**JEANNE P. ATKINS**  
SECRETARY OF STATE

ROBERT TAYLOR  
DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION  
JIM WILLIAMS  
DIRECTOR  
255 CAPITOL ST NE, SUITE 501  
SALEM, OREGON 97310  
(503) 986-1518

Dear Fellow Oregonian,

By many accounts, this is one of the most historic election years in recent memory. Whether you are a long time voter or this is your first opportunity to vote, please use this voter guide to find valuable information about the candidates who would like to represent you.

This voters' pamphlet is sent to every household in Oregon. But you must be registered to vote to receive a ballot to cast in the upcoming election. **If you are not yet registered to vote, you have a very short window – until April 26th 2016 – to do so. You can also visit [oregonvotes.gov](http://oregonvotes.gov) to check your registration status.**

We are fortunate to live in a state that works to get a ballot in the hand of every eligible Oregonian. The Secretary of State's office is committed to making voting easy and convenient whether you are a first time voter, a voter serving in the military, or a person living with a disability. The health of our democracy depends on your participation.

Oregon was the first in the nation to implement an all vote-by-mail system and we consistently have some of the nation's highest voter turnout rates. This January, we implemented "Oregon Motor Voter" – a program that automatically registers qualified Oregonians to vote when they renew or apply for an Oregon driver's license, permit, or ID card. Tens of thousands of Oregonians will have their very first opportunity to participate in this election. If you are one of them, let me welcome you to the democratic process! Your vote is your voice and every single voice matters.

It's your decision whether to mail in the ballot or drop it off in person, but please remember that **all ballots must be received by your county elections office by 8 p.m. on May 17th, 2016.** Postmarks do not count. If you have questions please call our toll-free hotline at 1-866-ORE-VOTE, or visit our website at [www.oregonvotes.gov](http://www.oregonvotes.gov).

Oregon is better for your participation in our democracy. Thank you.

Sincerely,

Jeanne P. Atkins  
Oregon Secretary of State

## Voters' Pamphlet

Your official **2016 Primary Election Voters' Pamphlet** provides you with information about candidates who will appear on your ballot.

It includes instructions for marking your ballot, a complete list of federal and state candidates and other information to assist you in the voting process.

The voters' pamphlet has been compiled by the Secretary of State since 1903, when Oregon became one of the first states to provide for the printing and distribution of such a publication.

One copy of the voters' pamphlet is mailed to every household in the state. Additional copies are available at the Secretary of State's office, local post offices, courthouses and all county elections offices.

## Website

Most of the information contained in this voters' pamphlet is also available in the Online Voters' Guide at [www.oregonvotes.gov](http://www.oregonvotes.gov).

## Disclaimer

Information provided in statements or arguments submitted by a candidate, a political party, an assembly of electors or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

## Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2016 Primary Election** is:

Z, R, B, W, C, D, N, U, G, F, S, I, P, X, J, Y, K, L, V, T, A, O, Q, H, M, E

Candidate statements are divided into two sections—major party candidates or nonpartisan candidates. Major party candidate statements appear before nonpartisan candidate statements and at the primary election major party candidate statements are separated by political party: Democratic Party candidates, Independent Party candidates, Republican Party candidates. Political parties appear alphabetically. Statements are further arranged in the same random order in which the names of the candidates will appear on the ballot.

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

**Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.**

## President

## Hillary Clinton

Democrat

**Occupation:** Former Secretary of State and presidential candidate

**Occupational Background:** Attorney; Children's Defense Fund

**Educational Background:** Wellesley College; Yale Law School

**Prior Governmental Experience:** U.S. Secretary of State; U.S. Senator, New York; First Lady of the United States; First Lady of Arkansas

I'm running for president because I believe we need to tear down all the barriers that prevent Americans from reaching our full potential. It's important that Wall Street never again threaten Main Street. But America isn't a single-issue country, and we need more than a plan for the biggest banks. The middle class needs a raise. We need more good jobs that pay well and can't be outsourced, that provide dignity and a path to a brighter future. We can create those good jobs by building on the progress we've made under President Obama. Let's invest in manufacturing, small business, scientific research and enough clean energy to power every home in America.

Let's break down the barriers that keep people on the sidelines of our economy, especially women. We've waited long enough for quality, affordable childcare and paid family leave, and equal pay. Let's break down the barriers that stop our young people from getting the best possible start in life. We need to support great teachers and great schools in every ZIP code, make college more affordable, and help relieve the crushing burden of student debt. Let's take on the epidemic of gun violence in America. We also have to face the reality of systemic racism that, more than a half a century after Rosa Parks sat and Dr. King marched and John Lewis bled, still plays a significant role in determining who gets ahead in America and who gets left behind. We have to invest in communities of color and reform our broken criminal justice and immigration systems. We have to guarantee opportunity, dignity, and justice for every American.

The future we want is within our grasp—let's build it together.

## President

## Bernie Sanders

Democrat

**Occupation:** United States Senator

**Occupational Background:** Congressman (VT-AL), Mayor (Burlington, VT), college instructor, freelance writer, documentary filmmaker,

carpenter.

**Educational Background:** Brooklyn College, attended 1959-1960; University of Chicago, A.B. 1964 (political science)

**Prior Governmental Experience:** United States Senator (2007-present); United States Congressman (1991-2007); Mayor of Burlington (1981-1989)

I am asking people not simply to support my candidacy for president, but to be part of a movement of millions of Americans who stand up and say loudly and clearly that this country and our government belong to all of us, and not just a handful of wealthy campaign contributors and large corporations. To my mind, this is the only way to address the major economic, political, social, racial and environmental challenges facing our country.

Given the serious crises this country faces, now is not the time for the same old establishment politics. I am running for President to fight income inequality, create millions of jobs, raise wages, and provide health care for all Americans as a human right. Together, our movement will make public colleges and universities tuition-free, combat climate change, reform a broken criminal justice system, ensure equal pay, and reclaim our democracy from the billionaires who are buying our elections.

We need an economy and a system of justice that works for all Americans, not just the people on top. We need a political revolution demanding our government represents us all, not just the top 1%. If we stand together, there is nothing we cannot accomplish.

**US Senator****Ron Wyden**

Democrat

**Occupation:** U.S. Senator**Occupational Background:**

Director, Oregon Legal Services for the Elderly;  
Co-founder, Oregon Gray Panthers

**Educational Background:** Stanford University, A.B.;  
University of Oregon Law School, J.D.

**Prior Governmental Experience:** United States Congress

**STANDING UP FOR ALL OF OREGON**

While opposing the disastrous war in Iraq, leading the fight for marriage equality, and against Wall Street bailouts, spearheading the charge to end surveillance on law-abiding Americans, standing up to far-right attacks against women's health services and Planned Parenthood, Ron has always stood for Oregon values.

Ron recently wrote the tax law hailed as among the biggest anti-poverty achievements in years that also provided significant relief for middle-income Oregonians. Because well-connected special interests still take advantage of a tax code riddled with loopholes, he is fighting to:

- Close loopholes and end deductions for corporations that ship jobs overseas
- Ensure millionaires don't pay a lower tax rate than middle-class Oregonians

College costs are crushing students and their families, so Ron made permanent a college tax credit for working families, expanded Pell Grants, and helped kick big banks out of the student loan business. There's more to do, and Ron is working to:

- Make community college free
- Provide incentives for universities to freeze or lower tuition

Ron wrote the law that brought nearly \$3 billion to Oregon's schools and rural economies. He played a key role in writing laws that guided \$500 million into repairing Oregon's aging roads and bridges. Because many families are still struggling, Ron's priorities include:

- Raising the minimum wage
- Securing paid leave for working families
- Strengthening equal pay laws to close the gender pay gap

"From leading the fight against privatizing Social Security to holding big pharmaceutical companies accountable for attempts to extort seniors over prescription drug costs, Ron Wyden has always stood for Oregon's most vulnerable citizens and I am proud to serve with him in the United States Senate." -- Senator Jeff Merkley

**US Senator****Kevin H Stine**

Democrat

**Occupation:** Medford City Council**Occupational Background:** US Navy (2004-2013)**Educational Background:** Southern Oregon University

**Prior Governmental Experience:** Medford City Council

**Personal Background:** Honorably separated veteran of the United States Navy. Served over 9 years and underwent 3 overseas deployments on-board fast-attack submarines. Married nine years to my wonderful wife, Casey, and father of a beautiful daughter, Riley.

**Vote BERNIE SANDERS and KEVIN STINE**

**No Trans-Pacific Partnership.**

Democratic Party voters deserve to hear an answer from Senator Wyden, instead he has been playing politics by evading questions. We need to be loud and proud to protect ourselves from job-killing trade agreements. Wyden voted for NAFTA, CAFTA, the China Trade Bill, and deregulating Wall-Street with the repeal of Glass-Steagall. The results have been disastrous for our country. We don't need the TPP. We need another US Senator with values such as Bernie Sanders, Jeff Merkley, and Elizabeth Warren who will stand *against* the TPP. I will be that US Senator.

**Working for the People:** I was born to a single working-class mother. Despite her tremendous efforts to provide for our family, my childhood was spent living in poverty. In 1996, Sen. Wyden's vote for Welfare Reform hurt working class families like ours, and has had lasting negative effects on countless others. He even voted *against* legislation led by Sen. Bernie Sanders and Sen. Hillary Clinton to roll back the Bush tax cuts for the top 1%.

**Vote for Our Future:** Topics such as climate change and student debt are among the highest priorities of the next generation. It's important that we have a connected leader in the Senate to help address the problem. I will always maintain an open line of communication, and continue to actively seek out your views on issues that concern our extraordinary state.

I will always be on the side of our working and middle-class. We need more policies that put the people ahead of corporations. Vote for Oregon. Vote for Kevin Stine.

**US Representative, 1st District**

**Suzanne Bonamici**

Democrat

**Occupation:** U.S. Congresswoman  
**Occupational Background:** Consumer Protection Attorney  
**Educational Background:** JD, BA, University of Oregon; AS

Lane Community College

**Prior Governmental Experience:** State Senator and Representative; Attorney, Federal Trade Commission

**Family:** Married 30 years, two adult children

**Suzanne Bonamici  
 Hard Work. The Right Priorities.**

Suzanne put herself through community college, college, and law school working at Legal Aid, where she began a lifelong fight to make sure every Oregonian and Oregon family has economic stability and the opportunity to succeed.

- As a lawyer, she cracked down on consumer fraud;
- As a mom, she rallied for more school funding in Salem;
- And, as a state legislator, she held the financial industry accountable for predatory practices.

**Strengthening the economy**

- Suzanne knows small businesses are the backbone of the economy, so she’s helped them access resources they need to grow.
- To build the economy and create jobs, Suzanne helped pass a long-term transportation bill that makes critical investments to repair roads and bridges.

**Preparing all children for the future**

- On the Education Committee, Suzanne worked hard to replace No Child Left Behind. She led the successful effort to reduce high-stakes testing and support well-rounded education.
- Suzanne is focused on college affordability so every student can go to college without burdensome debt.

**Fighting for families**

- Too many families struggle to make ends meet. Suzanne is advocating for affordable childcare, better retirement security, and paid family leave.
- Suzanne supports a cost-of-living adjustment for seniors who rely on Social Security, and she’s leading efforts to renew important programs like Meals on Wheels.
- A pro-choice leader, Suzanne is working to improve access to reproductive health care.
- On the Science Committee, Suzanne stands up to climate change deniers and policies that harm our environment.

- Oregon State Fire Fighters Council
- Planned Parenthood Action Fund

**Governor**

**Kate Brown**

Democrat

**Occupation:** Governor  
**Occupational Background:** Child Advocate; Family Law Attorney; Portland State University Instructor  
**Educational Background:**

University of Colorado, B.A.; Northwestern School of Law at Lewis and Clark College, J.D.

**Prior Governmental Experience:** State Representative 1991-1996; State Senator 1997-2008; Secretary of State 2009-2015; Governor 2015-Present

**Governor Kate Brown  
 Moving Oregon Forward**

Kate Brown took over the leadership of our state in difficult circumstances. She got right to work, setting the state's priorities straight by focusing on what matters -- good schools, good jobs, a secure retirement and a clean environment. Committed to government transparency and accountability, she passed a law requiring lobbyists to disclose who's paying them on a public website. She created and passed groundbreaking legislation that removed barriers to voting by automatically registering citizens to vote when obtaining a driver's license.

**Focusing on what matters:**

**Good jobs, quality schools, and a secure retirement**

As Governor, Kate Brown has:

- Increased the minimum wage, because no one working full time should have to live in poverty.
- Passed a law guaranteeing paid sick days, so Oregon workers don't risk losing a job or not being able to pay the bills when they're sick or caring for a sick child.
- Increased education funding by \$7.4 billion to help prevent teacher layoffs and keep class sizes from increasing.
- Signed a law creating a voluntary retirement savings system, giving every working Oregonian access to a professionally invested retirement account.
- Passed a law that makes Oregon the first state to eliminate coal power.

**Continuing Oregon's progress:  
 Increasing accountability and  
 putting Oregonians back to work**

Over the next two years, Kate Brown will work to:

- Help Oregon's small businesses cut through state and local red tape so they can thrive and grow.
- Work to increase our graduation rates.
- Fight to make college, community college, and technical training affordable for all Oregonians.

## Julian Bell

Democrat

**Occupation:** Doctor.

**Occupational Background:**  
2000 - 2016: Medical Doctor.

**Educational Background:**  
Cornell University, BA 1995;  
New York Medical College, MD

2000; St Vincent's Hospital, residency, 2003; Rush University, ICU fellowship 2006

**Prior Governmental Experience:** No prior government experience.

**I'm a doctor, not a politician. I work in an intensive care unit. Usually I worry about bills, getting my kids to eat dinner, and do I really have to walk the dog if it's raining? But at the moment the thing that keeps me up at night is climate change. None of us want to think about it. But so that you don't have to think about it all the time, think about it carefully as you vote. Because we live in America, we can create our future, a future we can be proud of – that we deliberately make for ourselves, our children and their children. At the moment the fossil fuel economy is choosing a future for us, and this future is bleak. But it doesn't have to be that way. Vote for a clean energy economy instead. The clean energy economy means well-paid jobs, healthy local businesses and a solid tax base to fund schools and pay teachers. As I said, I'm not a politician. I'll be the first to tell you that I don't have experience as an elected official. But working in the ICU, I do know how to get a group of experts together to fix real problems. We all want a healthy future. Voting for me means voting for a clean energy economy and a bright and prosperous future.**

**Hola. Ésta elección se trata del cambio climático y si lo vamos a arreglar o no. Sabemos que un futuro con combustibles fósiles es malo, y que la economía de energía limpia será fuerte y traerá trabajos. Como gobernador representaré las prioridades de todos los Oregonianos, y juntos comenzaremos a arreglar el cambio climático.**

## Dave Stauffer

Democrat

**Occupation:** Environmental Innovations Inventor

**Occupational Background:**  
Former Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and

Corporate Securities.

**Educational Background:** B.A. University of Chicago, M.B.A. University of Portland, Juris Doctorate-Northwestern School of Law at Lewis and Clark College

**Prior Governmental Experience:** Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and Corporate Securities. School District Business Manager.

Dave Stauffer has invented a new invention that will get water to Morrow and Umatilla counties **without any diversion of, or lowering of the surface level of**, the Columbia River—and the federal government will pay for the entire project as an environmental, energy, and flood control project. As Governor, Dave Stauffer will work with the federal government to construct the invention and create an estimated 20,000 jobs in areas around the Columbia, Rogue, Klamath, Sacramento, and San Joaquin Rivers.

The new invention will also supply pollution-free hydroelectricity and flood control to areas along the Columbia River, and, possibly, increase fish runs upriver to their pre-dam levels.

The new invention will supply much water to dry areas, so fruit and forest trees may be planted that will grow green leaves—which will take carbon out of the air through the chemical process of photosynthesis. Taking carbon out of the air will help to decrease the depletion of the ozone layer that appears to be causing global warming—especially if the new invention is also installed in the Mississippi River, the Amazon River, the Nile River, the Yellow River, and all other large rivers of the world. Because Dave Stauffer is the inventor of the new invention, he is well qualified to work with all the Oregon Senators and Representatives to implement his invention.

Nobody in the race for Secretary of State comes close to Richard Devlin's record of making Oregon a better place.

“Tobias took leadership and made it possible for Oregon students to attend community college at minimal cost.” Governor Barbara Roberts

Dear Voter,

The State Treasurer doesn’t manage the state’s budget, or act as the state’s accountant, but the job is vitally important to Oregonians’ financial future.

The State Treasurer manages the state’s borrowing that helps build our infrastructure. My legislative background includes working on financing our infrastructure, like **fixing our bridges and roads**.

The State Treasurer sits on the Oregon Investment Council that manages the investments of our retirement system. My experience will help ensure we **keep our promise to retirees without breaking the bank**.

The State Treasurer manages the Oregon College Savings Plan. As Treasurer, I’ll make sure the **families that need the most help saving for college get an early start**.

The State Treasurer also helps manage our state’s natural resources to benefit schools. As a parent myself, **ensuring our schools are fully funded is a top priority**.

I have worked in the U.S. Treasury and with the State Treasurer on shared priorities to build and protect Oregon’s long run financial future, including legislation to **help all Oregonians save for retirement**. I would appreciate your vote.

Thank you,

**State Senator, 12th District**

**Ross Swartzendruber**

Democrat

**Occupation:** Self-employed, Black Sheep Advertising, Inc.

**Occupational Background:** Owner, Black Sheep Advertising, Inc. 1997-Present; Ranch hand, Swartzendruber Sheep Station 1989-1997;

Purification process operator, Genetics Institute 1988-1989; Research assistant, Boston University School of Education, 1987-1988

**Educational Background:** Amity High School 1982; Chemeketa Community College; Oregon State University; Boston University, Bachelor of Arts, Biology, 1988

**Prior Governmental Experience:** Superintendent of Public Instruction Student Advisory Committee member 1981-82

Ross Swartzendruber lives and breathes the Oregon Spirit on the family sheep farm in rural Polk County. A descendant from Iowan immigrants to an Amish colony near Whiteson in Yamhill County, Ross is a fifth-generation Oregonian that cares deeply about reversing the destruction of the middle class in the rural Willamette Valley. He sees solutions around re-thinking our approach to test-centered education, re-evaluating land-use laws and supporting local markets.

With three children in public schools, Ross witnessed the radical changes created by Common Core State Standards and annual testing firsthand. From grade inflation to key-boarding, the new direction of education slams the door on our children's future and leaves us even further behind in global competition.

As an outspoken critic of unconstitutional data mining and surveillance, Ross opted his children out of annual testing and online learning management systems. Unsatisfied by elected officials' response to subjecting students to unproven, faulty test products, Ross is running to give a stronger voice to parents and taxpayers in Senate District 12.

Through event programming with Salem Creative Network, Ross has gained valuable experience in connecting agencies with shared alignment and creating successful solutions to large-scale challenges in the community. Offering options that benefit everyone attracts support and leads to long-term results.

Self-reliance and innovation are essential to grow Oregon's economy. Senate District 12 has historically led the way, through ag and timber exports, biomass production and renewable energy. Ross has the experience to bring stakeholders together and meet the challenges of the 21st century.

In two short years in the State House, Rep. Susan McLain has kept her promise to grow opportunity for each and every one of us:

**Fighting for our economy**

A strong economy starts with quality jobs and support for small businesses. In Salem, Susan supported legislation to guarantee workers paid sick leave and raise our minimum wage. And Susan cosponsored a bill that would help local farmers succeed. Susan will continue to focus on creating quality jobs right here in our community.

**Investing in strong schools**

A life-long teacher, Susan knows nothing is more important than a quality education. **Leveling the playing field for Oregonians**

Susan has been determined to restore equity in Oregon. In our classrooms, she's working to get every school the resources they need. She's making sure small businesses and local farms get the help they need to keep their doors open. And she's working to hold corporations accountable for their fair share.

**THOUGHTFUL STEWARDSHIP FOR OREGON**

***"I've practiced law in Oregon for 20 years with the goal of protecting our land and water for future generations. That spirit of stewardship extends to all of my work representing you in Salem. I'm proud of the work I've done to stand up for working Oregon families, students, and our most vulnerable. I've worked to find common ground and thoughtful long-term solutions that improve the lives of Oregonians. I would be honored to continue that work."***

**- Representative Ken Helm**

**Prioritizing Effective Education**

I supported historic reinvestments in our schools, and I will continue fighting for stable K-12 funding and affordable college. I will also promote career and technical education and STEM programs to teach students the skills they need to find good-paying jobs in Oregon's changing economy.

**Protecting Our Environment**

I helped pass the Clean Energy and Coal Transition bill to move Oregon off coal power by 2030 and supported legislation to encourage renewable energy business development. I authored a bipartisan bill that helps to protect our animals from poaching, and I will continue to advocate for rational fish and wildlife management for sportsmen and outdoor enthusiasts.

**Government Efficiency**

As a member of the House Revenue Committee, I will take a hard look at the fairness of our current property tax system. I believe in demanding accountability from tax scofflaws who owe unpaid taxes to the state and utilizing state agency performance audits to improve efficiency.

**Promoting Oregon Businesses**

I will work to expand the high tech business presence in Oregon by connecting community college technical and manufacturing programs with employers, and by supporting the Oregon grown businesses that drive our economy.

**Educational Background:** M.A.T., Lewis and Clark; B.S., Portland State

**State Representative Margaret Doherty Independent Ideas that Work for Oregon**

**Investing in Oregon’s Schools.**

As an advocate for our schools for 40 years and a former teacher, Margaret has never stopped fighting for our kids. As Chair of the House Education Committee, Margaret has worked hard to increase funding for our schools so we can reduce class sizes and stop teacher layoffs. Margaret has led the charge to end childhood hunger, and she’ll continue to work hard to improve graduation rates and address the rising cost of college.

**Putting Working Oregonians First.**

Margaret has always stood up for our community, because she believes every Oregonian who works hard should have a fair shot at getting ahead. Hardworking families should never have to choose between buying food and paying their rent – that’s why Margaret supports policies that will lift low-income workers out of poverty and strengthen the middle class. As our state legislator, she’s worked to make sure all Oregonians have access to affordable housing, quality health care, and a secure retirement.

**Margaret puts people over politics.**

"In Oregon, we look out for one another. When I go to work in the Legislature, I think about the kids who grew up down the street and are now headed off to college, taking out loans so they can go to their dream school. I think about my elderly neighbor, who struggles to cover the cost of her prescriptions. I think about the parents in our community that want the best for their kids, but worry about crowded classrooms and the high cost of child care. We’ve come a long way but there’s work left to do, and I would be honored to continue to serve our community." - Margaret Doherty

**Paul Carlos Southwick for State Representative Effective, Independent Leadership**

Dear Neighbors,

Our elected officials should be focused on building a better future for our community. They should roll up their sleeves to get the work done, not dig in their heels to stop progress.

I’m running to be your next state representative because we need a leader who will champion our public schools, protect our natural resources and fight the influence money has in our elections. Under my leadership, I will work to:

- **Invest in Public Education** so we can reduce class sizes, increase graduation rates, expand STEM and arts programs, bolster career and technical training and make community colleges and universities more affordable
- **Protect Natural Resources and Quality of Life** by reducing carbon pollution, creating green and high tech jobs and passing a comprehensive transportation package so we spend our time at home, not on clogged freeways
- **Fight Big Money** by establishing campaign contribution limitations to reduce the influence of out-of-state corporations, and put families, veterans, seniors and local businesses front and center

I’m a fifth-generation Oregonian who loves this great state. **I won’t take money from out-of-state corporations** because I believe that we should focus on Oregon’s students, forests and roads, not the profits of a stranger.

I worked my way through college and now advise many of our state’s businesses, while offering free services to individuals in need. I work hard, get things done and look out for the underdog. And I’m ready to do just that in Salem. I humbly ask for your support.

Sincerely,

Paul Carlos Southwick

**Make Democracy Happen In Your Community – Become a Democratic Precinct Committeeperson (PCP)**

It's up to you! You can make the difference. You did it in 2014, and now is the time for you to step up again.

This year, we have a lot at stake. We need to elect a Democratic President and re-elect champions of Oregon's middle class: U.S. Senator Ron Wyden, Governor Kate Brown, our great Democratic Congressional team, and Attorney General Ellen Rosenblum. After the May Primary we need to elect our nominees for Secretary of State and State Treasurer and hold and expand our majorities in the Oregon House and Senate so they can keep working on legislation that makes a real difference in the lives of Oregonians.

**As Oregon Democrats, we stand for our values:**

- Family wage jobs and worker's rights
- Equality for all, including marriage equality
- High quality education
- Affordable healthcare
- Retirement security
- National security
- Civil liberties and transparent government

Join our team today by becoming a Precinct Committeeperson or volunteering with our campaigns.

Precinct Committeepersons (PCPs) are the grassroots activists at the heart of the Democratic Party of Oregon. Run for election as a Democratic Precinct Committeeperson and join our team. You'll represent the Democratic Party in your neighborhood, and represent the concerns of your neighborhood to the Party.

**Duties of a Democratic Precinct Committeeperson:**

- Drive voter registration
- Get out the word on Democratic candidates
- Vote on official party business
- Elect county party leadership and Platform Convention delegates
- Nominate replacement State Representatives or State Senators

**How to qualify as a Democratic Precinct Committeeperson:**

- Be a registered Democrat in your precinct **for at least 180 days prior to the election**
- Represent the precinct you live in or the one adjacent to it
- Serve a two-year term
- Receive three votes
- If you have not yet filed for PCP, you can write yourself in as a candidate on the May ballot. Many write-in Democratic candidates win, but you must get at least three votes in your precinct and earn more votes than Democrats competing for the same positions.

## Governor

## Cliff Thomason

Independent

**Occupation:** President, Orhempco, Inc., Oregon Industrial Hemp Farming

**Occupational Background:** Sales & Marketing

**Educational Background:**

Graduate, North Valley

**Prior Governmental Experience:** Chief Petitioner, 2016 Oregon Lottery Local Control Act, Court Appointed Special Advocate (CASA), Committee Chairman and Board Member of Securing Our Safety.

By filling in the oval next to my name, you are agreeing that there is a need to have more choices on the ballot besides Democrat or Republican. You are stating that that as an Independent, you want a better future for Oregon. I am pleased to be your candidate for Oregon's highest office. Thank you for your vote.

**As your next Governor, I will:**

- **Work for the creation of an Oregon State Bank**

An Oregon State Bank would keep Oregon's and Oregonian's money local. It would support Community Bank lending to small businesses and farmers. It would provide banking privileges and protections to all people in the Cannabis Industry.

- **Give half of Lottery dollars back to the counties they came from**

Locally generated revenue should stay local. Giving lottery money back will provide over 200 million dollars annually to the counties and help fill needs in schools, public safety, and job creation. The money generated in your county should stay in your county to do what's best for your county.

- **Turn our education system around**

For over 20 years we have seen a huge shift to top-down education reform. We have lost teacher-student time in favor of in-service days & professional development. The teacher's voice & professionalism has been lost or devalued, and trust is at an all-time low. We need to turn back to local control and stop treating education with a one-size-fits-all mentality.

- **Solve our long-term debt liability**

We have more than 20 billion dollars in unfunded liabilities facing us. Current leadership says the only solution is to raise more taxes. I have a plan that would eliminate the need for more taxes, while boosting revenue for the state.

*I'm an Independent voter because existing political parties don't represent working people like me.*

### It's all about Jobs and Business

When business provides jobs, individuals can provide for themselves and their families. Jobs also generate tax revenue, which can be used for public spending on infrastructure, police, education, healthcare... Lose jobs, and all social ills like crime and terrorism increase.

### Bipartisan: Pandering vs. Profiteering

Liberals constantly propose new programs (Pandering), but can't create the jobs needed to pay for them. Conservatives overstate the claim that generating private wealth (Profiteering) creates jobs through "trickle-down" economics.

### Corporations aren't people – They don't have rights

- We should reward individuals who build companies that create and retain permanent jobs.
- We should penalize individuals and corporations that generate private wealth by eliminating jobs.
- We should penalize corporations that generate private wealth by destroying our environment.
- Corporate taxes can be restructured to reward job creation/retention and penalize profiteering.
- Legislating religious beliefs is unrelated to job creation.
- At a cost of jobs and protections for many, Labor Unions protect a privileged few.
- When politicians pander – working people pay.

### Viable Political Alternatives

It's all about jobs and business – not generating private wealth, legislating morality or pandering. To permit the development of new, viable political alternatives, California and Washington have abolished state funded partisan primaries. Both states now conduct non-partisan elections and Oregon should follow.

### Top Two (Non-Partisan) Primary

- All candidates – party affiliated and non-affiliated, compete in a single open primary to determine the top two candidates for each office.
- Political parties may endorse candidates, but - only the two best candidates advance to the general election. No one qualifies for the general election ballot simply because they've been endorsed by a political party.
- All voters – partisan and independent, participate equally in selecting the top two candidates at the primary.

**Family:** Married to Steve for 20 years; Children- Andrew, Robert, Sharon, Timothy

**The Legislature needs strong, independent voices who will serve Oregon families, not be beholden to special interests!**

As a longtime Tigard resident, business owner, and mother, I'm concerned about what I see happening in Salem. Legislators seem more interested in who is financing their campaigns, instead of listening to the people they were elected to serve.

**Community Advocacy**

The biggest challenges facing Oregon are our failing education system, affordable housing, and the ability of people to be employed in family wage jobs. My experience working with education boards for traditional and public charter schools, has opened my eyes to the need for families to have educational choices. As our next State Representative, I'll work to ensure families can access an education tailored to their children's needs.

I've also seen firsthand how people can be lifted out of poverty when they have a stable home environment, access to healthcare, and a good-paying job. In the legislature, I'll use my experiences working with business and housing partners to craft policies that ensure we're meeting the needs of people in our community.

**Government Accountability**

As a lawyer, I understand the importance of creating legislation that's clearly understood and avoids unintended consequences. We should all question hundreds of millions in recent wasteful spending on failed projects. I'll strive to bring needed reforms and common sense to our state government and always have my door open to my District 35 neighbors.

Donald J. Trump wants to Make America Great Again. He wants to reestablish our place in the world by steering our government away from special interests and introducing policies that put money in people's pockets, restore love of country and restore our world status.

Mr. Trump believes in free markets, the importance of a strong family, a culture of Life, a strong military and our country's sacred obligation to take care of our veterans and their families.

Our country has been poorly served by the political class who value their self-interest over the interests of the United States and its citizens. Mr. Trump will end the corrupting influence of special interests once and for all.

Under a Trump Administration, America will begin winning again. No longer will China, Mexico, Japan and other countries manipulate their currencies to benefit their citizens at the expense of ours.

We need free and fair trade.

We must restore the integrity of our national borders. A country cannot exist without strong borders.

We will welcome international visitors, but we must build a wall to protect our southern border.

Our Federal tax burden inhibits economic growth and takes too much from hard working Americans.

We must reduce the burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must pay particular attention to fixing our corporate tax structure so capital and jobs will come back to America.

We will rebuild our military, return education to the parents and students, make college affordable and fix our healthcare system by getting rid of Obamacare and replacing it with free market solutions.

We will protect the Second Amendment and will defend religious liberty for all. Together, we will Make America Great Again.

### Sam Carpenter: Turnaround Specialist & Outsider

I'm Sam Carpenter.

I create jobs and am a business turnaround specialist. I find what's broken and fix it...now!

And I'm a political outsider.

This is just what D.C. needs.

### Career Politicians Must Go

Big government has smothered opportunity for us and for our children. Generational theft is unforgivable.

Our economy is asleep, and the middle class is hurting. Who's to blame?

Career politicians in D.C. who saddle us with taxes and regulations while ignoring the every-day problems Oregonians face.

And too often these political elites disrespect us.

Let's call out political correctness, and recall common sense.

Career politicians must go.

### Time for New Management

Ron Wyden has spent 35 years in Washington worried more about his career than about the Oregonians who put him there.

For example, Wyden claims our forests are diseased and burning because of global climate change. That's absurd. For over 30 years, our timberlands have been neglected. Drive through a federally managed forest and see the miles of dead and dying trees and the undergrowth thicket: a tinderbox that continues to threaten Oregon's rural families.

We must actively manage our forests. Repairing the damage will stop massive wildfires, create tens of thousands of sustainable jobs, protect wildlife, and revitalize our rural and state economy.

### Sam Carpenter's Solution

Immigration, national debt, education, and health care?

The fixes are equally obvious – replace career politicians—NOW.

It's very simple: If our decision-makers are making bad decisions, let's replace the decision makers.

This goes for Democrats AND Republicans.

Ron Wyden has been in D.C. far too long.

#### **End Government Infringement**

Our government is violating our constitutional protections. Our 2nd Amendment rights are being infringed upon. Political correctness is destroying our religious freedom. Our nation's sovereignty under attack with detrimental immigration policies. Together, we must make America great again. As your constitutionally conservative Senator, I will stand strong for the rights of all Americans. **I Don't Give Up!**

#### **Economic Opportunity for All Oregonians**

Small businesses grow our economy, not a government that dictates, mandates, and over-regulates every aspect of our lives. As a believer in the free market, I will work to make America's economy strong again, through **A Focus On Job Growth**, beginning with the Full Repeal of ObamaCare a.k.a. "WydenCare".

#### **Balance The Budget & Reduce Spending**

With a national debt at \$18 Trillion+, our government continues to mortgage our children's, and our grandchildren's future. As a fiscal conservative believer in limited government, I'll reduce wasteful spending, and fight for **A Balanced Budget Amendment**.

#### **Let's Take Our Country Back!**

We're at a crossroads affecting the very freedom our constitutional republic was founded upon. Supporting moderate candidates, that don't win general elections, isn't an option.

We will win this election, together, by distancing ourselves from career politicians who are only looking to advance their own careers. We will win with a **True Conservative** candidate that will fight for American values. We will win with a Pro-Life candidate that embraces our conservative values. **I Am That Candidate**. **Educational Background:** South Lane Schools; Lane Community College; Oregon State University; Senior Fellow Class 22 OR Chapter American Leadership Forum; Ford Family Foundation Leadership Program.

**Prior Governmental Experience:** Cottage Grove Planning Commission; South Lane School District Budget Committee; Rogue, Siskiyou, Umpqua and Eugene BLM Resource Advisory Council; Past Chair of the Lane County Council of Governments; Board Member and Chair Regional Fiber Consortium; Board member and Chair of Lane Regional Air Protection Agency

**Experienced Leader**

In the twelve years Faye has served as County Commissioner he has seen first hand the hardships facing our state. Because of broken promises and lack of leadership in solving problems by our Senators, Faye had to make tough, responsible decisions, trimming our county budget by tens of millions and taking 14 departments down to 9.

**Proven Track Record**

In the face of all those budget cuts Faye has accomplished many things in Lane County. It is this collaborative, creative leadership Faye can bring to the United States Senate.

- Established first multi-year scholarship to Cottage Grove high school
- Converted a brownfield into a beautiful community park in Cottage Grove – Bohemia Park
- Led the successful effort to upzone rural industrial land in Goshen to meet local needs all while protecting farm and forest land
- Managed fiber optic consortium providing job opportunities for rural Oregonians

**Common Sense Priorities**

- Honor our commitment to Seniors and Veterans
- Expand economic opportunity for all Americans
- Fix our broken healthcare system
- Protect Americans at home and abroad
- Responsibly manage our natural resources

"My great-great-great grandparents came to Oregon in 1847. Since then, my family has pioneered in this wonderful state, volunteering in our communities and worked to make sure each generation has a better future than the one before. I would be honored to have your vote."

**What has Ron Wyden done for Oregon in the past six years? Or 12 years? I think Oregonians can agree, for someone who's held federal office for 35 years, it's a very short list.**

*The definition of insanity is doing the same thing over and over and expecting different results.*  
(Benjamin Franklin)

**How many times should we send a multi-millionaire Career Politician to Washington, expecting different results?** For decades Oregon has re-elected someone who has no grasp of finance or economics, votes in lockstep with the Harry Reid and Nancy Pelosi leadership, and has failed to deliver for Oregonians, from job creation to education.

**It's time we elect someone who knows what Fiscal Discipline means.** The current senator has presided over 95% of all federal debt in America's history, leaving every voter a bill for almost \$160,000—so far. As a lawyer, he's proven to be no help. *Who will pay the bill?* As a career finance professional, **Dan will ensure we have balanced budgets.**

**It's time Oregon was represented by someone with Real-world Experience.** Congress needs people who have been on the front lines in global markets and people who know what it means to own a small business. Having lived and worked in Europe and Canada, Dan also has a worldview extending beyond Manhattan or Washington, D.C.

**It's time voters heard the Truth.** The 2013 "Lie of the Year" was awarded to Obamacare. The 'Lie of the Decade' is the Democrats' insistence Social Security is "fine."

**There's only one candidate on the ballot—in any party—with the experience and backbone to put a stop to living beyond our means.** Dan won't do 'business as usual.'

A vote for Dan is a vote for Oregon.

**Bud Pierce Will Make Real Change and Build a Better State for All Oregonians**

I'm a janitor's son. When I was 15, I went to work as a grocery store box boy after my father died. I was able to get a great education, become a Marine, a cancer doctor and grow a business.

Now it's time to get things done for Oregon. We must focus on working Oregonians. We must stop encouraging the growth of a government bureaucracy that slows us down by playing games with people's livelihoods. We must tame the special interests and stop corruption. My plan includes:

- Ensuring Oregon's business climate promotes economic growth so we have more high-wage jobs and rising incomes, especially for those in rural Oregon, while ensuring our environment will remain pristine for the health and benefit of our citizens.
- Cutting costs of government and establishing true transparency and accountability.
- Cutting taxes for lower and middle-income Oregonians.
- Defending the 2nd Amendment.
- Ending crony capitalism by eliminating giveaways and perks for the well-connected.
- Fixing PERS so our schools and local governments don't have to cut services to fund looming rate increases.
- Reforming education so Oregon schools will be a role model for the nation.
- Advocating for better treatment and support for veterans.
- Supporting families by creating more options and affordable choices for childcare.
- Focusing on mental health issues.
- Rebuilding our crumbling transportation infrastructure resulting in jobs and ease of travel around Oregon.
- Working towards the goal of ownership of Oregon's land by Oregon's people.

I ask for your vote. Together, we can turn Oregon around.

**I'm running for Governor because the political class in Salem has let us down.** They hiked spending 63% in the last decade. Are our schools 63% better? Is any government service 63% better? We rank at or near the bottom of the country for high school graduation rate and at the top of the country for citizens who rely on food stamps to feed their families. Oregon shouldn't be known for dropouts and food stamps. We have the greatest people in the country.

**Career politicians in both parties have let us down.** They've let the lobbyist foxes into the hen house. I want to reinvent state government so it serves us—not the special interests.

**When they spend and spend and spend, the politically connected get rich—and they stick us with the bill.**

They spent \$195 million on a phantom bridge over the Columbia River and \$310 million on a website for Cover Oregon that was never built. **Now they want us to pay for it with the largest tax increase in Oregon's history, a sales tax.**

Are you sensing a theme? There is money out the door with nothing built, no accountability and no transparency. It's outrageous.

**I'm not a politician.** Let's eliminate wasteful spending. Let's protect the rights of hunters and sportsmen. I want to invest in our schools. And I don't want a sales tax.

I've spent my career as a small business leader creating jobs in Oregon. Debbie and I enjoy nothing more than sharing time with our 3 children and 2 grandchildren. But after watching Kate Brown mismanage our state I knew I had to do something.

**Family:** Married to Cathy for 42 years; father and grandfather

**VOTE for DENNIS RICHARDSON--restore INTEGRITY, ACCOUNTABILITY and TRANSPARENCY to Oregon government**

After Oregon's 2015 ethics scandals, our new Governor promised Oregonians transparency, ethics reform, and greater government accountability.

Like many Oregonians, I wanted to believe that was true!

**Instead we've witnessed on-going failures** in critical human services such as foster care; exploding PERS costs; a looming multi-billion dollar deficit in the next State Budget; and multiple disclosures of Oregon officials using their offices inappropriately, engaging in surveillance of everyday citizens, refusing public records requests, and making sweet-heart deals costing millions in wasted energy tax credits.

Friends, no matter where we are on the political spectrum, I hope we can **ALL** agree that wasting millions and abusing power are non-partisan problems that must be stopped.

As Secretary of State, **I'll restore balance to Oregon government with proven budgeting skills and legal expertise.**

In short, I promise to restore **INTEGRITY, ACCOUNTABILITY and TRANSPARENCY** to Oregon government.

**I will:**

- **Reconfigure the auditing department.** We'll prioritize audits of programs and agencies that deliver services to our most vulnerable citizens. By instituting "alongside auditing" from the beginning of large, expensive government projects, we can prevent expensive Cover Oregon-type failures from happening again.
- **Renew protection for public employee whistleblowers** who expose corruption, waste, fraud and abuse.
- **Restore a welcoming attitude in Oregon's Corporation Division,** so new and existing businesses can create jobs.
- **Reform Oregon's public records laws** so records are open and accessible to citizens and the media.
- **Reassure voters elections and initiative processes will be fair to ALL Oregonians.**

**Prior Governmental Experience:** Springfield City Council 1998-2000; Mayor, City of Springfield 2000-2010; Lane County Board of Commissioners 2011-present; Various Committees and leadership roles for AOC and LOC

**Sid Leiken, A strong record of Accomplishment.**

Let's face it, Oregon is in need of a pragmatic leader who has a history of putting aside petty partisanship and a focus on doing the right things to get Oregon back on track. As a former Mayor and current Commissioner, I have a resume' that demonstrates my ability to lead others to get things done for the constituents we serve. While I was mayor, there was more than \$1.4 Billion of private sector investment. Since serving on the Lane County Board, we have reorganized the County and been able to save the tax payers millions of dollars.

I want to take my can-do attitude to the state Capitol. Enough of the one party rule and bickering between the parties. My history shows I can run effective, innovative, and efficient government. As Chair of the Lane County Finance and Audit Committee, I offer a strong background in auditing, both financial and performance. It's no secret we need more transparency, accountability, and fairness at the state level. I am a champion for Business and want to create a pathway for healthy investment-- not punishments for our job creators. I will bring my experience as a County Commissioner to make sure we have open and fair elections for all Oregonians. I will bring balance to the State Land Board. I understand the importance of having a vibrant and strong economy while preserving our natural resources.

**A Treasurer for Treasurer**

**Our state's Chief Financial Officer is not an entry-level position.** Oregonians deserve a Treasurer with experience as one. I am the current Treasurer of the Legacy Emmanuel Hospital Foundation and have held that position at USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

**Why You Should Care**

**Oregon can do more with revenue we already have – without raising anyone's taxes.** How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

**A Track Record of Success**

As a Lake Oswego City Councilor, I've established myself as a budget hawk for the city. With my fiscal leadership, we are on track to eliminate our unfunded liability for road maintenance in the next three years. **And we did it without raising anyone's taxes.**

**Not a Career Politician**

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

I have lived in the Willamette Valley 42 years. I have the experience and skills that will bring people together and work toward collaborative solutions that will benefit the citizens of Oregon.

Safe Communities

One of the primary functions of government is to provide a safe place for people to live, work and play. We need to ensure adequate, stable funding for public safety.

Job Opportunities

We can protect the worker and the environment without restraining the job creators. With prudent government spending, lower taxes, and incentives for entrepreneurship we can expand businesses, increase employment opportunities and recruit capital investment into Oregon.

Government Waste

Government is big enough. We need to ensure Oregon's agencies are operating efficiently and are accountable for the tax dollars they spend. I support additional audits on government agencies, open financial disclosure, and performance reviews.

**Promise Kept:** Led the fight against legislation designed to further regulate our 2nd Amendment rights. Violent criminals will not be stopped by limiting law-abiding citizens and Representative Post is one of the leading voices defending our rights.

**Promise Made: Promote job creation and resist efforts to expand the government rather than the economy.**

**Promise Kept:** Fought against efforts to add more burdens and barriers to our small businesses. These included a radical increase in the minimum wage and mandated sick leave.

Successfully introduced and guided the passage of a bill that ended an onerous regulation for a small business.

Thriving small businesses and agriculture are the engines that create jobs.

**Promise Made: Promote a limited yet responsive state government that will work for all of us.**

**In District 26, we need lower taxes, reduced density, less traffic congestion, more family-wage jobs, and more education options for kids!**

As our state representative from 2008-2012, Matt kept his word - opposing tax increases, reducing wasteful spending, and identifying millions in budget savings.

Matt negotiated passage of the most expansive education reforms in Oregon's history, increasing choices for thousands of families and disadvantaged children.

Matt will fight land use policies that are causing high density in neighborhoods like Frog Pond and Bull Mountain, creating nightmare traffic and increasing housing costs.

**It's been disappointing to see our current representative voting with Democrats:**

- to raise our taxes;
- to dramatically cut the Senior Medical Tax Deduction;
- for the Columbia River Crossing boondoggle; and
- for big corporate giveaways at taxpayers' expense.

He also tried to pass a Gas Tax increase and toll I-205!

**So, do we want his hand-picked replacement to be our representative?**

**Can we trust a lawyer who moved here from Portland just to run for this office?**

We deserve a strong, fiscal conservative to protect us from higher taxes and wasteful spending.

I believe that state laws, rules and regulations must provide an atmosphere where individuals, organizations, and businesses can grow and thrive. Too often state government tries to do too much at too high of a cost. I want to be a Representative to help identify the important things the government has to do and to do those things better, more efficiently and more economically. Where laws are unnecessary or obstructions to efficiency we need to modify and/or eliminate them and focus on getting the important things done well. We really do not need the government getting into the details of telling us how to run our businesses, what to say, what to eat, and what to think. The government never has all of the money to do every thing that it wants to do.....so we need to get the government to do the things that it needs to do efficiently and economically within a reasonable budget based on reasonable revenues received from reasonable taxes.

Republican

**Occupation:** Owner and operator of Plum Hill Vineyards

**Occupational Background:** Small business owner, telecommunications

**Educational Background:**

Computer Science and Engineering, Oregon Institute of Technology. Bachelors of Science, University of San Francisco. Masters of Science at National Technological University.

**Prior Governmental Experience:** Metro Board Appointee 1983-1984, Chair and Co-Chair of Western Washington County Tourism Committee 2011-2015

### Juanita Lint – Our Voice in Salem

Juanita has dedicated her life to public service in the community that has allowed her to achieve the American Dream. She and her husband know what it takes to start a business and allow our community to thrive. Juanita has been an active member of her church, serving as a board member of the Lutherans Women Missionary League and member of the Church Council where she worked on improving their fundraising and community outreach. Juanita will take that same innovation and experience to help foster new ideas and improve how government works for us in Salem.

### Juanita Lint – Small Business Owner

After retiring from a successful career in telecommunications, Juanita and her husband purchased a small derelict dairy farm and turned it into a successful winery, creating new jobs in our community. Juanita is no stranger to hard work, sacrifice and will take that same dedication to Salem to represent the needs of House District 29.

### Juanita Lint – Valued Public Servant

While this will be the first time Juanita has held elected office, she has spent decades offering her time and expertise to help our community. Whether it is serving as the Vice President of the Forest Grove and Cornelius Chamber of Commerce, on the board of the Western Washington County Tourism Committee, or as an appointed member of the Metro Board, Juanita's priority has always been protecting our special quality of life in Washington County.

## Dan Mason

Republican

**Occupation:** Community Manager

**Occupational Background:** Professional Management

**Educational Background:** Umpqua Community College

**Prior Governmental Experience:** Budget Committee, City of Hillsboro; Public Policy Committee, Hillsboro Chamber of Commerce

**Community:** Emerging Leaders for Oregon, Multifamily NW Housing Association

**“Dan Mason is willing to say what the problems are; more importantly he is willing to provide a solution. Dan has my support and I hope he will have your support as well.”**

– Andy Duyck, Chair, Washington County Commission

### Ethics Reform

In the wake of one of the worst cases of political corruption and cronyism in Oregon history, the Salem leadership has failed to respond accordingly instead attempting to sweep these scandals under the rug failing to pass any comprehensive ethics reform. As your representative I will make ethics reform a top priority.

### Economic Solutions

The so-called economic recovery in Oregon is nonexistent. The regulatory burden placed on small and large businesses in Oregon is unsustainable. Increasing operating cost for small business, raising corporate tax rates and implementing ineffective environmental regulations will only continue to stifle Oregon's economic recovery. As your representative I will work with all parties to provide real solutions aimed at improving Oregon's deteriorating business environment.

### Education Improvement

The education system in Oregon is failing our children. Oregonians must ask the hard question: What are taxpayers getting for their investment? Oregon's graduation rates are among the lowest in the country, the school year is one of the shortest and class sizes are among the largest. As your representative I will work to find solutions to these issues because our kids deserve better.

### Engagement

The system is broken; I believe it can be fixed. The problems facing our state are real; I believe they can be solved. The special interest money in politics is dangerously powerful; I believe the peoples voice is still more powerful.

**What is a PCP?**

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

**What are Republican Principles?**

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life--requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.
- Government must be fiscally responsible and require in taxes only that minimum of the earnings of Americans required to fulfill its Constitutional responsibilities in an efficient and effective manner.
- The customs and culture of our nation, especially those that are essential to our families, our professions, and our way of life must be preserved.
- In general, everyone should do all that they agree to do, and no one should encroach on other persons or their property.

**You can help.**

In this 2016 election campaign, Oregon Republicans will work to elect Republicans to public office throughout Oregon – local candidates, candidates to the Oregon House and Senate, statewide races and candidates to the United States House and Senate.

We invite you to become a Republican Party PCP and to work beside us on behalf of good government in our state and nation.

## Vote by Mail Frequently Asked Questions

### As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between **April 27** and **May 3, 2016**. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

### What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

### What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by **May 6**, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at [www.oregonvotes.gov](http://www.oregonvotes.gov).

### What if I have moved and have not updated my registration?

If you were registered to vote by **April 26** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

### Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated official dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to [www.oregonvotes.gov](http://www.oregonvotes.gov) or you may contact your county elections office.

### How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single **47¢ first-class stamp**. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

### When must the voted ballot be returned?

Your voted ballot must be received in any county elections office or designated dropsite by 8pm, Tuesday, **May 17, 2016**. Postmarks do not count! All county elections offices are open election day from 7am to 8pm.

### How do I know if my ballot is received?

You can track the status of your ballot by going online to: My Vote at [www.oregonvotes.gov](http://www.oregonvotes.gov) or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

### Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

### What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

### Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

### When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

## Replacement Ballot Information

**Important!** If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by **May 12**. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

## Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call **1-866-ORE-VOTE** (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

## How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:
