DEPUTY SECRETARY OF STATE

ELECTIONS DIVISION
JIM WILLIAMS
DIRECTOR
255 CAPITOL ST NE, SUITE 501
SALEM, OREGON 97310
(503) 986-1518

Dear Fellow Oregonian,

By many accounts, this is one of the most historic election years in recent memory. Whether you are a long time voter or this is your first opportunity to vote, please use this voter guide to find valuable information about the candidates who would like to represent you.

This voters' pamphlet is sent to every household in Oregon. But you must be registered to vote to receive a ballot to cast in the upcoming election. **If you are not yet registered to vote, you have a very short window – until April 26th 2016 – to do so. You can also visit oregonvotes.gov to check your registration status.**

We are fortunate to live in a state that works to get a ballot in the hand of every eligible Oregonian. The Secretary of State's office is committed to making voting easy and convenient whether you are a first time voter, a voter serving in the military, or a person living with a disability. The health of our democracy depends on your participation.

Oregon was the first in the nation to implement an all vote-by-mail system and we consistently have some of the nation's highest voter turnout rates. This January, we implemented "Oregon Motor Voter" – a program that automatically registers qualified Oregonians to vote when they renew or apply for an Oregon driver's license, permit, or ID card. Tens of thousands of Oregonians will have their very first opportunity to participate in this election. If you are one of them, let me welcome you to the democratic process! Your vote is your voice and every single voice matters.

It's your decision whether to mail in the ballot or drop it off in person, but please remember that **all ballots must be received by your county elections office by 8 p.m. on May 17th, 2016.** Postmarks do not count. If you have questions please call our toll-free hotline at 1-866-ORE-VOTE, or visit our website at www.oregonvotes.gov.

Oregon is better for your participation in our democracy. Thank you.

Sincerely,

Jeanne P. Atkins
Oregon Secretary of State

Disclaimer

Information provided in statements or arguments submitted by a candidate, a political party, an assembly of electors or a person supporting or opposing a measure have not been verified for accuracy by the State of Oregon.

Candidates

Oregon statute (ORS 254.155) requires the Secretary of State to complete a random order of the letters of the alphabet to determine the order in which the names of the candidates will appear on the ballot.

The alphabet for the **2016 Primary Election** is:

Z, R, B, W, C, D, N, U, G, F, S, I, P, X, J, Y, K, L, V, T, A, O, Q, H, M, E

Candidate statements are divided into two sections—major party candidates or nonpartisan candidates. Major party candidate statements appear before nonpartisan candidate statements and at the primary election major party candidate statements are separated by political party: Democratic Party candidates, Independent Party candidates, Republican Party candidates. Political parties appear alphabetically. Statements are further arranged in the same random order in which the names of the candidates will appear on the ballot.

Candidates pay a fee, or submit signatures in lieu of paying the fee, for space in the voters' pamphlet. The information required by law—pertaining to occupation, occupational background, educational background and prior governmental experience—has been certified as true by each candidate.

Candidate statements are printed as submitted. The state does not correct punctuation, grammar, syntax errors or inaccurate information. The only changes made are attempts to correct spelling errors if the word as originally submitted is not in the dictionary.

Occupation: Former Secretary of State and presidential candidate

Occupational Background: Attorney; Children's Defense Fund

Educational Background: Wellesley College; Yale Law School

Prior Governmental Experience: U.S. Secretary of State; U.S. Senator, New York; First Lady of the United States; First Lady of Arkansas

I'm running for president because I believe we need to tear down all the barriers that prevent Americans from reaching our full potential. It's important that Wall Street never again threaten Main Street. But America isn't a single-issue country, and we need more than a plan for the biggest banks. The middle class needs a raise. We need more good jobs that pay well and can't be outsourced, that provide dignity and a path to a brighter future. We can create those good jobs by building on the progress we've made under President Obama. Let's invest in manufacturing, small business, scientific research and enough clean energy to power every home in America.

Let's break down the barriers that keep people on the sidelines of our economy, especially women. We've waited long enough for quality, affordable childcare and paid family leave, and equal pay. Let's break down the barriers that stop our young people from getting the best possible start in life. We need to support great teachers and great schools in every ZIP code, make college more affordable, and help relieve the crushing burden of student debt. Let's take on the epidemic of gun violence in America. We also have to face the reality of systemic racism that, more than a half a century after Rosa Parks sat and Dr. King marched and John Lewis bled, still plays a significant role in determining who gets ahead in America and who gets left behind. We have to invest in communities of color and reform our broken criminal justice and immigration systems. We have to guarantee opportunity, dignity, and justice for every American.

The future we want is within our grasp—let's build it together.

President

Bernie Sanders

Democrat

Occupation: United States Senator

Occupational Background: Congressman (VT-AL), Mayor (Burlington, VT), college instructor, freelance writer, documentary filmmaker,

carpenter.

Educational Background: Brooklyn College, attended 1959-1960; University of Chicago, A.B. 1964 (political science)

Prior Governmental Experience: United States Senator (2007-present); United States Congressman (1991-2007); Mayor of Burlington (1981-1989)

I am asking people not simply to support my candidacy for president, but to be part of a movement of millions of Americans who stand up and say loudly and clearly that this country and our government belong to all of us, and not just a handful of wealthy campaign contributors and large corporations. To my mind, this is the only way to address the major economic, political, social, racial and environmental challenges facing our country.

Given the serious crises this country faces, now is not the time for the same old establishment politics. I am running for President to fight income inequality, create millions of jobs, raise wages, and provide health care for all Americans as a human right. Together, our movement will make public colleges and universities tuition-free, combat climate change, reform a broken criminal justice system, ensure equal pay, and reclaim our democracy from the billionaires who are buying our elections.

We need an economy and a system of justice that works for all Americans, not just the people on top. We need a political revolution demanding our government represents us all, not just the top 1%. If we stand together, there is nothing we cannot accomplish.

STANDING UP FOR ALL OF OREGON

While opposing the disastrous war in Iraq, leading the fight for marriage equality, and against Wall Street bailouts, spearheading the charge to end surveillance on law-abiding Americans, standing up to far-right attacks against women's health services and Planned Parenthood, Ron has always stood for Oregon values.

Ron recently wrote the tax law hailed as among the biggest anti-poverty achievements in years that also provided significant relief for middle-income Oregonians. Because well-connected special interests still take advantage of a tax code riddled with loopholes, he is fighting to:

- Close loopholes and end deductions for corporations that ship jobs overseas
- Ensure millionaires don't pay a lower tax rate than middle-class Oregonians

College costs are crushing students and their families, so Ron made permanent a college tax credit for working families, expanded Pell Grants, and helped kick big banks out of the student loan business. There's more to do, and Ron is working to:

- Make community college free
- Provide incentives for universities to freeze or lower tuition

Ron wrote the law that brought nearly \$3 billion to Oregon's schools and rural economies. He played a key role in writing laws that guided \$500 million into repairing Oregon's aging roads and bridges. Because many families are still struggling, Ron's priorities include:

- Raising the minimum wage
- Securing paid leave for working families
- Strengthening equal pay laws to close the gender pay gap

"From leading the fight against privatizing Social Security to holding big pharmaceutical companies accountable for attempts to extort seniors over prescription drug costs, Ron Wyden has always stood for Oregon's most vulnerable citizens and I am proud to serve with him in the United States Senate." -- Senator Jeff Merkley

US Senator

Kevin H Stine

Democrat

Occupation: Medford City Council

Occupational Background: US Navy (2004-2013)

Educational Background: Southern Oregon University

Prior Governmental Experience: Medford City Council

Personal Background: Honorably separated veteran of the United States Navy. Served over 9 years and underwent 3 overseas deployments on-board fast-attack submarines. Married nine years to my wonderful wife, Casey, and father of a beautiful daughter, Riley.

Vote BERNIE SANDERS and KEVIN STINE

No Trans-Pacific Partnership.

Democratic Party voters deserve to hear an answer from Senator Wyden, instead he has been playing politics by evading questions. We need to be loud and proud to protect ourselves from job-killing trade agreements. Wyden voted for NAFTA, CAFTA, the China Trade Bill, and deregulating Wall-Street with the repeal of Glass-Steagall. The results have been disastrous for our country. We don't need the TPP. We need another US Senator with values such as Bernie Sanders, Jeff Merkley, and Elizabeth Warren who will stand *against* the TPP. I will be that US Senator.

Working for the People: I was born to a single working-class mother. Despite her tremendous efforts to provide for our family, my childhood was spent living in poverty. In 1996, Sen. Wyden's vote for Welfare Reform hurt working class families like ours, and has had lasting negative effects on countless others. He even voted *against* legislation led by Sen. Bernie Sanders and Sen. Hillary Clinton to roll back the Bush tax cuts for the top 1%.

Vote for Our Future: Topics such as climate change and student debt are among the highest priorities of the next generation. It's important that we have a connected leader in the Senate to help address the problem. I will always maintain an open line of communication, and continue to actively seek out your views on issues that concern our extraordinary state.

I will always be on the side of our working and middle-class. We need more policies that put the people ahead of corporations. Vote for Oregon. Vote for Kevin Stine.

Suzanne Bonamici

Democrat

Occupation: U.S. Congresswoman
Occupational Background: Consumer Protection Attorney
Educational Background: JD, BA, University of Oregon; AS

Lane Community College

Prior Governmental Experience: State Senator and Representative; Attorney, Federal Trade Commission

Family: Married 30 years, two adult children

**Suzanne Bonamici
 Hard Work. The Right Priorities.**

Suzanne put herself through community college, college, and law school working at Legal Aid, where she began a lifelong fight to make sure every Oregonian and Oregon family has economic stability and the opportunity to succeed.

- As a lawyer, she cracked down on consumer fraud;
- As a mom, she rallied for more school funding in Salem;
- And, as a state legislator, she held the financial industry accountable for predatory practices.

Strengthening the economy

- Suzanne knows small businesses are the backbone of the economy, so she's helped them access resources they need to grow.
- To build the economy and create jobs, Suzanne helped pass a long-term transportation bill that makes critical investments to repair roads and bridges.

Preparing all children for the future

- On the Education Committee, Suzanne worked hard to replace No Child Left Behind. She led the successful effort to reduce high-stakes testing and support well-rounded education.
- Suzanne is focused on college affordability so every student can go to college without burdensome debt.

Fighting for families

- Too many families struggle to make ends meet. Suzanne is advocating for affordable childcare, better retirement security, and paid family leave.
- Suzanne supports a cost-of-living adjustment for seniors who rely on Social Security, and she's leading efforts to renew important programs like Meals on Wheels.
- A pro-choice leader, Suzanne is working to improve access to reproductive health care.
- On the Science Committee, Suzanne stands up to climate change deniers and policies that harm our environment.

US Representative, 3rd District

Earl Blumenauer

Democrat

Occupation: U.S. Congressman
Occupational Background: Public Administrator
Educational Background: Lewis and Clark College, B.A., Northwestern School

of Law, J.D.

Prior Governmental Experience: Oregon State Legislature; Portland Community College Board; Multnomah County Commissioner; Portland City Commissioner

In Congress, I fight hard for progressive values – combating climate change, reining in reckless business practices, and expanding health care and educational opportunities for all. At the same time, I focus on important issues that may be lower profile but have a real impact on our future. Despite the current divisive political environment, I have been able to bring people together to move us forward by:

- Passing a long-term transportation bill to rebuild and renew America;
- Ensuring Oregon voters' wishes are respected by making progress on national reforms to end the failed prohibition of marijuana; and
- Busting the "death panel" myth by helping families get the care they want under the most difficult circumstances.

Building on these successes, I'm working to advance issues that are important to Oregonians by:

- Continuing to rebuild America by focusing on our nation's increasingly failing water and sewer systems and making sure that we have the resources to monitor air and water quality;
- Promoting a new "Food and Farm Bill of Rights" that helps small farms and ranches, while providing better quality and more nutritious food for our families; and
- Protecting endangered species around the world by outlawing the importation and sale of endangered animal parts or products, especially endangered elephant's ivory tusks.

I will also continue to fight to protect the reproductive health of women, strengthen our communities and small businesses with more family wage jobs, reduce gun violence, and more.

Thank you for giving me the encouragement to fight every day and for your willingness not just to be a partner, but to be a leader in your own way. I am looking forward to the progress we will make together

Kurt Schrader

Democrat

Occupation: U.S. Congressman

Occupational Background: Veterinarian; Small Businessman; Farmer

Educational Background: Cornell University, B.A.;

University of Illinois, B.S.; Doctor of Veterinary Medicine

Prior Governmental Experience: State Senator; State Representative; Co-Chair, Joint Committee on Ways and Means; Canby Planning Commission.

Kurt Schrader: Delivering for Us

- Led the fight to **keep Newport as the base of the NOAA Pacific fleet and our Coast Guard rescue helicopter** on the Oregon coast.
- Helped deliver a transportation bill to spur our economic development, like **improving Woodburn's interchange, access to more bus services and potential widening of I 205** in Clackamas County
- Supported the **replacement of "No Child Left Behind" that will put communities, parents and teachers in charge** of our children's education.
- Sponsored a bill to **allow students to refinance their college debt** and has supported increased funding for Pell grants to **keep college affordable**.

Kurt Schrader: Oregon Values

- One of the first members of Congress to introduce a constitutional amendment to **repeal "Citizens United"**, and is a supporter of campaign finance reform.
- Supports **comprehensive immigration reform** that will fix a system that doesn't work for our farmers, businesses or families.
- Consistently **opposes increasing U.S. ground troops** in Middle East wars.

"Kurt Schrader has been a staunch defender of women's health care and reproductive rights. That's why we need him in Congress" –Mary Nolan, former chair, Oregon pro-choice caucus.

Kurt Schrader: In Touch With Us

Kurt holds community meetings and town halls throughout the 5th district and has cut through red tape for Oregonians. His office has returned over \$5 million in stalled Social Security payments, delayed IRS refunds, and denied VA benefits for Oregon's warriors.

"I am honored to serve as the voice for Oregon values and priorities in the US Congress. I look forward to working with you to stand up to extreme elements in Washington, DC that hold our country back. I would appreciate your vote."---Kurt Schrader

Occupation: Community Activist. Wilderness explorer. Musician.

Occupational Background: State Representative Clackamas County; Executive Director, Oregon Board of

Chiropractic Examiners; State Coordinator, Oregonians for Utility Reform. Cannery worker. Grocery clerk.

Educational Background: Graduate: University of Oregon; McNary High, Keizer, Oregon

Prior Governmental Experience: Elected: State Representative; Clackamas Fire District Director. Appointed: Clackamas Community College Budget Committee

Past Community: President, Association of NW Steelheaders. Clackamas Service Center Board. Member, Democratic National Committee.

IT'S TIME FOR A CHANGE!

DAVE McTEAGUE: Democrat's Progressive Alternative

McTeague offers strong Democratic progressive representation! Dave has a positive record and 22 years elected experience. Incumbent Kurt Schrader Co-Chairs conservative "Blue Dogs." They support Republican leadership and lobbyists. In 2015 alone Schrader took \$590,000 from special interest PACs.

DAVE McTEAGUE agrees with BERNIE SANDERS: America's rigged economy is perpetuated by a CORRUPT CAMPAIGN FINANCE SYSTEM. Incomes have been declining while Wall St. and Billionaires grow wealthier. Enough is enough!

PROGRESSIVE McTEAGUE vs. "BLUE DOG" SCHRADER

- McTeague opposes the Trans-Pacific Partnership (TPP) trade agreement. Schrader voted for TPP "Fast Track." Like NAFTA, TPP undermines Oregon jobs. TPP increases medical costs by restricting generic drugs.
- McTeague supports President Obama on Syrian Refugees. Schrader voted with Republicans against the President's modest plan, thereby deserting Oregon's Democratic congressional team again.
- McTeague favors sustainable forest management and watershed restoration. Schrader proposed weakened environmental laws and clear-cutting in 1.5 million acres of Oregon forests.
- McTeague opposes Keystone Pipeline, which Schrader supported.
- McTeague says invest in green energy jobs while Schrader favors \$200 million nuclear power subsidies.
- McTeague supports the DREAM Act, Schrader voted against it.
- McTeague supports Social Security; Medicare for All healthcare; Women's and LGBT Rights; Organized Labor and GMO "Right-To-Know."

Kate Brown took over the leadership of our state in difficult circumstances. She got right to work, setting the state's priorities straight by focusing on what matters -- good schools, good jobs, a secure retirement and a clean environment. Committed to government transparency and accountability, she passed a law requiring lobbyists to disclose who's paying them on a public website. She created and passed groundbreaking legislation that removed barriers to voting by automatically registering citizens to vote when obtaining a driver's license.

Focusing on what matters:

Good jobs, quality schools, and a secure retirement

As Governor, Kate Brown has:

- Increased the minimum wage, because no one working full time should have to live in poverty.
- Passed a law guaranteeing paid sick days, so Oregon workers don't risk losing a job or not being able to pay the bills when they're sick or caring for a sick child.
- Increased education funding by \$7.4 billion to help prevent teacher layoffs and keep class sizes from increasing.
- Signed a law creating a voluntary retirement savings system, giving every working Oregonian access to a professionally invested retirement account.
- Passed a law that makes Oregon the first state to eliminate coal power.

Continuing Oregon's progress: Increasing accountability and putting Oregonians back to work

Over the next two years, Kate Brown will work to:

- Help Oregon's small businesses cut through state and local red tape so they can thrive and grow.
- Work to increase our graduation rates.
- Fight to make college, community college, and technical training affordable for all Oregonians.

Julian Bell

Democrat

Occupation: Doctor.

Occupational Background: 2000 - 2016: Medical Doctor.

Educational Background: Cornell University, BA 1995; New York Medical College, MD

2000; St Vincent's Hospital, residency, 2003; Rush University, ICU fellowship 2006

Prior Governmental Experience: No prior government experience.

I'm a doctor, not a politician. I work in an intensive care unit. Usually I worry about bills, getting my kids to eat dinner, and do I really have to walk the dog if it's raining? But at the moment the thing that keeps me up at night is climate change. None of us want to think about it. But so that you don't have to think about it all the time, think about it carefully as you vote. Because we live in America, we can create our future, a future we can be proud of – that we deliberately make for ourselves, our children and their children. At the moment the fossil fuel economy is choosing a future for us, and this future is bleak. But it doesn't have to be that way. Vote for a clean energy economy instead. The clean energy economy means well-paid jobs, healthy local businesses and a solid tax base to fund schools and pay teachers. As I said, I'm not a politician. I'll be the first to tell you that I don't have experience as an elected official. But working in the ICU, I do know how to get a group of experts together to fix real problems. We all want a healthy future. Voting for me means voting for a clean energy economy and a bright and prosperous future.

Hola. Ésta elección se trata del cambio climático y si lo vamos a arreglar o no. Sabemos que un futuro con combustibles fósiles es malo, y que la economía de energía limpia será fuerte y traerá trabajos. Como gobernador representaré las prioridades de todos los Oregonianos, y juntos comenzaremos a arreglar el cambio climático.

Dave Stauffer

Democrat

Occupation: Environmental Innovations Inventor

Occupational Background: Former Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and

Corporate Securities.

Educational Background: B.A. University of Chicago, M.B.A. University of Portland, Juris Doctorate-Northwestern School of Law at Lewis and Clark College

Prior Governmental Experience: Securities Analyst for the Oregon Dept. of Consumer and Business Services, Division of Finance and Corporate Securities. School District Business Manager.

Dave Stauffer has invented a new invention that will get water to Morrow and Umatilla counties **without any diversion of, or lowering of the surface level of**, the Columbia River—and the federal government will pay for the entire project as an environmental, energy, and flood control project. As Governor, Dave Stauffer will work with the federal government to construct the invention and create an estimated 20,000 jobs in areas around the Columbia, Rogue, Klamath, Sacramento, and San Joaquin Rivers.

The new invention will also supply pollution-free hydroelectricity and flood control to areas along the Columbia River, and, possibly, increase fish runs upriver to their pre-dam levels.

The new invention will supply much water to dry areas, so fruit and forest trees may be planted that will grow green leaves—which will take carbon out of the air through the chemical process of photosynthesis. Taking carbon out of the air will help to decrease the depletion of the ozone layer that appears to be causing global warming—especially if the new invention is also installed in the Mississippi River, the Amazon River, the Nile River, the Yellow River, and all other large rivers of the world. Because Dave Stauffer is the inventor of the new invention, he is well qualified to work with all the Oregon Senators and Representatives to implement his invention.

"Tobias took leadership and made it possible for Oregon students to attend community college at minimal cost."
Governor Barbara Roberts

Dear Voter,

The State Treasurer doesn't manage the state's budget, or act as the state's accountant, but the job is vitally important to Oregonians' financial future.

The State Treasurer manages the state's borrowing that helps build our infrastructure. My legislative background includes working on financing our infrastructure, like **fixing our bridges and roads**.

The State Treasurer sits on the Oregon Investment Council that manages the investments of our retirement system. My experience will help ensure we **keep our promise to retirees without breaking the bank**.

The State Treasurer manages the Oregon College Savings Plan. As Treasurer, I'll make sure the **families that need the most help saving for college get an early start**.

The State Treasurer also helps manage our state's natural resources to benefit schools. As a parent myself, **ensuring our schools are fully funded is a top priority**.

I have worked in the U.S. Treasury and with the State Treasurer on shared priorities to build and protect Oregon's long run financial future, including legislation to **help all Oregonians save for retirement**. I would appreciate your vote.

Thank you,
Tobias

In 2015, Mark Hass authored the Oregon Promise, guaranteeing free community college to Oregon high school graduates who keep up their grades and stay out of trouble. He engineered the legislation so that federal money pays most of the costs.

Seniors

“Sen. Hass has been a long time leader in protecting seniors and working on elder abuse prevention. His commitment to fairness and tax reform is why he has such a strong reputation in Oregon.”

–Dr. Jim Davis, Oregon State Council for Retired Citizens

Occupation: State Senator

Occupational Background: News reporter; Environmental Issues Manager; policy and communications adviser.

Educational Background:

Masters in Journalism, University of Oregon; B.A., University of Puget Sound.

Prior Governmental Experience: State Senator, 1997-present; Oregon Land Conservation and Development Commission, 1987-93.

Proven Leadership

Ginny Burdick’s leadership has been recognized in the Oregon State Senate where she has served in several key positions:

- Senate Majority Leader, elected 2015
- President Pro Tempore, Oregon State Senate, 2011 – 2015
- Chair, Senate Judiciary Committee, 2005 – 2007
- Chair, Senate Finance and Revenue Committee, 2008 – 2013
- Co-Chair, Joint Committee on Marijuana Legalization, 2015 – present

Ginny Burdick is a strong voice in the State Senate for education, the environment, civil rights, tax reform, and sensible gun laws. Here are some areas where her leadership has made a difference:

- Legislation to implement the voter-passed marijuana measure with reasonable safeguards.
- Strong laws to curb the methamphetamine epidemic in Oregon that virtually eliminated home meth labs and increased funding for Drug Courts.
- Legislation to prohibit discrimination against LGBT Oregonians.
- Legislation eliminating tax credits that no longer demonstrate a clear benefit for Oregon taxpayers.
- Legislation to make bars, taverns and other workplaces smoke-free.

Leadership for the long run

There is still much work to be done. If voters return her to the Senate, Ginny Burdick will continue her important work to stabilize Oregon’s finances with a robust emergency reserve fund. She will fight to increase and stabilize funding for education. She will continue to push for stronger gun safety laws, especially ones to protect Oregon children and schools from gun violence. She will advocate for tax policies and incentives to encourage job growth and economic development in her Senate District and throughout Oregon.

Education - We need to improve the K - 12 system by increasing the budget for improved programs including vocational education. We need to train young people to build and repair things. Not every one is college bound.

Environment - There are many things to improve air quality. One of the easiest and cheapest is to remove catalytic converters from vehicles. This reduces exhaust temperature and fuel consumption thus reducing use of fossil fuels. We must urge the feds to pour more money into fighting and reducing wild fires. Oregon DEQ must change its focus to protecting our citizens not protecting manufacturers

North and Northeast Portland Neighbors,

First, *Thank You*, House District 43 neighbors, for the honor of representing you since 2009. I look forward to representing the larger community, Senate District 22, in the coming term. I ask for your vote, in May and November.

We all know that life isn't fair, but that's no excuse for human beings to be unfair to each other. I believe that fairness is government's #1 job. While it's frustrating that legislating takes so long, it's also why every good idea needs a start, *now*.

We've finally outlawed profiling, but there is more to do to make our justice and public safety systems more just, and safe.

We've made progress on small contaminated properties in our neighborhoods, but recent revelations about toxic substances in our air highlight how environmental justice remains a significant frontier.

I will continue to work for educational opportunities for every child, close to home, and to put the brakes on over-reliance on standardized tests and the standardized lessons that go with them. We have to protect privacy and security of student records; every young person should "own" his or her own story.

Justice, Fairness, Opportunity, Prosperity. We all do better when we ALL do better. These make up the driving force behind my work in the community and the Legislature.

I'm honored to be endorsed by colleagues and organizations whose opinions I value:

MICHAEL DEMBROW

Our Progressive Voice for NE and SE Portland

FIGHTING FOR WORKING OREGONIANS

In 2015, I led the successful effort in the Legislature to ensure that every worker in Oregon has access to Paid Sick Days. This year, I led on the bill that will increase our minimum wage in the Portland area to \$14.75. I was responsible for bills to increase our stock of affordable workforce housing and combat wage theft. I'm proud of these wins, but there's so much more to be done.

STRENGTHENING PUBLIC EDUCATION

I know first-hand how public education can transform lives and build communities—but I also see many frustrations. I've been leading the effort to restore Career/Technical Education to our schools and increase access to apprenticeships. I'm working hard to keep a lid on college tuition increases and create better job training opportunities for all Oregonians, including ex-offenders and those new to this country.

WATCHING OUT FOR OUR ENVIRONMENT

I'm proud of Oregon's leadership in moving away from coal. But climate change remains our planet's greatest challenge. Oregon must put a price on carbon emissions and invest in renewable energy infrastructure, job training and protecting vulnerable populations from the effects of global warming. We need to put a stop to dirty diesel emissions and deadly aerial pesticide spraying.

ADVOCATING FOR ALL OREGONIANS

I will continue to work for universal health care and demand fairness and opportunity for all.

COMMITTED TO COMMUNICATION

When you first elected me to represent you in Salem, I promised to maintain strong lines of communication. 75 Constituent Coffees, 35 Town Halls, and many dozens of email newsletters later, I remain committed to keeping you informed and seeking your advice.

Occupational Background: Labor Consultant, Oregon Education Association; Teacher.

Educational Background: M.A.T., Lewis and Clark; B.S., Portland State

Prior Governmental Experience: State Representative; Tigard Planning Commission

State Representative Margaret Doherty Independent Ideas that Work for Oregon

Investing in Oregon's Schools.

As an advocate for our schools for 40 years and a former teacher, Margaret has never stopped fighting for our kids. As Chair of the House Education Committee, Margaret has worked hard to increase funding for our schools so we can reduce class sizes and stop teacher layoffs. Margaret has led the charge to end childhood hunger, and she'll continue to work hard to improve graduation rates and address the rising cost of college.

Putting Working Oregonians First.

Margaret has always stood up for our community, because she believes every Oregonian who works hard should have a fair shot at getting ahead. Hardworking families should never have to choose between buying food and paying their rent – that's why Margaret supports policies that will lift low-income workers out of poverty and strengthen the middle class. As our state legislator, she's worked to make sure all Oregonians have access to affordable housing, quality health care, and a secure retirement.

Margaret puts people over politics.

"In Oregon, we look out for one another. When I go to work in the Legislature, I think about the kids who grew up down the street and are now headed off to college, taking out loans so they can go to their dream school. I think about my elderly neighbor, who struggles to cover the cost of her prescriptions. I think about the parents in our community that want the best for their kids, but worry about crowded classrooms and the high cost of child care. We've come a long way but there's work left to do, and I would be honored to continue to serve our community." - Margaret Doherty

Proven Progressive

Education

As a parent, I’ve seen the challenges our students face – large class sizes, fewer electives, and overwhelmed teachers. In 2015 I fought for increased investment in education including all day kindergarten, but we must do better. At the ballot and in the 2017 session, I will fight for increased funding for schools including community colleges and universities.

Housing

Something has to be done to help renters and low income people in Portland afford a place to live. I promise to lead a fight for the rights of tenants and fight to provide more affordable housing options.

Our Environment and Our Air

I love Oregon’s natural beauty. I will always fight to protect it. We removed toxic chemicals from toys in the 2015 session. Now we have to clean up Portland’s air. I am ready to lead that fight in 2017 whether it means passing tougher regulations or getting more funding for DEQ so it can do its job.

Supporting Women’s Healthcare

As the father of a young woman, I’ll never waver on choice.

Fighting for Working Families

I’ve spent my life and career standing up for working people. I was proud to help lead the fight for paid sick leave for all Oregonians and to help raise our state’s minimum wage in the 2016 session.

Democrat

Occupation: Nonprofit Executive Director

Occupational Background: Teacher, Social Worker, Community Organizer

Educational Background:

Reynolds High School, University of Oregon, and Portland State University Masters in Social Work

Prior Governmental Experience: Reynolds School Board, Oregon's Commission on Hispanic Affairs

I'm Diego Hernandez and I would like to represent us in the Oregon House.

I was raised in East Portland and attended David Douglas, Parkrose and Reynolds schools. My mom was a single parent who raised 4 kids in poverty. She taught us to help others and that together, with hard work and perseverance, success is possible. I took her sacrifices to heart and worked my way through college, building a career around helping people.

My family's story of adversity and perseverance is so common in our community, even today. That's why I'm running for State Representative: to give everyone a fair shot at opportunities.

As a former teacher and current Reynolds School Board member, I know that success starts in our classrooms and with the public services that level the playing field for all Oregonians. I'm worried we're not making investments in those essential programs.

That's why, as your representative, I will:

- **Champion Public Education:** Prioritize stable education funding to lower class sizes, close the achievement gap and invest in early childhood education programs.
- **Build Safer Communities:** Stand up for East Portland's fair share of infrastructure investments. Our kids shouldn't have to risk their lives every time they walk to school.
- **Advocate for Affordable Housing:** Fight for stable, secure and affordable housing, so local families can afford to stay in our community.

I'm committed to ensuring that everyone has the opportunity to thrive.

That's why I'm asking for your vote.

Bringing Oregonians together to build stronger communities. Educating Our Workforce

As a former career and technical education teacher, I know the importance of preparing our students for living wage jobs. In 2015, I led the effort to double funding for career-related education, and to bring more vocational teachers to the classrooms. I also supported increasing public school funding to a historic \$7.4 billion.

Protecting Our Natural Resources

As Vice-Chair of the House Energy Committee, I helped lead the effort to remove coal power in Oregon and double Oregon's renewable energy resources. Due to the massive pollinator die-off in 2012, I fought hard and obtained funding for Oregon State University to conduct research and provide outreach to protect our pollinators.

Dedicated to Safe Roads

I drove the passage of fixed photo enforcement radar legislation for High Crash Corridors in the Portland Metro area, which will help save lives on Portland's deadliest streets, and helped obtain \$17M for improvements to Outer SE Powell Boulevard.

Connecting with my Community:

Being a good state representative requires listening to my constituents at community forums and neighborhood association meetings. When working with local government, business, and education leaders, I constantly and energetically use what I've learned to advocate on behalf of the people of District 48. It's a joy to do so.

Chris Gorsek

Teacher. Committed Leader. Proven Results

Prioritizing Quality Education

As a teacher and parent, education is a priority. That's why I've supported all-day kindergarten, improving K-12 STEM education, and redirecting corporate tax refunds to fund community colleges. We must also continue to do more to improve graduation rates so all students have the foundation for success in today's economy.

An Economy for All Oregonians

I've championed bringing the Strategic Investment Program's benefits to East County by eliminating loopholes that favored Hillsboro. I've voted to improve access to capital for small business, to guarantee workers paid sick days and to raise the minimum wage. I'll continue to fight for the financial standing of East County families as I did this year with my bill expanding tenants rights.

Keeping our Community Safe

As a former police officer, I've worked to make smart investments in public safety. I voted to strengthen the 9-1-1 system and helped secure funding for the East Metro Gang Enforcement Team. I've also helped secure funds for the Boys and Girls Clubs in East County to provide positive alternatives for at-risk youth.

Prior Governmental Experience: Legislative Staff Oregon House of Representatives; North Clackamas School District Parent Leadership Alliance & Equity Committee

My parents taught me to fight for what's right, and not to settle for what's easy. That's why they also taught me the power of hard work and determination.

Growing up the daughter of teachers, education provided the best pathway out of a city impacted by drugs and crime. With my parents' support, I earned scholarships and put myself through school. Today, my husband and I operate two local restaurants.

As a small business owner, I have been committed to building up my community by providing teens with their first jobs, granting employee scholarships to continue their education and partnering with neighborhoods to support local needs.

As a mom of four in Happy Valley, I have worked tirelessly with the North Clackamas School District for nearly a decade, fighting for the dollars, facilities, innovations and educators Oregon students require to graduate and succeed.

As an Oregonian, I know that our schools, our families and our local businesses form the foundation of our community. So I work hard to ensure that we all have the same opportunities to **make the American Dream an Oregon Reality.**

As your representative in Salem, I will:

- Find stable funding solutions for our public schools, so every Oregon student is prepared for career-level jobs.
- Work for safe neighborhoods and smart development, keeping our communities intact and our quality of life high.
- Level the playing field, so hard working Oregon families and small businesses have a fair shot at getting ahead.

Oregonians work hard for their families and for their communities. You can trust that I will, because I always have.

Randy Shannon

Democrat

Occupation: Retired Public Works Engineer after 28 years

Occupational Background: Registered Professional Engineer in Mechanical, Electrical and Civil Engineering.

Educational Background: WSU Bachelors in Mechanical Engineering, PSU Masters in Mechanical Engineering, PSU Masters in Public Administration

Prior Governmental Experience: 10 years Damascus City Councilor, 3 years Sunrise Water Commissioner

As a State, we need to focus on three areas for our long term prosperity:

Building and Maintaining our Infrastructure

Educating our Children

Protecting and Enhancing our Environment

Business and our economy rely on infrastructure to thrive. I have maintained, designed and built roads, sewers, parks, buildings and green energy systems. This background give me an understanding in the practicality and economics of technical options, sometimes missing in the political process.

We need an educated work force to succeed in today's high-tech economy. I have taught night classes at our local community college. This experience gives me an understanding of the challenges facing our schools and students.

If we don't protect our environment, we will all suffer, either directly from impacts to our health or indirectly from impacts to our economy. Many of my projects included measures to minimize and mitigate impacts on the environment. I understand the challenges to get something built, while protecting the environment.

Ten years as a Damascus City Councilor have taught me the challenges of the political process. Politics is a world where, many times, facts don't matter only perception and ideology. During my time as a Councilor, I always strove to speak the truth and make my decisions based on facts. I will continue to do the same.

My oath as an engineer is to the public, not a client or employer. My oath as an elected official is also to the public. I will always make my decisions based on the common good.

Please Vote for Randy Shannon this May.

Mark Reynolds for State Representative

For An Economy that Works for All Oregonians

As a life-long resident of the Columbia Gorge, I know our community is a special place of scenic beauty, rich resources, and vibrant rural communities. I'm running for State Legislature to get Oregon back on track, and get Salem's priorities straight, by focusing on what matters – quality schools, good jobs, and healthy communities.

Investing in Our Schools

As a teacher, I spent my career investing in our schools and helping students succeed. In Salem, I will work to fully fund education so we can improve high school graduation rates, increase job skills training programs, and finally address the rising cost of college.

"Mark Reynolds has years of experience working directly with students in the classroom. He knows education leads to more opportunity and I trust him to prioritize our schools."

- Amirra Malak, Hood River Parent and Teacher

Supporting Small Businesses

We need our economy to work for small businesses, not just big corporations. I'll prioritize legislation that helps Oregonians find good-paying jobs and helps small businesses innovate and grow.

"Mark Reynolds will stand up for our community and invest in small businesses that grow our local economy."

- Carol and Allan Rodrick, Owners of Gorge Appraisal

Building Healthy Communities

We need to build healthy communities so we all have access to affordable housing, clean air and water, and well-maintained infrastructure. As State Representative, I'll advocate for community investments that help level the playing field and improve the incomes of ordinary Oregonians.

WHY I AM RUNNING

As a volunteer in various local campaigns during the past 15 years, I came to realize that politics are in fact broken. By paying for the campaigns of our elected representatives, powerful moneyed interests have effectively hijacked our political process. They are using it to further their own interests, and could care less about ours.

I'm running to be your State Representative because something has to be done.

Skyrocketing healthcare costs, crumbling infrastructure, a substandard educational system and the subsidizing of profitable corporations by our government are among the serious problems that have become "politically unresolvable". As long as BIG MONEY controls our political apparatus, solutions to these and other critical problems shall remain "off the table".

BIG MONEY IS THE PROBLEM

Things are not likely to improve for most of us until we start electing Representatives who don't rely on BIG MONEY to fund their campaigns.

To that end, as your candidate for State Representative, I will only accept campaign money from individual voters who live in our District. I will limit cash contributions to 50 dollars or less, per individual, per year. I will not accept BIG MONEY of any kind.

WE CAN BE THE SOLUTION

By electing me as your next State Representative, the voters of District 52 can achieve meaningful groundbreaking Campaign Finance Reform in this election cycle. Let's show BIG MONEY what voters can accomplish when offered real leadership and given real choices.

Make Democracy Happen In Your Community – Become a Democratic Precinct Committeeperson (PCP)

It's up to you! You can make the difference. You did it in 2014, and now is the time for you to step up again.

This year, we have a lot at stake. We need to elect a Democratic President and re-elect champions of Oregon's middle class: U.S. Senator Ron Wyden, Governor Kate Brown, our great Democratic Congressional team, and Attorney General Ellen Rosenblum. After the May Primary we need to elect our nominees for Secretary of State and State Treasurer and hold and expand our majorities in the Oregon House and Senate so they can keep working on legislation that makes a real difference in the lives of Oregonians.

As Oregon Democrats, we stand for our values:

- Family wage jobs and worker's rights
- Equality for all, including marriage equality
- High quality education
- Affordable healthcare
- Retirement security
- National security
- Civil liberties and transparent government

Join our team today by becoming a Precinct Committeeperson or volunteering with our campaigns.

Precinct Committeepersons (PCPs) are the grassroots activists at the heart of the Democratic Party of Oregon. Run for election as a Democratic Precinct Committeeperson and join our team. You'll represent the Democratic Party in your neighborhood, and represent the concerns of your neighborhood to the Party.

Duties of a Democratic Precinct Committeeperson:

- Drive voter registration
- Get out the word on Democratic candidates
- Vote on official party business
- Elect county party leadership and Platform Convention delegates
- Nominate replacement State Representatives or State Senators

How to qualify as a Democratic Precinct Committeeperson:

- Be a registered Democrat in your precinct **for at least 180 days prior to the election**
- Represent the precinct you live in or the one adjacent to it
- Serve a two-year term
- Receive three votes
- If you have not yet filed for PCP, you can write yourself in as a candidate on the May ballot. Many write-in Democratic candidates win, but you must get at least three votes in your precinct and earn more votes than Democrats competing for the same positions.

Governor

Cliff Thomason

Independent

Occupation: President, Orhempco, Inc., Oregon Industrial Hemp Farming

Occupational Background: Sales & Marketing

Educational Background:

Graduate, North Valley

Prior Governmental Experience: Chief Petitioner, 2016 Oregon Lottery Local Control Act, Court Appointed Special Advocate (CASA), Committee Chairman and Board Member of Securing Our Safety.

By filling in the oval next to my name, you are agreeing that there is a need to have more choices on the ballot besides Democrat or Republican. You are stating that that as an Independent, you want a better future for Oregon. I am pleased to be your candidate for Oregon's highest office. Thank you for your vote.

As your next Governor, I will:

- **Work for the creation of an Oregon State Bank**

An Oregon State Bank would keep Oregon's and Oregonian's money local. It would support Community Bank lending to small businesses and farmers. It would provide banking privileges and protections to all people in the Cannabis Industry.

- **Give half of Lottery dollars back to the counties they came from**

Locally generated revenue should stay local. Giving lottery money back will provide over 200 million dollars annually to the counties and help fill needs in schools, public safety, and job creation. The money generated in your county should stay in your county to do what's best for your county.

- **Turn our education system around**

For over 20 years we have seen a huge shift to top-down education reform. We have lost teacher-student time in favor of in-service days & professional development. The teacher's voice & professionalism has been lost or devalued, and trust is at an all-time low. We need to turn back to local control and stop treating education with a one-size-fits-all mentality.

- **Solve our long-term debt liability**

We have more than 20 billion dollars in unfunded liabilities facing us. Current leadership says the only solution is to raise more taxes. I have a plan that would eliminate the need for more taxes, while boosting revenue for the state.

Occupation: CNC Machinist

Occupational Background: Design Engineer

Educational Background: BSEE Purdue 1984

Prior Governmental

Experience: Voter Advocate since 1992

I'm an Independent voter because existing political parties don't represent working people like me.

It's all about Jobs and Business

When business provides jobs, individuals can provide for themselves and their families. Jobs also generate tax revenue, which can be used for public spending on infrastructure, police, education, healthcare... Lose jobs, and all social ills like crime and terrorism increase.

Bipartisan: Pandering vs. Profiteering

Liberals constantly propose new programs (Pandering), but can't create the jobs needed to pay for them. Conservatives overstate the claim that generating private wealth (Profiteering) creates jobs through "trickle-down" economics.

Corporations aren't people – They don't have rights

- We should reward individuals who build companies that create and retain permanent jobs.
- We should penalize individuals and corporations that generate private wealth by eliminating jobs.
- We should penalize corporations that generate private wealth by destroying our environment.
- Corporate taxes can be restructured to reward job creation/retention and penalize profiteering.
- Legislating religious beliefs is unrelated to job creation.
- At a cost of jobs and protections for many, Labor Unions protect a privileged few.
- When politicians pander – working people pay.

Viable Political Alternatives

It's all about jobs and business – not generating private wealth, legislating morality or pandering. To permit the development of new, viable political alternatives, California and Washington have abolished state funded partisan primaries. Both states now conduct non-partisan elections and Oregon should follow.

Top Two (Non-Partisan) Primary

- All candidates – party affiliated and non-affiliated, compete in a single open primary to determine the top two candidates for each office.
- Political parties may endorse candidates, but - only the two best candidates advance to the general election. No one qualifies for the general election ballot simply because they've been endorsed by a political party.
- All voters – partisan and independent, participate equally in selecting the top two candidates at the primary.

Experience Matters

Oregon faces numerous financial challenges and requires more than a figurehead as her Treasurer. With **30+ years as a Certified Public Accountant**, Chris knows how to manage the State's money. Chris even **teaches government accounting** for Oregon State University-Cascades senior accounting students. As a former State Senator, Chris knows how to get things done in Salem.

Making College Affordable

Our current debt-for-diploma system has put higher education out of reach for too many of our young people. Chris' plan, "*The Oregon Vault*" will bring affordable student lending to Oregonians.

Grow Small Businesses

As a long-time business owner and a CPA who has **helped hundreds of businesses to grow**, Chris knows what it takes. Chris will lead Oregon to better economic development through her, *The Oregon Vault* by facilitating economic development dollars among our community banks and credit unions.

Keep Partisan Politics Out of the Treasury

Family: Married to Steve for 20 years; Children- Andrew, Robert, Sharon, Timothy

The Legislature needs strong, independent voices who will serve Oregon families, not be beholden to special interests!

As a longtime Tigard resident, business owner, and mother, I'm concerned about what I see happening in Salem. Legislators seem more interested in who is financing their campaigns, instead of listening to the people they were elected to serve.

Community Advocacy

The biggest challenges facing Oregon are our failing education system, affordable housing, and the ability of people to be employed in family wage jobs. My experience working with education boards for traditional and public charter schools, has opened my eyes to the need for families to have educational choices. As our next State Representative, I'll work to ensure families can access an education tailored to their children's needs.

I've also seen firsthand how people can be lifted out of poverty when they have a stable home environment, access to healthcare, and a good-paying job. In the legislature, I'll use my experiences working with business and housing partners to craft policies that ensure we're meeting the needs of people in our community.

Government Accountability

As a lawyer, I understand the importance of creating legislation that's clearly understood and avoids unintended consequences. We should all question hundreds of millions in recent wasteful spending on failed projects. I'll strive to bring needed reforms and common sense to our state government and always have my door open to my District 35 neighbors.

BETTER JOBS

Oregonians *deserve* better policies that boost job creation in family-wage sectors such as agriculture, construction, tech and the trades, rather than policies that increase inflation while driving away industry. Irresponsible anti-commerce legislation is crippling Oregon's economic recovery and hurting Oregon's struggling families. We must stand up for policies that sustainably and responsibly grow the private sector and spur entrepreneurship and innovation.

STRONGER SCHOOLS

Oregonians believe deeply that education is the bedrock of any thriving community and yet our schools continue to fail Oregon children. We need more and better teachers in the classroom, rather than more tests and layers of bloated bureaucracy. We need *real choice* for charter, private, parochial and virtual schools. We need true reform on how we teach teachers. We need an integrated and comprehensive cradle-to-career education system through the 14th grade.

SMALLER GOVERNMENT

In just a single year, Oregon's politicians drove spending past \$28 billion — a single-year 10.1 percent jump. Health care premiums are up more than 20 percent. *Corruption*, cronyism and sweetheart deals for big labor and big business have left working Oregonians on the hook. Beyond that, local bonds, levies, tax hikes, fee spikes, and rate increases are crippling economic growth and worsening poverty across Oregon. I will fight to fix our broken government, because the people should not serve the state, the state should serve the people.

Donald J. Trump wants to Make America Great Again. He wants to reestablish our place in the world by steering our government away from special interests and introducing policies that put money in people's pockets, restore love of country and restore our world status.

Mr. Trump believes in free markets, the importance of a strong family, a culture of Life, a strong military and our country's sacred obligation to take care of our veterans and their families.

Our country has been poorly served by the political class who value their self-interest over the interests of the United States and its citizens. Mr. Trump will end the corrupting influence of special interests once and for all.

Under a Trump Administration, America will begin winning again. No longer will China, Mexico, Japan and other countries manipulate their currencies to benefit their citizens at the expense of ours.

We need free and fair trade.

We must restore the integrity of our national borders. A country cannot exist without strong borders.

We will welcome international visitors, but we must build a wall to protect our southern border.

Our Federal tax burden inhibits economic growth and takes too much from hard working Americans.

We must reduce the burden by lowering rates, eliminating loopholes, and simplifying the tax code. We must pay particular attention to fixing our corporate tax structure so capital and jobs will come back to America.

We will rebuild our military, return education to the parents and students, make college affordable and fix our healthcare system by getting rid of Obamacare and replacing it with free market solutions.

We will protect the Second Amendment and will defend religious liberty for all. Together, we will Make America Great Again.

Sam Carpenter: Turnaround Specialist & Outsider

I'm Sam Carpenter.

I create jobs and am a business turnaround specialist. I find what's broken and fix it...now!

And I'm a political outsider.

This is just what D.C. needs.

Career Politicians Must Go

Big government has smothered opportunity for us and for our children. Generational theft is unforgivable.

Our economy is asleep, and the middle class is hurting. Who's to blame?

Career politicians in D.C. who saddle us with taxes and regulations while ignoring the every-day problems Oregonians face.

And too often these political elites disrespect us.

Let's call out political correctness, and recall common sense.

Career politicians must go.

Time for New Management

Ron Wyden has spent 35 years in Washington worried more about his career than about the Oregonians who put him there.

For example, Wyden claims our forests are diseased and burning because of global climate change. That's absurd. For over 30 years, our timberlands have been neglected. Drive through a federally managed forest and see the miles of dead and dying trees and the undergrowth thicket: a tinderbox that continues to threaten Oregon's rural families.

We must actively manage our forests. Repairing the damage will stop massive wildfires, create tens of thousands of sustainable jobs, protect wildlife, and revitalize our rural and state economy.

Sam Carpenter's Solution

Immigration, national debt, education, and health care?

The fixes are equally obvious – replace career politicians—NOW.

It's very simple: If our decision-makers are making bad decisions, let's replace the decision makers.

This goes for Democrats AND Republicans.

Ron Wyden has been in D.C. far too long.

Sam Carpenter for Oregon

Next January, Oregon moves ahead to prosperity.

The **Oregon Turnaround** is upon us!

Are you with me?

Leadership, Integrity, Character, Honor & Trust

End Government Infringement

Our government is violating our constitutional protections. Our 2nd Amendment rights are being infringed upon. Political correctness is destroying our religious freedom. Our nation's sovereignty under attack with detrimental immigration policies. Together, we must make America great again. As your constitutionally conservative Senator, I will stand strong for the rights of all Americans. **I Don't Give Up!**

Economic Opportunity for All Oregonians

Small businesses grow our economy, not a government that dictates, mandates, and over-regulates every aspect of our lives. As a believer in the free market, I will work to make America's economy strong again, through **A Focus On Job Growth**, beginning with the Full Repeal of ObamaCare a.k.a "WydenCare".

Balance The Budget & Reduce Spending

With a national debt at \$18 Trillion+, our government continues to mortgage our children's, and our grandchildren's future. As a fiscal conservative believer in limited government, I'll reduce wasteful spending, and fight for **A Balanced Budget Amendment**.

Let's Take Our Country Back!

We're at a crossroads affecting the very freedom our constitutional republic was founded upon. Supporting moderate candidates, that don't win general elections, isn't an option. We will win this election, together, by distancing ourselves from career politicians who are only looking to advance their own careers. We will win with a **True Conservative** candidate that will fight for American values. We will win with a Pro-Life candidate that embraces our conservative values. **I Am That Candidate**. Thank you and May God Bless America.

Experienced Leader

In the twelve years Faye has served as County Commissioner he has seen first hand the hardships facing our state. Because of broken promises and lack of leadership in solving problems by our Senators, Faye had to make tough, responsible decisions, trimming our county budget by tens of millions and taking 14 departments down to 9.

Proven Track Record

In the face of all those budget cuts Faye has accomplished many things in Lane County. It is this collaborative, creative leadership Faye can bring to the United States Senate.

- Established first multi-year scholarship to Cottage Grove high school
- Converted a brownfield into a beautiful community park in Cottage Grove – Bohemia Park
- Led the successful effort to upzone rural industrial land in Goshen to meet local needs all while protecting farm and forest land
- Managed fiber optic consortium providing job opportunities for rural Oregonians

- Honor our commitment to Seniors and Veterans
- Expand economic opportunity for all Americans
- Fix our broken healthcare system
- Protect Americans at home and abroad
- Responsibly manage our natural resources

What has Ron Wyden done for Oregon in the past six years? Or 12 years? I think Oregonians can agree, for someone who's held federal office for 35 years, it's a very short list.

The definition of insanity is doing the same thing over and over and expecting different results.
(Benjamin Franklin)

How many times should we send a multi-millionaire Career Politician to Washington, expecting different results? For decades Oregon has re-elected someone who has no grasp of finance or economics, votes in lockstep with the Harry Reid and Nancy Pelosi leadership, and has failed to deliver for Oregonians, from job creation to education.

It's time we elect someone who knows what Fiscal Discipline means. The current senator has presided over 95% of all federal debt in America's history, leaving every voter a bill for almost \$160,000—so far. As a lawyer, he's proven to be no help. *Who will pay the bill?* As a career finance professional, **Dan will ensure we have balanced budgets.**

It's time Oregon was represented by someone with Real-world Experience. Congress needs people who have been on the front lines in global markets and people who know what it means to own a small business. Having lived and worked in Europe and Canada, Dan also has a worldview extending beyond Manhattan or Washington, D.C.

It's time voters heard the Truth. The 2013 "Lie of the Year" was awarded to Obamacare. The 'Lie of the Decade' is the Democrats' insistence Social Security is "fine."

There's only one candidate on the ballot—in any party—with the experience and backbone to put a stop to living beyond our means. Dan won't do 'business as usual.'

A vote for Dan is a vote for Oregon.

US Representative, 5th District**Ben West**

Republican

Occupation: Parent, Community Leader**Occupational Background:** Senior Mortgage Banker**Educational Background:** A.D. Science in Nursing, PCC

(expected June 2016); A.D. Science of Arts, PCC

Prior Governmental Experience: First time seeking elective office**Oregon needs a champion for personal liberty, constitutional principles, sound fiscal policy, and a strong national defense.**

As a fourth-generation Oregonian, I have a foundational belief that limited government is critical to unleashing the potential of the American people.

Oregonians are struggling to find and keep family-wage jobs. We have over 5,000 homeless veterans and nearly 8,000 kids in foster care. As a nursing professional, and a father who adopted a foster child, I believe it’s time we focus on lifting people out of poverty, and out of government services. We need to make sure our children inherit a future filled with prosperity, not one where the nation is in economic decline.

I will fight to:

Hold Washington Accountable

- Introduce a Balance Budget Amendment
- Demand transparency of Federal agencies, such as the IRS
- Pass a bill enacting term limits to ensure that politicians are doing their jobs

Protect Our Most Vulnerable

- Fight for those who can’t protect themselves
- Foster a culture that celebrates and promotes adoption

Preserve 2nd Amendment Rights

- Fight against the federal government’s overreach against law-abiding gun owners
- Focus legislation on mental health initiatives

Put Education Decisions in the Hands of Parents

- Parents must have the right to do what is best for their children
- Allow education dollars to follow the student
- Break the strangle-hold that giant unions have on education
- Block Common Core

Oregon Republicans need a candidate who can take on Kurt Schrader, an entrenched Washington politician who prioritizes special interests over his constituents and our veterans. As a fiscal conservative, you can count on me to make the right decisions for Oregon families. I would sincerely appreciate your vote.

Defending Religious Freedoms:

I am proud to be endorsed by Sweet Cakes owners Aaron and Melissa Klein who were fined \$135,000 for not baking a cake for a same-sex wedding because it violated their religious convictions.

"As Personal Liberties have come under scrutiny in Oregon and across the nation, we are grateful to Seth for his steadfast defense of religious liberty." - Statement from the Klein's

National Security:

ISIS was given a head start in spreading mass terror and oppression in the Middle-East and across the globe when President Obama did not take them seriously. **As your Congressman, I will put national security at the forefront of my duties.** Relationships with our allies, like Israel, must be strengthened, and enemies of freedom destroyed.

Healthcare and Public Safety:

As a mental healthcare provider, I am concerned with the lack of services provided at the local level, particularly in the rural parts of Oregon. Government agencies are often inefficient. I advocate that government provide more of its funds on grants to non-profit organizations who are better capable of engaging at community levels and offering long-term support to those in need. **In addition, Obamacare must be replaced with free market healthcare that promotes consumer choice.**

Federal Land Use:

The Federal government owns 53% of Oregon's land which is more than they can properly manage. As your congressman I will work to transfer land back to the states and local governments or sell them to private businesses and individuals. This way the land can be properly managed, creating a balanced approach for **job creation, economic growth, and environmental protection.**

I proudly support the Second Amendment

Vision and Leadership

A Niemeyer Administration will rise to the challenge of rebuilding our schools, rebuilding our jobs, and rebuilding trust in our Government.

Bring Logic and Sensibility to Government

I will stop new taxes and regulations on both the people and business across this State.

Get our Natural Resources back to work again

We will get government out of the way of business across this State and get *all* of Oregon's counties back to work.

Oregon's Revenue is *our* Money – It's precious to the People

I will treat Oregon's tax dollars just as if they were the people's life savings. Dollars are not to be wasted on useless projects and pointless efforts.

The Oregon Constitution has been ignored for far too long

The Oregon Constitution has specific guidelines such as dedicated revenues for our roads or Lottery Dollars for economic development. What ever happened to funding education first?

Bud Pierce Will Make Real Change and Build a Better State for All Oregonians

I'm a janitor's son. When I was 15, I went to work as a grocery store box boy after my father died. I was able to get a great education, become a Marine, a cancer doctor and grow a business.

Now it's time to get things done for Oregon. We must focus on working Oregonians. We must stop encouraging the growth of a government bureaucracy that slows us down by playing games with people's livelihoods. We must tame the special interests and stop corruption. My plan includes:

- Ensuring Oregon's business climate promotes economic growth so we have more high-wage jobs and rising incomes, especially for those in rural Oregon, while ensuring our environment will remain pristine for the health and benefit of our citizens.
- Cutting costs of government and establishing true transparency and accountability.
- Cutting taxes for lower and middle-income Oregonians.
- Defending the 2nd Amendment.
- Ending crony capitalism by eliminating giveaways and perks for the well-connected.
- Fixing PERS so our schools and local governments don't have to cut services to fund looming rate increases.
- Reforming education so Oregon schools will be a role model for the nation.
- Advocating for better treatment and support for veterans.
- Supporting families by creating more options and affordable choices for childcare.
- Focusing on mental health issues.
- Rebuilding our crumbling transportation infrastructure resulting in jobs and ease of travel around Oregon.
- Working towards the goal of ownership of Oregon's land by Oregon's people.

I ask for your vote. Together, we can turn Oregon around.

I'm running for Governor because the political class in Salem has let us down. They hiked spending 63% in the last decade. Are our schools 63% better? Is any government service 63% better? We rank at or near the bottom of the country for high school graduation rate and at the top of the country for citizens who rely on food stamps to feed their families. Oregon shouldn't be known for dropouts and food stamps. We have the greatest people in the country.

Career politicians in both parties have let us down. They've let the lobbyist foxes into the hen house. I want to reinvent state government so it serves us—not the special interests.

When they spend and spend and spend, the politically connected get rich—and they stick us with the bill.

They spent \$195 million on a phantom bridge over the Columbia River and \$310 million on a website for Cover Oregon that was never built. **Now they want us to pay for it with the largest tax increase in Oregon's history, a sales tax.**

Are you sensing a theme? There is money out the door with nothing built, no accountability and no transparency. It's outrageous.

I'm not a politician. Let's eliminate wasteful spending. Let's protect the rights of hunters and sportsmen. I want to invest in our schools. And I don't want a sales tax.

I've spent my career as a small business leader creating jobs in Oregon. Debbie and I enjoy nothing more than sharing time with our 3 children and 2 grandchildren. But after watching Kate Brown mismanage our state I knew I had to do something.

VOTE for DENNIS RICHARDSON--restore INTEGRITY, ACCOUNTABILITY and TRANSPARENCY to Oregon government

After Oregon's 2015 ethics scandals, our new Governor promised Oregonians transparency, ethics reform, and greater government accountability.

Like many Oregonians, I wanted to believe that was true!

Instead we've witnessed on-going failures in critical human services such as foster care; exploding PERS costs; a looming multi-billion dollar deficit in the next State Budget; and multiple disclosures of Oregon officials using their offices inappropriately, engaging in surveillance of everyday citizens, refusing public records requests, and making sweet-heart deals costing millions in wasted energy tax credits.

Friends, no matter where we are on the political spectrum, I hope we can **ALL** agree that wasting millions and abusing power are non-partisan problems that must be stopped.

As Secretary of State, **I'll restore balance to Oregon government with proven budgeting skills and legal expertise.**

In short, I promise to restore **INTEGRITY, ACCOUNTABILITY and TRANSPARENCY** to Oregon government.

I will:

- **Reconfigure the auditing department.** We'll prioritize audits of programs and agencies that deliver services to our most vulnerable citizens. By instituting "alongside auditing" from the beginning of large, expensive government projects, we can prevent expensive Cover Oregon-type failures from happening again.
- **Renew protection for public employee whistleblowers** who expose corruption, waste, fraud and abuse.
- **Restore a welcoming attitude in Oregon's Corporation Division,** so new and existing businesses can create jobs.
- **Reform Oregon's public records laws** so records are open and accessible to citizens and the media.
- **Reassure voters elections and initiative processes will be fair to ALL Oregonians.**

Sid Leiken, A strong record of Accomplishment.

Let's face it, Oregon is in need of a pragmatic leader who has a history of putting aside petty partisanship and a focus on doing the right things to get Oregon back on track. As a former Mayor and current Commissioner, I have a resume' that demonstrates my ability to lead others to get things done for the constituents we serve. While I was mayor, there was more than \$1.4 Billion of private sector investment. Since serving on the Lane County Board, we have reorganized the County and been able to save the tax payers millions of dollars.

I want to take my can-do attitude to the state Capitol. Enough of the one party rule and bickering between the parties. My history shows I can run effective, innovative, and efficient government. As Chair of the Lane County Finance and Audit Committee, I offer a strong background in auditing, both financial and performance. It's no secret we need more transparency, accountability, and fairness at the state level. I am a champion for Business and want to create a pathway for healthy investment-- not punishments for our job creators. I will bring my experience as a County Commissioner to make sure we have open and fair elections for all Oregonians. I will bring balance to the State Land Board. I understand the importance of having a vibrant and strong economy while preserving our natural resources.

A Treasurer for Treasurer

Our state's Chief Financial Officer is not an entry-level position. Oregonians deserve a Treasurer with experience as one. I am the current Treasurer of the Legacy Emmanuel Hospital Foundation and have held that position at USA Olympic Swimming and two subsidiaries of Northwest Natural Gas. I've also worked as an analyst and investor for more than thirty years.

Why You Should Care

Oregon can do more with revenue we already have – without raising anyone's taxes. How we manage our finances determines what we can afford; roads, schools, bridges – even PERS. As an experienced treasurer and analyst, I can offer reliable management of our state's finances to help put our state back on strong financial footing.

A Track Record of Success

As a Lake Oswego City Councilor, I've established myself as a budget hawk for the city. With my fiscal leadership, we are on track to eliminate our unfunded liability for road maintenance in the next three years. **And we did it without raising anyone's taxes.**

Not a Career Politician

I've spent my entire career in finance for private industry, utilities and non-profits. I've also spent just enough time as a public servant to understand the system without having been corrupted by it. **For me, the Treasurer's position is not a stepping-stone for higher office – it's a way to give back to the state that has given me so much opportunity throughout my life and career.**

Putting East County First

Oregon needs a strong, dedicated leader who is deeply involved and cares for her community.

Stronger Schools for Our Kids

East County schools have some of the worst graduation rates in the state. Schools are bursting at the seams and teachers lack the resources they need in the classroom. Tamie will prioritize education funding in Salem to make sure taxpayer dollars go where they belong: the classroom.

Living Wage Jobs for East County

The cost of living continues to rise and many of our neighbors are forced to find jobs outside of East County, threatening our quality of life. To create living wage jobs in East County we must strengthen businesses by reducing government mandates. Tamie will focus on closing the skills gap by investing in job training to prepare Oregonians for the jobs of the future.

Accountable, Transparent Government

Oregon has earned a reputation for poor government ethics after years of unbalanced government, recently receiving an 'F' for integrity from an independent, nonpartisan organization. Tamie will fight to restore trust and accountability in state government, listening to her neighbors and changing the way Oregon does business.

Tamie is endorsed by:

Jobs and the Economy: A former manager of Community Pharmacies, I understand how to run a business. Taxes, Regulations, Permits, and Fees are stifling Oregon's small businesses. I will work to promote long term economic stability with sustainable family wage jobs.

Transparency and Accountability: I will work to reform the way Salem spends our tax dollars. Cover Oregon was proof that we need professionals in Salem with the knowledge and experience to ask the tough questions before the waste is revealed. I will ask those questions and stand in the way of our big government, status quo agenda.

Education: Instead of more bureaucracy, Oregon needs effective accountability in K-12 education by empowering every parent to hold their child's school accountable to ensure that their children are getting the education they deserve. School Choice is widespread unless you are poor. Affluent families can send their children to private schools. Working-class families have one option, schools in need of improvement. We need an alternative to our top down education system with local control while increasing STEM training to provide the workforce our industries need.

Transportation: TriMet has been imposing a regional tax on employers since 1972. Initially, the rate was 0.03%. During the 2003 and 2009 legislative sessions TriMet lobbied for additional rate increases. The new tax rate of 0.7337% went into effect on January 1, 2016. TriMets ridership has remained the same since 1997, but operating revenue soared 70%. The TriMet Board meets this September and will lobby for another tax increase. Salem must say No to this underperforming monopoly.

Economic Development and Job Creation

As a small business owner, I know private sector expansion leads to greater economic stability. I support policies that enable businesses to be successful so they can hire more workers and pay higher wages.

I've worked closely with family-owned businesses to ensure they continue to flourish, stood strongly with our agriculture community to protect their right to farm, and supported transportation investments so we can get products to market. I support sustainable development of our abundant natural resources to create family-wage jobs and bring prosperity to Oregon.

Investing in Education

I've repeatedly fought for higher K-12 budgets and improved professional development for teachers so students can receive the best quality classroom instruction. By prioritizing education investment we can focus on reducing class sizes and absenteeism rates, while targeting funding that will lead to better outcomes for all students. I continue to support school choice opportunities for families.

On the Higher Education Committee, I've helped increase access to post-secondary training that leads to good-paying jobs. I authored legislation providing support to students, improving completion rates and creating a clearer pathway to the middle-class. I've worked to reduce tuition cost drivers and find efficiencies in our higher education system resulting in lower student debt.

Oregonians Deserve Results

As a contractor, I'm used to tackling problems and finding solutions. I do the same in the legislature. I'm committed to developing sound policy for my constituents and for all of Oregon.

What is a PCP?

The 650,000 registered Oregon Republicans are the grassroots heart of the Republican Party of Oregon. Precinct Committeemen and Committeewomen are chosen from among that 650,000 to organize advocacy for Republican political principles in their Oregon neighborhoods and communities and support for Republican candidates for office.

The PCPs also control the state Republican party (ORP). They elect the office holders in their county Republican Committees, who, in turn, set policy for and elect the officials of the Oregon State Republican Party. The PCPs also select delegates to the state and national Republican conventions.

PCPs and the County whom they elect are the primary organizing and directing force for the thousands of additional Republican volunteers who arise from the electorate to work on behalf of Republican principles and candidates.

What are Republican Principles?

Republican principles are timeless. They have been found to be the best way for people to live together, while exercising their fundamental individual rights to life, liberty, and the pursuit of happiness. That happiness – the pursuit of the greatest enjoyment of the blessings of a human life--requires protection for life, liberty, private property, and common sense ethical principles.

These principles are established in the founding documents of our Constitutional Republic. Individual Republicans express these principles in many ways and live their lives in a wide variety of manners that are enabled by American freedom.

Individual Republicans hold, with variations, most of the following views:

- The strength of our nation lies with the individual. Each person's dignity, freedom, ability, and responsibility must be protected and honored.
- Equal rights, equal justice and equal opportunity for all Americans, regardless of race, creed, sex, age or disability must be preserved.
- Free enterprise has made America a land of opportunity, economic growth, and prosperity.
- Government must be fiscally responsible and require in taxes only that minimum of the earnings of Americans required to fulfill its Constitutional responsibilities in an efficient and effective manner.
- The customs and culture of our nation, especially those that are essential to our families, our professions, and our way of life must be preserved.
- In general, everyone should do all that they agree to do, and no one should encroach on other persons or their property.

You can help.

In this 2016 election campaign, Oregon Republicans will work to elect Republicans to public office throughout Oregon – local candidates, candidates to the Oregon House and Senate, statewide races and candidates to the United States House and Senate.

We invite you to become a Republican Party PCP and to work beside us on behalf of good government in our state and nation.

For more information, please call state party headquarters (503) 595-8881, e-mail staff@orgop.org, or visit our website at www.oregonrepublicanparty.org.

- Remember that real lives are at stake in every case I review, and strive to give each case the attention needed to understand it and rule fairly.
- Set aside any personal agendas and judge each case on its own merits, with an open mind and upholding the rule of law.
- Write opinions that are clear and helpful to those who must use them.
- Demonstrate the highest standard of personal and professional ethics.
- Accord dignity and respect to every litigant, lawyer, and judge, and struggle to see past personal and institutional biases.

Vote by Mail Frequently Asked Questions

As a voter, what do I have to do?

Your ballot packet will automatically be mailed to you between **April 27** and **May 3, 2016**. Inside the packet you will find the ballot, a secrecy envelope and a return envelope. Once you vote the ballot, place it in the secrecy envelope and seal it in the pre-addressed return envelope. Be sure you sign the return envelope on the appropriate line. After that just return the ballot either by mail or at a designated dropsite.

What if I am uncomfortable voting my ballot at home?

There are privacy booths available for you to cast your ballot at your county elections office and there may be others at dropsite locations elsewhere in your county. For further information, call your county elections official.

What if my ballot doesn't come?

If you are registered to vote and have not received your ballot by **May 6**, call your county elections office. They will check that your voter registration is current. If it is, they will mail you a replacement ballot. You can also check the status of your ballot at My Vote at www.oregonvotes.gov.

What if I have moved and have not updated my registration?

If you were registered to vote by **April 26** but now have a different address, call your county elections office for instructions on how to update your registration and receive a ballot.

Do I have to return my ballot by mail?

You have the choice of mailing your ballot or returning it to any county elections office or any designated official dropsite in the state. You can find your nearest dropsite along with a map of how to get there by going to www.oregonvotes.gov or you may contact your county elections office.

How much postage is required to mail the ballot back?

Your voted ballot can usually be returned using a single **4) ¢ first-class stamp**. In those instances where additional postage is necessary, it will be clearly indicated on the ballot materials.

When must the voted ballot be returned?

Your voted ballot must be received in any county elections office or designated dropsite by 8pm, Tuesday, **May 17, 2016**. Postmarks do not count! All county elections offices are open election day from 7am to 8pm.

How do I know if my ballot is received?

You can track the status of your ballot by going online to: My Vote at www.oregonvotes.gov or you can call your county elections office and ask if they received your ballot. A record is kept showing each voter whose ballot has been returned.

Can anyone find out how I've voted once I mail my ballot?

No. All ballots are separated from the return envelope before the ballots are inspected. This process ensures confidentiality.

What if I forget to sign the return envelope?

Your elections office will contact you, if possible, to come to the elections office to sign it.

Can the public watch the election process?

All steps of the process are open to observation by the public. Contact your county elections official to make arrangements.

When will election results be known?

Initial results are released at 8pm election night and will continue to be updated through election night until all ballots have been counted. Final certified results will be available 30 days after the election.

Replacement Ballot Information

Important! If your ballot is lost, destroyed, damaged or you make a mistake in marking your ballot, you may call your county elections office and request a replacement ballot. One will be mailed to you as long as you request it by **May 12**. After that, you may pick it up at the elections office. If you have already mailed your original ballot before you realize you made a mistake, you have cast your vote and will not be eligible for a replacement ballot.

Provisional Ballot Information

You will be issued a provisional ballot if:

- there is a question about your eligibility as a voter (for example, there is no evidence on file that you are an active or inactive voter in Oregon)
- you need to vote at a county elections office in a county other than the one you live in

In order to obtain a provisional ballot, you need to fill out a Provisional Ballot Request Form in person at the county elections office.

Your provisional ballot will not be counted until it is determined that you are eligible to vote.

After you have voted the ballot, you can call **1-866-ORE-VOTE** (1-866-673-8683) or the county elections office in which you voted to find out if your ballot was counted. If your ballot was not counted, you can also find out the reason it was not counted.

If it is determined that you are ineligible to vote in this election, the completed Provisional Ballot Request Form will serve as your voter registration for future elections.

How to File a Complaint

Any registered voter may file a written complaint with the Secretary of State alleging that a violation of an election law or rule adopted by the Secretary of State has occurred. The complaint should state the reason for believing that the violation occurred and provide evidence relating to it. The complaint must be signed by the elector; anonymous complaints will not be accepted. The complaint should be mailed to, or filed at:
