(A) For children under 19 years of age, topical fluoride varnish may be applied by a licensed medical practitioner during a medical visit. Providers must bill:

(i) The Division directly when the client is fee-for-service (FFS), is enrolled in a Coordinated Care Organization (CCO) that does not include integrated medical and dental services, or is enrolled in a PHP that does not include integrated medical and dental services;

(ii) The client's CCO if the client is enrolled in a CCO that includes integrated medical and dental services;

(iii) Using a professional claim format with either the appropriate Current Dental Terminology (CDT) code (D1206-Topical Fluoride Varnish) or the appropriate Current Procedural Terminology (CPT) code (99188 - Application of topical fluoride varnish by a physician or other qualified health care professional).

(B) Topical fluoride treatment from a medical practitioner counts toward the overall maximum number of fluoride treatments, as described in subsection (4) of this rule.

(b) Assessment of a patient:

(A) For children under six years of age, CDT code D0191-Assessment of a Patient is covered as an enhanced oral health service in medical settings;

(B) For reimbursement in a medical setting, D0191-Assessment of a patient must include all of the following components:

(i) Caries risk assessment using a standardized tool endorsed by Oregon Oral Health Coalition, the American Dental Association, the American Academy of Pediatric Dentistry, or the American Academy of Pediatrics;

(ii) Anticipatory guidance and counseling with the client's caregiver on good oral hygiene practices and nutrition;

(iii) Referral to a dentist in order to establish a dental home;

(iv) Documentation in medical chart of risk assessment findings and service components provided.

(C) For reimbursement, the performing provider must meet all of the following criteria:

(i) Be a physician (MD or DO), an advance practice nurse, or a licensed physician assistant; and

(ii) Hold a certificate of completion from one of the following approved training programs within the previous three years:

(I) Smiles for Life; or

(II) First Tooth through the Oregon Oral Health Coalition.

(D) For reimbursement, the medical practitioners must bill:

(i) The Division directly when the client is fee-for-service (FFS), is enrolled in a Coordinated Care Organization (CCO) that does not include integrated medical and dental services, or is enrolled in a PHP that does not include integrated medical and dental services;

(ii) The client's CCO if the client is enrolled in a CCO that includes integrated medical and dental services;

(iii) Using a professional claim format with the appropriate CDT code (D0191-Assessment of a Patient).

(E) D0191 Assessment of a Patient may be reimbursed under this subsection up to a maximum of once every 12 months;

(F) D0191 Assessment of a Patient from a medical practitioner does not count toward the maximum number of CDT code D0191-Assessment of a Patient services performed by a dental practitioner described in subsection three (3) of this rule.

(c) For tobacco cessation services provided during a medical visit, follow criteria outlined in OAR 410-130-0190.

(3) DIAGNOSTIC SERVICES:

(a) Exams:

(A) For children under 19 years of age:

(i) The Division shall reimburse exams (billed as CDT codes D0120, D0145, D0150, or D0180) a maximum of twice every 12 months with the following limitations:

(I) D0150: once every 12 months when performed by the same practitioner;

(II) D0150: twice every 12 months only when performed by different practitioners;

(III) D0180: once every 12 months.

(ii) The Division shall reimburse D0160 only once every 12 months when performed by the same practitioner.

(B) For adults 19 years of age and older, the Division shall reimburse exams (billed as CDT codes D0120, D0150, D0160, or D0180) once every 12 months;

(C) For problem focused exams (urgent or emergent problems), the Division shall reimburse D0140 for the initial exam. The Division shall reimburse D0170 for related problem-focused follow-up exams. Providers must not bill D0140 and D0170 for routine dental visits;

(D) The Division only covers oral exams performed by medical practitioners when the medical practitioner is an oral surgeon;

(E) As the American Dental Association's Current Dental Terminology (CDT) codebook specifies, the evaluation, diagnosis, and treatment planning components of the exam are the responsibility of the dentist. The Division may not reimburse dental exams when performed by a dental hygienist (with or without an expanded practice permit).

(b) Assessment of a patient (D0191):

(A) When performed by a dental practitioner, the Division shall reimburse:

(i) If performed by a dentist outside of a dental office;

(ii) If performed by a dental hygienist with an expanded practice dental hygiene permit;

(iii) Only if an exam (D0120-D0180) is not performed on the same date of service. Assessment of a patient (D0191) is included as part of an exam (D0120-D0180);

(iv) For children under 19 years of age, a maximum of twice every 12 months; and

(v) For adults age 19 and older, a maximum of once every 12 months.

(B) An assessment does not take the place of the need for oral evaluations/exams.

(c) Radiographs:

(A) The Division shall reimburse for routine radiographs once every 12 months;

(B) The Division shall reimburse bitewing radiographs for routine screening once every 12 months;

(C) The Division shall reimburse a maximum of six radiographs for any one emergency;

(D) For clients under age six, radiographs may be billed separately every 12 months as follows:

(i) D0220 — once;

(ii) D0230 — a maximum of five times;

(iii) D0270 — a maximum of twice, or D0272 once.

(E) The Division shall reimburse for panoramic (D0330) or intra-oral complete series (D0210) once every five years, but both cannot be done within the five-year period;

(F) Clients shall be a minimum of six years old for billing intra-oral complete series (D0210). The minimum standards for reimbursement of intra-oral complete series are:

(i) For clients age six through 11- a minimum of ten periapicals and two bitewings for a total of 12 films;

(ii) For clients ages 12 and older - a minimum of ten periapicals and four bitewings for a total of 14 films.

(G) If fees for multiple single radiographs exceed the allowable reimbursement for a full mouth complete series (D0210), the Division shall reimburse for the complete series;

(H) Additional films may be covered if dentally or medically appropriate, e.g., fractures (Refer to OAR 410-123-1060 and 410-120-0000);

(I) If the Division determines the number of radiographs to be excessive, payment for some or all radiographs of the same tooth or area may be denied;

(J) The exception to these limitations is if the client is new to the office or clinic and the office or clinic is unsuccessful in obtaining radiographs from the previous dental office or clinic. Supporting documentation outlining the provider's attempts to receive previous records shall be included in the client's records;

(K) Digital radiographs, if printed, shall be on photo paper to assure sufficient quality of images.

(4) PREVENTIVE SERVICES:

(a) Prophylaxis:

(A) For children under 19 years of age — Limited to twice per 12 months;

(B) For adults 19 years of age and older — Limited to once per 12 months;

(C) Additional prophylaxis benefit provisions may be available for persons with high risk oral conditions due to disease process, pregnancy, medications, or other medical treatments or conditions, severe periodontal

disease, rampant caries and for persons with disabilities who cannot perform adequate daily oral health care;

(D) Are coded using the appropriate Current Dental Terminology (CDT) coding:

(i) D1110 (Prophylaxis — Adult) — Use for clients 14 years of age and older; and

(ii) D1120 (Prophylaxis — Child) — Use for clients under 14 years of age.

(b) Topical fluoride treatment:

(A) For adults 19 years of age and older — Limited to once every 12 months;

(B) For children under 19 years of age — Limited to twice every 12 months;

(C) Additional topical fluoride treatments may be available, up to a total of four treatments per client within a 12-month period, when high-risk conditions or oral health factors are clearly documented in chart notes for clients who:

(i) Have high-risk oral conditions due to disease process, medications, other medical treatments or conditions, or rampant caries;

(ii) Are pregnant;

(iii) Have physical disabilities and cannot perform adequate, daily oral health care;

(iv) Have a developmental disability or other severe cognitive impairment that cannot perform adequate, daily oral health care; or

(v) Are under seven years old with high-risk oral health factors, such as poor oral hygiene, deep pits and fissures (grooves) in teeth, severely crowded teeth, poor diet, etc.

(D) Fluoride limits include any combination of fluoride varnish (D1206) or other topical fluoride (D1208).

(c) Sealants (D1351):

(A) Are covered only for children under 16 years of age;

(B) The Division limits coverage to:

(i) Permanent molars; and

(ii) Only one sealant treatment per molar every five years, except for visible evidence of clinical failure.

(d) Tobacco cessation:

(A) For services provided during a dental visit, bill as a dental service using CDT code D1320 when the following brief counseling is provided:

(i) Ask patients about their tobacco-use status at each visit and record information in the chart;

(ii) Advise patients on their oral health conditions related to tobacco use and give direct advice to quit using tobacco and a strong personalized message to seek help; and

(iii) Refer patients who are ready to quit, utilizing internal and external resources, to complete the remaining three A's (assess, assist, arrange) of the standard intervention protocol for tobacco.

(B) The Division allows a maximum of ten services within a three-month period.

(e) Space management:

(A) The Division shall cover fixed and removable space maintainers (D1510, D1515, D1520, and D1525) only for clients under 19 years of age;

(B) The Division may not reimburse for replacement of lost or damaged removable space maintainers.

(f) Interim caries arresting medicament application (D1354):

(A) Is limited to silver diamine fluoride (SDF) application as the medicament. It does not include coverage of any other medicaments;

(B) May not be billed for more than two applications per year;

(C) Requires that the tooth or teeth numbers be included on the claim;

(D) Shall be covered with topical application of fluoride (D1206 or D1208) when they are performed on the same date of service if D1354 is being used to treat a carious lesion and D1206 or D1208 to prevent caries;

(E) Shall be covered with an interim therapeutic restoration (D2941) or a permanent restoration and (D1354) on the same tooth, when dentally appropriate.

(5) RESTORATIVE SERVICES:

(a) Amalgam and resin-based composite restorations, direct:

(A) Resin-based composite crowns on anterior teeth (D2390) are only covered for clients under 21 years of age or who are pregnant;

(B) The Division reimburses posterior composite restorations at the same rate as amalgam restorations;

(C) The Division limits payment for replacement of posterior composite restorations to once every five years;

(D) The Division limits payment of covered restorations to the maximum restoration fee of four surfaces per tooth. Refer to the American Dental Association (ADA) CDT codebook for definitions of restorative procedures;

(E) Providers shall combine and bill multiple surface restorations as one line per tooth using the appropriate code. Providers may not bill multiple surface restorations performed on a single tooth on the same day on separate lines. For example, if tooth #30 has a buccal amalgam and a mesial-occlusal-distal (MOD) amalgam, then bill MOD, B, using code D2161 (four or more surfaces);

(F) The Division may not reimburse for an amalgam or composite restoration and a crown on the same tooth;

(G) Interim therapeutic restoration on primary dentition (D2941) is covered to restore and prevent progression of dental caries. Interim therapeutic restoration is not a definitive restoration;

(H) Reattachment of tooth fragment (D2921) is covered once in the lifetime of a tooth when there is no pulp exposure and no need for endodontic treatment;

(I) The Division reimburses for a surface not more than once in each treatment episode regardless of the number or combination of restorations;

(J) The restoration fee includes payment for occlusal adjustment and polishing of the restoration.

(b) Indirect crowns and related services:

(A) General payment policies:

(i) The fee for the crown includes payment for preparation of the gingival tissue;

(ii) The Division shall cover crowns only when:

(I) There is significant loss of clinical crown and no other restoration will restore function; and

(II) The crown-to-root ratio is 50:50 or better, and the tooth is restorable without other surgical procedures.

(iii) The Division shall cover core buildup (D2950) only when necessary to retain a cast restoration due to extensive loss of tooth structure from caries or a fracture and only when done in conjunction with a crown. Less than 50 percent of the tooth structure must be remaining for coverage of the core buildup;

(iv) Reimbursement of retention pins (D2951) is per tooth, not per pin.

(B) The Division shall not cover the following services:

(i) Endodontic therapy alone (with or without a post);

(ii) Aesthetics (cosmetics);

(iii) Crowns in cases of advanced periodontal disease or when a poor crown/root ratio exists for any reason.

(C) The Division shall cover the following only for clients under 21 years of age or who are pregnant:

(i) Prefabricated plastic crowns (D2932) are allowed only for anterior teeth, permanent or primary;

(ii) Stainless steel crowns (D2930/D2931) are allowed only for anterior primary teeth and posterior permanent or primary teeth;

(iii) Prefabricated stainless steel crowns with resin window (D2933) are allowed only for anterior teeth, permanent or primary;

(iv) Prefabricated post and core in addition to crowns (D2954/D2957);

(v) Permanent crowns (resin-based composite — D2710 and D2712, and porcelain fused to metal (PFM) — D2751 and D2752) as follows:

(I) Limited to teeth numbers 6–11, 22 and 27 only, if dentally appropriate;

(II) Limited to four in a seven-year period. This limitation includes any replacement crowns allowed according to (E)(i) of this rule;

(III) Only for clients at least 16 years of age; and

(IV) Rampant caries are arrested, and the client demonstrates a period of oral hygiene before prosthetics are proposed.

(vi) PFM crowns (D2751 and D2752) shall also meet the following additional criteria:

(I) The dental practitioner has attempted all other dentally appropriate restoration options and documented failure of those options;

(II) Written documentation in the client's chart indicates that PFM is the only restoration option that will restore function;

(III) The dental practitioner submits radiographs to the Division for review; history, diagnosis, and treatment plan may be requested. (See OAR 410-123-1100 Services Reviewed by the Division);

(IV) The client has documented stable periodontal status with pocket depths within 1–3 millimeters. If PFM crowns are placed with pocket depths of 4 millimeters and over, documentation shall be maintained in the client's chart of the dentist's findings supporting stability and why the increased pocket depths will not adversely affect expected long-term prognosis;

(V) The crown has a favorable long-term prognosis; and

(VI) If the tooth to be crowned is a clasp/abutment tooth in partial denture, both prognosis for the crown itself and the tooth's contribution to partial denture shall have favorable expected long-term prognosis.

(D) Crown replacement:

(i) Permanent crown replacement limited to once every seven years;

(ii) All other crown replacement limited to once every five years; and

(iii) The Division may make exceptions to crown replacement limitations due to acute trauma, based on the following factors:

(I) Extent of crown damage;

(II) Extent of damage to other teeth or crowns;

(III) Extent of impaired mastication;

(IV) Tooth is restorable without other surgical procedures; and

(V) If loss of tooth would result in coverage of removable prosthetic.

(E) Crown repair (D2980) is limited to only anterior teeth.

(6) ENDODONTIC SERVICES:

(a) Endodontic therapy:

(A) Pulpal therapy on primary teeth (D3230 and D3240) is covered only for clients under 21 years of age;

(B) For permanent teeth:

(i) Anterior and bicuspid endodontic therapy (D3310 and D3320) is covered for all OHP Plus clients; and

(ii) Molar endodontic therapy (D3330):

(I) For clients through age 20, is covered only for first and second molars; and

(II) For clients age 21 and older who are pregnant, is covered only for first molars.

(C) The Division covers endodontics only if the crown-to-root ratio is 50:50 or better and the tooth is restorable without other surgical procedures.

(b) Endodontic retreatment and apicoectomy:

(A) The Division does not cover retreatment of a previous root canal or apicoectomy for bicuspid or molars;

(B) The Division limits either a retreatment or an apicoectomy (but not both procedures for the same tooth) to symptomatic anterior teeth when:

(i) Crown-to-root ratio is 50:50 or better;

(ii) The tooth is restorable without other surgical procedures; or

(iii) If loss of tooth would result in the need for removable prosthodontics.

(C) Retrograde filling (D3430) is covered only when done in conjunction with a covered apicoectomy of an anterior tooth.

(c) The Division does not allow separate reimbursement for open-and-drain as a palliative procedure when the root canal is completed on the same date of service or if the same practitioner or dental practitioner in the same group practice completed the procedure;

(d) The Division covers endodontics if the tooth is restorable within the OHP benefit coverage package;

(e) Apexification/recalcification procedures:

(A) The Division limits payment for apexification to a maximum of five treatments on permanent teeth only;

(B) Apexification/recalcification procedures are covered only for clients under 21 years of age or who are pregnant.

(7) PERIODONTIC SERVICES:

(a) Surgical periodontal services:

(A) Gingivectomy/Gingivoplasty (D4210 and D4211) — limited to coverage for severe gingival hyperplasia where enlargement of gum tissue occurs that prevents access to oral hygiene procedures, e.g., Dilantin hyperplasia; and

(B) Includes six months routine postoperative care;

(C) The Division shall consider gingivectomy or gingivoplasty to allow for access for restorative procedure, per tooth (D4212) as part of the restoration and will not provide a separate reimbursement for this procedure.

(b) Non-surgical periodontal services:

(A) Periodontal scaling and root planing (D4341 and D4342):

(i) For clients through age 20, allowed once every two years;

(ii) For clients age 21 and over, allowed once every three years;

(iii) A maximum of two quadrants on one date of service is payable, except in extraordinary circumstances;

(iv) Quadrants are not limited to physical area, but are further defined by the number of teeth with pockets 5 mm or greater:

(I) D4341 is allowed for quadrants with at least four or more teeth with pockets 5 mm or greater;

(II) D4342 is allowed for quadrants with at least two teeth with pocket depths of 5 mm or greater.

(v) Prior authorization for more frequent scaling and root planing may be requested when:

(I) Medically/dentally necessary due to periodontal disease as defined above is found during pregnancy; and

(II) Client's medical record is submitted that supports the need for increased scaling and root planing.

(B) Full mouth debridement (D4355):

(i) For clients through age 20, allowed only once every two years;

(ii) For clients age 21 and older, allowed once every three years.

(c) Periodontal maintenance (D4910):

(A) For clients through age 20, allowed once every six months;

(B) For clients age 21 and older:

(i) Limited to following periodontal therapy (surgical or non-surgical) that is documented to have occurred within the past three years;

(ii) Allowed once every twelve months;

(iii) Prior authorization for more frequent periodontal maintenance may be requested when:

(I) Medically/dentally necessary, such as due to presence of periodontal disease during pregnancy; and

(II) Client's medical record is submitted that supports the need for increased periodontal maintenance (chart notes, pocket depths and radiographs).

(d) Records shall clearly document the clinical indications for all periodontal procedures, including current pocket depth charting and/or radiographs;

(e) The Division may not reimburse for procedures identified by the following codes if performed on the same date of service:

(A) D1110 (Prophylaxis — adult);

(B) D1120 (Prophylaxis — child);

(C) D4210 (Gingivectomy or gingivoplasty — four or more contiguous teeth or bounded teeth spaces per quadrant);

(D) D4211 (Gingivectomy or gingivoplasty — one to three contiguous teeth or bounded teeth spaces per quadrant);

(E) D4341 (Periodontal scaling and root planning — four or more teeth per quadrant);

(F) D4342 (Periodontal scaling and root planning — one to three teeth per quadrant);

(G) D4355 (Full mouth debridement to enable comprehensive evaluation and diagnosis); and

(H) D4910 (Periodontal maintenance).

(8) REMOVABLE PROSTHODONTIC SERVICES:

(a) Clients age 16 years and older are eligible for removable resin base partial dentures (D5211-D5212) and full dentures (complete or immediate, D5110-D5140);

(b) The Division limits full dentures for clients age 21 and older to only those clients who are recently edentulous:

(A) For the purposes of this rule:

(i) "Edentulous" means all teeth removed from the jaw for which the denture is being provided; and

(ii) "Recently edentulous" means the most recent extractions from that jaw occurred within six months of the delivery of the final denture (or, for fabricated prosthetics, the final impression) for that jaw.

(B) See OAR 410-123-1000 for detail regarding billing fabricated prosthetics.

(c) The fee for the partial and full dentures includes payment for adjustments during the six-month period following delivery to clients;

(d) Resin partial dentures (D5211-D5212):

(A) The Division may not approve resin partial dentures if stainless steel crowns are used as abutments;

(B) For clients through age 20, the client shall have one or more anterior teeth missing or four or more missing posterior teeth per arch with resulting space equivalent to that loss demonstrating inability to masticate. Third molars are not a consideration when counting missing teeth;

(C) For clients age 21 and older, the client shall have one or more missing anterior teeth or six or more missing posterior teeth per arch with documentation by the provider of resulting space causing serious impairment to mastication. Third molars are not a consideration when counting missing teeth;

(D) The dental practitioner shall note the teeth to be replaced and teeth to be clasped when requesting prior authorization (PA).

(e) Replacement of removable partial or full dentures, when it cannot be made clinically serviceable by a less costly procedure (e.g., reline, rebase, repair, tooth replacement), is limited to the following:

(A) For clients at least 16 years and under 21 years of age, the Division shall replace full or partial dentures once every ten years, only if

dentally appropriate. This does not imply that replacement of dentures or partials shall be done once every ten years, but only when dentally appropriate;

(B) For clients 21 years of age and older, the Division may not cover replacement of full dentures but shall cover replacement of partial dentures once every ten (10) years only if dentally appropriate;

(C) The ten year limitations apply to the client regardless of the client's OHP or Dental Care Organization (DCO)/Coordinated Care Organization (CCO) enrollment status at the time the client's last denture or partial was received. For example: A client receives a partial on February 1, 2002, and becomes a FFS OHP client in 2005. The client is not eligible for a replacement partial until February 1, 2012. The client gets a replacement partial on February 3, 2012 while FFS and a year later enrolls in a DCO or CCO. The client would not be eligible for another partial until February 3, 2022, regardless of DCO, CCO, or FFS enrollment;

(D) Replacement of partial dentures with full dentures is payable ten years after the partial denture placement. Exceptions to this limitation may be made in cases of acute trauma or catastrophic illness that directly or indirectly affects the oral condition and results in additional tooth loss. This pertains to, but is not limited to, cancer and periodontal disease resulting from pharmacological, surgical, and medical treatment for aforementioned conditions. Severe periodontal disease due to neglect of daily oral hygiene may not warrant replacement.

(f) The Division limits reimbursement of adjustments and repairs of dentures that are needed beyond six months after delivery of the denture as follows for clients 21 years of age and older:

(A) A maximum of four times per year for:

(i) Adjusting complete and partial dentures, per arch (D5410-D5422);

(ii) Replacing missing or broken teeth on a complete denture, each tooth (D5520);

(iii) Replacing broken tooth on a partial denture, each tooth (D5640);

(iv) Adding tooth to existing partial denture (D5650).

(B) A maximum of two times per year for:

(i) Repairing broken complete denture base (D5510);

(ii) Repairing partial resin denture base (D5610);

(iii) Repairing partial cast framework (D5620);

(iv) Repairing or replacing broken clasp (D5630);

(v) Adding clasp to existing partial denture (D5660).

(g) Replacement of all teeth and acrylic on cast metal framework (D5670, D5671):

(A) Is covered for clients age 16 and older a maximum of once every ten (10) years, per arch;

(B) Ten years or more shall have passed since the original partial denture was delivered;

(C) Is considered replacement of the partial so a new partial denture may not be reimbursed for another ten years; and

(D) Requires prior authorization as it is considered a replacement partial denture.

(h) Denture rebase procedures:

(A) The Division shall cover rebases only if a reline may not adequately solve the problem;

(B) For clients through age 20, the Division limits payment for rebase to once every three years;

(C) For clients age 21 and older:

(i) There shall be documentation of a current reline that has been done and failed; and

(ii) The Division limits payment for rebase to once every five years.

(D) The Division may make exceptions to this limitation in cases of acute trauma or catastrophic illness that directly or indirectly affects the oral condition and results in additional tooth loss. This pertains to, but is not limited to, cancer and periodontal disease resulting from pharmacological, surgical, and medical treatment for aforementioned conditions. Severe periodontal disease due to neglect of daily oral hygiene may not warrant rebasing.

(i) Denture reline procedures:

(A) For clients through age 20, the Division limits payment for reline of complete or partial dentures to once every three years;

(B) For clients age 21 and older, the Division limits payment for reline of complete or partial dentures to once every five years;

(C) The Division may make exceptions to this limitation under the same conditions warranting replacement;

(D) Laboratory relines:

(i) Are not payable prior to six months after placement of an immediate denture; and

(ii) For clients through age 20, are limited to once every three years;

(iii) For clients age 21 and older, are limited to once every five years.

(j) Interim partial dentures (D5820-D5821, also referred to as "flippers"):

(A) Are allowed if the client has one or more anterior teeth missing; and

(B) The Division shall reimburse for replacement of interim partial dentures once every five years but only when dentally appropriate.

(k) Tissue conditioning:

(A) Is allowed once per denture unit in conjunction with immediate dentures; and

(B) Is allowed once prior to new prosthetic placement.

(9) MAXILLOFACIAL PROSTHETIC SERVICES:

(a) Fluoride gel carrier (D5986) is limited to those patients whose severity of oral disease causes the increased cleaning and fluoride treatments allowed in rule to be insufficient. The dental practitioner shall document failure of those options prior to use of the fluoride gel carrier;

(b) All other maxillofacial prosthetics (D5900-D5999) are medical services. Refer to the "Covered and Non-Covered Dental Services" document and OAR 410-123-1220:

(A) Bill for medical maxillofacial prosthetics using the professional (CMS1500, DMAP 505 or 837P) claim format;

(B) For clients receiving services through a CCO or PHP, bill medical maxillofacial prosthetics to the CCO or PHP;

(C) For clients receiving medical services through FFS, bill the Division.

(10) ORAL SURGERY SERVICES:

(a) Bill the following procedures in an accepted dental claim format using CDT codes:

(A) Procedures that are directly related to the teeth and supporting structures that are not due to a medical condition or diagnosis, including such procedures performed in an ambulatory surgical center (ASC) or an inpatient or outpatient hospital setting;

(B) Services performed in a dental office setting or an oral surgeon's office:

(i) Such services include, but are not limited to, all dental procedures, local anesthesia, surgical postoperative care, radiographs, and follow-up visits;

(ii) Refer to OAR 410-123-1160 for any PA requirements for specific procedures.

(b) Bill the following procedures using the professional claim format and the appropriate American Medical Association (AMA) CPT procedure and ICD-10 diagnosis codes:

(A) Procedures that are a result of a medical condition (i.e., fractures, cancer);

(B) Services requiring hospital dentistry that are the result of a medical condition/diagnosis (i.e., fracture, cancer).

(c) Refer to the "Covered and Non-Covered Dental Services" document to see a list of CDT procedure codes on the Prioritized List that may also have CPT medical codes. See OAR 410-123-1220. The procedures listed as "medical" on the table may be covered as medical procedures, and the table may not be all-inclusive of every dental code that has a corresponding medical code;

(d) For clients enrolled in a DCO or CCO responsible for dental services, the DCO or CCO shall pay for those services in the dental plan package;

(e) Oral surgical services performed in an ASC or an inpatient or outpatient hospital setting:

(A) Require PA;

(B) For clients enrolled in a CCO or FCHP, the CCO or FCHP shall pay for the facility charge and anesthesia services. For clients enrolled in a Physician Care Organization (PCO), the PCO shall pay for the outpatient facility charge (including ASCs) and anesthesia. Refer to the current Medical Surgical Services administrative rules in OAR chapter 410, division 130 for more information;

(C) If a client is enrolled in a CCO or PHP, the provider shall contact the CCO or PHP for any required authorization before the service is rendered.

(f) All codes listed as "by report" require an operative report;

(g) The Division covers payment for tooth re-implantation only in cases of traumatic avulsion where there are good indications of success;

(h) Biopsies collected are reimbursed as a dental service. Laboratory services of biopsies are reimbursed as a medical service;

(i) The Division does not cover surgical excisions of soft tissue lesions (D7410-D7415);

(j) Extractions — Includes local anesthesia and routine postoperative care, including treatment of a dry socket if done by the provider of the extraction. Dry socket is not considered a separate service;

(k) Surgical extractions:

(A) Include local anesthesia and routine post-operative care;

(B) The Division limits payment for surgical removal of impacted teeth or removal of residual tooth roots to treatment for only those teeth that have acute infection or abscess, severe tooth pain, or unusual swelling of the face or gums;

(C) The Division does not cover alveoloplasty in conjunction with extractions (D7310 and D7311) separately from the extraction;

(D) The Division covers alveoplasty not in conjunction with extractions (D7320-D7321) only for clients under 21 years of age or who are pregnant.

(L) Frenulectomy/frenulotomy (D7960) and frenuloplasty (D7963):

(A) The Division covers either frenulectomy or frenuloplasty once per lifetime per arch only for clients under age 21;

(B) The Division covers maxillary labial frenulectomy only for clients age 12 through 20;

(C) The Division shall cover frenulectomy/frenuloplasty in the following situations:

(i) When the client has ankyloglossia;

(ii) When the condition is deemed to cause gingival recession; or

(iii) When the condition is deemed to cause movement of the gingival margin when the frenum is placed under tension.

(m) The Division covers excision of pericoronal gingival (D7971) only for clients under age 21 or who are pregnant.

(11) ORTHODONTIA SERVICES:

(a) The Division limits orthodontia services and extractions to eligible clients:

(A) With the ICD-10-CM diagnosis of:

(i) Cleft palate; or

(ii) Cleft palate with cleft lip; and

(B) Whose orthodontia treatment began prior to 21 years of age; or

(C) Whose surgical corrections of cleft palate or cleft lip were not completed prior to age 21.

(b) PA is required for orthodontia exams and records. A referral letter from a physician or dentist indicating diagnosis of cleft palate or cleft lip shall be included in the client's record and a copy sent with the PA request;

(c) Documentation in the client's record shall include diagnosis, length, and type of treatment;

(d) Payment for appliance therapy includes the appliance and all follow-up visits;

(e) Orthodontists evaluate orthodontia treatment for cleft palate/cleft lip as two phases. Stage one is generally the use of an activator (palatal expander), and stage two is generally the placement of fixed appliances (banding). The Division shall reimburse each phase separately;

(f) The Division shall pay for orthodontia in one lump sum at the beginning of each phase of treatment. Payment for each phase is for all orthodontia-related services. If the client transfers to another orthodontist during treatment, or treatment is terminated for any reason, the orthodontist shall refund to the Division any unused amount of payment after applying the following formula: Total payment minus $300.00 (for banding) multiplied by the percentage of treatment remaining;

(g) The Division shall use the length of the treatment plan from the original request for authorization to determine the number of treatment months remaining;

(h) As long as the orthodontist continues treatment, the Division may not require a refund even though the client may become ineligible for medical assistance sometime during the treatment period;

(i) Code:

(A) D8660 — PA required (reimbursement for required orthodontia records is included);

(B) Codes D8010-D8690 — PA required.

(12) ADJUNCTIVE GENERAL AND OTHER SERVICES:

(a) Fixed partial denture sectioning (D9120) is covered only when extracting a tooth connected to a fixed prosthesis and a portion of the fixed prosthesis is to remain intact and serviceable, preventing the need for more costly treatment;

(b) Anesthesia:

(A) Only use general anesthesia or IV sedation for those clients with concurrent needs: age; physical, medical or mental status; or degree of difficulty of the procedure (D9223 and D9243);

(B) The Division reimburses providers for general anesthesia or IV sedation as follows:

(i) D9223 or D9243: For each 15-minute period, up to three and a half hours on the same day of service.

(ii) Each 15-minute period represents a quantity of one. Enter this number in the quantity column.

(C) The Division reimburses administration of Nitrous Oxide (D9230) per date of service, not by time;

(D) Oral pre-medication anesthesia for conscious sedation (D9248):

(i) Limited to clients under 13 years of age;

(ii) Limited to four times per year;

(iii) Includes payment for monitoring and Nitrous Oxide; and

(iv) Requires use of multiple agents to receive payment.

(E) Upon request, providers shall submit a copy of their permit to administer anesthesia, analgesia, and sedation to the Division;

(F) For the purpose of Title XIX and Title XXI, the Division limits payment for code D9630 to those oral medications used during a procedure and is not intended for "take home" medication.

(c) The Division limits reimbursement of house/extended care facility call (D9410) only for urgent or emergent dental visits that occur outside of a dental office. This code is not reimbursable for provision of preventive services or for services provided outside of the office for the provider or facilities' convenience;

(d) Oral devices/appliances (E0485, E0486):

(A) These may be placed or fabricated by a dentist or oral surgeon but are considered a medical service;

(B) Bill the Division, CCO, or the PHP for these codes using the professional claim format.

Rule Caption: HERC Prioritized List Effective July 1, 2016
Adm. Order No.: DMAP 37-2016(Temp)
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16 thru 12-27-16
Notice Publication Date:
Rules Amended: 410-141-0520
Subject: The OHP program administrative rules govern the Division's payments for services provided to clients. The Authority is temporarily amending 410-141-0520. This change references the approved Health Evidence Review Commission (HERC) Prioritized List of Health Services, incorporating by reference new modifications effective July 1, 2016, to the Centers for Medicare and Medicaid Services' (CMS) approved biennial January 1, 2016-December 31, 2017, Prioritized List of condition treatment pairs funded through line 475, including interim modifications approved at the October 1, 2015, and November 12, 2015, HERC meetings. The July 1, 2016, Prioritized List includes previously delayed changes to the Prioritized List involving the treatments for conditions of the back and spine. (Implementation of these changes had been delayed from its original planned date of January 1, 2016.) In addition, several new interim modifications are included that were approved at the January 14, 2016, and May 19, 2016, HERC meetings, which represent conforming changes involving the pairing of treatments for conditions of the back and spine.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-0520
Prioritized List of Health Services

(1) The Health Evidence Review Commission (HERC) Prioritized List of Health Services (Prioritized List) is the listing of physical and mental health services with "expanded definitions" of practice guidelines and statements of intent as presented to the Oregon Legislative Assembly. The Prioritized List is generated and maintained by HERC. The HERC maintains the most current list on their website: http://www.oregon.gov/oha/herc/Pages/index.aspx. For a hard copy, contact the Division within the Oregon Health Authority (Authority).

(2) This rule incorporates by reference new modifications effective July 1, 2016, to the Centers for Medicare and Medicaid Services' (CMS) approved biennial January 1, 2016–December 31, 2017, Prioritized List of condition treatment pairs funded through line 475, including interim modifications approved at the October 1, 2015, and November 12, 2015, HERC meetings. The July 1, 2016, Prioritized List includes previously delayed changes to the Prioritized List involving the treatments for conditions of the back and spine. (Implementation of these changes had been delayed from its original planned date of January 1, 2016.) In addition, several new interim modifications are included that were approved at the January 14, 2016, and May 19, 2016, HERC meetings, which represent conforming changes involving the pairing of treatments for conditions of the back and spine.

Rule Caption: CCO Substance Use Disorder Provider, Treatment and Facility Certification and Licensure
Adm. Order No.: DMAP 38-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Adopted: 410-141-3110
Subject: The Authority needs a rule to address Substance Use Disorder (SUD) Provider, Treatment and Facility Certification and Licensure as they fit into the coordinated care organizational framework. This rule specifies the regulations that provide such a framework for certification and licensure for the SUD program.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-3110
CCO Substance Use Disorder Provider, Treatment and Facility Certification and Licensure

(1) Certain Behavioral Health services are only covered for payment when provided by a Mental Health Organization (MHO), Community Mental Health Program (CMHP), or authorized Coordinated Care Organization (CCO).

(2) Substance Use Disorder (SUD) treatment services are covered for eligible OHP clients when provided by a CCO:

(a) Outpatient substance use disorder providers that are facilities or agencies shall have a certificate issued by the Authority as described in OAR 415-012-0000 for the scope of services provided;

(b) Any facility that meets the definition of a residential treatment facility for substance-dependent persons under ORS 430.010 and 443.400 or detoxification center as defined in ORS 430.306 shall be licensed by the Authority as described in OAR 415-012-0000 for the scope of service provided;

(c) Synthetic opioid treatment programs shall meet the requirements described in OAR 415-020-0000;

(d) Detoxification centers shall have a license issued by the Authority as described in OAR 415-012-0000 and 415-050-0000 for the scope provided.

Stat. Auth.: ORS 192.527, 192.528, 413.042 & 414.065
Stat. Implemented: ORS 192.527, 192.528, 413.042, 414010, 414.065 & 414.727

Rule Caption: Definition Addition of Managed Care Entity (MCE)
Adm. Order No.: DMAP 39-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-141-0000
Subject: In order to find a singular term that could be used to represent all plan types in Medicaid rule language and in an effort to be compliant with the term, the Authority sought guidance from CMS with particular consideration given to the new managed care rules. The response received from CMS: To your question, Managed Care Entity (MCE) is a definition that can be used to encompass multiple organizations, plans, etc., (in your/Oregon's case CCO, DCO, MHO). Managed Care Entity is currently defined at 42 CFR 457.10: Managed care entity (MCE) means an entity that enters into a contract to provide services in a managed care delivery system including, but not limited to, managed care organizations, prepaid health plans, and primary care case managers. Link to 42 CFR 457.10: http://www.ecfr.gov/cgi-bin/text-idx?SID=c5cba4e2e28a4c186d3c4a075f239285&mc=true&node=se42.4.457_110&rgn=div8. It is the Authority's intent to use the term "managed care entity (MCE)" starting with OAR 410-141-0000 to house the definition referenced above. There have also been two cross references directing the reader to OAR 410-120-0000 added for the terms "client" and "member."
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-0000
Definitions

In addition to the definitions in OAR 410-120-0000, the following definitions apply:

(1) "Action" means in the case of a Prepaid Health Plan (PHP) or Coordinated Care Organization (CCO):

(a) The denial or limited authorization of a requested service including the type or level of service;

(b) The reduction, suspension, or termination of a previously authorized service;

(c) The denial in whole or in part of payment for a service;

(d) The failure to provide services in a timely manner as defined by the Health Systems Division, Medical Assistance Programs (Division);

(e) The failure of a PHP or CCO to act within the timeframes provided in 42 CFR 438.408(b); or

(f) For a member who resides in a rural service area where the PHP or CCO is the only PHP or CCO, the denial of a request to obtain covered services outside of the PHP or CCO provider network under any of the following circumstances:

(A) From any other provider (in terms of training, experience, and specialization) not available within the network;

(B) From a provider not part of the network that is the main source of a service to the member as long as the provider is given the same opportunity to become a participating provider as other similar providers. If the provider does not choose to join the network or does not meet the qualifications, the member is given a choice of participating providers and is transitioned to a participating provider within 60 days;

(C) Because the only plan or provider available does not provide the service due to moral or religious objections;

(D) Because the member's provider determines the member needs related services that would subject the member to unnecessary risk if received separately, and not all related services are available within the network; or

(E) The Authority determines that other circumstances warrant out-of-network treatment for moral or religious objections.

(2) "Adjudication" means the act of a court or entity in authority when issuing an order, judgment, or decree, as in a final CCO or MCO claims decision or the Authority issuing a final hearings decision. This function is non-delegable under the Coordinated Care contracts in the context of hearings and appeals.

(3) "Capitated Services" means those covered services that a PHP agrees to provide for a capitation payment under contract with the Authority.

(4) "Capitation Payment" means monthly prepayment to a PHP for health services the PHP provides to members.

(5) "CCO Payment" means the monthly payment to a CCO for services the CCO provides to members in accordance with the global budget.

(6) "Certificate of Authority" means the certificate issued by DCBS to a licensed health entity granting authority to transact insurance as a health insurance company or health care service contractor.

(7) "Client" has the meaning given that term in OAR 410-120-0000.

(8) "Cold Call Marketing" means a PCP's or CCO's unsolicited personal contact with a potential member for the purpose of marketing.

(9) "Community Advisory Council" means the CCO-convened council that meets regularly to ensure the CCO is addressing the health care needs of CCO members and the community consistent with ORS 414.625.

(10) "Community Standard" means typical expectations for access to the health care delivery system in the member's community of residence. Except where the community standard is less than sufficient to ensure quality of care, the Division requires that the health care delivery system available to Division members in PHPs take into consideration the community standard and be adequate to meet the needs of the Division.

(11) "Contract" means an agreement between the State of Oregon acting by and through the Authority and a PHP or CCO to provide health services to eligible members.

(12) "Converting MCO" means a CCO that:

(a) Is the legal entity that contracted as an MCO with the Authority as of July 1, 2011, or;

(b) Was formed by one or more MCOs that contracted with the Authority as of July 1, 2011.

(13) "Coordinated Care Organization (CCO)" means a corporation, governmental agency, public corporation, or other legal entity that is certified as meeting the criteria adopted by the Oregon Health Authority under ORS 414.625 to be accountable for care management and to provide integrated and coordinated health care for each of the organization's members.

(14) "Coordinated Care Services" mean a CCO's fully integrated physical health, behavioral health services pursuant to ORS 414.651, and dental health services pursuant to ORS 414.625(3) that a CCO agrees to provide under contract with the Authority.

(15) "Corrective Action or Corrective Action Plan" means a Division-initiated request for a contractor or a contractor-initiated request for a subcontractor to develop and implement a time specific plan for the correction of identified areas of noncompliance.

(16) "Dental Care Organization (DCO)" means a PHP that provides and coordinates dental services as capitated services under OHP.

(17) "Dental Case Management Services" means services provided to ensure the member receives dental services including a comprehensive, ongoing assessment of the member's dental and medical needs related to dental care and the development and implementation of a plan to ensure the member receives those services.

(18) "DCBS Reporting CCO" means for the purpose of OAR 410-141-3340 through 410-141-3395 a CCO that reports its solvency plan and financial status to DCBS, not a CCO holding a certificate of authority.

(19) "Department of Consumer and Business Services (DCBS)" means Oregon's business regulatory and consumer protection agency.

(20) "Disenrollment" means the act of removing a member from enrollment with a PHP or CCO.

(21) "Exceptional Needs Care Coordination (ENCC)" means for PHPs a specialized case management service provided by FCHPs to members identified as aged, blind, or disabled who have complex medical needs, consistent with OAR 410-141-0405. ENCC includes:

(a) Early identification of those members who are aged, blind, or disabled who have complex medical needs;

(b) Assistance to ensure timely access to providers and capitated services;

(c) Coordination with providers to ensure consideration is given to unique needs in treatment planning;

(d) Assistance to providers with coordination of capitated services and discharge planning; and

(e) Aid with coordinating community support and social service systems linkage with medical care systems, as necessary and appropriate.

(22) "Enrollment" means the assignment of a member to a PHP or CCO for management and receipt of health services.

(23) "Free-Standing Mental Health Organization (MHO)" means the single MHO in each county that provides only behavioral services and is not affiliated with a fully capitated health plan for that service area.

(24) "Fully-Capitated Health Plan (FCHP)" means PHPs that contract with the Authority to provide capitated health services including inpatient hospitalization.

(25) "Global Budget" means the total amount of payment as established by the Authority to a CCO to deliver and manage health services for its members including providing access to and ensuring the quality of those services.

(26) "Grievance" means a member's complaint to a PHP, CCO, or to a participating provider about any matter other than an action.

(27) "Grievance System" means the overall system that includes:

(a) Grievances to a PHP or CCO on matters other than actions;

(b) Appeals to a PHP or CCO on actions; and

(c) Contested case hearings through the state on actions and other matters for which the member is given the right to a hearing by rule or state statute.

(28) "Health Services" means:

(a) For purposes of CCOs, the integrated services authorized to be provided within the medical assistance program as defined in ORS 414.025 for the physical medical, behavioral health that includes mental health and substance use disorders, and dental services funded by the Legislative Assembly based upon the Prioritized List of Health Services;

(b) For all other purposes, the services authorized to be provided within the medical assistance program as defined in ORS 414.025 for the physical medical, behavioral health, and dental services funded by the Legislative Assembly based upon the Prioritized List of Health Services.

(29) "Holistic Care" means incorporating the care of the entire member in all aspects of well-being including physical, psychological, cultural, linguistic, and social and economic needs of the member. Holistic care utilizes a process whereby providers work with members to guide their care and identify needs. This also involves identifying with principles of holism in a system of therapeutics, especially one considered outside the mainstream of scientific medicine as naturopathy or chiropractic and often involving nutritional measures.

(30) "Home CCO" means enrollment in a CCO in a given service area based upon a client's most recent permanent residency, determined at the time of original eligibility determination or most current point of CCO enrollment prior to hospitalization.

(31) "Intensive Case Management (ICM)" means a specialized case management service provided by CCOs to members identified as aged, blind, or disabled who have complex medical needs including:

(a) Early identification of members eligible for ICM services;

(b) Assistance to ensure timely access to providers and capitated services;

(c) Coordination with providers to ensure consideration is given to unique needs in treatment planning;

(d) Assistance to providers with coordination of capitated services and discharge planning; and

(e) Aid with coordinating necessary and appropriate linkage of community support and social service systems with medical care systems.

(32) "Licensed Health Entity" means a CCO that has a Certificate of Authority issued by DCBS as a health insurance company or health care service contractor.

(33) "Line Items" means condition/treatment pairs or categories of services included at specific lines in the Prioritized List of Health Services.

(34) "Managed care entity (MCE)" means, as stated in 42 CFR 457.10, an entity that enters into a contract to provide services in a managed care delivery system including, but not limited to, managed care organizations, prepaid health plans, and primary care case managers.

(35) "Marketing" means any communication from a PHP or a CCO to a potential member who is not enrolled in the PHP or CCO, and the communication can reasonably be interpreted as intended to compel or entice the potential member to enroll in that particular CCO.

(36) "Medical Case Management Services" means services provided to ensure members obtain health services necessary to maintain physical and emotional development and health.

(37) "Member" has the meaning given that term in OAR 410-120-0000.

(38) "Mental Health Organization (MHO)" means a PHP that provides capitated behavioral services for clients.

(39) "National Association of Insurance Commissioners (NAIC)" means the U.S. standard-setting and regulatory support organization created and governed by the chief insurance regulators from the 50 states, the District of Columbia, and five U.S. territories.

(40) "Net Premium" means the premium, net of reinsurance premiums paid, HRA and GME payments, and MCO tax expenses.

(41) "Non-Participating Provider" means a provider that does not have a contractual relationship with a PHP or CCO and is not on their panel of providers.

(42) "Oregon Health Authority or Authority Reporting CCO" means a CCO that reports its solvency plan and financial status to the Authority under these rules.

(43) "Other Non-Medical Services" means non-state plan, health related services, also referred to as "flexible services." These services are provided in–lieu of traditional benefits and are intended to improve care delivery, member health, and lower costs. Services may effectively treat or prevent physical or behavioral healthcare conditions. Services are consistent with the member's treatment plan as developed by the member's primary care team and documented in the member's medical record.

(44) "Participating Provider" means a provider that has a contractual relationship with a PHP or CCO and is on their panel of providers.

(45) "Physician Care Organization (PCO)" means a PHP that contracts with the Authority to provide partially-capitated health services under OHP exclusive of inpatient hospital services.

(46) "Potential Member" means an individual who meets the eligibility requirements to enroll in the Oregon Health Plan but has not yet enrolled with a specific PHP or CCO.

(47) "Prioritized List of Health Services" means the listing of condition and treatment pairs developed by the Health Evidence Review Commission for the purpose of administering OHP health services.

(48) "Service Area" means the geographic area within which the PHP or CCO agreed under contract with the Authority to provide health services.

(49) "Treatment Plan" means a documented plan that describes the patient's condition and procedures that will be needed, detailing the treatment to be provided and expected outcome and expected duration of the treatment prescribed by the healthcare professional. This therapeutic strategy is designed in collaboration with the member, the member's family, or the member representative and may incorporate patient education, dietary adjustment, an exercise program, drug therapy, and the participation of nursing and allied health professionals.

Rule Caption: Preferred Drug List Requirements
Adm. Order No.: DMAP 40-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-141-3070
Subject: The Division's rule requires CCOs to demonstrate that they are able to provide coordinated care service efficiently, effectively, and economically. This rule provides CCOs with the framework for the Preferred Drug List Requirements under the Oregon Health Plan in the managed care environment.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-3070
Preferred Drug List Requirements

(1) Prescription drugs are a covered service based on the funded Condition/Treatment Pairs. CCOs shall pay for prescription drugs except:

(a) As otherwise provided, mental health drugs that are in Standard Therapeutic Class 7 (ataractics-tranquilizers) or Standard Therapeutic Class 11 (psychostimulants-antidepressants), (based on the National Drug Code (NDC) as submitted by the manufacturer to First Data Bank);

(b) Depakote, Lamictal, and their generic equivalents and those drugs that the Authority specifically carved out from capitation according to sections (8) and (9) of this rule;

(c) Any applicable co-payments;

(d) For drugs covered under Medicare Part D when the client is fully dual eligible.

(2) CCOs may use the statewide Practitioner-Managed Prescription Drug Plan under ORS 414.330 to 414.337. CCOs may use a restrictive drug list as long as it allows access to other drug products not on the drug list through some process such as prior authorization (PA). The drug list shall:

(a) Include Federal Drug Administration (FDA) approved drug products for each therapeutic class sufficient to ensure the availability of covered drugs with minimal prior approval intervention by the provider of pharmaceutical services;

(b) Include at least one item in each therapeutic class of over-the-counter medications; and

(c) Be revised periodically to assure compliance with this requirement.

(3) CCOs shall provide their participating providers and their pharmacy subcontractor with:

(a) Their drug list and information about how to make non-drug listed requests;

(b) Updates made to their drug list within 30 days of a change that may include, but are not limited to:

(A) Addition of a new drug;

(B) Removal of a previously listed drug; and

(C) Generic substitution.

(4) Preauthorization for prescription drugs marked for urgent review shall be reviewed within 24 hours. If an urgent preauthorization for a prescription drug cannot be completed within 24 hours, the CCO shall provide for the dispensing of at least a 72-hour supply if there is an immediate medical need for the drug. All requests, including those not marked urgent, shall be reviewed and decision rendered within 72 hours of original receipt of the preauthorization request.

(5) CCOs shall authorize the provision of a drug requested by the Primary Care Provider or referring provider if the approved prescriber certifies medical necessity for the drug such as:

(a) The equivalent of the drug listed has been ineffective in treatment; or

(b) The drug listed causes or is reasonably expected to cause adverse or harmful reactions to the member.

(6) Prescriptions for Physician Assisted Suicide under the Oregon Death with Dignity Act are excluded. Payment is governed by OAR 410-121-0150.

(7) CCOs may not authorize payment for any Drug Efficacy Study Implementation (DESI) Less Than Effective (LTE) drugs that have reached the FDA Notice of Opportunity for Hearing (NOOH) stage, as specified in OAR 410-121-0420 (DESI)(LTE) Drug List.

(8) A CCO may seek to add drugs to the list contained in section (1) of this rule by submitting a request to the Authority no later than March 1 of any contract year. The request must contain all of the following information:

(a) The drug name;

(b) The FDA approved indications that identifies the drug may be used to treat a severe mental health condition; and

(c) The reason that the Authority should consider this drug for carve out.

(9) If a CCO requests that a drug not be paid within the global budget, the Authority shall exclude the drug from the global budget for the following January contract cycle if the Authority determines that the drug has an approved FDA indication for the treatment of a severe mental health condition such as major depressive, bi-polar, or schizophrenic disorders.

(10) The Authority shall pay for a drug that is not included in the global budget pursuant to the Pharmaceutical Services program rules (chapter 410, division 121). A CCO may not reimburse providers for carved-out drugs.

(11) CCOs shall submit quarterly utilization data within 60 days of the date of service as part of the CMS Medicaid Drug Rebate Program requirements pursuant to Section 2501 of the Affordable Care Act.

(12) CCOs are encouraged to provide payment only for outpatient and physician administered drugs produced by manufacturers that have valid rebate agreements in place with the CMS as part of the Medicaid Drug Rebate Program. CCOs may continue to have some flexibility in maintaining formularies of drugs regardless of whether the manufacturers of those drugs participate in the Medicaid Drug Rebate Program.

Rule Caption: Managed Care Entity (MCE) Billing and Payment
Adm. Order No.: DMAP 41-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-141-3420
Rules Repealed: 410-141-0420
Subject: The Division's rule requires Managed Care Entities (MCEs) to demonstrate that they are able to provide coordinated care services efficiently, effectively, and economically. This is the first OHP managed care rule to consolidate the MCE requirements for billing and payment into one administrative rule. This is also the first OHP managed care rule to utilize the term Managed Care Entities (MCE) when making collective reference to those managed care plans providing the delivery system under the Oregon Health Plan. The Division proposes "Managed care entity (MCE)" means an entity that enters into a contract to provide services in a managed care delivery system including, but not limited to, managed care organizations, prepaid health plans, and primary care case managers. Revisions to language have been made in the following areas:

- Clarifying the four-month billing requirement;
- Specifying separate plan type requirements as applicable;
- Aligning the pharmacy preauthorization timeline with 410-141-3070 Preferred Drug List Requirements;
- Updating claim submission timeframes with CFR and the 2016 contracts;
- Clarifying school-based health service considerations; and
- Updating A and B Hospital payment methodology language in order to align with current practices.

Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-3420
Managed Care Entity (MCE) Billing and Payment

(1) Providers shall submit all billings for MCE members in the following timeframes:

(a) Submit bills within no greater than four months of the date of service for all cases, except as provided for in (1) (b) of this rule. MCEs may negotiate terms within this timeframe agreeable to both parties;

(b) Submit billings within 12 months of the date of service in the following cases:

(A) Pregnancy;

(B) Eligibility issues such as retroactive deletions or retroactive enrollments;

(C) Medicare is the primary payer, except where the MCE is responsible for the Medicare reimbursement;

(D) Other cases that could have delayed the initial billing to the MCE not including failure of the provider to verify the member's eligibility; or

(E) Third Party Liability (TPL). Pursuant to 42 CFR 136.61, subpart G: Indian Health Services and the amended Public Law 93-638 under the Memorandum of Agreement that Indian Health Service and 638 Tribal Facilities are the payers of last resort and are not considered an alternative liability or TPL.

(2) Providers shall be enrolled with the Division to be eligible for fee-for-service (FFS) payments. Mental health providers, except Federally Qualified Health Centers (FQHC), shall be approved by the Local Mental Health Authority (LMHA) and the Division before enrollment with the Authority or to be eligible for MCE payment for services. FFS providers may be retroactively enrolled in accordance with OAR 410-120-1260 Provider Enrollment.

(3) Providers, including mental health providers, shall be enrolled with the Authority as a Medicaid FFS provider or an MCE encounter-only provider prior to submission of encounter claims to ensure the encounter claim is accepted.

(4) Providers shall verify before providing services that the client is:

(a) Eligible for Division programs and;

(b) Whether the client is assigned to an MCE on the date of service.

(5) Providers shall use the Authority's tools and the MCE's tools, as applicable, to determine if the service to be provided is covered under the member's OHP benefit package. Providers shall also identify the party responsible for covering the intended service and seek prior authorizations from the appropriate payer before providing services. Before providing a non-covered service, the provider shall complete an OHP 3165, or facsimile, signed by the client, as described in OAR 141-120-1280.

(6) MCEs shall pay for all covered capitated and coordinated care services. These services shall be billed directly to the MCE, unless the MCE or the Authority specifies otherwise. MCEs may require providers to obtain prior authorization to deliver certain capitated or coordinated care services.

(7) Payment by the MCE to participating providers for capitated or coordinated care services is a matter between the MCE and the participating provider except as follows:

(a) MCEs shall have written policies and procedures for processing prior authorization requests received from any provider and written policies and procedures for processing claims submitted from any source. The policies and procedures shall specify time frames for:

(A) Date stamping prior authorization requests and claims when received;

(B) Determining within a specific number of days from receipt whether a prior authorization request or a claim is valid or non-valid;

(C) The specific number of days allowed for follow-up on pended prior authorization requests or pended claims to obtain additional information;

(D) The specific number of days following receipt of the additional information that an approval or denial shall be issued;

(E) Providing services after office hours and on weekends that require prior authorization;

(F) Sending written notice of the decision with appeal rights to the member when the determination is a denial of the requested service as specified in OAR 410-141-3263.

(b) MCEs shall make a determination on at least 95 percent of valid prior authorization requests within two working days of receipt of a prior authorization or reauthorization request related to urgent services, alcohol and drug services, or care required while in a skilled nursing facility;

(c) Prior authorization for prescription drugs marked for urgent review shall be reviewed within 24 hours. If an urgent prior authorization for a prescription drug cannot be completed within 24 hours, the MCE shall provide for the dispensing of at least a 72-hour supply if there is an immediate medical need for the drug. All pharmacy requests, including those not marked urgent, shall be reviewed and a decision rendered within 72 hours of original receipt of the prior authorization request;

(d) For expedited prior authorization requests in which the provider indicates or the MCE determines that following the standard timeframe could seriously jeopardize the member's life or health or ability to attain, maintain, or regain maximum function:

(A) The MCE shall make an expedited authorization decision and provide notice as expeditiously as the member's health or mental health condition requires and no later than three working days after receipt of the request for service;

(B) The MCE may extend the three working day time period no more than 14 calendar days if the member requests an extension or if the MCE justifies to the Authority a need for additional information and how the extension is in the member's best interest.

(e) For all other prior authorization requests, MCEs shall notify providers of an approval, a denial, or the need for further information with-

in 14 calendar days of receipt of the request as outlined in OAR 410-141-3263. MCEs shall make reasonable efforts to obtain the necessary information during the 14-day period. However, the MCE may use an additional 14 days to obtain follow-up information if the MCE justifies to the Authority, upon request, the need for additional information and how the delay is in the member's best interest. If the MCE extends the timeframe, it shall give the member written notice of the reason for the extension as outlined in 410-141-3263. The MCE shall make a determination as the member's health or mental health condition requires, but no later than the expiration of the extension;

(f) MCEs shall pay or deny at least 90 percent of valid claims within 30 calendar days of receipt and at least 99 percent of valid claims within 90 calendar days of receipt. MCEs shall make an initial determination on 99 percent of all claims submitted within 60 calendar days of receipt;

(g) MCEs shall provide written notification of MCE determinations when the determinations result in a denial of payment for services as outlined in OAR 410-141-3263;

(h) MCEs may not require providers to delay billing to the MCE;

(i) MCEs may not require Medicare be billed as the primary insurer for services or items not covered by Medicare or require non-Medicare approved providers to bill Medicare;

(j) MCEs may not deny payment of valid claims when the potential TPR is based only on a diagnosis, and no potential TPR has been documented in the member's clinical record;

(k) MCEs may not delay or deny payments because a co-payment was not collected at the time of service;

(L) MCEs may not delay or deny payments for occupational therapy, physical therapy, speech therapy, nurse services, etc., when a child is receiving such services as school-based health services (SBHS) through either an Individual Educational Plan (IEP) or an Individualized Family Service Plan (IFSP). These services are supplemental to other health plan covered therapy services and are not considered duplicative services. Individuals with Disabilities Education Act (IDEA) mandated school sponsored SBHS will not apply toward the member's therapy allowances. SBHS Medicaid covered IDEA services are provided to eligible children in their education program settings by public education enrolled providers billing MMIS for these services to Medicaid through the Authority for reimbursement under Federal Financial Participation (FFP) as part of cost sharing on a fee-for-service basis.

(8) MCEs shall pay for Medicare coinsurances and deductibles up to the Medicare or MCE's allowable for covered services the member receives within the MCE participating provider network for authorized referral care and urgent care services or emergency services the member receives from non-participating providers. MCEs may not pay for Medicare coinsurances and deductibles for non-urgent or non-emergent care members receive from non-participating providers.

(9) MCEs shall pay transportation, meals, and lodging costs for the member and any required attendant for services that the MCE has arranged and authorized when those services are not available within the state, unless otherwise approved by the Authority.

(10) MCEs shall pay for ancillary, as defined in 410-120-0000, covered services provided by a non-participating provider that are not prior authorized if all of the following conditions exist:

(a) It can be verified that a participating provider ordered or directed the covered services to be delivered by a non-participating provider; and

(b) The ancillary covered service was delivered in good faith without the prior authorization; and

(c) It was an ancillary covered service that would have been prior authorized with a participating provider if the MCE's referral procedures had been followed;

(d) The MCE shall pay non-participating providers (providers enrolled with the Authority that do not have a contract with the MCE) for ancillary covered services that are subject to reimbursement from the MCE in the amount specified in OAR 410-120-1295. This rule does not apply to providers that are Type A or Type B hospitals, as they are paid in accordance with ORS 414.727;

(e) Except as specified in OAR 410-141-3140 Emergency and Urgent Care Services, MCEs shall not be required to pay for covered treatment services provided by a non-participating provider, unless:

(A) The MCE does not have a participating provider that will meet the member's medical need; and

(B) The MCE has authorized care to a non-participating provider.

(f) Notwithstanding OAR 410-120-1280, non-participating providers may not attempt to bill the member for services rendered;

(g) MCEs shall reimburse hospitals for services provided on or after January 1, 2012, using Medicare Severity DRG for inpatient services and Ambulatory Payment Classification (APC) for outpatient services or other alternative payment methods that incorporate the most recent Medicare payment methodologies for both inpatient and outpatient services established by CMS for hospital services and alternative payment methodologies including, but not limited to, pay-for-performance, bundled payments, and capitation. An alternative payment methodology does not include reimbursement payment based on percentage of billed charges. This requirement does not apply to Type A or Type B hospitals as referenced in ORS 442.470. MCEs shall attest annually to the Authority in a manner to be prescribed to MCE's compliance with these requirements.

(11) For Type A or Type B hospitals transitioning from Cost-Based Reimbursement (CBR) to an Alternative Payment Methodology (APM):

(a) Sections (11)–(13) only apply to services provided by Type A or Type B hospitals to members that are enrolled in an MCE;

(b) In accordance with ORS 414.653, the Authority may upon evaluation by an actuary retained by the Authority, on a case-by-case basis, require MCEs to continue to reimburse fully a rural Type A or Type B hospital determined to be at financial risk for the cost of covered services based on a cost-to-charge ratio;

(c) For those Type A or Type B hospitals that transitioned from CBR to an APM, the Authority shall require hospitals and MCEs to enter into good faith negotiations for contracts. Dispute resolution during the contracting process shall be subject to OAR 410-141-3268 and 410-141-3269, as applicable;

(d) For monitoring purposes, MCEs shall submit to the Authority no later than November 30 of each year a list of those hospitals with which they have contracted for these purposes.

(12) Determination of which Type A or Type B hospitals shall stay on CBR or transition from CBR:

(a) No later than June 30 of the odd numbered years, the Authority shall update the algorithm for calculation of the CBR determination methodology with the most recent data available;

(b) After determination for each Type A and Type B hospital, any changes in a hospital's status from CBR to APM or from APM to CBR shall be effective January 1 of the following (even numbered) year;

(c) Type A and Type B hospitals located in a county that is designated as "Frontier" will not be subject to determination via the algorithm and shall remain on CBR.

(13) Non-contracted Type A or Type B hospital rates for those transitioning or transitioned from CBR:

(a) Reimbursement rates under this section shall be based on discounted hospital charges for both inpatient and outpatient services;

(b) Reimbursement rates effective for the initial calendar year of a hospital transitioning from CBR shall be based on that hospital's most recently filed Medicare cost report adjusted to reflect the hospital's Medicaid/OHP mix of services;

(c) Subsequent year reimbursement rates for hospitals transitioned from CBR shall be calculated by the Authority based on the individual hospital's annual price increase and the Authority's global budget rate increase as defined by the CMS 1115 waiver using the following formula: Current Reimbursement Rate x (1+Global Budget Increase) / (1+Hospital Price Increase);

(d) On an annual basis, each Type A or Type B hospital that has transitioned from CBR shall complete a template provided by the Authority that calculates the hospital's change in prices for their MCE population;

(e) Inpatient and outpatient reimbursement rates shall be calculated separately;

(f) Non-contracted Type A or Type B hospital reimbursement rates can be found in the Rate Table section at the following: http://www.oregon.gov/oha/healthplan/Pages/hospital.aspx.

(14) Members may receive certain services on a Fee-for-Service (FFS) basis:

(a) Certain services shall be authorized by the MCE or the Community Mental Health Program (CMHP) for some mental health services, even though the services are then paid by the Authority on a FFS basis. Before providing services, providers shall verify a member's eligibility and MCE assignment as provided for in this rule;

(b) Services authorized by the MCE or CMHP are subject to the Authority's administrative rules and supplemental information including rates and billing instructions;

(c) Providers shall bill the Authority directly for FFS services in accordance with billing instructions contained in the Authority administrative rules and supplemental information;

(d) The Authority shall pay at the Medicaid FFS rate in effect on the date the service is provided subject to the Authority's administrative rules, contracts, and billing instructions;

(e) The Authority may not pay a provider for providing services for which an MCE has received an MCE payment unless otherwise provided for in rule;

(f) When an item or service is included in the rate paid to a medical institution, a residential facility, or foster home, provision of that item or service is not the responsibility of the Authority or an MCE except as provided in Authority administrative rules and supplemental information (e.g., coordinated care and capitated services that are not included in the nursing facility all-inclusive rate);

(g) CCOs and MHOs that contract with FQHCs and RHCs shall negotiate a rate of reimbursement that is not less than the level and amount of payment that the CCO and MHOs would pay for the same service furnished by a provider who is not an FQHC nor RHC, consistent with the requirements of BBA 4712(b)(2).

(15) Coverage of services through the OHP benefit package of covered services is limited by OAR 410-141-0500 Excluded Services and Limitations for OHP Clients.

Rule Caption: Requirements for CCO Appeal
Adm. Order No.: DMAP 42-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Amended: 410-141-3262
Subject: This rule pertains to the Grievance System rules as required by 42 CR 438.420. This rule is the framework and guidance for the CCOs with which to administer the appeals process as required in CFR within the managed care delivery system. Revision of this rule provides clarification in the language for a standard appeal. An oral appeal request must be followed up by a written request. We have also provided clarification language regarding what happens should a member fail to follow up a standard oral request for an appeal with a written request.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-3262
Requirements for CCO Appeal

(1) A member, their representative, or a subcontractor/provider with the member's consent, who disagrees with a notice of action (notice), has the authority to file an appeal with their CCO.

(2) For purposes of this rule, an appeal includes a request from the Division to the CCO for review of action.

(3) The member may request an appeal either orally or in writing directly to their CCO for any action by the CCO. Unless the member requests an expedited resolution, the member must follow an oral filing with a written, signed, and dated appeal.

(4) The member must file the appeal no later than 45 calendar days from the date on the notice.

(5) If after filing an oral appeal, a member does not submit a written appeal request within the appeals timeframe, the appeal will expire.

(6) The CCO does not need to notify the member if the CCO has already made attempts to assist the member in filling out the necessary forms to file a written appeal as required by rule.

(7) The CCO shall have written policies and procedures for handling appeals that:

(a) Address how the CCO will accept, process, and respond to such appeals, including how the CCO will acknowledge receipt of each appeal;

(b) Ensure that members who receive a notice are informed of their right to file an appeal and how to do so;

(c) Ensure that each appeal is transmitted timely to staff having authority to act on it;

(d) Consistent with confidentiality requirements, ensure that the CCO's staff person who is designated to receive appeals begins to obtain documentation of the facts concerning the appeal upon receipt of the appeal;

(e) Ensure that each appeal is investigated and resolved in accordance with these rules; and

(f) Ensure that the individuals who make decisions on appeals are:

(A) Not involved in any previous level of review or decision making; and

(B) Health care professionals who have the appropriate clinical expertise in treating the member's condition or disease if an appeal of a denial is based on lack of medical appropriateness or if an appeal involves clinical issues.

(g) Include a provision that the CCO must document appeals in an appeals log maintained by the CCO that complies with OAR 410-141-3260 and consistent with contractual requirements;

(h) Ensure oral requests for appeal of an action are treated as appeals to establish the earliest possible filing date for the appeal; and

(i) Ensure the member is informed that they must file in writing unless the person filing the appeal requests expedited resolution;

(j) Provide the member a reasonable opportunity to present evidence and allegations of fact or law in person as well as in writing;

(k) Provide the member an opportunity before and during the appeals process to examine the member's file, including medical records and any other documents or records to be considered during the appeals process.

(8) Parties to the appeal include:

(a) The CCO;

(b) The member and the member's representative, if applicable;

(c) The legal representative of a deceased member's estate.

(9) The CCO shall resolve each appeal and provide the member and their representative with a notice of appeal resolution as expeditiously as the member's health condition requires and within the following periods for:

(a) Standard resolution of appeal: No later than 16 calendar days from the day the CCO receives the appeal;

(b) Expedited resolution of appeal (when granted by the CCO): No later than three working days from the date the CCO receives the appeal. In addition, the CCO must:

(A) Inform the member and their representative of the limited time available;

(B) Make reasonable efforts to call the member to tell them of the resolution within three calendar days after receiving the request; and

(C) Mail written confirmation of the resolution to the member within three calendar days.

(c) In accordance with 42 CFR 438.408, the CCO may extend these timeframes from subsections (a) or (b) of this section up to 14 calendar days if:

(A) The member or their representative requests the extension; or

(B) The CCO shows (to the satisfaction of the Division's Hearing Unit, upon its request) that there is need for additional information and how the delay is in the member's interest;

(C) If the CCO extends the timeframes, it must for any extension not requested by the member, give the member or their representative written notice of the reason for the delay.

(10) For all appeals, the CCO must provide written notice of appeal resolution to the member and also to their representative when the CCO knows there is a representative for the member.

(11) The written notice of appeal resolution must include the following information:

(a) The results of the resolution process and the date the CCO completed the resolution; and

(b) For appeals not resolved wholly in favor of the member:

(A) Reasons for the resolution and a reference to the particular sections of the statutes and rules involved for each reason identified in the Notice of Appeal Resolution relied upon to deny the appeal;

(B) Unless the appeal was referred to the CCO from the Division as part of a contested case hearings process, the right to request a hearing and how to do so;

(C) The right to request to receive benefits while the hearing is pending and how to do so; and

(D) That the member may be held liable for the cost of those benefits if the hearing decision upholds the CCO's Action.

(12) Unless the appeal was referred to the CCO as part of a contested case hearing process, a member may request a hearing not later than 45 calendar days from the date on the Notice of Appeal Resolution.

(13) If the appeal was referred to the CCO from the Division as part of a contested case hearing process within two business days from the date of the appeal resolution, the CCO must transmit the:

(a) Notice of Appeal Resolution; and

(b) Complete record of the appeal to the Division's Hearings Unit.

(14) If the appeal was made directly by the member or their representative, and the Notice of Appeal Resolution was not favorable to the member, the CCO must, if a contested case hearing is requested, submit the record to the Division's Hearings Unit within two business days of the Division's request.

(15) Documentation:

(a) The CCO's records must include, at a minimum, a log of all appeals received by the CCO and contain the following information:

(A) Member's name and Medical Care ID number;

(B) Date of the Notice;

(C) Date and nature of the appeal;

(D) Whether continuing benefits were requested and provided; and

(E) Resolution and resolution date of the appeal.

(b) The CCO shall maintain a complete record for each appeal included in the log for no less than 45 days to include:

(A) Records of the review or investigation; and

(B) Resolution, including all written decisions and copies of correspondence with the member.

(c) The CCO shall review the written appeals log on a monthly basis for:

(A) Completeness;

(B) Accuracy;

(C) Timeliness of documentation;

(D) Compliance with written procedures for receipt, disposition, and documentation of appeals; and

(E) Compliance with OHP rules.

(d) The CCO shall address the analysis of appeals in the context of quality improvement activity consistent with OAR 410-141-3200 — Outcome and Quality Measures and 410-141-3260 — Grievance System: Grievances, Appeals and Contested Case Hearings;

(e) The CCO shall have written policies and procedures for the review and analysis of all appeals received by the CCO. The analysis of the grievance system must be reviewed by the CCO's Quality Improvement Committee consistent with contractual requirements and comply with the quality improvement standards.

Adm. Order No.: DMAP 43-2016(Temp)
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16 thru 12-27-16
Notice Publication Date:
Rules Amended: 410-121-0030
Subject: The Pharmaceutical Services Program administrative rules (Division 121) govern Division payments for services provided to certain clients. The Division needs to amend rules as follows:

410-121-0030:

Preferred:

Epoprostenol

Narcan® Nasal

Injectable Naloxone

Non-Preferred:

Calcium

Vitamin D

Evzio®

Auto Injector Naloxone

Clerical — Various clerical changes were made to system class, drug and form names.

Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-121-0030

Practitioner-Managed Prescription Drug Plan

(1) The Practitioner-Managed Prescription Drug Plan (PMPDP) is a plan that ensures that OHP fee-for-service clients have access to the most effective prescription drugs appropriate for their clinical conditions at the best possible price:

(a) Licensed health care practitioners who are informed by the latest peer reviewed research make decisions concerning the clinical effectiveness of the prescription drugs;

(b) Licensed health care practitioners also consider the client's health condition, personal characteristics, and the client's gender, race, or ethnicity.

(2) PMPDP Preferred Drug List (PDL):

(a) The PDL is the primary tool the Division uses to inform licensed health care practitioners about the results of the latest peer-reviewed research and cost effectiveness of prescription drugs;

(b) The PDL contains a list of prescription drugs that the Division, in consultation with the Drug Use Review (DUR)/Pharmacy & Therapeutics Committee (P&T), has determined represent the most effective drugs available at the best possible price;

(c) The PDL shall include drugs that are Medicaid reimbursable and the Food and Drug Administration (FDA) has determined to be safe and effective.

(3) PMPDP PDL Selection Process:

(a) The Division shall utilize the recommendations made by the P&T that result from an evidence-based evaluation process as the basis for selecting the most effective drugs;

(b) The Division shall ensure the drugs selected in section (3)(a) that are available for the best possible price and shall consider any input from the P&T about other FDA-approved drugs in the same class that are available for a lesser relative price. The Division shall determine relative price using the methodology described in section (4);

(c) The Division shall evaluate selected drugs for the drug classes periodically:

(A) The Division may evaluate more frequently if new safety information or the release of new drugs in a class or other information makes an evaluation advisable;

(B) New drugs in classes already evaluated for the PDL shall be non-preferred until the new drug has been reviewed by the P&T;

(C) The Division shall make all revisions to the PDL using the rule-making process and shall publish the changes on the Division's Pharmaceutical Services provider rules website.

(4) Relative cost and best possible price determination:

(a) The Division shall determine the relative cost of all drugs in each selected class that are Medicaid reimbursable and that the FDA has determined to be safe and effective;

(b) The Division may also consider dosing issues, patterns of use, and compliance issues. The Division shall weigh these factors with any advice provided by the P&T in reaching a final decision.

(5) Pharmacy providers shall dispense prescriptions in the generic form unless:

(a) The practitioner requests otherwise pursuant to OAR 410-121-0155;

(b) The Division notifies the pharmacy that the cost of the brand name particular drug, after receiving discounted prices and rebates, is equal to or less than the cost of the generic version of the drug.

(6) The exception process for obtaining non-preferred physical health drugs that are not on the PDL drugs shall be as follows:

(a) If the prescribing practitioner in their professional judgment wishes to prescribe a physical health drug not on the PDL, they may request an exception subject to the requirements of OAR 410-121-0040;

(b) The prescribing practitioner must request an exception for physical health drugs not listed in the PDL subject to the requirements of OAR 410-121-0060;

(c) Exceptions shall be granted when:

(A) The prescriber in their professional judgment determines the non-preferred drug is medically appropriate after consulting with the Division or the Oregon Pharmacy Call Center; or

(B) Where the prescriber requests an exception subject to the requirement of section (6)(b) and fails to receive a report of PA status within 24 hours, subject to OAR 410-121-0060.

(7) Table 121-0030-1, PMPDP PDL dated May 1, 2016, is adopted and incorporated by reference and is found at: www.orpdl.org.

Rule Caption: Amending Rules to Comply with Amended CFR's, Gender Identity and Provider Enrollee Communications
Adm. Order No.: DMAP 44-2016(Temp)
Filed with Sec. of State: 7-6-2016
Certified to be Effective: 7-6-16 thru 1-1-17
Notice Publication Date:
Rules Amended: 410-141-3015, 410-141-3145, 410-141-3260, 410-141-3300
Subject: These temporary rules provide immediate direction and clarification to the Coordinated Care Organizations and Prepaid Health Plans in order to be compliant with the newly revised Code of Federal Regulations that become effective within sixty days of publication, May 5, 2016. These rules need to be amended to reflect current federal changes related to provider enrollee communications requirements and the addition of gender identity to the certification criteria.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-141-3015
Certification Criteria for Coordinated Care Organizations

(1) Applicants shall submit applications to the Authority describing their capacity and plans for meeting the goals and requirements established for the Oregon Integrated and Coordinated Health Care Delivery System including being prepared to enroll all eligible individuals within the CCO's proposed service area. The Authority shall use the RFA procurement process described in OAR 410-141-3010.

(2) In addition to the requirements for CCOs expressed in the laws establishing Health System Transformation, the Authority interprets the qualifications and expectations for CCO certification within the context of the Oregon Health Policy Board's report, Coordinated Care Organizations Implementation Proposal: HB 3650 Health System Transformation (Jan. 24, 2012).

(3) Applicants shall describe their demonstrated experience and capacity for:

(a) Managing financial risk and establishing financial reserves;

(b) Meeting the following minimum financial requirements:

(A) Maintaining restricted reserves of $250,000 plus an amount equal to 50 percent of the entity's total actual or projected liabilities above $250,000;

(B) Maintaining a net worth in an amount equal to at least 5 percent of the average combined revenue in the prior two quarters of the participating health care entities.

(c) Operating within a fixed global budget;

(d) Developing and implementing alternative payment methodologies that are based on health care quality and improved health outcomes;

(e) Coordinating the delivery of physical health care, mental health and Substance Use Disorder (SUD) services, oral health care, and covered long-term care services;

(f) Engaging community members and health care providers in improving the health of the community and addressing regional, cultural, socioeconomic, and racial disparities in health care that exist among the entity's enrollees and in the entity's community.

(4) In selecting one or more CCOs to serve a geographic area, the Authority shall:

(a) For members and potential members, optimize access to care and choice of providers;

(b) For providers, optimize choice in contracting with CCOs; and

(c) Allow more than one CCO to serve the geographic area if necessary to optimize access and choice under this subsection.

(5) Evaluation of CCO applications shall account for the developmental nature of the CCO system. The Authority recognizes that CCOs and partner organizations will need time to develop capacity, relationships, systems, and experience to fully realize the goals envisioned by the Oregon Integrated and Coordinated Health Care Delivery System. The Authority shall thoroughly review how the application describes community involvement in the governance of the CCO and the CCO's strategic plan for developing its community health assessment and community health improvement plan:

(a) In all cases, CCOs shall have plans in place to meet the criteria laid out in these rules and the application process and to make sufficient progress in implementing plans and realizing the goals established in contract;

(b) Each criterion will be listed followed by the elements that shall be addressed during the initial certification described in this rule without limiting the information that is requested in the RFA concerning these criteria.

(6) Each CCO shall have a governance structure that meets the requirements of ORS 414.625. The applicant shall:

(a) Clearly describe how it meets governance structure criteria from ORS 414.625, how the governance structure makeup reflects community needs and supports the goals of health care transformation, how the criteria is used to select governance structure members, and how it will assure transparency in governance;

(b) Identify key leaders who are responsible for successful implementation and sustainable operation of the CCO;

(c) Describe how its governance structure will reflect the needs of members with severe and persistent mental illnesses and members receiving DHS Medicaid-funded, long-term care services and supports.

(7) Each CCO shall convene a community advisory council (CAC) that meets the requirements of ORS 414.625. The applicant shall clearly describe how it meets the requirements for selection and implementation of a CAC consistent with ORS 414.625, how the CAC will be administered to achieve the goals of community involvement, and the development, adoption, and updating of the community health assessment and community health improvement plan.

(8) CCOs shall partner with their local public health authority, hospital system, type B AAA, APD field office, and local mental health authority to develop a shared community health assessment that includes a focus on health disparities in the community:

(a) Since community health assessments will evolve over time as relationships develop and CCOs learn what information is most useful, initial CCO applicants may not have time to conduct a comprehensive community assessment before becoming certified;

(b) The applicant shall describe how it will develop its health assessment, meaningfully and systematically engaging representatives of critical populations and community stakeholders and its community advisory council to create a health improvement plan for addressing community need that builds on community resources and skills and emphasizes innovation.

(9) The CCO shall describe its strategy to adopt and implement a community health improvement plan consistent with OAR 410-141-3145.

(10) Dental care organizations: On or before July 1, 2014, each CCO shall have a contractual relationship with any DCO in its service area.

(11) CCOs shall have agreements in place with publicly funded providers to allow payment for point-of-contact services including immunizations, sexually transmitted diseases and other communicable diseases, family planning, and HIV/AIDS prevention services. Applicants shall confirm that these agreements have been developed unless good cause can be shown:

(a) CCOs shall also have agreements in place with the local mental health authority consistent with ORS 414.153. Applicants shall confirm that these agreements have been developed unless good cause can be shown;

(b) The Authority shall review CCO applications to ensure that statutory requirements regarding county agreements are met unless good cause is shown why an agreement is not feasible.

(12) CCOs shall provide integrated, person-centered care and services designed to provide choice, independence, and dignity:

(a) The applicant shall describe its strategy to assure that each member receives integrated, person-centered care and services designed to provide choice, independence, and dignity;

(b) The applicant shall describe its strategy for providing members the right care at the right place and the right time and to integrate and coordinate care across the delivery system.

(13) CCOs shall develop mechanisms to monitor and protect against underutilization of services and inappropriate denials, provide access to qualified advocates, and promote education and engagement to help members be active partners in their own care. Applicants shall:

(a) Describe their planned or established policies and procedures that protect member rights including access to qualified peer wellness specialists, personal health navigators, and qualified community health workers where appropriate;

(b) Describe planned or established mechanisms for a complaint, grievance, and appeals resolution process, including how that process shall be communicated to members and providers.

(14) CCOs shall operate in a manner that encourages patient engagement, activation, and accountability for the member's own health. Applicants shall describe how they plan to:

(a) Actively engage members in the design and, where applicable, implementation of their treatment and care plans;

(b) Ensure that member choices are reflected in the development of treatment plans, and member dignity is respected.

(15) CCOs shall assure that members have a choice of providers within the CCO's network, including providers of culturally and linguistically appropriate services and their providers participating in the CCO and shall:

(a) Work together to develop best practices for care and service delivery to reduce waste and improve health and well-being of all members;

(b) Are educated about the integrated approach and how to access and communicate within the integrated system about a member's treatment plan and health history;

(c) Emphasize prevention, healthy lifestyle choices, evidence-based practices, shared decision-making, and communication;

(d) Are permitted to participate in the networks of multiple CCOs;

(e) Include providers of specialty care;

(f) Are selected by the CCO using universal application and credentialing procedures, objective quality information, and are removed if the providers fail to meet objective quality standards.

(g) Describe how they will work with their providers to develop the partnerships necessary to allow for access to and coordination with medical, mental health and Substance Use Disorder (SUD) service providers, and dental care when the CCO includes a dental care organization and facilitate access to community social and support services including DHS Medicaid-funded long-term care services, mental health crisis services, and culturally and linguistically appropriate services;

(h) Describe their planned or established tools for provider use to assist in the education of members about care coordination and the responsibilities of both parties in the process of communication.

(16) CCOs shall assure that each member has a consistent and stable relationship with a care team that is responsible for providing preventive and primary care and for comprehensive care management in all settings. The applicant shall demonstrate how it will support the flow of information, identify a lead provider or care team to confer with all providers responsible for a member's care, and use a standardized patient follow-up approach.

(17) CCOs shall address the supportive and therapeutic needs of each member in a holistic fashion using patient-centered primary care homes and individualized care:

(a) Applicants shall describe their model of care or other models that support patient-centered primary care, adhere to ORS 414.625 requirements regarding individualized care plans particularly for members with intensive care coordination needs, and screen for all other issues including mental health;

(b) Applicants shall describe how its implementation of individualized care plans reflects member or family and caregiver preferences and goals to ensure engagement and satisfaction.

(18) CCOs shall assure that members receive comprehensive transitional health care including appropriate follow-up care when entering or leaving an acute care facility or long-term care setting. Applicants shall:

(a) Describe their strategy for improved transitions in care so that members receive comprehensive transitional care, and members' experience of care and outcomes are improved;

(b) Demonstrate how hospitals and specialty services will be accountable to achieve successful transitions of care and establish service agreements that include the role of patient-centered primary care homes;

(c) Describe their arrangements, including memorandum of understanding, with Type B Area Agencies on Aging or the Department's offices of Aging and People with Disabilities concerning care coordination and transition strategies for members.

(19) CCOs shall provide members with assistance in navigating the health care delivery system and accessing community and social support services and statewide resources including the use of certified or qualified health care interpreters, community health workers, and personal health navigators. The applicant shall describe its planned policies for informing members about access to personal health navigators, peer wellness specialists where appropriate, and community health workers.

(20) Services and supports shall be geographically located as close to where members reside as possible and are, when available, offered in non-traditional settings that are accessible to families, diverse communities, and underserved populations. Applicants shall describe:

(a) Delivery system elements that respond to member needs for access to coordinated care services and supports;

(b) Planned or established policies for the delivery of coordinated health care services for members in long-term care settings;

(c) Planned or established policies for the delivery of coordinated health care services for members in residential treatment settings or long term psychiatric care settings.

(21) Each CCO shall prioritize working with members who have high health care needs, multiple chronic conditions, mental illness, or Substance Use Disorder (SUD) services including members with severe and persistent mental illness covered under the State's 1915(i) State Plan Amendment. The CCO shall involve those members in accessing and managing appropriate preventive, health, remedial, and supportive care and services to reduce the use of avoidable emergency department visits and hospital admissions. The applicant shall describe how it will:

(a) Use individualized care plans to address the supportive and therapeutic needs of each member, particularly those with intensive care coordination needs;

(b) Reflect member or family and caregiver preferences and goals to ensure engagement and satisfaction.

(22) Each CCO shall participate in the learning collaborative described in ORS 442.210. Applicants shall confirm their intent to participate.

(23) Each CCO shall implement to the maximum extent feasible patient-centered primary care homes including developing capacity for services in settings that are accessible to families, diverse communities, and underserved populations:

(a) The applicant shall describe its plan to develop and expand capacity to use patient-centered primary care homes to ensure that members receive integrated, person-centered care and services and that members are fully informed partners in transitioning to this model of care;

(b) The applicant shall require its other health and services providers to communicate and coordinate care with patient−centered primary care homes in a timely manner using health information technology.

(24) CCOs' health care services shall focus on achieving health equity and eliminating health disparities. Applicants shall:

(a) Describe their strategy for ensuring health equity (including interpretation and cultural competence) and elimination of avoidable gaps in health care quality and outcomes, as measured by gender identity, race, ethnicity, language, disability, sexual orientation, age, mental health and addictions status, geography, and other cultural and socioeconomic factors;

(b) Engage in a process that identifies health disparities associated with race, ethnicity, language, health literacy, age, disability (including mental illness and substance use disorders), gender identity, sexual orientation, geography, or other factors through community health assessment;

(c) Collect and maintain race, ethnicity, and primary language data for all members on an ongoing basis in accordance with standards jointly established by the Authority and the Division.

(25) CCOs are encouraged to use alternative payment methodologies consistent with ORS 414.653. The applicant shall describe its plan to move toward and begin to implement alternative payment methods alone or in

combination with delivery system changes to achieve better care, controlled costs, and better health for members.

(26) Each CCO shall use health information technology (HIT) to link services and care providers across the continuum of care to the greatest extent practicable. The applicant shall describe:

(a) Its initial and anticipated levels of electronic health record adoption and health information exchange infrastructure and capacity for collecting and sharing patient information electronically and its HIT improvement plan for meeting transformation expectations;

(b) Its plan to ensure that each network provider participates in a health information organization (HIO) or is registered with a statewide or local direct-enabled health information service provider.

(27) Each CCO shall report on outcome and quality measures identified by the Authority under ORS 414.638 and participate in the All Payer All Claims (APAC) data reporting system. The applicant shall provide assurances that:

(a) It has the capacity to report and demonstrate an acceptable level of performance with respect to Authority-identified metrics;

(b) It will submit APAC data in a timely manner according to program specifications.

(28) Each CCO shall be transparent in reporting progress and outcomes. Applicants shall:

(a) Describe how it will assure transparency in governance;

(b) Agree to provide timely access to certain financial, outcomes, quality, and efficiency metrics that will be transparent and publicly reported and available on the Internet.

(29) Each CCO shall use best practices in the management of finances, contracts, claims processing, payment functions, and provider networks. The applicant shall describe:

(a) Its planned or established policies for ensuring best practices in areas identified by ORS 414.625;

(b) Whether the CCO will use a clinical advisory panel (CAP) or other means to ensure clinical best practices;

(c) Plans for an internal quality improvement committee that develops and operates under an annual quality strategy and work plan that incorporates implementation of system improvements and an internal utilization review oversight committee that monitors utilization against practice guidelines and treatment planning protocols and policies.

(30) Each CCO shall demonstrate sound fiscal practices and financial solvency and shall possess and maintain resources needed to meet their obligations:

(a) Initially, the financial applicant shall submit required financial information that allows the DCBS Insurance Division on behalf of the Authority to confirm financial solvency and assess fiscal soundness;

(b) The applicant shall provide information relating to assets and financial and risk management capabilities.

(31) Each CCO may provide coordinated care services within a global budget. Applicants shall submit budget cost information consistent with its proposal for providing coordinated care services within the global budget.

(32) A CCO shall operate, administer, and provide for integrated and coordinated care services within the requirements of the medical assistance program in accordance with the terms of the contract and rule. The applicant shall provide assurances about compliance with requirements applicable to the administration of the medical assistance program.

(33) Each CCO shall provide covered Medicaid services, other than DHS Medicaid-funded long-term care services, to members who are dually eligible for Medicare and Medicaid. The applicant may participate in the CMS Medicare/Medicaid Alignment Demonstration if the Authority obtains necessary federal approvals.

410-141-3145
Community Health Assessment and Community Health Improvement Plans

(1) Pursuant to ORS 414.627 to the extent practicable, CCOs shall partner with their local public health authority, local mental health authority, and hospital systems to develop a shared Community Health Assessment (CHA) process including conducting the assessment and development of the resulting Community Health Improvement Plan (CHP).

(2) CCOs shall work with the Authority to identify the components of the CHA. CCOs are encouraged to partner with their local public health authority, hospital system, type B Area Agency on Aging, APD field office and local mental health authority, the Early Learning Council, the Youth Development Council, and school health providers in the region using existing resources when available and avoiding duplication where practicable.

(3) In developing and maintaining a health assessment, CCOs shall meaningfully and systematically engage representatives of critical populations and community stakeholders to create a plan for addressing community health needs that build on community resources and skills and emphasizes innovation including, but not limited to, the following:

(a) Emphasis on disproportionate, unmet, health-related need;

(b) Emphasis on primary prevention;

(c) Building a seamless continuum of care;

(d) Building community capacity;

(e) Emphasis on collaborative governance of community benefit.

(4) The CCO requirements for conducting a CHA and CHP will be met for purposes of ORS 414.627 if they substantially meet the community health needs assessment requirement of the federal Patient Protection and Affordable Care Act, 2010 Section 9007, and the Public Health Accreditation Board CHA and CHP requirements for local health departments and the AAA and local mental health authority in the process.

(5) The CCO's CAC shall oversee the CHA and adopt a plan to serve as a strategic population health and health care system service plan for the community served by the CCO. The Council shall annually publish a report on the progress of the CHP.

(6) The CHP adopted by the Council shall describe the scope of the activities, services, and responsibilities that the CCO shall consider upon implementation. The activities, services, and responsibilities defined in the CHP may include, but are not limited to:

(a) Analysis and development of public and private resources, capacities, and metrics based on ongoing community health assessment activities and population health priorities;

(b) Health policy;

(c) System design;

(d) Outcome and quality improvement;

(e) Integration of service delivery;

(f) Workforce development; and

(g) Public Health Accreditation Board standards for CHPs.

(7) CCOs and their participating providers shall work together to develop best practices of culturally and linguistically appropriate care and service delivery to eliminate health disparities and improve member health and well-being.

(8) CCOs and their CAC shall collaborate with the Authority's Office of Equity and Inclusion to develop meaningful baseline data on health disparities. CCOs shall include in the CHA identification and prioritization of health disparities among CCOs' diverse communities, including those defined by race, ethnicity, language, health literacy, age, disability, gender identity, sexual orientation, behavioral health status, geography, or other factors in their service areas such as type of living setting including, but not limited to, home independent support living, adult foster home, or homeless. CCOs shall collect and maintain data on race, ethnicity, and primary language for all members on an ongoing basis in accordance with standards established by the Authority. CCOs shall also include representatives of populations experiencing health disparities in CHA and CHP prioritization. CCOs shall track and report on any quality measure by these demographic factors and shall develop, implement, and evaluate strategies to improve health equity among members. CCOs shall make this information available by posting on the web.

(9) To the extent practicable, CCOs shall:

(a) Base the CHP on research including research into adverse childhood experiences;

(b) Evaluate the adequacy of the existing school-based health center (SBHC) network to meet the specific pediatric and adolescent health care needs in the community and make recommendations to improve the SBHC system;

(c) Improve the integration of all services provided to meet the needs of children, adolescents, and families;

(d) Address primary care, behavioral and oral health, promotion of health and prevention, and early intervention in the treatment of children and adolescents;

(e) With the development of its CHP SBHCs, school nurses, school mental health providers, and individuals representing child and adolescent health services shall be included.

(10) CCOs shall develop and review and update its CHA and plan at least every five years to ensure the provision of all medically appropriate

covered coordinated care services including urgent care and emergency services, preventive, community support, and ancillary services in those categories of services included in CCO contracts or agreements with the Authority.

(11) CCOs shall communicate these policies and procedures to providers, regularly monitor providers' compliance, and take any corrective action necessary to ensure compliance. CCOs shall document all monitoring and corrective action activities.

(12) If there is more than one CCO in a community, the CCOs and their community partners may work together to develop one shared CHA and one shared CHP.

410-141-3260

Grievance System: Grievances, Appeals and Contested Case Hearings

(1) This rule applies to requirements related to the grievance system, which includes appeals, contested case hearings, and grievances. For purposes of this rule and OAR 410-141-3261 through 410-141-3264, references to member means a member, member's representative and the representative of a deceased member's estate.

(2) The CCO must establish and have a Division approved process and written procedures for the following:

(a) Member rights to appeal and request a CCO's review of an action;

(b) Member rights to request a contested case hearing on a CCO action under the Administrative Procedures Act; and

(c) Member rights to file a grievance for any matter other than an appeal or contested case hearing;

(d) An explanation of how CCOs shall accept, process and respond to appeals, hearing requests and grievances;

(e) Compliance with grievance system requirements as part of the state quality strategy and to monitor and enforce consumer rights and protections within the Oregon Integrated and Coordinated Health Care Delivery System and ensure consistent response to complaints of violations of consumer right and protections.

(3) Upon receipt of a grievance or appeal, the CCO must:

(a) Acknowledge receipt to the member;

(b) Give the grievance or appeal to staff with the authority to act upon the matter;

(c) Obtain documentation of all relevant facts concerning the issues;

(d) Ensure staff making decisions on the grievance or appeal are:

(A) Not involved in any previous level of review or decision-making; and

(B) Health care professionals as defined in OAR 410-120-0000 with appropriate clinical expertise in treating the member's condition or disease if the grievance or appeal involves clinical issues or if the member requests an expedited review.

(4) The CCO must analyze all grievances, appeals and hearings in the context of quality improvement activity pursuant to OAR 410-141-3200 and 410-141-3260.

(5) CCOs must keep all healthcare information concerning a member's request confidential, consistent with appropriate use or disclosure as the terms treatment, payment or CCO health care operations are defined in 45 CFR 164.501.

(6) The following pertains to release of a member's information:

(a) The CCO and any provider whose authorizations, treatments, services, items, quality of care or requests for payment are involved in the grievance, appeal or hearing may use this information without the member's signed release for purposes of:

(A) Resolving the matter; or

(B) Maintaining the grievance or appeals log.

(b) If the CCO needs to communicate with other individuals or entities not listed in subsection (a) to respond to the matter, the CCO must obtain the member's signed release and retain the release in the member's record.

(7) The CCO must provide members with any reasonable assistance in completing forms and taking other procedural steps related to filing grievances, appeals or hearing requests. Reasonable assistance includes, but is not limited to:

(a) Assistance from qualified community health workers, qualified peer wellness specialists or personal health navigators to participate in processes affecting the member's care and services;

(b) Free interpreter services;

(c) Toll-free phone numbers that have adequate TTY/TTD and interpreter capabilities; and

(d) Reasonable accommodation or policy and procedure modifications as required by any disability of the member.

(8) The CCO and its participating providers may not:

(a) Discourage a member from using any aspect of the grievance, appeal or hearing process;

(b) Encourage the withdrawal of a grievance, appeal or hearing request already filed; or

(c) Use the filing or resolution of a grievance, appeal or hearing request as a reason to retaliate against a member or to request member disenrollment.

(9) In all CCO administrative offices and in those physical, behavioral and oral health offices where the CCO has delegated response to the appeal, hearing request or grievance, the CCO must have the following forms available:

(a) OHP Complaint Form (OHP 3001);

(b) Appeal forms;

(c) Hearing request form (DHS 443) and Notice of Hearing Rights (DMAP 3030); or

(d) The Division of Medical Assistance Programs Service Denial Appeal and Hearing Request form (DMAP 3302) or approved facsimile.

(10) A member's provider:

(a) Acting on behalf of and with written consent of the member may file an appeal;

(b) May not act as the member's authorized representative for requesting a hearing or filing a grievance.

(11) The CCO and its participating providers must cooperate with the Department of Human Services Governor's Advocacy Office, the Authority's Ombudsman and hearing representatives in all activities related to member appeals, hearing requests and grievances including providing all requested written materials.

(12) If the CCO delegates the grievance and appeal process to a subcontractor, the CCO must:

(a) Ensure the subcontractor meets the requirements consistent with this rule and OAR 410-141-3261 through 410-141-3264;

(b) Monitor the subcontractor's performance on an ongoing basis;

(c) Perform a formal compliance review at least once a year to assess performance, deficiencies or areas for improvement; and

(d) Ensure the subcontractor takes corrective action for any identified areas of deficiencies that need improvement.

(13) CCO's must maintain yearly logs of all appeals and grievances for seven calendar years with the following requirements:

(a) The logs must contain the following information pertaining to each member's appeal or grievance:

(A) The member's name, ID number, and date the member filed the grievance or appeal;

(B) Documentation of the CCO's review, resolution or disposition of the matter, including the reason for the decision and the date of the resolution or disposition;

(C) Notations of oral and written communications with the member; and

(D) Notations about appeals and grievances the member decides to resolve in another way if the CCO is aware of this.

(b) For each calendar year, the logs must contain the following aggregate information:

(A) The number of actions; and

(B) A categorization of the reasons for and resolutions or dispositions of appeals and grievances.

(14) The CCO must review the log monthly for completeness and accuracy, which includes but is not limited to timeliness of documentation and compliance with procedures.

(15) A member or a member's provider may request an expedited resolution of an appeal or a contested case hearing if the member or provider believes taking the standard time of resolution could seriously jeopardize the member's:

(a) Life, health, mental health or dental health; or

(b) Ability to attain, maintain or regain maximum function.

(16) A member who may be entitled to continuing benefits may request and receive continuing benefits in the same manner and same amount while an appeal or contested case hearing is pending:

(a) To be entitled to continuing benefits, the member must complete a hearing request or request for appeal requesting continuing benefits no later than:

(A) The tenth day following the date of the notice or the notice of appeal resolution; and

(B) The effective date of the action proposed in the notice, if applicable.

(b) In determining timeliness under section (3)(a) of this rule, delay for good cause, as defined in OAR 137-002-0528, is not counted;

(c) The benefits must be continued until:

(A) A final appeal resolution resolves the appeal unless the member requests a hearing with continuing benefits no later than ten days following the date of the notice of appeal resolution;

(B) A final order resolves the contested case;

(C) The time period or service limits of a previously authorized service have been met; or

(D) The member withdraws the request for hearing.

(17) The CCO shall review and report to the Authority complaints that raise issues related to racial or ethnic background, gender identity, religion, sexual orientation, socioeconomic status, culturally or linguistically appropriate service requests, disability status and other identity factors for consideration in improving services for health equity.

(18) If a CCO receives a complaint or grievance related to a member's entitlement of continuing benefits in the same manner and same amount during the transition of transferring from one CCO to another CCO for reasons defined in OAR 410-141-3080 (15) the CCO shall log the complaint/grievance and work with the receiving/sending CCO to ensure continuity of care during the transition.

Coordinated Care Organization (CCO) Member Education and Information Requirements

(1) For the purpose of this rule, the following definitions apply:

(a) "Alternate Format" means any alternate approach to presenting print information to an individual with a disability. The Americans with Disabilities Act (ADA) groups the standard alternate formats: braille, large (18 point) print, audio narration, oral presentation, and electronic file along with other aids and services for other disabilities, including sign language interpretation and sighted guide;

(b) "Alternate Format Statement Insert" means an insert developed by the Oregon Health Authority that includes instructions on how to receive an alternate format or oral interpretation of materials translated into the state's top sixteen preferred written languages as identified by OHP enrollees. CCOs shall insert their contact information into the template.

(c) "Health Literacy" means the degree to which individuals have the capacity to obtain, process, and understand basic health information needed to make appropriate health decisions regarding services needed to prevent or treat illness.

(d) "Prevalent Non-English Language" means: All non-English languages that are identified as the preferred written language by the lesser of either:

(A) 5 percent of the CCO's total OHP enrollment; or

(B) 1, 000 of the CCO's members.

(2) CCOs may engage in activities for existing members related to outreach, health promotion, and health education. The Division shall approve, prior to distribution, any written communication by the CCO or its subcontractors and providers that:

(a) Is intended solely for members; and

(b) Pertains to requirements for obtaining coordinated care services at service area sites or benefits.

(3) CCOs may communicate with providers, caseworkers, community agencies, and other interested parties for informational purposes. The intent of these communications should be informational only and not to entice or solicit membership. Communication methodologies may include but are not limited to brochures, pamphlets, newsletters, posters, fliers, websites, health fairs, or sponsorship of health-related events. CCOs shall address health literacy issues by preparing these documents at a low-literacy reading level, incorporating graphics and utilizing alternate formats.

(4) The creation of name recognition because of the CCO's health promotion or education activities shall not constitute an attempt by the CCO to influence a client's enrollment.

(5) A CCO or its subcontractor's communications that express participation in or support for a CCO by its founding organizations or its subcontractors shall not constitute an attempt to compel or entice a client's enrollment.

(6) The following shall not constitute marketing or an attempt by the CCO to influence client enrollment:

(a) Communication to notify dual-eligible members of opportunities to align CCO provided benefits with a Medicare Advantage or Special Needs Plan;

(b) Improving coordination of care;

(c) Communicating with providers serving dual-eligible members about unique care coordination needs; or

(d) Streamlining communications to the dually-enrolled member to improve coordination of benefits.

(7) CCOs shall have a mechanism to help members understand the requirements and benefits of the CCO's integrated and coordinated care plan. The mechanisms developed shall be culturally and linguistically appropriate.

(8) CCOs shall have written procedures, criteria, and an ongoing process of member education and information sharing that includes member orientation, member handbook, and health education. As a CCO transitions to fully coordinating a member's care, the CCO is responsible only for including information about the care they are coordinating. CCOs shall update their educational material as they add coordinated services. Member education shall:

(a) Include information about the coordinated care approach and how to navigate the coordinated health care system, including where applicable for dual-eligible individuals, the process for coordinating Medicaid and Medicare benefits;

(b) Clearly explain how members may receive assistance from advocates, including certified health care interpreters, community health workers, peer wellness specialists, and personal health navigators and include information to members that interpreter services at provider offices are free to CCO members as stated in 42 CFR 438.10 (4).

(9) Within 14 calendar days or a reasonable timeframe of a CCO's receiving notice of a member's enrollment, CCOs shall mail a welcome packet to new members and to members returning to the CCO twelve months or more after previous enrollment. The packet shall include, at a minimum, a welcome letter, a member handbook, and information on how to access a provider directory

(10) Provider directories shall include notation of the following: names, locations, telephone numbers including TTY, office hours, accessibility for members with disabilities, non-English languages spoken by current contracted providers in the enrollee's service area, and direction on how members can access information on providers that are not accepting new patients.

(11) For those who are existing members, a CCO shall notify members annually of the availability of a member handbook and provider directory and how to access those materials. CCOs shall send hard copies upon request.

(12) CCOs shall facilitate materials as follows:

(a) Translate the following written materials into the prevalent non-English languages served by the CCO:

(A) Welcome Packets that include welcome letters and member handbooks; and

(B) Notices of medical benefit changes.

(b) Alternate format statement inserts with:

(A) Communications regarding member enrollment; and

(B) Notice of Action to deny, reduce, or stop a benefit.

(c) Accommodate requests of the member to translate written materials into prevalent non-English languages served by the CCO;

(d) Make oral interpretation services available free of charge to each potential member and member. This applies to all non-English languages, not just prevalent non-English languages;

(e) Notify enrollees:

(A) That oral interpretation is available free of charge for any language, and written information is available in prevalent non-English languages and alternate formats; and

(B) How to access those services.

(f) Make available materials in alternate formats by request. Alternate formats include but are not limited to audio recording, close-captioned videos, large type, and braille.

(13) A CCO shall electronically provide to the Division for approval each version of the printed welcome packet that includes a welcome letter, member handbook, and information on how to access a provider directory. At a minimum, the member handbook shall contain the following:

(a) Revision date;

(b) Tag lines in English and other prevalent non-English languages, as defined in this rule, spoken by populations of members. The tag lines shall be located at the beginning of the document for the ease of the member and describe how members may access free sign and oral interpreters, as well as translations and materials in other formats. Alternate formats may include but are not limited to audio recordings, close-captioned videos, large (18 point) type, and braille.

(c) CCO's office location, mailing address, web address if applicable, office hours, and telephone numbers including TTY;

(d) Availability and access to coordinated care services through a patient-centered primary care home or other primary care team with the member as a partner in care management. Explain how to choose a PCP, how to make an appointment, and how to change PCPs and the CCO's policy on changing PCPs;

(e) How to access information on contracted providers currently accepting new members and any restrictions on the member's freedom of choice among participating providers;

(f) What participating or non-participating provider services the member may self-refer;

(g) Policies on referrals for specialty care, including prior authorization requirements and how to request a referral;

(h) Explanation of intensive care coordination services and how members with the following special health care needs can access intensive care coordination services: Those who are aged, blind, or disabled or who have complex medical needs, high health needs, multiple chronic conditions, mental illness, or chemical dependency.

(i) Information about the coordinated care approach, how to navigate the coordinated care health care system as applicable to dual-eligible individuals, and the process for coordinating Medicaid and Medicare benefits;

(j) How and where members are to access urgent care services and advice, including how to access these services and advice when away from home;

(k) How and when members are to use emergency services, both locally and when away from home, including examples of emergencies;

(L) Information on contracted hospitals in the member's service area;

(m) Information on post-stabilization care after a member is stabilized in order to maintain, improve, or resolve the member's condition;

(n) Information on the CCO's grievance and appeals processes and the Division's contested case hearing procedures, including:

(A) Information about assistance in filling out forms and completing the grievance process available from the CCO to the member as outlined in OAR 410-141-3260;

(B) Information about the member's right to continued benefits during the grievance process as provided in OAR 410-141-3263.

(o) Information on the member's rights and responsibilities, including the availability of the OHP Ombudsman;

(p) Information on copayments, charges for non-covered services, and the member's possible responsibility for charges if they go outside of the CCO for non-emergent care; including information specific to copayments, deductibles, and coinsurance for dually-enrolled qualified Medicare beneficiaries;

(q) Information about when providers may bill clients for services and what to do if they receive a bill, including information specific to payment responsibilities for dually-enrolled qualified Medicare beneficiaries;

(r) The transitional procedures for new members to obtain prescriptions, supplies, and other necessary items and services in the first month of enrollment if they are unable to meet with a PCP or PCD, other prescribing provider, or obtain new orders during that period; including specific communications for members who are becoming new Medicare enrollees;

(s) Information on advance directive policies including:

(A) Member rights under federal and Oregon law to make decisions concerning their medical care, including the right to accept or refuse medical or surgical treatment and the right to formulate advance directives;

(B) The CCO's policies for implementation of those rights, including a statement of any limitation regarding the implementation of advanced directives as a matter of conscience.

(t) Whether or not the CCO uses provider incentives to reduce cost by limiting services;

(u) The member's right to request and obtain copies of their clinical records, whether they may be charged a reasonable copying fee and that they may request the record be amended or corrected;

(v) How and when members are to obtain ambulance services;

(w) Resources for help with transportation to appointments with providers;

(x) Explanation of the covered and non-covered coordinated care services in sufficient detail to ensure that members understand the benefits to which they are entitled;

(y) How members are to obtain prescriptions including information on the process for obtaining non-formulary and over-the-counter drugs;

(z) The CCO's confidentiality policy:

(aa) How and where members are to access any benefits that are available under OHP but are not covered under the CCO's contract, including any cost sharing;

(bb) When and how members can voluntarily and involuntarily disenroll from CCOs and change CCOs;

(cc) CCOs shall, at a minimum, annually review their member handbook for accuracy and update it with new and corrected information to reflect OHP program changes and the CCO's internal changes. If changes affect the member's ability to use services or benefits, the CCO shall offer the updated member handbook to all members;

(dd) The "Oregon Health Plan Client Handbook" is in addition to the CCO's member handbook, and a CCO may not use it to substitute for any component of the CCO's member handbook.

(14) Member health education shall include:

(a) Information on specific health care procedures, instruction in self-management of health care, promotion and maintenance of optimal health care status, patient self-care, and disease and accident prevention. CCO providers or other individuals or programs approved by the CCO may provide health education. CCOs shall endeavor to provide health education in a culturally sensitive and linguistically appropriate manner in order to communicate most effectively with individuals from non-dominant cultures;

(b) Information specifying that CCOs may not prohibit, or otherwise restrict, a provider acting within the lawful scope of practice from advising or advocating on behalf of an enrollee who is his or her patient, for the following:

(A) The enrollee's health status, medical care, or treatment options, including any alternative treatment that may be self-administered;

(B) Any information the enrollee needs to decide among all relevant treatment options;

(C) The risks, benefits, and consequences of treatment or non-treatment.

(c) CCOs shall ensure development and maintenance of an individualized health educational plan for members whom their provider has identified as requiring specific educational intervention. The Division may assist in developing materials that address specifically identified health education problems to the population in need;

(d) Explanation of intensive care coordination services and how to access intensive care coordination through outreach to members with special health care needs who are aged, blind, or disabled, or who have complex medical needs or high health care needs, multiple chronic conditions, mental illness, or chemical dependency;

(e) The appropriate use of the delivery system, including proactive and effective education of members on how to access emergency services and urgent care services appropriately;

(f) CCOs shall provide written notice to affected members of any significant changes in program or service sites that affect the member's ability to access care or services from CCO's participating providers. The CCO shall provide, translated as appropriate, the notice at least 30 calendar days before the effective date of that change, or as soon as possible if the participating provider has not given the CCO sufficient notification to meet the 30-day notice requirement. The Division shall review and approve the materials within two working days.

(15) Informational materials that CCOs develop for members shall meet the language requirements identified in this rule and be culturally and linguistically sensitive to members with disabilities or reading limitations, including members whose primary language is not English:

(a) CCOs shall provide free interpreters for all of their members with hearing impairments and limited English proficiency who request them. This also applies to family members and caregivers with hearing impairments or limited English proficiency who need to understand the member's condition and care:

(A) CCOs shall translate materials into all languages as identified in this rule. Written and spoken language preferences are indicated on the OHP application form and reported to plans in 834 enrollment updates. CCOs shall honor requests made by other sources such as members, family members, or caregivers for language accommodation, translating to the member's language needs as requested;

(B) CCOs shall provide written translations of informational materials including their welcome packet, consisting of at least a welcome letter

and a member handbook in all languages as specified in this rule and as identified by members either through the OHP application or other means as their preferred written language.

(b) Form correspondence may be sent to members, including, but not limited to, enrollment information and notices of action to deny or stop a benefit, accompanied by alternate format statement inserts as specified in section (12) of this rule. If sent in English to members who prefer a different language, the tag lines, placed in the alternate format statement insert shall have instructions on how to receive an oral or written translation of the material.

(16) CCOs shall provide an identification card to members, unless waived by the Division, that contains simple, readable, and usable information on how to access care in an urgent or emergency situation. The cards are solely for the convenience of the CCO, members, and providers.

Rule Caption: Update Reference to Current Covered and Non-Covered Dental Services Document, Incorporate Changes and Corrections
Adm. Order No.: DMAP 45-2016
Filed with Sec. of State: 7-13-2016
Certified to be Effective: 7-13-16
Notice Publication Date: 6-1-2016
Rules Amended: 410-123-1260
Subject: The amendment of OAR 410-123-1260 is needed to align the administrative rule to reflect recent changes to the Prioritized List of Health Services and the American Dental Association's (ADA) Code on Dental Procedures and Nomenclature (CDT Codes). Effective January 1, 2016, the Health Evidence Review Commission (HERC) added five oral health procedure codes to funded lines of the Prioritized List of Health Services. Four of these codes are either diagnostic or are payable dependent on other codes. The HERC also added a guideline to one of the codes, which this amendment reflects. In addition, the ADA deleted five CDT Codes that were on the prioritized list. Those changes are reflected in this amendment. The Authority needs to spell out in rule how the Oregon Health Plan will cover a newly opened CDT code. This will allow dentists to bill for two yearly applications of silver diamine fluoride, and the rule outlines exceptions.
Rules Coordinator: Sandy Cafourek—(503) 945-6430

410-123-1260
OHP Dental Benefits

This administrative rule aligns with and reflects changes to the Prioritized List of Health Services and the American Dental Association's (ADA) Code on Dental Procedures and Nomenclature (CDT Codes), as well as a restoration of benefits resulting from legislative action in 2015. Effective January 1, 2016, the Health Evidence Review Commission (HERC) added and deleted oral health procedure codes. This rule provides information on how the Oregon Health Plan will cover newly opened CDT codes and restored benefits as of July 1, 2016.

(1) GENERAL:

(a) Early and Periodic Screening, Diagnosis and Treatment (EPSDT):

(A) Refer to Code of Federal Regulations (42 CFR 441, Subpart B) and OAR chapter 410, division 120 for definitions of the EPSDT program, eligible clients, and related services. EPSDT dental services include, but are not limited to:

(i) Dental screening services for eligible EPSDT individuals; and

(ii) Dental diagnosis and treatment that is indicated by screening at as early an age as necessary, needed for relief of pain and infections, restoration of teeth, and maintenance of dental health.

(B) Providers shall provide EPSDT services for eligible Division clients according to the following documents:

(i) The Dental Services Program administrative rules (OAR chapter 410, division 123), for dentally appropriate services funded on the Oregon Health Evidence Review Commission's Prioritized List of Health Services (Prioritized List); and

(ii) The "Oregon Health Plan (OHP) — Recommended Dental Periodicity Schedule," dated January 1, 2010, incorporated in rule by reference and posted on the Division website in the Dental Services Provider Guide document at www.oregon.gov/oha/healthplan/Pages/dental.aspx.

(b) Restorative, periodontal, and prosthetic treatments:

(A) Documentation shall be included in the client's charts to support the treatment. Treatments shall be consistent with the prevailing standard of care and may be limited as follows:

(i) When prognosis is unfavorable;

(ii) When treatment is impractical;

(iii) A lesser-cost procedure would achieve the same ultimate result; or

(iv) The treatment has specific limitations outlined in this rule.

(B) Prosthetic treatment, including porcelain fused to metal crowns, are limited until rampant progression of caries is arrested and a period of adequate oral hygiene and periodontal stability is demonstrated; periodontal health needs to be stable and supportive of a prosthetic.

(2) ENHANCED ORAL HEALTH SERVICES IN PRIMARY CARE SETTINGS:

(a) Topical fluoride treatment:

(A) For children under 19 years of age, topical fluoride varnish may be applied by a licensed medical practitioner during a medical visit. Providers must bill:

(i) The Division directly when the client is fee-for-service (FFS), is enrolled in a Coordinated Care Organization (CCO) that does not include integrated medical and dental services, or is enrolled in a PHP that does not include integrated medical and dental services;

(ii) The client's CCO if the client is enrolled in a CCO that includes integrated medical and dental services;

(iii) Using a professional claim format with either the appropriate Current Dental Terminology (CDT) code (D1206-Topical Fluoride Varnish) or the appropriate Current Procedural Terminology (CPT) code (99188 – Application of topical fluoride varnish by a physician or other qualified health care professional).

(B) Topical fluoride treatment from a medical practitioner counts toward the overall maximum number of fluoride treatments, as described in subsection (4) of this rule.

(b) Assessment of a patient:

(A) For children under six years of age, CDT code D0191-Assessment of a Patient is covered as an enhanced oral health service in medical settings;

(B) For reimbursement in a medical setting, D0191-Assessment of a patient must include all of the following components:

(i) Caries risk assessment using a standardized tool endorsed by Oregon Oral Health Coalition, the American Dental Association, the American Academy of Pediatric Dentistry, or the American Academy of Pediatrics;

(ii) Anticipatory guidance and counseling with the client's caregiver on good oral hygiene practices and nutrition;

(iii) Referral to a dentist in order to establish a dental home;

(iv) Documentation in medical chart of risk assessment findings and service components provided.

(C) For reimbursement, the performing provider must meet all of the following criteria:

(i) Be a physician (MD or DO), an advance practice nurse, or a licensed physician assistant; and

(ii) Hold a certificate of completion from one of the following approved training programs within the previous three years:

(I) Smiles for Life; or

(II) First Tooth through the Oregon Oral Health Coalition.

(D) For reimbursement, the medical practitioners must bill:

(i) The Division directly when the client is fee-for-service (FFS), is enrolled in a Coordinated Care Organization (CCO) that does not include integrated medical and dental services, or is enrolled in a PHP that does not include integrated medical and dental services;

(ii) The client's CCO if the client is enrolled in a CCO that includes integrated medical and dental services;

(iii) Using a professional claim format with the appropriate CDT code (D0191-Assessment of a Patient).

(E) D0191 Assessment of a Patient may be reimbursed under this subsection up to a maximum of once every 12 months;

(F) D0191 Assessment of a Patient from a medical practitioner does not count toward the maximum number of CDT code D0191-Assessment of a Patient services performed by a dental practitioner described in subsection three (3) of this rule.

(c) For tobacco cessation services provided during a medical visit, follow criteria outlined in OAR 410-130-0190.

(3) DIAGNOSTIC SERVICES:

(a) Exams:

(A) For children under 19 years of age:

(i) The Division shall reimburse exams (billed as CDT codes D0120, D0145, D0150, or D0180) a maximum of twice every 12 months with the following limitations:

(I) D0150: once every 12 months when performed by the same practitioner;

(II) D0150: twice every 12 months only when performed by different practitioners;

(III) D0180: once every 12 months.

(ii) The Division shall reimburse D0160 only once every 12 months when performed by the same practitioner.

(B) For adults 19 years of age and older, the Division shall reimburse exams (billed as CDT codes D0120, D0150, D0160, or D0180) once every 12 months;

(C) For problem focused exams (urgent or emergent problems), the Division shall reimburse D0140 for the initial exam. The Division shall reimburse D0170 for related problem-focused follow-up exams. Providers must not bill D0140 and D0170 for routine dental visits;

(D) The Division only covers oral exams performed by medical practitioners when the medical practitioner is an oral surgeon;

(E) As the American Dental Association's Current Dental Terminology (CDT) codebook specifies, the evaluation, diagnosis, and treatment planning components of the exam are the responsibility of the dentist. The Division may not reimburse dental exams when performed by a dental hygienist (with or without an expanded practice permit).

(b) Assessment of a patient (D0191):

(A) When performed by a dental practitioner, the Division shall reimburse:

(i) If performed by a dentist outside of a dental office;

(ii) If performed by a dental hygienist with an expanded practice dental hygiene permit;

(iii) Only if an exam (D0120-D0180) is not performed on the same date of service. Assessment of a patient (D0191) is included as part of an exam (D0120-D0180);

(iv) For children under 19 years of age, a maximum of twice every 12 months; and

(v) For adults age 19 and older, a maximum of once every 12 months.

(B) An assessment does not take the place of the need for oral evaluations/exams.

(c) Radiographs:

(A) The Division shall reimburse for routine radiographs once every 12 months;

(B) The Division shall reimburse bitewing radiographs for routine screening once every 12 months;

(C) The Division shall reimburse a maximum of six radiographs for any one emergency;

(D) For clients under age six, radiographs may be billed separately every 12 months as follows:

(i) D0220 — once;

(ii) D0230 — a maximum of five times;

(iii) D0270 — a maximum of twice, or D0272 once.

(E) The Division shall reimburse for panoramic (D0330) or intra-oral complete series (D0210) once every five years, but both cannot be done within the five-year period;

(F) Clients shall be a minimum of six years old for billing intra-oral complete series (D0210). The minimum standards for reimbursement of intra-oral complete series are:

(i) For clients age six through 11 — a minimum of ten periapicals and two bitewings for a total of 12 films;

(ii) For clients ages 12 and older — a minimum of ten periapicals and four bitewings for a total of 14 films.

(G) If fees for multiple single radiographs exceed the allowable reimbursement for a full mouth complete series (D0210), the Division shall reimburse for the complete series;

(H) Additional films may be covered if dentally or medically appropriate, e.g., fractures (Refer to OAR 410-123-1060 and 410-120-0000);

(I) If the Division determines the number of radiographs to be excessive, payment for some or all radiographs of the same tooth or area may be denied;

(J) The exception to these limitations is if the client is new to the office or clinic and the office or clinic is unsuccessful in obtaining radiographs from the previous dental office or clinic. Supporting documentation outlining the provider's attempts to receive previous records shall be included in the client's records;

(K) Digital radiographs, if printed, shall be on photo paper to assure sufficient quality of images.

(4) PREVENTIVE SERVICES:

(a) Prophylaxis:

(A) For children under 19 years of age — Limited to twice per 12 months;

(B) For adults 19 years of age and older — Limited to once per 12 months;

(C) Additional prophylaxis benefit provisions may be available for persons with high risk oral conditions due to disease process, pregnancy, medications, or other medical treatments or conditions, severe periodontal disease, rampant caries and for persons with disabilities who cannot perform adequate daily oral health care;

(D) Are coded using the appropriate Current Dental Terminology (CDT) coding:

(i) D1110 (Prophylaxis — Adult) — Use for clients 14 years of age and older; and

(ii) D1120 (Prophylaxis — Child) — Use for clients under 14 years of age.

(b) Topical fluoride treatment:

(A) For adults 19 years of age and older — Limited to once every 12 months;

(B) For children under 19 years of age — Limited to twice every 12 months;

(C) Additional topical fluoride treatments may be available, up to a total of four treatments per client within a 12-month period, when high-risk conditions or oral health factors are clearly documented in chart notes for clients who:

(i) Have high-risk oral conditions due to disease process, medications, other medical treatments or conditions, or rampant caries;

(ii) Are pregnant;

(iii) Have physical disabilities and cannot perform adequate, daily oral health care;

(iv) Have a developmental disability or other severe cognitive impairment that cannot perform adequate, daily oral health care; or

(v) Are under seven years old with high-risk oral health factors, such as poor oral hygiene, deep pits and fissures (grooves) in teeth, severely crowded teeth, poor diet, etc.

(D) Fluoride limits include any combination of fluoride varnish (D1206) or other topical fluoride (D1208).

(c) Sealants (D1351):

(A) Are covered only for children under 16 years of age;

(B) The Division limits coverage to:

(i) Permanent molars; and

(ii) Only one sealant treatment per molar every five years, except for visible evidence of clinical failure.

(d) Tobacco cessation:

(A) For services provided during a dental visit, bill as a dental service using CDT code D1320 when the following brief counseling is provided:

(i) Ask patients about their tobacco-use status at each visit and record information in the chart;

(ii) Advise patients on their oral health conditions related to tobacco use and give direct advice to quit using tobacco and a strong personalized message to seek help; and

(iii) Refer patients who are ready to quit, utilizing internal and external resources, to complete the remaining three A's (assess, assist, arrange) of the standard intervention protocol for tobacco.

(B) The Division allows a maximum of ten services within a three-month period.

(e) Space management:

(A) The Division shall cover fixed and removable space maintainers (D1510, D1515, D1520, and D1525) only for clients under 19 years of age;

(B) The Division may not reimburse for replacement of lost or damaged removable space maintainers.

(f) Interim caries arresting medicament application (D1354):

(A) Is limited to silver diamine fluoride (SDF) application as the medicament. It does not include coverage of any other medicaments;

(B) May be billed for two applications per year;

(C) Requires that the tooth or teeth numbers be included on the claim;

(D) Shall be covered with topical application of fluoride (D1206 or D1208) when they are performed on the same date of service if D1354 is being used to treat a carious lesion and D1206 or D1208 to prevent caries;

(E) Shall be covered with an interim therapeutic restoration (D2941) or a permanent restoration and (D1354) on the same tooth, when dentally appropriate.

(5) RESTORATIVE SERVICES:

(a) Amalgam and resin-based composite restorations, direct:

(A) Resin-based composite crowns on anterior teeth (D2390) are only covered for clients under 21 years of age or who are pregnant;

(B) The Division reimburses posterior composite restorations at the same rate as amalgam restorations;

(C) The Division limits payment for replacement of posterior composite restorations to once every five years;

(D) The Division limits payment of covered restorations to the maximum restoration fee of four surfaces per tooth. Refer to the American Dental Association (ADA) CDT codebook for definitions of restorative procedures;

(E) Providers shall combine and bill multiple surface restorations as one line per tooth using the appropriate code. Providers may not bill multiple surface restorations performed on a single tooth on the same day on separate lines. For example, if tooth #30 has a buccal amalgam and a mesial-occlusal-distal (MOD) amalgam, then bill MOD, B, using code D2161 (four or more surfaces);

(F) The Division may not reimburse for an amalgam or composite restoration and a crown on the same tooth;

(G) Interim therapeutic restoration on primary dentition (D2941) is covered to restore and prevent progression of dental caries. Interim therapeutic restoration is not a definitive restoration;

(H) Reattachment of tooth fragment (D2921) is covered once in the lifetime of a tooth when there is no pulp exposure and no need for endodontic treatment;

(I) The Division reimburses for a surface not more than once in each treatment episode regardless of the number or combination of restorations;

(J) The restoration fee includes payment for occlusal adjustment and polishing of the restoration.

(b) Indirect crowns and related services:

(A) General payment policies:

(i) The fee for the crown includes payment for preparation of the gingival tissue;

(ii) The Division shall cover crowns only when:

(I) There is significant loss of clinical crown and no other restoration will restore function; and

(II) The crown-to-root ratio is 50:50 or better, and the tooth is restorable without other surgical procedures.

(iii) The Division shall cover core buildup (D2950) only when necessary to retain a cast restoration due to extensive loss of tooth structure from caries or a fracture and only when done in conjunction with a crown. Less than 50 percent of the tooth structure must be remaining for coverage of the core buildup.

(iv) Reimbursement of retention pins (D2951) is per tooth, not per pin.

(B) The Division shall not cover the following services:

(i) Endodontic therapy alone (with or without a post);

(ii) Aesthetics (cosmetics);

(iii) Crowns in cases of advanced periodontal disease or when a poor crown/root ratio exists for any reason.

(C) Stainless steel crowns (D2930/D2931) are allowed only for anterior primary teeth and posterior permanent or primary teeth;

(D) The Division shall cover the following only for clients under 21 years of age or who are pregnant:

(i) Prefabricated plastic crowns (D2932) are allowed only for anterior teeth, permanent or primary;

(ii) Prefabricated stainless steel crowns with resin window (D2933) are allowed only for anterior teeth, permanent or primary;

(iii) Prefabricated post and core in addition to crowns (D2954/D2957);

(iv) Permanent crowns (resin-based composite — D2710 and D2712 and porcelain fused to metal (PFM) — D2751 and D2752) as follows:

(I) Limited to teeth numbers 6–11, 22, and 27 only, if dentally appropriate;

(II) Limited to four in a seven-year period. This limitation includes any replacement crowns allowed according to (E)(i) of this rule;

(III) Only for clients at least 16 years of age; and

(IV) Rampant caries are arrested, and the client demonstrates a period of oral hygiene before prosthetics are proposed.

(v) PFM crowns (D2751 and D2752) shall also meet the following additional criteria:

(I) The dental practitioner has attempted all other dentally appropriate restoration options and documented failure of those options;

(II) Written documentation in the client's chart indicates that PFM is the only restoration option that will restore function;

(III) The dental practitioner submits radiographs to the Division for review; history, diagnosis, and treatment plan may be requested. (See OAR 410-123-1100 Services Reviewed by the Division);

(IV) The client has documented stable periodontal status with pocket depths within 1–3 millimeters. If PFM crowns are placed with pocket depths of 4 millimeters and over, documentation shall be maintained in the client's chart of the dentist's findings supporting stability and why the increased pocket depths will not adversely affect expected long-term prognosis;

(V) The crown has a favorable long-term prognosis; and

(VI) If the tooth to be crowned is a clasp/abutment tooth in partial denture, both prognosis for the crown itself and the tooth's contribution to partial denture shall have favorable expected long-term prognosis.

(E) Crown replacement:

(i) Permanent crown replacement limited to once every seven years;

(ii) All other crown replacement limited to once every five years; and

(iii) The Division may make exceptions to crown replacement limitations due to acute trauma, based on the following factors:

(I) Extent of crown damage;

(II) Extent of damage to other teeth or crowns;

(III) Extent of impaired mastication;

(IV) Tooth is restorable without other surgical procedures; and

(V) If loss of tooth would result in coverage of removable prosthetic.

(F) Crown repair (D2980) is limited to only anterior teeth.

(6) ENDODONTIC SERVICES:

(a) Endodontic therapy:

(A) Pulpal therapy on primary teeth (D3230 and D3240) is covered only for clients under 21 years of age;

(B) For permanent teeth:

(i) Anterior and bicuspid endodontic therapy (D3310 and D3320) is covered for all OHP Plus clients; and

(ii) Molar endodontic therapy (D3330):

(I) For clients through age 20, is covered only for first and second molars; and

(II) For clients age 21 and older who are pregnant, is covered only for first molars.

(C) The Division covers endodontics only if the crown-to-root ratio is 50:50 or better and the tooth is restorable without other surgical procedures.

(b) Endodontic retreatment and apicoectomy:

(A) The Division does not cover retreatment of a previous root canal or apicoectomy for bicuspid or molars;

(B) The Division limits either a retreatment or an apicoectomy (but not both procedures for the same tooth) to symptomatic anterior teeth when:

(i) Crown-to-root ratio is 50:50 or better;

(ii) The tooth is restorable without other surgical procedures; or

(iii) If loss of tooth would result in the need for removable prosthodontics.

(C) Retrograde filling (D3430) is covered only when done in conjunction with a covered apicoectomy of an anterior tooth.

(c) The Division does not allow separate reimbursement for open-and-drain as a palliative procedure when the root canal is completed on the same date of service or if the same practitioner or dental practitioner in the same group practice completed the procedure;

(d) The Division covers endodontics if the tooth is restorable within the OHP benefit coverage package;

(e) Apexification/recalcification procedures:

(A) The Division limits payment for apexification to a maximum of five treatments on permanent teeth only;

(B) Apexification/recalcification procedures are covered only for clients under 21 years of age or who are pregnant.

(7) PERIODONTIC SERVICES:

(a) Surgical periodontal services:

(A) Gingivectomy/Gingivoplasty (D4210 and D4211) — limited to coverage for severe gingival hyperplasia where enlargement of gum tissue occurs that prevents access to oral hygiene procedures, e.g., Dilantin hyperplasia; and

(B) Includes six months routine postoperative care;

(C) The Division shall consider gingivectomy or gingivoplasty to allow for access for restorative procedure, per tooth (D4212) as part of the

restoration and will not provide a separate reimbursement for this procedure.

(b) Non-surgical periodontal services:

(A) Periodontal scaling and root planing (D4341 and D4342):

(i) Allowed once every two years;

(ii) A maximum of two quadrants on one date of service is payable, except in extraordinary circumstances;

(iii) Quadrants are not limited to physical area, but are further defined by the number of teeth with pockets 5 mm or greater:

(I) D4341 is allowed for quadrants with at least four or more teeth with pockets 5 mm or greater;

(II) D4342 is allowed for quadrants with at least two teeth with pocket depths of 5 mm or greater.

(iv) Prior authorization for more frequent scaling and root planing may be requested when:

(I) Medically/dentally necessary due to periodontal disease as defined above is found during pregnancy; and

(II) Client's medical record is submitted that supports the need for increased scaling and root planing.

(B) Full mouth debridement (D4355) allowed only once every two years.

(c) Periodontal maintenance (D4910) allowed once every six months:

(A) Limited to following periodontal therapy (surgical or non-surgical) that is documented to have occurred within the past three years;

(B) Prior authorization for more frequent periodontal maintenance may be requested when:

(i) Medically/dentally necessary, such as due to presence of periodontal disease during pregnancy; and

(ii) Client's medical record is submitted that supports the need for increased periodontal maintenance (chart notes, pocket depths and radiographs).

(d) Records shall clearly document the clinical indications for all periodontal procedures, including current pocket depth charting and/or radiographs;

(e) The Division may not reimburse for procedures identified by the following codes if performed on the same date of service:

(A) D1110 (Prophylaxis — adult);

(B) D1120 (Prophylaxis — child);

(C) D4210 (Gingivectomy or gingivoplasty — four or more contiguous teeth or bounded teeth spaces per quadrant);

(D) D4211 (Gingivectomy or gingivoplasty — one to three contiguous teeth or bounded teeth spaces per quadrant);

(E) D4341 (Periodontal scaling and root planning — four or more teeth per quadrant);

(F) D4342 (Periodontal scaling and root planning — one to three teeth per quadrant);

(G) D4355 (Full mouth debridement to enable comprehensive evaluation and diagnosis); and

(H) D4910 (Periodontal maintenance).

(8) REMOVABLE PROSTHODONTIC SERVICES:

(a) Clients age 16 years and older are eligible for removable resin base partial dentures (D5211-D5212) and full dentures (complete or immediate, D5110-D5140);

(b) See OAR 410-123-1000 for detail regarding billing fabricated prosthetics;

(c) The fee for the partial and full dentures includes payment for adjustments during the six-month period following delivery to clients;

(d) Resin partial dentures (D5211-D5212):

(A) The Division may not approve resin partial dentures if stainless steel crowns are used as abutments;

(B) For clients through age 20, the client shall have one or more anterior teeth missing or four or more missing posterior teeth per arch with resulting space equivalent to that loss demonstrating inability to masticate. Third molars are not a consideration when counting missing teeth;

(C) For clients age 21 and older, the client shall have one or more missing anterior teeth or six or more missing posterior teeth per arch with documentation by the provider of resulting space causing serious impairment to mastication. Third molars are not a consideration when counting missing teeth;

(D) The dental practitioner shall note the teeth to be replaced and teeth to be clasped when requesting prior authorization (PA).

(e) Replacement of removable partial or full dentures, when it cannot be made clinically serviceable by a less costly procedure (e.g., reline, rebase, repair, tooth replacement), is limited to the following:

(A) For clients at least 16 years of age, the Division shall replace:

(i) Full dentures once every ten years, only if dentally appropriate;

(ii) Partial dentures once every five years, only if dentally appropriate.

(B) The five- and ten-year limitations apply to the client regardless of the client's OHP or Dental Care Organization (DCO)/Coordinated Care Organization (CCO) enrollment status at the time the client's last denture or partial was received. For example: A client receives a partial on February 1, 2002, and becomes a FFS OHP client in 2005. The client is not eligible for a replacement partial until February 1, 2012. The client gets a replacement partial on February 3, 2012 while FFS and a year later enrolls in a DCO or CCO. The client would not be eligible for another partial until February 3, 2022, regardless of DCO, CCO, or FFS enrollment;

(C) Replacement of partial dentures with full dentures is payable five years after the partial denture placement. Exceptions to this limitation may be made in cases of acute trauma or catastrophic illness that directly or indirectly affects the oral condition and results in additional tooth loss. This pertains to, but is not limited to, cancer and periodontal disease resulting from pharmacological, surgical, and medical treatment for aforementioned conditions. Severe periodontal disease due to neglect of daily oral hygiene may not warrant replacement.

(f) The Division limits reimbursement of adjustments and repairs of dentures that are needed beyond six months after delivery of the denture as follows for clients 21 years of age and older:

(A) A maximum of four times per year for:

(i) Adjusting complete and partial dentures, per arch (D5410-D5422);

(ii) Replacing missing or broken teeth on a complete denture, each tooth (D5520);

(iii) Replacing broken tooth on a partial denture, each tooth (D5640);

(iv) Adding tooth to existing partial denture (D5650).

(B) A maximum of two times per year for:

(i) Repairing broken complete denture base (D5510);

(ii) Repairing partial resin denture base (D5610);

(iii) Repairing partial cast framework (D5620);

(iv) Repairing or replacing broken clasp (D5630);

(v) Adding clasp to existing partial denture (D5660).

(g) Replacement of all teeth and acrylic on cast metal framework (D5670, D5671):

(A) Is covered for clients age 16 and older a maximum of once every ten (10) years, per arch;

(B) Ten years or more shall have passed since the original partial denture was delivered;

(C) Is considered replacement of the partial so a new partial denture may not be reimbursed for another ten years; and

(D) Requires prior authorization as it is considered a replacement partial denture.

(h) Denture rebase procedures:

(A) The Division shall cover rebases only if a reline may not adequately solve the problem;

(B) For clients through age 20, the Division limits payment for rebase to once every three years;

(C) For clients age 21 and older:

(i) There shall be documentation of a current reline that has been done and failed; and

(ii) The Division limits payment for rebase to once every five years.

(D) The Division may make exceptions to this limitation in cases of acute trauma or catastrophic illness that directly or indirectly affects the oral condition and results in additional tooth loss. This pertains to, but is not limited to, cancer and periodontal disease resulting from pharmacological, surgical, and medical treatment for aforementioned conditions. Severe periodontal disease due to neglect of daily oral hygiene may not warrant rebasing;

(i) Denture reline procedures:

(A) For clients through age 20, the Division limits payment for reline of complete or partial dentures to once every three years;

(B) For clients age 21 and older, the Division limits payment for reline of complete or partial dentures to once every five years;

(C) The Division may make exceptions to this limitation under the same conditions warranting replacement;

(D) Laboratory relines:

(i) Are not payable prior to six months after placement of an immediate denture; and

(ii) For clients through age 20, are limited to once every three years;

(iii) For clients age 21 and older, are limited to once every five years.

(j) Interim partial dentures (D5820-D5821, also referred to as "flippers"):

(A) Are allowed if the client has one or more anterior teeth missing; and

(B) The Division shall reimburse for replacement of interim partial dentures once every five years but only when dentally appropriate.

(k) Tissue conditioning:

(A) Is allowed once per denture unit in conjunction with immediate dentures; and

(B) Is allowed once prior to new prosthetic placement.

(9) MAXILLOFACIAL PROSTHETIC SERVICES:

(a) Fluoride gel carrier (D5986) is limited to those patients whose severity of oral disease causes the increased cleaning and fluoride treatments allowed in rule to be insufficient. The dental practitioner shall document failure of those options prior to use of the fluoride gel carrier;

(b) All other maxillofacial prosthetics (D5900-D5999) are medical services. Refer to the "Covered and Non-Covered Dental Services" document and OAR 410-123-1220:

(A) Bill for medical maxillofacial prosthetics using the professional (CMS1500, DMAP 505 or 837P) claim format:

(B) For clients receiving services through a CCO or PHP, bill medical maxillofacial prosthetics to the CCO or PHP;

(C) For clients receiving medical services through FFS, bill the Division.

(10) ORAL SURGERY SERVICES:

(a) Bill the following procedures in an accepted dental claim format using CDT codes:

(A) Procedures that are directly related to the teeth and supporting structures that are not due to a medical condition or diagnosis, including such procedures performed in an ambulatory surgical center (ASC) or an inpatient or outpatient hospital setting;

(B) Services performed in a dental office setting or an oral surgeon's office:

(i) Such services include, but are not limited to, all dental procedures, local anesthesia, surgical postoperative care, radiographs, and follow-up visits;

(ii) Refer to OAR 410-123-1160 for any PA requirements for specific procedures.

(b) Bill the following procedures using the professional claim format and the appropriate American Medical Association (AMA) CPT procedure and ICD-10 diagnosis codes:

(A) Procedures that are a result of a medical condition (i.e., fractures, cancer);

(B) Services requiring hospital dentistry that are the result of a medical condition/diagnosis (i.e., fracture, cancer).

(c) Refer to the "Covered and Non-Covered Dental Services" document to see a list of CDT procedure codes on the Prioritized List that may also have CPT medical codes. See OAR 410-123-1220. The procedures listed as "medical" on the table may be covered as medical procedures, and the table may not be all-inclusive of every dental code that has a corresponding medical code;

(d) For clients enrolled in a DCO or CCO responsible for dental services, the DCO or CCO shall pay for those services in the dental plan package;

(e) Oral surgical services performed in an ASC or an inpatient or outpatient hospital setting:

(A) Require PA;

(B) For clients enrolled in a CCO, the CCO shall pay for the facility charge and anesthesia services. For clients enrolled in a Physician Care Organization (PCO), the PCO shall pay for the outpatient facility charge (including ASCs) and anesthesia. Refer to the current Medical Surgical Services administrative rules in OAR chapter 410, division 130 for more information;

(C) If a client is enrolled in a CCO or PHP, the provider shall contact the CCO or PHP for any required authorization before the service is rendered.

(f) All codes listed as "by report" require an operative report;

(g) The Division covers payment for tooth re-implantation only in cases of traumatic avulsion where there are good indications of success;

(h) Biopsies collected are reimbursed as a dental service. Laboratory services of biopsies are reimbursed as a medical service;

(i) The Division does not cover surgical excisions of soft tissue lesions (D7410-D7415);

(j) Extractions — Includes local anesthesia and routine postoperative care, including treatment of a dry socket if done by the provider of the extraction. Dry socket is not considered a separate service;

(k) Surgical extractions:

(A) Include local anesthesia and routine post-operative care;

(B) The Division limits payment for surgical removal of impacted teeth or removal of residual tooth roots to treatment for only those teeth that have acute infection or abscess, severe tooth pain, or unusual swelling of the face or gums;

(C) The Division does not cover alveoloplasty in conjunction with extractions (D7310 and D7311) separately from the extraction;

(D) The Division covers alveoplasty not in conjunction with extractions (D7320-D7321) only for clients under 21 years of age or who are pregnant.

(L) Frenulectomy/frenulotomy (D7960) and frenuloplasty (D7963):

(A) The Division covers either frenulectomy or frenuloplasty once per lifetime per arch only for clients under age 21;

(B) The Division covers maxillary labial frenulectomy only for clients age 12 through 20;

(C) The Division shall cover frenulectomy/frenuloplasty in the following situations:

(i) When the client has ankyloglossia;

(ii) When the condition is deemed to cause gingival recession; or

(iii) When the condition is deemed to cause movement of the gingival margin when the frenum is placed under tension.

(m) The Division covers excision of pericoronal gingival (D7971) only for clients under age 21 or who are pregnant.

(11) ORTHODONTIA SERVICES:

(a) The Division limits orthodontia services and extractions to eligible clients:

(A) With the ICD-10-CM diagnosis of:

(i) Cleft palate; or

(ii) Cleft palate with cleft lip; and

(B) Whose orthodontia treatment began prior to 21 years of age; or

(C) Whose surgical corrections of cleft palate or cleft lip were not completed prior to age 21.

(b) PA is required for orthodontia exams and records. A referral letter from a physician or dentist indicating diagnosis of cleft palate or cleft lip shall be included in the client's record and a copy sent with the PA request;

(c) Documentation in the client's record shall include diagnosis, length, and type of treatment;

(d) Payment for appliance therapy includes the appliance and all follow-up visits;

(e) Orthodontists evaluate orthodontia treatment for cleft palate/cleft lip as two phases. Stage one is generally the use of an activator (palatal expander), and stage two is generally the placement of fixed appliances (banding). The Division shall reimburse each phase separately;

(f) The Division shall pay for orthodontia in one lump sum at the beginning of each phase of treatment. Payment for each phase is for all orthodontia-related services. If the client transfers to another orthodontist during treatment, or treatment is terminated for any reason, the orthodontist shall refund to the Division any unused amount of payment after applying the following formula: Total payment minus $300.00 (for banding) multiplied by the percentage of treatment remaining;

(g) The Division shall use the length of the treatment plan from the original request for authorization to determine the number of treatment months remaining;

(h) As long as the orthodontist continues treatment, the Division may not require a refund even though the client may become ineligible for medical assistance sometime during the treatment period;

(i) Code:

(A) D8660 — PA required (reimbursement for required orthodontia records is included);

(B) Codes D8010-D8690 — PA required.

(12) ADJUNCTIVE GENERAL AND OTHER SERVICES:

(a) Fixed partial denture sectioning (D9120) is covered only when extracting a tooth connected to a fixed prosthesis and a portion of the fixed prosthesis is to remain intact and serviceable, preventing the need for more costly treatment;

(b) Anesthesia:

(A) Only use general anesthesia or IV sedation for those clients with concurrent needs: age; physical, medical or mental status; or degree of difficulty of the procedure (D9223 and D9243);

(B) The Division reimburses providers for general anesthesia or IV sedation as follows:

(i) D9223 or D9243: For each 15-minute period, up to three and a half hours on the same day of service;

(ii) Each 15-minute period represents a quantity of one. Enter this number in the quantity column.

(C) The Division reimburses administration of Nitrous Oxide (D9230) per date of service, not by time;

(D) Oral pre-medication anesthesia for conscious sedation (D9248):

(i) Limited to clients under 13 years of age;

(ii) Limited to four times per year;

(iii) Includes payment for monitoring and Nitrous Oxide; and

(iv) Requires use of multiple agents to receive payment.

(E) Upon request, providers shall submit a copy of their permit to administer anesthesia, analgesia, and sedation to the Division;

(F) For the purpose of Title XIX and Title XXI, the Division limits payment for code D9630 to those oral medications used during a procedure and is not intended for "take home" medication.

(c) The Division limits reimbursement of house/extended care facility call (D9410) only for urgent or emergent dental visits that occur outside of a dental office. This code is not reimbursable for provision of preventive services or for services provided outside of the office for the provider or facilities' convenience;

(d) Oral devices/appliances (E0485, E0486):

(A) These may be placed or fabricated by a dentist or oral surgeon but are considered a medical service;

(B) Bill the Division, CCO, or the PHP for these codes using the professional claim format.

Oregon Health Authority, Health Systems Division: Mental Health Services
Chapter 309

Rule Caption: Temporary adoption of new rules regarding certifications of behavioral health treatment services.

Adm. Order No.: MHS 6-2016(Temp)

Filed with Sec. of State: 6-28-2016

Certified to be Effective: 7-1-16 thru 12-27-16

Notice Publication Date:

Rules Adopted: 309-008-0100, 309-008-0200, 309-008-0250, 309-008-0300, 309-008-0400, 309-008-0500, 309-008-0600, 309-008-0700, 309-008-0800, 309-008-0900, 309-008-1000, 309-008-1100, 309-008-1200, 309-008-1300, 309-008-1400, 309-008-1500, 309-008-1600

Subject: (1) Purpose. These rules establish procedures for the application, initial certification, renewal of certification, review, and other actions on a certificate including revocation, denial, suspension, and placement of conditions for the behavioral health treatment services for the types listed in subsection (2) of this rule.

(2) Scope. These procedural rules apply to providers of behavioral health treatment services seeking certification to provide services issued under the referenced service delivery rules:

(a) OAR 309-014-0000 to 0040 (Mental Health Division Community Mental Health and Developmental Disability Services Contractors);

(b) OAR 309-018-0100 to 0215 (Residential Substance Use Disorders Treatment and Recovery Services and Residential Problem Gambling Treatment and Recovery Services);

(c) OAR 309-019-0100 to 0220 (Outpatient Addictions and Mental Health Services);

(d) OAR 309-022-0100 to 0190 (Intensive Treatment Services for Children and Adolescents);

(e) OAR 309-022-0195 to 0230 Children's Emergency Safety Intervention Specialist);

(f) OAR 309-033-0700 to 0740 (Community Hospital and Non-hospital Facilities to provide Seclusion and Restraint to Committed Persons and Persons in Custody or in Diversion);

(g) OAR 309-039-0500 to 0580 (Non-Inpatient Mental Health Treatment Services);

(h) OAR 415-020-0000 to 0090 (Out-Patient Opioid Treatment Programs);

(i) OAR 415-054-0020 to 0580 (DUII Alcohol/Other Drug Information and DUII Alcohol/Other Drug Rehabilitation Programs);

(j) OAR 415-054-0400 to 0580 (Alcohol and Drug Evaluation and Screening Specialist);

(k) OAR 415-055-0000 to 0035 (Recommendations For Restricted License For Driving Under The Influence of Intoxicants and Other Related Suspensions and/or Revocations; and

(l) OAR 415-057-0020 to 0150 (Adult Prison-Based Alcohol and Other Drugs Treatment Programs for the Department of Corrections).

(3)These rules do not establish procedures for other health care services types or licenses not listed in subsection (2) of this rule and specifically do not establish procedures for:

(a) Licensing a residential facility under ORS 443.410 or 443.725;

(b) Licensing or certifying an individual behavioral health care practitioner otherwise licensed to render behavioral health care services in accordance with applicable statutes by the applicable licensing board; or

(c) Licensing or certifying a behavioral health treatment services provider comprised exclusively of health care practitioners or behavioral health care practitioners otherwise licensed to render behavioral health care services in accordance with applicable statutes by the applicable licensing board.

Rules Coordinator: Nola Russell—(503) 945-7652

309-008-0100

Purpose and Scope

(1) Purpose. These rules establish procedures for the application, initial certification, renewal of certification, review, and other actions on a certificate including revocation, denial, suspension, and placement of conditions for the behavioral health treatment services for the types listed in subsection (2) of this rule.

(2) Scope. These procedural rules apply to providers of behavioral health treatment services seeking certification to provide services under the referenced service delivery rules:

(a) OAR 309-014-0000 to 0040 (Mental Health Division Community Mental Health and Developmental Disability Services Contractors);

(b) OAR 309-018-0100 to 0215 (Residential Substance Use Disorders Treatment and Recovery Services and Residential Problem Gambling Treatment and Recovery Services);

(c) OAR 309-019-0100 to 0220 (Outpatient Addictions and Mental Health Services);

(d) OAR 309-022-0100 to 0190 (Intensive Treatment Services for Children and Adolescents);

(e) OAR 309-022-0195 to 0230 Children's Emergency Safety Intervention Specialist);

(f) OAR 309-033-0700 to 0740 (Community Hospital and Nonhospital Facilities to provide Seclusion and Restraint to Committed Persons and Persons in Custody or in Diversion);

(g) OAR 309-039-0500 to 0580 (Non-Inpatient Mental Health Treatment Services);

(h) OAR 415-020-0000 to 0090 (Out-Patient Opioid Treatment Programs);

(i) OAR 415-054-0020 to 0580 (DUII Alcohol/Other Drug Information and DUII Alcohol/Other Drug Rehabilitation Programs);

(j) OAR 415-054-0400 to 0580 (Alcohol and Drug Evaluation and Screening Specialist);

(k) OAR 415-055-0000 to 0035 (Recommendations For Restricted License For Driving Under The Influence of Intoxicants and Other Related Suspensions and/or Revocations; and

(l) OAR 415-057-0020 to 0150 (Adult Prison-Based Alcohol and Other Drugs Treatment Programs for the Department of Corrections).

(3) These rules do not establish procedures for other health care services types or licenses not listed in subsection (2) of this rule and specifically do not establish procedures for:

(a) Licensing a residential facility under ORS 443.410 or 443.725;

(b) Licensing or certifying an individual behavioral health care practitioner otherwise licensed to render behavioral health care services in accordance with applicable statutes by the applicable licensing board; or

(c) Licensing or certifying a behavioral health treatment services provider comprised exclusively of health care practitioners or behavioral health care practitioners otherwise licensed to render behavioral health care services in accordance with applicable statutes by the applicable licensing board.

Definitions

(1) "ASAM PCC" means the most current publication of the American Society of Addiction Medicine Patient Placement Criteria for the Treatment of Substance-related Disorders, which is a clinical guide used in matching individuals to appropriate levels of care, and incorporated by reference in these rules.

(2) "Applicant" means any provider with an existing certificate listed in OAR 309-008-0100(2) to provide behavioral health treatment services or any person, organizational provider, tribal organization, or Community Mental Health Program seeking initial certification listed in OAR 309-008-0100(2) by submitting an application to provide behavioral health treatment services.

(3) "Behavioral Health" means mental health, mental illness, addictive health, and addiction and gambling disorders.

(4) "Behavioral Health Treatment Services" means mental health treatment, substance use disorder treatment, and problem gambling treatment services.

(5) "Certificate" means the document or documents issued by the Division, which identifies and declares certification of a provider pursuant to these rules. A letter accompanying issuance of the certificate will detail the scope and approved service delivery locations of the certificate.

(6) "Certification Review" means an assessment of a provider or applicant by the Division or by another state agency or contractor on behalf of the Division, for the purpose of assessing compliance with these rules, with applicable service delivery rules, and other applicable regulations.

(7) "Community Mental Health Program" (CMHP) means the organization of various services for persons with a mental health diagnosis or addictive disorders, operated by, or contractually affiliated with, a local mental health authority and operated in a specific geographic area of the state under an agreement with the Division pursuant to OAR 309-014-0000.

(8) "Condition" means a provision attached to a new or existing certificate that limits or restricts the scope of the certificate or imposes additional requirements on the applicant or provider.

(9) "Coordinated Care Organization" (CCO) means an entity that has been certified by the Authority to provide coordinated and integrated health services.

(10) "Director" means the Director of the Oregon Health Authority or the Director's designee.

(11) "Division" means the Health Systems Division (HSD) of the Oregon Health Authority or the Division's designee.

(12) "Division Staff" means those staff employed by the Division to conduct certification activities under these rules or a contracted entity delegated the authority by the Division to conduct certification activities under these rules.

(13) "Individual" means the person requesting or receiving behavioral health treatment services from a provider certified by the Division pursuant to these rules.

(14) "Individual Services Records" means documentation, written or electronic, regarding an individual including information relating to entry, assessment, orientation, services and supports planning, services and supports provided, and transfer.

(15) "Initial Certification" means a certificate issued to a new provider.

(16) "Non-Inpatient Provider" means a provider not contractually affiliated with the Division, a CMHP, or other contractor of the Division, providing behavioral health treatment services under group health insurance coverage which seeks or maintains Division approval under ORS 743A.168)

(17) "Oregon Health Authority" (Authority) means the agency established in ORS Chapter 413 that administers the funds for Titles XIX and XXI of the Social Security Act. It is the single state agency for the administration of the medical assistance program under ORS chapter 414. For purposes of these rules, divisions of the Oregon Health Authority include the Public Health Division and the Health Systems Division.

(18) "Plan of Correction" (POC) means a written plan and attached supporting documentation created by the provider when required by the Division to address findings of noncompliance with these rules or applicable service delivery rules.

(19) "Provider" means a person, organizational provider as defined in ORS 430.637(1)(b), tribal organization, or CMHP that holds a current certificate listed in OAR 309-008-0100(2) to provide behavioral health treatment services pursuant to these and applicable service delivery rules.

(20) "Program Staff" includes employees of the provider, persons who provide services by contract with the provider, program administrators, directors, or others who manage the provision of services, and the provider itself where the provider is a person or a group of persons.

(21) "Program Director" means a person with appropriate professional qualifications and experience as regulated by the applicable service delivery rules listed on the certificate, who is designated to manage the operation of a program.

(22) "Public Funds" means financial support, in part or in full, provided directly or indirectly by a local, state, or federal government.

(23) "Regulatory Standard" means a rule, condition, or requirement describing the following information for products, systems, or practices:

(a) Classification of components;

(b) Specification of materials, performance, or operations; or

(c) Delineation of procedures.

(24) "Service Delivery Rules" means the OAR describing the specific regulatory standards for each of the types of behavioral health treatment services the Division certifies under these rules and as listed in OAR 309-008-0100(2).

(25) "Service Delivery Location" means the office, facility, location, or other physical premises where the applicant or provider intends to provide or currently provides behavioral health treatment services. .

(26) "Services" means those activities and treatments intended to assist the individual's transition to recovery from a substance use disorder, gambling disorder or mental health condition, and to promote resiliency, and rehabilitative and functional individual and family outcomes.

(27) "Substantial Compliance" means a level of adherence to applicable administrative rules, statutes, and other applicable regulations which even if one or more requirements is not met, does not, in the determination of the Division:

(a) Constitute a danger to the health, welfare or safety of any individual or to the public;

(b) Constitute a willful, negligent, or ongoing violation of the rights of any individuals as set forth in administrative rules; or

(c) Constitute impairment to the accomplishment of the Division's purposes in approving or supporting the applicant or provider.

(28) "Substantial Failure to Comply" means a level of adherence to applicable administrative rules, statutes, contractual requirements, and other applicable regulations, which in the determination of the Division:

(a) Constitutes a danger to the health, welfare or safety of any individual or to the public;

(b) Constitutes a willful, negligent, or ongoing violation of the rights of individuals as set forth in applicable administrative rules; or

(c) Constitutes impairment to the accomplishment of the Division's purposes in approving or supporting the applicant or provider.

(29) "Treatment" means the planned, medically appropriate, individualized program of medical, psychological, and rehabilitative procedures, experiences and activities designed to remediate symptoms of a DSM diagnosis.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Stats. Implemented: 413.520, 426.060, 426.140, 430.010, 430.254, 430.335, 430.590, 430.620, 430.637, 813.021, & 813.260.

Required Certifications for Behavioral Health Treatment Services

(1) A current certificate is required for each provider offering behavioral health treatment services by contract with the Division, by contract with a public body, or by receipt of other public funds except as provided

in subsection (4) of this rule. A provider is considered to contract with a public body or receive public funds where:

(a) The provider operates under an intergovernmental agreement, a direct contract with the Division, or a direct contract with one or more CCOs;

(b) The provider receives funds administered by the Division or one or more CCOs;

(c) The provider is a community hospital, regional acute care psychiatric facility, or nonhospital facility providing care, custody, and treatment for a committed person in custody, or a person on diversion pursuant to ORS 426.070 & 426.140; and

(d) The provider is a CMHP operating under 309-014-0000.

(2) A current certificate is required for each provider offering behavioral health treatment services by contract with the Division, by contract with a public body, or by receipt of other public funds for the following types of behavioral health treatment services:

(a) A publicly or privately operated program as defined in ORS 430.010 that provides assessment, treatment, rehabilitation, and twenty-four hour observation and monitoring for individuals with alcohol and other drug dependence, consistent with Level III of ASAM PCC, as regulated under OAR 309-18-0100 to 0215.

(b) Residential mental health treatment services offering mental health treatment services beyond the scope of their residential licensure issued under OAR 309-035-0000; and

(c) A publicly or privately operated program that provides assessment, treatment, rehabilitation, and twenty-four hour observation and monitoring for individuals with gambling related problems, as regulated under OAR 309-018-0100 to 0215.

(3) An applicant or provider not described in subsection (1) or (2) of this rule offering behavioral health treatment services regulated by the service delivery rules listed in 309-008-0100(2), and reimbursable under group health coverage as set forth in ORS 743A.168, may seek certification pursuant to these rules in order to establish reimbursement eligibility.

(4) A certificate under these rules is not required for the following types of providers regardless of whether public funds are received:

(a) An individual behavioral health care practitioner otherwise licensed to render behavioral health care services in accordance with applicable statutes by the applicable licensing board; or

(b) A behavioral health treatment services provider comprised exclusively of health care practitioners or behavioral health care practitioners otherwise licensed to render behavioral health care services in accordance with applicable statutes by the applicable licensing board, independent of payer or funding source.

(5) Certificates are not a substitute for a required license, such as those required in ORS 443.410 and 443.725 for residential facilities.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Stats. Implemented: 413.520, 426.060, 426.140, 430.010, 430.254, 430.335, 430.590, 430.620, 430.637, 813.021, & 813.260.

Terms of Certification

(1) Each applicant and provider agrees, as a term of certification:

(a) To permit Division staff to inspect the service delivery location(s) where the applicant or provider intends to provide or currently provides behavioral health treatment services:

(A) During regular business hours and at any other reasonable hour to verify information contained in the application or to ensure compliance with all applicable statutes, administrative rules, other applicable regulations, or contractual obligations; and

(B) For immediate entry and inspection, extending to any premises the Division has reason to believe a provider provides behavioral health treatment services.

(b) To permit Division staff to inspect, audit, assess and collect data or copies from all records maintained by the applicant or provider in relation to the certificate including but not be limited to:

(A) Financial records;

(B) Individual Service Records;

(C) Records related to the supply, storage, disbursement, and administration of prescribed and over-the-counter medications;

(D) Records of utilization and quality assurance reviews conducted by the applicant, provider, or other accredited entity;

(E) Employee records including, but not limited to:

(i) Academic degrees;

(ii) Professional licenses;

(iii) Supervision notes, disciplinary actions, and logs; and

(iv) Criminal background checks;

(v) All documentation required by applicable service delivery rules, statute, other applicable regulations, and administrative rules;

(vi) Additional documentation deemed necessary by the Division to determine compliance with this or any other applicable administrative rules, statutes, or other applicable regulations;

(c) That the provider is certified to provide only those services which are specified in the scope of services and conditions listed on the certificate

(d) To post the certificate or a legible copy and any accompanying letter noting approved service delivery locations or applicable conditions in a public space of each approved service delivery location to be available for inspection at all times;

(e) That the certificate does not create an express or implied contract in the absence of a fully executed written contract; and

(f) That the certificate is not transferable to any other person, provider, or service delivery location without Division approval.

(2) Nondiscrimination; Special Populations: The Division shall not discriminate in its review procedures or services on the basis of race, color, national origin, age, or disability. The Division may issue certificates to specialized programs to assure maximum benefit for special populations, in which case, the Division may identify that special population in the certificates and impose applicable program criteria under the applicable service delivery rules.

(3) A certificate is void immediately:

(a) Upon voluntary closure by a provider;

(b) Upon change in the provider's majority or controlling ownership; or

(c) Upon the listed expiration date of the certificate if the provider fails to timely submit a complete application for certification renewal pursuant to these rules;

(4) Discontinuation of services:

(a) A provider discontinuing services voluntarily must:

(A) Notify the Division at least 60 days prior to the date of voluntary closure and provide a written pl an to comply with record retention standards set out in OAR 309-014-0035(4) and 42 CFR Part 2, "Federal Confidentiality Regulations" as applicable;

(B) Make reasonable and timely efforts to obtain alternative treatment placement or other services for individuals currently being served; and

(c) Make reasonable and timely efforts to contact individuals on waitlists and refer them to other treatment services; and

(d) A provider discontinuing services must provide individuals with a minimum 30-day written notice regarding discontinuation of services. In circumstances where undue delay might jeopardize the health, safety, or welfare of individuals or the public, including where the Division has revoked or immediately suspended the certificate pursuant to OAR 309-008-1100, the provider must notify individuals regarding the discontinuation of services as soon as possible.

The Application Process

(1) Application Required. An applicant seeking initial certification or certification renewal, and an existing provider seeking to expand its certified scope of services, relocate an existing service delivery location, or open new service delivery location(s) must submit a completed application to the Division.

(2) The Division will furnish an application with instructions, and provide appropriate technical assistance to facilitate completion of the application, upon:

(a) Request from an applicant seeking initial certification;

(b) Request from an existing provider seeking certification renewal congruent with timelines established by these rules;

(c) Request from an existing provider seeking to add or relocate service delivery location(s); and

(d) Request from an existing provider seeking to change the scope of services approved on the current certificate.

(3) An applicant with multiple service delivery locations must submit documentation with the application sufficient for the Division to evaluate each service delivery location. A separate application for each service delivery location is not required.

(4) The application must be legible and completed on the forms furnished by the Division, in the manner specified by the Division. Each application must include:

(a) A detailed plan outlining the implementation of the proposed services congruent with these rules, applicable service delivery rules, other applicable regulations, and OAR and ORS noted herein;

(b) Written attestation by the applicant that all applicable rules of the Division for provision of the proposed services will be met and maintained in substantial compliance with applicable service delivery rules;

(c) Other documentation required by applicable OAR, ORS, other applicable regulations, local regulations, contract or by judgment of the Division to assess applicant's compliance with administrative rules; and

(d) Complete and current copies of the following documents:

(A) A description of the applicant's service delivery location(s) describing the type and scope of behavioral health treatment services provided or proposed by the applicant at each service delivery location;

(B) Applicant's policies regarding credentialing practices of individual practitioners;

(C) Applicant's liability insurance coverage listing all covered service delivery location(s);

(D) Applicant's policies and procedures regarding seclusion and restraint practices; and

(E) Applicant's Code of Conduct.

(5) Where applicable, the Division will maintain copies of the documents listed in subsection (4)(d) of this rule within the Division's CCO document bank.

(6) Timeframe for application submission:

(a) Initial Certification: An applicant seeking initial certification under these rules must submit a completed application at least six months in advance of the applicant's desired date of certification;

(b) Certification Renewal: An applicant seeking to renew its certificate must:

(A) Request an application from the Division; and

(B) Submit a complete application at least six months prior to the expiration of the existing certificate.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Stats. Implemented: 413.520, 426.060, 426.140, 430.010, 430.254, 430.335, 430.590, 430.620, 430.637, 813.021, & 813.260.

Response to Application

(1) Upon receipt of application materials, the Division will conduct a comprehensive audit of the application materials to determine compliance with these rules.

(a) Complete Application. Within 60 days of the Division's receipt of a complete application compliant with these rules:

(A) The Division will notify the applicant that the application has been accepted as complete; and

(B) The Division will contact the applicant to schedule a certification review.

(b) Incomplete Application. Within 60 days of the Division's receipt of an incomplete application, the Division will provide written feedback describing any necessary amendment to the application prior to resubmission. To resubmit, the applicant must submit an amended application to the Division for review within 21 calendar days of receipt of the Division's written feedback.

(2) When an application is denied, the Division will issue a written notice of denial within 14 days of the determination in accordance with ORS 183.

(3) Applications for certification will be denied where:

(a) The applicant's proposed behavioral health treatment services are not subject to the service delivery rules listed in OAR 309-008-0100(2) and therefore are not subject to certification under these rules;

(b) The applicant fails to demonstrate substantial compliance with applicable statutes, administrative rules, or other applicable regulations.

(c) The applicant fails to re-submit complete application materials within 21 calendar days of receipt of the Division's written feedback;

(d) The applicant timely re-submits the application but the Division finds the re-submitted application remains incomplete or fails to demonstrate substantial compliance with applicable statutes, administrative rules, or other applicable regulations;

(e) The applicant submits an application within 180 days of a prior application denial or certificate revocation under these rules by the Division.

(4) The Division may elect to deny an application prior to review when:

(a) The applicant has previously had any certification or license suspended or revoked by the Division, Oregon Health Authority, the Oregon Department of Human Services, or any other similar state agency outside of Oregon;

(b) The applicant has been denied certification due to failure to submit complete application materials two or more times within the previous three calendar years;

(c) The applicant is listed on any current Medicaid exclusion list under OAR 410-120-1380(1)(c)(J); or

(d) The applicant submits false or inaccurate information to the Division.

(5) Withdrawal of Application. An applicant may withdraw an initial or renewal application at any time prior to the Division acting on the application unless the Division has determined that the applicant submitted false or misleading information in which case the Division may refuse to accept the withdrawal and may issue a notice of proposed denial in accordance with this rule.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Stats. Implemented: 413.520, 426.060, 426.140, 430.010, 430.254, 430.335, 430.590, 430.620, 430.637, 813.021, & 813.260.

Appealing Denial of Application for Certification

(1) Hearing. Where the Division has denied an application under these rules, the Division must notify the applicant in writing and provide the applicant the opportunity to request a hearing under ORS Chapter 183. Any request for a contested case hearing must be submitted in writing to the Division by the applicant according to the deadline set out in the notice of denial.

(2) Review by the Division. Where the Division has denied an application under these rules, in addition to, or in lieu of, a hearing under ORS Chapter 183, an applicant may request, in writing, an appeal review by the Director.

(a) To obtain review, the applicant must submit a written request for the appeal review to the Division within fourteen (14) calendar days of receipt of the notice of denial;

(b) The Director, whose decision is final, must conduct an appeal review meeting within 30 days of receipt of the applicant's written request;

(c) If the Director overturns the denial, the Division will issue written notice to the applicant within fourteen (14) calendar days of the appeal review meeting. The notice will inform the applicant of the outcome of their appeal hearing and will either:

(A) Include an approved certification per these rules; or

(B) Include written notice of required amendment to application materials and a timeframe for re-submission per these rules.

(d) If the Director affirms the denial, the notice of denial will become final, the application closed, and a notice of the appeal review outcome mailed to the applicant within fourteen (14) days of the appeal review meeting.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Stats. Implemented: 413.520, 426.060, 426.140, 430.010, 430.254, 430.335, 430.590, 430.620, 430.637, 813.021, & 813.260.

309-008-0700
Types of Reviews

(1) The Division may conduct the following types of certification reviews as appropriate:

(a) Initial Certification Review. After receipt of a complete application and consistent with OAR 309-008-0500(1)(a)(B), Division staff will complete a comprehensive audit of the required application documentation and the service delivery location(s). The Division will not issue an initial certification without a completed Initial Certification Review;

(b) Certification Renewal Review. After receipt of a complete application and consistent with OAR 309-008-0500(1)(a)(B), Division staff will complete a comprehensive audit of the required application documentation and the service delivery location(s). For continued certification, Certification Renewal Reviews must occur prior to the expiration of the existing certificate and at least once every three years;

(c) Discretionary Certification Reviews. The Division may conduct Discretionary Certification Reviews with reasonable notice to ensure com-

pliance with applicable statute, administrative rules, other applicable regulations, and contractual obligations.

(A) Discretionary Certification Reviews may be conducted by the Division with or without notice for the following reasons:

(i) The Division has reasonable concern the provider may act to alter records or make them unavailable for inspections;

(ii) The Division has received a complaint or information which suggest or allege conditions or practices which could threaten the health, safety, rights, or welfare of individuals; or

(iii) The Division has reason to believe a certification review is necessary to ensure a provider is in substantial compliance with these rules, service delivery rules, other applicable administrative rules, contractual obligations or with conditions placed upon the certificate;

(5) If Division staff are not permitted access to records or service delivery location(s) for the purpose of conducting a certification review consistent with these rules, the Division may take action on the certificate up to and including the application of conditions, suspension, or revocation.

(6) Inspections By Other Agencies: A provider or applicant must permit state or local fire inspectors and state or local health inspectors to enter and inspect the service delivery location(s) as required by administrative rule, state fire code, or local regulations.

(7) Desk Reviews. At the sole discretion of the Division, Division staff may complete a certification review partially or fully via a desk review process. A desk review process is where Division staff conduct a certification review based on the provider or applicant's submission of required documentation and telephonic interviews where Division staff do not physically visit the service delivery location(s).

(a) The Division will furnish a list of documentation necessary to complete the desk review to the applicant or provider;

(b) The applicant or provider must submit all requested documents to the Division in compliance with state and federal privacy and data transmission regulations;

(c) The Division may elect to schedule telephone interviews deemed necessary to fulfill the objectives of a certification review; and

(d) Upon completion of the desk review, the Division will securely dispose of documentation containing protected health information submitted by the applicant or provider.

Conduct of Certification Reviews

(1) The Division will employ review procedures deemed adequate to determine applicant or provider compliance with applicable administrative rules, statutes, other applicable regulations, and as necessary, contractual obligations. These procedures may include but are not limited to:

(a) Entry and inspection of any service delivery location(s);

(b) Review of documents pursuant to this rule; and

(c) Interviews with or a request for completion of a questionnaire, by persons knowledgeable of the provider or applicant. Individuals interviewed may include program staff, managers, governing or advisory board members, allied agencies, individuals, their family members, and significant others;

(2) Program staff must cooperate with Division staff during a certification review.

(3) Within 30 days following the completion of each discretionary review the Division may, at their discretion, issue a report and require a Plan of Correction congruent with section (4) of this rule.

(4) Within 30 days following the completion of each initial or renewal certification review the Division will issue a report including:

(a) A statement of deficiency including a description of the review findings related to non-compliance with applicable administrative rules, statutes, other applicable regulations and any required corrective actions where applicable;

(b) Conditions the Division intends to include on a certificate, when applicable;

(c) The Plan of Correction (POC): When pursuant to a certification review, the Division determines a provider or applicant is not operating in substantial compliance with all related statutes, administrative rules and other applicable regulations and the plan of correction process is appropriate, the Division may require the provider or applicant to submit a POC. The Division will provide written notice of the requirement to submit a POC and the provider or applicant must prepare and submit a POC according to the following terms:

(A) The provider or applicant must submit the POC to the Division within 30 days of receiving the statement of deficiency. The Division may issue up to a 90 day extension to the existing certification to allow the provider or applicant to complete the plan of correction process.

(B) The POC must address each finding of non-compliance and must include:

(C) The planned action(s) or action(s) already taken to correct each finding of non-compliance;

(D) The anticipated or requested timeframe for the completion of each corrective action not yet complete at the time of POC submission to the Division;

(E) A description of and plan for quality assurance activities intended to ensure ongoing compliance; and

(F) The person(s) responsible for ensuring the implementation of each corrective action within the plan of correction;

(d) POC Clarification Necessary. If the Division finds that clarification or supplementation to the POC is required prior to approval, Division staff will contact the provider or applicant to provide notice of requested clarification or supplementation, and the provider or applicant will submit an amended plan of correction within 14 calendars days of notification.

(e) The provider must submit a sufficient POC approved by Division prior to receiving a certificate. Upon the Division's approval of the POC, the Division will issue the appropriate certification pursuant to these rules.

(f) Failure to Submit POC. The Division may deny, suspend, or revoke an applicant or provider's certification if the provider fails to submit an adequate POC within the timeframes established in this rule.

(5) Substantial Compliance. When the Division determines a provider or applicant to be in substantial compliance with all related statutes, administrative rules and other applicable regulations, the Division will not require a POC. For certification reviews conducted for purposes of initial certification or renewal of a certification, the Division will issue a certificate pursuant to these rules.

309-008-0900

Issuing Certificates

(1) Issuing Certificates. The Division will issue an approved applicant a certificate to provide behavioral health treatment services as follows:

(2) Every certificate will;

(a) Be signed by the Director;

(b) Apply to all approved service delivery locations listed in the accompanying letter;

(c) List the service delivery rules under which the applicant or provider is approved to provide services;

(d) List the effective and expiration dates of the certificate;

(e) List any conditions applied to the certificate;

(f) List any variances approved by the Division; and

(g) Be accompanied by a letter from the Division noting:

(A) All service delivery locations approved under the certificate; and

(B) Approved alternative practices related to variances listed on the certificate

(3) Initial Certification. After conduct of the certification review, the Division will issue initial certificates to new applicants that demonstrate substantial compliance with applicable administrative rules and statutes:

(a) For up to one (1) calendar year from the date of initial certification; and

(b) Initial certifications may be issued with conditions pursuant to this rule.

(4) Certification Renewal. After conduct of the certification review, and the plan of correction process where applicable, the Division will renew the certificate of an applicant with a current certification that demonstrate substantial compliance with applicable administrative rules, or statutes:

(a) For up to three (3) calendar years from the date of renewal; and

(b) Renewal certifications may be issued with conditions pursuant to this rule.

(5) Certificates with Conditions. The Division may elect at any time and at its discretion to place time-limited conditions on a certificate upon a finding that:

(a) The applicant or provider employs or contracts with any program staff who has mistreated or otherwise engaged in abusive behavior or has been substantiated for abuse or mistreatment;

(b) The applicant or provider employs or contracts with any program staff that fails to meet relevant minimum qualifications per the applicable service delivery rule(s);

(c) The applicant or provider is substantiated for abuse or mistreatment;

(d) The applicant or provider operates such that there is a threat to the health, welfare, or safety of an individual or the public;

(e) The applicant or provider fails to operate in substantial compliance with these or other applicable administrative rules or regulations;

(f) The applicant or provider fails to fully implement or adequately maintain a corrective action required by an approved POC;

(g) The Division has issued the applicant or provider through two or more consecutive certification reviews substantially similar finding(s) of non-compliance with these rules, service delivery rules, or other applicable administrative rules, statutes or regulations;

(h) There is a need for increased regulatory oversight of the applicant or provider;

(i) The applicant or provider fails to comply with any reporting requirements relating to funding or certification; or

(j) The applicant or provider is unable to comply with applicable rules or regulations due to staffing shortfalls; or

(k) The applicant or provider qualifies for placement of a condition on the certificate pursuant to applicable service delivery rules.

(6) The Division will consider the sum of the circumstances, including the following criteria, when deciding whether to issue a certificate with conditions as opposed to denying, suspending, refusing to renew, or revoking a certificate;

(a) The expressed willingness and demonstrated ability of the applicant or provider to gain and maintain compliance with all applicable administrative rules and regulations;

(b) Submission of a POC prescribing reasonable, sustained and timely resolution to areas of non-compliance;

(c) The relative availability of alternative providers to address any service needs that would be unmet if the applicant or provider is not issued a certificate with conditions as an alternative to revocation or refusal to award a certificate; or

(d) The applicant or provider's historical compliance with Division rules, previous conditions placed on certificates, and previous POCs.

(7) Conditions to the certificate may include:

(a) Requiring corrective actions with associated timeframes for completion necessary for the applicant or provider to correct areas of non-compliance or concern identified by the Division;

(b) Limiting the total number of individuals enrolled in services or on a waitlist for services;

(c) Limiting the demographics including the age range of individuals who may by the applicant or provider;

(d) Limiting the scope and type of services that the applicant or provider may provide;

(e) Other conditions deemed necessary by the Division to ensure the health and safety of individuals and the public; and

(f) Other conditions deemed necessary by the Division for the purpose of ensuring regulatory compliance with this or other applicable administrative rules and regulations.

(8) The Division will:

(a) List the conditions on the certificate;

(b) Notify the applicant or provide in writing the condition(s) imposed; and

(c) The duration of the condition(s), and actions required for the removal of the condition from the certificate.

(9) Duration of Conditions. The Division will determine the duration of each condition listed on a certificate. Conditions will:

(a) Be issued for no longer than one (1) year;

(b) Be removed from the certificate when the applicant or provider demonstrates the successful completion of actions required the Division.

(10) Extension of Conditions. Upon an applicant or provider's application, the Division may in its discretion grant a request for an extension for no longer than six (6) months beyond the initial condition period.

(a) The applicant or provider's request for extension must be in writing and received by the Division at least 30 calendar days prior to the expiration date of the condition listed on the certificate;

(b) The applicant or provider's request for extension must include a detailed explanation of the following for each condition to which the applicant or provider seeks an extension:

(A) Actions taken by the applicant or provider to complete the required action necessary for removal of the condition;

(B) An explanation of why any required actions will not be completed prior to the condition's expiration date;

(C) A plan detailing how and when the applicant or provider will complete the required actions necessary to remove the extended condition, not to exceed six (6) months; and

(D) An explanation as to the extenuating circumstances prohibiting the applicant or provider's timely completion of the required actions.

(c) Conditions will not be extended:

(A) Where the request for extension is not received by the Division in advance of the condition expiration date;

(B) Where the Division has already granted one extension;

(C) Where the Division finds that an extension would perpetuate significant health and safety issues;

(D) Where the condition is the result of repeated findings of non-compliance; or

(E) Where the Division finds that If the applicant or provider fails to demonstrate extenuating circumstances.

(11) The Division may deny, suspend, and refuse to renew, or revoke the certificate where the provider or applicant fails to timely complete required corrective actions for removal of the condition(s).

(12)(a) When the Division orders a condition be placed on a certificate under the provisions of this rule, the applicant or provider is entitled to request a hearing in accordance with ORS Chapter 183;

(b) In addition to, or in lieu of, requesting a hearing in accordance with ORS Chapter 183, an applicant or provider may request an informal conference with the Division per the informal conference process found in OAR 309-008-0600.

Modification to Certification

(1) Modifying Certificates. A provider with a current certificate seeking to open new service delivery location(s), relocate current service delivery locations, provide additional types of treatment services under different service delivery rules must submit a written request for Division approval prior to any such changes.

(a) The Division must receive the written request for such changes at least 60 days prior to the desired effective date for any such changes.

(b) The Division will make reasonable efforts to make final determination for approval or disapproval of changes to the certificate within 45 days of receiving the written request;

(2) A provider with a current certificate seeking to designate a new Program Director must submit a written request for Division approval prior to making such a designation.

(a) The provider must include copies of relevant qualifications with its written request when designating a new Program Director.

(b) The Division will make every reasonable effort to review documents and make a final determination regarding whether the proposed Program Director meets applicable service delivery rule requirements and qualifications within 30 days of receipt of the provider's written request. The Division will provide written notice of its determination;

(c) When an emergency requires a provider to designate a new Program Director prior to Division approval:

(A) The provider must make every reasonable effort to expediently designate a new Program Director and must submit a request for the designation to the Division within 15 calendar days of the new designation and include copies of relevant qualifications of the new Program Director; and

(B) The Division will make every reasonable effort to expediently review the provider's request for the designation and make a final determination whether the proposed Program Director meets applicable service delivery rule requirements. The Division will provide written notice of its determination.

Suspension and Revocation of Certification

(1)(a) Immediate Revocation or Suspension. Immediate Revocation or Suspension of a certificate, may occur when the Division finds there is substantial failure to comply with applicable statutes, administrative rules, service delivery rules, or other applicable regulations, such that, the Division finds that there is a serious danger to the public health or safety:

(b) Has demonstrated substantial failure to comply with these administrative rules and other applicable regulations such that the health or safety of individuals is jeopardized to the degree that immediate cessation of services by the provider is considered necessary to prevent harm to the individual.

(2) Revocation, Suspension, and Refusal to Renew Certificates with Notice. The Division may, with a 30 day notice to revoke, suspend or refuse to renew a certificate or one or more service delivery locations listed on the certificate when the Division determines a provider:

(a) Has demonstrated substantial failure to comply with these administrative rules and other applicable regulations such that the health or safety of individuals is jeopardized to the degree that cessation of services by the provider is considered necessary to prevent harm to the individual;

(b) Has demonstrated a substantial failure to comply with applicable rules and regulations such that the health or safety of individuals is found to be jeopardized during two certification reviews within a six-year period;

(c) Has failed to maintain any State of Oregon license which is a prerequisite for providing services that were approved;

(d) Has a direct contract with the Division and the Division has terminated its agreement or contract with the provider;

(e) Has failed to correct the issues detailed in a certificate with conditions within the allotted time;

(f) Has failed to submit a POC sufficient to come into substantial compliance with these and other applicable rules or regulations;

(g) Has submitted falsified or incorrect information to the Division;

(h) Has refused to allow access to information for the purpose of verifying compliance with applicable statutes, administrative rules or other applicable regulations, within a specified date or fails to submit such information following the date specified for such a submission in the written notification.

(3) When the Division determines the need to revoke, suspend, or deny renewal of a certificate issued under these rules, a notice of intent to take action on the certificate will be issued to the provider.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Informal Conference

(1) Informal Conference. Within ten (10) calendar days of the Division issuance of a notice of intent to apply a condition, revoke, suspend, or refusal to renew the certificate to an applicant or provider pursuant to these rules, the Division must offer the applicant or provider an opportunity for an informal conference. The applicant or provider must make its request for an informal conference in writing within seven (7) days of the issuance of notice. Upon receipt of a timely written request, the Division will select a location and time for such a conference, provided that the conference occurs within 14 days of the Division's receipt of the request.

(2) Following such a conference, the Division may:

(a) Approve the application or renewal, or set conditions to certification as described as allowed by these rules an alternative to denying or revoking certification;

(b) Continue to proceed with action on the provider's certificate up to and including applying conditions, suspension, revocation, or refusal to renew the certificate.

(3) The Division will provide written notice of its decision under subsection (2) of this rule within fourteen (14) calendar days of the informal conference.

Information to CCOs and Other Health Plans

(1) Upon completion of the site review process and the issuance of a certificate, the Division will make copies of the following information available to Coordinated Care Organizations and other health plans for the purpose of credentialing a provider:

(a) A current program description that reflects the type and scope of behavioral health treatment services provided by the provider;

(b) Provider policies and procedures regarding the provider's credentialing practices of individual clinicians;

(c) Statements of provider's liability insurance coverage;

(d) An attestation from the Division verifying that the provider has passed a screening and meets the minimum requirements to be a Medicaid provider, where applicable;

(e) Reports detailing the findings of the Division's certification review of the provider;

(f) The provider's Medicaid Vendor Identification Number issued by the Division, where applicable;

(g) Copies of the provider's policies and procedures regarding seclusion and restraint practices; and

(h) Copies of the provider's Code of Conduct.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

Complaints

(1) Complaints Concerning Providers. Any person may file a complaint with the Division concerning a provider holding a certificate under these rules. The Division may require the complainant to exhaust grievance procedures available through the provider and, if applicable, the Medicaid payer, prior to initiating an investigation.

(2) Complaint Investigation. The Division will only investigate a complaint concerning a provider falling within the Division's scope and regulatory authority;

(a) The Division will investigate and respond to a complaint pursuant to Division policies and procedures.

(b) The Division will refer the complainant to the appropriate entity if the complaint pertains to a provider falling outside the Division's scope or regulatory authority or otherwise regulated by another state or local entity.

(3) Consequences of a substantiated complaint related to the health, safety, or welfare of an individual or the public may result in the suspension, revocation, denial, or refusal to renew an applicant or provider's application or certificate.

Stat. Auth.: ORS 161.390, 161.392, 179.040, 179.505, 413.042, 413.032-413.033, 426.072, 426.175, 426.236, 426.500, 430.010, 430.021, 430.256, 430.357, 430.560, 430.640, 430.870, 743A.168, 743.556.

309-008-1600
Variance

(1) An applicant or provider may requests a variance to these rules, applicable service delivery rules, or other applicable regulations.

(2) Variance Submission. The applicant or provider must submit the variance request directly to the Division along with the application documents submitted to the Division. The variance request must include:

(a) A description and applicable details of the variance requested, including the applicable section of the rule for which the variance is sought;

(b) The rationale and necessity for the requested variance;

(c) The alternative practice proposed, where relevant; and

(d) The proposed duration of the variance, including a plan and timetable for compliance with the rule exempted or adjusted by the variance.

(3) Outcome of Requests for Variance. The Director, whose decision is final, will approve or deny the variance request and include an expiration date for the variance not to exceed the length of the provider's current certificate.

(4) Variance Expiration. A variance granted by the Division becomes part of the certificate. Continuance of the variance will not be automatic, and will be re-considered at the expiration of the variance, or when the certification is being considered for renewal, whichever comes first.

(5) Variance Renewal. Requesting renewal of a variance in advance of current variance expiration is the responsibility of each provider.

(6) Failure to Implement Variance. Failure by the provider to implement approved alternative practices or otherwise demonstrate noncompliance with an approved variance may result in the Division withdrawing approval for a variance.

(7) Failure by the provider to implement approved alternative practices or otherwise demonstrate noncompliance with an approved variance such that the health or safety of individuals is jeopardized to the degree that cessation of services by the provider is considered necessary to prevent harm to the individual may result in the Division taking action on the certificate pursuant to OAR 309-008-1100

Adm. Order No.: MHS 7-2016(Temp)

Filed with Sec. of State: 6-28-2016

Certified to be Effective: 7-1-16 thru 12-27-16

Notice Publication Date:

Rules Suspended: 309-012-0130(T), 309-012-0140(T), 309-012-0150(T), 309-012-0160(T), 309-012-0170(T), 309-012-0180(T), 309-012-0190(T), 309-012-0200(T), 309-012-0210(T), 309-012-0220(T), 309-012-0230

Subject: These rules establish procedures for approval of the following kinds of organizations:

(1) Any mental health service provider which is, or seeks to be, contractually affiliated with the Division or community mental health authority for the purpose of providing services described in ORS 430.630(3);

(2) Performing providers under OAR 309-016-0070;

(3) Organizations seeking Division approval of insurance reimbursement as provided in ORS 743A.168; and

(4) Holding facilities.

Rules Coordinator: Nola Russell—(503) 945-7652

309-012-0130
Purpose and Scope

(1) Purpose. These rules establish procedures for approval of the following kinds of organizations:

(a) Any mental health service provider which is, or seeks to be, contractually affiliated with the Division or community mental health authority for the purpose of providing services described in ORS 430.630(3);

(b) Performing providers under OAR 309-016-0070;

(c) Organizations seeking Division approval of insurance reimbursement as provided in ORS 743A.168; and

(d) Holding facilities.

(2) These rules do not establish procedures for residential licensure under ORS 443.410 and 443.725.

(3) These rules do not establish procedures for regulating behavioral health care practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes.

(4) These rules do not establish procedures for regulating practices exclusively comprised of behavioral healthcare practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes.

309-012-0140
Definitions

As used in these rules:

(1) "Applicant" is any entity potentially eligible to be approved as a provider under these rules and who has requested, in writing, a Certificate of Approval.

(2) "Certificate of Approval" is the document awarded under these rules signifying that a specific, named organization is judged by the Division to operate in compliance with applicable rules. A "Certificate of Approval" for mental health services is valid only when signed by the Assistant Administrator of the Division and, in the case of a subcontract provider of a CMHP, the CMHP director.

(3) "Community Mental Health Program" or "CMHP" means the organization of all services for persons with mental or emotional disturbances, operated by, or contractually affiliated with, a local mental health authority, and operated in a specific geographic area of the state under an agreement or contract with the Division.

(4) "Direct Contract" or "Contract" is the document describing and limiting the relationship and respective obligations between an organization other than a county and the Division for the purposes of operating the mental health program area within a county's boundaries, or operating a statewide, regional, or specialized mental health services.

(5) "Division" means the Addictions and Mental Health Division of the Oregon Health Authority.

(6) "Holding Facility" means hospitals or other facilities, including Division contracted acute care facilities, providing care, custody, and treatment of allegedly mentally ill persons under the emergency provisions of ORS 426.070 & 426.140.

(7) "Intergovernmental Agreement" or "Agreement" is the document describing and limiting the contractual relationship and respective obligations between a county or other government organization and the Division for the purpose of operating mental health services.

(8) "Letter of Approval" is the document awarded to service providers which states that the provider is in compliance with applicable administrative rules of the Division. Letters of Approval issued for mental health services are obsolete upon their expiration date, or upon the effective date of this rule, whichever is later. OAR 309-012-0010 is repealed upon the effective date of these rules.

(9) "Local Mental Health Authority" means the county court or board of county commissioners of one or more counties who operate a community mental health program, or in the case of a Native American reservation, the tribal council, or if the county declines to operate or contract for all or part of a community mental health program, the board of directors of a public agency or private corporation with whom the Division directly contracts to provide the mental health services program area.

(10) "Mental Health Program Area" means the organization of all services for persons with mental or emotional disturbances, operated by or contractually affiliated with, a local mental health authority, in a specific geographic area of the state.

(11) "Mental Health Services Provider" means a corporate, or government entity, which provides a service defined in a Division administrative rule, under a contract or agreement with the Division, or CMHP.

(12) "Non-Inpatient Provider" means an organization not contractually affiliated with the Division, a CMHP, or other contractor of the Division providing services under group health insurance coverage for mental or nervous conditions which seeks or maintains Division approval under ORS 743.556(3).

(13) "Provider" means either a mental health services provider, holding facility, or a non-inpatient provider.

(14) "Service Element" means a distinct service or group of services for persons with mental or emotional disturbances which is defined in administrative rule and is included in a contract or agreement issued by the Division.

(15) "Subcontract" is the document describing and limiting the relationship and obligations between a government or other entity having an agreement or contract with the Division and a third organization (subcontractor) for the purpose of delivering some or all of the services specified in the agreement or contract with the Division.

(16) "Substantial Compliance" means a level of adherence to Division rules applicable to the operation of a service which, while not meeting one or more of the requirements in an exact, literal manner, does

not, in the determination of the Division, constitute a danger to the health or safety of any person, is not a willful or a potentially continuing violation of the rights of service recipients as set forth in administrative rules, or will not prevent the accomplishment of the State's purposes in approving or supporting the subject service. "Substantial failure to comply" is used in this rule to mean the opposite of "substantial compliance."

309-012-0150
Applicability of Certificates of Approval

Certificates of Approval are awarded to mental health services providers and non-inpatient providers that are found to be in substantial compliance with applicable administrative rules:

(1) Mental health services providers are required to maintain Certificates of Approval as follows:

(a) Each community mental health program or provider operating under an Intergovernmental Agreement or a direct contract with the Division must maintain a Certificate of Approval as set forth in these rules;

(b) Each local mental health service provider operating under subcontract with a CMHP must maintain a Certificate of Approval as set forth in these rules in order to receive funds administered by the Division through the local subcontract relationship.

(2) Hospitals and other facilities which operate as holding facilities in providing care, custody, and treatment of allegedly mentally ill persons under the emergency provisions of ORS 426.070 & 426.140 must maintain a Certificate of Approval as set forth in these rules.

(3) A provider not described above which offers services that may be reimbursable under group health coverage as set forth in ORS 743A.168 for mental or emotional conditions may seek to obtain a Division Certificate of Approval in order to establish reimbursement eligibility.

(4) Certificates of Approval are not awarded as a substitute for a license such as those required in ORS 443.410 and 443.725 for residential facilities. However, the Division may require such licensed providers to obtain a Certificate of Approval if services exceeding those required for licensure are provided in return for Division financial support as set forth in section (1) of this rule.

(3) These rules do not establish procedures for regulating behavioral health care practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes.

(4) These rules do not establish procedures for regulating practices exclusively comprised of behavioral healthcare practitioners that are otherwise licensed to render behavioral healthcare services in accordance with applicable statutes.

309-012-0160
Award of Certificates of Approval for New Applicants

(1) County governments and applicants for direct contracts with the Division. Counties not operating under an agreement with the Division, or those electing to add Division service elements which are not included in their agreement, and other organizations seeking to become direct contractors of the Division following the Division's request for such contractors, may be awarded Certificates of Approval based upon the following:

(a) A plan for the implementation of the proposed services which meets the specifications of the Division;

(b) Written assurance, by an officer with authority to obligate the applicant, that all applicable rules of the Division for operation of the proposed services will be met, or if not, operated in compliance with a waiver awarded by the Division; and

(c) Other reviews, such as those described in OAR 309-012-0190(3), which in the judgment of the Division may assist to predict compliance of the applicant's proposed services with administrative rules;

(d) Following the completion of the application process, and any reviews deemed necessary by the Division, the Division will make one of the following determinations:

(A) That the applicant may be awarded a Certificate of Approval based on demonstration of its capacity and willingness to operate in compliance with applicable administrative rules;

(B) That the applicant may be awarded a Certificate of Approval with specified conditions as described in OAR 309-012-0200; or

(C) That the applicant will not be awarded a Certificate of Approval because it has not demonstrated that it will comply with applicable administrative rules.

(2) Community mental health subcontracted providers, holding facilities, and performing providers:

(a) A provider seeking a Certificate of Approval for the first time, in order to operate as a CMHP subcontractor, performing provider under OAR 309-016-0070, or holding facility shall submit an application to the CMHP in the county in which the service will be offered;

(b) Upon a determination by the CMHP to subcontract with the provider for the purpose of providing a mental health service, for the purpose of operating as a performing provider under OAR 309-016-0070, or as a holding facility, the CMHP shall apply to the Division for a Certificate of Approval for the program;

(c) The CMHP application to the Division must include the following:

(A) Provider identifying information including corporate name, address, telephone number, and name of manager or director;

(B) Written assurance from an officer with authority to obligate the applicant that the applicant will operate in compliance with all administrative rules applicable to the services which will be subcontracted to the provider, or a request for a variance to the applicable administrative rules with which the provider will not comply.

(d) The Division may initiate other reviews such as those described in OAR 309-012-0190(3) and may negotiate with the CMHP, ongoing monitoring activities to be conducted to ensure the provider's compliance;

(e) Following the completion of the application process described above, and any reviews deemed necessary by the Division, the Division will make one of the following determinations:

(A) That the applicant may be awarded a Certificate of Approval based on demonstration of its capacity and willingness to comply with applicable administrative rules;

(B) That the applicant may be awarded a Certificate of Approval with specified conditions for action by the applicant for reaching substantial compliance with applicable administrative rules, and/or specific monitoring activities which have been negotiated with the CMHP as described in subsection (2)(d) of this rule;

(C) That the applicant will not be awarded a Certificate of Approval because it has failed to demonstrate that it will comply with applicable administrative rules, or that the kind and amount of monitoring proposed by the CMHP will not assure the applicant's compliance.

(f) Certificates of Approval awarded to CMHP subcontractors are issued jointly between the Division and the CMHP. To be valid, such a Certificate must bear the signature of the Assistant Administrator of the Division and the CMHP director.

(3) Non-inpatient providers seeking Division approval for insurance reimbursement purposes as provided in ORS 743.556(3). Non-inpatient providers seeking Division approval for insurance reimbursement purposes may correspond with the Division specifically requesting application instructions for Division approval as provided in ORS 743.556(3). Following a review of application materials submitted by the provider, the Division may:

(a) Deny the application, in writing, to the applicant because of a failure to pay the application fee described in subsection (d) of this section; because the application materials demonstrate that the provider does not comply with OAR 309-039-0500 through 309-039-0580; or because of the provider's failure to submit materials specified in the application instructions; or

(b) Following review of the application, the Division may:

(A) Schedule reviews such as those described in OAR 309-012-0190(4) by Division personnel; or

(B) Notify the applicant of other agencies or individuals with whom they may contract for the purpose of conducting a review and providing a report of program compliance to the Division;

(C) Notify the applicant of placement on a waiting list for review when Division staff or other agencies or individuals are available to conduct a review.

(c) Following the reviews in paragraph (b)(A) or (B) of this section, the Division will award or refuse to award a Certificate of Approval to the applicant based on the findings of the review;

(d) The Division may require payment of an application fee and a certification fee by non-inpatient programs applying or reapplying for a Certificate of Approval under these rules, provided the collection of such fees has been authorized for the Division budget by the Legislative Assembly or the Emergency Board.

309-012-0170
Award of Certificates of Approval to Providers at the Time These Rules are Adopted

(1) Mental health services providers. Upon adoption of these rules, the Division may issue Certificates of Approval to mental health services providers that are operating under an Intergovernmental Agreement, direct contract, or at the request of the CMHP, to current subcontractors of the CMHP.

(2) Non-inpatient providers described in ORS 743.556 and holding facilities. Letters of Approval awarded under ORS 743.556 and those awarded to holding facilities which remain in effect at the time these rules are adopted, are the equivalent of a Certificate of Approval. These may be maintained and renewed as Certificates of Approval as set forth in these rules.

309-012-0180
Duration and Renewal of Certificates of Approval

(1) Mental health services providers. Unless revoked pursuant to OAR 309-012-0210 or unless otherwise specified on the Certificate, Certificates of Approval for mental health services providers are valid for three years.

(2) Non-inpatient providers. Certificates of Approval for providers described in ORS 743.556(3) are valid for up to three years or as otherwise specified on the Certificate. When a non-inpatient provider seeks a Certificate of Approval to be in effect at the expiration date of a Letter of Approval or a prior Certificate of Approval, an application conforming to the instructions of the Division must be received no later than 90 days prior to the expiration of the earlier Letter of Approval or Certificate.

309-012-0190
Conduct of Periodic and Interim Reviews

(1) Review Schedules:

(a) Periodic reviews of mental health service providers will be routinely conducted every three years;

(b) Periodic reviews of non-inpatient providers approved under ORS 743.556 will be conducted following the provider's submission of an application for recertification as set forth in OAR 309-012-0180;

(c) Interim reviews of any provider holding a Certificate of Approval may be conducted at any time at the discretion of the Division, or in the case of a subcontractor of a CMHP, at the discretion of either Division or the CMHP.

(2) Notification of Review. Notification that a review will be conducted, along with all instructions and requests for information from the provider, will be made in writing by the designee of the Assistant Administrator of the Division. For reviews of subcontractors initiated by the CMHP, notification and instructions will be made by the designee of the director of the CMHP.

(3) Initiation of Reviews:

(a) Reviews of new applicants, and periodic reviews will be scheduled with at least one month's notice from the Division to the CMHP, direct contractor, or non-inpatient provider. Subcontractors will be notified by the CMHP;

(b) The Division and, in the case of a subcontractor, the CMHP may conduct an interim review without prior notification when there is reason to believe any of the following conditions have occurred or may occur:

(A) Operations of the service provider threaten the health or safety of any person;

(B) The provider may act to alter records or make them unavailable for inspections.

(c) Interim reviews other than those specified in subsection (b) of this section will be initiated with at least two week's notice by the Division to the CMHP or direct contractor.

(4) Review Procedures. The Division, and in the case of reviewing a subcontractor, the CMHP, may employ review procedures which it deems adequate to determine compliance with applicable administrative rules. These procedures may include but are not limited to:

(a) Entry and inspection of any facility used in the delivery of approved services;

(b) A request for the submission to the Division or CMHP, of a copy of any document required by applicable administrative rules or needed to verify compliance with such rules, or access to such documents for on-site review. Such documentation could include, for example, records of utilization and quality assurance reviews, copies of portions of selected consumer records, and copies of staff academic degrees or professional licenses;

(c) The completion by the provider of self-assessment checklists reporting compliance or non-compliance with specific rule requirements; and

(d) Conduct of interviews with, and administration of questionnaires to persons knowledgeable of service operations, including, for example, staff and management of a provider, governing and advisory board members, allied agencies, service consumers, their family members, and significant others;

(e) In the case of subcontracts and reviews initiated by the county, the county may request Division assistance in conducting the reviews.

(5) Organizational Provider Assessment Information

(a) In addition to the review procedures outlined in Section 309-012-0057, the Division will ensure that the following minimum information will be obtained during the site reviews;

(b) A current program description that reflects the type and scope of behavioral health services provided by the applicant;

(c) Provider policies regarding credentialing practices of individual practitioners. The policies must reflect current credentialing standards as defined by nationally accepted accrediting bodies such as The Joint Commission, the National Committee for Quality Assurance, and/or URAC;

(d) Copies of the provider's liability insurance coverage;

(e) Copies of the provider's policies and procedures regarding seclusion and restraint practices; and

(f) Copies of the provider's Code of Conduct.(6) Reports of Review Findings:

(a) Completion Deadlines. The Division will issue a completed report of review findings, a Certificate of Approval, and any conditions to approval, or denial of approval within 60 days of the completion of an on-site review, or within 60 days of the date of submission of all review materials which have been requested for the purpose of conducting the review, whichever is later;

(b) Content and scope of reports. Reports of reviews will include the following:

(A) A description of the review findings regarding program operations relative to applicable administrative rules, and contract or agreement provisions;

(B) A specification of any conditions set as described in OAR 309-012-0200, which the provider must meet, and the time permitted to meet the conditions;

(C) A statement clarifying the provider's approval status; and

(D) An appendix containing any report of findings or observations clearly qualified as unrelated to the provider's approval status which may be useful as information and recommendations to the service provider or the CMHP.

(c) Transmittal of Reports. Each report shall be issued along with a document of transmission signed by the Assistant Administrator of the Division, and any Certificates of Approval being awarded;

(d) Report Distribution. The Division will address and issue reports as follows:

(A) Reports of reviews of a directly operated or subcontracted portion of a community mental health program will be issued to the local mental health authority;

(B) Reports of reviews of direct contractors of the Division will be issued to the signator(s) of the direct contract; and, the Chairperson of the Board of Directors of the contractor;

(C) Reports of reviews of holding facilities which are not subcontractors of a community mental health program, and reviews of non-inpatient providers will be issued to the provider's officer or employer requesting the review.

309-012-0200
Establishment of Conditions to the Award of Certificates of Approval

Based upon a finding that a provider does not operate in compliance with an applicable administrative rule, other than as set forth in OAR 309-012-0210(1), the Division may establish conditions to the award and/or continuation of a Certificate of Approval:

(1) Division Discretion. The Division, and, in the case of a subcontractor, the Division and CMHP, may elect to place conditions on approval of a provider in situations in which the alternative would be denial or revocation of approval because of a failure to substantially comply with applicable rules as described in OAR 309-012-0210(2). The decision to employ special conditions rather than revoke or refuse to award approval will be based on criteria such as the following:

(a) The expressed willingness of the provider to gain compliance with applicable rules;

(b) The apparent adequacy of actions proposed by the provider to gain compliance;

(c) The availability of alternative providers to address any service needs that would be unmet if the provider were not allowed conditions to approval as an alternative to revocation or refusal to award a Certificate of Approval;

(d) The provider's historical compliance with Division rules and conditions.

(2) Method of Establishment:

(a) Conditions to approval shall be communicated in writing and issued along with a document of transmission signed by the Assistant Administrator of the Office of Division;

(b) Each written condition shall specify the time period allowed to gain compliance and any interim steps for obtaining such compliance.

Stat. Auth.: ORS 179.040, 179.505, 426.175, 430.010, 430.640 & 743.556
Stats. Implemented: 430.620
Hist.: MHD 4-1992, f. & cert. ef. 8-14-92; Suspended by MHS 7-2016(Temp), f. 6-28-16, cert. ef. 7-1-16 thru 12-27-16

309-012-0210
Certificate Denial or Revocation

(1) Immediate Denial or Revocation. The Division, or in the case of a subcontractor provider, either the Division or the CMHP may refuse to renew or may immediately revoke a Certificate of Approval, without a prior notice or hearing when the applicant or provider:

(a) Has demonstrated substantial failure to comply with applicable rules such that the health or safety of individuals is jeopardized and the applicant fails to correct the noncompliance within the time specified by the Division;

(b) Has demonstrated a substantial failure to comply with applicable rules such that the health or safety of individuals is jeopardized during two reviews within a six-year period;

(c) Has failed to maintain any State of Oregon license which is a prerequisite for providing services that were approved;

(d) Is a county, or direct contractor that has terminated its agreement or contract with the Division for the provision of the approved services, or when the approval is to a subcontract provider of such a county or direct contractor;

(e) Is approved to provide a service as a CMHP subcontractor, whose subcontract is terminated;

(f) Continues to employ personnel who have been convicted of any felony, or a misdemeanor associated with the provision of mental health services;

(g) Falsifies information required by the Division regarding services to consumers, or information verifying compliance with rules; or

(h) Refuses to submit or allow access to information for the purpose of verifying compliance with applicable rules when notified to do so as set forth in OAR 309-012-0190(2), or fails to submit such information following the date specified for such a submission in the written notification.

(2) Denial or Revocation with Notice. Following a Division finding that there is a substantial failure to comply with applicable rules beyond the conditions in section (1) of this rule, such that, in the Division's view the state's purposes in approving the services are not or will not be met, the Division may, with 30 days notice, refuse to award or renew, or may revoke a Certificate of Approval.

(3) Informal Conference. Within ten calendar days following a 30-day notice issued under section (2) of this rule, the Division shall give the provider an opportunity for an informal conference at a location of the Division's choosing. Following such a conference, the Division may proceed with denial or revocation effective on the 30th day following the notice issued under section (2) of this rule, or may approve the provider, or set conditions to approval as described in OAR 309-012-0200 rather than denying or revoking approval.

(4) Hearing. Following issuance of a notice of Certificate revocation or denial, the Division shall provide the opportunity for a hearing as set forth in OAR 309-012-0220.

(5) A county may employ process consistent with the above, or processes adopted by resolution of the local mental health authority for revoking the approval of a subcontract provider.

Stat. Auth.: ORS 179.040, 179.505, 430.010, 430.640 743A.168, 413.032-413.033, 413.042
Stats. Implemented: 183.415, 183.430, 430.620
Hist.: MHD 4-1992, f. & cert. ef. 8-14-92; MHS 9-2015(Temp), f. & cert. ef. 11-25-15 thru 5-20-16; Administrative correction, 6-21-16; Suspended by MHS 7-2016(Temp), f. 6-28-16, cert. ef. 7-1-16 thru 12-27-16

309-012-0220
Hearings

(1) Request for Hearing. Upon written notification by the Division of revocation or denial to issue or renew a Certificate, pursuant to OAR 309-012-0210(1) and (2), the provider shall be entitled to a hearing in accordance with ORS Chapter 183. The request for hearing shall include an admission or denial of each factual matter alleged by the Division and shall affirmatively allege a short, plain statement of each relevant affirmative defense the provider may have.

(2) Hearing rights under OAR 309-012-0210(1). The immediate suspension or denial of a Certificate under OAR 309-012-0210(1) is made pending a fair hearing not later than the tenth day after such suspension or denial.

(3) Issue at hearing after immediate suspension or denial pursuant to OAR 309-012-0210(1)(a). The issue at a hearing on Certificate denial or revocation pursuant to this rule is limited to whether the provider was or is in compliance at the end of the time specified by the Division following the finding of substantial failure to comply.

Availability of Information to Coordinated Care Organizations and Other Health Plans

Upon completion of the site review process and the issuance of a Certificate of Approval for Mental Health Services, the Division shall make copies of the following information available to Coordinated Care Organizations and other health plans for the purpose of credentialing a provider:

(1) A current program description that reflects the type and scope of behavioral health services provided by the applicant;

(2) Provider policies and procedures regarding the provider's credentialing practices of individual clinicians;

(3) Statements of provider's liability insurance coverage;

(4) An attestation from the Authority verifying that the provider has passed a screening and meets the minimum requirements to Medicaid provider;

(5) Reports detailing the findings of the Division's site review of the provider;

(6) The provider's Medicaid Vendor Identification Number issued by the Authority;

(7) Copies of the provider's policies and procedures regarding seclusion and restraint practices; and

(8) Copies of the provider's Code of Conduct.

Rule Caption: Temporary amendments to OAR 309-039 regarding approval of providers of non-inpatient mental health treatment services.
Adm. Order No.: MHS 8-2016(Temp)
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 7-1-16 thru 12-27-16
Notice Publication Date:
Rules Amended: 309-039-0500, 309-039-0510, 309-039-0530, 309-039-0580

Subject: These rules apply to certifications of provider organizations that render non-inpatient mental health treatment services. The certifications exist solely for the purpose of qualifying for insurance reimbursement. Agencies that contract with OHA, subcontract with OHA, or contract with a Community Mental Health Program are not eligible for the "non-inpatient" certification.
Rules Coordinator: Nola Russell—(503) 945-7652

309-039-0500
Purpose and Scope

These rules apply to certifications of provider organizations that render non-inpatient mental health treatment services. The certifications exist solely for the purpose of qualifying for insurance reimbursement. Agencies that contract with the Oregon Health Authority (OHA), subcontract with OHA, or contract with a Community Mental Health Program are not eligible for the "non-inpatient" certification.

Definitions

As used in these rules:

(1) "Community Mental Health Program" means the organization of all services for persons with mental or emotional disturbances, drug abuse problems, mental retardation or other developmental disabilities, and alcoholism and alcohol abuse problems, operated by, or contractually affiliated with, a local mental health authority, operated in a specific geographic area of the state under an intergovernmental agreement or direct contract with the Division.

(2) "Certificate" means the document or documents issued by the Division, which identifies and declares certification of a provider pursuant to OAR 309-008-0100 to 309-008-1600. A letter accompanying issuance of the certificate will detail the scope and approved service delivery locations of the certificate.

(3) "Division" means the l Health Systems Division of the Oregon Health Authority.

(4) "Facility" means a corporate or other entity which provides services for the treatment of mental health conditions.

(5) "Non-Related Adult" means any person over 18 years of age who is not related by blood, marriage or living situation. Foster parents and adults co-habitating with a child may be considered to be related adults.

(6) "Outpatient Program" means a program that provides evaluation, treatment and rehabilitation on a regularly scheduled basis or in response to crisis in a setting outside an inpatient program, residential program, day treatment or partial hospitalization program which is certified by the Division pursuant to OAR to 309-008-1600.

(7) "Program" means a particular type or level of service that is organizationally distinct within a facility.

(8) "Provider" means a program operated by either a licensed business or a corporation that provides mental health services.

(9) "Qualified Mental Health Associate (QMHA)" means a person delivering services under the direct supervision of a QMHP who meets the minimum qualifications as authorized by the LMHA, or designee, and specified in 309-019-0125(7).

(10) "Qualified Mental Health Professional (QMHP)" means a LMP or any other person meeting the minimum qualifications as authorized by the LMHA, or designee, and specified in 309-019-0125(8).

(11) "Qualified Supervisor" means any person meeting the following qualifications:

(a) A medical or osteopathic physician licensed by the Board of Medical Examiners for the State of Oregon and who is board eligible for the practice of psychiatry;

(b) A psychologist licensed by the State Board of Psychologist Examiners;

(c) A registered nurse certified as a psychiatric nurse practitioner by the Oregon State Board of Nursing;

(d) A clinical social worker licensed by the State Board of Clinical Social Workers;

(e) A Licensed Professional Counselor (LPC) licensed by the State of Oregon; or

(f) A Licensed Marriage and Family Therapist (LMFT), licensed by the State of Oregon.

(12) "Residential Program" means a program that provides room, board, and an organized full-day program of mental health services in a facility for six or more persons who do not require 24-hour nursing care.

309-039-0530
Approval Process

(1) Request for initial certification or certification renewal shall be submitted to the Division compliant with the process governed by OAR 309-0080100 to 309-008-1600. In addition to the requirements set in OAR 309-008 the applicant will include with the application a check or money order in the amount of $600.00 payable to the Division. This application fee shall be non-refundable irrespective of whether the provider is issued a Certificate of Approval.

(a) Any provider submitting an application for initial certification or renewal after the effective date of this rule shall pay the application and certification fees;

(b) The fees shall be increased biennially at the same rate as approved by the Legislative Assembly or the Emergency Board for other services and programs of the Division.

(2) A Certificate is valid for up to three years, shall be issued to the provider when the administrative and certification reviews of the program by the Division indicate the provider is in compliance with the applicable parts of OAR 309-039-0500 through 309-039-0580. The Certificate will be issued pursuant to the process governed OAR 309-008-0100 to 309-008-1600.

(4) The award, renewal, and duration of Certificates of Approval as well as periodic and interim reviews, establishment of conditions, denial, revocation and hearings shall comply with OAR 309-008-0100 to 309-008-1600.

309-022-0105
Definitions

(1) "Abuse of a child" means the circumstances defined in ORS 419B.005.

(2) "Health Systems Services and Supports" means all services and supports including but not limited to, Outpatient Community Mental Health Services and Supports for Children and Adults, Intensive Treatment Services for Children, Outpatient and Residential Substance Use Disorders Treatment Services and Outpatient and Residential Problem Gambling Treatment Services.

(3) "Adolescent" means an individual from 12 through 17 years of age, or those individuals who are determined to be developmentally appropriate for youth services.

(4) "Assessment" means the process of obtaining sufficient information, through a face-to-face interview to determine a diagnosis and to plan individualized services and supports.

(5) "Authority" means the Oregon Health Authority.

(6) "Behavioral Health" means mental health, mental illness, addictive health and addiction disorders.

(7) "Behavior Support Plan" means the individualized proactive support strategies that are used to support positive behavior.

(8) "Behavior Support Strategies" means proactive supports designed to replace challenging behavior with functional, positive behavior. The strategies address environmental, social, neuro-developmental and physical factors that affect behavior.

(9) "Care Coordination" means a process-oriented activity to facilitate ongoing communication and collaboration to meet multiple needs. Care coordination includes facilitating communication between the family, natural supports, community resources, and involved providers and agencies; organizing, facilitating and participating in team meetings; and providing for continuity of care by creating linkages to and managing transitions between levels of care and transitions for young adults in transition to adult services.

(10) "Certificate" means the document or documents issued by the Division, which identifies and declares certification of a provider pursuant to OAR 309-008-0100 to 309-008-1600. A letter accompanying issuance of the certificate will detail the scope and approved service delivery locations of the certificate.

(11) "Chemical Restraint" means the administration of medication for the acute management of potentially harmful behavior. Chemical restraint is prohibited in the services regulated by these rules.

(12) "Chief Officer" means the Chief Health Systems Officer of the Oregon Health Authority, or his or her designee.

(13) "Child" means a person under the age of 18. An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, must be considered a child until age 21 for purposes of these rules.

(14) "Child and Family Team" means those persons who are responsible for creating, implementing, reviewing, and revising the service coordination section of the Service Plan in ICTS programs. At a minimum, the team must be comprised of the family, care coordinator, and child when appropriate. The team should also include any involved child-serving providers and agencies and any other natural, formal, and informal supports as identified by the family.

(15) "Children's Emergency Safety Intervention Specialist (CESIS)" means a Qualified Mental Health Professional (QMHP) who is licensed to order, monitor, and evaluate the use of seclusion and restraint in accredited and certified facilities providing intensive mental health treatment services to individuals less than 21 years of age.

(16) "Clinical Supervision" means oversight by a qualified Clinical Supervisor of addictions and mental health services and supports provided according to this rule, including ongoing evaluation and improvement of the effectiveness of those services and supports.

(17) "Clinical Supervisor" means a person qualified to oversee and evaluate addictions or mental health services and supports.

(18) "Community Mental Health Program" (CMHP) means an entity that is responsible for planning and delivery of services for individuals with substance use or mental illness diagnoses, operated in a specific geographic area of the state under an intergovernmental agreement or a direct contract with the Addictions and Mental Health Division (AMH).

(19) "Co-occurring Disorder" means the existence of both, a substance use disorder and also mental health disorder.

(20) "Coordinated Care Organization (CCO)" means an entity that has been certified by the Authority to provide coordinated and integrated health services.is a network of all types of health care providers (physical health care, addictions and mental health care and sometimes dental care providers) who have agreed to work together in their local communities to serve people who receive health care coverage under the Oregon Health Plan (Medicaid).

(21) "Community Mental Health Program (CMHP)" means an entity that is responsible for planning and delivery of services for persons with substance use disorders or a mental health diagnosis, operated in a specific geographic area of the state under an intergovernmental agreement or direct contract with the Division.

(22) "Criminal Records Check" means the Oregon Criminal Records Check and the processes and procedures required by OAR 407-007-0000 through 407-007-0370.

(23) "Crisis" means either an actual or perceived urgent or emergent situation that occurs when an individual's stability or functioning is disrupted and there is an immediate need to resolve the situation to prevent a serious deterioration in the individual's mental or physical health or to prevent referral to a significantly higher level of care.

(24) "Cultural Competence" means the process by which people and systems respond respectfully and effectively to people of all cultures, languages, classes, races, ethnic backgrounds, disabilities, religions, genders, sexual orientations and other diversity factors in a manner that recognizes, affirms, and values the worth of individuals, families and communities and protects and preserves the dignity of each.

(25) "Declaration for Mental Health Treatment" means a written statement of an individual's preferences concerning his or her mental health treatment. The declaration is made when the individual is able to understand and legally make decisions related to such treatment. It is honored, as clinically appropriate, in the event the individual becomes unable to make such decisions.

(26) "Diagnosis" means the principal mental health, substance use or problem gambling diagnosis listed in the Diagnostic and Statistical Manual of Mental Disorders (DSM). The diagnosis is determined through the assessment and any examinations, tests, or consultations suggested by the assessment, and are the medically appropriate reason for services.

(27) "Division" means the Health Systems Division.

(28) "DSM" means the most recent version of the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association.

(29) "Emergency Safety Intervention" means the use of seclusion or personal restraint under OAR 309-021-0175 of these rules, as an immediate response to an unanticipated threat of violence or injury to an individual, or others.

(30) "Emergency Safety Intervention Training" means a Division approved course that includes an identified instructor, a specific number of face-to-face instruction hours, a component to assess competency of the course materials, and an established curriculum including the following:

(a) Prevention of emergency safety situations using positive behavior support strategies identified in the individual's behavior support plan;

(b) Strategies to safely manage emergency safety situations; and

(c) De-escalation and debriefing.

(31) "Emergency Safety Situation" means an unanticipated behavior that places the individual or others at serious threat of violence or injury if no intervention occurs and that calls for an emergency safety intervention as defined in this section.

(32) "Emergent" means the onset of symptoms requiring attention within 24 hours to prevent serious deterioration in mental or physical health or threat to safety.

(33) "Entry" means the act or process of acceptance and enrollment into services regulated by this rule.

(34) "Family" means the biological or legal parents, siblings, other relatives, foster parents, legal guardians, spouse, domestic partner, caregivers and other primary relations to the individual whether by blood, adop-

tion, legal or social relationships. Family also means any natural, formal or informal support persons identified as important by the individual.

(35) "Family Support" means the provision of supportive services to persons defined as family to the individual. It includes support to caregivers at community meetings, assistance to families in system navigation and managing multiple appointments, supportive home visits, peer support, parent mentoring and coaching, advocacy, and furthering efforts to develop natural and informal community supports.

(36) "Gender Identity" means a person's self-identification of gender, without regard to legal or biological identification, including, but not limited to persons identifying themselves as male, female, transgender and transsexual.

(37) "Gender Presentation" means the external characteristics and behaviors that are socially defined as either masculine or feminine, such as dress, mannerisms, speech patterns and social interactions.

(38) "Grievance" means a formal complaint submitted to a provider verbally, or in writing, by an individual, or the individual's chosen representative, pertaining to the denial or delivery of services and supports.

(39) "Guardian" means a person appointed by a court of law to act as guardian of a minor or a legally incapacitated person.

(40) "HIPAA" means the federal Health Insurance Portability and Accountability Act of 1996 and the regulations published in Title 45, parts 160 and 164, of the Code of Federal Regulations (CFR).

(41) "Individual" means any person being considered for or receiving services and supports regulated by these rules.

(42) "Informed Consent for Services" means that the service options, risks and benefits have been explained to the individual and guardian, if applicable, in a manner that they comprehend, and the individual and guardian, if applicable, have consented to the services on, or prior to, the first date of service.

(43) "Intensive Community-based Treatment and Support Services (ICTS)" means a specialized set of comprehensive in-home and community-based supports and mental health treatment services, including care coordination as defined in these rules, for children that are developed by the child and family team and delivered in the most integrated setting in the community.

(44) "Intensive Treatment Services (ITS)" means the range of services in the system of care comprised of Psychiatric Residential Treatment Facilities (PRTF) and Psychiatric Day Treatment Services (PDTS), or other services as determined by the Division, that provide active psychiatric treatment for children with severe emotional disorders and their families.

(45) "Interdisciplinary Team" means the group of people designated to advise in the planning and provision of services and supports to individuals receiving ITS services and may include multiple disciplines or agencies. For Psychiatric Residential Treatment Facilities (PRTF), the composition of the interdisciplinary team must be consistent with the requirements of 42 CFR Part 441.156.

(46) "Intern" or "Student" means a person who provides a paid or unpaid program service to complete a credentialed or accredited educational program recognized by the state of Oregon.

(47) "Juvenile Psychiatric Security Review Board (JPSRB)" means the entity described in ORS 161.385.

(48) "Level of Care" means the range of available services provided from the most integrated setting to the most restrictive and most intensive in an inpatient setting.

(49) "Level of Service Intensity Determination." means the Division approved process by which children and young adults in transition are assessed for ITS and ICTS services.

(50) "Licensed Health Care Professional" means a practitioner of the healing arts, acting within the scope of his or her practice under State law, who is licensed by a recognized governing board in Oregon.

(51) "Licensed Medical Practitioner (LMP)" means a person who meets the following minimum qualifications as documented by the Local Mental Health Authority (LMHA) or designee:

(a) Physician licensed to practice in the State of Oregon; or

(b) Nurse practitioner licensed to practice in the State of Oregon; or

(c) Physician's Assistant licensed to practice in the State of Oregon; and

(d) Whose training, experience and competence demonstrate the ability to conduct a mental health assessment and provide medication management.

(e) For ICTS and ITS providers, LMP means a board-certified or board-eligible child and adolescent psychiatrist licensed to practice in the State of Oregon.

(52) "Local Mental Health Authority (LMHA)" means one of the following entities:

(a) The board of county commissioners of one or more counties that establishes or operates a CMHP;

(b) The tribal council, in the case of a federally recognized tribe of Native Americans that elects to enter into an agreement to provide mental health services; or

(c) A regional local mental health authority comprised of two or more boards of county commissioners.

(53) "Mandatory Reporter" means any public or private official, as defined in ORS 419B.005(3), who comes in contact with or has reasonable cause to believe that an individual has suffered abuse, or that any person with whom the official comes in contact with, has abused the individual. Pursuant to 430.765(2) psychiatrists, psychologists, clergy and attorneys are not mandatory reporters with regard to information received through communications that are privileged under 40.225 to 40.295.

(54) "Mechanical restraint" means any device attached or adjacent to the resident's body that he or she cannot easily remove that restricts freedom of movement or normal access to his or her body. Mechanical restraint is prohibited in the services regulated by these rules.

(55) "Medicaid" means the federal grant-in-aid program to state governments to provide medical assistance to eligible persons, under Title XIX of the Social Security Act. (56) "Medical Supervision" means an LMP's review and approval, at least annually, of the medical appropriateness of services and supports identified in the Service Plan for each individual receiving mental health services for one or more continuous years.

(56) "Medically Appropriate" means services and medical supplies required for prevention, diagnosis or treatment of a physical or behavioral health condition, or injuries, and which are:

(a) Consistent with the symptoms of a health condition or treatment of a health condition;

(b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community and professional standards of care as effective;

(c) Not solely for the convenience of an individual or a provider of the service or medical supplies; and

(d) The most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to an individual.

(57) "Mental Health Intern" means a person who meets qualifications for QMHA but does not have the necessary graduate degree in psychology, social work or behavioral science field to meet the educational requirement of QMHP. The person must:

(a) Be currently enrolled in a graduate program for a master's degree in psychology, social work or in a behavioral science field;

(b) Have a collaborative educational agreement with the CMHP, or other provider, and the graduate program;

(c) Work within the scope of his/her practice and competencies identified by the policies and procedures for credentialing of clinical staff as established by provider; and

(d) Receive, at minimum, weekly supervision by a qualified clinical supervisor employed by the provider of services.

(58) "Mental Health Organization (MHO)" means an approved organization that provides most mental health services through a capitated payment mechanism under the Oregon Health Plan. MHOs may be fully capitated health plans, community mental health programs, private mental health organizations or combinations thereof.

(59) "Oregon Health Authority" means the Oregon Health Authority of the State of Oregon.

(60) "Outreach" means the delivery of behavioral health services, referral services and case management services in non-traditional settings, such as, but not limited to, the individual's residence, shelters, streets, jails, transitional housing sites, drop-in centers, single room occupancy hotels, child welfare settings, educational settings or medical settings. It also refers to attempts made to engage or re-engage an individual in services by such means as letters or telephone calls.

(61) "Peer" means any person supporting an individual, or a family member of an individual, who has similar life experience, either as a current or former recipient of addictions or mental health services, or as a family member of an individual who is a current or former recipient of addictions or mental health services.

(62) "Peer Delivered Services" means an array of agency or community-based services and supports provided by peers, and peer support specialists, to individuals or family members with similar lived experience, that are designed to support the needs of individuals and families as applicable.

(63) "Peer Support Specialist" means a person providing peer delivered services to an individual or family member with similar life experience, under the supervision of a qualified Clinical Supervisor. A Peer Support Specialist must complete a Division approved training program as required in OAR 410-180-0300 to 0380 and be:

(a) A self-identified person currently or formerly receiving mental health services; or

(b) A self-identified person in recovery from a substance use or gambling disorder, who meets the abstinence requirements for recovering staff in substance use disorders or gambling treatment programs; or

(c) A family member of an individual who is a current or former recipient of addictions or mental health services.

(64) "Personal Restraint" means the application of physical force without the use of any device, for the purpose of restraining the free movement of an individual's body to protect the individual, or others, from immediate harm. Personal restraint does not include briefly holding without undue force an individual to calm or comfort him or her, or holding an individual's hand to safely escort him or her from one area to another. Personal restraint can be used only in approved ITS programs as an emergency safety intervention under OAR 309-021-0175.

(65) "Program" means a particular type or level of service that is organizationally distinct.

(66) "Program Administrator" or "Program Director" means a person with appropriate professional qualifications and experience, who is designated to manage the operation of a program.

(67) "Program Staff" means an employee or person who, by contract with the program, provides a service and who has the applicable competencies, qualifications or certification, required in this rule to provide the service.

(68) "Provider" means an organizational entity, or qualified person, that is operated by or contractually affiliated with, a community mental health program, or contracted directly with the Division, for the direct delivery of addictions, problem gambling or mental health services and supports.

(69) "Psychiatrist" means a physician licensed pursuant to ORS 677.010 to 677.228 and 677.410 to 677.450 by the Board of Medical Examiners for the State of Oregon and who has completed an approved residency training program in psychiatry.

(70) "Psychiatric Day Treatment Services (PDTS)" means the comprehensive, interdisciplinary, non-residential, community-based program certified under this rule consisting of psychiatric treatment, family treatment and therapeutic activities integrated with an accredited education program.

(71) "Psychiatric Residential Treatment Facility (PRTF)" means facilities that are structured residential treatment environments with daily 24-hour supervision and active psychiatric treatment including Psychiatric Residential Treatment Services (PRTS), Secure Children's Inpatient Treatment Programs (SCIP), Secure Adolescent Inpatient Treatment Programs (SAIP), and Sub-acute psychiatric treatment for children who require active treatment for a diagnosed mental health condition in a 24-hour residential setting.

(72) "Psychiatric Residential Treatment Services (PRTS)" means services delivered in a PRTF that include 24-hour supervision for children who have serious psychiatric, emotional or acute mental health conditions that require intensive therapeutic counseling and activity and intensive staff supervision, support and assistance.

(73) "Psychologist" means a psychologist licensed by the Oregon Board of Psychologist Examiners.

(74) "Publicly Funded" means financial support, in part or in full, with revenue generated by a local, state or federal government.

(75) "Qualified Mental Health Associate (QMHA)" means a person delivering services under the direct supervision of a QMHP who meets the minimum qualifications as authorized by the LMHA, or designee, and specified in 309-022-0125.

(76) "Qualified Mental Health Professional (QMHP)" means a LMP or any other person meeting the minimum qualifications as authorized by the LMHA, or designee, and specified in 309-022-0125.

(77) "Quality Assessment and Performance Improvement" means the structured, internal monitoring and evaluation of services to improve processes, service delivery and service outcomes.

(78) "Recovery" means a process of healing and transformation for a person to achieve full human potential and personhood in leading a meaningful life in communities of his or her choice.

(79) "Reportable Incident" means a serious incident involving an individual in an ITS program that must be reported in writing to the Division within 24 hours of the incident, including, but not limited to, serious injury or illness, act of physical aggression that results in injury, suspected abuse or neglect, involvement of law enforcement or emergency services, or any other serious incident that presents a risk to health and safety.

(80) "Representative" means a person who acts on behalf of an individual, at the individual's request, with respect to a grievance, including, but not limited to a relative, friend, employee of the Division, attorney or legal guardian.

(81) "Resilience" means the universal capacity that a person uses to prevent, minimize, or overcome the effects of adversity. Resilience reflects a person's strengths as protective factors and assets for positive development.

(82) "Respite care" means planned and emergency supports designed to provide temporary relief from care giving to maintain a stable and safe living environment. Respite care can be provided in or out of the home. Respite care includes supervision and behavior support consistent with the strategies specified in the Service Plan.

(83) "Screening" means the process to determine whether the individual needs further assessment to identify circumstances requiring referrals or additional services and supports.

(84) "Seclusion" means the involuntary confinement of a resident alone in a room or an area from which the resident is physically prevented from leaving. Seclusion can be used only in approved ITS programs as an emergency safety intervention specified in OAR 309-022-0175.

(85) "Secure Children's Inpatient Programs (SCIP) and Secure Adolescent Inpatient Programs (SAIP)" means ITS programs that are designed to provide inpatient psychiatric stabilization and treatment services to children up to age 14 for SCIP services and individuals under the age of 21 for SAIP services, who require a secure intensive treatment setting.

(86) "Service Plan" means a comprehensive plan for services and supports provided to or coordinated for an individual and his or her family, as applicable, that is reflective of the assessment and the intended outcomes of service.

(87) "Service Note" means the written record of services and supports provided, including documentation of progress toward intended outcomes, consistent with the timelines stated in the Service Plan.

(88) "Service Record" means the documentation, written or electronic, regarding an individual and resulting from entry, assessment, orientation, services and supports planning, services and supports provided, and transfer.

(89) "Services" means those activities and treatments described in the Service Plan that are intended to assist the individual's transition to recovery from a substance use disorder, problem gambling disorder or mental health condition, and to promote resiliency, and rehabilitative and functional individual and family outcomes.

(90) "Signature" means any written or electronic means of entering the name, date of authentication and credentials of the person providing a specific service or the person authorizing services and supports. Signature also means any written or electronic means of entering the name and date of authentication of the individual receiving services, the guardian of the individual receiving services, or any authorized representative of the individual receiving services.

(91) "Skills Training" means providing information and training to individuals and families designed to assist with the development of skills in areas including, but not limited to, anger management, stress reduction, conflict resolution, self-esteem, parent-child interactions, peer relations, drug and alcohol awareness, behavior support, symptom management, accessing community services and daily living.

(92) "Sub-Acute Psychiatric Care" means services that are provided by nationally accredited providers to children who need 24-hour intensive mental health services and supports, provided in a secure setting to assess, evaluate, stabilize or resolve the symptoms of an acute episode that occurred as the result of a diagnosed mental health condition.

(93) "Supports" means activities, referrals and supportive relationships designed to enhance the services delivered to individuals and families for the purpose of facilitating progress toward intended outcomes.

(94) "Transfer" means the process of assisting an individual to transition from the current services to the next appropriate setting or level of care.

(95) "Trauma Informed Services" means services that are reflective of the consideration and evaluation of the role that trauma plays in the lives of people seeking mental health and addictions services, including recognition of the traumatic effect of misdiagnosis and coercive treatment. Services are responsive to the vulnerabilities of trauma survivors and are delivered in a

way that avoids inadvertent re-traumatization and facilitates individual direction of services.

(96) "Treatment" means the planned, medically appropriate, individualized program of medical, psychological, and rehabilitative procedures, experiences and activities designed to remediate symptoms of a DSM diagnosis, that are included in the Service Plan.

(97) "Urgent" means the onset of symptoms requiring attention within 48 hours to prevent a serious deterioration in an individual's mental or physical health or threat to safety.

(98) "Variance" means an exception from a provision of these rules, granted in writing by the Division, upon written application from the provider. Duration of a variance is determined on a case-by-case basis.

(99) "Volunteer" means an individual who provides a program service or who takes part in a program service and who is not an employee of the program and is not paid for services. The services must be non-clinical unless the individual has the required credentials to provide a clinical service.

(100) "Wellness" means an approach to healthcare that emphasizes good physical and mental health, preventing illness, and prolonging life.

(101) "Young Adult in Transition" means an individual who is developmentally transitioning into independence, sometime between the ages of 14 and 25.

Stat. Auth.: ORS 161.390, 413.042, 430.256, 426.490 - 426.500, 428.205 - 428.270, 430.640 & 443.450

309-022-0135
Entry and Assessment

(1) Entry Process: The program must utilize a written entry procedure to ensure the following:

(a) Individuals must be considered for entry without regard to race, ethnicity, gender, gender identity, gender presentation, sexual orientation, religion, creed, national origin, age, except when program eligibility is restricted to children, adults or older adults, familial status, marital status, source of income, and disability.

(b) Individuals must receive services in the most timely manner feasible consistent with the presenting circumstances.

(c) Written informed consent for services must be obtained from the individual or guardian, if applicable, prior to the start of services. If such consent is not obtained, the reason must be documented and further attempts to obtain informed consent must be made as appropriate.

(d) The provider must establish a Service Record for each individual on the date of entry.

(e) The provider must report the entry of all individuals on the mandated state data system.

(f) In accordance with ORS 179.505 and HIPAA, an authorization for the release of information must be obtained for any confidential information concerning the individual being considered for, or receiving, services.

(2) Orientation: At the time of entry, the program must offer to the individual and guardian if applicable, written program orientation information. The written information must be in a language understood by the individual and must include:

(a) A description of individual rights consistent with these rules; and

(b) Policies concerning grievances and confidentiality.

(3) Entry of children in community-based mental health services, whose services are not funded by Medicaid, must be prioritized in the following order:

(a) Children who are at immediate risk of psychiatric hospitalization or removal from home due to emotional and mental health conditions;

(b) Children who have severe mental health conditions;

(c) Children who exhibit behavior which indicates high risk of developing conditions of a severe or persistent nature; and

(d) Any other child who is experiencing mental health conditions which significantly affect the child's ability to function in everyday life but not requiring hospitalization or removal from home in the near future.

(4) Assessment:

(a) At the time of entry, an assessment must be completed prior to development of the Service Plan.

(b) The assessment must be completed by a QMHP. A QMHA may assist in the gathering and compiling of information to be included in the assessment.

(c) Each assessment must include:

(A) Sufficient information and documentation to justify the presence of a DSM diagnosis that is the medically appropriate reason for services.

(B) Suicide potential must be assessed and Service Records must contain follow-up actions and referrals when an individual reports symptoms indicating risk of suicide;

(C) Screening for the presence of co-occurring disorders and chronic medical conditions; and

(D) Screening for the presence of symptoms related to physical or psychological trauma.

(d) When the assessment process determines the presence of co-occurring disorders, providers must document referral for further assessment, planning and intervention from an appropriate professional, either with the same provider or with a collaborative community provider.

(e) In addition to periodic assessment updates based on changes in the clinical circumstance, any individual continuing to receive mental health services for one or more continuous years, must receive an annual assessment by a LMP.

309-022-0175
Restraint and Seclusion

(1) Providers must meet the following general conditions of personal restraint and seclusion:

(a) Personal restraint and seclusion must only be used in an emergency safety situation to prevent immediate injury to an individual who is in danger of physically harming him or herself or others in situations such as the occurrence of, or serious threat of violence, personal injury or attempted suicide;

(b) Any use of personal restraint or seclusion must respect the dignity and civil rights of the individual;

(c) The use of personal restraint or seclusion must be directly related to the immediate risk related to the behavior of the individual and must not be used as punishment, discipline, or for the convenience of staff;

(d) Personal restraint or seclusion must only be used for the length of time necessary for the individual to resume self-control and prevent harm to the individual or others, even if the order for seclusion or personal restraint has not expired, and must under no circumstances, exceed 4 hours for individuals ages 18 to 21, 2 hours for individuals ages 9 to 17, or 1 hour for individuals under age 9;

(e) An order for personal restraint or seclusion must not be written as a standing order or on an as needed basis;

(f) Personal restraint and seclusion must not be used simultaneously;

(g) Providers must notify the individual's parent or guardian of any incident of seclusion or personal restraint as soon as possible;

(h) If incidents of personal restraint or seclusion used with an individual cumulatively exceed five interventions over a period of five days, or a single episode of one hour within 24 hours, the psychiatrist, or designee, must convene, by phone or in person, program staff with designated clinical leadership responsibilities to:

(A) Discuss the emergency safety situation that required the intervention, including the precipitating factors that led up to the intervention and any alternative strategies that might have prevented the use of the personal restraint or seclusion;

(B) Discuss the procedures, if any, to be implemented to prevent any recurrence of the use of personal restraint or seclusion;

(C) Discuss the outcome of the intervention including any injuries that may have resulted; and

(D) Review the individual's Service Plan, making the necessary revisions, and document the discussion and any resulting changes to the individual's Service Plan in the Service Record.

(2) Personal Restraint:

(a) Each personal restraint must require an immediate documented order by a physician, licensed practitioner, or, in accordance with OAR 309-034-0400 through 309-034-0490, a licensed CESIS;

(b) The order must include:

(A) Name of the person authorized to order the personal restraint;

(B) Date and time the order was obtained; and

(C) Length of time for which the intervention was authorized.

(c) Each personal restraint must be conducted by program staff that have completed and use Division-approved crisis intervention training. If in the event of an emergency a non-Division approved crisis intervention

technique is used, the provider's on-call administrator must immediately review the intervention and document the review in an incident report to be provided to the Division within 24 hours;

(d) At least one program staff trained in the use of emergency safety interventions must be physically present, continually assessing and monitoring the physical and psychological well-being of the individual and the safe use of the personal restraint throughout the duration of the personal restraint;

(e) Within one hour of the initiation of a personal restraint, a psychiatrist, licensed practitioner, or CESIS must conduct a face-to-face assessment of the physical and psychological well-being of the individual;

(f) A designated program staff with clinical leadership responsibilities must review all personal restraint documentation prior to the end of the shift in which the intervention occurred; and

(g) Each incident of personal restraint must be documented in the Service Record. The documentation must specify:

(A) Behavior support strategies and less restrictive interventions attempted prior to the personal restraint;

(B) Required authorization;

(C) Events precipitating the personal restraint;

(D) Length of time the personal restraint was used;

(E) Assessment of appropriateness of the personal restraint based on threat of harm to self or others;

(F) Assessment of physical injury; and

(G) Individuals response to the emergency safety intervention.

(3) Seclusion: Providers must be certified by the Division for the use of seclusion.

(a) Authorization for seclusion must be obtained by a psychiatrist, licensed practitioner or CESIS prior to, or immediately after the initiation of seclusion. Written orders for seclusion must be completed for each instance of seclusion and must include:

(A) Name of the person authorized to order seclusion;

(B) Date and time the order was obtained; and

(C) Length of time for which the intervention was authorized.

(b) Program staff trained in the use of emergency safety interventions must be physically present continually assessing and monitoring the physical and psychological well-being of the individual throughout the duration of the seclusion;

(c) Visual monitoring of the individual in seclusion must occur continuously and be documented at least every fifteen minutes or more often as clinically indicated;

(d) Within one hour of the initiation of seclusion a psychiatrist or CESIS must conduct a face-to-face assessment of the physical and psychological well-being of the individual;

(e) The individual must have regular meals, bathing, and use of the bathroom during seclusion and the provision of these must be documented in the Service Record; and

(f) Each incident of seclusion must be documented in the Service Record. The documentation must specify:

(A) The behavior support strategies and less restrictive interventions attempted prior to the use of seclusion;

(B) The required authorization for the use of seclusion;

(C) The events precipitating the use of seclusion;

(D) The length of time seclusion was used;

(E) An assessment of the appropriateness of seclusion based on threat of harm to self or others;

(F) An assessment of physical injury to the individual, if any; and

(G) The individual's response to the emergency safety intervention.

(4) Any room specifically designated for the use of seclusion or time out must be approved by the Division.

(a) If the use of seclusion occurs in a room with a locking door, the program must be authorized by the Division for this purpose and must meet the following requirements:

(A) A facility or program seeking authorization for the use of seclusion must submit a written application to the Division;

(B) Application must include a comprehensive plan for the need for and use of seclusion of children in the program and copies of the facility's policies and procedures for the utilization and monitoring of seclusion including a statistical analysis of the facility's actual use of seclusion, physical space, staff training, staff authorization, record keeping and quality assessment practices;

(C) The Division must review the application and, after a determination that the written application is complete and satisfies all applicable requirements, must provide for a review of the facility by authorized Division staff;

(D) The Division must have access to all records including Service Records, the physical plant of the facility, the employees of the facility, the professional credentials and training records for all program staff, and must have the opportunity to fully observe the treatment and seclusion practices employed by the facility;

(E) After the review, the Chief Officer must approve or disapprove the facility's application and upon approval must certify the facility based on the determination of the facility's compliance with all applicable requirements for the seclusion of children;

(F) If disapproved, the facility must be provided with specific recommendations and have the right of appeal to the Division; and

(G) Certification of a facility must be effective for a maximum of three years and may be renewed thereafter upon approval of a renewal application.

(5) Structural and physical requirements for seclusion: An ITS provider seeking this certification under these rules must have available at least one room that meets the following specifications and requirements:

(a) The room must be of adequate size to permit three adults to move freely and allows for one adult to lie down. Any newly constructed room must be no less than 64 square feet;

(b) The room must not be isolated from regular program staff of the facility, and must be equipped with adequate locking devices on all doors and windows;

(c) The door must open outward and contain a port of shatterproof glass or plastic through which the entire room may be viewed from outside;

(d) The room must contain no protruding, exposed, or sharp objects;

(e) The room must contain no furniture. A fireproof mattress or mat must be available for comfort;

(f) Any windows must be made of unbreakable or shatterproof glass or plastic. Non-shatterproof glass must be protected by adequate climb-proof screening;

(g) There must be no exposed pipes or electrical wiring in the room. Electrical outlets must be permanently capped or covered with a metal shield secured by tamper-proof screws. Ceiling and wall lights must be recessed and covered with safety glass or unbreakable plastic. Any cover, cap or shield must be secured by tamper-proof screws;

(h) The room must meet State Fire Marshal fire, safety, and health standards. If sprinklers are installed, they must be recessed and covered with fine mesh screening. If pop-down type, sprinklers must have break-away strength of under 80 pounds. In lieu of sprinklers, combined smoke and heat detector must be used with similar protective design or installation;

(i) The room must be ventilated, kept at a temperature no less than 64°F and no more than 85°F. Heating and cooling vents must be secure and out of reach;

(j) The room must be designed and equipped in a manner that would not allow a child to climb off the ground;

(k) Walls, floor and ceiling must be solidly and smoothly constructed, to be cleaned easily, and have no rough or jagged portions; and

(l) Adequate and safe bathrooms must be available.

Stat. Auth.: ORS 161.390, 413.042, 430.256, 426.490 - 426.500, 428.205 - 28.270, 430.640 & 443.450

Stats. Implemented: ORS 109.675, 161.390 - 161.400, 179.505, 413.520 - 413.522, 426.380 - 426.395, 426.490 - 426.500, 430.010, 430.205 - 430.210, 430.240 - 430.640, 430.850 - 430.955, 443.400 - 443.460, 443.991, 743A.168

309-022-0205

CESIS License Applications

(1) Application for licensure as a CESIS shall be made to the Division and be on forms prescribed by the Division.

(2) Application for licensure shall be accompanied by a formal written request from a provider that is certified by the Division, pursuant to OAR 309-008-0100 to 309-008-1600, to provide intensive mental health treatment services for individuals under 21 years of age with which the applicant is employed or contracted. The request must include:

(a) Official transcripts and supporting documentation as necessary showing the applicant meets qualifications established by rule for a QMHP;

(b) Verification that an emergency safety intervention course approved by the Division has been successfully completed within the past 12 months;

(c) Verification of certification in CPR and First Aid by a recognized training agency;

(d) A signed Background Check Request form as described in OAR chapter 943 division 007. The Criminal Record Check form will request information regarding criminal history and other information;

(e) Verification of employment or contracted services with a provider that is certified by the Division to provide intensive mental health treatment services for individuals under 21 years of age;

(f) A copy of the completed examination or evaluation the provider used to determine the applicant's competence to assess the psychological and physical well-being of individuals under 21 years of age; and

(g) A copy of the completed examination or evaluation the provider used to determine the applicants knowledge of the federal and state rules governing the use of seclusion and personal restraint in intensive mental health treatment programs for individuals less than 21 years of age.

309-018-0105
Definitions

(1) "Abuse of an adult" means the circumstances defined in OAR 407-045-0260 for abuse of an adult with mental illness.

(2) "Abuse of a child" means the circumstances defined in ORS 419B.005.

(3) " Health Systems Services and Supports" means all services and supports including but not limited to, Outpatient Community Mental Health Services and Supports for Children and Adults, Intensive Treatment Services for Children, Outpatient and Residential Substance Use Disorders Treatment Services and Outpatient and Residential Problem Gambling Treatment Services.

(4) "Adolescent" means an individual from 12 through 17 years of age, or those individuals who are determined to be developmentally appropriate for youth services.

(5) "Adult" means a person 18 years of age or older, or an emancipated minor. An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, must be considered a child until age 21 for the purposes of these rules. Adults who are between the ages of 18 and 21, who are considered children for purposes of these rules, must have all rights afforded to adults as specified in these rules.

(6) "Assessment" means the process of obtaining sufficient information, through a face-to-face interview to determine a diagnosis and to plan individualized services and supports.

(7) "ASAM PPC" means the most current publication of the American Society of Addiction Medicine Patient Placement Criteria for the Treatment of Substance-related Disorders, which is a clinical guide used in matching individuals to appropriate levels of care, and incorporated by reference in these rules.

(8) "Authority" means the Oregon Health Authority.

(9) "Behavioral Health" means mental health, mental illness, addictive health and addiction disorders.

(10) "Case Management" means the services provided to assist individuals, who reside in a community setting, or are transitioning to a community setting, in gaining access to needed medical, social, educational, entitlement and other applicable services.

(11) "Certificate" means the document or documents issued by the Division, which identifies and declares certification of a provider pursuant to OAR 309-008-0100 to 309-008-1600. A letter accompanying issuance of the certificate will detail the scope and approved service delivery locations of the certificate.

(12) "Child" means a person under the age of 18. An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, must be considered a child until age 21 for purposes of these rules.

(13) "Chief Officer" means the Chief Health Systems Officer of the Health Systems Division, or his or her designee.

(14) "Clinical Supervision" means oversight by a qualified Clinical Supervisor of addictions and mental health services and supports provided according to this rule, including ongoing evaluation and improvement of the effectiveness of those services and supports.

(15) "Clinical Supervisor" means a person qualified to oversee and evaluate addictions or mental health services and supports.

(16) "Co-occurring substance use and mental health disorders (COD)" means the existence of a diagnosis of both a substance use disorder and a mental health disorder.

(17) "Court" means the last convicting or ruling court unless specifically noted.

(18) "Criminal Records Check" means the Oregon Criminal Records Check and the processes and procedures required by OAR 407-007-0000 through 407-007-0370.

(19) "Crisis" means either an actual or perceived urgent or emergent situation that occurs when an individual's stability or functioning is disrupted and there is an immediate need to resolve the situation to prevent a serious deterioration in the individual's mental or physical health or to prevent referral to a significantly higher level of care.

(20) "Cultural Competence" means the process by which people and systems respond respectfully and effectively to people of all cultures, languages, classes, races, ethnic backgrounds, disabilities, religions, genders, sexual orientations and other diversity factors in a manner that recognizes, affirms, and values the worth of individuals, families and communities and protects and preserves the dignity of each.

(21) "Culturally Specific Program" means a program that is designed to meet the unique service needs of a specific culture and that provides services to a majority of individuals representing that culture.

(22) "Diagnosis" means the principal mental health, substance use or problem gambling diagnosis listed in the Diagnostic and Statistical Manual of Mental Disorders (DSM). The diagnosis is determined through the assessment and any examinations, tests, or consultations suggested by the assessment, and are the medically appropriate reason for services.

(23) "Division" means the Health Systems Division.

(24) "DSM" means the most recent version of the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association.

(25) "Emergent" means the onset of symptoms requiring attention within 24 hours to prevent serious deterioration in mental or physical health or threat to safety.

(26) "Entry" means the act or process of acceptance and enrollment into services regulated by this rule.

(27) "Family" means the biological or legal parents, siblings, other relatives, foster parents, legal guardians, spouse, domestic partner, caregivers and other primary relations to the individual whether by blood, adop-

tion, legal or social relationships. Family also means any natural, formal or informal support persons identified as important by the individual.

(28) "Gender Identity" means a person's self-identification of gender, without regard to legal or biological identification, including, but not limited to persons identifying themselves as male, female, transgender and transsexual.

(29) "Gender Presentation" means the external characteristics and behaviors that are socially defined as either masculine or feminine, such as dress, mannerisms, speech patterns and social interactions.

(30) "Grievance" means a formal complaint submitted to a provider verbally, or in writing, by an individual, or the individual's chosen representative, pertaining to the denial or delivery of services and supports.

(31) "Guardian" means a person appointed by a court of law to act as guardian of a minor or a legally incapacitated person.

(32) "HIPAA" means the federal Health Insurance Portability and Accountability Act of 1996 and the regulations published in Title 45, parts 160 and 164, of the Code of Federal Regulations (CFR).

(33) "Incident Report" means a written description of any incident involving an individual, or child of an individual receiving services, occurring on the premises of the program, or involving program staff or a Service Plan activity including, but not limited to, injury, major illness, accident, act of physical aggression, medication error, suspected abuse or neglect, or any other unusual incident that presents a risk to health and safety.

(34) "Individual" means any person being considered for or receiving services and supports regulated by these rules.

(35) "Informed Consent for Services" means that the service options, risks and benefits have been explained to the individual and guardian, if applicable, in a manner that they comprehend, and the individual and guardian, if applicable, have consented to the services on, or prior to, the first date of service.

(36) "Interim Referral and Information Services" means services provided by an substance use disorders treatment provider to individuals on a waiting list, and whose services are funded by the Substance Abuse Prevention and Treatment (SAPT) Block Grant, to reduce the adverse health effects of substance use, promote the health of the individual and reduce the risk of disease transmission.

(37) "Intern" or "Student" means a person who provides a paid or unpaid program service to complete a credentialed or accredited educational program recognized by the state of Oregon.

(38) "Level of Care" means the range of available services provided from the most integrated setting to the most restrictive and most intensive in an inpatient setting.

(39) "Licensed Health Care Professional" means a practitioner of the healing arts, acting within the scope of his or her practice under State law, who is licensed by a recognized governing board in Oregon.

(40) "Licensed Medical Practitioner (LMP)" means a person who meets the following minimum qualifications as documented by the Local Mental Health Authority (LMHA) or designee:

(a) Physician licensed to practice in the State of Oregon; or

(b) Nurse practitioner licensed to practice in the State of Oregon; or

(c) Physician's Assistant licensed to practice in the State of Oregon; and

(d) Whose training, experience and competence demonstrate the ability to conduct a mental health assessment and provide medication management.

(41) "Local Mental Health Authority (LMHA)" means one of the following entities:

(a) The board of county commissioners of one or more counties that establishes or operates a CMHP;

(b) The tribal council, in the case of a federally recognized tribe of Native Americans that elects to enter into an agreement to provide mental health services; or

(c) A regional local mental health authority comprised of two or more boards of county commissioners.

(42) "Medicaid" means the federal grant-in-aid program to state governments to provide medical assistance to eligible persons, under Title XIX of the Social Security Act.

(43) "Medical Director" means a physician licensed to practice medicine in the State of Oregon and who is designated by a substance use disorders treatment program to be responsible for the program's medical services, either as an employee or through a contract.

(44) "Medically Appropriate" means services and medical supplies required for prevention, diagnosis or treatment of a physical or behavioral health condition, or injuries, and which are:

(a) Consistent with the symptoms of a health condition or treatment of a health condition;

(b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community and professional standards of care as effective;

(c) Not solely for the convenience of an individual or a provider of the service or medical supplies; and

(d) The most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to an individual.

(45) "Medication Administration Record" means the documentation of the administration of written or verbal orders for medication, laboratory and other medical procedures issued by a LMP acting within the scope of his or her license.

(46) "Oregon Health Authority" means the Oregon Health Authority of the State of Oregon.

(47) "Outreach" means the delivery of behavioral health services, referral services and case management services in non-traditional settings, such as, but not limited to, the individual's residence, shelters, streets, jails, transitional housing sites, drop-in centers, single room occupancy hotels, child welfare settings, educational settings or medical settings. It also refers to attempts made to engage or re-engage an individual in services by such means as letters or telephone calls.

(48) "Peer" means any person supporting an individual, or a family member of an individual, who has similar life experience, either as a current or former recipient of addictions or mental health services, or as a family member of an individual who is a current or former recipient of addictions or mental health services.

(49) "Peer Delivered Services" means an array of agency or community-based services and supports provided by peers, and peer support specialists, to individuals or family members with similar lived experience, that are designed to support the needs of individuals and families as applicable.

(50) "Peer Support Specialist" means a person providing peer delivered services to an individual or family member with similar life experience, under the supervision of a qualified Clinical Supervisor. A Peer Support Specialist must complete a Division approved training program as required by OAR 410-180-0300 through 410-180-0300 and be:

(a) A self-identified person currently or formerly receiving mental health services; or

(b) A self-identified person in recovery from a substance use or gambling disorder, who meets the abstinence requirements for recovering staff in substance use disorders or gambling treatment and recovery programs; or

(c) A family member of an individual who is a current or former recipient of addictions or mental health services.

(51) "Problem Gambling Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide problem gambling treatment services that include assessment, development of a Service Plan, group and family counseling.

(52) "Program" means a particular type or level of service that is organizationally distinct.

(53) "Program Administrator" or "Program Director" means a person with appropriate professional qualifications and experience, who is designated to manage the operation of a program.

(54) "Program Staff" means an employee or person who, by contract with the program, provides a service and who has the applicable competencies, qualifications or certification, required in this rule to provide the service.

(55) "Provider" means an organizational entity, or qualified person, that is operated by or contractually affiliated with, a community mental health program, or contracted directly with the Division, for the direct delivery of addictions, problem gambling or mental health services and supports.

(56) "Publicly Funded" means financial support, in part or in full, with revenue generated by a local, state or federal government.

(57) "Quality Assessment and Performance Improvement" means the structured, internal monitoring and evaluation of services to improve processes, service delivery and service outcomes.

(58) "Recovery" means a process of healing and transformation for a person to achieve full human potential and personhood in leading a meaningful life in communities of his or her choice.

(59) "Representative" means a person who acts on behalf of an individual, at the individual's request, with respect to a grievance, including, but not limited to a relative, friend, employee of the Division, attorney or legal guardian.

(60) "Resilience" means the universal capacity that a person uses to prevent, minimize, or overcome the effects of adversity. Resilience reflects a person's strengths as protective factors and assets for positive development.

(61) "Residential Substance Use Disorders Treatment Program" means a publicly or privately operated program as defined in ORS 430.010 that provides assessment, treatment, rehabilitation, and twenty-four hour observation and monitoring for individuals with alcohol and other drug dependence, consistent with Level III of ASAM PCC.

(62) "Residential Problem Gambling Treatment Program" means a publicly or privately operated program that is licensed in accordance with OAR 415-021-0100 through 415-021-0225, that provides assessment, treatment, rehabilitation, and twenty-four hour observation and monitoring for individuals with gambling related problems.

(63) "Screening" means the process to determine whether the individual needs further assessment to identify circumstances requiring referrals or additional services and supports.

(64) "Service Delivery Rules" means the OAR describing specific regulatory standards for the possible array of services covered by certificates issued under Chapter 309, Division 8 of the OAR.

(65) "Service Plan" means a comprehensive plan for services and supports provided to or coordinated for an individual and his or her family, as applicable, that is reflective of the assessment and the intended outcomes of service.

(67) "Service Note" means the written record of services and supports provided, including documentation of progress toward intended outcomes, consistent with the timelines stated in the Service Plan.

(68) "Service Record" means the documentation, written or electronic, regarding an individual and resulting from entry, assessment, orientation, services and supports planning, services and supports provided, and transfer.

(69) "Services" means those activities and treatments described in the Service Plan that are intended to assist the individual's transition to recovery from a substance use disorder, problem gambling disorder or mental health condition, and to promote resiliency, and rehabilitative and functional individual and family outcomes.

(70) "Signature" means any written or electronic means of entering the name, date of authentication and credentials of the person providing a specific service or the person authorizing services and supports. Signature also means any written or electronic means of entering the name and date of authentication of the individual receiving services, the guardian of the individual receiving services, or any authorized representative of the individual receiving services.

(71) "Skills Training" means providing information and training to individuals and families designed to assist with the development of skills in areas including, but not limited to, anger management, stress reduction, conflict resolution, self-esteem, parent-child interactions, peer relations, drug and alcohol awareness, behavior support, symptom management, accessing community services and daily living.

(72) "Substance Abuse Prevention and Treatment Block Grant" or "SAPT Block Grant" means the federal block grants for prevention and treatment of substance abuse under Public Law 102-321 (31 U.S.C. 7301-7305) and the regulations published in Title 45 Part 96 of the Code of Federal Regulations.

(73) "Substance Use Disorders" means disorders related to the taking of a drug of abuse including alcohol, to the side effects of a medication, and to a toxin exposure. The disorders include substance use disorders such as substance dependence and substance abuse, and substance-induced disorders, including substance intoxication, withdrawal, delirium, and dementia, as well as substance induced psychotic disorder, mood disorder, etc., as defined in DSM criteria.

(74) "Substance Use Disorders Treatment and Recovery Services" means outpatient, intensive outpatient, and residential services and supports for individuals with substance use disorders.

(75) "Substance Use Disorders Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide substance use disorders treatment services that include assessment, development of a Service Plan, and individual, group and family counseling.

(76) "Supports" means activities, referrals and supportive relationships designed to enhance the services delivered to individuals and families for the purpose of facilitating progress toward intended outcomes.

(77) "Transfer" means the process of assisting an individual to transition from the current services to the next appropriate setting or level of care.

(78) "Trauma Informed Services" means services that are reflective of the consideration and evaluation of the role that trauma plays in the lives of people seeking mental health and addictions services, including recognition of the traumatic effect of misdiagnosis and coercive treatment. Services are responsive to the vulnerabilities of trauma survivors and are delivered in a way that avoids inadvertent re-traumatization and facilitates individual direction of services.

(79) "Treatment" means the planned, medically appropriate, individualized program of medical, psychological, and rehabilitative procedures, experiences and activities designed to remediate symptoms of a DSM diagnosis, that are included in the Service Plan.

(80) "Urinalysis Test" means an initial test and, if positive, a confirmatory test:

(a) An initial test must include, at a minimum, a sensitive, rapid, and inexpensive immunoassay screen to eliminate "true negative" specimens from further consideration.

(b) A confirmatory test is a second analytical procedure used to identify the presence of a specific drug or metabolite in a urine specimen. The confirmatory test must be by a different analytical method from that of the initial test to ensure reliability and accuracy.

(c) All urinalysis tests must be performed by laboratories meeting the requirements of OAR 333-024-0305 to 333-024-0365.

(81) "Urgent" means the onset of symptoms requiring attention within 48 hours to prevent a serious deterioration in an individual's mental or physical health or threat to safety.

(82) "Variance" means an exception from a provision of these rules, granted in writing by the Division, upon written application from the provider. Duration of a variance is determined on a case-by-case basis.

(83) "Volunteer" means an individual who provides a program service or who takes part in a program service and who is not an employee of the program and is not paid for services. The services must be non-clinical unless the individual has the required credentials to provide a clinical service.

(84) "Wellness" means an approach to healthcare that emphasizes good physical and mental health, preventing illness, and prolonging life.

309-018-0210
Grievances and Appeals

(1) Any individual receiving services, or the parent or guardian of the individual receiving services, may file a grievance with the provider, the individual's managed care plan or the Division.

(2) For individuals whose services are funded by Medicaid, grievance and appeal procedures outlined in OAR 410-141-0260 through 410-141-0266, must be followed.

(3) For individuals whose services are not funded by Medicaid, providers must:

(a) Notify each individual, or guardian, of the grievance procedures by reviewing a written copy of the policy upon entry;

(b) Assist individuals and parents or guardians, as applicable, to understand and complete the grievance process; and notify them of the results and basis for the decision;

(c) Encourage and facilitate resolution of the grievance at the lowest possible level;

(d) Complete an investigation of any grievance within 30 calendar days;

(e) Implement a procedure for accepting, processing and responding to grievances including specific timelines for each;

(f) Designate a program staff person to receive and process the grievance;

(g) Document any action taken on a substantiated grievance within a timely manner; and

(h) Document receipt, investigation and action taken in response to the grievance.

(4) Grievance Process Notice. The provider must have a Grievance Process Notice, which must be posted in a conspicuous place stating the telephone number of:

(a) The Division;

(b) Disability Rights Oregon; and

(c) The applicable managed care organization.

(5) Expedited Grievances: In circumstances where the matter of the grievance is likely to cause harm to the individual before the grievance procedures outlined in these rules are completed, the individual, or guardian of the individual, may request an expedited review. The program administrator must review and respond in writing to the grievance within 48 hours of receipt of the grievance. The written response must include information about the appeal process.

(6) Retaliation: A grievant, witness or staff member of a provider must not be subject to retaliation by a provider for making a report or being interviewed about a grievance or being a witness. Retaliation may include, but is not limited to, dismissal or harassment, reduction in services, wages or benefits, or basing service or a performance review on the action.

(7) Immunity: The grievant is immune from any civil or criminal liability with respect to the making or content of a grievance made in good faith.

(8) Appeals: Individuals and their legal guardians, as applicable, must have the right to appeal entry, transfer and grievance decisions as follows:

(a) If the individual or guardian, if applicable, is not satisfied with the decision, the individual or guardian may file an appeal in writing within ten working days of the date of the program administrator's response to the grievance or notification of denial for services as applicable. The appeal must be submitted to the CMHP Director in the county where the provider is located or to the Division as applicable;

(b) If requested, program staff must be available to assist the individual;

(c) The CMHP Director or Division must provide a written response within ten working days of the receipt of the appeal; and

(d) If the individual or guardian, if applicable, is not satisfied with the appeal decision, he or she may file a second appeal in writing to the Director, within ten working days of the date of the written response.

Stat. Auth.: ORS 428.205 - 428.270, 430.640 & 443.450
Stats. Implemented: ORS 430.010, 430.205 - 430.210, 430.240 - 430.640, 430.850 - 430.955, 443.400 - 443.460, 443.991, 461.549, 743A.168, 813.010 - 813.052 & 813.200 - 813.270
Hist.: MHS 10-2013(Temp), f. 8-8-13, cert. ef. 8-9-13 thru 2-5-14; MHS 3-2014, f. & cert. ef. 2-3-14; MHS 10-2016(Temp), f. 6-29-16, cert. ef. 7-1-16 thru 12-27-16

309-018-0215
Variances

(1) Criteria for a Variance: Variances may be granted to a provider holding a license under this rule:

(a) If there is a lack of resources to implement the standards required in these rules; or

(b) If implementation of the proposed alternative services, methods, concepts or procedures would result in improved outcomes for the individual.

(2) Application for a Variance

(a) Providers may submit their variance request directly to the Division;

(b) Provider requesting a variance must submit a written application to the Division; and

(c) Variance requests must contain the following:

(A) The section of the rule from which the variance is sought;

(B) The reason for the proposed variance;

(C) The alternative practice, service, method, concept or procedure proposed;

(D) A proposal for the duration of the variance; and

(E) A plan and timetable for compliance with the section of the rule for which the variance applies.

(3) Division Review and Notification: The Division must approve or deny the request for a variance and must notify the provider in writing of the decision to approve or deny the requested variance, within 30 days of receipt of the variance. The written notification must include the specific alternative practice, service, method, concept or procedure that is approved and the duration of the approval.

(4) Appeal Application: Appeal of the denial of a variance request must be made in writing to the Chief Officer of the Division, whose decision will be final and must be provided in writing within 30 days of receipt of the appeal.

(5) Written Approval: The LMHA, CMHP or provider may implement a variance only after written approval from the Division.

(6) Duration of Variance: It is the responsibility of the provider to submit a request to extend a variance in writing prior to a variance expiring. Extension must be approved in writing by the Division.

(7) Granting a variance for one request does not set a precedent that must be followed by the Division when evaluating subsequent requests for variance.

Subject: These rules prescribe minimum standards for services and supports provided by addictions and mental health providers approved by the Health Systems Division of the Oregon Health Authority.
Rules Coordinator: Nola Russell—(503) 945-7652

309-019-0100
Purpose and Scope

(1) Purpose: These rules prescribe minimum service delivery standards for services and supports provided by providers certified by the Health Systems Division of the Oregon Health Authority.

(2) Scope: In addition to applicable requirements in OAR 410-120-0000 through 410-120-1980 and 943-120-0000 through 943-120-1550, these rules specify standards for behavioral health treatment services and supports provided in:

(a) Outpatient Community Mental Health Services and Supports for Children and Adults;

(b) Outpatient Substance Use Disorders Treatment Services; and

(c) Outpatient Problem Gambling Treatment Services.

Stat. Auth.: ORS 161.390, 413.042 , 430.256, 428.205 - 428.270, 430.640

309-019-0105
Definitions

(1) "Abuse of an adult" means the circumstances defined in 943-045-0250 through 943-045-0370 for abuse of an adult with mental illness.

(2) "Abuse of a child" means the circumstances defined in ORS 419B.005.

(3) "Addictions and Mental Health Services and Supports" means all services and supports including but not limited to, Outpatient Behavioral Health Services and Supports for Children and Adults, Intensive Treatment Services for Children, Outpatient and Residential Substance Use Disorders Treatment Services and Outpatient and Residential Problem Gambling Treatment Services.

(4) "Adolescent" means an individual from 12 through 17 years of age, or those individuals who are determined to be developmentally appropriate for youth services.

(5) "Adult" means a person 18 years of age or older, or an emancipated minor. An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, must be considered a child until age 21 for the purposes of these rules. Adults who are between the ages of 18 and 21, who are considered children for purposes of these rules, must have all rights afforded to adults as specified in these rules.

(6) "Assessment" means the process of obtaining sufficient information, through a face-to-face interview to determine a diagnosis and to plan individualized services and supports.

(7) "ASAM PPC" means the most current publication of the American Society of Addiction Medicine Patient Placement Criteria for the Treatment of Substance-related Disorders, which is a clinical guide used in matching individuals to appropriate levels of care, and incorporated by reference in these rules.

(8) "Authority" means the Oregon Health Authority.

(9) "Behavioral Health Treatment": means mental health treatment, substance use disorder treatment, and problem gambling treatment.

(10) "Behavior Support Plan" means the individualized proactive support strategies that are used to support positive behavior.

(11) "Behavior Support Strategies" means proactive supports designed to replace challenging behavior with functional, positive behavior. The strategies address environmental, social, neuro-developmental and physical factors that affect behavior.

(12) "Care Coordination" means a process-oriented activity to facilitate ongoing communication and collaboration to meet multiple needs. Care coordination includes facilitating communication between the family, natural supports, community resources, and involved providers and agencies; organizing, facilitating and participating in team meetings; and providing for continuity of care by creating linkages to and managing transitions between levels of care and transitions for young adults in transition to adult services.

(13) "Case Management" means the services provided to assist individuals, who reside in a community setting, or are transitioning to a community setting, in gaining access to needed medical, social, educational, entitlement and other applicable services.

(14) "Certificate" means the document or documents issued by OHA, which identifies and declares certification of a provider pursuant to OAR 309-008-0000. A letter accompanying issuance of the Certificate will detail the scope and approved locations of the Certificate.

(15) "Chief Officer" means the Chief Health Systems Officer of the Division, or his or her designee.

(16) "Child" means a person under the age of 18. An individual with Medicaid eligibility, who is in need of services specific to children, adolescents, or young adults in transition, must be considered a child until age 21 for purposes of these rules.

(17) "Child and Family Team" means the people who are responsible for creating, implementing, reviewing, and revising the service coordination section of the Service Plan in ICTS programs. At a minimum, the team must be comprised of the family, care coordinator, and child when appropriate. The team should also include any involved child-serving providers and agencies and any other natural, formal, and informal supports as identified by the family.

(18) "Clinical Supervision" means oversight by a qualified Clinical Supervisor of addictions and mental health services and supports provided according to this rule, including ongoing evaluation and improvement of the effectiveness of those services and supports.

(19) "Clinical Supervisor" means a person qualified to oversee and evaluate addictions or mental health services and supports.

(20) "Community-based" means that services and supports must be provided in a participant's home and surrounding community and not solely based in a traditional office-setting.

(a) ACT services may not be provided to individuals residing in an RTF or RTH licensed by HSD, unless:

(A) The individual is not being provided rehabilitative services; or

(B) The individual has been identified for transition to a less intensive level of care. When identified for transition to a less intensive level of care, the individual may receive ACT services for up to six months prior to discharge from the RTH or RTF.

(21) "Competitive Integrated Employment" means full-time or part time work: at minimum wage or higher, at a rate that is not less than the customary rate paid by the employer for the same or similar work performed by other employees who are not individuals with disabilities, and who are similarly situated in similar occupations by the same employer and who have similar training, experience, and skill; with eligibility for the level of benefits provided to other employees; at a location where the employee interacts with other persons who are not individuals with disabilities (not including supervisory personnel or individuals who are providing services to such employee) to the same extent that individuals who are not individuals with disabilities and who are in comparable positions interact with other persons; and as appropriate, presents opportunities for advancement that are similar to those for other employees who are not individuals with disabilities and who have similar positions.

(22)(a) "Comprehensive Assessment" means the organized process of gathering and analyzing current and past information with each individual and the family and/or support system and other significant people to evaluate:

(A) Mental and functional status;

(B) Effectiveness of past treatment;

(C) Current Treatment, rehabilitation and support needs to achieve individual goals and support recovery; and

(D) The range of individual strengths (e.g., knowledge gained from dealing with adversity, personal/professional roles, talents, personal traits) that can act as resources to the individual and his/her recovery planning team in pursuing goals.

(b) The results of the information gathering and analysis are used to:

(A) Establish immediate and longer-term service needs with each individual;

(B) Set goals and develop the first person directed recovery plan with each individual; and,

(C) Optimize benefits that can be derived from existing strengths and resources of the individual and his/her family and/or natural support network in the community.

(23) "Co-Occurring Disorders (COD) Services" include integrated assessment and treatment for individuals who have co-occurring mental health and substance use condition.

(24) "Co-occurring substance use and mental health disorders (COD)" means the existence of a diagnosis of both a substance use disorder and a mental health disorder.

(25) "Coordinated Care Organization (CCO)" means an entity that has been certified by the Authority to provide coordinated and integrated health services.

(26) "Conditional Release" means placement by a court or the Psychiatric Security Review Board (PSRB), of a person who has been found eligible under ORS 161.327(2)(b) or 161.336, for supervision and treatment in a community setting.

(27) "Court" means the last convicting or ruling court unless specifically noted.

(28) "Criminal Records Check" means the Oregon Criminal Records Check and the processes and procedures required by OAR 407-007-0000 through 407-007-0370.

(29) "Crisis" means either an actual or perceived urgent or emergent situation that occurs when an individual's stability or functioning is disrupted and there is an immediate need to resolve the situation to prevent a serious deterioration in the individual's mental or physical health or to prevent referral to a significantly higher level of care.

(30) "Cultural Competence" means the process by which people and systems respond respectfully and effectively to people of all cultures, languages, classes, races, ethnic backgrounds, disabilities, religions, genders, sexual orientations and other diversity factors in a manner that recognizes, affirms, and values the worth of individuals, families and communities and protects and preserves the dignity of each.

(31) "Culturally Specific Program" means a program that is designed to meet the unique service needs of a specific culture and that provides services to a majority of individuals representing that culture.

(32) "Declaration for Mental Health Treatment" means a written statement of an individual's preferences concerning his or her mental health treatment. The declaration is made when the individual is able to understand and legally make decisions related to such treatment. It is honored, as clinically appropriate, in the event the individual becomes unable to make such decisions.

(33) "Diagnosis" means the principal mental health, substance use or problem gambling diagnosis listed in the Diagnostic and Statistical Manual of Mental Disorders (DSM). The diagnosis is determined through the assessment and any examinations, tests, or consultations suggested by the assessment, and is the medically appropriate reason for services.

(34) "Division" means the Health Systems Division.

(35) "Division approved reviewer" means the Oregon Center of Excellence for Assertive Community Treatment (OCEACT). OCEACT is the Division's contracted entity that is responsible for conducting ACT fidelity reviews, training, and technical assistance to support new and existing ACT programs statewide.

(36) "DSM" means the most recent version of the Diagnostic and Statistical Manual of Mental Disorders, published by the American Psychiatric Association.

(37) "Driving Under the Influence of Intoxicants (DUII) Substance Use Disorders Rehabilitation Program" means a program of treatment and therapeutically oriented education services for an individual who is either:

(a) A violator of ORS 813.010 Driving Under the Influence of Intoxicants; or

(b) A defendant who is participating in a diversion agreement under ORS 813.200.

(38) "Emergent" means the onset of symptoms requiring attention within 24 hours to prevent serious deterioration in mental or physical health or threat to safety.

(39) "Enhanced Care Services (ECS)" and "Enhanced Care Outreach Services (ECOS)" means intensive behavioral and rehabilitative mental health services to eligible individuals who reside in Aging and People with Disabilities (APD) licensed homes or facilities.

(40) "Entry" means the act or process of acceptance and enrollment into services regulated by this rule.

(41) "Family" means the biological or legal parents, siblings, other relatives, foster parents, legal guardians, spouse, domestic partner, caregivers and other primary relations to the individual whether by blood, adoption, legal or social relationships. Family also means any natural, formal or informal support persons identified as important by the individual.

(42) "Family Support" means the provision of supportive services to persons defined as family to the individual. It includes support to caregivers at community meetings, assistance to families in system navigation and managing multiple appointments, supportive home visits, peer support, parent mentoring and coaching, advocacy, and furthering efforts to develop natural and informal community supports.

(43) "Fixed point of responsibility" means the ACT team itself provides virtually all needed services, rather than sending clients to different providers. If the team cannot provide a service (e.g. dental services) the team ensures that the service is provided.

(44) "Gender Identity" means a person's self-identification of gender, without regard to legal or biological identification, including, but not limited to persons identifying themselves as male, female, transgender and transsexual.

(45) "Gender Presentation" means the external characteristics and behaviors that are socially defined as either masculine or feminine, such as dress, mannerisms, speech patterns and social interactions.

(46) "Grievance" means a formal complaint submitted to a provider verbally, or in writing, by an individual, or the individual's chosen representative, pertaining to the denial or delivery of services and supports.

(47) "Guardian" means a person appointed by a court of law to act as guardian of a minor or a legally incapacitated person.

(48) "HIPAA" means the federal Health Insurance Portability and Accountability Act of 1996 and the regulations published in Title 45, parts 160 and 164, of the Code of Federal Regulations (CFR).

(49) "Hospital discharge planning" for the purposes of the ACT program means a process that begins upon admission to the Oregon State Hospital and that is based on the presumption that with sufficient supports and services, all individuals can live in an integrated community setting. Discharge planning is developed and implemented through a person-centered planning process in which the individual has a primary role and is based on principles of self-determination. Discharge planning teams at OSH include a representative of a community mental health provider from the county where the individual is likely to transition.

(50) "Individual" means any person being considered for or receiving services and supports regulated by these rules.

(51) "Informed Consent for Services" means that the service options, risks and benefits have been explained to the individual and guardian, if applicable, in a manner that they comprehend, and the individual and guardian, if applicable, have consented to the services on, or prior to, the first date of service.

(52) "Intensive Outpatient Substance Use Disorders Treatment Services" means structured nonresidential evaluation, treatment, and continued care services for individuals with substance use disorders who need a greater number of therapeutic contacts per week than are provided by traditional outpatient services. Intensive outpatient services may include, but are not limited to, day treatment, correctional day treatment, evening treatment, and partial hospitalization.

(53) "Intensive Community-based Treatment and Support Services (ICTS)" means a specialized set of comprehensive in-home and community-based supports and mental health treatment services, including care coordination as defined in these rules, for children that are developed by the child and family team and delivered in the most integrated setting in the community.

(54) "Interim Referral and Information Services" means services provided by an substance use disorders treatment provider to individuals on a waiting list, and whose services are funded by the Substance Abuse Prevention and Treatment (SAPT) Block Grant, to reduce the adverse health effects of substance use, promote the health of the individual and reduce the risk of disease transmission.

(55) "Intern" or "Student" means a person who provides a paid or unpaid program service to complete a credentialed or accredited educational program recognized by the state of Oregon.

(56) "Juvenile Psychiatric Security Review Board (JPSRB)" means the entity described in ORS 161.385.

(57) "Level of Care" means the range of available services provided from the most integrated setting to the most restrictive and most intensive in an inpatient setting.

(58) "Level of Service Intensity Determination." means the Division approved process by which children and young adults in transition are assessed for ITS and ICTS services.

(59) "Licensed Health Care Professional" means a practitioner of the healing arts, acting within the scope of his or her practice under State law, who is licensed by a recognized governing board in Oregon.

(60) "Licensed Medical Practitioner (LMP)" means a person who meets the following minimum qualifications as documented by the Local Mental Health Authority (LMHA) or designee:

(a) Physician licensed to practice in the State of Oregon; or

(b) Nurse practitioner licensed to practice in the State of Oregon; or

(c) Physician's Assistant licensed to practice in the State of Oregon; and

(d) Whose training, experience and competence demonstrate the ability to conduct a mental health assessment and provide medication management.

(e) For ICTS and ITS providers, LMP means a board-certified or board-eligible child and adolescent psychiatrist licensed to practice in the State of Oregon.

(61) "Life skills training" means training that help individuals develop skills and access resources needed to increase their capacity to be successful and satisfied in the living, working, learning, and social environments of their choice.

(62) "Local Mental Health Authority (LMHA)" means one of the following entities:

(a) The board of county commissioners of one or more counties that establishes or operates a CMHP;

(b) The tribal council, in the case of a federally recognized tribe of Native Americans that elects to enter into an agreement to provide mental health services; or

(c) A regional local mental health authority comprised of two or more boards of county commissioners.

(63) "Mandatory Reporter" means any public or private official, as defined in ORS 419B.005(3), who comes in contact with or has reasonable cause to believe that an individual has suffered abuse, or that any person with whom the official comes in contact with, has abused the individual. Pursuant to 430.765(2) psychiatrists, psychologists, clergy and attorneys are not mandatory reporters with regard to information received through communications that are privileged under 40.225 to 40.295.

(64) "Medicaid" means the federal grant-in-aid program to state governments to provide medical assistance to eligible persons, under Title XIX of the Social Security Act.

(65) "Medical Director" means a physician licensed to practice medicine in the State of Oregon and who is designated by a substance use disorders treatment program to be responsible for the program's medical services, either as an employee or through a contract.

(66) "Medical Supervision" means an LMP's review and approval, at least annually, of the medical appropriateness of services and supports identified in the Service Plan for each individual receiving mental health services for one or more continuous years.

(67) "Medically Appropriate" means services and medical supplies required for prevention, diagnosis or treatment of a physical or behavioral health condition, or injuries, and which are:

(a) Consistent with the symptoms of a health condition or treatment of a health condition;

(b) Appropriate with regard to standards of good health practice and generally recognized by the relevant scientific community and professional standards of care as effective;

(c) Not solely for the convenience of an individual or a provider of the service or medical supplies; and

(d) The most cost effective of the alternative levels of medical services or medical supplies that can be safely provided to an individual.

(68) "Mental Health Intern" means a person who meets qualifications for QMHA but does not have the necessary graduate degree in psychology, social work or behavioral science field to meet the educational requirement of QMHP. The person must:

(a) Be currently enrolled in a graduate program for a master's degree in psychology, social work or in a behavioral science field;

(b) Have a collaborative educational agreement with the CMHP, or other provider, and the graduate program;

(c) Work within the scope of his/her practice and competencies identified by the policies and procedures for credentialing of clinical staff as established by provider; and

(d) Receive, at minimum, weekly supervision by a qualified clinical supervisor employed by the provider of services.

(69) "Nursing Services" means services that are provided by a registered nurse (RN) or a licensed practical nurse (LPN) within their scope of practice as defined in OAR 851-045-0060.

(70) "Oregon Health Authority" means the Oregon Health Authority of the State of Oregon.

(71) "Outpatient Substance Use Disorders Treatment Program" means a program that provides assessment, treatment, and rehabilitation on a regularly scheduled basis or in response to crisis for individuals with alcohol or other drug use disorders and their family members, or significant others.

(72) "Outpatient Community Mental Health Services and Supports" means all outpatient mental health services and supports provided to children, youth and adults.

(73) "Outpatient Problem Gambling Treatment Services" means all outpatient treatment services and supports provided to individuals with gambling related problems and their families.

(74) "Outreach" means the delivery of behavioral health services, referral services and case management services in non-traditional settings, such as, but not limited to, the individual's residence, shelters, streets, jails, transitional housing sites, drop-in centers, single room occupancy hotels, child welfare settings, educational settings or medical settings. It also refers to attempts made to engage or re-engage an individual in services by such means as letters or telephone calls.

(75) "Peer" means any person supporting an individual, or a family member of an individual, who has similar life experience, either as a current or former recipient of addictions or mental health services, or as a family member of an individual who is a current or former recipient of addictions or mental health services.

(76) "Peer Delivered Services" means an array of agency or community-based services and supports provided by peers, and peer support specialists, to individuals or family members with similar lived experience, that are designed to support the needs of individuals and families as applicable.

(77) "Peer Support Specialist" means a person providing peer delivered services to an individual or family member with similar life experience, under the supervision of a qualified Clinical Supervisor. A Peer Support Specialist must complete a Division approved training program as required by OAR 410-180-0300 to 0380 and be:

(a) A self-identified person currently or formerly receiving mental health services; or

(b) A self-identified person in recovery from a substance use or gambling disorder, who meets the abstinence requirements for recovering staff in substance use disorders or gambling treatment programs; or

(c) A family member of an individual who is a current or former recipient of addictions or mental health services.

(78) "Problem Gambling Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide problem gambling treatment services that include assessment, development of a Service Plan, group and family counseling.

(79) "Program" means a particular type or level of service that is organizationally distinct.

(80) "Program Administrator" or "Program Director" means a person with appropriate professional qualifications and experience, who is designated to manage the operation of a program.

(81) "Program Staff" means an employee or person who, by contract with the program, provides a service and who has the applicable competencies, qualifications or certification, required in this rule to provide the service.

(82) "Provider" means a person, organizational provider, or Community Mental Health Program as designated under ORS 430.637(b) that holds a current Certificate to provide outpatient behavioral health treatment or prevention services pursuant to these and applicable service delivery rules.

(83) "Psychiatric Security Review Board (PSRB)" means the entity described in ORS 161.295 through 161.400.

(84) "Psychiatrist" means a physician licensed pursuant to ORS 677.010 to 677.228 and 677.410 to 677.450 by the Board of Medical Examiners for the State of Oregon and who has completed an approved residency training program in psychiatry.

(85) "Psychiatry services" for the purposes of the ACT program in Oregon means the prescribing and/or administering and reviewing of medications and their side effects, includes both pharmacological management as well as supports and training to the individual. Psychiatry services must be provided by a psychiatrist or a psychiatric nurse practitioner who is licensed by the Oregon Medical Board.

(86) "Psychologist" means a psychologist licensed by the Oregon Board of Psychologist Examiners.

(87) "Publicly Funded" means financial support, in part or in full, with revenue generated by a local, state or federal government.

(88) "Qualified Mental Health Associate (QMHA)" means a person delivering services under the direct supervision of a QMHP who meets the minimum qualifications as authorized by the LMHA, or designee, and specified in 309-019-0125(7).

(89) "Qualified Mental Health Professional (QMHP)" means a LMP or any other person meeting the minimum qualifications as authorized by the LMHA, or designee, and specified in 309-019-0125(8).

(90) "Qualified Person" means a person who is a QMHP, or a QMHA, and is identified by the PSRB and JPSRB in its Conditional Release Order. This person is designated by the provider to deliver or arrange and monitor the provision of the reports and services required by the Conditional Release Order.

(91) "Quality Assessment and Performance Improvement" means the structured, internal monitoring and evaluation of services to improve processes, service delivery and service outcomes.

(92) "Recovery" means a process of healing and transformation for a person to achieve full human potential and personhood in leading a meaningful life in communities of his or her choice.

(93) "Representative" means a person who acts on behalf of an individual, at the individual's request, with respect to a grievance, including, but not limited to a relative, friend, employee of the Division, attorney or legal guardian.

(94) "Resilience" means the universal capacity that a person uses to prevent, minimize, or overcome the effects of adversity. Resilience reflects a person's strengths as protective factors and assets for positive development.

(95) "Respite care" means planned and emergency supports designed to provide temporary relief from care giving to maintain a stable and safe living environment. Respite care can be provided in or out of the home. Respite care includes supervision and behavior support consistent with the strategies specified in the Service Plan.

(96) "Screening" means the process to determine whether the individual needs further assessment to identify circumstances requiring referrals or additional services and supports.

(97) "Screening Specialist" means a person who possesses valid certification issued by the Division to conduct DUII evaluations.

(98) "Service Plan" means a comprehensive plan for services and supports provided to or coordinated for an individual and his or her family, as applicable, that is reflective of the assessment and the intended outcomes of service.

(99) "Service Note" means the written record of services and supports provided, including documentation of progress toward intended outcomes, consistent with the timelines stated in the Service Plan.

(100) "Service Record" means the documentation, written or electronic, regarding an individual and resulting from entry, assessment, orientation, services and supports planning, services and supports provided, and transfer.

(101) "Services" means those activities and treatments described in the Service Plan that are intended to assist the individual's transition to recovery from a substance use disorder, problem gambling disorder or mental health condition, and to promote resiliency, and rehabilitative and functional individual and family outcomes.

(102) "Signature" means any written or electronic means of entering the name, date of authentication and credentials of the person providing a specific service or the person authorizing services and supports. Signature also means any written or electronic means of entering the name and date of authentication of the individual receiving services, the guardian of the individual receiving services, or any authorized representative of the individual receiving services.

(103) "Skills Training" means providing information and training to individuals and families designed to assist with the development of skills in areas including, but not limited to, anger management, stress reduction, conflict resolution, self-esteem, parent-child interactions, peer relations, drug and alcohol awareness, behavior support, symptom management, accessing community services and daily living.

(104) "Substance Abuse Prevention and Treatment Block Grant" or "SAPT Block Grant" means the federal block grants for prevention and treatment of substance abuse under Public Law 102-321 (31 U.S.C. 7301-7305) and the regulations published in Title 45 Part 96 of the Code of Federal Regulations.

(105) "Substance Use Disorders" means disorders related to the taking of a drug of abuse including alcohol, to the side effects of a medication, and to a toxin exposure. The disorders include substance use disorders such as substance dependence and substance abuse, and substance-induced disorders, including substance intoxication, withdrawal, delirium, and dementia, as well as substance induced psychotic disorder, mood disorder, etc., as defined in DSM criteria.

(106) "Substance Use Disorders Treatment and Recovery Services" means outpatient, intensive outpatient, and residential services and supports for individuals with substance use disorders.

(107) "Substance Use Disorders Treatment Staff" means a person certified or licensed by a health or allied provider agency to provide substance use disorders treatment services that include assessment, development of a Service Plan, and individual, group and family counseling.

(108) "Successful DUII Completion" means that the DUII program has documented in its records that for the period of service deemed necessary by the program, the individual has:

(a) Met the completion criteria approved by the Division;

(b) Met the terms of the fee agreement between the provider and the individual; and

(c) Demonstrated 90 days of continuous abstinence prior to completion.

(109) "Supported Employment Services" are individualized services that assist individuals to obtain and maintain integrated, paid, competitive employment. Supported employment services are provided in a manner that seeks to allow individuals to work the maximum number of hours consistent with their preferences, interests and abilities and are individually planned, based on person-centered planning principles and evidence-based practices.

(110) "Supports" means activities, referrals and supportive relationships designed to enhance the services delivered to individuals and families for the purpose of facilitating progress toward intended outcomes.

(111) "Symptom management" means to prevent or treat as early as possible the symptoms of a disease, side effects caused by treatment of a disease, and psychological, social, and spiritual problems related to a disease or its treatment.

(112) "Time-unlimited services" means services are provided not on the basis of predetermined timelines but as long as they are medically appropriate.

(113) "Transfer" means the process of assisting an individual to transition from the current services to the next appropriate setting or level of care.

(114) "Trauma Informed Services" means services that are reflective of the consideration and evaluation of the role that trauma plays in the lives of people seeking mental health and addictions services, including recognition of the traumatic effect of misdiagnosis and coercive treatment. Services are responsive to the vulnerabilities of trauma survivors and are delivered in a way that avoids inadvertent re-traumatization and facilitates individual direction of services.

(115) "Treatment" means the planned, medically appropriate, individualized program of medical, psychological, and rehabilitative procedures, experiences and activities designed to remediate symptoms of a DSM diagnosis, that are included in the Service Plan.

(116) "Urinalysis Test" means an initial test and, if positive, a confirmatory test:

(a) An initial test must include, at a minimum, a sensitive, rapid, and inexpensive immunoassay screen to eliminate "true negative" specimens from further consideration.

(b) A confirmatory test is a second analytical procedure used to identify the presence of a specific drug or metabolite in a urine specimen. The confirmatory test must be by a different analytical method from that of the initial test to ensure reliability and accuracy.

(c) All urinalysis tests must be performed by laboratories meeting the requirements of OAR 333-024-0305 to 333-024-0365.

(117) "Urgent" means the onset of symptoms requiring attention within 48 hours to prevent a serious deterioration in an individual's mental or physical health or threat to safety.

(118) "Variance" means an exception from a provision of these rules, granted in writing by the Division pursuant to the process regulated by OAR 309-008-1600, upon written application from the provider. Duration of a variance is determined on a case-by-case basis.

(119) "Vocational services" for the purposes of the ACT program in Oregon means employment support services that will lead to competitive integrated employment. The Division encourages the use of fidelity IPS Supported Employment for providing vocational services within the ACT program.

(120) "Volunteer" means an individual who provides a program service or who takes part in a program service and who is not an employee of the program and is not paid for services. The services must be non-clinical unless the individual has the required credentials to provide a clinical service.

(121) "Warm Handoff" means the process of transferring an individual from one provider to another, prior to discharge, which includes face-to-face meeting(s) with an individual, and which coordinates the transfer of responsibility for the individual's ongoing care and continuing treatment and services. A warm handoff shall either:

(a) Include a face-to-face meeting with the community provider and the individual, and if possible, hospital staff; or

(b) Provide a transitional team to support the individual, serve as a bridge between the hospital and the community provider, and ensure that the individual connects with the community provider. For warm handoffs under subparagraph (b), the transitional team shall meet face to face with the individual, and if possible, with hospital staff, prior to discharge. Face-to-face in person meetings are preferable for warm handoffs. However, a face-to-face meeting may be accomplished through technological solutions that provide two-way video-like communication on a secure line ("telehealth"), when either distance is a barrier to an in person meeting or individualized clinical criteria support the use of telehealth.

(122) "Wellness" means an approach to healthcare that emphasizes good physical and mental health, preventing illness, and prolonging life.

(123) "Young Adult in Transition" means an individual who is developmentally transitioning into independence, sometime between the ages of 14 and 25.

Provider Policies

(1) Personnel Policies: All providers must develop and implement written personnel policies and specific procedures, compliant with these rules and other applicable rules or regulatory mandates, including:

(a) Personnel Qualifications and Credentialing;

(b) Mandatory abuse reporting, compliant with ORS 430.735-430.768 and OAR 943-045-0250 through 943-045-0370;

(c) Criminal Records Checks, compliant with ORS 181.533 through 181.575 and 407-007-0000 through 407-007-0370; and

(d) Fraud, waste and abuse in Federal Medicaid and Medicare programs compliant with OAR 410-120-1380 and 410-120-1510.

(2) Service Delivery Policies: All providers must develop and implement written service delivery policies and specific procedures, compliant with these rules.

(a) Service delivery policies must be available to individuals and family members upon request; and

(b) Service delivery policies and procedures must include, at a minimum:

(A) Fee agreements;

(B) Confidentiality and compliance with HIPAA, Federal Confidentiality Regulations (42 CFR, Part 2), and State confidentiality regulations as specified in ORS 179.505 and 192.518 through 192.530;

(C) Compliance with Title 2 of the Americans with Disabilities Act of 1990 (ADA);

(D) Grievances and Appeals;

(E) Individual Rights;

(F) Quality Assessment and Performance Improvement;

(G) Trauma Informed Service Delivery, consistent with the AMH Trauma Informed Services Policy;

(H) Provision of culturally and linguistically appropriate services;

(I) Crisis Prevention and Response; and

(J) Incident Reporting.

(3) Behavior Support Policies: Providers of ECS Services must develop policies consistent with 309-019-0155(3) of these rules.

Specific Staff Qualifications and Competencies

(1) Program Administrators or Program Directors must demonstrate competence in leadership, program planning and budgeting, fiscal management, supervision of program staff, personnel management, program staff performance assessment, use of data, reporting, program evaluation, quality assurance, and developing and coordinating community resources.

(2) Clinical Supervisors in all programs must demonstrate competence in leadership, wellness, oversight and evaluation of services, staff development, service planning, case management and coordination, utilization of community resources, group, family and individual therapy or counseling, documentation and rationale for services to promote intended outcomes and implementation of all provider policies.

(3) Clinical supervisors in mental health programs must meet QMHP requirements and have completed two years of post-graduate clinical experience in a mental health treatment setting.

(4) Clinical Supervisors in substance use disorders treatment programs must be certified or licensed by a health or allied provider agency as follows:

(a) For supervisors holding a certification or license in addiction counseling, qualifications for the certificate or license must have included at least:

(A) 4000 hours of supervised experience in substance use counseling;

(B) 300 contact hours of education and training in substance use related subjects; and

(C) Successful completion of a written objective examination or portfolio review by the certifying body.

(b) For supervisors holding a health or allied provider license, the license or registration must have been issued by one of the following state bodies and the supervisor must possess documentation of at least 120 contact hours of academic or continuing professional education in the treatment of substance use disorders:

(A) Board of Medical Examiners;

(B) Board of Psychologist Examiners;

(C) Board of Licensed Social Workers;

(D) Board of Licensed Professional Counselors and Therapists; or

(E) Board of Nursing.

(c) Additionally, clinical supervisors in substance use disorders programs must have one of the following qualifications:

(A) Five years of paid full-time experience in the field of substance use disorders counseling; or

(B) A Bachelor's degree and four years of paid full-time experience in the social services field, with a minimum of two years of direct substance use disorders counseling experience; or

(C) A Master's degree and three years of paid full-time experience in the social services field with a minimum of two years of direct substance use disorders counseling experience;

(5) Clinical Supervisors in problem gambling treatment programs must meet the requirements for clinical supervisors in either mental health or substance use disorders treatment programs, and have completed 10 hours of gambling specific training within two years of designation as a problem gambling services supervisor.

(6) Substance use disorders treatment staff must:

(a) Demonstrate competence in treatment of substance-use disorders including individual assessment and individual, group, family and other counseling techniques, program policies and procedures for service delivery and documentation, and identification, implementation and coordination of services identified to facilitate intended outcomes; and

(b) Be certified or licensed by a health or allied provider agency, as defined in these rules, to provide addiction treatment within two years of the first hire date and must make application for certification no later than six months following that date. The two years is not renewable if the person ends employment with a provider and becomes re-employed with another provider.

(c) For treatment staff holding certification in addiction counseling, qualifications for the certificate must have included at least:

(A) 750 hours of supervised experience in substance use counseling;

(B) 150 contact hours of education and training in substance use related subjects; and

(C) Successful completion of a written objective examination or portfolio review by the certifying body.

(d) For treatment staff holding a health or allied provider license, the license or registration must have been issued by one of the following state bodies and the person must possess documentation of at least 60 contact hours of academic or continuing professional education in substance use disorders treatment:

(A) Board of Medical Examiners;

(B) Board of Psychologist Examiners;

(C) Board of Licensed Social Workers;

(D) Board of Licensed Professional Counselors and Therapists; or

(E) Board of Nursing.

(7) Problem Gambling treatment staff must:

(a) Demonstrate competence in treatment of problem gambling including individual assessment and individual, group, family and other counseling techniques, program policies and procedures for service delivery and documentation, and identification, implementation and coordination of services identified to facilitate intended outcomes.

(b) Be certified or licensed by a health or allied provider agency, as defined in these rules, to provide problem gambling treatment within two years of the first hire date and must make application for certification no later than six months following that date. The two years is not renewable if the person ends employment with a provider and becomes re-employed with another provider.

(c) For treatment staff holding certification in problem gambling counseling, qualifications for the certificate must have included at least:

(A) 500 hours of supervised experience in problem gambling counseling;

(B) 60 contact hours of education and training in problem gambling related subjects; and

(C) Successful completion of a written objective examination or portfolio review by the certifying body.

(d) For treatment staff holding a health or allied provider license, the license or registration must have been issued by one of the following state bodies and the person must possess documentation of at least 60 contact hours of academic or continuing professional education in problem gambling treatment:

(A) Board of Medical Examiners;

(B) Board of Psychologist Examiners;

(C) Board of Licensed Social Workers;

(D) Board of Licensed Professional Counselors and Therapists; or

(E) Board of Nursing.

(8) QMHAs must demonstrate the ability to communicate effectively, understand mental health assessment, treatment and service terminology and apply each of these concepts, implement skills development strategies, and identify, implement and coordinate the services and supports identified in a Service Plan. In addition, QMHAs must also meet the follow minimum qualifications:

(a) Bachelor's degree in a behavioral science field; or

(b) A combination of at least three years of relevant work, education, training or experience; or

(c) A qualified Mental Health Intern, as defined in 309-019-0105(61).

(9) QMHPs must demonstrate the ability to conduct an assessment, including identifying precipitating events, gathering histories of mental and physical health, substance use, past mental health services and criminal justice contacts, assessing family, cultural, social and work relationships, and conducting a mental status examination, complete a DSM diagnosis, write and supervise the implementation of a Service Plan and provide individual,

family or group therapy within the scope of their training. In addition, QMHPs must also meet the following minimum qualifications:

(a) Bachelor's degree in nursing and licensed by the State or Oregon;

(b) Bachelor's degree in occupational therapy and licensed by the State of Oregon;

(c) Graduate degree in psychology;

(d) Graduate degree in social work;

(e) Graduate degree in recreational, art, or music therapy;

(f) Graduate degree in a behavioral science field; or

(g) A qualified Mental Health Intern, as defined in 309-019-0105(61).

(10) Peer support specialists must demonstrate knowledge of approaches to support others in recovery and resiliency, and demonstrate efforts at self-directed recovery.

(11) Recovering Staff: Program staff, contractors, volunteers and interns recovering from a substance use disorder, providing treatment services or peer support services in substance use disorders treatment programs, must be able to document continuous abstinence under independent living conditions or recovery housing for the immediate past two years.

309-019-0130

Personnel Documentation, Training and Supervision

(1) Providers must maintain personnel records for each program staff which contains all of the following documentation:

(a) Where required, verification of a criminal record check consistent with OAR 407-007-0000 through 407-007-0370;

(b) A current job description that includes applicable competencies;

(c) Copies of relevant licensure or certification, diploma, or certified transcripts from an accredited college, indicating that the program staff meets applicable qualifications;

(d) Periodic performance appraisals;

(e) Staff orientation documentation; and

(f) Disciplinary documentation;

(g) Documentation of trainings required by this or other applicable rules; and

(h) Documentation of clinical and non-clinical supervision.

(2) Providers utilizing contractors, interns or volunteers must maintain the following documentation, as applicable:

(a) A contract or written agreement;

(b) A signed confidentiality agreement;

(c) Orientation documentation; and

(d) For subject individuals, verification of a criminal records check consistent with OAR 407-007-0000 through 407-007-0370.

(3) Training: Providers must ensure that program staff receives training applicable to the specific population for whom services are planned, delivered, or supervised as follows:

(a) Orientation training: The program must document appropriate orientation training for each program staff, or person providing services, within 30 days of the hire date. At minimum, orientation training for all program staff must include, but not be limited to,

(A) A review of crisis prevention and response procedures;

(B) A review of emergency evacuation procedures;

(C) A review of program policies and procedures;

(D) A review of rights for individuals receiving services and supports;

(E) Mandatory abuse reporting procedures;

(F) HIPAA, and Fraud, Waste and Abuse;

(G) Planning and implementing a warm handoff; and

(H) For Enhanced Care Services, positive behavior support training.

(4) Clinical Supervision: Persons providing direct services must receive supervision by a qualified Clinical Supervisor, as defined in these rules, related to the development, implementation and outcome of services.

(a) Clinical supervision must be provided to assist program staff and volunteers to increase their skills, improve quality of services to individuals, and supervise program staff and volunteers' compliance with program policies and procedures, including:

(b) Documentation of two hours per month of supervision for each person supervised. The two hours must include one hour of individual face-to-face contact for each person supervised, or a proportional level of supervision for part-time program staff. Individual face-to-face contact may include real time, two-way audio visual conferencing;

(c) Documentation of two hours of quarterly supervision for program staff holding a health or allied provider license, including at least one hour of individual face-to-face contact for each person supervised; or

(d) Documentation of weekly supervision for program staff meeting the definition of Mental Health Intern.

Service Plan and Service Notes

(1) The Service Plan must be a written, individualized plan to improve the individual's condition to the point where the individual's continued participation in the program is no longer necessary. The Service Plan is included in the individual's service record and must:

(a) Be completed prior to the start of services;

(b) Reflect the assessment and the level of care to be provided;

(c) Include the participation of the individual and family members, as applicable;

(d) Include a description of all warm handoff planning and implementation; and

(d) Be completed by qualified program staff as follows:

(A) A QMHP in mental health programs;

(B) Supervisory or treatment staff in substance use disorders treatment programs, and

(C) Supervisory or treatment staff in problem gambling treatment programs.

(e) For mental health services, a QMHP, who is also a licensed health care professional, must recommend the services and supports by signing the Service plan within ten (10) business days of the start of services; and

(f) A LMP must approve the Service Plan at least annually for each individual receiving mental health services for one or more continuous years. The LMP may designate annual clinical oversight by documenting the designation to a specific licensed health care professional.

(2) At minimum, each Service Plan must include:

(a) Individualized treatment objectives;

(b) The specific services and supports that will be used to meet the treatment objectives;

(c) A projected schedule for service delivery, including the expected frequency and duration of each type of planned therapeutic session or encounter;

(d) The type of personnel that will be furnishing the services; and

(e) A projected schedule for re-evaluating the Service Plan.

(3) Service Notes:

(a) Providers must document each service and support. A Service Note, at minimum, must include:

(A) The specific services rendered;

(B) The date, time of service, and the actual amount of time the services were rendered;

(C) Who rendered the services;

(D) The setting in which the services were rendered;

(E) The relationship of the services to the treatment regimen described in the Service Plan; and

(F) Periodic Updates describing the individual's progress.

(4) Decisions to transfer individuals must be documented, including the reason for the transfer.

309-019-0195
DUII Rehabilitation Programs

(1) In addition to the general standards for substance use disorders treatment programs, those programs approved to provide DUII rehabilitation services must meet the following standards:

(a) DUII rehabilitation programs must assess individuals referred for treatment by the screening specialist. Placement, continued stay and transfer of individuals must be based on the criteria described in the ASAM PPC, subject to the following additional terms and conditions:

(A) Abstinence: Individuals must demonstrate continuous abstinence for a minimum of 90 days prior to completion as documented by urinalysis tests and other evidence;

(B) Treatment Completion: Only DUII rehabilitation programs may certify treatment completion;

(C) Residential Treatment: Using the criteria from the ASAM PPC, the DUII program's assessment may indicate that the individual requires treatment in a residential program. When the individual is in residential treatment, it is the responsibility of the DUII program to:

(i) Monitor the case carefully while the individual is in residential treatment;

(ii) Provide or monitor outpatient and follow-up services when the individual is transferred from the residential program; and

(iii) Verify completion of residential treatment and follow-up outpatient treatment.

(2) Urinalysis Testing: A minimum of one urinalysis sample per month must be collected during the period of service, the total number deemed necessary to be determined by an individual's DUII rehabilitation program:

(a) Using the process defined in these rules, the samples must be tested for at least five controlled drugs, including alcohol;

(b) At least one of the samples is to be collected and tested in the first two weeks of the program and at least one is to be collected and tested in the last two weeks of the program;

(c) If the first sample is positive, two or more samples must be collected and tested, including one sample within the last two weeks before completion; and

(d) Programs may use methods of testing for the presence of alcohol and other drugs in the individual's body other than urinalysis tests if they have obtained the prior review and approval of such methods by the Division.

(3) Reporting: The program must report:

(a) To the Division on forms prescribed by the Division;

(b) To the screening specialist within 30 days from the date of the referral by the screening specialist. Subsequent reports must be provided within 30 days of completion or within 10 days of the time that the individual enters noncompliant status; and

(c) To the appropriate screening specialist, case manager, court, or other agency as required when requested concerning individual cooperation, attendance, treatment progress, utilized modalities, and fee payment.

(4) Certifying Completion: The program must send a numbered Certificate of Completion to the Department of Motor Vehicles to verify the completion of convicted individuals. Payment for treatment may be considered in determining completion. A certificate of completion must not be issued until the individual has:

(a) Met the completion criteria approved by the Division;

(b) Met the terms of the fee agreement between the provider and the individual; and

(c) Demonstrated 90 days of continuous abstinence prior to completion.

(5) Records: The DUII rehabilitation program must maintain in the permanent Service Record, urinalysis results and all information necessary to determine whether the program is being, or has been, successfully completed.

(6) Separation of Screening and Rehabilitation Functions: Without the approval of the Chief Officer, no agency or person may provide DUII rehabilitation to an individual who has also been referred by a Judge to the same agency or person for a DUII screening. Failure to comply with this rule will be considered a violation of ORS chapter 813. If the Chief Officer finds such a violation, the Chief Officer may deny, suspend, revoke, or refuse to renew a letter of approval.

309-019-0215
Grievances and Appeals

(1) Any individual receiving services, or the parent or guardian of the individual receiving services, may file a grievance with the provider, the individual's managed care plan or the Division.

(2) For individuals whose services are funded by Medicaid, grievance and appeal procedures outlined in OAR 410-141-0260 through 410-141-0266, must be followed.

(3) For individuals whose services are not funded by Medicaid, providers must:

(a) Notify each individual, or guardian, of the grievance procedures by reviewing a written copy of the policy upon entry;

(b) Assist individuals and parents or guardians, as applicable, to understand and complete the grievance process; and notify them of the results and basis for the decision;

(c) Encourage and facilitate resolution of the grievance at the lowest possible level;

(d) Complete an investigation of any grievance within 30 calendar days;

(e) Implement a procedure for accepting, processing and responding to grievances including specific timelines for each;

(f) Designate a program staff person to receive and process the grievance;

(g) Document any action taken on a substantiated grievance within a timely manner; and

(h) Document receipt, investigation and action taken in response to the grievance.

(4) Grievance Process Notice. The provider must have a Grievance Process Notice, which must be posted in a conspicuous place stating the telephone number of:

(a) The Division;

(b) Disability Rights Oregon; and

(c) The applicable managed care organization.

(5) Expedited Grievances: In circumstances where the matter of the grievance is likely to cause harm to the individual before the grievance procedures outlined in these rules are completed, the individual, or guardian of the individual, may request an expedited review. The program administrator must review and respond in writing to the grievance within 48 hours of receipt of the grievance. The written response must include information about the appeal process.

(6) Retaliation: A grievant, witness or staff member of a provider must not be subject to retaliation by a provider for making a report or being interviewed about a grievance or being a witness. Retaliation may include, but is not limited to, dismissal or harassment, reduction in services, wages or benefits, or basing service or a performance review on the action.

(7) Immunity: The grievant is immune from any civil or criminal liability with respect to the making or content of a grievance made in good faith.

(8) Appeals: Individuals and their legal guardians, as applicable, must have the right to appeal entry, transfer and grievance decisions as follows:

(a) If the individual or guardian, if applicable, is not satisfied with the decision, the individual or guardian may file an appeal in writing within ten working days of the date of the program administrator's response to the grievance or notification of denial for services as applicable. The appeal must be submitted to the Division as applicable;

(b) If requested, program staff must be available to assist the individual;

(c) The Division, must provide a written response within ten working days of the receipt of the appeal; and

(d) If the individual or guardian, if applicable, is not satisfied with the appeal decision, he or she may file a second appeal in writing within ten working days of the date of the written response to the Chief Officer.

Variances

(1) Requirements and standards for requesting and granting variances or exceptions are found in OAR 309-008-1600.

(2) Division Review and Notification: The Chief Officer of the Division must approve or deny the request for a variance to these rules within the scope and authority The Division must be made in writing using the Division approved variance request form and following the variance

request procedure compliant with OAR 309-008-1600. (3) Granting a variance for one request does not set a precedent that must be followed by the Division when evaluating subsequent requests for variance.

309-019-0225
ACT Overview

(1) The Substance Abuse and Mental Health Services Administration (SAMHSA) characterizes ACT as an evidence-based practice for individuals with a serious and persistent mental illness. ACT is characterized by:

(a) A team approach;

(b) Community based;

(c) A small client to staff caseload, typically 10:1, to consistently provide necessary staffing diversity and coverage;

(d) Time-unlimited services;

(e) Flexible service delivery;

(f) A fixed point of responsibility; and

(g) 24/7 crisis availability.

(2) ACT services include, but are not limited to:

(a) Hospital discharge planning;

(b) Case management;

(c) Symptom management;

(d) Psychiatry services;

(e) Nursing services;

(f) Co-occurring substance use and mental health disorders treatment services;

(g) Vocational services;

(h) Life skills training; and

(i) Peer support services.

(2) SAMHSA characterizes a high fidelity ACT Program as one that includes the following staff members:

(a) Psychiatrist or Psychiatric Nurse Practitioner;

(b) Psychiatric Nurse(s);

(c) Qualified Mental Health Professional (QMHP) ACT Team Supervisor;

(d) Qualified Mental Health Professional(s) (QMHP) Mental Health Clinician;

(e) Substance Abuse Treatment Specialist;

(f) Employment Specialist;

(g) Housing Specialist;

(h) Mental Health Case Manager; and

(i) Certified Peer Support Specialist.

(3) SAMHSA characterizes a high fidelity ACT Program as one that adheres to the following protocols:

(a) Explicit admission criteria that has an identified mission to serve a particular population and uses measurable and operationally defined criteria;

(b) Intake rate: ACT eligible individuals are admitted to the program at a low rate to maintain a stable service environment;

(c) Full responsibility for treatment services which includes, at a minimum, case management, psychiatric services, counseling/psychotherapy, housing support, substance abuse treatment, employment and rehabilitative services;

(d) Twenty four-hour responsibility for covering psychiatric crises;

(e) Involvement in psychiatric hospital admissions;

(f) Involvement in planning for hospital discharges; and

(g) Time-unlimited services.

309-019-0230
ACT Provider Qualifications

(1) In order to be eligible for Medicaid or State General Fund reimbursement, ACT services shall be provided only by those providers meeting the following minimum qualifications:

(a) The provider must hold and maintain a current certificate under OAR 309-008, issued by the Division, for the purpose of providing behavioral health treatment services; and

(b) The provider must hold and maintain a current certificate, issued by the Division, under OAR 309-019-0210 through 309-019-0245, for the purpose of providing Assertive Community Treatment; and

(c) A provider certified to provide ACT services under this rule must be reviewed annually for fidelity adherence by the Division approved reviewer and achieve a minimum score of 114 on the fidelity scale. Providers shall not bill Medicaid or use General Funds unless they are subject to an annual fidelity review by the Division approved reviewer.

(A) The Division approved reviewer shall forward a copy of the annual fidelity review report to the Division approved reviewer and provide a copy of the review to the provider.

(B) The provider shall forward a copy of the annual fidelity review report to the appropriate CCO.

(2) A Provider already holding a certificate of approval under OAR 309-008 may request the addition of ACT services be added to their certificate of approval via the procedure outlined in OAR 309-008-0400 and 309-008-1000(1). In addition to application materials required in OAR 309-008 and this rule, the provider must also submit to the Division a letter of support which indicates receipt of technical assistance and training from the Division approved ACT reviewer.

309-019-0235
Continued Fidelity Requirements

(1) In addition to the minimum requirements established in OAR 309-019-0230, in order to maintain a ACT provider designation on the Division issued certificate, a provider must submit to their CCO an annual fidelity review report by the Division approved reviewer with a minimum score of 114.

(2) Providers certified to provide ACT services under this rule that achieve a fidelity score of 128 or better when reviewed by the Division Approved ACT Reviewer are eligible to extend their fidelity review period to every 18 months.

(a) Extension of Fidelity reviews has no bearing on the frequency of re-certification reviews required under OAR 309-008.

(3) Fidelity reviews will be conducted utilizing the Substance Abuse and Mental Health Services ACT Toolkit Fidelity Scale, which will be made available to providers electronically

Failure to Meet Fidelity Standards

(1) In addition to any plan of correction requirements issued by the Division under 309-008-0800(4)(c); If a Provider certified under these rules to provide ACT services does not receive a minimum score of 114 on a fidelity review, the following shall occur:

(a) Technical assistance shall be made available by the Division approved reviewer for a period of 90 days to address problem areas identified in the fidelity review;

(b) At the end of the 90 day period, a follow-up review will be conducted by the Division approved reviewer; and

(c) The provider shall forward a copy of the amended fidelity review report to the provider's appropriate CCO.

(d) The Division approved reviewer shall forward a copy of the fidelity review report to the Division.

(2) In addition to the standards set for suspension and revocation of a certificate in OAR 309-008-1100(1) and (2) a provider of ACT services may also have their certificate of approval suspended or revoked if the 90 day re-review results in a fidelity score of less than 114.

(3) A provider issued a notice of intent to apply a condition, revoke, suspend, or refusal to renew its certificate under these rules shall be entitled to request a hearing in accordance with ORS Chapter 183 and OAR 309-008-1300.

309-019-0245
Admission Criteria

(1) Participants must meet the Medically Appropriate standard as designated in OAR 309-019-0105. Participants who are Medically Appropriate must have the following characteristics:

(a) Participants diagnosed with severe and persistent mental illness as listed in the Diagnostic and Statistical Manual, Fifth Edition (DSM V) of the American Psychiatric Association that seriously impair their functioning in community living. Priority is given to people with schizophrenia, other psychotic disorders (e.g., schizoaffective disorder), and bipolar disorder because these illnesses more often cause long-term psychiatric disability.

(b) Participants with other psychiatric illnesses are eligible dependent on the level of the long-term disability. (Individuals with a primary diagnosis of a substance abuse disorder or intellectual disabilities are not the intended client group.)

(c) Participants with significant functional impairments as demonstrated by at least one of the following conditions:

(A) Significant difficulty consistently performing the range of practical daily living tasks required for basic adult functioning in the community (e.g., caring for personal business affairs; obtaining medical, legal, and housing services; recognizing and avoiding common dangers or hazards to self and possessions; meeting nutritional needs; maintaining personal hygiene) or persistent or recurrent difficulty performing daily living tasks except with significant support or assistance from others such as friends, family, or relatives.

(B) Significant difficulty maintaining consistent employment at a self-sustaining level or significant difficulty consistently carrying out the homemaker role (e.g., household meal preparation, washing clothes, budgeting, or child-care tasks and responsibilities).

(C) Significant difficulty maintaining a safe living situation (e.g., repeated evictions or loss of housing).

(d) Participants with one or more of the following problems, which are indicators of continuous high service needs (i.e., greater than eight hours per month):

(A) High use of acute psychiatric hospitals (e.g., two or more admissions per year) or psychiatric emergency services.

(B) Intractable (i.e., persistent or very recurrent) severe major symptoms (e.g., affective, psychotic, suicidal).

(C) Coexisting substance abuse disorder of significant duration (e.g., greater than 6 months).

(D) High risk or recent history of criminal justice involvement (e.g., arrest, incarceration).

(E) Significant difficulty meeting basic survival needs, residing in substandard housing, homelessness, or imminent risk of becoming homeless.

(F) Residing in an inpatient or supervised community residence in the community where ACT services are available, but clinically assessed to be able to live in a more independent living situation if intensive services are provided, or requiring a residential or institutional placement if more intensive services are not available.

(G) Difficulty effectively utilizing traditional office-based outpatient services.

309-019-0248
Admission Process

(1) A comprehensive assessment as described in OAR 309-019-0105(6) that demonstrates medical appropriateness must be completed prior to the provision of this service. If a substantially equivalent assessment is available, that reflects current level of functioning, and contains standards consistent with OAR 309-019-0135, to include sufficient information and documentation to justify the presence of a diagnosis that is the medically appropriate reason for services, the equivalent assessment may be used to determine admission eligibility for the program.

(2) Admission to ACT is managed through a referral process that is coordinated by a designated single point of contact (SPOC) that represents the Coordinated Care Organization's (CCO) and/or Community Mental Health Program's (CMHP) geographical service area.

(a) The designated single point of contact shall accept referrals and verify the required documentation supports the referral for services.

(b) OHA will work with the CCOs and the CMHPs to identify regional SPOCs.

(c) OHA will work with the CCOs and the CMHPs to identify a process where referrals can be received and tracked.

(3) An admission decision by the designated SPOC must be completed and reported to the Division within seven (7) business days of receiving the referral. To accomplish this, the SPOC must be fully informed as to the current capacity of ACT programs within the SPOC's geographic service area at all times.

(4) All referrals for ACT services must be submitted through the designated regional SPOC, regardless of the origin of the referral. The designated regional SPOC shall accept and evaluate referrals from mental health outpatient programs, residential treatment facilities or homes, families and/or individuals, and other referring sources.

(5) Given the severity of mental illness and functional impairment of individuals who qualify for ACT-level services, the final decision to admit a referral rests with the provider. Any referral to a provider should therefore present a full picture of the individual by means of the supporting medical documentation attached to the OHA Universal ACT Referral and Tracking Form. An admission decision by the ACT services provider must be completed within five (5) business days of receiving the referral.

(a) The individual's decision not to take psychiatric medication is not a sufficient reason for denying admission to an ACT program.

(b) ACT capacity in a geographic regional service area is not a sufficient reason for not providing ACT services to an ACT eligible individual. If an individual who is ACT eligible cannot be served due to capacity, the SPOC must provide individual with the option of being added to a waiting list until such time the ACT eligible individual can be admitted to a qualified ACT program.

(6) Upon the decision to admit an individual to the ACT program, the OHA Universal ACT Referral and Tracking Form shall be updated, to include:

(a) An admission is indicated.

(b) When an admission is not indicated, notation shall be made of the following:

(A) The reason(s) for not admitting;

(B) The disposition of the case; and

(C) Any referrals or recommendations made to the referring agency, as appropriate.

(7) Individuals who meet admission criteria and are not admitted to an ACT program due to program capacity, may elect to be placed on a waiting list. The waiting list will be maintained by the appropriate regional SPOC. OHA will monitor each regional waiting list until sufficient ACT program capacity is developed to meet the needs of the ACT eligible population.

(8) In addition if an individual is denied ACT services and has met the admission criteria set forth in OAR 309-019-045, the individual who is denied services or their guardian may appeal the decision by filing a grievance in the manner set forth in OAR 309-008-1500.

309-019-0250
Transition to Less Intensive Services

(1) Transition to less intensive services shall occur when the individual no longer requires ACT level of care and is no longer medically appropriate for ACT services. This shall occur when individuals receiving ACT:

(a) Have successfully reached individually established goals for transition.

(b) Have successfully demonstrated an ability to function in all major role areas (i.e. work, social, self-care) without ongoing assistance from the ACT provider;

(c) When the individual requests discharge, declines, or refuses services; and

(d) When the individual moves outside of the geographic area of the ACT program's responsibility. In such cases, the ACT team shall arrange for transfer of mental health service responsibility to an ACT provider or another provider wherever the individual is moving. The ACT team shall maintain contact with the individual until this service is implemented.

309-019-0255
Reporting Requirements

Providers certified by the Division to provide ACT shall submit quarterly outcomes reports, using forms and procedures prescribed by the Division, within 45 days following the end of each subject quarter to the Division or the Division approved reviewer. Each quarterly report shall provide the following information:

(1) Individuals served;

(a) Individuals who are homeless at any point during a quarter;

(b) Individuals with safe stable housing for 6 months;

(c) Individuals using emergency departments during each quarter for a mental health reason;

(d) Individuals hospitalized in OSH or in an acute psychiatric facility during each quarter;

(e) Individuals hospitalized in an acute care psychiatric facility during each quarter;

(f) Individuals in jail at any point during each quarter;

(g) Individuals receiving Supported Employment Services during each quarter;

(h) Individuals who are employed in competitive integrated employment, as defined above.

(2) Individuals receiving ACT services that are not enrolled in Medicaid

(3) Referrals and Outcomes

(a) Number of referrals received during each quarter;

(b) Number of individuals accepted during each quarter;

(c) Number of individuals admitted during each quarter; and

(d) Number of individuals denied during each quarter and the reason for each denial.

101-020-0060
Dependent Care Flexible Spending Account

(1) Employees can use a Dependent Care Flexible Spending account (Dependent Care FSA) to be reimbursed for employment-related dependent care expenses that allow the employee and his or her spouse to be "gainfully employed." The plan is subject to federal Revenue Code requirements and Internal Revenue Service regulations.

(2) Employees enrolled in a Dependent Care FSA contribute a pre-tax amount from each month's salary during the plan year. Employees receive reimbursement from the account during the plan year for incurred qualified Dependent Care expenses by submitting a claim.

(3) FSA plans are annual plans, employees must enroll for each plan year to participate. The enrollment does not roll over from one plan year to the next. All plan year FSA enrollments terminate December 31. The period of coverage is the 12 months during the plan year.

(4) An employee's pretax contribution under a Dependent Care FSA in a calendar year is (not exhaustive list):

(a) $5,000 if the employee is married and filing a joint return or if the employee is single parent.

(b) $2,500 if the employee is married but files separately.

(c) When a spouse's employer also has a dependent care FSA plan, the $5000 limit applies to the total amount of pre-tax dependent care assistance that the employee and his or her spouse, as a couple, can receive in any tax year from all employer-sponsored plans.

(d) The limit is not affected by the number of qualified persons an employee has.

(5) To qualify as employment-related dependent care expenses, the expenses must be incurred in order to enable the employee (and the employee's spouse) to be gainfully employed. The dependent care must have been for qualifying individuals. In general (not exhaustive) a qualifying individual is a tax dependent who is:

(a) A dependent of the taxpayer (i.e., a qualifying child) who has not attained age 13; or

(b) A dependent of the taxpayer (i.e., a qualifying child or a qualifying relative) who is physically or mentally incapable of caring for himself or herself; and has the same principal place of residence as the taxpayer for more than half of the year; or

(c) The spouse of the taxpayer if the spouse is physically or mentally incapable of caring for himself or herself and has the same principal place of residence as the taxpayer for more than half the year.

(6) The annual contribution to the account cannot exceed the allowable federal annual maximum.

(a) The employee's monthly contribution is the annual contribution election amount pro-rated per each month of the plan year.

(b) PEBB requires a minimum monthly contribution amount.

(c) An employee may make only one FSA contribution each month of the plan year.

(d) An employee may not change their contribution unless they experience a qualified mid-year plan change event that allows the change.

(e) Some higher education agency employees may have fewer months (9 or 10) of contribution during the plan year.

(7) Claims are reimbursed for qualified expenses incurred while the dependent care FSA coverage was actively in force. Active participation ends the last day of the month that a contribution is received for that month.

(a) The amount of reimbursement available to a participant at any time during the period of coverage is restricted to the amount previously contributed by the participant, less any amounts reimbursed.

(b) A reimbursement exception is made for eligible expenses incurred in the month following the employee's end of participation or loss of plan eligibility, if the month is in the current plan year (not during the grace period) and the employee submits a claim within 90 days after the plan participation end date.

(8) A qualified claim and reimbursement grace period extends through March 15 of each new plan year. During the grace period, FSA participants may incur claims against any remaining previous plan year FSA funds up to March 15 in the new plan year. The qualified claim submission deadline for previous plan year account fund reimbursements is March 31 of the new plan year.

(9) FSAs are "use it or lose it" accounts. Any previous plan year funds remaining in the account beyond March 31 of the new plan year forfeit to PEBB plan administration.

(10) The Dependent Care FSA contributions can continue during a protected leave such as FMLA/OFLA, CBIW, or Active Military Duty; however, in general, most claims incurred during the leave will not be eligible for reimbursement.

(a) Employees may revoke the FSA account enrollment during the approved protected leave.

(b) Employees taking a LWOP and not in a protected leave will have their Dependent Care FSA revoked during the leave.

(c) Employees canceling the Dependent Care FSA when going on a leave can reenroll in the plan when they return to work.

(11) Final contribution at termination of employment or leave.

(a) An OSPS employee will not have a contribution taken from their final paycheck.

Example: Ann's last day of work is September 16. Her final check will not have a contribution taken. Ann's participation ends September 30 and her period of coverage could be through October 31.

(b) An OUS employee who meets the 80-hour work rule will have a contribution taken from their final paycheck, in accordance with OAR 101-020-0002.

Example 1: Ann's last day of work is June 6. She has less than 80 hours of work for the month. Ann's final check will not have a contribution taken. Ann's participation ends May 31 and her period of coverage could be through June 30.

Example 2: Ann's last day of work is June 20. She has more than 80 hours of work for the month. Ann's final check will have a contribution taken. Ann's participation ends June 30, and her period of coverage could be through July 31.

(12) An eligible employee who separates from the employer and returns to work in a benefit eligible position within 12 months is not reinstated in the Dependent Care FSA. They may enroll within 30 days of their new benefit eligible date.

101-020-0065
Health Flexible Spending Arrangement

(1) An eligible employee may enroll in a pretax Health Flexible Spending Arrangement (Health FSA). A Health Care Flexible Spending Arrangement (Health Care FSA) is regulated by various federal government regulations. Health Care FSAs can be defined in part by the following categories.

(a) It is a self-insured medical reimbursement plan subject to certain Internal Revenue Code requirements.

(b) It is a flexible spending account subject to additional requirements in the IRS regulations.

(c) It is a group health plan subject to CORBA, HIPAA, health care reform and other federal mandates that affect group health plans.

(2) Employees enrolled in a health care FSA contribute a pre-tax amount from each month's salary during the plan year. Employees receive reimbursement from the account for qualified incurred health expenses during the plan year by submitting claims.

(3) Eligible employees must enroll for each plan year in order to participate. FSA plan enrollments do not roll over from one plan year to the next. All plan year FSA enrollments terminate December 31.The period of coverage is the 12 months during PEBB's plan year.

(4) The annual employee contribution to the FSA account cannot exceed the allowable federal annual maximum.

(a) The employee's monthly contribution is the employee's elected annual contribution amount pro-rated per each month of the plan year.

(b) PEBB requires a minimum monthly contribution amount.

(c) An employee may make only one FSA contribution each month of the plan year.

(d) An employee may not change their monthly contribution unless they experience a qualified mid-year plan change event that allows the change.

(e) Some higher education agency employees may have fewer months (9 or 10) of contribution during the plan year.

(5) FSA accounts have uniform coverage. Uniform coverage means that an employee's maximum contribution amount for the plan year is available at all times while the account is active. The amount available is reduced for prior reimbursements made in the current plan year. Uniform coverage is provided throughout the period of coverage.

(6) Expenses must be incurred by the employee, spouse, the employee's children who have not attained age 27 as of the end of the employee's taxable year, or who are the employee's tax dependents for health coverage purposes.

(7) A grace period for qualified claim and reimbursement extends through March 15 of each new plan year. During the grace period, FSA participants may incur claims against any remaining previous plan year FSA funds up to March 15 in the new plan year. The qualified claim submission deadline for previous plan year account fund reimbursements is March 31 of the new plan year.

(8) FSAs are "use it or lose it" accounts. Any previous plan year funds remaining in the account beyond March 31 of the new plan year forfeit to PEBB plan administration.

(9) Employees taking an approved protected leave, for example FMLA/OFLA, CBIW, or Active Military Duty Leave are entitled to continuation of the their health FSA while on the leave.

(a) If the leave is a substituted paid leave, then the employee's contribution for continuation must be paid by payroll deduction.

(b) An agency may offer one or more of the following options to an employee who continues the FSA account coverage while on a protected unpaid leave. Before commencing the leave, or shortly thereafter, the employee and the agency must agree to one of the following options for employee contribution.

(A) Prepay. The employee is given the opportunity to prepay their premium share due during the leave period before the leave begins. The prepay option cannot be the sole option offered to employees on approved protected leave.

(B) Pay as you go. The employee pays the cost of coverage in installments during the leave. Contributions are paid with after-tax dollars or with pre-tax dollars to the extent that the employee receives compensation (e.g., unused sick or vacation days) during the leave.

(C) Catch-up options. The employer and employee agree in advance that the employer will advance payment of the employee's share of the contribution during the leave and that the employee will repay the advanced amounts when the employee returns to work.

(D) Revoke Coverage. Employees may revoke the FSA account enrollment during the leave.

(10) An employer is not required to continue the benefits of an employee who fails to make required payments while on a protected leave provided notice procedures are followed. Refer to OAR 1010-20-0002(7)(d) for employee non-payment notices and benefit termination. If the employer chooses to continue the health coverage of an employee who fails to pay his or her share of the premium or contribution payments, the employer is permitted to recoup the employee's premium.

(11) Employees who terminate FSA participation during the plan year can receive reimbursement for qualified claim expenses incurred while the health FSA coverage was actively in force. No reimbursement is allowed for expenses incurred after the account terminates. Active participation ends the last day of the month that a contribution is received for that month.

(12) OUS and some academic OSPS employees that enroll based on their 9- or 10-month pay contributions are considered actively participating during the months of no contribution. For example, during months of June and July when they are not actively at work.

(13) Final contribution at termination of employment or a leave without pay terminating the FSA:

(a) OSPS, the employee will not have a contribution taken from their final paycheck.

Example: Ann's last day of work is September 16. Her final check will not have a contribution taken. Ann's participation ends September 30 and her period of coverage is through September 30.

(b) An OUS employee who meets the 80-hour work rule will have a contribution taken from their final paycheck, in accordance with OAR 101-020-0002.

Example 1: Ann's last day of work is June 6. She has less than 80 hours of work for the month. Ann's final check will not have a contribution taken. Ann's participation ends May 31 and her period of coverage is through May 31.

Example 2: Ann's last day of work is June 20. She has more than 80 hours of work for the month. Ann's final check will have a contribution taken. Ann's participation ends June 30, and her period of coverage is through June 30.

(14) An eligible employee terminating employment or going on an approved unprotected leave of absence, may continue to participate in the Health FSA up to the end of the current plan year through COBRA. There must be a positive FSA account balance and all contributions are paid post tax to the COBRA administrator.

(15) When called to active duty for a period of at least 180 days or for an indefinite period, and employee can request a qualified reservist distribution from a Health FSA. The eligible employee must be a member of the Army National Guard of the United States, the Army Reserve, Navy Reserve, Marine Corps Reserve, Air National Guard of the United States, Air Force Reserve, Coast Guard Reserve, or Reserve Corps of the Public Health Service.

(a) The following conditions must be met by the eligible employee in order to elect the qualified reservist distribution:

(A) Contributions to the Health FSA account for the plan year as of the date of the request for a distribution exceed the reimbursements received from the Health FSA Account for the plan year as of that date.

(B) The agency receives a copy of the order or call to active duty along with the distribution request form. An order or call to active duty of less than 180 days duration must be supplemented by subsequent calls or orders to reach a total of 180 or more days.

(C) During the period beginning with the date of the order or call to active duty and ending on the last eligible day of the plan year during which the order or call occurred, the employee submits a qualified reservist distribution election form to the agency.

Example: An eligible employee is called to active duty on September 13, of the current plan year and wants a Health FSA qualified reservist distribution. The employee must request the qualified reservist distribution between September 13, and March of the following plan year.

(b) The distribution amount paid to the eligible employee is equal to the contributions to the Health FSA Account for the plan year as of the date of the distribution request, minus any reimbursements received by the employee for the plan year as of that date. A qualified reservist distribution is included in an eligible employee's gross income and reported as wages for the year it is paid.

Example: An eligible employee elects Health FSA benefits of $1,000 for the current plan year, and during the first six months of the plan year, makes Health FSA contributions of $500 and receives Health FSA reimbursements of $200 for qualified medical care expenses. The employee is called to active duty for an indefinite period and on June 30 requests a reservist distribution from the agency. The employee will receive a distribution of $300, and the agency must add that amount to the employees' taxable wages for the current tax year.

(c) The Health FSA Account is closed as of the date of the request for a reservist distribution. An employee forfeits the right to receive reim-

bursements for medical care expenses incurred during the period that begins on the date of the distribution request and ending on the last day of the Plan Year.

(16) An employee who separates from the employer and returns to work in a benefit eligible position within 12 months is not reinstated in the Health Care FSA. They may enroll within 30 days of their new benefit eligible date.

101-030-0015
Continuation of Core Benefit Coverage for Employees Covered under the Federal Family Medical Leave Act (FMLA) and the Oregon Family Leave Act (OFLA)

(1) Employees taking approved FMLA or OFLA leave are entitled to the continuation of employer provided health coverage. The agency is obligated to maintain the employee's health coverage under the same conditions that would have applied had the employee not been in leave.

(a) If the FMLA or OFLA leave is substituted paid leave, then the employee's share of premiums for continuation must be paid by payroll deduction.

(b) An agency may offer one or more of the following options, to an employee who continues core benefit coverage while on an unpaid FMLA or OFLA leave. Before commencing the leave, or shortly thereafter, the employee and the agency must agree to one of the following options for employee premium share.

(A) Prepay. The employee is given the opportunity to prepay their premium share due during the leave period before the leave begins. The prepay option cannot be the sole option offered to employees on FMLA or OFLA leave.

(B) Pay as you go. The employee pays the cost of coverage in installments during the leave. Contributions are paid with after-tax dollars or with pre-tax dollars to the extent that the employee receives compensation (e.g. unused sick or vacation days) during the leave.

(C) Catch-up options. The employer and employee agree in advance that the employer will advance payment of the employee's share of the cost of coverage during the leave and that the employee will repay the advanced amounts when the employee returns to work.

(D) Revoke Coverage. Employees may revoke the employer offered core health coverages during the leave. In this event the agency sends a COBRA notice of availability.

(2) Employees enrolled as Opt Out, receiving cash in lieu of medical benefits, do not receive the monthly payment when in leave without pay status, regardless of approved FMLA or OFLA leave.

(3) An employer is not required to continue the benefits of an employee who fails to make required payments while on FMLA or OFLA leave provided notice procedures are followed. Refer to OAR 1010-20-0002(7)(d) for employee non-payment notices and benefit termination. If the employer chooses to continue the health coverage of an employee who fails to pay his or her share of the premium payments the employer is permitted to recoup the employee's premium.

(4) A Health Care FSA is a group health plan under FMLA or OFLA. Refer to OAR 101-020-0065(9) regarding required payment options during a FMLA or OFLA leave. Prepayment cannot be the only method offered for FSA continuation during FMLA or OFLA leaves.

(5) An eligible employee may continue the following optional plans during the approved FMLA leave by self-paying premiums or contributions to the agency:

(a) All Optional Life Insurances:

(b) Short Term and Long Term Disability,

(c) Accidental Death and Dismemberment Insurance:

(d) Long Term Care

(6) An agency must provide a benefit eligible employee who is in FMLA or OFLA leave during the annual open enrollment period the opportunity to select benefits for the coming plan year.

(7) An employee returning to paid regular status the first day following the end of an approved FMLA or OFLA leave or as scheduled, or an employee in a current benefit eligible stability period is not required to work at least half-time in the month of return to be eligible for benefits the following month. Core benefits and optional coverages are reinstated if available retroactive to the first day of the month that the employee returns to work.

(a) The employee must self-pay premiums for optional insurance plan reinstatements for the month in which they return.

(b) An employee returning to work will not be reinstated in Long Term Care.

(c) An employee's FSA enrollment status, active or terminated, will depend on the employee's FSA continuation status during the leave. If the employee's FSA enrollment terminated during the leave the employee may enroll.

(8) An employee that waives all coverages for the leave period and returns to paid regular status beyond 30 days of loss of coverage but within 12 months from the loss of coverage, is reinstated to coverage and can make midyear plan changes within 30 days of the date they return to work. This includes enrollment for a FSA account or long term care.

(9) An employee who does not return to paid regular status the first work day immediately following the end of approved FMLA or OFLA leave as scheduled, and is not in a current benefit eligible stability period is considered the same as if returning from an unprotected leave without pay. The employee is required to work at least half time 80 hours in the month of return to receive reinstated benefits the following month. See OAR 101-020-0045(2)(a).

(10) A COBRA qualifying event occurs when (i) the employee does not return to work as scheduled the first day after the qualified leave ends and is not in a current stability status, or (ii) the employee terminates employment.

Oregon Health Authority, Public Health Division
Chapter 333

Rule Caption: Standards for Reducing the Sale of Tobacco and Inhalant Delivery Systems to Minors
Adm. Order No.: PH 19-2016
Filed with Sec. of State: 6-24-2016
Certified to be Effective: 6-24-16
Notice Publication Date: 4-1-2016
Rules Amended: 333-015-0200, 333-015-0205, 333-015-0210, 333-015-0215, 333-015-0220
Rules Repealed: 333-015-0200(T), 333-015-0205(T), 333-015-0210(T), 333-015-0215(T), 333-015-0220(T)
Subject: The Oregon Health Authority (Authority), Public Health Division is permanently ammending administrative rules in chapter 333, division 15 pertaining to standards for reducing the sale of tobacco and inhalant delivery systems to minors. This permanent rulemaking will make temporary rules effective January 1, 2016 through June 28, 2016 permanent.

The permanent rules:

1. Create definitions in rules to reflect the purpose of the statute, and add clarity to the rules.

2. Require tobacco and inhalant delivery system retailers to post a notice substantially similar to the content of notice as defined in rules.

3. Adds inhalant delivery systems to requirements specifying the location tobacco products within a retail store.

4. Add inhalant delivery systems to the Authority's enforcement activities for implementing sales to minors regulations.

Rules Coordinator: Tracy Candela—(971) 673-0561

333-015-0200
Definitions

(1) "Authority" means the Oregon Health Authority.

(2) "Block grant" means the Substance Abuse Prevention and Treatment Block Grant pursuant to 42 USC 300x21e et seq.

(3)(a) "Inhalant delivery system" means:

(A) A device that can be used to deliver nicotine or cannabinoids in the form of a vapor or aerosol to a person inhaling from the device; or

(B) A component of a device described in this subsection or a substance in any form sold for the purpose of being vaporized or aerosolized

by a device described in this subsection, whether the component or substance is sold separately or is not sold separately.

(b) Inhalant delivery system does not include:

(A) Any product that has been approved by the United States Food and Drug Administration for sale as a tobacco cessation product or for any other therapeutic purpose, if the product is marketed and sold solely for the approved purpose; and

(B) Tobacco products.

(4) "Minor" means an individual under 18 years of age.

(5) "Outlet" means any location which sells at retail or otherwise distributes tobacco products or inhalant delivery systems to consumers including, but not limited to, locations that sell such products over the counter or through vending machines.

(6) "Secretary" means the Secretary of the United States Department of Health and Human Services.

(7) "Smoking instrument" means any cigar, cigarette, pipe or other instrument used to smoke tobacco, marijuana, cocaine or other inhalant as defined in ORS 433.835 and ORS 163.575.

(8) "Tobacco product" means bidis, cigars, cheroots, stogies, periques, granulated, plug cut, crimp cut, ready rubbed and other smoking tobacco, snuff, snuff flour, cavendish, shisha, hookah tobacco, plug and twist tobacco, fine-cut and other chewing tobaccos, shorts, refuse scraps, clippings, cutting and sweepings of tobacco prepared in such a manner as to be suitable for chewing or smoking in a pipe or otherwise, or both for chewing and smoking, and cigarettes as defined in ORS 431A.175.

(9) "Vending machine" means a mechanical, electronic or similar device that, upon the insertion of tokens, money or another form of payment, dispense tobacco products or inhalant delivery systems as defined in ORS 167.402.

333-015-0205
Notice Posting Requirement

(1) An outlet must post a notice substantially similar to the notice described in section (2) of this rule in a location that is clearly visible to the seller and the purchaser.

(2) Content of the Notice: NOTICE: The sale of tobacco products, smoking instruments and inhalant delivery systems to persons under 18 years of age is prohibited by law. Any person who sells, or allows to be sold, a tobacco product, smoking instrument or inhalant delivery system to a person under 18 years of age is in violation of Oregon law.

(3) The Authority may impose a civil penalty for each violation of this rule that is not less than $250 or more than $1,000.

Stat. Auth.: ORS 431.840, 431.845

333-015-0210
Location of Tobacco Products Within a Retail Store

(1) A person having authority over the location of tobacco products or inhalant delivery systems in a retail store may not locate the tobacco products or inhalant delivery systems in a location where the tobacco products or inhalant delivery systems are accessible by store customers without assistance by a store employee.

(2) This rule does not apply to a person if the location at which the tobacco products or inhalant delivery systems are sold is a store or other establishment at which persons under 18 years of age are prohibited.

Stat. Auth.: ORS 163.575, 167.400, 167.402, 167.407, 431.840, 431.853

Hist.: PH 32-2015(Temp), f. 12-29-15, cert. ef. 1-1-16 thru 6-28-16; PH 19-2016, f. & cert. ef. 6-24-16

333-015-0215
Enforcement

(1) The Authority shall coordinate with law enforcement agencies to conduct random, unannounced inspections of wholesalers and retailers of tobacco products, smoking instruments or inhalant delivery systems to ensure compliance with, and to enforce, the laws of this state designed to discourage the sale of tobacco products, smoking instruments and inhalant delivery systems to minors. Nothing in these rules shall preempt local jurisdictions from passing ordinances to conduct unannounced inspections.

(2) Random Sample Procedures: Random, unannounced inspections will be based on the following methodological procedures

(a) Cover a range of outlets, not to be preselected on the basis of prior violations, to measure overall levels of compliance as well as to identify violations;

(b) Be conducted in such a way as to provide a probability sample of outlets in order to estimate the success of enforcement actions being taken throughout the state;

(c) Use reliable methodological design and adequate sample design to reflect:

(A) Distribution of the population of those under 18 throughout the state; and

(B) Distribution of outlets throughout the state that are accessible to minors; and

(d) Be conducted at times when minors are likely to purchase tobacco products, smoking instruments or inhalant delivery systems.

(3) Targeted Inspections: The Authority may conduct targeted inspections of outlets where a compliance problem exists or is suspected. Information gained in targeted inspection will not be included in data used to determine rate of offense in random inspections.

(4) Conducting Inspections: Inspections may take place:

(a) Only in areas open to the public;

(b) Only during the hours that tobacco products, smoking instruments or inhalant delivery systems are sold; and

(c) No more frequently than once a month in any single outlet unless a compliance problem exists or is suspected. For purposes of this rule, a "single outlet" refers to a specific address location of an outlet, regardless of ownership.

(5) The Authority may use minors to complete inspections to determine compliance with these rules.

Stat. Auth.: ORS 431.853
Stats. Implemented: ORS 431.853

333-015-0220
Annual Report

(1) Contents of Report: The Authority shall annually submit a report to the Oregon Legislature and to the Secretary, along with the state's application for block grant funding. The report shall include:

(a) A description of the state's activities to enforce the laws described in OAR 333-015-0200 through OAR 333-015-0215 during the fiscal year preceding the fiscal year for which the state is seeking the grant;

(b) A description outlining the overall success the state has achieved during the previous fiscal year in reducing the availability of tobacco products, smoking instruments and inhalant delivery systems to individuals under the age of 18, showing:

(A) Results of the random and targeted unannounced inspections;

(B) Results of over-the-counter and vending machine outlet inspections reported separately;

(c) A description of how the unannounced inspections were conducted and the methods used to identify outlets; and

(d) Strategies to be utilized by the state for enforcing such laws during the fiscal year for which the grant is sought.

(2) Public Comment Required: The annual report shall be made public and public comment shall be obtained and considered before submitting the report to the Secretary.

Rule Caption: Packaging and Labeling Requirements for Inhalant Delivery Systems
Adm. Order No.: PH 20-2016
Filed with Sec. of State: 6-24-2016
Certified to be Effective: 6-24-16
Notice Publication Date: 4-1-2016
Rules Adopted: 333-015-0300, 333-015-0305, 333-015-0310, 333-015-0320, 333-015-0325, 333-015-0340, 333-015-0345, 333-015-0350, 333-015-0355, 333-015-0360, 333-015-0365, 333-015-0370, 333-015-0375
Subject: The Oregon Health Authority, Public Health Division permanently adopting administrative rules in chapter 333, division 15

regarding packaging and labeling requirements for inhalant delivery systems.

1. Creates definitions in rules to reflect the purpose of the statute, and add clarity to the rules.

2. Requires that inhalant delivery systems are not "Packaged in a manner attractive to minors," as defined in rules.

3. Requires that inhalant delivery systems display labels that conform to the labeling standards set forth in 16 CFR 1700.20 and 21 CFR Parts 1100, 1140 & 1143.

4. Establishes civil penalty amounts and enforcement schedule for violations of the rules.

Rules Coordinator: Tracy Candela—(971) 673-0561

333-015-0300
Purpose, Scope and Effective Date

(1) The purpose of OAR 333-015-0305 to 333-015-0375 is to set the minimum standards for the labeling and packaging of inhalant delivery systems that are sold to a consumer.

(2) These minimum standards are applicable on and after July 1, 2016.

(3) These rules do not apply to an inhalant delivery system or prefilled inhalant delivery system that contains cannabinoids if that inhalant delivery system or prefilled inhalant delivery system complies with the packaging requirements in OAR 845-025-7000 to 845-025-7060 and the labeling requirements in OAR 333-007-0010 to 333-007-0100.

333-015-0305
Definitions

For the purposes of OAR 333-015-0300 to 333-015-0375:

(1) "Authority" means the Oregon Health Authority.

(2) "Cannabinoid" means any of the chemical compounds that are the active constituents of marijuana.

(3) "Cartoon" means any drawing or other depiction of an object, person, animal or creature or any similar caricature that satisfies any of the following criteria:

(a) The use of exaggerated features;

(b) The attribution of human characteristics to animals, plants or other objects, or the similar use of anthropomorphic technique; or

(c) The attribution of unnatural or extra-human abilities, such as imperviousness to pain or injury, X-ray vision, tunneling at very high speeds or transformation.

(4) "Child-resistant" means packaging that is:

(a) Intended to protect children from nicotine exposure in the household environment or other environment where the product is used;

(b) Designed or constructed to be significantly difficult for children under five years of age to open and not difficult for adults to use properly, as defined by 16 CFR 1700.20 (1995); and

(c) Re-sealable for any product intended for more than a single use, such as a fillable inhalant delivery system.

(5) "Consumer product" means any article, or component part thereof, produced or distributed for sale to a consumer for use in or around a permanent or temporary household or residence, a school, in recreation, or otherwise, or for the personal use, consumption or enjoyment of a consumer in or around a permanent or temporary household or residence, a school, in recreation, or otherwise.

(6) "Distributor" means a person or company that supplies stores or businesses with goods.

(7) "Fillable inhalant delivery system" means a product that is sold without nicotine or non-nicotine inhalants, not permanently sealed and can be opened and filled with any inhalant.

(8) "Inhalant" means nicotine, or any other substance that:

(a) Is in a form that allows the nicotine, cannabinoid or substance to be delivered into a person's respiratory system;

(b) Is inhaled for the purpose of delivering the nicotine, cannabinoid or other substance into a person's respiratory system; and

(c)(A) Is not approved by, or emitted by a device approved by, the United States Food and Drug Administration (FDA) for a therapeutic purpose; or

(B) If approved by, or emitted by a device approved by, the United States Food and Drug Administration for a therapeutic purpose, is not marketed and sold solely for that purpose.

(9)(a) "Inhalant delivery system" means:

(A) A device that can be used to deliver nicotine or cannabinoids in the form of a vapor or aerosol to a person inhaling from the device; or

(B) A component of a device described in this section or a substance in any form sold for the purpose of being vaporized or aerosolized by a device described in this section, whether the component or substance is sold separately or is not sold separately.

(b)(A) Inhalant delivery system does not include any product that has been approved by the United States Food and Drug Administration for sale as a tobacco cessation product or for any other therapeutic purpose, if the product is marketed and sold solely for the approved purpose; and

(B) Tobacco products.

(10) "Inner package" means the package that must be opened by a consumer in order to have access to the product and that may also be but is not required to be the outer package.

(11) "Liquid nicotine container" means a consumer product that consists of a container that:

(a) Has an opening from which nicotine in a solution or other form is accessible and can flow freely through normal and foreseeable use by a consumer; and

(b) Is used to hold soluble nicotine in any concentration.

(12) "Manufacturer or distributor contact information" means the name, city, state and country of the manufacturer who made the inhalant delivery system.

(13) "Minor" means an individual under 18 years of age.

(14) "Nicotine" means any form of the chemical nicotine, including any salt or complex, regardless of whether the chemical is naturally or synthetically derived.

(15) "Non-nicotine liquid container" means a container that:

(a) Has an opening from which liquid non-nicotine or liquid non-cannabinoid substances can flow freely through normal and foreseeable use by a consumer; and

(b) Is not used to hold liquid nicotine or cannabinoids.

(16) "Outer package" means the external package visible to a consumer in the retail setting such as, but not limited to, a box or container.

(17) "Outlet" means any location in Oregon which sells at retail or otherwise distributes tobacco products or inhalant delivery systems to consumers including, but not limited to, locations that sell such products over the counter or through vending machines.

(18) "Packaged in a manner attractive to minors" means an inhalant delivery system product where any package, including the outer package or label on the outer package, or the inner package or label on the inner package:

(a) Depicts cartoons;

(b) Depicts celebrities or fictitious characters played by people;

(c) Depicts people using the product;

(d) Depicts food or beverage;

(e) Resembles any product of the type that is typically marketed to minors; or

(f) Resembles the shape of any animal, commercially recognizable toy or candy.

(19) "Prefilled inhalant delivery system" means an inhalant delivery system that is permanently sealed, prefilled, disposable and not intended to be disassembled by the consumer.

(20) "Retail setting" means a place of business in which merchandise is primarily sold directly to an ultimate consumer.

(21) "These rules" means OAR 333-015-0300 to 333-015-0375.

333-015-0340
Packaging Requirements for Liquid Nicotine Containers

A liquid nicotine container for sale to a consumer:

(1) Must be:

(a) In child-resistant safety packaging; and

(b) Labeled in accordance with these rules.

(2) May not be placed in an inner or outer package that is attractive to minors.

333-015-0355
Packaging Requirements for Fillable Inhalant Delivery Systems

(1) A fillable inhalant delivery system that is not packaged with a liquid nicotine container for sale to a consumer:

(a) Must be labeled in accordance with these rules.

(b) May not be packaged in any packaging, including an inner or outer package, that is attractive to minors.

(2) A fillable inhalant delivery system that is packaged with a liquid nicotine container for sale to a consumer must comply with OAR 333-015-0340.

Stat. Auth.: ORS 431A.175

Hist.: PH 20-2016, f. & cert. ef. 6-24-16

333-015-0370
Violations

It is a violation for a manufacturer, retailer or distributor to:

(1) Distribute, sell or allow to be sold an inhalant delivery device that does not comply with a labeling requirement in OAR 333-015-0310 to 333-015-0030.

(2) Distribute, sell or allow to be sold an inhalant delivery device that does not comply with a packaging requirement in OAR 333-015-0340 to 333-015-0360.

Stat. Auth.: ORS 431A.175, 431A.178
Stats. Implemented: ORS 431A.175, 431A.178
Hist.: PH 20-2016, f. & cert. ef. 6-24-16

333-015-0375
Civil Penalties

(1) The Authority may impose a civil penalty for each violation of 333-015-0340 to 333-015-0360 against a manufacturer, retailer or distributor according to the following schedule:

(a) $0 together with the issuance of a warning letter to the retailer for the first violation

(b) Minimum of $500 for the second violation within a 24-month period of the first violation.

(c) Minimum of $800 for the third violation within a 24-month period of the second violation.

(d) Minimum of $2000 for the fourth violation within a 24-month period of the third violation.

(e) Minimum of $8000 for the fifth violation within a 36-month period of the fourth violation.

(f) Minimum of $15,000 for the sixth or subsequent violation within a 48-month period of the fifth violation.

(2) A civil penalty may not to exceed $15,000 for each violation or $1,050,000 for all violations found in a single inspection.

(3) Each product that does not comply with these rules or that is distributed, sold, or allowed to be sold in violation of these rules is a separate violation. For example, if 10 liquid nicotine containers are distributed, sold, or allowed to be sold without child-resistant packaging the civil penalty could be $5000 (10 x $500).

Subject: The Oregon Health Authority (OHA), Public Health Division is permanently adopting amending and repealing rules in chapter 333, division 7, 8 and 64 related to marijuana product serving size and concentration limits, marijuana labeling and marijuana laboratory sampling and testing; and pertaining to medical marijuana growers, processors, dispensaries and patient cards.

House Bill 3400 (Oregon Laws 2015, chapter 614) made many changes to the Oregon Medical Marijuana Act, including directing the Oregon Health Authority, in consultation with the Oregon Liquor Control Commission (OLCC) and the Oregon Department of Agriculture (ODA), to protect public safety by establishing rules on marijuana laboratory sampling and testing, marijuana labeling, marijuana product serving size and concentration limits.

In order to protect public health and safety, these rules establish standards for the sampling and testing of marijuana items, including, but not limited to, tests for pesticides, solvents, microbiological contaminants, and tetrahydrocannabinol and cannabidiol concentration. In addition, the rules on testing establish sampling procedures for marijuana items and the reporting of test results. The rules establish labeling standards of marijuana items ensuring that labels include, among other things, health and safety warnings, product content, activation time, THC concentration levels and laboratory testing information. The rules also establish the maximum concentration of THC that is permitted in a marijuana item or single serving of a marijuana item, and the number of servings permitted in a marijuana item.

On and after October 1, 2016, all marijuana items sold in a medical marijuana dispensary or in a retail establishment licensed by the OLCC will be required to meet these labeling, concentration limit and serving size standards established by the Authority.

OLCC licenses will be required to comply with the sampling and testing requirements at all times.

Changes to chapter 333, division 8 of the Oregon Administrative Rules are necessary to implement SB 1511, (Oregon Laws 2016, chapter 83), SB 1598 (Oregon Laws 2016, chapter 23) and HB 4014 (Oregon Laws 2016, chapter 24). In addition, certain housekeeping measures are necessary for rules governing processors and dispensaries to more adequately reflect the intent of the rules that were filed on March 1, 2016. Revisions to these rules include, but are not limited to, the following areas:

-Fees for patient applicants who have served in the armed forces;

-The residency requirements for persons responsible for marijuana grow sites (PRMG), persons responsible for a dispensary, and persons responsible for a marijuana processing site;

-The issuance of a receipt to a patient applicant;

-Requirements for Grandfathered grow sites;

-Grow site plant limits;

-Delegation of reporting and documentation requirements by a PRMG;

-Land use compatibility statements from local governments;

-Dispensary premises restrictions and requirements;

-Transfers of marijuana by a patient or designated primary caregiver to a registered processing site and transfers from a registered processing site to a patient or designated primary caregiver;

-Required reporting by registered processing sites to the Authority; and

-Security, camera and video requirements.

Rules Coordinator: Tracy Candela—(971) 673-0561

333-007-0010
Purpose, Scope and Effective Date

(1) The purpose of OAR 333-007-0010 through 333-007-0100 is to set the minimum standards for the labeling of marijuana items that are sold to a consumer, patient or designated primary caregiver. These minimum standards are applicable to:

(a) A Commission licensee as that is defined in OAR 845-025-1015; and

(b) A person registered with the Authority under ORS 475B.400 to 475B.525 who is not exempt from the labeling requirements as described in section (2) of this rule.

(2) The labeling requirements in these rules do not apply to:

(a) A grower if the grower is transferring usable marijuana or an immature marijuana plant to:

(A) A patient who designated the grower to grow marijuana for the patient; or

(B) A designated primary caregiver of the patient who designated the grower to grow marijuana for the patient.

(b) A designated primary caregiver of a patient if the caregiver is transferring a marijuana item to a patient of the designated primary caregiver.

(3) Nothing in these rules prohibits the Commission or the Authority from:

(a) Imposing additional labeling requirements in their respective rules governing licensees and registrants as long as those additional labeling requirements are not inconsistent with these rules; or

(b) Requiring licensees or registrants to provide informational material to a consumer, patient or designated primary caregiver at the point of sale.

(4) A person licensed by the Commission must comply with these rules at all times.

(5) On and after October 1, 2016:

(a) A marijuana item received or transferred by a dispensary must meet the labeling requirements in these rules; and

(b) A dispensary may not transfer a marijuana item that does not meet the labeling requirements in these rules.

(6) By October 1, 2016, a dispensary must:

(a) Transfer marijuana items that do not meet the labeling requirements in these rules to a patient or caregiver;

(b) Return any marijuana item that does not meet labeling requirements in these rules to the individual who transferred the item to the dispensary, and document who the item was returned to, what was returned and the date of the return; or

(c) Dispose of any marijuana item that does not meet labeling requirements and that cannot be returned in accordance with subsection (b) of this section, in a manner specified by the Authority.

333-007-0020
Definitions

For the purposes of OAR 333-007-0100 through 333-007-0100, unless otherwise specified:

(1) "Activation time" means the amount of time it is likely to take for an individual to begin to feel the effects of ingesting or inhaling a marijuana item.

(2) "Authority" means the Oregon Health Authority.

(3) "Cannabinoid concentrate or extract" means a substance obtained by separating cannabinoids from marijuana by a mechanical, chemical or other process.

(4)(a) "Cannabinoid edible" means:

(A) Food or potable liquid into which a cannabinoid concentrate or extract or the dried leaves or flowers of marijuana have been incorporated; or

(B) For purposes of labeling, includes any cannabinoid concentrate, extract or cannabinoid product that is intended for human consumption or marketed in a manner that implies the item is for human consumption.

(b) For purposes of labeling "cannabinoid edible" does not include a cannabinoid tincture.

(5)(a) "Cannabinoid product" means a cannabinoid edible or any other product intended for human consumption or use, including a product intended to be applied to a person's skin or hair, that contains cannabinoids or the dried leaves or flowers of marijuana.

(b) "Cannabinoid product" does not include:

(A) Usable marijuana by itself;

(B) A cannabinoid concentrate or extract by itself; or

(C) Industrial hemp, as defined in ORS 571.300.

(6) "Cannabinoid tincture" means a solution of alcohol, cannabinoid concentrate or extract, and perhaps other ingredients intended for human

consumption or ingestion, and that is exempt from the Liquor Control Act under ORS 471.035.

(7) "Cannabinoid topical" means a cannabinoid product intended to be applied to skin or hair.

(8) "CBD" means cannabidiol.

(9) "Commission" means the Oregon Liquor Control Commission.

(10) "Consumer" has the meaning given that term in ORS 475B.015 and does not include a patient or designated primary caregiver.

(11) "Container"

(a) Means a sealed, hard or soft-bodied receptacle in which a marijuana item is placed.

(b) Does not mean inner wrapping or packaging that is not intended to display the marijuana item for sale to a consumer.

(12) "Date of harvest" means the date the mature marijuana plants in a harvest lot were removed from the soil or other growing media. If the harvest occurred on more than one day, the "date of harvest" is the day the last mature marijuana plant in the harvest lot was removed from the soil or other growing media.

(13) "Delta-9 THC" is the principal psychoactive constituent (the principal cannabinoid) of cannabis.

(14)(a) "Designated primary caregiver" means an individual:

(A) Who is 18 years of age or older;

(B) Who has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition; and

(C) Who is designated as the person responsible for managing the well-being of a person who has been diagnosed with a debilitating medical condition on that person's application for a registry identification card or in other written notification submitted to the Authority.

(b) "Designated primary caregiver" does not include a person's attending physician.

(15) "Food" means a raw, cooked, or processed edible substance, or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

(16) "Grower" has the same meaning as "person responsible for a marijuana grow site."

(17) "Harvest lot" means marijuana that is uniform in strain, cultivated utilizing the same growing practices and harvested at the same time.

(18) "Human consumption" means to ingest, generally through the mouth, food, drink or other substances such that the substance enters the human body but does not include inhalation.

(19) "Licensee" has the meaning given that term in ORS 475B.015.

(20) "Major food allergen" means an ingredient that is one of the five foods listed in subsections (a) to (e) of this section, or from one of the three food groups listed in subsections (f) to (h) of this section, or is an ingredient that contains protein derived from one of the following:

(a) Milk;

(b) Egg;

(c) Fish;

(d) Crustacean shellfish;

(e) Tree nuts;

(f) Wheat;

(g) Peanuts; and

(h) Soybeans.

(21)(a) "Marijuana" means the plant Cannabis family Cannabaceae, any part of the plant Cannabis family Cannabaceae and the seeds of the plant Cannabis family Cannabaceae.

(b) "Marijuana" does not include industrial hemp, as defined in ORS 571.300.

(22) "Marijuana item" means marijuana, usable marijuana, a cannabinoid product, or a cannabinoid concentrate or extract.

(23) "Medical grade cannabinoid product, cannabinoid concentrate or cannabinoid extract" means a cannabinoid product, cannabinoid concentrate or cannabinoid extract that has a concentration of THC that is permitted under ORS 475B.625 in a single serving of the cannabinoid product, cannabinoid concentrate or cannabinoid extract for a patient.

(24) "Medical grade symbol" means the image established by the Authority and made available to licensees indicating the cannabinoid product, concentrate or extract may only be sold or transferred to a designated primary caregiver or patient, for use only by a patient.

(25) "Medical marijuana dispensary" means a facility registered under ORS 475B.450.

(26) "Net weight" means the gross weight minus the tare weight of the packaging.

(27) "Package unique identification number" mean the unique identification number that was generated by the Commission's seed to sale tracking system at the time the marijuana item was packaged and labeled for sale to the consumer, patient, or designated primary caregiver.

(28) "Patient" has the same meaning as "registry identification cardholder."

(29) "Person responsible for a marijuana grow site" means a person who has been selected by a patient to produce medical marijuana for the patient, and who has been registered by the Authority for this purpose and has the same meaning as "grower."

(30) "Place of address" means the name, mailing address, city, state and zip code of the processor who made the cannabinoid edible.

(31) "Principal display panel" means the part of a label on a package or container that is most likely to be displayed, presented, shown or seen under customary conditions of display for sale or transfer.

(32) "Processor" means a person:

(a) Licensed by the Commission to process marijuana under ORS 475B.090; or

(b) Registered with the Authority under ORS 475B.435 as a processing site and who is not exempt from labeling requirements under ORS 475B.605

(33) "Process lot" means:

(a) Any amount of cannabinoid concentrate or extract of the same type and processed at the same time using the same extraction methods, standard operating procedures and batches from the same or different harvest lots; or

(b) Any amount of cannabinoid products of the same type and processed at the same time using the same ingredients, standard operating procedures and batches from the same or different harvest lots or process lots of cannabinoid concentrate or extract.

(34) "Producer" means a person:

(a) Licensed by the Commission to produce marijuana under ORS 475B.070; and

(b) Registered with the Authority under ORS 475B.420 as a grower and who is not exempt from labeling requirements under ORS 475B.605.

(35) "Product identity" means a truthful or common name of the product that is contained in the package.

(36) "Registrant" means a person registered with the Authority under ORS 475B.400 to 475B.525.

(37) "Registry identification cardholder" means a person to whom a registration card has been issued under ORS 475B.415.

(38)(a) "Test batch" means a group of test samples that are collectively submitted to a laboratory for testing purposes.

(b) "Test batch" does not mean a combination of marijuana flowers, marijuana leaves, cannabinoid products, or cannabinoid concentrate or extract.

(39) "Test sample" means anything collected by an individual authorized by the Authority to collect a sample from a licensee or registrant that is provided to a laboratory for testing, including but not limited to marijuana items, soil, growing medium, water, solvent or swab of a counter or equipment.

(40) "THC" means tetrahydrocannabinol and has the same meaning as delta-9 THC.

(41) "These rules" means OAR 333-007-0010 through 333-007-0100.

(42) "Universal symbol" means the image, established by the Authority and made available to licensees and registrants, indicating the marijuana item contains marijuana.

(43)(a) "Usable marijuana" means the dried leaves and flowers of marijuana.

(b) "Usable marijuana" does not include:

(A) The seeds, stalks and roots of marijuana; or

(B) Waste material that is a by-product of producing or processing marijuana.

333-007-0030
Marijuana Plant Labeling Requirements

Prior to a marijuana plant being sold or transferred to a consumer, patient or designated primary caregiver a tag or label must be affixed to the plant or plant container that has the following information:

(1) Producer's business or trade name and licensee or registrant number;

(2) Business or trade name of licensee or registrant that packaged or distributed the product, if different from the producer;

(3) Name of the strain; and

(4) Universal symbol.

Marijuana Seed Labeling Requirements

Prior to a marijuana plant being sold or transferred to a consumer, patient or designated primary caregiver a tag or label must be affixed to the plant or plant container that has the following information:

(1) Producer's business or trade name and licensee or registrant number;

(2) Business or trade name of licensee or registrant that packaged or distributed the product, if different from the producer;

(3) Name of the strain; and

(4) Universal symbol.

333-007-0050
Usable Marijuana Labeling Requirements

Prior to usable marijuana being sold or transferred to a consumer, patient or designated primary caregiver the container holding the usable marijuana must have a label that has the following information:

(1) Producer's business or trade name and licensee or registrant number;

(2) Business or trade name of licensee or registrant that packaged or distributed the product, if different from the producer;

(3) For licensees, package unique identification number and for registrants, harvest lot number;

(4) Date of harvest;

(5) Name of strain;

(6) Net weight in U.S. customary and metric units;

(7) Concentration of THC and CBD, as calculated under OAR 333-064-0100;

(8) Activation time expressed in words or through a pictogram;

(9) Name of the lab that performed any test, any associated test batch number and any test analysis date;

(10) Universal symbol;

(11) For usable marijuana for sale to a consumer warnings that state:

(a) "For use by adults 21 and older. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(12) For usable marijuana for use by a patient warnings that state:

(a) "For use by OMMP patients only. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

333-007-0060
Cannabinoid Topical Labeling Requirements

Prior to a cannabinoid topical product being sold or transferred to a consumer, patient or designated primary caregiver the container holding the cannabinoid product must have a label that has the following information:

(1) Processor's business or trade name and licensee or registrant number;

(2) Business or trade name of licensee or registrant that packaged or distributed the product, if different from the processor;

(3) For licensees, package unique identification number and for registrants, process lot number;

(4) Product identity (common or usual name);

(5) Date the product was made;

(6) Net weight or volume in U.S. customary and metric units;

(7) Amount suggested for use by the consumer or patient at any one time;

(8) Concentration or amount by weight or volume of THC and CBD in the container;

(9) List of ingredients in descending order or predominance by weight or volume used to process the cannabinoid topical;

(10) Activation time, expressed in words or through a pictogram;

(11) Name of the lab that performed any test, any associated test batch number and any test analysis date;

(12) Universal symbol;

(13) For licensees, a medical grade symbol if applicable;

(14) A statement that reads: "This product is not approved by the FDA to treat, cure, or prevent any disease";

(15) For cannabinoid topicals for sale to a consumer warnings that state:

(a) "For use only by adults 21 and older. Keep out of reach of children."

(b) "DO NOT EAT" in bold, capital letters.

(16) For cannabinoid topicals for use by a patient warnings that state:

(a) "For use by OMMP patients only. Keep out of reach of children."

(b) "DO NOT EAT" in bold, capital letters.

333-007-0070
Cannabinoid Edible Labeling Requirements

Prior to a cannabinoid edible being sold or transferred to a consumer, patient or designated primary caregiver the container holding the edible must have a label that has the following information:

(1) Processor's business or trade name, place of address, and licensee or registrant number;

(2) Business or trade name and place of address of licensee or registrant that packaged or distributed the product, if different from the processor;

(3) Product identity (common or usual name);

(4) For licensees, package unique identification number and for registrants, process lot number;

(5) Date the edible was made;

(6) Net weight or volume in U.S. customary and metric units;

(7) Serving size and number of servings per container;

(8) Concentration or amount by weight or volume of THC and CBD in each serving and in each container;

(9) List of all ingredients in descending order of predominance by weight or volume used to process the cannabinoid edible;

(10) List of potential major food allergens:

(a) Using a "contains" statement to summarize the major food allergen information at the end of or immediately adjacent to the ingredient list; or

(b) Placing the term for the appropriate major food allergen in parenthesis within the ingredient list after the common or usual name of the ingredient derived from that major food allergen;

(11) The amount, in grams, of sodium, sugar, carbohydrates and total fat per serving;

(12) If the edible is perishable, a statement that the edible must be refrigerated or kept frozen;

(13) Name of the lab that performed any test, any associated test batch number and any test analysis date;

(14) Activation time, expressed in words or through a pictogram;

(15) Universal symbol;

(16) For licensees, a medical grade symbol if applicable;

(17) A statement that reads: "This product is not approved by the FDA to treat, cure, or prevent any disease";

(18) For cannabinoid edibles for sale to a consumer warnings that state:

(a) "For use only by adults 21 and older. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(c) "BE CAUTIOUS" in bold, capital letters, followed by "Cannabinoid edibles can take up to 2 hours or more to take effect."

(19) For cannabinoid edibles for use by a patient warnings that state:

(a) "For use by OMMP patients only. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(c) "BE CAUTIOUS" in bold, capital letters, followed by "Cannabinoid edibles can take up to 2 hours or more to take effect."

333-007-0080
Labeling Requirements for Cannabinoid Concentrates and Extracts

Prior to a cannabinoid concentrate or extract being sold or transferred to a consumer, patient or designated primary caregiver the container holding the concentrate or extract must have a label that has the following information:

(1) Processor's business or trade name and licensee or registrant number;

(2) Business or trade name of licensee or registrant that packaged or distributed the product, if different from the processor;

(3) For licensees, package unique identification number and for registrants, process lot number;

(4) Product identity (concentrate or extract);

(5) Date the concentrate or extract was made;

(6) Net weight or volume in U.S. customary and metric units;

(7) If applicable, serving size and number of servings per container or amount suggested for use by the consumer or patient at any one time;

(8) Concentration or amount by weight or volume of THC and CBD in each amount suggested for use and in the container;

(9) Activation time, expressed in words or through a pictogram;

(10) Name of the lab that performed any test, any associated test batch number and any test analysis date;

(11) Universal symbol;

(12) For licensees, a medical grade symbol if applicable;

(13) A statement that reads: "This product is not approved by the FDA to treat, cure, or prevent any disease";

(14) For cannabinoid concentrates and extracts for sale to a consumer warnings that state:

(a) "For use only by adults 21 and older. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(c) "DO NOT EAT" in bold, capital letters.

(15) For cannabinoid concentrates and extracts for use by a patient warnings that state:

(a) "For use by OMMP patients only. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(c) "DO NOT EAT" in bold, capital letters.

333-007-0083
Cannabinoid Tincture Labeling Requirements

Prior to a cannabinoid tincture being sold or transferred to a consumer, patient or designated primary caregiver the container holding the tincture must have a label that has the following information:

(1) Processor's business or trade name, place of address and licensee or registrant number;

(2) Business or trade name and place of address of licensee or registrant that packaged or distributed the product, if different from the processor;

(3) Product identity (common or usual name);

(4) For licensees, package unique identification number and for registrants, process lot number;

(5) Date the tincture was made;

(6) Net weight or volume in U.S. customary and metric units;

(7) Serving size and number of servings per container;

(8) Concentration or amount by weight or volume of THC and CBD in each serving and in each container;

(9) List of all ingredients in descending order of predominance by weight or volume used to process the cannabinoid tincture;

(10) Name of the lab that performed any test, any associated test batch number and any test analysis date;

(11) Universal symbol;

(12) For licensees, a medical grade symbol if applicable;

(13) Activation time expressed in words or through a pictogram;

(14) A statement that reads: "This product is not approved by the FDA to treat, cure, or prevent any disease";

(15) For cannabinoid tinctures for sale to a consumer warnings that state:

(a) "For use only by adults 21 and older. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(16) For cannabinoid tinctures for use by a patient warnings that state:

(a) "For use by OMMP patients only. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

333-007-0085
Cannabinoid Products Other than Cannabinoid Edibles, Topicals, or Tinctures

Prior to a cannabinoid product other than a cannabinoid edible, topical or tincture being sold or transferred to a consumer, patient or designated primary caregiver the container holding the product must have a label that has the following information:

(1) Processor's business or trade name and licensee or registrant number;

(2) Business or trade name of licensee or registrant that packaged or distributed the product, if different from the processor;

(3) Place of address for the processor and packager, if applicable;

(4) Product identity (common or usual name);

(5) For licensees, package unique identification number and for registrants, process lot number;

(6) Date the product was made;

(7) Net weight or volume in U.S. customary and metric units;

(8) Serving size and number of servings per container;

(9) Concentration or amount by weight or volume of THC and CBD in each serving and in each container;

(10) List of all ingredients in descending order of predominance by weight or volume used to process the cannabinoid product;

(11) Name of the lab that performed any test, any associated test batch number and any test analysis date;

(12) Universal symbol;

(13) For licensees, a medical grade symbol if applicable;

(14) Activation time expressed in words or through a pictogram;

(15) A statement that reads: "This product is not approved by the FDA to treat, cure, or prevent any disease";

(16) For cannabinoid products for sale to a consumer warnings that state:

(a) "For use only by adults 21 and older. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

(17) For cannabinoid products for use by a patient warnings that state:

(a) "For use by OMMP patients only. Keep out of reach of children."

(b) "It is illegal to drive a motor vehicle while under the influence of marijuana."

333-007-0090
General Label Requirements; Prohibitions; Exceptions

(1) Principal Display Panel.

(a) Every container that contains a marijuana item for sale or transfer to a consumer, patient or designated primary caregiver must have a principal display panel, as that term is defined in OAR 333-007-0020.

(b) If a container is placed within packaging for purposes of displaying the marijuana item for sale or transfer to a consumer, patient or designated primary caregiver, the packaging must have a principal display panel as that term is defined in OAR 333-007-0020.

(c) The principal display panel must contain the product identity, net weight, and universal symbol, if applicable.

(d) If the product is a medical grade cannabinoid product, concentrate or extract processed by a licensee the principal display panel must include the medical grade symbol.

(2) A label required by these rules must:

(a) Be placed on the container and on any packaging that is used to display the marijuana item for sale or transfer to a consumer, patient or designated primary caregiver.

(b) Comply with the National Institute of Standards and Technology (NIST) Handbook 130 (2016), Uniform Packaging and Labeling Regulation, incorporated by reference.

(c) Be in no smaller than 8 point Times New Roman, Helvetica or Arial font;

(d) Be in English, though it can be in other languages; and

(e) Be unobstructed and conspicuous.

(3) A marijuana item may have one or more labels affixed to the container or packaging.

(4) A marijuana item that is in a container that because of its size does not have sufficient space for a label that contains all the information required for compliance with these rules:

(a) May have a label on the container that contains a marijuana item and on any packaging that is used to display the marijuana item for sale or transfer to a consumer, patient or designated primary caregiver that includes at least the following:

(A) Information required on a principal display panel, if applicable for the type of marijuana item;

(B) Licensee or registrant business or trade name and licensee or registrant number;

(C) For licensees, package unique identification number and for registrants, batch or process lot number;

(D) Concentration of THC and CBD; and

(E) Required warnings; and

(b) Must include all other required label information not listed in subsection (4)(a) of this rule on an outer container or package, or on a leaflet that accompanies the marijuana item.

(5) A marijuana item in a container that is placed in packaging that is used to display the marijuana item for sale or transfer to a consumer, patient, or designated primary caregiver must comply with the labeling requirements in these rules, even if the container qualifies for the exception under section (4) of this rule.

(6) The universal symbol:

(a) Must be at least 0.48 inches wide by 0.35 inches high.

(b) May only be used by licensees or registrants.

(c) May be downloaded at www.healthoregon.org/marijuana.

(7) Medical grade symbol. The medical grade symbol must be at least 0.35 inches in diameter.

(8) A label may not:

(a) Contain any untruthful or misleading statements including, but not limited to, a health claim that is not supported by the totality of publicly available scientific evidence (including evidence from well-designed studies conducted in a manner which is consistent with generally recognized scientific procedures and principles), and for which there is significant scientific agreement, among experts qualified by scientific training and experience to evaluate such claims; or

(b) Be attractive to minors, as that is defined in OAR 845-025-7000.

(9) A marijuana item that falls within more than one category, for example a product that is both a cannabinoid concentrate and cannabinoid edible, must comply with the labeling requirements that apply to both categories, with the exception of the "DO NOT EAT" warning if the product is intended for human consumption or the "BE CAUTIOUS" warning if the effects of the product are customarily felt immediately.

(10) The THC and CBD amount required to be on a label must be the value calculated by the laboratory that did the testing in accordance with OAR 333-064-0100.

(11) If a marijuana item has more than one test batch number, laboratory, or test analysis date associated with the marijuana item that is being sold or transferred, each test batch number, laboratory and test analysis date must be included on a label.

(12) If a marijuana item is placed in a package that is being re-used, the old label or labels must be removed and it must have a new label or labels.

(13) A licensee or registrant must have documentation that demonstrates the validity of the calculation of the amount of sodium, sugar, carbohydrates and total fat in a cannabinoid edible and must make that documentation available to the Commission or the Authority upon request.

(14) Exit packaging must contain a label that reads: "Keep out of the reach of children."

Stat. Auth.: ORS 475B.605
Stats. Implemented: ORS 475B.605
Hist.: PH 22-2015(Temp), f. 11-13-15, cert. ef. 1-1-16 thru 6-28-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-007-0100
Pre-Approval of Labels

(1) A registrant must submit labels for pre-approval in accordance with OAR 845-025-7060 and must keep all records related to the pre-approval process and provide those records at the request of the Authority.

(2) On and after October 1, 2016, a registrant may not transfer a marijuana item unless the label has been pre-approved in accordance with OAR 845-025-7060.

Stat. Auth.: ORS 475B.605
Stats. Implemented: ORS 475B.605
Hist.: PH 22-2015(Temp), f. 11-13-15, cert. ef. 1-1-16 thru 6-28-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-007-0200
Definitions, Purpose, Scope, Effective Date

(1) In accordance with ORS 475B.625, the Authority must establish, for marijuana items sold or transferred to a consumer, patient or designated primary caregiver through a Commission licensed marijuana retailer or medical marijuana dispensary:

(a) The maximum concentration of THC permitted in a single serving of a cannabinoid product or cannabinoid concentrate or extract; and

(b) The number of servings permitted in a cannabinoid product container or cannabinoid concentrate or extract container.

(2) The concentration of THC permitted under OAR 333-007-0210 through 333-007-0220 must take into account both the amount of Delta-9 THC in the cannabinoid product or cannabinoid concentrate or extract and the amount of tetrahydrocannabinolic acid (THCA) in the cannabinoid product or cannabinoid concentrate or extract that if heated would convert THCA to THC. A cannabinoid product or cannabinoid concentrate or extract that contains a high amount of THCA must meet the concentration limits established in OAR 333-007-0200 through 333-007-0220 even if heated.

(3) The amounts of THC listed on a label are based on an average from samples taken from a harvest or process lot and may not represent the exact amount of THC in a marijuana item purchased by a consumer, patient or designated primary caregiver.

(4) On and after October 1, 2016:

(a) A marijuana item received or transferred by a dispensary must meet the concentration and serving size limits in OAR 333-007-0210 or 333-007-0220, depending on whether the marijuana is available for sale or transfer to a consumer, patient or designated primary caregiver; and

(b) A dispensary may not receive or transfer a marijuana item that does not meet the concentration and serving size limits in OAR 333-007-0210 or 333-007-0220, as applicable.

(5) By October 1, 2016, a dispensary must have either transferred marijuana items that do not meet the concentration and serving size limits in OAR 333-007-0210 or 333-007-0220 to a patient or caregiver or must have returned any marijuana item that does not meet the requirements to the individual who transferred the item to the dispensary, and must document who the item was returned to, what was returned and the amount, and the date of the return.

(6) For purposes of OAR 333-007-0200 through 333-007-0220:

(a) The definitions in OAR 333-007-0020 apply unless otherwise specified.

(b) "Cannabinoid capsule" means a small soluble container, usually made of gelatin, that encloses a dose of a cannabinoid product, concentrate or extract intended for human ingestion.

(c) "Cannabinoid edible" means a food or potable liquid into which a cannabinoid concentrate or extract or the dried leaves or flowers of marijuana have been incorporated.

(d) "Cannabinoid suppository" means a small soluble container designed to melt at body temperature within a body cavity other than the mouth, especially the rectum or vagina containing a cannabinoid product, concentrate or extract.

(e) "Cannabinoid transdermal patch" means an adhesive substance applied to human skin that contains a cannabinoid product, concentrate or extract for absorption into the bloodstream.

(f) "Medical marijuana item" is a marijuana item for sale or transfer to a patient or designated primary caregiver and includes medical grade cannabinoid products, cannabinoid concentrates and cannabinoid extracts.

(g) "Retail adult use marijuana item" is a marijuana item for sale to a consumer.

(h) "Scored" means to physically demark a cannabinoid edible in a way that enables a reasonable person to:

(A) Intuitively determine how much of the product constitutes a single serving; and

(B) Easily physically separate the edible into single servings either by hand or with a common utensil, such as a knife.

333-007-0210
Retail Marijuana Item Concentration and Serving Size Limits

(1) The maximum concentration or amount of THC permitted in a container and the maximum concentration or amount of THC permitted in a serving of a retail adult use marijuana item is listed in Table 1. [Table not included. See ED. NOTE.]

(2) A cannabinoid edible must be scored unless it is not capable of being scored because it is not solid at room temperature in which case the cannabinoid edible must be:

(a) Sold and packaged with a measuring device that measures single servings; or

(b) Placed in packaging that clearly enables a consumer to determine when a single serving has been consumed.

(3) Serving size is as determined by the processor.

(4) A retail adult use marijuana item that does not fall within a category in Table 1 such as cannabinoid suppositories and transdermal patches must meet the concentration and serving size limits applicable to a cannabinoid edible in Table 1.

[ED. NOTE: Tables referenced are available from the agency.]
Stat. Auth.: Sec. 105, ch. 614, OL 2015
Stats. Implemented: Sec. 105, ch. 614, OL 2015
Hist.: PH 22-2015(Temp), f. 11-13-15, cert. ef. 1-1-16 thru 6-28-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-007-0220
Medical Marijuana Item Concentration Limits

(1) The maximum concentration or amount of THC permitted in a container and the maximum concentration or amount of THC permitted in a serving of a medical marijuana item is listed in Table 2. [Table not included. See ED. NOTE.]

(2) A cannabinoid edible must be scored unless it is not capable of being scored because of its form or because it is not solid at room temperature in which case the cannabinoid edible must be:

(a) Sold and packaged with a measuring device that measures single servings; or

(b) Placed in packaging that clearly enables a patient to determine when a single serving has been consumed, as that serving size is determined by the processor.

(3) Serving size is as determined by the processor.

(4) A medical marijuana item that does not fall within a category in Table 2 must meet the concentration and serving size limits applicable to a cannabinoid edible in Table 2.

[ED. NOTE: Tables referenced are available from the agency.]

333-007-0300
Purpose and Effective Date

(1) The purpose of these rules is to establish the minimum testing standards for marijuana items. These rules are applicable to:

(a) A licensee; and

(b) A registrant who is not exempt from the testing requirements.

(2) The testing requirements do not apply to:

(a) A grower if the person is transferring usable marijuana or an immature marijuana plant to:

(A) A patient who designated the grower to grow marijuana for the patient; or

(B) A designated primary caregiver of the patient who designated the grower to grow marijuana for the patient; or

(b) A designated primary caregiver of a patient if the caregiver is transferring a marijuana item to a patient of the designated primary caregiver.

(3) A person registered with the Authority under ORS 475B.400 to 475B.525 who is subject to these rules may not:

(a) Transfer a marijuana item on or after October 1, 2016, that is not sampled and tested in accordance with these rules; or

(b) Accept the transfer of a marijuana item on or after October 1, 2016, that is not sampled and tested in accordance with these rules.

(4) A person licensed by the Commission must comply with these rules at all times.

(5) Notwithstanding section (3)(a) of this rule, until January 1, 2017, a dispensary may transfer a marijuana item to a patient or caregiver that was transferred to the dispensary before October 1, 2016, and that was not sampled and tested in accordance with these rules if the item contains a label placed on the package where it can easily be seen by the patient or caregiver that reads "DOES NOT MEET NEW TESTING REQUIREMENTS" in 12 point font, and in bold, capital letters.

(6) Nothing in these rules prevents a registrant from having marijuana items sampled and tested in accordance with these rules by an accredited and licensed laboratory prior to October 1, 2016.

(7) Prior to October 1, 2016, an accredited laboratory performing sampling or testing for a registrant may comply with this rule or OAR 333-008-1190 but the laboratory must identify on the test result which rule the results are compliant with.

333-007-0310
Definitions

For purposes of OAR 333-007-0300 through 333-007-0490:

(1) "Authority" means the Oregon Health Authority.

(2) "Batch" means:

(a) A quantity of usable marijuana from a harvest lot; or

(b) A quantity of cannabinoid concentrate or extract or cannabinoid product from a process lot.

(3) "Cannabinoid" means any of the chemical compounds that are the active constituents of marijuana.

(4) "Cannabinoid concentrate or extract" means a substance obtained by separating cannabinoids from marijuana by a mechanical, chemical or other process.

(5) "Cannabinoid edible" means food or potable liquid into which a cannabinoid concentrate or extract or the dried leaves or flowers of marijuana have been incorporated.

(6)(a) "Cannabinoid product" means a cannabinoid edible or any other product intended for human consumption or use, including a product intended to be applied to a person's skin or hair, that contains cannabinoids or the dried leaves or flowers of marijuana.

(b) "Cannabinoid product" does not include:

(A) Usable marijuana by itself;

(B) A cannabinoid concentrate or extract by itself; or

(C) Industrial hemp, as defined in ORS 571.300.

(7) "Cannabinoid capsule":

(a) Means a small soluble container, usually made of gelatin that encloses a dose of a cannabinoid product, concentrate or extract intended for human ingestion.

(b) Does not mean a cannabinoid suppository.

(8) "Cannabinoid suppository" means a small soluble container designed to melt at body temperature within a body cavity other than the mouth, especially the rectum or vagina containing a cannabinoid product, concentrate or extract.

(9) "Cannabinoid tincture" means a solution of alcohol, cannabinoid concentrate or extract, and perhaps other ingredients intended for human consumption or ingestion, and that is exempt from the Liquor Control Act under ORS 471.035.

(10) "Cannabinoid topical" means a cannabinoid product intended to be applied to skin or hair and for purposes of testing includes transdermal patches.

(11) Cannabinoid Transdermal patch" means an adhesive substance applied to human skin that contains a cannabinoid product, concentrate or extract for absorption into the bloodstream.

(12) "CBD" means cannabidiol, Chemical Abstracts Service Number 13956-29-1.

(13) "CBDA" means cannabidiolic acid, Chemical Abstracts Service Number 1244-58-2.

(14) "Chain of custody procedures" means procedures employed by laboratory personnel using a chain of custody form to record the possession of samples from the time of sampling through the retention time specified by the Authority or Commission.

(15) "Chain of custody form" means a form completed by laboratory personnel that documents the collection, transport, and receipt of samples by the laboratory.

(16) "Commission" means the Oregon Liquor Control Commission.

(17) "Consumer" has the meaning given that term in ORS 475B.015 and does not include a patient or designated primary caregiver.

(18) "Delta-9 THC" is the principal psychoactive constituent (the principal cannabinoid) of cannabis, Chemical Abstracts Service Number 1972-08-3.

(19)(a) "Designated primary caregiver" means an individual 18 years of age or older who has significant responsibility for managing the well-

being of a person who has been diagnosed with a debilitating medical condition, who is designated as such on that person's application for a registry identification card or in other written notification to the Authority, and who has been issued an identification card by the Authority under ORS 475B.415(5)(b).

(b) "Designated primary caregiver" does not include the person's attending physician.

(20) "Field duplicate sample" means a sample taken in an identical manner from and representative of the same marijuana item being sampled that is analyzed separately, that is used for quality control only.

(21) "Food" means a raw, cooked, or processed edible substance, or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

(22) "Grower" has the same meaning as "person responsible for a marijuana grow site."

(23) "Grow site" means a specific location registered by the Authority and used by the grower to produce marijuana for medical use by a specific patient under ORS 475B.420.

(24) "Harvest lot " means a specifically identified quantity of marijuana that is uniform in strain, cultivated utilizing the same growing practices, harvested at the same time at the same location and cured under uniform conditions.

(25) "Homogeneous" means a cannabinoid product, concentrate or extract has uniform composition and properties throughout each process lot.

(26) "Human consumption or human ingestion" means to ingest, generally through the mouth, food, drink or other substances such that the substance enters the human body but does not include inhalation.

(27) "Laboratory" means a laboratory that is accredited under ORS 438.605 to 438.620 to sample or conduct tests on marijuana items and licensed by the Oregon Liquor Control Commission under ORS 475B.560.

(28) "Licensee" has the meaning given that term in ORS 475B.015.

(29)(a) "Marijuana" means the plant Cannabis family Cannabaceae, any part of the plant Cannabis family Cannabaceae and the seeds of the plant Cannabis family Cannabaceae.

(b) "Marijuana" does not include industrial hemp, as defined in ORS 571.300.

(30) "Marijuana item" means marijuana, usable marijuana, a cannabinoid product or a cannabinoid concentrate or extract.

(31) "Marijuana processing site" means a marijuana processing site registered under ORS 475B.435.

(32) "Medical marijuana dispensary" or "dispensary" means a medical marijuana dispensary registered under ORS 475B.450.

(33) "ORELAP" means the Oregon Environmental Laboratory Accreditation Program administered by the Authority pursuant to ORS 438.605 to 438.620.

(34) "Patient" has the same meaning as "registry identification cardholder."

(35) "Person responsible for a marijuana grow site" has the same meaning as "grower" and means a person who has been selected by a patient to produce medical marijuana for the patient and who has been registered by the Authority for this purpose under ORS 475B.420.

(36) "Process lot" means:

(a) Any amount of cannabinoid concentrate or extract of the same type and processed using the same extraction methods, standard operating procedures and batches from the same or a different harvest lot; or

(b) Any amount of a cannabinoid product of the same type and processed using the same ingredients, standard operating procedures and batches from the same or a different harvest lot or process lot of cannabinoid concentrate or extract as defined in subsection (a) of this section.

(37) "Process validation" means a study performed on products or matrices of unknown homogeneity to assure required uniformity of product accomplished through a series of sampling and testing from three consecutive process lots as described in OAR 333-007-0440.

(38) "Processing" means the compounding or conversion of marijuana into cannabinoid products or cannabinoid concentrates or extracts.

(39) "Processing site" means a processor registered with Authority under ORS 475B.435.

(40) "Processor" has the meaning given that term in OAR 845-025-1015.

(41) "Producer" has the meaning given that term in OAR 845-025-1015.

(42) "Producing" means:

(a) Planting, cultivating, growing, trimming or harvesting marijuana; or

(b) Drying marijuana leaves and flowers.

(43) "Registrant" means a grower, marijuana processing site, or a medical marijuana dispensary registered with the Authority under ORS 475B.420, 475B.435 or 475B.450.

(44) "Registry identification cardholder" means a person who has been diagnosed by an attending physician with a debilitating medical condition and for whom the use of medical marijuana may mitigate the symptoms or effects of the person's debilitating medical condition, and who has been issued a registry identification card by the Authority under ORS 475B.415(5)(a).

(45) "Relative percentage difference" or "RPD" means the comparison of two quantities while taking into account the size of what is being compared as calculated under OAR 333-064-0100..

(46) "Relative standard deviation" or "RSD" means the standard deviation expressed as a percentage of the mean recovery as calculated under OAR 333-064-0100.

(47) "Sample" means an amount of a marijuana item collected by laboratory personnel from a registrant or licensee and provided to a laboratory for testing.

(48) "Sterilization" means the removal of all microorganisms and other pathogens from a marijuana item by treating it with approved chemicals or subjecting it to high heat.

(49) "Test batch" means a group of samples from a batch submitted collectively to a laboratory for testing purposes.

(50) "THC" means tetrahydrocannabinol and has the same Chemical Abstracts Service Number as delta-9 THC.

(51) "THCA" means tetrahydrocannabinolic acid, Chemical Abstracts Service Number 23978-85-0.

(52) "These rules" means OAR 333-007-0300 through 333-007-0490.

(53) "TNI" means The NELAC (National Environmental Laboratory Accreditation Conference) Institute, a voluntary organization of state and federal environmental officials and interest groups purposed primarily to establish consensus standards for accrediting environmental laboratories.

(54) "TNI EL Standards" means the adopted 2009 TNI Environmental Lab Standards (© 2009 The NELAC Institute), which describe the elements of laboratory accreditation developed and established by the consensus principles of TNI and that meet the approval requirements of TNI procedures and policies.

(55) "Total THC" means the molar sum of THC and THCA.

(56)(a) "Usable marijuana" means the dried leaves and flowers of marijuana.

(b) "Usable marijuana" does not include:

(A) The seeds, stalks and roots of marijuana; or

(B) Waste material that is a by-product of producing or processing marijuana.

333-007-0315
Ordering Tests

A registrant or licensee must provide a laboratory, prior to laboratory taking samples, with the following:

(1) A written request of analysis for each test the laboratory is being requested to conduct.

(2) Notification of whether the batch is being re-sampled because of a failed test and the failed test results.

(3) Certification of successful process validation, if applicable, on a form prescribed by the Authority.

(4) Proof of a waiver under OAR 333-007-0490, if applicable.

333-007-0320
Testing Requirements for Marijuana or Usable Marijuana

(1) A producer or grower must test every harvest lot of marijuana or usable marijuana intended for use by a consumer or patient prior to selling or transferring the marijuana or usable marijuana for the following:

(a) Pesticides in accordance with OAR 333-007-0400.

(b) Water activity and moisture content in accordance with OAR 333-007-0420.

(c) THC and CBD concentration in accordance with OAR 333-007-0430.

(2) A producer or grower must test every harvest lot of marijuana or usable marijuana intended for use by a processor or processing site for water activity and moisture content in accordance with OAR 333-007-0420 unless the processor or processing site uses a method of processing that results in effective sterilization.

(3) A producer or grower must test a harvest lot of marijuana or usable marijuana for microbiological contaminants in accordance with OAR 333-007-0390, upon written request by the Authority or the Commission.

(4) In lieu of ordering and arranging for the sampling and testing required in this rule a producer may transport batches of marijuana or usable marijuana to a wholesaler licensed by the Commission under ORS 475B.100 and the wholesaler may order and arrange for the sampling and testing of the batches, in accordance with rules established by the Commission.

333-007-0330
Testing Requirements for Cannabinoid Concentrates and Extracts

(1) A processor or processing site must test every process lot of cannabinoid concentrate or extract for use by a consumer or patient prior to selling or transferring the cannabinoid concentrate or extract for the following:

(a) Pesticides in accordance with OAR 333-007-0400.

(b) Solvents in accordance with OAR 333-007-0410.

(c) THC and CBD concentration in accordance with OAR 333-007-0430.

(2) A processor or processing site must test every process lot of a cannabinoid concentrate or extract intended for use by a processor or processing site to make a cannabinoid product for the following:

(a) Pesticides in accordance with OAR 333-007-0400.

(b) Solvents in accordance with OAR 333-007-0410.

(3) A processor or processing site is exempt from testing for solvents under this rule if the processor or processing site:

(a) Did not use any solvent listed in OAR 333-007-0410, Table 4; and

(b) Only used a mechanical extraction process to separate cannabinoids from the marijuana; or

(c) Used only water, animal fat or vegetable oil as a solvent to separate the cannabinoids from the marijuana.

(4) A processor or processing site must test a process lot of a cannabinoid concentrate or extract for microbiological contaminants in accordance with OAR 333-007-0390, upon written request by the Authority or the Commission.

(5) In lieu of ordering and arranging for the sampling and testing required in this rule a processor may transport batches of cannabinoid concentrates or extracts to a wholesaler licensed by the Commission under ORS 475B.100 and the wholesaler may order and arrange for the sampling and testing of the batches, in accordance with rules established by the Commission.

333-007-0340
Testing Requirements for Cannabinoid Products Intended for Human Consumption or Ingestion and Cannabinoid Suppositories

(1) A processor or processing site must test every process lot of a cannabinoid product intended for human consumption or ingestion, including cannabinoid edibles, capsules, and tinctures, and cannabinoid suppositories for use by a consumer or patient prior to selling or transferring the cannabinoid product for THC and CBD concentration in accordance with OAR 333-007-0430.

(2) A processor or processing site must test a process lot for microbiological contaminants in accordance with OAR 333-007-0390, upon written request by the Authority or the Commission.

(3) In lieu of ordering and arranging for the sampling and testing required in this rule a processor may transport batches of cannabinoid products references in section (1) of this rule to a wholesaler licensed by the Commission under ORS 475B.100 and the wholesaler may order and arrange for the sampling and testing of the batches, in accordance with rules established by the Commission.

333-007-0345
Testing Requirements for Cannabinoid Topicals and Cannabinoid Transdermal Patches

(1) A processor or processing site must test every process lot of a cannabinoid topical or transdermal patch for use by a consumer or patient prior to selling or transferring the cannabinoid product for THC and CBD concentration in accordance with OAR 333-007-0430.

(2) A processor or processing site must test a process lot of a cannabinoid topical or transdermal patch for microbiological contaminants in accordance with OAR 333-007-0390, upon written request by the Authority or the Commission.

(3) In lieu of ordering and arranging for the sampling and testing required in this rule a processor may transport batches of cannabinoid products references in section (1) of this rule to a wholesaler licensed by the Commission under ORS 475B.100 and the wholesaler may order and arrange for the sampling and testing of the batches, in accordance with rules established by the Commission.

333-007-0350
Batch Size

(1) Usable marijuana.

(a) A producer or grower must separate each harvest lot into no larger than 10 pound batches.

(b) Notwithstanding subsection (1)(a) of this rule, a producer or grower may combine harvest lots together for purposes of having a batch sampled if each batch is intended for use by a processor or processing site to make a cannabinoid concentrate or extract and each harvest lot was:

(A) Cultivated utilizing the same growing practices and grown in close proximity on the licensed or registered premises;

(B) Harvested at the same time; and

(C) If cured prior to sampling, cured under uniform conditions.

(c) A producer or grower may not combine harvest lots into a batch for purposes of sampling and testing for THC or CBD.

(d) If harvest lots are combined in accordance with subsection (1)(b) of this rule the batch must be labeled so that it identifies the different harvest lots that were combined.

(2) Cannabinoid concentrates and extracts and cannabinoid products. A process lot is considered a batch.

(3) A grower and processing site must assign each batch a unique batch number and that unique batch number must be:

(a) Documented and maintained in the grower and processing site records for at least two years and available to the Authority upon request;

(b) Provided to the individual responsible for taking samples; and

(c) Included on the batch label as required in OAR 333-007-0380.

(4) A grower and processing site may not reuse a unique batch number.

333-007-0360
Sampling and Sample Size

(1) Usable marijuana.

(a) Usable marijuana may only be sampled after it is cured, unless the usable marijuana is intended for sale or transfer to a processor or processing site to make a cannabinoid concentrate or extract.

(b) Samples taken must in total represent a minimum of 0.5 percent of the batch, consistent with the laboratory's accredited sampling policies and procedures, described in OAR 333-064-0100(2).

(2) Cannabinoid concentrates, extracts and products.

(a) Unless a cannabinoid concentrate, extract or product has successfully passed process validation, enough samples from a batch must be taken to ensure that the required attributes in the batch to be tested are homogenous and consistent with the laboratory's accredited sampling policies and procedures described in OR 333-064-0100(2).

(b) If a cannabinoid concentrate, extract or product has successfully passed process validation only a primary sample and field duplicate sample must be taken from a batch in accordance with the laboratory's accredited sampling policies and procedures described in OAR 333-064-0100(2).

333-007-0370
Sampling Personnel Requirements; Sampling Recordkeeping

(1) Only individuals employed by a laboratory with an ORELAP accredited scope item for sampling under these rules may take samples.

(2) Sampling may be conducted at a licensee's or registrant's premises or the licensee or registrant may transport the batch to a laboratory with an ORELAP accredited scope item for sampling under these rules.

(3) Laboratory personnel that perform sampling must:

(a) Follow the laboratory's accredited sampling policies and procedures;

(b) Follow chain of custody procedures consistent with TNI EL Standard V1M2 5.7 and 5.8; and

(c) After taking samples document the samples in accordance with OAR 333-064-0100(2) and if sampling for a licensee record the sampling and transfer information in the Commission's seed to sale system, as required by the Commission.

(4) A laboratory must maintain the documentation required in these rules for at least two years and must provide that information to the Authority upon request.

Stat. Auth.: ORS 475B.555
Stats. Implemented: ORS 475B.555

333-007-0380
Grower and Processing Site Requirements for Labeling, Storing, and Securing Pre-Tested Marijuana Items; Recordkeeping

(1) Following samples being taken from a harvest or process lot batch a grower or processing site must:

(a) Label the batch with the following information:

(A) The registrant's registration number;

(B) The harvest or process lot unique identification number;

(C) The name and accreditation number of the laboratory that took samples and the name and accreditation number of the laboratory responsible for the testing, if different;

(D) The test batch or sample unique identification numbers supplied by the laboratory personnel;

(E) The date the samples were taken; and

(F) In bold, capital letters, no smaller than 12 point font, "PRODUCT NOT TESTED."

(b) Store and secure the batch in a manner that prevents the product from being tampered with or transferred prior to test results being reported.

(c) Be able to easily locate a batch stored and secured under section (1)(b) of this rule and provide that location to the Authority or a laboratory upon request.

(2) If the samples pass testing the product may be sold or transferred in accordance with the applicable Authority rules.

(3) If the samples do not pass testing the grower or processing site must comply with OAR 333-007-0450.

Stat. Auth.: ORS 475B.555
Stats. Implemented: ORS 475B.555

333-007-0390
Standards for Testing Microbiological Contaminants

(1) A marijuana item required to be tested for microbiological contaminants must be sampled using appropriate aseptic technique and tested by a laboratory for total coliform count.

(2) If a laboratory detects the presence of any coliforms the sample must be assessed for Escherichia coli (E. coli).

(3) A batch fails microbiological contaminant testing if the laboratory detects the presence of E. coli at more than 100 colony forming units per gram in a sample:

(a) During an initial test where no reanalysis is requested; or

(b) Upon reanalysis as described in OAR 333-007-0450(1).

Stat. Auth.: ORS 475B.555
Stats. Implemented: ORS 475B.555

333-007-0400
Standards for Testing Pesticides

(1) A marijuana item required to be tested for pesticides must be tested by a laboratory for the analytes listed in Exhibit A, Table 3, incorporated by reference. [Table not included. See ED. NOTE.]

(2) A batch fails pesticide testing if a laboratory detects the presence of a pesticide above the action levels listed in Exhibit A, Table 3 in a sample:

(a) During an initial test where no reanalysis is requested; or

(b) Upon reanalysis as described in OAR 333-007-0450(1). [Table not included. See ED. NOTE.]

(3) The Authority will review and update, if necessary, the analytes listed in Exhibit A, Table 3, at least every two years.

333-007-0410
Standards for Testing Solvents

(1) A marijuana item required to be tested for solvents must be tested by a laboratory for the analytes listed in Exhibit A, Table 4 incorporated by reference. [Table not included. See ED. NOTE.]

(2) A batch fails solvent testing if a laboratory, during an initial test where no reanalysis is requested or upon reanalysis as described in OAR 333-007-0450(1):

(a) Detects the presence of a solvent above the action level listed in Exhibit A, Table 4 in a sample; or [Table not included. See ED. NOTE.]

(b) Calculates a RPD of more than 20 percent between the field primary result of the sample and the field duplicate result.

(3) The Authority will review and update, if necessary, the analytes listed in Exhibit A, Table 4, at least every two years. [Table not included. See ED. NOTE.]

[ED. NOTE: Tables referenced are available from the agency.]

333-007-0420
Standards for Testing Water Activity and Moisture Content

(1) Usable marijuana must be tested by a laboratory for:

(a) Water activity; and

(b) Moisture content.

(2) If a sample has a water activity rate of more than 0.65 Aw the sample fails.

(3) If a sample has a moisture content of more than 15 percent the result must be reported to the licensee but the sample does not fail.

333-007-0430
Standards for THC and CBD Testing

(1) A laboratory must test for the following when testing a marijuana item for potency:

(a) THC.

(b) THCA.

(c) CBD.

(d) CBDA.

(2) A process lot of a cannabinoid concentrate, extract or product that has not successfully completed process validation fails potency testing if, based on an initial test where no reanalysis is requested or upon reanalysis as described in OAR 333-007-0450(1):

(a) The amount of THC, as calculated pursuant to OAR 333-064-0100, between samples taken from the batch exceeds 30 percent RSD; or

(b) The amount or percentage of THC, as calculated pursuant to OAR 333-064-0100, exceeds the maximum concentration limits permitted in package as specified in OAR 333-007-0200 to 333-007-0220, as applicable.

(3) A process lot of a cannabinoid concentrate, extract or product that has successfully completed process validation fails potency testing if, based on an initial test where no reanalysis is requested or upon reanalysis as described in OAR 333-007-0450(1):

(a) The amount of THC, as calculated pursuant to OAR 333-064-0100, between the sample and the field duplicate exceeds 20 percent RPD; or

(b) The amount or percentage of THC, as calculated pursuant to OAR 333-064-0100, exceeds the maximum concentration limits permitted in a package as specified in OAR 333-007-0200 to 333-007-0220, as applicable.

(4) A sample cannot fail CBD testing.

(5) Notwithstanding section (2)(a) and (3)(a) of this rule, a sample that has less than 5 mg of THC as calculated pursuant to OAR 333-064-0100 does not fail potency testing based on exceedance of the RSD or RPD as described in section (2)(a) or (3)(a) of this rule.

333-007-0440
Process Validation

(1) A laboratory may perform process validation tests on three consecutive process lots of cannabinoid concentrates, extracts or products for a processor or processing site if the processor or processing site informs the laboratory, in writing:

(a) That sampling and testing is for the purposes of process validation; and

(b) For cannabinoid products, the expected THC range for the product.

(2) Samples taken for purposes of process validation testing may not be combined.

(3) Samples of cannabinoid concentrate and extracts must be tested for:

(a) Pesticides in accordance with OAR 333-007-0400,

(b) Solvents in accordance with OAR 333-007-0410.

(4) Samples of cannabinoid products must be tested for THC concentration in accordance with OAR 333-007-0430, as calculated pursuant to OAR 333-064-0100.

(5) During process validation a batch passes:

(a) Pesticide testing if each sample is below the action limit established in OAR 333-007-0400.

(b) Solvent testing if:

(A) Each sample is below the action limit established in OAR 333-007-0410; and

(B) The results above the LOQ are not greater than 30 percent RSD between samples.

(c) THC concentration testing if:

(A) The amount of THC, as calculated pursuant to OAR 333-064-0100, between samples taken from the batch does not exceed 30 percent RSD; and

(B) The amount or percentage of THC as calculated pursuant to OAR 333-064-0100, does not exceed the maximum concentration limit permitted in a package as specified in OAR 333-007-0200 to 333-007-0220, as applicable.

(6) A laboratory must identify on a form prescribed by the Authority if a batch undergoing process validation has passed for any of the following:

(a) Pesticides, if applicable.

(b) Solvents, if applicable.

(c) THC concentration as calculated pursuant to OAR 333-064-0100, if applicable.

(7) A process lot sampled and tested for purposes of process validation may be sold or transferred if the samples pass all the required tests.

(8) A processor or processing site must undergo process validation for a product again or must have batches sampled and tested as if the product had not undergone process validation if:

(a) There are any changes to the standard operating procedures for that product.

(b) There are any changes in the type of ingredient in the product, except for a difference in the strain of usable marijuana, or the purity of an ingredient.

(9) Process validation is only valid for two years.

333-007-0450
Failed Test Samples

(1) If a sample fails any initial test the laboratory that did the testing may reanalyze the sample. If the sample passes, another laboratory must resample the batch and confirm that result in order for the batch to pass testing.

(2) If a sample fails a test or a reanalysis under section (1) of this rule the batch:

(a) May be remediated or sterilized in accordance with this rule; or

(b) If it is not or cannot be remediated or sterilized under this rule, must be destroyed in a manner specified by the Authority or the Commission.

(3) If a licensee or registrant is permitted under this rule to sell or transfer a batch that has failed a test, the licensee or registrant must notify the licensee or registrant to whom the batch is sold or transferred of the failed test.

(4) Failed microbiological contaminant testing.

(a) If a sample from a batch of usable marijuana fails microbiological contaminant testing the batch may be used to make a cannabinoid concentrate or extract if the processing method effectively sterilizes the batch, such as a method using a hydrocarbon based solvent or a CO2 closed loop system.

(b) If a sample from a batch of a cannabinoid concentrate or extract fails microbiological contaminant testing the batch may be further processed if the processing method effectively sterilizes the batch, such as a method using a hydrocarbon based solvent or a CO2 closed loop system.

(c) A batch that is sterilized in accordance with subsection (a) or (b) of this section must be sampled and tested in accordance with these rules and must be tested if not otherwise required for that product, for microbiological contaminants, solvents and pesticides.

(d) A batch that fails microbiological contaminant testing after undergoing a sterilization process in accordance with subsection (a) or (b) of this section must be destroyed in a manner specified by the Authority or the Commission.

(5) Failed solvent testing.

(a) If a sample from a batch fails solvent testing the batch may be remediated using procedures that would reduce the concentration of solvents to less than the action level.

(b) A batch that is remediated in accordance with subsection (a) of this section must be sampled and tested in accordance with these rules and must be tested if not otherwise required for that product under these rules, for solvents and pesticides.

(c) A batch that fails solvent testing that is not remediated or that if remediated fails testing must be destroyed in a manner specified by the Authority or the Commission.

(6) Failed water activity testing.

(a) If a sample from a batch of usable marijuana fails for water activity the batch from which the sample was taken may:

(A) Be used to make a cannabinoid concentrate or extract; or

(B) Continue to dry or cure.

(b) A batch that undergoes additional drying or curing as described in paragraph (a)(B) of this section must be sampled and tested in accordance with these rules.

(7) Failed pesticide testing.

(a) If a sample from a batch fails pesticide testing the batch may not be remediated and must be destroyed in a manner approved by the Authority or the Commission.

(b) The Authority must report to the Oregon Department of Agriculture all test results that show that a sample failed a pesticide test.

(8) Failed potency testing.

(a) A marijuana item that fails potency testing under OAR 333-007-0430(2)(a) or (3)(a) may be repackaged in a manner that enables the item to meet the standard in OAR 333-007-0430(2)(a) or (3)(a).

(b) A marijuana item that is repackaged in accordance with this section must be sampled and tested in accordance with these rules.

(9) If a sample fails a test after undergoing remediation or sterilization as permitted under this rule the batch must be destroyed in a manner approved by the Authority or the Commission.

(10) An Authority representative must witness the destruction of a batch if destruction is required by this rule.

(11) A registrant must inform a laboratory prior to samples being taken that the batch has failed a test and is being retested after undergoing remediation or sterilization.

(12) A registrant must, as applicable:

(a) Have detailed procedures for sterilization processes to remove microbiological contaminants and for reducing the concentration of solvents.

(b) Document all sampling, testing, sterilization, remediation and destruction that are a result of failing a test under these rules.

333-007-0470
Tentative Identification of Compounds

(1) Tentatively Identified Compounds (TICs) are compounds detected in a sample using gas chromatography mass spectrometry that are not among the target analytes for the residual solvent analysis.

(2) The Authority may initiate an investigation of a registrant upon receipt of a TICS report from a laboratory and may require a registrant to submit samples for additional testing, including testing for analytes that are not required by these rules, at the registrant's expense.

Stat. Auth.: ORS 475B.555

333-007-0480
Audit and Random Testing

(1) The Authority may require a registrant to submit samples identified by the Authority to a laboratory of the registrant's choosing to be tested in order to determine whether a registrant is in compliance with OAR 333-007-0300 through 333-007-0490, and may require additional testing that is not required by these rules.

(2) A laboratory doing audit testing must comply with these rules, to the extent they are applicable, and if conducting testing not required by these rules, may only use Authority approved methods.

(3) The Authority must establish a process for the random testing of marijuana items for microbiological contaminants that ensures each registrant tests every product for microbiological contaminants at least once a year.

333-007-0490
Waiver of Sampling and Testing Requirements

(1) Solvent testing.

(a) The Commission or the Authority may, upon receipt of a written request from a licensee or registrant, waive a requirement that every batch of a process lot be tested for solvents, if the licensee or registrant can demonstrate that none of the batches from any of the previous four process lots tested failed a solvent test.

(b) In order to qualify for a waiver under this section the fourth process lot must be processed at least 30 days after the first.

(c) If the waiver is granted the Commission or Authority must provide notice, in writing, to the registrant or licensee of the waiver and how long the waiver will be in effect.

(d) If the Commission or the Authority waives the testing requirement the licensee or registrant is subject to random testing and the Commission or the Authority shall notify the licensee or registrant when a process lot must be tested in accordance with these rules.

(2) Sampling.

(a) The Commission or the Authority may, upon receipt of a written request from a processor or processing site waive the sampling requirements in OAR 333-007-0360(2)(a) for a particular product if the processor processing site:

(A) Can demonstrate that none of the batches from any of the previous four process lots tested failed any test;

(B) Submits to the Commission or the Authority detailed processing standard operating procedures that demonstrate the product is uniform and uniform from process lot to process lot;

(C) Can demonstrate that it has and follows quality control measures; and

(D) Can demonstrate that subjecting a product to process validation under OAR 333-007-0440 is cost prohibitive.

(b) In order to qualify for a waiver under this section the fourth process lot must be processed at least 30 days after the first.

(c) If the waiver is granted the Commission or Authority must provide notice, in writing, to the registrant or licensee of the waiver, how long the waiver will be in effect, and the sampling that is required of the product for which the waiver was approved.

333-008-0010
Definitions

For the purposes of OAR chapter 333, division 8 the following definitions apply unless otherwise indicated:

(1) "Advertising" means publicizing the trade name of a PRMG, registered processing site or dispensary together with words or symbols referring to marijuana or publicizing the brand name of marijuana or a medical cannabinoid product, concentrate or extract in any medium.

(2) "Applicant" means, as applicable to the registration being applied for:

(a) An individual applying for a registry identification card under ORS 475B.415.

(b) An individual applying for a grow site registration under ORS 475B.420.

(c) A person applying for a marijuana processing site registration under ORS 475B.435.

(d) A person applying for a medical marijuana dispensary registration under ORS 475B.450.

(3) "Attending physician" means a Doctor of Medicine (MD) or Doctor of Osteopathy (DO), licensed under ORS chapter 677, who has primary responsibility for the care and treatment of a person diagnosed with a debilitating medical condition.

(4) "Attending physician statement" or "APS" means the form, prescribed by the Authority and signed by an attending physician, that states the individual has been diagnosed with a debilitating medical condition and that the medical use of marijuana may mitigate the symptoms or effects of the individual's debilitating medical condition.

(5) "Authority" means the Oregon Health Authority.

(6) "Business day" means Monday through Friday excluding legal holidays.

(7) "CBD" means cannabidiol.

(8) "Cannabinoid" means any of the chemical compounds that are the active constituents of marijuana.

(9) "Cannabinoid concentrate" means a substance obtained by separating cannabinoids from marijuana by:

(a) A mechanical extraction process;

(b) A chemical extraction process using a nonhydrocarbon-based solvent, such as vegetable glycerin, vegetable oils, animal fats, isopropyl alcohol or ethanol;

(c) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, provided that the process does not involve the use of high heat or pressure; or

(d) Any other process authorized in these rules.

(10) "Cannabinoid edible" means food or potable liquid into which a cannabinoid concentrate, cannabinoid extract or dried leaves or flowers of marijuana have been incorporated.

(11) "Cannabinoid extract" means a substance obtained by separating cannabinoids from marijuana by:

(a) A chemical extraction process using a hydrocarbon-based solvent, such as butane, hexane or propane; or

(b) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, if the process uses high heat or pressure.

(12) "Cartoon" means any drawing or other depiction of an object, person, animal, creature or any similar caricature that satisfies any of the following criteria:

(a) The use of comically exaggerated features;

(b) The attribution of human characteristics to animals, plants or other objects, or the similar use of anthropomorphic technique; or

(c) The attribution of unnatural or extra-human abilities, such as imperviousness to pain or injury, X-ray vision, tunneling at very high speeds or transformation.

(13) "Commission" means the Oregon Liquor Control Commission.

(14) "Conviction" means an adjudication of guilt upon a verdict or finding entered in a criminal proceeding in a court of competent jurisdiction.

(15) "Database" means the electronic system established pursuant to ORS 475B.458, in which the Authority stores the information PRMGs, registered processing sites and dispensaries are required to submit under these rules.

(16) "Debilitating medical condition" means:

(a) Cancer, glaucoma, a degenerative or pervasive neurological condition, positive status for human immunodeficiency virus or acquired immune deficiency syndrome, or a side effect related to the treatment of those medical conditions;

(b) A medical condition or treatment for a medical condition that produces, for a specific patient, one or more of the following:

(A) Cachexia;

(B) Severe pain;

(C) Severe nausea;

(D) Seizures, including but not limited to seizures caused by epilepsy; or

(E) Persistent muscle spasms, including but not limited to spasms caused by multiple sclerosis;

(c) Post-traumatic stress disorder; or

(d) Any other medical condition or side effect related to the treatment of a medical condition adopted by the Authority by rule or approved by the Authority pursuant to a petition filed under OAR 333-008-0090.

(17) "Delivery" has the meaning given that term in ORS 475B.410.

(18)(a) "Designated primary caregiver" means an individual who:

(A) Is 18 years of age or older;

(B) Has significant responsibility for managing the well-being of a person who has been diagnosed with a debilitating medical condition; and

(C) Is designated as the person responsible for managing the well-being of a person who has been diagnosed with a debilitating medical condition on that person's application for a registry identification card or in other written notification submitted to the Authority.

(b) "Designated primary caregiver" does not include a person's attending physician.

(19) "Direct interest" means an interest that is held in the name of the individual.

(20) "Domicile" means the place an individual intends as his or her fixed place of abode or habitation where he or she intends to remain and to which, if absent, the individual intends to return.

(21) "Elementary school" means a learning institution containing any combination of grades Kindergarten through 8.

(22) "Employee":

(a) Means any individual, including an alien, employed for remuneration or under a contract of hire, written or oral, express or implied, by an employer.

(b) Does not mean an individual who volunteers or donates services performed for no remuneration or without expectation or contemplation of remuneration as adequate consideration for the services performed for a religious or charitable institution or a governmental entity.

(23) "Food stamps" means the Supplemental Nutrition Assistance Program as defined and governed by ORS 411.806 through 411.845.

(24) "Grandfathered grow site" means a grow site registered by the Authority that has been approved by the Authority under OAR 333-008-0520 that can have up to:

(a) 24 mature marijuana plants if the location is within city limits and zoned residential; or

(b) 96 mature marijuana plants if the location is within city limits but not zoned residential or not within city limits.

(25) "Grow site" means a location registered under ORS 475B.420 where marijuana is produced for use by a patient or, with permission from a patient, for transfer to a registered processing site or dispensary.

(26) "Grow site registration card" means a card issued by the Authority that identifies the address of a marijuana grow site and the PRMG.

(27) "Immature marijuana plant" means a marijuana plant that is not flowering.

(28) "Indirect interest" means:

(a) An interest that is owned by a business entity that is owned, in whole or in part and either directly or indirectly, through one or more other intermediate business entities, by the individual; or

(b) An interest held in the name of another but the benefits of ownership of which, the individual is entitled to receive.

(29) "Individual who has a financial interest" in a business entity that owns a processing site or dispensary means:

(a) If the business entity is a corporation:

(A) Stockholders: Any individual who owns, directly or indirectly, 10 percent or more of the outstanding stock of such corporation.

(B) Directors: Any director of the corporation who receives compensation for acting in that capacity or who owns, directly or indirectly, 5 percent or more of the outstanding stock of such corporation.

(C) Officers: Any officer of the corporation who receives compensation for acting in that capacity or who owns, directly or indirectly, 5 percent or more of the outstanding stock of such corporation.

(b) If the business entity is a trust:

(A) Trustees: Any individual who is a trustee of the trust and who receives compensation for acting in that capacity and any individual who owns, directly or indirectly, 10 percent or more of the ownership interests of a business entity that is a trustee of the trust and that receives compensation for acting in that capacity.

(B) Beneficiaries: Any individual who is entitled to receive, directly or indirectly, income or benefit from the trust.

(c) If the business entity is a partnership:

(A) General Partners: Any individual who is a general partner of the partnership and who receives compensation for acting in that capacity or who owns 5 percent or more of the ownership interests of the partnership and any individual who owns, directly or indirectly, 10 percent or more of the ownership interests of a business entity that is a general partner of the partnership and that receives compensation for acting in that capacity or owns 5 percent or more of the ownership interests of the partnership.

(B) Limited Partners: Any individual who is a limited partner of the partnership and who owns 10 percent or more of the ownership interests of the partnership and any individual who owns, directly or indirectly, 10 percent or more of the ownership interests of a business entity that is a limited partner of the partnership and that owns 10 percent or more the ownership interests of the partnership.

(d) If the business entity is a joint venture: Any individual who is entitled to receive, directly or indirectly, income or benefit from the joint venture.

(e) If the business entity is a limited liability company:

(A) Managers: Any individual who is a manager of the limited liability company and who receives compensation for acting in that capacity or who owns 5 percent or more of the ownership interests of the limited liability company and any individual who owns, directly or indirectly, 10 percent or more of the ownership interests of a business entity that is a manager of the limited liability company and that receives compensation for acting in that capacity or owns 5 percent or more of the ownership interests of the limited liability company.

(B) Members: Any individual who is a member of the limited liability company and who owns 10 percent or more of the ownership interests of the limited liability company and any individual who owns, directly or indirectly, 10 percent or more of the ownership interests of a business entity that is a member of the limited liability company and that owns 10 percent or more of the ownership interests of the limited liability company.

(f) Immediate family members: Any person, 18 years of age or older, involved in a marijuana processing site or dispensary, in any capacity, who is a member of the immediate family of any individual who otherwise has a financial interest in the business entity that owns the marijuana processing site or dispensary. A person is a member of the immediate family of the individual if the person receives more than 50 percent of his or her financial support from that individual.

(g) Landlord: Any individual who is a landlord of a processing site or dispensary and who is entitled to receive 40 percent or more of the proceeds from the marijuana processing site or dispensary as a part of lease payments or rent, any individual who owns, directly or indirectly, 10 percent or more of the ownership interests of a business entity that is a landlord of a processing site or dispensary and that is entitled to receive 40 percent or more of the proceeds from the marijuana processing site or dispensary as part of lease payments or rent, and any individual who the Authority finds, based on reasonably reliable information, exerts influence over the operation of the marijuana processing site or dispensary through a landlord-tenant relationship and receives a portion of the proceeds from that marijuana processing site or dispensary.

(h) Other forms of business organization: If the form of business entity is not expressly addressed in subsections (a) to (g) of this section, the Authority will, in determining individuals who have a financial interest in the business entity, apply the portions of this definition applicable to the business entity that are most similar to the subject business entity, interpreting the terminology and concepts of this definition in the context of the subject business entity as necessary or appropriate.

(30) "Indoor production" for purposes of OAR 333-008-0580 means producing marijuana in any manner:

(a) Utilizing artificial lighting on mature marijuana plants; or

(b) Other than "outdoor production" as that is defined in this rule.

(31) "Limited access area" means:

(a) For a dispensary a building, room, or other contiguous area on a dispensary premises where a marijuana item is present but does not include the area where marijuana items are transferred to a patient or designated primary caregiver.

(b) For a processing site a building, room, or other contiguous area on a processing site premises where a marijuana item is present.

(32)(a) "Marijuana" means the plant Cannabis family Cannabaceae, any part of the plant Cannabis family Cannabaceae and the seeds of the plant Cannabis family Cannabaceae.

(b) "Marijuana" does not include industrial hemp, as defined in ORS 571.300.

(33) "Marijuana item" means marijuana, cannabinoid concentrates, cannabinoid extracts, medical cannabinoid products, and immature marijuana plants.

(34) "Marijuana processing site" or "processing site" means a marijuana processing site registered under ORS 475B.435 or a site for which an applicant has submitted an application for registration under ORS 475B.435.

(35) "Mature marijuana plant" means a marijuana plant that is not an immature marijuana plant.

(36)(a) "Medical cannabinoid product" means a cannabinoid edible and any other product intended for human consumption or use, including a product intended to be applied to a person's skin or hair, that contains cannabinoids or dried leaves or flowers of marijuana.

(b) "Medical cannabinoid product" does not include:

(A) Usable marijuana by itself;

(B) A cannabinoid concentrate by itself;

(C) A cannabinoid extract by itself; or

(D) Industrial hemp, as defined in ORS 571.300.

(37) "Medical marijuana dispensary" means a medical marijuana dispensary registered under ORS 475B.450 or a site for which an applicant has submitted an application for registration under ORS 475B.450.

(38) "Medical use of marijuana" means the production, processing, possession, delivery, or administration of marijuana, or use of paraphernalia used to administer marijuana to mitigate the symptoms or effects of a debilitating medical condition.

(39) "Minor" means an individual under the age of 18.

(40) "Oregon Health Plan (OHP)" means the medical assistance program administered by the Authority under ORS chapter 414.

(41) "OMMP" means the section within the Authority that administers the provisions of ORS 475B.400 to 475B.525, the applicable provisions of 475B.550 to 475B.590, 475B.600 to 475B.655, and the rules in OAR chapter 333, divisions 7 and 8.

(42) "Outdoor production" for purposes of OAR 333-008-0580 means producing marijuana:

(a) In an expanse of open or cleared ground open to the air; or

(b) In a greenhouse, hoop house or similar non-rigid structure that does not utilize any artificial lighting on mature marijuana plants, including but not limited to electrical lighting sources.

(43) "Parent or legal guardian" means the custodial parent or legal guardian with responsibility for health care decisions for the person under 18 years of age.

(44) "Patient" has the same meaning as "registry identification cardholder."

(45) "Person designated to produce marijuana by a registry identification cardholder" or "person designated to produce marijuana by a patient" mean a person designated to produce marijuana by a patient under ORS 475B.420 who produces marijuana for that patient at an address:

(a) Other than the address where the patient resides; or

(b) Where more than 12 mature marijuana plants are produced.

(46) "Person responsible for a marijuana grow site," or "PRMG" mean any individual designated by a patient to produce marijuana for the patient, including a patient who identifies him or herself as a person responsible for the marijuana grow site.

(47) "Personal agreement" means a document, as described in ORS 475B.425 signed and dated by a patient, assigning a patient's right to possess seeds, immature marijuana plants and usable marijuana to a PRMG.

(48) "Point of sale" means a specific location within a point of sale area at which the transfer of a marijuana item occurs.

(49) "Point of sale area" means a secure area where a registered dispensary transfers a marijuana item to a patient or caregiver.

(50) "Premises" means a location registered by the Authority as a processing site or dispensary under these rules and includes all areas at the location that are used in the business operated at the location, including offices, kitchens, rest rooms and storerooms, including all public and private areas where individuals are permitted to be present.

(51) "Primary responsibility" as that term is used in relation to an attending physician means that the physician:

(a) Provides primary health care to the patient; or

(b) Provides medical specialty care and treatment to the patient as recognized by the American Board of Medical Specialties; or

(c) Is a consultant who has been asked to examine and treat the patient by the patient's primary care physician licensed under ORS chapter 677, the patient's physician assistant licensed under ORS chapter 677, or the patient's nurse practitioner licensed under ORS chapter 678; and

(d) Has reviewed a patient's medical records at the patient's request and has conducted a thorough physical examination of the patient, has provided or planned follow-up care, and has documented these activities in the patient's medical record.

(52) "Process" means the compounding or conversion of marijuana into medical cannabinoid products, cannabinoid concentrates or cannabinoid extracts.

(53) "Production" or "growing" means:

(a) Planting, cultivating, growing, trimming or harvesting marijuana; or

(b) Drying marijuana leaves or flowers.

(54) "Registry identification card" means a document issued by the Authority under ORS 475B.415 that identifies a person authorized to engage in the medical use of marijuana, and, if the person has a designated primary caregiver under ORS 475B.418, the person's designated primary caregiver.

(55) "Registry identification cardholder" means a person to whom a registry identification card has been issued under ORS 475B.415(5)(a) and has the same meaning as patient.

(56) "Remuneration" means compensation resulting from the employer-employee relationship, including wages, salaries, incentive pay, sick pay, compensatory pay, bonuses, commissions, stand-by pay, and tips.

(57) "Replacement card" means a new card issued in the event that:

(a) A patient's registry identification card, a designated primary caregiver's or a PRMG's identification card, or grow site registration card is lost or stolen; or

(b) A patient's designation of primary caregiver, PRMG or grow site has changed.

(58) "Resident" means an individual who has primary domicile within this state.

(59) "Safe" means:

(a) A metal receptacle with a locking mechanism capable of storing all usable marijuana at a registered premises that:

(A) Is rendered immobile by being securely anchored to a permanent structure of the building; or

(B) Weighs more than 750 pounds.

(b) A vault; or

(c) A refrigerator or freezer capable of being locked for storing edibles or other finished products that require cold storage that:

(A) Is rendered immobile by being securely anchored to a permanent structure of the building; or

(B) Weighs more than 750 pounds; and

(C) If it has a glass that makes up part or all of the door or exterior walls, the glass is rated unbreakable.

(60) "Secondary school" means a learning institution containing any combination of grades 9 through 12 and includes those institutions that provide junior high schools which include 9th grade.

(61) "Secure area" means a room:

(a) With doors that are kept locked and closed at all times except when the doors are in use;

(b) Where access is only permitted as authorized in these rules; and

(c) Not visible from outside the room or within public view.

(62) "Supplemental Security Income (SSI)" means the monthly benefit assistance program administered by the federal government for persons who are age 65 or older, or blind, or disabled and who have limited income and financial resources.

(63) "These rules" means OAR 333-008-0010 to 333-008-0750.

(64) "THC" means tetrahydrocannabinol.

(65)(a) "Usable marijuana" means the dried leaves and flowers of marijuana.

(b) "Usable marijuana" does not include:

(A) The seeds, stalks and roots of marijuana; or

(B) Waste material that is a by-product of producing marijuana.

(66) "Vault" means an enclosed area that is constructed of steel-reinforced or block concrete and has a door that contains a multiple-position combination lock or the equivalent, a relocking device or equivalent, and a steel plate with a thickness of at least one-half inch.

(67) "Written documentation" means a statement signed and dated by the attending physician of a person diagnosed with a debilitating medical

condition or copies of the person's relevant medical records, maintained in accordance with standard medical record practices.

(68) "Zoned for residential use" means the only primary use allowed outright in the designated zone is residential.

333-008-0020
New Registry Identification Card Application Process

(1) To apply for a registry identification card an individual must submit the following:

(a) An application form, prescribed by the Authority, signed and dated by the applicant.

(b) A legible copy of the individual's valid government issued photographic identification that includes the applicant's last name, first name, and date of birth.

(c) An APS or written documentation that may consist of relevant portions of the applicant's medical record, signed by the applicant's attending physician within 90 days of the date of receipt by the Authority, which describes the applicant's debilitating medical condition and states that the use of marijuana may mitigate the symptoms or effects of the applicant's debilitating medical condition.

(d) Proof of residency in accordance with OAR 333-008-0022.

(e) If applicable, a completed and notarized "Declaration of Person Responsible for Minor" form for a person under 18 years of age, signed and dated by the minor's parent or legal guardian.

(f) An application fee as specified in OAR 333-008-0021.

(g) If applicable, documentation required in OAR 333-008-0021 to qualify for a reduced fee.

(2) If the applicant is designating a primary caregiver, the applicant must complete the caregiver portion of the application and submit a legible copy of the designated primary caregiver's valid government issued photographic identification that includes the caregiver's last name, first name, and date of birth. The applicant may also designate an organization that provides hospice, palliative or home health care services, or a residential facility as defined in ORS 443.400, under ORS 475B.419, as an additional caregiver.

(3) If an applicant intends to produce marijuana for him or herself or designate another person to produce marijuana for him or her, the applicant or the individual designated to be the PRMG must complete the grow site registration portion of the application and submit:

(a) A legible copy of the designated PRMG's valid government issued photographic identification that includes the last name, first name, and date of birth.

(b) The grow site address.

(c) If the grow site is within city limits, documentation that shows the zoning designation for the grow site address.

(d) Except for a patient producing marijuana for him or herself at his or her residence, the grow site registration fee as specified in OAR 333-008-0021(4), unless the Authority has established an online payment system for grow site registration in which case the fee must be paid online in accordance with instructions from the Authority.

(4) If the Authority establishes an online payment system for payment of a grow site registration fee the Authority must notify the person designated on the application as the PRMG with instructions for how to pay the fee online and the deadline by which the fee must be paid.

(5) Applications must be mailed to the address listed in section (6) of this rule or hand-delivered to the OMMP dropbox at 800 N.E. Oregon St., Portland, Oregon 97232, unless the Authority has established an electronic application process at which time applications and accompanying documentation must be submitted electronically.

(6) The application forms referenced in this rule may be downloaded at www.healthoregon.org/ommp or obtained by contacting OMMP at PO Box 14450, Portland, OR 97293-0450 or by calling 971-673-1234.

(7) Acceptable forms of current government issued photographic identification include but are not limited to:

(a) Driver's license;

(b) State identification card;

(c) Passport; or

(d) Military identification card.

333-008-0021
Patient and PRMG New and Renewal Fees

(1) All fees referenced in this rule are non-refundable.

(2) New and Renewal Application Fee. A patient must pay a $200 application fee unless the applicant qualifies for a reduced fee under section (3) of this rule.

(3) Reduced Fees.

(a) An applicant receiving SSI benefits: $20. In order to qualify for the reduced fee the applicant must submit at the time of application a copy of a current monthly SSI benefit statement showing dates of coverage.

(b) An applicant enrolled in OHP: $50. In order to qualify for the reduced fee the applicant must submit a copy of the applicant's current eligibility statement or card.

(c) An applicant receiving food stamp benefits through the Oregon SNAP: $60. In order to qualify for the reduced fee the applicant must submit at the time of application current proof of his or her food stamp benefits.

(d) An applicant who has served in the Armed Forces of the United States: $20. In order to qualify for the reduced fee the applicant must provide proof of having served in the Armed Forces, such as but not limited to, submitting a Veteran's Administration form DD-214.

(4) Grow Site Registration Fee: $200.

(5) Replacement Card Fees. If a patient, designated primary caregiver or PRMG needs to obtain a replacement card the fee is $100. If the patient qualifies for a reduced application fee of $20, the fee to receive any of the replacement cards is $20.

(6) All fees must be paid at the time a new or renewal application is submitted, or when an application to add or change a PRMG is submitted under OAR 333-008-0047 and may be paid in the form of bank check, money order, or personal check, unless the Authority has established an online payment system in which case payments must be made online. The Authority does not accept responsibility for payments that are lost in the mail or stolen in transit.

(7) The Authority shall notify an applicant who submits a reduced application fee if the applicant is not eligible for the reduced fee and will allow the applicant 14 calendar days from the date of notice to pay the correct application fee or submit current valid proof of eligibility for a reduced fee.

333-008-0022
Proof of Residency

(1) If an applicant for a registry identification card does not have a valid Oregon driver license or Oregon identification card, the applicant must submit documentation that shows the applicant is a resident of Oregon, such as but not limited to a current lease agreement or current utility bill that has the applicant's name and address.

(2) Residency must be maintained by patients while registered with the Authority.

Stat. Auth.: ORS 475B.415, 475B.420, 475B.525

333-008-0023
Patient Application Review Process

(1) The Authority must review a patient application to determine if it is complete.

(a) If an applicant does not provide all the information required in OAR 333-008-0020 or pay the applicable fee the Authority must notify the applicant of the information that is missing or the fee that was not paid, and allow the applicant 14 calendar days to submit the missing information.

(b) If an applicant does not provide the information requested in subsection (1)(a) of this rule the application must be denied in accordance with OAR 333-008-0035.

(2) The Authority may verify the information on each application, verify any accompanying documentation submitted with an application, or request additional information from the applicant or other individuals named on the application.

(3) If the Authority is unable to verify that the applicant's attending physician meets the definition under OAR 333-008-0010 the applicant will be allowed 30 days to submit a new APS or written documentation from a physician meeting the requirements of these rules. Failure to submit the required attending physician documentation is grounds for denial under ORS 475B.415(8) and OAR 333-008-0035.

(4) If an applicant fails to submit information necessary for the Authority to verify information on the application, fails to submit information necessary to verify any accompanying documentation submitted with an application, or fails to cooperate with the Authority in obtaining information, such as but not limited to refusing to sign an authorization for disclosure of medical records within timeframes established by the Authority, the Authority will reject the application as incomplete.

(5) An applicant whose application is rejected as incomplete may reapply at any time. If the individual reapplies within a year the application fee may be applied toward a new application.

(6) Upon receipt of a complete application, including payment of the required application fee, the Authority must issue a receipt to the applicant verifying that a complete application has been received. A receipt issued under this section has the same legal effect as a registry identification card for 30 days following the date on which the receipt was issued to the applicant.

(7) The Authority shall approve or deny an application within 30 days after receiving a complete application.

333-008-0025
Person Responsible for a Marijuana Grow Site Criteria; Grow Site Registration Application Review Process

(1) In order to be a PRMG an individual must:

(a) Be 21 years of age or older.

(b) Not have been convicted of a Class A or Class B felony under ORS 475.752 to 475.920 for the manufacture or delivery of a controlled substance in Schedule I or Schedule II:

(A) Within the previous two years; or

(B) More than once.

(2) In addition to the application review required in OAR 333-008-0023 the Authority must:

(a) Conduct a criminal background check on any PRMG.

(b) Verify the PRMG's age.

(c) Verify the zoning of the grow site address if the grow site is within city limits.

(d) Determine the number of plants that are permitted at the grow site address.

(3) Unless the Authority has received a request for a grandfathered grow site address under OAR 333-008-0500, the grow site plant limits, on and after March 1, 2016, are as follows:

(a) A maximum of 12 mature marijuana plants if the grow site location is within city limits and zoned residential; or

(b) A maximum of 48 mature marijuana plants if the grow site location is within city limits but not zoned residential or outside city limits.

(4) The Authority must notify a patient if a PRMG or a grow site address is ineligible for registration and the patient will be allowed 14 calendar days to identify another PRMG or grow site address in accordance with OAR 333-008-0047.

333-008-0033
Approval of New or Renewal PRMG and Grow Site Application; Change of PRMG

(1) The Authority must register a PRMG and a grow site address listed on an application if:

(a) The PRMG:

(A) Meets the age requirements;

(B) Passes the criminal background check;

(C) Has not violated a provision of ORS 475B.400 to 475B.525, ORS 475B.580, ORS 475B.650, OAR chapter 333, division 7, these rules, or an ordinance adopted pursuant to ORS 475B.500; and

(D) Pays the applicable fee.

(b) The grow site address does not exceed the plant limits in ORS 475B.428(3) or (4).

(2) If the Authority registers a marijuana grow site it will issue an identification card and a grow site registration card that contains at least the following information:

(a) The PRMG's name, address, date of birth, and identification card number.

(b) The effective date, date of issuance, and expiration date of the identification card.

(c) The grow site address.

(d) The patient's registry identification card number.

(3) A PRMG, except for a patient growing only for him or herself at his or her residence who is not transferring usable marijuana, seeds or immature plants to a registered processing site or dispensary, must create an online account with the Authority through which the individual must at a minimum submit the information required in OAR 333-008-0630.

(4) The Authority must notify a PRMG at the time the grow site is registered the current number of mature marijuana plants permitted at the grow site address.

(5) The Authority shall also notify a patient if the PRMG and grow site address has been approved.

(6) The Authority may only register one grow site per patient, and may only register grow sites in Oregon.

333-008-0037
Denial of Designation of Caregiver or Person Responsible for a Marijuana Grow Site; Denial of Grow Site Registration

(1) The Authority may deny a designation of a primary caregiver made under ORS 475B.418 if the Authority determines that the designee or the patient violated a provision of ORS 475B.400 to 475B.525, ORS 475B.580, 475B.650, OAR chapter 333, division 7, these rules, or an ordinance adopted pursuant to ORS 475B.500.

(2) A person whose designation has been denied may not be designated as a primary caregiver under ORS 475B.418 for six months from the date of the denial unless otherwise authorized by the Authority.

(3) The Authority may deny a designation of a PRMG if the Authority determines that the applicant or the PRMG violated a provision of ORS 475B.400 to 475B.525, 475B.580, 475B.650, OAR chapter 333, division 7, these rules, or an ordinance adopted pursuant to ORS 475B.500.

(4) The Authority may deny the registration of a PRMG and grow site address if the grow site registration fee has not been paid.

Stat. Auth.: ORS 475B.415, 475B.420 & 475B.525
Stats. Implemented: ORS 475B.415, 475B.420

333-008-0040
Annual Renewal

(1) A patient shall register on an annual basis to maintain active registration status by submitting:

(a) A renewal application prescribed by the Authority;

(b) An APS signed by the patient's attending physician within 90 days prior to the expiration date of the patient's current card, reconfirming the patient's debilitating medical condition and that the medical use of marijuana mitigates the symptoms of the patient's debilitating medical condition; and

(c) The additional information and fees required in OAR 333-008-0020.

(2) A renewal application may be submitted by mail at PO Box 14450, Portland, OR 97293-0450 or in person at the OMMP drop box located at 800 N.E. Oregon St., Portland, OR 97232.

(3) Between 60 to 90 calendar days prior to expiration, the Authority shall notify the patient of the upcoming expiration date.

(4) If a renewal application and accompanying information is not received by the expiration date on the patient's card, the patient's card and all other associated OMMP identification cards, if any, are expired. The expiration date may be extended, due to personal hardship, at the discretion of the Authority.

(5) Upon receipt of a complete renewal application, including payment of the required application fee, the Authority must issue a receipt to

the applicant verifying that a complete renewal application has been received. A receipt issued under this section has the same legal effect as a registry identification card for 30 days following the date on which the receipt was issued to the applicant.

(6) The Authority shall review and verify the renewal application information in the same manner as specified in OAR 333-008-0023 and 333-008-0025 and shall approve or deny the application in accordance with OAR 333-008-0030 to 333-008-0037, as applicable.

333-008-0045
Notification of Changes

(1) Patient notification responsibilities.

(a) A patient must notify the Authority within 10 calendar days of any change in the patient's name, mailing address, electronic mail address, telephone number, attending physician, designated primary caregiver, PRMG, grow site address or residency, on a form prescribed by the Authority.

(b) If the patient is designating a caregiver for the first time or designating a different caregiver, the patient must include all the information and documentation specified in the form and required under OAR 333-008-0020.

(c) If a patient is adding or changing a PRMG or grow site address the patient must comply with OAR 333-008-0047.

(2) Caregiver notification responsibilities. A designated primary caregiver must notify the Authority within 10 calendar days of any change in the caregiver name, mailing address, electronic mail address, or telephone number.

(3) Person responsible for a marijuana grow site notification responsibilities. A PRMG must notify the Authority within 10 calendar days of:

(a) Any change in the person's name, mailing address, electronic mail address, or telephone number.

(b) A conviction of a Class A or Class B felony under ORS 475.752 to 475.920 for the manufacture or delivery of a controlled substance in Schedule I or Schedule II.

(4) If the Authority is notified by the patient that the patient has terminated the designation of a primary caregiver or a PRMG the Authority must notify the individuals confirming the termination, informing the individual that his or her card is no longer valid, and requesting that the card be returned to the Authority within seven calendar days. In addition the Authority must notify the PRMG whether the termination affects the person's ability to produce marijuana for other patients at the grow site address, in accordance with ORS 475B.428(6).

(5) Change in Medical Condition.

(a) If an attending physician notifies the Authority that a patient no longer has a debilitating medical condition or that that the medical use of marijuana is contraindicated for the patient's debilitating medical condition, the Authority must notify the patient that the patient's registry identification card will be invalid 30 days from the date of the notification unless the patient submits within 30 calendar days an APS or written documentation that may consist of relevant portions of the individual's medical record, signed by the individual's attending physician within the previous 90 days, which states the individual has been diagnosed with a debilitating medical condition and that the use of marijuana may mitigate the symptoms or effects of the individual's debilitating medical condition.

(b) If, due to circumstances beyond the patient's control he or she is unable to submit the documentation in subsection (a) of this section, the Authority may, upon receiving a written request from the patient, grant the patient additional time to obtain a second opinion. The Authority must notify the patient how much additional time the patient has to submit the documentation.

(6) If a patient does not intend to submit the information or does not submit the information required in section (5) of this rule within the timeframes established by the Authority, the Authority must notify:

(a) The patient that the patient's card must be returned within seven calendar days; and

(b) If applicable, the patient's designated primary caregiver and PRMG that those identification cards must be returned within seven calendar days.

(7) The Authority will review and deny a caregiver designation or register a caregiver in accordance with OAR 333-008-0023 to 333-008-0037, as applicable.

(8) Change forms may only be submitted to the Authority via mail at PO Box 14450, Portland, OR 97293-0450 or in person at the OMMP drop box located at 800 N.E. Oregon St., Portland, OR 97232 and must be accompanied by any applicable fee as specified in OAR 333-008-0021.

Request for Grandfathered Grow Site

(1) An individual or group of individuals may submit a petition, on a form prescribed by the Authority, requesting that a grow site address be approved as a grandfathered grow site.

(2) A petition submitted under section (1) of this rule must include:

(a) For all individuals currently growing at the grow site address:

(A) Names and contact information.

(B) Copies of legible and valid government issued photographic identification that includes last name, first name, and date of birth.

(C) Copies of all current grow site registration cards issued to the PRMG for the grow site address.

(D) An attestation that the PRMG was registered at the grow site address on December 31, 2014, and has continuously been registered at the grow site address since that date.

(b) The physical address of the grow site where marijuana is being produced or intending to be produced.

(c) Documentation from a local government that indicates whether the address is within city limits and if so, the zoning designation for the address.

(d) The names and registry identification card numbers for all patients for whom each PRMG is producing at the grow site address.

(e) How many patients each PRMG was growing for on December 31, 2014.

(3) A petition that does not contain all the required information or is not accompanied by all of the documentation required to be submitted in section (2) of this rule is incomplete and will be returned to the applicant.

(4) A petition that does not include all the PRMGs currently growing at the grow site address may be considered by the Authority to be incomplete and may be returned to the applicant.

(5) Acceptable forms of current government issued photographic identification include but are not limited to:

(a) Driver's license;

(b) State identification card;

(c) Passport; or

(d) Military identification card.

333-008-0510
Review of Petition For Grandfathered Grow Site

(1) Once the Authority has determined that a petition is complete it must:

(a) Conduct a criminal background check on all PRMGs listed on the application;

(b) Verify that:

(A) Each person listed on the application is 21 years of age or older;

(B) Each person has a current valid registration card and is currently registered at the grow site address;

(C) All the patients listed on the application have valid cards; and

(D) All persons were registered with the Authority on December 31, 2014, at the grow site address listed on the application and have been continuously registered at the grow site since the petition was submitted; and

(c) Verify the number of patients each PRMG was producing marijuana for, at that address on December 31, 2014.

(2) If a PRMG listed on a petition does not meet the age requirements or is disqualified to be a PRMG based on criminal convictions, the Authority must notify:

(a) The PRMG that his or her designation is revoked; and

(b) The patient that the patient's PRMG is ineligible and that the patient may submit a change form, in accordance with OAR 333-008-0047 designating a new PRMG and grow site address.

333-008-0540
Requirements for Grandfathered Grow Sites; Termination of PRMG Designation; Suspension or Revocation of PRMG Registration

(1) A grandfathered grow site may only have the number of plants authorized by the Authority, based on the number of patients designating the address as a grow site on December 31, 2014. A PRMG producing marijuana at a grandfathered grow site may replace an existing patient with a new patient unless the person's designation has been terminated under ORS 475B.428(6).

(2) If the Authority suspends or revokes the registration of a PRMG that is producing marijuana at a grandfathered grow site the PRMG may not continue to grow at that address or any other grow site address that has more than:

(a) 12 mature marijuana plants if the location is within city limits and zoned residential; or

(b) 48 mature marijuana plants if the location is within city limits but not zoned residential or not within city limits.

(3) If a patient terminates the designation of a PRMG that person may not be designated to produce marijuana by another patient at the grandfathered grow site address and may not produce marijuana at any other grow site address that is authorized to have more than 48 mature marijuana plants.

(4) Approval of a grandfathered grow site is terminated once the number of mature marijuana plants, based on number of PRMGs who have been authorized to produce medical marijuana at the grow site address and the number of patients each person is producing for is less than:

(a) 12 mature marijuana plants if the location is within city limits and zoned residential; or

(b) 48 mature marijuana plants if the location is within city limits but not zoned residential or not within city limits.

333-008-0550
General Person Responsible for a Marijuana Grow Site Requirements

(2) A PRMG must display a marijuana grow site registration card at the marijuana grow site at all times for each patient for whom marijuana is being produced.

(3) All seeds, immature marijuana plants, mature marijuana plants and usable marijuana associated with the production of marijuana for a patient by a PRMG are the property of the patient and must be provided to the patient upon request, unless the patient has assigned a portion of the right to possess the seeds, immature plants and usable marijuana to the PRMG in accordance with ORS 475B.425.

(4) All marijuana produced for a patient must be provided to the patient or designated primary caregiver when the PRMG ceases producing marijuana for the patient, unless the patient has assigned a portion of the right to possess the seeds, immature plants and usable marijuana to the PRMG in accordance with ORS 475B.425.

(5) All usable marijuana associated with the production of marijuana for a patient must be transferred to a marijuana processing site upon the patient's request.

(6) All seeds, immature marijuana plants and usable marijuana associated with the production of marijuana for a patient must be transferred to a medical marijuana dispensary upon the patient's request.

(7) If a patient terminates the designation of a PRMG that PRMG may not be designated to produce marijuana by another patient unless the grow site address is authorized to have no more than 48 mature marijuana plants.

(8) A PRMG must return the grow site registration card to the Authority when the person's designation has been terminated by a patient or the person ceases producing marijuana for him or herself or another patient.

(9) A PRMG registered with the Authority, except for a patient growing only for him or herself at his or her own residence and not transferring usable marijuana, seeds or immature plants to a registered processing site or dispensary, must create an online account with the Authority through which the individual must at a minimum submit the information required in OAR 333-008-0630.

(10) A PRMG must comply with the advertising restrictions in OAR 333-008-2070 and must remove any sign, display or advertisement if the Authority determines the PRMG has violated OAR 333-008-2070.

333-008-0560
Grow Site Plant Limits

(1) A PRMG may not produce more than six mature marijuana plants per patient.

(2) Unless a petition has been granted under OAR 333-008-0520 or except as authorized under Oregon Laws 2016, chapter 83, section 2, a grow site address may not have more than:

(a) 12 mature marijuana plants if the location is within city limits and zoned residential; or

(b) 48 mature marijuana plants if the location is within city limits but not zoned residential or not within city limits.

(3) For purposes of determining plant limits the Authority presumes that a PRMG grows six mature plants for each patient.

333-008-0570
Designation of Plants at Grow Site Address

(1) A PRMG producing marijuana at a grow site where multiple PRMGs are registered must physically identify the marijuana plants at a grow site address that are being grown by that PRMG by either:

(a) Tagging each marijuana plant with the PRMG's name, identification card number and patient identification number; or

(b) Fencing or cordoning off the PRMG's marijuana plants and posting all grow site registration cards at the location where the plants are located.

(2) If during an investigation the Authority determines that marijuana plants have not been designated by a PRMG in accordance with section (1) of this rule or there are marijuana plants at the grow site designated by an individual who is not authorized to produce marijuana at that grow site the Authority may suspend or revoke the registration of the grow site address for all PRMGs at that grow site and all the PRMG's identification cards.

(3) If during an investigation the Authority determines that a PRMG is producing marijuana plants in excess of the number of plants allowed in ORS 475B.428 the Authority may suspend or revoke the registration of the PRMG for each patient who has designated the PRMG.

333-008-0630
PRMG Documentation Requirements

(1) The reporting requirements in this rule do not apply to a patient growing only for him or herself at his or her residence, unless the patient is transferring usable marijuana to a registered processing site or dispensary.

(2) Beginning in June 2016, and on a monthly basis thereafter, no later than the 10th day of each month, a PRMG, who is not a person designated to produce marijuana by a patient, as that is defined in OAR 333-008-0010, must submit the following information to the Authority:

(a) The number of immature and mature marijuana plants and amount of usable marijuana transferred to each patient for whom the PRMG is producing marijuana;

(b) The amount of usable marijuana transferred to each registered marijuana processing site through an agreement with the patient; and

(c) The number of seeds or immature plants and the amount of usable marijuana transferred to each registered dispensary through an agreement with the patient.

(3) Beginning in June 2016, and on a monthly basis thereafter, no later than the 10th day of each month, a person designated to produce marijuana by a patient as that term is defined in OAR 333-008-0010, must submit the following information to the Authority:

(a) The number of mature marijuana plants and immature marijuana plants, the amount of marijuana leaves and flowers being dried, and the amount of usable marijuana, in the person's possession;

(b) The number of mature marijuana plants and immature marijuana plants, and the amount of usable marijuana transferred to each patient for whom the person produces marijuana, or that patient's designated primary caregiver during the previous month;

(c) The amount of usable marijuana transferred to each marijuana processing site during the previous month; and

(d) The number of immature marijuana plants, and the amount of usable marijuana transferred to each medical marijuana dispensary during the previous month.

(4) The information required to be submitted under this rule must be submitted electronically in a manner prescribed by the Authority.

(5) In addition to submitting the information as required in section (3) of this rule a person designated to produce marijuana by a patient must keep a record of the information described in section (3) of this rule for two years after the date on which the person submits the information to the Authority.

(6) A person designated to produce marijuana by a patient, as that term is defined in OAR 333-008-0010, may delegate his or her duty to report information under section (3) of this rule to another person designated to produce marijuana by a patient if the marijuana grow site addresses are the same.

(a) The person to whom the duty is delegated must submit a notice, on a form prescribed by the Authority, of the delegation.

(b) A delegation under this section does not relieve a person designated to produce marijuana by a patient, who delegates the duty to report, from complying with any of these rules, except for the duty to report.

(c) If a person to whom the reporting duty has been delegated fails to report in accordance with section (3) of this rule the Authority may suspend or revoke the registration of the person to whom the reporting duty was delegated.

(d) If the person to whom the reporting duty has been delegated fails to report in accordance with section (3) of this rule for any person designated to produce marijuana by a patient the delegation is void and the person who delegated the reporting duty must report the information to the Authority within 10 business days of being informed by the Authority of the failure to report.

333-008-1000
Applicability

(1) A person may not establish, conduct, maintain, manage or operate an establishment for the purpose of providing the services in ORS 475B.450(1)(a) unless the person is registered by the Authority under these rules.

(2) Nothing in these rules exempts a dispensary registrant or dispensary representative from complying with any other applicable state or local laws.

(3) Registration of a dispensary does not protect a dispensary registrant or dispensary representative from possible criminal prosecution under federal law.

(4) Registration by the Authority is not a guarantee that a dispensary is permitted to operate under applicable land use or other local government laws where the dispensary is located.

(5) These rules apply to any initial or renewal application filed on or after June 24, 2016, and to any application filed prior to June 24, 2016 that the Authority has not approved or denied.

333-008-1020
Application for Medical Marijuana Dispensary Registration

(1) To register a medical marijuana dispensary a person must:

(a) Submit an initial application on a form prescribed by the Authority that includes but is not limited to:

(A) The name of the individual who owns the dispensary or, if a business entity owns the dispensary, the name of each individual who has a financial interest in the dispensary;

(B) The name of the individual or individuals responsible for the dispensary, if different from the name of the individual who owns the dispensary, with one of the individuals responsible for the dispensary identified as the primary PRD;

(C) The physical and mailing address of the medical marijuana dispensary; and

(b) Application and registration fee.

(2) An initial application for the registration of a dispensary must be submitted electronically via the Authority's website, www.healthoregon.org/ommp.

(3) If an initial application is submitted along with the required fees the Authority will notify the applicant in writing that the application has been received and that within 30 calendar days of the date the written notice is mailed the following information must be received by the Authority:

(a) For each individual named in the application:

(A) A legible copy of the individual's valid government issued photographic identification that includes last name, first name and date of birth;

(B) Information, fingerprints and fees required for a criminal background check in accordance with OAR 333-008-2020; and

(C) An Individual History Form and any information identified in the form that is required to be submitted;

(b) A written statement from an authorized official of the local government that the proposed location of the dispensary is not located in an area that is zoned for residential use as that term is defined in OAR 333-008-0010;

(c) Proof that the business is registered or has filed an application to register as a business with the Oregon Office of the Secretary of State, including proof of registration for any DBA (doing business as) registration;

(d) Documentation, in a format prescribed by the Authority that the proposed location of the dispensary is not within 1,000 feet of:

(A) The real property comprising a public or private elementary or secondary school, except as provided in Oregon Laws 2016, chapter 83, section 29; or

(B) A registered dispensary.

(e) A scaled site plan of the parcel on which the premises proposed for registration is located, including:

(A) Cardinal directional references;

(B) Bordering streets and the names of the streets;

(C) Identification of the building or buildings in which the proposed dispensary is to be located;

(D) The dimensions of the proposed premises of the dispensary;

(E) Identification of other buildings or property owned by or under the control of the applicant on the same parcel or tax lot as the premises proposed for registration that will be used in the business; and

(F) Identification of any residences on the parcel or tax lot; and

(f) A scaled floor plan of all enclosed areas of the premises at the proposed location that will be used in the business with clear identification of walls, partitions, counters, windows, all areas of ingress and egress, intended uses of all spaces and all limited access areas; and

(g) Documentation that shows the applicant has lawful possession of the proposed location of the dispensary.

(4) The documentation required in section (3) of this rule may be submitted electronically to the Authority or may be mailed to the Oregon Medical Marijuana Program, Oregon Health Authority, PO Box 14116, Portland, OR 97293.

(a) If documentation is mailed it must be received by the Authority within 30 calendar days of the date the Authority mailed the notice to the applicant that the initial application was received or the application will be considered incomplete.

(b) If documentation is submitted electronically it must be received by the Authority by 5 p.m. Pacific Time within 30 calendar days of the date the Authority mailed the notice to the applicant that the initial application was received. or the application will be considered incomplete.

(5) Application and registration fees must be paid online at the time of application.

(6) Criminal background check fees must be paid by check or money order and must be mailed to the Oregon Medical Marijuana Program, PO Box 14116, Portland, OR 97293, and must be received by the Authority in accordance with provisions in section (4) of this rule.

(7) If the Authority does not receive a complete application, including all documentation required in sections (1) and (3) of this rule, and all

required fees within the time frames established in this rule, the application will be considered incomplete.

(8) If an applicant provides the documentation required in section (3) of this rule the Authority will review the information to determine if it is complete.

(a) If the documentation is not complete or is insufficient the Authority must notify the applicant in writing and the applicant will have 10 calendar days from the date such written notice is mailed by the Authority to provide the additional documentation.

(b) If the applicant does not provide the additional documentation within 10 calendar days or if any responsive documents are incomplete, insufficient or otherwise do not demonstrate compliance with ORS 475B.450 and these rules the application will be declared incomplete.

(9) A person who wishes to register more than one location must submit a separate application, registration fees, and all documentation described in sections (1) and (3) of this rule for each location.

(10) An application that is incomplete is treated by the Authority as if it was never received.

333-008-1040
Dispensary Application Review

(1) Applications will be reviewed in the order they are received by the Authority. An application is considered received as of the date and time that payment of application and registration fees is authorized by the entity that issued the credit or debit card used to pay the fees.

(2) Once the Authority has determined that an application is complete it will review an application to the extent necessary to determine compliance with ORS 475B.450 and these rules.

(3) The Authority may, in its discretion, prior to acting on an application:

(a) Contact any individual listed on the application and request additional documentation or information;

(b) Inspect the premises of the proposed dispensary; or

(c) Verify any information submitted by the applicant.

(3) Prior to making a decision whether to approve or deny an application the Authority must:

(a) Review the criminal background check results for each individual named on the application;

(b) Determine whether the proposed location of the dispensary is the same location as a registered grow site under OAR 333-008-0025;

(c) Review documentation submitted by the applicant to determine, based on the information provided by the applicant, whether the proposed location of the dispensary is located within 1,000 feet of:

(A) The real property comprising a public or private elementary or secondary school, except as provided in Oregon Laws 2016, chapter 83, section 29; or

(B) Another registered dispensary;

(d) Verify that the applicant is registered as a business with the Office of the Secretary of State; and

(e) Verify that the proposed location of the dispensary is not:

(A) Located in an area that is zoned for residential use; or

(B) In a city or county that has adopted an ordinance under ORS 475B.800 or section 133 chapter 614, Oregon Laws 2015, prohibiting dispensaries.

(4) If during the review process the Authority determines that the application or supporting documentation contains intentionally false or misleading information the Authority may declare the application incomplete or issue a notice of denial under OAR 333-008-1060.

(5) The Authority will notify the applicant in writing that the applicant has 60 calendar days from the date of the written notice to submit a Readiness Form, prescribed by the Authority, indicating that the applicant is prepared for an inspection and is in compliance with these rules if:

(a) There is no basis for denial under OAR 333-008-1060;

(b) The proposed dispensary is in compliance with ORS 475B.450(3)(a) through (e);

(c) Each individual named in the application passes the criminal background check; and

(d) Each individual named as a PRD in the application meets age requirements.

(6) If the Authority does not receive the Readiness Form in accordance with section (5) of this rule the applicant's application will be declared incomplete, unless an extension has been granted under section (7) of this rule.

(7) An applicant may request one extension of the 60-day deadline in section (5) of this rule if the applicant can demonstrate to the Authority that the deadline cannot be met for reasons outside of the applicant's control, such as but not limited to the applicant's inability to obtain local government building permits.

(a) A request for an extension must be in writing, must be received within 60 calendar days of the notice described in section (5) of this rule and must explain and provide documentation that shows the applicant cannot, for reasons outside of the applicant's control, meet the 60-day deadline, and must specify when the applicant believes it can submit the Readiness Form.

(b) A request for an extension tolls the 60-day deadline.

(c) The Authority will review the request and provide, in writing to the applicant, its decision and the reason for the decision.

(d) If an extension is granted the Authority must inform the applicant of the new deadline for submission of the Readiness Form, but in any case an extension may not exceed 60 calendar days.

333-008-1060
Denial of Dispensary Application

(1) The Authority must deny an application if:

(a) An application, supporting documentation provided by the applicant, or other information obtained by the Authority shows that the qualifications for a dispensary in ORS 475B.450 or these rules have not been met; or

(b) An individual named in an application has been:

(A) Convicted for the manufacture or delivery of a controlled substance in Schedule I or Schedule II within two years from the date the application was received by the Authority; or

(B) Convicted more than once for the manufacture or delivery of a controlled substance in Schedule I or Schedule II; or

(c) The city or county in which the facility is located has prohibited dispensaries in accordance with sections 133 chapter 614, Oregon Laws 2015, or ORS 475B.800, unless the dispensary meets the criteria in sections 133(6), chapter 614, Oregon Laws 2015 or ORS 475B.800(6).

(2) The Authority may deny an applicant if it determines that the applicant, the owner of the dispensary, a PRD, or an employee of the medical marijuana dispensary:

(a) Submitted intentionally false or misleading information to the Authority; or

(b) Violated at any time a provision of ORS 475B.400 to 475B.525, 475B.555, 475B.605, 475B.615, OAR chapter 333, division 7, these rules or an ordinance adopted pursuant to ORS 475B.500.

(3) If an individual named in an application is not qualified based on age or the criminal background check, the Authority will permit a change form to be submitted in accordance with OAR 333-008-1078 or 333-008-2030, along with the applicable criminal background check fee. If the individual named in the change form is not qualified the Authority must deny the application in accordance with section (1) of this rule.

(4) If the Authority intends to deny an application for registration it must issue a Notice of Proposed Denial in accordance with ORS 183.411 through 183.470.

333-008-1070
Expiration and Renewal of Dispensary Registration

(1) A dispensary's registration expires one year following the date of application approval.

(2) A dispensary registrant must submit not more than 90 but at least 30 calendar days before the registration expires:

(a) A renewal application on a form prescribed by the Authority;

(b) Renewal fees;

(c) For each individual named in the renewal application:

(A) A legible copy of the individual's valid government issued photographic identification that includes last name, first name and date of birth;

(B) Information, fingerprints and fees required for a criminal background check in accordance with OAR 333-008-2020;

(C) An Individual History Form and any information identified in the form that is required to be submitted;

(d) Current proof of business registration with the Secretary of State, including all DBA (doing business as) registrations;

(e) Documentation that shows the applicant has lawful possession of the location of the registered dispensary; and

Any information required during an initial application; and

(f) A current scaled floor plan of all enclosed areas at the registered dispensary that are used in the business with clear identification of walls, partitions, counters, windows, all areas of ingress and egress, and all limited access areas.

(3) A registrant who files a completed renewal application with the Authority prior to the expiration date of the registration may continue to operate, even after the registration expiration date, pending a decision on the renewal application by the Authority.

(4) A dispensary registrant that does not submit timely renewal documentation in accordance with sections (1) and (2) of this rule may be subject to the imposition of civil penalties.

(5) If a dispensary registrant does not submit all the forms, fees and information required in section (2) of this rule prior to the registration's expiration, the registration is expired and is no longer valid.

(6) Renewals will be processed in accordance with OAR 333-008-1040 to 333-008-1060, as applicable.

(7) A renewal applicant may be required to submit a Readiness Form, as described in OAR 333-008-1040 and may be subject to inspection prior to the Authority acting on a renewal application.

(8) For purposes of this rule a completed application shall be deemed submitted upon receipt by the Authority of all application forms, supporting documents and renewal fees described in section (2) of this rule.

333-008-1075
PRD Criteria and Responsibilities

(1) A PRD must:

(a) Be 21 years or age or older;

(b) Have legal authority to act on behalf of the dispensary; and

(c) Be responsible for ensuring the registered dispensary complies with applicable laws.

(2) A PRD may not:

(a) Have been convicted in any state for the manufacture or delivery of a controlled substance in Schedule I or Schedule II within two years from the date of application; or

(b) Have been convicted more than once in any state for the manufacture or delivery of a controlled substance in Schedule I or Schedule II.

(3) At least one PRD must be on site at a dispensary during Authority inspections or investigations at the time of the inspection or investigation or within one hour of being notified that an inspection or investigation is taking place.

(4) A PRD is accountable for any intentional or unintentional action of registrant representatives, with or without the knowledge of the PRD, who violate ORS 475B.450, 475B.453 or these rules, and is responsible for any unlawful conduct that occurs on the premises of the dispensary or any property outside the registered dispensary that is owned by or under the control of the dispensary registrant.

Stat. Auth.: ORS 475B.450 & 475B.525
Stats. Implemented: ORS 475B.450
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1078
Removal, Addition, Change, Designation or Assignment of PRD

(1) If an owner of a registered dispensary is adding or changing a PRD or primary PRD, an individual with legal authority to act on behalf of the registered dispensary must submit:

(a) A form, prescribed by the Authority;

(b) A legible copy of the individual's valid government issued photographic identification that includes last name, first name and date of birth;

(c) Information and fingerprints required for a criminal background check in accordance with OAR 333-008-2020; and

(d) A criminal background check fee of $35.

(2) A PRD who is designating or assigning the responsibilities of a PRD to another individual must submit the information and fees required in section (1) of this rule. The responsibilities of a primary PRD may not be designated or assigned.

(3) The Authority will review and approve the addition or change of a PRD or primary PRD if the individual meets the requirements in OAR 333-008-1075.

(4) The Authority will review and approve the designation or assignment of the responsibilities of a PRD to another individual if that individual meets the requirements in OAR 333-008-1075. An individual to whom a designation or assignment is made, and who is approved by the Authority, has the same legal obligations as a PRD.

(5) An individual may not act in the capacity of a PRD without approval from the Authority.

(6) If the Authority denies the request to add or change a PRD or primary PRD, or denies the request to designate or assign the responsibilities of a PRD to another individual, the Authority must notify the individual that submitted the request of the denial and the current primary PRD, and describe the reason for the denial.

(7) A registered dispensary may not be open for business or receive or transfer any marijuana items without at least one Authority approved PRD and a primary PRD.

Stat. Auth.: ORS 475B.450 & 475B.525
Stats. Implemented: ORS 475B.450
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1110
Locations of Medical Marijuana Dispensaries; Dispensary Premises Restrictions and Requirements

(1) A dispensary may not be located:

(a) In an area that is zoned for residential use.

(b) At the same address as a registered marijuana grow site;

(c) Within 1,000 feet of the real property comprising a public or private elementary or secondary school, except as provided in Oregon Laws 2016, chapter 83, section 29; or

(d) Within 1,000 feet of another medical marijuana dispensary.

(2) For purposes of implementing ORS 475B.450(3)(d), the Authority will consider a location to be a school if it has at least the following characteristics:

(a) Is a public or private elementary or secondary school as those terms are defined OAR 333-008-0010;

(b) There is a building or physical space where students gather together for education purposes on a regular basis;

(c) A curriculum is provided;

(d) Attendance is compulsory under ORS 339.020 or children are being taught as described in ORS 339.030(1)(a); and

(e) Individuals are present to teach or guide student education.

(3) For purposes of determining the distance between a dispensary and a school "within 1,000 feet" means a straight line measurement in a radius extending for 1,000 feet or less in any direction from the closest point anywhere on the boundary line of the real property comprising an existing public or private elementary or secondary school to the closest point of the premises of a dispensary. If any portion of the premises of a proposed or registered dispensary is within 1,000 feet of a public or private elementary or secondary school it may not be registered.

(4) For purposes of determining the distance between a dispensary and another registered dispensary "within 1,000 feet" means a straight line measurement in a radius extending for 1,000 feet or less in every direction from the closest point anywhere on the premises of a registered dispensary to the closest point anywhere on the premises of a proposed dispensary. If any portion of the premises of a proposed dispensary is within 1,000 feet of a registered dispensary it may not be registered.

(5) In order to be registered a dispensary must operate at a particular location as specified in the application and may not be mobile.

(6) Minors on Premises. A dispensary registrant may not permit a minor to be present in any limited access or point of sale area of a registered dispensary.

(7) On Premises Consumption.

(a) A dispensary registrant may not permit the ingestion, inhalation or topical application of a marijuana item anywhere on the premises of the registered dispensary, except as described in subsection (b) of this section.

(b) An employee of a registered dispensary who is a patient may consume a marijuana item during his or her work shift on the premises of the registered dispensary as necessary for his or her medical condition, if the employee is:

(A) Alone and in a closed room where no dispensary marijuana items are present;

(B) Not visible to patients or caregivers on the premises of the registered dispensary to receive a transfer of a marijuana item; and

(C) Not visible to the public outside the dispensary.

(c) For purposes of this section consume does not include smoking, combusting, inhaling, vaporizing, or aerosolizing a marijuana item.

(8) General Public and Visitor Access. The general public is not permitted on the premises of a registered dispensary, except as permitted by OAR 333-008-1500 and in accordance with this rule.

(a) In addition to registrant representatives, the following visitors are permitted on the premises of a dispensary, including limited access areas, subject to the requirements in section (9) of this rule:

(A) Laboratory personnel, if the laboratory is accredited by the Authority;

(B) A contractor authorized by a registrant representative to be on the premises; or

(C) Individuals authorized to transfer marijuana items to a registered dispensary.

(b) A registered dispensary may permit up to seven invited guests 21 years of age and older, per week, on the premises of a registered dispensary, including limited access areas, subject to the requirements in section (9) of this rule.

(9) Visitor Escort, Log and Badges.

(a) Prior to entering the premises of a registered dispensary all visitors permitted by section (8) of this rule must be documented and issued a visitor identification badge from a registrant representative that must remain visible while on the premises. All visitors described in section (8) of this rule must be accompanied by a registrant representative at all times.

(b) A dispensary registrant must maintain a log of all visitor activity and the log must contain the first and last name and date of birth of every visitor, and the date they visited.

(10) Government Access. Nothing in this rule is intended to prevent or prohibit Authority employees or contractors, or other state or local government officials that have jurisdiction over some aspect of the premises or a dispensary registrant to be on the premises.

(a) A visitor badge is not required for government officials.

(b) A dispensary must log every government official that enters the premises but the dispensary may not request that the government official provide a date of birth for the log.

(11) Limited Access Areas.

(a) All limited access areas must be physically separated from any area where the general public is permitted, by a floor to ceiling wall that prevents physical access between a point of sale area and an area that is open to the general public except through a door that is kept locked by a dispensary when the door is not immediately in use.

(b) An applicant or registered dispensary may request, in writing, an exception from the Authority from the requirement to have a floor to ceiling wall. The request must include the reason the exception is being sought, pictures of the area in question, and a description of an alternative barrier that accomplishes the goal of providing a significant physical barrier between the general public and any marijuana items on the premises of the dispensary.

(12) A dispensary must have:

(a) A designated limited access area or areas where transfers of marijuana items are received and such an area may not be accessible to patients or designated primary caregivers on the premises to receive the transfer of a marijuana item or the general public; and

(b) A designated area within the premises where patients and designated primary caregivers and other visitors enter the dispensary and are checked in.

(13) The areas described in section (12) of this rule must be clearly marked on the floor or plot plan sketch required in OAR 333-008-1040.

(14) Point of Sale Areas.

(a) All point of sale areas must be physically separated from any area where the general public is permitted by a floor to ceiling wall that prevents physical access between a point of sale area and an area that is open to the general public except through a door that is kept locked by a dispensary when the door is not immediately in use.

(b) All areas where marijuana items are available for transfer to a patient or designated primary caregiver must be supervised by a dispensary representative at all times when a patient or designated primary caregiver is present.

(c) A dispensary may not transfer a marijuana item to a patient or designated primary caregiver through a drive-through window.

(15) A dispensary may not sublet or share with any other business any portion of the dispensary premises.

333-008-1190

Testing

(1) This rule is in effect until October 1, 2016.

(a) Nothing in this rule prohibits a dispensary or an accredited laboratory from complying with the testing rules in OAR 333-007-0300 to 333-007-0490 and providing or accepting a test result that is in compliance with OAR 333-064-0100 and 333-064-0110 in lieu of a test result required in this rule.

(b) Nothing in this rule prohibits an accredited laboratory from performing sampling and testing for a registrant in accordance with this rule, prior to October 1, 2016.

(2) For purposes of this rule:

(a) "Batch" has the same meaning given that term in OAR 333-007-0310.

(b) "TNI" has the same meaning given that term in OAR 333-007-0310.

(c) "TNI standards" has the same meaning given that term in OAR 333-007-0310.

(3) Prior to being registered a PRD must have documentation that identifies at least one laboratory that will do the testing in accordance with this rule.

(4) A registered dispensary may only accept laboratory test results from a laboratory on the Authority's list posted on the Authority's website, www.healthoregon.org/ommp.

(5) A PRD must have a test report that complies with section (11) of this rule that can be linked to the batch from which each sample was taken and to each marijuana item available for transfer, before the marijuana item is available for transfer to a patient or a designated primary caregiver.

(6) A registered dispensary may submit samples for testing in accordance with section (7) of this rule or a PRD may accept test results if:

(a) A copy of the test results is obtained at the time of transfer that clearly links the test results to the marijuana item being transferred;

(b) The PRD can demonstrate to the Authority that random samples from the batch were taken and submitted for testing; and

(c) The PRD can demonstrate to the Authority that the batch from where samples were taken was sealed and not tampered with from the time samples for testing were taken and when they were delivered to the dispensary.

(7) Prior to October 1, 2016, if a dispensary accepts the transfer of a marijuana item that has not been tested in accordance with this rule a dispensary representative must:

(a) Segregate each untested batch and place the batch in an individual container or bag with a label attached to the container or bag that includes at least the following information:

(A) A unique identifier;

(B) The name of the product;

(C) The name of the person who transferred the marijuana item;

(D) The date the marijuana item was received; and

(E) "PRODUCT NOT TESTED" in bold, capital letters, no smaller than 12 point font.

(b) Take random samples from each batch in an amount necessary to conduct the applicable test, label each sample with the batch's unique identifier, and submit the samples for testing.

(c) Once samples have been taken for the purpose of testing, store and secure the untested item in a manner that prevents the item from being tampered with or transferred prior to test results being reported.

(8) Pesticide Testing. A marijuana item, except for seeds and immature plants, must be tested for pesticides by testing for individual pesticides (analytes) in the following categories, using valid testing methodologies:

(a) Chlorinated Hydrocarbons;

(b) Organophosphates;

(c) Carbamates; and

(d) Pyrethroid.

(9) THC and CBD Testing. A marijuana item, except for seeds and immature plants, must be tested to determine the levels of THC and CBD using valid testing methodologies.

(10) Laboratory Requirements. A PRD must be able to show that the laboratory that conducted the testing required in this rule:

(a) Uses valid testing methodologies; and

(b) Has a Quality System for testing of pesticides that is compliant with the:

(A) 2005 International Organization for Standardization 17025 Standard; or

(B) 2009 National Environmental Laboratory Accreditation Conference Institute TNI Standards.

(11) Testing Results. A laboratory test result must:

(a) Comply with the standards in TNI 2009, Volume 1, Module 2, Section 5.10, incorporated by reference.

(b) Include the following information:

(A) The name of each specific analyte tested;

(B) The limit of quantitation (LOQ) as that is defined in TNI 2009, Volume 1, Module 2, Section 3.1 and TNI 2009, Volume 1, Module 4, Section 1.5, incorporated by reference;

(C) The pesticide results as a numerical value in units of either parts per million or parts per billion if the analyte was detected or a statement that the level detected was less than the LOQ;

(D) The levels of THC and CBD calculated in accordance with OAR 333-064-0100; and

(E) The quality control results from the blank and quality control samples associated with the sample testing.

(c) Be signed by an official of the laboratory with an attestation that the results are accurate and that testing was done using valid testing methodologies and a quality system as required in this rule.

(12) A sample of a marijuana item shall be deemed to test positive for pesticides with a detection of more than 0.1 parts per million of any pesticide.

(13) If a marijuana item tests positive for pesticides based on the standards in this rule the PRD must:

(a) Return the entire batch from which the sample was taken to the individual who transferred the marijuana item to the dispensary and document how many or how much was returned, to whom, and the date it was returned; or

(b) Dispose of the entire batch in a manner specified by the Authority.

(14) The PRD may permit laboratory personnel or other persons authorized to do testing access to secure or restricted access areas of the dispensary where marijuana items are stored. A dispensary representative must log the date and time in and out of all such persons.

(15) If the Authority determines that a laboratory is not using valid testing methodologies, does not have a quality system, or is not producing test result reports in accordance with this rule the Authority may remove the name of the laboratory from the list on the Authority's website.

(16) The Authority may do audit testing of a marijuana item in order to determine whether a dispensary is in compliance with this rule.

333-008-1200

Operation of Registered Dispensaries

(1) Policies and Procedures. In order to obtain a registration and to retain registration a dispensary registrant must have written detailed policies and procedures and training for employees on the policies and procedures that, at a minimum, cover the following:

(a) Security;

(b) Transfers of marijuana items to and from the dispensary;

(c) Operation of a registered dispensary;

(d) Required record keeping;

(e) Testing requirements;

(f) Packaging and labeling requirements;

(g) Employee training;

(h) Compliance with these rules, including but not limited to violations and enforcement; and

(i) Roles and responsibilities for employees and PRDs in assisting the Authority during inspections or investigations..

(2) Employees. A registered dispensary may employ an individual between the ages of 18 and 20 if the individual is a patient. Otherwise, dispensary employees must be 21 years of age or older.

(3) Standardized Scales. In order to obtain a registration and to retain registration a dispensary registrant must own, maintain on the premises and use a weighing device that is licensed by the Oregon Department of Agriculture. Licensed weighing devices must be used by a registered dispensary whenever marijuana items are:

(a) Transferred to or from the dispensary and the transfer is by weight;

(b) Packaged for transfer by weight; or

(c) Weighed for purposes of documenting information required in OAR 333-008-1230, 333-008-1245, 333-008-1247 and 333-008-1248.

(4) Inventory Tracking and Point of Sale System: In order to obtain a registration and to retain registration a registered dispensary must have an installed and fully operational integrated inventory tracking and point of sale system that can and does, at a minimum:

(a) Produce bar codes or similar unique identification numbers for each marijuana item lot transferred to a registered dispensary;

(b) Trace back or link each transfer of a marijuana item to a patient or caregiver to the marijuana item lot;

(c) Capture all information electronically that is required to be documented in OAR 333-008-1230 and 333-008-1245;

(d) Generate inventory, transaction, and transfer reports viewable in excel format; and

(e) Produce all the information required to be submitted to the Authority pursuant to OAR 333-0080-1248.

(5) Online Verification of Registration Status. A dispensary must verify an individual's registration status with the Authority when receiving or making the transfer of a marijuana item if the Authority has available an online system for such verification.

(6) Inventory On-Site. Marijuana items must be kept on-site at the dispensary. The Authority may take enforcement action against a dispensary registrant if during an inspection a dispensary registrant cannot account for its inventory or if the amount of usable marijuana at the registered dispensary is not within five percent of the documented inventory.

(7) Testing. On and after October 1, 2016, a dispensary registrant may not:

(a) Accept a transfer of a marijuana item that has not been tested in accordance with OAR 333-007-0300 to 333-007-0490.

(b) Transfer a marijuana item that has not been tested in accordance with OAR 333-007-0300 to 333-007-0490 unless it is labeled in accordance with OAR 333-007-0300.

(8) Packaging and Labeling. On and after October 1, 2016, a dispensary may not accept a transfer of a marijuana item or transfer a marijuana item that does not comply with the labeling requirements in OAR 333-007-0010 to 333-007-0100, or that does not comply with the packaging requirements in OAR 845-025-7000 to 845-025-7020 and 845-025-7060.

(9) Oregon Department of Agriculture Licensure. On and after October 1, 2016, a registered dispensary that sells or handles food, as that term is defined in ORS 616.695, or cannabinoid edibles, must be licensed by the Oregon Department of Agriculture under ORS 616.706.

(10) Industrial Hemp Products.

(a) A dispensary may only accept the transfer of and may only transfer a product that contains THC or CBD that is derived from marijuana.

(b) Nothing in this section prohibits a dispensary from buying or selling hemp products not intended for human application, consumption, inhalation, ingestion, or absorption, such as hemp clothing.

(11) Tobacco. A dispensary may not offer or sell tobacco products in any form including, but not limited to, loose tobacco, pipe tobacco, cigarettes as defined in ORS 323.010 and cigarillos as that is defined in OAR 333-015-0030.

(12) For purposes of this rule "marijuana item lot" means a quantity of seeds, immature plants, usable marijuana, medical cannabinoid products, concentrates or extracts transferred to a registered dispensary at one time and that is from the same harvest lot or process lot as those terms are defined in OAR 333-007-0020.

333-008-1205

Registered Dispensary Signage

(1) In order to obtain a registration and to retain registration a dispensary registrant must post:

(a) At every entrance to the dispensary:

(A) If a dispensary does not participate in limited marijuana retail sales a sign that reads "Medical Marijuana Patients Only";

(B) If a dispensary is permitted to sell limited marijuana retail products in accordance with OAR 333-008-1500, signs that comply with OAR 333-008-1500 and 333-008-1501(1)(b); and

(C) "No On-Site Consumption of Marijuana".

(b) At all areas of ingress to a limited access area signs that reads:

(A) "Restricted Access Area — Authorized Personnel Only".

(B) "No Minors Allowed".

(c) At all areas of ingress to a point of sale area a sign that reads: "Restricted Access Area — No Minors Allowed".

(d) At the point of sale, the following posters prescribed by the Authority, measuring 22 inches high by 17 inches wide that can be downloaded at www.healthoregon.org/ommp:

(A) A Pregnancy Warning Poster; and

(B) A Poisoning Prevention Poster.

(2) All signs required by this rule must be:

(a) Legible, not less than 8 1/2 inches by and 11 inches, composed of letters not less than one-half inch in height;

(b) In English and Spanish, if a Spanish version is available through the Authority; and

(c) Posted in a conspicuous location where the signs can be easily read by individuals entering or on the dispensary premises.

(3) All signs may be downloaded at www.healthoregon.org/ommp.

333-008-1225
Packaging

(1) This rule is in effect from March 1, 2016 until October 1, 2016. Nothing in this rule prohibits a dispensary from complying with the packaging rules in OAR 845-025-7000 to 845-025-7060 prior to October 1, 2016.

(2) For purposes of this rule:

(a) "Child-resistant safety packaging" means:

(A) Containers designed and constructed to be significantly difficult for children under five years of age to open and not difficult for adults to use properly;

(B) Closable for any product intended for more than a single use or containing multiple servings; and

(C) Labeled in accordance with OAR 333-008-1220.

(b) "Container" means a sealed, hard or soft-bodied receptacle in which a tetrahydrocannabinol-infused product is placed prior to being transferred to a patient or caregiver.

(c) "Packaged in a manner not attractive to minors" means the tetrahydrocannabinol-infused product is not in a container that is brightly colored, depicts cartoons or images other than the logo of the facility, unless the logo of the facility depicts cartoons, in which case only the name of the facility is permitted.

(3) A dispensary may not transfer a medical cannabinoid product, extract or concentrate to a patient or caregiver unless the product, extract or concentrate is in child-resistant safety packaging.

333-008-1230
Transfers to a Registered Dispensary

(1) Transfer of Usable Marijuana, Seeds and Immature Plants. A patient, caregiver, or PRMG may transfer usable marijuana, seeds and immature plants produced by a PRMG to a registered dispensary, subject to the requirements in this rule.

(a) A registered dispensary may only accept a transfer of usable marijuana, seeds or immature marijuana plants from a caregiver or PRMG if the individual transferring the usable marijuana, seeds or immature plants provides the original or a copy of a valid:

(A) Authorization to Transfer form prescribed by the Authority; or

(B) Personal agreement as that is defined in OAR 333-008-0010.

(b) Authorization to Transfer Forms. In order to be valid an Authorization to Transfer form must include at least:

(A) The patient's name, OMMP card number or receipt number and expiration date and contact information;

(B) The name and contact information of the individual who is authorized to transfer the usable marijuana, seeds or immature marijuana plants to the registered dispensary and that individual's OMMP card number and expiration date;

(C) The name and address of the registered dispensary that is authorized to receive the usable marijuana, seeds or immature marijuana plants; and

(D) The date the authorization expires, if earlier than the expiration date of the patient's OMMP card.

(c) Personal Agreements. In order to be valid a personal agreement must include at least:

(A) The patient's name, OMMP card number and expiration date and contact information;

(B) The name and contact information of the PRMG to whom the patient's property rights have been assigned and the producer's OMMP card number and expiration date, and the grow site address;

(C) The portion of the patient's rights to possess seeds, immature plants and usable marijuana that is being assigned to the producer.

(2) Transfer of medical cannabinoid products, concentrates, and extracts.

(a) Until October 1, 2016, a registered dispensary may accept the transfer of a cannabinoid product or concentrate from a patient, caregiver or PRMG in accordance with section (1) of this rule.

(b) On and after October 1, 2016, a registered dispensary may only accept a transfer of a medical cannabinoid product, concentrate or extract from a registered medical marijuana processing site.

(c) Until October 1, 2016, a registered dispensary may accept the transfer of a medical cannabinoid extract from a marijuana processing site.

(3) A registered dispensary may only accept a transfer of cannabinoid products, concentrates or extracts from registered processing site if the individual transferring the products, concentrates or extracts provides the dispensary with a Processing Site Authorization to Transfer form prescribed by the Authority. In addition to retaining a copy of the Processing Site Authorization to Transfer form the dispensary must obtain a copy of the photo identification of the individual transferring the cannabinoid product, concentrate or extract as required in section (4)(b)(B) of this rule.

(4) Transfer Records. At the time a marijuana item is transferred to a dispensary the dispensary registrant must:

(a) Document, as applicable:

(A) The weight in metric units of all usable marijuana received by the registered dispensary;

(B) The number of seeds and immature plants received by the registered dispensary;

(C) The amount of a medical cannabinoid product, concentrate, or extract received by the registered dispensary, including, as applicable, the weight in metric units, or the number of units;

(D) The name of the marijuana item;

(E) The date the marijuana item was received; and

(F) The amount of reimbursement paid by the registered dispensary.

(b) Obtain and maintain a copy of, as applicable:

(A) Documents required in section (1) of this rule including the date it was received;

(B) The photo identification of the individual transferring the marijuana item to the dispensary, if such a copy is not already on file;

(C) The OMMP card of the individual transferring usable marijuana, seeds or immature plants;

(D) The medical marijuana processing site registration; and

(E) Test results for marijuana items transferred to the dispensary unless the dispensary plans to arrange for the testing of the marijuana item.

(5) Prior to October 1, 2016, if a dispensary accepts the transfer of a marijuana item that has not been tested in accordance with OAR 333-007-0300 to 333-007-0490 the dispensary must comply with OAR 333-008-1190(7).

(6) Once a marijuana item has been sampled in accordance with OAR 333-007-0360 the marijuana item must be labeled and stored in accordance with OAR 333-007-0380.

(7) Nothing in these rules requires a dispensary registrant to accept a transfer of a marijuana item.

(8) All documentation required in this rule must be maintained electronically in an integrated inventory tracking and point of sale system or the electronic data management system described in OAR 333-008-1247.

333-008-1245
Transfers From a Registered Dispensary to a Patient or Designated Primary Caregiver

(1) A dispensary registrant must, prior to permitting an individual to enter a point of sale area on the dispensary premises, except as permitted under OAR 333-008-1500, verify that the individual is a current patient or designated primary caregiver.

(2) A registered dispensary must, prior to transferring a marijuana item to a patient or a designated primary caregiver:

(a) Verify the individual is currently registered with the Authority by viewing the individual's government issued photo identification and Authority issued patient or caregiver card, or the patient's receipt, as described in OAR 333-008-0023(6) or OAR 333-008-0040(5) and making sure the identities match.

(b) Obtain and retain, if not already on file, a copy of the patient's or caregiver's:

(A) OMMP identification card or receipt; and

(B) Government issued photo identification.

(c) Document:

(A) The name, OMMP card number and expiration date of the card of each person to whom the registered facility transfers a marijuana item;

(B) If the marijuana item was transferred to a designated primary caregiver, the patient's name and registration number for whom the caregiver was receiving the transfer;

(C) The amount of usable marijuana transferred in metric units, if applicable;

(D) The number of seeds or immature plants transferred, if applicable;

(E) The amount of a medical cannabinoid product concentrate, or extract, if applicable;

(F) The brand name of the marijuana item and a description of what was transferred;

(G) The date of the transfer; and

(H) The amount of money paid by the patient or designated primary caregiver for the transfer.

(3) A dispensary registrant may not transfer at any one time to a patient or designated primary caregiver, within one day, more than:

(a) 24 ounces of usable marijuana;

(b) 16 ounces of a medical cannabinoid product in solid form;

(c) 72 ounces of a medical cannabinoid product in liquid form;

(d) 16 ounces of a cannabinoid concentrate whether sold alone or contained in an inhalant delivery system;

(e) Five grams of a cannabinoid extract whether sold alone or contained in an inhalant delivery system;

(f) Four immature marijuana plants; and

(g) 50 seeds.

(4) All documentation required in this rule must be maintained electronically in an integrated inventory tracking and point of sale system or the electronic data management system described in OAR 333-008-1247.

333-008-1610
Definitions

For purposes of OAR 333-008-1600 to 333-008-2200:

(1) "Cannabinoid capsule" means a small soluble container, usually made of gelatin, that encloses a dose of a cannabinoid product, concentrate or extract intended for human ingestion.

(2) "Cannabinoid edible" means a food or potable liquid into which a cannabinoid concentrate or extract or the dried leaves or flowers of marijuana have been incorporated.

(3) "Cannabinoid suppository" means a small soluble container designed to melt at body temperature within a body cavity other than the mouth, especially the rectum or vagina, containing a cannabinoid product, concentrate or extract.

(4) "Cannabinoid tincture" means a solution of alcohol, cannabinoid concentrate or extract, and perhaps other ingredients intended for human consumption or ingestion, and that is exempt from the Liquor Control Act under ORS 471.035.

(5) "Cannabinoid topical" means a cannabinoid product intended to be applied to skin or hair.

(6) "Cannabinoid transdermal patch" means an adhesive substance applied to human skin that contains a cannabinoid product, concentrate or extract for absorption into the bloodstream.

(7) "Food" means a raw, cooked, or processed edible substance, beverage or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

(8) "Person responsible for the marijuana processing site" or "PRP" means an individual who is directly involved in the day-to-day operation of a processing site and is identified as a PRP on an application.

(9) "Primary PRP" means a PRP designated by the owner of the processing site as the primary point of contact for the Authority and who is authorized to receive any and all communications and legal notices from the Authority.

(10) "Processing site representative" means an owner, director, officer, PRP, manager, employee, agent or other representative of a registered processing site, to the extent that the person acts in a representative capacity.

(11) "Processing site registrant" means:

(a) An individual who owns a registered processing site or if a business entity owns the registered processing site, each individual who has a financial interest in the registered processing site; and

(b) Any PRP.

(12) "These rules" means OAR 333-008-1600 to 333-008-2200.

333-008-1620
Application for Medical Marijuana Processing Site Registration

(1) This rule applies to any initial application filed on or after June 24, 2016 and to any initial application filed prior to June 24, 2016 that the Authority has not yet approved or denied.

(2) To register a medical marijuana processing site a person must:

(a) Submit an initial application on a form prescribed by the Authority that includes but is not limited to:

(A) The name of the individual who owns the processing site or, if a business entity owns the processing site, the name of each individual who has a financial interest in the processing site;

(B) The name of the individual or individuals responsible for the processing site, if different from the name of the individual who owns the processing site, with one of the individuals responsible for the processing site identified as the primary PRP;

(C) The address of the marijuana processing site; and

(b) Application and registration fees.

(c) An initial application for the registration of a processing site must be submitted electronically via the Authority's website, www.healthoregon.org/ommp.

(3) If an initial application is submitted along with the required fees the Authority will notify the applicant that the initial application has been received and that within 30 calendar days the following information must be received by the Authority:

(a) For each individual named in the application:

(A) A legible copy of the individual's valid government issued photographic identification that includes last name, first name and date of birth;

(B) Information, fingerprints and fees required for a criminal background check in accordance with OAR 333-008-2020; and

(C) An Individual History Form and any information identified in the form that is required to be submitted.

(b) If the applicant intends to process extracts, proof from the local government that the proposed location of the processing site is not located in an area that is zoned for residential use;

(c) Proof that the business is registered or has filed an application to register as a business with the Oregon Office of the Secretary of State, including proof of registration of any DBA (doing business as) registration;

(d) A scaled site plan of the parcel or premises on which the premises proposed for registration, is located, including:

(A) Cardinal directional references;

(B) Bordering streets and the names of the streets;

(C) Identification of the building or buildings in which the proposed processing site is to be located;

(D) The dimensions of the proposed premises of the processing site;

(E) Identification of other buildings or property owned by or under the control of the applicant on the same parcel or tax lot as the premises proposed for registration that will be used in the business; and

(F) Identification of any residences on the parcel or tax lot;.

(e) A scaled floor plan of all enclosed areas of the premises at the proposed location that will be used in the business with clear identification of walls, partitions, counters, windows, all areas of ingress and egress, intended uses of all spaces;

(f) Documentation that shows the applicant has lawful possession of the proposed location of the processing site;

(g) A description of the type of products to be processed, a description of equipment to be used, including any solvents, gases, chemicals or other compounds used to create extracts or concentrates on a form prescribed by the Authority; and

(h) The proposed endorsements as described in OAR 333-008-1700.

(4) The information and documentation required in section (3) of this rule may be submitted electronically to the Authority or may be mailed to the Oregon Medical Marijuana Program, Oregon Health Authority, PO Box 14116, Portland, OR 97293.

(a) If documentation is mailed, it must be received by the Authority within 30 calendar days of the date the Authority mailed the notice to the applicant that the application was received or the application will be considered incomplete.

(b) If documentation is submitted electronically it must be received by the Authority within 30 calendar days of the date the Authority mailed the notice to the applicant that the application was received or the application will be considered incomplete.

(5) Application and registration fees must be paid online at the time of application.

(6) Criminal background check fees must be paid by check or money order and must be mailed to the Oregon Medical Marijuana Program, Oregon Health Authority, PO Box 14116, Portland, OR 97293 and must be received by the Authority in accordance with provisions in section (4) of this rule.

(7) If the Authority does not receive a complete application, all documentation required in sections (2) and (3) of this rule, and all required fees within the time frames established in this rule, the application will be considered incomplete.

(8) If the applicant provides the documentation required in section (3) of this rule, the Authority will review the information to determine if it is complete.

(a) If the documentation is not complete or is insufficient the Authority must notify the applicant in writing and the applicant will have 10 calendar days from the date such written notice is mailed by the Authority to provide the additional documentation.

(b) If the applicant does not provide the additional documentation within 10 calendar days or if any responsive documents are incomplete, insufficient or otherwise do not demonstrate compliance with ORS 475B.450 and these rules the application will be declared incomplete.

(9) A person who wishes to register more than one location must submit a separate application, registration fees, and all documentation described in sections (2) and (3) of this rule for each location.

(10) An application that is incomplete is treated by the Authority as if it was never received.

Stats. Implemented: ORS 475B.435
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1650
Processing Site Application Review

(1) Applications will be reviewed in the order they are received by the Authority. An application is considered received as of the date and time that payment of fees is authorized by the entity that issued the credit or debit card used to pay the fees.

(2) Once the Authority has determined that an application is complete it will review an application to the extent necessary to determine compliance with ORS 475B.435 and these rules.

(3) The Authority may, in its discretion, prior to acting on an application:

(a) Contact any individual listed on the application and request additional documentation or information;

(b) Inspect the premises of the proposed processing site; or

(c) Verify any information submitted by the applicant.

(4) Prior to making a decision whether to approve or deny an application the Authority must:

(a) Review the criminal background check results for each individual named on the application;

(b) Verify that the applicant is registered as a business with the Office of the Secretary of State; and

(c) Verify that the proposed location of the processing site is not located:

(A) In an area that is zoned for residential use if the processor intends to make extracts; and

(B) Is not in a city or county that has adopted an ordinance under ORS 475B.800 or section 133, chapter 614, Oregon Laws 2015, prohibiting processing sites.

(5) If during the review process the Authority determines that the application or supporting documentation contains intentionally false or misleading information the Authority may declare the application incomplete or deny the application in accordance with OAR 333-008-1670.

(6) The Authority will notify the applicant in writing that the applicant has 60 calendar days from the date of the written notice to submit a Readiness Form, prescribed by the Authority, indicating that the applicant is prepared for an inspection and is in compliance with these rules if:

(a) There is no basis for denial under OAR 333-008-1670;

(b) The proposed processing site is in compliance with ORS 475B.435 and these rules;

(c) Each individual named in the application passes the criminal background check; and

(d) Each individual named as a PRP in the application meets the age requirement.

(7) If the Authority does not receive the Readiness Form in accordance with section (6) of this rule the applicant's application will be declared incomplete, unless an extension has been granted under section (8) of this rule.

(8) An applicant may request one extension of the 60-day deadline in section (6) of this rule if the applicant can demonstrate to the Authority that the deadline cannot be met for reasons outside of the applicant's control, such as but not limited to the applicant's inability to obtain local government building permits.

(a) A request for an extension must be in writing, must be received within 60 calendar days of the notice described in section (6) of this rule, and must explain and provide documentation that shows the applicant cannot, for reasons outside of the applicant's control, meet the 60-day deadline.

(b) A request for an extension tolls the 60-day deadline.

(c) The Authority will review the request and provide, in writing to the applicant, its decision and the reason for the decision.

(d) If an extension is granted the Authority must inform the applicant of the new deadline for submission of the Readiness Form, but in any case an extension may not exceed 60 calendar days.

333-008-1670
Denial of Processing Site Application

(1) The Authority must deny an application for the registration of a processing site if:

(a) An application, supporting documentation provided by the applicant, or other information obtained by the Authority shows that the qualifications for a processing site in ORS 475B.435 or these rules have not been met; or

(b) An individual named in an application has been:

(A) Convicted for the manufacture or delivery of a controlled substance in Schedule I or Schedule II within two years from the date the application was received by the Authority; or

(B) Convicted more than once for the manufacture or delivery of a controlled substance in Schedule I or Schedule II; or

(c) The city or county in which the facility is located has prohibited processing sites in accordance with ORS 475B.800 or section 133, chapter 614, Oregon Laws 2015.

(2) The Authority may deny an applicant if it determines that the applicant, the owner of the processing site, a PRP, or an employee of the processing site:

(a) Submitted false or misleading information to the Authority; or

(b) Violated a provision of ORS 475B.400 to 475.525, 475B.555, 475B.605, 475B.615, OAR chapter 333, division 7, these rules or an ordinance adopted pursuant to ORS 475B.500.

(3) If an individual named in an application is not qualified based on age, or the criminal background check, the Authority will permit a change form to be submitted in accordance with OAR 333-008-1720 or 333-008-2030, along with the applicable criminal background check fee. If the individual named in the change form is not qualified the Authority must deny the application in accordance with section (1) of this rule.

(4) If the Authority intends to deny an application for registration it must issue a Notice of Proposed Denial in accordance with ORS 183.411 through 183.470.

333-008-1690
Expiration and Renewal of Registration for Processing Site

(1) A processing site's registration expires one year following the date of application approval.

(2) A processing site registrant must submit not more than 90 but at least 30 calendar days before the registration expires:

(a) A renewal application on a form prescribed by the Authority;

(b) Renewal fees;

(c) For each individual named in the renewal application:

(A) A legible copy of the individual's valid government issued photographic identification that includes last name, first name and date of birth;

(B) Information, fingerprints and fees required for a criminal background check in accordance with OAR 333-008-2020; and

(C) An Individual History Form and any information identified in the form that is required to be submitted.

(d) Current proof of business registration with the Secretary of State, including all DBA (doing business as) registrations;

(e) Documentation that shows the applicant has lawful possession of the location of the registered processing site; and

(f) A current scaled floor plan of all enclosed areas at the proposed location that will be used in the business with clear identification of walls, partitions, counters, windows, all areas of ingress and egress, uses of all spaces and all limited access areas.

(3) A registrant who files a completed renewal application, fees, and all the information required in section (2) of this rule with the Authority prior to the expiration date of the registration may continue to operate, even after the registration expiration date, pending a decision on the renewal application by the Authority.

(4) A processing site registrant that does not submit a timely application, fees and all the information required in section (2) of this rule may be subject to the imposition of civil penalties.

(5) If a processing site registrant does not submit the renewal application, fees and all the information required in section (2) of this rule prior to the registration's expiration, the registration is expired and is no longer valid.

(6) Renewals will be processed in accordance with OAR 333-008-1650 to 333-008-1670, as applicable.

(7) A renewal applicant may be required to submit a Readiness Form, as described in OAR 333-008-1650(9) and may be subject to inspection prior to the Authority acting on a renewal application.

333-008-1710
PRP Criteria and Responsibilities

(1) A PRP must:

(a) Be 21 years or age or older;

(b) Have legal authority to act on behalf of the registered processing site; and

(c) Be responsible for ensuring the registered processing site complies with applicable laws.

(2) A PRP may not:

(a) Have been convicted in any state for the manufacture or delivery of a controlled substance in Schedule I or Schedule II within two years from the date of application; or

(b) Have been convicted more than once in any state for the manufacture or delivery of a controlled substance in Schedule I or Schedule II.

(3) At least one PRP must be on site at a processing site during Authority inspections or investigations at the time of the inspection or investigation or within one hour of being notified that an inspection or investigation is taking place.

(4) A PRP is accountable for any intentional or unintentional action of a processing site representative, with or without the knowledge of the PRP, who violates ORS 475B.435 to 475B.440 or these rules, and is responsible for any unlawful conduct that occurs on the premises of the processing site or any property outside the registered processing site that is owned by or under the control of the processing site registrant.

Stat. Auth.: ORS 475B.435
Stats. Implemented: ORS 475B.435
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1720
Removal, Addition, Change, Designation or Assignment of PRP

(1) If an owner of a registered processing site is adding or changing a PRP or primary PRP, an individual with legal authority to act on behalf of the registered processing site must submit:

(a) A form, prescribed by the Authority;

(b) A legible copy of the individual's valid government issued photographic identification that includes last name, first name and date of birth;

(c) Information and fingerprints required for a criminal background check in accordance with OAR 333-008-2020; and

(d) A criminal background check fee of $35.

(2) A PRP who is designating or assigning the responsibilities of a PRP to another individual must submit the information and fees required in section (1) of this rule. The duties of a primary PRP may not be designated or assigned.

(3) The Authority will review and approve the addition or change of a PRP or primary PRP if the individual meets the requirements in OAR 333-008-1710.

(4) The Authority will review and approve the designation or assignment of the responsibilities of a PRP to another individual if that individual meets the requirements in OAR 333-008-1710. An individual to whom a designation or assignment is made, and who is approved by the Authority, has the same legal obligations as a PRP.

(5) An individual may not act in the capacity of a PRP without approval from the Authority.

(6) If the Authority denies the request to add or change a PRP or primary PRP, or denies the request to designate or assign the responsibilities of a PRP to another individual, the Authority must notify the individual that submitted the request of the denial and the current primary PRP and describe the reason for the denial.

(7) A registered processing site may not process marijuana or receive or transfer any marijuana items without at least one Authority approved PRP and a primary PRP.

Stat. Auth.: ORS 475B.435
Stats. Implemented: ORS 475B.435
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1730
Registered Processing Site Premises Restrictions and Requirements

(1) A registered processing site may not be located in an area that is zoned for residential use if the processing site is endorsed to make cannabinoid extracts.

(2) In order to be registered a processing site must operate at a particular location as specified in the application and may not be mobile.

(3) Minors on Premises. A registered processing site may not permit a minor to be present in any limited access area of a registered processing site.

(4) On Premises Consumption.

(a) A registered processing site may not permit the ingestion, inhalation or topical application of a marijuana item anywhere on the premises of the processing site, except as described in subsection (b) of this section.

(b) An employee of a registered processing site who is a patient may consume a marijuana item during his or her work shift on the premises of the registered processing site as necessary for his or her medical condition, if the employee is:

(A) Alone and in a closed room where no processing site marijuana items are present; and

(B) Not visible to the public outside the registered processing site.

(c) For purposes of this section consume does not include smoking, combusting, inhaling, vaporizing, or aerosolizing a marijuana item.

(5) General Public and Visitor Access. The general public is not permitted on the premises of registered processing site, except as permitted by this rule.

(a) In addition to registrant representatives, the following visitors are permitted on the premises of a processing site, including limited access areas, subject to the requirements in section (6) of this rule:

(A) Laboratory personnel, if the laboratory is accredited by the Authority;

(B) A contractor authorized by a registrant representative to be on the premises; or

(C) Individuals authorized to transfer marijuana items to a registered processing site.

(b) A registered processing site may permit up to seven invited guests 21 years of age and older, per week, on the premises of a registered processing site, including limited access areas, subject to the requirements in section (6) of this rule.

(6) Visitor Escort, Log and Badges.

(a) Prior to entering the premises of a registered processing site all visitors permitted by section (5) of this rule must be documented and issued a visitor identification badge from a registrant representative that must remain visible while on the premises. A visitor badge is not required for government officials. All visitors described in section (5) of this rule must be accompanied by a registrant representative at all times.

(b) A processing site registrant must maintain a log of all visitor activity and the log must contain the first and last name and date of birth of every visitor, and the date they visited.

(7) Government Access. Nothing in this rule is intended to prevent or prohibit Authority employees or contractors, or other state or local government officials that have jurisdiction over some aspect of the premises or a registered processing site to be on the premises.

(a) A visitor badge is not required for government officials.

(b) A processing site must log every government official that enters the premises but the processing site may not request that the government official provide a date of birth for the log.

(8) A registered processing site must have:

(a) A designated limited access area or areas where transfers of marijuana items are received; and

(b) A designated area where visitors enter the processing site premises and are checked in.

(9) The areas described in section (8) of this rule must be clearly marked on the floor or plot plan sketch required in OAR 333-008-1650.

(10) Signage. A registered processing site must post:

(a) At every entrance to the processing site a sign that reads: "No On-Site Consumption of Marijuana".

(b) At all areas of ingress to a limited access area signs that reads:

(A) "Restricted Access Area — Authorized Personnel Only".

(B) "No Minors Allowed".

(11) A processing site may not sublet or share with any other business any portion of the processing site premises, except as permitted in OAR 333-008-1790.

333-008-1740
Operation of Registered Processing Site

(1) Policies and Procedures. In order to be registered and remain registered a processing site must create and maintain written, detailed standard policies and procedures that include but are not limited to:

(a) Instructions for making each medical cannabinoid product, concentrate or extract.

(b) The ingredients and the amount of each ingredient for each process lot.

(c) The process for making each product.

(d) The number of servings in a process lot.

(e) The intended amount of THC per serving and in a unit of sale of the product.

(f) The process for ensuring that the amount of THC is consistently distributed throughout each process lot.

(g) If processing a cannabinoid concentrate or extract:

(A) Conducting necessary safety checks prior to commencing processing; and

(B) Purging any solvent or other unwanted components from a cannabinoid concentrate or extract.

(h) Procedures for cleaning all equipment, counters and surfaces thoroughly.

(i) Proper handling and storage of any solvent, gas or other chemical used in processing or on the processing site premises in accordance with material safety data sheets and any other applicable laws.

(j) Proper disposal of any waste produced during processing in accordance with all applicable local, state and federal laws, rules and regulations.

(k) Quality control procedures designed to, at a minimum, ensure that the amount of THC is consistently distributed throughout each process lot and that potential product contamination is minimized.

(l) Appropriate use of any necessary safety or sanitary equipment.

(m) Emergency procedures to be followed in case of a fire, chemical spill or other emergency.

(n) Security.

(o) Transfers of marijuana items to and from the processing site.

(p) Testing.

(q) Packaging and labeling if the processor intends to or is packaging and labeling marijuana items after transfer to the processing site.

(r) Employee training.

(s) Compliance with these rules, including but not limited to violations and enforcement.

(t) Roles and responsibilities for employees and PRPs in assisting the Authority during inspections or investigations.

(2) Prohibitions. A registered processing site may not process or transfer a marijuana item:

(a) That by its shape, design or flavor is likely to appeal to minors, including but not limited to:

(A) Products that are modeled after non-cannabis products primarily consumed by and marketed to children; or

(B) Products in the shape of an animal, vehicle, person or character.

(b) That is made by applying cannabinoid concentrates or extracts to commercially available candy or snack food items.

(c) That contains dimethyl sulfoxide (DMSO).

(3) Employees. A registered processing site may employ an individual between the ages of 18 and 20 if the individual is a patient. Otherwise, processing site employees must be 21 years of age or older.

(4) Standardized Scales. In order to obtain a registration and to retain registration a processing site registrant must own, maintain on the premises and use a weighing device that is licensed by the Oregon Department of Agriculture. Licensed weighing devices must be used by a processing site whenever marijuana items are:

(a) Transferred to or from the processing site and the transfer is by weight;

(b) Packaged for transfer by weight; or

(c) Weighed for purposes of documenting information required in OAR 333-008-1760, 333-008-1770, 333-008-1820, and 333-008-1830.

(5) Inventory Tracking and Point of Sale System: A registered processing site must have an integrated inventory tracking and point of sale system that can and does, at a minimum:

(a) Produce bar codes or similar unique identification numbers for each lot of usable marijuana transferred to a registered processing site and for each lot of a medical cannabinoid product, concentrate or extract transferred to a registered dispensary;

(b) Capture all information required to be documented in OAR 333-008-1760 and 333-008-1770;

(c) Generate inventory, transaction, transport and transfer reports requested by the Authority viewable in PDF format; and

(d) Produce all the information required to be submitted to the Authority pursuant to OAR 333-0080-1830.

(6) Online Verification of Registration Status. A registered processing site must verify an individual's or processing site's registration status with the Authority when receiving a transfer of a marijuana item if the Authority has available an online system for such verification.

(7) Transfers from and to patients or designated primary caregivers.

(a) A registered marijuana processing site may transfer a medical cannabinoid product, concentrate or extract to a patient, or a patient's designated primary caregiver if the patient or the patient's designated primary caregiver provides the marijuana processing site with the marijuana to be processed into the medical cannabinoid product, concentrate or extract and the marijuana processing site receives no compensation for the transfer of the marijuana.

(b) A registered processing site must document each transfer of marijuana by a patient or the patient's designated primary caregiver to the processing site in accordance with OAR 333-008-1760 and 333-008-1770.

(c) A registered processing site must document each transfer of a cannabinoid product, concentrate or extract to a patient or the patient's designated primary caregiver in accordance with OAR 333-008-1760 and 333-008-1770.

(d) A registered processing site may be compensated by the patient or the patient's designated primary caregiver for all costs associated with the processing of marijuana for the patient.

(8) Inventory On-Site. Marijuana items must be kept on-site at the registered processing site. The Authority may take enforcement action against a registered processing site if during an inspection a processing site cannot account for its inventory or if the amount of usable marijuana at the processing site is not within five percent of the documented inventory.

(9) Testing.

(a) Prior to October 1, 2016, a registered processing site must comply with the applicable sampling and testing requirements in OAR 333-008-1190 or if using an accredited laboratory, comply with OAR 333-007-0300 to 333-007-0490.

(b) On and after October 1, 2016, a registered processing site must comply with OAR 333-007-0300 to 333-007-0490 and may not:

(A) Accept a transfer of a marijuana item that has not been tested in accordance with OAR 333-007-0300 to 333-007-0490.

(B) Transfer a medical cannabinoid product, concentrate or extract that has not been tested in accordance with OAR 333-007-0300 to 333-007-0490.

(10) Packaging and Labeling.

(a) Prior to October 1, 2016, a registered processing site must comply with the labeling and packaging rules in OAR 333-008-1220 and 333-008-1225, 333-007-0010 to 333-007-0100 or 845-025-7000 to 845-025-7020 and 845-025-7060.

(b) On and after October 1, 2016, a registered processing site must comply with the labeling requirements in OAR 333-007-0010 to 333-007-0100, and the packaging requirements in OAR 845-025-7000 to 845-025-7020 and 845-025-7060.

(11) Industrial Hemp Products. A processing site may only accept the transfer of and may only transfer a product that contains THC or CBD that is derived from marijuana.

(12) Sampling. A registered processing site may provide a sample of a medical cannabinoid product, concentrate or extract to a dispensary for the purpose of the dispensary determining whether to purchase the product, concentrate or extract but the product, concentrate or extract may not be consumed on the processing site. Any sample provided to a dispensary must be recorded in the database.

(13) For purposes of this rule:

(a) "Lot of usable marijuana" means a quantity of usable marijuana transferred to a registered processing site from the same harvest lot as that term is defined in OAR 333-007-0020; and

(b) "Lot of medical cannabinoid products, concentrates or extracts" means a quantity of a medical cannabinoid product, concentrate or extract transferred to a registered dispensary at one time and that is from the same process lot as that term is defined in OAR 333-007-0020.

Stat. Auth.: ORS 475B.435, 475B.440
Stats. Implemented: ORS 475B.435, 475B.440
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1760
Transfers to a Registered Processing Site

(1) Transfers of Marijuana by a Patient or Designated Primary Caregiver to Process for a Patient. A patient or designated primary caregiver may transfer marijuana to a registered processing site for no compensation for the purpose of the registered processing site processing the marijuana into a cannabinoid product, concentrate or extract.

(a) If a designated primary caregiver is transferring the marijuana, a registered processing site may only accept a transfer of marijuana under this section if the caregiver provides the original or a copy of a valid Authorization to Transfer form prescribed by the Authority.

(b) In order to be valid an Authorization to Transfer form must include at least:

(A) The patient's name, OMMP card number, OMMP receipt number if applicable and expiration date and contact information;

(B) The name and contact information of the individual who is authorized to transfer the usable marijuana to the registered processing site and that individual's OMMP card number and expiration date;

(C) The name and address of the registered processing site that is authorized to receive the usable marijuana; and

(D) The date the authorization expires, if earlier than the expiration date of the patient's OMMP card or receipt.

(2) Transfer of Usable Marijuana. A patient, caregiver, or PRMG may transfer usable marijuana to a registered processing site, subject to the requirements in this rule.

(a) A registered processing site may only accept a transfer of usable marijuana if the individual transferring the usable marijuana provides the original or a copy of a valid:

(A) Authorization to Transfer form prescribed by the Authority; or

(B) Personal agreement as that is defined in OAR 333-008-0010.

(b) Authorization to Transfer Forms. In order to be valid an Authorization to Transfer form must include at least:

(A) The patient's name, OMMP card number and expiration date and contact information;

(B) The name and contact information of the individual who is authorized to transfer the usable marijuana to the registered processing site and that individual's OMMP card number and expiration date;

(C) The name and address of the registered processing site that is authorized to receive the usable marijuana; and

(D) The date the authorization expires, if earlier than the expiration date of the patient's OMMP card.

(c) Personal Agreements. In order to be valid a personal agreement must include at least:

(A) The patient's name, OMMP card number and expiration date and contact information;

(B) The name and contact information of the PRMG to whom the patient's property rights have been assigned and the producer's OMMP card number and expiration date;

(C) The portion of the patient's rights to possess usable marijuana that is being assigned to the producer.

(3) Transfer of medical cannabinoid products, concentrates or extracts. A registered processing site may only accept a transfer of a medical cannabinoid product, concentrate or extract from another registered medical marijuana processing site.

(4) A registered processing site may only accept a transfer of a medical cannabinoid product, concentrate or extract from a registered processing site that provides a Processing Site Authorization to Transfer form, prescribed by the Authority. In addition the registered processing site must obtain a copy of the photo identification of the individual transferring the product, concentrate or extract as required in section (5)(b)(B) of this rule.

(5) Transfer Records. At the time marijuana, usable marijuana or a medical cannabinoid product, concentrate or extract is transferred to a registered processing site a processing site representative must:

(a) Document, as applicable:

(A) The weight in metric units of all usable marijuana received by the processing site;

(B) The amount of a medical cannabinoid product, concentrate or extract received by the processing site, including, as applicable, the weight in metric units, or the number of units;

(C) The name of the usable marijuana or medical cannabinoid product, concentrate or extract;

(D) The date the usable marijuana or medical cannabinoid product, concentrate or extract was received; and

(E) The amount of reimbursement paid by the registered processing site.

(b) Obtain and maintain a copy of, as applicable:

(A) Documents required in section (1) of this rule including the date it was received;

(B) The photo identification of the individual transferring the usable marijuana or medical cannabinoid product, concentrate or extract to the registered processing site, if such a copy is not already on file;

(C) The OMMP card of the individual transferring usable marijuana;

(D) The medical marijuana processing site registration; and

(E) Test results for marijuana items transferred to the processing site unless the processing site plans to arrange for the testing of the marijuana item.

(6) Prior to October 1, 2016, if a registered processing site accepts the transfer of usable marijuana or a medical cannabinoid product, concentrate or extract that has not been tested in accordance with OAR 333-008-1190 or OAR 333-007-0300 to 333-007-0490 the processing site must segregate that item in accordance with OAR 333-008-1190(7).

(7) Once samples of the usable marijuana or a medical cannabinoid product, concentrate or extract have been taken for the purpose of testing the item must be stored and secured in a manner that prevents the product from being tampered with or transferred prior to test results being reported.

(8) Nothing in these rules requires a registered processing site to accept a transfer of a marijuana item.

(9) All documentation required in this rule must be maintained electronically in an integrated inventory tracking and point of sale system.

333-008-1770
Transfers From a Registered Processing Site

(1) A registered processing site must, in addition to the completing a Processing Site Authorization to Transfer form, prescribed by the Authority, document the following for transfers to a registered dispensary or registered processing site:

(a) The name, address, and registration number of the dispensary or processing site to which a medical cannabinoid product, concentrate or extract was transferred;

(b) The amount of medical cannabinoid product, concentrate, or extract transferred;

(c) The name of the medical cannabinoid product, concentrate, or extract transferred;

(d) The date of the transfer; and

(e) The amount of money paid by the registered dispensary or processing site for the transfer.

(2) A registered processing site must document the following for the transfer of a medical cannabinoid product, concentrate or extract to a patient or designated primary caregiver pursuant to ORS 475B.443(1)(b) and (c):

(a) The name and registration number or OMMP receipt number of the patient or designated primary caregiver to which a medical cannabinoid product, concentrate or extract was transferred;

(b) If the medical cannabinoid product, concentrate or extract was transferred to a designated primary caregiver, the patient's name and registration number for whom the caregiver was receiving the transfer;

(c) The amount of medical cannabinoid product, concentrate, or extract transferred;

(d) The name of the medical cannabinoid product, concentrate, or extract transferred;

(e) The date of the transfer; and

(f) The amount of money paid by the patient or designated primary caregiver for the transfer.

(3) All documentation required in this rule must be maintained electronically in an integrated inventory tracking and point of sale system.

333-008-1780
General Processing Site Health and Safety Requirements

(1) A processing site must:

(a) Use equipment, counters and surfaces for processing that are food-grade and do not react adversely with any solvent being used.

(b) Have counters and surface areas that are constructed in a manner that reduce the potential for development of microbials, molds and fungi and that can be easily cleaned.

(c) Maintain the processing site in a manner that is free from conditions which may result in contamination and that is suitable to facilitate safe and sanitary operations for product preparation purposes.

(2) A processing site may not treat or otherwise adulterate a medical cannabinoid product, concentrate or extract with any additives that would increase potency, toxicity, or addictive potential, or that would create an unsafe combination with other psychoactive substances. Prohibited additives include but are not limited to nicotine, alcohol, caffeine, or chemicals that increase carcinogenicity.

Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1790
Cannabinoid Edible Processor Requirements

(1) A processing site endorsed to make cannabinoid edibles may only process in a food establishment licensed by the Oregon Department of Agriculture (ODA) and must comply with the applicable provisions of OAR chapter 603, division 21, division 24, division 25, with the exception of OAR 603-025-0020(17), and division 28.

(2) A processing site endorsed to make cannabinoid edibles may not:

(a) Engage in processing in a location that is operating as a restaurant, seasonal temporary restaurant, intermittent temporary restaurant, limited service restaurant or single-event temporary restaurant licensed under ORS chapter 624;

(b) Share a food establishment with a person not registered with the Authority as a cannabinoid edible processor;

(c) Process cannabinoid edibles and food in the same food establishment; or

(d) Use a cannabinoid concentrate or extract in a cannabinoid edible unless that concentrate or extract was processed in a food establishment licensed by ODA under OAR chapter 603, division 21, division 24, division 25, with the exception of OAR 603-025-0020(17), and division 28.

(3) A processing site endorsed to make cannabinoid edibles may share a food establishment with another Authority registered cannabinoid edible processor if:

(a) The schedule, with specific hours and days that each processor will use the food establishment, is prominently posted at the entrance to the food service establishment.

(b) Each registrant designates a separate area to secure, in accordance with OAR 333-008-2080 any marijuana, medical cannabinoid products, concentrates or extracts that a registrant stores at the food establishment. If a cannabinoid edible processor does not store marijuana, medical cannabinoid products, concentrates or extracts at the food establishment those items must be stored on a registered processing site under the processor's control.

(4) A food establishment used by a processing site endorsed to make cannabinoid edibles is considered a registered processing site and must meet the security and other premises requirements in these rules.

(5) A processing site endorsed to make cannabinoid edibles is strictly liable for any violation found at a shared food establishment during that processor's scheduled time, as reflected on the posted schedule or within that processor's designated area in the food establishment.

(6) If the Authority cannot determine by viewing the schedule or video surveillance footage who was responsible for the violation, each processor at the shared food establishment is individually and jointly liable for any documented violations.

(7) A processing site must make cannabinoid edibles in a manner that results in the THC being distributed consistently throughout the edible.

Stat. Auth.: ORS 475B.435 & 475B.440
Stats. Implemented: ORS 475B.435 & 475B.440
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-1800
Cannabinoid Concentrate and Extract Processor Requirements

(1) Cannabinoid Concentrates or Extracts. A processing site endorsed to make cannabinoid concentrates or extracts:

(a) May not use Class I solvents as those are classified in the Federal Drug Administration Guidance, Table I, published in the Federal Register on December 24, 1997 (62 FR 67377).

(b) Must:

(A) Only use a hydrocarbon-based solvent that is at least 99 percent purity.

(B) Only use a non-hydrocarbon-based solvent that is food-grade.

(C) Work in an environment with proper ventilation, controlling all sources of ignition where a flammable atmosphere is or may be present.

(D) Use only potable water and ice made from potable water in processing.

(E) If making a concentrate or extract that will be used in a cannabinoid edible, be endorsed as a cannabinoid edible processor.

(2) Cannabinoid Extracts. A processing site endorsed to make cannabinoid extracts:

(a) May not use pressurized canned flammable fuel, including but not limited to butane and other fuels intended for use in camp stoves, handheld torch devices, refillable cigarette lighters and similar consumer products

(b) Must:

(A) Process in a:

(i) Fully enclosed room clearly designated on the current diagram of the registered premises.

(ii) Room and with equipment, including all electrical installations, that meet the requirements of the Oregon Structural Specialty Code, related Oregon Specialty Codes and the Oregon Fire Code..

(B) Use a commercially manufactured professional grade closed loop extraction system designed to recover the solvents and built to recognized and generally accepted good engineering standards, such as those of:

(i) American National Standards Institute (ANSI);

(ii) Underwriters Laboratories (UL); or

(iii) The American Society for Testing and Materials (ASTM).

(C) If using carbon dioxide in processing, use a professional grade closed loop carbon dioxide gas extraction system where every vessel is rated to a minimum of 600 pounds per square inch.

(D) For extraction system engineering services, including but not limited to consultation on and design of extraction systems or components of extraction systems, use the services of a professional engineer registered with the Oregon State Board of Examiners for Engineering and Land Surveying, unless an exemption under ORS 672.060 applies;

(E) Have an emergency eye-wash station in any room in which cannabinoid extract is being processed.

(F) Have all applicable material safety data sheets readily available to personnel working for the processor.

(3) Cannabinoid Concentrates. A processing site endorsed to make cannabinoid concentrates:

(a) May not:

(A) Use denatured alcohol.

(B) If using carbon dioxide, apply high heat or pressure.

(b) Must only use or store dry ice in a well ventilated room to prevent against the accumulation of dangerous levels of carbon dioxide.

(c) May use:

(A) A mechanical extraction process;

(B) A chemical extraction process using a nonhydrocarbon-based or other solvent, such as water, vegetable glycerin, vegetable oils, animal fats, isopropyl alcohol or ethanol; or

(C) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, provided that the process does not involve the use heat over 180 degrees or pressure.

28-16

333-008-1810
Cannabinoid Topical Processor

(1) A processing site endorsed to make cannabinoid topicals, tinctures, capsules, suppositories or transdermal patches may not engage in processing in a location that is operating as a restaurant, seasonal temporary restaurant, intermittent temporary restaurant, limited service restaurant or single-event temporary restaurant licensed under ORS chapter 624.

(2) A registered processing site making cannabinoid tinctures may only process in a food establishment licensed by the Oregon Department of

Agriculture (ODA) and must comply with the applicable provisions of OAR chapter 603, division 21, division 24, division 25, with the exception of OAR 603-025-0020(17), and division 28.

333-008-1830
Registered Marijuana Processing Site Required Reporting to the Authority

(1) The individual or individuals responsible for a marijuana processing site shall maintain documentation of each transfer of usable marijuana, medical cannabinoid products, cannabinoid concentrates and cannabinoid extracts and on and after June 1, 2016, must submit to the Authority electronically, by the 10th of each month, the following information:

(a) The amount of usable marijuana transferred to the marijuana processing site during the previous month.

(b) The amount and type of a medical cannabinoid concentrate or extract transferred by another registered processing site during the previous month. For purposes of this section "type" means:

(A) Cannabinoid concentrate in solid form; and

(B) Cannabinoid concentrate in liquid form.

(c) The amount and type of medical cannabinoid products transferred by the marijuana processing site to a dispensary. For purposes of this section "type" means:

(A) Cannabinoid edibles;

(B) Cannabinoid topicals;

(C) Cannabinoid tinctures;

(D) Cannabinoid capsules;

(E) Cannabinoid suppositories;

(F) Cannabinoid transdermal patches; and

(G) Cannabinoid product other than products listed in paragraphs (A) to (F) of this subsection.

(d) The amount and type of cannabinoid concentrates transferred by the marijuana processing site during the previous month. For purposes of this section "type" means:

(A) Cannabinoid concentrate in solid form; and

(B) Cannabinoid concentrate in liquid form.

(e) The amount and type of cannabinoid extracts transferred by the marijuana processing site during the previous month. For purposes of this section "type" means:

(A) Cannabinoid extract in solid form; and

(B) Cannabinoid extract in liquid form.

(f) The amount and type of medical cannabinoid products transferred by the marijuana processing site to a patient or the patient's designated primary caregiver during the previous month. For purposes of this section "type" means:

(A) Cannabinoid edibles;

(B) Cannabinoid topicals;

(C) Cannabinoid tinctures;

(D) Cannabinoid capsules;

(E) Cannabinoid suppositories;

(F) Cannabinoid transdermal patches; and

(G) Cannabinoid product other than products listed in paragraphs (A) to (F) of this subsection.

(g) The amount and type of cannabinoid concentrates or extracts transferred by the marijuana processing site to a patient or the patient's designated primary caregiver during the previous month. For purposes of this section "type" means;

(A) Cannabinoid concentrate or extract in liquid form; and

(B) Cannabinoid concentrate or extract in solid form.

(2) Information submitted to the Authority under this rule must:

(a) List each type of marijuana item separately;

(b) Provide the total aggregate amount of a type of marijuana item transferred to a processing site by a patient, designated primary caregiver, PRMG or other registered processing site during the previous month; and

(c) Provide the total aggregate amount of a type of marijuana item transferred from a processing site to a registered dispensary, patient, designated primary caregiver, or other registered processing site during the previous month.

(3) In addition to submitting the information as required by section (1) of this rule, a person responsible for a processing site must keep a record of the information described in section (1) of this rule for two years after the date on which the person submits the information to the Authority.

Stat. Auth.: ORS 475B.438
Stats. Implemented: ORS 475B.438
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-2030
Notification of Changes

(1) A registrant must notify the Authority within 10 calendar days of any of the following:

(a) The conviction for the manufacture or delivery of a controlled substance in Schedule I or Schedule II of any individual named in the application;

(b) A change in any contact information for anyone listed in an application or subsequently identified as an owner, an individual with a financial interest, a PRD or a PRP;

(c) A decision to remove a PRD, PRP, primary PRD or primary PRP;

(d) A decision to permanently close the dispensary or processing site at that location;

(e) For a dispensary, the location of a public or private elementary or secondary school within 1,000 feet of the dispensary; and

(f) The suspected theft of marijuana items.

(2) The notification required in section (1) of this rule must include a description of what has changed or the event and any documentation necessary for the Authority to determine whether the dispensary or processing site or dispensary or processing site registrant is still in compliance with ORS 475B.435, 475B.450 and these rules including but not limited to, as applicable:

(a) A copy of the criminal judgment or order;

(b) The location of the school that has been identified as being within 1,000 feet of the dispensary; or

(c) A copy of the police report documenting that the suspected theft of marijuana items was reported to law enforcement, if it was reported.

(3) Changes in Ownership, Financial Interest or Business Structure. A registrant that proposes to change its corporate structure, ownership structure or change who has a financial interest in the business must submit a form prescribed by the Authority, any information identified in the form to be submitted, and criminal background check fees, if applicable, to the Authority, prior to making such a change.

(a) The Authority must review the form and other information submitted and will approve the change if the change would not result in an initial or renewal application denial under OAR 333-008-1060 or 333-008-1670, or serve as the basis of a registration suspension or revocation.

(b) If the Authority denies the change but the registrant proceeds with the change the registrant must surrender the registration or the Authority will propose to suspend or revoke the registration.

(4) Failure of a registrant to notify the Authority in accordance with this rule may result in the imposition of civil penalties or the suspension or revocation of a dispensary or processing site's registration.

333-008-2080
Security Requirements

In order to be registered and remain registered a registrant must:

(1) Have an installed and fully operational security alarm system, installed by an alarm installation company, activated at all times when the premises is closed for business on all:

(a) Entry or exit points to and from the premises; and

(b) Perimeter windows, if applicable.

(2) Have a security alarm system that:

(a) Detects movement inside the premises;

(b) Is programmed to notify a security company that will notify a registrant representative or his or her designee in the event of a breach; and

(c) Has at least two operational "panic buttons" located inside the premises that are linked with the alarm system that notifies a security company.

(3) Have commercial grade, non-residential door locks installed on every external door of a registered premises where marijuana items are present.

(4) During all hours when the registrant is not operating:

(a) Securely lock all entrances to and exits from the registered premises and ensure any keys or key codes to the enclosed area remain in the possession of the registrant or registrant representative;

(b) Have a safe or vault as those terms are defined in OAR 333-008-0010 for the purpose of securing all marijuana items as required by these rules.

(5) Have a password protected network infrastructure.

(6) Have an electronic back-up system for all electronic records.

(7) Keep all video recordings and archived required records not stored electronically in a locked storage area. Current records may be kept in a

locked cupboard or desk outside the locked storage area during hours when the registered business is open.

Stat. Auth.: ORS 475B.435, 475B.450, 475B.525

333-008-2090
Video Surveillance Equipment

In order to be registered and remain registered a registrant must:

(1) Have an installed and fully operational video surveillance recording system with video surveillance equipment that at a minimum:

(a) Consists of:

(A) Digital or network video recorders;

(B) Cameras capable of meeting the requirements of OAR 333-008-2110 and this rule;

(C) Video monitors;

(D) Digital archiving devices;

(E) A minimum of one monitor on premises capable of viewing video; and

(F) A color printer capable of producing still photos.

(b) Is equipped with a failure notification system that immediately notifies a registrant representative of any surveillance interruption or failure that is longer than five minutes; and

(c) Has sufficient battery backup to support a minimum of one hour of recording time in the event of a power outage.

(2) Have a video surveillance system capable of recording all predetermined surveillance areas in any lighting conditions.

(3) Have, in limited access and point of sale areas, cameras that have minimum resolution of 1280 x 720 pixels (px) and record at 10 fps (frames per second).

(4) Have, in exterior perimeter and non-limited access areas (except for restrooms) cameras that have a minimum resolution of 1280 x 720 px and record at least 5 fps, except where coverage overlaps any limited access areas such as entrances or exits and in those overlap areas cameras must record at 10 fps.

333-008-2100
Required Camera Coverage and Camera Placement

In order to be registered and remain registered a registrant must:

(1) Have security camera coverage for:

(a) All secure and limited access areas;

(b) All areas where marijuana items will be and are transferred to or from a registered premises;

(c) All areas where the general public is permitted (except for restrooms);

(d) All points of entry to and exit from limited access areas and areas where marijuana items will be and are transferred to or from a registered premises; and

(e) All points of entry to and exit from the premises.

(2) Have cameras that are positioned so that they capture clear and certain images of any individual and activity occurring:

(a) Within 15 feet both inside and outside of all points of entry to and exit from the premises;

(b) Anywhere within a secure or limited access area on the premises; and

(c) Anywhere within an area where marijuana items will be and are transferred to or from a registered premises.

333-008-2110
Video Recording Requirements

(1) In order to be registered and remain registered a registrant must:

(a) Have cameras that are installed, operational, and continuously record 24 hours a day in all areas where marijuana items will be or are on the premises, including areas where the general public is permitted (except restrooms).

(b) Use cameras that record at a minimum resolution of 1280 x 720 px;

(c) Have an installed and operational surveillance system that:

(A) Can produce a color still photograph from any camera image; and

(B) Embeds the date and time on all surveillance recordings without significantly obscuring the picture;

(2) A registrant must:

(a) Keep all surveillance recordings a minimum of 45 calendar days and in a format that can be easily accessed for viewing;

(b) Archive video recordings in a format that ensures authentication of the recording as a legitimately-captured video and guarantees that no alterations of the recorded image has taken place;

(c) Provide video surveillance records and recordings immediately upon request to the Authority for the purpose of ensuring compliance with ORS 475B.450 and these rules;

(d) Keep surveillance recordings for periods exceeding 45 calendar days upon request of the Authority; and

(e) Immediately notify the Authority of any equipment failure or system outage lasting 30 minutes or more.

Stat. Auth.: ORS 475B.435, 475B.450, 475B.525
Stats. Implemented: ORS 475B.435, 475B.450

333-008-2180
Violations

(1) It is a violation for an applicant for a registration, registrant or registrant representative to:

(a) Fail to cooperate with an inspection;

(b) Submit false or misleading information to the Authority;

(c) If the registrant is a dispensary, transfer a marijuana item to an individual who is not a patient or a designated primary caregiver;

(d) If the registrant is a processing site, transfer a medical cannabinoid product, concentrate or extract to anyone who is not a dispensary representative or a patient;

(e) Accept the transfer of a marijuana item from an individual who is not registered with the Authority;

(f) Accept the transfer of a marijuana item that was produced or processed in another state;

(g) Possess a mature marijuana plant;

(h) Fail to submit a plan of correction in accordance with OAR 333-008-2190;

(i) Fail to comply with an emergency suspension order or final order of the Authority, including failing to pay a civil penalty;

(j) Fail to comply with ORS 475B.435 to 475B.443, 475B.450 to 475B.453, 475B.555, 475B.605, 475B.615, these rules, or OAR chapter 333, division 7; or

(k) Alter or falsify a laboratory test report or result.

(l) Alter or falsify a receipt issued under OAR 333-008-0023 or 333-008-0040

(2) It is a violation of ORS 475B.450 and these rules to operate a dispensary without being registered by the Authority.

(3) It is a violation of ORS 475B.435 and these rules to operate a processing site without being registered by the Authority unless an exemption applies.

Stat. Auth.: ORS 475B.435, 475B.450 & 475B.525
Stats. Implemented: ORS 475B.435 & 475B.450
Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-008-2190
Enforcement

(1)(a) Informal Enforcement. If, during an inspection the Authority documents violations of ORS 475B.435 to 475B.443, 475B.450 to 475B.453, 475B.555, 475B.605, 475B.615, any of these rules or OAR chapter 333, division 7, the Authority may issue a written Notice of Violation to a registrant that cites the laws alleged to have been violated and the facts supporting the allegations.

(b) A registrant must submit to the Authority a signed plan of correction within 10 business days from the date the Notice of Violation was mailed by the Authority. A signed plan of correction will not be used by the Authority as an admission of the violations alleged in the Notice.

(c) A registrant must correct all deficiencies within 10 business days from the date of the Notice, unless an extension of time is requested from the Authority. A request for such an extension shall be submitted in writing and must accompany the plan of correction.

(d) The Authority must determine if a written plan of correction is acceptable. If the plan of correction is not acceptable to the Authority it must notify the registrant in writing and request that the plan of correction be modified and resubmitted no later than 10 business days from the date the letter of non-acceptance was mailed.

(e) If the registrant does not come into compliance by the date of correction reflected on the plan of correction, the Authority may propose to suspend or revoke the registrant's registration or impose civil penalties.

(f) The Authority may conduct an inspection at any time to determine whether a registrant has corrected the deficiencies in a Notice of Violation.

(2) Formal Enforcement. If, during an inspection or based on other information the Authority determines that a registrant is in violation of ORS 475B.435 to 475B.443, 475B.450 to 475B.453, 475B.555, 475B.605, 475B.615, any of these rules or OAR chapter 333, division 7 the Authority may issue:

(a) A Notice of Proposed Suspension or Revocation in accordance with ORS 183.411 through 183.470.

(b) A Notice of Imposition of Civil Penalties in accordance with OAR 333-008-2200.

(c) An Order of Emergency Suspension pursuant to ORS 183.430.

(3) The Authority must determine whether to use the informal or formal enforcement process based on the nature of the alleged violations, whether there are mitigating or aggravating factors, and whether the registrant has a history of violations.

(4) The Authority must issue a Notice of Proposed Revocation if the registrant no longer meets the criteria in ORS 475B.450(3)(a) to (d) or ORS 475B.435(3)(a) or (b).

(5) The Authority may issue civil penalties or maintain a civil action against an establishment providing the services of a processing site or dispensary but is not registered in accordance with ORS 475B.450, ORS 475B.435 and these rules.

(6) The Authority may revoke the registration of a registrant for failure to comply with an ordinance adopted by a city or county pursuant to ORS 475B.500, if the city or county:

(a) Has provided the registrant with due process substantially similar to the due process provided to a registration holder under the Administrative Procedures Act, ORS 183.413 to 183.470; and

(b) Provides the Authority with a final order that is substantially similar to the requirements for a final order under ORS 183.470 that establishes the registrant is in violation of the local ordinance.

(7) The Authority must post a final order revoking the registration of a registrant on the Authority's website.

(8) To the extent permitted by law, if the Authority discovers violations that may constitute criminal conduct or conduct that is in violation of laws within the jurisdiction of other state or local governmental entities, the Authority may refer the matter to the applicable agency.

(9) If the registration of a registrant is revoked the owner or an authorized representative of the owner must:

(a) Make arrangements to return the marijuana items still possessed at the location to the person who transferred the marijuana item, document the return, and provide this information in writing within one business day of the transfer, to the Authority; or

(b) Dispose of the marijuana items in a manner specified by the Authority.

(10) The Authority is not required to accept the surrender of a registration and may proceed with an enforcement action even if a registrant has surrendered the registration.

(11) Notwithstanding OAR 333-008-3000 if the Authority suspends or revokes a registration or otherwise takes disciplinary action against the registrant the Authority must provide that information to a law enforcement agency.

(12) The Authority may possess, seize or dispose of marijuana, usable marijuana, medical cannabinoid products, cannabinoid concentrates and cannabinoid extracts as is necessary for the Authority to ensure compliance with and enforce the provisions of ORS 475B.435 to 475B.443, 475B.450 to 475B.453, 475B.555, 475B.605, 475B.615, any of these rules or OAR chapter 333, division 7.

Stat. Auth.: ORS 431A.010, 475B.435, 475B.450 & 475B.525

Hist.: PH 9-2016, f. 2-26-16, cert. ef. 3-1-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-064-0100
Marijuana Item Sampling Procedures and Testing

(1) For purposes of this rule the definitions in OAR 333-007-0310 apply unless the context indicates otherwise.

(2) Sampling.

(a) A laboratory must prepare marijuana item sampling policies and procedures that contain all of the information necessary for collecting and transporting samples from a marijuana item in a manner that does not endanger the integrity of the sample for any analysis required by this rule. These policies and procedures must be appropriate to the matrix being sampled.

(b) Sampling policies and procedures must be accredited by ORELAP prior to any marijuana samples being taken. The policies and procedures must be consistent with the following ORELAP sampling protocols approved by the accrediting body, incorporated by reference:

(A) Usable Marijuana: ORELAP-SOP-001 Rev 2.0;

(B) Concentrates and Extract: ORELAP-SOP-002 Rev 2.0; and

(C) Cannabis Products: ORELAP-SOP-003 Rev 2.0. [Sampling protocols may be found on the ORELAP and Cannabis Testing webpage, public.health.oregon.gov/LaboratoryServices/EnvironmentalLaboratoryAccreditation/Pages/cannabis-info.aspx]

(c) Care should be taken by laboratory personnel while sampling to avoid contamination of the non-sampled material. Sample containers must be free of analytes of interest and appropriate for the analyses requested.

(d) A sufficient sample size must be taken for analysis of all requested tests and the quality control performed by the testing laboratory for these tests.

(e) A laboratory must comply with any recording requirements for samples and subsamples in the accredited policies and procedures and at a minimum:

(A) Record the location of each sample and subsample taken.

(B) Assign a field identification number for each sample, subsample and field duplicate that have an unequivocal link to the laboratory analysis identification.

(C) Assign a unique identification number for the test batch in accordance with OAR 333-007-0370 and TNI EL standard requirements.

(D) Have a documented system for uniquely identifying the samples to be tested to ensure there can be no confusion regarding the identity of such samples at any time. This system must include identification for all samples, subsamples, preservations, sample containers, tests, and subsequent extracts or digestates.

(E) Place the laboratory identification code as a durable mark on each sample container.

(F) Enter a unique identification number into the laboratory records. This number must be the link that associates the sample with related laboratory activities such as sample preparation. In cases where the sample collector and analyst are the same individual, or the laboratory pre-assigns numbers to sample containers, the unique identification number may be the same as the field identification code.

(f) Combining subsamples.

(A) Subsamples collected from the same batch must be combined into a single sample by a laboratory prior to testing unless the batch is undergoing process validation or has not yet gone through process validation.

(B) Subsamples and samples collected from different batches may not be combined.

(C) Field duplicates may not be combined with the primary samples.

(3) THC and CBD testing validity. When testing a sample for THC and CBD a laboratory must comply with additional method validation as follows:

(a) Run a laboratory control standard in accordance with TNI standards requirements within acceptance criteria of 70 percent to 130 percent recovery.

(b) Analyze field duplicates of samples within precision control limits of plus or minus 20 percent RPD, if field duplicates are required.

(4) Calculating total THC and total CBD.

(a) Total THC must be calculated as follows, where M is the mass or mass fraction of delta-9 THC or delta-9 THCA:

M total delta-9 THC = M delta-9 THC + 0.877 x M delta-9 THCA.

(b) Total CBD must be calculated as follows, where M is the mass or mass fraction of CBD and CBDA: M total CBD = M CBD + 0.877 x M CBDA.

(c) Each test report must include the total THC and total CBD.

(5) Report total THC and total CBD as Dry Weight. A laboratory must report total THC and Total CBD content by dry weight calculated as follows:

P total THC(dry) = P total THC(wet) / [1-(P moisture/100)]

P total CBD(dry) = P total CBD(wet) / [1-(P moisture/100)]

(6) Calculating RPD and RSD.

(a) A laboratory must use the following calculation for determining RPD: $RPD = (sample\ result - duplicate\ result)(sample\ result + duplicate\ result 2$

(b) A laboratory must use the following calculation for determining RSD: $\%\ RSD = sx \times 100\%\ s = i = 0n(xi - x)2(n - 1)$

(c) For purposes of this section:

(A) S = standard deviation.

(B) n = total number of values.

(C) xi = each individual value used to calculate mean.

(D) x = mean of n values.

(d) For calculating both RPD and RSD if any results are less than the LOQ the absolute value of the LOQ is used in the equation.

(7) Tentative Identification of Compounds (TIC).

(a) If a laboratory is using a gas chromatography mass spectrometry instrument for analysis when testing cannabinoid concentrates or extracts for solvents and determines that a sample may contain compounds that are not included in the list of analytes the laboratory is testing for the laboratory must attempt to achieve tentative identification.

(b) Tentative identification is achieved by searching NIST 2014 or an equivalent database (>250,000 compounds).

(c) A laboratory shall report to the licensee or registrant and the Authority or the Commission, depending on which agency has jurisdiction, up to five tentatively identified compounds (TICS) that have the greatest apparent concentration.

(d) Match scores for background subtracted or deconvoluted spectra should exceed 90 percent compared to library spectrum.

(A) The top five matches over 90 percent must be reported by the lab

(B) TIC quantitation is estimated by comparing analyte area to the closest internal standard area and assuming a response factor (RF) =1.

(8) A laboratory must provide:

(a) Any pesticide test result to the Department of Agriculture upon that agency's request.

(b) A sample or a portion of a sample to the Department of Agriculture upon that agency's request, document the chain of custody from the laboratory to the Department, and document that the sample or portion of the sample was provided to the Department in the Commission's seed to sale tracking system.

(9) A laboratory performing tests for a licensee must enter any information required by the Commission in the Commission's seed to sale tracking system.

(10) A laboratory performing tests for a registrant must comply with the documentation requirements in OAR 333-007-0370.

(11) The Authority may, in its discretion, deviate from TNI Standards in order to comply with OAR 333-007-0400 to 333-007-0490 and these rules based on the state's needs.

Stat. Auth.: ORS 438.605, 438.610, 438.615 & 438.620, ORS 475B.555.
Stats. Implemented: ORS 438.605, 438.610, 438.615 & 438.620, ORS 475B.555
Hist.: PH 22-2015(Temp), f. 11-13-15, cert. ef. 1-1-16 thru 6-28-16; PH 21-2016, f. 6-24-16, cert. ef. 6-28-16

333-064-0110
Reporting Marijuana Test Results

(1) For purposes of this rule the definitions in OAR 333-007-0310 apply unless the context indicates otherwise.

(2) Within 24 hours of completion of the laboratory's data review and approval procedures a laboratory must report all failed tests for testing required under OAR 333-007-0300 to 333-007-0490 except for failed water activity, whether or not the lab is reanalyzing the sample under OAR 333-007-0450:

(a) Into the Commission's seed to sale tracking system if performing testing for a licensee; and

(b) To the Authority electronically at www.healthoregon.org/ommp if performing testing for a registrant.

(3) The laboratory must report all test results required under OAR 333-007-0300 to 333-007-0490 that have not been reported under section (2) of this rule into the Commission's seed to sale tracking system if performing testing for a licensee.

(4) A laboratory must determine and include on each test report its limit of quantification (LOQ) for each analyte listed in OAR 333-007-0400 Table 3 and OAR 333-007-0410 Table 4.

(5) When reporting pesticide testing results the laboratory must include in the report any target compound that falls below the LOQ that has a signal to noise ratio of greater than 3:1 and meets identification criteria with a result of "detected."

(6) A test report must include any associated test batch numbers and the date each test was completed.

(7) A laboratory that is reporting failed test results to the Commission or the Authority in accordance with section (2) of this rule must report the failed test at the same time or before reporting to the licensee or registrant.

(8) In addition to reporting failed test results in accordance with section (2) of this rule a laboratory conducting testing for a registrant must report to the Authority electronically at www.healthoregon.org/ommp any pesticide testing report with a "detected" as described in section (5) of this rule.

(9) Test results expire after one year.

Rule Caption: Hospital Nurse Staffing
Adm. Order No.: PH 22-2016
Filed with Sec. of State: 7-1-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Adopted: 333-510-0105, 333-510-0110, 333-510-0115, 333-510-0120, 333-510-0125, 333-510-0130, 333-510-0135, 333-510-0140
Rules Amended: 333-501-0035, 333-501-0040, 333-501-0045, 333-510-0002, 333-510-0045
Subject: The Oregon Health Authority, Public Health Division is permanently adopting and amending Oregon Administrative Rules relating to hospital nurse staffing in response to legislation (SB 469, Oregon Laws 2015, chapter 669) that was passed in the 2015 legislative session.

The proposed rulemaking clarifies rules regarding:
- Audit and complaint investigation procedures;
- Civil penalties for violations of nurse staffing laws;
- Nurse staffing law definitions;
- Hospital posting and record keeping requirements;
- Hospital nurse staffing committee requirements;
- Hospital nurse staffing plans and plan review requirements;
- Replacement nurse staffing requirements;
- Nursing staff member overtime;
- Waivers to nurse staffing plan requirements; and
- Minor housekeeping corrections for ease of readability and alignment with other state agency rules.

Rules Coordinator: Tracy Candela—(971) 673-0561

333-501-0035
Nurse Staffing Audit Procedure

(1) The Authority shall conduct an on-site audit of each hospital once every three years to determine compliance with the requirements of ORS 441.152 to 441.177 and 441.192. The Authority shall notify the hospital and both co-chairs of the hospital nurse staffing committee three business days in advance of the audit.

(2) During an audit, the Authority shall review any hospital record and conduct any interview or site visit that is necessary to determine that the hospital is in compliance with the requirements of ORS 441.152 to 441.177 and 441.192.

(3) In conducting an audit, the Authority shall interview:

(a) Both co-chairs of the hospital nurse staffing committee; and

(b) Any additional hospital staff members deemed necessary to determine compliance with applicable nurse staffing laws. Interviews may address, but are not limited to, the following topics:

(A) Implementation and effectiveness of the hospital-wide staffing plan for nursing services;

(B) Input, if any, provided to the hospital nurse staffing committee; or

(C) Any other fact relating to hospital nursing services subject to the Authority's review.

(4) In conducting an audit, the Authority may also interview:

(a) Hospital staff that does not voluntarily come forward for an interview during an audit; and

(b) Hospital patients or family members. Interviews may address, but are not limited to, any concerns or complaints related to nurse staffing in the hospital.

(5) Following an audit, the Authority shall issue a written survey report that communicates the results of the audit no more than 30 business days after the survey closes. This survey report:

(a) Shall be issued to the hospital and both co-chairs of the hospital nurse staffing committee; and

(b) May include a notice of civil penalties that complies with ORS 441.175 and OAR 333-501-0045.

(6) If the survey report identifies any area of noncompliance, the hospital shall submit a written plan to correct each identified deficiency. This plan:

(a) Shall be called the plan of correction;

(b) Shall be submitted no more than 30 business days after receiving the Authority's survey report; and

(c) Shall be evaluated by the Authority for sufficiency.

(7) No more than 30 business days after receipt of the hospital's plan of correction, the Authority shall issue a written determination that communicates whether the plan of correction is sufficient. This determination:

(a) Shall be issued to the hospital and both co-chairs of the hospital nurse staffing committee; and

(b) Shall require the hospital to either:

(A) Revise and resubmit the rejected plan of correction no more than 30 business days after receiving the Authority's determination that the plan is insufficient; or

(B) Implement the approved plan of correction no more than 45 business days after receiving the Authority's determination that the plan is sufficient.

(8) Following the approval of the plan of correction, the Authority shall conduct a second audit of the hospital to verify that the hospital has implemented the approved plan of correction. This audit shall be conducted within 60 business days of the plan of correction approval date.

(9) The identity of an individual providing evidence during an audit will be kept confidential to the extent permitted by law.

Stat. Auth.: ORS 413.042, 441.157 & 441.175
Stats. Implemented: ORS 441.157

333-501-0040
Nurse Staffing Complaint Investigation Procedures

(1) The Authority shall conduct an unannounced on-site investigation of a hospital within 60 calendar days after receiving a valid complaint against the hospital for violating a provision of ORS 441.152 to 441.177. A complaint is valid when an allegation, if assumed to be true, would violate a requirement of ORS 441.152 to 441.177.

(2) During an investigation, the Authority shall review any hospital record and conduct any interview or site visit that is necessary to determine whether the hospital has violated a provision of ORS 441.152 to 441.177.

(3) In conducting an investigation, the Authority may:

(a) Review any documentation that may be relevant to the complaint, including patient records; and

(b) Interview any person who may have information relevant to the complaint, including patients and family members.

(4) In reviewing information collected during an investigation, the Authority shall consider:

(a) The amount and strength of objective evidence, if any, that substantiates or refutes the complaint; and

(b) The number and credibility of witnesses, if any, who attest to or refute an alleged violation.

(5) Following an investigation, the Authority shall issue a written investigation report that communicates the results of the investigation no more than 30 business days after the investigation closes. This investigation report:

(a) Shall be issued to the hospital and both co-chairs of the hospital nurse staffing committee; and

(b) May include a notice of civil penalties that complies with ORS 441.175 and OAR 333-501-0045.

(6) If the investigation report identifies any area of noncompliance, the hospital shall submit a written plan to correct each identified deficiency. This plan:

(a) Shall be called the plan of correction;

(b) Shall be submitted no more than 30 business days after receiving the Authority's investigation report; and

(c) Shall be evaluated by the Authority for sufficiency.

(7) No more than 30 business days after receipt of the hospital's plan of correction, the Authority shall issue a written determination that communicates whether the plan of correction is sufficient. This determination:

(a) Shall be issued to the hospital and both co-chairs of the hospital nurse staffing committee; and

(b) Shall require the hospital to either:

(A) Revise and resubmit the rejected plan of correction no more than 30 business days after receiving the Authority's determination that the plan is insufficient; or

(B) Implement the approved plan of correction no more than 45 business days after receiving the Authority's determination that the plan is sufficient.

(8) Following the approval of the plan of correction, the Authority shall conduct a second investigation of the hospital to verify that the hospital has implemented the approved plan of correction. This investigation shall be conducted within 60 business days of the plan of correction approval date.

(9) The identity of an individual providing evidence during an investigation will be kept confidential to the extent permitted by law.

333-501-0045
Civil Penalties for Violations of Nurse Staffing Laws

(1) For the purposes of this rule, "safe patient care" has the meaning given to the term in OAR 333-510-0002.

(2) The Authority may impose civil penalties for a violation of any provision of ORS 441.152 to 441.177 and 441.185 if there is a reasonable belief that safe patient care has been or may be negatively impacted.

(3) Each violation of the written hospital-wide staffing plan shall be considered a separate violation.

(4) If imposed, the Authority will issue civil penalties in accordance with Table 1 of this rule.

(5) In determining whether to issue a civil penalty, the Authority will consider all relevant evidence including, but not limited to, witness testimony, written documents and observations.

(6) A civil penalty imposed under this rule shall comply with ORS 183.745.

(7) The Authority shall maintain for public inspection records of any civil penalties imposed on hospitals penalized under this rule.

[ED. NOTE: Tables referenced are available from the agency.]

333-510-0002
Definitions

As used in OAR chapter 333, division 510, the following definitions apply:

(1) "Direct Care Registered Nurse" means a nurse who is routinely assigned to a patient care unit, who is replaced for scheduled and unscheduled absences and includes charge nurses if the charge nurse is not management services.

(2) "Direct Care Staff" means registered nurses, licensed practical nurses and certified nursing assistants that are routinely assigned to patient care units and are replaced for scheduled or unscheduled absences.

(3) "Direct Care Staff Member" means an individual who is a direct care registered nurse, licensed practical nurse or certified nursing assistant who is routinely assigned to a patient care unit and is replaced for a scheduled or unscheduled absences.

(4) "Epidemic" means the occurrence of a group of similar conditions of public health importance in a community or region that are in excess of normal expectancy and that are from a common or propagated source.

(5) "Evidence Based Standards" means standards that have been scientifically developed, are based on current literature, and are driven by consensus.

(6) "Hospital" means a hospital as described in ORS 442.015 and an acute inpatient care facility as defined in ORS 442.470.

(7) "Mandatory Overtime" is any time that exceeds those time limits specified in ORS 441.166 unless the nursing staff member voluntarily chooses to work overtime.

(8) "Nurse Manager" means a registered nurse who has administrative responsibility 24 hours a day, 7 days a week for a patient care unit, units or hospital and who is not replaced for short-term scheduled or unscheduled absences.

(9) "Nursing care intensity" means the level of patient need for nursing care as determined by the nursing assessment.

(10) "Nursing staff" means registered nurses, licensed practical nurses and certified nursing assistants.

(11) "Nursing staff member" means an individual who is a registered nurse, licensed practical nurse or a certified nursing assistant.

(12) "On Call" means a scheduled state of availability to return to duty, work-ready, within a specified period of time.

(13) "On Call Nursing Staff" means individual nursing staff members or nursing service agencies maintained by a hospital that are available and willing to cover nursing staff shortages due to unexpected nursing staff absences or unanticipated increased nursing service needs.

(14) "Patient acuity" means the complexity of patient care needs requiring the skill and care of nursing staff.

(15) "Potential Harm" or "At Risk of Harm" means that an unstable patient will be left without adequate care for an unacceptable period of time if the assigned nursing staff member leaves the assignment or transfers care to another nursing staff member.

(16) "Quorum" means that a majority, or one-half plus one, of the staffing committee members are present during a staffing committee meeting.

(17) "Safe Patient Care" means nursing care that is provided appropriately, in a timely manner, and meets the patient's health care needs. The following factors may be, but are not in all circumstances, evidence of unsafe patient care:

(a) A failure to implement the written nurse staffing plan;

(b) A failure to comply with the patient care plan;

(c) An error that has a negative impact on the patient;

(d) A patient report that his or her nursing care needs have not been met;

(e) A medication not given as scheduled;

(f) The nursing preparation for a procedure that was not accomplished on time;

(g) A nursing staff member who was practicing outside his or her authorized scope of practice;

(h) Daily unit-level staffing that does not include coverage for all known patients, taking into account the turnover of patients;

(i) The skill mix of employees and the relationship of the skill mix to patient acuity and nursing care intensity of the workload is insufficient to meet patient needs; or

(j) An unreasonable delay in responding to a request for nursing care made by a patient or made on behalf of a patient by his or her family member.

(18) "Staffing Committee" means the hospital nurse staffing committee.

(19) "Staffing Plan" means the written hospital-wide staffing plan for nursing services developed by the hospital nurse staffing committee.

(20) "Standby" means a scheduled state of availability to return to duty, work-ready within a specified period of time.

(21) "Waiver" means a variance to the hospital-wide staffing plan requirements as described in ORS 441.164.

Stat. Auth.: ORS 413.042 & 441.151 – 441.177

333-510-0045
Nurse Staffing Posting and Record Requirements

(1) On each hospital unit, a hospital shall post a complaint notice that:

(a) Summarizes the provisions of ORS 441.152 to 441.177;

(b) Is clearly visible to the public; and

(c) Includes the Authority's complaint reporting phone number, electronic mail address and website address.

(2) A hospital shall also post an anti-retaliation notice on the premises that:

(a) Summarizes the provisions of ORS 441.181, 441.183, 441.184 and 441.192;

(b) Is clearly visible; and

(c) Is posted where notices to employees and applicants for employment are customarily displayed.

(3) A hospital shall keep and maintain all records necessary to demonstrate compliance with ORS 441.152 to 441.177. These records shall:

(a) Be maintained for no fewer than three years;

(b) Be promptly provided to the Authority upon request; and

(c) Include, at minimum:

(A) The staffing plan;

(B) The hospital nurse staffing committee charter;

(C) Staffing committee meeting minutes;

(D) Documentation showing how all members of the staffing committee were selected;

(E) All complaints filed with the staffing committee;

(F) Personnel files for all nursing staff positions that include, at minimum, job descriptions, required licensure and specialized qualifications and competencies required for the individual's assigned nurse specialty or unit;

(G) Documentation showing work schedules for nursing staff in each hospital nurse specialty or unit;

(H) Documentation showing actual hours worked by all nursing staff;

(I) Documentation showing all work schedule variances that resulted in the use of replacement nursing staff;

(J) Documentation showing how many on-call hours, if any, required nursing staff to be on the hospital premises;

(K) Documentation showing how many required meeting, education and training hours, if any, were required of nursing staff;

(L) The hospital's mandatory overtime policy and procedure;

(M) Documentation showing how many, if any, overtime hours were worked by nursing staff;

(N) Documentation of all waiver requests, if any, submitted to the Authority;

(O) Documentation showing how many, if any, additional hours were worked due to emergency circumstances and the nature of those circumstances;

(P) The list of on-call nursing staff used to obtain replacement nursing staff;

(Q) Documentation showing how and when the hospital updates its list of on-call staff used to obtain replacement nursing staff and how the hospital determines eligibility to remain on the list;

(R) Documentation showing the hospital's procedures for obtaining replacement nursing staff, including efforts made to obtain replacement staff;

(S) Documentation showing the hospital's actual efforts to seek replacement staff when needed;

(T) Documentation showing each actual instance in which the hospital implemented the policy described in OAR 333-510-0110(2)(g) to initiate limitations on admission or diversion of patients to another hospital; and

(U) All staffing committee reports filed with the hospital administration following a review of the staffing plan.

333-510-0105
Nurse Staffing Committee Requirement

(1) Each hospital shall establish and maintain a hospital nurse staffing committee. The staffing committee shall develop a written hospital-wide staffing plan for nursing services in accordance with ORS 441.155 and OAR chapter 333, division 510 rules. In developing the staffing plan, the staffing committee's primary goal shall be to ensure that the hospital is adequately staffed to meet the health care needs of its patients.

(2) The staffing committee shall meet:

(a) At least once every three months; and

(b) At any time and place specified by either co-chair of the staffing committee.

(3) The hospital shall release a member of the staffing committee from his or her assignment to attend committee meetings and provide paid time for this purpose.

(4) The staffing committee shall be comprised of an equal number of hospital nurse managers and direct care staff. Direct care staff members shall be selected as follows:

(a) The staffing committee shall include at least one direct care registered nurse from each hospital nurse specialty or unit as the specialty or unit is defined by the hospital to represent that specialty or unit;

(b) In addition to the direct care registered nurses described in subsection (a) of this section there must be one position on the staffing committee that is filled by a direct care staff member who is not a registered nurse and whose services are covered by the staffing plan;

(c) If the direct care registered nurses working at the hospital are represented under a collective bargaining agreement, the bargaining unit shall coordinate voting to allow the direct care registered nurses who work at the hospital to select each direct care registered nurse on the staffing committee;

(d) If the direct care registered nurses working at the hospital are not represented under a collective bargaining agreement, the direct care registered nurses belonging to each hospital nurse specialty or unit shall select the direct care registered nurse to represent it on the staffing committee; and

(e) If the position that must be filled by a direct care staff member who is not a registered nurse and whose services are covered by the staffing plan is represented under a collective bargaining agreement, the bargaining unit shall coordinate voting to allow the direct care staff members who are not registered nurses to select the direct care staff member who is not a registered nurse to represent them on the staffing committee.

(f) If the position that must be filled by a direct care staff member who is not a registered nurse and whose services are covered by the staffing plan is not represented under a collective bargaining agreement, the direct care staff members who are not registered nurses shall select the direct care staff member who is not a registered nurse to represent them on the staffing committee.

(5) The staffing committee shall have two co-chairs. One co-chair must be a hospital nurse manager elected by a majority of the staffing committee members who are hospital nurse managers. The other co-chair must be a direct care registered nurse elected by a majority of the staffing committee members who are direct care staff.

(6) The staffing committee must develop a written charter that documents the policies and procedures of the staffing committee. At minimum, the charter must include:

(a) How meetings are scheduled;

(b) How members are notified of meetings;

(c) How agendas are determined;

(d) How input from hospital nurse specialty or unit staff is submitted;

(e) Who may participate in decision-making;

(f) How decisions are made; and

(g) How the staffing committee shall monitor, evaluate and modify the staffing plan over time.

(7) Staffing committee meetings must be conducted as follows:

(a) A meeting may not be conducted unless a quorum of staffing committee members is present;

(b) Except as set forth in subsection (c) of this section, a meeting must be open to all hospital nursing staff as observers and to any other individual as either observer or presenter by invitation of either co-chair of the staffing committee;

(c) Either co-chair of the staffing committee may temporarily exclude all non-members from a meeting during staffing committee deliberations and voting; and

(d) Each staffing committee decision must be made by majority vote; however, if a quorum consists of an unequal number of hospital nurse managers and direct care staff, only an equal number of hospital nurse managers and direct care staff may vote.

(8) The staffing committee must document meeting proceedings by keeping written meeting minutes that include, but are not limited to, the following information:

(a) The name and position of each staffing committee member in attendance;

(b) The name and position of each observer or presenter in attendance;

(c) Motions made;

(d) Outcomes of votes taken;

(e) A summary of staffing committee discussions; and

(f) Instances in which non-members have been excluded from staffing committee meetings.

(9) The staffing committee shall approve meeting minutes prior to or during the next staffing committee meeting.

(10) The staffing committee shall provide meeting minutes to hospital nursing staff and other hospital staff upon request no more than 30 calendar days after the meeting minutes are approved by the staffing committee.

Stat. Auth.: ORS 413.042, 441.151 & 441.154
Stats. Implemented: ORS 441.154
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0110
Nurse Staffing Plan Requirements

(1) Each hospital shall implement a written hospital-wide staffing plan for nursing services that is developed and approved by the hospital nurse staffing committee established in accordance with ORS 441.154 and OAR chapter 333 division 510 rules.

(2) The staffing plan:

(a) Must be based on the specialized qualifications and competencies of the nursing staff and provide for the skill mix and level of competency necessary to ensure that the hospital is staffed to meet the health care needs of patients;

(b) Must be based on a measurement of hospital unit activity that quantifies the rate of admissions, discharges and transfers for each hospital unit and the time required for a direct care registered nurse belonging to a hospital unit to complete admissions, discharges and transfers for that hospital unit;

(c) Must be based on total diagnoses for each hospital unit and the nursing staff required to manage that set of diagnoses;

(d) Must be consistent with nationally recognized evidence-based standards and guidelines established by professional nursing specialty organizations such as, but not limited to: The American Association of Critical Care Nurses, American Operating Room Nurses (AORN), or American Society of Peri-Anesthesia Nurses (ASPAN);

(e) Must recognize differences in patient acuity and nursing care intensity;

(f) Must establish minimum numbers of nursing staff, including licensed practical nurses and certified nursing assistants, required on specified shifts, provided that no fewer than one registered nurse and one other nursing staff member is on duty in a unit when a patient is present;

(g) Must include a formal process for evaluating and initiating limitations on admission or diversion of patients to another hospital when, in the judgment of a direct care registered nurse or a nurse manager, there is an inability to meet patient care needs or a risk of harm to patients;

(h) Must consider tasks not related to providing direct care, including meal breaks and rest breaks;

(i) May not base nursing staff requirements solely on external benchmarking data;

(j) May not be used by a hospital to impose upon unionized nursing staff any changes in wages, hours or other terms and conditions of employment unless the hospital first provides notice to and, upon request, bargains with the union; and

(k) May not create, preempt or modify a collective bargaining agreement or require parties to an agreement to bargain over the staffing plan while a collective bargaining agreement is in effect.

Stat. Auth.: ORS 413.042 & 441.155
Stats. Implemented: ORS 441.155
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0115
Nurse Staffing Plan Review Requirement

(1) The staffing committee shall:

(a) Review the staffing plan at least once per year; and

(b) At any other time specified by either co-chair of the staffing committee.

(2) In reviewing the staffing plan, the staffing committee shall consider:

(a) Patient outcomes;

(b) Complaints regarding staffing, including complaints about a delay in direct care nursing or an absence of direct care nursing;

(c) The number of hours of nursing care provided through a hospital unit compared with the number of patients served by the hospital unit during a 24-hour period;

(d) The aggregate hours of mandatory overtime worked by nursing staff;

(e) The aggregate hours of voluntary overtime worked by nursing staff;

(f) The percentage of shifts for each hospital unit for which staffing differed from what is required by the staffing plan;

(g) Any other matter determined by the committee to be necessary to ensure that the hospital is staffed to meet the health care needs of patients; and

(h) Any report filed by a nursing staff member stating the nursing staff member's belief that the hospital unit engaged in a pattern of requiring direct care nursing staff to work overtime for nonemergency care.

(3) Following its review of the staffing plan, the staffing committee shall issue a written report to the hospital that indicates whether the staffing plan ensures that the hospital is adequately staffed and meets the health care needs of patients. If the report indicates that it does not, the staffing committee shall modify the staffing plan as necessary to accomplish this goal.

Stat. Auth.: ORS 413.042 & 441.156
Stats. Implemented: ORS 441.156
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0120
Nurse Staffing Plan Mediation

(1) If the staffing committee is unable to reach an agreement on the staffing plan, either co-chair of the staffing committee may invoke a waiting period of 30 business days.

(a) During the 30-day waiting period, the staffing committee shall continue to develop the staffing plan; and

(b) The hospital shall promptly respond to any reasonable requests for data that is related to the impasse and is submitted by either co-chair of the staffing committee.

(2) If at the end of the 30-day waiting period, the staffing committee remains unable to reach an agreement on the staffing plan, one of the staffing committee co-chairs shall notify the Authority of the impasse. This notification shall include:

(a) Documentation that the staffing committee voted on the provision or provisions in question and a deadlock resulted;

(b) Documentation that either co-chair of the staffing committee formally invoked a 30-day waiting period;

(c) Documentation that during the 30-day waiting period, the staffing committee continued to develop the staffing plan including documentation of options the staffing committee considered after invoking the 30-day waiting period;

(d) Documentation of any reasonable requests for data submitted to the hospital by either staffing committee co-chair and the hospital's response, if any; and

(e) Documentation that the staffing committee voted on the provision or provisions in question again after the 30-day waiting period formally ended and another deadlock resulted.

(3) No more than 15 business days after receiving notice of an impasse, the Authority shall assign the staffing committee a mediator to assist the staffing committee in reaching an agreement on the staffing plan.

(a) Mediation shall be consistent with requirements for implementing and reviewing staffing plans set forth in ORS 441.155 and 441.156 and OAR chapter 333 division 510 rules; and

(b) Mediation shall be provided for no more than 90 calendar days.

(4) The Authority may impose civil monetary penalties against a hospital, if the staffing committee is unable to reach an agreement on the staffing plan after 90 days of mediation.

Stat. Auth.: ORS 413.042, 441.154 & 441.175
Stats. Implemented: ORS 441.154
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0125
Replacement Nurse Staffing Requirements

(1) A hospital must maintain and post or publish a list of on-call nursing staff that may be contacted to provide qualified replacement or additional nursing staff in the event of a vacancy or unexpected shortage. This list must:

(a) Provide for sufficient replacement nursing staff on a regular basis; and

(b) Be available to the individual who is responsible for obtaining replacement staff during each shift.

(2) When developing and maintaining the on-call list, the hospital must explore all reasonable options for identifying local replacement staff and these efforts must be documented.

(3) When a hospital learns about the need for replacement nursing staff, the hospital must make every reasonable effort to obtain adequate voluntary replacement nursing staff for unfilled hours or shifts before requiring a nursing staff member to work overtime and these efforts must be documented. Reasonable efforts include, but are not limited to:

(a) The hospital seeking replacement nursing staff at the time the vacancy is known; and

(b) The hospital contacting all available resources on its list of on-call nursing staff as described in this rule.

Stat. Auth.: ORS 413.042, 441.155 & 441.166
Stats. Implemented: ORS 441.155 & 441.166
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0130
Nursing Staff Member Overtime

(1) For purposes of this rule "require" means hours worked as a condition of employment whether as a result of a previously scheduled shift or hours actually worked during time spent on call or on standby.

(2) A hospital may not require a nursing staff member to work:

(a) Beyond the agreed-upon and prearranged shift, regardless of the length of the shift;

(b) More than 48 hours in any hospital-defined work week;

(c) More than 12 hours in a 24-hour period; or

(d) During the 10-hour period immediately following the 12th hour worked during a 24-hour period. This work period begins when the nursing staff member begins a shift.

(3) Nothing in this rule precludes a nursing staff member from volunteering to work overtime.

(4) A hospital may require an additional hour of work beyond the hours authorized in section (2) of this rule if:

(a) A staff vacancy for the next shift becomes known at the end of the current shift; or

(b) There is a potential harm to an assigned patient if the nursing staff member leaves the assignment or transfers care to another nursing staff member.

(5) Each hospital must have a policy and procedure in place to ensure, at minimum, that:

(a) Mandatory overtime, when required, is documented in writing;

(b) Mandatory overtime policies and procedures are clearly written, provided to all new nursing staff and readily available to all nursing staff;

(c) Time spent by the nursing staff member in required meetings or receiving education or training will be included as hours worked for the purpose of section (2) of this rule;

(d) Time spent on call or on standby when the nursing staff member is required to be at the hospital will be included as hours worked for the purpose of section (2) of this rule; and

(e) Time spent on call or on standby when the nursing staff member is not required to be at the hospital will not be included as hours worked for the purpose of section (2) of this rule.

(6) If a nursing staff member believes that a hospital unit is engaging in a pattern of requiring direct care nursing staff to work overtime for non-emergency care, the nursing staff member may report that information to the staffing committee. The staffing committee shall consider the information when reviewing the staffing plan as described in OAR 333-510-0115.

(7) The provisions of sections (2) through (5) of this rule do not apply to nursing staff needs:

(a) In the event of a national or state emergency or circumstances requiring the implementation of a facility disaster plan; or

(b) In emergency circumstances that include:

(A) Sudden and unforeseen adverse weather conditions;

(B) An infectious disease epidemic suffered by hospital staff;

(C) Any unforeseen event preventing replacement staff from approaching or entering the premises; or

(D) Unplanned direct care staff vacancies of 20% or more of the nursing staff for the next shift hospital-wide at the Oregon State Hospital if, based on the patient census, the Oregon State Hospital determines the number of direct care staff available hospital-wide cannot ensure patient safety.

(8) Nothing in section (6) of this rule relieves the Oregon State Hospital from contacting voluntary replacement staff as described in OAR 333-510-0125 and documenting these contacts.

(9) A registered nurse at a hospital may not place a patient at risk of harm by leaving a patient care assignment during an agreed upon scheduled shift or an agreed-upon extended shift without authorization from the appropriate supervisory personnel as required by the Oregon State Board of Nursing OAR, chapter 851.

(10) Until the Authority defines "other nursing staff" as that term is described in ORS 441.166(1), this rule applies only to "nursing staff member" as that term is defined in these rules.

Stat. Auth.: ORS 413.042, 441.166 & 441.168
Stats. Implemented: ORS 441.155 & 441.165
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0135
Nurse Staffing Plan Waiver

(1) At a hospital's request, the Authority may waive any staffing plan requirement set forth in ORS 441.155 provided that a waiver is necessary to ensure that the hospital is staffed to meet the health care needs of its patients.

(2) All requests for a waiver must:

(a) Be submitted to the Authority in writing;

(b) State the reason or reasons for which the hospital is seeking the waiver;

(c) Explain how the waiver is necessary for the hospital to meet patient health care needs; and

(d) Include verification that the hospital notified the staffing committee of the request for a waiver prior to its submission.

Stat. Auth.: ORS 413.042 & 441.165
Stats. Implemented: ORS 441.155 & 441.165
Hist.: PH 22-2016, f. & cert. ef. 7-1-16

333-510-0140
Nurse Staffing Plan During an Emergency

(1) A hospital is not required to follow the staffing plan developed and approved by the staffing committee in the event of:

(a) A national or state emergency requiring the implementation of a facility disaster plan;

(b) Sudden and unforeseen adverse weather conditions; or

(c) An infectious disease epidemic suffered by hospital staff.

(2) In the event of an emergency circumstance not described in section (1) of this rule, either co-chair of the staffing committee may specify a time and place to meet to review and potentially modify the staffing plan in response to the emergency circumstance.

Rules Adopted: 813-005-0025
Rules Amended: 813-005-0005
Subject: The rules are amended to include the General Housing Account as a housing program administered by the department, amends the definition for loan documents and expands the definition for NOFA. The rules also add a definition for regulatory agreement as to project management or management agreement. A new rule has been adopted to establish the process for an applicant or potential qualifying applicant to protest or challenge a solicitation offered by the department.
Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-005-0005
Definitions

(1) Terms used in OAR chapter 813 have the meanings given them in the Act, in this section, otherwise in OAR chapter 813 or in other applicable law, unless the context indicates to the contrary. Such terms need not be capitalized. Undefined terms are intended to be read consistently with their normal usage unless the context indicates otherwise.

(2) Pursuant to ORS 456.555(5)(b) the Housing and Community Services Department by administrative rule, must identify and distinguish between housing programs and community services programs. Any program administered by the department (as principal and not agent) that is not listed in this subsection, does not principally involve the financing, regulation, maintenance or support of housing or home ownership or otherwise defined in statute or in this chapter as a housing program is a "community service program." Accordingly, the following programs administered by the department are housing programs:

(a) Multi-Unit Housing Program (OAR 813-010);
(b) Rental Housing Program (OAR 813-012);
(c) Oregon Rural Rehabilitation Program (OAR 813-015);
(d) Single-Family Mortgage Program (OAR 813-020);
(e) Elderly Housing Program (OAR 813-030);
(f) Pass-Through Revenue Bond Financing Program (OAR 813-035);
(g) Pre-Development Program (OAR 813-038);
(h) Farmworker Housing Development Account (OAR 813-039);
(i) Seed Money Advance Program (OAR 813-040);
(j) Agriculture Workforce Housing Tax Credit Program (OAR 813-041);
(k) Housing Development Program (OAR 813-042);
(l) Housing Loan Guarantee Program (OAR 813-043);
(m) Homeownership Assistance Program (OAR 813-044);
(n) Housing Development Account Program (813-045);
(o) Emergency Housing Program (OAR 813-046);
(p) Housing Revitalization Program (OAR 813-048);
(q) General Housing Account (OAR 813-055);
(r) Disabled Housing Program (OAR 813-060);
(s) Home Improvement Loan Program (OAR 813-070);
(t) Mortgage Credit Certificate Program (OAR 813-080);
(u) Low-Income Housing Tax Credit Program (OAR 813-090);
(v) Oregon Affordable Housing Tax Credit Program (OAR 813-110);
(w) Home Investment Partnerships Program (OAR 813-120);
(x) HELP Program (OAR 813-130);
(y) Incentive Fund Program (OAR 813-140);
(z) Subsidized Development Visitability Program (OAR 813-310);
(aa) General Guarantee Program (OAR 813-350); and
(bb) Other activities of the department involving the financing, regulation, maintenance or support of housing or home ownership or that otherwise are defined in statute or in this chapter as a housing program.

(3) Pursuant to ORS 456.555, the Housing and Community Services Department is to establish from time to time, by administrative rule, the threshold property purchase price at which a single-family home ownership loan on property must be submitted by the department to the Housing Stability Council for approval or disapproval as well as the threshold value for a housing grant or other housing funding award for multifamily housing. Presently, the threshold property purchase price for single-family home ownership that obligates the department to obtain Housing Stability Council review and approval of a proposed single-family loan is that purchase price which, when reduced by costs of purchase other than the department loan, is equal to or greater than seventy-five percent of the applicable area program purchase price limit or $190,000, whichever is greater. The threshold value of a housing grant or other housing funding award with respect to a multifamily housing development (project) that obligates the department to obtain Housing Stability Council review and approval is $200,000 per funding source with an aggregate threshold per project of $400,000.

(4) "Acquisition loan" means a loan for the purpose of financing the purchase of an existing Project.

(5) "Act" means ORS 456.515 through 456.725 and, given the context, also may include 458.005 through 458.740, 90.800 through 90.840, and 91.886.

(6) "Approved lender" means any person authorized to engage in the business of making loans of the general character of program loans, who meets the qualifications for an approved lender set forth in the applicable program rules and who contracts with the department to make program loans.

(7) "Approved servicer" means any person authorized to engage in the business of servicing loans of the general character of program loans, who meets the qualifications for an approved servicer set forth in the applicable program rules and who contracts with the department to service program loans.

(8) "Bond" means any bond, note or other evidence of indebtedness issued to obtain funds to provide financing for a program of the department as provided in the Act or as further defined by statute.

(9) "Borrower" means an eligible borrower who has received a program loan.

(10) "Break-even occupancy" means the point in time when a project's monthly rental income meets its monthly operating expenses and debt service.

(11) "Commitment" means the written conditional obligation of the department to make, purchase, service or sell a program loan or other funding award.

(12) "Community service programs" are defined in subsection (2) of this section.

(13) "Contingency escrow account" means an account generally not to exceed 3% of the initial principal amount of the program loan, established by the sponsor in the form of a savings account, time certificate of deposit, or irrevocable letter of credit assigned to the department.

(14) "Cooperative" is a consumer housing entity formed according to the provisions of ORS Chapter 62, as amended.

(15) "Department" means the Housing and Community Services Department of the state of Oregon established pursuant to ORS 456.555 originally enacted by enrolled house bill 3377, chapter 739, Oregon Laws 1991.

(16) "Director" means the chief administrative officer of the Housing and Community Services Department established pursuant to ORS 456.555(2).

(17) "Elderly household" means a household residing in the state of Oregon whose head is over the age of 58 or 55, as applicable.

(18) "Eligible borrower" means a person who satisfies the criteria to receive a program loan as set forth in the applicable program rules, statutes or department orders.

(19) "Escrow payments" means the monthly payments made by the sponsor or borrower and placed in an escrow reserve account for the payment of property taxes, insurance premiums and reserve for replacements and other identified costs as required by the department in accordance with the program loan.

(20) "Funding documents" means any and all documents required by the department to document a housing grant or other funding award or reservation commitment including, but not limited to loan agreements, regulatory agreements, operating agreements, reservation letters, guarantees or otherwise.

(21) "Housing Stability Council" means that seven-member body established by ORS 456.

(22) "Housing programs" are defined in subsection (2) of this section.

(23) "Lending department" means a commercial bank, savings and loan association, savings bank, mortgage banker Federal Housing Administration, Farmers Home Administration or other department that provides permanent or construction mortgage loans.

(24) "Loan agreement" means a written agreement, typically executed at loan closing, between the department and a sponsor establishing the terms of any department loan.

(25) "Loan closing" means the disbursement by the department of the program loan proceeds after execution and recording of the loan documents.

(26) "Loan documents" means the written agreements by and between the sponsor (and possibly others) and the department or in favor of the department, typically executed at loan closing, with respect to a department loan and generally including, but not necessarily limited to the promissory note, the loan agreement, the trust deed and the regulatory or operating agreement.

(27) "Mobile home park" means a project consisting of individual lots and mobile homes located within 500 feet of one another on a lot, tract or parcel of land under the same ownership, and which complies with all ordinances, plans and codes in the area.

(28) "NOFA" means a notice of funding availability and constitutes a solicitation document as hereinafter defined.

(29) "Operating agreement and declaration of restrictive covenants and equitable servitudes" or "operating agreement" means a written agreement typically executed at loan closing between the department and the sponsor of a project under the department's pass-through revenue bond program and regulating the use of revenues and operation of the project, particularly with respect to tenant income and unit rent compliance by the sponsor.

(30) "Person" means any natural or legal person.

(31) "Procedural guide" means a manual of written procedures adopted by the department to carry out a program.

(32) "Program" means a statutorily authorized plan or order of business conducted by the department.

(33) "Program loan" means a loan made pursuant to a program of the department.

(34) "Program requirements" means the requirements with respect to any department funding program including but not limited to as contained in or arising from applicable administrative rules, solicitation documents, funding documents, department directives, federal, state and local statutes, codes, regulations or determinations and other applicable law.

(35) "Qualified insurer" means the Federal Housing Administration, the Veterans' Administration, or any other person who is authorized to insure or guarantee payment of loans and who is approved by the department.

(36) "Regulatory agreement and declaration of restrictive covenants and equitable servitudes" or "regulatory agreement" means a written agreement typically executed at loan closing between the department and a sponsor regulating the use of revenues and operation of the project for which a department loan is issued, particularly pertinent with respect to compliance by the sponsor with maintaining the status of any involved bond issue.

(37) "Regulatory Agreement as to Project Management" or "Management Agreement" means a written agreement typically executed at or after loan closing between the department, a project sponsor and, if applicable, a management agent engaged by the sponsor regulating certain aspects of project management to ensure, inter alia, accomplishment of program requirements.

(38) "Rent-up reserve account" means an account set up by the sponsor and under the control of the department to assure sufficient funds to pay operating expenses and debt service of the project before break-even occupancy.

(39) "Replacement cost reserve account" means an account established to aid in payment for extraordinary maintenance or repair of a project or for replacement of capital items of a project as allowed by the department.

(40) "Seed money advance" means an advance given to a qualified housing sponsor to pay preconstruction costs.

(41) "Single-family residence" means a housing unit intended and used for occupancy by one household and the property on which it is located. This shall be real property located in the state of Oregon. A single-family residence may include a single-family residence, condominium unit, a dwelling in a planned unit development (PUD), or a mobile or manufactured home which has a minimum of 400 square feet of living space and a minimum width in excess of 102 inches and is of a kind customarily used at a fixed location.

(42) "Solicitation" means a process by which the department invites applications for a housing grant or other funding award with respect to a project.

(43) "Solicitation documents" means those documents that, inter alia, set forth the terms and conditions of a solicitation.

(44) "Sponsor" means any person meeting the legal, financial, credit and other qualifications to be the borrower on a department loan and to own and operate a project as set forth in the applicable program rules, statutes and department orders.

(45) "Targeted area" means an area in the state designated by the department in compliance with the requirements of Section 143(j) of the Internal Revenue Code of 1986, as amended, and approved by the United States Departments of Treasury and Housing and Urban Development.

(46) "Trustee" means the state treasurer or, with the approval of the department, a private financial institution in Oregon acting pursuant to an indenture of trust or other appropriate instrument.

Solicitation Protests; Administrative and Judicial Review

(1)(a) With respect to any solicitation conducted by the department, an applicant or potential qualifying applicant may protest or otherwise challenge such solicitation process by first requesting administrative review as herein specified.

(b) With respect to any solicitation conducted by the department, an applicant may protest or otherwise challenge any department determination or order (collectively hereinafter, "determination") related to such solicitation by first requesting administrative review as herein specified.

(c) A timely, qualifying request for administrative review is necessary to satisfy the conditions of this section and a condition precedent to judicial review consistent with ORS 183.480.

(d) Failure to file a timely, qualifying request for administrative review with the department will constitute a failure to exhaust administrative remedies and terminate further rights to protest or otherwise challenge the solicitation process or any related department determination, including judicial review thereof.

(2)(a) An applicant under this section is a person or entity that makes an application (including delivery to the department under the terms of the solicitation) for a department funding award pursuant to a particular department solicitation.

(b) A potential qualifying applicant is a person or entity that qualifies to make an application for a department funding award under the terms of a solicitation with respect to the process of which it requests administrative review consistent with the terms of this section.

(3)(a) An applicant or potential qualifying applicant seeking to protest or otherwise challenge any aspect of a solicitation process (other than a department determination related thereto) must request review by the department within fourteen (14) days of the application due date of the solicitation.

(b) An applicant seeking to protest or otherwise challenge a determination by the department related to a solicitation must request review by the department of such determination within fourteen (14) days of the applicant receiving notice from the department of that determination.

(4) Any request for review under this section must be in writing, specifically identifying:

(a) The nature of the requestor's interest, including the facts showing how the requestor is adversely affected or aggrieved by the solicitation process or a department determination;

(b) The relief sought;

(c) Each of the grounds for review;

(d) An explanation for each of the grounds upon which relief should be granted; and

(e) Any supporting information the requestor desires to have considered by the department.

(5) The envelope containing the request for review MUST:

(a) Be marked PROTEST;

(b) Identify the solicitation number;

(c) Identify the closing time and date for acceptance of solicitation applications;

(d) Identify the department's contact person for the solicitation; and

(e) Be received by the department at its main Salem Office, Oregon Housing and Community Services, 725 Summer Street NE, Suite B, Salem, OR 97301, not later than **4:00 PM** on the **fourteenth(14th) day** after the solicitation closing date or the applicant's receipt of notice from the department of the department determination from which review is requested, whichever due date is applicable under this section.

(6) The applicant will be deemed to have received notice of a department determination upon the sooner of:

(a) Three (3) days after the department's determination is mailed to the applicant;

(b) Two (2) days after such determination is posted to the department's website;

(c) Two (2) days after the list of successful solicitation applicants is posted to the department's website; or

(d) One (1) day after such determination is emailed to the applicant.

(7) The department may request additional information from the requestor with respect to its request and consider such other information as it deems appropriate.

(8) The department will endeavor to provide a written response to a timely, qualifying request for review within thirty (30) days.

(9) Judicial review of the department response to a timely, qualifying request for review shall be limited to those grounds the requestor raised with the department in its request for review.

(10) The filing of a request for review, or subsequent judicial review (if any), will not preclude the department from moving forward with the solicitation or the award of funding assistance thereunder. However, the department reserves the right to delay, terminate, modify, or take other action it determines to be appropriate with respect to a solicitation or any related award of funding assistance in response to a request for review or subsequent judicial review.

Rule Caption: Amends the purpose rule for public contracts and provides clarification relating to competitive procurement

Adm. Order No.: OHCS 7-2016(Temp)

Filed with Sec. of State: 6-29-2016

Certified to be Effective: 6-29-16 thru 12-25-16

Notice Publication Date:

Rules Amended: 813-006-0005, 813-006-0010

Subject: Division 6 establishes the general procedures for public contracts by the department as well as other contracting and procurement activities. The amended temporary rules reflect a change in the title for this set of rules. The purpose rule has been amended to clarify that these are the general procedures adopted by the agency. The rules for basic policy and approach have been amended to reflect that the department will ensure competition and include performance standards to the maximum extent practicable to include contracts for goods and services as the department deems appropriate or otherwise required by law. The rules are also amended to clarify that a preference will be given to maximizing program objectives in a selection process between two or more equally qualified bidders in a competitive procurement.

Rules Coordinator: Sandy McDonnell—(503) 986-2012

813-006-0005

Purpose

OAR chapter 813, division 6 is promulgated to establish general procedures for public contracts and procurements by the Department as well as its other contracting and procurement activities. The Department is exempt from all provisions of the Oregon Public Contracting Code as contained in ORS Chapters 279A, 279B and 279C, except with respect to certain aspects relating to the procurement of goods and services under ORS Chapter 279B. And, the Department has all authority to procure or supervise the procurement, inter alia, of goods, services and personal services for which it is subject to ORS Chapter 279B. Also, most contracting by the Department is not covered by the Oregon Public Contracting Code even if the code were applicable to the Department. Accordingly, the Department has chosen to fashion its own standards, considerations and procedures with respect to its procurement and contracting activities.

Stat. Auth.: ORS 90.800 – 90.840, 91.886, 317.097, 279A.025, 279A.065, ORS 456.515–456.725 & 458.210 – 458.650

Stats. Implemented: ORS 90.800 – 90.840, 92.886, 279B, 317.097, 456.515 - 456.725, 307.651 & 458.005 –458.740

Hist.: HSG 14-1987, f. & ef. 12-21-87; HSG 2-1991(Temp), f. & cert. ef. 8-7-91; HSG 8-1991, f. & cert. ef. 12-23-91; OHCS 12-2013(Temp), f. & cert. ef. 6-21-13 thru 12-18-13; OHCS 24-2013, f. & cert. ef. 12-18-13; OHCS 7-2016(Temp), f. & cert. ef. 6-29-16 thru 12-25-16

813-006-0010

Basic Policy and Approach

(1) The model rules of the Attorney General adopted pursuant to ORS 279A.065 do not apply to the Department. The Department will, however, consider the Attorney General's model rules for guidance in exercising its contracting and procurement discretion, particularly with respect to procurements of goods and services under ORS Chapter 279B. Other factors that the Department may consider include, but are not limited to:

(a) The subject matter of the proposed contract and appropriate means to ensure successful performance at competitive costs where practical;

(b) Specificity with respect to communication and reservation of rights in any procurement;

(c) Clarity in the naming and description of parties as well as consideration of appropriate preferences;

(d) Ascertaining and obtaining appropriate representations and warranties as to the qualifications of parties;

(e) Specificity with respect to consideration and applicable time periods;

(f) Specificity with respect to terms and covenants, particularly as to standards applicable to the performance of all work or delivery of goods;

(g) Identification of remedies and their suitability to protect Department and program interests;

(h) Identification of insurance and other risk mitigation terms and the appropriate balance of such measures with potential risks and costs;

(i) Requirements for compliance with applicable laws, including those applicable to funding sources and nondiscrimination;

(j) Use of appropriate terms with respect to standard provisions such as governing law, venue, waiver, exhibits, merger, etc.

(2) Contracting and procurement procedures, requirements and standards with respect to program loans and similar extensions or advances of funds or other funding awards may be more fully set forth in the divisions of OAR chapter 813 that specifically address those programs. Relevant general procedures, requirements and standards are set forth herein and in divisions 001–005, particularly division 005.

(3) Contracting and procurement procedures related to the investment of Department funds and other financial transactions that cannot practically be established, including with resort to the competitive contractor selection procedures of ORS 279B.050 to 279B.085, will be accomplished in consultation with financial advisors, legal counsel and other appropriate professionals. As a general standard, the Department will seek to employ procedures as are practical to introduce competitive efficiencies and sound selections given the particular circumstances, complex regulations and governing law applicable to such financial and investment transactions.

(4) In contracting for consultant or other personal services, as well as goods or other services, the Department will consider factors including those described above in subsection (1) and employ the following procedures as applicable, except when the Director determines that an emergency or other good cause exists to excuse the Department from one or more of those procedures, such as when the personal services contract involves data processing services. The Department will comply with Executive Department OAR 122-031-0005 or 122-036-0005 for data processing personal services contracts.

(5) The Department will contract for consultant and other personal services:

(a) When the specialized skills, knowledge, and resources are not available within the Department;

(b) When the work cannot be done in a reasonable time within the Department's own work force;

(c) When an independent and impartial evaluation of a situation is required by a consultant or other provider with recognized professional expertise and stature in a field;

(d) When it will be less expensive to contract for the work;

(e) When the Department is directed by statute or otherwise to contract for services; or

(f) When the Department otherwise determines that contracting for a consultant or other personal services will best serve the purpose of fulfilling its statutory or other duties. The Department may contract for other goods and services necessary or appropriate for the operation of the

Department. Contracts will be awarded only after the approval of the Director or his/her designee, subject to minimum limit exceptions.

(6) Agreements for the services of a contractor who is a member of the Public Employees' Retirement System and who is employed in another public department usually will be by interagency agreement. Exceptions may be granted by the Director or his/her designee when such an agreement is impractical and when the work will be done on the contractor's own time. Such exceptions normally will be processed as a personal services contract.

(7) The Department will seek to ensure competition and include performance standards to the maximum extent practicable when awarding contracts for goods and services, personal services contracts and, as the department deems appropriate or otherwise required by law, financial assistance awards and related funding agreements (particularly when designed, inter alia, to obtain services in furtherance of a Department-supervised program).

(8) In selecting between two or more equally qualified bidders in a competitive procurement, preference will be given to maximizing program objectives, individuals residing in Oregon and businesses that have an office in Oregon.

Subject: On November 4, 2014, Oregon voters passed the "Control, Regulation and Taxation of Marijuana and Industrial Hemp Act of 2014" ("Measure 91"). This measure effectively decriminalizes certain aspects of the production, sale and personal use of recreational marijuana within the state. From approximately January through June 2015, the Oregon legislature considered numerous pieces of legislation to revise Measure 91. On June 30, 2015, Oregon's Governor Kate Brown signed House Bill 3400 ("HB 3400") into law, which amended a majority of Measure 91's provisions. Further, HB 3400 effectively set the scope of the Commission's authority and responsibilities to implement a recreational marijuana regulatory system.

In October 2015, the Commission adopted temporary administrative rules to regulate the recreational marijuana industry as directed by HB 3400 and Measure 91. The draft rules were developed based on advisory committee recommendations, staff interpretation of HB 3400, and input provided by other state agencies, local governments, and interested parties. The proposed permanent rules incorporate staff's evolving understanding of the issues as well as additional input from the Rule Advisory Committee and comments from the public.

Rules Coordinator: Bryant Haley—(503) 872-5136

845-025-1000
Applicability

(1) A person may not produce, process, store, transport, sell, sample, test, or deliver marijuana for commercial recreational use without a license from the Commission or as otherwise authorized under these rules.

(2) Nothing in these rules exempts a licensee or licensee representative from complying with any other applicable state or local laws.

(3) Licensure under these rules does not protect a person from possible criminal prosecution under federal law.

845-025-1015
Definitions

For the purposes of OAR 845-025-1000 to 845-025-8590, unless otherwise specified, the following definitions apply:

(1) "Adulterated" means to make a marijuana item impure by adding foreign or inferior ingredients or substances. A marijuana item may be considered to be adulterated if:

(a) It bears or contains any poisonous or deleterious substance in a quantity rendering the marijuana item injurious to health, including but not limited to tobacco or nicotine;

(b) It bears or contains any added poisonous or deleterious substance exceeding a safe tolerance if such tolerance has been established;

(c) It consists in whole or in part of any filthy, putrid, or decomposed substance, or otherwise is unfit for human consumption;

(d) It is processed, prepared, packaged, or is held under improper time-temperature conditions or under other conditions increasing the probability of contamination with excessive microorganisms or physical contaminants;

(e) It is processed, prepared, packaged, or held under insanitary conditions increasing the probability of contamination or cross-contamination;

(f) It is held or packaged in containers composed, in whole or in part, of any poisonous or deleterious substance rendering the contents potentially injurious to health;

(g) Any substance has been substituted wholly or in part therefor;

(h) Damage or inferiority has been concealed in any manner; or

(i) Any substance has been added thereto or mixed or packaged therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(2) "Authority" means the Oregon Health Authority.

(3) "Business day" means Monday through Friday excluding legal holidays.

(4) "Cannabinoid" means any of the chemical compounds that are the active constituents of marijuana.

(5) "Cannabinoid concentrate" means a substance obtained by separating cannabinoids from marijuana by:

(a) A mechanical extraction process;

(b) A chemical extraction process using a nonhydrocarbon-based or other solvent, such as water, vegetable glycerin, vegetable oils, animal fats, isopropyl alcohol or ethanol; or

(c) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, provided that the process does not involve the use of high heat or pressure; or

(6) "Cannabinoid edible" means food or potable liquid into which a cannabinoid concentrate, cannabinoid extract or dried marijuana leaves or flowers have been incorporated.

(7) "Cannabinoid extract" means a substance obtained by separating cannabinoids from marijuana by:

(a) A chemical extraction process using a hydrocarbon-based solvent, such as butane, hexane or propane;

(b) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, if the process uses high heat or pressure; or

(c) Any other process identified by the Commission, in consultation with the authority, by rule.

(8) Cannabinoid Product

(a) "Cannabinoid product" means a cannabinoid edible and any other product intended for human consumption or use, including a product intended to be applied to the skin or hair, that contains cannabinoids or dried marijuana leaves or flowers.

(b) "Cannabinoid product" does not include:

(A) Usable marijuana by itself;

(B) A cannabinoid concentrate by itself;

(C) A cannabinoid extract by itself; or

(D) Industrial hemp, as defined in ORS 571.300.

(9) "Cannabis Tracking System" or "CTS" means the system for tracking the transfer of marijuana items and other information as authorized by ORS 475B.150.

(10) "Compliance transaction" means a single covert, on-site visit in which a Commission authorized representative poses as an authorized representative of a licensee or a consumer and attempts to purchase or purchases a marijuana item from a licensee, or attempts to sell or sells a marijuana item to a licensee.

(11) "Container" means a sealed, hard or soft-bodied receptacle in which a marijuana item is placed prior to being sold to a consumer.

(12) "Contractor" means a person, other than a license representative, who temporarily visits the licensed premises to perform a service, maintenance or repair.

(13) "Commission" means the Oregon Liquor Control Commission.

(14) "Commissioner" means a member of the Oregon Liquor Control Commission.

(15) "Consumer" means a person who purchases, acquires, owns, holds or uses marijuana items other than for the purpose of resale.

(16) "Date of Harvest" means the date the mature marijuana plants in a harvest lot were cut, picked or removed from the soil or other growing media. If the harvest occurred on more than one day, the "date of harvest" is the day the last mature marijuana plant in the harvest lot was cut, picked or removed from the soil or other growing media.

(17) "Financial consideration" means value that is given or received either directly or indirectly through sales, barter, trade, fees, charges, dues, contributions or donations.

(18) "Financial interest" means having an interest in the business such that the performance of the business causes, or is capable of causing, an individual, or a legal entity with which the individual is affiliated, to benefit or suffer financially, and such interests include but are not limited to:

(a) Receiving, as an employee or agent, out-of-the-ordinary compensation, either in the form of overcompensation or under compensation;

(b) Lending money, real property or personal property to an applicant or licensee for use in the business at a commercially unreasonable rate;

(c) Giving money, real property or personal property to an applicant or licensee for use in the business; or

(d) Being the spouse or domestic partner of an applicant or licensee. For purposes of this subsection, "domestic partners" includes adults who qualify for a "domestic partnership" as defined under ORS 106.310.

(19) "Harvest lot" means a specifically identified quantity of marijuana that is uniform in strain, cultivated utilizing the same growing practices and harvested at the same time at the same location and cured under uniform conditions.

(20) "Immature marijuana plant" means a marijuana plant that is not flowering.

(21) "Intended for human consumption" means intended for a human to eat, drink, or otherwise put in the mouth but does not mean intended for human inhalation.

(22) "Invited guests" means family member and close associates of the licensee, not members of the general public.

(23) "Laboratory" means a laboratory certified by the Authority under ORS 438.605 to 438.620 and authorized to sample or test marijuana items for purposes specified in these rules.

(24) "Licensee" means any person who holds a license issued under ORS 475B.070, 475B.090, 475B.100, 475B.110, or 475B.560.

(25) "License holder" includes:

(a) Each applicant listed on an application that the Commission has approved;

(b) Each individual who meets the qualification described in OAR 845-025-1045 and who the Commission has added to the license under OAR 845-025-1030; or

(c) Each individual who has a financial interest in the licensed business and who the Commission has added to the license under OAR 845-025-1030.

(26) "Licensee representative" means an owner, director, officer, manager, employee, agent, or other representative of a licensee, to the extent that the person acts in a representative capacity.

(27) "Limited access area" means a building, room, or other contiguous area on a licensed premises where a marijuana item is produced, processed, stored, weighed, packaged, labeled, or sold, but does not include a point of sale area on a licensed retailer premises.

(28) "Marijuana"

(a) "Marijuana" means the plant Cannabis family Cannabaceae, any part of the plant Cannabis family Cannabaceae and the seeds of the plant Cannabis family Cannabaceae.

(b) "Marijuana" does not include industrial hemp, as defined in ORS 571.300.

(29) "Marijuana flowers" means the flowers of the plant genus Cannabis within the plant family Cannabaceae.

(30) "Marijuana items" means marijuana, cannabinoid products, cannabinoid concentrates and cannabinoid extracts.

(31) "Marijuana leaves" means the leaves of the plant genus Cannabis within the plant family Cannabaceae.

(32) "Marijuana processor" means a person who processes marijuana items in this state.

(33) "Marijuana producer" means a person who produces marijuana in this state.

(34) "Marijuana retailer" means a person who sells marijuana items to a consumer in this state.

(35) "Marijuana wholesaler" means a person who purchases marijuana items in this state for resale to a person other than a consumer.

(36) "Mature marijuana plant" means a marijuana plant that is not an immature marijuana plant.

(37) "Minor" means any person under 21 years of age.

(38) "Non-Toxic" means not causing illness, disability or death to persons who are exposed.

(39) "ORELAP" means the Oregon Environmental Laboratory Accreditation Program administered by the Authority pursuant to ORS 438.605 to 438.620.

(40) "Permittee" means any person who holds a Marijuana Workers Permit.

(41) "Person" has the meaning given that term in ORS 174.100.

(42) "Premises" or "licensed premises" includes the following areas of a location licensed under section ORS 475B.070, ORS 475B.090, ORS 475B.100, ORS 475B.110 or ORS 475B.560:

(a) All public and private enclosed areas at the location that are used in the business operated at the location, including offices, kitchens, rest rooms and storerooms;

(b) All areas outside a building that the Commission has specifically licensed for the production, processing, wholesale sale or retail sale of marijuana items; and

(c) "Premises" or "licensed premises" does not include a primary residence.

(43) "Primary Residence" means real property inhabited for the majority of a calendar year by an owner, renter or tenant, including manufactured homes and vehicles used as domiciles.

(44) "Processes"

(a) "Processes" means the processing, compounding or conversion of marijuana into cannabinoid products, cannabinoid concentrates or cannabinoid extracts;

(b) "Processes" does not include packaging or labeling.

(45) "Process lot" means:

(a) Any amount of cannabinoid concentrate or extract of the same type and processed at the same time using the same extraction methods, standard operating procedures and batches from the same harvest lot; or

(b) Any amount of cannabinoid products of the same type and processed at the same time using the same ingredients, standard operating procedures and batches from the same harvest lot or process lots of cannabinoid concentrate or extract.

(46) "Producer" means a marijuana producer licensed by the Commission.

(47) "Produces"

(a) "Produces" means the manufacture, planting, cultivation, growing or harvesting of marijuana.

(b) "Produces" does not include:

(A) The drying of marijuana by a marijuana processor, if the marijuana processor is not otherwise producing marijuana; or

(B) The cultivation and growing of an immature marijuana plant by a marijuana processor, marijuana wholesaler or marijuana retailer if the marijuana processor, marijuana wholesaler or marijuana retailer purchased or otherwise received the plant from a licensed marijuana producer.

(48) "Propagate" means to grow immature marijuana plants or to breed or produce the seeds of the plant Cannabis family Cannabaceae.

(49) "Public place" means a place to which the general public has access and includes, but is not limited to, hallways, lobbies and other parts of apartment houses and hotels not constituting rooms or apartments designed for actual residence, and highways, streets, schools, places of amusement, parks, playgrounds and areas used in connection with public passenger transportation.

(50) "Regulatory specialist" means a full-time employee of the Commission who is authorized to act as an agent of the Commission in conducting inspections or investigations, making arrests and seizures, aiding in prosecutions for offenses, issuing citations for violations and otherwise enforcing chapter 471, ORS 474.005 to 474.095 and 474.115, Commission rules and any other statutes the Commission considers related to regulating liquor or marijuana.

(51) "Retailer" means a marijuana retailer licensed by the Commission.

(52) "Safe" means:

(a) A metal receptacle with a locking mechanism capable of storing all marijuana items on a licensed premises that:

(A) Is rendered immobile by being securely anchored to a permanent structure of an enclosed area; or

(B) Weighs more than 750 pounds.

(b) A "vault"; or

(c) A refrigerator or freezer capable of being locked for storing marijuana items that require cold storage that:

(A) Is rendered immobile by being securely anchored to a permanent structure of an enclosed area; or

(B) Weighs more than 750 pounds.

(53) "Sampling laboratory" means a laboratory that only has an ORELAP accredited scope item for sampling under ORS 438.605 to 438.620 and is not accredited to perform cannabis testing.

(54) "Security plan" means a plan as described in OAR 845-025-1030(4)(f) that fully describes how an applicant will comply with applicable laws and rules regarding security.

(55) "Shipping Container" means any container or wrapping used solely for the transport of a marijuana items in bulk to a marijuana licensee as permitted in these rules.

(56) "These rules" means OAR 845-025-1000 to 845-025-8590.

(57) "UID" means unique identification.

(58)(a) "Usable Marijuana" means the dried leaves and flowers of marijuana.

(b) "Usable marijuana" does not include:

(A) The seeds, stalks and roots of marijuana; or

(B) Waste material that is a by-product of producing or processing marijuana.

(59) "Vault" means an enclosed area or room that is constructed of steel-reinforced or block concrete and has a door that contains a multiple-position combination lock or the equivalent, a relocking device or equivalent, and a steel plate with a thickness of at least one-half inch.

(60) "Wholesaler" means a marijuana wholesaler licensed by the Commission.

845-025-1030

Application Process

(1) A person may submit an application to the Commission, on a form prescribed by the Commission, for a marijuana producer, processor, wholesaler, retail, or laboratory license.

(2) An application for a license and all documentation required in the application instructions and in section (4) of this rule must be submitted in a manner specified by the Commission. The application fee specified in OAR 845-025-1060 must also be paid in a manner specified by the Commission.

(3) An application must include the names and other required information for all individuals who are applicants as described in OAR 845-025-1045 and who are not applicants but who have a "financial interest" in the business, as defined in OAR 845-025-1015.

(4) In addition to submitting the application form the following must be submitted:

(a) For an individual listed as an applicant:

(A) Information or fingerprints for a criminal background check in accordance with OAR 845-025-1080;

(B) Any forms required by the Commission and any information identified in the form that is required to be submitted; and

(C) Proof of residency documented by providing:

(i) Oregon full-year resident tax returns for the last two years; or

(ii) Utility bills, rental receipts, mortgage statements or similar documents that contain the name and address of the applicant dated at least two years prior to the date of application and from the most recent month.

(b) For an individual listed as a person with a financial interest who holds or controls an interest of ten percent or greater in the business proposed to be licensed, or an individual who is a partner, member or corporate officer of a legal entity with a financial interest in the business proposed to be licensed:

(A) Information or fingerprints for a criminal background check in accordance with OAR 845-025-1080;

(B) Any forms required by the Commission and any information identified in the form that is required to be submitted; and

(c) A map or sketch of the premises proposed for licensure, including the defined boundaries of the premises and the location of any primary residence located on the same lot or parcel as the licensed premises;

(d) A scaled floor or plot plan sketch of all enclosed areas with clear identification of walls, partitions, counters, windows, all areas of ingress and egress, and all limited access areas;

(e) Proof of right to occupy the premises proposed for licensure;

(f) An operating plan that demonstrates at a minimum, how the applicant's proposed premises and business will comply with the applicable laws and rules regarding:

(A) Security;

(B) Employee qualifications and training;

(C) Transportation of product;

(D) Preventing minors from entering the licensed premises; and

(E) Preventing minors from obtaining or attempting to obtain marijuana items.

(g) For producers:

(A) The proposed canopy size and tier as described in OAR 845-025-2040 and a designation of the canopy area within the license premises.

(B) A report describing the applicant's electricity and water usage, on a form prescribed by the Commission.

(i) For initial licensure and renewal, the report must describe the estimated electricity and water usage taking into account all portions of the premises and expected requirements of the operation for the next twelve months.

(ii) In addition to requirements of section (4)(g)(B)(i), for renewal, the report must describe the actual electricity and water usage for the previous year taking into account all portions of the premises.

(C) A description of the growing operation including growing media, a description of equipment to be used in the production, and whether production will be indoor, outdoor or both.

(D) Proof of a legal source of water as evidenced by:

(i) A copy of a water right permit, certificate, or other water use authorization from the Oregon Water Resources Department;

(ii) A statement that water is supplied from a public or private water provider, along with the name and contact information of the water provider; or

(iii) Proof from the Oregon Water Resources Department that the water to be used for production is from a source that does not require a water right.

(h) For processors:

(A) On a form prescribed by the Commission, the proposed endorsements as described in OAR 845-025-3210.

(B) A description of the type of products to be processed, a description of equipment to be used, including any solvents, gases, chemicals or other compounds used to create extracts or concentrates.

(5) In addition to submitting the application form and the items described in (4) of this rule the Commission may require the following to be submitted:

(a) For an individual identified as a person with a financial interest, who holds or controls an interest of less than ten percent in the business proposed to be licensed:

(A) Information or fingerprints for a criminal background check in accordance with OAR 845-025-1080;

(B) Any forms required by the Commission and any information identified in the form that is required to be submitted; and

(b) Any additional information if there is a reason to believe that the information is needed to determine the merits of the license application.

(6) The Commission must review an application to determine if it is complete. An application will be considered incomplete if an application form is not complete, the full application fee has not been paid, or some or all of the additional information required under sections (4) and (5) of this rule is not submitted.

(7) An applicant may submit a written request for reconsideration of a decision that an application is incomplete. Such a request must be received by the Commission within ten days of the date the incomplete notice was mailed to the applicant. The Commission shall give the applicants the opportunity to be heard if an application is rejected. A hearing under this subsection is not subject to the requirements for contested case proceedings under ORS 183.310 to 183.550.

(8) If, prior to an application being acted upon by the Commission, there is a change with regard to who is an applicant or who is a person with a financial interest in the proposed business, the new applicant or person with a financial interest must submit a form, prescribed by the Commission, that:

(a) Identifies the individual or person;

(b) Describes the individual's or person's financial interest in the business proposed for licensure; and

(c) Includes any additional information required by the Commission, including but not limited to information and fingerprints required for a criminal background check.

(9) Failure to comply with subsection (6) of this rule may result in an application being denied.

Stats. Implemented: ORS 475B.040, 475B.045, 475B.060, 475B.070, 475B.090, 475B.100, 475B.110 & 475B.560
Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-1045
Qualifications of an Applicant

(1) The following are considered applicants for purposes of these rules:

(a) Any individual that has a financial interest in the business for which licensure is sought and who is directly involved in controlling the ordinary course of business for the business that is proposed to be licensed; and

(b) Any legal entity that has a financial interest in the business for which licensure is sought and is directly involved in controlling the ordinary course of business for the business that is proposed to be licensed;

(2) If an applicant is an individual the individual must also:

(a) Be at least 21 years of age; and

(b) Until January 1, 2020, have been a resident of Oregon for at least two consecutive years prior to the date the initial or renewal application was submitted.

(3) If a legal entity is designated as an applicant, the following individuals must also be listed as applicants on an application:

(a) All partners in a limited partnership;

(b) All members of a limited liability company; and

(c) All directors and principal officers of a corporate entity.

(d) Any individual who owns or controls at least 10% of the legal entity.

(4) At least one applicant or the sum of applicants listed on a license application must be a legitimate owner of the business proposed to be licensed or subject to renewal.

(5) An individual or legal entity will not be considered by the Commission to be directly involved in the ordinary course of business for the business proposed to be licensed solely by virtue of:

(a) Being a shareholder, director, member or limited partner;

(b) Being an employee or independent contractor; or

(c) Participating in matters that are not in the ordinary course of business such as amending organizational documents of the business entity, making distributions, changing the entity's corporate structure, or approving transactions outside of the ordinary course of business as specified in the entity's organizational documents.

(6) An applicant will be considered by the Commission to be a legitimate owner of the business if:

(a) The individual applicant or legal entity applicant owns at least 51% of the business proposed to be licensed; or

(b) One or more individual applicants in sum own at least 51% of the business proposed to be licensed.

(7) The following factors, in and of themselves, do not constitute ownership:

(a) Preferential rights to distributions based on return of capital contribution;

(b) Options to purchase an ownership interest that may be exercised in the future;

(c) Convertible promissory notes; or

(d) Security interests in an ownership interest.

(8) For purposes of this rule, "ownership" means direct or indirect ownership of the shares, membership interests, or other ownership interests of the business proposed to be licensed.

(9) The Commission may consider factors other than those listed in this rule when determining whether an individual or legal entity is directly involved in the operation or management of the business proposed to be licensed or licensed, or is a legitimate owner.

(10) An individual listed as an applicant on an initial or renewal application, or identified by the Commission as an applicant must maintain Oregon residency while the business is licensed.

845-025-1060
Fees

(1) At the time of initial license or certificate application an applicant must pay a $250 non-refundable application fee.

(2) If the Commission approves an application and grants an annual license, the following fees must be paid, prorated for an initial license that is issued for six months or less:

(a) Producers:

(A) Tier I $3,750;

(B) Tier II $5,750.

(b) Processors: $4,750;

(c) Wholesalers: $4,750;

(d) Retailers: $4,750;

(e) Laboratories: $4,750.

(3) At the time of license or certificate application renewal, an applicant must pay a $250 non-refundable application fee. If the Commission approves an application and grants a research certificate, the fee shall be $4,750 for a three-year term.

(4) If the Commission approves a renewal application the renewal license or certificate fees must be paid in the amounts specified in subsections (2) and (3) of this rule.

(5) If the Commission approves an initial or renewal application and grants a marijuana handler permit, the individual must pay a $100 permit fee.

(6) The Commission shall charge the following fees:

(a) Criminal background checks: $50 per individual (if the background check is not part of an initial or renewal application).

(b) Change of ownership review: $1000 per license.

(c) Change in business structure review: $1000 per license.

(d) Transfer of location of premises review: $1000 per license.

(e) Packaging preapproval: $100.

(f) Labeling preapproval: $100.

845-025-1080
Criminal Background Checks

(1) If an individual is required by the Commission to undergo a criminal background check, the individual must provide to the Commission:

(a) A criminal background check request form, prescribed by the Commission that includes but is not limited to:

(A) First, middle and last name;

(B) Any aliases;

(C) Date of birth;

(D) Driver's license information; and

(E) Address and recent residency information.

(b) Fingerprints in accordance with the instructions on the Commission's webpage.

(2) The Commission may request that an applicant disclose his or her Social Security Number if notice is provided that:

(a) Indicates the disclosure of the Social Security Number is voluntary; and

(b) That the Commission requests the Social Security Number for the purpose of positively identifying the applicant during the criminal records check process.

(3) An applicant's criminal history must be evaluated by the Commission in accordance with ORS 670.280 and 475B.050.

(4) The Commission may conduct a criminal background checks in accordance with this rule every year at the time of application renewal.

(5) Records concerning criminal background checks must be kept and handled by the Commission in accordance with ORS 181.534(15).

845-025-1090
Application Review

(1) Once the Commission has determined that an application is complete it must review the application to determine compliance with ORS Chapter 475B and these rules.

(2) The Commission:

(a) Must, prior to acting on an application, request a land use compatibility statement from the city or county that authorizes land use in the city or county in which the applicant's proposed premises is located; or request verification that a land use compatibility statement submitted by an applicant is valid and accurate.

(b) May, in its discretion, prior to acting on an application:

(A) Contact any applicant or individual with a financial interest and request additional documentation or information; and

(B) Verify any information submitted by the applicant.

(3) The Commission must inspect the proposed premises prior to issuing a license.

(4) If during an inspection the Commission determines the applicant is not in compliance with these rules, the applicant will be provided with a notice of the failed inspection and the requirements that have not been met.

(a) An applicant that fails an inspection will have 15 calendar days from the date the notice was sent to submit a written response that demonstrates the deficiencies have been corrected.

(b) An applicant may request in writing one extension of the 15-day time limit in subsection (a) of this section, not to exceed 30 days.

(5) If an applicant does not submit a timely plan of correction or if the plan of correction does not correct the deficiencies in a manner that would bring the applicant into compliance, the Commission may deny the application.

(6) If the plan of correction appears, on its face, to correct the deficiencies, the Commission will schedule another inspection.

(7) If an applicant fails a second inspection, the Commission may deny the application unless the applicant shows good cause for the Commission to perform additional inspections.

845-025-1100
Approval of Application and Issuance of License

(1) If, after the application review and inspection, the Commission determines that an applicant is in compliance with ORS 475B.025 to 475B.235 and these rules the Commission must notify the applicant in writing that the application has been approved and after payment by the applicant of the license fee, provide the applicant with proof of licensure that includes a unique license number, the effective date of the license, date of expiration, and a description of premises for which the license was issued. If the applicant paid the license fee with a check the Commission will not issue a license until it has confirmation that the check has cleared.

(2) A licensee:

(a) May not operate until on or after the effective date of the license.

(b) Must display proof of licensure in a prominent place on the premises.

(c) May not use the Commission name or logo on any signs at the premises, on the business' website, or in any advertising or social media, except to the extent that information is contained on the proof of licensure.

(3) Licensure is only valid for the premises indicated on the license and is only issued to the individuals or entities listed on the application or subsequently approved by the Commission.

(4) A license may not be transferred except as provided in OAR 845-025-1160.

Stat. Auth.: ORS 475B.025
Stats. Implemented: ORS 475B.055
Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-1115
Denial of Application

(1) The Commission must deny an initial or renewal application if:

(a) An applicant is under the age of 21 or, until January 1, 2020, has not been a resident or Oregon for at least two years. If the Commission determines that an applicant is a non-resident the Commission will hold that application under review until 30 days after the 2016 Oregon Legislature adjourns.

(b) The applicant's land use compatibility statement shows that the proposed land use is prohibited in the applicable zone, if a land use compatibility statement is required.

(c) The proposed licensed premises is located:

(A) On federal property.

(B) On reservation or tribal trust land of a federally recognized Indian tribe unless that tribe has entered into an agreement with the State of Oregon which allows licensing of recreational marijuana businesses. Any license issued on tribal lands is subject to the same requirements as a license issued on non-tribal land.

(d) The proposed licensed premises of a producer applicant who has applied to produce marijuana outdoors is:

(A) On public land; or

(B) On the same lot or parcel, as defined in ORS 92.010, as another producer licensee; or under common ownership; or

(C) On the same lot or parcel, as defined in ORS 92.010, as a retail, processor or wholesale license, unless all of the licenses on the lot or parcel are held or sought by the same applicant.

(e) The proposed licensed premises of a producer applicant who has applied to produce marijuana indoors is on the same lot or parcel, as defined in ORS 92.010, as another producer licensee under common ownership.

(f) The proposed licensed premises of a producer is located on the same lot or parcel, as those terms are defined in ORS 92.010, as a site registered with Oregon Department of Agriculture for the production of industrial hemp, unless the applicant submits and the Commission approves a control plan describing how the registered site will be separated from the premises proposed to be licensed and how the applicant will prevent transfer of industrial hemp to the licensed premises.

(g) The proposed licensed premises of a processor who has applied for an endorsement to process extracts is located in an area that is zoned exclusively for residential use.

(h) The proposed licensed premises of a retail applicant is located:

(A) Within 1,000 feet of:

(i) A public elementary or secondary school for which attendance is compulsory under ORS 339.020; or

(ii) A private or parochial elementary or secondary school, teaching children as described in ORS 339.030.

(B) In an area that is zoned exclusively for residential use.

(i) The proposed licensed premises of a wholesaler applicant is in an area zoned exclusively for residential use.

(j) A city or county has prohibited the license type for which the applicant is applying, in accordance with ORS 475B.800.

(2) The Commission may deny an initial or renewal application, unless the applicant shows good cause to overcome the denial criteria, if it has reasonable cause to believe that:

(a) The applicant:

(A) Is in the habit of using alcoholic beverages, habit-forming drugs, marijuana, or controlled substances to excess.

(B) Has made false statements to the Commission.

(C) Is incompetent or physically unable to carry on the management of the establishment proposed to be licensed.

(D) Is not of good repute and moral character.

(E) Does not have a good record of compliance with ORS 475B.010 to 475B.395, or these rules, prior to or after licensure including but not limited to:

(i) The giving away of marijuana items as a prize, premium or consideration for a lottery, contest, game of chance or skill, or competition of any kind, in violation of ORS 475B.275;

(ii) Providing marijuana items to an individual without checking that the individual is 21 or older;

(iii) Unlicensed transfer of marijuana items for financial consideration; or

(iv) Violations of local ordinances adopted under ORS 475B.340, pending or adjudicated by the local government that adopted the ordinance.

(F) Is not possessed of or has not demonstrated financial responsibility sufficient to adequately meet the requirements of the business proposed to be licensed.

(G) Is unable to understand the laws of this state relating to marijuana or these rules, including but not limited to ORS 475.300 to 475.346 and ORS 475B.550 to 475B.590. Inability to understand laws and rules of this state related to marijuana may be demonstrated by violations documented by the Oregon Health Authority.

(b) Any individual listed on the application has been convicted of violating a general or local law of this state or another state, or of violating a federal law, if the conviction is substantially related to the fitness and ability of the applicant to lawfully carry out activities under the license, except as specified in ORS 475B.045(3).

(c) Any applicant is not the legitimate owner of the business proposed to be licensed, or other persons have an ownership interest in the business have not been disclosed to the Commission.

(d) The business proposed to be licensed is located at the same physical location or address as a premises licensed under ORS Chapter 471 or as a retail liquor agent appointed by the Commission.

(3) The Commission may refuse to issue a license to any license applicant or refuse to renew the license of any licensee when conditions exist in relation to any person having a financial interest in the business or in the place of business which would constitute grounds for refusing to issue a license or for revocation or suspension of a license if such person were the license applicant or licensee.

(4)(a) The Commission may deny any initial or renewal application and may revoke any license if medical marijuana items are produced, processed, stored, sold or transported, to or from the same address or location of licensed business or business proposed to be licensed.

(b) The Commission will not deny an initial application under this subsection if:

(A)The applicant surrenders any registration issued by the Authority for the address or location of the business proposed to be licensed;

(B) If applicable, the applicant notifies all other growers registered by the Authority at the location or address proposed to be licensed, in a form and manner prescribed by the Commission, that the grower is no longer permitted to produce medical marijuana at the address or location proposed to be licensed and must surrender his or her registration at that address or location; and

(C) All medical marijuana activity at the location or address proposed to be licensed ceases prior to being issued an OLCC license.

(5) If the Commission denies an application because an applicant submitted false or misleading information to the Commission, the Commission may prohibit the applicant from re-applying for five years.

(6) A notice of denial must be issued in accordance with ORS 183.

Communication With Commission

(1) If an applicant or licensee is required to or elects to submit anything in writing to the Commission, unless otherwise prescribed by the Commission, the applicant or licensee may submit the writing to the Commission via:

(a) Mail;

(b) In-person delivery;

(c) Facsimile; or

(d) E-mail.

(2) If a written notification must be submitted by a particular deadline it must be received, regardless of the method used to submit the writing, by 5:00 p.m. Pacific Time.

Stat. Auth.: ORS 475B.025

Stats. Implemented: ORS 475B.025

Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-1160

Notification of Changes

(1) An applicant or licensee must notify the Commission in writing within 10 calendar days of any of the following:

(a) A change in any contact information for anyone listed in an application or subsequently identified as an applicant or an individual with a financial interest;

(b) The arrest or conviction for any misdemeanor or felony of an individual listed in an application or subsequently identified as an applicant, licensee or individual with a financial interest;

(c) A disciplinary proceeding or licensing enforcement action by another governmental entity that may affect the licensee's business;

(d) The filing of bankruptcy;

(e) The closure of bank accounts or credit cards by a financial institution;

(f) The temporary closure of the business for longer than 30 days; or

(g) The permanent closure of the business.

(2) An applicant or licensee must notify the Commission in a manner prescribed by the Commission within 24 hours of the arrest or conviction for any misdemeanor or felony of an individual listed in an application or subsequently identified as an applicant, licensee or individual with a financial interest.

(3) A licensee must notify the Commission as soon as reasonably practical and in no case more than 24 hours from the theft of marijuana items or money from the licensed premises.

(4) Changes in Financial Interest or Business Structure. A licensee that proposes to change its corporate structure, ownership structure or change who has a financial interest in the business must submit a form prescribed by the Commission, and any information identified in the form to be submitted, to the Commission, prior to making such a change.

(a) The Commission must review the form and other information submitted under subsection (1) of this rule, and will approve the change if the change would not result in an initial or renewal application denial under OAR 845-025-1115, or serve as the basis of a license suspension or revocation.

(b) If the Commission denies the change but the licensee proceeds with the change the licensee must surrender the license or the Commission will propose to suspend or revoke the license.

(c) The Commission will not accept a form for a change in corporate structure or financial interest if the license is expiring in less than 90 days, the licensee is under investigation by the Commission, or has been issued a Notice by the Commission following an alleged violation and the alleged violation has not been resolved.

(d) If a licensee has a change in ownership that is 51% or greater, a new application must be submitted in accordance with OAR 845-025-1030.

(5) Change of Location.

(a) A licensee who wishes to change the location of the licensed premises must submit a completed application for the new premises including all required forms and documents and the fee specified in OAR 845-025-1060, but does not need to submit information and fingerprints required for a

criminal background check if there are no changes to the individuals listed on the initial application.

(b) The Commission must approve any change of location prior to licensee beginning business operations in the new location.

845-025-1175
Changing, Altering, or Modifying Licensed Premises

(1) A licensee may not make any physical changes to the licensed premises that materially or substantially alter the licensed premises or the usage of the licensed premises from the plans originally approved by the Commission without the Commission's prior written approval.

(2) A licensee who intends to make any material or substantial changes to the licensed premises must submit a form prescribed by the Commission, and submit any information identified in the form to be submitted, to the Commission, prior to making any such changes.

(3) The Commission must review the form and other information submitted under subsection (2) of this rule, and will approve the changes if the changes would not result in an initial or renewal application denial under OAR 845-025-1115.

(4) If the Commission denies the change the licensee must not make the proposed changes. If the licensee makes the proposed changes, the licensee must surrender the license or the Commission will propose to suspend or revoke the license.

(5) For purposes of this rule a material or substantial change requiring approval includes, but is not limited to:

(a) Any increase or decrease in the total physical size or capacity of the licensed premises;

(b) The sealing off, creation of or relocation of a common entryway, doorway, passage or other such means of public ingress or egress, when such common entryway, doorway or passage alters or changes limited access areas, such as the areas in which cultivation, harvesting, processing, or sale of marijuana items occurs within the licensed premises; or

(c) Any physical change that would require the installation of additional video surveillance cameras or a change in the security system.

(d) Any addition or change of location of a primary residence located on the same tax lot or parcel as a licensed premises.

Stat. Auth.: ORS 475B.025

845-025-1190
License Renewal

(1) Renewal Applications:

(a) Any licensee who files a completed renewal application with the Commission at least 20 days before the date the license expires may continue to operate as if the license were renewed, pending a decision by the Commission;

(b) Any licensee who does not file a completed renewal application at least 20 days before the existing license expires must stop engaging in any licensed activity when the license expires. However:

(A) If the Commission receives a completed license renewal application less than 20 days before the date the existing license expires, the Commission will, upon receipt of the appropriate late renewal fee in OAR 845-025-1070, issue a letter of authority to operate beyond the expiration of the license, pending a decision by the Commission;

(B) A licensee must not engage in any licensed activity after the license expires. If the Commission receives a completed license renewal application within 30 days after the date the existing license expires, the Commission will, upon receipt of the appropriate late renewal fee in OAR 845-025-1070, issue a letter of authority to resume operation, pending a decision by the Commission.

(c) The Commission will not renew a license if the Commission receives the renewal application more than 30 days after the license expires. A person who wants to resume licensed activity in this circumstance:

(A) Must submit a completed new application, including the documents and information required by the Commission; and

(B) Must not engage in any licensed activity unless and until they receive authority to operate from the Commission after submitting the completed new application.

(d) A person relicensed under section (1)(c) of this rule who engaged in any activity that would require a license while not licensed in violation of section (1)(b)(B) of this rule may be subject to administrative and criminal sanctions.

(e) A person who engages in any activity that requires a license but is not licensed may be subject to criminal prosecution.

(f) For purposes of this rule, a completed application:

(A) Is considered filed when received by the Commission; and

(B) Is one that is completely filled out, is signed by all applicants and includes the appropriate fee.

845-025-1200
Financial and Business Records

In addition to any other recordkeeping requirements in these rules, a marijuana licensee must have and maintain records that clearly reflect all financial transactions and the financial condition of the business. The following records may be kept in either paper or electronic form and must be maintained for a three-year period and must be made available for inspection if requested by an employee of the Commission:

(1) Purchase invoices and supporting documents for items and services purchased for use in the production, processing, research, testing and sale of marijuana items that include from whom the items were purchased and the date of purchase;

(2) Bank statements for any accounts relating to the licensed business;

(3) Accounting and tax records related to the licensed business;

(4) Documentation of all financial transactions related to the licensed business, including contracts and agreements for services performed or received that relate to the licensed business; and

(5) All employee records, including training.

845-025-1215
Standardized Scales

(1) A licensee shall use an Oregon Department of Agriculture licensed weighing device as defined in ORS chapter 618 and OAR 603, Division 27:

(a) Whenever marijuana items are bought and sold by weight;

(b) Whenever marijuana items are packaged for sale by weight;

(c) Whenever marijuana items are weighed for entry into CTS; and,

(d) Whenever the weighing device is used commercially as defined in ORS 618.010.

(2) Notwithstanding the requirements in sections (1) of this rule a laboratory licensee may utilize any scale permitted by ORELAP under OAR 333, Division 64.

Licensed Premises Restrictions and Requirements

(1) A licensed premises may not be located:

(a) On federal property; or

(b) At the same physical location or address as a:

(A) Medical marijuana grow site registered under ORS 475.304, unless the grow site is also licensed under ORS 475B.080;

(B) Medical marijuana processing site registered under ORS 475B.435; or

(C) Medical marijuana dispensary registered under ORS 475B.450.

(D) Liquor licensee licensed under ORS Chapter 471 or as a retail liquor agent appointed by the Commission.

(2) The licensed premises of a producer applicant may not be on:

(a) Public land; or

(b) The same tax lot or parcel as another producer licensee under common ownership.

(3) The licensed premises of a retailer may not be located:

(a) Within 1,000 feet of:

(A) A public elementary or secondary school for which attendance is compulsory under ORS 339.020; or

(B) A private or parochial elementary or secondary school, teaching children as described in ORS 339.030.

(b) In an area that is zoned exclusively for residential use.

(4) The licensed premises of a processor who has an endorsement to process extracts may not be located in an area that is zoned exclusively for residential use.

(5) The licensed premises of a processor, wholesaler, laboratory and retailer must be enclosed on all sides by permanent walls and doors.

(6) A licensee may not permit:

(a) Any minor on a licensed premises except as described in section (7) and (8) of this rule; or

(b) On-site consumption of a marijuana item, alcohol, or other intoxicant by any individual, except that a license representative who has a current registry identification card issued under ORS 475B.415 may consume marijuana during his or her work shift on the licensed premises as necessary for his or her medical condition, if the employee is alone, in a closed room and not visible to others outside the room. A license representative who consumes a marijuana item as permitted under this section may not be intoxicated while on duty. For purposes of this section allowable on-site consumption in an enclosed area, as that as defined in OAR 333-015-0030 does not include smoking, combusting, inhaling, vaporizing, or aerosolizing a marijuana item.

(7) Notwithstanding section (6)(a) of this rule, a minor, other than a licensee's employee, who has a legitimate business purpose for being on the licensed premises, may be on the premises for a limited period of time in order to accomplish the legitimate business purpose. For example, a minor plumber may be on the premises in order to make a repair.

(8) Notwithstanding section (6)(a) of this rule, a minor who resides on the tax lot or parcel where a marijuana producer is licensed may be present on those portions of a producer's licensed that do not contain usable marijuana or cut and drying marijuana plants.

(9) A licensee must clearly identify all limited access areas in accordance with OAR 845-025-1245.

(10) A licensee must keep a daily log of all employees, contractors and license representatives who perform work on the licensed premises. All employees, contractors and licensee representatives present on the licensed premises must wear clothing or a badge issued by the licensee that easily identifies the individual as an employee, contractor or licensee representative.

(a) A licensee must record the name and permit number of every current employee and license representative in CTS.

(b) If a current employee or license representative is not required to have a marijuana worker permit, the licensee must record the name and date of birth for that individual in CTS.

(c) A licensee must record the name and date of birth for every contractor who performs work on the licensed premises. If the contractor is licensed by the State of Oregon, the licensee must also record the contractor's license number.

(11) The general public is not permitted in limited access areas on a licensed premises, except for the consumer sales area of a retailer and as provided by section (14) of this rule. In addition to licensee representatives, the following visitors are permitted to be present in limited access areas on a licensed premises, subject to the requirements in section (12) and (13) of this rule:

(a) Laboratory personnel, if the laboratory is licensed by the Commission;

(b) A contractor, vendor or service provider authorized by a licensee representative to be on the licensed premises;

(c) Another licensee or that licensee's representative;

(d) Invited guests as defined in OAR 845-025-1015 subject to requirements of section (12) of this rule; or

(e) Tour groups as permitted under section (14) of this rule.

(12) Prior to entering a licensed premises all visitors permitted by section (11) of this rule must be documented and issued a visitor identification badge from a licensee representative that must remain visible while on the licensed premises. A visitor badge is not required for government officials. All visitors described in subsection (11) of this rule must be accompanied by a licensee representative at all times.

(13) A licensee must maintain a log of all visitor activity allowed under section (11) of this rule. The log must contain the first and last name and date of birth of every visitor and the date they visited. A licensee is not required to record the date of birth for government officials.

(14) A marijuana producer or research certificate holder may offer tours of the licensed premises, including limited access areas, to the general public if the licensee submits a control plan in writing and the plan is approved by the Commission.

(a) The plan must describe how conduct of the individuals on the tour will be monitored, how access to usable marijuana will be limited, and what steps the licensee will take to ensure that no minors are permitted on the licensed premises.

(b) The Commission may withdraw approval of the control plan if the Commission finds there is poor compliance with the plan. Poor compliance may be indicated by, for example, individuals on the tour not being adequately supervised, an individual on the tour obtaining a marijuana item while on the tour, a minor being part of a tour, or the tours creating a public nuisance.

(15) Nothing in this rule is intended to prevent or prohibit Commission employees or contractors, or other state or local government officials that have jurisdiction over some aspect of the licensed premises or licensee from being on the licensed premises.

(16) A licensee may not sublet any portion of a licensed premises.

(17) A licensed premises may receive marijuana items only from a marijuana producer, marijuana processor, or marijuana wholesaler for whom a premises has been licensed by the Commission.

(18) A licensed wholesaler or retailer who sells or handles food, as that term is defined in ORS 616.695, or cannabinoid edibles must also be licensed by the Oregon Department of Agriculture under ORS 616.706.

(19) Notwithstanding section (6)(a) of this rule, a minor may pass through the licensed area of an outdoor producer in order to reach an unlicensed area, so long as the minor is not present in areas that contain marijuana items.

845-025-1245
Signage

(1) A licensee must post:

(a) At every licensed premises signs that read:

(A) "No Minors Permitted Anywhere on This Premises"; and

(B) "No On-Site Consumption of Marijuana"; and

(b) At all areas of ingress or egress to a limited access area a sign that reads: "Do Not Enter – Limited Access Area – Access Limited to Licensed Personnel and Escorted Visitors."

(2) All signs required by this rule must be:

(a) Legible, not less than 12 inches wide and 12 inches long, composed of letters not less than one-half inch in height;

(b) In English and Spanish; and

(c) Posted in a conspicuous location where the signs can be easily read by individuals on the licenses premises.

845-025-1260
Standards for Authority to Operate a Licensed Business as a Trustee, a Receiver, a Personal Representative or a Secured Party

(1) The Commission may issue a temporary authority to operate a licensed business to a trustee, the receiver of an insolvent or bankrupt licensed business, the personal representative of a deceased licensee, or a person holding a security interest in the business for a reasonable period of time to allow orderly disposition of the business.

(a) The trustee, receiver or personal representative must provide the Commission with the following information:

(A) Proof that the person is the legal trustee, receiver or personal representative for the business; and

(B) A written request for authority to operate as a trustee, receiver or personal representative, listing the address and telephone number of the trustee, receiver or personal representative.

(b) The secured party must provide the Commission with the following information:

(A) Proof of a security interest in the licensed business;

(B) Proof of the licensee's default on the secured debt;

(C) Proof of legal access to the real property; and

(D) A written request for authority to operate as a secured party listing the secured party's address and telephone number.

(2) The Commission may revoke or refuse to issue or extend authority for the trustee, receiver, personal representative, or secured party to operate:

(a) If the trustee, receiver, personal representative or secured party does not propose to operate the business immediately or does not begin to operate the business immediately upon receiving the temporary authority;

(b) For any of the reasons that the Commission may revoke or refuse to issue or renew a license;

(c) If the trustee, receiver, personal representative or secured party operates the business in violation of ORS 475B, or these rules; or

(d) If a reasonable time for disposition of the business has elapsed.

(3) No person or entity described in section (1) of this rule may operate the business until a certificate of authority has been issued under this rule, except that the personal representative of a deceased licensee may operate the business for up to 10 days after the death provided that the personal representative submits the information required in section (1)(a) of this rule and obtains a certificate of authority within that time period.

(4) A certificate of authority under this rule is initially issued for a 60-day period and may be extended as reasonably necessary to allow for the disposition of the business.

845-025-1275
Closure of Business

(1) A license expires upon death of a licensee unless the Commission issues an order as described in subsection (2) of this rule.

(2) The Commission may issue an order providing for the manner and condition under which:

(a) Marijuana items left by a deceased, insolvent or bankrupt person or licensee, or subject to a security interest, may be foreclosed, sold under execution or otherwise disposed.

(b) The business of a deceased, insolvent or bankrupt licensee may be operated for a reasonable period following the death, insolvency or bankruptcy.

(3) A secured party, as defined in ORS 79.0102, may continue to operate a business for which a license has been issued under section ORS 475B.070, 475B.090, 475B.100 or 475B.110 for a reasonable period after default on the indebtedness by the debtor.

(4) If a license is revoked the Commission must address in its order the manner and condition under which marijuana items held by the licensee may be transferred or sold to other licensees or must be otherwise disposed.

(5) If a license is surrendered or expires the Commission may address by order the manner and condition under which marijuana items held by the licensee may be transferred or sold to other licensees or must be otherwise disposed of.

845-025-1290
Licensee Responsibility

A licensee is responsible for:

(1) The violation of any administrative rule of the Commission; any provision of ORS chapter 475B affecting the licensee's license privileges.

(2) Any act or omission of a licensee representative in violation of any administrative rule of the Commission or any provision of ORS chapter 475B affecting the licensee's license privileges.

845-025-1295
Local Ordinances

The Commission may impose a civil penalty, suspend or revoke any license for failure to comply with an ordinance adopted by a city or county pursuant ORS 475B.340 if the city or county:

(1) Has provided the licensee with due process substantially similar to the due process provided to a licensee under the Administrative Procedures Act, ORS 183.413 to 183.470; and

(2) Provides the Commission with a final order that is substantially similar to the requirements for a final order under ORS 183.470 that establishes that the licensee has violated the local ordinance.

845-025-1300
Licensee Prohibitions

(1) A licensee may not:

(a) Import into this state or export from this state any marijuana items;

(b) Give marijuana items as a prize, premium or consideration for a lottery, contest, game of chance or game of skill, or competition of any kind;

(c) Sell, give or otherwise make available any marijuana items to any person who is visibly intoxicated;

(d) Make false representations or statements to the Commission in order to induce or prevent action by the Commission;

(e) Maintain a noisy, disorderly or insanitary establishment or supply adulterated marijuana items;

(f) Misrepresent any marijuana item to a customer or to the public;

(g) Sell any marijuana item through a drive-up window;

(h) Deliver marijuana to any consumer off the licensed premises except as permitted by OAR 845-025-2880;

(i) Sell or offer to sell a marijuana item that does not comply with the minimum standards prescribed by the statutory laws of this state; or

(j) Use or allow the use of a mark or label on the container of a marijuana item that is kept for sale if the container does not precisely and clearly indicate the nature of the container's contents or in any way might deceive a customer as to the nature, composition, quantity, age or quality of the marijuana item.

(2) No licensee or licensee representative may be under the influence of intoxicants while on duty.

(a) For purposes of this rule "on duty" means:

(A) The beginning of a work shift that involves the handling or sale of marijuana items, checking identification or controlling conduct on the licensed premises, to the end of the shift including all breaks;

(B) For an individual working outside a scheduled work shift, the performance of acts on behalf of the licensee that involve the handling or sale of marijuana items, checking identification or controlling conduct on the licensed premises, if the individual has the authority to put himself or herself on duty; or

(C) A work shift that includes supervising those who handle or sell marijuana items, check identification or control the licensed premises.

(b) Whether a person is paid or scheduled for work is not determinative of whether the person is considered "on duty" under this subsection.

Trade Samples

(1) The following licensees may provide samples of marijuana items to other licensees for the purpose of determining whether to purchase the product:

(a) A producer may provide a sample of usable marijuana to a marijuana wholesaler, retailer or processor licensee.

(b) A processor may provide a sample of a cannabinoid product, concentrate or extract to a marijuana wholesaler or retailer.

(c) A wholesaler may provide a sample of usable marijuana or a cannabinoid product, concentrate or extract to a marijuana wholesaler, retailer or processor licensee.

(2) The sample marijuana items may not be consumed or used on a licensed premises.

(3) The sample may not be resold to another licensee or consumer.

(4) Any sample provided to another licensee or received by a licensee must be recorded in CTS.

(5) Any samples provided under this rule must be tested in accordance with OAR 333-007-0300 to 333-007-0490.

(6) A licensee is limited to providing the following aggregate amounts of sample marijuana items to an individual recipient licensee in a 30-day period:

(a) 30 grams of usable marijuana;

(b) 5 grams of cannabinoid concentrates or extracts; and

(c) 3 units of sale of any individual cannabinoid product.

Quality Control Samples

(1) Producer and processor licensees may provide sample marijuana items directly to their own license representatives for the purpose of quality control and product development.

(2) The sample marijuana items may not be consumed or used on a licensed premises.

(3) The sample marijuana items may not be provided to or resold to another licensee or consumer.

(4) Any sample provided under this rule must be recorded in CTS.

(5) A producer licensee is limited to providing a total of 28 grams of usable marijuana per harvest lot or 1% of each harvest lot, whichever is smaller.

(6) A processor licensee is limited to providing a total of the following amounts of sample marijuana items:

(a) 5 grams of cannabinoid concentrates or extracts per process lot or 1% of each process lot, whichever is smaller; and

(b) 12 individual units of sale per process lot for other cannabinoid products.

845-025-1400
Security Plans

(1) An applicant must have a security plan. The Commission will not conduct any pre-licensing inspection under OAR 845-025-1090(3) until it has approved an applicant's security plan.

(2) The Commission must notify an applicant in writing whether the security plan has been approved. If the security plan is approved with a waiver granted under OAR 845-025-1405, the notice must specifically describe the alternate safeguards that are required and, if time limited, must state the time period the security plan is in effect.

(3) A licensee must notify the Commission of any proposed changes to a security plan and must have approval prior to implementing any change. The Commission will notify a licensee whether the change is approved in the same manner described in subsection (2) of this rule.

(4) The Commission may withdraw approval of the security plan at any time if there have been one or more documented instances of theft or loss of marijuana items on the licensed premises within the past year. If the Commission withdraws its approval of the security plan, the licensee will be given a reasonable period of time to modify the plan and if the security plan was approved with a waiver of any security requirements, will be given a reasonable period of time to come into compliance with the security requirements that were waived.

(5) Failure to comply with the terms of an approved security plan is a Category III violation.

845-025-1405
Security Waivers

(1) An applicant or licensee may, in writing, request that the Commission waive one or more of the security requirements described in OAR 845-025-1400 to 845-025-1470 by submitting a security waiver request for Commission approval. The waiver request must include:

(a) The specific rules and subsections of a rule that is requested to be waived;

(b) The reason for the waiver;

(c) A description of an alternative safeguard the licensee can put in place in lieu of the requirement that is the subject of the waiver; and

(d) An explanation of how and why the alternative safeguard accomplishes the goals of the security rules, specifically public safety, prevention of diversion, accountability, and prohibiting access to minors.

(2) The Commission may, in its discretion and on a case by case basis, approve the security waiver if it finds that the alternative safeguard that is proposed meets the goals of the security rules.

(3) Approved security waivers expire at the same time as the underlying license.

845-025-1410
Security Requirements

(1) A licensee is responsible for the security of all marijuana items on the licensed premises or in transit, including providing adequate safeguards against theft or diversion of marijuana items and records that are required to be kept.

(2) The licensee must ensure that commercial grade, non-residential door locks are installed on every external door, and gate if applicable, of a licensed premises where marijuana items are present.

(3) During all hours when the licensee is not operating a licensee must ensure that:

(a) All points of ingress and egress from a licensed premises are securely locked and any keys or key codes to the enclosed area remain in the possession of the licensee, licensee representative, or authorized personnel;

(b) All marijuana items on a licensed retailer's premises are kept in a safe or vault as those terms are defined in OAR 845-025-1015; and

(c) All usable marijuana, cut and drying mature marijuana plants, cannabinoid concentrates, extracts or products on the licensed premises of a licensee other than a retailer are kept in a locked, enclosed area within the licensed premises that is secured with at a minimum, a steel door with a steel frame or equivalent, and a commercial grade, non-residential door lock.

(4) A licensee must:

(a) Have an electronic back-up system for all electronic records; and

(b) Keep all video recordings and archived required records not stored electronically in a locked storage area. Current records may be kept in a locked cupboard or desk outside the locked storage area during hours when the licensed business is open.

845-025-1420
Alarm System

(1) A licensed premises must have a fully operational security alarm system, activated at all times when the licensed premises is closed for business on all:

(a) All points of egress and ingress to and from the licensed premises; and

(b) Perimeter windows, if applicable.

(2) The security alarm system for the licensed premises must:

(a) Be able to detect unauthorized entry onto the licensed premises and unauthorized activity within any limited access area where mature marijuana plants, usable marijuana, cannabinoid concentrates, extracts or products are present;

(b) Be programmed to notify a the licensee, licensee representative or authorized personnel in the event of an unauthorized entry; and

(c) Have a mechanism to ensure that the licensee, licensee's employees and authorized representatives can immediately notify law enforcement or a security company of any unauthorized entry. This subsection may be satisfied in one of the following ways:

(A) Having at least two operational "panic buttons" located inside the licensed premises that are linked with the alarm system that immediately notifies a security company or law enforcement; or

(B) Having operational "panic buttons" physically carried by all licensee representatives present on the licensed premises that are linked with the alarm system that immediately notifies a security company or law enforcement; or

(C) Having a landline telephone present in all limited access areas that is capable of immediately calling a security company or law enforcement.

(3) A licensee that has at least one authorized representative physically present on the licensed premises at all times when it is closed for business is not required to comply with section (1) and sections (2)(a) and (b) of this rule.

(4) Upon request, licensees shall make all information related to security alarm systems, monitoring and alarm activity available to the Commission.

845-025-1430
Video Surveillance Equipment

(1) A licensed premises must have a fully operational video surveillance recording system.

(2) Video surveillance equipment must, at a minimum:

(a) Consist of:

(A) Digital or network video recorders;

(B) Cameras capable of meeting the requirements of OAR 845-025-1450 and this rule;

(C) Video monitors;

(D) Digital archiving devices;

(E) A minimum of one monitor on premise capable of viewing video; and

(F) A printer capable of producing still photos.

(b) Have the capability of producing a still photograph from any camera image;

(c) Be equipped with a failure notification system that provides, within one hour, notification to the licensee or an authorized representative of any prolonged surveillance interruption or failure; and

(d) Have sufficient battery backup to support a minimum of one hour of recording time in the event of a power outage.

(3) Except for mounted cameras, all video surveillance equipment and recordings must be stored in a locked secure area that is accessible only to the licensee, licensee representatives and authorized personnel, Commission employees and contractors, and other state or local government officials that have jurisdiction over some aspect of the licensed premises or licensee.

Video Recording Requirements for Licensed Facilities

(1) A licensee must have cameras that continuously record, 24 hours a day:

(a) In all areas where mature marijuana plants, usable marijuana, cannabinoid concentrates, extracts or products may be present on the licensed premises; and

(b) All points of ingress and egress to and from areas where mature marijuana plants, usable marijuana, cannabinoid concentrates, extracts or products are present.

(2) A licensee must:

(a) In limited access and point of sale areas, use cameras that record at a minimum resolution of 1280 x 720 px and record at 10 fps (frames per second);

(b) In exterior perimeter and areas on the licensed premises that are not limited access areas, use cameras that record at a minimum resolution of 1280 x 720 px and record at least 5 fps, except where coverage overlaps any limited access areas such as entrances or exits and in those overlap areas cameras must record at 10 fps;

(c) Use cameras that are capable of recording in all lighting conditions;

(d) Keep all surveillance recordings for a minimum of:

(A) 90 calendar days for licenses issued or renewed after August 31, 2016; and

(B) 30 calendar days for licensed issued prior to August 31, 2016;

(e) Maintain surveillance recordings in a format approved by the Commission that can be easily accessed for viewing and easily reproduced;

(f) Upon request of the Commission, keep surveillance recordings for periods exceeding the retention period specified in section (2)(d) of this rule;

(g) Have the date and time embedded on all surveillance recordings without significantly obscuring the picture;

(h) Archive video recordings in a format that ensures authentication of the recording as a legitimately-captured video and guarantees that no alterations of the recorded image has taken place;

(i) Make video surveillance records and recordings available immediately upon request to the Commission in a format specified by the Commission for the purpose of ensuring compliance with ORS Chapter 475B and these rules;

(j) Immediately notify the Commission of any equipment failure or system outage lasting 30 minutes or more; and

(k) Back up the video surveillance recordings for the surveillance room or surveillance area off-site.

(3) Notwithstanding the requirements in section (1) of this rule a licensee may stop recording in areas where marijuana items are not present due to seasonal closures or prolonged periods of inactivity. The licensee must provide notice to OLCC when recording is stopped and must keep a log of all times that recording is stopped due to marijuana items not being present. The log and notice must identify which cameras were not recording, the date and time recording stops, the date and time recording resumes or is scheduled to resume, and a description of the reason why the recording stopped and started.

(4) In lieu of complying with subsection (2)(k) of this rule, a licensee may keep all required back up video surveillance recordings on site in the surveillance room or surveillance area as described in OAR 845-025-1460(1)(a) and (b), if that surveillance room or surveillance area:

(a) Is fully enclosed on all sides within a limited access area; and

(b) Is secured by an all metal door within a metal frame with a fire rating of 90 minutes or more and commercial grade, non-residential lock that is kept locked at all times.

(5) Failure to comply with subsections (2)(d)(e), (f), (h) or (i) of this rule is a Category I violation and may result in license revocation.

845-025-1460
Location and Maintenance of Surveillance Equipment

(1) A licensee must:

(a) Have the surveillance room or surveillance area in a limited access area; and

(b) Have the surveillance recording equipment housed in a designated, locked, and secured room or other enclosure with access limited to:

(A) The licensee, licensee representatives, and authorized personnel;

(B) Employees of the Commission;

(C) State or local law enforcement agencies for a purpose authorized under ORS Chapter 475B, these rules, or for any other state or local law enforcement purpose; and

(D) Service personnel or contractors.

(2) Off-site storage must be secure and the recordings must be kept in a format approved by the Commission that can be easily accessed for viewing and easily reproduced.

(3) A licensee must keep a current list of all authorized employees and service personnel who have access to the surveillance system and room on the licensed premises.

(4) Licensees must keep a surveillance equipment maintenance activity log on the licensed premises to record all service activity including the identity of any individual performing the service, the service date and time and the reason for service to the surveillance system.

(5) Off-site monitoring of the licensed premises by a licensee or an independent third-party is authorized as long as standards exercised at the remote location meet or exceed all standards for on-site monitoring.

Producer Security Requirements

(1) In addition to the security requirements in OAR 845-025-1400 to 845-025-1460, a producer must effectively prevent public access and obscure from public view all areas of marijuana production. A producer may satisfy this requirement by:

(a) Having an approved security plan as described in OAR 845-025-1400 that demonstrates the producer will effectively prevent public access and obscure from public view all areas of marijuana production;

(b) Fully enclosing indoor production on all sides so that no aspect of the production area is visible from the exterior; or

(c) Erecting a solid wall or fence on all exposed sides of an outdoor production area that is at least eight (8) feet high.

(2) If a producer chooses to dispose of marijuana items by any method of composting, as described in OAR 845-025-7750, the producer must prevent public access to the composting area and obscure the area from public view.

845-025-1600
State and Local Safety Inspections

(1) All marijuana licensees may be subject to inspection of licensed premises by state or local government officials to determine compliance with state or local health and safety laws.

(2) A licensee must contact any utility provider to ensure that the licensee complies with any local ordinance or utility requirements such as water use, discharge into the sewer system, or electrical use.

845-025-1620
General Sanitary Requirements

A marijuana licensee must:

(1) Prohibit an individual from working on a licensed premises, until the condition is corrected, who has or appears to have:

(a) An open or draining skin lesion unless the individual wears an absorbent dressing and protective gloves; or

(b) Any illness accompanied by diarrhea or vomiting if the individual has a reasonable possibility of contact with marijuana items on the licensed premises.

(2) Require all persons who work in direct contact with marijuana items conform to hygienic practices while on duty, including but not limited to:

(a) Maintaining adequate personal cleanliness; and

(b) Washing hands thoroughly in an adequate hand-washing area before starting work, prior to having contact with a marijuana item and at any other time when the hands may have become soiled or contaminated.

(3) Provide hand-washing facilities adequate and convenient, furnished with running water at a suitable temperature and provided with effective hand-cleaning and sanitizing preparations and sanitary towel service or suitable drying device.

(4) Properly remove all litter and waste from the licensed premises and maintain the operating systems for waste disposal in an adequate manner so that they do not constitute a source of contamination in areas where marijuana items are exposed.

(5) Provide employees with adequate and readily accessible toilet facilities that are maintained in a sanitary condition and good repair.

(6) Hold marijuana items that can support pathogenic microorganism growth or toxic formation in a manner that prevents the growth of these pathogenic microorganism or formation toxins.

845-025-2000
Definitions

As used in OAR 845-025-2000 to 845-025-2080:

(1) "Canopy" means the surface area utilized to produce mature marijuana plants calculated in square feet and measured using the outside boundaries of any area that includes mature marijuana plants including all of the space within the boundaries.

(2) "Indoor production" means producing marijuana in any manner:

(a) Utilizing artificial lighting on mature marijuana plants; or

(b) Other than "outdoor production" as that is defined in this rule.

(3) "Outdoor production" means producing marijuana:

(a) In an expanse of open or cleared ground; or

(b) In a greenhouse, hoop house or similar non-rigid structure that does not utilize any artificial lighting on mature marijuana plants, including but not limited to electrical lighting sources.

845-025-2020
Producer Privileges; Prohibitions

(1) A producer may:

(a) Plant, cultivate, grow, harvest and dry marijuana in the manner approved by the Commission and consistent with ORS 475B and these rules;

(b) Engage in indoor or outdoor production of marijuana, or a combination of the two;

(c) Sell or transport:

(A) Usable marijuana to the licensed premises of a marijuana processor, wholesaler, retailer, laboratory, or research certificate holder;

(B) Whole, non-living marijuana plants that have been entirely removed from any growing medium to the licensed premises of a marijuana processor, wholesaler or research certificate holder;

(C) Immature marijuana plants and seeds to the licensed premises of a marijuana producer, wholesaler, retailer or research certificate holder;

(D) Marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(d) Purchase and receive:

(A) Immature marijuana plants and seeds from a producer or wholesaler; and

(B) Marijuana waste from a producer, processor, wholesaler, retailer, laboratory, or research certificate holder.

(C) Usable marijuana produced by the licensee that has been stored by a wholesaler on the producer's behalf.

(e) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(2) A producer may not sell, deliver, purchase, or receive any marijuana item other than as provided in section (1) of this rule.

(3) No industrial hemp may be present on a producer's licensed premises. Violation of this section is a Category I violation.

Stat. Auth.: ORS 475B.025, 475B.070 & 475B.075

845-025-2030
Licensed Premises of Producer

(1) The licensed premises of a producer authorized to cultivate marijuana indoors includes all public and private enclosed areas used in the business operated at the location and any areas outside of a building that the Commission has licensed.

(2) The licensed premises of a producer authorized to cultivate marijuana outdoors includes the entire lot or parcel, as defined in ORS 92.010, that the licensee owns, leases or has the right to occupy.

(3) A producer may not engage in any privileges of the license within a residence.

(4) The licensed premises of a producer may not be located at the same physical location or address as a marijuana grow site registered under ORS 475B.420.

Stat. Auth.: ORS 475B.025 & 475B.070
Stats. Implemented: ORS 475B.070 & 475B.080

845-025-2040
Production Size Limitations

(1) Maximum Canopy Size Limits.

(a) Indoor Production.

(A) Micro tier I: Up to 625 square feet

(B) Micro tier II: 626 to 1250 square feet.

(C) Tier I: 1251 to 5000 square feet.

(D) Tier II: 5,001 to 10,000 square feet.

(b) Outdoor production.

(A) Micro tier I: Up to 2,500 square feet.

(B) Micro tier II: 2501 to 5000 square feet.

(C) Tier 1: 5001 to 20,000 square feet.

(D) Tier II: 20,001 to 40,000 square feet.

(c) Mixed production. If a producer intends to have a mixture of indoor and outdoor production the Commission will determine the producer's tiers and canopy sizes by applying the ratio in section (4) of this rule.

(d) For purposes of this section, square footage of canopy space is measured horizontally starting from the outermost point of the furthest mature flowering plant in a designated growing space and continuing around the outside of all mature flowering plants located within the designated growing space.

(e) A producer may designate multiple grow canopy areas at a licensed premises but those spaces must be separated by a physical boundary such as an interior wall or by at least 10 feet of open space.

(f) If a local government adopts an ordinance that would permit a producer to have a higher canopy size limit than is permitted under this rule, the local government may petition the Commission for an increase in canopy size limits for that jurisdiction. If the Commission grants such a petition, the Commission may amend this rule in addition to considering changes to the license fee schedule.

(g) On an annual basis, the Commission will evaluate market demand for marijuana items, the number of person applying for producer licenses or licensed as producers and whether the availability of marijuana items in this state is commensurate with the market demand. Following this evaluation the Commission may amend this rule as needed.

(2) Canopy Size Limit – Designation and Increases.

(a) A producer must clearly identify designated canopy areas and proposed canopy size in the initial license application. A producer may change a designated canopy area within a production type at any time with prior written approval from the Commission, but a producer may only change canopy tiers at the time of renewal in accordance with section (2)(b) or section (3)(a) of this rule.

(b) A producer may submit a request to change canopy tiers at the time the producer submits an application for renewal of the license. The Commission will grant approval of the request to increase the canopy tier for the producer's next licensure term if:

(A) The producer's renewal application is otherwise complete;

(B) There are no bases to deny or reject the producer's renewal application;

(C) The producer has not already reached the applicable maximum canopy size set forth in section (2) of this rule; and

(D) During the preceding year of licensure, the producer has not been found to be in violation, and does not have any pending allegations of violations of ORS 475B or these rules.

(c) The Commission shall give a producer an opportunity to be heard if a request is rejected under this section.

(3) Mixed cultivation methods.

(a) A producer may produce marijuana indoors and outdoors at the same time on the same licensed premises. The Commission must be notified of a producer's plan to engage in the indoor and outdoor production of marijuana at the time of initial licensure or at renewal, and not at any other time. A producer who utilizes mixed production may only change designated canopy areas from one production type to another at the time the producer submits a renewal application.

(b) The Commission must approve the canopy size applicable to each method.

(c) The Commission will use a 4:1 ratio, for outdoor and indoor respectively, to allocate canopy size limits under this section, not to exceed the sum canopy size limits set forth in section (1) of this rule. For example, if a Tier II producer in the first year of licensure has 5,000 square feet of indoor canopy space, then the producer may have up to 20,000 square feet of outdoor canopy space at the same time.

(4) Violations. An intentional violation of this rule is a Category I violation and may result in license revocation. All other violations are Category III violations.

845-025-2050
Operating Procedures

(1) A producer must:

(a) Establish written standard operating procedures for the production of marijuana. The standard operating procedures must, at a minimum, include when, and the manner in which, all pesticide and or other chemicals are to be applied during the production process; and

(b) Maintain a copy of all standard operating procedures on the licensed premises.

(2) If a producer makes a material change to its standard operating procedures it must document the change and revise its standard operating procedures accordingly. Records detailing the material change must be maintained on the licensed premises by the producer.

845-025-2060
Start-up Inventory

(1) Marijuana producers may not receive immature marijuana plants or seeds from any source other than from another licensee, except that between January 1, 2016 and December 31, 2017 a marijuana producer may receive immature marijuana plants and seeds from any source within Oregon for up to 90 days following initial licensure by the Commission.

(2) The marijuana producer shall, through CTS, report receipt of the number of immature marijuana plants or seeds received under this section within 24 hours of the plants or seeds arriving at the licensed premises. A producer does not have to document the source of the immature plants or seeds during the 90 day start-up period.

(3) The requirements in section (2) of this rule do not apply during the first ten calendar days of licensure so long as the licensee has ordered UID tags and the UID tags are in transit to the licensee.

(4) Failure to comply with this rule is a Category I violation and could result in license revocation.

845-025-2070
Pesticides, Fertilizers and Agricultural Chemicals

(1) Pesticides. A producer may only use pesticides in accordance with ORS chapter 634 and OAR 603, Division 57.

(2) Fertilizers, Soil Amendments, Growing Media. A producer may only use fertilizer, agricultural amendments, agricultural minerals and lime products in accordance with ORS chapter 633.

(3) A producer may not treat or otherwise adulterate usable marijuana with any chemical, biologically active drug, plant, substance, including nicotine, or other compound that has the effect or intent of altering the usable marijuana's color, appearance, weight or smell.

(4) In addition to other records required by these rules, a producer must maintain, at all times and on the licensed premises:

(a) The material safety data sheet (MSDS) for all pesticides, fertilizers or other agricultural chemicals used by the producer in the production of marijuana;

(b) The original label or a copy thereof for all pesticides, fertilizers or other agricultural chemicals used by the producer in the production of marijuana; and

(c) A log of all pesticides, fertilizers or other agricultural chemicals used by the producer in the production of marijuana. The log must include:

(A) The information required to be documented by a pesticide operator in ORS 634.146; and

(B) The unique identification tag number of the cultivation batch or individual mature marijuana plant to which the product was applied, or if applied to all plants on the licensed premises a statement to that affect.

(5) A producer may maintain the records required under this rule in electronic or written form. If electronic, a producer shall maintain a back-up system or sufficient data storage so that records are retained for no less than two years after harvest of any marijuana on which documented products were used. If written, a producer shall ensure that the records are legible and complete, shall keep them in a safe and secure location, and shall retain the records for no less than two years after harvest of any marijuana on which documented products were used.

(6) A producer must make the records required under this rule immediately available during an premises inspection by a Commission regulatory specialist. If the Commission requests copies of the records at any time other than during a premises inspection, a producer shall produce the records upon request.

(7) A violation of sections (1) to (4) of this rule is a Category 1 violation and could result in license revocation.

(8) A failure to keep complete records as required by this rule is a Category III violation. A failure to keep records on the licensed premises, or failure to timely produce records, is a Category III violation.

845-025-2080
Harvest Lot Segregation

(1) A producer must, within 45 days of harvesting a harvest lot, physically segregate the harvest lot from other harvest lots, place the harvest lot in a receptacle or multiple receptacles and assign a UID tag to each receptacle that is linked to each plant that was harvested.

(2) Except as allowed under OAR 333-007-0300 to 333-007-0490 for purposes of sampling, or when providing usable marijuana to a processor a producer may not combine harvest lots that are of a different strain, were produced using different growing practices or harvested at a different locations or at different times.

845-025-2800
Retailer Privileges; Prohibitions

(1) A retailer is the only licensee that is authorized to sell a marijuana item to a consumer.

(2) A retailer may:

(a) Between the hours of 7:00 AM and 10:00 PM local time, sell marijuana items from the licensed premises to a consumer 21 years of age or older;

(b) Sell and deliver:

(A) Marijuana items to a consumer 21 years of age or older pursuant to a bona fide order as described in OAR 845-025-2880.

(B) Marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(C) Return marijuana items to a producer, processor or wholesaler who transferred the item to the retailer.

(c) Purchase and receive:

(A) Usable marijuana, immature marijuana plants, and seeds from a producer;

(B) Cannabinoid concentrates, extracts, and products from a processor with an endorsement to manufacture the type of product received;

(C) Any marijuana item from a wholesaler;

(D) Any marijuana item from a laboratory; and

(d) Refuse to sell marijuana items to a consumer; and

(e) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(3) A retailer may not:

(a) Sell more than the following amounts to a consumer at any one time or within one day:

(A) One ounce of usable marijuana;

(B) 16 ounces of a cannabinoid product in solid form;

(C) 72 ounces of a cannabinoid product in liquid form;

(D) Five grams of cannabinoid extracts or concentrates, whether sold alone or contained in an inhalant delivery system;

(E) Four immature marijuana plants; and

(F) Ten marijuana seeds.

(b) Provide free marijuana items to a consumer.

(c) Sell or give away pressurized containers of butane or other materials that could be used in the home production of marijuana extracts.

(d) Discount a marijuana item if the retail sale of the marijuana is made in conjunction with the retail sale of any other items, including other marijuana items.

(e) Sell a marijuana item at a nominal price for promotional purposes.

(f) Permit consumers to be present on the licensed premises or sell to a consumer between the hours of 10:00 p.m. and 7:00 a.m. local time the following day.

(g) Sell any product derived from industrial hemp, as that is defined in ORS 571.300, that is intended for human consumption, ingestion, or inhalation, unless it has been tested, labeled and packaged in accordance with the applicable sections of these rules.

(h) Permit a licensed representative to handle an unpackaged marijuana item without the use of protective gloves, tools or instruments that prevent the marijuana item from coming into contact with the license representative's skin.

(i) Sell, transfer, deliver, purchase, or receive any marijuana item other than as provided in section (2) of this rule.

845-025-2820
Retailer Operational Requirements

(1) Prior to completing the sale of a marijuana item to a consumer, a retailer must verify that the consumer has a valid, unexpired government-issued photo identification and must verify that the consumer is 21 years of age or older by viewing the consumer's:

(a) Passport;

(b) Driver license, whether issued in this state or by any other state, as long as the license has a picture of the person;

(c) Identification card issued under ORS 807.400;

(d) United States military identification card; or

(e) Any other identification card issued by a state that bears a picture of the person, the name of the person, the person's date of birth and a physical description of the person.

(2) Marijuana items offered for sale by a retailer must be stored in such a manner that the items are only accessible to authorized representatives until such time as the final sale to the consumer is completed.

845-025-2840
Retailer Premises

(1) The licensed premises of a retailer:

(a) May not be located in an area that is zoned exclusively for residential use.

(b) May not be located within 1,000 feet of:

(A) A public elementary or secondary school for which attendance is compulsory under ORS 339.020; or

(B) A private or parochial elementary or secondary school, teaching children as described in ORS 339.030.

(c) Must be enclosed on all sides by permanent walls and doors.

(2) A retailer must post in a prominent place signs at every:

(a) Entrance that read:

(A) "No Minors Permitted Anywhere on the Premises"; and

(B) "No On-Site Consumption".

(b) Exit from the licensed premises that reads: "Marijuana or Marijuana Infused Products May Not Be Consumed In Public".

(3) A retailer must designate a consumer sales area on the licensed premises where consumers are permitted. The area shall include the portion of the premises where marijuana items are displayed for sale to the consumer and sold and may include other contiguous areas such as a lobby or a restroom. The consumer sales area is the sole area of the licensed premises where consumers are permitted.

(4) All inventory must be stored on the licensed premises.

(5) For purposes of determining the distance between a retailer and a school referenced in subsection (1)(b) of this rule, "within 1,000 feet" means a straight line measurement in a radius extending for 1,000 feet or less in any direction from the closest point anywhere on the boundary line of the real property comprising a school to the closest point of the licensed premises of a retailer. If any portion of the licensed premises is within 1,000 feet of a school as described subsection (1)(b) of this rule an applicant will not be licensed.

Consumer Health and Safety Information

A retailer must:

(1) Post at a conspicuous location the following posters prescribed by the Commission, measuring 22 inches high by 17 inches wide that can be downloaded at www.oregon.gov/olcc/marijuana:

(a) A Pregnancy Warning Poster; and

(b) A Poisoning Prevention Poster.

(2) Post at a conspicuous location a color copy of the "Educate Before You Recreate" flyer measuring 22 inches high by 17 inches wide that can be downloaded at WHATSLEGALOREGON.COM.

(3) Distribute to each individual at the time of sale, a Marijuana Information Card, prescribed by the Commission, measuring 3.5 inches high by 5 inches long that can be downloaded at www.oregon.gov/olcc/marijuana.

845-025-2880
Delivery of Marijuana Items by Retailer

(1) A marijuana retailer may deliver a marijuana item to a residence in Oregon subject to compliance with this rule. For purposes of this rule, "residence" means a dwelling such as a house or apartment but does not include a dormitory, hotel, motel, bed and breakfast or similar commercial business.

(2) Delivery Approval Process.

(a) The retailer must request approval from the Commission prior to undertaking delivery service of marijuana items, on a form prescribed by the Commission that includes a statement that the retailer:

(A) Understands and will follow the requirements for delivery listed in this rule; and

(B) Has taken steps to ensure the personal safety of delivery personnel, including providing any necessary training.

(b) The retailer must receive written approval from the Commission prior to making any deliveries.

(c) The Commission may refuse to review any request for approval that is not complete and accompanied by the documents or disclosures required by the form.

(d) If the Commission denies approval the Commission shall give a retailer the opportunity to be heard.

(e) The Commission may withdraw approval for delivery service at any time if the Commission finds that the retailer is not complying with this rule, the personal safety of delivery personnel is at risk, the retailer's delivery service has been the target of theft, or the delivery service is creating a public safety risk.

(3) Bona Fide Orders.

(a) A bona fide order must be received by an approved retailer from the individual requesting delivery, before 8:00 p.m. on the day the delivery is requested.

(b) The bona fide order must contain:

(A) The individual requestor's name, date of birth, the date delivery is requested and the address of the residence where the individual would like the items delivered;

(B) A document that describes the marijuana items proposed for delivery and the amounts; and

(C) A statement that the marijuana is for personal use and not for the purpose of resale.

(4) Delivery Requirements.

(a) Deliveries must be made before 9:00 p.m. local time and may not be made between the hours of 9:00 p.m. and 8:00 a.m. local time.

(b) The marijuana retailer may only deliver in a motor vehicle to the individual who placed the bona fide order and only to individuals who are 21 years of age or older.

(c) At the time of delivery the individual performing delivery must check the identification of the individual to whom delivery is being made in order to determine that it is the same individual who submitted the bona fide order, that the individual is 21 years of age or older, and must require the individual to sign a document indicating that the items were received.

(d) A marijuana retailer may not deliver a marijuana item to an individual who is visibly intoxicated at the time of delivery.

(e) Deliveries may not be made more than once per day to the same physical address or to the same individual.

(f) Marijuana items delivered to an individual's residence must:

(A) Comply with the packaging rules in OAR 845-025-7000 to 845-025-7060; and

(B) Be placed in a larger delivery receptacle that has a label that reads: "Contains marijuana: Signature of person 21 years of age or older required for delivery".

(g) A retailer may not carry or transport at any one time more than a total of $3000 in retail value worth of marijuana items designated for retail delivery.

(h) All marijuana items must be kept in a lock-box securely affixed inside the delivery motor vehicle.

(i) A manifest must be created for each delivery or series of deliveries and the individual doing the delivery may not make any unnecessary stops between deliveries or deviate substantially from the manifest route.

(5) Documentation Requirements. A marijuana retailer must document the following regarding deliveries:

(a) The bona fide order and the date and time it was received by the retailer;

(b) The date and time the marijuana items were delivered;

(c) A description of the marijuana items that were delivered, including the weight or volume and price paid by the consumer;

(d) Who delivered the marijuana items; and

(e) The name of the individual to whom the delivery was made and the delivery address.

(6) A retailer is only required to maintain the name of an individual to whom a delivery was made for one year.

(7) Prohibitions.

(a) A retailer may deliver marijuana items only to a location within:

(A) The city in which the licensee is licensed, if a licensee is located within a city; or

(B) Unincorporated areas of the county in which the licensee is licensed, if a licensee is located in an unincorporated city or area within the county.

(b) A retailer may not deliver marijuana items to a residence located on publicly-owned land.

(8) Sanction. A violation of any section of this rule that is not otherwise specified in OAR 845-025-8590 is a Category III violation.

845-025-2890
Collection of Taxes

(1) A retailer must collect, at the point of sale, the tax imposed on the consumer under ORS 475B.705 and remit the tax to the Oregon Department of Revenue in accordance with Department of Revenue rules.

(2) A violation of this rule is a Category III violation.

(3) An intentional violation of this rule is a Category I violation.

845-025-3200
Definitions

For purposes of OAR 845-025-3200 to 845-025-3290:

(1) "Cannabinoid topical" means a cannabinoid product intended to be applied to skin or hair.

(2) "Food" means a raw, cooked, or processed edible substance, or ingredient used or intended for use or for sale in whole or in part for human consumption, or chewing gum.

Stat. Auth.: ORS 475B.025 & 475B.090
Stats. Implemented: ORS 475B.090
Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-3210
Endorsements

(1) A marijuana processor may only process and sell cannabinoid products, concentrates or extracts if the processor has received an endorsement from the Commission for that type of processing activity. Endorsements types are:

(a) Cannabinoid edible processor;

(b) Cannabinoid topical processor;

(c) Cannabinoid concentrate processor; and

(d) Cannabinoid extract processor.

(2) An applicant must request an endorsement upon submission of an initial application but may also request an endorsement at any time following licensure.

(3) In order to apply for an endorsement an applicant or processor licensee must submit a form prescribed by the Commission that includes a description of the type of products to be processed, a description of equipment to be used, and any solvents, gases, chemicals or other compounds proposed to be used to create extracts or concentrates.

(4) Only one application and license fee is required regardless of how many endorsements an applicant or licensee requests or at what time the request is made.

(5) An individual processor licensee may hold multiple endorsements.

(6) For the purposes of endorsements any cannabinoid product that is intended to be consumed or ingested orally or applied in the mouth is considered a cannabinoid edible.

(7) If a processor is no longer going to process the product for which the processor is endorsed the processor must notify the Commission in writing and provide the date on which the processing of that product will cease.

(8) The Commission may deny a processor's request for an endorsement if the processor cannot or does not meet the requirements in OAR 845-025-3200 to 845-025-3290 for the endorsement that is requested. If the Commission denies approval the processor has a right to a hearing under the procedures of ORS chapter 183.

845-025-3215
Processor Privileges; Prohibitions

(1) A processor may:

(a) Transfer, sell or transport:

(A) Cannabinoid concentrates, extracts, and products for which the processor has an endorsement to a processor, wholesaler, retailer, or research certificate holder; and

(B) Marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(b) Purchase and receive:

(A) Whole, non-living marijuana plants that have been entirely removed from any growing medium from a producer or wholesaler;

(B) Usable marijuana from a producer or wholesaler;

(C) Cannabinoid concentrates, extracts and products from a processor with an endorsement to manufacture the type of product received;

(D) Marijuana waste from a producer, processor, wholesaler, retailer, laboratory, or research certificate holder; and

(E) Cannabinoid concentrates, extracts, and products produced by the licensee that have been held in bailment by a wholesaler.

(c) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(2) A processor may not transfer, sell transport, purchase, or receive any marijuana item other than as provided in section (1) of this rule.

Hist.: OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-3220
General Processor Requirements

(1) A processor must:

(a) Use equipment, counters and surfaces for processing that are food-grade and do not react adversely with any solvent being used.

(b) Have counters and surface areas that are constructed in a manner that reduce the potential for development of microbials, molds and fungi and that can be easily cleaned.

(c) Maintain the licensed premises in a manner that is free from conditions which may result in contamination and that is suitable to facilitate safe and sanitary operations for product preparation purposes.

(d) Store all marijuana items not in use in a locked area, including products that require refrigeration in accordance with OAR 845-025-1410.

(e) Assign every process lot a unique identification number and enter this information into CTS.

(3) A processor may not process, transfer or sell a marijuana item:

(a) That by its shape, design or flavor is likely to appeal to minors, including but not limited to:

(A) Products that are modeled after non-cannabis products primarily consumed by and marketed to children; or

(B) Products in the shape of an animal, vehicle, person or character.

(b) That is made by applying cannabinoid concentrates or extracts to commercially available candy or snack food items.

(c) That contains Dimethyl sulfoxide (DMSO).

(4) A processor may not treat or otherwise adulterate a cannabinoid product, concentrate or extract with any non-cannabinoid additive that would increase potency, toxicity or addictive potential, or that would create an unsafe combination with other psychoactive substances. Prohibited additives include but are not limited to nicotine, caffeine, chemicals that increase carcinogenicity or cardiac effects.

845-025-3230
Processor Policies and Procedures

A processor must create and maintain written, detailed standard policies and procedures that include but are not limited to:

(1) Instructions for making each cannabinoid concentrate, extract or product.

(2) The ingredients and the amount of each ingredient for each process lot;

(3) The process for making each product;

(4) The number of servings in a process lot;

(5) The intended amount of THC per serving and in a unit of sale of the product;

(6) The process for making each process lot homogenous;

(7) If processing a cannabinoid concentrate or extract:

(a) Conducting necessary safety checks prior to commencing processing;

(b) Purging any solvent or other unwanted components from a cannabinoid concentrate or extract;

(8) Procedures for cleaning all equipment, counters and surfaces thoroughly;

(9) Procedures for preventing growth of pathogenic organisms and toxin formation;

(10) Proper handling and storage of any solvent, gas or other chemical used in processing or on the licensed premises in accordance with material safety data sheets and any other applicable laws;

(11) Proper disposal of any waste produced during processing in accordance with all applicable local, state and federal laws, rules and regulations;

(12) Quality control procedures designed to maximize safety and minimize potential product contamination;

(13) Appropriate use of any necessary safety or sanitary equipment; and

(14) Emergency procedures to be followed in case of a fire, chemical spill or other emergency.

845-025-3240
Processor Training Requirements

(1) A processor must have a comprehensive training program that includes, at a minimum, the following topics:

(a) The standard operating policies and procedures;

(b) The hazards presented by all solvents or other chemicals used in processing and on the licensed premises as described in the material safety data sheet for each solvent or chemical; and

(c) Applicable Commission statutes and rules.

(2) At the time of hire and prior to engaging in any processing, and once yearly thereafter, each employee involved in the processing of a cannabinoid concentrate, extract or product must be trained in accordance with the processor's training program.

Stat. Auth.: ORS 475B.025 & 475B.090
Stats. Implemented: ORS 475B.090
Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-3250
Cannabinoid Edible Processor Requirements

(1) A cannabinoid edible processor may only process in a food establishment licensed by the Oregon Department of Agriculture (ODA) and must comply with the applicable provisions of OAR 603, Division 21, Division 24, Division 25, with the exception of OAR 603-025-0020(17) and Division 28.

(2) A cannabinoid edible processor may not:

(a) Engage in processing in a location that is operating as a restaurant, seasonal temporary restaurant, intermittent temporary restaurant, limited service restaurant, single-event temporary restaurant, commissary, mobile unit, bed or breakfast, or warehouse licensed under ORS 624;

(b) Share a food establishment with a person not licensed and endorsed by the Commission as a cannabinoid edible processor;

(c) Process food intended for commercial sale that does not contain cannabinoids, at the licensed premises; or

(d) Use a cannabinoid concentrate or extract to process food unless that concentrate or extract was processed by a licensee in a food establishment licensed by the ODA in compliance with the applicable provisions of OAR chapter 603, Division 21, Division 24, Division 25, with the exception of OAR 603-025-0020(17), and Division 28.

(3) A cannabinoid edible processor may share a food establishment with another cannabinoid edible processor if:

(a) The schedule, with specific hours and days that each processor will use the food establishment, is prominently posted at the entrance to the food service establishment and has been approved by the Commission:

(A) The schedule must be submitted to the Commission in writing and will be approved if it demonstrates that use of a shared food establishment by multiple cannabinoid edible processors does not create an increased compliance risk.

(B) A processor licensee may only change the schedule with prior written approval from the Commission.

(b) In addition to the applicable requirements of OAR 845-025-1410, each licensee must designate a separate area to secure any marijuana, cannabinoid products, concentrates or extracts that a licensee stores at the food establishment. The designated area must only be accessible to the licensee. If a cannabinoid edible processor does not store marijuana, cannabinoid products, concentrates or extracts at the food establishment those items must be stored on a licensed premises.

(4) A food establishment used by a cannabinoid edible processor is considered a licensed premises and must meet the security and other licensed premises requirements in these rules.

(5) A cannabinoid edible processor is strictly liable for any violation found at a shared food establishment during that processor's scheduled time or within that processor's designated area in the food establishment.

Stat. Auth.: ORS 475B.025 & 475B.090
Stats. Implemented: ORS 475B.090 & 475B.135

845-025-3260
Cannabinoid Concentrate and Extract Processor Requirements

(1) Cannabinoid Concentrates or Extracts. A processor with a cannabinoid concentrate or extract endorsement:

(a) May not use Class I solvents as those are classified in the Federal Drug Administration Guidance, Table I, published in the Federal Register on December 24, 1997 (62 FR 67377).

(b) Must:

(A) Only use a hydrocarbon-based solvent that is at least 99 percent purity.

(B) Only use a non-hydrocarbon-based solvent that is food-grade.

(C) Work in an environment with proper ventilation, controlling all sources of ignition where a flammable atmosphere is or may be present.

(D) Use only potable water and ice made from potable water in processing.

(E) If making a concentrate or extract that will be used in a cannabinoid edible, be endorsed as a cannabinoid edible processor and comply with OAR 845-025-3250.

(2) Cannabinoid Extracts. A processor with an endorsement to make cannabinoid extracts:

(a) May not use pressurized canned flammable fuel, including but not limited to butane and other fuels intended for use in camp stoves, handheld torch devices, refillable cigarette lighters and similar consumer products.

(b) Must:

(A) Process in a:

(i) Fully enclosed room clearly designated on the current diagram of the licensed premises.

(ii) Room and with equipment, including all electrical installations that meet the requirements of the Oregon Structural Specialty Code, related Oregon Specialty Codes and the Oregon Fire Code.

(B) Use a professional grade closed loop extraction system designed to recover the solvents and built to codes of recognized and generally accepted good engineering standards, such as those of:

(i) American National Standards Institute (ANSI);

(ii) Underwriters Laboratories (UL); or

(iii) The American Society for Testing and Materials (ASTM).

(C) If using carbon dioxide in processing, use a professional grade closed loop carbon dioxide gas extraction system where every vessel is rated to a minimum of six hundred pounds per square inch.

(D) Have equipment and facilities used in processing approved for use by the local fire code official.

(E) For extraction system engineering services, including but not limited to consultation on and design of extraction systems or components of extraction systems, use the services of a professional engineer registered with the Oregon State Board of Examiners for Engineering and Land Surveying, unless an exemption under ORS 672.060 applies.

(F) Have an emergency eye-wash station in any room in which cannabinoid extract is being processed.

(G) Have all applicable material safety data sheets readily available to personnel working for the processor.

(3) Cannabinoid Concentrates. A processor with an endorsement to make cannabinoid concentrates:

(a) May not:

(A) Use denatured alcohol.

(B) If using carbon dioxide, apply high heat or pressure.

(b) Must only use or store dry ice in a well-ventilated room to prevent against the accumulation of dangerous levels of carbon dioxide.

(c) May use:

(A) A mechanical extraction process;

(B) A chemical extraction process using a nonhydrocarbon-based or other solvent, such as water, vegetable glycerin, vegetable oils, animal fats, isopropyl alcohol or ethanol; or

(C) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, provided that the process does not involve the use heat over 180 degrees or pressure.

845-025-3290
Recordkeeping

(1) A processor must keep records documenting the following:

(a) How much marijuana is in each process lot;

(b) If a product is returned by a licensee, how much product is returned and why;

(c) If a defective product was reprocessed, how the defective product was reprocessed; and

(d) Each training provided in accordance with OAR 845-025-3240, the names of employees who participated in the training, and a summary of the information provided in the training.

(2) A processor must obtain a material safety data sheet for each solvent used or stored on the licensed premises and maintain a current copy of the material safety data sheet and a receipt of purchase for all solvents used or to be used in an extraction process on the licensed premises.

(3) If the Commission requires a processor to submit or produce documents to the Commission that the processor believes falls within the definition of a trade secret as defined in ORS 192.501, the processor must mark each document "confidential" or "trade secret".

845-025-3500
Wholesale License Privileges; Prohibitions

(1) A wholesale licensee may:

(a) Sell, including sale by auction, transfer and transport:

(A) Any type of marijuana item to a retailer, wholesaler or research certificate holder;

(B) Immature marijuana plants and seeds to a producer;

(C) Usable marijuana to a producer license that the wholesale license has stored on the producer's behalf;

(D) Usable marijuana, cannabinoid extracts and concentrates to a processor licensee; and

(E) Marijuana waste to a producer or processor or research certificate holder.

(b) Purchase or receive:

(A) Any type of marijuana item from a wholesaler.

(B) Cannabinoid concentrates, extracts, and products from a processor with an endorsement to manufacture the type of product received;

(C) Seeds, immature plants or usable marijuana from a producer;

(D)Whole, non-living marijuana plants that have been entirely removed from any growing medium from a producer; and

(E) Marijuana waste from a producer, processor, wholesaler, retailer, laboratory, or research certificate holder.

(c) Transport and store marijuana items on behalf of other licensees, pursuant to the requirements of OAR 845-025-7500 to OAR 845-025-7590.

(d) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(2) A wholesale licensee may not sell, deliver, purchase, or receive any marijuana item other than as provided in section (1) of this rule.

(3) For purposes of this rule, "marijuana item" does not include a mature marijuana plant.

845-025-5000
Laboratory License Privileges; Requirements

(1) A licensed marijuana testing laboratory may:

(a) Obtain samples of marijuana items from licensees or registrants for the purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490 if the laboratory has an accredited scope item for sampling;

(b) Transport and dispose of samples as provided in these rules;

(c) Perform testing on marijuana items in a manner consistent with the laboratory's accreditation by the Authority, these rules, OAR 333-007-0300 to 333-007-0490, and OAR 333, Division 64; and

(d) Transfer the laboratory's marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(2) A licensed marijuana testing laboratory must, upon request of the Oregon Department of Agriculture, provide a test result and any other information or sample material to the Department.

845-025-5030
Laboratory Licensing Requirements

(1) General Requirements

(a) A laboratory that intends to collect samples or test marijuana items for producer, processor, wholesale, or retail licensees, or research certificate holders must be licensed by the Commission.

(b) An applicant for a license under this rule must comply with all applicable application requirements in OAR 845-025-1030 and pay the required application and license fees.

(c) A laboratory application is subject to the same application review procedures as other applicants.

(d) In addition to the denial criteria in OAR 845-025-1115, the Commission may refuse to issue a laboratory license for any violation ORS 475B.550 to 475B.590, OAR 333-007-0300 to 333-007-0490, OAR 333, Division 64 or these rules.

(e) In addition to the denial criteria in OAR 845-025-1115, the Commission may refuse to issue a laboratory license to any person who:

(A) Holds a producer, processor, wholesaler or retail license;

(B) Is registered with the authority under ORS 475B.420 and is a person designated to produce marijuana by a registry identification cardholder as that is defined in ORS 475B.410; or

(C) Is registered with the authority under ORS 475B.435 or 475B.450.

(f) Laboratory application and license fees are established in OAR 845-025-1060.

(g) A laboratory that is only accredited to perform sampling may be designated as a Sampling Laboratory for purposes of the licensing fee in OAR 845-025-1060. This designation may only be changed upon license renewal.

(2) Accreditation by the Authority

(a) In addition to the requirements listed in section (1) of this rule, an applicant for a laboratory license must be accredited by the Authority under OAR 333, Division 64 for any cannabis sampling or testing the applicant will perform under OAR 333-007-0300 to 333-007-0490.

(b) An applicant for a license under this rule may apply for licensure prior to receiving accreditation, but the Commission will not issue a license until proof of accreditation is received. (c) The Commission may make efforts to verify or check on an applicant's accreditation status during the licensing process, but an applicant bears the burden of taking all steps needed to secure accreditation and present proof of accreditation to the Commission.

(d) In addition to the denial criteria in OAR 845-025-1115, the Commission may consider an application incomplete if the applicant does not obtain accreditation from the Authority within six months of applying for a license. The Commission shall give an applicant an opportunity to be heard if an application is declared incomplete under this section, but an applicant is not entitled to a contested case proceeding under ORS chapter 183. An applicant whose application is declared incomplete may reapply at any time.

(e) A licensed laboratory must maintain accreditation by the Authority at all times while licensed by the Commission. If a laboratory's accreditation lapses or is revoked at any time for any reason while licensed by the Commission, the laboratory may not perform any activities that are subject to the lapsed or revoked accreditation until it is reinstated.

(f) Exercising license privileges without proper accreditation is a Category I violation and could result in license revocation.

(3) Renewal.

(a) A laboratory must renew its license annually and pay the required renewal fees in accordance with OAR 845-025-1190.

(b) A laboratory renewal application may be denied for any violation of ORS 475B.550 to 475B.590, OAR 333-007-0300 to 333-007-0490, OAR 333, Division 64, or these rules.

845-025-5045
Laboratory Tracking and Reporting

1) A laboratory licensee is required to utilize CTS for sampling or testing conducted for licensees and research certificate holders and follow all requirements established by OAR 845-025-7500 to OAR 845-025-7590.

(2) A laboratory licensee conducting sampling or testing for licensees is responsible for tracking and entering the following information into CTS:

(a) Receipt of samples for testing, including:

(A) Size of the sample;

(B) Name of licensee or research certificate holder from whom the sample was obtained;

(C) Date the sample was collected; and

(D) UID tag information associated with the harvest or process lot from which the sample was obtained.

(b) Tests performed on samples, including:

(A) Date testing was performed;

(B) What samples were tested for;

(C) Name of laboratory responsible for testing; and

(D) Results of all testing performed.

(c) Disposition of any testing sample material.

(3) A laboratory must also comply with any recordkeeping requirements in OAR 333-007-0300 to 333-007-0490 and OAR 333, Division 64.

845-025-5060
Laboratory Transportation and Waste Disposal

(1) A laboratory licensee must follow OAR 845-025-7700 and any applicable rules in OAR 333-007-0300 to 333-007-0490 and OAR 333, Division 64 regarding transportation of marijuana items.

(2) A laboratory licensee must follow all rules regarding disposal of samples from marijuana items established in OAR 845-025-7750.

845-025-5075
Laboratory Licensee Prohibited Conduct

(1) In addition to the prohibitions set forth in OAR 845-025-8520, a laboratory licensee may not: (a) Perform any required marijuana sampling or testing using any sampling or testing methods or equipment not permitted under the laboratory's accreditation through the Authority;

(b) Perform any required marijuana sampling or testing for any licensed marijuana producer, processor, wholesaler or retailer in which the laboratory licensee has a financial interest; or

(c) Engage in any activity that violates any provision of ORS Chapter 475B, OAR 333-007-0300 through OAR 333-007-0490 or OAR 333, Division 64 as applicable or these rules.

(2) The Commission may suspend or revoke a laboratory license for any violation of ORS 475B.550 to ORS 475B.590, OAR 333-007-0300 to 333-007-0490, OAR 333, Division 64, or these rules. The licensee has a right to a hearing under the procedures of ORS chapter 183; OAR chapter 137, division 003; and OAR chapter 845, division 003.

(3) A violation of this rule is a Category I violation and could result in license revocation.

845-025-5300
Application for Marijuana Research Certificate

(1) The Commission shall issue Marijuana Research Certificates to qualifying public and private researchers who present research proposals that demonstrate:

(a) The proposed research would benefit the state's cannabis industry, medical research or public health and safety; and

(b) The proposed operation and methodology complies with all applicable laws and administrative rules governing marijuana licensees and licensee representatives.

(2) The process for applying for, receiving and renewing a certificate shall be the same as the process for applying for, receiving and renewing a marijuana license under OAR 845-025-1030 to 845-025-1115 except that an applicant for a Marijuana Research Certificate is not subject to the residency requirements in OAR 845-025-1045(2)(b).

(3) In addition to the application requirements in OAR-025-1030 the applicant must also provide:

(a) A clear description of the research proposal;

(b) A description of the researchers' expertise in the scientific substance and methods of the proposed research;

(c) An explanation of the scientific merit of the research plan, including a clear statement of the overall benefit of the applicant's proposed research to Oregon's cannabis industry, medical research, or to public health and safety;

(d) Descriptions of key personnel, including clinicians, scientists, or epidemiologists and support personnel who would be involved in the research, demonstrating they are adequately trained to conduct this research;

(e) A clear statement of the applicant's access to funding and the estimated cost of the proposed research;

(f) A disclosure of any specific conflicts of interest that the researcher or other key personnel have regarding the research proposal;

(g) A description of the research methods demonstrating an unbiased approach to the proposed research; and

(h) If the applicant intends to research the use of pesticides, an experimental use permit issued by Oregon Department of Agriculture pursuant to OAR 603-057-0160.

(4) Research certificates will be granted for up to a three-year term.

(5) The Commission may request that the research certificate holder submit information and fingerprints required for a criminal background check at any time within the research certificate term.

(6) A certificate holder may, in writing, request that the Commission waive one or more of these rules. The request must include the following information:

(a) The specific rule and subsection of a rule that is requested to be waived;

(b) The reason for the waiver;

(c) A description of an alternative safeguard the licensee can put in place in lieu of the requirement that is the subject of the waiver, or why such a safeguard is not necessary; and

(d) An explanation of how and why the alternative safeguard or waiver of the rule protects public health and safety, prevents diversion of marijuana, and provides for accountability.

(7) The Commission may, in its discretion, and on a case-by-case basis, grant the waiver in whole or in part if it finds:

(a) The reason the certificate holder is requesting the waiver is because another state or local law prohibits compliance; or

(b) The certificate holder cannot comply with the particular rule, for reasons beyond the certificate holder's control or compliance with the rule is cost prohibitive; or

(c) Because of the nature of the research, the Commissions finds that compliance with a particular rule is not necessary and that even with the waiver public health and safety can be protected, there is no increased opportunity for diversion of marijuana, and the certificate holder remains accountable.

(8) The Commission must notify the certificate holder in writing whether the request has been approved. If the request is approved the notice must specifically describe any alternate safeguards that are required and, if the waiver is time limited, must state the time period the waiver is in effect.

(9) The Commission may withdraw approval of the waiver at any time upon a finding that the previously approved waiver is not protecting public health and safety or the research certificate holder has other issues with compliance. If the Commission withdraws its approval of the waiver the certificate holder will be given a reasonable period of time to come into compliance with the requirement that was waived.

845-025-5350
Marijuana Research Certificate Privileges and Prohibitions

(1) A certificate holder may receive marijuana items from a licensee or a registrant under ORS 475B.400 to 475B.525.

(2) A certificate holder may not sell or otherwise transfer marijuana items to any other person except when disposing of waste pursuant to OAR 845-025-7750, or transferring to another certificate holder.

(3) A certificate holder may not conduct any human subject research related to marijuana unless the certificate holder has received approval from an institutional review board that has adopted the Common Rule, 45 CFR Part 46.

(4) All administrative rules adopted by Commission for the purpose of administering and enforcing ORS Chapter; and any rules adopted thereunder with respect to licensees and licensee representatives apply to certificate holders except for those which are inconsistent with this rule.

845-025-5500
Marijuana Handler Permit and Retailer Requirements

(1) A marijuana worker permit is required for any individual who performs work for or on behalf of a marijuana retailer if the individual participates in:

(a) The possession, securing or selling of marijuana items at the premises for which the license has been issued;

(b) The recording of the possession, securing or selling of marijuana items at the premises for which the license has been issued;

(c) The verification of any document described in ORS 475B.170; or

(d) The direct supervision of a person described in subsections (a) to (c) of this section.

(2) An individual who is required by section (1) of this rule to hold a marijuana worker permit must carry that permit on his or her person at all times when performing work on behalf of a marijuana retailer.

(3) A person who holds a marijuana worker permit must notify the Commission in writing within 24 hours of any arrest or conviction for a misdemeanor or felony.

(4) A marijuana retailer must verify that an individual has a valid marijuana worker permit issued in accordance with OAR 845-025-5500 to 845-025-5590 before allowing the individual to perform any work at the licensed premises.

845-025-5520
Marijuana Handler Applications

(1) In order to obtain a marijuana worker permit an individual must submit an application on a form prescribed by the Commission. The application must contain the applicant's:

(a) Name;

(b) Mailing address;

(c) Date of birth;

(d) Signature; and

(e) Response to conviction history questions.

(2) In addition to the application an applicant must submit:

(a) A copy of a driver's license or identification card issued by one of the fifty states in the United States of America or a passport; and

(b) Proof of having passed the worker permit examination.

(3) If an application does not contain all the information requested or if the information required in section (2) of this rule is not provided to the Commission, the application will be returned to the individual as incomplete.

(4) If an application is returned as incomplete, the individual may reapply at any time.

845-025-5540
Marijuana Handler Permit Denial Criteria

(1) The Commission must deny an initial or renewal application if the applicant:

(a) Is not 21 years of age or older;

(b) Has had a marijuana license or worker permit revoked for violation of ORS 475B.010 to 475B.395 or any rule adopted under ORS 475B.010 to 475B.395 within two years of the date of the application;

(2) The Commission may deny an initial or renewal application, unless the applicant shows good cause to overcome the denial criteria, if the applicant:

(a) Has been convicted of a felony for possession, manufacture or delivery of a controlled substance within three years of the date the Commission received the application, except for convictions for the manufacture or delivery of marijuana if the date of the conviction is two or more years prior to the date of the application or renewal;

(b) Has been convicted of a felony for a crime involving violence within three years of the date the Commission received the application;

(c) Has been convicted of a felony for a crime of dishonesty or deception, including but not limited to theft, fraud, or forgery, within three years of the date the Commission received the application.

(d) Has more than one conviction for any of the crimes listed in subsections (2)(a) to (d) of this rule within five years of the date the Commission received the application.

(e) Has violated any provision of ORS 475B.010 to 475B.395 or any rule adopted under ORS 475B.010 to 475B.395;

(f) Makes a false statement to the Commission.

(3) If the Commission denies an application under subsection (2)(f) to (g) of this rule the individual will not be eligible for a permit for two years from the date the Commission received the application.

(4) A Notice of Denial must be issued by the Commission in accordance with ORS Chapter 183.

845-025-5590
Suspension or Revocation

(1) The Commission may suspend or revoke the permit of any marijuana worker if the worker:

(a) Has been convicted of a felony, except for a felony described ORS 475B.218(4)(a);

(b) Has violated a provision of ORS 475B.010 to 475B.395 or these rules; or

(c) Makes a material false statement to the Commission.

(2) The Commission may suspend or revoke the permit for any marijuana worker for any reasons that would be the basis for denying a permit application under OAR 845-025-5540.

(3) If an individual's permit is revoked under sections (1)(b) or (c) of this rule future applications will be denied if received within two years of the date the final order of revocation was issued.

(4) A notice of suspension or revocation must be issued by the Commission in accordance with ORS 183.

845-025-5720
Labeling, Storage, and Security of Pre-Tested Marijuana Items

(1) Following samples being taken from a harvest or process lot batch a licensee must:

(a) Label the batch with the following information:

(A) The licensee's license number;

(B) The harvest or process lot unique identification number;

(C) The name and accreditation number of the laboratory that took samples and the name and accreditation number of the laboratory that will perform the testing, if different;

(D) The test batch or sample unique identification numbers supplied by the laboratory personnel;

(E) The date the samples were taken; and

(F) In bold, capital letters, no smaller than 12 point font, "PRODUCT NOT TESTED."

(b) Store and secure the batch in a manner that prevents the product from being tampered with or transferred or sold prior to test results being reported.

(c) Be able to easily locate a batch stored and secured under section (1)(b) of this rule and provide that location to the Commission or a laboratory upon request.

(2) A batch may be stored in more than one receptacle as long as the labeling requirements are met.

(3) If the samples pass testing the product may be sold or transferred in accordance with the applicable Commission rules.

(4) If the samples do not pass testing the licensee must comply with OAR 845-025-5740 and 333-007-0450, as applicable.

845-025-5730
Wholesaler Coordination of Sampling and Testing

A wholesaler:

(1) May accept a batch, as that term is defined in OAR 333-007-0310 from a producer or processor that:

(a) Has not been sampled or tested in accordance with OAR 333-007-0300 to 333-007-0490, and OAR 333, Division 64 and may order tests and arrange for the sampling and testing of the batch in accordance with OAR 333-007-0300 to 333-007-0490 and OAR 333, Division 64.

(b) Has been sampled but has not yet been tested in accordance with OAR 333-007-0300 to 333-007-0490 and OAR 333, Division 64.

(2) Must secure, label, and store pre-tested marijuana items in accordance with OAR 845-025-5720.

(3) May not transfer or sell a marijuana item unless that marijuana item:

(a) Has been sampled and tested in accordance with OAR 333-007-0300 to 333-007-0490 and OAR 333, Division 64.

(b) Has passed all the required tests in OAR 333-007-0300 to 333-007-0490.

(4) Is jointly and severally responsible for ensuring compliance with OAR 333-007-0300 to 333-007-0490 and OAR 333, Division 64 with the licensee who produced or processed the marijuana item.

845-025-5760
Audit, Compliance, and Random Testing

(1) The Commission may require a licensee to submit samples identified by the Commission to a laboratory of the licensee's choosing to be tested in order to determine whether a licensee is in compliance with OAR 333-007-0300 through 333-007-0490 and may require additional testing that is not required by these rules.

(2) A laboratory doing audit testing must comply with these rules, to the extent they are applicable, and if conducting testing not required by these rules, may only use Authority approved methods.

(3) The commission must establish a process for the random testing of marijuana items for microbiological contaminants that ensures each licensee tests every product for microbiological contaminants at least once a year.

(4) The Commission may exempt a product that has successfully completed process validation in accordance with OAR 333-007-0440 from testing for microbiological contaminants.

845-025-5790
Marijuana Item Recalls

(1) The Commission may require a licensee to recall any marijuana item that the licensee has sold or transferred upon a finding that circumstances exist that pose a risk to public health and safety. A recall may be based on, but it not limited to, evidence that:

(a) Pesticides were used in the production of marijuana in violation of ORS 634 and OAR 603, Division 57;

(b) A marijuana item is contaminated or otherwise unfit for human use, consumption or application; or

(c) A marijuana item, including any marijuana, usable marijuana, cannabinoid concentrate or extract used in the processing of the marijuana item was not produced or processed by a licensee.

(2) If the Commission finds that a recall is required, the Commission must notify the public and licensees of the recall, may require a licensee to notify an individual to whom a marijuana item was sold and may require that the licensee destroy the recalled product.

845-025-7000
Definitions

For the purposes of OAR 845-025-7000 to 845-025-7060:

(1) "Attractive to minors" means packaging, labeling and marketing that features:

(a) Cartoons;

(b) A design, brand or name that resembles a non-cannabis consumer product of the type that is typically marketed to minors;

(c) Symbols or celebrities that are commonly used to market products to minors;

(d) Images of minors

(2) "Cannabinoid" means any of the chemical compounds that are the active constituents of marijuana.

(3) "Cannabinoid concentrate or extract" means a substance obtained by separating cannabinoids from marijuana by a mechanical, chemical or other process.

(4) "Cannabinoid edible" means food or potable liquid into which a cannabinoid concentrate or extract or the dried leaves or flowers of marijuana have been incorporated.

(5)(a) "Cannabinoid product" means a cannabinoid edible or any other product intended for human consumption or use, including a product intended to be applied to a person's skin or hair, that contains cannabinoids or the dried leaves or flowers of marijuana.

(b) "Cannabinoid product" does not include:

(A) Usable marijuana by itself;

(B) A cannabinoid concentrate or extract by itself; or

(C) Industrial hemp, as defined in ORS 571.300.

(6) "Cartoon" means any drawing or other depiction of an object, person, animal, creature or any similar caricature that satisfies any of the following criteria:

(a) The use of comically exaggerated features;

(b) The attribution of human characteristics to animals, plants or other objects, or the similar use of anthropomorphic technique; or

(c) The attribution of unnatural or extra-human abilities, such as imperviousness to pain or injury, X-ray vision, tunneling at very high speeds or transformation.

(7) "Child resistant" means designed or constructed to be significantly difficult for children under five years of age to open and not difficult for adults to use properly.

(8) "Consumer":

(a) Has the meaning given that term in ORS 475B.015; or

(b) Means a patient or designated primary caregiver receiving a transfer from a medical marijuana dispensary.

(9) "Container" means a sealed, hard or soft-bodied receptacle in which a marijuana item is placed prior to being sold to a consumer.

(10) "Exit Package" means a sealed container provided at the retail point of sale in which any marijuana items already within a container are placed.

(11) "Licensee" has the meaning given that term in OAR 845-025-1015.

(12) Marijuana.

(a) "Marijuana" means the plant Cannabis family Cannabaceae, any part of the plant Cannabis family Cannabaceae and the seeds of the plant Cannabis family Cannabaceae.

(b) "Marijuana" does not include industrial hemp, as defined in ORS 571.300.

(13) "Marijuana item" means marijuana, usable marijuana, a cannabinoid product or a cannabinoid concentrate or extract.

(14) "Processing" means the compounding or conversion of marijuana into cannabinoid products or cannabinoid concentrates or extracts.

(15) "Producing" means:

(a) Planting, cultivating, growing, trimming or harvesting marijuana; or

(b) Drying marijuana leaves and flowers.

(16) "Registrant" means a person registered with the Authority under ORS 475B.420, 475B.435, or ORS 475B.450.

(17) Usable Marijuana.

(a) "Usable marijuana" means the dried leaves and flowers of marijuana.

(b) "Usable marijuana" does not include:

(A) The seeds, stalks and roots of marijuana; or

(B) Waste material that is a by-product of producing or processing marijuana.

845-025-7020
Packaging for Sale to Consumer

(1) The purpose of this rule is to set the minimum standards for the packaging of marijuana items that are sold to the consumer, applicable to:

(a) A licensee; or

(b) On and after October 1, 2016, a registrant who is not exempt from the labeling requirements.

(2) Containers or packaging for marijuana items must protect a marijuana item from contamination and must not impart any toxic or deleterious substance to the marijuana item.

(3) Marijuana items for ultimate sale to a consumer, except for immature plants and seeds, must:

(a) Be packaged in a container that is child-resistant as certified by a qualified third party child-resistant package testing firm or placed within an exit package that is certified by a qualified third party child-resistant package testing firm prior to final sale to consumer;

(b) If the marijuana item is a cannabinoid product, extract or concentrate that contains more than a single serving, be packaged in a container or placed in an exit package that is capable of being resealed and made child resistant again after it has been opened, as certified by a qualified third party child-resistant package testing firm.

(c) Not be packaged or labeled in a manner that is attractive to minors; and

(d) Be labeled in accordance with OAR 333-007-0010 to 333-007-0100.

(4) Packaging may not contain any text that makes an untruthful or misleading statement.

(5) Nothing in this rule:

(a) Prevents the re-use of packaging that is capable of continuing to be child-resistant, as permitted by rules established by the Commission or the Authority; or

(b) Prohibits the Commission or the Authority from imposing additional packaging requirements in their respective rules governing licensees and registrants.

(6) A licensee or registrant must provide to the Commission or the Authority upon that agency's request, additional information about the testing that was performed by the qualified third party child-resistant package testing firm in accordance with 16 CFR 1700.

Hist.; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-7040
Wholesaler and Retailer Packaging and Labeling Compliance Requirements

(1) If a wholesaler or a retailer receives a marijuana item that is not packaged or labeled in accordance with OAR 845-025-7000 to 845-025-7060 or 333-007-0010 to 333-007-0100, the wholesaler or retailer must notify the Commission and return the marijuana item to the licensee who transferred the wholesaler or retailer the marijuana item. The wholesaler or retailer must document the return and the reason for the return in the tracking system.

(2) Sale of a marijuana item that is not packaged and labeled in accordance with OAR 845-025-7000 to 845-025-7060 and 333-007-0010 to 333-007-0100 is a category III violation.

Stat. Auth.: ORS 475B.615
Stats. Implemented: ORS 475B.100, 475B.110 & 475B.615
Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-7060
Packaging and Labeling Pre-approval Process

(1) Prior to a marijuana item being sold to a consumer, a licensee, license applicant or a registrant, if pre-approval is required by the Authority, must submit an application for pre-approval by the Commission.

(a) The initial submission shall be made electronically if required by the Commission. The licensee, license applicant or registrant must submit a physical prototype upon request by the Commission.

(b) If a license applicant submits packages and labels for pre-approval final determination for packages and labels will not be made until the applicant has been issued a license.

(2) Except as provided in sections (7) to (9) of this rule, the packaging and labels must be accompanied by the following:

(a) A fee as specified in OAR 845-025-1060; and

(b) Information including but not limited to

(A) Documentation that the package has been certified for child resistance as defined by 16 CFR 1700 by a qualified third party child-resistant package testing firm.

(B) A picture of and description of the item to be placed in the package.

(3) The Commission will evaluate the packaging and label in order to determine whether:

(a) The packaging:

(A) Has been certified as child resistant by a qualified third party child-resistant package testing firm;

(B) Is attractive to minors or is marketed in a manner attractive to minors;

(C) Contains untruthful or misleading content;

(D) Will contain a marijuana item that is not compliant with ORS 475B, OAR 333, Divisions 7 and 8, or these rules.

(b) The label complies with the Authority's labeling rules, OAR 333-007-0010 to 333-007-0100, or any additional labeling requirements in these rules.

(4) The Commission must review the packaging and labeling and notify the licensee, licensee applicant or registrant whether the packaging and labeling is approved, and if not approved, a description of the packaging or labeling deficiencies.

(5) If a licensee or registrant's label is deficient it must correct the deficiencies and resubmit the label for pre-approval, but the licensee or registrant is not required to submit an additional fee unless the label is found deficient for a second time in which case the licensee must resubmit the packaging or labeling in accordance with section (1) of this rule.

(6) If a licensee, licensee applicant or registrant's original packaging is deficient because it is not child resistant, the licensee, applicant or registrant may:

(a) Correct the deficiencies and resubmit the packaging for pre-approval. The licensee or registrant is not required to submit an additional fee unless the packaging is found deficient for a second time in which case the licensee may resubmit the packaging or labeling in accordance with subsection (1) of this rule; or

(b) The licensee, licensee applicant or registrant may indicate that they wish to satisfy the requirement that a marijuana item be in a container that is child-resistant by using an approved child-resistant exit package.

(7) If a licensee or registrant's packaging is deficient for reasons other than child resistance it must correct the deficiencies and resubmit the packaging for pre-approval, but the licensee, applicant or registrant is not required to submit an additional fee unless the packaging is found deficient for a second time in which case the licensee must resubmit the packaging or labeling in accordance with subsection (1) of this rule.

(8) A licensee, applicant or registrant may submit packaging and labeling for approval on the same application for a product that may have different flavors, colors or sizes if the product and packaging is otherwise identical. Applications for approval of packaging and labeling under this section are subject to a single application fee.

(9) Packages and labels that have been previously approved do not need to be resubmitted if the only changes to the packaging or label are:

(a) Changes in the:

(A) Harvest or processing date;

(B) Strain;

(C) Test results;

(D) Net weight or volume; or

(E) Harvest or process lot numbers.

(b) The deletion of any non-mandatory label information.

(c) The addition, deletion or change in the:

(A) UPC barcodes or 2D mobile barcodes (QR codes); or

(B) Website address, phone number, fax number, or zip code of the licensee or registrant.

(d) The repositioning of any label information on the package, as long as the repositioning of label information is consistent with OAR 333-007-0010 to 333-007-0100.

(10) The Commission may publish a list of previously-approved commercially available packaging. Packaging identified on this list as approved for certain product types does not need to be submitted for approval if used for the type of product for which it is approved and the packaging does not contain any graphics, pictures or logos.

(11) The Commission may publish a list of products whose package and label have been approved, but require an approved exit package in order to meet the child resistance requirement.

(12) Labels for marijuana items do not require pre-approval if they contain only the information required by OAR 333-007-0010 to 333-007-0100 and have no graphics, pictures or logos.

(13) Notwithstanding any provisions of this rule, the Commission may permit or require electronic submission of labels and packaging for approval.

Stat. Auth.: ORS 475B.610 & 475B.620

845-025-7500
CTS Requirements

(1) A licensee must:

(a) Use CTS as the primary inventory and recording keeping system.

(b) Have a CTS account activated and functional prior to operating or exercising any privileges of the license and must maintain an active account while licensed.

(2) A licensee must have at least one license holder who is a CTS administrator. A licensee may authorize additional license holders or licensee representatives to obtain Administrator accounts.

(3) In order to obtain a CTS administrator account, a license holder must attend and successfully complete all required CTS training, except as provided in section (4) of this rule. The Commission may also require additional ongoing, continuing education for individual administrators to retain his or her CTS administrator account.

(4) A licensee may designate licensee representatives as CTS users. A designated user must be trained by a CTS administrator in the proper and lawful use of CTS. Notwithstanding section (3) of this rule a licensee may designate a licensee representative to attend and successfully complete required CTS training so long as both the licensee and the designated representative obtain CTS administrator accounts.

(5) A licensee must:

(a) Maintain an accurate and complete list of all CTS administrators and CTS users for each licensed premises and must update the list when a new CTS user is trained.

(b) Train and authorize any new CTS users before those users are permitted to access CTS or input, modify, or delete any information in CTS.

(c) Cancel any CTS administrator or user from an associated CTS account if that individual is no longer a licensee representative or the administrator or user has violated OAR 845-025-7500 to 845-025-7590.

(d) Correct any data that is entered into CTS in error.

(6) A licensee is accountable for all actions licensee representatives take while logged into CTS or otherwise conducting inventory tracking activities.

(7) Nothing in this rule prohibits a licensee from using secondary separate software applications to collect information to be used by the business including secondary inventory tracking or point of sale systems. If a licensee uses a separate software application that links to the CTS system it must get approval from the CTS vendor contracting with the Commission and the software application must:

(a) Accurately transfer all relevant CTS data to and from CTS for the purposes of reconciliations with any secondary systems.

(b) Preserve original CTS data when transferred to and from a secondary application.

(8) If at any point a licensee loses access to CTS for any reason, the licensee must keep and maintain comprehensive records detailing all tracking inventory activities that were conducted during the loss of access.

(a) Once access is restored, all inventory tracking activities that occurred during the loss of access must be entered into CTS.

(b) A licensee must document when access to the system was lost and when it was restored.

(c) A licensee may not transport any marijuana items to another licensed premises until such time as access is restored and all information is recorded into CTS.

Stat. Auth.: ORS 475B.025, 475B.070, 475B.090, 475B.100, 475B.110 & 475B.560

845-025-7520
Unique Identification (UID) Tags

(1) A licensee must:

(a) Use UID tags issued by a Commission-approved vendor that is authorized to provide UID tags for CTS. Each licensee is responsible for the cost of all UID tags and any associated vendor fees.

(b) Have an adequate supply of UID tags at all times, except that the licensee is not required to have UID tags during the first ten calendar days of licensure so long as UID tags have been ordered and are in transit to the licensee.

(c) Tag individual marijuana plants with a UID tag no later than when each plant reaches a height of eight inches, and properly tag all other inventory with a UID tag pursuant to the system requirements of CTS.

(d) Place tags in a position that can be clearly read by an individual standing next to the item and the tag must be kept free from dirt and debris.

(2) A licensee may only tag and package together identical items for transport to another licensee, except for mixed lots of usable marijuana, cannabinoid concentrates or extracts that are transferred to a processor license to be processed.

Stat. Auth.: ORS 475B.025, 475B.070, 475B.090, 475B.100, 475B.110 & 475B.560

845-025-7540
CTS User Requirements

(1) A licensee and any designated CTS administrator or user shall enter data into CTS that fully and transparently accounts for all inventory tracking activities.

(2) A licensee is responsible for the accuracy of all information entered into CTS.

(3) An individual entering data into the CTS system may only use that individual's CTS account. Each CTS administrator and CTS user must have a unique log-on and password, which may not be used by any other person.

(4) A violation of this rule is a Category III violation. Intentional misrepresentation of data entered into the CTS system is a Category I violation.

Stat. Auth.: ORS 475B.025, 475B.070, 475B.090, 475B.100, 475B.110 & 475B.560

845-025-7560
System Notifications

A licensee must:

(1) Monitor all compliance notifications from CTS and resolve the issues detailed in the compliance notification in a timely fashion. A licensee may not dismiss a compliance notification in CTS until the licensee resolves the compliance issues detailed in the notification.

(2) Take appropriate action in response to informational notifications received through CTS, including but not limited to notifications related to UID billing, enforcement alerts, and other pertinent information.

Stat. Auth.: ORS 475B.025, 475B.070, 475B.090, 475B.100, 475B.110 & 475B.560

845-025-7570
Cultivation Batches

(1) A producer must establish cultivation batches consisting of marijuana plants less than 8 inches tall, seeds and tissue cultures and assign each cultivation batch a unique identification number.

(2) A cultivation batch may not have more than 100 marijuana plants less than 8 inches tall.

(3) A producer may have an unlimited number of cultivation batches at any one time.

845-025-7580
Reconciliation with Inventory

(1) All licensees must:

(a) Use CTS for all inventory tracking activities at a licensed premises;

(b) Reconcile all on-premises and in-transit marijuana item inventories each day in CTS at the close of business pursuant to system requirements; and

(c) Record all required information for seeds, usable marijuana, cannabinoid concentrates and extracts by weight,

(d) Record the wet weight of all harvested marijuana plants immediately after harvest.

(e) Record all required information for cannabinoid products by unit count but must also record the weight per unit of a product.

(2) The requirements in section (1)(b) of this rule do not apply during the first ten calendar days of licensure so long as the license has ordered UID tags and the UID tags are in transit to the licensee.

(3) In addition to the requirements in section (1) of this rule retailers must record the price and amount of each item sold to consumers and the date of each transaction in CTS at the close of every business day.

845-025-7590
Inventory Audits

The Commission may perform a physical audit of the inventory of any licensee at the agency's discretion and with reasonable notice to the licensee. Variances between the physical audit and the inventory reflected in CTS at the time of the audit, which cannot be attributed to normal moisture variation in usable marijuana, are violations. The Commission may impose a civil penalty, suspend or revoke a licensee for violation of this section.

845-025-7700
Transportation and Delivery of Marijuana Items

(1) Marijuana items may only be transferred between licensed premises by a licensee or licensee representative.

(2) An individual authorized to transport marijuana items must have a valid Oregon Driver's License.

(3) A licensee must:

(a) Keep marijuana items in transit shielded from public view;

(b) Use a vehicle for transport that is:

(A) Insured at or above the legal requirements in Oregon;

(B) Capable of securing (locking) the marijuana items during transportation;

(C) Equipped with an alarm system; and

(D) Capable of being temperature controlled if perishable marijuana items are being transported.

(c) Using CTS, generate a printed transport manifest that accompanies every transport of marijuana items that contains the following information:

(A) The name, contact information of a licensee representative, licensed premises address and license number of the licensee transporting the marijuana items;

(B) The name, contact information of the licensee representative, licensed premises address, and license number of the licensee receiving the delivery;

(C) Product name and quantities (by weight or unit) of each marijuana item contained in each transport, along with the UIDs for every item;

(D) The date of transport and approximate time of departure;

(E) Arrival date and estimated time of arrival;

(F) Delivery vehicle make and model and license plate number; and

(G) Name and signature of the licensee's representative accompanying the transport.

(4) A licensee must generate the manifest required by section (3)(c) of this rule at least 24 hours in advance of initiating transportation if the marijuana items transported pursuant to the manifest exceed:

(a) 25 pounds of usable marijuana;

(b) One pound of cannabinoid concentrate or extract; or

(c) 1000 units of sale of any individual cannabinoid product.

(5) A licensee may not void or change a transportation manifest after departing from the originating premises.

(6) All marijuana items must be packaged in shipping containers and labeled with a UID tag prior to transport.

(7) A licensee must provide a copy of the transport manifest to each licensed premises receiving the inventory described in the transport manifest, but in order to maintain transaction confidentiality, may prepare a separate manifest for each receiving licensed premises.

(8) A licensee must provide a copy of the printed transport manifest and any printed receipts for marijuana items delivered to law enforcement officers or other representatives of a government agency if requested to do so while in transit.

(9) A licensee must contact the Commission immediately, or as soon as possible under the circumstances, if a vehicle transporting marijuana items is involved in any accident that involves product loss.

(10) Upon receipt of inventory a receiving licensee must ensure that the marijuana items received are as described in the transport manifest.

(11) A receiving licensee must separately document any differences between the quantity specified in the transport manifest and the quantities received. Such documentation shall be made in CTS and in any relevant business records.

(12) A licensee must provide temperature control for perishable marijuana items during transport.

(13) Any vehicle transporting marijuana items must travel directly from the shipping licensee to the receiving licensee and must not make any unnecessary stops in between except to other licensed premises receiving inventory.

(14) A licensee must notify the Commission in advance of the location of every stop at an unlicensed location that exceeds two hours in duration.

(15) If the licensee's delivery vehicle is stopped at an unlicensed location the licensee must immediately make the vehicle and its contents available for inspection upon the Commission's request.

(16) A licensee may transport marijuana on behalf of other licensees if the transporting licensee holds a wholesale license.

845-025-7750
Waste Management

(1) A licensee must:

(a) Store, manage and dispose of solid and liquid wastes generated during marijuana production and processing in accordance with applicable state and local laws and regulations which may include but are not limited to:

(A) Solid waste requirements in ORS 459 and OAR 340 Divisions 93 to 96;

(B) Hazardous waste requirements in ORS 466 and OAR 340, Divisions 100 to 106; and

(C) Wastewater requirements in ORS 468B and OAR 340, Divisions 41 to 42, 44 to 45, 53, 55 and 73.

(b) Store marijuana waste in a secured waste receptacle in the possession of and under the control of the licensee.

(c) If the waste is generated post-harvest or if an entire marijuana plant greater than 8 inches tall is designated as waste, the waste must be held on the licensed premises for at least three business days prior to disposal.

(2) A licensee may give or sell marijuana waste to a producer, processor or wholesale licensee or research certificate holder. Any such transaction must be entered into CTS pursuant to OAR 845-025-7500.

(3) In addition to information required to be entered into CTS pursuant to OAR 845-025-7500, a licensee must maintain accurate and comprehensive records regarding waste material that accounts for, reconciles, and evidences all waste activity related to the disposal of marijuana.

Stat. Auth.: ORS 475B.025, 475B.070 & 475B.090

845-025-8000
Purpose and Application of Rules

(1) The Commission serves the interests of the citizens of Oregon by regulating and prohibiting advertising marijuana items in a manner:

(a) That is attractive to minors;

(b) That promotes excessive use;

(c) That promotes activity that is illegal under Oregon law; or

(d) That otherwise presents a significant risk to public health and safety.

(2) The Commission also serves the interests of Oregonians by allowing advertising for the purpose of informing the public of the availability and characteristics of marijuana.

(3) All marijuana advertising by a licensee must conform to these rules.

Stat. Auth.: ORS 475B.025
Stats. Implemented: ORS 475B.025

845-025-8020
Definitions

As used in OAR 845-025-8000 through 845-025-8080:

(1) "Advertising" is publicizing the trade name of a licensee together with words or symbols referring to marijuana or publicizing the brand name of marijuana or a marijuana product.

(2) "Billboard" means a large outdoor advertising structure.

(3) "Handbill" is a flyer, leaflet, or sheet that advertises marijuana.

(4) "Radio" means a system for transmitting sound without visual images, and includes broadcast, cable, on-demand, satellite, or internet programming. Radio includes any audio programming downloaded or streamed via the internet.

(5) "Television" means a system for transmitting visual images and sound that are reproduced on screens, and includes broadcast, cable, on-demand, satellite, or internet programming. Television includes any video programming downloaded or streamed via the internet.

845-025-8040
Advertising Restrictions

(1) Marijuana advertising may not:

(a) Contain statements that are deceptive, false, or misleading;

(b) Contain any content that can reasonably be considered to target individuals under the age of 21, including but not limited to images of minors, cartoon characters, toys, or similar images and items typically marketed towards minors;

(c) Specifically encourages the transportation of marijuana items across state lines;

(d) Assert that marijuana items are safe because they are regulated by the Commission or have been tested by a certified laboratory or otherwise make claims that any government agency endorses or supports marijuana;

(e) Make claims that recreational marijuana has curative or therapeutic effects;

(f) Display consumption of marijuana items;

(g) Contain material that encourages the use of marijuana because of its intoxicating effect; or

(h) Contain material that encourages excessive or rapid consumption.

(2) A licensee may not make any deceptive, false, or misleading assertions or statements on any informational material, any sign, or any document provided to a consumer.

(3) A licensee must include the following statement on all advertising:

(a) "Do not operate a vehicle or machinery under the influence of this drug".

(b) "For use only by adults twenty-one years of age and older."

(c) "Keep out of the reach of children."

Advertising Media, Coupons, and Promotions

(1) The Commission prohibits advertising through handbills that are posted or passed out in public areas such as parking lots and publicly owned property.

(2) A licensee may not utilize television, radio, billboards, print media or internet advertising unless the licensee has reliable evidence that no more than 30 percent of the audience for the program, publication or internet web site in or on which the advertising is to air or appear is reasonably expected to be under the age of 21.

(3) A licensee may not engage in advertising via marketing directed towards location-based devices, including but not limited to cellular phones, unless the marketing is a mobile device application installed on the device by the owner of the device who is 21 years of age or older and includes a permanent and easy opt-out feature.

845-025-8080
Removal of Objectionable and Non-Conforming Advertising

(1) A licensee must remove any sign, display, or advertisement if the Commission finds it violates these rules.

(2) The Commission will notify the licensee and specify a reasonable time period for the licensee to remove any sign, display or advertisement that the Commission finds objectionable.

845-025-8520
Prohibited Conduct

(1) Sale to a Minor. A licensee or permittee may not sell, deliver, transfer or make available any marijuana item to a person under 21 years of age.

(a) Violation of this section for an intentional sale to a minor by a licensee, permittee or license representative is a Category II violation.

(b) Violation of this section for other than intentional sales is a Category II(b) violation.

(2) Identification. A licensee or license representative must require a person to produce identification as required by ORS 475B.170 before selling or providing a marijuana item to that person. Violation of this section is a Category IV violation.

(3) Access to Premises. A licensee or permittee may not:

(a) During regular business hours for the licensed premises, refuse to admit or fail to promptly admit a Commission regulatory specialist who identifies him or herself and who enters or wants to enter a licensed premises to conduct an inspection to ensure compliance with ORS 475B affecting the licensed privileges; or these rules;

(b) Outside of regular business hours or when the premises appear closed, refuse to admit or fail to promptly admit a Commission regulatory specialist who identifies him or herself and requests entry on the basis that there is a reason to believe a violation of ORS 475B affecting the licensed privileges; or these rules is occurring; or

(c) Once a regulatory specialist is on the licensed premises, ask the regulatory specialist to leave until the specialist has had an opportunity to conduct an inspection to ensure compliance with ORS 475B affecting the licensed privileges; or these rules.

(d) Violation of this section is a Category II violation.

(4) Use or Consumption of Intoxicants on Duty and Under the Influence on Duty.

(a) No licensee, licensee representative, or permittee may consume any intoxicating substances while on duty, except for employees as permitted under OAR 845-025-1230(5)(b). Violation of this subsection is a Category III violation.

(b) No licensee, licensee representative, or permittee may be under the influence of intoxicating substances while on duty. Violation of this subsection is a Category II violation.

(c) Whether a person is paid or scheduled for a work shift is not determinative of whether the person is considered "on duty."

(d) As used in this section:

(A) "On duty" means:

(i) From the beginning to the end of a work shift for the licensed business, including any and all coffee, rest or meal breaks; or

(ii) Performing any acts on behalf of the licensee or the licensed business outside of a work shift if the individual has the authority to put himself or herself on duty.

(B) "Intoxicants" means any substance that is known to have or does have intoxicating effects, and includes alcohol, marijuana, or any other controlled substances.

(5) Permitting Use of Marijuana at Licensed Premises. A licensee or permittee may not permit the use or consumption of marijuana, or any other intoxicating substance, anywhere in or on the licensed premises, or in surrounding areas under the control of the licensee, except for employees as

permitted under OAR 845-025-1230(5)(b). Violation of this section is a Category III violation.

(6) Import and Export. A licensee or permittee may not import marijuana items into this state or export marijuana items out of this state. Violation of this section is a Category I violation and could result in license or permit revocation.

(7) Permitting, Disorderly or Unlawful Conduct. A licensee or permittee may not permit disorderly activity or activity that is unlawful under Oregon state law on the licensed premises or in areas adjacent to or outside the licensed premises under the control of the licensee.

(a) If the prohibited activity under this section results in death or serious physical injury, or involves unlawful use or attempted use of a deadly weapon against another person, or results in a sexual offense which is a Class A felony such as first degree rape, sodomy, or unlawful sexual penetration, the violation is a Category I violation and could result in license or permit revocation.

(b) If the prohibited activity under this section involves use of a dangerous weapon against another person with intent to cause death or serious physical injury, it is a Category II violation.

(c) As used in this section:

(A) "Disorderly activities" means activities that harass, threaten or physically harm oneself or another person.

(B) "Unlawful activity" means activities that violate the laws of this state, including but not limited to any activity that violates a state criminal statute.

(d) The Commission does not require a conviction to establish a violation of this section except as required in ORS 475B.045.

(8) Marijuana as a Prize, Premium or Consideration. No licensee or permittee may give or permit the giving of any marijuana item as a prize, premium, or consideration for any lottery, contest, game of chance or skill, exhibition, or any competition of any kind on the licensed premises.

(9) Visibly Intoxicated Persons. No licensee or permittee may sell, give, or otherwise make available any marijuana item to any person who is visibly intoxicated. Violation of this section is a Category III violation.

(10) Additional Prohibitions. A licensee or permittee may not:

(a) Sell or deliver any marijuana item through a drive-up window.

(b) Sell or offer for sale any marijuana item for a price per item that is less than the licensee's cost for the marijuana item;

(c) Use any device or machine that both verifies the age of the consumer and delivers marijuana to the consumer; or

(d) Deliver marijuana to a consumer off the licensed premises, except that retail licensees may provide delivery as set forth in OAR 845-025-2880.

(e) Violation of this subsection is a Category III violation.

845-025-8540
Dishonest Conduct

(1) False Statements. A licensee or permittee may not:

(a) Make a false statement or representation to the Commission or law enforcement in order to induce or prevent action or investigation by the Commission or law enforcement. Violation of this subsection is a Category II violation.

(b) If the Commission finds that the false statement or representation was intentional, the Commission may charge the violation as a Category I violation and could result in license or permit revocation.

(2) Marijuana Item Misrepresentations.

(a) A licensee or permittee may not misrepresent any marijuana item to a consumer, licensee, or the public, including:

(A) Misrepresenting the contents of a marijuana item;

(B) Misrepresenting the testing results of a marijuana item;

(C) Misrepresenting the potency of a marijuana item; or

(D) Making representations or claims that the marijuana item has curative or therapeutic effects.

(b) A licensee may not treat or otherwise adulterate usable marijuana with any chemical, biologically active drug, plant, substance, including nicotine, or other compound that has the effect or intent of altering the usable marijuana's color, appearance, weight or smell or that has the effect or intent of increasing potency, toxicity or addictiveness.

(c) A knowing or intentional violation of this section is a Category I violation and could result in license or permit revocation.

(d) Violation of this section in any manner other than knowing or intentional is a Category II violation.

(3) Supply of Adulterated Marijuana Items.

(a) A licensee may not supply adulterated marijuana items.

(b) Violation of this section is a Category I violation and could result in license revocation.

(4) Evidence. A licensee or permittee may not:

(a) Intentionally destroy, damage, alter, remove or conceal potential evidence, or attempt to do so, or ask or encourage another person to do so. Violation of this subsection is a Category I violation and could result in license revocation.

(b) Destroy, damage, alter, remove or conceal potential evidence, or attempt to do so, or ask or encourage another person to do so, in any manner other than intentional. Violation of this subsection is a Category II violation.

(c) Refuse to give, or fail to promptly give, a Commission regulatory specialist or law enforcement officer evidence when lawfully requested to do so. Violation of this subsection is a Category II violation.

845-025-8560
Inspections

(1) The Commission may conduct:

(a) A complaint inspection at any time following the receipt of a complaint that alleges a licensee or permittee is in violation of ORS 475B or these rules;

(b) An inspection at any time if it believes, for any reason, that a licensee or permittee is in violation ORS 475B or these rules; or

(c) Compliance transactions in order to determine whether a licensee or permittee is complying with ORS 475B or these rules.

(2) A licensee, licensee representative, or permittee must cooperate with the Commission during an inspection.

(3) If licensee, licensee representative or permittee fails to permit the Commission to conduct an inspection the Commission may seek an investigative subpoena to inspect the premises and gather books, payrolls, accounts, papers, documents or records.

845-025-8570
Uniform Standards for Minor Decoy Operations

(1) Purpose. ORS 475B prevents anyone who has not reached 21 years of age from obtaining marijuana or marijuana items. It is the Commission's intention that decoy operations are to be an impartial test of a licensee's ability and willingness to obey laws on preventing sale marijuana or marijuana items to minors.

(2) Uniform standards for minors used in minor decoy operations:

(a) The minor must be under 21 years of age; and

(b) The minor may not use false identification; and

(c) The minor may not lie about their age.

(3) Uniform standards for coordination with law enforcement agencies. The Commission will coordinate with law enforcement agencies to ensure, to the greatest extent possible, that:

(a) Law enforcement agencies are informed of the Commission's uniform standards for minor decoy operations; and

(b) Law enforcement agencies provide the Commission with copies of their minor decoy policies.

(4) In order for the Commission to process violation cases in a timely manner, law enforcement agencies will be encouraged to provide the Commission with the results of any minor decoy operation.

(5) Licensees or any employee of a licensee must immediately return identification presented by the minor decoy upon request of law enforcement or an OLCC representative.

845-025-8580
Suspended Licenses: Posting of Suspension Notice Sign, Activities Allowed During Suspension

(1) Before 7:00 a.m. on the date a license suspension goes into effect, and until the suspension is completed, Commission staff must ensure that a suspension notice sign is posted on each outside entrance or door to the licensed premises.

(2) The suspension notice sign must be posted in a way that allows any person entering the premises to read it. Licensees must use the suspension notice sign provided by the Commission. The sign will state that the license has been suspended by order of the Commission due to violations of the recreational marijuana laws (statutes or administrative rule) of Oregon. If there are multiple licenses at the location, the sign will specify which license privileges have been suspended.

(3) During the period of license suspension, the licensee is responsible for ensuring:

(a) Compliance with all applicable laws and rules; and

(b) That the suspension notice sign is not removed, altered, or covered.

(4) A licensee or licensee representative may not allow the sale, delivery to or from, or receipt of marijuana items at the licensed premises during the period of time that the license is under suspension. During a period of time that the license is under suspension, a recreational marijuana licensee may operate the business provided there is no sale, delivery to or from, or receipt of a marijuana item.

(5) Sanction:

(a) A violation of section (4) of this rule is a Category I violation.

(b) A violation of sections (2) or (3)(b) of this rule is a Category IV violation.

Stat. Auth.: ORS 475B.025
Stats. Implemented: ORS 475B.295 & 475B.635
Hist.: OLCC 3-2015(Temp), f. 12-3-15, cert. ef. 1-1-16 thru 6-28-16; OLCC 6-2016, f. 6-28-16, cert. ef. 6-29-16

845-025-8590
Suspension, Cancellation, Civil Penalties, Sanction Schedule

(1) The Commission may suspend or revoke:

(a) A license issued under ORS 475B.010 to 475B.395 or 475B.560.

(b) A marijuana workers permit issued under ORS 475B.215.

(c) A research certificate issued under ORS 475B.235.

(2) The Commission may impose a civil penalty under ORS 475B.295. Civil penalties will be calculated by multiplying:

(a) The number of days in a suspension, if suspension could be or is being imposed, by $165 for licensees or certificate holders; or

(b) The number of days in a suspension, if suspension could be or is being imposed, by $25 for permittees.

(3) The Commission uses the following violation categories:

(a) Category I — Violations that make licensee ineligible for a license;

(b) Category II — Violations that create a present threat to public health or safety;

(c) Category II (b) — Violations for sales to a minor;

(d) Category III — Violations that create a potential threat to public health or safety;

(e) Category IV — Violations that create a climate conducive to abuses associated with the sale or manufacture of marijuana items;

(f) Category V — Violations inconsistent with the orderly regulation of the sale or manufacture of marijuana items.

(4) Violation sanctions

(a) The Commission may sanction a licensee or permittee in accordance with the guidelines set forth in Exhibit 1, incorporated by reference. Exhibit 1 also contains the categories for the most common violations.

(b) Exhibit 1 lists the proposed sanctions for single or multiple violations that occur within a two year period for each category described in section (3) of this rule. The Commission may allege multiple violations in a single notice or may count violations alleged in notices issued within the previous two year period toward the total number of violations. In calculating the total number of violations, the Commission may consider a proposed violation for which the Commission has not yet issued a final order.

(c) The proposed sanctions in Exhibit 1 are guidelines. If the Commission finds one or more mitigating or aggravating circumstances, it may assess a lesser or greater sanction, up to and including revocation. The Commission may decrease or increase a sanction to prevent inequity or to take account of particular circumstances in the case.

(d) Mitigating circumstances include, but are not limited to:

(A) Making a good faith effort to prevent a violation.

(B) Extraordinary cooperation in the violation investigation demonstrating the licensee or permittee accepts responsibility.

(e) Aggravating circumstances include, but are not limited to:

(A) Receiving a prior warning about one or more compliance problems.

(B) Repeated failure to comply with laws.

(C) Failure to use age verification equipment purchased as an offset to a previous penalty.

(D) Efforts by licensee or permittee to conceal a violation.

(E) Intentionally committing a violation.

(F) A violation involving more than one consumer or employee.

(G) A violation involving a juvenile.

(H) A violation resulting in injury or death.

(I) A violation that occurred at a licensed premises that has been granted a security waiver.

(J) Three or more violations within a two-year-period, regardless of the category, where the number of the proposed or final violations indicate a disregard for the law or failure to control the premises.

(5) A licensee may not avoid the sanction for a violation or the application of the provision for successive violations by changing the corporate structure for example, by adding or dropping a partner or converting to another form of legal entity when the individuals who own, operate, or control the business are substantially similar.

845-025-8700
Prohibited Interests in the Marijuana Industry

(1) Definitions. For purposes of this rule:

(a) "Business connections" include, but are not limited to, the following behaviors and relationships:

(A) Knowingly providing anything of value to a business licensed by the Commission in return for something of value except for the exchange of commodities or services that are routinely provided to the general public under the same terms; and

(B) Partnerships with a licensee and similar ventures formed for the purpose of making a profit.

(b) "Employee" means any permanent, temporary or limited duration Commission employee.

(c) "Financial Interest" means knowingly holding an ownership interest as a sole proprietor, partner, limited partner or stockholder, in any marijuana business. This definition excludes any investment that the investor does not control in nature, amount or timing.

(d) "Household member" means all persons living as a family unit in the same dwelling as the commissioner or Commission employee.

(e) "Immediate family" means the spouse, and juvenile dependent children of a commissioner or Commission employee.

(f) "Knowledge" and "knowingly" mean that the person had actual knowledge of or reasonably should have known of the fact in question.

(g) "Marijuana Business" means any business or individual licensed by the Commission under ORS 475B.070, 475B.090, 475B.100, 475B.110 and 475B.560, any business or individual registered by the Authority under ORS 475B.420, 475B.435 and 475B.450 and any business whose primary activity is to provide services to marijuana licensees or registrants.

(h) "Position to take action or make decisions that could affect the marijuana business" means that a commissioner or employee's job duties include the discretion to take actions or make decisions that are reasonably likely to create more than a trivial cost or benefit for a licensed business in money, time or anything else of value

(2) Prohibitions.

(a) Financial Interests. No commissioner, employee, household member or immediate family member may hold a financial interest in a marijuana business.

(b) Employment. No commissioner, employee, household member or family member may be employed by a marijuana business unless the commissioner or employee is not in a position at the Commission to take action or make decisions that could affect the business. An individual is not in a "position to take action or make decisions that could affect the marijuana business" if the Commission removes the employee from actions and decisions affecting the business. The Commission will do so where the removal would not unreasonably effect the employee's ability to perform his or her job duties.

(c) Business Connections. No commissioner, employee, household member or family member may have a business connection described in this rule unless the commissioner or employee is not in a position to take action or make decisions that could affect the licensed business.

(3) Reporting Requirements.

(a) A commissioner or employee who has a business connection association with a marijuana business must:

(A) Inform the Commission of the association as soon as the commissioner or employee has knowledge of the association, and

(B) Refrain from participating in any decision that directly affects the marijuana business.

(b) An applicant for a Commission job must disclose all financial interests, current employment relationships and business connections that the applicant, or any person in the applicant's household or immediate family, has with a marijuana business of which the applicant has knowledge. If the Commission determines that a prohibited financial interest, employment relationship or business connection exists, the applicant must divest the financial interest, employment relationship or business connection before he or she may be hired.

(c) A Commission employee must report all financial interests, current employment relationships and business connections that the employee, or any person in the employee's household or immediate family, has with a marijuana business to his or her supervisor as soon as the employee has knowledge of it. If the financial interest, employment relationship or business connection is prohibited, the Commission will set a reasonable time period for divestiture. If divestiture does not occur within the given time period, the Commission will terminate the employee's employment.

(4) Disciplinary Action. The Commission will appropriately discipline any employee, up to and including termination, who:

(a) Fails to report a prohibited financial interest, employment relationship or business connection as required under this rule, or

(b) Knowingly acquires or establishes a financial interest, employment relationship or business connection prohibited under this rule.

Rule Caption: The amendments and repeal align the rule with the statutory changes made in SB 583.
Adm. Order No.: OLCC 7-2016
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 6-29-16
Notice Publication Date: 4-1-2016
Rules Amended: 845-005-0417, 845-006-0392, 845-006-0396
Rules Repealed: 845-005-0420
Subject: Senate Bill 583 passed by the legislature has an effective date of January 1, 2016.

The amendments in the bill added to and revised the qualifications and requirements for the direct shipment of malt beverages, wine, and cider directly to a resident of Oregon. Staff used the temporary rule making process to enact the legislative changes then engaged industry partners through the permanent rulemaking process to hone the rule package.

The amendments and repeal align the rule with the statutory changes made in SB 583
Rules Coordinator: Bryant Haley—(503) 872-5136

845-005-0417
Qualifications for Direct Shipment and Retail Delivery of Malt Beverages, Wine, or Cider to a Resident of Oregon

ORS 471.282 allows a person with a Direct Shipper Permit to sell and deliver malt beverages, wine or cider directly to a resident of Oregon who is at least 21 years of age. 471.186 allows an off-premises sales licensee to deliver malt beverages, wine and cider to a resident of Oregon who is at least 21 years of age.

(1) A Direct Shipper Permit allows the delivery of only the type of alcohol allowed by the license that authorizes the person to hold a Direct Shipper Permit. Only the following persons may qualify for a Direct Shipper Permit:

(a) A person holding a brewery-public house license issued under ORS 471.200, a brewery license issued under ORS 471.220, a winery license issued under ORS 471.223, or a grower sales privilege license issued under 471.227. These licenses are issued with a Direct Shipper Permit.

(b) A person holding a temporary sales license issued under ORS 471.190 that is also a nonprofit trade association and that has a membership primarily composed of persons holding winery licenses issued under 471.223 and grower sales privilege licenses issued under 471.227.

(c) A person holding a license issued by another state within the United States that authorizes the manufacture of malt beverages, wine, or cider. The person in the other state may deliver malt beverages only if that state allows Oregon licensees to deliver malt beverages directly to a resident of that state.

(d) A person holding a license issued by another state within the United States that authorizes the sale of wine or cider produced only from grapes or other fruit grown under the control of the licensee.

(e) A person holding a license issued by another state within the United States that authorizes the sale of malt beverages, wine, or cider at retail for consumption off the licensed premises. The person in the other state may deliver malt beverages only if that state allows Oregon licensees to deliver malt beverages directly to a resident of that state.

(2) Application for a Direct Shipper Permit. A person described under subsections (1)(b)–(e) of this rule must make application to the Commission and receive a Direct Shipper Permit from the Commission before shipping any malt beverages, wine or cider directly to a resident of Oregon. Applicants must apply in writing using the forms provided by the Commission and submit the required fee. The Commission may require additional forms, documents, or information as part of the application. The Commission may refuse to process any application that is not complete or not accompanied by the documents or disclosures required by the form or the Commission.

(3) The Commission may revoke or refuse to issue or renew a Direct Shipper Permit if the permit holder or applicant fails to qualify for the permit under this rule or a refusal basis applies under ORS Chapter 471 or any other rule of the Commission and good cause does not overcome the refusal basis.

(4) A Direct Shipper Permit issued under subsections (1)(c)–(e) of this rule must be renewed annually.

(a) If the person holds the permit based on a license issued by another state, the permit may be renewed by applying in writing using the forms provided by the Commission and submitting the required fee. The Commission may require additional forms, documents, or information as part of the application.

(b) If the person holds the permit based on an annual license issued by this state, the permit may be renewed at the same time that the license is renewed.

(5) Same-Day and Next-Day Delivery.

(a) The privilege of next-day delivery of malt beverages, wine, and cider is included with a Direct Shipper Permit and an off-premises sales license.

(b) A person who holds, or is applying for, a Direct Shipper Permit or an off-premises sales license issued by the Commission who intends to provide the service of same-day delivery of malt beverages, wine, or cider to a resident of Oregon must make application to the Commission upon forms to be furnished by the Commission and receive approval from the Commission prior to beginning the same-day delivery service. The application for same-day delivery approval shall include a statement that the person understands and will follow the same-day delivery requirements listed in OAR 845-006-0392 and 845-006-0396.

(6) The Commission may refuse to process any application required under this rule if the application is not complete and accompanied by the documents or disclosures required by the form. The Commission shall give applicants the opportunity to be heard if the Commission refuses to process an application. A hearing under this subsection is not subject to the requirements for contested case proceedings under ORS Chapter 183.

845-006-0392
Requirements for Direct Shipment and Delivery of Wine and Cider to a Resident of Oregon

(1) A person may sell and ship wine or cider to a resident of Oregon only if the person holds:

(a) A valid Direct Shipper Permit and holds a license issued by this state or another state that authorizes the person to hold a Direct Shipper Permit; or

(b) An off-premises sales license issued by the Commission.

(2) A person holding a Direct Shipper Permit must ship not more than a total of two cases of wine or cider containing not more than nine liters per case per month to a resident of Oregon who is at least 21 years of age.

(3) A person holding a Direct Shipper Permit or an off-premises sales license must retain a record for a minimum of eighteen months of the amount of alcohol contained in the shipment to the resident.

(4) A person holding a Direct Shipper Permit or an off-premises sales license must ship:

(a) Only wine or cider. A container must not hold more than two gallons.

(b) Only to a resident of Oregon who is at least 21 years of age and only if the wine or cider is for personal use and not for the purpose of resale;

(c) Only for delivery to a resident who is not visibly intoxicated at the time of receiving the alcohol;

(d) The product in a container that is conspicuously labeled with the words "Contains alcohol: signature of person age 21 years or older required for delivery" or similar language approved by the Commission;

(e) Only pursuant to an order for the wine or cider that is received by the permit holder or licensee prior to shipment of the alcohol;

(f) Only for next-day delivery, unless the permit holder or licensee has been approved for same-day delivery; and

(g) Only to a home or business where the home or business has a permanent street address.

(h) If the container is a securely-covered container it must be an empty container supplied by the resident. The permit holder or licensee may sell an empty container to the resident prior to or at the time of filling the container.

(5) If the permit holder or licensee ships via a for-hire carrier, the permit holder and licensee must use a for-hire carrier with a plan approved by the Commission under OAR 845-005-0424 and must comply with sections (2), (3) and (4) of this rule, as applicable.

(6) If the permit holder or licensee does not use a for-hire carrier, in addition to complying with sections (2), (3) and (4) of this rule, as applicable, the person making the delivery of the wine or cider must:

(a) Be age 18 or over;

(b) Verify that the person receiving the alcohol is at least 21 years of age;

(c) Determine that the person receiving the alcohol is not visibly intoxicated; and

(d) Collect information that must be retained by the permit holder or licensee for a minimum of eighteen months from the date of delivery of the alcohol to the resident. The information retained must include:

(A) The date and time the alcohol was delivered to the resident;

(B) The name or information that can be used to determine the name of the person delivering the alcohol to the resident; and

(C) The name, signature, and delivery address of the person receiving the alcohol.

(7) Same-day delivery for a permit holder. If a permit holder has also obtained approval to make same-day delivery of wine or cider, in addition to complying with sections (2), (3), (4) and either (5) or (6) of this rule, the permit holder must receive the order from the resident no later than 4:00 pm on the day the order is delivered, ensure that the wine and cider is delivered before 9:00 pm, and deliver not more than a total of two cases of wine or cider containing not more than nine liters per case per day to a resident of Oregon (and must also follow section (2) of this rule).

(8) Same-day delivery for an off-premises sales licensee. If a licensee has also obtained approval to make same-day delivery of wine or cider, in addition to complying with sections (3), (4) and either (5) or (6) of this rule, the licensee must:

(a) Receive the order from the resident no later than 4:00 pm on the day the order is delivered, ensure that the wine and cider is delivered before 9:00 pm, and deliver not more than a total of two cases of wine or cider containing not more than nine liters per case per day per Oregon residence;

(b) Receive the order from the resident no later than 4:00 pm on the day the order is delivered, ensure that the wine and cider is delivered before 9:00 pm, and may deliver an unlimited amount of wine or cider if the alcohol accounts for no more than 25 percent of the retail cost of the order (i.e. at least 75 percent of the retail cost of the order must be items other than alcohol);

(c) Receive the order from the resident no later than 9:00 am on the day the order is delivered, ensure that the wine and cider is delivered before 9:00 pm, and may deliver an unlimited amount of wine or cider;

(d) Receive the order from the resident no later than 7:00 pm on the day the order is delivered, ensure that the wine and cider is delivered before 9:00 pm, and deliver not more than a total of 1500 milliliters of wine or cider (approximately two standard bottles) per day per Oregon residence; or

(e) Receive the order from the resident between 7:01 pm and 9:00 pm on the day the order is delivered, ensure that the wine or cider is delivered before 10:00 pm, and deliver not more than a total of 750 milliliters of wine or cider (approximately one standard bottle) per day per Oregon residence.

(9) A permit holder must:

(a) Allow the Commission to audit the permit holder's records of wine and cider shipments to Oregon residents upon request and shall make those records available to the Commission in Oregon no later than 60 days after the Commission mails the notice;

(b) Report to the Commission all shipments of wine or cider made to a resident of Oregon under the permit as required by ORS Chapter 473. The report must be made in a form prescribed by the Commission; and

(c) Timely pay to the Commission all taxes imposed under ORS Chapter 473 on wine and cider sold and shipped directly to a resident of Oregon under the permit. For the purpose of the privilege tax imposed under ORS Chapter 473, all wine or cider sold and shipped pursuant to a direct shipper permit is sold in this state. The permit holder, not the purchaser, is responsible for the tax.

(10) If the permit holder is located in a state outside of Oregon, it consents to the jurisdiction of the Commission and the courts of this state for the purpose of enforcing the provisions of this rule and any related laws or rules.

(11) A violation of section (9) of this rule is a Category IV violation. A violation of any other section of this rule is a Category III violation. In lieu of a criminal citation, the Commission may assess an administrative penalty for shipping wine or cider without a valid Direct Shipper Permit in violation of section (1) of this rule against any Oregon license held by the shipper, including a Certificate of Approval issued pursuant to ORS 471.244.

Requirements for Direct Shipment and Delivery of Malt Beverages to a Resident of Oregon

(1) A person may sell and ship malt beverages to a resident of Oregon only if the person holds:

(a) A valid Direct Shipper Permit and holds a license issued by this state or another state that authorizes the person to hold a Direct Shipper Permit; or

(b) An off-premises sales license issued by the Commission.

(2) A person may ship:

(a) Only malt beverages. A container must not hold more than two gallons. Despite this requirement, a factory-sealed container from an off-premises sales licensee must not hold more than two and one-quarter gallons.

(b) Only to a resident of Oregon who is at least 21 years of age and only if the malt beverage is for personal use and not for the purpose of resale;

(c) Only for delivery to a resident who is not visibly intoxicated at the time of receiving the alcohol;

(d) The malt beverage in a package that is conspicuously labeled with the words "Contains alcohol: signature of person age 21 years or older required for delivery" or similar language approved by the Commission;

(e) Only pursuant to an order for the malt beverage that is received by the licensee prior to shipment of the alcohol;

(f) Only for next-day delivery unless the licensee has been approved for same-day delivery by the Commission; and

(g) Only to a home or business where the home or business has a permanent street address.

(h) If the container is a securely-covered container it must be an empty container supplied by the resident. The permit holder or licensee may sell an empty container to the resident prior to or at the time of filling the container.

(3) A licensee must retain a record for a minimum of eighteen months of the amount of alcohol contained in the shipment to the resident.

(4) If the licensee ships via a for-hire carrier, in addition to complying with sections (1), (2), and (3) of this rule, the licensee must use a for-hire carrier with a plan approved by the Commission under OAR 845-005-0424.

(5) If the licensee does not use a for-hire carrier, in addition to complying with sections (1), (2), and (3) of this rule, the person delivering the malt beverage must:

(a) Be age 18 or over;

(b) Verify that the person receiving the alcohol is at least 21 years of age;

(c) Determine that the person receiving the alcohol is not visibly intoxicated; and

(d) Collect information that must be retained by the licensee for a minimum of eighteen months from the date of delivery of the alcohol to the resident. The information retained must include:

(A) The date and time the alcohol was delivered to the resident;

(B) The name or information which can be used to determine the name of the person delivering the alcohol to the resident; and

(C) The name, signature, and delivery address of the person receiving the alcohol.

(6) Same-day delivery for a permit holder. If a permit holder has also obtained approval to make same-day delivery of malt beverages, in addition to complying with sections (2) and (3) and either (4) or (5) of this rule, the permit holder must receive the order from the resident no later than 4:00 pm on the day the order is delivered, ensure that the malt beverage is delivered before 9:00 pm, and deliver not more than a total of five gallons of malt beverage per day per Oregon residence.

(7) Same-day delivery for an off-premises sales licensee. If the licensee is approved to make same-day delivery of malt beverages, in addition to complying with sections (1), (2), and (3) and either (4) or (5) of this rule, the licensee must:

(a) Receive the order from the resident no later than 4:00 pm on the day the order is delivered, ensure that the malt beverage is delivered before 9:00 pm, and deliver not more than a total of five gallons of malt beverage per day per Oregon residence;

(b) Receive the order from the resident no later than 4:00 pm on the day the order is delivered, ensure that the malt beverage is delivered before 9:00 pm, and may deliver an unlimited amount of malt beverage if the alcohol accounts for no more than 25 percent of the retail cost of the order (i.e. at least 75 percent of the retail cost of the order must be items other than alcohol);

(c) Receive the order from the resident no later than 9:00 am on the day the order is delivered, ensure that the malt beverage is delivered before 9:00 pm, and may deliver an unlimited amount of malt beverage;

(d) Receive the order from the resident no later than 7:00 pm on the day the order is delivered, ensure that the malt beverage is delivered before 9:00 pm, and deliver not more than a total of 160 ounces of malt beverage (approximately two standard six-packs) per day per Oregon residence; or

(e) Receive the order from the resident between 7:01 pm and 9:00 pm on the day the order is delivered, ensure that the malt beverage is delivered before 10:00 pm, and deliver not more than a total of 80 ounces of malt beverage (approximately one standard six-pack) per day per Oregon residence.

(8) Sanction. A violation of any section of this rule is a Category III violation.

(9) A permit holder must:

(a) Allow the Commission to audit the permit holder's records of malt beverage shipments to Oregon residents upon request and shall make those records available to the Commission in Oregon no later than 60 days after the Commission mails the notice;

(b) Report to the Commission all shipments of malt beverage made to a resident of Oregon under the permit as required by ORS Chapter 473. The report must be made in a form prescribed by the Commission; and

(c) Timely pay to the Commission all taxes imposed under ORS Chapter 473 on malt beverage sold and shipped directly to a resident of Oregon under the permit. For the purpose of the privilege tax imposed under ORS Chapter 473, all malt beverage sold and shipped pursuant to a direct shipper permit is sold in this state. The permit holder, not the purchaser, is responsible for the tax.

(10) If the permit holder is located in a state outside of Oregon, it consents to the jurisdiction of the Commission and the courts of this state for the purpose of enforcing the provisions of this rule and any related laws or rules.

(11) A violation of section (9) of this rule is a Category IV violation. A violation of any other section of this rule is a Category III violation. In lieu of a criminal citation, the Commission may assess an administrative penalty for shipping malt beverage without a valid Direct Shipper Permit in violation of section (1) of this rule against any Oregon license held by the shipper, including a Certificate of Approval issued pursuant to ORS 471.244.

Rule Caption: This package updates and simplifies rule language for Agent promotional activities.
Adm. Order No.: OLCC 8-2016
Filed with Sec. of State: 6-28-2016
Certified to be Effective: 6-29-16
Notice Publication Date: 4-1-2016
Rules Amended: 845-015-0155, 845-015-0175, 845-015-0177, 845-015-0190
Rules Repealed: 845-015-0130
Subject: This package updates and simplifies rule language for Agent promotional activities. Specifically;

- 845-015-0130 is repealed and consolidated into the other rule amendments.
- The amendments to 845-015-0155 and 845-015-0190 are housekeeping changes that update language by changing "sales agency" to "liquor store" and removing "sample" from tastings language.
- The amendments to 845-015-0175 clarify and update the advertising requirements for Retail Sales Agents.
- The amendments to 845-015-0177 adds clarifying definitions and processes for promotional activities and sweepstakes.

Rules Coordinator: Bryant Haley—(503) 872-5136

845-015-0155
Distilled Spirit Tasting in a Retail Liquor Store

(1) The Commission allows sponsors to conduct distilled spirits tastings in retail liquor stores at the sole discretion of the retail sales agent for the purpose of promoting the sponsor's products. For purposes of this rule, "sponsors" are: Oregon Distillery licensees, out-of-state manufacturers of distilled spirits, importers of distilled spirits, distillery representatives, and the employees or agents of Distillery licensees, out-of-state manufacturers, importers, and distillery representatives. Tastings are subject to the requirements and limits described in this rule.

(2) Tasting Sizes, Number of Samples per Participant. The size of each distilled spirits tasting shall be no more than one-quarter fluid ounce of distilled spirits in a single container. The container may also contain non-alcoholic beverages; however, the total amount of liquid in the container may be no more than two ounces. A sponsor may not provide more than one-half ounce total of distilled spirits per participant per day.

(3) The distilled spirits product(s) provided for tastings must be available for sale at the retail liquor store where and when the tasting occurs.

(4) Identified Tasting Area. Retail sales agents who allow tastings at their retail liquor store must identify a specific tasting area. The area must be of a size and design such that the person(s) conducting the tasting can observe and control persons in the area to ensure no minors or visibly intoxicated persons possess or consume alcohol. Customers must remain in the tasting area until they have finished consuming the sample(s). In exclusive retail liquor stores, the tasting area may be the entire retail liquor store. In non-exclusive retail liquor stores, the retail sales agent must identify a tasting area, and keep on file at the retail liquor store a floor plan sketch identifying the tasting area.

(5) Duration of Tastings Allowed. Tastings are limited to a maximum of three consecutive hours per sponsor per retail liquor store per day. Only one sponsor at a time may conduct sample tastings in a retail liquor store.

(6) Server Requirements. Alcohol servers must have valid Oregon service permits.

(7) Record Keeping. The sponsor must keep a record of each tasting they conduct, including the date and location of each event, the products served, and the names of the servers. The sponsor must retain records of tastings for one year.

(8) Sponsor responsibilities. Sponsors must:

(a) Provide the distilled spirits product to be tasted, and remove any remaining product at the end of the tasting;

(b) Provide or pay for a person to serve the distilled spirits being tasted. The server must be a sponsor or an employee or agent of the sponsor;

(c) Not compensate the retail sales agent, or any employee or agent of the retail sales agent to participate in the tasting.

(9) Retail Sales Agent Responsibilities. Retail sales agents are responsible for liquor law violations occurring in the retail liquor store which are not related to tastings.

(10) Violations Associated with the Tasting. In the case of a liquor law violation associated with tasting (for example, service of a sample to a minor or a visibly intoxicated person), both the server and the sponsor may be held responsible for violations of Oregon liquor laws which occur due to or during the tasting. Violations which occur due to a sponsor or server violating the law will not be charged to the retail sales agent.

845-015-0175
Advertising by a Retail Sales Agent

(1) The Commission allows advertising by retail sales agents through media and other forms that are not prohibited by statute or rule.

(2) Advertising may not:

(a) Be false, misleading or discriminatory;

(b) Make claims that any government agency endorses or supports the distilled spirits product;

(c) Include materials so appealing to minors that it encourages them to purchase, possess or drink distilled spirits;

(d) Be included in any material that is for the purpose of youth or minor viewership (i.e. school yearbooks)

(e) Use a person appearing to be under 26 years of age displayed drinking distilled spirits;

(f) Use material that encourages the use of distilled spirits because of its intoxicating effect;

(g) Include the words, "OLCC" or "State of Oregon";

(h) Include material that encourages excessive or rapid consumption;

(i) Be purchased or given by a manufacturer, wholesaler, distributor, or a person representing a distillery, or a Full On-Premises licensee on behalf of a retail sales agent, except as otherwise allowed by statute or rule. (See ORS 471.750(4) and OAR 845-015-0177);

(j) Be placed in media that is being purchased by a Full On-Premises licensee or material advertising a Full On-Premises licensee in a liquor store.

(k) Promote a licensee, sweepstake, premium, on-pack or non-tasting distilled spirit events as those terms are defined in OAR 845-015-0177.

(3) To inform the public of distilled spirit access, retail liquor stores must have exterior "Liquor" sign(s) that are highly visible, attractive, easy to read, compatible with the location and that conform to local ordinances.

(a) Retail liquor stores located within another retail business or building may place an exterior sign at the immediate entrance to the retail liquor store.

(b) Exterior signs may be placed off the property that the retail liquor store occupies with written permission from the owner of the property where the sign will be located. Upon request from the Commission, retail sales agents will need to provide evidence of the property owner's permission.

(c) Signs and sign hardware must be maintained, clean, fully functional, undamaged and freshly painted. Signs and hardware that appear worn or faded must be replaced.

(4) All distilled spirit advertising that a retail sales agent uses must conform to this rule. Prior approval of advertising material is not normally required. However, a retail sales agent who fails to comply with this rule may be required to submit future distilled spirit advertising material to the Commission for prior approval to ensure compliance with OLCC rules. The Commission will specify a reasonable period of time during which prior approval is required.

(5) Retail sales agents must remove any sign, display, or advertisement found by the Commission to violate this rule or OAR 845-015-0177, or both rules. The Commission will specify a reasonable time by which the retail sales agent must remove the objectionable advertising.

(6) Retail sales agents may advertise distilled spirits tasting promotions.

(7) Retail sales agents may advertise lottery sales in their retail liquor store advertisements.

845-015-0177
Advertising in a Retail Liquor Store

(1) Definitions: As used in this rule:

(a) "Sweepstake" means a contest for prizes not prohibited by law and offered by a manufacturer or a person representing a distillery.

(b) "Premium" means an item, offered to promote a product, which a person may order from a manufacturer or person representing a distillery. Examples of a premium include t-shirts, watches, and personalized bottle labeling.

(c) "On-pack" means any item approved by the commission that is attached to or packaged with a distilled spirits product.

(2) The Commission allows product signs and displays that:

(a) Comply with this rule, ORS 471.750(4), OAR 845-015-0175(2) and Alcohol and Tobacco Tax and Trade Bureau (TTB) regulations;

(b) Do not obstruct another distillery's products;

(c) Are not placed in a window;

(d) Advertise or display a manufacturer's, wholesaler's, distributor's, or the distillery's product in conjunction with the approved items described in OAR 845-015-0143; and

(e) Advertise a rebate (as allowed by OAR 845-015-0165), sweepstake or offer a premium or an on-pack for the consumer when the sign or display meets the requirements of (a), (b), (c), and (d).

(3) If a retail sales agent chooses to allow signs and displays in the retail liquor store, each manufacturer, wholesaler, distributor, or distillery must be given a reasonable opportunity to advertise.

(4) If the total value of the sign or display in section (3) is $500 or more, then the item can only be loaned to the retail sales agent, must be clearly marked as the property of the manufacturer, wholesaler, distributor, or distillery representative, marked with the date the loan begins, and can only be loaned for a maximum of 90 days per calendar year. At no time can a loan period exceed more than 90 consecutive days. The distillery representative can only have one such sign or display at any one time in any one liquor store. The manufacturer, wholesaler, distributor, or value of a sign or display is the actual cost to the supplier who initially purchased it. Transportation and installation costs are excluded.

(5) Nothing in this rule requires a retail sales agent to order distilled spirits for use in a display, sweepstake or promotion. Empty case boxes may be used, if necessary.

(6) A retail sales agent may not request, accept, give away or remove on-packs or sweepstake, or premium items from the store at any time or otherwise use the items for personal or business gain. Displays and signs may be removed by the manufacturer, wholesaler, distributor, or a person representing a distillery. Retail sales agents may dispose of old and unused displays and signs, but retail sales agents must not use these items for personal or business gain.

(7) The Commission provides price tags which retail sales agents shall place in front of each brand and size of distilled liquor. If a brand is displayed in more than one area, the retail sales agent must provide tags comparable in quality and style as the price tags OLCC provides and that they be placed in front of each brand and size.

(8) A sweepstake or premium offer must not require the purchase of liquor in order to receive a prize, merchandise or other thing(s) of value, unless the manufacturer, wholesaler, distributor, or distillery representative donates the prize or merchandise to a charitable cause or community nonprofit entity. A sweepstake participant may complete an entry blank at a retail liquor store, but a person representing a manufacturer, wholesaler, distributor, or distillery must draw the entry at the end of the promotion and contact the winner. Any sweepstake or premium must be delivered to the winner at a location other than a retail liquor store. Retail sales agents, liquor store personnel, commission staff or their immediate family living in the same household cannot participate in a sweepstake.

(9) When an on-pack is offered, the on-pack item must not be removed or sold separately from the original bottle unless directed by OLCC. Unless an exception is approved by Commission staff, on-packs of liquor must:

(a) Not exceed two 50 ml per original bottle;

(b) Not be a size that has a current listing; and

(c) Be attached only to original bottles 750 ml in size or larger.

(10) The Commission retains the right to remove signs and displays the Commission finds objectionable or are inappropriate for use in a retail liquor store.

845-015-0190
Resignation Buy-Out Program for Retail Sales Agents

(1) Purpose. The purpose of the Resignation Buy-Out Program is to provide a monetary benefit to all retail sales agents when they resign. Retail sales agents receive the buy-out, in part, to recognize their contribution in building a successful business.

(2) Definitions.

(a) "Solicit," "solicitation" and "soliciting" have the meaning given them under OAR 845-015-0145. These terms also include any act or contact directed at a specific business, Full On-Premises Sales licensee or other like entity for the purpose of asking, encouraging, suggesting, urging or persuading a specific business, Full On-Premises Sales licensee or other entity to purchase distilled spirits from a particular retail liquor store.

(b) "Full On-Premises Sales licensee" means any person or entity holding a Full On-Premises Sales license.

(c) "Commercial Accounts" means any business or association that purchases more than fifty 750 ml bottles of distilled spirits from the store in the twelve months immediately preceding turnover of the store to the incoming agent.

(d) "Domestic Partner" means an individual who, along with another individual of the same sex, has received a Certificate of Registered Domestic Partnership pursuant to the Oregon Family Fairness Act.

(3) Calculating the Buy-Out. The Resignation Buy-Out Program requires the incoming retail sales agent to pay the outgoing agent, or the agent's estate, an amount of money (called the buy-out). Except as provided in section (4), the Commission calculates the buy-out by taking three percent of the stores average annual gross distilled spirits sales for the last five years. If a Retail Sales Agent's most current Annual Evaluation is outstanding, they will be eligible for a four percent buy-out percentage. The Commission includes the buy-out amount as part of the financial requirement in the information sheet that all applicants receive.

(4) Recruiting Qualified Applicants. The outgoing agent may supplement the Commission's recruiting process to assure finding qualified applicants. If the Commission's recruiting process does not generate a qualified applicant the outgoing agent will choose to postpone the resignation or to accept a lower buy-out amount. If the agent chooses to accept a lower buy-out, then the outgoing agent and the Commission will agree on a reasonable buy-out amount reduction. The Commission will then re-advertise the store vacancy with the reduced buy-out amount.

(5) Paying the Buy-Out. An incoming agent must pay a buy-out if the effective date of the incoming agent's appointment occurs when the program is in effect. The incoming agent provides payment to the outgoing agent once the Commission has estimated any debt reimbursements to the Commission or the State of Oregon. As a condition of eligibility for the buy-out, the outgoing agent must allow the incoming agent to spend a minimum of 12 working days at the store working productively together before the store takeover, unless the incoming agent declines the opportunity in writing. During the 12-day period, the outgoing agent will introduce the incoming agent to Full On-Premises Sales licensees and commercial accounts, and orient the incoming agent to all aspects of the store operation except the required training and information provided by Commission staff. The Commission may waive the buy-out requirement at the written request of the outgoing agent.

(6) Family Transfer of Retail Liquor Store When Agent Dies or is Disabled. If an agent dies or becomes unable to operate a retail liquor store due to the agent's disability, ORS 471.752(2) allows the Commission to give preference to a qualified surviving spouse, Domestic Partner, or child, or a qualified spouse, Domestic Partner, or child of the disabled agent, in the appointment of a successor agent. If the Commission does appoint a spouse, Domestic Partner, or child in this situation, the Commission may waive the buy-out requirement at the request of the outgoing agent or the agent's estate after the Commission has estimated any debt reimbursements to the Commission or the State of Oregon.

(7) Probationary Agents. Except as provided in section (9), an agent who resigns during their probationary period is eligible for a buy-out.

(8) Relocating, Adding, or Closing Stores. The Commission reserves the right to relocate any store, and to add or close stores. Neither the State of Oregon nor the Commission is liable for any changes in the volume of distilled spirits sales that may occur following the relocation of one or more stores, or from the addition or closure of one or more stores.

(9) Exceptions. Despite sections (1) and (3), a retail sales agent is not eligible for a buy-out if:

(a) The Commission has terminated the agent for cause relating to fiscal irresponsibility, a history of high shortages exists, or the final estimated audit shortage exceeds the estimated amount of compensation due that agent. In these situations, the incoming agent will be instructed to hold payment until the Commission calculates any dollars owed the Commission or the State of Oregon. At that time the Commission will instruct the incoming agent as to the disbursal of the buy-out fund to the outgoing agent and the Commission. Any amount sent to the Commission in excess of the amount due to the Commission or the State of Oregon will be returned to the outgoing agent upon final financial settlement;

(b) The agent is under suspension;

(c) The agent is a temporary retail sales agent;

(d) The Commission takes over a store for reasons other than suspension or termination. In this situation, the outgoing agent is not eligible for a buy-out until the agent resigns and a permanent incoming agent is appointed and takes over the store; or

(e) The store does not turn over during the time the program is in effect; turnover occurs on the date the Commission conducts the final audit of the permanent outgoing agent.

(10) Non-Compete Provision. If an outgoing agent participates in the buy-out program, the outgoing agent shall not solicit any Full On-Premises Sales licensee or commercial account (customers) of the retail liquor store the outgoing agent is leaving (store) for the purpose of selling or attempting to sell distilled spirits to such customers. The outgoing agent is also prohibited from using a customer list or any other information about the stores customers to assist any agent (other than the incoming agent) in soliciting the stores customers for the purpose of selling distilled spirits. The outgoing agent recognizes that she/he receives consideration for compliance with this section. The prohibitions in this section:

(a) Are limited to a two-year period. The Commission calculates the two-year prohibition beginning on the date the store is turned over to the incoming agent;

(b) Relate only to Full On-Premises Sales licensees and commercial accounts that have made a purchase from the store within the twelve months immediately preceding turnover of the store to the incoming agent;

(c) Apply only within:

(A) A geographic radius of ten miles from the location of the store if the store is located in a metropolitan or suburban area;

(B) A geographic radius of twenty-five miles from the location of the store for all other areas of the state;

(d) Do not prohibit an agent's ability to advertise under OAR 845-015-0175.

(11) Violation of Section (10). If, during the two-year period:

(a) An outgoing agent violates section (10) of this rule, the incoming agent may take legal action against the outgoing agent;

(b) An outgoing agent violates section (10) of this rule, the Commission may take legal action against the outgoing agent;

(c) The Commission terminates the Resignation Buy-Out Program, the non-compete provisions in section (10) remain in effect.

(12) No Contract Rights in Buy-Out. No agent shall have any entitlement to, or expectation of receiving, any buy-out. The institution and continuation or termination of the buy-out program constitutes unilateral regulatory action by the Commission, and gives no agent any contractual right or expectation in any buy-out payment. The Commission reserves the right to repeal or modify this rule, or otherwise terminate the buy-out program at any time.

Subject: The Oregon Legislature adopted several bills during the 2016 legislative session that make significant alterations to ORS 475B. This action by the legislature requires the Commission to align the rules with statute.

Specifically, those changes include but are not limited to:

House Bill 4014:

- Repeals the two year residency requirement for marijuana producers, wholesalers, processors, and retailers; Requires OLCC to minimize barriers and, to the extent practicable, expand transportation options in order to assist the viability of marijuana producers that are limited in size and revenue;

- Changes definition of licensed premises for outdoor producers;

- Directs OLCC to adopt rules for businesses that transition from the medical to the recreational system;

- Allows Research Certificates to transfer limited amounts of marijuana items to licensees.

Senate Bill 1511:

- Directs Oregon Liquor Control Commission to register qualified licensees for purposes of producing, processing and selling medically designated marijuana items.

Senate Bill 1598:

- Exempt s persons responsible for a marijuana grow site from acquiring a land use compatibility statement under specified conditions.

- Expands existing worker permit process, including worker education, to producers, wholesalers, and processors.

Following adoption of these temporary rules, the Commission will proceed with permanent rulemaking as required by ORS Chapter 183 while the adopted temporary rules are in place.

Rules Coordinator: Bryant Haley—(503) 872-5136

845-025-1015

Definitions

For the purposes of OAR 845-025-1000 to 845-025-8590, unless otherwise specified, the following definitions apply:

(1) "Adulterated" means to make a marijuana item impure by adding foreign or inferior ingredients or substances. A marijuana item may be considered to be adulterated if:

(a) It bears or contains any poisonous or deleterious substance in a quantity rendering the marijuana item injurious to health, including but not limited to tobacco or nicotine;

(b) It bears or contains any added poisonous or deleterious substance exceeding a safe tolerance if such tolerance has been established;

(c) It consists in whole or in part of any filthy, putrid, or decomposed substance, or otherwise is unfit for human consumption;

(d) It is processed, prepared, packaged, or is held under improper time-temperature conditions or under other conditions increasing the probability of contamination with excessive microorganisms or physical contaminants;

(e) It is processed, prepared, packaged, or held under insanitary conditions increasing the probability of contamination or cross-contamination;

(f) It is held or packaged in containers composed, in whole or in part, of any poisonous or deleterious substance rendering the contents potentially injurious to health;

(g) Any substance has been substituted wholly or in part therefor;

(h) Damage or inferiority has been concealed in any manner; or

(i) Any substance has been added thereto or mixed or packaged therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is.

(2) "Authority" means the Oregon Health Authority.

(3) "Business day" means Monday through Friday excluding legal holidays.

(4) "Cannabinoid" means any of the chemical compounds that are the active constituents of marijuana.

(5) "Cannabinoid concentrate" means a substance obtained by separating cannabinoids from marijuana by:

(a) A mechanical extraction process;

(b) A chemical extraction process using a nonhydrocarbon-based or other solvent, such as water, vegetable glycerin, vegetable oils, animal fats, isopropyl alcohol or ethanol; or

(c) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, provided that the process does not involve the use of high heat or pressure; or

(6) "Cannabinoid edible" means food or potable liquid into which a cannabinoid concentrate, cannabinoid extract or dried marijuana leaves or flowers have been incorporated.

(7) "Cannabinoid extract" means a substance obtained by separating cannabinoids from marijuana by:

(a) A chemical extraction process using a hydrocarbon-based solvent, such as butane, hexane or propane;

(b) A chemical extraction process using the hydrocarbon-based solvent carbon dioxide, if the process uses high heat or pressure; or

(c) Any other process identified by the Commission, in consultation with the authority, by rule.

(8) Cannabinoid Product

(a) "Cannabinoid product" means a cannabinoid edible and any other product intended for human consumption or use, including a product intended to be applied to the skin or hair, that contains cannabinoids or dried marijuana leaves or flowers.

(b) "Cannabinoid product" does not include:

(A) Usable marijuana by itself;

(B) A cannabinoid concentrate by itself;

(C) A cannabinoid extract by itself; or

(D) Industrial hemp, as defined in ORS 571.300.

(9) "Cannabis Tracking System" or "CTS" means the system for tracking the transfer of marijuana items and other information as authorized by ORS 475B.150.

(10) "Common Ownership" means any commonality between individuals or legal entities named as applicants or persons with a financial interest in a license or business proposed to be licensed.

(11) "Compliance transaction" means a single covert, on-site visit in which a Commission authorized representative poses as an authorized representative of a licensee or a consumer and attempts to purchase or purchases a marijuana item from a licensee, or attempts to sell or sells a marijuana item to a licensee.

(12) "Container" means a sealed, hard or soft-bodied receptacle in which a marijuana item is placed prior to being sold to a consumer.

(13) "Contractor" means a person, other than a license representative, who temporarily visits the licensed premises to perform a service, maintenance or repair.

(14) "Commission" means the Oregon Liquor Control Commission.

(15) "Commissioner" means a member of the Oregon Liquor Control Commission.

(16) "Consumer" means a person who purchases, acquires, owns, holds or uses marijuana items other than for the purpose of resale.

(17) "Date of Harvest" means the date the mature marijuana plants in a harvest lot were cut, picked or removed from the soil or other growing media. If the harvest occurred on more than one day, the "date of harvest" is the day the last mature marijuana plant in the harvest lot was cut, picked or removed from the soil or other growing media.

(18) "Designated primary caregiver" has the meaning given that term in ORS 475B.410.

(19)(a) "Financial consideration" means value that is given or received either directly or indirectly through sales, barter, trade, fees, charges, dues, contributions or donations.

(b) "Financial consideration" does not include marijuana, cannabinoid products or cannabinoid concentrates that are delivered within the scope of and in compliance with ORS 475B.245.

(20) "Financial interest" means having an interest in the business such that the performance of the business causes, or is capable of causing, an individual, or a legal entity with which the individual is affiliated, to benefit or suffer financially, and such interests include but are not limited to:

(a) Receiving, as an employee or agent, out-of-the-ordinary compensation, either in the form of overcompensation or under compensation;

(b) Lending money, real property or personal property to an applicant or licensee for use in the business at a commercially unreasonable rate;

(c) Giving money, real property or personal property to an applicant or licensee for use in the business; or

(d) Being the spouse or domestic partner of an applicant or licensee. For purposes of this subsection, "domestic partners" includes adults who qualify for a "domestic partnership" as defined under ORS 106.310.

(21) "Harvest lot" means a specifically identified quantity of marijuana that is uniform in strain, cultivated utilizing the same growing practices and harvested at the same time at the same location and cured under uniform conditions.

(22) "Immature marijuana plant" means a marijuana plant that is not flowering.

(23) "Intended for human consumption" means intended for a human to eat, drink, or otherwise put in the mouth but does not mean intended for human inhalation.

(24) "Invited guests" means family member and close associates of the licensee, not members of the general public.

(25) "Laboratory" means a laboratory certified by the Authority under ORS 438.605 to 438.620 and authorized to sample or test marijuana items for purposes specified in these rules.

(26) "Licensee" means any person who holds a license issued under ORS 475B.070, 475B.090, 475B.100, 475B.110, or 475B.560.

(27) "License holder" includes:

(a) Each applicant listed on an application that the Commission has approved;

(b) Each individual who meets the qualification described in OAR 845-025-1045 and who the Commission has added to the license under OAR 845-025-1030; or

(c) Each individual who has a financial interest in the licensed business and who the Commission has added to the license under OAR 845-025-1030.

(28) "Licensee representative" means an owner, director, officer, manager, employee, agent, or other representative of a licensee, to the extent that the person acts in a representative capacity.

(29) "Limited access area" means a building, room, or other contiguous area on a licensed premises where a marijuana item is produced, processed, stored, weighed, packaged, labeled, or sold, but does not include a point of sale area on a licensed retailer premises.

(30) "Marijuana"

(a) "Marijuana" means the plant Cannabis family Cannabaceae, any part of the plant Cannabis family Cannabaceae and the seeds of the plant Cannabis family Cannabaceae.

(b) "Marijuana" does not include industrial hemp, as defined in ORS 571.300.

(31) "Marijuana flowers" means the flowers of the plant genus Cannabis within the plant family Cannabaceae.

(32) "Marijuana items" means marijuana, cannabinoid products, cannabinoid concentrates and cannabinoid extracts.

(33) "Marijuana leaves" means the leaves of the plant genus Cannabis within the plant family Cannabaceae.

(34) "Marijuana processor" means a person who processes marijuana items in this state.

(35) "Marijuana producer" means a person who produces marijuana in this state.

(36) "Marijuana retailer" means a person who sells marijuana items to a consumer in this state.

(37) "Marijuana wholesaler" means a person who purchases marijuana items in this state for resale to a person other than a consumer.

(38) "Mature marijuana plant" means a marijuana plant that is not an immature marijuana plant.

(39) "Medical grade cannabinoid product, cannabinoid concentrate or cannabinoid extract" means a cannabinoid product, cannabinoid concentrate or cannabinoid extract that has a concentration of tetrahydrocannabinol that is permitted under ORS 475B.625 in a single serving of the cannabinoid product, cannabinoid concentrate or cannabinoid extract for consumers who hold a valid registry identification card issued under ORS 475B.415.

(40) "Micro-Wholesaler" means a marijuana wholesaler licensed by the Commission that only purchases or receives seeds, immature plants or usable marijuana from a producer with a micro tier I or tier II canopy.

(41) "Minor" means any person under 21 years of age.

(42) "Non-Toxic" means not causing illness, disability or death to persons who are exposed.

(43) "Non-profit Dispensary" means a medical marijuana dispensary registered under ORS 475B.450 owned by a nonprofit corporation organized under ORS chapter 65.

(44) "ORELAP" means the Oregon Environmental Laboratory Accreditation Program administered by the Authority pursuant to ORS 438.605 to 438.620.

(45) "Permittee" means any person who holds a Marijuana Workers Permit.

(46) "Person" has the meaning given that term in ORS 174.100.

(47) "Person responsible for a marijuana grow site" or "PRMG" has the meaning given that term in OAR 333-008-0010.

(48) "Premises" or "licensed premises" includes the following areas of a location licensed under section ORS 475B.070, ORS 475B.090, ORS 475B.100, ORS 475B.110 or ORS 475B.560:

(a) All public and private enclosed areas at the location that are used in the business operated at the location, including offices, kitchens, rest rooms and storerooms;

(b) All areas outside a building that the Commission has specifically licensed for the production, processing, wholesale sale or retail sale of marijuana items; and

(c) "Premises" or "licensed premises" does not include a primary residence.

(49) "Primary Residence" means real property inhabited for the majority of a calendar year by an owner, renter or tenant, including manufactured homes and vehicles used as domiciles.

(50) "Processes"

(a) "Processes" means the processing, compounding or conversion of marijuana into cannabinoid products, cannabinoid concentrates or cannabinoid extracts;

(b) "Processes" does not include packaging or labeling.

(51) "Process lot" means:

(a) Any amount of cannabinoid concentrate or extract of the same type and processed at the same time using the same extraction methods, standard operating procedures and batches from the same harvest lot; or

(b) Any amount of cannabinoid products of the same type and processed at the same time using the same ingredients, standard operating procedures and batches from the same harvest lot or process lots of cannabinoid concentrate or extract.

(52) "Producer" means a marijuana producer licensed by the Commission.

(53) "Produces"

(a) "Produces" means the manufacture, planting, cultivation, growing or harvesting of marijuana.

(b) "Produces" does not include:

(A) The drying of marijuana by a marijuana processor, if the marijuana processor is not otherwise producing marijuana; or

(B) The cultivation and growing of an immature marijuana plant by a marijuana processor, marijuana wholesaler or marijuana retailer if the marijuana processor, marijuana wholesaler or marijuana retailer purchased or otherwise received the plant from a licensed marijuana producer.

(54) "Propagate" means to grow immature marijuana plants or to breed or produce the seeds of the plant Cannabis family Cannabaceae.

(55) "Public place" means a place to which the general public has access and includes, but is not limited to, hallways, lobbies and other parts of apartment houses and hotels not constituting rooms or apartments designed for actual residence, and highways, streets, schools, places of amusement, parks, playgrounds and areas used in connection with public passenger transportation.

(56) "Regulatory specialist" means a full-time employee of the Commission who is authorized to act as an agent of the Commission in conducting inspections or investigations, making arrests and seizures, aiding in prosecutions for offenses, issuing citations for violations and otherwise enforcing chapter 471, ORS 474.005 to 474.095, 474.115, 475B.010 to 475B.395, 475B.550 to 475B.590 and 475B.600 to 475B.655, Commission rules and any other statutes the Commission considers related to regulating liquor or marijuana.

(57) "Registry identification cardholder" or "patient" has the meaning given that term in ORS 475B.410. (58) "Retailer" means a marijuana retailer licensed by the Commission.

(59) "Safe" means:

(a) A metal receptacle with a locking mechanism capable of storing all marijuana items on a licensed premises that:

(A) Is rendered immobile by being securely anchored to a permanent structure of an enclosed area; or

(B) Weighs more than 750 pounds.

(b) A "vault"; or

(c) A refrigerator or freezer capable of being locked for storing marijuana items that require cold storage that:

(A) Is rendered immobile by being securely anchored to a permanent structure of an enclosed area; or

(B) Weighs more than 750 pounds.

(60) "Sampling laboratory" means a laboratory that only has an ORELAP accredited scope item for sampling under ORS 438.605 to 438.620 and is not accredited to perform cannabis testing.

(61) "Security plan" means a plan as described in OAR 845-025-1030(4)(f) that fully describes how an applicant will comply with applicable laws and rules regarding security.

(62) "Shipping Container" means any container or wrapping used solely for the transport of a marijuana items in bulk to a marijuana licensee as permitted in these rules.

(63) "These rules" means OAR 845-025-1000 to 845-025-8590.

(64) "UID" means unique identification.

(65)(a) "Usable Marijuana" means the dried leaves and flowers of marijuana.

(b) "Usable marijuana" does not include:

(A) The seeds, stalks and roots of marijuana; or

(B) Waste material that is a by-product of producing or processing marijuana.

(66) "Vault" means an enclosed area or room that is constructed of steel-reinforced or block concrete and has a door that contains a multiple-position combination lock or the equivalent, a relocking device or equivalent, and a steel plate with a thickness of at least one-half inch.

(67) "Wholesaler" means a marijuana wholesaler licensed by the Commission.

845-025-1030
Application Process

(1) A person may submit an application to the Commission, on a form prescribed by the Commission, for a marijuana producer, processor, wholesaler, retail, or laboratory license.

(2) An application for a license and all documentation required in the application instructions and in section (4) of this rule must be submitted in a manner specified by the Commission. The application fee specified in OAR 845-025-1060 must also be paid in a manner specified by the Commission.

(3) An application must include the names and other required information for all individuals who are applicants as described in OAR 845-025-1045 and who are not applicants but who have a "financial interest" in the business, as defined in OAR 845-025-1015.

(4) Any individual or legal entity with a financial interest who holds or controls an interest of ten percent or greater in the business proposed to be licensed must be identified as an applicant and must submit the documents described in (5)(a)(A) and (B) of this rule.

(5) Applicants must submit the following:

(a) For all individual applicants, all general partners in a limited partnership, limited partners whose investment commitment is ten percent or more of the total investment commitment, all members in a limited liability company or partnership whose investment commitment or membership interest is ten percent or greater, all directors who own or control three percent or more of the voting stock, principal officers of corporate applicants, and all natural person stockholders owning or controlling ten percent or more of the voting stock of corporate entity

(A) Information or fingerprints for a criminal background check in accordance with OAR 845-025-1080;

(B) Any forms required by the Commission and any information identified in the form that is required to be submitted; and

(b) A map or sketch of the premises proposed for licensure, including the defined boundaries of the premises and the location of any primary residence located on the same lot or parcel as the licensed premises;

(c) A scaled floor or plot plan sketch of all enclosed areas with clear identification of walls, partitions, counters, windows, all areas of ingress and egress, and all limited access areas;

(d) Proof of right to occupy the premises proposed for licensure;

(e) An operating plan that demonstrates at a minimum, how the applicant's proposed premises and business will comply with the applicable laws and rules regarding:

(A) Security;

(B) Employee qualifications and training;

(C) Transportation of product;

(D) Preventing minors from entering the licensed premises; and

(E) Preventing minors from obtaining or attempting to obtain marijuana items.

(f) For producers:

(A) The proposed canopy size and tier as described in OAR 845-025-2040 and a designation of the canopy area within the license premises.

(B) A report describing the applicant's electricity and water usage, on a form prescribed by the Commission.

(i) For initial licensure and renewal, the report must describe the estimated electricity and water usage taking into account all portions of the premises and expected requirements of the operation for the next twelve months.

(ii) In addition to requirements of section (4)(f)(B)(i), for renewal, the report must describe the actual electricity and water usage for the previous year taking into account all portions of the premises.

(C) A description of the growing operation including growing media, a description of equipment to be used in the production, and whether production will be indoor, outdoor or both.

(D) Proof of a legal source of water as evidenced by:

(i) A copy of a water right permit, certificate, or other water use authorization from the Oregon Water Resources Department;

(ii) A statement that water is supplied from a public or private water provider, along with the name and contact information of the water provider; or

(iii) Proof from the Oregon Water Resources Department that the water to be used for production is from a source that does not require a water right.

(g) For processors:

(A) On a form prescribed by the Commission, the proposed endorsements as described in OAR 845-025-3210.

(B) A description of the type of products to be processed, a description of equipment to be used, including any solvents, gases, chemicals or other compounds used to create extracts or concentrates.

(5) In addition to submitting the application form and the items described in (4) of this rule the Commission may require the following to be submitted:

(a) For an individual identified as a person with a financial interest, who holds or controls an interest of less than ten percent in the business proposed to be licensed:

(A) Information or fingerprints for a criminal background check in accordance with OAR 845-025-1080;

(B) Any forms required by the Commission and any information identified in the form that is required to be submitted;

(b) For a legal entity that is identified as having a financial interest of less than ten percent of the business proposed to be licensed:

(A) Information or fingerprints for any individual within the legal entity for a criminal background check in accordance with OAR 845-025-1080;

(B) Any forms required by the Commission and any information identified in the form that is required to be submitted; and

(c) Any additional information if there is a reason to believe that the information is needed to determine the merits of the license application.

(6) The Commission must review an application to determine if it is complete. An application will be considered incomplete if an application form is not complete, the full application fee has not been paid, or some or all of the additional information required under sections (4) and (5) of this rule is not submitted.

(7) An applicant may submit a written request for reconsideration of a decision that an application is incomplete. Such a request must be received by the Commission within ten days of the date the incomplete notice was mailed to the applicant. The Commission shall give the applicants the opportunity to be heard if an application is rejected. A hearing under this subsection is not subject to the requirements for contested case proceedings under ORS 183.310 to 183.550.

(8) If, prior to an application being acted upon by the Commission, there is a change with regard to who is an applicant or who is a person with a financial interest in the proposed business, the new applicant or person with a financial interest must submit a form, prescribed by the Commission, that:

(a) Identifies the individual or person;

(b) Describes the individual's or person's financial interest in the business proposed for licensure; and

(c) Includes any additional information required by the Commission, including but not limited to information and fingerprints required for a criminal background check.

(9) Failure to comply with subsection (6) of this rule may result in an application being denied.

845-025-1045
Qualifications of an Applicant

(1) True name on application. An application for a license must specify the real and true names of all individuals and legal entities that have an ownership interest in the business proposed to be licensed by identifying all such persons and legal entities as applicants.

(2) License privileges. License privileges are available only to the applicants identified in the application and their authorized representatives and only for the premises designated on the license.

(3) Ownership interest. The Commission may refuse to issue a license if the applicant is not the owner of the business proposed to be licensed or an undisclosed ownership interest exists. For purposes of this rule, an "ownership interest" is indicated by the following behaviors, benefits or obligations:

(a) Any person or legal entity, other than an employee acting under the direction of the owner, that exercises control over, or is entitled to exercise control over, the business;

(b) Any person or legal entity, other than an employee acting under the direction of the owner, that incurs, or is entitled to incur, debt or similar obligations on behalf of the business;

(c) Any person or legal entity, other than an employee acting under the direction of the owner, that enters into, or is entitled to enter into, a contract or similar obligations on behalf of the business; or

(d) Any person or legal entity identified as the lessee of the premises proposed to be licensed.

845-025-1060
Fees

(1) At the time of initial license or certificate application an applicant must pay a $250 non-refundable application fee.

(2) If the Commission approves an application and grants an annual license, the following fees must be paid, prorated for an initial license that is issued for six months or less:

(a) Producers:

(A) Micro Tier I $1,000.

(B) Micro Tier II $2,000.

(C) Tier I $3,750.

(D) Tier II $5,750.

(b) Processors: $4,750.

(c) Wholesalers: $4,750.

(d) Micro Wholesalers: $1,000.

(e) Retailers: $4,750.

(f) Laboratories: $4,750.

(g) Sampling Laboratory: $2,250.

(3) If the Commission approves an application and grants a research certificate, the fee is $4,750 for a three-year term.

(4) At the time of license or certificate application renewal, an applicant must pay a $250 non-refundable application fee.

(5) If the Commission approves a renewal application the renewal license or certificate fees must be paid in the amounts specified in subsections (2) and (3) of this rule.

(6) If the Commission approves an initial or renewal application and grants a marijuana worker permit, the individual must pay a $100 permit fee.

(7) The Commission shall charge the following fees:

(a) Criminal background checks: $50 per individual listed on a license application (if the background check is not part of an initial or renewal application)

(b) Change of ownership review: $1000 per license.

(c) Change in business structure review: $1000 per license.

(d) Transfer of location of premises review: $1000 per license.

(e) Packaging preapproval: $100.

(f) Labeling preapproval: $100.

(g) Change to previously approved package or label: $25.

845-025-1090
Application Review

(1) Once the Commission has determined that an application is complete it must review the application to determine compliance with ORS Chapter 475B and these rules.

(2) The Commission:

(a) Must, prior to acting on an application, receive a land use compatibility statement from the city or county that authorizes land use in the city or county in which the applicant's proposed premises is located.

(b) May, in its discretion, prior to acting on an application:

(A) Contact any applicant or individual with a financial interest and request additional documentation or information; and

(B) Verify any information submitted by the applicant.

(3) The requirements of section (2)(a) of this rule do not apply to applicants for a producer license if the applicant demonstrates in a form and manner specified by the Commission that:

(a) The applicant is applying for a license at an address where a marijuana grow site registered under ORS 475B.420 is located;

(b) The address is outside of city limits;

(c) At least one person responsible for a marijuana grow site located at the address first registered with the Authority under ORS 475B.420 before January 1, 2015;

(d) Each person responsible for a marijuana grow site located at the address first registered with the Authority under ORS 475B.420 before February 1, 2016; and

(e) The applicant is applying for a mature marijuana plant grow canopy of:

(A) 5,000 square feet or less, if the marijuana is produced outdoors; or

(B) 1,250 square feet or less, if the marijuana is produced indoors.

(4) The Commission must inspect the proposed premises prior to issuing a license.

(5) If during an inspection the Commission determines the applicant is not in compliance with these rules, the applicant will be provided with a notice of the failed inspection and the requirements that have not been met.

(a) An applicant that fails an inspection will have 15 calendar days from the date the notice was sent to submit a written response that demonstrates the deficiencies have been corrected.

(b) An applicant may request in writing one extension of the 15-day time limit in subsection (a) of this section, not to exceed 30 days.

(6) If an applicant does not submit a timely plan of correction or if the plan of correction does not correct the deficiencies in a manner that would bring the applicant into compliance, the Commission may deny the application.

(7) If the plan of correction appears, on its face, to correct the deficiencies, the Commission will schedule another inspection.

(8) If an applicant fails a second inspection, the Commission may deny the application unless the applicant shows good cause for the Commission to perform additional inspections.

Stat. Auth.: ORS 475B.025
Stats. Implemented: ORS 475B.045, 475B.285, 475B.063 & 2016 OL Ch. 23, Sec. 2

845-025-1115
Denial of Application

(1) The Commission must deny an initial or renewal application if:

(a) An applicant is under the age of 21.(b) The applicant's land use compatibility statement shows that the proposed land use is prohibited in the applicable zone, if a land use compatibility statement is required.

(c) The proposed licensed premises is located:

(A) On federal property.

(B) On reservation or tribal trust land of a federally recognized Indian tribe unless that tribe has entered into an agreement with the State of Oregon which allows licensing of recreational marijuana businesses.

(d) The proposed licensed premises of a producer is located on the same lot or parcel, as those terms are defined in ORS 92.010, as a site registered with Oregon Department of Agriculture for the production of industrial hemp, unless the applicant submits and the Commission approves a control plan describing how the registered site will be separated from the premises proposed to be licensed and how the applicant will prevent transfer of industrial hemp to the licensed premises.

(e) The proposed licensed premises of a processor who has applied for an endorsement to process extracts is located in an area that is zoned exclusively for residential use.

(f) The proposed licensed premises of a retail applicant is located:

(A) Except as provided in Oregon Laws 2016, chapter 83, section 29b, within 1,000 feet of:

(i) A public elementary or secondary school for which attendance is compulsory under ORS 339.020; or

(ii) A private or parochial elementary or secondary school, teaching children as described in ORS 339.030.

(B) In an area that is zoned exclusively for residential use.

(g) The proposed licensed premises of a wholesaler applicant is in an area zoned exclusively for residential use.

(h) A city or county has prohibited the license type for which the applicant is applying, in accordance with ORS 475B.800.

(2) The Commission may deny an initial or renewal application, unless the applicant shows good cause to overcome the denial criteria, if it has reasonable cause to believe that:

(a) The applicant:

(A) Is in the habit of using alcoholic beverages, habit-forming drugs, marijuana, or controlled substances to excess.

(B) Has made false statements to the Commission.

(C) Is incompetent or physically unable to carry on the management of the establishment proposed to be licensed.

(D) Is not of good repute and moral character.

(E) Does not have a good record of compliance with ORS 475B.010 to 475B.395, or these rules, prior to or after licensure including but not limited to:

(i) The giving away of marijuana items as a prize, premium or consideration for a lottery, contest, game of chance or skill, or competition of any kind, in violation of ORS 475B.275;

(ii) Providing marijuana items to an individual without checking that the individual is 21 or older;

(iii) Unlicensed transfer of marijuana items for financial consideration; or

(iv) Violations of local ordinances adopted under ORS 475B.340, pending or adjudicated by the local government that adopted the ordinance.

(F) Is not possessed of or has not demonstrated financial responsibility sufficient to adequately meet the requirements of the business proposed to be licensed.

(G) Is unable to understand the laws of this state relating to marijuana or these rules, including but not limited to ORS 475.300 to 475.346 and ORS 475B.550 to 475B.590. Inability to understand laws and rules of this state related to marijuana may be demonstrated by violations documented by the Oregon Health Authority.

(b) Any individual listed on the application has been convicted of violating a general or local law of this state or another state, or of violating a federal law, if the conviction is substantially related to the fitness and ability of the applicant to lawfully carry out activities under the license, except as specified in ORS 475B.045(3).

(c) Any applicant is not the legitimate owner of the business proposed to be licensed, or other persons have an ownership interest in the business have not been disclosed to the Commission.

(d) The business proposed to be licensed is located at the same physical location or address as a premises licensed under ORS Chapter 471 or as a retail liquor agent appointed by the Commission.

(e) The proposed licensed premises of a producer applicant is on the same lot or parcel, as those terms are defined in ORS 92.010, as another producer licensee under common ownership.

(f) The proposed licensed premises of a producer applicant is on the same lot or parcel, as those terms are defined in ORS 92.010, as another producer licensee under diverse ownership if the Commission reasonably believes that the presence of multiple producers on the same lot or parcel creates a compliance risk or other risk to public health and safety.

(3) The Commission may refuse to issue a license to any license applicant or refuse to renew the license of any licensee when conditions exist in relation to any person having a financial interest in the business or in the place of business which would constitute grounds for refusing to issue a license or for revocation or suspension of a license if such person were the license applicant or licensee.

(4) The Commission may deny any initial or renewal application and may revoke any license if medical marijuana items are produced, processed, stored, sold or transported, to or from the same address or location of licensed business or business proposed to be licensed.

(a) The Commission will not deny an initial application under this subsection if:

(A) The applicant surrenders any registration issued by the Authority for the address or location of the business proposed to be licensed;

(B) If applicable, the applicant notifies all other growers registered by the Authority at the location or address proposed to be licensed, in a form and manner prescribed by the Commission, that the grower is no longer permitted to produce medical marijuana at the address or location proposed to be licensed and must surrender his or her registration at that address or location; and

(C) All medical marijuana activity at the location or address proposed to be licensed ceases prior to being issued an OLCC license.

(5) If the Commission denies an application because an applicant submitted false or misleading information to the Commission, the Commission may prohibit the applicant from re-applying for five years.

(6) A notice of denial must be issued in accordance with ORS 183.

Producer Privileges; Prohibitions

(1) A producer may:

(a) Plant, cultivate, grow, harvest and dry marijuana in the manner approved by the Commission and consistent with ORS 475B and these rules;

(b) Engage in indoor or outdoor production of marijuana, or a combination of the two;

(c) Sell or transport:

(A) Usable marijuana to the licensed premises of a marijuana processor, wholesaler, retailer, laboratory, non-profit dispensary, or research certificate holder;

(B) Whole, non-living marijuana plants that have been entirely removed from any growing medium to the licensed premises of a marijuana processor, wholesaler, non-profit dispensary or research certificate holder;

(C) Immature marijuana plants and seeds to the licensed premises of a marijuana producer, wholesaler, retailer or research certificate holder;

(D) Marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(d) Purchase and receive:

(A) Immature marijuana plants and seeds from a producer, wholesaler, or research certificate holder; and

(B) Marijuana waste from a producer, processor, wholesaler, retailer, laboratory, or research certificate holder.

(C) Usable marijuana produced by the licensee that has been stored by a wholesaler on the producer's behalf.

(e) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(2) A producer may not sell, deliver, purchase, or receive any marijuana item other than as provided in section (1) of this rule.

(3) No industrial hemp may be present on a producer's licensed premises. Violation of this section is a Category I violation.

845-025-2060

Start-up Inventory

(1) Marijuana producers may not receive immature marijuana plants or seeds from any source other than from another licensee, except:

(a) Between January 1, 2016 and December 31, 2017 a marijuana producer may receive immature marijuana plants and seeds from any source within Oregon for up to 90 days following initial licensure by the Commission.

(b) Pursuant to the transfer of medical marijuana inventory under OAR 845-025-2100.

(2) The marijuana producer shall, through CTS, report receipt of the number of immature marijuana plants or seeds received under this section within 24 hours of the plants or seeds arriving at the licensed premises. A producer does not have to document the source of the immature plants or seeds during the 90 day start-up period.

(3) The requirements in section (2) of this rule do not apply during the first ten calendar days of licensure so long as the licensee has ordered UID tags and the UID tags are in transit to the licensee.

(4) Failure to comply with this rule is a Category I violation and could result in license revocation.

845-025-2100
Transfer of Medical Marijuana Grower Inventory

(1) An individual applicant listed on an application for a producer license under ORS 475B.070 that is also a PRMG may submit a transfer request to the Commission, on a form prescribed by the Commission, to transition a medical marijuana grow site from being registered with the Authority to being licensed by the Commission. The request must include, at a minimum, the following information:

(a) The names, contact information, and Authority issued registry identification number for each PRMG currently registered at the grow site address that is the proposed premises to be licensed;

(b) The number of patients each PRMG is producing marijuana for at the grow site address that is the proposed premises to be licensed.

(c) Copies of all personal agreements entered into under ORS 475B.425 that specify whether a patient has authorized the transfer of marijuana plants or usable marijuana to the Commission license and if so, how much may be transferred.

(d) An authorization that permits the Authority to disclose to the Commission the PRMG's registration information.

(2) Upon receipt of a request under section (1) of this rule the Commission must verify with the Authority:

(a) The registration status of each PRMG identified in the transfer request;

(b) The number of PRMGs registered at the grow site address that is the proposed premises to be licensed; and

(c) The number of patients each PRMG is producing marijuana for at that grow site address.

(3) The Commission will deny a transfer request if an applicant has not complied with this rule or if a license is denied under OAR 845-025-1115.

(4) If the information in the transfer request is verified by the Authority and the Commission approves a license application under ORS 475B.070, the Commission must notify the applicant of the number of seeds, marijuana plants and usable marijuana permitted to be transferred. Information regarding the seeds, marijuana plants and usable marijuana transferred must be recorded in CTS within ten calendar days of licensure.

(a) The number of marijuana plants and amount of usable marijuana that is permitted to be transferred will be based on the number of patients whose registration status has been verified by the Authority in accordance with section (2) of this rule and who have authorized the transfer of marijuana items to the Commission license.

(b) There is no limit on seeds or immature plants that may be transferred to the Commission license, subject to subsection (a) of this section.

(c) No more than six mature plants per patient may be transferred to the Commission license, subject to subsection (a) of this section.

(c) No more than 24 ounces of usable marijuana per patient may be transferred to the Commission license, subject to subsection (a) of this section.

(d) Any seeds, marijuana plants or usable marijuana that exceed the amount permitted by the Commission to be transferred must be removed from the premises by the applicant prior to the initial date of licensure and lawfully transferred or disposed of.

(5) The licensee must notify the Commission once the marijuana plants and usable marijuana are entered into CTS and the Commission may inspect the premises to verify the information the licensee entered into CTS.

(6) Once the transfer of inventory under this section is complete the Commission must notify the Authority that the grow site address is now a licensed premises and that the licensed premises may not be registered as a grow site address under ORS 475B.420.

(7) The Commission may deny a transfer request if it cannot verify the information in the request or if the applicant submits incomplete information to the Commission.

(8) Any usable marijuana transferred from a medical marijuana grow site to the licensed premises under this rule must be tested, labeled and packaged, in accordance with OAR 845-025-7000 to 845-025-7060 and 845-025-5700 as applicable, before transferring the usable marijuana to another licensee.

845-025-2800
Retailer Privileges; Prohibitions

(1) A retailer is the only licensee that is authorized to sell a marijuana item to a consumer.

(2) A retailer may:

(a) Between the hours of 7:00 AM and 10:00 PM local time, sell marijuana items from the licensed premises to a consumer 21 years of age or older;

(b) Sell and deliver:

(A) Marijuana items to a consumer 21 years of age or older pursuant to a bona fide order as described in OAR 845-025-2880.

(B) Marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(C) Return marijuana items to a producer, processor or wholesaler who transferred the item to the retailer.

(c) Purchase and receive:

(A) Usable marijuana, immature marijuana plants, and seeds from a producer or research certificate holder;

(B) Cannabinoid concentrates, extracts, and products from a processor with an endorsement to manufacture the type of product received or a research certificate holder;

(C) Any marijuana item from a wholesaler;

(D) Any marijuana item from a laboratory; and

(d) Refuse to sell marijuana items to a consumer; and

(e) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(3) A retailer may not:

(a) Sell more than the following amounts to a consumer at any one time or within one day:

(A) One ounce of usable marijuana;

(B) 16 ounces of a cannabinoid product in solid form;

(C) 72 ounces of a cannabinoid product in liquid form;

(D) Five grams of cannabinoid extracts or concentrates, whether sold alone or contained in an inhalant delivery system;

(E) Four immature marijuana plants; and

(F) Ten marijuana seeds.

(b) Provide free marijuana items to a consumer.

(c) Sell or give away pressurized containers of butane or other materials that could be used in the home production of marijuana extracts.

(d) Discount a marijuana item if the retail sale of the marijuana is made in conjunction with the retail sale of any other items, including other marijuana items.

(e) Sell a marijuana item at a nominal price for promotional purposes.

(f) Permit consumers to be present on the licensed premises or sell to a consumer between the hours of 10:00 p.m. and 7:00 a.m. local time the following day.

(g) Sell any product derived from industrial hemp, as that is defined in ORS 571.300, that is intended for human consumption, ingestion, or inhalation, unless it has been tested, labeled and packaged in accordance with the applicable sections of these rules.

(h) Permit a licensed representative to handle an unpackaged marijuana item without the use of protective gloves, tools or instruments that prevent the marijuana item from coming into contact with the license representative's skin.

(i) Sell, transfer, deliver, purchase, or receive any marijuana item other than as provided in section (2) of this rule.

845-025-2840
Retailer Premises

(1) The licensed premises of a retailer:

(a) May not be located in an area that is zoned exclusively for residential use.

(b) Except as provided in Oregon Laws 2016, chapter 83, section 29b, may not be located within 1,000 feet of:

(A) A public elementary or secondary school for which attendance is compulsory under ORS 339.020; or

(B) A private or parochial elementary or secondary school, teaching children as described in ORS 339.030.

(c) Must be enclosed on all sides by permanent walls and doors.

(2) A retailer must post in a prominent place signs at every:

(a) Point of sale that read:

(A) "No Minors Permitted Anywhere on the Premises"; and

(B) "No On-Site Consumption".

(b) Exit from the licensed premises that reads: "Marijuana or Marijuana Infused Products May Not Be Consumed In Public".

(3) A retailer must designate a consumer sales area on the licensed premises where consumers are permitted. The area shall include the portion of the premises where marijuana items are displayed for sale to the consumer and sold and may include other contiguous areas such as a lobby or a restroom. The consumer sales area is the sole area of the licensed premises where consumers are permitted.

(4) All inventory must be stored on the licensed premises.

(5) For purposes of determining the distance between a retailer and a school referenced in subsection (1)(b) of this rule, "within 1,000 feet" means a straight line measurement in a radius extending for 1,000 feet or less in any direction from the closest point anywhere on the boundary line of the real property comprising a school to the closest point of the licensed premises of a retailer. If any portion of the licensed premises is within 1,000 feet of a school as described subsection (1)(b) of this rule an applicant will not be licensed.

Retail Sale of Marijuana for Medical Purposes

(1) In order to sell marijuana items for medical purposes a marijuana retailer licensed under ORS 475B.110 must register in a form and manner specified by the commission.

(2) A marijuana retailer licensed under ORS 475B.110 who has registered with the commission to sell marijuana items for medical purposes, may:

(a) Sell marijuana items tax free to registry identification cardholders and designated primary caregivers.

(b) Sell medical grade cannabinoid product, cannabinoid concentrate or extract to registry identification cardholders and designated primary caregivers.

(c) May sell or provide usable marijuana and medical grade cannabinoid products, concentrates and extracts to registry identification cardholders and designated primary caregivers free of charge or at a discounted price.

(d) Notwithstanding the requirements of OAR 845-025-1230, 845-025-2800, 845-025-2820 and 845-025-8520, may permit registry identification cardholders 18 years of age and older to be present on the licensed premises and purchase marijuana items.

(3) A marijuana retailer who has registered with the commission to sell marijuana items for medical purposes must:

(a) Store and display medical grade cannabinoid products, concentrates and extracts in a manner that separates medical grade items from other marijuana items.

(b) Comply with the requirements of OAR 333-007-0100 to 333-007-0100 for labeling medical grade products.

(c) Verify the individual who is purchasing a marijuana item for medical purposes is currently registered with the Authority by viewing the individual's government issued photo identification and Authority issued registry identification card or designated primary care giver card, or a receipt issued by the Authority under OAR 333-008-0023 or 333-008-0040 and making sure the identities match and that the card is current or the receipt has not expired, prior to the sale or transfer of a marijuana item as described in section (2) of this rule.

(d) Use CTS to record the receipt or card number of every registry identification cardholder and designated primary care giver who receives marijuana items as described in section (2) of this rule together with the date of the sale or transfer and amount sold or transferred.

(4) Violation of this rule is a category III violation.

845-025-2910
Transfer of Medical Marijuana Dispensary Inventory

(1) For purposes of this rule:

(a) "Medical marijuana dispensary" means a medical marijuana dispensary registered under ORS 475B.450.

(b) "Person responsible for the medical marijuana dispensary" or "PRD" has the meaning given that term in OAR 333-008-1010.

(c) "Primary PRD" has the meaning given that term in OAR 333-008-1010.

(2) An applicant for a retail license under ORS 475B.110 that is also an owner of a medical marijuana dispensary may submit a transfer request to the Commission, on a form prescribed by the Commission, to transition from being registered with the Authority to being licensed by the Commission. The request must include, at a minimum, the following information:

(a) The name of the marijuana dispensary, dispensary address, and Authority issued registration number for the medical marijuana dispensary;

(b) The name and contact information of the owner of the medical marijuana dispensary;

(c) The names and contact information for each PRD;

(d) Identification of the primary PRD.

(e) An authorization that permits the Authority to disclose to the Commission any information necessary to verify the information submitted in the request.

(f) The amount and type of marijuana items proposed to be transferred.

(3) Upon receiving a request under section (2) of this rule the Commission must verify with the Authority:

(a) The registration status of the medical marijuana dispensary; and

(b) The ownership of the dispensary and the identification of each PRD and the primary PRD;

(4) A transfer request will be denied if an applicant has not complied with this rule or if a license is denied under OAR 845-025-1115.

(5) The Commission may inspect the marijuana items proposed for transfer to determine if they:

(a) Have been packaged, labeled and tested in accordance with OAR 845-025-7000 to 845-025-7060 and 845-025-5700; and

(b) Meet the applicable concentration limits in OAR 333-007-0210 or 333-007-0220.

(6) If the information in the transfer request is verified by the Authority and the Commission approves a license application under ORS 475B.090, the Commission must notify the applicant of the amount and type of marijuana items permitted to be transferred.

(a) The Commission will deny the request to transfer any marijuana item that:

(A) Was not identified in the request to transfer;

(B) Was not in the dispensary's inventory at the time of the request to transfer; and

(C) Does not comply with the applicable packaging, labeling and testing rules in OAR 845-025-7000 to 845-025-7060 and 845-025-5700.

(b) The Commission may not permit the transfer of a cannabinoid concentrate, extract or product that exceeds the concentration limits established for retail adult use under OAR 333-007-0210 unless the licensee has been registered to sell medical grade cannabinoid concentrates, extracts or products.

(c) Any marijuana items that have not been approved for transfer must be lawfully disposed of and removed from the premises prior to the initial date of licensure.

(7) Information regarding the seeds, immature plants, usable marijuana, cannabinoid concentrates, extracts or products transferred must be recorded in CTS within ten calendar days of licensure.

(8) The licensee must notify the Commission once the seeds, immature plants, usable marijuana, cannabinoid concentrates, extracts or products are entered into CTS and the Commission may inspect the premises to verify the information the licensee entered into CTS.

(9) Once the transfer of inventory under this section is complete the Commission must notify the Authority that the medical marijuana dispensary is now a licensed premises and that the licensed premises may not be registered as a medical marijuana dispensary address under ORS 475B.450.

(10) The Commission may deny a transfer request if it cannot verify the information in the request or the applicant submitted incomplete information to the Commission.

Processor Privileges; Prohibitions

(1) A processor may:

(a) Transfer, sell or transport:

(A) Cannabinoid concentrates, extracts, and products for which the processor has an endorsement to a processor, wholesaler, retailer, non-profit dispensary, or research certificate holder; and

(B) Marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(b) Purchase and receive:

(A) Whole, non-living marijuana plants that have been entirely removed from any growing medium from a producer, wholesaler, or research certificate holder;

(B) Usable marijuana from a producer, wholesaler, or research certificate holder;

(C) Cannabinoid concentrates, extracts and products from a processor with an endorsement to manufacture the type of product received, or research certificate holder;

(D) Marijuana waste from a producer, processor, wholesaler, retailer, laboratory, or research certificate holder; and

(E) Cannabinoid concentrates, extracts, and products produced by the licensee that have been held in bailment by a wholesaler.

(c) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(2) A processor may not transfer, sell transport, purchase, or receive any marijuana item other than as provided in section (1) of this rule.

Stat. Auth.: ORS 475B.025 & 475B.090, 2016 OL Ch. 23, Sec. 24 & 2016 OL Ch. 24, Sec. 12 & 65

Processing Marijuana for Medical Purposes

(1) In order to process marijuana items for medical purposes a marijuana processor licensed under ORS 475B.090 must register with the commission in a form and manner specified by the commission.

(2) A marijuana processor licensed under ORS 475B.090 who has registered with the commission to process marijuana items for medical purposes:

(a) May:

(A) Process medical grade cannabinoid products, concentrates or extracts; and

(B) Sell medical grade cannabinoid products, concentrates or extracts to wholesalers, processors and retailers who have registered to sell or process marijuana for medical purposes.

(b) Must comply with the requirements of OAR 333-007-0100 to 333-007-0100 for labeling medical grade products.

845-025-3310
Transfer of Medical Marijuana Processing Site Inventory

(1) For purposes of this rule:

(a) "Marijuana processing site" means a marijuana processing site registered under ORS 475B.435.

(b) "Person responsible for the marijuana processing site" or "PRP" has the meaning given that term in OAR 333-008-0160.

(c) "Primary PRP" has the meaning given that term in OAR 333-008-0160.

(2) An applicant for a processor license under ORS 475B.090 that is also an owner of a marijuana processing site may submit a transfer request to the Commission, on a form prescribed by the Commission, to transition from being registered with the Authority to being licensed by the Commission. The request must include, at a minimum, the following information:

(a) The name of the marijuana processing site, address, and Authority issued registration number for the marijuana processing site;

(b) The name and contact information of the owner of the marijuana processing site;

(c) The names and contact information for each PRP;

(d) Identification of the primary PRP.

(e) The endorsements of the marijuana processing site.

(f) An authorization that permits the Authority to disclose to the Commission any information necessary to verify the information submitted in the request.

(g) The amount and types of marijuana items proposed to be transferred.

(3) Upon receiving a request under section (2) of this rule the Commission must verify with the Authority:

(a) The registration status of the marijuana processing site; and

(b) The ownership of the processing site and the identification of each PRP and the primary PRP;

(4) A transfer request will be denied if an applicant has not complied with this rule or if a license is denied under OAR 845-025-1115.

(5) If the information in the transfer request is verified by the Authority and the Commission approves a license application under ORS 475B.090, the Commission must notify the applicant of the amount and type of marijuana items permitted to be transferred.

(a) The Commission may not permit the transfer of a marijuana cannabinoid product, concentrate or extract packaged for ultimate sale to the consumer that exceeds the concentration limits established for retail adult use under OAR 333-007-0210 unless the licensee has been registered to process medical grade cannabinoid concentrates, extracts or products.

(b) Prior to licensure the marijuana processing site must return any marijuana item that is the lawful property of a patient.

(c) Any marijuana items that have not been approved by the Commission for transfer or returned to a patient as described in section (5)(b) of this rule must be removed from the premises by the applicant prior to the initial date of licensure and lawfully transferred or disposed of.

(6) Information regarding the usable marijuana, cannabinoid concentrates, extracts or products transferred must be recorded in CTS within ten calendar days of licensure.

(7) The licensee must notify the Commission once the usable marijuana, cannabinoid concentrates, extracts or products are entered into CTS and the Commission may inspect the premises to verify the information the licensee entered into CTS.

(8) Once the transfer of inventory under this section is complete the Commission must notify the Authority that the marijuana processing site is now a licensed premises and that the licensed premises may not be registered as a marijuana processing site address under ORS 475B.435.

(9) The Commission may deny a transfer request if:

(a) It cannot verify the information in the request or the applicant submitted incomplete information to the Commission; or

(b) The processor has not been granted an endorsement for the type of marijuana item requested for transfer.

(10) Any usable marijuana, cannabinoid concentrates, extracts or products transferred from a medical marijuana processing site to the licensed premises under this rule must be:

(a) Tested in accordance with OAR 845-025-5700 before being used or transferred; and

(b) Labeled and packaged in accordance with OAR 845-025-7000 to 845-025-7060 before being transferred to another licensee.

Wholesale License Privileges; Prohibitions

(1) A wholesale licensee may:

(a) Sell, including sale by auction, transfer and transport:

(A) Any type of marijuana item to a retailer, wholesaler, non-profit dispensary or research certificate holder;

(B) Immature marijuana plants and seeds to a producer;

(C) Usable marijuana to a producer license that the wholesale license has stored on the producer's behalf;

(D) Usable marijuana, cannabinoid extracts and concentrates to a processor licensee; and

(E) Marijuana waste to a producer or processor or research certificate holder.

(b) Purchase or receive:

(A) Any type of marijuana item from a wholesaler.

(B) Cannabinoid concentrates, extracts, and products from a processor with an endorsement to manufacture the type of product received;

(C) Seeds, immature plants or usable marijuana from a producer;

(D) Whole, non-living marijuana plants that have been entirely removed from any growing medium from a producer; and

(E) Marijuana waste from a producer, processor, wholesaler, retailer, laboratory, or research certificate holder.

(c) Transport and store marijuana items on behalf of other licensees, pursuant to the requirements of OAR 845-025-7500 to OAR 845-025-7590.

(d) Allow a laboratory licensee to obtain samples for purposes of performing testing as provided in these rules and OAR 333-007-0300 to 333-007-0490.

(2) A wholesale licensee may not sell, deliver, purchase, or receive any marijuana item other than as provided in section (1) of this rule.

(3) For purposes of this rule, "marijuana item" does not include a mature marijuana plant.

Laboratory License Privileges; Requirements

(1) A licensed marijuana testing laboratory may:

(a) Obtain samples of marijuana items from licensees or registrants for the purpose of testing as provided in these rules and OAR 333-007-0300 to 333-007-0490 if the laboratory has an accredited scope item for sampling;

(b) Transport and dispose of samples as provided in these rules;

(c) Perform testing on marijuana items in a manner consistent with the laboratory's accreditation by the Authority, these rules, OAR 333-007-0300 to 333-007-0490, and OAR 333, division 64; and

(d) Transfer the laboratory's marijuana waste to a producer, processor, wholesaler, or research certificate holder.

(2) A licensed marijuana testing laboratory must, upon request of the Oregon Department of Agriculture, provide a test result and any other information or sample material to the Department.

(3) Notwithstanding the requirements of OAR 845-025-1230, a laboratory license may permit a registrant 18 years of age or older to be present on the licensed premises for the purpose of delivering a marijuana item for sampling and testing.

(4) Nothing in these rules prohibits a laboratory licensee from testing industrial hemp or industrial hemp commodities and products in accordance with Oregon Laws 2016, chapter 71, section 9.

845-025-5300

Application for Marijuana Research Certificate

(1) The Commission shall issue Marijuana Research Certificates to qualifying public and private researchers who present research proposals that demonstrate:

(a) The proposed research would benefit the state's cannabis industry, medical research or public health and safety; and

(b) The proposed operation and methodology complies with all applicable laws and administrative rules governing marijuana licensees and licensee representatives.

(2) The process for applying for, receiving and renewing a certificate shall be the same as the process for applying for, receiving and renewing a marijuana license under OAR 845-025-1030 to 845-025-1115 except that an applicant for a Marijuana Research Certificate is not subject to the residency requirements in 845-025-1045(2)(b).

(3) In addition to the application requirements in OAR-025-1030 the applicant must also provide:

(a) A clear description of the research proposal;

(b) A description of the researchers' expertise in the scientific substance and methods of the proposed research;

(c) An explanation of the scientific merit of the research plan, including a clear statement of the overall benefit of the applicant's proposed research to Oregon's cannabis industry, medical research, or to public health and safety;

(d) Descriptions of key personnel, including clinicians, scientists, or epidemiologists and support personnel who would be involved in the research, demonstrating they are adequately trained to conduct this research;

(e) A clear statement of the applicant's access to funding and the estimated cost of the proposed research;

(f) A disclosure of any specific conflicts of interest that the researcher or other key personnel have regarding the research proposal;

(g) A description of the research methods demonstrating an unbiased approach to the proposed research;

(h) A description of the quantities of marijuana items, if any, that are proposed be transferred to licensees; and

(i) If the applicant intends to research the use of pesticides, an experimental use permit issued by Oregon Department of Agriculture pursuant to OAR 603-057-0160.

(4) Research certificates will be granted for up to a three-year term.

(5) The Commission may request that the research certificate holder submit information and fingerprints required for a criminal background check at any time within the research certificate term.

(6) A certificate holder may, in writing, request that the Commission waive one or more of these rules. The request must include the following information:

(a) The specific rule and subsection of a rule that is requested to be waived;

(b) The reason for the waiver;

(c) A description of an alternative safeguard the licensee can put in place in lieu of the requirement that is the subject of the waiver, or why such a safeguard is not necessary; and

(d) An explanation of how and why the alternative safeguard or waiver of the rule protects public health and safety, prevents diversion of marijuana, and provides for accountability.

(7) The Commission may, in its discretion, and on a case-by-case basis, grant the waiver in whole or in part if it finds:

(a) The reason the certificate holder is requesting the waiver is because another state or local law prohibits compliance; or

(b) The certificate holder cannot comply with the particular rule, for reasons beyond the certificate holder's control or compliance with the rule is cost prohibitive; or

(c) Because of the nature of the research, the Commissions finds that compliance with a particular rule is not necessary and that even with the waiver public health and safety can be protected, there is no increased opportunity for diversion of marijuana, and the certificate holder remains accountable.

(8) The Commission must notify the certificate holder in writing whether the request has been approved. If the request is approved the notice must specifically describe any alternate safeguards that are required and, if the waiver is time limited, must state the time period the waiver is in effect.

(9) The Commission may withdraw approval of the waiver at any time upon a finding that the previously approved waiver is not protecting public health and safety or the research certificate holder has other issues with compliance. If the Commission withdraws its approval of the waiver

the certificate holder will be given a reasonable period of time to come into compliance with the requirement that was waived.

Marijuana Research Certificate Privileges and Prohibitions

(1) A certificate holder may receive marijuana items from a licensee or a registrant under ORS 475B.400 to 475B.525.

(2) A certificate holder:

(a) May not:

(A) Sell or otherwise transfer marijuana items to any other person except when disposing of waste pursuant to OAR 845-025-7750, transferring to another certificate holder or transferring to another licensee.

(B) Transfer more to another licensee than is permitted in the Commission's order granting the research certificate.

(b) Must comply with the testing rules in OAR 333-007-0300 to 333-007-0490 applicable to a producer or processor prior to transferring marijuana items to a licensee.

(3) A certificate holder may not conduct any human subject research related to marijuana unless the certificate holder has received approval from an institutional review board that has adopted the Common Rule, 45 CFR Part 46.

(4) All administrative rules adopted by Commission for the purpose of administering and enforcing ORS Chapter; and any rules adopted thereunder with respect to licensees and licensee representatives apply to certificate holders except for those which are inconsistent with this rule.

Marijuana Worker Permit and Retailer Requirements

(1) A marijuana worker permit is required for any individual who performs work for or on behalf of a marijuana retailer, producer, processor or wholesaler if the individual participates in:

(a) The possession, securing or selling of marijuana items at the premises for which the license has been issued;

(b) The recording of the possession, securing or selling of marijuana items at the premises for which the license has been issued;

(c) The verification of any document described in ORS 475B.170; or

(d) The direct supervision of a person described in subsections (a) to (c) of this section.

(2) An individual who is required by section (1) of this rule to hold a marijuana worker permit must carry that permit on his or her person at all times when performing work on behalf of a marijuana retailer.

(3) A person who holds a marijuana worker permit must notify the Commission in writing within 10 days of any conviction for a misdemeanor or felony.

(4) A marijuana retailer must verify that an individual has a valid marijuana worker permit issued in accordance with OAR 845-025-5500 to 845-025-5590 before allowing the individual to perform any work at the licensed premises.

845-025-5540
Marijuana Worker Permit Denial Criteria

(1) The Commission must deny an initial or renewal application if the applicant:

(a) Is not 21 years of age or older;

(b) Has had a marijuana license or worker permit revoked for violation of ORS 475B.010 to 475B.395 or any rule adopted under ORS 475B.010 to 475B.395 within two years of the date of the application;

(2) The Commission may deny an initial or renewal application, unless the applicant shows good cause to overcome the denial criteria, if the applicant:

(a) Has been convicted of a felony for possession, manufacture or delivery of a controlled substance within three years of the date the Commission received the application, except for convictions for the manufacture or delivery of marijuana if the date of the conviction is two or more years prior to the date of the application or renewal;

(b) Has been convicted of a felony for a crime involving violence within three years of the date the Commission received the application;

(c) Has been convicted of a felony for a crime of dishonesty or deception, including but not limited to theft, fraud, or forgery, within three years of the date the Commission received the application.

(d) Has been convicted of an offense under ORS 475.856, 475.858, 475.860 or 475.862 within three years of the date the Commission received the application.

(e) Has more than one conviction for any of the crimes listed in subsections (2)(a) to (d) of this rule within five years of the date the Commission received the application.

(f) Has violated any provision of ORS 475B.010 to 475B.395 or any rule adopted under ORS 475B.010 to 475B.395;

(g) Makes a false statement to the Commission.

(3) If the Commission denies an application under subsection (2)(f) to (g) of this rule the individual will not be eligible for a permit for two years from the date the Commission received the application.

(4) A Notice of Denial must be issued by the Commission in accordance with ORS Chapter 183.

Oregon Medical Board
Chapter 847

Rule Caption: Prescribers of Controlled Substances
Adm. Order No.: OMB 8-2016
Filed with Sec. of State: 7-8-2016
Certified to be Effective: 7-8-16
Notice Publication Date: 5-1-2016
Rules Amended: 847-015-0005, 847-015-0010, 847-015-0030
Subject: The rule amendment replaces "physician" with "licensee" or "health care professional" to reflect that the rules apply to all Oregon Medical Board licensees who are authorized to prescribe controlled substances. Therefore, the rules apply to physicians (medical, osteopathic, and podiatric physicians) and physician assistants.
Rules Coordinator: Nicole Krishnaswami—(971) 673-2667

847-015-0005
Scheduled II Controlled Substance — Bariatrics Practice

(1) A licensee shall not utilize a Schedule II controlled substance for purposes of weight reduction or control.

(2) A violation of any provision of this rule, as determined by the Board, shall constitute Unprofessional Conduct as the term is used in ORS 677.188(4)(a), (b), or (c), whether or not actual injury to a patient is established.

Stat. Auth.: ORS 677.265
Stats. Implemented: ORS 677.188 & 677.190
Hist.: ME 1-1987, f. & ef. 1-20-87; ME 1-1995, f. & cert. ef. 2-1-95; OMB 8-2016, f. & cert. ef. 7-8-16

847-015-0010
Schedule III or IV Controlled Substances — Bariatrics Practice

(1) A licensee shall not utilize a Schedule III or IV controlled substance for purposes of weight reduction, other than in accordance with federal Food and Drug Administration (FDA) product guidelines in effect at the time of utilization and with all the provisions of this rule.

(2) A licensee may utilize a Schedule III or IV controlled substance for purposes of weight reduction in the treatment of Exogenous Obesity in a regimen of weight reduction based on caloric restriction, behavior modification and prescribed exercise, provided that all of the following conditions are met:

(a) Before initiating treatment utilizing a Schedule III or IV controlled substance, the licensee thoroughly reviews the licensee's own records of prior treatment, or thoroughly reviews the records of prior treatment which another treating health care professional or weight-loss program has provided to the licensee, that one of the following conditions exist:

(A) Patient's body mass index exceeds 30 Kg/M sq; or

(B) Patient's body mass index exceeds 27 Kg/M sq and the excess weight represents a threat to the patient's health (as with hypertension, diabetes, or hypercholesterolemia.)

(b) Before initiating treatment utilizing a Schedule III or IV controlled substance, the licensee obtains a thorough history, performs a thorough physical examination of the patient, and rules out the existence of any rec-

ognized contraindications to the use of the controlled substance to be utilized.

(3) Continuation of Schedule III or IV designated as FDA short term use controlled substances beyond three (3) months requires documentation of an average two (2) pound per month weight loss during active weight reduction treatment, or documentation of maintenance of goal weight. Use of Schedule III or IV controlled substances with FDA approval for bariatric therapy and designated for long term use where FDA guidelines are followed may also be used beyond three months.

(4) A violation of any provision of this rule, as determined by the Board, shall constitute Unprofessional Conduct as the term is used in ORS 677.188(4)(a), (b), or (c), whether or not actual injury to a patient is established.

847-015-0030
Written Notice Disclosing the Material Risks Associated with Prescribed or Administered Controlled Substances for the Treatment of "Intractable Pain"

(1) Definitions

(a) "Controlled substance" has the meaning given that term under ORS 475.005.

(b) "Intractable pain" means a chronic pain state in which the cause of the pain cannot be removed or otherwise treated and for which, in the generally accepted course of medical practice, no relief or cure of the cause of the pain has been found after reasonable efforts, including, but not limited to, evaluation by the treating health care professional.

(2) Controlled substances may be prescribed for long term treatment of intractable pain. The records must contain the health care professional's examination, diagnosis and any other supporting diagnostic evaluations and other therapeutic trials, including records from previous health care professionals. If there is a consulting health care professional, written documentation of his/her corroborating findings, diagnosis and recommendations shall be included in the record.

(3) Before initiating treatment of intractable pain with controlled substances or, when it is apparent that pain which is already being treated with controlled substances has now become intractable, the health care professional shall discuss with the patient the procedures, alternatives and risks associated with the prescribing or administering controlled substances for long term management of pain. Following the discussion, the patient will be given an opportunity to request further explanations. When the patient is satisfied with the explanation of the issues related to the prescribing of these drugs over long periods of time, the health care professional shall provide to the person and the person shall sign a written document outlining the issues discussed associated with the prescribed or administered controlled substances.

(4) The material risk notice should include but not be limited to:

(a) The diagnosis;

(b) The controlled substance and/or group of controlled substances to be used;

(c) Anticipated therapeutic results;

(A) Pain relief;

(B) Functional goals;

(d) Alternatives to controlled substance therapy;

(e) Potential additional therapies to be used in conjunction with controlled substances; and

(f) Potential side effects (if applicable):

(A) Cardiovascular;

(B) Central Nervous System;

(C) Gastrointestinal;

(D) Endocrine;

(E) Respiratory;

(F) Dermatologic;

(G) Urinary;

(H) Pregnancy, and

(I) Other.

(g) Allergy Potential;

(h) Interaction/Potentiation of other medications;

(i) Potential for dose escalation/tolerance;

(j) Withdrawal precautions;

(k) Potential for dependence and addiction;

(l) Potential for impairment of judgment and/or motor skills;

(m) Satisfaction with or desire for more explanation; and

(n) Patient signature (dated).

(5) The material risk consent form will be maintained as a permanent component of the patient record as shall documentation of long term follow-up to demonstrate the continued need for this form of therapy. A dispensing record of the amount and dose of the prescribed or administered controlled substances shall be maintained as part of the patient record.

Rule Caption: Supervising Physician Organizations
Adm. Order No.: OMB 9-2016
Filed with Sec. of State: 7-8-2016
Certified to be Effective: 9-1-16
Notice Publication Date: 5-1-2016
Rules Adopted: 847-050-0036
Rules Amended: 847-050-0010, 847-050-0027, 847-050-0037, 847-050-0040
Subject: The new OAR 847-050-0036 is a collective rule for all requirements for establishing and maintaining a supervising physician organization. The rule amendments (1) remove substantive provisions regarding agents, supervising physician organizations and supervision from the definitions rule; (2) add a definition for primary supervising physician; (3) clarify that a supervising physician must be able to be available for synchronous communication with the physician assistant; (4) require each supervising physician who is a member of a supervising physician organization to be approved by the Board as a supervising physician; (5) remove the requirement for the primary supervising physician of a supervising physician organization to attest that all member supervising physicians have reviewed the statutes and rules on PAs because all member physicians will have done this through the supervising physician application process; (6) require the Board to reduce the supervising physician application fee for physicians who volunteer in free or non-profit clinics; (7) clarify that the rules on supervision apply equally to supervising physician organizations, not just individual supervising physician-physician assistant teams; (8) require practice settings rather than locations to be listed in the practice agreement; (9) allow the supervising physicians within a supervising physician organization to collectively provide the 8 hours of on-site supervision and chart review; (10) outline statutory requirements for appropriate delegation of medical services to a physician assistant; and (11) provide the statutory language that requires the supervising physician or supervising physician organization to ensure competent practice of the physician assistant. The rule amendments also contain general grammar and housekeeping updates.
Rules Coordinator: Nicole Krishnaswami—(971) 673-2667

847-050-0010
Definitions

As used in OAR 847-050-0005 to 847-050-0065:

(1) "Agent" means a physician designated in writing by the supervising physician who provides direction and regular review of the medical services of the physician assistant when the supervising physician is unavailable for short periods of time, such as but not limited to when the supervising physician is on vacation.

(2) "Board" means the Oregon Medical Board for the State of Oregon.

(3) "Grandfathered physician assistant" means the physician assistant registered prior to July 12, 1984, who does not possess the qualifications of OAR 847-050-0020. Grandfathered physician assistants may retain all practice privileges which have been granted prior to July 12, 1984.

(4) "Physician assistant" means a person who is licensed as such in accordance with ORS 677.265 and 677.495 through 677.535.

(5) "Practice agreement" means a written agreement between a physician assistant and a supervising physician or supervising physician organization that describes the manner in which the services of the physician assistant will be used.

(6) "Practice description" means a written description of the duties and functions of the physician assistant in relation to the physician's prac-

tice, submitted by the supervising physician and the physician assistant to the Board and approved prior to January 1, 2012.

(7) "Primary supervising physician" means a supervising physician within a supervising physician organization who is designated to provide the administrative direction for the supervising physician organization.

(8) "Supervising physician organization" means a group of supervising physicians who collectively supervises a physician assistant.

(9) "Supervising physician" means a physician licensed under ORS Chapter 677, actively registered and in good standing with the Board as a Medical Doctor or Doctor of Osteopathic Medicine, and approved by the Board as a supervising physician, who provides direction and regular review of the medical services provided by the physician assistant.

(10) "Supervision" means the routine review by the supervising physician or designated agent, as described in the practice agreement or Board-approved practice description of the medical services provided by the physician assistant. There are three categories of supervision:

(a) "General Supervision" means the supervising physician or designated agent is not on-site with the physician assistant, but must be available for direct communication, either in person, by telephone, or other synchronous electronic means.

(b) "Direct Supervision" means the supervising physician or designated agent must be in the facility when the physician assistant is practicing.

(c) "Personal Supervision" means the supervising physician or designated agent must be at the side of the physician assistant at all times, personally directing the action of the physician assistant.

847-050-0027
Approval of Supervising Physician

(1) Prior to using the services of a physician assistant under a practice agreement, a supervising physician, including the primary supervising physician and each supervising physician within a supervising physician organization, must be approved as a supervising physician by the Board.

(2) Physicians applying to be a supervising physician must:

(a) Submit a supervising physician application and application fee; and

(b) Take an online course and pass an open-book exam on the supervising physician requirements and responsibilities given by the Board. A passing score on the exam is 75%. If the supervising physician applicant fails the exam three times, the physician's application will be reviewed by the Board. A supervising physician applicant who has failed the exam three times must also attend an informal meeting with a Board member, a Board investigator and/or the Medical Director of the Board to discuss the applicant's failure of the exam, before being given a fourth and final attempt to pass the examination. If the applicant does not pass the exam on the fourth attempt, the physician's application may be denied.

(3) The Board will reduce the supervising physician application fee for physicians volunteering in free clinics or non-profit organizations.

(4) The physician may be subject to Board investigation prior to approval or may be limited or denied approval as a supervising physician for the following:

(a) There are restrictions upon or actions against the physician's license; or

(b) Fraud or misrepresentation in applying to use the services of a physician assistant.

(5) The Board may defer taking action upon a request for approval as a supervising physician pending the outcome of the investigation of the physician for violations of ORS 677.010–990.

(6) Failure to apply and be approved as a supervising physician by the Board prior to using the services of a physician assistant under a practice agreement is a violation of ORS 677.510 and is grounds for a $195 fine. The licensee may be subject to further disciplinary action by the Board.

847-050-0036
Supervising Physician Organization

(1) A supervising physician organization must designate one physician within the supervising physician organization to also serve as the primary supervising physician of the supervising physician organization.

(2) Each supervising physician in a supervising physician organization, including the primary supervising physician, must be approved by the Board as a supervising physician.

(3) The supervising physician organization must provide the Board with a letter containing:

(a) The name of the supervising physician organization;

(b) The address and phone number for the supervising physician organization;

(c) The name of the primary supervising physician; and

(d) The names of the supervising physicians in the supervising physician organization.

(4) The supervising physician organization must notify the Board in writing within 10 days of any change in the name, address, phone number, or supervising physicians in the supervising physician organization.

(5) A supervising physician organization may include any number of supervising physicians.

(6) A supervising physician organization may supervise any number of physician assistants.

(7) A physician assistant who is supervised by a supervising physician organization may be supervised by any of the supervising physicians in the supervising physician organization.

(8) The Board may request a meeting with a supervising physician organization and a physician assistant to discuss a practice agreement.

Stat. Auth.: ORS 677.265, 677.510
Stats. Implemented: ORS 677.495, 677.510, 677.515
Hist.: OMB 9-2016, f. 7-8-16, cert. ef. 9-1-16

847-050-0037
Supervision

(1) A physician may not use the services of a physician assistant without first obtaining Board approval as a supervising physician.

(2) The supervising physician, agent, or in the case of a supervising physician organization, the primary supervising physician and the supervising physician who is providing supervision for the physician assistant, are personally responsible for the direction, supervision and regular review of the medical services provided by the physician assistant, in keeping with the practice agreement or Board-approved practice description.

(3) The type of supervision and maintenance of supervision provided for each physician assistant must be described in the practice agreement or Board-approved practice description.

(4) The supervising physician, agent or, in the case of a supervising physician organization, the supervising physician who is providing supervision for the physician assistant must be available for direct communication with the physician assistant at all times in person, by telephone, or through other synchronous electronic means, whether the supervising physician and physician assistant practice in the same practice location or a practice location separate from each other.

(5)(a) Each setting and licensed facility in which the physician assistant will provide services must be listed in the practice agreement or Board-approved practice description.

(b) Additional, intermittent practice settings such as schools, sporting events, health fairs and long term care facilities, are not required to be listed in the practice agreement or Board-approved practice description if the duties are the same as those listed in the practice agreement or Board-approved practice description. The medical records for the patients seen at these additional practice settings must be held either at the supervising physician's primary practice setting or the additional practice settings. The supervision of the physician assistant must be the same as that described in the practice agreement or Board-approved practice description.

(6) The supervising physician, agent or the supervising physicians in the supervising physician organization must:

(a) Provide a minimum of eight (8) hours of on-site supervision every month, or as approved by the Board; and

(b) Provide chart review of a number or a percentage of the patients the physician assistant has seen as stated in the practice agreement or Board-approved practice description.

(7) The supervising physician may limit the degree of independent judgment that the physician assistant uses but may not extend it beyond the limits of the practice agreement or Board-approved practice description.

847-050-0040
Method of Performance

(1) The physician assistant may perform at the direction of the supervising physician, agent or, in the case of a supervising physician organization, the primary supervising physician or the supervising physician who is providing supervision for the physician assistant only those medical services as included in the practice agreement or Board-approved practice description.

(2) A medical service may be delegated to and performed by a physician assistant if:

(a) The services are provided under the appropriate supervision of a supervising physician;

(b) The services are within the scope of practice and the competency of the supervising physician;

(c) The services are within the scope of practice and the competency of the physician assistant;

(d) The services are generally described in and in compliance with the practice agreement or Board-approved practice description; and

(e) The physician assistant has obtained informed consent as provided in ORS 677.097, if informed consent is required.

(3) The supervising physician shall ensure that the physician assistant is competent to perform all duties delegated to the physician assistant. The supervising physician or supervising physician organization and the physician assistant are responsible for ensuring the competent practice of the physician assistant.

(4) The physician assistant or student must be clearly identified as such when performing duties. The physician assistant must at all times when on duty wear a name tag with the designation of "physician assistant" or "PA" thereon and clearly identify himself or herself as a "physician assistant" or "PA" in oral communications with patients and other professionals.

(5) The supervising physician must furnish reports, as required by the Board, on the performance of the physician assistant or student.

(6) The practice agreement must be submitted to the Board within ten days after the physician assistant begins practice with the supervising physician or supervising physician organization.

(7) The supervising physician must notify the Board of any changes to the practice agreement within ten days of the effective date of the change.

(8) Supervising physicians must update the practice agreement biennially during the supervising physician's license renewal process.

(9) A supervising physician and physician assistant who have a Board-approved practice description that was approved prior to January 1, 2012 and who wish to make changes to the practice description must enter into a practice agreement in accordance with ORS 677.510(6)(a).

(10) Failure to comply with any section of this rule is a violation of ORS 677.510 and is grounds for a $195 fine imposed on the non-compliant licensee. The licensee may be subject to further disciplinary action by the Board.

Oregon Racing Commission
Chapter 462

Rule Caption: Prohibits using Clenbuterol in horses competing in Quarter Horse races at all tracks in Oregon.

Adm. Order No.: RC 4-2016
Filed with Sec. of State: 6-17-2016
Certified to be Effective: 6-17-16
Notice Publication Date: 5-1-2016
Rules Amended: 462-160-0130
Subject: Amends current rule to prohibit the use of Clenbuterol in American Quarter Horses at all race tracks in Oregon. Also prohibits the use of Clenbuterol in any breed of horse racing in a Quarter Horse race.
Rules Coordinator: Karen Parkman—(971) 673-0208

462-160-0130
Medications and Prohibited Substances

(1) No horse may be administered any substance, other than foods, by any route or method less than 24 hours before the original post time for the race in which the horse is entered except furosemide (by the manner described in these rules) unless approved by a commission veterinarian:

(a) Any licensee of the commission, including veterinarians, found to be responsible for the improper or intentional administration of any drug resulting in a positive test may, after proper notice and hearing, be subject to the same penalties set forth for the licensed trainer;

(b) The licensed trainer is responsible for notifying the licensed owner, veterinarian or any other licensed party involved in a positive laboratory finding of any hearings and any resulting action. In addition their presence may be required at any and all hearings relative to the case;

(c) Any veterinarian found to be involved in the administration of any drug with an RCI Classification of 1, 2, or 3, involved in a prohibited practice as outlined in OAR 462-160-0120, or involved in an ORS 462 violation shall be referred to the State Licensing Board of Veterinary Medicine for consideration of further disciplinary action and/or license revocation. This is in addition to any penalties issued by the stewards or the commission;

(d) Any person who the stewards or the commission believe may have committed acts in violation of criminal statutes may be referred to the appropriate law enforcement agency. Administrative action taken by the stewards or the commission does not prohibit a prosecution for criminal acts committed, nor does a potential criminal prosecution stall administrative action by the stewards or the commission;

(e) A licensed trainer shall not benefit financially during the period for which the individual has been suspended. This includes, but is not limited to, ensuring that horses are not transferred to licensed family members.

(2) Medication Restrictions:

(a) A finding by the commission approved laboratory of a prohibited drug, chemical or other substance in a test specimen of a horse is prima facie evidence that the prohibited drug, chemical or other substance was administered to the horse and, in the case of a race day test, was present in the horse's body on race day. Prohibited substances include:

(A) Drugs or medications for which no acceptable threshold concentration has been established;

(B) Therapeutic medications in excess of established threshold concentrations;

(C) Substances present in the horse in excess of concentrations at which such substances could occur naturally; and

(D) Substances foreign to a horse at concentrations that cause interference with testing procedures.

(b) Except as otherwise provided by this chapter, a person may not administer or cause to be administered by any means to a horse a prohibited drug, medication, chemical or other substance, including any restricted medication pursuant to this chapter less than 24-hours before post time for the race in which the horse is entered.

(3) Medical Labeling:

(a) No person on association grounds where horses are lodged or kept, excluding licensed veterinarians, shall have in or upon association grounds which that person occupies or has the right to occupy, or in that person's personal property or effects or vehicle in that person's care, custody or control, a drug, medication, chemical, foreign substance or other substance that is prohibited in a horse on a race day unless the product is labeled in accordance with this subsection;

(b) Any drug or medication which is used or kept on association grounds and which, by federal or state law, requires a prescription must have been validly prescribed by a duly licensed veterinarian, and in compliance with the applicable state statutes. All such allowable medications must have a prescription label which is securely attached and clearly ascribed to show the following:

(A) The name of the product;

(B) The name, address and telephone number of the veterinarian prescribing or dispensing the product;

(C) The name of each patient (horse) for whom the product is intended/prescribed;

(D) The dose, dosage, duration of treatment and expiration date of the prescribed/dispensed product; and

(E) The name of the person (trainer) to whom the product was dispensed.

(4) Non-Steroidal Anti-Inflammatory Drugs (NSAIDs):

(a) The use of one of three approved NSAIDs shall be permitted under the following conditions:

(A) The approved NSAIDs shall be authorized medication at race meets at which the average daily gross mutuel wagering during the preceding year exceeded $150,000. If a race meet with average daily gross mutuel wagering during the preceding year of $150,000 or less desires NSAIDs be authorized medications at their race meet they may petition the commission to approve the use of permitted NSAIDs at their race meet. The commission may approve the use of permitted NSAIDs at such race meet, if in the opinion of the commission the race meet can provide for the necessary qualified staffing, security and for the additional laboratory analysis costs and any other controls necessary to administer the program adequately. Horses on any permitted NSAID will be designated on the overnight and the daily racing program;

(B) No horse utilizing a permitted NSAID may be entered into a race unless the presence of the specific NSAID is stated on the entry form at the time of entry. Errors may be corrected up until scratch time. If no scratch time is used, the stewards may designate a time until which errors may be corrected;

(C) Not to exceed the following permitted serum or plasma threshold concentrations which are consistent with administration by a single intravenous injection not less than 24-hours before the post time for the race in which the horse is entered:

(i) Phenylbutazone (or its metabolite oxyphenylbutazone) — 5 micrograms per milliliter;

(ii) Flunixin — 50 nanograms per milliliter;

(iii) Ketoprofen — 10 nanograms per milliliter.

(D) These or any other NSAID are prohibited to be administered within the 24-hours before the original post time for the race in which the horse is entered;

(E) The presence of more than one of the three approved NSAIDs in serum or plasma is not permitted in a race day sample; however, the presence of two approved NSAIDs in a race day sample is allowed if one of them is phenylbutazone with a serum or plasma concentration less than one microgram per milliliter (mcg/ml).

(F) The presence of any unapproved NSAID in serum, plasma or urine sample is not permitted in a race day sample.

(b) Any horse to which an NSAID has been administered shall be subject to having a blood and/or urine sample(s) taken at the direction of a commission veterinarian to determine the quantitative NSAID level(s) and/or the presence of other drugs which may be present in the blood or urine sample(s);

(c) When listed to race on a permitted NSAID, the approved laboratory must be able to detect the presence of a permitted NSAID in serum, plasma or urine by the routine methods of detection;

(d) If a permitted NSAID is detected in the urine or in any other specimen taken from a horse not stated to have permitted medication in its system on the entry form and/or program, the violation will result in a penalty to the horse's trainer and may result in loss of purse;

(e) If the same horse has three (3) overages of any permitted NSAID during a 365 day period a commission veterinarian may rule the horse off all NSAIDs for a period of one year (365 days);

(f) The decision of whether to scratch a horse which has been entered incorrectly or is incorrectly treated shall be left to the discretion of a commission veterinarian.

(5) Furosemide:

(a) The commission may approve the use of furosemide at any race meet if, in the opinion of the commission, the race meet can provide the necessary qualified staffing, security and for the additional laboratory analysis costs and any other controls necessary to administer a furosemide program;

(b) Furosemide may be administered intravenously to a horse, which is entered to compete in a race. Except under the instructions of a commission veterinarian or the racing veterinarian for the purpose of removing a horse from the Veterinarian's List or to facilitate the collection of a post-race urine sample, furosemide shall be permitted only if the following process is followed:

(A) After the horse's licensed trainer and licensed veterinarian determine that it would be in the horse's best interests to race with furosemide, the horse may be so entered.

(B) The horse may discontinue from racing on furosemide at the licensed trainer's choice at the time of entry.

(C) Furosemide shall only be administered on association grounds;

(D) Upon the request of the regulatory agency designee, the veterinarian administering the authorized bleeder medication shall surrender the syringe used to administer such medication which may then be submitted for testing.

(c) Horses to run with furosemide must be so noted on the entry form at the time of entry. Errors may be corrected up until scratch time. If no scratch time is used, the stewards may designate a time until which errors may be corrected:

(A) Horses entered to race with furosemide will be designated on the overnight and the daily racing program with a "Lasix®" or "L". If the race is the first race the horse is to run in on furosemide, it shall be designated in the daily racing program with a "1-L". If the race is the first race the horse runs without furosemide after running one or more races with furosemide, it shall be designated in the program by "O-L" or "L-X";

(B) When discovered prior to the race, errors in the listing of furosemide treatments in the program shall be announced to the public.

(d) The use of furosemide shall be permitted under the following circumstances:

(A) Furosemide shall be administered no more than five hours but not less than four hours prior to the original scheduled post time for the race for which the horse is entered;

(B) The furosemide dosage administered shall not exceed 500 mg. nor be less than 150 mg;

(C) Furosemide shall be administered by a single, intravenous injection;

(D) The veterinarian treating the horse shall cause to be delivered to a commission veterinarian or designated representative no later than one hour prior to post time for the race for which the horse is entered the following information under oath on a form approved by a commission veterinarian:

(i) The name of the horse, racetrack name, the date and time the furosemide was administered to the entered horse;

(ii) The dosage amount of furosemide administered to the entered horse; and

(iii) The printed name and signature of the attending licensed veterinarian who administered the furosemide;

(iv) Violations of this subsection (subsection (d)) shall result in a fine and scratch from the race the horse was entered to run. Violations may also result in a commission veterinarian ordering the loss of furosemide privileges.

(e) Test results must show a detectable concentration of the drug in the race day serum, plasma or urine sample. If furosemide is not detected in a race day sample, a penalty may be imposed upon the horse's trainer without loss of purse:

(A) Quantification of furosemide in serum or plasma shall be performed. Concentrations of furosemide in serum or plasma shall not exceed 100 nanograms of furosemide per milliliter of serum or plasma. When the concentration of furosemide exceeds 100 nanograms of furosemide per milliliter of serum or plasma, specific gravity of the corresponding urine sample shall be measured.

(B) The specific gravity of race day urine samples may be measured to ensure that samples are sufficiently concentrated for proper chemical analysis. The specific gravity shall not be below 1.010.

(f) Unauthorized use of furosemide shall result in a penalty to the horse's trainer;

(g) The decision of whether to scratch a horse which has been entered incorrectly or is incorrectly treated shall be left to the discretion of a commission veterinarian;

(h) A commission veterinarian may rule a horse off furosemide if in his/her opinion it is in the horse's best interest, the interest of the citizens of the state or the best interest of horse racing.

(6) Bleeder List:

(a) The commission veterinarians shall maintain a Bleeder List of all horses, which have demonstrated external evidence of exercise induced pulmonary hemorrhage from one or both nostrils during or after a race or workout as observed by a commission veterinarian;

(b) Every confirmed bleeder, regardless of age, shall be placed on the Bleeder List and be ineligible to enter for the following time periods:

(A) First incident — 14 days;

(B) Second incident within 365 day period — 30 days;

(C) Third incident within 365 day period — 180 days;

(D) Fourth incident within 365-day period — barred for racing lifetime.

(c) For the purposes of counting the number of days a horse is ineligible to be entered for a race, the day the horse bled externally is the first day of the recovery period;

(d) The voluntary administration of furosemide without an external bleeding incident shall not subject the horse to the initial period of ineligibility as defined by this policy;

(e) A horse may be removed from the Bleeder List only upon the direction of a commission veterinarian;

(f) A horse which has been placed on a Bleeder List in another jurisdiction pursuant to these rules shall be placed on a Bleeder List in this jurisdiction.

(7) Anti-Ulcer Medications. The following anti-ulcer medications are permitted to be administered, at the stated dosage, up to 24 hours prior to the post time for a race in which the horse is entered:

(a) Cimetidine — 8-20 mg/kg by mouth two to three times a day; and

(b) Omeprazole — 2.2 grams by mouth once a day; and

(c) Ranitidine — 6.6 mg/kg by mouth three times a day.

(8) Environmental Contaminants and Substances of Human Use:

(a) The following substances can be environmental contaminants in that they are endogenous to the horse or that they can arise from plants traditionally grazed or harvested as equine feed or are present in equine feed because of contamination during the cultivation, processing, treatment, storage or transportation phases: Polyethylene glycol (PEG), PEG-like substances, Hordenine;

(b) Regulatory thresholds have been set for the following substances: Caffeine — 100 nanograms of caffeine per milliliter of serum or plasma;

(c) If the preponderance of evidence presented in the hearing shows that a positive test is the result of environmental contamination or inadvertent exposure due to human drug use it should be considered as a mitigating factor in any disciplinary action taken against the affected trainer.

(9) Dimethylsulfoxide (DMSO): The use of DMSO shall be permitted under the following conditions:

(a) It is only administered as an external topical application;

(b) A test sample shall not exceed 10 micrograms / ml. in serum of DMSO or its analogs.

(10) Androgenic-Anabolic Steroids (AAS)

(a) No AAS shall be permitted in test samples collected from racing horses except for residues of the major metabolite of stanozolol, nandrolone, and the naturally occurring substances boldenone and testosterone at concentrations equal to or less than the indicated thresholds.

(b) Concentrations of these AAS shall not exceed the following urine threshold concentrations in total (free drug; or metabolite and drug; or metabolite liberated from its conjugates):

(A) 16beta-hydroxystanozolol (metabolite of stanozolol (Winstrol)): 1 ng/ml for all horses regardless of sex.

(B) Boldenone (Equipoise® is the undecylenate ester of boldenone) in:

(i) Male horses other than geldings — 15 ng/ml.

(ii) No boldenone shall be permitted in geldings or female horses.

(C) Nandrolone (Durabolin® is the phenylpropionate ester and Deca-Durabolin® is the decanoate ester) in:

(i) Geldings — 1 ng/ml.

(ii) Fillies and mares — 1 ng/m.l

(iii) In male horses other than geldings — forty-five (45) ng/ml of nandrolone metabolite, 5a-oestrane-3ß17a-diol

(D) Testosterone in:

(i) Geldings — 20 ng/ml.

(ii) Fillies and mares — 55 ng/ml.

(iii) Male horses other than geldings — Testosterone will not be tested.

(c) All other AAS are prohibited in racing horses.

(d) Race day urine samples collected from intact males must be identified to the laboratory.

(e) Any horse to which an anabolic steroid has been administered in order to assist in the recovery from illness or injury may be placed on the veterinarian's list in order to monitor the concentration of the drug or metabolite in urine. After the urine concentration has fallen below the designated threshold for the administered AAS, the horse is eligible to be removed from the list.

(11) Clenbuterol:

(a) The use of Clenbuterol shall be permitted under the following conditions: A test sample shall not exceed 2 picograms/milliliter (ml) of Clenbuterol in the blood or serum.

(b) Notwithstanding (11)(a), the use of Clenbuterol, albuterol, zilpaterol, ractopamine or any analogues thereof in American Quarter Horse racing at recognized race tracks in Oregon is prohibited. All horses entering an official Quarter Horse race will be subject to testing by any biologic method including but not limited to hair, blood and urine.

Oregon State Lottery
Chapter 177

Rule Caption: Clarifies division of top prize when won by multiple tickets in single drawing; housekeeping edits
Adm. Order No.: LOTT 4-2016(Temp)
Filed with Sec. of State: 7-14-2016
Certified to be Effective: 8-9-16 thru 1-31-17
Notice Publication Date:
Rules Amended: 177-094-0080
Subject: The Oregon Lottery has initiated temporary and permanent rulemaking to amend the above referenced administrative rule to clarify the process when the Win for Life top prize is won by multiple ticket holders in a single drawing and the prize cannot be divided evenly among the winners. Other edits are housekeeping changes to amend cross references.
Rules Coordinator: Mark W. Hohlt—(503) 540-1417

177-094-0080
Prizes

(1) General: Prizes for a winning ticket are determined by matching each horizontal set in the ticket's game play with the winning numbers from the relevant drawing. [Table not included. See ED. NOTE.]

(2) Prize Percentage Payout: The number of prizes for the Win for Life^{SM} game is not predetermined by the Lottery. The overall prize percentage payout for the Win for Life^{SM} game is estimated at approximately 65% over time, but the actual prize payout may vary from day-to-day and year-to-year due to factors that include, but are not limited to, the numbers of players participating each day and the number of winning wagers.

(3) Disputes: In the event of a dispute over the value of a prize or whether a ticket contains winning numbers or is a winning ticket, the Director's determination is controlling.

(4) Multiple Prizes:

(a) Subject to the validation requirements in OAR 177-094-0060, for each drawing, a player may receive multiple prizes on each ticket for which a ticket containing a winning game play is eligible.

(b) Only the top-prize associated with each set of numbers within the Win for Life^{SM}, $50,000, $20,000, and $10,000 prize categories shall be paid.

(5) Claiming a Prize: Prize payments must be claimed, and shall be made, in accordance with the provisions of OAR 177-070-0025. Notwithstanding OAR 177-070-0025(2) and subject to section (7) of this rule, a person who claims a Win for Life^{SM} top prize of $1,000 a week for life must present the winning ticket and completed claim form in person, at Lottery Headquarters in Salem, Oregon.

(6) Payment of Prizes: Upon validation of a winning ticket, a prize resulting from that winning ticket shall be paid to the prize winner in one lump-sum except for the Win for Life^{SM} prize of $1,000 per week for life.

(7) Win for Life^{SM} Top Prize:

(a) General: The Win for Life^{SM} top prize is $1000 per week for life. Only one natural person may own a winning ticket for the Win for Life^{SM} top prize of $1,000 per week for life, and claim the Win for Life^{SM} top prize of $1,000 per week for life. Notwithstanding OAR 177-046-0110(6), a winning ticket of the Win for Life^{SM} top prize cannot be owned jointly and the top prize will only be paid to the owner of the winning ticket.

(b) Ownership: Only one natural person may sign a Win for Life^{SM} top prize of $1000 per week for life winning ticket. A winning ticket of a

Win for Life^{SM} top prize is owned by the natural person who first signs the ticket and cannot be claimed by multiple owners. In the event a single winning ticket is signed by more than one natural person, the natural persons who signed the ticket must identify the natural person who first signed the ticket on a form provided by the Lottery.

(A) No Relinquishment: Notwithstanding OAR 177-046-0110(6)(c), ownership of a winning ticket of a Win for Life^{SM} top prize of $1000 per week for life cannot be relinquished.

(B) Deceased Signatory: If the owner of a winning ticket of a Win for Life^{SM} top prize dies before the prize is claimed, the personal representative of the owner's estate as appointed by a court, may claim the prize on behalf of the owner's estate. The maximum prize is $260,000 as set forth in subsection (f) and will be paid by the Lottery to the owner's estate in one lump sum.

(c) Payment Options: The Win for Life^{SM} top prize is $1,000 per week for life and shall be paid, based upon a selection made by the prize winner, either as:

(A) Weekly: A prize payment of $1000 each week beginning on the date prize payment is initiated upon validation of the winning ticket and thereafter on the same day each week, or if such day falls on a non-business day, then the next business day; or

(B) Annually: A payment of $52,000 paid annually beginning on the date prize payment is initiated upon validation of the winning ticket and thereafter on the anniversary date of the first payment, or if such date falls on a non-business day, then the first business day following the anniversary date of the first payment.

(d) Payments to Cease upon Winner's Death: The Win for Life^{SM} top prize of $1,000 per week for life will be paid to the prize winner until such time as the prize winner dies at which time all further prize payments shall cease.

(e) Five-Year Guaranteed Payment: Notwithstanding subsection (d) of this section, if the prize winner dies within five years of the date of prize validation, the Lottery shall pay any remaining prize payments the prize winner would have received within the first five years after prize validation in one lump sum to the individual designated on a beneficiary designation form or to the prize winner's estate.

(f) Maximum Five-Year Guaranteed Payment: Notwithstanding subsections (d) and (e) of this section, for Win for Life^{SM} tickets purchased on or after December 1, 2010, if the prize winner dies within five years of the date of prize validation, the Lottery shall pay any remaining prize payment the prize winner would have received within the first five years after prize validation in one lump sum, up to a maximum of $260,000, to the individual designated on a beneficiary designation form or to the prize winner's estate.

(g) Election of Payment Schedule:

(A) Limitations of Election: At the time of the validation of a winning Win for Life^{SM} ticket for the top prize of $1000 per week for life, the prize winner of the top prize must elect either the weekly or annual prize payment schedule described in subsection (b) of this section. A prize winner who elects the annual payment schedule cannot subsequently convert to the weekly payment schedule. The election of the annual payment schedule is irrevocable. A prize winner who elected the weekly payment schedule may convert to the annual payment schedule at any time, and the Lottery will issue payment to the prize winner for the sum of the remaining weekly payments from that date to the next anniversary date. Subsequent annual payments will be made on the anniversary date.

(B) Election When Child Support Owed: Notwithstanding subsection (A) of this subsection and subsection (g) of this section, when a search of delinquent child support obligors performed pursuant to ORS 461.715 and OAR 177-010-0090 Child Support Validation Check results in a positive match with the prize winner and the Division of Child Support of the Department of Justice (DOJ) or its successor initiates garnishment proceedings, the prize winner of the Win for Life^{SM} top prize of $1,000 per week for life has no payment options from which to select and will be placed on the annual payment schedule as described in subsection (7)(c)(B) of this section. This placement on the annual payment schedule is irrevocable.

(C) Conversion to Annual Payment Schedule upon Garnishment from Department of Justice: Upon receipt of garnishment proceedings from DOJ directed to the Lottery for monies due or to become due to a prize winner receiving weekly payments under the Win for Life^{SM} top prize of $1000 per week for life, the Lottery will place that prize winner on the annual payment schedule as described in subsection (7)(c)(B) of this section. Conversion of the prize winner's payment schedule from weekly to annual under this section of the rule is irrevocable. The Lottery shall make payments to such a prize winner as follows:

(i) Payment Less Garnishment Amounts: Within a reasonable time after the disposition of the garnishment proceeding, the Lottery shall pay the prize winner the sum of the prize winner's weekly payments from the date the Lottery placed the prize winner's payments on hold to the prize winner's next anniversary date less any amounts withheld pursuant to the garnishment proceedings and applicable tax laws.

(ii) Subsequent Payments: The Lottery shall make any subsequent annual payments, less any amounts withheld pursuant to the garnishment proceedings and applicable tax laws, on the anniversary date of the validation of the prize or on the next business day following if the anniversary date is a Saturday, Sunday, holiday or furlough closure day.

(h) Limitation on Prize Amount for Multiple Top Prize Winning Tickets: Where there are more than three winning tickets in a single Win for Life^{SM} drawing, the maximum combined annual top prize payout for a single Win for Life^{SM} drawing is $156,000.

(A) More Than Three Winning Tickets: Notwithstanding the $1,000 per week amount referred to in this rule, if there are more than three winning tickets for a Win for Life^{SM} top prize of $1,000 per week for life in a single drawing, the annual top prize payment per winning ticket shall be limited to $156,000 divided by the number of winning tickets of the Win for Life^{SM} top prize in that drawing.

(B) Example: For example, if there are four Win for Life^{SM} top prize winning tickets in a single drawing, the annual top prize amount is calculated by dividing 4 into $156,000 which equals $39,000 as the annual prize payment amount per each winning ticket.

(C) Payment: Notwithstanding subsection (g) of this section, the prize winner will be paid on an annual prize payment schedule. This placement on the annual prize payment schedule is irrevocable.

(D) Effect of Subsequent Events: Subsequent events, including, but not limited to, the death of one of the prize winners, shall not alter the other prize winners' original pro rata share of the calculated prize amount.

(E) Division of Prize: If there are multiple winners of the Win for Life^{SM} top prize in a single drawing such that the prize cannot be divided equally among the winners to a whole cent, the prize payments may be rounded down so that the prize may be divided equally and paid to the nearest whole cent to each winner. Breakage from rounding the prize shall be treated as an unclaimed prize by the Lottery.

(F) Example: If there are seven Win for Life^{SM} top prize winning tickets in a single drawing, the annual top prize amount paid to each winner is calculated by dividing 7 into $156,000 which equals $22,285.714285…. The Lottery shall round that amount down to $22,285.71 which totals $155,999.97 paid to the seven winners. The breakage of three cents shall then be treated as an unclaimed prize.

(i) Initiation of Payment: Prize payment is initiated upon validation of a winning ticket.

(j) Electronic Fund Transfer: After the initial prize payment issued to a Win for Life^{SM} top prize winner, the Lottery shall pay both weekly and annualized Win for Life^{SM} prize installments via electronic funds transfer in the usual course of Lottery business.

(k) Annual Affidavit Required:

(A) General: Once each year and no earlier than thirty days prior to the anniversary of the original validation date, a prize winner of a Win for Life^{SM} top prize of $1,000 per week for life shall provide the Lottery with an affidavit on a form provided by the Lottery, signed by the prize winner, bearing the seal of a notary public, verifying the prize winner is living, containing the prize winner's current address, and a bank account number to which the prize shall be paid.

(B) Termination of Prize: If a prize winner of a Win for Life^{SM} prize of $1,000 per week for life does not provide the Lottery with the affidavit described in subsection (i)(A) of this section, then the Lottery shall not make further prize payments to the prize winner. If the failure of a prize winner to provide the affidavit continues to the next anniversary of the validation date, the remainder of the prize shall be terminated.

(C) Exception: Notwithstanding paragraph (B) of this subsection, when it is reasonable and prudent to do so based on the facts underlying a prize winner's failure to provide an annual affidavit, the Director may authorize prize payment even though an affidavit has not been provided or is not timely provided. No interest shall be paid by the Lottery on the value of the prize during the period a prize remained unclaimed.

(l) Death During a Payment Year: If a prize winner of a Win for Life^{SM} top prize of $1,000 per week for life dies after five years have elapsed from the date of validation and if a sequence of weekly prize payments are paid over the course of the year in which the prize winner dies or

if a single annual prize payment has been paid prospectively to the winning player for that year, the prize could be overpaid. It is the policy of the Lottery that the difference between the prize that should have been paid based on the date of the death of the prize winner relative to the anniversary date of validation of the prize and the prize amount that was actually paid during the year in which the prize winner died will not be subject to reimbursement by the Lottery. Any prize payment paid after the year in which the prize winner dies relative to the anniversary date of validation of the prize shall be subject to reimbursement to the Lottery.

(m) Non-Assignability: A Win for Life^{SM} top prize of $1,000 per week for life is based on the unknown duration of the life of the prize winner and is therefore a prize of unspecified value and uncertain periodicity. Consequently, a Win for Life^{SM} top prize of $1,000 per week for life is not a future periodic prize payment as described in ORS 461.253(1) and cannot be assigned, gifted, sold, or transferred in any manner from the winner to another person or entity except under the circumstances as described in subsection (d) of this rule.

Oregon State Marine Board
Chapter 250

Rule Caption: Amend Steering and Sailing Rules to be compliant with Federal Regulations
Adm. Order No.: OSMB 7-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 250-011-0050, 250-011-0060
Rules Repealed: 250-011-0050(T), 250-011-0060(T)
Subject: This action will amend the Steering and Sailing administrative rules to remove language that is in conflict with federal regulations 33CFR 83 Subpart B to ensure consistency between federally navigable waters and exclusive state waters.
Rules Coordinator: June LeTarte—(503) 378-2617

250-011-0050
Conduct of Vessels in Any Condition of Visibility

(1) Every vessel shall at all times maintain a proper lookout by sight and hearing as well as by all available means appropriate in the prevailing circumstances and conditions so as to make a full appraisal of the situation and of the risk of collision.

(2) Every vessel shall at all times proceed at a safe speed so that it can take proper and effective action to avoid collision and be stopped within a distance appropriate to the prevailing circumstances and conditions. In determining a safe speed the following factors shall be among those taken into account by all vessels:

(a) The state of visibility;

(b) The traffic density including concentration of fishing vessels or any other vessels;

(c) The maneuverability of the vessel with special reference to stopping distance and turning ability in the prevailing conditions;

(d) At night the presence of background light such as from shore lights or from back scatter of its own lights;

(e) The state of wind, sea, and current, and the proximity of navigational hazards;

(f) The draft in relation to the available depth of water;

(g) The characteristics, efficiency and limitations of the radar equipment;

(h) Any constraints imposed by the radar range scale in use;

(i) The effect on radar detection of the sea state, weather, and other sources of interference;

(j) The possibility that small vessels, ice and other floating objects may not be detected by radar at an adequate range;

(k) The number, location, and movement of vessels detected by radar; and

(l) The more exact assessment of the visibility that may be possible when radar is used to determine the range of vessels or other objects in the vicinity.

(3) Every vessel shall use all available means appropriate to the prevailing circumstances and conditions to determine if risk of collision exists. If there is any doubt such risk shall be deemed to exist. Proper use shall be made of radar equipment if fitted and operational, including long-range scanning to obtain early warning of risk of collision and radar plotting or equivalent systematic observation of detected objects. Assumptions shall not be made on the basis of scanty information, especially scanty radar information. In determining if risk of collision exists the following considerations shall be among those taken into account:

(a) Such risk shall be deemed to exist if the compass bearing of an approaching vessel does not appreciably change; and

(b) Such risk may sometimes exist even when an appreciable bearing change is evident, particularly when approaching a very large vessel or a tow or when approaching a vessel at close range.

(4) Any action taken to avoid collision shall be taken in accordance with OAR 250-011-0050, 250-011-0060, 250-011-0070 and shall, if the circumstances of the case admit, be positive, made in ample time and with due regard to the observance of good seamanship.

(a) Any alteration of course or speed to avoid collision shall, if the circumstances of the case admit, be large enough to be readily apparent to another vessel observing visually or by radar; a succession of small alterations of course or speed should be avoided.

(b) If there is sufficient sea room, alteration of course alone may be the most effective action to avoid a close-quarters situation provided that it is made in good time, is substantial and does not result in another close-quarters situation.

(c) Action taken to avoid collision with another vessel shall be such as to result in passing at a safe distance. The effectiveness of the action shall be carefully checked until the other vessel is finally past and clear.

(d) If necessary to avoid collision or allow more time to assess the situation, a vessel shall slacken its [speed or take all way off by stopping or reversing its means of propulsion.

(e) A vessel, which, by any of these rules is required not to impede the passage or safe passage of another vessel shall, when required by the circumstances of the case, take early action to allow sufficient sea room for the safe passage of the other vessel.

(A) A vessel required not to impede the passage or safe passage of another vessel is not relieved of this obligation if approaching the other vessel so as to involve risk of collision and shall, when taking action, have full regard to the action which may be required by OAR 250-011-0050, 250-011-0060, and 250-011-0070.

(B) A vessel the passage of which is not to be impeded remains fully obliged to comply with OAR 250-011-050, 250-011-0060, and 250-011-0070 when the two vessels are approaching one another so as to involve risk of collision.

(5) A vessel proceeding along the course of a narrow channel or fairway shall keep as near to the outer limit of the channel or fairway which lies on its starboard side as is safe and practicable:

(a) A vessel of less than 20 meters in length or a sailing vessel shall not impede the passage of a vessel that can safely navigate only within a narrow channel or fairway;

(b) A vessel engaged in fishing shall not impede the passage of any other vessel navigating within a narrow channel or fairway;

(c) A vessel shall not cross a narrow channel or fairway if such crossing impedes the passage of a vessel which can safely navigate only within that channel or fairway. The latter vessel shall use the danger signal prescribed in OAR 250-011-0200(4) if in doubt as to the intention of the crossing vessel;

(d) In a narrow channel or fairway when overtaking, the vessel intending to overtake shall indicate its intention by sounding the appropriate signal prescribed in OAR 250-011-0200(3)(a) and(b), and take steps to permit safe passing. The overtaken vessel, if in agreement, shall sound the same signal. If in doubt it shall sound the danger signal prescribed in OAR 250-011-0200(4). This does not relieve the overtaking vessel of its obligation under OAR 250-011-0060(2);

(e) A vessel nearing a bend or an area of a narrow channel or fairway where other vessel may be obscured by an intervening obstruction shall navigate with particular alertness and caution and shall sound the appropriate signal prescribed in OAR 250-011-0200(5);

(f) Every vessel shall, if the circumstances of the case admit, avoid anchoring in a narrow channel.

(6) Any vessel approaching, overtaking, being approached, or being overtaken by a moving law enforcement vessel operating with a siren or an illuminated flashing blue light, or any vessel approaching a stationary law enforcement vessel displaying an illuminated blue light, shall:

(a) Immediately slow to a speed sufficient to maintain steerage only, shall alter its course, within its ability, so as not to inhibit or interfere with the operation of the law enforcement vessel, and shall proceed, unless otherwise directed by the operator of the law enforcement vessel, at the reduced speed until beyond the area of operation of the law enforcement vessel;

(b) Notwithstanding the operational requirements of section 6 (a) of this rule, vessels shall not be required to operate in a manner that would endanger or be likely to endanger that craft, other nearby watercraft, or other persons or property.

Stat. Auth.: ORS 830.110 & 830.175
Stats. Implemented: ORS 830.335 & 830.340

250-011-0060
Conduct of Vessels in Sight of One Another

(1) When two sailing vessels are approaching one another, so as to involve risk of collision, one of them shall keep out of the way of the other as follows:

(a) When each has the wind on a different side, the vessel which has the wind on the port side shall keep out of the way of the other;

(b) When both have the wind on the same side, the vessel which is to windward shall keep out of the way of the vessel which is to leeward; and

(c) If a vessel with the wind on the port side sees a vessel to windward and cannot determine with certainty whether the other vessel has the wind on the port or on the starboard side, it shall keep out of the way of the other;

(d) For the purpose of this section the windward side shall be deemed to be the side opposite to that on which the mainsail is carried or, in the case of a square-rigged vessel, the side opposite to that on which the largest fore-and-aft sail is carried.

(2) Notwithstanding anything contained in OAR 250-011-0050 through 250-011-0060 any vessel overtaking any other shall keep out of the way of the vessel being overtaken. A vessel shall be deemed to be overtaking when coming up with another vessel from a direction more than 22.5 degrees abaft its beam; that is, in such a position with reference to the vessel it is overtaking, that at night it would be able to see only the sternlight of that vessel but neither of its sidelights. When a vessel is in any doubt as to whether it is overtaking another, it shall assume that this is the case and act accordingly. Any subsequent alteration of the bearing between the two vessels shall not make the overtaking vessel a crossing vessel within the meaning of these rules or relieve it of the duty of keeping clear of the overtaken vessel until it is finally past and clear.

(3) Unless otherwise agreed, when two power-driven vessels are meeting on reciprocal or nearly reciprocal courses so as to involve risk of collision each shall alter its course to starboard so that each shall pass on the port side of the other. Such a situation shall be deemed to exist when a vessel sees the other ahead or nearly ahead and by night it could see the masthead lights of the other in a line or nearly in a line or both sidelights and by day it observes the corresponding aspect of the other vessel. When a vessel is in any doubt as to whether such a situation exists it shall assume that it does exist and act accordingly.

(4) When two power-driven vessels are crossing so as to involve risk of collision, the vessel which has the other on its starboard side shall keep out of the way and shall, if the circumstances of the case admit, avoid crossing ahead of the other vessel.

(5) Every vessel which is directed to keep out of the way of another vessel shall, so far as possible, take early and substantial action to keep well clear.

(6) Where one of two vessels is to keep out of the way, the other shall keep its course and speed:

(a) The latter vessel may, however, take action to avoid collision by its maneuver alone, as soon as it becomes apparent to it that the vessel required to keep out of the way is not taking appropriate action in compliance with these rules;

(b) When, from any cause, the vessel required to keep its course and speed finds itself so close that collision cannot be avoided by the action of the give-way vessel alone, it shall take such action as will best aid to avoid collision. A power-driven vessel which takes action in a crossing situation in accordance with section (7)(a) of this rule to avoid collision with another power-driven vessel shall, if the circumstances of the case admit, not alter course to port for a vessel on its own port side. This rule does not relieve the give-way vessel of its obligation to keep out of the way.

(7) Except where OAR 250-011-0050(5) and section (2) of this rule otherwise require:

(a) A power-driven vessel underway shall keep out of the way of:

(A) A vessel not under command;

(B) A vessel restricted in its ability to maneuver;

(C) A vessel engaged in fishing; and

(D) A sailing vessel.

(b) A sailing vessel underway shall keep out of the way of:

(A) A vessel not under command;

(B) A vessel restricted in its ability to maneuver; and

(C) A vessel engaged in fishing.

(c) A vessel engaged in fishing when underway shall, so far as possible, keep out of the way of:

(A) A vessel not under command; and

(B) A vessel restricted in its ability to maneuver.

Rule Caption: Long term and unoccupied moorage restrictions on lakes in Jefferson County
Adm. Order No.: OSMB 8-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 5-1-2016
Rules Amended: 250-020-0161
Subject: This rule will prevent long term mooring of boats on all lakes in Jefferson County, ensure boats are not left unattended and preserve unrestricted water access for all users.
Rules Coordinator: June LeTarte—(503) 378-2617

250-020-0161
Boat Operations in Jefferson County

(1) No person shall operate a motorboat for any purpose on the following lakes:

(a) Scout;

(b) Round;

(c) Jack;

(d) Island;

(e) Cache;

(f) Hand and

(g) Link.

(2) Suttle Lake:

(a) No water skiing or motorboat operation in excess of 10 MPH to be permitted on Suttle Lake between the hours of 8 p.m. and 9 a.m., standard time, each day;

(b) No water skiing or motorboat operation in excess of 10 MPH to be permitted on Suttle Lake between the hours of 9 a.m. and 8 p.m., standard time, each day, except within the signed and designated fast boat area, water skier dropoff zone, and water skier take-off lanes, at the west end of the lake;

(c) Operating any boat which is equipped with a toilet is prohibited on Suttle Lake, unless such toilet has an approved device to render waste harmless, or unless such toilet is rendered inoperative by having the discharge outlet effectively sealed.

(3) Lake Simtustus:

(a) No person shall operate a motorboat in excess of a "slow—no wake" speed in the area within 300 feet of the moorage and extending to the opposite shore;

(b) No person shall operate a boat for any reason within the restricted tailrace area enclosed by the log boom approximately 1200 feet downstream of Round Butte Dam;

(c) No person shall moor a boat to the log boom or operate a boat for any reason within the restricted intake area enclosed by the log boom located approximately 200 feet upstream of Pelton Dam;

(d) Boat access in the areas closed by subsections (b) and (c) of this section is permitted for federal, state, local and tribal government agencies and Portland General Electric employees or their agents for official business only.

(4) Lake Billy Chinook:

(a) No person shall operate motorboat in excess of 10 MPH in the following areas:

(A) On the Crooked River Arm above the Crooked River Bridge.

(B) On the Deschutes River Arm above the Deschutes River Bridge;

(C) On the Metolius River Arm from a point approximately 1,000 feet upstream of Street Creek, as marked.

(b) No person shall operate a motorboat in excess of a "slow—no wake" speed within the buoyed areas at:

(A) Cove Palisades State Park Marina;

(B) The Crooked River Launching Ramp;

(C) The Lower Deschutes River Day Use Area;

(D) The Upper Deschutes River Day Use Area;

(E) Within 300 feet of a designated swimming area;

(F) Within a cove at Chinook Island (Metolius Arm) as marked;

(G) Within the cove at Camp Perry South (Metolius Arm) as marked.

(c) No person shall operate a boat inside the log boom enclosure around Round Butte Dam.

(5) No person shall beach, anchor or moor a boat within 200 feet of shore in the following areas at Lake Billy Chinook between 10 p.m. and 5 a.m.

(a) Crooked River Arm:

(A) East shore — between a point approximately 1,000 feet north of the cove Marina, as marked, and the Crooked River Bridge;

(B) West Shore — From the State Park boundary north approximately 2,000 feet, as marked.

(b) Deschutes Arm: East Shore — Between a point approximately 2,000 feet north of the northernmost boat launch, as marked, and the Deschutes River Bridge;

(c) This prohibition shall not apply to any leased or rented space within established marinas or moorages.

(6) No person shall operate or provide for others to operate a boat on Lake Billy Chinook which is equipped with a marine toilet, unless the toilet has a holding tank or is rendered inoperative so as to prevent any overboard discharge.

(7) Haystack Reservoir. No person shall operate a boat in excess of 5 MPH in the following areas:

(a) In the western cove inside a buoy line approximately 500 feet from shore, as marked;

(b) In the southern cove inside a buoy line extending from south of the boat ramp on the east shore to a point south of the southeast peninsula, as marked.

(8) For all lakes in Jefferson County:

(a) The owner or operator of a boat that has been anchored or moored outside of a marina or away from a dock:

(A) For 30 consecutive days in one location must move the boat to a new location at least one half mile away and must not return to the previously used location for 30 days. For the purpose of this rule, "location" is defined as an area within a 300 foot radius.

(B) Must not leave the boat unattended for more than 7 consecutive days.

(b) Subsection (a) does not apply to a person anchoring or mooring a boat on privately owned submerged or submersible land with the permission of the landowner.

(c) An unattended boat adrift may be considered a "derelict vessel" as defined in ORS 830.908(3) and may be subject to seizure.

Rule Caption: Prohibit motorboats on Kinney Lake in Wallowa County
Adm. Order No.: OSMB 10-2016
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16
Notice Publication Date: 6-1-2016
Rules Amended: 250-020-0340
Subject: No person shall operate a motorboat on Kinney Lake in Wallowa County.
Rules Coordinator: June LeTarte—(503) 378-2617

250-020-0340
Boat Operations in Wallowa County

(1) Wallowa Lake. No person shall operate a boat in excess of 5 MPH within 200 feet from shore along the west side of Wallowa Lake in the area bounded by the county boat ramp on the north and the mouth of the Wallowa River on the south.

EXCEPTION: Boats towing water skiers may exceed 5 MPH on safe take offs and landings. A "safe" take-off or landing is one without risk to any swimmer or craft within 200 feet from shoreline.

(2) Snake River. No person, other than a member of the Department of State Police, county sheriff, and governmental agencies of this state and the federal government having jurisdiction over the following described waters, shall use a motor for propelling a boat for any purpose on the Snake River between Wild Sheep Rapid and Kirkwood Historic Ranch without a valid permit from the Hells Canyon National Recreation Area or Wallowa-Whitman National forest.

(3) Grande Ronde River. No person, other than a member of the Oregon State Police, county sheriff, and governmental agencies of this state, and agencies of the federal government having jurisdiction over the following described waters, shall use a motor to propel a boat for any purpose on the Grande Ronde River between the Umatilla National Forest Boundary (1.5 miles below the confluence with the Wallowa River at approximately RM 80) downstream to the Oregon/Washington state line; except for landowner access for land management activities.

(4) No person shall operate a motorboat on Kinney Lake.

170-062-0000
Procedure for Submission, Review and Approval of an Advance Refunding Plan or Forward Current Refunding Plan

(1) Plan Contents and Filing. Every public body (as defined in ORS 287A.001(14) must submit its plans for an advance refunding or forward current refunding (the "Refunding Plan") and receive approval of the Refunding Plan by the Office of the State Treasurer ("OST") prior to the sale of bonds connected to the Refunding Plan, as provided in this rule and ORS287A.365. The Refunding Plan request should include the name, phone number, U.S. mailing and e-mail address for the public body and for the public body's bond counsel, Municipal Advisor ("MA"), and underwriter. The Refunding Plan must contain:

(a) A statement of purpose of the Refunding Plan;

(b) A description of the bonds to be refunded, including: date and premium, if any, when each is first callable; par amount originally issued, current amount outstanding, proposed amount and maturities to be refunded; and the dated date;

(c) A preliminary estimate of the Net Present Value Savings ("NPVS"): Present value savings is defined as the present value of the difference in debt service between the proposed refunded debt service and the proposed refunding debt service, discounted at the arbitrage yield of the refunding debt service. Any issuance expenses paid from sources other than bond proceeds and any other cash contributed to the escrow other than from bond proceeds must also be subtracted from proceeds to determine NPVS;

(d) A copy of the authorizing Ordinance/Resolution;

(e) A copy of the contract between the public body and its MA;

(f) Completed Municipal Debt Advisory Committee ("MDAC") Form 1;

(g) Estimated costs of issuance for the MA, bond counsel and underwriting costs;

(h) Final Official Statement and Bond Purchase Agreement, if applicable;

(i) Final Net Present Value Savings as described in subsection (c) of this section;

(j) Final version of Issuer's Arbitrage/Tax Certificate;

(k) Escrow verification report;

(l) Copy of the letter from MA to the public body as described in section (2) of this rule;

(m) Completed MDAC Form 2;

(n) Completed MDAC Form 3, if using a synthetic fixed rate refunding issue;

(o) Final Draft of Bond Counsel Legal Opinion with Executed version provided within 5 business days of Closing; and

(p) Any additional materials that may be required by OST in support of the Advance Refunding or Forward Current Refunding request.

(2) Municipal Advisor required.

(a) A public body must employ an independent registered MA whose function is to advocate for the public body and advise them on the refinancing transaction that is the subject of the Refunding Plan. The MA must be registered with the Securities and Exchange Commission as required under 17 CFR § 240.15Ba1-2. The MA may not also serve as the underwriter in the same negotiated bond sale as required in Rule G23 of the Municipal Securities Rulemaking Board.

(b) Prior to closing, the public body and the OST must receive from the MA a letter stating that the MA:

(A) is currently registered with the SEC as an MA and meets the requirements in subsection (2)(a) above;

(B) has reviewed the assumptions included in the Refunding Plan; and

(C) has provided a recommendation on the desirability or undesirability of completing the Refunding Plan and the reasons therefor. Forward current Refunding Plans must also include a description of the suitability of the public body for conducting a forward current refunding and an estimate in basis points of the premium paid to execute the forward refunding.

(3) OST Approval Procedure.

(a) Preliminary Approval. If the items in subsections (1)(a) through (1)(g) of this rule are completed and submitted to OST, then OST will notify the public body of OST's preliminary approval and state its intention to issue a final approval conditioned upon receipt and approval of items in subsections (1)(h) through (1)(p) of this rule;

(b) Preliminary Refunding Plans should be submitted to OST sufficiently in advance to allow 10 working days for review. The 10-day review period begins the working day after all items (1)(a) through (1)(g) of this rule and the application fee identified in OAR 170-061-0015 have been received;

(c) Preliminary approval is valid for a period of one year from the date of the preliminary approval letter. After the one year period expires, a new application fee and Refunding Plan are required;

(d) Final Approval. If the items in subsections (1)(h) through (1)(p) of this rule are received and approved by OST, then OST will issue its final approval for the Refunding Plan within five working days. The five-day period begins after receipt of all items required for final approval; and

(e) At the discretion of OST, drafts of preliminary and final components of Refunding Plans may be accepted and reviewed in lieu of finalized documents with the understanding that finalized documents will be provided within five working days of the bond closing.

(4) Administrative Expenses. To reimburse OST for the services, duties and activities of OST in connection with reviewing the plan, fees and expenses will be charged to public bodies as identified in OAR 170-061-0015.

(5) Ongoing Evaluation. OST evaluates long term trends in Oregon debt issuance. Adverse trends associated with local government refundings may result in a review and revision of the factors used by OST to evaluate refundings with the goal of diminishing potential undesirable impacts upon the higher priority "new money" bond issues.

(6) Waiver of Certain Provisions. OST may waive certain provisions of this rule to accommodate unusual circumstances.

(7) Noncompliance. If OST finds that the Preliminary Refunding Plan is not in substantial compliance with ORS 287A and this rule, the plan may not be approved. Notice that the plan does not comply, and the reasons for this finding will be sent to the public body and its bond counsel within 10 business days after receipt of the plan.

(8) Submission. Refunding Plans should be submitted to OST as provided in OAR 170-055-0001(4).

(9) Through its review and approval or disapproval of a Refunding Plan, OST is not acting as a fiduciary or municipal advisor to a public body, is not providing advice with respect to the structure, timing, terms or other similar matters concerning the Refunding Plan and expects the public body to rely on the advice of its MA with respect to such matters.

Parks and Recreation Department
Chapter 736

Rule Caption: Amend Special Access Pass Rules
Adm. Order No.: PRD 3-2016
Filed with Sec. of State: 7-13-2016
Certified to be Effective: 7-13-16
Notice Publication Date: 5-1-2016
Rules Amended: 736-015-0010, 736-015-0015, 736-015-0026, 736-015-0035
Subject: Recent revisions to the special access pass rules made changes that allowed booking sites on-line with the discount. There is a ten day per month limit on the benefit. When we revised the rules we stated that as ten days in a calendar month however our software uses a rolling month, so a rule change is necessary to line up the rules with actual practice. This revision will change the time frame for using the overnight rental fee waiver from "calendar month" to a "30-day period."

Recent changes to the OPRD agency structure have resulted in changes to some position titles and office names. There are housekeeping revisions included in this rulemaking that change those terms in the rules that no longer match the current terms used by OPRD.
Rules Coordinator: Claudia Ciobanu—(503) 872-5295

736-015-0010
General Regulations

(1) The commission shall establish fees through rule to promote department financial self-sufficiency and based on the following criteria:

(a) Prevailing rates for comparable facilities;

(b) Day of week;

(c) Season of year;

(d) Amenities of the park area and site;

(e) Marketing opportunities to encourage use and revenues.

(2) Unless posted otherwise, a person shall pay established rates prior to use.

(3) The director may establish rates and rental charges for services, facilities and products that are optional, nonessential or complement the basic services described in this division. The director shall establish rates that take into consideration comparable services by other providers and marketing opportunities to encourage use and revenues.

(4) Pursuant to ORS 105.672 to 105.696, fees charged under this division are for use of the assigned area or park facility of the state park land for camping, picnicking, or boating and not for any other recreational purpose or area of state park land. The immunities provided under ORS 105.682 apply to use of state park land for any other recreational purpose.

736-015-0015
Reservations

(1) Purpose: Based on the department's goal to promote outdoor recreation in Oregon, the department established a reservation program to increase use of park areas and facilities. The director may designate specific park facilities to offer for reservation through a centralized call center and through the Internet.

(2) General Regulations:

(a) Reservations will be accepted and processed for designated park facilities through the Oregon State Parks Reservation Center and the Internet.

(b) A person may make a reservation a minimum of one day and a maximum of nine months prior to the arrival date.

(c) A person must be 18 years of age or older to make a reservation.

(d) A person who qualifies under the Americans with Disabilities Act (ADA) may reserve accessible campsites.

(e) A person may not make reservations for multiple park areas for the same date range.

(f) A person reserving a boat slip (where available) must also reserve another facility at the same park area.

(g) Reservations and registrations for horse camping sites shall be made only for people camping with their horses or similar large animals unless otherwise specified by the park manager.

(h) Split reservations are allowed to accommodate persons. Only one split reservation shall be allowed per reservation. The department may waive one reservation fee for every reservation fee paid. A split reservation may only be made through the Oregon State Parks Reservation Center. Reservations made on the Internet are not eligible for this fee waiver.

(i) Only the person whose name appears on the original reservation or their designee (as documented in the reservation records) may change or cancel an existing reservation or access information associated with a reservation.

(j) Customer information may be made available upon written request in compliance with ORS chapter 192 and department policy.

(k) Specific information regarding a confirmed reservation will not be released to the public as provided in ORS 192.501 and 192.502.

(3) Transaction Fees and Deposits:

(a) The department will charge an $8 non-refundable transaction fee for each reservation made through the centralized call center or the Internet.

(b) Reservations require a facility deposit equal to the full amount charged for use of the facility during the reservation period.

(c) All fees are due at the time the person makes the reservation.

(4) Payment Methods:

(a) A person may use a valid credit card (VISA or MasterCard) or bank debit card with a VISA or MasterCard logo.

(b) A person may pay for reservations made through the Oregon State Parks Reservation Center by personal check, money order, certified check, department issued gift certificates or travelers check (in U.S. funds). These forms of payment are not accepted for reservations made on the Internet.

(c) The department must receive payment within five calendar days of the date the person makes the reservation. If payment is not received within this time frame, the department will cancel the reservation. The person remains responsible for the $8 transaction fee for each reservation request.

(d) If a banking institution returns a check to the department for any reason or if a credit or debit card is declined, the department will attempt to contact the person. Inability to resolve the payment dispute will result in a reservation cancellation. The person will remain responsible for the $8 transaction fee for each reservation.

(e) Government agencies and non-profit entities may request to be invoiced for services. Reservations should be made at least 30 days prior to arrival. The department must receive payment within 25 days of the date the reservation is made. If payment is not received the department will cancel the reservation. The department will bill for the $8 transaction fee for each reservation.

(f) A person must pay all outstanding account balances prior to making future reservations.

(5) Reservation Cancellations:

(a) A person may cancel their reservation prior to the day of arrival by calling the Oregon State Parks Reservation Center. An automated reservation cancellation voice mail system is available seven days a week, 24 hours a day.

(b) A person may also cancel their reservation prior to the day of arrival using Internet or E-mail. The department will post detailed instructions for cancelling a reservation on the department's web site which is available seven days a week, 24 hours a day.

(c) A person may contact the specific park where their reservation is held to cancel reservations on the scheduled day of arrival.

(d) In order to receive a refund of all use fees, a person must cancel the reservation for individual campsites, deluxe and rustic cabins, deluxe and rustic yurts, horse camps, tepees, and boat moorages three or more days prior to the arrival date. If the cancellation is received less than three days in advance of the arrival date, a fee equal to one overnight rental fee for the facility will be forfeited.

(e) In order to receive a refund of all use fees for group camps, day use areas, meeting halls, lodges, Silver Falls Youth Camp, Silver Falls Ranch, Shore Acres Garden House, Pavilions, RV Group Areas and other special facilities as designated by the department, a person must cancel the reservation at least one month prior to arrival. If the cancellation request is received less than one month in advance of the arrival date, a fee equal to one night's or one day's rental for the facility will be forfeited.

(6) Reservation Changes:

(a) The department will charge an $8 non-refundable transaction fee for each reservation change.

(b) A person may request to change a confirmed reservation by calling the Oregon State Parks Reservation Center during normal business hours Monday through Friday.

(c) A person may not make any date changes to reservations more than eight months in advance of the arrival date.

(d) Reservations made for six or more consecutive nights that are later shortened will be charged the nightly rate for each night removed in addition to an $8 transaction fee for the change.

(e) A person must request a reservation change for campsites, deluxe and rustic cabins, deluxe and rustic yurts, tepees, and boat moorages three or more days in advance of the arrival date. Changes are not permitted within three days of the arrival date.

(f) A person requesting a reservation change for group camps, day use areas, meeting halls, lodges, Silver Falls Youth Camp, Silver Falls Ranch House, Shore Acres Garden House, Pavilions, RV Group Areas, and other special facilities as designated by the department must request the change at least one month prior to arrival date. Changes are not permitted within one month of the arrival date.

(7) Claiming Reservations

(a) Customers with confirmed reservations must arrive before 1:00 p.m. the day following the first scheduled day of their reservation.

(b) The reserved site must remain occupied each night during the entire length of stay.

(c) In emergency situations, customers may request Park Manager approval for late arrivals not to exceed 6:00 p.m. of the second day of the reservation. Site fees for the first night will be charged regardless of the arrival time.

(d) Customers, including those that have pre-registered, who do not check in at the park or notify park staff that they will be delayed prior to 1:00 p.m. of the second day of the reservation will be considered a "no show" and the entire reservation will be cancelled. The first night fee and any transaction fees previously collected for the reservation will be retained. Any remaining nightly fees paid to confirm the reservation will be refunded.

(8) Reservations to Accommodate Organized Groups:

(a) General: To accommodate group use in campgrounds designed primarily for individual camping and to bring efficiencies to the group reservation process, the director may offer group camping to persons reserving multiple individual camping sites.

(b) The department will require full payment for all sites at the time the reservation is made.

(c) A person must reserve a minimum of 20 individual overnight campsites for their group to qualify for group camping reservations.

(d) The department will charge a non-refundable reservation fee of $8 for each site. An $8 non-refundable transaction fee will be charged for any date or site change made to a reservation included in the group.

(e) Reservations made on the Internet for a group of 20 or more sites are not eligible for group camping.

(f) A person may reserve a meeting hall (where available) for one day's free use when the minimum number of sites are reserved and used. The person may reserve the meeting hall for additional days at the normal rental rate.

(g) Special facilities such as lodges, Silver Falls Youth Camp, Silver Falls Ranches, and other special facilities as designated by the department are not included in the group camping program.

(h) A person must make reservations at least two months prior to arrival date to qualify for group camping benefits.

(9) When only a portion of a specific type of facility in a park is designated as ADA compliant, the department will hold the facility designated as ADA compliant for use by individuals with disabilities until all other facilities of that type have been reserved and the accessible facility is the only remaining facility of that type available in the park.

736-015-0026
Group Day Use

(1) At designated park areas, a person may reserve a group picnic area(s) by calling the Oregon State Parks Reservation Center during normal business hours. The park manager will determine the maximum group size for each park facility.

(2) The department will charge group picnic rental rates to offset additional park administration and maintenance costs:

(a) Base rate (0–50 people) — $50;

(b) Charges for persons in excess of the 50 person base rate will be $1 per person

(3) The park manager may make advance arrangements with the group leader for parking, supervision, cleanup, checkout time, and other pertinent details.

(4) Upon arrival, the group leader will check in with the park manager who will direct the group to the reserved area.

(5) The group must have adult supervision at all times.

(6) Pursuant to ORS 105.672 to 105.696, group day use rental charges under this rule are for use of the assigned area or park facility of the state park land for picnicking and not for any other recreational purpose or area of state park land. The immunities provided under ORS 105.682 apply to use of state park land for any other recreational purpose.

736-015-0035
Fee Waivers and Refunds

(1) The director, at the direction of the commission, may waive, reduce or exempt fees established in this division under the following conditions:

(a) A person or group provides in-kind services or materials equal to or greater than the value of the applicable rate, as determined by criteria approved by the director;

(b) Marketing or promotional considerations, including but not limited to special events and commercial filming, that promote the use of park areas and Oregon tourism;

(c) Traditional tribal activities in accordance with policy adopted by the Commission;

(d) Reduced service levels at a park, campsite or other facility as determined by the Park Manager.

(2) Reservation Facility Deposit Fee Waivers for individual primitive, tent, electric, full hook-up or horse camp campsites only:

(a) The facility deposit fee is waived for reservations on State Parks Day (first Saturday of June). All other fees apply.

(b) The facility deposit fee is waived for foster families and adoptive foster families as defined in OAR 736-015-0006. The fee waiver is limited to the first two campsites, and an adult care provider must be present with the foster children. All other fees apply.

(c) The facility deposit fee is waived for U.S. veterans with a service connected disability or active duty U.S. military personnel as provided in ORS 390.124. All other fees apply.

(d) The person making the reservation must pay the $8 non-refundable transaction fee at the time the reservation is made. This fee is not included in the fee waiver.

(3) Overnight Rental Fee Waivers for individual primitive, tent, electric, full hook-up or horse camp campsites only:

(a) The overnight rental fee, including any extra vehicle fees, is waived for all persons on the night of State Parks Day (first Saturday of June). All other fees apply.

(b) The overnight rental fee is waived for foster families and adoptive foster families as defined in OAR 736-015-0006. The fee waiver is limited to the first two campsites, and an adult care provider with one or more foster children must be present. The overnight rental fee waiver is limited to no more than fourteen nights total in a 30-day period. All other fees and rules apply.

(c) The overnight rental fee is waived for U.S. veterans with a service connected disability or active duty U.S. military personnel on leave as provided in ORS 390.124. The overnight rental fee waiver is limited to no more than ten nights total in a 30-day period. The qualifying veteran or active duty military personnel on leave must be present in the site to qualify for the waiver. All other fees and rules apply.

(d) The director may waive the overnight rental fee for volunteer hosts traveling to an assignment at a park area.

(4) Day Use Parking Fee Waivers:

(a) The day use parking fee is waived for all persons on State Parks Day (first Saturday of June).

(b) The day use parking fee is waived for U.S. veterans with a service connected disability or active duty U.S. military personnel on leave as provided in ORS 390.124.

(c) The day use parking fee is waived for foster families and adoptive foster families as defined in OAR 736-015-0006. The waiver shall be valid until the expiration date of the Certificate of Approval to Provide Foster Care or the adopted foster child turns 18 years of age.

(d) All other fees apply.

(5) At those parks offering showers to non-campers, the shower use fee is waived for individuals with an OPRD Special Access Pass.

(6) Proof of Eligibility for Fee Waivers

(a) The department will issue Veterans and Foster families who have provided the department valid proof of eligibility an OPRD Special Access Pass. Pass holders must use the pass to identify themselves as a qualified recipient of fee waivers at state park campgrounds and day use areas. Proof of eligibility must be provided through an application process outlined on the OPRD web site at www.oregonstateparks.org or by calling the OPRD Information Center at 1-800-551-6949 for instructions.

(b) The department will accept the following forms of proof to qualify for fee waivers as a U.S. veteran with a service connected disability:

(A) Disabled Veteran's license plate issued by the Oregon DMV;

(B) A current Disabled Veteran Permanent Hunting/Angling License issued by the Oregon Department of Fish and Wildlife;

(C) A Washington State Parks Disabled Veteran's ID card;

(D) A United States Department of Veterans Affairs (VA) photo identification card bearing the words "service connected";

(E) A letter issued by the VA stating eligibility for any of the above programs, or bearing the words "service-connected disability."

(c) The department will accept the following forms of proof to qualify for fee waivers as an adoptive foster family, as defined in OAR 736-015-0006, with an adopted foster child under 18 years of age or a foster family, as defined in OAR 736-015-0006:

(A) Certificate of Approval to Maintain a Foster Home for Children with Developmental Disabilities;

(B) Certificate of Approval to Maintain a Foster Home for Children;

(C) Certificate of Approval to Maintain a Relative Home for Children;

(D) Written certification from Department of Human Services identifying the applicant as an adoptive or guardian foster family.

(d) The department will not issue an Active Duty Military on official leave a Special Access Pass. Such customers must pay any applicable fee and after their visit may request a refund by sending a letter from their commanding officer on official letterhead stating they were on leave for the dates they camped and their camping receipt to the Oregon State Parks Reservation Center within 30 days after departure date of the stay. A refund of applicable fees will be sent within three weeks of the receipt of their valid request.

(7) There will be no charge for issuing a Special Access Pass or renewing an expired pass. There will be a processing fee of $5.00 for replacement of a lost pass that is still valid.

(8) The department may revoke or temporarily suspend an OPRD Special Access Pass issued under section (6) if:

(a) The pass is used to waive fees beyond the allowable limits in a 30-day period;

(b) The pass holder does not occupy a site when fees have been waived under authority of their pass; or

(c) The pass holder transfers their pass to another person to use.

(9) Pass holders must cancel their reservation three days prior to arrival to avoid a penalty. Cancellations within the three day period will be charged a penalty equal to one nights facility fee for the type of site reserved.

(10) Pass holders who make a reservation and do not check in at the park or notify park staff that they will be delayed, prior to 1:00 p.m. of the second day of the reservation, will be considered a "no show" and the entire reservation will be cancelled. A penalty equal to one overnight rental fee for the type of site reserved will be charged.

(11) If a pass holder vacates their site one or more days prior to check-out without notifying park staff, any days remaining on the reservation will be counted against their monthly waiver limit.

(12) A person may request a refund under the following circumstances.

(a) The Oregon State Parks Reservation Center may refund a reservation fee when the department has made a reservation error.

(b) The Oregon State Parks Reservation Center may refund a facility deposit and may waive the cancellation or change rules when requested by the person due to the following emergency situations:

(A) Emergency vehicle repair creates a late arrival or complete reservation cancellation;

(B) A medical emergency or death of a family member creates a late arrival or complete reservation cancellation;

(C) Acts of Nature create dangerous travel conditions; or

(D) Deployment of military or emergency service personnel creates a late arrival or complete reservation cancellation.

(c) The director or his/her designee may approve a refund under other special circumstances.

(d) All requests for refunds under this section must be sent in writing to the Oregon State Parks Reservation Center via email, fax or surface mail to be considered for a refund.

(e) The department will issue refunds for specific site or park area closures and no written request is required.

(f) The park manager may only issue a refund at the park due to the person leaving earlier than expected, and while the person is present and has signed for the refund. Once the person has left the park, refund requests must be sent to the Oregon State Parks Reservation Center for processing.

Secretary of State, Elections Division
Chapter 165

Rule Caption: Adopts revisions to Elections Division procedural manuals

Adm. Order No.: ELECT 2-2016

Filed with Sec. of State: 7-6-2016

Certified to be Effective: 7-6-16

Notice Publication Date: 6-1-2016

Rules Amended: 165-010-0005, 165-012-0005, 165-014-0005, 165-016-0000

Rules Repealed: 165-014-0280

Subject: A. 165-010-0005

Proposed amendment adopts January 2016 revision of the:

(1) State Candidate's Manual as the procedures and forms to be used by candidates filing and running for federal or state office as that term is defined in ORS 249.002(10);

(2) County, City and District Candidate's Manual as the procedures and forms to be used by candidates filing and running for elected office in a county, city or district; and

(3) Political Party Manual as the procedures and forms to be used to form a minor political party and nominate candidates for elective office. This manual also includes information on qualifying as a major political party and a party's obligation to file organizational documents.

B. 165-012-0005

Proposed amendment adopts January 2016 revision of the 2016 Campaign Finance Manual and associated forms as the procedures and guidelines to be used for compliance with Oregon campaign finance regulations.

C. 165-014-0005

Proposed amendment adopts January 2016 revision of the:

(1) State Initiative and Referendum Manual as the procedures and forms to be used for the state initiative and referendum process;

(2) County, City and District Initiative and Referendum Manual as the procedures, except where state law permits the procedure to be otherwise under local charter or ordinance, and forms to be used for the local initiative and referendum process;

(3) Circulator Training Manual as the curriculum, procedures and forms to be used to register as required under ORS 250.048 by a person who will be paid to gather signatures on a state prospective initiative, initiative, referendum or recall petition;

(4) Recall Manual as the procedures and forms to be used for the recall process; and

(5) County, City and District Referral Manual as the procedures, except where state law permits the procedure to be otherwise under local charter or ordinance, and forms to be used for the local referral process.

C. 165-014-0280

Rule proposed for repeal as the Circulator Training and Registration Manual 2016 revisions are proposed for adoption under OAR 165-014 -0005.

D. 165-016-0000

Proposed amendment adopts January 2016 revision of the Voters' Pamphlet Manual and associated forms as the procedures by which statements, photos, or arguments must be filed as well as the order in which they will appear in the state voters' pamphlet, allowable

formatting and provides a process for contacting statement or argument filers regarding required revisions.

Rules Coordinator: Brenda Bayes—(503) 986-1518

165-010-0005

Designating the Candidate's Manual, Minor Political Party Manual and Forms

(1) The Secretary of State designates the *State Candidate's Manual* revised 01/2016 and associated forms as the procedures and forms to be used by candidates filing and running for a federal or state office as that term is defined in ORS 249.002(10).

(2) The Secretary of State designates the *County, City and District Candidate's Manual* and associated forms as the procedures and forms to be used by candidates filing and running for elected office in a county, city or district.

(3) The Secretary of State designates the *Political Party Manual* revised 01/2016 and associated forms as the procedures and forms to be used to form a minor political party and nominate candidates for elective office. This manual also includes information on qualifying as a major political party and a party's obligation to file organizational documents.

165-014-0005

Designating the Initiative, Referendum and Recall Manuals and Forms

(1) The Secretary of State designates the *State Initiative and Referendum Manual* revised 01/2016 and associated forms as the procedures and forms to be used for the state initiative and referendum process.

(2) The Secretary of State designates the *Recall Manual* revised 01/2016 and associated forms as the procedures and forms to be used for the recall process.

(3) The Secretary of State designates the *County, City and District Initiative and Referendum Manual* revised 01/2016 and associated forms as the procedures, except where state law permits the procedure to be otherwise under local charter or ordinance, and forms to be used for the local initiative and referendum process.

(4) The Secretary of State designates the *County, City and District Referral Manual* revised 01/2016 and associated forms as the procedures, except where state law permits the procedure to be otherwise under local charter or ordinance, and forms to be used for the local referral process.

(5) The Secretary of State designates the *Circulator Training and Registration Manual* revised 01/2016 and associated forms as the curriculum, procedures and forms to be used to register as required under ORS 250.048 by a person who will be paid to gather signatures on a state initiative, referendum or recall petition.

(6) For purposes of subsection (5) of this rule, initiative is meant to include each phase of the petition's signature gathering effort including the sponsorship phase, the primary signature gathering effort and any supplemental signature gathering efforts.

Rule Caption: Adopts revisions to specified election law reporting requirements, procedures and enforcement actions
Adm. Order No.: ELECT 3-2016
Filed with Sec. of State: 7-6-2016
Certified to be Effective: 7-6-16
Notice Publication Date: 6-1-2016
Rules Adopted:
Rules Amended: 165-001-0016, 165-001-0025, 165-001-0034, 165-001-0050, 165-001-0095, 165-005-0055, 165-005-0065, 165-005-0070, 165-007-0035, 165-012-0240, 165-013-0010, 165-013-0020, 165-013-0030, 165-014-0100, 165-014-0260
Subject: A. Procedural Rules:

165-001-0016, 165-001-0025, 165-001-0034, 165-001-0050: Proposed amendment updates references to the hearing request form number; incorporates deadlines for issuing a default final order when no hearing is requested, a hearing request is cancelled or a person does not show up at the hearing; and establishes where and when written exceptions to a proposed order must be filed.

165-001-0095: Proposed adoption of requirements for complaints filed with the State Elections Division and establishment of procedures for complaints filed with other elections filing officers.

B. NVRA Agency Registration Procedures and Reporting Requirements:

165-005-0055, 165-005-0065, 165-005-0070: Proposed amendment appropriately identifies designated Voter Registration Agencies after organizational name change; designates CCare as a Voter Registration Agency; removes the requirement for the Secretary of State to print Voter Registration Agency reporting forms and instead allows for the Secretary to designate a print or electronic form that Voter Registration Agencies must use to report the number of registration cards submitted to county elections officials; and fixes a grammatical error.

C. Designating Ballot Request Forms

165-007-0035: Proposed amendment replaces reference to "Federal Absentee Ballot Request Form" with "Federal Post Card Application". "Federal Post Card Application" is the current name for the federal form military and overseas voters must submit to request an absentee ballot.

D. Administrative Discontinuation of a Political Committee:

165-012-0240: Proposed amendment expands the manner in which a person may respond to a Notice of Discontinuation.

E. Election Offenses:

165-013-0010: Proposed amendment adds an alternate transaction filer and independent expenditure filer to mitigating circumstances the Secretary may

consider in reducing or waiving a penalty for Other Campaign Finance Violations.

165-013-0020: Proposed amendment clarifies when an offense is considered to be a single or multiple violations, clarifies the minimum penalty for violations of Article IV, section 1b of the Oregon Constitution, clarifies the minimum penalty for violations of ORS 260.569 and

removes certain mitigating circumstances for violations of ORS 260.432.

165-013-0030: Proposed amendment adopts January 2016 revisions to the Restrictions on Political Campaigning by Public Employees, ORS 260.432 Manual. The manual provides guidance on ORS 260.432 and informs the public of permissible and impermissible activities by public

employees.

F. Initiative and Referendum Prohibitions and Requirements

165-014-0100: Proposed amendment requires chief petitioner accounts for the sponsorship phase of an initiative petition be submitted with the first accounts submittal of the primary signature gathering effort.

165-014-0260: Proposed amendment corrects an incorrect quote of Article IV, Section 1b of the Oregon Constitution and to clarifies the minimum penalty for violations of Article IV, Section 1b of the Oregon Constitution.
Rules Coordinator: Brenda Bayes—(503) 986-1518

165-001-0016
Requesting a Hearing

(1) If a party wishes to request an in-person or telephone hearing to contest the allegations in the charging document, they must submit to the Agency a signed Hearing Request Form and an "answer," to the allegations in the charging document not later than the deadline to request a hearing stated in the charging document.

(a) The answer must include an admission or denial of each factual matter alleged in the charging document and a statement of each relevant defense to the allegations, including any relevant mitigating circumstance that may apply and indicate specifically what facts or transactions the mitigating circumstance applies to.

(b) A general denial is not sufficient to constitute an answer.

(c) The person must choose whether they want the hearing by telephone or in-person. If no choice is indicated on the form, the hearing will be held by telephone.

(d) Any evidence of a mitigating circumstance or other relevant evidence may be submitted with the answer as exhibits.

(2) An answer not including the information required by this rule may be disregarded and a notice of default may be issued in accordance with OAR 165-001-0025 as if no answer had been filed.

(3) Except for good cause shown to the administrative law judge, factual matters alleged in the charging document and not denied in the answer will be deemed admitted by the party.

(4) The failure of the party to raise a mitigating circumstance in the answer is a waiver of such mitigating circumstance.

(5) The party bears the burden of proof to show that all or part of the penalty should be mitigated based on a mitigating circumstance.

(6) Any new facts or defenses alleged in the answer will be deemed denied by the Agency.

(7) Evidence will not be taken at the contested case hearing on any factual or legal issue not raised in the charging document or the answer as filed.

(8) The Secretary of State hereby adopts by reference and designates the SEL 850 as the Hearing Request Form, Campaign Finance Transactions to be used to request an in-person or telephone hearing, or submit notarized testimony to contest campaign finance transaction violations.

(9) The Secretary of State hereby adopts by reference and designates the SEL 851 as the Hearing Request Form, Other Campaign Finance Violations to be used to request an in-person or telephone hearing, or submit notarized testimony to contest campaign finance violations, other than those violations relating to late or insufficient campaign finance transactions.

(10) The Secretary of State hereby adopts by reference and designates the SEL 852 as the Hearing Request Form to be used to request an in-person or telephone hearing to contest non-campaign finance violations.

165-001-0025
Orders When No Hearing Requested, Hearing is Cancelled, or Failure to Appear at Hearing

(1) When a party has been given an opportunity to request a hearing and fails to request a hearing in writing within the specified time, or having requested a hearing fails to appear at the specified time and place, the agency shall, subject to section (2) of this rule, enter an order by default which supports the agency action.

(2)The time provided by statute to request a hearing under ORS 260.995 is calculated from the delivery date indicated on the certified letter's postal confirmation. If the certified letter is refused or left unclaimed at the post office, the time shall be calculated from the date the post office indicates it has given first notice of a certified letter. If the certified card is not returned to the Secretary of State by the United States Postal Service (USPS), the Secretary shall use the date recorded on the official USPS website utilizing the Track and Confirm delivery service.

(3) The time provided by statute to request a hearing under ORS 260.232 is 20 calendar days after the service date on the charging document.

(2) An order adverse to a party may be issued on default only if the agency record demonstrates a prima facie case justifying the order. The Administrative Law Judge will declare a party to be in default if the party which requested the hearing does not appear within 15 minutes of the time set for the hearing, unless the party gives notice of a reason for the inability to appear at the designated time and requests and receives a continuance. A continuance shall be granted only if the reason for the inability to appear is beyond the reasonable control of the party.

(3) The prima facie record upon default may be made at a scheduled hearing on the matter, or, if the notice of intended action states that the order will be issued or become effective upon the failure of the party to timely request a hearing, when the order is issued.

(4) The record may consist of oral (transcribed, recorded, or reported) or written evidence or a combination of oral and written evidence. When the record is made at the time the notice or order is issued, the agency file may be designated as the record. In all cases, the record must contain substantial evidence to support the findings of fact.

(5) When the Administrative Law Judge has set a specified time and place for a hearing and the party subsequently notifies the agency or the Administrative Law Judge assigned to the case that the party will not appear at such specified time and place, the agency may cancel the hearing and follow the procedure described in subsections (2), (3) and (4) of this rule.

(6) The deadline to issue a Final Order by Default if there is no hearing request, the hearing is cancelled or the party fails to appear at the hearing is not later than the 90th day after the deadline to request a hearing.

(7) When a party requests a hearing after the time specified by the agency, but before entry of a final order by default, or, if a final order by default is entered, on or before 30 calendar days after entry of the order, the agency may accept the late request only if the cause for failure to timely request the hearing was beyond the reasonable control of the party. In determining whether to accept a late hearing request, the agency may require the request to be supported by an affidavit and may conduct such further inquiry, including holding a hearing, that it deems appropriate. The agency shall enter an order granting or denying the request.

(8) When a party requests a hearing after entry of a default order, the party must file the request within a reasonable time. If the request is received more than 30 days after the agency mailed the default order to the party or the party's attorney (based on the service date of the order), it is presumed that the request is not timely. The request shall state why the party should be relieved of the default order. If the request is allowed by the agency, it shall enter an order granting the request and schedule the hearing in due course. If the request is denied, the agency shall enter an order setting forth its reasons for the denial.

(9) The agency shall notify a defaulting party of the entry of a default order by mailing a copy of the order as required by ORS 183.470.

(10) Notwithstanding the provisions of this rule relating to late requests for a hearing, no hearing may be held if the timing of the request would cause the agency to miss the statutory deadlines established for the conduct of hearings in ORS 260.232(4) or 260.995(6).

165-001-0034
Notarized Testimony in lieu of Hearing

(1) If a party wishes to contest the allegations in the charging document, but does not wish to request an in person or telephone hearing, the party may submit notarized testimony in lieu of a hearing.

(2) The notarized testimony must be filed with the Agency not later than the deadline to request a hearing stated in the charging document.

(3) The notarized testimony must:

(a) Include an admission or denial of each factual matter alleged in the charging document and a statement of each relevant defense to the allegations, including any relevant mitigating circumstance. A general denial is not sufficient. Notarized testimony not including the information required by this rule may be disregarded and a notice of default may be issued in accordance with OAR 165-001-0025 as if no notarized testimony had been filed.

(b) Include a signed and completed Hearing Request Form.

(c) Be notarized by a commissioned Notary Public.

(4) After the party submits notarized testimony, the Agency may submit notarized testimony and any exhibits to the Office of Administrative Hearings and to the individual who submitted notarized testimony. If the Agency submits notarized testimony, it will be transmitted via e-mail to the Office of Administrative Hearings and the party. The Agency may mail its notarized testimony to the party's last known address if the party's e-mail address is unknown or the e-mail is returned as undeliverable.

(5) The party may, but is not required to, respond to the Agency testimony by submitting rebuttal notarized testimony.

(a) Rebuttal notarized testimony is limited to issues raised in the original notarized testimony and the Agency's testimony.

(b) Rebuttal notarized testimony must be notarized by a commissioned Notary Public.

(c) The rebuttal notarized testimony must be received by the Agency not later than five business days from the date of service of the Agency's testimony (the date the testimony was e-mailed or mailed).

(d) The notarized testimony hearing record is deemed closed the day after the deadline for the person to submit rebuttal testimony.

(6) If a person submits notarized testimony in lieu of requesting an in person or telephone hearing, the person is waiving their right to an in person or telephone hearing.

(7) The deadline to issue a final order when notarized testimony is submitted in lieu of an in-person or telephone hearing is not later than 90 days after the hearing record is closed.

Proposed Orders in Contested Cases, Filing of Exceptions, Argument, and Adoption of Order

(1) The administrative law judge shall prepare a proposed order and serve the proposed order on the agency and each party. The proposed order shall be served not later than 30 calendar days after the hearing is adjourned. The proposed order shall also include information about when and where written exceptions to the proposed order must be filed to be considered by the agency.

(2) The exceptions must be received by the Elections Division not later than 30 calendar days after the service date of the proposed order. The date of service is the day the proposed order is mailed, not the date the party receives the proposed order.

(3) If the administrative law judge's proposed order recommended a decision favorable to a party and the agency intends to reject that recommendation and issue an order adverse to that party, the agency shall issue an amended proposed order. When the agency serves an amended proposed order on the party, the agency shall, at the same time notify the party when and where written exceptions for the amended order must be filed to be considered by the agency.

(4) Written exceptions filed under (2) or (3) may be scanned and attached to an email and sent to elec-hearings.sos@state.or.us, transmitted by fax (503-373-7414), mailed or hand-delivered to 255 Capitol St NE, Ste 501, Salem OR 97310.

(5) The agency decision maker, after considering any of the written exceptions may adopt the proposed order, amended proposed order or prepare a new order.

Designating NVRA Voter Registration Agencies

(1) "Voter Registration Agency" means one of the following:

(a) Armed Forces recruitment offices operated by the U.S. Department of Defense;

(b) Commission for the Blind;

(c) Department of Human Services, Aging and People with Disabilities (APD);

(d) Department of Human Services, Child Welfare;

(e) Department of Human Services, Self Sufficiency;

(f) Oregon Health Authority, CCare Program;

(g) Oregon Health Authority, Health Systems Division;

(h) Oregon Health Authority, Women, Infants and Children Nutrition Program (WIC);

(i) Office of Vocational Rehab Services;

(j) Oregon Department of Transportation;

(k) Public universities, as defined in ORS 352.002

(2) "Agency Site" means any voter registration location named by a voter registration agency designated in section (1) of this rule.

(3) "County Elections Official" means the official responsible for voter registration in any county.

(4) Some voter registration agencies are not required under the National Voter Registration Act to be designated as voter registration agencies. Because their status as Voter Registration Agencies is voluntary, public universities are exempt from the requirements of ORS 247.208(2) and (4).

(5) The Armed Forces recruitment offices, operated by the U.S. Department of Defense, are exempt from reporting statistical information to the Secretary of State and report directly to the Election Assistance Commission.

165-005-0065
Compiling and Reporting Registrations

(1) The Secretary of State shall provide to Voter Registration Agencies a print or electronic form to use to report the number of voter registration cards sent to the County Elections Official.

(2) At least monthly, on the form or in the manner provided by the Secretary of State, each agency site shall report to the Secretary of State the number of voter registration cards sent to the county elections office since the last report.

(3) County Elections Officials shall record the following voter registration information in the Oregon Centralized Voter Registration System (OCVR) allowing the Secretary of State to compile the information and report to the Election Assistance Commission:

(a) The number of voters registered "active" and the number of voters registered "inactive" at the close of the previous general election;

(b) The number of registrations cancelled between the two most recent federal general elections;

(c) The number of confirmation notices mailed out between the two most recent federal general elections and the number of responses to these notices received during that same period;

(d) The number of valid registrations for people not previously registered to vote in Oregon or who is currently cancelled (New);

(e) The number of registration applications that update an existing registration including the residential address from one county to another (Update); and

(f) The number of registration applications submitted by persons already registered to vote at the same address, under the same name, with the same personal information and the same political party (Duplicate).

(4) New, updated or duplicate registrations shall be recorded in the following categories:

(a) By mail all cards received from individuals that arrive by United States Postal Service;

(b) By other means all cards received from individuals arriving in person or another method, other than by United States Postal Service;

(c) From the Department of Transportation (DMV) — all cards received from DMV offices regardless of how the cards arrive;

(d) From a #3 — agency all cards received from a #3 agency regardless of how the cards arrive. #3 agencies include Addictions and Mental Health Division, Children, Adults & Families Division; and the Office of Family Health Services — WIC;

(e) From a #4 — agency all cards received from a #4 agency regardless of how the cards arrive. #4 agencies include the Commission for the Blind; Seniors & People with Disabilities; and the Office of Vocational Rehab Services;

(f) From Armed Forces Recruitment offices — all cards received from Armed Forces offices regardless of how the cards arrive;

(g) From all other designated voter registration agencies — all cards received from the Oregon University System, Secretary of State or other County Elections Office regardless of how the cards arrive; and

(h) Received on a Federal Voting Assistance Program (FVAP) registration application regardless of how the cards arrive.

Agency Registration Procedures

(1) Personnel at agency sites shall stamp or write on the reverse side of the voter registration card, below the postage area, the date the card is received by voter registration agency personnel.

(2) Voter registration agencies shall provide written notice to the Secretary of State of any change, to the following information within 30 days of the change:

(a) The identity of the NVRA coordinator for the voter registration agency;

(b) The location of each agency site that will offer voter registration; and

(c) The nature of voter registration procedures within the voter registration agency.

(3) Voter registration agency personnel shall not influence or attempt to influence a person to choose or not choose a particular political party or preference, or to register or to vote in any particular manner. Items which personnel shall not wear or display in the presence of clients while offering the opportunity to register to vote include materials that:

(a) Identify past, present, or future holders or seekers of partisan elective office;

(b) Contain logos or other graphics that may be identified with a political party or other party preference;

(c) Would reasonably be understood to be associated with a political party or other political party preference; or

(d) Would reasonably be understood to be advocating support or opposition to a ballot measure or candidate for elective office.

Designating Ballot Request Forms

(1) The Secretary of State designates form SEL 111, Absentee Ballot Request Form, as the form an elector who will be away during an election, may submit to a county elections official to request an absentee ballot, except that if the elector is serving in the Armed Forces, the Merchant Marine or is temporarily living outside the territorial limits of the United States, the elector must submit a Federal Post Card Application.

(2) The Secretary of State designates form SEL 111A, Absentee Ballot Request Form, as the form an elector who is 17 years old who will be away during an election may submit to a county elections official to request an absentee ballot, except that if the elector is serving in the Armed Forces, the Merchant Marine or is temporarily living outside the territorial limits of the United States, the elector must submit a Federal Post Card Application. The elector will not receive a ballot until an election occurs on or after their eighteenth birthday.

(3) The Secretary of State designates form SEL 113, Provisional Ballot Request Form, as the form an individual whose eligibility as a voter is in question may use to request a ballot. The provisional ballot will not be counted until the individual's eligibility is determined.

165-012-0240
Administrative Discontinuation of a Political Committee

(1) The Elections Division may administratively discontinue a political or petition committee when:

(a) The committee has not filed any transactions under ORS 260.057 for one calendar year; and

(b) The committee's ending cash balance reflected in ORESTAR is not more than $3500.

(2) Not later than 30 days before administratively discontinuing a committee under this section, the Elections Division shall attempt to inform the committee of the proposed discontinuation.

(a) For a candidate committee:

(A) By first class mail sent to the mailing address reported on the most recent Statement of Organization for the candidate and by first class mail to the most recent mailing address for the candidate reported in the Oregon Centralized Voter Registration System. If both addresses are the same, only one letter shall be sent; and

(B) By first class mail to the mailing address reported on the most recent Statement of Organization for the treasurer, if applicable.

(b) For a political committee notice will be sent by first class mail sent to the mailing address reported on the most recent Statement of Organization for the treasurer and by first class mail to the most recent mailing address for the treasurer reported in the Oregon Centralized Voter Registration System. If both addresses are the same, only one letter shall be sent.

(c) For a petition committee:

(A) By first class mail sent to the mailing address reported on the most recent Statement of Organization for the chief petitioner(s) and by first class mail to the most recent address for the chief petitioner(s) in the Oregon Centralized Voter Registration System. If both addresses are the same, only one letter shall be sent; and

(B) By first class mail to the mailing address reported on the most recent Statement of Organization for the treasurer, if applicable.

(3) The notice shall inform the committee that it will be discontinued by the Elections Division unless the committee notifies the Elections Division of reasons why the committee does not meet the criteria of this rule for administrative discontinuation; notification from the committee must be received not later than 20 days after the service date of the letter. "Notification" means contact in writing, via mail, email, fax transmission, or making contact with the Elections Division by phone. The written notice from the Elections Division shall also include:

(a) Notification that the statement of organization will be administratively discontinued 30 days from the date of the letter; and

(b) The applicable reasons for discontinuation listed in subsection (1) of this section.

165-013-0010
Penalty Matrix for Other Campaign Finance Violations

(1) This penalty matrix applies to civil penalties for campaign finance violations not covered by the penalty matrices in the Campaign Finance Manual.

(2) Mitigating Circumstances. The only mitigating circumstances that will be considered in a campaign finance violation covered by this rule include:

(a) The violation is a direct result of a valid personal emergency of the candidate, treasurer, alternate transaction filer, or independent expenditure filer. A valid personal emergency is an emergency, such as a serious personal illness or death in the immediate family of the candidate or treasurer which caused the violation to occur. A valid personal emergency does not include a common cold or flu, or a long-term illness where other arrangements could have been made. In this case, independent written verification must be provided;

(b) The violation is the direct result of an error by the elections filing officer;

(c) The violation is the direct result of clearly-established fraud, embezzlement, or other criminal activity against the committee, committee treasurer, candidate, alternate transaction filer, or independent expenditure filer, as determined in a criminal or civil action in a court of law or independently corroborated by a report of a law enforcement agency or insurer or the sworn testimony or affidavit of an accountant or bookkeeper or the person who actually engaged in the criminal activity. This mitigating circumstance is not available to the committee treasurer, candidate, alternate transaction filer, or independent expenditure filer who was the perpetrator of the wrongdoing described above;

(d) The violation is the direct result of fire, flood, utility failure or other calamitous event, resulting in physical destruction of, or inaccessibility to, campaign finance records. ("Calamitous event" means a phenomenon of an exceptional character, the effects of which could not have been reasonably prevented or avoided by the exercise of due care or foresight);

(e) The violation is the direct result of failure of a professional delivery service to deliver documents in the time guaranteed for delivery by written receipt of the service provider. This does not include delivery by fax.

(3)(a) Penalty Matrix. These mitigating circumstances may be considered in reducing, in whole or in part, the civil penalty. If the violation is a direct result of an error by the elections filing officer, the violation is waived and no penalty is assessed.

(b) Omitted or insufficient information for a violation of ORS 260.039(4), 260.042(4) or 260.118(3) submitted prior to the deadline for a candidate or treasurer to request a hearing will result in a 50% reduction of the penalty. If a public hearing is requested, the omitted or insufficient information may be submitted up to the date of the hearing. In such an event, the treasurer, candidate, alternate transaction filer or independent expenditure filer will be entitled to a 50% reduction of the assessed penalty.

(c) For the purpose of issuing a proposed penalty notice and subsequent imposition of a civil penalty for any violation in Appendix A of this rule, the candidate of a principal campaign committee, the treasurer of a political action committee, or the chief petitioner of a petition committee, is the party named in a proposed penalty notice and is the party responsible for the payment of any civil penalty if a penalty is assessed.

(d) For purposes of determining penalty amounts for violations of campaign finance violations covered by this rule Appendix A of this rule will apply.

[ED. NOTE: Appendix referenced is available from the agency.]

165-013-0020
Penalty Matrix for Non-Campaign Finance Civil Penalty Election Law Violations

(1)(a) This penalty matrix applies to civil penalties for violations of election laws that are not covered by the penalty matrices in the Campaign Finance Manual (late and insufficient campaign finance reports and new transactions to campaign finance reports), or other campaign finance violations as outlined in 165-013-0010.

(b) The penalty amount will be calculated against the same person, candidate or entity as described below for a period of four years from the date the violation occurs, for any election law violation, other than campaign finance violations covered in the penalty matrices in the Campaign Finance Manual and other campaign finance violations as outlined in 165-013-0010.

(c) In determining whether the offense is to be considered against the same person, candidate or entity, the following factors are to be considered:

(A) A person is considered the same candidate, regardless of the office(s) for which the person runs within this state, or whether there is a lapse in time between candidacies.

(B) A political committee is considered the same, regardless of who the treasurer is, or if the political committee has changed names but is established by the same group of persons.

(C) The same individual.

(d) When determining whether the offense is to be considered a single or multiple violations, the following factors are to be considered:

(A) One occurrence is considered one violation.

(B) Violations of Article IV, Section 1(b) will be calculated by deeming each individual signature sheet that contains signatures that were collected in violation of Section 1(b) as a single occurrence.

(C) Violations of ORS 260.569 will be calculated by deeming each individual signature sheet that contains a signature a violation of ORS 260.569 or each signed voter registration card in violation of ORS 260.569 as a single occurrence.

(2) Mitigating Circumstances: The burden is on the person alleged to have committed the election law violation to show that a mitigating circumstance exists and caused the election law violation. The only mitigating circumstances which will be considered, if applicable to the specific situation, include:

(a) The violation is a direct result of a valid personal emergency of the involved person(s). A valid personal emergency is an emergency such as a serious personal illness or death in the immediate family of the involved person(s). Personal emergency does not include a common cold or flu, or a long-term illness where other arrangements could have been made. In this case, independent written verification must be provided;

(b) The violation is the direct result of an error by an elections officer;

(c) The violation is the direct result of fire, flood or other calamitous event, resulting in physical destruction of, or inaccessibility to, any records required to be kept to document compliance with Oregon election law. ("Calamitous event" means a phenomenon of an exceptional character, the effects of which could not have been reasonably prevented or avoided by the exercise of due care or foresight);

(3)(a) Penalty Matrix. These mitigating circumstances may be considered in reducing, in whole or in part, the civil penalty. If the violation is a direct result of an error by an elections officer, the violation is waived and no penalty is assessed.

(b) For purposes of determining penalty amounts for violations of non-campaign finance civil penalty election law violations, Appendix B of this rule will apply.

[ED. NOTE: Appendices referenced are available from the agency.]

Designating Restrictions on Political Campaigning by Public Employees

In addition to, and not in lieu of, any other election processes contained in ORS Chapters 246 through 260 and OAR Chapter 165, the Secretary of State adopts the manual *Restrictions on Political Campaigning by Public Employees*, ORS 260.432 revised 01/2016. This manual provides guidance on ORS 260.432 and informs the public of permissible and impermissible activities by public employees.

Review of Specified Chief Petitioner Accounts

(1) Each chief petitioner of an initiative, referendum or prospective petition who pays any person money or other valuable consideration to obtain signatures on the petition shall keep detailed accounts in accordance with ORS 260.262. The Elections Division will review these accounts in the manner and in accordance with the schedule set out in paragraphs (2) and (3) of this rule.

(2) Chief petitioners shall submit digital copies of the applicable accounts described on the SEL 320 unless they receive prior written approval from the Elections Division to submit paper copies.

(a) Acceptable digital formats include pdf files, Excel files, or Word files submitted on CD-ROM or via electronic mail.

(b) The Elections Division may request original documentation of chief petitioner accounts, in addition to or in lieu of copies.

(c) The Elections Division may choose to conduct on-site reviews of chief petitioner accounts.

(3) Detailed copies of the applicable accounts described on the SEL 320, must be submitted by the 10th business day of each month after any month in which circulators were paid to collect signatures for the primary signature gathering effort. Accounts for the sponsorship phase must be included with the first submittal of accounts for the primary signature gathering effort. The Elections Division may require accounts to be submitted in shortened time frame depending on the circumstances of each petition.

(4) The Elections Division reserves the right to demand all accounts described under ORS 260.262, including all circulated signature sheets.

(5) Chief petitioners, or their authorized agent, must submit a completed SEL 320, each time accounts are provided, detailing the nature of the accounts provided under ORS 260.262.

(6) The Elections Division shall review accounts to determine whether all of the required information appears to have been provided. If after review it is determined that the accounts submitted are incomplete or the chief petitioners fail to submit the requested accounts, the Elections Division may find that a violation of section 1b, Article IV of the Oregon Constitution, has occurred, suspend the petition from obtaining additional signatures, and/or issue a civil penalty under OAR 165-013-0020.

(7) If the Elections Division takes action under ORS 260.262(6) the chief petitioners may file notarized written explanation contesting the suspension and providing evidence that the accounts submitted are complete.

(8) If a petition is suspended under ORS 260.262(6) the chief petitioners are prohibited from obtaining any additional signatures on the petition until it has been determined by the Elections Division that the accounts are complete. Any signatures gathered in violation of the suspension will not be accepted for signature verification.

(9) If the petition has multiple chief petitioners, only one set of copies of the detailed accounts for each petition need to be produced by the deadline.

(10) Accounts must be kept current as of not later than the 7th calendar day after the date a payment is made to a person for obtaining signatures on a petition.

(11) The Elections Division reserves the right to conduct a review of all chief petitioner accounts in accordance with ORS 260.262(4).

165-014-0260

Prohibition on Paying or Receipt of Payment based on the Number of Signatures Obtained on an Initiative, Referendum, Candidate Nominating Petition or Voter Registration Cards

(1) The purpose of this rule is to interpret Article IV, section 1b of the Oregon Constitution and ORS 260.569. Article IV, section 1b of the Oregon Constitution provides: "It shall be unlawful to pay or receive money or other thing of value based on the number of signatures obtained on an initiative or referendum petition. Nothing herein prohibits payment for signature gathering which is not based, either directly or indirectly, on the number of signatures obtained." ORS 260.569 provides: "A person may not pay or receive money or another thing of value based on the number of: signatures a person obtains for purposes of nominating a candidate for elective public office or signed voter registration cards a person collects.

(2) Section 1b and ORS 260.569 bans the practice of paying circulators or others involved in an initiative, referendum, candidate nominating petition or voter registration card collection effort if the basis for payment is the number of signatures obtained. This means that payment cannot be made on a per signature basis. Employment relationships that do not base payment on the number of signatures collected are allowed. Allowable practices include: paying an hourly wage or salary, using express minimum signature requirements (quota), terminating those who do not meet the productivity requirements, adjusting salaries prospectively relative to productivity, and paying discretionary bonuses based on reliability, longevity and productivity, provided no payments are made on a per signature basis. The use of express minimum signature requirements (quota) for an initiative or referendum petition is allowable so long as that requirement is disclosed to the Elections Division on the SEL 320 as part of accounts.

(3) If a circulator is carrying a petition subject to Section 1b or ORS 260.569 and another petition not subject to Section 1b or ORS 260.569 (for example, a state initiative petition and a local recall petition), the circulator may be paid by the signature only for signatures collected on the petition not subject to Section 1b or ORS 260.569. Any payment for collecting signatures on the petition subject to Section 1b or ORS 260.569 must comply with Section 1b or ORS 260.569.

(4) The phrase "directly or indirectly" in Section 1b means that the chief petitioners who are responsible for the circulation and submission of the initiative or referendum petition cannot directly pay for signature gathering based on the number of signatures obtained, and cannot contract or delegate to another person or entity to obtain signatures and allow the third party to pay circulators on the basis of the number of signatures obtained. However, chief petitioners may contract with a person or entity to manage the signature gathering, and pay the person or entity for services, including the service of qualifying the petition for the ballot, so long as the individuals who actually circulate the petition are not paid based on the number of signatures obtained. The chief petitioners are responsible for insuring that agents of the chief petitioner (anyone who is delegated the task of obtaining signatures on the initiative or referendum petition) do not violate Section 1b.

(5) Violations of Section 1b or ORS 260.569 will be processed under 260.995 as civil penalties. Penalties may be assessed against chief petitioners or any other persons who either directly or indirectly pay based on the number of signatures or voter registration cards obtained. Liability may be imposed on chief petitioners as provided in 260.561. Violations of Section 1b or 260.569 will be calculated by deeming each individual signature sheet or voter registration card that contains signatures that were collected in violation of Section 1b or 260.569 as a single occurrence.

Teacher Standards and Practices Commission
Chapter 584

Rule Caption: Letters of Informal Reproval; Experimental Programs; Middle Level; Licensure Processing; Teacher Leader; National Accreditation
Adm. Order No.: TSPC 3-2016(Temp)
Filed with Sec. of State: 6-30-2016
Certified to be Effective: 7-1-16 thru 12-27-16
Notice Publication Date:
Rules Adopted: 584-010-0004, 584-010-0125
Rules Amended: 584-020-0060, 584-200-0005, 584-200-0030, 584-210-0050
Subject: 584-020-0060 clarifies process for termination of informal reproval process.

584-010-0125 allows program to create innovative and collaborative programs on an experimental basis.

584-200-0005 is amended to permit applicants who previously held middle level endorsements to add foundational endorsements with only a test and to provide a 120 day grace period to all licenses that expire on June 30, 2016.

584-200-0030 defines a month as 30 days for late fees and adds a provision to allow 30 days to reopen an application if new information is received.

584-210-0050 amends provisions related to teaching experience and evaluations for Teacher Leader License.

584-010-0004 creates transition rule for national accreditation requirements.
Rules Coordinator: Tamara Dykeman—(503) 378-3586

584-010-0004
Transition to National Accreditation

(1) The Oregon Legislative Assembly has delegated to the Teacher Standards and Practices Commission the authority to establish standards for approval of educator preparation programs through Oregon Revised Statutes 342.147 and 342.165.

(2) The Oregon Legislative Assembly has required all educator preparation programs to be nationally accredited by July 1, 2022, pursuant to Sections 2 through 6, chapter 756, Oregon Laws 2015 (Enrolled SB 78).

(3) Purpose of the rule: In order to facilitate the implementation of the national accreditation requirement, the agency is establishing transition provisions for the state approval process. The purpose of the transition provisions is to provide guidance and flexibility to educator preparation programs in the state approval process as they pursue new or renewing national accreditation.

NOTE: This transition rule does not apply to educator preparation programs that have completed a site visit prior to July 1, 2016, for a pending national accreditation or state approval process.

(4) State Approval of Unit: Effective July 1, 2016, the Commission is establishing the Council for the Accreditation of Educator Preparation (CAEP) 2013 Accreditation Standards as the Oregon standards for state approval of units.

(5) In accordance with subsection (4) of this rule, the unit will not be required to meet the following standards for the state approval process:

(a) 584-017-1008 Conceptual Framework;

(b) 584-017-1015 Knowledge Skills and Professional Dispositions;

(c) 584-017-1022 Assessment System and Unit Evaluation;

(d) 584-017-1028 Selection, Recruitment, Admission and Retention of Candidates;

(e) 584-017-1038 Field Experience and Clinical Practice;

(f) 584-017-1052 Faculty Qualifications, Performances and Development; and

(g) 584-017-1055 Unit Governance and Resources.

(6) Program Review: Single Subject Endorsements: The unit may aggregate all single-subject endorsement areas into one program review report, unless the endorsement requires completion of a Commission-adopted program as provided in Chapter 584, Division 220. The Commission will provide state recognition of the aggregated single-subject programs in accordance with state standards for educator preparation (INTASC).

(7) Program Review Templates: The unit may submit a program review report in any of the following forms:

(a) TSPC Program Review Template;

(b) Specialized Professional Association (SPA) template;

(c) Modified Specialized Professional Association (SPA) template; or

(d) Any other template that meets the needs of the unit and provides the required information for TSPC program review.

(8) State-Specific Standards: State-Specific Standards (State Addendum Report): The units must submit a state addendum report for review of state-specific standards.

(a) The report must include evidence of meeting following state standards:

(A) Request for Waiver of Rules (OAR 584-017-1010);

(B) Waivers of Academic Requirements and Appeals on Academic Decisions (OAR 584-017-1012);

(C) Knowledge of School Law for Licensed Educators (OAR 584-017-1020);

(D) Diversity and Inclusion (OAR 584-017-1050);

(E) Verification of Program Completion for All Licensure Programs (OAR 584-017-1035);

(F) Field or Clinical Experiences (OAR 584-017-1042);

(G) Student Teaching (OAR 584-017-1045); and

(H) Internship Agreements (OAR 584-017-1048).

(b) The state addendum report may be submitted in conjunction with the program review process or with the state approval of unit process.

(c) The state addendum report may be submitted in the form and manner that best meets the needs of the unit, especially in regard to its national accreditation process.

NOTE: The Commission is in the process of adopting rules for statutory requirements related to reading, dyslexia and school-based clinical faculty. The unit may be required to include these areas in the state addendum report after the new rules are adopted.

(9) Applicability: Unless otherwise stated, all requirements and procedures set forth in this rule become effective July 1, 2016. This rule supersedes any provisions contained in OAR chapter 584, division 10 and 17 relating to the continuing state approval process and any conflicting rule requirements will be resolved accordingly.

Stat. Auth.: ORS 342

584-010-0125
Experimental Programs

(1) Purpose of Experimental Programs: The purpose of experimental licensure, endorsement or specialization programs is to allow educator preparation programs to develop innovative and creative programs that respond to community, social and education needs. Furthermore, it is to

encourage collaboration among educator preparation programs and to foster partnerships between programs and other education entities, including school districts, education service districts, private schools and non- profit organizations.

(2) Term of Experimental Programs: The Commission may provide state recognition of an experimental licensure, endorsement or specialization program for a maximum of two years. The state recognition of an experimental program may not exceed two years under any circumstances.

(3) Requirements for Experimental Programs: The proposal for state recognition of an experimental program must include:

(a) Rationale for the experimental program, including:

(A) Specific variations to Commission-adopted program requirements the unit(s) is seeking;

(B) Description of the innovative and creative program structure and how it will serve community, social and education needs; and

(C) Description of any partnerships or collaborations involved with the experimental program.

(b) Descriptions of proposed education experiences and settings;

(c) Arrangements for practica experiences;

(d) Evidence of institutional capacity to support the program; and

(e) Systematic efforts for evaluation of program completers.

(4) Requirements for Licensure: Candidates completing an experimental program must meet all Oregon licensure requirements.

(5) Annual Reports: The unit(s) must include data and information regarding any approved experimental programs within their annual report(s) to the Commission.

(6) Full State Recognition: The unit(s) must receive full state recognition of licensure, endorsement or specialization program as provided in OAR Chapter 584, Division 10 no later than two years following the date of the initial state recognition of the experimental program by the Commission.

584-020-0060
Letters of Informal Reproval

(1) Pursuant to ORS 342.183, the Commission may agree not to pursue disciplinary action against a licensed, registered or certified educator by the Commission and issue a letter of informal reproval if:

(a) Following an investigation, the Commission determines that the educator has engaged in misconduct based on standards adopted by the Commission by rule; and

(b) The educator agrees to the terms of the letter of informal reproval, including a monitoring period.

(2) The Commission may take disciplinary action if the educator fails to comply with the terms of the informal reproval as provided in subsection (5) of this rule.

(3) Pursuant to ORS 342.183, the Commission shall:

(a) Establish the terms of a monitoring period for the educator to whom the letter is issued; and

(b) Notify the employer, if any, of the educator to whom the letter is issued, including any terms of the letter that the employer may need to know to assist the educator in complying with the terms of the letter.

(4) A letter of reproval:

(a) Is confidential; and

(b) May not be posted on an interstate clearinghouse related to educator license sanctions except if disciplinary action is taken as provided in subsection (5) of this rule.

(5) If an educator fails to comply with the terms of a letter of informal reproval, the Commission may take disciplinary action against the educator based on one or both of the following:

(a) The conduct underlying the letter of informal reproval; or

(b) The failure to comply with the terms of the letter of informal reproval.

(6) If the Executive Director of the Commission determines that an educator failed to meet the terms of a letter of informal reproval, the Executive Director is authorized to open an investigation into the alleged failure and shall submit the investigation report to the Commission with a recommendation regarding potential sanctions to make a final determination pursuant to ORS 342.176.

(7) If the Executive Director of the Commission determines that an educator has met the terms of a letter of informal reproval and has successfully completed the monitoring period, the Executive Director is authorized to terminate the monitoring period and issue a letter dismissing the Informal Letter of Reproval and Monitoring Period.

(a) All dismissal letters terminating an Informal Letter of Reproval and monitoring period shall be reported to the Commission at the meeting following the date of the Dismissal Order.

(b) The investigation file, record of Informal Letter of Reproval and the dismissal letter are confidential and not subject to public disclosure.

(8) The Executive Director shall notify the educator by letter of the dismissal of the informal reproval as provided in subsection (7) of this rule.

(9) The Executive Director shall notify the employer, if any, of the educator who was previously notified under subsection (3)(b) of this rule of the dismissal of the informal reproval as provided in subsection (7) of this rule.

Stat. Auth.: ORS 342

Hist.: TSPC 1-2015, f. & cert. ef. 2-10-15; TSPC 3-2016(Temp), f. 6-30-16, cert. ef. 7-1-16 thru 12-27-16

584-200-0005
Transition to New Licensure System

(1) Effective January 1, 2016: All OAR Chapter 584 rule titles, numbers and provisions adopted on or after January 1, 2016 will supersede all OAR Chapter 584 rule numbers, titles and provisions adopted prior to this date. Any conflicting rule requirements within OAR Chapter 584 will be resolved according to the OAR Chapter 584 rule provisions effective on or after January 1, 2016.

(2) Endorsements:

(a) Effective July 1, 2015, the endorsements as provided in OAR 584-220-0010 will be placed on first-issue licenses and renewals.

(b) Effective July 1, 2015, all teaching licenses will be issued endorsement in accordance with Division 220, Endorsements on Teaching Licenses and subsection (2)(c) of this rule.

(c) Multiple Subjects — Middle Level Endorsements: Effective July 1, 2015, the Multiple Subjects — Middle Level endorsement is abolished. The Multiple Subjects — Middle Level endorsement will not be added to or retained with an applicant's Initial, Initial I, Initial II, Continuing, Professional Teaching Licenses or any future licenses the applicant holds. Current holders of the Multiple Subjects — Middle Level endorsement will be subject to the following transition provisions:

(A) If the applicant has been assigned and taught multiple subjects (self-contained) for four full years or more in a public, charter or private school setting as evidenced by Professional Educational Experience Report (PEER) forms, the Elementary-Multiple Subjects endorsement may be added to the license. If the applicant has not taught four full years or more in an assignment that requires a multiple subjects (self-contained) endorsement, the Elementary-Multiple Subjects endorsement may not be added to the license. If necessary, the applicant and an Oregon school district may apply for an Emergency Teaching License pursuant to OAR 584-210-0130 or a License for Conditional Assignment (LCA) pursuant to OAR 584-210-0160 while the applicant is in the process of qualifying for an Elementary — Multiple Subjects or another valid endorsement.

(B) If the applicant has been assigned and taught Foundational Mathematics, Foundational Language Arts, Foundational Social Studies or Foundational Science for four full years or more in a public, charter or private school setting, as evidenced by Professional Educational Experience Report (PEER) forms, the appropriate foundational single subject may be added to the license. If the applicant has not taught four full years in an assignment that requires a foundational subject matter endorsement, the foundational subject matter endorsement may not be added to or retained on the license. If necessary, the applicant and a district may apply for an Emergency Teaching License pursuant to OAR 584-210-0130 or a License for Conditional Assignment (LCA) pursuant to 584-210-0160 while the applicant is in the process of qualifying for a valid subject-matter endorsement. The applicant may add the Foundational Mathematics, Foundational Language Arts, Foundational Social Studies or Foundational Science by receiving a passing score of the appropriate Commission-approved subject mastery test. The applicant is not required to complete the pedagogy requirements for adding an endorsement to a Preliminary Teaching License as provided in Chapter 584, Division 220.

(3) Grade-Level Authorizations:

(a) Effective July 1, 2015, grade-level authorizations for Initial, Initial I, Initial II, Continuing, Professional Teaching and Distinguished Teacher Leader licenses are abolished and regardless of the printed grade authorizations held on the license, all licenses in this subsection are authorized prekindergarten through grade 12 within the scope of the NCES course codes associated with the endorsements held on the license.

(b) Effective January 1, 2016, grade-level authorizations for Basic and Standard teaching licenses are abolished and regardless of the printed

grade authorizations held on the license, all licenses are authorized prekindergarten through grade 12 within the scope of the NCES course codes associated with the endorsements held on the license.

(c) Effective July 1, 2015, licensees will no longer be advised that they must add a grade-level authorization program in order to expand the grade levels on their license.

(d) Licensees advised they were required to complete a grade-level authorization program will not be held for failure to complete that requirement.

(e) The Commission will make every effort to identify these licensees to alert them to the new grade-level authorization requirements.

(4) Initial I Teaching Licenses: (a) All applicants issued an Initial I Teaching License between July 1, 2015 and December 31, 2015 will be issued a renewal of their license in accordance with the Preliminary Teaching License adopted on January 1, 2016.

(b) Effective January 1 2016, the Initial I Teaching License will be administratively renamed to the Preliminary Teaching License.

(5) Initial I and Initial II Teaching Licenses Based on a MAT or Post-Baccalaureate Preparation Program issued prior to July 1, 2015: General Provisions: Effective July 1 2015, the completion of the advanced coursework of six (6) semester or nine (9) quarter graduate hours required to advance to the Initial II Teaching License satisfies the advanced professional education program requirements for the Professional Teaching License.

(6) Initial I Teaching Licenses Based on a Bachelor's Degree issued prior to July 1, 2015: General Provisions: Effective July 1, 2015, for Initial I Teaching Licenses based on a Bachelor's degree, the requirements to complete the master's degree or equivalent post-Initial I Teaching License are modified as follows:

(a) Admission to and completion of a master's degree or higher in education or in the arts and sciences from a regionally accredited institution, or the foreign equivalent of such degree approved by the Commission will satisfy the advanced professional education program requirements of the Professional Teaching License;

(b) Completion of thirty (30) semester hours or forty-five (45) quarter hours of graduate coursework will be considered "equivalent" to completion of a master's degree;

(c) Effective July 1, 2015, the requirement that "equivalent" graduate coursework must include equal amounts of pedagogy; content; and electives (ten (10) semester or fifteen (15) quarter graduate hours each) has been eliminated; and

(d) Applicants who do not wish to complete these requirements may qualify for promotion to the Professional Teaching License upon completion of the advanced program requirements as provided in OAR 584-0210-0040.

(7) Initial I Teaching Licenses Based on a MAT or Post-Baccalaureate Preparation Program Issued Between July 1, 2012 through June 30, 2015: First Renewal: (a) Upon the first renewal of the Initial I Teaching License, applicants will be issued a new set of instructions for qualifying for the Professional Teaching License.

(b) Qualified applicants will be issued an Initial I Teaching license which will be administratively renamed to a Preliminary Teaching License after January 1, 2016.

(c) To qualify for first renewal of the Initial I Teaching License, an applicant subject to this subsection must:

(A) Meet the previously advised renewal requirements to show progress of 3 semester or 4.5 quarter hours (at least 90 professional development units); or

(B) Meet the new Preliminary Teaching License renewal requirements as provided in OAR 584-210-0030.

(d) If the applicant does not meet renewal requirements for either previously advised or new Preliminary Teaching License renewal options, the applicant may not renew the license. The applicant may apply to reinstate the Preliminary Teaching License upon completion of the renewal requirements in effect at the time of application for reinstatement. (See, OAR 584-210-0030 and OAR 584-210-0190.)

(e) Failure to complete renewal requirements is not considered an eligible emergency for purposes of the Emergency Teaching License.

(8) Initial I Teaching Licenses Based on a Bachelor's Degree Issued Between July 1, 2012 through June 30, 2015: First Renewal: (a) Upon the first renewal of the Initial I Teaching License, applicants will be issued a new set of instructions for the requirements to qualify for the Professional Teaching License.

(b) Qualified applicants will be issued an Initial I Teaching license which will be administratively renamed to a Preliminary Teaching License after January 1, 2016.

(c) To qualify for first renewal of the Initial I Teaching License, an applicant subject to this subsection must:

(A) Meet the previously advised renewal requirements of 3 semester or 4.5 quarter hours (at least 90 professional development units); or

(B) Meet the new Preliminary Teaching License renewal requirements as provided in OAR 584-210-0030.

(d) If the applicant does not meet renewal requirements for either the previously advised renewal option or the new Preliminary Teaching License renewal option, the applicant may not renew the license. The applicant may apply to reinstate the Preliminary Teaching License upon completion of the renewal requirements in effect at the time of application for reinstatement.

(e) Generally, failure to complete renewal requirements is not considered an eligible emergency for purposes of the Emergency Teaching License.

(9) Initial I Teaching Licenses Based on a Bachelor's Degree First Issued Between July 1, 2009 through June 30 2012: Second Renewal:

(a) Upon second and final renewal of the Initial I Teaching License, applicants will be issued a new set of instructions for the requirements that must be completed in order to obtain the Professional Teaching License.

(b) Qualified applicants will be issued an Initial I Teaching license which will be administratively renamed to a Preliminary Teaching License after January 1, 2016.

(c) To qualify for second renewal of the Initial I Teaching License, an applicant subject to this subsection must:

(A) Meet the previously advised renewal requirements to show progress of 3 semester or 4.5 quarter hours (at least 90 professional development units); or

(B) Meet the new Preliminary Teaching License renewal requirements as provided in OAR 584-210-0030.

(d) If the applicant does not meet renewal requirements for either the previously advised renewal option or the new Preliminary Teaching License renewal option, the applicant may not renew the license. The applicant may apply to reinstate the Preliminary Teaching License upon completion of the renewal requirements in effect at the time of application for reinstatement.

(e) Generally, failure to complete renewal requirements is not considered an eligible emergency for purposes of the Emergency Teaching License.

(f) If an applicant is eligible for the Professional Teaching License as provided in OAR 584-210-0040, the applicant will be issued the Professional Teaching License.

(10) Initial I Teaching Licenses Based on a MAT or Post-Baccalaureate Preparation Program Issued Between July 1, 2009 through June 30, 2012:

(a) Qualified applicants who have completed the advanced professional education program requirements and the professional experience requirement as previously advised by the Commission will be issued the Professional Teaching License.

(b) To qualify for the Professional Teaching License, applicants subject to this subsection must:

(A) Meet previously advised advanced coursework requirement of six (6) semester or nine (9) quarter graduate hours; or

(B) Meet the new requirements for the Professional Teaching License as provided in OAR 584-210-0040. Under this option, the applicant may use any qualifying coursework earned during the first two terms of her or his Initial I Teaching License to satisfy the new advanced professional education program requirements.

(c) If an applicant is unable to meet requirements for the Professional Teaching License as provided in subsection (10)(b) of this rule, the applicant will be issued a renewal of the Preliminary Teaching License.

(d) To qualify for the Professional Teaching License, all applicants must also meet the professional experience requirements provided in OAR 584-210-0040, Professional Teaching License.

(11) Initial I Teaching Licenses Based on a Bachelor's Degree First Issued Between July 1, 2006 through June 30, 2009: No Further Renewals:

(a) Qualified applicants who have completed the advanced coursework requirements as previously advised by the Commission and the professional experience requirement will be issued the Professional Teaching License;

(b) To qualify for the Professional Teaching License, applicants subject to this subsection must:

(A) Meet previously advised advanced master's degree or equivalent coursework requirements for the Initial II Teaching License as modified by subsection (5) and (6) of this rule; or

(B) Meet the new requirements for the Professional Teaching License as provided in OAR 584-210-0040. Under this option, the applicant may use any qualifying coursework earned during the first two terms of her or his Initial I Teaching License to satisfy the new advanced professional education program requirements.

(c) If an applicant is unable to meet requirements for the Professional Teaching License provided in subsection (10)(b) of this rule, the applicant will be issued a renewal of the Preliminary Teaching License.

(d) To qualify for the Professional Teaching License, all applicants must also meet the professional experience requirements provided in OAR 584-210-0040, Professional Teaching License.

(12) Initial II Teaching Licenses Effective July 1, 2015:

(a) Effective July 1, 2015, the Initial II Teaching License will no longer be issued.

(b) Qualified applicants who were issued the Initial II Teaching License prior July 1, 2015 are considered to have satisfied all advanced professional education program requirements provided in OAR 584-210-0040, Professional Teaching License;

(c) Qualified applicants who have completed the teaching experience requirements provided in OAR 584-210-0040 will be issued the Professional Teaching License;

(d) Qualified applicants who do not have sufficient teaching experience to meet the requirements for OAR 584-210-0040, Professional Teaching License, will be issued a continuously renewable Preliminary Teaching License as provided in OAR 584-210-0030, Preliminary Teaching License.

(e) On January 1, 2016, the Initial I Teaching License will be administratively renamed to the Preliminary Teaching License.

(13) Continuing Teaching Licenses:

(a) Effective March 1, 2014, the Continuing Teaching License is no longer issued.

(b) Qualified Continuing Teaching License holders will be issued a Professional Teaching License with instructions on how to qualify and apply for the Teacher Leader License;

(14) Basic Teaching Licenses:

(a) Effective January 1, 2016, the Basic Teaching License will no longer be issued.

(b) Qualified applicants who were issued the Basic Teaching License prior to December 31, 2015 are considered to have satisfied all advanced professional education program requirements provided in OAR 584-210-0040, Professional Teaching License;

(c) Qualified applicants who have completed the teaching experience requirements provided in OAR 584-210-0040 will be issued the Professional Teaching License;

(d) Qualified applicants who do not have sufficient teaching experience to meet the requirements for OAR 584-210-0040, Professional Teaching License, will be issued the Legacy Teaching License unless the applicant requests to have the Preliminary Teaching License.

(15) Standard Teaching License Renewals:

(a) Effective January 1, 2016, the Standard Teaching License will no longer be issued.

(b) Qualified Standard Teaching License holders will be issued a Professional Teaching License.

(16) First Time Out of State Applicants:

(a) Effective January 1, 2016, the Initial Teaching License will no longer be issued.

(b) Qualified new out of state applicants will be issued a Reciprocal Teaching License as provided in OAR 584-210-0060.

(17) Five Year Teaching Licenses (Pre-1965 licenses) Renewals:

(a) Effective January 1, 2016, the pre-1965 Five Year Teaching Licenses will no longer be issued.

(b) Qualified Five Year Teaching License holders will be issued either the Professional Teaching License.

(18) Teaching Licenses with Communication Disorder endorsements (speech language pathology):

(a) Effective January 1, 2016, all speech pathology related endorsements are retitled to Special Education: Communication Disorders.

(b) Until June 30, 2016, qualified applicants may be issued new non-provisional teaching licenses with special education: communications disorder endorsements.

(c) Effective July 1, 2016, new special education: communication disorder endorsements (speech language pathology) will no longer be issued.

(d) Effective July 1, 2016, licensed educators issued a non-provisional special education: communication disorder endorsements or other similar speech language pathology endorsements prior to June 30, 2016 are grandfathered into the licensure system and will be able to keep their special education: communication disorder endorsement. Grandfathered qualified applicants will be able to renew and reinstate teaching licenses with the special education: communication disorder endorsement. Applicants may not reinstate a restricted teaching license with a communication disorder or other similar speech pathology endorsement.

(19) Endorsements transitioning to Specializations:

(a) Early Childhood: All licenses issued prior to January 1, 2016 with an early childhood authorization or endorsement will be issued an early childhood specialization upon renewal of the license.

(b) ESOL/Bilingual: All licenses issued prior to January 1, 2016 with an ESOL/Bilingual endorsement will be issued an ESOL endorsement with a bilingual specialization upon renewal of the license.

(20) ESEA Alternative Route Teaching License Transition: Effective January 1, 2016, the ESEA Alternative Route Teaching License is no longer issued. Qualified applicants issued an ESEA license prior to January 1, 2016 must transition to full licensure at the end of their current three-year license term.

(21) Administrative and Personnel Service License Title Name Changes: Effective January 1, 2016, administrative and personnel service educator licenses titles will be renamed as follows:

(a) Basic Administrator is retitled to Legacy Preliminary Administrator;

(b) Standard Administrator is retitled to Professional Administrator;

(c) Initial Administrator is retitled to Preliminary Administrator;

(d) Continuing Administrator is retitled to Professional Administrator;

(e) Distinguished Administrator is retitled to Distinguished Administrator;

(f) Transitional Administrator is retitled to Reciprocal Administrator;

(g) Transitional Superintendent is retitled to Reciprocal Superintendent;

(h) Restricted Administrator is retitled to Restricted Administrator;

(i) Exceptional Administrator is retitled to Exceptional Administrator;

(j) Emergency Administrator is retitled to Emergency Administrator;

(k) Basic Personnel Service with a Basic or Standard Counselor endorsement is retitled to Legacy School Counselor;

(l) Basic Personnel Service with a Basic or Standard School Psychologist endorsement is retitled to Legacy School Psychologist;

(m) Standard Personnel Service with a Standard Counselor endorsement is retitled to Professional School Counselor;

(n) Standard Personnel Service with a Standard School Psychologist endorsement is retitled to Professional School Psychologist;

(o) Standard School Counselor is retitled to Professional School Counselor;

(p) Initial I School Counselor is retitled to Preliminary School Counselor;

(q) Initial II School Counselor is retitled to Preliminary School Counselor;

(r) Continuing School Counselor is retitled to Professional School Counselor;

(s) Transitional School Counselor is retitled to Reciprocal School Counselor;

(t) Restricted School Counselor is retitled to Restricted School Counselor;

(u) Emergency School Counselor is retitled to Emergency School Counselor;

(v) Basic School Psychologist is retitled to Preliminary School Psychologist;

(w) Standard School Psychologist is retitled to Professional School Psychologist;

(x) Initial School Psychologist is retitled to Preliminary School Psychologist;

(y) Continuing School Psychologist is retitled to Professional School Psychologist;

(z) Transitional School Psychologist is retitled to Reciprocal School Psychologist;

(aa) Limited Student Services is retitled to Limited Student Services;

(bb) Initial School Social Worker is retitled to Preliminary School Social Worker;

(cc) Continuing School Social Worker is retitled to Professional School Social Worker;

(dd) Transitional School Social Worker is retitled to Reciprocal School Social Worker;

(ee) Restricted School Social Worker is retitled to Restricted School Social Worker; and

(ff) Emergency School Social Worker is retitled to Emergency School Social Worker.

(22) June 30, 2016 Grace Periods: Notwithstanding OAR 584-200-0030(4)(d) and Chapter 584, Division 210, all licenses with an expiration date of June 30, 2016 will receive a 120 grace period in accordance with OAR 584-200-0030(4).

Stat. Auth.: ORS 342
Stats. Implemented: ORS 342.120 - 342.430, 342.455 - 342.495 & 342.553
Hist.: TSPC 13-2015(Temp), f. 11-13-15, cert. ef. 1-1-16 thru 6-28-16; TSPC 1-2016, f. & cert. ef. 2-10-16; TSPC 3-2016(Temp), f. 6-30-16, cert. ef. 7-1-16 thru 12-27-16

584-200-0030
Application Processing Requirements and Procedures

(1) All applicants must create an online user account and use the online system for applications for licenses, endorsements, renewals, specializations, and reinstatements.

(2) All applicants must pay for fees through the online system. Check and cash payments are not permitted.

(3) Requirement for Complete Application: The Commission will only process complete applications for new licenses, endorsements, renewals, specializations and reinstatements. An application is incomplete if the applicant has not submitted a correct and complete application, all required fee payments, and all supporting documentation required to evaluate the application.

(4) Evaluation of Application: Licenses, registrations and certificates are issued based on the evidence in the applicant account at the time of evaluation. If an applicant submits additional acceptable evidence within 30 days of the date of issuance of a license, registration or certificate, the Director of Licensure, or designee, may reevaluate the issuance without a new application and fee.

EXAMPLE: An applicant is issued a Preliminary Teaching License. The applicant submits new acceptable documentation of experience within 30 days of the issuance of the Preliminary Teaching License. The Director of Licensure, or designee, may reevaluate the applicant for the Professional Teaching License based on the new evidence without requiring a new application and fee.

EXAMPLE: An applicant is moving from a Reciprocal Teaching License to a Preliminary Teaching License. The applicant is issued a Preliminary Teaching License with endorsements based on evidence available in the applicant account of acceptable documentation of content knowledge as provided in OAR Chapter 584, Division 220. The applicant submits additional test scores within 30 days of issuance of the Preliminary Teaching Licensee. The Director of Licensure, or designee, may reevaluate the applicant for new endorsements based on the new test scores without requiring a new application and fee.

(5) Expiration of License: A license, certificate or registration is expired one day after the expiration date on the license, certificate or registration unless the license, registration or certificate is eligible for the grace period.

(a) The grace period is active for 120 days after the expiration date of a license, registration and certificate.

(b) To activate the 120 day grace period, an applicant must submit a correct and complete application and all required fees prior to the expiration date.

(A) If it is determined that the application was not correct or complete after the grace period is activated, the applicant has the remainder of the 120 grace period to correct the incomplete application.

(B) If the application is not corrected by the expiration of the 120 day grace period, the applicant must submit a new application for reinstatement of the license, registration or certificate and pay reinstatement fees. The applicant will forfeit the previous application fees and any late fees paid on the prior application.

(c) If an applicant submits a correct and complete application and all required fees after the expiration date, the license, registration or certificate will be processed according to the following provisions:

(A) Day 1 to 30: If an applicant submits a correct and complete application from one to 30 days after expiration date, the applicant pays $40 late fees plus all other required fees. The applicant will receive a grace period from the date of application until 120 days after the expiration date;

(B) Day 31 to 60: If an applicant submits a correct and complete application from 31 to 60 days after expiration date, the applicant pays $80 late fees plus all other required fees. The applicant will receive a grace period from the date of application until 120 days after the expiration date;

(C) Day 61 to 90: If an applicant submits a correct and complete application from 61 to 90 days after expiration date, the applicant pays $120 late fees plus all other required fees. The applicant will receive a grace period from the date of application until 120 days after the expiration date;

(D) Day 91 to 120: If an applicant submits a correct and complete application from 91 to 120 days after expiration date, the applicant pays $160 late fees plus all other required fees. The applicant will receive a grace period from the date of application until 120 days after the expiration date;

(E) Day 121 or more: Applicant pays for new application for reinstatement, reinstatement fees and all other required fees.

(F) If an applicant submits a correct a complete application prior to the expiration of the 120 day grace period, the renewal period of the license, registration or certificate will start one day after the original expiration date.

(d) The following licenses are not eligible for 120 grace period due to renewal restrictions:

(A) Emergency licenses; (Not eligible for renewal);

(B) Restricted licenses; (Eligible for reissue only);

(C) International Visiting Teacher License: (Eligible for reissue only);

(D) Restricted Substitute Teaching License if issued for one-year term;

(E) License for Conditional Assignment. (Eligible for reauthorization only).

584-210-0050
Teacher Leader License

(1) Purpose of the License: The Teacher Leader License is issued to professional teachers who have demonstrated exceptional leadership in the school environment, education profession and the larger community while consistently advancing student growth and achievement. The Teacher Leader License designates that the licensee is qualified to hold the title of Teacher Leader and to provide educational leadership that may include, but is not limited to: mentoring, curriculum development support, teacher preparation support and other leadership activities consistent with the Teacher Leader Standards adopted by the Commission.

(2) Teacher Leader Pilot Project: Effective July 1, 2015 the Commission commenced a two year pilot for implementation of this rule. The pilot is intended to gather sufficient information to ensure that future issuance of the license is based on an evaluation of evidence submitted and verified to be in alignment with the Teacher Leaders standards adopted by the Commission and statutory provisions adopted by the Oregon State Legislature. This rule is effective until June 30, 2017. Prior to this date, the Commission will adopt a revised Teacher Leader License rule based on the results of the pilot project.

(3) Term of Licensure: The Teacher Leader License is valid for five years and is renewable as provided in subsection (10) of this rule. The date of the first expiration of the license is five years from the date of issue plus time until the applicant's birthday.

(4) Assignment and Endorsement Authorization: The Teacher Leader License qualifies the teacher to accept:

(a) Any instructional assignment from preprimary through grade 12 within the scope of the subject-matter endorsements held on the Professional Teaching License;

(b) Any substitute teaching assignments; and

(c) Teacher leader activities, as agreed upon with any employing school district, as provided in subsection (1) of this rule.

(5) Evidence of Effectiveness: To be eligible to qualify for a Teacher Leader License, an applicant must be deemed to be effective or highly effective as provided in ORS 342.856 and the following provisions.

(a) The applicant must provide evidence of two evaluations with an "effective" or "highly effective" level. The evaluations must be completed:

(A) Within the five years immediately preceding the application for the Teacher Leader license; and

(B) While the applicant held an Initial II, Continuing, Standard or Professional Teaching License.

(b) The applicant must verify that they have not received an evaluation with lower than an "effective" level within the five years immediately preceding the application for the Teacher Leader license.

(c) The terms "effective" and "highly effective" include the top two differentiated levels established as provided in the Oregon Department of Education's "Oregon Matrix Model for Educator Evaluation." Other acceptable evaluation terms may include, but are not limited to: proficient, exemplary, accomplished, or distinguished.

(d) If an applicant is employed by a private school, the applicant must verify that their school evaluates educators in accordance with the requirements of ORS 342.856. The applicant must provide documentation that the

employing private school formally adopted the equivalent evaluation method in a meeting of the governing body.

(6) Evidence of Current Professional Leadership Practices: To be eligible to qualify for a Teacher Leader License, an applicant must submit evidence of current professional leadership practices as provided in ORS 342.856.

(a) To submit an advanced portfolio of "current professional leadership practices" the evidence must:

(A) Align with the standards for the Teacher Leader License as provided in OAR 584-420-0040;

(B) Have occurred within the five years immediately prior to the application for the Teacher Leader License; and

(C) Meet the following criteria:

(i) The applicant must demonstrate through submitted documentation that they have fully met at least twelve (12) elements of the existing thirty-seven (37) elements under any of the seven (7) domains within the standards for the Teacher Leader License;

(ii) The evidence for each element submitted must be verified as valid by at least two professional colleagues, which may include coworkers, supervisors, or other professional peers; and

(iii) The evidence for each element submitted must be unique and separate. For example, an applicant may not reuse evidence from one element to support meeting another element.

(b) To submit National Board for Professional Teacher Standards Certification to demonstrate "current professional leadership practices" the evidence must:

(A) Show the national board certification occurred in the five years immediately prior to the application; and

(B) Demonstrate how board certification and subsequent professional practice by the teacher meets at least twelve (12) elements of the existing thirty-seven (37) elements under any of the seven (7) domains within the standards for the Teacher Leader License.

(c) To submit admission to and completion of a Commission-approved teacher leader program to demonstrate "current professional leadership practices" evidence, the applicant must provide documentation that:

(A) The program was completed in the five years immediately prior to the application; and

(B) The completion of the Commission-approved teacher leader preparation program and subsequent professional practice by the teacher meets at least twelve (12) elements of the existing thirty-seven (37) elements under any of the seven (7) domains within the standards for the Teacher Leader License.

(7) To be eligible to apply for a Teacher Leader License, an applicant must:

(a) Possess the personal qualifications for licensure including attainment of at least eighteen (18) years of age and possessing good moral character and mental and physical health necessary for employment as an educator;

(b) Hold a valid Professional, Initial II or Standard teaching License;

(c) Have been employed as a licensed educator for five full academic school years within the five years preceding application;

(d) Meet the "evidence of effectiveness" requirements as provided in subsection (5) of this rule;

(e) Meet the "evidence of current professional leadership practices" requirements as provided in subsection (6) of this rule;

(f) Submit the adopted the Rubric for Teacher Leader Evaluation for review by the Commission. The applicant must indicate the exact evidence they are using to satisfy each of their selected elements. There must be a clear indication on the evidence which of the elements the evidence is being submitted to support;

(g) Complete a background clearance that includes:

(A) Furnishing fingerprints (if necessary);

(B) Providing satisfactory responses to character questions in the form and manner prescribed by the Commission; and

(h) Submit a complete and correct application in the form and manner required by the Commission, including payment of all required fees as provided in OAR 584-200-0050.

(8) All applications for the Teacher Leader License must be received in the TSPC office no later than one calendar month prior to the Commission meeting at which the applicant wishes to have their application evaluated.

(9) All current teaching licenses held prior the application for the Teacher Leader License will expire on the date the Teacher Leader License is issued regardless of the expiration date on the license.

(10) Renewal Requirements: To be eligible to apply for renewal of the Teacher Leader License, an applicant must:

(a) Provide documentation of ongoing teacher leader activities, including but not limited to, mentoring, curriculum development support, teacher preparation support and other educational leadership activities;

(b) Complete professional development units as provided in OAR 584-255-0010 Professional Development Requirements; and

(c) Submit a complete and correct renewal application in the form and manner required by the Commission, including payment of all required fees as provided in OAR 584-200-0050.

(11) If an applicant does not meet the renewal requirements of subsection (10) of this rule or decides not to renew the Teacher Leader License, the applicant may apply for or will be issued a Professional Teaching License as provided in OAR 584-210-0040.

(12) Sunset Clause: This rule is effective until July 1, 2017.
