Dear Oregon Voter,

The information this Voters' Pamphlet provides is designed to assist you in participating in the May 15, 2018, Primary Election.

Primary Elections provide the opportunity for members of all major political parties to select the nominee who will represent each party in the November General Election.

The state-wide offices on the ballot this year are Governor, Commissioner of the Bureau of Labor and Industries, Judge of the Supreme Court, and Judge of the Court of Appeals. There are also races for your Congressional Representative and your State Representative. Only half of the State Senate seats are up for election this year as State Senators serve four-year terms. You will also see a number of other contests on your ballot ranging from circuit court judges and District Attorneys to county and city offices.

For the first time, every qualified political party, major and minor, in Oregon will be permitted to provide a Voters' Pamphlet statement about their party. The major political parties in Oregon—Democratic, Independent, and Republican—will use this Primary Election to select their nominees for the November Election. Minor political parties—Constitution, Libertarian, Pacific Green, Progressive, and Working Families—select their nominees in various ways according to each minor party's regulations. For the 2018 Primary Election, the Independent Party of Oregon has chosen to allow voters who are not affiliated with a political party to participate in the Independent Party's primary.

I encourage you to study the issues, make your voice heard, and participate in all elections. You can find out if you are registered to vote, or update your address or political party at [www.oregonvotes.gov/myvote](http://www.oregonvotes.gov/myvote).

If you are not registered to vote, you must register by April 24 to be eligible to vote in the May 15, 2018, Primary Election. You can register online at [www.oregonvotes.gov/register](http://www.oregonvotes.gov/register).

Beginning April 25, ballots will be mailed from every county elections office. After you have filled out your ballot, make sure it is physically received by your county elections office by 8:00 pm on May 15. Remember, postmarks do not count. You can return your ballot through the mail or take it to one of the many drop boxes throughout the state. To track your ballot or to find your nearest drop box, visit [www.oregonvotes.gov/myvote](http://www.oregonvotes.gov/myvote).

If you have questions about voter registration, filling out your ballot, or getting a replacement ballot, please call our toll-free hotline, 1-866-673-8683 or call your county election official.

As your Secretary of State, I encourage every eligible Oregonian to register and vote in this and every election. I am committed to making voting easy, convenient, and secure.

If you have any questions please give us a call.

Sincerely,

Dennis Richardson  
Oregon Secretary of State

## Voters' Pamphlet

This is your official State Voters' Pamphlet for the **May 15, 2018, Primary Election**. It is designed to assist you in participating in the Primary Election. This pamphlet also includes instructions for marking your ballot, information for voters with disabilities and domestic violence survivors, and other information to assist you in the voting process.

The Secretary of State has compiled the voters' pamphlet since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. It can also be viewed online at [www.oregonvotes.gov](http://www.oregonvotes.gov).

## County Voters' Pamphlet

A county clerk may prepare and distribute a county voters' pamphlet. It includes information about candidates and measures from local governments located within the county.

To save on mailing and production costs a county that prepares a voters' pamphlet may insert the pamphlet into the center of the state voters' pamphlet for distribution. The county insert uses a numbering system that is different from the standard page numbering used in the state portion and each page is clearly marked with a color or shaded bar on the outside edge.

## Address Confidentiality Program

### Protecting Addresses for Victims

Individuals whose personal or family safety may be in danger if their home address is available as a public record may register to vote with confidentiality protections by applying for the Address Confidentiality Program (ACP).

The ACP is a free mail forwarding service. It helps survivors of domestic violence, sexual assault, stalking or human trafficking shield their physical address. Program participants are provided with a substitute address to use instead of their real address. Participants may use the substitute address for:

- the delivery of first class, certified and registered mail.
- obtaining an Oregon driver's license or ID card.
- receiving or paying child support.
- applying for a marriage license.
- enrolling dependents in public school.

To be eligible for the ACP you must live in Oregon, **and**

- be over 18 years old, **and**
- be a victim of domestic violence, sexual assault, stalking, or human trafficking, **and**
- have recently relocated (or are about to relocate) to an address unknown to the perpetrator(s) or any government agencies.

Parents or guardians may apply on behalf of incapacitated adults and minor children who are otherwise eligible for the ACP.

Participation in the ACP by itself does not guarantee anyone's safety. ACP staff do not provide threat-assessment or safety-planning and are not allowed to offer legal advice.

To apply to the Address Confidentiality Program, you must work with a victim advocate who has been designated as an Application Assistant by the Attorney General.

For more information or to find an Application Assistant near you visit <https://www.doj.state.or.us/crime-victims/victims-services/address-confidentiality-program-ACP/> or call **888-559-9090**.

## Political Party Statements

In the Primary Election, designated officers of any statewide political party who intend to nominate candidates for the general election may file for inclusion in the state voters' pamphlet, a statement that argues for the success of its principles and the election of its candidates on a statewide or county basis or opposes the principles and candidates of other political parties or organizations on a statewide or county basis.

## Duties and Responsibilities of Precinct Committeepersons

Precinct Committee Persons (PCPs) encourage voter registration, vote on official party business, elect county party leadership and nominate State Representatives or State Senators when there is a vacancy in one of those offices.

PCPs are only permitted for major political parties. The Democratic Party of Oregon and the Oregon Republican Party have both chosen to elect PCPs, while the Independent Party of Oregon has chosen not to utilize PCPs.

Each precinct is allotted a number of male and female PCPs based on the count of registered voters in the precinct as of January 31, 2018. Individuals can only file for (or serve in) one precinct at a time. However, the individuals can choose whether they want to file to serve in the precinct they reside in or an adjacent one.

Individuals must be registered members of the party for 180 days prior to the filing deadline in order to run as a PCP for that party. Individuals who are under 18 at the time of filing can still file if they will turn 18 on or before the date of the primary election. Only the names of filed candidates appear on the ballot, but spaces are provided on the ballot for voters to write-in as many names as there are PCP positions available in the precinct. Individuals with the highest vote totals will be elected, however, they must receive at least 3 votes (including write-in votes) to be elected.

## Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2018 Primary Election** is:

J, P, Q, V, U, B, Z, Y, A, O, I, D, W, X, L, E, S, T, G, R, M, H, C, F, N, K

Candidate statements included in the pamphlet are separated by office type and position and are further arranged in the same random order in which the names of candidates will be printed on the ballot. In the primary election pamphlet, partisan candidate statements are further separated by political parties.

Statements are arranged in the following manner:

- Independent candidates by position in ballot order
- Republican candidates by position in ballot order
- Democratic candidates by position in ballot order
- nonpartisan candidates by position in ballot order

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

## Disclaimer

Statements and arguments are printed as submitted. The state does not verify the accuracy of information submitted by a candidate, political party, assembly of electors, or person supporting or opposing a measure. ## Constitution Party

**The Constitution Party of Oregon maintains that our true heritage is freedom.**

Constitution Party members recognize that our nation was founded by God-fearing men wanting freedom from human tyranny, so they could obey the dictates of their consciences in accordance with the Bible. They applied the principles of the Declaration of Independence when constructing the Republic spelled out in the Constitution of the United States.

**We acknowledge that government derives its just powers from the consent of the governed.**

We concur with those who framed the Oregon Constitution in the late 1850's. They said in Article I, Section 1, "... all men, when they form a social compact are equal in right: that all power is inherent in the people, and all free governments are founded upon their authority, and instituted for their peace, safety, and happiness..."

We will lead the way back to the foundations of America's greatness, nominating and/or supporting candidates who are committed to these foundational principles:

**Our rights are inalienable, coming from the hand of the Creator.** They are not given to us by ourselves or by government. These rights include the right to life from conception until natural death, the right to own property, and the right to choose how to live that life and use that property, without violating the rights of others as determined by a jury of their peers.

Government is Divinely instituted to protect our rights by punishing evildoers and encouraging righteous behavior.

**Our system of laws is based on the Judeo-Christian moral code.** The one known as the Father of the Constitution, James Madison, told his generation that they had staked the whole future of American Civilization and all our political institutions upon the capacity of mankind for self-government according to the Ten Commandments.

Our nation is a sovereign nation, one nation under God. We must steer clear of entangling alliances with any portion of the foreign world and we must maintain a strong national defense.

**The powers of the federal government in our Republic are restricted to those specifically granted in the Constitution of the United States.** That Constitution is not an instrument for government to restrain the people; it is an instrument for the people to restrain government -- lest it come to dominate our lives and our interests. The Bill of Rights appended to our Constitution has a reminder to the national government that it has only the powers delegated to it by 'We the people' through the Constitution.

This then is our heritage, a heritage that in the past has produced a moral environment with unparalleled individual liberty and economic prosperity, a heritage that has been the envy of the nations of the world. It is a heritage worthy of our efforts to rebuild.

**We ask you to vote your conscience** when electing new guardians for your future peace, safety and happiness. We remain convinced that voting for the lesser of two evils is still voting for evil and will not recover our heritage. We are raising a standard around which the wise and honest can rally, believing that the events of history are in the hands of God. The Constitution Party honors that heritage by nominating candidates who believe in our heritage. Look for them this fall on the General Election Ballot.

Remember, if you don't honor them with your vote, the candidates you really want can never win.

## **Democratic Party**

**The Democratic Party of Oregon is nearly one million strong, fighting for progress and helping elect Democrats from all corners of our state.**

There are several core beliefs that tie our party together: Democrats believe that we're greater together than we are on our own—that this country succeeds when everyone gets a fair shot, everyone does their fair share, and everyone plays by the same rules. Our party is focused on building an economy that lifts up all Americans, not just those at the top.

That's why Democrats are working to make progress on issues like job creation, equal pay, education, health care, and clean energy.

In Oregon, Democrats have led the nation on resisting the Trump agenda, refusing to cede to his dark vision for our nation's future. We've passed legislation to support working families by increasing the minimum wage and providing paid sick leave, we've been a trailblazer on access to the ballot by implementing Oregon Motor Voter and online registration, and we continue to fight for all Oregonians, regardless of race, gender, sexual orientation, religion, class, or ability.

This election cycle, Democrats are poised to grow our majorities in Salem, return Governor Kate Brown to office, and elect Democrats up and down the ballot. Oregon's Democratic congressional delegation well represents our values in D.C. and we are proud to stand behind Senator Ron Wyden, Senator Jeff Merkley, and our Democratic representatives.

We invite all Oregonians to join us in affirming our determination that Oregon become a beacon of opportunity, tolerance, and freedom.

## Independent Party

The Independent Party of Oregon (IPO) was formed 11 years ago to provide greater representation for the 50-60 percent of Oregonians who feel neglected by the Democrats and Republicans. We have grown into Oregon's third largest party, with over 120,000 members.

We believe ordinary citizens don't have enough influence over government policy. Government is not accountable, and politics has become too partisan and dominated by special interests and their money. There is not enough problem-solving.

We work to:

- Oppose spending on inefficient government programs.
- Reduce special interest and "big money" influence over all government processes.
- Increase transparency in government, especially on how tax dollars are spent.
- Protect Oregon consumers from ripoffs and abuse.
- Improve education and job training opportunities for Oregonians.
- Provide incentives for business creation and expansion in Oregon, but only if the incentives return greater public benefit than they cost.

We have led several fights in the Oregon Legislature for effective disclosure of campaign contributions, for transparency in government, and for more citizen participation in elections.

### 2018 PLATFORM

Our 2018 expanded platform ([www.indparty.com/platform](http://www.indparty.com/platform)) is based on our member surveys. Our goal is to align public policies with the priorities of ordinary citizens in the areas of health care, education, campaign and ethics reform, and environmental policy. For more policies, see our past Voters' Pamphlet statements at [www.indparty.com/vp](http://www.indparty.com/vp).

### COMMUNITY BASED CANDIDATES

We support candidates who have the backing and trust of their local communities, not the special interests that dominate the Republican and Democratic agendas. These special interests accounted for 97 percent of the \$133 million spent on Oregon political campaigns in 2016 and most of the \$31 million spent on state-level lobbying. In contrast, our small-donor democracy program provides support services for first time candidates.

### GET INVOLVED. BE A CANDIDATE.

Contact IPO Secretary Sal Peralta at 503.437.2833 or [info@indparty.com](mailto:info@indparty.com).

### THIS ELECTION

If you are a non-affiliated voter, you can vote in the IPO primary (under state law) only if you request the IPO ballot. See [www.indparty.com/nav](http://www.indparty.com/nav). If you are an IPO member, you automatically get the IPO primary ballot in the mail.

We support these IPO candidates for the Oregon House:

House District	IPO Candidate
6	<b>Al Densmore (write in – Jackson County)</b>
19	<b>Tyler Shockley (write in – Marion County)</b>
15	<b>Cynthia Hyatt</b>
27	<b>Brian Pierson</b>
31	<b>Brian Halvorsen</b>
40	<b>Chris Henry</b>
58	<b>Skye Farnham</b>

We support **Marc Koller** for the 3rd Congressional District IPO nomination.

**If your IPO primary ballot has a blank instead of candidate names for some races, find and write in a candidate who supports the IPO agenda: [www.indparty.com/writeins](http://www.indparty.com/writeins).**

### WE ARE HAVING AN IMPACT

In 2017, we began urging the Oregon Legislature to strengthen regulations on industrial polluters. Neither the Republicans nor Democrats would confront large pollution emitters. 3/4ths of all industrial polluters in Oregon were operating under invalid permits that in some cases were decades old. The EPA in 2015 revealed that Multnomah County and Portland are among the 1 to 2 percent worst places in America for airborne illness – including lung cancer – due to the high levels of pollution from industrial and vehicle emissions, particularly diesel trucks.

After a 2018 audit by Oregon's Secretary of State revealed that the state's Department of Environmental Quality was failing to meet its core regulatory functions, a coalition succeeded in passing the first major overhaul of the state's regulation of industrial polluters in more than two decades.

We have also led the way in stopping the Legislature from making Oregon's campaign finance laws even worse. The Center for Public Integrity in 2015 ranked Oregon's campaign finance system as **the worst in America** – except for Mississippi.

### REGISTER AS AN INDEPENDENT PARTY MEMBER AND VOTE

Consider joining: [www.indparty.com/register](http://www.indparty.com/register). You will get the IPO primary ballot, if you join by April 24.

### VOTE. THINK. BE. INDEPENDENT.

## Libertarian Party

### The Libertarian Difference

Do you dislike both the Democratic and Republican parties? Did you vote for someone promising hope and change, then get more of the same? Did you vote for someone promising to make America great again, only to get coarse morals and a foolish trade war? Did you vote for someone who promised affordable housing, but then supported policies that restricted supply and subsidized demand? Are the Democratic and Republican candidates living up to their promises and your expectations? Would you vote for them again, or only against someone who seems even worse?

If you want something different, you need to support something different – join the Libertarian party, and vote for Libertarian candidates! The Libertarian Party of Oregon conducts its own primary election without taxpayer funding, unlike the major parties who use your tax dollars to benefit themselves. Our members will receive a separate Libertarian ballot to select candidates to advance to the general election.

For three elections in a row, the Libertarian Party of Oregon has nominated more candidates for public office than all other minor parties combined. We are the only political party offering you a true alternative to the Democrats who think they know how to spend your money better than you do, and to the Republicans who outlaw what they think are bad decisions. Libertarians are not right or left or center, but we stand on principle and champion your freedom to do what you want with both your life and your money.

### Libertarian Party Statement of Principles

We, the members of the Libertarian Party, challenge the cult of the omnipotent state and defend the rights of the individual.

We hold that all individuals have the right to exercise sole dominion over their own lives, and have the right to live in whatever manner they choose, so long as they do not forcibly interfere with the equal right of others to live in whatever manner they choose.

Governments throughout history have regularly operated on the opposite principle, that the State has the right to dispose of the lives of individuals and the fruits of their labor. Even within the United States, all political parties other than our own grant to government the right to regulate the lives of individuals and seize the fruits of their labor without their consent.

We, on the contrary, deny the right of any government to do these things, and hold that where governments exist, they must not violate the rights of any individual, namely:

1. the right to life – accordingly we support the prohibition of the initiation of physical force against others;
2. the right to liberty of speech and action – accordingly we oppose all attempts by government to abridge the freedom of speech and press, as well as government censorship in any form; and
3. the right to property – accordingly we oppose all government interference with private property, such as confiscation, nationalization, and eminent domain, and support the prohibition of robbery, trespass, fraud, and misrepresentation.

Since governments, when instituted, must not violate individual rights, we oppose all interference by government in the areas of voluntary and contractual relations among individuals. People should not be forced to sacrifice their lives and property for the benefit of others. They should be left free by government to deal with one another as free traders; and the resultant economic system, the only one compatible with the protection of individual rights, is the free market.

### Be A Libertarian

If these principles appeal to you, we invite you to switch your voter registration to “Libertarian” to join the cause of advancing liberty and freedom. There are never any dues or fees required to participate in our elections or conventions, or to be a candidate for public office, and party leadership is directly elected by our members. There are many opportunities for true grassroots activism.

## Pacific Green Party

### THE POLITICAL REVOLUTION CONTINUES WITH THE GREEN PARTY

In fact, it started with us. The Green Party has been at the forefront of political reform in Oregon, in the U.S., and around the world. Greens in Oregon have served as city councilors, mayors, commissioners and on the bench. Greens hold seats as Ministers and Members of Parliament around the world and have led the way on cutting edge issues such as climate change, electoral reform, health care for all, marriage equality and ending the War on Drugs. Today we call for:

#### Protecting Our Planet

Clean air and water. No LNG pipelines or terminals. Stop coal and oil trains. Reduce pesticide use. End destructive logging, energy extraction: fracking, tar sands, offshore drilling, mountaintop removal, and uranium mines. Enact a Carbon tax. Label and put a moratorium on GMOs. Create millions of jobs by transitioning to 100% clean renewable energy and invest in public transit, sustainable agriculture, and conservation.

#### Education as a Right

Abolish student debt to free a generation of Americans from debt servitude. Guarantee tuition-free, world-class public education through university level.

#### Health Care as a Right

Establish an improved "Medicare for All" single-payer public health care program for everyone.

#### Empower the People

Abolish corporate personhood. Enact electoral reforms for true democracy: public campaign financing, ranked-choice voting, proportional representation, and open debates.

#### Ending Poverty

Guarantee economic human rights, including access to food, water, housing, and utilities, to ensure every American a life of dignity.

#### Peace and Human Rights

Establish foreign policy based on diplomacy, international law, and human rights. End the wars and drone attacks, cut military spending by 50% and close 700+ foreign military bases. Lead on global nuclear disarmament.

#### Racial Justice Now

#BlackLivesMatter. End police brutality and mass incarceration. Create a Truth and Reconciliation Commission to eliminate the legacy of slavery that continues as pervasive racism. Give communities control over their police. Demilitarize the police.

#### Justice for All

Terminate unconstitutional surveillance, end persecution of whistleblowers, abolish secret kill lists, and repeal indefinite detention without charge or trial.

#### Housing for All

Shelter our homeless neighbors, create affordable housing, and protect neighborhoods from reckless development and gentrification.

#### A Just Economy

\$15/hour federal minimum wage. Break up "too-big-to-fail" banks. Develop more cooperatives, public banks and public utilities. Make Wall Street, big corporations, and the rich pay their fair share of taxes. Replace corporate trade agreements with fair trade agreements.

#### Freedom and Equality

Expand women's rights, protect LGBTQIA+ people from discrimination, defend indigenous rights, and create a welcoming path to citizenship for immigrants.

**We fight for economic justice, human rights, environmental protection, and grassroots democracy.**

**WE OPPOSE:** the corruption of elections by big money, Wall Street bailouts, the continuing wars in Afghanistan, Iraq and Syria, “corporate personhood,” and NAFTA, WTO, and other “free trade” deals that let corporations override policies to protect labor, the environment, and consumers.

**WE SUPPORT:** real campaign finance reform, Medicare for All, equal rights (including same-sex marriage), \$15 minimum wage for all (now), and effective gun control.

**OREGON ISSUES**

**Real Campaign Finance Reform:** Oregon Democrats and Republicans have never enacted limits on political campaign contributions but have repealed voter-enacted limits 3 times. Campaign spending for Oregon state offices has skyrocketed from \$4 million in 1996 to over \$50 million in 2016.

**The State Integrity Investigation of the Center for Public Integrity in 2015 graded Oregon an overall “F” in systems to avoid government corruption. Oregon ranked 2nd worst of 50 states in control of “Political Financing,” beating only Mississippi.**

THE OREGONIAN (2010) reported that Oregon candidates spend more on campaigns for the State Legislature, per capita, than anywhere other than New Jersey. Spending on such Oregon races has increased 50% since then. The average spent in 2014 by the top 10 Oregon Senate candidates was \$750,000 each; spent in 2016 by the top 10 Oregon House candidates was \$825,000 each. Some spent over \$70 per vote.

Oregon rates low on disclosure of funders of political ads. The Corporate Reform Coalition (75 progressive organizations) concluded that only 6 states have worse systems for disclosing independent expenditures. Oregon = “F” in disclosure; Washington = “A” Now, 10 states require that political ads identify their top funders, but not Oregon.

**Get Involved with State & Local Campaign Finance Reform: [honest-elections.com](http://honest-elections.com).**

**Invest in Oregon:** The State Treasurer should direct part of Oregon’s \$89 billion of investment funds to invest in public works and jobs for Oregonians instead of investing in vulture capitalists, corporate raiders, leveraged buyout artists, and fossil fuel corporations and vendors.

**Fair Taxation:** Oregon has the 4th highest income taxes of any state on lower-income working families and remains lowest in taxes on corporations—the source of most campaign contributions in Oregon.

**Other Issues:** See our testimony on hundreds of bills at the Oregon Legislature: [progparty.org/leg](http://progparty.org/leg)

## **Republican Party**

The Oregon Republican Party is working for all Oregonians by promoting limited government, lower taxes, and personal responsibility. We ask you to join our party and support our candidates because these basic policies improve our nation for everyone. Limiting government gives everyone the opportunity to achieve success. Lowering taxes gives you the opportunity to keep the money you earn and obtain your dreams. Personal responsibility teaches people not to be dependent on the government thereby maximizing freedom for all.

We're proud to be the majority party in many parts of Oregon, but we need your help to implement our policies statewide. Join us as a volunteer, a precinct committee person, or help us promote Republican Principles.

### **What is a PCP?**

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County Officers whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

### **What are Republican Principles?**

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life – requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, law and order, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.

Come join the Oregon Republican Party, be part of the political process, be part of our winning team. Please register as a Republican and become an active citizen. Join us, for a better Oregon!

## Working Families Party

### What is the Working Families Party?

The Working Families Party is fighting for a better future for Oregon. One where the economy works for everyone, not just the wealthy and well connected. One where politicians are accountable to working people, instead of corporate lobbyists. One where all of us, no matter where we come from, urban and rural, coast to eastern Oregon, can find a good job, get healthcare when we need it, afford a home, send our kids to good schools including a debt free college education, and have a secure retirement.

### We're about improving the economy for working people.

This is our number-one, number-two, and number-three priority. We fight for new jobs, living wages, workers' rights including the right of unions to bargain collectively, affordable childcare, better education, health care for everyone, fair work schedules and a government that listens to working families, not big corporations or other high-powered special interests.

### How do we make sure that politicians listen to us?

The Working Families Party is a minor political party that uses fusion voting, which allows us to cross-nominate candidates from major parties if they agree to support our values and our issues. If not, we can run our own candidates, but we prefer not to be spoilers or to waste your vote. We try to use our place on the ballot strategically. We research the records of all candidates running for office in Oregon – for city, county, state and federal offices – Democrats, Republicans or Independents. We ask them questions about specific issues. Then we support the ones with a commitment to standing up for the bread and butter economic issues that really matter to working- and middle-class families.

### What does it mean when you see "Working Families" next to a candidate's name?

It means you know that they have our seal of approval – and you can vote for them with the confidence that they will do the best job of fighting for working people.

### What issues will we ask Working Families Party candidates to champion while in office?

During the 2019 legislative session we are asking WFP electeds to address issues including: campaign finance reform, paid family and medical leave, to fight mandatory arbitration in employment and consumer contracts, putting Oregon's money to work creating jobs here in Oregon and fighting for fair trade policies on a federal level.

### Join us!

The Working Families Party is the electoral arm of the Resistance. We are working to create a party that represents all working people, of all races, gender identification, and immigrant status. We want to work together to develop a people's platform that will bring about positive economic and social change; that will reject the false populism and racist vitriol of the Trump era. Vote for WFP-nominated candidates to send a message that these issues are important, and help us build an organization that can truly represent working people in Oregon politics.

**Occupation:** Cabinetmaker for 30 years

**Prior Governmental Experience:** Elected twice to Douglas Education Service District and once to McKenzie School Board

**Patrick Starnes Independent for Governor**

**Biography**

Patrick Starnes grew up in Oregon and went to Winston-Dillard Schools while his father worked at the particle board mill to support the family.

During his young adulthood he apprenticed in fine furniture making and cabinetry and then went to college.

Starnes worked as a freelance cabinetmaker for over 30 years. Currently he and his wife make their living restoring old houses.

**MORE MANUFACTURING JOBS**

After decades of experience as a cabinetmaker Starnes understands the needs of regular working people. He believes that:

- We can do more with our wood products.
- We can build more finished wood products; manufactured in Oregon rather than shipping raw materials out of the state by removing barriers to, and providing incentives for, local businesses.

**REAL ELECTED EXPERIENCE**

Starnes has over ten years of experience as an elected school board member.

Starnes feels every politician in Salem should have school board experience: dealing with unfunded mandates, increasingly unstable school funding and the forced firing of young teachers.

He sees the degradation of our schools as a tragedy for our youth and our future.

**GET BIG MONEY OUT OF POLITICS**

Everyone knows that big money is corrupting our democracy.

We will not have fair and clean elections as long as large donations are allowed in our democracy. Starnes is the only candidate for governor who is limiting his donations to \$100 per person and he is challenging every politician to, "just say NO to big money!"

**Campaign finance reform is Starnes number one priority.**

**Prior Governmental Experience:** Oregon Legislator

**Greg Walden is Fighting to Improve the Management of our Federal Forests:** Enough is enough. It's time to change how our forests are managed. For too long we've seen jobs disappear and mills close, while smoke chokes our air and fires ravage our watersheds and habitat. Meanwhile, access to our public lands is reduced and our rural communities struggle to provide basic services. We should restore forests after fires and allow multiple uses on our public lands.

**Greg Walden Supports a Stronger Military and Securing our Border to Strengthen our National Security:** We must do more to support our men and women in uniform to make sure they have the equipment, resources and training they need to accomplish their mission and keep themselves and our country secure. We must also make sure our veterans get the pay and benefits they've earned and deserve.

**Greg Walden Succeeded in Efforts to Improve Health Care for Children and Rural Communities:** From working with local leaders to tackle the deadly opioid epidemic and fund our community health centers, to fully funding a record 10-year extension of the Children's Health Insurance Program--that covers 122,000 Oregon kids and pregnant women--we're making real progress. Now we need to go after the high costs of insurance, copays, deductibles and health care. Consumers deserve better.

**Greg Walden is Leading the Effort to Deploy Rural Broadband to Oregon Communities Which is Essential for Economic Development, Education, and Tele-Health Delivery.** Consumers deserve access to faster internet connections, especially in rural areas, some of which lack it altogether. We're working to pass legislation to do just that.

**Greg Walden is Working Hard to Strengthen and Secure Medicare and Social Security.**

From bucking hay bales to Materials Coordinator. I am a Boyscout from Troop 28 Prineville, Oregon and attained the rank of Life Scout. I put myself through college and have WORKED my entire life.

I stand with you and support:

- \* Term-limits (Unlike Greg Walden who is a 25+ year Professional Politician. What has he really done for you?)
- \* Real accountability for elected officials
- \* Fully support 2nd Amendment
- \* Secure borders
- \* Lower taxes
- \* Affordable housing
- \* Sound land management
- \* Economic development providing employment and opportunities for OUR fellow Oregonians

I'm a leader with a no-nonsense approach to politics, not a professional politician, and I know I can make the difference you'll be proud of. I believe that you can't properly represent people if you can't relate to them. A lifetime of varied experience allows me to relate to you. I understand the struggles of the last eight years as I've experienced them like so many of you.

When things are at their worst, WE AMERICANS are at our best. Let's get back to our best and do a better job keeping it there as we rebuild Oregon CD2 for us and our children. I'm here to represent YOU.

**AFTER 30 YEARS, LET’S RETIRE KATE BROWN**

*“I’m running for Governor to lead and fix the big problems that have been avoided, ignored or made worse by Governor Brown. Gov. Brown is fixated on national politics—I’ll fix local problems. She’s raised taxes—I’ll veto them. She’s loaded new regulations on small businesses—I’ll cut red tape. She afraid to reform the budget and PERS—I’ll take-on the government unions. She’s indifferent to failing schools—I’ll rescue them. She ignores health care waste—I’ll hold the bureaucracy accountable. Kate Brown believes in the power of government—I believe in the power of people.*

*Together, with your vote, we can defeat Kate Brown and bring needed changes to the Oregon we love.”*  
 – Knute Buehler

**A FIGHTER FOR TAXPAYERS**

Knute led the charge against Brown’s \$1.4 billion energy tax and \$1.2 billion in new taxes she’s passed in the last two years. He called-out and opposed new fees on inner-tubes, paddleboards, used cars, coffee, beer and spirits. He voted against a new statewide payroll tax and freeway tolls for Portland commuters. Unlike Brown, Knute was outspoken against Measure 97’s massive \$6.1 billion sales tax.

**A DEFENDER OF SMALL BUSINESS**

Standing firm against an avalanche of new government regulations, Knute has earned top ratings from small business, farming and taxpayer groups for votes against new costly, job-killing rules and mandates.

**A CHANGE-AGENT REFORMER**

Following the Kitzhaber-Hayes scandal, Knute forced the Salem political establishment to implement tough new policies to protect government whistleblowers who speak-out against corruption and waste from political intimidation.

**A PROVEN ELECTION WINNER**

Twice-elected to the legislature in tough campaigns from an 11% Democrat-majority district, Knute has taken-on powerful special interests and won by building a coalition of Republicans, Independents and Libertarians – creating the opportunity for real change.

**- LEADERSHIP-**

*“Oregonians must demand accountability. As our next governor, I will lead the effort in transparency and work to restore the public’s trust in their government. Together we will turn our state around.”* – **Greg Wooldridge**

**-ENDORSEMENTS-**

*“Greg is **PRO-LIFE** and is the only candidate for governor endorsed by ORTL PAC.”*

*“Greg is a qualified, conservative, and proven leader that Oregon deserves.”*

– Fmr-Senator Charles Starr, (R-Washington County)

**-PRIORITIES-**

**\*Improve Education** - Oregon’s public education system is broken. Greg believes tax-dollars must go directly into the classrooms to empower teachers to educate and produce positive results; *results in which we can all be proud.* Empowering parents and students with educational choice must be a priority.

**\*Economic Growth** - Oregon’s traffic congestion, regulations and high taxes are killing economic opportunity in Oregon. Greg believes new roads, reducing regulations and lowering taxes are essential to creating a business friendly environment in Oregon. Attracting new business while expanding existing business is critical to a stable and healthy economy.

**\*Restore Trust** - Restoring the public’s trust in their elected officials is essential. Greg has spent a lifetime building teams and leading people. The corrupt political cronyism in Salem must end! Greg will make Salem transparent and accountable to the people.

Dave Stauffer is the **solutions** candidate—the **environmental solutions** candidate who has four new innovations that are workable, scientific solutions to the environmental problems of Oregon. He has an invention that provides fresh, clean water for irrigation, fire suppression, and drinking to eastern and southern Oregon. That same invention will also provide pollution-free electricity using the in-pipe generators developed by Lucid Energy, Inc. That same invention will provide flood control, which will eventually make it possible to restore the salmon fish runs up the Columbia. He has an invention that will use Fresnel lens and the sun to heat water for hot water heaters and to heat houses using the free heat and rays of the sun. That same invention also provides almost free air conditioning in the summer. He also has a solution for Oregon's traffic congestion problems for both the morning and evening rush hours. More importantly, he will cut down on the air pollution from cars and trucks idling in rush hour traffic jams.

I grew up on a cattle ranch north of Elgin, OR. After graduating Oregon Institute of Technology, I moved to Los Angeles to work in the aerospace industry. After working in four different countries on three different continents, I moved back to Oregon to start an aerospace manufacturing facility. I started with a bare field. I built a building, bought machines, installed machines and started manufacturing parts for the aerospace industry. Along the way, I was a careful observer of Oregon politics.

**A Thinking Man's Strategy**

It has been 36 years since a Republican was elected as Governor of Oregon. I have a thinking man's strategy for winning this election. You have to be competitive in Multnomah county. Most Republicans were down 150,000 votes or more in Multnomah county, and they lost. They lost because they talked about issues that most Republicans have a high priority on: things like abortion, gun rights, logging on public lands and tax cuts. Focusing on these things always leads to losing the election.

Instead of giving you a laundry list of issues, I only have one issue – **winning!** To win, you have to focus on issues that we are all suffering under. We all suffer under the heavy weight of medical bills that are too high. We pay for medical insurance that is too expensive to use. We have an education system that is ranked 43 out of 50 on academics and safety. We have the third highest dropout rate. Veterans need more help.

No matter what Republican candidate you like in the primary, if they lose the election, you will have no influence in Salem. I can beat Kate Brown. I can win this election. I need you to join the Jeff Jet and we will fly right over Kate Brown. **Vote for Jeff Smith!**

## Governor

## Sam Carpenter

Republican

**Occupation:** multi-business owner, entrepreneur, consultant, author.

**Occupational Background:** JOB PRODUCER; founder and CEO of industry-leading telecommunications company in Bend

for 34 years; turn-around specialist working with hundreds of small businesses and multi-million dollar corporations; global philanthropist, building schools; on-the-ground management in forestry, construction, engineering, utilities, and more; author of bestselling book on business management, operation, and success.

**Educational Background:** New York State Ranger School, A.A. Degree.

**Prior Governmental Experience:** none.

### REPAIRING OUR GOVERNMENT

I am a strong supporter of the Trump-Pence agenda, and not a politician. I'm a businessman and turn-around specialist – expert in quickly repairing struggling businesses.

Our system of government is failing and must be overhauled NOW – and that won't be done by yet another career politician. Career politicians made this mess!

### KATE BROWN MUST GO

Governor Brown MUST be retired – and that will take a conservative Republican...not a pro-choice, anti-Trump Democrat-lite.

We WILL win control of the House and Senate – a 2018 Oregon Red Trifecta!

### WHAT I BELIEVE

I am passionate about limited government, individual freedom and personal responsibility:

- Pro-life, protecting the life of the unborn.
- End Sanctuary State status.
- Get the PERS crisis under control NOW.
- Fully support the Second Amendment, as written.
- Promote public school choices, vouchers, and home schooling.
- STOP wildfires; promote healthy forests with level-headed timber policy.
- Cut taxes and slash regulations to promote statewide economic growth.
- Restore fiscal sanity to failing state agencies.
- Reduce spending and shrink the size of government.
- Cultivate a government that is small, super-efficient, and unobtrusive.
- Appoint constitutional judges and agency executives who support our conservative principles.

### SUPPORTING OUR PRESIDENT

In early 2016 I was the single statewide Oregon political candidate to endorse Donald Trump. Our President really is making America Great Again – now we must Make Oregon Great Again!

Oregon needs a governor who can work together with President Trump as a partner, not an antagonist.

Please join me. Let's Make Oregon Great Again!

**State Senator, 30th District**

**Cliff Bentz**

Republican

**Occupation:** Oregon State Senator.

**Occupational Background:** Ranching, farming, law practice.

**Educational Background:** J.D.

Northwestern School of Law, Lewis and Clark College; B.S. Eastern Oregon State College.

**Prior Governmental Experience:** Oregon State Senator, Senate District 30, January, 2018 to present; Oregon State Representative, House District 60 (2008-2018); Member, Ontario 8C School District Board (2005-2008); Commissioner, Oregon Water Resources Commission, (1988-1995).

**Family:** Married to Lindsay for 30 years; two children, Allison and Scott.

Thanks to the support of voters within Malheur, Harney, Grant, Lake and Baker Counties, I had the privilege of serving as State Representative for District 60 the past ten years. In early 2018, I was appointed to serve the second year of Senator Ferrioli's four year term. I am asking for your support as I run for the balance of his term.

My priorities remain:

- Protect and improve water rights.
- Find funding for schools and school buildings.
- Help improve opportunities for business.
- Stop legislation that harms rural communities.
- Maintain access to and use of public lands.
- Reduce the cost of government.
- Maintain our infrastructure.

For the past ten years, as State Representative, I worked to protect and improve the lives of the ranchers, farmers, families and businesses of Far Eastern Oregon. My wife and I own and operate a farm, I grew up on a ranch, and my wife is a veterinarian who works in her clinic in Ontario, so we know what it takes to own and operate a business.

My candidacy is endorsed by:

- Oregon Farm Bureau Federation
- Oregon Cattleman's Association
- Oregon Wheat Growers League
- Oregon Seed Council
- Water for Life – President
- Oregon Rural Electric Cooperative Association
- Ash Grove Cement Company
- Oregon Trucking Association, Inc.
- Oregon Right to Life PAC
- Oregonians in Action
- Oregonians for Food & Shelter

Thank you for giving me the opportunity to stand up for Far Eastern Oregon, and if elected, to also represent and advance the interests of Central and North Central Oregon.

Unfortunately, legislators and bureaucrats in Salem just don't seem to care about what's going on here, and pump out regulations and tax hikes that harm our Central Oregon way of life. I'm running for State Representative to change that.**HOUSING COSTS** – One of the biggest problems facing Central Oregonians – especially seniors and others on limited incomes – is the skyrocketing cost of housing. The Salem approach is more regulations, which only increase the cost of housing and more tax hikes, which leave less to cover essentials. As a Redmond Planning Commissioner and as a Realtor, I will fight for reasonable housing policies, less regulation and lower taxes so that Central Oregonians aren't priced out of our homes and our communities.**WASTEFUL SPENDING** – The State of Oregon has become really good – too good – at wasting our hard-earned money. A recent audit shows the Oregon Health Authority wasted \$88 million in Medicaid funds. This is on top of the disastrous implementation of the Oregon Health Plan. We simply cannot afford to continue business as usual. As your representative, I will fight every day against wasteful spending.**PERS REFORM** – The biggest drain on state and local funding, and the biggest excuse for tax hikes, is Oregon's broken PERS system. I will lead the fight to reform that broken system in Salem.**I'm proud of local leader and organization endorsements including:**

- **Ben will never compromise on the 2nd Amendment.** As spineless politicians slowly negotiate away your right to keep and bear arms, Ben will fight for your right to defend yourself and your family.
- **Ben will oppose tax and fee increases.** Portland Democrats claim we need more money for programs; yet our government is more corrupt and wasteful than ever. They simply don't deserve more of our hard-earned money.
- **Ben is a champion for veterans.** Oregon has failed our veterans. Ben will be a voice for those who served and fight to ensure they have a higher quality of life.
- **Ben will fight to reform PERS.** The PERS liability is crippling our school districts and local governments. He will fight to bring about needed reforms to our public pension system.

Ben Schimmoller is the ONLY CONSERVATIVE candidate for Central Oregon. We need a leader who will stand up to the Salem political class and entrenched special interests. ***As your Representative, I’ll be an inclusive, independent voice. I’ll listen and advance pragmatic ideas for better schools, more job opportunities and protecting Bend’s quality of life.” – Cheri***

**PUBLIC EDUCATION LEADER**

A three time elected Bend-La Pine School Board member, Cheri delivers results. During her service, high school graduation rates have risen 10%, she championed instructional technology to replace outdated textbooks, and collaborated with teachers and administrators creating a performance-based teacher compensation system.

As your Representative, Cheri will support essential pension reforms, redirecting dollars into the classrooms; career and technical education funding at 100%, and will advocate for OSU Cascades Campus.

**SMALL BUSINESS OWNER**

Cheri and Steve invested their life-savings to start two successful restaurants -growing them to employ 90-100 people.

Everyday Cheri juggles 3 children, homework, carpools, hands-on work in a family business and school board service. From a working-class family, Cheri knows the daily anxieties families face, the importance of access to affordable housing, health and child care and how quality schools – from pre-K through college – can open the doors of opportunity for every Oregonian.

Mike McLane is fighting for local jobs – and winning the fight. Because of his work to increase private sector jobs, Mike was named one of the top legislators for 2013 by the Oregon Farm Bureau, Oregon Wheat League, Oregon Business Association, Oregon Associated General Contractors, and Oregonians for Food and Shelter. In 2015, Mike was named “Legislator of the Year” by the Oregon Economic Development Association.

**FIGHTING FOR QUALITY SCHOOLS**

Mike supported several reforms that are improving our schools and helping school districts better plan their budgets. From giving parents and students more choice to encouraging innovation, Mike is giving us the tools we need to strengthen our education system.

**Occupational Background:** Legislator, Stove & Spa Shop Owner, Screen Print/Embroidery Shop Owner.

**Educational Background:** Linfield College, Tigard High School

**Prior Governmental Experience:** The Dalles City Budget Committee, The Dalles Urban Renewal Budget Committee, Vice-Chair House Committees on Early Child Development and Family Supports, House Transportation, and House Energy & Environment, Paid Family & Medical Leave Workgroup, and Chair Rural Policy Workgroup.

Daniel Bonham is a happily married father of two, who runs local businesses and serves actively in our community. Whether for his family, his employees, his customer, or now, his constituents, Daniel is driven by a desire to serve everyone he encounters. Daniel understands life's financial challenges and is committed to a more prosperous future for our community.

### Protecting Small Business

For years, Oregon has tried to tax its way to prosperity. It's time for the legislature to stop increasing fees and taxes that make it difficult for businesses to survive. By reducing tax burdens and allowing the economy to grow, our state's broadened tax base can support investments in our educational system and responsibly support our social services.

### Supporting Stronger Education

Daniel believes that a strong educational system is the key to Oregon's future. By funding our schools first and providing consistency— Oregon can build momentum towards an elite education system. Oregon has no greater obligation than to ensure it is providing the resources necessary for a quality education. A stronger education system means greater opportunities for the future of our kids, community, industry, and our state.

### Standing up for Rural Oregon

The challenges facing our rural communities are often overlooked in Salem. Daniel was a strong advocate for bringing broadband access to Maupin. He passed legislation that improves the management of our federal forestland, reduced forest fire risk, and provides additional resources to watershed management.

**Prior Governmental Experience:** NONE

It's been years since the working families of District 2 have had a real representative in congress. The issues that are important to ordinary folks in Southern, Central and Eastern Oregon seldom get addressed.

As a Champion of Working Men & Women, I promise to prioritize the needs of our scrappy and beautiful district.

Children come first. Our public schools are the Heart & Soul of our rural communities.

Health Care is a Right. Public Lands belong to all of us and access must be guaranteed. Resources must be managed for the greater good.

We must transition from Fossil Fuels to renewable energy! Sun & Wind are the future! Climate Change is Real.

Dreamers must be protected and real immigration reform does not include a wall.

It is time to have a discussion on the merits of National Service for All. We lack a shared experience that truly will define us as Americans. There is a job for everyone! Rich & Poor alike.

**Occupational Background:** Division Chief Financial Officer from Chrysler Corporation; Environmental and Wildlife Protection Volunteer

**Educational Background:** BS Business Economics Indiana University; MBA Indiana University Kelly Graduate School of Business

**Prior Governmental Experience:** Volunteer for congressional campaigns and voter initiatives in Michigan and Oregon

**My vision for the district will encompass 4 Core Values:**

**CV 1: Economic Opportunity:** Support infrastructure spending including improved north / south and east / west highways in the district necessary to attract new business opportunities. Promote development of solar farms. Ensure schools provide the training these new enterprises will require.

**CV 2: Inequality of Income and Wealth Distribution:** Fight to stop and reverse the abominable inequality of wealth in the U.S. where 10% now own 76% of the wealth. This will include standing up for union rights, maintaining, not reducing corporate tax rates, and applying equal taxation on ALL forms of individual income.

**CV 3: Health Care Cost and Accessibility:** Attack the root cause of our health care crisis. At \$10,000 per person annually, the US costs are 2 and 1/2 times that of ALL other developed nations with a life expectancy ranking of 31st in the world. Champion a single payer system that will allow us to force pharmaceuticals to fairly price drugs, ensure hospitalization procedures and costs are reasonable, and continue coverage for pre-existing conditions.

**CV 4: Protect Our Environment:** Ensure the EPA is fully funded guaranteeing 40 years of environmental improvements are maintained, and not allow corporations to once again use the earth as a dumping ground. Ensure government scientists are not prevented from discussing and sharing their concerns over climate change. Adequately fund the forest and national park services allowing them to hire the necessary staff required to manage the forests.

As your congressman, my focus will be those issues directly impacting the 2nd district.

Since Reagan, under-taxation of the wealthiest has allowed the top 1% to own more wealth today than the bottom 90%. This harms working families and underfunds essential services. Wildfires, hurricanes, flooding, and drought from climate change threaten civic stability, agriculture, and the national economy. Authoritarianism genuinely threatens our democracy's survival. These are urgent issues to which I respond with calmness, courage, and clear insight.

A hospital chaplain, I stay calm with people during their most painful times. Trained at two VA hospitals, I take war seriously and know our sacred duty to military personnel.

A science teacher, I understand climate change. A social studies teacher, I've thought deeply about our complex country and can craft strong policy.

In my classroom I hold students to high standards. I honor students' unique stories AND challenge them to respect each other. I'll bring to Congress a focus on individual excellence AND community well-being.

A former domestic violence shelter worker/trainer, I know how abuse of power leads to violence, and the importance of standing up to bullies.

From work alongside the police and military, I understand there ARE real security threats in the world. I take them seriously AND understand risks from unnecessary escalation.

A former long-haul truck driver, I understand the dignity of hard work and daily struggles of working families.

To win District 2, the Democratic winner must appeal to ALL voters. A strong Democrat, I also speak persuasively to conservatives' concerns: security, the national economy and jobs, supporting agriculture, and strengthening our rural communities.

Demonizing and blame are the low road. The high road is creativity, courage, and extending dignity to all people. We can do this.

Clara Valley Water District; Regional Director, International Rescue Committee

**Educational Background:** JD, University of Oregon; MRP Planning, Cornell University; BS Civil Engineering, Rensselaer Polytechnic Institute

**Prior Governmental Experience:** City Manager, Phoenix, OR; City Council Member, Santa Clara, CA

**Rooted in Our District**

My family roots run deep in our district. From Medford, Bend, Jordan Valley, Ashland and Crooked River Ranch, we bridge the urban-rural divide. I graduated high school in Southern Oregon, and my wife's family has been ranching in eastern Oregon for over 100 years.

**Public Service Experience**

During my two terms in elected office, I built a reputation as socially progressive, fiscally responsible, and dedicated to integrity. I'm independent-minded and show up to listen. My track record is to fight for my constituents, including against corporate interests. I have what it takes to get things done.

**Woman With a Plan**

Now is the time to audaciously reclaim our democracy. I work across party lines for our Oregon Values, of building healthier families and stronger communities, by investing in:

Physical Infrastructure

- **Living wage jobs and economic development** to rebuild our middle class
- **Renewable energy** to combat **climate change**
- Safeguarding our **public lands**
- Affordable **housing**
- Equitable **Internet access** for **rural communities**

Social Infrastructure

- **Healthcare** for everyone
- Better services for our **veterans**

**Your Representative**

I understand our district. I have vision and the experience to beat Walden. Our district has a tradition of strong, hardworking women. After 125 years, it's time we are represented by one.

To reclaim our democracy, we must end the unjust influence of corporations and the ultra-rich in politics. Currently they have the loudest voice in politics; I am running to give a VOICE TO THE PEOPLE.

I am the only candidate who has pledged not to take money from corporations and special interests. I am only taking campaign contributions from individuals.

I have a detailed plan to publicly fund elections; neutralizing the influence of corporate/special interest money in politics.

I whole-heartedly support Single Payer Health Care.

I support a plan to go 100% renewable energy by 2035. Combating Climate Change through job-creating renewable-energy projects is not only vital on its face, but wind and solar infrastructure will be great for well-paying jobs in rural Oregon. For too long rural Oregonians have been neglected, pushed to the side. No more. To support rural communities, we need infrastructure that encourages local economies to thrive.

For years people have talked about how complicated it is to save Social Security. It is not complicated. My plan requires the super-rich to pay their fair share by simply removing the current income level cap on Social Security taxes.

As an Army veteran and proud father of a son and three daughters, I will be a tireless warrior for human rights issues like equal pay for equal work, reproductive rights, paid family leave, affordable education, and citizenship for Dreamers. We can accomplish all of this and more together.

My experience of over thirty years with contract negotiations gives me the skills I will need in Congress to reclaim our democracy and give a VOICE TO THE PEOPLE!

**Prior Governmental Experience:** State Representative, 1991-1996; State Senator, 1997-2008; Secretary of State, 2009-2015; Governor, 2015-present

**Kate Brown Is On Our Side**

Kate Brown took over as Governor at a time when faith in state government was badly shaken. She went right to work, focusing on strong schools, good jobs, and quality health-care. She passed needed ethics reforms and is increasing transparency and accountability in state government.

**Fighting for Oregon Families**

- Protected healthcare for Oregonians, including 400,000 children, because everyone should be able to see the doctor when they're sick
- Passed paid sick leave, so workers don't risk losing their jobs when they're sick or caring for a sick child
- Improving graduation rates to make sure every child graduates high school with a plan for their future
- Preserving the Oregon we love by protecting clean air, clean water, and public lands
- Working to keep communities safe from gun violence by requiring criminal background checks
- Defending women's rights to make their own healthcare decisions

**Helping Workers and Small Businesses**

- Increased the minimum wage, because no one working full-time should live in poverty
- Signed the Oregon Promise, reducing community college tuition
- Investing in career and technical education, preparing Oregonians for good jobs that don't require a college education, and enabling small businesses to hire skilled Oregon workers

**Getting Results from State Government**

- After discovering disturbing results of years of neglect across state agencies, Brown brought in new leadership to increase accountability
- Saved taxpayers millions of dollars through hiring freezes, reduced spending, and lower overhead
- Making transportation improvements to reduce traffic while creating 16,000 new jobs

**The Right Priorities for Oregon**

As Governor, Kate Brown is working to create opportunity for every Oregonian and protect the state we all love.

Location and timing. My vision for Oregon begins with combining our revered pristine natural environment with burgeoning frontier economic opportunities that lead to Oregon prosperity and leadership nationally and globally. I invite tech companies, solar, wind and other like-kind industries to invest and thrive here. And to pay their fair share of taxes. I adamantly oppose gas pipelines digging up our land for LNG exports to benefit outside interests competing with the clean energy economy we want to grow. Oil wells in the ocean are a direct affront to our lucrative tourism industry and harm the ocean itself. Oil is last century's boon-typewriters in a computer society. I favor solid investment in education. I support a single payer health care system, Planned Parenthood and its work to ensure the health and choices of women. Equal pay with a strong minimum wage revitalizes the economy myriad ways. Oregon depends on our migrant workers and their advanced and excellent agricultural skill, and exceptional factory and service industry work. Our economy would suffer deeply without them. Immigration reform must be handled intelligently, respectfully and carefully. We are a sanctuary state in a sanctuary country. I promote train transportation for goods and commuters and tourists. We must invigorate coastal towns that have the opportunity to be ocean shipping centers. I would forcefully promote sensible gun legislation. "Cap and trade and invest" addresses global warming and health as air pollution causes lung conditions and higher medical costs. We have protected and preserved Oregon and will now turn our eyes to a more vibrant prosperity on our terms and best interests. Mutual respect, kindness and the adventuresome spirit make Oregonians who we are. We are pioneers and have much pioneering to do.

**As your representative, I will be your advocate in Salem, because Central Oregon deserves a strong voice. I have the experience necessary to accept responsibility for Oregon's \$74 billion budget. Together we must uphold commitments to our public workers while investing in the future.**

### Service

**I served as an Officer in the US Navy for ten years after the US Embassy in Iran was attacked. I am a wilderness first responder, a mountain safety educator, and the proud mother of a nurse.**

### Financial Leadership

- Solved complex financial problems for Daimler, one of the world's largest manufacturing companies.
- Responsible for half billion dollar budgets and contracts.

### Economy

**Government's role in a vibrant economy, is to provide the infrastructure that businesses rely upon:**

- Roads, bridges, and utilities.
- Broadband access, to ensure rural businesses can compete in the digital marketplace.
- Ready workforce, educated for the task and unhampered by concerns about health care and dependent care.
- Business pays a living wage, so workers can meet their basic needs without taxpayer assistance.

### Healthcare is a fundamental human right

**Oregon recognizes this right, which is why we created the Oregon Health Plan. 100% of our children are covered, and we are close to the goal of covering every adult.**

**In the next term, our legislature needs to establish permanent funding to guarantee coverage for all Oregonians. **Educational Background:** M.D., Internal Medicine; M.S., Environmental Science; B.S., Biology.

**Prior Governmental Experience:** Bend Metropolitan Planning Organization; Bend Urban Renewal Agency; SIAG; Oregon Disaster Preparedness Committee.

**Planning for a Better Future**

Bend faces serious challenges. As a community, we're growing at a breakneck pace, confronting traffic and home prices that are compromising our affordability and livability. As a state, we have failed to invest in our schools, transportation infrastructure, and more. It's clear we need bolder leadership and smarter solutions in the legislature, not politics as usual and business behind closed doors.

**Putting Bend's Interests First**

We need to use taxpayer money wisely, not to prop up out-of-town corporations or development speculators. As a city councilor, I recognized that what Bend needs at the state level isn't always more regulations—it's often less. We need funding for teachers and schools, for streets and sewer pipes. And we need legislators that represent our whole community, not just special interests and big money donors.

**For a Healthy Community**

As a primary care doctor, I understand the importance of a healthy community. That means more than just taking your medicine and getting exercise. Children can't be healthy or get a good education without stable housing. A healthy community means everyone has a fair chance, not just the wealthy. And none of us can be healthy and businesses cannot prosper without clean water, clean air, and natural resources that come from a healthy environment.

I love Eastern Oregon. I grew up here and I chose to return to raise my family. Now that my children are grown, I have more time to serve as your State Representative. It is a very important and potentially influential role, if the right person is in place. My years of experience reading and analyzing technical data, asking tough questions, and speaking up without fear - are assets that I plan to use for all the residents of District 59. I have spent years carefully cultivating personal relationships at the local, state and national level, so that someday I would be able to skillfully represent our towns and cities in the legislature. Times are changing and we need resources to help our rural areas to not only survive, but thrive. A hand up, not a hand out. We also need someone who understands how legislators from the western part of the state think, so we can help them understand why some things that work for them and their constituents are not in our best interests and that we need to be part of the equation.

I hope that you will allow me to represent your interests in the legislature. I humbly ask for your vote.

**EXPERIENCED. DEDICATED. FAIR.**

#### EXPERIENCED

Before joining the Oregon Supreme Court, Judge Duncan served on the Oregon Court of Appeals, where she authored opinions in a wide range of civil, criminal, and administrative cases. Prior to becoming a judge, she worked as a trial and appellate attorney, frequently litigating novel and complex issues.

**Judge of the Supreme Court, Position 3**

**Van Pounds**

Nonpartisan

**Occupation:** Lawyer, licensed to practice law in Oregon and Missouri; Senior Policy Analyst, Oregon Department of Consumer and Business Services (DCBS).

**Occupational Background:**

Chief of Enforcement and Securities, DCBS; Managing/Senior Counsel and Special Assistant Attorney General, Missouri Department of Revenue; Adjunct Instructor of Business Law, Southeast Missouri State University; Assistant Regional Public Defender, State of Missouri; Assistant/Acting City Attorney, City of Cape Girardeau, Missouri.

**Educational Background:** Master of Laws (LL.M.) in Dispute Resolution and Juris Doctor (J.D.), University of Missouri-Columbia; Bachelor of Arts (B.A.) in History, Southeast Missouri State University.

**Prior Governmental Experience:** See Occupation and Occupational Background above.

**Professional Memberships:** Oregon State Bar (Administrative Law Section); The Missouri Bar (Alternative Dispute Resolution Committee; Labor & Employment Law Committee); Marion County Bar Association.

**Let's Make Your Vote Count**

Van Pounds is seeking a state judgeship. He also is seeking to call attention to the process by which judges in Oregon get picked.

Although the Oregon Constitution states that judges are to be elected by the voters of this state, the die is often cast long before any election. As judicial vacancies occur, the governor unilaterally fills them by appointment. Such appointed judges thereafter gain the advantage of incumbency and rarely, if ever, face an election opponent. Current judges on the Oregon Supreme Court serve as a prime example.

Oregonians deserve a more meaningful say in who gets to be judge.

Van Pounds offers voters a true ballot choice. He possesses the experience and commitment necessary to do the job. **Transparency. Accountability. Fairness.**

In a time when our nation faces grave threats to democracy and the rule of law, our courts must be open and accountable to the people. That's why I'm running for the Court of Appeals.

Currently, the Court of Appeals decides most of its cases by "affirming without opinion." That means the court gives no explanation whatsoever for its ruling. For many civil, criminal, and administrative appeals, that non-explanation ends up being the last word.

Such a practice is far less common in the rest of the country. Many other state and federal appellate courts give at least one or two sentences to explain their rulings. That helps the parties, other courts, and the public know why the court did what it did—which keeps courts accountable.

I think Oregon deserves at least that much. And I think our appellate court can do that much. I recognize that our judges have a tough job, and I respect the efforts they're making. There are too many cases and not enough judges to give them all the attention they deserve.

But there's room for improvement. And I'm up to the task. In the last five years, I've written over 300 appellate briefs and argued before the Court of Appeals over 60 times. My work is high-quality, too—the Oregon Supreme Court has called my briefing "thoughtful." (*State v. Cuevas*, 11/13/15.) In short, I'm one of the most productive appellate attorneys in the state.

As a judge, I will bring that productivity to the court. I will work to end the "affirm without opinion" practice, without sacrificing the quality or speed of decisions. I believe that will make our courts more open, more accountable, and fairer to all Oregonians.

The IDRT model has now been adopted statewide and has been effective in increasing meaningful access to justice for primarily self-represented parties in family law cases. Currently, I preside over all aspects of criminal, civil and family law cases filed with our Court.

I regularly volunteer my time to provide continuing education to lawyers and judges on a statewide and local level, and I am an active and engaged member of the Deschutes County Bar Association.

I remain committed to the principles of fairness, courage, and conviction for our Court, and upholding the laws of this State and our Constitution as a foundation for sound decision making. It would be an honor and privilege to continue serving as a Circuit Court Judge for Deschutes County, and I thank you for your support.
