DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION
JIM WILLIAMS
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Fellow Oregonian,

By many accounts, this is one of the most historic election years in recent memory. Whether you are a long time voter or this is your first opportunity to vote, please use this voter guide to find valuable information about the candidates who would like to represent you.

This voters' pamphlet is sent to every household in Oregon. But you must be registered to vote to receive a ballot to cast in the upcoming election. **If you are not yet registered to vote, you have a very short window – until April 26th 2016 – to do so. You can also visit oregonvotes.gov to check your registration status.**

We are fortunate to live in a state that works to get a ballot in the hand of every eligible Oregonian. The Secretary of State's office is committed to making voting easy and convenient whether you are a first time voter, a voter serving in the military, or a person living with a disability. The health of our democracy depends on your participation.

Oregon was the first in the nation to implement an all vote-by-mail system and we consistently have some of the nation's highest voter turnout rates. This January, we implemented "Oregon Motor Voter" – a program that automatically registers qualified Oregonians to vote when they renew or apply for an Oregon driver's license, permit, or ID card. Tens of thousands of Oregonians will have their very first opportunity to participate in this election. If you are one of them, let me welcome you to the democratic process! Your vote is your voice and every single voice matters.

It's your decision whether to mail in the ballot or drop it off in person, but please remember that **all ballots must be received by your county elections office by 8 p.m. on May 17th, 2016.** Postmarks do not count. If you have questions please call our toll-free hotline at 1-866-ORE-VOTE, or visit our website at www.oregonvotes.gov.

Oregon is better for your participation in our democracy. Thank you.

Sincerely,

Jeanne P. Atkins
Oregon Secretary of State

Disclaimer

Information provided in statements or arguments submitted by a candidate, a political party, an assembly of electors or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2016 Primary Election** is:

Z, R, B, W, C, D, N, U, G, F, S, I, P, X, J, Y, K, L, V, T, A, O, Q, H, M, E

Candidate statements are divided into two sections—major party candidates or nonpartisan candidates. Major party candidate statements appear before nonpartisan candidate statements and at the primary election major party candidate statements are separated by political party: Democratic Party candidates, Independent Party candidates, Republican Party candidates. Political parties appear alphabetically. Statements are further arranged in the same random order in which the names of the candidates will appear on the ballot.

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

President

Hillary Clinton

Democrat

Occupation: Former Secretary of State and presidential candidate

Occupational Background: Attorney; Children's Defense Fund

Educational Background: Wellesley College; Yale Law School

Prior Governmental Experience: U.S. Secretary of State; U.S. Senator, New York; First Lady of the United States; First Lady of Arkansas

I'm running for president because I believe we need to tear down all the barriers that prevent Americans from reaching our full potential. It's important that Wall Street never again threaten Main Street. But America isn't a single-issue country, and we need more than a plan for the biggest banks. The middle class needs a raise. We need more good jobs that pay well and can't be outsourced, that provide dignity and a path to a brighter future. We can create those good jobs by building on the progress we've made under President Obama. Let's invest in manufacturing, small business, scientific research and enough clean energy to power every home in America.

Let's break down the barriers that keep people on the sidelines of our economy, especially women. We've waited long enough for quality, affordable childcare and paid family leave, and equal pay. Let's break down the barriers that stop our young people from getting the best possible start in life. We need to support great teachers and great schools in every ZIP code, make college more affordable, and help relieve the crushing burden of student debt. Let's take on the epidemic of gun violence in America. We also have to face the reality of systemic racism that, more than a half a century after Rosa Parks sat and Dr. King marched and John Lewis bled, still plays a significant role in determining who gets ahead in America and who gets left behind. We have to invest in communities of color and reform our broken criminal justice and immigration systems. We have to guarantee opportunity, dignity, and justice for every American.

The future we want is within our grasp—let's build it together.

President

Bernie Sanders

Democrat

Occupation: United States Senator

Occupational Background: Congressman (VT-AL), Mayor (Burlington, VT), college instructor, freelance writer, documentary filmmaker,

carpenter.

Educational Background: Brooklyn College, attended 1959-1960; University of Chicago, A.B. 1964 (political science)

Prior Governmental Experience: United States Senator (2007-present); United States Congressman (1991-2007); Mayor of Burlington (1981-1989)

I am asking people not simply to support my candidacy for president, but to be part of a movement of millions of Americans who stand up and say loudly and clearly that this country and our government belong to all of us, and not just a handful of wealthy campaign contributors and large corporations. To my mind, this is the only way to address the major economic, political, social, racial and environmental challenges facing our country.

Given the serious crises this country faces, now is not the time for the same old establishment politics. I am running for President to fight income inequality, create millions of jobs, raise wages, and provide health care for all Americans as a human right. Together, our movement will make public colleges and universities tuition-free, combat climate change, reform a broken criminal justice system, ensure equal pay, and reclaim our democracy from the billionaires who are buying our elections.

We need an economy and a system of justice that works for all Americans, not just the people on top. We need a political revolution demanding our government represents us all, not just the top 1%. If we stand together, there is nothing we cannot accomplish.

STANDING UP FOR ALL OF OREGON

While opposing the disastrous war in Iraq, leading the fight for marriage equality, and against Wall Street bailouts, spearheading the charge to end surveillance on law-abiding Americans, standing up to far-right attacks against women's health services and Planned Parenthood, Ron has always stood for Oregon values.

Ron recently wrote the tax law hailed as among the biggest anti-poverty achievements in years that also provided significant relief for middle-income Oregonians. Because well-connected special interests still take advantage of a tax code riddled with loopholes, he is fighting to:

- Close loopholes and end deductions for corporations that ship jobs overseas
- Ensure millionaires don't pay a lower tax rate than middle-class Oregonians

College costs are crushing students and their families, so Ron made permanent a college tax credit for working families, expanded Pell Grants, and helped kick big banks out of the student loan business. There's more to do, and Ron is working to:

- Make community college free
- Provide incentives for universities to freeze or lower tuition

Ron wrote the law that brought nearly \$3 billion to Oregon's schools and rural economies. He played a key role in writing laws that guided \$500 million into repairing Oregon's aging roads and bridges. Because many families are still struggling, Ron's priorities include:

- Raising the minimum wage
- Securing paid leave for working families
- Strengthening equal pay laws to close the gender pay gap

"From leading the fight against privatizing Social Security to holding big pharmaceutical companies accountable for attempts to extort seniors over prescription drug costs, Ron Wyden has always stood for Oregon's most vulnerable citizens and I am proud to serve with him in the United States Senate." -- Senator Jeff Merkley

Personal Background: Honorably separated veteran of the United States Navy. Served over 9 years and underwent 3 overseas deployments on-board fast-attack submarines. Married nine years to my wonderful wife, Casey, and father of a beautiful daughter, Riley.

Vote BERNIE SANDERS and KEVIN STINE

No Trans-Pacific Partnership.

Democratic Party voters deserve to hear an answer from Senator Wyden, instead he has been playing politics by evading questions. We need to be loud and proud to protect ourselves from job-killing trade agreements. Wyden voted for NAFTA, CAFTA, the China Trade Bill, and deregulating Wall-Street with the repeal of Glass-Steagall. The results have been disastrous for our country. We don't need the TPP. We need another US Senator with values such as Bernie Sanders, Jeff Merkley, and Elizabeth Warren who will stand *against* the TPP. I will be that US Senator.

Working for the People: I was born to a single working-class mother. Despite her tremendous efforts to provide for our family, my childhood was spent living in poverty. In 1996, Sen. Wyden's vote for Welfare Reform hurt working class families like ours, and has had lasting negative effects on countless others. He even voted *against* legislation led by Sen. Bernie Sanders and Sen. Hillary Clinton to roll back the Bush tax cuts for the top 1%.

Vote for Our Future: Topics such as climate change and student debt are among the highest priorities of the next generation. It's important that we have a connected leader in the Senate to help address the problem. I will always maintain an open line of communication, and continue to actively seek out your views on issues that concern our extraordinary state.

I will always be on the side of our working and middle-class. We need more policies that put the people ahead of corporations. Vote for Oregon. Vote for Kevin Stine.

Educational Background: Cornell University, B.A.;

University of Illinois, B.S.; Doctor of Veterinary Medicine

Prior Governmental Experience: State Senator; State Representative; Co-Chair, Joint Committee on Ways and Means; Canby Planning Commission.

Kurt Schrader: Delivering for Us

- Led the fight to **keep Newport as the base of the NOAA pacific fleet and our Coast Guard rescue helicopter** on the Oregon coast.
- Helped deliver a transportation bill to spur our economic development, like **improving Woodburn's interchange, access to more bus services and potential widening of I 205** in Clackamas County
- Supported the **replacement of "No Child Left Behind" that will put communities, parents and teachers in charge** of our children's education.
- Sponsored a bill to **allow students to refinance their college debt** and has supported increased funding for Pell grants to **keep college affordable**.

Kurt Schrader: Oregon Values

- One of the first members of Congress to introduce a constitutional amendment to **repeal "Citizens United"**, and is a supporter of campaign finance reform.
- Supports **comprehensive immigration reform** that will fix a system that doesn't work for our farmers, businesses or families.
- Consistently **opposes increasing U.S. ground troops** in Middle East wars.

"Kurt Schrader has been a staunch defender of women's health care and reproductive rights. That's why we need him in Congress" –Mary Nolan, former chair, Oregon pro-choice caucus.

Kurt Schrader: In Touch With Us

Kurt holds community meetings and town halls throughout the 5th district and has cut through red tape for Oregonians. His office has returned over \$5 million in stalled Social Security payments, delayed IRS refunds, and denied VA benefits for Oregon's warriors.

"I am honored to serve as the voice for Oregon values and priorities in the US Congress. I look forward to working with you to stand up to extreme elements in Washington, DC that hold our country back. I would appreciate your vote."---Kurt Schrader

Educational Background: Graduate: University of Oregon; McNary High, Keizer, Oregon

Past Community: President, Association of NW Steelheaders. Clackamas Service Center Board. Member, Democratic National Committee.

IT'S TIME FOR A CHANGE!

DAVE McTEAGUE: Democrat's Progressive Alternative

McTeague offers strong Democratic progressive representation! Dave has a positive record and 22 years elected experience. Incumbent Kurt Schrader Co-Chairs conservative "Blue Dogs." They support Republican leadership and lobbyists. In 2015 alone Schrader took \$590,000 from special interest PACs.

DAVE McTEAGUE agrees with BERNIE SANDERS: America's rigged economy is perpetuated by a CORRUPT CAMPAIGN FINANCE SYSTEM. Incomes have been declining while Wall St. and Billionaires grow wealthier. Enough is enough!

PROGRESSIVE McTEAGUE vs. "BLUE DOG" SCHRADER

- McTeague opposes the Trans-Pacific Partnership (TPP) trade agreement. Schrader voted for TPP "Fast Track." Like NAFTA, TPP undermines Oregon jobs. TPP increases medical costs by restricting generic drugs.
- McTeague supports President Obama on Syrian Refugees. Schrader voted with Republicans against the President's modest plan, thereby deserting Oregon's Democratic congressional team again.
- McTeague favors sustainable forest management and watershed restoration. Schrader proposed weakened environmental laws and clear-cutting in 1.5 million acres of Oregon forests.
- McTeague opposes Keystone Pipeline, which Schrader supported.
- McTeague says invest in green energy jobs while Schrader favors \$200 million nuclear power subsidies.
- McTeague supports the DREAM Act, Schrader voted against it.
- McTeague supports Social Security; Medicare for All healthcare; Women's and LGBT Rights; Organized Labor and GMO "Right-To-Know."

Endorsed by: Mike Swaim, former Salem Mayor; Mark Gamba, Milwaukie Mayor; Billie Jo Smith, Toledo Mayor; Carolyn Tomei, former State Representative; Nancy Campbell Mead, Depoe Bay; Chuck Sheketoff, Silverton; and many others.

Occupation: Governor

Occupational Background: Child Advocate; Family Law Attorney; Portland State University Instructor

Educational Background:

Prior Governmental Experience: State Representative 1991-1996; State Senator 1997-2008; Secretary of State 2009-2015; Governor 2015-Present

Governor Kate Brown Moving Oregon Forward

Kate Brown took over the leadership of our state in difficult circumstances. She got right to work, setting the state's priorities straight by focusing on what matters -- good schools, good jobs, a secure retirement and a clean environment. Committed to government transparency and accountability, she passed a law requiring lobbyists to disclose who's paying them on a public website. She created and passed groundbreaking legislation that removed barriers to voting by automatically registering citizens to vote when obtaining a driver's license.

Focusing on what matters:

Good jobs, quality schools, and a secure retirement

As Governor, Kate Brown has:

- Increased the minimum wage, because no one working full time should have to live in poverty.
- Passed a law guaranteeing paid sick days, so Oregon workers don't risk losing a job or not being able to pay the bills when they're sick or caring for a sick child.
- Increased education funding by \$7.4 billion to help prevent teacher layoffs and keep class sizes from increasing.
- Signed a law creating a voluntary retirement savings system, giving every working Oregonian access to a professionally invested retirement account.
- Passed a law that makes Oregon the first state to eliminate coal power.

Continuing Oregon's progress: Increasing accountability and putting Oregonians back to work

Over the next two years, Kate Brown will work to:

- Help Oregon's small businesses cut through state and local red tape so they can thrive and grow.
- Work to increase our graduation rates.
- Fight to make college, community college, and technical training affordable for all Oregonians.

Governor

Julian Bell

Democrat

Occupation: Doctor.

Occupational Background: 2000 - 2016: Medical Doctor.

Educational Background: Cornell University, BA 1995; New York Medical College, MD

2000; St Vincent's Hospital, residency, 2003; Rush University, ICU fellowship 2006

Prior Governmental Experience: No prior government experience.

I'm a doctor, not a politician. I work in an intensive care unit. Usually I worry about bills, getting my kids to eat dinner, and do I really have to walk the dog if it's raining? But at the moment the thing that keeps me up at night is climate change. None of us want to think about it. But so that you don't have to think about it all the time, think about it carefully as you vote. Because we live in America, we can create our future, a future we can be proud of – that we deliberately make for ourselves, our children and their children. At the moment the fossil fuel economy is choosing a future for us, and this future is bleak. But it doesn't have to be that way. Vote for a clean energy economy instead. The clean energy economy means well-paid jobs, healthy local businesses and a solid tax base to fund schools and pay teachers. As I said, I'm not a politician. I'll be the first to tell you that I don't have experience as an elected official. But working in the ICU, I do know how to get a group of experts together to fix real problems. We all want a healthy future. Voting for me means voting for a clean energy economy and a bright and prosperous future.

Hola. Ésta elección se trata del cambio climático y si lo vamos a arreglar o no. Sabemos que un futuro con combustibles fósiles es malo, y que la economía de energía limpia será fuerte y traerá trabajos. Como gobernador representaré las prioridades de todos los Oregonianos, y juntos comenzaremos a arreglar el cambio climático.

Governor

Dave Stauffer

Democrat

Occupation: Environmental Innovations Inventor

Occupational Background: Former Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and

Corporate Securities.

Educational Background: B.A. University of Chicago, M.B.A. University of Portland, Juris Doctorate-Northwestern School of Law at Lewis and Clark College

Prior Governmental Experience: Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and Corporate Securities. School District Business Manager.

Dave Stauffer has invented a new invention that will get water to Morrow and Umatilla counties **without any diversion of, or lowering of the surface level of,** the Columbia River—and the federal government will pay for the entire project as an environmental, energy, and flood control project. As Governor, Dave Stauffer will work with the federal government to construct the invention and create an estimated 20,000 jobs in areas around the Columbia, Rogue, Klamath, Sacramento, and San Joaquin Rivers.

The new invention will also supply pollution-free hydroelectricity and flood control to areas along the Columbia River, and, possibly, increase fish runs upriver to their pre-dam levels.

The new invention will supply much water to dry areas, so fruit and forest trees may be planted that will grow green leaves—which will take carbon out of the air through the chemical process of photosynthesis. Taking carbon out of the air will help to decrease the depletion of the ozone layer that appears to be causing global warming—especially if the new invention is also installed in the Mississippi River, the Amazon River, the Nile River, the Yellow River, and all other large rivers of the world. Because Dave Stauffer is the inventor of the new invention, he is well qualified to work with all the Oregon Senators and Representatives to implement his invention.

Occupation: State Senator, 2003-Present

Occupational Background: Legal Investigator; Juvenile and Adult Corrections; US Marine Corps

Educational Background: B.S. Portland State University; M.A. Pepperdine University; Graduate Studies, University of Oregon and Portland State University

Prior Governmental Experience: Co-Chair, Joint Committee on Ways and Means 2010-Present; Senate Majority Leader 2007-2010; State Senator, 2003-Present; State Representative, 1997-2002; Metro Council, 1989-1995; Tualatin City Council, 1985-1988

Results. Integrity. Experience.

The Clear Democratic Choice.

Nobody in the race for Secretary of State comes close to Richard Devlin's record of making Oregon a better place.

Champion for Schools - Richard increased K-12 funding by almost 1.7 billion dollars in the last two budgets alone, a 29% increase. He also boosted funding for Career and Technical Education, Community Colleges, and Universities.

Protecting the Vulnerable - Richard expanded critical services for seniors, children, and the disabled.

An Oregon that Works for Everyone - Richard supported small businesses, strongly defends reproductive and LGBT rights and helped increase the minimum wage.

"Richard Devlin is the person who rolls up his sleeves to really deliver on what matters most. If you want someone who doesn't just talk about our values and priorities, but actually makes them happen, Richard is your best choice for Secretary of State."

Deborah Kafoury, Multnomah County Chair

Richard will use his elections experience to **close campaign finance loopholes to stop campaigns from hiding their spending.**

"Richard Devlin's unquestioned integrity is essential to maintaining trust and confidence in our elections system and state government. We can trust him. Always."

Former Congresswoman Darlene Hooley

Richard has by far the strongest experience to **find irregularities in the spending of tax dollars, correct them, and hold state government accountable.**

"The Secretary of State audits state government to keep it open, accountable, and effective. Experience really matters, and nobody else comes close. Richard's the clear, qualified choice."

Former State Treasurer Randall Edwards

"Tobias has the right skills and experience to wisely manage Oregon's financial future." State Treasurer Ted Wheeler

"Tobias took leadership and made it possible for Oregon students to attend community college at minimal cost." Governor Barbara Roberts

Dear Voter,

The State Treasurer doesn't manage the state's budget, or act as the state's accountant, but the job is vitally important to Oregonians' financial future.

The State Treasurer manages the state's borrowing that helps build our infrastructure. My legislative background includes working on financing our infrastructure, like **fixing our bridges and roads**.

The State Treasurer sits on the Oregon Investment Council that manages the investments of our retirement system. My experience will help ensure we **keep our promise to retirees without breaking the bank**.

The State Treasurer manages the Oregon College Savings Plan. As Treasurer, I'll make sure the **families that need the most help saving for college get an early start**.

The State Treasurer also helps manage our state's natural resources to benefit schools. As a parent myself, **ensuring our schools are fully funded is a top priority**.

I have worked in the U.S. Treasury and with the State Treasurer on shared priorities to build and protect Oregon's long run financial future, including legislation to **help all Oregonians save for retirement**. I would appreciate your vote.

Thank you,
Tobias

Educational Background: Brigham Young University, B.S. In Psychology and Biology; San Jose State University, Graduate work in School Psychology. Course work in World and American History, History of the Supreme Court, The American Revolution, and many more.

Prior Governmental Experience: Court Appointed Special Advocate (CASA) for Marion County Juvenile Court

For the past 7 years I have advocated and worked for an amendment to the United States Constitution which would clarify that corporations **do not possess the constitutional rights of natural persons** and that **money does not equal speech** (those with much wealth get to speak the loudest and longest.) I will continue to work toward that goal because corporate political power and unlimited campaign funding are the source of most of America's (and Oregon's) economic, societal, and environmental problems.

- I will represent all of the people of my district, not just the ones with money.
- As a legislator my constituents will come first and always be my top priority
- This state government was formed by "We the People" as was our federal government; consequently my votes will be determined by the question "WILL THIS BENEFIT THE PEOPLE?"
- I will work to build on educational and vocational trainings as a way of improving our economic prosperity and providing increased opportunity for our community.
- To promote job growth, I will advocate for legislation that fosters the creation and success of small businesses
- I will work to ensure that all Oregonians have access to **free and fair elections.**
- Affordable Health Care for all Oregonians is a necessary element of prosperity and I will work to make sure we have access to quality affordable health care
- Global warming is becoming an ever increasing threat, we must act now and work towards sustainable solutions for protecting our environment and planet

Ross Swartzendruber

Democrat

Occupation: Self-employed, Black Sheep Advertising, Inc.

Occupational Background: Owner, Black Sheep Advertising, Inc. 1997-Present; Ranch hand, Swartzendruber Sheep Station 1989-1997;

Purification process operator, Genetics Institute 1988-1989; Research assistant, Boston University School of Education, 1987-1988

Educational Background: Amity High School 1982; Chemeketa Community College; Oregon State University; Boston University, Bachelor of Arts, Biology, 1988

Prior Governmental Experience: Superintendent of Public Instruction Student Advisory Committee member 1981-82

Ross Swartzendruber lives and breathes the Oregon Spirit on the family sheep farm in rural Polk County. A descendant from Iowan immigrants to an Amish colony near Whiteson in Yamhill County, Ross is a fifth-generation Oregonian that cares deeply about reversing the destruction of the middle class in the rural Willamette Valley. He sees solutions around re-thinking our approach to test-centered education, re-evaluating land-use laws and supporting local markets.

With three children in public schools, Ross witnessed the radical changes created by Common Core State Standards and annual testing firsthand. From grade inflation to key-boarding, the new direction of education slams the door on our children's future and leaves us even further behind in global competition.

As an outspoken critic of unconstitutional data mining and surveillance, Ross opted his children out of annual testing and online learning management systems. Unsatisfied by elected officials' response to subjecting students to unproven, faulty test products, Ross is running to give a stronger voice to parents and taxpayers in Senate District 12.

Through event programming with Salem Creative Network, Ross has gained valuable experience in connecting agencies with shared alignment and creating successful solutions to large-scale challenges in the community. Offering options that benefit everyone attracts support and leads to long-term results.

Self-reliance and innovation are essential to grow Oregon's economy. Senate District 12 has historically led the way, through ag and timber exports, biomass production and renewable energy. Ross has the experience to bring stakeholders together and meet the challenges of the 21st century.

MARK STRINGER IS A NATIVE OF EASTERN OREGON:

Born and raised in Malheur County, Mark and his family have been seep and cattle ranchers for three generations.

As a businessman, Mark Stringer knows that a good education will provide the basic skills for a lifetime of employment. As an educator, Mark has provided those important skills to the children of Arlington, Ontario, Adrian and Nyssa.

MARK STRINGER KNOWS that Eastern, and Central Oregon jobs rely on the stable base provided by agricultural livestock, produce and timber. Economic efforts in development must focus on expanding markets for our local products.

MARK STRINGER WILL WORK FOR SOLUTIONS TO EASTERN AND CENTRAL OREGON PROBLEMS:

State Representative, 18th District**Tom Kane**

Democrat

Occupation: High School Social Studies and Language Arts Teacher

Occupational Background: Adjunct Professor, Remodeling, Small Business Manager

Educational Background: Doctorate of Education, Masters of Education, Bachelors of Arts (Theater and History)

Prior Governmental Experience: Currently serving on Clackamas County Economic Development Commission

I have been a teacher for over 20 years. I've urged my students to be active participants in society, to have a critical eye towards the decisions of our leaders, and to feel that their voices are important. Through this, I have also learned *with* my students and decided I need to be more active in the decisions that are impacting all of us.

I believe in well-managed public services and this is why I am running to represent the people of House District 18. I have had a life long interest in making government work better for people. My recent participation in the Clackamas County Citizen Academy opened my eyes to the commitment of our front line workers on roads, bridges, healthcare, economic development, libraries, and more. They do phenomenal work on shoestring budgets. My own experience as a teacher has highlighted the dedication of educators all over our state in the difficult conditions of underfunded schools and colleges.

This is why I've joined with families across the state to force large corporations to pay their fair share of taxes. While working people and small businesses are pitching in for schools, senior services, and healthcare, these, sometimes multi-billion dollar companies, are not. I will ensure that when the "Better Oregon" measure passes, the funds are wisely managed and the people of this District receive needed services.

As an educator, I have listened to the diverse needs of my students and administration and found solutions in times of limited resources. I will be just as open to hearing your needs, and resourceful in finding successful solutions as your Legislator. I ask for your vote to represent our House District in Salem.

Standing Up for Working Families & Small Businesses

Paul was instrumental in passage of a new Minimum Wage protecting rural Oregon and small businesses critical for our economy. He pushed for legislation helping rural industrial development, worked for passage of retirement security, and paid sick leave for Oregon's workers. Educational Background: Bachelors Automated manufacturing. Associate electronics engineering, Associate Vocational education

Prior Governmental Experience: NONE

As a Democrat I support the Following Democratic Planks:

The second amendment needs to be protected for all Oregonians. I stand firmly **opposed** to any attempt to compromise those rights and liberties in the name of governmental convenience or security. I believe that measures for reducing firearm-related injuries and deaths can be enacted in terms that pose no threat to the 2nd Amendment and no threat to responsible personal firearm ownership and use.

I believe in supporting small businesses by removing unnecessary barriers especially crippling taxes and unfair regulations. I recognize that fair taxation policies and transparent, responsible revenue expenditures are critical in promoting the common good.

I believe in the right of individuals to be treated with dignity and respect regardless of inherent characteristics, religion, sex, sexual orientation, gender identity, ethnicity, socioeconomic status, residency status, or other identifying qualities. Ending Citizens United – Brian was Chief Sponsor of legislation that would force Congress to finally say once and for all that Corporations are not People and Money is not Speech. Brian never keeps donations from out of state interest groups. Over the years, he's donated tens of thousands of dollars in unsolicited campaign checks to local charities.

Standing up for Reproductive Rights - Brian voted to allow pharmacists to prescribe birth control and require insurance companies to cover 1 year birth control prescriptions. He is 100% pro-choice and opposes any attempts to restrict access to abortion.

A Contract is a Contract – Brian was the only Democrat in the entire Legislature to vote against Senate Bill 822, the cut to the Public Employees Retirement System. He stood by the contract the State made with hard-working Oregonians.

Saving Oregon's Natural Treasures – Brian led the fight to designate the Metolius River Basin the state's first ever Area of Critical Concern and protect it forever.

"I believe in our Citizen Legislature and I work to bring people together from diverse backgrounds to solve Oregon's problems. It's up to you! You can make the difference. You did it in 2014, and now is the time for you to step up again.

This year, we have a lot at stake. We need to elect a Democratic President and re-elect champions of Oregon's middle class: U.S. Senator Ron Wyden, Governor Kate Brown, our great Democratic Congressional team, and Attorney General Ellen Rosenblum. After the May Primary we need to elect our nominees for Secretary of State and State Treasurer and hold and expand our majorities in the Oregon House and Senate so they can keep working on legislation that makes a real difference in the lives of Oregonians.

As Oregon Democrats, we stand for our values:

- Family wage jobs and worker's rights
- Equality for all, including marriage equality
- High quality education
- Affordable healthcare
- Retirement security
- National security
- Civil liberties and transparent government

Join our team today by becoming a Precinct Committeeperson or volunteering with our campaigns.

Precinct Committeepersons (PCPs) are the grassroots activists at the heart of the Democratic Party of Oregon. Run for election as a Democratic Precinct Committeeperson and join our team. You'll represent the Democratic Party in your neighborhood, and represent the concerns of your neighborhood to the Party.

Duties of a Democratic Precinct Committeeperson:

- Drive voter registration
- Get out the word on Democratic candidates
- Vote on official party business
- Elect county party leadership and Platform Convention delegates
- Nominate replacement State Representatives or State Senators

Governor

Cliff Thomason

Independent

Occupation: President, Orhempco, Inc., Oregon Industrial Hemp Farming

Occupational Background: Sales & Marketing

Educational Background:

Graduate, North Valley

Prior Governmental Experience: Chief Petitioner, 2016 Oregon Lottery Local Control Act, Court Appointed Special Advocate (CASA), Committee Chairman and Board Member of Securing Our Safety.

By filling in the oval next to my name, you are agreeing that there is a need to have more choices on the ballot besides Democrat or Republican. You are stating that that as an Independent, you want a better future for Oregon. I am pleased to be your candidate for Oregon's highest office. Thank you for your vote.

As your next Governor, I will:

- **Work for the creation of an Oregon State Bank**

An Oregon State Bank would keep Oregon's and Oregonian's money local. It would support Community Bank lending to small businesses and farmers. It would provide banking privileges and protections to all people in the Cannabis Industry.

- **Give half of Lottery dollars back to the counties they came from**

Locally generated revenue should stay local. Giving lottery money back will provide over 200 million dollars annually to the counties and help fill needs in schools, public safety, and job creation. The money generated in your county should stay in your county to do what's best for your county.

- **Turn our education system around**

For over 20 years we have seen a huge shift to top-down education reform. We have lost teacher-student time in favor of in-service days & professional development. The teacher's voice & professionalism has been lost or devalued, and trust is at an all-time low. We need to turn back to local control and stop treating education with a one-size-fits-all mentality.

- **Solve our long-term debt liability**

We have more than 20 billion dollars in unfunded liabilities facing us. Current leadership says the only solution is to raise more taxes. I have a plan that would eliminate the need for more taxes, while boosting revenue for the state.

Secretary of State

Paul Damian Wells

Independent

Occupation: CNC Machinist

Occupational Background: Design Engineer

Educational Background: BSEE Purdue 1984

Prior Governmental

Experience: Voter Advocate since 1992

I'm an Independent voter because existing political parties don't represent working people like me.

It's all about Jobs and Business

When business provides jobs, individuals can provide for themselves and their families. Jobs also generate tax revenue, which can be used for public spending on infrastructure, police, education, healthcare... Lose jobs, and all social ills like crime and terrorism increase.

Bipartisan: Pandering vs. Profiteering

Liberals constantly propose new programs (Pandering), but can't create the jobs needed to pay for them. Conservatives overstate the claim that generating private wealth (Profiteering) creates jobs through "trickle-down" economics.

Corporations aren't people – They don't have rights

- We should reward individuals who build companies that create and retain permanent jobs.
- We should penalize individuals and corporations that generate private wealth by eliminating jobs.
- We should penalize corporations that generate private wealth by destroying our environment.
- Corporate taxes can be restructured to reward job creation/retention and penalize profiteering.
- Legislating religious beliefs is unrelated to job creation.
- At a cost of jobs and protections for many, Labor Unions protect a privileged few.
- When politicians pander – working people pay.

Viable Political Alternatives

It's all about jobs and business – not generating private wealth, legislating morality or pandering. To permit the development of new, viable political alternatives, California and Washington have abolished state funded partisan primaries. Both states now conduct non-partisan elections and Oregon should follow.

Top Two (Non-Partisan) Primary

- All candidates – party affiliated and non-affiliated, compete in a single open primary to determine the top two candidates for each office.
- Political parties may endorse candidates, but - only the two best candidates advance to the general election. No one qualifies for the general election ballot simply because they've been endorsed by a political party.
- All voters – partisan and independent, participate equally in selecting the top two candidates at the primary.

Responsible Budgeting and Spending

We need legislators like Jim who will ask tough questions and make sure our tax dollars are spent wisely on the services we expect government to provide like quality schools, safe neighborhoods, and good highways. He will work to bring a common sense approach to the way our state spends our money making sure rural Oregon is not left out.

Addressing our Health Care Crisis

Access to quality and affordable health care in rural Oregon is critical. Jim fought proposals that would increase health care costs while making sure patients are the center of any discussion. Jim wrote the bill which allows pharmacists to give immunizations thus increasing access and reducing costs to rural patients. He was twice selected as Legislator of the Year by Mothers Against Drunk Driving for his work to reduce drunk driving and increase drug/alcohol treatment access.

Donald J. Trump wants to Make America Great Again. He wants to reestablish our place in the world by steering our government away from special interests and introducing policies that put money in people's pockets, restore love of country and restore our world status.

Mr. Trump believes in free markets, the importance of a strong family, a culture of Life, a strong military and our country's sacred obligation to take care of our veterans and their families.

Our country has been poorly served by the political class who value their self-interest over the interests of the United States and its citizens. Mr. Trump will end the corrupting influence of special interests once and for all.

Under a Trump Administration, America will begin winning again. No longer will China, Mexico, Japan and other countries manipulate their currencies to benefit their citizens at the expense of ours.

We need free and fair trade.

We must restore the integrity of our national borders. A country cannot exist without strong borders.

We will welcome international visitors, but we must build a wall to protect our southern border.

Our Federal tax burden inhibits economic growth and takes too much from hard working Americans.

We must reduce the burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must pay particular attention to fixing our corporate tax structure so capital and jobs will come back to America.

We will rebuild our military, return education to the parents and students, make college affordable and fix our healthcare system by getting rid of Obamacare and replacing it with free market solutions.

We will protect the Second Amendment and will defend religious liberty for all. Together, we will Make America Great Again.

Sam Carpenter: Turnaround Specialist & Outsider

I'm Sam Carpenter.

I create jobs and am a business turnaround specialist. I find what's broken and fix it...now!

And I'm a political outsider.

This is just what D.C. needs.

Career Politicians Must Go

Big government has smothered opportunity for us and for our children. Generational theft is unforgivable.

Our economy is asleep, and the middle class is hurting. Who's to blame?

Career politicians in D.C. who saddle us with taxes and regulations while ignoring the every-day problems Oregonians face.

And too often these political elites disrespect us.

Let's call out political correctness, and recall common sense.

Career politicians must go.

Time for New Management

Ron Wyden has spent 35 years in Washington worried more about his career than about the Oregonians who put him there.

For example, Wyden claims our forests are diseased and burning because of global climate change. That's absurd. For over 30 years, our timberlands have been neglected. Drive through a federally managed forest and see the miles of dead and dying trees and the undergrowth thicket: a tinderbox that continues to threaten Oregon's rural families.

We must actively manage our forests. Repairing the damage will stop massive wildfires, create tens of thousands of sustainable jobs, protect wildlife, and revitalize our rural and state economy.

Sam Carpenter's Solution

Immigration, national debt, education, and health care?

The fixes are equally obvious – replace career politicians—NOW.

It's very simple: If our decision-makers are making bad decisions, let's replace the decision makers.

This goes for Democrats AND Republicans.

Ron Wyden has been in D.C. far too long.

Sam Carpenter for Oregon

Next January, Oregon moves ahead to prosperity.

The **Oregon Turnaround** is upon us!

Are you with me?

Leadership, Integrity, Character, Honor & Trust

End Government Infringement

Our government is violating our constitutional protections. Our 2nd Amendment rights are being infringed upon. Political correctness is destroying our religious freedom. Our nation's sovereignty under attack with detrimental immigration policies. Together, we must make America great again. As your constitutionally conservative Senator, I will stand strong for the rights of all Americans. **I Don't Give Up!**

Economic Opportunity for All Oregonians

Small businesses grow our economy, not a government that dictates, mandates, and over-regulates every aspect of our lives. As a believer in the free market, I will work to make America's economy strong again, through **A Focus On Job Growth**, beginning with the Full Repeal of ObamaCare a.k.a "WydenCare".

Balance The Budget & Reduce Spending

With a national debt at \$18 Trillion+, our government continues to mortgage our children's, and our grandchildren's future. As a fiscal conservative believer in limited government, I'll reduce wasteful spending, and fight for **A Balanced Budget Amendment**.

Let's Take Our Country Back!

We're at a crossroads affecting the very freedom our constitutional republic was founded upon. Supporting moderate candidates, that don't win general elections, isn't an option.

We will win this election, together, by distancing ourselves from career politicians who are only looking to advance their own careers. We will win with a **True Conservative** candidate that will fight for American values. We will win with a Pro-Life candidate that embraces our conservative values. **I Am That Candidate**. Thank you and May God Bless America.

Prior Governmental Experience: Cottage Grove Planning Commission; South Lane School District Budget Committee; Rogue, Siskiyou, Umpqua and Eugene BLM Resource Advisory Council; Past Chair of the Lane County Council of Governments; Board Member and Chair Regional Fiber Consortium; Board member and Chair of Lane Regional Air Protection Agency

Experienced Leader

In the twelve years Faye has served as County Commissioner he has seen first hand the hardships facing our state. Because of broken promises and lack of leadership in solving problems by our Senators, Faye had to make tough, responsible decisions, trimming our county budget by tens of millions and taking 14 departments down to 9.

Proven Track Record

In the face of all those budget cuts Faye has accomplished many things in Lane County. It is this collaborative, creative leadership Faye can bring to the United States Senate.

- Established first multi-year scholarship to Cottage Grove high school
- Converted a brownfield into a beautiful community park in Cottage Grove – Bohemia Park
- Led the successful effort to upzone rural industrial land in Goshen to meet local needs all while protecting farm and forest land
- Managed fiber optic consortium providing job opportunities for rural Oregonians

Common Sense Priorities

- Honor our commitment to Seniors and Veterans
- Expand economic opportunity for all Americans
- Fix our broken healthcare system
- Protect Americans at home and abroad
- Responsibly manage our natural resources

What has Ron Wyden done for Oregon in the past six years? Or 12 years? I think Oregonians can agree, for someone who's held federal office for 35 years, it's a very short list.

The definition of insanity is doing the same thing over and over and expecting different results.
(Benjamin Franklin)

How many times should we send a multi-millionaire Career Politician to Washington, expecting different results? For decades Oregon has re-elected someone who has no grasp of finance or economics, votes in lockstep with the Harry Reid and Nancy Pelosi leadership, and has failed to deliver for Oregonians, from job creation to education.

It's time we elect someone who knows what Fiscal Discipline means. The current senator has presided over 95% of all federal debt in America's history, leaving every voter a bill for almost \$160,000—so far. As a lawyer, he's proven to be no help. *Who will pay the bill?* As a career finance professional, **Dan will ensure we have balanced budgets.**

It's time Oregon was represented by someone with Real-world Experience. Congress needs people who have been on the front lines in global markets and people who know what it means to own a small business. Having lived and worked in Europe and Canada, Dan also has a worldview extending beyond Manhattan or Washington, D.C.

It's time voters heard the Truth. The 2013 "Lie of the Year" was awarded to Obamacare. The 'Lie of the Decade' is the Democrats' insistence Social Security is "fine."

There's only one candidate on the ballot—in any party—with the experience and backbone to put a stop to living beyond our means. Dan won't do 'business as usual.'

A vote for Dan is a vote for Oregon.

Fighting for Working Oregonians

Colm Willis grew up in Oregon. He is a husband, a father, and a small business owner in Stayton. He knows Oregon is a great place to live, but he shares our concern that recent policies coming out of Washington threaten our jobs, our quality of life, and our God-given rights. He knows that we deserve a Congressman who will stand up for us in Washington. Colm is a limited government, Constitutional conservative who will defend our freedoms and fight for our rights.

“Oregonians today are fighting for their jobs and their families and they deserve a Congressman who will take their fight to Washington. I’m running for Congress to represent all of us here who may not have a lobbyist, but deserve to have a voice in Congress.” – Colm Willis

Occupation: Parent, Community Leader**Occupational Background:** Senior Mortgage Banker**Educational Background:** A.D. Science in Nursing, PCC

(expected June 2016); A.D. Science of Arts, PCC

Prior Governmental Experience: First time seeking elective office**Oregon needs a champion for personal liberty, constitutional principles, sound fiscal policy, and a strong national defense.**

As a fourth-generation Oregonian, I have a foundational belief that limited government is critical to unleashing the potential of the American people.

Oregonians are struggling to find and keep family-wage jobs. We have over 5,000 homeless veterans and nearly 8,000 kids in foster care. As a nursing professional, and a father who adopted a foster child, I believe it’s time we focus on lifting people out of poverty, and out of government services. We need to make sure our children inherit a future filled with prosperity, not one where the nation is in economic decline.

I will fight to:

Hold Washington Accountable

- Introduce a Balance Budget Amendment
- Demand transparency of Federal agencies, such as the IRS
- Pass a bill enacting term limits to ensure that politicians are doing their jobs

Protect Our Most Vulnerable

- Fight for those who can’t protect themselves
- Foster a culture that celebrates and promotes adoption

Preserve 2nd Amendment Rights

- Fight against the federal government’s overreach against law-abiding gun owners
- Focus legislation on mental health initiatives

Put Education Decisions in the Hands of Parents

- Parents must have the right to do what is best for their children
- Allow education dollars to follow the student
- Break the strangle-hold that giant unions have on education
- Block Common Core

Oregon Republicans need a candidate who can take on Kurt Schrader, an entrenched Washington politician who prioritizes special interests over his constituents and our veterans. As a fiscal conservative, you can count on me to make the right decisions for Oregon families. I would sincerely appreciate your vote.

Defending Religious Freedoms:

I am proud to be endorsed by Sweet Cakes owners Aaron and Melissa Klein who were fined \$135,000 for not baking a cake for a same-sex wedding because it violated their religious convictions.

"As Personal Liberties have come under scrutiny in Oregon and across the nation, we are grateful to Seth for his steadfast defense of religious liberty." - Statement from the Klein's

National Security:

ISIS was given a head start in spreading mass terror and oppression in the Middle-East and across the globe when President Obama did not take them seriously. **As your Congressman, I will put national security at the forefront of my duties.** Relationships with our allies, like Israel, must be strengthened, and enemies of freedom destroyed.

Healthcare and Public Safety:

As a mental healthcare provider, I am concerned with the lack of services provided at the local level, particularly in the rural parts of Oregon. Government agencies are often inefficient. I advocate that government provide more of its funds on grants to non-profit organizations who are better capable of engaging at community levels and offering long-term support to those in need. **In addition, Obamacare must be replaced with free market healthcare that promotes consumer choice.**

Federal Land Use:

The Federal government owns 53% of Oregon's land which is more than they can properly manage. As your congressman I will work to transfer land back to the states and local governments or sell them to private businesses and individuals. This way the land can be properly managed, creating a balanced approach for **job creation, economic growth, and environmental protection.**

I'm a janitor's son. When I was 15, I went to work as a grocery store box boy after my father died. I was able to get a great education, become a Marine, a cancer doctor and grow a business.

Now it's time to get things done for Oregon. We must focus on working Oregonians. We must stop encouraging the growth of a government bureaucracy that slows us down by playing games with people's livelihoods. We must tame the special interests and stop corruption. My plan includes:

- Ensuring Oregon's business climate promotes economic growth so we have more high-wage jobs and rising incomes, especially for those in rural Oregon, while ensuring our environment will remain pristine for the health and benefit of our citizens.
- Cutting costs of government and establishing true transparency and accountability.
- Cutting taxes for lower and middle-income Oregonians.
- Defending the 2nd Amendment.
- Ending crony capitalism by eliminating giveaways and perks for the well-connected.
- Fixing PERS so our schools and local governments don't have to cut services to fund looming rate increases.
- Reforming education so Oregon schools will be a role model for the nation.
- Advocating for better treatment and support for veterans.
- Supporting families by creating more options and affordable choices for childcare.
- Focusing on mental health issues.
- Rebuilding our crumbling transportation infrastructure resulting in jobs and ease of travel around Oregon.

I'm running for Governor because the political class in Salem has let us down. They hiked spending 63% in the last decade. Are our schools 63% better? Is any government service 63% better? We rank at or near the bottom of the country for high school graduation rate and at the top of the country for citizens who rely on food stamps to feed their families. Oregon shouldn't be known for dropouts and food stamps. We have the greatest people in the country.

Career politicians in both parties have let us down. They've let the lobbyist foxes into the hen house. I want to reinvent state government so it serves us—not the special interests.

When they spend and spend and spend, the politically connected get rich—and they stick us with the bill.

They spent \$195 million on a phantom bridge over the Columbia River and \$310 million on a website for Cover Oregon that was never built. **Now they want us to pay for it with the largest tax increase in Oregon's history, a sales tax.**

Are you sensing a theme? There is money out the door with nothing built, no accountability and no transparency. It's outrageous.

I'm not a politician. Let's eliminate wasteful spending. Let's protect the rights of hunters and sportsmen. I want to invest in our schools. And I don't want a sales tax.

I've spent my career as a small business leader creating jobs in Oregon. Debbie and I enjoy nothing more than sharing time with our 3 children and 2 grandchildren. But after watching Kate Brown mismanage our state I knew I had to do something.

VOTE for DENNIS RICHARDSON--restore INTEGRITY, ACCOUNTABILITY and TRANSPARENCY to Oregon government

After Oregon's 2015 ethics scandals, our new Governor promised Oregonians transparency, ethics reform, and greater government accountability.

Like many Oregonians, I wanted to believe that was true!

Instead we've witnessed on-going failures in critical human services such as foster care; exploding PERS costs; a looming multi-billion dollar deficit in the next State Budget; and multiple disclosures of Oregon officials using their offices inappropriately, engaging in surveillance of everyday citizens, refusing public records requests, and making sweet-heart deals costing millions in wasted energy tax credits.

Friends, no matter where we are on the political spectrum, I hope we can **ALL** agree that wasting millions and abusing power are non-partisan problems that must be stopped.

As Secretary of State, **I'll restore balance to Oregon government with proven budgeting skills and legal expertise.**

In short, I promise to restore **INTEGRITY, ACCOUNTABILITY and TRANSPARENCY** to Oregon government.

I will:

- **Reconfigure the auditing department.** We'll prioritize audits of programs and agencies that deliver services to our most vulnerable citizens. By instituting "alongside auditing" from the beginning of large, expensive government projects, we can prevent expensive Cover Oregon-type failures from happening again.
- **Renew protection for public employee whistleblowers** who expose corruption, waste, fraud and abuse.
- **Restore a welcoming attitude in Oregon's Corporation Division,** so new and existing businesses can create jobs.
- **Reform Oregon's public records laws** so records are open and accessible to citizens and the media.
- **Reassure voters elections and initiative processes will be fair to ALL Oregonians.**

Sid Leiken

Republican

Occupation: Lane County Commissioner

Occupational Background: Business Owner, Bank Commercial Lender

Educational Background: Northwest Christian University; University of Texas/Arlington; South Eugene HS

Prior Governmental Experience: Springfield City Council 1998-2000; Mayor, City of Springfield 2000-2010; Lane County Board of Commissioners 2011-present; Various Committees and leadership roles for AOC and LOC

Sid Leiken, A strong record of Accomplishment.

Let's face it, Oregon is in need of a pragmatic leader who has a history of putting aside petty partisanship and a focus on doing the right things to get Oregon back on track. As a former Mayor and current Commissioner, I have a resume' that demonstrates my ability to lead others to get things done for the constituents we serve. While I was mayor, there was more than \$1.4 Billion of private sector investment. Since serving on the Lane County Board, we have reorganized the County and been able to save the tax payers millions of dollars.

I want to take my can-do attitude to the state Capitol. Enough of the one party rule and bickering between the parties. My history shows I can run effective, innovative, and efficient government. As Chair of the Lane County Finance and Audit Committee, I offer a strong background in auditing, both financial and performance. It's no secret we need more transparency, accountability, and fairness at the state level. I am a champion for Business and want to create a pathway for healthy investment-- not punishments for our job creators. I will bring my experience as a County Commissioner to make sure we have open and fair elections for all Oregonians. I will bring balance to the State Land Board. I understand the importance of having a vibrant and strong economy while preserving our natural resources.

Occupational Background:
Treasurer, Controller

Educational Background: MBA

Prior Governmental Experience: Lake Oswego City Council,

Community: Treasurer of the Legacy Emmanuel Hospital
Foundation, Past Treasurer of USA Olympic Swimming,
Past Chair of Northwest Pilot Project, Past Chair Financial
Executives International Portland Chapter.

A Treasurer for Treasurer

Our state's Chief Financial Officer is not an entry-level position. Oregonians deserve a Treasurer with experience as one. I am the current Treasurer of the Legacy Emmanuel Hospital Foundation and have held that position at USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I've established myself as a budget hawk for the city. With my fiscal leadership, we are on track to eliminate our unfunded liability for road maintenance in the next three years. **And we did it without raising anyone's taxes.**

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

Fred Girod- A Leader We Know, A Friend We Trust

"If you're like me, you're sick and tired of politics as usual in Salem. As voters, we say one thing but the politicians from Portland and Eugene do another. We need a balanced budget without new taxes and to stop the expansion of government. We need to create a level playing field for timber and agriculture and repair our troubled educational system. Together we can achieve this vision in Salem.

Fred Will Fight For Jobs

A Strong Steward for Agriculture

Fred believes agriculture is the foundation of our district's economy and will work to provide a level playing field for our farmers. Fred will work to sustain the will of the voters and protect private property rights.

A Champion for Timber

No one understands better than Fred how hard the decline of the timber industry has hit our local economy. In 2012, he led the charge in the Oregon Legislature to return federal timberlands to Oregonians. Fred wants to clear the barriers to responsible cutting of timber and shine a light on the value of our timber industry in terms of jobs, investment, environmental stewardship and the carbon reduction achieved by responsible harvest management practices.

A Leader for Public Safety

Fred will continue to protect the voter approved mandatory minimum sentences which put violent offenders behind bars. He will continue to fight for additional funding to boost the number of Oregon State Troopers we have on the roads.

Enormous waves of debt from decades of overspending are drowning governments across America. Detroit is a hollowed-out shell. Over 40 percent of its citizens are either unemployed or seeking work. Their public school system is paralyzed. Chicago's bonds have junk status. Over regulation and ever-higher taxes are causing businesses to flee Illinois, costing billions in lost revenue. Reports from Seattle since well-intentioned minimum wage hikes, are equally alarming.

Now a dangerous debt wave is approaching Oregon.

Oregon's unfunded pension liabilities reportedly will increase a shocking 20%, from \$18 billion in 2014 to \$21-\$22 billion this year. If stocks drop billions more, unfunded debt may add to soaring costs in 2017. What's been the legislative response for decades, including our current Democrat-controlled legislature? Refusal to focus on budget cuts plus demanding even higher taxes -- exactly the prescription leading other governments to bankruptcy's edge.

Result? Kicking the debt can down the road one more year.

We simply don't have one more year. I'll fight for reform of out-of-control spending addiction before Oregon families are damaged further. Basic public safety & human services must always be protected. But my highest priority will be to destroy the debt wave before it destroys us.

I'll work across the aisle, but only for aggressive budget cuts and regulatory reform with a goal of igniting economic growth in Oregon.

I'll also continue my personal battle against my recent ALS diagnosis, a serious neurological disease. ALS life expectancy ranges 3-15 years or even longer. I'm seeking advanced medical treatment and promise to inform you of progress. To those in our District who've sent your thoughts and prayers, my deepest thanks.

Dear Friends,

Before I announced my candidacy for House District 22, I listened to my community. We all agree. We are frustrated that politicians in Salem have continued down a path littered with corruption, scandal, mismanagement and wasted tax dollars.

We have our challenges cut out for us in Oregon. Our schools are failing, high taxes are hurting families and government regulation is crushing small businesses and killing jobs. You deserve better. I will provide the positive leadership that places hardworking Oregonians FIRST, not special interests. The time to bring balance and integrity back to Salem is today.

Supporting Oregon's Job Creators and Middle Class Families

Rising PERS costs, healthcare costs, and the impact of minimum wage legislation means that now is the time for state government to tighten its belt. Let's cut spending, reduce fraud and waste, and look for ways to cut regulation. We can't tax our way out of this hole.

Reprioritizing Our Classrooms

We spend an awful lot of money on education and we don't get acceptable results. Let's focus on creating a strong school system by redirecting money back into the classroom, and creating choices for parents and students.

Upholding Immigration Laws

Border security is so important for so many reasons. Current policies leave us vulnerable to national security threats, and present overwhelming costs to our social safety nets, schools, and healthcare systems.

Holding Government Accountable

Government needs to be transparent, as well as fiscally responsible. I work hard to keep spending in check and make sure that technology projects are kept focused and on budget. A government that fails the transparency test is up to no good.

Safeguarding 2nd Amendment Rights

We need to stand against those who present simplistic solutions and defend the right to bear arms steadfastly. This is fundamental to our very freedoms.

Protecting Human Life and Dignity

We can never forget those who are weakest among us – those unable to speak for themselves or care for themselves. My party began as a movement to abolish slavery and I am proud to walk in that tradition which respects all life from the unborn to the disabled to the very old.

Fiscal Responsibility

State government cannot and should not provide everything to everybody. I will continue working to limit spending and prioritize the budget, and to intelligently manage our state resources in a balanced manner.

Jobs and Economy

Having invested a lifetime in small business, I understand what it takes to create jobs. I also understand and appreciate the need for resources to support those employees. I will continue my efforts to limit government interference and over-regulation so Oregon businesses can thrive. Proper management of our abundant natural resources is a key area for job creation and revenue.

Personal Freedoms

You know what's best for you, your family and your property, not politicians and bureaucrats in Salem. The freedom to choose should be yours.

Legislative Accomplishments

Over the past nine years, I have developed relationships to help me work for Oregon in a bipartisan manner. Unlike the gridlock we see in Congress, we have committed to strong funding for every level of education and safety net programs for our most vulnerable neighbors. Certainly, more needs to be done in every category you can think of, but none more important than building our economy. The Legislature and special interest groups must embrace policies that allow our private sector to thrive, creating jobs, a strong economy and healthy families. Over-taxing and over-regulation will never stimulate the economic growth and stability that Oregonians need.

What is a PCP?

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

What are Republican Principles?

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life--requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.
- Government must be fiscally responsible and require in taxes only that minimum of the earnings of Americans required to fulfill its Constitutional responsibilities in an efficient and effective manner.
- The customs and culture of our nation, especially those that are essential to our families, our professions, and our way of life must be preserved.
- In general, everyone should do all that they agree to do, and no one should encroach on other persons or their property.

You can help.

In this 2016 election campaign, Oregon Republicans will work to elect Republicans to public office throughout Oregon – local candidates, candidates to the Oregon House and Senate, statewide races and candidates to the United States House and Senate.

We invite you to become a Republican Party PCP and to work beside us on behalf of good government in our state and nation.

Vote by Mail Frequently Asked Questions

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between **April 27** and **May 3, 2016**. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by **May 6**, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at www.oregonvotes.gov.

What if I have moved and have not updated my registration?

If you were registered to vote by **April 26** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated official dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to www.oregonvotes.gov or you may contact your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single **47¢ first-class stamp**. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

Your voted ballot must be received in any county elections office or designated dropsite by 8pm, Tuesday, **May 17, 2016**. Postmarks do not count! All county elections offices are open election day from 7am to 8pm.

How do I know if my ballot is received?

You can track the status of your ballot by going online to: My Vote at www.oregonvotes.gov or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

Replacement Ballot Information

Important! If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by **May 12**. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call **1-866-ORE-VOTE** (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:
