or disease such as diabetes, hypercholesterolemia, or phenylketonuria.

(158) "Occupational Therapist" means a person licensed by the State Board of Examiners for Occupational Therapy.

(159) "Occupational Therapy" means the functional evaluation and treatment of individuals whose ability to adapt or cope with the task of living is threatened or impaired by developmental deficiencies, physical injury or illness, the aging process, or psychological disability. The treatment utilizes task-oriented activities to prevent or correct physical and emotional difficulties or minimize the disabling effect of these deficiencies on the life of the individual.

(160) "Ombudsman Services" means advocacy services provided by the Authority to clients whenever the client is reasonably concerned about access to, quality of, or limitations on the health services provided.

(161) "Oregon Health ID" means a card the size of a business card that lists the client name, client ID (prime number), and the date it was issued.

(162) "Oregon Health Plan (OHP)" means the Medicaid and Children's Health Insurance (CHIP) Demonstration Project that expands Medicaid and CHIP eligibility beyond populations traditionally eligible for Medicaid to other low-income populations and Medicaid and CHIP services under the State Plan

(163) "Optometric Services" means services provided within the scope of practice of optometrists as defined under state law.

(164) "Optometrist" means a person licensed to practice optometry pursuant to state law.

(165) "Oregon Health Authority (Authority)" means the agency established in ORS Chapter 413 that administers the funds for Titles XIX and XXI of the Social Security Act. It is the single state agency for the administration of the medical assistance program under ORS chapter 414. For purposes of these rules, the agencies under the authority of the Oregon Health Authority are the Public Health Division, the Addictions and Mental Health Division, and the Division of Medical Assistance Programs.

(166) "Oregon Youth Authority (OYA)" means the state department charged with the management and administration of youth correction facilities, state parole and probation services, and other functions related to state programs for youth corrections.

(167) "Out-of-State Providers" means any provider located outside the borders of the State of Oregon:

(a) Contiguous area providers are those located no more than 75 miles from the border of the State of Oregon;

(b) Non-contiguous area providers are those located more than 75 miles from the borders of the State of Oregon.

(168) "Outpatient Hospital Services" means services that are furnished in a hospital for the care and treatment of an outpatient. For information on outpatient-covered services, see the Division's Hospital Services administrative rules found in chapter 410, division 125.

(169) "Overdue Claim" means a valid claim that is not paid within 45 days of the date it was received.

(170) "Overpayment" means a payment made by the Authority to a provider in excess of the correct Authority payment amount for a service. Overpayments are subject to repayment to the Authority.

(171) "Overuse" means use of medical goods or services at levels determined by Authority medical staff or medical consultants to be medically unnecessary or potentially harmful.

(172) "Paid Provider" means a provider who is issued a provider number for purposes of submitting medical assistance program claims for payment by the Authority.

(173) "Panel" means the Hearing Officer Panel established by section 3, chapter 849, Oregon Laws 1999.

(174) "Payment Authorization" means authorization granted by the responsible agency, office, or organization for payment prior or subsequent to the delivery of services, as described in these General Rules and the appropriate program rules. See the individual program rules for services requiring authorization.

(175) "Peer Review Organization (PRO)" means an entity of health care practitioners of services contracted by the state to review services ordered or furnished by other practitioners in the same professional field.

(176) "Peer Wellness Specialist" means an individual who is responsible for assessing mental health service and support needs of the individual's peers through community outreach, assisting individuals with access to available services and resources, addressing barriers to services and providing education and information about available resources and mental health issues in order to reduce stigmas and discrimination toward consumers of mental health services and to provide direct services to assist individuals in creating and maintaining recovery, health, and wellness.

(177) "Person Centered Care" means care that reflects the individual patient's strengths and preferences, reflects the clinical needs of the patient as identified through an individualized assessment, is based upon the patient's goals, and will assist the patient in achieving the goals.

(178) "Personal Health Navigator" means an individual who provides information, assistance, tools, and support to enable a patient to make the best health care decisions in the patient's particular circumstances and in light of the patient's needs, lifestyle, combination of conditions, and desired outcome.

(179) "Pharmaceutical Services" means services provided by a pharmacist, including medications dispensed in a pharmacy upon an order of a licensed practitioner prescribing within his or her scope of practice.

(180) "Pharmacist" means a person licensed to practice pharmacy pursuant to state law.

(181) "Physical Capacity Evaluation" means an objective, directly observed measurement of a person's ability to perform a variety of physical tasks combined with subjective analysis of abilities of the person.

(182) "Physical Therapist" means a person licensed by the relevant state licensing authority to practice physical therapy.

(183) "Physical Therapy" means treatment comprising exercise, massage, heat or cold, air, light, water, electricity, or sound for the purpose of correcting or alleviating any physical or mental disability, or the performance of tests as an aid to the assessment, diagnosis, or treatment of a human being. Physical therapy may not include radiology or electrosurgery.

(184) "Physician" means a person licensed to practice medicine pursuant to state law of the state in which he or she practices medicine or a person licensed to practice medicine pursuant to federal law for the purpose of

practicing medicine under a contract with the federal government. A physician may be an individual licensed under ORS 677 or ORS 685.

(185) "Physician Assistant" means a person licensed as a physician assistant in accordance with ORS 677. Physician assistants provide medical services under the direction and supervision of an Oregon licensed physician according to a practice description approved by the Board of Medical Examiners.

(186) "Physician Services" means services provided within the scope of practice as defined under state law by or under the personal supervision of a physician.

(187) "Podiatric Services" means services provided within the scope of practice of podiatrists as defined under state law.

(188) "Podiatrist" means a person licensed to practice podiatric medicine pursuant to state law.

(189) "Post-Payment Review" means review of billings or other medical information for accuracy, medical appropriateness, level of service, or for other reasons subsequent to payment of the claim.

(190) "Practitioner" means a person licensed pursuant to state law to engage in the provision of health care services within the scope of the practitioner's license or certification.

(191) "Prepaid Health Plan (PHP)" means a managed health, dental, chemical dependency, or mental health organization that contracts with the Authority on a case managed, prepaid, capitated basis under OHP. PHPs may be a Chemical Dependency Organization (CDO), Dental Care Organization (DCO), Mental Health Organization (MHO), or Physician Care Organization (PCO)

(192) "Primary Care Dentist (PCD)" means a dental practitioner who is responsible for supervising and coordinating initial and primary dental care within their scope of practice for their members.

(193) "Primary Care Provider (PCP)" means any enrolled medical assistance provider who has responsibility for supervising, coordinating, and providing initial and primary care within their scope of practice for identified clients. PCPs initiate referrals for care outside their scope of practice, consultations, and specialist care and assure the continuity of medically appropriate client care. A Federally qualified PCP means a physician with a specialty or subspecialty in family medicine, general internal medicine, or pediatric medicine as defined in OAR 410-130-0005.

(194) "Prior Authorization (PA)" means payment authorization for specified medical services or items given by Authority staff or its contracted agencies prior to provision of the service. A physician referral is not a PA.

(195) "Prioritized List of Health Services" means the listing of conditions and treatment pairs developed by the Health Evidence Review Commission for the purpose of administering OHP.

(196) "Private Duty Nursing Services" means nursing services provided within the scope of license by a registered nurse or a licensed practical nurse under the general direction of the patient's physician to an individual who is not in a health care facility.

(197) "Provider" means an individual, facility, institution, corporate entity, or other organization that supplies health services or items, also termed a rendering provider, or bills, obligates, and receives reimbursement on behalf of a rendering provider of services, also termed a billing provider (BP). The term provider refers to both rendering providers and BP unless otherwise specified.

(198) "Provider Organization" means a group practice, facility, or organization that is:

(a) An employer of a provider, if the provider is required as a condition of employment to turn over fees to the employer; or

(b) The facility in which the service is provided, if the provider has a contract under which the facility submits claims; or

(c) A foundation, plan, or similar organization operating an organized health care delivery system, if the provider has a contract under which the organization submits the claim; and

(d) Such group practice, facility, or organization is enrolled with the Authority, and payments are made to the group practice, facility, or organization;

(e) An agent if such entity solely submits billings on behalf of providers and payments are made to each provider. (See Subparts of Provider Organization.)

(199) "Public Health Clinic" means a clinic operated by a county government.

(200) "Public Rates" means the charge for services and items that providers, including hospitals and nursing facilities, made to the general public for the same service on the same date as that provided to Authority clients.

(201) "Qualified Medicare Beneficiary (QMB)" means a Medicare beneficiary as defined by the Social Security Act and its amendments.

(202) "Qualified Medicare and Medicaid Beneficiary (QMM)" means a Medicare beneficiary who is also eligible for Division coverage.

(203) "Quality Improvement" means the efforts to improve the level of performance of a key process or processes in health services or health care.

(204) "Quality Improvement Organization (QIO)" means an entity that has a contract with CMS under Part B of Title XI to perform utilization and quality control review of the health care furnished, or to be furnished, to Medicare and Medicaid clients; formerly known as a Peer Review Organization.

(205) "Radiological Services" means those professional and technical radiological and other imaging services for the purpose of diagnosis and treatment ordered by a physician or other licensed practitioner of the healing arts within the scope of practice as defined under state law and provided to a patient by or under the direction of a physician or appropriate licensed practitioner in an office or similar facility, hospital, or independent radiological facility.

(206) "Recipient" means a person who is currently eligible for medical assistance (also known as a client).

(207) "Recreational Therapy" means recreational or other activities that are diversional in nature (includes, but is not limited to, social or recreational activities or outlets).

(208) "Recoupment" means an accounts receivable system that collects money owed by the provider to the Authority by withholding all or a portion of a provider's future payments.

(209) "Referral" means the transfer of total or specified care of a client from one provider to another. As used by the Authority, the term referral also includes a request for a consultation or evaluation or a request or approval of specific services. In the case of clients whose medical care is contracted through a Prepaid Health Plan (PHP), or managed by a Primary Care Physician, a referral is required before non-emergency care is covered by the PHP or the Authority.

(210) "Remittance Advice (RA)" means the automated notice a provider receives explaining payments or other claim actions. It is the only notice sent to providers regarding claim actions.

(211) "Rendering provider" means an individual, facility, institution, corporate entity, or other organization that supplies health services or items, also termed a provider, or bills, obligates, and receives reimbursement on behalf of a provider of services, also termed a billing provider (BP). The term rendering provider refers to both providers and BP unless otherwise specified.

(212) "Request for Hearing" means a clear expression in writing by an individual or representative that the person wishes to appeal a Department or Authority decision or action and wishes to have the decision considered by a higher authority.

(213) "Representative" means an individual who can make OHP-related decisions for a client who is not able to make such decisions themselves.

(214) "Retroactive Medical Eligibility" means eligibility for medical assistance granted to a client retroactive to a date prior to the client's application for medical assistance.

(215) "Ride" means non-emergent medical transportation services for a client either to or from a location where covered services are provided. "Ride" does not include client-reimbursed medical transportation or emergency medical transportation in an ambulance.

(216) "Rural" means a geographic area that is ten or more map miles from a population center of 30,000 people or less.

(217) "Sanction" means an action against providers taken by the Authority in cases of fraud, misuse, or abuse of Division requirements.

(218) "School Based Health Service" means a health service required by an Individualized Education Plan (IEP) during a child's education program that addresses physical or mental disabilities as recommended by a physician or other licensed practitioner.

(219) "Self-Sufficiency" means the division in the Department of Human Services (Department) that administers programs for adults and families.

(220) "Service Agreement" means an agreement between the Authority and a specified provider to provide identified services for a specified rate. Service agreements may be limited to services required for the special needs of an identified client. Service agreements do not preclude the requirement for a provider to enroll as a provider.

(221) "Sliding Fee Schedule" means a fee schedule with varying rates established by a provider of health care to make services available to indi-

gent and low-income individuals. The sliding-fee schedule is based on ability to pay.

(222) "Social Worker" means a person licensed by the Board of Clinical Social Workers to practice clinical social work.

(223) "Speech-Language Pathologist" means a person licensed by the Oregon Board of Examiners for Speech Pathology.

(224) "Speech-Language Pathology Services" means the application of principles, methods, and procedure for the measuring, evaluating, predicting, counseling, or instruction related to the development and disorders of speech, voice, or language for the purpose of preventing, habilitating, rehabilitating, or modifying such disorders in individuals or groups of individuals.

(225) "State Facility" means a hospital or training center operated by the State of Oregon that provides long-term medical or psychiatric care.

(226) "Subparts (of a Provider Organization)" means for NPI application, subparts of a health care provider organization would meet the definition of health care provider (45 CFR 160.103) if it were a separate legal entity and if it conducted HIPAA-covered transactions electronically or has an entity do so on its behalf and could be components of an organization or separate physical locations of an organization.

(227) "Subrogation" means right of the state to stand in place of the client in the collection of third party resources (TPR).

(228) "Substance Use Disorder (SUD) Services" means assessment, treatment, and rehabilitation on a regularly scheduled basis or in response to crisis for alcohol or other drug abuse for dependent members and their family members or significant others, consistent with Level I, Level II, or Level III of the American Society of Addiction Medicine Patient Placement Criteria 2-Revision (ASAM PPC-2R). SUD is an interchangeable term with Chemical Dependency (CD), Alcohol and other Drug (AOD), and Alcohol and Drug (A & D).

(229) "Supplemental Security Income (SSI)" means a program available to certain aged and disabled persons that is administered by the Social Security Administration through the Social Security office.

(230) "Surgical Assistant" means a person performing required assistance in surgery as permitted by rules of the State Board of Medical Examiners.

(231) "Suspension" means a sanction prohibiting a provider's participation in the medical assistance programs by deactivation of the provider's Authority-assigned billing number for a specified period of time. No payments, Title XIX, or State Funds will be made for services provided during the suspension. The number will be reactivated automatically after the suspension period has elapsed.

(232) "Targeted Case Management (TCM)" means activities that will assist the client in a target group in gaining access to needed medical, social, educational, and other services. This includes locating, coordinating, and monitoring necessary and appropriate services. TCM services are often provided by allied agency providers.

(233) "Termination" means a sanction prohibiting a provider's participation in the Division's programs by canceling the provider's Authority-assigned billing number and agreement. No payments, Title XIX, or state funds will be made for services provided after the date of termination. Termination is permanent unless:

(a) The exceptions cited in 42 CFR 1001.221 are met; or

(b) Otherwise stated by the Authority at the time of termination.

(234) "Third Party Liability (TPL), Third Party Resource (TPR), or Third party payer" means a medical or financial resource that, under law, is available and applicable to pay for medical services and items for an Authority client.

(235) "Transportation" means medical transportation.

(236) "Service Authorization Request" means a member's initial or continuing request for the provision of a service including member requests made by their provider or the member's authorized representative.

(237) "Type A Hospital" means a hospital identified by the Office of Rural Health as a Type A hospital.

(238) "Type B AAA" means an AAA administered by a unit or combination of units of general purpose local government for overseeing Medicaid, financial and adult protective services, and regulatory programs for the elderly or the elderly and disabled.

(239) "Type B AAA Unit" means a Type B AAA funded by Oregon Project Independence (OPI), Title III—Older Americans Act, and Title XIX of the Social Security Act.

(240) "Type B Hospital" means a hospital identified by the Office of Rural Health as a Type B hospital.

(241) "Urban" means a geographic area that is less than ten map miles from a population center of 30,000 people or more.

(242) "Urgent Care Services" means health services that are medically appropriate and immediately required to prevent serious deterioration of a client's health that are a result of unforeseen illness or injury.

(243) "Usual Charge (UC)" means the lesser of the following unless prohibited from billing by federal statute or regulation:

(a) The provider's charge per unit of service for the majority of non-medical assistance users of the same service based on the preceding month's charges;

(b) The provider's lowest charge per unit of service on the same date that is advertised, quoted, or posted. The lesser of these applies regardless of the payment source or means of payment;

(c) Where the provider has established a written sliding fee scale based upon income for individuals and families with income equal to or less than 200 percent of the federal poverty level, the fees paid by these individuals and families are not considered in determining the usual charge. Any amounts charged to third party resources (TPR) are to be considered.

(244) "Utilization Review (UR)" means the process of reviewing, evaluating, and assuring appropriate use of medical resources and services. The review encompasses quality, quantity, and appropriateness of medical care to achieve the most effective and economic use of health care services.

(245) "Valid Claim" means an invoice received by the Division or the appropriate Authority or Department office for payment of covered health care services rendered to an eligible client that:

(a) Can be processed without obtaining additional information from the provider of the goods or services or from a TPR; and

(b) Has been received within the time limitations prescribed in these General Rules (OAR 410 division 120).

(246) "Valid Preauthorization" means a document the Authority, a PHP, or CCO receives requesting a health service for a member who would be eligible for the service at the time of the service, and the document contains:

(a) A beginning and ending date not exceeding twelve months, except for cases of PHP or CCO enrollment where four months may apply; and

(b) All data fields required for processing the request or payment of the service including the appropriate billing codes.

(247) "Vision Services" means provision of corrective eyewear, including ophthalmological or optometric examinations for determination of visual acuity and vision therapy and devices.

(248) "Volunteer" (for the purposes of NEMT) means an individual selected, trained and under the supervision of the Department who is providing services on behalf of the Department in a non-paid capacity except for incidental expense reimbursement under the Department Volunteer Program authorized by ORS 409.360.

Rule Caption: Enroll and Reimburse Specialty Hospitals Classified as Long-Term Acute Care Hospitals
Adm. Order No.: DMAP 31-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016

Rules Amended: 410-120-0000, 410-125-0080, 410-125-0141, 410-125-0400

Subject: The Oregon Health Authority (Authority) is proposing to reimburse specialty hospitals classified as Long-Term Acute Care Hospitals (LTACH) that are eligible for reimbursement for services that meet the definition at 42CFR 440.10. LTACH furnish extended medical and rehabilitative care to individuals with clinically complex problems such as multiple acute or chronic conditions that need hospital-level care for relatively extended periods. To qualify as a LTACH for payment, a facility must meet Medicare's conditions of participation for acute care hospitals.

Rules Coordinator: Sandy Cafourek—(503) 945-6430

Acronyms and Definitions

Identification of acronyms and definitions within this rule specifically pertain to their use within the Oregon Health Authority (Authority), Health Systems Division (Division) administrative rules, applicable to the medical assistance program. This rule does not include an exhaustive list of Division acronyms and definitions. For more information, see Oregon Health Plan (OHP) program OAR 410-141-0000 Acronyms and Definitions; 410-200-0015 General Definitions; and any appropriate governing acronyms and definitions in the Department of Human Services (Department) chapter 411 or 413 administrative rules; or contact the Division.

(1) "Abuse" means provider practices that are inconsistent with sound fiscal, business, or medical practices and result in an unnecessary cost to the Authority or in reimbursement for services that are not medically necessary or that fail to meet professionally recognized standards for health care. It also includes recipient practices that result in unnecessary cost to the Authority.

(2) "Action" means a termination, suspension, or reduction of eligibility or covered services. For the definition as it is related to a CCO member, refer to OAR 410-141-0000.

(3) "Acupuncturist" means a person licensed to practice acupuncture by the relevant state licensing board.

(4) "Acupuncture Services" means services provided by a licensed acupuncturist within the scope of practice as defined under state law.

(5) "Acute" means a condition, diagnosis, or illness with a sudden onset and that is of short duration.

(6) "Acquisition Cost" means, unless specified otherwise in individual program administrative rules, the net invoice price of the item, supply, or equipment plus any shipping or postage for the item.

(7) "Addiction Division and Mental Health Division" means the Divisions within the Authority's Health Systems Division that administers mental health and addiction programs and services.

(8) "Adequate Record Keeping" means documentation that supports the level of service billed. See 410-120-1360, Requirements for Financial, Clinical, and Other Records, and the individual provider rules.

(9) "Administrative Medical Examinations and Reports" means examinations, evaluations, and reports, including copies of medical records, requested on the OHP 729 form through the local Department branch office or requested or approved by the Authority to establish client eligibility for a medical assistance program or for casework planning.

(10) "Advance Directive" means an individual's instructions to an appointed person specifying actions to take in the event that the individual is no longer able to make decisions due to illness or incapacity.

(11) "Adverse Event" means an undesirable and unintentional, though not unnecessarily unexpected, result of medical treatment.

(12) "Aging and People with Disabilities (APD)" means the division in the Department of Human Services (Department) that administers programs for seniors and people with disabilities. This division was formerly named "Seniors and People with Disabilities (SPD)."

(13) "All-Inclusive Rate" or "Bundled Rate" means the nursing facility rate established for a facility. This rate includes all services, supplies, drugs, and equipment as described in OAR 411-070-0085 and in the Division's Pharmaceutical Services program administrative rules and the Home Enteral/Parenteral Nutrition and IV Services program administrative rules, except as specified in OAR 410-120-1340 Payment.

(14) "Allied Agency" means local and regional governmental agency and regional authority that contracts with the Authority or Department to provide the delivery of services to covered individuals (e.g., local mental health authority, community mental health program, Oregon Youth Authority, Department of Corrections, local health departments, schools, education service districts, developmental disability service programs, area agencies on aging (AAAs), federally recognized American Indian tribes).

(15) "Alternative Care Settings" means sites or groups of practitioners that provide care to members under contract with a PHP or CCO, including urgent care centers, hospice, birthing centers, out-placed medical teams in community or mobile health care facilities, long-term care facilities, and outpatient surgical centers.

(16) "Ambulance" means a specially equipped and licensed vehicle for transporting sick or injured persons that meets the licensing standards of the Authority or the licensing standards of the state in which the ambulance provider is located.

(17) "Ambulatory Payment Classification" means a reimbursement method that categorizes outpatient visits into groups according to the clinical characteristics, the typical resource use, and the costs associated with the diagnoses and the procedures performed. The groups are called Ambulatory Payment Classifications (APCs).

(18) "Ambulatory Surgical Center (ASC)" means a facility licensed as an ASC by the Authority.

(19) "American Indian/Alaska Native (AI/AN)" means a member of a federally recognized Indian tribe, band, or group, and an Eskimo or Aleut or other Alaska native enrolled by the Secretary of the Interior pursuant to the Alaska Native Claims Settlement Act, 43 U.S.C. 1601, or a person who is considered by the Secretary of the Interior to be an Indian for any purpose.

(20) "American Indian/Alaska Native (AI/AN) Clinic" means a clinic recognized under Indian Health Services (IHS) law or by the Memorandum of Agreement between IHS and the Centers for Medicare and Medicaid Services (CMS).

(21) "Ancillary Services" means services supportive of or necessary for providing a primary service, such as anesthesiology, which is an ancillary service necessary for a surgical procedure.

(22) "Anesthesia Services" means administration of anesthetic agents to cause loss of sensation to the body or body part.

(23) "Appeal" means a request for review of an action.

(24) "Area Agency on Aging (AAA)" means the designated entity with which the Department contracts to meet the requirements of the Older Americans Act and ORS Chapter 410 in planning and providing services to the elderly or elderly and disabled population.

(25) "Atypical Provider" means an entity able to enroll as a billing provider (BP) or rendering provider for medical assistance programs related non-health care services but that does not meet the definition of health care provider for National Provider Identification (NPI) purposes.

(26) "Audiologist" means a person licensed to practice audiology by the State Board of Examiners for Speech Pathology and Audiology.

(27) "Audiology" means the application of principles, methods, and procedures of measurement, testing, appraisal, prediction, consultation, counseling, and instruction related to hearing and hearing impairment for the purpose of modifying communicative disorders involving speech, language, auditory function, including auditory training, speech reading and hearing aid evaluation, or other behavior related to hearing impairment.

(28) "Automated Voice Response (AVR)" means a computer system that provides information on clients' current eligibility status from the Division by computerized phone or web-based response.

(29) "Behavioral Health" means mental health, mental illness, addiction disorders, and substance use disorders.

(30) "Behavioral Health Assessment" means a qualified mental health professional's determination of a member's need for mental health services.

(31) "Behavioral Health Case Management" means services provide to members who need assistance to ensure access to mental health benefits and services from local, regional, or state allied agencies or other service providers.

(32) "Behavioral Health Evaluation" means a psychiatric or psychological assessment used to determine the need for mental health or substance use disorder services.

(33) "Benefit Package" means the package of covered health care services for which the client is eligible.

(34) "Billing Agent or Billing Service" means third party or organization that contracts with a provider to perform designated services in order to facilitate an Electronic Data Interchange (EDI) transaction on behalf of the provider.

(35) "Billing Provider (BP)" means a person, agent, business, corporation, clinic, group, institution, or other entity who submits claims to or receives payment from the Division on behalf of a rendering provider and

has been delegated the authority to obligate or act on behalf of the rendering provider.

(36) "Buying Up" means the practice of obtaining client payment in addition to the Division or managed care plan payment to obtain a non-covered service or item. (See 410-120-1350 Buying Up.)

(37) "By Report (BR)": means services designated, as BR requires operative or clinical and other pertinent information to be submitted with the billing as a basis for payment determination. This information must include an adequate description of the nature and extent of need for the procedure. Information such as complexity of symptoms, final diagnosis, pertinent physical findings, diagnostic and therapeutic procedures, concurrent problems, and follow-up care will facilitate evaluation.

(38) "Case Management Services" means services provided to ensure that CCO members obtain health services necessary to maintain physical, mental, and emotional development and oral health. Case management services include a comprehensive, ongoing assessment of medical, mental health, substance use disorder or dental needs plus the development and implementation of a plan to obtain or make referrals for needed medical, mental, chemical dependency, or dental services, referring members to community services and supports that may include referrals to Allied Agencies.

(39) "Certified Traditional Health Worker" means an individual who has successfully completed a training program or doula training as required by OAR 410-180-0305, known to the Centers of Medicare and Medicaid as non-traditional health worker.

(40) "Child Welfare (CW)" means a division within the Department responsible for administering child welfare programs, including child abuse investigations and intervention, foster care, adoptions, and child safety.

(41) "Children's Health Insurance Program (CHIP)" means a federal and state funded portion of the Oregon Health Plan (OHP) established by Title XXI of the Social Security Act and administered by the Authority.

(42) "Chiropractor" means a person licensed to practice chiropractic by the relevant state licensing board.

(43) "Chiropractic Services" means services provided by a licensed chiropractor within the scope of practice as defined under state law and federal regulation.

(44) "Citizen/Alien-Waived Emergency Medical (CAWEM)" means aliens granted lawful temporary resident status or lawful permanent resident status under the Immigration and Nationality Act are eligible only for emergency services and limited service for pregnant women. Emergency services for CAWEM are defined in OAR 410-120-1210 (3)(f).

(45) "Claimant" means a person who has requested a hearing.

(46) "Client" means an individual found eligible to receive OHP health services.

(47) "Clinical Nurse Specialist" means a registered nurse who has been approved and certified by the Board of Nursing to provide health care in an expanded specialty role.

(48) "Clinical Social Worker" means a person licensed to practice clinical social work pursuant to state law.

(49) "Clinical Record" means the medical, dental, or mental health records of a client or member.

(50) "Co-morbid Condition" means a medical condition or diagnosis coexisting with one or more other current and existing conditions or diagnoses in the same patient.

(51) "Comfort Care" means medical services or items that give comfort or pain relief to an individual who has a terminal Illness, including the combination of medical and related services designed to make it possible for an individual with terminal Illness to die with dignity and respect and with as much comfort as is possible given the nature of the illness.

(52) "Community Health Worker" means an individual who:

(a) Has expertise or experience in public health;

(b) Works in an urban or rural community either for pay or as a volunteer in association with a local health care system;

(c) To the extent practicable, shares ethnicity, language, socioeconomic status, and life experiences with the residents of the community where the worker serves;

(d) Assists members of the community to improve their health and increases the capacity of the community to meet the health care needs of its residents and achieve wellness;

(e) Advocates for the individual patient and community health needs, building individual and community capacity to advocate for their health;

(f) Provides health education and information that is culturally appropriate to the individuals being served;

(g) Assists community residents in receiving the care they need;

(h) May give peer counseling and guidance on health behaviors; and

(i) May provide direct services such as first aid or blood pressure screening.

(53) "Community Mental Health Program (CMHP)" means the organization of all services for individuals with mental or emotional disorders operated by, or contractually affiliated with, a local Mental Health Authority operated in a specific geographic area of the state under an intergovernmental agreement or direct contract with the Authority's Addictions and Mental Health Division (AMH).

(54) "Condition/Treatment Pair" means diagnoses described in the International Classification of Diseases Clinical Modifications, 9th edition (ICD-10-CM); the Diagnostic and Statistical Manual of Mental Disorders, 4th edition (DSM-IV); and treatments described in the Current Procedural Terminology, 4th edition (CPT-4); or American Dental Association Codes (CDT-2) or the Authority AMH Medicaid Procedure Codes and Reimbursement Rates, that, when paired by the Health Evidence Review Commission, constitute the line items in the Prioritized List of Health Services. Condition/treatment pairs may contain many diagnoses and treatments.

(55) "Contested Case Hearing" means a proceeding before the Authority under the Administrative Procedures Act when any of the following contests an action:

(a) A client or member or their representative;

(b) A PHP or CCO member's provider; or

(c) A PHP or CCO.

(56) "Contiguous Area" means the area up to 75 miles outside the border of the State of Oregon.

(57) "Contiguous Area Provider" means a provider practicing in a contiguous area.

(58) "Continuing Treatment Benefit" means a benefit for clients who meet criteria for having services covered that were either in a course of treatment or scheduled for treatment the day immediately before the date the client's benefit package changed to one that does not cover the treatment.

(59) "Coordinated Care Organization (CCO)" as defined in OAR 410-141-0000.

(60) "Co-Payments" means the portion of a claim or medical, dental, or pharmaceutical expense that a client must pay out of their own pocket to a provider or a facility for each service. It is usually a fixed amount that is paid at the time service is rendered. (See 410-120-1230 Client Copayment.)

(61) "Cost Effective" means the lowest cost health service or item that, in the judgment of Authority staff or its contracted agencies, meets the medical needs of the client.

(62) "Covered Services" means medically appropriate health services described in ORS Chapter 414 and applicable administrative rules that the legislature funds, based on the Prioritized List of Health Services.

(63) "Current Dental Terminology (CDT)" means a listing of descriptive terms identifying dental procedure codes used by the American Dental Association.

(64) "Current Procedural Terminology (CPT)" means the physicians' CPT is a listing of descriptive terms and identifying codes for reporting medical services and procedures performed by physicians and other health care providers.

(65) "Date of Receipt of a Claim" means the date on which the Authority receives a claim as indicated by the Internal Control Number (ICN) assigned to a claim. Date of receipt is shown as the Julian date in the 5th through 7th position of the ICN.

(66) "Date of Service" means the date on which the client receives medical services or items, unless otherwise specified in the appropriate provider rules. For items that are mailed or shipped by the provider, the date of service is the date on which the order was received, the date on which the item was fabricated, or the date on which the item was mailed or shipped.

(67) "Declaration for Mental Health Treatment" means a written statement of an individual's decisions concerning his or her mental health treatment. The individual makes the declaration when they are able to understand and make decisions related to treatment that is honored when the individual is unable to make such decisions.

(68) "Dental Emergency Services" means dental services provided for severe tooth pain, unusual swelling of the face or gums, or an avulsed tooth.

(69) "Dental Services" means services provided within the scope of practice as defined under state law by or under the supervision of a dentist or dental hygienist.

(70) "Dentist" means a person licensed to practice dentistry pursuant to state law of the state in which he or she practices dentistry or a person

licensed to practice dentistry pursuant to federal law for the purpose of practicing dentistry as an employee of the federal government.

(71) "Denturist" means a person licensed to practice denture technology pursuant to state law.

(72) "Denturist Services" means services provided within the scope of practice as defined under state law by or under the personal supervision of a denturist.

(73) "Dental Hygienist" means a person licensed to practice hygiene under the direction of a licensed professional within the scope of practice pursuant to state law.

(74) "Dental Hygienist with an Expanded Practice Permit" means a person licensed to practice dental hygiene services as authorized by the Board of Dentistry with an Expanded Practice Dental Hygienist Permit (EPDHP) pursuant to state law.

(75) "Dentally Appropriate" means services that are required for prevention, diagnosis, or treatment of a dental condition and that are:

(a) Consistent with the symptoms of a dental condition or treatment of a dental condition;

(b) Appropriate with regard to standards of good dental practice and generally recognized by the relevant scientific community and professional standards of care as effective;

(c) Not solely for the convenience of the client or a provider of the service;

(d) The most cost effective of the alternative levels of dental services that can be safely provided to a client.

(76) "Department of Human Services (Department or DHS)" means the agency established in ORS Chapter 409, including such divisions, programs and offices as may be established therein.

(77) "Department Representative" means a person who represents the Department and presents the position of the Department in a hearing.

(78) "Diagnosis Code" means as identified in the International Classification of Diseases, 9th revision, Clinical Modification (ICD-10-CM). The primary diagnosis code is shown in all billing claims, unless specifically excluded in individual provider rules. Where they exist, diagnosis codes shall be shown to the degree of specificity outlined in OAR 410-120-1280, Billing.

(79) "Diagnosis Related Group (DRG)" means a system of classification of diagnoses and procedures based on the ICD-10-CM.

(80) "Diagnostic Services" mean those services required to diagnose a condition, including but not limited to: radiology, ultrasound, other diagnostic imaging, electrocardiograms, laboratory and pathology examinations, and physician or other professional diagnostic or evaluative services.

(81) "Division (Division)" means the Health Systems Division within the Authority. The Division is responsible for coordinating the medical assistance programs within the State of Oregon including the Oregon Health Plan (OHP) Medicaid demonstration, the State Children's Health Insurance Program (SCHIP-Title XXI), and several other programs.

(82) "Durable Medical Equipment, Prosthetics, Orthotics and Medical Supplies (DMEPOS)" means equipment that can stand repeated use and is primarily and customarily used to serve a medical purpose. Examples include wheelchairs, respirators, crutches, and custom built orthopedic braces. Medical supplies are non-reusable items used in the treatment of illness or injury. Examples of medical supplies include diapers, syringes, gauze bandages, and tubing.

(83) "Early and Periodic Screening, Diagnosis and Treatment (EPSDT) Services (aka, Medicheck)" mean the Title XIX program of EPSDT services for eligible clients under age 21. It is a comprehensive child health program to assure the availability and accessibility of required medically appropriate health care services and to help Authority clients and their parents or guardians effectively use them.

(84) "Electronic Data Interchange (EDI)" means the exchange of business documents from application to application in a federally mandated format or, if no federal standard has been promulgated, using bulk transmission processes and other formats as the Authority designates for EDI transactions. For purposes of rules 407-120-0100 through 407-120-0200, EDI does not include electronic transmission by web portal.

(85) "EDI Submitter" means an individual or an entity authorized to establish an electronic media connection with the Authority to conduct an EDI transaction. An EDI submitter may be a trading partner or an agent of a trading partner.

(86) "Electronic Verification System (EVS)" means eligibility information that has met the legal and technical specifications of the Authority in order to offer eligibility information to enrolled providers of the Division.

(87) "Emergency Department" means the part of a licensed hospital facility open 24 hours a day to provide care for anyone in need of emergency treatment.

(88) "Emergency Medical Condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson who possesses an average knowledge of health and medicine could reasonably expect the absence of immediate medical attention to result in placing the health of the individual (or with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part. An emergency medical condition is determined based on the presenting symptoms (not the final diagnosis) as perceived by a prudent layperson (rather than a health care professional) and includes cases in which the absence of immediate medical attention would not in fact have had the adverse results described in the previous sentence. (This definition does not apply to clients with CAWEM benefit package. CAWEM emergency services are governed by OAR 410-120-1210(3)(f)(B)).

(89) "Emergency Medical Transportation" means transportation necessary for a client with an emergency medical condition as defined in this rule and requires a skilled medical professional such as an Emergency Medical Technician (EMT) and immediate transport to a site, usually a hospital, where appropriate emergency medical service is available.

(90) "Emergency Services" means health services from a qualified provider necessary to evaluate or stabilize an emergency medical condition, including inpatient and outpatient treatment that may be necessary to assure within reasonable medical probability that the patient's condition is not likely to materially deteriorate from or during a client's discharge from a facility or transfer to another facility.

(91) "Evidence-Based Medicine" means the conscientious, explicit, and judicious use of current best evidence in making decisions about the care of individual patients. The practice of evidence-based medicine means integrating individual clinical expertise with the best available external clinical evidence from systematic research. By individual clinical expertise we mean the proficiency and judgment that individual clinicians acquire through clinical experience and clinical practice. Increased expertise is reflected in many ways, but especially in more effective and efficient diagnosis and in the more thoughtful identification and compassionate use of individual patients' predicaments, rights, and preferences in making clinical decisions about their care. By best available external clinical evidence we mean clinically relevant research, often from the basic sciences of medicine, but especially from patient-centered clinical research into the accuracy and precision of diagnostic tests (including the clinical examination), the power of prognostic markers, and the efficacy and safety of therapeutic, rehabilitative, and preventive regimens. External clinical evidence both invalidates previously accepted diagnostic tests and treatments and replaces them with new ones that are more powerful, more accurate, more efficacious, and safer. (Source: BMJ 1996; 312:71-72 (13 January)).

(92) "False Claim" means a claim that a provider knowingly submits or causes to be submitted that contains inaccurate, misleading, or omitted information and such inaccurate, misleading, or omitted information would result, or has resulted, in an overpayment.

(93) "Family Planning Services" means services for clients of child bearing age (including minors who can be considered to be sexually active) who desire such services and that are intended to prevent pregnancy or otherwise limit family size.

(94) "Federally Qualified Health Center (FQHC)" means a federal designation for a medical entity that receives grants under Section 329, 330, or 340 of the Public Health Service Act or a facility designated as an FQHC by Centers for Medicare and Medicaid (CMS) upon recommendation of the U.S. Public Health Service.

(95) "Fee-for-Service Provider" means a health care provider who is not reimbursed under the terms of an Authority contract with a Coordinated Care Organization or Prepaid Health Plan (PHP). A medical provider participating in a PHP or a CCO may be considered a fee-for-service provider when treating clients who are not enrolled in a PHP or a CCO.

(96) "Fraud" means an intentional deception or misrepresentation made by a person with the knowledge that the deception could result in some unauthorized benefit to him or some other person. It includes any act that constitutes fraud under applicable federal or state law.

(97) "Fully Dual Eligible" means for the purposes of Medicare Part D coverage (42 CFR 423.772), Medicare clients who are also eligible for Medicaid, meeting the income and other eligibility criteria adopted by the Department for full medical assistance coverage.

(98) "General Assistance (GA)" means medical assistance administered and funded 100 percent with State of Oregon funds through OHP.

(99) "Health Care Interpreter" Certified or Qualified as defined in ORS 413.550.

(100) "Health Care Professionals" means individuals with current and appropriate licensure, certification, or accreditation in a medical, mental health, or dental profession who provide health services, assessments, and screenings for clients within their scope of practice, licensure, or certification.

(101) "Healthcare Common Procedure Coding System (HCPCS)" means a method for reporting health care professional services, procedures, and supplies. HCPCS consists of the Level l — American Medical Association's Physician's Current Procedural Terminology (CPT), Level II — National codes, and Level III — Local codes. The Division uses HCPCS codes; however, the Division uses Current Dental Terminology (CDT) codes for the reporting of dental care services and procedures.

(102) "Health Evidence Review Commission" means a commission that, among other duties, develops and maintains a list of health services ranked by priority from the most to the least important representing the comparative benefits of each service to the population served.

(103) "Health Insurance Portability and Accountability Act (HIPAA) of 1996 (HIPAA)" means the federal law (Public Law 104-191, August 21, 1996) with the legislative objective to assure health insurance portability, reduce health care fraud and abuse, enforce standards for health information, and guarantee security and privacy of health information.

(104) "Health Maintenance Organization (HMO)" means a public or private health care organization that is a federally qualified HMO under Section 1310 of the U.S. Public Health Services Act. HMOs provide health care services on a capitated, contractual basis.

(105) "Health Plan New/non-categorical client (HPN)" means an individual who is 19 years of age or older, is not pregnant, is not receiving Medicaid through another program, and who must meet all eligibility requirements to become an OHP client.

(106) "Hearing Aid Dealer" means a person licensed by the Board of Hearing Aid Dealers to sell, lease, or rent hearing aids in conjunction with the evaluation or measurement of human hearing and the recommendation, selection, or adaptation of hearing aids.

(107) "Home Enteral Nutrition" means services provided in the client's place of residence to an individual who requires nutrition supplied by tube into the gastrointestinal tract as described in the Home Enteral/Parenteral Nutrition and IV Services program provider rules.

(108) "Home Health Agency" means a public or private agency or organization that has been certified by Medicare as a Medicare home health agency and that is licensed by the Authority as a home health agency in Oregon and meets the capitalization requirements as outlined in the Balanced Budget Act (BBA) of 1997.

(109) "Home Health Services" means part-time or intermittent skilled nursing services, other therapeutic services (physical therapy, occupational therapy, speech therapy), and home health aide services made available on a visiting basis in a place of residence used as the client's home.

(110) "Home Intravenous Services" means services provided in the client's place of residence to an individual who requires that medication (antibiotics, analgesics, chemotherapy, hydrational fluids, or other intravenous medications) be administered intravenously as described in the Home Enteral/Parenteral Nutrition and IV Services program administrative rules.

(111) "Home Parenteral Nutrition" means services provided in the client's residence to an individual who is unable to absorb nutrients via the gastrointestinal tract, or for other medical reasons, requires nutrition be supplied parenterally as described in the Home Enteral/Parenteral Nutrition and IV Services program administrative rules.

(112) "Hospice" means a public agency or private organization or subdivision of either that is primarily engaged in providing care to terminally ill individuals and is certified by the federal Centers for Medicare and Medicaid Services as a program of hospice services meeting current standards for Medicare and Medicaid reimbursement and Medicare Conditions of Participation and is currently licensed by the Oregon Health Authority (Authority), Public Health Division.

(113) "Hospital" means a facility licensed by the Office of Public Health Systems as a general hospital that meets requirements for participation in OHP under Title XVIII of the Social Security Act. The Division does not consider facilities certified by CMS as religious non-medical facilities as hospitals for reimbursement purposes. Out-of-state hospitals will be considered hospitals for reimbursement purposes if they are licensed as a short term acute care or general hospital by the appropriate licensing authority within that state and if they are enrolled as a provider of hospital services with the Medicaid agency within that state.

(114) "Hospital-Based Professional Services" means professional services provided by licensed practitioners or staff based on a contractual or employee/employer relationship and reported as a cost on the Hospital Statement of Reasonable Cost report for Medicare and the Calculation of Reasonable Cost (division 42) report for the Division.

(115) "Hospital Dentistry" means dental services normally done in a dental office setting, but due to specific client need (as detailed in OAR chapter 410 division 123) are provided in an ambulatory surgical center or inpatient or outpatient hospital setting under general anesthesia (or IV conscious sedation, if appropriate).

(116) "Hospital Laboratory" means a laboratory providing professional technical laboratory services as outlined under laboratory services in a hospital setting as either an inpatient or outpatient hospital service whose costs are reported on the hospital's cost report to Medicare and to the Division.

(117) "Indian Health Care Provider" means an Indian health program or an urban Indian organization.

(118) "Indian Health Program" means any Indian Health Service (IHS) facility, any federally recognized tribe or tribal organization, or any FQHC with a 638 designation.

(119) "Indian Health Service (IHS)" means an operating division (OPDIV) within the U.S. Department of Health and Human Services (HHS) responsible for providing medical and public health services to members of federally recognized tribes and Alaska Natives.

(120) "Indigent" means for the purposes of access to the Intoxicated Driver Program Fund (ORS 813.602), individuals with-out health insurance coverage, public or private, who meet standards for indigence adopted by the federal government as defined in 813.602(5).

(121) "Individual Adjustment Request Form (OHP 1036)" means a form used to resolve an incorrect payment on a previously paid claim, including underpayments or overpayments.

(122) "Inpatient Hospital Services" means services that are furnished in a hospital for the care and treatment of an inpatient. (See Division Hospital Services program administrative rules in chapter 410, division 125 for inpatient covered services.)

(123) "Institutional Level of Income Standards (ILIS)" means three times the amount SSI pays monthly to a person who has no other income and who is living alone in the community. This is the standard used for Medicaid eligible individuals to calculate eligibility for long-term nursing care in a nursing facility, Intermediate Care Facilities for Individuals with Intellectual Disabilities (ICF/IID), and individuals on ICF/IID waivers or eligibility for services under Aging and People with Disabilities (APD) Home and Community Based Services program.

(124) "Institutionalized" means a patient admitted to a nursing facility or hospital for the purpose of receiving nursing or hospital care for a period of 30 days or more.

(125) "International Classification of Diseases, 9th Revision, Clinical Modification (ICD-10-CM) (including volumes 1, 2, and 3, as revised annually)" means a book of diagnosis codes used for billing purposes when treating and requesting reimbursement for treatment of diseases.

(126) "Laboratory" means a facility licensed under ORS 438 and certified by CMS, Department of Health and Human Services (DHHS), as qualified to participate under Medicare and to provide laboratory services (as defined in this rule) within or apart from a hospital. An entity is considered to be a laboratory if the entity derives materials from the human body for the purpose of providing information for the diagnosis, prevention, or treatment of any disease or impairment of or the assessment of the health of human beings. If an entity performs even one laboratory test, including waived tests for these purposes, it is considered to be a laboratory under the Clinical Laboratory Improvement Act (CLIA).

(127) "Laboratory Services" means those professional and technical diagnostic analyses of blood, urine, and tissue ordered by a physician or other licensed practitioner of the healing arts within his or her scope of practice as defined under state law and provided to a patient by or under the direction of a physician or appropriate licensed practitioner in an office or similar facility, hospital, or independent laboratory.

(128) "Licensed Direct Entry Midwife" means a practitioner who has acquired the requisite qualifications to be registered or legally licensed to practice midwifery by the Public Health Division.

(129) "Liability Insurance" means insurance that provides payment based on legal liability for injuries or illness. It includes, but is not limited to, automobile liability insurance, uninsured and underinsured motorist insurance, homeowner's liability insurance, malpractice insurance, product

liability insurance, Worker's Compensation, and general casualty insurance. It also includes payments under state wrongful death statutes that provide payment for medical damages.

(130) "Long-Term Acute Care (LTAC) Hospital" means a facility that provides specialty care designed for patients with serious medical problems that require intense, special treatment for an extended period of time.(131) "Managed Care Organization (MCO)" means a contracted health delivery system providing capitated or prepaid health services, also known as a Prepaid Health Plan (PHP). An MCO is responsible for providing, arranging, and making reimbursement arrangements for covered services as governed by state and federal law. An MCO may be a Chemical Dependency Organization (CDO), Dental Care Organization (DCO), Mental Health Organization (MHO), or Physician Care Organization (PCO).

(132) "Maternity Case Management" means a program available to pregnant clients. The purpose of maternity case management is to extend prenatal services to include non-medical services that address social, economic, and nutritional factors. For more information refer to the Division's Medical-Surgical Services program administrative rules.

(133) "Medicaid" means a joint federal and state funded program for medical assistance established by Title XIX of the Social Security Act as amended and administered in Oregon by the Authority.

(134) "Medical Assistance Eligibility Confirmation" means verification through the Electronic Verification System (EVS), AVR, Secure Web site or Electronic Data Interchange (EDI), or an authorized Department or Authority representative.

(135) "Medical Assistance Program" means a program for payment of health services provided to eligible Oregonians, including Medicaid and CHIP services under the OHP Medicaid Demonstration Project and Medicaid and CHIP services under the State Plan.

(136) "Medical Care Identification" means the card commonly called the "medical card" or medical ID issued to clients (called the Oregon Health ID starting Aug. 1, 2012).

(137) "Medical Services" means care and treatment provided by a licensed medical provider directed at preventing, diagnosing, treating, or correcting a medical problem.

(138) "Medical Transportation" means transportation to or from covered medical services.

(139) "Medically Appropriate" means services and medical supplies that are required for prevention, diagnosis, or treatment of a health condition that encompasses physical or mental conditions or injuries and that are:

(a) Consistent with the symptoms of a health condition or treatment of a health condition;

(b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community, evidence-based medicine, and professional standards of care as effective;

(c) Not solely for the convenience of an OHP client or a provider of the service or medical supplies; and

(d) The most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to a Division client or CCO member in the Division or CCO's judgment.

(140) "Medicare" means a federally administered program offering health insurance benefits for persons aged 65 or older and certain other aged or disabled persons. This program includes:

(a) Hospital Insurance (Part A) for inpatient services in a hospital or skilled nursing facility, home health care, and hospice care; and

(b) Medical Insurance (Part B) for physicians' services, outpatient hospital services, home health care, end-stage renal dialysis, and other medical services and supplies;

(c) Prescription drug coverage (Part D) means covered Part D drugs that include prescription drugs, biological products, insulin as described in specified paragraphs of section 1927(k) of the Social Security Act, and vaccines licensed under section 351 of the Public Health Service Act. It also includes medical supplies associated with the injection of insulin. Part D covered drugs prohibit Medicaid Title XIX Federal Financial Participation (FFP). For limitations, see the Division's Pharmaceutical Services program administrative rules in chapter 410, division 121.

(141) "Medicare Advantage" means an organization approved by CMS to offer Medicare health benefits plans to Medicare beneficiaries.

(142) "Medicheck for Children and Teens" means services also known as Early and Periodic Screening, Diagnosis, and Treatment (EPSDT) services. The Title XIX program of EPSDT services is for eligible clients under age 21. It is a comprehensive child health program to assure the availability and accessibility of required medically appropriate health care services and to help Authority clients and their parents or guardians effectively use them.

(143) "Member" means an OHP client enrolled with a pre-paid health plan or coordinated care organization.

(144) "National Correct Coding Initiative (NCCI)" means the Centers for Medicare and Medicaid Services (CMS) developed the National Correct Coding Initiative (NCCI) to promote national correct coding methodologies and to control improper coding leading to inappropriate payment.

(145) "National Drug Code or (NDC)" means a universal number that identifies a drug. The NDC number consists of 11 digits in a 5-4-2 format. The Food and Drug Administration assigns the first five digits to identify the manufacturer of the drug. The manufacturer assigns the remaining digits to identify the specific product and package size. Some packages will display less than 11 digits, but the number assumes leading zeroes.

(146) "National Provider Identification (NPI)" means federally directed provider number mandated for use on HIPAA covered transactions; individuals, provider organizations, and subparts of provider organizations that meet the definition of health care provider (45 CFR 160.103) and who conduct HIPAA covered transactions electronically are eligible to apply for an NPI. Medicare covered entities are required to apply for an NPI.

(147) "Naturopathic physician" means a person licensed to practice naturopathic medicine by the Oregon Board of Naturopathic Medicine.

(148) "Naturopathic Services" means services provided within the scope of practice as defined under state law and by rules of the Oregon Board of Naturopathic Medicine.

(149) "Non-covered Services" means services or items for which the Authority is not responsible for payment or reimbursement. Non-covered services are identified in:

(a) OAR 410-120-1200 Excluded Services and Limitations; and

(b) 410-120-1210 Medical Assistance Benefit Packages and Delivery System;

(c) 410-141-0480 OHP Benefit Package of Covered Services;

(d) 410-141-0520 Prioritized List of Health Services; and

(e) Any other applicable Division administrative rules.

(150) "Non-Emergent Medical Transportation Services (NEMT)"means transportation to or from a source of covered service, that does not involve a sudden, unexpected occurrence which creates a medical crisis requiring emergency medical services as defined in OAR 410-120-0000(76) and requiring immediate transportation to a site, usually a hospital, where appropriate emergency medical care is available.

(151) "Non-Paid Provider" means a provider who is issued a provider number for purposes of data collection or non-claims-use of the Provider Web Portal (e.g., eligibility verification).

(152) "Nurse Anesthetist, C.R.N.A." means a registered nurse licensed in the State of Oregon as a CRNA who is currently certified by the National Board of Certification and Recertification for Nurse Anesthetists.

(153) "Nurse Practitioner" means a person licensed as a registered nurse and certified by the Board of Nursing to practice as a nurse practitioner pursuant to state law.

(154) "Nurse Practitioner Services" means services provided within the scope of practice of a nurse practitioner as defined under state law and by rules of the Board of Nursing.

(155) "Nursing Facility" means a facility licensed and certified by the Department and defined in OAR 411-070-0005.

(156) "Nursing Services" means health care services provided to a patient by a registered professional nurse or a licensed practical nurse under the direction of a licensed professional within the scope of practice as defined by state law.

(157) "Nutritional Counseling" means counseling that takes place as part of the treatment of a person with a specific condition, deficiency, or disease such as diabetes, hypercholesterolemia, or phenylketonuria.

(158) "Occupational Therapist" means a person licensed by the State Board of Examiners for Occupational Therapy.

(159) "Occupational Therapy" means the functional evaluation and treatment of individuals whose ability to adapt or cope with the task of living is threatened or impaired by developmental deficiencies, physical injury or illness, the aging process, or psychological disability. The treatment utilizes task-oriented activities to prevent or correct physical and emotional difficulties or minimize the disabling effect of these deficiencies on the life of the individual.

(160) "Ombudsman Services" means advocacy services provided by the Authority to clients whenever the client is reasonably concerned about access to, quality of, or limitations on the health services provided.

(161) "Oregon Health ID" means a card the size of a business card that lists the client name, client ID (prime number), and the date it was issued.

(162) "Oregon Health Plan (OHP)" means the Medicaid and Children's Health Insurance (CHIP) Demonstration Project that expands Medicaid and CHIP eligibility beyond populations traditionally eligible for Medicaid to other low-income populations and Medicaid and CHIP services under the State Plan

(163) "Optometric Services" means services provided within the scope of practice of optometrists as defined under state law.

(164) "Optometrist" means a person licensed to practice optometry pursuant to state law.

(165) "Oregon Health Authority (Authority)" means the agency established in ORS Chapter 413 that administers the funds for Titles XIX and XXI of the Social Security Act. It is the single state agency for the administration of the medical assistance program under ORS chapter 414. For purposes of these rules, the agencies under the authority of the Oregon Health Authority are the Public Health Division, the Addictions and Mental Health Division, and the Division of Medical Assistance Programs.

(166) "Oregon Youth Authority (OYA)" means the state department charged with the management and administration of youth correction facilities, state parole and probation services, and other functions related to state programs for youth corrections.

(167) "Out-of-State Providers" means any provider located outside the borders of the State of Oregon:

(a) Contiguous area providers are those located no more than 75 miles from the border of the State of Oregon;

(b) Non-contiguous area providers are those located more than 75 miles from the borders of the State of Oregon.

(168) "Outpatient Hospital Services" means services that are furnished in a hospital for the care and treatment of an outpatient. For information on outpatient-covered services, see the Division's Hospital Services administrative rules found in chapter 410, division 125.

(169) "Overdue Claim" means a valid claim that is not paid within 45 days of the date it was received.

(170) "Overpayment" means a payment made by the Authority to a provider in excess of the correct Authority payment amount for a service. Overpayments are subject to repayment to the Authority.

(171) "Overuse" means use of medical goods or services at levels determined by Authority medical staff or medical consultants to be medically unnecessary or potentially harmful.

(172) "Paid Provider" means a provider who is issued a provider number for purposes of submitting medical assistance program claims for payment by the Authority.

(173) "Panel" means the Hearing Officer Panel established by section 3, chapter 849, Oregon Laws 1999.

(174) "Payment Authorization" means authorization granted by the responsible agency, office, or organization for payment prior or subsequent to the delivery of services, as described in these General Rules and the appropriate program rules. See the individual program rules for services requiring authorization.

(175) "Peer Review Organization (PRO)" means an entity of health care practitioners of services contracted by the state to review services ordered or furnished by other practitioners in the same professional field.

(176) "Peer Wellness Specialist" means an individual who is responsible for assessing mental health service and support needs of the individual's peers through community outreach, assisting individuals with access to available services and resources, addressing barriers to services and providing education and information about available resources and mental health issues in order to reduce stigmas and discrimination toward consumers of mental health services and to provide direct services to assist individuals in creating and maintaining recovery, health, and wellness.

(177) "Person Centered Care" means care that reflects the individual patient's strengths and preferences, reflects the clinical needs of the patient as identified through an individualized assessment, is based upon the patient's goals, and will assist the patient in achieving the goals.

(178) "Personal Health Navigator" means an individual who provides information, assistance, tools, and support to enable a patient to make the best health care decisions in the patient's particular circumstances and in light of the patient's needs, lifestyle, combination of conditions, and desired outcome.

(179) "Pharmaceutical Services" means services provided by a pharmacist, including medications dispensed in a pharmacy upon an order of a licensed practitioner prescribing within his or her scope of practice.

(180) "Pharmacist" means a person licensed to practice pharmacy pursuant to state law.

(181) "Physical Capacity Evaluation" means an objective, directly observed measurement of a person's ability to perform a variety of physical tasks combined with subjective analysis of abilities of the person.

(182) "Physical Therapist" means a person licensed by the relevant state licensing authority to practice physical therapy.

(183) "Physical Therapy" means treatment comprising exercise, massage, heat or cold, air, light, water, electricity, or sound for the purpose of correcting or alleviating any physical or mental disability, or the performance of tests as an aid to the assessment, diagnosis, or treatment of a human being. Physical therapy may not include radiology or electrosurgery.

(184) "Physician" means a person licensed to practice medicine pursuant to state law of the state in which he or she practices medicine or a person licensed to practice medicine pursuant to federal law for the purpose of practicing medicine under a contract with the federal government. A physician may be an individual licensed under ORS 677 or ORS 685.

(185) "Physician Assistant" means a person licensed as a physician assistant in accordance with ORS 677. Physician assistants provide medical services under the direction and supervision of an Oregon licensed physician according to a practice description approved by the Board of Medical Examiners.

(186) "Physician Services" means services provided within the scope of practice as defined under state law by or under the personal supervision of a physician.

(187) "Podiatric Services" means services provided within the scope of practice of podiatrists as defined under state law.

(188) "Podiatrist" means a person licensed to practice podiatric medicine pursuant to state law.

(189) "Post-Payment Review" means review of billings or other medical information for accuracy, medical appropriateness, level of service, or for other reasons subsequent to payment of the claim.

(190) "Practitioner" means a person licensed pursuant to state law to engage in the provision of health care services within the scope of the practitioner's license or certification.

(191) "Prepaid Health Plan (PHP)" means a managed health, dental, chemical dependency, or mental health organization that contracts with the Authority on a case managed, prepaid, capitated basis under OHP. PHPs may be a Chemical Dependency Organization (CDO), Dental Care Organization (DCO), Mental Health Organization (MHO), or Physician Care Organization (PCO)

(192) "Primary Care Dentist (PCD)" means a dental practitioner who is responsible for supervising and coordinating initial and primary dental care within their scope of practice for their members.

(193) "Primary Care Provider (PCP)" means any enrolled medical assistance provider who has responsibility for supervising, coordinating, and providing initial and primary care within their scope of practice for identified clients. PCPs initiate referrals for care outside their scope of practice, consultations, and specialist care and assure the continuity of medically appropriate client care. A Federally qualified PCP means a physician with a specialty or subspecialty in family medicine, general internal medicine, or pediatric medicine as defined in OAR 410-130-0005.

(194) "Prior Authorization (PA)" means payment authorization for specified medical services or items given by Authority staff or its contracted agencies prior to provision of the service. A physician referral is not a PA.

(195) "Prioritized List of Health Services" means the listing of conditions and treatment pairs developed by the Health Evidence Review Commission for the purpose of administering OHP.

(196) "Private Duty Nursing Services" means nursing services provided within the scope of license by a registered nurse or a licensed practical nurse under the general direction of the patient's physician to an individual who is not in a health care facility.

(197) "Provider" means an individual, facility, institution, corporate entity, or other organization that supplies health services or items, also termed a rendering provider, or bills, obligates, and receives reimbursement on behalf of a rendering provider of services, also termed a billing provider (BP). The term provider refers to both rendering providers and BP unless otherwise specified.

(198) "Provider Organization" means a group practice, facility, or organization that is:

(a) An employer of a provider, if the provider is required as a condition of employment to turn over fees to the employer; or

(b) The facility in which the service is provided, if the provider has a contract under which the facility submits claims; or

(c) A foundation, plan, or similar organization operating an organized health care delivery system, if the provider has a contract under which the organization submits the claim; and

(d) Such group practice, facility, or organization is enrolled with the Authority, and payments are made to the group practice, facility, or organization;

(e) An agent if such entity solely submits billings on behalf of providers and payments are made to each provider. (See Subparts of Provider Organization.)

(199) "Public Health Clinic" means a clinic operated by a county government.

(200) "Public Rates" means the charge for services and items that providers, including hospitals and nursing facilities, made to the general public for the same service on the same date as that provided to Authority clients.

(201) "Qualified Medicare Beneficiary (QMB)" means a Medicare beneficiary as defined by the Social Security Act and its amendments.

(202) "Qualified Medicare and Medicaid Beneficiary (QMM)" means a Medicare beneficiary who is also eligible for Division coverage.

(203) "Quality Improvement" means the efforts to improve the level of performance of a key process or processes in health services or health care.

(204) "Quality Improvement Organization (QIO)" means an entity that has a contract with CMS under Part B of Title XI to perform utilization and quality control review of the health care furnished, or to be furnished, to Medicare and Medicaid clients; formerly known as a Peer Review Organization.

(205) "Radiological Services" means those professional and technical radiological and other imaging services for the purpose of diagnosis and treatment ordered by a physician or other licensed practitioner of the healing arts within the scope of practice as defined under state law and provided to a patient by or under the direction of a physician or appropriate licensed practitioner in an office or similar facility, hospital, or independent radiological facility.

(206) "Recipient" means a person who is currently eligible for medical assistance (also known as a client).

(207) "Recreational Therapy" means recreational or other activities that are diversional in nature (includes, but is not limited to, social or recreational activities or outlets).

(208) "Recoupment" means an accounts receivable system that collects money owed by the provider to the Authority by withholding all or a portion of a provider's future payments.

(209) "Referral" means the transfer of total or specified care of a client from one provider to another. As used by the Authority, the term referral also includes a request for a consultation or evaluation or a request or approval of specific services. In the case of clients whose medical care is contracted through a Prepaid Health Plan (PHP), or managed by a Primary Care Physician, a referral is required before non-emergency care is covered by the PHP or the Authority.

(210) "Remittance Advice (RA)" means the automated notice a provider receives explaining payments or other claim actions. It is the only notice sent to providers regarding claim actions.

(211) "Rendering provider" means an individual, facility, institution, corporate entity, or other organization that supplies health services or items, also termed a provider, or bills, obligates, and receives reimbursement on behalf of a provider of services, also termed a billing provider (BP). The term rendering provider refers to both providers and BP unless otherwise specified.

(212) "Request for Hearing" means a clear expression in writing by an individual or representative that the person wishes to appeal a Department or Authority decision or action and wishes to have the decision considered by a higher authority.

(213) "Representative" means an individual who can make OHP-related decisions for a client who is not able to make such decisions themselves.

(214) "Retroactive Medical Eligibility" means eligibility for medical assistance granted to a client retroactive to a date prior to the client's application for medical assistance.

(215) "Ride" means non-emergent medical transportation services for a client either to or from a location where covered services are provided. "Ride" does not include client-reimbursed medical transportation or emergency medical transportation in an ambulance.

(216) "Rural" means a geographic area that is ten or more map miles from a population center of 30,000 people or less.

(217) "Sanction" means an action against providers taken by the Authority in cases of fraud, misuse, or abuse of Division requirements.

(218) "School Based Health Service" means a health service required by an Individualized Education Plan (IEP) during a child's education program that addresses physical or mental disabilities as recommended by a physician or other licensed practitioner.

(219) "Self-Sufficiency" means the division in the Department of Human Services (Department) that administers programs for adults and families.

(220) "Service Agreement" means an agreement between the Authority and a specified provider to provide identified services for a specified rate. Service agreements may be limited to services required for the special needs of an identified client. Service agreements do not preclude the requirement for a provider to enroll as a provider.

(221) "Sliding Fee Schedule" means a fee schedule with varying rates established by a provider of health care to make services available to indigent and low-income individuals. The sliding-fee schedule is based on ability to pay.

(222) "Social Worker" means a person licensed by the Board of Clinical Social Workers to practice clinical social work.

(223) "Speech-Language Pathologist" means a person licensed by the Oregon Board of Examiners for Speech Pathology.

(224) "Speech-Language Pathology Services" means the application of principles, methods, and procedure for the measuring, evaluating, predicting, counseling, or instruction related to the development and disorders of speech, voice, or language for the purpose of preventing, habilitating, rehabilitating, or modifying such disorders in individuals or groups of individuals.

(225) "State Facility" means a hospital or training center operated by the State of Oregon that provides long-term medical or psychiatric care.

(226) "Subparts (of a Provider Organization)" means for NPI application, subparts of a health care provider organization would meet the definition of health care provider (45 CFR 160.103) if it were a separate legal entity and if it conducted HIPAA-covered transactions electronically or has an entity do so on its behalf and could be components of an organization or separate physical locations of an organization.

(227) "Subrogation" means right of the state to stand in place of the client in the collection of third party resources (TPR).

(228) "Substance Use Disorder (SUD) Services" means assessment, treatment, and rehabilitation on a regularly scheduled basis or in response to crisis for alcohol or other drug abuse for dependent members and their family members or significant others, consistent with Level I, Level II, or Level III of the American Society of Addiction Medicine Patient Placement Criteria 2-Revision (ASAM PPC-2R). SUD is an interchangeable term with Chemical Dependency (CD), Alcohol and other Drug (AOD), and Alcohol and Drug (A & D).

(229) "Supplemental Security Income (SSI)" means a program available to certain aged and disabled persons that is administered by the Social Security Administration through the Social Security office.

(230) "Surgical Assistant" means a person performing required assistance in surgery as permitted by rules of the State Board of Medical Examiners.

(231) "Suspension" means a sanction prohibiting a provider's participation in the medical assistance programs by deactivation of the provider's Authority-assigned billing number for a specified period of time. No payments, Title XIX, or State Funds will be made for services provided during the suspension. The number will be reactivated automatically after the suspension period has elapsed.

(232) "Targeted Case Management (TCM)" means activities that will assist the client in a target group in gaining access to needed medical, social, educational, and other services. This includes locating, coordinating, and monitoring necessary and appropriate services. TCM services are often provided by allied agency providers.

(233) "Termination" means a sanction prohibiting a provider's participation in the Division's programs by canceling the provider's Authority-assigned billing number and agreement. No payments, Title XIX, or state funds will be made for services provided after the date of termination. Termination is permanent unless:

(a) The exceptions cited in 42 CFR 1001.221 are met; or

(b) Otherwise stated by the Authority at the time of termination.

(234) "Third Party Liability (TPL), Third Party Resource (TPR), or Third party payer" means a medical or financial resource that, under law, is available and applicable to pay for medical services and items for an Authority client.

(235) "Transportation" means medical transportation.

(236) "Service Authorization Request" means a member's initial or continuing request for the provision of a service including member requests made by their provider or the member's authorized representative.

(237) "Type A Hospital" means a hospital identified by the Office of Rural Health as a Type A hospital.

(238) "Type B AAA" means an AAA administered by a unit or combination of units of general purpose local government for overseeing Medicaid, financial and adult protective services, and regulatory programs for the elderly or the elderly and disabled.

(239) "Type B AAA Unit" means a Type B AAA funded by Oregon Project Independence (OPI), Title III—Older Americans Act, and Title XIX of the Social Security Act.

(240) "Type B Hospital" means a hospital identified by the Office of Rural Health as a Type B hospital.

(241) "Urban" means a geographic area that is less than ten map miles from a population center of 30,000 people or more.

(242) "Urgent Care Services" means health services that are medically appropriate and immediately required to prevent serious deterioration of a client's health that are a result of unforeseen illness or injury.

(243) "Usual Charge (UC)" means the lesser of the following unless prohibited from billing by federal statute or regulation:

(a) The provider's charge per unit of service for the majority of non-medical assistance users of the same service based on the preceding month's charges;

(b) The provider's lowest charge per unit of service on the same date that is advertised, quoted, or posted. The lesser of these applies regardless of the payment source or means of payment;

(c) Where the provider has established a written sliding fee scale based upon income for individuals and families with income equal to or less than 200 percent of the federal poverty level, the fees paid by these individuals and families are not considered in determining the usual charge. Any amounts charged to third party resources (TPR) are to be considered.

(244) "Utilization Review (UR)" means the process of reviewing, evaluating, and assuring appropriate use of medical resources and services. The review encompasses quality, quantity, and appropriateness of medical care to achieve the most effective and economic use of health care services.

(245) "Valid Claim" means an invoice received by the Division or the appropriate Authority or Department office for payment of covered health care services rendered to an eligible client that:

(a) Can be processed without obtaining additional information from the provider of the goods or services or from a TPR; and

(b) Has been received within the time limitations prescribed in these General Rules (OAR 410 division 120).

(246) "Valid Preauthorization" means a document the Authority, a PHP, or CCO receives requesting a health service for a member who would be eligible for the service at the time of the service, and the document contains:

(a) A beginning and ending date not exceeding twelve months, except for cases of PHP or CCO enrollment where four months may apply; and

(b) All data fields required for processing the request or payment of the service including the appropriate billing codes.

(247) "Vision Services" means provision of corrective eyewear, including ophthalmological or optometric examinations for determination of visual acuity and vision therapy and devices.

(248) "Volunteer" (for the purposes of NEMT) means an individual selected, trained and under the supervision of the Department who is providing services on behalf of the Department in a non-paid capacity except for incidental expense reimbursement under the Department Volunteer Program authorized by ORS 409.360.

410-125-0080

Inpatient Services

(1) Elective (not urgent or emergent) hospital admission:

(a) Coordinated Care Organization (CCO) and Mental Health Organization (MHO) clients: Contact the client's CCO, or MHO. The health plan may have different prior authorization (PA) requirements than the Division;

(b) Medicare clients: The Division does not require PA for inpatient services provided to clients with Medicare Part A or B coverage;

(c) Division clients: Oregon Health Plan (OHP) clients covered by the OHP Plus Benefit Package:

(A) For a list of medical and surgical procedures that require PA, see the Division's Medical-Surgical Services Program, rules OAR chapter 410, division 130, specifically OAR 410-130-0200, table 130-0200-1, unless they are urgent or emergent defined in OAR 410-125-0401;

(B) For PA, contact the Division unless otherwise indicated in the Medical-Surgical Service program rules, specifically OAR 410-130-0200, Table 130-0200-1.

(2) Transplant services:

(a) Complete rules for transplant services are in the Division's Transplant Services Program rules, OAR chapter 410, division 124;

(b) Clients are eligible for transplants covered by the Oregon Health Evidence Review Commission's Prioritized List of Health Services (Prioritized List). See the Transplant Services Program administrative rules for criteria. (3) Out-of-State non-contiguous hospitals:

(a) All non-emergent and non-urgent services provided by hospitals more than 75 miles from the Oregon border require PA;

(b) Contact the Division's Medical Director's office for authorization for clients not enrolled in a Prepaid Health Plan (PHP). For clients enrolled in a PHP, contact the plan.

(4) Out-of-State contiguous hospitals: The Division prior authorizes services provided by contiguous-area hospitals, less than 75 miles from the Oregon border, following the same rules and procedures governing in-state providers.

(5) Transfers to another hospital:

(a) Transfers for the purpose of providing a service listed in the Medical-Surgical Services program rules, specifically OAR 410-130-0200, Table 130-0200-1, e.g., inpatient physical rehabilitation care, require PA. (b) For transfers to a skilled nursing facility, intermediate care facility, or swing bed, contact Aging and People with Disabilities (APD). APD reimburses nursing facilities and swing beds through contracts with the facilities. For CCO clients, transfers require authorization and payment (for first 20 days) from the CCO;

(c) For transfers for the same or lesser level inpatient care to a general acute-care hospital, the Division shall cover transfers, including back transfers that are primarily for the purpose of locating the patient closer to home and family, when the transfer is expected to result in significant social or psychological benefit to the patient:

(A) The assessment of significant benefit shall be based on the amount of continued care the patient is expected to need (at least seven days) and the extent to which the transfer locates the patient closer to familial support;

(B) Payment for transfers not meeting these guidelines may be denied on the basis of post-payment review.

(d) Exceptions:

(A) Emergency transfers do not require PA;

(B) In-state or contiguous non-emergency transfers for the purpose of providing care that is unavailable in the transferring hospital do not require PA unless the planned service is listed in the Medical-Surgical Service Program rules, specifically OAR 410-130-0200, Table 130-0200-1;

(C) All non-urgent transfers to out-of-state, non-contiguous hospitals require PA.

(6) Dental procedures provided in a hospital setting:

(a) For prior authorization requirements, see the Division's Dental Services Program rules; specifically OAR 410-123-1260 and 410-123-1490;

(b) Emergency dental services do not require PA;

(c) For prior authorization for fee-for-service clients, contact the Division's Dental Services Program analyst. (See the Division's Dental Services Program Supplemental information, http://www.oregon.gov/OHA/healthplan/pages/dental.aspx);

(d) For clients enrolled in a CCO, contact the client's health plan.

(7) Long-term acute care (LTAC) hospital services authorization requirements:

(a) For an initial thirty-day stay:

(A) LTAC provider must, before admitting the client, submit a request for prior authorization to the Division;

(B) Include sufficient medical information to justify the requested initial stay;

(C) Meet the clinical criteria outlined in the LTAC Hospital guide at: http:www.oregon.gov/oha/healthplan/Pages/hospital.aspx.

(b) Extension of stay:

(A) Submit request for prior authorization to the Division;

(B) Include sufficient medical justification for the extended stay.

DRG Rate Methodology

(1) Diagnosis Related Groups:

(a) Diagnosis Related Groups (DRG) is a system of classification of diagnoses and procedures based on the International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM);

(b) The DRG classification methodology assigns a DRG category to each inpatient service, based on the patient's diagnoses, age, procedures performed, length of stay, and discharge status.

(2) Medicare Grouper: The Medicare Grouper is the software used to assign an individual claim to a DRG category. Medicare revises the Grouper program each year in October. The Division uses the Medicare Grouper program in the assignment of inpatient hospital claims. The most recent version of the Medicare grouper will be installed each year within 90 days of the date it is implemented by Medicare. Where better assignment of claims is achieved through changes to the grouper logic, the Division may modify the logic of the grouper program. The Division will work with representatives of hospitals that may be affected by grouper logic changes in reaching a cooperative decision regarding changes. The Division DRG weight tables can be found on the Division web site:

(a) Acute Care Hospitals larger than fifty beds are considered DRG hospitals and reimbursed using Medicare's MS-DRG grouper;

(b) Hospitals enrolled as long-term acute care (LTAC) are reimbursed using Medicare's MS-LTC DRG grouper.

(3) DRG Relative Weights:

(a) Relative weights are a measure of the relative resources required in the treatment of the average case falling within a specific DRG category;

(b) For most DRGs, the Division establishes a relative weight based on federal Medicare DRG weights. For state-specific Rehabilitation, Neonate, and Adolescent Psychiatric DRGs, Oregon Title XIX fee-for-service claims history is used. To determine whether enough claims exist to establish a reasonable weight for each state-specific Rehabilitation, Neonate, and Adolescent Psychiatric DRG, the Division uses the following methodology: Using the formula N = where Z = 1.15 (a 75 percent confidence level), S is the standard deviation, and R = 10 percent of the mean. The Division determines the minimum number of claims required to set a stable weight for each DRG (N must be at least 5). For state-specific Rehabilitation, Neonate, and Adolescent Psychiatric DRGs lacking sufficient volume, the Division sets a relative weight using:

(A) Division non-Title XIX claims data; or

(B) Data from other sources expected to reflect a population similar to the Division Title XIX caseload;

(c) When a test shows at the 90 percent confidence level that an externally derived weight is not representative of the average cost of services provided to the Division Title XIX population in that DRG, the weight derived from the Division Title XIX claims history is used instead of the externally derived weight for that DRG;

(d) Those relative weights based on Federal Medicare DRG weights will be established when changes are made to the DRG Grouper logic. State-specific relative weights shall be adjusted, as needed, as determined by the Division. When relative weights are recalculated, the overall Case Mix Index (CMI) will be kept constant. Reweighing of DRGs or the addition or modification of the grouper logic will not result in a reduction of overall payments or total relative weights.

(4) Case Mix Index: The hospital-specific case mix index is the total of all relative weights for all services provided by a hospital during a period, divided by the number of discharges.

(5) Unit Value: Hospitals larger than fifty beds or enrolled as a long-term acute care (LTAC) hospital are reimbursed using the Diagnosis Related Grouper (DRG) as described in section (2). Effective for services on or after:

(a) August 15, 2005, the operating unit payment is 100 percent of 2004 Medicare and related data published in Federal Register/Vol. 68, No. 148, August 1, 2003. The unit value is also referred to as the operating unit per discharge;

(b) May 1, 2009, the operating unit payment is 108.5 percent of the 2004 Medicare and related data published in Federal Register/Vol. 68, No. 148, August 1, 2003. The unit value is also referred to as the operating unit per discharge;

(c) Effective October 1, 2009 the operating unit payment is 100 percent of the most recent version of the Medicare base payment rates. The Division will revise the base payment rates each year in October when Medicare posts the rates.

(6) DRG Payment: The DRG payment to each Oregon DRG hospital or LTAC hospital is calculated by adding the unit value to the capital amount, then multiplied by the claim assigned DRG relative weight (out-of-state hospitals do not receive the capital amount).

(7) DRG Hospital Cost Outlier Payments:

(a) Cost outlier payments are an additional payment made to in-state and contiguous hospitals for exceptionally costly services or exceptionally long lengths of stay provided to Title XIX and SF (State Facility) clients;

(b) For dates of service on and after March 1, 2004, the calculation to determine the cost outlier payment for Oregon DRG hospitals is as follows:

(A) Non-covered services (such as ambulance charges) are deducted from billed charges;

(B) The remaining billed charges are converted to hospital-specific costs using the hospital's cost-to-charge ratio derived from the most recent audited Medicare cost report and adjusted to the Medicaid caseload;

(C) If the hospital's net costs as determined above are greater than 270 percent of the DRG payment for the admission and are greater than $25,000, an additional cost outlier payment is made;

(D) Costs which exceed the threshold ($25,000 or 270 percent of the DRG payment, whichever is greater) are reimbursed using the following formula:

(i) Billed charges less non-covered charges, multiplied by;

(ii) Hospital-specific cost-to-charge ratio equals;

(iii) Net Costs, minus;

(iv) 270 percent of the DRG or $25,000 (whichever is greater), equals;

(v) Outlier Costs, multiplied by;

(vi) Cost Outlier Percentage, (cost outlier percentage is 50 percent), equals;

(vii) Cost Outlier Payment;

(E) Third party reimbursements are deducted from the Division calculation of the payable amount;

(F) When hospital cost reports are audited during the cost settlement process, an adjustment will be made to cost outlier payments to reflect the actual Medicaid hospital-specific cost-to-charge ratio during the time cost outlier claims were incurred. The cost-to-charge ratio in effect for that period of time will be determined from the audited Medicare Cost Report and cost statement template, adjusted to reflect the Medicaid mix of services.

(8) LTAC Short Stay Outliers: Occurs when a covered length of stay is between one day and up to and including 5/6ths of the average length of stay for the LTC-DRG grouping. The Short Stay Outlier payment for the hospital will be the lesser of:

(a) Per Diem for Short Stay Outlier Calculation:

(A) MS-LTC DRG payment, divided by;

(B) Geometric Length of Stay (GLOS,) multiplied by;

(C) Actual length of stay, multiplied by;

(D) 120 percent equals;

(E) Per Diem payment;

(b) Full MS-LTC DRG payment.

(9) LTAC High Cost Outliers: Are an additional payment when the estimated cost of a claim exceeds the outlier threshold (LTC DRG payment plus a fixed loss amount):

(a) The fixed loss amount is published annually by Medicare;

(b) If the estimated cost of a claim is greater than the outlier threshold, an additional payment is added to the LTC DRG payment;

(c) The outlier payment is 80 percent of the difference between the estimated cost of the claim and the outlier threshold (LTC DRG payment plus the fixed loss amount);

(d) The estimated cost of the claim is calculated by multiplying the Division's allowable charge on the claim by the hospital's cost-to-charge ratio.

(10) Capital:

(a) The capital payment is a reimbursement to in-state hospitals for capital costs associated with the delivery of services to Title XIX, non-Medicare persons. The Division uses the Medicare definition and calculation of capital costs. These costs are taken from the Hospital Statement of Reimbursable Cost (Medicare Report);

(b) For the dates of service on and after March 1, 2004, the Capital cost per discharge is 100 percent of the published Medicare capital rate for fiscal year 2004, see section (5). The capital cost is added to the Unit Value and paid per discharge;

(c) Effective October 1, 2009, the Capital cost per discharge is one 100 percent of the current year Medicare capital rate and updated every October thereafter, see section (5). The capital cost is added to the Unit Value and paid per discharge.

(11) Direct Medical Education:

(a) The direct medical education payment is a reimbursement to in-state hospitals for direct medical education costs associated with the delivery of services to Title XIX eligible persons. The Division uses the Medicare definition and calculation of direct medical education costs. These costs are taken from the Hospital Statement of Reimbursable Cost (Medicare Report);

(b) Direct medical education cost per discharge is calculated as follows:

(A) The direct medical education cost proportional to the number of Title XIX non-Medicare discharges during the period from July 1, 1986, through June 30, 1987, are divided by the number of Title XIX non-Medicare discharges. This is the Title XIX direct medical education cost per discharge;

(B) The Title XIX direct medical education cost per discharge for this period is inflated forward to January 1, 1992, using the compounded HCFA-DRI market basket adjustment;

(c) Direct medical education payment per discharge:

(A) The number of Title XIX non-Medicare discharges from each hospital for the quarterly period is multiplied by the inflated Title XIX cost per discharge. This determines the current quarter's Direct Medical Education costs. This amount is then multiplied by 85 percent. Payment is made within thirty days of the end of the quarter;

(B) The Direct Medical Education Payment per Discharge will be adjusted at an inflation factor determined by the Department in consideration of inflationary trends, hospital productivity, and other relevant factors.

(C) Notwithstanding section (9) of this rule, this subsection becomes effective for dates of service:

(i) On July 1, 2006, and thereafter direct medical education payments will not be made to hospitals; and

(ii) On July 1, 2008, and thereafter direct medical education payments will be made to hospitals, but will not be operative as the basis for payments until the Division determines all necessary federal approvals have been obtained.

(12) Indirect Medical Education:

(a) The indirect medical education payment is a reimbursement made to in-state hospitals for indirect medical education costs associated with the delivery of services to Title XIX non-Medicare clients;

(b) Indirect medical education costs are those indirect costs identified by Medicare as resulting from the effect of teaching activity on operating costs;

(c) Indirect medical education payments are made to in-state hospitals determined by Medicare to be eligible for such payments. The indirect medical education factor in use by Medicare for each of these eligible hospitals at the beginning of the state's fiscal year is the Division indirect medical education factor. This factor is used for the entire Oregon Fiscal Year;

(d) For dates of service on and after March 1, 2004, the calculation for the Indirect Medical Education quarterly payment is as follows: Total paid discharges during the quarter multiplied by the Case Mix Index, multiplied by the hospital-specific February 29, 2004, Unit Value, multiplied by the Indirect Factor, equals the Indirect Medical Education Payment;

(e) Effective October 1, 2009, the calculation of the Indirect Medical Education quarterly payment is as follows: Total paid discharges during the quarter multiplied by the Case Mix Index, multiplied by the hospital unit value, see (5)(c), multiplied by the indirect factor, equals the Indirect Medical Education Payment;

(f) This determines the current quarter's Indirect Medical Education Payment. Indirect medical education payments are made quarterly to each eligible hospital. Payment for indirect medical education costs will be made within thirty days of the end of the quarter;

(g) Notwithstanding section (10) of this rule, this subsection becomes effective for dates of service:

(A) On July 1, 2006, and thereafter Indirect Medical Education payment will not be made to hospitals; and

(B) On July 1, 2008, and thereafter Indirect Medical Education payments will be made to hospitals, but will not be operative as the basis for payments until the Division determines all necessary federal approvals have been obtained.

410-125-0400

Discharge

(1) A discharge from a hospital is the formal release of a patient to home, to another facility such as an intermediate care facility or nursing home, to a home health care agency, or to another provider of health care services.

(2) For services beginning January 1, 1993, and later, the transfer of a patient from acute care to a distinct part physical rehabilitation unit (i.e., a unit exempt from the Medicare Prospective Payment System) within the same hospital will be considered a discharge. The admission to the rehabilitation unit is billed separately. All other transfers occurring within a hospital, including transfers to Medicare PPS-exempt psychiatric units, will not be considered discharges, and all charges for services must be submitted on a single UB-04 billing for the admission.

(3) Transfer from a hospital occurs when an individual is formally released to another acute care hospital, to a long-term acute care hospital, to a skilled nursing facility, or an intermediate care facility. When a physician sends a patient directly to another hospital for further inpatient care,

the discharge should be billed as a transfer, regardless of the mode of transportation.

(4) When the Division receives claims from two hospitals for the same patient, and the date of discharge from one hospital is the same as the date of admission to the other, the Division will assume that a transfer has occurred. The Division will change the discharge status code on the first claim to 02 (Transferred to Another Acute Care Facility), automatically generating an adjustment if the claim has already been adjudicated, unless discharge status on the claim is already 02 (Transfer) or 07 (Discharge AMA). If it is believed that the Division made an error in assigning Discharge Status code 02 to a claim, the hospital may submit an Adjustment Request along with supporting documentation from the medical record.

(5) A transfer between units within a hospital is not a transfer for billing purposes, except in the case of transfers to distinct part physical rehabilitation units. Note that transfers in the other direction from rehabilitative care to acute care are not considered discharges from the rehabilitation unit unless the stay in the acute setting exceeds seven days. Stays of seven days or less in the acute care setting may not be billed separately.

(6) Some transfers, including transfers to distinct part rehabilitation units, require prior authorization.

Rule Caption: Align with Department of Human Services OAR Chapter 461 Rules
Adm. Order No.: DMAP 32-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-120-0006
Subject: In coordination with the Department of Human Services' (Department) revision of rules established in OAR chapter 461 for all overpayment, personal injury liens, and estate administration, the Division is amending OAR 410-120-0006 to assure that the Division's rule aligns with and reflects information found in the Department's amended rules. In OAR 410-120-0006, the Division adopts and incorporates Department rules and must update OAR 410-120-0006 accordingly. The Division is amending this rule that incorporates rules established in OAR Chapter 461 for all overpayment, personal injury liens, and estate administration for Authority programs covered under OAR 410-200. References to OAR Chapter 461 in contracts of the Authority are deemed to be references to the requirements of this rule.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-120-0006
Medical Eligibility Standards

As the state Medicaid and CHIP agency, the Oregon Health Authority (Authority) is responsible for establishing and implementing eligibility policies and procedures consistent with applicable law. As outlined in OAR 943-001-0020, the Authority and the Department of Human Services (Department) work together to adopt rules to assure that medical assistance eligibility procedures and determinations are consistent across both agencies.

(1) The Authority adopts and incorporates by reference the rules established in OAR Chapter 461 for all overpayment, personal injury liens and estates administration for Authority programs covered under OAR chapter 410, division 200.

(2) Any reference to OAR chapter 461 in contracts of the Authority are deemed to be references to the requirements of this rule and shall be construed to apply to all eligibility policies, procedures and determinations by or through the Authority.

(3) For purposes of this rule, references in OAR chapter 461 to the Department or to the Authority shall be construed to be references to both agencies.

Rule Caption: Clarify Services, Billing, Qualifications for Providing IDEA Services to Children with Disabilities in Public Schools
Adm. Order No.: DMAP 33-2016
Filed with Sec. of State: 6-29-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-133-0000, 410-133-0040, 410-133-0060, 410-133-0080, 410-133-0100, 410-133-0120, 410-133-0140, 410-133-0200, 410-133-0300, 410-133-0320
Subject: The Division needs to amend these rules to incorporate changes to the Board of Examiners for Speech-Language Pathology and Audiology pursuant to SB287 and in compliance with 42CFR 440.110. These rules are also being amended to correct OAR references, update, correct, and add definitions to clarify services, billing, and documentation in support of School-Based Health Services for assuring compliance with rules and regulations for audit purposes.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-133-0000
Purpose

(1) School-Based Health Services (SBHS) rules describe the Medicaid covered services available to Medicaid-eligible students receiving health services on a fee-for-service basis when "Necessary and Appropriate" and within the limitations established by the Medical Assistance Program and these rules, consistent with the requirements of the Individuals with Disabilities Education Act (IDEA). These rules are to be used in conjunction with the General Rules governing the Health Systems Division, Medical Assistance Programs (Division) (OAR 410 division 120) and the Oregon Health Plan (OHP) rules (OAR 410 division 141). The School-Based Health Services rules are also a user's manual designed to assist the Educational Agency (EA) in matching state and federal funds for Oregon's Medicaid-eligible students with disabilities.

(2) The Oregon Administrative Rules (OARs) in Chapter 581, division 15 for the Oregon Department of Education (ODE) outline Oregon's program to meet the federal provisions of the IDEA. These SBHS rules define Oregon's fee-for-service program to reimburse publicly funded education agencies for the health services provided under the IDEA to Oregon's Medicaid-eligible children.

(3) The Department of Human Services (Department), The Oregon Health Authority (Authority), and ODE recognize the unique intent of health services provided for Medicaid-eligible students with disabilities in the special education setting. The School-Based Health Services rules address the health aspects of special education services that are covered by Medicaid or the Children's Health Insurance Program (CHIP).

(4) The Authority endeavors to furnish School Medical (SM) providers with up-to-date billing, procedural information, and guidelines to keep pace with program changes and governmental requirements. The Authority does so by providing information on its website.

(5) Enrolled School-Based Health Services providers are responsible to maintain current publications provided by the Authority and the Division and to comply with the OARs in effect on the date of service the health service is provided.

(6) In order for the Authority to reimburse for health services provided in the school, the health services must be included as a covered service under the Oregon Health Plan (OHP). There is no benefit category in the

Medicaid statute titled "school health services" or "early intervention services." These rules do not create a new category of health benefits for this fee-for-service program.

(7) These rules describe health services that are covered services for Medicaid-eligible students, which are authorized and provided consistent with these rules.

(8) Medicaid-eligible students retain the ability to obtain services from any qualified Medicaid provider that undertakes to provide services to them. These rules do not require a Medicaid-eligible student to receive their health services solely from school medical providers.

410-133-0040
Definitions

In addition to the definitions in OAR 410-120-0000, the following definitions apply to these rules:

(1) "Adapted vehicle" means a vehicle specifically designed or modified to transport passengers with disabilities.

(2) "Adequate recordkeeping" means in addition to General Rules OAR 410-120-0000, Definitions and 410-120-1360, Requirements for Financial, Clinical, and Other Records, documentation in the student's educational record and on the Individualized Education Plan (IEP) or Individualized Family Service Plan (IFSP) showing the necessary and appropriate health services provided to the student detailed in the School-Based Health Services (SBHS) administrative rules (410-133-0000 and 410-133-0320).

(3) "Agent" means a third party or organization that contracts with a provider, allied agency, or Prepaid Health Plan (PHP) to perform designated services in order to facilitate a transaction or conduct other business functions on its behalf. Agents include billing agents, claims clearinghouses, vendors, billing services, service bureaus, and accounts receivable management firms. Agents may also be clinics, group practices, and facilities that submit billings on behalf of providers but the payment is made to a provider, including the following: an employer of a provider, if a provider is required as a condition of employment to turn over his fees to the employer; the facility in which the service is provided, if a provider has a contract under which the facility submits the claim; or a foundation, plan, or similar organization operating an organized health care delivery system, if a provider has a contract under which the organization submits the claim. Agents may also include electronic data transmission submitters.

(4) "Assessment" means a process of obtaining information to determine if a student qualifies for or continues to qualify for the Division covered school-based health services.

(5) "Assistive technology service" means services provided by medically qualified staff within the scope of practice under state law with training and expertise in the use of assistive technology (see 410-133-0080 Coverage and 410-133-0200 Not Covered Services in these rules).

(6) "Audiologist" means a licensed audiologist within the scope of practice as defined by state or federal law who meet the standards of licensing or certification for the health service provided as described in OAR 410-133-0120 Medically Qualified Staff.

(7) "Audiology" means assessment of children with hearing loss; determination of the range, nature, and degree of hearing loss, including the referral for medical or other professional attention for restoration or rehabilitation due to hearing disorders; provision of rehabilitative activities, such as language restoration or rehabilitation, auditory training, hearing evaluation and speech conversation, and determination of the child's need for individual amplification; obtaining and interpreting information; and coordinating care and integrating services relative to the student receiving services.

(8) "Authority" means the Oregon Health Authority. (Please see General Rules 410-120-0000 Acronyms and Definitions.)

(9) "Billing agent or billing service" means a third party or organization that contracts with a provider to perform designated services in order to facilitate an Electronic Data Interchange (EDI) transaction on behalf of the provider. Also see definition for Electronic Data Interchange (EDI) Submitter.

(10) "Billing Provider (BP)" means a person, agent, business, corporation, clinic, group, institution, or other entity that submits claims to and receives payment from the Division on behalf of a performing provider and has been delegated the authority to obligate or act on behalf of the performing provider. (See the Department-wide Support Services (DWSS) administrative rules in, chapter 407, division 120 Provider Rules, and the Division's General Rules OAR 410-120-1260 and SBHS OAR 410-133-0140.)

(11) "Billing time limit" means the period of time allowed to bill services to the Division See General Rules OAR 410-120-1300, Timely Submission of Claims. In general, those rules require initial submission within 12 months of the date of service or 18 months for resubmission.

(12) "Centers for Medicare and Medicaid Services (CMS)" means the federal regulatory agency for Medicaid programs.

(13) "Certification." See "licensure."

(14) "Children's Health Insurance Program (CHIP)" means a federal and state funded portion of the Oregon Health Plan (OHP) established by Title XXI of the Social Security Act and administered in Oregon by the Authority and the Division.

(15) "Clinical Social Work Associate (CSWA)" means a person working toward Licensed Clinical Social Worker (LCSW) licensure in compliance with Division 20, Procedure for Certification of Clinical Social Work Associates and Licensing of Licensed Clinical Social Workers, OAR Chapter 877 division 020.

(16) "Coordinated care" means services directly related to covered school-based health services (SBHS) specified in the individualized education program (IEP) or individualized family service plan (IFSP), performed by medically qualified staff, and allowed under OAR 410-133-0080 Coverage to manage integration of those health services in an education setting. Coordinated care includes the following activities:

(a) Conference. The portion of a conference in a scheduled meeting between medically qualified staff and interested parties to develop, review, or revise components of school-based health services provided to a Medicaid-eligible student to establish, re-establish, or terminate a Medicaid covered health service on a Medicaid-eligible student's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP); or to develop, review, or revise components of a health service currently provided to a Medicaid-eligible student to determine whether or not those covered health services continue to meet the student's needs as specified on the student's IEP or IFSP;

(b) Consultation. Performed by medically qualified staff within the scope of practice providing technical assistance to or conferring with special education providers, physicians, and families to assist them in providing a covered health service for Medicaid-eligible students related to a specific health service and health service goals and objectives in the individualized education program (IEP) or individualized family service plan (IFSP);

(c) Physician coordinated care. Meeting or communication with a physician in reference to oversight of care and treatment provided for a health service specified on a Medicaid-eligible student's individualized education program (IEP) or individualized family service plan (IFSP).

(17) "Cost Determination" means the process of establishing an annual discipline fee (cost rate), based on the prior-year actual audited costs, used by an EA for the purpose of billing for covered school-based health services (see 410-133-0245 Cost Determination and Payment in these rules).

(18) "Covered entity" means a health plan, health care clearing house, health care provider, or allied agency that transmits any health information in electronic form in connection with a transaction, including direct data entry (DDE), and that must comply with the National Provider Identifier (NPI) requirements of 45 CFR 162.402 through 162.414. When a school provides covered SBHS services in the normal course of business and bills Medicaid for reimbursed covered transactions electronically in connection with that health care such as electronic claims, it is then a covered entity and must comply with the HIPAA Administrative Simplification Rules for Transactions and Code sets and Identifiers with respect to its transactions.

(19) Data transmission means the transfer or exchange of data between the Department and a web portal or electronic data interchange (EDI) submitter by means of an information system that is compatible for that purpose and includes without limitation web portal, EDI, electronic remittance advice (ERA), or electronic media claims (EMC) transmissions.

(20) "Delegated Health Care Aide" means a non-licensed person trained and supervised by a licensed registered nurse (RN) or nurse practitioner (NP) to perform selected tasks of nursing care specific to the Medicaid-eligible student identified in the nursing plan of care pursuant to the Individualized Education Program/Individualized Family Service Plan (IEP/IFSP).

(21) "Delegation of nursing task" means a selected nursing task that is performed by an unlicensed person, trained and monitored by a licensed RN. Delegation and supervision of selected nursing tasks must comply with

Oregon Administrative Rules (OARs), Oregon State Board of Nursing, chapter 851, divisions 45 and 47. A school medical (SM) provider must maintain documentation of the actual delegation, training, supervision, and provision of the nursing service billed to Medicaid.

(22) "Department" means the Department of Human Services established in OAR chapter 407, including any divisions, programs, and offices as may be established therein.

(23) "Diagnosis code" means as identified in the International Classification of Diseases 10th Revision, Clinical Modification (ICD-10-CM), the primary Diagnosis Code is shown in all billing claims, unless specifically excluded in individual Division provider rules. Where they exist, diagnosis codes shall be shown to the degree of specificity outlined in OAR 410-120-1280 Billing.

(24) "Direct services" means face-to-face delivery of health services by or under the direction of medically qualified staff who is the service provider to a Medicaid-eligible student.

(25) "Early Intervention/Early Childhood Special Education (EI/ECSE)": EI is a program designed to address the unique needs of a child age 0-3 years, and ECSE is a program for preschool children with a disability ages 3-5 years or eligible for Kindergarten.

(26) "Educational Agency (EA)" means for purposes of these rules, any public school, school district, Education Service District (ESD), state institution, or youth care center providing educational services to students, birth to age 21 through grade 12, that receives federal or state funds either directly or by contract or subcontract with the Oregon Department of Education (ODE).

(27) "Education records" means those records, files, documents and other materials that contain information directly related to a student and maintained by an Education Agency (EA) or by a person acting for such EA as set forth in OAR 581-021-0220. (A school-based health services (SBHS) provider is required to keep and maintain supporting documentation for Medicaid reimbursed school-based health services for a period of seven years; this documentation is part of the student's education record but may be filed and kept separately by school health professionals.) See 410-133-0320 Documentation and Recordkeeping Requirements in these rules.

(28) "Education Service District (ESD)" means an education agency established to offer a resource pool of cost-effective, education-related, physical or mental health-related, state-mandated services to multiple local school districts within a geographic area described in ORS 334.010.

(29) "Electronic Data Interchange (EDI)" means the exchange of business documents from application to application in a federally mandated format or, if no federal standard has been promulgated, using bulk transmission processes and other formats as the Department designates for EDI transactions. For purposes of these rules (OAR 407-120-0100 through 407-120-0200), EDI does not include electronic transmission by web portal.

(30) "EDI submitter" means an individual or an entity authorized to establish an electronic media connection with the Department to conduct an EDI transaction. An EDI submitter may be a trading partner or an agent of a trading partner. Also see definition for billing agent in these rules.

(31) "Electronic Verification System (EVS)" means eligibility information that have met the legal and technical specifications of the Division in order to offer eligibility information to enrolled providers.

(32) "Eligibility for special education services" means a determination by a designated education agency (EA) through a team that a child meets the eligibility criteria for early intervention (EI), early childhood special education (ECSE), or special education as defined in ORS 343 and OAR chapter 581, division 15.

(33) "Evaluation" —means procedures performed by medically qualified staff to determine whether a Medicaid-eligible student is disabled and the nature and extent of the health services the student needs under the Individuals with Disabilities Education Act (IDEA) and in accordance with Oregon Department of Education OAR chapter 581 division 15. The Authority can only reimburse evaluations that establish, re-establish, or terminate a school-based health services (SBHS) covered health service on a Medicaid-eligible student's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) under the Individuals with Disabilities Education Act (IDEA).

(34) "Federal Medical Assistance Percentage (FMAP)" means the percentage of federal matching dollars for qualified state medical assistance program expenditures.

(35) "Healthcare Common Procedure Coding System (HCPCS)" means a method for reporting health care professional services, procedures, and supplies. HCPCS consists of the Level I -American Medical Association's Physician's Current Procedural Terminology (CPT), Level II – National codes, and Level III – Local codes. The Division uses HCPCS codes. See General Rules (OAR 410-120-1280 Billing).

(36) "Health assessment plan (nursing)" means a systematic collection of data for the purpose of assessing a Medicaid-eligible student's health or illness status and actual or potential health care needs in the educational setting. It includes taking a nursing history and an appraisal of the student's health status through interview information from the family and information from the student's past health or medical record. A SBHS provider is required to keep and maintain the health assessment plan and supporting documentation for Medicaid reimbursed health services described in a Medicaid-eligible student's individualized education program (IEP) or individualized family service plan (IFSP) for a period of seven years as part of the student's education record, which may be filed and kept separately by school health professionals. (See 410-133-0320 Documentation and Recordkeeping Requirements.)

(37) "Health care practitioner" means a person licensed pursuant to state law to engage in the provision of health care services within the scope of the health care practitioner's license and certification standards established by their health licensing agency. Medical provider and health care practitioner are interchangeable terms. See Definition for medical provider in these rules.

(38) "Health Evidence Review Commission (HERC)" means a 13-member commission that is charged with reporting to the Governor the ranking of health benefits from most to least important and representing the comparable benefits of each service to the entire population to be served.

(39) "Health services" means medical evaluation services provided by a physician for diagnostic and evaluation purposes for a Medicaid-eligible student that is found eligible under the Individuals with Disabilities Education Act (IDEA) and leads to an established Individualized Education Program (IEP) or Individualized Family service Plan (IFSP), physical or mental health evaluations, and assessment or treatment performed by medically qualified staff to achieve the goals set forth in a Medicaid-eligible student's IEP or IFSP. A covered health service is one that is covered by the medical assistance program and is provided to enable the Medicaid-eligible student to benefit from a special education program (age 3-21) or to achieve developmental milestones in an early intervention program (age 0-3). "Health services" are synonymous with "medical services" in these rules. To determine whether a health service specified on an Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) is a covered School-Based Health Service (SBHS), see 410-133-0080 Coverage and 410-133-0200 Not Covered Services.

(40) "Health Systems Division, Medical Assistance Programs (Division)" means a division within the Oregon Health Authority (Authority). The Division is responsible for coordinating the medical assistance programs within the State of Oregon including the Oregon Health Plan (OHP) Medicaid demonstration, the State Children's Health Insurance Program (SCHIP- Title XXI), and several other programs.

(41) "ID number" means a number issued by the Authority used to identify Medicaid-eligible students. This number may also be referred to as recipient identification number, prime number, client medical ID Number, or medical assistance program ID number.

(42) "Individuals with Disabilities Education Act (IDEA)" means the federal law ensuring the rights of children with disabilities to a "free and appropriate education" (FAPE).

(43) "Individualized Education Plan (IEP)" means a written statement of an educational program for a child with a disability that is developed, reviewed, or revised in a meeting in accordance with Oregon Department of Education OAR chapter 581, division 15. When an IEP is used as a prescription for Medicaid reimbursement for covered School-Based Health Services (SBHS), it must include: type of health service, amount, and duration and frequency for the service provided. In order to bill Medicaid for covered health services, they must be delivered by or under the supervision of medically-qualified staff and must be recommended by a physician or appropriate health care practitioner acting within the scope of practice. See the definition of medically qualified staff in this rule.

(44) "Individualized Family Service Plan (IFSP)" means a written plan of early childhood special education (ECSE) services, early intervention (EI) services, and other services developed in accordance with criteria established by the Oregon Department of Education (ODE) for each child (ages birth to 5 years) eligible for IFSP services. The plan is developed to meet the needs of a child with disabilities in accordance with requirements and definitions in OAR chapter 581, division 15. When an IFSP is used as a prescription for Medicaid reimbursement for SBHS covered services, it must include: type of health service, amount, and duration and frequency for the service provided. In order to bill Medicaid for covered health serv-

ices, they must be delivered by or under the supervision of medically-qualified staff and must be recommended by a physician or health care practitioner within their scope of practice. See the definition of medically qualified staff in this rule.

(45) "Individualized Education Plan/Individualized Family Service Plan (IEP/IFSP) Team" means a group of teachers, specialists, and parents responsible for determining eligibility, and developing, reviewing, and revising an IEP or IFSP in compliance with the Oregon Department of Education (ODE) OAR chapter 581, division 15.

(46)" Licensed Clinical Social Worker (LCSW)" means a person licensed to practice clinical social work pursuant to state law.

(47) "Licensed Physical Therapist Assistant (LPTA)" means a person licensed to assist in the administration of physical therapy, solely under the supervision and direction of a physical therapist.

(48)" Licensed Practical Nurse (LPN)" means a person licensed to practice under the direction of a licensed professional within the scope of practice as defined by state law.

(49) "Licensure" means documentation from state agencies demonstrating that licensed or certified individuals are qualified to perform specific duties and a scope of services within a legal standard recognized by the licensing agency. In the context of health services, licensure refers to the standards applicable to health service providers by health licensing authorities. For health services provided in the State of Oregon, licensure refers to the standards established by the appropriate State of Oregon licensing agency.

(50) "Medicaid-eligible student" means the child or student who has been determined to be eligible for Medicaid health services by the Authority. For purposes of this rule, Medicaid-eligible student is synonymous with "recipient" or "Oregon Health Plan (OHP) client". For convenience, the term "student" used in these rules applies to both students covered by an Individualized Education Program (IEP) and children covered by an Individualized Family Service Plan (IFSP). Also for purposes of this rule, students or children whose eligibility is based on the Children's Health Insurance Program (CHIP) shall be referred to as Medicaid-eligible students.

(51) "Medical Assistance Program" means a program for payment of health services provided to eligible Oregonians. Oregon's medical assistance program includes Medicaid services including the Oregon Health Plan (OHP) Medicaid Demonstration, and the Children's Health Insurance Program (CHIP). The Medical Assistance Program is administered by the Health Systems Division, Medical Assistance Programs (Division) of the Oregon Health Authority.

(52) "Medical Management Information System (MMIS)" means a data collection system for processing an integrated group of procedures and computer processing operations (subsystems) developed at the general design level to meet principal objectives. For Title XIX purposes, "systems mechanization" and "mechanized claims processing and information retrieval systems" is identified in section 1903(a)(3) of the Act and defined in regulation at 42 CFR 433.111. The objectives of this system and its enhancements include the Title XIX program control and administrative costs; service to recipients, providers and inquiries; operations of claims control and computer capabilities; and management reporting for planning and control.

(53) "Medical provider" means an individual licensed by the state to provide health services within their governing body's definitions and respective scope of practice. Medical provider and health care practitioner are interchangeable terms.

(54) "Medical services" means the care and treatment provided by a licensed health care practitioner to prevent, diagnose, treat, correct, or address a medical problem, whether physical, mental, or emotional. For the purposes of these rules, this term shall be synonymous with health services or health-related services listed on an Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP), as defined in OAR chapter 581, division 15. Not all health-related services listed on an IEP or IFSP are covered as SBHS. See 410-133-0080 Coverage and 410-133-0200 Not Covered Services.

(55) "Medical transportation" means specialized transportation in a vehicle adapted to meet the needs of passengers with disabilities transported to and from a SBHS covered service.

(56) "Medically qualified staff" means:

(a) Staff employed by or through contract with an EA; and

(b) Licensed by the state to provide health services in compliance with state law defining and governing the scope of practice, described further in OAR 410-133-0120.

(57) "Medication management" means a task performed only by medically qualified staff within the scope of practice, pursuant to a student's Individualized Education Program/Individualized Family Service Plan (IEP/IFSP), which involves administering medications, observing for side effects, and monitoring signs and symptoms for medication administration.

(58) "National Provider Identifier (NPI)" means a federally directed provider number mandated for use on Health Insurance Portability Accountability Act (HIPAA) covered transactions. Individuals, provider organizations, and subparts of provider organizations that meet the definition of health care provider (45 CFR 160.103) and who conduct HIPAA covered transactions electronically are eligible to apply for an NPI. Medicare covered entities are required to apply for an NPI.

(59) "Necessary and appropriate" health services means those health services described in a Medicaid-eligible student's IEP or IFSP that are:

(a) Consistent with the symptoms of a health condition or treatment of a health condition;

(b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community and professional standards of care as effective;

(c) Not solely for the convenience of the Medicaid-eligible student or provider of the service; and

(d) The most cost-effective of the alternative levels of health services that can safely be provided to a Medicaid-eligible student.

(60) "Nursing Diagnosis and Management Plan" means a written plan that describes a Medicaid-eligible student's actual and anticipated health conditions that are amenable to resolution by nursing intervention.

(61) "Nursing Plan of Care" means written guidelines that are made a part of and attached to the Individualized Education Program (IEP) or individualized Family Service Plan (IFSP) that identify specific health conditions of the Medicaid-eligible student and the nursing regimen that is "necessary and appropriate" for the student. Development and maintenance of this plan includes establishing student and nursing goals and identifying nursing interventions (including location, frequency, duration, and delegation of care) to meet the medical care objective identified in their IEP or IFSP. See Oregon State Board of Nursing Practice Act, Division 47. The SBHS provider is responsible for developing the nursing plan of care and is required to keep and maintain a copy of the nursing plan of care as supporting documentation for Medicaid reimbursed health services. (See definition "Education records.")

(62) "Nurse practitioner" means a person licensed as a registered nurse and certified by the Board of Nursing to practice as a nurse practitioner pursuant to state law.

(63) "Nursing services" means services provided by a nurse practitioner (NP), registered professional nurse (RN), a licensed practical nurse (LPN), or delegated health care aide within the scope of practice as defined by state law. Nursing services include preparation and maintenance of the health assessment plan; nursing diagnosis and management plan; nursing plan of care, consultation, and coordination; and integration of health service activities, as well as direct patient care and supervision.

(64) "Observation" means surveillance or visual monitoring performed by medically-qualified staff as part of an evaluation, assessment, direct service, or care coordination for a necessary and appropriate Medicaid-covered health service specified on a Medicaid-eligible student's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) to better understand the child's medical needs and progress in their natural environment. An observation by itself is not billable.

(65) "Occupational therapist (OT)" means a person licensed by the state's Occupational Therapy Licensing Board.

(66) "Occupational Therapist Assistant" means a person who is licensed as an occupational therapy assistant assisting in the practice of occupational therapy under the supervision of a licensed occupational therapist.

(67) "Occupational therapy" means assessing, improving, developing, or restoring functions impaired or lost through illness, injury, or deprivation to improve the ability to perform tasks for independent functioning when functions are lost or impaired, preventing through early intervention initial or further impairment or loss of function. It also means obtaining and interpreting information, coordinating care, and integrating necessary and appropriate occupational therapy services relative to the Medicaid-eligible student.

(68) "Oregon Department of Education (ODE)" means the state agency that provides oversight to public educational agencies for ensuring compliance with federal and state laws relating to the provision of services required by the individuals with disabilities education act (IDEA).

(69) "Orientation and mobility training" means services provided to blind or visually impaired students by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environment in school, home, and community. These services are not covered under School-Based Health Services (SBHS). (See OAR 410-133-0200 Not Covered Services.)

(70) "Performing provider" means a person, agent, business, corporation, clinic, group, institution, or other entity that is the provider of a service or item with the authority to delegate fiduciary responsibilities to a billing provider, also termed billing agent, to obligate or act on the behalf of the performing provider regarding claim submissions, receivables, and payments relative to the Medical Assistance Program. For the purposes of these SBHS rules, the school medical (SM) provider is the performing provider.

(71) "Physical Therapist" means a person licensed by the relevant state licensing authority to practice physical therapy. (See OAR chapter 848, division10 Licensed Physical Therapists and Licensed Physical Therapist Assistants; chapter 848 division 40 Minimum Standards for Physical Therapy Practice and Records.)

(72) "Physical Therapy" means assessing, preventing, or alleviating movement dysfunction and related functional problems, obtaining and interpreting information, and coordinating care and integrating necessary and appropriate physical therapy services relative to the student receiving treatments.

(73) "Prime Number" See definition of ID Number.

(74) "Prioritized List of Health Services" means the Oregon Health Evidence Review Commission's (HERC) prioritized list of health services with "expanded definitions' of ancillary services and preventative services and the HERC practice guidelines, as presented to the Oregon Legislative Assembly for the purpose of administering the Oregon Health Plan (OHP).

(75) "Procedure code." See definition of HCPC healthcare common procedure code.

(76) "Provider" means an individual, facility, institution, corporate entity, or other organization that supplies health care services or items, also termed a performing provider, or bills, obligates, and receives reimbursement on behalf of a performing provider of services, also termed a billing provider (BP). The term "Provider" refers to both performing providers and billing providers unless otherwise specified. Payment can only be made to Division-enrolled providers who have by signature on the provider enrollment forms and attachments agreed to provide services and to bill in accordance with General Rules OAR 410-120-1260 and the SBHS OAR 410-133-0140. If a provider submits claims electronically, the provider must become a trading partner with the Authority and comply with the requirements of the Electronic Data Interchange (EDI) rules pursuant to OAR Chapter 407 division 120.

(77) "Provider enrollment agreement" means an agreement between the provider and the Authority that sets forth the conditions for being enrolled as a provider with the Authority and to receive a provider number in order to submit claims for reimbursement for covered SBHS provided to Medicaid-eligible students. Payment can only be made to Division-enrolled providers who have by signature on the provider enrollment forms and program applicable attachments agreed to provide services and to bill in accordance with Provider Rules chapter 407, division 120 and the Division's General Rules chapter 410, division 120, and these SBHS rules. Also see definitions for Trading Partner and Trading Partner Agreement in these rules.

(78) "Psychiatrist" means a person licensed to practice medicine and surgery in the State of Oregon and possesses a valid license from the Oregon Medical Board.

(79) "Psychologist" means a person with a doctoral degree in psychology and licensed by the State Board of Psychologist Examiners. See 858-010-0010.

(80) "Psychologist Associate" means a person who does not possess a doctoral degree that is licensed by the Board of Psychologists Examiners to perform certain functions within the practice of psychology under the supervision of a psychologist. See 858-010-0037 through 858-010-0038. An exception would be psychologist associate with the authority to function without immediate supervision. See OAR 858-010-0039.

(81) "Record keeping requirements" means An SBHS SM provider is required to keep and maintain the supporting documentation in compliance with the respective medical provider's scope of practice and governing licensure or certification board requirements for Medicaid reimbursed health services described in a Medicaid-eligible student's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) for a period of seven years as part of the student's education record, which may be filed and kept separately by school health professionals. (See OAR 410-133-0320.)

(82) "Re-evaluation" means procedures used to measure a Medicaid-eligible student's health status compared to an initial or previous evaluation are focused on evaluation of progress toward current goals, modifying goals or treatment, or making a professional judgment to determine whether or not the student will continue to receive continued care for a covered service pursuant to an IEP or IFSP under the Individuals with Disabilities Education Act (IDEA). Continuous assessment of the student's progress as a component of ongoing therapy services is not billable as a re-evaluation.

(83) "Regional program" means regional program services provided on a multi-county basis under contract from the Oregon Department of Education (ODE) to eligible children (birth to 21) visually impaired, hearing impaired, deaf-blind, autistic, and severely orthopedically impaired. A regional program may be reimbursed for covered health services it provides to Medicaid-eligible students through the school medical (SM) provider (e.g., public school district or ESD) that administers the program.

(84) "Registered Nurse (RN)" means a person licensed and certified by the Oregon Board of Nursing to practice as a registered nurse pursuant to state law.

(85) "Rehabilitative services" means for purposes of the School-Based Health Services (SBHS) program any health service that is covered by the Medical Assistance Program and that is a medical, psychological, or remedial health service recommended by a physician or other licensed health care practitioner within the scope of practice under state law and provided to a Medicaid-eligible student pursuant to an Individualized Education Program/Individualized Family Service Plan (IEP/IFSP) under the Individuals with Disabilities Education Act (IDEA) that help the Medicaid eligible student keep, learn, or improve skills and functioning, including reduction, correction, stabilization, or functioning improvement of physical or mental disability of a Medicaid-eligible student. (See 410-133-0060.)

(86) "Related services" means for purposes of this rule related services as listed on an Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) and may include: transportation and such developmental, corrective, and other supportive services (e.g., speech language, audiology services, psychological services, physical therapy, occupational therapy, social work services in schools, and nursing services) as are required to assist a child or student with a disability to benefit from special education, and includes early identification and assessment of disabling conditions in children.

NOTE: Not all "related services" are covered for payment by Medicaid. To determine whether a particular related service is a covered health service for a Medicaid-eligible student, see OAR 410-133-0080, Coverage and OAR 410-133-0200, Not Covered Services.

(87) "School-Based Health Services (SBHS)" means special education, related services, or early intervention services addressing health-related needs that help the Medicaid eligible student keep, learn, or improve skills and functioning and any services authorized under Oregon's approved Medicaid state plans that are also considered special education, related services, or early intervention that adversely affects the child/student's educational performance. SBHS services reimbursed by Medicaid are recommended by a physician or other licensed health care practitioner within the scope of practice under state law and provided to a Medicaid-eligible student pursuant to an Individualized Education Program/Individualized Family Service Plan (IEP/IFSP) under the Individuals with Disabilities Education Act (IDEA) meeting the requirements of these rules and applicable federal and state laws and rules.

(88) "School medical (SM) provider" means an enrolled provider type established by the Division to designate the provider of school-based health services eligible to receive reimbursement from the Division. See the Authority's general rules chapter 943 division 120, the Division's General Rules OAR 410-120-1260, and School-Based Health Services Program OAR 410-133-0140 (School Medical (SM) Provider Enrollment Provisions).

(89) "Screening" means a limited examination to determine a Medicaid-eligible student's need for a diagnostic medical evaluation.

(90) "Special Education Services" means specially designed instruction to meet the unique needs of a child with a disability, including regular classroom instruction, instruction in physical education, home instruction, and instruction in hospitals, institutions, special schools, and other settings.

(91) "Speech-Language Pathology Assistant (SLPA)" means a person who is licensed by the Oregon State Board of Examiners for Speech-Language Pathology and Audiology and provides speech-language pathol-

ogy services under the direction and supervision of a speech-language pathologist licensed under ORS 681.250.

(92) "Speech-Language Pathologist" means a licensed speech pathologist within the scope of practice as defined by state or federal law licensed by the Oregon Board of Examiners for Speech-Language Pathology and Audiology or holds a license issued by the Teacher Standards and Practice Commission (TSPC) prior to July 1, 2016, exemption in ORS 681.230(4) pursuant to SB287, and holds a Certificate of Clinical Competency (CCC) from the American Speech and Hearing Association (ASHA) or has completed the equivalent educational requirements and work experience necessary for the certificate or has completed the academic program and is acquiring supervised work experience to qualify for the certificate. (See Medically Qualified Staff 410-133-0120.)

(93) "Speech-language pathology services" means assessment of children with speech-language disorders, diagnosis, and appraisal of specific speech-language disorders and referral for medical and other professional attention necessary for the rehabilitation of speech-language disorders and the provision of speech-language services for the prevention of communicative disorders. It includes obtaining and interpreting information, coordinating care, and integrating necessary and appropriate speech-language pathology services relative to the student receiving services.

(94) "State Education Agency (SEA)." See "Oregon Department of Education (ODE)."

(95)" State-operated school" means the Oregon School for the Deaf. See "Educational Agency."

(96) "Student health/medical/nursing records" means education records that document for purposes of the Health Systems Division, Medical Assistance Program the Medicaid-eligible student's diagnosis or the results of tests, screens, or treatments, treatment plan, the Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP), and the record of treatments or health services provided to the child or student in compliance with the respective licensed practitioner's scope of practice and licensure or certification.

(97) "Teacher Standards and Practices Commission (TSPC)" means the commission that governs licensing of teachers, personnel, service specialists, and administrators as set forth in OAR chapter 584. In order for schools or school providers to participate in the Medicaid program and receive Medicaid reimbursement, they must meet the Medicaid provider qualifications. It is not sufficient for a state to use Department of Education provider qualifications for reimbursement of Medicaid-covered health services provided in an education setting.

(98) "Testing Technician" means a person/technician adequately trained to administer and score specific tests as delegated under the direction and supervision of a licensee and maintains standards for the testing environment and testing administration as set forth in the American Psychological Association Standards for Educational and Psychological Tests (1999) and Ethical Principles for Psychologists (2002). See ORS 675.010(4) and 858-010-0002.

(99) "Trading partner" means a provider, prepaid health plan (PHP), clinic, or allied agency that has entered into a trading partner agreement with the Department in order to satisfy all or part of its obligations under a contract by means of electronic data interchange (EDI), electronic remittance advice (ERA), electronic media claims (EMC), or any other mutually agreed means of electronic exchange or transfer of data. EDI transactions must comply with the requirements of the EDI rules OAR 407-120-0100 through 407-120-0200. For the purposes of these rules EDI does not include electronic transmission by web portal.

(100) "Trading partner agreement (TPA)" means a specific request by a provider, PHP, clinic, or allied agency to conduct EDI transactions that governs the terms and conditions for EDI transactions in the performance of obligations under a contract. A provider, PHP, clinic, or allied agency that has executed a TPA will be referred to as a trading partner in relation to those functions.

(101) "Transportation Aide" means an individual trained for health and safety issues to accompany a Medicaid-eligible student transported to and from a covered Health Service as specified in the Individualized Education Program/individualized Family Service Plan (IEP/IFSP). The School Medical (SM) Provider must maintain documentation of the training, supervision, and provision of the services billed to Medicaid. For the purposes of these rules, individual transportation aides are included in the cost calculation for transportation costs and will not be billed separately. This computation will not include delegated health care aides for whom costs are direct costs.

(102) "Transportation as a related service" means specialized transportation adapted to serve the needs of a Medicaid-eligible student to and from a covered health service that is necessary and appropriate and described in the Individualized Education Program/individualized Family Service Plan (IEP/IFSP) as outlined in OAR 410-133-0080 (Coverage).

(103) "Transportation vehicle trip log" means a record or log kept specifically for tracking each transportation trip a Medicaid-eligible student receives transportation to or from a covered health service. (See SBHS OAR 410-133-0245, Cost Determination and Payment.)

(104) "Treatment Plan" means a written plan of care services, including treatment with proposed location, frequency and duration of treatment as required by the health care practitioner's health licensing agency.

(105) "Unit" means a service measurement of time for billing and reimbursement efficiency. One unit equals 15 minutes unless otherwise stated.

(106) "Visit" means a service measurement of time for billing and reimbursement efficiency. One visit equals the school provider's hourly cost rate for category of service provided (i.e., occupational therapy, physical therapy, speech therapy, etc.) specified in an IEP or IFSP, divided by 60 to yield a cost per minute, and multiplied by amount of service time provided in minutes. For billing purposes, a visit is always presented as one visit.

(107) "Web Portal submitter" means an individual or entity authorized to establish an electronic media connection with the Health Systems Division, Medical Assistance Programs to conduct a direct data entry transaction. A web portal submitter may be a provider or a provider's agent.

410-133-0060
Health Services

(1) A School-based Health Service is a health service for a Medicaid-eligible student that meets the coverage requirements in OAR 410-133-0080 and that:

(a) Addresses physical or mental disabilities and health-related service needs and devices that help the child or student keep, learn, or improve skills and functioning that adversely affects the child or student's educational performance; and

(b) Is identified in a student's Individualized Education Program (IEP) or the Individualized Family Service Plan (IFSP); and

(c) Is recommended by a physician or other licensed health care practitioner within the scope of practice under state law.

(2) School-based health services that meet the requirements of section (1) of this rule may include:

(a) Physical Therapy Evaluations and Treatments that include assessing, preventing, or alleviating movement dysfunction and related functional problems, obtaining and interpreting information, and coordinating care and integrating services relative to the student receiving treatments such as:

(A) Neuromotor or neurodevelopmental assessment;

(B) Assessing and treating problems related to musculo-skeletal status;

(C) Gait, balance, and coordination skills;

(D) Oral motor assessment;

(E) Adaptive equipment assessment;

(F) Gross and fine motor development;

(G) Observation of orthotic devices; and

(H) Prosthetic training.

(b) Occupational Therapy Evaluations and Treatments that include assessing, improving, developing, or restoring functions impaired or lost through illness, injury, or deprivation; improving ability to perform tasks for independent functioning when functions are lost or impaired; preventing through early intervention initial or further impairment or loss of function; obtaining and interpreting information; coordinating care; and integrating services relative to the student receiving services such as:

(A) Neuromuscular and musculo-skeletal status (muscle strength and tone, reflex, joint range of motion, postural control, endurance);

(B) Gross and fine motor development;

(C) Feeding or oral motor function;

(D) Adaptive equipment assessment;

(E) Prosthetic or orthotic training;

(F) Neuromotor or neurodevelopmental assessment;

(G) Gait, balance, and coordination skills.

(c) Speech Evaluation and Therapy Treatments that include assessment of children with speech and language disorders, diagnosis and appraisal of specific speech or language disorders, referral for medical and other professional attention necessary for the rehabilitation of speech-language disorders, provision of speech-language services for the prevention of communicative disorders, obtaining and interpreting information, coordinating care and integrating services relative to the student receiving services such as:

(A) Expressive language;

(B) Receptive language;

(C) Auditory processing, discrimination, perception and memory;

(D) Vocal quality;

(E) Resonance patterns;

(F) Phonological;

(G) Pragmatic language;

(H) Rhythm or fluency; and

(I) Feeding and swallowing assessment.

(d) Audiological Evaluation and Services that include assessment of children with hearing loss; determination of the range, nature, and degree of hearing loss, including the referral for medical or other professional attention for restoration or rehabilitation due to hearing disorders; provision of rehabilitative activities such as language restoration or rehabilitation, auditory training, hearing evaluation and speech conversation; and determination of the child's need for individual amplification; obtaining and interpreting information; coordinating care and integrating services relative to the student receiving services such as:

(A) Auditory acuity (including pure tone air and bone conduction), speech detection, and speech reception threshold;

(B) Auditory discrimination in quiet and noise;

(C) Impedance audiometry, including tympanometry and acoustic reflex;

(D) Central auditory function;

(E) Testing to determine the child's need for individual amplification;

(F) Auditory training; and

(G) Training for the use of augmentative communication devices.

(e) Nurse Evaluation and Treatment Services that include assessments, treatment services, and supervision of delegated health care services provided to prevent disease, disability, other health conditions or their progression, prolong life, and promote physical and mental health and efficiency. This includes any medical or remedial services recommended by a physician or other licensed health care practitioner within the scope of practice under state law for maximum reduction of physical or mental disability and restoration of a recipient to his or her best possible functional level. The RN is responsible for periodic supervision for services provided to coordinating care and integrating nursing tasks and services that can be performed in the educational setting such as:

(A) Monitoring patient's seizure activity for breathing patterns, onset/duration of seizure, triggers/auras, level of consciousness, support after seizure, administering medication as ordered;

(B) Monitoring and providing treatment for high and low blood sugar, checking urine keytones, blood glucose testing, carbohydrate calculations, assisting with insulin administration;

(C) Ventilator Care, suctioning, and equipment management;

(D) Tracheotomy care, changing dressings, emergency trach replacement, suctioning, changing "nose", and providing humidification as necessary;

(E) Catheterization, assisting with or performing procedure for catheterization, monitor urinary tract infections, and performing skin integrity checks;

(F) Gastrostomy tube feeding, administering tube feedings per physician order, monitoring skin status around the tube, and emergency treatment for button dislodgement;

(G) Medication pumps, e.g., insulin pump, calculate carbohydrate amounts in food/snacks, provide insulin bolus per physician order, emergency disconnect procedure and monitoring blood sugar; and

(H) Medication management, e.g., monitoring signs and symptoms for medication administration, administering medications, observing for side effects.

(f) Mental Health Evaluation and Treatment Services that include assessment and treatment services provided by or under the supervision and direction of a psychiatrist, psychologist, a mental health nurse practitioner, or by a social worker qualified and licensed to deliver the service and who may provide care coordination and integration for services relative to the student for outpatient mental health services received in the educational setting to prevent disease, disability, other health conditions or their progression, to prolong life and promote physical and mental health and efficiency. This includes any medical or remedial services recommended by a physician or other licensed health care practitioner within the scope of practice under state law for maximum reduction of physical or mental disability and restoration of a recipient to his or her best possible functional level, such as:

(A) Mental health assessment;

(B) Psychological testing (non-educational cognitive and adaptive testing);

(C) Assessment of motor language, social, adaptive, and cognitive functioning by standardized developmental instruments;

(D) Behavioral health counseling and therapy; and

(E) Psychotherapy (group/individual).

(3) Services for physical, occupational, and speech therapy, hearing, nursing, and mental health services must be recommended as set out and provided by medically-qualified individuals as defined in OAR 410-133-0120.

(4) Medicaid covered services and treatments are considered as a covered service in accordance with Oregon's Medicaid program's Prioritized List of Health Services to recipients receiving services pursuant to an IEP/IFSP eligible under Individuals with Disabilities Education Act in the educational setting. The above-listed therapy services and treatments are examples of services that may be provided to eligible recipients in an educational setting under the Oregon Medicaid program. The current Prioritized List of services can be found on the Health Evidence Review Commission's (HERC) web site.

410-133-0080

Coverage

The Authority may reimburse school medical (SM) providers for covered health services that meet all of the following criteria:

(1) The health service must be "necessary and appropriate," considered as a covered service under the Oregon Health Plan (OHP) Prioritized List of health services, and the health service may not be excluded under OAR 410-133-0200 Not Covered Services.

(2) The health service must be required by a Medicaid-eligible student's physical or mental condition that adversely affects the child/student's educational performance and that helps the child/student keep, learn, or improve skills and functioning as specified on the Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) and further described in the treatment plan and the evaluation of the student.

(3) The health service, individual, or group may include corrective health services treatments and Medicaid-covered related services as described in a student's IEP or IFSP:

(a) The payment rate for health services includes case management and necessary supplies for these services. Additional reimbursement for such services are not paid separately from the health service;

(b) These services must be provided by medically-qualified staff that meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120 and comply with the respective medical provider's governing definitions, scope of practice, documentation requirements, and licensure or certification.

(4) Evaluation and assessment for SBHS are reimbursed for the part of the evaluation or assessment regarding a Medicaid-eligible student's "necessary and appropriate" SBHS needs for the purpose of establishing, re-establishing, or terminating a Medicaid-covered service on a Medicaid-eligible student's IEP or IFSP or to develop, review, or revise components of a covered health service currently provided to a Medicaid-eligible student for continuation of those covered services pursuant to an IEP or IFSP under the Individuals with Disabilities Education Act (IDEA):

(a) Evaluation services are procedures used to determine an SBHS covered health-related need, diagnosis, or eligibility under IDEA;

(b) Re-evaluation services are procedures used to measure a Medicaid-eligible student's health status compared to an initial or previous evaluation and is focused on evaluation of progress toward current goals, modifying goals or treatment, or making a professional judgment to determine whether or not a Medicaid-eligible student will continue to receive continued care for a SBHS covered service pursuant to the IEP or IFSP under IDEA. Continuous assessment of the student's progress as a component of ongoing therapy services is not billable as a re-evaluation.

(5) Assistive technology services directly assist a Medicaid-eligible student with a disability eligible under IDEA to receive assistive technology-covered SBHS as specified on the IEP or IFSP in the selection, acquisition, or use of an assistive technology device, including:

(a) The assistive technology assessment with one-to-one student contact time by medically-qualified staff within the scope of practice performing the assessment of the need, suitability, and benefits of the use of an assistive technology device or adaptive equipment that will help restore, augment, or compensate for existing functional ability in the Medicaid-eligible student or that will optimize functional tasks for the Medicaid-eligible student's environmental accessibility. This requires and includes the preparation of a written report;

(b) Care coordination with the Medicaid-eligible student's physician, parent/guardian, and the Division) for the parent/guardian's acquisition of a personal assistive technology device for their Medicaid-eligible student through the student's Medicaid plan for the benefit of the Medicaid-eligible student to maximize her functional ability and environmental accessibility; and

(c) Training or technical assistance provided to or demonstrated with the Medicaid-eligible student by medically-qualified staff, instructing the use of an assistive technology device or adaptive equipment in the educational setting with professionals (including individuals providing education and rehabilitation services) or where appropriate the family members, guardians, advocates, or authorized representative of the Medicaid-eligible student. In order to bill Medicaid for this service, the student must be present.

(6) The Authority may reimburse physical therapy services provided by:

(a) A physical therapist authorized to administer physical therapy to an individual when the individual is a Medicaid-eligible student eligible for special education, as defined by state or federal law, and is being seen pursuant to the Medicaid-eligible student's individual education plan or individual family service plan (see Oregon administrative rules chapter 848, division 10, Licensed Physical therapist and Licensed Physical Therapist Assistants; Division 15 Physical Therapist Assistants; and Division 40 Minimum Standards For Physical Therapy Practice and Records);

(b) A physical therapist assistant providing treatment under the supervision of a physical therapist that is available and readily accessible for consultation with the assistant at all times either in person or by means of telecommunications (see OAR chapter 848, division 15, Physical Therapist Assistants). Physical therapy services must be provided by medically-qualified staff that meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120;

(c) Reimbursement time may include:

(A) Preparation of the written initial evaluation or initial assessment report to establish necessary and appropriate physical therapy services on a Medicaid-eligible student's IEP or IFSP;

(B) Obtaining and interpreting medical information for the part of an evaluation or assessment performed by the physical therapist to establish necessary and appropriate physical therapy services on a Medicaid-eligible student's IEP or IFSP or to determine whether or not necessary and appropriate physical therapy services will continue to be specified on the Medicaid-eligible student's IEP or IFSP under IDEA (cannot be delegated);

(C) Care coordination and integrating services within the scope of practice for providing necessary and appropriate physical therapy services relative to the Medicaid-eligible student pursuant to an IEP or IFSP;

(D) Direct treatment and supervision of services provided to a Medicaid-eligible student by the physical therapist and defined in the individual plan; when

(E) Documentation by the supervising physical therapist supporting the appropriate supervision of the assistant is maintained and kept by the School Medical Provider for a period of seven years (see OAR chapter 848, division 40, Minimum Standards for Physical Therapy Practice and Records);

(F) Individual or group physical therapy services provided to a Medicaid-eligible student by or under the supervision and direction of a licensed physical therapist pursuant to the Medicaid-eligible student's IEP or IFSP; when the documentation describing physical therapy services provided are signed by the therapist providing the service in accordance with their board licensing requirements, and documentation for supervision of services performed by or under the supervision and direction of the supervising physical therapist supporting the services provided is maintained and kept by the school medical provider for seven years (see Minimum Standards for Physical Therapy Practice and Records OARs 848-040-0100 through 848-040-0170);

(G) Other covered physical therapy services within the scope of practice and sections (1) and (2) of this rule.

(7) The Authority may reimburse occupational therapy services provided by:

(a) A licensed Occupational Therapist (OT) authorized to administer occupational therapy to an individual when the individual is a Medicaid-eligible student eligible for special education, as defined by state or federal law, and is being seen pursuant to the Medicaid-eligible student's individual education plan or individual family service plan; and

(b) A licensed occupational therapy assistant assisting in the practice of occupational therapy under the general supervision of a licensed occupational therapist. General supervision requires the supervisor to have at least monthly direct contact in person with the supervisee at the work site with supervision available as needed by other methods; and

(c) Before an occupational therapy assistant assists in the practice of occupational therapy, he must file with the Board a signed, current statement of supervision of the licensed occupational therapist that will supervise the occupational therapy assistant (see OAR 339-010-0035 Statement of Supervision for Occupational Therapy Assistant). Occupational therapy services must be provided by medically-qualified staff that meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120;

(d) Reimbursement time may include:

(A) Preparation of the written initial evaluation or initial assessment reports that establish necessary and appropriate occupational therapy services on a Medicaid-eligible student's IEP or IFSP;

(B) Obtaining and interpreting medical information for the part of the evaluation or assessment performed by the occupational therapist to establish necessary and appropriate occupational therapy services on a Medicaid-eligible student's IEP or IFSP or to determine whether or not necessary and appropriate occupational therapy services will continue to be specified on the Medicaid eligible student's IEP or IFSP under IDEA (cannot be delegated);

(C) Development of the initial occupational therapy treatment plan by the OT (cannot be delegated);

(D) Coordinating care and integrating services within the scope of practice relative to the Medicaid-eligible student receiving necessary and appropriate occupational therapy services as specified on the IEP or IFSP;

(E) Individual or group occupational therapy services provided to a Medicaid-eligible student by or under the supervision and direction of a licensed occupational therapist as specified on Medicaid-eligible student's IEP or IFSP;

(F) Direct treatment and supervision of services provided to a Medicaid-eligible student by the occupational therapist and defined in the individual plan when documentation supporting the appropriate supervision of the assistant is kept and maintained by the school medical provider for a period of seven years;

(G) The occupational therapy services provided are consistent with OAR 339-010-0050 Occupational Therapy Services for Children and Youth in Education and Early Childhood Programs Regulated by Federal Laws; and

(H) Documentation describing occupational therapy treatment provided must be signed including credentials by the occupational therapist providing the service. Where appropriate, services provided by an occupational therapist assistant shall be reviewed and co-signed by the supervising occupational therapist. All documentation describing treatment provided by an occupational therapy assistant must name the assistant therapist and the supervising therapist including credentials as reflected on the current statement of supervision filed with the Occupational Therapist Licensing Board. Supervision and documentation of supervision by the supervising therapist for therapy provided by the occupational therapy assistant must meet general supervision requirements or closer supervision where professionally appropriate. See OAR 339-010-0005, 339-010-0035, and 339-010-0050. Also, see 410-133-0320 Documentation and Record Keeping Requirements in these rules;

(I) Other covered occupational therapy services within the scope of practice and sections (1) and (2) of this rule.

(8) The Authority may reimburse speech therapy services provided by:

(a) A licensed speech pathologist licensed by the Oregon Board of Examiners for Speech-Language Pathology and Audiology or holds a license issued by the Teacher Standards and Practice Commission (TSPC) prior to July 1, 2016, exemption in ORS 681.230(4) pursuant to SB287, and holds a Certificate of Clinical Competency (CCC) from the American Speech and Hearing Association (ASHA), or has completed the equivalent

educational requirements and work experience necessary for the certificate, or has completed the academic program and is acquiring supervised work experience to qualify for the certificate, or is authorized to administer speech therapy to an individual when the individual is a Medicaid-eligible student eligible for special education, as defined by state or federal law, receiving speech therapy services pursuant to an individual education plan or individual family service plan; or

(b) A graduate speech pathologist in their Clinical Fellowship Year (CFY) practicing under the supervision of al licensed speech pathologist with CCC meeting the standards of licensing or certification for the health service provided as described in OAR 410-133-0120 medically-qualified staff; and when:

(A) A standardized system for reviewing the clinical work of the clinical fellow is performed at regularly scheduled intervals, using the Skills Inventory Rating (CFSI) form addressing the fellow's attainment of skills for independent practice;

(B) The clinical fellow supervisor maintains and documents the supervision of the clinical fellow to be kept by the school medical provider for a period of seven years;

(C) Documentation describing the treatment provided is signed and initialed by the clinical fellow for review and co-signed by the supervising clinical fellow.

(c) Speech-language pathology assistants (SLPA), licensed by the Oregon State Board of Examiners for Speech-Language Pathology and Audiology, under the supervision of a supervising speech-language pathologist and who meet the standards of licensing or certification for the health service provided as described in OAR 410-133-0120 Medically Qualified Staff, when the following conditions are met:

(A) The supervising speech-language pathologist must have at least two years of full-time professional speech-language pathology experience (see OAR 335-095-0040 and 335-095-0050, Requirements for Supervising Licensed Speech-Language Pathology Assistants);

(B) The supervising speech therapist does not supervise more than the equivalent of two full-time speech-language pathology assistants;

(C) The supervising speech-language pathologist maintains documentation supporting the appropriate supervision of the assistant to be kept by the school medical provider for a period of seven years;

(D) The caseload of the supervising clinician allows for administration, including assistant supervision, evaluation of students and meeting times. All students assigned to an assistant are considered part of the caseload of the supervising clinician;

(E) The supervising speech-language pathologist must be able to be reached at all times. A temporary supervisor may be designated as necessary;

(F) The services provided by the assistants are consistent with the Scope of Duties for the Speech-Language Pathology Assistant (SLPA) pursuant to OAR 335-095-0060;

(G) Documentation describing the treatment provided is signed and initialed by the SLPA for review and co-signature by the supervising speech-language pathologist to be kept by the school medical provider for a period of seven years from date of payment.

(d) Reimbursement time may include:

(A) Preparation of the written initial evaluation or initial assessment report, including obtaining and interpreting medical information for the part of the evaluation or assessment performed by the speech pathologist to establish necessary and appropriate speech therapy services on a Medicaid-eligible student's IEP or IFSP or determine whether or not necessary and appropriate speech therapy services will continue to be specified on the Medicaid-eligible student's IEP or IFSP under IDEA (cannot be delegated);

(B) Development of the initial speech therapy treatment plan by the speech pathologist (cannot be delegated);

(C) Care coordination and integrating services within the scope of practice relative to the Medicaid-eligible student receiving necessary and appropriate speech therapy services specified on the IEP or IFSP;

(D) Direct individual or group speech therapy services provided to a Medicaid-eligible student for speech services specified on the IEP or IFSP delivered by or under the supervision and direction of a speech pathologist who is medically qualified to deliver the service, see 410-133-0120 Medically Qualified Staff;

(E) Direct training and supervision of services provided to a Medicaid-eligible student by the medically qualified supervising speech pathologist to be kept by the school medical provider for a period of seven years; and

(F) Other covered speech therapy services within the scope of practice and sections (1) and (2) of this rule.

(9) The Authority may reimburse audiology services provided by:

(a) A licensed audiologist within the scope of practice as defined by state or federal law who meet the standards of licensing or certification for the health service provided as described in OAR 410-133-0120, Medically Qualified Staff;

(b) Reimbursement time may include:

(A) Preparation of the written initial evaluation or initial assessment report, including obtaining and interpreting medical information for the part of the evaluation or assessment performed by the audiologist within the scope of practice to establish necessary and appropriate hearing services on a Medicaid-eligible student's IEP or IFSP or determine whether or not necessary and appropriate hearing impairment services will continue to be specified on the Medicaid-eligible student's IEP or IFSP under IDEA;

(B) Periodic hearing evaluations and assessments of a Medicaid-eligible student with hearing loss found eligible under IDEA pursuant to services as specified on the IEP or IFSP for determination of the range, nature, and degree of hearing loss;

(C) Care coordination and integration of services for medical or other professional attention relative to a Medicaid-eligible student receiving services for restoration or rehabilitation due to hearing and communication disorders as specified on the IEP or IFSP;

(D) Provision of rehabilitative activities such as language restoration or rehabilitation, auditory training, hearing evaluation and speech conversation, and determination of the Medicaid-eligible-student's need for individual amplification in accordance with the student's IEP or IFSP.

(10) The Authority may reimburse nurse services provided by:

(a) A nurse practitioner (NP), registered nurse (RN), licensed practical nurse (LPN), or delegated health care aid under the supervision of an RN or NP who meet the standards of licensing or certification for the health service provided as described in OAR 410-133-0120 Medically Qualified Staff;

(b) Nursing services under this program are not intended to reimburse nursing activities of a private duty RN or LPN that is otherwise billing Medicaid directly for those services;

(c) Reimbursement time may include:

(A) Preparation of the written initial evaluation or initial assessment report to establish nursing services including obtaining and interpreting medical information for the part of the evaluation or assessment performed to establish necessary and appropriate nursing services on the Medicaid-eligible student's IEP or IFSP or determine whether or not necessary and appropriate nursing services will continue to be specified on the Medicaid-eligible students IEP or IFSP under IDEA;

(B) Coordinated care for other specified care management for a chronic medical condition that is not addressed on the current IEP or IFSP that will result in amending nursing services specified in the IEP or IFSP and requires an updated nursing plan of care. This may result in an increase in supervision, monitoring, and training of DHC staff to provide new nursing tasks related to the change in condition, i.e., a child with seizure disorder that develops diabetes;

(C) Care coordination and integration of necessary and appropriate nursing services relative to the Medicaid–eligible student's covered health service specified on the IEP or IFSP;

(D) Nurse to student interactive services that are covered health services provided to a Medicaid-eligible student with a chronic medical condition receiving nursing services pursuant to an IEP or IFSP;

(E) Oversight of delegated health care aides performing delegated nursing services directly with the student as specified on the IEP or IFSP;

(F) Student observation by medically qualified staff for medical reasons of a Medicaid-eligible student with a chronic medical condition as part of an evaluation, assessment, or care coordination. An observation by itself is not a billable activity;

(G) Other covered nursing care services within the scope of practice and sections (1) and (2) of this rule.

(11) The Authority may reimburse mental health services provided by:

(a) A psychiatrist who meets the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(2)(f)(A), or a psychologist who meets the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(2)(f)(B), or a mental health nurse practitioner who meets the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(2)(e)(A); or

(b) A psychologist associate with authority to function without immediate supervision, performing functions that may include but are not restricted to administering tests of mental abilities, conducting personality

assessments and counseling (see OAR 858-010-0039 Application for Independent Status). These services must be provided by medically-qualified staff who meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(2)(f)(C); or

(c) A psychologist associate under the supervision of a psychologist as specified by the Board of Psychologist Examiners, OAR chapter 858, division 010. These services must be provided by medically-qualified staff who meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(2)(f)(D); or

(d) A technician under the supervision of a psychologist as specified by the Board of Psychologist Examiners, chapter 858, division 10, OAR 858-010-0002, Guidelines for Supervising Technicians, and who meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(f)(E); or

(e) An LCSW qualified and licensed to deliver the service, or a Clinical Social Work Associate (CSWA) under the supervision of an LCSW specified by the Board of Licensed Social Workers, chapter 877 division 20 and who meet the standards of licensing or certification for the health service being provided as described in OAR 410-133-0120(f)(F);

(f) Reimbursable time may include:

(A) Preparation of the written initial evaluation or initial assessment report for a suspected disability per the referral process for determining IDEA eligibility, including obtaining and interpreting medical information for the part of the evaluation or assessment performed by the mental health care practitioner within the scope of practice to establish necessary and appropriate mental health services on the Medicaid-eligible student's IEP or IFSP or to determine whether or not necessary and appropriate mental health services will continue to be specified on the Medicaid-eligible student's IEP or IFSP under IDEA;

(B) Care coordination and integrating services within the scope of practice relative to the Medicaid-eligible student receiving mental health services as specified on the IEP or IFSP;

(C) Direct individual therapy services provided within the scope of practice under state law and covered under sections (1) and (2) of this rule to a Medicaid-eligible student by or under the supervision and direction of a psychologist, a psychiatrist, or mental health nurse practitioner, or a Licensed Clinical Social Worker qualified and licensed to deliver the service pursuant to the Medicaid-eligible student's IEP or IFSP.

(12) Medicaid reimbursed transportation:

(a) Transportation to a covered health service as documented in the child's IEP/IFSP and defined in these rules (see 410-133-0245, Cost Determination and Payment);

(b) Ongoing transportation specified as a related service on the Medicaid-eligible student's IEP or IFSP may be claimed as a Medicaid service on the days a Medicaid-eligible student receives a covered health service that is also specified on the IEP or IFSP and the transportation is supported by a transportation vehicle trip log;

(c) The Authority may only reimburse for transportation as a related service to and from a Medicaid-covered service for a Medicaid-eligible student when the transportation is supported by a transportation vehicle trip log; and the student receives a Medicaid-covered health service other than transportation on that day when either of the following situations exist:

(A) The Medicaid-eligible student requires specialized transportation adapted to serve the needs of the disabled student; there is documentation to support specialized transportation is "necessary and appropriate;" and transportation is listed as a related service on the student's IEP or IFSP; or

(B) The Medicaid-eligible student has a medical need for transportation that is documented in the IEP or IFSP and resides in an area that does not have regular school bus transportation such as those areas in close proximity to a school.

(d) If a Medicaid-eligible student is able to ride on a regular school bus, but requires the assistance of a delegated health care aide trained by an RN to provide a delegated nursing task specific to the student and cannot be transported safely without the delegated health care aide, the service provided by the delegated healthcare aide is reimbursed under the delegated healthcare code. See the Standards for Community-Based Care Registered Nurse Delegation of a nursing care task as outlined in the Nurse Practice Act, OAR chapter 851 division 47;

(e) If a Medicaid-eligible student requires the assistance of a delegated health care aide and transportation adapted to serve the needs of the disabled student, both the necessary and appropriate transportation and the service provided by the delegated healthcare aide may be reimbursed when both are specified on the Medicaid-eligible student's current IEP or IFSP;

(f) If an education agency provides special transportation to a Medicaid-eligible student to a covered service outside the district or the Medicaid-eligible student's resident school and the student cannot be transported safely without a transportation aide as specified on the IEP or IFSP, the transportation is billable. However, a transportation aide who is not a delegated healthcare aide trained by an RN cannot be billed as a separate cost because the cost of the transportation aide is included in the cost of the transportation;

(g) Transportation is not reimbursable by the Division when provided by the parent or relative of the child;

(h) Transportation to an "evaluation" service is covered as long as:

(A) Medically necessary transportation is listed and included in the Medicaid-eligible student's current IEP or IFSP and the evaluation is to establish, re-establish, or terminate a SBHS covered service under IDEA;

(B) The evaluation is a SBHS covered health service;

(C) The medical provider conducting the evaluation, if not employed or contracted by the school medical provider, is an enrolled provider with the Division and meets applicable medical licensing standards necessary to conduct the evaluation.

(13) Medicaid may reimburse for contracted consultation health services for furnishing consultations regarding a Medicaid-eligible student's covered health service specified on the IEP or IFSP for an evaluation or assessment to establish, re-establish, or terminate a covered SBHS on an IEP or IFSP. Contracted consultation services must be provided by a licensed medical professional other than school medical provider staff:

(a) This service may be on a contracted basis for a number of students;

(b) Allowable services must be furnished through a personal service contract between the school medical provider and the licensed health care practitioner;

(c) This service would only be an SBHS covered health service by the school medical provider when the licensed health care practitioner did not bill Medicaid directly under other programs for the same services.

(14) Reimbursed coordinated care performed by medically qualified staff as described in OAR 410-133-0120 directly related to health services required by a Medicaid-eligible student's physical or mental condition as described in the IEP or IFSP must be one of the following:

(a) Managing integration of those Medicaid covered health services for treatment provided in the education setting;

(b) The portion of a conference between interested parties and medically-qualified staff for developing, reviewing, or revising a Medicaid-covered health service or therapy treatment plan for services provided pursuant to a Medicaid-eligible student's IEP or IFSP or to establish, re-establish, or terminate a covered health service under IDEA for eligibility purposes;

(c) Consultation from medically qualified staff providing technical assistance to or conferring with special education providers, physicians, or families to assist them in providing covered health services to Medicaid-eligible students for treatment provided in the educational setting related to specific health services and the goals and objectives in the student's IEP or IFSP. Consultation services must be completed by a licensed health care practitioner within the scope of practice under their licensure.

410-133-0100

School Medical Provider Requirements

The School Medical (SM) provider is responsible to:

(1) Enroll with the Authority's Division, Medical Assistance Programs to provide health services and comply with all the requirements in the Authority's provider rules OAR chapter 943 division 120, General Rules OAR chapter 410 division 120, and SBHS 410-133-0140 in these rules, applicable to enrollment as a provider.

(2) Provide health services pursuant to the Medicaid-eligible student's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP) for special education under OAR chapter 581, division 15.

(3) Provide health services using medically qualified staff (see 410-133-0120 Medically Qualified Staff in these rules).

(4) Provide appropriate medical supervision by licensed medically qualified staff consistent with their licensing board requirements.

(5) Document health services in writing as required in OAR 410-133-0320.

(6) Maintain adequate medical and financial records as part of the Medicaid-eligible student's education record necessary to fully disclose the extent of the covered health services provided.

(7) Make the records required by these rules and specifically OAR 410-133-0320 available for a period of seven years from the date of payment.

(8) Document costs and establish a schedule of cost rates per discipline in accordance with OAR 410-133-0245.

(9) Provide access for on-site review of IDEA Medicaid-eligible students' education records directly related to payments for claims to the SM provider for Medicaid covered health related services specified on an IEP or IFSP and furnish such information to any state or federal agency responsible for administration or oversight of the medical assistance program as the state or federal agency may from time to time request in compliance with OAR 943-120-0310.

(10) Document any changes in the Individualized Education Program/Individualized Family Service Plan (IEP/IFSP) related to the provision of Medicaid covered health services under School-Based Health Services (SBHS).

(11) Assure that SBHS services billed are billed in accordance with OAR 410-120-0035, reflect covered health services, and do not reimburse for non-covered education services or administrative activities.

(12) Retain the full payment amount for Medicaid-covered services provided.

(13) Utilize procedures to confirm that all individuals providing health services to Medicaid-eligible students, whether as employees or under contract with the SM provider, are eligible to provide Medicaid services and are not excluded from providing Medicaid services. Exclusion means the Authority will not reimburse an SM provider (allied agency) who employs a medically licensed individual who has defrauded or abused the Authority for items or services furnished by that individual. (See OAR 410-120-1400 Provider Sanctions, OAR 410-133-0120 Medically Qualified Staff, and 410-133-0200 Not Covered Services.).

(14) Comply with all applicable provisions of the Authority's rules chapter 943 division 120 and the Division General Rules Chapter 410 division 120, including rules related to the use of billing providers. If the SM provider seeks to submit claims to the Authority electronically, it must comply with the applicable provisions of the Department's Electronic Data Interchange (EDI) rules for EDI transactions OAR Chapter 943 Divsion120. EDI does not include electronic transmission by web portal.

410-133-0120
Medically Qualified Staff

(1) The school medical (SM) provider shall furnish covered health services through the medically qualified staff who provide health services within the scope of their licensure. The SM provider shall document the credentials and qualifications, updated periodically, of all medically qualified staff. The SM provider credential file shall document the manner in which the provider checked, and periodically re-checked, the Medicaid provider exclusion list to confirm that the medically qualified staff is eligible to provide health services to Medicaid-eligible students in compliance with provider enrollment agreement attachment OHP 3120. Special education teachers are not recognized as medically qualified staff for these services. See http://oig.hhs.gov/exclusions/index.asp.

(2) School-based health services are delivered by providers who meet the federal requirements listed below and who operate within the scope of their health care practitioner's license or certification pursuant to state law as follows:

(a) Evaluation and physical therapy treatments shall be provided by licensed physical therapists that meet the federal requirements of 42 CFR 440.110 and are licensed by the state Physical Therapist Licensing Board. Licensed physical therapists assistants whose function is to assist the physical therapist in patient-related activities and to perform delegated procedures that are commensurate with the licensed therapist assistant's education and training may provide therapy treatments under the supervision and direction of a state licensed physical therapist within the scope of the health care practitioner's license and accreditation pursuant to state law;

(b) Occupational therapy evaluation and treatments shall be provided by licensed occupational therapists that meet the federal requirements of 42 CFR 440.110 and are licensed by the state Occupational Therapy Licensing Board. Licensed occupational therapist assistants whose function is to assist the occupational therapist in patient-related activities and to perform delegated procedures that are commensurate with the licensed therapist assistant's education and training may provide therapy treatments under the supervision and direction of a state licensed occupational therapist within the scope of the health care practitioner's license and accreditation pursuant to state law;

(c) Speech therapy evaluation and treatments shall be provided by speech pathologists that meet the federal requirements at 42 CFR 440.110 and are licensed by the state Board of Examiners for Speech-Language Pathology and Audiology or hold a license issued by the Teacher Standards and Practice Commission (TSPC) prior July 1, 2016, exemption in ORS 681.230(4) pursuant to SB287 and hold a Certificate of Clinical Competency from the American Speech-Language-Hearing Association or has completed the equivalent educational requirements and work experience necessary for the certificate or has completed the academic program and is acquiring supervised work experience to qualify for the certificate:

(A) Speech therapy services may be provided by a graduate speech pathologist being supervised in the Clinical Fellowship Year (CFY) and shall be provided in compliance with supervision requirements of the state licensing board and the American Speech-Language-Hearing Association (ASHA);

(B) A Certified Speech-Language Pathology Assistant (SLPA) performing within the scope of practice may provide therapy under the supervision of a state licensed speech-language pathologist within the scope of the health care practitioner's license and accreditation pursuant to state law meeting the requirements for speech pathologist as above described in (c). Excludes services described in OAR 335-095-0040, Qualifications for Supervising Speech-Language Pathology Assistants; see OAR 410-133-0200 Not Covered Services.

(d) Audiology evaluation and services shall be provided by audiologists that meet the federal requirements at 42 CFR 440.110;

(e) Nurse evaluation and treatments shall be provided by or under the direction of registered nurses (RN) licensed to practice in Oregon by the Oregon State Board of Nursing or nurse practitioners that meet the federal requirements at 42 CFR 440.166 and are licensed by the Oregon State Board of Nursing to practice in Oregon as a Nurse Practitioner (See Oregon State Board of Nursing Nurse Practice Act, OAR chapter 851 divisions 4547 and Nurse Practitioners, OAR chapter 851 division 050:

(A) Licensed practical nurses (LPN) may participate in the implementation of the plan of care for providing care to clients under the supervision of a licensed registered nurse, nurse practitioner, or physician pursuant to the Oregon State Board of Nursing Nurse Practice Act, OAR divisions 045 and 047;

(B) Treatment may also be provided by a delegated health care aide that is a non-licensed person trained and supervised by a licensed registered nurse (RN) or nurse practitioner (NP) to perform selected tasks of nursing care pursuant to the Oregon State Board of Nursing administrative rules, division 047 of the Nurse Practice Act.

(f) Psychological/mental health evaluations, testing, psychological services and treatments shall be provided by individuals who meet the relevant requirements of their respective professional state licensure as follows:

(A) Psychiatrists must be licensed to practice medicine and surgery in the State of Oregon and possess a valid license from the Oregon Medical Board;

(B) Psychologists must have one of the following: A doctoral degree in psychology obtained from an approved doctoral program in psychology accredited by the American Psychological Association (APA), a doctoral degree in psychology from a program at a college or university that is regionally accredited at the doctoral level that meets the requirements approved by the state Board of Psychologist Examiners (Board) by rule (see OAR Chapter 858 Division 10), and have two years of supervised employment under the direction of a psychologist licensed in Oregon or under the direction of a person considered by the board to have equivalent supervisory competence;

(C) Psychologists associates granted independent status by the Board for authority to function without immediate and direct supervision in compliance with OAR 858-010-0039. Until the psychologist associate successfully obtains independent status, the "psychologist associate resident" must not practice without immediate supervision, but must at all times be under the periodic direct supervision of a licensed psychologist or under the direction of a person considered by the board to have equivalent supervisory competency who shall continue to be responsible for the practice of the associate, see OAR 858-010-0037-through 858-010-0039;

(D) Psychologists associates who do not possess a doctoral degree and are deemed competent to perform certain functions within the practice of psychology under the periodic direct supervision of a psychologist licensed by the Board:

(i) Complied with all the applicable provisions of ORS 675.010 to 675.150;

(ii) Received a master's degree in psychology from a psychology program approved by the Board by rule;

(iii) Completed an internship in an approved educational institution or one year of other training experience acceptable to the Board, such as supervised professional experience under the direction of a psychologist licensed in Oregon or under the direction of a person considered by the Board to have equivalent supervisory competence; and

(iv) Furnishes proof acceptable to the Board of at least 36 months, exclusive of internship, of full-time experience satisfactory to the board under the direct supervision of a licensed psychologist in Oregon or under the direct supervision of a person considered by the Board to have equivalent supervisory competence.

(E) Testing technicians under the supervision of a licensed psychologist. A licensee may delegate administration and scoring of tests to technicians as provided in ORS 675.010(4) and OAR 858-010-0002;

(F) Services provided by Clinical Social Work Associate (CSWA) or Licensed Clinical Social Workers (LCSW): Must possess a master's degree from an accredited college or university accredited by the Council on Social Work Education and have completed the equivalent of two years of full-time experience in the field of clinical social work in accordance with rules of the Oregon State Board of Social Workers for a LCSW or whose plan of practice and supervision has been approved by the board for a CSWA working toward LCSW licensure under the supervision of a LCSW for two years of postmasters clinical experience and is licensed by the Board of Licensed Social Workers to practice in Oregon. See Board of Licensed Social Workers, chapter 877, division 20, Rules Applicable to Certification and Licensing.

410-133-0140

School Medical Provider Enrollment Provisions

(1) This rule applies only to providers seeking reimbursement from the Division, except as otherwise provided in OAR 410-120-1295.

(2) Only Educational Agency (EA) providers of SBHS that meet the criteria for the provision of special education programs approved by the State Superintendent of Public Instruction qualifying such programs for state reimbursement under OAR 581-015-2005 will be enrolled with the Division as school medical (SM) providers allowed to seek reimbursement for the provision of covered health services pursuant to a Medicaid eligible child's Individualized Education Program (IEP) or Individualized Family Service Plan (IFSP).

(3) The provider enrollment process will consist of: The completion and submission of the School Medical (SM) provider enrollment application and the required attachments, disclosure documents, and provider agreement with the Division of Medical Assistance Programs.

(4) An approved enrollment application by the Division or the Authority unit responsible for enrolling the SM provider is a contractual agreement that binds the SM provider to comply with the Authority administrative rules OAR 943-120-0300 through 943-120-0380, the Division General Rules 410-120-1260 and School-Based Health Services (SBHS) rules.

(5) Signing the SM provider agreement enclosed in the application package constitutes agreement by performing, and billing providers for provision of SBHS to comply with all applicable rules of the Medical Assistance Program and federal and state laws and regulations.

(6) An SM provider is a performing provider. A performing provider is the provider of a service or item. A billing provider is an individual, agent, business, corporation, clinic, group, institution, or other entity who in connection with the submission of claims to the Authority, receives or directs the payment (either in the name of the performing provider or the name of the billing provider) from the Authority, on behalf of a performing provider and has been delegated the authority to obligate or act on behalf of the performing provider (See OAR 410-120-1260):

(a) A billing provider is responsible for identifying to the Division and keeping current the identification of all performing providers for whom they bill, or receive or direct payments. This identification must include the providers' names, Authority provider numbers, NPIs, and either the performing provider's Social Security Number (SSN) or Employer Identification Number (EIN). The SSN or EIN of the performing provider cannot be the same as the Tax Identification Number (TIN) of the billing provider. In order to facilitate timely claims processing and claims payment consistent with applicable privacy and security requirements, the Authority requires billing providers to be enrolled consistent with the provider enrollment process described in OAR 410-120-1260(7);

(b) If the SM performing provider uses electronic media to conduct transactions with the Authority, or authorizes a billing provider to conduct such electronic transactions, the SM performing provider must comply with the Electronic Data Interchange (EDI). Enrollment as a SM performing provider or billing provider is a necessary requirement for submitting electronic claims, but the provider must also register as a trading partner and identify the EDI Submitter;

(c) A school medical (SM) performing provider that uses electronic media to conduct transaction with the Authority or authorizes a billing provider to conduct such electronic transactions, must comply with the electronic data interchange (EDI). Enrollment as an SM performing provider or billing provider is a necessary requirement for submitting electronic claims. If the SM provider intends to use an electronic data interchange (EDI) submitter, the SM performing provider must register with the Authority as a trading partner and shall complete the "Trading Partner Authorization of EDI Submitter" and the EDI submitter information required in the application in compliance with the trading partner requirements of identifying the authority of the EDI submitter to submit claims on its behalf. The EDI submitter must sign the EDI certification and meet other Authority EDI submission requirements pursuant to the EDI rules, before the Authority may accept an electronic submission from the EDI submitter on behalf of the performing provider. Information about the EDI transaction requirements is available on the Authority's web site.

(7) To be enrolled and able to bill as an SM provider, an EA, must meet applicable licensing and regulatory requirements set forth by federal and state statutes, regulations, and rules and must comply with all Oregon statutes and regulations for provision of Medicaid and State Children's Health Insurance program (SCHIP) services. In addition, all providers of services within the State of Oregon must have a valid Oregon business license if such a license is a requirement of the state, federal, county or city government to operate a business or to provide services.

(8) An EA, individual, or organization that is currently subject to sanction by the Medical Assistance Program or Federal government is not eligible for enrollment.

(9) The Authority requires compliance with the National Provider Identification (NPI) requirements in 45 CFR Part 142. Providers that obtain an NPI should update their records with the Division Provider Enrollment. Provider applicants that have been issued an NPI must include that NPI number with the Division provider enrollment application.

(10) A performing provider number will be issued to an EA providing covered health care services or items upon:

(a) Completion of the application and submission of the required School-Based Health Services SM Provider Attachment, disclosure documents, and provider agreement;

(b) The signing of the SM provider application by the authorized representative for the EA to bind the EA SM provider to compliance with these rules;

(c) Verification of licensing or certification. Loss of the appropriate licensure or certification or failure to meet the criteria for the provision of special education programs approved by the State Superintendent of Public Instruction qualifying such programs for state reimbursement under OAR 581-015-2005 will result in immediate dis-enrollment of the provider and recovery of payments made subsequent to the loss of licensure or certification;

(d) Approval of the application and required documentation for an SM provider by the Division or the Division responsible for enrolling the provider.

(11) An SM performing provider may be enrolled retroactive to the date services were provided to a medical assistance client/child if:

(a) The SM provider met the criteria for the provision of special education programs approved by the State Superintendent of Public Instruction qualifying such programs for state reimbursement under OAR 581-015-2005, was appropriately licensed, certified, and otherwise met all Medical Assistance Program requirements at the time services were provided; and

(b) Services were provided less than 12 months prior to the date of application for medical assistance provider status as evidenced by the first date stamped on the paper claims(s) submitted with application materials for those services either manually or electronically; or

(c) Extenuating circumstances existed outside the control of the EA SM provider consistent with federal Medicaid regulations, with approval of the Division's Provider Services Unit Manager.

(12) Issuance of an Authority-assigned SM provider number establishes enrollment of an EA as a provider for limited categories of services for the Medical Assistance Program applicable to the provision of Medicaid covered School-Based Health Services (SBHS).

(13) An SM provider is required for providing and continuing to provide to the Authority accurate, complete and truthful information regarding their qualification for enrollment. The SM provider is responsible for notifying the Division in writing of a material change in any status or condition that relates to their qualifications or eligibility to provide SBHS including but not limited to change in any of the following information: changes address, business affiliation, licensure, ownership, certification, NPI, billing agents or Federal Tax Identification Number (TIN), change in status for meeting the criteria for the provision of special education programs approved by the State Superintendent of Public Instruction qualifying the EA's programs for state reimbursement under OAR 581-015-2005, if the SM provider or a person with an ownership or control interest, or an agent or managing employee of the SM provider has been convicted of a criminal offense related to that person's involvement in any program under Medicare, Medicaid, or Title XX services program, the SM provider must notify the Division in writing within 30 calendar days of the change:

(a) Failure to notify the Division of a change of federal tax identification number (TIN) may result in the imposing of a $50 fine;

(b) Changes in business affiliation, ownership and control of information, criminal convictions, NPI, or federal tax identification number may require the submission of a new application;

(c) Payments made to providers who have not furnished such notification as required by this rule or to a provider that has failed to submit a new application as required by this rule and OAR 410-120-1260 may be denied or recovered.

(14) For information regarding enrollment of Billing Providers (BP) and issuance of an Authority assigned BP Provider ID in compliance with Provider Rules see OAR 943-120-0300 through 943-120-1505, 410-120-1260 and 943-120-0100 through 943-120-0200.

(15) Provider termination:

(a) The SM provider may terminate enrollment at any time. The request must be in writing, via certified mail, return receipt requested. The notice shall specify the provider number to be terminated and the effective date of termination. Termination of the SM provider enrollment does not terminate any obligations of the SM provider for dates of services during which the enrollment was in effect;

(b) The Division provider terminations or suspensions may be for, but are not limited to the following:

(A) Breaches of provider agreement;

(B) Failure to comply with the statutes, regulations and policies of the Authority, Federal and State regulations that are applicable to the provider;

(C) When no claims have been submitted in an 18-month period. The provider must reapply for enrollment.

(16) When one or more of the requirements governing a provider's participation in the medical assistance program are no longer met, the provider's medical assistance program provider number may be immediately suspended. The provider is entitled to a contested case hearing as outlined in 410-120-1600 to determine whether the provider's medical assistance program number will be revoked.

410-133-0200
Not Covered Services

(1) Education-based costs normally incurred to operate a school and provide an education are not covered for payment by the Authority.

(2) Health services and treatment not documented on the Medicaid-eligible student's IEP or IFSP is not covered for payment by the Authority under the School-Based Health Services (SBHS) rules.

(3) Reviewing records (exception: reviewing records as part of an evaluation to establish, re-establish, or terminate a SBHS covered health service on a Medicaid-eligible student's IEP or IFSP).

(4) Meeting preparation.

(5) Health services preparation including materials preparation.

(6) Report writing (exception: report writing as part of preparation of initial evaluation and initial treatment plan to establish a covered health service on a Medicaid-eligible student's IEP or IFSP).

(7) Correspondence.

(8) Treatment and care coordination for an acute medical condition.

(9) Medication management not specific to mental health related services listed in the IEP/IFSP.

(10) Purchase of an assistive technology device is not covered through SBHS.

(11) Activities related to researching student names, determining Medical Assistance Program eligibility status, administrative activities such as data entry of billing claim forms, and travel time by service providers.

(12) Family therapy where the focus of treatment is the family.

(13) Routine health nursing services provided to all students by school nurses and nursing intervention for acute medical issues in the school setting, e.g., students who become ill or are injured.

(14) Educational workshops, training classes, and parent training workshops.

(15) Regular transportation services to and from school.

(16) Vocational services.

(17) Screening services.

(18) Evaluation services that are not performed by medically qualified staff within the scope of practice to establish, re-establish, or terminate a covered SBHS under IDEA.

(19) Service provided to non-Medicaid students in a group, class, or school free of charge. If only Medicaid-eligible students are charged for the service, the care is free, and Medicaid will not reimburse for the service. The free care limitation does not apply to health services provided as a result of an educational agency's obligation to provide FAPE services, and the health service is identified on the Medicaid-eligible student's IEP/IFSP. This means that school medical providers may bill for covered health services provided to Medicaid-eligible students under IDEA even though they may be provided to non-Medicaid-eligible students for free as a part of FAPE.

(20) Any non-medical unit of time spent on evaluations.

(21) Recreational services.

(22) Early and Periodic Screening, Diagnostic and Treatment (EPSDT) comprehensive examinations described in OAR 410-130-0245 are not authorized to be provided by school medical providers.

(23) Services provided by an entity that employs an excluded provider. It is the obligation of the education agency to utilize the excluded provider web site to check for providers who have been excluded from receiving any monies affiliated with Medicaid and Medicare service reimbursements.

(24) Covered health services listed on an IEP or IFSP for those dates of service when the IEP/IFSP has lapsed.

(25) Covered health services that do not have a current recommendation by medically qualified staff within the scope of practice for the treatment provided as specified on the IEP or IFSP.

(26) Orientation and Mobility Training. Services provided to blind or visually impaired students by qualified personnel to enable those students to attain systematic orientation to and safe movement within their environments in school, home, and community.

(27) Using a rubber stamp to authenticate any entry for documentation of therapy provided to a student and billed to Medicaid for reimbursement for SBHS.

(28) Services provided by staff in an education setting licensed solely by the Teacher Standards and Practices Commission (TSPC). It is not sufficient for a state to use Department of Education provider qualifications for reimbursement of Medicaid-covered health services provided in an education setting.

(29) Services provided by speech-language pathology assistants in schools under the supervision of a speech-language pathologist who do not meet the requirements for a speech pathologist described in 410-133-0120 Medically Qualified Staff but instead holds either a basic, initial, standard, or continuing license in speech impaired issued by the Teacher Standards and Practices Commission and has obtained a permit from the Oregon Board of Examiners for Speech-Language Pathology and Audiology to supervise SLPA's in education settings under OAR 335-095-0055.

410-133-0300
Procedure Codes

(1) The provider must use the procedure code from the School-Based Health Services table that best describes the specific service provided and a modifier that describes the discipline providing the service. Refer to 410-133-0080 Coverage for service requirements and limitations.

(2) Unit values equal 15 minutes of service unless otherwise stated. These time units must be documented in the Medicaid-eligible student's records under the services billed and accounted for under one code only.

(3) Visit. A service measurement of time for billing and reimbursement efficiency. One visit equals the school provider's hourly cost rate for category of service provided (i.e., occupational therapy, physical therapy, speech therapy, etc.) specified in an IEP or IFSP, divided by 60 to yield a cost per minute; per minute cost is then multiplied by amount of service time provided in minutes. For billing purposes, a visit is always presented as one visit.

410-133-0320
Documentation and Record keeping Requirements

(1) Record keeping must conform and adhere to federal, state, and local laws and regulations.

(2) Records must record history taken, procedures performed, tests administered, results obtained, and conclusions and recommendations made. Documentation may be in the form of a "SOAP" (subjective objective assessment plan) note, or equivalent.

(3) Providers will retain information necessary to support claims submitted to the Authority including: documentation and supervision of the specific health services provided, the extent of the health service provided, the dates and the name and credentials of medically qualified staff who provided the service to the Medicaid-eligible student for seven years from date of payment. This documentation must meet the requirements of and must be made available pursuant to the requirements in the General Rules, OAR 410-120-1360 Requirements for Financial, Clinical and Other Records. These requirements may be met if the information is included in the IEP or IFSP and the school medical provider maintains adequate supporting documentation at the time the service is rendered, consistent with the requirements of OAR 410-120-1360:

(a) Supporting documentation should:

(A) Be accurate, complete, and legible;

(B) Be typed or recorded using ink;

(C) Be signed by the individual performing the service including their credentials or position;

(D) Be signed and initialed in accordance with licensing board requirements for each clinical entry by the individual performing the service;

(E) Be reviewed and authenticated by the supervising therapist in compliance with their licensing board requirements (Also see covered services 410-133-0080 and not covered services 410-133-0200.);

(F) Be for covered health services provided as specified for the service period indicated on the Medicaid-eligible student's current IEP or IFSP.

(b) Corrections to entries must be recorded by:

(A) Striking out the entry with a single line that does not obliterate the original entry or amend the electronic record preserving the original entry; and

(B) Dating and initialing the correction.

(c) Late entries or additions to entries shall be documented when the omission is discovered with the following written at the beginning of the entry: "late entry for (date)" or "addendum for (date)."

(4) Supporting documentation for Medicaid reimbursed health services described in a Medicaid-eligible student's IEP or IFSP must be kept for a period of seven years as part of the student's education record, which may be filed and kept separately by school health professionals and must include:

(a) A copy of the Medicaid-eligible student's IEP or IFSP as well as any addendum to the plan that correlates with the covered health services provided and reimbursed by Medicaid;

(b) A notation of the diagnosis or condition being treated or evaluated, using specific medical or mental health diagnostic codes;

(c) Results of analysis of any mental health or medical analysis, testing, evaluations, or assessments for which reimbursement is requested;

(d) Documentation of the location, duration, and extent of each health service provided, by the date of service, signed and initialed by medically qualified staff in accordance with their licensing board requirements (electronic records can be printed);

(e) The record of who performed the service and their credentials or position;

(f) The medical recommendation to support the service;

(g) Periodic evaluation of therapeutic value and progress of the Medicaid-eligible student to whom a health service is being provided;

(h) Record of medical need for necessary and appropriate transportation to a covered health service is supported by a transportation vehicle trip log including specific date transported, client name, ID number, and point of origin and destination consistent with transportation services specified in the child's IEP or IFSP as part of record-keeping requirements; and

(i) Attendance records for Medicaid-eligible students to support dates for covered services billed to Medicaid;

(j) In supervisory situations, the record documenting therapy provided must name both the assistant providing services and the supervising therapist including credentials. The licensed health care practitioner who supervises and monitors the assessment, care, or treatment rendered by licensed or certified therapy assistants shall meet the minimum standards required by their licensing board and shall co-sign for those services where appropriate with their name and professional titles (documentation may not be delegated except in emergency situations).

Rule Caption: Defines Medicament in the Context of Dental Rules
Adm. Order No.: DMAP 34-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-123-1060
Subject: The Authority needs to define "medicament" in program rules to clarify that the word is being used in alignment with existing industry standards.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-123-1060
Definition of Terms

(1) "Anesthesia" The following depicts the Health System Division, Medical Assistance Programs' (Division) usage of certain anesthesia terms; however, for further details refer also to the Oregon Board of Dentistry administrative rules (OAR chapter 818, division 026):

(a) "Conscious Sedation" means the following:

(A) "Deep Sedation" means a drug-induced depression of consciousness during which patients cannot be easily aroused but respond purposefully following repeated or painful stimulation. The ability to independently maintain ventilatory function may be impaired. Patients may require assistance maintaining a patient airway, and spontaneous ventilation may be inadequate. Cardiovascular function is usually maintained;

(B) "Minimal Sedation" means a minimally depressed level of consciousness produced by non-intravenous pharmacological methods that retains the patient's ability to independently and continuously maintain an airway and respond normally to tactile stimulation and verbal command. When the intent is minimal sedation for adults, the appropriate initial dosing of a single non-intravenous pharmacological method is no more than the maximum recommended dose (MRD) of a drug that can be prescribed for unmonitored home use. Nitrous oxide/oxygen may be used in combination with a single non-intravenous pharmacological method in minimal sedation;

(C) "Moderate Sedation" means a drug-induced depression of consciousness during which the patient responds purposefully to verbal commands, either alone or accompanied by light tactile stimulation. No interventions are required to maintain a patient airway, and spontaneous ventilation is adequate. Cardiovascular function is usually maintained.

(b) "General Anesthesia" means a drug-induced loss of consciousness during which the patient is not arousable even by painful stimulation. The ability to independently maintain ventilatory function is often impaired. Patients often require assistance in maintaining a patient airway, and positive pressure ventilation may be required because of depressed spontaneous ventilation or drug-induced depression of neuromuscular function. Cardiovascular function may be impaired;

(c) "Local Anesthesia" means the elimination of sensation, especially pain, in one part of the body by the topical application or regional injection of a drug;

(d) "Nitrous Oxide Sedation" means an induced controlled state of minimal sedation produced solely by the inhalation of a combination of nitrous oxide and oxygen in which the patient retains the ability to independently and continuously maintain an airway and to respond purposefully to physical stimulation and to verbal command.

(2) Citizen/Alien-Waived Emergency Medical (CAWEM). Refer to OAR 410-120-0000 for definition of clients who are eligible for limited emergency services under the CAWEM benefit package. The definition of emergency services does not apply to CAWEM clients. OAR 410-120-1210 provides a complete description of limited emergency coverage pertaining to the CAWEM benefit package.

(3) "Covered Services" means services on the Health Evidence Review Commission's (HERC) Prioritized List of Health Services (Prioritized List) that have been funded by the legislature and identified in specific program rules. Services are limited as directed by General Rules Excluded Services and Limitations (OAR 410-120-1200), the Division's Dental Services Program rules (chapter 410, division 123), and the Prioritized List. Services that are not considered emergency dental services as defined by section (12) of this rule are considered routine services.

(4) "Dental Hygienist" means an individual licensed to practice dental hygiene pursuant to state law.

(5) "Dental Hygienist with Expanded Practice Dental Hygiene Permit (EPDH)" means an individual licensed to practice dental hygiene with an EPDH permit issued by the Board of Dentistry and within the scope of an EPDH permit pursuant to state law.

(6) "Dental Practitioner" means an individual licensed pursuant to state law to engage in the provision of dental services within the scope of the practitioner's license and certification.

(7) "Dental Services" means services provided within the scope of practice as defined under state law by or under the supervision of a dentist or dental hygienist or denture services provided within the scope of practice as defined under state law by a denturist.

(8) "Dental Services Documentation" means meeting the requirements of the Oregon Dental Practice Act statutes; administrative rules for client records and requirements of OAR 410-120-1360 Requirements for Financial, Clinical and Other Records, and any other documentation requirements as outlined in OAR chapter 410 division 123 (Dental rules).

(9) "Dentally Appropriate" means services that are required for prevention, diagnosis, or treatment of a dental condition and that are:

(a) Consistent with the symptoms of a dental condition or treatment of a dental condition;

(b) Appropriate with regard to standards of good dental practice and generally recognized by the relevant scientific community, evidence-based medicine, and professional standards of care as effective;

(c) Not solely for the convenience of an OHP member or a provider of the service; and

(d) The most cost effective of the alternative levels of dental services that can be safely provided to a member.

(10) "Dentist" means an individual licensed to practice dentistry pursuant to state law.

(11) "Denturist" means an individual licensed to practice denture technology pursuant to state law.

(12) "Direct Pulp Cap" means the procedure in which the exposed pulp is covered with a dressing or cement that protects the pulp and promotes healing and repair.

(13) Emergency Services means:

(a) Covered services for an emergency dental condition manifesting itself by acute symptoms of sufficient severity requiring immediate treatment. This includes services to treat the following conditions:

(A) Acute infection;

(B) Acute abscesses;

(C) Severe tooth pain;

(D) Unusual swelling of the face or gums; or

(E) A tooth that has been avulsed (knocked out).

(b) The treatment of an emergency dental condition is limited only to covered services. The Division recognizes that some non-covered services may meet the criteria of treatment for the emergency condition; however, this rule does not extend to those non-covered services. Routine dental treatment or treatment of incipient decay does not constitute emergency care (See also OAR 410-120-0000).

(14) "Hospital Dentistry" means dental services normally done in a dental office setting but due to specific client need (as detailed in OAR 410-123-1490) are provided in an ambulatory surgical center, inpatient or outpatient hospital setting under general anesthesia, or IV conscious sedation, if appropriate.

(15) "Medical Practitioner" means an individual licensed pursuant to state law to engage in the provision of medical services within the scope of the practitioner's license and certification.

(16) "Medicament" means a substance or combination of substances intended to be pharmacologically active, specially prepared to be prescribed, dispensed, or administered to prevent or treat disease.

(17) "Procedure Codes" means the procedure codes set forth in OAR chapter 410, division 123 that refer to Current Dental Terminology (CDT), unless otherwise noted. Codes listed in this rule and other documents incorporated in rule by reference are subject to change by the American Dental Association (ADA) without notification.

(18) "Standard of Care" means what reasonable and prudent practitioners would do in the same or similar circumstances.

Rule Caption: Amending Prior Authorization Approval Criteria Guide
Adm. Order No.: DMAP 35-2016(Temp)
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16 thru 12-27-16
Notice Publication Date:
Rules Amended: 410-121-0040
Subject: The Pharmaceutical Services Program administrative rules (Division 121) govern Division payments for services provided to certain clients. The Division needs to amend rules as follows:

The Authority is amending this rule to update the Oregon Medicaid Fee for Service Prior Authorization Criteria Guide found at http://www.oregon.gov/oha/healthplan/Pages/pharmacy-policy.aspx based on the P&T (Pharmacy and Therapeutic) Committee recommendations.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-121-0040
Prior Authorization Required for Drugs and Products

(1) Prescribing practitioners shall obtain prior authorization (PA) for the drugs and categories of drugs requiring PA in this rule, using the procedures set forth in OAR 410-121-0060.

(2) All drugs and categories of drugs including, but not limited to, those drugs and categories of drugs that require PA shall meet the following requirements for coverage:

(a) Each drug shall be prescribed for conditions funded by the Oregon Health Plan (OHP) in a manner consistent with the Health Evidence Review Commission (HERC) Prioritized List of Health Services (OAR 410-141-0480 through 410-141-0520). If the medication is for a non-covered diagnosis, the medication may not be covered unless there is a co-morbid condition for which coverage would be allowed. The use of the medication shall meet corresponding treatment guidelines and be included within the client's benefit package of covered services and not otherwise excluded or limited;

(b) Each drug shall also meet other criteria applicable to the drug or category of drug in these pharmacy provider rules, including PA requirements imposed in this rule.

(3) The Authority may require PA for individual drugs and categories of drugs to ensure that the drugs prescribed are indicated for conditions funded by OHP and consistent with the Prioritized List of Health Services and its corresponding treatment guidelines (see OAR 410-141-0480). The

drugs and categories of drugs that the Authority requires PA for this purpose are found in the Oregon Medicaid Fee-for-Service Prior Authorization Approval Criteria (PA Criteria guide) dated July 1, 2016, adopted and incorporated by reference and found at: http://www.oregon.gov/OHA/healthplan/pages/pharmacy-policy.aspx.

(4) The Authority may require PA for individual drugs and categories of drugs to ensure medically appropriate use or to address potential client safety risk associated with the particular drug or category of drug, as recommended by the Pharmacy & Therapeutics Committee (P&T) and adopted by the Authority in this rule. The drugs and categories of drugs for which the Authority requires PA for this purpose are found in the Pharmacy PA Criteria Guide.

(5) New drugs shall be evaluated when added to the weekly upload of the First Databank drug file:

(a) If the new drug is in a class where current PA criteria apply, all associated PA criteria shall be required at the time of the drug file load;

(b) If the new drug is indicated for a condition below the funding line on the Prioritized List of Health Services, PA shall be required to ensure that the drug is prescribed for a condition funded by OHP;

(c) PA criteria for all new drugs shall be reviewed by the DUR/P&T Committee.

(6) PA shall be obtained for brand name drugs that have two or more generically equivalent products available and that are not determined Narrow Therapeutic Index drugs by the DUR/P&T Committee:

(a) Immunosuppressant drugs used in connection with an organ transplant shall be evaluated for narrow therapeutic index within 180 days after United States patent expiration;

(b) Manufacturers of immunosuppressant drugs used in connection with an organ transplant shall notify the Authority of patent expiration within 30 days of patent expiration for section (5)(a) to apply;

(c) Criteria for approval are:

(A) If criteria established in section (3) or (4) of this rule applies, follow that criteria;

(B) If section (6)(A) does not apply, the prescribing practitioner shall document that the use of the generically equivalent drug is medically contraindicated and provide evidence that either the drug has been used and has failed or that its use is contraindicated based on evidence-based peer reviewed literature that is appropriate to the client's medical condition.

(7) PA shall be obtained for non-preferred Preferred Drug List (PDL) products in a class evaluated for the PDL except in the following cases:

(a) The drug is a mental health drug as defined in OAR 410-121-0000;

(b) The original prescription is written prior to 1/1/10;

(c) The prescription is a refill for the treatment of seizures, cancer, HIV, or AIDS; or

(d) The prescription is a refill of an immunosuppressant.

(8) PA may not be required:

(a) When the prescription ingredient cost plus the dispensing fee is less than the PA processing fees as determined by the Authority;

(b) For over-the-counter (OTC) covered drugs when prescribed for conditions covered under OHP; or

(c) If a drug is in a class not evaluated from the Practitioner-Managed Prescription Drug Plan under ORS 414.334.

Rule Caption: Update Reference to Current Covered and Non-Covered Dental Services Document, Incorporate Changes and Corrections
Adm. Order No.: DMAP 36-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-123-1260
Rules Repealed: 410-123-1260(T)
Subject: The amendment of OAR 410-123-1260 is needed to align the administrative rule to reflect recent changes to the Prioritized List of Health Services and the American Dental Association's (ADA) Code on Dental Procedures and Nomenclature (CDT Codes). Effective January 1, 2016, the Health Evidence Review Commission (HERC) added five oral health procedure codes to funded lines of the Prioritized List of Health Services. Four of these codes are either diagnostic or are payable dependent on other codes. The HERC also added a guideline to one of the codes, which this amendment reflects. In addition, the ADA deleted five CDT Codes that were on the prioritized list. Those changes are reflected in this amendment. The Authority needs to spell out in rule how the Oregon Health Plan will cover a newly opened CDT code. This will allow dentists to bill for two yearly applications of silver diamine fluoride, and the rule outlines exceptions.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-123-1260
OHP Dental Benefits

(1) GENERAL:

(a) Early and Periodic Screening, Diagnosis and Treatment (EPSDT):

(A) Refer to Code of Federal Regulations (42 CFR 441, Subpart B) and OAR chapter 410, division 120 for definitions of the EPSDT program, eligible clients, and related services. EPSDT dental services include, but are not limited to:

(i) Dental screening services for eligible EPSDT individuals; and

(ii) Dental diagnosis and treatment that is indicated by screening at as early an age as necessary, needed for relief of pain and infections, restoration of teeth, and maintenance of dental health.

(B) Providers shall provide EPSDT services for eligible Division of Medical Assistance Programs (Division) clients according to the following documents:

(i) The Dental Services Program administrative rules (OAR chapter 410, division 123), for dentally appropriate services funded on the Oregon Health Evidence Review Commission's Prioritized List of Health Services (Prioritized List); and

(ii) The "Oregon Health Plan (OHP) — Recommended Dental Periodicity Schedule," dated January 1, 2010, incorporated in rule by reference and posted on the Division website in the Dental Services Provider Guide document at www.oregon.gov/oha/healthplan/Pages/dental.aspx.

(b) Restorative, periodontal, and prosthetic treatments:

(A) Documentation shall be included in the client's charts to support the treatment. Treatments shall be consistent with the prevailing standard of care and may be limited as follows:

(i) When prognosis is unfavorable;

(ii) When treatment is impractical;

(iii) A lesser-cost procedure would achieve the same ultimate result; or

(iv) The treatment has specific limitations outlined in this rule.

(B) Prosthetic treatment, including porcelain fused to metal crowns, are limited until rampant progression of caries is arrested and a period of

adequate oral hygiene and periodontal stability is demonstrated; periodontal health needs to be stable and supportive of a prosthetic.

(2) ENHANCED ORAL HEALTH SERVICES IN PRIMARY CARE SETTINGS:

(a) Topical fluoride treatment:
