DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION
JIM WILLIAMS
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310

Dear Fellow Oregonian,

By many accounts, this is one of the most historic election years in recent memory. Whether you are a long time voter or this is your first opportunity to vote, please use this voter guide to find valuable information about the candidates who would like to represent you.

This voters' pamphlet is sent to every household in Oregon. But you must be registered to vote to receive a ballot to cast in the upcoming election. **If you are not yet registered to vote, you have a very short window – until April 26th 2016 – to do so. You can also visit oregonvotes.gov to check your registration status.**

We are fortunate to live in a state that works to get a ballot in the hand of every eligible Oregonian. The Secretary of State's office is committed to making voting easy and convenient whether you are a first time voter, a voter serving in the military, or a person living with a disability. The health of our democracy depends on your participation.

Oregon was the first in the nation to implement an all vote-by-mail system and we consistently have some of the nation's highest voter turnout rates. This January, we implemented "Oregon Motor Voter" – a program that automatically registers qualified Oregonians to vote when they renew or apply for an Oregon driver's license, permit, or ID card. Tens of thousands of Oregonians will have their very first opportunity to participate in this election. If you are one of them, let me welcome you to the democratic process! Your vote is your voice and every single voice matters.

It's your decision whether to mail in the ballot or drop it off in person, but please remember that **all ballots must be received by your county elections office by 8 p.m. on May 17th, 2016.** Postmarks do not count. If you have questions please call our toll-free hotline at 1-866-ORE-VOTE, or visit our website at www.oregonvotes.gov.

Oregon is better for your participation in our democracy. Thank you.

Sincerely,

Jeanne P. Atkins
Oregon Secretary of State

Disclaimer

Information provided in statements or arguments submitted by a candidate, a political party, an assembly of electors or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2016 Primary Election** is:

Z, R, B, W, C, D, N, U, G, F, S, I, P, X, J, Y, K, L, V, T, A, O, Q, H, M, E

Candidate statements are divided into two sections—major party candidates or nonpartisan candidates. Major party candidate statements appear before nonpartisan candidate statements and at the primary election major party candidate statements are separated by political party: Democratic Party candidates, Independent Party candidates, Republican Party candidates. Political parties appear alphabetically. Statements are further arranged in the same random order in which the names of the candidates will appear on the ballot.

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

President

Hillary Clinton

Democrat

Occupation: Former Secretary of State and presidential candidate

Occupational Background: Attorney; Children's Defense Fund

Educational Background: Wellesley College; Yale Law School

Prior Governmental Experience: U.S. Secretary of State; U.S. Senator, New York; First Lady of the United States; First Lady of Arkansas

I'm running for president because I believe we need to tear down all the barriers that prevent Americans from reaching our full potential. It's important that Wall Street never again threaten Main Street. But America isn't a single-issue country, and we need more than a plan for the biggest banks. The middle class needs a raise. We need more good jobs that pay well and can't be outsourced, that provide dignity and a path to a brighter future. We can create those good jobs by building on the progress we've made under President Obama. Let's invest in manufacturing, small business, scientific research and enough clean energy to power every home in America.

Let's break down the barriers that keep people on the sidelines of our economy, especially women. We've waited long enough for quality, affordable childcare and paid family leave, and equal pay. Let's break down the barriers that stop our young people from getting the best possible start in life. We need to support great teachers and great schools in every ZIP code, make college more affordable, and help relieve the crushing burden of student debt. Let's take on the epidemic of gun violence in America. We also have to face the reality of systemic racism that, more than a half a century after Rosa Parks sat and Dr. King marched and John Lewis bled, still plays a significant role in determining who gets ahead in America and who gets left behind. We have to invest in communities of color and reform our broken criminal justice and immigration systems. We have to guarantee opportunity, dignity, and justice for every American.

The future we want is within our grasp—let's build it together.

Bernie Sanders

Democrat

Occupation: United States Senator

Occupational Background: Congressman (VT-AL), Mayor (Burlington, VT), college instructor, freelance writer, documentary filmmaker,

carpenter.

Educational Background: Brooklyn College, attended 1959-1960; University of Chicago, A.B. 1964 (political science)

Prior Governmental Experience: United States Senator (2007-present); United States Congressman (1991-2007); Mayor of Burlington (1981-1989)

I am asking people not simply to support my candidacy for president, but to be part of a movement of millions of Americans who stand up and say loudly and clearly that this country and our government belong to all of us, and not just a handful of wealthy campaign contributors and large corporations. To my mind, this is the only way to address the major economic, political, social, racial and environmental challenges facing our country.

Given the serious crises this country faces, now is not the time for the same old establishment politics. I am running for President to fight income inequality, create millions of jobs, raise wages, and provide health care for all Americans as a human right. Together, our movement will make public colleges and universities tuition-free, combat climate change, reform a broken criminal justice system, ensure equal pay, and reclaim our democracy from the billionaires who are buying our elections.

We need an economy and a system of justice that works for all Americans, not just the people on top. We need a political revolution demanding our government represents us all, not just the top 1%. If we stand together, there is nothing we cannot accomplish.

STANDING UP FOR ALL OF OREGON

While opposing the disastrous war in Iraq, leading the fight for marriage equality, and against Wall Street bailouts, spearheading the charge to end surveillance on law-abiding Americans, standing up to far-right attacks against women's health services and Planned Parenthood, Ron has always stood for Oregon values.

Ron recently wrote the tax law hailed as among the biggest anti-poverty achievements in years that also provided significant relief for middle-income Oregonians. Because well-connected special interests still take advantage of a tax code riddled with loopholes, he is fighting to:

- Close loopholes and end deductions for corporations that ship jobs overseas
- Ensure millionaires don't pay a lower tax rate than middle-class Oregonians

College costs are crushing students and their families, so Ron made permanent a college tax credit for working families, expanded Pell Grants, and helped kick big banks out of the student loan business. There's more to do, and Ron is working to:

- Make community college free
- Provide incentives for universities to freeze or lower tuition

Ron wrote the law that brought nearly \$3 billion to Oregon's schools and rural economies. He played a key role in writing laws that guided \$500 million into repairing Oregon's aging roads and bridges. Because many families are still struggling, Ron's priorities include:

- Raising the minimum wage
- Securing paid leave for working families
- Strengthening equal pay laws to close the gender pay gap

"From leading the fight against privatizing Social Security to holding big pharmaceutical companies accountable for attempts to extort seniors over prescription drug costs, Ron Wyden has always stood for Oregon's most vulnerable citizens and I am proud to serve with him in the United States Senate." -- Senator Jeff Merkley

US Senator

Kevin H Stine

Democrat

Occupation: Medford City Council

Occupational Background: US Navy (2004-2013)

Educational Background: Southern Oregon University

Prior Governmental Experience: Medford City Council

Personal Background: Honorably separated veteran of the United States Navy. Served over 9 years and underwent 3 overseas deployments on-board fast-attack submarines. Married nine years to my wonderful wife, Casey, and father of a beautiful daughter, Riley.

Vote BERNIE SANDERS and KEVIN STINE

No Trans-Pacific Partnership.

Democratic Party voters deserve to hear an answer from Senator Wyden, instead he has been playing politics by evading questions. We need to be loud and proud to protect ourselves from job-killing trade agreements. Wyden voted for NAFTA, CAFTA, the China Trade Bill, and deregulating Wall-Street with the repeal of Glass-Steagall. The results have been disastrous for our country. We don't need the TPP. We need another US Senator with values such as Bernie Sanders, Jeff Merkley, and Elizabeth Warren who will stand *against* the TPP. I will be that US Senator.

Working for the People: I was born to a single working-class mother. Despite her tremendous efforts to provide for our family, my childhood was spent living in poverty. In 1996, Sen. Wyden's vote for Welfare Reform hurt working class families like ours, and has had lasting negative effects on countless others. He even voted *against* legislation led by Sen. Bernie Sanders and Sen. Hillary Clinton to roll back the Bush tax cuts for the top 1%.

Vote for Our Future: Topics such as climate change and student debt are among the highest priorities of the next generation. It's important that we have a connected leader in the Senate to help address the problem. I will always maintain an open line of communication, and continue to actively seek out your views on issues that concern our extraordinary state.

I will always be on the side of our working and middle-class. We need more policies that put the people ahead of corporations. Vote for Oregon. Vote for Kevin Stine.

US Representative, 4th District

Peter A DeFazio

Democrat

Occupation: U.S. Representative

Occupational Background: Chair, Lane County Commissioner, U.S. Air Force Reserve

Educational Background: University, University of Oregon

Prior Governmental Experience: Chair, Lane County Commission

Peter DeFazio is the leader we need to take on a broken, dysfunctional Congress and a rigged system where Wall Street and special interests call the shots. His common-sense proposals will create good-paying jobs, protect our veterans and seniors, hold government accountable and tip the scales of inequality back in the favor of hard-working Oregonians.

HELPING VETERANS GET THE CARE THEY EARNED

DeFazio believes veterans deserve better. He is supporting efforts to help veterans combat PTSD, depression and other illnesses. DeFazio got the VA to open a new healthcare center in Eugene, dramatically improving medical services in Southwest Oregon.

"We would not be here except for one point. And that point is Congressman DeFazio." -- Register-Guard, 1-17-2016

DEFENDING SOCIAL SECURITY FROM WALL STREET

DeFazio has not forgotten the promise our country made to our seniors, who have worked hard and deserve to retire with dignity. He'll continue to stop Republicans from gambling with Social Security on Wall Street, and he'll make the wealthiest 1% pay the same as the rest of us to strengthen Social Security for the future.

PROTECTING OREGON JOBS

DeFazio has spent his career fighting unfair trade practices that benefit wealthy corporations and send good-paying jobs overseas. He's leading the fight against the proposed Trans-Pacific Partnership.

"DeFazio — a fierce critic of America's NAFTA-style trade policy..." -- NW Labor Press, 2-3-2016

LEADING BY EXAMPLE: NO TO HIS OWN PAY RAISES

DeFazio votes "no" when Congress gives itself a raise. Instead, he donates his raises to fund scholarships for dislocated workers at community colleges in Oregon. By the end of 2015, DeFazio returned more than \$391,485 to fund 245 scholarships.

DeFazio gets it and gets it done.

Governor

Kate Brown

Democrat

Occupation: Governor

Occupational Background: Child Advocate; Family Law Attorney; Portland State University Instructor

Educational Background:

University of Colorado, B.A.; Northwestern School of Law at Lewis and Clark College, J.D.

Prior Governmental Experience: State Representative 1991-1996; State Senator 1997-2008; Secretary of State 2009-2015; Governor 2015-Present

Governor Kate Brown Moving Oregon Forward

Kate Brown took over the leadership of our state in difficult circumstances. She got right to work, setting the state's priorities straight by focusing on what matters -- good schools, good jobs, a secure retirement and a clean environment. Committed to government transparency and accountability, she passed a law requiring lobbyists to disclose who's paying them on a public website. She created and passed groundbreaking legislation that removed barriers to voting by automatically registering citizens to vote when obtaining a driver's license.

Focusing on what matters:

Good jobs, quality schools, and a secure retirement

As Governor, Kate Brown has:

- Increased the minimum wage, because no one working full time should have to live in poverty.
- Passed a law guaranteeing paid sick days, so Oregon workers don't risk losing a job or not being able to pay the bills when they're sick or caring for a sick child.
- Increased education funding by \$7.4 billion to help prevent teacher layoffs and keep class sizes from increasing.
- Signed a law creating a voluntary retirement savings system, giving every working Oregonian access to a professionally invested retirement account.
- Passed a law that makes Oregon the first state to eliminate coal power.

Continuing Oregon's progress: Increasing accountability and putting Oregonians back to work

Over the next two years, Kate Brown will work to:

- Help Oregon's small businesses cut through state and local red tape so they can thrive and grow.
- Work to increase our graduation rates.
- Fight to make college, community college, and technical training affordable for all Oregonians.

Governor

Julian Bell

Democrat

Occupation: Doctor.

Occupational Background: 2000 - 2016: Medical Doctor.

Educational Background: Cornell University, BA 1995; New York Medical College, MD

2000; St Vincent's Hospital, residency, 2003; Rush University, ICU fellowship 2006

Prior Governmental Experience: No prior government experience.

I'm a doctor, not a politician. I work in an intensive care unit. Usually I worry about bills, getting my kids to eat dinner, and do I really have to walk the dog if it's raining? But at the moment the thing that keeps me up at night is climate change. None of us want to think about it. But so that you don't have to think about it all the time, think about it carefully as you vote. Because we live in America, we can create our future, a future we can be proud of – that we deliberately make for ourselves, our children and their children. At the moment the fossil fuel economy is choosing a future for us, and this future is bleak. But it doesn't have to be that way. Vote for a clean energy economy instead. The clean energy economy means well-paid jobs, healthy local businesses and a solid tax base to fund schools and pay teachers. As I said, I'm not a politician. I'll be the first to tell you that I don't have experience as an elected official. But working in the ICU, I do know how to get a group of experts together to fix real problems. We all want a healthy future. Voting for me means voting for a clean energy economy and a bright and prosperous future.

Hola. Ésta elección se trata del cambio climático y si lo vamos a arreglar o no. Sabemos que un futuro con combustibles fósiles es malo, y que la economía de energía limpia será fuerte y traerá trabajos. Como gobernador representaré las prioridades de todos los Oregonianos, y juntos comenzaremos a arreglar el cambio climático.

Governor

Dave Stauffer

Democrat

Occupation: Environmental Innovations Inventor

Occupational Background: Former Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and

Corporate Securities.

Educational Background: B.A. University of Chicago, M.B.A. University of Portland, Juris Doctorate-Northwestern School of Law at Lewis and Clark College

Prior Governmental Experience: Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and Corporate Securities. School District Business Manager.

Dave Stauffer has invented a new invention that will get water to Morrow and Umatilla counties **without any diversion of, or lowering of the surface level of**, the Columbia River—and the federal government will pay for the entire project as an environmental, energy, and flood control project. As Governor, Dave Stauffer will work with the federal government to construct the invention and create an estimated 20,000 jobs in areas around the Columbia, Rogue, Klamath, Sacramento, and San Joaquin Rivers.

The new invention will also supply pollution-free hydroelectricity and flood control to areas along the Columbia River, and, possibly, increase fish runs upriver to their pre-dam levels.

The new invention will supply much water to dry areas, so fruit and forest trees may be planted that will grow green leaves—which will take carbon out of the air through the chemical process of photosynthesis. Taking carbon out of the air will help to decrease the depletion of the ozone layer that appears to be causing global warming—especially if the new invention is also installed in the Mississippi River, the Amazon River, the Nile River, the Yellow River, and all other large rivers of the world. Because Dave Stauffer is the inventor of the new invention, he is well qualified to work with all the Oregon Senators and Representatives to implement his invention.

Secretary of State

Richard Devlin

Democrat

Occupation: State Senator, 2003-Present

Occupational Background: Legal Investigator; Juvenile and Adult Corrections; US Marine Corps

Educational Background: B.S. Portland State University; M.A. Pepperdine University; Graduate Studies, University of Oregon and Portland State University

Prior Governmental Experience: Co-Chair, Joint Committee on Ways and Means 2010-Present; Senate Majority Leader 2007-2010; State Senator, 2003-Present; State Representative, 1997-2002; Metro Council, 1989-1995; Tualatin City Council, 1985-1988

Results. Integrity. Experience.

The Clear Democratic Choice.

Nobody in the race for Secretary of State comes close to Richard Devlin's record of making Oregon a better place.

Champion for Schools - Richard increased K-12 funding by almost 1.7 billion dollars in the last two budgets alone, a 29% increase. He also boosted funding for Career and Technical Education, Community Colleges, and Universities.

Protecting the Vulnerable - Richard expanded critical services for seniors, children, and the disabled.

An Oregon that Works for Everyone - Richard supported small businesses, strongly defends reproductive and LGBT rights and helped increase the minimum wage.

"Richard Devlin is the person who rolls up his sleeves to really deliver on what matters most. If you want someone who doesn't just talk about our values and priorities, but actually makes them happen, Richard is your best choice for Secretary of State."

Deborah Kafoury, Multnomah County Chair

Richard will use his elections experience to **close campaign finance loopholes to stop campaigns from hiding their spending.**

"Richard Devlin's unquestioned integrity is essential to maintaining trust and confidence in our elections system and state government. We can trust him. Always."

Former Congresswoman Darlene Hooley

Richard has by far the strongest experience to **find irregularities in the spending of tax dollars, correct them, and hold state government accountable.**

"The Secretary of State audits state government to keep it open, accountable, and effective. Experience really matters, and nobody else comes close. Richard's the clear, qualified choice."

Former State Treasurer Randall Edwards

Governor Barbara Roberts

Dear Voter,

The State Treasurer doesn't manage the state's budget, or act as the state's accountant, but the job is vitally important to Oregonians' financial future.

The State Treasurer manages the state's borrowing that helps build our infrastructure. My legislative background includes working on financing our infrastructure, like **fixing our bridges and roads**.

The State Treasurer sits on the Oregon Investment Council that manages the investments of our retirement system. My experience will help ensure we **keep our promise to retirees without breaking the bank**.

The State Treasurer manages the Oregon College Savings Plan. As Treasurer, I'll make sure the **families that need the most help saving for college get an early start**.

The State Treasurer also helps manage our state's natural resources to benefit schools. As a parent myself, **ensuring our schools are fully funded is a top priority**.

I have worked in the U.S. Treasury and with the State Treasurer on shared priorities to build and protect Oregon's long run financial future, including legislation to **help all Oregonians save for retirement**. I would appreciate your vote.

Thank you,

As Chair of the House Revenue Committee, Phil is fighting to eliminate millions of dollars in loopholes and corporate giveaways so we can continue to invest in education, safe communities, and critical services. He is a proven leader at stimulating the economy, protecting Oregon's most vulnerable, and creating a fairer and more balanced tax structure.

Educational Background: BS, University of Oregon; AA, Lane Community College, Thurston High School**Prior Governmental Experience:** State Representative, Springfield City Council Member and Mayor, Board Member Springfield Renaissance Development Corporation, Willamalane Park Foundation, Lane Early Learning Alliance Governance Consortium

I have lived in Springfield since 1963. My wife and I raised our children here and now enjoy our four grandchildren all living in Springfield. My years of professional and community involvement have prepared me to understand the needs of our community, while respecting our differences.

During the 2015/16 session I have served on the House Health Care Committee, Transportation and Economic Development Committee and as Chair of the House Veteran's and Emergency Preparedness Committee. Recently I was appointed to serve on the House Special Committee on Small Business Growth. I also serve on the Joint Committee on Reserves and a workgroup on Prescription Drug costs. Serving on policy committees provides me a great opportunity to gain a better understanding of the key issues impacting constituents.

As your State Representative I continue to prioritize:

Education

I supported increased investments in early learning, K-12 and Higher Education but know we must do more. High School graduation rates are a challenge requiring more focus and support for schools and staff to achieve improvements. Education remains the key to finding and keeping a good job.

Health Care

More Oregonians than ever before have health care coverage but much work remains to address affordability and improved access. Ever rising costs remains a threat to continued coverage and better health.

Environment

We see daily the impact of severe weather on the world around us. I believe we can do more to diminish the impact of our actions or inactions on our environment and maintain expanding economic opportunities.

Governor

Cliff Thomason

Independent

Occupation: President, Orhempco, Inc., Oregon Industrial Hemp Farming

Occupational Background: Sales & Marketing

Educational Background:

Graduate, North Valley

Prior Governmental Experience: Chief Petitioner, 2016 Oregon Lottery Local Control Act, Court Appointed Special Advocate (CASA), Committee Chairman and Board Member of Securing Our Safety.

By filling in the oval next to my name, you are agreeing that there is a need to have more choices on the ballot besides Democrat or Republican. You are stating that that as an Independent, you want a better future for Oregon. I am pleased to be your candidate for Oregon's highest office. Thank you for your vote.

As your next Governor, I will:

- **Work for the creation of an Oregon State Bank**

An Oregon State Bank would keep Oregon's and Oregonian's money local. It would support Community Bank lending to small businesses and farmers. It would provide banking privileges and protections to all people in the Cannabis Industry.

- **Give half of Lottery dollars back to the counties they came from**

Locally generated revenue should stay local. Giving lottery money back will provide over 200 million dollars annually to the counties and help fill needs in schools, public safety, and job creation. The money generated in your county should stay in your county to do what's best for your county.

- **Turn our education system around**

For over 20 years we have seen a huge shift to top-down education reform. We have lost teacher-student time in favor of in-service days & professional development. The teacher's voice & professionalism has been lost or devalued, and trust is at an all-time low. We need to turn back to local control and stop treating education with a one-size-fits-all mentality.

- **Solve our long-term debt liability**

We have more than 20 billion dollars in unfunded liabilities facing us. Current leadership says the only solution is to raise more taxes. I have a plan that would eliminate the need for more taxes, while boosting revenue for the state.

Secretary of State

Paul Damian Wells

Independent

Occupation: CNC Machinist

Occupational Background: Design Engineer

Educational Background: BSEE Purdue 1984

Prior Governmental

Experience: Voter Advocate since 1992

I'm an Independent voter because existing political parties don't represent working people like me.

It's all about Jobs and Business

When business provides jobs, individuals can provide for themselves and their families. Jobs also generate tax revenue, which can be used for public spending on infrastructure, police, education, healthcare... Lose jobs, and all social ills like crime and terrorism increase.

Bipartisan: Pandering vs. Profiteering

Liberals constantly propose new programs (Pandering), but can't create the jobs needed to pay for them. Conservatives overstate the claim that generating private wealth (Profiteering) creates jobs through "trickle-down" economics.

Corporations aren't people – They don't have rights

- We should reward individuals who build companies that create and retain permanent jobs.
- We should penalize individuals and corporations that generate private wealth by eliminating jobs.
- We should penalize corporations that generate private wealth by destroying our environment.
- Corporate taxes can be restructured to reward job creation/retention and penalize profiteering.
- Legislating religious beliefs is unrelated to job creation.
- At a cost of jobs and protections for many, Labor Unions protect a privileged few.
- When politicians pander – working people pay.

Viable Political Alternatives

It's all about jobs and business – not generating private wealth, legislating morality or pandering. To permit the development of new, viable political alternatives, California and Washington have abolished state funded partisan primaries. Both states now conduct non-partisan elections and Oregon should follow.

Top Two (Non-Partisan) Primary

- All candidates – party affiliated and non-affiliated, compete in a single open primary to determine the top two candidates for each office.
- Political parties may endorse candidates, but - only the two best candidates advance to the general election. No one qualifies for the general election ballot simply because they've been endorsed by a political party.
- All voters – partisan and independent, participate equally in selecting the top two candidates at the primary.

Donald J. Trump wants to Make America Great Again. He wants to reestablish our place in the world by steering our government away from special interests and introducing policies that put money in people's pockets, restore love of country and restore our world status.

Mr. Trump believes in free markets, the importance of a strong family, a culture of Life, a strong military and our country's sacred obligation to take care of our veterans and their families.

Our country has been poorly served by the political class who value their self-interest over the interests of the United States and its citizens. Mr. Trump will end the corrupting influence of special interests once and for all.

Under a Trump Administration, America will begin winning again. No longer will China, Mexico, Japan and other countries manipulate their currencies to benefit their citizens at the expense of ours.

We need free and fair trade.

We must restore the integrity of our national borders. A country cannot exist without strong borders.

We will welcome international visitors, but we must build a wall to protect our southern border.

Our Federal tax burden inhibits economic growth and takes too much from hard working Americans.

We must reduce the burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must pay particular attention to fixing our corporate tax structure so capital and jobs will come back to America.

We will rebuild our military, return education to the parents and students, make college affordable and fix our healthcare system by getting rid of Obamacare and replacing it with free market solutions.

We will protect the Second Amendment and will defend religious liberty for all. Together, we will Make America Great Again.

Sam Carpenter: Turnaround Specialist & Outsider

I'm Sam Carpenter.

I create jobs and am a business turnaround specialist. I find what's broken and fix it...now!

And I'm a political outsider.

This is just what D.C. needs.

Career Politicians Must Go

Big government has smothered opportunity for us and for our children. Generational theft is unforgivable.

Our economy is asleep, and the middle class is hurting. Who's to blame?

Career politicians in D.C. who saddle us with taxes and regulations while ignoring the every-day problems Oregonians face.

And too often these political elites disrespect us.

Let's call out political correctness, and recall common sense.

Career politicians must go.

Time for New Management

Ron Wyden has spent 35 years in Washington worried more about his career than about the Oregonians who put him there.

For example, Wyden claims our forests are diseased and burning because of global climate change. That's absurd. For over 30 years, our timberlands have been neglected. Drive through a federally managed forest and see the miles of dead and dying trees and the undergrowth thicket: a tinderbox that continues to threaten Oregon's rural families.

We must actively manage our forests. Repairing the damage will stop massive wildfires, create tens of thousands of sustainable jobs, protect wildlife, and revitalize our rural and state economy.

Sam Carpenter's Solution

Immigration, national debt, education, and health care?

The fixes are equally obvious – replace career politicians—NOW.

It's very simple: If our decision-makers are making bad decisions, let's replace the decision makers.

This goes for Democrats AND Republicans.

Ron Wyden has been in D.C. far too long.

Sam Carpenter for Oregon

Next January, Oregon moves ahead to prosperity.

The **Oregon Turnaround** is upon us!

Are you with me?

Leadership, Integrity, Character, Honor & Trust

End Government Infringement

Our government is violating our constitutional protections. Our 2nd Amendment rights are being infringed upon. Political correctness is destroying our religious freedom. Our nation's sovereignty under attack with detrimental immigration policies. Together, we must make America great again. As your constitutionally conservative Senator, I will stand strong for the rights of all Americans. **I Don't Give Up!**

Economic Opportunity for All Oregonians

Small businesses grow our economy, not a government that dictates, mandates, and over-regulates every aspect of our lives. As a believer in the free market, I will work to make America's economy strong again, through **A Focus On Job Growth**, beginning with the Full Repeal of ObamaCare a.k.a. "WydenCare".

Balance The Budget & Reduce Spending

With a national debt at \$18 Trillion+, our government continues to mortgage our children's, and our grandchildren's future. As a fiscal conservative believer in limited government, I'll reduce wasteful spending, and fight for **A Balanced Budget Amendment**.

Let's Take Our Country Back!

We're at a crossroads affecting the very freedom our constitutional republic was founded upon. Supporting moderate candidates, that don't win general elections, isn't an option.

We will win this election, together, by distancing ourselves from career politicians who are only looking to advance their own careers. We will win with a **True Conservative** candidate that will fight for American values. We will win with a Pro-Life candidate that embraces our conservative values. **I Am That Candidate.** Thank you and May God Bless America.

Educational Background: South Lane Schools; Lane Community College; Oregon State University; Senior Fellow Class 22 OR Chapter American Leadership Forum; Ford Family Foundation Leadership Program.

Prior Governmental Experience: Cottage Grove Planning Commission; South Lane School District Budget Committee; Rogue, Siskiyou, Umpqua and Eugene BLM Resource Advisory Council; Past Chair of the Lane County Council of Governments; Board Member and Chair Regional Fiber Consortium; Board member and Chair of Lane Regional Air Protection Agency

Experienced Leader

In the twelve years Faye has served as County Commissioner he has seen first hand the hardships facing our state. Because of broken promises and lack of leadership in solving problems by our Senators, Faye had to make tough, responsible decisions, trimming our county budget by tens of millions and taking 14 departments down to 9.

Proven Track Record

In the face of all those budget cuts Faye has accomplished many things in Lane County. It is this collaborative, creative leadership Faye can bring to the United States Senate.

- Established first multi-year scholarship to Cottage Grove high school
- Converted a brownfield into a beautiful community park in Cottage Grove – Bohemia Park
- Led the successful effort to upzone rural industrial land in Goshen to meet local needs all while protecting farm and forest land
- Managed fiber optic consortium providing job opportunities for rural Oregonians

Common Sense Priorities

- Honor our commitment to Seniors and Veterans
- Expand economic opportunity for all Americans
- Fix our broken healthcare system
- Protect Americans at home and abroad
- Responsibly manage our natural resources

"My great-great-grandparents came to Oregon in 1847. Since then, my family has pioneered in this wonderful state, volunteering in our communities and worked to make sure each generation has a better future than the one before. I would be honored to have your vote."

What has Ron Wyden done for Oregon in the past six years? Or 12 years? I think Oregonians can agree, for someone who's held federal office for 35 years, it's a very short list.

The definition of insanity is doing the same thing over and over and expecting different results.
(Benjamin Franklin)

How many times should we send a multi-millionaire Career Politician to Washington, expecting different results? For decades Oregon has re-elected someone who has no grasp of finance or economics, votes in lockstep with the Harry Reid and Nancy Pelosi leadership, and has failed to deliver for Oregonians, from job creation to education.

It's time we elect someone who knows what Fiscal Discipline means. The current senator has presided over 95% of all federal debt in America's history, leaving every voter a bill for almost \$160,000—so far. As a lawyer, he's proven to be no help. *Who will pay the bill?* As a career finance professional, **Dan will ensure we have balanced budgets.**

It's time Oregon was represented by someone with Real-world Experience. Congress needs people who have been on the front lines in global markets and people who know what it means to own a small business. Having lived and worked in Europe and Canada, Dan also has a worldview extending beyond Manhattan or Washington, D.C.

It's time voters heard the Truth. The 2013 "Lie of the Year" was awarded to Obamacare. The 'Lie of the Decade' is the Democrats' insistence Social Security is "fine."

There's only one candidate on the ballot—in any party—with the experience and backbone to put a stop to living beyond our means. Dan won't do 'business as usual.'

A vote for Dan is a vote for Oregon.

Prior Governmental Experience: No government office.

Our nation and our people must prosper!

We must lift the dead hand of government off the backs of our people, so that the liberty, freedom, justice, and equality of opportunity of all Americans are assured. To do this, we should replace career politicians, who place their own self-interests above the interests of the American people.

- **American Security**

We must protect the lives of all Americans, born and unborn, through legislation that is pro-life and pro-Second Amendment.

We must secure our borders and end illegal immigration.

- **Fiscal Responsibility**

We must balance the federal budget to assure that our financial obligations to social security, national defense, and other contractual commitments can be paid.

- **Justice for All**

We must end unconstitutional corporatism so that American businesses compete in the marketplace, rather than in buying favors from politicians, and we must assure that all Americans, those in the highest positions and those who are the least fortunate, are treated equally before the law.

- **Keep our National Contract and Heritage**

We must rigorously follow the rules of our Constitutional Republic. No governmental action should be taken that violates the Constitution.

- **Defend our Nation**

The strength of our military must be maintained at the highest level, both by adequate investment and by avoiding involvement in unnecessary foreign adventures.

- **Education**

Our schools should be under the control of our parents, teachers, and local communities.

- **Liberty and Common Law**

Each of us should do all that we have agreed to do, and we should not encroach on other persons or their property. Our government should serve as a just referee of our adherence to this common law.

Vision and Leadership

A Niemeyer Administration will rise to the challenge of rebuilding our schools, rebuilding our jobs, and rebuilding trust in our Government.

Bring Logic and Sensibility to Government

I will stop new taxes and regulations on both the people and business across this State.

Get our Natural Resources back to work again

We will get government out of the way of business across this State and get *all* of Oregon's counties back to work.

**Oregon's Revenue is *our* Money –
It's precious to the People**

I will treat Oregon's tax dollars just as if they were the people's life savings. Dollars are not to be wasted on useless projects and pointless efforts.

The Oregon Constitution has been ignored for far too long

The Oregon Constitution has specific guidelines such as dedicated revenues for our roads or Lottery Dollars for economic development. What ever happened to funding education first?

PERS

I will track down where the PERS dollars are and get the money into the hands of competent people that will tell the truth about what is left.

"Accountability is only possible with competence"

I will place the most competent and most productive people in charge of the various different responsibilities of Government and personally believe there will be no shortage of honest and qualified people to fill the positions in my administration.

I'm a janitor's son. When I was 15, I went to work as a grocery store box boy after my father died. I was able to get a great education, become a Marine, a cancer doctor and grow a business.

Now it's time to get things done for Oregon. We must focus on working Oregonians. We must stop encouraging the growth of a government bureaucracy that slows us down by playing games with people's livelihoods. We must tame the special interests and stop corruption. My plan includes:

- Ensuring Oregon's business climate promotes economic growth so we have more high-wage jobs and rising incomes, especially for those in rural Oregon, while ensuring our environment will remain pristine for the health and benefit of our citizens.
- Cutting costs of government and establishing true transparency and accountability.
- Cutting taxes for lower and middle-income Oregonians.
- Defending the 2nd Amendment.
- Ending crony capitalism by eliminating giveaways and perks for the well-connected.
- Fixing PERS so our schools and local governments don't have to cut services to fund looming rate increases.
- Reforming education so Oregon schools will be a role model for the nation.
- Advocating for better treatment and support for veterans.
- Supporting families by creating more options and affordable choices for childcare.
- Focusing on mental health issues.
- Rebuilding our crumbling transportation infrastructure resulting in jobs and ease of travel around Oregon.
- Working towards the goal of ownership of Oregon's land by Oregon's people.

I ask for your vote. Together, we can turn Oregon around.

I'm running for Governor because the political class in Salem has let us down. They hiked spending 63% in the last decade. Are our schools 63% better? Is any government service 63% better? We rank at or near the bottom of the country for high school graduation rate and at the top of the country for citizens who rely on food stamps to feed their families. Oregon shouldn't be known for dropouts and food stamps. We have the greatest people in the country.

Career politicians in both parties have let us down. They've let the lobbyist foxes into the hen house. I want to reinvent state government so it serves us—not the special interests.

When they spend and spend and spend, the politically connected get rich—and they stick us with the bill.

They spent \$195 million on a phantom bridge over the Columbia River and \$310 million on a website for Cover Oregon that was never built. **Now they want us to pay for it with the largest tax increase in Oregon's history, a sales tax.**

Are you sensing a theme? There is money out the door with nothing built, no accountability and no transparency. It's outrageous.

I'm not a politician. Let's eliminate wasteful spending. Let's protect the rights of hunters and sportsmen. I want to invest in our schools. And I don't want a sales tax.

I've spent my career as a small business leader creating jobs in Oregon. Debbie and I enjoy nothing more than sharing time with our 3 children and 2 grandchildren. But after watching Kate Brown mismanage our state I knew I had to do something.

VOTE for DENNIS RICHARDSON--restore INTEGRITY, ACCOUNTABILITY and TRANSPARENCY to Oregon government

After Oregon's 2015 ethics scandals, our new Governor promised Oregonians transparency, ethics reform, and greater government accountability.

Like many Oregonians, I wanted to believe that was true!

Instead we've witnessed on-going failures in critical human services such as foster care; exploding PERS costs; a looming multi-billion dollar deficit in the next State Budget; and multiple disclosures of Oregon officials using their offices inappropriately, engaging in surveillance of everyday citizens, refusing public records requests, and making sweet-heart deals costing millions in wasted energy tax credits.

Friends, no matter where we are on the political spectrum, I hope we can **ALL** agree that wasting millions and abusing power are non-partisan problems that must be stopped.

As Secretary of State, **I'll restore balance to Oregon government with proven budgeting skills and legal expertise.**

In short, I promise to restore **INTEGRITY, ACCOUNTABILITY and TRANSPARENCY** to Oregon government.

I will:

- **Reconfigure the auditing department.** We'll prioritize audits of programs and agencies that deliver services to our most vulnerable citizens. By instituting "alongside auditing" from the beginning of large, expensive government projects, we can prevent expensive Cover Oregon-type failures from happening again.
- **Renew protection for public employee whistleblowers** who expose corruption, waste, fraud and abuse.
- **Restore a welcoming attitude in Oregon's Corporation Division,** so new and existing businesses can create jobs.
- **Reform Oregon's public records laws** so records are open and accessible to citizens and the media.
- **Reassure voters elections and initiative processes will be fair to ALL Oregonians.**

Sid Leiken, A strong record of Accomplishment.

Let's face it, Oregon is in need of a pragmatic leader who has a history of putting aside petty partisanship and a focus on doing the right things to get Oregon back on track. As a former Mayor and current Commissioner, I have a resume' that demonstrates my ability to lead others to get things done for the constituents we serve. While I was mayor, there was more than \$1.4 Billion of private sector investment. Since serving on the Lane County Board, we have reorganized the County and been able to save the tax payers millions of dollars.

I want to take my can-do attitude to the state Capitol. Enough of the one party rule and bickering between the parties. My history shows I can run effective, innovative, and efficient government. As Chair of the Lane County Finance and Audit Committee, I offer a strong background in auditing, both financial and performance. It's no secret we need more transparency, accountability, and fairness at the state level. I am a champion for Business and want to create a pathway for healthy investment-- not punishments for our job creators. I will bring my experience as a County Commissioner to make sure we have open and fair elections for all Oregonians. I will bring balance to the State Land Board. A Treasurer for Treasurer

Our state's Chief Financial Officer is not an entry-level position. Oregonians deserve a Treasurer with experience as one. I am the current Treasurer of the Legacy Emmanuel Hospital Foundation and have held that position at USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I've established myself as a budget hawk for the city. With my fiscal leadership, we are on track to eliminate our unfunded liability for road maintenance in the next three years. **And we did it without raising anyone's taxes.**

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

Collaborative Solutions for Our Community

As Mayor of Lincoln City, I partnered with community members to find real solutions to decades-long problems plaguing the Central Coast. Together, we made Highway 101 safer, worked towards improving the health and longevity of Devils Lake, set aside land for housing development, and brought transparency to the Lincoln City Council. **I will bring a solutions-oriented approach to solving the problems Central Coast residents face today.**

Growing the Central Coast Economy

As Lincoln City Mayor, I focused on improving transportation infrastructure, leading critical improvements to Highway 101, including adding a turn lane and traffic signals along the Nelscott Gap, to completion. **I will make strengthening our coastal economy and creating job training opportunities my top priority in Salem** so our neighbors can find living-wage jobs to support their families.

Improving Access to Affordable Health Care

I have fought to improve access to health care on the Oregon Coast and **ensure senior citizens have affordable health care.** As a member of the North Lincoln Health District, we negotiated a land swap to build a new hospital in Lincoln City without an expensive bond measure, providing Central Coast residents with affordable, 24/7 hospital services. **I promise to protect medical deductions for seniors** so those living on fixed incomes don't have to choose between paying for medical care and groceries.

State Representative, 11th District

Joe Potwora

Republican

Occupation: Branch Manager, Guild Mortgage Company

Occupational Background: Senior Vice President, Willamette Valley Bank; Branch Manager, Washington Mutual; Vice President,

Bank of America

Educational Background: Marist High School; University of Oregon, B.S. Finance; Cal State Hayward, Masters, Finance

Prior Governmental Experience: Eugene Budget Committee 2007-2010

I am a native Oregonian and love this state. My career has taken me across the country, but Eugene is where my wife and I chose to come back and raise our two kids. House District 11 is a beautiful, unique place, encompassing the heart of Eugene, to the McKenzie to Brownsville and everywhere in between. **I want to make sure every voice and opinion is heard.** Our leadership has been dominated by Portland ideas - it's time to find both urban and rural solutions.

Family Wage Jobs

Our elected officials spend too much time talking about creating jobs. We need leaders who work in the private sector and who understand what it actually takes to create jobs – vision, dedication and a whole lot of hard work. I will be a voice for small businesses in Salem, to make sure everyone can achieve their dream without being crippled by unnecessary government regulations.

Education

This should not be a debate between teachers and taxpayers. We must make sure our kids have the best education we can give them. I believe local control and engagement are the best ways to navigate these issues, beginning with making sure that the money we spend is used effectively.

Culture of Corruption

Oregon has received an appalling grade of "F" for government transparency. Not only do we waste hundreds of millions of our hard earned dollars on failed projects, but it means that our most vulnerable are put at risk.

It's time to put special interests in their place and work within the highest ethical standards. I am committed to working across party lines to do what is best for the Oregon people, not politicians.

Vote KATHY LAMBERG

For Government That Works For Us

Oregon is in trouble. Leadership at the state level has failed and we're paying the price. It's time for new leadership in Salem. As a mother of two Iraq combat veterans, Kathy knows what courage looks like. She will take the courage with her to Salem and deliver the kind of leadership we need in state government.

Honest And Transparent Government

Kathy recognizes the need for transparency and responsible decision-making in government. Electing Kathy is our opportunity to avoid more costly failures like Cover Oregon and the Columbia River Crossing. With her experience, she'll manage resources responsibly to prevent further losses.

Fight Special Interests

It matters who is elected. Like you, Kathy can clearly see how legislative decisions made for special interest groups are hurting Oregonians. She will be a tireless advocate for the protection of your freedoms and liberties from powerful special interest groups.

A Stronger Economy

Oregon's economy is declining. Kathy is a leader who seeks job growth and an improved standard of living for all Oregon families. She will be an enthusiastic advocate for higher paying jobs and for small, growing businesses.

Reform Education

As a teacher, and someone who has worked in schools, she understands teachers need freedom to be effective in the classroom. Kathy puts students first by letting families choose an educational setting tailored to meet their child's needs.

What is a PCP?

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

What are Republican Principles?

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life--requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.
- Government must be fiscally responsible and require in taxes only that minimum of the earnings of Americans required to fulfill its Constitutional responsibilities in an efficient and effective manner.
- The customs and culture of our nation, especially those that are essential to our families, our professions, and our way of life must be preserved.
- In general, everyone should do all that they agree to do, and no one should encroach on other persons or their property.

You can help.

In this 2016 election campaign, Oregon Republicans will work to elect Republicans to public office throughout Oregon – local candidates, candidates to the Oregon House and Senate, statewide races and candidates to the United States House and Senate.

We invite you to become a Republican Party PCP and to work beside us on behalf of good government in our state and nation.

For more information, please call state party headquarters (503) 595-8881, e-mail staff@orgop.org, or visit our website at www.oregonrepublicanparty.org.

Keep District Attorney Patty Perlow

Experienced Leadership

With more than 25 years of experience in the Lane County District Attorney's office, Patty has prosecuted complex cases of murder, rape, sexual assault, child physical and sexual abuse, elder abuse, and drugs. Patty has the unique background to tackle the immense and diverse challenges facing Lane County's criminal justice system. In a time when budget cuts threaten the effectiveness of law enforcement, Patty Perlow has successfully increased drug prosecutions by the Lane County District Attorney's office.

Aggressively Prosecuting Drug Crime

Since becoming District Attorney, Patty increased prosecution of methamphetamine and heroin cases by more than 80 per month. Clayton M Tullos

Nonpartisan

Occupation: Owner of Clayton M. Tullos, Attorney at Law, LLC. February 2016 to Present.

Occupational Background: Associate Attorney and Springfield City Prosecutor at Leahy, Van Vactor, Cox and

Melendy, LLP. January 2015 - February 2016; Clayton Tullos, LLC. June 2012 - December 2015.

Educational Background: UNIVERSITY OF OREGON SCHOOL OF LAW, J.D., 2011; TEXAS TECH UNIVERSITY, B.A., 2007.

Prior Governmental Experience: None.

Clayton Tullos is a local attorney, UO Alumnus and recent former city prosecutor. Clayton has both prosecution and defense experience.

Clayton will bring a new and fresh perspective to prosecution in Lane County. It has been 15 years since the last contested election for District Attorney and close to 30 years since an elected DA has come from outside the DA's office.

Clayton seeks to promote accountability, transparency and cost savings to improve the outcomes and circumstances for all those affected by crime through innovation and progressive action.

My opponent was second in command of the District Attorney's office during a several year time period when the DA's office generally did not prosecute possession of methamphetamine (meth) cases; which resulted in no drug treatment for thousands of individuals in our community. The DA's office started charging these cases after I wrote to the Governors office and complained.

Most people are aware that property crime is directly linked to drug abuse. Most of us have been affected by property crime. It is a travesty that the District Attorney's office did nothing to help thousands of people into treatment. It is perverse that during this time period, when the DA's were not charging meth, that the DA's did not stop local police from citing people for less than an ounce of marijuana. For several years in Lane County, because of the DA's office, it was worse to be caught with marijuana than to be caught with meth.

I will work to ensure openness and fair justice for all in a way that improves peoples lives.

Friends,

We must move from government that represents special interests to one that advocates for people, especially those without a voice. Justice of the Peace, Lane County

Rick Brissenden

Nonpartisan

Occupation: Lane County Justice of the Peace; Florence Municipal Judge

Occupational Background: Attorney; Judge; Mediator

Educational Background: J.D., University of Virginia Law School; B.A., Brown University

Prior Governmental Experience: Lane County Justice of the Peace; Municipal Judge, City of Florence; Municipal Judge, Cottage Grove; Municipal Judge Pro Tem, Eugene; Deputy DA, Marion County; Oregon Advisory Committee on Child Abuse Assessment; Lane County Domestic Violence Council

EXPERIENCE

I've worked in both local and state courts throughout my thirty-plus years of law practice, and presided in local courts as a judge for over eighteen years. I have a broad range of experience in many different areas of the law.

LISTENING AND COMMUNICATING

The advantage of local courts is that they provide easier access to justice for the community. Many people appear without attorneys. I believe that *everyone* has a right to be heard, to be understood and to understand. This does not always happen in larger courts; the volume of cases does not permit it. For the non-lawyer participant, proceedings can be a blur, conducted in a language only lawyers and judges understand. This is a shame. I know that when a person comes to my court, he or she considers the matter to be a very important one. Therefore, I take it very seriously – not just because it's my job, but because it's also the right thing to do. I do my best to make sure that all participants get *their* say and *my* full and fair consideration.

DOING JUSTICE

Then I must correctly interpret and apply the law. Once I make my decision, I do everything I can to make sure everyone understands my ruling and the reasoning behind it. It's that simple; but it takes years of practice to do it all well. I may not always succeed, but I give it everything I have. If retained as your Justice of the Peace, that is how I will continue to serve you.

Pearl Buck Center Resource Development and Marketing Committee; Past President, Eugene Active 20-30 Club; Past President, Emerald Executive Association

EXPERIENCE, COMMON SENSE, LEADERSHIP

I'm honored to have served my community nearly 10 years on the city council and I hope to continue that service as Mayor. I have been an effective voice for a reasoned approach to solving problems. I am not as interested in ideological battles as I am in working together to create common sense, innovative solutions to our challenges.

CHANGE IS COMING

Our community will make several key decisions in the next few years. How and what we build at the EWEB site, how we establish our new UGB, how we rebuild our city hall, how we continue to renew our downtown, how we strengthen local companies and help more folks find meaningful work, how we protect our heritage neighborhoods and do better caring for our parklands, among others. I know what goes into these decisions. I have the experience and common sense approach necessary to lead the process of making them well.

We deserve a built environment worthy of the people who live here. We need a growing local economy that can sustain it and us. And we need to do better protecting livability and caring for the community assets we all treasure.

PUBLIC SAFETY—Keeping our community safe

Springfield citizens value public safety and so do I. Living in a safe community with vibrant neighborhoods helps us maintain our hometown feel. As Springfield grows and culturally transforms, our police and fire/life safety services are critical to our safety. I will continue to work to ensure that crime rates remain low and public safety is a high priority.

HEALTHY ENVIRONMENT—Protecting our environment

Our quality of life is dependent on how well we take care of our environment. New bike routes and pedestrian trails are planned throughout the community and along our beautiful rivers. I am a big supporter of the work that is being done. I will continue to speak out on behalf of creating and maintaining a healthy environment that will benefit generations to come.

County Commissioner and Former Springfield Mayor Sid Leiken.

I am passionate about Springfield, and I am asking for your vote so that together we can invest in Springfield's future while building upon its strong past.

I believe that the Springfield City Council needs new energy, and with the support I have received from many life-long Springfield residents combined with my background in policy, I want to invest in Springfield.

I will bring new energy and a proactive approach.

I want more families to choose Springfield because of what we have to offer: our great hometown feel, strong schools, inviting parks, public safety, and family wage jobs.

Springfield is open for business, and as a City Councilor I will work to bring this notion to life with new energy and hard work.

Springfield is full of opportunity. With your vote, I will work actively toward:

- Continued safety and affordability that makes this a great place for families.
- Proactive efforts in attracting family wage employers to our city.
- Further downtown revitalization efforts (*Let's pick up the pace!*)
- Glenwood becoming the place we all know it can be, a beautiful river path and healthy environment anchored with jobs and community.

I am running for City Council because I want to be a part of the future of Springfield. I chose to live here, start my family here and I'm lucky to call Springfield home.

I am asking for your vote. Together, I believe we can create the new energy and forward thinking that our city will benefit from.

Occupation: Springfield City Councilor 2010-2016

Occupational Background: Elementary School Teacher (26 years) Retired

Educational Background: MS University of Oregon, BS University of Oregon, Tigard High School

Prior Governmental Experience: (all volunteer) Currently: Lane Workforce Board, LTD Emx Steering Committee, Springfield Budget Committee, Springfield Economic Development Committee. Council Liaison to: Springfield Planning Commission, Bicycle/Pedestrian Committee, Springfield Historic Commission. 2007-2010; Springfield Planning Commission.

Civic Involvement: Springfield Chamber of Commerce, Springfield City Club, Springfield Rotary Club, U of O Alumni Association, Lane County Master Gardeners, Eugene Christian Fellowship.

It has been a privilege to serve Springfield citizens these last six years as councilor. During my tenure, our city, in collaboration with local businesses, has made amazing progress: a revitalized downtown with new businesses and murals, an \$80 million major renovation and addition at McKenzie-Willamette Medical Center, a \$45 million investment in The Shoppes at Gateway, Swanson Lumber and International Paper committing to our community through capital investment, Roseburg Lumber moving their Corporate headquarters to our city.

We continue working with our partners at Team Springfield as we support the new bike trails and park development at Willamalane, Springfield School District's renovations, and a new Hamlin Middle School. The City has developed a downtown parking program to open up patron parking at businesses and this summer will begin working on a major redesign of Franklin Boulevard as a part of the Glenwood Refinement Plan.

I continue to look for ways to make our city great while keeping costs as low as possible, listening and responding to citizens' concerns, and partnering with local businesses.

A special THANK YOU to the amazing volunteers in our city and the many churches and nonprofits that contribute to the health and well-being of our community.

My husband and I have lived in Springfield for over thirty years. **It is my privilege to be a Springfield fan and promoter.** I Ask for **YOUR VOTE** to continue serving as your City Councilor and moving Springfield forward.

Nonpartisan

Occupation: Union Representative

Occupational Background: Truck Driver

Educational Background: Harvard College

Prior Governmental Experience: None

I love this city and have made Springfield my home for all the same reasons you have: recreation, great schools, and close-knit neighborhoods. I began my working life on a freight dock, and I became a truck driver in my 30's. I have been a lifelong advocate and believe it's time for Springfield to have a City Councilor in Ward 4 who builds public trust by listening to and respecting all residents of Springfield.

I am a negotiator. I have advocated and negotiated on behalf of working people in Oregon. As a Springfield city councilor, I will advocate and use my skills as a union representative on behalf of you, Springfield citizens and voters. I'll take a fresh look at how the city works.

I pledge to work closely with the other councilors and the City Manager to seek solutions to the many challenges that face the City of Springfield as it grows.

I plan to:

- **Work for full-time jobs in Springfield with good wages and benefits**
- **Support measures to schedule workers fairly in the city, so they can work in safety and health**
- **Help small businesses grow so they can employ more of our neighbors**
- **Oppose the State's efforts to take away local control so Springfield can consider rent control and other ways to provide affordable housing for lower- and middle-income families**
- **Treat everyone living in Springfield with respect and dignity**

I am asking for your vote. Our city deserves better. Springfield is a regional economic powerhouse and there's no reason we can't find new ways to improve public services in our community with the resources we have available and with the efficiency we deserve.

Supporting 4-H and OSU Extension Programs in Lane County

Question	46
Summary	46
Explanatory Statement	47
Arguments in Favor	none
Arguments in Opposition	none

Question

Shall County support 4-H/Extension with 5-year local option for operations and capital; 1.5 cents per \$1000 assessed value; beginning 2016-17? This measure may cause property taxes to increase more than three percent.

Summary

If approved, Lane County would establish a dedicated local option tax supporting Extension Service programs in county. A property assessed at \$200,000 would pay approximately \$3.00 per year. Purpose is to:

Reduce enrollment cost of 4-H youth program and provide in-school and after school 4-H opportunities

Ensure public access to Master Gardener, Master Food Preserver, Compost and Pruning Specialist, Food Pantry, and Master Woodland volunteer programs

Assist rural, suburban and urban residents with pest, disease and weed management, soil and water conservation

Provide food safety and preservation, nutrition, and wellness education

Provide technical assistance to farmers, forest owners and nursery growers; emphasizing management of insect, disease and production problems Oregon State University, through state and federal funds, provides the majority of funding for Extension experts stationed in Lane County. Approximately 500 volunteers extend their efforts. Program fees, grants and contracts cover part of the costs of local programs and services. This local option tax would reduce 4-H enrollment costs, stabilize volunteer programs, and secure local Extension forestry and commercial agriculture positions.

The proposed rate will raise approximately \$425,727 in 2016-17, \$438,499 in 2017-18, \$451,654 in 2018-19, \$465,203 in 2019-20, and \$479,159 in 2020-21, for a total of \$2,260,242. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of estimate and may reflect the impact of early payment discounts, compression and the collection rate.

Explanatory Statement

If approved, Measure 20-239 authorizes Lane County to levy a local option tax to help support programs and services provided by Oregon State University's Extension (OSU) Service in Lane County. For the owner of a property assessed at \$200,000, this measure will result in three dollars of additional annual taxes for the next five years and then terminate.

County funding was eliminated for the local Extension office in 2010 due to reductions in federal timber harvests and loss of federal "safety net" revenue. After closing for months, the Extension office was moved and reopened by volunteers and skeleton-staffing from OSU. It is operating in a limited fashion in Lane County on federal and state tax resources, user fees, gifts, grants and contracts. This measure replaces the county general fund support that was lost in 2010 and allows for expanded services to the public, increased staff hours, and improved training.

Extension Service is OSU's off-campus educational system that addresses community needs through practical, research-based educational programs. Extension has been active in Lane County since 1911, serving urban and rural homeowners, farmers, ranchers, woodland owners, business persons, families, youth, seniors, and the public. A cooperative effort of federal, state and local governments, Extension relies on county taxpayer support to provide locally based faculty with the resources needed to effectively service their communities.

Extension programs currently offered in Lane County include 4-H Youth Development, Community Horticulture, Master Food Preservers, Nutrition Education, Commercial Agriculture, and Forestry, Small Farms, Livestock and Forages Programs.

Measure 20-239 will provide resources to reduce enrollment costs up to 25% and increase staffing for 4-H. Master Gardener and Master Food Preserver programs would be maintained. Small Farms and Livestock/Forages Programs for Lane County residents would expand. OSU would place two new faculty members in Lane County-- an Extension Forester and a Commercial Agricultural Agent--to reinvigorate support services for property owners and managers.

This five year property tax of \$1.5 cents per \$1000 of assessed value will raise approximately \$425,727 in 2016-17, \$438,499 in 2017-18, \$451,654 in 2018-19, \$465,203 in 2019-20, and \$479,159 in 2020-21, for a total of \$2,260,242. This tax cannot be increased during the measure's five-year lifespan and will automatically terminate at the end of 2021.

With the exception of a one-time payment of \$8,500 to Lane County to defray the cost of this election, the funding will be dedicated to support OSU Extension programs and services for Lane County. This will be ensured through a binding contract between Lane County and OSU Extension Service.

Vote by Mail Frequently Asked Questions

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between **April 27** and **May 3, 2016**. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by **May 6**, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at www.oregonvotes.gov.

What if I have moved and have not updated my registration?

If you were registered to vote by **April 26** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated official dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to www.oregonvotes.gov or you may contact your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single **47¢ first-class stamp**. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

Your voted ballot must be received in any county elections office or designated dropsite by 8pm, Tuesday, **May 17, 2016**. Postmarks do not count! All county elections offices are open election day from 7am to 8pm.

How do I know if my ballot is received?

You can track the status of your ballot by going online to: My Vote at www.oregonvotes.gov or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

Replacement Ballot Information

Important! If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by **May 12**. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call **1-866-ORE-VOTE** (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:
