BILL BRADBURY
SECRETARY OF STATE

PADDY J. MCGUIRE
DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION
JOHN LINDBACK
DIRECTOR
141 STATE CAPITOL
SALEM, OREGON 97310-0722
(503) 986-1518

Dear fellow Oregonian,

It's a challenge to get people to vote. I don't know why, but that's a fact. As your Chief Elections Officer, I'm working hard to remove every obstacle I can to help you vote this fall. This year, we've made it easier than ever to cast your vote – and to know it gets counted.

As part of the Help America Vote Act, we've implemented new tools to answer every question you can think of about voting:

- What if you're a college student, registered in your home district, but living on a campus in another county?
- What if you have a physical disability that limits your movement or vision? How can you vote privately and independently? (Hint: it's possible now like never before.)
- What if you're a soldier in the field? How do you get your ballot so far away?

All of your questions are answered by a real, live Oregonian at our toll-free voter information line: 1-866-ORE-VOTES (1-866-673-8683) or through our TTY line for the hearing impaired at 1-866-350-0596. Elections representatives are available, Monday through Friday, 8:00 am to 5:00 pm – or you can log onto our website and look for your answers there anytime at www.oregonvotes.org.

Remember: you have to return your ballot so it's received in your county elections office by 8:00 pm on Tuesday, November 7th.

Our ability to vote in free, fair elections is one of the things that makes America great. Please take the time to read about the candidates in this pamphlet so that you can make informed choices. Then fill out your vote by mail ballot and return it to your county elections office by 8:00 pm on November 7th.

I thank you for choosing to engage in our democracy by voting. Your participation is the foundation of Oregon's future.

Best wishes,

A handwritten signature in black ink, appearing to read "Bill Bradbury". The signature is fluid and cursive, with a long, sweeping tail.

Bill Bradbury
Secretary of State

General Information

Voters' Pamphlet

Your official 2006 General Election Voters' Pamphlet is divided into two separate volumes. This is Volume 2 and contains information on candidates. You should have already received Volume 1, containing information on the statewide measures. If you have not received Volume 1, please call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

In this volume, partisan candidates appear before nonpartisan candidates. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background, and prior governmental experience—has been certified by each candidate.

Volume 2 also includes other voting aids, such as a complete listing of state candidates, ballot drop site locations, and ballot instructions. If your county has chosen to produce a voters' pamphlet in conjunction with the state, drop site locations will appear in your county voters' pamphlet, which is in the center of this pamphlet.

Candidate statements are printed as submitted by the author. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county elections offices.

Random Alphabet

While the candidates' statements for candidates running for the same office appear in alphabetical order by their last name in this voters' pamphlet, you will notice that they appear in a different order on your ballot.

ORS 254.155 requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2006 General Election is:

C, X, E, T, K, Y, B, V, F, W, P, A, L, D, U, H, G, N, O, Z, Q, M, J, S, R, I

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at www.oregonvotes.org

Una versión en español de algunas partes de la Guía del Elector está a su disposición en el portal del Internet cuya dirección aparece arriba. Conscientes de que este material en línea podría no llegar adecuadamente a todos los electores que necesitan este servicio, se invita a toda persona a imprimir la versión en línea y circularla a aquellos electores que no tengan acceso a una computadora.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by November 2. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8:00 p.m. election day, Tuesday, November 7, 2006.

Postmarks do not count!

County elections offices are open on election day from 7:00 a.m. to 8:00 p.m.

Voters with Disabilities

Voters with disabilities who need assistance with marking their ballots now have an opportunity to vote privately and independently. Each county elections office in Oregon has been equipped with a voting system for use by voters with disabilities.

Voters with disabilities who use assistive technology such as a computer with a screen reader or screen enlarger application to access printed material now have an alternative to the printed ballot. It is called a HTML (Computer) Ballot. The HTML (Computer) Ballot requires that the voter have a computer, web browser and printer and allows the voter to vote privately and independently from home.

Our state government is a mess because career politicians bicker and corporate lobbyists have too much power.

Both Democrats and Republicans have failed our state.

Why vote for the same politicians and parties who, year after year, fail to solve our problems?

It's time for a change.

I'm running for governor to represent working families. All Oregonians deserve good schools, health care and economic opportunities.

Oregon can afford the best schools and health care. Big companies must pay their fair share. I will raise the taxes for the largest and most profitable companies that do business in Oregon.

Health security for all
Every Oregonian should have access to quality health care. Health care is a right not a privilege for the rich.

Peace now
I will bring Oregon's National Guard troops home from Iraq and the Middle East. Our brave men and women should not fight distant wars for oil and greed. They should work in Oregon, making our state stronger.

Building an energy independent Oregon
As governor, I will make conservation our state's first priority. I will establish a network of public rural energy cooperatives. The network will supply the energy needs of communities with biodiesel, biomass, solar, geothermal and wind power.

Preserve Oregon's natural resources
I will protect our wonderful parks, forests, oceans, rivers and wildlife from timber, mining and grazing industries. I will stop companies from using our streams, rivers and ocean as a dumping grounds for their toxic waste.

I have been a leader all my life, beginning with my service in the military. I have fought hard for our country, and to keep Oregon's public lands beautiful.

I ask for your vote so that together we can make Oregon shine again.

Democrat

Occupation: Governor

Occupational Background: Attorney

Educational Background: Undergraduate/ law degree; University of Missouri

Prior Governmental Experience: Oregon Supreme Court Justice; Attorney General; Insurance Commissioner; State Legislator; Marine Corps

Married to Mary Oberst; three children.

Representing Working Oregonians

Who you are as Governor is really about who you represent.

I've said many times that the people most responsible for helping me become who I am today were the nuns who raised me, the Marine Corps Instructors who taught me discipline, and the taxpayers who gave me the opportunity of college through the GI Bill.

When I went into public service, I wanted to represent people like them – working families... retirees... ordinary people like you and me. That's why I'm committed to:

Improving Education. We've restored millions of dollars to our classrooms, and my education plan will increase and stabilize school funding so we can reduce class size, never again cut school days and invest in job training and higher education.

Lowering Healthcare Costs. I've taken on drug companies so Oregonians can have lower-cost prescription drugs. I have a plan to provide healthcare for Oregon's 117,000 uninsured children and reduce healthcare costs for working families.

Keeping Communities Safe. Since taking office, we've enacted America's toughest meth laws and cut the number of labs by 70 percent. I am committed to continuing this fight and restoring 24/7 State Police patrols throughout rural Oregon.

Creating Good Jobs. Today more Oregonians have jobs than ever before, we've gone from having the highest unemployment rate to the fifth fastest growing economy. We achieved these successes because we made it attractive to do business in Oregon by cutting 250,000 pages out of regulatory permitting, expanding online services, and investing in infrastructure, research and technology.

I'm proud of the progress we've made over the last four years, but the best is yet to come. Please join teachers, firefighters, nurses, and thousands of Oregonians in supporting me again for Governor.

• **FUND EDUCATION AND PUBLIC SAFETY FIRST**

In Oregon's budget process, kids should not be at the end of the line. Time after time, the legislature passes agency budgets first. By the time education budgets are discussed, most of the money has been spent, creating a crisis. I will veto any budget bill that reaches my desk before the education and public safety budgets do.

• **SWAP INCOME TAX FOR SALES TAX**

Let's eliminate Oregon's income tax in exchange for a revenue-neutral sales tax. Certain living essentials would be exempt. This would be a constitutional change, so the legislature could not reintroduce an income tax without a vote of the people. The tax rate would be lower because tourists and those in the underground economy would join the tax base.

• **PROTECT CIVIL LIBERTIES**

Terrorists win if the price for security is our civil liberties. I support making privacy an explicitly protected right in Oregon's constitution. I will keep our national guard out of foreign conflicts. I support a woman's choice regarding abortion. I support Oregon's Death with Dignity and medicinal marijuana laws. Oregon should get out of the "marriage business" entirely, return control of the marriage sacrament to churches, and offer civil unions to all couples regardless of gender mix.

Ron Saxton
Improving Schools

The Challenge: Measured by class size, dropout rates and student achievement, Oregon's schools are struggling. More money alone won't fix the problem.

The Solution: A Governor who will make big changes.

- As School Board Chairman, Ron helped schools save millions through better management and privatization of non-instructional services. He introduced more school choice, cut administrative waste, and supported regular audits and transparent budgets.
- To boost student achievement, Ron will maximize dollars spent in the classroom, encourage paying teachers based on performance rather than seniority, and reduce class sizes by reducing bureaucracy.

Responsible Fiscal Leadership

The Challenge: Too often Oregonians are choosing between higher taxes or reduced services.

The Solution: A Governor who delivers smarter management.

- Ron will establish clear priorities for state government, eliminate non-essential functions, hold agencies accountable for performance, and engage the private sector to deliver services more effectively and efficiently where appropriate.
- Ron will hold the line on taxes. He opposes a sales tax, will return your Kicker refund, and will cut the cost of Oregon's government bureaucracy 10% within four years.

Growing Oregon's Economy

The Challenge: Improving wages and creating better jobs.

The Solution: A Governor with a pro-jobs, pro-business attitude.

- Ron will reform Oregon's harsh regulatory climate, reduce the capital gains and estate taxes, and ensure Oregon's universities and community colleges are magnets for business investment.

Leading for Oregonians

- Rebuilding Oregon's State Police and cracking down on drug dealers and property crimes.
- Reducing healthcare costs.
- Stopping Oregon from issuing driver's licenses to illegal immigrants.
- Protecting private property rights.
- Promoting renewable energy.
- Supporting Oregon's natural resource industries.

The 2 "**BIG BOX**" **political parties** have been compromising
on issues for so long, it's nearly **impossible** to tell one from
the other.

Face it.

Virtually every aspect of our lives is coming under more and
more government control.

As governor I will fight to **END:**

Illegal immigration. Oregonians are being crushed under
the weight of educating, incarcerating, and medicating the
thousands in our state unlawfully.

Oregon taxpayer funded abortions. The Oregon Health
Plan uses **your** money (over \$1.5 million per year!) to kill 4,500
pre-born Oregonians. I won't sign a budget that pays for ending
the lives of innocents.

The illegal deployment of the Oregon National Guard
to foreign countries to fight unconstitutional wars. U.S. and
Oregon Constitutions agree – our troops were sent to Iraq and
Afghanistan **illegally**. I will demand their return.

Attacks on private property rights

State control of a bloated, ineffective education system.

Decentralize the schools, give control back to local school
boards and parents, allow **education dollars** to follow stu-
dents. **Support home schooling parents.**

Out of control child protective service agencies

Forced drugging of children

**Corporate data-mining of Oregonians' personal/
financial information.**

Requiring taxpayers to prop up a failed PERS system.
Replace with a 401k type program. Privatize administration.

All legislation aimed at eroding the 2nd Amendment.
Gun owners' rights must not be compromised!

Spending nearly DOUBLED in 10 years, limit to changes in
inflation/ population

Demand elected official's respect. Remember, **they** work for
you!

Special Accomplishments:

Author: "The Whole Tooth and Nothing But the Tooth"

Pro Business

Oregon is moving in the wrong direction. This great state, once a shining example of American independence, has become paralyzed by government bureaucracy. We need to welcome new business and show respect for individual property rights. By attracting good, family-wage jobs, we can increase state funding for education and public safety.

Let's increase the tax base, not increase taxes.

Anti-Crime

Methamphetamine use is out of control in Oregon. 80% of property and personal crime in the state is related to the meth epidemic. I won't be satisfied until Oregon is the safest state in the country to raise a family.

Let's lock up criminals, not cold medicine.

Pro Education

Education is the gift that we give our children and represents the future of our country. I will advocate reform that produces students who can better compete in our global economy. We need to recognize teachers as professionals and accord them the respect and resources necessary to teach our children.

We need to set aside politics, put children first and make Oregon a true leader in education.

I live with my wife of 35 years, Marion. We have three children, and two adorable grandkids.

I love Oregon's great outdoors, especially when rowing a drift boat or fly-fishing.

PRO-EDUCATION

Our children's education must be our highest priority. I will continue advocating for long-term, stable funding for all levels of public education.

Studies have shown that for every dollar spent on education, we save up to \$15 in the criminal justice system. A quality education system will ensure Oregon's economic growth.

I support local control of our schools.

Endorsements:

PRO-JOBS

I will fight for rural economic development and family-wage jobs so we can jump-start our economy. I oppose "outsourcing" Oregon jobs. All Oregonians deserve stable employment and proper health care.

PRO-PUBLIC SAFETY

MY LEGISLATIVE PRIORITIES

ECONOMY AND TAXES

I will never vote yes on a sales tax. Increased revenue should
come from an increased tax base fueled by growth in the busi-
ness sector. This is achieved through business friendly policies.

All State programs should have a sunset clause to force the
legislature to regularly revisit and review the effectiveness
and cost versus service of those programs.

Enforce the laws preventing use of Governmental Funds on ille-
gal or undocumented foreign nationals as defined by Federal
Statute. The savings could be reallocated for services to the eld-
erly, youth programs, State Police, healthcare and education.

ACCOUNTABILITY

It should become illegal for any government employee or entity
(State, County, City, Regional and Quasi governmental) to
provide services or employment to any convicted child
molester or predatory sex offender other than counseling.

ILLEGAL IMMIGRATION

All new drivers licenses should require multiple forms of identi-
fication including a birth certificate.

Cap the percentage of foreign students in the State's higher
education system to 5% and bar admittance of students from
CIA/FBI listed rogue nations. Let's quit educating possible ter-
rorists with Oregon tax payer subsidies and channel that
money to Oregon students.

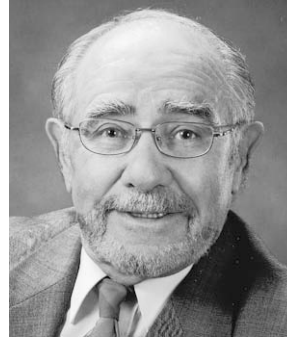

The State of Oregon should not provide a birth certificate that
guarantees citizenship to any child who does not have a parent
who is under the jurisdiction of the United States as defined in
the Constitution.

"State government needs to refocus its priorities. Government
should protect and serve the citizens by using their tax monies
wisely, effectively and efficiently. I would be honored to serve
you in the State Senate."

Prior Governmental Experience: State Representative 1999-2002; Secretary-Treasurer, Cal Young Neighborhood Association; Chair, Lane County Democrats

Personal: Vicki has lived in Oregon since 1960. She and her husband Steve raised their two children in Lane County.

VICKI WALKER—OUR CHILDREN’S CHAMPION

“After six years in the Legislature, Walker has turned into her own bill machine – and an increasingly successful one. In a session marked by stalemate between a Republican House and a Democratic Senate, Walker’s fingerprints can be found on a large number of bills that have sailed through both houses.” *The Oregonian, 6/24/05*

Vicki Walker fought for our children’s safety:

- Passing Jessica’s Law to crack down on child predators
- Standing up to former Governor Goldschmidt’s abuse of a child
- Creating an Amber Alert system to track abducted children

Classroom teachers across Oregon support Vicki because she’ll put our children’s health and education first:

- Providing every child with health care
- Increasing public school funding to reduce class sizes and ensure children have a full school year
- Expanding Oregon’s Opportunity Grant to increase access and affordability for college students

Vicki understands the difficulty of meeting a household budget. That’s why she:

- Voted to crack down on payday lenders who charged up to 521% interest
- Supports bulk purchasing for prescription medicines to help families suffering from the high cost of health care
- Voted to expand the Oregon Health Plan to cover low-income families

As the only pro-choice candidate in this race, Vicki will continue to stand up for women to make their own reproductive choices.

Andrew Hill - For a better Oregon!

A message from Andrew Hill:

Good people of House District 8:

I have been a member of this district for over 10 years, and have loved interacting with such a diverse demographic, spanning from Veneta to south Eugene. I want to make a difference for us. I am running because I know Oregon and House District 8 will benefit from my service. I'm a working man, not a polished big city politician, and I know that's what this district needs.

This district is crying out for someone to represent them, someone who will not impede the ability of those in law enforcement to do their job, and one who will firmly represent them in Salem when property rights are on the line. I will stand steadfast and strong, keeping the state from overspending our tax dollars, and making sure we get the biggest bang out of every buck we allocate. I will work to make the school systems accountable. The importance of Education is undeniable, and we need to make sure our school districts are spending wisely and responsibly.

I'm Pro-Business and Pro-Worker! I'm here to show you that the two don't need to contradict each other. I'm armed with a barrage of fresh insight, energy, and full of ideas to make your voice heard. I'm running because I think Oregon is ready for change. I'm ready to go to work for District 8

Paul Holvey- A Representative For Oregon!

As your Representative, Paul Holvey believes every Oregonian has the right to a state government that helps them live their dreams and pursue opportunities for a good life. Paul is working for a better standard of living for Oregonians, and a safe, healthy environment to live in.

An Oregon That Works Smart

Paul knows education is the cornerstone of our future. Oregon must provide the revenue necessary to fully fund K-12, community colleges, and our universities to provide the knowledge and skills necessary for tomorrow's economy. Paul understands living wage jobs and a good business climate are vital for a healthy community. Paul will work to ensure Oregon's investments in our economy return real benefits to Oregonians.

A Compassionate Oregon

Paul believes the vulnerable and less fortunate deserve shelter and a life with dignity. He will continue to fight cuts to the Oregon Health Plan, and is working for affordable and accessible healthcare. Paul supports human and civil rights, workers' rights, and women's right to reproductive choice. He will fight to protect our Constitution and our freedoms.

A Fair Oregon

State government should support the essential services that Oregonians need. Paul knows this can be accomplished with fiscal responsibility, government accountability, a fair revenue system, and elimination of the corporate kicker and tax giveaways for the wealthy. It is time for tax reform that does not burden working families and provides stable revenues and adequate reserves for Oregon.

Putting Education First

Our schools need stable, secure funding. That's why I refused to vote for any plan that contained cuts to schools. As Principal of Marshfield High, I worked with limited funding and still came up with ways to craft a quality education. Today, educators are running out of options. We must finally make education top in our budget process and fund schools first.

Protecting Our Children

I helped lead the fight to pass Jessica's Law, which makes tougher sentences for sex crimes against children. I also voted to make it a crime for sex offenders to be in the same place as children.

Making Health Care Affordable

Too many working families don't have access to affordable health care. I fought to require health insurers to hold public hearings before they can raise our rates and to expand Oregon's prescription drug pool to include thousands more citizens.

Immigration

I will work to force the federal government to do its job and secure our nation's borders. Illegal immigrants come here to get jobs so we must crack down on corporations that knowingly hire undocumented workers so they can pay lower wages.

Jobs that Support Families

The South Coast needs more family wage jobs and strong businesses. I've been working hard to protect our local businesses and to ensure that Oregon jobs stay in Oregon.

Phil will continue his fight to lower tuition and improve access to quality community colleges, universities, and apprenticeship programs, to help students qualify for good jobs in a strong economy.

THERE IS A CLEAR CHOICE

Taxes

I believe the State of Oregon has adequate resources; and the people want our state government to live within its means. My opponent believes the only solution to our state's problems is to increase taxes without a successful budget plan, and throw our hard-earned money away.

Raising taxes is not the answer. I believe in honoring the will of the people who have continually voted down tax increases.

Schools

I believe we can improve our school system by requiring accountability and fiscal responsibility. Reorganizing the way we spend government money is critical. Adding more money to a system which doesn't work is not the answer. We need a representative with a different vision. I can make a difference, and with your vote, together we can make our schools great again.

Law Enforcement

Public Safety and Law enforcement must have a higher priority. We have the lowest number of police officers per capita in the nation. Our jails are forced into a "revolving door" policy where some people that are arrested are right back on the street before for they see the inside of a cell. Oregon needs to adequately fund our public safety system, so that we can keep habitual criminals off of the street, making our communities safer. We need more police officers on patrol to combat the rising crime rates, especially the manufacture and sale of illegal drugs.

I respectfully ask for your vote for a real change. We can make Oregon a better place.

Dear Neighbor,

It has been my honor to work for you since 2001. While at times very trying, I have fought hard to protect your interest and make progress on priority issues. But the job is not done. I stand ready to continue the battle during the 2007 legislative session. My focus will be:

- 1. Increasing access to affordable health care and prescription drugs.**
- 2 Working to create good jobs and strengthening Oregon's economy,**
- 3 Ensuring children get the education they need and deserve to be successful** - making education funding the first budget priority - AND - insisting on proven results from educators.

I bring a practical, common sense approach to issues before the legislature. I know how hard everyone works to support their household budget. I take that same attitude to Salem, working hard to tighten the state's budget the same way your family tightens the belt every day. You deserve to know your tax dollars are spent wisely.

We have made great strides in making state government more efficient and accountable. We have revamped the retirement system, reduced state payroll, removed unnecessary regulation, eliminated wasteful spending, and even improved the efficiency of our state vehicle fleet. And that's just the start. My desire is to make government more accountable, more responsive, and leaner. I firmly believe citizens deserve the very best bang for their tax dollar and I aim to get it for you!

There is no greater honor than serving as you Representative. I humbly thank you. Please call on me at any time.

LESS GOVERNMENT & BETTER GOVERNMENT

All problems don't require legislation.

Over reliance on government has contributed to ill-considered legislation with unintended consequences and to a bloated bureaucracy. I want you to keep more of your money and reduce your need to deal with bureaucrats. I think that if you are competent enough to support yourself and pay taxes, you're competent to make rational decisions about your own life.

Administrators who reward mediocrity and fear excellence have largely eroded the spirit of public service from our state government. We're creating drones instead of workers. We need to do much better. By implementing some simple, structural reforms, we can have a government that serves us rather than one that aggravates us.

Educational excellence can be achieved if we remember that schools are the means to the end, not the end itself. Legislators need the guts to take on the entrenched advocates of mediocrity and embrace the innovation they resist.

Immigration is now a state issue.

We need a state government that stops enabling the breaking of immigration laws and instead, cooperates with the federal government to maintain our national security. We need to protect the integrity of voter registration and driver licenses. But we also need to address the real labor shortage that exists. Once we secure our border, we need a rational system for qualifying and identifying non-citizens who want to work here, and a fair path to citizenship, without line jumpers.

These changes aren't pie in the sky. They can be pie on your plate. With open honest debate, unrestricted by political correctness, we can accomplish them.

Don't expect change from the incumbent. Change can only come if you change the way you vote. I'm running to give you that opportunity.

As a newcomer on the political scene, I believe I can give a fresh perspective to many entrenched subjects.

Public Safety: The first job of government is Public Safety. A State Police force is essential to ensure the safety of rural areas. The court system and jails must be able to process and incarcerate criminals adequately.

Schools: I have special insight due to my recent experience in public schools. More of the money we spend must be in the classroom. Increased local control is critical for the education needs of our students. Science and Math need to be reemphasized if we want to get ahead and stay ahead in a global economy.

Taxes: Never to be raised without consent of the voters. The government should live within its means. New programs should not be added without cutting old ones.

Other Areas of Concern:

The Boundary Commission should be reviewed; no forced annexation.

We embrace and encourage legal immigration; however, illegal aliens cannot be tolerated. I would first work on implementing the Real ID Act enacted by the Federal Government.

The funding of nonessential services needs to be reviewed, especially to see if the private sector could do a better job.

I promise to listen to my constituents and be responsive. You can always hold me accountable for my actions.

Results, not Gridlock!

As a Eugene City Council and Planning Commission member, Nancy earned a reputation for being honest and forthright, bringing Eugene's diverse groups together to reach real solutions.

Nancy will bring her effective, no-nonsense approach to the State Legislature, solving the tough problems facing our community.

GOOD SCHOOLS:

The future of our families, our economy, and our community hinges on a quality Oregon public education system. Nancy will work to:

- provide full funding for our schools, from pre-school through college
- expand student assistance programs
- increase our investment in workforce development and vocational/technical training programs.

HEALTH CARE WE CAN AFFORD:

Oregon is in a health care crisis. We all need real relief from increasing medical costs and skyrocketing insurance premiums, especially seniors and low-income single persons and families. Nancy's priorities include:

- reducing insurance costs so Oregon businesses can afford coverage for their employees
- expanding the prescription drug purchasing pool to include all Oregonians without prescription coverage
- ensuring that all Oregon children have full access to health care

CLEAN, SAFE WORKING COMMUNITIES:

A healthy community requires a safe, clean environment for working families and local businesses to grow and develop. Nancy's plan for protecting our community includes:

- supporting small businesses and creating living wage jobs
- funding proven crime prevention and drug treatment programs
- protecting the Willamette River and Oregon's environment and land use laws

Measure 20-114

Referred to the Electorate of Lane County by the Lane County Board of Commissioners to be voted on at the General Election, November 7, 2006.

Ballot Title

20-114

LANE COUNTY CHARTER AMENDMENT TO LIMIT INCOME TAX

QUESTION: Shall County Charter limit income taxes, dedicate revenues to public safety, and provide property tax relief and a reserve?

SUMMARY: This Home Rule Charter Amendment:

- Limits County income tax authority.
- Requires voter approval for any rate higher than 2.0 % of net income.
- Applies to tax years starting January 1, 2007.
- Dedicates income taxes (after collection expense) to public safety only. Public safety is defined as programs to protect citizens from the effects of, or to reduce, criminal activity. Includes adult and youth corrections, crime prevention, detention, supervision, and patrol. Includes mental health and crime victim services, alcohol and drug treatment. Includes Sheriff, Youth Services and District Attorney departments, related support services.
- Through 2012, focuses increased funds on reducing illegal drug activity and family violence, enhancing treatment and prevention programs.
- Requires any income tax provide property tax relief to income taxpayers.
- Requires dedicated fund for income tax revenues and a reserve of 10% of annual income tax revenue.

The Commissioners have enacted an income tax ordinance within these limits on residents, nonresidents and businesses. It takes effect only if this measure passes.

Married Filing Separately

County taxable income excludes Social Security, State and federal pension income, standard or itemized deductions, and the Oregon deductions for federal tax.

Nonresident taxable income is the sum of County taxable income from wages earned in the county, plus net county asset income.

Real property owners, including businesses, will receive a tax credit equivalent to \$.95 per thousand of assessed value.

Occupants of rental housing will receive a tax credit of \$30 per unit.

Non-residents and residents reporting no income in Lane County will receive no tax credit/property tax relief.

Employers will withhold personal income tax. Estimated tax payments would be required of some filers.

Any county income tax paid by individuals will qualify as an itemized deduction on both state and federal returns.

3) Adds \$23.1 Million in county spending on Public Safety with an emphasis on combatting methamphetamine use and related crime – including funds to restore sheriff's deputies, staff and open existing adult jail and juvenile detention beds, hire prosecutors and juvenile officers, improve victim support, enhance crime prevention and expand drug treatment. The 2% tax rate cap in the Charter Amendment is higher than the 1.4% rate in the enacted ordinance. The difference (.6%) reflects additional revenue that would be needed if Congress reduces or eliminates federal timber payments to Lane County. If Measure 20-114 is not approved, the Commissioners will retain authority to impose an income tax without restrictions as to rate or purpose, but subject to possible referendum vote. For information about the charter amendment and ordinance, including an on-line income tax estimator, see www.LaneCounty.org

Committee Members: Diane Moore, Ken Tollenaar, Jim Hale, Denis Hijmans, Jean Phelps.

(This explanatory statement submitted by the above committee members appointed by Lane County Board of Commissioners.)

Explanatory Statement

Measure 20-114 amends the county charter and activates a county public safety income tax ordinance. Specifically, the measure:

1) Amends the County Charter to limit the Commissioner's existing authority to impose an income tax in the following ways:

- Caps the rate of any County income tax at 2% of net income.
- Restricts use of a County income tax to funding Public Safety (see definition in ballot title).
- Requires Public Safety to be budgeted separately from the rest of County government.
- Establishes a reserve to stabilize Public Safety services during economic downturns and unforeseen events.
- Requires that any income tax include property tax relief equivalent to \$.95 per thousand of assessed value.

The above provisions can be changed only by a vote of the people.

2) Activates an income tax ordinance already passed by the Board of Commissioners. The provisions of this income tax are:

- Rate is 1.4% on net income of businesses operating in Lane County. Businesses with gross income less than \$25,000 need not file.
- Rate is 1.4% on resident's county taxable income. Persons with adjusted gross income less than \$20,000 (Joint) or \$10,000 (single) are exempt.
- County taxable income is "Oregon taxable income" (see line 28 on Oregon Form 40 or line 12 on Form 40S) minus \$15,000 (Joint or Head of Household) or \$7,500 (Single or

Measure 20-114 Arguments

Argument in Favor

Lane County has it all.....beautiful parks, forests, rivers, beaches, great cities and towns, but it doesn't stop there. We also have hundreds of adults and a rapidly growing number of teenagers addicted to meth and other drugs. We have crime we can't currently afford to prosecute, jail beds we can't staff and citizens that simply don't feel safe in their homes or recreation areas. Our parks, trailheads and boat ramps are dumps for used needles and drug paraphernalia.

It's easy to see that we must make changes for everyone's sake. We need more police to help us build safer communities. We need treatment programs that can effectively turn around the lives of substance abusers. What's more, we should invest in people that will prosecute criminals and ensure that victims of crime see justice done.

The list goes on and on. There's so much we can and should do to make our community a better, safer place. Measure 20-114 will give us the resources to tackle local problems with solid initiatives that make sense and will deliver results. It's our chance to spend tax money right where it needs to be spent....on our neighborhoods and on our streets. Not only that, it is a fair tax designed to share the burden rather than take more money from families that are struggling just to get by.

No one wants to pay more tax, but look around our amazing county and think about all that we have to lose. And while you're doing that, think about the friends and family members you know whose lives have been changed by drugs, crime and our increasingly unsafe streets. We're convinced you'll come to the same conclusion that we have—**vote yes** on Measure 20-114 to make Lane County a better place to live, work and play.

Argument in Favor

Dear Lane County Voters,

Thank you for your support and the opportunity to serve you. For more than 20 years as your District Attorney, I have worked with police officers, other prosecutors, corrections officers, judges, parole and probation officers, juvenile corrections officers, juvenile counselors, mental health specialists and many other citizens to protect our property and make our community a safe place to live and work.

Unfortunately, we are no longer able to get the job done. We have approximately half the sworn officers and 60,000 more citizens than we did 25 years ago. Due to a lack of funding, 96 adult jail beds and 40 juvenile detention beds are closed, and 1,000-1,500 misdemeanor crimes such as theft and forgery are no longer being prosecuted. Approximately 4,000 adult offenders and 1,000 juvenile offenders are released early from jail each year due to overcrowding. Treatment options for offenders are fewer and mental health programs have been dismantled due to a lack of funding.

In short, our justice system is overwhelmed and needs our additional financial support. Fortunately, the Lane County Commissioners have recognized this public safety crisis and have placed a limited income tax measure **dedicated to public safety** on the ballot.

As your District Attorney I will cast a **yes** vote for this **public**

safety measure because:

1. We need to protect our property and make our community a safe place.

2. The tax rate is limited to 2%, must be spent on public safety and cannot be changed without a vote of the people.

Please join me in protecting ourselves, our children and our property. Vote yes on measure 20-114.

Sincerely,

Doug Harclerod
Lane County District Attorney

CHILD ADVOCATES URGE YOU TO VOTE YES ON MEASURE 20-114

All too often, we fail to see those most victimized by our broken public safety system – children.

Your vote on M. 20-114 will have a serious impact on the level of services provided to victims of child abuse, and the ability of social service providers to prevent future violence.

Why you should care:

- In 2005, 18 Oregon children were killed as a result of abuse and neglect. Sixteen of those victims were age 5 or younger.
- 449 children in Lane County were removed from their homes for abuse or neglect and 74 percent involved parental drug abuse in 2004.
- Currently, there are 2,098 children involved in child protective services in Lane County.
- In Oregon, the number of children victimized by abuse and neglect reached a ten-year high in 2005.

Vote yes for children!

M. 20-114 will provide funding for critical programs like Healthy Start, Court Appointed Special Advocates (CASA) and the Relief Nursery.

The measure will also fund county law enforcement and prosecutors who track down and apprehend child abusers.

Vote yes to prevent future crime!

Research shows us that children who are abused at home are much more likely to grow up and commit a violent crime. If we want stem the tide of offenders pouring into our court system we must work with children at an early age to put them on a path to success.

Join us in our fight against child abuse in Lane County. Every child deserves a chance at happiness and we know the programs services that work. We simply need the resources to carry them forward.

Give us the tools we need to help kids. Vote yes on 20-114.

COMMUNITY LEADER GRACE SERBU ASKS YOU TO FULFILL OUR PROMISE TO LANE COUNTY YOUTH

VOTE YES ON M.20-114

In 1995, we as a community pledged with our votes to support the treatment and rehabilitation of delinquent youth in Lane County.

My late husband and I believed so strongly in this pledge that we committed \$3 million to help build the John Serbu Youth Campus. Unfortunately, the long-term county funding crisis has kept my family and our community from achieving its goal.

Eighty-nine beds remain empty even though Lane County youth desperately need these services.

We must act now to save our children who are struggling with the devastating effects of drug and alcohol abuse - effects my family knows all too well with the loss of our son, Cameron, to addiction.

In Lane County:

- Annually **more than 1,100 youths are released prematurely** from detention and treatment because of capacity limitations.
- Every day **the waiting lists for treatment grows** - some young people wait more than six months.
- **More than 30% of juvenile offenders are using methamphetamine.**
- More than **70% of juveniles on probation have alcohol or other drug problems.**
- **Lane County exceeds the nation for binge drinking by both 8th and 11th graders.**

Research shows us what we need to do to break the cycle of crime and addiction and yet, the lack of county resources has resulted in following cuts in services:

- 50% fewer shelter beds for boys
- 100% fewer shelter beds for girls
- 50% fewer alcohol and drug residential treatment beds for boys
- 44% fewer state long-term custody beds

We have an opportunity to make a real difference and turn these young lives around by reconfirming our commitment to the youth of Lane County.

Please join me in supporting Measure 20-114.

Dear Lane County Voter,

I support Measure 20-114 for public safety because:

As **former mayor of Eugene**, I saw first hand the demands placed upon our public safety system.

As a member of the Lane County Stabilization Task Force, I worked with other community leaders to find the most fair and sustainable solution to our public safety funding crisis. M. 20-114 is the solution and now is the time to act.

As **chair of the Eugene Area Chamber of Commerce**, I believe there is a direct correlation between Lane County's ability to provide a functioning public safety system and the Chamber's mission to promote a healthy local economy. The business community, our property, and our employees are not immune to the consequences of Lane County's crime problem.

Endorsing an income tax is not something I take lightly. Residents of Lane County work hard to support themselves and their families and should only be called upon to pay more for services when it is absolutely necessary. The need is real, the problem is severe, and we must work together to make our justice system whole again.

M. 20-114 is a responsible measure because:

- It caps the rate of income tax at 2%
- It dedicates all of the revenue to public safety

By voting yes on 20-114, you are not writing the county a blank check. Instead, you will be sending a clear message to criminals that **we will hold them accountable**. Please join me in helping to put our community back on the right track.

Sincerely,

Jeff Miller

Citizens of Lane County,

I am writing this statement today to ask you to vote yes on measure 20-114.

Like many people in our community, I was initially suspect of the county's need for additional resources. Like you, I thought there was money to be found and savings to be had if only we looked harder. I am here to tell you that I looked for those savings and made difficult cuts. Those savings and cuts did not address our dire public safety-funding crisis, and they never will.

I cannot sit idly by and watch the destruction of our community. Every year, more than 4000 adult criminals are released early, and more than 1000 juveniles in the system are sent home without the proper tools or services to affect permanent changes in their behavior.

I can no longer sit and do nothing after seeing the amount of children in foster care rise from 500 to over 1000 in less than a five-year period.

We have swept this issue under the rug for too long. I say enough is enough.

We must teach our children that we care about their future. Our kids should grow up seeing that if a crime is committed, there will be a consequence; if a wrong has taken place, that our community cares enough to make it right.

When you vote for 20-114, you will be voting for a decade-long approach to change. This may seem to be a federal problem, or a state problem, but we have tried to get funding from those avenues, and not enough help is not coming. It is up to us to band together, commit to change, and pass this ballot measure.

Argument in Favor

WHY SHOULD WE VOTE YES ON THIS ONE?

Measure 20-114: A new, better approach:

Not all beds and badges—
Solid improvements in treatment options.
Real effort to save kids real early.

Not just treatment without toughness—
A plan to fully and permanently staff all our existing jail and juvenile facilities.
A recognition that without the availability of detention, treatment often fails.

A Comprehensive Solution—
Supported by community leaders from across the political spectrum.

Measure 20-114: No resort to the tired property tax:

Not just a new tax – a different tax—
A switch of county Public Safety from the property tax to an income tax.

A new progressive tax based on ability to pay—
Complete exemption for those least able to pay.

A give-back of property taxes: actual tax relief—
For businesses, home owners, and renters.

Equal treatment for business and family taxpayers—
Tax rates the same across the board.

Measure 20-114: Solid Promises, Locked in the County Charter:

A maximum rate that can be changed only by voters.

Funds only for Public Safety, no bait and switch later.

Separate accounting for Public Safety –
We'll know where the money goes.

A reserve for the Rainy Days we know will come.

Significant property Tax Relief – that can't be taken away by a future Board of Commissioners.

FIGHT CRIME AND INVEST IN KIDS VOTE YES ON MEASURE 20-114

Lane County has a crime problem:

- 4,000 offenders – about 25% of all those booked into the jail – are released early each year due to lack of beds.
- 96 jail beds are empty due to budget cuts.
- Lane County's crime rate has nearly doubled since 1980; law enforcement officials attribute the increase primarily to meth.
- Our property crime rate is higher than 75% of similar communities in the U.S.
- More than 1,000 misdemeanor crimes annually are not being prosecuted.

Children are victims:

- 62% of children placed in foster care have drug-abusing parents.
- 30% of juvenile offenders are using meth; more than 70% of juveniles on probation have alcohol or other drug problems.
- The shelter for juvenile girls has been closed.

By permanently dedicating resources to public safety, 20-114 will:

- Reopen 96 jail beds at the Lane County Jail and hire needed prosecutors, deputies, and parole and probation officers.
- Reduce the incidence of child abuse and neglect through funding of prevention and treatment programs.
- Increase the number of family violence detectives and post-jail supervision of domestic violence and sex offenders.
- Open 40 beds at the county juvenile treatment and detention facility.

Why Lane County needs your help:

State law prohibits Lane County from updating its tax base to accommodate for population growth and demand for services. Lane County has the 4th largest population and yet the lowest tax rate of all Oregon counties.

Measure 20-114 Arguments

Argument in Opposition

Dear Fellow Lane County Residents,

Please vote against the proposed county charter amendment (measure 20-114), not because it is a tax, but because it is seriously flawed and deserved to be defeated. The proposals that will take effect if this measure passes are defective in five different ways. They:

- will not provide the promised services.
- will not generate sufficient revenue to finance the services it proposes to deliver.
- endanger the continued delivery of other services of importance to our community.
- will not fairly share costs and benefits.
- disadvantage Lane County residents compared to their neighbors.

Major flaws include:

- Of the 100+ new positions, only four are street deputies, assigned to specific communities. Most residents get nothing.
- The Road fund will be bankrupt in five years. It is ignored.
- Runaway employee fringe benefit costs will consume all the funds in just a few years, even if no new positions are created.
- The materials required for Methamphetamine production are no longer readily available. The problem is being solved in a better way.
- Government pension income is not taxed. Private pensions are.
- Farmers are exempt

I do not make these allegations without foundation. I have studied Lane County finances and this proposal extensively. I have also written an analysis with links to supporting documentation. It is available on-line at [HTTP://JFOX.ELDONFOX.COM](http://JFOX.ELDONFOX.COM).

I am not affiliated with any political party, labor union, business group, or other organization. I am a private citizen like yourself who wishes only to be left unmolested by my government while I peacefully pursue my life. Lane County Government is spending a quarter million dollars of your tax money on an advertising campaign to dupe you into thinking this is good and necessary legislation. I have paid the \$300 fee to file this argument from my own funds so that you would have an opportunity to hear the truth.

Thank you for your time.

General Information

Vote by Mail

What is Vote by Mail?

Vote by mail is a method of conducting elections. Instead of using traditional polling places where voters go to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between October 20 and 24, 2006. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by October 17 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated dropsite in the state. The times and locations of dropsites are available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 39¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated dropsite by 8pm on election night. **Postmarks do not count!**

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8pm on November 7, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by November 2. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, November 7, 2006.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a County Elections Office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the County Elections Office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call 1-866-ORE-VOTES (1-866-673-8683) or the County Elections Office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

Voter Information

For questions about voter registration, ballot delivery and return, marking the ballot, requesting a replacement ballot, absentee ballots, signature requirements, the voters' pamphlet, when and where to vote, and other questions about elections and voting, call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

Voter information line representatives can provide services in both English and Spanish. TTY services for the hearing impaired are also available at 1-866-350-0596.

It may be hard to admit but an honest appraisal shows that both parties are corrupt, addicted to 'big money', with no intention of ever returning to limited Constitutional government that puts the people's freedom first. What do you think will be the result of letting our government continue to make up its own rules? The horror of legalized baby killing is one result. Can you think of other social and economic degradations that runaway government has brought us?

DECLARE YOUR INDEPENDENCE!!!

DON'T WASTE YOUR VOTE!!!

Send a real message this year. Vote for what you want instead of some compromised down version of our American ideals. This citizenship business is not a game. It is a stewardship for which we will be held accountable by our Creator and our children's children.

If you are tired of seeing America on a down-hill slide morally and economically, If you question the long term consequences of a worldwide American empire, If you are weary of a government that tries to be god while it mocks the true God, Then consider Our Constitution Party candidates. In office they are each committed to:

- vote no on budgets that include taxpayer \$\$\$ for abortion**

Democratic Party Statement

The Democratic Party: Leadership For Oregon, A New Direction For America

Elections are about accountability.

This November the choice for our country couldn't be more clear or important.

We can unite behind Democrats to restore America's strength and prosperity. Or we can stay the course and allow George W. Bush's dangerous agenda to go unchecked for two more years.

No one is well served when the truth and good ideas become regular victims of blind partisanship and deception. Yet, that's exactly what's happening in Washington and during 16 years of Republican control of the Oregon House.

The time has come to take a stand.

The policies of George W. Bush and rubber stamp Republicans across the country like Ron Saxton and Oregon Speaker Karen Minnis are destroying our great democracy. Drunk with power, Republicans have governed with an arrogance that is outdone only by their catastrophic failures.

The costly occupation in Iraq, the shameless neglect of Katrina victims and Oregon kids being forced into increasingly crowded classrooms are not random accidents. Worse, they're the direct result of a deeply flawed and morally bankrupt right wing ideology that has hijacked today's Republican Party. Don't let them get away with it any longer.

You have the power to restore progress and common sense priorities by voting Democratic this November.

It's time to come together.

Democrats know that, as Oregonians, our shared values are far greater than our differences. There is no challenge facing our state or nation that is too great to overcome when we work together.

Democratic values are Oregon values. We cherish our natural environment that makes living in Oregon special and we share a commitment to quality schools, safe communities, and good paying jobs.

Together, we can launch a new era of leadership that rekindles Oregon's spirit of innovation and restores America's reputation in the world.

The Democratic Vision

Strong Schools For Our Children

Every child deserves a full opportunity for success that is not threatened by overcrowded classrooms, shortened school years or administrative waste.

Real Security

Defeating terrorism starts with telling the truth to our citizens, troops and allies. Oregon Democrats in Congress opposed Bush's war in Iraq from the outset and will continue to demand accountability until our brave troops are home.

Energy Independence

We will invest to make Oregon a leader in renewable energy and we will create a cleaner, stronger America by reducing our dependence on Middle East oil.

Economic Prosperity

Democrats will restore fairness by making big corporations pay their fair share and rebuild our middle class economically. We will create good Oregon jobs by promoting small businesses, sustainable industries and continuing to improve our transportation infrastructure.

A Health Care System That Works For Everyone

We will catch up to 36 other industrialized nations by making sure that everyone has access to high quality, affordable health care. No family should have to worry if a child's trip to the doctor will push them to the brink of bankruptcy, and no Oregonian should ever have to choose between buying medicine and paying rent.

Retirement Security

We will ensure that a retirement with dignity is the right of every American. We will block Republican schemes to dismantle Social Security and Medicare, and we will promote laws to protect pensions and encourage financial independence.

2006 Ballot Initiative Positions

You have important decisions to make about initiatives appearing on this year's ballot. Many times, these sound simple, but have tremendous consequences.

We hope you will consider your vote carefully on each of these initiatives. The Democratic Party of Oregon has taken the following positions:

- **Measure 40: OPPOSE**
- **Measure 41: OPPOSE**
- **Measure 43: OPPOSE**
- **Measure 44: SUPPORT**
- **Measure 47: OPPOSE**
- **Measure 48: OPPOSE**

Libertarian Party Statement

TIME FOR SOMETHING NEW. VOTE LIBERTARIAN.

www.lporegon.org

We are Oregon's third largest political party, with about 16,000 members. At the local level, **Libertarians win about two-thirds of the races they enter**. Libertarians serve in public office throughout Oregon as members of your school boards, water boards, city councils, planning commissions and similar bodies. **Libertarians in government consistently vote to maximize your freedoms, protect your rights, and minimize the intrusion of government into your lives.**

Are you tired of voting for the lesser of two evils? **Then stop doing it.** Republicans and Democrats have convinced millions of average citizens that they are powerless to take control over their communities. That's why many people don't vote. **Don't Buy the Lie.** You and your neighbors have real political power. **If you want a different world, start voting differently.**

This year, don't waste your vote on Republican and Democratic candidates. Their ideas and politics got us into our current mess and can't get us out. If you always do what you've always done, you'll always get what you've always had.

We offer this guide to voters concerning this year's ballot measures:

MEASURE 48: YES

Sustainability is good for the economy just as it is for the environment. In the long run, it is impossible to sustain spending growth that exceeds population and inflation. Without Measure 48 there will be no "Rainy Day Fund" and people will become dependent on government services, only to lose them during lean times. In the long run, a YES vote is the compassionate choice.

MEASURE 45: YES

Are you satisfied with the leadership our "experienced" legislators are providing? Service in a citizen legislature was never meant to become a career, and incumbents have written laws making it difficult for challengers to mount strong challenges. Term limits will return the legislature to the citizens and wrest control from the lobbyists.

MEASURE 39: YES

Government should never be allowed to seize your home in order to give it to a developer who promises to generate more tax revenue. This is legalized theft.

MEASURE 46: YES

The current system of regulating elections and election finances is designed to protect incumbents. The laws are so complicated that it is difficult and financially perilous for political challengers and citizen groups to seriously challenge an incumbent. This measure will make it hard for them to make the problem worse.

MEASURE 41: YES

Your taxes will go down, and your taxes will be computed more fairly.

MEASURE 42: NO

If insurance companies can establish a link between risk and any legal criteria, they have the right to price their products accordingly. Stacking the deck against insurance companies will only drive them away, leaving people with fewer companies who will have more control over the market - that's a REAL formula for high prices!

MEASURE 44: NO

People complain about pharmaceutical companies, but they sure like their medications. By opening the Prescription Drug Program to all, we effectively place a tax on pharmaceutical companies. Such companies may seem little more to us than faceless corporate targets for populist rage, but they are the ones who invent the drugs we need. It makes little sense to erode financial incentives to create new and more effective medications.

MEASURE 47: NO

Reporting requirements on political campaigns are supposed to provide legal transparency. Instead, they create fear. Too often, individuals and groups with something to lose are afraid to contribute to political challengers for fear of antagonizing incumbents. What kind of democracy is that? Such regulations have a chilling effect on the democratic process. Restricting the ability of candidates to project their messages isn't the answer either. Big money doesn't always win, and voters have the ability to think for themselves. It is ironic that some who claim to treasure democracy place so little trust in the voters.

Pacific Green Party Statement

Live Green? Vote Green.

Our world is in peril from war, greed, corruption, pollution and fear. We must do better.

While Democrats and Republicans bicker, and our planet grows sicker, Greens are creating change in communities across the country. We are growing. There are 11 Green elected officials here in Oregon and more than 200 nationwide.

Green change is possible with your vote. Don't let the other parties fool you into believing that you don't have better choices. We can have a country where our children can grow up healthy and strong. They will learn in schools that are rich in resources and opportunity.

We can have honorable elected officials. Don't settle for less. Vote for people who reflect your values.

Peace now

Join us to help bring peace to our war-torn world.

If we elect leaders who have peace in their hearts, then we can peacefully resolve conflicts at home and abroad. Greens oppose wars waged for oil and profits. Our position is clear: stop the wars and bloodshed in Iraq and elsewhere. Never torture prisoners or anyone else. Bring our troops home now.

Shame on Democrats and Republicans for so recklessly sending our children to war.

Protect our planet

Global warming is a disaster we must stop now. Renewable energy, clean air and water are our priorities. We must safeguard our natural heritage and beautiful landscapes from the timber, mining and ranching industries.

Why do Democrats and Republicans do so little to protect the environment? They are corrupt. In exchange for big campaign contributions, they do the bidding of big business. Greens believe that conservation and preservation of nature are more important than corporate profits.

Build our economy by helping working families

Our first economic priority is to raise the minimum wage to \$9 for all workers. By guaranteeing a living wage to workers, we will bring them hope. We will make sure that working families can meet basic needs like food and housing. Our second priority is to expand workers' rights to organize, bargain and strike.

Democrats and Republicans rarely put the needs of working families first. They are too dependent on corporate contributions. Greens are not for sale. We won't sell out because we are from working families like yours.

Health care for all

Every Oregonian should have access to quality health care. Health care is a right, not a privilege for the rich.

We will stop pharmaceutical companies from ripping us off. We will end the mess that insurance companies and HMOs create when we need medical care. We will not compromise our principles like most politicians.

Make big corporations pay their fair share

Greens have the courage to look big business in the eye and demand they pay their fair share of taxes. Why? Unlike the other parties, we don't take corporate contributions and perks.

It's time to end corporate welfare for the largest businesses. They ought to pay more so that we can have better schools, health care and environmental protection.

And it's time to get big money out of politics. The Pacific Green Party is pledged to endorse and work for Campaign Finance Reform Measures 46 and 47.

Excellent education

Our children deserve the best schools in the country.

Those of us who love children know that there is no time to waste. Schools must be restructured so that our children receive the attention and care they deserve. We need to focus less on test scores and more on true learning and understanding. We must give teachers the right equipment and resources to do their jobs well.

Let's face it: money won't solve our education crisis, but it will help us make sure that our school buildings are safe, children have the books and supplies they need to learn, and our school employees are paid what they deserve.

Join us. Vote Green.

marking your ballot

- 1 Carefully read and follow all instructions printed on your ballot. The instructions will say whether you should use a pen or pencil to mark your ballot.
- 2 To vote, fully complete the arrows next to your choice.
- 3 To write-in a candidate:

- clearly print his or her name on the dotted line provided on the ballot
- complete the arrow next to the name you wrote-in

You must do both for your vote to be counted!

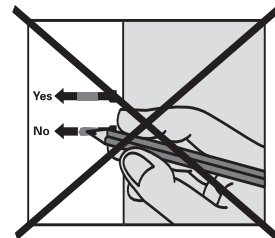

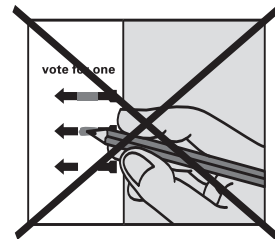

check your ballot!

If you vote for more candidates than allowed, or if you vote **both** Yes **and** No on a measure, it is called an overvote.

Your vote **will not count** for that candidate or measure.

You do not have to vote on all contests. Those you do vote on will still count.
