Dear Oregon Voters,

Welcome to the 2014 Primary Election Voters' Pamphlet. Enclosed you will find valuable information about candidates and issues. If you are not yet registered to vote, you have until April 29, 2014, to do so. Here in Oregon we have made it easy for eligible Oregonians to register, update your registration and track your ballot. Simply visit www.oregonvotes.gov.

As your Secretary of State, my goal is to encourage all eligible Oregonians to exercise their most fundamental right to vote. If you're questioning whether your one vote really makes a difference, then consider this: I won my first race for the state House by just seven votes. Every vote counts! Your vote is your voice, and every voice matters!

As Oregon's top elections official, sometimes I have to tell hard truths. And the truth is that four years ago in the last gubernatorial primary election total voter participation was only 41.62%. In other words, less than half of registered voters actually cast a vote during the 2010 primary. We can do better than that!

Indeed, in 2010, there were some bright spots. Lake County had a voter participation rate of 63.90% - more than 20 percentage points higher than the statewide average! Close on Lake County's heels were Harney County at 62.29% and Gilliam County at 60.05%. I know every person in Oregon cares about their right to vote just as much as the people in Lake, Harney, and Gilliam Counties – but we all need to show how much we care by actually casting a ballot.

Every county in Oregon should strive to have the highest voter participation rate – and it's up to each and every voter to do their part by voting. So in this 2014 primary, I encourage you to look to the people of Lake, Harney, and Gilliam Counties as models. Vote! Be heard! And help your county earn the honor of having the highest voter participation rate in Oregon!

And please remember that all ballots must be received by your county elections office by 8pm on May 20, 2014. Postmarks do not count. If you have questions please call our toll free hotline at 1-866-ORE-VOTE, or visit our website at www.oregonvotes.gov.

Sincerely,

Kate Brown
Oregon Secretary of State

Voters' Pamphlet

Your official 2014 Primary Election Voters' Pamphlet provides you with information about candidates who will appear on your ballot.

It includes instructions for marking your ballot, a complete list of federal and state candidates, as well as other information to assist you through the voting process.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication. One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the Secretary of State's office, local post offices, courthouses and all county elections offices. It can also be viewed at oregonvotes.gov.

Candidates

In the primary election, candidates are divided into three sections: Democratic candidates, Republican candidates and nonpartisan candidates. Major party candidates appear before nonpartisan candidates and every two years the order in which major political party candidates appear is rotated. For 2014, Republican candidates appear first. Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Random Alphabet

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of candidates appear on the ballot.

The alphabet for the 2014 Primary Election is:

G, I, U, M, H, V, W, Z, Y, D, A, O, P, C, L, E, R, N, X, T, B, O, J, K, S, F

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at www.oregonvotes.gov.

Important!

If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by May 15. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Your voted ballot must be returned to your county elections office by 8pm election day, Tuesday, May 20, 2014.

Postmarks do not count!

County elections offices are open on election day from 7am to 8pm.

United States Senator

Monica Wehby

Republican

Occupation: Director of Pediatric Neurosurgery, Emanuel-Randall Children's Hospital

Occupational Background: President, Oregon Medical Association; Trustee, American Medical Association; President, Medical Society of Portland; Board, American Association Neurological Surgeons

Educational Background: University of Notre Dame, Baylor College of Medicine, UCLA Neurosurgery Residency, University of Utah Pediatric Neurosurgery Fellowship

Prior Governmental Experience: VA Hospital, Neurosurgical Resident; Chief Petitioner, Citizen Ballot Initiative for TORT Reform

Community Service: Trustee, Ronald McDonald House Charities; Volunteer Surgeon, Haiti Earthquake Humanitarian Crisis

Keep Your Doctor – Change Your Senator

I'm a neurosurgeon and the mother of four teenagers. I've spent my life problem-solving. I can't just stand by and watch as Oregon families, seniors, and veterans struggle. Politicians are trained to argue; doctors are trained to evaluate data and fix things. It's time to fix DC.

Opportunity for Oregonians

We need a federal government that will partner with small businesses to grow our economy, not a government that dictates, mandates, and over-regulates every aspect of our lives. With less national debt and a focus on job growth, we can help Oregon families thrive.

Healthcare Reform

In 2009, I appeared in nationwide television commercials warning Americans about the flaws in Obamacare. I knew this massive bill was going to mean more red-tape and higher premiums, while damaging the doctor-patient relationship. Oregonians deserve patient-centered, market-based solutions for healthcare. Having 30 years of medical policy experience, I can deliver on that promise.

Excellence in Education

I will work to bring our federal education dollars back to Oregon, increase school choice options for our families, and decrease frivolous mandates. I will take on Common Core, protect our children's privacy, and promote block-grants that empower our teachers and local communities.

Oregon Farmers Endorse Dr. Wehby

"Dr. Wehby is not a career politician; she actually listens to the concerns of Oregonians. She's a problem-solver. That is exactly what Oregon farmers and their families need in DC right now."

-Barry Bushue, President, Oregon Farm Bureau

Multitudes of issues face the United States, none as important as the financial health of America. 01/30/14, U.S. Government debt exceeded \$17.3 trillion. This is unsustainable. This must change. Congress refuses to be realistic or honest with you, and continue to increase the debt limit. Your hard-earned tax dollars do not belong to the government. It is your money!

It is time we elect a new senator with an allegiance to the voters, not special interests and lobbyists.

As a former financial advisor and Oregon's next US Senator, Jo Rae Perkins will carry with her the same ethical standards of the prudent man law and fiduciary responsibility treating your tax dollars with care, acting in your best interest, using caution in all fiscal decisions. It is time Congress acts to Cut Spending, Cap the Debt, Balance the Budget.

Jo Rae Perkins on issues:

We need a strong military and support for our veterans
Life begins at conception. She is pro-life/adoption

For additional information about Jo Rae Perkins' views, visit www.OregonsNextSenator.com.

As Oregon's next US Senator I promise along with my staff, every bill will be read prior voting.

Before considering how to vote, every bill must be:

Congruent with the US Constitution
Free of pork barrel spending/unrelated projects
Fiscally and socially conservative

I'm All In!

In 2012, I allowed my professional investment licenses to lapse because I knew I would be running for the U.S. Senate. I am the only US Senate Candidate 100% committed. I walked away from my career. I pledge my fortune, sacred honor and life to make a positive difference for every United States Citizen.

Humbly I ask for your vote.

Leadership, Integrity, Character, Honor & Trust

End Government Infringement:

We must stop our government from violating our constitutional protections. From the NSA spying us, to them attacking our 2nd Amendment rights, to the IRS targeting, to political correctness destroying our religious freedom. Our nation's sovereignty is under attack with the implementation of Agenda 21 and Common Core. As your constitutionally conservative Senator, I will stand strong, with Senator Ted Cruz for the rights of all Americans.

Economy:

As your Senator, who believes in the free market, I will work to make America's economy strong again, beginning with the Full Repeal of ObamaCare a.k.a "MerkleyCare".

Balance Budget; Reduce Spending:

As your fiscally conservative Senator, and a believer in limited government, I will reduce wasteful spending and push for a balanced budget amendment.

Fellow Americans:

We're at a crossroads affecting the very freedom our constitutional republic was founded upon. Supporting moderate candidates, that don't win general elections, is not an option. We need to elect a true conservative candidate that will fight for American values. We will win this election, by distancing ourselves from career politicians who are only looking to advance their own careers. We will win with a Pro-Life candidate that embraces our conservative values. A candidate not afraid to hold the President accountable for lying to us, without hesitating to convict him, if the House impeaches him. A candidate that isn't afraid to take on the establishment, to promote freedom from government intrusion, dependency, & poverty. My fellow Americans, **I Am That Candidate**. Thank you and May God Bless America.

Timothy I Crawley

Republican

Occupation: Attorney

Occupational Background: Nichols & Associates

Educational Background: U.C. Hastings, J.D.; Williams College, B.A.

Prior Governmental Experience: U.S. District Court, District of Oregon; Supreme Court of California; Federal Reserve Bank.

I was born and raised in Cottage Grove where my parents still reside. I consider it a personal obligation to help Oregon maintain its natural beauty and a healthy ecology while continuing to enjoy the benefits of a free market, untainted by monopolistic power. I have travelled to nearly thirty countries and explored a multitude of foreign cultures and environments, but Oregon has always remained my home. That is why, after completing my legal education in California and beginning my professional career there, I have returned to Oregon.

My family always encouraged me to serve others. I have advocated for civil rights in the Middle East; crewed an Alaskan fishing boat; educated the public for the Federal Reserve Bank; and represented tech entrepreneurs at a law firm in Silicon Valley. Since my return to Oregon, I have been a volunteer in environmental restoration efforts and *pro bono* legal services in Portland, tenured with an Oregon U.S. District Court judge, and currently work with a personal injury, civil rights, and small business Portland law firm. My credentials for U.S. Senate include skills in negotiation and mediation for which I have been honored internationally in the U.S., Germany, and Canada. I am a member of the Oregon and California State Bars.

As a U.S. Senator, I would help restore self-determination to our local communities by ending intransigent party warfare and righting our capsized political system. The ideals of a democratic financial system must be revived in practice. We must return to a saner foreign policy, halting an intolerable drain of American blood and treasure abroad while adopting more effective strategies for peace. Perhaps most important, we must secure our sacred individual rights to life, liberty, and the pursuit of happiness – free of unwarranted government interference.

**JASON CONGER FOR U.S. SENATE
REAL. CONSERVATIVE.**

Jason Conger and his wife, Amy, have been married for 25 years and have five children. Jason lives and practices law in Bend and is proud to represent his community in the Oregon Legislature.

Jason faced poverty most of his life. He knows how it feels to be hungry, to live in a single-wide trailer without heat in the winter, and even to be homeless.

But Jason's story doesn't end there. After striking out on his own at 16, working his way through community college and Humboldt State University, Jason was accepted into Harvard Law School.

In 2010, Jason defeated an incumbent Democrat for a seat in the Oregon House of Representatives. Two years later, Jason won re-election by an overwhelming margin. His central Oregon district is a microcosm of the state, and Jason has proven he can win tough elections against the odds.

Jason has championed conservative issues like tax cuts, traditional marriage, life, 2nd amendment, and a balanced budget.

Jason Conger knows the struggles of Oregon's working and middle-class families. He understands what it takes to get out of poverty, and he can connect with voters Republicans have struggled to win in recent elections.

Homeless to Harvard is just part of the Jason Conger story. Help Jason defeat Jeff Merkley and he will fight for conservative principles in DC.

The Problem

The federal government is out of control. Its agencies are running roughshod over cherished Constitutional rights and destroying Oregon's prosperity. We need a new American Revolution that prunes the tree of federal government to restore the fruit of good government. This cannot be achieved by re-electing the professional politicians who made the mess.

Solution: Decentralization

Congress makes two great errors: failing its responsibilities under the Constitution and passing laws in areas that are not its responsibility. This makes the federal government into a jack of all trades and master of none. Americans can no longer afford multiple layers of government in charge of the same things. I will fight to put Oregon in control of its own future, rather than a beggar fighting for smaller and smaller scraps of a shrinking federal pie.

Solution: Accountability

Oregonians are outraged that Congress permitted enormous financial institutions to mortgage America's future to pay their gambling debts. Oregonians despair that Congress throws trillions into a military-industrial complex that spies on us and wastes money all over the world. Because I am no one's puppet, I can oppose the special interests that are bankrupting the country. Congress used to hold hearings that resulted in prosecutions or impeachments.

Solution: Simplification

An economy with more and more citizens employed to fill out government paperwork is a sick economy that kills off job creation. We can protect Americans with fewer laws and fewer forms, but only if we stop electing professional politicians who are sure the answer to every problem is more government employees. As a lawyer intimately familiar with federal complexity, I know what needs to be pruned, and will insist on fixing what we have, rather than supporting new programs and spending.

BEN POLLOCK IS FIGHTING FOR OREGONIANS

RESTORING OUR ECONOMY

A lack of jobs, stagnant wages, and rising prices have hurt Oregon families and prevented hard working Oregonians from getting ahead. An ever-larger Federal Government has not solved these problems and has only made things worse. We need pro-growth and pro-job tax reform, reined in government spending, free-market healthcare, increased local control of our timberlands, and regulatory reform that will unleash opportunity for all.

KEEPING PROMISES

We have made promises to our seniors and veterans that must be honored. While Social Security and Medicare are undeniably insolvent in the long term, the reforms we make must honor our commitments to seniors. In addition, we must guarantee that those men and women who have worn the uniform of the United States are treated with the utmost respect when they return home; it is the least we can do as a nation forever in their debt.

BACK TO BASICS

The Federal bureaucracy acts far outside its Constitutional authority, spending money we don't have on programs we don't want. We must restore autonomy to state and local governments and let Oregon decide what's best for Oregon. This includes local control of education, which is why Oregon Moms Building Excellent Schools Together has endorsed me. As a member of Congress, I will defend the entire Constitution, including the Second, Fourth, and Tenth Amendments.

A CONGRESS OF THE PEOPLE

This country will not change for the better if we keep electing career politicians. I have not been a lobbyist or skipped from one taxpayer funded position to another, and I don't lie about my positions or endorsements to win votes. We need citizen representatives who go to Congress, serve their constituents, then come home, get a real job, and live under the laws they've passed.

Today's Congress has earned its 9 percent approval rating, passing Obamacare when the American people didn't want it, and refusing to allow reasonable harvests on our federal timber lands, even though our rural counties are starving. Congress refuses to pass a federal budget, let alone a balanced budget.

My commitments:

repeal Obamacare

return Oregon's forest to local county control

reduce the deficit and balance the federal budget

I know how a **Republican like me can win elections** in Western Oregon. It's not easy, I've done it: twice in the state legislature, as recently as 2012, when I beat an incumbent for Clackamas County Commission.

My values, work ethic, experience are why so many **elected officials in the District support me.**

Gordon Challstrom has the equivalent of a Ph.D. in the school of hard knocks. As a youngster, Gordon worked in the fields of the Willamette Valley and delivered newspapers to help his single mom make ends meet. After high school, Gordon became the youngest grocery manager in Albertson's history before achieving a four-year university degree in only two years.

Returning to Oregon, Gordon built a multi-million dollar commercial concrete business from the ground up, creating dozens of family wage jobs throughout Oregon.

When the recession hit Oregon hard, Gordon became increasingly alarmed by the direction a nonstop stream of liberal governors had taken Oregon. As governor, Gordon's focus will be on getting Oregon's economy back on its feet and making Oregon a state that is friendly to small businesses and entrepreneurs - the real job creators.

A man of principle, Gordon Challstrom is an across-the-board, limited government conservative who believes government should *protect* private property rights, not *undermine* those rights through intrusive, overreaching land-use regulations.

As governor, Gordon will work to bring the massive amounts of federal lands in Oregon under the control of Oregon counties - for the benefit of all Oregonians.

Gordon will oppose tax increases. He believes Oregon's high income tax rates are depressing job creation and sending a clear message to new and expanding businesses to locate elsewhere.

Gordon believes schools should be about kids and the basics of education rather than a race to spend never-ending sums of money catering to the demands of teachers unions.

As a strong supporter of the Second Amendment, Gordon will defend life, liberty, property, and the traditional definition of marriage. Oregon needs Gordon's wisdom and leadership. Please vote Gordon Challstrom for governor.

Elect a lawyer, get more laws. Elect a businessman, get more jobs!

Governor

Tim Carr

Republican

Occupation: Gubernatorial Candidate

Occupational Background: CEO + President of CoSource USA 2004 - 2013; Vice President of Sales and Marketing at DePaul Industries 1995 - 2004

Educational Background: Attended University of Portland. Graduated Portland State University, BS Political Science. Jesuit High School

Prior Governmental Experience: None

My name is Tim Carr, and I'm from Portland but for Oregon. I am committed to making *Oregon* an even greater place to live by playing an active role in making my community a safer, better place to raise my children, find employment, and forge a future filled with promise.

As a life long Oregonian, a businessman, and an entrepreneur, I have seen first hand, what 25 years of democratic leadership has done for our great state. We have lower job opportunities that ever before and our quality of life has decreased.

Running the state of Oregon is like running a business; which is why we need to elect leaders who recognize that we are all on the same team. We're Oregonians, and we all want what is best for Oregon.

As Governor, Tim Carr will focus on:

Economic Prosperity: Attract (*aka STEAL BUSINESSES*) from other states by creating a "business friendly" environment through Taxation Reform and Sensible Regulation Reform.

Education Strength: Prioritize budgets to ensure fiscal sustainability for public schools (K-12) and focused initiatives to promote Oregon's world class higher education facilities.

Government Spending: Develop a path to eliminate wasteful programs that take money away from Education, Public Safety, & Economic Development.

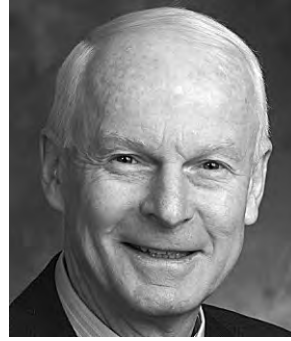

PERS Reform: Stop the debilitating effect of state and local government being strapped and strangled by PERS requirements.

Environmental Stewardship: Work to find a long-term resolution to the O+C Land issue and provide sensible solutions for our environment without sacrificing jobs.

Please vote for me, Tim Carr...as a Republican whose agenda is to make Oregon better for everyone. We may not always agree, but we can always find some common ground.

Vision & Leadership

Oregon has operated without a vision for the future for far too long. A Richardson Administration will rise to the challenge of preparing our state for the future, protecting our seniors, educating our children and empowering small businesses to grow, prosper and create jobs.

Creating Jobs, Promoting Oregon

I've organized and directed 10 international legislative trade delegations to promote Oregon business, education and tourism. As Governor, I will open new markets for Oregon products and services that create jobs and return prosperity to Oregon.

It's Your Money – Demand Value.

I've earned a reputation for demanding absolute accountability and fiscal discipline from government. I'll put an end to cronyism, demand accountability and lead a government that will be more focused on protecting your job than mine.

Balancing Priorities

We can protect our environment and our jobs. My policy will be simple – I'll get government out of the way of good corporate citizens that follow the rules and create good jobs but I will have a zero tolerance policy for those that put self-interest ahead of responsibility.

Innovation

Innovations in energy, communications, transportation and manufacturing are providing full-time, living wage jobs for a new workforce. These technologies must be supported with world-class education, trained skilled labor and a predictable regulatory environment that fosters investment in Oregon.

"It's time for a Governor who will listen to the people, take responsibility to hold state agencies accountable, and make sure that every penny is spent with purpose. It's time to get Oregon back on track."

Dennis lives in Central Point with his wife Cathy of 40 years. They have nine children.

Chinese businesses are either partly or entirely owned by the communist Chinese Government. Such subversive activities are un-American.

Direct Oregon towards a means to swiftly and abundantly reduce regulation, protect private property rights and the rights of the people to use public lands. Allow industry and agriculture to flourish. Instigate a state self sufficiency plan.

Wholeheartedly pursue a debt free sovereign position for the state. Times are hard for the private sector. Public employees must cooperate by assuming responsibility for their own retirements; Phase out PERS.

Insist public schools bring back constitutional patriotism. Teach basic reading, writing arithmetic, pure science and American history, Vigorous physical education. Then set the students free to follow their own paths of interest. Teach more hands on skills. No psycho social engineering. Private and Home school vouchers, Freedom in Education.

RE-ELECT SENATOR ALAN OLSEN
YOUR STATE SENATOR

CREATING JOBS

In the Oregon Senate, Alan has made creating family-wage jobs a priority. As a small business owner, Alan has spent more than 25 years creating jobs for our friends and neighbors. He knows what it takes to get our economy working again.

This year, Alan sponsored legislation to extend business tax cuts to all small businesses. Alan is committed to providing tax certainty and equity for all Oregon businesses, not just large corporations.

IMPROVING EDUCATION

For too long, Oregon has failed our children with education policies that treat the symptoms of our failing system, rather than solving the problem. As your Senator, Alan supported measures to give our children the skills and funding they need to compete with students internationally. We must continue to ensure our education dollars are focused where they will do the most good for our students: in the classroom.

MAKING GOVERNMENT WORK FOR YOU

Alan believes that Oregonians want transparency in government. Alan fought for several bills in his first term to increase transparency and efficiency in Salem, including preventing legislators from submitting amendments anonymously. You deserve to know how your legislators are representing you.

SUPPORTING OUR VETERANS

As a veteran himself, Alan has worked hard to provide greater access to services for our veterans, and serves on the Senate Committee on Veterans and Emergency Preparedness. Last session, Alan sponsored and passed two bills to aid Oregon veterans, giving them access to cheaper in-state tuition rates at Oregon universities and the ability to take Veteran's day off to be honored for their sacrifice.

Business and Transportation; influencing economic and transportation policy

Interim Emergency Board; convening for time-sensitive matters and emergencies

Environment and Natural Resources Ways and Means Subcommittee; handling Oregon's budgetary issues mostly for agriculture and land use

SOLUTIONS AND LEADERSHIP

Prior to serving as your State Senator, I had been a Hood River County Commissioner for 16 years, and had always prioritized jobs and small businesses. I ran for the Senate four years ago because I wanted my children and yours to have the same opportunities that I enjoyed growing up in Oregon.

I have stayed true to my values, by remaining the same person in office that I was when I first campaigned. Throughout tough decisions I make in Salem, I always reflect upon why I was elected - to do the best job that I can for the people of Oregon.

As your Senator I ensure that schools, public safety and other core functions are funded first. We also have to balance the budget without raising taxes. I encourage responsible economic growth, and help foster a stable business climate where real family-wage jobs are created and entrepreneurs are given the opportunity to succeed. Jobs in the private sector must be our number one priority.

I hope I have earned your renewed trust that I am here to serve and get the job done. With that, I humbly ask for your vote.

I'm not a career politician and I don't want to be. What I want to do is serve the citizens of House District 18 as a true conservative who doesn't vote with Democrats on major issues, but stands firm for Republican values of limited government and respect for the Constitution.

I'm running against the incumbent because he simply has lost touch with Republicans in the district with his big government votes. Like voting with the Democrats for Oregon's ObamaCare, to give local education control to the Federal government, putting the government into the hotel business and competing against private enterprise, removing Oregon's founder Jason Lee's statue from the US Capitol building and his manipulating the citizens' constitutional rights to challenge the legislature when it passes bad law. Additionally, he was a leader in the attempt to give Oregon special drivers licenses to illegal aliens.

I pledge to you that I won't vote for big government or join PERS, but I will vote for limited, smaller government. I will vote to reduce taxes and regulations that cost us our jobs and prosperity. I will vote to end taxpayer funded abortions in Oregon. I will vote to give you greater health care choices and lower costs by embracing proven, free market solutions instead of government run healthcare.

It's time House District 18 had a true conservative Republican standing firm for us in Salem and not an out of touch career politician who votes with Democrats.

I am David Darnell and I ask for your vote on May 20th.

**Re-Elect Representative John Davis
a Problem Solver True to His Word**

“John Davis remains committed to igniting the private sector economy, prioritizing state spending, and pursuing excellence in our schools.”

- House Republican Leader Mike McLane

John Davis: Revitalizing Our Economy

In his first term in the Oregon House, John Davis made true to his campaign promises by leading the successful bipartisan effort to provide tax relief for small business, streamline government, and reduce red tape facing business and property owners in Oregon. Then, he helped defend Oregonians and small businesses from tax increases and stifling regulation. That’s why John earned a 94% rating from Associated Oregon Industries, Oregon’s largest statewide business association.

John Davis: Prioritizing Spending on Schools, Roads, and Public Safety

John Davis kept his campaign promises by voting against massive increases in the size of Oregon’s bloated state agencies. Instead, he supported funding for fundamental road and transportation needs, education, and public safety. He championed pension reforms projected to save Oregon taxpayers, school districts, and local governments over \$5 billion into the future.

John Davis: Supporting Kids First

John Davis kept his campaign promise to support kids and schools first, by voting for the largest K-12 school budget in Oregon history, voting against unfunded mandates on our teachers and schools, and supporting the rights of parents and kids to their educational choices. Then, he championed efforts to fully support science, technology, engineering, and career programs in our high schools and colleges to train Oregon students for jobs of the future.

In her second term as your State Representative, Julie passed legislation that matters!

Julie has been an effective legislator, working to solve problems that affect the communities in her district, and across Oregon. She strives to ensure we have opportunities and quality choices which meet the needs of Oregon families.

Education and the Economy

Julie served on the Special Session committee that passed the “Grand Bargain” which helped increase funding for Oregon’s K-12 and higher education institutions, addressed PERS reform, and passed one of the largest-ever small business tax cuts. The net result – many cities and counties had more money in their general fund budgets and schools were able to stabilize their budgets.

Healthcare and Critical Human Services

Julie worked to pass healthcare legislation that would increase healthcare access for Oregon families, while at the same time, creating a better environment for healthcare providers. She chief-sponsored bills to help people get better access to practitioners and provide vision screening to Oregon’s school children. She has worked to get payment parity for nurses and is **endorsed by the Oregon Nurses Association.**

Serving the Community

Occupational Background: Outside sales contractor; building materials sales

Educational Background: State University, Business studies, 1972-1975

Prior Governmental Experience: None

Family: Married to Linda for 38 years; two sons, David and Michael.

A Commitment to Oregon and Our Community

As a life-long member of our community and a second-generation contractor, Steve has experience creating jobs and has developed long-time family and business friendships in District 40.

"I ran for State Representative in 2012 because I believed Oregon needed leadership that would help move the economy in a positive direction, and that the Oregon Legislature needed to be focused on passing laws that help families, not restrict their opportunities for climbing out of the recession and getting a good education for their children. Since running, I've watched as my neighbors have continued to struggle, and the Legislature worked to reduce choices for families. I would be honored to have you consider me to be our next State Representative so I can work for the change we need in Oregon."

Education and Career Opportunities for Oregon's Children

One of the most difficult challenges facing Oregon is that our youth do not have the opportunities that we had growing up. Oregon's 18-24 year-olds have some of the highest unemployment rates, and higher education costs continue to climb, essentially pricing Oregon's students out of a future. More than that, the graduation rates are stagnant, educational outcomes have not improved, yet the cost of an education continues to grow.

"We can do better! I'm committed to ensuring families have a variety of choices for their kids, and that we work to reduce the high cost of tuition in Oregon's higher education institutions."

Serving our Veterans

"Oregon is faced with yet another deployment to Afghanistan this year. As a military dad, I'll work to ensure when our soldiers come home, they get the services they need."

Prior Governmental Experience: None

Professional & Community Involvement: National Alliance on Mental Illness (NAMI); The Elks; Oregon State Pharmacy Association; Catholic Charities; City Club of Portland; OFF; NRA

As a Pharmacist and former Manager of a large Community Pharmacy, I understand our issues in health care and how to manage a business.

Like most Oregonians, I am deeply concerned about Oregon's spending priorities. We have little to show for the alarming growth in spending. Oregon's government has lacked accountability and transparency. Poor decisions have led to over spending and waste.

As your State Representative I will work to restore appropriate spending priorities in Salem. The Legislature has held schools and public safety hostage every time they want more revenue for non-essential programs. Spending has increased remarkably while the quality of core government services has significantly decreased. Many agencies are ineffective and inefficient with little or no legislative oversight.

As your State Representative I will work to promote job growth and long-term economic stability. I value hard work and will work to make it possible for businesses to do what they do best --- create jobs and ignite the economy. Regulations should guide, not restrict, and tax policy should encourage, not discourage, entrepreneurial risk-taking and small business creation.

Thank you for your vote as together we work to increase Oregon's vibrancy and promise for Our next generation. I grew up in Our District and I will listen to your concerns. **I am The Clear Choice for Your Voice in Salem.**

Occupation: Membership Director, Building a Better America Council

Occupational Background: Small business owner; sales, National Builders Hardware

Educational Background: University of Wisconsin (general studies); Clackamas Community College

Prior Governmental Experience: Happy Valley Police & Public Safety Committee

Community Service: Volunteer for Molly's Fund (Lupus research/awareness)

Family: Married to husband Kevin for 20 years; children Eric, Samantha, and Katelynn attend North Clackamas Schools

As a community-connected candidate, Jodi believes the legislative process belongs to the people, *not politicians*.

Bringing Back Oregon Jobs

As the membership director for the Building a Better America Council, Jodi has worked to bring back American manufacturing through the building and construction-trade industry. Jodi believes when Oregon families have living-wage jobs, they won't have to worry about how they will take care of things like paying their bills or affording the things they need for their loved ones.

Quality Education with Choices for Families

Jodi knows public schools aren't an option for every child. She believes in order for children to succeed, families must have more choices. Jodi will champion increased funding for strong public education choices, but will give her attention to increasing options like career technology education, STEM, and hybrid education programs between K-12, online schools, and community colleges. Jodi believes education and career-tech training is the key pathway that lifts families out of poverty and moves them forward into lifelong prosperity.

Improving Critical Human Services

Jodi knows firsthand what it's like to struggle financially, and Oregon families continue to face financial uncertainty in the recession. Jodi realizes the need for human service programs that work. Whether helping victims of domestic violence, children in foster care, or our returning veterans who have served through multiple deployments, the programs Oregon offers to help our neighbor in need must ensure the money gets to the people while spending taxpayer dollars wisely.

Economic Development and Job Creation

As a small business owner, I appreciate the relationship between private sector job creation and economic growth. That's why I supported the largest small business tax cut in Oregon's history and will continue to support sound economic policies that create jobs.

I co-sponsored legislation that expands access to CTE and apprenticeship programs throughout Oregon. I've worked to increase opportunities for STEM training to create the workforce our industries need. I continue to encourage sustainable development of our abundant natural resources to create family-wage jobs and bring prosperity to Oregon.

Kids First: My Plan for Improving Education

I proudly supported increasing funding for K-12 by over one billion dollars. I've worked to strengthen teacher evaluation & support systems so our students can receive the best quality classroom instruction. We must continue to reduce class size and absenteeism rates while lengthening the school year. I continue to support school choice opportunities for families. I will advocate for targeted funding to implement changes and increase outcomes for students across Oregon.

In two sessions on the Higher Education Committee, I helped develop legislation to create efficient coordination and governing of our higher education system. I will work to continue to improve access to higher education while holding down tuition increases resulting in lower student debt.

Oregonians Deserve Results

In my personal life, I get things accomplished. As a legislator, it is the same. I'm proud of my reputation in the legislature as someone focused on building relationships, reaching consensus, and solving problems. I have been, and will continue to be, focused on developing sound policy, not playing politics, for my constituents and Oregon.

Jobs and Economy

Private business has always been the economic engine. I'll continue working to remove government interference and over-regulation to allow Oregon businesses and entrepreneurs, latitude to make Oregon vibrant again. With my small business background, I understand what it takes to create jobs.

Fiscal Responsibility

We cannot spend and borrow our way to prosperity. We must control and prioritize spending while working to reform our budgeting process. I consistently vote against wasteful spending and the dangerous practice of over-borrowing, balanced with supporting prudent, targeted investments. Our spending level is unsustainable, not because we have too few taxes. It's because government spends too much! Let's right-size state government, work smart and be efficient.

Personal Freedoms

I believe **you** know what's best for you, your family and your property, not lawmakers and agencies in Salem. We need to put the money and power back in the hands of the people so they can choose how to spend the money they have earned. From educating your kids, choosing a vocation or protecting and planning for the future, the freedom to choose should be yours.

Track Record

Precinct Committeemen and Committeewomen in the Oregon Republican Party

What is a PCP?

The 700,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 700,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County officers whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

What are Republican Principles?

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life – requires protection for life, liberty, private property, and common sense ethical principles.

These principles are found in our Bibles and in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.
- Government must be fiscally responsible and require in taxes only that minimum of the earnings of Americans required to fulfill its Constitutional responsibilities in an efficient and effective manner.
- The traditional customs and culture of our nation must be preserved, especially those that are essential to our families, our professions, and our way of life.
- In general, everyone should do all that they agree to do, and no one should encroach on other persons or their property.

In this 2014 election campaign, Oregon Republicans will work to elect Republicans to public office throughout Oregon – local candidates, candidates to the Oregon House, Senate and Governorship, and candidates to the United States House and Senate.

We invite you to become a Republican Party PCP and to work beside us on behalf of good government in our state and nation.

United States Senator

Jeff Merkley

Democrat

Occupation: U.S. Senator

Occupational Background: Executive Director, Portland Habitat for Humanity; National Security Analyst, Pentagon and Congressional Budget Office; President, Oregon

World Affairs Council

Educational Background: David Douglas High School; Stanford (B.A., International Relations); Princeton, (M.A., Public Policy)

Prior Governmental Experience: House Speaker, 2007-2008; House Democratic Leader, 2003-07; House Member, 1999-2008

Jeff Merkley's Agenda For Oregon Families

- Create good paying jobs
- Make college more affordable
- Take on the special interests to reform Washington
- Protect Social Security and Medicare

Fighting For Middle-Class Families:

In a Congress that seems to be filled with champions for the special interests, Jeff Merkley consistently fights for Oregon's middle-class families.

- Son of a millwright, Jeff knows the value of a good-paying job and has fought to create living-wage jobs in Oregon.
- First in his family to go to college, Jeff has voted to keep college loan interest rates low and has a plan to make college affordable.
- A long-time consumer advocate, Jeff has taken on the big banks and Wall Street to protect middle-class families from their predatory practices.
- A champion for our seniors, Jeff has strongly opposed attempts to privatize Social Security and Medicare.

Taking on the fights to protect Oregon values:

- Jeff has fought to protect a woman's right to choose and to ensure women have access to affordable and safe healthcare.
- In the Senate, Jeff has led the charge for equality with workplace protections for the LGBT community and support for marriage equality.
- Jeff supports equal pay for all; one of his first acts as Senator was to vote for equal pay legislation.

"Senator Merkley has been a terrific partner fighting for Oregon's middle-class families and working to create good-paying jobs. He has been an outstanding champion for Oregon values. I look forward to continuing our work together to make sure Oregon is a great place to live and work."

With all the rancor and partisanship in Washington, DC, I've taken a different path: focusing on policies that will strengthen America and not on short-term political games.

I never stop fighting on issues like protecting Social Security, cutting spending for nuclear weapons, creating jobs for Oregonians, getting health care right, protecting our environment and marriage equality.

At the same time, I work on issues that we can accomplish now and that bring us together like providing help for veterans, fighting for healthy foods for our children, championing small businesses and protecting animals by stopping animal fighting and setting standards for factory farms.

These shouldn't be controversial! But some are because of entrenched special interests.

Leadership when it's needed. Not when it's popular.

In Congress, I'm tackling some of our toughest problems:

Finding funds to rebuild and renew America by improving our transportation and water systems that are falling apart.

Making sure that individual's wishes are respected at the end of life.

Reforming marijuana laws by putting states in charge and not the federal government.

We must also deal with our place in the world. That's why I am leading efforts to get safe drinking water and sanitation to some of the world's poorest and most desperate people - not just because it is the moral thing to do, but because it's better foreign policy than simply waging war.

I support negotiations with Iran to stop them from building nuclear weapons.

It's time to act and leave the world better for our children and grandchildren. I promise leadership when it's needed, not just when it's popular. That's why I'm asking for your trust and your vote.

Brown is concerned that the economical interest of the average American is not being represented. The TPP trade-agreement which is described as NAFTA on Steroids, it would mean Americans will have to compete with Vietnam and 11 other countries wages. Brown will oppose the TPP. My opponent voted yes to the Korean Trade Agreement on Oct. 12, 2011 which has hurt the American steel industry.

Increasing wealth & income inequality in the U.S. is the greatest moral and economical issue of our time. Raising the federal minimum wage to \$10.10 is important, 7 out of 10 Americans are in favor of this. If you want people off food stamps, if you want people off of welfare, if you want women to be self-sufficient, vote for Brown. My opponent voted against this with the Republicans in 2013.

Brown will support your rights to clean air, clean water, economical college and vocational schools for the 21st century, healthcare for all & environmental protection.

Anita Brown is asking for your vote.

Kurt Schrader for Congress. Putting Oregon First.

Delivering for Us

- Kurt is investing in the future of Oregon’s children and workforce with increased federal funding for Head Start, K-12, community colleges, and Pell Grants for our college students.
- Kurt led the fight keeping Newport as the new base of the NOAA Pacific Fleet, and for funding of the Woodburn Interchange, bringing hundreds of jobs and economic opportunities into our Willamette Valley.

- Kurt is a Congressional leader for a balanced budget plan for \$4 trillion in deficit-reduction and job creation over ten years.
- Kurt led the efforts to prevent staggering flood insurance premium increases that would have hurt homeowners throughout the district.

My Fellow Oregonians,

Four years ago Oregon was a polarized state with an uncertain future. Standing in the depths of the recession, our legislature was divided, faced with high unemployment and a budget deficit of \$3.5 billion.

Since then, we have accomplished a lot together:

We erased one of the largest per capita budget deficits in the nation with bipartisanship and civility, not gridlock.

We created over 60,000 jobs and now have **one of the nation's fastest-growing state economies.**

We are reinvesting in our schools, adding over \$1 billion in school funding this biennium, while making strides towards a seamless, outcomes-based public education system from pre-school through college and career training.

We enacted pension and public safety reforms that **lowered the cost of state government.**

We have enrolled over 260,000 Oregonians into health coverage, lowered the rate of the uninsured by 20% and created a health care system that will keep people healthier at significantly lower costs.

And we did it the Oregon way, refusing to let partisanship get in the way of doing the right thing.

We've made remarkable progress. But change is fragile in its beginnings. I'm asking for your vote so we can solidify and expand our progress on education, health care and the economy and tackle the great challenges still before us:

- Ensure that Oregon's economic recovery reaches all Oregonians by reducing the "opportunity gap" and income stagnation that is eroding the middle class.
- Accelerate our transition to a sustainable, clean economy.
- Bring stability to our public finance system to reliably reinvest in public education.

We've accomplished big things together. But there is more work to do. I believe we are up to the task.

Sincerely,

John Kitzhaber

I was born in Silverton, Oregon, graduated Canby High School working summers on my grandfather's farm. After high school, I attended a Trades school at Clackamas Community College. I was fortunate. I learned a trade that put me and my family in the Middle Class. Back then the deal was, if you worked hard, got a good education and played by the rules, you had a shot at the American Dream. I worry that our children won't have the same opportunity unless we make some changes.

- **People Need Jobs – We must use all the tools for Job Creation**

The key to growing jobs and creating a sustainable economy in Oregon includes an investment in state and local infrastructure and targeting state resources to support small businesses.

- **Stable Funding For Our Schools**

Protect against teacher layoffs that cause increased class size. Support our colleges and technical schools to make our labor force thrive in a world economy.

- **Environment and Natural Resources**

Protect our environment promoting clean air and water at all levels striking a balance between protection and managed use of the environment that is uniquely Oregon.

- **Government Accountability**

Independent Ideas that Work for Oregon

Creating Jobs to Move Oregon Forward.

Margaret is dedicated to creating jobs that pay a living wage. Things are starting to turn around in Oregon's economy, but this recovery is too slow. Margaret is committed to putting people back to work and this session boosted funding in career and technical education programs that help graduates enter the workforce; and invested in retraining unemployed and underemployed citizens.

Ensuring Oregon's public schools make the grade.

A former high school teacher and an education advocate for over 30 years, Margaret knows how important it is to adequately fund our schools. That is why she has spent her time in the Legislature fighting against teacher layoffs that are causing increased class sizes.

Supporting a government that works!

Margaret believes in a government that serves its people by being effective, efficient and transparent. We need to maximize the funds that are invested in programs that work and hold accountable those that are wasting funds. As your State Legislator, Margaret passed legislation that shut down a wasteful experiment in highway maintenance and saved the state over a million dollars.

Margaret's about people. Not politics.

"Too many elected officials play politics with our future. We need independent thinkers with new ideas. As an attorney in Oregon for the last 15 years, Ted Roe has worked tirelessly to protect the interests of small business people and workers. As a small business owner himself, he understands the significant issues facing businesses today.

If elected he will work to bring jobs back to Oregon. We must invest in people and the workforce because only through the expansion of a growing, well paid workforce will we all see prosperity.

Fighting For Your Interests

Ted will fight against the interests of big banks and insurance companies who buy influence in the legislature. Ted has vowed to not take any campaign contributions from any insurance company or financial institution. Ted Roe wants to be your voice in Salem.

Strengthening Public Education

Ted knows how a public education can transform lives and build communities. He is committed to making public schools in Oregon the best in the country, through higher pay for teachers, programs that foster youths going to college, lowering the cost of tuition for higher education and creating better training opportunities for all Oregonians to find well paid jobs and start rebuilding the middle class in Oregon.

Fighting For New Jobs

Ted Roe would advocate for changes in the existing corporate tax system to promote new investment and business development in Oregon and the creation of new jobs.

Advocating for ALL Oregonians

Ted Roe will demand fairness and opportunity for all Oregonians. He will fight to create new jobs and he will fight to strengthen public education and protect small businesses and workers.

Deb's priorities are our community's priorities:

- Creating a strong workforce prepared for the future. Schools should offer career and technical education to give students training at the high school and community college levels. The job market needs workers ready for good middle class jobs.
- Supporting stable funding for public education. As an educator, Deb knows shortened school years and larger class sizes have directly impacted the level of education students receive. She'll work for stable funding for public education.
- Encouraging and assisting small businesses. We need to cut through red tape and find new ways to encourage dreamers to build and grow small businesses.
- Protecting the environment. Deb fought to protect the Three Creeks natural area from being turned into a paved road while on the Milwaukie City Council. She'll take that passion for our environment with her to Salem.
- Respecting our seniors. Seniors deserve our respect - and access to the care and services they need.

Bringing Oregonians Together to Build
Stronger Communities.**

Educating Our Workforce

As a former career and technical education teacher, I know the importance of preparing our students for working wage jobs. Last year, I championed an effort to award grants to career-related student organizations that keep kids engaged in learning. I also supported legislation that provided grants to develop shop programs to prepare students for 21st century occupations.

Creating Jobs and Supporting Small Businesses

Our community plays a critical role in Oregon's manufacturing sector. Last year, I co-sponsored legislation that established the Office of Small Business Assistance to help local businesses understand and comply with various regulations. I will continue to work with local business associations to ensure that our local employers have the tools they need to maximize profits and hire new employees.

Protecting Our Natural Resources

Oregon's agricultural and tourism economies are an important part of our state's fabric. That's why I led an effort this year to protect our bees and other pollinators from the massive die-offs that plagued Oregon last spring. I am excited about working with the agricultural, farming, environmental, and science communities on this issue in the coming months.

Connecting with my Community

Being a state representative isn't just about the votes in Salem, it's also about staying connected with my community. It has been my honor to stay engaged with local residents by hosting town halls and community forums, in addition to attending neighborhood association meetings. My community's leaders inspire me to ensure that all elected officials representing this area are well informed about the needs and opportunities of District 48.

State Representative, 51st District

Shemia Fagan

Democrat

Occupation: Business Attorney

Occupational Background:
Business Attorney

Educational Background: Law School

Prior Governmental Experience:

David Douglas School Board, Current State Representative

I'm Shemia Fagan, your State Representative.

My dad was a single parent raising three kids in rural Oregon and we struggled to make ends meet. But my dad taught us that education and hard work could pave the road out of poverty. So I worked hard, putting myself through college and law school and built a career as a business attorney; my brothers mastered skills in the trades. Strong schools and vocational training made that possible.

As a mom, I worry that the same opportunities that Oregon gave me won't be there for the next generation. You sent me to Salem to change that. And I've delivered by:

- **Strengthening our schools** by passing an historic education budget, the largest in Oregon history, targeting investments in summer school and scholarships for low-income students, and stemming the rising tide of tuition at public universities.
- **Promoting job creation** by funding community college workforce programs, creating the Office of Small Business Assistance, supporting tax relief for small businesses and farmers, and hosting an innovative series of free workshops for local employers so they have the help they need to create jobs in our community.
- **Standing up for Oregonians** by creating bipartisan solutions to hold those who caused the Cover Oregon debacle accountable and protect Oregon families and small businesses from the technological failures. I also passed workplace protections for employees who need time off to grieve the death of a family member, fought to keep toxic chemicals out of children's toys, and secured millions of dollars to build sidewalks and crosswalks in neglected neighborhoods.

I delivered on my promise to **put politics aside** to fight for what matters most: our schools, living-wage jobs and Oregon families.

Today, I'm asking for your vote so I can keep fighting for you.

In 2012, Tom Balmer's colleagues on the Oregon Supreme Court showed their confidence in his judgment, leadership, and legal skills by selecting him to serve as Chief Justice. In that role, he has led the Oregon courts through a difficult budget climate by carefully managing limited resources, adopting technology innovations that work, and improving court efficiency. Chief Justice Balmer has traveled the state to visit local trial courts and seek ways to improve access to justice for all Oregonians — while carrying a full workload of opinions and rulings on the Supreme Court. That performance is no surprise. Since 2001, Tom Balmer has served on Oregon's Supreme Court with distinction, exhibiting fairness, intelligence and an extraordinary work ethic.

The foundation of Chief Justice Balmer's success is his hands-on experience in the key areas the Supreme Court deals with every day. He has tried jury cases, argued before the U.S. Supreme Court, advised individuals and business clients on a wide variety of matters, and counseled elected and government leaders on constitutional and public law issues. As Deputy Attorney General, he argued criminal, election and constitutional law cases in Oregon and Federal courts. Tom Balmer's reputation as a thoughtful scholar and practical problem-solver is well known. His broad, well-rounded experience and integrity has earned widespread support.

Law practice became a practical way of working with people's problems one at a time. For 30 years, he handled disputes in trial and on appeal in state and federal courts. He was often brought in on troubled cases to overcome procedural threats of dismissal and assure clients of their "day in court" on the merits of their cases.

Appointed in 2013, Judge DeVore stresses that a judge must listen, be patient, fair, and open-minded, see through the fog of conflict, know well the facts and law of each case, care about people, and work hard to see justice achieved. In Oregon, we have a right to expect that and nothing less.

Vote by Mail Frequently Asked Questions

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between April 30 and May 6, 2014. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by May 9th, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at www.oregonvotes.gov.

What if I have moved and have not updated my registration?

If you were registered to vote by April 29 but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated official dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to www.oregonvotes.gov or you may contact your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single 49¢ first-class stamp. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

The voted ballot must be received in any county elections office or designated dropsite by 8pm on election night. Postmarks do not count!

How do I know if my ballot is received?

You can track the status of your ballot by going online to: My Vote at www.oregonvotes.gov or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call 1-866-ORE-VOTE (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:
