SECRETARY OF STATE

BARRY PACK
DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION
STEPHEN N. TROUT
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Oregon Voters,

As our nation and our state climb slowly out of an historic recession, the challenges we face remain great. This primary election provides the opportunity for all voters to decide on a variety of nonpartisan races and two statewide ballot measures. It also allows the two major parties to select their nominees for offices from the US Senate and Congress, to Governor and the state Legislature. You, the voters, are in the driver's seat, making important choices about the future leaders of this state and country. As your Secretary of State, I write to urge you to register and VOTE. Now more than ever the voices of Oregonians must be heard.

While we face the continuation of a grim economic climate, as families struggle to make ends meet, businesses work hard to remain competitive and our governments strive to meet increasing demands for public services, there is some good news to share. Oregon has made great strides to make it easy and convenient to register and vote.

On March 1, 2010, we made it simpler, more efficient and more secure to register to vote through Oregon's online voter registration system. You can register online if you have an Oregon driver's license, state ID or driver's permit. If you're already registered but need to update your address or change your party affiliation, you can do that online as well. All you have to do is point your web browser on your computer or smart phone to www.oregonvotes.org. Make sure you do so by April 27th.

With the help of the federal Help America Vote Act, we have aggressively pursued options to meet the needs of voters with disabilities so they can vote privately and independently. Did you know that a voter who is unable to use a standard ballot could get a ballot in large print, or an Alternate Format Ballot? The Alternate Format Ballot allows a voter to use their own computer and existing accessibility features (for example, a screen reader) to read, fill out and print their ballot. A voter without accessibility equipment can visit their local county elections office and use an accessible computer station to cast their ballot there. For voters with low literacy, help is available in the form of an Easy Voter Guide. This nonpartisan guide provides information about ballot measures and candidates running for statewide or federal offices.

If you have questions about your registration status, need help accessing assistance to cast your ballot or have any other election questions, visit www.oregonvotes.org or give us a call at 866-673-8683 or email elections.sos@state.or.us.

While we have worked hard to reduce barriers to participating in the electoral process, the fundamental decisions about who will next lead Oregon are yours to make. Please, take a few minutes, fill out your ballot and return it to your County Elections Office by 8pm on May 18th. Remember, you are in the driver's seat and Oregon's future is, quite literally, in your capable hands.

Sincerely,

Kate Brown
Secretary of State

Voters' Pamphlet

Your official 2010 Primary Election Voters' Pamphlet provides you with information about measures and candidates that will appear on your ballot.

It includes instructions for marking your ballot, a complete list of federal and state candidates and state measures, as well as other information to assist you through the voting process.

Candidate statements and measure arguments are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the Secretary of State's office, local post offices, courthouses and all county elections offices, and on-line at www.oregonvotes.org.

Candidates

In the primary election, candidates are divided into three sections: Democratic candidates, Republican candidates and nonpartisan candidates. Major political party candidates appear before nonpartisan candidates and every two years the order in which major political party candidates appear is rotated. For 2010, Republican candidates appear first.

All space is purchased: statements and photographs are submitted by the candidates or their designated agents. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Measures

For each of the measures in this voters' pamphlet you will find the following information:

- (1) the ballot title;
- (2) the estimate of financial impact;
- (3) the complete text of the proposed measure;
- (4) an impartial statement explaining the measure (explanatory statement);
- (5) a legislative argument in support of the measure; and
- (6) any arguments filed by proponents and opponents of the measure.

The ballot title for each measure was written by the Legislature. The estimate of financial impact statements were prepared by a committee of state officials including the Secretary of State, the State Treasurer, the Director of the Department of Administrative Services, the Director of the Department of Revenue, and a local government representative selected by the committee members. The committee estimates only the direct impact on state and local governments, based on information presented to the committee.

Citizens or organizations may file arguments in favor of, or in opposition to, measures by purchasing space for \$1,200 or by submitting a petition signed by 500 voters. Arguments in favor of a measure appear first, followed by arguments in opposition to the measure, and are printed in the order in which they are filed with the Secretary of State's office.

Random Alphabet

While the candidates' statements for candidates running for the same office appear in alphabetical order by their last name in this voters' pamphlet, you will notice that they appear in a different order on your ballot.

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2010 Primary Election is:

S, O, P, L, K, X, B, N, Y, Z, J, V, G, E, C, R, D, U, H, M, T, F, I, A, Q, W

United States Senator

G Shane Dinkel

Republican

Occupation: LTC US Army Reserve

Occupational Background: 27 years Army Officer (Active, Oregon National Guard, and Army Reserve). Farm worker, Heavy and Light Construction,

Landscaping, Reforestation, and heavy equipment operator. Twelve years project manager for a family investment trust.

Educational Background: Scappoose High School Graduate. Oregon State University (Bachelor of Science)

Prior Governmental Experience: None

I AM A REAL CONSERVATIVE BOTH FISCALLY AND SOCIALLY: I am against big government but for every freedom granted by the Constitution.

Why I am Running: Our Republic is being dismantled before our eyes. Voting in those that support and defend the Constitution is the only way we can save our country from the effects of progressive socialism, namely: poverty, waste, environmental disaster, corruption and ultimately the loss of individual freedoms. As an Army Officer I defended our Constitution in Germany and Iraq. Liberty and freedom are not just words to me.

Washington D.C. is Destroying our Economy: Oregon needs a free-market, wealth producing economy, that creates family wage jobs. We need to get the government out of the marketplace and encourage business growth by decreasing taxation. No more taxpayer funded bailouts or nationalization of private business.

Return the Senate to the People: The Senate belongs to the people and it should not be controlled by elitist attorneys, who believe they are not subject to the same laws they enact to oppress the rest of us! While others have gone to Washington promising to bring back billions of dollars, I'll go there to keep your money in your pocket by lowering taxes, controlling spending, dismantling bureaucracy, securing our borders, promoting life, and improving the health care system (without destroying it). As your Senator, I will represent you with integrity and transparency, which I am sure will earn your trust. I have no desire to become a career politician and will not serve more than two terms if elected.

United States Senator

Jim Huffman

Republican

Occupation: Erskine Wood Sr. Professor of Law; Lewis & Clark Law School

Occupational Background: Professor of Law, Lewis & Clark Law School since 1973. Served as Dean from 1993-2006

Educational Background: B.S., Montana State University; M.A., Fletcher School of Law and Diplomacy, Tufts University; J.D., University of Chicago Law School

Prior Governmental Experience: No prior elected offices. Member and Chair of Oregon Advisory Committee to United States Commission on Civil Rights; Consultant to Oregon Attorney General; various other roles, too many to list.

Jim Huffman for your U.S. Senate

Jim Huffman listens to Oregonians

"The political class is completely out of touch with the people. Oregonians need jobs, but Ron Wyden and the Reid/Pelosi Congress think all solutions come from Washington, DC. It's time for career politicians to experience the unemployment line."

This race isn't about Jim Huffman - or Ron Wyden

"This election is about the people of Oregon, too many of whom are struggling. Wherever I go, people are underemployed or out of work, unable to afford health insurance, and worried that their kids won't be able to find jobs in Oregon. Meanwhile, Washington, DC insiders exploit the economic crisis to expand government, spend billions on wasteful earmarks and create an unprecedented national debt."

Jim Huffman isn't a career politician

"I've spent the last thirty-seven years studying, teaching and writing about the constitution. Too often we take for granted the freedoms our forefathers fought for and our constitution protects. Those freedoms are threatened by career politicians and their special interest deal making. As your U.S. Senator I will work to restore proper balance."

Oregonians need real private sector jobs, not big government bailouts and spending

"The Washington DC power elites said the bailouts and the stimulus package would save the economy. What they really sought to do was save themselves and their special interest supporters. Government needs to work for "We the People" again."

Republican

Occupational Background: Business management, Rinker Materials, Brown and Root, Inc.
Educational Background: BA, International Relations, BYU; Masters of Business Administration, Angelo State University; Executive Certificate, Jesse H. Jones Graduate School

Prior Governmental Experience: None

America and Oregon Need a Change from Politics as Usual
 In 2010 voters choose between out of control big government representation and a responsive, limited government, accountable to the people. Current tax and spend policies have created more than \$12 trillion in national debt on the backs of future generations (Treasury Dept).

Wyden's Record Spending (votesmart.org)
 January 2010 Supported increasing the Public Debt to \$14.29 trillion
 December 2009 Supported increasing the Public Debt limit to \$12.39 trillion
 December 2009 Supported \$871 Billion Health Care Package
 February 2009 Supported \$787 Billion Recovery Reinvestment Act

Loren Later Represents Real Change from Politics as Usual
 Congress needs people who will fight for the values of hard working Americans and not mortgage our future. Congressional arrogance and infighting is out of control. Loren Later is not beholden to special interests and big Investments companies who gave Sen. Wyden \$235,939 in campaign cash, or the myriad of lawyers who gave him \$214,732 or the Health Care Industry who pumped \$239,496 into Wyden's campaign account (opensecrets.org).

Loren Later will Focus on Job Creation and National Security as Top Priorities
 Americans want results. Whether meaningful new job programs or our effort in Afghanistan, America must remain strong. Only new leadership will help pave the way. It's time for less partisanship and more leadership in Washington.

- Get big government off the backs of the American worker
- Stop massive tax and spend policies that will bankrupt America
- Enact affordable healthcare reform without the public option
- Secure and stabilize Social Security
- Protect our borders and enhance public safety
- Restore trust in our government

We need jobs, not rhetoric. . Oregon needs a Senator it can trust.

Robin S Parker
Republican

Occupation: Sr. Business Systems Analyst – Vertex Business Services, Bend, Oregon. Co-owner - Gadabout Serene Adventures, LLC, Sunriver Oregon

Occupational Background: Logistics Analyst - McDonnell Douglas Helicopter Company; Engineering Designer - Hughes Helicopter Company

Educational Background: Post-Graduate Certificates in Total Quality Management, Entrepreneurial Management, Sales and Advertising, and Marketing Management – University of Phoenix, Mesa, AZ. Numerous business management and administrative courses through Mesa Community College and Central Oregon Community College.

Prior Governmental Experience: US Citizen – 49Years, US Taxpayer – 32Years

“Oregonians are seeing their voice silenced in Washington. Our opinions and needs are going unheard, frequently ignored in favor of the Talking Point of the day. Now Oregon is paying the price with high unemployment, reduced benefits, fewer business opportunities, and spiraling health and educational costs. Business owners and investors are starting businesses and creating jobs elsewhere. All this because the voice of Oregon is not being heard in Washington, because our elected representatives no longer fight for us.

This is an important election year for Oregon. This year we Oregonians have an opportunity to change from the business-as-usual, Washington party elite and status quo mentality. The people we elected to present our needs, our wishes, our attitudes and values have forgotten that we sent them to Washington in our stead, that they may be a voice for each and every one of us. We did not send them there just for the party.

This year we can choose a new Senate voice, one who will represent all Oregonians. We can vote for a better future, for our state, our children and our Grandchildren. By choosing a Senator who will read and understand the bills presented to Congress, before casting our vote, we can ensure our voices are heard again, now and in the future.

It would be my honor to go to Washington DC, for the People of Oregon and not just for the party!” --- Robin Parker

United States Senator

Tom Stutzman
Republican

Occupation: Self employed, Real estate broker

Occupational Background: Research assistant and junior biologist, certified teacher, landscape maintenance business owner, and real estate broker.

Educational Background: Fisheries Management and Wildlife Management degrees from Oregon State University. Teaching certificate from University of Alaska.

Prior Governmental Experience: none.

Fellow Oregonians,

I have never been a politician, nor been someone interested in being a politician. I have never been very skilled at speaking out both sides of my mouth, or saying one thing and doing something totally opposite. Those traits don't get you very far when you are self employed or a business owner. However, I have been increasingly dismayed at government policies at all levels over the last few years, and in particular in the last 6 months. I don't understand why those we elect to represent us can't use a little common sense on our behalf.

Does it make sense to:

- spend more than you make year after year
- make a tax code so complex nobody can follow it
- have legislators vote on 1000+ page bills without time for a basic review
- take over health care without free market solutions included
- buy oil from some countries that don't like us, and not drill here
- and others

Our Founding Fathers believed that a person elected to public office should go and represent their cities and states for a term or two, then **return** to their lives as teachers, doctors, coaches, or businessmen. I will go to Washington for a term, 2 at most, to provide common sense solutions to the problems facing our country.

I have a web site, commonsensetom.com, which explains in detail what we need to do for Job growth, economics, health care reform, energy independence, and tax code simplification. It also has "My Contract with Oregon" that explains my core beliefs and my commitment to honesty with the people of Oregon.

The citizens of Oregon District 4 are today in danger of being without incomes, without jobs, without homes, and without the freedom, prosperity, and way of life that America has previously provided.

The federal government is nearing bankruptcy and the Oregon government is scrambling to survive, while citizens see their savings dwindle, their home prices plunge, their budgets contract, and their employers endangered.

Why have these problems come upon us? Why are we unable to produce 100% of our energy and fuels instead of buying 30% from unstable foreign sources? Why have our industries moved abroad? Why are our brave young soldiers quartered in more than 100 foreign countries and constantly involved in foreign wars? Why are our industries, including our health care system, in danger of government takeover?

The answer is in Washington, where the federal government has abandoned Constitutional principles and gradually imposed crushing taxation, overwhelming bureaucratic regulation and control, and vast government-sponsored litigation upon the once free American people — burdens so great that their hard work and ingenuity can no longer provide the economic freedom and prosperity they once enjoyed.

These burdens must be rolled back. The career politicians in Washington, including the Democrat from District 4 who has helped impose these burdens, should be replaced. Art Robinson is a respected scientist, educator, businessman, and 30-year resident of Oregon with the knowledge and ability to protect and restore our freedoms.

Governor

Allen Alley
Republican

Occupation: Businessman

Occupational Background: 33+ years of experience creating jobs, building and managing global companies. Company Co-Founder, President, CEO and Board Member; Venture Capital Investor; Ford and Boeing Engineer.

Educational Background: BS in Mechanical Engineering, Business minor emphasis: Purdue University. Public schools K-12.

Board Member: Oregon Innovation Council, Oregon Nanoscience and Microtechnologies Institute and Oregon Business Council.

Clackamas Women's Services volunteer. Youth soccer and baseball coach. Governor's Community Involvement Award.

Allen's Career Creating Jobs

Oregon needs a Governor who knows how to build businesses and create jobs.

Co-founded a company that grew from an idea to sell \$1 billion of products in its first 10 years. Oregon's tech company of the year three times.

Allen's companies paid hundreds of millions of dollars to their Oregon workers.

Recognized by TechAmerica, Ernst & Young, *Forbes Magazine*, Deloitte & Touche as "Executive of the Year," "Entrepreneur of the Year," and CEO of one of the "Fastest Growing Companies."

Controlling Government Spending

Government doesn't need more money; it needs better results. Allen will control spending and he will stand against the trillion dollar deficits of Washington DC.

Allen's Business Philosophy "Zero Based Budgets"

Annual budgets are set to zero and every dollar of spending must be justified. We need that budget discipline in Salem.

Don't Tax the People. Tax the Government.

Reprioritize and focus resources on the programs that give the highest return.

Getting Oregon Back to Work

It is not what Government can do. It is what Government should stop doing. Allow companies to thrive and grow.

A Governor for All Oregon

Allen walked 400 miles from Baker City to Portland to learn rural issues and opportunities. Allen will use the natural assets in rural Oregon to build a strong economic base.

Occupation: CEO, Inventor.

Occupational Background: Research scientist, manufacturer who pioneered and owns

five patents for Moving Map aviation navigation technology. Former science, math, physics teacher. Vietnam veteran. US Navy. Bush and Float Plane pilot. Termed "Renaissance Man" for multiplicity of occupations and studies

Degree George Fox University, Pre-Medicine, Biology, Chemistry, Earth Science; Benson Polytechnic High School.

Descendant of Ames Family of Massachusetts which includes Representative Oakes Ames who was appointed by Abraham Lincoln to build the Union Pacific Railroad, his son Oakes Ames Jr., Governor of Massachusetts, and Adelbert Ames, Governor of Mississippi.

I BELIEVE THE PEOPLE OF OREGON ARE TIRED OF TOO MUCH GOVERNMENT. Let's downsize it together!

I am in favor of prohibiting State Government employees from joining Unions. Unions have been taking advantage of Oregonians while the people are hurting. Government employees flourish with the best health, pay and retirement. Union members are good hardworking people, but union leaders are bankrupting this state. This is wrong!

EDUCATION: First principles. We need to return to the first principles of our country; God, Patriotism, Flag, and Honor. Our Children should recite the Pledge of Allegiance in our schools. Young minds are learning. Let's teach them the proper respect for our country.

Vouchers: I will work for vouchers for private education.

Honest Elections: We all have many doubts about voting fraud. Coaching elderly etc. I will return Oregon back to the BALLOT BOX where we can actually verify the voter personally.

Smaller Government, lower taxes, less regulation means more jobs.

Restore Oregon. Vote for Ames.

JOBS = QUALITY OF LIFE

"Oregon has so much going for it, but, for too long our political leaders have made job creation and economic growth an after-thought rather than the central focus of our quality of life. As your Governor, I'll put jobs first and will bring long overdue change to state government."

Chris Dudley

JOBS FIRST: OREGON'S RECOVERY PLAN

When an Oregonian loses a job, Oregon loses a taxpayer. That's why getting people back to work isn't just critical for individuals and families; it's the only way we can ensure adequate funding for schools and other government services.

- 1) Promote Private Sector Job Creation**
 - Tax relief for businesses, investors, entrepreneurs
 - Transform higher education
 - Promote sustainable natural resource industries
- 2) Control State Spending and Reform Government**
 - End automatic budget increases
 - Hold the line on taxes
 - Control growing government health care and pension costs
- 3) Better Educate for Our Economic Future**
 - Fund K-12 budget first; strengthen rainy day savings
 - Improve student performance with teacher training, accountability reforms
- 4) Rebuild Public Trust in Government**
 - Return kicker refunds to taxpayers
 - Refresh state government with new people, new attitudes
 - Town Hall meetings every year in every county

Oregon Farmers Endorse Chris Dudley

"Chris Dudley's an outsider who can bring a fresh approach to a stale government. His plan for jobs, jobs, jobs is exactly what we need right now. The Oregon Farm Bureau endorses Chris and urges all Oregonians to do the same."

Governor

John Lim
Republican

Occupation: International Investment Consultant

Occupational Background: Founder and CEO, American Royal Jelly Company, 1972-2007; Founder and CEO, Realty Resources NW, 1981-1991

Educational Background: Honorary Doctorate of Political Science, Yeosu National University; South Korea, 2003; Doctorate of Humane Letters, Western Evangelical Seminary, 1996; M.Div., Western Evangelical Seminary, 1970; B.A. in Religion, Seoul Theological College, 1964

Prior Governmental Experience: State Representative, 2005-2008; State Senator, 1993-2000 and 2004; Chair of House and Senate Trade and Economic Development Committees, 2005-2006, 1995-2001

John Lim is the people's Governor!

John Lim is the only candidate for Governor with 35 years business experiences - and legislative experience.

After 24 years of one-party Governors, we, the people, can no longer be silent. We need a new direction and a new leader.

REDUCE GOVERNMENT SPENDING

I will introduce for referral a constitutional spending limit which will stipulate that State spending shall not increase at a rate greater than the growth of the State's population and inflation except in cases of State emergencies.

PROVIDE A BUSINESS FRIENDLY ENVIRONMENT

I want to be the top, #1 salesman for the State of Oregon. I will do this by: cutting taxes, supporting small businesses, bringing venture capital into our State, encourage exports, utilize our natural resources, and spur tourism. **My legacy will be the Governor of Jobs.**

INNOVATE IN EDUCATION

We need to quit throwing money at programs that do not work for our children. However, education funding should be top priority. I believe competition in schools is a good thing as we look at ways to improve public schools, encourage more charter schools, and give incentives for private schools and homeschoolers.

MEASURES 66 & 67

I will work to sunset Measures 66 and 67 by 2011.

BAN ON STATE TAX FUNDED ABORTIONS

Last biennium, **taxpayers paid over \$3 million for abortions.** This money is better spent on education.

Sizemore**
Republican

Occupation: Taxpayer advocate, researcher, political consultant
Occupational Background: Executive director, Oregon Taxpayers United; Researcher for CBS Research and Consulting; Owner/operator and radio

host for *KKGT Great Talk* 1150 AM

Educational Background: Graduated from Portland Bible College, 1976

Prior Governmental Experience: Appointed by Governor Atiyeh to Governor's Task Force on Workers' Compensation Reform; Appointed by Klamath County Sheriff to County Budget Task Force; Author and Chief Petitioner for statewide ballot measures to reduce property taxes, reduce income taxes, require voter approval for all new taxes, restore private property rights, and rein in the political power of the public employee unions.

I am a true fiscal and social conservative running against a field of well-financed moderates. My conservative credentials are firmly established by my having used the initiative process to reduce taxes in Oregon by approximately \$10 billion and launch a major restoration of private property rights.

I have sponsored ballot measures to limit property taxes, require just compensation for regulatory takings of private property, require English Immersion for non-English speaking students, and limit the Public Employee Retirement System

I am a strong supporter of the Second Amendment right to bear arms. I am unapologetically pro-life and oppose gay marriage. I oppose amnesty for illegal aliens. I support capital punishment. I will veto any effort by the state legislature to increase taxes.

I have devised a revolutionary plan to reform the way public employees are compensated. My plan gives employees choices their unions do not want them to have while simultaneously protecting taxpayers from the runaway cost of public sector pensions and fringe benefits, all without violating court created contractual obligations. You can learn more about that plan by visiting www.sizemoreforgovernor.com.

The first priority of my administration will be to break the stranglehold the public employee unions have on the state of Oregon, wrestle control of public education from teachers unions and make schools more about kids and education and less about money and politics.

OREGON NEEDS REAL PEOPLE IN GOVERNMENT

If you believe

- America was designed to be the land of opportunity,
- Freedom is America's first principle,
- Personal responsibility contributes to the health and welfare of the people,
- Government intrusion into our lives creates dependency,
- In the sanctity of life,
- The defense of self, family, and property is a God-given right,
- Voting is a right reserved for legal Oregon residents,
- That health care is a private matter, and a personal responsibility,
- Our state budget defies fiscal responsibility and needs serious reductions,
- New or increased taxes are not the way to balance our state budget,
- The purposes of government are limited,

THEN STAND WITH ME

I'm running because the Oregon economy is quickly deteriorating and I believe the solutions are fairly straightforward. We need to re-think Oregon and since solutions are all in the details, I suggest the following to take to Salem.

Let's revitalize the timber industry using proven forest management practices to create jobs, provide raw materials and establish healthy forests.

Let's revitalize the fishing industry with hatcheries & fish boxes. Let's invest in energy development to provide for future growth and progress (e.g. oil refineries, LNG, biomass, thermal and nuclear).

We must protect private property rights and reform land-use laws to allow reasonable diversification

Let's allow Health Savings Accounts, buffet-style insurance plans bought on a nationwide free market

Let's retain only constitutionally essential jobs in government and transfer others to the private sector (e.g. ODOT)

Let's eliminate disparity between public and private sector job benefits and salaries, specifically prevailing wage and require use of e-verify when hiring employees

Let's invest permit & fee process to benefit business and growth
Let's allow for School Choice

I humbly ask for the honor of your vote...

Family: Married for 25 years to my wonderful husband. No children. Four nieces, 2 grand nieces and 1 grand nephew.

I have decided to run for State Representative because the economy in this beautiful state I dearly love is in trouble and needs to be turned around. It's Time for Change in Salem

Oregon has lost over 148,000 jobs over the past year. The political environment in Oregon has become unfriendly to private-sector industries and job-creation. Excessive regulation and bureaucracy are causing businesses in Oregon to leave, and the \$1.6 billion in new taxes and fees passed by the 2009 Legislature are discouraging businesses from locating here. Meanwhile, government spending is out of control, and is driving state government closer to bankruptcy. Oregonians can't afford to send the same politicians back to Salem. It's time for change.

Kelly Lovelace: New Leadership for Oregon

Kelly is not a career Salem politician but a self-made small business owner. He's running for State Representative because he's concerned our state is heading further down the wrong track. Kelly understands that Oregon needs a strong private-sector economy to create jobs, but also to fund our education, public safety and human services programs. While families struggle and companies go out of business, our state government is making the situation worse.

Support Oregon Businesses

Oregonians shouldn't have to sacrifice their rights and livelihoods to support bigger government. Kelly will support policies that encourage businesses to remain, locate and expand in Oregon.

Provide Tax Relief

Oregonians can't afford more job-killing taxes. Kelly will provide tax relief to families and businesses that create jobs.

Bring Spending Under Control

State government is heading toward fiscal disaster. Kelly will help curb new spending and prioritize tax dollars for our most essential services.

Reform State Government

Our economic recovery is being stifled by excessive bureaucracy and red tape. Kelly will work to remove barriers to job creation.

Putting PEOPLE Ahead of Politics!

(This information furnished by Friends of Dwight Coon.)

We need you as a Republican Party Precinct Committee Person (PCP)**What is a PCP?**

Precinct Committeemen and Committeewomen are the grassroots representatives for the Republican Party in Oregon. A Precinct Committee Person (PCP) is the “face” of the party and an advocate for Republican political principles in their neighborhoods and communities. They attend regular meetings of their county Republican Central Committee in order to help set the party agenda in the county and to strategize how to spread the Republican message at the local level.

What do they do?

As a PCP, you have a voice in selecting Republican Party leadership on the county, state, and national levels. You may even seek a leadership position yourself. County leaders, in turn, help select the state party leaders who participate on the Republican National Committee and elect the national party leaders. PCPs also select Oregon delegates and alternates to attend the Republican National Convention.

PCPs are often called on by Republican candidates to help with grassroots campaigning. You may be asked to “walk” your precinct with a candidate and introducing the candidate to friends and neighbors. You may also be asked to participate in making phone calls and distributing campaign materials in your precinct. You will become the Republican Party in your community!

What is the Republican Philosophy?

- Republicans believe the strength of our nation lies with the individual and that each person’s dignity, freedom, ability, and responsibility must be honored.
- Republicans believe in equal rights, equal justice, and equal opportunity for all, regardless of race, creed, sex, age, or disability.
- Republicans believe that free enterprise and the encouragement of individual initiative has brought this nation opportunity, economic growth, and prosperity.
- Republicans believe government must practice fiscal responsibility and allow individuals to keep more of what they earn.
- Republicans believe the proper role of government is to provide for the people only those critical functions that cannot be performed by individuals or private organizations, and that the best government is one which governs least.
- Republicans believe the most effective, responsible, and responsive government is government closest to the people.
- Republicans believe that Americans must retain the principles that have made us strong while developing new ideas to meet the challenges of changing times.
- Republicans believe that Americans cherish our national strength and pride, while working to extend peace, freedom, and human rights throughout the world.
- Republicans believe our party is the best vehicle for translating these ideals into positive and successful principles of government.

This fall, Oregon Republicans will work to elect Republicans in the Oregon House and Senate, United States Congress, and the U.S. Senate. PCPs will play key roles in bringing about these victories.

Join Us! We need your help. We need you to become a PCP to make the Republican Party and our nation stronger.

Real World Democrats balance their checkbooks, keep a budget, and know that if their employer goes bankrupt, they'll lose their job. They know that you can't print money out of nothing.

Fantasy World Democrats (and Republicans) live in huge marble palaces. They have lost touch with the real world. They pit special interest groups against each other, spend Taxpayers' money and incur debt to cement their own power and gather campaign funds. They can't help it. There is no advantage for them to not do so. After all, THEY don't have to pay the bill. The system itself is corrupting.

It's gone too far. Our country is heading for a financial cliff. When your employer is taxed out of existence, YOU AND YOUR FAMILY will suffer. When the reckless printing of money causes punishing inflation, EVERYONE suffers. When the national debt exceeds our GDP, Our Country will be BANKRUPT.

The Democrat Party is supposed to look out for the little guy. How on earth do these policies help protect the little guy and his family?

I'm not a polished and slick politician, but where has that gotten us? I'm a farmer, a practical guy. Here's just some of my practical platform:

NO NEW SPENDING—I don't care if it's "paid for": NO NEW OR INCREASED TAXES—on anybody.

TAKE BACK all unspent bailout money. TAKE A CHAINSAW to the Budget. AUDIT THE FEDERAL RESERVE.

TERM LIMITS and REAL CAMPAIGN FINANCE REFORM, we don't need Professional Politicians.

REDUCE HEALTH INSURANCE COSTS by allowing competition across state lines.

PROTECT THE AMERICAN WORKER from unfair competition and the cruel, hidden tax of INFLATION.

STANDING UP FOR ALL OF OREGON

From fighting against President Bush's Iraq War and his special interest favors that threw the country into recession, to standing up to a far-right minority dedicated to gridlock and partisanship, I have never forgotten my promise to stand up for all of Oregon in the U.S. Senate.

- I wrote the "county payments" legislation — bringing over \$2 billion to Oregon to protect thousands of jobs, good schools, and law enforcement to keep our communities safe. And my Build America Bonds legislation is creating tens of thousands of jobs by helping communities re-build crumbling roads and infrastructure.
- When Wall Street came looking for a hand out after greedily gambling away billions, I fought every Wall Street bailout — regardless of which party advocated it.
- I uncovered rampant government waste and wrote laws to cut it; carving \$1.8 billion from the Iraq reconstruction plan, and putting a stop to sweetheart, non-competitive, federal contracts that squandered countless taxpayer dollars.
- I won't give up the fight until we bring spiraling health costs under control, give every American the exact same health care Congress receives, and create a real public option to increase consumer choices and hold insurance companies accountable.
- I never back down when powerful interests threaten our state. I stopped efforts to overturn Oregon's physician-assisted suicide law, exposed oil companies manipulating gas prices and have been a leader in blocking the privatization of Social Security.

Representing Oregon in the U.S. Senate has been the greatest privilege of my life. I'm proud that you've asked me to stand up for you, and now I'm asking you to stand with me in this election.

Peter DeFazio offered the outline for a different plan on Tuesday, one that he said employs techniques used successfully in previous eras of market uncertainty and that doesn't rely on taxpayer money," *The Eugene Register-Guard*, 10/1/08

The Pro -Choice Candidate: Endorsed by NARAL Pro-Choice Oregon PAC

We must write the next great Oregon Story. Throughout history, Oregon has had leaders and citizens that stepped forward and took bold actions. They made Oregon an amazing place to live.

It's time to step forward once again.

We face great challenges in Oregon. And confronting these challenges requires new leadership, new energy and new ideas - ideas that look to the future instead of the past. My vision:

Put Oregonians Back to Work

The time has come to create a state bank and declare economic sovereignty from multi-national banks.

The Bank of Oregon would keep Oregon money in Oregon providing small businesses with much needed capital to grow their business and put Oregonians back to work.

Fully Fund Education.

Some have given up on achieving stable funding for education, but I have not. I have a plan: 1) Reform the kicker, dedicating the money to a rainy day fund; and 2) Eliminate tax loopholes to boost education funding.

Protect the Environment

The protection of our natural areas and natural resources is a moral and economic imperative. I'm the only candidate who opposes Liquified Natural Gas terminals and called for the closing of the dirty Boardman Coal Plant.

That is my vision for Oregon.

An Oregon where we create good jobs, fully fund education, and protect the environment.

**John Kitzhaber for Governor
Strong Leadership
Committed to Oregon**

John Kitzhaber's innovative leadership has made a tremendous difference for Oregon:

- Proposing education funding increases every budget as Governor, while setting higher standards.
- Jumpstarting Oregon's high tech and renewable energy economies.
- Authoring the Oregon Health Plan, extending health coverage to more Oregonians.
- Creating successful new strategies to protect Oregon's farms, forests, clean water and salmon.
- Creating Oregon's first sustainability board.

But the best reason to make John Kitzhaber our next governor is what he will do to create a better Oregon future.

Dear Fellow Oregonian,

We face incredible challenges. But working together, as Oregonians, we will meet them. I am confident that our best days are ahead.

I ask for your vote to:

- Change how we invest in education from pre-school through college so kids arrive at school ready to learn and get the tools they need to succeed in a competitive world.
- Implement a new economic strategy for urban and rural Oregon to create more good jobs and end Oregon's "boom and bust" economic cycles.
- Expand clean, renewable energy projects to create jobs and protect our natural heritage.

Read my detailed plans at www.johnkitzhaber.com.

My pledge is to tell you the truth; to address our problems now instead of leaving them to our children; and to bring Oregonians together to move us forward.

PRO-EDUCATION

Our children’s education must be our highest priority. A quality education system will ensure Oregon’s economic growth. I will continue advocating for long-term, stable funding for all levels of public education. Studies have shown that for every dollar spent on education, we save at least \$15 in the criminal justice and social service systems.

I support local control of our schools.

PRO-JOBS

I will fight for family-wage jobs and rural economic development. All Oregonians deserve stable employment and proper health care. Oregon’s small businesses are key to our economic recovery and success. I oppose “outsourcing” Oregon jobs. With so many Oregonians still looking for work, I supported the extension of unemployment benefits.

PRO-SENIORS AND PRO-HEALTH CARE

I will continue to support senior programs, such as Oregon Project Independence, so seniors can remain independent. I will fight for affordable health care and prescription drug assistance.

PRO-PUBLIC SAFETY

As an experienced prosecutor, I know criminals must be held accountable. I support swift, certain and appropriate sanctions. I also realize that we must emphasize early intervention and prevention programs for at-risk kids.

PRO-CONSUMER PROTECTION

I will continue to fight for consumers’ rights to protect themselves from identity theft. I support legislation to protect Oregonians’ personal and financial records by holding rogue corporations accountable.

Please call me at 541-342-2447 or e-mail floydprozanski@efn.org with your ideas and concerns. I appreciate hearing from you. With your support, I will continue to represent our district with a strong, independent voice.

A record of Experience and Commitment

Dear Neighbors:

As a new retiree I seek the opportunity to give something back and I have the time to commit fully to representing you! I have a broad range of experience working with both the private and public sectors. My experience includes over 30-years representing my fellow citizens on various community boards and commissions, including ten prior years of service in the Oregon legislature. Most recently, Governors Kitzhaber and Kulongoski asked me to serve as Oregon’s Public Utility Commissioner. During those nine years of service, I helped customers save over \$600 million in rate increases while assuring that everyone was provided with quality services.

My commitment is to assure that your hard-earned tax dollars are used efficiently and effectively. I will make sure your state government works for you, not against you.

I understand the legislative process and will diligently attend to each bill and amendment that comes across my desk; but my priorities are:

- Rebuilding the Oregon economy and creating job opportunities for Oregon families.
- Assuring that our children receive quality education from kindergarten to college.
- Addressing the rising cost and availability of health care.
- Providing for the disabled and senior citizens

PHIL BARNHART

TOGETHER WE CAN BUILD A PROSPEROUS OREGON

As a Leader in Oregon's Legislature, Phil Barnhart has delivered time and again for working Oregonian Families.

Phil is fighting to eliminate millions of dollars in loopholes and corporate giveaways to fund education, public safety, health care, and other essential services.

As Chair of the House Revenue Committee, Phil has worked to stimulate the economy, protect Oregon's most vulnerable, and create a fairer and balanced tax structure:

Promoting Job Growth

Phil has worked tirelessly to stimulate jobs and give businesses the extra support they need in this credit strapped economy. Phil passed numerous bills to provide small businesses access to more capital and a tax break to put Oregonians back to work. Phil devoted countless hours to stabilizing and reforming our renewable energy industry to keep Oregon at the forefront of the energy revolution.

Supporting Struggling Families

Phil championed legislation to protect our children's education and maintain services for families when they need them most. He voted to support extending unemployment benefits to workers who have been hardest hit by the economic downturn. He helped pass a bill to add banks to the Unfair Trade Practices Act, giving the Attorney General tools to prosecute national and out of state banks that continue to harm.

Creating More Fairness

There are income tax credits on the books that have not been reviewed in 30 years. Phil pioneered a law requiring they be reenacted or disappear. As the author of the tax measures that received overwhelming support in January, Phil protected community services and helped keep teachers in classrooms and police protecting our streets.

TERRY BEYER: A Practical Voice for Springfield in the State Capitol

Dear Neighbor,

It has been my honor to work for you since 2001. While at times very challenging, I have fought hard to protect your interest and make progress on priority issues. For example: in our last session I brought state stimulus projects to our district, creating jobs, while improving our community colleges and public spaces. I worked to stabilize school funding and expanded healthcare to thousands of uninsured Oregon children. I am particularly proud of my success in passing the bipartisan Jobs and Transportation Act, which will put thousands of people to work updating our roads and bridges, cutting down on congestion and spurring economic growth.

But the job is not done. I stand ready to continue to fight during the 2011 legislative session to:

- **Create good jobs and strengthen Oregon's economy,**
- **Ensure our children get the education they need and deserve to be successful – AND – insisting on proven results from educators, and**
- **Controlling the increasing cost of health care and expanding access.**

I bring a practical, common sense approach to issues before the Legislature. My desire is to make government accountable, responsive and leaner. I know how hard everyone works to support their household budget. I take that same attitude to Salem, working hard to tighten the state's budget. You deserve to know your tax dollars are spent wisely.

There is no greater honor than serving as your Representative. I humbly thank you. Please call on me at any time.

A message from Democratic Party of Oregon Chair, Meredith Wood Smith:

It's up to you!

You can make the difference. You did it in 2008, and now is the time for you to step up again!

In the 2010 election, we have the challenge of electing a new Democratic Governor and State Treasurer, retaining our State Superintendent of Public Instruction, and keeping our majorities in the Oregon Legislature and the U.S. Congress. We also have many exciting and important local races on the ballot.

Democrats are continuing our fight to restore economic stability to Oregon and our country.

We recognize that health care is essential for all Oregonians, and we are proud that our Legislature was successful in insuring all of Oregon's children. We will work with Congress and President Obama to expand that coverage for everyone.

Investment in education continues to be a top priority for our children's future and Oregon's economic future.

Join our team by becoming a Precinct Committee Person or volunteer. **Together we can make a difference for:**

- **Health Care**, by creating affordable, accessible health care that works for everyone.
- **Jobs**, by creating family wage jobs and economic fairness.
- **National Security**, by continuing to rebuild our credibility at home and abroad, getting us out of debt, and protecting our civil liberties.
- **Education**, by investing in a highly skilled, educated and well-trained work force.
- **Our Environment**, by investing in sustainable alternatives to oil, and protecting our public lands and resources for generations to come.
- **Retirement Security**, by protecting Americans' right to retire with dignity and security.
- **Honest Leadership & Open Government**, by restoring accountability, honesty and openness at all levels of government.

On behalf of the Democratic Party of Oregon, thank you. We look forward to your involvement in the Democratic team.

Dear Oregonian,

The most important part of my job is fighting for the needs of all students. When we set high expectations, every student can learn the lessons that will prepare them for work or college and success in the 21st Century economy.

The reasons I fight so hard for our schools are personal as well. My mother never got past the 8th grade, but my parents strongly valued education in my home. With their support, I was the first to graduate from a university.

I am honored to serve the students and schools of Oregon and ask for your vote.

Sincerely,
Susan Castillo

Susan Castillo's Commitment to Oregon Schools

- **Leading the fight to make class sizes manageable, keep teachers in the classroom, and protect programs that are vital for our students.**

"During these tough economic times, when every penny counts, Susan cut her own office budget by 30% to make sure programs that serve schools wouldn't have to cut further."

Governor Barbara Roberts

- **Giving teachers the support and schools the tools they need to provide a quality education for every Oregon student.**

ELECT JAY BOZIEVICH-WEST LANE COUNTY COMMISSIONER A strong, steady hand to guide our county

These are uncertain times. We don't need politics as usual. We need a strong, steady hand guiding our county. We need Jay Bozievich as our West Lane County Commissioner.

Our issues are Jay's issues.

- **Lane County: "Open for Business."** Priority one: We must change the tone of the Commission and every time a new policy is enacted, ask: "Are we making it easier to create jobs?"
- **Public Safety: Our Share.** Lane County is the only county in Oregon with a rising crime rate. Public safety must be a funding priority to ensure that West Lane gets its share of public safety services.
- **Transportation: The life-line of West Lane County.** We must use common sense and take action to make our road system efficient and effective for Lane County residents and for businesses that provide jobs.

Support throughout West Lane.

Only Jay Bozievich is endorsed by the West Lane Mayors of Florence, Veneta and Junction City.

"As a local business owner, I believe it is vital that we elect Jay Bozievich as our commissioner; A leader on the County Board making jobs a priority."

Dear Friend. I'm as unhappy as you to see Lane County's mounting pile of debt and high unemployment. Lane County needs a voice from Springfield that is committed to saying we're stopping the status quo merry-go-round and we're getting off. I'm the only candidate that's willing to do that and speak on your behalf. The kind of fiscal responsibility and good government practices that I have successfully championed in Springfield are sorely needed in Lane County.

We need my Springfield Common Sense Solutions to solve Lane County's problems. Solutions that address public safety needs, facilitate employment opportunities and provide for better Veteran's and Senior services.

I believe that public safety is governments #1 job. We need to quit messing around and prioritize funding for it.

I'm also working on removing barriers to development and job growth.

Government spending is out of control. We don't need more government, we need accountable government. Records show that I'm reluctant to spend public money and will continue to pursue sound fiscal policies.

Springfield needs an experienced, trustworthy leader. Elect Dave Ralston Commissioner.

County Commissioner, East Lane, Position 5

Gary A Kutcher

Nonpartisan

Occupation: Executive Director; Journalist

Occupational Background: Photographer; Newspaper editor; Community organizer; Farmer

Educational Background: Reed College; Lane Community College

Prior Governmental Experience: None

From 1980 to 1983, I worked as a community organizer with Oregon Fair Share to keep utility rates affordable. We worked with Peter DeFazio and Springfield citizens to stop Washington Public Power Supply System (WPPSS) from charging ratepayers for two abandoned nuclear plants, saving ratepayers \$125 million. I have been active ever since as a citizen advocate and journalist.

County government must tighten its belt, just like the rest of us have. I will push for cutting the salaries of county commissioners in half to about \$37,000 a year. Money saved making government more cost effective can help restore community programs for public health and safety and civic action to solve problems of poverty, hunger, homelessness, domestic violence and drug addiction.

Let's end dangerous and expensive wars in Iraq and Afghanistan and bring our young men and women home. We can redirect billions in taxes now spent on destructive wars to enhance domestic programs rebuilding communities here in the US. No more tax breaks and handouts for foreign corporations!

Let's help our neighbors realize their fullest potential by offering a hand up when needed and by providing jobs in our communities. We can again have plenty of jobs in the woods, a prosperous forest products industry and healthy forests. Let's create lots of new jobs in sustainable agriculture and wise stewardship of our natural resources.

Don't let the incumbent again buy his way into office with large amounts of money from wealthy individuals and corporations. In his six years in office Commissioner Stewart has done very little to help local people or the environment. Mr. Stewart's solution has been to raise taxes while our people struggle just to survive.

I love Oregon and Lane County. Help restore confidence in government. Vote for Gary Kutcher for County Commissioner!

Faye Stewart

Nonpartisan

Occupation: East Lane County Commissioner

Occupational Background: Business partner, Stewart and Sons LLC; Director, Faye and Lucille Stewart Foundation; Director, Bohemia Foundation

Educational Background: South Lane Schools; Lane Community College; Oregon State University; Graduate, Ford Family Foundation Leadership Program, Luke Institute's Pacific Program, and Oregon's American Leadership Forum

Prior Governmental Experience: East Lane County Commissioner since 2004; Cottage Grove Planning Commission; Chair, Public Safety Coordinating Council and Regional Fiber Consortium. Past Chair, Board of County Commissioners, Lane Regional Air Pollution Authority, Metropolitan Wastewater Management Commission, South Lane School District Budget Committee. Member, National Association of Counties, Public Lands Committee; Board member, Association of Oregon Counties

Stewart: Job creation is key.

Let's use our economic development dollars from the lottery to help local employers retain and expand their employee base. We also must support the efforts of smaller cities to create shovel ready buildable lands inventories. Promoting the underutilized buildable lands outside city limits will increase jobs and the tax base.

Stewart: Public safety remains a challenge.

We need to do business differently while maintaining our obligations to citizens. We've made incremental steps in that direction and I want to build on that success. For example, we hired a dedicated property crimes investigator who has solved hundreds of cases. I fought for the restoration of 84 jail beds but we need more. And I lobbied in Washington DC to secure funding for our resident deputies who live in the area they serve.

Stewart: County finances need a long term solution.

We must continue working with our national partners to find a replacement for Secure Rural Schools funding. One integral part is to actively promote healthy forest management as a viable source of revenue.

It's a great privilege to represent and serve the citizens of Lane County. I've worked hard these past six years and remain committed to making our communities the best they can be.

"It's an honor to serve my neighbors and represent them on the council and I hope to continue that service. I feel like I have been an effective voice for a reasoned approach to solving problems. I am committed to protecting our quality of life and to building a safer, healthier community."

MIKE CLARK: SERIOUS SOLUTIONS

Public Safety "We need more police officers. While most categories of crime are seeing decreases in cities across Oregon, property crimes and violent crimes are increasing in Eugene. Public safety should be job one for local governments. That's why I've worked so hard on this and will continue to."

Jobs and the Economy "I serve with the Mayor on a joint elected officials task force on regional economic development. We're working on ways to help increase both the number of local jobs and the median income that those jobs offer. Nurturing local companies to help them grow has never been more important."

Livability "Many of us live here because we love the quality of life. To enhance that, we must move more quickly to develop the parkland the city has purchased in the northern part of our community. We also need to do a better job revitalizing downtown."

Revises Constitution: Allows state to issue bonds to match voter approved school district bonds for school capital costs.

| Explanatory Statement | 51 |

| Arguments in Opposition | none |

Result of “yes” vote

“Yes” vote allows state to issue bonds to match voter approved school district bonds for school capital costs. Dedicates lottery funds for matching funds and repayment.

Result of “no” vote

“No” vote retains current law prohibiting state and restricting local districts from issuing bonds to pay for school capital costs, including acquisition, construction, repair and improvement.

Summary

This measure would revise the Oregon Constitution to allow voters to approve local district bonds for school capital costs and the state to issue bonds and use the revenue from those bonds to help local school districts pay for capital costs. The Constitution currently limits voters’ ability to approve local district bonds for school capital costs and prevents the state from issuing bonds to help local districts pay for school capital costs.

“Capital costs” include costs for acquisition, construction, repair and improvement, but not routine maintenance or supplies. State funds may be used only to match funds approved by voters in local districts. The measure would dedicate 15 percent of state lottery revenues to a “school capital matching fund” to repay state funds provided to districts. State bonds may not be repaid by raising property taxes. Contains other provisions.

Estimate of financial impact

There is no financial effect on either state or local government expenditures or revenues.

Text of Measure

Be it Resolved by the Legislative Assembly of the State of Oregon, two-thirds of all the members of each house concurring:

PARAGRAPH 1. The Constitution of the State of Oregon is revised by creating a new section 11L to be added to and made a part of Article XI, such section to read:

SECTION 11L. (1) The limitations of sections 11 and 11b of this Article do not apply to bonded indebtedness incurred by local taxing districts if the bonded indebtedness was incurred on or after January 1, 2011, to finance capital costs as defined in subsection (5) of this section.

(2) Bonded indebtedness described in subsection (1) of this section includes bonded indebtedness issued to refund bonded indebtedness described in subsection (1) of this section.

(3) Notwithstanding subsection (1) of this section, subsection (8) of section 11 of this Article, as limited by section 11k of this Article, applies to measures that authorize bonded indebtedness described in subsection (1) of this section.

(4) The weighted average life of bonded indebtedness incurred on or after January 1, 2011, to finance capital costs may not exceed the weighted average life of the capital costs that are financed with that indebtedness.

(5)(a) As used in this section, "capital costs" means costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair.

(b) "Capital costs" does not include costs of routine maintenance or supplies.

PARAGRAPH 2. The Constitution of the State of Oregon is revised by creating a new Article to be known as Article XI-P, such Article to read:

ARTICLE XI-P

SECTION 1. (1) In the manner provided by law and notwithstanding the limitations contained in section 7, Article XI of this Constitution, the State of Oregon may loan its credit and incur indebtedness, in an aggregate outstanding principal amount not to exceed, at any one time, one-half of one percent of the real market value of the real property in this state, to provide funds to be advanced by grant or loan to school districts to finance the capital costs of the school districts. Bonds issued under this section may not be paid from ad valorem property taxes.

(2) Indebtedness incurred under this section must be in the form of general obligation bonds of the State of Oregon containing a direct promise to pay the principal, interest and premium, if any, of the bonds in an aggregate outstanding principal amount not to exceed the amount authorized in subsection (1) of this section. The bonds are the direct obligation of the State of Oregon and must be in such form, run for such periods of time, have such terms and bear such rates of interest as may be provided by statute. The State of Oregon shall pledge its full faith and credit and taxing power to the payment of the principal, interest and premium, if any, of the bonds. However, the State of Oregon may not pledge its ad valorem taxing power to the payment of the bonds.

(3) The proceeds from bonds issued under this section may be used only to provide matching funds to finance the capital costs of school districts that have received voter approval for local general obligation bonds and to provide for the costs of issuing bonds and the payment of debt service.

(4) The proceeds from bonds issued under this section may not be used to finance the operating costs of school districts.

SECTION 2. The principal, interest and premium, if any, of the bonds issued under section 1 of this Article must be repaid as determined by the Legislative Assembly from the following sources:

(1) Amounts appropriated for repayment by the Legislative

Assembly from the General Fund, including taxes levied to pay the bonds except ad valorem property taxes;

(2) Amounts appropriated or allocated for repayment by the Legislative Assembly from other sources of revenue; or

(3) Any other available moneys.

SECTION 3. Bonds issued under section 1 of this Article may be refunded with bonds of like obligation.

SECTION 4. (1) There is created a school capital matching fund. Moneys in the fund may be invested and the earnings shall be retained in the fund or expended as provided by the Legislative Assembly.

(2) The Legislative Assembly may by law appropriate, allocate or transfer moneys or revenue to the school capital matching fund.

(3) The Legislative Assembly may appropriate, allocate or transfer moneys in the school capital matching fund and earnings on moneys in the fund for the purposes of providing:

(a) State matching funds to school districts to finance capital costs; and

(b) Payment of debt service for general obligation bonds issued pursuant to this Article.

SECTION 5. As used in this Article, "capital costs" means costs of land and of other assets having a useful life of more than one year, including costs associated with acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair.

SECTION 6. The Legislative Assembly may enact legislation to carry out the provisions of this Article.

SECTION 7. This Article supersedes any conflicting provision of this Constitution.

PARAGRAPH 3. Section 4, Article XV of the Constitution of the State of Oregon, is revised to read:

Sec. 4. (1) Except as provided in subsections (2), (3), (4), [(10)] (8) and [(11)] (9) of this section, lotteries and the sale of lottery tickets, for any purpose whatever, are prohibited, and the Legislative Assembly shall prevent the same by penal laws.

(2) The Legislative Assembly may provide for the establishment, operation, and regulation of raffles and the lottery commonly known as bingo or lotto by charitable, fraternal, or religious organizations. As used in this section, charitable, fraternal or religious organization means such organizations or foundations as defined by law because of their charitable, fraternal, or religious purposes. The regulations shall define eligible organizations or foundations, and may prescribe the frequency of raffles, bingo or lotto, set a maximum monetary limit for prizes and require a statement of the odds on winning a prize. The Legislative Assembly shall vest the regulatory authority in any appropriate state agency.

(3) There is hereby created the State Lottery Commission which shall establish and operate a State Lottery. All proceeds from the State Lottery, including interest, but excluding costs of administration and payment of prizes, shall be used for any of the following purposes: creating jobs, furthering economic development, financing public education in Oregon or restoring and protecting Oregon's parks, beaches, watersheds and critical fish and wildlife habitats.

(4)(a) The State Lottery Commission shall be comprised of five members appointed by the Governor and confirmed by the Senate who shall serve at the pleasure of the Governor. At least one of the Commissioners shall have a minimum of five years experience in law enforcement and at least one of the Commissioners shall be a certified public accountant. The Commission is empowered to promulgate rules related to the procedures of the Commission and the operation of the State Lottery. Such rules and any statutes enacted to further implement this article shall insure the integrity, security, honesty, and fairness of the Lottery. The Commission shall have such additional powers and duties as may be provided by law.

(b) The Governor shall appoint a Director subject to confirmation by the Senate who shall serve at the pleasure of the Governor. The Director shall be qualified by training and experience to direct the operations of a state-operated lottery. The Director shall be responsible for managing the affairs of the Commission. The Director may appoint and prescribe the duties of no more than four Assistant Directors as the Director deems necessary. One of the Assistant Directors shall be responsible for a security division to assure security, integrity, honesty, and fairness in the operations and administration of the State Lottery. To fulfill these responsibilities, the Assistant Director for security shall be qualified by training and experience, including at least five years of law enforcement experience, and knowledge and experience in computer security.

(c) The Director shall implement and operate a State Lottery pursuant to the rules, and under the guidance, of the Commission. The State Lottery may operate any game procedure authorized by the commission, except parimutuel racing, social games, and the games commonly known in Oregon as bingo or lotto, whereby prizes are distributed using any existing or future methods among adult persons who have paid for tickets or shares in that game; provided that, in lottery games utilizing computer terminals or other devices, no coins or currency shall ever be dispensed directly to players from such computer terminals or devices.

(d) There is hereby created within the General Fund the Oregon State Lottery Fund which is continuously appropriated for the purpose of administering and operating the Commission and the State Lottery. The State Lottery shall operate as a self-supporting revenue-raising agency of state government and no appropriations, loans, or other transfers of state funds shall be made to it. The State Lottery shall pay all prizes and all of its expenses out of the revenues it receives from the sale of tickets or shares to the public and turnover the net proceeds therefrom to a fund to be established by the Legislative Assembly from which the Legislative Assembly shall make appropriations for the benefit of any of the following public purposes: creating jobs, furthering economic development, financing public education in Oregon or restoring and protecting Oregon's parks, beaches, watersheds and critical fish and wildlife habitats. Effective July 1, 1997, 15% of the net proceeds from the State Lottery shall be deposited, from the fund created by the Legislative Assembly under this paragraph, in an education stability fund. Effective July 1, 2003, 18% of the net proceeds from the State Lottery shall be deposited, from the fund created by the Legislative Assembly under this paragraph, in an education stability fund. Earnings on moneys in the education stability fund shall be retained in the fund or expended for the public purpose of financing public education in Oregon as provided by law. Except as provided in [subsections (6) and (8)] **subsection (6)** of this section, moneys in the education stability fund shall be invested as provided by law and shall not be subject to the limitations of section 6, Article XI of this Constitution. The Legislative Assembly may appropriate other moneys or revenue to the education stability fund. The Legislative Assembly shall appropriate amounts sufficient to pay lottery bonds before appropriating the net proceeds from the State Lottery for any other purpose. At least 84% of the total annual revenues from the sale of all lottery tickets or shares shall be returned to the public in the form of prizes and net revenues benefiting the public purpose.

(5) Notwithstanding paragraph (d) of subsection (4) of this section, the amount in the education stability fund created under paragraph (d) of subsection (4) of this section may not exceed an amount that is equal to five percent of the amount that was accrued as revenues in the state's General Fund during the prior biennium. If the amount in the education stability fund exceeds five percent of the amount that was accrued as revenues in the state's General Fund during the prior biennium:

(a) Additional net proceeds from the State Lottery may not be deposited in the education stability fund until the amount in the education stability fund is reduced to less than five percent of the amount that was accrued as revenues in the state's General Fund during the prior biennium; and

(b) Fifteen percent of the net proceeds from the State Lottery shall be deposited into the school capital matching [subaccount] **fund** created under [subsection (8) of this section] **section 4, Article XI-P of this Constitution.**

(6) The Legislative Assembly may by law appropriate, allocate or transfer any portion of the principal of the education stability fund created under paragraph (d) of subsection (4) of this section for expenditure on public education if:

(a) The proposed appropriation, allocation or transfer is approved by three-fifths of the members serving in each house of the Legislative Assembly and the Legislative Assembly finds one of the following:

(A) That the last quarterly economic and revenue forecast for a biennium indicates that moneys available to the state's General Fund for the next biennium will be at least three percent less than appropriations from the state's General Fund for the current biennium;

(B) That there has been a decline for two or more consecutive quarters in the last 12 months in seasonally adjusted nonfarm payroll employment; or

(C) That a quarterly economic and revenue forecast projects that revenues in the state's General Fund in the current biennium will be at least two percent below what the revenues were projected to be in the revenue forecast on which the legislatively adopted budget for the current biennium was based; or

(b) [If the] **The** proposed appropriation, allocation or transfer is approved by three-fifths of the members serving in each house of the Legislative Assembly and the Governor declares an emergency.

(7) The Legislative Assembly may by law prescribe the procedures to be used and identify the persons required to make the forecasts described in subsection (6) of this section.

[(8)(a) *There is created a school capital matching subaccount within the education stability fund created under paragraph (d) of subsection (4) of this section.*]

[(b) *The Legislative Assembly may by law appropriate, allocate or transfer moneys or revenue to the school capital matching subaccount.*]

[(c) *To the extent funds are available, the Legislative Assembly may appropriate, allocate or transfer moneys in the school capital matching subaccount and earnings on moneys in the subaccount for the purpose of providing state matching funds to school districts for capital costs incurred by the school districts.*]

[(9) *Notwithstanding paragraph (d) of subsection (4) of this section, on May 1, 2003, the State Treasurer shall transfer \$150 million from the education stability fund created under paragraph (d) of subsection (4) of this section to a fund created by law and known as the State School Fund. Moneys transferred under this subsection may be used in the manner provided by law for moneys in the State School Fund.*]

[(10) **(8)** Effective July 1, 1999, 15% of the net proceeds from the State Lottery shall be deposited in a parks and natural resources fund created by the Legislative Assembly. Of the moneys in the parks and natural resources fund, 50% shall be distributed for the public purpose of financing the protection, repair, operation, and creation of state parks, ocean shore and public beach access areas, historic sites and recreation areas, and 50% shall be distributed for the public purpose of financing the restoration and protection of native salmonid populations, watersheds, fish and wildlife habitats and water quality in Oregon. The Legislative Assembly shall not limit expenditures from the parks and natural resources fund. The Legislative Assembly may appropriate other moneys or revenue to the parks and natural resources fund.

[(11) **(9)** Only one State Lottery operation shall be permitted in the State.

[(12) **(10)** The Legislative Assembly has no power to authorize, and shall prohibit, casinos from operation in the State of Oregon.

PARAGRAPH 4. The Constitution of the State of Oregon is revised by creating a new section 4e to be added to and made a part of Article XV, such section to read:

SECTION 4e. (1) On the effective date of this section, all of the moneys in the school capital matching subaccount formerly created under subsection (8) of section 4 of this Article are transferred to the school capital matching fund created under section 4, Article XI-P of this Constitution. Moneys transferred under this section may be used as provided in section 4, Article XI-P of this Constitution.

(2) This section is repealed January 2, 2011.

PARAGRAPH 5. The revision proposed by this resolution shall be submitted to the people for their approval or rejection at the next primary election.

Note: **Boldfaced** type indicates new language; [*brackets and italic*] type indicates deletions or comments.

Explanatory Statement

The Oregon Constitution restricts the state's authority to issue bonds or otherwise incur indebtedness. Oregon voters have approved 16 exceptions to this restriction, 14 of which are still in effect. The exceptions allow the state to issue bonds for a variety of purposes, including for home ownership loans to veterans, reforestation of state lands, construction of buildings for state universities and community colleges, housing for the elderly and disabled, pollution controls and seismic rehabilitation of public buildings. However, the restriction in the Constitution still prevents the state from issuing bonds or otherwise incurring indebtedness to assist local school districts in financing K-12 capital costs. The Constitution also limits the bonding authority of local taxing districts, including school districts.

This measure would revise the Oregon Constitution to allow the state to issue general obligation bonds to match voter approved bonds for K-12 school capital costs. The measure would accomplish this by adding two different provisions to the Constitution. The first new provision would allow local taxing districts to incur bonded indebtedness on or after January 1, 2011, to finance capital costs. Capital costs are defined to include the costs of land and other assets associated with acquisition, construction, improvement, remodeling, maintenance and repair. Capital costs do not include operating costs.

The second new provision would allow the state to issue general obligation bonds to provide funds to be granted or loaned to school districts to finance the capital costs of the school districts. The proceeds from the bonds could be used only to provide matching funds to finance the capital costs of school districts that have received voter approval to issue local government bonds. The state bonds may not be used to pay school district operating costs. Bonds issued by the state could not be repaid through property taxes.

This new constitutional provision also creates a "school capital matching fund" to pay for matching funds to school districts to finance capital costs and debt service on state bonds issued pursuant to this measure and repeals the current "school capital matching subaccount" in the "education stability fund." Any existing funds in the school capital matching subaccount would be transferred to the new school capital matching fund, and that fund also would receive 15 percent of net lottery proceeds.

Under the measure, if residents of a local taxing district vote to approve bonds for school capital costs, the local taxing district would be eligible to receive matching funds from the state. This would allow the state to help pay for K-12 capital costs. The result would substantially reduce the costs to the local school district and its taxpayers to make capital improvements, such as constructing, repairing or maintaining school buildings.

(This impartial statement explaining the measure was provided by the Legislative Assembly of the 2009 Regular Session.)

Legislative Argument in Support

Each year, more students pour into Oregon's schools. A greater number of kids sit in school classrooms, play on school playgrounds and exercise in school gyms. But our aging school facilities do not reflect this rising enrollment. Schools are havens for youth to learn, grow and succeed. It is our children who pay the price when schools are not given the tools they need to repair inadequate facilities and accommodate the growing number of students in their hallways.

By making two changes, the measure will provide K-12 schools with the ability to keep pace with facilities demands and offer students a better learning environment.

First, the measure defines "capital costs" in section 11L, Article XI of the Oregon Constitution, which specifies the allowable expenditures of a local bond. The new definition is broader and covers costs that have a useful life of more than one year, including acquisition, construction, improvement, remodeling, furnishing, equipping, maintenance or repair. Costs of routine maintenance or supplies, however, are expressly prohibited in the amended definition.

Second, the measure adds a new Article to the Oregon Constitution that allows the state to issue general obligation bonds and incur bonded indebtedness to help pay for the cost of local school capital construction. This new Article gives K-12 schools the same bonding authority as community colleges and the Oregon University System. By giving school districts this bonding authority, the state can stand with its schools and be a financial partner in ensuring the education and future of Oregon's children. This new Article in the Oregon Constitution also creates a school capital matching fund.

Oregon has a responsibility to its youth, a responsibility to provide them the best education in the best facilities our state can offer. The measure fulfills this obligation by allowing schools to access the resources needed to create and maintain our education facilities.

Oregon's Teachers Urge a YES Vote on Measure 68

We are Oregon's teachers, education support professionals, and community college faculty. We see firsthand what Oregon's students need in order to be successful. As education professionals, we know that healthy school environments – **including reasonable class sizes, buildings in proper working condition, and safe indoor air quality** – are absolutely vital to the success of our students.

Inside Oregon's schools, we're developing communities of vibrant learners and we're training tomorrow's workforce. But too many of our school buildings are unequipped or unsafe for the number of students who walk through our doors every day. Our students are forced to learn in crowded classrooms. They spend their days inside buildings plagued by mold. And during recess, they play outside on equipment that is in dire need of repair or replacement.

Measure 68 will give our local communities the power to improve conditions in our public schools.

Measure 68 gives our local school districts the ability to respond to or prevent emergencies in school buildings, reversing decades of disrepair that have threatened the health and safety of our students. The measure will also allow our local districts to use state bonds to match locally supported bonds for funding necessary repairs.

Measure 68 helps our local dollars stretch further, giving small, rural schools the tools they need to fund school repairs and keep costs low.

The 48,000 members of The Oregon Education Association are committed to providing the best quality education to our public school students, but our work can only stretch so far. Measure 68 ensures that locally, we maintain and provide healthy environments where our students can academically thrive.

Help keep Oregon students safe and healthy in their classrooms

Every day, students across Oregon are exposed to health hazards like asbestos, mold, and pests, because their school district isn't able to raise enough money to pay for needed repairs and updates to school buildings. Small, rural schools are the most vulnerable.

Voting YES on Measure 68 is the first step toward making sure that every student in Oregon can learn in a safe and healthy environment.

As a public health nurse, I strongly urge you to vote YES on Measure 68, so that local communities can begin making effective decisions about how to repair their local school facilities and make them safer for students and staff. Measure 68 will allow the state to issue matching bonds, lowering the costs to local communities.

Schools should be a place where children and their teachers feel safe and protected from hazards. Students—and their parents—shouldn't have to worry that they'll get sick from their classroom.

As a nurse, I know illness can impair a child's ability to learn, and a teacher's ability to teach. We owe it to our kids to give them a healthy environment, so they can thrive. We can't expect to train the workforce of tomorrow in buildings that are making them sick.

Please join me, parents, teachers, school advocates, and health professionals in voting YES on Measure 68.

School Board Members Support a YES Vote on Measure 68

Help local school districts and Oregon begin to alleviate the problems of overcrowding and aging buildings that pose educational challenges as well as health and safety hazards to our students.

As school board members from around Oregon, we've seen firsthand the struggles that Oregon's 197 school districts face as they attempt to provide a quality education to our 560,000 K-12 students: **aging and/or inadequate facilities.** Each year brings more students to our schools and each year increases the age of our buildings, some more than 100 years old.

Some of Oregon's school districts cannot build schools fast enough to keep up with the demands of a dramatically growing student population. In many districts, students are crammed into portable structures or classrooms far beyond their intended capacity.

In other districts, the greater problem is coping with severely aging school buildings. Aging infrastructure leads to a long list of critical problems, such as environmental health issues like mold and asbestos, student safety issues, and access for the physically disabled. And without appropriate lighting, ventilation and access to technology, Oregon's students face real obstacles to getting the education they need.

Measure 68 will empower local communities to make decisions about repairing their school facilities while also lowering costs for local residents. That's why we're urging a YES vote on Measure 68.

Help our local communities fix our crumbling schools

The educational assistants, custodians, secretaries, bus drivers, food service workers and other classified members of American Federation of Teachers-Oregon in K-12 schools witness first-hand how deteriorating facilities affect a child's education.

The learning environment is critical to a sound education

School buildings across Oregon are in serious disrepair. That compromises student health, safety, security, and the education they need to thrive.

A quality education is an investment in Oregon's future and tomorrow's leaders. The facilities where students sit, stand, walk and learn should not be a health and safety hazard.

Measure 68 maintains local control, but adds an important tool

Measure 68 assists local school districts with needed construction and repair of facilities to accommodate the growing number of students in classrooms.

Voting Yes means local districts can choose to use matching state bonds to get more value from locally approved dollars while maintaining local control. That especially helps small, rural schools.

Your support for Measure 68 helps our local communities invest in the future

We are in large and small districts from Hillsboro and Portland, to Scappoose to John Day, where we work to provide educational opportunities for children, often in ancient schools with leaky roofs, crumbling ceilings and moldy walls.

Our members in Scappoose know this first-hand. While fighting mold in the middle school, they took in the students displaced from flood-ravaged Vernonia high school. That increased the potential unhealthy mold exposure to an even larger student population while trying to lend a helping hand. Measure 68 would help local communities address problems like mold and the need to rebuild schools hurt by flood emergencies.

Our Local Schools and Communities Need Help

School buildings all over Oregon are aging and overcrowded. Some have mold or asbestos problems; others have leaky roofs and broken heating systems; others still are so overcrowded children are taking classes in the hallways. Precious operations dollars are literally flying out the old windows in lost heat, and children are at risk every day going to schools in the tsunami inundation zone on the coast. OSEA members work every day to try to keep these schools running and safe, but for some it's a losing battle due to age, overcrowding, deferred maintenance or location.

Our communities are hampered in their efforts to make improvements by existing state law, which severely limits the ability of local communities to fund new schools or make critical repairs and improvements.

Measure 68 Offers the Help Local Communities Need To Provide Safe And Healthy Schools For Their Children.

Measure 68 will allow local districts to use matching state bond funds to make local dollars go further. Small rural districts often do not have the local resources they need to build or renovate schools. With the help provided by Measure 68, these communities will be able to make the improvements that have been put aside for so long.

Measure 68 Preserves Local Control, Lowers Costs

Local communities will continue to decide when and what school improvements they wish to make. Once they have made those decisions and passed a local bond to help pay for the improvements chosen, state matching dollars will be available to lower local costs for the project.

Measure 68 Provides Jobs

School building projects provide employment opportunities in local communities. Many family-wage jobs are needed to complete school building projects, and communities having up-to-date school facilities are more likely to attract new businesses than those with decrepit, overcrowded or unsafe buildings.

Stand for Children urges you to VOTE YES on Measure 68

Oregon's children need safe, healthy, and adequate school buildings.

Across Oregon, overcrowded schools mean students have to stand, or sit on windowsills, in their classes. Some children spend their days in portables without bathrooms or running water. Lack of cafeteria space in an overcrowded school means some students start lunch at 10:20 am. Chemistry labs built for 25 students now hold 33, forcing them to watch experiments instead of participating.

In aging school buildings, student health is compromised by mold, pest infestations, and wood rot. Computer access is limited by outmoded electrical systems that cannot support more than a handful of computers at a time.

Common sense tells us we must begin to address this problem, and research shows that student achievement is improved by healthy learning environments.

Measure 68 helps improve schools. Measure 68 does two important things. First, it allows the state partner with local school district to improve school buildings. Second, it allows school districts to pass bonds that include critical school infrastructure not currently allowed – like desks and bookcases.

These are two common sense solutions to help ensure all children learn in a healthy, safe, and adequate school.

Vote Yes on Measure 68 to Help Local Communities Keep their Schools Safe

In November 2009, a **three-alarm fire** swept through the historic **Marysville Elementary School** in southeast Portland. Thanks to the quick actions of teachers, faculty, and firefighters, all 460 students made it out safely.

Unfortunately, there are countless school buildings across Oregon that are 100 years or more old, and haven't been updated in many, many years, making them more prone to a disaster like the Marysville School fire. Existing state law makes it nearly impossible for small, rural districts to raise enough money to update or repair their facilities.

Measure 68 will help local communities make decisions about updating or repairing their school buildings while keeping local costs low.

Every school day, parents entrust their children's safety to their local schools, and they trust that their school buildings are safe.

Your child should be as safe at school as they are at home.

As a firefighter, I urge you to vote YES on Measure 68 in order to help keep our students safe.

In addition, to keeping students safe, Measure 68 will help ensure that firefighters and emergency responders aren't endangered by out-of-date buildings and faulty safety measures.

As a firefighter, I'm committed to keeping your family and your community safe. **Voting YES on Measure 68** will help me and my colleagues do our job by giving local communities the power to make critical repairs and updates to school buildings and facilities.

The teachers and faculty at Marysville Elementary School should be commended for the swift action and cool-headedness that kept their students safe. But we should strive to prevent school emergencies before they happen.

Voting YES on Measure 68 will help make sure that every Oregon student is safe in their classroom.

Result of “no” vote

“No” vote rejects modernization of authority to issue lowest cost bonds to finance projects for the benefit of community colleges and public universities.

Summary

This measure continues and modernizes the state’s authority to use general obligation bonds, the lowest cost method of borrowing, to finance projects for community colleges and public universities. It does not increase the current limit on borrowing. The measure clarifies that community colleges and public universities may purchase existing buildings with the proceeds of general obligation bonds. It also allows the Oregon University System to use nontax revenues to determine whether bonds to be issued under Article XI-F(1) are self-supporting. The measure allows Article XI-F(1) and XI-G bond proceeds to be used for the same parts of a project and to be used for mixed-use projects that benefit higher education. It allows nontax revenues to be used as matching funds for Article XI-G bond proceeds.

Estimate of financial impact

There is no financial effect on either state or local government expenditures or revenues.

Text of Measure

Be It Resolved by the Legislative Assembly of the State of Oregon:

PARAGRAPH 1. Sections 1, 2 and 3, Article XI-F(1), and section 1, Article XI-G of the Constitution of the State of Oregon, are amended to read:

Sec. 1. The credit of the state may be loaned and indebtedness incurred in an amount which shall not exceed at any one time three-fourths of one percent of the true cash value of all the taxable property in the state, as determined by law to provide funds with which to *[redeem and refund outstanding revenue bonds issued to finance the cost of buildings and other projects for higher education, and to construct, improve, repair, equip, and furnish buildings and other structures for such purpose, and to purchase or improve sites therefor]* **acquire, construct, improve, repair, equip and furnish buildings, structures, land and other projects, or parts thereof, that the legislative assembly determines will benefit higher education institutions or activities.**

Sec. 2. *[The buildings and structures hereafter constructed for higher education pursuant to this amendment shall be such only as conservatively shall appear to the constructing authority to be wholly self-liquidating and self-supporting from revenues, gifts, grants, or building fees. All unpledged net revenues of buildings and other projects may be pooled with the net revenues of new buildings or projects in order to render the new buildings or projects self-liquidating and self-supporting.]* **Indebtedness shall not be incurred to finance projects described in section 1 of this Article unless the constructing authority conservatively estimates that the constructing authority will have sufficient revenues to pay the indebtedness and operate the projects financed with the proceeds of the indebtedness. For purposes of this section, "revenues" includes all funds available to the constructing authority except amounts appropriated by the legislative assembly from the General Fund.**

Sec. 3. Ad valorem taxes shall be levied annually upon all the taxable property in the state of Oregon in sufficient amount, with the aforesaid revenues, *[gifts, grants, or building fees,]* to provide for the payment of such indebtedness and the interest thereon. The legislative assembly may provide other revenues to supplement or replace such tax levies.

Sec. 1. (1) Notwithstanding the limitations contained in section 7, Article XI of this Constitution, and in addition to other exceptions from the limitations of such section, the credit of the state may be loaned and indebtedness incurred in an amount not to exceed at any time three-fourths of one percent of the true cash value of all taxable property in the state, as determined by law.

(2) Proceeds from any loan authorized or indebtedness incurred under this section shall be used to provide funds with which to **acquire**, construct, improve, repair, equip and furnish *[those]* buildings, structures, **land** and **other** projects, or parts thereof, *[and to purchase or improve sites therefor, designated by]* **that** the Legislative Assembly *[for]* **determines will benefit** higher education institutions *[and]* **or** activities or *[for]* community colleges authorized by law to receive state aid.

[(3) The amount of any loan authorized or indebtedness incurred under this section by means of bonds to be issued in any biennium shall not exceed the dollar amount appropriated from the General Fund for the same or similar purposes. Any dollar amounts appropriated to meet the requirements of this subsection shall be specifically designated therefor by the Legislative Assembly.]

(3) **The amount of any indebtedness incurred under this section in any biennium shall be matched by an amount that is at least equal to the amount of the indebtedness. The matching amount must be used for the same or similar purposes as the proceeds of the indebtedness and may consist of moneys appropriated from the General Fund or any other moneys available to the constructing authority for such purposes. However, the matching amount may not consist of proceeds of**

indebtedness incurred by the state under any other Article of this Constitution. Any matching amount appropriated from the General Fund to meet the requirements of this subsection must be specifically designated therefor by the Legislative Assembly.

(4) Nothing in this section prevents the financing of *[buildings, structures and]* projects, or parts thereof, by a combination of the moneys available under this section, under Article XI-F(1) of this Constitution, and from other lawful sources. *[However, moneys available under this section shall not be expended on or for any buildings, structures or projects, or parts thereof, that are wholly self-liquidating and self-supporting.]*

PARAGRAPH 2. **The amendment proposed by this resolution shall be submitted to the people for their approval or rejection at a special election held throughout this state on the same date as the next primary election.**

Note: **Boldfaced** type indicates new language; *[brackets and italic]* type indicates deletions or comments.

Explanatory Statement

Oregon's colleges and universities occasionally need more space for classrooms, laboratories, research programs, faculty offices, and other student and faculty needs. Ballot Measure 69 amends the Oregon Constitution to allow lowest cost general obligation bonds from Article XI-F(1) and Article XI-G to be used for these expansions into existing buildings, not just new facilities.

Articles XI-F(1) and XI-G of the Oregon Constitution were adopted in 1950 and 1964, respectively. Since then, the roles and nature of higher education institutions have evolved beyond traditional instruction into areas of research, public service and economic development. Ballot Measure 69 would eliminate outdated provisions and unambiguously allow Oregon to issue general obligation bonds for the types of facilities used by today's community colleges and public universities.

Ballot Measure 69 would make it clear that community colleges and public universities could finance projects that benefit higher education institutions or activities. Current constitutional language may limit the projects that may be financed with bonds issued under Articles XI-F(1) and XI-G of the Oregon Constitution. Existing language does not specifically authorize the state to use these lower cost bonds to purchase existing buildings that are less expensive than new construction. Existing language further raises questions about the types of projects that can be financed with general obligation bonds issued under Articles XI-F(1) and XI-G.

Ballot Measure 69 continues the requirement that Oregon University System have enough revenues to pay for bonds issued under Article XI-F(1). Current language in Article XI-F(1) of the Oregon Constitution requires projects financed with bonds authorized by this Article to be entirely self-supporting through revenues, gifts, grants or building fees. Ballot Measure 69 changes existing language to allow moneys used to support such projects to originate from any source other than tax revenues appropriated from the General Fund. The measure would also eliminate confusing language that interferes with financing mixed-use projects with proceeds from bonds issued under both Articles XI-F(1) and XI-G of the Oregon Constitution.

Current language in the Oregon Constitution requires that Article XI-G bonds be matched by an identical amount of other funds. Ballot Measure 69 continues that requirement, but eliminates requirements that the matched funds be appropriated from the State's General Fund. The measure would allow the matching funds to come from any source other than the proceeds from other general obligation bonds issued by the state. Ballot Measure 69 does not change the process by which bonds are authorized for capital projects.

Legislative Argument in Support

A **YES vote** on this measure will save money for Oregon taxpayers. A **YES vote** means more jobs for Oregonians. A **YES vote** will help make certain that Oregonians have access to quality and affordable higher education.

Oregon's community colleges and public universities use Article XI-F and Article XI-G bonds to finance their capital needs. As enrollment increases, so too does the need for additional classrooms and college and university facilities.

Article XI-F(1) and Article XI-G bonds are the least expensive financing option available to the state and provide Oregon more for its money. This measure will ensure that Oregon's community colleges and public universities can continue to use Article XI-F(1) and Article XI-G bonds to finance existing buildings, which can be less expensive than building new facilities.

A **YES vote** will enable the Oregon University System to continue to use general obligation bonds, which have lower interest rates and are therefore less expensive, and will save taxpayer dollars.

If this measure is not approved, the Oregon University System will be forced to use more costly forms of financing to pay for its capital needs.

The Oregon State Building and Construction Trades Council represents 25,000 workers in 21 different crafts, including: asbestos workers, boilermakers, bricklayers, electricians, glaziers, ironworkers, laborers, floor coverers, painters, plasterers, roofers, sheet metal workers, plumbers and pipefitters, cement masons, elevator constructors and teamsters.

As has been widely publicized, the construction industry has been devastated by the current economic crisis with unemployment rates in some sectors as high as 40 percent.

Ballot Measure 69 will stretch state dollars further, help create jobs and protect funding for other essential educational needs, including teaching more students in trades like ours.

Ballot Measure 69 does so by updating current law to allow our public colleges and universities to **save money** by using lower cost financing to acquire and renovate existing buildings for classrooms, student housing and research facilities.

Right now, state law is outdated. It requires the use of more expensive more expensive bonds except when building an entirely new facility. That often results in a waste of state dollars that could be used to produce more jobs and educate more students.

Ballot Measure 69 brings Oregon law up to date, allowing colleges and universities to use lower-cost bond funding to save money and provide more benefits to Oregonians.

Save Money While Helping Oregon's Public Colleges and Universities Build Our Future

By educating nearly 500,000 students in every corner of the state, Oregon's 17 public community colleges and 7 public universities play a critical role in the future of our state, its economy and our people.

- They train the workforce and conducting research that allows Oregon to compete in the world marketplace.
- Oregon's post-secondary institutions buy products from 8,311 local vendors who provide supplies and services to our campuses. These vendors provide thousands of jobs.
- In these challenging economic times, more Oregonians are turning to our public colleges and universities for training, education, employment assistance and the opportunity to get back to work.

We depend on our public colleges and universities. And we also need to ensure that every dollar counts. **That is why Ballot Measure 69 is important.**

Measure 69 Will Save Money

Right now, in order for a college or university to create more space for classrooms, worker training programs or other facilities, they can only use the lowest cost bond funds to purchase or build new facilities. They cannot buy existing buildings with these low cost bonds.

Voting Yes on Measure 69 will fix the law to allow colleges and universities to use the lowest cost bond funds for existing buildings, saving public dollars, preserving that money for student education and to retain the jobs that employ nearly 50,000 Oregonians.

Measure 69 Will Conserve our Resources and the Environment

Many existing buildings are great candidates for filling the needs of Oregon's colleges and universities, their students and faculty.

Voting Yes on Measure 69 will allow more existing buildings to be acquired and renovated by colleges and universities for expansion needs, avoiding the expense and use of natural resources of building entirely new structures.

As leaders of OBC and E3, we support Ballot Measure 69 because it will save funds for Oregon's colleges and universities and help them better serve Oregon students.

Oregon's seven public universities and seventeen community colleges help power our local economies:

- Providing nearly 50,000 jobs at campuses around the state;
- Purchasing products to serve college students from over 10,000 local suppliers;
- Bringing in nearly \$400 million in federal grants and contract dollars each year which cycles back into the Oregon economy.

Ballot Measure 69 makes a small change in the law allowing colleges and universities to conduct their business more efficiently:

- When colleges and universities need more space, they would be allowed to use bond funding to expand into existing buildings instead of having to build new buildings for these needs;
- Funds saved could be put back into services for students and support for faculty, which in turn helps our economy and our local businesses.

Our businesses depend on Oregon's colleges and universities – to train our workers, conduct research for current and future products, and to continue spinning off new businesses that supply and assist existing businesses.

Oregon's colleges and universities provide jobs, workers, leaders, research, and products for our state and local economies.

That's why we support Ballot Measure 69.

Oregon's colleges and universities are experiencing increased demand. More students than ever are enrolled and the numbers just keep growing. As a result, some colleges and universities are running out of space. That's where Measure 69 comes in.

We support the expansion of Oregon's colleges and universities when they need more space, and Measure 69 allows them a cost-effective way of doing so. Right now, the law is out of date and doesn't clearly state that expansion into existing buildings can be paid for with low-cost state bonds. Rather, these low-cost state bonds can only be used to expand to brand-new buildings. That just doesn't make sense.

Measure 69 updates the law so that our colleges and universities can use low-cost state bonds for expanding to existing buildings as well as new buildings. We believe this will save tax dollars and get them back into the classroom and the laboratories where funds are most needed.

The American Federation of Teachers-Oregon and the American Association of University Professors at Portland State University ask for your support for Measure 69.

Measure 69 will help serve more students

In order to serve the needs of the increasing numbers of students entering Oregon's higher education system, public colleges and universities need more space. They must expand by either building new buildings, or purchasing existing structures.

Oregon universities should be able to use low cost financing for purchase and renovation. With lower financing costs, universities will be able to stretch their dollars more efficiently to provide more classroom space for more students, while working to keep tuition affordable for thousands of families.

Measure 69 updates the law so colleges and universities can save costs

It is significantly less expensive for universities to buy and renovate existing buildings rather than construct new buildings. Current law, however, is out of date and doesn't yet allow renovation of existing property to be financed with the state's low-cost bonds.

Passage of Measure 69 will allow Oregon colleges universities to finance building purchase and renovation through the lowest cost financing available.

The Oregon Education Association Supports a “Common Sense” Solution for Oregon Higher-Ed

In today’s economy, increasing numbers of Oregonians are turning to our state’s 17 public community colleges and seven public universities to revitalize job skills, learn new trades, and prepare for a better future. College instructors and faculty are committed to helping our students through tough times, but physically, **our state’s higher-ed institutions are struggling to meet the demands of these surging enrollments.**

Under current law, in order for a college or university to expand classroom and training spaces, they can only use the lowest cost bond to purchase or build new facilities. The Oregon Education Association believes there’s a more effective way to use these bonds to meet the needs of our students, which will save money and conserve resources.

Measure 69 will fix the law by allowing colleges and universities to use bond funds to purchase existing buildings for expansion needs. This will help our higher-ed institutions avoid the undue expense of building completely new structures, and will protect our state’s precious environmental resources.

Our communities already have structures in place where we can create positive education experiences for our growing student populations. We can meet the needs of our students if the law provides accessible and fiscally responsible solutions.

Measure 69 ensures we make the most effective use of local resources for campus expansion projects by acquiring and renovating buildings that already exist in our communities – instead funneling money into new construction.

Most important – every dollar saved as a result of Measure 69 stays with our local public colleges and universities, supporting the programs our students need in order to be successful in the workforce.

Ensuring a world-class higher education system for Oregonians is critical to the state’s ability to compete in the global economy and maintain a high quality of life for all Oregonians.

Oregon’s public universities and community colleges provide opportunities for Oregonians and a well-educated workforce for Oregon businesses. They also bring in millions of dollars in federal grants and contracts that contribute to the research and development that fuels the next generation of technologies to increase Oregon’s ability to innovate, create new companies and generate new jobs to support Oregon’s economy.

- Expand into existing facilities that have less cost than new construction;
- Use lower cost bonds to finance projects that benefit higher education institutions or activities;
- Save money that can be put back into services for students and support for faculty.

4-H and Extension Service Five-Year Local Option Tax

| Arguments in Favor | 63 |
| Arguments in Opposition | 64 |

Question

Shall Lane County impose \$.05 per \$1,000 of assessed value each year for five years for Extension operations beginning 2010-11? This measure may cause property taxes to increase more than three percent.

Summary

Revenue from this measure would provide funding dedicated to Extension Service educational programs, office operations and support staff. Extension's programs currently include 4-H Youth Development, Master Gardeners, Master Food Preservers, Climate Masters, and Extension Study Groups. Tax revenue expenditures would be tied to measurable outcomes and subject to annual audits. The County proposes to enact a local option tax of \$.05 per \$1,000 of assessed value each year for five years starting in 2010-2011. The total to be raised by this local option tax is estimated at \$1,178,784 in 2010-2011, \$1,214,147.52 in 2011-2012, \$1,250,571.95 in 2012-2013, \$1,288,089.10 in 2013-2014, and \$1,326,731.78 in 2014-2015. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate.

Explanatory Statement

If approved, Measure 20-158 would authorize Lane County to levy a local option tax to provide dedicated funding for Extension and 4-H educational programs. The tax would raise approximately \$1.2 million each year and cost five cents for each \$1,000 of assessed property value beginning in 2010-11 and ending in 2014-15. The owner of a home with an assessed value of \$200,000 would pay an additional \$10 each year for five years.

The proposed \$1,178,548 annual budget would provide funding for building rent, operations and contingency (28.5%); program expenses (22.9%); and salaries and benefits for ten full time equivalent (FTE) support staff (48.6%). The estimated average compensation package for the 10 FTE staff is \$57,200. Local funding is required to receive federal and state funds for Extension faculty positions.

In 2008-09, reductions in federal timber harvests and a decline in federal funding caused Lane County to withdraw its financial support for Extension, except for rent forgiveness. As a result, Extension cut its faculty, support staff and programs by 25 percent.

Lane Extension is part of Oregon State University's off-campus educational system. Its programs, based on OSU's research and information, are tailored to meet local needs. Extension has been active in Lane County since 1914, helping urban, suburban, and rural families, youth, and seniors get information and develop skills. Woodland managers, farmers, ranchers and business owners get information to improve production and conserve resources.

In Lane County, 4.6 OSU faculty provide leadership for Extension's educational programs through training and support of approximately 600 volunteers. Faculty, volunteers, program and office staff make an estimated 65,000 educational contacts each year through:

- 4-H Youth Development promoting leadership, personal responsibility, citizenship, and communication skills through projects/activities in animal science, natural resources, science and technology, nutrition, food preparation, horticulture, and expressive arts.
- Master Gardener programs including workshops on pruning, growing family gardens, creating and managing sustainable home landscapes and conserving natural resources.
- Master Food Preserver and Food Pantry programs helping people prepare and preserve food safely, stretch their household dollar and prepare healthy meals using goods in food pantry boxes.
- Compost Specialist and Climate Masters programs teaching people how to reduce organic waste and greenhouse gas emissions in their home, yard and community.
- Nutrition education programs promoting healthy eating and exercise for youth.
- Commercial agriculture and small farms workshops teaching how to improve crop, orchard and vineyard yields, minimize pesticide and fertilizer use, protect soil and water and increase profitability.

If Measure 20-158 is approved, Extension would restore Master Woodland Managers, a program that provides information about the planting, growth, management, and harvest of profitable, healthy stands of timber.

Argument in Favor

Vote YES to Support Local Extension Education

The Lane County Master Gardener Association urges you to vote YES on Measure 20-158. This measure would stabilize Extension Service funding over the next five years and allow the continuation of popular programs such as 4-H and Master Gardeners.

Last year, Master Gardeners provided Lane County residents with more than 14,800 hours of volunteer service and nearly 30,000 educational contacts. Trained and supervised by Extension faculty, Master Gardeners offer science-based classes on pruning, sustainable landscaping and composting. We answer home gardening questions at the Extension office in Eugene, over the telephone, and at special events, booths and fairs. Our volunteers helped GrassRoots Garden grow more than 60,000 pounds of produce in 2009. Sustainable landscaping classes taught participants how to conserve and protect water supplies and reduce the use of herbicides and pesticides. The Compost Specialist program helped improve local soils and kept over 53 tons of organic material out of our landfills.

The Extension Service is more than just Master Gardeners, however. Its 4-H youth development program teaches leadership, personal responsibility, citizenship and communication skills. Extension faculty help farmers run profitable, sustainable operations that include orchards, vineyards and field crops. Master Food Preservers answer more than 5,000 food safety and food preservation questions each year and the Nutrition Education program teaches area youth and families how to prepare healthy meals and snacks.

While Lane County is one of the top producers of forest products in the country, budgets cuts forced Extension to suspend its Forestry program in 2008. A YES vote for Measure 20-158 will bring back Master Woodland Managers, a program that helps small woodland owners learn effective planting, growing, thinning, harvesting and marketing techniques.

We, the Lane County Master Gardeners Association, ask your support in continuing Extension's good works by voting YES on Measure 20-158. Help keep our volunteers working for you!

Argument in Favor

Vote YES for 4-H and Extension

Since 1914, Lane County citizens have turned to the OSU Extension Service for trusted, research-based information that strengthens the local economy, sustains natural resources, and promotes healthy communities, families, and individuals.

A network of more than 650 trained volunteers, whose efforts were valued at more than \$900,000 in 2008-09, helped the OSU Extension Service in Lane County serve urban, suburban, and rural residents through programs such as 4-H Youth Development, Master Gardeners, Master Food Preservers, Compost Specialists, Extension Study Groups, and the Food Pantry Project.

Key Accomplishments 2008-09

- More than 550 Lane County youth learned citizenship, leadership, and life skills through 4-H programs in animal science, natural resources, science, engineering and technology, home economics, horticulture, and expressive arts.
- Master Gardener volunteers taught nearly 30,000 Lane County residents how to grow food, conserve water, identify plant pests and disease, and find alternatives to pesticides. They helped grow 60,000 pounds of produce that was donated to Food for Lane County.

- Master Food Preserver volunteers answered more than 5,000 questions on Extension's statewide food safety hotline.

Members of the Emerald Empire Kiwanis Club are active supporters of Extension programs. We are particularly supportive of its youth programs, providing financial support for 4-H camping scholarships and the volunteers that were necessary to build a covered play structure at 4-H Camp Lane. Other Camp Lane activities included the construction of 20 bunk beds, annual camp cleanups and renovation of various campground areas and facilities.

The Emerald Empire Kiwanis Club urges you to support 4-H and other local Extension educational programs by voting YES for Measure 20-158. We do not want to lose this trusted, local source of information that teaches self-sufficiency, sustainability and a variety of life skills. If the measure fails to pass, Lane County citizens will lose more than \$1.7 million worth of annual benefit that is currently received from federal and state funds and Extension's volunteer network.

Argument in Favor

Vote YES to Keep 4-H in Lane County

Lane County is home to over 400 4-H club members who are led by 134 trained adult volunteer leaders. These young people from across Lane County learn citizenship, leadership, communication, and life skills that help them develop into productive, contributing adults. In the last year, Lane County leaders donated over 9,700 hours to this great program.

4-H programs serve both urban and rural areas of Lane County. Today's 4-H is timely, teaching skills and knowledge through technology, photography, cultural arts, and traditional projects like cooking, sewing, gardening, and animals.

Under the guidance of our local 4-H faculty member, Lane County volunteer leaders conduct trainings, lead project and community clubs, and run a summer camp. These activities help youth learn to be responsible, master specific subjects, contribute in groups and as individuals, be active in their communities, and handle a variety of life's challenges.

According to research conducted at the Institute for Applied Research in Youth Development, Tufts University (the 4-H Study of Positive Youth Development, May 2008. Lerner, R. M.; Lerner, J.V.; Phelps, E.), young people who participate in 4-H, compared to other youth education programs, are more likely to assume leadership roles and engage in community service.

The Tufts University study also found that youth programs must evolve if they are to address the diverse and changing needs and interests of adolescents. Ballot Measure 20-158 will help 4-H continue to reach Lane County youth through traditional programs, but also expand its role in a National 4-H Initiative—one million 4-Hers across the United States who participate in SET (Science, Engineering and Technology). 4-H is building a life-long foundation for today's youth so that they are prepared for the future.

Tell the youth of Lane County that you care. Become a partner with us. **Vote YES for Measure 20-158.**

Argument in Favor

Save Lane Extension is a grassroots movement of local citizens who want to help keep the Oregon State University Extension Service in Lane County. We are volunteers and users of the Extension Service who don't want to lose this valuable resource. We urge you to:

- 1) Read the explanatory statement in this voters' pamphlet. A proponent, opponent, and neutral party worked very hard to provide Lane County voters with a neutral, factual assessment of Measure 20-158.
- 2) Visit SaveLaneExtension.com for additional facts about Measure 20-158.
- 3) Visit extension.oregonstate.edu/lane to learn about Extension programs.
- 4) Vote YES for Measure 20-158.

Save Lane Extension would like to use this statement to provide voters with answers to the two most-asked questions that we receive.

Question: Why is Extension in this situation?

Answer: Laws that created the Cooperative Extension Service require federal, state, and local funding for country Extension offices to exist. The Lane County office lost most of its local funding in 2008 due to county government budget cuts. Since that time, Extension has continued to exist mainly through staff and program reductions. Instituting fees for service, fundraising, and spending down its 2008 carryover balance.

Question: What happens if Measure 20-158 does not pass?

Answer: Without adequate local funding, most of Extension's traditional, locally based programs will not have the financial resources to survive. Extension faculty paid by state and federal dollars will be reassigned to other locations. Support staff formerly paid by local dollars will be released. Extension's network of more than 600 trained volunteers will disband. Lane County citizens will lose more than \$1.7 million of annual benefit that is currently received from federal and state funds and Extension's volunteer network.

Last year, Extension served more than 65,000 Lane County residents. Our local programs, faculty, staff, and the volunteers they train and support are an exceptional value that cannot be replicated by any other organization in Lane County. Please vote **YES** on Measure 20-158.

Argument in Opposition

VOTE NO on Measure 20-158.

The 4-H™, Master Gardeners™ and Master Food Preservers are valued hobbies. People enjoy gardening, healthier eating or youth raising 4-H™ animals. **But this \$6.2 Million Property Tax Increase on every property owner and business is unnecessary.**

VOTE NO because:

1. OSU's BUDGET DOUBLES, WHILE OUR COMMUNITY CUTS BACK ON EVERYTHING ELSE. This Tax will DOUBLE OSU's local extension budget to approximately \$11.2 Million for 5 years. Meanwhile, priority services including public safety, health, jails, fire/ambulance, and compassionate services for hungry, sick and homeless are stretched to the breaking point. The 5 year \$6.2 Million estimated property tax increase for turkey-cooking phone advice, global-warming, how-to can tomatoes or backyard gardening tips are embedded, while we may be forced to cut essential services. **Vote No.**

2. THE SOLUTION NEEDS NO ADDITIONAL TAXES AND KEEPS POPULAR PROGRAMS IN LANE COUNTY. OSU's policy allows a "Full Support Budget" from self-generated funds and in-kind contributions to support Extension programs. It is time to reboot to a business model similar to Boy Scouts, KidSports, Eugene Garden Club, Bring Recycling or Oregon Country Fair. It could be as low as \$1.5 Million for the next 5 years. **No Tax Increase necessary.**

3. THIS TAX DOES NOT GO FOR KIDS OR CLUBS, NOT FOR FARMS OR FOOD. The money will go to Oregon State University Extension for more secretarial assistants, more travel expenses and office expenses, more benefits, more PERS.... **It will cost more for Lane County homeowners, renters, students and local businesses, regardless of ability to pay, for the benefit of OSU administrators.**

4. OSU EXTENSION PLANS STATEWIDE REGIONAL HUBS. The 'county office' system may be changing by summer 2010 as distribution of Extension programs goes to sharing faculty between counties, regional hub offices and the Internet. 17 Counties do not have tax service districts, including Lane, Marion and Multnomah. All 36 Oregon counties have access to Extension programs.

VOTE NO on MEASURE 20-158.

Voters with Disabilities

The Oregon Secretary of State and the Elections Division are committed to making voting more accessible to people with disabilities.

Alternate Format Ballots

The Alternate Format Ballots (AFB) are voting tools that are available to voters with disabilities. There are two types of AFB's. The e-ballot allows voters with disabilities who are unable to mark a printed ballot to vote privately and independently at home if they have, or have access to, a computer with a web browser and a printer. The Large Print Ballot (LPB) can be provided to voters with disabilities who are unable to read and mark the standard ballot.

Call **1-866-ORE VOTE/ 673-8683** or your county elections official for more information.

Accessible Computer Stations

To accommodate voters with disabilities who do not have, or have access to, the required technology to vote the e-ballot from home, every county elections office will have at least two Accessible Computer Stations (ACS), one permanent and one portable. The permanent ACS is located at the county elections office and voters can go to the office and vote privately and independently using the e-ballot. The portable station allows county election officials to, upon request, take the ACS to remote locations or a location agreed upon by the voter and the county elections officials to accommodate participation in the voting process using the e-ballot.

Voting Assistance Teams

Any voter with a disability who needs assistance can request assistance from the county elections office. A nonpartisan voting assistance team can provide assistance marking a ballot, using the ACS to mark an e-ballot, providing a LPB, or completing a voter registration card.

Call **1-866-ORE VOTE/ 673-8683** or your county elections official to request assistance.

Educational Videos

Go online at www.oregonvotes.org to view two educational videos about the Alternate Format Ballot/Accessible Voting Station and Assisting Voters with Disabilities. If you are an organization that provides services to people with disabilities you can request a copy of the videos on DVD by calling **1-866-ORE VOTE/ 673-8683**.

Signature Stamp Attestation Card

If, because of a disability, a person is unable to sign a ballot or registration card, they may use a signature stamp or other indicator that represents their signature. A signature stamp attestation form must be completed along with an updated (or new) voter registration card.
