BILL BRADBURY
SECRETARY OF STATE

PADDY J. MCGUIRE
DEPUTY SECRETARY OF STATE

JOHN LINDBACK
DIRECTOR

141 STATE CAPITOL
SALEM, OREGON 97310-0722

(503) 986-1518

Dear fellow Oregonian,

It's a challenge to get people to vote. I don't know why, but that's a fact. As your Chief Elections Officer, I'm working hard to remove every obstacle I can to help you vote this fall. This year, we've made it easier than ever to cast your vote – and to know it gets counted.

As part of the Help America Vote Act, we've implemented new tools to answer every question you can think of about voting:

- What if you're a college student, registered in your home district, but living on a campus in another county?
- What if you have a physical disability that limits your movement or vision? How can you vote privately and independently? (Hint: it's possible now like never before.)
- What if you're a soldier in the field? How do you get your ballot so far away?

All of your questions are answered by a real, live Oregonian at our toll-free voter information line: 1-866-ORE-VOTES (1-866-673-8683) or through our TTY line for the hearing impaired at 1-866-350-0596. Elections representatives are available, Monday through Friday, 8:00 am to 5:00 pm – or you can log onto our website and look for your answers there anytime at www.oregonvotes.org.

Remember: you have to return your ballot so it's received in your county elections office by 8:00 pm on Tuesday, November 7th.

Our ability to vote in free, fair elections is one of the things that makes America great. Please take the time to read about the candidates in this pamphlet so that you can make informed choices. Then fill out your vote by mail ballot and return it to your county elections office by 8:00 pm on November 7th.

I thank you for choosing to engage in our democracy by voting. Your participation is the foundation of Oregon's future.

Best wishes,

Bill Bradbury
Secretary of State

General Information

Voters' Pamphlet

Your official 2006 General Election Voters' Pamphlet is divided into two separate volumes. This is Volume 2 and contains information on candidates. You should have already received Volume 1, containing information on the statewide measures. If you have not received Volume 1, please call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

In this volume, partisan candidates appear before nonpartisan candidates. All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background, and prior governmental experience—has been certified by each candidate.

Volume 2 also includes other voting aids, such as a complete listing of state candidates, ballot drop site locations, and ballot instructions. If your county has chosen to produce a voters' pamphlet in conjunction with the state, drop site locations will appear in your county voters' pamphlet, which is in the center of this pamphlet.

Candidate statements are printed as submitted by the author. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county elections offices.

Random Alphabet

While the candidates' statements for candidates running for the same office appear in alphabetical order by their last name in this voters' pamphlet, you will notice that they appear in a different order on your ballot.

ORS 254.155 requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2006 General Election is:

C, X, E, T, K, Y, B, V, F, W, P, A, L, D, U, H, G, N, O, Z, Q, M, J, S, R, I

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at www.oregonvotes.org

Español

Una versión en español de algunas partes de la Guía del Elector está a su disposición en el portal del Internet cuya dirección aparece arriba. Conscientes de que este material en línea podría no llegar adecuadamente a todos los electores que necesitan este servicio, se invita a toda persona a imprimir la versión en línea y circularla a aquellos electores que no tengan acceso a una computadora.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by November 2. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8:00 p.m. election day, Tuesday, November 7, 2006.

Postmarks do not count!

County elections offices are open on election day from 7:00 a.m. to 8:00 p.m.

Voters with Disabilities

Voters with disabilities who need assistance with marking their ballots now have an opportunity to vote privately and independently. Each county elections office in Oregon has been equipped with a voting system for use by voters with disabilities.

Voters with disabilities who use assistive technology such as a computer with a screen reader or screen enlarger application to access printed material now have an alternative to the printed ballot. It is called a HTML (Computer) Ballot. The HTML (Computer) Ballot requires that the voter have a computer, web browser and printer and allows the voter to vote privately and independently from home.

Dear Friends:

We need to address the very real concerns of people, who are suffering due to irresponsible policies enacted by our government. We need to change our priorities.

Immediate Withdrawal of Troops from Iraq

Our government has spent over 300 billion dollars on the invasion and occupation of Iraq. Oregon's share is over two billion. The war has caused untold suffering. Bring the troops home now!

Fiscal and Social Responsibility

While billions of dollars are being spent on an immoral war, our economic inequality grows and our infrastructure crumbles. Schools are in disrepair, teachers are underpaid, parents cannot afford quality childcare and social programs need funding.

Universal Health Care

Forty-six million Americans are without health insurance including 600,000 Oregonians. Eighteen thousand Americans needlessly die each year due to lack of coverage.

Affordable Education

I support funding higher education and reducing the exorbitant cost of tuition. I support the cancellation of all federal student loan debt by restructuring our fiscal priorities.

Environmental Protection

I oppose Liquefied Natural Gas (LNG) Terminals in Oregon, which are a security risk and harmful to our air quality. I oppose the use of hormones, antibiotics and other chemicals in our food. I support the building of efficient mass transit systems, ratification of the Kyoto Protocol, and sustainable agriculture policies.

Immigrant Rights

NAFTA should be repealed! It is the root cause of massive migration to this country, and has caused untold suffering to the people of Mexico.

Global Justice

I oppose our financial support of the State of Israel, while Israel, in violation of international law, occupies Palestinian Territories. I support lifting of the unilateral U.S. embargo of Cuba, which is a violation of international law.

MIKE ERICKSON: IT'S TIME FOR CHANGE

"What I see going on in Washington, D.C. is unacceptable: too much partisanship and not enough solutions. We won't see change unless we elect leaders with innovative ideas who are not already part of the problem.

As a small businessman I find it inexcusable that Congress continues to over-spend and under-produce. Yet they still repeatedly vote themselves pay raises. Controlling wasteful spending, eliminating pork barrel projects and setting spending priorities are a few of my goals." – Mike Erickson

MIKE ERICKSON'S IDEAS FOR CHANGE

Mike has helped some of the largest companies in America cut costs and operate more efficiently. He will take that business experience to Congress to be a new voice for you.

Fighting Terrorism

Mike believes the primary role of government is to protect its citizens from threats, both foreign and domestic. Mike will support our troops and strengthen our borders.

Controlling Health Care Costs

Mike supports tax credits for small businesses that provide health insurance to their employees. He will pursue medical malpractice reform to cut down on lawsuit abuse that drives up medical costs.

Improving Education

Mike wants to increase accountability in our schools. He will work to provide incentives to school districts to operate more efficiently, reduce administrative costs and put more dollars into the classroom.

Helping Seniors

Mike will be an advocate for seniors in Congress. He will fight to stop Social Security funds from being raided for wasteful programs and will work to combat the rising costs of prescription medicines.

DARLENE HOOLEY
Standing Up to Special Interests

While President Bush and Congressional Republicans are treating our tax dollars like an unlimited credit card, **DARLENE HOOLEY is working to rein in chronic overspending, end the practice of deficit spending, and voted for the line item veto to cut government waste.**

Hooley is outraged that the Bush administration and Congress caved in to big pharmaceutical companies and prohibited Medicare from negotiating lower prices for prescription drugs. Large corporations, insurance companies and state governments save money every day and the federal government should, too. That's why **DARLENE HOOLEY is fighting to allow Medicare to negotiate to get the best prices on prescription drugs.**

HOOLEY opposed President Bush's risky Social Security plan because it exposes seniors' retirement income to dangerous swings of the stock market.

DARLENE HOOLEY
Keeping Our Communities and Country Safe

DARLENE HOOLEY voted against the Iraq War, and is pushing the Bush Administration for a plan and strategy to bring our troops home. HOOLEY has been a leading voice for getting our troops the body armor, equipment and veterans' benefits they need. Hooley stood up against taxpayer fraud by Halliburton and others with multi-billion dollar, no-bid contracts.

HOOLEY has been the leader in cracking down on identity theft and fighting against meth abuse. She wrote the law to toughen penalties against those who cook meth in the presence of children and to stop meth from coming in from Mexico. Hooley worked to help assist drug-endangered children and addicted mothers.

"Congresswoman Darlene Hooley (D-5th Dist.) has been the nation's chief meth warrior." Lincoln County Assistant Counsel Rob Bovett. Newport News-Times, 4/8/05

AMERICANS, LET'S TAKE AMERICA BACK!

It's time to take our country back from leaders who are selling out America to special interests, and bleeding us to death in foreign wars and domestic tyranny until we collapse.

I am the Constitution Party Candidate for the 5th Congressional District because Oregonians deserve a clear choice in this election. Years of compromise and collusion in Washington, D.C. have made the differences between the big political parties nearly non-existent.

No matter which of the big two political parties are in power, the result is always the same:

- Loss of national sovereignty through trade agreements and international entanglements;
- Increased Federal spending and taxation;
- Loss of individual freedom and independence.

Our Founders designed a federal government that had a clearly defined and very limited role, reserving the bulk of legislative power to the states and to the people. If we were following the Constitution today our Federal government would be reduced to 20% of its size and 20% of its cost. What would you do with an 80% reduction in your federal income taxes?

My commitment to the voters is to follow the Constitution, and only support legislation that falls within the enumerated powers granted to Congress by the Constitution.

Moreover, I will work to enact or support legislation to:

- Stop ALL unconstitutional Foreign Aid;
- Bring our troops home from EVERY foreign land;
- Stop ALL taxpayer funded abortions;
- Secure Our Borders!

I am asking for your help to reduce the power and control of the Federal government and to restore that authority to the States, and to the People. **Let's bring it home!**

General Information

Vote by Mail

What is Vote by Mail?

Vote by mail is a method of conducting elections. Instead of using traditional polling places where voters go to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between October 20 and 24, 2006. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by October 17 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated dropsite in the state. The times and locations of dropsites are available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 39¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated dropsite by 8pm on election night. **Postmarks do not count!**

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8pm on November 7, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by November 2. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, November 7, 2006.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a County Elections Office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the County Elections Office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call 1-866-ORE-VOTES (1-866-673-8683) or the County Elections Office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

Voter Information

For questions about voter registration, ballot delivery and return, marking the ballot, requesting a replacement ballot, absentee ballots, signature requirements, the voters' pamphlet, when and where to vote, and other questions about elections and voting, call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

Voter information line representatives can provide services in both English and Spanish. TTY services for the hearing impaired are also available at 1-866-350-0596.

Our state government is a mess because career politicians bicker and corporate lobbyists have too much power.

Both Democrats and Republicans have failed our state.

Why vote for the same politicians and parties who, year after year, fail to solve our problems?

It's time for a change.

I'm running for governor to represent working families. All Oregonians deserve good schools, health care and economic opportunities.

Oregon can afford the best schools and health care. Big companies must pay their fair share. I will raise the taxes for the largest and most profitable companies that do business in Oregon.

Health security for all
Every Oregonian should have access to quality health care. Health care is a right not a privilege for the rich.

Peace now
I will bring Oregon's National Guard troops home from Iraq and the Middle East. Our brave men and women should not fight distant wars for oil and greed. They should work in Oregon, making our state stronger.

Building an energy independent Oregon
As governor, I will make conservation our state's first priority. I will establish a network of public rural energy cooperatives. The network will supply the energy needs of communities with biodiesel, biomass, solar, geothermal and wind power.

Preserve Oregon's natural resources
I will protect our wonderful parks, forests, oceans, rivers and wildlife from timber, mining and grazing industries. I will stop companies from using our streams, rivers and ocean as a dumping grounds for their toxic waste.

I have been a leader all my life, beginning with my service in the military. I have fought hard for our country, and to keep Oregon's public lands beautiful.

I ask for your vote so that together we can make Oregon shine again.

Representing Working Oregonians

Who you are as Governor is really about who you represent.

I've said many times that the people most responsible for helping me become who I am today were the nuns who raised me, the Marine Corps Instructors who taught me discipline, and the taxpayers who gave me the opportunity of college through the GI Bill.

When I went into public service, I wanted to represent people like them – working families... retirees... ordinary people like you and me. That's why I'm committed to:

Improving Education. We've restored millions of dollars to our classrooms, and my education plan will increase and stabilize school funding so we can reduce class size, never again cut school days and invest in job training and higher education.

Lowering Healthcare Costs. I've taken on drug companies so Oregonians can have lower-cost prescription drugs. I have a plan to provide healthcare for Oregon's 117,000 uninsured children and reduce healthcare costs for working families.

Keeping Communities Safe. Since taking office, we've enacted America's toughest meth laws and cut the number of labs by 70 percent. I am committed to continuing this fight and restoring 24/7 State Police patrols throughout rural Oregon.

Creating Good Jobs. Today more Oregonians have jobs than ever before, we've gone from having the highest unemployment rate to the fifth fastest growing economy. We achieved these successes because we made it attractive to do business in Oregon by cutting 250,000 pages out of regulatory permitting, expanding online services, and investing in infrastructure, research and technology.

I'm proud of the progress we've made over the last four years, but the best is yet to come. Please join teachers, firefighters, nurses, and thousands of Oregonians in supporting me again for Governor.

• FUND EDUCATION AND PUBLIC SAFETY FIRST

In Oregon's budget process, kids should not be at the end of the line. Time after time, the legislature passes agency budgets first. By the time education budgets are discussed, most of the money has been spent, creating a crisis. I will veto any budget bill that reaches my desk before the education and public safety budgets do.

• SWAP INCOME TAX FOR SALES TAX

Let's eliminate Oregon's income tax in exchange for a revenue-neutral sales tax. Certain living essentials would be exempt. This would be a constitutional change, so the legislature could not reintroduce an income tax without a vote of the people. The tax rate would be lower because tourists and those in the underground economy would join the tax base.

• PROTECT CIVIL LIBERTIES

Terrorists win if the price for security is our civil liberties. I support making privacy an explicitly protected right in Oregon's constitution. I will keep our national guard out of foreign conflicts. I support a woman's choice regarding abortion. I support Oregon's Death with Dignity and medicinal marijuana laws. Oregon should get out of the "marriage business" entirely, return control of the marriage sacrament to churches, and offer civil unions to all couples regardless of gender mix.

Educational Background: Albany Public Schools; Willamette University;

Prior Governmental Experience: School Board Chairman

Community Service: Boy Scouts; Higher Education Roundtable; Portland Schools Foundation; Various Business Boards

Ron Saxton **Improving Schools**

The Challenge: Measured by class size, dropout rates and student achievement, Oregon's schools are struggling. More money alone won't fix the problem.

The Solution: A Governor who will make big changes.

- As School Board Chairman, Ron helped schools save millions through better management and privatization of non-instructional services. He introduced more school choice, cut administrative waste, and supported regular audits and transparent budgets.
- To boost student achievement, Ron will maximize dollars spent in the classroom, encourage paying teachers based on performance rather than seniority, and reduce class sizes by reducing bureaucracy.

Responsible Fiscal Leadership

The Challenge: Too often Oregonians are choosing between higher taxes or reduced services.

The Solution: A Governor who delivers smarter management.

- Ron will establish clear priorities for state government, eliminate non-essential functions, hold agencies accountable for performance, and engage the private sector to deliver services more effectively and efficiently where appropriate.
- Ron will hold the line on taxes. He opposes a sales tax, will return your Kicker refund, and will cut the cost of Oregon's government bureaucracy 10% within four years.

Growing Oregon's Economy

The Challenge: Improving wages and creating better jobs.

The Solution: A Governor with a pro-jobs, pro-business attitude.

- Ron will reform Oregon's harsh regulatory climate, reduce the capital gains and estate taxes, and ensure Oregon's universities and community colleges are magnets for business investment.

Leading for Oregonians

- Rebuilding Oregon's State Police and cracking down on drug dealers and property crimes.
- Reducing healthcare costs.
- Stopping Oregon from issuing driver's licenses to illegal immigrants.
- Protecting private property rights.
- Promoting renewable energy.
- Supporting Oregon's natural resource industries.

on issues for so long, it's nearly **impossible** to tell one from
the other.

Face it.

Virtually every aspect of our lives is coming under more and
more government control.

As governor I will fight to **END:**

Illegal immigration. Oregonians are being crushed under
the weight of educating, incarcerating, and medicating the
thousands in our state unlawfully.

Oregon taxpayer funded abortions. The Oregon Health
Plan uses **your** money (over \$1.5 million per year!) to kill 4,500
pre-born Oregonians. I won't sign a budget that pays for ending
the lives of innocents.

The illegal deployment of the Oregon National Guard
to foreign countries to fight unconstitutional wars. U.S. and
Oregon Constitutions agree – our troops were sent to Iraq and
Afghanistan **illegally**. I will demand their return.

Attacks on private property rights

State control of a bloated, ineffective education system.

Decentralize the schools, give control back to local school
boards and parents, allow **education dollars** to follow stu-
dents. **Support home schooling parents.**

Out of control child protective service agencies

Forced drugging of children

**Corporate data-mining of Oregonians' personal/
financial information.**

Requiring taxpayers to prop up a failed PERS system.
Replace with a 401k type program. Privatize administration.

All legislation aimed at eroding the 2nd Amendment.
Gun owners' rights must not be compromised!

Personal: Married, five adult children

We must get Oregon back on track. As your Representative, I will work to stabilize education funding, to reduce health care costs, and to promote a safe and healthy environment for our kids.

Equal and Stable School Funding

Class sizes have increased and programs have been reduced because of lack of funding. **This is unacceptable.** We must find a way to have equitable and stable school funding. We must provide the kind of educational opportunities that will allow students to compete globally. I will work to equalize and stabilize funding for education for all students.

Lower Health Care Costs

I have seen children go to school with health problems because parents do not have health insurance and they cannot afford to see a doctor. I have seen the elderly go unattended in nursing homes because of staffing that does not meet the needs of their residents. In the greatest industrialized country in the world, this is deplorable. We must make quality health care affordable for all our citizens.

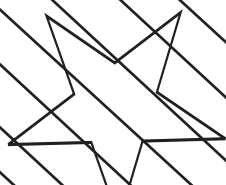

A Safe and Healthy Environment

I will make sure our kids are safe. I support Jessica's Law and other measures to protect our kids from sexual predators. And I will make sure our law enforcement officers have the support they need to protect our communities. I will work to protect the farmland in our district from urban sprawl. And I will work to maintain and protect Oregon's clean air and water.

Character, leadership and real experience matters!

“I’m an independent minded constitutional republican who believes public safety ought to come first, protecting our children is the key to our future, supporting Oregon businesses leads to public prosperity, defending private property rights is like defending our borders, respecting seniors for their experience, and less government will improve our pursuit of life, liberty and the pursuit of happiness.”

Brian says public safety is the first responsibility of government.

Brian says Oregon needs local jobs not higher taxes.

Brian says education is everybody’s business and we need to work together to improve our children’s future.

Brian says save Oregon for our children not from our children.

Brian says small businesses and property owners are over regulated and under supported by government bureaucracy.

Brian says prosecute criminals, enforce existing laws, and put money in local hands to fight illegal drugs locally.

Brian says honor seniors. Safeguard their future. Rebuild ours.

Brian supports the Second Amendment as a personal right.

Brian is pro-veteran and is a veteran.

Brian favors parental notification.

“A strong economy means supporting small businesses. Oregon needs roads not commuter rails. Oregon needs classroom money not classroom bureaucracy. Oregon needs to spend locally not waste centrally in Salem. Oregon needs common sense not political correctness. Oregon needs Leadership!”

“Join me in sacrificing now for Oregon’s future. I will provide leadership in the House. I am asking for your vote.”

**JASON BROWN is dedicated to
Fair Government for Positive Change**

We need more cooperation and less partisanship in Salem. As a fourth-generation Oregonian, Jason has a positive vision for Oregon – a vision founded on Oregon’s independent spirit and the opportunity for every one of us to achieve the American Dream.

Oregon lawmakers made a mistake a decade ago when they decided to cut taxes on large corporations. They said this would attract businesses to provide good jobs and increase our standard of living. It hasn’t worked. Today, big corporations pay less tax in Oregon than anywhere in the U.S., while average Oregonians struggle to make ends meet.

Our current representative and others in Salem who receive large campaign contributions from out-of-state mega-corporations are still cutting corporate taxes. They won’t admit to their failed policies and won’t fix them.

We need to reclaim our government by electing independent-minded leaders like Jason Brown. Jason will stand up for Oregon taxpayers instead of big corporations from out of state.

Jason Brown will work for fair, commonsense solutions to reach our common goals:

- Restore quality public education
- Affordable health care for all Oregonians
- Better law enforcement, crime prevention and disaster-response capabilities
- A healthy economy with thriving, locally-owned farms and businesses
- Affordable energy through Oregon-based, renewable alternatives
- Dignity, respect and a secure future for everyone

I am running for office because I want to help bring back responsibility in government and hopefully give you the voter more bang for the buck. If I am elected some of the changes I would work to bring about would be:

Protect Private Property Rights.
Protect the Constitution with all of it's amendments.
Protect the right of gun owners and take the rights of criminals.

Tell the Fed to close the boarders to illegal aliens. Much of the meth comes from Mexico not your neighbor's cold medicine.

No drivers license for illegal aliens.

Enforce the current laws on immigration.

Give back the kicker: You worked for it, you earned, you should get it back.

Support measure 48.

Yes to parental notification. The state should not undermine the parent's authority. The kids belong to the parents—not the state.

Support our troops: Liberty and freedom is not just for America. We should support our troops regardless of who is in the White House. Great honor should be given to those fighting and those who have fallen.

Judicial Review Board: Even judges should be held accountable. Judges should interpret the law not make it.

P.E.R.S. reform: No one should be able to retire at 105% of their salary.

Standing for the rights of the 23rd District against the liberals in Portland.

Thank you for supporting this common working man, it would be a honor to represent you in district 23.
May God bless and protect our troops as they fight for freedom to all races and religions. As the liberate those who love them and those who hate them. May God protect their families and guard their lives and may we support and pray for them.

It's Time for a Change

I decided to enter public life in 2003, after Oregon experienced a \$500,000,000 budget shortfall caused by the state's high unemployment. School days were cut. Schools were closed. Prisoners were let out early. The Oregon Health Plan and vital human services for seniors and the disabled were slashed.

People died because of those cuts.

2003 was also a year when the corporate kicker kicked in, giving \$86,000,000 to Oregon's largest, most profitable corporations. Nearly 80% of that money went out of state.

I support streamlining regulations to make it easier to attract businesses to Oregon, but I also believe that out-of-state corporations operating here need to pay their fair share.

That isn't happening today.

In the 1970's corporations operating in Oregon accounted for nearly 24% of the state's income tax. Today, they pay less than 5%. Multi-state corporations operating in Oregon enjoy the lowest tax burden in America, while our citizens have the highest payroll tax in America.

That needs to change.

But it will only happen when we elect politicians who will stand up for Oregonians against the special interests that currently dominate in Salem.

Because of this, I am not accepting contributions from businesses and trade associations or labor organizations that do not operate in Yamhill County.

When elected, I will fight to:

- Increase funding for education.
- Restore funding for state and local police.
- Lower costs for health care insurance and prescription drugs
- Increase coverage for the 1 in 5 Oregonians without insurance.
- Eliminate the corporate kicker.

We CAN Have Civil-Liberties AND Economic Freedom! But We Must Look OUTSIDE the Two-Party Box

There are only a few things that government CAN do well and many that it can't. We must stop allowing government to waste it's time and the tax-payers money on those services that the free market can and should provide and spend it's efforts and the tax-payers money on those things that the people either cannot or should not do on their own.

It MUST be emphasized that the only money the government has is that which it has first taken away from citizens. As your representative, I will **NEVER** vote to raise your taxes. There are **ALWAYS** alternatives. Tax-credits instead of subsidies to provide Health Insurance to the many who cannot afford it.

I support zero-base budgeting requiring every state department to justify its budget **EVERY** biennium and to have a performance audit every other session.

I will defend Oregon's Constitution and Oregon's Death with Dignity and Medical Marijuana Acts against federal interference.

I will defend the voters decision to require compensation for total or partial takings of private property as expressed in Measure 37. Further, I will work to repeal unreasonable restrictions on development, particularly the egregious restriction that prevent farm owners from building a home on their own farmland.

Oregonians have been electing the "lesser of two evils" for many years and what has that gained us? More taxes, more regulations and more control over our personal and economic lives.

It is time to vote for your dreams, not your fears!

Dear Fellow Citizens of Polk County:

In 1986, the voters of our County approved a bond
measure that made our roads the best in Oregon. These
improvements made with the 1986 bond are showing their
age. Our public works professionals and consulting engi-
neers agree that we are accumulating more deferred
maintenance every year.

In short, there is no better time to keep our \$250 million
county investment in paved roads in top shape than right
now.

Good roads are fundamental to quality of life. I urge you to

Polk County is changing. County government could use some
change, too. The best change comes from folks who are "too
idealistic." That's not foolish.

What sort of Commissioner would I be? I'd be out there,
active with matters, large and small, that affect people's daily
lives, rather than in the office. I'd bring information and meet-
ings of the commission out into our communities - not wait
until people come seeking it. I'd offer to promote the best of
what our county offers - people, communities, businesses,
events, industries - in ways that don't require tax funds, yet are
often more effective than just another government-funded
program. I'd always work for better public safety measures,
critical as our county experiences explosive development at a
bewildering pace. I'd closely watch the bottom line on county
spending. I'd recruit new people into public boards, commis-
sions and processes, rather than the same small groups. I'd
maintain a focus on infrastructure improvement, both for our
county's economic future and to handle future growth. I'd bring
more voters into the county's political nomination process,
rather than exclude a quarter of your friends and neighbors for
nothing more than partisan reasons.

Is that "too idealistic?" Party cynics might say so. Is it foolish?
Not in the least!

So respectfully, I ask for your vote for Polk County
Commissioner.

Your vote for me this November will reconfirm that our community wants strong leadership that represents a positive, balanced approach to issues.

Salem has accomplished many things in the last four years – downtown revitalization, a new conference center, major reduction in crime, more family wage jobs, and urban renewal projects underway. The Salvation Army Kroc Community Center will add recreational choices in addition to the new Geer Community Park ball fields.

There has also been good progress on the next steps to obtaining a third bridge for vehicles to cross the Willamette River and for bike and pedestrian access from Riverfront Park to Wallace Marine Park using the Union Street railroad bridge. With voter approval of the Fire Department Bond measure, a second fire station will be built on Brush College Road.

As your Mayor, I have worked to form partnerships with individuals and organizations, bringing our collective energy, ideas, and resources together. Your vote for me will continue our progress into the future.

Measure 27-83

Referred to the Electorate of Polk County by the Polk County Board of Commissioners to be voted on at the General Election, November 7, 2006.

Ballot Title

27-83

POLK COUNTY ROAD SYSTEM IMPROVEMENT GENERAL OBLIGATION BONDS AUTHORIZATION

QUESTION: Shall Polk County sell General Obligation Bonds not to exceed \$20,000,000 to finance improvements to the County road system? If the bonds are approved, they will be payable from taxes on property or property ownership that are not subject to the limits of Sections 11 and 11b, Article XI, of the Oregon Constitution.

SUMMARY: The paved road system is Polk County's largest asset, valued at over \$250 million. Protecting and preserving this investment benefits communities, commerce, and public safety.

Polk County's paved roads are at a point where structural improvements are necessary to preserve the integrity of the road system. The cost associated with these improvements is substantially greater than the available operating budget for the Road Maintenance Division.

Measure 27-83 authorizes Polk County to issue bonds in an amount not to exceed \$20 million to finance improvements to the road system. Monies generated from the sale of bonds will be dedicated to structural improvements and preservation of the road system.

Improvements made to the paved road system are anticipated to have a useful life of 20-30 years.

Initially, the ten-year bond will cost an estimated \$.66 per \$1,000 in assessed value and is estimated to cost less than \$.50 per \$1,000 over the life of the bond. Payment on the Bond will begin in year 2007-08, after the retirement of the Jail Construction Bond.

The bond proceeds allowed the County to upgrade 142 miles of road, and convert a road system that was in very poor condition to one in very good condition.

Present Condition

Today, Polk County's paved roads are in good condition overall, but are beginning to show signs of age and wear. Pavement on many County roads is nearing the end of its useful life and, without major capital improvements, the road system will deteriorate rapidly. Necessary repairs are significantly beyond the existing operating budget for the road maintenance division.

Use of Bond Proceeds

Proceeds from the sale of the Bonds will be dedicated to structural improvements and preservation of the County road system. Construction for road system improvements will begin in the summer of 2007 and conclude in the summer of 2009. All work associated with these improvements will be contracted out to qualified contractors. Approximately 150 miles of paved roads will receive pavement overlays with proceeds from this Measure. The County Engineer estimates that the useful life of the new improvements will range from 20-30 years with current maintenance practices.

Impact of Failure

If the Measure fails, the condition of the County's road system will decline. The annual road maintenance budget provides resources for routine repairs and maintenance, but does not allow for major structural improvements (overlays). Measure 27-83 attempts to avoid future repairs and improvements that are larger and more costly.

Submitted by: Board of Commissioners
Polk County Courthouse

Mike Propes, Chairman
Ron Dodge, Commissioner
Tom Ritchey, Commissioner

(This explanatory statement submitted by Polk County Commissioners.)

Explanatory Statement

Effect of Passage

If approved, Measure 27-83 will authorize Polk County to issue and sell General Obligation Bonds up to a maximum amount of \$20 million for road system improvements in the county. The term of the Bonds will not exceed ten (10) years.

Tax Impact

If the County issues the maximum amount of the Bonds authorized by this Measure, the initial cost is estimated at 66 cents per \$1,000 in assessed property value. The ten (10) year average cost of the Bonds is estimated at less than 50 cents per \$1,000 in assessed property value. If Measure 27-83 is approved, Polk County's tax rate will remain one of the lowest compared to the other 35 counties. Payment on the Bonds would begin in fiscal year 2007-08, after the retirement of the Jail Construction Bonds.

Asset

The road system is Polk County's largest financial asset. The 253 mile paved road system alone is valued at more than \$250 million. The condition of this asset affects the community's livability, commerce and safety.

History

Twenty years ago Polk County voters approved a \$7 million bond measure to repair and improve the paved road system.

Measure 27-83 Arguments

Argument in Favor

Please join me in supporting the Polk County Road System Improvement Bond. County Commissioners have timed the bond to begin when the jail bond is paid off. That means if the road bond passes we get better roads without a big tax increase. That sounds like a great idea to me.

Argument in Favor

Dear neighbor:

We want to tell you why Measure 27-83 is a great deal for Polk County, and why there is no better time to take care of the county's paved road system than right now.

Good roads are important to everyone, no matter where they live. The safe and efficient movement of people, goods and services is essential to the overall quality of life of any community.

Twenty years ago, in much tougher economic times, Polk County voters recognized this fact and approved a road bond measure that restored a paved road system rated 82% deficient. Along the way, the County managed to pave 42% more miles of road than it promised the voters.

Today, the 1986 Road Bond improvements are nearing the end of their useful lives. Deferred maintenance is beginning to accumulate. The county road maintenance budget has taken good care of our roads—but it is not sufficient to support major capital improvements.

The good news is this: The system is in good enough shape that new road bond improvements can build on the success of the 1986 Road Bond, and be expected to last more than 20, and in many cases, 30 years.

In 1996, you approved a jail bond measure that built a model jail that still has space available for offenders. Payment on the proposed road bond will not begin until those bonds are retired. Polk County's policy of not "stacking" debt means that its property tax rates will remain stable—and among the lowest in the state.

We encourage you to take a close look at Measure 27-83. When you do, we think you'll agree with us that this is the most cost-effective time to preserve your \$250 million investment in the Polk County paved road system.

Argument in Favor

STATEMENT OF THE POLK COUNTY BOARD OF COMMISSIONERS IN SUPPORT OF MEASURE 27-83

We want to tell you why we put the 2006 Road Bond proposal on your ballot.

Every day we strive to bring you the best basic services for the least amount of money. We think we've built a bond of trust with taxpayers because we have a no-frills approach focused on transportation and public safety.

The County's 253 mile paved road system is its most valuable asset, worth about \$1 million per mile. You own it.

Our paved roads are rated among the best in the state. But the twenty-year life of pavement laid in the 80s is nearing its end.

After two-and-a-half years working with citizens, staff, and independent engineers, the conclusion became obvious. There is no better time to take care of your \$250 million investment than now. We owe you the chance to make this decision. Here's why:

- Simple pavement overlays without repairs to degraded roads cost half as much and can last 30 years.
- The County system is sound enough to qualify for simple overlays.
- In a few more years it won't. The cost to protect your investment doubles.

In 1986 you trusted Polk County to save a crumbling paved road system, In 1996 you trusted Polk County to build a jail. Both times we promised not to ask for more until we delivered and paid off the debt.

This year we will pay off the jail. Payment on new debt will not start until that is done. Our policy of not stacking debt means county property taxes remain low and stable.

Thank you for your bond of trust. We hope you'll consider Measure 27-83. We're convinced you'll see it continues a proud Polk County tradition: Protecting your interest, while delivering essential services for less.

Democratic Party Statement

The Democratic Party: Leadership For Oregon, A New Direction For America

Elections are about accountability.

This November the choice for our country couldn't be more clear or important.

We can unite behind Democrats to restore America's strength and prosperity. Or we can stay the course and allow George W. Bush's dangerous agenda to go unchecked for two more years.

No one is well served when the truth and good ideas become regular victims of blind partisanship and deception. Yet, that's exactly what's happening in Washington and during 16 years of Republican control of the Oregon House.

The time has come to take a stand.

The policies of George W. Bush and rubber stamp Republicans across the country like Ron Saxton and Oregon Speaker Karen Minnis are destroying our great democracy. Drunk with power, Republicans have governed with an arrogance that is outdone only by their catastrophic failures.

The costly occupation in Iraq, the shameless neglect of Katrina victims and Oregon kids being forced into increasingly crowded classrooms are not random accidents. Worse, they're the direct result of a deeply flawed and morally bankrupt right wing ideology that has hijacked today's Republican Party. Don't let them get away with it any longer.

You have the power to restore progress and common sense priorities by voting Democratic this November.

It's time to come together.

Democrats know that, as Oregonians, our shared values are far greater than our differences. There is no challenge facing our state or nation that is too great to overcome when we work together.

Democratic values are Oregon values. We cherish our natural environment that makes living in Oregon special and we share a commitment to quality schools, safe communities, and good paying jobs.

Together, we can launch a new era of leadership that rekindles Oregon's spirit of innovation and restores America's reputation in the world.

The Democratic Vision

Strong Schools For Our Children

Every child deserves a full opportunity for success that is not threatened by overcrowded classrooms, shortened school years or administrative waste.

Real Security

Defeating terrorism starts with telling the truth to our citizens, troops and allies. Oregon Democrats in Congress opposed Bush's war in Iraq from the outset and will continue to demand accountability until our brave troops are home.

Energy Independence

We will invest to make Oregon a leader in renewable energy and we will create a cleaner, stronger America by reducing our dependence on Middle East oil.

Economic Prosperity

Democrats will restore fairness by making big corporations pay their fair share and rebuild our middle class economically. We will create good Oregon jobs by promoting small businesses, sustainable industries and continuing to improve our transportation infrastructure.

A Health Care System That Works For Everyone

We will catch up to 36 other industrialized nations by making sure that everyone has access to high quality, affordable health care. No family should have to worry if a child's trip to the doctor will push them to the brink of bankruptcy, and no Oregonian should ever have to choose between buying medicine and paying rent.

Retirement Security

We will ensure that a retirement with dignity is the right of every American. We will block Republican schemes to dismantle Social Security and Medicare, and we will promote laws to protect pensions and encourage financial independence.

2006 Ballot Initiative Positions

You have important decisions to make about initiatives appearing on this year's ballot. Many times, these sound simple, but have tremendous consequences.

We hope you will consider your vote carefully on each of these initiatives. The Democratic Party of Oregon has taken the following positions:

- **Measure 43: OPPOSE**

Are you tired of voting for the lesser of two evils? **Then stop doing it.** Republicans and Democrats have convinced millions of average citizens that they are powerless to take control over their communities. That's why many people don't vote. **Don't Buy the Lie.** You and your neighbors have real political power. **If you want a different world, start voting differently.**

This year, don't waste your vote on Republican and Democratic candidates. Their ideas and politics got us into our current mess and can't get us out. If you always do what you've always done, you'll always get what you've always had.

We offer this guide to voters concerning this year's ballot measures:

MEASURE 48: YES

Sustainability is good for the economy just as it is for the environment. In the long run, it is impossible to sustain spending growth that exceeds population and inflation. Without Measure 48 there will be no "Rainy Day Fund" and people will become dependent on government services, only to lose them during lean times. In the long run, a YES vote is the compassionate choice.

MEASURE 45: YES

Are you satisfied with the leadership our "experienced" legislators are providing? Service in a citizen legislature was never meant to become a career, and incumbents have written laws making it difficult for challengers to mount strong challenges. Term limits will return the legislature to the citizens and wrest control from the lobbyists.

MEASURE 39: YES

Government should never be allowed to seize your home in order to give it to a developer who promises to generate more tax revenue. This is legalized theft.

MEASURE 46: YES

The current system of regulating elections and election finances is designed to protect incumbents. The laws are so complicated that it is difficult and financially perilous for political challengers and citizen groups to seriously challenge an incumbent. This measure will make it hard for them to make the problem worse.

MEASURE 41: YES

Your taxes will go down, and your taxes will be computed more fairly.

MEASURE 42: NO

If insurance companies can establish a link between risk and any legal criteria, they have the right to price their products accordingly. Stacking the deck against insurance companies will only drive them away, leaving people with fewer companies who will have more control over the market - that's a REAL formula for high prices!

MEASURE 44: NO

People complain about pharmaceutical companies, but they sure like their medications. By opening the Prescription Drug Program to all, we effectively place a tax on pharmaceutical companies. Such companies may seem little more to us than faceless corporate targets for populist rage, but they are the ones who invent the drugs we need. It makes little sense to erode financial incentives to create new and more effective medications.

MEASURE 47: NO

Reporting requirements on political campaigns are supposed to provide legal transparency. Instead, they create fear. Too often, individuals and groups with something to lose are afraid to contribute to political challengers for fear of antagonizing incumbents. What kind of democracy is that? Such regulations have a chilling effect on the democratic process. Restricting the ability of candidates to project their messages isn't the answer either. Big money doesn't always win, and voters have the ability to think for themselves. It is ironic that some who claim to treasure democracy place so little trust in the voters.

Pacific Green Party Statement

Live Green? Vote Green.

Our world is in peril from war, greed, corruption, pollution and fear. We must do better.

While Democrats and Republicans bicker, and our planet grows sicker, Greens are creating change in communities across the country. We are growing. There are 11 Green elected officials here in Oregon and more than 200 nationwide.

Green change is possible with your vote. Don't let the other parties fool you into believing that you don't have better choices. We can have a country where our children can grow up healthy and strong. They will learn in schools that are rich in resources and opportunity.

We can have honorable elected officials. Don't settle for less. Vote for people who reflect your values.

Peace now

Join us to help bring peace to our war-torn world.

If we elect leaders who have peace in their hearts, then we can peacefully resolve conflicts at home and abroad. Greens oppose wars waged for oil and profits. Our position is clear: stop the wars and bloodshed in Iraq and elsewhere. Never torture prisoners or anyone else. Bring our troops home now.

Shame on Democrats and Republicans for so recklessly sending our children to war.

Protect our planet

Global warming is a disaster we must stop now. Renewable energy, clean air and water are our priorities. We must safeguard our natural heritage and beautiful landscapes from the timber, mining and ranching industries.

Why do Democrats and Republicans do so little to protect the environment? They are corrupt. In exchange for big campaign contributions, they do the bidding of big business. Greens believe that conservation and preservation of nature are more important than corporate profits.

Build our economy by helping working families

Our first economic priority is to raise the minimum wage to \$9 for all workers. By guaranteeing a living wage to workers, we will bring them hope. We will make sure that working families can meet basic needs like food and housing. Our second priority is to expand workers' rights to organize, bargain and strike.

Democrats and Republicans rarely put the needs of working families first. They are too dependent on corporate contributions. Greens are not for sale. We won't sell out because we are from working families like yours.

Health care for all

Every Oregonian should have access to quality health care. Health care is a right, not a privilege for the rich.

We will stop pharmaceutical companies from ripping us off. We will end the mess that insurance companies and HMOs create when we need medical care. We will not compromise our principles like most politicians.

Make big corporations pay their fair share

Greens have the courage to look big business in the eye and demand they pay their fair share of taxes. Why? Unlike the other parties, we don't take corporate contributions and perks.

It's time to end corporate welfare for the largest businesses. They ought to pay more so that we can have better schools, health care and environmental protection.

And it's time to get big money out of politics. The Pacific Green Party is pledged to endorse and work for Campaign Finance Reform Measures 46 and 47.

Excellent education

Our children deserve the best schools in the country.

Those of us who love children know that there is no time to waste. Schools must be restructured so that our children receive the attention and care they deserve. We need to focus less on test scores and more on true learning and understanding. We must give teachers the right equipment and resources to do their jobs well.

Let's face it: money won't solve our education crisis, but it will help us make sure that our school buildings are safe, children have the books and supplies they need to learn, and our school employees are paid what they deserve.

Join us. Vote Green.
