OFFICE OF THE SECRETARY OF STATE

BILL BRADBURY
SECRETARY OF STATE

PADDY J. McGUIRE
DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION

JOHN LINDBACK
DIRECTOR

141 STATE CAPITOL
SALEM, OREGON 97310-0722
(503) 986-1518

Dear Oregonian,

I am excited to tell you about some of the improvements that we've been making to increase your confidence in a safe, reliable, and easy-to-navigate elections system.

Our toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683) or TTY service at 1-866-350-0596 is available every business day all year long from 8:00 am to 5:00 pm if you have any questions about your ballot or about voting.

Under the federal Help America Vote Act, we have implemented a new Centralized Voter Registration system that keeps our voter rolls clean and up-to-date, and we are working on ways to make voting more accessible for people with disabilities.

The federal law also imposes some new identification requirements. If you are registering to vote in Oregon for the first time, you must provide your Oregon Driver's License number, or if you do not have a Driver's License, then you must provide the last four digits of your Social Security number. If you do not have either a Driver's License or Social Security number and are registering by mail, then you may provide a copy of other forms of identification listed on the voter registration card.

If you have moved, or changed your name, you must fill out a new voter registration card, but you do not have to provide ID. Be sure to put your old information in the "updates" section at the bottom of the card.

Voter registration cards are available online at www.OregonVotes.org, from your local DMV or county elections office, or in this pamphlet. If you are registering for the first time, you must register by April 25 to participate in this election.

For those of you who are already registered to vote, please return your ballot so that it is received by May 16. Remember, the decisions you make with your ballot will affect all of our lives and the future of our state.

Best wishes,

Bill Bradbury
Oregon Secretary of State

General Information

Voters' Pamphlet

Your official 2006 Primary Election Voters' Pamphlet provides you with information about candidates that will appear on your ballot. There are no statewide measures on the 2006 Primary Election ballot.

In the primary election, candidates are divided into three sections: Democratic candidates, Republican candidates and nonpartisan candidates. Major political party candidates appear before nonpartisan candidates and every two years the order in which major political party candidates appear is rotated. For 2006, Republican candidates appear first.

All space is purchased; statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

Miscellaneous voting aids, including dropsite locations, a complete list of state candidates, and instructions for marking your ballot, checking your ballot and getting a replacement ballot, are also a part of the voters' pamphlet. In an effort not to duplicate the printing of information, some of these voting aids are not a part of the state voters' pamphlet, but instead are included in your county voters' pamphlet, if your county has produced a voters' pamphlet.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the State Capitol, local post offices, courthouses and all county elections offices.

Random Alphabet

While the candidates' statements for candidates running for the same office appear in alphabetical order by their last name in this voters' pamphlet, you will notice that they appear in a different order on your ballot.

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2006 Primary Election is:

M, Z, E, R, C, B, U, Y, Q, F, A, T, S, W, I, K, N, L, G, O, J, X, P, D, V, H

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at www.sos.state.or.us/elections.

Español

Una versión en español de algunas partes de la Guía del Elector está a su disposición en el portal del Internet cuya dirección aparece arriba. Conscientes de que este material en línea podría no llegar adecuadamente a todos los electores que necesitan este servicio, se invita a toda persona a imprimir la versión en línea y circularla a aquellos electores que no tengan acceso a una computadora.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by May 11. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, May 16, 2006.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

Duties and Responsibilities of Republican Precinct Committeepersons

Precinct committeemen and committeewomen are the grassroots representatives of the Republican Party in Oregon. A Precinct Committee Person (PCP) is the “face” of the party and an “advocate” for Republican political principles in their neighborhoods and communities. They are asked to attend regular meetings of their county Republican Central Committee in order to help set the party agenda in the county and to strategize how to spread the Republican message at the local level.

As a PCP you have a voice in selecting Republican Party leadership on the county, state and national levels. You may even seek a leadership position yourself. County leaders in turn help select the state party leaders who in turn participate on the Republican National Committee and elect the national party leaders. PCPs also select Oregon delegates and alternates to attend the Republican National Convention.

PCPs are often called on by Republican candidates to help with grassroots campaigning. You may be asked to “walk” your precinct with a candidate, introducing the candidate to friends and neighbors. You may also be asked to participate in making phone calls and distributing campaign materials in your precinct. You will become the Republican Party in your community.

PCPs should be able to convey these basic principles of the Republican philosophy:

- Republicans believe the strength of our nation lies with the individual and each person’s dignity, freedom, ability and responsibility must be honored.
- Republicans believe in equal rights, equal justice and equal opportunity for all, regardless of race, creed, sex, age or disability.
- Republicans believe that free enterprise and encouraging individual initiative has brought this nation opportunity, economic growth and prosperity.
- Republicans believe government must practice fiscal responsibility and allow individuals to keep more of what they earn.
- Republicans believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations, and that the best government is that which governs least.
- Republicans believe the most effective, responsible and responsive government is government closest to the people.
- Republicans believe Americans must retain the principles that have made us strong while developing new ideas to meet the challenges of changing times.
- Republicans believe Americans value and should preserve our national strength and pride while working to extend peace, freedom and human rights throughout the world.
- Republicans believe our party is the best vehicle for translating these ideals into positive and successful principles of government.

This fall, Oregon Republicans will work to retain and extend our majority in the House chamber and increase the Senate minority to majority status in the Oregon Legislature. We will also work to elect Republican representatives to the United States Congress and a Republican governor. PCPs will play key roles in bringing about these victories.

While Republican precinct persons are encouraged to support the candidates of their choice in the primary election, it is expected that PCP’s, as representatives of the party during the general election, will support all Republican candidates receiving the party’s nomination.

If you would like more information about the Oregon Republican Party, or would like to be more involved with the GOP in Oregon, please call our state party headquarters at (503) 587-9233. You may send e-mail to info@orgop.org or visit our website at www.orgop.org

Dear Friends:

Over the past 2 election cycles, the voters of House District 30 have put their faith in me to be their voice in the Oregon Legislature. I have been honored to do so. The voters have supported our campaign for several reasons: honesty, integrity, and willingness to fight for the voters, and not special interests. Our message of lower taxes, less government intervention, protecting private property rights and always focusing on the best Oregon has to offer has been the strength of our campaigns.

Now in 2006, I am asking the voters of the 1st Congressional District to allow me, Derrick Kitts, to take our Oregon values to Washington DC and fight to clean up the existing culture of corruption.

During the last legislative session, I fought to ensure the Campaign Finance Reform Bill was passed, making Oregon's disclosure laws some of the most comprehensive and open in the country. This bill was the most significant piece of legislation of the 2005 session. As your Congressman, I will fight to make these same sunshine laws applicable to Congress. I also fought to hold the line on taxes and balance the budget. The people of Oregon will get a Kicker check and we did it all without raising taxes on hard working Oregonians.

Just as in the past elections, if you have any questions for me or my campaign staff please feel free to call me directly at 503-312-8146. For these reasons, I am asking to be your voice in Congress and for your vote.

Mike Erickson, Cutting Wasteful Government Spending

Mike Erickson started his business 14 years ago in the basement of his home. Today, it's one of the fastest growing private companies in America. He knows what it takes to cut costs when sales are down. Mike wants to apply his business sense in forcing Congress to spend only what the people can afford and stop pork barrel spending projects.

Mike Erickson, Creating Jobs for Oregon

Small business is the backbone of Oregon's economy. Mike will fight to reduce taxes and bureaucracy so businesses and farms can expand and more quality, family wage jobs will come to Oregon.

Mike Erickson, Preserving Social Security

Mike Erickson will be an advocate for seniors in Congress. Mike will fight for a Social Security trust fund to provide stability for our retirees and stop Social Security funds from being raided for wasteful programs.

Mike Erickson, Protecting Oregonians

Mike Erickson believes the primary role of government is to protect its citizens from threats, foreign and domestic. Mike will support our troops in fighting the threat of terror. As the son of a police officer, he will support law enforcement in putting criminals behind bars.

Mike Erickson, A Better Education For Our Children

Mike Erickson supports excellence in education. In Congress, he'll work to ensure that sound educational policies are enacted while at the same time maintaining accountability and local control.

Mike Erickson, Real Reform For Oregon

Like most Oregonians, Mike Erickson believes that he is not adequately represented in Congress. Mike believes that Congress responds to the needs of powerful special interests, not average citizens. He's running for Congress because he wants to open up the process for all Oregonians.

Oregon can be great again, but it will take a new generation of leaders to fix the problems we face. The only certainty is that Oregon continues going in the wrong direction. Government has lost credibility with Oregonians, but it can be fixed.

As Governor, Jason Atkinson will work for the safety and security of Oregonians and **protection of children** by locking up sexual predators, fighting meth and helping Oregonians overcome addictions. As Governor, Jason Atkinson will control Oregon's illegal immigration problem, respecting people and taxpayers. As Governor, Jason Atkinson will eliminate Capital Gains taxes, use the power of the veto pen to force the education budget to be passed first, not last, and will finally accomplish what Oregonians want most: to be respected again.

Jason Atkinson knows the private sacrifice of public leadership and values the hopes of Oregonians who want to believe again.

Forty years ago, Oregonians trusted a new generation to lead Oregon. Today, there is hope again.

Reasons For Seeking Election: I am seeking to be elected your next Governor in order to give you the tax relief to which you are entitled by law, to get you your civil and constitutionally guaranteed monetary rights under the Oregon and United States Constitutions, and to create more jobs in Oregon. I intend to implement your relief by both a 50% property tax reduction and a 90% capital gains tax reduction immediately upon election November 7. This relief occurs for you because of legal errors and ignoring of Oregon and United States Constitution requirements. I intend also to take Oregon properly into the international community by implementing a \$1 Oregon Income Tax Credit for you and all taxpayers, whenever any business headquartered and incorporated in Oregon has, establishes, or maintains an operating office or business enterprise in any foreign country or territory that maintains a full circulating gold and silver coinage among its people. It is my plan, moreover, for tax free interest on gold and silver savings accounts opened at Oregon chartered banks, and to provide at least a 30% discount to Oregon income taxpayers if they pay in the honest dollar — a gold coin. **Vote Leitch 4 Governor, \$\$\$ 4 You!**

‘A house divided against itself, the house cannot stand’ (Mark 3:25). Big money and special interests has controlled our elected officials for too long and in 2006 this must end. Government can’t meet the needs of all Oregonians if this continues.... We must;

Cap government spending at a 3% increase per year and prioritize our spending on public safety, education and the Oregon Health Plan.

Our neighborhoods are not safe. We must make our streets safe with increased State Police and expanded jail availability in every county.

Education is priority #1; Our children are our future and we must prepare them for the 21st. century (a foreign language must be required in every high school).

Health Care should be available to all Oregonians. We have the money to expand it for everyone if you consider it a priority!

I know there are other issues important to Oregonians. Roads, immigration and the environment but our streets must be safe, our children educated and health care available to all.

Family Values: Family values involves more than just abortion and gay marriage. Family values involves honesty and integrity. Caring about your neighbor and the poor (Matthew 22:36-40). Not judging others with whom you disagree (John, chpt.8). I support choice and gay marriage but I’m against this war and I want our soldiers home in 2006.

Our government belongs to the voters of Oregon and we can make it work for everyone! I ask for your vote.

Be Well/God Bless;

WHY VOTE for DON FELL ...for children, jobs, education and economic development

- Oregonians export our most precious commodity, our children. They leave for college and don't return, due to lack of quality-family wage jobs.
- Oregon is blessed with an abundance of Natural Resources. There should be an abundance of family-jobs in agriculture, fishing, and timber. Don supports the family farms, forestry, and fishing on streams, rivers, and ocean.
- More roads and road-lanes for Oregon Citizens
- DON believes government should work with business to solve environmental problems, protecting Oregon's natural beauty-not roadblocks that prevent quality Natural Resource jobs, nor limiting our personal enjoyment of this natural beauty.
- DON believes governments, like families should live within its budget, plan for rainy days and emergencies, NOT new taxes.
- DON believes in quality education for children, reduce State mandates, let Teachers teach, return school control to parents and local boards.

The Oregon economic environment that provides jobs for you, your family and friends, continues to be business un-friendly. Businesses are leaving Oregon, taking jobs. Your job may be next. Please help me change Oregon government's response to you.

"Don served as my special legislative aide on coastal and environmental issues. Whether in defense of jobs, saving the kicker, increasing road capacity or salmon restoration; Don has worked for a healthy economy and maintaining livability" Senator George, District 12.

Oregon needs to invest in our public schools to ensure that our children have a world class education so they will be prepared to compete in a global economy. Oregonians not only want first class schools, but they also want schools to come first. Every year Oregon delays meaningful education reform is a year the legislature disappoints our children.

Oregon needs to examine tax reform that is fairer and will make our state attractive to investment from the companies that will bring the good paying jobs of the future. Oregon should work to make our state receipts less volatile and less susceptible to wild swings in revenue so that we can adequately plan and budget for the future.

Oregon needs to give the police who protect our communities the high tech tools and resources they need to help keep our families safe. We must do all we can for those who protect our families.

Oregon needs to reassess how government works so that citizens feel that the state is working with the people's input and in their best interests. Well managed government should serve the people.

Oregon needs to remember its values while planning for its future. Oregon's reputation as a friendly, open-minded, and environmentally conscious state needs to endure. We must make sure that we can pass on Oregon's beauty to our children.

I look forward to a positive campaign about the issues that Oregonians care most about. I will do my best to work for solutions to the problems that Oregonians want solved. Please consider me, David Newell, for State Senate.

TJ REILLY...For Stable School Funding.

We need adequate and stable school funding. Having personally attended both a public and private high school, I understand how school waste and under funding affects the ability of a school to meet the needs of today's students. The ability to attract and retain good teachers is directly linked to stable funding.

TJ REILLY...Efficiency in Government, Not New Taxes.

As a small business owner, I have learned that efficiency is the key to profitability, not charging additional fees. The state, like any other business, must also reduce waste and become more efficient in order to have a balanced budget and continue to provide essential services to our citizens.

“Growing up in this area and raising my own children here, I want our community to continue to grow and thrive and I believe other people want similar things for themselves and their families. I also believe voters deserve to have someone in Salem asking fair, but tough questions about how we spend tax dollars and what we get in return. Our elected leaders need to be willing to take responsibility for their actions and to lead. How the state has managed PERS for example is proof that our priorities are upside down. While we are dumping millions of dollars into a bloated state retirement system, our children, our economy, our healthcare system and our seniors are all suffering. We need new leadership and a new direction for 21st century solutions.”

Domonic Biggi

A New Direction to Save Schools

We need to have a tough discussion on stabilizing education funding. We need to provide capital for new facilities for overcrowded schools. We need a realignment of education funds to solve the out-of-balance funding challenge. We need programs to help integrate non-English speaking kids faster and better into the workforce. We need more accountability with regard to the performance of schools.

More Jobs, More Stability

We need government out of the way of job growth. We need a culture of cultivating existing employers and business. We need to quit putting up barriers to attracting new employers who want to locate here.

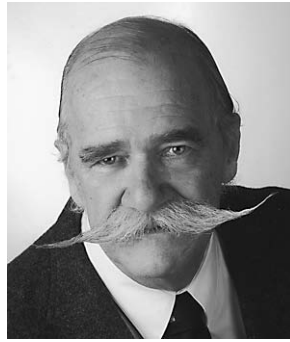

Transportation and Livability

Thousands of new people will be moving into our area in the coming months and years and we aren't prepared to manage the growth. Transportation issues are becoming more of an issue which requires new leadership and new attention to preserve a decent quality of life for all of us.

Mike Kocher is a fourth-generation Oregonian and small woodland owner who will work fulltime as your representative. He believes in representing the residents of House District 31, many of whom he has met in their communities through work and volunteer activities.

Education Comes First

The largest piece of the State's budget is education. Mike believes school funding should be the highest priority of the Legislature and should be addressed first each session.

Mike's background in education gives him the insight to speak against un-funded mandates from the state, which place a burden on already struggling school districts.

Health Care

Mike's 'advisor', his wife Charlotte, is a primary care nurse, who knows the health care system in depth and will provide the insight needed to help protect the residents of the district.

Spending

Mike's Mom told him to spend the money the state brings in from its citizens as carefully as those citizens spend what they have left. That is good advice.

Natural Resources

House District 31 has substantial natural resources. Mike Kocher understands these resources need to be managed with care and understanding.

MAKING EDUCATION FUNDING A PRIORITY

As State Representative, Shirley will work to provide stable, adequate funding for schools. She will work to make our public school system more efficient, so that more taxpayer dollars reach the classroom and schools are more accountable.

My candidacy to be your state representative is a departure from politics-as-usual. I am an Eisenhower Republican dedicated to fiscal responsibility, environmental sustainability, thrifty government, impartial justice, tolerance and liberty. I believe the problems that mire Oregon's Legislature can be overcome when legislators of goodwill from both parties serve the people first. We Portland Republicans have more in common politically with our Democratic neighbors than we have with rural-Georgia Republicans. And our Democratic neighbors share more goals with us than with the anti-capitalists who dominate their local party politics. Let us govern sensibly choosing pragmatism over ideology, charity over malice and giving thoughtful consideration to the opportunities that globalization presents for Oregon's economy and environment not just to its detriments.

Our economy can ride the wave of globalization by promoting Agriculture, Ecology and Technology as Oregon's offerings to the world. The future belongs to the smart and we face enormous global brainpower competition. Our state should make education – preschool to grad school, and trades education – useful and worthwhile to its citizens. If that means unessential agencies and sacred cows in the state budget are pushed aside to free up money for first class education that is what we must do. We cannot prosper otherwise.

Urban and rural, liberal and conservative, we are all in this boat together and if we don't pull the oars intelligently we will surely sink into backwardness together. My candidacy will promote a self-reliant Oregon: buying locally and selling globally, educating for the future, knowing Oregon's prime place in the world and getting us there.

Community Involvement: Volunteer coach, board member and umpire for Parkrose Little League.

Hobbies: Amateur Radio operator, FCC license; Civil War history; supporting high school sports.

Creating jobs: Oregon lacks the incentives to attract new jobs and retain the jobs it has now. Portland's oppressive BIT is driving business outside the area.

Taxes: Oregonians pay enough taxes to the federal, state and local governments. I do not support the legislature's massive tax increase and Measure 30.

The Environment: Preserving Oregon's natural resources and environment does not require cramming people inside an urban growth boundary or turning off farmers' water. I support clean water, clean air and clean industry.

Law Enforcement Issues in Oregon: An effective criminal justice system requires a proper balance of trained police, sufficient jail space for pre-trial detention, motivated prosecutors, competent public defenders, impartial trial judges, sufficient prison space for sentenced offenders, and adequate funding for supervision at the local level.

Meth: Methamphetamine affects all Oregonians through increased property crime, identity theft, and environmental hazards. Despite the Governor's meth policy, the majority of meth sold and consumed in Oregon comes from "superlabs" in California and Mexico.

Pay Equity: As a father of three daughters preparing for professional careers, I believe compensation should be based on merit, which means I expect my daughters to be compensated the same as an equally qualified co-worker or colleague, regardless of race, age or gender.

Prior Governmental Experience: State Representative 1999-present; House Majority Leader, 2001-2002; House Speaker, January 2003-present; Co-Chair, Emergency Board; Co-Chair, Legislative Counsel Committee

Karen Minnis...A Leader for East County

Karen Minnis understands East County because she has lived in this area her whole life. In her role as Speaker of the House, Karen was responsible for bringing \$1.5 million dollars to the area for gang enforcement and to fight crime. Karen is passionate about protecting the quality of life in East County.

A Stable Schools Plan That Can Work

Karen has proposed a new concept to fund education which won't increase taxes—the stable schools plan. This plan dedicates 51% of existing income taxes to schools and provides a rainy day fund—giving them the stability they need and kids the opportunities they deserve.

A Strong Economy Creates Jobs, Limiting the Need to Talk about Taxes

Karen believes, if we are stimulating and protecting jobs, Oregon's economy hums and taxes are produced to pay for essential services. With a strong economy there is no need to talk about new taxes and eroding personal earning power. Karen will always focus first on job creation as a solution to stabilizing our communities, schools, law enforcement and other critical state programs.

Oregon's Meth Problem Runs Deep and Affects our Communities

Karen helped pass new legislation to try to curb the Meth epidemic in Oregon, but she believes more work needs to be done. The Meth problem is affecting how secure we feel in our homes as Meth addicts look for ways to fund their habit through crime. Karen's not done working on the Meth problem; it is a top priority for her.

"We must continue to make the economy and education priorities so Oregon is an attractive place to do business and raise a family." - Karen Minnis

Proven Leadership

Local Results

Dear Friend,

I want to thank you for putting your confidence in me last election. I am running for reelection to the Oregon House of Representatives to meet the challenges we face here at home.

As Chair of the House Trade and Economic Development Committee, I was leading the legislation for economic growth. Our economy continues to recover and create jobs, which provided more funding for education, human services, and public safety.

As a family man, entrepreneur, community volunteer, and legislator, I will utilize my experiences to effectively work for you. I am going to use my common sense in the legislative process if you give me the vote of confidence again.

I will continue to do the best I can to represent your views, and to make sure your beliefs are reflected in the legislative process. You are important to me, and I believe you are the first priority over the government.

Thank you for your support.

Sincerely,

Official 2006 Primary Election Voters' Pamphlet

20 | Republican Candidates

Duties and Responsibilities of Democratic Precinct Committeepersons

A message from the Democratic Party Chair Jim Edmunson.

This is your government under Republican leadership:

- A tragic and costly war in Iraq premised on lies and deception
- Abandonment of tens of thousands of victims of Hurricane Katrina
- Senior White House official indicted for lying about outing a covert CIA agent
- Secret, illegal programs to spy on American citizens, blatantly violating the Constitution
- Environmental laws written by lobbyist for industry polluters
- Your tax dollars subsidizing corporations that outsource American jobs
- Tax policy to make billionaires richer and produce the large budget deficit in history
- A culture of corruption so pervasive that indictments extend from Republicans in Congress to the Oregon House

Enough is enough. America and Oregon can do better.

Some argue that to fix government we need to create a new political party. Some say Oregon needs "open primaries" to elect more "moderates" or that imposing artificial "non-partisanship" labels will fix broken government. Their frustration is legitimate, but the solutions are misdirected and diversions.

The simple fact is if you want to change Congress and to break the Republican logjam in Salem, the best, most effective thing you can do is support the Democratic Party. If you are as fed up as most citizens with the incompetence, cronyism and backwards policies of an extreme Republican Party, then you can make a difference in the Democratic Party.

Get involved. Become a Democratic Precinct Committeeperson (PCP) today.

When Howard Dean was elected to head the Democratic National Committee, his first words were, "This is not my chairmanship. It is yours." It was a simple but profound statement. No longer would our party be held hostage by decisions made by an aristocracy of consultants in Washington. Governor Dean has kept his word. Now the call is to us. It is time to demonstrate, as we did in 2004, the awesome grassroots strength of Oregon Democrats. I want you to know the door is open.

What is a "PCP" and what do they do?

Representative democracy only works if people like you – those who vote and are actually reading the voter's pamphlet! – get informed, involved and active. Democracy is not a spectator sport. As a PCP, you are the foundation of the party and you have the power to effect change by:

- Registering voters and increasing voter turn-out in your neighborhood
- Helping elect county, state and national party leaders
- Collecting email addresses from interested voters
- Letting the party and elected officials know about hot local issues
- Making sure the Democratic Party represents you

How do I become a PCP?

First, you must be registered as a Democrat. If you filed a statement of candidacy with your county elections office by the deadline, your name will appear on the May 16th Primary Election. If not, you may also write in your name on the ballot. To be eligible to win, you must receive a minimum of three votes. This can be accomplished often in your own household, but you are best served by reaching out to as many of your neighbors as possible.

Don't be intimidated. Be empowered.

The job of precinct committeeperson can be large or small, depending on your own initiative, but if you accept the title, be prepared to perform some basic periodic activities like:

- Help distribute materials in your neighborhood
- Organize or participate in a phone bank
- Recruit new volunteers
- Attend local trainings or meetings

If you care and work hard, you can rise fast. Most elected leaders, even some Oregon governors started as PCPs!

June 2-4, Democratic State Convention in Eugene

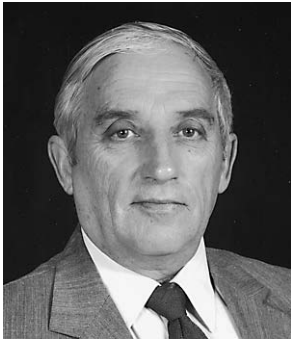

PCPs will come together for trainings, to meet candidates, and to help develop the party platform. Together, America can and will do better! To learn more contact:

Alexa Lewis: leading a new generation of Democrats.

Alexa will ensure your right to vote is protected. She is dedicated to **election reform**. Alexa will work tirelessly ensuring that our voting systems are protected from private interests. Our most basic right in this democracy is the right to vote; Alexa will defend that right.

As a mother, Alexa is concerned for the future of her daughter and will fight to keep the **right to choose** a personal matter and not a legislative/judicial issue. Reproductive freedom is a hard won battle; **progressive leadership** will ensure that all women will have a voice.

With two children who will be entering public schools in the coming years Alexa is genuinely concerned for the funding of our **public schools**. Alexa is determined to ensure future legislation allows your children the same opportunities she had growing up: smaller classroom sizes, outdoor play, team sports, and a well rounded curriculum.

Alexa Lewis, Candidate for the U.S. House of Representatives:

I am leading the Democratic Party back to its core values so that our legislation can be clearly defined: progressive and forward thinking. Too many moderate Democrats are soft on the issues that need to be fought with vigor and passion. National Leadership

Dear Friends;

Like you, I am often frustrated with the direction of our county.

Every day, we face the consequences of failed policies like the tragic mismanagement of the war in Iraq, the treatment of our veterans at home, the failed response to natural disasters like Katrina, and the bureaucratic morass in programs critical to senior citizens. A culture of cronyism, corruption and incompetence is failing to meet the needs and expectations of Americans.

I remain optimistic we can change things. **Throughout my career, I've believed in the fundamental values we cherish in Oregon.** I have worked hard on reforms giving citizens more control to make families safe, healthy and economically secure.

Access to health care, funding for education and protecting our environment cannot be accomplished with narrow ideologies and the heavy hand of special interests. The source of our success has been Oregonians coming together to solve problems for the betterment of our communities all across the state.

Solutions to health care, education and economic challenges cannot be just dictated by Washington DC. We should however, expect a true partnership with the federal government to solve problems and strengthen our communities.

Together, we can assure that Oregon is not just on the right path but is a model for the country for the things we all hold dear. Your support for putting Oregon values to work is now more important than ever.

Thank you for the trust you have given me to represent you in Congress. **I would appreciate your vote in May so that we can continue our work together.**

Sincerely,

Earl

"A Better Future for Oregonians with JOHN SWEENEY"

As a U.S. Congressman, John Sweeney will work for these reforms for you:

1. Education: Schools must be run at the local level. There is a shortage of teachers coming. We must start a national effort to recruit new teachers while they are still in high school to get a head start to overcome this growing problem.
2. Health Care: Medicare for all. Medicare for age 65 and over covers 80% of the costs. Medicare for those age 64 and under should cover 40% of the costs at the same premium. 15% of the people have no coverage! Medicare insurance is needed!
3. Social Security: Social Security must be protected and improved. In these striving times many companies are freezing and ending their retirements, and not offering them to new employees. It is very important because Social Security maybe the only retirement left for most people!
4. Law Reform: The criminal justice system does not work for us! It is time to change it from an adversarial system, where it is who wins that counts to a "True Justice System", where it is law and truth that bring about True Justice.

JOHN SWEENEY is a native Oregonian.

Lifelong Oregonian, Unashamed Populist And Progressive Democrat

I grew up in rural Coos County and raised my family in Eugene. In my 30 years of public service I have always stood for core Democratic values: pro-education, pro-environment, pro-choice, pro-senior, pro-worker, pro-civil rights, pro-Oregon!

www.petesorenson.com

Telling It Straight

Oregon's tax system hurts working families. The income tax once paid by major corporations now rests on the backs of individuals and small business owners.

Major corporations today pay only five percent of Oregon's income tax; two-thirds pay none.

Oregon's public schools are suffering. Continued funding cuts have turned Oregonians away from community colleges, and crowded more kids into fewer classrooms.

Oregon's health care system is broken. One out of five Oregonians have no access to health care.

www.petesorenson.com

I Am The Only Democratic Candidate For Governor Willing To Fight For Corporate Tax Reform To Fully Fund Public Education And Health Care

As Your Governor I Will

Ensure that major corporations, like you, pay their fair share in state income taxes.

End the corporate kicker, saving Oregon hundreds of millions of dollars each year.

Fight to protect Oregon's environment.

Build sustainable, family wage jobs.

Work to bring our National Guard home from Iraq.

With Your Vote We Can Do Extraordinary Things

I can win in November. New York polling firm, Zogby International, shows me outpolling Ron Saxton and Kevin Mannix by as many as 10 points.

As a candidate for State Senator my only campaign promise is to continue to be accessible and to be an effective voice for you in Salem. After voting on thousands of bills and amendments, I can honestly say that I have given my very best to represent your interests and the interests of Clatsop, Columbia, Washington and Tillamook counties and Sauvie Island.

My personal goal is to represent you in a manner that will help restore your confidence in your State government. I have made every effort to avoid the partisanship that has plagued our Legislative process in recent years. Instead I have attempted to work with all my colleagues regardless of political party to find common ground to meet Oregon's challenges.

I firmly believe the primary role of state government is to provide our children an opportunity to learn; to protect our society from those who threaten it; and to ensure that our senior citizens live in comfort and with dignity. We must fund these priorities first.

Serving as your State Senator has been a privilege and I would be honored to be able to continue being your voice in Salem.

Do the right thing. That's the simple principle Brad Avakian lives by. Nothing is more important to Brad than his duty to the neighbors he serves--not party, not politics. It's why he is trusted to stand up for his community.

MAINTAINING QUALITY EDUCATION

Brad is fighting for a full school year and Rainy Day Fund to stabilize school budgets. When legislation was introduced to take history, PE and art out of school curriculum, Brad stopped it.

A plan to fund schools

Sam's top priority is to create efficient, effective, and yes, fully funded schools. Sam will work to:

- Repeal the corporate kicker
- Create a rainy day fund
- Pool insurance costs
- Eliminate wasteful tax breaks

A steward of the environment

He has an agenda to protect Oregon's environment that starts with clean streams and well planned land use systems.

A legislative champion for those in need

Sam's leadership resulted in millions of dollars and hundreds of affordable homes developed for seniors, families with children, and disabled.

Fight corporate tax loopholes

Sam's opponent voted to allow Enron and PGE to continue pocketing the taxes they collect from Oregonians, SB 408—a loss of \$150 million per year. Only six legislators sided with Enron and PGE. Sam is a Democrat that will fight corporate tax loopholes to assure schools are funded.

Sam isn't a politician. He is a committed community activist who will solve problems instead of just passing them on.

That's the real difference in this race.

Dear Neighbor:

As your State Senator I have worked hard to be worthy of the trust placed in me. As one of the Senate’s leading budget writers, particularly in education, I restored funding to Head Start, successfully fought to improve school funding, stopped the decline in funding for our community colleges, improved funding for higher education, stopped double digit increases in university tuition, fully funded student assistance and gained approval for the most ambitious capital improvement program in state history.

There is much that we can do for Oregon and our community. I am asking for your support. Together we will:

- **Improve and stabilize funding for our schools**, while ensuring that funding is focused on the classroom.
- **Strengthen our economy**, by creating a business environment that supports job creation and retention and by making a sustained investment in our Community Colleges and Universities.
- **Effectively address issues that are important to people** such as traffic congestion, the livability of our neighborhoods, the rising cost of healthcare, the safety of law-abiding citizens and ensuring that the needs of Oregon’s most vulnerable citizens are not neglected.
- **Pursuing a bi-partisan agenda that unites Oregonians** and respects the values and needs of all citizens.

Respectfully,

Richard Devlin, State Senator

Oregon State Treasurer Randall Edwards

Dear Neighbor,

My name is Jesse Cornett and I hope to be your State Senator.

My priorities:

- **Strengthening Our Schools:** I'll fight for lower class sizes and work to drive dollars into the classroom. We must modernize our tax structure, and deliver school funding that is adequate, stable, and real. I'll work for greater accountability and parent/community involvement.
- **Jobs and the Economy:** I'll work hard to make sure that Oregon has a strong and vibrant economy with living wage jobs, which is why I'm proud to be supported by **Labor Commissioner Dan Gardner**.
- **Health Care for all Oregonians:** Too many children, working adults, and seniors lack basic health coverage. Fixing our health care crisis will mean a stronger state, stronger economy, and stronger families.

Oregon is a special place, but we face many challenges. It is time for new leadership, new ideas, and focus on the future. We can do better and we will. Please consider joining the **Multnomah County Democratic Party, Nick Fish, Oregon AFL-CIO Past President Tim Nesbitt** and many others in supporting me; I would be honored to earn your vote.

Leadership for the Long Run

There was an era when the Legislature planned for the future—
the Bottle Bill, public beaches, and other innovations made
Oregon a great place to live. Today our elected officials are
quick to say why things can't get done. Tobias Read believes we
should choose progress and innovation over partisanship and
inaction. That's how to improve our community for the long
run.

World-class education: Create a Rainy Day Fund to remove
the volatility from school budgets, enable school districts to
plan for the future, and provide the resources schools need to
meet high academic standards.

"Tobias Read's plan will help give all our children the
opportunity to succeed in school and in life."
-Priscilla Turner, Beaverton School Board Member

Lower prescription drug prices: Expand the innovative
Prescription Drug Purchasing Pool to enable all Oregonians to
get better prices on lifesaving medicines.

Affordable health coverage: Make the big insurance
companies hold public hearings and get Insurance
Commissioner approval before they raise our rates.

"Tobias isn't interested in empty campaign pledges.
He will work to find real ways to lower
healthcare costs for Oregonians."
-Senator Alan Bates, M.D.

"Tobias Read knows that government has a responsibility to
protect the safety and well-being of its citizens."
-Representative Jeff Barker

"The decisions we make in the next few years will
determine the quality of our schools and the health of our state
for decades. Tobias Read is the right choice to make those
decisions, and he's got my vote to be the next
State Representative from District 27."

Occupational Background: Secretary-Treasurer, Oregon AFL-CIO; Western Council Industrial Workers

Educational Background: University of Oregon, MA; University of Massachusetts, B.A.

Prior Governmental Experience: State Representative, Oregon Watershed Enhancement Board, State Forestry Board and Oregon Forest Resource Institute.

BRAD WITT - REPRESENTING OUR VALUES

"Having raised my family in Clatskanie, I feel a genuine kinship with the land, culture and people of NW Oregon. What a wonderful challenge to speak for a vast, rural district and to stand up for the values of its hard working people." - Brad Witt

Standing up for Schools

For successful children, Oregonians must invest in stable funding for K-12 education. We must commit to strengthening community college programs so essential to bolstering Oregon's rural economy.

Access to Affordable Health Care

For too many Oregonians, health care is too expensive or completely out of reach. On their behalf, I am fighting to expand access to affordable health care coverage and prescription drugs.

Growing Our Natural Resource Economy

To preserve the livability of our communities and strengthen our rural economy, sustainability is the key. We must embrace an economic, social and environmental balance as we strive to create new family-wage jobs.

Keeping Our Communities Safe

The rampant methamphetamine epidemic in our state is one of many serious, complex challenges. We must keep our families safe, protect the rights of crime victims, and empower our criminal justice system.

Brad is proudly supported by:

Dr. James H. Tyack, DMD; Earl J. Fisher; Eric Paulson, Lektro; Former State Representative Jackie Taylor; Greg Hamann; Jan Kenna; Michael Sowder; Oregon AFSCME Council 75; Oregon/Idaho/Utah Area Council, Assn. of Western Pulp and Paper Workers; Randy Peterson, Mayor, St. Helens; Rita Bernhard, Columbia County Commissioner; Service Employees International Union (SEIU); and Teevin Bros. We need leadership to repeal the kicker law, rewrite the property tax laws and insure income tax laws are enforced. We need to make tax fraud a crime in Oregon.

\$666 million will be returned because of the kicker law. This money could be used for schools, transportation infrastructure and social services. This money is returned based on what the budgeted amount for the biennium is, not what the needed amount is.

Current amount of property tax has nothing to do with the amount paid for the property. Our property tax laws need to be changed to relate the two.

Oregon state income tax payers each pay \$620 per year more because our income tax laws are not enforced. Enforcement must be assured.

We have lacked leadership in revenue issues. Now is the time to elect revenue issue leadership.

WORKING FOR US FOR A CHANGE

It's time to give working families a voice again."

—Rob Brading

Good Jobs with Economic Security. "We don't just need jobs—we need good jobs that support a family." Rob Brading will support new policies giving incentives to companies that create family wage jobs with health benefits or pensions.

As the next state representative I promise to fight for:

Greater Government Accountability

As I've canvassed our district, I have often heard a call for greater accountability from our public officials. I share your frustration. **As a mother of five, I know a few things about accountability.** In our household everyone has responsibilities. If someone doesn't get things done there are consequences. The same should hold true for government. **We need legislators who get the job done.**

A Quality Educational System

I promise to work relentlessly for a fully funded quality education system for our children. Money for our schools should go to the classrooms. **A quality public education system should never be up for debate.** Children are our future and we cannot afford to let them down.

Affordable, Accessible Health Care

As a single parent, I've lived the struggle of the ever growing class of working poor. **Mounting health care costs should never force us to choose between health insurance for our children and the most basic necessities of life.** Children cost the least to insure, yet shamefully, thousands of Oregon children do not have access to basic, preventative health care. **I demand greater equality and fairness in our health care system.**

Economic Stability and Growth

As a skilled worker, I've seen my family's chances for a brighter future shrinking right along with the dwindling supply of living wage jobs in our great state. **I will work to strengthen the infrastructure and make Oregon a desirable place for companies offering high quality, living wage jobs.** To ensure economic stability we must develop a strong partnership between economic, environmental and educational interests. Enough is enough. **The key to our future is now.**

Gary Blackburn is a fiscal conservative and life long Oregonian. He will guard your tax money like no other representative.

Health Care - Oregon can lead the way.

In the United States more money is spent per capita on health care than any other country in the world yet we have too many people with no health coverage or inadequate coverage. The money is already being spent on health care; we just need a better and more efficient system.

Protect Initiative and Referendum

We are fortunate to have this process in the State of Oregon.

Respect and Protect Our Environment

A farmer who protects and conserves the soil is being a good environmentalist.

Do we really need any more gambling casinos?

Gary Blackburn does not want casinos off Indian Reservations and definitely not in the Scenic Columbia River Gorge.

Gary says no taxpayer subsidizing of professional sports.

No special tax breaks for big corporations which has to be made up by other taxpayers.

NO STATE SALES TAX

When you are driving on the 205 freeway at 5:pm are you thinking we need more growth? I don't think so! Gary Blackburn is about quality not quantity.

I am running for the Oregon House of Representatives because I believe that it is time for a serious change in Salem. Partisanship now trumps citizenship in the State Legislature and the Legislature has repeatedly failed to address many serious needs for the state of Oregon. Many people feel that this is simply the way it is, but I think we can do better.

I am running because I think with a fresh perspective and open mind we can get real work done for the state of Oregon including:

- Providing increased and stable funding for our public schools and to offer real education reform so that we have the best possible public school system.
- Ensuring that NO Oregonian goes without access to basic health insurance.
- Protecting our vast natural beauty and investing in technologies that will ensure that our children and grand-children can appreciate clean air and water.
- Supporting workers' rights and companies that provide stable family wage employment for Oregonians.
- Ensuring that our communities are safe and that every Oregonian has the opportunity to fulfill their potential.

If you are completely satisfied with the performance of the current State Legislature then perhaps I am not the candidate for you. However, if you believe like I do, that being an Oregonian is more important than partisan affiliations and that together we can solve real problems, then I am asking for your vote. It is time to put **people over politics** and to bring the citizen's legislature back to the citizens of this state.

Creating Jobs – and Opportunity

As Labor Commissioner, I'm proud of my "**Buy Oregon First!**" Jobs Tour. My goal is to retain current jobs and help local business expand.

The best way to continue learning about the needs of Oregon's workers and employers is to get into their shoes and work alongside them. As Commissioner I've learned to balance the needs of employers to understand the law and to have it enforced fairly.

Oregon's construction industry is growing and I want to ensure a trained workforce that has access to healthcare and retirement. That's why I have worked to increase Apprenticeship and Training Programs by 11%.

As the Co -Chief Petitioner of the minimum wage increasing Ballot Measure 25 and enforcer of our minimum wage, I am proud to help Oregon's hardest working families.

BRINGING OREGON TOGETHER

I am proud to have the support of Democrats, Independents, and Republicans as well as Oregon businesses and Labor Unions as I work to bring together every sector of the economy throughout the state.

We can get better results for a whole lot less money when we effectively teach kids the basics early, reading and math facts. Children are smarter than ever before. However, schools are dumbed down and teachers are not well prepared. Students are not being taught how to read well, early and quickly. As evidenced in our math standards, students are not required to memorize basic number facts in the early grades and are encouraged to use calculators. **Lacking basic reading and math skills, students fall further and further behind the longer they attend our schools.** The lack of basic skills may be a significant factor in the 28.9% increase in the number of special education students served since 1992-1993 *Oregon Department of Education Annual Report 2003-2004*. **I will work to implement research-proven, challenging curriculum and improved teacher training.** I will use incentives, accreditation, certification, Oregon Rules and Legislation to right this ship. **The course we are on is one of exploding costs and student failure.**

Dear Oregonians:

Thank you for electing me to the Oregon Supreme Court in
2000. Since that time, I have worked to produce timely and
well-reasoned decisions based solely on case precedent and
principles of law.

In November 2005, my colleagues on the Supreme Court
elected me the 37th Chief Justice of the State of Oregon. I am
honored and deeply humbled by their confidence in choosing
me to lead the state's judicial branch of government.

As Chief Justice, I will prudently manage our judicial
resources. I will seek to ensure that judges at all levels treat all
litigants fairly and issue timely decisions. I will work to enhance
the quality and administration of justice at every court level in
accordance with the changing needs of our society.

I believe that courts are the cornerstone of our democratic
government and the guardians of our state and federal consti-
tutions. To perform our role properly as a co-equal branch of
government, the courts must have the trust and confidence of
citizens. I will continue to work hard to earn and maintain that
trust.

Simply put, I believe in judicial accountability and judicial
performance. I am guided by those principles every day.

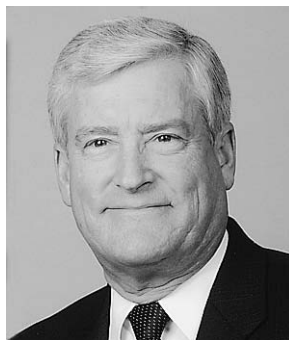

It has been a profound honor to serve Oregonians.

Sincerely,

Paul De Muniz

When an offender is sentenced the judge should be able to impose specific sanctions designed to make the community safer by reducing future criminal behavior by that particular offender. Not everything works on every offender. Hard experience has taught us that jail, or even prison, often provides only temporary relief for the community. If "no new victims" is our goal, we need more than cells to get the job done. There are programs that reduce crime, such as our intensive supervision DUIL program and our drug courts, but we lack the resources to apply what we have learned to other offenders. With funding we could create "accountability" courts for other classes of offenders, and back those courts up with aggressive supervision, treatment, and jail beds. Such programs are not cheap, but having fewer victims justifies the costs. Those who claim we can reduce crime without additional money for offender supervision and treatment are more interested in your vote than in your safety. While attention has been focused on our "shortage" of jail beds, the greater losses have been to alternative programs. We have lost our work release center and our forest work camp. We never opened the secure treatment beds that were to have been part of the Wapato facility. Our out-patient treatment resources for drug, alcohol, mental health or family violence problems fall far short of what is needed. Were those alternatives available we would have enough cells for those who deserve them. Let those who seek your vote know you support providing the courts with the full range of tools needed to reduce crime.

Official 2006 Primary Election Voters' Pamphlet

General Information

Vote by Mail

What is Vote by Mail?

Vote by mail is a method of conducting elections. Instead of using traditional polling places where voters go to cast ballots on election day, a ballot is automatically mailed to each registered voter. The ballot is then voted and returned to the county elections official to be counted.

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between April 28 and May 2, 2006. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

Privacy booths are available for you to cast your ballot. There are privacy booths at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot within a week after they are mailed, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot.

What if I have moved and have not updated my registration?

If you were registered to vote by April 25 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated dropsite in the state. The times and locations of dropsites are available at your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 39¢ stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated dropsite by 8pm on election night. **Postmarks do not count!**

How do I know if my ballot is received?

You can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Generally, your elections office will either return it to you for signing or they will contact you, if possible, to come to the elections office to sign it. If the return envelope does not get signed before 8pm on May 16, the ballot will not be counted.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Ballot counting cannot begin until election day. Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by May 11. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, May 16, 2006.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

Voter Information

For questions about voter registration, ballot delivery and return, marking the ballot, requesting a replacement ballot, absentee ballots, signature requirements, the voters' pamphlet, when and where to vote, and other questions about elections and voting, call the toll-free voter information line at 1-866-ORE-VOTES (1-866-673-8683).

Voter information line representatives can provide services in both English and Spanish. TTY services for the hearing impaired are also available at 1-866-350-0596.

General Information

New this Year: Only One Nominating Process

The Oregon Legislative Assembly has adopted a new law that states an elector may participate in one, and only one, nominating process for each partisan public office to be filled at the General Election. Partisan public offices to be filled at the 2006 General Election include:

- US Representative
- Governor
- State Senator
- State Representative
- any county or city offices designated as partisan

Participation in a nominating process includes **any** of the following:

- **returning a Democratic or Republican ballot** at the 2006 Primary Election, regardless of how the ballot is voted
- **participating in a minor political party's candidate nominating process**, which is established in the minor political party's by-laws and is usually by a nominating convention
- **signing the minutes of an assembly of electors** to nominate a nonaffiliated candidate (a candidate not affiliated with any political party) to the General Election
- **signing a certificate of nomination by individual electors** to nominate a nonaffiliated candidate (a candidate not affiliated with any political party) to the General Election

example

Elector A is registered to vote as a member of a major political party and is issued and **returns a partisan ballot** at the 2006 Primary Election. Elector A votes for most, but not all, of the partisan races listed.

In July 2006, Elector A signs a petition to nominate a nonaffiliated candidate for State Representative District 25 to the 2006 General Election. Elector A's signature **is not** a valid signature and must be disqualified. Elector A is deemed to have already participated in a nominating process for **all** partisan offices for the 2006 General Election by returning a partisan ballot for the 2006 Primary Election.
