DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION

JOHN LINDBACK
DIRECTOR

141 STATE CAPITOL
SALEM, OREGON 97310-0722

(503) 986-1518

Dear Oregonian,

Registering to vote is only half of your right and your duty as a citizen. To fully do your part for democracy, you also have to vote.

I challenge you to not only vote yourself, but to remind your friends and neighbors, your family and colleagues, and everyone in your community to vote. As individuals, we can lead by example, but as a community we can demonstrate real power with the collective voice of our votes. We the people are the government. Government is what we make of it. We each have the power and the responsibility to direct government to match our needs. You have the power to change our government with your voice—and you have the power to change the world with your vote.

If you have any questions about your ballot or about voting, call our toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683) or our TTY line for the hearing impaired at 1-866-350-0596. Elections representatives are available to answer all of your questions about voting Monday through Friday, 8:00 am to 5:00 pm.

Please return your ballot so that it is received by November 2. Remember, the decisions you make with your ballot will affect all of our lives and our future. Thank you for being an active participant in our democracy. Thank you for voting.

Best Wishes,

Bill Bradbury
Oregon Secretary of State

On the cover: *Lewis and Clark Bicentennial First Class Postage commemorative stamps were issued on May 14, 2004. Special first day issue ceremonies were held in eleven locations across the nation, including both Fort Clatsop National Memorial in Oregon and Cape Disappointment in Washington. The cover stamp shows Meriwether Lewis and William Clark on the 1804-1806 Corps of Discovery expedition. The other two Bicentennial stamps are printed inside some versions of volume 2 of the voters' pamphlet. One is a formal portrait of Lewis and the other is of Clark. General Information

Voters' Pamphlet

Your official 2004 General Election Voters' Pamphlet is divided into two separate volumes. This is Volume 2 and contains information on candidates. You should have already received Volume 1, containing information on the statewide measures. If you have not received Volume 1, please call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

In this volume, partisan candidates appear before nonpartisan candidates. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background, and prior governmental experience—has been certified by each candidate.

Volume 2 also includes other voting aids, such as a complete listing of state candidates, drop site locations, and ballot instructions. If your county has chosen to produce a voters' pamphlet in conjunction with the state, drop site locations will appear in your county voters' pamphlet, which is in the center of this pamphlet.

Candidate statements are printed as submitted by the author. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county elections offices.

Random Alphabet

While the candidates' statements for candidates running for the same office appear in alphabetical order by their last name in this voters' pamphlet, you will notice that they appear in a different order on your ballot.

Pursuant to ORS 254.155, the Secretary of State is required to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2004 General Election is:

E, D, O, L, K, H, I, J, A, T, C, F, M, V, W, X, G, R, Z, N, S, P, B, U, Y, Q

Website

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide on the World Wide Web at www.sos.state.or.us/elections/nov22004/nov22004.html

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by October 28. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8:00 p.m. election day, Tuesday, November 2, 2004.

MICHAEL BADNARIK FOR PRESIDENT
www.badnarik.org

Republicans say they support fiscal responsibility. But since George Bush took office, government has grown at a faster rate than under Bill Clinton – even if you factor out wartime spending. Our nation is deeper in debt than it has ever been, jeopardizing the quality of our childrens' future.

President Bush has yet to veto a single discretionary spending bill. Although he worked to cut taxes a little, he didn't match tax cuts with cuts in spending. The resulting debt represents nothing more than deferred taxation – so what did we gain?

For years, Republicans said they couldn't control spending because they had a Democratic Congress or White House to deal with. Now, they have no excuses. The current credit card spending spree has happened under a Republican president, and a Republican congress. Is that what fiscal responsibility means to you?

Republicans and Democrats alike have failed to protect our personal liberties. They have supported the USA Patriot Act, the Homeland Security Act and other laws that erode our personal freedoms. Everyone agrees that terrorism cannot be tolerated. But if terrorists cause us to surrender our personal freedoms in the name of security, terrorists win.

As soon as we can do so responsibly, we need to get our troops out of Iraq. Our armed forces should concern themselves with protecting America.

If you've had enough, consider voting for me. I will actively promote initiatives, legislation and policies that will actually shrink the size of government dramatically - letting you to keep the money you earn and preventing government from violating your rights or meddling in your personal decisions.

I have been honored to serve as President during an historic time for America. Together, we are making our nation safer, stronger, and better.

We have rallied the world to defeat terrorists abroad and strengthened our laws to protect Americans at home. Tax relief for families and small businesses has spurred our economy to its fastest growth in nearly 20 years. Schools are improving with higher standards, strong accountability, and local control. And prescription drug coverage is helping older Americans pay for their medicines.

During the next four years, we will spread opportunity and prosperity to every part of America and continue to lead the cause of freedom and peace in the world. We will ensure every American who wants a job can find one by keeping taxes low, making regulation of small businesses more reasonable, opening up foreign markets, and reducing junk lawsuits. We will pass a comprehensive energy plan to make America more energy independent. We will help more Americans get job training at community colleges. We will make health care more affordable and help families save and invest so every person owns a part of the American Dream. And I will stand with the men and women of our military, law enforcement, and first responders as we defend our homeland, defeat terrorists, and bring peace and freedom to people around the world.

I have a positive and optimistic agenda for America, and I would be grateful for your vote.

Dear Oregon Voter,

If you want to cast your presidential ballot in a positive and meaningful way—for peace, for immediately ending the occupation of Iraq, for repealing the “Patriot” Act, for a living wage and health care for all; and for building a party which will continue work on all these critical issues regardless of who wins on November 2, then I encourage you to vote Pacific Green.

The Green Party is America’s fastest growing political party. We believe in government by the people. Our hundreds of elected officials are working daily to improve local communities and give citizens a voice in the decisions which affect their lives. From Salem to Corvallis to San Francisco and New Paltz, New York, Green office-holders have championed a healthier environment, improving school lunches and giving all people basic human rights, including the right to marry.

Greens Believe in Democracy for All:

- Human rights for people—not corporations
- Public financing for public elections
- Debates open to all ballot-qualified candidates
- Democracy in the workplace

A Sustainable Economy and Environment

- Create jobs by developing solar, wind and bio-fuel technologies; planting trees and watershed restoration
- Protect drinking water, salmon and Ancient Forests—stop clearcutting!

If you agree with our values, vote Green! I also encourage you to:

- Learn about Instant Runoff Voting, which eliminates the “spoiler” situation and produces more democratic results. See www.fairvote.org
- Register Pacific Green and demonstrate your support for peace and Green values

Dear Oregon Voter,

I am running for Vice President because I love my children.

Someone like me, a single mother of two, who needs the Green Party and its ideals as much as anyone does, must run if our current system is going to change.

Women head more than 70 percent of the families living in poverty. Yet less than 1 percent of the United States Congress has been female. Our needs are great but our representation in legislative bodies in this country has been nil.

As a broadcaster, I know that U.S. government policies are in opposition to the best interests of this country. The privately owned media supports its own agenda while alienating the people. Consequently, half of our voting population doesn’t vote. We are not represented and it shows.

If the government worked for the people, we wouldn’t have the “Patriot” Act. We wouldn’t have our sons and daughters (and grandfathers!) in harm’s way, waging war for the wealthy and angry all over the world. We wouldn’t have the educational nightmare called “No Child Left Behind” or huge deficit-ballooning tax cuts for the greedy. We would have single-payer, universal health care, a living wage and women wouldn’t fear losing their right to choose.

There is another reason I am running: my running mate, David Cobb. David represents the marginalized voices of this country. Decent and honest, he cares for the ordinary American who has otherwise been left out of this Presidential debate. Please read the statements by David and the Pacific Green Party.

Vote Green: the best hope for our country’s future.

Sincerely,
Pat LaMarche

Like many of you, **I believe that what matters most is not narrow appeals that divide us, but shared values that unite us.** Family and faith. Hard work and responsibility. Opportunity for all.

Like you, **I value jobs that pay you more** not less than you earned before - jobs where you can actually pay your bills, provide for your children, and lift up the quality of your life. And like you, I value an America where the middle class is not being squeezed, but doing better.

- New incentives to revitalize manufacturing.
- Investment in technology and innovation that will create the good-paying jobs of the future.
- Close the tax loopholes that reward companies for shipping our jobs overseas. Instead, **we will reward companies that create and keep good paying jobs where they belong – in the good old U.S.A.**

My health care plan for a stronger America cracks down on the waste, greed, and abuse and will save families up to \$1,000 a year on their premiums. We will fight to ensure that **you'll get to pick your own doctor – and patients and doctors, not insurance company bureaucrats, will make medical decisions.** Under our plan, Medicare will negotiate lower drug prices for seniors. And all Americans will be able to buy less expensive prescription drugs from countries like Canada.

And as president, I will bring back this nation's time-honored tradition: the United States of America never goes to war because we want to, we only go to war because we have to.

I would be honored to have your vote.

Occupation: United States Senator

Prior Governmental Experience: US Senate 1999 - present

I grew up in a small town in rural North Carolina. My father worked in a mill all his life, and I will never forget the men and women who worked with him.

I have spent my life fighting for the kind of people I grew up with. For two decades, I stood with families and children against big HMOs and big insurance companies. And as a Senator, I fought those same fights against Washington lobbyists.

I want to talk about our next president. When John Kerry graduated college, he volunteered for military service. He volunteered to go to Vietnam.

If you have any question about what he's made of, you need to spend three minutes with the men who actually served with him then and stand by him today.

They saw up close what he's made of. They saw him reach down and pull one of his men from the river and save his life. And in the heat of battle, they saw him decide in an instant to turn his boat around, drive it straight through an enemy position, and chase down the enemy to save his crew.

Where I come from, you don't judge someone's values based on how they use that word in a political ad. You judge their values based upon what they've spent their life doing.

John Kerry is prepared to keep the American people safe and to make America stronger at home and respected in the world.

John is a man who knows the difference between what is right and what is wrong. And that is why we must and we will elect John Kerry as our next president.

We would be honored to have your support.

WWW.DAVEBROWNLOW.COM

Decades of compromise has left us with "two" political parties that have become so similar, it is nearly impossible to distinguish one from the other. With virtually no opposing power left in Washington, **we are continually victimized by a lawless, one-party system** that is driving us into moral and fiscal bankruptcy.

Our Constitution authorizes the federal government to: provide for the common defense, secure our borders, protect our God given rights - **and very little else!** While the legislative powers belong primarily to the states, our real government exists **within the people**, working in our communities, families and churches.

We have turned that design completely upside down, and have given near total power to the federal government. The experiment has failed, and ...

IT IS TIME TO TAKE THAT POWER BACK!

My commitment is to follow the Constitution and **only** support legislation that falls under the clearly mandated role of Congress.

Key issues:

Iraq

We invaded a country that posed **NO** threat to America. Many thousands of our soldiers are dead or wounded, we have squandered nearly two hundred billion dollars, and our reputation in the world has been irreparably harmed. **We should pull every American soldier out of Iraq IMMEDIATELY!**

Sanctity of Life

The humanity of the child in the womb is undeniable. We should mourn for the 44,000,000 children that have been **murdered in the abortion holocaust**. Their innocent blood is crying out for justice. May God have mercy on America when the payment is due.

Proper Role of Congress

Congress has been vested by our Constitution with very specific and limited powers. With few exceptions, those who serve us in Congress **have refused to obey the law!**

Tyrannical Courts

Congress has the **exclusive power** to make laws. We have allowed judges and courts to usurp this authority.

DAN FITZGERALD FOR SENATE

We deserve a Senator who will actually represent us.

The incumbent voted for the USA PATRIOT Act and the Homeland Security Act, without even reading them. Now he says he wants to "fix" them.

These two pieces of legislation can't be fixed. They need to be torn out of the books, and those who voted for them should be turned from office as a cautionary tale.

I will work to bring all of our troops home from Iraq as quickly as can be safely accomplished. The military exists to defend America. If we refocus it on that basic mission, we will be more secure and less of a target.

I will work for a sane energy policy that doesn't subsidize huge oil corporations and back corrupt, brutal dictatorships. Alternative fuels can easily compete with unsubsidized oil.

The American people, and Oregonians particularly, are good, kind, generous people. It is about time we had a foreign policy that reflected our basic decency.

Oregonians send over \$21.5B to Washington, D.C. annually. We get back less than \$18.3B. The loss of \$3.2B has done massive damage to our state, communities, schools, and families. It is time to stop playing – and losing – the pork game. Oregonians could solve their own problems if federal politicians didn't suck up so much of our resources.

The misnamed "No Child Left Behind" act is yet another example of a well-intentioned but fatally flawed effort. I will work to repeal it, and any other centrally planned approach to our children's education.

I will work, using the filibuster if necessary, against any attempt by government to define personal relationships. Whom you love and marry is your own business.

I will, in every case, vote for less government in favor of empowering individuals and families.

As your U.S. Senator, I will advocate for:

Stopping the war; bringing our troops home now: It's wrong to send our children to die for oil in Iraq. Unilateral invasions are wrong. I will work to reestablish the U.S. as a leader for human rights.

Single-payer universal healthcare: We are a wealthy nation, and can afford a comprehensive healthcare system for all.

Stop environmental destruction: I oppose commercial logging on public lands. We need a roadless policy in our national forests, and should support the Kyoto Protocol to prevent global warming.

Raise the minimum wage: We should provide living wages for all workers based on cost of living and a 40-hour work week. Repeal Taft-Hartley.

The Republican and Democratic parties are corrupted by corporate money. I'm a nurse practitioner, union member, and single mother. Send me to Washington, DC, I will work for a government that can't be bought.

National politics has escaped control of ordinary people. Our heritage of freedoms, independence and high living standard are being sacrificed at the altar of multi-national socialism by elitists in government.

Reverse this trend with a breed of Congressmen with real world experience who **PUT AMERICA FIRST!** The Founding Father's legacy of wisdom must be reborn as our guiding principal, bringing hope back to "We the People."

Incumbents have a lock on reelection (they now own the bank!). That's why you don't see me on TV; I don't have a big bankroll! I can truly represent those of us in the "Silent Majority" who I'm running to champion no matter what your party.

I'm a capable, forceful spokesman, uncorrupted by legislative history, not bought by special interests. I will work for US!

You can send me to the Senate comfortable that I will not be "politics as usual," will vote uncompromisingly our issues and our values—do the right thing, just because it's RIGHT! This is a rare gift in politics and can become a National blessing.

Take the leap of faith necessary to achieve change; then elect me to represent you in a return to sovereign Constitutional principals and the National Greatness they endow!

STANDING UP FOR ALL OF OREGON

When I first ran for the U.S. Senate, I promised to stand up and fight for all the people of Oregon. I've worked hard to keep that promise. After listening to your ideas in open town meetings in every Oregon county, every year, here is some of what we achieved:

- **I uncovered rampant government waste and wrote the laws to cut it**, carving \$1.8 billion of waste from the Iraq reconstruction plan, and putting a stop to sweetheart, single-source, federal contracts that squandered countless taxpayer dollars.
- I wrote the "county payments" legislation that is **bringing Oregon over \$1 billion for schools and roads**, and secured critical funding to establish Oregon as a jobs leader in the field of nanotechnology. For the transportation that is vital to our future, I helped deliver \$474 million to Oregon in federal transportation funding for next year alone. And I helped bring 1,300 Oregonians together at the "Oregon Economic Summit" to chart a bipartisan course for a sounder economic future.
- I didn't back down when powerful interests threatened our state. I **stopped federal efforts to overturn Oregon's physician-assisted suicide law**. I exposed the oil companies that manipulated gas prices to their highest levels ever. As the former co-director of the Gray Panthers, I am a leader in the effort to **stop the privatization of Social Security**.

We have accomplished much, but there is so much more to do. Representing Oregon in the U.S. Senate has been the greatest privilege of my life. I'm proud that you've asked me to stand up for you, and now I'm asking you to stand with me in this election.

THE GOLI AMERI STORY

As a girl growing up in Iran, I learned about extremism in ways many politicians never will. Thirty years ago, I came to America and discovered a life I could not have dreamed of. After receiving a bachelor's and master's degree from Stanford University, I worked as an executive with U.S. Leasing before founding a high-tech consulting business.

MORE JOBS AND A PROSPEROUS FUTURE

My highest priorities as your Congresswoman will be to create more jobs with higher salaries and better benefits, make the elimination of the marriage tax penalty permanent, make the Port of Portland a world class center of trade, and provide tax credits for high-tech research and development.

STRONGER SCHOOLS

We must invest in our schools, our teachers, and our students. That means reprioritizing spending to assure public education gets the money it needs to reduce class size and improve quality. I'll work for higher standards, more discipline, and greater control for local parents.

A MORE SECURE AMERICA

I know why many Americans oppose war. No people in the world are more empathetic, kind, or generous than Americans. But we didn't choose war, the terrorists did. And if we fail to fight it where the terrorists live, our families will never know real safety again. I'll work to provide our men and women in the military the equipment and support they need – including a pay raise.

LEADERSHIP NOT PARTISANSHIP

I didn't come to America to become a Republican or a Democrat; I came here to be an American. My only consideration will be the best interests of those I'm entrusted to serve. I support re-importation of medicine to cut costs, protections for Social Security that assure its solvency, and environmental safeguards for our drinking water.

Mitch Shults
Libertarian

Occupation: Technology Marketing Executive, Intel Corporation

Occupational Background: 1992 to Present – Intel Corporation; 1989 to 1992 – Chief Technology Officer,

Business Systems Group, Houston; 1982 to 1989 – Consultant, Andersen Consulting (now Accenture)

Educational Background: BA, Rice University, Economics and Political Science, 1982, Magna Cum Laude

Prior Governmental Experience: Member of the professional staff, U. S. Congress Oversight and Investigations Subcommittee, House Committee of Interior and Insular Affairs, May 1982 to August 1982

In my campaign for State Treasurer in 2000, I made the following observations:

1. PERS is a disaster in the making.
2. Oregon's State Lands are being routinely and badly mismanaged.
3. Oregon is headed toward a series of financial crises due to overspending in times of plenty, and a downturn is coming.

Every one of my predictions came true. Sadly, many turned out even worse than I predicted.

PERS, by standard actuarial estimates, faces an unfunded liability of approximately \$17 billion.

Oregon's State Lands remain badly mismanaged. Our schools suffer as a direct result.

And we all know what Oregon has gone through in attempting to deal with budget shortfall after shortfall.

My opponent in this race failed to support meaningful PERS reform. He did nothing to improve the management of State Lands. And he was one of the primary supporters of the disaster that is Measure 29.

All he has succeeded in doing is significantly increasing the debt burden on current and future generations of Oregonians. Hardly a record of meaningful achievement.

So you face a fundamental choice in this election.

You can vote for someone who has only made a bad situation worse.

Or you can vote for someone who has the courage, competence, and conviction to make things better.

If you believe that Oregon can and should have better leadership, then vote for me – Mitch Shults, Libertarian for State Treasurer.

Occupation: Wife; Home-school mother; business owner

Occupational Background: Treasurer; Accountant; Licensed Tax Preparer; Carpenter

Educational Background: David Douglas H.S.; Mt. Hood C.C.; Portland C.C.; B.C.T.I.

Prior Governmental Experience: voter

FOR THE RECORD:

As your state treasurer I will uphold my oath to both the Oregon and United States Constitutions. Therefore, as an elected official **honor bound** to this oath, **I could not in good conscience sign a check to fund abortion**, as is now being done. **All other expenditures**, such as programs that benefit illegal immigrants, **would be reviewed and funding cut off**, if found to be unconstitutional.

THE GOOD NEWS:

I am a candidate that **serves and obeys the Lord Jesus Christ, and with His help will strive to glorify His name** as State Treasurer.

Vote for Carole Winegarden to **effect real change**.

THE BAD NEWS:

Oregonians are slaves to out-of-control, dishonest, greedy career politicians and special interest groups.

- **According to bureaucrats and the STATE BUDGET we are broke!** They say, "Close the schools and let the prisoners out!"
- **According to the Comprehensive Annual Financial Report** (Law requires this annual accounting) **our state has plenty of money**. Millions of dollars are being hoarded and strategically hidden (invested). Not to mention our **counties, cities**, and even the **poor school districts** all have C.A.F.R.s.

The annual budget is a partial story. The C.A.F.R. is the complete story.

How do you reconcile what the politicians and the news media **say** about our **dire** financial straits versus what I say?

- Get the C.A.F.R. report yourself:
http://scd.das.state.or.us/DAS/SCD/SARS/docs/2003_CAFR.pdf
- Check out this website:
<http://www.cafrman.com/Articles/Art-OR-S1.htm>
- Then ask yourself:
 1. Why don't they mention the C.A.F.R. when it comes time to vote for a tax increase?
 2. Why don't they want taxpayers to know about it?
 3. Who benefits from this deception?

I am a **Libertarian**.

I believe that **government's role** in your life should be **limited** to that laid out by the Oregon and US Constitutions. This means limiting its role in, and thus power over, our lives.

I believe that government is the solution of last resort, not the first. Government should be less involved in your life and to the extent that it is, that it be fully accountable to the people.

The Attorney General's office is currently the legal defense team for State agencies, providing cover through legal opinions for those agencies to do what they want. **As Attorney General, I will be the watchdog over state actions**, rather than its defense counsel, reining in agency action whenever it exceeds its authority.

I support:

-Investigating all allegations of corruption. I will be proactive in sniffing out cronyism, favoritism, and improper conduct in our government.

-Making it easier for victims of crime to gain restitution for their loss, not just punishment for the criminals.

-Enforcing Article 1 Section 16 of the Constitution that requires juries to judge the law and the facts of a case, allowing juries to refuse to enforce laws they do not believe are fair.

-Defending private citizens' property rights when local governments threaten condemnation for non-public purposes (such as development projects). Government may not take one citizens property for the benefit of another.

-Focusing on violent crimes, property crimes, and identity theft. Given our limited resources, we will shift all effort away from crimes that have no victim, toward crimes that threaten life, limb, and property.

Prior Governmental Experience: Precinct Committee Person

Investing in Our Children

Jay Omdahl wants Oregon's children to be the best educated in the nation. Jay has four kids of his own and he knows how important education is to their future. Students should receive nothing less than the best when it comes to education... and we can give that to them.

More Government Accountability, Not New Taxes

Oregonians have repeatedly said 'no' to new taxes, telling elected officials that government must live within its means. Jay knows that to maximize current revenues, we have to focus on enhancing government productivity and create better planning processes for public agencies.

Audits of State Budgets

The first step Jay will fight for is the performance of comprehensive audits of state budgets – everything from Human Services to Education and Transportation. We must not stop there; we have to take action on those audits. The legislature should require administrators and agency heads to trim waste, streamline processes and look for greater efficiencies throughout their departments.

Fund Programs with a Strong Economy

When we have economic vitality and people are heading back to work, more revenue will be available to fund the programs we agree are necessary. Classrooms will see more funds, prisons can remain in operation and health care will be accessible to the most vulnerable.

"Jay's opponent led the way to increase taxes and supported measure 30 as he sponsored the state tax to fund Portland baseball-not our schools. I know Jay's priorities will reflect the priorities of this district and it is time for a change."

INDIVIDUAL FREEDOMS**

There's No Such Thing As A Free Lunch

Somebody (the taxpayer) always has to pay. You should know where your tax dollars are going. I will fight for clear accountability in state budgeting and in how programs perform against promises. I believe YOU are better able to decide how to spend your money than any government body is.

I will fight for lower state taxes. YOU SHOULD BE FREE TO DECIDE WHICH LUNCHES YOU PAY FOR.

Guarantee Our Rights – ALL of Them!

The ACLU fights for your constitutional rights, except for the 2nd Amendment. The NRA fights for your 2nd Amendment right to keep and bear arms. I believe the 2nd Amendment is a linchpin of the Constitution, guaranteeing our rights don't become mere privileges, so I support both the ACLU and the NRA.

Freedom vs. Security

"They who would give up an essential liberty for temporary security, deserve neither liberty or security." (Benjamin Franklin)

In a misguided attempt to protect us from those who would destroy our way of life, our government is threatening the freedoms that define that way of life. We're becoming what we're trying to protect against.

We DO need sensible security measures, but our precious civil liberties need not be trampled in the process.

We DON'T need to give secret tribunals the power to detain individuals indefinitely without formally charging them with a crime.

We DON'T need "sneak and peek" searches of our homes looking for evidence without our knowledge.

Certainly, our local police should cooperate in combating terrorism, but they should not become a mere extension of the federal police. I support Portland and other municipalities in their courageous refusal to comply with unconstitutional, illegal practices demanded by misguided federal authorities.

Proven Leadership

Real Solutions

We live in a little piece of heaven called Oregon, so why do we need a change in the Legislature?

Job Growth

We read daily about Oregonians and Oregon companies moving out of the State. The opportunities for job growth are limited because of a poor business climate and tax structure created by our Legislature. We need partnerships rather than conflicts between business, labor and education.

The Best Education System in America

We need to create better priorities, more accountability and get more resources into the classroom.

Tax Reform & a Limit on Spending Growth

Everyone agrees that tax reform is a high priority. My opponent even voted for a special session to address tax reform before she decided not to show up. But tax reform is not possible until government proves it can be trusted. Passing a taxpayer bill of rights that requires reductions in old taxes when enacting new taxes, yet allows for responsible spending growth, is critical to passing meaningful tax reform.

Listen and Address the Important Issues First

The politicians aren't listening and they aren't solving the most important problems, like job growth, education and tax reform. We need more listening, less posturing and better priorities.

Platforms and Pledges:

Land Use: Opposed Tigard’s original proposal to annex Bull
Mountain via single majority. Tigard later changed to double
majority. Annexation must be by mutual consent, single majority
would allow large cities to swallow small communities against
their wishes. I intend to clarify ORS-195 to explicitly require
double majority for all annexations.

Allow unincorporated urban residents to incorporate their own
cities. I will fight to eliminate the three mile veto whereby existing
cities prevent formation of new cities within three miles. Simplify
the incorporation process, it has become too convoluted.

Allow unincorporated residents to annex to any nearby city of
their choice. Tigard has vetoed efforts to annex Bull Mountain to
King City. I will fight to give unincorporated residents power to
change their urban service areas.

Create a legal framework providing temporary special districts to
effectively represent unincorporated residents prior to any
annexation. Dialogs between districts and cities achieving
orderly annexations.

Livability for local communities, low density housing, better
roads, more open space. Preserve our precious environment by
heeding advice of local citizens. Bring urban planning back
under local control.

Other Issues: Reduce excessive tax burden, streamline,
downsize and outsource government services. Encourage
philanthropy instead of levies. More charter schools. Allow tax
credit for medical expenses replacing state health program.
Stop taxing unemployment benefits.

Vigorously uphold civil rights. Support gay marriage, assisted
suicide, separation of church and state. Stop legislating morality.
Oppose mandatory minimum sentencing and eminent domain.

Constitution Party Statement

THE CONSTITUTION PARTY

<http://www.constitutionpartyoregon.com/>

We are the party that is calling America back to the sure foundation of

Life, Liberty, Limited Government.

What our candidates stand for:

Restore the United States to "One Nation Under God"

Return to Constitutional, Limited Government

Ending Abortion in America

Defend Individual Right to Keep and Bear Arms

**Restore National Sovereignty Including
Withdrawal from the U.N.**

**Cut the Federal Government Down to
Constitutional Size**

Find Our Lost Borders and Defend Them

**Protect Private Property
In Absolute Terms**

**Restore Constitutional Sound Money
Backed By Gold**

**End Corporate Welfare
And the Export of American Jobs**

**Require Congressional Declaration of War
Before Engaging Our Military**

**Congressional Limitations on Jurisdiction
Of Federal Courts**

We are often asked, "Why not reform the two big parties?" It may be hard to admit but an honest appraisal shows that both parties are corrupt, addicted to 'big money', with no intention of ever returning to limited Constitutional government that puts the people's freedom first. What do you think will be the result of letting our government continue to make up its own rules? The horror of legalized baby killing is one result. Can you think of other social and economic degradations that runaway government has brought us?

DECLARE YOUR INDEPENDENCE!!!

DON'T WASTE YOUR VOTE!!!

Send a real message this year. Vote for what you want instead of some compromised down version of our American ideals. This citizenship business is not a game. It is a stewardship for which we will be held accountable by our Creator and our children's children.

If you are tired of seeing America on a down-hill slide morally and economically, If you question the long term consequences of a worldwide American empire, If you are weary of a government that tries to be god while it mocks the true God, Then consider Our Constitution Party candidates. They are pledged to the platform listed above.

In office they are each committed to:

- vote no on budgets that include taxpayer \$\$\$ for abortion**
- institute spending limits and individual efficiency audits for state programs**
- sponsor legislation requiring that property owners are reimbursed
when state regulations harm property values**
- bring a 'Vermont Style' gun law to Oregon**
- return authority to local school boards and parents**

William Shakespeare said that, "Our doubts are traitors, and make us lose the good we oft might win, by fearing to attempt."

BE BOLD THIS YEAR – VOTE CONSTITUTION PARTY

Democratic Party Statement

RESTORE DEMOCRACY – VOTE DEMOCRAT

Elections are important because they determine the course for our nation, state and our communities. By voting Democratic, you have the power to return government to the people, to reclaim cherished Oregon values and to restore America's strength in the world.

Elections also are about accountability. Republicans control the White House, Congress and for too long enjoyed majorities in the Oregon Legislature. This imbalance undermines democracy and left George Bush and the Republicans dangerously unchecked. The impact for average, middle class families has been devastating: stagnant incomes, skyrocketing health care costs, the loss of family wage jobs, record federal deficits, and inadequate funding for essential services like schools and state police. America deserves better and you have the power to change it.

John Kerry leads a re-energized Democratic Party that offers Americans a more hopeful, positive future. Help is on the way. Vote Democratic!

- **John Kerry has the right Values and Character.**

John Kerry has always reported for duty, and has served his country with distinction. He is a leader who believes that those who work hard and play by the rules should be rewarded first and not left hoping for a trickle down.

- **John Kerry has the right plan for Iraq.**

George Bush rushed us into an unnecessary war without a plan to win the peace. Now American soldiers and taxpayers must shoulder a disproportionate share of the costs in lives and in dollars.

Under President Kerry, America will no longer bear this burden alone. As a decorated veteran, Kerry understands that war should be a last resort and not a first option. President Kerry will work to rebuild alliances that will make us stronger in Iraq and in fighting terrorism.

- **John Kerry has the right plan for Homeland Security.**

President Kerry will never hesitate to use military force to defeat terrorists before they strike us. To protect America, President Kerry would immediately implement the recommendations of the bipartisan 9/11 Commission. President John Kerry will never drag his feet or squander an opportunity to make America safer.

- **John Kerry has the right plan for the Economy, Jobs & the Environment.**

John Kerry will create a New Jobs Tax Credit and close the tax loophole for corporations that ship jobs overseas. Kerry will also redirect the irresponsible Bush tax cuts from the richest Americans to the middle-class. And Kerry understands that sustainable practices and job creation go hand in hand.

- **John Kerry has the right plan for Health Care.**

John Kerry's health plan will provide every American access to the same coverage that Members of Congress give themselves. He will protect a woman's right to choose. John Kerry will also stand up to the drug companies by requiring the federal government to negotiate lower drug prices through Medicare.

- **John Kerry has the right plan for Education.**

Pres. Bush broke his promise to Leave No Child Behind, but he failed to deliver \$27 billion he pledged to help schools meet the federal mandate.

John Kerry will deliver the resources schools need, while maintaining high standards for our teachers and students. Also, to help with skyrocketing higher education costs, John Kerry will provide a College Opportunity Tax Credit on \$4,000 of tuition for four years of college.

EVERY VOTE COUNTS

The presidential race is important, but so are races for the Oregon Legislature and other local offices. These races are often won by just a handful of votes and your vote can be the difference.

The choices are clear this year and we humbly ask for your vote – not just for John Kerry, but also for the entire Democratic ticket. Get involved and thank you for your support!

Libertarian Party Statement

LIBERTARIAN PARTY – FISCALLY CONSERVATIVE, SOCIALLY TOLERANT

The Libertarian Party stands for individual freedom and personal responsibility. We believe these twin pillars of a civil society are inseparable; undermining one impairs the other. The only legitimate purpose of government is to protect the life, liberty and property of its citizens.

Clearly, Republican politicians have abandoned fiscal conservatism on the state, local, and federal levels. We're also confronted with the spectacle of pro-war, anti-free speech Democratic politicians. There is only one political party which trusts you to run your own life, to keep and spend the money you earn, to control your own property, to care for your own body, to freely exercise your right to freedom of expression: the Libertarian party.

We trust you to run your own life; to care for your own property, body, family, and community. You get to decide whom to love, whom to marry, what causes to support, what products to purchase, so long as you don't harm anyone else.

We believe that a free market, a market in which you freely offer up goods and services to others, is the best way to accomplish the creation and maintenance of a free society. Politicians should not be allowed to pick winners and losers, or to dictate the terms of any transaction between two willing, peaceful trading partners.

In that spirit, we take the following positions on the ballot measures we're all voting on today:

Measure 31 – NO

An unnecessary change to the Oregon constitution, it will only benefit the two major parties but hurt voters.

Measure 32 – NO

The constitution should only be changed for important purposes, this is not a good enough reason to vote for this measure.

Measure 33 – NO

If this passes it will set medical marijuana laws back and not forward.

Measure 34 – NO

The economy of the northwest counties should not be sacrificed to extremists.

Measure 35 – NO

It is not the government's responsibility to interfere with jury settlements.

Measure 36 – NO

The government has no business in people's right to marry.

Measure 37 – YES

This measure is common sense, private property rights must be upheld. It has also already passed, but was struck down in court by a technicality.

Measure 38 – YES

A free market economy will keep insurance rates lower, not government interference.

Republican Party Statement

REPUBLICANS Restoring the Promise of Oregon

A Vision for Oregon's Future

Our Republican Party's vision: a modest-sized government with compassion for those in need but requiring responsibility from all; a government maximizing efficiency and using every tax dollar wisely. Republicans will support an amendment to the Oregon Constitution setting limits on government spending.

Republicans Meet the Challenges Facing Oregon

- The Challenge of the Economy: A vision of job creation

Almost two decades with Democrats in control of statewide offices has left Oregon with one of the highest unemployment rates in the nation. Republicans will do what it takes to increase job options for Oregonians – helping Oregon's employers to grow, bringing new employers to Oregon.

- The Challenge of Education: A vision for better schools

Republicans believe education dollars are best spent in the classroom. Student to teacher ratios must come down, giving teachers manageable class sizes and reasonable authority to discipline, letting teachers do what they do best – teach. While Republicans do not want to turn classrooms into test preparation facilities, we also believe Oregon's students must be prepared to score higher on standardized tests.

- The Challenge of Health Care: A vision for a healthier Oregon

Republicans believe all Oregonians must have access to affordable health care. Over-regulation of the health care and health insurance industries, and frivolous lawsuits, are primary contributors to excessive health care costs. The high cost of health care is felt most by our senior citizens. Republicans will work to find the balance between making health care affordable while regulating it sufficiently to protect the rights of Oregonians.

As an active volunteer in public schools, Christi understands that parents, not politicians, know what is best for their child's education. We can maintain school funding without resorting to tax increases. School funding should not be used as a political football to force higher taxes to feed the legislature's spending problem.

Dear Neighbor,

I have been blessed to represent one of the most thoughtful communities in Oregon. That privilege carries a lot of responsibility.

I have tried to meet that challenge by leading the way on critical and significant issues to Oregon and my constituents:

- Education funding that provides a **full school year and reasonable class sizes**.
- I sponsored legislation to **stimulate Oregon's emerging industries** by requiring the Oregon Investment Council to look at investments that create jobs in Oregon.
- I was proud to champion legislation that **protects seniors** by cracking down on people who prey on the bank account of seniors.

During my next legislative session, my focus will be:

- **Jobs.** I will work to reduce the tax burden for small businesses in a way that creates and retains good jobs. I have already introduced legislation to make Oregon a Mecca for research and development.
- **Education.** I am sponsoring legislation for full-day kindergarten, which has behavioral and academic benefits for children.
- **Willamette River Cleanup.** The Willamette is the lifeblood of our state; our communities and families deserve to have a water source free of pollution.

Thank you for the opportunity to be your voice in Salem.

Educational Background:

Wilson High School; Metro Brokers School of Real Estate

Prior Governmental Experience: None

Gabe Schomus: Creating Jobs, Expanding the Economy, and Limiting Taxes

Because of his own experience as a small businessman, Gabe understands what Oregon needs to expand its economy. By limiting taxes and government spending, Oregon can get back on track. Gabe will work to restore jobs and revitalize the economy so Oregon can enjoy the success its people so richly deserve.

Gabe Schomus: Focusing on Our Schools and Stabilizing Funding for Education.

Gabe will work hard to strengthen schools. As a parent, Gabe understands that Beaverton schools need better accountability to restore trust to taxpayers. Gabe also wants to promote higher standards, and he knows what it will take to get them back on track. Gabe is committed to supporting programs that will provide Oregon with stable funding for education, such as a rainy day fund.

Gabe Schomus: Promoting Quality of Life

Gabe is dedicated to ensuring safety in our neighborhoods. He is also a strong defender of Oregon's natural resources and will work hard to provide clean water and higher environmental standards for the Metro area. Gabe believes that, by creating effective land use laws and using Oregon's resources wisely we can protect our community for generations to come.

Gabe Schomus: In Touch with House District 27

During the last legislative session, our current Representative, Mark Hass, voted for the largest tax increase in Oregon's history while Oregon was suffering from the nation's highest unemployment, and even now he is promoting a sales tax idea. Gabe Schomus knows that we need more jobs, not more taxes. Gabe Schomus is more in touch with voters in this district, and will represent their best interests.

Clean and Effective Governance

Our community deserves government that is accountable, effective, and whose workings are transparent and free of patronage and favoritism. The cynicism, short-term thinking, and insider politics that have diminished people's esteem for our government must come to an end. I will restore ethics, integrity, accountability, and responsiveness to the office. I support "real" campaign finance reform, full public funding of elections, instant Run-off voting, equal media access for all candidates and same-day voter registration. I do not take "corporate" contributions.

Environment

I will work to make our district a more sustainable community by championing green energy and business practices, protecting scarce natural resources from further degradation by pollution and overuse, and making the community a healthy place for all of its residents. I will work towards an approach that addresses the depletion of finite resources like fuels, minerals, and species and that addresses the increasing pollution of our atmosphere, water, and soil

Health Care For All

I believe everyone has a right to health care. Health care for all is a simple idea! While simple, the reality is that hundreds of thousands of people in Oregon do not have access to the health care they need. I will work towards that goal by expanding individual and family coverage options, streamlining the insurance bureaucracy, and establishing tax incentives to small businesses.

Tom Cox = Low Tax

Tom is the only candidate in this race who fought against the Measure 30 tax increase, an assault on senior citizens, property, and your income. Tom's opponents either supported Measure 30 or voted for it. Instead of raising taxes, lets spend the money the state takes from us more efficiently. A lot of money is wasted - Oregon is the sixth highest spending state government. That means there are lots of chances to save money, improve services, and cut taxes at the same time.

Tom Cox for Fully Funding Education

Tom wrote and is promoting the "Fund Kids First Pledge," with the idea of fully funding K-12 education with the first dollars in the General Fund - before the money is spent on anything else. Our state government's top priorities are mandated by our state Constitution: Education and Public Safety. Tom will fully fund both of those vital areas first.

Tom Cox for Public Safety

Tom is a strong believer in public safety. Tom is a proud graduate of the Hillsboro Police Citizens' Academy, and supports our men and women in uniform.

Tom Cox for New Jobs

Oregon needs jobs. The way to create them is through lower taxes and less burdensome regulation. Tom has the management experience and background to make that happen. Tom is a proven consensus builder with a terrific track record of bringing people together around a shared vision.

Endorsements

Tom has been endorsed by Republicans for Cox, Democrats for Cox, Tami Mars (the Republican nominee for Oregon's third congressional district), and enjoys the support of prominent civic leaders.

Educational Background: University of Illinois; Southern Illinois University; Portland State University.

Prior Governmental Experience: I served in the U.S. Air Force, where I helped design Air Force One.

Dear Friend,

If there was ever a time that we need solutions to tough problems, this is it. Things aren't great right now, with jobs hard to find and medical bills rising all the time. I've never seen Oregonians more concerned about the future.

That's why I'm running for the Legislature. I've always been able to solve tough problems. Every job I've had – from breaking codes in the Air Force to coming up with ways for small businesses to be successful – I've had to overcome some pretty steep challenges.

I've learned from my experiences that there are no problems too tough for us to solve if we just put our minds to it.

Here's what we should do to get Oregon back on its feet:

- Lower health care costs by **requiring public hearings** and Insurance Commissioner approval **before big insurance companies raise their rates.**
- **Reduce prescription drug prices** and make it **easier for small businesses to offer health insurance.**
- **Toughen penalties on methamphetamine dealers.**
- Cut down on paperwork to **lower the cost of doing business in Oregon.**
- Cut school administrative costs to **get more funding into the classroom.**
- **Give state agencies incentives to find efficiencies and save money.**

It all comes down to being smarter with our money. Reducing health care costs and cutting government waste means more money for the really important things.

Like building a future that our children will be proud of.

Sincerely,
Chuck Riley

Dear Fellow Oregonian:

First of all, I want to thank all of you for allowing me to serve as
your State Representative for the past two years.

I am now asking for your support for another term in our State
Legislature.

Over the past two years, as your state representative, I have
worked tirelessly for the people of Hillsboro, North Plains and
Banks, on a variety of issues, from taxes (**Measures 28-30
Derrick voted NO**), economic development, land use and
several education issues. We have made a difference, and with
your support, we will continue the fight we started together two
years ago.

I am committed to continuing the working relationship I have
been developing over the past two years with members of our
city, county and state governments, Republicans and Democrats
alike.

As in the past, I will always answer your concerns in a timely
manner and personally if possible. Thank you once again for all
you have done for Oregon and our community, and thank you

Friends:

As Oregonians we take a certain amount of pride in our State,
but in recent years, I think we have all felt a level of frustration at
seeing our State deteriorate in the way that it has. We are faced
with two choices: we can discuss the State's problems at length
over a cup of coffee with a friend, or we can take action and get
involved. After more caffeine than I care to admit, I have chosen
the latter.

As a father of three children in the Hillsboro School District, I
cannot stand by as our tax dollars are mismanaged and our
school year shortened. As a husband, whose wife was laid off
and unable to find work for almost a year, I cannot watch our
State lose any more jobs. As a parent, who has paid for family
health insurance each month, I cannot ignore the almost 16%
increase we have seen in the cost of coverage.

If our legislature cannot cooperate long enough to keep our
school doors open and fund our police and fire protection - we
have bigger problems than just the budget. There is a solution.
Going home to our communities empty-handed is not an option.
I am running for State Representative because I think there is a
lot more to be done in Salem, and I am ready to work together
with both sides of the aisle to get it done.

I encourage you to visit my website at www.votesander.com,
or call me any time at 503-998-1053. As your next State
Representative, I will do what the current legislature is NOT
doing....**I'll represent you.**

Very truly yours,

Actively uphold American constitutional representative republic.

- Affirm states' 10th Amendment rights, identity as source of federal authority. Hold federal officials to Constitutional oaths (i.e. Congress illegally abrogating war declaration powers).
- Add Oregon to states endorsing Liberty Amendment which liquidates unconstitutional government agencies, restoring powers to states: education, direct taxation (abolish IRS and restore federal fiscal accountability to state legislatures), healthcare, environment, agriculture. Oregon sends money to Washington which returns it minus federal overhead with strings attached (assumption: Oregonians incompetent). Returns money power Congress illegally transferred to privately-owned Federal Reserve banking cartel. Return constitutional currency without fractional reserve banking and fiat "funny" money (permits unlimited borrowing, debt), private money supply manipulation, and devaluation of dollar through inflation. "Tax talk" is empty unless Washington limited to lawful scope and Reserve abolished - debt will never be paid, tax burden only grows, bankruptcy occurs.
- Enforce efficient pay-as-we-go budget, determine tax needs from comprehensive financials and General Fund budget (eliminate shady off-budget accounting). Mandate non-profit State operation.
- Protect American workers as more than bargaining chips for multinational corporations and international banks in their New World Order. Jobs will transfer overseas until states 1) demand federal abolishment of unfair "trade" (political) agreements like NAFTA and proposed FTAA eroding sovereignty and manufacturing strength and 2) collectively reinstate restrictions (no mergers, specific scope only, no "personhood rights") on corporate monsters they charter. Creative tax incentives no longer effective. Stop nation building and meddling.
- Mandate manual vote counting process. Vigorously protect 4th Amendment, peaceful assembly, authority over police without federal or foreign intrusion.
- Are we "free" choosing between two dominant parties virtually indistinguishable that trample on the Constitution and rule of law?

As Oregon's government grows ever larger and more intrusive, the freedoms of Oregon's citizens are ever more diminished. Although my Democrat opponent is an honorable man with a distinguished record of public service, he is an advocate for larger government, higher taxes and an oppressive business climate. The proper role of government is to protect its citizens from force and fraud, not to regulate their personal and economic lives.

Fund essential services first: Fire, police, courts and other agencies of our justice system should be fully funded. Criminals should not be set free because courts and jails are underfunded.

Our schools, our future: As parents, we place the well-being of our children above all else, therefore, school funding should take priority over everything except essential services.

Environment: Pollution is a form of aggression against others. Any business or government agency that pollutes should bear the full cost of cleaning up our air and water.

Human Rights: I strongly support a woman's right to choose, Oregon's Death with Dignity law, and the right of any two people who care about each other to care for each other. I am opposed to ballot measure 36.

Abolish SAIF: Oregon has more important priorities than competing with private insurance firms. Yes on measure 38.

Compensate citizens when land-use restrictions reduce the value of their homes or land: Yes on measure 37.

Accountability in State Government

It doesn't take a Ph.D. to understand one of the most basic concepts in spending money—knowing if you're getting what you pay for, or even knowing what you're paying for. Despite 14 years of supposedly "fiscally conservative" Republican leadership in the Oregon Legislature, we've yet to get such basic accountability in our budgets.

Cody will fight for Performance Budgeting and Activity Costing in spending, forcing Salem to keep track of how it's spending your money. Cody questions the assumption that government should solve all of life's problems, and is actually willing to cut ineffective programs to check spending..

Gun Control and Public Safety

Cody believes the 2nd amendment is a linchpin of the Constitution, guaranteeing our rights don't become mere privileges. Studies have shown states with concealed weapons laws see a decrease in crime and violence.

Keep Government Out of Our Bedroom

Unlike Republican Suzanne Gallagher, Cody will not use the government to impose his religious views on you.

Education and Community

Cody understands each student is unique; and he'll fight for school choice.

So often, government "solutions" to our problems undercut the community ~ depriving private charities and individuals of the opportunity and responsibility to develop their own solutions; solutions that are historically more efficient and effective than government programs.

A vote for Cody sends a message that people want change in Salem, not just the same empty platitudes, broken promises and failed reforms. Democrats and Republicans both increase government spending. Both parties serve special interests, not Oregon taxpayers, and neither stands up for your civil liberties.

Cody understands that less government is better government. Cody believes in your ability to take care of yourself. Cody knows that less government and lower taxes means a vibrant economy that creates good jobs. Cody will fight for you, the Oregon taxpayer.

Scott Bruun: Restoring Confidence in our Legislature

Oregon's toughest issues require leaders who will take the initiative, not wait for ballot-measure initiatives.

Scott Bruun: Restoring Confidence in our Economy.

Oregon has tremendous potential for job and economic growth – growth that can mean better schools, better roads, better healthcare and a better quality of life. Scott Bruun will work to improve Oregon's tax system, set budget priorities and reform burdensome regulations that discourage job growth, especially by small businesses. The Legislature cannot mandate prosperity, but it can get out of the way.

Scott Bruun: Restoring Confidence in our Schools

Scott Bruun understands schools are a place to build our children's future. Their top priority must be student academic achievement; any other interest is secondary. Oregonians are ready to approve stable, long-term school funding, but only if new resources will fund more classrooms, not more administration.

Are you searching?

I was. While I searched for one political party that holds the line on taxes and defends my civil liberties, I didn't find it with the Democrats or Republicans. What I found was a lack of principle. One party wanted to take my social freedoms if they disagreed with my lifestyle, the other wanted to take my hard-earned dollars and waste them on programs which hurt the poor and penalize hard work.

Search no more. As a Libertarian (which most of us are if you really think about it) I understand the pros & cons of the two party system. I also understand that no matter how much THEY keep winning, things keep getting WORSE. Isn't it time for a change? Are you ready to take the lead in a movement based on principle, not political tide?

Libertarians have been consistent in fighting tax measures that have been found to be frivolous, at best. We took the lead against Tax Increasing Measures 28, 29 & 30, while Republicans continually balked. We are taking the lead against Measure 36, which gives the state the RIGHT to discriminate based on gender. Do you see the Democrats in this fight?

I am a leader in the fight for what is right. I am experienced and will not waver from principle. Now is the time to reward principle and reject partisan bickering. We all want this system to change. Don't wait, cast your vote for the Libertarian Party. Fiscally Responsible, Socially Tolerant.

EDUCATION

Oregon's children are our first responsibility and our greatest
resource for the future. Schools throughout the state need
stability in funding and in curriculum, more teaching, and less
testing.

Endorsed by Oregon Education Association

JOBS AND THE ECONOMY

Oregon's schools, health care, and public infrastructure build
the foundation for our economy. State government must focus
on keeping Oregonians working at good jobs and creating
commercial opportunities for businesses to thrive.

**For 22 years, Jim Morton did what many lawmakers only talk
about; he created jobs.**

HEALTH CARE

Oregon's Legislature needs to become active in stabilizing the
cost of health care. Oregonians should have secure health care
and lower prescription drug prices. Veterans should get the care
and benefits they have earned.

STATE BUDGET

Oregon needs a meaningful rainy day reserve fund. Exclusions,
deductions, and credits that drain state revenue should be
examined. It is our responsibility to adequately fund schools,
human services, and public safety while remaining accountable
to Oregon taxpayers.

Democrats need in a Legislature grappling with tax and
budget issues." -The Oregonian, 4/21/04**

I'm running for State Representative to bring accountability and
transparency to the Oregon House, and make it more responsive
to the citizens and less beholden to corporations. I support
campaign finance reform, equitable tax reform, instant run-off
voting, and renewable energy development. I also believe our
budget crisis is the result of over-reliance on the income tax, but
tax reform is only one of several factors that should guide
Oregon's economic reform.

Our economy needs an affordable electric power supply, with
rate stability and local control through public ownership that
empowers communities to encourage sustainable development
initiatives. The recent economic downturn is partly the result of
the electric rate increases of 2001-02. That is why I support
conversion of PGE to a public utility, because electricity is a vital
service, not merely a commodity. We need greater efforts in
conservation, co-generation, and renewable energy develop-
ment. I would introduce legislation calling for large scale
investment in renewable energy technologies before global oil
production begins an inevitable and irreversible decline.

I would work to initiate campaign finance reform in Oregon,
one of only six states that do not have clean elections. I support
instant run-off voting as a way to ensure majority rule and
negate the 'spoiler' argument.

General Information

Vote-by-Mail

What is Vote-by-Mail?

Vote-by-mail is a method of conducting elections. Instead of using traditional polling places where voters go to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between October 15 and October 19, 2004. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated drop site.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at drop site locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by October 12 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated drop site in the state. The times and locations of drop sites are available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 37¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated drop site by 8:00 p.m. on election night.

Postmarks do not count!

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8:00 p.m. on November 2, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8:00 p.m. election night and will continue to be updated through election night until all ballots have been counted.

Visit <http://egov.sos.state.or.us/results> for online election night results for state measures and candidates.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by October 28. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8:00 p.m. election day, Tuesday, November 2, 2004.

Postmarks do not count!

County elections offices are open on election day from 7:00 a.m. to 8:00 p.m.
